

JOHN BURROUGHS

UAP STUDIES PODCAST

1
00:00:04,550 --> 00:00:02,030
hey everybody how you doing today we're

2
00:00:07,190 --> 00:00:04,560
going to talk about what is arguably the

3
00:00:09,770 --> 00:00:07,200
most well-documented UFO case uh in the

4
00:00:11,690 --> 00:00:09,780
world and there's been many Jay and I

5
00:00:13,610 --> 00:00:11,700
know myself I'm an Enthusiast on these

6
00:00:15,350 --> 00:00:13,620
cases but until you speak to somebody

7
00:00:18,109 --> 00:00:15,360
who's a witness and that's very hard to

8
00:00:20,630 --> 00:00:18,119
do how many actual UFO encounter

9
00:00:23,269 --> 00:00:20,640
military people uh can are still alive

10
00:00:24,590 --> 00:00:23,279
that have interesting stories so uh

11
00:00:27,470 --> 00:00:24,600
we're talking about rendersham Forest

12
00:00:28,910 --> 00:00:27,480
today uh you know for many of you uh

13
00:00:30,109 --> 00:00:28,920

that are familiar with the story I think

14

00:00:32,089 --> 00:00:30,119

you might get some new insights from

15

00:00:34,970 --> 00:00:32,099

John he also has some new projects

16

00:00:35,930 --> 00:00:34,980

involving uap's military his insights

17

00:00:38,270 --> 00:00:35,940

are unique they're a little different

18

00:00:39,770 --> 00:00:38,280

than what a lot of our guests think uh

19

00:00:40,850 --> 00:00:39,780

so I'm we're going to ask them all the

20

00:00:42,950 --> 00:00:40,860

questions and we're also going to ask

21

00:00:45,590 --> 00:00:42,960

them to explain what happened from his

22

00:00:47,750 --> 00:00:45,600

perspective and I've also read varying

23

00:00:49,790 --> 00:00:47,760

accounts from uh some of his cohorts

24

00:00:52,130 --> 00:00:49,800

that were there as well too so maybe he

25

00:00:54,290 --> 00:00:52,140

can clarify that I'm excited Jay it's

26
00:00:56,450 --> 00:00:54,300
UFO Sunday you ready to go absolutely

27
00:00:58,369 --> 00:00:56,460

46

00:01:58,969 --> 00:01:57,000

we spend a lot of time together

47

00:02:02,149 --> 00:01:58,979

throughout the week just texting and

48

00:02:03,950 --> 00:02:02,159

messaging like every day uh yeah so if

49

00:02:06,050 --> 00:02:03,960

people wonder if we just get together on

50

00:02:08,449 --> 00:02:06,060

Sundays no we talked a whole freaking

51
00:02:10,249 --> 00:02:08,459
week and uh that's right yeah it is a

52
00:02:12,229 --> 00:02:10,259
lot of hard work and good news to our

53
00:02:13,970 --> 00:02:12,239
following and everybody that enjoys our

54
00:02:16,130 --> 00:02:13,980
show we are now going to be broadcast on

55
00:02:18,110 --> 00:02:16,140

and we're very excited there's a lot of

57
00:02:22,550 --> 00:02:20,220
good uh good shows High Caliber

58
00:02:24,830 --> 00:02:22,560
fact-based people like ourselves so uh

59
00:02:27,530 --> 00:02:24,840
February 12th is our launch check out on

60
00:02:29,690 --> 00:02:27,540
xnetwork.com and we're happy to have a

61
00:02:31,610 --> 00:02:29,700
new home so that brings me to today's

62
00:02:34,369 --> 00:02:31,620
guest normally we're talking about

63
00:02:36,290 --> 00:02:34,379

people that are researchers

64

00:02:38,390 --> 00:02:36,300

um you know our media TV based people

65

00:02:41,570 --> 00:02:38,400

it's not very off and you get an actual

66

00:02:43,250 --> 00:02:41,580

experiencer and something of you know a

67

00:02:45,170 --> 00:02:43,260

case of this size I mean rendersham

68

00:02:48,290 --> 00:02:45,180

Forest is arguably the world's best

69

00:02:50,509 --> 00:02:48,300

documented UFO case and we have Mr John

70

00:02:52,670 --> 00:02:50,519

Burroughs on the show here today uh so

71

00:02:55,250 --> 00:02:52,680

welcome Mr John Burroughs first of all

72

00:02:57,110 --> 00:02:55,260

thanks for having me yeah pleasure sir

73

00:02:58,910 --> 00:02:57,120

again I know you've probably told your

74

00:03:01,130 --> 00:02:58,920

story at nauseum but a lot of people

75

00:03:03,650 --> 00:03:01,140

maybe don't know the specifics or it's

76
00:03:05,449 --> 00:03:03,660
easy to blend in facts from other cases

77
00:03:06,589 --> 00:03:05,459
and kind of Get a Cloudy Judgment of

78
00:03:10,850 --> 00:03:06,599
that so

79
00:03:12,830 --> 00:03:10,860
um you know December 26 1980 3 A.M what

80
00:03:15,949 --> 00:03:12,840
happened

81
00:03:19,610 --> 00:03:15,959
well Reynolds an interesting story

82
00:03:21,350 --> 00:03:19,620
because it's been uh branded as uh the

83
00:03:23,110 --> 00:03:21,360
British Roswell incident

84
00:03:25,850 --> 00:03:23,120
because you know obviously it happened

85
00:03:30,410 --> 00:03:25,860
outside of military location military

86
00:03:32,509 --> 00:03:30,420
was involved we were on duty and we were

87
00:03:35,330 --> 00:03:32,519
I was riding around my supervisor at

88
00:03:36,470 --> 00:03:35,340

that point in the night uh he was new to

89

00:03:38,930 --> 00:03:36,480

the base

90

00:03:40,850 --> 00:03:38,940

so we were just getting chatting back

91

00:03:43,610 --> 00:03:40,860

and forth when he saw something strange

92

00:03:46,130 --> 00:03:43,620

in the sky coming down into the forest

93

00:03:48,050 --> 00:03:46,140

you got my attention and asked me if I

94

00:03:49,789 --> 00:03:48,060

see anything like that before and I said

95

00:03:52,369 --> 00:03:49,799

no I've been there for over a year and a

96

00:03:54,710 --> 00:03:52,379

half been you know on patrol numerous

97

00:03:55,610 --> 00:03:54,720

times numerous thousands of times or

98

00:03:58,070 --> 00:03:55,620

whatever

99

00:03:59,570 --> 00:03:58,080

down in that area I've been on the gate

100

00:04:01,910 --> 00:03:59,580

at night so I've never seen anything

101
00:04:06,530 --> 00:04:01,920
quite like that

102
00:04:08,210 --> 00:04:06,540
so it went into the forest itself uh

103
00:04:10,490 --> 00:04:08,220
it was just called what we did we

104
00:04:12,110 --> 00:04:10,500
decided to go off open up the back gate

105
00:04:14,990 --> 00:04:12,120
and go down the road

106
00:04:17,090 --> 00:04:15,000
that led to a t which you go left

107
00:04:18,830 --> 00:04:17,100
towards bent Waters or right towards a

108
00:04:20,810 --> 00:04:18,840
British Village I don't remember the

109
00:04:23,689 --> 00:04:20,820
name of it but the forest was right

110
00:04:25,610 --> 00:04:23,699
across the road and you could see in

111
00:04:29,270 --> 00:04:25,620
into the forest you could see strange

112
00:04:32,749 --> 00:04:29,280
lights like red green blue white and uh

113
00:04:34,430 --> 00:04:32,759

so you kind of did a half U-turn let me

114

00:04:36,230 --> 00:04:34,440

open the door as I got out of the

115

00:04:38,510 --> 00:04:36,240

vehicle it just seemed strange it was

116

00:04:40,189 --> 00:04:38,520

like electricity in the air

117

00:04:42,230 --> 00:04:40,199

uh everything

118

00:04:44,749 --> 00:04:42,240

seemed I don't know if it was slower but

119

00:04:46,550 --> 00:04:44,759

it just felt different so at that point

120

00:04:48,170 --> 00:04:46,560

we realized there was something going on

121

00:04:50,150 --> 00:04:48,180

and we were off base we hadn't told

122

00:04:52,730 --> 00:04:50,160

anybody so we drove back up

123

00:04:55,570 --> 00:04:52,740

to the gate Shack that had a direct line

124

00:04:59,450 --> 00:04:55,580

called uh the desk to transfer this to

125

00:05:01,790 --> 00:04:59,460

CSC we briefed them on what was going on

126
00:05:04,129 --> 00:05:01,800
they sent down the Security Supervisor

127
00:05:05,749 --> 00:05:04,139
you got down to the gate saw the same

128
00:05:08,810 --> 00:05:05,759
things in the course that we were seeing

129
00:05:12,710 --> 00:05:08,820
he got on the phone and a decision was

130
00:05:14,990 --> 00:05:12,720
made to send him his writer and I went

131
00:05:17,930 --> 00:05:15,000
as and we went out there together the

132
00:05:19,790 --> 00:05:17,940
three of us out into the forest uh one

133
00:05:21,230 --> 00:05:19,800
of the things that was going on why we

134
00:05:22,909 --> 00:05:21,240
first called it in and then when he was

135
00:05:25,189 --> 00:05:22,919
on the phone was they started calling

136
00:05:27,230 --> 00:05:25,199
well they called out radar who then they

137
00:05:30,170 --> 00:05:27,240
started making phone calls to other

138
00:05:31,550 --> 00:05:30,180

radar locations and it was identified

139

00:05:33,710 --> 00:05:31,560

that there was something that had been

140

00:05:35,810 --> 00:05:33,720

seen on radar over our location that

141

00:05:37,909 --> 00:05:35,820

went down into the forest

142

00:05:39,950 --> 00:05:37,919

so at that point the shift Commander

143

00:05:41,749 --> 00:05:39,960

thought or felt that there possibly

144

00:05:44,330 --> 00:05:41,759

something and went down or crashed into

145

00:05:46,070 --> 00:05:44,340

the forest and they had notified the

146

00:05:48,469 --> 00:05:46,080

British authorities both the fire

147

00:05:50,270 --> 00:05:48,479

department and the police but we also

148

00:05:52,249 --> 00:05:50,280

decided since it was just outside the

149

00:05:54,230 --> 00:05:52,259

gate to go out and take a look and see

150

00:05:57,050 --> 00:05:54,240

what was going on

151
00:05:58,490 --> 00:05:57,060
we I'm sorry you have a question uh well

152
00:06:00,290 --> 00:05:58,500
I did uh I didn't want to cut you off

153
00:06:02,029 --> 00:06:00,300
there uh how far were you from this

154
00:06:03,590 --> 00:06:02,039
object when you felt the uh the

155
00:06:05,570 --> 00:06:03,600
electricity in the air you said that it

156
00:06:07,310 --> 00:06:05,580
was almost like time had slowed down for

157
00:06:10,070 --> 00:06:07,320
you how far away were you from the

158
00:06:12,409 --> 00:06:10,080
object oh no at that point because we

159
00:06:14,270 --> 00:06:12,419
were just on the road and you know

160
00:06:16,249 --> 00:06:14,280
whatever it was we didn't get close

161
00:06:18,350 --> 00:06:16,259
enough to it it was in the forest okay

162
00:06:20,629 --> 00:06:18,360
we didn't get close enough to it until

163
00:06:23,629 --> 00:06:20,639

later when we went out you know in the

164

00:06:26,450 --> 00:06:23,639

vehicle into the forest itself

165

00:06:29,749 --> 00:06:26,460

so from that point then what we did was

166

00:06:33,110 --> 00:06:29,759

we uh Departed the base went down on a

167

00:06:35,150 --> 00:06:33,120

Logging Road that led into the forest we

168

00:06:37,370 --> 00:06:35,160

uh could see the lights uh people always

169

00:06:39,710 --> 00:06:37,380

asked me what I was seeing I I've said

170

00:06:42,350 --> 00:06:39,720

from the beginning I looked back a weird

171

00:06:45,890 --> 00:06:42,360

Christmas light display

172

00:06:47,629 --> 00:06:45,900

um so and there was a white light that

173

00:06:49,909 --> 00:06:47,639

would seem to be like maybe moving

174

00:06:52,129 --> 00:06:49,919

forward and backwards a little bit we

175

00:06:55,070 --> 00:06:52,139

got to a fence where we couldn't drive

176

00:06:57,350 --> 00:06:55,080

the vehicle anymore got off got out of

177

00:07:00,010 --> 00:06:57,360

the vehicle climbed over the fence and

178

00:07:03,590 --> 00:07:00,020

then went further into the forest

179

00:07:05,210 --> 00:07:03,600

eventually after I wouldn't I don't want

180

00:07:06,770 --> 00:07:05,220

to know if I want to caught a cat Mouse

181

00:07:08,330 --> 00:07:06,780

game but it seemed like sometimes we

182

00:07:11,390 --> 00:07:08,340

were getting closer to it than we were

183

00:07:14,090 --> 00:07:11,400

than we and we were but we came we got

184

00:07:15,770 --> 00:07:14,100

father down into the forest where at the

185

00:07:17,150 --> 00:07:15,780

time we didn't know this but later when

186

00:07:19,490 --> 00:07:17,160

we went back and backtracked everything

187

00:07:20,990 --> 00:07:19,500

there was was it towards the end of the

188

00:07:23,409 --> 00:07:21,000

forest line and then there was another

189

00:07:27,050 --> 00:07:23,419

fence line going into a farmer's field

190

00:07:29,150 --> 00:07:27,060

and we came up on a burn and their

191

00:07:31,129 --> 00:07:29,160

lights were still there as you came up

192

00:07:34,610 --> 00:07:31,139

on the berm

193

00:07:38,150 --> 00:07:34,620

the uh and came up to the top of the

194

00:07:41,029 --> 00:07:38,160

berm whatever it was was there and uh

195

00:07:43,670 --> 00:07:41,039

the light got really bright uh the three

196

00:07:44,629 --> 00:07:43,680

of us hit the ground and then it seemed

197

00:07:47,089 --> 00:07:44,639

to dim

198

00:07:49,730 --> 00:07:47,099

and then get bright again and go up and

199

00:07:51,890 --> 00:07:49,740

pick off now the other two that were

200

00:07:53,689 --> 00:07:51,900

with me have different memories of what

201
00:07:55,790 --> 00:07:53,699
happened I don't know do you want me to

202
00:07:59,510 --> 00:07:55,800
go into those sure yeah sure yeah okay

203
00:08:01,610 --> 00:07:59,520
the one guy uh who well I'll just

204
00:08:03,830 --> 00:08:01,620
identify him what the team leader with

205
00:08:06,110 --> 00:08:03,840
staff sergeant peniston it was myself

206
00:08:08,990 --> 00:08:06,120
and then an Airman it was his first

207
00:08:11,809 --> 00:08:09,000
night on duty Believe It or Not uh by

208
00:08:14,029 --> 00:08:11,819
the name of Airman command sack uh he

209
00:08:16,790 --> 00:08:14,039
has done a couple interviews a few years

210
00:08:21,529 --> 00:08:16,800
ago he said he remember we got close to

211
00:08:23,869 --> 00:08:21,539
it and then we uh and both him and

212
00:08:26,330 --> 00:08:23,879
peniston said that I was armed which I

213
00:08:28,730 --> 00:08:26,340

don't I I remembered leaving my weapon

214

00:08:30,890 --> 00:08:28,740

at the gate with Stevens but they both

215

00:08:34,130 --> 00:08:30,900

claimed that I was armed he claimed that

216

00:08:36,589 --> 00:08:34,140

I drew my weapon and then we all blacked

217

00:08:40,370 --> 00:08:36,599

out so that's the initial one we got

218

00:08:42,949 --> 00:08:40,380

close to it uh peniston well when we got

219

00:08:46,490 --> 00:08:42,959

closer there was like a more of a static

220

00:08:50,210 --> 00:08:46,500

electricity in the air and I don't know

221

