00:00:03,830 --> 00:00:02,030
welcome back everybody cool date today

2
00:00:07,190 --> 00:00:03,840
Jason we're in the middle of like a mini

3
00:00:09,290 --> 00:00:07,200
UFO flap oh it's it's weird it's a

4
00:00:10,730 --> 00:00:09,300
really weird this is February 12th I

5
00:00:13,549 --> 00:00:10,740
think that we're recording this episode

6
00:00:15,770 --> 00:00:13,559
on so yeah yeah it's it's weird it's uh

7
00:00:17,930 --> 00:00:15,780
it's a weird time yeah just before 2 p.m

8
00:00:21,230 --> 00:00:17,940
and uh I think there was one over Alaska

9
00:00:23,630 --> 00:00:21,240
on Thursday or Friday uh one in Canada

10
00:00:25,670 --> 00:00:23,640
got shot down uh yesterday the day

11
00:00:28,070 --> 00:00:25,680
before last night in Montana they closed

12
00:00:30,529 --> 00:00:28,080
some airspace uh now China's saying they

13
00:00:32,810 --> 00:00:30,539

got one I just got a report that in

14

00:00:34,850 --> 00:00:32,820

Michigan they had blocked off a chunk of

15

00:00:36,770 --> 00:00:34,860

airspace now they're scrambling Jets so

16

00:00:39,530 --> 00:00:36,780

very rare to be able to record a show in

17

00:00:41,090 --> 00:00:39,540

the middle of this much UFO activity so

18

00:00:43,369 --> 00:00:41,100

let's get into that I mean it's kind of

19

00:00:45,110 --> 00:00:43,379

impromptu it's not in our notes but we

20

00:00:47,569 --> 00:00:45,120

don't really script our shows anyway uh

21

00:00:49,729 --> 00:00:47,579

and today's guest Mindy toddfest uh dean

22

00:00:52,610 --> 00:00:49,739

of mufon University nice to see another

23

00:00:53,990 --> 00:00:52,620

powerful female in ufology and uh two

24

00:00:55,910 --> 00:00:54,000

nights ago she was on the new show of

25

00:00:58,250 --> 00:00:55,920

Ancient Aliens where mufon was featured

26

00:00:59,810 --> 00:00:58,260

so we're gonna ask her about that and

27

00:01:02,150 --> 00:00:59,820

also I read she's a near-death

28

00:01:03,470 --> 00:01:02,160

experience experiencer very cool and

29

00:01:05,390 --> 00:01:03,480

perhaps that's what got her into this

30

00:01:07,609 --> 00:01:05,400

we're going to find out uh so we're

31

00:01:10,070 --> 00:01:07,619

going to roll our music it's UFO flap

32

00:01:15,790 --> 00:01:10,080

Sundays on UAP studies podcast we'll be

33

00:01:34,149 --> 00:01:29,600

[Music]

34

00:01:38,630 --> 00:01:36,649

welcome back to another episode of UAP

35

00:01:40,310 --> 00:01:38,640

studies podcast my name is Louis Borges

36

00:01:42,649 --> 00:01:40,320

joining me as always my good buddy Jason

37

00:01:44,810 --> 00:01:42,659

Gilman how's it going Louis it's going

38

00:01:45,950 --> 00:01:44,820

really good uh interesting day today it

39

00:01:48,050 --> 00:01:45,960

sounds like we're in the middle of a

40

00:01:51,230 --> 00:01:48,060

little baby UFO flap there's been some

41

00:01:52,910 --> 00:01:51,240

crazy stuff in Alaska Yukon Montana

42

00:01:55,550 --> 00:01:52,920

Michigan now we're hearing reports of

43

00:01:58,730 --> 00:01:55,560

China so it is a rare event where we can

44

00:02:00,050 --> 00:01:58,740

record real time on uh on well-known UFO

45

00:02:02,810 --> 00:02:00,060

data so we're going to talk a bit about

46

00:02:05,450 --> 00:02:02,820

that also we have a very big guest today

47

00:02:07,249 --> 00:02:05,460

nice to see another powerful female in

48

00:02:10,150 --> 00:02:07,259

this topic we do have quite a few on our

49

00:02:13,010 --> 00:02:10,160

show we are we are equal opportunity

50

00:02:15,470 --> 00:02:13,020

podcasters as far as that goes and

51
00:02:17,690 --> 00:02:15,480
today's guest Mindy totfest I hope I

52
00:02:19,610 --> 00:02:17,700
pronounced that correctly perfect okay

53
00:02:22,070 --> 00:02:19,620
good mufon state director for Oklahoma

54
00:02:24,770 --> 00:02:22,080
she's also the dean of mufan University

55
00:02:26,869 --> 00:02:24,780
which I think is very cool as most of

56
00:02:29,089 --> 00:02:26,879
our viewers know Jason is also a mufon

57
00:02:31,190 --> 00:02:29,099
field investigator in Canada here so

58
00:02:33,110 --> 00:02:31,200
lots in common and she's also a

59
00:02:35,270 --> 00:02:33,120
near-death experiencer so we're going to

60
00:02:36,890 --> 00:02:35,280
find out about her life and what uh you

61
00:02:39,410 --> 00:02:36,900
know made her interested in all this but

62
00:02:41,390 --> 00:02:39,420
first a very warm welcome Mindy to our

63
00:02:43,550 --> 00:02:41,400

show well thank you guys I appreciate

64

00:02:44,690 --> 00:02:43,560

you guys having me on today yeah so

65

00:02:47,449 --> 00:02:44,700

let's start a little bit about your

66

00:02:48,650 --> 00:02:47,459

history uh what got you into this topic

67

00:02:49,790 --> 00:02:48,660

and a little bit about your past

68

00:02:52,430 --> 00:02:49,800

experiences

69

00:02:55,009 --> 00:02:52,440

well yeah I I will try to keep it short

70

00:02:57,229 --> 00:02:55,019

because my my past history could fill up

71

00:02:59,449 --> 00:02:57,239

the whole hour and I've done that before

72

00:03:02,690 --> 00:02:59,459

but we'll keep it short and I'll try to

73

00:03:06,350 --> 00:03:02,700

give you the the bullet points on it

74

00:03:09,350 --> 00:03:06,360

um 2016 I had a brain aneurysm it was a

75

00:03:11,330 --> 00:03:09,360

result of a genetic condition that I

76

00:03:13,130 --> 00:03:11,340

have that runs in my family and at the

77

00:03:15,949 --> 00:03:13,140

time they didn't think that I had the

78

00:03:18,290 --> 00:03:15,959

deadly form that caused aneurysms and so

79

00:03:21,290 --> 00:03:18,300

we weren't really expecting anything

80

00:03:22,790 --> 00:03:21,300

like that I'd always been uh you know

81

00:03:24,050 --> 00:03:22,800

followed closely by doctors and

82

00:03:27,649 --> 00:03:24,060

everything and they never picked up

83

00:03:31,369 --> 00:03:27,659

anything but it was election day 2016.

