Podcast

1
00:00:02,639 --> 00:00:17,450
foreign

2
00:00:23,870 --> 00:00:21,109
oh there it is okay let me share this

3
00:00:25,250 --> 00:00:23,880
is it showing up on our page now yep

4
00:00:26,689 --> 00:00:25,260
showing up on our page I'm just gonna

5
00:00:29,390 --> 00:00:26,699
share it

6
00:00:33,229 --> 00:00:29,400
right now

7
00:00:38,830 --> 00:00:33,239
yeah and can I share it on Twitter

8
00:00:43,250 --> 00:00:41,150
all right Jay let's get her started here

9
00:00:45,170 --> 00:00:43,260
buddy let's do it good to go welcome

10
00:00:48,410 --> 00:00:45,180
everybody sorry for a bit of confusion

11
00:00:50,150 --> 00:00:48,420
we were going to do this on YouTube

12
00:00:51,830 --> 00:00:50,160
um but apparently on YouTube Once you

13
00:00:54,110 --> 00:00:51,840

decide that you want to do a live stream

14

00:00:55,490 --> 00:00:54,120

it takes 24 hours I guess that's for

15

00:00:58,490 --> 00:00:55,500

your own protection or something to that

16

00:01:00,049 --> 00:00:58,500

effect but uh anyway welcome back to our

17

00:01:01,850 --> 00:01:00,059

special report my name is Louis Borges

18

00:01:04,130 --> 00:01:01,860

joining me tonight my partner of crime

19

00:01:05,990 --> 00:01:04,140

Jason Gail net how are you I'm good how

20

00:01:08,210 --> 00:01:06,000

are you good we've been putting our

21

00:01:10,429 --> 00:01:08,220

journalistic talents to work this week

22

00:01:11,929 --> 00:01:10,439

it's kind of a rare thing right to be in

23

00:01:13,429 --> 00:01:11,939

the middle of the sort of a mini flap

24

00:01:17,630 --> 00:01:13,439

it's the first time we've actually had

25

00:01:19,010 --> 00:01:17,640

live real-time data on uh UAP and UFOs

26
00:01:20,990 --> 00:01:19,020
and government and everything else it's

27
00:01:22,789 --> 00:01:21,000
the perfect storm although it's not

28
00:01:25,249 --> 00:01:22,799
going the way most people including

29
00:01:27,170 --> 00:01:25,259
ourselves would like so so what do you

30
00:01:29,690 --> 00:01:27,180
think catch us up my brain is still

31
00:01:31,609 --> 00:01:29,700
foggy with this whole bloody thing well

32
00:01:33,890 --> 00:01:31,619
uh everybody was minding their own

33
00:01:36,950 --> 00:01:33,900
business until February 10th when uh

34
00:01:40,130 --> 00:01:36,960
they announced that they had shot a UAP

35
00:01:42,590 --> 00:01:40,140
or UFO above Alaska

36
00:01:45,230 --> 00:01:42,600
and they said that this object was about

37
00:01:47,149 --> 00:01:45,240
the size of a car and they couldn't

38
00:01:49,130 --> 00:01:47,159

figure out how it stayed afloat like

39

00:01:52,010 --> 00:01:49,140

there was no propulsion there was no

40

00:01:54,350 --> 00:01:52,020

Jets or anything like that they shot it

41

00:01:56,210 --> 00:01:54,360

down and they said it landed in this ice

42

00:01:58,609 --> 00:01:56,220

area that they were going to go and

43

00:02:00,590 --> 00:01:58,619

investigate for the debris

44

00:02:02,569 --> 00:02:00,600

by the looks of it I don't think they've

45

00:02:05,569 --> 00:02:02,579

done that uh

46

00:02:06,530 --> 00:02:05,579

then in second day February 11th in the

47

00:02:09,650 --> 00:02:06,540

Yukon

48

00:02:11,750 --> 00:02:09,660

this time it was a joint effort between

49

00:02:14,150 --> 00:02:11,760

Canada and the U.S

50

00:02:17,390 --> 00:02:14,160

and decide to go after this object

51
00:02:19,130 --> 00:02:17,400
and it was NORAD that was dispatched the

52
00:02:20,930 --> 00:02:19,140
Canadians were there last so the

53
00:02:22,850 --> 00:02:20,940
Americans got there first they shot this

54
00:02:25,670 --> 00:02:22,860
thing down they said it was like

55
00:02:27,470 --> 00:02:25,680
cylindrical silver in shape

56
00:02:29,510 --> 00:02:27,480
again couldn't figure out how it's

57
00:02:32,630 --> 00:02:29,520
stayed afloat in the air

58
00:02:34,910 --> 00:02:32,640
and then we get another one which is

59
00:02:37,309 --> 00:02:34,920
very interesting so this craft whatever

60
00:02:40,250 --> 00:02:37,319
it is uh some people might call it

61
00:02:42,410 --> 00:02:40,260
balloon came from Alberta went down all

62
00:02:44,270 --> 00:02:42,420
the way into Montana

63
00:02:45,830 --> 00:02:44,280

and then that's going south and then

64

00:02:47,869 --> 00:02:45,840

just went East

65

00:02:49,729 --> 00:02:47,879

and it continued East all the way to

66

00:02:54,170 --> 00:02:49,739

Lake Huron where it was finally shot

67

00:02:56,750 --> 00:02:54,180

down again by the US the first time they

68

00:02:59,330 --> 00:02:56,760

shot at this thing the missile missed

69

00:03:00,830 --> 00:02:59,340

right didn't hit his Target and

70

00:03:03,050 --> 00:03:00,840

supposedly went inside the water and

71

00:03:05,089 --> 00:03:03,060

everything's fine nobody got injured but

72

00:03:07,190 --> 00:03:05,099

these missiles cost four hundred and

73

00:03:08,690 --> 00:03:07,200

thirty thousand dollars

74

00:03:10,670 --> 00:03:08,700

peace

75

00:03:12,229 --> 00:03:10,680

so they're firing at these objects with

76
00:03:15,050 --> 00:03:12,239
this so they're spending some money at

77
00:03:16,009 --> 00:03:15,060
firing at balloons you know if it was a

78
00:03:17,330 --> 00:03:16,019
balloon you could shoot it down with

79
00:03:19,910 --> 00:03:17,340
bullets in this case they're using

80
00:03:21,410 --> 00:03:19,920
missiles to shoot these objects down and

81
00:03:23,869 --> 00:03:21,420
they don't know how these objects are

82
00:03:26,570 --> 00:03:23,879
operating which is interesting the one

83
00:03:29,149 --> 00:03:26,580
over uh Lake euron suppose it was like

84
00:03:32,449 --> 00:03:29,159
an octagon shaped craft and you could

85
00:03:34,490 --> 00:03:32,459
see string like features underneath it

86
00:03:36,410 --> 00:03:34,500
they fire it at it it went down into the

87
00:03:38,509 --> 00:03:36,420
waters and of course on the Canadian

88
00:03:40,850 --> 00:03:38,519

side of things so now they're trying to

89

00:03:43,309 --> 00:03:40,860

find this debris for all three of these

90

00:03:46,690 --> 00:03:43,319

down crafts

91

00:03:50,390 --> 00:03:46,700

it's been sort of gone through a UFO

92

00:03:52,610 --> 00:03:50,400

fever in Washington right now you got a

93

00:03:55,670 --> 00:03:52,620

bunch of senators that want the the

94

00:03:57,170 --> 00:03:55,680

truth to be told to the public

95

00:04:00,050 --> 00:03:57,180

what does the government know about

96

00:04:01,670 --> 00:04:00,060

these objects why is it that they've

97

00:04:03,050 --> 00:04:01,680

just it's not like they've discovered

98

00:04:05,390 --> 00:04:03,060

them recently it's just that they

99

00:04:07,250 --> 00:04:05,400

upgraded their radar system and because

100

00:04:09,530 --> 00:04:07,260

of that they were able to pick up these

101
00:04:11,449 --> 00:04:09,540
objects now what's interesting is that

102
00:04:14,149 --> 00:04:11,459
they went after these objects these

103
00:04:15,410 --> 00:04:14,159
objects are in the north not many planes

104
00:04:17,750 --> 00:04:15,420
flying above there and they said these

105
00:04:20,090 --> 00:04:17,760
were flight risks so they shot them down

106
00:04:21,409 --> 00:04:20,100
with again missiles that cost four

107
00:04:23,749 --> 00:04:21,419
hundred and thirty thousand dollars

108
00:04:26,870 --> 00:04:23,759
which is crazy because if there was

109
00:04:28,969 --> 00:04:26,880
balloons the pilots would obviously

110
00:04:30,050 --> 00:04:28,979
say it's a balloon they couldn't

111
00:04:31,909 --> 00:04:30,060
describe it

112
00:04:34,189 --> 00:04:31,919
it Still Remains an unknown at this

113
00:04:36,170 --> 00:04:34,199

point which is interesting so that

114

00:04:38,330 --> 00:04:36,180

catches us up with what the week was

115

00:04:40,670 --> 00:04:38,340

like it's been silent for the last two

116

00:04:43,730 --> 00:04:40,680

days and finally Biden today came out

117

00:04:45,350 --> 00:04:43,740

and spoke and

118

00:04:47,990 --> 00:04:45,360

basically said

119

00:04:49,610 --> 00:04:48,000

um we don't yet know exactly what these

120

00:04:52,370 --> 00:04:49,620

three objects were

121

00:04:55,730 --> 00:04:52,380

but then it goes on to say most likely

122

00:04:58,850 --> 00:04:55,740

their technology from you know somebody

123

00:05:00,409 --> 00:04:58,860

flying a drone or launching balloons of

124

00:05:03,170 --> 00:05:00,419

course in the middle of nowhere Yukon

125

00:05:05,510 --> 00:05:03,180

and Alaska in a complete north of the

126

00:05:08,090 --> 00:05:05,520

province and the state

127

00:05:10,610 --> 00:05:08,100

so I I don't know who's flying drones or

128

00:05:13,610 --> 00:05:10,620

objects that you can't detect or or

129

00:05:16,249 --> 00:05:13,620

notice right uh and I just I gotta I

130

00:05:19,490 --> 00:05:16,259

gotta stop you there yeah I can't listen

131

00:05:23,390 --> 00:05:19,500

to any more of what has been reported

132

00:05:25,969 --> 00:05:23,400

yes my personal opinion it's all

133

00:05:28,010 --> 00:05:25,979

[h__\h] I don't believe any of it I

134

00:05:29,330 --> 00:05:28,020

don't believe that it's a balloon I

135

00:05:31,070 --> 00:05:29,340

don't believe they don't know what it is

136

00:05:34,129 --> 00:05:31,080

I don't believe the wreckage can't be

137

00:05:36,290 --> 00:05:34,139

found right none of it makes sense it's

138

00:05:38,689 --> 00:05:36,300

almost like don't insult the

139

00:05:41,210 --> 00:05:38,699

intelligence of people you know a little

140

00:05:43,969 --> 00:05:41,220

bit about this kind of thing and again

141

00:05:46,610 --> 00:05:43,979

you know the whole is it an alien

142

00:05:48,890 --> 00:05:46,620

invasion I don't think so I I genuinely

143

00:05:51,050 --> 00:05:48,900

think this is mankind mainly because you

144

00:05:53,270 --> 00:05:51,060

can't shoot down uaps the way we know

145

00:05:56,870 --> 00:05:53,280

UAP right like they don't they're not

146

00:05:58,310 --> 00:05:56,880

susceptible to our weapons but I I go

147

00:06:00,529 --> 00:05:58,320

back to the beginning of this you know

148

00:06:01,790 --> 00:06:00,539

Chinese buy balloon they just came out

149

00:06:04,370 --> 00:06:01,800

on the news one day and said yeah it's a

150

00:06:06,170 --> 00:06:04,380

Chinese Bible how do you know that I

151

00:06:08,629 --> 00:06:06,180

don't even believe that is what they

152

00:06:11,029 --> 00:06:08,639

said it is because you don't just

153

00:06:13,850 --> 00:06:11,039

broadcast that stuff to your nation like

154

00:06:15,469 --> 00:06:13,860

and if you're gonna spy give the Chinese

155

00:06:17,150 --> 00:06:15,479

a little bit of credit they're as good

156

00:06:20,150 --> 00:06:17,160

as spying as anybody else on the planet

157

00:06:21,890 --> 00:06:20,160

the idea behind spying is you get in you

158

00:06:23,510 --> 00:06:21,900

get what you need and you get the hell

159

00:06:25,189 --> 00:06:23,520

out with nobody knowing that you were

160

00:06:27,710 --> 00:06:25,199

even there you don't give up your

161

00:06:29,450 --> 00:06:27,720

position and show that oh yeah this is

162

00:06:31,670 --> 00:06:29,460

how we captured like some of these

163

00:06:34,370 --> 00:06:31,680

clandestine groups that have you know

164

00:06:37,370 --> 00:06:34,380

spies that are in high ranking officials

165

00:06:40,249 --> 00:06:37,380

in Russia and Asia that's like a 20-year

166

00:06:41,689 --> 00:06:40,259

long game you don't just do it one time

167

00:06:43,070 --> 00:06:41,699

and let them know that oh hey you've

168

00:06:44,570 --> 00:06:43,080

been taken because then they figure

169

00:06:47,090 --> 00:06:44,580

their system out and makes it 10 times

170

00:06:50,029 --> 00:06:47,100

harder to do it ever again it's not a

171

00:06:52,129 --> 00:06:50,039

spy balloon and so you're either saying

172

00:06:54,230 --> 00:06:52,139

one of two things you're saying that the

173

00:06:55,730 --> 00:06:54,240

U.S military is such a piece of [h__h]

