**UAP STUDIES
PODCAST**

1
00:00:05,390 --> 00:00:02,090
hey everybody welcome back we're ready

2
00:00:07,249 --> 00:00:05,400
to get into it today and uh Our Guest is

3
00:00:09,350 --> 00:00:07,259
somebody who is the leading Roswell

4
00:00:11,209 --> 00:00:09,360
expert now we are not going to just tell

5
00:00:12,589 --> 00:00:11,219
the story of Roswell Beat It To Death

6
00:00:14,930 --> 00:00:12,599
that's one of his books right there

7
00:00:16,910 --> 00:00:14,940
among many I found 10 just going online

8
00:00:19,010 --> 00:00:16,920
Jay he's got a few seven time

9
00:00:20,330 --> 00:00:19,020
best-selling author as well but we want

10
00:00:22,790 --> 00:00:20,340
to get some info that a lot of people

11
00:00:23,990 --> 00:00:22,800
don't know and we want to clarify some

12
00:00:26,269 --> 00:00:24,000
of the myths there's a lot of things

13
00:00:28,670 --> 00:00:26,279

people say oh I heard Roswell was this I

14

00:00:30,410 --> 00:00:28,680

heard this happen what's real and what's

15

00:00:32,630 --> 00:00:30,420

not and we want to do that in a concise

16

00:00:34,850 --> 00:00:32,640

quick way without beating a dead horse

17

00:00:37,250 --> 00:00:34,860

but give you guys some cool new info I

18

00:00:39,170 --> 00:00:37,260

think that's gonna work out also we'll

19

00:00:40,910 --> 00:00:39,180

get his opinion on crazy balloon flap

20

00:00:42,290 --> 00:00:40,920

again don't want to beat this thing to

21

00:00:45,110 --> 00:00:42,300

death I'm pretty much sick of hearing

22

00:00:46,790 --> 00:00:45,120

about spy balloons and UFOs in our Sky

23

00:00:48,529 --> 00:00:46,800

then but you gotta ask them you gotta

24

00:00:50,569 --> 00:00:48,539

ask them I guess it's relevant we're

25

00:00:52,069 --> 00:00:50,579

gonna ask I'm just we beat it to death

26

00:00:54,529 --> 00:00:52,079

pretty good the other day

27

00:00:56,689 --> 00:00:54,539

but uh for all of our our Newfound

with Don all week and this has been uh

48

00:02:06,830 --> 00:02:05,219

something that we've talked about for

49

00:02:08,690 --> 00:02:06,840

for quite some time so having them on

50

00:02:10,490 --> 00:02:08,700

today is going to be awesome absolutely

51
00:02:11,990 --> 00:02:10,500
and again our mission statement on this

they've been doing this for decades and

55
00:02:19,670 --> 00:02:17,940
studying and have far more knowledge

56
00:02:21,650 --> 00:02:19,680
than we do but we want to give our

57
00:02:23,809 --> 00:02:21,660
audience that that knowledge in a

58
00:02:25,970 --> 00:02:23,819
digestible little snippet and again

59
00:02:27,830 --> 00:02:25,980
super excited about today's guest this

60
00:02:30,589 --> 00:02:27,840
gentleman is a researcher TV presenter

seven time best-selling author some of

62
00:02:35,390 --> 00:02:32,760

00:02:41,150 --> 00:02:38,400

witness to Roswell inside the real area

65

00:02:43,490 --> 00:02:41,160

51. uh he served as a director of

66

00:02:45,589 --> 00:02:43,500

special investigations for the Jay Allen

67

00:02:47,809 --> 00:02:45,599

68

00:02:49,509 --> 00:02:47,819

UFO Museum and Research Center which is

in Roswell New Mexico so the most uh

72

00:02:58,790 --> 00:02:57,420

probably learned Gentleman on the

73

00:03:01,190 --> 00:02:58,800

Roswell topic we're going to pick his

74

00:03:03,890 --> 00:03:01,200

brain but a warm welcome to the show Mr

75

00:03:06,830 --> 00:03:03,900

Donald Raymond Schmidt well thank you

76

00:03:09,530 --> 00:03:06,840

for having me both to you so uh I just

77

00:03:13,190 --> 00:03:09,540

do a quick correction it's the JL and

78

00:03:16,250 --> 00:03:13,200

heineck my apologies my apologies yeah

79

00:03:18,710 --> 00:03:16,260

through the eminent astrophysicist yes

80

00:03:21,470 --> 00:03:18,720

who consultant to the Air Force for 20

81

00:03:24,290 --> 00:03:21,480

years and then he founded the center and

82

00:03:26,449 --> 00:03:24,300

with the museum out in Roswell my my now

83

00:03:29,990 --> 00:03:26,459

my new official title is lead

84

00:03:33,110 --> 00:03:30,000

investigator very good so uh I will

85

00:03:34,970 --> 00:03:33,120

accept that yeah congratulations so tell

86

00:03:36,530 --> 00:03:34,980

us a little bit about yourself pre-ufo

87

00:03:38,390 --> 00:03:36,540

interest kind of what got you into it

88

00:03:40,430 --> 00:03:38,400

you know we usually know most of the big

89

00:03:42,170 --> 00:03:40,440

things about our guests but we like to

90

00:03:44,030 --> 00:03:42,180

kind of hear what their personal life

91

00:03:46,690 --> 00:03:44,040

was like and what led them down this

92

00:03:50,809 --> 00:03:49,610

of all things it was the the Kennedy

93

00:03:54,050 --> 00:03:50,819

assassination

94

00:03:56,149 --> 00:03:54,060

and I was a young boy that particular

95

00:03:57,850 --> 00:03:56,159

weekend and how we had all been sent

96

00:04:01,729 --> 00:03:57,860

home from school

97

00:04:04,789 --> 00:04:01,739

and uh my father was away on business so

98

00:04:08,690 --> 00:04:04,799

there I sat with my mother just glued to

99

00:04:12,170 --> 00:04:08,700

the television for three solid days you

100

00:04:15,830 --> 00:04:12,180

know just uh in awe of uh not so much

101
00:04:18,289 --> 00:04:15,840
the president being assassinated but how

102
00:04:19,909 --> 00:04:18,299
it was being covered how it was being

103
00:04:22,009 --> 00:04:19,919
presented

104
00:04:26,030 --> 00:04:22,019
and

105
00:04:29,570 --> 00:04:26,040
few years later

106
00:04:31,790 --> 00:04:29,580
and because I was already an Avid Reader

107
00:04:34,070 --> 00:04:31,800
even at the age of six when I would make

108
00:04:36,650 --> 00:04:34,080
up my Christmas list for Santa I would

109
00:04:39,110 --> 00:04:36,660
put down all these book titles

110
00:04:42,170 --> 00:04:39,120
I wasn't interested in toys I I wanted

111
00:04:46,189 --> 00:04:42,180
books on history on science that type of

112
00:04:47,930 --> 00:04:46,199
thing and I had um wandered off into the

113
00:04:49,189 --> 00:04:47,940

book section of a department store and

114

00:04:53,270 --> 00:04:49,199

there was a book

115

00:04:57,770 --> 00:04:53,280

that was using the exact same words in

116

00:05:00,530 --> 00:04:57,780

defining the then released Warren report

117

00:05:03,110 --> 00:05:00,540

on the Kennedy assassination the

118

00:05:05,810 --> 00:05:03,120

official investigation and the words

119

00:05:08,810 --> 00:05:05,820

whitewash and cover-up

120

00:05:10,969 --> 00:05:08,820

but it wasn't a book on the

121

00:05:14,870 --> 00:05:10,979

assassination it was a book entitled

122

00:05:18,469 --> 00:05:14,880

flying saucers serious business

123

00:05:20,450 --> 00:05:18,479

and I paged through it and it was one

124

00:05:22,490 --> 00:05:20,460

particular chapter entitled who's

125

00:05:25,610 --> 00:05:22,500

driving

126
00:05:28,129 --> 00:05:25,620
and as I quickly peruse you know those

127
00:05:31,070 --> 00:05:28,139
accounts those anecdotes

128
00:05:33,950 --> 00:05:31,080
I had to have that book

129
00:05:35,150 --> 00:05:33,960
because I thought my God this is this is

130
00:05:36,830 --> 00:05:35,160
happening we're talking the biggest

131
00:05:37,790 --> 00:05:36,840
Story one of the biggest stories of all

132
00:05:41,090 --> 00:05:37,800
time

133
00:05:43,490 --> 00:05:41,100
and I couldn't get my my next UFO book

134
00:05:45,590 --> 00:05:43,500
fast enough and the next one and the

135
00:05:47,390 --> 00:05:45,600
next one the next one and before you

136
00:05:49,969 --> 00:05:47,400
know it right through college I was

137
00:05:52,070 --> 00:05:49,979
going into field investigative training

138
00:05:53,770 --> 00:05:52,080

with the area phenomena research

139

00:05:57,170 --> 00:05:53,780

organization

140

00:05:59,090 --> 00:05:57,180

and then after college after I was

141

00:06:00,590 --> 00:05:59,100

assigned a number of case investigations

142

00:06:04,249 --> 00:06:00,600

and

143

00:06:07,070 --> 00:06:04,259

a number of my reports came across the

144

00:06:10,070 --> 00:06:07,080

very desk of JL and heineck

145

00:06:12,590 --> 00:06:10,080

and I happen to live two hours just

146

00:06:15,290 --> 00:06:12,600

north of heinek where he resided in

147

00:06:17,689 --> 00:06:15,300

Evanston he was head of the astronomy

148

00:06:20,210 --> 00:06:17,699

department at Northwestern University at

149

00:06:22,189 --> 00:06:20,220

that time and he invited me to come down

150

00:06:24,050 --> 00:06:22,199

he wanted to meet

151
00:06:27,590 --> 00:06:24,060
and the next thing I know I was getting

152
00:06:29,150 --> 00:06:27,600
phone calls from the man himself Don I'd

153
00:06:31,610 --> 00:06:29,160
like you to look into this case I we

154
00:06:33,950 --> 00:06:31,620
have a report from this area that would

155
00:06:36,950 --> 00:06:33,960
you you'll look into it for us

156
00:06:38,450 --> 00:06:36,960
and um I would become one of his special

157
00:06:42,290 --> 00:06:38,460
investigators

158
00:06:45,110 --> 00:06:42,300
and I worked with him in the field

159
00:06:46,430 --> 00:06:45,120
for the next uh eight years before he

160
00:06:48,710 --> 00:06:46,440
passed away

161
00:06:50,629 --> 00:06:48,720
and so I could not have had a better

162
00:06:55,090 --> 00:06:50,639
teacher mentor

163
00:07:00,290 --> 00:06:55,100

uh scientific uh as far as a director

164

00:07:03,350 --> 00:07:00,300

but also a friend and I I find myself so

165

00:07:06,050 --> 00:07:03,360

often going thinking presently now what

166

00:07:07,490 --> 00:07:06,060

would Alan say Dr heinek what would

167

00:07:09,710 --> 00:07:07,500

Allen do

168

00:07:12,050 --> 00:07:09,720

and what we were not aware of was the

169

00:07:14,749 --> 00:07:12,060

fact that he was also looking into

170

00:07:18,110 --> 00:07:14,759

Roswell before he died

171

00:07:21,350 --> 00:07:18,120

we found all types of handwritten notes

172

00:07:23,749 --> 00:07:21,360

that he was interviewing Witnesses and

173

00:07:25,670 --> 00:07:23,759

this needs to be followed up on this

174

00:07:29,749 --> 00:07:25,680

needs to be investigated

175

00:07:33,589 --> 00:07:29,759

and I'll be a posthumously the fact that

176
00:07:36,110 --> 00:07:33,599
once we as Skeptics decided to actually

177
00:07:38,629 --> 00:07:36,120
make that first trip down to New Mexico

178
00:07:41,390 --> 00:07:38,639
fully confident that we would wrap this

179
00:07:44,270 --> 00:07:41,400
up in a single weekend

180
00:07:46,490 --> 00:07:44,280
and literally did we know that there was

181
00:07:48,409 --> 00:07:46,500
jail and honey kind of whispering in my

182
00:07:49,969 --> 00:07:48,419
ear

183
00:07:52,010 --> 00:07:49,979
see it through

184
00:07:52,969 --> 00:07:52,020
there's much more to this than you think

185
00:07:56,330 --> 00:07:52,979
there is

186
00:07:59,270 --> 00:07:56,340
and as we have demonstrated here it is

187
00:08:02,450 --> 00:07:59,280
now over 30 years later and for having

188
00:08:04,490 --> 00:08:02,460

