

**STEVE
BASSETT**

**UAP STUDIES
PODCAST**

1
00:00:03,649 --> 00:00:01,969
hey everybody welcome back it's gonna be

2
00:00:05,749 --> 00:00:03,659
a cool day today we got Uncle Steve in

3
00:00:07,249 --> 00:00:05,759
the House Uncle Steve uncle Steve

4
00:00:10,310 --> 00:00:07,259
Bassett uh we've had him on our show

5
00:00:12,890 --> 00:00:10,320
before he is one of the few people that

6
00:00:16,670 --> 00:00:12,900
can eloquently speak on all things

7
00:00:19,609 --> 00:00:16,680
political UAP history you know uh

8
00:00:21,890 --> 00:00:19,619
geopolitics exopolitics he can put it in

9
00:00:23,390 --> 00:00:21,900
such a way that's digestible and in a

10
00:00:25,189 --> 00:00:23,400
way that Jason and I just simply

11
00:00:27,769 --> 00:00:25,199
wouldn't be able to do without bringing

12
00:00:29,990 --> 00:00:27,779
on a really polarizing figure that's

13
00:00:32,870 --> 00:00:30,000

going to make half of you mad so Steve

14

00:00:34,729 --> 00:00:32,880

uh is a very opinionated guy he can uh

15

00:00:37,010 --> 00:00:34,739

go forever we will keep him on track

16

00:00:38,630 --> 00:00:37,020

hopefully but uh he always brings

17

00:00:40,790 --> 00:00:38,640

something of value and always puts it in

18

00:00:42,770 --> 00:00:40,800

a perspective that maybe we weren't

19

00:00:44,090 --> 00:00:42,780

thinking before and uh he's always

20

00:00:45,889 --> 00:00:44,100

welcome on our show we love chatting

21

00:00:47,090 --> 00:00:45,899

with him we're gonna uh we're gonna ask

22

00:00:48,770 --> 00:00:47,100

him some big questions there's a lot

23

00:00:50,810 --> 00:00:48,780

going on in the world he's a consummate

24

00:00:52,549 --> 00:00:50,820

Optimist I love him for it but I want to

25

00:00:54,650 --> 00:00:52,559

know why like why do you think we're

26
00:00:56,630 --> 00:00:54,660
gonna be okay and why do you think this

27
00:00:59,209 --> 00:00:56,640
thing is sorting itself out as it should

28
00:01:01,369 --> 00:00:59,219
so are you excited Jay you ready to go I

29
00:01:02,450 --> 00:01:01,379
am really looking forward to this I

30
00:01:04,189 --> 00:01:02,460
think it's going to be a good interview

31
00:01:06,590 --> 00:01:04,199
and he's been at it for such a long time

32
00:01:08,390 --> 00:01:06,600
that I mean we're bound to learn quite a

33
00:01:10,429 --> 00:01:08,400
few things from him so we always do yeah

34
00:01:12,170 --> 00:01:10,439
yeah if anything it'll be a light day at

35
00:01:13,670 --> 00:01:12,180
the shop for us and we'll get Steve to

36
00:01:15,289 --> 00:01:13,680
do some of the heavy lifting for us so

37
00:01:17,210 --> 00:01:15,299
super excited we'll bring it back with

38
00:01:20,510 --> 00:01:17,220

today's guest Mr Stephen Bassett right

39

00:01:24,350 --> 00:01:20,520

here on UAP studies podcast

40

00:01:42,910 --> 00:01:38,160

[Music]

41

00:01:47,210 --> 00:01:45,230

welcome back to another episode of UAP

42

00:01:48,890 --> 00:01:47,220

studies podcast my name is Louis Borges

43

00:01:51,649 --> 00:01:48,900

joining me as always my good friend and

44

00:01:54,289 --> 00:01:51,659

co-host Mr Jason Gilman hey I'm happy to

45

00:01:57,350 --> 00:01:54,299

be here this is a Another Sunday where

46

00:01:59,210 --> 00:01:57,360

we get to talk about uaps and

47

00:02:01,550 --> 00:01:59,220

people don't know this but Louie and I

48

00:02:04,130 --> 00:02:01,560

actually talk for about an hour before

49

00:02:05,990 --> 00:02:04,140

the show starts and we just not only

50

00:02:08,630 --> 00:02:06,000

talk UAP he's different things all the

51
00:02:10,790 --> 00:02:08,640
time but we we have so much that we are

52
00:02:12,530 --> 00:02:10,800
passionate about in this subject that

53
00:02:14,809 --> 00:02:12,540
it's it's important to note that you

54
00:02:16,850 --> 00:02:14,819
know we we do our studies on it and we

55
00:02:18,110 --> 00:02:16,860
do pick each other's brains on what are

56
00:02:20,270 --> 00:02:18,120
your ideas on this what are your ideas

57
00:02:22,369 --> 00:02:20,280
on that and uh we got a great guest

58
00:02:23,630 --> 00:02:22,379
today as well and Louie I'll let you

59
00:02:25,250 --> 00:02:23,640
introduce Our Guest today yeah

60
00:02:27,530 --> 00:02:25,260
absolutely so welcome back to the

61
00:02:30,050 --> 00:02:27,540
program again Mr Stephen Bassett this

62
00:02:33,050 --> 00:02:30,060
gentleman uh has appeared on over 1200

63
00:02:35,630 --> 00:02:33,060

radio television documentaries he's no

64

00:02:37,670 --> 00:02:35,640

stranger to the uh the media world uh he

65

00:02:39,890 --> 00:02:37,680

is the executive director of Paradigm

66

00:02:43,490 --> 00:02:39,900

research group a UFO activists and

67

00:02:45,890 --> 00:02:43,500

lobbyists since mid-90s uh he's uh my

68

00:02:47,869 --> 00:02:45,900

favorite consummate Optimist we love his

69

00:02:49,550 --> 00:02:47,879

uh his brain and how it works and uh

70

00:02:51,290 --> 00:02:49,560

very happy to have him so welcome to the

71

00:02:54,170 --> 00:02:51,300

show Steve glad to have you back again

72

00:02:56,390 --> 00:02:54,180

Louie Jason it's always a pleasure yeah

73

00:02:59,449 --> 00:02:56,400

likewise so uh you know we didn't really

74

00:03:00,710 --> 00:02:59,459

have a uh a a topic per se a lot of

75

00:03:03,229 --> 00:03:00,720

times with our guests we want to ask

76

00:03:05,150 --> 00:03:03,239

specifics you're so well spoken I feel

77

00:03:07,670 --> 00:03:05,160

like uh you know to our friend Chris

78

00:03:09,290 --> 00:03:07,680

Grant uh we says uh stick a key in the

79

00:03:11,270 --> 00:03:09,300

back of you and wind it up and let you

80

00:03:12,290 --> 00:03:11,280

go right so but we do want to ask about

81

00:03:13,910 --> 00:03:12,300

some things that are making the

82

00:03:15,949 --> 00:03:13,920

headlines lately

83

00:03:18,110 --> 00:03:15,959

um recently you've talked about on your

84

00:03:19,430 --> 00:03:18,120

various Pages uh Air Force vets are now

85

00:03:21,050 --> 00:03:19,440

testifying

86

00:03:22,490 --> 00:03:21,060

um gentleman like Robert Salas and

87

00:03:24,830 --> 00:03:22,500

things like that

88

00:03:27,890 --> 00:03:24,840

um we had Ryan Graves on uh yesterday

89

00:03:30,170 --> 00:03:27,900

and we have Kevin day coming up so a lot

90

00:03:31,850 --> 00:03:30,180

of focus on military people

91

00:03:33,649 --> 00:03:31,860

um Jason said it many times true

92

00:03:35,930 --> 00:03:33,659

disclosure is going to come from the men

93

00:03:37,309 --> 00:03:35,940

and women in military uh it's just a

94

00:03:39,050 --> 00:03:37,319

matter of time before we actually start

95

00:03:41,030 --> 00:03:39,060

listening to them and giving them to do

96

00:03:42,649 --> 00:03:41,040

that they're they're worth so give us

97

00:03:45,589 --> 00:03:42,659

your thoughts on the recent Air Force

98

00:03:48,530 --> 00:03:45,599

vets testifying uh at the arrow

99

00:03:50,690 --> 00:03:48,540

that's just one of countless things that

100

00:03:52,369 --> 00:03:50,700

are taking place

101
00:03:55,369 --> 00:03:52,379
um I'm trying to think of the best

102
00:03:57,530 --> 00:03:55,379
analogy uh

103
00:03:58,430 --> 00:03:57,540
I had one it was in my head the other

104
00:04:01,430 --> 00:03:58,440
day

105
00:04:02,990 --> 00:04:01,440
uh it's one of those analogies where the

106
00:04:06,170 --> 00:04:03,000
closer you get to something the faster

107
00:04:10,789 --> 00:04:08,750
rolling a stone down the hills kind of

108
00:04:12,229 --> 00:04:10,799
like that starts off slow keeps picking

109
00:04:15,050 --> 00:04:12,239
up speed by the time it gets down there

110
00:04:16,750 --> 00:04:15,060
it'll take out a whole village

111
00:04:19,490 --> 00:04:16,760
um and that's exactly what's going on

112
00:04:21,229 --> 00:04:19,500
there are so many developments happening

113
00:04:24,350 --> 00:04:21,239

simultaneously

114

00:04:27,050 --> 00:04:24,360

that essentially are unprecedented

115

00:04:28,990 --> 00:04:27,060

that it's clear that we're in the final

116

00:04:32,450 --> 00:04:29,000

days of the truth embargo

117

00:04:35,390 --> 00:04:32,460

and by that I mean the final days prior

118

00:04:37,070 --> 00:04:35,400

to the president finally confirming this

119

00:04:38,150 --> 00:04:37,080

uh there are other people that have

120

00:04:40,670 --> 00:04:38,160

confirmed it

121

00:04:42,530 --> 00:04:40,680

that isn't quite the same thing the

122

00:04:45,469 --> 00:04:42,540

president has to do it

123

00:04:47,090 --> 00:04:45,479

uh then it becomes not law but it

124

00:04:48,469 --> 00:04:47,100

becomes fundamentally the official

125

00:04:50,030 --> 00:04:48,479

position of the United States government

126

00:04:52,310 --> 00:04:50,040

which will be mirrored by every other

127

00:04:55,129 --> 00:04:52,320

government in the world of any size and

128

00:04:58,249 --> 00:04:55,139

shape within a week

129

00:05:01,070 --> 00:04:58,259

so final days boom bam boom I can't keep

130

00:05:02,930 --> 00:05:01,080

up with it uh thousands of Articles

131

00:05:04,850 --> 00:05:02,940

pouring out I have to triage them more

132

00:05:07,010 --> 00:05:04,860

than ever and I'm still up to over five

133

00:05:08,749 --> 00:05:07,020

thousand since 2017.