84

00:03:33,530 --> 00:03:31,379

uh Hillary versus Trump so everyone you

85

00:03:35,869 --> 00:03:33,540

know was emotions were high and

86

00:03:38,149 --> 00:03:35,879

everything and so I was checking exit

87

00:03:41,330 --> 00:03:38,159

polls to try and see if

88

00:03:42,649 --> 00:03:41,340

um anything had come out yet and as I

89

00:03:44,630 --> 00:03:42,659

was sitting on the couch I was home by

90

00:03:48,410 --> 00:03:44,640

myself and then I heard the gunshot go

91

00:03:51,470 --> 00:03:48,420

off and I knew then I I'd been an ICU

92

00:03:53,449 --> 00:03:51,480

nurse and I thought well at first I

93

00:03:55,309 --> 00:03:53,459

thought maybe I'd been shot because we

94

00:03:57,589 --> 00:03:55,319

lived out in the middle of nowhere on a

95

00:03:59,990 --> 00:03:57,599

farm and they had been out coyote

96

00:04:01,490 --> 00:04:00,000

hunting and so I thought well you know I

97

00:04:04,610 --> 00:04:01,500

could have been shot through the wall

98

00:04:07,070 --> 00:04:04,620

but I started realizing no that's not it

99

00:04:09,949 --> 00:04:07,080

it's got to be an aneurysm

100

00:04:11,809 --> 00:04:09,959

um but I mean I remember everything I

101
00:04:13,910 --> 00:04:11,819
remember all my thoughts the front door

102
00:04:16,490 --> 00:04:13,920
was open and so I was expecting the kids

103
00:04:19,009 --> 00:04:16,500
to come home anytime with my husband and

104
00:04:21,289 --> 00:04:19,019
they were five and seven at the time so

105
00:04:22,790 --> 00:04:21,299
I was waiting for them to come in give

106
00:04:25,129 --> 00:04:22,800
me hugs and kisses and everything tell

107
00:04:27,710 --> 00:04:25,139
me about their day and I was so mad

108
00:04:30,469 --> 00:04:27,720
because I knew that they were going to

109
00:04:33,650 --> 00:04:30,479
come in and find me and so that just

110
00:04:35,390 --> 00:04:33,660
ripped my heart out I was I was angry

111
00:04:37,670 --> 00:04:35,400
um and I was begging God you know if I

112
00:04:39,830 --> 00:04:37,680
can survive this and I can do it without

113
00:04:42,650 --> 00:04:39,840

being all mangled and stuff you know let

114

00:04:45,590 --> 00:04:42,660

me let me survive this but I ended up

115

00:04:48,830 --> 00:04:45,600

crossing over I went to a place that is

116

00:04:51,430 --> 00:04:48,840

commonly known as the void and being a

117

00:04:53,749 --> 00:04:51,440

southern baptist minister life I had no

118

00:04:56,390 --> 00:04:53,759

idea that there was a void I was

119

00:04:59,090 --> 00:04:56,400

expecting you know the tunnel and the

120

00:05:01,969 --> 00:04:59,100

Rays of light and you know Jesus to come

121

00:05:04,370 --> 00:05:01,979

greet me and none of that happened

122

00:05:06,230 --> 00:05:04,380

um I I was begging for it to happen but

123

00:05:08,570 --> 00:05:06,240

nothing happened instead I was there

124

00:05:11,810 --> 00:05:08,580

just kind of by myself and

125

00:05:13,550 --> 00:05:11,820

um reflecting on my life and kind of

126

00:05:16,189 --> 00:05:13,560

testing out the environment like I

127

00:05:17,749 --> 00:05:16,199

realized that I didn't have any hands my

128

00:05:20,629 --> 00:05:17,759

first instinct was to kind of clap my

129

00:05:23,029 --> 00:05:20,639

hands and I was like well crap I don't I

130

00:05:25,249 --> 00:05:23,039

don't even have any form here

131

00:05:27,830 --> 00:05:25,259

um and and you know so then I just kind

132

00:05:30,170 --> 00:05:27,840

of freaked out because I was like why am

133

00:05:32,810 --> 00:05:30,180

I stuck here you know why why am I not

134

00:05:35,330 --> 00:05:32,820

getting the whole Heaven scenario

135

00:05:38,990 --> 00:05:35,340

um and eventually something showed up

136

00:05:40,670 --> 00:05:39,000

there was a male entity that came and uh

137

00:05:43,010 --> 00:05:40,680

he basically said you're not going to be

138

00:05:45,350 --> 00:05:43,020

here forever and instantly I was

139

00:05:47,930 --> 00:05:45,360

relieved I thought okay that's wonderful

140

00:05:50,210 --> 00:05:47,940

I'm there's someone else here thank God

141

00:05:52,129 --> 00:05:50,220

and I'm not going to be here forever and

142

00:05:54,230 --> 00:05:52,139

when he did that we kind of sailed off

143

00:05:56,029 --> 00:05:54,240

to the to the left

144

00:05:58,249 --> 00:05:56,039

um which is it's kind of hard there's

145

00:06:01,370 --> 00:05:58,259

really no direction or time or anything

146

00:06:03,529 --> 00:06:01,380

that I I could feel creation around me I

147

00:06:05,810 --> 00:06:03,539

could feel God around me but I was just

148

00:06:07,730 --> 00:06:05,820

kind of separate from it all and that

149

00:06:08,810 --> 00:06:07,740

and that's what was so soul-crushing

150

00:06:10,790 --> 00:06:08,820

really

151
00:06:12,590 --> 00:06:10,800
um but anyways we sailed off to the left

152
00:06:14,990 --> 00:06:12,600
here and then off in the distance I saw

153
00:06:17,689 --> 00:06:15,000
like this purple glow and as we got

154
00:06:20,029 --> 00:06:17,699
closer it started taking form into what

155
00:06:21,890 --> 00:06:20,039
looked like a map of brain neurons it's

156
00:06:24,170 --> 00:06:21,900
what it looked like it was like a nebula

157
00:06:26,330 --> 00:06:24,180
and it was glowing pink and orange and

158
00:06:28,550 --> 00:06:26,340
yellow and I thought wow that's

159
00:06:31,189 --> 00:06:28,560
beautiful and he told me well that's the

160
00:06:33,050 --> 00:06:31,199
fabric of humanity and I said okay and

161
00:06:34,909 --> 00:06:33,060
it was just like wow you know like

162
00:06:37,309 --> 00:06:34,919
something huge had been revealed to me

163
00:06:40,450 --> 00:06:37,319

and I was like well I want to go towards

164

00:06:44,629 --> 00:06:40,460

it and he said no that's not for you

165

00:06:47,510 --> 00:06:44,639

so then I I you know sold off more to

166

00:06:50,930 --> 00:06:47,520

the left and then bam I was back in my

167

00:06:52,870 --> 00:06:50,940

body and I woke up with terrible a

168

00:06:55,730 --> 00:06:52,880

terrible headache to say the least

169

00:06:58,129 --> 00:06:55,740

burning all through my skull and and I'd

170

00:07:00,950 --> 00:06:58,139

gone deaf I have to wear hearing aids

171

00:07:03,710 --> 00:07:00,960

now I lost about 90 of my hearing as a

172

00:07:06,110 --> 00:07:03,720

result of it yeah it um it did a number

173

00:07:09,290 --> 00:07:06,120

on me and it took a couple of years to

174

00:07:11,510 --> 00:07:09,300

really regain my health and my strength

175

00:07:14,029 --> 00:07:11,520

and I mean I still have some weird stuff

176

00:07:15,050 --> 00:07:14,039

that happens from time to time but you

177

00:07:16,909 --> 00:07:15,060

know

178

00:07:18,409 --> 00:07:16,919

um on alive and well and I'm I'm happy

179

00:07:21,830 --> 00:07:18,419

about it

180

00:07:23,390 --> 00:07:21,840

um and and since returning it took me a

181

00:07:26,450 --> 00:07:23,400

couple years to really say anything

182

00:07:29,749 --> 00:07:26,460

about the near-death experience and it

183

00:07:32,029 --> 00:07:29,759

was during the pandemic that I finally

184

00:07:33,710 --> 00:07:32,039

um I had gone to therapy for PTSD

185

00:07:36,350 --> 00:07:33,720

relating to it because every time I

186

00:07:37,969 --> 00:07:36,360

heard a loud noise or anything I was on

187

00:07:39,529 --> 00:07:37,979

edge I mean I thought it was happening

188

00:07:41,029 --> 00:07:39,539

again and

189

00:07:43,309 --> 00:07:41,039

um so I did I had to go through some

190

00:07:44,870 --> 00:07:43,319

therapy for it and I was just at the

191

00:07:46,370 --> 00:07:44,880

point where I wanted to talk to my

192

00:07:48,409 --> 00:07:46,380

therapist about the near-death

193

00:07:52,010 --> 00:07:48,419

experience and then the pandemic shut

194

00:07:54,170 --> 00:07:52,020

everything down and so I I finally just

195

00:07:56,689 --> 00:07:54,180

turned to my husband and said okay I've

196

00:07:59,230 --> 00:07:56,699

got to share something with you and once

197

00:08:01,610 --> 00:07:59,240

I did we ended up getting a hold of ions

198

00:08:05,390 --> 00:08:01,620

which is the International Association

199

00:08:07,249 --> 00:08:05,400

of near-death studies and I started

200

00:08:10,249 --> 00:08:07,259

going to like support groups they call

201
00:08:12,770 --> 00:08:10,259
them sharing groups and I got in contact

202
00:08:15,409 --> 00:08:12,780
with other people and I'll tell you it

203
00:08:16,670 --> 00:08:15,419
kind of was hard for me because the

204
00:08:18,529 --> 00:08:16,680
other people that actually had

205
00:08:21,050 --> 00:08:18,539
near-death experiences all went to

206
00:08:23,510 --> 00:08:21,060
heaven you know and here I am and I'm

207
00:08:26,450 --> 00:08:23,520
like no I don't want to go back you know

208
00:08:29,689 --> 00:08:26,460
it was awful for me but

209
00:08:33,649 --> 00:08:29,699
um you know most people that do have bad

210
00:08:35,810 --> 00:08:33,659
experiences end up having wonderful life

211
00:08:37,790 --> 00:08:35,820
experience afterwards and that's really

212
00:08:39,829 --> 00:08:37,800
been my experience

213
00:08:43,130 --> 00:08:39,839

um I had had one more setback where I

214

00:08:45,410 --> 00:08:43,140

ended up back in the hospital and at

215

00:08:47,150 --> 00:08:45,420

that point we were you know looking into

216

00:08:49,370 --> 00:08:47,160

funeral arrangements for me we didn't

217

00:08:51,710 --> 00:08:49,380

know if I would really be able to pull

218

00:08:54,470 --> 00:08:51,720

through and this was after a couple of

219

00:08:56,389 --> 00:08:54,480

years that I was still struggling and

220

00:08:58,370 --> 00:08:56,399

ended up back in the hospital

221

00:09:01,310 --> 00:08:58,380

so as a result of that my husband said

222

00:09:04,009 --> 00:09:01,320

well let's go to Roswell and something I

223

00:09:05,930 --> 00:09:04,019

had always wanted to do and so you know

224

00:09:09,290 --> 00:09:05,940

he planned it out we loaded up the kids

225

00:09:11,509 --> 00:09:09,300

and it was kind of a solemn trip

226

00:09:14,509 --> 00:09:11,519

um went out there and they were having

227

00:09:16,550 --> 00:09:14,519

the big festival and we had a great time

228

00:09:18,470 --> 00:09:16,560

um and I ended up meeting Kathleen

229

00:09:21,170 --> 00:09:18,480

Martin when I was there and of course

230

00:09:23,750 --> 00:09:21,180

she formed the experience or resource

231

00:09:25,730 --> 00:09:23,760

team for mufon and she must have thought

232

00:09:27,949 --> 00:09:25,740

I was nuts because

233

00:09:29,570 --> 00:09:27,959

I was like well how did you do it you

234

00:09:31,790 --> 00:09:29,580

know how did you become the spokesman

235

00:09:33,350 --> 00:09:31,800

for your family you know and I'm asking

236

00:09:35,030 --> 00:09:33,360

these weird questions because things

237

00:09:36,290 --> 00:09:35,040

still weren't like connecting in my

238

00:09:38,389 --> 00:09:36,300

brain

239

00:09:39,889 --> 00:09:38,399

um and so I I don't know I don't know

240

00:09:41,449 --> 00:09:39,899

what her perception of me was but she

241

00:09:44,509 --> 00:09:41,459

must have thought it was off

242

00:09:48,170 --> 00:09:44,519

which I probably was at the time

243

00:09:52,070 --> 00:09:48,180

um but she inspired me I mean I had

244

00:09:54,530 --> 00:09:52,080

always wanted to be an expert in ufology

245

00:09:56,750 --> 00:09:54,540

I studied it since I was a kid I was the

246

00:09:59,210 --> 00:09:56,760

kid riding my bike to the bookmobile and

247

00:10:01,910 --> 00:09:59,220

checking out everything on Cryptids and

248

00:10:05,269 --> 00:10:01,920

UFOs and ghosts and everything that I

249

00:10:08,210 --> 00:10:05,279

could get my hands on and to actually

250

00:10:11,870 --> 00:10:08,220

have the the opportunity to do that

251
00:10:13,850 --> 00:10:11,880
through mufon was just amazing and

252
00:10:16,790 --> 00:10:13,860
initially we had just looked into maybe

253
00:10:19,790 --> 00:10:16,800
going to meetings so I had contacted the

254
00:10:21,410 --> 00:10:19,800
mufon headquarters and said hey

255
00:10:24,050 --> 00:10:21,420
um you know are there meetings in

256
00:10:26,030 --> 00:10:24,060
Oklahoma that I can go to and at the

257
00:10:29,150 --> 00:10:26,040
time our director of Investigations was

258
00:10:31,550 --> 00:10:29,160
Doug Wilson and he said well there's not

259
00:10:33,590 --> 00:10:31,560
meetings but we need people

260
00:10:36,170 --> 00:10:33,600
um if you want to be an investigator and

261
00:10:38,030 --> 00:10:36,180
I was like really I can I can do that I

262
00:10:39,530 --> 00:10:38,040
don't know if I have the health to do it

263
00:10:41,150 --> 00:10:39,540

right now and he's like well most of

264

00:10:43,310 --> 00:10:41,160

it's online most of it's over the

265

00:10:44,870 --> 00:10:43,320

telephone phone yeah we'll start you off

266

00:10:47,870 --> 00:10:44,880

with what you can handle and I was like

267

00:10:51,470 --> 00:10:47,880

okay let's do it and I'll tell you it

268

00:10:54,410 --> 00:10:51,480

gave me a whole new meaning to life uh

269

00:10:57,110 --> 00:10:54,420

it revitalized me and I I was living my

270

00:11:00,650 --> 00:10:57,120

dream and within a year I was promoted

271

00:11:03,410 --> 00:11:00,660

to the state director and then um now

272

00:11:05,630 --> 00:11:03,420

into mufon University and the stuff

273

00:11:06,769 --> 00:11:05,640

we're doing there yeah talk about that a

274

00:11:08,750 --> 00:11:06,779

little bit because we've had lots of

275

00:11:10,430 --> 00:11:08,760

people from mufon on our show but it was

276

00:11:13,009 --> 00:11:10,440

a first for me while researching you to

277

00:11:14,569 --> 00:11:13,019

learn about a mufon university and I

278

00:11:16,910 --> 00:11:14,579

like the fact that there's that amount

279

00:11:18,949 --> 00:11:16,920

of effort put into it to literally train

280

00:11:21,590 --> 00:11:18,959

people to be the best investigator they

281

00:11:23,449 --> 00:11:21,600

can it's not like a fly by night just

282

00:11:25,190 --> 00:11:23,459

wing it you know like Jason's mentioned

283

00:11:26,990 --> 00:11:25,200

on previous episodes to be an

284

00:11:29,090 --> 00:11:27,000

investigator there's an exam you have to

285

00:11:30,889 --> 00:11:29,100

study you have to have your wits about

286

00:11:32,930 --> 00:11:30,899

you it can't just be anybody to do this

287

00:11:35,030 --> 00:11:32,940

kind of thing but I like the fact that

288

00:11:37,190 --> 00:11:35,040

there's that level of we take it

289

00:11:38,889 --> 00:11:37,200

seriously let's train people so maybe

290

00:11:42,410 --> 00:11:38,899

talk a little bit about mufon University

291

00:11:44,449 --> 00:11:42,420

yeah absolutely and I I can't take

292

00:11:47,030 --> 00:11:44,459

credit for mufon University it was

293

00:11:49,069 --> 00:11:47,040

actually a um the baby of Ken St John

294

00:11:51,590 --> 00:11:49,079

who I believe he was the Chief Financial

295

00:11:53,930 --> 00:11:51,600

Officer before I had come on he left

296

00:11:56,630 --> 00:11:53,940

right about the time that I came in but

297

00:11:59,329 --> 00:11:56,640

he had kind of had the idea let's put

298

00:12:01,610 --> 00:11:59,339

together uh mufon University where we

299

00:12:04,069 --> 00:12:01,620

can train people and kind of get them on

300

00:12:06,470 --> 00:12:04,079

the same footing starting off and

301
00:12:08,509 --> 00:12:06,480
whenever I came on and went through the

302
00:12:11,509 --> 00:12:08,519
whole field investigator process and

303
00:12:14,210 --> 00:12:11,519
took the exam and then went through the

304
00:12:16,430 --> 00:12:14,220
training at MoveOn University it was so

305
00:12:19,009 --> 00:12:16,440
clunky I I went through it and I was

306
00:12:22,310 --> 00:12:19,019
like man is this really you know what

307
00:12:24,590 --> 00:12:22,320
mufon has you know the great move on and

308
00:12:27,650 --> 00:12:24,600
I was kind of disappointed I mean it had

309
00:12:31,009 --> 00:12:27,660
really good information but it needed

310
00:12:33,650 --> 00:12:31,019
updating and so it was kind of a gripe

311
00:12:37,190 --> 00:12:33,660
of mine for a while and then

312
00:12:39,310 --> 00:12:37,200
um last year I did a podcast and our

313
00:12:42,470 --> 00:12:39,320

director of memberships Terry Lynn kill

314

00:12:43,910 --> 00:12:42,480

was listening and she ended up calling

315

00:12:46,610 --> 00:12:43,920

me and she's like this guy keeps talking

316

00:12:49,009 --> 00:12:46,620

over you just just tell me about your

317

00:12:51,230 --> 00:12:49,019

experience and so we ended up talking

318

00:12:54,050 --> 00:12:51,240

for about six hours that night she and I

319

00:12:55,790 --> 00:12:54,060

did and our poor husbands were starving

320

00:12:56,829 --> 00:12:55,800

in the other room and we're like just go

321

00:12:58,320 --> 00:12:56,839

ahead

322

00:13:01,430 --> 00:12:58,330

have a sandwich

323

00:13:05,329 --> 00:13:01,440

[Laughter]