174

00:06:58,010 --> 00:06:55,740

that they couldn't catch a balloon

175

00:06:59,090 --> 00:06:58,020

flying in over protected airspace but

176
00:07:00,590 --> 00:06:59,100
we're supposed to believe that they're

177
00:07:02,990 --> 00:07:00,600
going to shoot down a ballistic missile

178
00:07:05,150 --> 00:07:03,000
if it ever comes from North Korea or

179
00:07:08,510 --> 00:07:05,160
Russia but a balloon's just gonna drift

180
00:07:11,510 --> 00:07:08,520
in the worst military on the face of the

181
00:07:13,969 --> 00:07:11,520
planet and completely full of it and

182
00:07:15,409 --> 00:07:13,979
have no military capability or you're

183
00:07:16,790 --> 00:07:15,419
completely full of it if you think we're

184
00:07:19,309 --> 00:07:16,800
going to believe the answer that you're

185
00:07:22,730 --> 00:07:19,319
giving so there's a lot going on and

186
00:07:24,770 --> 00:07:22,740
again we can go on for a long time but I

187
00:07:27,950 --> 00:07:24,780
mean where do you begin you don't shoot

188
00:07:30,290 --> 00:07:27,960

down a balloon with a missile first of

189

00:07:31,969 --> 00:07:30,300

all if it was Skye a spy Tech that you

190

00:07:33,290 --> 00:07:31,979

wanted you wouldn't use a missile anyway

191

00:07:35,150 --> 00:07:33,300

because you're gonna blow it in a

192

00:07:37,730 --> 00:07:35,160

million pieces to be nothing left to

193

00:07:39,589 --> 00:07:37,740

figure it out so and if you also think

194

00:07:43,129 --> 00:07:39,599

that this thing just appeared over

195

00:07:45,529 --> 00:07:43,139

Montana and then you know gently glided

196

00:07:47,890 --> 00:07:45,539

what 4 000 miles or whatever the hell it

197

00:07:50,450 --> 00:07:47,900

is till you get to like come on then

198

00:07:52,249 --> 00:07:50,460

that they knew what it was they saw it

199

00:07:54,050 --> 00:07:52,259

they tracked it the whole time these

200

00:07:56,089 --> 00:07:54,060

things are at forty thousand feet and

201
00:07:58,370 --> 00:07:56,099
sixty thousand feet no signs of

202
00:08:00,770 --> 00:07:58,380
propulsion no flight systems no control

203
00:08:02,749 --> 00:08:00,780
surfaces it's like the five observables

204
00:08:05,150 --> 00:08:02,759
from the Tic Tac but the thing I don't

205
00:08:06,890 --> 00:08:05,160
get is this is nothing new to the

206
00:08:10,610 --> 00:08:06,900
American in government right they've

207
00:08:13,070 --> 00:08:10,620
been very good at hiding UAP Crash

208
00:08:14,809 --> 00:08:13,080
Landing UFOs all that kind of stuff they

209
00:08:16,610 --> 00:08:14,819
silenced a few individuals that see it

210
00:08:19,010 --> 00:08:16,620
and then it just goes into the kind of

211
00:08:20,210 --> 00:08:19,020
lore that we try to drum up and say hey

212
00:08:22,189 --> 00:08:20,220
there was something there there's all

213
00:08:23,930 --> 00:08:22,199

these Witnesses and the government made

214

00:08:25,730 --> 00:08:23,940

it go away this is the greatest

215

00:08:29,689 --> 00:08:25,740

government on the planet for making it

216

00:08:32,089 --> 00:08:29,699

go away so the why are they even telling

217

00:08:34,370 --> 00:08:32,099

us this is happening that to me is the

218

00:08:37,190 --> 00:08:34,380

biggest red flag why are you on the the

219

00:08:38,810 --> 00:08:37,200

TV saying hey you know we might have spy

220

00:08:40,430 --> 00:08:38,820

balloons over our country if that was

221

00:08:42,469 --> 00:08:40,440

actually happening they would not be

222

00:08:43,790 --> 00:08:42,479

talking about that because it raises a

223

00:08:45,470 --> 00:08:43,800

million questions on what the hell are

224

00:08:48,769 --> 00:08:45,480

you doing how is the government not

225

00:08:51,170 --> 00:08:48,779

protecting us from the most 50 year old

226

00:08:52,730 --> 00:08:51,180

technology by the look of it so again

227

00:08:54,710 --> 00:08:52,740

they either have the worst capable

228

00:08:56,509 --> 00:08:54,720

military on the planet and they've just

229

00:08:59,870 --> 00:08:56,519

been lying and who knows where the black

230

00:09:01,790 --> 00:08:59,880

money's gone or this is some agenda

231

00:09:03,769 --> 00:09:01,800

they're pushing to me my personal

232

00:09:05,990 --> 00:09:03,779

opinion they want to pick a fight with

233

00:09:07,790 --> 00:09:06,000

somebody and this is the start of it so

234

00:09:09,290 --> 00:09:07,800

you have or they're going to beef up

235

00:09:11,329 --> 00:09:09,300

their own surveillance on their own

236

00:09:12,410 --> 00:09:11,339

people and everybody else you're going

237

00:09:13,730 --> 00:09:12,420

to lose a little bit more of that

238

00:09:15,769 --> 00:09:13,740

freedom and those rights that you have

239

00:09:18,769 --> 00:09:15,779

because it's for the greater good of

240

00:09:21,590 --> 00:09:18,779

protecting the nation I don't buy any of

241

00:09:23,449 --> 00:09:21,600

it I don't buy the story I don't none of

242

00:09:25,310 --> 00:09:23,459

it makes sense the pilot stories don't

243

00:09:26,630 --> 00:09:25,320

corroborate the politicians that are

244

00:09:28,009 --> 00:09:26,640

going into these closed door meetings

245

00:09:29,870 --> 00:09:28,019

when they come out uh they don't

246

00:09:32,570 --> 00:09:29,880

corroborate you know I think it was Jim

247

00:09:35,090 --> 00:09:32,580

John Kennedy said if you are confused

248

00:09:37,070 --> 00:09:35,100

you're absolutely getting the message or

249

00:09:38,889 --> 00:09:37,080

something to that effect like if you

250

00:09:41,630 --> 00:09:38,899

have no idea what the hell is going on

251
00:09:43,970 --> 00:09:41,640
guess what you're you're you're doing it

252
00:09:46,370 --> 00:09:43,980
right you know this is some kind of a

253
00:09:48,590 --> 00:09:46,380
game this is something for show if it

254
00:09:50,630 --> 00:09:48,600
really was National Security wouldn't be

255
00:09:53,210 --> 00:09:50,640
on the television Senators wouldn't be

256
00:09:54,590 --> 00:09:53,220
openly talking about it you know they

257
00:09:56,509 --> 00:09:54,600
keep playing this well we don't know

258
00:09:58,310 --> 00:09:56,519
what it is they know exactly what it is

259
00:10:00,410 --> 00:09:58,320
we don't have the wreckage a hundred

260
00:10:02,870 --> 00:10:00,420
percent you have the wreckage like stop

261
00:10:04,610 --> 00:10:02,880
just just stop it so I mean I've been

262
00:10:05,870 --> 00:10:04,620
reluctant even to do this show tonight I

263
00:10:07,730 --> 00:10:05,880

was kind of like

264

00:10:09,769 --> 00:10:07,740

because I've just been really frustrated

265

00:10:11,389 --> 00:10:09,779

by this whole thing I don't think it's

266

00:10:13,130 --> 00:10:11,399

aliens I don't think it's going to help

267

00:10:15,230 --> 00:10:13,140

disclosure I don't think it's going to

268

00:10:18,350 --> 00:10:15,240

do anything good for our movement it is

269

00:10:21,410 --> 00:10:18,360

some Ploy for some reason that they're

270

00:10:23,269 --> 00:10:21,420

showing us this so that we get the kind

271

00:10:24,590 --> 00:10:23,279

of support of the people for whatever's

272

00:10:26,750 --> 00:10:24,600

gonna happen I don't think it has

273

00:10:28,130 --> 00:10:26,760

anything to do with UAP and it doesn't

274

00:10:30,290 --> 00:10:28,140

even make sense because they're like oh

275

00:10:32,570 --> 00:10:30,300

we have to establish a new you know a

276
00:10:34,009 --> 00:10:32,580
new program here to figure this out you

277
00:10:35,810 --> 00:10:34,019
have the program what are you talking

278
00:10:37,550 --> 00:10:35,820
about you just had two years of

279
00:10:39,350 --> 00:10:37,560
Congressional hearings on setting up a

280
00:10:40,910 --> 00:10:39,360
program now you have to figure out new

281
00:10:43,190 --> 00:10:40,920
protocol for this kind of stuff like

282
00:10:45,230 --> 00:10:43,200
just stop it and the people that are

283
00:10:47,389 --> 00:10:45,240
talking about it have no clue about

284
00:10:48,769 --> 00:10:47,399
what's actually going on there's one

285
00:10:50,690 --> 00:10:48,779
side of the government talking about we

286
00:10:52,790 --> 00:10:50,700
should start a program and the guys that

287
00:10:54,590 --> 00:10:52,800
work forever are probably like how are

288
00:10:56,210 --> 00:10:54,600

these people even on our side like did

289

00:10:58,910 --> 00:10:56,220

we not even talk to each other does

290

00:11:00,769 --> 00:10:58,920

nobody know what exists yeah it is just

291

00:11:08,889 --> 00:11:00,779

a lot sorry for the verbal diary

292

00:11:14,389 --> 00:11:11,509

just launched a pen at my face I wanted

293

00:11:15,829 --> 00:11:14,399

to go like this plan a week it's just

294

00:11:16,610 --> 00:11:15,839

that kind of week

295

00:11:18,710 --> 00:11:16,620

um

296

00:11:20,509 --> 00:11:18,720

no well okay so I think it's interesting

297

00:11:22,310 --> 00:11:20,519

exactly like you said the fact that they

298

00:11:24,949 --> 00:11:22,320

say they don't have any of the wreckage

299

00:11:27,590 --> 00:11:24,959

no debris yet of course they do there's

300

00:11:29,509 --> 00:11:27,600

three down crafts I mean it would be

301
00:11:31,490 --> 00:11:29,519
possible if you said okay we can't get

302
00:11:34,430 --> 00:11:31,500
access to one or two of them because of

303
00:11:36,530 --> 00:11:34,440
the terrain blah blah blah in any of

304
00:11:38,630 --> 00:11:36,540
them right yeah exactly but the third

305
00:11:41,210 --> 00:11:38,640
one like to have all three of them just

306
00:11:42,949 --> 00:11:41,220
still not know what these objects were

307
00:11:44,630 --> 00:11:42,959
and like you mentioned it's it's a

308
00:11:47,990 --> 00:11:44,640
serious case if you're launching

309
00:11:51,710 --> 00:11:48,000
missiles at objects that the pilots

310
00:11:53,870 --> 00:11:51,720
cannot identify as a conventional craft

311
00:11:54,710 --> 00:11:53,880
and when they say stuff like you know

312
00:11:57,769 --> 00:11:54,720
well

313
00:12:00,050 --> 00:11:57,779

it's most likely technology or some sort

314

00:12:01,430 --> 00:12:00,060

of like again why are they flying in the

315

00:12:04,430 --> 00:12:01,440

middle of nowhere

316

00:12:06,350 --> 00:12:04,440

north of you know the continent

317

00:12:08,930 --> 00:12:06,360

where there's not that many planes how

318

00:12:11,269 --> 00:12:08,940

is it much of a risk to other airplanes

319

00:12:13,670 --> 00:12:11,279

that it's worth shooting down and if it

320

00:12:15,769 --> 00:12:13,680

was let's say 600 balloon you just spent

321

00:12:18,170 --> 00:12:15,779

half a million dollars shooting at it

322

00:12:19,730 --> 00:12:18,180

like a waste of money Glenn let's talk

323

00:12:22,009 --> 00:12:19,740

about the fact this whole shooting it

324

00:12:24,470 --> 00:12:22,019

down nonsense that's the first time ever

325

00:12:26,810 --> 00:12:24,480

that within NORAD since it was formed

326

00:12:28,550 --> 00:12:26,820

that they ever shot anything down out of

327

00:12:30,350 --> 00:12:28,560

American airspace first time ever yeah

328

00:12:33,470 --> 00:12:30,360

now you've done four and eight days come

329

00:12:35,090 --> 00:12:33,480

on like this is for some type of show I

330

00:12:37,610 --> 00:12:35,100

don't quite understand why and I don't

331

00:12:40,069 --> 00:12:37,620

know again we're Canadian so NORAD is

332

00:12:42,170 --> 00:12:40,079

the northern radar and defense system uh

333

00:12:44,870 --> 00:12:42,180

that's basically in the Arctic it's what

334

00:12:46,310 --> 00:12:44,880

keeps Russia from invading the US you

335

00:12:47,750 --> 00:12:46,320

know your buddies in Canada got your

336

00:12:49,610 --> 00:12:47,760

back we're the ones watching that kind

337

00:12:51,290 --> 00:12:49,620

of stuff and I've heard people you know

338

00:12:52,610 --> 00:12:51,300

speculate well why are the Americans

339

00:12:55,250 --> 00:12:52,620

shooting it down if it's over Canadian

340

00:12:56,870 --> 00:12:55,260

airspace simple answer because the fa22s

341

00:12:58,129 --> 00:12:56,880

that Canada has and the ones the

342

00:13:00,110 --> 00:12:58,139

Americans have the Americans have all

343

00:13:01,250 --> 00:13:00,120

the latest tech and updates Canadians

344

00:13:03,769 --> 00:13:01,260

are friendly with everybody we're not

345

00:13:05,449 --> 00:13:03,779

going to war we have the same plane but

346

00:13:07,910 --> 00:13:05,459

in terms of capable ability and software

347

00:13:09,949 --> 00:13:07,920

it's much different so if you have both

348

00:13:12,650 --> 00:13:09,959

in the same airspace both equally

349

00:13:14,750 --> 00:13:12,660

capable and let's be honest the US shows

350

00:13:17,269 --> 00:13:14,760

up in Virginia Brazil to take away

351

00:13:19,850 --> 00:13:17,279

what's left of a huge sighting so the

352

00:13:21,410 --> 00:13:19,860

Americans have some type of veto and

353

00:13:22,970 --> 00:13:21,420

they're the first ones to respond when

354

00:13:24,050 --> 00:13:22,980

it comes to this thing that's why

355

00:13:25,310 --> 00:13:24,060

they're the ones who shot it down it's

356

00:13:27,350 --> 00:13:25,320

not that we couldn't have shot it down

357

00:13:29,629 --> 00:13:27,360

but they take the lead on these type of

358

00:13:31,790 --> 00:13:29,639

Investigations I'm pretty sure worldwide

359

00:13:32,990 --> 00:13:31,800

right again that's speculating but I

360

00:13:35,329 --> 00:13:33,000

just think that's how it is there's

361

00:13:36,889 --> 00:13:35,339

nothing hidden about the fact that why

362

00:13:39,230 --> 00:13:36,899

did the Americans do not the Canadians

363

00:13:40,670 --> 00:13:39,240

they got better planes and you know

364

00:13:42,290 --> 00:13:40,680

they're the ones that just had a spy

365

00:13:44,509 --> 00:13:42,300

balloon fly through their country you

366

00:13:46,069 --> 00:13:44,519

know yeah and again too you look at you

367

00:13:47,569 --> 00:13:46,079

look at the structure that's by balloon

368

00:13:49,670 --> 00:13:47,579

when they you know it's that picture

369

00:13:51,590 --> 00:13:49,680

those guys on a boat with this big

370

00:13:54,110 --> 00:13:51,600

balloon with like a metal frame in it it

371

00:13:56,750 --> 00:13:54,120

just reminds me of Jesse Marcel all over

372

00:13:59,090 --> 00:13:56,760

again here this is what we got you know

373

00:14:00,710 --> 00:13:59,100

and that would be the most hard to

374

00:14:02,690 --> 00:14:00,720

recover and supposedly the the

375

00:14:04,970 --> 00:14:02,700

electronics fell thousands of feet deep

376

00:14:07,550 --> 00:14:04,980

but they got that one yeah on a little

377

00:14:09,230 --> 00:14:07,560

bit of snow that a pilot just shot it's

378

00:14:11,090 --> 00:14:09,240

not like he buggers off and then goes oh

379

00:14:12,949 --> 00:14:11,100

I don't know where it went like it's

380

00:14:15,710 --> 00:14:12,959

going to be tracked on radar yeah it

381

00:14:17,690 --> 00:14:15,720

might be a big vast space they cleaned

382

00:14:19,550 --> 00:14:17,700

up Roswell pretty good guys knee to knee

383

00:14:21,050 --> 00:14:19,560

shoulder to shoulder on all fours

384

00:14:23,150 --> 00:14:21,060

picking up anything that looked like

385

00:14:24,949 --> 00:14:23,160

anything and then sweeping it with metal

386

00:14:27,410 --> 00:14:24,959

detectors if you really want to get