00:08:53,269 --> 00:08:50,220

you asked me how close we were probably

222

00:08:55,910 --> 00:08:53,279

and it's been like over 40 years but

223

00:08:57,829 --> 00:08:55,920

we're probably 20 yards or less you know

224

00:09:00,290 --> 00:08:57,839

what I mean but you got to remember now

225

00:09:01,810 --> 00:09:00,300

it was bright light so but we were close

226
00:09:05,990 --> 00:09:01,820
to it um

227
00:09:08,690 --> 00:09:06,000
peniston says that he actually got up

228
00:09:11,509 --> 00:09:08,700
uh and walk around it

229
00:09:14,269 --> 00:09:11,519
uh put stuff in his notebook

230
00:09:17,630 --> 00:09:14,279
touched it and had a binary download

231
00:09:19,670 --> 00:09:17,640
then it went up according to him into

232
00:09:21,470 --> 00:09:19,680
the sky I remember it

233
00:09:23,269 --> 00:09:21,480
the liked him that got bright and went

234
00:09:26,150 --> 00:09:23,279
back up and then went out towards the

235
00:09:28,970 --> 00:09:26,160
coast so at that point the three of us

236
00:09:31,490 --> 00:09:28,980
uh went up and over the fence into the

237
00:09:34,730 --> 00:09:31,500
farmers field we saw something out

238
00:09:35,870 --> 00:09:34,740

towards the um The Cottages that were

239

00:09:37,430 --> 00:09:35,880

down there they've called it the

240

00:09:39,650 --> 00:09:37,440

farmer's house over the years but when

241

00:09:41,690 --> 00:09:39,660

we went back there a few years ago that

242

00:09:43,190 --> 00:09:41,700

was not the farmer's house the owner of

243

00:09:45,350 --> 00:09:43,200

the property didn't even live there

244

00:09:48,110 --> 00:09:45,360

these were Cottages they were down at

245

00:09:51,470 --> 00:09:48,120

the end of the field but we saw us like

246

00:09:54,470 --> 00:09:51,480

a bluish light down you know like down

247

00:09:57,110 --> 00:09:54,480

by the by the farmer or the Cottages I

248

00:10:00,050 --> 00:09:57,120

called Farmers house but so at that

249

00:10:03,290 --> 00:10:00,060

point we went across the field towards

250

00:10:05,030 --> 00:10:03,300

the um towards the Cottages now here's

251

00:10:07,790 --> 00:10:05,040

what I want to clarify for all these

252

00:10:10,550 --> 00:10:07,800

people that have wanted to go with this

253

00:10:12,710 --> 00:10:10,560

Lighthouse stereo in the Years uh a guy

254

00:10:14,690 --> 00:10:12,720

in England came out with it well the

255

00:10:16,070 --> 00:10:14,700

issue is first of all the first

256

00:10:17,630 --> 00:10:16,080

originally tried to say we could see

257

00:10:20,690 --> 00:10:17,640

Lighthouse from the back gate which we

258

00:10:21,949 --> 00:10:20,700

couldn't you then you know stated that

259

00:10:24,110 --> 00:10:21,959

once you know we could see the

260

00:10:26,449 --> 00:10:24,120

lighthouse since we you know once we

261

00:10:28,310 --> 00:10:26,459

went into the field well that's correct

262

00:10:30,110 --> 00:10:28,320

and Ed's it might stay when we both said

263

00:10:32,990 --> 00:10:30,120

we saw a beaker when we got down by the

264

00:10:35,630 --> 00:10:33,000

Cottages but prior to the Cottages we

265

00:10:37,550 --> 00:10:35,640

were we were in the forest and we didn't

266

00:10:40,130 --> 00:10:37,560

see the beacon in what we encountered

267

00:10:42,350 --> 00:10:40,140

was not the lighthouse so for that

268

00:10:44,210 --> 00:10:42,360

that's still floating around he still

269

00:10:46,069 --> 00:10:44,220

tries to come around and say it was the

270

00:10:47,870 --> 00:10:46,079

lighthouse we had an encounter with

271

00:10:49,190 --> 00:10:47,880

something in the forest before we

272

00:10:51,769 --> 00:10:49,200

entered the field

273

00:10:54,410 --> 00:10:51,779

and at that point we got down by the

274

00:10:57,170 --> 00:10:54,420

Cottages we proceeded into a second

275

00:11:00,250 --> 00:10:57,180

field at one point peniston split off

276
00:11:03,889 --> 00:11:00,260
from us we continued towards the coast

277
00:11:05,810 --> 00:11:03,899
and we did see like some blue lights or

278
00:11:08,269 --> 00:11:05,820
a blue light streak across the sky in

279
00:11:09,230 --> 00:11:08,279
front of us farther out and at that

280
00:11:12,470 --> 00:11:09,240
point

281
00:11:15,590 --> 00:11:12,480
we eventually got to the coast

282
00:11:18,050 --> 00:11:15,600
and looked down and and that's when we

283
00:11:21,110 --> 00:11:18,060
identified the beacon for sure for what

284
00:11:22,730 --> 00:11:21,120
it was which was the lighthouse now we

285
00:11:24,170 --> 00:11:22,740
can go deeper into this later but the

286
00:11:26,449 --> 00:11:24,180
lighthouse may have played a part in all

287
00:11:29,509 --> 00:11:26,459
this but not the way the one guy rid Pat

288
00:11:31,850 --> 00:11:29,519

tried to say it did but anyway so at

289

00:11:35,269 --> 00:11:31,860

that point we had lost radio contact on

290

00:11:38,090 --> 00:11:35,279

and off during the whole um the whole

291

00:11:40,250 --> 00:11:38,100

event and at one point when we got back

292

00:11:42,530 --> 00:11:40,260

we met back up with the team that was

293

00:11:45,310 --> 00:11:42,540

out there waiting for us they even said

294

00:11:49,670 --> 00:11:45,320

they lost contact with us for 45 minutes

295

00:11:52,250 --> 00:11:49,680

and our watches were 45 minutes slow

296

00:11:53,750 --> 00:11:52,260

so they were 45 minutes behind what the

297

00:11:56,949 --> 00:11:53,760

current time was

298

00:11:59,569 --> 00:11:56,959

so we've talked to people that have had

299

00:12:01,430 --> 00:11:59,579

interactions with entities if they have

300

00:12:03,230 --> 00:12:01,440

had more than you know two people there

301
00:12:05,990 --> 00:12:03,240
and people tend to have different

302
00:12:08,569 --> 00:12:06,000
experiences or or

303
00:12:10,610 --> 00:12:08,579
their stories don't collaborate very

304
00:12:12,170 --> 00:12:10,620
well like they almost need hypnosis and

305
00:12:13,550 --> 00:12:12,180
stuff like that to sort of recount the

306
00:12:15,530 --> 00:12:13,560
events especially if there's missing

307
00:12:17,810 --> 00:12:15,540
time and all that uh is that something

308
00:12:20,030 --> 00:12:17,820
that the the group ever considered as

309
00:12:22,130 --> 00:12:20,040
well uh just to figure out exactly what

310
00:12:23,090 --> 00:12:22,140
happened during those 40 minutes or is

311
00:12:24,889 --> 00:12:23,100
that just something that you have

312
00:12:27,350 --> 00:12:24,899
explored yourself but the rest of the

313
00:12:30,290 --> 00:12:27,360

group aren't interested I don't believe

314

00:12:34,310 --> 00:12:30,300

Ed did I mean he may have but he never

315

00:12:37,670 --> 00:12:34,320

really uh never told me he did Ed went

316

00:12:40,389 --> 00:12:37,680

on a documentary and right after the

317

00:12:43,190 --> 00:12:40,399

documentary the IRS showed up I guess

318

00:12:45,170 --> 00:12:43,200

and that's according to what he said and

319

00:12:48,590 --> 00:12:45,180

it spoke to him and he believed that

320

00:12:50,690 --> 00:12:48,600

because he talked about the incident the

321

00:12:53,329 --> 00:12:50,700

government was coming after him so he's

322

00:12:55,910 --> 00:12:53,339

kind of went quiet since then uh I did

323

00:12:58,190 --> 00:12:55,920

go under hypnosis which was bizarre what

324

00:12:59,569 --> 00:12:58,200

came out and then peniston also did go

325

00:13:02,030 --> 00:12:59,579

under hypnosis

326

00:13:04,430 --> 00:13:02,040

nice and when you hear stories because

327

00:13:06,050 --> 00:13:04,440

like I think nine years later was Bob

328

00:13:07,730 --> 00:13:06,060

lazar's story that came out when he's

329

00:13:09,290 --> 00:13:07,740

saying that the government has nine of

330

00:13:11,449 --> 00:13:09,300

these craps he's worked on some of them

331

00:13:14,030 --> 00:13:11,459

so you start hearing this sort of stuff

332

00:13:17,509 --> 00:13:14,040

as as the decades go along it sort of

333

00:13:19,389 --> 00:13:17,519

validates your story as well because you

334

00:13:22,009 --> 00:13:19,399

guys went through uh you know medical

335

00:13:23,930 --> 00:13:22,019

issues because of this close proximity

336

00:13:26,210 --> 00:13:23,940

we were talking the other night actually

337

00:13:27,710 --> 00:13:26,220

Louie and I with uh Richard Dolan uh

338

00:13:29,569 --> 00:13:27,720

which was really excited that you were

339

00:13:32,329 --> 00:13:29,579

coming on the podcast and we were

340

00:13:34,910 --> 00:13:32,339

talking about how the uh report the cash

341

00:13:36,650 --> 00:13:34,920

cash Landrum I think right that story of

342

00:13:38,030 --> 00:13:36,660

the families yes

343

00:13:40,370 --> 00:13:38,040

um but also we were talking about how

344

00:13:41,690 --> 00:13:40,380

the the the the UFO report had no

345

00:13:44,629 --> 00:13:41,700

mention it said that there was no

346

00:13:47,389 --> 00:13:44,639

medical issues between uaps and Pilots

347

00:13:50,569 --> 00:13:47,399

or or UAP so far and we say you know

348

00:13:52,550 --> 00:13:50,579

that's not true there's been more but to

349

00:13:54,170 --> 00:13:52,560

be fair to that report which I didn't

350

00:13:57,290 --> 00:13:54,180

agree with a lot of it either but it

351

00:13:59,030 --> 00:13:57,300

only went back 15 years right they did

352

00:14:01,009 --> 00:13:59,040

not you know and then there's been some

353

00:14:02,690 --> 00:14:01,019

people come out then because of what

354

00:14:05,810 --> 00:14:02,700

happened with me in the government in

355

00:14:07,910 --> 00:14:05,820

the VA and said well but Mike but I got

356

00:14:09,710 --> 00:14:07,920

my settlement like what it would be

357

00:14:14,389 --> 00:14:09,720

seven years ago eight years ago now was

358

00:14:15,730 --> 00:14:14,399

it 15 January 15th so but the actuality

359

00:14:19,250 --> 00:14:15,740

is

360

00:14:22,129 --> 00:14:19,260

the report was a small portion was

361

00:14:24,470 --> 00:14:22,139

Declassified of it so they never really

362

00:14:26,990 --> 00:14:24,480

did clarify what cases they looked at

363

00:14:31,129 --> 00:14:27,000

what you know how far back they went at

364

00:14:33,410 --> 00:14:31,139

so it's up in the air as far as that

365

00:14:36,530 --> 00:14:33,420

part of it as far as I'm concerned um

366

00:14:39,590 --> 00:14:36,540

it's clear that there was a cover-up

367

00:14:41,569 --> 00:14:39,600

with what happened to me they uh my

368

00:14:46,129 --> 00:14:41,579

records are classified both my Personnel

369

00:14:48,769 --> 00:14:46,139

records and my uh my medical records are

370

00:14:50,689 --> 00:14:48,779

classified still till this day when uh

371

00:14:52,430 --> 00:14:50,699

when I started having medical I had them

372

00:14:54,829 --> 00:14:52,440

right afterwards people always ask I

373

00:14:58,069 --> 00:14:54,839

didn't feel well afterwards and when I

374

00:15:00,470 --> 00:14:58,079

PCS back to the States I got I got sick

375

00:15:02,449 --> 00:15:00,480

again and what's the emergency room

376

00:15:03,949 --> 00:15:02,459

because I was back home visiting a

377

00:15:05,750 --> 00:15:03,959

couple hours away from the base and I

378

00:15:07,009 --> 00:15:05,760

wasn't going to be able to drive back so

379

00:15:08,930 --> 00:15:07,019

they told me to go to the emergency room

380

00:15:12,290 --> 00:15:08,940

just the military was like that the

381

00:15:13,490 --> 00:15:12,300

verify was sick and when the doctor when

382

00:15:16,009 --> 00:15:13,500

I went into Nursery room he asked me

383

00:15:18,590 --> 00:15:16,019

about my heart my heart murmur

384

00:15:20,269 --> 00:15:18,600

I know this is I don't have one and then

385

00:15:23,389 --> 00:15:20,279

they said well yeah you do it's a big

386

00:15:25,250 --> 00:15:23,399

one so I went back to the base with all

387

00:15:26,689 --> 00:15:25,260

the documentation they they brought a

388

00:15:28,550 --> 00:15:26,699

specialists in ran away from Wright

389

00:15:30,230 --> 00:15:28,560

Patterson and since they're seeing

390

00:15:31,910 --> 00:15:30,240

enough you find out years later is where

391

00:15:34,730 --> 00:15:31,920

a lot of stuff goes on with all this

392

00:15:37,370 --> 00:15:34,740

stuff so he came in and evaluated me

393

00:15:38,810 --> 00:15:37,380

like a day later and I got back one day

394

00:15:40,490 --> 00:15:38,820

and he was there the next day and then

395

00:15:43,310 --> 00:15:40,500

he told me to pack my bags I was going

396

00:15:44,870 --> 00:15:43,320

to write Patterson the next day so they

397

00:15:46,910 --> 00:15:44,880

set me up there and they did a bunch of

398

00:15:49,550 --> 00:15:46,920

tests and that's one of the things

399

00:15:51,470 --> 00:15:49,560

that's classified they won't reveal what

400

00:15:54,230 --> 00:15:51,480

they learned from

401
00:15:56,389 --> 00:15:54,240
my um you know from a test they did on

402
00:15:58,850 --> 00:15:56,399
my heart so

403
00:16:01,189 --> 00:15:58,860
so my records are classified they denied

404
00:16:03,769 --> 00:16:01,199
me disability and stuff and they

405
00:16:05,629 --> 00:16:03,779
actually in the letters the letter they

406
00:16:08,689 --> 00:16:05,639
said I wasn't even in the Air Force from

407
00:16:11,750 --> 00:16:08,699
79 to 82. when all this supposedly

408
00:16:14,150 --> 00:16:11,760
happened and was able to prove

409
00:16:16,430 --> 00:16:14,160
eventually McCain Senator McCain was

410
00:16:18,410 --> 00:16:16,440
involved that I was so then they had to

411
00:16:20,509 --> 00:16:18,420
then they had to go back and say okay

412
00:16:22,310 --> 00:16:20,519
well he was now we'll take a closer look

413
00:16:24,290 --> 00:16:22,320

and then suppose they were going to take

414

00:16:28,970 --> 00:16:24,300

care of it then they denied everything

415

00:16:31,490 --> 00:16:28,980

again which led to a um an IG complaint

416

00:16:33,110 --> 00:16:31,500

and McCain got personally involved to

417

00:16:35,210 --> 00:16:33,120

include us threatening to open up

418

00:16:37,310 --> 00:16:35,220

hearings on the whole thing and then

419

00:16:39,710 --> 00:16:37,320

magically after that and the interesting