324

00:13:07,430 --> 00:13:05,339

so we um as we were discussing things I

325

00:13:09,530 --> 00:13:07,440

brought up move on University and I said

326

00:13:12,110 --> 00:13:09,540

you know have we looked at ever updating

327

00:13:14,810 --> 00:13:12,120

that because Doug Wilson was just

328

00:13:18,889 --> 00:13:14,820

leaving and and Steve Hudgins was coming

329

00:13:20,569 --> 00:13:18,899

on as director investigations and muffin

330

00:13:23,030 --> 00:13:20,579

University was just sitting there Doug

331

00:13:25,310 --> 00:13:23,040

Wilson used to do some little trainings

332

00:13:27,410 --> 00:13:25,320

with people with new investigators and

333

00:13:29,569 --> 00:13:27,420

you do like three nights of training and

334

00:13:32,509 --> 00:13:29,579

it was mainly just an introduction to

335

00:13:37,250 --> 00:13:32,519

CMS our case management system where all

336

00:13:39,410 --> 00:13:37,260

of the cases are stored and that wasn't

337

00:13:41,690 --> 00:13:39,420

happening now with during the transition

338

00:13:43,550 --> 00:13:41,700

so I said well can we record something

339

00:13:45,949 --> 00:13:43,560

like that and put it up on on mufon

340

00:13:48,050 --> 00:13:45,959

University and she said absolutely she

341

00:13:50,629 --> 00:13:48,060

had been trying to do this for years and

342

00:13:53,509 --> 00:13:50,639

so she said let's do it so she took it

343

00:13:55,910 --> 00:13:53,519

to Dave McDonald and I'm telling you I'm

344

00:13:58,730 --> 00:13:55,920

a huge fan of Dave McDonald the man has

345

00:14:00,350 --> 00:13:58,740

turned move on around 100 percent and he

346

00:14:02,930 --> 00:14:00,360

has given us everything that we have

347

00:14:06,050 --> 00:14:02,940

needed and with updating and really

348

00:14:08,569 --> 00:14:06,060

bringing us up to current times and I'll

349

00:14:11,629 --> 00:14:08,579

get into even more of that the the great

350

00:14:13,250 --> 00:14:11,639

things he's been doing for mufon but um

351

00:14:16,970 --> 00:14:13,260

she got a hold of him and he said yeah

352

00:14:19,129 --> 00:14:16,980

absolutely go for it so we dove in and

353

00:14:21,050 --> 00:14:19,139

we had a small team of us

354

00:14:23,090 --> 00:14:21,060

um that would meet every Monday and we'd

355

00:14:25,790 --> 00:14:23,100

kind of go over curriculum what all's in

356

00:14:27,350 --> 00:14:25,800

mufon University and we got a whole new

357

00:14:30,530 --> 00:14:27,360

platform that we're transferring

358

00:14:34,370 --> 00:14:30,540

everything over to we reviewed the exam

359

00:14:37,069 --> 00:14:34,380

and we updated the forms that we use for

360

00:14:40,250 --> 00:14:37,079

our investigations to include things

361

00:14:44,030 --> 00:14:40,260

that we can access now so

362

00:14:45,949 --> 00:14:44,040

um the flight radar logs were able we're

363

00:14:48,610 --> 00:14:45,959

you know putting in a field for that

364

00:14:50,870 --> 00:14:48,620

where we can put that report in there

365

00:14:54,230 --> 00:14:50,880

astronomical bodies that were in the air

366

00:14:56,389 --> 00:14:54,240

at the time we have a field for that now

367

00:14:57,949 --> 00:14:56,399

um satellites we need to go you know

368

00:15:01,189 --> 00:14:57,959

track down what satellites are in the

369

00:15:04,189 --> 00:15:01,199

air they'll be filled for that and then

370

00:15:05,990 --> 00:15:04,199

we we kind of cover things with them in

371

00:15:08,650 --> 00:15:06,000

mufon University as far as on-site

372

00:15:10,670 --> 00:15:08,660

investigations and witness interview

373

00:15:12,590 --> 00:15:10,680

and just some of the different things

374

00:15:15,290 --> 00:15:12,600

that they'll come across photo and video

375

00:15:17,930 --> 00:15:15,300

analysis one of the big ones most people

376

00:15:20,350 --> 00:15:17,940

come in and they don't have any kind of

377

00:15:23,389 --> 00:15:20,360

experience analyzing photos and videos

378

00:15:24,650 --> 00:15:23,399

and so every little lens flare is

379

00:15:27,850 --> 00:15:24,660

something that's really interesting

380

00:15:30,110 --> 00:15:27,860

until you see a hundred of them and so

381

00:15:32,569 --> 00:15:30,120

that's something that we're hoping to

382

00:15:34,670 --> 00:15:32,579

train people as soon as they come in we

383

00:15:37,550 --> 00:15:34,680

have all these years and years and years

384

00:15:40,910 --> 00:15:37,560

of combined knowledge that we can give

385

00:15:43,189 --> 00:15:40,920

to people right from the start and

386

00:15:46,430 --> 00:15:43,199

it's just going to launch us to a whole

387

00:15:48,530 --> 00:15:46,440

new level whenever people coming in have

388

00:15:50,389 --> 00:15:48,540

that kind of information and then they

389

00:15:52,490 --> 00:15:50,399

get to build on it I can only imagine

390

00:15:54,590 --> 00:15:52,500

what the next generation of ufologists

391

00:15:56,449 --> 00:15:54,600

are going to be able to do building off

392

00:15:59,569 --> 00:15:56,459

of what we're doing now

393

00:16:02,710 --> 00:15:59,579

absolutely and even the point uh in

394

00:16:05,689 --> 00:16:02,720

mufon it's we try to identify what it is

395

00:16:07,730 --> 00:16:05,699

and that really is our main mission is

396

00:16:09,350 --> 00:16:07,740

like I will tell you what it is and it's

397

00:16:12,350 --> 00:16:09,360

when we can't tell you what it is and

398

00:16:14,329 --> 00:16:12,360

remains an unknown that's when it's

399

00:16:15,829 --> 00:16:14,339

really interesting but you know a lot of

400

00:16:18,530 --> 00:16:15,839

people hope that when they submit a

401
00:16:20,990 --> 00:16:18,540
video and they say you know I was

402
00:16:22,310 --> 00:16:21,000
communicating telepathically with this

403
00:16:23,629 --> 00:16:22,320
object and it turns out it was a

404
00:16:24,949 --> 00:16:23,639
satellite you can actually have the

405
00:16:27,050 --> 00:16:24,959
satellite number and everything now

406
00:16:28,430 --> 00:16:27,060
right on on these apps even on your

407
00:16:30,470 --> 00:16:28,440
phone apps you'll find out what

408
00:16:32,870 --> 00:16:30,480
satellite they were looking at and

409
00:16:34,850 --> 00:16:32,880
they don't like hearing that uh response

410
00:16:37,370 --> 00:16:34,860
at all have you had that with some of

411
00:16:39,110 --> 00:16:37,380
your cases where people just like do not

412
00:16:41,870 --> 00:16:39,120
agree with with what you came up with

413
00:16:43,730 --> 00:16:41,880

because they had their heart set on that

414

00:16:45,530 --> 00:16:43,740

they had an experience and you're just

415

00:16:46,610 --> 00:16:45,540

not seeing it right and that's that's a

416

00:16:49,009 --> 00:16:46,620

problem that we have within the

417

00:16:50,990 --> 00:16:49,019

organization is people assume that we're

418

00:16:53,150 --> 00:16:51,000

just going to believe everything and our

419

00:16:56,269 --> 00:16:53,160

job is to prove that something wasn't so

420

00:16:57,949 --> 00:16:56,279

yeah do you have any uh cases that have

421

00:17:00,170 --> 00:16:57,959

happened like that where somebody's just

422

00:17:03,230 --> 00:17:00,180

been mad at you because you've found out

423

00:17:06,409 --> 00:17:03,240

what it was well not really mad at me

424

00:17:09,110 --> 00:17:06,419

um I I try to be you know very open with

425

00:17:11,630 --> 00:17:09,120

people and I I think that in doing it

426

00:17:14,329 --> 00:17:11,640

the way that we're doing it now where we

427

00:17:15,890 --> 00:17:14,339

do our due diligence and we go in and

428

00:17:17,750 --> 00:17:15,900

we're looking at all these different

429

00:17:19,370 --> 00:17:17,760

aspects and we're able to recreate

430

00:17:22,069 --> 00:17:19,380

everything that was in the sky at the

431

00:17:25,189 --> 00:17:22,079

time of their siding when we do our due

432

00:17:27,230 --> 00:17:25,199

diligence then they say okay you know I

433

00:17:28,909 --> 00:17:27,240

can see your point I may not agree with

434

00:17:31,070 --> 00:17:28,919

it but I I can see where you're getting

435

00:17:33,830 --> 00:17:31,080

this information and why you're drawing

436

00:17:36,470 --> 00:17:33,840

that conclusion and I think that people

437

00:17:38,810 --> 00:17:36,480

are starting to understand that we

438

00:17:40,909 --> 00:17:38,820

aren't out to just debunk things we're

439

00:17:43,490 --> 00:17:40,919

not here to validate things either we're

440

00:17:45,950 --> 00:17:43,500

here to look for the truth and when we

441

00:17:49,130 --> 00:17:45,960

include things that are not truly

442

00:17:52,070 --> 00:17:49,140

anomalous it Waters down our data and

443

00:17:53,270 --> 00:17:52,080

we're getting wrong information so if we

444

00:17:55,789 --> 00:17:53,280

have

445

00:17:59,210 --> 00:17:55,799

um a cluster of sightings over here in

446

00:18:01,549 --> 00:17:59,220

Northeastern Oklahoma and then

447

00:18:04,190 --> 00:18:01,559

um you know we get a report from often

448

00:18:06,650 --> 00:18:04,200

California that kind of contradicts it

449

00:18:08,270 --> 00:18:06,660

or whatever but that's not really a true

450

00:18:10,610 --> 00:18:08,280

UAP

451
00:18:12,890 --> 00:18:10,620
we're getting wrong information you know

452
00:18:16,549 --> 00:18:12,900
it if things aren't um

453
00:18:19,610 --> 00:18:16,559
lining up then it's it's harming our

454
00:18:22,130 --> 00:18:19,620
field and it does us better to be able

455
00:18:24,529 --> 00:18:22,140
to rule out what we can so we can focus

456
00:18:28,070 --> 00:18:24,539
on the truly anomalous and understand

457
00:18:31,070 --> 00:18:28,080
the capabilities of them and the uh

458
00:18:32,330 --> 00:18:31,080
patterns that can emerge from it so like

459
00:18:35,150 --> 00:18:32,340
right now

460
00:18:38,210 --> 00:18:35,160
um October November here in Oklahoma and

461
00:18:41,330 --> 00:18:38,220
into Missouri uh we were having kind of

462
00:18:43,669 --> 00:18:41,340
a mini flap going on here uh we're

463
00:18:45,830 --> 00:18:43,679

airline pilots there was a Delta pilot

464

00:18:48,470 --> 00:18:45,840

crew that was flying over Oklahoma going

465

00:18:51,529 --> 00:18:48,480

into Missouri and I think it was in

466

00:18:53,090 --> 00:18:51,539

October that they had their sighting and

467

00:18:55,310 --> 00:18:53,100

then we had several here in Oklahoma

468

00:18:58,010 --> 00:18:55,320

that were reported about the same time

469

00:18:59,810 --> 00:18:58,020

and then Missouri also did

470

00:19:01,850 --> 00:18:59,820

um where they had a pilot that had

471

00:19:03,529 --> 00:19:01,860

reported stuff as well and it was

472

00:19:05,990 --> 00:19:03,539

interesting because several of them were

473

00:19:08,510 --> 00:19:06,000

reporting seeing a bright white light

474

00:19:11,630 --> 00:19:08,520

with red and green flashing which you

475

00:19:13,850 --> 00:19:11,640

could think a normal aircraft but these

476
00:19:16,370 --> 00:19:13,860
were from trained violence that we're

477
00:19:19,250 --> 00:19:16,380
seeing this and whenever we went in and

478
00:19:21,950 --> 00:19:19,260
did the research there weren't any

479
00:19:23,690 --> 00:19:21,960
marked you know transponding planes in

480
00:19:26,029 --> 00:19:23,700
the area

481
00:19:28,190 --> 00:19:26,039
um and to to see that over and over and

482
00:19:29,930 --> 00:19:28,200
over that's something that we saw in the

483
00:19:32,930 --> 00:19:29,940
60s that was reported here in Oklahoma

484
00:19:34,789 --> 00:19:32,940
as well it was the stationary white

485
00:19:36,830 --> 00:19:34,799
lights with the red and green flashing

486
00:19:40,970 --> 00:19:36,840
and so we're seeing that kind of repeat

487
00:19:43,190 --> 00:19:40,980
it again here in 2022 you know that that

488
00:19:45,830 --> 00:19:43,200

it's still the same kind of

489

00:19:47,690 --> 00:19:45,840

um craft that we're seeing reported here

490

00:19:50,450 --> 00:19:47,700

well in the last couple months there's

491

00:19:52,490 --> 00:19:50,460

been lots of talk of enigma Labs which

492

00:19:54,650 --> 00:19:52,500

is basically a group that's petitioning

493

00:19:56,029 --> 00:19:54,660

the public to send us their reports but

494

00:19:58,490 --> 00:19:56,039

they're kind of hiding behind a veil of

495

00:20:00,350 --> 00:19:58,500

anonymity sort of cryptic writing on

496

00:20:01,970 --> 00:20:00,360

their site essentially from what most

497

00:20:05,990 --> 00:20:01,980

people are gathering is they've come up

498

00:20:08,570 --> 00:20:06,000

with an algorithmic spreadsheet to rank

499

00:20:10,610 --> 00:20:08,580

cases and some people have said well if

500

00:20:13,610 --> 00:20:10,620

you're going to assign a higher priority

501
00:20:15,770 --> 00:20:13,620
to a ce4 over ce1 you're going to throw

502
00:20:17,570 --> 00:20:15,780
out a lot of good data because just

503
00:20:20,029 --> 00:20:17,580
because that's the only report doesn't

504
00:20:21,950 --> 00:20:20,039
make it any less anomalous so my

505
00:20:24,590 --> 00:20:21,960
question for you is kind of two-fold one

506
00:20:26,570 --> 00:20:24,600
have you heard anything about mufon

507
00:20:28,610 --> 00:20:26,580
collaborating and the reason I say that

508
00:20:30,350 --> 00:20:28,620
is because a lot of people we've heard

509
00:20:32,270 --> 00:20:30,360
are throwing stones and mufons saying

510
00:20:33,890 --> 00:20:32,280
you know people gave you reports and

511
00:20:35,330 --> 00:20:33,900
confidence and now you're going to work

512
00:20:37,070 --> 00:20:35,340
with the government and share it with

513
00:20:39,230 --> 00:20:37,080

Enigma so I think there's a lot of bad

514

00:20:41,570 --> 00:20:39,240

info floating around I don't know myself

515

00:20:44,270 --> 00:20:41,580

personally one way or the other so again

516

00:20:47,210 --> 00:20:44,280

twofold do you know anything if Enigma

517

00:20:48,830 --> 00:20:47,220

and mufon are working and also is mufan

518

00:20:50,930 --> 00:20:48,840

going to be working with this Aero

