

JEREMY RAY

UAP STUDIES PODCAST

1
00:00:04,190 --> 00:00:02,389
welcome back everybody it's gonna be a

2
00:00:06,050 --> 00:00:04,200
great day today we are chatting with uh

3
00:00:08,509 --> 00:00:06,060
let's move on day and as a lot of you

4
00:00:10,549 --> 00:00:08,519
know Jason is a mufon investigator and

5
00:00:13,190 --> 00:00:10,559
today we have Jeremy Ray uh you might

6
00:00:15,589 --> 00:00:13,200
have seen him on uh Hangar One UFO files

7
00:00:17,630 --> 00:00:15,599
also the Alaska triangle field

8
00:00:20,269 --> 00:00:17,640
investigator now Chief investigator for

9
00:00:22,429 --> 00:00:20,279
Colorado of mufon uh here's a guy who's

10
00:00:25,910 --> 00:00:22,439
literally been involved with hundreds if

11
00:00:28,370 --> 00:00:25,920
not thousands of cases separate the

12
00:00:29,630 --> 00:00:28,380
garbage from the good and Jason as you

13
00:00:31,849 --> 00:00:29,640

know that's probably not a very easy

14

00:00:33,889 --> 00:00:31,859

thing to do it's a lot of work this

15

00:00:35,630 --> 00:00:33,899

guy's been at it for a long time and to

16

00:00:37,610 --> 00:00:35,640

get to the level that he's at he's even

17

00:00:39,410 --> 00:00:37,620

a star team investigator as well like

18

00:00:41,630 --> 00:00:39,420

you got to know your stuff you got to be

19

00:00:44,709 --> 00:00:41,640

good and the dedication that it takes to

20

00:00:47,930 --> 00:00:44,719

work uh for free right this is a a

21

00:00:49,790 --> 00:00:47,940

non-profit organization so nobody's

22

00:00:51,170 --> 00:00:49,800

making any money doing this so the fact

23

00:00:53,930 --> 00:00:51,180

that he's been doing it for what 17

24

00:00:56,029 --> 00:00:53,940

years now uh it's crazy it shows

25

00:00:58,369 --> 00:00:56,039

dedication yeah and I want to ask him

26

00:01:00,650 --> 00:00:58,379

too as a guy who's seen you know

27

00:01:02,389 --> 00:01:00,660

everything heard everybody's story when

28

00:01:03,950 --> 00:01:02,399

you go to bed at night what do you think

29

00:01:05,390 --> 00:01:03,960

like now that you've been given all

30

00:01:07,310 --> 00:01:05,400

these little bits of the puzzle a lot of

31

00:01:09,469 --> 00:01:07,320

us don't have what do you actually think

32

00:01:11,690 --> 00:01:09,479

about the whole phenomenon and I like

33

00:01:13,730 --> 00:01:11,700

getting these people sort of it's taken

34

00:01:15,950 --> 00:01:13,740

them years to form their opinion as of

35

00:01:17,390 --> 00:01:15,960

now and I'm curious to know what ham and

36

00:01:19,609 --> 00:01:17,400

some of our other guests this year's

37

00:01:21,350 --> 00:01:19,619

right now opinion is so we're gonna ask

38

00:01:29,310 --> 00:01:21,360

them all that and I'll be right back

39

00:01:47,770 --> 00:01:39,710

[Music]