134

00:05:09,830 --> 00:05:08,759

thousands more I just it's just too much

135

00:05:11,689 --> 00:05:09,840

duplication

136

00:05:13,010 --> 00:05:11,699

right so the highest number of articles

137

00:05:14,030 --> 00:05:13,020

on the subject in the last five years

138

00:05:17,810 --> 00:05:14,040

ever

139

00:05:22,010 --> 00:05:17,820

something new

140

00:05:25,550 --> 00:05:22,020

so so now there's a an article out

141

00:05:26,689 --> 00:05:25,560

that scientists have indicated that they

142

00:05:28,129 --> 00:05:26,699

uh

143

00:05:29,870 --> 00:05:28,139

they think they're getting close to

144

00:05:32,330 --> 00:05:29,880

finding a bio signature on another

145

00:05:34,610 --> 00:05:32,340

planet there's 5 000 planets now that

146

00:05:36,650 --> 00:05:34,620

they have identified that have they're

147

00:05:39,110 --> 00:05:36,660

in the earth Zone

148

00:05:41,629 --> 00:05:39,120

they anticipate they may have bio

149

00:05:44,689 --> 00:05:41,639

signatures from 20 000 planets

150

00:05:48,409 --> 00:05:44,699

within a few years I think going okay

151
00:05:50,749 --> 00:05:48,419
good all right welcome aboard guys all

152
00:05:52,310 --> 00:05:50,759
right and then and then uh Steve

153
00:05:54,409 --> 00:05:52,320
Spielberg Stephen Spielberg goes on

154
00:05:56,450 --> 00:05:54,419
gives an interview where he says that

155
00:05:57,770 --> 00:05:56,460
this fascinating things out there and

156
00:05:59,810 --> 00:05:57,780
the government's not telling us

157
00:06:01,310 --> 00:05:59,820
everything boy that hit the news that's

158
00:06:03,650 --> 00:06:01,320
on about that's a bunch of papers

159
00:06:08,450 --> 00:06:03,660
covering that I don't even I don't even

160
00:06:10,490 --> 00:06:08,460
consider it a UFO story but it is uh why

161
00:06:14,990 --> 00:06:10,500
no offense to Stephen

162
00:06:17,450 --> 00:06:15,000
but I'm absolutely 100 certain Steven

163
00:06:19,189 --> 00:06:17,460

Spielberg doesn't just know the

164

00:06:21,890 --> 00:06:19,199

government's hiding something he knows

165

00:06:23,689 --> 00:06:21,900

exactly what the government is like

166

00:06:26,090 --> 00:06:23,699

he is known about the E.T presidents

167

00:06:28,189 --> 00:06:26,100

going back many decades

168

00:06:31,730 --> 00:06:28,199

because why because he's Steven

169

00:06:34,189 --> 00:06:31,740

Spielberg yeah he's a mega wealthy top

170

00:06:36,170 --> 00:06:34,199

of the line A-list producer with friends

171

00:06:37,790 --> 00:06:36,180

all over the world

172

00:06:39,950 --> 00:06:37,800

friends in government

173

00:06:42,290 --> 00:06:39,960

he actually showed a film once with

174

00:06:44,450 --> 00:06:42,300

Ronald Reagan at the White House okay

175

00:06:46,969 --> 00:06:44,460

the idea that no one tipped Steven

176

00:06:48,710 --> 00:06:46,979

Spielberg off you know Stephen I can't

177

00:06:50,809 --> 00:06:48,720

you know I can't tell you where the the

178

00:06:53,629 --> 00:06:50,819

usap programs are operating but you do

179

00:06:57,290 --> 00:06:53,639

know this is all real don't you and he's

180

00:06:59,150 --> 00:06:57,300

chosen to play it low-key but even

181

00:07:01,070 --> 00:06:59,160

Steven has decided he needs to get in

182

00:07:01,969 --> 00:07:01,080

the game so now he's saying the

183

00:07:03,409 --> 00:07:01,979

government's not telling anything

184

00:07:05,689 --> 00:07:03,419

knowing it's going to create a bunch of

185

00:07:07,550 --> 00:07:05,699

artists all right

186

00:07:09,350 --> 00:07:07,560

what else well

187

00:07:12,290 --> 00:07:09,360

for the first time ever

188

00:07:15,409 --> 00:07:12,300

recently the US Government after

189

00:07:17,270 --> 00:07:15,419

literally pretending they didn't exist

190

00:07:20,390 --> 00:07:17,280

for 25 years

191

00:07:22,010 --> 00:07:20,400

I mean literally didn't exist wouldn't

192

00:07:23,930 --> 00:07:22,020

interview him wouldn't talk to him

193

00:07:26,330 --> 00:07:23,940

wouldn't comment on them

194

00:07:28,129 --> 00:07:26,340

and when the Press did engage them some

195

00:07:29,570 --> 00:07:28,139

because they went to a lot of efforts to

196

00:07:31,129 --> 00:07:29,580

get some press they held two news

197

00:07:34,730 --> 00:07:31,139

conferences

198

00:07:37,909 --> 00:07:34,740

want two books one documentary

199

00:07:42,230 --> 00:07:37,919

no comment nothing why

200

00:07:45,290 --> 00:07:42,240

how do you undermine get away from or

201
00:07:46,550 --> 00:07:45,300
blow off the testimony of sac-based

202
00:07:49,610 --> 00:07:46,560
captains

203
00:07:51,650 --> 00:07:49,620
who are given the task of turning the

204
00:07:54,230 --> 00:07:51,660
keys that will launch nuclear weapons

205
00:07:56,990 --> 00:07:54,240
and then start a nuclear war

206
00:07:58,730 --> 00:07:57,000
uh well no they're they're mentally ill

207
00:08:03,110 --> 00:07:58,740
uh well you know they're not very

208
00:08:06,110 --> 00:08:03,120
reliable uh they tend to make things up

209
00:08:07,490 --> 00:08:06,120
no you kill them I guess you could do

210
00:08:10,129 --> 00:08:07,500
that they can suddenly just fall out of

211
00:08:12,469 --> 00:08:10,139
Windows like right now in in uh in

212
00:08:14,409 --> 00:08:12,479
Russia if you're an oligarch you don't

213
00:08:16,550 --> 00:08:14,419

want to ever get close to a window

214

00:08:17,870 --> 00:08:16,560

in fact you don't want to give above the

215

00:08:20,270 --> 00:08:17,880

first floor

216

00:08:22,010 --> 00:08:20,280

you can't kill him kidnap them what do

217

00:08:24,409 --> 00:08:22,020

you do you ignore them you figure out

218

00:08:26,330 --> 00:08:24,419

your Democratic nation that has some

219

00:08:28,670 --> 00:08:26,340

values still

220

00:08:31,010 --> 00:08:28,680

and that's what they did until they

221

00:08:33,529 --> 00:08:31,020

stopped ignoring them as of not too long

222

00:08:35,269 --> 00:08:33,539

ago they started interviewing them right

223

00:08:37,130 --> 00:08:35,279

it's been confirmed to me these

224

00:08:38,449 --> 00:08:37,140

interviews are pre Congressional

225

00:08:40,310 --> 00:08:38,459

hearings

226

00:08:41,870 --> 00:08:40,320

they're just not bringing them in hey

227

00:08:43,550 --> 00:08:41,880

Bob how you doing

228

00:08:45,050 --> 00:08:43,560

we've been what you know I want to talk

229

00:08:46,730 --> 00:08:45,060

to you we heard some things about you

230

00:08:49,030 --> 00:08:46,740

and something that went on in Maelstrom

231

00:08:50,930 --> 00:08:49,040

or whatever could you fill us in

232

00:08:55,250 --> 00:08:50,940

no

233

00:08:57,889 --> 00:08:55,260

nuclear weapons tampering cases from the

234

00:08:59,810 --> 00:08:57,899

get-go has known its ET or at least had

235

00:09:01,550 --> 00:08:59,820

known it's non-human craft right it's

236

00:09:03,889 --> 00:09:01,560

known it's not technologically possible

237

00:09:05,930 --> 00:09:03,899

from any of our our quote adversaries

238

00:09:09,350 --> 00:09:05,940

have absolutely known that the testimony

239

00:09:10,910 --> 00:09:09,360

of these gentlemen was hard rock truth

240

00:09:14,150 --> 00:09:10,920

but

241

00:09:16,130 --> 00:09:14,160

truth embargo Uber all

242

00:09:18,350 --> 00:09:16,140

in other words as long as the policy is

243

00:09:20,930 --> 00:09:18,360

truth and Bargo

244

00:09:23,090 --> 00:09:20,940

there aren't enough deathbed confessions

245

00:09:26,990 --> 00:09:23,100

there aren't enough books videos and

246

00:09:32,230 --> 00:09:30,110

that will change that policy

247

00:09:35,930 --> 00:09:32,240

it's going to take something much more

248

00:09:37,009 --> 00:09:35,940

expansive and something to their liking

249

00:09:39,290 --> 00:09:37,019

but

250

00:09:42,230 --> 00:09:39,300

let me be clear I love what's going on

251

00:09:44,509 --> 00:09:42,240

I'm thrilled about it I support it I'm

252

00:09:46,490 --> 00:09:44,519

happy about how it's going forward I

253

00:09:48,710 --> 00:09:46,500

understand the machinations that are

254

00:09:51,230 --> 00:09:48,720

needed I understand the difficulties the

255

00:09:52,370 --> 00:09:51,240

challenge of this I and I respect that

256

00:09:54,350 --> 00:09:52,380

as well

257

00:09:56,269 --> 00:09:54,360

and the point is as long as you get the

258

00:09:57,949 --> 00:09:56,279

job done I have a feeling it's all going

259

00:09:59,630 --> 00:09:57,959

to be fun it's all going to be just fine

260

00:10:02,090 --> 00:09:59,640

we'll all be able to sit down have some

261

00:10:04,190 --> 00:10:02,100

drinks talk about old times it'd be

262

00:10:06,290 --> 00:10:04,200

great so you got that

263

00:10:08,210 --> 00:10:06,300

all right what was the other story hang

264

00:10:10,910 --> 00:10:08,220

on a second let me just go up here

265

00:10:12,410 --> 00:10:10,920

see if I could find this puppy what is

266

00:10:14,389 --> 00:10:12,420

it while you're searching for that I

267

00:10:15,710 --> 00:10:14,399

just want to ask because I have notes

268

00:10:17,930 --> 00:10:15,720

that I made from a year ago when you

269

00:10:20,210 --> 00:10:17,940

were on and some fresh notes today and I

270

00:10:22,130 --> 00:10:20,220

noticed a recent quote you've said uh

271

00:10:24,290 --> 00:10:22,140

which is disclosure isn't years away

272

00:10:25,550 --> 00:10:24,300

it's months away and if that was

273

00:10:27,170 --> 00:10:25,560

something you were saying a year ago I

274

00:10:28,610 --> 00:10:27,180

definitely would have asked about it so

275

00:10:30,170 --> 00:10:28,620

what is it I mean obviously we know

276

00:10:32,810 --> 00:10:30,180

there's been progress since you know

277

00:10:34,910 --> 00:10:32,820

even the New York Times articles at Blue

278

00:10:37,009 --> 00:10:34,920

Elizondo all that has definitely caused

279

00:10:40,130 --> 00:10:37,019

a bit of a rolling but what specifically

280

00:10:42,110 --> 00:10:40,140

now makes you say and it gets so you

281

00:10:45,230 --> 00:10:42,120

know amped up at the fact that this is a

282

00:10:47,389 --> 00:10:45,240

months away thing no longer years away

283

00:10:48,650 --> 00:10:47,399

what I did was hang on I'm gonna I'm

284

00:10:50,389 --> 00:10:48,660

gonna I don't think it's gonna be a

285

00:10:53,210 --> 00:10:50,399

problem I'm gonna go to go to Twitter

286

00:10:56,509 --> 00:10:53,220

here just a second yeah let me pull that

287

00:10:58,310 --> 00:10:56,519

up go here let me get Twitter come on

288

00:11:04,190 --> 00:10:58,320

Twitter

289

00:11:06,170 --> 00:11:04,200
and and AI

290

00:11:08,210 --> 00:11:06,180
people will just build a Twitter

291

00:11:11,750 --> 00:11:08,220
accounts and they'll go to you know

292

00:11:13,190 --> 00:11:11,760
chatgpt and and ask it to give it some

293

00:11:14,930 --> 00:11:13,200
cool thing and then it'll give it back

294

00:11:16,130 --> 00:11:14,940
and then they'll tweet that and that's

295

00:11:18,590 --> 00:11:16,140
all it'll be that'll be the future

296

00:11:21,410 --> 00:11:18,600
forever let's see I'm gonna go up here

297

00:11:22,009 --> 00:11:21,420
to here and I'm gonna go to

298

00:11:24,650 --> 00:11:22,019
um

299

00:11:27,230 --> 00:11:24,660
it should bring up oh there it is okay

300

00:11:30,230 --> 00:11:27,240
uh let's see

301

00:11:34,009 --> 00:11:30,240

I basically put it because of a whole

302

00:11:36,590 --> 00:11:34,019

bunch of things that had happened right

303

00:11:39,590 --> 00:11:36,600

uh might get well you know let me just

304

00:11:41,509 --> 00:11:39,600

let me just go right

305

00:11:43,370 --> 00:11:41,519

um let's see

306

00:11:46,069 --> 00:11:43,380

you have the keys to the Ferrari Steve

307

00:11:49,430 --> 00:11:46,079

you are driving Politico writes an

308

00:11:52,490 --> 00:11:49,440

article we have a real UFO problem and

309

00:11:56,389 --> 00:11:52,500

it's not balloons okay and it's by Ryan

310

00:11:58,009 --> 00:11:56,399

Graves yeah right okay which which is a

311

00:11:59,990 --> 00:11:58,019

pretty substantial article then it's

312

00:12:01,370 --> 00:12:00,000

revealed that Ryan Graves has come

313

00:12:03,110 --> 00:12:01,380

together with a group and they formed an

314

00:12:05,509 --> 00:12:03,120

organization called

315

00:12:08,090 --> 00:12:05,519

keep protecting our Aerospace

316

00:12:09,889 --> 00:12:08,100

but it's actually a lobbying entity so

317

00:12:12,170 --> 00:12:09,899

one of the witnesses has formed a

318

00:12:14,269 --> 00:12:12,180

lobbying group right that is now on the

319

00:12:16,310 --> 00:12:14,279

hill lobbying and they've called it I

320

00:12:18,290 --> 00:12:16,320

think protecting our Aerospace which is

321

00:12:21,130 --> 00:12:18,300

an American Universal space I believe

322

00:12:24,050 --> 00:12:21,140

yeah and what now Americans

323

00:12:25,790 --> 00:12:24,060

safer yeah which is a nice way of

324

00:12:28,430 --> 00:12:25,800

putting it without getting into the UFO

325

00:12:30,470 --> 00:12:28,440

stuff but nobody's talking about so now

326

00:12:34,190 --> 00:12:30,480

what that's that's not the only lobbying

327

00:12:36,290 --> 00:12:34,200

group not too long ago mufon hired a 50

328

00:12:37,790 --> 00:12:36,300

000 a year high end lobbying firm

329

00:12:41,509 --> 00:12:37,800

they've been up on the hill lobbying

330

00:12:43,069 --> 00:12:41,519

them all right in 1997 I I I I spoke

331

00:12:45,110 --> 00:12:43,079

with the moof on board and told them

332

00:12:46,850 --> 00:12:45,120

they really needed to get into the

333

00:12:49,009 --> 00:12:46,860

political stuff and start lobbying

334

00:12:51,829 --> 00:12:49,019

because it was perfectly legal under the

335

00:12:55,430 --> 00:12:51,839

under the laws for 5013cs and how ARP

336

00:12:57,350 --> 00:12:55,440

you know had become a mega mega force

337

00:12:59,150 --> 00:12:57,360

the reason it has billions of dollars in

338

00:13:01,430 --> 00:12:59,160

all those people is not because they

339

00:13:03,290 --> 00:13:01,440

give out little special benefits in

340

00:13:05,509 --> 00:13:03,300

their magazines because they were they

341

00:13:08,870 --> 00:13:05,519

were known as the lobbying entity four

342

00:13:10,490 --> 00:13:08,880

people of an age and that's why people

343

00:13:12,889 --> 00:13:10,500

joined it to support the political

344

00:13:14,150 --> 00:13:12,899

action I said if you do this move on you

345

00:13:16,430 --> 00:13:14,160

could have a hundred thousand members

346

00:13:18,050 --> 00:13:16,440

they weren't up for it I reminded them

347

00:13:21,470 --> 00:13:18,060

three or four more times over the coming

348

00:13:23,810 --> 00:13:21,480

15 20 years nope no dice well guess what

349

00:13:26,090 --> 00:13:23,820

they've finally done it and I'm that's

350

00:13:27,470 --> 00:13:26,100

fine right they had their reasons for

351
00:13:30,410 --> 00:13:27,480
not going there might have been too soon

352
00:13:32,690 --> 00:13:30,420
who knows but now they're there and so

353
00:13:34,370 --> 00:13:32,700
fun is laughing all right so you got

354
00:13:35,329 --> 00:13:34,380
that what else oh it just gets better

355
00:13:39,350 --> 00:13:35,339
and better

356
00:13:42,769 --> 00:13:39,360
so uh then the other story is

357
00:13:45,170 --> 00:13:42,779
um how about this one oh yeah

358
00:13:46,670 --> 00:13:45,180
another major Senator and when I say

359
00:13:48,470 --> 00:13:46,680
major Senator I'm talking about people

360
00:13:50,449 --> 00:13:48,480
that have a future all right they have

361
00:13:53,750 --> 00:13:50,459
the potential to become major leaders if

362
00:13:55,009 --> 00:13:53,760
not run for president okay so this one

363
00:13:57,590 --> 00:13:55,019

was

364

00:13:59,329 --> 00:13:57,600

um Colorado U.S senator Michael Bennett

365

00:14:01,850 --> 00:13:59,339

a member of the Senate Intel committee

366

00:14:04,250 --> 00:14:01,860

and U.S senator John Hickenlooper

367

00:14:06,110 --> 00:14:04,260

Democrat Colorado joined the U.S

368

00:14:08,870 --> 00:14:06,120

senators Kirsten Gillibrand and Marco

369

00:14:10,610 --> 00:14:08,880

Rubio in a bipartisan push for full

370

00:14:13,490 --> 00:14:10,620

funding of the unidentified Arrow

371

00:14:15,769 --> 00:14:13,500

phenomena UAP office which they you know

372

00:14:16,910 --> 00:14:15,779

they it is that's not the name of it but

373

00:14:19,430 --> 00:14:16,920

they're referring to it in general

374

00:14:21,230 --> 00:14:19,440

formerly known as the all domain anomaly

375

00:14:25,310 --> 00:14:21,240

resolution office well they got that

376

00:14:27,889 --> 00:14:25,320

wrong it's the opposite okay it is now

377

00:14:29,930 --> 00:14:27,899

the all domain uh anomaly resolution

378

00:14:31,670 --> 00:14:29,940

office formerly the other so the article

379

00:14:34,250 --> 00:14:31,680

got it wrong but the point is

380

00:14:36,889 --> 00:14:34,260

it basically made major powerful

381

00:14:39,230 --> 00:14:36,899

Senators have come forward and said we

382

00:14:41,030 --> 00:14:39,240

said you to set this up we told you what

383

00:14:42,230 --> 00:14:41,040

we wanted and now we want to get the

384

00:14:43,569 --> 00:14:42,240

funding because I think there's not

385

00:14:45,829 --> 00:14:43,579

enough funding there

386

00:14:49,550 --> 00:14:45,839

tell me how many times that's happened

387

00:14:51,590 --> 00:14:49,560

since 1947 right yeah okay this is

388

00:14:52,610 --> 00:14:51,600

highly significant let's see what else I

389

00:14:55,129 --> 00:14:52,620

had there

390

00:14:56,750 --> 00:14:55,139

oh I'm having fun here this is great I

391

00:14:58,250 --> 00:14:56,760

love being able to jump around like this

392

00:14:59,569 --> 00:14:58,260

stuff now where's my two oh there's my

393

00:15:01,250 --> 00:14:59,579

Twitter let's try what isn't a computer

394

00:15:03,110 --> 00:15:01,260

in the world fast enough for your brain

395

00:15:05,090 --> 00:15:03,120

Steve no there isn't there is absolutely

396

00:15:06,769 --> 00:15:05,100

not Washington Post I mean again these

397

00:15:08,150 --> 00:15:06,779

all happen within a short amount of time

398

00:15:10,310 --> 00:15:08,160

okay

399

00:15:12,110 --> 00:15:10,320

a big article in the Washington Post U.S

400

00:15:15,769 --> 00:15:12,120

government has been dancing around UFOs

401
00:15:18,889 --> 00:15:15,779
for 75 years right and basically they're

402
00:15:21,170 --> 00:15:18,899
saying it's time to get on on track uh

403
00:15:23,329 --> 00:15:21,180
and then Mike Gallagher jumps in right

404
00:15:25,189 --> 00:15:23,339
what is my gallery gonna do

405
00:15:28,069 --> 00:15:25,199
Mike Gallagher comes in who's another

406
00:15:30,410 --> 00:15:28,079
major Senator was substantial uh well he

407
00:15:33,230 --> 00:15:30,420
he just was just made that the chairman

408
00:15:35,389 --> 00:15:33,240
of a key new Committee in the house put

409
00:15:37,490 --> 00:15:35,399
together by the the Republicans called

410
00:15:39,889 --> 00:15:37,500
the uh chairman on uh committee on

411
00:15:43,009 --> 00:15:39,899
science select committee on China right

412
00:15:45,530 --> 00:15:43,019
on China made him the chairman you don't

413
00:15:48,769 --> 00:15:45,540

give that job to somebody who doesn't

414

00:15:50,329 --> 00:15:48,779

have a major future in the party okay he

415

00:15:52,870 --> 00:15:50,339

is already considered presidential

416

00:15:54,410 --> 00:15:52,880

candidate candidate material

417

00:15:58,310 --> 00:15:54,420

Gallagher's statement on

418

00:16:00,949 --> 00:15:58,320

administration's new AP interagency team

419

00:16:02,689 --> 00:16:00,959

Mike Gallagher who today released the

420

00:16:04,970 --> 00:16:02,699

following statement in response to the

421

00:16:06,710 --> 00:16:04,980

creation of the interagency team which

422

00:16:08,930 --> 00:16:06,720

is the all domain anomaly resolution

423

00:16:11,269 --> 00:16:08,940

office I look forward to engaging with

424

00:16:15,590 --> 00:16:11,279

the new White House UAP interagency team

425

00:16:19,069 --> 00:16:15,600

oh he he is referring to rather

426

00:16:22,550 --> 00:16:19,079

the fact that the the White House as

427

00:16:24,650 --> 00:16:22,560

part of the balloon Fiasco decided to

428

00:16:26,870 --> 00:16:24,660

create its own little team so we'll call

429

00:16:29,509 --> 00:16:26,880

it a White House Team all right but

430

00:16:33,050 --> 00:16:29,519

it'll be interagency media will interact

431

00:16:35,210 --> 00:16:33,060

