

**RALPH
BLUMENTHAL**

**UAP STUDIES
PODCAST**

1
00:00:04,309 --> 00:00:02,510
hey how you doing everyone it's a very

2
00:00:07,309 --> 00:00:04,319
cool day today we're chatting with the

3
00:00:09,110 --> 00:00:07,319
man himself Mr Ralph Blumenthal oh man

4
00:00:10,790 --> 00:00:09,120
I've been excited about this all week so

5
00:00:12,709 --> 00:00:10,800
I'm looking forward to this uh to this

6
00:00:14,209 --> 00:00:12,719
podcast for sure yeah everybody knows

7
00:00:15,950 --> 00:00:14,219
the New York Times article that talked

8
00:00:19,070 --> 00:00:15,960
about you know glowing auras and black

9
00:00:20,390 --> 00:00:19,080
budget money really the the the first

10
00:00:21,950 --> 00:00:20,400
thing that talked about the Tic Tac

11
00:00:24,410 --> 00:00:21,960
videos and Pentagon and all the rest

12
00:00:26,150 --> 00:00:24,420
knowing about it and remember it was

13
00:00:28,490 --> 00:00:26,160

1969 the government said we're

14

00:00:30,890 --> 00:00:28,500

officially out of the UFO research

15

00:00:33,410 --> 00:00:30,900

business so for them to say that there

16

00:00:35,270 --> 00:00:33,420

is this program that has existed it's

17

00:00:37,250 --> 00:00:35,280

been one shape or another the entire

18

00:00:39,229 --> 00:00:37,260

time and the man who wrote the article

19

00:00:42,170 --> 00:00:39,239

himself is on the show and if it wasn't

20

00:00:44,389 --> 00:00:42,180

for that 2017 article our field wouldn't

21

00:00:45,530 --> 00:00:44,399

have the momentum it has right now so I

22

00:00:47,990 --> 00:00:45,540

think probably wouldn't be here right

23

00:00:50,209 --> 00:00:48,000

yeah exactly we all owe a big thanks to

24

00:00:51,590 --> 00:00:50,219

the likes of Ralph and Leslie Kane and

25

00:00:53,270 --> 00:00:51,600

Helene Cooper especially for that

26

00:00:55,910 --> 00:00:53,280

article we're going to get into all that

27

00:00:57,590 --> 00:00:55,920

as well as his career and also some of

28

00:00:59,689 --> 00:00:57,600

the stuff coming down that's his new

29

00:01:01,850 --> 00:00:59,699

book The Believer it's uh the personal

30

00:01:03,529 --> 00:01:01,860

or the passion of John Mack another

31

00:01:05,390 --> 00:01:03,539

brilliant mind we never got a chance to

32

00:01:07,310 --> 00:01:05,400

chat with but today's an exciting day

33

00:01:09,770 --> 00:01:07,320

we've been promoting this for over a

34

00:01:12,289 --> 00:01:09,780

month and he is here coming up right now

35

00:01:18,520 --> 00:01:12,299

Mr Ralph Blumenthal on UAP studies

36

00:01:36,130 --> 00:01:31,880

[Music]