519

00:20:53,029 --> 00:20:50,940

office as referenced in the last

520

00:20:56,810 --> 00:20:53,039

Congressional UAP report what are your

521

00:20:59,150 --> 00:20:56,820

thoughts on that right that's a

522

00:21:01,250 --> 00:20:59,160

button well we got time so I figured I'd

523

00:21:02,390 --> 00:21:01,260

get it all out now okay let's start off

524

00:21:06,350 --> 00:21:02,400

with

525

00:21:08,690 --> 00:21:06,360

um the Enigma Labs I am not really

526
00:21:10,850 --> 00:21:08,700
familiar with what they're doing

527
00:21:12,409 --> 00:21:10,860
um I've heard about them I know that

528
00:21:14,270 --> 00:21:12,419
they just made some kind of deal with

529
00:21:16,310 --> 00:21:14,280
the government that

530
00:21:17,870 --> 00:21:16,320
um I guess that that had come out that

531
00:21:20,570 --> 00:21:17,880
was the first time I really had heard of

532
00:21:21,950 --> 00:21:20,580
them and I'm really I I mean I went on

533
00:21:24,650 --> 00:21:21,960
to their website and looked and it's

534
00:21:26,930 --> 00:21:24,660
actually pretty nice but

535
00:21:29,450 --> 00:21:26,940
um I I don't know anything about their

536
00:21:31,970 --> 00:21:29,460
protocol or anything but I think that

537
00:21:34,549 --> 00:21:31,980
probably they'll find like we have that

538
00:21:36,830 --> 00:21:34,559

in researching and speaking with people

539

00:21:39,590 --> 00:21:36,840

that have made these reports you cannot

540

00:21:42,110 --> 00:21:39,600

throw off you know or throw out the

541

00:21:44,210 --> 00:21:42,120

first you know the category One cases

542

00:21:46,370 --> 00:21:44,220

the light in the sky cases because

543

00:21:49,909 --> 00:21:46,380

sometimes people are very hesitant to

544

00:21:51,890 --> 00:21:49,919

open up about what really happened and

545

00:21:54,289 --> 00:21:51,900

one of the light in the sky cases that

546

00:21:56,810 --> 00:21:54,299

we had recently which was one of part of

547

00:21:59,330 --> 00:21:56,820

the flap that I was just mentioning the

548

00:22:01,130 --> 00:21:59,340

guy was walking his dog and you know

549

00:22:02,750 --> 00:22:01,140

that that's all it was I was out walking

550

00:22:05,090 --> 00:22:02,760

my dog and I saw this white light and it

551
00:22:06,890 --> 00:22:05,100
was splashing red and green okay well

552
00:22:09,409 --> 00:22:06,900
then we get in and get to talking with

553
00:22:11,810 --> 00:22:09,419
him it affected his dog his dog wasn't

554
00:22:14,450 --> 00:22:11,820
able to walk after this thing flew by it

555
00:22:16,610 --> 00:22:14,460
and it was very ill that whole night and

556
00:22:19,130 --> 00:22:16,620
it finally started recovering over the

557
00:22:20,810 --> 00:22:19,140
the evening and throughout the night and

558
00:22:22,909 --> 00:22:20,820
he actually went back the next night

559
00:22:25,130 --> 00:22:22,919
trying to see if it was maybe a star or

560
00:22:27,649 --> 00:22:25,140
something so he he really approached it

561
00:22:30,770 --> 00:22:27,659
rationally and was trying to you know

562
00:22:32,810 --> 00:22:30,780
rule out anything that he could and and

563
00:22:35,510 --> 00:22:32,820

so in in talking with him more

564

00:22:36,830 --> 00:22:35,520

information comes to life and I can't

565

00:22:39,049 --> 00:22:36,840

tell you how many times that's happened

566

00:22:41,570 --> 00:22:39,059

where it seems like a very surface level

567

00:22:44,570 --> 00:22:41,580

kind of report and then someone says

568

00:22:47,690 --> 00:22:44,580

well then later I was visited by these

569

00:22:49,789 --> 00:22:47,700

shadow beings or I woke up in the night

570

00:22:51,409 --> 00:22:49,799

and my bedroom was flooded with light

571

00:22:54,409 --> 00:22:51,419

and I didn't feel comfortable putting

572

00:22:57,169 --> 00:22:54,419

that in the report okay you know

573

00:22:59,390 --> 00:22:57,179

um so that category one case can very

574

00:23:01,970 --> 00:22:59,400

quickly turn into a category three just

575

00:23:04,370 --> 00:23:01,980

in speaking with people and you know in

576

00:23:06,950 --> 00:23:04,380

the course of a hour-long interview with

577

00:23:09,710 --> 00:23:06,960

someone you start realizing just the

578

00:23:12,649 --> 00:23:09,720

multitude of encounters they've really

579

00:23:15,350 --> 00:23:12,659

had and a pattern starts emerging Within

580

00:23:16,730 --> 00:23:15,360

These different experiences so you know

581

00:23:19,010 --> 00:23:16,740

like I said I think that they'll

582

00:23:20,270 --> 00:23:19,020

probably find that as well once you get

583

00:23:21,470 --> 00:23:20,280

the boots on the ground you start

584

00:23:23,630 --> 00:23:21,480

getting out there and actually talking

585

00:23:26,149 --> 00:23:23,640

with people it changes things very

586

00:23:29,210 --> 00:23:26,159

quickly and let's see what else did you

587

00:23:31,010 --> 00:23:29,220

bring up the yeah the Aero office arrow

588

00:23:33,350 --> 00:23:31,020

is supposed to be you know Consulting

589

00:23:34,850 --> 00:23:33,360

with a lot of other organizations you

590

00:23:36,710 --> 00:23:34,860

think mufon would be on that list

591

00:23:39,350 --> 00:23:36,720

because they're mufon and I mean they

592

00:23:41,390 --> 00:23:39,360

probably have more report cases than

593

00:23:42,770 --> 00:23:41,400

anywhere else so have you heard anything

594

00:23:44,570 --> 00:23:42,780

that there's going to be mufon

595

00:23:47,270 --> 00:23:44,580

collaborating with the government so to

596

00:23:50,029 --> 00:23:47,280

speaking well yeah um I don't know anything

597

00:23:52,490 --> 00:23:50,039

about collaborating with Enigma labs and

598

00:23:54,350 --> 00:23:52,500

of course I'll tell you people don't

599

00:23:56,750 --> 00:23:54,360

tell me things because I'm very excited

600

00:23:58,250 --> 00:23:56,760

about this so

601
00:24:00,770 --> 00:23:58,260
um and I tell them don't tell me

602
00:24:02,510 --> 00:24:00,780
anything because I I don't know if I

603
00:24:04,549 --> 00:24:02,520
could keep my mouth shut

604
00:24:07,250 --> 00:24:04,559
um so I I really come from a place of

605
00:24:09,890 --> 00:24:07,260
just this is my observation as far as

606
00:24:13,250 --> 00:24:09,900
what's been released but I I think that

607
00:24:15,409 --> 00:24:13,260
they are moving very very much towards

608
00:24:17,570 --> 00:24:15,419
that I know that they have been out

609
00:24:19,669 --> 00:24:17,580
there speaking with our congressman and

610
00:24:20,930 --> 00:24:19,679
it's been very well received we're

611
00:24:22,850 --> 00:24:20,940
seeing

612
00:24:24,950 --> 00:24:22,860
um cooperation on both sides of the

613
00:24:26,990 --> 00:24:24,960

aisle that Republicans and Democrats

614

00:24:28,970 --> 00:24:27,000

alike are very excited about this they

615

00:24:29,990 --> 00:24:28,980

want to get to the root of it and I

616

00:24:32,270 --> 00:24:30,000

think that it's a whole different

617

00:24:34,610 --> 00:24:32,280

atmosphere that we're seeing now than

618

00:24:36,710 --> 00:24:34,620

opposed to when they were doing Blue

619

00:24:39,529 --> 00:24:36,720

Book and everything

620

00:24:41,810 --> 00:24:39,539

um they did such a darn good job back

621

00:24:43,310 --> 00:24:41,820

whenever you know project Grudge was

622

00:24:46,190 --> 00:24:43,320

around and they were trying to discredit

623

00:24:48,710 --> 00:24:46,200

UFOs now they're trying to undo it all

624

00:24:50,149 --> 00:24:48,720

these years later you know they're like

625

00:24:51,890 --> 00:24:50,159

no really there's something in the sky

626
00:24:54,590 --> 00:24:51,900
now you know there's something that we

627
00:24:56,090 --> 00:24:54,600
can't identify that that's happening

628
00:24:58,430 --> 00:24:56,100
um and so they're they're trying to get

629
00:25:00,590 --> 00:24:58,440
that word out now and kind of change

630
00:25:03,289 --> 00:25:00,600
that narrative where it can be much more

631
00:25:05,450 --> 00:25:03,299
of an open dialogue and not the ridicule

632
00:25:08,350 --> 00:25:05,460
that's been traditionally attached to it

633
00:25:12,830 --> 00:25:08,360
but I think that um

634
00:25:15,409 --> 00:25:12,840
that we are in a position now to

635
00:25:17,450 --> 00:25:15,419
collaborate with them where we can bring

636
00:25:19,549 --> 00:25:17,460
years and years of experience together

637
00:25:22,190 --> 00:25:19,559
with the funding that the government has

638
00:25:24,529 --> 00:25:22,200

and the capabilities that they have I

639

00:25:26,990 --> 00:25:24,539

mean let's face it mufon is a non-profit

640

00:25:30,649 --> 00:25:27,000

we do not have you know access to

641

00:25:31,909 --> 00:25:30,659

satellites you know all of the the you

642

00:25:33,890 --> 00:25:31,919

know high dollar things that our

643

00:25:36,049 --> 00:25:33,900

government has and I think that we have

644

00:25:38,149 --> 00:25:36,059

an opportunity here to really get closer

645

00:25:40,490 --> 00:25:38,159

to answering the questions that we've

646

00:25:42,409 --> 00:25:40,500

had for all of these years I think it's

647

00:25:45,710 --> 00:25:42,419

our best shot and I think that we have

648

00:25:48,649 --> 00:25:45,720

to approach it in good faith and hope

649

00:25:49,730 --> 00:25:48,659

that our government is doing so as well

650

00:25:51,890 --> 00:25:49,740

um I think that there's probably

651
00:25:53,870 --> 00:25:51,900
factions within the government some are

652
00:25:55,250 --> 00:25:53,880
wanting to keep things more secret I

653
00:25:56,930 --> 00:25:55,260
think some are wanting it to come to

654
00:25:58,909 --> 00:25:56,940
light and we know that some are wanting

655
00:26:00,950 --> 00:25:58,919
it to come to light we've seen Rubio and

656
00:26:02,570 --> 00:26:00,960
other you know come forward and saying

657
00:26:05,450 --> 00:26:02,580
we need to know about this the American

658
00:26:07,669 --> 00:26:05,460
people deserve to know and

659
00:26:09,950 --> 00:26:07,679
you know that that's what we're heading

660
00:26:13,250 --> 00:26:09,960
towards that's what we're trying to get

661
00:26:15,110 --> 00:26:13,260
with any kind of collaboration and I

662
00:26:17,269 --> 00:26:15,120
know that that they've been in constant

663
00:26:19,970 --> 00:26:17,279

talks with the government

664

00:26:21,890 --> 00:26:19,980

um and things have been going well that

665

00:26:23,630 --> 00:26:21,900

that's as far as I know

666

00:26:26,570 --> 00:26:23,640

um and that's kind of what Dave's put

667

00:26:29,149 --> 00:26:26,580

out in the the mufon journal and you

668

00:26:31,610 --> 00:26:29,159

know I'm hoping to hear good news soon I

669

00:26:34,010 --> 00:26:31,620

would look forward to it and I'll tell

670

00:26:36,649 --> 00:26:34,020

you I'm not approaching it from a place

671

00:26:39,230 --> 00:26:36,659

of ignorance one of the first things I

672

00:26:41,810 --> 00:26:39,240

did whenever they brought that up

673

00:26:43,970 --> 00:26:41,820

um that you know that we might be trying

674

00:26:45,529 --> 00:26:43,980

to to partner with the government in

675

00:26:47,630 --> 00:26:45,539

researching

676
00:26:49,669 --> 00:26:47,640
um I look back to see what happened with

677
00:26:51,769 --> 00:26:49,679
the Bigelow agreement

678
00:26:53,630 --> 00:26:51,779
because I thought okay well maybe this

679
00:26:55,789 --> 00:26:53,640
will Echo that one of the first

680
00:26:58,490 --> 00:26:55,799
criticisms I heard from people was you

681
00:27:01,070 --> 00:26:58,500
know it now people are not going to have

682
00:27:02,930 --> 00:27:01,080
a place to go that's safe if mufon teams

683
00:27:04,430 --> 00:27:02,940
up with the government and that's a very

684
00:27:07,490 --> 00:27:04,440
real concern

685
00:27:09,529 --> 00:27:07,500
um and I was concerned about it too

686
00:27:13,310 --> 00:27:09,539
what happened with the Bigelow agreement

687
00:27:16,669 --> 00:27:13,320
was mufon put a thing on their website

688
00:27:18,470 --> 00:27:16,679

whenever people went to report a UFO and

689

00:27:21,409 --> 00:27:18,480

they could opt out of sharing it with

690

00:27:24,350 --> 00:27:21,419

third parties and so I'm I wonder if

691

00:27:26,149 --> 00:27:24,360

that is what we will be doing if there

692

00:27:28,669 --> 00:27:26,159

is any kind of an agreement where people

693

00:27:30,890 --> 00:27:28,679

can opt out of hey I just wanted to stay

694

00:27:32,330 --> 00:27:30,900

with mufon or it's okay to go ahead and

695

00:27:34,130 --> 00:27:32,340

share this

696

00:27:38,090 --> 00:27:34,140

um I don't know if that's how it will go

697

00:27:40,669 --> 00:27:38,100

but that gave me confidence and

698

00:27:43,789 --> 00:27:40,679

um insecurity and that knowing that

699

00:27:45,830 --> 00:27:43,799

people will be protected or they they

700

00:27:47,570 --> 00:27:45,840

were protected before through the

701

00:27:49,310 --> 00:27:47,580

Bigelow agreement

702

00:27:51,470 --> 00:27:49,320

um and so people that did not want it

703

00:27:54,409 --> 00:27:51,480

shared it was not shared with with

704

00:27:56,649 --> 00:27:54,419

anybody outside and move on right which

705

00:27:59,630 --> 00:27:56,659

was one of the main concerns is move on

706

00:28:00,890 --> 00:27:59,640

a lot of people have heard of it but a

707

00:28:02,330 --> 00:28:00,900

lot of people have not heard of it

708

00:28:03,710 --> 00:28:02,340

they're just oh actually you know just

709

00:28:05,930 --> 00:28:03,720

found out about it through this podcast

710

00:28:08,630 --> 00:28:05,940

or because it was recently mentioned in

711

00:28:10,850 --> 00:28:08,640

the news so you we haven't really

712

00:28:12,049 --> 00:28:10,860

established that trust yet to say hey

713

00:28:14,210 --> 00:28:12,059

we're working along with the government

714

00:28:15,950 --> 00:28:14,220

well who's MoveOn and people look into

715

00:28:17,930 --> 00:28:15,960

it maybe there's yeah you're right they

716

00:28:20,149 --> 00:28:17,940

might be trust issues there because

717