387

00:14:29,210 --> 00:14:27,420

something it's just time and Manpower

388

00:14:31,310 --> 00:14:29,220

yeah you know don't give us this

389

00:14:33,170 --> 00:14:31,320

nonsense like you let this Chinese spy

390

00:14:35,329 --> 00:14:33,180

balloon float across your entire country

391

00:14:38,389 --> 00:14:35,339

and then you just shot it down over a

392

00:14:40,069 --> 00:14:38,399

deep part water like don't don't insult

393

00:14:42,110 --> 00:14:40,079

our intelligence like and they found

394

00:14:44,269 --> 00:14:42,120

that like they they're there's pictures

395

00:14:46,250 --> 00:14:44,279

of them taking it out of the ocean so

396

00:14:48,470 --> 00:14:46,260

obviously they found that but a White

397

00:14:50,329 --> 00:14:48,480

Castle the video of that Chinese balloon

398

00:14:51,889 --> 00:14:50,339

getting popped it's not a Sidewinder

399

00:14:53,810 --> 00:14:51,899

missile taking it out it looks like some

400

00:14:55,550 --> 00:14:53,820

dude on the ground with a BB gun shot it

401
00:14:57,650 --> 00:14:55,560
yeah it pops like a balloon would pop

402
00:15:00,410 --> 00:14:57,660
yeah and down to the ground it comes

403
00:15:01,850 --> 00:15:00,420
like this is not rocket science they're

404
00:15:04,250 --> 00:15:01,860
literally not shooting things down in

405
00:15:07,069 --> 00:15:04,260
outer space and hell we even rendezvous

406
00:15:08,210 --> 00:15:07,079
with a comment not long ago NASA did you

407
00:15:09,710 --> 00:15:08,220
mean to tell me you can't shoot

408
00:15:12,050 --> 00:15:09,720
something and to find out where it lands

409
00:15:15,050 --> 00:15:12,060
like if that was top secret American

410
00:15:16,370 --> 00:15:15,060
Gear oh yeah they'd be all over it so I

411
00:15:19,730 --> 00:15:16,380
don't buy that they don't know what it

412
00:15:22,189 --> 00:15:19,740
is I don't buy that it's a false flag or

413
00:15:24,650 --> 00:15:22,199

pretend Alien Invasion that's none of

414

00:15:26,210 --> 00:15:24,660

that stuff it's the only thing that I

415

00:15:29,329 --> 00:15:26,220

can't get and the reason I'm frustrated

416

00:15:31,009 --> 00:15:29,339

is it doesn't make sense why are they

417

00:15:32,930 --> 00:15:31,019

putting it in the news normally we can

418

00:15:34,250 --> 00:15:32,940

you know we can kind of see where

419

00:15:35,930 --> 00:15:34,260

they're going and why they're doing it

420

00:15:38,030 --> 00:15:35,940

all these reports that come out were

421

00:15:40,370 --> 00:15:38,040

never caught blindsided we kind of

422

00:15:42,050 --> 00:15:40,380

expected it was going to go that way but

423

00:15:44,389 --> 00:15:42,060

the thing that I just cannot figure out

424

00:15:47,810 --> 00:15:44,399

in my own mind why are you putting it on

425

00:15:50,629 --> 00:15:47,820

TV unless you want people to see like it

426

00:15:52,310 --> 00:15:50,639

would it would be an embarrassment if a

427

00:15:54,170 --> 00:15:52,320

colonel let's say call down to a general

428

00:15:56,389 --> 00:15:54,180

and say like what the hell is going on

429

00:15:58,310 --> 00:15:56,399

you people that you let the media get a

430

00:16:00,410 --> 00:15:58,320

picture of a balloon that penetrated our

431

00:16:02,210 --> 00:16:00,420

airspace like what good are you people

432

00:16:04,610 --> 00:16:02,220

if you didn't catch it and the media did

433

00:16:06,949 --> 00:16:04,620

like and nobody got this stuff on an

434

00:16:08,449 --> 00:16:06,959

amateur video and then sent it to the

435

00:16:10,370 --> 00:16:08,459

government and said hey you owe us some

436

00:16:12,530 --> 00:16:10,380

answers they willingly just said hey

437

00:16:15,230 --> 00:16:12,540

this stuff's going on we scramble Jets

438

00:16:17,509 --> 00:16:15,240

like we would not know if they didn't

439

00:16:19,310 --> 00:16:17,519

tell us this isn't like we busted them

440

00:16:21,290 --> 00:16:19,320

and now we're holding them accountable

441

00:16:24,590 --> 00:16:21,300

for answers they told us in the first

442

00:16:26,810 --> 00:16:24,600

place so there's some Ploy I don't know

443

00:16:29,269 --> 00:16:26,820

what it is and I don't want to guess but

444

00:16:31,189 --> 00:16:29,279

they want us to know they want us to

445

00:16:32,750 --> 00:16:31,199

think that they don't know or their

446

00:16:34,790 --> 00:16:32,760

adversaries to think that they don't

447

00:16:37,370 --> 00:16:34,800

know but if it really was in my opinion

448

00:16:39,170 --> 00:16:37,380

if it really was China or Russia or

449

00:16:40,430 --> 00:16:39,180

somebody they wouldn't acknowledge that

450

00:16:41,870 --> 00:16:40,440

they caught it they wouldn't say

451
00:16:43,310 --> 00:16:41,880
anything they would let them think that

452
00:16:45,710 --> 00:16:43,320
they got away with it and we have no

453
00:16:47,389 --> 00:16:45,720
idea so that you wouldn't beef up your

454
00:16:49,790 --> 00:16:47,399
your efforts next time like that's how

455
00:16:51,410 --> 00:16:49,800
the Spy World works and Russia and China

456
00:16:53,389 --> 00:16:51,420
is not stupid enough to float a balloon

457
00:16:55,610 --> 00:16:53,399
across the like isn't the idea to get

458
00:16:56,990 --> 00:16:55,620
your stuff back so even if it is

459
00:16:58,910 --> 00:16:57,000
something that communicates with a

460
00:17:01,129 --> 00:16:58,920
satellite they could get the data real

461
00:17:03,590 --> 00:17:01,139
time and if you shot it down oh well but

462
00:17:06,049 --> 00:17:03,600
you just gave away your hand that we're

463
00:17:07,370 --> 00:17:06,059

using balloons to spy on you and the

464

00:17:08,510 --> 00:17:07,380

government's now saying well you know we

465

00:17:10,610 --> 00:17:08,520

didn't see him before because we weren't

466

00:17:13,069 --> 00:17:10,620

looking for that don't insult our

467

00:17:15,590 --> 00:17:13,079

intelligence that is [h__h] you have

468

00:17:18,350 --> 00:17:15,600

that's what satellites are for like yeah

469

00:17:21,049 --> 00:17:18,360

that's just I I just I have such a huge

470

00:17:22,789 --> 00:17:21,059

red flag for this whole thing uh and

471

00:17:24,169 --> 00:17:22,799

it's not helping us for sure it's adding

472

00:17:26,809 --> 00:17:24,179

to the stigma it's some kind of

473

00:17:28,789 --> 00:17:26,819

distraction or they're looking to beef

474

00:17:31,490 --> 00:17:28,799

up security efforts and they're going to

475

00:17:33,470 --> 00:17:31,500

use this as a a threat narrative

476

00:17:36,049 --> 00:17:33,480

essentially this is the definition of a

477

00:17:39,289 --> 00:17:36,059

threat narrative and you can't just go

478

00:17:40,909 --> 00:17:39,299

and you know shoot down a real UAP your

479

00:17:43,190 --> 00:17:40,919

your equipment doesn't work I know One

480

00:17:45,350 --> 00:17:43,200

Pilot said he couldn't get a lock on it

481

00:17:47,990 --> 00:17:45,360

his equipment was off

482

00:17:50,150 --> 00:17:48,000

it's possible but I don't think any of

483

00:17:53,210 --> 00:17:50,160

these are actual real

484

00:17:55,250 --> 00:17:53,220

quote unquote ET craft yes they're UAP

485

00:17:56,570 --> 00:17:55,260

because they're unidentified and they're

486

00:17:59,390 --> 00:17:56,580

anomalous right we don't know what the

487

00:18:01,190 --> 00:17:59,400

hell they are yeah I you know I think

488

00:18:03,950 --> 00:18:01,200

Rubio said it best

489

00:18:06,289 --> 00:18:03,960

um and who's the other guy Kirby Kirby

490

00:18:07,789 --> 00:18:06,299

gave a like an hour-long thing a big

491

00:18:09,350 --> 00:18:07,799

conference a couple days ago the first

492

00:18:11,450 --> 00:18:09,360

10 minutes of that conference I posted

493

00:18:13,310 --> 00:18:11,460

it on Facebook but he basically admits

494

00:18:15,289 --> 00:18:13,320

yeah the government you know this is the

495

00:18:17,090 --> 00:18:15,299

first time we've had hundreds of these

496

00:18:18,529 --> 00:18:17,100

and they've gone back for years and

497

00:18:20,990 --> 00:18:18,539

we've been cooperating with all of our

498

00:18:23,090 --> 00:18:21,000

Global neighbors uh for years about this

499

00:18:25,010 --> 00:18:23,100

it's like just end the video right there

500

00:18:26,270 --> 00:18:25,020

end of discussion don't ever talk about

501
00:18:29,150 --> 00:18:26,280
you know the government doesn't

502
00:18:31,430 --> 00:18:29,160
investigate UAP they literally admitted

503
00:18:33,890 --> 00:18:31,440
it we look at it this is not the first

504
00:18:36,470 --> 00:18:33,900
time there's hundreds of these things so

505
00:18:38,450 --> 00:18:36,480
I you know I don't find hundreds of

506
00:18:40,730 --> 00:18:38,460
reports of balloons but I can find

507
00:18:42,590 --> 00:18:40,740
hundreds of UFO cases in an afternoon's

508
00:18:44,090 --> 00:18:42,600
worth of research yeah so when they say

509
00:18:46,490 --> 00:18:44,100
you know there's been hundreds of these

510
00:18:49,370 --> 00:18:46,500
things hundreds of what things of of

511
00:18:52,130 --> 00:18:49,380
fake balloons or of UAP that are not

512
00:18:53,750 --> 00:18:52,140
explained like hundreds of what so it's

513
00:18:55,130 --> 00:18:53,760

like they're giving you an answer but

514

00:18:57,409 --> 00:18:55,140

they're they're hiding it behind

515

00:18:59,390 --> 00:18:57,419

something else it's just very bizarre

516

00:19:01,549 --> 00:18:59,400

this is the first time this type of

517

00:19:03,950 --> 00:19:01,559

thing has happened we're all excited

518

00:19:05,450 --> 00:19:03,960

we're all going nuts I mean you and I

519

00:19:07,430 --> 00:19:05,460

have been inundated by messages and

520

00:19:11,090 --> 00:19:07,440

emails and people's personal experiences

521

00:19:13,430 --> 00:19:11,100

has been insane but it's not

522

00:19:15,289 --> 00:19:13,440

I don't know I'll let you talk for a bit

523

00:19:17,270 --> 00:19:15,299

I'm still choked about this whole thing

524

00:19:19,909 --> 00:19:17,280

yeah well I was going to say the one

525

00:19:21,470 --> 00:19:19,919

thing that is really cool about this is

526
00:19:23,450 --> 00:19:21,480
the fact you got two countries you got

527
00:19:26,090 --> 00:19:23,460
Canada and the states

528
00:19:30,529 --> 00:19:26,100
declaring that they are shooting stuff

529
00:19:33,049 --> 00:19:30,539
down in over our heads two while two

530
00:19:35,750 --> 00:19:33,059
landed in in Canada and the other one

531
00:19:37,549 --> 00:19:35,760
was in Alaska because the one in Lake

532
00:19:39,830 --> 00:19:37,559
Huron supposedly felt on the Canadian

533
00:19:41,630 --> 00:19:39,840
side and just

534
00:19:43,070 --> 00:19:41,640
let the Americans take care of that

535
00:19:45,110 --> 00:19:43,080
stuff we don't have the equipment I

536
00:19:46,970 --> 00:19:45,120
don't think in Canada to do that kind of

537
00:19:49,490 --> 00:19:46,980
Recon but can you ever go to the air

538
00:19:51,529 --> 00:19:49,500

show like in Abbotsford and they have

539

00:19:53,990 --> 00:19:51,539

like a bunch of like military people

540

00:19:56,510 --> 00:19:54,000

there with like some of the toys that we

541

00:19:57,890 --> 00:19:56,520

have they're all painted green and they

542

00:20:00,770 --> 00:19:57,900

all look like they haven't been updated

543

00:20:02,750 --> 00:20:00,780

since 1989 right I'm pretty sure that's

544

00:20:04,610 --> 00:20:02,760

when the F-22 was built it's like built

545

00:20:06,470 --> 00:20:04,620

in 1980 or something it's a 40 year old

546

00:20:08,150 --> 00:20:06,480

plane yeah the American one has just

547

00:20:11,690 --> 00:20:08,160

been beefed up and retrofitted and

548

00:20:13,909 --> 00:20:11,700

improved and updated but yeah it's uh we

549

00:20:15,350 --> 00:20:13,919

are using old technology and don't kid

550

00:20:17,029 --> 00:20:15,360

yourself next time you board a

551

00:20:18,650 --> 00:20:17,039

commercial airliner look in the door

552

00:20:20,390 --> 00:20:18,660

jamb before you get on there you'll see

553

00:20:22,010 --> 00:20:20,400

the production date there are more 60

554

00:20:24,470 --> 00:20:22,020

year old planes flying in the air right

555

00:20:26,810 --> 00:20:24,480

now than you would believe there's a lot

556

00:20:28,669 --> 00:20:26,820

of that still going on thanks for

557

00:20:32,630 --> 00:20:28,679

billing me they're built differently

558

00:20:34,430 --> 00:20:32,640

right so yeah that's scary uh yeah no I

559

00:20:36,409 --> 00:20:34,440

was gonna say well these so you got two

560

00:20:37,730 --> 00:20:36,419

countries coming out and admitting that

561

00:20:40,370 --> 00:20:37,740

they're shooting things down that they

562

00:20:43,190 --> 00:20:40,380

don't know it's still right now on known

563

00:20:44,990 --> 00:20:43,200

what they shot down the pilots still

564

00:20:46,730 --> 00:20:45,000

don't know what they shot down and keep

565

00:20:48,409 --> 00:20:46,740

in mind that Pilots are

566

00:20:50,150 --> 00:20:48,419

we talked about this before on the

567

00:20:52,010 --> 00:20:50,160

podcast they're the most trained

568

00:20:54,710 --> 00:20:52,020

observers that there is in the sky

569

00:20:57,890 --> 00:20:54,720

there's nobody above these fighter jet

570

00:20:59,210 --> 00:20:57,900

Pilots like they're just amazing they

571

00:21:01,310 --> 00:20:59,220

can they know what they're looking at

572

00:21:03,049 --> 00:21:01,320

when they're saying we can't identify

573

00:21:05,570 --> 00:21:03,059

this it has no

574

00:21:07,430 --> 00:21:05,580

form of propulsion or you know there's

575

00:21:09,650 --> 00:21:07,440

no jet there's no exhaust there's no

576

00:21:12,770 --> 00:21:09,660

nothing it just stays afloat and we'll

577

00:21:13,549 --> 00:21:12,780

still do 40 kilometers an hour or you

578

00:21:15,710 --> 00:21:13,559

know

579

00:21:17,690 --> 00:21:15,720

have they missed the one over Lake Huron

580

00:21:20,990 --> 00:21:17,700

with the first shot supposedly how did

581

00:21:22,310 --> 00:21:21,000

you miss that like isn't there sort of I

582

00:21:24,650 --> 00:21:22,320

don't get why you would use a missile

583

00:21:26,150 --> 00:21:24,660

either way and I don't get why the the

584

00:21:28,250 --> 00:21:26,160

rule would be shoot first and ask

585

00:21:30,049 --> 00:21:28,260

questions second well that was for the

586

00:21:32,450 --> 00:21:30,059

first time in however many years 45

587

00:21:34,669 --> 00:21:32,460

years or 65 years I forget that when

588

00:21:37,850 --> 00:21:34,679

NORAD started it never shot anything

589

00:21:40,130 --> 00:21:37,860

down yeah so if it's not acting in a

590

00:21:41,330 --> 00:21:40,140

aggressive manner I don't think the

591

00:21:42,950 --> 00:21:41,340

Pilot's just gonna get it in his

592

00:21:44,690 --> 00:21:42,960

crosshairs and blow it up it doesn't

593

00:21:47,029 --> 00:21:44,700

make sense they're going to do a flyby

594

00:21:48,770 --> 00:21:47,039

yeah like I don't buy any of the story

595

00:21:50,510 --> 00:21:48,780

that they're giving us it's just total

596

00:21:53,270 --> 00:21:50,520

[h__h] it's for people who don't know

597

00:21:55,370 --> 00:21:53,280

about this topic that they just think

598

00:21:57,169 --> 00:21:55,380

we're gonna accept everything at face

599

00:22:00,470 --> 00:21:57,179

value you know trust your government and