37

00:01:40,429 --> 00:01:38,450

welcome back to another episode of UAP

38

00:01:42,050 --> 00:01:40,439

studies podcast my name is Louis Borges

39

00:01:44,030 --> 00:01:42,060

joining me as always my good friend and

40

00:01:46,490 --> 00:01:44,040

co-host Mr Jason gilmette how you doing

41

00:01:47,990 --> 00:01:46,500

I'm doing very good I've been looking

42

00:01:50,090 --> 00:01:48,000

forward to this interview all week good

43

00:01:51,889 --> 00:01:50,100

to hang out with you and Ralph and uh

44

00:01:54,770 --> 00:01:51,899

it's got It's got me through a good week

45

00:01:56,630 --> 00:01:54,780

so I'm happy to be here and happy to be

46

00:01:58,249 --> 00:01:56,640

with you guys Any Sunday we can talk

47

00:02:00,530 --> 00:01:58,259

about this it's our favorite subject is

48

00:02:02,330 --> 00:02:00,540

a good one we have a very esteemed guest

49

00:02:04,969 --> 00:02:02,340

today obviously award-winning New York

50

00:02:07,190 --> 00:02:04,979

Times Reporter Mr Ralph Blumenthal all

51
00:02:08,570 --> 00:02:07,200
through seven books and I believe I even

52
00:02:10,249 --> 00:02:08,580
read somewhere Ralph that one of the

53
00:02:13,309 --> 00:02:10,259
teams you ran was a Pulitzer Prize

54
00:02:15,170 --> 00:02:13,319
winner is that true yeah we covered the

55
00:02:17,990 --> 00:02:15,180
uh first attack on the World Trade

56
00:02:19,550 --> 00:02:18,000
Center before 9 11. uh there was a truck

57
00:02:21,229 --> 00:02:19,560
bomb in the World Trade Center and it

58
00:02:24,170 --> 00:02:21,239
really laid the groundwork for what came

59
00:02:26,809 --> 00:02:24,180
later but the investigators the FBI Etc

60
00:02:29,690 --> 00:02:26,819
didn't understand it and they missed the

61
00:02:32,210 --> 00:02:29,700
warning sign so it's it's a terrible

62
00:02:33,350 --> 00:02:32,220
lapse unfortunately Jesus well we're

63
00:02:35,750 --> 00:02:33,360

very happy to have you in the show today

64

00:02:37,670 --> 00:02:35,760

we want to get to know you uh again pre

65

00:02:39,290 --> 00:02:37,680

some of these uh latest reports that

66

00:02:41,210 --> 00:02:39,300

have come out and of course you're a

67

00:02:42,890 --> 00:02:41,220

groundbreaking article that you wrote uh

68

00:02:45,170 --> 00:02:42,900

glowing auras and black money out in

69

00:02:47,690 --> 00:02:45,180

2017 with your colleagues Leslie Kane

70

00:02:48,949 --> 00:02:47,700

and uh Helene Cooper so tell us a little

71

00:02:51,050 --> 00:02:48,959

bit about yourself and your

72

00:02:52,369 --> 00:02:51,060

investigative life and some of the cool

73

00:02:55,009 --> 00:02:52,379

things you've done

74

00:02:57,350 --> 00:02:55,019

great well um I didn't start off as a

75

00:02:59,150 --> 00:02:57,360

ufologist and I don't think of myself

76

00:03:02,210 --> 00:02:59,160

today as a ufologist I think of myself

77

00:03:03,890 --> 00:03:02,220

as an investigative reporter who latched

78

00:03:05,449 --> 00:03:03,900

on to an interesting subject and asked

79

00:03:07,070 --> 00:03:05,459

you know questions about it just like I

80

00:03:09,650 --> 00:03:07,080

did with other things I did for the New

81

00:03:11,630 --> 00:03:09,660

York Times I spent 45 years at the New

82

00:03:14,270 --> 00:03:11,640

York Times mainly as an investigative

83

00:03:17,390 --> 00:03:14,280

reporter covering organized crime

84

00:03:19,910 --> 00:03:17,400

corruption and Nazi war criminals law

85

00:03:23,330 --> 00:03:19,920

enforcement FBI

86

00:03:24,890 --> 00:03:23,340

so uh this was just another of the

87

00:03:26,270 --> 00:03:24,900

interesting subjects that sort of came

88

00:03:28,369 --> 00:03:26,280

my way and I'll tell you about you know

89

00:03:31,670 --> 00:03:28,379

how that happened but

90

00:03:34,009 --> 00:03:31,680

um uh you know I um I I come to it as

91

00:03:35,630 --> 00:03:34,019

with great humility by the way because I

92

00:03:38,390 --> 00:03:35,640

think anybody who comes to this subject

93

00:03:41,149 --> 00:03:38,400

has to come start with that

94

00:03:42,830 --> 00:03:41,159

um uh we don't know a lot about it we

95

00:03:44,449 --> 00:03:42,840

don't know anything about it except that

96

00:03:46,490 --> 00:03:44,459

these objects are real and the

97

00:03:48,830 --> 00:03:46,500

government now admits that these things

98

00:03:50,990 --> 00:03:48,840

are real but other than that we don't

99

00:03:53,630 --> 00:03:51,000

know where they come from an intelligent

100

00:03:54,890 --> 00:03:53,640

life Behind These behind the wheel as it

101
00:03:57,110 --> 00:03:54,900
were

102
00:04:01,430 --> 00:03:57,120
um you know why are they here you know

103
00:04:03,949 --> 00:04:01,440
all those questions uh aliens Etc that's

104
00:04:05,930 --> 00:04:03,959
really very speculative so anyway so I

105
00:04:08,149 --> 00:04:05,940
didn't start off that way I started off

106
00:04:11,149 --> 00:04:08,159
as a reporter

107
00:04:13,729 --> 00:04:11,159
nice and then the when was the interest

108
00:04:16,009 --> 00:04:13,739
or when did like your first article on

109
00:04:18,830 --> 00:04:16,019
the subject happen well what happened is

110
00:04:22,189 --> 00:04:18,840
uh back in 2004 I was in New York Times

111
00:04:23,990 --> 00:04:22,199
uh correspondent in uh in Houston uh

112
00:04:26,450 --> 00:04:24,000
covering the southwest and I happened to

113
00:04:28,370 --> 00:04:26,460

pick up a copy of a book by a guy named

114

00:04:31,010 --> 00:04:28,380

John Mack um it was a book called

115

00:04:32,749 --> 00:04:31,020

passport to the cosmos and he was a

116

00:04:34,430 --> 00:04:32,759

Harvard psychiatrist who got interested

117

00:04:36,170 --> 00:04:34,440

in in the whole question of you know

118

00:04:38,150 --> 00:04:36,180

these encounters that people were

119

00:04:40,070 --> 00:04:38,160

telling him about

120

00:04:41,810 --> 00:04:40,080

um and he couldn't really call them

121

00:04:43,670 --> 00:04:41,820

patients because they weren't mentally

122

00:04:46,370 --> 00:04:43,680

ill you know they were just ordinary

123

00:04:48,110 --> 00:04:46,380

people who had something unexplained

124

00:04:49,730 --> 00:04:48,120

happened to them

125

00:04:51,950 --> 00:04:49,740

um so I read the book and I said wow

126

00:04:54,890 --> 00:04:51,960

this is really interesting back in 2004

127

00:04:56,330 --> 00:04:54,900

and um I I should call this guy up for

128

00:04:58,249 --> 00:04:56,340

an interview I thought he'd make a great

129

00:05:00,469 --> 00:04:58,259

story in the New York Times I did not

130

00:05:02,390 --> 00:05:00,479

realize that he was already very famous

131

00:05:03,830 --> 00:05:02,400

he had been in in the New York Times

132

00:05:05,689 --> 00:05:03,840

they've been written up in the magazine

133

00:05:07,430 --> 00:05:05,699

he'd been on Oprah

134

00:05:09,710 --> 00:05:07,440

he'd written a lot of Articles he'd

135

00:05:12,290 --> 00:05:09,720

written these two books he'd been

136

00:05:15,710 --> 00:05:12,300

investigated by Harvard uh to to little

137

00:05:17,510 --> 00:05:15,720

effect as it turned out but anyway

138

00:05:19,129 --> 00:05:17,520

um I I thought I'd call him up for an

139

00:05:20,510 --> 00:05:19,139

interview and then I pick up the paper a

140

00:05:23,870 --> 00:05:20,520

few days later and find out he's been

141

00:05:25,310 --> 00:05:23,880

run over in London and killed by a drunk

142

00:05:27,770 --> 00:05:25,320

driver a very

143

00:05:29,689 --> 00:05:27,780

um it sounds you know suspicious but it

144

00:05:32,629 --> 00:05:29,699

turned out not to be it was just a

145

00:05:34,310 --> 00:05:32,639

simple yank looking the wrong way down a

146

00:05:35,210 --> 00:05:34,320

London Street

147

00:05:39,170 --> 00:05:35,220

um

148

00:05:41,390 --> 00:05:39,180

subject so that was 2004 and then

149

00:05:44,330 --> 00:05:41,400

through a whole series of events that

150

00:05:46,909 --> 00:05:44,340

were unrelated to John Mack really

151
00:05:49,249 --> 00:05:46,919
um uh Leslie Kane and I and then Helene

152
00:05:51,710 --> 00:05:49,259
Cooper the New York Times

153
00:05:53,990 --> 00:05:51,720
um I got interested in or found out

154
00:05:56,749 --> 00:05:54,000
about this Secret Pentagon office that

155
00:05:59,930 --> 00:05:56,759
was investigating UFOs but so that's

156
00:06:01,730 --> 00:05:59,940
really the story of how I got involved

157
00:06:04,010 --> 00:06:01,740
um but it just happened I had been

158
00:06:06,050 --> 00:06:04,020
working on the John Mack book it wasn't

159
00:06:06,950 --> 00:06:06,060
real really related to the New York time

160
00:06:09,110 --> 00:06:06,960
story

161
00:06:10,670 --> 00:06:09,120
so did you have people reach out to you

162
00:06:12,529 --> 00:06:10,680
and say we want you to run this story

163
00:06:14,450 --> 00:06:12,539

like was it brought to you or was it

164

00:06:16,790 --> 00:06:14,460

just from the Gathering of information

165

00:06:18,890 --> 00:06:16,800

from you and all of your counterparts

166

00:06:21,110 --> 00:06:18,900

before you guys wrote that article like

167

00:06:23,090 --> 00:06:21,120

what no you know there are a lot of

168

00:06:25,790 --> 00:06:23,100

conspiracy theories around especially on

169

00:06:30,050 --> 00:06:25,800

the web that this is part of some plant

170

00:06:31,189 --> 00:06:30,060

you know I can tell you for sure that it

171

00:06:35,390 --> 00:06:31,199

was not

172

00:06:37,730 --> 00:06:35,400

Leslie Kane happened to be down she's

173

00:06:41,270 --> 00:06:37,740

the really the preeminent writer on UFOs

174

00:06:44,390 --> 00:06:41,280

investigative reporter wrote a book on

175

00:06:48,230 --> 00:06:44,400

um generals and pilots who reported UFO

176

00:06:51,050 --> 00:06:48,240

encounters uh back in 2010 or 11 she

177

00:06:53,029 --> 00:06:51,060

wrote that book anyway she and she and I

178

00:06:55,249 --> 00:06:53,039

got friendly through the John Mack book

179

00:06:57,350 --> 00:06:55,259

because she was the companion of Bud

180

00:07:00,409 --> 00:06:57,360

Hopkins who really got John Mack

181

00:07:02,930 --> 00:07:00,419

interested in in UFOs and alien

182

00:07:06,290 --> 00:07:02,940

encounters anyway

183

00:07:09,050 --> 00:07:06,300

uh so back in 2017 Leslie told me she'd

184

00:07:10,969 --> 00:07:09,060

been to a meeting in Washington where a

185

00:07:12,890 --> 00:07:10,979

lot of until you know not a lot a number

186

00:07:15,529 --> 00:07:12,900

of very high level intelligence people

187

00:07:18,469 --> 00:07:15,539

uh were meeting and talking about the

188

00:07:20,570 --> 00:07:18,479

Secret Pentagon office uh called atip it

189

00:07:22,070 --> 00:07:20,580

went by different names secret names but

190

00:07:23,689 --> 00:07:22,080

that was the public name I mean it

191

00:07:25,610 --> 00:07:23,699

wasn't really public but it was

192

00:07:27,350 --> 00:07:25,620

unclassified

193

00:07:29,270 --> 00:07:27,360

um Advanced Aerospace threat

194

00:07:31,790 --> 00:07:29,280

identification program it was a pentagon

195

00:07:34,010 --> 00:07:31,800

office that was looking into UFO

196

00:07:35,809 --> 00:07:34,020

encounters between you know UFOs and

197

00:07:37,610 --> 00:07:35,819

navy pilots and these have been going on

198

00:07:39,830 --> 00:07:37,620

for some time

199

00:07:41,930 --> 00:07:39,840

um and and he was an actual meeting

200

00:07:44,150 --> 00:07:41,940

going on in Washington with the head of

201
00:07:46,189 --> 00:07:44,160
the office was resigning because he

202
00:07:48,409 --> 00:07:46,199
wasn't getting enough support from

203
00:07:50,270 --> 00:07:48,419
superiors in the Pentagon Lou Elizondo

204
00:07:52,390 --> 00:07:50,280
so Leslie came back with all this

205
00:07:54,650 --> 00:07:52,400
information which was astounding because

206
00:07:56,689 --> 00:07:54,660
officially the government was out of the

207
00:07:58,689 --> 00:07:56,699
UFO business with Project Blue Book you

208
00:08:02,809 --> 00:07:58,699
know at the end of uh

209
00:08:04,730 --> 00:08:02,819
when was it 1969

210
00:08:07,070 --> 00:08:04,740
so suddenly he was the government very

211
00:08:08,749 --> 00:08:07,080
interested in UFOs because they had a

212
00:08:10,309 --> 00:08:08,759
Secret Pentagon office that was taking

213
00:08:12,350 --> 00:08:10,319

videos and we got some of those videos

214

00:08:15,230 --> 00:08:12,360

anyway we came to the New York Times

215

00:08:17,270 --> 00:08:15,240

with that story and uh to their credit

216

00:08:19,550 --> 00:08:17,280

they realized it was a good story it was

217

00:08:21,409 --> 00:08:19,560

all on the record we had people named

218

00:08:24,290 --> 00:08:21,419

people nothing you know on deep

219

00:08:27,170 --> 00:08:24,300

background no Anonymous sources

220

00:08:29,689 --> 00:08:27,180

um and Harry Reid the then the Senate

221

00:08:31,909 --> 00:08:29,699

Majority Leader the Democrat

222

00:08:33,709 --> 00:08:31,919

um uh Helene Cooper had gone flown out

223

00:08:36,829 --> 00:08:33,719

to Nevada to talk to him and he said

224

00:08:39,050 --> 00:08:36,839

yeah he got the 22 million dollars to

225

00:08:41,570 --> 00:08:39,060

support the secret office of black money

226

00:08:44,329 --> 00:08:41,580

you know undisclosed funds

227

00:08:46,550 --> 00:08:44,339

um so that's how the story came about

228

00:08:49,910 --> 00:08:46,560

um and it was on the front page December

229

00:08:52,190 --> 00:08:49,920

16th and of course the you know a real

230

00:08:54,590 --> 00:08:52,200

uproar yeah there's a distinct

231

00:08:57,470 --> 00:08:54,600

difference between the world of ufology

232

00:08:58,970 --> 00:08:57,480

pre that article and since that article

233

00:09:01,070 --> 00:08:58,980

and I know a lot of people that weren't

234

00:09:02,870 --> 00:09:01,080

really too much into this topic started

235

00:09:05,389 --> 00:09:02,880