40

00:01:51,830 --> 00:01:49,609

welcome back everybody to another

41

00:01:53,810 --> 00:01:51,840

episode of UAP studies podcast I am

42

00:01:55,310 --> 00:01:53,820

Louis Borges joining me as always my

43

00:01:57,469 --> 00:01:55,320

good friend and illustrious co-host

44

00:01:59,630 --> 00:01:57,479

Jason Gilman how you doing I am doing

45

00:02:01,550 --> 00:01:59,640

very good I was going to say uh this in

46

00:02:03,770 --> 00:02:01,560

a previous episode but you have not

47

00:02:05,569 --> 00:02:03,780

gained any weight at all during the

48

00:02:07,910 --> 00:02:05,579

holidays Louie I haven't gained weight

49

00:02:09,889 --> 00:02:07,920

since I was 18 years old I'm the track

50

00:02:11,690 --> 00:02:09,899

and field hockey player that can eat

51
00:02:14,150 --> 00:02:11,700
whatever he wants and never gain a pound

52
00:02:15,830 --> 00:02:14,160
everybody hates me for it but if I

53
00:02:18,350 --> 00:02:15,840
wanted to put on 20 pounds I would have

54
00:02:20,510 --> 00:02:18,360
a hard time to do that so you can be

55
00:02:22,850 --> 00:02:20,520
like a Christian Bale that could just uh

56
00:02:25,010 --> 00:02:22,860
put on or lose pounds as you as you

57
00:02:26,510 --> 00:02:25,020
wishes yeah and Matthew McConaughey he's

58
00:02:29,330 --> 00:02:26,520
got a thing for doing that too looking

59
00:02:31,790 --> 00:02:29,340
all gaunt and starving you know just to

60
00:02:33,290 --> 00:02:31,800
make a roll happen but but today's mufon

61
00:02:35,449 --> 00:02:33,300
day couple of mufon guys in the house

62
00:02:37,670 --> 00:02:35,459
here Jason you remember mufon and our

63
00:02:39,410 --> 00:02:37,680

guest Jeremy Ray is also and we want to

64
00:02:42,050 --> 00:02:39,420
welcome Jeremy Ray and many of you have

65
00:02:44,270 --> 00:02:42,060
seen him on TV starved shows like hanger

66
00:02:46,490 --> 00:02:44,280
One UFO files and the Alaskan triangle

67
00:02:47,949 --> 00:02:46,500
uh he's been researching over 15 years

68
00:02:51,410 --> 00:02:47,959
in California

69
00:02:54,170 --> 00:02:51,420
and Texas as well currently he's a chief

70
00:02:56,030 --> 00:02:54,180
investigator for Colorado mufon and even

71
00:02:58,790 --> 00:02:56,040
did some work with Bigelow Aerospace

72
00:03:01,130 --> 00:02:58,800
bass looking at some high profile UFO

73
00:03:04,009 --> 00:03:01,140
cases as well so a very warm welcome to

74
00:03:05,150 --> 00:03:04,019
the show Mr Jeremy Ray

75
00:03:07,070 --> 00:03:05,160
thanks for bringing me on this awesome

76

00:03:09,050 --> 00:03:07,080

show I appreciate it sir appreciate

77

00:03:11,089 --> 00:03:09,060

having you man it's our favorite thing

78

00:03:13,729 --> 00:03:11,099

to do on a Sunday is chat about uaps and

79

00:03:14,990 --> 00:03:13,739

all things uh UFO and alien related and

80

00:03:17,149 --> 00:03:15,000

we want to pick your brain you've been

81

00:03:18,589 --> 00:03:17,159

doing this a long time but for some of

82

00:03:19,910 --> 00:03:18,599

our viewers who aren't familiar with you

83

00:03:22,070 --> 00:03:19,920

maybe tell us a little bit about

84

00:03:25,309 --> 00:03:22,080

yourself and what got you into this

85

00:03:27,350 --> 00:03:25,319

field oh that's easy yeah I'm um I

86

00:03:29,270 --> 00:03:27,360

joined mufon and well what got me into

87

00:03:31,610 --> 00:03:29,280

this field is I didn't believe in UFOs

88

00:03:35,089 --> 00:03:31,620

when I was a kid growing up I saw one

89

00:03:37,910 --> 00:03:35,099

with my own eyes and that day

90

00:03:41,270 --> 00:03:37,920

changed my entire life and from that day

91

00:03:44,330 --> 00:03:41,280

forward with 1996 to now I've been

92

00:03:46,789 --> 00:03:44,340

heavily just trying to solve the mystery

93

00:03:48,890 --> 00:03:46,799

I mean I know UFOs are real my main

94

00:03:50,449 --> 00:03:48,900

questions are who are they why are they

95

00:03:52,970 --> 00:03:50,459

here

96

00:03:54,710 --> 00:03:52,980

um what do they want those are three

97

00:03:56,690 --> 00:03:54,720

questions I haven't had an answer to yet

98

00:04:00,890 --> 00:03:56,700

I've been doing I've been in mufon for

99

00:04:02,869 --> 00:04:00,900

about 17 years now but um yeah kind of

100

00:04:05,930 --> 00:04:02,879

hopping around here what how it started

101

00:04:09,050 --> 00:04:05,940

it was March the 20th 1996 I was a Cadet

102

00:04:12,530 --> 00:04:09,060

at a Marine Military Academy and I was

103

00:04:15,289 --> 00:04:12,540

home for spring break and uh my hometown

104

00:04:17,689 --> 00:04:15,299

was uh during a time was Victoria Texas

105

00:04:20,509 --> 00:04:17,699

we lived in a real nice neighborhood it

106

00:04:22,790 --> 00:04:20,519

was called Bramble Bush and one of my

107

00:04:23,870 --> 00:04:22,800

buddies he had a pickup truck he had a

108

00:04:26,150 --> 00:04:23,880

driver's license I didn't have a

109

00:04:28,310 --> 00:04:26,160

driver's license yet I was that was I

110

00:04:29,629 --> 00:04:28,320

think I was about 17. and our plan was

111

00:04:33,170 --> 00:04:29,639

we were going to go to South Padre

112

00:04:34,730 --> 00:04:33,180

Island and uh party and somehow I was

113

00:04:36,830 --> 00:04:34,740

going to score the beer and all this

114

00:04:38,390 --> 00:04:36,840

kind of stuff so I had this Surefire

115

00:04:41,270 --> 00:04:38,400

plan and we're gonna have a great time

116

00:04:43,490 --> 00:04:41,280

well anyway that didn't happen I was

117

00:04:45,170 --> 00:04:43,500

walking over to his house

118

00:04:47,450 --> 00:04:45,180

came around a corner the neighborhood

119

00:04:49,189 --> 00:04:47,460

kind of Curves a little bit and when I

120

00:04:51,530 --> 00:04:49,199

came around there was this light

121

00:04:53,450 --> 00:04:51,540

hovering about Tree Top level

122

00:04:55,370 --> 00:04:53,460

big sucker and it was bright it was

123

00:04:57,409 --> 00:04:55,380

brighter it was brighter than the sun

124

00:05:00,710 --> 00:04:57,419

but it didn't hurt your eyes to look at

125

00:05:02,749 --> 00:05:00,720

it it's really weird and strange and I

126

00:05:05,270 --> 00:05:02,759

I stood there for about five minutes and

127

00:05:07,129 --> 00:05:05,280

I couldn't figure out what it was so I

128

00:05:08,390 --> 00:05:07,139

started ringing the doorbells to get

129

00:05:09,770 --> 00:05:08,400

neighbors out of the house because I

130

00:05:13,129 --> 00:05:09,780

figured well I'll get a grown-up out

131

00:05:13,670 --> 00:05:13,139

here to tell me what this is and

132

00:05:15,530 --> 00:05:13,680

um

133

00:05:16,610 --> 00:05:15,540

so I walked across the street rang

134

00:05:18,290 --> 00:05:16,620

doorbell

135

00:05:19,909 --> 00:05:18,300

neighbor came out I didn't know him

136

00:05:22,969 --> 00:05:19,919

because there were many houses down from

137

00:05:25,370 --> 00:05:22,979

where I lived so I introduced myself and

138

00:05:26,810 --> 00:05:25,380

um I said I said hi I'm Jeremy Ray I'm

139

00:05:27,830 --> 00:05:26,820

I'm your neighbor down the street I just

140

00:05:29,810 --> 00:05:27,840

happened to be walking in the

141

00:05:31,430 --> 00:05:29,820

neighborhood and I see this light right

142

00:05:33,650 --> 00:05:31,440

over here and I can't tell what it is

143

00:05:36,050 --> 00:05:33,660

and I was hoping maybe you could tell me

144

00:05:38,090 --> 00:05:36,060

what it is Sir so he had an awning kind

145

00:05:40,010 --> 00:05:38,100

of thing to where he couldn't see so he

146

00:05:42,290 --> 00:05:40,020

had to step out and when he stepped out

147

00:05:44,749 --> 00:05:42,300

he looked at the object and then he

148

00:05:46,790 --> 00:05:44,759

looked at me and he goes holy Mary

149

00:05:49,010 --> 00:05:46,800

Mother of God and then he turned around

150

00:05:50,330 --> 00:05:49,020

and went back inside his house and I

151

00:05:53,450 --> 00:05:50,340

thought that was

152

00:05:55,730 --> 00:05:53,460

kind of strange reaction because it's

153

00:05:58,370 --> 00:05:55,740

just a light you know it's obviously

154

00:05:59,990 --> 00:05:58,380

some kind of weather phenomenon or

155

00:06:03,230 --> 00:06:00,000

something I just needed a scientific

156

00:06:04,610 --> 00:06:03,240

answer so I could go on with my day so I

157

00:06:07,129 --> 00:06:04,620

started walking down the sidewalk to

158

00:06:09,290 --> 00:06:07,139

ring another neighbor's door and when I

159

00:06:12,110 --> 00:06:09,300

did that the first neighbor his name was

160

00:06:14,210 --> 00:06:12,120

Dick he came out with his wife and he

161

00:06:16,430 --> 00:06:14,220

had a camera and sunglasses and he was

162

00:06:18,830 --> 00:06:16,440

he was ready to rock so I turned back

163

00:06:21,170 --> 00:06:18,840

around and walked back I go so so this

164

00:06:22,969 --> 00:06:21,180

isn't normal is it he goes no it isn't

165

00:06:23,809 --> 00:06:22,979

I've never seen anything like this in my

166

00:06:26,090 --> 00:06:23,819

life

167

00:06:28,249 --> 00:06:26,100

so when I started to walk

168

00:06:29,629 --> 00:06:28,259

when I Stood Beside him I said let's see

169

00:06:32,870 --> 00:06:29,639

you think we can get a picture of it

170

00:06:35,629 --> 00:06:32,880

because the sun was up here and the UFO

171

00:06:37,370 --> 00:06:35,639

is right under the Sun so the sun just

172

00:06:39,830 --> 00:06:37,380

beating down your eyes it's around three

173

00:06:42,350 --> 00:06:39,840

o'clock in the afternoon and

174

00:06:43,670 --> 00:06:42,360

um so anyway dick brought the camera up

175

00:06:46,070 --> 00:06:43,680

it was one of those old ones that you

176
00:06:47,689 --> 00:06:46,080
have to wind up and he brought it up and

177
00:06:49,430 --> 00:06:47,699
when he brought it up the object shot

178
00:06:50,990 --> 00:06:49,440
right up into the sun to where we

179
00:06:54,950 --> 00:06:51,000
couldn't see it I mean it actually

180
00:06:56,930 --> 00:06:54,960
reacted to Dick's movement so I thought

181
00:06:58,249 --> 00:06:56,940
it was going to leave so I told dick put

182
00:07:00,350 --> 00:06:58,259
the camera down and as soon as he

183
00:07:03,170 --> 00:07:00,360
brought the camera down the object came

184
00:07:05,210 --> 00:07:03,180
back to its original position and that's

185
00:07:08,029 --> 00:07:05,220
when we knew it was under some kind of

186
00:07:10,430 --> 00:07:08,039
intelligent control I mean we were we

187
00:07:12,350 --> 00:07:10,440
were shocked so I wanted to get under it

188
00:07:14,029 --> 00:07:12,360

because the sun was in my face so I

189

00:07:17,450 --> 00:07:14,039

walked towards it and when I was walking

190

00:07:20,150 --> 00:07:17,460

towards it it started to back up now it

191

00:07:22,670 --> 00:07:20,160

stayed at the pace of my my walk-in Pace

192

00:07:24,230 --> 00:07:22,680

okay so for me it just looked like the

193

00:07:26,510 --> 00:07:24,240

object was there and I just wasn't

194

00:07:27,950 --> 00:07:26,520

getting to it but they were standing

195

00:07:30,230 --> 00:07:27,960

still and they were like yes it's

196

00:07:32,390 --> 00:07:30,240

backing away from you and I was arguing

197

00:07:34,129 --> 00:07:32,400

with them saying no it's not bad in the

198

00:07:35,510 --> 00:07:34,139

way it's right here because I stop and I

199

00:07:38,029 --> 00:07:35,520

don't see it moving and then I start

200

00:07:39,650 --> 00:07:38,039

moving I just can't get to it I think

201
00:07:41,809 --> 00:07:39,660
the best way to describe what this

202
00:07:43,010 --> 00:07:41,819
object looked like if you're walking in

203
00:07:45,830 --> 00:07:43,020
a parking lot

204
00:07:47,930 --> 00:07:45,840
and you saw the sun beat down on a

205
00:07:50,330 --> 00:07:47,940
bumper that's what it looked like it was

206
00:07:52,790 --> 00:07:50,340
like a bright light with these streaks

207
00:07:55,550 --> 00:07:52,800
coming out on the side so anyway I

208
00:07:56,809 --> 00:07:55,560
walked back the object followed me and I

209
00:07:59,390 --> 00:07:56,819
figured well it's not going to let me

210
00:08:01,550 --> 00:07:59,400
get under it so since it's following me

211
00:08:04,309 --> 00:08:01,560
I'll just let it follow me and I'll walk

212
00:08:05,809 --> 00:08:04,319
past dick and his wife and once it comes

213
00:08:07,610 --> 00:08:05,819

and I told him I say once it goes over

214

00:08:10,370 --> 00:08:07,620

your head tell me what you see

215

00:08:12,290 --> 00:08:10,380

so I walked past them and it stopped

216

00:08:14,570 --> 00:08:12,300

before it went over them and then this

217

00:08:17,210 --> 00:08:14,580

way I flanked around it when I got

218

00:08:19,909 --> 00:08:17,220

behind it and I was in uh

219

00:08:21,290 --> 00:08:19,919

Mrs ladwick's yard and rang her doorbell

220

00:08:23,270 --> 00:08:21,300

and got her out

221

00:08:25,189 --> 00:08:23,280

and uh anyway this object hung around

222

00:08:28,670 --> 00:08:25,199

for 15 minutes I got a really good look

223

00:08:30,710 --> 00:08:28,680

at it uh I'm skipping a few things uh

224

00:08:33,170 --> 00:08:30,720

one time when Dick's like yeah I can see

225

00:08:34,490 --> 00:08:33,180

more of the sunglasses I put I was like

226

00:08:36,889 --> 00:08:34,500

well let me take a look so I put the

227

00:08:39,649 --> 00:08:36,899

sunglasses on and what I could see in

228

00:08:42,230 --> 00:08:39,659

the light was like I call them four iron

229

00:08:44,630 --> 00:08:42,240

bars it was actual metal structure up

230

00:08:46,130 --> 00:08:44,640

there like what I said when I saw my

231

00:08:48,350 --> 00:08:46,140

normal eyes just a bright light but when

232

00:08:50,329 --> 00:08:48,360

I put the sunglass on I could see these

233

00:08:51,650 --> 00:08:50,339

bars and I could see the light pulsating

234

00:08:53,570 --> 00:08:51,660

around the bars to where you couldn't

235

00:08:56,210 --> 00:08:53,580

see the bars anymore and then it would

236

00:08:58,550 --> 00:08:56,220

pulsate back and I would see it it was

237

00:09:00,290 --> 00:08:58,560

almost like it was breathing so he knew

238

00:09:02,269 --> 00:09:00,300

there was something up there so I was

239

00:09:04,670 --> 00:09:02,279

getting kind of excited

240

00:09:07,790 --> 00:09:04,680

I told Miss Ladwick and she freaked out

241

00:09:09,710 --> 00:09:07,800

and um I think she said oh my God and

242

00:09:12,650 --> 00:09:09,720

she walked directly under it and when

243

00:09:14,630 --> 00:09:12,660

she got under it it took off and the

244

00:09:16,250 --> 00:09:14,640

best way to describe it is

245

00:09:17,870 --> 00:09:16,260

if you had a rubber band and you cut the

246

00:09:19,730 --> 00:09:17,880

rubber band and you held one in and I

247

00:09:22,310 --> 00:09:19,740

held the other and let go of it it just

248

00:09:24,650 --> 00:09:22,320

looked like it folded upon itself and I

249

00:09:26,389 --> 00:09:24,660

can't tell you which direction it went

250

00:09:28,790 --> 00:09:26,399

it was so fast I just remember

251
00:09:30,170 --> 00:09:28,800
everybody's Shadows got real dark and

252
00:09:33,710 --> 00:09:30,180
when I looked up

253
00:09:35,570 --> 00:09:33,720
it looked like a rattlesnake

254
00:09:38,930 --> 00:09:35,580
and the scales were lighting up

255
00:09:40,730 --> 00:09:38,940
beautiful like neon colors purple pink

256
00:09:43,250 --> 00:09:40,740
and blue it was just flashing and it

257
00:09:46,190 --> 00:09:43,260
just flam I mean like in a second

258
00:09:48,470 --> 00:09:46,200
so like I say that one day

259
00:09:50,930 --> 00:09:48,480
that one day changed my life and move on

260
00:09:53,449 --> 00:09:50,940
we we have a you know the jock valet

261
00:09:55,910 --> 00:09:53,459
classification system Close Encounters

262
00:09:57,949 --> 00:09:55,920
of the fifth kind

263
00:10:00,170 --> 00:09:57,959

um I think yeah I think it's reality

264

00:10:01,389 --> 00:10:00,180

transformation and that is true my whole

265

00:10:04,490 --> 00:10:01,399

reality

266

00:10:07,190 --> 00:10:04,500

changed just what I believed was

267

00:10:08,990 --> 00:10:07,200

impossible it's now possible I mean I

268

00:10:10,550 --> 00:10:09,000

just I didn't care about going to South

269

00:10:12,889 --> 00:10:10,560

Padre Island I didn't care about doing

270

00:10:15,170 --> 00:10:12,899

that was not important anymore all right

271

00:10:18,230 --> 00:10:15,180

what was important was to try to figure

272

00:10:19,790 --> 00:10:18,240

out what this was and then over years

273

00:10:21,590 --> 00:10:19,800

you know it's in the 90s it wasn't

274

00:10:23,269 --> 00:10:21,600

acceptable

275

00:10:25,730 --> 00:10:23,279

um you I went through the ridicule

276

00:10:28,190 --> 00:10:25,740

Factor over and over trying to justify

277

00:10:30,889 --> 00:10:28,200

what I've seen and

278

00:10:32,509 --> 00:10:30,899

in my small town reputation is important

279

00:10:34,790 --> 00:10:32,519

and I didn't care about that it was more

280

00:10:36,889 --> 00:10:34,800

important to me and I just remember one

281

00:10:38,630 --> 00:10:36,899

day when I was 18 I said you know when I

282

00:10:40,130 --> 00:10:38,640

get older and I grow up

283

00:10:41,930 --> 00:10:40,140

I'm going to educate the public about

284

00:10:43,730 --> 00:10:41,940

UFOs because this is real and we got to

285

00:10:45,650 --> 00:10:43,740

figure out what it is because even the

286

00:10:47,030 --> 00:10:45,660

grown-ups don't have an answer to me

287

00:10:48,170 --> 00:10:47,040

that was a big you know when you're

288

00:10:49,490 --> 00:10:48,180

growing up as a kid you think the

289

00:10:51,829 --> 00:10:49,500