600

00:22:02,930 --> 00:22:00,480

blah blah blah and uh but I think you

601
00:22:04,850 --> 00:22:02,940
know what so this is a start at least

602
00:22:07,789 --> 00:22:04,860
they're putting it out there to the

603
00:22:10,130 --> 00:22:07,799
public sort of disclosing like okay we

604
00:22:12,890 --> 00:22:10,140
we are experiencing this

605
00:22:14,570 --> 00:22:12,900
because again uh this is a global issue

606
00:22:17,029 --> 00:22:14,580
they've addressed this a few times that

607
00:22:18,890 --> 00:22:17,039
this is a global issue and it needs to

608
00:22:20,870 --> 00:22:18,900
be addressed only with your you know

609
00:22:22,990 --> 00:22:20,880
your partners and allies but with

610
00:22:26,510 --> 00:22:23,000
everybody globally I mean China's having

611
00:22:29,390 --> 00:22:26,520
UFO problems as much as Russia as much

612
00:22:31,970 --> 00:22:29,400
as America Canada like we all experience

613
00:22:32,870 --> 00:22:31,980

this problem it's a global phenomenon if

614

00:22:34,669 --> 00:22:32,880

you will

615

00:22:36,590 --> 00:22:34,679

but they say out of one side of their

616

00:22:37,970 --> 00:22:36,600

face that you know

617

00:22:40,010 --> 00:22:37,980

um this has been going on we've all been

618

00:22:42,049 --> 00:22:40,020

experiencing it the world has been

619

00:22:44,570 --> 00:22:42,059

experiencing anomalous like crazy

620

00:22:46,190 --> 00:22:44,580

behaving UAP and they're trying to

621

00:22:48,110 --> 00:22:46,200

squeeze it in that oh it's been this

622

00:22:50,810 --> 00:22:48,120

kind of stuff it's been these weird

623

00:22:52,850 --> 00:22:50,820

balloons and random things like no

624

00:22:54,409 --> 00:22:52,860

biggie and the whole world's been

625

00:22:55,549 --> 00:22:54,419

experiencing it wrong the whole world

626
00:22:57,110 --> 00:22:55,559
has not been experiencing what's

627
00:22:58,370 --> 00:22:57,120
happened in the last eight days the

628
00:23:01,730 --> 00:22:58,380
whole world hasn't been experiencing

629
00:23:03,770 --> 00:23:01,740
true UFO phenomenon weird lights crafts

630
00:23:05,870 --> 00:23:03,780
encounters with creatures that is not

631
00:23:08,029 --> 00:23:05,880
the same as what's going on here so they

632
00:23:09,950 --> 00:23:08,039
they're taking a lot of Liberties by

633
00:23:12,049 --> 00:23:09,960
just saying that like oh this has gone

634
00:23:14,330 --> 00:23:12,059
on for a long time not what you're

635
00:23:16,250 --> 00:23:14,340
trying to pass what's actually you're

636
00:23:18,169 --> 00:23:16,260
right yeah the real phenomena has been

637
00:23:20,990 --> 00:23:18,179
going on a long time but you can't say

638
00:23:21,950 --> 00:23:21,000

that well it's been this you know and so

639

00:23:23,330 --> 00:23:21,960

what now you're just gonna study

640

00:23:25,549 --> 00:23:23,340

balloons and say the whole thing is just

641

00:23:27,770 --> 00:23:25,559

balloons again are we going back to 1947

642

00:23:29,149 --> 00:23:27,780

that's what it feels like to me they

643

00:23:31,430 --> 00:23:29,159

have a picture of a balloon in the water

644

00:23:33,529 --> 00:23:31,440

like this is history repeating itself

645

00:23:34,909 --> 00:23:33,539

and I just hope people are are not that

646

00:23:36,289 --> 00:23:34,919

stupid and I hope people in the

647

00:23:38,149 --> 00:23:36,299

government I mean I've heard Rumbings

648

00:23:41,149 --> 00:23:38,159

of the Air Force isn't getting along

649

00:23:42,409 --> 00:23:41,159

with uh with the Navy and people in the

650

00:23:44,390 --> 00:23:42,419

White House are starting to get upset

651
00:23:46,970 --> 00:23:44,400
about the fact that the Air Force and

652
00:23:49,970 --> 00:23:46,980
Pentagon are deliberately kind of

653
00:23:51,409 --> 00:23:49,980
quelling these things and like The Arrow

654
00:23:53,450 --> 00:23:51,419
office didn't get notified of anything

655
00:23:55,310 --> 00:23:53,460
from the Pentagon in regards to this

656
00:23:57,950 --> 00:23:55,320
isn't that their job aren't they

657
00:24:00,289 --> 00:23:57,960
supposed to get all the information like

658
00:24:02,750 --> 00:24:00,299
we read the second report it's the Navy

659
00:24:04,310 --> 00:24:02,760
the military everybody has to report to

660
00:24:05,810 --> 00:24:04,320
these guys and tell them and then

661
00:24:08,510 --> 00:24:05,820
something like this happens and nobody

662
00:24:11,210 --> 00:24:08,520
reports to them like it is [h__\h] are

663
00:24:12,830 --> 00:24:11,220

they the resolution office aren't they

664

00:24:14,690 --> 00:24:12,840

the supposed like the department of

665

00:24:16,370 --> 00:24:14,700

resolution like they're supposed to fix

666

00:24:18,830 --> 00:24:16,380

this people are even saying oh we're

667

00:24:21,409 --> 00:24:18,840

going to start you know a new faster way

668

00:24:23,450 --> 00:24:21,419

for these uh independent bodies to all

669

00:24:25,310 --> 00:24:23,460

communicate and Share info you already

670

00:24:26,870 --> 00:24:25,320

did that that was the whole point of

671

00:24:28,970 --> 00:24:26,880

those freaking committee hearings like

672

00:24:30,529 --> 00:24:28,980

it's just frustrating because it feels

673

00:24:32,330 --> 00:24:30,539

like everything they told us that

674

00:24:33,950 --> 00:24:32,340

they're doing work wise everything that

675

00:24:35,570 --> 00:24:33,960

they've improved moved we're really

676
00:24:37,789 --> 00:24:35,580
going to take it seriously we have these

677
00:24:39,230 --> 00:24:37,799
offices it's [h__\h] because you know

678
00:24:40,789 --> 00:24:39,240
push come to shove here's the day you

679
00:24:42,110 --> 00:24:40,799
got to use it they're not even using it

680
00:24:44,330 --> 00:24:42,120
and half the people in the government

681
00:24:46,370 --> 00:24:44,340
don't even know it exists you listen to

682
00:24:48,590 --> 00:24:46,380
them talk on the on the on like on the

683
00:24:50,630 --> 00:24:48,600
TV and on the news they're just winging

684
00:24:53,570 --> 00:24:50,640
it they're trying to sound educated on a

685
00:24:55,430 --> 00:24:53,580
topic they know nothing about and uh

686
00:24:58,970 --> 00:24:55,440
yeah it's it's

687
00:25:01,789 --> 00:24:58,980
there are some similarities to the 2004

688
00:25:04,430 --> 00:25:01,799

like the Nimitz incident and and this

689

00:25:07,310 --> 00:25:04,440

event the fact is that well you know you

690

00:25:09,110 --> 00:25:07,320

talk to guys like Kevin Day says that it

691

00:25:11,390 --> 00:25:09,120

was a radar equipment on the ship that

692

00:25:13,490 --> 00:25:11,400

had just been upgraded and since then

693

00:25:14,450 --> 00:25:13,500

they were capturing these anomalies on

694

00:25:15,950 --> 00:25:14,460

radar

695

00:25:18,169 --> 00:25:15,960

so they weren't capturing that before

696

00:25:20,270 --> 00:25:18,179

until they updated the software or

697

00:25:21,830 --> 00:25:20,280

whatever it is that they used

698

00:25:23,149 --> 00:25:21,840

then you got

699

00:25:25,310 --> 00:25:23,159

um that makes sense because it's over

700

00:25:27,049 --> 00:25:25,320

water yes there's a lot more land-based

701
00:25:28,730 --> 00:25:27,059
you know surveillance than we have in

702
00:25:31,970 --> 00:25:28,740
the water so that does make sense if you

703
00:25:33,890 --> 00:25:31,980
beef up a battleship maybe but I think

704
00:25:35,269 --> 00:25:33,900
that's nonsense too I I think they've

705
00:25:37,310 --> 00:25:35,279
been catching these things for decades

706
00:25:38,870 --> 00:25:37,320
but go ahead yeah I was going to say the

707
00:25:41,810 --> 00:25:38,880
that's what he mentioned and that's when

708
00:25:43,190 --> 00:25:41,820
he dispatched uh you know uh favor with

709
00:25:45,830 --> 00:25:43,200
with the rest of the crew and they

710
00:25:48,289 --> 00:25:45,840
encounter The Tick Tock of course uh

711
00:25:50,330 --> 00:25:48,299
this case we have uh NORAD that just

712
00:25:53,090 --> 00:25:50,340
updated their radar system because of

713
00:25:55,549 --> 00:25:53,100

the whole uh balloon shot down from the

714

00:25:58,250 --> 00:25:55,559

previous week and they started capturing

715

00:25:59,990 --> 00:25:58,260

these anomalies in the sky I think they

716

00:26:02,870 --> 00:26:00,000

were dispatched originally thinking

717

00:26:05,810 --> 00:26:02,880

maybe it's other spy balloons but when

718

00:26:08,090 --> 00:26:05,820

they happen to get up on these objects

719

00:26:10,909 --> 00:26:08,100

they had to have this communication with

720

00:26:12,950 --> 00:26:10,919

you know their Command Center and tell

721

00:26:14,690 --> 00:26:12,960

them what they're seeing and and what

722

00:26:16,010 --> 00:26:14,700

they don't recognize about these things

723

00:26:18,049 --> 00:26:16,020

like keep in mind they're still

724

00:26:20,450 --> 00:26:18,059

unidentified

725

00:26:23,210 --> 00:26:20,460

when you hear they're most likely you

726

00:26:25,130 --> 00:26:23,220

know space or air garbage like what the

727

00:26:28,130 --> 00:26:25,140

[\h__\h] is air garbage pardon I know we're

728

00:26:29,450 --> 00:26:28,140

live uh but what does that mean I saw an

729

00:26:30,830 --> 00:26:29,460

article that said that you know those

730

00:26:33,169 --> 00:26:30,840

car dealerships

731

00:26:36,169 --> 00:26:33,179

guys that you get a wacky waving

732

00:26:38,630 --> 00:26:36,179

inflatable arm too man yes exactly you

733

00:26:40,370 --> 00:26:38,640

you say it so well I can never say it I

734

00:26:41,450 --> 00:26:40,380

think I do this in the descriptions but

735

00:26:42,890 --> 00:26:41,460

yeah

736

00:26:45,710 --> 00:26:42,900

um they say this a lot of those are

737

00:26:47,269 --> 00:26:45,720

airborne and those are mistaken for UFOs

738

00:26:49,730 --> 00:26:47,279

they're like they're treating the public

739

00:26:52,130 --> 00:26:49,740

like we're idiots yeah like anybody had

740

00:26:54,529 --> 00:26:52,140

Close Encounters of any kind with these

741

00:26:56,810 --> 00:26:54,539

uh objects and some people even see

742

00:26:59,330 --> 00:26:56,820

entities in some crafts

743

00:27:00,409 --> 00:26:59,340

there's no mention of that by the way in

744

00:27:03,169 --> 00:27:00,419

the report

745

00:27:05,870 --> 00:27:03,179

they're investigating only uh Airborne

746

00:27:07,130 --> 00:27:05,880

objects they're not investigating when

747

00:27:08,750 --> 00:27:07,140

these things land

748

00:27:10,070 --> 00:27:08,760

and when there's some sort of trace

749

00:27:11,149 --> 00:27:10,080

evidence on the ground like they don't

750

00:27:13,430 --> 00:27:11,159

mention that's almost like that's a

751
00:27:16,070 --> 00:27:13,440
different department uh and you're right

752
00:27:17,330 --> 00:27:16,080
like in in the U.S it feels like there's

753
00:27:19,490 --> 00:27:17,340
different departments and none of them

754
00:27:21,169 --> 00:27:19,500
are working together we've spoken with

755
00:27:22,970 --> 00:27:21,179
some people in the defense department

756
00:27:25,669 --> 00:27:22,980
for crying out loud and in the military

757
00:27:27,350 --> 00:27:25,679
that have had experiences with crafts

758
00:27:29,990 --> 00:27:27,360
that they don't understand still today

759
00:27:33,230 --> 00:27:30,000
and it drives them to you know become

760
00:27:35,210 --> 00:27:33,240
investigators or you know it's there's

761
00:27:37,070 --> 00:27:35,220
something there and even the people

762
00:27:39,110 --> 00:27:37,080
within the defense department know that

763
00:27:41,870 --> 00:27:39,120

there's something there Senators want

764

00:27:43,490 --> 00:27:41,880

the truth out Biden did a good job today

765

00:27:45,590 --> 00:27:43,500

to say hey we still don't know what they

766

00:27:47,510 --> 00:27:45,600

are but you know they're they're most

767

00:27:50,210 --> 00:27:47,520

likely nothing let's just dismiss it

768

00:27:52,610 --> 00:27:50,220

right so smooth things over

769

00:27:54,950 --> 00:27:52,620

that was today but I still think it's a

770

00:27:56,210 --> 00:27:54,960

good thing that we basically had a

771

00:27:58,549 --> 00:27:56,220

three-day flap where they're shooting

772

00:28:00,230 --> 00:27:58,559

down these objects that they had no

773

00:28:02,690 --> 00:28:00,240

knowledge of of what they were and how

774

00:28:05,210 --> 00:28:02,700

they stayed afloat let's compare this to

775

00:28:09,529 --> 00:28:05,220

the Tic Tac incident okay happens in

776

00:28:12,950 --> 00:28:09,539

2004 and then in 2017 it comes to light

777

00:28:15,169 --> 00:28:12,960

so 13 years nobody knew about it there

778

00:28:17,210 --> 00:28:15,179

was no footage no video no pilot

779

00:28:18,529 --> 00:28:17,220

testimony nothing the government did

780

00:28:20,510 --> 00:28:18,539

what they always do and everybody

781

00:28:23,570 --> 00:28:20,520

followed suit and said yes sir right

782

00:28:25,430 --> 00:28:23,580

perfect job then we have a video a

783

00:28:28,730 --> 00:28:25,440

couple little clips of tic tac to go

784

00:28:30,769 --> 00:28:28,740

fast the gimbal the triangle in Florida

785

00:28:32,510 --> 00:28:30,779

wherever the hell it was

786

00:28:35,210 --> 00:28:32,520

um so then you have little Snippets of

787

00:28:37,490 --> 00:28:35,220

that but you listen to the recordings of

788

00:28:39,529 --> 00:28:37,500

the pilots there it's amazement and

789

00:28:42,409 --> 00:28:39,539

almost laughter there's no like

790

00:28:44,210 --> 00:28:42,419

permission to engage nobody is like

791

00:28:46,970 --> 00:28:44,220

ready to blow this thing out of the air

792

00:28:50,149 --> 00:28:46,980

so the government's normal behavior is

793

00:28:52,430 --> 00:28:50,159

hided for two dozen years and then some

794

00:28:53,630 --> 00:28:52,440

something gets leaked out and then it

795

00:28:55,190 --> 00:28:53,640

you know I could see that being a

796

00:28:57,610 --> 00:28:55,200

trickle effect so we we're supposed to

797

00:29:00,230 --> 00:28:57,620

believe now that they've come so far

798

00:29:02,570 --> 00:29:00,240

Leaps and Bounds that we now get

799

00:29:04,730 --> 00:29:02,580

real-time updates pilot you know

800

00:29:07,430 --> 00:29:04,740

recording we shot it down right away

801
00:29:09,350 --> 00:29:07,440
like really good point this is not your

802
00:29:11,990 --> 00:29:09,360
normal pattern of doing things and you

803
00:29:14,450 --> 00:29:12,000
don't tell anybody anything unless it is

804
00:29:16,310 --> 00:29:14,460
your benefit so don't expect us to

805
00:29:18,110 --> 00:29:16,320
believe and please don't everybody

806
00:29:20,870 --> 00:29:18,120
believe that this is true I'm not saying

807
00:29:22,549 --> 00:29:20,880
it's a big conspiracy but there is some

808
00:29:25,370 --> 00:29:22,559
play going on if this was a national

809
00:29:26,930 --> 00:29:25,380
security thing it wouldn't be on TV they

810
00:29:28,669 --> 00:29:26,940
wouldn't be telling you what they saw

811
00:29:30,830 --> 00:29:28,679
they would just say we have cause for

812
00:29:32,830 --> 00:29:30,840
concern there are some things in our

813
00:29:36,049 --> 00:29:32,840

airspace but due to National Security

814

00:29:37,490 --> 00:29:36,059

because now they're talking in a sense

815

00:29:40,310 --> 00:29:37,500

that it's not a risk to National

816

