

**JIMMY
BLANCHETTE**

**UAP STUDIES
PODCAST**

1
00:00:04,070 --> 00:00:02,330
welcome back everybody very cool day

2
00:00:05,390 --> 00:00:04,080
today we uh we said at the end of last

3
00:00:07,789 --> 00:00:05,400
year we want to talk more with people

4
00:00:09,049 --> 00:00:07,799
who are really on the front lines of

5
00:00:10,730 --> 00:00:09,059
disclosure and I don't mean government

6
00:00:12,890 --> 00:00:10,740
and the narratives coming down from the

7
00:00:15,410 --> 00:00:12,900
media I'm talking scientists engineers

8
00:00:17,810 --> 00:00:15,420
people who are doing studies that are

9
00:00:19,970 --> 00:00:17,820
maybe outside the box to try to kind of

10
00:00:22,189 --> 00:00:19,980
shed light on things and a big thing

11
00:00:24,109 --> 00:00:22,199
that's come out lately is the term ce6

12
00:00:25,849 --> 00:00:24,119
have you heard this before Jason you

13
00:00:28,790 --> 00:00:25,859

know I'm not familiar with it as much as

14

00:00:30,470 --> 00:00:28,800

I am with the ce5 so yeah so and again

15

00:00:32,690 --> 00:00:30,480

it may not be verbiage that our guest

16

00:00:35,389 --> 00:00:32,700

likes to use but essentially it's

17

00:00:37,790 --> 00:00:35,399

human-initiated contact so whereas a ce5

18

00:00:39,170 --> 00:00:37,800

you would go someplace meditate have an

19

00:00:41,450 --> 00:00:39,180

intention and hope that something

20

00:00:44,450 --> 00:00:41,460

manifests there's a way to physically

21

00:00:46,549 --> 00:00:44,460

broadcast radio signals and it's called

22

00:00:48,290 --> 00:00:46,559

moon bounce technology how cool is that

23

00:00:50,869 --> 00:00:48,300

they're going to bounce the frequency

24

00:00:52,790 --> 00:00:50,879

off the moon so it scatters and you're

25

00:00:54,529 --> 00:00:52,800

covering a much bigger section so I'm

26

00:00:57,049 --> 00:00:54,539

when I heard about this I was blown away

27

00:00:58,790 --> 00:00:57,059

does this actually work and we're going

28

00:01:01,189 --> 00:00:58,800

to speak to the man who uh who's doing

29

00:01:03,830 --> 00:01:01,199

the work I mean he's got a more powerful

30

00:01:05,750 --> 00:01:03,840

radio station in his backyard than the

31

00:01:09,050 --> 00:01:05,760

biggest radio station in Los Angeles has

32

00:01:10,370 --> 00:01:09,060

oh he's either crazy or brilliant and

33

00:01:12,109 --> 00:01:10,380

we're gonna find out just a few minutes

34

00:01:14,510 --> 00:01:12,119

it's a fine line it's a fine line

35

00:01:16,670 --> 00:01:14,520

between the two isn't it Einstein crazy

36

00:01:17,870 --> 00:01:16,680

Tesla crazy yeah we're all kind of half

37

00:01:19,910 --> 00:01:17,880

crazy and that's what makes this

38

00:01:20,990 --> 00:01:19,920

difference so I'm excited today we're

39

00:01:22,969 --> 00:01:21,000

going to be right back with Mr Jimmy

40

00:01:25,609 --> 00:01:22,979

Blanchette right after this a new AP

41

00:01:29,430 --> 00:01:25,619

studies podcast

42

00:01:49,310 --> 00:01:43,240

[Music]