420

00:16:41,710 --> 00:16:39,720

thing about any veterans that listen to

421

00:16:44,269 --> 00:16:41,720

this that have had issues with the VA

422

00:16:46,370 --> 00:16:44,279

from beginning to end it only took me

423

00:16:48,290 --> 00:16:46,380

two and a half years to get rated and

424

00:16:50,749 --> 00:16:48,300

get my disability which is unheard of

425

00:16:52,610 --> 00:16:50,759

unless for example you're in a combat

426
00:16:54,410 --> 00:16:52,620
zone and you get severely injured but

427
00:16:56,150 --> 00:16:54,420
for something that happened over 30

428
00:16:58,910 --> 00:16:56,160
years ago I got completely rated and

429
00:17:02,329 --> 00:16:58,920
taking care of within two and a half

430
00:17:04,970 --> 00:17:02,339
years and the other thing is is that to

431
00:17:07,250 --> 00:17:04,980
this day only certain doctors can deal

432
00:17:09,110 --> 00:17:07,260
with me in the VA with my heart but then

433
00:17:10,490 --> 00:17:09,120
the civilian side they'll do community

434
00:17:12,350 --> 00:17:10,500
in the care and I can have most

435
00:17:14,630 --> 00:17:12,360
everything else done other than my eyes

436
00:17:17,449 --> 00:17:14,640
and my heart has to be handled through

437
00:17:18,890 --> 00:17:17,459
the VA oh really how old were you when

438
00:17:20,630 --> 00:17:18,900

this incident took place and you had the

439

00:17:22,730 --> 00:17:20,640

heart murmur like you were in your 20s

440

00:17:25,010 --> 00:17:22,740

at that point I would have been 20 when

441

00:17:27,169 --> 00:17:25,020

the event happened yeah and you found it

442

00:17:28,970 --> 00:17:27,179

right before my birthday on my 21st

443

00:17:31,010 --> 00:17:28,980

birthday and if you had the heart murmur

444

00:17:32,630 --> 00:17:31,020

as a pre-existing medical condition you

445

00:17:34,190 --> 00:17:32,640

wouldn't be in a military at that point

446

00:17:37,310 --> 00:17:34,200

no you couldn't get it matter of fact

447

00:17:38,570 --> 00:17:37,320

quick story when I got out of active I

448

00:17:40,909 --> 00:17:38,580

had nine years I wanted to go into

449

00:17:42,470 --> 00:17:40,919

reserves but the way I got at it there

450

00:17:44,210 --> 00:17:42,480

was nothing open for the reserve so I

451
00:17:45,590 --> 00:17:44,220
had to wait a while but I went back in

452
00:17:47,510 --> 00:17:45,600
and tried to go into reserves they

453
00:17:50,510 --> 00:17:47,520
initially denied me to come back in the

454
00:17:52,310 --> 00:17:50,520
reserves because of my heart murmur and

455
00:17:54,409 --> 00:17:52,320
they showed me the rig and I just looked

456
00:17:56,210 --> 00:17:54,419
at it and I said well I like a copy of

457
00:17:58,070 --> 00:17:56,220
it and he goes why I go I'm gonna go to

458
00:18:00,049 --> 00:17:58,080
my Senator because I said I don't

459
00:18:02,810 --> 00:18:00,059
understand how I could have it

460
00:18:05,990 --> 00:18:02,820
after I came in which it happened to me

461
00:18:07,850 --> 00:18:06,000
when I was in and then turned around and

462
00:18:10,190 --> 00:18:07,860
stay in but now you're denying the

463
00:18:11,630 --> 00:18:10,200

access back in and then they backtracked

464

00:18:13,130 --> 00:18:11,640

they made a couple of phone calls and he

465

00:18:14,810 --> 00:18:13,140

came back and they did a physical and

466

00:18:16,970 --> 00:18:14,820

they allowed me back into

467

00:18:19,190 --> 00:18:16,980

so no you could not have entered the Air

468

00:18:20,990 --> 00:18:19,200

Force with the heart member which is one

469

00:18:23,750 --> 00:18:21,000

of what the debunkers tried to say that

470

00:18:25,490 --> 00:18:23,760

I probably had it before I came in and

471

00:18:27,409 --> 00:18:25,500

actually I that's one of the few things

472

00:18:29,870 --> 00:18:27,419

I did have was my entry level physical

473

00:18:32,930 --> 00:18:29,880

this showed a clean bill of health and

474

00:18:35,090 --> 00:18:32,940

then my exophysical from in 1988 showing

475

00:18:37,010 --> 00:18:35,100

I had all kinds of heart issues so

476

00:18:39,350 --> 00:18:37,020

yeah and I can relate to that myself I

477

00:18:41,450 --> 00:18:39,360

had a heart murmur as a younger person I

478

00:18:43,310 --> 00:18:41,460

I had to go see special doctor I ran

479

00:18:44,870 --> 00:18:43,320

track and field in school they were

480

00:18:47,330 --> 00:18:44,880

concerned there was an issue so I went

481

00:18:48,650 --> 00:18:47,340

to a Cardiologist uh basically a heart

482

00:18:51,289 --> 00:18:48,660

murmurs where you have a valve that

483

00:18:53,390 --> 00:18:51,299

doesn't close completely and it's not a

484

00:18:55,070 --> 00:18:53,400

perfect seal and the blood makes a bit

485

00:18:58,250 --> 00:18:55,080

of a squishing noise when listened to

486

00:19:00,289 --> 00:18:58,260

through a stethoscope or whatever but I

487

00:19:02,690 --> 00:19:00,299

actually outgrew mine because I did a

488

00:19:04,130 --> 00:19:02,700

physical when I was in elementary and

489

00:19:05,870 --> 00:19:04,140

they said it wasn't severe I could

490

00:19:08,210 --> 00:19:05,880

participate in sports played hockey

491

00:19:10,370 --> 00:19:08,220

track and field and in high school when

492

00:19:12,169 --> 00:19:10,380

I made like the Collegiate team they

493

00:19:13,909 --> 00:19:12,179

actually required a sign off from the

494

00:19:15,770 --> 00:19:13,919

doctor because I disclosed I had this

495

00:19:16,970 --> 00:19:15,780

pre-existing condition and I went to

496

00:19:18,169 --> 00:19:16,980

another cardiologist and they couldn't

497

00:19:20,630 --> 00:19:18,179

find it they're like you don't have a

498

00:19:23,650 --> 00:19:20,640

heart murmur so that's kind of a weird

499

00:19:26,930 --> 00:19:23,660

thing my job was still a maturing

500

00:19:28,850 --> 00:19:26,940

pubescent teenager so I was growing and

501
00:19:30,350 --> 00:19:28,860
maybe that corrected I I can actually

502
00:19:32,570 --> 00:19:30,360
add more to this

503
00:19:35,570 --> 00:19:32,580
um eventually with all this stuff going

504
00:19:38,510 --> 00:19:35,580
on with McCain well first with the with

505
00:19:40,909 --> 00:19:38,520
Kyle then he retired in McCain and then

506
00:19:43,430 --> 00:19:40,919
a CIA guy showed up when all this

507
00:19:46,250 --> 00:19:43,440
started getting hot and and gave some

508
00:19:48,650 --> 00:19:46,260
documentation for the help the VA and

509
00:19:50,210 --> 00:19:48,660
the dod take care of my art one of the

510
00:19:51,830 --> 00:19:50,220
interesting things was when I had my

511
00:19:55,250 --> 00:19:51,840
surgery

512
00:19:56,630 --> 00:19:55,260
they replaced the valve and uh and the

513
00:19:58,630 --> 00:19:56,640

civilian doctors couldn't figure out

514

00:20:01,250 --> 00:19:58,640

what was going on because my symptoms

515

00:20:04,010 --> 00:20:01,260

didn't match what they were seeing in

516

00:20:06,650 --> 00:20:04,020

the Echo for the damage to the heart

517

00:20:08,330 --> 00:20:06,660

and you know how private insurances are

518

00:20:10,190 --> 00:20:08,340

not wanting to do certain things when

519

00:20:11,750 --> 00:20:10,200

there's not enough evidence anyway long

520

00:20:13,730 --> 00:20:11,760

story short one they actually did the

521

00:20:16,310 --> 00:20:13,740

surgery they found that I had two

522

00:20:18,470 --> 00:20:16,320

leaflets and the damage was on inside

523

00:20:21,289 --> 00:20:18,480

leaflet which is rare to ever have any

524

00:20:24,049 --> 00:20:21,299

issues which is hard to find anyway but

525

00:20:26,510 --> 00:20:24,059

I had two leaflets so basically what I

526

00:20:28,070 --> 00:20:26,520

was told was whatever happened to me if

527

00:20:29,390 --> 00:20:28,080

I hadn't had those two refills because

528

00:20:32,710 --> 00:20:29,400

normally you only have one I probably

529

00:20:37,850 --> 00:20:35,330

yeah so because the two leaflets were

530

00:20:40,850 --> 00:20:37,860

both damaged but they they s they worked

531

00:20:42,830 --> 00:20:40,860

together to even though after I had the

532

00:20:44,390 --> 00:20:42,840

damage that kept me along forever but

533

00:20:46,789 --> 00:20:44,400

they were both disintegrated to the

534

00:20:48,470 --> 00:20:46,799

point where I was I was within a month

535

00:20:50,390 --> 00:20:48,480

of dying when everything finally got

536

00:20:53,270 --> 00:20:50,400

taken care of and had my surgery

537

00:20:54,590 --> 00:20:53,280

that's crazy glad that you made it

538

00:20:56,029 --> 00:20:54,600

through all right but I wanted to ask

539

00:20:58,310 --> 00:20:56,039

you just about these medical effects

540

00:20:59,870 --> 00:20:58,320

because again this is hotly contested a

541

00:21:01,490 --> 00:20:59,880

lot of people you know say that there's

542

00:21:03,950 --> 00:21:01,500

no such thing a lot of people swear by

543

00:21:06,049 --> 00:21:03,960

it and you're a good example of it so a

544

00:21:08,510 --> 00:21:06,059

did anybody else have this type of thing

545

00:21:10,190 --> 00:21:08,520

and how long after like because we've

546

00:21:11,870 --> 00:21:10,200

heard of you know incident cases where

547

00:21:14,090 --> 00:21:11,880

people go home they feel sick right away

548

00:21:16,250 --> 00:21:14,100

their hair falls out their teeth start

549

00:21:18,470 --> 00:21:16,260

to loosen you know symptoms of extreme

550

00:21:21,350 --> 00:21:18,480

radiation poisoning well don't often

551
00:21:23,750 --> 00:21:21,360
hear the cardiologist the problem is is

552
00:21:25,730 --> 00:21:23,760
that it wasn't the type of radiation you

553
00:21:28,669 --> 00:21:25,740
would expect it was terahertz radiation

554
00:21:30,169 --> 00:21:28,679
which is a different thing and the other

555
00:21:31,730 --> 00:21:30,179
thing is yeah there's the other guy that

556
00:21:33,470 --> 00:21:31,740
was with me on night three which I'm

557
00:21:36,830 --> 00:21:33,480
sure we're going to get into he actually

558
00:21:38,330 --> 00:21:36,840
has rated 100 just like I am so so

559
00:21:41,470 --> 00:21:38,340
there's two of us that have been rated

560
00:21:44,149 --> 00:21:41,480
and and no matter what people try to say

561
00:21:46,730 --> 00:21:44,159
okay our

562
00:21:49,310 --> 00:21:46,740
if people understand how the VA works it

563
00:21:51,470 --> 00:21:49,320

has to be in the line of duty you have

564

00:21:53,930 --> 00:21:51,480

to identify where it happened

565

00:21:57,529 --> 00:21:53,940

and the symptoms you know and everything

566

00:21:59,270 --> 00:21:57,539

else his and mine were both presented to

567

00:22:02,029 --> 00:21:59,280

the VA that we were injured in the line

568

00:22:04,730 --> 00:22:02,039

of duty in the fields

569

00:22:06,590 --> 00:22:04,740

at belt waters you know we're outside of

570

00:22:09,169 --> 00:22:06,600

Woodbridge Air Force Base and rentals of

571

00:22:13,070 --> 00:22:09,179

course and the VA acknowledged both of

572

00:22:15,470 --> 00:22:13,080

us received injuries from that event so

573

00:22:18,409 --> 00:22:15,480

what they didn't do was say what it was

574

00:22:22,010 --> 00:22:18,419

in fact I was told very clearly from the

575

00:22:24,770 --> 00:22:22,020

dod the VA and even the Senator's office

576

00:22:26,390 --> 00:22:24,780

is that I deserve the care I got for the

577

00:22:29,390 --> 00:22:26,400

injuries I've sustained from that event

578

00:22:30,169 --> 00:22:29,400

but I was never going to be told what it

579

00:22:36,230 --> 00:22:30,179

was

580

00:22:38,570 --> 00:22:36,240

fact I got a letter from the dod

581

00:22:40,730 --> 00:22:38,580

afterwards because we had foia out that

582

00:22:42,049 --> 00:22:40,740

they broke the law and they wouldn't

583

00:22:44,210 --> 00:22:42,059

answer questions about classified

584

00:22:46,070 --> 00:22:44,220

records and everything else and once I

585

00:22:48,890 --> 00:22:46,080

got once they rated me they came back

586

00:22:50,750 --> 00:22:48,900

and told me we're done we're going to

587

00:22:52,730 --> 00:22:50,760

treat you you know we'll take care of

588

00:22:55,730 --> 00:22:52,740

you uh certain few things will be done

589

00:22:58,549 --> 00:22:55,740

that'll still remain you know within the

590

00:22:59,570 --> 00:22:58,559

Realms of classification and uh we're

591

00:23:02,210 --> 00:22:59,580

not going to answer any more your

592

00:23:04,370 --> 00:23:02,220

Fourier questions and people claim

593

00:23:07,010 --> 00:23:04,380

there's always a big debate on that even

594

00:23:08,570 --> 00:23:07,020

when I first started talking about this

595

00:23:11,630 --> 00:23:08,580

when we did that mock carrying with

596

00:23:13,909 --> 00:23:11,640

Steve Bassett citizens hearing even the

597

00:23:16,850 --> 00:23:13,919

Senators and well I should say the one

598

00:23:17,990 --> 00:23:16,860

Senator and the one Congressman knew the

599

00:23:19,970 --> 00:23:18,000

rest of them didn't know about a

600

00:23:22,010 --> 00:23:19,980

classified record section in our

601
00:23:24,049 --> 00:23:22,020
government and also didn't understand

602
00:23:25,130 --> 00:23:24,059
that if you're involved in a classified

603
00:23:27,470 --> 00:23:25,140
event

604
00:23:29,810 --> 00:23:27,480
your records are classified and you

605
00:23:33,590 --> 00:23:29,820
don't have access to them I just don't

606
00:23:35,450 --> 00:23:33,600
have a right to unlike anybody else does

607
00:23:37,610 --> 00:23:35,460
did that make it difficult if they were

608
00:23:40,010 --> 00:23:37,620
classifying your information for the VA

609
00:23:42,049 --> 00:23:40,020
to give you a compensation for this like

610
00:23:44,330 --> 00:23:42,059
or well it was it was it was a

611
00:23:46,730 --> 00:23:44,340
double-edged sword because yes some of

612
00:23:48,590 --> 00:23:46,740
the things that they could look at and

613
00:23:51,649 --> 00:23:48,600

what happened was when they did the when

614

00:23:53,690 --> 00:23:51,659

they did the second denial and then the

615

00:23:56,450 --> 00:23:53,700

the office it was handling it came back

616

00:23:59,750 --> 00:23:56,460