interviewed over 600 Witnesses either

189

00:08:07,629 --> 00:08:04,500

directly or indirectly involved I think

190

00:08:10,790 --> 00:08:07,639

we've we've we've clearly have shown

191

00:08:14,570 --> 00:08:10,800

that uh something truly extraordinary

192

00:08:18,230 --> 00:08:14,580

crashed back in 1947 and it's become the

193

00:08:20,029 --> 00:08:18,240

granddaddy of all UFO cases as a result

194

00:08:22,369 --> 00:08:20,039

right and we've we've heard of other

195

00:08:25,730 --> 00:08:22,379

Crash retrievals from the United States

196

00:08:27,350 --> 00:08:25,740

at different times throughout history so

197

00:08:30,409 --> 00:08:27,360

you know we know that there's there's

198

00:08:32,209 --> 00:08:30,419

some crafts to it I I'm not sure what um

199

00:08:35,149 --> 00:08:32,219

you know your thoughts are on Bob Lazar

200

00:08:37,010 --> 00:08:35,159

but I'm a huge believer in the story and

201
00:08:40,550 --> 00:08:37,020
when he said that the US government had

202
00:08:42,529 --> 00:08:40,560
nine crafts in their possession that is

203
00:08:44,889 --> 00:08:42,539
huge that is you know it's one thing

204
00:08:48,050 --> 00:08:44,899
having one or two crafts but having nine

205
00:08:49,610 --> 00:08:48,060
uh and none of them look the same

206
00:08:51,889 --> 00:08:49,620
you know when you hear about the Roswell

207
00:08:53,570 --> 00:08:51,899
crash it's not that far out to think

208
00:08:55,970 --> 00:08:53,580
that maybe that's when we started

209
00:08:58,850 --> 00:08:55,980
retrieving these things seriously and

210
00:09:01,670 --> 00:08:58,860
looking at them as machines uh but yeah

211
00:09:02,530 --> 00:09:01,680
your book I mean I got it right here

212
00:09:06,170 --> 00:09:02,540
um

213
00:09:08,690 --> 00:09:06,180

yes yeah and then became a movie it

214

00:09:11,150 --> 00:09:08,700

became the movie right yeah and I mean

215

00:09:13,190 --> 00:09:11,160

the investigation into this like how

216

00:09:14,630 --> 00:09:13,200

was there a point that you were

217

00:09:16,970 --> 00:09:14,640

absolutely convinced throughout the

218

00:09:18,470 --> 00:09:16,980

investigation that this was there was

219

00:09:19,910 --> 00:09:18,480

something actually there worth

220

00:09:22,310 --> 00:09:19,920

investigating like there must have been

221

00:09:23,690 --> 00:09:22,320

a trigger point where you discovered

222

00:09:25,310 --> 00:09:23,700

something new that led you down the

223

00:09:28,030 --> 00:09:25,320

rabbit hole do you remember what that

224

00:09:29,570 --> 00:09:28,040

was there were two things

225

00:09:32,030 --> 00:09:29,580

interviewing

226

00:09:33,949 --> 00:09:32,040

the first ten Witnesses

227

00:09:37,009 --> 00:09:33,959

to the wreckage

228

00:09:39,889 --> 00:09:37,019

whether it was military or civilian

229

00:09:42,110 --> 00:09:39,899

right they describe it identically

230

00:09:44,269 --> 00:09:42,120

and they all described it in

231

00:09:47,389 --> 00:09:44,279

extraordinary terms

232

00:09:48,889 --> 00:09:47,399

that it possessed Perfect Memory that it

233

00:09:51,710 --> 00:09:48,899

was practically

234

00:09:54,350 --> 00:09:51,720

you know Unbreakable

235

00:09:56,630 --> 00:09:54,360

they were describing what would turn out

236

00:09:59,389 --> 00:09:56,640

to be fiber optics for example

237

00:10:01,850 --> 00:09:59,399

they were describing i-beams with you

238

00:10:03,350 --> 00:10:01,860

know strange symbology hieroglyphic like

239

00:10:04,970 --> 00:10:03,360

symbols that ran the length of each

240

00:10:06,829 --> 00:10:04,980

piece

241

00:10:10,730 --> 00:10:06,839

and then

242

00:10:14,329 --> 00:10:10,740

secondly The Reluctant Witnesses and

243

00:10:18,290 --> 00:10:14,339

they typically were Military Officers

244

00:10:22,009 --> 00:10:18,300

with pensions and uh you know security

245

00:10:24,790 --> 00:10:22,019

Oaths at stake and the fact that these

246

00:10:27,410 --> 00:10:24,800

were most likely The Reluctant Witnesses

247

00:10:29,870 --> 00:10:27,420

who would always tell us

248

00:10:32,269 --> 00:10:29,880

we can't talk about that

249

00:10:34,550 --> 00:10:32,279

an example would be Lieutenant Colonel

250

00:10:38,150 --> 00:10:34,560

Edwin Easley who was the Provost Marshal

251
00:10:40,370 --> 00:10:38,160
at Roswell in 1947.

252
00:10:43,490 --> 00:10:40,380
and he stated over and over again I

253
00:10:47,090 --> 00:10:43,500
can't talk about this I'm still sworn to

254
00:10:49,310 --> 00:10:47,100
secrecy now mind you this is 43 years

255
00:10:53,210 --> 00:10:49,320
after the fact

256
00:10:56,030 --> 00:10:53,220
and he is still unequivocally stating I

257
00:10:57,850 --> 00:10:56,040
cannot talk about this

258
00:11:01,910 --> 00:10:57,860
and so

259
00:11:04,569 --> 00:11:01,920
why or what is still so highly

260
00:11:06,350 --> 00:11:04,579
classified after all that time

261
00:11:08,810 --> 00:11:06,360
that

262
00:11:10,690 --> 00:11:08,820
remains

263
00:11:14,449 --> 00:11:10,700

taboo

264

00:11:16,069 --> 00:11:14,459

remains under you have the tightest as

265

00:11:18,230 --> 00:11:16,079

far as security

266

00:11:19,970 --> 00:11:18,240

and so it just wets your appetite all

267

00:11:22,250 --> 00:11:19,980

the more it become all the more

268

00:11:23,569 --> 00:11:22,260

intrigued to find out what could it

269

00:11:25,610 --> 00:11:23,579

possibly be

270

00:11:27,670 --> 00:11:25,620

and that's when we started to also

271

00:11:31,310 --> 00:11:27,680

explore all the alternative explanations

272

00:11:32,389 --> 00:11:31,320

even all the way up to a Japanese atomic

273

00:11:34,550 --> 00:11:32,399

bomb

274

00:11:36,829 --> 00:11:34,560

we were going for broke we were just

275

00:11:37,730 --> 00:11:36,839

putting everything in anything on the

276

00:11:41,090 --> 00:11:37,740

table

277

00:11:43,550 --> 00:11:41,100

and it still always came back to but we

278

00:11:47,030 --> 00:11:43,560

can rule this out we can eliminate this

279

00:11:49,790 --> 00:11:47,040

we can disqualify that and the one thing

280

00:11:52,430 --> 00:11:49,800

that always stood out

281

00:11:55,790 --> 00:11:52,440

where the AI witnessed testimonies right

282

00:11:58,130 --> 00:11:55,800

to their very deathbeds stating that it

283

00:12:00,650 --> 00:11:58,140

was a flying saucer that it was

284

00:12:03,050 --> 00:12:00,660

something manufactured off the Earth

285

00:12:05,030 --> 00:12:03,060

and for that same reason then if I

286

00:12:09,710 --> 00:12:05,040

accept Roswell where I went from a full

287

00:12:11,750 --> 00:12:09,720

skeptic to now where I'm 99.9 convinced

288

00:12:13,069 --> 00:12:11,760

it's it's a big difference than

289

00:12:14,449 --> 00:12:13,079

believing

290

00:12:16,910 --> 00:12:14,459

you know I've

291

00:12:19,190 --> 00:12:16,920

I've taken this as far as I can

292

00:12:21,769 --> 00:12:19,200

and now I accept

293

00:12:24,410 --> 00:12:21,779

almost without a shadow of a doubt that

294

00:12:27,650 --> 00:12:24,420

it did happen but then I have to also

295

00:12:30,110 --> 00:12:27,660

accept it makes everything else possible

296

00:12:33,230 --> 00:12:30,120

I just can't rule out another crash

297

00:12:35,569 --> 00:12:33,240

another event because Roswell makes

298

00:12:37,970 --> 00:12:35,579

everything else possible

299

00:12:40,310 --> 00:12:37,980

yeah right one of the things I find

300

00:12:43,129 --> 00:12:40,320

fascinating is you know the stories of

301
00:12:45,590 --> 00:12:43,139
entities that were recovered uh you know

302
00:12:47,449 --> 00:12:45,600
subsequent autopsy videos I've even seen

303
00:12:49,129 --> 00:12:47,459
a video with supposedly an alien that

304
00:12:51,170 --> 00:12:49,139
they were trying to communicate with and

305
00:12:53,210 --> 00:12:51,180
what are your again it's our viewers

306
00:12:55,190 --> 00:12:53,220
want to know all the uh all the old

307
00:12:56,810 --> 00:12:55,200
cliche stuff as well too right but what

308
00:12:59,030 --> 00:12:56,820
are your thoughts on that was there an

309
00:13:01,069 --> 00:12:59,040
ET creature did we you know work with

310
00:13:04,250 --> 00:13:01,079
this thing did we just test it and

311
00:13:08,090 --> 00:13:04,260
torture it to death like what happened

312
00:13:10,850 --> 00:13:08,100
there were three distinct sites related

313
00:13:13,550 --> 00:13:10,860

to this one event this one craft this

314

00:13:15,350 --> 00:13:13,560

one object there was a debris field

315

00:13:17,930 --> 00:13:15,360

which

316

00:13:20,750 --> 00:13:17,940

we have now to date we've had five

317

00:13:23,449 --> 00:13:20,760

archaeological digs searching for

318

00:13:26,389 --> 00:13:23,459

remnants searching for physical evidence

319

00:13:28,370 --> 00:13:26,399

we confirmed for example that there was

320

00:13:31,370 --> 00:13:28,380

a 10 foot wide

321

00:13:33,470 --> 00:13:31,380

about 200 foot long gouge where

322

00:13:36,530 --> 00:13:33,480

something had impacted and skipped

323

00:13:39,829 --> 00:13:36,540

across the desert floor

324

00:13:41,930 --> 00:13:39,839

for for some uh distance

325

00:13:44,990 --> 00:13:41,940

and then it was a secondary body site

326

00:13:47,329 --> 00:13:45,000

about two and a half miles east

327

00:13:51,410 --> 00:13:47,339

Southeast of that location

328

00:13:54,410 --> 00:13:51,420

where two bodies were recovered whether

329

00:13:57,410 --> 00:13:54,420

they had been ejected due to the

330

00:14:01,550 --> 00:13:57,420

percussion of the explosion uh the

331

00:14:04,430 --> 00:14:01,560

decompression or they had ejected

332

00:14:07,430 --> 00:14:04,440

who can say it but nonetheless there

333

00:14:09,790 --> 00:14:07,440

were two bodies at that location and

334

00:14:14,389 --> 00:14:09,800

then along that same trajectory route

335

00:14:15,949 --> 00:14:14,399

there were another three bodies plus a

336

00:14:19,129 --> 00:14:15,959

survivor

337

00:14:21,050 --> 00:14:19,139

and the remains of a pod a capsule about

338

00:14:24,949 --> 00:14:21,060

the size of a Volkswagen Beetle

339

00:14:26,629 --> 00:14:24,959

egg-shaped and this was about 35 miles

340

00:14:29,090 --> 00:14:26,639

north

341

00:14:32,030 --> 00:14:29,100

of Roswell

342

00:14:35,569 --> 00:14:32,040

so along that same trajectory line a

343

00:14:38,629 --> 00:14:35,579

debrief field a secondary body site and

344

00:14:42,350 --> 00:14:38,639

then a final impact point

345

00:14:44,629 --> 00:14:42,360

so we have first-hand witnesses both

346

00:14:48,530 --> 00:14:44,639

military and civilian

347

00:14:49,730 --> 00:14:48,540

to not only the bodies but also the

348

00:14:53,210 --> 00:14:49,740

Survivor

349

00:14:57,650 --> 00:14:53,220

we have witnesses at the site we

350

00:15:00,530 --> 00:14:57,660

Witnesses at the B-29 Hangar it was

351
00:15:02,750 --> 00:15:00,540
called P3 back in 1947 it's now known as

352
00:15:06,290 --> 00:15:02,760
building 84.