taking it more seriously got more

236

00:09:07,850 --> 00:09:05,399

credibility obviously press time clicks

237

00:09:09,949 --> 00:09:07,860

shows start being created we're one of

238

00:09:11,570 --> 00:09:09,959

the examples of that as well so

239

00:09:13,550 --> 00:09:11,580

um I again anytime people are talking

240

00:09:15,110 --> 00:09:13,560

it's a good thing but this really was

241

00:09:16,910 --> 00:09:15,120

groundbreaking I mean this is the first

242

00:09:18,949 --> 00:09:16,920

time in a long time and as you mentioned

243

00:09:20,930 --> 00:09:18,959

the government is no longer in the UFO

244

00:09:24,170 --> 00:09:20,940

business so this is the first time now

245

00:09:25,970 --> 00:09:24,180

that Pentagon and media is being allowed

246

00:09:27,949 --> 00:09:25,980

to say that there's something we don't

247

00:09:29,630 --> 00:09:27,959

quite understand right it came at a good

248

00:09:31,550 --> 00:09:29,640

time I must say a lot of things were

249

00:09:34,730 --> 00:09:31,560

happening I mean the the internet was

250

00:09:36,769 --> 00:09:34,740

certainly fueling the interest in UFOs

251

00:09:38,630 --> 00:09:36,779

um but for a long time the government

252

00:09:41,030 --> 00:09:38,640

wasn't telling the truth about it it was

253

00:09:42,889 --> 00:09:41,040

covering up it's clear about that and

254

00:09:44,930 --> 00:09:42,899

mainstream media was kind of snarty

255

00:09:48,350 --> 00:09:44,940

including the New York Times They they

256

00:09:50,570 --> 00:09:48,360

were not really giving full attention to

257

00:09:52,550 --> 00:09:50,580

these stories because a lot of the the

258

00:09:54,110 --> 00:09:52,560

sightings really were being reported by

259

00:09:56,329 --> 00:09:54,120

individuals I mean this had been going

260

00:09:58,070 --> 00:09:56,339

on for a long time but ordinary people

261

00:10:01,009 --> 00:09:58,080

reporting these sightings now suddenly

262

00:10:02,449 --> 00:10:01,019

we had the best trained uh observers in

263

00:10:04,610 --> 00:10:02,459

the world

264

00:10:07,070 --> 00:10:04,620

you know Navy pilots and Air Force

265

00:10:09,050 --> 00:10:07,080

pilots who who's training you know cost

266

00:10:10,610 --> 00:10:09,060

millions of dollars to taxpayers with

267

00:10:12,110 --> 00:10:10,620

the most sophisticated equipment that

268

00:10:14,030 --> 00:10:12,120

they were saying these things too and

269

00:10:16,430 --> 00:10:14,040

and the images were being caught on

270

00:10:19,430 --> 00:10:16,440

there uh you know gun cameras and

271

00:10:21,710 --> 00:10:19,440

imaging devices so it was pretty hard to

272

00:10:24,470 --> 00:10:21,720

avoid so a lot of things came together

273

00:10:27,230 --> 00:10:24,480

at the right time and

274

00:10:29,389 --> 00:10:27,240

um and and then it seemed that you know

275

00:10:32,449 --> 00:10:29,399

it we made the subject safe you could

276

00:10:33,650 --> 00:10:32,459

say for other mainstream media

277

00:10:35,990 --> 00:10:33,660

um you know I don't want to take too

278

00:10:36,889 --> 00:10:36,000

much credit for that but the timing was

279

00:10:38,870 --> 00:10:36,899

good

280

00:10:40,250 --> 00:10:38,880

um and once the New York Times wrote

281

00:10:42,050 --> 00:10:40,260

about it then you know other

282

00:10:44,329 --> 00:10:42,060

Publications felt they could write about

283

00:10:45,889 --> 00:10:44,339

it yeah you definitely kicked the ball

284

00:10:47,509 --> 00:10:45,899

in the air with that one and got a bunch

285

00:10:49,490 --> 00:10:47,519

of like you know Louis was saying with

286

00:10:51,650 --> 00:10:49,500

you know a bunch of us like I remember

287

00:10:53,329 --> 00:10:51,660

reading the articles on MSN or something

288

00:10:55,130 --> 00:10:53,339

like that that it was shared through and

289

00:10:57,110 --> 00:10:55,140

and the data got released and I was at

290

00:10:58,970 --> 00:10:57,120

work I was just farting around looking

291

00:11:01,250 --> 00:10:58,980

at uh the news and all of a sudden I saw

292

00:11:02,750 --> 00:11:01,260

the the article I'm like oh my God oh my

293

00:11:04,970 --> 00:11:02,760

God and I shared it with everybody in

294

00:11:06,710 --> 00:11:04,980

the office right because I I've never

295

00:11:08,930 --> 00:11:06,720

shut up about UFOs I've always talked

296

00:11:10,310 --> 00:11:08,940

about it and wear it on my sleeve and uh

297

00:11:12,410 --> 00:11:10,320

you know I got a lot of mockery because

298

00:11:13,970 --> 00:11:12,420

of it over the years but getting

299

00:11:17,090 --> 00:11:13,980

something like this this was like a

300

00:11:19,610 --> 00:11:17,100

validation of sorts and like I said you

301

00:11:21,769 --> 00:11:19,620

you motivated uh Louis and I to get the

302

00:11:24,170 --> 00:11:21,779

ball going and and be more active within

303

00:11:25,850 --> 00:11:24,180

the community and and question things as

304

00:11:28,790 --> 00:11:25,860

well like ask a bunch of people what's

305

00:11:30,769 --> 00:11:28,800

going on uh so it like I said It All

306

00:11:33,350 --> 00:11:30,779

Leads back to that article so we thank

307

00:11:35,329 --> 00:11:33,360

you very much for that definitely

308

00:11:37,490 --> 00:11:35,339

it was interesting to chat with a guy

309

00:11:39,769 --> 00:11:37,500

like George Knapp too who had done a lot

310

00:11:42,350 --> 00:11:39,779

of that sort of research for 40 years

311

00:11:44,210 --> 00:11:42,360

and you know for him validation finally

312

00:11:46,250 --> 00:11:44,220

and he was part of this in a small way

313

00:11:48,530 --> 00:11:46,260

because I think he was with nids and all

314

00:11:50,210 --> 00:11:48,540

the rest and OSAP and then eventually

315

00:11:52,190 --> 00:11:50,220

ate him so he was kind of watching this

316

00:11:54,350 --> 00:11:52,200

thing go through and we asked him when

317

00:11:55,250 --> 00:11:54,360

he was on our show about a year ago and

318

00:11:57,110 --> 00:11:55,260

we said what do you think about the

319

00:11:58,550 --> 00:11:57,120

article and he said well I'm kind of

320

00:11:59,870 --> 00:11:58,560

bummed out that I didn't get a chance to

321

00:12:02,449 --> 00:11:59,880

drop it he's like but I think they

322

00:12:04,850 --> 00:12:02,459

needed a big you know mainstream media

323

00:12:07,550 --> 00:12:04,860

company like the New York Times and guys

324

00:12:09,590 --> 00:12:07,560

like Tom DeLong with notoriety and sort

325

00:12:11,389 --> 00:12:09,600

of recognizable figures to really give

326

00:12:12,769 --> 00:12:11,399

it the best shot of going forward yeah

327

00:12:14,449 --> 00:12:12,779

well a lot of people had done this

328

00:12:16,730 --> 00:12:14,459

reporting George particularly you know

329

00:12:18,350 --> 00:12:16,740

was a groundbreaker and his stuff with

330

00:12:22,370 --> 00:12:18,360

um

331

00:12:24,710 --> 00:12:22,380

things that went on at the ranch and he

332

00:12:26,329 --> 00:12:24,720

was a conduit to Robert Bigelow who I

333

00:12:28,190 --> 00:12:26,339

wrote up later

334

00:12:29,509 --> 00:12:28,200

um so you know people had done a lot of

335

00:12:31,130 --> 00:12:29,519

great research

336

00:12:32,569 --> 00:12:31,140

um but the fact that was on the front

337

00:12:34,190 --> 00:12:32,579

page of the New York Times you know it

338

00:12:37,250 --> 00:12:34,200

did make a difference because the times

339

00:12:38,870 --> 00:12:37,260

kind of it was like an h-bomb going off

340

00:12:41,449 --> 00:12:38,880

um so

341

00:12:44,509 --> 00:12:41,459

um uh yeah I mean I think we we did

342

00:12:46,910 --> 00:12:44,519

validate the subject and gave impetus to

343

00:12:49,730 --> 00:12:46,920

to a lot of people but as I said these

344

00:12:51,769 --> 00:12:49,740

things were going along on a separate

345

00:12:53,930 --> 00:12:51,779

track for a long time and the fact that

346

00:12:56,210 --> 00:12:53,940

the internet was so

347

00:12:58,009 --> 00:12:56,220

um alive with these stories

348

00:13:00,530 --> 00:12:58,019

um it came along at a good time had the

349

00:13:02,090 --> 00:13:00,540

times broken the story before the

350

00:13:04,250 --> 00:13:02,100

internet let's say I don't think it

351
00:13:06,290 --> 00:13:04,260
would have the same impact no definitely

352
00:13:08,449 --> 00:13:06,300
not yeah because you get to spread out

353
00:13:10,250 --> 00:13:08,459
and in other countries get to see haha

354
00:13:12,350 --> 00:13:10,260
you know the states are still interested

355
00:13:13,310 --> 00:13:12,360
in this and I mean every country has a

356
00:13:14,690 --> 00:13:13,320
problem with this you mentioned that

357
00:13:16,190 --> 00:13:14,700
other countries are really ahead of us

358
00:13:18,530 --> 00:13:16,200
in many ways

359
00:13:20,769 --> 00:13:18,540
um they don't have the same Stig Sigma a

360
00:13:23,569 --> 00:13:20,779
lot of those countries and South America

361
00:13:27,110 --> 00:13:23,579
Europe I mean France had a very active

362
00:13:28,790 --> 00:13:27,120
UFO official agency that Leslie wrote up

363
00:13:31,970 --> 00:13:28,800

um so they didn't have the same problem

364

00:13:34,430 --> 00:13:31,980

that we had here where early on the

365

00:13:37,490 --> 00:13:34,440

government made a decision to Brand this

366

00:13:40,490 --> 00:13:37,500

subject wacky for a lot of reasons that

367

00:13:43,550 --> 00:13:40,500

uh frankly don't make a lot of sense

368

00:13:45,410 --> 00:13:43,560

today but seemed logical maybe to some

369

00:13:48,350 --> 00:13:45,420

people during the Cold War that they had

370

00:13:50,410 --> 00:13:48,360

a brand this subject like you know some

371

00:13:52,850 --> 00:13:50,420

kind of communist plot

372

00:13:54,769 --> 00:13:52,860

but other countries have been ahead of

373

00:13:56,509 --> 00:13:54,779

us but they don't have the technology

374

00:14:00,650 --> 00:13:56,519

that we have

375

00:14:03,590 --> 00:14:00,660

um so but they they've done some

376

00:14:06,230 --> 00:14:03,600

terrific work in in South America and in

377

00:14:08,030 --> 00:14:06,240

Europe other and by the way this is a an

378

00:14:10,269 --> 00:14:08,040

international Global phenomenon people

379

00:14:12,350 --> 00:14:10,279

so-called Skeptics who I don't really

380

00:14:14,509 --> 00:14:12,360

count them as Skeptics because they

381

00:14:16,190 --> 00:14:14,519

don't have an open mind but

382

00:14:18,230 --> 00:14:16,200

um they've said well why is this only

383

00:14:19,610 --> 00:14:18,240

happening in America well it's not only

384

00:14:21,769 --> 00:14:19,620

happening in America we happen to have

385

00:14:24,470 --> 00:14:21,779

the best Communications Network to

386

00:14:26,750 --> 00:14:24,480

distribute these stories but this is a

387

00:14:29,569 --> 00:14:26,760

worldwide phenomenon and and John Mack

388

00:14:30,530 --> 00:14:29,579

who will get to uh the guy I wrote up in

389

00:14:32,870 --> 00:14:30,540

my book

390

00:14:34,610 --> 00:14:32,880

he actually went all over the world uh

391

00:14:37,069 --> 00:14:34,620

you know checking out these stories in

392

00:14:40,370 --> 00:14:37,079

Australia and

393

00:14:43,730 --> 00:14:40,380

um Africa so this is a worldwide

394

00:14:45,769 --> 00:14:43,740

phenomenon and only now that that's

395

00:14:47,150 --> 00:14:45,779

really being recognized and unfortunate

396

00:14:49,550 --> 00:14:47,160

so far the world hasn't really come

397

00:14:51,410 --> 00:14:49,560

together on it I heard you say earlier

398

00:14:53,689 --> 00:14:51,420

that you know even the term you are

399

00:14:55,550 --> 00:14:53,699

aliens is presumptuous because we just

400

00:14:57,470 --> 00:14:55,560

don't know so I wanted to ask you and

401
00:14:59,569 --> 00:14:57,480
I'm asking everybody this year all the

402
00:15:01,009 --> 00:14:59,579
big name people we have on our show at

403
00:15:03,170 --> 00:15:01,019
the end of all your research and

404
00:15:05,629 --> 00:15:03,180
everything you've read and surmised

405
00:15:07,850 --> 00:15:05,639
about this whole topic what do you think

406
00:15:08,750 --> 00:15:07,860
is actually going on dude what do you

407
00:15:16,850 --> 00:15:08,760
think

408
00:15:18,769 --> 00:15:16,860
not really based on much except

409
00:15:21,110 --> 00:15:18,779
um you know data that's been collected

410
00:15:22,970 --> 00:15:21,120
and uh and this is what convinced John

411
00:15:25,129 --> 00:15:22,980
Mack

412
00:15:28,730 --> 00:15:25,139
um he spoke to so many people who had

413
00:15:31,009 --> 00:15:28,740

similar stories and he ruled out uh or

414

00:15:32,269 --> 00:15:31,019

so he was much smarter in this than I am

415

00:15:35,689 --> 00:15:32,279

obviously I mean he had professional

416

00:15:37,009 --> 00:15:35,699

credentials to study the human mind so

417

00:15:39,889 --> 00:15:37,019

he

418

00:15:41,329 --> 00:15:39,899

found out after interviewing hundreds of

419

00:15:43,129 --> 00:15:41,339

these people

420

00:15:44,810 --> 00:15:43,139

um that there were Ordinary People in

421

00:15:46,970 --> 00:15:44,820

every way they were not mentally ill

422

00:15:48,829 --> 00:15:46,980

they were not looking for to make a

423

00:15:51,230 --> 00:15:48,839

quick Buck on these stories if anything

424

00:15:53,150 --> 00:15:51,240

they were ashamed of for some reason

425

00:15:54,829 --> 00:15:53,160

wasn't their fault but they were ashamed

426

00:15:56,930 --> 00:15:54,839

of what had happened

427

00:15:59,930 --> 00:15:56,940

um and they were hiding

428

00:16:01,730 --> 00:15:59,940

um and uh it happened to people from all

429

00:16:04,250 --> 00:16:01,740

walks of life

430

00:16:06,350 --> 00:16:04,260

um in in many countries young and old

431

00:16:08,389 --> 00:16:06,360

sometimes children as young as two years

432

00:16:10,250 --> 00:16:08,399

old who who weren't going to the movies

433