grown-ups know everything they don't

290

00:10:54,590 --> 00:10:51,839

because even

291

00:10:56,690 --> 00:10:54,600

me right now I still don't know

292

00:10:59,389 --> 00:10:56,700

what it was that I saw and I've looked

293

00:11:01,009 --> 00:10:59,399

at thousands of UFO pictures that come

294

00:11:02,509 --> 00:11:01,019

in to move on and I still haven't found

295

00:11:06,490 --> 00:11:02,519

one that looks exactly like the one I

296

00:11:08,870 --> 00:11:06,500

saw yeah so that kind of um over years

297

00:11:11,269 --> 00:11:08,880

when I got into college

298

00:11:12,949 --> 00:11:11,279

I was studying in I.T and I just didn't

299

00:11:14,329 --> 00:11:12,959

want to do it and I thought about man I

300

00:11:16,190 --> 00:11:14,339

want to be a UFO investigator that's

301

00:11:18,009 --> 00:11:16,200

what I want to do so I looked it up and

302

00:11:20,750 --> 00:11:18,019

I realized they don't pay

303

00:11:22,970 --> 00:11:20,760

and uh I was like you know what screw it

304

00:11:26,030 --> 00:11:22,980

I'm going to do it anyway and I've been

305

00:11:28,310 --> 00:11:26,040

with mufon for 17 years I started out in

306

00:11:31,310 --> 00:11:28,320

Colorado California I was investigated

307

00:11:33,889 --> 00:11:31,320

here under Reuben yorate he was my state

308

00:11:35,509 --> 00:11:33,899

director at any time he trained me and

309

00:11:38,150 --> 00:11:35,519

then I moved to Texas right before

310

00:11:39,889 --> 00:11:38,160

Stephenville happened and I believe Ken

311

00:11:41,870 --> 00:11:39,899

Cherry was the state director during

312

00:11:43,430 --> 00:11:41,880

that time and that's the time I got on

313

00:11:46,009 --> 00:11:43,440

the Star team and we'll we'll get on to

314

00:11:48,650 --> 00:11:46,019

that in a minute and then I moved up to

315

00:11:50,690 --> 00:11:48,660

Colorado and I've been here ever since I

316

00:11:52,370 --> 00:11:50,700

think I've been here for over 12 years

317

00:11:55,670 --> 00:11:52,380

and I'm Chief investigator of Colorado

318

00:11:59,090 --> 00:11:55,680

Mill fun so yeah is Colorado like a hot

319

00:12:01,130 --> 00:11:59,100

spot as well for UAP activity yes sir

320

00:12:04,009 --> 00:12:01,140

yeah yep you got all the nice military

321

00:12:06,590 --> 00:12:04,019

bases around here when you name it yeah

322

00:12:09,110 --> 00:12:06,600

you got North command you've got you got

323

00:12:11,350 --> 00:12:09,120

everything I mean the question is what

324

00:12:15,710 --> 00:12:11,360

are these UFOs are these some high-tech

325

00:12:18,230 --> 00:12:15,720

uh new you know Aerospace

326

00:12:20,090 --> 00:12:18,240

drones that we're thinking it's

327

00:12:22,009 --> 00:12:20,100

something else or or there's are there

328

00:12:24,410 --> 00:12:22,019

others I think the answer to that

329

00:12:25,550 --> 00:12:24,420

question is true on both right so yes

330

00:12:28,190 --> 00:12:25,560

there's a lot of activity in Colorado

331

00:12:30,710 --> 00:12:28,200

there's a lot of activity in California

332

00:12:32,449 --> 00:12:30,720

Texas

333

00:12:35,210 --> 00:12:32,459

um I know we talk about hot spots a lot

334

00:12:37,610 --> 00:12:35,220

sometimes but every state

335

00:12:39,290 --> 00:12:37,620

every state has got UFO reports coming

336

00:12:42,650 --> 00:12:39,300

in I mean it's you as a moof

337

00:12:44,569 --> 00:12:42,660

investigator or you can get into CMS and

338

00:12:46,250 --> 00:12:44,579

and see that there's cases coming in

339

00:12:48,170 --> 00:12:46,260

Daily and most of the public don't know

340

00:12:50,690 --> 00:12:48,180

that they think that it's a once a month

341

00:12:53,030 --> 00:12:50,700

or once a year type thing we get reports

342

00:12:55,310 --> 00:12:53,040

all the time yeah and to mention too

343

00:12:57,829 --> 00:12:55,320

that it's like what one out of ten

344

00:13:00,470 --> 00:12:57,839

people that will report citing that they

345

00:13:01,910 --> 00:13:00,480

see and that that's a huge deal I mean

346

00:13:03,650 --> 00:13:01,920

if you're getting reports every day that

347

00:13:05,810 --> 00:13:03,660

means a lot more people are seeing this

348

00:13:07,610 --> 00:13:05,820

this is a lot more prevalent than is you

349

00:13:09,470 --> 00:13:07,620

know uh out there right now or the

350

00:13:11,690 --> 00:13:09,480

reports that are coming in yes sir

351

00:13:13,190 --> 00:13:11,700

that's a that's a huge deal even though

352

00:13:15,350 --> 00:13:13,200

some of the reports can be explained

353

00:13:17,230 --> 00:13:15,360

away come to a down-to-earth explanation

354

00:13:19,790 --> 00:13:17,240

because some

355

00:13:22,250 --> 00:13:19,800

some people are not uh

356

00:13:23,930 --> 00:13:22,260

uh uh what's the word I'm looking for

357

00:13:25,370 --> 00:13:23,940

they don't look at the sky very much

358

00:13:27,829 --> 00:13:25,380

they look at their phones so they might

359

00:13:30,290 --> 00:13:27,839

not know a celestial object or what a

360

00:13:31,910 --> 00:13:30,300

satellite looks like or you know and so

361

00:13:34,310 --> 00:13:31,920

that's what we try to do is root those

362

00:13:36,949 --> 00:13:34,320

things out and sometimes when we do come

363

00:13:38,629 --> 00:13:36,959

to an unknown it doesn't mean it's a an

364

00:13:40,370 --> 00:13:38,639

extraterrestrial spaceship from another

365

00:13:43,550 --> 00:13:40,380

planet it just means we went through our

366

00:13:45,710 --> 00:13:43,560

entire checklist and we can't come to a

367

00:13:47,750 --> 00:13:45,720

you know down to earth explanation of

368

00:13:49,610 --> 00:13:47,760

what the individual assault but most of

369

00:13:52,750 --> 00:13:49,620

the time when people report a UFO

370

00:13:55,790 --> 00:13:52,760

sighting to move on I mean they really

371

00:13:58,009 --> 00:13:55,800

uh they had to it really bothered them

372

00:13:59,569 --> 00:13:58,019

and they wanted to get it get it out and

373

00:14:01,670 --> 00:13:59,579

they had to do the research to find move

374

00:14:04,009 --> 00:14:01,680

on and then submit the report but you

375

00:14:07,009 --> 00:14:04,019

are correct about the one to ten ratio

376

00:14:10,069 --> 00:14:07,019

usually one person sees it but actually

377

00:14:12,290 --> 00:14:10,079

10 people see it and that that's the one

378

00:14:15,290 --> 00:14:12,300

person that makes that report yeah so

379

00:14:17,329 --> 00:14:15,300

and when they actually go to and submit

380

00:14:18,949 --> 00:14:17,339

the report I mean it's quite uh you know

381

00:14:20,750 --> 00:14:18,959

they're just yeah there's a lot of

382

00:14:23,030 --> 00:14:20,760

questions are being asked so you got to

383

00:14:24,650 --> 00:14:23,040

really mean you know your submission at

384

00:14:27,650 --> 00:14:24,660

that point just you know to submit it

385

00:14:28,910 --> 00:14:27,660

and then wait for a reply right so yeah

386

00:14:30,350 --> 00:14:28,920

I always I always thought that was

387

00:14:32,389 --> 00:14:30,360

fascinating obviously the state says a

388

00:14:34,250 --> 00:14:32,399

lot more uh citing reports than Canada

389

00:14:36,590 --> 00:14:34,260

does but you guys have a larger

390

00:14:38,449 --> 00:14:36,600

population as well California is very

391

00:14:40,790 --> 00:14:38,459

populated so they see you know there's a

392

00:14:42,829 --> 00:14:40,800

lot more reports there as well but uh

393

00:14:45,350 --> 00:14:42,839

just the United States in general seems

394

00:14:46,970 --> 00:14:45,360

to be such an active hot spot for UAP

395

00:14:48,710 --> 00:14:46,980

sightings I know that's taken place

396

00:14:50,329 --> 00:14:48,720

everywhere else but you never hear

397

00:14:51,530 --> 00:14:50,339

anything coming from China and I don't

398

00:14:52,790 --> 00:14:51,540

think they're ever going to admit that

399

00:14:55,069 --> 00:14:52,800

they're having a problem with this as

400

00:14:56,810 --> 00:14:55,079

well but it's you know the United States

401
00:14:58,850 --> 00:14:56,820
is but basically you know when we think

402
00:15:02,810 --> 00:14:58,860
UFOs or Crash Landing it's always

403
00:15:04,970 --> 00:15:02,820
Roswell or one of these incidences so uh

404
00:15:06,829 --> 00:15:04,980
yeah no it's great to to be honest no I

405
00:15:08,629 --> 00:15:06,839
want to talk about the Star Team sure

406
00:15:09,949 --> 00:15:08,639
with mufon so

407
00:15:12,170 --> 00:15:09,959
um first of all what kind of training

408
00:15:16,430 --> 00:15:12,180
goes into becoming a star team and what

409
00:15:19,069 --> 00:15:16,440
does the star team do oh well uh

410
00:15:20,990 --> 00:15:19,079
well there's if I can break it up into

411
00:15:23,449 --> 00:15:21,000
two parts the start team in the

412
00:15:26,509 --> 00:15:23,459
beginning the very beginning of move on

413
00:15:29,689 --> 00:15:26,519

we're only five people they had

414

00:15:31,009 --> 00:15:29,699

you know phds they were the they were

415

00:15:34,490 --> 00:15:31,019

just like the best of the best of

416

00:15:37,009 --> 00:15:34,500

investigators and um the only time where

417

00:15:39,110 --> 00:15:37,019

that spread out to where more move on

418

00:15:41,990 --> 00:15:39,120

field investigators could become star

419

00:15:45,590 --> 00:15:42,000

team is when Bigelow stepped in and

420

00:15:47,269 --> 00:15:45,600

started funding UFO research and uh that

421

00:15:49,850 --> 00:15:47,279

was the first time

422

00:15:52,129 --> 00:15:49,860

um me and many others got paid because

423

00:15:55,490 --> 00:15:52,139

mufon we don't we don't collect a

424

00:15:58,970 --> 00:15:55,500

paycheck this is all volunteering it's a

425

00:16:02,030 --> 00:15:58,980

non-profit organization uh but that

426

00:16:04,970 --> 00:16:02,040

these cases that were uh that you would

427

00:16:06,829 --> 00:16:04,980

get paid for were uh it wasn't like a

428

00:16:09,350 --> 00:16:06,839

simple lights in the sky it would be a

429

00:16:12,410 --> 00:16:09,360

category two or type or category two or

430

00:16:14,030 --> 00:16:12,420

three type cases and those dealt with

431

00:16:16,370 --> 00:16:14,040

Close Encounters are the first second

432

00:16:17,810 --> 00:16:16,380

third fourth and fifth kind Landing

433

00:16:20,150 --> 00:16:17,820

trace evidence

434

00:16:22,610 --> 00:16:20,160

maybe material recovered and if we ever

435

00:16:24,110 --> 00:16:22,620

were lucky maybe a crash retrieval if we

436

00:16:26,990 --> 00:16:24,120

could beat Men In Black or the military

437

00:16:29,269 --> 00:16:27,000

you know so that was that was the goal

438

00:16:30,290 --> 00:16:29,279

of when Bigelow stepped in now I'm still

439

00:16:32,750 --> 00:16:30,300

having to answer your question about

440

00:16:34,250 --> 00:16:32,760

training that would be

441

00:16:36,410 --> 00:16:34,260

um you've been an investigator for quite

442

00:16:38,509 --> 00:16:36,420

some time you know what I mean but yeah

443

00:16:40,490 --> 00:16:38,519

yeah so like to be on the Star team is

444

00:16:43,129 --> 00:16:40,500

to be on for for a while or you talk

445

00:16:45,170 --> 00:16:43,139

about yeah I mean yeah I'm backing up

446

00:16:46,550 --> 00:16:45,180

I'm sorry hopping around too much so you

447

00:16:48,829 --> 00:16:46,560

would have to be investigator for a

448

00:16:50,629 --> 00:16:48,839

while and kind of know your stuff and

449

00:16:52,430 --> 00:16:50,639

then usually the state director or

450

00:16:54,050 --> 00:16:52,440

assistant state director would be like

451

00:16:55,189 --> 00:16:54,060

you know you're a great investigator

452

00:16:56,509 --> 00:16:55,199

you're doing a great job we're putting

453

00:16:59,629 --> 00:16:56,519

you on the Star team

454

00:17:01,610 --> 00:16:59,639

the Star team now isn't like that but

455

00:17:04,069 --> 00:17:01,620

back during the Bigelow times

456

00:17:06,110 --> 00:17:04,079

that's what was that's what they were

457

00:17:08,390 --> 00:17:06,120

calling it it was basically star was an

458

00:17:10,309 --> 00:17:08,400

acronym for Strike Team for area

459

00:17:11,809 --> 00:17:10,319

research supposed to be a rapid response

460

00:17:15,289 --> 00:17:11,819

special unit to deploy anywhere in the

461

00:17:17,990 --> 00:17:15,299

United States in 24 hours to deal with a

462

00:17:20,630 --> 00:17:18,000

case that would have evidence but

463

00:17:25,490 --> 00:17:20,640

Bigelow Aerospace Advanced space studies

464

00:17:28,010 --> 00:17:25,500

and mufine created this sip project sip

465

00:17:30,230 --> 00:17:28,020

stood for Star impact project so that's

466

00:17:32,390 --> 00:17:30,240

the project I was talking about and that

467

00:17:33,950 --> 00:17:32,400

went on for about a year and it was cool

468

00:17:36,950 --> 00:17:33,960

I mean I had

469

00:17:38,450 --> 00:17:36,960

he couldn't make a living doing it um I

470

00:17:39,770 --> 00:17:38,460

don't know I was a little naive when I

471

00:17:41,570 --> 00:17:39,780

was 20 I was like I'm gonna make a

472

00:17:43,549 --> 00:17:41,580

living doing this now I only had two

473

00:17:45,230 --> 00:17:43,559

cases in a year they had to be really

474

00:17:48,110 --> 00:17:45,240

good cases that

475

00:17:51,049 --> 00:17:48,120

that you know that I'd get paid for and

476

00:17:52,549 --> 00:17:51,059

I and is basically 100 bucks a case but

477

00:17:55,250 --> 00:17:52,559

they covered um

478

00:17:57,409 --> 00:17:55,260

or individual so if I interviewed you

479

00:17:58,850 --> 00:17:57,419

and and somebody else that might be 200

480

00:18:01,250 --> 00:17:58,860

bucks but everything was covered your

481

00:18:03,650 --> 00:18:01,260

hotel your flight your rent a car

482

00:18:05,450 --> 00:18:03,660

it was it was it was really cool and it

483

00:18:08,390 --> 00:18:05,460

actually worked it showed that mufon

484

00:18:11,029 --> 00:18:08,400

could have a a quick reaction type force

485

00:18:12,710 --> 00:18:11,039

and I I would say I've heard other

486

00:18:15,430 --> 00:18:12,720

people have different opinions but for

487

00:18:18,710 --> 00:18:15,440

my opinion it was very successful right

488

00:18:20,750 --> 00:18:18,720

and speaking of cases uh Hangar One UFO

489

00:18:23,210 --> 00:18:20,760

files was a show just dedicated to

490

00:18:24,830 --> 00:18:23,220

talking about mufon cases and you were

491

00:18:26,990 --> 00:18:24,840

on it for quite a few years are there

492

00:18:29,450 --> 00:18:27,000

any that really stand out or stick with

493

00:18:31,669 --> 00:18:29,460

you as being like sort of your favorites

494

00:18:33,770 --> 00:18:31,679

or most popular like of all the move on

495

00:18:35,090 --> 00:18:33,780

one of the ones that you really feel are

496

00:18:36,529 --> 00:18:35,100

worth looking at

497

00:18:38,450 --> 00:18:36,539

well the

498

00:18:41,289 --> 00:18:38,460

okay if you're talking about hanger One

499

00:18:44,330 --> 00:18:41,299

most of all those cases that I witness

500

00:18:47,210 --> 00:18:44,340

Witnesses gave permission to have their

501
00:18:49,789 --> 00:18:47,220
story told some of my personal base best

502
00:18:51,110 --> 00:18:49,799
cases they don't want nobody knowing so

503
00:18:55,130 --> 00:18:51,120
I can't really I can tell you what

504
00:18:56,990 --> 00:18:55,140
happened but I can't give details but I

505
00:18:59,930 --> 00:18:57,000
I've had a star team case through

506
00:19:02,270 --> 00:18:59,940
Bigelow where two individuals were

507
00:19:03,289 --> 00:19:02,280
driving down the road and a UFO came and

508
00:19:10,130 --> 00:19:03,299
took them

509
00:19:11,390 --> 00:19:10,140
and uh yeah so uh I interviewed those

510
00:19:13,850 --> 00:19:11,400
guys

511
00:19:15,529 --> 00:19:13,860
what a very strange case matter of fact

512
00:19:17,990 --> 00:19:15,539
I'll elaborate on that and I'll tell you

513
00:19:20,450 --> 00:19:18,000

a little bit about how that was so these

514

00:19:22,370 --> 00:19:20,460

two guys went on a vacation and uh they

515

00:19:25,010 --> 00:19:22,380

were heading back home and they had

516

00:19:27,049 --> 00:19:25,020

about a four hour drive to to their

517

00:19:28,490 --> 00:19:27,059

destination and they decided to pull off

518

00:19:31,850 --> 00:19:28,500

the road because they saw a bunch of

519

00:19:33,830 --> 00:19:31,860

groundhogs one of the the passenger

520

00:19:35,510 --> 00:19:33,840

I'll call them witness being was an

521

00:19:37,010 --> 00:19:35,520

amateur photographer and he wanted to

522

00:19:38,810 --> 00:19:37,020

get out and take pictures of these

523

00:19:40,730 --> 00:19:38,820

groundhogs so when he got out he started

524

00:19:42,890 --> 00:19:40,740

taking it they started getting a feeling

525

00:19:44,930 --> 00:19:42,900

like they were being watched they needed

526

00:19:46,130 --> 00:19:44,940

to get out of there they kind of didn't

527

00:19:48,049 --> 00:19:46,140

even have to communicate with each other

528

00:19:51,110 --> 00:19:48,059

just it just got spooked for some reason

529

00:19:53,690 --> 00:19:51,120

their intuition was I guess kicking in

530

00:19:55,789 --> 00:19:53,700

overdrive so they got in the car and it

531

00:19:57,590 --> 00:19:55,799

was probably a mile after they started

532

00:19:59,450 --> 00:19:57,600

driving for a minute

533

00:20:02,270 --> 00:19:59,460

when they started driving and all of a

534

00:20:05,090 --> 00:20:02,280

sudden up Flying Saucer like the bottom

535

00:20:06,590 --> 00:20:05,100

of a of a plate just comes right over