00:29:41,870 --> 00:29:40,320

Security and as providing you know we

817

00:29:44,269 --> 00:29:41,880

don't really know but don't worry I'm

818

00:29:46,370 --> 00:29:44,279

sure they're benign anything flying at

819

00:29:48,950 --> 00:29:46,380

forty thousand feet is a problem so why

820

00:29:50,590 --> 00:29:48,960

are you now downplaying it before they

821

00:29:52,909 --> 00:29:50,600

were overplaying things saying

822

00:29:54,649 --> 00:29:52,919

well anything in our airspace we don't

823

00:29:55,909 --> 00:29:54,659

know about it's got to be a threat and

824

00:29:58,490 --> 00:29:55,919

they sell the [h__\h] out of the threat

825

00:29:59,570 --> 00:29:58,500

narrative now there's legitimately stuff

826

00:30:01,669 --> 00:29:59,580

in the air and they're like yeah but

827

00:30:04,010 --> 00:30:01,679

that's not a threat pick up pick a side

828

00:30:05,750 --> 00:30:04,020

like which side is the government really

829

00:30:07,610 --> 00:30:05,760

supposed to be on or what are we

830

00:30:09,649 --> 00:30:07,620

supposed to really believe because

831

00:30:13,190 --> 00:30:09,659

they've never said the same thing twice

832

00:30:15,289 --> 00:30:13,200

for the last 75 years but lately it

833

00:30:17,330 --> 00:30:15,299

doesn't make any sense this isn't the

834

00:30:20,149 --> 00:30:17,340

way the government normally behaves

835

00:30:22,190 --> 00:30:20,159

I just think it's so transparent I

836

00:30:24,169 --> 00:30:22,200

I almost don't even want to talk about

837

00:30:26,690 --> 00:30:24,179

it anymore it's like everybody be quiet

838

00:30:28,430 --> 00:30:26,700

and don't give them the audience that

839

00:30:30,529 --> 00:30:28,440

they want like start asking questions

840

00:30:32,690 --> 00:30:30,539

you know I'm paying attention I know

841

00:30:34,190 --> 00:30:32,700

that's the motto of our show but pay

842

00:30:35,750 --> 00:30:34,200

attention like don't look at what

843

00:30:37,970 --> 00:30:35,760

they're saying what is actually

844

00:30:39,710 --> 00:30:37,980

happening and why if you're in charge of

845

00:30:41,269 --> 00:30:39,720

the defense of your country you don't

846

00:30:43,850 --> 00:30:41,279

want other people knowing that hey like

847

00:30:46,010 --> 00:30:43,860

we're so vulnerable that China could

848

00:30:48,470 --> 00:30:46,020

just float a balloon over us hell maybe

849

00:30:52,190 --> 00:30:48,480

it would have dropped rice and poison or

850

00:30:54,590 --> 00:30:52,200

Anthrax like how is that okay to just

851
00:30:55,789 --> 00:30:54,600
broadcast unless you're trying to do

852
00:30:57,950 --> 00:30:55,799
something else you're trying to sell

853
00:31:00,350 --> 00:30:57,960
some other narrative build some other

854
00:31:02,510 --> 00:31:00,360
type of dialogue I don't know

855
00:31:06,169 --> 00:31:02,520
but I don't buy any of it I don't

856
00:31:08,750 --> 00:31:06,179
believe any of it yeah it's it's

857
00:31:11,510 --> 00:31:08,760
exhausting I I've been watching Twitter

858
00:31:14,029 --> 00:31:11,520
and you know Google news for any updates

859
00:31:17,810 --> 00:31:14,039
and today was like kind of a big day

860
00:31:21,350 --> 00:31:17,820
because Biden finally addressed things

861
00:31:23,330 --> 00:31:21,360
again he didn't give any details we

862
00:31:25,789 --> 00:31:23,340
don't know what these objects are right

863
00:31:28,250 --> 00:31:25,799

they remain unknown but it's cool that

864

00:31:30,289 --> 00:31:28,260

at least it made the news and it's

865

00:31:32,389 --> 00:31:30,299

making the news around the world which

866

00:31:37,010 --> 00:31:32,399

hopefully motivates other countries to

867

00:31:38,870 --> 00:31:37,020

start being as as open as as they can be

868

00:31:40,909 --> 00:31:38,880

above the subject

869

00:31:43,430 --> 00:31:40,919

the issue is we always focus on Canada

870

00:31:46,190 --> 00:31:43,440

and the U.S but this is a global problem

871

00:31:48,710 --> 00:31:46,200

and some some locations like Chile and

872

00:31:50,570 --> 00:31:48,720

Brazil they have like massive sightings

873

00:31:53,169 --> 00:31:50,580

like way much more activity they have

874

00:31:56,810 --> 00:31:53,179

real anomalous sightings they don't have

875

00:31:58,549 --> 00:31:56,820

janky looking balloons from the 70s you

876

00:32:00,169 --> 00:31:58,559

know and I go in the other reports don't

877

00:32:02,330 --> 00:32:00,179

say they're a balloon some say

878

00:32:04,490 --> 00:32:02,340

cylindrical hexagonal or hexagonal

879

00:32:05,930 --> 00:32:04,500

however you pronounce it yeah but some

880

00:32:07,310 --> 00:32:05,940

of them are moving at very low speeds at

881

00:32:09,529 --> 00:32:07,320

very high altitudes with no control

882

00:32:11,210 --> 00:32:09,539

surfaces right so yeah all the other

883

00:32:13,610 --> 00:32:11,220

things we've seen that behave that way

884

00:32:15,529 --> 00:32:13,620

and have those properties they're real

885

00:32:17,210 --> 00:32:15,539

weapons like this thing goes 80 000

886

00:32:20,269 --> 00:32:17,220

miles an hour you're not shooting that

887

00:32:22,490 --> 00:32:20,279

down so they're lumping in the real

888

00:32:24,350 --> 00:32:22,500

phenomena and the real reports and

889

00:32:26,450 --> 00:32:24,360

they're like yeah we know like there's

890

00:32:28,669 --> 00:32:26,460

been so many just like the last few days

891

00:32:32,210 --> 00:32:28,679

no no no no no not like the last few

892

00:32:33,950 --> 00:32:32,220

days so many legitimate uaps that have

893

00:32:37,010 --> 00:32:33,960

technology far in advance of your

894

00:32:38,389 --> 00:32:37,020

understanding don't water it down with

895

00:32:40,490 --> 00:32:38,399

yeah all that other [h__h] that we've been

896

00:32:42,350 --> 00:32:40,500

studying it's just like this like when

897

00:32:44,210 --> 00:32:42,360

you see it up close what it's a balloon

898

00:32:46,730 --> 00:32:44,220

with a frame so we don't know what it is

899

00:32:49,070 --> 00:32:46,740

yet but don't worry about it it's just

900

00:32:51,769 --> 00:32:49,080

gonna be some dumb [h__h] don't fall for

901
00:32:53,210 --> 00:32:51,779
that please have a head about you I've

902
00:32:55,970 --> 00:32:53,220
read so much stuff and so many online

903
00:32:58,310 --> 00:32:55,980
groups people are being sheep when it

904
00:33:00,409 --> 00:32:58,320
comes to this just stop it they're not

905
00:33:02,330 --> 00:33:00,419
doing this for anybody's benefit other

906
00:33:04,549 --> 00:33:02,340
than themselves this is not the same

907
00:33:07,669 --> 00:33:04,559
phenomenon that's been happening for 75

908
00:33:09,769 --> 00:33:07,679
years okay this is not just and I don't

909
00:33:12,470 --> 00:33:09,779
believe this is anybody's technology or

910
00:33:14,750 --> 00:33:12,480
any country's Tech I I honestly don't I

911
00:33:16,549 --> 00:33:14,760
think it's either some hobbyist that

912
00:33:18,710 --> 00:33:16,559
just launched this stuff to be stupid

913
00:33:20,389 --> 00:33:18,720

and it really handcuffed a government

914

00:33:21,590 --> 00:33:20,399

that would have us believe they're a lot

915

00:33:23,750 --> 00:33:21,600

more advanced than they really are

916

00:33:26,090 --> 00:33:23,760

because how do you not catch that like

917

00:33:27,889 --> 00:33:26,100

what if it did have a nuclear payload on

918

00:33:30,409 --> 00:33:27,899

it it very clearly would have made it

919

00:33:33,470 --> 00:33:30,419

here and dropped its payload so is that

920

00:33:36,230 --> 00:33:33,480

the extent of the American Army the most

921

00:33:38,630 --> 00:33:36,240

spending uh government on Military on

922

00:33:42,230 --> 00:33:38,640

the planet by like two or three fold in

923

00:33:43,850 --> 00:33:42,240

some cases they have all this stuff but

924

00:33:46,009 --> 00:33:43,860

well we're not studying it at that

925

00:33:48,529 --> 00:33:46,019

elevate come on give me a break I don't

926

00:33:50,870 --> 00:33:48,539

buy any of your [h__\h] I don't buy it

927

00:33:52,370 --> 00:33:50,880

well again it goes you know hand in hand

928

00:33:54,230 --> 00:33:52,380

with the right hand doesn't know what

929

00:33:55,789 --> 00:33:54,240

the left hand is doing type thing right

930

00:33:58,490 --> 00:33:55,799

there's there's a bunch of clandestine

931

00:34:01,310 --> 00:33:58,500

organization of course privatization of

932

00:34:03,710 --> 00:34:01,320

companies and these private companies

933

00:34:06,169 --> 00:34:03,720

that are have

934

00:34:07,669 --> 00:34:06,179

technology that is let's just say like

935

00:34:08,690 --> 00:34:07,679

you know it's going to be secret for a

936

00:34:10,909 --> 00:34:08,700

long time

937

00:34:13,669 --> 00:34:10,919

we talked about this before crash

938

00:34:15,770 --> 00:34:13,679

retrievals it's it's not uncommon and

939

00:34:18,290 --> 00:34:15,780

there's been a bunch of them documented

940

00:34:19,909 --> 00:34:18,300

in other countries where America shows

941

00:34:21,710 --> 00:34:19,919

up and does the cleanup because they

942

00:34:24,109 --> 00:34:21,720

have the power and the capabilities to

943

00:34:25,790 --> 00:34:24,119

handle the situation uh which case we're

944

00:34:29,629 --> 00:34:25,800

talking about I think was in Brazil when

945

00:34:31,550 --> 00:34:29,639

they had those uh orbs in 1977 yeah yeah

946

00:34:33,770 --> 00:34:31,560

it was it was America that that went

947

00:34:35,450 --> 00:34:33,780

down there and it helped out uh with the

948

00:34:39,169 --> 00:34:35,460

Army about investigating what was going

949

00:34:41,690 --> 00:34:39,179

on same in Virginia you know they caught

950

00:34:43,310 --> 00:34:41,700

the being and then took it and examined

951
00:34:45,470 --> 00:34:43,320
it and then they sent it to the air base

952
00:34:46,909 --> 00:34:45,480
and there was a U.S cargo plane waiting

953
00:34:49,070 --> 00:34:46,919
to go and that was the end anybody heard

954
00:34:51,050 --> 00:34:49,080
of it right so they do take the lead on

955
00:34:53,089 --> 00:34:51,060
these type of Investigations yeah and

956
00:34:56,329 --> 00:34:53,099
again everything was hush-hush nothing

957
00:34:58,130 --> 00:34:56,339
got out that secret was held for I mean

958
00:34:59,450 --> 00:34:58,140
it took I think James Fox when we

959
00:35:01,250 --> 00:34:59,460
interviewed him about the movie moment

960
00:35:02,810 --> 00:35:01,260
of contact he said he personally went

961
00:35:05,030 --> 00:35:02,820
down there for 13 years just getting

962
00:35:05,870 --> 00:35:05,040
bits and pieces on the story until he

963
00:35:08,150 --> 00:35:05,880

realized man there's enough

964

00:35:10,010 --> 00:35:08,160

circumstantial evidence here not only to

965

00:35:12,109 --> 00:35:10,020

make it believe but to make it a movie

966

00:35:13,430 --> 00:35:12,119

that's how much material is there and

967

00:35:15,349 --> 00:35:13,440

yeah anybody knows when you record

968

00:35:17,569 --> 00:35:15,359

something you have like a week's worth

969

00:35:19,790 --> 00:35:17,579

of footage for a two-hour show right so

970

00:35:21,829 --> 00:35:19,800

so much of that gets cut down and

971

00:35:23,450 --> 00:35:21,839

doesn't even get used so that's the

972

00:35:26,089 --> 00:35:23,460

overwhelming amount of evidence that was

973

00:35:28,130 --> 00:35:26,099

there and they still silence that and

974

00:35:30,410 --> 00:35:28,140

they silence the Tic Tac and all these

975

00:35:32,810 --> 00:35:30,420

other legitimate encounters now they

976

00:35:35,210 --> 00:35:32,820

just like voluntarily tell you hey

977

00:35:37,190 --> 00:35:35,220

there's a UFO flying around not an alien

978

00:35:39,710 --> 00:35:37,200

craft but a UFO could be anything

979

00:35:41,990 --> 00:35:39,720

anything unidentified that's a flying

980

00:35:44,210 --> 00:35:42,000

object right they're voluntarily telling

981

00:35:47,750 --> 00:35:44,220

you there's a UFO we had to scramble

982

00:35:49,730 --> 00:35:47,760

Jets and if it is the only thing that I

983

00:35:52,190 --> 00:35:49,740

would give Credence to the potential

984

00:35:53,510 --> 00:35:52,200

that it is somebody else's Tech it would

985

00:35:55,790 --> 00:35:53,520

make sense why they would shoot it down

986

00:35:58,250 --> 00:35:55,800

because if you were infiltrated so

987

00:35:59,930 --> 00:35:58,260

easily to keep from having egg on your

988

00:36:02,150 --> 00:35:59,940

face and to show in the rest of the

989

00:36:03,170 --> 00:36:02,160

world you can sail them in we're just

990

00:36:05,390 --> 00:36:03,180

gonna shoot them down like they're

991

00:36:07,130 --> 00:36:05,400

nothing for our planes we know you did

992

00:36:08,450 --> 00:36:07,140

it we knocked the thing out of the plum

993

00:36:11,510 --> 00:36:08,460

but I don't believe it's somebody else's

994

00:36:14,270 --> 00:36:11,520

cat I don't think Russia is that stupid

995

00:36:17,750 --> 00:36:14,280

to think that that would even work nor

996

00:36:20,210 --> 00:36:17,760

China nor anybody else it's either a

997

00:36:22,370 --> 00:36:20,220

company that's done this it's a hobbyist

998

00:36:24,109 --> 00:36:22,380

some local group like a rocket club

999

00:36:26,210 --> 00:36:24,119

they're doing that just to mess with

1000

00:36:27,950 --> 00:36:26,220

people could be a coordinated effort

1001
00:36:29,810 --> 00:36:27,960
around the the Earth You know guys are

1002
00:36:31,430 --> 00:36:29,820
back in the day were pretty coordinated

1003
00:36:33,890 --> 00:36:31,440
with fake crop circles and stuff like

1004
00:36:36,710 --> 00:36:33,900
that too so with enough motivation you

1005
00:36:38,390 --> 00:36:36,720
can do this but I genuinely don't

1006
00:36:41,150 --> 00:36:38,400
believe it's a threat I don't think it's

1007
00:36:42,770 --> 00:36:41,160
from any Espionage any country I don't

1008
00:36:45,950 --> 00:36:42,780
think it's a real

1009
00:36:48,109 --> 00:36:45,960
ET UAP I I don't know what it is and

1010
00:36:50,690 --> 00:36:48,119
it's bothering me because I can't figure

1011
00:36:53,270 --> 00:36:50,700
out their play but yeah this is a

1012
00:36:54,829 --> 00:36:53,280
government that never talks ever you do

1013
00:36:57,170 --> 00:36:54,839

a freedom of information request it's

1014

00:37:00,170 --> 00:36:57,180

all redacted even if it's 50 years ago

1015

00:37:01,609 --> 00:37:00,180

and now I'm supposed to believe that you

1016

00:37:03,290 --> 00:37:01,619

guys are being totally straight and

1017

00:37:04,790 --> 00:37:03,300

honest about this and being like yeah

1018

00:37:07,670 --> 00:37:04,800

like this been going on for a long time

1019

00:37:08,690 --> 00:37:07,680

like maybe this is their way to get out

1020

00:37:10,250 --> 00:37:08,700

of the fact that they've been lying for

1021

00:37:11,690 --> 00:37:10,260

for 70 years because they can say well

1022

00:37:16,010 --> 00:37:11,700

look how honest we were when it happened

1023

00:37:18,170 --> 00:37:16,020

in 2023 yeah but it's not the real UAP

1024

00:37:19,730 --> 00:37:18,180

stuff and like where's if you want to

1025

00:37:21,950 --> 00:37:19,740

tell us that you're sincere give us the

1026

00:37:23,690 --> 00:37:21,960

footage off of uh off the Nimitz or off

1027

00:37:26,210 --> 00:37:23,700

to Princeton let's see the radar footage