00:16:12,650 --> 00:16:10,260

and you know they were reading books

434

00:16:15,829 --> 00:16:12,660

about UFOs so all these things came

435

00:16:18,769 --> 00:16:15,839

together and and and John Mack said

436

00:16:20,990 --> 00:16:18,779

there's something going on that we we

437

00:16:22,910 --> 00:16:21,000

can't explain and that's basically where

438

00:16:25,370 --> 00:16:22,920

I am in this that

439

00:16:28,310 --> 00:16:25,380

um the the data if the so-called

440

00:16:30,230 --> 00:16:28,320

Skeptics would take the trouble to look

441

00:16:32,629 --> 00:16:30,240

at the data before they make all these

442

00:16:35,150 --> 00:16:32,639

pronouncements oh it's sleep apnea it's

443

00:16:38,210 --> 00:16:35,160

sleep paralysis Eagles yeah you know

444

00:16:40,430 --> 00:16:38,220

yeah they're making it up for money they

445

00:16:45,410 --> 00:16:40,440

want to be famous you know all these

446

00:16:47,269 --> 00:16:45,420

things that don't hold up in in factual

447

00:16:49,189 --> 00:16:47,279

analysis

448

00:16:51,050 --> 00:16:49,199

um you eliminate all of the

449

00:16:52,610 --> 00:16:51,060

possibilities and you're left with the

450

00:16:54,350 --> 00:16:52,620

fact that there is some phenomenon

451
00:16:57,530 --> 00:16:54,360
they're out there

452
00:16:59,389 --> 00:16:57,540
that we don't understand and and John

453
00:17:02,030 --> 00:16:59,399
Mack said probably this was his most

454
00:17:03,769 --> 00:17:02,040
controversial utterance he said

455
00:17:05,990 --> 00:17:03,779
um

456
00:17:08,329 --> 00:17:06,000
maybe what these people are reporting

457
00:17:10,250 --> 00:17:08,339
actually did happen on some level in

458
00:17:12,590 --> 00:17:10,260
other words they really did you know

459
00:17:15,829 --> 00:17:12,600
make contact with alien beings and there

460
00:17:18,470 --> 00:17:15,839
are aliens you know manifesting

461
00:17:20,090 --> 00:17:18,480
um to some people again who they why

462
00:17:22,189 --> 00:17:20,100
they're manifesting to some people not

463
00:17:24,770 --> 00:17:22,199

everybody why everybody can't see this

464

00:17:26,870 --> 00:17:24,780

happening is one of the many Mysteries

465

00:17:28,850 --> 00:17:26,880

um and sometimes two people in the same

466

00:17:30,230 --> 00:17:28,860

place one has an encounter and one

467

00:17:31,850 --> 00:17:30,240

doesn't

468

00:17:33,770 --> 00:17:31,860

um so you know there's all these

469

00:17:35,150 --> 00:17:33,780

questions about it but you ask me my

470

00:17:39,230 --> 00:17:35,160

belief

471

00:17:40,909 --> 00:17:39,240

you put the these stories together the

472

00:17:42,590 --> 00:17:40,919

evidence and there's something going on

473

00:17:45,590 --> 00:17:42,600

that we can't explain

474

00:17:47,390 --> 00:17:45,600

so that's as close as I can get to it

475

00:17:49,270 --> 00:17:47,400

we're we're going to talk about the

476

00:17:51,770 --> 00:17:49,280

recent report from the unidentified

477

00:17:53,330 --> 00:17:51,780

unidentified aerial phenomenon that just

478

00:17:55,250 --> 00:17:53,340

got released I don't want to jump ahead

479

00:17:57,169 --> 00:17:55,260

but one thing that really bugs me is

480

00:17:58,789 --> 00:17:57,179

that they're talking about you know

481

00:18:01,850 --> 00:17:58,799

um one I thought this was clever they

482

00:18:03,950 --> 00:18:01,860

say error Zen space

483

00:18:05,750 --> 00:18:03,960

and then you know water domains or

484

00:18:06,830 --> 00:18:05,760

whatever so they don't add space first

485

00:18:08,450 --> 00:18:06,840

because they don't want to give the

486

00:18:12,289 --> 00:18:08,460

illusion that you know this might be

487

00:18:13,610 --> 00:18:12,299

from a different location uh but what I

488

00:18:16,190 --> 00:18:13,620

I find interesting is that they don't

489

00:18:18,230 --> 00:18:16,200

mention any studies of people that have

490

00:18:20,690 --> 00:18:18,240

reported having interactions with

491

00:18:22,310 --> 00:18:20,700

occupants of a craft that is unknown

492

00:18:24,049 --> 00:18:22,320

right I don't mention about that because

493

00:18:25,610 --> 00:18:24,059

we recently were talking about the

494

00:18:29,150 --> 00:18:25,620

Zimbabwe case where there was like over

495

00:18:31,370 --> 00:18:29,160

60 kids that witnessed uh two entities

496

00:18:33,350 --> 00:18:31,380

on the craft that was unknown and the

497

00:18:36,110 --> 00:18:33,360

entities was not human as far as the

498

00:18:38,450 --> 00:18:36,120

kids described that's huge data that's

499

00:18:40,669 --> 00:18:38,460

60 Witnesses and they talked

500

00:18:43,310 --> 00:18:40,679

telepathically with these um entities

501
00:18:45,529 --> 00:18:43,320
they all got different messages that's

502
00:18:47,510 --> 00:18:45,539
huge amount of of witnesses that still

503
00:18:50,990 --> 00:18:47,520
to this day stick to their story being

504
00:18:53,630 --> 00:18:51,000
adults and John Mack did end up going to

505
00:18:55,490 --> 00:18:53,640
Zimbabwe and and talked with these kids

506
00:18:57,650 --> 00:18:55,500
and he was convinced that something

507
00:18:59,029 --> 00:18:57,660
happened right yeah no I mean you made a

508
00:19:00,890 --> 00:18:59,039
lot of good points right there that

509
00:19:03,230 --> 00:19:00,900
first of all the the report that came

510
00:19:08,049 --> 00:19:03,240
out last week

511
00:19:10,250 --> 00:19:08,059
um uh did not at all talk about you know

512
00:19:12,770 --> 00:19:10,260
individual reports of sightings because

513
00:19:14,330 --> 00:19:12,780

the government first of all does not put

514

00:19:17,870 --> 00:19:14,340

any faith

515

00:19:19,970 --> 00:19:17,880

um in individual stories of they would

516

00:19:22,549 --> 00:19:19,980

rather talk about

517

00:19:26,870 --> 00:19:22,559

um you know sightings or data collected

518

00:19:30,590 --> 00:19:26,880

by Navy and Air Force aircraft so maybe

519

00:19:31,310 --> 00:19:30,600

that's good in a way but

520

00:19:36,350 --> 00:19:31,320

um

521

00:19:39,350 --> 00:19:36,360

the the citing the incident in Zimbabwe

522

00:19:41,150 --> 00:19:39,360

um in 1996 I believe the called the

523

00:19:42,890 --> 00:19:41,160

aerial phenomenon because it was an

524

00:19:45,230 --> 00:19:42,900

aerial School the school was called

525

00:19:46,610 --> 00:19:45,240

aerial school where it happened and

526

00:19:48,830 --> 00:19:46,620

there's actually a very good documentary

527

00:19:53,650 --> 00:19:48,840

as you know by Randy Nickerson who was

528

00:19:56,450 --> 00:19:53,660

one of John Mack's research subjects

529

00:19:59,049 --> 00:19:56,460

anyway this is very powerful this is

530

00:20:02,330 --> 00:19:59,059

probably the best

531

00:20:06,430 --> 00:20:02,340

documented case of a sighting that we

532

00:20:10,850 --> 00:20:08,630

various ages but elementary school

533

00:20:14,270 --> 00:20:10,860

children who all reported the same thing

534

00:20:16,010 --> 00:20:14,280

60 kids at recess Drew pictures of it

535

00:20:18,130 --> 00:20:16,020

afterwards and all basically told the

536

00:20:20,630 --> 00:20:18,140

same story that they saw this craft land

537

00:20:22,250 --> 00:20:20,640

that two beings got out they had

538

00:20:25,610 --> 00:20:22,260

telepathic communication with these

539

00:20:28,310 --> 00:20:25,620

beings no no adults were present which

540

00:20:31,010 --> 00:20:28,320

is extremely strange right

541

00:20:33,250 --> 00:20:31,020

um and they were the adults were tied up

542

00:20:36,350 --> 00:20:33,260

at different parts of the school

543

00:20:39,070 --> 00:20:36,360

so there's again this aspect about about

544

00:20:41,390 --> 00:20:39,080

this phenomenon that doesn't want to be

545

00:20:44,110 --> 00:20:41,400

identified really

546

00:20:47,210 --> 00:20:44,120

um it's extremely strange

547

00:20:48,470 --> 00:20:47,220

but yet the accounts of the kids are

548

00:20:52,190 --> 00:20:48,480

very

549

00:20:53,990 --> 00:20:52,200

persuasive because these kids again

550

00:20:56,390 --> 00:20:54,000

we're not you know reporting on

551

00:20:58,630 --> 00:20:56,400

literature that they had studied they

552

00:21:01,010 --> 00:20:58,640

would not you know watching UFO movies

553

00:21:02,750 --> 00:21:01,020

the stories were consistent which is

554

00:21:04,750 --> 00:21:02,760

another thing that John Mack found very

555

00:21:08,090 --> 00:21:04,760

persuasive the stories had a basic

556

00:21:10,549 --> 00:21:08,100

consistency and yet where all slightly

557

00:21:12,049 --> 00:21:10,559

different so that nobody could say well

558

00:21:14,450 --> 00:21:12,059

this is some story that's going around

559

00:21:17,090 --> 00:21:14,460

and everyone's repeating it uh the the

560

00:21:19,070 --> 00:21:17,100

details are so bizarre that nobody could

561

00:21:20,330 --> 00:21:19,080

ever possibly make them up you would

562

00:21:22,610 --> 00:21:20,340

think

563

00:21:24,350 --> 00:21:22,620

um and including the stories that the

564

00:21:27,470 --> 00:21:24,360

children told about the way the beings

565

00:21:29,029 --> 00:21:27,480

looked and the way they moved so um

566

00:21:31,669 --> 00:21:29,039

you're absolutely right that was a very

567

00:21:33,890 --> 00:21:31,679

very compelling case yeah and they also

568

00:21:35,870 --> 00:21:33,900

Drew what appeared to be like the

569

00:21:39,169 --> 00:21:35,880

descriptions of Grays which we hear

570

00:21:41,690 --> 00:21:39,179

quite a bit in your in UFO community and

571

00:21:43,490 --> 00:21:41,700

especially with abductions but they they

572

00:21:45,289 --> 00:21:43,500

were drawn large eyes they kept

573

00:21:47,810 --> 00:21:45,299

describing the large eyes big heads

574

00:21:49,970 --> 00:21:47,820

smaller bodies so there seems to be

575

00:21:51,890 --> 00:21:49,980

something to that because people keep

576

00:21:53,870 --> 00:21:51,900

describing that you mentioned that as

577

00:21:56,390 --> 00:21:53,880

people from all walks of life said that

578

00:21:58,669 --> 00:21:56,400

there was police officers nurses judges

579

00:21:59,930 --> 00:21:58,679

uh people absolutely you know like you

580

00:22:01,850 --> 00:21:59,940

mentioned they're you know even people

581

00:22:04,190 --> 00:22:01,860

in Hollywood for crying out loud that

582

00:22:05,990 --> 00:22:04,200

have experiences you know like producers

583

00:22:07,130 --> 00:22:06,000

and stuff yeah well yeah Hollywood you

584

00:22:09,830 --> 00:22:07,140

mentioned that you know some famous

585

00:22:13,549 --> 00:22:09,840

people rap stars

586

00:22:16,070 --> 00:22:13,559

um uh uh who didn't when I went back for

587

00:22:18,529 --> 00:22:16,080

a story to talk to them they didn't want

588

00:22:20,750 --> 00:22:18,539

to talk to me about it but uh Kendrick

589

00:22:23,570 --> 00:22:20,760

Lamar for example

590

00:22:25,810 --> 00:22:23,580

um who told other people uh about that

591

00:22:28,669 --> 00:22:25,820

so absolutely right celebrities

592

00:22:32,570 --> 00:22:28,679

non-celebrities teachers police officers

593

00:22:35,270 --> 00:22:32,580

it runs the gamut and yet

594

00:22:38,630 --> 00:22:35,280

um it seems to run in families by the

595

00:22:40,430 --> 00:22:38,640

way this this phenomenon which John Mack

596

00:22:42,470 --> 00:22:40,440

and Bud Hopkins found

597

00:22:44,270 --> 00:22:42,480

again one of the many mysteries about

598

00:22:46,549 --> 00:22:44,280

this that

599

00:22:48,529 --> 00:22:46,559

um it's as if these beings or whatever

600

00:22:52,190 --> 00:22:48,539

you want to call it this intelligence is

601
00:22:55,130 --> 00:22:52,200
tracking certain Family Lines

602
00:22:56,930 --> 00:22:55,140
um but they're not going after everybody

603
00:22:59,570 --> 00:22:56,940
obviously

604
00:23:01,430 --> 00:22:59,580
um so I for example I have never had a

605
00:23:03,710 --> 00:23:01,440
UFO experience I've never seen a UFO

606
00:23:07,190 --> 00:23:03,720
I've never been abducted as far as I can

607
00:23:09,529 --> 00:23:07,200
tell I knew they had John Mack

608
00:23:12,470 --> 00:23:09,539
um so the question arises well who makes

609
00:23:15,130 --> 00:23:12,480
these decisions and why it's one of the

610
00:23:17,450 --> 00:23:15,140
many imponderables here and one of the

611
00:23:19,669 --> 00:23:17,460
you know fruitful lines of scientific

612
00:23:23,270 --> 00:23:19,679
inquiry you would think would be to

613
00:23:25,549 --> 00:23:23,280

study uh the the people the brains of

614

00:23:27,169 --> 00:23:25,559

people who have had these or you feel

615

00:23:29,450 --> 00:23:27,179

they've had these encounters let's say

616

00:23:32,390 --> 00:23:29,460

uh how do they differ from other people

617

00:23:34,669 --> 00:23:32,400

and what shows up in their uh you know

618

00:23:36,350 --> 00:23:34,679

their their mental processes that

619

00:23:37,669 --> 00:23:36,360

doesn't you know translate to other

620

00:23:39,049 --> 00:23:37,679

people

621

00:23:41,510 --> 00:23:39,059

um that would be an interesting

622

00:23:43,190 --> 00:23:41,520

scientific uh and and you know there are

623

00:23:44,830 --> 00:23:43,200

people looking into that by the way I

624

00:23:49,490 --> 00:23:44,840

mean um

625

00:23:52,669 --> 00:23:49,500

uh Jacqueline and others um are actually

626

00:23:54,529 --> 00:23:52,679

interested in this subject so but so

627

00:23:56,090 --> 00:23:54,539

again I keep returning to the so-called

628

00:23:59,210 --> 00:23:56,100

Skeptics

629

00:24:02,029 --> 00:23:59,220

they don't have an open mind all they do

630

00:24:03,590 --> 00:24:02,039

is you know is debunk this stuff and if

631

00:24:04,430 --> 00:24:03,600

they would take the trouble to look at

632

00:24:06,590 --> 00:24:04,440

it

633

00:24:09,230 --> 00:24:06,600

and look at the data and the data is

634

00:24:11,330 --> 00:24:09,240

huge huge I mean millions of people