and told the staffer Cheryl Bennett who

617

00:24:01,610 --> 00:23:59,760

uh was do was got a lot of this done and

618

00:24:03,649 --> 00:24:01,620

you know got all got most of it done

619

00:24:05,750 --> 00:24:03,659

under people understand the senator

620

00:24:08,210 --> 00:24:05,760

doesn't do the work the age do and she

621

00:24:10,310 --> 00:24:08,220

did did it all but he did get involved

622

00:24:12,830 --> 00:24:10,320

at the end was that they couldn't look

623

00:24:14,049 --> 00:24:12,840

at my stuff and they had to bring in a

624

00:24:19,490 --> 00:24:14,059

special

625

00:24:20,930 --> 00:24:19,500

classifications but when he got to the

626

00:24:22,970 --> 00:24:20,940

point of my heart even his

627

00:24:25,789 --> 00:24:22,980

classification and he had the highest

628

00:24:28,610 --> 00:24:25,799

rating in it couldn't look at it

629

00:24:31,190 --> 00:24:28,620

so it did make an issue but the bigger

630

00:24:34,010 --> 00:24:31,200

issue was that they modified my dd4214

631

00:24:36,230 --> 00:24:34,020

and said I wasn't even in yeah so they

632

00:24:38,330 --> 00:24:36,240

denied that I was infants and we had to

633

00:24:41,630 --> 00:24:38,340

fight that even though we had some proof

634

00:24:44,090 --> 00:24:41,640

that I was they still denied it so they

635

00:24:46,909 --> 00:24:44,100

were clearly covering up what took place

636

00:24:49,250 --> 00:24:46,919

from in that field I mean even all my

637

00:24:51,529 --> 00:24:49,260

Personnel records are missing when we

638

00:24:56,409 --> 00:24:51,539

got some of them eventually we're all

639

00:24:59,510 --> 00:24:56,419

missing from 79 to 82. everything was

640

00:25:01,669 --> 00:24:59,520

scrubbed that's that's systematic too

641

00:25:03,590 --> 00:25:01,679

again Jason you mentioned Bob Lazar but

642

00:25:06,110 --> 00:25:03,600

there's a lot of similarities there too

643

00:25:07,789 --> 00:25:06,120

nobody can find his info they deny he

644

00:25:10,850 --> 00:25:07,799

ever worked there I mean this is not

645

00:25:14,270 --> 00:25:10,860

well yeah but and I'm not bagging a

646

00:25:17,750 --> 00:25:14,280

babazar but in my case I have the proof

647

00:25:19,070 --> 00:25:17,760

yes he claims they can't and I I'm not

648

00:25:21,770 --> 00:25:19,080

saying he doesn't have any proof at all

649

00:25:24,529 --> 00:25:21,780

but I can show the denial orders I can

650

00:25:27,230 --> 00:25:24,539

show the DD Form 214 that they tried to

651
00:25:29,049 --> 00:25:27,240
stand by saying I wasn't in I can show

652
00:25:31,610 --> 00:25:29,059
the fact that my records are classified

653
00:25:34,370 --> 00:25:31,620
so that's the difference between some

654
00:25:36,890 --> 00:25:34,380
other people is there's no denying it

655
00:25:39,769 --> 00:25:36,900
they classified it now what I can't

656
00:25:42,049 --> 00:25:39,779
shows what happened to us as far as what

657
00:25:44,990 --> 00:25:42,059
they deemed why they felt it was

658
00:25:47,690 --> 00:25:45,000
necessary to rape me and treat me and

659
00:25:49,610 --> 00:25:47,700
keep everything classified I mean what's

660
00:25:51,649 --> 00:25:49,620
sitting in front of you is it was

661
00:25:53,810 --> 00:25:51,659
obviously because there's a Declassified

662
00:25:55,669 --> 00:25:53,820
British document that we use project

663
00:25:59,210 --> 00:25:55,679

condyle and it said we were exposed to

664

00:26:01,130 --> 00:25:59,220

AP radiation so but the bottom line is

665

00:26:02,690 --> 00:26:01,140

they've never admitted to what injured

666

00:26:03,890 --> 00:26:02,700

us they've just admitted we were injured

667

00:26:06,350 --> 00:26:03,900

and they were going to take care of us

668

00:26:07,970 --> 00:26:06,360

yeah so we got through day one of the

669

00:26:10,549 --> 00:26:07,980

rendersham incident and as you mentioned

670

00:26:12,289 --> 00:26:10,559

it's like a three-day Saga so let's pick

671

00:26:14,330 --> 00:26:12,299

up from there if we can what happened on

672

00:26:16,850 --> 00:26:14,340

day two and sort of the colonel Holt

673

00:26:19,370 --> 00:26:16,860

gets involved well day two was it was

674

00:26:21,830 --> 00:26:19,380

the second night in Colonel Hall there

675

00:26:23,269 --> 00:26:21,840

is some evidence that he may have even

676

00:26:25,549 --> 00:26:23,279

went out throughout night too but I

677

00:26:27,950 --> 00:26:25,559

wasn't involved with night two the odd

678

00:26:30,950 --> 00:26:27,960

that we we went on break after our event

679

00:26:34,010 --> 00:26:30,960

so we were off three days and on night

680

00:26:36,409 --> 00:26:34,020

two uh the flight that replaces our

681

00:26:38,630 --> 00:26:36,419

midnight shift saw strange lights the

682

00:26:40,370 --> 00:26:38,640

story I've got which I didn't get it

683

00:26:41,810 --> 00:26:40,380

straight from the horse's mouth but I

684

00:26:44,269 --> 00:26:41,820

actually found out about it right after

685

00:26:47,029 --> 00:26:44,279

it happened I went up to the desk that

686

00:26:48,950 --> 00:26:47,039

morning before they got off and the

687

00:26:50,690 --> 00:26:48,960

death Sergeant I knew him said that they

688

00:26:53,690 --> 00:26:50,700

were out in the forest and saw strange

689

00:26:55,610 --> 00:26:53,700

lights again and the shift Commander had

690

00:26:57,049 --> 00:26:55,620

something happen to her where this blue

691

00:26:59,450 --> 00:26:57,059

light went through her vehicle and shut

692

00:27:00,950 --> 00:26:59,460

it off and she freaked out and was

693

00:27:03,110 --> 00:27:00,960

really the duty

694

00:27:05,029 --> 00:27:03,120

so there was an interaction on night two

695

00:27:07,190 --> 00:27:05,039

night three is the night after I found

696

00:27:09,289 --> 00:27:07,200

out about night two where me and a

697

00:27:11,990 --> 00:27:09,299

couple of the guys I was uh working with

698

00:27:13,310 --> 00:27:12,000

a flight decided to go back out there to

699

00:27:15,169 --> 00:27:13,320

see if we could figure out what was

700

00:27:17,149 --> 00:27:15,179

going on unspeknownst they were already

701
00:27:19,909 --> 00:27:17,159
back out there with another event going

702
00:27:22,610 --> 00:27:19,919
on and that ended up getting us sucked

703
00:27:24,110 --> 00:27:22,620
into that event which there's a tape

704
00:27:26,810 --> 00:27:24,120
Colonel halt made

705
00:27:28,909 --> 00:27:26,820
that some of it's been released they've

706
00:27:30,049 --> 00:27:28,919
some people claim that that's the whole

707
00:27:32,630 --> 00:27:30,059
tape but

708
00:27:36,169 --> 00:27:32,640
there's more to tape it was just edited

709
00:27:38,149 --> 00:27:36,179
there's more to what went on so

710
00:27:39,710 --> 00:27:38,159
and there was also a command post tape

711
00:27:42,169 --> 00:27:39,720
that was recorded of everything that

712
00:27:45,710 --> 00:27:42,179
night that's classified that you can't

713
00:27:47,330 --> 00:27:45,720

listen to but at the end of the day when

714

00:27:48,769 --> 00:27:47,340

I met up with them they had already had

715

00:27:51,470 --> 00:27:48,779

an encounter you can hear it on the tape

716

00:27:53,210 --> 00:27:51,480

you hear them identified to them that I

717

00:27:55,430 --> 00:27:53,220

was out there we eventually met up with

718

00:27:58,789 --> 00:27:55,440

them for years halt denied that I was

719

00:28:00,590 --> 00:27:58,799

even there and then the tape got out and

720

00:28:04,430 --> 00:28:00,600

then he had to admit we were there and

721

00:28:07,370 --> 00:28:04,440

and then and vistenza and I went forward

722

00:28:10,250 --> 00:28:07,380

because whatever was going on that night

723

00:28:12,890 --> 00:28:10,260

as far as prior something strange came

724

00:28:15,950 --> 00:28:12,900

down out of the sky into the tree line

725

00:28:17,269 --> 00:28:15,960

in front of us so he allowed him and I

726

00:28:20,090 --> 00:28:17,279

had to go forward so I could get a

727

00:28:22,549 --> 00:28:20,100

closer look and as we were going towards

728

00:28:25,070 --> 00:28:22,559

it it started to come towards us and as

729

00:28:26,269 --> 00:28:25,080

we were both running the

730

00:28:29,029 --> 00:28:26,279

um

731

00:28:30,950 --> 00:28:29,039

we got close to it now I just remember

732

00:28:33,529 --> 00:28:30,960

getting close to it and then it was gone

733

00:28:37,070 --> 00:28:33,539

the guy with me vistenza who also got

734

00:28:38,570 --> 00:28:37,080

raided you know like I did he uh got

735

00:28:40,250 --> 00:28:38,580

knocked down to the ground I remember

736

00:28:42,350 --> 00:28:40,260

him going down to the ground he said

737

00:28:44,630 --> 00:28:42,360

something held him down and then he saw

738

00:28:47,390 --> 00:28:44,640

it come over me and I disappeared

739

00:28:50,810 --> 00:28:47,400

and then it actually didn't he didn't go

740

00:28:53,750 --> 00:28:50,820

into it but a little bit of it he had um

741

00:28:55,310 --> 00:28:53,760

on his hand you know so he had a little

742

00:28:57,110 --> 00:28:55,320

bit of a contact with it but didn't go

743

00:28:59,450 --> 00:28:57,120

into him disappear like I did well

744

00:29:02,149 --> 00:28:59,460

that's what he remembers so let's talk

745

00:29:04,250 --> 00:29:02,159

about physical and forensic traces that

746

00:29:05,870 --> 00:29:04,260

this thing or things left I mean I've

747

00:29:08,090 --> 00:29:05,880

read reports that there was like

748

00:29:10,909 --> 00:29:08,100

abrasions on the trees three and a half

749

00:29:13,430 --> 00:29:10,919

feet high indentations from what would

750

00:29:15,590 --> 00:29:13,440

be like foot pads and like a tripod

751
00:29:17,149 --> 00:29:15,600
formation I think they even cut the

752
00:29:18,649 --> 00:29:17,159
grass after the incident happened so

753
00:29:22,190 --> 00:29:18,659
people wouldn't come take pictures no

754
00:29:24,169 --> 00:29:22,200
the forest the forest got destroyed by a

755
00:29:25,970 --> 00:29:24,179
weird hurricane event it was like

756
00:29:28,250 --> 00:29:25,980
hurricane winds that happened like a

757
00:29:29,930 --> 00:29:28,260
couple years later or whatever I don't

758
00:29:31,549 --> 00:29:29,940
know so like you don't get letters from

759
00:29:33,950 --> 00:29:31,559
people telling you exactly what data was

760
00:29:37,130 --> 00:29:33,960
what I know is after our event the

761
00:29:39,289 --> 00:29:37,140
forest got level by a windstorm so and I

762
00:29:41,389 --> 00:29:39,299
don't know how long after but it did but

763
00:29:44,570 --> 00:29:41,399

there was there were tripods found in

764

00:29:46,850 --> 00:29:44,580

the ground which interesting enough

765

00:29:49,310 --> 00:29:46,860

and we can go to this a little bit we

766

00:29:52,430 --> 00:29:49,320

have some time because the book I did

767

00:29:54,529 --> 00:29:52,440

weaponization of uit we we've identified

768

00:29:56,269 --> 00:29:54,539

probably what a lotta we've dealt with

769

00:29:59,029 --> 00:29:56,279

out there what was going on they were

770

00:30:01,549 --> 00:29:59,039

testing top secret military weaponry and

771

00:30:04,370 --> 00:30:01,559

stuff too but there's also a phenomenon

772

00:30:06,289 --> 00:30:04,380

that's been identified in the area that

773

00:30:08,389 --> 00:30:06,299

they were working on there was a team

774

00:30:10,430 --> 00:30:08,399

down there that the guy haven't wrote a

775

00:30:13,190 --> 00:30:10,440

book and pulled it they were down there

776

00:30:15,049 --> 00:30:13,200

studying they called they call it a

777

00:30:17,930 --> 00:30:15,059

phenomenon but now it's been identified

778

00:30:19,490 --> 00:30:17,940

as a UAP but um they were studying that

779

00:30:20,750 --> 00:30:19,500

they were actually working on it and

780

00:30:22,789 --> 00:30:20,760

they were working on three different

781

00:30:25,430 --> 00:30:22,799

facilities we're working on this

782

00:30:28,730 --> 00:30:25,440

sometimes technology down there but this

783

00:30:30,049 --> 00:30:28,740

UAP type uh object could create those

784

00:30:33,970 --> 00:30:30,059

indentations

785

00:30:37,610 --> 00:30:33,980

and it also would retrace of radiation

786

00:30:39,230 --> 00:30:37,620

but not in the sense of you know like if

787

00:30:41,269 --> 00:30:39,240

there was a nuclear explosion or

788

00:30:42,950 --> 00:30:41,279

something like that yeah like the foot

789

00:30:45,350 --> 00:30:42,960

pads would have higher readings on the

790

00:30:47,330 --> 00:30:45,360

geiger counter but and that's exactly if

791

00:30:49,430 --> 00:30:47,340

you listen to the tape that's where halt

792

00:30:51,230 --> 00:30:49,440

said and again I can only go off what

793

00:30:53,269 --> 00:30:51,240

he's talked about over the years and

794

00:30:55,730 --> 00:30:53,279

what the tape says but there's when

795

00:30:57,769 --> 00:30:55,740

people try to dispute that also like the

796

00:31:00,230 --> 00:30:57,779

equipment wasn't the right equipment you

797

00:31:02,690 --> 00:31:00,240

know the indentations were damaged from

798

00:31:05,690 --> 00:31:02,700

something else you know and the damage

799

00:31:09,409 --> 00:31:05,700

to the trees but they never really could

800

00:31:11,450 --> 00:31:09,419

understand how the tree the tree canopy

801
00:31:14,990 --> 00:31:11,460
above us was on the floor

802
00:31:17,570 --> 00:31:15,000
so something put brought down the you

803
00:31:20,570 --> 00:31:17,580
know some of the tree canopy above it so

804
00:31:23,389 --> 00:31:20,580
so again you know I don't have a problem

805
00:31:26,450 --> 00:31:23,399
I I Skeptics are fine I don't like the

806
00:31:28,549 --> 00:31:26,460
bunkers only because they they've got a

807
00:31:29,870 --> 00:31:28,559
a narrative that that's it and all

808
00:31:32,330 --> 00:31:29,880
they're going to do is try to destroy

809
00:31:33,710 --> 00:31:32,340
anything about it yeah you know and

810
00:31:35,630 --> 00:31:33,720
that's the difference so I don't have a

811
00:31:38,330 --> 00:31:35,640
promise some of the Skeptics questioning

812
00:31:41,450 --> 00:31:38,340
even question about my injuries that you

813