1028

00:37:27,829 --> 00:37:26,220

of what the Tic Tac actually did you

1029

00:37:29,990 --> 00:37:27,839

have the data so if you want us to

1030

00:37:32,270 --> 00:37:30,000

believe that you know and that is for

1031

00:37:34,310 --> 00:37:32,280

Security National Security reasons we

1032

00:37:35,930 --> 00:37:34,320

can't reveal that but you can talk about

1033

00:37:38,990 --> 00:37:35,940

these things flying at forty thousand

1034

00:37:41,150 --> 00:37:39,000

feet commercial airliner elevation and

1035

00:37:43,670 --> 00:37:41,160

that's not a threat like if you sucked

1036

00:37:45,650 --> 00:37:43,680

in a bird you could take on a plane but

1037

00:37:48,290 --> 00:37:45,660

a balloon at this same elevation the

1038

00:37:51,290 --> 00:37:48,300

size of a car is not a threat give me a

1039

00:37:52,910 --> 00:37:51,300

break yeah I don't buy it well do you

1040

00:37:55,670 --> 00:37:52,920

say I'm skeptical I just I don't buy it

1041

00:37:57,589 --> 00:37:55,680

also interesting in this is the fact

1042

00:37:59,089 --> 00:37:57,599

that all three objects did not resemble

1043

00:38:01,490 --> 00:37:59,099

one another yeah there was no

1044

00:38:03,470 --> 00:38:01,500

similarities to either one the one that

1045

00:38:06,230 --> 00:38:03,480

came from Alberta

1046

00:38:09,530 --> 00:38:06,240

flew South to Montana and then East

1047

00:38:11,329 --> 00:38:09,540

towards Lake Huron it passed over a

1048

00:38:13,550 --> 00:38:11,339

military facility and if it wasn't

1049

00:38:16,370 --> 00:38:13,560

Montana it was another state but they

1050

00:38:18,170 --> 00:38:16,380

closed down the the airspace like there

1051
00:38:19,609 --> 00:38:18,180
was it was that serious that they closed

1052
00:38:21,650 --> 00:38:19,619
down their airspace because of this

1053
00:38:24,109 --> 00:38:21,660
object I can't speak on behalf of

1054
00:38:26,270 --> 00:38:24,119
American Air Traffic Control but we are

1055
00:38:27,950 --> 00:38:26,280
Canadian and I can tell you along the

1056
00:38:30,230 --> 00:38:27,960
Canadian American Border even just on

1057
00:38:31,790 --> 00:38:30,240
the Canadian side there is not one piece

1058
00:38:34,670 --> 00:38:31,800
of airspace that is not tracked by

1059
00:38:36,770 --> 00:38:34,680
somebody's air traffic including into

1060
00:38:39,770 --> 00:38:36,780
the U.S it's not like you know something

1061
00:38:41,630 --> 00:38:39,780
that's a big dome that senzo radar it

1062
00:38:43,490 --> 00:38:41,640
doesn't just end it's like you know when

1063
00:38:45,530 --> 00:38:43,500

you pick up free DirecTV in Canada

1064

00:38:47,510 --> 00:38:45,540

because it's coming from the state score

1065

00:38:49,970 --> 00:38:47,520

it doesn't just stop at the border okay

1066

00:38:52,609 --> 00:38:49,980

that stuff transmits so if it wasn't

1067

00:38:55,430 --> 00:38:52,619

there's no way that the the U.S

1068

00:38:56,870 --> 00:38:55,440

commercial airports the little um you

1069

00:38:58,670 --> 00:38:56,880

know kind of community airports the

1070

00:39:00,530 --> 00:38:58,680

small ones not like an international one

1071

00:39:03,109 --> 00:39:00,540

but like a regional airport would have

1072

00:39:05,030 --> 00:39:03,119

showed up there military bases Canadian

1073

00:39:06,470 --> 00:39:05,040

side American side you know how much

1074

00:39:09,170 --> 00:39:06,480

stuff it would have flown through to go

1075

00:39:10,609 --> 00:39:09,180

from Montana to Michigan that's a whole

1076

00:39:13,190 --> 00:39:10,619

bunch of states and quite a few

1077

00:39:15,950 --> 00:39:13,200

provinces as well don't tell me that

1078

00:39:18,050 --> 00:39:15,960

nobody knew what it was where it was and

1079

00:39:20,990 --> 00:39:18,060

it got all the way there and got shot

1080

00:39:22,910 --> 00:39:21,000

down if that was a storm it would take

1081

00:39:24,950 --> 00:39:22,920

two days to cross the country this

1082

00:39:27,470 --> 00:39:24,960

balloon did it in six hours come on

1083

00:39:30,950 --> 00:39:27,480

again propulsion system maybe but don't

1084

00:39:33,230 --> 00:39:30,960

tell me you had no idea how poorly does

1085

00:39:35,450 --> 00:39:33,240

that speak about your observation skills

1086

00:39:38,329 --> 00:39:35,460

yeah you can be Hoodwinked by a bloody

1087

00:39:40,730 --> 00:39:38,339

balloon and take days to shoot down the

1088

00:39:42,589 --> 00:39:40,740

Chinese one and lose track of this one

1089

00:39:44,390 --> 00:39:42,599

and then shoot it down in Michigan

1090

00:39:45,589 --> 00:39:44,400

yeah if they knew it was the same item

1091

00:39:48,230 --> 00:39:45,599

they would have said oh we finally got

1092

00:39:49,490 --> 00:39:48,240

eyes on it it's here not hey we're

1093

00:39:50,810 --> 00:39:49,500

closing down the airspace because

1094

00:39:52,010 --> 00:39:50,820

there's some weird thing in this guy we

1095

00:39:53,270 --> 00:39:52,020

don't know what the hell it is they

1096

00:39:55,250 --> 00:39:53,280

didn't know what it was until they went

1097

00:39:56,930 --> 00:39:55,260

up they didn't know it was connected or

1098

00:39:58,550 --> 00:39:56,940

not and and I don't necessarily believe

1099

00:40:01,370 --> 00:39:58,560

it either I think this is a narrative

1100

00:40:04,069 --> 00:40:01,380

stitched together like a quilt there's a

1101
00:40:06,170 --> 00:40:04,079
bunch of ugly patches also together to

1102
00:40:08,210 --> 00:40:06,180
make a pretty blanket that only the the

1103
00:40:10,430 --> 00:40:08,220
Creator thinks is pretty everybody else

1104
00:40:14,870 --> 00:40:10,440
we're just looking at it like what the

1105
00:40:17,270 --> 00:40:14,880
what is this yeah but you know and

1106
00:40:20,329 --> 00:40:17,280
I think true disclosure comes from the

1107
00:40:22,430 --> 00:40:20,339
men and women in the service that that

1108
00:40:24,770 --> 00:40:22,440
work in military Air Force those people

1109
00:40:27,770 --> 00:40:24,780
that have had experiences while serving

1110
00:40:30,230 --> 00:40:27,780
their country uh that they you say that

1111
00:40:32,569 --> 00:40:30,240
it wasn't normal these are the most

1112
00:40:35,150 --> 00:40:32,579
trusted people in the world they they go

1113
00:40:37,310 --> 00:40:35,160

out and defend their country they die

1114

00:40:38,930 --> 00:40:37,320

for their country and yet when they say

1115

00:40:40,790 --> 00:40:38,940

hey there's something really weird going

1116

00:40:43,329 --> 00:40:40,800

on between our government and the

1117

00:40:45,589 --> 00:40:43,339

sightings that we personally experience

1118

00:40:46,609 --> 00:40:45,599

people just look at them like they're

1119

00:40:48,950 --> 00:40:46,619

crazy

1120

00:40:50,930 --> 00:40:48,960

like oh that can't be real that it's

1121

00:40:53,450 --> 00:40:50,940

like no I've experienced these things

1122

00:40:54,829 --> 00:40:53,460

these fighter pilots uh you know

1123

00:40:57,230 --> 00:40:54,839

eventually they're going to start doing

1124

00:40:59,990 --> 00:40:57,240

podcasts if it's not soon it'll be a few

1125

00:41:02,150 --> 00:41:00,000

years down the road uh and we'll hear it

1126

00:41:03,829 --> 00:41:02,160

from them like what was it like and

1127

00:41:05,270 --> 00:41:03,839

they'll describe what their situation

1128

00:41:07,550 --> 00:41:05,280

was like the same way that we've had

1129

00:41:09,290 --> 00:41:07,560

people come on and podcasts and describe

1130

00:41:10,670 --> 00:41:09,300

what it was like for them whether you

1131

00:41:12,950 --> 00:41:10,680

know they served in the British military

1132

00:41:14,089 --> 00:41:12,960

the American Military Canadian doesn't

1133

00:41:16,370 --> 00:41:14,099

matter

1134

00:41:19,130 --> 00:41:16,380

those people who wear disclosure really

1135

00:41:20,870 --> 00:41:19,140

comes from it it's you know I don't care

1136

00:41:22,609 --> 00:41:20,880

if the the president doesn't know what

1137

00:41:25,130 --> 00:41:22,619

these objects are those people do

1138

00:41:27,410 --> 00:41:25,140

they've had experiences and the more we

1139

00:41:29,569 --> 00:41:27,420

collect that data from them the more we

1140

00:41:34,069 --> 00:41:29,579

get a better picture of what's happening

1141

00:41:36,470 --> 00:41:34,079

and how much does the shadow government

1142

00:41:38,270 --> 00:41:36,480

know about this you know like what are

1143

00:41:40,310 --> 00:41:38,280

they hiding and I think that that's

1144

00:41:42,890 --> 00:41:40,320

really you know that's why we encourage

1145

00:41:44,450 --> 00:41:42,900

people to to reach out because if you

1146

00:41:46,130 --> 00:41:44,460

know if you served in the military or

1147

00:41:47,930 --> 00:41:46,140

Air Force and you you've experienced

1148

00:41:49,190 --> 00:41:47,940

something like that there's tons of

1149

00:41:52,790 --> 00:41:49,200

people that have had those experiences

1150

00:41:55,790 --> 00:41:52,800

and like you're not alone yeah yeah

1151

00:41:58,010 --> 00:41:55,800

I don't uh I don't know how to take it I

1152

00:41:59,870 --> 00:41:58,020

mean normally what happens and even the

1153

00:42:01,790 --> 00:41:59,880

guys that we've talked to in regards to

1154

00:42:03,950 --> 00:42:01,800

the Tic Tac incident Sean Cahill Kevin

1155

00:42:06,290 --> 00:42:03,960

day they basically were all told you

1156

00:42:09,050 --> 00:42:06,300

shut up about this and don't talk but

1157

00:42:11,690 --> 00:42:09,060

now that's not happening like the pilots

1158

00:42:13,069 --> 00:42:11,700

are able to give a rapport from several

1159

00:42:14,089 --> 00:42:13,079

that's why they have different reports

1160

00:42:16,069 --> 00:42:14,099

it's almost like they didn't compare

1161

00:42:18,970 --> 00:42:16,079

notes before they just started talking

1162

00:42:21,950 --> 00:42:18,980

if this wasn't national security issue

1163

00:42:23,270 --> 00:42:21,960

and some politicians are saying it is

1164

00:42:25,730 --> 00:42:23,280

because of the fact that we don't know

1165

00:42:27,770 --> 00:42:25,740

it is the elevation the size that's a

1166

00:42:31,069 --> 00:42:27,780

threat it's it's in commercial airspace

1167

00:42:32,870 --> 00:42:31,079

but the usual default response is you

1168

00:42:36,170 --> 00:42:32,880

shut the hell up because it's a national

1169

00:42:38,270 --> 00:42:36,180

security issue if this was espionage

1170

00:42:40,250 --> 00:42:38,280

they would not be able to talk the news

1171

00:42:42,290 --> 00:42:40,260

wouldn't get any any information the

1172

00:42:44,750 --> 00:42:42,300

public wouldn't know all this would just

1173

00:42:46,430 --> 00:42:44,760

be buried it would not be available they

1174

00:42:48,589 --> 00:42:46,440

wouldn't be the ones right now we're

1175

00:42:50,690 --> 00:42:48,599

waiting with baited breath for the

1176

00:42:52,250 --> 00:42:50,700

government to say something next when

1177

00:42:53,510 --> 00:42:52,260

has that ever happened like do you

1178

00:42:55,790 --> 00:42:53,520

actually think they're telling you real

1179

00:42:58,130 --> 00:42:55,800

stuff come on give your head a shake

1180

00:43:00,530 --> 00:42:58,140

this is a game they will not tell the

1181

00:43:02,510 --> 00:43:00,540

public anything for the Public's benefit

1182

00:43:04,550 --> 00:43:02,520

they're doing this to push some kind of

1183

00:43:06,530 --> 00:43:04,560

narrative themselves maybe it's to muddy

1184

00:43:08,990 --> 00:43:06,540

the waters now that they know hey we do

1185

00:43:10,309 --> 00:43:09,000

have an aero office and maybe that's why

1186

00:43:11,690 --> 00:43:10,319

they're not involved yet because they

1187

00:43:13,790 --> 00:43:11,700

would quickly figure out that this is

1188

00:43:16,730 --> 00:43:13,800

nonsense but maybe it's too muddy the

1189

00:43:18,290 --> 00:43:16,740

waters for future real encounters they

1190

00:43:20,630 --> 00:43:18,300

can then say well you remember when we

1191

00:43:22,309 --> 00:43:20,640

had that weird balloon flop so it's

1192

00:43:25,550 --> 00:43:22,319

going to make us all tinfoil wearing

1193

00:43:27,230 --> 00:43:25,560

Believers again because it'll be easy to

1194

00:43:29,569 --> 00:43:27,240

just say well you don't know it was a

1195

00:43:31,569 --> 00:43:29,579

UAP eventually there'll be an answer to

1196

00:43:34,849 --> 00:43:31,579

this it'll be some company some whatever

1197

00:43:37,370 --> 00:43:34,859

it'll just be swept under the rug but

1198

00:43:39,349 --> 00:43:37,380

when people report real all UFO things

1199

00:43:41,390 --> 00:43:39,359

it's just going to be oh was this by

1200

00:43:43,370 --> 00:43:41,400

balloon it was this it was that it was a

1201
00:43:45,829 --> 00:43:43,380
hexagon with strings hanging down yeah

1202
00:43:48,069 --> 00:43:45,839
yeah that's a kids party balloon yeah

1203
00:43:50,750 --> 00:43:48,079
you need a missile to bring down a 13

1204
00:43:52,910 --> 00:43:50,760
mylar balloon yeah

1205
00:43:54,890 --> 00:43:52,920
use your head people don't don't believe

1206
00:43:57,170 --> 00:43:54,900
this stuff and I like Ross coltard

1207
00:43:59,270 --> 00:43:57,180
calling them out basically saying if you

1208
00:44:00,950 --> 00:43:59,280
work in the government or defense you

1209
00:44:03,589 --> 00:44:00,960
have a decision to make you're either

1210
00:44:05,870 --> 00:44:03,599
going to be part of the people that made

1211
00:44:07,490 --> 00:44:05,880
a difference to bring out the truth or

1212
00:44:10,550 --> 00:44:07,500
you're about to be part of a faction

1213
00:44:12,950 --> 00:44:10,560

that is breaking the law against its own

1214

00:44:15,290 --> 00:44:12,960

civilians and you should be punished for

1215

00:44:17,870 --> 00:44:15,300

that one day so like choose accordingly

1216

00:44:19,730 --> 00:44:17,880

right now right now from this point

1217

00:44:22,069 --> 00:44:19,740

forward where do you want to stand

1218

00:44:23,809 --> 00:44:22,079

because this is going to be a Breaking

1219

00:44:26,329 --> 00:44:23,819

Point people in our field are not going

1220

00:44:28,670 --> 00:44:26,339

to shut up about this again I just think

1221

00:44:30,170 --> 00:44:28,680

that the government knows all that if

1222

00:44:32,210 --> 00:44:30,180

they wanted this to go away we wouldn't

1223

00:44:34,970 --> 00:44:32,220

be getting anything so the fact that

1224

00:44:37,609 --> 00:44:34,980

they gave us anything it's it's on their

1225

00:44:39,950 --> 00:44:37,619

dime they're winning by doing this and I

1226

00:44:42,349 --> 00:44:39,960

just can't figure out how what the play

1227

00:44:44,809 --> 00:44:42,359

is but it's something because the

1228

00:44:47,089 --> 00:44:44,819

government has never once said well you

1229

00:44:48,950 --> 00:44:47,099

know people should know we where does

1230

00:44:50,690 --> 00:44:48,960

that compassion come from that doesn't

1231

00:44:53,390 --> 00:44:50,700

exist in a government level especially

1232

00:44:55,309 --> 00:44:53,400

not at a federal level yeah I don't buy

1233

00:44:56,750 --> 00:44:55,319

the official story of this I haven't

1234

00:44:58,190 --> 00:44:56,760

bought the official story of most things

1235

00:45:00,170 --> 00:44:58,200

that governments have said over the last

1236

00:45:01,670 --> 00:45:00,180