635

00:24:14,630 --> 00:24:11,340

literally millions of people around the

636

00:24:17,090 --> 00:24:14,640

world over you know 50 years or so at

637

00:24:19,970 --> 00:24:17,100

least 50 years have had these strange

638

00:24:21,710 --> 00:24:19,980

encounters so you know what what is

639

00:24:23,930 --> 00:24:21,720

really going on so there's a lot of

640

00:24:26,750 --> 00:24:23,940

possibility of scientific inquiry but

641

00:24:28,370 --> 00:24:26,760

it's most of it has not been done yeah

642

00:24:30,169 --> 00:24:28,380

and you think about it from a genetic

643

00:24:32,029 --> 00:24:30,179

level you were mentioning it's familial

644

00:24:34,250 --> 00:24:32,039

or it's sort of a lineage based thing

645

00:24:36,289 --> 00:24:34,260

some people have said that they do

646

00:24:37,789 --> 00:24:36,299

genetic tests and that type of thing

647

00:24:39,830 --> 00:24:37,799

when they've had these abduction

648

00:24:41,570 --> 00:24:39,840

encounters and it's like well maybe

649

00:24:44,870 --> 00:24:41,580

there's some Credence to that if there

650

00:24:46,669 --> 00:24:44,880

was some work done Generations ago maybe

651
00:24:48,590 --> 00:24:46,679
they're trying to keep track of what

652
00:24:51,289 --> 00:24:48,600
happened in consequent you know

653
00:24:52,850 --> 00:24:51,299
Generations has the DNA reproduced

654
00:24:56,810 --> 00:24:52,860
correctly you know what it's a good

655
00:25:00,289 --> 00:24:56,820
question but so far it hasn't born any

656
00:25:02,810 --> 00:25:00,299
fruit people who have been for example I

657
00:25:04,490 --> 00:25:02,820
talked to I interviewed somebody I won't

658
00:25:07,370 --> 00:25:04,500
say their name but somebody who told me

659
00:25:09,770 --> 00:25:07,380
he thought he was a hybrid okay he

660
00:25:13,549 --> 00:25:09,780
believed he was the product of a

661
00:25:17,149 --> 00:25:13,559
combination of human and uh off off

662
00:25:19,730 --> 00:25:17,159
Earth intelligence okay through one of

663
00:25:20,570 --> 00:25:19,740

these sexual experiments that so many

664

00:25:23,149 --> 00:25:20,580

people

665

00:25:25,310 --> 00:25:23,159

to talk about it abducted on the ships

666

00:25:27,590 --> 00:25:25,320

and subject to reproductive experiments

667

00:25:29,930 --> 00:25:27,600

so this person this man told me he

668

00:25:31,490 --> 00:25:29,940

thought he was a hybrid so my ACT my

669

00:25:34,070 --> 00:25:31,500

obvious next question was well have you

670

00:25:36,289 --> 00:25:34,080

been tested and he said yes he's been

671

00:25:38,330 --> 00:25:36,299

tested and they didn't find anything

672

00:25:40,130 --> 00:25:38,340

that was a Smoking Gun in other words

673

00:25:41,930 --> 00:25:40,140

there was nothing that said aha of

674

00:25:43,970 --> 00:25:41,940

course here's the proof in your cell

675

00:25:45,950 --> 00:25:43,980

structure your cell structure is

676

00:25:49,390 --> 00:25:45,960

completely different than in ordinary

677

00:25:52,610 --> 00:25:49,400

humans they didn't find that so either

678

00:25:55,490 --> 00:25:52,620

these changes are so subtle

679

00:25:58,850 --> 00:25:55,500

that they they're not easily found just

680

00:26:01,250 --> 00:25:58,860

like the implants are not easy to

681

00:26:02,750 --> 00:26:01,260

um to detect if they exist at all you

682

00:26:04,909 --> 00:26:02,760

know so many people say they've had

683

00:26:08,110 --> 00:26:04,919

alien technology implanted in their

684

00:26:11,090 --> 00:26:08,120

bodies well uh it's it's it's not clear

685

00:26:14,289 --> 00:26:11,100

that any objects have been retrieved

686

00:26:17,029 --> 00:26:14,299

that can easily that can uh

687

00:26:20,029 --> 00:26:17,039

absolutely be called alien technology

688

00:26:23,269 --> 00:26:20,039

okay at least I'm not aware of that

689

00:26:25,549 --> 00:26:23,279

um so uh you're right those tests should

690

00:26:27,350 --> 00:26:25,559

be done on people who who feel that they

691

00:26:29,330 --> 00:26:27,360

are you know hybrids or that they've had

692

00:26:32,930 --> 00:26:29,340

alien encounters and things have changed

693

00:26:36,230 --> 00:26:32,940

their brains but uh so far uh the

694

00:26:38,090 --> 00:26:36,240

scientific evidence is is is still to be

695

00:26:40,730 --> 00:26:38,100

found or it's lacking well we don't even

696

00:26:43,610 --> 00:26:40,740

know about our own uh genotype that well

697

00:26:45,830 --> 00:26:43,620

we consider a huge chunk of it junk DNA

698

00:26:48,470 --> 00:26:45,840

I don't know of any animal that has Just

699

00:26:51,649 --> 00:26:48,480

Junk organs that aren't being used right

700

00:26:54,169 --> 00:26:51,659

so I think it's just our own inability

701
00:26:55,850 --> 00:26:54,179
to fully understand our own DNA how can

702
00:26:58,310 --> 00:26:55,860
we then test for something at that level

703
00:27:01,310 --> 00:26:58,320
that's just my personal opinion and the

704
00:27:03,470 --> 00:27:01,320
whole science of DNA is so young uh I

705
00:27:05,029 --> 00:27:03,480
mean it's all the the dangerous when you

706
00:27:06,190 --> 00:27:05,039
look at crispr and things what you can

707
00:27:08,390 --> 00:27:06,200
do with it

708
00:27:11,090 --> 00:27:08,400
like absolutely right you fool around

709
00:27:13,909 --> 00:27:11,100
and create God knows what but

710
00:27:15,890 --> 00:27:13,919
um this science you know again I I often

711
00:27:18,529 --> 00:27:15,900
come down to the to this it's a very

712
00:27:21,649 --> 00:27:18,539
fascinating observation that from the

713
00:27:23,269 --> 00:27:21,659

the moment that mankind uh humankind

714

00:27:26,570 --> 00:27:23,279

developed

715

00:27:29,930 --> 00:27:26,580

um heavier than air aircraft flight

716

00:27:32,450 --> 00:27:29,940

um to the landing on the moon was 60 uh

717

00:27:36,830 --> 00:27:32,460

was it 65 years

718

00:27:37,690 --> 00:27:36,840

um so uh uh if if you say that in 65

719

00:27:40,250 --> 00:27:37,700

years

720

00:27:42,529 --> 00:27:40,260

this kind of progress can be made from

721

00:27:44,649 --> 00:27:42,539

the first flight to a rocket ship that

722

00:27:47,870 --> 00:27:44,659

can land on the moon

723

00:27:50,390 --> 00:27:47,880

amazing technology is off in the future

724

00:27:51,890 --> 00:27:50,400

so we we will have a chance to test some

725

00:27:54,110 --> 00:27:51,900

of these theories

726

00:27:56,570 --> 00:27:54,120

um I think in the years to come

727

00:27:58,430 --> 00:27:56,580

and also the they mentioned

728

00:28:01,370 --> 00:27:58,440

um recently because we're talking some

729

00:28:03,590 --> 00:28:01,380

uh experts as and I forgot the names of

730

00:28:07,909 --> 00:28:03,600

them or who who said it but just the

731

00:28:11,149 --> 00:28:07,919

effects of these Crafts near humans some

732

00:28:13,310 --> 00:28:11,159

people experience radiation Burns uh

733

00:28:15,350 --> 00:28:13,320

quite intense some people have weird

734

00:28:16,549 --> 00:28:15,360

diseases like we were talking to George

735

00:28:18,649 --> 00:28:16,559

Knapp he's mentioned all these

736

00:28:20,810 --> 00:28:18,659

autoimmune Hashimoto's disease I think

737

00:28:22,430 --> 00:28:20,820

yeah yeah but you know what this is very

738

00:28:25,730 --> 00:28:22,440

interesting because the report that came

739

00:28:28,310 --> 00:28:25,740

out last week basically denied that and

740

00:28:30,230 --> 00:28:28,320

said that there's been no evidence found

741

00:28:32,269 --> 00:28:30,240

of effect I mean it was very carefully

742

00:28:34,010 --> 00:28:32,279

worded yeah so this is the latest

743

00:28:36,529 --> 00:28:34,020

government report which is really

744

00:28:38,630 --> 00:28:36,539

notable for what it doesn't say it's

745

00:28:41,570 --> 00:28:38,640

it's very Bare Bones to say the least

746

00:28:43,970 --> 00:28:41,580

it's it's really almost laughable how

747

00:28:47,510 --> 00:28:43,980

little information is in this report

748

00:28:50,390 --> 00:28:47,520

which is mandated by Congress for the

749

00:28:53,210 --> 00:28:50,400

Pentagon has to report every six months

750

00:28:55,490 --> 00:28:53,220

or so to Congress so the latest report

751
00:28:59,630 --> 00:28:55,500
which was delayed for a long time by the

752
00:29:01,789 --> 00:28:59,640
way but came out last week says and

753
00:29:04,850 --> 00:29:01,799
almost goes out of its way to say among

754
00:29:06,970 --> 00:29:04,860
the very few things it did say it said

755
00:29:09,289 --> 00:29:06,980
that No Effects have been found

756
00:29:12,830 --> 00:29:09,299
from people who've been exposed

757
00:29:14,450 --> 00:29:12,840
supposedly to UFOs or UFO sightings

758
00:29:17,510 --> 00:29:14,460
well

759
00:29:20,149 --> 00:29:17,520
that does raise some questions because

760
00:29:22,850 --> 00:29:20,159
there have been accounts including uh

761
00:29:24,590 --> 00:29:22,860
one uh service member who actually

762
00:29:28,750 --> 00:29:24,600
collected money from the government for

763
00:29:32,630 --> 00:29:28,760

uh you know injuries Burrows I believe

764

00:29:35,149 --> 00:29:32,640

suffered in consequence of a UFO uh you

765

00:29:37,669 --> 00:29:35,159

know proximity so

766

00:29:39,529 --> 00:29:37,679

um uh you have to read these reports

767

00:29:42,289 --> 00:29:39,539

very carefully because mostly what they

768

00:29:46,250 --> 00:29:42,299

say is we don't have data proving this

769

00:29:48,230 --> 00:29:46,260

or I was not aware of that or we were

770

00:29:50,269 --> 00:29:48,240

not aware of this this and this well

771

00:29:51,769 --> 00:29:50,279

what's the we are there people other

772

00:29:55,549 --> 00:29:51,779

people in the government who are aware

773

00:29:58,370 --> 00:29:55,559

of it so um you know that it's it's

774

00:30:00,649 --> 00:29:58,380

really very uh difficult to parse these

775

00:30:02,750 --> 00:30:00,659

reports because they're very

776

00:30:05,090 --> 00:30:02,760

um you know hedged about but they did

777

00:30:08,570 --> 00:30:05,100

make a point of saying no we we found no

778

00:30:11,269 --> 00:30:08,580

correlation between exposure to uh UFO

779

00:30:13,190 --> 00:30:11,279

sightings and um you know health effects

780

00:30:15,529 --> 00:30:13,200

well that that would be very interesting

781

00:30:17,029 --> 00:30:15,539

if true right we're going to chat with

782

00:30:18,950 --> 00:30:17,039

Gary Nolan in a few weeks we're going to

783

00:30:21,289 --> 00:30:18,960

ask him all about that because that's

784

00:30:22,669 --> 00:30:21,299

sort of his area of expertise but we

785

00:30:24,409 --> 00:30:22,679

don't want to beat the report to death I

786

00:30:25,789 --> 00:30:24,419

know a lot of other shows have there's

787

00:30:27,950 --> 00:30:25,799

really nothing to Beat to Death

788

00:30:30,230 --> 00:30:27,960

unfortunately we said this before we

789

00:30:31,850 --> 00:30:30,240

started recording today that if it had a

790

00:30:33,769 --> 00:30:31,860

lot of information in it that would say

791

00:30:35,810 --> 00:30:33,779

something and the fact that it doesn't

792

00:30:37,430 --> 00:30:35,820

also says something

793

00:30:39,350 --> 00:30:37,440

um and it's interesting that you know

794

00:30:40,909 --> 00:30:39,360

they seem to have these assignments of

795

00:30:42,889 --> 00:30:40,919

okay we're going to report it this way

796

00:30:44,090 --> 00:30:42,899

we're going to collect this way couldn't

797

00:30:47,269 --> 00:30:44,100

that have been done in the last report

798

00:30:48,409 --> 00:30:47,279

like what was the delay for to tell us

799

00:30:50,930 --> 00:30:48,419

that you're going to use the same

800

00:30:52,490 --> 00:30:50,940

standard practices you use in a lot of

801
00:30:54,289 --> 00:30:52,500
other committees to collect info

802
00:30:55,970 --> 00:30:54,299
information so I don't get where the

803
00:30:58,250 --> 00:30:55,980
delay is the only thing I find

804
00:31:00,409 --> 00:30:58,260
interesting though is who they're

805
00:31:03,649 --> 00:31:00,419
supposed to share the findings with so

806
00:31:05,990 --> 00:31:03,659
they listed the FAA NASA the Department

807
00:31:08,570 --> 00:31:06,000
of Homeland Security NOAA the

808
00:31:10,730 --> 00:31:08,580
atmospheric and oceans people and the

809
00:31:11,990 --> 00:31:10,740
department of energy and Jason and I

810
00:31:13,549 --> 00:31:12,000
were shooting the breeze before and he's

811
00:31:15,169 --> 00:31:13,559
like where's the Air Force and I'm like

812
00:31:17,570 --> 00:31:15,179
I need to write that down it's true

813
00:31:18,710 --> 00:31:17,580

where the hell is the Air Force yeah in

814

00:31:21,230 --> 00:31:18,720

this report that they're not even

815

00:31:23,090 --> 00:31:21,240

supposed to be reported to so clearly

816

00:31:25,730 --> 00:31:23,100

there's more Above This that we just

817

00:31:27,710 --> 00:31:25,740

will never see or yeah at least not true

818

00:31:29,810 --> 00:31:27,720

but but the good thing is that the last

819

00:31:33,889 --> 00:31:29,820

defense authorization act last year

820

00:31:35,930 --> 00:31:33,899

provided for the um establishment uh the

821

00:31:37,789 --> 00:31:35,940

protection of whistleblowers this is a

822

00:31:42,470 --> 00:31:37,799

very important aspect they're very new

823

00:31:46,250 --> 00:31:42,480

but um uh you know for a long time

824

00:31:51,350 --> 00:31:46,260

people who reported UFO encounters or

825

00:31:55,490 --> 00:31:51,360

reported U.S technology tracking so were

826

00:31:59,810 --> 00:31:55,500

hampered by a security you know

827

00:32:02,330 --> 00:31:59,820

guidelines and security uh prohibitions

828

00:32:05,930 --> 00:32:02,340

let's say that talk about certain things

829

00:32:06,450 --> 00:32:05,940

well there's that whistleblower

830

00:32:07,630 --> 00:32:06,460

um

831

00:32:09,529 --> 00:32:07,640

[Music]