00:31:43,130 --> 00:31:41,460

know could have happened prior no no and

814

00:31:45,590 --> 00:31:43,140

I've got and I've actually presented in

815

00:31:47,750 --> 00:31:45,600

some presentations enough proof to show

816

00:31:50,149 --> 00:31:47,760

that the documentation back it and then

817

00:31:52,789 --> 00:31:50,159

Billy Cox was a reporter in Florida at

818

00:31:54,590 --> 00:31:52,799

the time we sent him a settlement and he

819

00:31:56,510 --> 00:31:54,600

wrote an article on it and he verified

820

00:31:58,250 --> 00:31:56,520

you know that that was from that

821

00:32:00,889 --> 00:31:58,260

incident and the evidence that we

822

00:32:01,909 --> 00:32:00,899

presented was from that incident so but

823

00:32:03,649 --> 00:32:01,919

there's still people out there

824

00:32:06,230 --> 00:32:03,659

questioning that but one of the other

825

00:32:08,570 --> 00:32:06,240

issues that I had and Adrian had was eye

826

00:32:09,590 --> 00:32:08,580

issues and I actually have a hole in my

827

00:32:12,470 --> 00:32:09,600

eye wall

828

00:32:14,630 --> 00:32:12,480

from radiation damage

829

00:32:17,930 --> 00:32:14,640

wow which is probably from the intensity

830

00:32:18,769 --> 00:32:17,940

of the light or who knows I don't I they

831

00:32:21,110 --> 00:32:18,779

don't

832

00:32:24,169 --> 00:32:21,120

okay trying to get something out of

833

00:32:26,029 --> 00:32:24,179

government's impossible I the most I got

834

00:32:27,830 --> 00:32:26,039

out of my eye doctor was well when I

835

00:32:29,930 --> 00:32:27,840

first started having the eye issues I

836

00:32:31,370 --> 00:32:29,940

got sent to wolfer Hall and the doctor

837

00:32:33,230 --> 00:32:31,380

asked me if I had been exposed to

838

00:32:35,149 --> 00:32:33,240

radiation and I said not that I'm aware

839

00:32:37,490 --> 00:32:35,159

of because I wasn't aware of it at that

840

00:32:39,889 --> 00:32:37,500

point and it was until years later we

841

00:32:42,649 --> 00:32:39,899

started putting it all together but

842

00:32:45,769 --> 00:32:42,659

but then further on over the years now

843

00:32:46,490 --> 00:32:45,779

the doctors giving me some little bits

844

00:32:48,470 --> 00:32:46,500

of

845

00:32:50,810 --> 00:32:48,480

information about what's going on

846

00:32:53,930 --> 00:32:50,820

because I have to go back and have my

847

00:32:56,510 --> 00:32:53,940

eye while looked at every six months and

848

00:32:58,669 --> 00:32:56,520

it's never changed and they're scarring

849

00:33:01,070 --> 00:32:58,679

in there from radiation I suppose

850

00:33:02,930 --> 00:33:01,080

another interesting point on these where

851
00:33:04,789 --> 00:33:02,940
like where Reynolds from forest is was

852
00:33:06,769 --> 00:33:04,799
right in between two bases right bent

853
00:33:08,870 --> 00:33:06,779
Waters and Woodbridge very important

854
00:33:11,750 --> 00:33:08,880
NATO Allied bases in the time of the

855
00:33:13,549 --> 00:33:11,760
Cold War and uh there was rumor that

856
00:33:14,810 --> 00:33:13,559
they had nuclear Ordnance on there I

857
00:33:17,269 --> 00:33:14,820
don't think it's ever been officially

858
00:33:18,950 --> 00:33:17,279
confirmed but what are your thoughts on

859
00:33:21,110 --> 00:33:18,960
the fact that these were nuclear bases

860
00:33:23,690 --> 00:33:21,120
hence the interest from potential UAP

861
00:33:27,470 --> 00:33:23,700
well what I can tell you is this prior

862
00:33:31,370 --> 00:33:27,480
to us getting there they had f4s at

863
00:33:33,049 --> 00:33:31,380

on alert at Woodbridge and there and

864

00:33:36,169 --> 00:33:33,059

it's been openly talked about everywhere

865

00:33:38,810 --> 00:33:36,179

that there were nuclear weapons you know

866

00:33:40,909 --> 00:33:38,820

on the armed on the planes they left and

867

00:33:43,190 --> 00:33:40,919

the a-10s came in I can't go into

868

00:33:46,730 --> 00:33:43,200

exactly what we had when I was there

869

00:33:49,310 --> 00:33:46,740

because we had to sign documents and I

870

00:33:51,049 --> 00:33:49,320

don't know the shelf life of it but the

871

00:33:52,730 --> 00:33:51,059

fact of the matter is is that if you

872

00:33:56,149 --> 00:33:52,740

look at the facilities that were there

873

00:33:58,789 --> 00:33:56,159

it was nuclear capable and the store

874

00:34:01,250 --> 00:33:58,799

what nuclear weapons there and the other

875

00:34:03,169 --> 00:34:01,260

factor is is that people claim that we

876

00:34:05,509 --> 00:34:03,179

couldn't have them there but that's not

877

00:34:07,669 --> 00:34:05,519

true because if you go back and look at

878

00:34:09,829 --> 00:34:07,679

the NATO we were a NATO base we were not

879

00:34:11,510 --> 00:34:09,839

a British or American based we were a

880

00:34:14,570 --> 00:34:11,520

NATO base and if you go back and look at

881

00:34:17,329 --> 00:34:14,580

the NATO Charter all through Europe

882

00:34:19,550 --> 00:34:17,339

Germany and other European countries we

883

00:34:23,210 --> 00:34:19,560

had nuclear weapons that were under the

884

00:34:25,129 --> 00:34:23,220

NATO Charter and treaty so yes nuclear

885

00:34:26,869 --> 00:34:25,139

weapons were authorized in the UK

886

00:34:29,270 --> 00:34:26,879

Germany and all these other countries

887

00:34:31,909 --> 00:34:29,280

they just cleverly move stuff around

888

00:34:33,230 --> 00:34:31,919

which led to people challenging the fact

889

00:34:35,510 --> 00:34:33,240

that we weren't even supposed to have

890

00:34:36,950 --> 00:34:35,520

anything there which we could have and

891

00:34:39,589 --> 00:34:36,960

you'd think that a plane carrying

892

00:34:41,329 --> 00:34:39,599

nuclear weapons would have to take off

893

00:34:42,770 --> 00:34:41,339

and land at facilities capable of

894

00:34:44,450 --> 00:34:42,780

holding the payload I don't think they

895

00:34:46,490 --> 00:34:44,460

Park airplanes and leave the nuclear

896

00:34:48,710 --> 00:34:46,500

bomb strapped to the belly again I don't

897

00:34:50,750 --> 00:34:48,720

know I'm not a military expert but you

898

00:34:53,030 --> 00:34:50,760

would think that if it's a place that is

899

00:34:54,710 --> 00:34:53,040

going to add or remove a warhead they

900

00:34:56,869 --> 00:34:54,720

need a place to store it therefore the

901
00:34:59,750 --> 00:34:56,879
base is a nuclear base quote unquote

902
00:35:01,670 --> 00:34:59,760
because the planes like I said I could

903
00:35:03,829 --> 00:35:01,680
tell you what was going on prior to the

904
00:35:06,890 --> 00:35:03,839
a-10s I can't tell you what our mission

905
00:35:08,990 --> 00:35:06,900
was after sure but I can just tell you

906
00:35:11,030 --> 00:35:09,000
there was nuclear there was they're

907
00:35:12,650 --> 00:35:11,040
called wsa weapon storage areas and we

908
00:35:15,589 --> 00:35:12,660
had to have one on Woodbridge one of

909
00:35:17,510 --> 00:35:15,599
those and that's as far as I can go and

910
00:35:19,310 --> 00:35:17,520
but do I think what was going on had

911
00:35:23,030 --> 00:35:19,320
anything to do with the nuclear weapons

912
00:35:24,770 --> 00:35:23,040
no no not at all in fact if you you know

913
00:35:27,230 --> 00:35:24,780

were to get the book and read it they

914

00:35:29,210 --> 00:35:27,240

were doing the technology they were

915

00:35:31,790 --> 00:35:29,220

working on then it's evolved over the

916

00:35:34,130 --> 00:35:31,800

years would make nuclear weapons

917

00:35:37,430 --> 00:35:34,140

obsolete with what they've been working

918

00:35:39,050 --> 00:35:37,440

on what we have capabilities now so yeah

919

00:35:41,450 --> 00:35:39,060

watch on another podcast you were

920

00:35:43,550 --> 00:35:41,460

talking about cloaking and plasmas and

921

00:35:45,530 --> 00:35:43,560

all that sort of jazz as well were they

922

00:35:48,290 --> 00:35:45,540

working on those sort of oh yeah that's

923

00:35:51,349 --> 00:35:48,300

where it all started um in fact if you

924

00:35:53,510 --> 00:35:51,359

go back and look at it what was going on

925

00:35:55,490 --> 00:35:53,520

they had MK Ultra going on in the states

926
00:35:58,010 --> 00:35:55,500
and some other stuff going on that they

927
00:36:00,650 --> 00:35:58,020
got caught with now Congress has

928
00:36:02,450 --> 00:36:00,660
involved things got really hot and so

929
00:36:05,329 --> 00:36:02,460
what they did was they shut all these

930
00:36:07,310 --> 00:36:05,339
programs down in the United States and

931
00:36:10,069 --> 00:36:07,320
then they moved them over under a

932
00:36:11,810 --> 00:36:10,079
different Mission over into the UK and

933
00:36:13,849 --> 00:36:11,820
they also had the facilities up there

934
00:36:16,069 --> 00:36:13,859
which most people don't understand stand

935
00:36:18,710 --> 00:36:16,079
that area where we were at Orford nests

936
00:36:20,810 --> 00:36:18,720
they developed nuclear stuff there they

937
00:36:23,089 --> 00:36:20,820
worked on all kinds of that they were

938
00:36:24,650 --> 00:36:23,099

actually they were working on the death

939

00:36:26,750 --> 00:36:24,660

ray which you know what that is right

940

00:36:30,170 --> 00:36:26,760

lasers and stuff yeah and then they

941

00:36:33,470 --> 00:36:30,180

found radar so they had lasers there

942

00:36:35,450 --> 00:36:33,480

they had radar there the original radar

943

00:36:36,950 --> 00:36:35,460

stuff that they built and when I said

944

00:36:40,010 --> 00:36:36,960

earlier the White House was probably

945

00:36:41,750 --> 00:36:40,020

involved there actually was there one of

946

00:36:44,810 --> 00:36:41,760

the things they were working on was they

947

00:36:47,270 --> 00:36:44,820

had the original radar facility hooked

948

00:36:49,670 --> 00:36:47,280

to the lighthouse that was beaming you

949

00:36:52,490 --> 00:36:49,680

know frequencies into the forest

950

00:36:55,370 --> 00:36:52,500

oh really yes and they were working on

951
00:36:57,589 --> 00:36:55,380
all kinds of radar technology to include

952
00:36:59,870 --> 00:36:57,599
this guy by the name of Andrew Pike that

953
00:37:02,210 --> 00:36:59,880
was working with he always gets mad at

954
00:37:04,250 --> 00:37:02,220
me but it was funded by the government

955
00:37:05,510 --> 00:37:04,260
through his university which they do all

956
00:37:08,089 --> 00:37:05,520
the time

957
00:37:11,450 --> 00:37:08,099
um they were working on studying of the

958
00:37:12,890 --> 00:37:11,460
um of the phenomenon that was there and

959
00:37:16,910 --> 00:37:12,900
they were working on it through these

960
00:37:18,410 --> 00:37:16,920
facilities and they also were

961
00:37:20,450 --> 00:37:18,420
um

962
00:37:22,490 --> 00:37:20,460
let's see how I want to put this if you

963
00:37:24,650 --> 00:37:22,500

go back and look at the history Marconi

964

00:37:26,810 --> 00:37:24,660

was the the company at the time they've

965

00:37:29,089 --> 00:37:26,820

been bought out you know it's ba systems

966

00:37:30,710 --> 00:37:29,099

now you know but but at the time it was

967

00:37:32,569 --> 00:37:30,720

Marconi and there actually was

968

00:37:35,030 --> 00:37:32,579

scientists that were down there working

969

00:37:36,829 --> 00:37:35,040

on SDI and people have challenged that

970

00:37:38,870 --> 00:37:36,839

well that didn't happen until Reagan no

971

00:37:42,410 --> 00:37:38,880

STI was being worked on

972

00:37:44,089 --> 00:37:42,420

at the time of that event Reagan was the

973

00:37:46,849 --> 00:37:44,099

one that wanted to take it out of the r

974

00:37:48,890 --> 00:37:46,859

d you know and the testing and make it

975

00:37:50,569 --> 00:37:48,900

operational so it was already being

976
00:37:52,970 --> 00:37:50,579
worked on which is what was moved over

977
00:37:55,730 --> 00:37:52,980
there they had all the best Radars over

978
00:37:57,170 --> 00:37:55,740
there at the time too so they were

979
00:37:59,270 --> 00:37:57,180
working on all this including the

980
00:38:01,970 --> 00:37:59,280
plasmas and one of the things that we

981
00:38:04,069 --> 00:38:01,980
found out was a guy that I'm working

982
00:38:07,130 --> 00:38:04,079
with and it's interesting you guys are

983
00:38:09,470 --> 00:38:07,140
going on the that Network the X with

984
00:38:11,930 --> 00:38:09,480
race Hobbs right yeah well we're doing

985
00:38:14,930 --> 00:38:11,940
this show I'm doing a show with race and

986
00:38:17,270 --> 00:38:14,940
James woro who is the researcher and

987
00:38:19,010 --> 00:38:17,280
we're going to expose all this further

988
00:38:21,650 --> 00:38:19,020

from the book

989

00:38:23,930 --> 00:38:21,660

um about the technology but those actual

990

00:38:26,390 --> 00:38:23,940

blue lights were probably plasmas that

991

00:38:28,430 --> 00:38:26,400

were created from the phenomenon that

992

00:38:31,370 --> 00:38:28,440

were being controlled by lasers in the

993

00:38:33,650 --> 00:38:31,380

sky that haltoned a bunch of us saw

994

00:38:36,410 --> 00:38:33,660

and what was going on and that other

995

00:38:38,210 --> 00:38:36,420

stuff that we got mixed into probably

996

00:38:39,710 --> 00:38:38,220

was something that came from the

997

00:38:41,569 --> 00:38:39,720

phenomenon itself

998

00:38:44,089 --> 00:38:41,579

which do we know exactly what the

999

00:38:46,670 --> 00:38:44,099

phenomenon is no other than what was

1000

00:38:49,730 --> 00:38:46,680

Declassified in condyn which says it's

1001
00:38:52,370 --> 00:38:49,740
under intelligent control and the the

1002
00:38:53,750 --> 00:38:52,380
final report part of it said it should

1003
00:38:55,450 --> 00:38:53,760
be weaponized

1004
00:38:57,710 --> 00:38:55,460
now let's talk about your book

1005
00:38:59,210 --> 00:38:57,720
weaponization of an unidentified aerial

1006
00:39:02,510 --> 00:38:59,220
phenomenon because that's essentially

1007
00:39:04,609 --> 00:39:02,520
where you guys go topic wise yes we've

1008
00:39:08,630 --> 00:39:04,619
we did we've I've done a deep dive

1009
00:39:11,510 --> 00:39:08,640
because I Halt peniston and all those

1010
00:39:13,790 --> 00:39:11,520
guys retired like in the early 90s I

1011
00:39:15,770 --> 00:39:13,800
stayed in until 2004.