you so the White House UAP interagency

432

00:16:37,670 --> 00:16:35,220

team has given this topic the attention

433

00:16:39,590 --> 00:16:37,680

and series that it deserves is long

434

00:16:41,090 --> 00:16:39,600

overdue however we must also caution

435

00:16:42,829 --> 00:16:41,100

against duplication of efforts

436

00:16:45,050 --> 00:16:42,839

government spending and political

437

00:16:48,590 --> 00:16:45,060

Showmanship we have already stood up a

438

00:16:50,210 --> 00:16:48,600

DOD LED interagency UAP task force arrow

439

00:16:52,970 --> 00:16:50,220

and it's my hope that the White House

440

00:16:56,569 --> 00:16:52,980

will compliment not hinder and impede I

441

00:16:58,970 --> 00:16:56,579

mean come on guys you you've got you've

442

00:17:01,310 --> 00:16:58,980

got people in Congress complaining about

443

00:17:03,949 --> 00:17:01,320

the fact that we may have too much

444

00:17:05,750 --> 00:17:03,959

studying of the phenomena and and we

445

00:17:08,030 --> 00:17:05,760

don't want to duplicate each other's

446

00:17:11,090 --> 00:17:08,040

efforts this is the same government the

447

00:17:12,470 --> 00:17:11,100

closed down Blue Book in 1969 put out

448

00:17:14,870 --> 00:17:12,480

the stupid conduct committee report

449

00:17:16,850 --> 00:17:14,880

closed everything down destroyed Nike

450

00:17:19,970 --> 00:17:16,860

cap and said there's nothing there that

451
00:17:22,490 --> 00:17:19,980
was 1969. now they're setting up too

452
00:17:25,370 --> 00:17:22,500
many inter agency committees but the

453
00:17:26,390 --> 00:17:25,380
White House move is smart why

454
00:17:28,189 --> 00:17:26,400
yeah

455
00:17:30,890 --> 00:17:28,199
I love getting excited and then coming

456
00:17:32,810 --> 00:17:30,900
down like this isn't it cool you could

457
00:17:35,750 --> 00:17:32,820
be a Shakespearean actor Steve

458
00:17:37,010 --> 00:17:35,760
as I've told you the process that is

459
00:17:39,590 --> 00:17:37,020
going on now

460
00:17:41,029 --> 00:17:39,600
has is not the government just learned

461
00:17:43,610 --> 00:17:41,039
there's something up there they don't

462
00:17:45,289 --> 00:17:43,620
know about or that they're not

463
00:17:46,610 --> 00:17:45,299

researching that's something that they

464

00:17:49,909 --> 00:17:46,620

do know about

465

00:17:51,830 --> 00:17:49,919

uh everything that is happening now is

466

00:17:53,570 --> 00:17:51,840

setting up infrastructure

467

00:17:55,010 --> 00:17:53,580

for two reasons

468

00:17:57,169 --> 00:17:55,020

one

469

00:17:59,150 --> 00:17:57,179

the president has got to tell you know

470

00:18:00,970 --> 00:17:59,160

the ETS are here there's a non-human

471

00:18:04,130 --> 00:18:00,980

intelligence engaging us

472

00:18:06,409 --> 00:18:04,140

until that happens everything else is

473

00:18:08,870 --> 00:18:06,419

continues to go round and round and

474

00:18:11,810 --> 00:18:08,880

round and round we waste our time we

475

00:18:13,070 --> 00:18:11,820

waste our effort and so forth and a lot

476

00:18:16,070 --> 00:18:13,080

of people out there that just enjoy

477

00:18:18,049 --> 00:18:16,080

debunking this will continue to do it

478

00:18:19,730 --> 00:18:18,059

plus we can't engage other countries on

479

00:18:20,930 --> 00:18:19,740

it and when the president makes the

480

00:18:22,490 --> 00:18:20,940

announcement all the other countries

481

00:18:24,909 --> 00:18:22,500

will announce therefore we're in the

482

00:18:27,830 --> 00:18:24,919

post-disclosure world immediately well

483

00:18:29,570 --> 00:18:27,840

technically immediately but in a more

484

00:18:31,970 --> 00:18:29,580

Global sense within probably a week two

485

00:18:33,289 --> 00:18:31,980

weeks so it has to come for the

486

00:18:34,669 --> 00:18:33,299

president so one setting up the

487

00:18:36,710 --> 00:18:34,679

infrastructure that allows that to

488

00:18:39,110 --> 00:18:36,720

happen and two

489

00:18:41,450 --> 00:18:39,120

setting up the infrastructure which is

490

00:18:43,970 --> 00:18:41,460

basically the same infrastructure that

491

00:18:46,909 --> 00:18:43,980

will deal with the post-disclosure world

492

00:18:48,650 --> 00:18:46,919

in other words if although if all of the

493

00:18:50,750 --> 00:18:48,660

major nations of the world within a week

494

00:18:52,310 --> 00:18:50,760

or 10 days confirmed to their citizens

495

00:18:54,950 --> 00:18:52,320

yeah

496

00:18:57,470 --> 00:18:54,960

that's not human right

497

00:18:59,870 --> 00:18:57,480

could be from the future not a chance

498

00:19:01,430 --> 00:18:59,880

could be from another dimension not a

499

00:19:03,890 --> 00:19:01,440

chance could have been living inside the

500

00:19:06,650 --> 00:19:03,900

Earth all these years not a chance could

501
00:19:08,870 --> 00:19:06,660
be from another planet you betcha that's

502
00:19:11,150 --> 00:19:08,880
exactly where they're from all right all

503
00:19:14,990 --> 00:19:11,160
this other speculation is fine it's fun

504
00:19:16,909 --> 00:19:15,000
and I get it but well it's just part of

505
00:19:19,310 --> 00:19:16,919
the truth embargo meaning without any

506
00:19:20,029 --> 00:19:19,320
resolution anything is possible all

507
00:19:22,610 --> 00:19:20,039
right

508
00:19:25,310 --> 00:19:22,620
so think about that we're now in a

509
00:19:27,350 --> 00:19:25,320
post-disclosure world shall we list all

510
00:19:28,310 --> 00:19:27,360
of the things that could be affected by

511
00:19:31,250 --> 00:19:28,320
that

512
00:19:34,310 --> 00:19:31,260
thousands hundreds of thousands through

513
00:19:35,630 --> 00:19:34,320

the implications for geopolitics foreign

514

00:19:37,370 --> 00:19:35,640

policy

515

00:19:39,110 --> 00:19:37,380

science and everything else not to

516

00:19:41,690 --> 00:19:39,120

mention just the general world view of

517

00:19:42,890 --> 00:19:41,700

every living person on the planet so do

518

00:19:45,650 --> 00:19:42,900

you think governments are going to need

519

00:19:47,570 --> 00:19:45,660

to prepare for that have something you

520

00:19:50,029 --> 00:19:47,580

know set up where they could kind of

521

00:19:52,010 --> 00:19:50,039

address it or take test questions from

522

00:19:53,270 --> 00:19:52,020

the public or whatever the hell I want

523

00:19:55,190 --> 00:19:53,280

of course they do

524

00:19:56,510 --> 00:19:55,200

do they want to have to suddenly start

525

00:19:58,850 --> 00:19:56,520

doing that because the president

526
00:20:01,010 --> 00:19:58,860
suddenly announces yep it's true there's

527
00:20:02,930 --> 00:20:01,020
an E.T presence and the dod goes what

528
00:20:04,430 --> 00:20:02,940
what did I do you weren't supposed to

529
00:20:07,370 --> 00:20:04,440
say that yet we have to set up something

530
00:20:09,470 --> 00:20:07,380
no whatever what the religiously no no

531
00:20:12,710 --> 00:20:09,480
no no no no no you've had plenty of

532
00:20:14,630 --> 00:20:12,720
time to do this in a reasonable way that

533
00:20:16,730 --> 00:20:14,640
is what is going on

534
00:20:19,130 --> 00:20:16,740
it is a

535
00:20:21,710 --> 00:20:19,140
as I like to say

536
00:20:22,730 --> 00:20:21,720
a public relations-driven extrication

537
00:20:25,310 --> 00:20:22,740
project

538
00:20:27,310 --> 00:20:25,320

in which the government one extricates

539

00:20:30,049 --> 00:20:27,320

itself out from a 75 year old

540

00:20:31,909 --> 00:20:30,059

misrepresentation of reality and

541

00:20:35,510 --> 00:20:31,919

preserves itself for the new reality

542

00:20:38,450 --> 00:20:35,520

that that confirmation will bring

543

00:20:40,850 --> 00:20:38,460

orderly structured funded taking a

544

00:20:42,529 --> 00:20:40,860

little time but I'm granting them that I

545

00:20:44,690 --> 00:20:42,539

mean I'm not as frustrated about the

546

00:20:46,549 --> 00:20:44,700

timeline given the fact that we're

547

00:20:49,310 --> 00:20:46,559

dealing with the worst pandemic in human

548

00:20:50,930 --> 00:20:49,320

history in terms of scope size total

549

00:20:53,750 --> 00:20:50,940

number deaths Etc

550

00:20:56,090 --> 00:20:53,760

right and the political situation in the

551
00:20:58,310 --> 00:20:56,100
United States has gone into the toilet

552
00:20:59,390 --> 00:20:58,320
and so so I'm not surprised that it

553
00:21:01,070 --> 00:20:59,400
stretched out under different

554
00:21:02,510 --> 00:21:01,080
circumstances I think we would have been

555
00:21:06,169 --> 00:21:02,520
there sometime

556
00:21:07,370 --> 00:21:06,179
so public relations driven extrication

557
00:21:09,470 --> 00:21:07,380
meaning

558
00:21:10,909 --> 00:21:09,480
when you've been lying for 75 years how

559
00:21:12,350 --> 00:21:10,919
do you stop lying

560
00:21:14,529 --> 00:21:12,360
what do you do

561
00:21:17,810 --> 00:21:14,539
send everybody an email

562
00:21:19,370 --> 00:21:17,820
good point National email deals we all

563
00:21:22,190 --> 00:21:19,380

wake up with morning Tron phone get an

564

00:21:24,049 --> 00:21:22,200

email from the government so sorry I'm

565

00:21:26,750 --> 00:21:24,059

really so sorry but uh we haven't been

566

00:21:29,810 --> 00:21:26,760

telling the truth since 47 and there are

567

00:21:31,130 --> 00:21:29,820

in fact ETS here and well it's going to

568

00:21:33,649 --> 00:21:31,140

be okay it's going to be fine it's gonna

569

00:21:36,230 --> 00:21:33,659

be fine more from us soon yeah that's

570

00:21:38,510 --> 00:21:36,240

like the guy divorcing his wife by email

571

00:21:42,230 --> 00:21:38,520

or whatever that kind of stuff not not

572

00:21:45,890 --> 00:21:42,240

good very very very very uh untoward

573

00:21:48,710 --> 00:21:45,900

they could do that no they have to go

574

00:21:51,230 --> 00:21:48,720

through a process that will be orderly

575

00:21:53,210 --> 00:21:51,240

constructive involving all the necessary

576
00:21:55,610 --> 00:21:53,220
entities so everybody gets to play and

577
00:21:58,010 --> 00:21:55,620
be part of it and be viewed as being

578
00:22:00,350 --> 00:21:58,020
part of the solution

579
00:22:02,390 --> 00:22:00,360
the you know in certain terms of the

580
00:22:03,289 --> 00:22:02,400
government's concern the Air Force the

581
00:22:07,070 --> 00:22:03,299
Navy

582
00:22:09,710 --> 00:22:07,080
CIA FBI all the members of Congress the

583
00:22:14,090 --> 00:22:09,720
White House nobody wants to be

584
00:22:15,770 --> 00:22:14,100
considered as the bad guys here right I

585
00:22:18,230 --> 00:22:15,780
mean I suppose there's some temptation

586
00:22:21,289 --> 00:22:18,240
to do some scapegoating right answer the

587
00:22:23,210 --> 00:22:21,299
Air Force is thinking of Navy on this

588
00:22:24,770 --> 00:22:23,220

it's all there are problems we'll only

589

00:22:26,930 --> 00:22:24,780

have some documents and they'll say the

590

00:22:28,909 --> 00:22:26,940

Navy did it all meanwhile the CI is

591

00:22:31,130 --> 00:22:28,919

thinking we could probably scapegoat the

592

00:22:33,890 --> 00:22:31,140

FBI and members of Congress thinking

593

00:22:35,810 --> 00:22:33,900

well we can scapegoat the other party no

594

00:22:36,890 --> 00:22:35,820

that's not happening you want to know

595

00:22:39,710 --> 00:22:36,900

why

596

00:22:43,070 --> 00:22:39,720

because this issue is the most important

597

00:22:44,690 --> 00:22:43,080

issue in the world nothing comes close

598

00:22:47,570 --> 00:22:44,700

to this issue

599

00:22:50,990 --> 00:22:47,580

and sometimes something is so important

600

00:22:53,390 --> 00:22:51,000

so significant and so profound that the

601
00:22:56,690 --> 00:22:53,400
idea of screwing around with it

602
00:22:58,909 --> 00:22:56,700
well it's beyond that particularly as it

603
00:23:00,590 --> 00:22:58,919
matures yeah they screwed around with it

604
00:23:02,270 --> 00:23:00,600
for years but not in the way I'm talking

605
00:23:05,029 --> 00:23:02,280
about I'm talking about well it's

606
00:23:06,770 --> 00:23:05,039
happening how can we how can we bail how

607
00:23:09,590 --> 00:23:06,780
can we hide how can we screw somebody

608
00:23:13,490 --> 00:23:09,600
else no no no no this is the time for

609
00:23:16,909 --> 00:23:13,500
everybody to put on their moral suits

610
00:23:18,529 --> 00:23:16,919
their thinking caps and go this is so

611
00:23:20,990 --> 00:23:18,539
much bigger than me

612
00:23:23,029 --> 00:23:21,000
so much bigger than my party so much

613
00:23:25,250 --> 00:23:23,039

bigger than the United States so much

614

00:23:27,049 --> 00:23:25,260

bigger than our foreign policies

615

00:23:28,909 --> 00:23:27,059

bigger than a military that could be

616

00:23:30,830 --> 00:23:28,919

quite straight yeah it's bigger than a

617

00:23:34,070 --> 00:23:30,840

military and it's bigger than the

618

00:23:36,350 --> 00:23:34,080

military yeah so that is what is going

619

00:23:39,529 --> 00:23:36,360

on so

620

00:23:41,390 --> 00:23:39,539

as this as this moves forward

621

00:23:42,950 --> 00:23:41,400

and given just the things that I've

622

00:23:44,450 --> 00:23:42,960

mentioned there's a couple other stories

623

00:23:46,430 --> 00:23:44,460

there I mean it's just they're happening

624

00:23:48,230 --> 00:23:46,440

so fast what the hell let me let me get

625

00:23:49,490 --> 00:23:48,240

out of there don't do that let me go

626
00:23:51,409 --> 00:23:49,500
here

627
00:23:53,630 --> 00:23:51,419
uh

628
00:23:55,610 --> 00:23:53,640
I need more Twitter followers by the way

629
00:23:57,230 --> 00:23:55,620
I'd appreciate if people would go and

630
00:23:58,970 --> 00:23:57,240
sign up for Paradigm research group we

631
00:24:01,610 --> 00:23:58,980
follow or follow Steve Bassett it's the

632
00:24:02,930 --> 00:24:01,620
same site I need more you're only as

633
00:24:05,149 --> 00:24:02,940
powerful as the number of Twitter

634
00:24:07,850 --> 00:24:05,159
followers you have I hope that's finally

635
00:24:09,350 --> 00:24:07,860
understood though it's biblical too it's

636
00:24:11,149 --> 00:24:09,360
it's in the Bible all right everybody

637
00:24:12,590 --> 00:24:11,159
subscribe to Steve Bassett help him out

638
00:24:15,049 --> 00:24:12,600

show them some love Twitter Twitter

639

00:24:17,029 --> 00:24:15,059

Paradigm research group Steve Bassett oh

640

00:24:20,169 --> 00:24:17,039

that article is gone I'm so sorry let me

641

00:24:22,909 --> 00:24:20,179

go with this one what's this one uh

642

00:24:24,890 --> 00:24:22,919

uh oh Daily Mail that could be

643

00:24:27,590 --> 00:24:24,900

interesting oh that was the one about uh

644

00:24:30,110 --> 00:24:27,600

interviewing uh yeah interviewing the

645

00:24:33,110 --> 00:24:30,120

exclusive Witnesses so the point is is

646

00:24:35,990 --> 00:24:33,120

that you for those that are

647

00:24:41,090 --> 00:24:38,870

I don't envy that just pointing out for

648

00:24:43,190 --> 00:24:41,100

those that are young really young with

649

00:24:45,169 --> 00:24:43,200

many years ahead of them they don't know

650

00:24:46,510 --> 00:24:45,179

the history of this issue

651
00:24:50,570 --> 00:24:46,520
they don't know what happened before

652
00:24:52,430 --> 00:24:50,580
1990 okay the Millennials what

653
00:24:55,190 --> 00:24:52,440
they don't understand that what's

654
00:24:58,130 --> 00:24:55,200
happening now is unprecedented in the

655
00:25:01,549 --> 00:24:58,140
Max and so naturally it's like damn what

656
00:25:04,070 --> 00:25:01,559
oh okay that's interesting I understand

657
00:25:05,810 --> 00:25:04,080
but hey it is

658
00:25:09,770 --> 00:25:05,820
and those are the Baby Boomers and gen

659
00:25:11,510 --> 00:25:09,780
X's we know how unprecedented it is

660
00:25:13,789 --> 00:25:11,520
and so

661
00:25:16,490 --> 00:25:13,799
when I speak about this I'm saying look

662
00:25:19,310 --> 00:25:16,500
if you consider the past history what is

663
00:25:21,590 --> 00:25:19,320

happening now is clearly indicative that

664

00:25:23,090 --> 00:25:21,600

this thing is wrapping up you know when

665

00:25:25,130 --> 00:25:23,100

the last you know you know when a

666

00:25:26,570 --> 00:25:25,140

football game is ending there's a Time

667

00:25:28,010 --> 00:25:26,580

Clock you're in the fourth quarter

668

00:25:30,409 --> 00:25:28,020

there's two minutes left they do the two

669

00:25:32,570 --> 00:25:30,419

minute drill right so people say no no

670

00:25:34,430 --> 00:25:32,580

no no this game is going to go on for 12

671

00:25:36,890 --> 00:25:34,440

over times

672

00:25:39,350 --> 00:25:36,900

hell they've even eliminated that in the

673

00:25:40,490 --> 00:25:39,360

NFL they have ties again you know when

674

00:25:42,350 --> 00:25:40,500

you're in the fourth quarter you know

675

00:25:44,810 --> 00:25:42,360

we're in the ninth inning of a baseball

676

00:25:46,370 --> 00:25:44,820

game well right now we're in the ninth

677

00:25:48,470 --> 00:25:46,380

inning of a baseball game the the the

678

00:25:51,649 --> 00:25:48,480

government is up at bat with one out

679

00:25:54,350 --> 00:25:51,659

it's down seven runs all right people

680

00:25:57,649 --> 00:25:54,360

are leaving for the parking lot

681

00:25:59,930 --> 00:25:57,659

so I'm just saying guys for those

682

00:26:02,330 --> 00:25:59,940

they're not to you guys you guys know

683

00:26:04,549 --> 00:26:02,340

but I'm actually speaking to the the

684

00:26:07,490 --> 00:26:04,559

other journalists who have yet to figure

685

00:26:08,990 --> 00:26:07,500

this out right all you find Pulitzer

686

00:26:10,730 --> 00:26:09,000

prize-winning journalists working for

687

00:26:12,649 --> 00:26:10,740

these fine Pulitzer prize-winning papers

688

00:26:14,330 --> 00:26:12,659

who haven't figured out that the biggest

689

00:26:17,510 --> 00:26:14,340

event in human history is happening

690

00:26:19,130 --> 00:26:17,520

right before your eyeballs you may want

691

00:26:20,930 --> 00:26:19,140

to take a look

692

00:26:22,909 --> 00:26:20,940

right and see if there's something you

693

00:26:25,070 --> 00:26:22,919

could write about it

694

00:26:27,470 --> 00:26:25,080

but that's more than that

695

00:26:29,930 --> 00:26:27,480

all those papers all those big news

696

00:26:32,690 --> 00:26:29,940

shows not not new shows but these uh

697

00:26:34,190 --> 00:26:32,700

investigatory shows and so forth might

698

00:26:35,810 --> 00:26:34,200

be a good time to start doing a little

699

00:26:37,669 --> 00:26:35,820

investigation

700

00:26:40,789 --> 00:26:37,679

not not to give the government a hard

701
00:26:44,029 --> 00:26:40,799
time so much but rather just to get more

702
00:26:45,649 --> 00:26:44,039
info right I mean podcasts are great

703
00:26:47,210 --> 00:26:45,659
there are several hundred thousand of

704
00:26:48,710 --> 00:26:47,220
them and this one's very good and you

705
00:26:50,990 --> 00:26:48,720
can learn a lot from this podcast and

706
00:26:52,730 --> 00:26:51,000
the other ones but you know you're huge

707
00:26:54,169 --> 00:26:52,740
papers and huge networks and you have

708
00:26:56,330 --> 00:26:54,179
big budgets and you have people working

709
00:26:58,370 --> 00:26:56,340
for you you could go out and you could

710
00:26:59,870 --> 00:26:58,380
find out a lot which would give you a

711
00:27:02,029 --> 00:26:59,880
heads up as things move forward you can

712
00:27:03,830 --> 00:27:02,039
come up with some killer stories

713
00:27:05,810 --> 00:27:03,840

but if you're still thinking the truth

714

00:27:08,210 --> 00:27:05,820

embargo is in place in that sense it's

715

00:27:10,549 --> 00:27:08,220

not ending and like well you know you

716

00:27:11,750 --> 00:27:10,559

just don't go there yeah which is best

717

00:27:13,610 --> 00:27:11,760

not to touch

718

00:27:15,110 --> 00:27:13,620

them we don't investigate there there's

719

00:27:17,029 --> 00:27:15,120

so many other things we could look at

720

00:27:18,830 --> 00:27:17,039

right if you want to continue to play

721

00:27:21,769 --> 00:27:18,840

the government's game then fine some

722

00:27:24,350 --> 00:27:21,779

others will get those stories right so

723

00:27:25,730 --> 00:27:24,360

and so and the more investigation the

724

00:27:29,690 --> 00:27:25,740

more journalism

725

00:27:32,690 --> 00:27:29,700

the faster this picks up and when it

726

00:27:34,490 --> 00:27:32,700

finally ends it will be so fast

727

00:27:36,049 --> 00:27:34,500

they'd be gone what

728

00:27:39,529 --> 00:27:36,059

even though you've been following it

729

00:27:41,630 --> 00:27:39,539

this closely and the and the um the uh

730

00:27:42,529 --> 00:27:41,640