353
00:15:09,769 --> 00:15:06,300
we have witnesses at the base Hospital

354
00:15:13,370 --> 00:15:09,779
who also saw the Survivor

355
00:15:17,629 --> 00:15:13,380
and then we have the testimony

356
00:15:20,870 --> 00:15:17,639
of a retired Colonel he was a triple Ace

357
00:15:24,590 --> 00:15:20,880
in World War II Marion Magruder who

358
00:15:28,550 --> 00:15:24,600
independently told his five Sons he was

359
00:15:30,710 --> 00:15:28,560
part of the wart college class of 4748

360
00:15:33,650 --> 00:15:30,720
and they were put on assignment at

361
00:15:36,530 --> 00:15:33,660
Wright-Patterson Air Force Base

362
00:15:38,990 --> 00:15:36,540
right field slash Wright Patterson

363
00:15:40,689 --> 00:15:39,000

based on all the eyewitness accounts

364

00:15:43,250 --> 00:15:40,699

became the final

365

00:15:46,370 --> 00:15:43,260

depository where all the wreckage where

366

00:15:48,290 --> 00:15:46,380

the bodies and the Survivor were taken

367

00:15:52,610 --> 00:15:48,300

to Dayton Ohio

368

00:15:56,389 --> 00:15:52,620

so it was a predecessor to Area 51 51

369

00:15:57,949 --> 00:15:56,399

didn't come into existence until 1955 so

370

00:16:00,250 --> 00:15:57,959

eight years later

371

00:16:04,150 --> 00:16:00,260

so right field

372

00:16:07,009 --> 00:16:04,160

Wright-Patterson was the most advanced

373

00:16:08,810 --> 00:16:07,019

uh foreign technology division they did

374

00:16:11,269 --> 00:16:08,820

all the reverse engineering of captured

375

00:16:14,629 --> 00:16:11,279

weaponry and Armory after World War II

376

00:16:17,810 --> 00:16:14,639

for example it was if if we came into

377

00:16:20,629 --> 00:16:17,820

possession of anything foreign in this

378

00:16:21,769 --> 00:16:20,639

case truly foreign that's where it would

379

00:16:25,670 --> 00:16:21,779

have been sent

380

00:16:28,250 --> 00:16:25,680

well anyway we confirmed that zebruder

381

00:16:29,810 --> 00:16:28,260

or a Magruder I was talking about

382

00:16:32,689 --> 00:16:29,820

Kennedy I'm talking about the zubruder

383

00:16:36,230 --> 00:16:32,699

film sorry but Magruder

384

00:16:40,370 --> 00:16:36,240

was a sign we have the documents April

385

00:16:43,730 --> 00:16:40,380

of 48 to write Pat in Dayton Ohio

386

00:16:46,790 --> 00:16:43,740

well he would have told his sons that

387

00:16:49,129 --> 00:16:46,800

they were shown the wreckage from

388

00:16:52,850 --> 00:16:49,139

Roswell and they were allowed to handle

389

00:16:54,889 --> 00:16:52,860

it and it's memory qualities

390

00:16:57,050 --> 00:16:54,899

that no matter how you bent it no matter

391

00:16:59,210 --> 00:16:57,060

how you creased it or folded it up or

392

00:17:02,090 --> 00:16:59,220

crumbled it up every time you placed it

393

00:17:03,769 --> 00:17:02,100

down it would unravel and assume its

394

00:17:05,150 --> 00:17:03,779

original shape and size right before

395

00:17:07,549 --> 00:17:05,160

your eyes

396

00:17:09,470 --> 00:17:07,559

but then he described how we were then

397

00:17:12,289 --> 00:17:09,480

taken into another room

398

00:17:13,490 --> 00:17:12,299

and the lights came on and there within

399

00:17:14,890 --> 00:17:13,500

a glass

400

00:17:19,429 --> 00:17:14,900

room

401
00:17:22,370 --> 00:17:19,439
was something that clearly was not human

402
00:17:25,010 --> 00:17:22,380
and we were informed it was the Lone

403
00:17:28,850 --> 00:17:25,020
Survivor from Roswell

404
00:17:31,310 --> 00:17:28,860
and he described the pity that he felt

405
00:17:32,090 --> 00:17:31,320
that we were treating it like a guinea

406
00:17:35,210 --> 00:17:32,100
pig

407
00:17:38,890 --> 00:17:35,220
and that later he would hear that

408
00:17:42,470 --> 00:17:38,900
it died due to just all of the testing

409
00:17:45,169 --> 00:17:42,480
that obviously we took it it was a

410
00:17:47,990 --> 00:17:45,179
captive we took it into our possession

411
00:17:50,510 --> 00:17:48,000
and we're treating it like a lab animal

412
00:17:52,909 --> 00:17:50,520
and I guess that's human nature and

413
00:17:55,250 --> 00:17:52,919

something that I would think even to

414

00:17:59,150 --> 00:17:55,260

this day that's precisely what we would

415

00:18:00,890 --> 00:17:59,160

do but the point being that for having

416

00:18:06,950 --> 00:18:00,900

the high

417

00:18:08,210 --> 00:18:06,960

we have you know received testimonies

418

00:18:11,690 --> 00:18:08,220

from

419

00:18:14,330 --> 00:18:11,700

I had no doubt that there was a Survivor

420

00:18:16,130 --> 00:18:14,340

there was a lone survivor recovered at

421

00:18:17,690 --> 00:18:16,140

Roswell

422

00:18:20,270 --> 00:18:17,700

hmm

423

00:18:21,830 --> 00:18:20,280

yeah and I'm excited from that I was

424

00:18:24,590 --> 00:18:21,840

hoping that was the answer because it's

425

00:18:26,150 --> 00:18:24,600

very cool it's plausible and you know to

426
00:18:27,169 --> 00:18:26,160
throw out that possibility means you got

427
00:18:28,970 --> 00:18:27,179
to throw out all these people's

428
00:18:31,730 --> 00:18:28,980
testimony that I you know heard of and

429
00:18:34,130 --> 00:18:31,740
read as well so so thank you for that

430
00:18:35,750 --> 00:18:34,140
well and uh and you all you both

431
00:18:40,909 --> 00:18:35,760
understand I mean

432
00:18:42,590 --> 00:18:40,919
I can go on because the details the

433
00:18:44,750 --> 00:18:42,600
number of witnesses that I have to

434
00:18:47,750 --> 00:18:44,760
encapsulate it's almost like creating a

435
00:18:50,450 --> 00:18:47,760
composite of just multiple characters

436
00:18:54,950 --> 00:18:50,460
and you have to you know contrive it all

437
00:18:57,950 --> 00:18:54,960
into one individual so it's it's much

438
00:19:00,350 --> 00:18:57,960

more involved as I'm sure you you bought

439

00:19:01,669 --> 00:19:00,360

that you know you can imagine but

440

00:19:03,890 --> 00:19:01,679

nonetheless I'm still trying to

441

00:19:06,110 --> 00:19:03,900

summarize and and still be as precise

442

00:19:07,310 --> 00:19:06,120

and the point as it can be yeah we

443

00:19:08,870 --> 00:19:07,320

appreciate that and we only have an

444

00:19:11,330 --> 00:19:08,880

hour-long program too we don't want to

445

00:19:13,610 --> 00:19:11,340

beat any one topic to death but that was

446

00:19:15,409 --> 00:19:13,620

perfect that's uh that quenches my

447

00:19:19,010 --> 00:19:15,419

curiosity on that so

448

00:19:20,870 --> 00:19:19,020

well yeah Roswell has always been an

449

00:19:22,730 --> 00:19:20,880

interesting case I mean from the from

450

00:19:24,970 --> 00:19:22,740

the onset that means the first time that

451
00:19:28,130 --> 00:19:24,980
we had the government actually come out

452
00:19:30,950 --> 00:19:28,140
within you know a few hours of the crash

453
00:19:33,110 --> 00:19:30,960
saying that there's possible UFO crash

454
00:19:34,789 --> 00:19:33,120
in the desert of New Mexico then the

455
00:19:36,710 --> 00:19:34,799
next day they recanted it and said no no

456
00:19:38,270 --> 00:19:36,720
it wasn't it uh it was just a mistake it

457
00:19:41,510 --> 00:19:38,280
was a weather balloon

458
00:19:46,549 --> 00:19:41,520
but but actually it wasn't just a few

459
00:19:49,250 --> 00:19:46,559
hours after they learned of the crash

460
00:19:52,130 --> 00:19:49,260
um the Rancher the ranch Foreman who

461
00:19:55,610 --> 00:19:52,140
first discovered this debris field that

462
00:19:58,010 --> 00:19:55,620
covered an area of almost a mile long

463
00:19:59,870 --> 00:19:58,020

that's a tremendous amount of wreckage

464

00:20:02,510 --> 00:19:59,880

of material

465

00:20:04,130 --> 00:20:02,520

and it's one of the reasons that as we

466

00:20:06,710 --> 00:20:04,140

retract down the people who were

467

00:20:09,770 --> 00:20:06,720

involved in the recovery operation

468

00:20:14,510 --> 00:20:09,780

we've been told that there were 50 to 60

469

00:20:17,210 --> 00:20:14,520

men who were out there for three full

470

00:20:19,610 --> 00:20:17,220

days loading up

471

00:20:22,130 --> 00:20:19,620

crate after crate after crate and we

472

00:20:24,230 --> 00:20:22,140

even Tracked Down the drivers of the

473

00:20:26,510 --> 00:20:24,240

trucks who were transporting the

474

00:20:28,789 --> 00:20:26,520

wreckage back down the Roswell and then

475

00:20:30,710 --> 00:20:28,799

returning with another empty truck to

476

00:20:34,250 --> 00:20:30,720

pick up another load

477

00:20:36,950 --> 00:20:34,260

the point I'm making is that the Rancher

478

00:20:40,430 --> 00:20:36,960

he made the long Trek into Roswell it

479

00:20:42,650 --> 00:20:40,440

was a 75 mile or a mile drive back at

480

00:20:46,010 --> 00:20:42,660

that time doesn't sound like much today

481

00:20:49,730 --> 00:20:46,020

but back then many of the roads were

482

00:20:53,690 --> 00:20:49,740

just dirt pack uh rubber tires were at a

483

00:20:56,150 --> 00:20:53,700

premium uh your risk breakdown out in

484

00:20:58,190 --> 00:20:56,160

the middle of nowhere so he had to make

485

00:20:59,870 --> 00:20:58,200

the effort and he drove all the way to

486

00:21:02,150 --> 00:20:59,880

Roswell now he did not go to the

487

00:21:02,990 --> 00:21:02,160

military base he went to the Sheriff's

488

00:21:05,510 --> 00:21:03,000

Office

489

00:21:08,029 --> 00:21:05,520

by the time the military became involved

490

00:21:10,730 --> 00:21:08,039

and it was important enough that they

491

00:21:14,510 --> 00:21:10,740

alerted the very base commander Colonel

492

00:21:17,270 --> 00:21:14,520

William Blanchard about the incident

493

00:21:19,570 --> 00:21:17,280

so in other words it keeps going up in

494

00:21:23,450 --> 00:21:19,580

importance hour after hour after hour

495

00:21:25,370 --> 00:21:23,460

and Blanchard after he has dispatched

496

00:21:28,970 --> 00:21:25,380

not a couple but listed men to follow

497

00:21:31,490 --> 00:21:28,980

the Rancher back and check it out no he

498

00:21:35,630 --> 00:21:31,500

sends out the two head of intelligence

499

00:21:37,730 --> 00:21:35,640

major Jesse Marcel and Captain Sheridan

500

00:21:40,130 --> 00:21:37,740

Cabot the head of Counter Intelligence

501
00:21:42,409 --> 00:21:40,140
in the event it's something foreign

502
00:21:45,289 --> 00:21:42,419
also demonstrating that they can't

503
00:21:47,690 --> 00:21:45,299
recognize this wreckage nothing's been

504
00:21:51,169 --> 00:21:47,700
reported missing they haven't been put

505
00:21:53,870 --> 00:21:51,179
on alert as to any down aircraft or any

506
00:21:56,090 --> 00:21:53,880
tests that have gone off course it's a

507
00:21:58,909 --> 00:21:56,100
Fourth of July weekend down here in

508
00:22:00,950 --> 00:21:58,919
America it's most the men are home on

509
00:22:05,450 --> 00:22:00,960
leave with their families

510
00:22:09,830 --> 00:22:05,460
and Blanchard he calls up his boss

511
00:22:12,590 --> 00:22:09,840
and they in turn contact the Pentagon

512
00:22:15,230 --> 00:22:12,600
and then it's General Clements McMullen

513
00:22:17,149 --> 00:22:15,240

who was Deputy commander of Strategic

514

00:22:19,750 --> 00:22:17,159

Air Command for the Air Force at that

515

00:22:22,789 --> 00:22:19,760

time he calls up

516

00:22:25,430 --> 00:22:22,799

Blanchard's boss and has some of the

517

00:22:26,630 --> 00:22:25,440

wreckage brought in by the Rancher flown

518

00:22:29,570 --> 00:22:26,640

to Washington

519

00:22:32,690 --> 00:22:29,580

the point being Washington already has

520

00:22:36,230 --> 00:22:32,700

some of the actual wreckage in Hand by

521

00:22:38,210 --> 00:22:36,240

late Sunday July 6th

522

00:22:41,450 --> 00:22:38,220

the press release

523

00:22:44,090 --> 00:22:41,460

to clearly show that this was not just

524

00:22:47,270 --> 00:22:44,100

some overreaction or a knee-jerk

525

00:22:51,529 --> 00:22:47,280

response on the part of Roswell it

526

00:22:55,190 --> 00:22:51,539

doesn't go out until Tuesday July 8th

527

00:22:58,430 --> 00:22:55,200

so they had a full day and a half to

528

00:23:00,470 --> 00:22:58,440

decide what to do about this

529

00:23:03,110 --> 00:23:00,480

and they decided

530

00:23:05,570 --> 00:23:03,120

like the proverbial straw man first you

531

00:23:07,730 --> 00:23:05,580

build it up then you tear it down Brazil

532

00:23:09,590 --> 00:23:07,740

the Rancher had gone to the sheriff he

533

00:23:12,230 --> 00:23:09,600

had already talked to the Press they

534

00:23:13,370 --> 00:23:12,240

couldn't deny that nothing crashed that

535

00:23:16,669 --> 00:23:13,380

nothing happened

536

00:23:19,909 --> 00:23:16,679

so the first it's a flying saucer and

537

00:23:22,310 --> 00:23:19,919

then within five hours it slowly evolves

538

00:23:23,930 --> 00:23:22,320

into a weather balloon with a radar

539

00:23:25,610 --> 00:23:23,940

reflector kite

540

00:23:27,830 --> 00:23:25,620

and then they had a press conference

541

00:23:30,289 --> 00:23:27,840

late that afternoon at Fort Worth Texas

542

00:23:32,510 --> 00:23:30,299

and they have Marcel pose with the

543

00:23:35,390 --> 00:23:32,520

weather balloon on the floor in front of

544

00:23:36,649 --> 00:23:35,400

him and the Press accepted it they got

545

00:23:39,350 --> 00:23:36,659

away with it

546

00:23:41,930 --> 00:23:39,360

and that's all they were hoping to

547

00:23:44,690 --> 00:23:41,940

accomplish you know boy we we really bit

548

00:23:46,250 --> 00:23:44,700

the bullet on that one but it worked it

549

00:23:50,390 --> 00:23:46,260

worked

550

00:23:53,690 --> 00:23:50,400

until you guys uncovered it uh you know

551
00:23:56,690 --> 00:23:53,700