832

00:32:11,810 --> 00:32:09,539

Amendment or whatever you want to call

833

00:32:14,029 --> 00:32:11,820

it aspect to the to the defense

834

00:32:16,130 --> 00:32:14,039

authorization act which protects people

835

00:32:19,909 --> 00:32:16,140

coming forward

836

00:32:21,769 --> 00:32:19,919

um with stories about UFO experiences

837

00:32:24,230 --> 00:32:21,779

um now there's a I think there's a

838

00:32:26,149 --> 00:32:24,240

couple of loopholes in this too that if

839

00:32:28,730 --> 00:32:26,159

it's protected by you know obviously top

840

00:32:31,070 --> 00:32:28,740

secret clearances Etc they don't have

841

00:32:33,409 --> 00:32:31,080

absolute freedom to discuss it but

842

00:32:35,389 --> 00:32:33,419

basically it's an effort to protect

843

00:32:37,310 --> 00:32:35,399

people who felt nervous about coming

844

00:32:40,330 --> 00:32:37,320

forward and you know for a long time

845

00:32:43,250 --> 00:32:40,340

there was a stigma that um anybody

846

00:32:47,450 --> 00:32:43,260

civilians or especially professionals

847

00:32:50,090 --> 00:32:47,460

like if like like commercial pilots to

848

00:32:51,590 --> 00:32:50,100

this day who report UFO encounters or so

849

00:32:54,169 --> 00:32:51,600

are told

850

00:32:56,269 --> 00:32:54,179

don't do it it'll hurt your career so

851
00:32:58,610 --> 00:32:56,279
now the government we've reached a point

852
00:33:01,070 --> 00:32:58,620
we made progress we reached a point

853
00:33:05,149 --> 00:33:01,080
where there's an official whistleblower

854
00:33:07,970 --> 00:33:05,159
protection provision in the law and uh

855
00:33:11,210 --> 00:33:07,980
and encouraging people to come forward

856
00:33:13,130 --> 00:33:11,220
and tell their story so we will see uh

857
00:33:16,310 --> 00:33:13,140
how much new information that produces

858
00:33:17,509 --> 00:33:16,320
but that is definite progress do you

859
00:33:19,490 --> 00:33:17,519
think it'll make a difference though

860
00:33:21,590 --> 00:33:19,500
because I get it like it might protect

861
00:33:24,049 --> 00:33:21,600
you from legal ramifications or from

862
00:33:26,509 --> 00:33:24,059
getting fired or losing your job but if

863
00:33:28,490 --> 00:33:26,519

this is a reputation thing kind of an

864

00:33:31,009 --> 00:33:28,500

unspokables and it's kept a lot of

865

00:33:33,169 --> 00:33:31,019

people from coming forward not just the

866

00:33:34,850 --> 00:33:33,179

fear of Legally but hey am I going to

867

00:33:36,830 --> 00:33:34,860

have a job as a pilot if my colleagues

868

00:33:39,409 --> 00:33:36,840

think I'm nuts so yeah it might protect

869

00:33:42,310 --> 00:33:39,419

you from the courts but it still may not

870

00:33:44,690 --> 00:33:42,320

fully I mean it well you're right

871

00:33:46,549 --> 00:33:44,700

there's still a stigma aspect to it but

872

00:33:49,970 --> 00:33:46,559

it's decreasing it really is decreasing

873

00:33:52,970 --> 00:33:49,980

I mean Harry Reid was brave enough to

874

00:33:54,470 --> 00:33:52,980

come forward and get that money for atip

875

00:33:56,990 --> 00:33:54,480

and

876

00:33:58,549 --> 00:33:57,000

um he knew the risks that you know his

877

00:34:01,850 --> 00:33:58,559

political opponents would use it again

878

00:34:04,730 --> 00:34:01,860

him and yet he took it anyway and that

879

00:34:07,490 --> 00:34:04,740

was back you know before we reported uh

880

00:34:09,290 --> 00:34:07,500

you know a first story now unfortunately

881

00:34:11,270 --> 00:34:09,300

Harry Reid is no longer with us but

882

00:34:14,030 --> 00:34:11,280

there are other people who are taking

883

00:34:15,950 --> 00:34:14,040

courage from that and uh coming forward

884

00:34:17,930 --> 00:34:15,960

it's still not perfect it's still there

885

00:34:19,849 --> 00:34:17,940

is a lot of stigma and people are

886

00:34:22,550 --> 00:34:19,859

worried about how much can I say and

887

00:34:23,629 --> 00:34:22,560

this and that but um we're moving in the

888

00:34:26,690 --> 00:34:23,639

right direction

889

00:34:28,550 --> 00:34:26,700

yeah you recently had uh was it John

890

00:34:31,369 --> 00:34:28,560

Ratcliffe the former director of

891

00:34:33,109 --> 00:34:31,379

intelligence and he said recently on an

892

00:34:36,589 --> 00:34:33,119

interview that these things the five

893

00:34:38,869 --> 00:34:36,599

physics and our capabilities you know in

894

00:34:41,030 --> 00:34:38,879

U.S the US is a superpower and does not

895

00:34:42,770 --> 00:34:41,040

currently possess this technology

896

00:34:44,690 --> 00:34:42,780

and so he didn't really say it was

897

00:34:46,609 --> 00:34:44,700

aliens he just said that these defy

898

00:34:50,030 --> 00:34:46,619

physics and what I thought was funny as

899

00:34:52,669 --> 00:34:50,040

well in the report is said uh that as of

900

00:34:55,849 --> 00:34:52,679

late there has been no crashes between

901
00:34:57,170 --> 00:34:55,859
these unidentified flying objects and

902
00:34:58,730 --> 00:34:57,180
planes

903
00:35:00,710 --> 00:34:58,740
since the start of the investigation

904
00:35:02,690 --> 00:35:00,720
which I think okay either the pilots are

905
00:35:05,150 --> 00:35:02,700
like really awesomely trained for when

906
00:35:06,470 --> 00:35:05,160
something comes really close to them or

907
00:35:08,570 --> 00:35:06,480
these things are under intelligent

908
00:35:10,430 --> 00:35:08,580
control and can prevent the crash from

909
00:35:12,050 --> 00:35:10,440
happening for some reason they're

910
00:35:15,710 --> 00:35:12,060
they're more advanced being able to stop

911
00:35:17,150 --> 00:35:15,720
than we are or to go fast right uh it

912
00:35:20,510 --> 00:35:17,160
doesn't want to point out that it's

913
00:35:23,210 --> 00:35:20,520

alien technology but it is unknown to us

914

00:35:25,609 --> 00:35:23,220

like we don't understand how this is

915

00:35:28,250 --> 00:35:25,619

possible and somebody defies gravity or

916

00:35:30,349 --> 00:35:28,260

defies physics that should be the

917

00:35:31,970 --> 00:35:30,359

biggest news in the world that's

918

00:35:34,130 --> 00:35:31,980

something how there's defying physics

919

00:35:35,630 --> 00:35:34,140

and it's an object and I'm the only way

920

00:35:37,430 --> 00:35:35,640

that people aren't looking at it that

921

00:35:39,650 --> 00:35:37,440

was missing in the report too oddly

922

00:35:41,089 --> 00:35:39,660

enough yeah right

923

00:35:42,410 --> 00:35:41,099

um that's right

924

00:35:46,910 --> 00:35:42,420

um now

925

00:35:49,130 --> 00:35:46,920

um uh Radcliffe was a a bombshell when

926
00:35:52,790 --> 00:35:49,140
he said those things yeah and

927
00:35:55,750 --> 00:35:52,800
um really uh John Ramirez a former CIA

928
00:36:00,290 --> 00:35:55,760
agent has said very recently also that

929
00:36:02,829 --> 00:36:00,300
the Roswell crash discovered that alien

930
00:36:05,050 --> 00:36:02,839
bodies with the human

931
00:36:08,450 --> 00:36:05,060
DNA

932
00:36:10,849 --> 00:36:08,460
you know now again that it hasn't been

933
00:36:12,290 --> 00:36:10,859
confirmed as far as I know by actual

934
00:36:14,150 --> 00:36:12,300
evidence a lot of people are saying

935
00:36:16,130 --> 00:36:14,160
things were right but but

936
00:36:18,829 --> 00:36:16,140
um Ramirez is you know he's got

937
00:36:21,290 --> 00:36:18,839
credential to form a CIA guy and he said

938
00:36:23,450 --> 00:36:21,300

some really interesting things so

939

00:36:25,790 --> 00:36:23,460

um yeah I mean there's a lot of the

940

00:36:27,770 --> 00:36:25,800

problem is as the New York Times you

941

00:36:29,810 --> 00:36:27,780

know reporter or contributor

942

00:36:31,609 --> 00:36:29,820

there's a lot of information out there

943

00:36:34,730 --> 00:36:31,619

people are saying a lot of very

944

00:36:36,950 --> 00:36:34,740

startling things uh but you know we have

945

00:36:38,750 --> 00:36:36,960

to stick with what can be confirmed and

946

00:36:40,490 --> 00:36:38,760

the the thing we're proud of in our

947

00:36:42,710 --> 00:36:40,500

first story and the stories we produce

948

00:36:45,950 --> 00:36:42,720

since then is that they're all based on

949

00:36:48,170 --> 00:36:45,960

uh actual you know demonstrable facts

950

00:36:51,109 --> 00:36:48,180

it's not speculation it's all you know

951
00:36:52,730 --> 00:36:51,119
on the record uh so we had to stick with

952
00:36:56,089 --> 00:36:52,740
what we could prove we heard a lot of

953
00:36:57,290 --> 00:36:56,099
stories Leslie and I and and Helene

954
00:36:59,630 --> 00:36:57,300
um that we didn't put in the New York

955
00:37:01,609 --> 00:36:59,640
Times because we couldn't confirm it

956
00:37:04,670 --> 00:37:01,619
um the furthest we got actually was our

957
00:37:06,950 --> 00:37:04,680
last story where we reported that

958
00:37:10,609 --> 00:37:06,960
Congress or congressional committees

959
00:37:13,730 --> 00:37:10,619
were briefed on possible crashes and

960
00:37:15,170 --> 00:37:13,740
recovery of UFO debris now this is a

961
00:37:16,910 --> 00:37:15,180
very

962
00:37:19,130 --> 00:37:16,920
um sensitive topic

963
00:37:21,050 --> 00:37:19,140

um to this day it's highly classified

964

00:37:23,450 --> 00:37:21,060

and we didn't report anything that was

965

00:37:25,490 --> 00:37:23,460

classified all we said was Congress was

966

00:37:29,329 --> 00:37:25,500

briefed or certain congressional

967

00:37:31,430 --> 00:37:29,339

committees were briefed on uh with

968

00:37:35,150 --> 00:37:31,440

slides that mentioned possible

969

00:37:38,810 --> 00:37:35,160

recoveries of off-earth materials

970

00:37:42,109 --> 00:37:38,820

um that's as far as we could go but

971

00:37:44,329 --> 00:37:42,119

um I think that was pretty far yeah

972

00:37:45,770 --> 00:37:44,339

um in terms of you know the reaction it

973

00:37:47,630 --> 00:37:45,780

got and people said well why didn't you

974

00:37:49,250 --> 00:37:47,640

say more well we couldn't really confirm

975

00:37:50,270 --> 00:37:49,260

more to the point where we felt

976
00:37:52,310 --> 00:37:50,280
comfortable putting in the New York

977
00:37:53,930 --> 00:37:52,320
Times but

978
00:37:55,490 --> 00:37:53,940
um so

979
00:37:58,250 --> 00:37:55,500
um yeah Radcliffe said some very

980
00:38:00,650 --> 00:37:58,260
interesting things and uh

981
00:38:03,170 --> 00:38:00,660
um you know I think as I say I think

982
00:38:05,690 --> 00:38:03,180
we're moving in the right direction

983
00:38:08,329 --> 00:38:05,700
um we'll see what what comes out

984
00:38:09,890 --> 00:38:08,339
and the Crash retrievals I mean we we

985
00:38:11,870 --> 00:38:09,900
keep hearing about that there's tons of

986
00:38:14,990 --> 00:38:11,880
books written about different crash

987
00:38:17,030 --> 00:38:15,000
retrievals or cases in the world uh what

988
00:38:20,030 --> 00:38:17,040

I find is that one of the very first

989

00:38:21,230 --> 00:38:20,040

whistleblower was uh Bob Lazar and I

990

00:38:23,450 --> 00:38:21,240

don't know what your opinion is on Bob

991

00:38:25,609 --> 00:38:23,460

Lazar but he was the first one to sort

992

00:38:28,130 --> 00:38:25,619

of show the US government knows that

993

00:38:30,770 --> 00:38:28,140

these things there was nine crafts some

994

00:38:32,930 --> 00:38:30,780

were functional some of them are not uh

995

00:38:34,849 --> 00:38:32,940

and the only reason for me to really

996

00:38:36,710 --> 00:38:34,859

believe the story that you know this was

997

00:38:38,450 --> 00:38:36,720

actually true is how did he bring

998

00:38:42,170 --> 00:38:38,460

friends in the middle of a desert middle

999

00:38:43,670 --> 00:38:42,180

of nowhere at 7 p.m or 7 30 p.m on a

1000

00:38:45,170 --> 00:38:43,680

Wednesday night when they would fly

1001

00:38:47,930 --> 00:38:45,180

these crafts and he would show his

1002

00:38:50,329 --> 00:38:47,940

friends check this out how would he know

1003

00:38:52,310 --> 00:38:50,339

that if he didn't work there and uh just

1004

00:38:54,230 --> 00:38:52,320

you know now you're starting to uncover

1005

00:38:56,690 --> 00:38:54,240

things that you know uh that he was

1006

00:38:58,069 --> 00:38:56,700

saying is true is coming to light and

1007

00:38:59,930 --> 00:38:58,079

some of his employment like it was a

1008

00:39:01,550 --> 00:38:59,940

messy situation he explains it in his

1009

00:39:03,710 --> 00:39:01,560

book but I think one of the very first

1010

00:39:06,470 --> 00:39:03,720

whistleblower was Bob Lazar he exposed

1011

00:39:08,690 --> 00:39:06,480

right something was up right no as as

1012

00:39:10,250 --> 00:39:08,700

one experience that told me when I'm you

1013

00:39:11,870 --> 00:39:10,260

know brought up some topics like this he

1014

00:39:14,710 --> 00:39:11,880

said well now you're diving into the

1015

00:39:17,270 --> 00:39:14,720

deep end of the swimming pool yeah yeah

1016

00:39:20,210 --> 00:39:17,280

uh so yeah I mean

1017

00:39:22,250 --> 00:39:20,220

um I I don't know Bob Lazar I know what

1018

00:39:24,710 --> 00:39:22,260

he said I think is fascinating very

1019

00:39:28,370 --> 00:39:24,720

interesting I don't think it's easy to

1020

00:39:30,470 --> 00:39:28,380

determine without further information

1021

00:39:32,930 --> 00:39:30,480

um you know how much of what he said can

1022

00:39:34,790 --> 00:39:32,940

be you know confirmed and we don't see

1023

00:39:37,069 --> 00:39:34,800

pictures of these crap we don't see we

1024

00:39:39,589 --> 00:39:37,079

you know I mean the public there are

1025

00:39:41,410 --> 00:39:39,599

people who say they've seen these craft

1026
00:39:45,410 --> 00:39:41,420
in the possession of the US government

1027
00:39:48,109 --> 00:39:45,420
uh it's a very intriguing uh area of

1028
00:39:51,290 --> 00:39:48,119
speculation let's say

1029
00:39:54,349 --> 00:39:51,300
um uh do we we does the government have

1030
00:39:56,450 --> 00:39:54,359
possession of alien craft is it you know

1031
00:39:58,790 --> 00:39:56,460
back engineering reverse engineering

1032
00:40:01,609 --> 00:39:58,800
this for our own you know there was a

1033
00:40:02,569 --> 00:40:01,619
guy at um I forgot was it Northrop a

1034
00:40:03,349 --> 00:40:02,579
Grumman

1035
00:40:06,470 --> 00:40:03,359
um

1036
00:40:08,750 --> 00:40:06,480
who who said something close to that

1037
00:40:12,170 --> 00:40:08,760
that you know he he knew that we were

1038
00:40:13,790 --> 00:40:12,180

reverse engineering alien Craft

1039

00:40:16,430 --> 00:40:13,800

um but again it hasn't been confirmed

1040

00:40:17,829 --> 00:40:16,440

was said in an oblique way

1041

00:40:20,630 --> 00:40:17,839

um it's it's

1042

00:40:22,910 --> 00:40:20,640

incredibly intriguing

1043

00:40:24,829 --> 00:40:22,920

um there's clearly an arms race going on

1044

00:40:26,210 --> 00:40:24,839

to understand this technology I mean

1045

00:40:28,430 --> 00:40:26,220

recently

1046

00:40:32,270 --> 00:40:28,440

um Zero Point Energy was confirmed

1047

00:40:34,910 --> 00:40:32,280

that's one of the Holy Grails of uh you

1048

00:40:36,530 --> 00:40:34,920

know of scientific inquiry now if you

1049

00:40:39,050 --> 00:40:36,540

can make if you can make more energy

1050

00:40:42,170 --> 00:40:39,060

than you use

1051
00:40:44,089 --> 00:40:42,180
um you have a miraculous new source of

1052
00:40:45,950 --> 00:40:44,099
energy that would replace fossil fuels

1053
00:40:49,849 --> 00:40:45,960
it would save the planet I mean it would

1054
00:40:53,150 --> 00:40:49,859
revolutionize uh Humanity

1055
00:40:55,550 --> 00:40:53,160
um so that's pretty astounding

1056
00:40:58,609 --> 00:40:55,560
um if you know if it can be taken to the

1057
00:41:00,470 --> 00:40:58,619
next step but for the first time uh

1058
00:41:02,210 --> 00:41:00,480
there was a scientific advance that gave

1059
00:41:04,670 --> 00:41:02,220
Credence to this so you know when it

1060
00:41:06,950 --> 00:41:04,680
came up once before it was ridiculed and

1061
00:41:08,329 --> 00:41:06,960
it was shown to be inaccurate or

1062
00:41:12,410 --> 00:41:08,339
whatever I remember when the funeral

1063
00:41:14,329 --> 00:41:12,420

over it about uh 10 or 20 years ago they

1064

00:41:16,250 --> 00:41:14,339

said no it was a mistake you know there

1065

00:41:18,650 --> 00:41:16,260

is no 0.8 well now they're saying yeah

1066

00:41:21,530 --> 00:41:18,660

it's possible so

1067

00:41:23,390 --> 00:41:21,540

uh you know we think of again the

1068

00:41:26,450 --> 00:41:23,400

trajectory here we're only in the

1069

00:41:28,790 --> 00:41:26,460

beginning of this research and having

1070

00:41:30,589 --> 00:41:28,800

Low by the way at Harvard who was kind

1071

00:41:32,750 --> 00:41:30,599

of John Mack's successor in some ways

1072

00:41:34,370 --> 00:41:32,760