1012
00:39:18,770 --> 00:39:15,780
so I was involved with special

1013
00:39:21,650 --> 00:39:18,780

operations for Bosnia and the second

1014

00:39:24,230 --> 00:39:21,660

Gulf War and when when I was involved

1015

00:39:26,270 --> 00:39:24,240

with both I saw certain things that I

1016

00:39:29,150 --> 00:39:26,280

can't talk about but made me wonder

1017

00:39:31,670 --> 00:39:29,160

about wait a minute that kind of fits

1018

00:39:34,370 --> 00:39:31,680

into what was going on at belmonters and

1019

00:39:36,290 --> 00:39:34,380

then I started digging a little bit and

1020

00:39:38,930 --> 00:39:36,300

then when I got sick I dug really deep

1021

00:39:42,349 --> 00:39:38,940

and found out a bunch of stuff and then

1022

00:39:45,050 --> 00:39:42,359

from there I met James warro who is a

1023

00:39:46,609 --> 00:39:45,060

great researcher that's dug into a ton

1024

00:39:48,650 --> 00:39:46,619

of technology and different things that

1025

00:39:50,569 --> 00:39:48,660

are going on and one of the biggest

1026

00:39:51,829 --> 00:39:50,579

things that these the bunkers like to

1027

00:39:55,250 --> 00:39:51,839

say is well we didn't have that stuff

1028

00:39:57,349 --> 00:39:55,260

back then oh yes we did we were so much

1029

00:40:00,770 --> 00:39:57,359

farther advanced than anybody new in

1030

00:40:03,230 --> 00:40:00,780

1980. and it's just mind-boggling

1031

00:40:05,810 --> 00:40:03,240

probably where we are today

1032

00:40:08,030 --> 00:40:05,820

right and psychologically because you

1033

00:40:09,589 --> 00:40:08,040

know physically you've had issues with

1034

00:40:12,109 --> 00:40:09,599

this you know you've had two incidences

1035

00:40:13,790 --> 00:40:12,119

but pretty much like a night apart and

1036

00:40:16,190 --> 00:40:13,800

you're the only person that I know that

1037

00:40:19,130 --> 00:40:16,200

has had Close Encounters that much uh

1038

00:40:21,710 --> 00:40:19,140

you know in proximity to these crafts

1039

00:40:23,270 --> 00:40:21,720

basically you know two nights in a row

1040

00:40:24,589 --> 00:40:23,280

uh not in a row but you know one night

1041

00:40:26,810 --> 00:40:24,599

apart

1042

00:40:28,730 --> 00:40:26,820

um psychologically what does that do to

1043

00:40:29,990 --> 00:40:28,740

somebody especially when you're in the

1044

00:40:31,130 --> 00:40:30,000

Air Force and you're dealing with

1045

00:40:33,829 --> 00:40:31,140

something like that everything gets

1046

00:40:35,210 --> 00:40:33,839

classified you're getting sick like that

1047

00:40:36,910 --> 00:40:35,220

must have played with your head quite a

1048

00:40:39,829 --> 00:40:36,920

bit at that point I mean you were young

1049

00:40:43,370 --> 00:40:39,839

you know when this happened but you know

1050

00:40:45,890 --> 00:40:43,380

over 43 years now what did you find it

1051

00:40:50,030 --> 00:40:45,900

was the hardest to struggle with

1052

00:40:51,950 --> 00:40:50,040

for me okay I was my first base

1053

00:40:55,010 --> 00:40:51,960

um I wasn't in charge that night I

1054

00:40:57,170 --> 00:40:55,020

didn't have to talk much you know they

1055

00:40:59,030 --> 00:40:57,180

they I gave I gave a written statement

1056

00:41:01,370 --> 00:40:59,040

that events I got released

1057

00:41:03,290 --> 00:41:01,380

um I was kind of told it was being taken

1058

00:41:04,670 --> 00:41:03,300

care of don't worry about it we'll let

1059

00:41:06,650 --> 00:41:04,680

you know if we need anything and just

1060

00:41:08,450 --> 00:41:06,660

you know I wouldn't say we were

1061

00:41:09,829 --> 00:41:08,460

threatened to be quiet we were just told

1062

00:41:12,950 --> 00:41:09,839

to be quiet you know when you're

1063

00:41:15,290 --> 00:41:12,960

standing as an E3 in front of a colonel

1064

00:41:18,650 --> 00:41:15,300

and he says well you know we're looking

1065

00:41:20,630 --> 00:41:18,660

into this leaving alone okay fine and I

1066

00:41:22,690 --> 00:41:20,640

couldn't explain it and that's why I

1067

00:41:24,589 --> 00:41:22,700

laughed today like

1068

00:41:26,870 --> 00:41:24,599

these guys that are having these

1069

00:41:30,170 --> 00:41:26,880

encounters today

1070

00:41:32,030 --> 00:41:30,180

I I don't know maybe they don't know you

1071

00:41:33,950 --> 00:41:32,040

know because we didn't know but we

1072

00:41:35,630 --> 00:41:33,960

weren't at the level of a pilot you know

1073

00:41:38,690 --> 00:41:35,640

what I mean and stuff but

1074

00:41:42,349 --> 00:41:38,700

there our technology is being involved

1075

00:41:44,210 --> 00:41:42,359

you know by the by the month you know

1076

00:41:45,589 --> 00:41:44,220

never mind all these think tanks what

1077

00:41:48,829 --> 00:41:45,599

they're looking to the Future and stuff

1078

00:41:50,390 --> 00:41:48,839

so if I had like a a dollar for every

1079

00:41:53,270 --> 00:41:50,400

time I heard that couldn't have been us

1080

00:41:54,890 --> 00:41:53,280

I'd be rich by now because honestly I

1081

00:41:56,329 --> 00:41:54,900

didn't know what to make of it I you

1082

00:41:58,609 --> 00:41:56,339

know this is before the internet and

1083

00:42:00,410 --> 00:41:58,619

everything else it could have been from

1084

00:42:03,050 --> 00:42:00,420

somewhere else well yeah we we thought

1085

00:42:06,589 --> 00:42:03,060

about that but I was told to shut up I

1086

00:42:08,210 --> 00:42:06,599

just shut up and I left the base and I

1087

00:42:12,230 --> 00:42:08,220

didn't feel well over there but never

1088

00:42:14,990 --> 00:42:12,240

really correlated being not feeling well

1089

00:42:17,930 --> 00:42:15,000

to what happened to us nor when I did go

1090

00:42:19,849 --> 00:42:17,940

in was I ever asked about it or you know

1091

00:42:21,530 --> 00:42:19,859

like that and even after I had more

1092

00:42:24,050 --> 00:42:21,540

issues going forward it never was

1093

00:42:26,270 --> 00:42:24,060

brought up the event now it did follow

1094

00:42:27,530 --> 00:42:26,280

me around because other people that I

1095

00:42:29,870 --> 00:42:27,540

was stationed with

1096

00:42:31,670 --> 00:42:29,880

couple different bases I was at and they

1097

00:42:33,290 --> 00:42:31,680

were running their miles about it so

1098

00:42:36,109 --> 00:42:33,300

people were running to me

1099

00:42:38,810 --> 00:42:36,119

and the most interesting story was when

1100

00:42:40,569 --> 00:42:38,820

the story finally got leaked out was I

1101
00:42:43,069 --> 00:42:40,579
was at Luke that was my third assignment

1102
00:42:45,230 --> 00:42:43,079
and the phone starts ringing off the

1103
00:42:47,150 --> 00:42:45,240
hook my own phone I don't know how they

1104
00:42:48,950 --> 00:42:47,160
got my number because it was I wasn't on

1105
00:42:51,290 --> 00:42:48,960
the phone back then they had phone books

1106
00:42:53,990 --> 00:42:51,300
it was on my roommate's name not mine

1107
00:42:55,430 --> 00:42:54,000
but they found me and I was like blowing

1108
00:42:56,690 --> 00:42:55,440
them off hanging them up telling them I

1109
00:42:59,510 --> 00:42:56,700
could talk to them from all over

1110
00:43:02,030 --> 00:42:59,520
Nebraska Europe and all that and then

1111
00:43:04,970 --> 00:43:02,040
CNN college and it was like okay now I

1112
00:43:07,849 --> 00:43:04,980
got a problem so I went to um

1113
00:43:09,589 --> 00:43:07,859

to the base and I went to public affairs

1114

00:43:11,210 --> 00:43:09,599

and I walked in the office and they

1115

00:43:13,130 --> 00:43:11,220

didn't really know what to tell her she

1116

00:43:15,170 --> 00:43:13,140

was sitting at this you know I was like

1117

00:43:17,030 --> 00:43:15,180

Sergeant sitting at the desk I needed to

1118

00:43:19,130 --> 00:43:17,040

talk to the uh you know officer in

1119

00:43:20,750 --> 00:43:19,140

charge of public affairs here she's like

1120

00:43:22,670 --> 00:43:20,760

well he's at lunch what do you need I

1121

00:43:25,790 --> 00:43:22,680

said well I could tell you is this I

1122

00:43:28,550 --> 00:43:25,800

wrote down the date and I wrote down the

1123

00:43:31,430 --> 00:43:28,560

base I said he needs to call the

1124

00:43:34,490 --> 00:43:31,440

Pentagon because I've been contacted by

1125

00:43:36,470 --> 00:43:34,500

CNN about an event that took place and

1126

00:43:38,390 --> 00:43:36,480

she goes what I don't can't tell you

1127

00:43:40,670 --> 00:43:38,400

she's like what I know I'm not supposed

1128

00:43:42,050 --> 00:43:40,680

to talk about it so he needs to call and

1129

00:43:44,390 --> 00:43:42,060

they'll tell you what you need to know

1130

00:43:46,370 --> 00:43:44,400

so I went home I went to work went home

1131

00:43:47,809 --> 00:43:46,380

next day I come in and I'm arming up to

1132

00:43:50,450 --> 00:43:47,819

go to work I get pulled out of the

1133

00:43:53,329 --> 00:43:50,460

pulled out a quick arm up and taken into

1134

00:43:55,430 --> 00:43:53,339

the skiff where the Pentagon was on the

1135

00:43:57,050 --> 00:43:55,440

phone with me I had a general on the

1136

00:43:58,250 --> 00:43:57,060

phone and a guy had been the shift

1137

00:44:01,130 --> 00:43:58,260

Commander over there was now at the

1138

00:44:03,050 --> 00:44:01,140

Pentagon in public affairs and we we

1139

00:44:05,809 --> 00:44:03,060

discussed everything and how and what I

1140

00:44:10,970 --> 00:44:05,819

could say what I could do with the uh

1141

00:44:13,550 --> 00:44:10,980

with CNN and so so for me I let it go I

1142

00:44:16,609 --> 00:44:13,560

was told not to worry about it and I

1143

00:44:18,890 --> 00:44:16,619

couldn't explain it and back then even

1144

00:44:20,750 --> 00:44:18,900

today you still get weird looks but back

1145

00:44:23,809 --> 00:44:20,760

then you didn't really go around talking

1146

00:44:25,370 --> 00:44:23,819

about that stuff yeah and I didn't and I

1147

00:44:27,349 --> 00:44:25,380

wasn't worried about my career I just

1148

00:44:29,150 --> 00:44:27,359

didn't know what to say how do you say

1149

00:44:31,670 --> 00:44:29,160

you don't know what it is what it was

1150

00:44:33,589 --> 00:44:31,680

what went on you know and but I always

1151

00:44:35,510 --> 00:44:33,599

would get cornered sooner or later in

1152

00:44:37,790 --> 00:44:35,520

different places and then after the

1153

00:44:40,490 --> 00:44:37,800

story broke I got shipped out to Korea

1154

00:44:42,230 --> 00:44:40,500

hidden over there hot was over there and

1155

00:44:44,210 --> 00:44:42,240

so was Williams so we were all

1156

00:44:46,970 --> 00:44:44,220

alternatives are in over there for over

1157

00:44:49,609 --> 00:44:46,980

a year to keep us from the Press from

1158

00:44:50,990 --> 00:44:49,619

that point oh really so do you think

1159

00:44:52,849 --> 00:44:51,000

most of these because I know you've

1160

00:44:54,950 --> 00:44:52,859

mentioned that hey we had crazier attack

1161

00:44:57,710 --> 00:44:54,960

than we think even in the 80s so do you

1162

00:44:59,329 --> 00:44:57,720

think a lot of the cases like what's the

1163

00:45:01,370 --> 00:44:59,339

percentage I know that's a difficult

1164

00:45:04,370 --> 00:45:01,380

thing to answer but do you think it's 50

1165

00:45:05,870 --> 00:45:04,380

50 sort of our Tech versus outside Tech

1166

00:45:07,670 --> 00:45:05,880

do you think there's a small chance it's

1167

00:45:10,069 --> 00:45:07,680

not from us you know what are your

1168

00:45:12,770 --> 00:45:10,079

thoughts on the whole man-made versus

1169

00:45:14,930 --> 00:45:12,780

ET craft well what I can tell you is

1170

00:45:17,089 --> 00:45:14,940

we're continuing to dig and we're going

1171

00:45:18,890 --> 00:45:17,099

to evolve with this is there is a

1172

00:45:21,050 --> 00:45:18,900

phenomenon out there now if you listen

1173

00:45:24,290 --> 00:45:21,060

did you just see that interview the CIA

1174

00:45:25,849 --> 00:45:24,300

guy did xcia Brennan did and he said

1175

00:45:28,309 --> 00:45:25,859

there's something going on but it's not

1176

00:45:29,690 --> 00:45:28,319

what you think it is and all these

1177

00:45:31,970 --> 00:45:29,700

different people that I've been around

1178

00:45:34,670 --> 00:45:31,980

high up in government that I've been

1179

00:45:37,670 --> 00:45:34,680

able to speak to some some physicists

1180

00:45:39,470 --> 00:45:37,680

and stuff is you get the sense that

1181

00:45:41,750 --> 00:45:39,480

there's something there but it's not

1182

00:45:44,329 --> 00:45:41,760

what we've had been told like little

1183

00:45:46,790 --> 00:45:44,339

spaceship coming from Zeta reticuli and

1184

00:45:48,710 --> 00:45:46,800

stuff and that they definitely know

1185

00:45:52,370 --> 00:45:48,720

about it and they've been studying it

1186

00:45:54,290 --> 00:45:52,380

report says it's there it's viable we

1187

00:45:55,970 --> 00:45:54,300

need to weaponize it that's hence the

1188

00:45:57,650 --> 00:45:55,980

name of the book weaponization and we've

1189

00:45:59,390 --> 00:45:57,660

laid out a lot of stuff that we've

1190

00:46:03,410 --> 00:45:59,400

uncovered and we're continuing to cover

1191

00:46:06,230 --> 00:46:03,420

more stuff so my thing is this there's

1192

00:46:08,990 --> 00:46:06,240

something there so some of the time it

1193

00:46:11,450 --> 00:46:09,000

could be it you know including we

1194

00:46:13,670 --> 00:46:11,460

probably had an interaction with both

1195

00:46:14,630 --> 00:46:13,680

what we were trying to create and what

1196

00:46:17,030 --> 00:46:14,640

was there

1197

00:46:18,290 --> 00:46:17,040

do you know what I mean and and from

1198

00:46:20,630 --> 00:46:18,300

there they've evolved out this

1199

00:46:21,829 --> 00:46:20,640

technology to it could easily be

1200

00:46:24,829 --> 00:46:21,839

explained

1201

00:46:27,349 --> 00:46:24,839

um if you could get to the right

1202

00:46:29,990 --> 00:46:27,359

documents and all we can look is

1203

00:46:32,210 --> 00:46:30,000

Declassified documents and weaponry so

1204

00:46:34,250 --> 00:46:32,220

we don't have the nuts and bolts of

1205

00:46:36,890 --> 00:46:34,260

everything but a lot of what's been seen

1206

00:46:38,390 --> 00:46:36,900

on radar and stuff can be explained do

1207

00:46:40,250 --> 00:46:38,400

you know what I mean and the interesting

1208

00:46:42,829 --> 00:46:40,260

thing that stands out on two two things

1209

00:46:45,349 --> 00:46:42,839

of this number one

1210

00:46:48,530 --> 00:46:45,359

is that these encounters that happened

1211

00:46:50,630 --> 00:46:48,540

with the air with the Navy were both by

1212

00:46:52,250 --> 00:46:50,640

areas that had the technology that could

1213

00:46:54,829 --> 00:46:52,260

create those effects

1214

00:46:57,410 --> 00:46:54,839

that down there on Catalina Island and

1215

00:47:01,069 --> 00:46:57,420

off the coast of Florida and over in the

1216

00:47:02,809 --> 00:47:01,079

Middle East okay so there's technology

1217

00:47:06,109 --> 00:47:02,819

out there that can create a lot of this

1218

00:47:08,150 --> 00:47:06,119

and create these countermeasures and

1219

00:47:10,790 --> 00:47:08,160

stuff different things so you know so

1220

00:47:13,490 --> 00:47:10,800

that that's very viable you know as far

1221

00:47:16,250 --> 00:47:13,500

as that goes on and there's no doubt

1222

00:47:18,109 --> 00:47:16,260

that that they're continuing to work on

1223

00:47:20,450 --> 00:47:18,119

this because you remember the question

1224

00:47:22,190 --> 00:47:20,460

that they're hearing were they asked the

1225

00:47:24,710 --> 00:47:22,200

the guy that was giving the briefing

1226

00:47:27,109 --> 00:47:24,720

they said are we developing uh uh

1227

00:47:28,550 --> 00:47:27,119

technology off of uaps and they said we

1228

00:47:31,010 --> 00:47:28,560

can't talk about that we have to go by

1229

00:47:33,230 --> 00:47:31,020

and close doors well I also did fire

1230

00:47:35,089 --> 00:47:33,240

with the mod based on some stuff I had

1231

00:47:38,809 --> 00:47:35,099

and they told me they've developed

1232

00:47:41,089 --> 00:47:38,819

technology off of uaps but it was all

1233

00:47:43,309 --> 00:47:41,099

blacked out and it's all classified and