well until Marcel went public Marcel was

552
00:24:00,830 --> 00:23:56,700
diagnosed with uh terminal emphysema

553
00:24:02,330 --> 00:24:00,840
and in 1978 when he realized

554
00:24:05,330 --> 00:24:02,340
they're not going to come out with the

555
00:24:08,330 --> 00:24:05,340
truth so he did and that's when he went

556
00:24:11,029 --> 00:24:08,340
public and I love the quote and I'd use

557
00:24:13,130 --> 00:24:11,039
it all the time where he stated quote

558
00:24:15,409 --> 00:24:13,140
being from now this was the lead

559
00:24:18,470 --> 00:24:15,419
intelligence officer in the U.S military

560
00:24:21,350 --> 00:24:18,480
at that time in charge of the atomic

561
00:24:24,289 --> 00:24:21,360
bomb they were the first atomic bomb

562
00:24:27,409 --> 00:24:24,299
Squadron in the world at that time and

563
00:24:31,010 --> 00:24:27,419

Marcel would State quote being familiar

564

00:24:35,630 --> 00:24:31,020

with all materials both foreign and

565

00:24:36,950 --> 00:24:35,640

domestic this was nothing made on this

566

00:24:38,690 --> 00:24:36,960

Earth

567

00:24:41,289 --> 00:24:38,700

yeah you don't get any more profound

568

00:24:46,010 --> 00:24:43,669

the impact it's had on the family we're

569

00:24:48,649 --> 00:24:46,020

gonna have Jesse Marcel the third who is

570

00:24:50,450 --> 00:24:48,659

the grandson on our show yes and good

571

00:24:51,770 --> 00:24:50,460

friends this story never wavered right

572

00:24:53,750 --> 00:24:51,780

it was so important it went from

573

00:24:56,570 --> 00:24:53,760

Grandfather to Father there was Diaries

574

00:24:58,310 --> 00:24:56,580

they safe started this because of the

575

00:24:59,930 --> 00:24:58,320

importance factor and it I'm sure it

576

00:25:02,570 --> 00:24:59,940

didn't do the many favors I mean you

577

00:25:04,310 --> 00:25:02,580

think this topic is stigmatic now it was

578

00:25:06,070 --> 00:25:04,320

very stigmatic in the late 40s people

579

00:25:09,169 --> 00:25:06,080

would think you're nuts

580

00:25:11,750 --> 00:25:09,179

yeah just the third grandfather was the

581

00:25:14,149 --> 00:25:11,760

Patsy he's ordered the pose with the

582

00:25:16,850 --> 00:25:14,159

fake the phony weather balloon when he

583

00:25:19,370 --> 00:25:16,860

knows full well it's not what they

584

00:25:21,409 --> 00:25:19,380

recovered what they brought back down to

585

00:25:23,930 --> 00:25:21,419

Roswell and that he had to live with and

586

00:25:26,390 --> 00:25:23,940

then this picture is plastered all over

587

00:25:28,070 --> 00:25:26,400

every major newspaper around the world

588

00:25:35,810 --> 00:25:28,080

and

589

00:25:38,390 --> 00:25:35,820

bitter

590

00:25:41,390 --> 00:25:38,400

that he only stayed in the military for

591

00:25:43,549 --> 00:25:41,400

two more years and uh he would have

592

00:25:44,990 --> 00:25:43,559

easily gone on to become a a general

593

00:25:47,930 --> 00:25:45,000

officer

594

00:25:51,049 --> 00:25:47,940

and yet uh you're right they were

595

00:25:53,269 --> 00:25:51,059

laughing behind his back they were you

596

00:25:55,070 --> 00:25:53,279

know he came back to Roswell and nobody

597

00:25:56,870 --> 00:25:55,080

was even talking to him because they

598

00:25:59,090 --> 00:25:56,880

were ordered not to they weren't

599

00:26:01,630 --> 00:25:59,100

supposed to say anything that would

600

00:26:04,789 --> 00:26:01,640

potentially you know

601
00:26:06,830 --> 00:26:04,799
raise his curiosity you know you know

602
00:26:08,330 --> 00:26:06,840
what had happened while he was gone for

603
00:26:11,390 --> 00:26:08,340
those two days

604
00:26:13,669 --> 00:26:11,400
yeah yeah you know and it's been such a

605
00:26:15,890 --> 00:26:13,679
you know throughout history everybody's

606
00:26:17,990 --> 00:26:15,900
had an experience with an encounter of a

607
00:26:21,409 --> 00:26:18,000
craft or military personnel that have

608
00:26:23,269 --> 00:26:21,419
had encounters on bases it has been that

609
00:26:24,830 --> 00:26:23,279
sort of follow-up that they're mocked by

610
00:26:27,110 --> 00:26:24,840
their own peers

611
00:26:28,970 --> 00:26:27,120
for an incredible story that actually

612
00:26:30,649 --> 00:26:28,980
took place these people are brave to

613
00:26:32,149 --> 00:26:30,659

come out these these men and women and

614

00:26:34,430 --> 00:26:32,159

we say this all the time it's the men

615

00:26:36,890 --> 00:26:34,440

and women in service that are coming

616

00:26:37,970 --> 00:26:36,900

forward and explaining to us that

617

00:26:40,190 --> 00:26:37,980

there's something there there's

618

00:26:42,649 --> 00:26:40,200

something that they're experiencing as

619

00:26:44,990 --> 00:26:42,659

much as the general population is that

620

00:26:47,330 --> 00:26:45,000

civilians are experiencing and you know

621

00:26:49,190 --> 00:26:47,340

there's a Common Thread there and like I

622

00:26:51,529 --> 00:26:49,200

said my hat's off for anybody back in

623

00:26:53,630 --> 00:26:51,539

the day that had enough balls to come

624

00:26:55,669 --> 00:26:53,640

out and just say it like it was like now

625

00:26:59,090 --> 00:26:55,679

it's a little bit easier to do so yeah

626

00:27:01,070 --> 00:26:59,100

the taboo has been lifted to a great

627

00:27:05,029 --> 00:27:01,080

degree with the Congressional hearings

628

00:27:08,750 --> 00:27:05,039

here in Washington but the that I can

629

00:27:11,630 --> 00:27:08,760

state that we can even document the

630

00:27:13,490 --> 00:27:11,640

ridicule Factor right back to Roswell

631

00:27:17,029 --> 00:27:13,500

that's where it originated

632

00:27:19,789 --> 00:27:17,039

the very general his very office that

633

00:27:23,090 --> 00:27:19,799

they had the balloon press conference

634

00:27:25,370 --> 00:27:23,100

he was on an El Paso radio station just

635

00:27:27,649 --> 00:27:25,380

a few days after

636

00:27:29,750 --> 00:27:27,659

and he was asked by the host of the

637

00:27:33,110 --> 00:27:29,760

program well General that explains

638

00:27:35,029 --> 00:27:33,120

Roswell but isn't it true that there

639

00:27:38,930 --> 00:27:35,039

have been Flying Saucer flying disc

640

00:27:40,549 --> 00:27:38,940

sightings in every state throughout

641

00:27:42,649 --> 00:27:40,559

America

642

00:27:46,730 --> 00:27:42,659

to which the general very coyly

643

00:27:49,130 --> 00:27:46,740

responded Yes yes that is true

644

00:27:52,750 --> 00:27:49,140

except for Kansas

645

00:27:55,970 --> 00:27:52,760

which is a dry State

646

00:27:58,610 --> 00:27:55,980

they don't allow drinking yeah right so

647

00:28:01,669 --> 00:27:58,620

for the first time suggesting that only

648

00:28:05,769 --> 00:28:01,679

those who over imbibe those who drink

649

00:28:08,930 --> 00:28:05,779

see such things that's where it began

650

00:28:10,490 --> 00:28:08,940

ancient times in ancient times you know

651
00:28:12,649 --> 00:28:10,500
even like the Egyptians and stuff they

652
00:28:14,630 --> 00:28:12,659
would report fiery discs in the sky and

653
00:28:17,269 --> 00:28:14,640
there's many anomalous things reported

654
00:28:18,470 --> 00:28:17,279
by very basic language but I mean you

655
00:28:20,149 --> 00:28:18,480
think about it it's like they were

656
00:28:22,250 --> 00:28:20,159
describing some high tech even though

657
00:28:24,890 --> 00:28:22,260
they were using basic language but there

658
00:28:26,390 --> 00:28:24,900
was no ridicule because nobody had said

659
00:28:28,789 --> 00:28:26,400
that you were crazy if you think that

660
00:28:30,769 --> 00:28:28,799
there was no truth embargo as Stephen

661
00:28:34,130 --> 00:28:30,779
Bassett likes to call it not a cover-up

662
00:28:36,590 --> 00:28:34,140
but a truth embargo you know cover-ups

663
00:28:38,810 --> 00:28:36,600

are illegal and embargo is if you're

664

00:28:41,269 --> 00:28:38,820

already in power you have every right to

665

00:28:43,610 --> 00:28:41,279

just withhold because you could say it's

666

00:28:45,890 --> 00:28:43,620

for national service security right

667

00:28:49,130 --> 00:28:45,900

right yeah and

668

00:28:51,529 --> 00:28:49,140

and the idea that

669

00:28:57,950 --> 00:28:51,539

that was one of

670

00:29:01,250 --> 00:28:57,960

manners by which they designed that not

671

00:29:03,590 --> 00:29:01,260

only would they explain away Roswell

672

00:29:06,470 --> 00:29:03,600

they then put on balloon demonstrations

673

00:29:09,289 --> 00:29:06,480

which we've also documented All Over

674

00:29:12,409 --> 00:29:09,299

America where they invited the press to

675

00:29:15,110 --> 00:29:12,419

come in and film as they were showing

676
00:29:17,090 --> 00:29:15,120
that now it may not look like a balloon

677
00:29:20,570 --> 00:29:17,100
or a flying saucer here on the ground

678
00:29:22,850 --> 00:29:20,580
but once it's airborne and due to the

679
00:29:25,549 --> 00:29:22,860
atmospheric pressure and the balloon can

680
00:29:27,710 --> 00:29:25,559
become ellipsoid and it can reflect the

681
00:29:29,210 --> 00:29:27,720
Sun and just like that like God it

682
00:29:32,570 --> 00:29:29,220
doesn't have wings it doesn't have a

683
00:29:35,750 --> 00:29:32,580
tail it's one of those flying discs but

684
00:29:38,870 --> 00:29:35,760
then nobody asked the legitimate

685
00:29:41,269 --> 00:29:38,880
question well but Roswell was on the

686
00:29:43,610 --> 00:29:41,279
ground in front of them it was something

687
00:29:46,490 --> 00:29:43,620
they could handle it was nothing more

688
00:29:50,750 --> 00:29:46,500

than neoprene Rubber and reflective foil

689

00:29:53,210 --> 00:29:50,760

and sticks and tape and string as you

690

00:29:55,610 --> 00:29:53,220

are telling us but that's not what the

691

00:29:58,370 --> 00:29:55,620

Witnesses are stating they're stating

692

00:30:03,110 --> 00:29:58,380

that it was something extraordinary

693

00:30:05,029 --> 00:30:03,120

100 at 10 000 feet up yes maybe but not

694

00:30:07,490 --> 00:30:05,039

on the ground when even a five-year-old

695

00:30:10,010 --> 00:30:07,500

child would have been able to easily

696

00:30:12,289 --> 00:30:10,020

identify a weather balloon for what it

697

00:30:14,990 --> 00:30:12,299

was right and it wouldn't take it

698

00:30:19,090 --> 00:30:15,000

wouldn't take 60 men two days or three

699

00:30:21,909 --> 00:30:19,100

days to you know yeah

700

00:30:26,269 --> 00:30:21,919

yeah

701
00:30:29,210 --> 00:30:26,279
sense

702
00:30:32,210 --> 00:30:29,220
no and and putting that all together and

703
00:30:34,250 --> 00:30:32,220
just the pieces of that puzzle and the

704
00:30:35,870 --> 00:30:34,260
seeing the lack of contradiction and

705
00:30:38,750 --> 00:30:35,880
seeing that

706
00:30:42,350 --> 00:30:38,760
um there's a a wonderful he's a good

707
00:30:45,110 --> 00:30:42,360
friend and writer and uh John Custer

708
00:30:46,310 --> 00:30:45,120
melon and he did a wonderful book on the

709
00:30:48,169 --> 00:30:46,320
atomic bomb

710
00:30:50,630 --> 00:30:48,179
and when he was tracking down and

711
00:30:52,970 --> 00:30:50,640
talking to the crew the pilots and crew

712
00:30:56,630 --> 00:30:52,980
of the Enola Gay

713
00:30:59,029 --> 00:30:56,640

and boxcar the 2B 29s that dropped the

714

00:31:00,590 --> 00:30:59,039

atomic bomb over Hiroshima and then

715

00:31:02,750 --> 00:31:00,600

Nagasaki

716

00:31:04,789 --> 00:31:02,760

and he said to me Don be prepared

717

00:31:07,730 --> 00:31:04,799

because you I can't tell you how often

718

00:31:10,430 --> 00:31:07,740

I've had servicemen I've had retired

719

00:31:11,570 --> 00:31:10,440

officers tell me I was on one of those

720

00:31:13,789 --> 00:31:11,580

flights

721

00:31:15,490 --> 00:31:13,799

and they weren't

722

00:31:19,669 --> 00:31:15,500

and I would say but it doesn't

723

00:31:22,490 --> 00:31:19,679

disqualify the flight it does disqualify

724

00:31:25,250 --> 00:31:22,500

the act of what took place

725

00:31:27,049 --> 00:31:25,260

that's again human nature people like to

726

00:31:29,870 --> 00:31:27,059

be part of some it may have been a

727

00:31:31,850 --> 00:31:29,880

flight mechanic and it's it's grown to

728

00:31:33,830 --> 00:31:31,860

the point that maybe he was in the

729

00:31:35,570 --> 00:31:33,840

Bombay at some point but nonetheless I

730

00:31:36,590 --> 00:31:35,580

was on that plane you know that type of

731

00:31:38,450 --> 00:31:36,600

thing

732

00:31:40,370 --> 00:31:38,460

it's like the fish story it's bigger

733

00:31:41,750 --> 00:31:40,380

every time you tell it right you start

734

00:31:43,490 --> 00:31:41,760

off sweeping on my floor next thing

735

00:31:46,250 --> 00:31:43,500

you're flying the plane

736

00:31:49,630 --> 00:31:46,260

exactly but that's been one of the

737

00:31:53,690 --> 00:31:49,640

amazing things with Roswell which again

738

00:31:56,330 --> 00:31:53,700

demonstrates the extraordinary a

739

00:31:58,909 --> 00:31:56,340

characteristic involved whether it's

740

00:32:01,789 --> 00:31:58,919

civilian you're talking about people who

741

00:32:04,130 --> 00:32:01,799

are untrained who maybe they wouldn't

742

00:32:06,350 --> 00:32:04,140

recognize a fuselage of a particular

743

00:32:08,389 --> 00:32:06,360

plane they wouldn't recognize uh the

744

00:32:10,310 --> 00:32:08,399

vacuum tubes and the wiring and the

745

00:32:13,070 --> 00:32:10,320

sheet metal and the pop rivets and that

746

00:32:15,889 --> 00:32:13,080

type of thing necessarily but then to

747

00:32:18,590 --> 00:32:15,899

the highest level of the military and I

748

00:32:20,690 --> 00:32:18,600