30 years

1237

00:45:04,609 --> 00:45:01,680

um but there's there's a reason they're

1238

00:45:06,410 --> 00:45:04,619

doing this it's not for fear it's to

1239

00:45:09,230 --> 00:45:06,420

have a plausible excuse for maybe

1240

00:45:10,670 --> 00:45:09,240

something in the future but you you

1241

00:45:13,430 --> 00:45:10,680

would make your military look so stupid

1242

00:45:15,170 --> 00:45:13,440

by saying hey yeah we've been uh don't

1243

00:45:17,390 --> 00:45:15,180

don't worry like Russia will never blow

1244

00:45:18,770 --> 00:45:17,400

us up because if they ever shoot that we

1245

00:45:20,089 --> 00:45:18,780

got missiles that could just take that

1246

00:45:22,370 --> 00:45:20,099

thing out before it even gets here

1247

00:45:25,250 --> 00:45:22,380

really and then you let a balloon float

1248

00:45:27,770 --> 00:45:25,260

through like who do you think you're

1249

00:45:30,470 --> 00:45:27,780

talking to we're not all complete idiots

1250

00:45:32,630 --> 00:45:30,480

some of us have podcasts and we'll call

1251
00:45:35,630 --> 00:45:32,640
your [h__\h] out so you think you think's

1252
00:45:38,510 --> 00:45:35,640
okay some big General in in Russia is

1253
00:45:40,550 --> 00:45:38,520
just looking at the TV going huh balloon

1254
00:45:42,050 --> 00:45:40,560
yeah good idea I didn't think of that

1255
00:45:45,650 --> 00:45:42,060
yeah they're coming up with like a

1256
00:45:48,230 --> 00:45:45,660
rocket in Russia that is supposed to go

1257
00:45:49,910 --> 00:45:48,240
us like 17 times the speed of sound or

1258
00:45:51,170 --> 00:45:49,920
something like that like just ridiculous

1259
00:45:52,849 --> 00:45:51,180
speed

1260
00:45:55,010 --> 00:45:52,859
but they didn't think of the balloon

1261
00:45:56,870 --> 00:45:55,020
like just this innocent balloon just

1262
00:45:59,150 --> 00:45:56,880
floating at like kind of like in 20

1263
00:46:00,530 --> 00:45:59,160

kilometers an hour what's that in soccer

1264

00:46:01,910 --> 00:46:00,540

the guys the professionals are always

1265

00:46:04,130 --> 00:46:01,920

coming in and they're just launching

1266

00:46:06,589 --> 00:46:04,140

these Rockets So the goalie is expecting

1267

00:46:07,849 --> 00:46:06,599

a like a lightning bolt of a shot and

1268

00:46:09,770 --> 00:46:07,859

then sometimes these guys will come in

1269

00:46:11,809 --> 00:46:09,780

and just chip the ball it's just this

1270

00:46:13,970 --> 00:46:11,819

little floater and the goalie like knows

1271

00:46:16,430 --> 00:46:13,980

right away he's screwed because he

1272

00:46:18,770 --> 00:46:16,440

wasn't expecting the low fly in the slow

1273

00:46:20,930 --> 00:46:18,780

guys so yeah maybe somebody's like yeah

1274

00:46:23,089 --> 00:46:20,940

let's just float one in and see you see

1275

00:46:25,490 --> 00:46:23,099

but I I I totally agree just on the

1276

00:46:28,069 --> 00:46:25,500

subject of soccer a goalie in soccer is

1277

00:46:30,650 --> 00:46:28,079

an actual goalie because he's got like

1278

00:46:33,410 --> 00:46:30,660

this tiny little skinny guy defending

1279

00:46:37,069 --> 00:46:33,420

this massive net worth of space right

1280

00:46:38,750 --> 00:46:37,079

and you think about hockey you got this

1281

00:46:41,750 --> 00:46:38,760

little net and then you got like the six

1282

00:46:43,190 --> 00:46:41,760

foot four dude that's bulk and he's

1283

00:46:45,410 --> 00:46:43,200

wearing a bunch of equipment and stuff

1284

00:46:47,630 --> 00:46:45,420

and he only got like this margin yeah

1285

00:46:49,130 --> 00:46:47,640

but nobody can kick a soccer ball 103

1286

00:46:50,750 --> 00:46:49,140

miles an hour like they could shoot a

1287

00:46:52,550 --> 00:46:50,760

hockey puck and the hockey Puck's a lot

1288

00:46:54,170 --> 00:46:52,560

smaller you got a lot more gaps in your

1289

00:46:55,490 --> 00:46:54,180

I'm a goalie so I'm speaking from

1290

00:46:58,309 --> 00:46:55,500

experience

1291

00:47:00,950 --> 00:46:58,319

yeah as the never position I'd want to

1292

00:47:02,329 --> 00:47:00,960

be in but uh no like I I totally agree

1293

00:47:04,550 --> 00:47:02,339

with you it's been an interesting week

1294

00:47:06,650 --> 00:47:04,560

and um I don't think this is done I

1295

00:47:08,270 --> 00:47:06,660

think there's more more to come as this

1296

00:47:10,849 --> 00:47:08,280

plays out anyways it's piqued our

1297

00:47:13,670 --> 00:47:10,859

interest again it's it's brought UFOs

1298

00:47:15,410 --> 00:47:13,680

and uaps back into the news which is

1299

00:47:17,089 --> 00:47:15,420

good I mean the more attention if there

1300

00:47:19,069 --> 00:47:17,099

has been a positive I will give it that

1301
00:47:20,270 --> 00:47:19,079
there are more people and I'm sure

1302
00:47:21,770 --> 00:47:20,280
you've had some but there were people

1303
00:47:24,230 --> 00:47:21,780
that they know we have a show our

1304
00:47:27,050 --> 00:47:24,240
friends not really that into it last

1305
00:47:28,970 --> 00:47:27,060
week people are less afraid to say hey

1306
00:47:30,470 --> 00:47:28,980
man like that's pretty cool what's going

1307
00:47:32,030 --> 00:47:30,480
on like I've been following it and

1308
00:47:33,470 --> 00:47:32,040
you've had how many people at work ask

1309
00:47:35,450 --> 00:47:33,480
you oh you got a show what's the name of

1310
00:47:38,270 --> 00:47:35,460
your show yeah where do I find you now

1311
00:47:40,910 --> 00:47:38,280
people care about uaps even though we

1312
00:47:42,710 --> 00:47:40,920
know this isn't aliens and craft it's

1313
00:47:45,230 --> 00:47:42,720

still at least sparking a little bit of

1314

00:47:47,750 --> 00:47:45,240

the interest to say hey it can be fun it

1315

00:47:50,270 --> 00:47:47,760

doesn't have to be tinfoil hat wearing

1316

00:47:52,670 --> 00:47:50,280

lunatics that believe in aliens this

1317

00:47:56,089 --> 00:47:52,680

isn't an alien flap I honestly believe

1318

00:47:57,410 --> 00:47:56,099

it is not but if anything positive comes

1319

00:47:59,870 --> 00:47:57,420

out of it at least the awareness is

1320

00:48:01,910 --> 00:47:59,880

there people are talking UFOs our phones

1321

00:48:04,370 --> 00:48:01,920

are blowing up we're doing a midweek

1322

00:48:05,809 --> 00:48:04,380

live show here just uh to chat about it

1323

00:48:07,550 --> 00:48:05,819

and give people some updates if they're

1324

00:48:10,910 --> 00:48:07,560

not following it as thoroughly as we are

1325

00:48:13,010 --> 00:48:10,920

but uh in terms of what the story is

1326

00:48:15,050 --> 00:48:13,020

just make your own opinion listen to

1327

00:48:18,290 --> 00:48:15,060

what everybody says and then throw away

1328

00:48:20,089 --> 00:48:18,300

90 of it and then you get close well

1329

00:48:23,329 --> 00:48:20,099

said and if you guys want to learn more

1330

00:48:26,390 --> 00:48:23,339

about uh the phenomenon and all that

1331

00:48:27,609 --> 00:48:26,400

entails uh please follow us we are on

1332

00:48:30,470 --> 00:48:27,619

UAP

1333

00:48:33,589 --> 00:48:30,480

studiespodcast.com and you can find us

1334

00:48:35,050 --> 00:48:33,599

on YouTube you can find us on Twitter uh

1335

00:48:39,170 --> 00:48:35,060

Facebook

1336

00:48:41,329 --> 00:48:39,180

page Amazon not Amazon and apple as well

1337

00:48:43,250 --> 00:48:41,339

so we're pretty much everywhere just

1338

00:48:45,890 --> 00:48:43,260

just type in the name and you'll find us

1339

00:48:48,230 --> 00:48:45,900

and you get to learn more uh from our

1340

00:48:51,589 --> 00:48:48,240

guests of course which are top-notch

1341

00:48:54,230 --> 00:48:51,599

scientists investigators uh researchers

1342

00:48:56,630 --> 00:48:54,240

military personnel people in the uh you

1343

00:48:58,670 --> 00:48:56,640

know Department of Defense uh really

1344

00:49:00,589 --> 00:48:58,680

cool people that that help us learn more

1345

00:49:02,870 --> 00:49:00,599

about what this phenomenon is and How

1346

00:49:05,089 --> 00:49:02,880

Deep The Rabbit Hole goes yeah and we're

1347

00:49:07,130 --> 00:49:05,099

also on the on X Network now that's uh

1348

00:49:09,490 --> 00:49:07,140

one of our new homes so in addition to

1349

00:49:12,550 --> 00:49:09,500

YouTube Spotify Apple if you go to

1350

00:49:15,650 --> 00:49:12,560

unexnetwork.com or on nextnetwork.com

1351
00:49:19,010 --> 00:49:15,660
UAP studies podcast uh they broadcast

1352
00:49:21,530 --> 00:49:19,020
their shows 8 P.M Pacific 11 pm Eastern

1353
00:49:24,230 --> 00:49:21,540
every Sunday and I just sent a whole

1354
00:49:27,109 --> 00:49:24,240
Archive of some of our you know bigger

1355
00:49:29,030 --> 00:49:27,119
name people uh to the up to the network

1356
00:49:30,230 --> 00:49:29,040
and I was going through it and just you

1357
00:49:32,510 --> 00:49:30,240
know you mentioned that we try to

1358
00:49:34,069 --> 00:49:32,520
interview the biggest and best names and

1359
00:49:36,829 --> 00:49:34,079
I'm looking through like George Knapp

1360
00:49:39,710 --> 00:49:36,839
Jim Sammy van Ross Colton Ralph

1361
00:49:42,170 --> 00:49:39,720
Blumenthal Avi Loeb Leslie Kane yeah

1362
00:49:44,390 --> 00:49:42,180
that's pretty crazy literally I was so

1363
00:49:46,490 --> 00:49:44,400

proud of our greatest hits recordings

1364

00:49:48,650 --> 00:49:46,500

because it's like man this is everybody

1365

00:49:50,270 --> 00:49:48,660

like I know we haven't literally

1366

00:49:53,030 --> 00:49:50,280

interviewed everybody but if we stop

1367

00:49:55,190 --> 00:49:53,040

right now I'm good we literally hit it

1368

00:49:56,450 --> 00:49:55,200

out of the park with these people this

1369

00:49:58,250 --> 00:49:56,460

year has been no different we've had

1370

00:50:00,470 --> 00:49:58,260

some huge names some huge names still to

1371

00:50:03,170 --> 00:50:00,480

come we used to advertise future

1372

00:50:05,450 --> 00:50:03,180

episodes like coming in May this person

1373

00:50:07,190 --> 00:50:05,460

but we found that things have gotten a

1374

00:50:08,690 --> 00:50:07,200

little more competitive lately and some

1375

00:50:11,210 --> 00:50:08,700

people try to book the same guests we

1376

00:50:12,470 --> 00:50:11,220

have and beat us to the Chase and we

1377

00:50:15,470 --> 00:50:12,480

never really been concerned about that

1378

00:50:17,329 --> 00:50:15,480

we've just been doing our own thing but

1379

00:50:19,670 --> 00:50:17,339

for the sake of not putting together a

1380

00:50:21,710 --> 00:50:19,680

bang or episode and then missing out by

1381

00:50:23,750 --> 00:50:21,720

two weeks to somebody else we're not

1382

00:50:26,030 --> 00:50:23,760

going to tell you who's coming all we

1383

00:50:27,349 --> 00:50:26,040

could say is stay tuned because there

1384

00:50:29,150 --> 00:50:27,359

are some massive names some we've

1385

00:50:31,430 --> 00:50:29,160

already mentioned like Gary Nolan's

1386

00:50:33,050 --> 00:50:31,440

coming on the show Ryan Graves uh Donald

1387

00:50:35,270 --> 00:50:33,060

Schmitz coming on the show as well

1388

00:50:37,790 --> 00:50:35,280

Raymond Donald Schmidt I believe is the

1389

00:50:39,710 --> 00:50:37,800

full name of him he's co-produced books

1390

00:50:41,630 --> 00:50:39,720

and been on TV and everything else but

1391

00:50:44,089 --> 00:50:41,640

there's a lot of other big names I will

1392

00:50:46,910 --> 00:50:44,099

not say all I can say is last year we

1393

00:50:48,410 --> 00:50:46,920

did you won't even tell me yeah but I

1394

00:50:49,790 --> 00:50:48,420

tell you I tell you that's a lie I tell

1395

00:50:51,290 --> 00:50:49,800

you actually I don't tell you until they

1396

00:50:53,809 --> 00:50:51,300

confirm because I don't want to jinx it

1397

00:50:55,190 --> 00:50:53,819

so there is some truth to that but all I

1398

00:50:57,049 --> 00:50:55,200

can say is our hard work that we really

1399

00:50:59,329 --> 00:50:57,059

put into this it's starting to pay off

1400

00:51:00,790 --> 00:50:59,339

uh even in the last couple of days like

1401

00:51:03,290 --> 00:51:00,800

we released an episode on Sunday

1402

00:51:05,510 --> 00:51:03,300

typically within the first 24 hours

1403

00:51:08,930 --> 00:51:05,520

would get about a thousand views on

1404

00:51:11,150 --> 00:51:08,940

Spotify maybe a thousand on YouTube and

1405

00:51:13,609 --> 00:51:11,160

Sunday's episodes pulled 6 000 views

1406

00:51:16,849 --> 00:51:13,619

already right so it's either people love

1407

00:51:19,010 --> 00:51:16,859

Mindy toddfest from mufon they love us

1408

00:51:21,109 --> 00:51:19,020

or this just topic is getting bigger and

1409

00:51:22,370 --> 00:51:21,119

bigger and people have a thirst for this

1410

00:51:24,470 --> 00:51:22,380

knowledge so

1411

00:51:25,790 --> 00:51:24,480

um so yeah please like And subscribe it

1412

00:51:28,250 --> 00:51:25,800

makes a big difference on how many

1413

00:51:29,690 --> 00:51:28,260

people we get displayed to we get a lot

1414

00:51:31,730 --> 00:51:29,700

of comments from people that say I wish

1415

00:51:33,890 --> 00:51:31,740

I knew about you sooner how are you guys

1416

00:51:36,410 --> 00:51:33,900

not bigger well on YouTube we've only

1417

00:51:38,870 --> 00:51:36,420

been there eight months this is deer two

1418

00:51:41,390 --> 00:51:38,880

two years in a bit of doing it and uh

1419

00:51:42,890 --> 00:51:41,400

we're at like episode 121 I believe is

1420

00:51:45,109 --> 00:51:42,900

the next one we record and quite a bit

1421

00:51:47,809 --> 00:51:45,119

now eh we're booked up to 140 believe it

1422

00:51:50,270 --> 00:51:47,819

or not we have another 19 ready to go

1423

00:51:52,309 --> 00:51:50,280

we were going to be busy but uh some of

1424

00:51:53,809 --> 00:51:52,319

these people they're you'll be very

1425

00:51:56,329 --> 00:51:53,819

surprised to see who we have what they

1426
00:51:57,950 --> 00:51:56,339
have to say so uh so stay tuned and we

1427
00:52:00,410 --> 00:51:57,960
appreciate your followers I mean there's

1428
00:52:01,790 --> 00:52:00,420
a few of you on right now on on live and

1429
00:52:04,730 --> 00:52:01,800
Facebook we try to do this on YouTube

1430
00:52:07,490 --> 00:52:04,740
apparently it's a 24-hour buffer we

1431
00:52:10,490 --> 00:52:07,500
don't do a live show because if Ross

1432
00:52:11,990 --> 00:52:10,500
coltard says uh Monday morning at 11 A.M

1433
00:52:13,730 --> 00:52:12,000
because that makes sense for him in

1434
00:52:16,549 --> 00:52:13,740
Australia time that's when we're doing

1435
00:52:18,890 --> 00:52:16,559
our show so we can't have a slot of 8

1436
00:52:20,150 --> 00:52:18,900
P.M Monday to Friday a there's not

1437
00:52:22,010 --> 00:52:20,160
enough people to make it interesting

1438
00:52:23,690 --> 00:52:22,020

every day and that's no offense to

1439

00:52:26,390 --> 00:52:23,700

people who have a weekly show or Daily

1440

00:52:27,890 --> 00:52:26,400

Show but sometimes they're hurting for a

1441

00:52:30,109 --> 00:52:27,900

guess let's be honest right they have

1442

00:52:32,030 --> 00:52:30,119

somebody on you're like who is this

1443

00:52:33,770 --> 00:52:32,040

person and why are they on so and so's

1444

00:52:35,630 --> 00:52:33,780

show we don't want to do that we take

1445

00:52:37,250 --> 00:52:35,640

our time some of these people it takes

1446

00:52:38,870 --> 00:52:37,260