43

00:01:52,850 --> 00:01:50,870

welcome back everyone to another episode

44

00:01:54,590 --> 00:01:52,860

of UAP studies podcast my name is Louis

45

00:01:57,770 --> 00:01:54,600

Borges joining me as always my good

46

00:02:00,230 --> 00:01:57,780

buddy Mr Jason gilmet hey it is known as

47

00:02:02,810 --> 00:02:00,240

Louis gorgeous gorgeous all right that

48

00:02:04,490 --> 00:02:02,820

is your official title now I gotta adapt

49

00:02:06,709 --> 00:02:04,500

a French accent today because I am

50

00:02:08,870 --> 00:02:06,719

definitely a frenched we have two very

51
00:02:11,029 --> 00:02:08,880
scholarly French Canadians in the house

52
00:02:12,770 --> 00:02:11,039
I think Jimmy now lives in the States

53
00:02:14,270 --> 00:02:12,780
but we're gonna we're gonna forget that

54
00:02:16,490 --> 00:02:14,280
he's a Canadian we're proud to have him

55
00:02:18,229 --> 00:02:16,500
so today's a good opportunity to talk

56
00:02:21,410 --> 00:02:18,239
about something a lot of not not a lot

57
00:02:23,089 --> 00:02:21,420
of people know which is ce6 we're all

58
00:02:25,190 --> 00:02:23,099
familiar with Close Encounters of the

59
00:02:27,589 --> 00:02:25,200
first kind second Kind Third Kind we

60
00:02:30,110 --> 00:02:27,599
know of Stephen Greer ce5 but I thought

61
00:02:32,330 --> 00:02:30,120
this was an amazing new way of trying to

62
00:02:34,790 --> 00:02:32,340
initiate contact in fact they refer to

63
00:02:36,350 --> 00:02:34,800

it as human initiated contact and we

64

00:02:38,630 --> 00:02:36,360

want to get to know the gentleman who is

65

00:02:40,430 --> 00:02:38,640

kind of pioneering all of this uh he's

66

00:02:42,350 --> 00:02:40,440

written many scientific papers he's a

67

00:02:43,790 --> 00:02:42,360

chemist by trade I've seen him do some

68

00:02:45,890 --> 00:02:43,800

mathematical breakdowns that'll make

69

00:02:47,449 --> 00:02:45,900

your head spin so we have a big mine in

70

00:02:49,250 --> 00:02:47,459

the house today and we want to get to

71

00:02:52,130 --> 00:02:49,260

know about ce6 so very warm welcome to

72

00:02:54,170 --> 00:02:52,140

show Mr Jimmy Blanchett

73

00:02:55,790 --> 00:02:54,180

thank you Luis thank you Jason hi

74

00:02:57,770 --> 00:02:55,800

everyone so uh glad to be on the show

75

00:02:58,910 --> 00:02:57,780

thank you for having me yeah great to

76
00:03:00,350 --> 00:02:58,920
have you now we want to know a little

77
00:03:02,089 --> 00:03:00,360
bit about yourself so tell us a little

78
00:03:04,369 --> 00:03:02,099
bit about sort of your studies and your

79
00:03:07,190 --> 00:03:04,379
training and how that led into interest

80
00:03:09,410 --> 00:03:07,200
in UAP and then taking a proactive

81
00:03:11,750 --> 00:03:09,420
stance on I'm gonna make contact with

82
00:03:13,130 --> 00:03:11,760
these things yeah absolutely uh and

83
00:03:15,530 --> 00:03:13,140
before we get started I just want to

84
00:03:17,809 --> 00:03:15,540
precise you you mentioned C6 there are

85
00:03:19,309 --> 00:03:17,819
some folks in the uh in the in the field

86
00:03:21,770 --> 00:03:19,319
that have been using that language I'm

87
00:03:23,449 --> 00:03:21,780
not uh really using that language uh I'm

88
00:03:26,390 --> 00:03:23,459

calling it just purely human initiated

89

00:03:27,589 --> 00:03:26,400

contact right which is accessible to

90

00:03:28,670 --> 00:03:27,599

everyone and we'll talk about it

91

00:03:30,710 --> 00:03:28,680

throughout the throughout the

92

00:03:32,449 --> 00:03:30,720

presentation but yeah so I'm uh as you

93

00:03:34,490 --> 00:03:32,459

mentioned a scientist by trade I'm a

94

00:03:36,770 --> 00:03:34,500

chemist had the opportunity to write a

95

00:03:38,509 --> 00:03:36,780

few scientific papers

96

00:03:40,850 --> 00:03:38,519

um have a good background in electronic

97

00:03:42,530 --> 00:03:40,860

and Engineering I'm building uh one of

98

00:03:44,809 --> 00:03:42,540

my passion is to build very large

99

00:03:47,869 --> 00:03:44,819

antenna Ares which I've been doing for

100

00:03:51,589 --> 00:03:47,879

years now uh and then more most more

101

00:03:54,289 --> 00:03:51,599

recently I got into uh a contact

102

00:03:55,910 --> 00:03:54,299

modality or called a communication

103

00:03:58,670 --> 00:03:55,920

modality called moonbounce communication

104

00:04:01,190 --> 00:03:58,680

or eme which stands for Earth Moon Earth

105

00:04:02,990 --> 00:04:01,200

you know communication so

106

00:04:05,690 --> 00:04:03,000

that's how I got started really that's

107

00:04:08,210 --> 00:04:05,700

what got me into this uh you know deeply

108

00:04:10,610 --> 00:04:08,220

into this field and uh you know this has

109

00:04:13,130 --> 00:04:10,620

been an amazing journey so uh I'd be

110

00:04:15,470 --> 00:04:13,140

happy to give you uh you know a bit a

111

00:04:17,509 --> 00:04:15,480

good idea of you know how we can do this

112

00:04:19,009 --> 00:04:17,519

and uh the people have been doing this

113

00:04:20,930 --> 00:04:19,019

all over the world as well so I'll be

114

00:04:23,990 --> 00:04:20,940

happy to give you a debrief on that so

115

00:04:26,210 --> 00:04:24,000

as an amateur radio Enthusiast what got

116

00:04:27,950 --> 00:04:26,220

you into the world of UFOs was it just

117

00:04:29,810 --> 00:04:27,960

the fact that it's out there or did you

118

00:04:32,270 --> 00:04:29,820

have something happen communication wise

119

00:04:34,310 --> 00:04:32,280

that made you kind of get inspired yeah

120

00:04:36,230 --> 00:04:34,320

good question well I've always been in

121

00:04:38,150 --> 00:04:36,240

two into into the universe since my

122

00:04:41,030 --> 00:04:38,160

childhood I was always uh you know at

123

00:04:43,670 --> 00:04:41,040

early age I was reading uh

124

00:04:45,350 --> 00:04:43,680

um quantum physics books and astronomy

125

00:04:48,409 --> 00:04:45,360

yeah you know all this kind of stuff so

126

00:04:50,330 --> 00:04:48,419

I was very much into the the universe uh

127

00:04:52,310 --> 00:04:50,340

I had some mystical experience myself

128

00:04:53,689 --> 00:04:52,320

you know since my childhood like out of

129

00:04:55,909 --> 00:04:53,699

body experience and things like that so

130

00:04:58,610 --> 00:04:55,919

I knew there was you know something out

131

00:05:01,909 --> 00:04:58,620

there that uh you know was uh was in the

132

00:05:05,390 --> 00:05:01,919

unknown if you will uh and um yeah

133

00:05:08,150 --> 00:05:05,400

you know fast forward to a few years ago

134

00:05:10,790 --> 00:05:08,160

2013

135

00:05:12,230 --> 00:05:10,800

um I got interested uh as I mentioned in

136

00:05:14,390 --> 00:05:12,240

the and the contact modality called

137

00:05:16,490 --> 00:05:14,400

moonbounce communication I had uh I've

138

00:05:19,670 --> 00:05:16,500

been I'm a licensed amateur radio

139

00:05:21,530 --> 00:05:19,680

operator uh since childhood as well

140

00:05:23,629 --> 00:05:21,540

um and I got interested in this contact

141

00:05:25,909 --> 00:05:23,639

modality I saw so started building

142

00:05:28,129 --> 00:05:25,919

antenna systems to be able to do this

143

00:05:29,749 --> 00:05:28,139

this crazy modality and what and what it

144

00:05:31,730 --> 00:05:29,759

is just to summarize briefly is to

145

00:05:34,189 --> 00:05:31,740

really essentially just use the moon as

146

00:05:36,710 --> 00:05:34,199

a passive reflector so essentially you

147

00:05:39,950 --> 00:05:36,720

you beam directional antenna towards the

148

00:05:42,710 --> 00:05:39,960

moon and you broadcast uh very powerful

149

00:05:45,469 --> 00:05:42,720

beams of radio waves and the radio wave

150

00:05:47,330 --> 00:05:45,479

will kind of scatter or bounce back

151
00:05:48,710 --> 00:05:47,340
right towards the Earth if it will it's

152
00:05:51,170 --> 00:05:48,720
going to bounce in every direction but

153
00:05:52,550 --> 00:05:51,180
the fraction of it of that signal will

154
00:05:54,770 --> 00:05:52,560
come back towards the Earth

155
00:05:56,749 --> 00:05:54,780
and essentially it's using the moon as a

156
00:05:58,610 --> 00:05:56,759
reflector like a mirror if you will it's

157
00:06:00,710 --> 00:05:58,620
a very poor reflector in a sense and

158
00:06:03,050 --> 00:06:00,720
it's also so far you know the round trip

159
00:06:05,629 --> 00:06:03,060
it's like half a million miles so the

160
00:06:07,550 --> 00:06:05,639
signal coming back from the Moon is so

161
00:06:10,370 --> 00:06:07,560
weak that typically you cannot even hear

162
00:06:12,110 --> 00:06:10,380
it with the human ear uh but nowadays

163
00:06:14,390 --> 00:06:12,120

with the you know with computers and

164

00:06:15,950 --> 00:06:14,400

Technology digital communication the

165

00:06:18,170 --> 00:06:15,960

computer was still able to pick up the

166

00:06:19,969 --> 00:06:18,180

signal in the background and decode you

167

00:06:21,590 --> 00:06:19,979

know what the other station is uh is

168

00:06:24,770 --> 00:06:21,600

communicating so it's a very fascinating

169

00:06:27,230 --> 00:06:24,780

contact modality very uh challenging

170

00:06:29,090 --> 00:06:27,240

Tech technologically uh that you know to

171

00:06:30,350 --> 00:06:29,100

achieve and that was I was attracted by

172

00:06:32,510 --> 00:06:30,360

this challenge I said you know when I

173

00:06:34,969 --> 00:06:32,520

heard about it for the first time in the

174

00:06:36,529 --> 00:06:34,979

uh 2012-2013 time frame I said there's

175

00:06:38,270 --> 00:06:36,539

no way in the world I'm not going to try

176

00:06:40,370 --> 00:06:38,280

this this is so cool I need to try this

177

00:06:42,529 --> 00:06:40,380

so that that's what brought me got me

178

00:06:44,330 --> 00:06:42,539

into this um you know building this this

179

00:06:46,610 --> 00:06:44,340

antenna system this powerful space

180

00:06:50,330 --> 00:06:46,620

communication system if we fast forward

181

00:06:53,090 --> 00:06:50,340

to now to 2017

182

00:06:56,210 --> 00:06:53,100

um I was uh I had heard about this um

183

00:06:58,850 --> 00:06:56,220

you know people doing called ce5 or you

184

00:07:00,710 --> 00:06:58,860

know human initiated contact uh I was

185

00:07:02,870 --> 00:07:00,720

very intrigued by it I had seen some

186

00:07:06,290 --> 00:07:02,880

videos on the internet and I was you

187

00:07:08,090 --> 00:07:06,300

know Amazed by by what I was seeing and

188

00:07:09,770 --> 00:07:08,100

so uh I decided I said you know I'm

189

00:07:11,510 --> 00:07:09,780

gonna give it a shot and gonna you know

190

00:07:14,529 --> 00:07:11,520

I'm gonna try this uh this is too cool

191

00:07:18,529 --> 00:07:14,539

and uh

192

00:07:19,909 --> 00:07:18,539

so I decided to uh you know to uh to get

193

00:07:22,670 --> 00:07:19,919

ready for it and I was trying actually

194

00:07:25,490 --> 00:07:22,680

to find a site where I will be doing

195

00:07:27,050 --> 00:07:25,500

this work a contact site I was living in

196

00:07:29,749 --> 00:07:27,060

California at the time and I had located

197

00:07:31,430 --> 00:07:29,759

with Google Earth a a place which I knew

198

00:07:34,189 --> 00:07:31,440

a little bit uh you know close to a lake

199

00:07:36,469 --> 00:07:34,199

in uh in Rose Valley California Los

200

00:07:37,969 --> 00:07:36,479

Padres National Park and that seemed to

201
00:07:39,830 --> 00:07:37,979
be a perfect place you know far remote

202
00:07:41,689 --> 00:07:39,840
from the city and everything so no

203
00:07:44,990 --> 00:07:41,699
signal no winter friends nothing no no

204
00:07:48,170 --> 00:07:45,000
light pollution uh so I decided to uh to

205
00:07:50,089 --> 00:07:48,180
go there uh on an evening alone and I

206
00:07:52,730 --> 00:07:50,099
was just literally just screening the

207
00:07:54,710 --> 00:07:52,740
site you know for future contact work

208
00:07:56,809 --> 00:07:54,720
uh that at the time I had the intention

209
00:07:58,610 --> 00:07:56,819
to put a little group together and we do

210
00:08:00,350 --> 00:07:58,620
you know typically people who do this

211
00:08:02,390 --> 00:08:00,360
work who do it in the team you know in a

212
00:08:05,629 --> 00:08:02,400
group setting type of thing so but

213
00:08:06,350 --> 00:08:05,639

anyway uh but before uh going there

214

00:08:08,629 --> 00:08:06,360

um

215

00:08:10,909 --> 00:08:08,639

I had said that May 1st as being the day

216

00:08:13,490 --> 00:08:10,919

the weekend I was going to to go to that

217

00:08:15,589 --> 00:08:13,500

side before going there I said you know

218

00:08:17,150 --> 00:08:15,599

why not use the radio equipment that I

219

00:08:19,369 --> 00:08:17,160

have right this this uh space

220

00:08:21,770 --> 00:08:19,379

communication station that I'm using for

221

00:08:23,270 --> 00:08:21,780

moonbox communication why not sending an

222

00:08:26,210 --> 00:08:23,280

invitation message

223

00:08:28,850 --> 00:08:26,220

uh you know before going to the side so

224

00:08:31,369 --> 00:08:28,860

so I found a way I I found a way to

225

00:08:34,730 --> 00:08:31,379

encode essentially a an invitation

226

00:08:37,370 --> 00:08:34,740

message which contained the date uh time

227

00:08:39,350 --> 00:08:37,380

and the geographical coordinates right

228

00:08:42,589 --> 00:08:39,360

the latitude and longitude where I

229

00:08:44,449 --> 00:08:42,599

intended to be on May 1st 2017. and I

230

00:08:47,509 --> 00:08:44,459

broadcasted blasted this rules

231

00:08:49,610 --> 00:08:47,519

throughout the solar system uh with my

232

00:08:52,490 --> 00:08:49,620

radio station prior to going to the site

233

00:08:55,190 --> 00:08:52,500

and again this signal you know when the

234

00:08:58,430 --> 00:08:55,200

the typical moon bounce communication

235

00:09:00,230 --> 00:08:58,440

um like my station is is pretty powerful

236

00:09:02,329 --> 00:09:00,240

I mean it's more powerful than any of

237

00:09:04,550 --> 00:09:02,339

the commercial radio station you're

238

00:09:06,230 --> 00:09:04,560

gonna listen to uh on your am or FM

239

00:09:08,509 --> 00:09:06,240

radio typically these big guns if you

240

00:09:10,610 --> 00:09:08,519

look at KFI in Los Angeles they they

241

00:09:12,829 --> 00:09:10,620

broadcast about with 50 000 watts of

242

00:09:15,050 --> 00:09:12,839

power and it's known to be like the big

243

00:09:16,550 --> 00:09:15,060

guns the very powerful station the power

244

00:09:18,590 --> 00:09:16,560

we're talking about here in terms of

245

00:09:20,630 --> 00:09:18,600

effective isotropic radiated power for

246

00:09:23,269 --> 00:09:20,640

my station is is close to a quarter of a

247

00:09:25,790 --> 00:09:23,279

million Watts on 432 million

248

00:09:28,070 --> 00:09:25,800

five times right yeah yeah it's it's and

249

00:09:30,530 --> 00:09:28,080

it's also direction also directed to the

250

00:09:32,030 --> 00:09:30,540

Target so when I broadcast when I make

251
00:09:34,130 --> 00:09:32,040
this Transmissions let's say towards

252
00:09:36,530 --> 00:09:34,140
Jupiter or towards Saturn toward the

253
00:09:38,690 --> 00:09:36,540
moon or towards the Sun the radio wave

254
00:09:41,690 --> 00:09:38,700
will physically reach

255
00:09:43,430 --> 00:09:41,700
these targets physically reached so if

256
00:09:44,810 --> 00:09:43,440
there's et's out there and that was my

257
00:09:46,370 --> 00:09:44,820
assumption at the time I said I'm going

258
00:09:48,970 --> 00:09:46,380
to broadcast an invitation message to

259
00:09:51,050 --> 00:09:48,980
see if there's any you know extractors

260
00:09:52,730 --> 00:09:51,060
extraterrestrial civilizations out there

261
00:09:53,810 --> 00:09:52,740
or you know monitoring planet Earth or

262
00:09:55,130 --> 00:09:53,820
whatever

263
00:09:56,449 --> 00:09:55,140

they should be able to pick up the

264

00:09:58,550 --> 00:09:56,459

signal right it's like delivering a

265

00:10:00,650 --> 00:09:58,560

message literally to their doorstep

266

00:10:02,870 --> 00:10:00,660

so I did that but to be honest with you

267

00:10:05,630 --> 00:10:02,880

I had absolutely zero expectations of

268

00:10:08,150 --> 00:10:05,640

anything happening okay so I did it

269

00:10:09,829 --> 00:10:08,160

because you know why not and uh so I

270

00:10:11,630 --> 00:10:09,839

made this Transmissions a couple of days

271

00:10:13,790 --> 00:10:11,640

prior in the days prior to going to

272

00:10:17,630 --> 00:10:13,800

decide I broadcasted this message

273

00:10:19,009 --> 00:10:17,640

and then came the day uh day of uh you