00:28:22,130 --> 00:28:20,159

nobody really trusts the government and

718

00:28:25,070 --> 00:28:22,140

the government set an interest in these

719

00:28:27,289 --> 00:28:25,080

things uh as of late has been you know

720

00:28:29,450 --> 00:28:27,299

sort of dubious at best I mean we don't

721

00:28:31,370 --> 00:28:29,460

know what they're up to and why they

722

00:28:33,590 --> 00:28:31,380

care all of a sudden

723

00:28:35,630 --> 00:28:33,600

um speaking of which uh we have to

724

00:28:37,490 --> 00:28:35,640

address this because it is February 12th

725

00:28:40,130 --> 00:28:37,500

as we're recording this there is a flap

726

00:28:44,810 --> 00:28:40,140

that's going on right now there's been

727

00:28:47,810 --> 00:28:44,820

five incidences with UFOs or uaps in

728

00:28:49,610 --> 00:28:47,820

North America and now China as well with

729

00:28:50,990 --> 00:28:49,620

so let's talk a little bit about this

730

00:28:52,010 --> 00:28:51,000

little flap that we're having because

731

00:28:53,990 --> 00:28:52,020

some people are going to be wondering

732

00:28:56,390 --> 00:28:54,000

about about this Louie I'm going to pick

733

00:28:58,370 --> 00:28:56,400

your brain first uh what do you think is

734

00:29:00,710 --> 00:28:58,380

going on like it's sort of strange times

735

00:29:03,110 --> 00:29:00,720

now yeah so we'll summarize best we can

736

00:29:04,669 --> 00:29:03,120

again this is 2PM Pacific Time right now

737

00:29:06,350 --> 00:29:04,679

and this is cool we're actually in the

738

00:29:09,409 --> 00:29:06,360

middle of a mini flap this has never

739

00:29:11,690 --> 00:29:09,419

happened uh that I can remember at least

740

00:29:13,730 --> 00:29:11,700

not with multiple reporting so very cool

741

00:29:15,470 --> 00:29:13,740

apparently Thursday

742

00:29:17,510 --> 00:29:15,480

um and again a week or two ago we had

743

00:29:21,409 --> 00:29:17,520

this Chinese balloon that made worldwide

744

00:29:24,350 --> 00:29:21,419

news so on Thursday a UAP was reported

745

00:29:25,850 --> 00:29:24,360

uh in Alaska and it apparently was shot

746

00:29:29,210 --> 00:29:25,860

down now apparently that was shot down

747

00:29:30,470 --> 00:29:29,220

on Frozen Waters there is debris initial

748

00:29:32,090 --> 00:29:30,480

results are even though they're

749

00:29:34,250 --> 00:29:32,100

collecting debris they don't know what

750

00:29:36,289 --> 00:29:34,260

it's from maybe falling from that height

751
00:29:39,769 --> 00:29:36,299
it blew up who knows so that's ongoing

752
00:29:41,889 --> 00:29:39,779
so that was Thursday Friday in the Yukon

753
00:29:43,669 --> 00:29:41,899
Canada which also borders near Alaska

754
00:29:45,529 --> 00:29:43,679
there was a joint effort between

755
00:29:48,409 --> 00:29:45,539
Canadian and American forces to shoot

756
00:29:50,690 --> 00:29:48,419
down another UAP I believe the Americans

757
00:29:53,269 --> 00:29:50,700
did shoot it but Canada and America has

758
00:29:56,029 --> 00:29:53,279
a NATO agreement NORAD is also in the

759
00:29:57,769 --> 00:29:56,039
northern part of North America so the

760
00:29:59,570 --> 00:29:57,779
Americans did the Gunning but so that

761
00:30:03,230 --> 00:29:59,580
was number two number three I believe

762
00:30:05,029 --> 00:30:03,240
was last night my Montana closed a

763
00:30:07,730 --> 00:30:05,039

certain part of their airspace due to

764

00:30:10,549 --> 00:30:07,740

anomalous phenomena and I believe that

765

00:30:12,649 --> 00:30:10,559

area is also close to bases and reported

766

00:30:15,350 --> 00:30:12,659

underground things missile silos who

767

00:30:17,750 --> 00:30:15,360

knows and then this afternoon now there

768

00:30:20,510 --> 00:30:17,760

was a report that Michigan over Lake

769

00:30:22,130 --> 00:30:20,520

closed their airspace and the subsequent

770

00:30:25,250 --> 00:30:22,140

report said that they are now scrambling

771

00:30:27,710 --> 00:30:25,260

Jets and then China reported one as well

772

00:30:29,210 --> 00:30:27,720

so five incidences in the last three or

773

00:30:30,710 --> 00:30:29,220

four days

774

00:30:32,029 --> 00:30:30,720

um yeah let's get everybody's thoughts

775

00:30:34,130 --> 00:30:32,039

on that what do you think Mindy have you

776

00:30:37,250 --> 00:30:34,140

been following this uh well of course I

777

00:30:38,570 --> 00:30:37,260

have but I'll tell you I think one of

778

00:30:40,549 --> 00:30:38,580

the interesting things about the

779

00:30:44,450 --> 00:30:40,559

reporting on it is that we're seeing the

780

00:30:45,950 --> 00:30:44,460

terminology UFO instead of UAP when

781

00:30:48,590 --> 00:30:45,960

they're talking about this or weather

782

00:30:50,269 --> 00:30:48,600

balloon for that matter yeah I I think

783

00:30:52,190 --> 00:30:50,279

it's interesting that they're using that

784

00:30:53,510 --> 00:30:52,200

terminology in the media as opposed to

785

00:30:55,310 --> 00:30:53,520

UAP

786

00:30:57,289 --> 00:30:55,320

um and I really don't have any

787

00:30:59,330 --> 00:30:57,299

conclusions about what it is I you know

788

00:31:01,010 --> 00:30:59,340

everybody else is wondering what it is

789

00:31:03,470 --> 00:31:01,020

and they're asking me and I'm saying I

790

00:31:05,210 --> 00:31:03,480

don't know you know I'm waiting to see

791

00:31:07,430 --> 00:31:05,220

you know what they they come out with

792

00:31:10,370 --> 00:31:07,440

I've heard different things uh the one

793

00:31:12,889 --> 00:31:10,380

over Alaska supposedly didn't have any

794

00:31:16,130 --> 00:31:12,899

propulsion any means of propulsion on it

795

00:31:17,389 --> 00:31:16,140

and one of the the jet Pilots had said

796

00:31:19,549 --> 00:31:17,399

that it interfered with his

797

00:31:21,590 --> 00:31:19,559

instrumentation some

798

00:31:23,630 --> 00:31:21,600

um so I mean obviously there's something

799

00:31:26,090 --> 00:31:23,640

going on there then the one that was

800

00:31:27,409 --> 00:31:26,100

shot down the was it the balloon that

801
00:31:28,909 --> 00:31:27,419
was shot down over

802
00:31:31,190 --> 00:31:28,919
um the coast of North Carolina South

803
00:31:32,930 --> 00:31:31,200
Carolina they're still recovering bits

804
00:31:34,730 --> 00:31:32,940
of it uh

805
00:31:36,529 --> 00:31:34,740
and you know we're not hearing much

806
00:31:38,930 --> 00:31:36,539
about kind of its construction or if

807
00:31:40,970 --> 00:31:38,940
it's anything like the others I think

808
00:31:43,190 --> 00:31:40,980
that this is really

809
00:31:45,769 --> 00:31:43,200
um pointing to the importance of the

810
00:31:47,389 --> 00:31:45,779
formation of Arrow and the ability to

811
00:31:49,190 --> 00:31:47,399
share that kind of information between

812
00:31:51,830 --> 00:31:49,200
the the Departments within the

813
00:31:54,169 --> 00:31:51,840

government with tracking anomalous

814

00:31:57,590 --> 00:31:54,179

things in the skies and I think that

815

00:31:59,510 --> 00:31:57,600

even it shows why mufon would be an

816

00:32:01,850 --> 00:31:59,520

important part of that because if we're

817

00:32:04,190 --> 00:32:01,860

having civilians on the ground reporting

818

00:32:06,889 --> 00:32:04,200

lots and lots of things you know in one

819

00:32:08,630 --> 00:32:06,899

area then it's kind of sending up those

820

00:32:10,250 --> 00:32:08,640

red flags where the government can go in

821

00:32:12,169 --> 00:32:10,260

check with the different departments and

822

00:32:13,789 --> 00:32:12,179

say okay we've got a lot of civilians

823

00:32:17,210 --> 00:32:13,799

reporting something over here in Alaska

824

00:32:19,909 --> 00:32:17,220

we need to see what's going on you know

825

00:32:21,649 --> 00:32:19,919

um it is a matter of National Security I

826

00:32:23,750 --> 00:32:21,659

don't know if this is alien I don't know

827

00:32:27,350 --> 00:32:23,760

if it's from China you know I I don't

828

00:32:29,690 --> 00:32:27,360

know but uh it's something that we need

829

00:32:32,630 --> 00:32:29,700

to be aware of and we need to be able to

830

00:32:35,090 --> 00:32:32,640

track and um I think that arrow is a

831

00:32:36,110 --> 00:32:35,100

very good good office to be able to to

832

00:32:38,149 --> 00:32:36,120

do that

833

00:32:40,010 --> 00:32:38,159

interesting choice of language too like

834

00:32:41,269 --> 00:32:40,020

the weather but the balloon was a

835

00:32:43,190 --> 00:32:41,279

balloon it's always been called a

836

00:32:44,330 --> 00:32:43,200

balloon and the thing I don't understand

837

00:32:46,250 --> 00:32:44,340

is how do they know it was a Chinese

838

00:32:48,289 --> 00:32:46,260

balloon on the first report like that

839

00:32:50,210 --> 00:32:48,299

but anyway that's we can get down that

840

00:32:52,010 --> 00:32:50,220

rabbit hole of conspiracy theories and

841

00:32:54,470 --> 00:32:52,020

all the rest but that's clearly a

842

00:32:56,750 --> 00:32:54,480

balloon the others have been called UFOs

843

00:32:58,610 --> 00:32:56,760

uh one of the reports back I think was

844

00:33:00,590 --> 00:32:58,620

ABC news they had said that it was

845

00:33:03,110 --> 00:33:00,600

cylindrical so we're not talking a

846

00:33:05,750 --> 00:33:03,120

balloon if it is a cylinder and then you

847

00:33:07,549 --> 00:33:05,760

hear the report of 40 000 feet but no

848

00:33:09,529 --> 00:33:07,559

visual sign of propulsion I'm thinking

849

00:33:11,570 --> 00:33:09,539

like five you know the five observables

850

00:33:13,850 --> 00:33:11,580

where there's no control surfaces no

851

00:33:16,430 --> 00:33:13,860

heat they just seem to be cruising at

852

00:33:19,370 --> 00:33:16,440

forty thousand feet with nothing as an

853

00:33:20,570 --> 00:33:19,380

engine no uh no heat signature on on

854

00:33:22,669 --> 00:33:20,580

that type of radar and then

855

00:33:24,169 --> 00:33:22,679

malfunctioning with people's you know

856

00:33:26,090 --> 00:33:24,179

equipment

857

00:33:28,130 --> 00:33:26,100

um yeah and uh it's interesting that

858

00:33:30,710 --> 00:33:28,140

they use the more stigmatic term like

859

00:33:32,149 --> 00:33:30,720

UFO versus UAP

860

00:33:34,549 --> 00:33:32,159

um yeah I don't know I my personal

861

00:33:36,649 --> 00:33:34,559

opinion I think this points to man-made

862

00:33:39,250 --> 00:33:36,659

I don't think we can actually shoot down

863

00:33:41,330 --> 00:33:39,260

real UFOs just due to technological

864

00:33:42,649 --> 00:33:41,340

amazement you know like we're not even

865

00:33:44,750 --> 00:33:42,659

close

866

00:33:46,130 --> 00:33:44,760

um but yeah if it was really they wanted

867

00:33:47,930 --> 00:33:46,140

to keep it secret they would it wouldn't

868

00:33:49,970 --> 00:33:47,940

be in all the news so is this a

869

00:33:52,610 --> 00:33:49,980

controlled disclosure is this kind of

870

00:33:53,870 --> 00:33:52,620

like a false flag event you know there

871

00:33:55,310 --> 00:33:53,880

was somebody who commented on that a

872

00:33:58,130 --> 00:33:55,320

month ago that there's a false flag

873

00:34:01,789 --> 00:33:58,140

event coming in a month's time and now

874

00:34:03,110 --> 00:34:01,799

all this so I find it very coincidental

875

00:34:04,549 --> 00:34:03,120

um what do you think Jay you've been

876

00:34:05,990 --> 00:34:04,559

pretty quiet over there I can see you're

877

00:34:09,409 --> 00:34:06,000

thinking what do you think oh motorcycle

878

00:34:11,570 --> 00:34:09,419

uh I think it's a play usually the media

879

00:34:15,050 --> 00:34:11,580

and especially the government is very

880

00:34:17,570 --> 00:34:15,060

particular on their choice of words even

881

00:34:19,550 --> 00:34:17,580

the blue tie you know you're the one who

882

00:34:22,250 --> 00:34:19,560

mentioned that to me uh Louis the blue

883

00:34:23,750 --> 00:34:22,260

conveys trust yeah and you know people

884

00:34:26,629 --> 00:34:23,760

can trust you more if you're wearing

885

00:34:28,909 --> 00:34:26,639

blue blue suit blue tie right that's

886

00:34:31,010 --> 00:34:28,919

exactly what that spokesman for the

887

00:34:33,050 --> 00:34:31,020

White House was wearing a nice blue tie

888

00:34:36,409 --> 00:34:33,060

breaking in the story was shot you know

889

00:34:38,629 --> 00:34:36,419

what UAP or UFO above Alaska no worry

890

00:34:41,210 --> 00:34:38,639

about it but you should know right

891

00:34:43,609 --> 00:34:41,220

something's going on I I don't know it's

892

00:34:46,250 --> 00:34:43,619

the perfect you know I think storm of

893

00:34:48,770 --> 00:34:46,260

the fact that you also have us on edge

894

00:34:50,510 --> 00:34:48,780

thinking this China China's ability to

895

00:34:52,849 --> 00:34:50,520

spy on us maybe they have weather

896

00:34:54,710 --> 00:34:52,859

balloons everywhere but then China's

897

00:34:56,030 --> 00:34:54,720

going hey we got him too

898

00:34:57,710 --> 00:34:56,040

um you know we got to clear out an area

899

00:34:59,270 --> 00:34:57,720

like earlier today who knows if they

900

00:35:01,910 --> 00:34:59,280

shot it down or not but they did clear

901
00:35:04,310 --> 00:35:01,920
an area they did send out a warning uh

902
00:35:05,810 --> 00:35:04,320
they're experiencing it as much as the

903
00:35:07,849 --> 00:35:05,820
United States and I doubt that the

904
00:35:09,890 --> 00:35:07,859
United States would allow

905
00:35:12,410 --> 00:35:09,900
crafts to come that close to the

906
00:35:14,569 --> 00:35:12,420
military installations and especially if

907
00:35:18,050 --> 00:35:14,579
they're keeping nukes or any Warheads

908
00:35:20,810 --> 00:35:18,060
you know around that vicinity and and

909
00:35:23,210 --> 00:35:20,820
say no no fly zones you know something's

910
00:35:24,650 --> 00:35:23,220
there that that to me is not China

911
00:35:26,930 --> 00:35:24,660
there's no way you could go halfway

912
00:35:28,910 --> 00:35:26,940
through a country and just settle there

913
00:35:30,530 --> 00:35:28,920

and watch their operations at close

914