did a paper and I had a psychologist

749

00:32:23,810 --> 00:32:20,700

who approached me on one occasion he

750

00:32:25,490 --> 00:32:23,820

said Don I was a total skeptic but your

751
00:32:28,430 --> 00:32:25,500
paper convinced me because you

752
00:32:31,250 --> 00:32:28,440
demonstrated that whether it was an

753
00:32:34,430 --> 00:32:31,260
unwashed innocent child or a four-star

754
00:32:38,210 --> 00:32:34,440
general they all reacted the same way

755
00:32:40,669 --> 00:32:38,220
they all behaved in the same mannerism

756
00:32:43,010 --> 00:32:40,679
in dealing with this that it was

757
00:32:44,510 --> 00:32:43,020
something profound it was something they

758
00:32:48,950 --> 00:32:44,520
would never forget it was again

759
00:32:51,649 --> 00:32:48,960
something extraordinary and that's where

760
00:32:54,470 --> 00:32:51,659
people who would claim to be part of a a

761
00:32:56,870 --> 00:32:54,480
bombing rate you know you know a mission

762
00:32:59,029 --> 00:32:56,880
that type of thing well

763
00:33:01,010 --> 00:32:59,039

it's not extraordinary they've done it

764

00:33:04,070 --> 00:33:01,020

before now granted this was with the

765

00:33:06,289 --> 00:33:04,080

atomic Bond yes but to deal with

766

00:33:09,950 --> 00:33:06,299

something off the planet as Marcel

767

00:33:12,110 --> 00:33:09,960

described it not made on this Earth

768

00:33:14,990 --> 00:33:12,120

how do you ever forget that

769

00:33:16,789 --> 00:33:15,000

yeah and when you and as one witness

770

00:33:19,610 --> 00:33:16,799

said to us it's the first thing I think

771

00:33:21,350 --> 00:33:19,620

of every morning when I get up and it's

772

00:33:23,029 --> 00:33:21,360

the last thing I think of when I go to

773

00:33:25,850 --> 00:33:23,039

bed at night

774

00:33:27,110 --> 00:33:25,860

yeah it changes people you can see it in

775

00:33:29,330 --> 00:33:27,120

somebody's face

776

00:33:31,310 --> 00:33:29,340

when we like even people we've talked to

777

00:33:33,769 --> 00:33:31,320

I mean it's just over Zoom but you can

778

00:33:35,750 --> 00:33:33,779

see it in the person's face when they're

779

00:33:38,090 --> 00:33:35,760

absolutely convicted that you know that

780

00:33:39,669 --> 00:33:38,100

this really did happen to them that

781

00:33:42,110 --> 00:33:39,679

they've really witnessed these things

782

00:33:43,909 --> 00:33:42,120

and you know somebody who's fibbing

783

00:33:45,350 --> 00:33:43,919

somebody who's lying like you get that

784

00:33:47,330 --> 00:33:45,360

sense that you know they might not be

785

00:33:49,789 --> 00:33:47,340

telling the truth but all these people

786

00:33:51,649 --> 00:33:49,799

coming forward now they're there's

787

00:33:53,930 --> 00:33:51,659

something to it like there they wouldn't

788

00:33:56,269 --> 00:33:53,940

be jeopardizing their careers the

789

00:33:58,730 --> 00:33:56,279

reputation the mockery that comes with

790

00:34:01,070 --> 00:33:58,740

this uh you know it's a little bit more

791

00:34:03,470 --> 00:34:01,080

like I said better accepted these days

792

00:34:05,389 --> 00:34:03,480

than it has been in the past but when

793

00:34:06,769 --> 00:34:05,399

you start hearing about other crashes in

794

00:34:09,409 --> 00:34:06,779

the past you know because you've been

795

00:34:12,230 --> 00:34:09,419

focusing on what Roswell there's that uh

796

00:34:14,629 --> 00:34:12,240

Brazil the Virginia case where there was

797

00:34:17,270 --> 00:34:14,639

a crash landing there as well supposedly

798

00:34:19,730 --> 00:34:17,280

entities as well were captured you start

799

00:34:22,129 --> 00:34:19,740

seeing that Survivor yeah you start

800

00:34:23,690 --> 00:34:22,139

seeing themes almost reoccurring at

801
00:34:25,909 --> 00:34:23,700
different locations across the planet

802
00:34:28,010 --> 00:34:25,919
but there's definitely visitations

803
00:34:29,690 --> 00:34:28,020
everywhere and like what are causing

804
00:34:31,970 --> 00:34:29,700
this if you know do you have a theory

805
00:34:33,829 --> 00:34:31,980
about what's causing these crashes this

806
00:34:34,730 --> 00:34:33,839
is obviously advanced technology so

807
00:34:36,589 --> 00:34:34,740
there's something that's got to be

808
00:34:40,129 --> 00:34:36,599
bringing these things down

809
00:34:42,649 --> 00:34:40,139
well we aren't and we we consider this

810
00:34:45,530 --> 00:34:42,659
very early on now Marcel

811
00:34:48,710 --> 00:34:45,540
and Cabot when they first arrived at the

812
00:34:50,329 --> 00:34:48,720
debris field they immediately saw or

813
00:34:51,589 --> 00:34:50,339

they concluded it was a mid-air

814

00:34:54,950 --> 00:34:51,599

explosion

815

00:34:59,329 --> 00:34:54,960

it wasn't where it crashed that it uh

816

00:35:01,910 --> 00:34:59,339

had blown up at some altitude

817

00:35:04,970 --> 00:35:01,920

and that's the reason that it fanned out

818

00:35:07,190 --> 00:35:04,980

with as much debris as it did for the

819

00:35:09,290 --> 00:35:07,200

the length of uh terrain that it did

820

00:35:12,650 --> 00:35:09,300

okay right

821

00:35:15,589 --> 00:35:12,660

um so then you consider okay what could

822

00:35:17,750 --> 00:35:15,599

have caused it to explode well when then

823

00:35:19,550 --> 00:35:17,760

when we confirmed there was a severe

824

00:35:23,329 --> 00:35:19,560

lightning storm

825

00:35:24,650 --> 00:35:23,339

that came off the Capitan mountains that

826
00:35:26,810 --> 00:35:24,660
very evening

827
00:35:28,190 --> 00:35:26,820
in concern

828
00:35:32,030 --> 00:35:28,200
and

829
00:35:34,370 --> 00:35:32,040
okay was it struck by lightning well but

830
00:35:36,530 --> 00:35:34,380
then if it's some Advanced craft because

831
00:35:38,569 --> 00:35:36,540
I've been in I've been in Planes when

832
00:35:40,849 --> 00:35:38,579
they've been struck by lightning yeah

833
00:35:43,670 --> 00:35:40,859
it's a it's a shock I mean the lights

834
00:35:46,730 --> 00:35:43,680
will flash off and but the planes are

835
00:35:49,250 --> 00:35:46,740
designed to absorb you know and

836
00:35:53,510 --> 00:35:49,260
dissipate and are grounded in such a way

837
00:35:55,550 --> 00:35:53,520
that there have been but 99 of the time

838
00:35:58,370 --> 00:35:55,560

there's no damage

839

00:36:01,370 --> 00:35:58,380

these flight resumes thankfully

840

00:36:03,829 --> 00:36:01,380

so then you start to question okay maybe

841

00:36:06,410 --> 00:36:03,839

this wasn't an actual spaceship maybe it

842

00:36:09,410 --> 00:36:06,420

was a a scoutcraft a reconnaissance

843

00:36:12,890 --> 00:36:09,420

craft something that was designed to

844

00:36:15,349 --> 00:36:12,900

maneuver strictly in our atmosphere

845

00:36:20,030 --> 00:36:15,359

and yet it's

846

00:36:22,730 --> 00:36:20,040

had a reaction to a a direct bolt of

847

00:36:25,550 --> 00:36:22,740

lightning that was fatal

848

00:36:27,829 --> 00:36:25,560

we don't know and none of the witnesses

849

00:36:31,069 --> 00:36:27,839

ever described that they came to any

850

00:36:34,130 --> 00:36:31,079

conclusion at that time well then I had

851
00:36:36,230 --> 00:36:34,140
an engineer who happened to be a radar

852
00:36:39,770 --> 00:36:36,240
expert with a CIA

853
00:36:42,829 --> 00:36:39,780
in the past and he suggested that we

854
00:36:45,829 --> 00:36:42,839
look into the radar

855
00:36:47,569 --> 00:36:45,839
systems at that time and because the

856
00:36:50,990 --> 00:36:47,579
lobes of the radar

857
00:36:54,349 --> 00:36:51,000
from White Sands Proving Ground Roswell

858
00:36:56,690 --> 00:36:54,359
Kirtland Air Force Base there was a a

859
00:36:59,390 --> 00:36:56,700
radar facility in Vaughan New Mexico

860
00:37:03,470 --> 00:36:59,400
which is about 100 miles north of

861
00:37:06,890 --> 00:37:03,480
Roswell and then Cannon Army Airfield

862
00:37:08,510 --> 00:37:06,900
about an hour north east of Roswell what

863
00:37:12,710 --> 00:37:08,520

was interesting is that when you check

864

00:37:16,069 --> 00:37:12,720

where did all the radar lobes intersect

865

00:37:18,950 --> 00:37:16,079

in that very County Lincoln County where

866

00:37:21,770 --> 00:37:18,960

this incident happened so then he

867

00:37:23,810 --> 00:37:21,780

suggested well well radar was in its

868

00:37:28,849 --> 00:37:23,820

infancy at that time

869

00:37:33,050 --> 00:37:28,859

so the frequencies were not consistent

870

00:37:35,930 --> 00:37:33,060

that they were high and low and each

871

00:37:38,270 --> 00:37:35,940

system had its own capacity and its own

872

00:37:41,870 --> 00:37:38,280

power and as a result it may have

873

00:37:44,270 --> 00:37:41,880

created a level of interference that may

874

00:37:48,349 --> 00:37:44,280

have thrown off their their guidance

875

00:37:51,230 --> 00:37:48,359

system who can say who can say so I I

876

00:37:53,990 --> 00:37:51,240

appreciate I love that I can speculate

877

00:37:56,450 --> 00:37:54,000

but I can but I can also say that to

878

00:37:59,390 --> 00:37:56,460

this day we still have no idea what

879

00:38:01,490 --> 00:37:59,400

caused caused the crash yeah I've heard

880

00:38:03,109 --> 00:38:01,500

people hypothesize that it was shot down

881

00:38:05,750 --> 00:38:03,119

but it seems like none of the action

882

00:38:08,329 --> 00:38:05,760

happened until was it Matt Brazil the

883

00:38:09,890 --> 00:38:08,339

gentleman who went to the sheriff so

884

00:38:11,390 --> 00:38:09,900

none of it got escalated until he went

885

00:38:14,210 --> 00:38:11,400

and said hey there's like a mile worth

886

00:38:15,950 --> 00:38:14,220

of blown up stuff in my field we're not

887

00:38:19,130 --> 00:38:15,960

doing things

888

00:38:22,490 --> 00:38:19,140

right right and and there too you make

889

00:38:25,490 --> 00:38:22,500

an excellent point if it was shot down

890

00:38:27,770 --> 00:38:25,500

for having been to the actual debris

891

00:38:30,770 --> 00:38:27,780

field with all the archaeological work

892

00:38:32,990 --> 00:38:30,780

and we have flown it's High Desert it's

893

00:38:37,670 --> 00:38:33,000

wide open range

894

00:38:39,530 --> 00:38:37,680

it's basically high flat open desert and

895

00:38:41,390 --> 00:38:39,540

for having flown over the area in small

896

00:38:44,870 --> 00:38:41,400

planes and helicopters one of the things

897

00:38:47,030 --> 00:38:44,880

that immediately you you make note of is

898

00:38:49,910 --> 00:38:47,040

that once you are airborne you can see

899

00:38:51,950 --> 00:38:49,920

for 50 miles with absolutely no

900

00:38:54,829 --> 00:38:51,960

obstruction whatsoever

901
00:38:57,050 --> 00:38:54,839
the point being that if it was something

902
00:38:57,950 --> 00:38:57,060
we were involved with that we brought

903
00:39:00,849 --> 00:38:57,960
down

904
00:39:03,589 --> 00:39:00,859
or something that we had we were testing

905
00:39:05,750 --> 00:39:03,599
and had gone off course

906
00:39:07,849 --> 00:39:05,760
we would they would have retrieved it

907
00:39:09,650 --> 00:39:07,859
they would have recovered it before even

908
00:39:11,569 --> 00:39:09,660
the Rancher found it

909
00:39:13,430 --> 00:39:11,579
because they would have been again they

910
00:39:16,670 --> 00:39:13,440
were area reconnaissance they would have

911
00:39:19,010 --> 00:39:16,680
been right there nothing like now we're

912
00:39:23,690 --> 00:39:19,020
fearing like with the down balloons that

913
00:39:26,390 --> 00:39:23,700

the terrain is so rough and uh that uh

914

00:39:29,630 --> 00:39:26,400

in the upper in the North Area the Yukon

915

00:39:32,690 --> 00:39:29,640

that um it makes it almost impossible

916

00:39:34,790 --> 00:39:32,700

this time of year to have access well

917

00:39:36,349 --> 00:39:34,800

why did you why did you bring it down in

918

00:39:38,690 --> 00:39:36,359

an area that you couldn't retrieve it in

919

00:39:40,370 --> 00:39:38,700

the first place yeah when you had ample

920

00:39:43,550 --> 00:39:40,380

opportunity to bring it down somewhere

921

00:39:46,910 --> 00:39:43,560

else so we're jumping ahead here but

922

00:39:49,370 --> 00:39:46,920

it's like sorry you're lying you're not

923

00:39:51,470 --> 00:39:49,380

being honest with the public we're on to

924

00:39:54,349 --> 00:39:51,480

you because I can look back at Roswell

925

00:39:56,569 --> 00:39:54,359

and I can see that

926
00:39:58,730 --> 00:39:56,579
for example they were launching all the

927
00:40:00,829 --> 00:39:58,740
recovered German V2 rockets at the White

928
00:40:03,829 --> 00:40:00,839
Sands Proving Grounds

929
00:40:06,829 --> 00:40:03,839
and they had a destruct mechanism

930
00:40:10,430 --> 00:40:06,839
installed in the nose cone because they

931
00:40:12,589 --> 00:40:10,440
had a Hermes rocket that went off course

932
00:40:15,890 --> 00:40:12,599
and I went across the border and it

933
00:40:17,390 --> 00:40:15,900
landed in Juarez Mexico

934
00:40:19,010 --> 00:40:17,400
well they were going to make sure that

935
00:40:22,310 --> 00:40:19,020
never happened again but the point they

936
00:40:23,930 --> 00:40:22,320
were right there to recover it right

937
00:40:27,770 --> 00:40:23,940
because they would have had hell to pay

938
00:40:29,650 --> 00:40:27,780

people being injured and Crossing as far

939

00:40:33,470 --> 00:40:29,660

as you know

940

00:40:36,770 --> 00:40:33,480

as far as a the Border one country into

941

00:40:39,290 --> 00:40:36,780

another that type of thing so if they

942

00:40:41,390 --> 00:40:39,300

could do it back in 1947 we certainly

943

00:40:44,990 --> 00:40:41,400

can do it in 2023.