months to book

1447

00:52:40,730 --> 00:52:38,880

um but it's our dedication to the

1448

00:52:42,829 --> 00:52:40,740

program to have that level of content

1449

00:52:45,230 --> 00:52:42,839

and caliber of people or we're not going

1450

00:52:47,569 --> 00:52:45,240

to do it so we're not going to become an

1451
00:52:49,670 --> 00:52:47,579
everyday type show it'll still be a once

1452
00:52:51,410 --> 00:52:49,680
a week kind of thing we've just grown

1453
00:52:53,690 --> 00:52:51,420
our platforms and all the places we're

1454
00:52:54,950 --> 00:52:53,700
now seen and if you guys could like And

1455
00:52:56,930 --> 00:52:54,960
subscribe it would definitely help us

1456
00:52:59,030 --> 00:52:56,940
continue that growth and we'll keep

1457
00:53:01,130 --> 00:52:59,040
doing our best and as always anytime you

1458
00:53:03,109 --> 00:53:01,140
message us or email us we always write

1459
00:53:04,670 --> 00:53:03,119
back we love hearing from you keep all

1460
00:53:06,650 --> 00:53:04,680
the loving comments and all that coming

1461
00:53:09,290 --> 00:53:06,660
share your experiences with us we love

1462
00:53:12,410 --> 00:53:09,300
reading it we do this for a genuine love

1463
00:53:13,609 --> 00:53:12,420

of the of the topic not for the money as

1464

00:53:15,710 --> 00:53:13,619

you all saw there's no commercial

1465

00:53:19,010 --> 00:53:15,720

tonight nor was there on our last show

1466

00:53:20,630 --> 00:53:19,020

or any other show it is we may have a

1467

00:53:23,030 --> 00:53:20,640

sponsor at some point but for the time

1468

00:53:24,410 --> 00:53:23,040

being it is commercial free programming

1469

00:53:26,809 --> 00:53:24,420

and I don't know of anybody at the same

1470

00:53:28,910 --> 00:53:26,819

level of us that's doing that so that's

1471

00:53:30,950 --> 00:53:28,920

kind of our commitment to you it's about

1472

00:53:33,109 --> 00:53:30,960

the info so that's my little rant we

1473

00:53:35,630 --> 00:53:33,119

love everybody I'll toss it back to my

1474

00:53:37,430 --> 00:53:35,640

buddy Jay here to wrap up yeah I know I

1475

00:53:39,829 --> 00:53:37,440

want to thank everybody for uh joining

1476

00:53:41,390 --> 00:53:39,839

us tonight and this will be I think

1477

00:53:43,790 --> 00:53:41,400

we're we're posting this as an episode

1478

00:53:45,349 --> 00:53:43,800

as well right yeah I'll put it up on our

1479

00:53:47,450 --> 00:53:45,359

YouTube page it was supposed to go there

1480

00:53:48,650 --> 00:53:47,460

live uh but I'll put it up there as soon

1481

00:53:50,569 --> 00:53:48,660

as we're done we are live on Facebook

1482

00:53:52,970 --> 00:53:50,579

right now uh it is kind of cool doing

1483

00:53:55,190 --> 00:53:52,980

these live shows a little uh impromptu

1484

00:53:57,349 --> 00:53:55,200

we just kind of wing it so when people

1485

00:53:59,270 --> 00:53:57,359

don't know you're having to show it 6 30

1486

00:54:01,069 --> 00:53:59,280

p.m and you're just an hour before we're

1487

00:54:02,210 --> 00:54:01,079

like yeah we're gonna do this so we

1488

00:54:04,370 --> 00:54:02,220

didn't expect a whole bunch of people to

1489

00:54:06,349 --> 00:54:04,380

watch but uh yeah we uh we like to

1490

00:54:09,049 --> 00:54:06,359

discuss this and bring content and yeah

1491

00:54:10,970 --> 00:54:09,059

do The Fad so to speak but uh and if any

1492

00:54:13,609 --> 00:54:10,980

of you guys already had the opinion that

1493

00:54:16,190 --> 00:54:13,619

we kind of did don't worry everybody

1494

00:54:18,349 --> 00:54:16,200

else feels the exact same way so if

1495

00:54:20,630 --> 00:54:18,359

you're feeling frustrated by this recent

1496

00:54:22,190 --> 00:54:20,640

um you know string of events you don't

1497

00:54:24,589 --> 00:54:22,200

feel like you're being told the truth

1498

00:54:27,170 --> 00:54:24,599

you're absolutely right and you have a

1499

00:54:29,030 --> 00:54:27,180

reason to be upset so my advice is just

1500

00:54:31,370 --> 00:54:29,040

don't take anything at face value really

1501

00:54:34,250 --> 00:54:31,380

look pay attention we've been sheep for

1502

00:54:35,930 --> 00:54:34,260

70 years it's time to end that and I

1503

00:54:38,510 --> 00:54:35,940

don't think this is going to be the end

1504

00:54:41,210 --> 00:54:38,520

all of things but if we handle this

1505

00:54:43,490 --> 00:54:41,220

correctly it could open some doors and

1506

00:54:44,750 --> 00:54:43,500

maybe it's maybe somebody's testing if

1507

00:54:46,250 --> 00:54:44,760

we really can handle it we've been

1508

00:54:49,069 --> 00:54:46,260

telling the governments of the world for

1509

00:54:51,230 --> 00:54:49,079

years we can handle the truth we didn't

1510

00:54:52,370 --> 00:54:51,240

do very good during covet well you know

1511

00:54:53,630 --> 00:54:52,380

instead of helping each other we all

1512

00:54:55,430 --> 00:54:53,640

went and bought two thousand rolls of

1513

00:54:58,790 --> 00:54:55,440

toilet paper that's about that was

1514

00:55:00,410 --> 00:54:58,800

important Louis that was important you

1515

00:55:02,630 --> 00:55:00,420

know why I wanted to wipe our butts I

1516

00:55:05,030 --> 00:55:02,640

asked somebody was a doctor I said why

1517

00:55:06,470 --> 00:55:05,040

what is with this toilet paper what I

1518

00:55:08,329 --> 00:55:06,480

could see people freaking out and become

1519

00:55:10,910 --> 00:55:08,339

germaphos but what's with the toilet

1520

00:55:13,430 --> 00:55:10,920

paper because initially the rumor was

1521

00:55:15,049 --> 00:55:13,440

that kovid was a type of bug that would

1522

00:55:17,390 --> 00:55:15,059

give you diarrhea for like four days

1523

00:55:18,890 --> 00:55:17,400

straight so everybody went bananas to

1524

00:55:21,230 --> 00:55:18,900

buy toilet paper that's where it came

1525

00:55:23,569 --> 00:55:21,240

from and I literally asked dozens of

1526

00:55:24,950 --> 00:55:23,579

people and nobody knew and I spoke to a

1527

00:55:27,890 --> 00:55:24,960

doctor and he says I'm pretty sure

1528

00:55:29,390 --> 00:55:27,900

that's the reason why it went nuts so

1529

00:55:31,370 --> 00:55:29,400

point being we didn't handle it very

1530

00:55:33,890 --> 00:55:31,380

well let's just behave ourselves now

1531

00:55:36,530 --> 00:55:33,900

let's not get radical let's not go nuts

1532

00:55:37,849 --> 00:55:36,540

let's just just basically speak to our

1533

00:55:39,650 --> 00:55:37,859

politicians and tell them it's not good

1534

00:55:42,410 --> 00:55:39,660

enough like if you think this suffices

1535

00:55:44,030 --> 00:55:42,420

for an answer Go Fish the next time

1536

00:55:46,490 --> 00:55:44,040

you're looking for a vote I may not have

1537

00:55:49,069 --> 00:55:46,500

one for you so be tough with the people

1538

00:55:50,809 --> 00:55:49,079

who it matters to uh politicians don't

1539

00:55:53,569 --> 00:55:50,819

go against the grain unless they have to

1540

00:55:55,490 --> 00:55:53,579

or unless it's to save their own skin so

1541

00:55:57,530 --> 00:55:55,500

if they know that they may not win an

1542

00:55:59,569 --> 00:55:57,540

election because they're not exactly

1543

00:56:01,309 --> 00:55:59,579

truthful about this they may behave

1544

00:56:03,470 --> 00:56:01,319

differently but if there's nobody

1545

00:56:05,150 --> 00:56:03,480

pushing and Steve Bassett always says

1546

00:56:06,950 --> 00:56:05,160

you know if you push the government hard

1547

00:56:09,530 --> 00:56:06,960

enough they would spill it but nobody's

1548

00:56:12,049 --> 00:56:09,540

pushing them not in the sense of you

1549

00:56:13,549 --> 00:56:12,059

know real push against something as big

1550

00:56:16,069 --> 00:56:13,559

as a government maybe there's no such

1551
00:56:18,170 --> 00:56:16,079
thing maybe that is impossible to do but

1552
00:56:20,030 --> 00:56:18,180
I think if we make some noise and

1553
00:56:21,710 --> 00:56:20,040
basically just challenge our politicians

1554
00:56:23,630 --> 00:56:21,720
and say whatever this BS that you've

1555
00:56:26,750 --> 00:56:23,640
been pulling it doesn't work we're not

1556
00:56:29,270 --> 00:56:26,760
stupid you know Go Fish try again what's

1557
00:56:30,890 --> 00:56:29,280
give us something else here so yeah just

1558
00:56:33,290 --> 00:56:30,900
don't buy into the narrative and you

1559
00:56:34,730 --> 00:56:33,300
know what I I'm really open that this is

1560
00:56:37,130 --> 00:56:34,740
going to change things maybe some

1561
00:56:39,410 --> 00:56:37,140
whistleblowers will come out and go to

1562
00:56:41,089 --> 00:56:39,420
Congress and testify I mean we you know

1563
00:56:43,970 --> 00:56:41,099

there's a bunch of of people that have

1564

00:56:46,130 --> 00:56:43,980

had these experiences before with crafts

1565

00:56:48,470 --> 00:56:46,140

similar to this a day's back like you

1566

00:56:51,890 --> 00:56:48,480

mentioned all the way back till you know

1567

00:56:53,750 --> 00:56:51,900

1930s for Crown out loud we just we're

1568

00:56:56,210 --> 00:56:53,760

at the point of discovering these things

1569

00:56:58,910 --> 00:56:56,220

better than we ever have because of the

1570

00:57:00,470 --> 00:56:58,920

technology that we have now and the fact

1571

00:57:03,290 --> 00:57:00,480

that we're upgrading our equipment maybe

1572

00:57:05,990 --> 00:57:03,300

we're detecting these things better

1573

00:57:08,270 --> 00:57:06,000

again I'm cautious about shooting these

1574

00:57:10,790 --> 00:57:08,280

things down I'm not too happy about that

1575

00:57:13,250 --> 00:57:10,800

please you know like you said don't

1576

00:57:15,290 --> 00:57:13,260

shoot first ask questions later not

1577

00:57:16,910 --> 00:57:15,300

really a good policy I just want to go

1578

00:57:18,890 --> 00:57:16,920

back to what you said there about we're

1579

00:57:21,109 --> 00:57:18,900

better at finding these things now these

1580

00:57:23,870 --> 00:57:21,119

things are 40 000 feet that's where all

1581

00:57:25,549 --> 00:57:23,880

commercial jets fly so that means we're

1582

00:57:26,690 --> 00:57:25,559

not monitoring our current airspace you

1583

00:57:27,770 --> 00:57:26,700

know how many mid-air collisions we

1584

00:57:30,230 --> 00:57:27,780

would have had if we weren't already

1585

00:57:31,910 --> 00:57:30,240

monitoring 40 000 feet like we have

1586

00:57:34,309 --> 00:57:31,920

planes that go up into the sixty

1587

00:57:36,290 --> 00:57:34,319

thousand eighty thousand their radar

1588

00:57:38,770 --> 00:57:36,300

still reaches there BS from satellite

1589

00:57:41,329 --> 00:57:38,780

down yeah or from Doppler ground up

1590

00:57:43,790 --> 00:57:41,339

there's no such thing as we haven't been

1591

00:57:45,589 --> 00:57:43,800

watching that airspace it doesn't it

1592

00:57:48,290 --> 00:57:45,599

doesn't exist we've been monitoring that

1593

00:57:50,930 --> 00:57:48,300

for 60 friggin years you know yeah and

1594

00:57:52,970 --> 00:57:50,940

to you know just one last thing that

1595

00:57:55,250 --> 00:57:52,980

like I said I want to point out is the

1596

00:57:57,170 --> 00:57:55,260

fact that the report that came out the

1597

00:58:00,109 --> 00:57:57,180

last second report that came out said

1598

00:58:03,290 --> 00:58:00,119

that there was no recorded on the in-air

1599

00:58:07,730 --> 00:58:03,300

collision between uaps and aircrafts

1600

00:58:09,410 --> 00:58:07,740

zero there was none right so now all of

1601
00:58:10,730 --> 00:58:09,420
a sudden we're shooting them down like

1602
00:58:12,589 --> 00:58:10,740
there's three of them that have like

1603
00:58:14,390 --> 00:58:12,599
right you never posed a threat now we're

1604
00:58:16,430 --> 00:58:14,400
different yeah and they're all the way

1605
00:58:18,710 --> 00:58:16,440
up North you know what I mean like like

1606
00:58:19,970 --> 00:58:18,720
over ice and we're shooting them down

1607
00:58:22,490 --> 00:58:19,980
like they're that important there's

1608
00:58:24,770 --> 00:58:22,500
commercial flights going there like like

1609
00:58:26,630 --> 00:58:24,780
I said keep and if it was something that

1610
00:58:28,849 --> 00:58:26,640
you weren't sure of why would you use a

1611
00:58:31,190 --> 00:58:28,859
missile that's like killing a mosquito

1612
00:58:33,109 --> 00:58:31,200
with a shotgun yeah there won't be a

1613
00:58:34,849 --> 00:58:33,119

piece of it left to even study why would

1614

00:58:36,950 --> 00:58:34,859

you use it like my wife was spiders

1615

00:58:38,750 --> 00:58:36,960

she'll use Furniture you know yeah

1616

00:58:40,549 --> 00:58:38,760

Overkill I know there's a hole in the

1617

00:58:43,730 --> 00:58:40,559

wall but I had to get that spider that

1618

00:58:45,650 --> 00:58:43,740

was huge you know huge honey I remember

1619

00:58:47,510 --> 00:58:45,660

this morning that was huge it was like

1620

00:58:50,569 --> 00:58:47,520

that but if you heard my wife's reaction

1621

00:58:53,230 --> 00:58:50,579

it was like that yeah you could hear it

1622

00:58:55,730 --> 00:58:53,240

on the floor yeah yeah

1623

00:58:57,109 --> 00:58:55,740

well yeah no this was fun man we should

1624

00:58:58,910 --> 00:58:57,119

do this it was fun it was good to yell

1625

00:59:00,349 --> 00:58:58,920

about this for a bit like I said I'm not

1626
00:59:03,049 --> 00:59:00,359
buying any of this you guys shouldn't

1627
00:59:05,450 --> 00:59:03,059
either make your own conclusions but uh

1628
00:59:06,410 --> 00:59:05,460
yeah yeah it doesn't make sense why you

1629
00:59:09,109 --> 00:59:06,420
would shoot it down what it looks like

1630
00:59:11,329 --> 00:59:09,119
like where it is none of it makes sense

1631
00:59:14,030 --> 00:59:11,339
yeah no I'm gonna go vent on another

1632
00:59:15,829 --> 00:59:14,040
show right now nice our friend Marquis

1633
00:59:17,690 --> 00:59:15,839
Williams from dimensions of reality he

1634
00:59:19,430 --> 00:59:17,700
wants to do an episode

1635
00:59:21,289 --> 00:59:19,440
um I don't think he's going live I don't

1636
00:59:24,049 --> 00:59:21,299
think he's got the zoom Pro to do that

1637
00:59:26,210 --> 00:59:24,059
but I'm gonna basically go and vent

1638
00:59:28,309 --> 00:59:26,220

about this some more so perfect we'll

1639

00:59:30,230 --> 00:59:28,319

see you all this Sunday by the way this

1640

00:59:32,930 --> 00:59:30,240

Sunday's episode is uh John Burroughs

1641

00:59:35,270 --> 00:59:32,940

rendez from forest incident uh he is the

1642

00:59:37,010 --> 00:59:35,280

real deal it's not like he is a

1643

00:59:39,950 --> 00:59:37,020

researcher on rendelstrom Forest he was

1644

00:59:43,250 --> 00:59:39,960

there it was him and and Mr peniston

1645

00:59:45,049 --> 00:59:43,260

that saw it had the physical effects you

1646

00:59:46,730 --> 00:59:45,059

know to this day the military doctors

1647

00:59:48,530 --> 00:59:46,740

won't tell him what's actually wrong

1648

00:59:50,690 --> 00:59:48,540

with him it's going to be a fascinating

1649

00:59:53,390 --> 00:59:50,700

interview so John Burroughs this Sunday

1650

00:59:54,829 --> 00:59:53,400

and uh stick with us you'll see a whole

1651

00:59:57,049 --> 00:59:54,839

bunch of more good people coming down

1652

00:59:59,150 --> 00:59:57,059

soon enough and uh we love what we do

1653

01:00:02,270 --> 00:59:59,160

and we love you guys keep the comments