274

00:10:21,590 --> 00:10:19,019

know what I call my day of first Contact

275

00:10:22,449 --> 00:10:21,600

so I ended up driving to that location I

276

00:10:24,949 --> 00:10:22,459

was alone

277

00:10:26,990 --> 00:10:24,959

uh again I was just going there to

278

00:10:29,269 --> 00:10:27,000

screen and Scout the site for future

279

00:10:30,949 --> 00:10:29,279

contact work and I had

280

00:10:32,329 --> 00:10:30,959

to me it's more you know a handheld

281

00:10:34,730 --> 00:10:32,339

video which I kind of heavier is this

282

00:10:35,990 --> 00:10:34,740

you know this kind of small video that I

283

00:10:38,930 --> 00:10:36,000

had the

284

00:10:41,090 --> 00:10:38,940

I had also tuned to the same frequency

285

00:10:43,430 --> 00:10:41,100

that I had broadcasted the message with

286

00:10:45,829 --> 00:10:43,440

my large radio station so I had that

287

00:10:47,329 --> 00:10:45,839

with me and I went to the site I was

288

00:10:50,269 --> 00:10:47,339

very pleased by the site it was

289

00:10:53,870 --> 00:10:50,279

beautiful close to a lake uh far from

290

00:10:55,310 --> 00:10:53,880

interferences far from civilization uh

291

00:10:56,930 --> 00:10:55,320

and no light pollution so that was

292

00:10:58,730 --> 00:10:56,940

perfect so I stayed there you know maybe

293

00:11:00,590 --> 00:10:58,740

after 20 minutes I stayed there and then

294

00:11:02,090 --> 00:11:00,600

I said okay I'm just gonna before

295

00:11:04,370 --> 00:11:02,100

leaving I'm just gonna relax a bit

296

00:11:06,110 --> 00:11:04,380

before going to back home so I took my

297

00:11:09,530 --> 00:11:06,120

handheld radio and I put it on the

298

00:11:11,329 --> 00:11:09,540

rooftop of my car and I sat down on a

299

00:11:13,130 --> 00:11:11,339

chair and just close my eyes and just

300

00:11:15,230 --> 00:11:13,140

started relaxing and meditating a bit

301
00:11:16,670 --> 00:11:15,240
and just you know enjoy the the place

302
00:11:19,850 --> 00:11:16,680
where I was

303
00:11:22,610 --> 00:11:19,860
and minutes after that my video started

304
00:11:23,829 --> 00:11:22,620
interacting started like flashing and

305
00:11:25,970 --> 00:11:23,839
and

306
00:11:28,069 --> 00:11:25,980
behaving in a way that I had never seen

307
00:11:29,690 --> 00:11:28,079
before and again I have been an amateur

308
00:11:31,009 --> 00:11:29,700
radio operator all my life I know the

309
00:11:32,690 --> 00:11:31,019
technology very well I know what

310
00:11:34,670 --> 00:11:32,700
interferences are I know what can cause

311
00:11:36,350 --> 00:11:34,680
interference I know how radio behaves

312
00:11:37,910 --> 00:11:36,360
when there's an interference of some

313
00:11:40,730 --> 00:11:37,920

sort that well you know that can trigger

314

00:11:43,430 --> 00:11:40,740

a radio but here I was in the middle of

315

00:11:46,610 --> 00:11:43,440

nowhere in Las Vegas national park at

316

00:11:48,170 --> 00:11:46,620

night with no signals around because it

317

00:11:50,509 --> 00:11:48,180

was so far away it was not even a cell

318

00:11:52,069 --> 00:11:50,519

tower reaching that location you know

319

00:11:53,630 --> 00:11:52,079

what was going on here right so the

320

00:11:56,630 --> 00:11:53,640

signal was just that video was going

321

00:11:58,910 --> 00:11:56,640

crazy but to be honest with you and uh

322

00:12:00,470 --> 00:11:58,920

that may sound crazy at the time of that

323

00:12:01,730 --> 00:12:00,480

when that happened I didn't make the

324

00:12:03,829 --> 00:12:01,740

connection because I was so not

325

00:12:05,389 --> 00:12:03,839

expecting anything to happen that I

326

00:12:08,150 --> 00:12:05,399

didn't even make the connection that

327

00:12:09,949 --> 00:12:08,160

this might maybe some kind of reply or

328

00:12:11,750 --> 00:12:09,959

some kind of interaction you know as a

329

00:12:12,470 --> 00:12:11,760

result of the invitation message that I

330

00:12:14,269 --> 00:12:12,480

sent

331

00:12:15,829 --> 00:12:14,279

I found actually it's annoying because

332

00:12:18,290 --> 00:12:15,839

here I was trying to relax and this

333

00:12:21,290 --> 00:12:18,300

video was going crazy so

334

00:12:22,610 --> 00:12:21,300

um so anyway I after a while I I decided

335

00:12:25,250 --> 00:12:22,620

to go back home so I pack everything

336

00:12:26,990 --> 00:12:25,260

back up got about got back in my car and

337

00:12:28,550 --> 00:12:27,000

went back home I was very intrigued by

338

00:12:30,350 --> 00:12:28,560

it it was very strange you know there

339

00:12:33,290 --> 00:12:30,360

was nothing that could explain that so

340

00:12:35,210 --> 00:12:33,300

in the following days uh while I was uh

341

00:12:37,190 --> 00:12:35,220

in the city where I was leaving I

342

00:12:39,470 --> 00:12:37,200

decided to keep the radio with me I

343

00:12:41,509 --> 00:12:39,480

clipped it on my belt and I said if

344

00:12:43,490 --> 00:12:41,519

there's any kind of you know signal or

345

00:12:46,490 --> 00:12:43,500

interference or behavior that you know

346

00:12:48,110 --> 00:12:46,500

this radio is is dying or something uh

347

00:12:49,970 --> 00:12:48,120

it should happen while I'm in town right

348

00:12:51,530 --> 00:12:49,980

well I'm in close to Wi-Fi signal on the

349

00:12:53,090 --> 00:12:51,540

differences in a city right the dish

350

00:12:55,910 --> 00:12:53,100

that's that way that could be more

351
00:12:58,069 --> 00:12:55,920
happening so I did that in in during

352
00:12:59,449 --> 00:12:58,079
that period nothing happened radio was

353
00:13:01,190 --> 00:12:59,459
completely silent right there's a

354
00:13:03,710 --> 00:13:01,200
squelch there's automatic silencer on

355
00:13:04,790 --> 00:13:03,720
these radios as you know FM radios and

356
00:13:07,430 --> 00:13:04,800
nothing happened the video was

357
00:13:09,769 --> 00:13:07,440
completely silent so that was even more

358
00:13:11,090 --> 00:13:09,779
stranger I even tried to replicate this

359
00:13:12,470 --> 00:13:11,100
interaction with my alarm religious

360
00:13:14,930 --> 00:13:12,480
station I was broadcasting you know

361
00:13:16,970 --> 00:13:14,940
fasting very powerful signal with my

362
00:13:18,769 --> 00:13:16,980
large radio station and keeping my small

363
00:13:20,210 --> 00:13:18,779

handed Radio close by and see this will

364

00:13:22,370 --> 00:13:20,220

trigger it then nothing happened so I

365

00:13:23,509 --> 00:13:22,380

wasn't able to replicate anything didn't

366

00:13:25,430 --> 00:13:23,519

make sense but I didn't have an

367

00:13:27,829 --> 00:13:25,440

explanation anyway

368

00:13:31,129 --> 00:13:27,839

two weeks later I went back to the site

369

00:13:32,629 --> 00:13:31,139

I was with a friend this time so I went

370

00:13:34,970 --> 00:13:32,639

back to that site and I repeated the

371

00:13:36,829 --> 00:13:34,980

protocol so I again

372

00:13:38,990 --> 00:13:36,839

the days prior broadcasted an invitation

373

00:13:42,470 --> 00:13:39,000

message with you know with coordinates

374

00:13:44,509 --> 00:13:42,480

time and date uh drove to the site and

375

00:13:46,430 --> 00:13:44,519

then minutes after arriving the same

376
00:13:48,410 --> 00:13:46,440
thing happened again the radio starting

377
00:13:50,449 --> 00:13:48,420
behaving exactly the same way that it

378
00:13:52,250 --> 00:13:50,459
had behaved on my day of first Contact

379
00:13:53,509 --> 00:13:52,260
then I started saying I would say holy

380
00:13:56,150 --> 00:13:53,519
cow right there's something going on

381
00:13:57,590 --> 00:13:56,160
here and what was somebody and it was

382
00:14:00,470 --> 00:13:57,600
clear that we were kind of asking

383
00:14:02,150 --> 00:14:00,480
questions and it seemed it seemed like

384
00:14:04,190 --> 00:14:02,160
it felt like there was an intelligence

385
00:14:06,190 --> 00:14:04,200
driving this interaction as well it was

386
00:14:09,769 --> 00:14:06,200
just not random it was very modulated

387
00:14:11,509 --> 00:14:09,779
precisely modulated very strange and I

388
00:14:13,910 --> 00:14:11,519

started we started collecting the data

389

00:14:15,889 --> 00:14:13,920

was something you know clearly that was

390

00:14:18,470 --> 00:14:15,899

going on here

391

00:14:20,150 --> 00:14:18,480

um and you know shortly after and that's

392

00:14:22,910 --> 00:14:20,160

how my story started shortly after I

393

00:14:25,129 --> 00:14:22,920

started having sightings in the sky and

394

00:14:27,530 --> 00:14:25,139

I you know all kind of high strangeness

395

00:14:29,569 --> 00:14:27,540

so I purchased a nitrogen camera at the

396

00:14:31,550 --> 00:14:29,579

time a Luna Optics

397

00:14:33,110 --> 00:14:31,560

um Nigerian camera so I was able to

398

00:14:35,810 --> 00:14:33,120

record these interactions and record

399

00:14:37,550 --> 00:14:35,820

these sightings that I've had and I kept

400

00:14:40,009 --> 00:14:37,560

doing this essentially I kept repeating

401

00:14:41,810 --> 00:14:40,019

this uh this protocol for four months

402

00:14:43,850 --> 00:14:41,820

and typically I was alone I ended up

403

00:14:45,230 --> 00:14:43,860

doing this contact work alone with a

404

00:14:46,850 --> 00:14:45,240

group it was a bit complicated people

405

00:14:48,290 --> 00:14:46,860

don't show up and you know that so I

406

00:14:50,990 --> 00:14:48,300

didn't have time to manage that so I

407

00:14:53,210 --> 00:14:51,000

ended up just doing doing this as a

408

00:14:55,970 --> 00:14:53,220

personal experience really and going to

409

00:14:59,150 --> 00:14:55,980

this contact site by myself uh you know

410

00:15:01,850 --> 00:14:59,160

95 of the time and uh have had the

411

00:15:03,769 --> 00:15:01,860

incredible experience and um

412

00:15:06,470 --> 00:15:03,779

that's all my story started really and

413

00:15:08,150 --> 00:15:06,480

so um uh I don't know if you have

414

00:15:10,129 --> 00:15:08,160

questions I can I can continue here but

415

00:15:13,310 --> 00:15:10,139

there's a this is this is how it started

416

00:15:16,250 --> 00:15:13,320

so did you see any lights or had any

417

00:15:17,389 --> 00:15:16,260

manifestations like uh in the sky when

418

00:15:19,430 --> 00:15:17,399

you were listening to these radio

419

00:15:22,189 --> 00:15:19,440

broadcasts or or whatever it was that

420

00:15:24,410 --> 00:15:22,199

was coming through your radio

421

00:15:26,569 --> 00:15:24,420

oh yeah I mean there was a you know I

422

00:15:28,430 --> 00:15:26,579

dissociate the radio interactions

423

00:15:30,530 --> 00:15:28,440

themselves radio interactions were not

424

00:15:32,269 --> 00:15:30,540

always accompanied by sightings in the

425

00:15:34,850 --> 00:15:32,279

sky is necessarily but when I was doing

426

00:15:37,370 --> 00:15:34,860

contact work I always had some kind of

427

00:15:39,050 --> 00:15:37,380

sightings or experience I mean 100 of

428

00:15:40,850 --> 00:15:39,060

the time there's not a single time that

429

00:15:44,689 --> 00:15:40,860

there was nothing happening right so the

430

00:15:47,689 --> 00:15:44,699

video always religiously uh interacted

431

00:15:50,750 --> 00:15:47,699

while I was while I was on the side

432

00:15:52,550 --> 00:15:50,760

um and and I had sightings and I mean

433

00:15:54,050 --> 00:15:52,560

I've had all kinds of experiences I mean

434

00:15:55,850 --> 00:15:54,060

that's uh you know it's been an

435

00:15:57,290 --> 00:15:55,860

incredible journey really but uh I

436

00:15:59,930 --> 00:15:57,300

remember one time for instance I was

437

00:16:01,730 --> 00:15:59,940

just standing up you know and uh in the

438

00:16:03,470 --> 00:16:01,740

front of my car and the entire Forest

439

00:16:05,629 --> 00:16:03,480

right in front of me lit up like you

440

00:16:08,509 --> 00:16:05,639

know as if there was a huge light you

441

00:16:10,370 --> 00:16:08,519

know um coming from the sky shining over

442

00:16:12,889 --> 00:16:10,380

all the the Forest right in front of me

443

00:16:14,389 --> 00:16:12,899

so a lot of very you know High strangers

444

00:16:17,569 --> 00:16:14,399

strangeness and things like that and

445

00:16:19,550 --> 00:16:17,579

then really uh you know this uh I

446

00:16:20,930 --> 00:16:19,560

realized actually then that the I didn't

447

00:16:22,730 --> 00:16:20,940

need to go to that contact site anymore

448

00:16:24,470 --> 00:16:22,740

to have interactions I could do from my

449

00:16:27,050 --> 00:16:24,480

backyard right so I could have the same

450

00:16:28,790 --> 00:16:27,060

experiences from my backyard because I

451
00:16:30,889 --> 00:16:28,800
had my large radio station there as well

452
00:16:32,930 --> 00:16:30,899
and everything right so I could I was

453
00:16:34,970 --> 00:16:32,940
making transmissions and just going at

454
00:16:37,790 --> 00:16:34,980
night in the backyard and with my my

455
00:16:39,590 --> 00:16:37,800
night vision camera and I had

456
00:16:42,170 --> 00:16:39,600
experiences and so

457
00:16:44,810 --> 00:16:42,180
uh you know from there it's uh it

458
00:16:46,970 --> 00:16:44,820
released no ball and that's how

459
00:16:49,189 --> 00:16:46,980
um you know I uh uh that's how it

460
00:16:51,110 --> 00:16:49,199
happened and then I you know I shared

461
00:16:53,329 --> 00:16:51,120
this uh obviously I shared this with

462
00:16:54,710 --> 00:16:53,339
other experiencers in the field

463
00:16:57,110 --> 00:16:54,720

um you know what I was experiencing with

464

00:16:59,990 --> 00:16:57,120

the videos and so on I mean the use of

465

00:17:02,629 --> 00:17:00,000

radio to communicate or to interact is

466

00:17:04,990 --> 00:17:02,639

not totally new I mean there's some

467

00:17:07,549 --> 00:17:05,000

folks in the you know what we call a C5

468

00:17:08,929 --> 00:17:07,559

that use radios sometimes and you know

469

00:17:10,850 --> 00:17:08,939

they can transmit they have tones they

470

00:17:12,409 --> 00:17:10,860

transmit tones but it's not widely

471

00:17:15,169 --> 00:17:12,419

known it's not very developed right it's

472

00:17:16,970 --> 00:17:15,179

not it's not readable so I shared my

473

00:17:18,350 --> 00:17:16,980

protocol if you will with experiencers

474

00:17:19,549 --> 00:17:18,360

from all over the world I mean there's a

475

00:17:22,069 --> 00:17:19,559

community out there a fantastic

476

00:17:24,230 --> 00:17:22,079

Community uh experiences that make

477

00:17:28,250 --> 00:17:24,240

contact and and I share the protocol

478

00:17:29,570 --> 00:17:28,260

with them uh folks acquired radios and I

479

00:17:31,130 --> 00:17:29,580

started having a report that they were

480

00:17:33,110 --> 00:17:31,140

getting the same interactions from

481

00:17:36,230 --> 00:17:33,120

everywhere in the world from New Zealand

482

00:17:37,150 --> 00:17:36,240

Australia and in Japan very active teams

483

00:17:41,090 --> 00:17:37,160

in Japan

484

00:17:42,890 --> 00:17:41,100

uh from everywhere already and uh I mean

485

00:17:45,049 --> 00:17:42,900

you know there's a small community that

486

00:17:47,390 --> 00:17:45,059

started you know gluing together and and

487

00:17:48,710 --> 00:17:47,400

build up from there and uh it was

488

00:17:50,510 --> 00:17:48,720

incredible people were sharing their

489

00:17:52,669 --> 00:17:50,520

sightings their experiences and it

490

00:17:54,590 --> 00:17:52,679

became part A Century of

491

00:17:56,630 --> 00:17:54,600

it became part of the contact work we

492

00:17:58,370 --> 00:17:56,640

were doing I mean for me obviously it's

493

00:17:59,990 --> 00:17:58,380

more uh it's more personal because I'm

494

00:18:01,669 --> 00:18:00,000

very deeply into this and I've had this

495

00:18:03,409 --> 00:18:01,679

last radio station but still it's been

496

00:18:05,690 --> 00:18:03,419

utilized Now by a lot of folks around

497

00:18:07,549 --> 00:18:05,700

the world so it's not only me it's it's

498

00:18:10,070 --> 00:18:07,559

been successfully utilized from people

499

00:18:12,289 --> 00:18:10,080

around the world now people out there

500

00:18:13,909 --> 00:18:12,299

may say well it's not possible how can

501
00:18:16,250 --> 00:18:13,919
this be possible right I mean this makes

502
00:18:17,990 --> 00:18:16,260
sense let me I should probably clarify

503
00:18:20,870 --> 00:18:18,000
the physics behind this a little bit why

504
00:18:23,150 --> 00:18:20,880
why is it possible to use this as a

505
00:18:25,190 --> 00:18:23,160
contact modality first of all

506