1234

00:47:45,710 --> 00:47:43,319

they gave me it it's in the book exactly

1235

00:47:47,030 --> 00:47:45,720

what went on and they've even admitted

1236

00:47:49,550 --> 00:47:47,040

that they're still working on something

1237

00:47:51,770 --> 00:47:49,560

so it's probably a combination of both

1238

00:47:53,630 --> 00:47:51,780

how much I can't tell you but if you're

1239

00:47:54,950 --> 00:47:53,640

around the middle term facility or

1240

00:47:58,490 --> 00:47:54,960

something happens around a military

1241

00:48:01,250 --> 00:47:58,500

facility that has advanced Weaponry you

1242

00:48:03,890 --> 00:48:01,260

can be the judge of you know

1243

00:48:05,870 --> 00:48:03,900

yeah and it's weird that as a species we

1244

00:48:08,510 --> 00:48:05,880

always look at how can we use this

1245

00:48:09,890 --> 00:48:08,520

technology to kill people like every

1246

00:48:11,270 --> 00:48:09,900

single time that we come up with some

1247

00:48:13,309 --> 00:48:11,280

new technology like the stuff that

1248

00:48:15,710 --> 00:48:13,319

leaked down like microwaves and that we

1249

00:48:18,710 --> 00:48:15,720

now have in our homes all these things

1250

00:48:20,450 --> 00:48:18,720

were all made eventually by the Army and

1251
00:48:22,309 --> 00:48:20,460
designed to like how can we use this to

1252
00:48:23,870 --> 00:48:22,319
kill people and with this technology

1253
00:48:24,950 --> 00:48:23,880
it's the same thing even if it was a

1254
00:48:27,410 --> 00:48:24,960
peaceful

1255
00:48:29,329 --> 00:48:27,420
let's say species that comes and visits

1256
00:48:31,910 --> 00:48:29,339
us and occasionally something crashes we

1257
00:48:34,069 --> 00:48:31,920
get that information or that uh you know

1258
00:48:35,450 --> 00:48:34,079
that craft we try to reverse engineer it

1259
00:48:37,010 --> 00:48:35,460
we're going to try to reverse engineer

1260
00:48:39,170 --> 00:48:37,020
it to how can we use it to kill people

1261
00:48:40,849 --> 00:48:39,180
or get the advantage on somebody else

1262
00:48:43,030 --> 00:48:40,859
and that's a really big problem with our

1263
00:48:45,829 --> 00:48:43,040

species because I think we're never

1264

00:48:48,410 --> 00:48:45,839

that's not really fair because

1265

00:48:50,870 --> 00:48:48,420

because you're not it's not specie

1266

00:48:54,770 --> 00:48:50,880

driven it's people that we put in charge

1267

00:48:58,069 --> 00:48:54,780

yeah that and that the military's job is

1268

00:48:59,870 --> 00:48:58,079

to do that and and not only that but

1269

00:49:02,510 --> 00:48:59,880

then you have to look at the people

1270

00:49:04,790 --> 00:49:02,520

these corporations that have evolved

1271

00:49:07,010 --> 00:49:04,800

over the years that their job is to stay

1272

00:49:08,990 --> 00:49:07,020

ahead of because what people understand

1273

00:49:11,089 --> 00:49:09,000

there's an industrial military complex

1274

00:49:13,190 --> 00:49:11,099

but there's all kinds of stuff that goes

1275

00:49:15,410 --> 00:49:13,200

on between countries and militaries but

1276

00:49:17,030 --> 00:49:15,420

also Within These Industries too there's

1277

00:49:18,950 --> 00:49:17,040

all kinds of Espionage and stuff that

1278

00:49:20,390 --> 00:49:18,960

goes on with these companies because a

1279

00:49:22,309 --> 00:49:20,400

lot of the stuff that's been farmed from

1280

00:49:24,589 --> 00:49:22,319

the military to hidea inside these

1281

00:49:26,390 --> 00:49:24,599

companies and that's one of the things I

1282

00:49:28,370 --> 00:49:26,400

got from the British was part of the

1283

00:49:30,829 --> 00:49:28,380

reason why we can't tell you anything is

1284

00:49:33,349 --> 00:49:30,839

it's in the defense industry it's not

1285

00:49:35,870 --> 00:49:33,359

even our we don't even own it you know

1286

00:49:39,589 --> 00:49:35,880

it's owned by these companies and stuff

1287

00:49:41,930 --> 00:49:39,599

so it's not us as a species it's the

1288

00:49:45,050 --> 00:49:41,940

people that are in charge and the people

1289

00:49:46,490 --> 00:49:45,060

that want to have the power so because I

1290

00:49:48,109 --> 00:49:46,500

don't think you and I want to destroy

1291

00:49:50,089 --> 00:49:48,119

each other and I don't think I really

1292

00:49:51,770 --> 00:49:50,099

have a problem with these other

1293

00:49:53,270 --> 00:49:51,780

countries because I've been in a lot of

1294

00:49:55,250 --> 00:49:53,280

these countries where the people are

1295

00:49:58,010 --> 00:49:55,260

fine it's the governments that cause the

1296

00:49:59,589 --> 00:49:58,020

problem right good point

1297

00:50:04,069 --> 00:49:59,599

yeah

1298

00:50:05,930 --> 00:50:04,079

without even we were talking uh

1299

00:50:07,609 --> 00:50:05,940

previously about

1300

00:50:10,130 --> 00:50:07,619

there's a new group now investigating

1301
00:50:12,170 --> 00:50:10,140
UFOs but the old group that's been

1302
00:50:13,550 --> 00:50:12,180
around forever trying to keep this

1303
00:50:14,870 --> 00:50:13,560
silent they're not just going to

1304
00:50:17,030 --> 00:50:14,880
dissipate they're not just going to

1305
00:50:18,950 --> 00:50:17,040
disappear in the night they're still

1306
00:50:21,290 --> 00:50:18,960
active they change their ways they

1307
00:50:23,329 --> 00:50:21,300
change their tactics but when you hear

1308
00:50:25,010 --> 00:50:23,339
events that took place right before the

1309
00:50:26,990 --> 00:50:25,020
internet everybody says you know it got

1310
00:50:29,569 --> 00:50:27,000
visited by people they would raid my

1311
00:50:31,910 --> 00:50:29,579
house or they would mess with me like

1312
00:50:34,130 --> 00:50:31,920
we've heard that time and again from

1313
00:50:35,690 --> 00:50:34,140

different people that didn't happen to

1314

00:50:36,470 --> 00:50:35,700

you like nobody messed with you in any

1315

00:50:39,470 --> 00:50:36,480

way

1316

00:50:42,050 --> 00:50:39,480

no I had to I was put through a deep

1317

00:50:43,609 --> 00:50:42,060

briefing you know as far as went in

1318

00:50:45,109 --> 00:50:43,619

right afterwards talked to the shift

1319

00:50:48,349 --> 00:50:45,119

Commander then spoke to the wing

1320

00:50:49,670 --> 00:50:48,359

hierarchy um some of the people that

1321

00:50:53,089 --> 00:50:49,680

were there

1322

00:50:54,710 --> 00:50:53,099

uh it depends on who it is some of them

1323

00:50:57,589 --> 00:50:54,720

vividly remember being brought in and

1324

00:50:59,990 --> 00:50:57,599

interrogated uh pedestin's kind of up in

1325

00:51:01,970 --> 00:51:00,000

the air because his initial story was

1326

00:51:03,589 --> 00:51:01,980

that he talked to Hall about it a lot

1327

00:51:06,710 --> 00:51:03,599

but didn't remember any of the other

1328

00:51:08,329 --> 00:51:06,720

stuff probably went under hypnosis and

1329

00:51:10,849 --> 00:51:08,339

then then he remembered being

1330

00:51:12,470 --> 00:51:10,859

interrogated so that's kind of iffy on

1331

00:51:14,510 --> 00:51:12,480

him I can't give you a straight answer

1332

00:51:16,970 --> 00:51:14,520

on what really happened with him I do

1333

00:51:18,829 --> 00:51:16,980

not remember being interrogated or the

1334

00:51:22,130 --> 00:51:18,839

closest I ever came to any of this was

1335

00:51:23,990 --> 00:51:22,140

at the beginning was with when I got the

1336

00:51:26,210 --> 00:51:24,000

Pentagon called me at my base and told

1337

00:51:28,670 --> 00:51:26,220

me what I couldn't couldn't say and then

1338

00:51:31,490 --> 00:51:28,680

when uh these people from government

1339

00:51:33,829 --> 00:51:31,500

showed up after it became a bigger deal

1340

00:51:36,950 --> 00:51:33,839

about my injuries in the cover-up

1341

00:51:39,530 --> 00:51:36,960

so but I've never been like threatened

1342

00:51:41,450 --> 00:51:39,540

other than I guess the closest I could

1343

00:51:44,210 --> 00:51:41,460

come is that when they gave me what I

1344

00:51:46,190 --> 00:51:44,220

wanted I was so kind of Let It Go

1345

00:51:48,230 --> 00:51:46,200

right go right you know we're taking

1346

00:51:50,450 --> 00:51:48,240

care of you now shut your mouth right

1347

00:51:52,370 --> 00:51:50,460

you know it wasn't that it was subtly

1348

00:51:54,710 --> 00:51:52,380

done it wasn't that direct but it was

1349

00:51:56,329 --> 00:51:54,720

kind of like look dude you know we're

1350

00:51:58,549 --> 00:51:56,339

done we're not telling you anymore and

1351

00:52:00,650 --> 00:51:58,559

don't expect any more from us

1352

00:52:02,690 --> 00:52:00,660

did anything you mentioned you had 45

1353

00:52:04,549 --> 00:52:02,700

minutes lost time did anything come out

1354

00:52:06,130 --> 00:52:04,559

during your hypnotherapy regressions

1355

00:52:09,650 --> 00:52:06,140

about that missing time

1356

00:52:11,510 --> 00:52:09,660

yeah there's a lot to the hypnosis

1357

00:52:14,270 --> 00:52:11,520

that's bizarre um

1358

00:52:17,270 --> 00:52:14,280

the interesting thing is is that I kind

1359

00:52:19,069 --> 00:52:17,280

of leave it with the hypnosis is this is

1360

00:52:22,970 --> 00:52:19,079

that

1361

00:52:26,329 --> 00:52:22,980

during hypnosis and the weird thing is

1362

00:52:29,030 --> 00:52:26,339

is that it's possible but it's not

1363

00:52:31,490 --> 00:52:29,040

probable that I actually was

1364

00:52:32,569 --> 00:52:31,500

communicating with whatever it was that

1365

00:52:38,270 --> 00:52:32,579

was there

1366

00:52:40,549 --> 00:52:38,280

like a physical it was energy

1367

00:52:43,910 --> 00:52:40,559

that the blue lights or the life forms

1368

00:52:46,130 --> 00:52:43,920

itself and the communications that I was

1369

00:52:48,770 --> 00:52:46,140

doing with during the hypnosis was

1370

00:52:51,109 --> 00:52:48,780

through the those which would call life

1371

00:52:53,410 --> 00:52:51,119

form but it wasn't like a physical

1372

00:52:56,690 --> 00:52:53,420

person like I'm talking years in energy

1373

00:52:59,290 --> 00:52:56,700

and the interesting thing is is that

1374

00:53:01,790 --> 00:52:59,300

it's possible that

1375

00:53:04,970 --> 00:53:01,800

this is where it gets complicated that

1376

00:53:07,430 --> 00:53:04,980

even what was going on may have been my

1377

00:53:08,510 --> 00:53:07,440

own Consciousness from the future coming

1378

00:53:13,490 --> 00:53:08,520

back

1379

00:53:15,650 --> 00:53:13,500

hmm so it's it's just what came out it

1380

00:53:17,930 --> 00:53:15,660

it was evaluated by the intelligence

1381

00:53:19,970 --> 00:53:17,940

agencies and they believe it

1382

00:53:21,829 --> 00:53:19,980

because I've gotten told that more than

1383

00:53:23,750 --> 00:53:21,839

once when I've spoken with some people

1384

00:53:26,270 --> 00:53:23,760

about it and they brought me in to talk

1385

00:53:27,589 --> 00:53:26,280

to me about it and one of the things

1386

00:53:29,809 --> 00:53:27,599

that people don't understand we're

1387

00:53:31,790 --> 00:53:29,819

talking about technology people think

1388

00:53:34,130 --> 00:53:31,800

that time has to be where you travel

1389

00:53:36,530 --> 00:53:34,140

forward and back right

1390

00:53:38,329 --> 00:53:36,540

you can actually have what's do you know

1391

00:53:40,430 --> 00:53:38,339

what time dilation is

1392

00:53:43,010 --> 00:53:40,440

uh We've covered a little bit of it and

1393

00:53:44,809 --> 00:53:43,020

uh yeah you can actually it can actually

1394

00:53:45,589 --> 00:53:44,819

still be here but just in a little bit

1395

00:53:48,710 --> 00:53:45,599

be

1396

00:53:51,890 --> 00:53:48,720

slower yeah then so you can't that's the

1397

00:53:54,049 --> 00:53:51,900

just as easy as you can put it where you

1398

00:53:56,630 --> 00:53:54,059

can have things going on around you that

1399

00:53:59,030 --> 00:53:56,640

aren't are here and but they're just a

1400

00:54:00,170 --> 00:53:59,040

little bit slower in their timeline and

1401

00:54:02,809 --> 00:54:00,180

that's one of the weapons they're

1402

00:54:06,530 --> 00:54:02,819

working on is to be able to cloak

1403

00:54:10,190 --> 00:54:06,540

so cloaking is where you slow down the

1404

00:54:13,490 --> 00:54:10,200

time field that it's in with plasmas and

1405

00:54:15,290 --> 00:54:13,500

it disappears but it's there but it's

1406

00:54:17,030 --> 00:54:15,300

not there because it's in a different

1407

00:54:24,770 --> 00:54:17,040

timeline

1408

00:54:27,109 --> 00:54:24,780

stuff and then you have time slaps where

1409

00:54:28,370 --> 00:54:27,119

people go to like Union Station and it

1410

00:54:30,530 --> 00:54:28,380

looks like the 20s and everybody's

1411

00:54:32,270 --> 00:54:30,540

dressed like the 20s and then we'll see

1412

00:54:34,670 --> 00:54:32,280

that's going back that's going back and

1413

00:54:36,109 --> 00:54:34,680

forth in time what I'm doing at is there

1414

00:54:37,790 --> 00:54:36,119

could be stuff here right among us

1415

00:54:39,770 --> 00:54:37,800

remember how Bigelow said they're here

1416

00:54:41,750 --> 00:54:39,780

and then like this yeah they could be

1417

00:54:44,390 --> 00:54:41,760

here but you just can't see them because

1418

00:54:45,950 --> 00:54:44,400

of that Distortion and the reason why

1419

00:54:47,690 --> 00:54:45,960

these sensors and stuff are starting to

1420

00:54:50,150 --> 00:54:47,700

pick up some of the stuff is because

1421

00:54:53,109 --> 00:54:50,160

they've gotten to the point where they

1422

00:54:55,609 --> 00:54:53,119

can pick up different types of

1423

00:54:57,770 --> 00:54:55,619

dilation and stuff like that do you

1424

00:54:59,390 --> 00:54:57,780

think that's okay do you think maybe

1425

00:55:01,849 --> 00:54:59,400

that's how they travel because they're

1426
00:55:03,829 --> 00:55:01,859
manipulating time and space uh I don't

1427
00:55:05,450 --> 00:55:03,839
know you got to talk to it you know that

1428
00:55:08,329 --> 00:55:05,460
we're working on that we're trying to

1429
00:55:10,190 --> 00:55:08,339
get some viable answers but yeah it

1430
00:55:12,829 --> 00:55:10,200
could be that you know they could be

1431
00:55:15,230 --> 00:55:12,839
doing both yeah but the time violation

1432
00:55:17,210 --> 00:55:15,240
is real okay that's just a fact whether

1433
00:55:19,069 --> 00:55:17,220
we could time travel forward or back I

1434
00:55:21,410 --> 00:55:19,079
don't know you know they're working on

1435
00:55:23,329 --> 00:55:21,420
it they're working on being able to drop

1436
00:55:24,829 --> 00:55:23,339
us working on being able to do like they

1437
00:55:27,049 --> 00:55:24,839
did in Star Trek where you transport

1438
00:55:29,329 --> 00:55:27,059

from one area to another they're working

1439

00:55:31,609 --> 00:55:29,339

on telepathy Communications this is all

1440

00:55:34,609 --> 00:55:31,619

stuff it's on it's actually being worked

1441

00:55:36,829 --> 00:55:34,619

on not just on the drawing board so are

1442

00:55:38,630 --> 00:55:36,839

they probably working with these em

1443

00:55:41,569 --> 00:55:38,640

frequencies and stuff on time travel

1444

00:55:46,130 --> 00:55:41,579

yeah but the difference is is for sure

1445

00:55:48,230 --> 00:55:46,140

time violation is real and it explains a

1446

00:55:50,870 --> 00:55:48,240

lot of things that why they could be

1447

00:55:52,490 --> 00:55:50,880

here and we could not be seeing them

1448

00:55:56,210 --> 00:55:52,500

so do you think you being in close

1449

00:55:58,010 --> 00:55:56,220

proximity to This Light uh Source you

1450

00:55:59,210 --> 00:55:58,020

entered maybe that that field because

1451

00:56:01,849 --> 00:55:59,220

people are saying you've been gone for

1452

00:56:03,650 --> 00:56:01,859

40 minutes they could have created that

1453

00:56:05,990 --> 00:56:03,660

actual our government may have been able

1454

00:56:08,630 --> 00:56:06,000

to create a time dilation bubble yes

1455

00:56:10,849 --> 00:56:08,640

okay well we went inside a bubble where

1456

00:56:13,670 --> 00:56:10,859

everything was different right and did

1457

00:56:15,770 --> 00:56:13,680

you so did you feel that well if you

1458

00:56:17,569 --> 00:56:15,780

think about it we went into a bubble