536

00:20:10,490 --> 00:20:06,600

the top of their car

537

00:20:13,370 --> 00:20:10,500

and stays with them and so the guy

538

00:20:15,650 --> 00:20:13,380

puts metal to the you know it starts to

539

00:20:17,750 --> 00:20:15,660

go as fast as you can to outrun it and

540

00:20:19,190 --> 00:20:17,760

while he's doing it the passengers

541

00:20:21,529 --> 00:20:19,200

looking out the window and he sees this

542

00:20:23,090 --> 00:20:21,539

naked man running through the desert now

543

00:20:25,730 --> 00:20:23,100

keep in mind they're going about 80 to

544

00:20:27,950 --> 00:20:25,740

90 miles an hour okay and this thing's

545

00:20:29,570 --> 00:20:27,960

catching up to him and it's running that

546

00:20:31,850 --> 00:20:29,580

it's running diagonal while they're

547

00:20:33,529 --> 00:20:31,860

going straight down the road and so

548

00:20:36,049 --> 00:20:33,539

obviously it was going faster than a car

549

00:20:39,770 --> 00:20:36,059

and by the time it got close

550

00:20:41,390 --> 00:20:39,780

it was like a it wasn't a human the head

551
00:20:44,570 --> 00:20:41,400
they just they both described looked

552
00:20:46,669 --> 00:20:44,580
like an upside down teardrop a big head

553
00:20:48,350 --> 00:20:46,679
Little Neck little and the head was kind

554
00:20:50,750 --> 00:20:48,360
of cocked this way like the head looked

555
00:20:52,430 --> 00:20:50,760
too heavy you know like he was having a

556
00:20:54,950 --> 00:20:52,440
hard time holding its head but it was

557
00:20:57,049 --> 00:20:54,960
running up running up to the car and so

558
00:20:58,970 --> 00:20:57,059
they have this coming their way and

559
00:21:00,590 --> 00:20:58,980
they've got a UFO over their head or a

560
00:21:02,990 --> 00:21:00,600
flying saucer and the next thing you

561
00:21:05,510 --> 00:21:03,000
know there was a big loud bang and the

562
00:21:07,549 --> 00:21:05,520
hole when when that beam got close to

563
00:21:08,930 --> 00:21:07,559

the car and the whole car lit up bright

564

00:21:12,350 --> 00:21:08,940

white and they felt like they were being

565

00:21:14,090 --> 00:21:12,360

lifted up they have no memory on what

566

00:21:15,830 --> 00:21:14,100

happened

567

00:21:17,690 --> 00:21:15,840

um all they know is they were driving

568

00:21:19,789 --> 00:21:17,700

down the road they were giggling and

569

00:21:21,830 --> 00:21:19,799

having a good time and then the guy goes

570

00:21:23,630 --> 00:21:21,840

the pat witness B the passenger goes hey

571

00:21:25,549 --> 00:21:23,640

didn't we hit somebody because they had

572

00:21:27,710 --> 00:21:25,559

a rental car it's like didn't we hit

573

00:21:29,450 --> 00:21:27,720

something and then the other guy's like

574

00:21:31,190 --> 00:21:29,460

yeah you know what I do remember a bank

575

00:21:32,870 --> 00:21:31,200

so they pulled outside of the road

576

00:21:35,330 --> 00:21:32,880

wonder wonder why they couldn't remember

577

00:21:37,490 --> 00:21:35,340

any more details and when they started

578

00:21:39,529 --> 00:21:37,500

to walk around the car that's when all

579

00:21:42,110 --> 00:21:39,539

their memories came back of them trying

580

00:21:45,590 --> 00:21:42,120

to outrun the saucer above their head

581

00:21:47,750 --> 00:21:45,600

and just being run alongside in the

582

00:21:50,330 --> 00:21:47,760

desert catching up to him

583

00:21:53,390 --> 00:21:50,340

um they had two hours of missing time

584

00:21:55,610 --> 00:21:53,400

they should have been home a lot sooner

585

00:21:57,230 --> 00:21:55,620

um so they it really shook them up once

586

00:21:58,970 --> 00:21:57,240

they started going back and forth and

587

00:22:03,110 --> 00:21:58,980

they contacted

588

00:22:04,789 --> 00:22:03,120

time that's when Bigelow this project

589

00:22:06,890 --> 00:22:04,799

was started so they took a very

590

00:22:09,590 --> 00:22:06,900

interesting uh they they found that a

591

00:22:12,409 --> 00:22:09,600

case of Interest so Bigelow sent their

592

00:22:14,390 --> 00:22:12,419

team out first not move on and when

593

00:22:16,250 --> 00:22:14,400

Bigelow arrived at the house or called

594

00:22:18,590 --> 00:22:16,260

them well remember how the details went

595

00:22:21,049 --> 00:22:18,600

they were really upset because they

596

00:22:24,049 --> 00:22:21,059

contacted mufon and they were wondering

597

00:22:26,930 --> 00:22:24,059

why Bigelow Aerospace is calling them

598

00:22:28,549 --> 00:22:26,940

and so they decided

599

00:22:29,770 --> 00:22:28,559

they didn't want to talk to mufan they

600

00:22:31,970 --> 00:22:29,780

didn't want to talk to anybody

601
00:22:34,850 --> 00:22:31,980
communication just stopped and then I

602
00:22:37,430 --> 00:22:34,860
got a call from Richard Lang who was my

603
00:22:39,110 --> 00:22:37,440
Star team manager during the time and he

604
00:22:41,510 --> 00:22:39,120
knew I was apparently pretty friendly

605
00:22:43,610 --> 00:22:41,520
guy easy to approach and he wanted me to

606
00:22:45,890 --> 00:22:43,620
give it a second attempt so about two

607
00:22:48,649 --> 00:22:45,900
weeks later I was able to win their

608
00:22:50,870 --> 00:22:48,659
trust and actually conduct a proper

609
00:22:54,289 --> 00:22:50,880
investigation and

610
00:22:56,330 --> 00:22:54,299
um supposedly that vehicle this is where

611
00:22:58,850 --> 00:22:56,340
my part stops I just wrapped a report

612
00:23:01,130 --> 00:22:58,860
but supposedly that Rent-A-Car was from

613
00:23:04,630 --> 00:23:01,140

Hertz and I believe that Bigelow bought

614

00:23:08,090 --> 00:23:04,640

it and uh we had a science advisor named

615

00:23:10,549 --> 00:23:08,100

Scientific Advisor named Chuck Malden

616

00:23:12,169 --> 00:23:10,559

and I believe he scanned it and what was

617

00:23:14,090 --> 00:23:12,179

the only thing they got off that vehicle

618

00:23:16,130 --> 00:23:14,100

was a high electromagnetic radiation

619

00:23:18,049 --> 00:23:16,140

coming off the windshield

620

00:23:21,529 --> 00:23:18,059

which doesn't make sense several weeks

621

00:23:24,950 --> 00:23:21,539

later okay right so uh

622

00:23:26,810 --> 00:23:24,960

I asked Chuck I said why you know it's

623

00:23:28,010 --> 00:23:26,820

made out of a breakaway glass it

624

00:23:30,230 --> 00:23:28,020

shouldn't be doing that why is this

625

00:23:33,169 --> 00:23:30,240

happening and his answer to me was

626

00:23:35,210 --> 00:23:33,179

shocking he goes well I think when they

627

00:23:36,230 --> 00:23:35,220

took them they didn't open the car doors

628

00:23:38,510 --> 00:23:36,240

they just pulled them through the

629

00:23:40,909 --> 00:23:38,520

windshield that's what he was thinking

630

00:23:43,669 --> 00:23:40,919

you know so it just kind of went over my

631

00:23:46,070 --> 00:23:43,679

head but Chuck Chuck's Chuck was a

632

00:23:48,830 --> 00:23:46,080

scientist and I believe he worked at Los

633

00:23:50,930 --> 00:23:48,840

Alamos don't quote me on that but he he

634

00:23:53,630 --> 00:23:50,940

was a un weapons inspector and I believe

635

00:23:54,950 --> 00:23:53,640

Saddam Hussein had a head out on him for

636

00:23:56,990 --> 00:23:54,960

something that happened during Desert

637

00:23:59,630 --> 00:23:57,000

Storm inspecting that kind of stuff but

638

00:24:01,130 --> 00:23:59,640

uh but um yeah that would be an

639

00:24:03,529 --> 00:24:01,140

interesting guy to interview because he

640

00:24:06,049 --> 00:24:03,539

got to look at the evidence and check

641

00:24:08,270 --> 00:24:06,059

all that stuff so but I I will never

642

00:24:10,130 --> 00:24:08,280

forget that case because I actually

643

00:24:11,930 --> 00:24:10,140

believe it really happened

644

00:24:13,310 --> 00:24:11,940

these guys were scared out in their

645

00:24:13,850 --> 00:24:13,320

minds

646

00:24:16,610 --> 00:24:13,860

um

647

00:24:18,830 --> 00:24:16,620

it's really hard to fake that uh and I I

648

00:24:20,750 --> 00:24:18,840

just kind of feel like they were hoping

649

00:24:23,450 --> 00:24:20,760

we would have answers for them and I'm

650

00:24:26,210 --> 00:24:23,460

so sorry I don't I just

651
00:24:28,669 --> 00:24:26,220
it you know we interviewed uh Calvin

652
00:24:30,289 --> 00:24:28,679
Parker and he was mentioning about his

653
00:24:32,330 --> 00:24:30,299
experience with his uh friend which

654
00:24:36,890 --> 00:24:32,340
always forget the name of his his uh

655
00:24:39,289 --> 00:24:36,900
Charlie Charlie Hicks right yeah

656
00:24:42,470 --> 00:24:39,299
um and you know just to hear that story

657
00:24:44,510 --> 00:24:42,480
and I had wondered if he had ever had a

658
00:24:46,130 --> 00:24:44,520
a follow-up because we hear about these

659
00:24:48,529 --> 00:24:46,140
one-offs we call them one-offs because

660
00:24:50,810 --> 00:24:48,539
there's either people to have it run in

661
00:24:52,610 --> 00:24:50,820
their family where like Mom and Dad mom

662
00:24:54,110 --> 00:24:52,620
or dad got abducted now they get

663
00:24:56,090 --> 00:24:54,120

abducted and then their children are

664

00:24:57,770 --> 00:24:56,100

getting abducted so there's like a a

665

00:24:59,330 --> 00:24:57,780

family relation there and then there's

666

00:25:01,130 --> 00:24:59,340

one-offs like you know we're thinking

667

00:25:02,510 --> 00:25:01,140

Travis Walton for instance where they

668

00:25:04,669 --> 00:25:02,520

don't come back they don't take him

669

00:25:06,830 --> 00:25:04,679

again there's no previous history of

670

00:25:09,110 --> 00:25:06,840

abductions so I've always wondered what

671

00:25:11,510 --> 00:25:09,120

these one-offs were all about because it

672

00:25:13,250 --> 00:25:11,520

seems to not go with the theme of you

673

00:25:16,070 --> 00:25:13,260

know following the family

674

00:25:18,350 --> 00:25:16,080

line uh it's just yeah just this one

675

00:25:20,090 --> 00:25:18,360

time of like somebody getting taken and

676

00:25:22,730 --> 00:25:20,100

it was like a you know

677

00:25:24,789 --> 00:25:22,740

a a one-night stand if you will there's

678

00:25:27,529 --> 00:25:24,799

not gonna be a reason

679

00:25:29,029 --> 00:25:27,539

one is ongoing and one is you know

680

00:25:31,549 --> 00:25:29,039

looking for something different and yeah

681

00:25:33,590 --> 00:25:31,559

I need to go back yeah I remembered uh

682

00:25:35,330 --> 00:25:33,600

I've met Travis many times he comes to

683

00:25:37,370 --> 00:25:35,340

Colorado and speaks and we always go out

684

00:25:39,590 --> 00:25:37,380

to dinner and I remember one time he

685

00:25:42,169 --> 00:25:39,600

remember the movie Fire in the Sky he

686

00:25:44,210 --> 00:25:42,179

had he had little mini posters that he

687

00:25:47,090 --> 00:25:44,220

was selling I was like Hey I want to get

688

00:25:49,010 --> 00:25:47,100

one of those so when he signed it

689

00:25:51,649 --> 00:25:49,020

you know he signs his name but he leaves

690

00:25:54,010 --> 00:25:51,659

a little quote and his quote was take my

691

00:25:56,810 --> 00:25:54,020

advice stay in the truck

692

00:25:59,870 --> 00:25:56,820

so to answer your question I think it

693

00:26:01,610 --> 00:25:59,880

was just an OP uh being at the wrong

694

00:26:04,370 --> 00:26:01,620

place or being at the right place at the

695

00:26:06,529 --> 00:26:04,380

wrong time kind of scenario uh it seemed

696

00:26:08,810 --> 00:26:06,539

like that UFO was doing something out

697

00:26:11,750 --> 00:26:08,820

there Travis got out of the truck got

698

00:26:14,570 --> 00:26:11,760

under it it's highly possible that

699

00:26:16,430 --> 00:26:14,580

even my UFO sighting of how I was trying

700

00:26:18,409 --> 00:26:16,440

to get under it and it backed away it

701
00:26:20,390 --> 00:26:18,419
didn't want anybody to get right under

702
00:26:23,210 --> 00:26:20,400
it maybe there's something harmful to

703
00:26:25,669 --> 00:26:23,220
that maybe Travis really

704
00:26:28,730 --> 00:26:25,679
you know got real seriously hurt

705
00:26:31,190 --> 00:26:28,740
and they took him fixed him and brought

706
00:26:33,710 --> 00:26:31,200
him back several days later

707
00:26:36,049 --> 00:26:33,720
um and uh

708
00:26:38,330 --> 00:26:36,059
you know I I even to this day I would

709
00:26:41,630 --> 00:26:38,340
say my opinion of Travis is he's a

710
00:26:43,130 --> 00:26:41,640
haunted man you know it really I mean

711
00:26:44,930 --> 00:26:43,140
that was a long time ago and it's still

712
00:26:47,510 --> 00:26:44,940
effective you know I mean you know it's

713
00:26:49,730 --> 00:26:47,520

affected his life and I know he has

714

00:26:52,610 --> 00:26:49,740

regrets I think he probably wish he did

715

00:26:54,110 --> 00:26:52,620

stay in a truck that that that would be

716

00:26:57,110 --> 00:26:54,120

kind of um

717

00:27:00,010 --> 00:26:57,120

yeah wrong place at the wrong time maybe

718

00:27:02,510 --> 00:27:00,020

that's why he hasn't had any other

719

00:27:05,090 --> 00:27:02,520

experiences just that one time thing but

720

00:27:06,710 --> 00:27:05,100

we have cases where there that is a

721

00:27:08,930 --> 00:27:06,720

question that I'll ask when people are

722

00:27:10,250 --> 00:27:08,940

having multiple signings or having a

723

00:27:11,930 --> 00:27:10,260

really big sighting I would ask them

724

00:27:14,330 --> 00:27:11,940

have you seen any more

725

00:27:16,549 --> 00:27:14,340

and then there will be like when I was a

726

00:27:18,230 --> 00:27:16,559

little kid but my mother's seen it and

727

00:27:21,169 --> 00:27:18,240

my grandma's seen it and she talks about

728

00:27:23,090 --> 00:27:21,179

it and you start to see that there it

729

00:27:25,669 --> 00:27:23,100

kind of follows the

730

00:27:27,590 --> 00:27:25,679

you know then that woman will have a

731

00:27:29,690 --> 00:27:27,600

daughter and then the daughter will be

732

00:27:32,450 --> 00:27:29,700

saying she's been seeing things and it's

733

00:27:34,430 --> 00:27:32,460

just yeah that that pattern is is very

734

00:27:35,810 --> 00:27:34,440

real I don't know I've been here I've

735

00:27:38,090 --> 00:27:35,820

heard that a thousand times you know

736

00:27:39,830 --> 00:27:38,100

yeah well even like I was mentioning

737

00:27:42,289 --> 00:27:39,840

before I've mentioned this a few times

738

00:27:43,850 --> 00:27:42,299

on the podcast but uh you know when

739

00:27:46,490 --> 00:27:43,860

people find out that you're interested

740

00:27:47,930 --> 00:27:46,500

in the topic they'll come and approach

741

00:27:49,490 --> 00:27:47,940

you or they'll say you know what my my

742

00:27:50,570 --> 00:27:49,500

grandfather saw something one time when

743

00:27:53,210 --> 00:27:50,580

he was fishing it's always somebody

744

00:27:54,529 --> 00:27:53,220

that's fishing or walking a dog or

745

00:27:57,890 --> 00:27:54,539

smoking I think those are the people

746

00:28:00,169 --> 00:27:57,900

that only see uh UFOs or uaps but

747

00:28:02,090 --> 00:28:00,179

somebody knows somebody who's seen

748

00:28:03,830 --> 00:28:02,100

something enough to convince them that

749

00:28:05,990 --> 00:28:03,840

that was true like oh if you knew my

750

00:28:07,789 --> 00:28:06,000

grandfather you know he wouldn't lie and

751

00:28:09,710 --> 00:28:07,799

he said he saw that right it's like dude

752

00:28:11,510 --> 00:28:09,720

everybody knows like if you haven't seen

753

00:28:13,190 --> 00:28:11,520

one yourself you know somebody you're

754

00:28:16,250 --> 00:28:13,200

directly in link with somebody who has

755

00:28:18,710 --> 00:28:16,260

had an experience even talking with uh

756

00:28:21,830 --> 00:28:18,720

you know the people inside the CIA and

757

00:28:23,450 --> 00:28:21,840

the the Department of Defense people in

758

00:28:24,890 --> 00:28:23,460

there having experiences for quite and

759

00:28:26,890 --> 00:28:24,900

out loud they're waking up with you know

760

00:28:29,210 --> 00:28:26,900

the three little guys in their bedrooms

761

00:28:31,070 --> 00:28:29,220

like that's it's not just the general

762

00:28:32,930 --> 00:28:31,080

population it's people inside the

763

00:28:35,330 --> 00:28:32,940

Department of Defense people in the

764

00:28:37,190 --> 00:28:35,340

military like this is a huge issue that

765

00:28:39,590 --> 00:28:37,200

is you know well we're keeping it

766

00:28:41,810 --> 00:28:39,600

hush-hush but as you've been working on

767

00:28:43,370 --> 00:28:41,820

this for like 15 years uh have you come

768

00:28:45,409 --> 00:28:43,380

across anybody like that like somebody

769

00:28:47,210 --> 00:28:45,419

who's like deep in the stages saying hey

770

00:28:50,149 --> 00:28:47,220

you're doing a good job or there's

771

00:28:52,070 --> 00:28:50,159

something there to it oh yeah yeah I I

772

00:28:55,250 --> 00:28:52,080

would say the intelligence Community

773

00:28:57,769 --> 00:28:55,260

part of Defense they take this very very

774

00:28:59,870 --> 00:28:57,779

seriously yeah I think some of them are

775

00:29:01,669 --> 00:28:59,880

very scared

776

00:29:04,549 --> 00:29:01,679

um but yeah there's an interest in it

777

00:29:06,110 --> 00:29:04,559

especially in the Aerospace Community

778

00:29:09,710 --> 00:29:06,120

um a lot of these guys like even Robert

779

00:29:11,990 --> 00:29:09,720

Bigelow uh has said what he thought was

780

00:29:13,850 --> 00:29:12,000

valuable information if we could just

781

00:29:16,070 --> 00:29:13,860

get a case where someone said they were

782

00:29:18,529 --> 00:29:16,080

on board to craft

783

00:29:20,570 --> 00:29:18,539