00:18:26,810 --> 00:18:25,200
and people don't know that and me and

507
00:18:29,029 --> 00:18:26,820
this may have been by the way previously

508
00:18:31,789 --> 00:18:29,039
hidden or suppressed from the population

509
00:18:34,490 --> 00:18:31,799
for for a long time but when you use it

510
00:18:36,529 --> 00:18:34,500
literally like a a small handheld video

511
00:18:38,990 --> 00:18:36,539
that I showed earlier with four to eight

512
00:18:40,610 --> 00:18:39,000
watts and you transmit with that the

513
00:18:42,590 --> 00:18:40,620

radio is saying no that you transmit

514

00:18:44,630 --> 00:18:42,600

will literally reach the moon will go

515

00:18:46,730 --> 00:18:44,640

far deep in space and will reach the

516

00:18:48,710 --> 00:18:46,740

moon and go beyond people don't know

517

00:18:50,450 --> 00:18:48,720

that if you look for instance the

518

00:18:52,610 --> 00:18:50,460

satellite the communication satellites

519

00:18:54,169 --> 00:18:52,620

at all you know passing above our heads

520

00:18:57,049 --> 00:18:54,179

every seconds there are thousands of

521

00:18:59,210 --> 00:18:57,059

them in the lower Earth orbit this

522

00:19:01,549 --> 00:18:59,220

satellite transmit with a power of a few

523

00:19:04,070 --> 00:19:01,559

milliwatts typically 500 million Watts

524

00:19:06,529 --> 00:19:04,080

250 million Watts I mean it's a very

525

00:19:07,850 --> 00:19:06,539

small power it's a fraction of a watt

526
00:19:10,549 --> 00:19:07,860
typically

527
00:19:13,010 --> 00:19:10,559
and they will uh you know since there's

528
00:19:15,049 --> 00:19:13,020
no obstacle they're in space they they

529
00:19:17,870 --> 00:19:15,059
signal this this uh this power is

530
00:19:19,310 --> 00:19:17,880
sufficient for for us to hear and and

531
00:19:20,750 --> 00:19:19,320
the satellite guides all the GPS

532
00:19:22,610 --> 00:19:20,760
communication all the stuff that's

533
00:19:25,490 --> 00:19:22,620
happening on earth right with a very

534
00:19:27,650 --> 00:19:25,500
very small power actually if you buy one

535
00:19:29,150 --> 00:19:27,660
of these handheld radios and you set the

536
00:19:31,250 --> 00:19:29,160
the ISS or the International

537
00:19:33,110 --> 00:19:31,260
International Space Station frequency

538
00:19:35,210 --> 00:19:33,120

you're going to hear the International

539

00:19:37,190 --> 00:19:35,220

Space Station when it flies over your

540

00:19:39,470 --> 00:19:37,200

head if you're still to that frequency

541

00:19:41,510 --> 00:19:39,480

there's some transmission made by this

542

00:19:43,549 --> 00:19:41,520

space station and you can hear it and

543

00:19:45,710 --> 00:19:43,559

that again the ISS is using a few

544

00:19:47,930 --> 00:19:45,720

milliwatts not even in the Watts

545

00:19:50,090 --> 00:19:47,940

so it doesn't take a lot of power to to

546

00:19:52,970 --> 00:19:50,100

get your voice heard in space back in

547

00:19:55,130 --> 00:19:52,980

2014 there was a probe a Chinese probe

548

00:19:56,630 --> 00:19:55,140

that was sent to the moon and back and

549

00:19:58,549 --> 00:19:56,640

that Chinese probe was equipped with a

550

00:20:00,830 --> 00:19:58,559

small radio transmitter of only one watt

551
00:20:03,590 --> 00:20:00,840
with a small vertical antenna

552
00:20:05,690 --> 00:20:03,600
and throughout his journey this probe

553
00:20:07,850 --> 00:20:05,700
was transmitting Telemetry and the

554
00:20:11,210 --> 00:20:07,860
amateur radio uh community in the earth

555
00:20:13,190 --> 00:20:11,220
uh called detect and decode this uh

556
00:20:16,310 --> 00:20:13,200
these signals while again this probe was

557
00:20:17,630 --> 00:20:16,320
when reached the moon and was just using

558
00:20:19,490 --> 00:20:17,640
one watt right so that's the

559
00:20:22,430 --> 00:20:19,500
demonstration that's the proof that you

560
00:20:25,430 --> 00:20:22,440
with a small amount of power you can get

561
00:20:27,230 --> 00:20:25,440
your voice heard in space So based on

562
00:20:29,630 --> 00:20:27,240
that just if you look at the physics of

563
00:20:31,130 --> 00:20:29,640

it uh and and we know now I mean even

564

00:20:34,010 --> 00:20:31,140

the government who's been suppressing

565

00:20:36,890 --> 00:20:34,020

this this reality of UAP or UFOs and ETS

566

00:20:38,810 --> 00:20:36,900

for for decades now with the Tic Tac

567

00:20:41,090 --> 00:20:38,820

videos and the Nimitz and all these

568

00:20:44,090 --> 00:20:41,100

these things right it's known that these

569

00:20:45,890 --> 00:20:44,100

objects and these intelligence or you

570

00:20:48,230 --> 00:20:45,900

know atmosphere they are not far they're

571

00:20:50,990 --> 00:20:48,240

right here above our head okay

572

00:20:53,090 --> 00:20:51,000

so if you connect the dots now we have

573

00:20:55,549 --> 00:20:53,100

the way to get our voice heard in space

574

00:20:57,169 --> 00:20:55,559

and these civilizations with very

575

00:20:59,090 --> 00:20:57,179

Advanced Technologies or in our

576
00:21:01,850 --> 00:20:59,100
atmosphere or in the you know in the

577
00:21:03,650 --> 00:21:01,860
vicinity of a planet monitoring us it

578
00:21:05,690 --> 00:21:03,660
makes sense that if you transmit

579
00:21:08,090 --> 00:21:05,700
something that did that's directed to

580
00:21:11,630 --> 00:21:08,100
them that they may pick it up now with

581
00:21:13,430 --> 00:21:11,640
AI with artificial intelligence it's and

582
00:21:15,770 --> 00:21:13,440
even all you know even the NSA has this

583
00:21:17,570 --> 00:21:15,780
technology I mean in space they can pick

584
00:21:19,070 --> 00:21:17,580
any signal and decode exactly where it's

585
00:21:20,930 --> 00:21:19,080
coming from and what it is and then

586
00:21:22,789 --> 00:21:20,940
decoded I mean we can just imagine a

587
00:21:25,430 --> 00:21:22,799
civilization that is a million years in

588
00:21:27,230 --> 00:21:25,440

advance of us technologically uh it

589

00:21:31,010 --> 00:21:27,240

makes sense to think that they have very

590

00:21:33,169 --> 00:21:31,020

sophisticated Ai and every signal that

591

00:21:36,529 --> 00:21:33,179

is emanating from planet Earth is being

592

00:21:38,570 --> 00:21:36,539

detected decoded analyzed and they act

593

00:21:40,730 --> 00:21:38,580

upon the signal if it is appropriate for

594

00:21:43,730 --> 00:21:40,740

them to do so it just makes sense right

595

00:21:45,370 --> 00:21:43,740

so if we look at the overall uh context

596

00:21:47,570 --> 00:21:45,380

of it the whole picture

597

00:21:49,789 --> 00:21:47,580

technologically in terms of physics and

598

00:21:51,169 --> 00:21:49,799

in terms of that there in AI it makes

599

00:21:53,810 --> 00:21:51,179

complete sense that if you make a

600

00:21:56,029 --> 00:21:53,820

transmission with a radio uh with you

601
00:21:57,830 --> 00:21:56,039
transmit radio wave that though directed

602
00:21:59,930 --> 00:21:57,840
at this civilization that you may get a

603
00:22:01,789 --> 00:21:59,940
reply or you may get you know some kind

604
00:22:03,470 --> 00:22:01,799
of interaction back and so I just wanted

605
00:22:05,750 --> 00:22:03,480
to clarify that there's nothing esoteric

606
00:22:07,669 --> 00:22:05,760
about it it's completely explainable by

607
00:22:10,850 --> 00:22:07,679
the science technology that we have

608
00:22:13,310 --> 00:22:10,860
today in on the the note that you said

609
00:22:15,409 --> 00:22:13,320
we're very loud and proud it sounds like

610
00:22:17,870 --> 00:22:15,419
you know when you look at Earth on the

611
00:22:20,510 --> 00:22:17,880
dark side at night it's all lit up like

612
00:22:22,850 --> 00:22:20,520
it's Las Vegas right so one on the light

613
00:22:25,370 --> 00:22:22,860

spectrum you can see we're here uh if

614

00:22:27,169 --> 00:22:25,380

they have radio obviously they do they

615

00:22:28,789 --> 00:22:27,179

would detect that we are very loud

616

00:22:31,310 --> 00:22:28,799

there's plenty of stuff out there for

617

00:22:33,230 --> 00:22:31,320

them to listen to and even now we're

618

00:22:35,630 --> 00:22:33,240

looking at the Hubble telescope that

619

00:22:37,549 --> 00:22:35,640

recently discovered like six galaxies

620

00:22:40,669 --> 00:22:37,559

that they never thought could possibly

621

00:22:42,409 --> 00:22:40,679

exist and it proved that yes they do and

622

00:22:44,450 --> 00:22:42,419

as we're getting better technology we're

623

00:22:45,950 --> 00:22:44,460

able to zoom in on planets and and

624

00:22:47,870 --> 00:22:45,960

eventually we'll be able to figure out

625

00:22:49,549 --> 00:22:47,880

there's a civilization there because it

626

00:22:51,470 --> 00:22:49,559

will be lit up the same way as ours

627

00:22:54,529 --> 00:22:51,480

we'll get radio signals from that

628

00:22:56,570 --> 00:22:54,539

location so it's fascinating that that

629

00:22:58,250 --> 00:22:56,580

you're doing that work because that

630

00:23:00,950 --> 00:22:58,260

seems to be maybe something that we will

631

00:23:03,409 --> 00:23:00,960

be looking for uh when we're looking for

632

00:23:06,770 --> 00:23:03,419

life out there absolutely it's a natural

633

00:23:09,590 --> 00:23:06,780

extension of a you know an intelligent

634

00:23:11,750 --> 00:23:09,600

civilization was exploring you know

635

00:23:15,169 --> 00:23:11,760

what's out there it makes complete sense

636

00:23:17,029 --> 00:23:15,179

uh and even even today uh on the earth

637

00:23:18,409 --> 00:23:17,039

the Technologies are there that if

638

00:23:20,390 --> 00:23:18,419

there's any signal I mean they'll set

639

00:23:21,830 --> 00:23:20,400

the lights right now and you can find

640

00:23:24,169 --> 00:23:21,840

this information on the net it's not

641

00:23:25,610 --> 00:23:24,179

it's it's really public that there's you

642

00:23:27,590 --> 00:23:25,620

know spy satellite and things like that

643

00:23:29,750 --> 00:23:27,600

that have the ability that anytime that

644

00:23:31,549 --> 00:23:29,760

there's a radio signal being emitted

645

00:23:33,710 --> 00:23:31,559

from the earth they can locate exactly

646

00:23:36,169 --> 00:23:33,720

point where that the signal is coming

647

00:23:39,409 --> 00:23:36,179

from from a geographical standpoint

648

00:23:41,630 --> 00:23:39,419

uh so yeah so so based on that it uh it

649

00:23:44,630 --> 00:23:41,640

makes sense that you know if you

650

00:23:46,549 --> 00:23:44,640

broadcast something that is dedicated or

651
00:23:47,750 --> 00:23:46,559
directed to them that uh you you may get

652
00:23:49,970 --> 00:23:47,760
the reply back or some kind of

653
00:23:52,010 --> 00:23:49,980
interactions and experience

654
00:23:54,890 --> 00:23:52,020
um the other thing that I noticed also

655
00:23:56,630 --> 00:23:54,900
uh I should mention is that I I studied

656
00:23:59,149 --> 00:23:56,640
these interactions that were happening

657
00:24:00,830 --> 00:23:59,159
on my videos because I I ended up buying

658
00:24:03,350 --> 00:24:00,840
actually more than one video I have 10

659
00:24:04,909 --> 00:24:03,360
probably in our videos an amazingly they

660
00:24:07,750 --> 00:24:04,919
were these intelligence were able to

661
00:24:10,310 --> 00:24:07,760
trigger these videos individually

662
00:24:13,190 --> 00:24:10,320
differently so you know of course if you

663
00:24:14,630 --> 00:24:13,200

tune all the video to the same frequency

664

00:24:16,789 --> 00:24:14,640

um and again I had tuned up all this

665

00:24:18,350 --> 00:24:16,799

video to the same frequency but even if

666

00:24:20,270 --> 00:24:18,360

you tune videos to the same frequency or

667

00:24:22,430 --> 00:24:20,280

they receive regular radio waves all the

668

00:24:24,049 --> 00:24:22,440

videos should be doing the same thing

669

00:24:26,090 --> 00:24:24,059

right if you listen to a FM radio

670

00:24:27,049 --> 00:24:26,100

station you tune free radios to the same

671

00:24:28,730 --> 00:24:27,059

frequency you're going to hear the same

672

00:24:30,529 --> 00:24:28,740

radio station

673

00:24:32,090 --> 00:24:30,539

the work that was doing and what we

674

00:24:34,250 --> 00:24:32,100

learned is that this is not what was

675

00:24:36,230 --> 00:24:34,260

happening in this context when there

676
00:24:38,570 --> 00:24:36,240
wasn't when there's interaction with the

677
00:24:39,830 --> 00:24:38,580
electronic equipment and radios the

678
00:24:42,350 --> 00:24:39,840
intelligence is able to control

679
00:24:44,029 --> 00:24:42,360
individually each video and then they

680
00:24:45,409 --> 00:24:44,039
behave completely differently even if

681
00:24:47,750 --> 00:24:45,419
they are set to the same frequency which

682
00:24:50,510 --> 00:24:47,760
completely brings a lot of physics

683
00:24:53,570 --> 00:24:50,520
big xlr6 and the other thing is realize

684
00:24:55,370 --> 00:24:53,580
that you know if you uh even if you

685
00:24:57,710 --> 00:24:55,380
Shield the radio you put it in a faraday

686
00:25:00,110 --> 00:24:57,720
cage for instance to Shield it from any

687
00:25:02,330 --> 00:25:00,120
radio wave to go in or out they are

688
00:25:04,130 --> 00:25:02,340

still able to trigger these radios and

689

00:25:06,529 --> 00:25:04,140

interact with them regardless of the

690

00:25:08,330 --> 00:25:06,539

location regardless of uh even sometimes

691

00:25:10,490 --> 00:25:08,340

you can remove take off the antenna and

692

00:25:12,350 --> 00:25:10,500

it's still going to interact so quickly

693

00:25:15,169 --> 00:25:12,360

I realized that these interactions were

694

00:25:17,270 --> 00:25:15,179

or the energy that were triggering these

695

00:25:19,789 --> 00:25:17,280

interactions were not following the laws

696

00:25:21,649 --> 00:25:19,799

of physics as we know them it's a some

697

00:25:22,430 --> 00:25:21,659

some other form of energy that we don't

698

00:25:24,409 --> 00:25:22,440

know

699

00:25:27,289 --> 00:25:24,419

but clearly it behaves completely

700

00:25:29,210 --> 00:25:27,299

differently and uh and from there I mean

701
00:25:32,390 --> 00:25:29,220
there can be a lot of different purposes

702
00:25:34,010 --> 00:25:32,400
to this energy uh you know and so we can

703
00:25:36,649 --> 00:25:34,020
only speculate about it obviously but

704
00:25:38,510 --> 00:25:36,659
one can imagine that if it's actually an

705
00:25:40,370 --> 00:25:38,520
energy that's being funneled for the

706
00:25:42,470 --> 00:25:40,380
radio that's triggering it as opposed to

707
00:25:44,450 --> 00:25:42,480
radio wave that energy may contain

708
00:25:47,390 --> 00:25:44,460
information itself right they may be

709
00:25:49,850 --> 00:25:47,400
encoding uh information in in you know

710
00:25:52,610 --> 00:25:49,860
DNA they may be

711
00:25:54,230 --> 00:25:52,620
um you know they may be doing all kind

712
00:25:55,370 --> 00:25:54,240
of things right that that we we don't

713
00:25:57,289 --> 00:25:55,380

understand and we don't know at this

714

00:26:00,049 --> 00:25:57,299

point and so that was an aspect that was

715

00:26:01,669 --> 00:26:00,059

very fascinating to me and you sent us a

716

00:26:03,049 --> 00:26:01,679

documentary that you made and I found it

717

00:26:04,549 --> 00:26:03,059

fascinating and we'll tell people where

718

00:26:07,070 --> 00:26:04,559

they can find it obviously at the end of

719

00:26:09,169 --> 00:26:07,080

the show but I I love the fact that you

720

00:26:11,450 --> 00:26:09,179

guys graduated to a point where you

721

00:26:13,070 --> 00:26:11,460

weren't just broadcasting Morse code or

722

00:26:15,830 --> 00:26:13,080

something random you were digitizing

723

00:26:18,470 --> 00:26:15,840

pictures like your face a picture of a

724

00:26:21,049 --> 00:26:18,480

UFO craft and a heartfelt message you

725

00:26:23,810 --> 00:26:21,059

know if it is safe and appropriate we

726

00:26:25,310 --> 00:26:23,820

request your visitation and part of me

727

00:26:27,169 --> 00:26:25,320

in my mind always thinks you know like

728

00:26:28,730 --> 00:26:27,179

like Stephen Hawking said you shouldn't

729

00:26:30,590 --> 00:26:28,740

mess around communicating with things

730

00:26:32,930 --> 00:26:30,600

you don't know what they are but if you

731

00:26:35,630 --> 00:26:32,940

look at the ce5 movement it's all about

732

00:26:38,810 --> 00:26:35,640

loving Communications loving meditations

733

00:26:41,810 --> 00:26:38,820

acceptance forgiveness so if with that

734

00:26:42,950 --> 00:26:41,820

being your kind of manifestation it

735

00:26:44,029 --> 00:26:42,960

would make sense that that that's what