the metaphor I like to use is simply

731

00:27:44,750 --> 00:27:42,539

this

732

00:27:47,710 --> 00:27:44,760

okay and I'm not going to be the guy

733

00:27:51,409 --> 00:27:47,720

that does this it's the town official

734

00:27:53,269 --> 00:27:51,419

that uh puts out a uh it goes on the

735

00:27:55,850 --> 00:27:53,279

radio very quickly and one of those

736

00:27:58,909 --> 00:27:55,860

emergency calls the thing is blaring

737

00:28:01,930 --> 00:27:58,919

radio message it says all the folks of

738

00:28:05,930 --> 00:28:01,940

such and such a town look the damn

739

00:28:07,070 --> 00:28:05,940

upriver is completely busted uh broken

740

00:28:10,190 --> 00:28:07,080

through

741

00:28:15,169 --> 00:28:10,200

uh however do not be concerned because

742

00:28:19,610 --> 00:28:17,690

you got it yeah okay

743

00:28:22,610 --> 00:28:19,620

you see once the dam bursts the

744

00:28:25,490 --> 00:28:22,620

government simply cannot order the water

745

00:28:27,049 --> 00:28:25,500

to move slowly it's coming down and it's

746

00:28:28,730 --> 00:28:27,059

taking everything out with it now that's

747

00:28:31,250 --> 00:28:28,740

a little drastic

748

00:28:34,970 --> 00:28:31,260

I don't mean it quite that way

749

00:28:39,830 --> 00:28:34,980

I mean that this dam is about to burst

750

00:28:42,529 --> 00:28:39,840

period okay there's no doubt now the

751

00:28:46,310 --> 00:28:42,539

only thing that could prevent it

752

00:28:49,909 --> 00:28:46,320

would be something really human

753

00:28:54,169 --> 00:28:49,919

like a nuclear war an invasion of Taiwan

754

00:28:56,930 --> 00:28:54,179

an invasion of Poland by Putin

755

00:28:58,789 --> 00:28:56,940

something that of use of a tactical knew

756

00:29:01,789 --> 00:28:58,799

which is not an well actually you use a

757

00:29:04,610 --> 00:29:01,799

tactical nuke that is a nuclear war uh

758

00:29:06,350 --> 00:29:04,620

as far as the country that's you know on

759

00:29:08,510 --> 00:29:06,360

the sending and receding end of that

760

00:29:11,630 --> 00:29:08,520

right uh it's not a global nuclear war

761

00:29:14,690 --> 00:29:11,640

something like that could delay this

762

00:29:16,789 --> 00:29:14,700

uh beyond that oh well massive meteor

763

00:29:18,289 --> 00:29:16,799

hitting the earth size of the chickaloo

764

00:29:21,830 --> 00:29:18,299

yeah that would do it but other than

765

00:29:24,529 --> 00:29:21,840

that no this is almost over

766

00:29:26,389 --> 00:29:24,539

but it's not fully over and and the

767

00:29:27,830 --> 00:29:26,399

reason for that is is that the processes

768

00:29:30,289 --> 00:29:27,840

still are underway

769

00:29:32,630 --> 00:29:30,299

you have to interview Witnesses the

770

00:29:34,909 --> 00:29:32,640

White House has made a decision to step

771

00:29:36,710 --> 00:29:34,919

in a little bit partially because this

772

00:29:39,230 --> 00:29:36,720

balloon thing was a total Fiasco and I

773

00:29:40,669 --> 00:29:39,240

want to talk about that I

774

00:29:46,850 --> 00:29:40,679

the

775

00:29:49,730 --> 00:29:46,860

civilian science-based agency has gotten

776

00:29:51,830 --> 00:29:49,740

into it right they've started a study

777

00:29:52,970 --> 00:29:51,840

program over there right uh because I

778

00:29:55,370 --> 00:29:52,980

think it's probably worth looking into

779

00:29:58,130 --> 00:29:55,380

we are the NASA space agency after all

780

00:30:00,230 --> 00:29:58,140

and I have to be amused

781

00:30:02,630 --> 00:30:00,240

do you think NASA doesn't know there's

782

00:30:05,690 --> 00:30:02,640

an ET presence the chances of that is

783

00:30:08,690 --> 00:30:05,700

zero yeah now by NASA I don't mean every

784

00:30:11,510 --> 00:30:08,700

single person working in NASA I mean in

785

00:30:14,930 --> 00:30:11,520

people of significance such as former

786

00:30:17,810 --> 00:30:14,940

administrators and or uh

787

00:30:19,549 --> 00:30:17,820

others very key people key scientists of

788

00:30:21,169 --> 00:30:19,559

course no

789

00:30:23,630 --> 00:30:21,179

and have known

790

00:30:25,549 --> 00:30:23,640

going back to the day it was formed in

791

00:30:27,470 --> 00:30:25,559

1958

792

00:30:30,049 --> 00:30:27,480

but they couldn't do anything because

793

00:30:32,330 --> 00:30:30,059

truth and Barbara Uber all and believe

794

00:30:33,649 --> 00:30:32,340

me NASA would have benefited quite

795

00:30:35,690 --> 00:30:33,659

nicely by an announcement of an

796

00:30:37,730 --> 00:30:35,700

extraterrestrial presence in terms of

797

00:30:39,289 --> 00:30:37,740

their budgetary needs it would be

798

00:30:40,430 --> 00:30:39,299

whatever you want whatever what do you

799

00:30:42,230 --> 00:30:40,440

need tell me write a check for it right

800

00:30:43,490 --> 00:30:42,240

how much you want 50 billion 100 billion

801
00:30:45,230 --> 00:30:43,500
whatever right

802
00:30:47,930 --> 00:30:45,240
uh no

803
00:30:49,970 --> 00:30:47,940
had to sit on it and sit on everything

804
00:30:52,310 --> 00:30:49,980
it's found and boy am I looking forward

805
00:30:55,370 --> 00:30:52,320
to seeing what NASA has in its files and

806
00:30:56,870 --> 00:30:55,380
those quote uh locked up files the one

807
00:30:58,909 --> 00:30:56,880
that can't see the light of day I can't

808
00:31:01,310 --> 00:30:58,919
wait for that so NASA's joined on

809
00:31:03,289 --> 00:31:01,320
and now the White House has stepped in

810
00:31:04,010 --> 00:31:03,299
uh the members of Congress have stepped

811
00:31:09,169 --> 00:31:04,020
in

812
00:31:10,669 --> 00:31:09,179
essentially a cross-agency entity which

813
00:31:12,889 --> 00:31:10,679

is being put together

814

00:31:14,810 --> 00:31:12,899

massive legislation has been been

815

00:31:17,570 --> 00:31:14,820

followed they're now demanding more

816

00:31:19,970 --> 00:31:17,580

funds be put into the working group

817

00:31:23,029 --> 00:31:19,980

uh what more

818

00:31:26,570 --> 00:31:23,039

do we need before the journalists go

819

00:31:28,490 --> 00:31:26,580

holy mackerel this thing is going down

820

00:31:29,090 --> 00:31:28,500

right

821

00:31:32,210 --> 00:31:29,100

um

822

00:31:33,950 --> 00:31:32,220

and start calling me I I just add that

823

00:31:35,810 --> 00:31:33,960

I'm just going to mention any call me

824

00:31:37,370 --> 00:31:35,820

anytime Washington Post I've been in all

825

00:31:39,710 --> 00:31:37,380

the papers but I'm not getting any calls

826

00:31:41,269 --> 00:31:39,720

or I'm like what what I was telling you

827

00:31:43,549 --> 00:31:41,279

this stuff three four five six eight

828

00:31:46,850 --> 00:31:43,559

years ago where are you my phone number

829

00:31:49,850 --> 00:31:46,860

has not changed in 26 years all right no

830

00:31:52,190 --> 00:31:49,860

excuses there now let's talk about the

831

00:31:55,310 --> 00:31:52,200

balloon Fiasco

832

00:31:58,250 --> 00:31:55,320

oh I'm loving it right I am loving that

833

00:32:01,010 --> 00:31:58,260

it's generated hundreds and hundreds of

834

00:32:03,350 --> 00:32:01,020

news articles nobody's not covered it

835

00:32:05,990 --> 00:32:03,360

I've only put a few up on my print media

836

00:32:08,570 --> 00:32:06,000

archive which is a major resource folks

837

00:32:10,850 --> 00:32:08,580

go to Paradigm research group dot org

838

00:32:13,430 --> 00:32:10,860

click on resources slide on down hit

839

00:32:16,389 --> 00:32:13,440

media print media archive go there 13

840

00:32:19,250 --> 00:32:16,399

000 articles covering this issue since

841

00:32:20,630 --> 00:32:19,260

1947. and that's about maybe a quarter

842

00:32:22,070 --> 00:32:20,640

to a third of the total number of

843

00:32:24,710 --> 00:32:22,080

mainstream articles

844

00:32:28,010 --> 00:32:24,720

read them all chronologically you'll

845

00:32:30,289 --> 00:32:28,020

really be smart at that point okay

846

00:32:32,810 --> 00:32:30,299

so uh

847

00:32:35,330 --> 00:32:32,820

boy the media jumped on us here's what

848

00:32:40,750 --> 00:32:37,029

they that

849

00:32:43,310 --> 00:32:40,760

the dod and and and the various entities

850

00:32:45,590 --> 00:32:43,320

they're fully aware how fast this thing

851
00:32:47,330 --> 00:32:45,600
is moving forward and they know that the

852
00:32:49,430 --> 00:32:47,340
level of interest in the subject is just

853
00:32:50,810 --> 00:32:49,440
Rising it's just going up for higher and

854
00:32:52,430 --> 00:32:50,820
higher they know the articles that are

855
00:32:54,909 --> 00:32:52,440
being written they see it all happening

856
00:32:58,730 --> 00:32:54,919
and so they know that the public is now

857
00:33:01,850 --> 00:32:58,740
absolutely paying really close attention

858
00:33:04,549 --> 00:33:01,860
and by public not all of them maybe just

859
00:33:05,870 --> 00:33:04,559
30 40 million so the Press is watching

860
00:33:07,490 --> 00:33:05,880
everything the Public's watching and

861
00:33:10,310 --> 00:33:07,500
anything turns up boom they're all over

862
00:33:12,529 --> 00:33:10,320
it and so they know that as they

863
00:33:14,090 --> 00:33:12,539

continue to create this appropriate

864

00:33:16,310 --> 00:33:14,100

infrastructure

865

00:33:18,409 --> 00:33:16,320

things are going to happen which

866

00:33:20,029 --> 00:33:18,419

are going to be how would you say

867

00:33:22,610 --> 00:33:20,039

problematic

868

00:33:23,930 --> 00:33:22,620

because they have they need time to do

869

00:33:25,370 --> 00:33:23,940

this they're going through it in an

870

00:33:27,830 --> 00:33:25,380

orderly way

871

00:33:29,690 --> 00:33:27,840

so if the Chinese decide to fly a couple

872

00:33:31,549 --> 00:33:29,700

of balloons over because they just don't

873

00:33:34,250 --> 00:33:31,559

they're not on the schedule

874

00:33:37,730 --> 00:33:34,260

what are you gonna do not much you can

875

00:33:40,789 --> 00:33:37,740

do and so the balloon thing happens

876

00:33:42,710 --> 00:33:40,799

and I don't know all the details

877

00:33:45,169 --> 00:33:42,720

other than they know about Chinese

878

00:33:46,909 --> 00:33:45,179

balloons they've known about it for a

879

00:33:49,430 --> 00:33:46,919

long time we have our own balloons

880

00:33:52,430 --> 00:33:49,440

everybody's got balloons okay but

881

00:33:55,549 --> 00:33:52,440

somehow this one became a problem

882

00:33:57,830 --> 00:33:55,559

possibly because it was seen

883

00:34:00,049 --> 00:33:57,840

some Pilots said something maybe even

884

00:34:02,570 --> 00:34:00,059

from the ground he kind of got into the

885

00:34:05,930 --> 00:34:02,580

you know and because of the huge massive

886

00:34:08,690 --> 00:34:05,940

growing interest in the UAP reality

887

00:34:10,669 --> 00:34:08,700

it's like a thing suddenly news right

888

00:34:12,950 --> 00:34:10,679

and so you got the news picking this up

889

00:34:15,409 --> 00:34:12,960

and it's in play and and very quickly

890

00:34:16,909 --> 00:34:15,419

the American people learn along with the

891

00:34:18,950 --> 00:34:16,919

Department of Defense

892

00:34:20,690 --> 00:34:18,960

there's a Chinese balloon flying over

893

00:34:23,930 --> 00:34:20,700

the United States

894

00:34:27,050 --> 00:34:23,940

and it's probably not there for you know

895

00:34:29,629 --> 00:34:27,060

advertising purposes right yeah it's

896

00:34:31,849 --> 00:34:29,639

almost certainly an Intel collector and

897

00:34:33,409 --> 00:34:31,859

so what do you do then

898

00:34:35,450 --> 00:34:33,419

in other words this probably doesn't

899

00:34:37,010 --> 00:34:35,460

happen if we haven't gone through all

900

00:34:38,930 --> 00:34:37,020

this recent developments meaning

901
00:34:40,430 --> 00:34:38,940
somebody sees a balloon that's a balloon

902
00:34:42,710 --> 00:34:40,440
that's it forget about it nobody's gonna

903
00:34:44,869 --> 00:34:42,720
go nuts to cover it and it's like just

904
00:34:46,310 --> 00:34:44,879
let the damn thing fly over right it got

905
00:34:48,829 --> 00:34:46,320
too low whatever the hell's going it

906
00:34:52,310 --> 00:34:48,839
just flies over go on and it can it can

907
00:34:53,530 --> 00:34:52,320
spy on Africa but not this time

908
00:34:56,450 --> 00:34:53,540
so

909
00:34:59,930 --> 00:34:56,460
just let it go

910
00:35:01,849 --> 00:34:59,940
and just say hey they they they're

911
00:35:03,829 --> 00:35:01,859
constantly spying on us it's just part

912
00:35:05,270 --> 00:35:03,839
of that it's no big deal we spy in them

913
00:35:07,670 --> 00:35:05,280

they spy on us don't be the elliptical

914

00:35:09,349 --> 00:35:07,680

no you can't really do that can you

915

00:35:11,510 --> 00:35:09,359

and so they decided we're gonna have to

916

00:35:12,950 --> 00:35:11,520

shoot the damn thing down

917

00:35:15,589 --> 00:35:12,960

okay

918

00:35:17,750 --> 00:35:15,599

and that's what they do meanwhile a

919

00:35:20,349 --> 00:35:17,760

couple of other things turn up now the

920

00:35:22,690 --> 00:35:20,359

story on this I love this story

921

00:35:25,010 --> 00:35:22,700

I can

922

00:35:26,150 --> 00:35:25,020

when you don't know the history of this

923

00:35:28,490 --> 00:35:26,160

issue and the government what the

924

00:35:30,650 --> 00:35:28,500

government really knows it it these

925

00:35:33,589 --> 00:35:30,660

things just so easily take hold

926
00:35:35,810 --> 00:35:33,599
here's the story when the United States

927
00:35:39,890 --> 00:35:35,820
government learned that there was a

928
00:35:41,089 --> 00:35:39,900
giant Chinese balloon right they uh they

929
00:35:43,069 --> 00:35:41,099
they were worried there might be other

930
00:35:45,829 --> 00:35:43,079
balloons maybe smaller balloons and so

931
00:35:48,829 --> 00:35:45,839
they readjusted their their sensors

932
00:35:50,630 --> 00:35:48,839
right the NORAD basically modalities for

933
00:35:52,670 --> 00:35:50,640
sensing things and they made it they

934
00:35:54,410 --> 00:35:52,680
fine-tuned it and suddenly it could pick

935
00:35:56,510 --> 00:35:54,420
up other things

936
00:35:59,510 --> 00:35:56,520
like you know all these years we've had

937
00:36:01,069 --> 00:35:59,520
sort of a a threshold there we don't

938
00:36:04,490 --> 00:36:01,079

really track anything above a certain

939

00:36:06,349 --> 00:36:04,500

size over the United States right if

940

00:36:08,390 --> 00:36:06,359

it's the size of a Volkswagen we don't

941

00:36:10,370 --> 00:36:08,400

need to know that but if it gets to be

942

00:36:11,630 --> 00:36:10,380

the size of a Greyhound bus we want to

943

00:36:13,730 --> 00:36:11,640

know about that so the whole thing is

944

00:36:16,370 --> 00:36:13,740

geared for that and so they and suddenly

945

00:36:18,230 --> 00:36:16,380

they picked up these other things

946

00:36:21,670 --> 00:36:18,240

what are you gonna do about that yeah

947

00:36:24,170 --> 00:36:21,680

right so hmm they could have said look

948

00:36:25,609 --> 00:36:24,180

uh they're not they're not that would

949

00:36:27,170 --> 00:36:25,619

you know they could have filmed them and

950

00:36:28,970 --> 00:36:27,180

said look this is not a big deal this is

951
00:36:31,069 --> 00:36:28,980
not Chinese whatever the hell but they

952
00:36:35,150 --> 00:36:31,079
went and shot them down

953
00:36:37,970 --> 00:36:35,160
I guess I think that's what they did uh

954
00:36:40,430 --> 00:36:37,980
didn't didn't show any film of this

955
00:36:42,170 --> 00:36:40,440
right they filmed it but they didn't

956
00:36:43,730 --> 00:36:42,180
show the film said they couldn't find

957
00:36:46,190 --> 00:36:43,740
the records and the whole thing is a

958
00:36:48,109 --> 00:36:46,200
complete Fiasco it's a political Fiasco

959
00:36:49,790 --> 00:36:48,119
it's a foreign policy Fiasco it's a

960
00:36:52,670 --> 00:36:49,800
disaster

961
00:36:54,710 --> 00:36:52,680
so what's the takeaway

962
00:36:56,390 --> 00:36:54,720
well the conspiracy theorists have

963
00:36:58,069 --> 00:36:56,400

already jumped on that and they said the

964

00:37:00,470 --> 00:36:58,079

whole thing has been brilliantly

965

00:37:02,510 --> 00:37:00,480

conceived right to create a certain

966

00:37:04,010 --> 00:37:02,520

situation which leads to something else

967

00:37:05,030 --> 00:37:04,020

you know and that's that's the

968

00:37:06,290 --> 00:37:05,040

government because they're absolutely

969

00:37:08,990 --> 00:37:06,300

able to do this they play

970

00:37:10,849 --> 00:37:09,000

five-dimensional chess every day

971

00:37:13,910 --> 00:37:10,859

government's pretty smart

972

00:37:16,730 --> 00:37:13,920

no it was anything but broadly conceived

973

00:37:20,450 --> 00:37:16,740

what you saw was a government in panic

974

00:37:22,790 --> 00:37:20,460

it was panicked they they were hit with

975

00:37:25,010 --> 00:37:22,800

something that they weren't ready to

976

00:37:28,310 --> 00:37:25,020

deal with are they ready to deal with

977

00:37:30,950 --> 00:37:28,320

Chinese balloons oh yeah absolutely are

978

00:37:32,750 --> 00:37:30,960

they ready to deal with a overwhelming

979

00:37:35,150 --> 00:37:32,760

public response so there's something up

980

00:37:37,010 --> 00:37:35,160

in the sky that makes it a UAP and we

981

00:37:38,390 --> 00:37:37,020

are following that intensely and the

982

00:37:40,310 --> 00:37:38,400

journalists are writing the stories and

983

00:37:42,770 --> 00:37:40,320

it's moving around and it's it's going

984

00:37:45,710 --> 00:37:42,780

through Twitter like you know a virus

985

00:37:48,170 --> 00:37:45,720

you know from eating the bad food

986

00:37:50,450 --> 00:37:48,180

no they weren't what do you do what do

987

00:37:52,490 --> 00:37:50,460

we do what do we do

988

00:37:55,370 --> 00:37:52,500

and then they started making stupid

989

00:37:56,690 --> 00:37:55,380

statements right one General will come

990

00:37:58,970 --> 00:37:56,700

out make a stupid statement and another

991

00:38:00,650 --> 00:37:58,980

spokes will come and make us they were

992

00:38:03,050 --> 00:38:00,660

flummoxed

993

00:38:04,670 --> 00:38:03,060

and I have sympathy

994

00:38:06,290 --> 00:38:04,680

right I don't like to see my government

995

00:38:09,230 --> 00:38:06,300

embarrass itself

996

00:38:10,609 --> 00:38:09,240

it's done it many times in my lifetime a

997

00:38:12,710 --> 00:38:10,619

notable one was the incredible Press

998

00:38:14,630 --> 00:38:12,720

Conference held in 1997 when the Air

999

00:38:16,490 --> 00:38:14,640

Force came out of the dod with a lot of

1000

00:38:18,170 --> 00:38:16,500

press I've tried to explain the vocal

1001
00:38:21,050 --> 00:38:18,180
balloon thing and of course the crash

1002
00:38:23,690 --> 00:38:21,060
test dummies made a fool of itself

1003
00:38:25,370 --> 00:38:23,700
so it's happened again

1004
00:38:27,470 --> 00:38:25,380
now

1005
00:38:29,890 --> 00:38:27,480
what I can say to people is this hey

1006
00:38:32,690 --> 00:38:29,900
it's there's going to be more of that

1007
00:38:34,609 --> 00:38:32,700
the the level of intensity is going to

1008
00:38:37,430 --> 00:38:34,619
continue to grow the water cannot be

1009
00:38:39,770 --> 00:38:37,440
slowed down it's coming down through the

1010
00:38:41,810 --> 00:38:39,780
valley so you need to you know you get

1011
00:38:44,329 --> 00:38:41,820
to High Ground put on some knickers or

1012
00:38:46,670 --> 00:38:44,339
whatever the hell you do right uh and

1013
00:38:49,730 --> 00:38:46,680

and be prepared to deal with it

1014

00:38:51,710 --> 00:38:49,740

now how have they dealt with it

1015

00:38:54,349 --> 00:38:51,720

well one of the ways they dealt with it

1016

00:38:56,630 --> 00:38:54,359

was that the the White House decides to

1017

00:38:58,069 --> 00:38:56,640

set up its own little UAP thing all

1018

00:39:01,490 --> 00:38:58,079

right

1019

00:39:05,030 --> 00:39:01,500

saying to the American people look

1020

00:39:06,950 --> 00:39:05,040

we're not deaf dumb and blind here I

1021

00:39:07,790 --> 00:39:06,960

don't think the White House wanted to do

1022

00:39:16,970 --> 00:39:07,800

this

1023

00:39:18,109 --> 00:39:16,980

developments certainly since he's in a

1024

00:39:19,790 --> 00:39:18,119

bite when he was vice president he

1025

00:39:22,130 --> 00:39:19,800

wasn't in since president he's dead of

1026

00:39:24,829 --> 00:39:22,140

it why because this issue is

1027

00:39:26,690 --> 00:39:24,839

transcendent of politics and so if

1028

00:39:28,069 --> 00:39:26,700

disclosure comes you would want it to

1029

00:39:30,710 --> 00:39:28,079