944

00:40:48,230 --> 00:40:45,000

yeah right so this excuse that well it's

945

00:40:51,109 --> 00:40:48,240

inaccessible we couldn't get to it so

946

00:40:53,270 --> 00:40:51,119

I will add one thing to that though we

947

00:40:54,770 --> 00:40:53,280

all take for granted the fact that we

948

00:40:57,050 --> 00:40:54,780

know what Antarctica looks like

949

00:40:59,569 --> 00:40:57,060

underneath the ice so that means we have

950

00:41:01,430 --> 00:40:59,579

imagery Imaging from satellites or

951
00:41:04,010 --> 00:41:01,440
whatever that can literally see through

952
00:41:07,190 --> 00:41:04,020
miles of ice so I don't care how much

953
00:41:09,890 --> 00:41:07,200
snow they're saying fell it is not like

954
00:41:11,630 --> 00:41:09,900
Antarctica levels no if they can see the

955
00:41:15,490 --> 00:41:11,640
islands of Antarctica they could find a

956
00:41:20,690 --> 00:41:18,230
I wholeheartedly agree and then one of

957
00:41:24,170 --> 00:41:20,700
the the uh press conference is the

958
00:41:25,910 --> 00:41:24,180
Pentagon they actually it was uh the

959
00:41:27,410 --> 00:41:25,920
press secretary was Kirby they actually

960
00:41:30,410 --> 00:41:27,420
made the comma that it was heading

961
00:41:32,630 --> 00:41:30,420
towards the North Pole

962
00:41:35,569 --> 00:41:32,640
which immediately brought in visions of

963
00:41:38,450 --> 00:41:35,579

Santa Claus right so was that they're

964

00:41:40,069 --> 00:41:38,460

inside their little inside joke about

965

00:41:42,770 --> 00:41:40,079

all this it was heading towards the

966

00:41:44,510 --> 00:41:42,780

North Pole and uh we hope Mrs Claus will

967

00:41:48,770 --> 00:41:44,520

understand you know the type of thing

968

00:41:51,170 --> 00:41:48,780

yeah yeah even we brought this up a few

969

00:41:53,750 --> 00:41:51,180

podcasts uh about I keep mentioning this

970

00:41:58,370 --> 00:41:53,760

because this is important in the uh

971

00:42:01,130 --> 00:41:58,380

briefing that uh you know or new ufp uh

972

00:42:03,290 --> 00:42:01,140

report that came out to Congress it says

973

00:42:07,069 --> 00:42:03,300

specifically that there's been no

974

00:42:09,230 --> 00:42:07,079

mid-air collision between uaps or UFOs

975

00:42:13,069 --> 00:42:09,240

and aircraft

976
00:42:15,349 --> 00:42:13,079
as of late there seems to be you know a

977
00:42:16,970 --> 00:42:15,359
fear of these uaps wherever they are

978
00:42:20,390 --> 00:42:16,980
with aircraft that we're shooting them

979
00:42:22,069 --> 00:42:20,400
down in the middle of nowhere Alaska and

980
00:42:24,650 --> 00:42:22,079
Yukon where I don't think there's many

981
00:42:26,630 --> 00:42:24,660
planes flying in that area so there's

982
00:42:28,190 --> 00:42:26,640
not that much risk but supposing you

983
00:42:29,810 --> 00:42:28,200
know they pose such a high risk that

984
00:42:32,329 --> 00:42:29,820
we're going after these things in the

985
00:42:34,130 --> 00:42:32,339
middle of nowhere uh and I find that

986
00:42:35,750 --> 00:42:34,140
funny because you know before in the

987
00:42:37,490 --> 00:42:35,760
report said no there's nothing to fear

988
00:42:40,010 --> 00:42:37,500

there's been no collision between plane

989

00:42:42,470 --> 00:42:40,020

and and these crafts whatever they are

990

00:42:44,329 --> 00:42:42,480

or air garbage as we're recently being

991

00:42:46,790 --> 00:42:44,339

told right so that's a new thing air

992

00:42:47,990 --> 00:42:46,800

garbage yeah our garbage is so good it

993

00:42:50,630 --> 00:42:48,000

floats

994

00:42:52,430 --> 00:42:50,640

um or even we're mentioning uh there was

995

00:42:54,349 --> 00:42:52,440

an article that mentioned that these uh

996

00:42:56,510 --> 00:42:54,359

and Louis helped me out here that the

997

00:42:59,630 --> 00:42:56,520

guys the inflatable guys for a car

998

00:43:01,190 --> 00:42:59,640

dealership hockey Waving Inflatable Arm

999

00:43:03,710 --> 00:43:01,200

flailing Tube Man or something like that

1000

00:43:04,970 --> 00:43:03,720

you know the used car great yeah yeah so

1001
00:43:08,030 --> 00:43:04,980
they're trying to say that this is what

1002
00:43:09,890 --> 00:43:08,040
people are seeing as UFOs and it's

1003
00:43:12,970 --> 00:43:09,900
ridiculous like they're playing people

1004
00:43:16,309 --> 00:43:12,980
off as as idiots and most likely

1005
00:43:17,990 --> 00:43:16,319
yeah yeah and the fighter pilots too

1006
00:43:20,450 --> 00:43:18,000
right the fighter pilots are the most

1007
00:43:21,530 --> 00:43:20,460
trained Professionals in the world and

1008
00:43:23,870 --> 00:43:21,540
they're making them sound like they're

1009
00:43:26,809 --> 00:43:23,880
again fooled by seagulls or space

1010
00:43:29,089 --> 00:43:26,819
garbage it's ridiculous

1011
00:43:31,550 --> 00:43:29,099
and the point being and I and as you

1012
00:43:34,809 --> 00:43:31,560
mentioned before we went on the air

1013
00:43:37,670 --> 00:43:34,819

that in my own postings that I've been

1014

00:43:40,370 --> 00:43:37,680

hammering home the fact that

1015

00:43:42,650 --> 00:43:40,380

who's calling these UFOs it's not the

1016

00:43:44,870 --> 00:43:42,660

general public yeah yeah no one is

1017

00:43:47,569 --> 00:43:44,880

reporting UFOs in the midst of all this

1018

00:43:49,609 --> 00:43:47,579

it's the Pentagon it's the mainstream

1019

00:43:52,069 --> 00:43:49,619

media this morning on the Sunday morning

1020

00:43:53,930 --> 00:43:52,079

talk shows again they kept talking about

1021

00:43:56,030 --> 00:43:53,940

UFOs

1022

00:43:59,050 --> 00:43:56,040

and the fact that we're shooting down

1023

00:44:03,230 --> 00:43:59,060

UFO so why do they

1024

00:44:06,050 --> 00:44:03,240

insist on using that terminology

1025

00:44:08,450 --> 00:44:06,060

and I've been going back and forth with

1026
00:44:10,309 --> 00:44:08,460
some of the the Skeptics who are saying

1027
00:44:13,250 --> 00:44:10,319
well it just proves how gullible the UFO

1028
00:44:15,530 --> 00:44:13,260
Community is no no no no no no it was

1029
00:44:17,930 --> 00:44:15,540
like back in the 1950s

1030
00:44:19,910 --> 00:44:17,940
and it was Project Blue Book at that

1031
00:44:21,470 --> 00:44:19,920
time the third official investigation of

1032
00:44:24,650 --> 00:44:21,480
the UFO phenomenon

1033
00:44:30,109 --> 00:44:24,660
and they were going to do a test on mass

1034
00:44:34,010 --> 00:44:30,119
hysteria the idea that if we stage a UFO

1035
00:44:37,550 --> 00:44:34,020
incident that we can demonstrate that

1036
00:44:40,849 --> 00:44:37,560
people overreact and they'll all be

1037
00:44:42,770 --> 00:44:40,859
flooding switchboards calling in all

1038
00:44:45,530 --> 00:44:42,780

these UFO reports

1039

00:44:48,530 --> 00:44:45,540

so it was late during the night that

1040

00:44:51,109 --> 00:44:48,540

they dropped these these large sections

1041

00:44:54,770 --> 00:44:51,119

of red reflective foil

1042

00:44:57,589 --> 00:44:54,780

and sure enough the next morning they'll

1043

00:45:00,290 --> 00:44:57,599

phone calls were coming in throughout

1044

00:45:03,109 --> 00:45:00,300

that entire region of Florida

1045

00:45:06,349 --> 00:45:03,119

but not a one was about a UFO every one

1046

00:45:09,109 --> 00:45:06,359

of them was about a sheet of red foil

1047

00:45:11,510 --> 00:45:09,119

the Witnesses were describing exactly

1048

00:45:14,030 --> 00:45:11,520

what they saw yeah

1049

00:45:17,569 --> 00:45:14,040

and the Air Force never publicized that

1050

00:45:19,609 --> 00:45:17,579

we had a it came out later with Captain

1051

00:45:22,190 --> 00:45:19,619

Edward ruppert's book report on

1052

00:45:23,990 --> 00:45:22,200

unidentified flying objects and he was

1053

00:45:26,510 --> 00:45:24,000

the first director of Blue Book

1054

00:45:28,309 --> 00:45:26,520

and how he they were told not to say a

1055

00:45:31,510 --> 00:45:28,319

word about the fact that the Air Force

1056

00:45:34,910 --> 00:45:31,520

proved exactly what how legitimate

1057

00:45:37,190 --> 00:45:34,920

eyewitnesses are that they report in

1058

00:45:39,109 --> 00:45:37,200

they did the general report what they

1059

00:45:42,349 --> 00:45:39,119

are observing what they see

1060

00:45:44,390 --> 00:45:42,359

yeah and these objects maneuver in ways

1061

00:45:46,370 --> 00:45:44,400

that we know as humans we cannot

1062

00:45:48,710 --> 00:45:46,380

reproduce this or would not survive

1063

00:45:50,329 --> 00:45:48,720

these Maneuvers when you hear about you

1064

00:45:53,750 --> 00:45:50,339

know these you know they're going at the

1065

00:45:56,089 --> 00:45:53,760

Mach 5 entertain doing right angles and

1066

00:45:57,770 --> 00:45:56,099

and it's just crazy like we cannot

1067

00:45:59,930 --> 00:45:57,780

survive that we know that we don't have

1068

00:46:01,609 --> 00:45:59,940

the technology for that what's more

1069

00:46:03,770 --> 00:46:01,619

impressive about these crafts is that

1070

00:46:05,930 --> 00:46:03,780

they appear to be conscious there seems

1071

00:46:07,550 --> 00:46:05,940

to be like a Consciousness to them the

1072

00:46:10,069 --> 00:46:07,560

way that they maneuver the way that they

1073

00:46:12,530 --> 00:46:10,079

fly they're almost aware of everybody

1074

00:46:15,589 --> 00:46:12,540

that's in a craft if they're looking at

1075

00:46:17,329 --> 00:46:15,599

an airplane or have had a lady here in

1076
00:46:19,490 --> 00:46:17,339
Vancouver who reached out to me and she

1077
00:46:21,349 --> 00:46:19,500
had an incident what a green orb fell in

1078
00:46:24,109 --> 00:46:21,359
front of her windshield as she's driving

1079
00:46:26,210 --> 00:46:24,119
about 80 kilometers an hour and it it

1080
00:46:27,890 --> 00:46:26,220
followed her perfectly backwards it did

1081
00:46:29,990 --> 00:46:27,900
a scan of the car and it went back up

1082
00:46:32,870 --> 00:46:30,000
and she was terrified this was back in

1083
00:46:34,309 --> 00:46:32,880
the 1970s yeah so there's Amazing

1084
00:46:36,470 --> 00:46:34,319
Stories like that where these things

1085
00:46:38,150 --> 00:46:36,480
seem to be conscious even the orbs and

1086
00:46:40,010 --> 00:46:38,160
stuff and there's there's something to

1087
00:46:42,530 --> 00:46:40,020
it the more we delve into this

1088
00:46:44,030 --> 00:46:42,540

phenomenal the more that we're trying to

1089

00:46:46,190 --> 00:46:44,040

avoid the Consciousness thing but we

1090

00:46:48,470 --> 00:46:46,200

can't it seems to be evidence right so

1091

00:46:51,530 --> 00:46:48,480

yeah yeah and you make a wonderful point

1092

00:46:54,190 --> 00:46:51,540

that anyone without a preconceived

1093

00:46:56,569 --> 00:46:54,200

Theory as to what we're dealing with

1094

00:46:59,809 --> 00:46:56,579

who seriously looks into this

1095

00:47:01,550 --> 00:46:59,819

objectively unbiasedly just uh let's go

1096

00:47:04,910 --> 00:47:01,560

where the evidence takes us

1097

00:47:06,349 --> 00:47:04,920

they invariably Come Away There's an

1098

00:47:09,290 --> 00:47:06,359

actual phenomenon there's something

1099

00:47:11,569 --> 00:47:09,300

there there's something uh of an

1100

00:47:13,670 --> 00:47:11,579

intelligence that is interacting within

1101

00:47:15,829 --> 00:47:13,680

our environment interacting we're

1102

00:47:19,790 --> 00:47:15,839

retracted on radar we're able to clock

1103

00:47:22,670 --> 00:47:19,800

it it's it's able to uh submerge itself

1104

00:47:25,970 --> 00:47:22,680

into bodies of water and even underwater

1105

00:47:28,430 --> 00:47:25,980

travel at hundreds of knots an hour that

1106

00:47:32,450 --> 00:47:28,440

type of thing and

1107

00:47:34,190 --> 00:47:32,460

I will you know State just by my many

1108

00:47:36,349 --> 00:47:34,200

years experience with all the the

1109

00:47:37,370 --> 00:47:36,359

bunkers they're not Skeptics they're the

1110

00:47:39,589 --> 00:47:37,380

bunkers

1111

00:47:42,910 --> 00:47:39,599

they have an agenda

1112

00:47:46,130 --> 00:47:42,920

they have a preconceived position and

1113

00:47:48,589 --> 00:47:46,140

there isn't enough truth there there

1114

00:47:51,410 --> 00:47:48,599

will never be enough evidence or facts

1115

00:47:55,609 --> 00:47:51,420

that will ever change them because it's

1116

00:47:58,550 --> 00:47:55,619

their world it's what their mission in

1117

00:48:00,650 --> 00:47:58,560

life for if they're working for someone

1118

00:48:03,710 --> 00:48:00,660

else or if it's just a case of what

1119

00:48:06,470 --> 00:48:03,720

gives them a lot of notoriety because

1120

00:48:09,790 --> 00:48:06,480

the media goes to them to get the

1121

00:48:13,970 --> 00:48:09,800

alternative get the opposing viewpoint

1122

00:48:17,390 --> 00:48:13,980

and again it's a preconceived position

1123

00:48:18,470 --> 00:48:17,400

and if we were to have it they'd be the

1124

00:48:21,589 --> 00:48:18,480

first ones

1125

00:48:23,569 --> 00:48:21,599

you know crying foul against us but they

1126

00:48:25,849 --> 00:48:23,579

can do it it's just that

1127

00:48:27,650 --> 00:48:25,859

the double standard and keep in mind

1128

00:48:30,109 --> 00:48:27,660

that most of them the critics don't do

1129

00:48:32,569 --> 00:48:30,119

the amount of research and field work