00:35:32,530 --> 00:35:30,540

range let's just let's face it that's

915

00:35:35,569 --> 00:35:32,540

not with a balloon

916

00:35:37,970 --> 00:35:35,579

with a camera doing what you were doing

917

00:35:39,290 --> 00:35:37,980

we're just watching yeah like give them

918

00:35:41,270 --> 00:35:39,300

a little more credit than that if

919

00:35:43,849 --> 00:35:41,280

they're gonna spy they know how to spy

920

00:35:45,109 --> 00:35:43,859

by now we do the Russians do Chinese do

921

00:35:47,569 --> 00:35:45,119

pretty sure that's what all the

922

00:35:48,829 --> 00:35:47,579

satellites are for I I can't see them

923

00:35:50,390 --> 00:35:48,839

being like yeah let's just see if

924

00:35:52,010 --> 00:35:50,400

they'll catch a balloon with a pencil

925

00:35:53,690 --> 00:35:52,020

attached to it it doesn't make sense

926

00:35:55,730 --> 00:35:53,700

yeah and if you got like the efficient

927

00:36:00,109 --> 00:35:55,740

was it the the governor or the senator

928

00:36:02,450 --> 00:36:00,119

of of uh I won't say Montana much of it

929

00:36:03,770 --> 00:36:02,460

was Montana the one with the uh recent

930

00:36:05,210 --> 00:36:03,780

sighting anyways he's saying yeah

931

00:36:06,770 --> 00:36:05,220

there's something there like it may be

932

00:36:09,650 --> 00:36:06,780

nothing or it may be something it's like

933

00:36:10,790 --> 00:36:09,660

wow that's really freaking vague like it

934

00:36:12,170 --> 00:36:10,800

could be something or it could be

935

00:36:14,630 --> 00:36:12,180

nothing well what if it is something

936

00:36:16,130 --> 00:36:14,640

like that's that's breaking news you

937

00:36:18,829 --> 00:36:16,140

know is there something in controlled

938

00:36:20,569 --> 00:36:18,839

airspace or not yeah let's just clarify

939

00:36:22,250 --> 00:36:20,579

that yeah and he pretty much said there

940

00:36:24,410 --> 00:36:22,260

was that there was no there's just but

941

00:36:25,790 --> 00:36:24,420

it could be nothing you know like I hate

942

00:36:27,290 --> 00:36:25,800

when they say that could be nothing like

943

00:36:29,870 --> 00:36:27,300

it's not some kid playing around with a

944

00:36:32,630 --> 00:36:29,880

drone I mean this is a craft at forty

945

00:36:34,849 --> 00:36:32,640

thousand feet yeah yeah or directly

946

00:36:36,770 --> 00:36:34,859

above their their installation so I mean

947

00:36:39,050 --> 00:36:36,780

we keep hearing about that like it could

948

00:36:41,089 --> 00:36:39,060

be you know Russians I don't think so

949

00:36:43,370 --> 00:36:41,099

you know the logistics of getting the

950

00:36:45,650 --> 00:36:43,380

craft to that specific location in the

951
00:36:47,750 --> 00:36:45,660
middle of a country is a nightmare much

952
00:36:49,490 --> 00:36:47,760
less like being visible to the rest of

953
00:36:50,990 --> 00:36:49,500
the crew on the ground so yeah

954
00:36:52,910 --> 00:36:51,000
something's going on I'm not quite sure

955
00:36:54,890 --> 00:36:52,920
that's a good point that's the point of

956
00:36:56,690 --> 00:36:54,900
spying not to get caught get the info

957
00:36:58,370 --> 00:36:56,700
get the hell out nobody knows you were

958
00:37:01,190 --> 00:36:58,380
there I'm pretty sure that's put the CIA

959
00:37:02,810 --> 00:37:01,200
working on forever but yeah anyway we

960
00:37:05,030 --> 00:37:02,820
digress we want to get back to mufon

961
00:37:06,829 --> 00:37:05,040
again because on Friday mufon was

962
00:37:09,230 --> 00:37:06,839
featured on the new episode of Ancient

963
00:37:10,849 --> 00:37:09,240

Aliens and Mindy was on there among some

964

00:37:13,069 --> 00:37:10,859

other Brilliant Minds and contributors

965

00:37:15,890 --> 00:37:13,079

so for those people listening in Canada

966

00:37:17,450 --> 00:37:15,900

it did not air I think there's a delay

967

00:37:19,490 --> 00:37:17,460

in the network or perhaps it's going to

968

00:37:21,349 --> 00:37:19,500

come at a later date but it did air in

969

00:37:22,430 --> 00:37:21,359

the states and Mindy maybe you could

970

00:37:25,790 --> 00:37:22,440

just tell us a little bit about that

971

00:37:28,790 --> 00:37:25,800

episode and what was discussed yeah it

972

00:37:31,609 --> 00:37:28,800

it turned out so good I'm so proud of

973

00:37:33,589 --> 00:37:31,619

them and and the episode that they were

974

00:37:36,470 --> 00:37:33,599

able to put together at Ancient Aliens

975

00:37:38,030 --> 00:37:36,480

they were wonderful to work with

976

00:37:40,310 --> 00:37:38,040

um I'll tell you when they flew me out

977

00:37:42,290 --> 00:37:40,320

they just made me feel like family and

978

00:37:45,109 --> 00:37:42,300

just took me in and guided me through

979

00:37:48,890 --> 00:37:45,119

the whole thing and I couldn't speak any

980

00:37:50,930 --> 00:37:48,900

more highly of their whole crew and so

981

00:37:53,630 --> 00:37:50,940

the the episode was basically I was told

982

00:37:56,030 --> 00:37:53,640

and I heard that Earl Gray was told this

983

00:37:58,849 --> 00:37:56,040

as well that it was Ancient Ancient

984

00:38:02,030 --> 00:37:58,859

Aliens Love Letter to move on and it

985

00:38:04,069 --> 00:38:02,040

really came across that way uh they just

986

00:38:06,910 --> 00:38:04,079

kind of gave everybody a an introduction

987

00:38:10,089 --> 00:38:06,920

to what mufon is and kind of our history

988

00:38:12,290 --> 00:38:10,099

and they had me on there speaking about

989

00:38:13,730 --> 00:38:12,300

the miracle Mountain schoolyard

990

00:38:16,849 --> 00:38:13,740

encounter that happened here in Oklahoma

991

00:38:18,829 --> 00:38:16,859

and was the number one case of the Year

992

00:38:21,589 --> 00:38:18,839

this last year and I got to present that

993

00:38:23,450 --> 00:38:21,599

at the Symposium and they had Earl Gray

994

00:38:25,430 --> 00:38:23,460

on there speaking about his personal

995

00:38:27,770 --> 00:38:25,440

encounter that he had not following

996

00:38:30,170 --> 00:38:27,780

becoming a field investigator with mufon

997

00:38:33,230 --> 00:38:30,180

and I think that was the first time he's

998

00:38:34,730 --> 00:38:33,240

ever shared that publicly and so I I was

999

00:38:36,470 --> 00:38:34,740

proud of him for being able to come

1000

00:38:38,630 --> 00:38:36,480

forward and share that I know he was

1001
00:38:41,150 --> 00:38:38,640
kind of nervous but he did such a

1002
00:38:43,310 --> 00:38:41,160
wonderful job and

1003
00:38:45,890 --> 00:38:43,320
um Kathleen Martin made an appearance on

1004
00:38:48,290 --> 00:38:45,900
there in support of him I know that he

1005
00:38:49,970 --> 00:38:48,300
and her are very close and and he was

1006
00:38:51,650 --> 00:38:49,980
really hoping that she'd be able to make

1007
00:38:54,470 --> 00:38:51,660
it on there and so it was kind of a

1008
00:38:56,150 --> 00:38:54,480
surprise to him so that was kind of neat

1009
00:38:58,970 --> 00:38:56,160
um let's see they showed the boot camp

1010
00:39:01,849 --> 00:38:58,980
that takes part uh takes place out in in

1011
00:39:04,130 --> 00:39:01,859
Arizona every year and

1012
00:39:07,010 --> 00:39:04,140
um I told them that they can probably

1013
00:39:09,890 --> 00:39:07,020

expect it to be overflowing next year

1014

00:39:11,990 --> 00:39:09,900

because there's like a limited number of

1015

00:39:14,210 --> 00:39:12,000

of spots I think it's like 40 or 50 that

1016

00:39:15,829 --> 00:39:14,220

they allow and so I'm sure that people

1017

00:39:17,810 --> 00:39:15,839

are going to be fighting for spots there

1018

00:39:20,930 --> 00:39:17,820

next year because they they do an

1019

00:39:22,970 --> 00:39:20,940

amazing job everything I've seen of it

1020

00:39:24,890 --> 00:39:22,980

um I've seen Stacy Wright the state

1021

00:39:27,410 --> 00:39:24,900

director there speak about something the

1022

00:39:30,910 --> 00:39:27,420

things that they do at the boot camp and

1023

00:39:34,130 --> 00:39:30,920

I kind of want to go myself

1024

00:39:36,890 --> 00:39:34,140

they highlighted that they highlighted

1025

00:39:37,970 --> 00:39:36,900

um let's see Jeremy Ray was supposed to

1026

00:39:39,589 --> 00:39:37,980

be on there

1027

00:39:42,170 --> 00:39:39,599

um but I guess he's going to be on a

1028

00:39:44,410 --> 00:39:42,180

later episode so

1029

00:39:46,849 --> 00:39:44,420

um I know I'm leaving something out but

1030

00:39:50,390 --> 00:39:46,859

it was just it was an incredible episode

1031

00:39:52,250 --> 00:39:50,400

and I've already watched it twice so you

1032

00:39:53,810 --> 00:39:52,260

said that mufon lines are blowing up now

1033

00:39:57,290 --> 00:39:53,820

you guys are getting case reports hand

1034

00:39:58,910 --> 00:39:57,300

over fist yeah um Earl had said that I

1035

00:40:01,370 --> 00:39:58,920

think there were 13 reports from

1036

00:40:04,609 --> 00:40:01,380

experiencers that rolled in just while

1037

00:40:07,130 --> 00:40:04,619

the the episode was airing I woke up the

1038

00:40:10,010 --> 00:40:07,140

next day my phone started ringing at 6

1039

00:40:15,349 --> 00:40:10,020

00 a.m I had over 300 friend requests in

1040

00:40:18,530 --> 00:40:15,359

my personal Facebook yeah and my emails

1041

00:40:21,770 --> 00:40:18,540

was just blowed up I mean there was 50

1042

00:40:23,930 --> 00:40:21,780

60 emails we've got probably 10

1043

00:40:27,349 --> 00:40:23,940

different reports here in Oklahoma which

1044

00:40:29,870 --> 00:40:27,359

is you know a huge increase for just one

1045

00:40:32,930 --> 00:40:29,880

night normally we get

1046

00:40:35,870 --> 00:40:32,940

um about 100 cases a year so to have 10

1047

00:40:39,170 --> 00:40:35,880

cases in one night that's that's a huge

1048

00:40:40,730 --> 00:40:39,180

increase and people reaching out I'll

1049

00:40:43,250 --> 00:40:40,740

tell you one of my favorite thing that's

1050

00:40:44,990 --> 00:40:43,260

happened as a result of it is I'm

1051
00:40:47,870 --> 00:40:45,000
hearing from people from the hearts or

1052
00:40:49,670 --> 00:40:47,880
an area that grew up there that is where

1053
00:40:51,470 --> 00:40:49,680
the miracle mountains encounter took

1054
00:40:54,410 --> 00:40:51,480
place which was this big schoolyard

1055
00:40:56,089 --> 00:40:54,420
encounter back in the 70s that I was

1056
00:40:59,630 --> 00:40:56,099
lucky enough to be able to to

1057
00:41:02,630 --> 00:40:59,640
investigate this last year and there is

1058
00:41:05,750 --> 00:41:02,640
some weird stuff around heart sword and

1059
00:41:08,210 --> 00:41:05,760
a lot of it got cut from the episode uh

1060
00:41:10,670 --> 00:41:08,220
and I I know that some of the producers

1061
00:41:12,650 --> 00:41:10,680
were wanting to maybe try to make it its

1062
00:41:15,650 --> 00:41:12,660
own episode because there was there's so

1063
00:41:17,810 --> 00:41:15,660

much to this case that I mean it took me

1064

00:41:19,430 --> 00:41:17,820

nearly a year to investigate it and I

1065

00:41:21,349 --> 00:41:19,440

could still spend another 10 years

1066

00:41:23,750 --> 00:41:21,359

investigating it and not have all the

1067

00:41:27,890 --> 00:41:23,760

information there were

1068

00:41:30,050 --> 00:41:27,900

um nearly 20 and 20 witnesses to it and

1069

00:41:32,990 --> 00:41:30,060

they were all kids except for two adults

1070

00:41:35,210 --> 00:41:33,000

that were there and they saw a craft

1071

00:41:37,310 --> 00:41:35,220

come in it kind of hovered over the area

1072

00:41:39,410 --> 00:41:37,320

where the it was a boarding school so

1073

00:41:42,170 --> 00:41:39,420

they all lived there it kind of hovered

1074

00:41:44,390 --> 00:41:42,180

over the area and and it came closer to

1075

00:41:45,829 --> 00:41:44,400

them and they saw the underbelly of it

1076

00:41:48,109 --> 00:41:45,839

and

1077

00:41:51,050 --> 00:41:48,119

um just saw it rotating with lights

1078

00:41:53,390 --> 00:41:51,060

rotating around it and it kind of made a

1079

00:41:56,030 --> 00:41:53,400

whoosh noise and took off and and this

1080

00:41:58,670 --> 00:41:56,040

took place over a couple of hours that

1081

00:42:00,589 --> 00:41:58,680

that this whole thing transpired the

1082

00:42:04,370 --> 00:42:00,599

teacher that was there she went on to

1083

00:42:07,069 --> 00:42:04,380

become a doctor and she has wanted to

1084

00:42:08,390 --> 00:42:07,079

remain anonymous to the public but she

1085

00:42:10,430 --> 00:42:08,400

had actually told Ancient Aliens go

1086

00:42:12,589 --> 00:42:10,440

ahead and share my information and now

1087

00:42:15,290 --> 00:42:12,599

you know it's out there

1088

00:42:17,329 --> 00:42:15,300

um but so always say that she's a doctor

1089

00:42:18,950 --> 00:42:17,339

now she's a well-respected person and

1090

00:42:20,750 --> 00:42:18,960

and she was the one that really kind of

1091

00:42:23,210 --> 00:42:20,760

filled in the gaps with this whole

1092

00:42:25,310 --> 00:42:23,220

encounter

1093

00:42:27,170 --> 00:42:25,320

um it went on through the night the

1094

00:42:29,150 --> 00:42:27,180

oldest boy was standing guard with the

1095

00:42:31,609 --> 00:42:29,160

shotgun they were boarding up windows

1096

00:42:33,470 --> 00:42:31,619

and doors they had scared kids they were

1097

00:42:35,870 --> 00:42:33,480

pulling out from under beds they were

1098

00:42:37,550 --> 00:42:35,880

huddled around the um fireplace in the

1099

00:42:40,130 --> 00:42:37,560

living room and they were seeing

1100

00:42:42,170 --> 00:42:40,140

entities out the window that they said

1101
00:42:44,569 --> 00:42:42,180
just kept changing so I guess kind of

1102
00:42:45,770 --> 00:42:44,579
shape-shifting kind of entities out

1103
00:42:47,510 --> 00:42:45,780
there

1104
00:42:50,270 --> 00:42:47,520
um and it went on throughout the night

1105
00:42:51,710 --> 00:42:50,280
that that they stayed terrified the kids

1106
00:42:53,450 --> 00:42:51,720
don't remember that the kids remember

1107
00:42:56,569 --> 00:42:53,460
going in and just having a normal

1108
00:42:58,670 --> 00:42:56,579