736

00:26:46,850 --> 00:26:44,039

you would attract but in your

737

00:26:48,769 --> 00:26:46,860

documentary you basically take a picture

738

00:26:51,350 --> 00:26:48,779

convert it into radio waves and you

739

00:26:53,870 --> 00:26:51,360

broadcast that message and the sheer

740

00:26:57,049 --> 00:26:53,880

amount of uaps that you caught on camera

741

00:26:59,750 --> 00:26:57,059

we're not talking grainy shaky I mean

742

00:27:01,669 --> 00:26:59,760

these are on tripod clear as day in the

743

00:27:04,549 --> 00:27:01,679

middle of the day sitting there for like

744

00:27:07,669 --> 00:27:04,559

two hours in some cases uh very peaceful

745

00:27:08,990 --> 00:27:07,679

very loving uh and even like you know as

746

00:27:10,909 --> 00:27:09,000

you mentioned these radios are

747

00:27:13,070 --> 00:27:10,919

interacting all differently it's almost

748

00:27:15,230 --> 00:27:13,080

like they had a morse code pattern it

749

00:27:16,909 --> 00:27:15,240

was a repetitive pattern on one another

750

00:27:18,169 --> 00:27:16,919

one may have a different sound like they

751
00:27:20,450 --> 00:27:18,179
were literally all speaking different

752
00:27:22,070 --> 00:27:20,460
languages and it kind of reminded me of

753
00:27:24,409 --> 00:27:22,080
like what Ghost Hunters do they set up

754
00:27:26,510 --> 00:27:24,419
all this EMF equipment tri-field meters

755
00:27:28,430 --> 00:27:26,520
to just try to measure this type of

756
00:27:30,230 --> 00:27:28,440
thing and so what are your thoughts on

757
00:27:31,250 --> 00:27:30,240
that like is this all connected is it

758
00:27:33,110 --> 00:27:31,260
the same type of thing that Ghost

759
00:27:35,510 --> 00:27:33,120
Hunters are doing and putting out a

760
00:27:37,130 --> 00:27:35,520
petition and then getting a response

761
00:27:38,990 --> 00:27:37,140
I mean there are many connections

762
00:27:40,669 --> 00:27:39,000
obviously that I'm sure there are many

763
00:27:42,110 --> 00:27:40,679

Connections in terms of the energies

764

00:27:43,909 --> 00:27:42,120

that are driving these type of

765

00:27:45,470 --> 00:27:43,919

interactions

766

00:27:48,230 --> 00:27:45,480

um and what you mentioned I mean is

767

00:27:50,750 --> 00:27:48,240

exactly right I mean you know my the

768

00:27:52,669 --> 00:27:50,760

technique I I use uh evolved over time

769

00:27:55,190 --> 00:27:52,679

and I started being able to encode as

770

00:27:57,230 --> 00:27:55,200

you mentioned pictures uh again I've

771

00:27:59,390 --> 00:27:57,240

been I broadcast it even like yes an

772

00:28:01,850 --> 00:27:59,400

entire Symphony like accelerated within

773

00:28:06,049 --> 00:28:01,860

a few seconds but Symphony pictures with

774

00:28:07,970 --> 00:28:06,059

messages of peace and and for contact

775

00:28:10,310 --> 00:28:07,980

UM and of course you know I always

776

00:28:12,409 --> 00:28:10,320

encourage the folks out there to uh take

777

00:28:14,870 --> 00:28:12,419

the proper precaution it's just like

778

00:28:16,549 --> 00:28:14,880

here on the Earth right if you go in

779

00:28:18,649 --> 00:28:16,559

town at night in a very shaky

780

00:28:21,169 --> 00:28:18,659

neighborhood right you bad things can

781

00:28:23,390 --> 00:28:21,179

happen right so you need to act smartly

782

00:28:25,970 --> 00:28:23,400

and and be mindful of where you go how

783

00:28:27,230 --> 00:28:25,980

you do things similarly uh when you do

784

00:28:29,750 --> 00:28:27,240

this contact work

785

00:28:31,370 --> 00:28:29,760

uh you need to make sure you take the

786

00:28:33,289 --> 00:28:31,380

proper precaution and you invite on the

787

00:28:35,149 --> 00:28:33,299

benevolent civilizations and and make

788

00:28:37,549 --> 00:28:35,159

sure that you you know you protect

789

00:28:38,510 --> 00:28:37,559

yourself from that standpoint and uh you

790

00:28:40,490 --> 00:28:38,520

know we have to be aware of that

791

00:28:42,409 --> 00:28:40,500

obviously but you know from my personal

792

00:28:44,029 --> 00:28:42,419

experience I can tell you and from all

793

00:28:46,610 --> 00:28:44,039

the folks that I've been interacting

794

00:28:48,350 --> 00:28:46,620

with with over the years I never heard

795

00:28:50,450 --> 00:28:48,360

one negative experience that somebody

796

00:28:52,310 --> 00:28:50,460

said I had a very bad experience and it

797

00:28:54,169 --> 00:28:52,320

was traumatizing and blah blah blah I've

798

00:28:56,630 --> 00:28:54,179

never heard anything of that and it's

799

00:28:58,789 --> 00:28:56,640

been my own experience it's been only a

800

00:29:01,310 --> 00:28:58,799

positive experience and so

801
00:29:03,769 --> 00:29:01,320
uh you know we should not be uh driven

802
00:29:06,110 --> 00:29:03,779
by fear really when we do this work uh

803
00:29:08,149 --> 00:29:06,120
that is not to say that there are no uh

804
00:29:10,070 --> 00:29:08,159
malevolent civilizations out there I'm

805
00:29:11,570 --> 00:29:10,080
not stating that okay so clearly the

806
00:29:13,850 --> 00:29:11,580
polarities in the universe there's good

807
00:29:15,230 --> 00:29:13,860
and bad but you know take if people take

808
00:29:17,269 --> 00:29:15,240
the proper precaution you know they

809
00:29:19,250 --> 00:29:17,279
should uh stay in that in that space of

810
00:29:21,649 --> 00:29:19,260
uh you know of positivity if you will

811
00:29:23,330 --> 00:29:21,659
and yeah it's been it's been amazing and

812
00:29:25,310 --> 00:29:23,340
I've had an amazing amount of

813
00:29:27,590 --> 00:29:25,320

interactions throughout my experience

814

00:29:29,090 --> 00:29:27,600

now since 2017 uh hundreds of them

815

00:29:31,010 --> 00:29:29,100

literally

816

00:29:33,889 --> 00:29:31,020

um if the folks are interested they can

817

00:29:35,750 --> 00:29:33,899

look on my um my YouTube channel called

818

00:29:37,610 --> 00:29:35,760

uh human initiated contact and you're

819

00:29:40,190 --> 00:29:37,620

gonna see a lot of sightings and videos

820

00:29:42,230 --> 00:29:40,200

and nighttime Day times and so on my

821

00:29:44,029 --> 00:29:42,240

documentary is there as well showing all

822

00:29:45,049 --> 00:29:44,039

the teams also and one of the things I

823

00:29:48,350 --> 00:29:45,059

started doing

824

00:29:50,090 --> 00:29:48,360

was to uh broadcast messages on behalf

825

00:29:52,130 --> 00:29:50,100

of other contact teams right so the

826

00:29:53,510 --> 00:29:52,140

contact teams all over the world and I

827

00:29:56,389 --> 00:29:53,520

still I'm still doing it today I mean

828

00:29:58,190 --> 00:29:56,399

I'm still receiving uh uh I receive a

829

00:29:59,210 --> 00:29:58,200

request a few days ago from a team in

830

00:30:01,490 --> 00:29:59,220

Japan and they say hey we're going to

831

00:30:03,230 --> 00:30:01,500

have a contact uh event coming up on

832

00:30:05,510 --> 00:30:03,240

that date they send me the information

833

00:30:07,970 --> 00:30:05,520

and I broadcast message for them uh on

834

00:30:09,529 --> 00:30:07,980

their behalf and so and so just to help

835

00:30:11,450 --> 00:30:09,539

you know the folks out there so um

836

00:30:13,610 --> 00:30:11,460

something I've always been happy to do

837

00:30:15,470 --> 00:30:13,620

uh again I'm not making money with this

838

00:30:16,970 --> 00:30:15,480

I'm not selling anything it's just

839

00:30:18,769 --> 00:30:16,980

really for the the betterment of

840

00:30:20,450 --> 00:30:18,779

humanity that I'm doing this and yeah

841

00:30:22,549 --> 00:30:20,460

it's been amazing and as you said just

842

00:30:24,409 --> 00:30:22,559

to answer quickly uh your question more

843

00:30:26,690 --> 00:30:24,419

precisely

844

00:30:28,490 --> 00:30:26,700

um the energies that all seems to be at

845

00:30:30,710 --> 00:30:28,500

play here which you know current science

846

00:30:33,529 --> 00:30:30,720

is either ignoring or just you know

847

00:30:37,549 --> 00:30:33,539

suppressing from us clearly uh seems to

848

00:30:39,350 --> 00:30:37,559

be uh not bounded by space time

849

00:30:41,690 --> 00:30:39,360

um and I think these interactions for

850

00:30:44,149 --> 00:30:41,700

the radio is just a testament of that

851

00:30:46,850 --> 00:30:44,159

that they are replying with their level

852

00:30:49,549 --> 00:30:46,860

their technology and we transmit and we

853

00:30:51,409 --> 00:30:49,559

send an intention for contact to them

854

00:30:52,909 --> 00:30:51,419

using our technology if you will and

855

00:30:54,289 --> 00:30:52,919

they reply back using their technology

856

00:30:56,510 --> 00:30:54,299

which makes sense which we don't

857

00:30:58,909 --> 00:30:56,520

understand yet but uh it's it's probably

858

00:31:00,289 --> 00:30:58,919

all connected you know and through my

859

00:31:02,930 --> 00:31:00,299

work and we can discuss that a bit later

860

00:31:05,450 --> 00:31:02,940

I'm starting to tap into better

861

00:31:07,310 --> 00:31:05,460

understand what's behind all this and um

862

00:31:08,870 --> 00:31:07,320

you know there's really a fascinating

863

00:31:10,190 --> 00:31:08,880

thing from a technological standpoint

864

00:31:12,110 --> 00:31:10,200

that opens the door to a lot of

865

00:31:14,570 --> 00:31:12,120

different things and uh you know I think

866

00:31:16,430 --> 00:31:14,580

we as a civilizations as we move

867

00:31:17,750 --> 00:31:16,440

along and increase this level of contact

868

00:31:20,330 --> 00:31:17,760

we're going to learn more and more

869

00:31:21,889 --> 00:31:20,340

what's really behind this and this is

870

00:31:23,210 --> 00:31:21,899

the level of contact frequency and

871

00:31:25,070 --> 00:31:23,220

intensity I think will just keep

872

00:31:26,870 --> 00:31:25,080

increasing dramatically in the coming

873

00:31:28,490 --> 00:31:26,880

months and years it's interesting

874

00:31:30,049 --> 00:31:28,500

because the more that we talk to people

875

00:31:32,029 --> 00:31:30,059

the more we understand that it's not

876

00:31:34,250 --> 00:31:32,039

just the science of these crafts which

877

00:31:36,769 --> 00:31:34,260

is the nuts and bolts which is something

878

00:31:38,690 --> 00:31:36,779

that you know Louie's very strong on I'm

879

00:31:40,669 --> 00:31:38,700

more on the Consciousness aspect of

880

00:31:42,649 --> 00:31:40,679

things and the experienter side of

881

00:31:45,590 --> 00:31:42,659

things I think that's why we have such a

882

00:31:47,810 --> 00:31:45,600

good combo but it's you know one when I

883

00:31:50,149 --> 00:31:47,820

listened or read the book from Bob Lazar

884

00:31:52,549 --> 00:31:50,159

Dreamland and he explained there's a a

885

00:31:55,310 --> 00:31:52,559

moment where they had the craft outside

886

00:31:56,990 --> 00:31:55,320

and the craft was activated

887

00:31:58,789 --> 00:31:57,000

it seemed to be working on some sort of

888

00:32:01,789 --> 00:31:58,799

gravitational field that it generates

889

00:32:04,789 --> 00:32:01,799

around itself it should not be able to

890

00:32:06,649 --> 00:32:04,799

pick up or send receive radio signals

891

00:32:09,590 --> 00:32:06,659

because of that gravitational field he

892

00:32:11,930 --> 00:32:09,600

said somehow it was able to do that uh

893

00:32:13,850 --> 00:32:11,940

that you know it did the laws of physics

894

00:32:16,370 --> 00:32:13,860

didn't seem to apply to this craft or

895

00:32:18,470 --> 00:32:16,380

this technology and again this this

896

00:32:21,049 --> 00:32:18,480

stuff is is flown or seems to be

897

00:32:23,029 --> 00:32:21,059

conscious like these crafts are the

898

00:32:24,769 --> 00:32:23,039

craft itself is conscious so whoever is

899

00:32:26,990 --> 00:32:24,779

manipulating these these crafts or

900

00:32:28,789 --> 00:32:27,000

flying these crafts extend their

901
00:32:30,950 --> 00:32:28,799
Consciousness to the entire thing and

902
00:32:32,990 --> 00:32:30,960
that seems to be something that we were

903
00:32:35,389 --> 00:32:33,000
seeing as a pattern on the show is that

904
00:32:37,070 --> 00:32:35,399
Consciousness has a huge role to play

905
00:32:39,110 --> 00:32:37,080
and I find it interesting that you can

906
00:32:41,630 --> 00:32:39,120
make contact the way that you're doing

907
00:32:43,730 --> 00:32:41,640
it with radio signals or by some people

908
00:32:45,470 --> 00:32:43,740
are saying that ce5 works so it seems to

909
00:32:48,169 --> 00:32:45,480
be the either or we can make contact

910
00:32:48,889 --> 00:32:48,179
with these things and they tend to show

911
00:32:51,289 --> 00:32:48,899
up

912
00:32:52,850 --> 00:32:51,299
absolutely I mean I have not spoken much

913
00:32:54,169 --> 00:32:52,860

about it since the beginning of the

914

00:32:55,970 --> 00:32:54,179

interview but there's a massive

915

00:32:58,970 --> 00:32:55,980

connection to Consciousness in this work

916

00:33:00,590 --> 00:32:58,980

I mean the the essence of C5 per C or

917

00:33:03,710 --> 00:33:00,600

you know human initiated contact many

918

00:33:06,230 --> 00:33:03,720

will initiate and and uh we have contact

919

00:33:08,570 --> 00:33:06,240

just purely with selling an intent right

920

00:33:10,370 --> 00:33:08,580

through Consciousness uh that's that's

921

00:33:12,590 --> 00:33:10,380

that's well known it's well documented

922

00:33:14,049 --> 00:33:12,600

that's the foundation actually of the C5

923

00:33:15,950 --> 00:33:14,059

protocol per se

924

00:33:16,789 --> 00:33:15,960

there are many different modalities

925

00:33:19,310 --> 00:33:16,799

really there are really different

926

00:33:21,710 --> 00:33:19,320

modalities so the way I'm looking at it

927

00:33:24,889 --> 00:33:21,720

when I started using the radio was more

928

00:33:26,930 --> 00:33:24,899

as a technological Aid a help right

929

00:33:29,330 --> 00:33:26,940

technological Aid to

930

00:33:31,250 --> 00:33:29,340

you know to to facilitate this this uh

931

00:33:33,289 --> 00:33:31,260

this contact it's like to me it's like

932

00:33:35,570 --> 00:33:33,299

you know nudging on their shoulder right

933

00:33:37,009 --> 00:33:35,580

so say hey I'm here I'm willing to make

934

00:33:37,909 --> 00:33:37,019

contact right I'm using this technology

935

00:33:39,529 --> 00:33:37,919

but

936

00:33:41,210 --> 00:33:39,539

once it's done when the connection is

937

00:33:43,070 --> 00:33:41,220

established it becomes really more a

938

00:33:45,769 --> 00:33:43,080

Consciousness thing and and that's an

939

00:33:48,110 --> 00:33:45,779

important part of it for all the reports

940

00:33:51,350 --> 00:33:48,120

we have from experiencers we've had uh

941

00:33:53,149 --> 00:33:51,360

close contact with you know uh the

942

00:33:54,710 --> 00:33:53,159

intelligence

943

00:33:57,409 --> 00:33:54,720

um their ships as you mentioned actually

944

00:33:59,210 --> 00:33:57,419

pretty or or driven through

945

00:34:01,130 --> 00:33:59,220

Consciousness they they all they're not

946

00:34:03,049 --> 00:34:01,140

like you know with uh like a wheels or

947

00:34:06,289 --> 00:34:03,059

anything like that right so they they

948

00:34:09,109 --> 00:34:06,299

all uh they are really driven and

949

00:34:12,050 --> 00:34:09,119

control through the consciousness of the

950

00:34:14,030 --> 00:34:12,060

person or this The Entity was you know

951
00:34:16,070 --> 00:34:14,040
kind of driving the ships and that's

952
00:34:18,230 --> 00:34:16,080
that's what we hear and and most of them

953
00:34:21,530 --> 00:34:18,240
actually are not even metallic it's like

954
00:34:24,290 --> 00:34:21,540
they're grown they all kind of a mixture

955
00:34:25,669 --> 00:34:24,300
of biological technology with

956
00:34:27,050 --> 00:34:25,679
you know things we don't really

957
00:34:28,970 --> 00:34:27,060
understand but they are not the way we

958
00:34:31,129 --> 00:34:28,980
think that this metallic object that we

959
00:34:33,169 --> 00:34:31,139
you know that are hard right is metal in

960
00:34:34,669 --> 00:34:33,179
the aluminum thing type of things that

961
00:34:37,190 --> 00:34:34,679
there's some part of it but it's it's

962
00:34:40,490 --> 00:34:37,200
really also connected to biology and DNA

963
00:34:42,889 --> 00:34:40,500

of The Operators themselves so uh it's

964

00:34:45,589 --> 00:34:42,899

it it can go pretty far on it it's not a

965

00:34:46,369 --> 00:34:45,599

one thing it's not the one one size fits

966

00:34:47,629 --> 00:34:46,379

all because there are different

967