he wanted to know what what the person

784

00:29:22,669 --> 00:29:20,580

saw he wanted to know what the cockpit

785

00:29:24,950 --> 00:29:22,679

looked like that's very valuable

786

00:29:26,330 --> 00:29:24,960

information what's the smell that's what

787

00:29:28,490 --> 00:29:26,340

I want to know what's the smell in there

788

00:29:31,130 --> 00:29:28,500

right like in a ship what's it smell

789

00:29:35,210 --> 00:29:31,140

like he was willing to pay money for it

790

00:29:37,370 --> 00:29:35,220

so uh so and that was because that was a

791

00:29:39,529 --> 00:29:37,380

big question with me and my a bunch of

792

00:29:40,549 --> 00:29:39,539

my colleagues was like why is he paying

793

00:29:43,669 --> 00:29:40,559

us for

794

00:29:46,130 --> 00:29:43,679

reports is because they find anything to

795

00:29:48,350 --> 00:29:46,140

do with the craft very you know anything

796

00:29:50,269 --> 00:29:48,360

that we can learn from a person's

797

00:29:52,130 --> 00:29:50,279

experience is valuable information that

798

00:29:54,409 --> 00:29:52,140

they were willing to pay I heard that

799

00:29:57,169 --> 00:29:54,419

statement and if you can figure out Zero

800

00:29:59,630 --> 00:29:57,179

Point Energy that's game over he who

801
00:30:00,889 --> 00:29:59,640
gets their first wins you know though in

802
00:30:02,710 --> 00:30:00,899
terms of military and everything else

803
00:30:05,930 --> 00:30:02,720
moving forward if you have technology

804
00:30:08,029 --> 00:30:05,940
similar to what UFO would have you can't

805
00:30:11,269 --> 00:30:08,039
go to war with uh with a group of people

806
00:30:13,190 --> 00:30:11,279
like that right well I thought about

807
00:30:15,110 --> 00:30:13,200
that I thought about why do they put the

808
00:30:16,430 --> 00:30:15,120
classification systems on that kind of

809
00:30:18,830 --> 00:30:16,440
stuff even if they have figured it out

810
00:30:20,690 --> 00:30:18,840
they would probably stamp a top secret I

811
00:30:22,070 --> 00:30:20,700
think the reason would be

812
00:30:23,810 --> 00:30:22,080
you know we always think being

813
00:30:27,470 --> 00:30:23,820

suppressed and let's stay with the oil

814

00:30:28,730 --> 00:30:27,480

and combustion engines I could see we

815

00:30:31,370 --> 00:30:28,740

would have to kind of spiritually grow

816

00:30:33,409 --> 00:30:31,380

up yeah because that's an enormous

817

00:30:35,750 --> 00:30:33,419

amount of power that you can grab from

818

00:30:37,630 --> 00:30:35,760

The Ether and travel to Cosmos right you

819

00:30:39,889 --> 00:30:37,640

get some disgruntled

820

00:30:42,049 --> 00:30:39,899

teenager or somebody that's got problems

821

00:30:44,630 --> 00:30:42,059

they could probably make a bomb out of

822

00:30:46,430 --> 00:30:44,640

it in their garage and not just blow up

823

00:30:49,430 --> 00:30:46,440

our planet but the entire solar system

824

00:30:51,830 --> 00:30:49,440

you don't understand the range of how

825

00:30:53,570 --> 00:30:51,840

powerful zero point is and I believe

826

00:30:56,269 --> 00:30:53,580

that Zero Point Energy I've heard I've

827

00:30:59,210 --> 00:30:56,279

talked to people in the field that's

828

00:31:01,430 --> 00:30:59,220

that's something of great interest

829

00:31:04,010 --> 00:31:01,440

um of how these vehicles fly but of

830

00:31:07,250 --> 00:31:04,020

course we could talk about Nikola Tesla

831

00:31:09,289 --> 00:31:07,260

and magnetics and you know I I don't

832

00:31:10,669 --> 00:31:09,299

think I think that's why they call uaps

833

00:31:13,610 --> 00:31:10,679

they don't call them UFOs because these

834

00:31:15,590 --> 00:31:13,620

objects are not flying yeah it's not

835

00:31:17,529 --> 00:31:15,600

always a craft or a physical object

836

00:31:19,909 --> 00:31:17,539

either right sometimes it's spooky

837

00:31:21,889 --> 00:31:19,919

orb-like things or just lights or

838

00:31:23,930 --> 00:31:21,899

energies or whatever but so what I

839

00:31:26,810 --> 00:31:23,940

wanted to ask you like you've been doing

840

00:31:28,430 --> 00:31:26,820

this years what do you sum it up as a

841

00:31:29,750 --> 00:31:28,440

lot of people have various theories like

842

00:31:31,549 --> 00:31:29,760

we chatted with Daryl Sims a little

843

00:31:34,370 --> 00:31:31,559

while ago and he was saying that the

844

00:31:37,850 --> 00:31:34,380

aliens we recognize are either created

845

00:31:39,350 --> 00:31:37,860

or hatched or cloned from the real Minds

846

00:31:41,210 --> 00:31:39,360

in the universe and they're just doing

847

00:31:43,490 --> 00:31:41,220

the work of it but yet that's all we get

848

00:31:46,970 --> 00:31:43,500

to see and he seems to think that it's

849

00:31:49,130 --> 00:31:46,980

not friendly and more more nefarious I

850

00:31:50,830 --> 00:31:49,140

guess type of side so like do you think

851

00:31:53,269 --> 00:31:50,840

these are Interstellar Travelers

852

00:31:54,830 --> 00:31:53,279

inter-dimensional are they here are you

853

00:31:56,090 --> 00:31:54,840

know like when you're when you go to bed

854

00:31:58,070 --> 00:31:56,100

at night and you got to try to make

855

00:31:59,930 --> 00:31:58,080

sense of all this what do you think

856

00:32:01,789 --> 00:31:59,940

about I know that's a difficult question

857

00:32:03,409 --> 00:32:01,799

no I can answer it what do you

858

00:32:04,310 --> 00:32:03,419

generically think this whole bloody

859

00:32:07,970 --> 00:32:04,320

thing is

860

00:32:09,649 --> 00:32:07,980

I would say that I a part of me my

861

00:32:12,889 --> 00:32:09,659

intuition feels that there's something

862

00:32:15,110 --> 00:32:12,899

that we haven't thought of yet okay but

863

00:32:17,450 --> 00:32:15,120

everything you just said Has crossed my

864

00:32:19,930 --> 00:32:17,460

mind are they here do they walk amongst

865

00:32:23,090 --> 00:32:19,940

us or the Grays more

866

00:32:25,310 --> 00:32:23,100

robotoid clones that are just busy

867

00:32:27,289 --> 00:32:25,320

worker bees to carry out a task and all

868

00:32:29,510 --> 00:32:27,299

the target tall grades are they in

869

00:32:31,190 --> 00:32:29,520

charge or are the reptilians he's here

870

00:32:34,250 --> 00:32:31,200

you hear what I call that I call that

871

00:32:36,470 --> 00:32:34,260

the lore yeah the lore of ufology and

872

00:32:39,110 --> 00:32:36,480

stories that you hear

873

00:32:42,230 --> 00:32:39,120

um there's one thing that I know and

874

00:32:44,630 --> 00:32:42,240

nobody can convince me is US human

875

00:32:46,130 --> 00:32:44,640

beings that yeah I I can argue with a

876

00:32:48,889 --> 00:32:46,140

religious person about this or whatever

877

00:32:50,870 --> 00:32:48,899

we don't know who we are we don't know

878

00:32:53,210 --> 00:32:50,880

why we're here we don't know what this

879

00:32:55,730 --> 00:32:53,220

reality is I think if we or what this

880

00:32:58,130 --> 00:32:55,740

place is if we had the true answers to

881

00:33:00,710 --> 00:32:58,140

those questions okay not that something

882

00:33:02,630 --> 00:33:00,720

my teacher told me or a book told me or

883

00:33:04,490 --> 00:33:02,640

things that were passed down we might be

884

00:33:07,549 --> 00:33:04,500

able to solve this I do know that

885

00:33:09,830 --> 00:33:07,559

Consciousness plays a huge key role to

886

00:33:12,350 --> 00:33:09,840

this that's that's hardly not really

887

00:33:15,230 --> 00:33:12,360

discussed I mean it is here and there

888

00:33:17,630 --> 00:33:15,240

but my experience with that UFO there

889

00:33:20,149 --> 00:33:17,640

was a Consciousness link I forgot to

890

00:33:22,370 --> 00:33:20,159

throw that in there I mean and if you

891

00:33:24,409 --> 00:33:22,380

ever go outside and see a UFO I would

892

00:33:26,630 --> 00:33:24,419

recommend you should say in your mind

893

00:33:28,490 --> 00:33:26,640

hey if you are who I think you are move

894

00:33:31,250 --> 00:33:28,500

to the left to verify and see if it does

895

00:33:32,870 --> 00:33:31,260

because this this isn't just me this is

896

00:33:35,330 --> 00:33:32,880

I hear this

897

00:33:37,610 --> 00:33:35,340

a lot so I'm gonna just sum this up this

898

00:33:39,470 --> 00:33:37,620

is what I think contact would be like it

899

00:33:41,509 --> 00:33:39,480

won't be like a UFO land on the White

900

00:33:42,830 --> 00:33:41,519

House lawn and an alien come out and say

901
00:33:44,450 --> 00:33:42,840
take me to

902
00:33:46,909 --> 00:33:44,460
to your leader or whatever you know what

903
00:33:50,029 --> 00:33:46,919
I mean it'll be more like we all wake up

904
00:33:51,049 --> 00:33:50,039
one day and I had this dream I want to

905
00:33:53,509 --> 00:33:51,059
tell you about

906
00:33:55,850 --> 00:33:53,519
and you had the same dream too

907
00:33:59,330 --> 00:33:55,860
we all had the same dream I think that's

908
00:34:01,850 --> 00:33:59,340
how Consciousness the contact of meeting

909
00:34:03,529 --> 00:34:01,860
these things because when from what I

910
00:34:05,630 --> 00:34:03,539
hear is when you make eye contact with

911
00:34:07,070 --> 00:34:05,640
these things you're completely naked I

912
00:34:09,530 --> 00:34:07,080
mean you there is a telepathic

913
00:34:12,349 --> 00:34:09,540

communication they're inside your mind

914

00:34:14,329 --> 00:34:12,359

you can't hide nothing you know if you

915

00:34:16,609 --> 00:34:14,339

want to lie or whatever and you're an

916

00:34:19,490 --> 00:34:16,619

open book and for people that have never

917

00:34:21,290 --> 00:34:19,500

experienced that for the first time

918

00:34:24,050 --> 00:34:21,300

that's that reality transformation

919

00:34:25,609 --> 00:34:24,060

that's when your mind is just blown you

920

00:34:29,089 --> 00:34:25,619

didn't even know you're capable of doing

921

00:34:31,129 --> 00:34:29,099

that you might be hearing my voice in

922

00:34:33,710 --> 00:34:31,139

your head but I'm not moving my mouth

923

00:34:35,270 --> 00:34:33,720

and I've hear this a lot I've had a case

924

00:34:37,730 --> 00:34:35,280

recently where

925

00:34:39,770 --> 00:34:37,740

a guy just made eye contact with the

926
00:34:41,149 --> 00:34:39,780
praying mantis type being that was on

927
00:34:44,450 --> 00:34:41,159
his property

928
00:34:46,190 --> 00:34:44,460
and uh they were communicating just for

929
00:34:49,129 --> 00:34:46,200
that few seconds

930
00:34:51,050 --> 00:34:49,139
and um for him

931
00:34:53,450 --> 00:34:51,060
it was kind of a psychological rate

932
00:34:55,609 --> 00:34:53,460
because he you know it's your mind it's

933
00:34:57,470 --> 00:34:55,619
your territory and this thing was all in

934
00:34:59,089 --> 00:34:57,480
it but he was also in the mind of that

935
00:35:01,250 --> 00:34:59,099
being too

936
00:35:04,849 --> 00:35:01,260
um and I've hear that a lot well we we

937
00:35:06,050 --> 00:35:04,859
don't really usually a move Farm uh I

938
00:35:07,670 --> 00:35:06,060

mean we hear these things we have a

939

00:35:10,430 --> 00:35:07,680

thing called ERT that will deal with

940

00:35:13,849 --> 00:35:10,440

those type of situations I mostly focus

941

00:35:16,069 --> 00:35:13,859

on nuts and bolts or basically citing

942

00:35:17,990 --> 00:35:16,079

reports now the nuts and bolts type

943

00:35:20,150 --> 00:35:18,000

craft I really think

944

00:35:23,030 --> 00:35:20,160

some of these might be ours I know the

945

00:35:24,890 --> 00:35:23,040

tr3b the black triangle you can't say

946

00:35:26,990 --> 00:35:24,900

that that's ours because that that

947

00:35:29,510 --> 00:35:27,000

there's reports back in the 1800s and

948

00:35:32,089 --> 00:35:29,520

before of triangle shape craft you got

949

00:35:34,250 --> 00:35:32,099

to keep that in mind but if it's metal

950

00:35:36,829 --> 00:35:34,260

urgy I'm kind of on the fence could this

951
00:35:37,790 --> 00:35:36,839
be a top secret Aerospace new high-tech

952
00:35:41,089 --> 00:35:37,800
drone

953
00:35:43,069 --> 00:35:41,099
like the Tic Tac UFO I just don't for me

954
00:35:45,770 --> 00:35:43,079
I'm on the fence on it that could be one

955
00:35:47,569 --> 00:35:45,780
of ours you know that's what I think but

956
00:35:49,790 --> 00:35:47,579
a new type of drone that could go

957
00:35:52,550 --> 00:35:49,800
underwater in the atmosphere and in

958
00:35:54,650 --> 00:35:52,560
space I'm willing to to say we need to

959
00:35:56,569 --> 00:35:54,660
look a little bit deeper on that but um

960
00:35:57,710 --> 00:35:56,579
when it comes to the other UFOs that are

961
00:36:00,290 --> 00:35:57,720
just lights

962
00:36:02,030 --> 00:36:00,300
or dimensional like mine was kind of

963
00:36:04,430 --> 00:36:02,040

dimensional when I looked at the light

964

00:36:05,930 --> 00:36:04,440

and I followed the Leading Edge of the

965

00:36:07,490 --> 00:36:05,940

beams that came out it started to become

966

00:36:09,170 --> 00:36:07,500

more transparent

967

00:36:11,390 --> 00:36:09,180

so it almost looked like it was a

968

00:36:14,089 --> 00:36:11,400

cloaked ship and the Sunshine was just

969

00:36:16,430 --> 00:36:14,099

bouncing off it at a certain or part of

970

00:36:18,290 --> 00:36:16,440

the ship wasn't um

971

00:36:19,490 --> 00:36:18,300

uh I was just seeing one part of the

972

00:36:21,650 --> 00:36:19,500

ship there might have been a bigger

973

00:36:24,530 --> 00:36:21,660

object that was there because and I

974

00:36:26,990 --> 00:36:24,540

think that happens a lot I've seen um I

975

00:36:29,390 --> 00:36:27,000

know they hide in clouds

976

00:36:31,030 --> 00:36:29,400

um get a lot of reports of that people

977

00:36:33,349 --> 00:36:31,040

think there's a cloud above them and

978

00:36:36,109 --> 00:36:33,359

I've actually had a sighting of my own

979

00:36:38,329 --> 00:36:36,119

very similar to that that but I've had

980

00:36:41,450 --> 00:36:38,339

sightings throughout my whole life

981

00:36:43,849 --> 00:36:41,460

and for me being a mufon investigator I

982

00:36:46,069 --> 00:36:43,859

do want to learn as much as I can and I

983

00:36:48,050 --> 00:36:46,079

am I'm still learning after 17 years but

984

00:36:50,510 --> 00:36:48,060

I'm also there to help people let them

985

00:36:52,370 --> 00:36:50,520

know that no you're not crazy I've been

986

00:36:54,710 --> 00:36:52,380

through it too I know you can't talk to

987

00:36:56,390 --> 00:36:54,720

your neighbors about it but you know yes

988

00:36:58,130 --> 00:36:56,400

you know some reassurance that's the

989

00:37:00,710 --> 00:36:58,140

best and I feel like I'm doing a good

990

00:37:03,710 --> 00:37:00,720

service to humanity and and actually I'm

991

00:37:05,390 --> 00:37:03,720

also a patriot if Uncle Sam wants to see

992

00:37:08,569 --> 00:37:05,400

what we're doing it's fine with me too I

993

00:37:09,950 --> 00:37:08,579

don't care I think we all need to kind

994

00:37:12,050 --> 00:37:09,960

of work together to solve this

995

00:37:14,089 --> 00:37:12,060

phenomenon I think it's very very

996

00:37:16,609 --> 00:37:14,099

important and it's definitely worthy of

997

00:37:18,589 --> 00:37:16,619

investigating you mentioned as well

998

00:37:20,990 --> 00:37:18,599

about the Consciousness thing and these

999

00:37:22,370 --> 00:37:21,000

crafts seem to be conscious like when

1000

00:37:24,230 --> 00:37:22,380

you're looking at one you're not just

1001
00:37:26,630 --> 00:37:24,240
looking at like the way you would look

1002
00:37:28,490 --> 00:37:26,640
at a driver behind a wheel of a car you

1003
00:37:30,109 --> 00:37:28,500
know it's a car but somehow when you're

1004
00:37:33,170 --> 00:37:30,119
looking at these crafts you're like that

1005
00:37:35,450 --> 00:37:33,180
is a conscious it's a Consciousness that

1006
00:37:37,730 --> 00:37:35,460
I'm looking at it's not just a crowd and

1007
00:37:40,370 --> 00:37:37,740
they respond to people on the ground

1008
00:37:42,050 --> 00:37:40,380
they you know uh speak telepathically to

1009
00:37:43,490 --> 00:37:42,060
people it's not just you know the

1010
00:37:46,370 --> 00:37:43,500
speaking telepathically it's the

1011
00:37:49,190 --> 00:37:46,380
transfer of emotions feelings thoughts

1012
00:37:50,690 --> 00:37:49,200
ideas it's like an invasion and because

1013
00:37:52,250 --> 00:37:50,700

you it's stuff you never had before

1014

00:37:54,530 --> 00:37:52,260

you've never had

1015

00:37:56,150 --> 00:37:54,540

that ability before and somehow they

1016

00:37:57,829 --> 00:37:56,160

hold the key to that and they keep

1017

00:37:59,810 --> 00:37:57,839

mentioning to people raise your

1018

00:38:01,609 --> 00:37:59,820

Consciousness or if they get people to

1019

00:38:03,109 --> 00:38:01,619

fly their ships they said well the ships

1020

00:38:05,150 --> 00:38:03,119

operate on my Consciousness my

1021

00:38:07,609 --> 00:38:05,160

Consciousness extended to the ship so

1022

00:38:10,190 --> 00:38:07,619

Consciousness has a huge part to play in

1023

00:38:11,870 --> 00:38:10,200

this and uh you know I keep thinking

1024

00:38:14,270 --> 00:38:11,880

about this like we're humans right now

1025

00:38:15,950 --> 00:38:14,280

all three of us uh we're conscious but

1026

00:38:18,349 --> 00:38:15,960

we're created from the universe so

1027

00:38:19,670 --> 00:38:18,359

technically we're conscious because of

1028

00:38:22,910 --> 00:38:19,680

the universe that might be something

1029

00:38:25,130 --> 00:38:22,920

that if life across the Galaxy or the

1030

00:38:26,930 --> 00:38:25,140

universe uh is like that we're all the

1031

00:38:28,490 --> 00:38:26,940