although he doesn't talk about aliens he

1073

00:41:37,490 --> 00:41:34,380

talks about

1074

00:41:40,609 --> 00:41:37,500

um you know scientifically solid uh

1075

00:41:43,010 --> 00:41:40,619

observations of mysterious objects that

1076

00:41:44,810 --> 00:41:43,020

have entered our our atmosphere and he's

1077

00:41:46,609 --> 00:41:44,820

looking for for one such thing now on

1078

00:41:50,750 --> 00:41:46,619

the floor of the ocean

1079

00:41:52,310 --> 00:41:50,760

um uh he's he he's a very interesting

1080

00:41:53,810 --> 00:41:52,320

guy and he's saying some of the things

1081

00:41:55,670 --> 00:41:53,820

that John Mack said but he's not getting

1082

00:41:58,250 --> 00:41:55,680

into trouble for it because he's

1083

00:42:00,530 --> 00:41:58,260

sticking to the to the science

1084

00:42:02,630 --> 00:42:00,540

um and Mack was a psychiatrist who did a

1085

00:42:06,770 --> 00:42:02,640

lot of speculation

1086

00:42:09,349 --> 00:42:06,780

um you know beyond his his expertise

1087

00:42:11,510 --> 00:42:09,359

um but they both came from Harvard and

1088

00:42:14,750 --> 00:42:11,520

it's very interesting

1089

00:42:16,250 --> 00:42:14,760

um uh and and and what they agree on by

1090

00:42:19,910 --> 00:42:16,260

the way is that the scientific

1091

00:42:24,109 --> 00:42:19,920

establishment has been 2 too timid has

1092

00:42:27,349 --> 00:42:24,119

been you know afraid to pursue certain

1093

00:42:31,550 --> 00:42:27,359

areas of inquiry and has been very quick

1094

00:42:34,670 --> 00:42:31,560

to shut down uh you know Renegade

1095

00:42:38,569 --> 00:42:36,650

so I think it's very interesting to

1096

00:42:41,930 --> 00:42:38,579

watch what Abby Loeb is is coming up

1097

00:42:44,569 --> 00:42:41,940

with he's very careful not to say

1098

00:42:46,550 --> 00:42:44,579

anything that can't be proven we had him

1099

00:42:48,410 --> 00:42:46,560

on our show a few weeks ago we actually

1100

00:42:49,790 --> 00:42:48,420

did a poll on one of our Facebook groups

1101

00:42:52,250 --> 00:42:49,800

and said what question do you want to

1102

00:42:55,609 --> 00:42:52,260

ask and somebody said ask him why he

1103

00:42:58,790 --> 00:42:55,619

debunked the Ukraine UFO case as you

1104

00:43:00,470 --> 00:42:58,800

know no uh no flashbang Sonic Boom then

1105

00:43:02,390 --> 00:43:00,480

how come the Tic Tac behaved the way it

1106

00:43:04,490 --> 00:43:02,400

did so I asked him that viewer question

1107

00:43:05,930 --> 00:43:04,500

and he basically just went in and said

1108

00:43:08,150 --> 00:43:05,940

well how do we even know it's a Tic Tac

1109

00:43:10,609 --> 00:43:08,160

I mean that's what was seen but there's

1110

00:43:12,710 --> 00:43:10,619

inherent error in human observation even

1111

00:43:14,690 --> 00:43:12,720

though there are you know pilots and

1112

00:43:16,910 --> 00:43:14,700

really well-trained people and and the

1113

00:43:19,370 --> 00:43:16,920

greatest of observers we're still humans

1114

00:43:21,770 --> 00:43:19,380

the machine that we have is only so good

1115

00:43:23,630 --> 00:43:21,780

and he basically said you know like the

1116

00:43:26,030 --> 00:43:23,640

Tic Tac itself yeah a lot of people know

1117

00:43:28,069 --> 00:43:26,040

but but we don't know we don't have the

1118

00:43:30,829 --> 00:43:28,079

data it was taken off the ship wasn't

1119

00:43:33,410 --> 00:43:30,839

triangulated and he's just very careful

1120

00:43:35,030 --> 00:43:33,420

that like he wants to be the guy and I

1121

00:43:37,490 --> 00:43:35,040

wholeheartedly believe this he wants to

1122

00:43:40,309 --> 00:43:37,500

be the first guy to actually find proof

1123

00:43:41,750 --> 00:43:40,319

that nobody can refute but anything shy

1124

00:43:44,050 --> 00:43:41,760

of that he's not going to give you a

1125

00:43:46,550 --> 00:43:44,060

straight answer because he knows

1126

00:43:48,710 --> 00:43:46,560

he's very smart about it and he is

1127

00:43:51,170 --> 00:43:48,720

sticking to the science but he wrote a

1128

00:43:53,690 --> 00:43:51,180

whole book about how a muamua this

1129

00:43:55,309 --> 00:43:53,700

object that was it came into our

1130

00:43:58,130 --> 00:43:55,319

atmosphere from outer space and then

1131

00:44:01,309 --> 00:43:58,140

left before anybody knew what it was or

1132

00:44:03,349 --> 00:44:01,319

could measure it but based on the

1133

00:44:07,309 --> 00:44:03,359

observations of this thing that came in

1134

00:44:10,370 --> 00:44:07,319

and then went away that it did not obey

1135

00:44:11,690 --> 00:44:10,380

the natural laws of meteorites so it

1136

00:44:15,170 --> 00:44:11,700

seemed to have some kind of a power

1137

00:44:16,849 --> 00:44:15,180

source and a light sail he thought so

1138

00:44:18,230 --> 00:44:16,859

that's really interesting so he's saying

1139

00:44:22,309 --> 00:44:18,240

these things in a scientifically

1140

00:44:23,750 --> 00:44:22,319

acceptable way to his credit so he's not

1141

00:44:25,790 --> 00:44:23,760

getting in the same kind of trouble that

1142

00:44:28,730 --> 00:44:25,800

John Mack got into at Harvard where they

1143

00:44:31,849 --> 00:44:28,740

accused him of being so enthusiastic and

1144

00:44:33,230 --> 00:44:31,859

not being scientific enough so uh which

1145

00:44:36,849 --> 00:44:33,240

was probably true John Mack was

1146

00:44:40,190 --> 00:44:36,859

enthusiastic and he led his enthusiasm

1147

00:44:41,230 --> 00:44:40,200

carry him beyond what could be proven

1148

00:44:44,150 --> 00:44:41,240

let's say

1149

00:44:46,609 --> 00:44:44,160

but they didn't want to listen to him uh

1150

00:44:48,410 --> 00:44:46,619

really and eventually Harvard caved I

1151

00:44:50,750 --> 00:44:48,420

mean they said that um

1152

00:44:51,730 --> 00:44:50,760

he didn't do anything wrong

1153

00:44:55,069 --> 00:44:51,740

um

1154

00:44:57,410 --> 00:44:55,079

so but Avi Logue is is really coming

1155

00:44:59,809 --> 00:44:57,420

from a somewhat different aspect as an

1156

00:45:01,030 --> 00:44:59,819

astrophysicist as he would be he's not a

1157

00:45:03,230 --> 00:45:01,040

psychiatrist

1158

00:45:05,329 --> 00:45:03,240

but it's very interesting what he's

1159

00:45:08,270 --> 00:45:05,339

saying yeah I think this subject has

1160

00:45:10,430 --> 00:45:08,280

multiple fields of study you know this

1161

00:45:12,650 --> 00:45:10,440

you could do a university course for a

1162

00:45:14,690 --> 00:45:12,660

few years or or college course a few

1163

00:45:16,370 --> 00:45:14,700

years on just ufology and all the

1164

00:45:18,530 --> 00:45:16,380

different levels and aspects of it and

1165

00:45:20,990 --> 00:45:18,540

where it leads since the start of this

1166

00:45:23,030 --> 00:45:21,000

podcast I was very adamant Bigfoot you

1167

00:45:25,670 --> 00:45:23,040

know ghosts all that that's all

1168

00:45:27,349 --> 00:45:25,680

it's not true but the more we dig into

1169

00:45:29,050 --> 00:45:27,359

this the more we final cable there's

1170

00:45:31,490 --> 00:45:29,060

people saying no there's a there's

1171

00:45:33,589 --> 00:45:31,500

something linked with paranormal

1172

00:45:35,930 --> 00:45:33,599

activity in certain locations across the

1173

00:45:37,670 --> 00:45:35,940

world well you know absolutely right

1174

00:45:40,130 --> 00:45:37,680

what you're saying is something that

1175

00:45:40,910 --> 00:45:40,140

John Mack ended up with that he started

1176

00:45:45,890 --> 00:45:40,920

off

1177

00:45:48,109 --> 00:45:45,900

investigating alien encounters he was a

1178

00:45:50,329 --> 00:45:48,119

um very well-grounded psychiatrist he

1179

00:45:52,670 --> 00:45:50,339

studied nightmares he studied he brought

1180

00:45:54,710 --> 00:45:52,680

one a Pulitzer Prize

1181

00:45:58,490 --> 00:45:54,720

um uh you know writing about Lawrence of

1182

00:46:00,589 --> 00:45:58,500

Arabia and his mental processes

1183

00:46:02,990 --> 00:46:00,599

um but then he got interested in these

1184

00:46:04,790 --> 00:46:03,000

encounters that is you know subjects

1185

00:46:07,010 --> 00:46:04,800

research subjects were telling him about

1186

00:46:09,170 --> 00:46:07,020

and in the end he started getting

1187

00:46:10,430 --> 00:46:09,180

interested in a lot of other paranormal

1188

00:46:14,450 --> 00:46:10,440

things

1189

00:46:16,010 --> 00:46:14,460

um like crop circles and uh Survival Of

1190

00:46:19,010 --> 00:46:16,020

Consciousness after death and things

1191

00:46:20,510 --> 00:46:19,020

like that so he did think there was it

1192

00:46:21,550 --> 00:46:20,520

was related and of course Whitley

1193

00:46:26,030 --> 00:46:21,560

strieber

1194

00:46:30,050 --> 00:46:26,040

who you know wrote about his own very

1195

00:46:31,309 --> 00:46:30,060

striking encounter with the Paranormal

1196

00:46:35,230 --> 00:46:31,319

um

1197

00:46:38,109 --> 00:46:35,240

you know

1198

00:46:40,250 --> 00:46:38,119

web of of

1199

00:46:41,930 --> 00:46:40,260

anomalous experiences that we we

1200

00:46:43,849 --> 00:46:41,940

certainly don't understand what death is

1201

00:46:45,950 --> 00:46:43,859

people have had you know near-death

1202

00:46:47,390 --> 00:46:45,960

experiences and they've come back and

1203

00:46:48,770 --> 00:46:47,400

they remember things that they're not

1204

00:46:51,770 --> 00:46:48,780

supposed to have remembered because they

1205

00:46:53,750 --> 00:46:51,780

were dead quote dead so

1206

00:46:55,670 --> 00:46:53,760

um and and John Mack was studying this

1207

00:46:58,250 --> 00:46:55,680

when he was run over so he realized that

1208

00:47:00,349 --> 00:46:58,260

there's a lot of other things that uh

1209

00:47:02,930 --> 00:47:00,359

you know sort of come into this Beyond

1210

00:47:05,569 --> 00:47:02,940

alien encounters and it's it's just one

1211

00:47:07,130 --> 00:47:05,579

of the many Mysteries we have yeah even

1212

00:47:09,650 --> 00:47:07,140

the cattle mutilations a lot of people

1213

00:47:11,569 --> 00:47:09,660

report lights over their fields and they

1214

00:47:14,770 --> 00:47:11,579

find dead cows the next day that just

1215

00:47:18,050 --> 00:47:14,780

seem to defy you know their death

1216

00:47:20,390 --> 00:47:18,060

is so I mean the the book about

1217

00:47:22,130 --> 00:47:20,400

Skinwalker Ranch that really was it

1218

00:47:24,650 --> 00:47:22,140

seems to be some kind of portal with

1219

00:47:28,150 --> 00:47:24,660

strange things happening uh for whatever

1220

00:47:33,410 --> 00:47:31,430

is an object lesson that here's a place

1221

00:47:35,809 --> 00:47:33,420

and I just heard about a place in Norway

1222

00:47:38,450 --> 00:47:35,819

I was on another show where

1223

00:47:40,490 --> 00:47:38,460

um the host said are you aware of the uh

1224

00:47:42,589 --> 00:47:40,500

you know experiences in in this place in

1225

00:47:44,089 --> 00:47:42,599

Norway and I said I wasn't and they said

1226

00:47:46,370 --> 00:47:44,099

well it's a kind of portal they've been

1227

00:47:49,430 --> 00:47:46,380

all kinds of strange things going on I

1228

00:47:50,410 --> 00:47:49,440

didn't know about and and certainly the

1229

00:47:55,069 --> 00:47:50,420

the

1230

00:47:57,890 --> 00:47:55,079

which are documented I mean that it's

1231

00:48:00,230 --> 00:47:57,900

not just people telling stories they did

1232

00:48:02,630 --> 00:48:00,240

a whole scientific study and the guy who

1233

00:48:05,450 --> 00:48:02,640

who bought the ranch in Utah from Robert

1234

00:48:07,309 --> 00:48:05,460

Bigelow is another billionaire and he's

1235

00:48:09,710 --> 00:48:07,319

studying it so I guess it takes a

1236

00:48:11,210 --> 00:48:09,720

billionaire to to Really study these

1237

00:48:14,870 --> 00:48:11,220

things but they brought in a lot of

1238

00:48:17,750 --> 00:48:14,880

experts and uh to this day they haven't

1239

00:48:19,550 --> 00:48:17,760

figured it out you know why and how but

1240

00:48:22,010 --> 00:48:19,560

a lot of strange things are happening

1241

00:48:24,230 --> 00:48:22,020

yeah and even on the subject of the

1242

00:48:25,970 --> 00:48:24,240

alien abductions it's either these

1243

00:48:27,650 --> 00:48:25,980

people are telling the truth or there's

1244

00:48:29,990 --> 00:48:27,660

a new Mental Health

1245

00:48:32,089 --> 00:48:30,000

issue that we are not aware of that

1246

00:48:34,069 --> 00:48:32,099

needs to be diagnosed and it's amongst

1247

00:48:36,349 --> 00:48:34,079

the general population we were talking

1248

00:48:38,030 --> 00:48:36,359

to Jim semivan which is uh you know

1249

00:48:40,190 --> 00:48:38,040

former CIA agent worked in the

1250

00:48:41,750 --> 00:48:40,200

Department of Defense and he says well

1251
00:48:44,450 --> 00:48:41,760
he's fully engaged with the Department

1252
00:48:46,130 --> 00:48:44,460
of of Defense he's part of the CIA as an

1253
00:48:47,930 --> 00:48:46,140
agent he wakes up one night with three

1254
00:48:50,210 --> 00:48:47,940
little dudes in his room

1255
00:48:51,770 --> 00:48:50,220
so he admits even people within the

1256
00:48:54,410 --> 00:48:51,780
defense department are experiencing

1257
00:48:56,390 --> 00:48:54,420
these things as well so the subject of

1258
00:48:58,609 --> 00:48:56,400
saying we don't know what this is okay

1259
00:49:01,010 --> 00:48:58,619
but let's just admit that it's rampant

1260
00:49:03,829 --> 00:49:01,020
and that it's all Global this is

1261
00:49:05,390 --> 00:49:03,839
everywhere people in remote areas are

1262
00:49:07,430 --> 00:49:05,400
seeing these things or experiencing the

1263
00:49:09,890 --> 00:49:07,440

same thing as people downtown New York I

1264

00:49:12,650 --> 00:49:09,900

think Bud Hopkins was describing

1265

00:49:14,630 --> 00:49:12,660

a lady being taken out of like the 14th

1266

00:49:16,250 --> 00:49:14,640

floor or something by you know he was

1267

00:49:18,829 --> 00:49:16,260

adamant on they wrote a book on it right

1268

00:49:21,650 --> 00:49:18,839

yeah he did yeah and I have interviewed

1269

00:49:23,930 --> 00:49:21,660

Linda Napolitano who came forward under

1270

00:49:25,670 --> 00:49:23,940

her real name afterwards who was the

1271

00:49:28,010 --> 00:49:25,680

woman who

1272

00:49:29,569 --> 00:49:28,020

um had this experience that bud Hopkins

1273

00:49:32,150 --> 00:49:29,579

wrote about it was called the Brooklyn

1274

00:49:35,270 --> 00:49:32,160

Bridge abductions you know as somebody

1275

00:49:37,849 --> 00:49:35,280

who uh was witnessed by some people

1276

00:49:40,849 --> 00:49:37,859

again this is a very complicated story

1277

00:49:44,870 --> 00:49:40,859

because Bud Hopkins never could find the

1278

00:49:47,750 --> 00:49:44,880

witnesses who Who provided the the best

1279

00:49:50,809 --> 00:49:47,760

account of this it was supposedly two

1280

00:49:53,089 --> 00:49:50,819

security guards for for

1281

00:49:55,670 --> 00:49:53,099

um Secretary General of the U.N who

1282

00:49:58,690 --> 00:49:55,680

witnessed this woman being abducted out

1283

00:50:03,349 --> 00:49:58,700

of her window over the Brooklyn Bridge

1284

00:50:05,930 --> 00:50:03,359

by three alien beings like Angels flying

1285

00:50:09,349 --> 00:50:05,940

in you know flying her out of the window

1286

00:50:11,210 --> 00:50:09,359

into a into a UFO that then

1287

00:50:14,089 --> 00:50:11,220

went into the East River

1288

00:50:15,710 --> 00:50:14,099

according to the accounts but anyway so

1289

00:50:18,170 --> 00:50:15,720

Bud Hopkins

1290

00:50:19,910 --> 00:50:18,180

tried to find these two guys who

1291

00:50:22,190 --> 00:50:19,920

supplied the information he had tape

1292

00:50:23,630 --> 00:50:22,200

recordings of them talking to him he had

1293

00:50:26,630 --> 00:50:23,640

the letters from them but he couldn't

1294

00:50:29,030 --> 00:50:26,640

find them which is again I can't

1295

00:50:31,490 --> 00:50:29,040

emphasize this enough that that the

1296

00:50:34,010 --> 00:50:31,500

Hallmark of this phenomenon is just when

1297

00:50:35,809 --> 00:50:34,020

you think you're close to getting an

1298

00:50:38,569 --> 00:50:35,819

image of an alien or you're getting the

1299

00:50:40,430 --> 00:50:38,579

alien autopsy or you're getting the the

1300

00:50:42,650 --> 00:50:40,440

photograph that you've been waiting for

1301

00:50:45,650 --> 00:50:42,660

so it it's elusive

1302

00:50:47,109 --> 00:50:45,660

um and that's not an accident I mean it

1303

00:50:50,890 --> 00:50:47,119

seems to be

1304

00:50:53,270 --> 00:50:50,900

a a feature of this

1305

00:50:56,510 --> 00:50:53,280

phenomenon that it doesn't want to be

1306

00:50:58,069 --> 00:50:56,520

easily found out now you know a skeptic

1307