00:34:50,570 --> 00:34:47,639

intelligence out there they have their

968

00:34:51,950 --> 00:34:50,580

level of uh technology technological

969

00:34:53,570 --> 00:34:51,960

Advance is different from one

970

00:34:55,190 --> 00:34:53,580

civilization to the other so there's all

971

00:34:56,990 --> 00:34:55,200

kind of Technology out there depending

972

00:34:59,089 --> 00:34:57,000

on a civilization intelligence that you

973

00:35:00,950 --> 00:34:59,099

might be interacting with so we can at

974

00:35:03,470 --> 00:35:00,960

all put all that in the same you know

975

00:35:05,390 --> 00:35:03,480

ball if you will but there's a lot of

976
00:35:07,550 --> 00:35:05,400
variety out there but you know from my

977
00:35:11,089 --> 00:35:07,560
perspective again I've been using this

978
00:35:13,490 --> 00:35:11,099
uh uh uh contact modality with the

979
00:35:16,310 --> 00:35:13,500
videos and invitation and all that is a

980
00:35:18,589 --> 00:35:16,320
as a technological aid but very quickly

981
00:35:20,930 --> 00:35:18,599
once you start making contact it becomes

982
00:35:23,150 --> 00:35:20,940
a very personal thing and it's connected

983
00:35:24,829 --> 00:35:23,160
to Consciousness and and depending on

984
00:35:26,329 --> 00:35:24,839
what you're looking for what you're

985
00:35:29,210 --> 00:35:26,339
attempting to do and your own

986
00:35:30,050 --> 00:35:29,220
connections and your level of Awakening

987
00:35:31,490 --> 00:35:30,060
if you will you're going to have

988
00:35:32,450 --> 00:35:31,500

different experience depending on what

989

00:35:34,790 --> 00:35:32,460

you're gonna have experience that are

990

00:35:37,910 --> 00:35:34,800

suitable to you you know to your own

991

00:35:39,589 --> 00:35:37,920

a person and it's it's varied obviously

992

00:35:41,690 --> 00:35:39,599

from one experiential to the others so

993

00:35:43,790 --> 00:35:41,700

it's again not one size fit all but it's

994

00:35:45,230 --> 00:35:43,800

quite fascinating and again completely

995

00:35:46,970 --> 00:35:45,240

connected to Consciousness and I want to

996

00:35:48,890 --> 00:35:46,980

demystify this this level of this

997

00:35:50,930 --> 00:35:48,900

question of Consciousness because and

998

00:35:53,329 --> 00:35:50,940

it's part of the work that my work led

999

00:35:55,609 --> 00:35:53,339

to this is that we realize that

1000

00:35:57,829 --> 00:35:55,619

you know this this aspect that was more

1001

00:35:59,329 --> 00:35:57,839

esoteric or all these things are

1002

00:36:01,849 --> 00:35:59,339

actually not and that there's a science

1003

00:36:04,370 --> 00:36:01,859

behind this and if we look at the

1004

00:36:07,910 --> 00:36:04,380

frequency of brain waves is operating

1005

00:36:09,650 --> 00:36:07,920

the human Resonance of the earth uh you

1006

00:36:11,270 --> 00:36:09,660

know they are connections there you know

1007

00:36:13,010 --> 00:36:11,280

these are these in these harmonic

1008

00:36:14,349 --> 00:36:13,020

connections that are that are out there

1009

00:36:17,510 --> 00:36:14,359

that connects all these things together

1010

00:36:19,790 --> 00:36:17,520

you know things are much more simple and

1011

00:36:21,050 --> 00:36:19,800

unified and then with than that to

1012

00:36:23,990 --> 00:36:21,060

believe

1013

00:36:25,849 --> 00:36:24,000

um and what we thought or you know

1014

00:36:27,290 --> 00:36:25,859

assumed to be impossible communicate to

1015

00:36:29,510 --> 00:36:27,300

telepathy for instance and things like

1016

00:36:30,950 --> 00:36:29,520

that well there are mechanism that you

1017

00:36:32,690 --> 00:36:30,960

know can be completely explained by

1018

00:36:34,609 --> 00:36:32,700

occur in physics as to why this is

1019

00:36:36,410 --> 00:36:34,619

happening and so there's nothing you

1020

00:36:38,450 --> 00:36:36,420

know woo-woo out there this is this is

1021

00:36:40,730 --> 00:36:38,460

math this is science and this is

1022

00:36:43,130 --> 00:36:40,740

technology and this is how thing works

1023

00:36:45,230 --> 00:36:43,140

now this is basically one of a two-part

1024

00:36:47,510 --> 00:36:45,240

series we're gonna do because another

1025

00:36:49,849 --> 00:36:47,520

huge aspect of what you do is the

1026
00:36:52,370 --> 00:36:49,859
mathematics of understanding things

1027
00:36:54,230 --> 00:36:52,380
finding patterns and kind of simplifying

1028
00:36:56,750 --> 00:36:54,240
everything so I watched the presentation

1029
00:36:58,670 --> 00:36:56,760
you gave where you talk about the golden

1030
00:37:00,650 --> 00:36:58,680
ratio I mean this is something that

1031
00:37:02,870 --> 00:37:00,660
people like Pythagoras and Leonardo da

1032
00:37:04,550 --> 00:37:02,880
Vinci and it goes years back and we've

1033
00:37:06,050 --> 00:37:04,560
all seen the picture of like the man

1034
00:37:08,510 --> 00:37:06,060
with the arm standing out and then the

1035
00:37:09,890 --> 00:37:08,520
arms over his head essentially they're

1036
00:37:13,490 --> 00:37:09,900
trying to they're trying to give you the

1037
00:37:15,050 --> 00:37:13,500
ratio of one to 1.6 so like your head to

1038
00:37:17,270 --> 00:37:15,060

your belly button and your belly button

1039

00:37:18,589 --> 00:37:17,280

to your feet that's one to 1.6 your arm

1040

00:37:21,050 --> 00:37:18,599

to your elbow your elbow to your

1041

00:37:23,510 --> 00:37:21,060

fingertip even in the pupils of your

1042

00:37:25,430 --> 00:37:23,520

eyes your heart rhythm your brain waves

1043

00:37:26,990 --> 00:37:25,440

the height of your front teeth to the

1044

00:37:28,910 --> 00:37:27,000

teeth beside them

1045

00:37:31,609 --> 00:37:28,920

um you know the spirals of a hurricane

1046

00:37:34,490 --> 00:37:31,619

the way a sunflower is created there's

1047

00:37:36,109 --> 00:37:34,500

this magical math and a lot of people

1048

00:37:38,390 --> 00:37:36,119

have looked at this over the years but

1049

00:37:40,250 --> 00:37:38,400

you've taken a real deep dive on this

1050

00:37:42,410 --> 00:37:40,260

and you've basically found a few

1051

00:37:44,569 --> 00:37:42,420

constant events and a few basic

1052

00:37:47,030 --> 00:37:44,579

mathematical values so you've got 144

1053

00:37:49,490 --> 00:37:47,040

you have the golden ratio and you have

1054

00:37:51,710 --> 00:37:49,500

the number 432. and you've done

1055

00:37:55,849 --> 00:37:51,720

calculations on the Great Pyramid of

1056

00:37:58,069 --> 00:37:55,859

Giza even some craft footage itself and

1057

00:38:01,130 --> 00:37:58,079

they seem to be flashing and appearing

1058

00:38:03,170 --> 00:38:01,140

in the same mathematical harmonic and

1059

00:38:05,690 --> 00:38:03,180

you've basically gone and said okay well

1060

00:38:07,790 --> 00:38:05,700

regular physics and quantum physics

1061

00:38:09,890 --> 00:38:07,800

don't seem to agree maybe they're just

1062

00:38:12,710 --> 00:38:09,900

using the wrong qubit so to speak maybe

1063

00:38:14,510 --> 00:38:12,720

they're they're their metric number or

1064

00:38:17,030 --> 00:38:14,520

whatever you're using to calculate is

1065

00:38:19,130 --> 00:38:17,040

just slightly off could there be a more

1066

00:38:20,630 --> 00:38:19,140

simplified way of doing it so we're

1067

00:38:22,430 --> 00:38:20,640

going to dedicate a whole episode to

1068

00:38:25,130 --> 00:38:22,440

that but I wanted you to briefly just

1069

00:38:27,410 --> 00:38:25,140

talk about what is it in fact how did

1070

00:38:29,870 --> 00:38:27,420

you start to find these patterns and

1071

00:38:31,550 --> 00:38:29,880

like now you've basically come up with a

1072

00:38:33,349 --> 00:38:31,560

formula that that matches everything

1073

00:38:35,450 --> 00:38:33,359

physics has found like the mass of the

1074

00:38:37,670 --> 00:38:35,460

universe the energy in the universe but

1075

00:38:40,670 --> 00:38:37,680

instead of it being 52 chalkboards long

1076

00:38:43,210 --> 00:38:40,680

it's like four characters it's very

1077

00:38:46,310 --> 00:38:43,220

simple and the accuracy is like over 99

1078

00:38:48,950 --> 00:38:46,320

perfect match almost every single time

1079

00:38:49,970 --> 00:38:48,960

so you're the expert on this I'll let

1080

00:38:51,950 --> 00:38:49,980

you go

1081

00:38:54,589 --> 00:38:51,960

thank you you made a great summary at

1082

00:38:55,849 --> 00:38:54,599

least so yeah it you know from my

1083

00:38:56,750 --> 00:38:55,859

experience

1084

00:39:00,589 --> 00:38:56,760

um

1085

00:39:03,230 --> 00:39:00,599

it became clear that the intelligence

1086

00:39:05,569 --> 00:39:03,240

was communicating to us this information

1087

00:39:07,849 --> 00:39:05,579

and has been communicating to us this

1088

00:39:10,790 --> 00:39:07,859

information for probably thousands of

1089

00:39:12,349 --> 00:39:10,800

years and through various ways I mean if

1090

00:39:14,450 --> 00:39:12,359

you just look at the ancient secret

1091

00:39:16,010 --> 00:39:14,460

sides located around the world I mean

1092

00:39:19,450 --> 00:39:16,020

the great period of Giza is one of them

1093

00:39:22,130 --> 00:39:19,460

but there's a ton of other uh you know

1094

00:39:24,410 --> 00:39:22,140

megalithic structures and trans you look

1095

00:39:26,569 --> 00:39:24,420

at the Easter Island if you look at the

1096

00:39:28,550 --> 00:39:26,579

Machu Picchu if you look at the pyramid

1097

00:39:30,530 --> 00:39:28,560

it's located all over the world

1098

00:39:34,730 --> 00:39:30,540

there's something going on here right

1099

00:39:36,530 --> 00:39:34,740

and and through my work I found that all

1100

00:39:38,810 --> 00:39:36,540

these things were connected and the the

1101

00:39:40,670 --> 00:39:38,820

knowledge this knowledge of these

1102

00:39:43,310 --> 00:39:40,680

geometric harmonics that I call which

1103

00:39:45,650 --> 00:39:43,320

all fractalized for the Golden Ratio

1104

00:39:48,230 --> 00:39:45,660

principle that you talked about actually

1105

00:39:49,910 --> 00:39:48,240

is a is a different perspective on our

1106

00:39:51,950 --> 00:39:49,920

physics but actually explains absolutely

1107

00:39:55,310 --> 00:39:51,960

everything it's like unifies everything

1108

00:39:57,770 --> 00:39:55,320

and it's very simple formulas in that

1109

00:39:59,870 --> 00:39:57,780

everything you know holographic Universe

1110

00:40:02,810 --> 00:39:59,880

really can be reduced to this

1111

00:40:04,849 --> 00:40:02,820

fundamental harmonic of light it is

1112

00:40:07,190 --> 00:40:04,859

harmonic 144 in the golden ratio I mean

1113

00:40:09,050 --> 00:40:07,200

that's what it is and which makes sense

1114

00:40:11,089 --> 00:40:09,060

if you think about it we think about a

1115

00:40:12,829 --> 00:40:11,099

big bang right the whatever you believe

1116

00:40:15,290 --> 00:40:12,839

in the Big Bang or not this you know

1117

00:40:17,270 --> 00:40:15,300

what's at the source of Creation in the

1118

00:40:19,250 --> 00:40:17,280

universe is really this this light

1119

00:40:21,589 --> 00:40:19,260

energy that was in you know this initial

1120

00:40:24,770 --> 00:40:21,599

spark of light energy in that light

1121

00:40:26,569 --> 00:40:24,780

energy then was converted into matter

1122

00:40:28,370 --> 00:40:26,579

and material right became the material

1123

00:40:29,750 --> 00:40:28,380

world and all that and but all that

1124

00:40:30,890 --> 00:40:29,760

happened through the golden ratio

1125

00:40:32,750 --> 00:40:30,900

Principle as you mentioned the golden

1126

00:40:34,370 --> 00:40:32,760

ratio principle is everywhere in nature

1127

00:40:35,630 --> 00:40:34,380

we find it everywhere and you made a

1128

00:40:38,150 --> 00:40:35,640

good description of it

1129

00:40:40,190 --> 00:40:38,160

uh and so it's very simple The Source

1130

00:40:42,109 --> 00:40:40,200

energy this what I call a source uh

1131

00:40:45,050 --> 00:40:42,119

Source creation really emanates from

1132

00:40:46,790 --> 00:40:45,060

that and that is the I think truly I

1133

00:40:48,109 --> 00:40:46,800

truly believe that is the real physics

1134

00:40:49,790 --> 00:40:48,119

actually and probably the physics that's

1135

00:40:54,109 --> 00:40:49,800

been hidden from us has been suppressed

1136

00:40:56,630 --> 00:40:54,119

but clearly the that information has

1137

00:40:58,430 --> 00:40:56,640

been encoded in all these ancient sacred

1138

00:41:02,150 --> 00:40:58,440

sites and the Primitive Giza is probably

1139

00:41:03,770 --> 00:41:02,160

the you know the the the top uh the

1140

00:41:05,569 --> 00:41:03,780

summit of it

1141

00:41:07,370 --> 00:41:05,579

um where that information is encoded I

1142

00:41:09,770 --> 00:41:07,380

did my own analysis of the Great Pyramid

1143

00:41:12,050 --> 00:41:09,780

we we see these connections I mean the

1144

00:41:15,589 --> 00:41:12,060

math is undeniable the math is accurate

1145

00:41:18,890 --> 00:41:15,599

it's typically in 99.9 accuracy or

1146

00:41:20,810 --> 00:41:18,900

higher accuracy uh and when we start

1147

00:41:23,510 --> 00:41:20,820

looking at the world around us we

1148

00:41:25,490 --> 00:41:23,520

realize that the world the what we

1149

00:41:28,430 --> 00:41:25,500

perceive or we see is the the physical

1150

00:41:29,870 --> 00:41:28,440

world is is connected to this is

1151

00:41:32,030 --> 00:41:29,880

completely explainable to this form

1152

00:41:35,990 --> 00:41:32,040

again or brain waves frequencies

1153

00:41:38,450 --> 00:41:36,000

uh to the the human resonance to uh all

1154

00:41:40,190 --> 00:41:38,460

DNA the DNA molecule and that some of

1155

00:41:42,050 --> 00:41:40,200

the work I'm doing now I'm digging into

1156

00:41:44,329 --> 00:41:42,060

the actual DNA molecule and how it

1157

00:41:47,690 --> 00:41:44,339

resonates with these harmonics even the

1158

00:41:48,829 --> 00:41:47,700

nucleus uh nucleic acids that makes up

1159

00:41:51,410 --> 00:41:48,839

of DNA

1160

00:41:53,870 --> 00:41:51,420

when you convert this these molecules

1161

00:41:55,670 --> 00:41:53,880

into energy they resonate with these

1162

00:41:57,710 --> 00:41:55,680

frequencies as well it's unbelievable so

1163

00:41:59,930 --> 00:41:57,720

everything is connected to this and

1164

00:42:01,730 --> 00:41:59,940

actually everything connected to this

1165

00:42:03,530 --> 00:42:01,740

connects to the Consciousness field I

1166

00:42:06,290 --> 00:42:03,540

mean that's where we we can establish

1167

00:42:08,150 --> 00:42:06,300

that connection so and we see uh you

1168

00:42:10,250 --> 00:42:08,160

talk you had a great guest a few days

1169

00:42:12,230 --> 00:42:10,260

ago about the rendersham forest for

1170

00:42:14,450 --> 00:42:12,240

instance and I've been in in touch with

1171

00:42:16,430 --> 00:42:14,460

uh you know Gary Osborne who's the

1172

00:42:18,470 --> 00:42:16,440

co-author of the uh the render of

1173

00:42:20,089 --> 00:42:18,480

Sherman Enigma and strongly suggest for

1174

00:42:22,430 --> 00:42:20,099

you guys to have probably him on a shoe

1175

00:42:24,349 --> 00:42:22,440

has amazing information and you know

1176

00:42:25,609 --> 00:42:24,359

food that's that that's an example this

1177

00:42:27,890 --> 00:42:25,619

uh this whole story about the

1178

00:42:29,690 --> 00:42:27,900

renderation what uh if you know the

1179

00:42:32,990 --> 00:42:29,700

story right the the Gentleman Jim

1180

00:42:34,790 --> 00:42:33,000

peniston uh when he came close to the

1181

00:42:37,010 --> 00:42:34,800

craft and landed his hands on the craft

1182

00:42:39,349 --> 00:42:37,020

got a download of binary code messages

1183

00:42:41,390 --> 00:42:39,359

Pages dozens of pages of binary code

1184

00:42:43,970 --> 00:42:41,400

message which he wrote in a little

1185

00:42:46,730 --> 00:42:43,980

notebook and only 30 years later they

1186

00:42:49,730 --> 00:42:46,740

got this this binary code decoded

1187

00:42:52,550 --> 00:42:49,740

and uh that information was communicated

1188

00:42:54,890 --> 00:42:52,560

to a good friend Gary Osborne and he

1189

00:42:57,410 --> 00:42:54,900

started decoding this information what

1190

00:42:58,670 --> 00:42:57,420

what was behind it and essentially part

1191

00:43:00,349 --> 00:42:58,680

of this message and we can talk about

1192

00:43:02,510 --> 00:43:00,359

more maybe than in the next episode but

1193

00:43:04,730 --> 00:43:02,520

part of his message was really this

1194

00:43:07,190 --> 00:43:04,740

message contained seven geographical