same Consciousness which is happening in

1032

00:38:31,190 --> 00:38:28,500

inhabit different bodies and we're

1033

00:38:32,990 --> 00:38:31,200

different evolutionary scales right uh

1034

00:38:34,130 --> 00:38:33,000

but yeah I know this this is a sorry I

1035

00:38:36,109 --> 00:38:34,140

just went down the rabbit hole but

1036

00:38:38,089 --> 00:38:36,119

that's usually where it leads right uh

1037

00:38:39,770 --> 00:38:38,099

you keep questioning these things I

1038

00:38:43,490 --> 00:38:39,780

actually wish people would talk more

1039

00:38:45,710 --> 00:38:43,500

about it or just kind of get it because

1040

00:38:47,810 --> 00:38:45,720

if you approach UFO and you think that

1041

00:38:49,730 --> 00:38:47,820

you're going to be okay with distance

1042

00:38:51,109 --> 00:38:49,740

and you're not going to be you're not

1043

00:38:53,329 --> 00:38:51,119

going to have no interaction you might

1044

00:38:55,790 --> 00:38:53,339

be wrong because they know you see them

1045

00:39:00,230 --> 00:38:55,800

if you see them they see you and

1046

00:39:02,450 --> 00:39:00,240

whatever you're thinking you know uh

1047

00:39:06,050 --> 00:39:02,460

I I've had I've had it happen to me I've

1048

00:39:08,810 --> 00:39:06,060

had the emotions I've had um extreme

1049

00:39:12,410 --> 00:39:08,820

amount I I don't even can't find the

1050

00:39:15,109 --> 00:39:12,420

right word for it but it's close to love

1051

00:39:16,430 --> 00:39:15,119

like I don't know if you can I know you

1052

00:39:19,069 --> 00:39:16,440

can't remember but if you were a baby

1053

00:39:21,829 --> 00:39:19,079

and your mom holding you yeah I know

1054

00:39:26,030 --> 00:39:21,839

it's just it's just so strange that

1055

00:39:28,430 --> 00:39:26,040

there is emotion there is sometimes um

1056

00:39:29,870 --> 00:39:28,440

intellectual type stuff like a couple

1057

00:39:32,930 --> 00:39:29,880

people

1058

00:39:35,210 --> 00:39:32,940

became uh started writing down uh

1059

00:39:38,089 --> 00:39:35,220

you know algebra equations and they're

1060

00:39:39,890 --> 00:39:38,099

not even into math it changes people and

1061

00:39:43,790 --> 00:39:39,900

actually uh some people become psychic

1062

00:39:45,829 --> 00:39:43,800

just from The Experience uh you know

1063

00:39:47,930 --> 00:39:45,839

it's like riding a bike and you you know

1064

00:39:50,089 --> 00:39:47,940

you never forget so when you're forced

1065

00:39:52,130 --> 00:39:50,099

into this experience you start to

1066

00:39:54,770 --> 00:39:52,140

realize that yourself that you have

1067

00:39:57,829 --> 00:39:54,780

psychic abilities because it's not just

1068

00:39:59,450 --> 00:39:57,839

that thing took over you it was y'all

1069

00:40:01,010 --> 00:39:59,460

are working together you know what I

1070

00:40:02,390 --> 00:40:01,020

mean and then the thing leaves and

1071

00:40:04,550 --> 00:40:02,400

you're and you're like oh my God there

1072

00:40:06,650 --> 00:40:04,560

is something to this and you start to

1073

00:40:08,089 --> 00:40:06,660

realize later on through your life you

1074

00:40:10,670 --> 00:40:08,099

start to feel like you're a superhero

1075

00:40:13,130 --> 00:40:10,680

because you you get that intuition I

1076

00:40:14,810 --> 00:40:13,140

should I should uh slow down

1077

00:40:16,069 --> 00:40:14,820

and then all of a sudden I'm really glad

1078

00:40:17,870 --> 00:40:16,079

I slowed down because the wreck happened

1079

00:40:19,069 --> 00:40:17,880

right in front of me or you know things

1080

00:40:22,250 --> 00:40:19,079

like that

1081

00:40:25,609 --> 00:40:22,260

um or I mean I can go on a whole range

1082

00:40:29,030 --> 00:40:25,619

but it's extra sensory perception or

1083

00:40:31,130 --> 00:40:29,040

your intuition has increased yeah and

1084

00:40:33,430 --> 00:40:31,140

then a normal standard that you used to

1085

00:40:36,410 --> 00:40:33,440

have so yeah

1086

00:40:37,970 --> 00:40:36,420

even with uh with people like when uh it

1087

00:40:40,010 --> 00:40:37,980

was talked about that quite a bit with

1088

00:40:42,470 --> 00:40:40,020

uh Louis just about like how you can

1089

00:40:44,030 --> 00:40:42,480

feel somebody's Vibe uh you know when

1090

00:40:45,050 --> 00:40:44,040

you're like you're getting a bad vibe

1091

00:40:46,670 --> 00:40:45,060

from somebody and you're like there's

1092

00:40:48,890 --> 00:40:46,680

something wrong with this person and it

1093

00:40:50,569 --> 00:40:48,900

turns out either that day or later on

1094

00:40:53,270 --> 00:40:50,579

you find out they're a complete

1095

00:40:55,010 --> 00:40:53,280

douchebag uh you know and that's that's

1096

00:40:56,870 --> 00:40:55,020

usually you had that feeling about them

1097

00:40:59,870 --> 00:40:56,880

right that usually doesn't lead you

1098

00:41:01,550 --> 00:40:59,880

astray and uh I find that it's a part of

1099

00:41:03,230 --> 00:41:01,560

our you know we all do it but we don't

1100

00:41:05,150 --> 00:41:03,240

talk about it because it's not something

1101
00:41:07,010 --> 00:41:05,160
that we can even animals have accents

1102
00:41:08,870 --> 00:41:07,020
yeah dogs are leery of certain people

1103
00:41:11,030 --> 00:41:08,880
and you find out they were a backstabber

1104
00:41:12,470 --> 00:41:11,040
or whatever maybe they're they're tuning

1105
00:41:14,210 --> 00:41:12,480
into some different frequency that we're

1106
00:41:15,770 --> 00:41:14,220
not but just probably something to do it

1107
00:41:18,290 --> 00:41:15,780
for sure and on the topic of

1108
00:41:21,050 --> 00:41:18,300
Consciousness we do have the odd message

1109
00:41:22,970 --> 00:41:21,060
go ahead sorry Jeremy no I I just

1110
00:41:25,310 --> 00:41:22,980
remember in the Army I'm sorry I was

1111
00:41:27,770 --> 00:41:25,320
82nd Airborne paratrooper and I don't

1112
00:41:29,750 --> 00:41:27,780
know maybe my drill sergeant was

1113
00:41:31,970 --> 00:41:29,760

making stuff up but he he was talking

1114

00:41:34,010 --> 00:41:31,980

about silent kills I was infantry I'm

1115

00:41:36,470 --> 00:41:34,020

sorry and when you're going to sneak up

1116

00:41:38,329 --> 00:41:36,480

on an enemy and kill them do not look at

1117

00:41:39,770 --> 00:41:38,339

the back of their head look at their

1118

00:41:42,349 --> 00:41:39,780

hands and look at their feet when they

1119

00:41:44,329 --> 00:41:42,359

go do the kill because the enemy might

1120

00:41:46,069 --> 00:41:44,339

feel that they're being watched so don't

1121

00:41:47,810 --> 00:41:46,079

Focus your intent on the back of their

1122

00:41:49,609 --> 00:41:47,820

head and I was like whoa whoa wait a

1123

00:41:51,530 --> 00:41:49,619

second timeout is that in the army

1124

00:41:53,690 --> 00:41:51,540

manual and then of course by asking

1125

00:41:57,170 --> 00:41:53,700

questions I'm doing push-ups again but

1126
00:41:59,390 --> 00:41:57,180
uh here's right I mean do an experiment

1127
00:42:01,490 --> 00:41:59,400
just sit behind somebody and just stare

1128
00:42:05,030 --> 00:42:01,500
at the back yeah and watch their body

1129
00:42:07,609 --> 00:42:05,040
move you know we do have that

1130
00:42:10,609 --> 00:42:07,619
um I'm just saying that uh the UFO

1131
00:42:14,270 --> 00:42:10,619
situation the real ones not the ones we

1132
00:42:16,550 --> 00:42:14,280
make uh it's it I can't describe the

1133
00:42:19,010 --> 00:42:16,560
words it's like

1134
00:42:21,050 --> 00:42:19,020
it would cause a religious experience or

1135
00:42:23,450 --> 00:42:21,060
a spiritual experience you can't get out

1136
00:42:25,010 --> 00:42:23,460
of it you know so yeah and some people

1137
00:42:26,329 --> 00:42:25,020
give us a hard time and they say you

1138
00:42:28,430 --> 00:42:26,339

know a lot of you guys talk about

1139

00:42:30,829 --> 00:42:28,440

Consciousness supposed to be just UFOs

1140

00:42:33,290 --> 00:42:30,839

and this and that well an opinion is one

1141

00:42:34,910 --> 00:42:33,300

thing until you have new information and

1142

00:42:37,190 --> 00:42:34,920

then if you don't adapt your opinion

1143

00:42:39,470 --> 00:42:37,200

you're being willfully ignorant you're

1144

00:42:40,849 --> 00:42:39,480

blocking out stuff that has validity

1145

00:42:42,829 --> 00:42:40,859

just because you're saying I don't want

1146

00:42:44,510 --> 00:42:42,839

to go there but the more and more we

1147

00:42:46,490 --> 00:42:44,520

talk to people that are educated been

1148

00:42:48,109 --> 00:42:46,500

studying this for years people like

1149

00:42:50,270 --> 00:42:48,119

Leslie Kane that have even had their own

1150

00:42:53,750 --> 00:42:50,280

experiences too and and talk about life

1151

00:42:55,609 --> 00:42:53,760

after death and it's more in that realm

1152

00:42:57,950 --> 00:42:55,619

now than it's ever been and if we really

1153

00:42:59,750 --> 00:42:57,960

want to understand it if it comes from

1154

00:43:02,150 --> 00:42:59,760

that we're never going to get there if

1155

00:43:03,770 --> 00:43:02,160

we don't look at that and you know true

1156

00:43:05,750 --> 00:43:03,780

scientists you know we've had Avi lobe

1157

00:43:07,790 --> 00:43:05,760

and Jacques valet on the show and they

1158

00:43:09,349 --> 00:43:07,800

Reserve judgment and say I don't know I

1159

00:43:11,030 --> 00:43:09,359

just go by what the information is

1160

00:43:13,430 --> 00:43:11,040

telling me and they've changed their

1161

00:43:14,809 --> 00:43:13,440

mind a dozen times because as new things

1162

00:43:17,089 --> 00:43:14,819

come into the picture you have to

1163

00:43:19,010 --> 00:43:17,099

consider that or eliminate it but you

1164

00:43:21,290 --> 00:43:19,020

don't eliminate it until you first

1165

00:43:23,770 --> 00:43:21,300

really consider it and and know it up

1166

00:43:25,970 --> 00:43:23,780

and down so Consciousness is definitely

1167

00:43:28,370 --> 00:43:25,980

more and more and more of something that

1168

00:43:30,470 --> 00:43:28,380

we have to look at it's this stranger of

1169

00:43:31,790 --> 00:43:30,480

the Sciences you know we like to stay in

1170

00:43:33,410 --> 00:43:31,800

the nuts and bolts world because we

1171

00:43:35,510 --> 00:43:33,420

think we understand that and we're just

1172

00:43:37,250 --> 00:43:35,520

starting to get a grip on that and now

1173

00:43:39,530 --> 00:43:37,260

it's this whole Rabbit Hole of things

1174

00:43:41,510 --> 00:43:39,540

that are far beyond and even in the

1175

00:43:43,550 --> 00:43:41,520

world of like Paranormal and Poltergeist

1176
00:43:45,170 --> 00:43:43,560
and guys like George Knapp talking about

1177
00:43:48,069 --> 00:43:45,180
going to Skinwalker Ranch and The

1178
00:43:50,870 --> 00:43:48,079
Hitchhiker effect oh yeah

1179
00:43:53,270 --> 00:43:50,880
they've had like UFO sightings and then

1180
00:43:56,089 --> 00:43:53,280
Poltergeist and the host how are they

1181
00:43:59,510 --> 00:43:56,099
connected even Bigfoot and UFO like it's

1182
00:44:01,010 --> 00:43:59,520
crazy but it's coming up a lot so there

1183
00:44:02,990 --> 00:44:01,020
might be something to it you know well

1184
00:44:05,329 --> 00:44:03,000
what we do is we compartmentalize or we

1185
00:44:07,309 --> 00:44:05,339
put things in categories this is a ghost

1186
00:44:10,309 --> 00:44:07,319
this is you up you know this is Santa

1187
00:44:12,650 --> 00:44:10,319
Claus it's a tooth fairy but um I'm

1188
00:44:14,329 --> 00:44:12,660

starting to think that the Paranormal is

1189

00:44:16,910 --> 00:44:14,339

kind of all the same when you start the

1190

00:44:17,930 --> 00:44:16,920

and I've had cases that I could I've had

1191

00:44:19,910 --> 00:44:17,940

a case where a woman's having

1192

00:44:22,069 --> 00:44:19,920

Poltergeist activity but she doesn't

1193

00:44:24,349 --> 00:44:22,079

she's not a religious person yeah so she

1194

00:44:26,329 --> 00:44:24,359

thinks it's aliens right and anybody

1195

00:44:28,730 --> 00:44:26,339

else like you need a priest right I'm

1196

00:44:30,950 --> 00:44:28,740

just saying same thing if I introduced

1197

00:44:33,770 --> 00:44:30,960

you to a reptilian alien big tall thing

1198

00:44:34,970 --> 00:44:33,780

but you saw the movie Predator okay so

1199

00:44:36,950 --> 00:44:34,980

you know that thing's not going to kill

1200

00:44:38,150 --> 00:44:36,960

you because you're not armed but if your

1201

00:44:41,349 --> 00:44:38,160

arm just gonna kill you that's that's

1202

00:44:44,630 --> 00:44:41,359

the rules in the movie or pregnant

1203

00:44:46,309 --> 00:44:44,640

okay or and then someone else who's very

1204

00:44:48,349 --> 00:44:46,319

religious or whatever would think that's

1205

00:44:50,450 --> 00:44:48,359

the devil body Boucher so we all have

1206

00:44:52,849 --> 00:44:50,460

our points of view ghosts supposedly

1207

00:44:53,990 --> 00:44:52,859

walk the walls I've heard that aliens

1208

00:44:55,550 --> 00:44:54,000

walk through walls when people are

1209

00:44:57,349 --> 00:44:55,560

getting abducted they're just they just

1210

00:44:58,550 --> 00:44:57,359

come through the door or just walk right

1211

00:45:01,430 --> 00:44:58,560

through it

1212

00:45:03,410 --> 00:45:01,440

very similar to that case I was telling

1213

00:45:05,329 --> 00:45:03,420

you about about how Chuck Mauldin

1214

00:45:07,309 --> 00:45:05,339

thought those two people were pulled

1215

00:45:10,730 --> 00:45:07,319

through the windshield if you think

1216

00:45:12,230 --> 00:45:10,740

about it if we want to break an atom if

1217

00:45:14,089 --> 00:45:12,240

you made it the size of the basket a

1218

00:45:16,010 --> 00:45:14,099

basketball the electrons spinning around

1219

00:45:17,450 --> 00:45:16,020

it would be miles away you have a

1220

00:45:19,490 --> 00:45:17,460

tremendous amount of space in between

1221

00:45:20,930 --> 00:45:19,500

there and if you can change the

1222

00:45:22,730 --> 00:45:20,940

vibration of that

1223

00:45:24,589 --> 00:45:22,740

and change the vibration of the solid

1224

00:45:27,589 --> 00:45:24,599

object theoretically you could walk

1225

00:45:29,809 --> 00:45:27,599

through it not a problem I I and I don't

1226

00:45:31,790 --> 00:45:29,819

know how they do it I've always wondered

1227

00:45:33,829 --> 00:45:31,800

how they do it how they're able to

1228

00:45:35,809 --> 00:45:33,839

walk it through people's walls or pull

1229

00:45:36,890 --> 00:45:35,819

people through their cars

1230

00:45:39,170 --> 00:45:36,900

um

1231

00:45:40,490 --> 00:45:39,180

I've heard stories of UFOs look like

1232

00:45:42,170 --> 00:45:40,500

they're about to crash into a mountain

1233

00:45:43,550 --> 00:45:42,180

but they just go through it you would

1234

00:45:45,589 --> 00:45:43,560

you would have to think it's kind of

1235

00:45:47,930 --> 00:45:45,599

what Einstein said if they could travel

1236

00:45:49,550 --> 00:45:47,940

the vast universe

1237

00:45:50,750 --> 00:45:49,560

that we're going to have difficulty

1238

00:45:52,970 --> 00:45:50,760

trying to shoot them down with our

1239

00:45:54,530 --> 00:45:52,980

machine guns on our on our airplanes you

1240

00:45:56,809 --> 00:45:54,540

know they could travel to water they

1241

00:45:59,809 --> 00:45:56,819

could travel through anything yeah I I

1242

00:46:01,910 --> 00:45:59,819

think overall it's not just one answer I

1243

00:46:05,150 --> 00:46:01,920

think we're being visited by others that

1244

00:46:07,550 --> 00:46:05,160

are not us I think we have

1245

00:46:09,470 --> 00:46:07,560

I'm actually willing to say 85 of all

1246

00:46:11,210 --> 00:46:09,480

UFOs are probably ours that we

1247

00:46:13,430 --> 00:46:11,220

manufacture and make them but there are

1248

00:46:15,710 --> 00:46:13,440

the unknowns and then you have things

1249

00:46:19,730 --> 00:46:15,720

that are dimensional

1250

00:46:21,950 --> 00:46:19,740

that um yeah and then if Daryl Sims

1251

00:46:24,890 --> 00:46:21,960

thinks they're bad

1252

00:46:26,569 --> 00:46:24,900

I I would say as above below I mean we

1253

00:46:28,309 --> 00:46:26,579

really

1254

00:46:29,630 --> 00:46:28,319

we can't leave the planet you and me

1255

00:46:32,150 --> 00:46:29,640

can't leave the planet but it'd be

1256

00:46:34,550 --> 00:46:32,160

really cool if we could leave and go

1257

00:46:37,069 --> 00:46:34,560

explore and learn about what's going on

1258

00:46:39,710 --> 00:46:37,079

out there we can only learn we can only

1259

00:46:41,510 --> 00:46:39,720

talk about what we know here yeah so

1260

00:46:43,910 --> 00:46:41,520

you've got can't say humans are bad

1261

00:46:46,250 --> 00:46:43,920

you've got Jeffrey Dahmer and then you

1262

00:46:48,890 --> 00:46:46,260

have you know what I mean

1263

00:46:50,630 --> 00:46:48,900

so I kind of think that that's that's

1264

00:46:52,190 --> 00:46:50,640

healthy that's a healthy statement you

1265

00:46:54,530 --> 00:46:52,200

can't I hear people say they're all good

1266

00:46:55,790 --> 00:46:54,540

you say they're bad you're wrong it's

1267

00:46:59,150 --> 00:46:55,800

like man that's when you're closing

1268

00:47:00,950 --> 00:46:59,160

yourself off you got to be open-minded I

1269

00:47:02,870 --> 00:47:00,960

mean I got like I think I actually like

1270

00:47:05,089 --> 00:47:02,880

what Stan Freeman used to say about the

1271

00:47:06,770 --> 00:47:05,099

the folders you have one folder that's

1272

00:47:09,890 --> 00:47:06,780

factual you know these are true and the

1273

00:47:12,050 --> 00:47:09,900

others the other folder that's um

1274

00:47:13,970 --> 00:47:12,060