come in such a way that the president

1030

00:39:32,690 --> 00:39:30,720

when he does it or she does it

1031

00:39:34,849 --> 00:39:32,700

it will be viewed as minimally political

1032

00:39:37,130 --> 00:39:34,859

as possible something of this magnitude

1033

00:39:39,230 --> 00:39:37,140

should not be partisan and so if the

1034

00:39:41,089 --> 00:39:39,240

president gets into it in any way right

1035

00:39:42,950 --> 00:39:41,099

away the other side is going to say

1036

00:39:44,930 --> 00:39:42,960

you're using this for political purposes

1037

00:39:47,450 --> 00:39:44,940

what's your game plan what are you going

1038

00:39:49,910 --> 00:39:47,460

to do right so you stay out of it you

1039

00:39:52,490 --> 00:39:49,920

let let the issue come to you as

1040

00:39:57,410 --> 00:39:52,500

president through Congressional hearings

1041

00:39:59,990 --> 00:39:57,420

right and reports from from the dod to

1042

00:40:01,609 --> 00:40:00,000

key committees you and and also a

1043

00:40:02,990 --> 00:40:01,619

process in which more and more members

1044

00:40:05,150 --> 00:40:03,000

of Congress are getting briefed on this

1045

00:40:07,370 --> 00:40:05,160

their knowledge space is going up and it

1046

00:40:09,530 --> 00:40:07,380

just and then the hearings get held and

1047

00:40:11,930 --> 00:40:09,540

the evidence mounts and the world sees

1048

00:40:13,550 --> 00:40:11,940

it and it comes to you and you finally

1049

00:40:15,770 --> 00:40:13,560

say yes

1050

00:40:17,329 --> 00:40:15,780

so you stay out of it but this thing has

1051

00:40:19,750 --> 00:40:17,339

forced their hand

1052

00:40:22,609 --> 00:40:19,760

for the White House to act like

1053

00:40:25,190 --> 00:40:22,619

you know it's not our thing you know let

1054

00:40:27,290 --> 00:40:25,200

the dod do with this it's uh we're just

1055

00:40:30,050 --> 00:40:27,300

the president and the executive branch

1056

00:40:32,450 --> 00:40:30,060

so we'll uh we'll continue no so it

1057

00:40:35,569 --> 00:40:32,460

forced their hand that just is going to

1058

00:40:38,390 --> 00:40:35,579

speed things up all right and so

1059

00:40:39,710 --> 00:40:38,400

this is the what I call the activist

1060

00:40:41,870 --> 00:40:39,720

perspective

1061

00:40:43,490 --> 00:40:41,880

and I have I have written an op-ed I've

1062

00:40:45,470 --> 00:40:43,500

tried to get it out there it's been

1063

00:40:48,290 --> 00:40:45,480

published once nobody will republish it

1064

00:40:50,450 --> 00:40:48,300

but it basically demonstrated it gives

1065

00:40:53,270 --> 00:40:50,460

you this activist perspective which

1066

00:40:55,970 --> 00:40:53,280

nobody else is doing nobody else is

1067

00:40:57,230 --> 00:40:55,980

talking about it this way because they

1068

00:41:01,370 --> 00:40:57,240

don't get it

1069

00:41:02,450 --> 00:41:01,380

all right researchers uh Witnesses uh

1070

00:41:05,089 --> 00:41:02,460

some of the you know and good

1071

00:41:09,890 --> 00:41:05,099

researchers good Witnesses

1072

00:41:12,230 --> 00:41:09,900

um they don't quite get it uh that this

1073

00:41:16,010 --> 00:41:12,240

isn't what it seems

1074

00:41:20,450 --> 00:41:16,020

this isn't the beginning of the

1075

00:41:24,109 --> 00:41:20,460

engagement of an unknown uh phenomena

1076

00:41:26,450 --> 00:41:24,119

by our government or any government

1077

00:41:29,930 --> 00:41:26,460

because it's just become figured out

1078

00:41:33,050 --> 00:41:29,940

there's something to engage no

1079

00:41:34,490 --> 00:41:33,060

it is the beginning of the process in

1080

00:41:39,490 --> 00:41:34,500

which the world

1081

00:41:41,810 --> 00:41:39,500

finally ends the most remarkable 75-year

1082

00:41:44,750 --> 00:41:41,820

misrepresentation of reality in all of

1083

00:41:47,690 --> 00:41:44,760

history I mean I I and even you know the

1084

00:41:52,010 --> 00:41:47,700

Catholic Church refused to engage the

1085

00:41:53,750 --> 00:41:52,020

new the new uh Cosmic or Cosmos uh and

1086

00:41:56,329 --> 00:41:53,760

uh for 200 years

1087

00:41:58,849 --> 00:41:56,339

uh but

1088

00:42:00,650 --> 00:41:58,859

it didn't have the implications of this

1089

00:42:02,230 --> 00:42:00,660

I mean the fact that the Earth went

1090

00:42:06,290 --> 00:42:02,240

around the Sun

1091

00:42:09,170 --> 00:42:06,300

what cares okay and and it was a

1092

00:42:12,829 --> 00:42:09,180

different time this is a 75-year denial

1093

00:42:15,950 --> 00:42:12,839

of reality during a massive explosion of

1094

00:42:17,690 --> 00:42:15,960

technology and and journalism and

1095

00:42:20,030 --> 00:42:17,700

interconnection and everything else

1096

00:42:22,250 --> 00:42:20,040

where everybody could talk to everybody

1097

00:42:24,410 --> 00:42:22,260

hundreds of billions of communications

1098

00:42:27,890 --> 00:42:24,420

every day and the government's still

1099

00:42:29,270 --> 00:42:27,900

going I don't know the DTI no there's

1100

00:42:30,530 --> 00:42:29,280

nothing there really

1101
00:42:32,750 --> 00:42:30,540
I don't know what you're talking about

1102
00:42:34,849 --> 00:42:32,760
they managed to continue to do it even

1103
00:42:36,170 --> 00:42:34,859
up to this day though they're in the

1104
00:42:40,790 --> 00:42:36,180
final days

1105
00:42:42,829 --> 00:42:40,800
right that is what is happening they are

1106
00:42:45,410 --> 00:42:42,839
having to go through a process which is

1107
00:42:47,870 --> 00:42:45,420
fundamentally mendacious

1108
00:42:49,849 --> 00:42:47,880
it is not true at its core

1109
00:42:51,050 --> 00:42:49,859
right and people are not able to say

1110
00:42:53,569 --> 00:42:51,060
what they know

1111
00:42:55,250 --> 00:42:53,579
because that would that would take them

1112
00:42:57,410 --> 00:42:55,260
outside the lines that would they would

1113
00:42:59,270 --> 00:42:57,420

get outside the the the Rules of

1114

00:43:01,670 --> 00:42:59,280

Engagement as it were and so everybody's

1115

00:43:03,890 --> 00:43:01,680

having to hold that and they'll say

1116

00:43:06,170 --> 00:43:03,900

things like I really can talk about at

1117

00:43:08,270 --> 00:43:06,180

this point or I have an MDA or I know

1118

00:43:10,790 --> 00:43:08,280

something in that area whatever it takes

1119

00:43:12,829 --> 00:43:10,800

they they they it prevents them from

1120

00:43:15,829 --> 00:43:12,839

having to say anything that disrupts

1121

00:43:18,589 --> 00:43:15,839

this process that is mendacity

1122

00:43:21,170 --> 00:43:18,599

and so the government and the do the

1123

00:43:22,910 --> 00:43:21,180

whole government including the dod and

1124

00:43:25,550 --> 00:43:22,920

to degree all of the military services

1125

00:43:27,589 --> 00:43:25,560

which have properly stayed in the

1126
00:43:29,210 --> 00:43:27,599
background if you haven't noticed as

1127
00:43:32,450 --> 00:43:29,220
well as members of Congress in many

1128
00:43:35,150 --> 00:43:32,460
cases are having to lie their way out

1129
00:43:38,089 --> 00:43:35,160
from an even bigger body

1130
00:43:41,450 --> 00:43:38,099
right again that's a little harsher than

1131
00:43:44,990 --> 00:43:41,460
I I see it but that's what it is

1132
00:43:47,210 --> 00:43:45,000
right you have to lie your way out from

1133
00:43:48,970 --> 00:43:47,220
the line so that when you get to the

1134
00:43:51,890 --> 00:43:48,980
truth

1135
00:43:53,510 --> 00:43:51,900
the the big lie

1136
00:43:58,190 --> 00:43:53,520
the one that they've had to maintain

1137
00:44:02,510 --> 00:43:58,200
will be seen in softer terms it will be

1138
00:44:05,030 --> 00:44:02,520

viewed more uh how would you say uh

1139

00:44:08,930 --> 00:44:05,040

generously

1140

00:44:10,550 --> 00:44:08,940

um for many reasons uh not the least of

1141

00:44:12,530 --> 00:44:10,560

which is that we finally did the right

1142

00:44:14,030 --> 00:44:12,540

thing give us some points for that okay

1143

00:44:15,710 --> 00:44:14,040

let me set up their infrastructure we

1144

00:44:17,210 --> 00:44:15,720

need for the post-disclosure world and I

1145

00:44:19,670 --> 00:44:17,220

have to have that anyway no loss money

1146

00:44:21,050 --> 00:44:19,680

there all right and a lot of the people

1147

00:44:23,210 --> 00:44:21,060

that started this thing they're all dead

1148

00:44:26,270 --> 00:44:23,220

now all right this was handed to me when

1149

00:44:30,170 --> 00:44:26,280

I got the job whatever it's going to

1150

00:44:31,609 --> 00:44:30,180

mitigate that right uh and if I don't

1151

00:44:33,349 --> 00:44:31,619

know if any of you have ever been in

1152

00:44:34,370 --> 00:44:33,359

this situation in your life most people

1153

00:44:37,970 --> 00:44:34,380

have

1154

00:44:40,490 --> 00:44:37,980

where you do something pretty awful

1155

00:44:41,809 --> 00:44:40,500

and you are forced in the near term to

1156

00:44:43,790 --> 00:44:41,819

lie about it by the way there's a guy

1157

00:44:47,329 --> 00:44:43,800

that just got convicted of murder that

1158

00:44:49,849 --> 00:44:47,339

kind of had this problem right yeah he

1159

00:44:52,370 --> 00:44:49,859

uh he lied about his presence at the

1160

00:44:54,290 --> 00:44:52,380

kennel whereupon his wife and child were

1161

00:44:56,150 --> 00:44:54,300

murdered and had to stick with it and

1162

00:44:58,130 --> 00:44:56,160

stick with it and it didn't work out so

1163

00:44:59,809 --> 00:44:58,140

well for him because it wasn't X he

1164

00:45:01,730 --> 00:44:59,819

didn't get to extricate himself out of

1165

00:45:04,550 --> 00:45:01,740

it until the trial

1166

00:45:05,870 --> 00:45:04,560

too late okay but all of this have been

1167

00:45:08,329 --> 00:45:05,880

in a situation we've done something bad

1168

00:45:10,430 --> 00:45:08,339

and we have to lie about it in the near

1169

00:45:12,770 --> 00:45:10,440

term for whatever reason

1170

00:45:14,089 --> 00:45:12,780

but down the line we're going to have to

1171

00:45:19,730 --> 00:45:14,099

tell the truth

1172

00:45:21,349 --> 00:45:19,740

to a wife to a child to a boss uh to the

1173

00:45:23,569 --> 00:45:21,359

police whatever

1174

00:45:26,270 --> 00:45:23,579

and so naturally

1175

00:45:29,329 --> 00:45:26,280

it's human nature that we're going to

1176

00:45:31,609 --> 00:45:29,339

see how can we do this so it won't be

1177

00:45:33,710 --> 00:45:31,619

too hard on me

1178

00:45:36,109 --> 00:45:33,720

how can I tell her

1179

00:45:39,050 --> 00:45:36,119

what I should have said two years ago

1180

00:45:41,390 --> 00:45:39,060

and not get divorced

1181

00:45:43,910 --> 00:45:41,400

how will my kid not hate me for the rest

1182

00:45:46,250 --> 00:45:43,920

of my life whatever you think how you go

1183

00:45:47,030 --> 00:45:46,260

about it and there always is a way to do

1184

00:45:51,890 --> 00:45:47,040

it

1185

00:45:53,270 --> 00:45:51,900

force trauma

1186

00:45:55,370 --> 00:45:53,280

right

1187

00:45:57,170 --> 00:45:55,380

if somebody's relative is killed you

1188

00:45:58,970 --> 00:45:57,180

just don't walk in the door and say so

1189

00:46:02,089 --> 00:45:58,980

and so is dead

1190

00:46:03,950 --> 00:46:02,099

right so you start off with a process

1191

00:46:06,890 --> 00:46:03,960

leading up to that which is essentially

1192

00:46:09,770 --> 00:46:06,900

mendacious but this is far bigger than

1193

00:46:13,370 --> 00:46:09,780

that and so the government literally is

1194

00:46:15,829 --> 00:46:13,380

going through all of this in order to

1195

00:46:19,190 --> 00:46:15,839

have in order to have an orderly

1196

00:46:21,230 --> 00:46:19,200

transition from the pre-disclosure world

1197

00:46:23,089 --> 00:46:21,240

to the post-disclosure world whether

1198

00:46:26,630 --> 00:46:23,099

they're using that language I don't know

1199

00:46:29,569 --> 00:46:26,640

it'd be nice if they were all right

1200

00:46:31,430 --> 00:46:29,579

and I'm telling people

1201
00:46:34,190 --> 00:46:31,440
you're winning

1202
00:46:35,510 --> 00:46:34,200
don't overreact don't jump at everything

1203
00:46:37,069 --> 00:46:35,520
that happens

1204
00:46:40,790 --> 00:46:37,079
because it's not all that important

1205
00:46:42,349 --> 00:46:40,800
right focus on the big stuff

1206
00:46:44,630 --> 00:46:42,359
like the witnesses being interviewed by

1207
00:46:46,430 --> 00:46:44,640
Arrow things like that

1208
00:46:48,770 --> 00:46:46,440
be gracious

1209
00:46:50,750 --> 00:46:48,780
don't run around saying I told you so

1210
00:46:52,670 --> 00:46:50,760
like a maniac

1211
00:46:56,290 --> 00:46:52,680
don't go

1212
00:46:58,849 --> 00:46:56,300
beating up on Skeptics online

1213
00:47:02,510 --> 00:46:58,859

uh be circumspect

1214

00:47:06,890 --> 00:47:02,520

and and have the humility

1215

00:47:10,190 --> 00:47:06,900

you know again we all are victims of not

1216

00:47:13,430 --> 00:47:10,200

that but have the humility to recognize

1217

00:47:16,910 --> 00:47:13,440

that by virtue of your birth

1218

00:47:19,670 --> 00:47:16,920

you are witness to and part of the most

1219

00:47:21,770 --> 00:47:19,680

profound event in human history

1220

00:47:23,390 --> 00:47:21,780

there's some other candidates I'm

1221

00:47:24,890 --> 00:47:23,400

willing to hear Arguments for them you

1222

00:47:28,130 --> 00:47:24,900

know no no no no this was this was

1223

00:47:30,050 --> 00:47:28,140

bigger this was bigger I'm sorry this is

1224

00:47:32,329 --> 00:47:30,060

the most profound and you are witness

1225

00:47:33,829 --> 00:47:32,339

and part of it and that calls for

1226

00:47:36,050 --> 00:47:33,839

humility

1227

00:47:37,910 --> 00:47:36,060

it will serve you well whether you're an

1228

00:47:40,790 --> 00:47:37,920

organization or a person or a member of

1229

00:47:44,030 --> 00:47:40,800

Congress or a general or uh you know a

1230

00:47:46,910 --> 00:47:44,040

super secret agent at the CIA everybody

1231

00:47:50,809 --> 00:47:46,920

needs to have some humility in the face

1232

00:47:52,670 --> 00:47:50,819

of this Monumental transition

1233

00:47:54,650 --> 00:47:52,680

that I also happen to think is going to

1234

00:47:57,410 --> 00:47:54,660

save the planet save the world I mean

1235

00:47:59,329 --> 00:47:57,420

just as a side thing I happen to believe

1236

00:48:01,250 --> 00:47:59,339

that one of the reasons that I do what I

1237

00:48:03,230 --> 00:48:01,260

do and talk so much

1238

00:48:05,630 --> 00:48:03,240

and get so worked up

1239

00:48:07,790 --> 00:48:05,640

is because this is way more than just

1240

00:48:10,609 --> 00:48:07,800

finding out yeah there's et's we're not

1241

00:48:13,849 --> 00:48:10,619

alone okay good no no it's far more

1242

00:48:16,490 --> 00:48:13,859

important than that it is it is part of

1243

00:48:19,069 --> 00:48:16,500

other processes that are not I think

1244

00:48:22,130 --> 00:48:19,079

coincidentally taking place

1245

00:48:23,210 --> 00:48:22,140

which have put us as a civilization at

1246

00:48:25,130 --> 00:48:23,220

peril

1247

00:48:29,930 --> 00:48:25,140

I mean really apparel

1248

00:48:31,250 --> 00:48:29,940

not pretend peril not staged peril the

1249

00:48:33,829 --> 00:48:31,260

real deal

1250

00:48:36,410 --> 00:48:33,839

and we can't fix anything it's pretty

1251

00:48:38,750 --> 00:48:36,420

clear we can't fix anything there's not

1252

00:48:40,849 --> 00:48:38,760

a single issue in this world that is

1253

00:48:43,309 --> 00:48:40,859

existential that we can fix or even

1254

00:48:45,290 --> 00:48:43,319

pretend to fix but we say we can because

1255

00:48:46,730 --> 00:48:45,300

God knows if we say we can't fix it

1256

00:48:48,349 --> 00:48:46,740

people are going to get very upset

1257

00:48:49,730 --> 00:48:48,359

they're not going to go to work they're

1258

00:48:51,849 --> 00:48:49,740

not going to spend money the economies

1259

00:48:54,470 --> 00:48:51,859

will collapse they'll get depressed

1260

00:48:57,410 --> 00:48:54,480

opioids will be everywhere

1261

00:48:59,630 --> 00:48:57,420

no we can't fix anything

1262

00:49:01,130 --> 00:48:59,640

and so you say well how in the hell do

1263

00:49:03,349 --> 00:49:01,140

you go from not being able to fix

1264

00:49:05,210 --> 00:49:03,359

anything that's of existential I mean

1265

00:49:07,250 --> 00:49:05,220

obviously we could we can we can put

1266

00:49:10,250 --> 00:49:07,260

together Ikea furniture I mean we can do

1267

00:49:12,410 --> 00:49:10,260

that but but how do you go from that to

1268

00:49:13,490 --> 00:49:12,420

actually being able to fix some of these

1269

00:49:15,170 --> 00:49:13,500

things

1270

00:49:16,670 --> 00:49:15,180

what would it take

1271

00:49:18,230 --> 00:49:16,680

I don't know

1272

00:49:19,849 --> 00:49:18,240

uh

1273

00:49:22,250 --> 00:49:19,859

I don't know some some really cool

1274

00:49:25,130 --> 00:49:22,260

legislation you know really clever laws

1275

00:49:26,210 --> 00:49:25,140

okay a religious revival in which

1276

00:49:28,670 --> 00:49:26,220

everybody gets on the same boat

1277

00:49:30,890 --> 00:49:28,680

believing in the same God and goes and

1278

00:49:33,349 --> 00:49:30,900

and it starts cooperating

1279

00:49:35,210 --> 00:49:33,359

a major leader sort of an antichrist

1280

00:49:36,530 --> 00:49:35,220

comes up and is so incredible that

1281

00:49:38,210 --> 00:49:36,540

everybody gets behind him and the

1282

00:49:40,190 --> 00:49:38,220

Antichrist turns out to be not so bad

1283

00:49:42,050 --> 00:49:40,200

and fixes things

1284

00:49:43,250 --> 00:49:42,060

I haven't got any other candidates

1285

00:49:45,349 --> 00:49:43,260

there's nothing

1286

00:49:47,690 --> 00:49:45,359

right the one of the things I think the

1287

00:49:49,670 --> 00:49:47,700

stresses people so much is the smarter

1288

00:49:51,650 --> 00:49:49,680

you are and the more you know about the

1289

00:49:54,410 --> 00:49:51,660

problems we Face the more astounded you

1290

00:49:57,170 --> 00:49:54,420

are of our inability to fix anything

1291

00:49:59,150 --> 00:49:57,180

and so that just creates more anxiety

1292

00:50:01,670 --> 00:49:59,160

and and that that's tough I mean we

1293

00:50:03,650 --> 00:50:01,680

there's nothing better than having a

1294

00:50:05,569 --> 00:50:03,660

problem and being able to fix it that's

1295

00:50:08,030 --> 00:50:05,579

what humans do that's why we've survived

1296

00:50:10,309 --> 00:50:08,040

so long and we're so successful we see a

1297

00:50:12,589 --> 00:50:10,319

problem we fix it okay and we feel good

1298

00:50:14,990 --> 00:50:12,599

right and there's millions of problems

1299

00:50:17,030 --> 00:50:15,000

that come can come our way then you come

1300

00:50:20,390 --> 00:50:17,040

up against a major fall problem and you

1301
00:50:21,290 --> 00:50:20,400
can't fix it it's very distressful like

1302
00:50:22,910 --> 00:50:21,300
death

1303
00:50:25,250 --> 00:50:22,920
all right

1304
00:50:28,190 --> 00:50:25,260
saying nothing that's very satisfying to

1305
00:50:30,410 --> 00:50:28,200
have an illness and get cured to do the

1306
00:50:32,329 --> 00:50:30,420
right thing fix yourself but then one

1307
00:50:33,410 --> 00:50:32,339
day you get faced with an illness you

1308
00:50:36,349 --> 00:50:33,420
can't cure

1309
00:50:38,270 --> 00:50:36,359
there is no fix it's over

1310
00:50:40,430 --> 00:50:38,280
and that's kind of stressing

1311
00:50:41,510 --> 00:50:40,440
right well that's where the world is

1312
00:50:43,910 --> 00:50:41,520
right now

1313
00:50:48,109 --> 00:50:43,920

we're faced with situations so bad

1314

00:50:49,790 --> 00:50:48,119

they're not curable therefore it's over

1315

00:50:51,710 --> 00:50:49,800

and then people that say it's over the

1316

00:50:53,809 --> 00:50:51,720

other criticize uh you know you're

1317

00:50:55,730 --> 00:50:53,819

always this you're always that and it's

1318

00:50:58,730 --> 00:50:55,740

that now this is the real deal now folks

1319

00:51:00,829 --> 00:50:58,740

we're seeing evidence all the time it's

1320

00:51:03,109 --> 00:51:00,839

all over the place right the only reason

1321

00:51:06,170 --> 00:51:03,119

we don't see more is it it is a little

1322

00:51:08,930 --> 00:51:06,180

depressing and by and large it's not

1323

00:51:11,030 --> 00:51:08,940

a good idea to pound away at it and if

1324

00:51:13,370 --> 00:51:11,040

you're a journalist or or if you're a

1325

00:51:15,230 --> 00:51:13,380

politician

1326

00:51:16,790 --> 00:51:15,240

but I assure you there are plenty of

1327

00:51:18,710 --> 00:51:16,800