1195

00:43:08,809 --> 00:43:07,200

locations located around your around the

1196

00:43:10,670 --> 00:43:08,819

earth like the Sedona was one of them

1197

00:43:13,069 --> 00:43:10,680

that literally the coordinates right the

1198

00:43:14,990 --> 00:43:13,079

code the binary code contain latitude

1199

00:43:17,690 --> 00:43:15,000

and longitude coordinates there were

1200

00:43:20,390 --> 00:43:17,700

seven sites that were identified the

1201
00:43:24,230 --> 00:43:20,400
great primitive Giza was one of them uh

1202
00:43:26,750 --> 00:43:24,240
you got high Brazil which is believed to

1203
00:43:28,190 --> 00:43:26,760
be an old civilization or buried

1204
00:43:31,309 --> 00:43:28,200
civilization under the sea and on the

1205
00:43:34,309 --> 00:43:31,319
west coast of Ireland uh there's uh the

1206
00:43:37,430 --> 00:43:34,319
uh Temple of Apollo a montagean in China

1207
00:43:39,410 --> 00:43:37,440
the Nazca Lines you know Nebraska claims

1208
00:43:41,329 --> 00:43:39,420
that you were in South America

1209
00:43:43,630 --> 00:43:41,339
um and a pyramid also in Central America

1210
00:43:46,790 --> 00:43:43,640
so anyway those there's seven locations

1211
00:43:48,589 --> 00:43:46,800
in the the math that's containing

1212
00:43:49,970 --> 00:43:48,599
transformation that's contained in this

1213
00:43:52,069 --> 00:43:49,980

seven locations is absolutely

1214

00:43:53,349 --> 00:43:52,079

fascinating I mean Gary for instance and

1215

00:43:56,329 --> 00:43:53,359

again

1216

00:43:57,589 --> 00:43:56,339

you should have him on the show he uh he

1217

00:43:59,809 --> 00:43:57,599

found that there was that information

1218

00:44:01,870 --> 00:43:59,819

contained the fine structure constants

1219

00:44:04,609 --> 00:44:01,880

at many many decimals of accuracy and

1220

00:44:07,670 --> 00:44:04,619

insane level of accuracy that actually

1221

00:44:09,650 --> 00:44:07,680

we only were able to discover recently

1222

00:44:11,870 --> 00:44:09,660

right so it's as if they knew that we

1223

00:44:13,309 --> 00:44:11,880

will get to that knowledge at some point

1224

00:44:15,349 --> 00:44:13,319

in time and that message that the

1225

00:44:17,450 --> 00:44:15,359

reduction contained that information I

1226
00:44:19,069 --> 00:44:17,460
did my own analysis of the binary code

1227
00:44:20,829 --> 00:44:19,079
of this rendition

1228
00:44:22,790 --> 00:44:20,839
um ending my battery code and I found

1229
00:44:25,609 --> 00:44:22,800
amazing things and and that's where

1230
00:44:27,170 --> 00:44:25,619
again disconnected to my work that I was

1231
00:44:29,329 --> 00:44:27,180
already doing about these harmonics

1232
00:44:31,190 --> 00:44:29,339
about the Earth grid which is also tuned

1233
00:44:32,630 --> 00:44:31,200
to these harmonics and we find for

1234
00:44:34,670 --> 00:44:32,640
instance even some of these sightings

1235
00:44:36,710 --> 00:44:34,680
like the Nimitz incident that I do have

1236
00:44:38,569 --> 00:44:36,720
a slide about it shows that the location

1237
00:44:40,370 --> 00:44:38,579
on the you know that that setting

1238
00:44:42,829 --> 00:44:40,380

occurred on the coast of Catalina Island

1239

00:44:44,870 --> 00:44:42,839

and if you calculate the geometric

1240

00:44:46,609 --> 00:44:44,880

harmonic distance between that where

1241

00:44:49,190 --> 00:44:46,619

this craft showed up in the Great

1242

00:44:51,890 --> 00:44:49,200

Pyramid you get a perfect harmonic 144

1243

00:44:54,589 --> 00:44:51,900

uh whole number of it right it's very

1244

00:44:56,390 --> 00:44:54,599

precise and these sites these ancient

1245

00:44:58,370 --> 00:44:56,400

secret sites which encodes its knowledge

1246

00:44:59,990 --> 00:44:58,380

themselves where they all built on the

1247

00:45:01,730 --> 00:45:00,000

planet Earth when you made this

1248

00:45:03,349 --> 00:45:01,740

calculation on the earth grid we

1249

00:45:05,390 --> 00:45:03,359

realized it's all connected to this

1250

00:45:06,589 --> 00:45:05,400

mathematics this very simple mathematics

1251

00:45:09,050 --> 00:45:06,599

that explains the year of grids and

1252

00:45:11,390 --> 00:45:09,060

explain how things works and I've had my

1253

00:45:13,790 --> 00:45:11,400

own sightings uh incredible sightings of

1254

00:45:15,770 --> 00:45:13,800

like a triangular craft for instance

1255

00:45:17,750 --> 00:45:15,780

which I call the Golden Ratio triangular

1256

00:45:20,329 --> 00:45:17,760

craft which encoded this information

1257

00:45:22,309 --> 00:45:20,339

encodes the golden ratio encodes its

1258

00:45:25,670 --> 00:45:22,319

harmonic 144 and encodes this harmonic

1259

00:45:28,010 --> 00:45:25,680

432 which is just stunning the math is

1260

00:45:29,870 --> 00:45:28,020

so precise it's just undeniable there's

1261

00:45:31,069 --> 00:45:29,880

just no weight at all this is just an

1262

00:45:33,470 --> 00:45:31,079

accident it just works out so

1263

00:45:34,990 --> 00:45:33,480

beautifully interestingly you know the

1264

00:45:39,349 --> 00:45:35,000

two frequencies that have been

1265

00:45:41,690 --> 00:45:39,359

broadcasting on since 2017 is 144.1

1266

00:45:44,270 --> 00:45:41,700

megahertz and 432 megahertz

1267

00:45:46,130 --> 00:45:44,280

so these harmonics just happens to be

1268

00:45:49,250 --> 00:45:46,140

the the frequency they've been

1269

00:45:51,530 --> 00:45:49,260

broadcasting on the 144 when I started

1270

00:45:53,630 --> 00:45:51,540

with this one was a complete coincidence

1271

00:45:56,089 --> 00:45:53,640

because I was this is a frequency that's

1272

00:45:57,589 --> 00:45:56,099

in the band or the frequency band that

1273

00:45:59,270 --> 00:45:57,599

was used for moon bounce communication

1274

00:46:00,890 --> 00:45:59,280

so I had picked the frequency that was

1275

00:46:03,410 --> 00:46:00,900

you know that of course allowed to

1276

00:46:05,809 --> 00:46:03,420

broadcast on but

1277

00:46:07,130 --> 00:46:05,819

um you know is is uh isn't that range

1278

00:46:09,050 --> 00:46:07,140

and I ended up using this frequency

1279

00:46:10,849 --> 00:46:09,060

called it you know accidental

1280

00:46:12,710 --> 00:46:10,859

coincidence and now I realized to data

1281

00:46:14,630 --> 00:46:12,720

this frequency is massively important

1282

00:46:17,450 --> 00:46:14,640

and has strong connection to all this

1283

00:46:19,550 --> 00:46:17,460

mathematics which we can get more into a

1284

00:46:21,890 --> 00:46:19,560

next episode but it's fascinating and we

1285

00:46:24,650 --> 00:46:21,900

see there's really clearly a very clear

1286

00:46:28,250 --> 00:46:24,660

connections uh between all these sides

1287

00:46:30,050 --> 00:46:28,260

the sidings and uh and I think for my my

1288

00:46:31,730 --> 00:46:30,060

perspective what I realized I think is

1289

00:46:33,770 --> 00:46:31,740

that the intelligence has been putting

1290

00:46:36,050 --> 00:46:33,780

this information in front of us for

1291

00:46:39,170 --> 00:46:36,060

thousands of years and just waiting for

1292

00:46:40,849 --> 00:46:39,180

us to reach that level of awareness and

1293

00:46:41,690 --> 00:46:40,859

Technology where we recognize this

1294

00:46:44,990 --> 00:46:41,700

information

1295

00:46:47,150 --> 00:46:45,000

and we can essentially decode it and and

1296

00:46:49,670 --> 00:46:47,160

create a new physics of it with it A New

1297

00:46:52,190 --> 00:46:49,680

Perspective on physics that's no longer

1298

00:46:53,870 --> 00:46:52,200

bounded or limited by false Concepts or

1299

00:46:55,309 --> 00:46:53,880

you know division because of science is

1300

00:46:57,530 --> 00:46:55,319

very divided

1301
00:46:59,150 --> 00:46:57,540
uh and it all brings everything together

1302
00:47:01,370 --> 00:46:59,160
and it just happens to be that the

1303
00:47:03,470 --> 00:47:01,380
intelligence the basis of their

1304
00:47:04,730 --> 00:47:03,480
technology is based on that and when I

1305
00:47:06,050 --> 00:47:04,740
look at the golden ratio triangular

1306
00:47:08,329 --> 00:47:06,060
craft for instance that I have

1307
00:47:09,950 --> 00:47:08,339
manifested the near my antenna four

1308
00:47:11,210 --> 00:47:09,960
times already which I have on videos I

1309
00:47:13,730 --> 00:47:11,220
have all the records of it it's all I

1310
00:47:16,910 --> 00:47:13,740
have all that on my YouTube channel

1311
00:47:18,829 --> 00:47:16,920
uh that information to me you know that

1312
00:47:21,650 --> 00:47:18,839
craft alone which this harmonic one four

1313
00:47:23,210 --> 00:47:21,660

fourteen golden ratio is probably what

1314

00:47:24,349 --> 00:47:23,220

they base their technology on and that's

1315

00:47:26,690 --> 00:47:24,359

how they can

1316

00:47:28,609 --> 00:47:26,700

pop in and out for Dimension or you know

1317

00:47:30,109 --> 00:47:28,619

manifest instantly from one side of the

1318

00:47:32,030 --> 00:47:30,119

universe to the other instantly because

1319

00:47:34,370 --> 00:47:32,040

the their crafts are in tune with these

1320

00:47:36,530 --> 00:47:34,380

these harmonics of creation literally

1321

00:47:39,770 --> 00:47:36,540

yeah I like how you use the formula and

1322

00:47:43,130 --> 00:47:39,780

I think it was one equals 144 times the

1323

00:47:45,650 --> 00:47:43,140

golden ratio times 432. but essentially

1324

00:47:48,230 --> 00:47:45,660

you're proposing a simple mathematic

1325

00:47:49,970 --> 00:47:48,240

equation that explains the Consciousness

1326

00:47:52,069 --> 00:47:49,980

field and you're the only person I've

1327

00:47:54,470 --> 00:47:52,079

ever heard that said from the light of

1328

00:47:56,270 --> 00:47:54,480

the big bang that is where matter came

1329

00:47:58,550 --> 00:47:56,280

from right from the protons and neutrons

1330

00:48:00,950 --> 00:47:58,560

and they all fit these same harmonics as

1331

00:48:03,349 --> 00:48:00,960

well but whether you believe in God or

1332

00:48:05,870 --> 00:48:03,359

Source or you're a total atheist there

1333

00:48:07,609 --> 00:48:05,880

are mathematics simplified mathematics

1334

00:48:09,530 --> 00:48:07,619

that the average person can get after

1335

00:48:12,109 --> 00:48:09,540

they listen to it once or twice not like

1336

00:48:14,410 --> 00:48:12,119

you need a degree but using these

1337

00:48:17,510 --> 00:48:14,420

simplified terms we can literally

1338

00:48:19,730 --> 00:48:17,520

amalgamate religion and science because

1339

00:48:22,250 --> 00:48:19,740

this is an explanation that makes them

1340

00:48:23,510 --> 00:48:22,260

all possible there is no separation and

1341

00:48:25,609 --> 00:48:23,520

again we'll get into this at a later

1342

00:48:27,349 --> 00:48:25,619

date but I I think you're the only I

1343

00:48:28,910 --> 00:48:27,359

thought you were a mathematician but

1344

00:48:30,950 --> 00:48:28,920

then when I heard you talking about UFOs

1345

00:48:32,630 --> 00:48:30,960

and how you kind of made it enjoyable

1346

00:48:34,069 --> 00:48:32,640

and understandable I realized you can't

1347

00:48:35,870 --> 00:48:34,079

be a mathematician because I wouldn't be

1348

00:48:38,210 --> 00:48:35,880

able to understand a damn thing you said

1349

00:48:40,609 --> 00:48:38,220

but you have the brain for that and

1350

00:48:43,010 --> 00:48:40,619

you're putting it in a digestible way

1351
00:48:45,470 --> 00:48:43,020
and you draw the conclusion that it's

1352
00:48:47,329 --> 00:48:45,480
not just you know craft it's physical

1353
00:48:49,670 --> 00:48:47,339
Ley lines like this this whole idea is

1354
00:48:51,230 --> 00:48:49,680
like Ley lines on steroids even from

1355
00:48:53,870 --> 00:48:51,240
like the prime meridian to the Pyramid

1356
00:48:56,450 --> 00:48:53,880
of Giza to rendersham Forest it's the

1357
00:48:58,790 --> 00:48:56,460
exact one to one point six you know the

1358
00:49:00,109 --> 00:48:58,800
the orions belt where things are kind of

1359
00:49:01,970 --> 00:49:00,119
slightly askewed even with the building

1360
00:49:04,430 --> 00:49:01,980
of the pyramid there's a reason for all

1361
00:49:06,589 --> 00:49:04,440
that it's not just accidental and as you

1362
00:49:08,390 --> 00:49:06,599
said maybe this was just crumbs dropped

1363
00:49:10,010 --> 00:49:08,400

thousands of years ago we're finally

1364

00:49:12,109 --> 00:49:10,020

getting smart enough to figure this out

1365

00:49:13,910 --> 00:49:12,119

and you know maybe within the scientific

1366

00:49:15,410 --> 00:49:13,920

world there's some pride somebody comes

1367

00:49:17,030 --> 00:49:15,420

up with a new formula that explains

1368

00:49:18,650 --> 00:49:17,040

things they don't want to let that

1369

00:49:21,470 --> 00:49:18,660

gopher say so there's a lot of guys

1370

00:49:23,510 --> 00:49:21,480

holding on to Old calculations and

1371

00:49:25,130 --> 00:49:23,520

saying well this can't be and I love how

1372

00:49:26,690 --> 00:49:25,140

you just kind of threw that away and

1373

00:49:30,230 --> 00:49:26,700

said let's just look at what the planet

1374

00:49:31,430 --> 00:49:30,240

is already telling us what do we know I

1375

00:49:33,349 --> 00:49:31,440

was going to say science has become

1376

00:49:35,089 --> 00:49:33,359

almost a religion you know like they'll

1377

00:49:37,730 --> 00:49:35,099

adhere to something and they say you

1378

00:49:39,829 --> 00:49:37,740

cannot go beyond this it's you know it's

1379

00:49:41,390 --> 00:49:39,839

nonsense I remember John Mack when you

1380

00:49:43,130 --> 00:49:41,400

know he's a professor at Harvard for

1381

00:49:44,030 --> 00:49:43,140

crying out loud he investigated people

1382

00:49:48,170 --> 00:49:44,040

that

1383

00:49:50,089 --> 00:49:48,180

and just everybody freaked out like how

1384

00:49:51,890 --> 00:49:50,099

could you possibly Venture into this

1385

00:49:53,690 --> 00:49:51,900

field and now we're getting more

1386

00:49:55,430 --> 00:49:53,700

scientists or something like people like

1387

00:49:57,109 --> 00:49:55,440

yourself Jimmy that are coming forward

1388

00:49:58,730 --> 00:49:57,119

and saying you know why don't I use the

1389

00:49:59,990 --> 00:49:58,740

knowledge that I have and the ability

1390

00:50:02,150 --> 00:50:00,000

that I have

1391

00:50:04,250 --> 00:50:02,160

to try to help solve this problem are we

1392

00:50:06,710 --> 00:50:04,260

alone are we getting visitation I think

1393

00:50:08,630 --> 00:50:06,720

you know more and more women and men of

1394

00:50:10,130 --> 00:50:08,640

science are coming forward and saying

1395

00:50:12,829 --> 00:50:10,140

you know we need to step up to the plate

1396

00:50:16,190 --> 00:50:12,839

and stop looking at this as if it's an

1397

00:50:17,930 --> 00:50:16,200

issue a taboo issue and look at it from

1398

00:50:20,150 --> 00:50:17,940

a scientific point of view let's collect

1399

00:50:21,470 --> 00:50:20,160

the data and see what the data says at

1400

00:50:23,770 --> 00:50:21,480

the end of the day it's always about the

1401

00:50:26,030 --> 00:50:23,780

data and what you capture

1402

00:50:27,770 --> 00:50:26,040

yeah I had one final question for you

1403

00:50:30,890 --> 00:50:27,780

Jimmy on my part

1404

00:50:33,290 --> 00:50:30,900

um we seem to see a lot of orbs in the

1405

00:50:35,510 --> 00:50:33,300

skies and they're always three they

1406

00:50:38,510 --> 00:50:35,520

always come in three or four but three

1407

00:50:40,130 --> 00:50:38,520

seems to be the more common one do you

1408

00:50:42,589 --> 00:50:40,140

think there's a purpose behind that like

1409

00:50:44,210 --> 00:50:42,599

is there a math purpose behind that or

1410

00:50:45,349 --> 00:50:44,220

does that still kind of fall within your

1411

00:50:47,329 --> 00:50:45,359

theory

1412

00:50:49,970 --> 00:50:47,339

well three is a Fibonacci number right

1413

00:50:52,010 --> 00:50:49,980

yeah well yeah there is I think there's

1414

00:50:54,370 --> 00:50:52,020

a there is a purpose behind everything

1415

00:50:56,750 --> 00:50:54,380

we see right we're being exposed to

1416

00:50:58,190 --> 00:50:56,760

certain highest transness you know

1417

00:51:00,770 --> 00:50:58,200

depending on what it is obviously what

1418

00:51:02,630 --> 00:51:00,780

we what we see I think there's a purpose

1419

00:51:04,970 --> 00:51:02,640

to it I've not studied this one

1420

00:51:06,349 --> 00:51:04,980

specifically but uh my bet would be that

1421

00:51:09,650 --> 00:51:06,359

there's a message so something behind

1422

00:51:11,690 --> 00:51:09,660