1130

00:48:34,609 --> 00:48:32,579

that you have done uh even we're talking

1131

00:48:36,650 --> 00:48:34,619

about Stanton Friedman and you know he

1132

00:48:37,609 --> 00:48:36,660

used to foam at the mouth at his critics

1133

00:48:39,530 --> 00:48:37,619

because

1134

00:48:42,589 --> 00:48:39,540

they weren't out in the field they would

1135

00:48:44,750 --> 00:48:42,599

just grab his book read it yeah exactly

1136

00:48:46,309 --> 00:48:44,760

and then just try to destroy him in his

1137

00:48:48,170 --> 00:48:46,319

theories it's like he's actually doing

1138

00:48:50,270 --> 00:48:48,180

field work so when you're going on

1139

00:48:52,309 --> 00:48:50,280

camera and they have you and then they

1140

00:48:54,290 --> 00:48:52,319

have another person that's just a critic

1141

00:48:56,089 --> 00:48:54,300

that hasn't done any of the the the work

1142

00:48:57,890 --> 00:48:56,099

or research that you've done like that's

1143

00:49:01,250 --> 00:48:57,900

got to be insulting I mean it's not

1144

00:49:02,870 --> 00:49:01,260

equal equal opinions by any means and I

1145

00:49:04,010 --> 00:49:02,880

think that the media needs to stop doing

1146

00:49:13,490 --> 00:49:04,020

that

1147

00:49:16,190 --> 00:49:13,500

when it's your research

1148

00:49:18,829 --> 00:49:16,200

no one else can take it away from you

1149

00:49:20,569 --> 00:49:18,839

they may be able to parallel or counter

1150

00:49:22,730 --> 00:49:20,579

it but they better damn what I've done

1151

00:49:25,130 --> 00:49:22,740

it also in the field

1152

00:49:27,970 --> 00:49:25,140

because if they've done it merely at

1153

00:49:30,410 --> 00:49:27,980

their keyboard it's not research yeah

1154

00:49:32,510 --> 00:49:30,420

they they're going to cherry pick and

1155

00:49:34,309 --> 00:49:32,520

they're going to come up with a

1156

00:49:37,609 --> 00:49:34,319

hypothesis and then set out to prove it

1157

00:49:40,550 --> 00:49:37,619

it doesn't work that way yeah and yet

1158

00:49:42,290 --> 00:49:40,560

too much of science is preconceived and

1159

00:49:45,370 --> 00:49:42,300

then too much of science they receive

1160

00:49:49,370 --> 00:49:45,380

their grants and their special funding

1161

00:49:52,069 --> 00:49:49,380

and they work for a corporation they

1162

00:49:53,510 --> 00:49:52,079

work for the government and they set out

1163

00:49:56,450 --> 00:49:53,520

to prove something whether they actually

1164

00:49:59,450 --> 00:49:56,460

believe it or not with us we were

1165

00:50:03,470 --> 00:49:59,460

Skeptics and we set out to disprove

1166

00:50:06,770 --> 00:50:03,480

something and we were wrong we were

1167

00:50:10,130 --> 00:50:06,780

wrong the evidence took us in the

1168

00:50:12,290 --> 00:50:10,140

direction that it provided us with the

1169

00:50:14,750 --> 00:50:12,300

only possible explanation

1170

00:50:17,170 --> 00:50:14,760

and as Marcel again said it was

1171

00:50:20,630 --> 00:50:17,180

something not made on this earth right

1172

00:50:23,150 --> 00:50:20,640

and when you hear cases about uh Zamora

1173

00:50:26,630 --> 00:50:23,160

in you know was it 63 or something like

1174

00:50:30,589 --> 00:50:26,640

that when yeah April 64 the police

1175

00:50:32,450 --> 00:50:30,599

officer right right yeah that was fairly

1176

00:50:35,650 --> 00:50:32,460

close to Roswell wasn't it like it was

1177

00:50:40,010 --> 00:50:35,660

within it was about

1178

00:50:41,690 --> 00:50:40,020

250 miles to the northwest

1179

00:50:44,329 --> 00:50:41,700

um I've been there many times to the

1180

00:50:47,510 --> 00:50:44,339

actual Landing site

1181

00:50:50,150 --> 00:50:47,520

and I had spoke to Lonnie before he died

1182

00:50:52,730 --> 00:50:50,160

I had met with his wife Mary before she

1183

00:50:56,450 --> 00:50:52,740

died I know their daughter very well

1184

00:50:59,569 --> 00:50:56,460

and I met with some of the surviving

1185

00:51:03,109 --> 00:50:59,579

police officers who were involved I even

1186

00:51:05,210 --> 00:51:03,119

had one of them sketch the size of they

1187

00:51:08,930 --> 00:51:05,220

never talk about the footprints because

1188

00:51:11,750 --> 00:51:08,940

as more people arrived on the scene they

1189

00:51:13,370 --> 00:51:11,760

obliterated some of the evidence and

1190

00:51:16,010 --> 00:51:13,380

some of the original evidence was there

1191

00:51:18,230 --> 00:51:16,020

were actual Footprints of a at the size

1192

00:51:20,270 --> 00:51:18,240

of a shoe of a 10 year old

1193

00:51:24,950 --> 00:51:20,280

that were still present

1194

00:51:25,790 --> 00:51:24,960

and to have them sketch exactly the

1195

00:51:27,829 --> 00:51:25,800

shape

1196

00:51:31,490 --> 00:51:27,839

of those footprints

1197

00:51:33,290 --> 00:51:31,500

now again there were bodies there were

1198

00:51:35,930 --> 00:51:33,300

there were two beings that were standing

1199

00:51:38,750 --> 00:51:35,940

there yeah and there were a lot of

1200

00:51:42,890 --> 00:51:38,760

pictures taken there was film that was

1201
00:51:45,710 --> 00:51:42,900
shot at the time and heinek was there as

1202
00:51:48,710 --> 00:51:45,720
well representing Project Blue Book and

1203
00:51:52,430 --> 00:51:48,720
it's the one case that truly turned him

1204
00:51:56,270 --> 00:51:52,440
from a complete debunker to where my God

1205
00:52:00,049 --> 00:51:56,280
as much as I tried I could not prove the

1206
00:52:02,750 --> 00:52:00,059
case was a hoax right then

1207
00:52:05,270 --> 00:52:02,760
the the craft was eggshelled or egg

1208
00:52:07,309 --> 00:52:05,280
shaped as well right yeah yeah that

1209
00:52:09,230 --> 00:52:07,319
seems to be another current theme that

1210
00:52:13,609 --> 00:52:09,240
we find like even we talked to Jacques

1211
00:52:14,930 --> 00:52:13,619
valet and he's studied a case in 1943 I

1212
00:52:18,170 --> 00:52:14,940
was just at a meeting with Jacques this

1213
00:52:21,290 --> 00:52:18,180

afternoon so yeah and he had like out of

1214

00:52:23,450 --> 00:52:21,300

shape right yeah exactly Kecksburg

1215

00:52:25,670 --> 00:52:23,460

Pennsylvania egg shape yeah so there

1216

00:52:27,650 --> 00:52:25,680

seems to be a theme there yeah yeah well

1217

00:52:30,829 --> 00:52:27,660

texberg uh was what did they say about

1218

00:52:34,430 --> 00:52:30,839

acorn acorn yeah sure but still

1219

00:52:36,049 --> 00:52:34,440

cylindrical cylindrical right yeah now I

1220

00:52:37,970 --> 00:52:36,059

I know we got just a few minutes left

1221

00:52:39,770 --> 00:52:37,980

here I I did want to address the stuff

1222

00:52:41,690 --> 00:52:39,780

that's in the news as of late because we

1223

00:52:43,790 --> 00:52:41,700

have to address it I find that there's a

1224

00:52:46,609 --> 00:52:43,800

lot of similarities between what the

1225

00:52:48,650 --> 00:52:46,619

government just did to the 1947 case

1226

00:52:50,930 --> 00:52:48,660

coming out saying they shot some UFOs

1227

00:52:55,690 --> 00:52:50,940

and then going we don't know what they

1228

00:53:01,730 --> 00:52:58,849

yeah Jesse Marcel all over again yeah

1229

00:53:04,490 --> 00:53:01,740

it's always balloon yeah always blues

1230

00:53:07,970 --> 00:53:04,500

and to me it was a total flashback the

1231

00:53:09,710 --> 00:53:07,980

idea that well the 509th bomb Wing the

1232

00:53:12,410 --> 00:53:09,720

first atomic bomb sprouted in the world

1233

00:53:15,410 --> 00:53:12,420

we are still led to believe that that

1234

00:53:17,930 --> 00:53:15,420

back in 1947 they couldn't tell the

1235

00:53:20,950 --> 00:53:17,940

difference between a balloon and

1236

00:53:23,450 --> 00:53:20,960

something Beyond The Pale something

1237

00:53:25,670 --> 00:53:23,460

extraordinary well and we have the same

1238

00:53:28,910 --> 00:53:25,680

thing today that they still don't know

1239

00:53:30,950 --> 00:53:28,920

what it is they still you know they even

1240

00:53:33,290 --> 00:53:30,960

the pilots they weren't able to make a

1241

00:53:36,170 --> 00:53:33,300

positive identification before they lost

1242

00:53:38,630 --> 00:53:36,180

their their Sidewinder missiles and like

1243

00:53:40,370 --> 00:53:38,640

the one over Lake Huron that it took two

1244

00:53:42,290 --> 00:53:40,380

missiles to bring down one little

1245

00:53:44,829 --> 00:53:42,300

balloon you know that

1246

00:53:48,650 --> 00:53:44,839

yeah and a million dollars worth yeah

1247

00:53:51,589 --> 00:53:48,660

you add into the equation that um

1248

00:53:53,630 --> 00:53:51,599

there have been Russian spy balloons

1249

00:53:55,430 --> 00:53:53,640

over Ukraine

1250

00:53:56,930 --> 00:53:55,440

and there were five of them shot down

1251
00:53:59,630 --> 00:53:56,940
this past week

1252
00:54:02,470 --> 00:53:59,640
and I thought to myself

1253
00:54:05,930 --> 00:54:02,480
were they're launching

1254
00:54:08,329 --> 00:54:05,940
expensive air-to-ground missiles icbms

1255
00:54:10,309 --> 00:54:08,339
at these inexpensive Little Blues

1256
00:54:12,710 --> 00:54:10,319
they're drawing their fire it's like

1257
00:54:14,030 --> 00:54:12,720
killing an ant with a balloon with a

1258
00:54:16,069 --> 00:54:14,040
bullet

1259
00:54:20,390 --> 00:54:16,079
and it's like

1260
00:54:23,870 --> 00:54:20,400
don't we get it I mean I I we still just

1261
00:54:26,089 --> 00:54:23,880
that naive that ignorant and I think

1262
00:54:27,470 --> 00:54:26,099
in many cases they're still playing off

1263
00:54:29,150 --> 00:54:27,480

of what they thought they've

1264

00:54:32,089 --> 00:54:29,160

accomplished after the last 75 years

1265

00:54:34,849 --> 00:54:32,099

that we have fooled them all this time

1266

00:54:37,849 --> 00:54:34,859

and they're going to fall for it again

1267

00:54:40,609 --> 00:54:37,859

and much credit to you know programs

1268

00:54:42,470 --> 00:54:40,619

like your own and the others that just

1269

00:54:45,829 --> 00:54:42,480

keep reminding people

1270

00:54:47,150 --> 00:54:45,839

it's been a 75-year cover-up what makes

1271

00:54:50,030 --> 00:54:47,160

us believe that they're going to roll

1272

00:54:52,190 --> 00:54:50,040

over and tell us everything exactly come

1273

00:54:54,650 --> 00:54:52,200

on tomorrow no when has the government

1274

00:54:56,450 --> 00:54:54,660

ever been forthcoming like a few days

1275

00:54:58,130 --> 00:54:56,460

ago we're all waiting with baited breath

1276

00:54:59,809 --> 00:54:58,140

what's the government going to say next

1277

00:55:00,910 --> 00:54:59,819

give your head a shake what are you

1278

00:55:03,710 --> 00:55:00,920

doing

1279

00:55:06,109 --> 00:55:03,720

benefit them they wouldn't be telling us

1280

00:55:08,690 --> 00:55:06,119

because we know they can just make it go

1281

00:55:11,990 --> 00:55:08,700

away that's the the default reaction

1282

00:55:13,250 --> 00:55:12,000

clean it up silence Witnesses don't say

1283

00:55:15,470 --> 00:55:13,260

a word or you're going to jail forever

1284

00:55:19,309 --> 00:55:15,480

and that's how convenient we've called

1285

00:55:21,530 --> 00:55:19,319

off the recovery operation so again how

1286

00:55:23,210 --> 00:55:21,540

convenient yeah we talked about that

1287

00:55:25,910 --> 00:55:23,220

before the show Jason I said you know

1288

00:55:27,890 --> 00:55:25,920

you call off a recovery effort when you

1289

00:55:29,329 --> 00:55:27,900

know in a heartbreaking situation where

1290

00:55:31,549 --> 00:55:29,339

there's an earthquake and buildings

1291

00:55:33,890 --> 00:55:31,559

collapse we've searched for two weeks

1292

00:55:36,230 --> 00:55:33,900

you know there's no more survivors and

1293

00:55:38,030 --> 00:55:36,240

it's sad and they call it off this is

1294

00:55:39,170 --> 00:55:38,040

supposed to be wreckage or a balloon in

1295

00:55:41,690 --> 00:55:39,180

the snow why the hell would you ever

1296

00:55:44,150 --> 00:55:41,700

shut like there's no reason to call off

1297

00:55:46,069 --> 00:55:44,160

the search but but it's like we're used

1298

00:55:48,950 --> 00:55:46,079

to seeing them do those things in other

1299

00:55:51,049 --> 00:55:48,960

recovery Expeditions and we're pretty

1300

00:55:52,430 --> 00:55:51,059

much sheep for the most part but like

1301
00:55:54,230 --> 00:55:52,440
think about that when would there ever

1302
00:55:56,390 --> 00:55:54,240
be a time you'd have to cut like call it

1303
00:55:57,950 --> 00:55:56,400
off or wait till the summer this

1304
00:56:00,049 --> 00:55:57,960
so-called snow you're really worried

1305
00:56:02,030 --> 00:56:00,059
about I mean it's it's not 10 feet of

1306
00:56:04,849 --> 00:56:02,040
snow all year round we do live in Canada

1307
00:56:06,530 --> 00:56:04,859
not obviously the Arctic most Canadians

1308
00:56:08,990 --> 00:56:06,540
live pretty close to the northern U.S

1309
00:56:10,730 --> 00:56:09,000
border but for the vast majority it is

1310
00:56:13,670 --> 00:56:10,740
uninhabitable but people live in Alaska

1311
00:56:15,589 --> 00:56:13,680
it's not 10 feet of snow every day and

1312
00:56:17,630 --> 00:56:15,599
we have the tax so they would just say

1313
00:56:19,970 --> 00:56:17,640

we can't find it yet but you know

1314

00:56:21,410 --> 00:56:19,980