intellectuals out there I guess you

1328

00:51:21,049 --> 00:51:18,720

could say philosophers thinkers

1329

00:51:22,609 --> 00:51:21,059

political scientists that are not that

1330

00:51:24,290 --> 00:51:22,619

well known that have been right writing

1331

00:51:26,870 --> 00:51:24,300

some fine books and articles about the

1332

00:51:30,710 --> 00:51:26,880

fact that it's over

1333

00:51:33,730 --> 00:51:30,720

and so what do we do what do we do what

1334

00:51:37,190 --> 00:51:33,740

do we do well what do you got available

1335

00:51:39,530 --> 00:51:37,200

right what what's what's what's in your

1336

00:51:40,910 --> 00:51:39,540

garage in the toolbox

1337

00:51:46,490 --> 00:51:40,920

one thing

1338

00:51:49,670 --> 00:51:46,500

that it literally affects the world view

1339

00:51:50,990 --> 00:51:49,680

of every living human being and the more

1340

00:51:52,370 --> 00:51:51,000

important they are the more talented

1341

00:51:53,930 --> 00:51:52,380

they are the smarter they are the more

1342

00:51:55,849 --> 00:51:53,940

power they have the more it's going to

1343

00:51:58,069 --> 00:51:55,859

affect their worldview

1344

00:52:00,829 --> 00:51:58,079

and if you've got that then you play

1345

00:52:03,049 --> 00:52:00,839

that card and we have that card

1346

00:52:07,010 --> 00:52:03,059

it's a card that technically it looks as

1347

00:52:09,290 --> 00:52:07,020

if we have to play though the ETS

1348

00:52:11,870 --> 00:52:09,300

have a hand as well and they could play

1349

00:52:14,510 --> 00:52:11,880

the card but they searched hard not done

1350

00:52:16,910 --> 00:52:14,520

that so that means we have to do it the

1351
00:52:18,410 --> 00:52:16,920
card of course is disclosure once you

1352
00:52:20,450 --> 00:52:18,420
get disclosure

1353
00:52:22,309 --> 00:52:20,460
the possibilities

1354
00:52:25,069 --> 00:52:22,319
of fixing some of these problems

1355
00:52:26,450 --> 00:52:25,079
suddenly go from being ludicrously not

1356
00:52:28,069 --> 00:52:26,460
likely to

1357
00:52:29,930 --> 00:52:28,079
very possible

1358
00:52:31,370 --> 00:52:29,940
and you will see an explosion of

1359
00:52:34,370 --> 00:52:31,380
innovative thinking

1360
00:52:36,710 --> 00:52:34,380
of reassessment of reform

1361
00:52:38,030 --> 00:52:36,720
like you've never seen nothing will

1362
00:52:39,349 --> 00:52:38,040
compare to it I mean if you're a

1363
00:52:42,109 --> 00:52:39,359

political person and you're watching in

1364

00:52:46,329 --> 00:52:42,119

that regard right you're going to see

1365

00:52:49,549 --> 00:52:46,339

an intellectual Torrid of ideas

1366

00:52:52,130 --> 00:52:49,559

suggestion legislation reform rethinking

1367

00:52:53,990 --> 00:52:52,140

TED Talks by the millions right there

1368

00:52:56,569 --> 00:52:54,000

won't be enough auditoriums for the TED

1369

00:52:59,089 --> 00:52:56,579

talks a fan of Ted talk because they

1370

00:53:00,650 --> 00:52:59,099

keep turning me down the point is that's

1371

00:53:02,870 --> 00:53:00,660

because I'm an extemporaneous guy I

1372

00:53:04,970 --> 00:53:02,880

don't work from Scripps when I get in

1373

00:53:06,410 --> 00:53:04,980

front of a camera like today or in front

1374

00:53:07,730 --> 00:53:06,420

of an audience I don't know what I'm

1375

00:53:10,370 --> 00:53:07,740

going to say either which is so much

1376

00:53:12,470 --> 00:53:10,380

more interesting for me Ted Talks it's a

1377

00:53:14,569 --> 00:53:12,480

damn scripted 10 minute perfect thing

1378

00:53:16,549 --> 00:53:14,579

you know right and they won't touch this

1379

00:53:19,910 --> 00:53:16,559

issue with a 10-foot pole and the one

1380

00:53:22,010 --> 00:53:19,920

person that did they took it offline

1381

00:53:23,450 --> 00:53:22,020

anyway that's the that's what I wanted

1382

00:53:24,109 --> 00:53:23,460

to get to on that subject what else you

1383

00:53:26,150 --> 00:53:24,119

got

1384

00:53:28,309 --> 00:53:26,160

well I was just going to mention about

1385

00:53:30,170 --> 00:53:28,319

the disclosure there's sort of a an

1386

00:53:31,790 --> 00:53:30,180

accountability there that some people

1387

00:53:33,349 --> 00:53:31,800

are going to want as well just plenty of

1388

00:53:36,410 --> 00:53:33,359

people have had their lives ruined

1389

00:53:37,970 --> 00:53:36,420

because of this truth embargo and

1390

00:53:39,770 --> 00:53:37,980

because of trying to keep this secret

1391

00:53:41,210 --> 00:53:39,780

there's plenty of people that have come

1392

00:53:43,970 --> 00:53:41,220

forward and said that the government's

1393

00:53:46,490 --> 00:53:43,980

had you know their hands in their lives

1394

00:53:48,230 --> 00:53:46,500

and and threatened them uh the other

1395

00:53:50,569 --> 00:53:48,240

aspect of it as well is you know

1396

00:53:52,430 --> 00:53:50,579

revealing that we are being visited by

1397

00:53:54,290 --> 00:53:52,440

something from somewhere else an

1398

00:53:56,450 --> 00:53:54,300

intelligent from somewhere else it's

1399

00:53:58,609 --> 00:53:56,460

above our pay grade intellectually to

1400

00:54:01,970 --> 00:53:58,619

figure out exactly what they are here

1401

00:54:03,589 --> 00:54:01,980

for uh it it sort of dumbs us down puts

1402

00:54:05,630 --> 00:54:03,599

us back at the bottom of the totem pole

1403

00:54:08,210 --> 00:54:05,640

in the sense of realizing that we

1404

00:54:10,309 --> 00:54:08,220

cannot do anything about this issue

1405

00:54:12,349 --> 00:54:10,319

we've had people come on the podcast

1406

00:54:13,910 --> 00:54:12,359

that have been in the military and

1407

00:54:15,589 --> 00:54:13,920

civilians and they're both account

1408

00:54:18,049 --> 00:54:15,599

they're both saying the same thing about

1409

00:54:20,690 --> 00:54:18,059

what they're witnessing uh alien

1410

00:54:22,309 --> 00:54:20,700

abductions uh these are men and women in

1411

00:54:25,069 --> 00:54:22,319

a service that are coming forward saying

1412

00:54:27,230 --> 00:54:25,079

the same things as the civilians and

1413

00:54:28,790 --> 00:54:27,240

when I read you know John Radcliffe's

1414

00:54:30,950 --> 00:54:28,800

the Director of National Intelligence

1415

00:54:33,710 --> 00:54:30,960

says they they possess technologies that

1416

00:54:36,470 --> 00:54:33,720

we do not have and frankly that we are

1417

00:54:38,809 --> 00:54:36,480

not capable of Defending against

1418

00:54:40,309 --> 00:54:38,819

and that goes across many aspects

1419

00:54:41,510 --> 00:54:40,319

because once you study the phenomenon

1420

00:54:43,730 --> 00:54:41,520

you realize that even these little

1421

00:54:46,010 --> 00:54:43,740

entities you can't defend against them

1422

00:54:48,770 --> 00:54:46,020

whatever reason they seem to manipulate

1423

00:54:50,630 --> 00:54:48,780

our thoughts or our actions or the way

1424

00:54:51,829 --> 00:54:50,640

we move or paralyze us like there's

1425

00:54:53,630 --> 00:54:51,839

there's so many

1426
00:54:56,470 --> 00:54:53,640
different venues that are going to open

1427
00:54:59,089 --> 00:54:56,480
up from just saying disclosure

1428
00:55:00,950 --> 00:54:59,099
and that's bound to happen people are

1429
00:55:02,750 --> 00:55:00,960
going to hold the government accountable

1430
00:55:05,569 --> 00:55:02,760
for that saying how can you've held that

1431
00:55:07,370 --> 00:55:05,579
that long you know as a secret when this

1432
00:55:09,349 --> 00:55:07,380
is what's happening to the population

1433
00:55:10,849 --> 00:55:09,359
all right you raised a couple of things

1434
00:55:13,670 --> 00:55:10,859
well you raised some very good points

1435
00:55:15,829 --> 00:55:13,680
excellent questions oh thank you first

1436
00:55:19,849 --> 00:55:15,839
of all

1437
00:55:26,450 --> 00:55:21,710
do you know how many people

1438
00:55:28,069 --> 00:55:26,460

's lives were ruined by the Vietnam War

1439

00:55:29,329 --> 00:55:28,079

Millions

1440

00:55:34,130 --> 00:55:29,339

yeah

1441

00:55:39,049 --> 00:55:34,140

good point

1442

00:55:43,309 --> 00:55:40,490

so

1443

00:55:44,750 --> 00:55:43,319

the people in general particularly if

1444

00:55:47,089 --> 00:55:44,760

they know history

1445

00:55:50,569 --> 00:55:47,099

know that

1446

00:55:53,930 --> 00:55:50,579

accountability is overrated

1447

00:55:56,270 --> 00:55:53,940

uh it's nice if you can get it

1448

00:56:00,170 --> 00:55:56,280

but at the macroscopic level

1449

00:56:02,930 --> 00:56:00,180

of powers and so forth you don't

1450

00:56:03,950 --> 00:56:02,940

so what you're looking for is the right

1451

00:56:04,910 --> 00:56:03,960

thing

1452

00:56:07,250 --> 00:56:04,920

right

1453

00:56:09,349 --> 00:56:07,260

so if the government starts doing the

1454

00:56:11,630 --> 00:56:09,359

right thing

1455

00:56:14,270 --> 00:56:11,640

I suggest people invest their energy

1456

00:56:16,609 --> 00:56:14,280

in encouraging that increasing it

1457

00:56:19,450 --> 00:56:16,619

prolonging it and whatever is necessary

1458

00:56:21,530 --> 00:56:19,460

and make it more manifest

1459

00:56:22,910 --> 00:56:21,540

but to the extent that they want to

1460

00:56:24,890 --> 00:56:22,920

focus intensely on accountability

1461

00:56:26,270 --> 00:56:24,900

they're not going to get much result for

1462

00:56:29,329 --> 00:56:26,280

their buck

1463

00:56:30,829 --> 00:56:29,339

uh it's not going to be that helpful

1464

00:56:34,490 --> 00:56:30,839

right

1465

00:56:36,530 --> 00:56:34,500

what is necessary is acknowledgment

1466

00:56:39,230 --> 00:56:36,540

and that we will get

1467

00:56:40,670 --> 00:56:39,240

the government will acknowledge

1468

00:56:45,589 --> 00:56:40,680

that

1469

00:56:47,150 --> 00:56:45,599

embargo

1470

00:56:48,170 --> 00:56:47,160

it will acknowledge that some people

1471

00:56:50,270 --> 00:56:48,180

were hurt

1472

00:56:52,910 --> 00:56:50,280

though a tiny fraction

1473

00:56:54,950 --> 00:56:52,920

that gets hurt when we go off on Wars of

1474

00:56:57,470 --> 00:56:54,960

uh preference right

1475

00:57:00,849 --> 00:56:57,480

you know the ones I'm talking about

1476

00:57:04,309 --> 00:57:00,859

or war in general right

1477

00:57:07,549 --> 00:57:04,319

and they're sorry for that

1478

00:57:10,730 --> 00:57:07,559

they will acknowledge that there's any

1479

00:57:13,190 --> 00:57:10,740

number of ways that the world might have

1480

00:57:15,049 --> 00:57:13,200

gone differently if we had told you

1481

00:57:16,849 --> 00:57:15,059

sooner

1482

00:57:21,410 --> 00:57:16,859

however

1483

00:57:26,930 --> 00:57:21,420

National Security Will trump all of that

1484

00:57:32,930 --> 00:57:29,809

it's easy to forget that we're still in

1485

00:57:36,710 --> 00:57:32,940

a Cold War I call it Cold War II so it's

1486

00:57:37,490 --> 00:57:36,720

in its 70 or 70 plus years it's easy to

1487

00:57:39,890 --> 00:57:37,500

forget

1488

00:57:42,049 --> 00:57:39,900

that we've almost had nuclear war on

1489

00:57:45,410 --> 00:57:42,059

several occasions it's easy to forget

1490

00:57:47,270 --> 00:57:45,420

that we hit above 80 000 nuclear weapons

1491

00:57:49,430 --> 00:57:47,280

in nine country stockpiles by the

1492

00:57:52,910 --> 00:57:49,440

mid-1980s

1493

00:57:55,549 --> 00:57:52,920

seizures forget that the treaties uh are

1494

00:57:57,230 --> 00:57:55,559

slowly breaking apart that we did have

1495

00:57:58,430 --> 00:57:57,240

and they haven't been serviced in a long

1496

00:58:01,490 --> 00:57:58,440

time

1497

00:58:03,950 --> 00:58:01,500

and so the fact is is and it's easy to

1498

00:58:07,790 --> 00:58:03,960

forget and you want to to forget and I

1499

00:58:09,170 --> 00:58:07,800

and I did in in in to some degree

1500

00:58:11,329 --> 00:58:09,180

is that

1501

00:58:12,650 --> 00:58:11,339

it's one thing to live in a country

1502

00:58:15,049 --> 00:58:12,660

where you're worried that another

1503

00:58:18,589 --> 00:58:15,059

country is going to invade you

1504

00:58:19,609 --> 00:58:18,599

right and that does happen it's it's

1505

00:58:21,470 --> 00:58:19,619

kind of like

1506

00:58:23,450 --> 00:58:21,480

nervous

1507

00:58:25,549 --> 00:58:23,460

and we know plenty of examples where

1508

00:58:28,569 --> 00:58:25,559

that's happened

1509

00:58:31,250 --> 00:58:28,579

but you know you can always just leave

1510

00:58:33,049 --> 00:58:31,260

you know I think country X is going to

1511

00:58:35,329 --> 00:58:33,059

invade my country so I'm going to move

1512

00:58:37,250 --> 00:58:35,339

to Countrywide

1513

00:58:39,230 --> 00:58:37,260

what do you do

1514

00:58:41,390 --> 00:58:39,240

when it's not being you're worried about

1515

00:58:43,789 --> 00:58:41,400

being invaded by another country

1516

00:58:45,049 --> 00:58:43,799

but seeing your entire civilization turn

1517

00:58:47,450 --> 00:58:45,059

to dust

1518

00:58:49,569 --> 00:58:47,460

end game

1519

00:58:51,890 --> 00:58:49,579

what what kind of level of

1520

00:58:54,349 --> 00:58:51,900

existentiality is that

1521

00:58:56,450 --> 00:58:54,359

right admittedly back in the old days

1522

00:58:58,370 --> 00:58:56,460

you couldn't move fast you know when

1523

00:58:59,870 --> 00:58:58,380

they start invading you know you're poor

1524

00:59:01,309 --> 00:58:59,880

and you don't only have a horse and a

1525

00:59:03,049 --> 00:59:01,319

cart whatever I get it the point is

1526

00:59:07,250 --> 00:59:03,059

there's nowhere to go anymore

1527

00:59:08,089 --> 00:59:07,260

we're out of places to go Leon I mean

1528

00:59:10,490 --> 00:59:08,099

um

1529

00:59:13,190 --> 00:59:10,500

Elon wants to go to Mars God bless him

1530

00:59:16,910 --> 00:59:13,200

but I don't think it's a viable plan

1531

00:59:19,250 --> 00:59:16,920

and so since the 1940s we have lived

1532

00:59:21,710 --> 00:59:19,260

under victimically sword of essential

1533

00:59:23,630 --> 00:59:21,720

Global destruction of major civilization

1534

00:59:25,549 --> 00:59:23,640

and probably the deaths of at least half

1535

00:59:29,329 --> 00:59:25,559

everybody in the planet with the other

1536

00:59:31,430 --> 00:59:29,339

half thinking Jesus why didn't I die too

1537

00:59:32,870 --> 00:59:31,440

and you you know you only think about

1538

00:59:34,730 --> 00:59:32,880

that so much and you just stop thinking

1539

00:59:35,930 --> 00:59:34,740

about it it's like I I can't deal with

1540

00:59:37,609 --> 00:59:35,940

that I can live my life I've got things

1541

00:59:39,049 --> 00:59:37,619

to do whatever happens happens it's like

1542

00:59:42,049 --> 00:59:39,059

living next to a volcano like the

1543

00:59:44,569 --> 00:59:42,059

pompeians what are you gonna do right

1544

00:59:47,030 --> 00:59:44,579

one day it explodes

1545

00:59:48,770 --> 00:59:47,040

that is what the 20th century was from

1546

00:59:51,530 --> 00:59:48,780

47 on

1547

00:59:52,970 --> 00:59:51,540

and so how much more National Security

1548

00:59:56,390 --> 00:59:52,980

can that be

1549

00:59:58,190 --> 00:59:56,400

if you're dealing with an adversary that

1550

01:00:00,109 --> 00:59:58,200

if you screw up or they screw up are

1551

01:00:03,109 --> 01:00:00,119

going to launch hundreds and hundreds of

1552

01:00:05,569 --> 01:00:03,119

major ICBM missiles and destroy all of

1553

01:00:07,190 --> 01:00:05,579

your major cities and bring hell upon

1554

01:00:09,770 --> 01:00:07,200

Earth

1555

01:00:13,370 --> 01:00:09,780

do you think that that trumps just about

1556

01:00:16,609 --> 01:00:13,380

any other consideration that in any way

1557

01:00:20,270 --> 01:00:16,619

impacts that circumstance

1558

01:00:22,069 --> 01:00:20,280

absolutely trumps everything

1559

01:00:24,349 --> 01:00:22,079

and that's the way they saw it and

1560

01:00:26,930 --> 01:00:24,359

that's the way they conducted it

1561

01:00:29,089 --> 01:00:26,940

and when they set the truth embargo

1562

01:00:30,829 --> 01:00:29,099

emotion

1563

01:00:34,130 --> 01:00:30,839

pretty much it kind of came together

1564

01:00:35,569 --> 01:00:34,140

between 47 and 52 ideas were being

1565

01:00:38,210 --> 01:00:35,579

formed and then they really put into

1566

01:00:40,430 --> 01:00:38,220

play in 53 meaning we're serious about

1567

01:00:42,410 --> 01:00:40,440

this there's nothing there and if you

1568

01:00:44,030 --> 01:00:42,420

say otherwise well we're just going to

1569

01:00:45,349 --> 01:00:44,040

pretend you don't exist or we're going

1570

01:00:46,970 --> 01:00:45,359

to come visit you in the middle of the

1571

01:00:50,450 --> 01:00:46,980

night whatever

1572

01:00:51,589 --> 01:00:50,460

they were in that mindset but they did

1573

01:00:55,250 --> 01:00:51,599

not know

1574

01:00:58,730 --> 01:00:55,260

what the future brought

1575

01:01:00,470 --> 01:00:58,740

obviously if the Soviets decided that

1576

01:01:02,450 --> 01:01:00,480

they were going to

1577

01:01:04,910 --> 01:01:02,460

or if we decided to deal with the

1578

01:01:07,730 --> 01:01:04,920

Soviets say in the late 50s or 60s then

1579

01:01:09,650 --> 01:01:07,740

we would have had a nuclear war uh the

1580

01:01:11,569 --> 01:01:09,660

earlier the better there were less nukes

1581

01:01:13,730 --> 01:01:11,579

but it would have been bad either way

1582

01:01:15,589 --> 01:01:13,740

and therefore they'd have a whole new

1583

01:01:19,130 --> 01:01:15,599

set of issues to deal with the least of

1584

01:01:22,069 --> 01:01:19,140

which was the E.T presence right so that

1585

01:01:24,530 --> 01:01:22,079

was if that happens no big deal

1586

01:01:27,109 --> 01:01:24,540

so

1587

01:01:29,809 --> 01:01:27,119

they figure look we'll play this out

1588

01:01:32,150 --> 01:01:29,819

until things get under control or blowed

1589

01:01:33,170 --> 01:01:32,160

up hell flopped out okay not

1590

01:01:35,569 --> 01:01:33,180

unreasonable

1591

01:01:37,490 --> 01:01:35,579

what they didn't expect I don't believe

1592

01:01:39,170 --> 01:01:37,500

that any of the major leaders including

1593

01:01:42,410 --> 01:01:39,180

the military leaders back at that time

1594

01:01:44,690 --> 01:01:42,420

could have imagined in their head

1595

01:01:47,150 --> 01:01:44,700

that what was going to happen

1596

01:01:48,650 --> 01:01:47,160

was not world war three in 10 or 15

1597

01:01:57,289 --> 01:01:48,660

years

1598

01:01:59,510 --> 01:01:57,299

in which trillions of dollars in modern

1599

01:02:02,329 --> 01:01:59,520

dollars would be spent by all of these

1600

01:02:04,789 --> 01:02:02,339

countries to stockpile tens upon tens of

1601
01:02:08,210 --> 01:02:04,799
thousands of nuclear weapons and build

1602
01:02:10,309 --> 01:02:08,220
nuclear submarines build platforms and

1603
01:02:12,289 --> 01:02:10,319
every other manner of intelligence of

1604
01:02:14,990 --> 01:02:12,299
spying and so forth and this cold war

1605
01:02:17,390 --> 01:02:15,000
thing that would go on for 44 years

1606
01:02:18,789 --> 01:02:17,400
before it had a first opportunity to

1607
01:02:22,010 --> 01:02:18,799
change course

1608
01:02:23,750 --> 01:02:22,020
trillions and trillions of dollars the

1609
01:02:26,390 --> 01:02:23,760
kind of money that could have fixed most

1610
01:02:29,210 --> 01:02:26,400
of about every damn problem we faced in

1611
01:02:31,250 --> 01:02:29,220
terms of food clothing and housing in

1612
01:02:33,890 --> 01:02:31,260
this planet environmental degradation

1613
01:02:36,109 --> 01:02:33,900

you name it enough money to solve and

1614

01:02:37,069 --> 01:02:36,119

deal with all of that all was going to

1615

01:02:40,250 --> 01:02:37,079

go

1616

01:02:42,950 --> 01:02:40,260

to the standoff this mutually assured

1617

01:02:44,690 --> 01:02:42,960

standoff that we came up with the term

1618

01:02:46,849 --> 01:02:44,700

for

1619

01:02:50,150 --> 01:02:46,859

they had no idea

1620

01:02:52,970 --> 01:02:50,160

and it went on and on and on

1621

01:02:55,130 --> 01:02:52,980

and I assure you the list of things were

1622

01:02:56,690 --> 01:02:55,140

subject to that meaning

1623

01:02:58,010 --> 01:02:56,700

that's off the table this is off the

1624

01:02:59,390 --> 01:02:58,020

table that's off the table that's not

1625

01:03:02,089 --> 01:02:59,400

going to happen forget about that don't

1626

01:03:05,630 --> 01:03:02,099

say that don't speak this whatever under

1627

01:03:08,030 --> 01:03:05,640

that circumstance was a long long list

1628

01:03:11,750 --> 01:03:08,040

and the first time that we had a chance

1629

01:03:14,750 --> 01:03:11,760

to change course was 1991 92.