BS and then you have the gray folder

1275

00:47:16,069 --> 00:47:13,980

you're not sure but you put it in there

1276
00:47:17,690 --> 00:47:16,079
and you wait for more information later

1277
00:47:21,190 --> 00:47:17,700
on in the future that might surface that

1278
00:47:24,410 --> 00:47:21,200
you could fall back on so I don't really

1279
00:47:26,990 --> 00:47:24,420
disprove anything we I just know that

1280
00:47:29,089 --> 00:47:27,000
it's just amazing that where we are

1281
00:47:30,589 --> 00:47:29,099
today we still don't have the answers to

1282
00:47:33,050 --> 00:47:30,599
these questions and I think that's what

1283
00:47:35,390 --> 00:47:33,060
makes life amazing I mean there's so

1284
00:47:36,589 --> 00:47:35,400
many Mysteries out there if we had all

1285
00:47:38,930 --> 00:47:36,599
the answers it'd probably be really

1286
00:47:41,569 --> 00:47:38,940
boring but I've been with mufon for

1287
00:47:42,890 --> 00:47:41,579
actually 17 years now and I still

1288
00:47:46,190 --> 00:47:42,900

haven't found an answer that has

1289

00:47:48,349 --> 00:47:46,200

satisfied me so have you found a a

1290

00:47:50,569 --> 00:47:48,359

change though like within the last five

1291

00:47:53,450 --> 00:47:50,579

years like have you noticed that it's a

1292

00:47:56,210 --> 00:47:53,460

it's a big change right big how has that

1293

00:47:57,650 --> 00:47:56,220

affected you well I've been on podcasts

1294

00:48:01,130 --> 00:47:57,660

where I've been ridiculed I've been

1295

00:48:03,050 --> 00:48:01,140

pumped like MTD punked you know uh they

1296

00:48:05,150 --> 00:48:03,060

played a Cheesy X-Files of Music in the

1297

00:48:07,849 --> 00:48:05,160

background uh

1298

00:48:09,589 --> 00:48:07,859

so back in the day we would as a UFO

1299

00:48:12,050 --> 00:48:09,599

investigator we would have to present

1300

00:48:13,790 --> 00:48:12,060

our evidence to explain why this is

1301

00:48:16,130 --> 00:48:13,800

worthy of investigation and they would

1302

00:48:17,450 --> 00:48:16,140

always bring on a debunker you know to

1303

00:48:20,630 --> 00:48:17,460

keep it balanced

1304

00:48:22,370 --> 00:48:20,640

once mainstream media went public with

1305

00:48:23,510 --> 00:48:22,380

the Tic Tac and the government coming

1306

00:48:26,210 --> 00:48:23,520

out

1307

00:48:29,569 --> 00:48:26,220

change a change happened

1308

00:48:31,970 --> 00:48:29,579

I mean even uh some of my relatives or

1309

00:48:34,190 --> 00:48:31,980

people that you know that never believed

1310

00:48:35,870 --> 00:48:34,200

it now believe it because because the

1311

00:48:37,190 --> 00:48:35,880

media is saying it and I'll tell you

1312

00:48:39,950 --> 00:48:37,200

what I'll tell you this and move on

1313

00:48:41,990 --> 00:48:39,960

right now sometimes we would get a few

1314

00:48:44,270 --> 00:48:42,000

people they're interesting backgrounds

1315

00:48:45,650 --> 00:48:44,280

but that want to be investigator now

1316

00:48:47,750 --> 00:48:45,660

we're getting people that have

1317

00:48:49,490 --> 00:48:47,760

extraordinary backgrounds that want to

1318

00:48:51,470 --> 00:48:49,500

be an investigator they've always wanted

1319

00:48:55,430 --> 00:48:51,480

to be investigator but they were afraid

1320

00:48:57,950 --> 00:48:55,440

of the ridicule tinfoil hat scenario and

1321

00:49:00,050 --> 00:48:57,960

they now they think it's okay to come in

1322

00:49:01,550 --> 00:49:00,060

we had a homicide detective that was one

1323

00:49:04,430 --> 00:49:01,560

of our chief investigators

1324

00:49:06,230 --> 00:49:04,440

for a year and his supervisor said this

1325

00:49:08,089 --> 00:49:06,240

is like way back in the day he said uh

1326

00:49:10,069 --> 00:49:08,099

you can't you can't be done move on

1327

00:49:12,589 --> 00:49:10,079

because when he's in court just imagine

1328

00:49:14,150 --> 00:49:12,599

the prosecutor in defense going back and

1329

00:49:16,130 --> 00:49:14,160

forth weren't you in the conspiracy

1330

00:49:17,870 --> 00:49:16,140

theories and then pull out the move-on

1331

00:49:19,670 --> 00:49:17,880

bag and then of course you're trying to

1332

00:49:21,890 --> 00:49:19,680

prosecute this guy for murder

1333

00:49:24,530 --> 00:49:21,900

so he had to step down because that

1334

00:49:26,329 --> 00:49:24,540

might have affect his real job and I

1335

00:49:28,370 --> 00:49:26,339

believe a lot of people were held back

1336

00:49:30,230 --> 00:49:28,380

because of the Judgment but now that

1337

00:49:33,050 --> 00:49:30,240

it's accepted through mainstream media

1338

00:49:36,109 --> 00:49:33,060

I'm seeing a whole bunch of awesome

1339

00:49:37,849 --> 00:49:36,119

walks of life talent that are that want

1340

00:49:40,370 --> 00:49:37,859

to be members and join the organization

1341

00:49:41,809 --> 00:49:40,380

so to me that's a big change because

1342

00:49:44,329 --> 00:49:41,819

I've been move on for a long time and

1343

00:49:46,609 --> 00:49:44,339

I've never seen it like this before so a

1344

00:49:48,650 --> 00:49:46,619

huge boom to to the move yes yeah yes

1345

00:49:50,630 --> 00:49:48,660

sir absolutely what do you think is

1346

00:49:52,309 --> 00:49:50,640

coming next like I mean there's been a

1347

00:49:55,069 --> 00:49:52,319

lot of talk in 2022 you know

1348

00:49:57,290 --> 00:49:55,079

Congressional hearings the report I'm of

1349

00:49:59,450 --> 00:49:57,300

the mindset that I don't care what's in

1350

00:50:01,490 --> 00:49:59,460

the report it's going to be scrubbed and

1351
00:50:04,790 --> 00:50:01,500
exactly how they want it and dumbed down

1352
00:50:06,230 --> 00:50:04,800
we just get more frustrated the more we

1353
00:50:07,670 --> 00:50:06,240
wait for them to give us what we're

1354
00:50:09,890 --> 00:50:07,680
looking for and the more it doesn't

1355
00:50:11,690 --> 00:50:09,900
happen so I'm more of the mindset that

1356
00:50:13,910 --> 00:50:11,700
this is going to come from private

1357
00:50:16,130 --> 00:50:13,920
sector science initiatives like Galileo

1358
00:50:18,050 --> 00:50:16,140
project guys like Rob Freeman going

1359
00:50:20,390 --> 00:50:18,060
around the world with high-tech gear and

1360
00:50:21,770 --> 00:50:20,400
David Mason and those kind of guys what

1361
00:50:24,230 --> 00:50:21,780
where do you think this is going to go

1362
00:50:27,170 --> 00:50:24,240
in 2023 and moving forward

1363
00:50:29,990 --> 00:50:27,180

I think move on will play a big role

1364

00:50:32,089 --> 00:50:30,000

um I do I don't I'm hearing rumors and

1365

00:50:34,309 --> 00:50:32,099

things like that and don't say nothing

1366

00:50:37,849 --> 00:50:34,319

Jeremy okay fine so I'll just give you

1367

00:50:39,829 --> 00:50:37,859

my two cents yeah I think Congress

1368

00:50:42,650 --> 00:50:39,839

um they got a bunch of money in that

1369

00:50:44,630 --> 00:50:42,660

package to deal with UFOs I don't know

1370

00:50:47,329 --> 00:50:44,640

the name of the package but they're

1371

00:50:48,829 --> 00:50:47,339

going to start spreading out not just

1372

00:50:50,690 --> 00:50:48,839

the Department of Defense investigating

1373

00:50:52,549 --> 00:50:50,700

but looking for

1374

00:50:54,349 --> 00:50:52,559

even People Like Us third party

1375

00:50:57,470 --> 00:50:54,359

investigators have been doing this for

1376

00:50:59,390 --> 00:50:57,480

ever you know um and trying to just

1377

00:51:01,430 --> 00:50:59,400

stretch out their resources to try to

1378

00:51:03,589 --> 00:51:01,440

come to an understanding of what that is

1379

00:51:05,450 --> 00:51:03,599

uh NASA

1380

00:51:07,490 --> 00:51:05,460

I always thought NASA stiffer not always

1381

00:51:09,410 --> 00:51:07,500

a straight answer so you know I'm on the

1382

00:51:10,609 --> 00:51:09,420

same boat with you I kind of feel like

1383

00:51:12,410 --> 00:51:10,619

it really pissed me off when they're

1384

00:51:13,970 --> 00:51:12,420

like this is a new thing because it's

1385

00:51:15,770 --> 00:51:13,980

not a new thing it's been going on for a

1386

00:51:17,809 --> 00:51:15,780

long time and I can't believe they even

1387

00:51:19,849 --> 00:51:17,819

pulled that card that's an insult not

1388

00:51:22,130 --> 00:51:19,859

just to my intelligence but even the

1389

00:51:25,309 --> 00:51:22,140

normies that know better

1390

00:51:26,329 --> 00:51:25,319

um but I do think that there's always an

1391

00:51:28,910 --> 00:51:26,339

agenda

1392

00:51:31,430 --> 00:51:28,920

to hey let's call them a threat so we

1393

00:51:33,829 --> 00:51:31,440

can get money for our defense budget and

1394

00:51:35,809 --> 00:51:33,839

maybe there are threat I don't know but

1395

00:51:37,730 --> 00:51:35,819

I think we shouldn't even go that route

1396

00:51:39,890 --> 00:51:37,740

what we should do is

1397

00:51:41,569 --> 00:51:39,900

spend the money to try to solve this

1398

00:51:43,490 --> 00:51:41,579

this mystery that we still haven't been

1399

00:51:46,190 --> 00:51:43,500

able to solve if the military's got

1400

00:51:48,109 --> 00:51:46,200

crash retrievals and you've got wreckage

1401
00:51:50,990 --> 00:51:48,119
let's roll that out why do you got to

1402
00:51:53,089 --> 00:51:51,000
get a small community of scientists you

1403
00:51:53,809 --> 00:51:53,099
know your next Einstein could be a poor

1404
00:51:55,970 --> 00:51:53,819
kid

1405
00:51:57,950 --> 00:51:55,980
in a foreign country

1406
00:52:01,010 --> 00:51:57,960
that will never have that opportunity to

1407
00:52:02,630 --> 00:52:01,020
study that so I think you should if you

1408
00:52:04,190 --> 00:52:02,640
haven't solved the mystery yet you

1409
00:52:07,309 --> 00:52:04,200
should open the doors for everybody

1410
00:52:09,950 --> 00:52:07,319
because I think there'll be somebody out

1411
00:52:11,750 --> 00:52:09,960
there that'll slowly but surely we'll

1412
00:52:13,250 --> 00:52:11,760
start to understand what this is unless

1413
00:52:15,170 --> 00:52:13,260

they already know and they're holding it

1414

00:52:17,089 --> 00:52:15,180

back from us hey I'm pretty sure we're

1415

00:52:20,290 --> 00:52:17,099

being visited

1416

00:52:22,790 --> 00:52:20,300

um by something that's not not us but

1417

00:52:25,370 --> 00:52:22,800

let's see some evidence you know it's

1418

00:52:27,829 --> 00:52:25,380

extraordinary claims I'm really looking

1419

00:52:29,870 --> 00:52:27,839

forward to that so I think disclosure

1420

00:52:32,630 --> 00:52:29,880

I I just got this gut feeling disclosure

1421

00:52:35,210 --> 00:52:32,640

is going to be a lie sorry the second

1422

00:52:36,589 --> 00:52:35,220

disclosure will be the truth and that'll

1423

00:52:38,750 --> 00:52:36,599

we'll have evidence we'll have something

1424

00:52:40,609 --> 00:52:38,760

we'll be able to hold in our hands it's

1425

00:52:42,710 --> 00:52:40,619

just a gut instinct I know it's just

1426

00:52:44,569 --> 00:52:42,720

just the way I've seen it I'm actually

1427

00:52:46,910 --> 00:52:44,579

really surprised that a few years ago

1428

00:52:49,250 --> 00:52:46,920

they came out and decided to push it why

1429

00:52:51,170 --> 00:52:49,260

now is it y'all spending way too much

1430

00:52:53,030 --> 00:52:51,180

money covering it up that you're just

1431

00:52:53,990 --> 00:52:53,040

tired of covering it up or something

1432

00:52:58,069 --> 00:52:54,000

coming

1433

00:53:00,470 --> 00:52:58,079

or do you need that scare card because

1434

00:53:02,030 --> 00:53:00,480

you're fear your fear of mongering is

1435

00:53:03,770 --> 00:53:02,040

just you know you know we got to do a

1436

00:53:05,690 --> 00:53:03,780

bigger pill here aliens everybody get

1437

00:53:09,049 --> 00:53:05,700

inside your house you know I don't know

1438

00:53:10,190 --> 00:53:09,059

I just don't um to me it's like WWE

1439

00:53:13,010 --> 00:53:10,200

wrestling

1440

00:53:16,250 --> 00:53:13,020

I just kind of feel like it's fake yeah

1441

00:53:18,109 --> 00:53:16,260

and uh what's real is people are seeing

1442

00:53:22,130 --> 00:53:18,119

things that they can't explain

1443

00:53:24,589 --> 00:53:22,140

and these these objects defy the laws of

1444

00:53:27,349 --> 00:53:24,599

physics I mean even our best planes we

1445

00:53:29,450 --> 00:53:27,359

can't pin them down but you got

1446

00:53:31,670 --> 00:53:29,460

companies like Raytheon that invented an

1447

00:53:34,549 --> 00:53:31,680

awesome device that's mounted on these

1448

00:53:37,730 --> 00:53:34,559

fighter jets to scan different uh

1449

00:53:39,589 --> 00:53:37,740

uh you know like uh infrared and all

1450

00:53:40,910 --> 00:53:39,599

that so they can catch capture these

1451
00:53:43,130 --> 00:53:40,920
objects because sometimes these objects

1452
00:53:46,250 --> 00:53:43,140
are invisible to naked eye infrared will

1453
00:53:48,290 --> 00:53:46,260
pick it up uh there's just so many we

1454
00:53:50,210 --> 00:53:48,300
got a bunch of technology that we should

1455
00:53:52,970 --> 00:53:50,220
utilize to try to

1456
00:53:56,390 --> 00:53:52,980
you know get as many answers as we can

1457
00:53:58,510 --> 00:53:56,400
um and I don't think censorship or oh we

1458
00:54:00,589 --> 00:53:58,520
need to classify UFOs as top secret

1459
00:54:01,970 --> 00:54:00,599
nobody's allowed to look at the UFO

1460
00:54:04,670 --> 00:54:01,980
pictures I think that's the wrong way to

1461
00:54:06,589 --> 00:54:04,680
go unless I understand it's our stuff

1462
00:54:08,510 --> 00:54:06,599
and we want to hide it from foreign

1463
00:54:10,910 --> 00:54:08,520

countries right for the Competitive Edge

1464

00:54:12,950 --> 00:54:10,920

in the military I totally get that but

1465

00:54:14,870 --> 00:54:12,960

uh I don't care about that I care about

1466

00:54:18,010 --> 00:54:14,880

what's going on out there and who's

1467

00:54:22,069 --> 00:54:20,150

they're probably here they're probably

1468

00:54:24,049 --> 00:54:22,079

underwater so many places you could hide

1469

00:54:25,790 --> 00:54:24,059

and it could be all of the above it

1470

00:54:26,990 --> 00:54:25,800

could be yeah pastoral could be

1471

00:54:29,390 --> 00:54:27,000

extraterrestrial could be

1472

00:54:32,030 --> 00:54:29,400

inter-dimensional it could be that it's

1473

00:54:33,530 --> 00:54:32,040

a [h__h] of things happening that

1474

00:54:35,630 --> 00:54:33,540

the government can't come out and say

1475

00:54:37,130 --> 00:54:35,640

hey this is what's happening and we are

1476
00:54:38,690 --> 00:54:37,140
losing our heads because we can't keep

1477
00:54:40,790 --> 00:54:38,700
track of it and there's nothing we can

1478
00:54:42,770 --> 00:54:40,800
do about it that's like how put off it's

1479
00:54:45,430 --> 00:54:42,780
basically his report saying it could be

1480
00:54:47,930 --> 00:54:45,440
a through F it's not one or the other

1481
00:54:50,569 --> 00:54:47,940
everything has Credence and you should

1482
00:54:54,170 --> 00:54:50,579
look at the whole body not just pick and

1483
00:54:56,569 --> 00:54:54,180
choose which suits your bias essentially

1484
00:54:58,910 --> 00:54:56,579
right and putting our egos aside too

1485
00:55:01,130 --> 00:54:58,920
this recently was watching a documentary

1486
00:55:03,230 --> 00:55:01,140
to talk about how apes are now using

1487
00:55:05,390 --> 00:55:03,240
tools they're entering the Stone Age

1488
00:55:06,890 --> 00:55:05,400

like they're using sticks that they

1489

00:55:08,930 --> 00:55:06,900

sharpen up themselves to hunt for fish

1490

00:55:10,130 --> 00:55:08,940

like they're entering this new stage of

1491

00:55:12,349 --> 00:55:10,140

evolution

1492

00:55:13,910 --> 00:55:12,359

what if that happened to us what if we

1493

00:55:16,370 --> 00:55:13,920

were that you know when we entered the

1494

00:55:19,150 --> 00:55:16,380

Stone Age a previous species before us

1495

00:55:21,410 --> 00:55:19,160

just elevated to another level like

1496

00:55:22,849 --> 00:55:21,420

monkeys and apes and you know in the

1497

00:55:24,890 --> 00:55:22,859

jungles has never seen a human don't

1498

00:55:26,569 --> 00:55:24,900

know that we exist but we co-exist with

1499

00:55:29,750 --> 00:55:26,579

them on the same Planet whatever they do

1500

00:55:31,790 --> 00:55:29,760

affects us and vice versa so you know

1501
00:55:33,530 --> 00:55:31,800
them living with us here for a long time

1502
00:55:35,990 --> 00:55:33,540
we're just now paying attention to them

1503
00:55:37,970 --> 00:55:36,000
that is a new idea that sort of starting

1504
00:55:39,589 --> 00:55:37,980
to pop into my head saying ah there's

1505
00:55:41,690 --> 00:55:39,599
probably some validity to that you know

1506
00:55:44,809 --> 00:55:41,700
prob probably and I thought that thought

1507
00:55:48,109 --> 00:55:44,819
before many times yeah um okay you're on

1508
00:55:49,430 --> 00:55:48,119
a boat you just stand a little canoe and

1509
00:55:50,930 --> 00:55:49,440
you're thinking about fishing or

1510
00:55:52,970 --> 00:55:50,940
whatever and you look down and you see

1511
00:55:54,770 --> 00:55:52,980
minnows there's a whole nother Universe

1512
00:55:56,569 --> 00:55:54,780
a whole nother World down there yeah

1513
00:55:59,450 --> 00:55:56,579

that thing's separated from us and we

1514

00:56:01,370 --> 00:55:59,460

can look down and I just kind of feel

1515

00:56:03,950 --> 00:56:01,380

yeah we a lot of people believe that

1516

00:56:04,910 --> 00:56:03,960

aliens are far away okay there might

1517

00:56:07,970 --> 00:56:04,920

just

1518

00:56:09,650 --> 00:56:07,980

be right here right under our nose and I

1519

00:56:11,770 --> 00:56:09,660