this that needs to be you know looked at

1423

00:51:13,790 --> 00:51:11,700

um you know as a general thing what you

1424

00:51:15,890 --> 00:51:13,800

mentioned both very much agree with

1425

00:51:18,049 --> 00:51:15,900

everything you both said you know we

1426

00:51:20,390 --> 00:51:18,059

need to stop as a Humanity to stop

1427

00:51:23,630 --> 00:51:20,400

looking up at the higher authority to

1428

00:51:25,849 --> 00:51:23,640

tell us what reality is that needs to

1429

00:51:28,069 --> 00:51:25,859

stop right we know that we're we've not

1430

00:51:30,470 --> 00:51:28,079

been being we've not gotten the the true

1431

00:51:32,210 --> 00:51:30,480

from the government on the UFO things

1432

00:51:34,250 --> 00:51:32,220

for for decades it's so many things have

1433

00:51:35,809 --> 00:51:34,260

been suppressed and you know it's in

1434

00:51:37,010 --> 00:51:35,819

every field even in science I mean every

1435

00:51:38,630 --> 00:51:37,020

time actually there's been a real

1436

00:51:40,910 --> 00:51:38,640

Discovery in science and somebody that

1437

00:51:43,309 --> 00:51:40,920

broke the glass and it just went beyond

1438

00:51:44,630 --> 00:51:43,319

the you know the little box that current

1439

00:51:47,270 --> 00:51:44,640

science is trying to put around them

1440

00:51:49,370 --> 00:51:47,280

right we need to stop looking up at the

1441

00:51:51,230 --> 00:51:49,380

higher authorities to tell us what to

1442

00:51:53,690 --> 00:51:51,240

believe and what reality is we all have

1443

00:51:55,849 --> 00:51:53,700

this ability each one of us to have our

1444

00:51:57,230 --> 00:51:55,859

own experience that's what I'm doing the

1445

00:52:00,349 --> 00:51:57,240

work I've been doing in many orders is

1446

00:52:02,990 --> 00:52:00,359

available to any one of us any one of us

1447

00:52:05,150 --> 00:52:03,000

we can do it and we need to take things

1448

00:52:06,710 --> 00:52:05,160

into our hands and I think that's what's

1449

00:52:07,970 --> 00:52:06,720

slowly percolating right now that's

1450

00:52:09,650 --> 00:52:07,980

what's happening we've got regular

1451
00:52:11,450 --> 00:52:09,660
people like me and you and I you know

1452
00:52:13,730 --> 00:52:11,460
experiencers and we are starting to

1453
00:52:15,049 --> 00:52:13,740
connect the dots it's Unstoppable and I

1454
00:52:17,089 --> 00:52:15,059
think that the Great Awakening of

1455
00:52:18,530 --> 00:52:17,099
humanity that's what it is all about I

1456
00:52:19,910 --> 00:52:18,540
think these civilizations have been

1457
00:52:21,950 --> 00:52:19,920
putting this information you know in

1458
00:52:23,450 --> 00:52:21,960
front of us they don't have the right to

1459
00:52:25,430 --> 00:52:23,460
interfere directly we know that

1460
00:52:27,230 --> 00:52:25,440
otherwise they will have Blended to the

1461
00:52:28,849 --> 00:52:27,240
White House long long time ago right but

1462
00:52:30,710 --> 00:52:28,859
they are not interfering that's a basic

1463
00:52:32,809 --> 00:52:30,720

law of the universe the law of

1464

00:52:34,730 --> 00:52:32,819

non-interference but what they can do is

1465

00:52:37,010 --> 00:52:34,740

to make the information there right

1466

00:52:38,630 --> 00:52:37,020

there and so when we can recognize that

1467

00:52:40,730 --> 00:52:38,640

information and we can turn that into

1468

00:52:43,130 --> 00:52:40,740

technologies that will free Humanity

1469

00:52:45,349 --> 00:52:43,140

this this knowledge this the different

1470

00:52:47,750 --> 00:52:45,359

perspective on physics really has the

1471

00:52:49,609 --> 00:52:47,760

power to free human civilization from

1472

00:52:52,190 --> 00:52:49,619

its current dependencies and limitations

1473

00:52:54,829 --> 00:52:52,200

and so on we can have free energy and so

1474

00:52:56,390 --> 00:52:54,839

on and that's what um that's what's

1475

00:52:58,430 --> 00:52:56,400

happening right now I think this is this

1476
00:53:00,410 --> 00:52:58,440
is the big shift that's happening

1477
00:53:02,630 --> 00:53:00,420
uh you know there's reason why Nikola

1478
00:53:04,190 --> 00:53:02,640
Tesla was building his Tower to harness

1479
00:53:06,290 --> 00:53:04,200
free energy from a very specific

1480
00:53:08,210 --> 00:53:06,300
location right he was he had built his

1481
00:53:09,770 --> 00:53:08,220
Tower at a very specific location to

1482
00:53:12,349 --> 00:53:09,780
harness that free energy from the earth

1483
00:53:14,630 --> 00:53:12,359
grid these calculations I mean all this

1484
00:53:16,849 --> 00:53:14,640
I think he had found this information of

1485
00:53:18,470 --> 00:53:16,859
some of it uh at the time and he had

1486
00:53:20,630 --> 00:53:18,480
found a way to started building

1487
00:53:22,849 --> 00:53:20,640
Technologies around this this is this is

1488
00:53:24,349 --> 00:53:22,859

accessible this is uh you know that's

1489

00:53:26,450 --> 00:53:24,359

that's what's in front of us right now

1490

00:53:28,370 --> 00:53:26,460

and I think it's going to accelerate

1491

00:53:30,650 --> 00:53:28,380

from there and I'm glad you guys are

1492

00:53:32,270 --> 00:53:30,660

sharing the message uh you know it's uh

1493

00:53:34,930 --> 00:53:32,280

I think that's where we're at as a

1494

00:53:37,930 --> 00:53:34,940

civilization and contact is uh

1495

00:53:40,730 --> 00:53:37,940

becoming more frequent more intense now

1496

00:53:42,349 --> 00:53:40,740

and talk about the what's been included

1497

00:53:43,730 --> 00:53:42,359

also I found one thing I found really

1498

00:53:45,530 --> 00:53:43,740

fascinating

1499

00:53:47,690 --> 00:53:45,540

you know if you look even at the the

1500

00:53:49,250 --> 00:53:47,700

great primitive Giza and the qubit for

1501
00:53:51,109 --> 00:53:49,260
instance right the Royal Egyptian qubit

1502
00:53:53,630 --> 00:53:51,119
as you know is the the measurement unit

1503
00:53:55,190 --> 00:53:53,640
that was used supposedly to build a

1504
00:53:55,970 --> 00:53:55,200
pyramid right all the math is based on

1505
00:53:58,130 --> 00:53:55,980
that

1506
00:54:00,370 --> 00:53:58,140
my own analysis of the qubit this

1507
00:54:02,690 --> 00:54:00,380
measurement unit itself is actually

1508
00:54:07,069 --> 00:54:02,700
completely connected to the quantum

1509
00:54:10,130 --> 00:54:07,079
world the qubit length is actually a a

1510
00:54:12,349 --> 00:54:10,140
fractal of the quantum World Views take

1511
00:54:14,390 --> 00:54:12,359
the plank length essentially the the

1512
00:54:16,670 --> 00:54:14,400
qubit the length of qubit is two times

1513
00:54:18,829 --> 00:54:16,680

the Planck length times the golden ratio

1514

00:54:21,049 --> 00:54:18,839

that's what it is so it is a fractal

1515

00:54:23,690 --> 00:54:21,059

from the quantum field so it's

1516

00:54:25,430 --> 00:54:23,700

fascinating so that information even for

1517

00:54:28,790 --> 00:54:25,440

these these sites and the sidings we're

1518

00:54:30,650 --> 00:54:28,800

getting again encodes uh quantum physics

1519

00:54:32,510 --> 00:54:30,660

itself or this different perspective on

1520

00:54:34,790 --> 00:54:32,520

quantum physics so I think these are

1521

00:54:36,410 --> 00:54:34,800

this is just a beginning as we collect

1522

00:54:38,809 --> 00:54:36,420

more and more the dots we're going to

1523

00:54:40,670 --> 00:54:38,819

learn more but now you know having

1524

00:54:42,829 --> 00:54:40,680

looked at it that with that perspective

1525

00:54:45,230 --> 00:54:42,839

everywhere I look around around myself

1526
00:54:46,370 --> 00:54:45,240
everything I look at is is connected to

1527
00:54:48,349 --> 00:54:46,380
this because it's going to make sense

1528
00:54:50,809 --> 00:54:48,359
right if there's a One Source creation

1529
00:54:52,309 --> 00:54:50,819
the code of the reality of this

1530
00:54:54,470 --> 00:54:52,319
holographic Universe we live in that

1531
00:54:56,450 --> 00:54:54,480
it's so simple explains everything when

1532
00:54:58,970 --> 00:54:56,460
we look at it when we look at everything

1533
00:55:00,410 --> 00:54:58,980
around us with that perspective we

1534
00:55:01,730 --> 00:55:00,420
realize that everything is connected to

1535
00:55:03,470 --> 00:55:01,740
this and connected to the Consciousness

1536
00:55:05,690 --> 00:55:03,480
field as you mentioned there's no

1537
00:55:07,490 --> 00:55:05,700
separation there you know the cool thing

1538
00:55:08,930 --> 00:55:07,500

about quantum physics is it's the search

1539

00:55:11,089 --> 00:55:08,940

for smaller and smaller and smaller

1540

00:55:13,370 --> 00:55:11,099

until there is no more smaller I.E the

1541

00:55:15,890 --> 00:55:13,380

the Planck scale right or the the Planck

1542

00:55:18,349 --> 00:55:15,900

length but it that works at the micro

1543

00:55:20,030 --> 00:55:18,359

level as well as the macro level the

1544

00:55:22,309 --> 00:55:20,040

whole universe works exactly the same

1545

00:55:24,530 --> 00:55:22,319

way if it works on this tiny little

1546

00:55:27,230 --> 00:55:24,540

specimen through a microscope and then

1547

00:55:28,849 --> 00:55:27,240

you know onwards and onwards down it

1548

00:55:31,010 --> 00:55:28,859

also must work in everything else you

1549

00:55:33,109 --> 00:55:31,020

know people have studied water and you

1550

00:55:34,430 --> 00:55:33,119

give water and intention and when you

1551

00:55:36,109 --> 00:55:34,440

freeze it the crystal looks different

1552

00:55:37,790 --> 00:55:36,119

you know water that's been given the

1553

00:55:39,710 --> 00:55:37,800

intention of love it has an amazing

1554

00:55:42,470 --> 00:55:39,720

Crystal Water that's been given the

1555

00:55:44,870 --> 00:55:42,480

intention of hate uh is like black and

1556

00:55:47,030 --> 00:55:44,880

devoid of shape so we're you know 80

1557

00:55:49,670 --> 00:55:47,040

water or whatever that is

1558

00:55:52,010 --> 00:55:49,680

we are like we are transmitters and

1559

00:55:53,990 --> 00:55:52,020

receivers we have a resonance and if we

1560

00:55:56,030 --> 00:55:54,000

are all entangled from The Big Bang that

1561

00:55:58,370 --> 00:55:56,040

resonance is literally in everything it

1562

00:56:01,010 --> 00:55:58,380

can be measured it can be replicated it

1563

00:56:03,049 --> 00:56:01,020

can be studied so I I like the fact that

1564

00:56:05,510 --> 00:56:03,059

you're throwing away some of the old

1565

00:56:07,130 --> 00:56:05,520

guard and and we said this at the end of

1566

00:56:09,890 --> 00:56:07,140

our season last year we said what's

1567

00:56:11,750 --> 00:56:09,900

going to happen in 2023 our Focus was to

1568

00:56:12,770 --> 00:56:11,760

get more of a scientific approach we

1569

00:56:14,930 --> 00:56:12,780

don't believe it's going to come from

1570

00:56:17,270 --> 00:56:14,940

the government you know what's in the

1571

00:56:18,829 --> 00:56:17,280

next UFO Congress paper who cares it's

1572

00:56:21,710 --> 00:56:18,839

not going to be anything that's of any

1573

00:56:23,990 --> 00:56:21,720

value okay so let's give our attention

1574

00:56:25,970 --> 00:56:24,000

to people like Jimmy like others who are

1575

00:56:27,530 --> 00:56:25,980

thinking outside the box presenting

1576

00:56:29,089 --> 00:56:27,540

their findings for the world not making

1577

00:56:30,770 --> 00:56:29,099

money off of it saying hey this is what

1578

00:56:32,990 --> 00:56:30,780

I've done it worked for me you should

1579

00:56:35,030 --> 00:56:33,000

try it out so kudos to you for doing

1580

00:56:36,950 --> 00:56:35,040

that and being brave and again there is

1581

00:56:38,990 --> 00:56:36,960

taboo around this subject you work in a

1582

00:56:41,329 --> 00:56:39,000

professional world you have a reputation

1583

00:56:43,970 --> 00:56:41,339

to uphold but thank you for not being

1584

00:56:45,770 --> 00:56:43,980

scared and uh you know for doing what

1585

00:56:48,230 --> 00:56:45,780

you did and and putting it in such a

1586

00:56:50,030 --> 00:56:48,240

digestible way so we will have another

1587

00:56:51,950 --> 00:56:50,040

episode maybe we will have you do some

1588

00:56:54,349 --> 00:56:51,960

slides I know we're not big on slides

1589

00:56:56,510 --> 00:56:54,359

but I watched your presentation it's

1590

00:56:58,549 --> 00:56:56,520

mind-blowing and it makes it a lot

1591

00:57:01,609 --> 00:56:58,559

easier to digest when you have the

1592

00:57:03,950 --> 00:57:01,619

visual and you dissect Great Pyramids of

1593

00:57:06,650 --> 00:57:03,960

Giza different things on the planet even

1594

00:57:08,210 --> 00:57:06,660

craft themselves and the lights or the

1595

00:57:10,130 --> 00:57:08,220

way that they've decided to appear and

1596

00:57:12,049 --> 00:57:10,140

manifest the codes within all of this

1597

00:57:14,150 --> 00:57:12,059

stuff and it literally blew my mind and

1598

00:57:15,770 --> 00:57:14,160

that's hard to do so kudos to you on

1599

00:57:17,270 --> 00:57:15,780

that we are going to have you back but

1600

00:57:18,650 --> 00:57:17,280

before we go one more time where can

1601
00:57:21,589 --> 00:57:18,660

people find you

1602
00:57:23,329 --> 00:57:21,599

yes thank you so much Luis uh so yeah I

1603
00:57:25,730 --> 00:57:23,339

have my YouTube channel is called a

1604
00:57:27,230 --> 00:57:25,740

human initiated contact uh if you just

1605
00:57:28,910 --> 00:57:27,240

put that in Google in your search to

1606
00:57:31,490 --> 00:57:28,920

show up you'll see my picture within the

1607
00:57:34,190 --> 00:57:31,500

first you know few few hits uh from

1608
00:57:35,990 --> 00:57:34,200

there you will find uh many many videos

1609
00:57:38,390 --> 00:57:36,000

I mean from the beginning of my work in

1610
00:57:40,910 --> 00:57:38,400

2017 I documented what I you know was

1611
00:57:43,250 --> 00:57:40,920

seeing in the sky and so on and some

1612
00:57:44,750 --> 00:57:43,260

interviews out there it's all free uh

1613
00:57:46,430 --> 00:57:44,760

it's accessible so you can see for

1614

00:57:47,990 --> 00:57:46,440

yourself what we're talking about the

1615

00:57:50,210 --> 00:57:48,000

kind of manifestation that are happening

1616

00:57:51,770 --> 00:57:50,220

and again there's a wonderful uh

1617

00:57:53,450 --> 00:57:51,780

Community out there of experiencers

1618

00:57:55,130 --> 00:57:53,460

again it's not only me doing this work

1619

00:57:57,349 --> 00:57:55,140

there's a wonderful community of

1620

00:57:59,450 --> 00:57:57,359

experiences I encourage everyone to try

1621

00:58:00,829 --> 00:57:59,460

it you know get informed uh get

1622

00:58:02,990 --> 00:58:00,839

information if you want to go in the

1623

00:58:05,270 --> 00:58:03,000

field and try it they'll contact Google

1624

00:58:08,690 --> 00:58:05,280

contact teams uh probably close to your

1625

00:58:11,750 --> 00:58:08,700

location and uh again it's accessible to

1626

00:58:13,010 --> 00:58:11,760

every one of us I think that's uh that's

1627

00:58:14,870 --> 00:58:13,020

part of the Great Awakening that's

1628

00:58:16,370 --> 00:58:14,880

happening right now and it's very

1629

00:58:19,069 --> 00:58:16,380

exciting I'm very excited about the

1630

00:58:21,890 --> 00:58:19,079

future and uh you know I thank you guys

1631

00:58:23,990 --> 00:58:21,900

for giving me the opportunity to uh you

1632

00:58:25,430 --> 00:58:24,000

know to give give that information out

1633

00:58:27,589 --> 00:58:25,440

there to the public it's uh it's great

1634

00:58:28,790 --> 00:58:27,599

thank you absolutely yeah and we look

1635

00:58:31,010 --> 00:58:28,800

forward to having you back again soon

1636

00:58:32,990 --> 00:58:31,020

we'll do part two of this and we'll dive

1637

00:58:34,730 --> 00:58:33,000

into those uh geometric harmonics that

1638

00:58:36,410 --> 00:58:34,740

you've been speaking about if you're a

1639

00:58:38,210 --> 00:58:36,420

math or physics lover uh it's an episode

1640

00:58:39,890 --> 00:58:38,220

you're not going to want to miss so but

1641

00:58:41,569 --> 00:58:39,900

for today that's all the time we got we

1642

00:58:44,450 --> 00:58:41,579

want to extend a very warm thanks to Mr

1643

00:58:46,730 --> 00:58:44,460

Jimmy Blanchette uh you blew our minds

1644

00:58:48,829 --> 00:58:46,740

and I'm sure many were viewers and uh

1645

00:58:50,569 --> 00:58:48,839

thanks for making it digestible for our

1646

00:58:52,130 --> 00:58:50,579

audience we appreciate that

1647

00:58:58,350 --> 00:58:52,140

thank you so much thank you for the