1630

01:03:17,390 --> 01:03:14,760

when the Cold War One essentially came

1631

01:03:20,150 --> 01:03:17,400

to a pause

1632

01:03:22,250 --> 01:03:20,160

but not surprisingly we blew that and

1633

01:03:25,370 --> 01:03:22,260

started up Cold War II

1634

01:03:28,549 --> 01:03:25,380

and so that is the National Security

1635

01:03:30,470 --> 01:03:28,559

Aegis under which the truth embargo was

1636

01:03:34,309 --> 01:03:30,480

held and they're going to make that

1637

01:03:36,589 --> 01:03:34,319

point over and over again and I I can't

1638

01:03:40,130 --> 01:03:36,599

I can't refute it

1639

01:03:42,650 --> 01:03:40,140

I mean look hardcore progressives and in

1640

01:03:44,270 --> 01:03:42,660

extreme lefters are lefters that's not a

1641

01:03:45,470 --> 01:03:44,280

fair statement people of the extreme

1642

01:03:49,430 --> 01:03:45,480

left

1643

01:03:51,829 --> 01:03:49,440

who are very anti uh military anti-war

1644

01:03:53,990 --> 01:03:51,839

and I am anti-war those are the

1645

01:03:56,569 --> 01:03:54,000

strongest views of that will still come

1646

01:03:59,390 --> 01:03:56,579

back and say you can't you can't have

1647

01:04:00,950 --> 01:03:59,400

done that right that if you had told the

1648

01:04:02,390 --> 01:04:00,960

truth earlier we wouldn't have this war

1649

01:04:04,250 --> 01:04:02,400

that War I get it and they're going to

1650

01:04:06,530 --> 01:04:04,260

be very intense about that but overall

1651

01:04:08,809 --> 01:04:06,540

the vast majority are going to get it

1652

01:04:11,690 --> 01:04:08,819

I I wouldn't want to have to make that

1653

01:04:14,089 --> 01:04:11,700

decision if I was Truman or Rainey or

1654

01:04:16,250 --> 01:04:14,099

Dulles or any of these the top people in

1655

01:04:17,809 --> 01:04:16,260

our government in those days in those

1656

01:04:21,109 --> 01:04:17,819

years I wouldn't want to have to make

1657

01:04:23,030 --> 01:04:21,119

that call meaning let's let's just

1658

01:04:24,890 --> 01:04:23,040

confirm the ET presence let's bring out

1659

01:04:27,650 --> 01:04:24,900

some bodies show some crap let's move on

1660

01:04:29,569 --> 01:04:27,660

to the process post disclosure world and

1661

01:04:31,370 --> 01:04:29,579

hopefully the whole new thing will work

1662

01:04:33,950 --> 01:04:31,380

its way out

1663

01:04:35,930 --> 01:04:33,960

and so again

1664

01:04:40,609 --> 01:04:35,940

I'm not too worried about accountability

1665

01:04:47,990 --> 01:04:44,569

what you would call people insisting on

1666

01:04:50,150 --> 01:04:48,000

on on going into the past on this I I

1667

01:04:52,309 --> 01:04:50,160

think that the the the fundamental

1668

01:04:54,289 --> 01:04:52,319

justification will hold up its National

1669

01:04:55,910 --> 01:04:54,299

Security there are other things that I

1670

01:04:58,130 --> 01:04:55,920

think they have less of justification

1671

01:05:00,170 --> 01:04:58,140

for I mean the justification for the

1672

01:05:03,230 --> 01:05:00,180

truth embargo is is reasonable

1673

01:05:05,210 --> 01:05:03,240

justification from the Iraq war is zero

1674

01:05:08,329 --> 01:05:05,220

okay I mean that was an absolute

1675

01:05:12,289 --> 01:05:08,339

colossal unacceptable

1676

01:05:14,150 --> 01:05:12,299

decision but again small compared to the

1677

01:05:17,030 --> 01:05:14,160

ET issue the governments do do things

1678

01:05:19,069 --> 01:05:17,040

that are absolutely unacceptable and

1679

01:05:22,190 --> 01:05:19,079

should never have happened and cannot be

1680

01:05:23,270 --> 01:05:22,200

supported by reason but this is not one

1681

01:05:24,170 --> 01:05:23,280

of them

1682

01:05:25,549 --> 01:05:24,180

and so I'm not worried about

1683

01:05:27,890 --> 01:05:25,559

accountability now as far as the other

1684

01:05:29,030 --> 01:05:27,900

stuff you mentioned

1685

01:05:31,190 --> 01:05:29,040

hey

1686

01:05:33,349 --> 01:05:31,200

when I say world view is going to change

1687

01:05:35,630 --> 01:05:33,359

I mean it right

1688

01:05:37,010 --> 01:05:35,640

right everything you mentioned this is

1689

01:05:40,130 --> 01:05:37,020

one of a whole list of things that's

1690

01:05:42,650 --> 01:05:40,140

going to change world view

1691

01:05:46,609 --> 01:05:42,660

I know what do we mean okay they have

1692

01:05:47,450 --> 01:05:46,619

great technology okay good that that's a

1693

01:05:49,970 --> 01:05:47,460

change

1694

01:05:51,950 --> 01:05:49,980

is it a threat not necessarily

1695

01:05:54,829 --> 01:05:51,960

they have some sort of program involving

1696

01:05:57,410 --> 01:05:54,839

genetic research on this planet

1697

01:06:02,450 --> 01:05:57,420

okay that's interesting

1698

01:06:04,430 --> 01:06:02,460

uh is that a worldview changer yeah

1699

01:06:07,490 --> 01:06:04,440

how how drastic

1700

01:06:09,849 --> 01:06:07,500

not so much why because the human race

1701
01:06:12,770 --> 01:06:09,859
has got countless

1702
01:06:14,569 --> 01:06:12,780
genetic research programs underway on

1703
01:06:16,970 --> 01:06:14,579
this planet right and we're already

1704
01:06:21,349 --> 01:06:16,980
starting to work on ourselves all right

1705
01:06:24,529 --> 01:06:21,359
so so it's like yeah okay

1706
01:06:26,270 --> 01:06:24,539
um so it's not so dramatic is it but not

1707
01:06:28,190 --> 01:06:26,280
consensual not that we haven't done

1708
01:06:30,349 --> 01:06:28,200
non-consensual genetic research yes

1709
01:06:33,410 --> 01:06:30,359
we've done that too

1710
01:06:36,289 --> 01:06:33,420
what's really the problem

1711
01:06:38,630 --> 01:06:36,299
is not so much what they're doing is

1712
01:06:40,549 --> 01:06:38,640
that we don't fully understand why and

1713
01:06:42,049 --> 01:06:40,559

what they're doing we know something's

1714

01:06:43,430 --> 01:06:42,059

going on we know a little bit about it

1715

01:06:44,870 --> 01:06:43,440

but we don't have enough information and

1716

01:06:46,789 --> 01:06:44,880

that is concerning

1717

01:06:48,650 --> 01:06:46,799

and I and and that would make me a

1718

01:06:50,270 --> 01:06:48,660

little concerned and I would I would

1719

01:06:52,609 --> 01:06:50,280

want to know more

1720

01:06:55,250 --> 01:06:52,619

all right so what's the solution

1721

01:06:58,069 --> 01:06:55,260

the solution is to find out what's going

1722

01:07:00,049 --> 01:06:58,079

on right the solution is for the

1723

01:07:02,029 --> 01:07:00,059

government to say what they know

1724

01:07:03,470 --> 01:07:02,039

here's what we know about this and the

1725

01:07:04,609 --> 01:07:03,480

tech and the genetic research and the

1726

01:07:06,529 --> 01:07:04,619

contactees and of course the government

1727

01:07:08,809 --> 01:07:06,539

knows all about this so we know now when

1728

01:07:12,170 --> 01:07:08,819

people say oh we know more so maybe I'm

1729

01:07:14,029 --> 01:07:12,180

not as is uh concerned about it as it

1730

01:07:15,710 --> 01:07:14,039

was before I don't have to use my

1731

01:07:17,870 --> 01:07:15,720

imagination so much

1732

01:07:20,750 --> 01:07:17,880

and then if I'm right

1733

01:07:22,490 --> 01:07:20,760

and disclosure leads to open contact

1734

01:07:23,809 --> 01:07:22,500

we may find out the rest from the ETS

1735

01:07:25,370 --> 01:07:23,819

themselves

1736

01:07:27,770 --> 01:07:25,380

right because there's two disclosure

1737

01:07:30,589 --> 01:07:27,780

there's theirs and there's ours right

1738

01:07:31,970 --> 01:07:30,599

ours and then theirs yeah and what I

1739

01:07:33,829 --> 01:07:31,980

mean by Disclosure in that sense is

1740

01:07:35,809 --> 01:07:33,839

formal contact

1741

01:07:39,710 --> 01:07:35,819

UM and so

1742

01:07:41,750 --> 01:07:39,720

what most people are dealing with is the

1743

01:07:44,510 --> 01:07:41,760

frustration and the fear of the unknown

1744

01:07:46,670 --> 01:07:44,520

which the government has expanded and

1745

01:07:48,470 --> 01:07:46,680

advanced because the truth embargo was a

1746

01:07:50,329 --> 01:07:48,480

national security decision

1747

01:07:52,549 --> 01:07:50,339

so they've created a lot of angst the

1748

01:07:54,829 --> 01:07:52,559

cold war created a lot of eggs the proxy

1749

01:07:57,410 --> 01:07:54,839

Awards have created a lot of eggs uh

1750

01:08:01,370 --> 01:07:57,420

let's face it angst that's that's our

1751

01:08:04,849 --> 01:08:01,380

middle name right Homo sapiens Inc

1752

01:08:06,650 --> 01:08:04,859

sapiens that's who we are and so if

1753

01:08:08,510 --> 01:08:06,660

you're if you don't like angst if angst

1754

01:08:11,029 --> 01:08:08,520

bothers you boy you picked the wrong

1755

01:08:13,609 --> 01:08:11,039

planet at the wrong time you know and so

1756

01:08:16,490 --> 01:08:13,619

I'm suggesting that

1757

01:08:19,370 --> 01:08:16,500

the solution to angst is knowledge

1758

01:08:22,010 --> 01:08:19,380

information truth and greater

1759

01:08:23,749 --> 01:08:22,020

understanding right I'm not getting all

1760

01:08:26,689 --> 01:08:23,759

Kumbaya out here I'm simply saying that

1761

01:08:29,570 --> 01:08:26,699

like to the extent that we have the most

1762

01:08:32,570 --> 01:08:29,580

information about existential matters

1763

01:08:34,610 --> 01:08:32,580

the better we're going to feel

1764

01:08:35,990 --> 01:08:34,620

nobody wants to go into a doctor's

1765

01:08:37,849 --> 01:08:36,000

office and the doctor does an

1766

01:08:40,849 --> 01:08:37,859

examination

1767

01:08:43,910 --> 01:08:40,859

and then at the end he or she says

1768

01:08:45,410 --> 01:08:43,920

you're in really bad shape

1769

01:08:47,390 --> 01:08:45,420

you could die

1770

01:08:49,309 --> 01:08:47,400

and you say

1771

01:08:51,950 --> 01:08:49,319

what's wrong with me

1772

01:08:53,809 --> 01:08:51,960

and the doctor says I really can't tell

1773

01:08:57,890 --> 01:08:53,819

you right now

1774

01:09:00,050 --> 01:08:57,900

yeah I got a non-disclosure agreement uh

1775

01:09:02,090 --> 01:09:00,060

it's just not you know can't do it but

1776

01:09:03,769 --> 01:09:02,100

trust me you're in bad shape

1777

01:09:05,990 --> 01:09:03,779

nobody wants that

1778

01:09:07,309 --> 01:09:06,000

okay you're gonna go home and you're

1779

01:09:10,189 --> 01:09:07,319

going to be really upset and you're

1780

01:09:11,630 --> 01:09:10,199

going to stay upset that's exactly a

1781

01:09:14,030 --> 01:09:11,640

correct analogy to what the government

1782

01:09:16,249 --> 01:09:14,040

has done right

1783

01:09:18,289 --> 01:09:16,259

so we got to get away from that that's

1784

01:09:20,689 --> 01:09:18,299

why you go to a doctor then you what's

1785

01:09:22,610 --> 01:09:20,699

wrong she says okay this this and this

1786

01:09:24,650 --> 01:09:22,620

and this you go home you get on your

1787

01:09:26,689 --> 01:09:24,660

computer you start researching areas of

1788

01:09:28,430 --> 01:09:26,699

medicine and and science you've never

1789

01:09:30,349 --> 01:09:28,440

seen before you become fairly

1790

01:09:31,849 --> 01:09:30,359

knowledgeable you come you get a sense

1791

01:09:34,130 --> 01:09:31,859

of what's going on you become a

1792

01:09:36,349 --> 01:09:34,140

participant in your in your in your uh

1793

01:09:39,970 --> 01:09:36,359

your health care

1794

01:09:42,110 --> 01:09:39,980

and you can you help cure yourself

1795

01:09:44,689 --> 01:09:42,120

that's positive

1796

01:09:48,349 --> 01:09:44,699

but you're gonna die and I can't tell

1797

01:09:51,650 --> 01:09:48,359

you why is not positive and so we got to

1798

01:09:54,229 --> 01:09:51,660

get out of that and into another place

1799

01:09:55,910 --> 01:09:54,239

at least on a macroscopic scale on a

1800

01:09:57,110 --> 01:09:55,920

small scale everybody lies all the time

1801
01:09:58,669 --> 01:09:57,120
to each other and does all kinds of

1802
01:09:59,870 --> 01:09:58,679
manner of harm to themselves and their

1803
01:10:01,490 --> 01:09:59,880
family and what have you but on the

1804
01:10:04,550 --> 01:10:01,500
macroscopic scale

1805
01:10:07,130 --> 01:10:04,560
we cannot continue to lie about the

1806
01:10:08,810 --> 01:10:07,140
nature of reality the Catholic Church

1807
01:10:10,850 --> 01:10:08,820
played that game for hundreds of years

1808
01:10:12,470 --> 01:10:10,860
it didn't do any good at all

1809
01:10:15,290 --> 01:10:12,480
now it spent the last 50 years

1810
01:10:17,510 --> 01:10:15,300
apologizing for it

1811
01:10:20,270 --> 01:10:17,520
same thing with governments

1812
01:10:22,310 --> 01:10:20,280
so this is a truth-telling moment

1813
01:10:23,630 --> 01:10:22,320

that is in the hands of all of the major

1814

01:10:25,070 --> 01:10:23,640

governments there are some smaller

1815

01:10:26,390 --> 01:10:25,080

countries that they wanted to tell the

1816

01:10:28,790 --> 01:10:26,400

truth fine but nobody would pay

1817

01:10:30,290 --> 01:10:28,800

attention and we go but there's some

1818

01:10:33,050 --> 01:10:30,300

major company countries right now all of

1819

01:10:35,270 --> 01:10:33,060

which have very problematic histories

1820

01:10:37,370 --> 01:10:35,280

there's no country on this planet

1821

01:10:39,709 --> 01:10:37,380

possible exception of Canada I have to

1822

01:10:43,010 --> 01:10:39,719

do more research possibly New Zealand

1823

01:10:46,130 --> 01:10:43,020

that doesn't have a very problematic

1824

01:10:48,709 --> 01:10:46,140

past all right where they've done things

1825

01:10:50,870 --> 01:10:48,719

that are not cool

1826

01:10:53,689 --> 01:10:50,880

um and so

1827

01:10:55,490 --> 01:10:53,699

if these nations start to move to

1828

01:10:57,890 --> 01:10:55,500

another place and the world view starts

1829

01:10:59,330 --> 01:10:57,900

allowing things to be fixed the level of

1830

01:11:02,030 --> 01:10:59,340

angst in this world could actually

1831

01:11:03,350 --> 01:11:02,040

dramatically diminish as we start fixing

1832

01:11:05,990 --> 01:11:03,360

things

1833

01:11:07,250 --> 01:11:06,000

so and that's we're not talking about a

1834

01:11:10,130 --> 01:11:07,260

long-term thing here this could be

1835

01:11:13,550 --> 01:11:10,140

fairly fairly quickly so that's kind of

1836

01:11:14,750 --> 01:11:13,560

another aspect of the the the disclosure

1837

01:11:17,810 --> 01:11:14,760

process

1838

01:11:19,390 --> 01:11:17,820

and this whole phenomena that needs to

1839

01:11:21,590 --> 01:11:19,400

be

1840

01:11:23,330 --> 01:11:21,600

disgusted great detail and there's some

1841

01:11:26,870 --> 01:11:23,340

other people doing this you're starting

1842

01:11:28,430 --> 01:11:26,880

to see some of these uh other avenues

1843

01:11:32,090 --> 01:11:28,440

and threads of thinking on this because

1844

01:11:34,970 --> 01:11:32,100

it is far far far bigger than are there

1845

01:11:36,550 --> 01:11:34,980

et's or not I mean that is so boringly

1846

01:11:40,370 --> 01:11:36,560

you know

1847

01:11:42,410 --> 01:11:40,380

overdone right it's just yeah yeah you

1848

01:11:43,970 --> 01:11:42,420

know it turns out there's no ETS okay

1849

01:11:47,270 --> 01:11:43,980

well then I've made a bad career

1850

01:11:49,850 --> 01:11:47,280

decision I re I realized that not too

1851

01:11:50,750 --> 01:11:49,860

worried about it but it is far bigger

1852

01:11:53,689 --> 01:11:50,760

than that

1853

01:11:56,030 --> 01:11:53,699

we are dealing with a hugely profound

1854

01:11:58,370 --> 01:11:56,040

issue on a global scale involving other

1855

01:11:59,870 --> 01:11:58,380

civilizations there may be God knows how

1856

01:12:03,229 --> 01:11:59,880

many of them

1857

01:12:08,510 --> 01:12:03,239

and we're about to enter a new phase

1858

01:12:10,310 --> 01:12:08,520

in the the history the human story a a

1859

01:12:11,149 --> 01:12:10,320

phase that they have already been

1860

01:12:13,250 --> 01:12:11,159

through

1861

01:12:16,250 --> 01:12:13,260

right and we're gonna kind of get to

1862

01:12:18,890 --> 01:12:16,260

that point a point that they are at but

1863

01:12:20,149 --> 01:12:18,900

we are not and then interesting things

1864

01:12:23,149 --> 01:12:20,159

could happen

1865

01:12:26,149 --> 01:12:23,159

and if for whatever reason

1866

01:12:28,310 --> 01:12:26,159

the one or more of the Extraterrestrial

1867

01:12:29,510 --> 01:12:28,320

entities out there decides that we're

1868

01:12:32,870 --> 01:12:29,520

not worth it

1869

01:12:35,530 --> 01:12:32,880

and torches the whole place

1870

01:12:38,030 --> 01:12:35,540

what what are you gonna do yeah right

1871

01:12:39,350 --> 01:12:38,040

Vesuvius erupts

1872

01:12:41,390 --> 01:12:39,360

that's it

1873

01:12:44,270 --> 01:12:41,400

right and unfortunately unlike the

1874

01:12:45,950 --> 01:12:44,280

pompeians we can't move to another city

1875

01:12:48,770 --> 01:12:45,960

they could have they held out to the

1876

01:12:51,350 --> 01:12:48,780

last minute we got no place to go and so

1877

01:12:53,930 --> 01:12:51,360

I don't I don't want to dwell on that

1878

01:12:54,770 --> 01:12:53,940

uh and a lot of people do they talk

1879

01:12:56,810 --> 01:12:54,780

about

1880

01:12:58,850 --> 01:12:56,820

sending out signals is a huge mistake

1881

01:13:00,649 --> 01:12:58,860

Stephen Hawking and we don't want them

1882

01:13:03,110 --> 01:13:00,659

to know where we are and what are we

1883

01:13:04,189 --> 01:13:03,120

doing are we out of our minds

1884

01:13:06,470 --> 01:13:04,199

please

1885

01:13:08,570 --> 01:13:06,480

we're all gonna die right even

1886

01:13:10,070 --> 01:13:08,580

civilizations will ultimately die none

1887

01:13:12,229 --> 01:13:10,080

of them last forever

1888

01:13:13,370 --> 01:13:12,239

so the question is what does the future

1889

01:13:14,570 --> 01:13:13,380

bring

1890

01:13:16,250 --> 01:13:14,580

right

1891

01:13:18,530 --> 01:13:16,260

and the future either brings something

1892

01:13:20,810 --> 01:13:18,540

that makes everything else irrelevant or

1893

01:13:24,770 --> 01:13:20,820

it takes us to another place that will

1894

01:13:28,189 --> 01:13:24,780

be profoundly interesting engaging and

1895

01:13:30,709 --> 01:13:28,199

also allow for a lot of positive changes

1896

01:13:33,290 --> 01:13:30,719

in our world and so let's just focus on

1897

01:13:36,649 --> 01:13:33,300

that if the ETS want to do a sin they

1898

01:13:38,990 --> 01:13:36,659

will do us in but it's very notable that

1899

01:13:41,390 --> 01:13:39,000

they haven't right they've had plenty of

1900

01:13:42,709 --> 01:13:41,400

time right you know there was a lot of

1901

01:13:44,270 --> 01:13:42,719

evil stuff going on even a couple

1902

01:13:46,729 --> 01:13:44,280

thousand years ago and frankly they

1903

01:13:49,250 --> 01:13:46,739

that's okay no big deal right they've

1904

01:13:52,970 --> 01:13:49,260

had you haven't done it yeah so let's be

1905

01:13:55,970 --> 01:13:52,980

optimistic well said Steve you you are

1906

01:13:58,370 --> 01:13:55,980

um just a person I could just listen to

1907

01:14:00,169 --> 01:13:58,380

you for hours on end uh we'll have to

1908

01:14:01,850 --> 01:14:00,179

wrap this up here soon but uh Louis do

1909

01:14:03,890 --> 01:14:01,860

you have any final questions absolutely

1910

01:14:05,390 --> 01:14:03,900

in a long time come on Louie that was

1911

01:14:07,430 --> 01:14:05,400

the same way Steve I love listening to

1912

01:14:08,930 --> 01:14:07,440

you brother I know normally we we ask

1913

01:14:11,450 --> 01:14:08,940

our guests the question they respond

1914

01:14:15,050 --> 01:14:11,460

it's a lot of q a but you have a way of

1915

01:14:17,930 --> 01:14:15,060

tying politics and world view and the

1916

01:14:19,910 --> 01:14:17,940