think one of the main reasons why people

1520

00:56:15,049 --> 00:56:11,780

are afraid of aliens you know the one

1521

00:56:17,329 --> 00:56:15,059

normies is they're afraid that they will

1522

00:56:21,170 --> 00:56:17,339

treat us the same way we treated animals

1523

00:56:23,210 --> 00:56:21,180

yeah you know it's that that fear

1524

00:56:25,370 --> 00:56:23,220

um and I just kind of feel like yeah the

1525

00:56:26,930 --> 00:56:25,380

fear of unknown I mean I I totally get

1526

00:56:28,370 --> 00:56:26,940

it but um

1527

00:56:29,809 --> 00:56:28,380

I'm pretty sure there's some friendly

1528

00:56:31,250 --> 00:56:29,819

ones out there and we can learn a lot

1529

00:56:32,390 --> 00:56:31,260

from each other and learn a lot about

1530

00:56:33,770 --> 00:56:32,400

ourselves

1531

00:56:35,210 --> 00:56:33,780

uh

1532

00:56:36,589 --> 00:56:35,220

I mean just look at all the species that

1533

00:56:39,109 --> 00:56:36,599

are on this planet

1534

00:56:40,730 --> 00:56:39,119

insects bugs you walk out your backyard

1535

00:56:42,829 --> 00:56:40,740

and just take your finger and dig

1536

00:56:44,930 --> 00:56:42,839

through the dirt and find something and

1537

00:56:47,870 --> 00:56:44,940

this is just one planet

1538

00:56:49,309 --> 00:56:47,880

you know yeah so if you look at Stephen

1539

00:56:52,490 --> 00:56:49,319

Hawking said you know you should never

1540

00:56:54,470 --> 00:56:52,500

try to reach out because anytime a more

1541

00:56:56,750 --> 00:56:54,480

advanced civilization has encountered a

1542

00:56:58,970 --> 00:56:56,760

lesser Advanced one it didn't turn out

1543

00:57:01,790 --> 00:56:58,980

so good for them yeah but that's being

1544

00:57:03,710 --> 00:57:01,800

said with human blinders on because

1545

00:57:05,990 --> 00:57:03,720

maybe we're flawed and that's how we

1546

00:57:08,270 --> 00:57:06,000

behave maybe there is a love and care

1547

00:57:10,490 --> 00:57:08,280

and benevolence in the universe that

1548

00:57:12,710 --> 00:57:10,500

sees that that's how we are and realizes

1549

00:57:14,990 --> 00:57:12,720

that's not good because it leads to war

1550

00:57:17,270 --> 00:57:15,000

and eventually self-destruction like you

1551
00:57:19,190 --> 00:57:17,280
don't advance to their level if you blow

1552
00:57:20,990 --> 00:57:19,200
yourself up after a million years of

1553
00:57:22,609 --> 00:57:21,000
evolution you know some of these

1554
00:57:24,770 --> 00:57:22,619
civilizations could have been around who

1555
00:57:26,569 --> 00:57:24,780
knows how long and to get to your point

1556
00:57:29,030 --> 00:57:26,579
Jason on Evolution when we chatted with

1557
00:57:31,250 --> 00:57:29,040
Michael Paul mastered Masters he was an

1558
00:57:33,230 --> 00:57:31,260
anthropologist basically saying that if

1559
00:57:35,329 --> 00:57:33,240
you look at where we came from ape-wise

1560
00:57:37,910 --> 00:57:35,339
what we look like now you know we have

1561
00:57:40,309 --> 00:57:37,920
shrinking Jaws wisdom teeth issues

1562
00:57:42,170 --> 00:57:40,319
spinal issues from being more erect than

1563
00:57:44,089 --> 00:57:42,180

we used to be he's like if you just fast

1564

00:57:46,190 --> 00:57:44,099

forward Evolution another however many

1565

00:57:48,349 --> 00:57:46,200

million years our heads get bigger

1566

00:57:50,809 --> 00:57:48,359

because our brains continue to grow our

1567

00:57:52,069 --> 00:57:50,819

eyes become bulbous skinny little arms

1568

00:57:54,589 --> 00:57:52,079

and fingers because we're not hunting

1569

00:57:56,690 --> 00:57:54,599

and foraging anymore maybe even a lack

1570

00:57:59,329 --> 00:57:56,700

of genitalia because we can't reproduce

1571

00:58:01,549 --> 00:57:59,339

we've poisoned our genome so his theory

1572

00:58:03,470 --> 00:58:01,559

is that it's us in the future and that's

1573

00:58:05,750 --> 00:58:03,480

just the Natural Evolution of what we

1574

00:58:08,450 --> 00:58:05,760

will be at some point and maybe things

1575

00:58:09,950 --> 00:58:08,460

go wrong and this is still the pool this

1576

00:58:12,589 --> 00:58:09,960

is the Fountain of Youth they have to

1577

00:58:15,049 --> 00:58:12,599

return to to keep us going in the future

1578

00:58:18,290 --> 00:58:15,059

so it's very interesting that Evolution

1579

00:58:20,270 --> 00:58:18,300

and is maybe a multi-cycle thing this

1580

00:58:21,890 --> 00:58:20,280

may be the multiple time this has

1581

00:58:23,990 --> 00:58:21,900

happened even on our own Planet who

1582

00:58:27,170 --> 00:58:24,000

knows I always wonder what could we

1583

00:58:29,210 --> 00:58:27,180

offer them in trade I started thinking

1584

00:58:31,190 --> 00:58:29,220

nothing yep we can't offer them anything

1585

00:58:32,630 --> 00:58:31,200

except maybe

1586

00:58:38,089 --> 00:58:32,640

genetics

1587

00:58:39,349 --> 00:58:38,099

correct yeah and

1588

00:58:45,289 --> 00:58:39,359

the

1589

00:58:47,150 --> 00:58:45,299

we're talking about ego here maybe it

1590

00:58:48,289 --> 00:58:47,160

has nothing to do with us maybe it has

1591

00:58:50,750 --> 00:58:48,299

something to do with the planet there's

1592

00:58:51,890 --> 00:58:50,760

something more important yeah you know

1593

00:58:53,630 --> 00:58:51,900

uh

1594

00:58:54,829 --> 00:58:53,640

or that we're not the only planet that

1595

00:58:56,329 --> 00:58:54,839

they're doing this to maybe there's

1596

00:58:58,910 --> 00:58:56,339

several other planets it's just a

1597

00:59:01,370 --> 00:58:58,920

project obviously expensive project uh

1598

00:59:04,010 --> 00:59:01,380

but it maybe it's something that is on a

1599

00:59:05,930 --> 00:59:04,020

galactical scale we don't know yeah if

1600

00:59:07,789 --> 00:59:05,940

you wanna if you want to like bomb proof

1601
00:59:10,370 --> 00:59:07,799
your civilization it would make sense to

1602
00:59:12,770 --> 00:59:10,380
see many places you know one asteroid

1603
00:59:14,630 --> 00:59:12,780
and this story doesn't exist anymore and

1604
00:59:16,609 --> 00:59:14,640
we never existed anymore as far as the

1605
00:59:18,710 --> 00:59:16,619
record goes so don't put all your eggs

1606
00:59:21,650 --> 00:59:18,720
in one basket maybe it's just an

1607
00:59:23,750 --> 00:59:21,660
insurance policy on life in general

1608
00:59:25,490 --> 00:59:23,760
but all our television broadcasts and

1609
00:59:27,890 --> 00:59:25,500
stuff will still exist out there in

1610
00:59:29,450 --> 00:59:27,900
space traveling or whatever that's right

1611
00:59:31,789 --> 00:59:29,460
family and forever and then one

1612
00:59:33,470 --> 00:59:31,799
civilization will find us and go this is

1613
00:59:35,569 --> 00:59:33,480

an interesting species we'd love to meet

1614

00:59:37,970 --> 00:59:35,579

them and by the time they get here our

1615

00:59:40,910 --> 00:59:37,980

plan doesn't even exist anymore you know

1616

00:59:43,789 --> 00:59:40,920

I've heard uh I heard a story about a

1617

00:59:47,270 --> 00:59:43,799

signal that was detected from a another

1618

00:59:49,670 --> 00:59:47,280

galaxy and uh the intelligence Community

1619

00:59:52,250 --> 00:59:49,680

was able to decipher it and it seemed

1620

00:59:53,630 --> 00:59:52,260

like a distressed call going out uh but

1621

00:59:56,150 --> 00:59:53,640

chances are That civilization doesn't

1622

00:59:57,950 --> 00:59:56,160

exist anymore because it took

1623

00:59:59,750 --> 00:59:57,960

billions and billions of years for that

1624

01:00:01,490 --> 00:59:59,760

signal to even get to us right even

1625

01:00:03,349 --> 01:00:01,500

Starlight is like that half of those

1626

01:00:05,030 --> 01:00:03,359

stars have since disappeared it's just

1627

01:00:08,930 --> 01:00:05,040

taken that long for the life to reach

1628

01:00:11,510 --> 01:00:08,940

our eyes yeah yeah I know it's uh like I

1629

01:00:13,430 --> 01:00:11,520

say I I would love to boldly go or no

1630

01:00:15,470 --> 01:00:13,440

man gong before and go out there and see

1631

01:00:19,130 --> 01:00:15,480

it for myself but we can't do that now

1632

01:00:20,990 --> 01:00:19,140

so we can at least I could do is uh just

1633

01:00:22,609 --> 01:00:21,000

accept move-on signing reports of what

1634

01:00:25,190 --> 01:00:22,619

other people are seeing in their in

1635

01:00:26,390 --> 01:00:25,200

their yard or or wherever but yeah the

1636

01:00:29,390 --> 01:00:26,400

starlink I'm gonna tell you something

1637

01:00:30,650 --> 01:00:29,400

about Elon if I ever meet Elon I'm gonna

1638

01:00:32,990 --> 01:00:30,660

complain I'm going to be like listen

1639

01:00:35,150 --> 01:00:33,000

every time your satellites goes over a

1640

01:00:37,130 --> 01:00:35,160

populated area we get slammed with

1641

01:00:40,549 --> 01:00:37,140

reports just

1642

01:00:42,829 --> 01:00:40,559

it's an explosion and uh yeah it's been

1643

01:00:45,109 --> 01:00:42,839

a pain in the hiney but we gotta we got

1644

01:00:47,390 --> 01:00:45,119

a simpler way to shut those down now so

1645

01:00:49,670 --> 01:00:47,400

yeah but back in the day I would yeah

1646

01:00:52,549 --> 01:00:49,680

you would it just be coming in 20 30

1647

01:00:54,530 --> 01:00:52,559

reports and it's like oh my God but uh

1648

01:00:56,630 --> 01:00:54,540

if you haven't seen it it looks very

1649

01:00:58,730 --> 01:00:56,640

interesting it looks like UFOs flying in

1650

01:01:00,230 --> 01:00:58,740

a formation yeah they're real close

1651
01:01:02,510 --> 01:01:00,240
together and they almost look like

1652
01:01:04,789 --> 01:01:02,520
they're they're not out there they seem

1653
01:01:06,829 --> 01:01:04,799
like they're flying low but the

1654
01:01:09,170 --> 01:01:06,839
but yeah anybody can check that out and

1655
01:01:11,329 --> 01:01:09,180
get on heavens above and see where all

1656
01:01:12,470 --> 01:01:11,339
the satellites are going we we utilize

1657
01:01:15,650 --> 01:01:12,480
that um

1658
01:01:17,750 --> 01:01:15,660
that uh utilize that you ever you've

1659
01:01:19,609 --> 01:01:17,760
heard heavens above right above yeah

1660
01:01:21,770 --> 01:01:19,619
I've haven't used the site myself but

1661
01:01:23,150 --> 01:01:21,780
have heard of it yeah just tells you

1662
01:01:24,470 --> 01:01:23,160
where most uh what's really cool about

1663
01:01:26,630 --> 01:01:24,480

that website is it'll tell you how

1664

01:01:29,390 --> 01:01:26,640

bright the satellites are and the Sun is

1665

01:01:31,309 --> 01:01:29,400

hitting the needle or the solar flares

1666

01:01:33,289 --> 01:01:31,319

it'll tell you the

1667

01:01:34,789 --> 01:01:33,299

you know how bright it would be would it

1668

01:01:37,250 --> 01:01:34,799

would you would someone be able to see

1669

01:01:39,170 --> 01:01:37,260

that sometimes when people call it I saw

1670

01:01:42,289 --> 01:01:39,180

a light way in the sky and it got real

1671

01:01:44,510 --> 01:01:42,299

bright and then it took off like like

1672

01:01:46,370 --> 01:01:44,520

the Millennium Falcon well I'll go to

1673

01:01:47,990 --> 01:01:46,380

heavens above immediately and I'll see

1674

01:01:50,390 --> 01:01:48,000

where they were standing and see what

1675

01:01:52,490 --> 01:01:50,400

satellite flew over because that's kind

1676

01:01:54,890 --> 01:01:52,500

of what it looks like once it once the

1677

01:01:56,329 --> 01:01:54,900

sun is reflecting off it it gets real

1678

01:01:59,089 --> 01:01:56,339

bright and then you don't see it anymore

1679

01:02:01,730 --> 01:01:59,099

and due to the Sci-Fi movies and our

1680

01:02:03,230 --> 01:02:01,740

conditioning of we're thinking it worked

1681

01:02:04,970 --> 01:02:03,240

out of there and so they get a lot of

1682

01:02:06,950 --> 01:02:04,980

reports of that but I like those because

1683

01:02:08,390 --> 01:02:06,960

I can't explain those but yeah but then

1684

01:02:10,490 --> 01:02:08,400

you still get the occasional person it's

1685

01:02:12,530 --> 01:02:10,500

like I was telepathically communicating

1686

01:02:15,010 --> 01:02:12,540

with it man it's like not so satellite

1687

01:02:17,630 --> 01:02:15,020

like it was a one-sided conversation

1688

01:02:19,670 --> 01:02:17,640

well then then most of the time if they

1689

01:02:21,770 --> 01:02:19,680

willingly

1690

01:02:22,970 --> 01:02:21,780

um bring that up before I even asked a

1691

01:02:24,770 --> 01:02:22,980

question

1692

01:02:27,349 --> 01:02:24,780

I think a normal person would be like

1693

01:02:29,390 --> 01:02:27,359

okay you're nuts not me you got my

1694

01:02:30,530 --> 01:02:29,400

undivided attention tell me more what

1695

01:02:32,690 --> 01:02:30,540

were you thinking what were you thinking

1696

01:02:34,430 --> 01:02:32,700

before that situation what were you

1697

01:02:36,950 --> 01:02:34,440

thinking that day yeah you think of that

1698

01:02:38,390 --> 01:02:36,960

UFOs before that day and then a person

1699

01:02:40,309 --> 01:02:38,400

would be like yeah I was thinking about

1700

01:02:41,990 --> 01:02:40,319

it and then I saw one I guess that's not

1701
01:02:44,690 --> 01:02:42,000
going to make me look credible I would

1702
01:02:46,510 --> 01:02:44,700
argue no no no no no it's the other way

1703
01:02:49,010 --> 01:02:46,520
around yeah yeah

1704
01:02:51,770 --> 01:02:49,020
but yeah there are there are people out

1705
01:02:53,809 --> 01:02:51,780
there that have ongoing experiences

1706
01:02:55,609 --> 01:02:53,819
they can feel them when they're coming

1707
01:02:57,049 --> 01:02:55,619
yeah well that's the one thing that I've

1708
01:02:58,130 --> 01:02:57,059
always been interested in this one like

1709
01:03:00,170 --> 01:02:58,140
even when you were talking about your

1710
01:03:02,510 --> 01:03:00,180
story and I've heard you say that story

1711
01:03:04,069 --> 01:03:02,520
before and that's always that but

1712
01:03:05,450 --> 01:03:04,079
there's that feeling whatever that

1713
01:03:07,609 --> 01:03:05,460

feeling that you had when you had your

1714

01:03:09,650 --> 01:03:07,619

sighting and your sighting was over a

1715

01:03:11,870 --> 01:03:09,660

long period of time it wasn't just a

1716

01:03:13,549 --> 01:03:11,880

five second sighting I mean you were at

1717

01:03:16,490 --> 01:03:13,559

it for what at least a half an hour at

1718

01:03:18,470 --> 01:03:16,500

least 15 minutes and I could have I

1719

01:03:21,230 --> 01:03:18,480

could have thrown a rock at it right so

1720

01:03:23,150 --> 01:03:21,240

that is a substantial sighting so when

1721

01:03:24,530 --> 01:03:23,160

somebody says you know if I saw

1722

01:03:26,329 --> 01:03:24,540

something like that and it had some sort

1723

01:03:28,970 --> 01:03:26,339

of telepathic communication absolutely

1724

01:03:31,069 --> 01:03:28,980

and that now I'm all ears right I've

1725

01:03:33,170 --> 01:03:31,079

just more on the fence when somebody

1726

01:03:34,370 --> 01:03:33,180

says they spoke to something it turns

1727

01:03:36,470 --> 01:03:34,380

out it was the International Space

1728

01:03:37,970 --> 01:03:36,480

Station flying above them right like

1729

01:03:39,049 --> 01:03:37,980

that's that's always well you have those

1730

01:03:40,970 --> 01:03:39,059

two

1731

01:03:43,010 --> 01:03:40,980

um yeah I

1732

01:03:44,270 --> 01:03:43,020

don't like talking about those because

1733

01:03:46,370 --> 01:03:44,280

but

1734

01:03:48,230 --> 01:03:46,380

oh my God I could tell you some stories

1735

01:03:50,450 --> 01:03:48,240

but you know that's the part of the job

1736

01:03:52,670 --> 01:03:50,460

yeah you know yeah

1737

01:03:53,990 --> 01:03:52,680

um Jeremy we we're going to wrap this up

1738

01:03:55,730 --> 01:03:54,000

because I know you have something to do

1739

01:03:57,890 --> 01:03:55,740

here sir we don't want to uh make you

1740

01:03:59,270 --> 01:03:57,900

late for your appointment

1741

01:04:01,430 --> 01:03:59,280

um Louie did you have any final

1742

01:04:03,049 --> 01:04:01,440

questions for our guest today no just a

1743

01:04:04,430 --> 01:04:03,059

quick uh plug for you Jeremy if people

1744

01:04:06,770 --> 01:04:04,440

want to follow you or find out more

1745

01:04:09,710 --> 01:04:06,780

where can they get in touch with you

1746

01:04:10,430 --> 01:04:09,720

um I I do have a Facebook account

1747

01:04:12,109 --> 01:04:10,440

um

1748

01:04:14,030 --> 01:04:12,119

so if you want to friend me that's fine

1749

01:04:15,650 --> 01:04:14,040

I usually don't talk on it but if you

1750

01:04:18,890 --> 01:04:15,660

want to private message me I'll talk and

1751

01:04:21,190 --> 01:04:18,900

I have a Twitter account uh but it's Ray

1752

01:04:23,390 --> 01:04:21,200

muffon so

1753

01:04:25,789 --> 01:04:23,400

r-a-y-m-u-f-o-n that would be my

1754

01:04:29,329 --> 01:04:25,799

username and you can find me and

1755

01:04:32,630 --> 01:04:29,339

actually raymoveon yahoo.com is my email

1756

01:04:34,250 --> 01:04:32,640

so if anybody wants to reach out

1757

01:04:36,770 --> 01:04:34,260

um yeah that's where you'll find me so

1758

01:04:38,990 --> 01:04:36,780

perfect Jeremy we thank you so much for

1759

01:04:40,190 --> 01:04:39,000

coming on UAP studies today it's been a

1760

01:04:42,109 --> 01:04:40,200

blast and let's not make it the only

1761

01:04:44,270 --> 01:04:42,119

time let's let's have you on again soon

1762

01:04:46,069 --> 01:04:44,280

okay I appreciate that thank you it's

1763

01:04:47,990 --> 01:04:46,079

just so short we can we can talk for

1764

01:04:50,089 --> 01:04:48,000

hours oh for hours on this subject

1765

01:04:56,870 --> 01:04:50,099

that's why we love doing it right yes