Springs around the corner it just it

1315

00:56:24,470 --> 00:56:21,420

just seems like a narrative somebody's

1316

00:56:26,030 --> 00:56:24,480

pushing and the advantage they also have

1317

00:56:28,790 --> 00:56:26,040

is that they have the willing

1318

00:56:30,950 --> 00:56:28,800

accomplices in the media you also know

1319

00:56:34,010 --> 00:56:30,960

nothing about this subject and they get

1320

00:56:37,069 --> 00:56:34,020

their marching orders and they just uh

1321

00:56:40,130 --> 00:56:37,079

you know continue the drum beat of uh

1322

00:56:42,950 --> 00:56:40,140

you know what something is juxtaposed to

1323

00:56:45,190 --> 00:56:42,960

what it truly is I remember miles Brian

1324

00:56:48,290 --> 00:56:45,200

he used to be the uh the science

1325

00:56:50,750 --> 00:56:48,300

reporter with CNN years ago

1326

00:56:52,849 --> 00:56:50,760

and we were filming in New Mexico and we

1327

00:56:55,730 --> 00:56:52,859

happened to be at the old military the

1328

00:56:57,410 --> 00:56:55,740

braz bomb Airfield and we were in the

1329

00:57:01,069 --> 00:56:57,420

very Hangar that everything had

1330

00:57:02,150 --> 00:57:01,079

transited through building P3 B-29

1331

00:57:05,870 --> 00:57:02,160

hangar

1332

00:57:07,430 --> 00:57:05,880

and we were off Mike and he he says to

1333

00:57:09,890 --> 00:57:07,440

be Don you know you've spent a good part

1334

00:57:11,030 --> 00:57:09,900

of your life working on this why are you

1335

00:57:13,190 --> 00:57:11,040

doing this

1336

00:57:15,829 --> 00:57:13,200

and I looked him Square in the eye and I

1337

00:57:17,710 --> 00:57:15,839

went because you won't

1338

00:57:20,690 --> 00:57:17,720

he didn't talk to me the rest of the day

1339

00:57:21,710 --> 00:57:20,700

as I struck a nerve yeah I struck a big

1340

00:57:24,770 --> 00:57:21,720

nerve

1341

00:57:27,109 --> 00:57:24,780

it was the truth they um

1342

00:57:28,609 --> 00:57:27,119

they are not assigned to get to the

1343

00:57:32,089 --> 00:57:28,619

bottom of this

1344

00:57:35,630 --> 00:57:32,099

and if they want to stay connected to

1345

00:57:38,809 --> 00:57:35,640

the powers that be they they listen they

1346

00:57:40,069 --> 00:57:38,819

follow you know the script yeah and uh

1347

00:57:43,010 --> 00:57:40,079

it's sad

1348

00:57:44,630 --> 00:57:43,020

that they should be the Watchers at the

1349

00:57:48,170 --> 00:57:44,640

gate they're the ones that are supposed

1350

00:57:49,970 --> 00:57:48,180

to be protecting us from the government

1351

00:57:52,730 --> 00:57:49,980

and they've been in bed with the

1352

00:57:55,190 --> 00:57:52,740

government in many ways since 1947.

1353

00:57:57,049 --> 00:57:55,200

since her as well

1354

00:57:59,930 --> 00:57:57,059

yeah I find it very interesting that

1355

00:58:03,290 --> 00:57:59,940

we've we've come this far uh you know

1356

00:58:05,870 --> 00:58:03,300

with the subject of uaps UFOs most

1357

00:58:07,309 --> 00:58:05,880

people that we talk to even like some

1358

00:58:09,230 --> 00:58:07,319

people have reached out to us recently

1359

00:58:11,329 --> 00:58:09,240

that have never taken an interest in

1360

00:58:12,589 --> 00:58:11,339

what Louie and I have been doing all of

1361

00:58:13,609 --> 00:58:12,599

a sudden they're like hey actually you

1362

00:58:15,950 --> 00:58:13,619

know it's really interesting what's

1363

00:58:18,170 --> 00:58:15,960

happening right now or uh you know

1364

00:58:19,910 --> 00:58:18,180

everybody has a story either they've

1365

00:58:21,349 --> 00:58:19,920

seen something themselves or their

1366

00:58:23,150 --> 00:58:21,359

parents or grandparents seen something

1367

00:58:25,670 --> 00:58:23,160

that was so profound that it became

1368

00:58:28,010 --> 00:58:25,680

family Legend we all know that

1369

00:58:29,690 --> 00:58:28,020

something's going on is you know that's

1370

00:58:31,069 --> 00:58:29,700

why I think it's insulting that the

1371

00:58:33,349 --> 00:58:31,079

government doesn't just come out and

1372

00:58:35,450 --> 00:58:33,359

tell us like adults hey here's what

1373

00:58:37,849 --> 00:58:35,460

we're dealing with it could be a very

1374

00:58:38,930 --> 00:58:37,859

complex issue because we talked to you

1375

00:58:41,049 --> 00:58:38,940

know a lot of people have different

1376

00:58:44,030 --> 00:58:41,059

varying ideas of what it could be

1377

00:58:47,349 --> 00:58:44,040

extraterrestrial interdimensional uh and

1378

00:58:49,849 --> 00:58:47,359

extra 10 pastoral

1379

00:58:51,710 --> 00:58:49,859

yeah time travel could be all of the

1380

00:58:53,390 --> 00:58:51,720

above that might be the scary scenario

1381

00:58:55,730 --> 00:58:53,400

that we're dealing with a multitude of

1382

00:58:57,470 --> 00:58:55,740

different things okay that's scary to

1383

00:58:59,690 --> 00:58:57,480

deal with but Elise admit it to the

1384

00:59:02,630 --> 00:58:59,700

public that there's more to reality than

1385

00:59:04,430 --> 00:59:02,640

what we're being cold there is and

1386

00:59:06,049 --> 00:59:04,440

that's really the the service that we're

1387

00:59:08,690 --> 00:59:06,059

doing to our own population is not

1388

00:59:11,150 --> 00:59:08,700

telling the reality of the universe that

1389

00:59:13,609 --> 00:59:11,160

we are not alone that there is some sort

1390

00:59:16,130 --> 00:59:13,619

of visitation or or monitoring of some

1391

00:59:19,370 --> 00:59:16,140

sort we're old enough and mature enough

1392

00:59:20,930 --> 00:59:19,380

to handle it uh but I think maybe some

1393

00:59:22,670 --> 00:59:20,940

people don't like some people that are

1394

00:59:25,190 --> 00:59:22,680

you know fundamentally stuck in their

1395

00:59:28,130 --> 00:59:25,200

page yeah but Jason you make an

1396

00:59:30,950 --> 00:59:28,140

excellent point that what if it is

1397

00:59:33,049 --> 00:59:30,960

something beyond our comprehension which

1398

00:59:36,109 --> 00:59:33,059

I am fully willing to accept what what

1399

00:59:39,349 --> 00:59:36,119

if it is something interdimensional

1400

00:59:42,950 --> 00:59:39,359

how do you announce that to the public

1401

00:59:46,309 --> 00:59:42,960

and what if it indeed as I remain

1402

00:59:48,710 --> 00:59:46,319

convinced it's still a cover-up of

1403

00:59:52,309 --> 00:59:48,720

ignorance right they don't know any more

1404

00:59:54,589 --> 00:59:52,319

than we do yeah and the plead ignorance

1405

00:59:56,690 --> 00:59:54,599

for something that is able to fly

1406

00:59:58,849 --> 00:59:56,700

through our airspace but total impunity

1407

01:00:02,030 --> 00:59:58,859

and they're able to pick up people right

1408

01:00:04,789 --> 01:00:02,040

from their very homes they're able to uh

1409

01:00:06,890 --> 01:00:04,799

you know have near hit-on collisions

1410

01:00:10,490 --> 01:00:06,900

with both Military and Commercial

1411

01:00:13,130 --> 01:00:10,500

aircraft and the only thing they can do

1412

01:00:16,130 --> 01:00:13,140

is file away reports

1413

01:00:18,530 --> 01:00:16,140

and as a result the moment we start

1414

01:00:19,849 --> 01:00:18,540

losing faith

1415

01:00:22,609 --> 01:00:19,859

and

1416

01:00:24,530 --> 01:00:22,619

the sense of well-being

1417

01:00:26,630 --> 01:00:24,540

with our not our government but with our

1418

01:00:29,270 --> 01:00:26,640

military who protect us within our

1419

01:00:31,849 --> 01:00:29,280

borders and if we start doubting you

1420

01:00:33,650 --> 01:00:31,859

know that level of

1421

01:00:35,630 --> 01:00:33,660

um sovereignty

1422

01:00:38,329 --> 01:00:35,640

and just security

1423

01:00:40,849 --> 01:00:38,339

and maybe they feel they can't afford to

1424

01:00:42,470 --> 01:00:40,859

bring us in on that the lack of control

1425

01:00:44,690 --> 01:00:42,480

on their part

1426

01:00:47,930 --> 01:00:44,700

and I guess for that

1427

01:00:49,789 --> 01:00:47,940

I could excuse them but I need we need

1428

01:00:52,130 --> 01:00:49,799

to hear that from them

1429

01:00:54,170 --> 01:00:52,140

right that there is and I think we have

1430

01:00:56,150 --> 01:00:54,180

in the last couple years where they have

1431

01:00:58,849 --> 01:00:56,160

acknowledged that there is a phenomena

1432

01:01:01,130 --> 01:00:58,859

that there is something there

1433

01:01:03,710 --> 01:01:01,140

so we have made progress and Steve

1434

01:01:04,910 --> 01:01:03,720

Bassett I know he's he's championing at

1435

01:01:07,730 --> 01:01:04,920

the pit

1436

01:01:09,170 --> 01:01:07,740

but uh he's earned that too

1437

01:01:11,270 --> 01:01:09,180

you know we chat with him in a couple

1438

01:01:12,890 --> 01:01:11,280

weeks again we're uh I was excited to

1439

01:01:16,069 --> 01:01:12,900

give Steve's perspective you just wind

1440

01:01:18,049 --> 01:01:16,079

him up away he goes dear friend dear

1441

01:01:21,049 --> 01:01:18,059

friend and you talk about somebody who

1442

01:01:22,490 --> 01:01:21,059

has not profited from this at all yeah I

1443

01:01:25,670 --> 01:01:22,500

mean he's been he's lived on a

1444

01:01:28,490 --> 01:01:25,680

shoestring just for decades now and all

1445

01:01:32,030 --> 01:01:28,500

he wants is as we all do the truth

1446

01:01:35,270 --> 01:01:32,040

whatever it happens to be because back

1447

01:01:37,970 --> 01:01:35,280

in 47 it was unprecedented but we've all

1448

01:01:39,770 --> 01:01:37,980

grown up with the space race and with

1449

01:01:42,589 --> 01:01:39,780

Star Trek and Star Wars and everything

1450

01:01:45,109 --> 01:01:42,599

else if we haven't matured enough to

1451

01:01:47,690 --> 01:01:45,119

handle it then we never will then we

1452

01:01:50,510 --> 01:01:47,700

never will yeah we're ready we're ready

1453

01:01:51,950 --> 01:01:50,520

well said Don uh Louis do you have any

1454

01:01:53,089 --> 01:01:51,960

final questions for our guests yeah Don

1455

01:01:54,410 --> 01:01:53,099

where can people find what you're

1456

01:01:56,690 --> 01:01:54,420

working on right now if they want to

1457

01:01:58,670 --> 01:01:56,700

follow you buy your books where can they

1458

01:02:01,549 --> 01:01:58,680

learn more about Mr Schmidt

1459

01:02:03,470 --> 01:02:01,559

well the books are probably all Roswell

1460

01:02:06,650 --> 01:02:03,480

but they're all available at Barnes and

1461

01:02:09,589 --> 01:02:06,660

Noble and at Amazon and find bookstores

1462

01:02:10,849 --> 01:02:09,599

and outlets around the world

1463

01:02:14,630 --> 01:02:10,859

um many of the books have been published

1464

01:02:17,329 --> 01:02:14,640

in other languages as well and uh we

1465

01:02:20,530 --> 01:02:17,339

have our Museum in Roswell we have our

1466

01:02:24,109 --> 01:02:20,540

website there international UFO Museum

1467

01:02:27,289 --> 01:02:24,119

and I I probably am on Facebook because

1468

01:02:29,089 --> 01:02:27,299

I love the uh The Exchange as far as

1469

01:02:31,490 --> 01:02:29,099

with people and I can it's it's it's

1470

01:02:34,130 --> 01:02:31,500

it's it's timely it's it's instantaneous

1471

01:02:37,549 --> 01:02:34,140

it's uh we're something I can be on top

1472

01:02:39,530 --> 01:02:37,559

of things on a moment-to-moment basis so

1473

01:02:41,990 --> 01:02:39,540

yeah that's how that's how we

1474

01:02:44,210 --> 01:02:42,000

communicated it was a really good to be

1475

01:02:46,010 --> 01:02:44,220

able to reach out together uh that was a

1476

01:02:48,650 --> 01:02:46,020

good uh good form of communication for

1477

01:02:50,450 --> 01:02:48,660

sure uh don we appreciate your time on

1478

01:02:52,490 --> 01:02:50,460

the podcast we hope that you'll come

1479

01:02:54,170 --> 01:02:52,500

back and be a guest again uh it's been

1480

01:02:56,930 --> 01:02:54,180

like I said an absolute pleasure to talk

1481

01:02:59,270 --> 01:02:56,940

with you we're big fans and uh we thank

1482

01:03:01,670 --> 01:02:59,280

you for all the years of of dedication

1483

01:03:04,069 --> 01:03:01,680

and service that you've done for UFO

1484

01:03:06,170 --> 01:03:04,079

research uh there's not much money to be

1485

01:03:07,910 --> 01:03:06,180

made in this unfortunately so people

1486

01:03:11,289 --> 01:03:07,920

that that write books and stuff like

1487

01:03:14,510 --> 01:03:11,299

that is really for the love right yeah

1488

01:03:16,490 --> 01:03:14,520

you two are both sharp gentlemen I

1489

01:03:19,670 --> 01:03:16,500

appreciate that and you asked good

1490

01:03:23,150 --> 01:03:19,680

questions and uh you come across very

1491

01:03:25,609 --> 01:03:23,160

well so I I applaud both of you and wish

1492

01:03:27,109 --> 01:03:25,619

you all the continuing success with your

1493

01:03:28,190 --> 01:03:27,119

your program as well thank you for

1494

01:03:30,049 --> 01:03:28,200

having me thank you and you're welcome

1495

01:03:32,089 --> 01:03:30,059

here anytime in fact let's do this again

1496

01:03:33,950 --> 01:03:32,099

soon because you started you know an

1497

01:03:36,349 --> 01:03:33,960

hour flies by and we can just barely

1498

01:03:37,549 --> 01:03:36,359

graze the surface of this but it's good

1499

01:03:44,110 --> 01:03:37,559

shoe in the face