macro level and it all makes sense it's

1917

01:14:21,530 --> 01:14:19,920

hard to refute anything you're saying of

1918

01:14:24,110 --> 01:14:21,540

course everybody has an opinion and

1919

01:14:26,209 --> 01:14:24,120

there are many in this topic but at

1920

01:14:28,550 --> 01:14:26,219

least based on what I believe and what I

1921

01:14:30,590 --> 01:14:28,560

think makes sense I think you're bang on

1922

01:14:32,570 --> 01:14:30,600

I think everything you've said for the

1923

01:14:34,970 --> 01:14:32,580

reasons we haven't had disclosure the

1924

01:14:36,709 --> 01:14:34,980

reasons why we need disclosure and all

1925

01:14:39,229 --> 01:14:36,719

the amazing stuff that can come from

1926

01:14:41,990 --> 01:14:39,239

that both in a scientific in an

1927

01:14:44,330 --> 01:14:42,000

exopolitical and just a humanitarian way

1928

01:14:46,310 --> 01:14:44,340

I I agree with that and uh again

1929

01:14:49,550 --> 01:14:46,320

everyone has an opinion some people will

1930

01:14:51,470 --> 01:14:49,560

say you're crazy we're crazy uh it's not

1931

01:14:52,970 --> 01:14:51,480

you know you're you're a big staunch

1932

01:14:54,470 --> 01:14:52,980

believer of

1933

01:14:56,149 --> 01:14:54,480

ET beings from other planets not

1934

01:14:58,910 --> 01:14:56,159

interdimensional some people would

1935

01:15:01,370 --> 01:14:58,920

debate that and casual and educated

1936

01:15:03,290 --> 01:15:01,380

debate is good I think it's necessary

1937

01:15:05,030 --> 01:15:03,300

and I think you're the kind of guy that

1938

01:15:06,709 --> 01:15:05,040

you could have an opposite opinion of

1939

01:15:09,229 --> 01:15:06,719

and still remain friends with and I

1940

01:15:11,149 --> 01:15:09,239

think that's sadly missing you know you

1941

01:15:12,709 --> 01:15:11,159

go on Twitter and it's if you don't

1942

01:15:14,570 --> 01:15:12,719

believe me you're an idiot or you're one

1943

01:15:16,729 --> 01:15:14,580

of those people people are trying to be

1944

01:15:19,729 --> 01:15:16,739

divisive even on social media platforms

1945

01:15:21,649 --> 01:15:19,739

and this topic is good for that so

1946

01:15:23,750 --> 01:15:21,659

um yeah you uh you just have a very

1947

01:15:25,310 --> 01:15:23,760

language is your thing you have a

1948

01:15:27,830 --> 01:15:25,320

magical way of straining it all together

1949

01:15:29,689 --> 01:15:27,840

and I hope our our viewers really enjoy

1950

01:15:31,610 --> 01:15:29,699

it and if you didn't get any for

1951

01:15:33,950 --> 01:15:31,620

anything from this listen to it again

1952

01:15:36,229 --> 01:15:33,960

because you've said a lot without taking

1953

01:15:38,390 --> 01:15:36,239

a whole day to say it there's a lot

1954

01:15:40,490 --> 01:15:38,400

there and I think it's worthy of um

1955

01:15:42,229 --> 01:15:40,500

that's pretty kind of you Louis the fact

1956

01:15:43,850 --> 01:15:42,239

that I got you to say that for less than

1957

01:15:45,970 --> 01:15:43,860

the price of an electric scooter I think

1958

01:15:50,390 --> 01:15:45,980

is pretty cool actually absolutely

1959

01:15:52,729 --> 01:15:50,400

tell you what I'll make you deal

1960

01:15:55,669 --> 01:15:52,739

I hope I can honor this to you but

1961

01:15:57,709 --> 01:15:55,679

schedule a show down the line

1962

01:15:59,450 --> 01:15:57,719

and I will come on

1963

01:16:01,370 --> 01:15:59,460

and I will of course you're going to

1964

01:16:04,610 --> 01:16:01,380

have to prepare a little bit I will come

1965

01:16:07,930 --> 01:16:04,620

on and promise you that I will simply

1966

01:16:12,530 --> 01:16:10,610

brief relatively brief answers to as

1967

01:16:15,350 --> 01:16:12,540

many questions as we can get in right

1968

01:16:18,590 --> 01:16:15,360

and do that right because frankly there

1969

01:16:20,330 --> 01:16:18,600

is a time and a place for that uh and

1970

01:16:22,669 --> 01:16:20,340

you know I don't want to be like the

1971

01:16:24,590 --> 01:16:22,679

preacher at church right you know you go

1972

01:16:26,270 --> 01:16:24,600

sometimes it's necessary though it's

1973

01:16:28,250 --> 01:16:26,280

important to hear from somebody who

1974

01:16:30,649 --> 01:16:28,260

knows not all the time not all the time

1975

01:16:33,470 --> 01:16:30,659

I mean the preacher gets up there and

1976

01:16:35,229 --> 01:16:33,480

they go through this thing right and I I

1977

01:16:38,390 --> 01:16:35,239

used to go to church

1978

01:16:39,709 --> 01:16:38,400

way long ago but I recall it in the

1979

01:16:41,890 --> 01:16:39,719

sense that I don't recall anybody ever

1980

01:16:45,950 --> 01:16:41,900

just racing their hand and going

1981

01:16:47,570 --> 01:16:45,960

uh could you clarify you were trying to

1982

01:16:49,790 --> 01:16:47,580

get across there with that particular

1983

01:16:51,770 --> 01:16:49,800

Parable or I'm not I'm not sure that

1984

01:16:54,169 --> 01:16:51,780

that's in the Bible no

1985

01:16:55,850 --> 01:16:54,179

you know you just sit there and except

1986

01:16:58,729 --> 01:16:55,860

for singing some hymns you just listen

1987

01:17:01,130 --> 01:16:58,739

that's what preaching is and so I can I

1988

01:17:03,290 --> 01:17:01,140

get there right and I and I and I get

1989

01:17:04,490 --> 01:17:03,300

there probably too much so I'm gonna

1990

01:17:05,810 --> 01:17:04,500

make you a promise you're gonna come on

1991

01:17:08,270 --> 01:17:05,820

you get a whole bunch of questions down

1992

01:17:09,649 --> 01:17:08,280

as many as you can and then the moment I

1993

01:17:11,870 --> 01:17:09,659

start to drown a little bit you say

1994

01:17:13,729 --> 01:17:11,880

Steve Steve you made a promise and we'll

1995

01:17:16,250 --> 01:17:13,739

go to the hold up the baby Yoda this

1996

01:17:18,590 --> 01:17:16,260

means Steve it's time to move on that'll

1997

01:17:19,910 --> 01:17:18,600

be a sign there it is yeah we'll do that

1998

01:17:21,110 --> 01:17:19,920

we'll pull our audience we'll get

1999

01:17:22,910 --> 01:17:21,120

everybody to send us so if you're

2000

01:17:25,870 --> 01:17:22,920

listening right now feel free to email

2001

01:17:28,250 --> 01:17:25,880

us our email address is info

2002

01:17:29,870 --> 01:17:28,260

uapstudiespodcast.com send us any

2003

01:17:32,030 --> 01:17:29,880

questions you have for a future episode

2004

01:17:34,250 --> 01:17:32,040

of Steve Bassett and he will answer it

2005

01:17:36,110 --> 01:17:34,260

questions for Steve get that out there

2006

01:17:38,149 --> 01:17:36,120

get that on Twitter we'll make it happen

2007

01:17:39,890 --> 01:17:38,159

Steve you're you're the uncle we wish we

2008

01:17:42,050 --> 01:17:39,900

always had brother and before we close

2009

01:17:43,790 --> 01:17:42,060

again we want to promote your pages

2010

01:17:44,990 --> 01:17:43,800

where can people find you how can they

2011

01:17:47,450 --> 01:17:45,000

support the fight

2012

01:17:49,310 --> 01:17:47,460

I mean the uncle you wish you had or the

2013

01:17:51,070 --> 01:17:49,320

crazy uncle that you won't let out of

2014

01:17:53,990 --> 01:17:51,080

the attic

2015

01:17:56,810 --> 01:17:54,000

the Paradigm researchgroup.org is the

2016

01:17:58,610 --> 01:17:56,820

website uh Paradigm research group at

2017

01:18:00,229 --> 01:17:58,620

Steve Bassett is the Twitter and I

2018

01:18:03,530 --> 01:18:00,239

really need to start building my Twitter

2019

01:18:05,630 --> 01:18:03,540

followers please uh stuff is coming and

2020

01:18:07,070 --> 01:18:05,640

that's a major way to get that

2021

01:18:09,350 --> 01:18:07,080

information out

2022

01:18:11,810 --> 01:18:09,360

I'm also on Facebook Paradigm research

2023

01:18:13,310 --> 01:18:11,820

group Steve Bassett fine but Twitter is

2024

01:18:15,350 --> 01:18:13,320

the power engine

2025

01:18:16,970 --> 01:18:15,360

I'm not ready for tick tock yet I'm just

2026

01:18:18,770 --> 01:18:16,980

not ready for that it's just uh me

2027

01:18:20,689 --> 01:18:18,780

neither I have no interest in Tick Tock

2028

01:18:22,490 --> 01:18:20,699

whatsoever you need to get a funny dog

2029

01:18:24,290 --> 01:18:22,500

and film them doing dumb stuff all day

2030

01:18:25,870 --> 01:18:24,300

to have a second and have five million

2031

01:18:29,030 --> 01:18:25,880

followers would be called an influencer

2032

01:18:31,870 --> 01:18:29,040

yeah I'm not ready for that okay so

2033

01:18:34,010 --> 01:18:31,880

disclosure yeah tick tock not happening

2034

01:18:36,890 --> 01:18:34,020

I'm still I'm still unsure about

2035

01:18:39,590 --> 01:18:36,900

Instagram so I'm hampered so but it's

2036

01:18:41,330 --> 01:18:39,600

Twitter it's Twitter let me tell you you

2037

01:18:42,950 --> 01:18:41,340

get two or three Twitter million Twitter

2038

01:18:46,729 --> 01:18:42,960

followers and boy you could shake some

2039

01:18:48,770 --> 01:18:46,739

trees that's true so do that and uh what

2040

01:18:50,930 --> 01:18:48,780

else what else um oh

2041

01:18:55,490 --> 01:18:50,940

I'm going to be speaking at

2042

01:19:00,950 --> 01:18:55,500

the UFO Con in uh San Francisco coming

2043

01:19:05,030 --> 01:19:00,960

up the weekend of the 17th 18th right uh

2044

01:19:07,790 --> 01:19:05,040

I'm gonna be speaking at UFO Expo

2045

01:19:10,010 --> 01:19:07,800

this coming weekend right just a few

2046

01:19:11,870 --> 01:19:10,020

days that is out of Roswell and online

2047

01:19:14,990 --> 01:19:11,880

I'm also going to be speaking at the

2048

01:19:17,930 --> 01:19:15,000

contact in the desert in June June 4.

2049

01:19:19,790 --> 01:19:17,940

this is going to be a massive conference

2050

01:19:22,729 --> 01:19:19,800

all right it's going to be everything

2051

01:19:26,510 --> 01:19:22,739

you've seen before and probably more uh

2052

01:19:28,250 --> 01:19:26,520

60 speakers minimal and a lot is going

2053

01:19:30,110 --> 01:19:28,260

to happen between now and that

2054

01:19:31,910 --> 01:19:30,120

conference not that the other two aren't

2055

01:19:34,490 --> 01:19:31,920

great they're fine but they're fairly

2056

01:19:37,430 --> 01:19:34,500

new I mean they're coming just up this

2057

01:19:38,930 --> 01:19:37,440

is June boy could be very exciting and

2058

01:19:42,290 --> 01:19:38,940

then I was invited to speak at the World

2059

01:19:44,630 --> 01:19:42,300

ufology Congress in Mexico City in

2060

01:19:47,810 --> 01:19:44,640

December uh I'm very much looking

2061

01:19:49,550 --> 01:19:47,820

forward to that and Lord knows what will

2062

01:19:53,209 --> 01:19:49,560

have transpired between then and

2063

01:19:55,370 --> 01:19:53,219

December uh so and I'm expecting to do

2064

01:19:58,189 --> 01:19:55,380

some other events so I want to promote

2065

01:20:00,649 --> 01:19:58,199

those and I hope to have an announcement

2066

01:20:02,390 --> 01:20:00,659

pretty soon of the the of some big

2067

01:20:04,370 --> 01:20:02,400

projects I've been working on with other

2068

01:20:06,590 --> 01:20:04,380

people here in Los Angeles

2069

01:20:08,930 --> 01:20:06,600

trying to keep up with all my colleagues

2070

01:20:11,209 --> 01:20:08,940

which are just charging forward you know

2071

01:20:12,649 --> 01:20:11,219

creating podcasts doing docs going up on

2072

01:20:15,290 --> 01:20:12,659

the hill and everything else and I'm in

2073

01:20:17,209 --> 01:20:15,300

La trying to you know go through a what

2074

01:20:19,370 --> 01:20:17,219

they call a pre-production process which

2075

01:20:21,310 --> 01:20:19,380

is basically hell that's what it is it's

2076

01:20:23,570 --> 01:20:21,320

in the Bible

2077

01:20:25,130 --> 01:20:23,580

so but I do have hope to have some

2078

01:20:28,370 --> 01:20:25,140

announcements pretty soon anyway thanks

2079

01:20:30,470 --> 01:20:28,380

for indulging me today and I hope uh you

2080

01:20:32,149 --> 01:20:30,480

get good feedback on this and I promise

2081

01:20:34,910 --> 01:20:32,159

I will do that show when you're ready

2082

01:20:36,890 --> 01:20:34,920

perfect we don't often toss the keys to

2083

01:20:39,050 --> 01:20:36,900

the card anybody but we trust you we

2084

01:20:41,990 --> 01:20:39,060

like you you are a friend of the show

2085

01:20:44,810 --> 01:20:42,000

and even our affiliate programs have you

2086

01:20:46,250 --> 01:20:44,820

on they love you and uh yeah we uh we

2087

01:20:48,290 --> 01:20:46,260

are firm supporters we thank you for

2088

01:20:51,290 --> 01:20:48,300

what you do and one more thing

2089

01:20:53,810 --> 01:20:51,300

uh I was going to say this initially

2090

01:20:55,250 --> 01:20:53,820

I I appreciate the fact

2091

01:20:57,890 --> 01:20:55,260

that you were one of the very few

2092

01:21:00,169 --> 01:20:57,900

podcasts or shows of any kind out there

2093

01:21:02,630 --> 01:21:00,179

that have gone with UAP

2094

01:21:04,430 --> 01:21:02,640

oh nice now we get some help for it but

2095

01:21:05,870 --> 01:21:04,440

there's a reason we did it

2096

01:21:07,910 --> 01:21:05,880

well first of all

2097

01:21:11,390 --> 01:21:07,920

uh it's I think those others should note

2098

01:21:14,270 --> 01:21:11,400

that you're doing just fine okay you're

2099

01:21:15,770 --> 01:21:14,280

doing just fine okay there's nobody they

2100

01:21:18,229 --> 01:21:15,780

won't do on your show you're getting

2101

01:21:19,310 --> 01:21:18,239

plenty of fall so it hasn't hurt that's

2102

01:21:22,970 --> 01:21:19,320

right yeah

2103

01:21:26,930 --> 01:21:22,980

now but I the reason I bring it up is

2104

01:21:31,850 --> 01:21:29,149

to the extent I would hope some people

2105

01:21:33,649 --> 01:21:31,860

will follow you I'm not saying UFO is

2106

01:21:35,810 --> 01:21:33,659

awful I'm not saying you cannot that

2107

01:21:37,729 --> 01:21:35,820

it's not it's going to be around it is

2108

01:21:40,070 --> 01:21:37,739

and shows have got it and they use it

2109

01:21:41,990 --> 01:21:40,080

and that's all right however to the

2110

01:21:44,689 --> 01:21:42,000

extent some people will move forward and

2111

01:21:45,890 --> 01:21:44,699

do the UAP I think that is helpful to

2112

01:21:48,169 --> 01:21:45,900

the process

2113

01:21:51,110 --> 01:21:48,179

because it is it is part of this

2114

01:21:53,030 --> 01:21:51,120

extrication program that I've been

2115

01:21:55,610 --> 01:21:53,040

talking about in other words the

2116

01:21:59,149 --> 01:21:55,620

government created

2117

01:22:01,910 --> 01:21:59,159

the the the the the prop the UFO problem

2118

01:22:03,410 --> 01:22:01,920

that acronym and all the demeaning they

2119

01:22:05,750 --> 01:22:03,420

put on it and the ridicule and

2120

01:22:09,410 --> 01:22:05,760

everything else it literally created the

2121

01:22:11,870 --> 01:22:09,420

problem and now getting out from under

2122

01:22:14,050 --> 01:22:11,880

that problem which is part of their

2123

01:22:16,250 --> 01:22:14,060

lives part of the big lie

2124

01:22:19,669 --> 01:22:16,260

it's easier to move away from the

2125

01:22:23,810 --> 01:22:19,679

language and so UAP helps the government

2126
01:22:25,250 --> 01:22:23,820
as it moves away from its embargo to

2127
01:22:27,709 --> 01:22:25,260
disclosure

2128
01:22:29,689 --> 01:22:27,719
and it's very interesting if you watch

2129
01:22:32,630 --> 01:22:29,699
the evolution of the names of all of

2130
01:22:34,310 --> 01:22:32,640
these entities that they kept trying

2131
01:22:35,689 --> 01:22:34,320
yeah they were creating an entity but

2132
01:22:37,370 --> 01:22:35,699
the names they kept giving it as they

2133
01:22:39,590 --> 01:22:37,380
move forward and change so what have you

2134
01:22:41,270 --> 01:22:39,600
they're all over the place all right

2135
01:22:42,250 --> 01:22:41,280
some of them you can't even pronounce I

2136
01:22:46,910 --> 01:22:42,260
guess

2137
01:22:50,770 --> 01:22:46,920
and they finally ended up with what

2138
01:22:52,330 --> 01:22:50,780

all domain anomaly resolution office

2139

01:22:55,370 --> 01:22:52,340

okay

2140

01:22:59,149 --> 01:22:55,380

absolutely applicable

2141

01:23:02,209 --> 01:22:59,159

anomalies in all domains underwater in

2142

01:23:03,530 --> 01:23:02,219

the air on the earth and in space

2143

01:23:05,270 --> 01:23:03,540

now

2144

01:23:06,590 --> 01:23:05,280

unless you believe in dragons or

2145

01:23:08,090 --> 01:23:06,600

mermaids and a lot of things like that

2146

01:23:09,950 --> 01:23:08,100

there's only a limited number of things

2147

01:23:12,790 --> 01:23:09,960

that really qualify as a significant

2148

01:23:15,470 --> 01:23:12,800

anomaly in these domains all right

2149

01:23:18,169 --> 01:23:15,480

resolution office

2150

01:23:18,950 --> 01:23:18,179

all right so that is now the acronym for

2151

01:23:21,229 --> 01:23:18,960

this

2152

01:23:23,810 --> 01:23:21,239

all domain anomaly resolution of us

2153

01:23:27,110 --> 01:23:23,820

we're recognizing this phenomena is in

2154

01:23:28,850 --> 01:23:27,120

all domains it is an anomaly and we're

2155

01:23:31,010 --> 01:23:28,860

going to resolve it

2156

01:23:34,189 --> 01:23:31,020

you see and so they've taken themselves

2157

01:23:36,189 --> 01:23:34,199

completely out of the acronym re the out

2158

01:23:39,229 --> 01:23:36,199

realities that emerged and

2159

01:23:40,850 --> 01:23:39,239

they've taken it to exactly what it's

2160

01:23:43,130 --> 01:23:40,860

supposed to be

2161

01:23:45,830 --> 01:23:43,140

right and then in the fact that the

2162

01:23:48,410 --> 01:23:45,840

acronym is Arrow hey I can go with that

2163

01:23:50,330 --> 01:23:48,420

it's really aaro but I pronounce it

2164

01:23:53,090 --> 01:23:50,340

arrow and anybody that doesn't they're

2165

01:23:54,530 --> 01:23:53,100

making a huge mistake and so we've

2166

01:23:56,390 --> 01:23:54,540

created a new acronym that doesn't

2167

01:23:58,970 --> 01:23:56,400

convey much of the old they've created a

2168

01:24:00,590 --> 01:23:58,980

name that totally fits why are they and

2169

01:24:03,410 --> 01:24:00,600

they took a long time to do it they

2170

01:24:06,649 --> 01:24:03,420

really worked at it because all of that

2171

01:24:10,370 --> 01:24:06,659

is part of making this right of getting

2172

01:24:13,070 --> 01:24:10,380

it done right making people feel right

2173

01:24:15,110 --> 01:24:13,080

about it moving from the past out of the

2174

01:24:16,550 --> 01:24:15,120

Embargo stuff out of the ridicule out of

2175

01:24:17,930 --> 01:24:16,560

all the crap that they created for the

2176

01:24:21,470 --> 01:24:17,940

for the for the Nationalist career

2177

01:24:26,030 --> 01:24:21,480

reasons and into a more open transparent

2178

01:24:27,530 --> 01:24:26,040

and truthful engagement of the issue UAP

2179

01:24:30,050 --> 01:24:27,540

is part of that

2180

01:24:32,330 --> 01:24:30,060

you've embraced it I invite others to do

2181

01:24:34,250 --> 01:24:32,340

so not that UFO is not is going to go

2182

01:24:35,870 --> 01:24:34,260

anytime soon pretty sure it won't it's

2183

01:24:38,149 --> 01:24:35,880

got a pretty substantial you know

2184

01:24:39,709 --> 01:24:38,159

presence it's got a hook in there yeah

2185

01:24:42,110 --> 01:24:39,719

and one day it won't matter post

2186

01:24:42,890 --> 01:24:42,120

disclosure it will not matter it'll be

2187

01:24:45,890 --> 01:24:42,900

cute

2188

01:24:48,530 --> 01:24:45,900

but you guys I like that and so you you

2189

01:24:49,790 --> 01:24:48,540

have my respect for that and uh I know

2190

01:24:52,729 --> 01:24:49,800

you're going to continue to be very

2191

01:24:54,770 --> 01:24:52,739

successful whatever your name is awesome

2192

01:25:03,030 --> 01:24:54,780

thank you so much my man appreciate it