evening after seeing this UFO so close

1109
00:43:01,490 --> 00:42:58,680
to them you know within 60 feet overall

1110
00:43:03,950 --> 00:43:01,500
and then they were like oh we just went

1111
00:43:05,930 --> 00:43:03,960
in and went to bed you know but that

1112
00:43:08,089 --> 00:43:05,940
that's their reality that's their memory

1113
00:43:10,370 --> 00:43:08,099

of it whereas the teacher said no there

1114

00:43:12,950 --> 00:43:10,380

was a lot more and they actually packed

1115

00:43:15,410 --> 00:43:12,960

up sack lunches that next day and took a

1116

00:43:17,870 --> 00:43:15,420

trip up to the Sawmill where they had

1117

00:43:20,089 --> 00:43:17,880

saw it take off and and kind of settle

1118

00:43:21,650 --> 00:43:20,099

over in that area and so they went up

1119

00:43:24,349 --> 00:43:21,660

there to kind of see if they could find

1120

00:43:26,809 --> 00:43:24,359

any room of it you know or any any

1121

00:43:29,329 --> 00:43:26,819

evidence of it being there and they

1122

00:43:31,550 --> 00:43:29,339

weren't able to locate anything but

1123

00:43:33,609 --> 00:43:31,560

um but they nonetheless they'd taken a

1124

00:43:35,990 --> 00:43:33,619

field trip up there to look for the UFO

1125

00:43:38,210 --> 00:43:36,000

and came back

1126
00:43:40,190 --> 00:43:38,220
um and they discovered that the meat

1127
00:43:42,349 --> 00:43:40,200
locker that was outside had been emptied

1128
00:43:44,210 --> 00:43:42,359
of all of the beef and the teacher said

1129
00:43:47,150 --> 00:43:44,220
that had like two sides of beef in there

1130
00:43:49,849 --> 00:43:47,160
and some of the older kids remember that

1131
00:43:52,730 --> 00:43:49,859
that the meat had gone missing within a

1132
00:43:54,530 --> 00:43:52,740
day or so it was returned so there was

1133
00:43:56,390 --> 00:43:54,540
two sides of processed beef that just

1134
00:43:58,250 --> 00:43:56,400
went completely missing there was cattle

1135
00:44:00,349 --> 00:43:58,260
there at the at the boarding school

1136
00:44:04,130 --> 00:44:00,359
cattle were left untouched but the

1137
00:44:06,349 --> 00:44:04,140
process beef was missing and I went on I

1138
00:44:09,710 --> 00:44:06,359

I spoke about this at the public library

1139

00:44:11,630 --> 00:44:09,720

here in Oklahoma and it was kind of a a

1140

00:44:13,430 --> 00:44:11,640

it was called paranormal Fest and they

1141

00:44:15,109 --> 00:44:13,440

had big Footers there and they had me

1142

00:44:16,910 --> 00:44:15,119

there talking about UFOs and they had

1143

00:44:17,569 --> 00:44:16,920

paranormal team and

1144

00:44:20,390 --> 00:44:17,579

um

1145

00:44:22,069 --> 00:44:20,400

after I got up and spoke about this some

1146

00:44:23,329 --> 00:44:22,079

of the bigfooters came up to me and they

1147

00:44:26,990 --> 00:44:23,339

said hey

1148

00:44:28,849 --> 00:44:27,000

um do you know ho nubby and ho Nabi is a

1149

00:44:31,490 --> 00:44:28,859

small town in Southeastern Oklahoma it's

1150

00:44:32,809 --> 00:44:31,500

maybe an hour or so I would say from

1151
00:44:35,030 --> 00:44:32,819
from

1152
00:44:36,530 --> 00:44:35,040
um Hartshorne where the the miracle

1153
00:44:39,050 --> 00:44:36,540
mountains was

1154
00:44:42,349 --> 00:44:39,060
um but there was a whole Siege of ho

1155
00:44:45,770 --> 00:44:42,359
Nabi that had Bigfoot and it the main

1156
00:44:48,470 --> 00:44:45,780
thing that that kicked it off was a meat

1157
00:44:50,329 --> 00:44:48,480
locker got emptied of deer meat um

1158
00:44:51,770 --> 00:44:50,339
throughout the night there was meat

1159
00:44:54,950 --> 00:44:51,780
getting stolen out of the outdoor

1160
00:44:56,270 --> 00:44:54,960
freezer and so um it kind of unfolded

1161
00:44:58,970 --> 00:44:56,280
the same way where they were standing

1162
00:45:01,010 --> 00:44:58,980
guard with guns and everything and of

1163
00:45:02,990 --> 00:45:01,020

course they attributed that to Bigfoot

1164

00:45:05,690 --> 00:45:03,000

but that whole area over there around

1165

00:45:08,150 --> 00:45:05,700

Hartshorne is just it's weird I mean we

1166

00:45:10,730 --> 00:45:08,160

have ghost lights over there we have um

1167

00:45:11,930 --> 00:45:10,740

Bigfoot sightings we have the UFO

1168

00:45:14,809 --> 00:45:11,940

sightings

1169

00:45:17,450 --> 00:45:14,819

um there's there's um

1170

00:45:19,730 --> 00:45:17,460

magazine or not magazine uh newspaper

1171

00:45:21,589 --> 00:45:19,740

articles there's one in particular from

1172

00:45:24,170 --> 00:45:21,599

like the 60s where it actually mentions

1173

00:45:26,870 --> 00:45:24,180

Bigfoot and UFOs where it says the UFO

1174

00:45:29,930 --> 00:45:26,880

was looking for bigfoot and so there's a

1175

00:45:32,630 --> 00:45:29,940

long history from the 60s on

1176

00:45:34,910 --> 00:45:32,640

um even up to today that things are

1177

00:45:37,490 --> 00:45:34,920

still transpiring the bigfooters have

1178

00:45:40,190 --> 00:45:37,500

seen these glowing orange orbs hovering

1179

00:45:41,870 --> 00:45:40,200

over the the Treetops in that area while

1180

00:45:43,190 --> 00:45:41,880

they were out there looking for bigfoot

1181

00:45:45,829 --> 00:45:43,200

and I've heard this from several of

1182

00:45:48,890 --> 00:45:45,839

these people and in different instances

1183

00:45:51,530 --> 00:45:48,900

we have one case on on file at mufon

1184

00:45:54,170 --> 00:45:51,540

from a bigfooter that saw one of these

1185

00:45:57,910 --> 00:45:54,180

orange orbs hovering over there

1186

00:46:00,290 --> 00:45:57,920

um so anyways to wrap it up

1187

00:46:02,450 --> 00:46:00,300

I've heard from a lot of people in that

1188

00:46:04,130 --> 00:46:02,460

area that grew up there and they're now

1189

00:46:06,349 --> 00:46:04,140

reporting some of their sightings from

1190

00:46:08,390 --> 00:46:06,359

heartsorn so I'm I'm excited to get in

1191

00:46:10,790 --> 00:46:08,400

and get them interviewed and get that on

1192

00:46:12,890 --> 00:46:10,800

file and kind of connect that with the

1193

00:46:15,829 --> 00:46:12,900

schoolyard encounter because something

1194

00:46:19,010 --> 00:46:15,839

was going on in the 60s and 70s in that

1195

00:46:21,530 --> 00:46:19,020

area and there was a flap going on over

1196

00:46:23,270 --> 00:46:21,540

Oklahoma at that time anyway but

1197

00:46:26,930 --> 00:46:23,280

specifically here around Hearts horn

1198

00:46:30,829 --> 00:46:26,940

they had a a measured Spike of 500

1199

00:46:33,650 --> 00:46:30,839

clicks of radiation in that area right

1200

00:46:36,050 --> 00:46:33,660

after a UFO sighting and there was a guy

1201

00:46:39,770 --> 00:46:36,060

here in Oklahoma his name was

1202

00:46:42,050 --> 00:46:39,780

um Hayden Hughes and he ran the UFO

1203

00:46:45,890 --> 00:46:42,060

Bureau and he formed that back in the

1204

00:46:48,530 --> 00:46:45,900

1950s it was before mufon and he was

1205

00:46:50,750 --> 00:46:48,540

just a teenager at the time but he had

1206

00:46:52,130 --> 00:46:50,760

written to Russia and got a response

1207

00:46:55,130 --> 00:46:52,140

from them about what they thought about

1208

00:46:57,770 --> 00:46:55,140

UFOs and he started investigating stuff

1209

00:47:01,130 --> 00:46:57,780

and I think it's interesting that he was

1210

00:47:02,809 --> 00:47:01,140

led to Hartshorne as well and so you

1211

00:47:04,970 --> 00:47:02,819

know within a couple years here I'm led

1212

00:47:07,609 --> 00:47:04,980

to Hearts horn him after years and years

1213

00:47:10,430 --> 00:47:07,619

of investigating he's led to hearts on

1214

00:47:12,670 --> 00:47:10,440

there's something going on in that area

1215

00:47:15,589 --> 00:47:12,680

um and this guy Walker Ranch of Oklahoma

1216

00:47:17,569 --> 00:47:15,599

pretty much that's why I'm I'm beginning

1217

00:47:19,670 --> 00:47:17,579

to believe that's why I'm so excited to

1218

00:47:22,010 --> 00:47:19,680

be hearing from these people and to get

1219

00:47:24,170 --> 00:47:22,020

their stories you know recorded so that

1220

00:47:26,510 --> 00:47:24,180

we can get a better idea of what was

1221

00:47:28,130 --> 00:47:26,520

taking place in that area and what is

1222

00:47:30,770 --> 00:47:28,140

continuing to take place in that area

1223

00:47:32,630 --> 00:47:30,780

because something's going on out there I

1224

00:47:34,609 --> 00:47:32,640

don't know what they're drawn to but

1225

00:47:35,990 --> 00:47:34,619

something's happening it's funny because

1226

00:47:37,730 --> 00:47:36,000

you're mentioning about the school and

1227

00:47:41,030 --> 00:47:37,740

there's so many incidences in the past

1228

00:47:43,309 --> 00:47:41,040

of UFOs and schools and sometimes it's

1229

00:47:45,589 --> 00:47:43,319

some sort of you know even the Zimbabwe

1230

00:47:48,349 --> 00:47:45,599

case when you know these entities spoke

1231

00:47:51,109 --> 00:47:48,359

to a bunch of kids all at once different

1232

00:47:53,990 --> 00:47:51,119

messages to each one of the kids but all

1233

00:47:56,089 --> 00:47:54,000

from the same entity uh so here in these

1234

00:47:57,710 --> 00:47:56,099

cases you're like okay so obviously

1235

00:48:00,109 --> 00:47:57,720

they're interested in in where the kids

1236

00:48:02,270 --> 00:48:00,119

are at for whatever reason uh the other

1237

00:48:05,329 --> 00:48:02,280

one is Bigfoot you mentioned Bigfoot for

1238

00:48:06,950 --> 00:48:05,339

I was so adamant before that I did not

1239

00:48:10,069 --> 00:48:06,960

believe in Bigfoot and I did not want

1240

00:48:11,870 --> 00:48:10,079

Bigfoot to be related to uaps at all and

1241

00:48:13,550 --> 00:48:11,880

the more that Louie and I are yeah I

1242

00:48:15,230 --> 00:48:13,560

told you they were related to UFOs The

1243

00:48:17,750 --> 00:48:15,240

More Night Louis and I are digging into

1244

00:48:19,670 --> 00:48:17,760

it the more it seems that they are

1245

00:48:21,829 --> 00:48:19,680

related that there's some sort of

1246

00:48:24,710 --> 00:48:21,839

correlation between the two like where

1247

00:48:26,990 --> 00:48:24,720

one is seen the other is also seen and

1248

00:48:28,490 --> 00:48:27,000

you know or strange lights orbs and

1249

00:48:30,290 --> 00:48:28,500

stuff like that where Bigfoot is

1250

00:48:32,510 --> 00:48:30,300

reported to be

1251

00:48:34,190 --> 00:48:32,520

I hate to admit it but it looks like

1252

00:48:35,569 --> 00:48:34,200

there's something there that we have to

1253

00:48:37,430 --> 00:48:35,579

look into there's some sort of

1254

00:48:39,230 --> 00:48:37,440

correlation you know the two are linked

1255

00:48:40,790 --> 00:48:39,240

somehow but it seems like it's linked to

1256

00:48:42,589 --> 00:48:40,800

everything as well like you were

1257

00:48:44,450 --> 00:48:42,599

mentioning your Consciousness in your

1258

00:48:46,970 --> 00:48:44,460

near-death experience

1259

00:48:48,890 --> 00:48:46,980

um your Consciousness was was it the

1260

00:48:50,150 --> 00:48:48,900

same from you know when you knew you

1261

00:48:52,010 --> 00:48:50,160

were in your body and something was

1262

00:48:53,930 --> 00:48:52,020

wrong to when you say you were out of

1263

00:48:56,270 --> 00:48:53,940

your body was that like an

1264

00:48:58,849 --> 00:48:56,280

seamless flow of Consciousness to you or

1265

00:49:02,270 --> 00:48:58,859

was there a fading in and out no there

1266

00:49:05,390 --> 00:49:02,280

was there was no lapse I was in my body

1267

00:49:08,030 --> 00:49:05,400

and I was out and I have full memory

1268

00:49:10,670 --> 00:49:08,040

from that whole transition

1269

00:49:12,770 --> 00:49:10,680

um I I kind of had closed my eyes and

1270

00:49:14,870 --> 00:49:12,780

then the next thing I knew I was in

1271

00:49:17,870 --> 00:49:14,880

darkness and I'm like what the heck

1272

00:49:20,329 --> 00:49:17,880

because I was so upset I mean I I was

1273

00:49:24,470 --> 00:49:20,339

angry I'm not even gonna lie I was angry

1274

00:49:26,870 --> 00:49:24,480

at the time and I was so absorbed in my

1275

00:49:28,910 --> 00:49:26,880

own emotion at the time I didn't even

1276

00:49:30,829 --> 00:49:28,920

realize where I was until I started

1277

00:49:33,730 --> 00:49:30,839

looking around I'm like oh my gosh I'm

1278

00:49:35,630 --> 00:49:33,740

not even like on Earth anymore you know

1279

00:49:38,089 --> 00:49:35,640

and so

1280

00:49:40,490 --> 00:49:38,099

like there was no laughs I had a steady

1281

00:49:43,190 --> 00:49:40,500

stream of thoughts the whole time but

1282

00:49:45,650 --> 00:49:43,200

when I was over there it was just

1283

00:49:48,710 --> 00:49:45,660

completely unboxed because there was

1284

00:49:51,290 --> 00:49:48,720

like no containment within my body I was

1285

00:49:54,109 --> 00:49:51,300

just my emotions I was just my thoughts

1286

00:49:55,970 --> 00:49:54,119

I was just my Consciousness and and I'm

1287

00:49:57,530 --> 00:49:55,980

actually wrapping up I was hoping to

1288

00:49:59,870 --> 00:49:57,540

have it done this weekend I'm wrapping

1289

00:50:02,569 --> 00:49:59,880

up my book on the subject and it goes

1290

00:50:04,309 --> 00:50:02,579

all into detail of everything I I

1291

00:50:06,349 --> 00:50:04,319

um encountered over there and just kind

1292

00:50:08,089 --> 00:50:06,359

of my thoughts on it because whenever I

1293

00:50:11,930 --> 00:50:08,099

came back I really kind of struggled

1294

00:50:15,530 --> 00:50:11,940

with kind of reintegrating into reality

1295

00:50:17,630 --> 00:50:15,540

it took a couple of years and um I know

1296

00:50:20,089 --> 00:50:17,640

there's there's a thing called

1297

00:50:23,750 --> 00:50:20,099

derealization and that can happen after

1298

00:50:26,030 --> 00:50:23,760

trauma but it it and I think I did have

1299

00:50:28,450 --> 00:50:26,040

some derealization but

1300

00:50:32,089 --> 00:50:28,460

I also knew that there was another

1301

00:50:34,790 --> 00:50:32,099

reality that was so much bigger and so

1302

00:50:37,069 --> 00:50:34,800

much more real than this and so I really