1459

00:56:20,030 --> 00:56:17,579

that was slower than the real bubble

1460

00:56:22,010 --> 00:56:20,040

where we were so that could explain why

1461

00:56:23,270 --> 00:56:22,020

we were 45 minutes slow

1462

00:56:25,370 --> 00:56:23,280

right

1463

00:56:26,990 --> 00:56:25,380

and was this light conscious like did

1464

00:56:29,809 --> 00:56:27,000

you feel there was a Consciousness to it

1465

00:56:33,290 --> 00:56:29,819

or did it just seem like it was just a

1466

00:56:35,930 --> 00:56:33,300

light source when I was there I didn't

1467

00:56:39,170 --> 00:56:35,940

get that feeling but under hypnosis yeah

1468

00:56:41,089 --> 00:56:39,180

I did in other words it comes out that

1469

00:56:43,250 --> 00:56:41,099

they were communicating with us while we

1470

00:56:45,230 --> 00:56:43,260

were out there but again I want to be

1471

00:56:46,670 --> 00:56:45,240

clear about this so this doesn't blow up

1472

00:56:48,770 --> 00:56:46,680

this is what there's a difference

1473

00:56:52,010 --> 00:56:48,780

between what you remember and what the

1474

00:56:54,710 --> 00:56:52,020

hypnosis says but I could tell you that

1475

00:56:57,230 --> 00:56:54,720

the intelligence agencies have reviewed

1476
00:56:58,730 --> 00:56:57,240
this hypnosis tape and they believe it's

1477
00:57:00,170 --> 00:56:58,740
viable

1478
00:57:02,030 --> 00:57:00,180
that's crazy and the fact that you have

1479
00:57:02,990 --> 00:57:02,040
to go to Wright-Patterson Air Forces I

1480
00:57:04,549 --> 00:57:03,000
got the straight you got to go to

1481
00:57:07,250 --> 00:57:04,559
Wright-Patterson Air Force for the heart

1482
00:57:08,630 --> 00:57:07,260
or just a VA for the heart no I had to

1483
00:57:10,790 --> 00:57:08,640
go to Ray Patterson that's where he

1484
00:57:13,190 --> 00:57:10,800
evaluated me after I got sick and then

1485
00:57:15,710 --> 00:57:13,200
wolverh Hall evaluated my eyes

1486
00:57:17,930 --> 00:57:15,720
well that's where I went to Wilford

1487
00:57:20,630 --> 00:57:17,940
Hall's the main it's like you know it's

1488
00:57:22,970 --> 00:57:20,640

the main hospital for the Air Force and

1489

00:57:25,970 --> 00:57:22,980

then right Patterson at the time didn't

1490

00:57:27,829 --> 00:57:25,980

know it but it's we're supposedly

1491

00:57:29,690 --> 00:57:27,839

these people claim that there's all

1492

00:57:31,910 --> 00:57:29,700

kinds of testing and work going on with

1493

00:57:34,190 --> 00:57:31,920

this type of Technology right and it

1494

00:57:36,170 --> 00:57:34,200

would have interest in your case if you

1495

00:57:38,589 --> 00:57:36,180

came close to either Wonder technology

1496

00:57:41,150 --> 00:57:38,599

or another technology

1497

00:57:42,950 --> 00:57:41,160

probably because why are my records

1498

00:57:45,049 --> 00:57:42,960

classified otherwise yeah that's a good

1499

00:57:46,549 --> 00:57:45,059

point that's a very good point

1500

00:57:48,890 --> 00:57:46,559

yeah and you can't go to a regular

1501
00:57:50,390 --> 00:57:48,900
doctor that may start talking well I

1502
00:57:52,130 --> 00:57:50,400
actually would that that's the strange

1503
00:57:53,990 --> 00:57:52,140
thing okay a couple of things that

1504
00:57:55,670 --> 00:57:54,000
happened just recently

1505
00:57:58,670 --> 00:57:55,680
um there the va's having trouble with

1506
00:58:00,950 --> 00:57:58,680
keeping doctors so where I live it's not

1507
00:58:03,109 --> 00:58:00,960
a big metropolitan area so I have to go

1508
00:58:06,049 --> 00:58:03,119
to Danville for cardiologists and they

1509
00:58:07,970 --> 00:58:06,059
keep they keep quitting so they tried to

1510
00:58:09,650 --> 00:58:07,980
put me in the community to care but when

1511
00:58:12,049 --> 00:58:09,660
I went and saw the civilian cardiologist

1512
00:58:14,630 --> 00:58:12,059
they gave them two pages or three pages

1513
00:58:16,309 --> 00:58:14,640

of what currently was going on but they

1514

00:58:17,569 --> 00:58:16,319

wouldn't let them do an echo or do

1515

00:58:19,190 --> 00:58:17,579

anything else so he tried to change

1516

00:58:21,109 --> 00:58:19,200

everything he had to resubmit it to him

1517

00:58:23,870 --> 00:58:21,119

so they pulled me off and they got a

1518

00:58:25,430 --> 00:58:23,880

doctor read in down in Danville that I

1519

00:58:27,349 --> 00:58:25,440

could see that could continue to treat

1520

00:58:29,210 --> 00:58:27,359

my heart and then when I got covered

1521

00:58:31,250 --> 00:58:29,220

last year you know how they do Echoes on

1522

00:58:33,589 --> 00:58:31,260

your heart afterwards the VA wouldn't

1523

00:58:35,270 --> 00:58:33,599

allow the civilian hospital to do it I

1524

00:58:37,730 --> 00:58:35,280

had to go down to the VA a couple of

1525

00:58:39,770 --> 00:58:37,740

weeks later and have my heart checked

1526
00:58:42,170 --> 00:58:39,780
out that way wow so they do have control

1527
00:58:44,089 --> 00:58:42,180
over what medical procedures are being

1528
00:58:48,190 --> 00:58:44,099
done like they seem to have an oversight

1529
00:58:53,870 --> 00:58:51,589
wow which is crazy because an EKG is

1530
00:58:56,089 --> 00:58:53,880
just a piece of paper reading no side

1531
00:58:58,670 --> 00:58:56,099
EKG it's an echo an echocardiogram oh

1532
00:59:00,349 --> 00:58:58,680
echocardiogram okay ECG but still like

1533
00:59:02,870 --> 00:59:00,359
you wouldn't think that it would be that

1534
00:59:04,609 --> 00:59:02,880
damning of evidence unless there's

1535
00:59:07,430 --> 00:59:04,619
clearly something anomalous about your

1536
00:59:08,809 --> 00:59:07,440
heart rate or the damage to your eye it

1537
00:59:10,730 --> 00:59:08,819
would be something that a normal doctor

1538
00:59:12,170 --> 00:59:10,740

might almost look at and say what the

1539

00:59:13,970 --> 00:59:12,180

hell is this I've never seen anything

1540

00:59:16,670 --> 00:59:13,980

like it maybe that this is just me

1541

00:59:18,109 --> 00:59:16,680

guessing but well maybe I can't speak

1542

00:59:20,109 --> 00:59:18,119

for the heart but I can speak for the

1543

00:59:23,390 --> 00:59:20,119

eye because

1544

00:59:25,309 --> 00:59:23,400

that when I was out in Arizona so I was

1545

00:59:26,750 --> 00:59:25,319

very tightly controlled at bigger

1546

00:59:28,730 --> 00:59:26,760

facilities but when I moved back to

1547

00:59:31,549 --> 00:59:28,740

Illinois they don't have that type of

1548

00:59:34,309 --> 00:59:31,559

facilities so the very first time I went

1549

00:59:35,690 --> 00:59:34,319

in to be evaluated well first of all

1550

00:59:38,030 --> 00:59:35,700

they didn't want to release me from

1551
00:59:39,589 --> 00:59:38,040
Arizona to here and so when the lady

1552
00:59:41,030 --> 00:59:39,599
called me back I was laughing I said

1553
00:59:42,710 --> 00:59:41,040
they're going to pay travel pay for me

1554
00:59:44,329 --> 00:59:42,720
to go back over to Arizona every year

1555
00:59:45,770 --> 00:59:44,339
she goes that's a good point she got

1556
00:59:47,930 --> 00:59:45,780
back to me a day later and says they're

1557
00:59:49,490 --> 00:59:47,940
going to sign you over to us so when I

1558
00:59:51,069 --> 00:59:49,500
went down to my heart I had to go see

1559
00:59:53,390 --> 00:59:51,079
the chief of Cardiology in Indianapolis

1560
00:59:56,270 --> 00:59:53,400
he handles everything through their

1561
00:59:57,950 --> 00:59:56,280
other cardiologists but for my eye I

1562
00:59:59,750 --> 00:59:57,960
went in to see him the first time the

1563
01:00:01,730 --> 00:59:59,760

eye doctor was looking at my eyes she

1564

01:00:03,589 --> 01:00:01,740

stops and she starts looking and puts

1565

01:00:05,750 --> 01:00:03,599

these drops in and gets really into it

1566

01:00:07,730 --> 01:00:05,760

and she goes um

1567

01:00:09,170 --> 01:00:07,740

hold on I have to leave the room and she

1568

01:00:11,210 --> 01:00:09,180

left the room and was gone like 30

1569

01:00:13,730 --> 01:00:11,220

minutes came back she said okay I know

1570

01:00:15,890 --> 01:00:13,740

what's going on now she said so uh

1571

01:00:18,829 --> 01:00:15,900

you're gonna be farmed over to Peoria

1572

01:00:22,670 --> 01:00:18,839

and they'll take care of you from now on

1573

01:00:25,849 --> 01:00:22,680

um so she saw something in my eye that

1574

01:00:27,589 --> 01:00:25,859

was there that they don't want

1575

01:00:29,510 --> 01:00:27,599

you know they couldn't stop me from

1576

01:00:31,910 --> 01:00:29,520

going to an eye doctor or even a

1577

01:00:33,890 --> 01:00:31,920

cardiologist but they wouldn't know the

1578

01:00:35,809 --> 01:00:33,900

symptoms that's why I had certain things

1579

01:00:37,370 --> 01:00:35,819

done before the VA got in the middle of

1580

01:00:38,990 --> 01:00:37,380

it with my heart that didn't need to be

1581

01:00:41,150 --> 01:00:39,000

done the first time because they

1582

01:00:42,950 --> 01:00:41,160

couldn't figure it out so I don't know

1583

01:00:46,190 --> 01:00:42,960

what it is but there's something there

1584

01:00:48,410 --> 01:00:46,200

that they don't want the general you

1585

01:00:50,930 --> 01:00:48,420

know the like the regular doctors to

1586

01:00:53,150 --> 01:00:50,940

know about and John is it which eye is

1587

01:00:56,089 --> 01:00:53,160

it that uh she freaked out about my

1588

01:00:58,910 --> 01:00:56,099

right your right eye okay that's where

1589

01:01:00,710 --> 01:00:58,920

the hole in the eye wall is right and

1590

01:01:02,750 --> 01:01:00,720

stuff so and when you were near this

1591

01:01:06,170 --> 01:01:02,760

craft were you closer on the right hand

1592

01:01:08,089 --> 01:01:06,180

side to it or were you facing it well

1593

01:01:10,609 --> 01:01:08,099

well I don't know I mean we were first

1594

01:01:12,650 --> 01:01:10,619

the face with it we hit the ground so I

1595

01:01:15,530 --> 01:01:12,660

don't know what I did I don't remember

1596

01:01:17,990 --> 01:01:15,540

either time what I did as we got close

1597

01:01:20,270 --> 01:01:18,000

to it everything's kind of a blur still

1598

01:01:22,970 --> 01:01:20,280

to this day well John your story is

1599

01:01:25,910 --> 01:01:22,980

amazing and uh you know we're we're full

1600

01:01:28,609 --> 01:01:25,920

Believers in what happened because you

1601
01:01:30,829 --> 01:01:28,619
know 43 years later you're still singing

1602
01:01:32,270 --> 01:01:30,839
the same tune and and you're sticking to

1603
01:01:34,370 --> 01:01:32,280
your guns and you've had all these

1604
01:01:36,950 --> 01:01:34,380
incidences that are proven your book

1605
01:01:38,569 --> 01:01:36,960
proves that as well uh Louis do you have

1606
01:01:40,430 --> 01:01:38,579
any final questions for us yeah let's

1607
01:01:41,930 --> 01:01:40,440
just mention John's books uh so you're

1608
01:01:43,430 --> 01:01:41,940
obviously in the book that you co-wrote

1609
01:01:46,250 --> 01:01:43,440
with Nick Pope encounter in red ocean

1610
01:01:49,010 --> 01:01:46,260
Forest but also uh weaponization of an

1611
01:01:50,690 --> 01:01:49,020
unidentified aerial phenomenon where

1612
01:01:53,210 --> 01:01:50,700
else can people find your information or

1613
01:01:55,609 --> 01:01:53,220

where can they follow you I I don't have

1614

01:01:57,470 --> 01:01:55,619

a web page I have a Facebook page so if

1615

01:01:58,490 --> 01:01:57,480

you want to come on there I put stuff on

1616

01:02:01,010 --> 01:01:58,500

there

1617

01:02:03,289 --> 01:02:01,020

um we're going to be on the X so that's

1618

01:02:05,210 --> 01:02:03,299

we're getting ready to do our first we

1619

01:02:06,589 --> 01:02:05,220

we've been replaying the old phenomena

1620

01:02:08,210 --> 01:02:06,599

radio show I used to do with Linda

1621

01:02:10,730 --> 01:02:08,220

Moulton Howe but we're going to start

1622

01:02:13,010 --> 01:02:10,740

doing doc many documentaries um

1623

01:02:14,870 --> 01:02:13,020

presenting evidence and stuff so we'll

1624

01:02:17,930 --> 01:02:14,880

be on the X so you can go through

1625

01:02:20,150 --> 01:02:17,940

YouTube on the X or through the x or

1626
01:02:22,910 --> 01:02:20,160
through my Facebook page John F Burrows

1627
01:02:24,410 --> 01:02:22,920
you know so other than that that's

1628
01:02:26,750 --> 01:02:24,420
pretty much it for me to give me all of

1629
01:02:29,030 --> 01:02:26,760
me and the books available on Amazon so

1630
01:02:31,130 --> 01:02:29,040
awesome and we are very excited to join

1631
01:02:33,470 --> 01:02:31,140
the X Network as well it's been a long

1632
01:02:35,089 --> 01:02:33,480
time coming we were selective on who we

1633
01:02:37,010 --> 01:02:35,099
wanted to work with and uh they're a

1634
01:02:39,950 --> 01:02:37,020
phenomenal program again their website

1635
01:02:41,990 --> 01:02:39,960
is onxnetwork.com and after February

1636
01:02:44,270 --> 01:02:42,000
12th UAP studies podcast will be

1637
01:02:46,190 --> 01:02:44,280
featured uh we'll have our own page and

1638
01:02:48,890 --> 01:02:46,200

again for our own show right now you can

1639

01:02:50,809 --> 01:02:48,900

find us on YouTube Spotify Apple podcast

1640

01:02:53,450 --> 01:02:50,819

and and that type of thing Facebook

1641

01:02:55,549 --> 01:02:53,460

Twitter but I wanted to say thank you

1642

01:02:57,230 --> 01:02:55,559

very much John Burroughs it's uh it's

1643

01:02:59,930 --> 01:02:57,240

awesome to talk to you we can tell at

1644

01:03:01,250 --> 01:02:59,940

least my BS filter says this is legit I

1645

01:03:03,650 --> 01:03:01,260

don't feel like you've embellished

1646

01:03:06,530 --> 01:03:03,660

anything I've heard you speak many other

1647

01:03:08,870 --> 01:03:06,540

times it's basically the same every time

1648

01:03:10,730 --> 01:03:08,880

I don't think you're in this for the uh

1649

01:03:12,710 --> 01:03:10,740

for the credit or you want to be a big

1650

01:03:14,569 --> 01:03:12,720

shot celebrity you just want the story

1651
01:03:16,549 --> 01:03:14,579
to be known and there's probably a lot

1652
01:03:18,170 --> 01:03:16,559
of other people that are similar or had

1653
01:03:20,809 --> 01:03:18,180
similar experiences that maybe don't

1654
01:03:22,670 --> 01:03:20,819
feel as comfortable but you're an

1655
01:03:24,410 --> 01:03:22,680
inspiration to those people there are

1656
01:03:26,510 --> 01:03:24,420
people that still deserve to be taken

1657
01:03:29,150 --> 01:03:26,520
care of that were injured over there and

1658
01:03:31,910 --> 01:03:29,160
for me I don't mind talking about it and

1659
01:03:33,589 --> 01:03:31,920
but I want the story from my perspective

1660
01:03:35,630 --> 01:03:33,599
out there that's what I've always wanted

1661
01:03:38,270 --> 01:03:35,640
and know I'm not looking to get famous

1662
01:03:40,130 --> 01:03:38,280
and stuff or anything like that but I'm

1663
01:03:42,410 --> 01:03:40,140

also trying to help some other people

1664

01:03:44,870 --> 01:03:42,420

that deserve care like Adrian and I got

1665

01:03:46,490 --> 01:03:44,880

never mind trying to work with Congress

1666

01:03:47,990 --> 01:03:46,500

and some other things right now that

1667

01:03:50,870 --> 01:03:48,000

we're doing let's put out more

1668

01:03:52,490 --> 01:03:50,880

information so let the public decide you

1669

01:03:53,990 --> 01:03:52,500

know what we're doing with not only bent

1670

01:03:57,170 --> 01:03:54,000

Waters but maybe what we're dealing with

1671

01:03:58,789 --> 01:03:57,180

today yeah nice nicely said well thank

1672

01:04:00,589 --> 01:03:58,799

you so much for coming on the UAP

1673

01:04:01,970 --> 01:04:00,599

studies podcast John we appreciate it

1674

01:04:04,250 --> 01:04:01,980

hopefully this is not the only time

1675

01:04:05,870 --> 01:04:04,260

let's have you back on again uh maybe

1676

01:04:07,549 --> 01:04:05,880

we'll we're thinking about doing panels

1677

01:04:09,170 --> 01:04:07,559

in the future it'd be great to have you

1678

01:04:11,270 --> 01:04:09,180

on a panel with other experts as well

1679

01:04:12,530 --> 01:04:11,280

that would be great thanks appreciate it

1680

01:04:15,049 --> 01:04:12,540

guys have a great experience your

1681

01:04:18,910 --> 01:04:15,059

weekend thank you sir