00:51:00,049 --> 00:50:58,079

so-called skeptic will tell you well

1308

00:51:02,210 --> 00:51:00,059

that's because it doesn't exist

1309

00:51:04,190 --> 00:51:02,220

but there are too many people as you say

1310

00:51:07,010 --> 00:51:04,200

millions and millions of people either

1311

00:51:09,770 --> 00:51:07,020

this is a a new mental aberration that

1312

00:51:11,150 --> 00:51:09,780

is affecting a large proportion of

1313

00:51:13,270 --> 00:51:11,160

people all over the world from

1314

00:51:16,970 --> 00:51:13,280

two-year-old kids to you know

1315

00:51:18,770 --> 00:51:16,980

grandmothers and police officers Etc or

1316

00:51:21,230 --> 00:51:18,780

there's something going on that we don't

1317

00:51:23,569 --> 00:51:21,240

understand yeah and we were talking

1318

00:51:24,710 --> 00:51:23,579

about abductions being part of uh you

1319

00:51:26,870 --> 00:51:24,720

know family

1320

00:51:29,690 --> 00:51:26,880

uh you know DNA they seem to be

1321

00:51:31,790 --> 00:51:29,700

following through we do similar things

1322

00:51:34,130 --> 00:51:31,800

with animals in nature like you know a

1323

00:51:36,349 --> 00:51:34,140

polar bear and a polar bear you know

1324

00:51:37,730 --> 00:51:36,359

when we interfere is is nailing

1325

00:51:39,109 --> 00:51:37,740

abduction first they see something

1326

00:51:41,510 --> 00:51:39,119

flying which usually is like a

1327

00:51:43,130 --> 00:51:41,520

helicopter then they're paralyzed which

1328

00:51:45,589 --> 00:51:43,140

is the Tranquil shot you know the

1329

00:51:47,270 --> 00:51:45,599

Tranquility shot we give them uh they

1330

00:51:49,250 --> 00:51:47,280

can't move while we move down there we

1331

00:51:51,349 --> 00:51:49,260

do a bunch of things we take blood we

1332

00:51:53,329 --> 00:51:51,359

add a caller to them tracking and all

1333

00:51:55,490 --> 00:51:53,339

that they have babies we do the same

1334

00:51:57,410 --> 00:51:55,500

thing I mean we do that to animals and

1335

00:51:58,970 --> 00:51:57,420

we expect somehow that these things if

1336

00:52:01,370 --> 00:51:58,980

there are evolved would be doing the

1337

00:52:03,770 --> 00:52:01,380

same thing just on the higher level so

1338

00:52:05,329 --> 00:52:03,780

yeah that that's my thought my thought

1339

00:52:08,210 --> 00:52:05,339

behind it and even now they're

1340

00:52:10,309 --> 00:52:08,220

mentioning that apes are entering the

1341

00:52:13,490 --> 00:52:10,319

Stone Age they've realized how to use

1342

00:52:16,910 --> 00:52:13,500

rocks and and sharpen up sticks and and

1343

00:52:18,950 --> 00:52:16,920

you know fish uh is it possible that we

1344

00:52:21,109 --> 00:52:18,960

had a species more advanced than us here

1345

00:52:22,970 --> 00:52:21,119

beforehand and now they're just watching

1346

00:52:24,650 --> 00:52:22,980

us the same way that we watch the

1347

00:52:26,870 --> 00:52:24,660

progress of these Apes right you know

1348

00:52:28,549 --> 00:52:26,880

Abby Loeb writes about this a lot I mean

1349

00:52:31,010 --> 00:52:28,559

this guy first of all he is so prolific

1350

00:52:32,630 --> 00:52:31,020

he writes about two blogs or three blogs

1351

00:52:33,829 --> 00:52:32,640

a week in addition to what he's doing at

1352

00:52:35,990 --> 00:52:33,839

Harvard

1353

00:52:37,790 --> 00:52:36,000

um and I get his his blog posts they're

1354

00:52:40,190 --> 00:52:37,800

very interesting but he's saying I mean

1355

00:52:43,910 --> 00:52:40,200

if you just imagine the age of the

1356

00:52:47,030 --> 00:52:43,920

universe 13.9 or 8 billion years and

1357

00:52:50,270 --> 00:52:47,040

that gives a lot of different planets a

1358

00:52:52,430 --> 00:52:50,280

lot of time to develop a civilization so

1359

00:52:54,710 --> 00:52:52,440

it is very possible that they have

1360

00:52:57,190 --> 00:52:54,720

produced uh intelligent civilizations

1361

00:52:59,990 --> 00:52:57,200

that have come and gone long since gone

1362

00:53:02,690 --> 00:53:00,000

by now and

1363

00:53:04,730 --> 00:53:02,700

um and we might be catching evidence of

1364

00:53:07,430 --> 00:53:04,740

this now and things that happen to be

1365

00:53:09,470 --> 00:53:07,440

flying through our airspaces so but this

1366

00:53:12,650 --> 00:53:09,480

might be the residue of things that came

1367

00:53:15,470 --> 00:53:12,660

in went billions of years ago so

1368

00:53:16,670 --> 00:53:15,480

um it really makes you kind of humble

1369

00:53:18,530 --> 00:53:16,680

when you try to think of the

1370

00:53:22,670 --> 00:53:18,540

possibilities

1371

00:53:24,410 --> 00:53:22,680

um but uh you know we are a tiny Speck

1372

00:53:27,770 --> 00:53:24,420

in in time in the history of the

1373

00:53:29,450 --> 00:53:27,780

universe so uh that the likelihood that

1374

00:53:32,089 --> 00:53:29,460

we would find somebody right at our

1375

00:53:34,130 --> 00:53:32,099

level who would you know be flying

1376

00:53:36,410 --> 00:53:34,140

spaceships like we would be flying or

1377

00:53:37,970 --> 00:53:36,420

rocket ships or so is really kind of

1378

00:53:40,010 --> 00:53:37,980

small they're either way ahead of us or

1379

00:53:42,589 --> 00:53:40,020

way behind us but

1380

00:53:45,410 --> 00:53:42,599

um it is it's fascinating he's he's you

1381

00:53:48,109 --> 00:53:45,420

know talked about this in great detail

1382

00:53:49,370 --> 00:53:48,119

right and it's not a lot of sorry jay go

1383

00:53:52,250 --> 00:53:49,380

ahead buddy no I was going to say just

1384

00:53:54,950 --> 00:53:52,260

my final word I I think we call it an

1385

00:53:56,390 --> 00:53:54,960

alien experience uh because it is alien

1386

00:53:58,910 --> 00:53:56,400

whatever it is that you see in the sky

1387

00:54:00,710 --> 00:53:58,920

it's not something that's common uh if

1388

00:54:02,690 --> 00:54:00,720

you deal with an entity that you're not

1389

00:54:04,849 --> 00:54:02,700

familiar with it is a nailing experience

1390

00:54:07,190 --> 00:54:04,859

but it is part of nature then

1391

00:54:08,990 --> 00:54:07,200

this is happening to you know globally

1392

00:54:10,549 --> 00:54:09,000

to millions of people it's part of

1393

00:54:12,589 --> 00:54:10,559

nature that means if there's entities

1394

00:54:14,809 --> 00:54:12,599

from who knows where

1395

00:54:16,370 --> 00:54:14,819

it's part of Nature and we should be

1396

00:54:18,470 --> 00:54:16,380

told about that you know we should be

1397

00:54:20,450 --> 00:54:18,480

treated as adults and the government

1398

00:54:22,430 --> 00:54:20,460

should be more

1399

00:54:24,470 --> 00:54:22,440

giving with the information that they

1400

00:54:27,230 --> 00:54:24,480

give us and let us know what's happening

1401

00:54:29,630 --> 00:54:27,240

right and certainly not accuse us of

1402

00:54:31,849 --> 00:54:29,640

being mentally ill or communist spies or

1403

00:54:33,470 --> 00:54:31,859

so if we bring this up I mean that was

1404

00:54:35,690 --> 00:54:33,480

really the big failure of the government

1405

00:54:37,250 --> 00:54:35,700

years ago I understand the need to you

1406

00:54:38,690 --> 00:54:37,260

know protect National Security

1407

00:54:41,569 --> 00:54:38,700

information we don't want to tell our

1408

00:54:44,750 --> 00:54:41,579

adversaries everything we know about you

1409

00:54:46,990 --> 00:54:44,760

know space flight and Technology but um

1410

00:54:49,849 --> 00:54:47,000

to have come to the decision to

1411

00:54:52,549 --> 00:54:49,859

stigmatize this area well it was a

1412

00:54:55,069 --> 00:54:52,559

terrible mistake in terms of the

1413

00:54:57,589 --> 00:54:55,079

development of of information and and

1414

00:54:58,910 --> 00:54:57,599

we're suffering from that today

1415

00:55:01,069 --> 00:54:58,920

um you know I I didn't want the

1416

00:55:03,170 --> 00:55:01,079

opportunity to pass without mentioning

1417

00:55:06,170 --> 00:55:03,180

that I have in addition to the John Mack

1418

00:55:08,390 --> 00:55:06,180

book that I wrote came out two years ago

1419

00:55:10,609 --> 00:55:08,400

but my wife and I have written the first

1420

00:55:14,750 --> 00:55:10,619

what we think is the first children's

1421

00:55:16,309 --> 00:55:14,760

book on UFOs is factual not a fantasy

1422

00:55:20,150 --> 00:55:16,319

not

1423

00:55:22,190 --> 00:55:20,160

um you know fiction uh it's called UFOs

1424

00:55:24,349 --> 00:55:22,200

OHS

1425

00:55:28,309 --> 00:55:24,359

um miracles in the sky

1426

00:55:31,670 --> 00:55:28,319

and it's out in April of this year 2023

1427

00:55:32,569 --> 00:55:31,680

and it's the picture book that we hope

1428

00:55:34,549 --> 00:55:32,579

will

1429

00:55:37,670 --> 00:55:34,559

inform

1430

00:55:40,250 --> 00:55:37,680

um children the new generation about

1431

00:55:41,829 --> 00:55:40,260

this phenomenon so it's not just you

1432

00:55:45,049 --> 00:55:41,839

know a

1433

00:55:47,390 --> 00:55:45,059

fantasy uh but this is what we know

1434

00:55:49,190 --> 00:55:47,400

about it this is what has been proven

1435

00:55:52,549 --> 00:55:49,200

about it this is where the information

1436

00:55:54,049 --> 00:55:52,559

stands and and and and we know that the

1437

00:55:56,150 --> 00:55:54,059

children will be growing up in a world

1438

00:55:58,430 --> 00:55:56,160

where there'll be a lot of scientific

1439

00:56:01,309 --> 00:55:58,440

advances in this subject so this gives

1440

00:56:03,770 --> 00:56:01,319

them a little basis for understanding

1441

00:56:06,230 --> 00:56:03,780

this issue apart from the stuff they'll

1442

00:56:08,750 --> 00:56:06,240

see on TV you know which with aliens and

1443

00:56:10,609 --> 00:56:08,760

and all that stuff which can be

1444

00:56:11,930 --> 00:56:10,619

counterproductive in a way because it's

1445

00:56:13,069 --> 00:56:11,940

confusing

1446

00:56:18,530 --> 00:56:13,079

um

1447

00:56:20,870 --> 00:56:18,540

have this book coming out that will be a

1448

00:56:23,270 --> 00:56:20,880

kind of an introduction to young people

1449

00:56:24,710 --> 00:56:23,280

of a subject that they'll see all over

1450

00:56:26,270 --> 00:56:24,720

the place I mean they'll see an

1451
00:56:27,650 --> 00:56:26,280
entertainment you know be in the

1452
00:56:29,030 --> 00:56:27,660
newspapers

1453
00:56:30,890 --> 00:56:29,040
Etc

1454
00:56:33,470 --> 00:56:30,900
nice let's make sure we have you back on

1455
00:56:35,210 --> 00:56:33,480
for that for sure definitely I was just

1456
00:56:37,130 --> 00:56:35,220
going to say where everybody's always

1457
00:56:38,809 --> 00:56:37,140
looking for proof we get hammered by

1458
00:56:40,430 --> 00:56:38,819
people like where's the proof what your

1459
00:56:42,589 --> 00:56:40,440
people say all this stuff where's the

1460
00:56:45,230 --> 00:56:42,599
proof you mentioned this is a blip in

1461
00:56:47,270 --> 00:56:45,240
time so we are on a proof finding

1462
00:56:49,430 --> 00:56:47,280
Mission and if it wasn't for people like

1463
00:56:51,349 --> 00:56:49,440

yourself taking the time writing these

1464

00:56:53,390 --> 00:56:51,359

articles putting their reputation and

1465

00:56:55,190 --> 00:56:53,400

their name behind it we wouldn't be

1466

00:56:56,930 --> 00:56:55,200

where we are right now you and a handful

1467

00:56:59,089 --> 00:56:56,940

of other people are really making things

1468

00:57:00,589 --> 00:56:59,099

possible and your colleague Leslie Kane

1469

00:57:02,690 --> 00:57:00,599

as well we give her a lot of credit for

1470

00:57:03,950 --> 00:57:02,700

that too so we really want to thank you

1471

00:57:06,049 --> 00:57:03,960

for coming on the show today Ralph

1472

00:57:08,569 --> 00:57:06,059

before we close where can people follow

1473

00:57:10,630 --> 00:57:08,579

you or find out more about yourself yeah

1474

00:57:13,430 --> 00:57:10,640

thank you I have a website

1475

00:57:15,770 --> 00:57:13,440

ralphbloomenthal.com which lists all my

1476
00:57:17,450 --> 00:57:15,780
books and my bio and content there's a

1477
00:57:19,069 --> 00:57:17,460
contact tab

1478
00:57:20,569 --> 00:57:19,079
um and I love to get information from

1479
00:57:24,230 --> 00:57:20,579
people

1480
00:57:25,970 --> 00:57:24,240
with stories I tell them I'm interested

1481
00:57:27,890 --> 00:57:25,980
in your stories

1482
00:57:29,870 --> 00:57:27,900
um and I've you know trying to follow up

1483
00:57:31,849 --> 00:57:29,880
as much as possible that it's difficult

1484
00:57:34,910 --> 00:57:31,859
to you know obviously to keep track of

1485
00:57:37,370 --> 00:57:34,920
everything that's going on but I do like

1486
00:57:40,010 --> 00:57:37,380
to you know get in from I follow a lot

1487
00:57:41,510 --> 00:57:40,020
of people on Facebook they follow me

1488
00:57:43,790 --> 00:57:41,520

um so

1489

00:57:46,069 --> 00:57:43,800

um you know and again there's a lot of

1490

00:57:47,870 --> 00:57:46,079

you know people say show me an ashtray

1491

00:57:50,809 --> 00:57:47,880

from a spaceship and I'll believe in it

1492

00:57:53,630 --> 00:57:50,819

well there's a lot of proof already

1493

00:57:54,710 --> 00:57:53,640

um it's not the kind of proof that uh

1494

00:57:58,730 --> 00:57:54,720

science

1495

00:58:01,910 --> 00:57:58,740

needs really for for a slam dunk but

1496

00:58:04,790 --> 00:58:01,920

there's a lot of uh pieces to this

1497

00:58:06,109 --> 00:58:04,800

puzzle that have come forward and if

1498

00:58:07,670 --> 00:58:06,119

you're interested in the subject

1499

00:58:09,410 --> 00:58:07,680

obviously your listeners are because

1500

00:58:12,470 --> 00:58:09,420

they're tuning in

1501

00:58:14,390 --> 00:58:12,480

uh you have to absorb this this

1502

00:58:16,370 --> 00:58:14,400

information is a tremendous amount of

1503

00:58:19,010 --> 00:58:16,380

information out there MIT did a

1504

00:58:23,030 --> 00:58:19,020

conference I saw my book with uh the

1505

00:58:25,430 --> 00:58:23,040

story of the MIT Conference in 1990

1506

00:58:27,770 --> 00:58:25,440

um four or five I forgot

1507

00:58:30,290 --> 00:58:27,780

um but a lot of experts came together

1508

00:58:32,329 --> 00:58:30,300

and gave all their theories and and the

1509

00:58:33,890 --> 00:58:32,339

results were published it's called you

1510

00:58:38,890 --> 00:58:33,900

know

1511

00:58:41,390 --> 00:58:38,900

um these the MIT uh uh I forgot uh

1512

00:58:44,809 --> 00:58:41,400

Alien discussions it's called alien

1513

00:58:47,569 --> 00:58:44,819

discussions in MIT uh of all places MIT

1514

00:58:50,150 --> 00:58:47,579

I mean they uh allowed it to you know

1515

00:58:52,910 --> 00:58:50,160

they gave a venue for this so there's a

1516

00:58:55,490 --> 00:58:52,920

lot of information available before you

1517

00:58:57,770 --> 00:58:55,500

you know Divine not the kind of

1518

00:59:01,010 --> 00:58:57,780

information that we need for a you know

1519

00:59:03,349 --> 00:59:01,020

clear-cut affirmation of something but

1520

00:59:05,089 --> 00:59:03,359

um a lot of smoking guns yeah like

1521

00:59:06,650 --> 00:59:05,099

puzzle pieces you start collecting them

1522

00:59:08,329 --> 00:59:06,660

and you can actually start forming a

1523

00:59:09,829 --> 00:59:08,339

picture you don't have all the pieces

1524

00:59:11,510 --> 00:59:09,839

yet but you you know there's something

1525

00:59:14,690 --> 00:59:11,520

there the image is starting to pop out

1526

00:59:16,010 --> 00:59:14,700

right very well put yeah Ralph we thank

1527

00:59:18,890 --> 00:59:16,020

you so much for coming on the podcast

1528

00:59:21,530 --> 00:59:18,900

major respect uh for you from both of us

1529

00:59:23,750 --> 00:59:21,540

we we love your work uh like I said your

1530

00:59:26,630 --> 00:59:23,760

your article with Leslie Kane and uh it

1531

00:59:29,569 --> 00:59:26,640

was Helene Elaine Cooper Helene Cooper

1532

00:59:31,849 --> 00:59:29,579

um really uh you know to say bluntly

1533

00:59:33,650 --> 00:59:31,859

kicked the world into balls and sort of

1534

00:59:35,510 --> 00:59:33,660

brought the subject back up on the table

1535

00:59:38,809 --> 00:59:35,520

and since then there's been so much

1536

00:59:41,690 --> 00:59:38,819

momentum so many groups podcasts and

1537

00:59:43,730 --> 00:59:41,700

shows Joe Rogan talks about it uh it's a

1538

00:59:45,890 --> 00:59:43,740

big deal and you guys should really be

1539

00:59:48,890 --> 00:59:45,900

taking a lot of pride in that that was a

1540

00:59:50,930 --> 00:59:48,900

major a major move and it got the ball

1541

00:59:52,490 --> 00:59:50,940

going well thank you very much for

1542

00:59:56,569 --> 00:59:52,500

having me and I love to talk about it

1543

01:00:00,430 --> 00:59:56,579

and uh I'm sure we'll do this again