1303

00:50:40,910 --> 00:50:37,079

kind of struggled to reintegrate here

1304

00:50:42,890 --> 00:50:40,920

because nothing seemed real you know

1305

00:50:44,210 --> 00:50:42,900

um because I I know that there's so much

1306

00:50:46,690 --> 00:50:44,220

more

1307

00:50:49,670 --> 00:50:46,700

um and so I I got really into

1308

00:50:51,950 --> 00:50:49,680

researching simulation Theory and

1309

00:50:53,750 --> 00:50:51,960

Consciousness and

1310

00:50:55,970 --> 00:50:53,760

um kind of looking at things from that

1311

00:50:57,890 --> 00:50:55,980

perspective I got into looking at the

1312

00:51:00,890 --> 00:50:57,900

Gateway process which the government had

1313

00:51:04,910 --> 00:51:00,900

done back in the 70s and 80s I actually

1314

00:51:08,210 --> 00:51:04,920

and with Colonel McDonald was it and

1315

00:51:10,370 --> 00:51:08,220

where he looked into psychic spying and

1316

00:51:12,530 --> 00:51:10,380

stuff they were trying to go into astral

1317

00:51:16,250 --> 00:51:12,540

you know Realms and and get information

1318

00:51:18,109 --> 00:51:16,260

from entities there and I mean that's

1319

00:51:20,089 --> 00:51:18,119

exactly what I did I went into another

1320

00:51:21,109 --> 00:51:20,099

realm and got information from entities

1321

00:51:22,430 --> 00:51:21,119

there

1322

00:51:24,650 --> 00:51:22,440

um where he showed me different things

1323

00:51:27,650 --> 00:51:24,660

around there so

1324

00:51:29,930 --> 00:51:27,660

um it's all interrelated did and you

1325

00:51:32,329 --> 00:51:29,940

know it all relates back to UFOs it all

1326

00:51:35,150 --> 00:51:32,339

relates back to the Paranormal and I I

1327

00:51:36,950 --> 00:51:35,160

know mufon takes the the strong stance

1328

00:51:41,870 --> 00:51:36,960

you know they're very nuts and bolts

1329

00:51:44,450 --> 00:51:41,880

within the investigation of UAP

1330

00:51:47,390 --> 00:51:44,460

um but there are so many different Minds

1331

00:51:49,670 --> 00:51:47,400

within mufon and so there's all always

1332

00:51:51,770 --> 00:51:49,680

varying opinions and I think that it's

1333

00:51:53,630 --> 00:51:51,780

good to have both sides so we have the

1334

00:51:55,790 --> 00:51:53,640

nuts and bolts guys I couldn't tell you

1335

00:51:56,990 --> 00:51:55,800

much about propulsion systems you know I

1336

00:52:00,290 --> 00:51:57,000

know a little bit

1337

00:52:01,910 --> 00:52:00,300

but you know I I bless the men that that

1338

00:52:04,250 --> 00:52:01,920

do know and the women that know about

1339

00:52:06,170 --> 00:52:04,260

propulsion systems me I'm more on the

1340

00:52:07,730 --> 00:52:06,180

Consciousness side of things but I think

1341

00:52:09,650 --> 00:52:07,740

that when we bring everybody together

1342

00:52:12,710 --> 00:52:09,660

and we can have these conversations

1343

00:52:15,410 --> 00:52:12,720

things start lining up you know

1344

00:52:18,730 --> 00:52:15,420

um I saw I made a connection with the

1345

00:52:22,549 --> 00:52:18,740

gentleman on LinkedIn this last week and

1346

00:52:25,790 --> 00:52:22,559

he had some way of putting my

1347

00:52:29,150 --> 00:52:25,800

Consciousness stuff into a you know like

1348

00:52:31,730 --> 00:52:29,160

formula and I I was sitting and reading

1349

00:52:34,010 --> 00:52:31,740

this going oh my gosh what he says makes

1350

00:52:36,049 --> 00:52:34,020

complete sense and he's putting it into

1351
00:52:38,450 --> 00:52:36,059
you know scientific terms that I may not

1352
00:52:40,130 --> 00:52:38,460
have had the words for but it makes

1353
00:52:41,510 --> 00:52:40,140
perfect sense and he's saying the same

1354
00:52:44,150 --> 00:52:41,520
thing I am from a whole different

1355
00:52:45,890 --> 00:52:44,160
perspective and and I think it's

1356
00:52:47,930 --> 00:52:45,900
incredible to get these different Minds

1357
00:52:50,329 --> 00:52:47,940
together and really kind of bounce off

1358
00:52:51,530 --> 00:52:50,339
from different perspectives that's how

1359
00:52:53,809 --> 00:52:51,540
we're going to come up with new

1360
00:52:56,750 --> 00:52:53,819
breakthroughs in this area

1361
00:52:58,309 --> 00:52:56,760
yeah and it's such a vast area too just

1362
00:53:00,770 --> 00:52:58,319
the study of

1363
00:53:03,710 --> 00:53:00,780

the phenomenon and you know it's it's

1364

00:53:06,290 --> 00:53:03,720

heavy I I was going to mention this with

1365

00:53:08,450 --> 00:53:06,300

mufon when I received the book uh you

1366

00:53:10,790 --> 00:53:08,460

know to start studying for the exam I

1367

00:53:12,530 --> 00:53:10,800

was a little disappointed at how thin it

1368

00:53:14,870 --> 00:53:12,540

was because I think it should have been

1369

00:53:17,030 --> 00:53:14,880

a volume that is uh you know worthy of a

1370

00:53:19,190 --> 00:53:17,040

university so you should be able to kill

1371

00:53:21,770 --> 00:53:19,200

a man with the book all right because of

1372

00:53:24,410 --> 00:53:21,780

the amount of uh information that is

1373

00:53:26,510 --> 00:53:24,420

needed uh to cover this subject I mean

1374

00:53:27,829 --> 00:53:26,520

it did very well touching on a few you

1375

00:53:30,049 --> 00:53:27,839

know this is how you should approach

1376

00:53:31,790 --> 00:53:30,059

this and that but I always thought it

1377

00:53:34,069 --> 00:53:31,800

should be bigger than that this should

1378

00:53:36,349 --> 00:53:34,079

be a course that somebody you know has

1379

00:53:37,910 --> 00:53:36,359

to take because there's not you know

1380

00:53:39,650 --> 00:53:37,920

once you open up one door that door

1381

00:53:42,170 --> 00:53:39,660

opens up three doors and each one of

1382

00:53:44,390 --> 00:53:42,180

those doors opens up more doors and you

1383

00:53:46,190 --> 00:53:44,400

know three years in we got more

1384

00:53:47,329 --> 00:53:46,200

questions that we have answers at this

1385

00:53:50,510 --> 00:53:47,339

point do you know what I mean like it's

1386

00:53:53,089 --> 00:53:50,520

just it just keeps going forward and uh

1387

00:53:55,010 --> 00:53:53,099

have you heard anything if mufon's

1388

00:53:57,530 --> 00:53:55,020

planning on updating the book at all the

1389

00:53:59,210 --> 00:53:57,540

manual or is that because we're sort of

1390

00:54:02,030 --> 00:53:59,220

working on all the other aspects this

1391

00:54:04,130 --> 00:54:02,040

SCA CMS and all that's being updated but

1392

00:54:06,109 --> 00:54:04,140

just wondering about the the book are we

1393

00:54:08,510 --> 00:54:06,119

updating that at all or

1394

00:54:09,430 --> 00:54:08,520

not that I know of

1395

00:54:13,250 --> 00:54:09,440

um

1396

00:54:16,549 --> 00:54:13,260

it has been a good guide for years and

1397

00:54:18,790 --> 00:54:16,559

years and years and so don't fix it if

1398

00:54:22,069 --> 00:54:18,800

it isn't broken kind of thing right um

1399

00:54:23,630 --> 00:54:22,079

and there might be changes you know

1400

00:54:26,690 --> 00:54:23,640

um I know looking through it like

1401
00:54:28,069 --> 00:54:26,700
there's some long chains of of URLs and

1402
00:54:29,569 --> 00:54:28,079
stuff and I'm like you don't put that in

1403
00:54:31,490 --> 00:54:29,579
print

1404
00:54:34,069 --> 00:54:31,500
so there's things that that need to be

1405
00:54:37,190 --> 00:54:34,079
updated in it but it's going to be a

1406
00:54:40,309 --> 00:54:37,200
process right now it it is good as it is

1407
00:54:42,770 --> 00:54:40,319
but in mufon University we're trying to

1408
00:54:45,230 --> 00:54:42,780
bring in some of these other aspects I

1409
00:54:47,990 --> 00:54:45,240
know ERT just put together a fantastic

1410
00:54:50,390 --> 00:54:48,000
training for their people that I've got

1411
00:54:52,190 --> 00:54:50,400
to break up and get added into it and

1412
00:54:54,650 --> 00:54:52,200
we're hoping to get it launched sometime

1413
00:54:57,530 --> 00:54:54,660

this year but we're waiting on the forms

1414

00:54:59,329 --> 00:54:57,540

to get integrated into CMS so that we

1415

00:55:01,130 --> 00:54:59,339

can continue with doing the video

1416

00:55:03,890 --> 00:55:01,140

walkthroughs

1417

00:55:05,510 --> 00:55:03,900

um but I mean there are so much there's

1418

00:55:07,490 --> 00:55:05,520

so much going on in the background of

1419

00:55:09,829 --> 00:55:07,500

mufon right now that's what I was saying

1420

00:55:12,109 --> 00:55:09,839

about Dave he has just opened the door

1421

00:55:14,569 --> 00:55:12,119

to so many things we've got mufon

1422

00:55:16,910 --> 00:55:14,579

University that's being updated we just

1423

00:55:19,490 --> 00:55:16,920

launched the the map app have you had a

1424

00:55:23,030 --> 00:55:19,500

chance to look at that not yet oh my

1425

00:55:26,450 --> 00:55:23,040

gosh yeah it I opened it today it's

1426

00:55:27,230 --> 00:55:26,460

number one and top downloads in the Play

1427

00:55:31,130 --> 00:55:27,240

Store

1428

00:55:32,569 --> 00:55:31,140

today yes yes and I don't know if the

1429

00:55:34,370 --> 00:55:32,579

gentleman wants me to release his name

1430

00:55:36,470 --> 00:55:34,380

but the guy that that built it is

1431

00:55:37,970 --> 00:55:36,480

incredible and he has been working on

1432

00:55:41,210 --> 00:55:37,980

all kinds of things in the background

1433

00:55:43,549 --> 00:55:41,220

for mufon and we're working on um

1434

00:55:46,250 --> 00:55:43,559

getting some watermarks to put on videos

1435

00:55:48,230 --> 00:55:46,260

and stuff there was there was a problem

1436

00:55:49,549 --> 00:55:48,240

with people taking videos and then

1437

00:55:52,730 --> 00:55:49,559

trying to attribute it to different

1438

00:55:55,730 --> 00:55:52,740

things and and we're not about that so

1439

00:55:58,670 --> 00:55:55,740

um you know we want the truth to follow

1440

00:56:00,650 --> 00:55:58,680

these videos and the people that submit

1441

00:56:02,210 --> 00:56:00,660

them should be able to tell their

1442

00:56:04,490 --> 00:56:02,220

stories and not have some kind of

1443

00:56:06,349 --> 00:56:04,500

fictional thing attached to it so we're

1444

00:56:09,049 --> 00:56:06,359

we're fixing that

1445

00:56:12,890 --> 00:56:09,059

um you know there what else

1446

00:56:14,690 --> 00:56:12,900

um there is the uh Observer Network that

1447

00:56:16,970 --> 00:56:14,700

they launched I don't know if you've had

1448

00:56:19,370 --> 00:56:16,980

a chance to go on there

1449

00:56:20,690 --> 00:56:19,380

it's like the forums of old where people

1450

00:56:22,309 --> 00:56:20,700

can get on there and you know share

1451

00:56:25,370 --> 00:56:22,319

their different ideas and it's all just

1452

00:56:26,990 --> 00:56:25,380

about UFOs uh so they they're launching

1453

00:56:29,270 --> 00:56:27,000

all kinds of different things right now

1454

00:56:30,230 --> 00:56:29,280

and there's a lot of moving Parts you

1455

00:56:32,569 --> 00:56:30,240

know

1456

00:56:35,870 --> 00:56:32,579

um so maybe eventually the the manual

1457

00:56:38,630 --> 00:56:35,880

get an update as well but man we're

1458

00:56:40,190 --> 00:56:38,640

we're working on stuff and it's exciting

1459

00:56:42,530 --> 00:56:40,200

it's an exciting time to be part of

1460

00:56:44,329 --> 00:56:42,540

mufon yeah and maybe it'll be a digital

1461

00:56:46,069 --> 00:56:44,339

manual at that point just something that

1462

00:56:49,670 --> 00:56:46,079

we can all have on the phones you know

1463

00:56:51,589 --> 00:56:49,680

even recordings yeah see I'm not I

1464

00:56:52,970 --> 00:56:51,599

wasn't even aware of this nobody tells

1465

00:56:54,349 --> 00:56:52,980

me you've been an investigator for a

1466

00:56:55,849 --> 00:56:54,359

while it's not like you just got the

1467

00:56:58,609 --> 00:56:55,859

book yesterday so maybe they have

1468

00:56:59,930 --> 00:56:58,619

updated since you joined yeah most

1469

00:57:01,609 --> 00:56:59,940

likely let's just put it that way but

1470

00:57:04,010 --> 00:57:01,619

also they don't tell me anything they

1471

00:57:07,790 --> 00:57:04,020

just don't tell me anything uh no that's

1472

00:57:10,549 --> 00:57:07,800

that's awesome uh Mindy I I think you

1473

00:57:12,410 --> 00:57:10,559

know talking with you it motivates me to

1474

00:57:14,390 --> 00:57:12,420

be a better investigator I have not

1475

00:57:16,130 --> 00:57:14,400

investigated anything in a while they

1476
00:57:17,750 --> 00:57:16,140
did send me a case not that long ago and

1477
00:57:20,690 --> 00:57:17,760
I haven't even looked at it have been so

1478
00:57:22,370 --> 00:57:20,700
bad but you know preoccupied with work

1479
00:57:24,770 --> 00:57:22,380
in the podcast so I haven't had much

1480
00:57:26,750 --> 00:57:24,780
time but I do you know speaking somebody

1481
00:57:29,089 --> 00:57:26,760
like yourself it does motivate me to get

1482
00:57:32,089 --> 00:57:29,099
back into it and and keep investigating

1483
00:57:33,290 --> 00:57:32,099
it as best I can on this uh Louie do you

1484
00:57:34,910 --> 00:57:33,300
have any final questions for our guest

1485
00:57:36,650 --> 00:57:34,920
today yeah Mindy tell everybody where

1486
00:57:38,329 --> 00:57:36,660
they can learn more about you follow you

1487
00:57:40,910 --> 00:57:38,339
maybe the name of your book if you've

1488
00:57:43,609 --> 00:57:40,920

got a title sure the title of the book

1489

00:57:46,130 --> 00:57:43,619

is going to be dying to meet them one

1490

00:57:48,530 --> 00:57:46,140

woman's Incredible Journey from nde to

1491

00:57:50,510 --> 00:57:48,540

UAP and it will be coming out through

1492

00:57:51,910 --> 00:57:50,520

1493

00:57:54,530 --> 00:57:51,920

yes

1494

00:57:56,870 --> 00:57:54,540

Margie Margie will be doing it

1495

00:57:59,329 --> 00:57:56,880

1497

00:58:03,230 --> 00:58:01,380

people I think being Canadian YouTube

1520

00:58:55,309 --> 00:58:53,700

kind of screws with our algorithm a

1521

00:58:56,569 --> 00:58:55,319

little bit we get a lot of comments

00:58:58,849 --> 00:58:56,579

saying how did I not know you guys

1523
