

**KEVIN  
DAY**

**UAP STUDIES  
PODCAST**

1  
00:00:04,370 --> 00:00:02,090  
welcome back everybody it's going to be

2  
00:00:06,110 --> 00:00:04,380  
another military day today recently

3  
00:00:08,270 --> 00:00:06,120  
we've chatted with a lot of people that

4  
00:00:10,070 --> 00:00:08,280  
uh have worked in the military seen some

5  
00:00:11,990 --> 00:00:10,080  
things and as of late we've tried to

6  
00:00:14,270 --> 00:00:12,000  
bring on the people that are associated

7  
00:00:16,490 --> 00:00:14,280  
with the most famous sightings uh I.E

8  
00:00:19,730 --> 00:00:16,500  
the gimbal video and Ryan Graves Tic Tac

9  
00:00:21,650 --> 00:00:19,740  
video now Kevin day uh and more than

10  
00:00:23,689 --> 00:00:21,660  
just to rehash the story and we do have

11  
00:00:25,970 --> 00:00:23,699  
a lot of new listeners that may not be

12  
00:00:28,370 --> 00:00:25,980  
aware but more to discuss the impact

13  
00:00:29,750 --> 00:00:28,380

that that has on your life and I mean

14

00:00:31,550 --> 00:00:29,760

Jason you're big on the abduction

15

00:00:33,170 --> 00:00:31,560

phenomenon you've had a lot of people

16

00:00:36,650 --> 00:00:33,180

talk to you about the impact of what

17

00:00:38,330 --> 00:00:36,660

they've seen yeah and experiences alike

18

00:00:40,010 --> 00:00:38,340

it doesn't necessarily have to do with

19

00:00:41,810 --> 00:00:40,020

you know just the abduction phenomenon

20

00:00:44,569 --> 00:00:41,820

but a lot of times even being close

21

00:00:46,670 --> 00:00:44,579

proximity or experiencing something that

22

00:00:47,990 --> 00:00:46,680

uh you know you can't explain will

23

00:00:50,090 --> 00:00:48,000

change your life it'll change the

24

00:00:51,410 --> 00:00:50,100

perspective on things yeah and even

25

00:00:53,150 --> 00:00:51,420

sometimes people report they get

26

00:00:55,310 --> 00:00:53,160

information where they had this

27

00:00:56,630 --> 00:00:55,320

experience and now they have a knowledge

28

00:00:58,610 --> 00:00:56,640

of a subject that they didn't know

29

00:01:00,110 --> 00:00:58,620

anything about and it just feels right

30

00:01:02,389 --> 00:01:00,120

and they haven't studied it and Kevin's

31

00:01:03,830 --> 00:01:02,399

done some of that recently too so we're

32

00:01:07,130 --> 00:01:03,840

going to talk a little bit about the o4

33

00:01:09,109 --> 00:01:07,140

Nimitz Tic Tac encounter that made the

34

00:01:10,490 --> 00:01:09,119

national headlines but also kind of fill

35

00:01:12,410 --> 00:01:10,500

in some of those blanks that a lot of

36

00:01:13,730 --> 00:01:12,420

the reports left out I'm looking forward

37

00:01:15,590 --> 00:01:13,740

to it it's going to be another great day

38

00:01:17,570 --> 00:01:15,600

you ready to go Jay I'm ready to go

39

00:01:19,670 --> 00:01:17,580

let's do this we'll be right back with

40

00:01:25,550 --> 00:01:19,680

Mr Kevin date right here on UAP studies

41

00:01:25,560 --> 00:01:39,609

[Music]

42

00:01:39,619 --> 00:01:44,749

who are you ready

43

00:01:48,289 --> 00:01:46,429

welcome back to another episode of UAP

44

00:01:50,270 --> 00:01:48,299

studies podcast my name is Louis Borges

45

00:01:53,030 --> 00:01:50,280

joining me as always my good buddy Jason

46

00:01:54,950 --> 00:01:53,040

Gilman Captain Jason Gilman on board

47

00:01:56,990 --> 00:01:54,960

how's it going gorgeous gorgeous it's

48

00:01:58,910 --> 00:01:57,000

going well sir it's a military day today

49

00:02:00,710 --> 00:01:58,920

and a couple weeks ago we had Ryan

50

00:02:02,870 --> 00:02:00,720

Graves on as we all know the gimbal

51  
00:02:05,389 --> 00:02:02,880  
video made headlines and he talked about

52  
00:02:06,770 --> 00:02:05,399  
what his experiences were like and of

53  
00:02:09,050 --> 00:02:06,780  
course I think the most famous one of

54  
00:02:10,309 --> 00:02:09,060  
all is the Tic Tac video and there's

55  
00:02:12,110 --> 00:02:10,319  
been a lot of reports that have come out

56  
00:02:15,290 --> 00:02:12,120  
about it a lot of people are fairly new

57  
00:02:17,270 --> 00:02:15,300  
to this topic ever since 2017 but these

58  
00:02:19,970 --> 00:02:17,280  
reports skim and they leave a lot out

59  
00:02:22,070 --> 00:02:19,980  
and it's written from somebody else it's

60  
00:02:23,809 --> 00:02:22,080  
third hand from second hand kind of

61  
00:02:25,130 --> 00:02:23,819  
speed so to speak and there's nothing

62  
00:02:27,170 --> 00:02:25,140  
more important than getting it direct

63  
00:02:29,750 --> 00:02:27,180

from the people who were there who know

64

00:02:31,790 --> 00:02:29,760

what they saw and uh you know had life

65

00:02:34,490 --> 00:02:31,800

impacts as a result and I can't think of

66

00:02:36,170 --> 00:02:34,500

anybody more in that category than our

67

00:02:37,670 --> 00:02:36,180

guest today Mr Kevin day so first

68

00:02:40,490 --> 00:02:37,680

welcome to the show again Kevin it's

69

00:02:44,869 --> 00:02:42,890

I have to tell you guys it is my honor

70

00:02:47,089 --> 00:02:44,879

and pleasure to be here right now wow

71

00:02:49,610 --> 00:02:47,099

thank you because I truly do I truly do

72

00:02:51,650 --> 00:02:49,620

have something to say yeah and it's

73

00:02:53,869 --> 00:02:51,660

pretty neat actually what I have to say

74

00:02:55,490 --> 00:02:53,879

is pretty neat stuff well let's get

75

00:02:58,910 --> 00:02:55,500

right into it we don't mess around let's

76

00:03:02,330 --> 00:02:58,920

get started what happened in 2004

77

00:03:04,850 --> 00:03:02,340

let's set the context for it

78

00:03:07,070 --> 00:03:04,860

um my job in the Navy I was a operation

79

00:03:09,350 --> 00:03:07,080

specialist Senior Chief Petty Officer so

80

00:03:11,990 --> 00:03:09,360

it goes from uh in the a list of rings

81

00:03:15,290 --> 00:03:12,000

from E1 to E9 I was at E8

82

00:03:16,910 --> 00:03:15,300

and basically a radar man we man up in

83

00:03:18,890 --> 00:03:16,920

the combat information center on the

84

00:03:20,509 --> 00:03:18,900

ships and we fight the ship essentially

85

00:03:22,970 --> 00:03:20,519

we track and report and fight the ship

86

00:03:26,330 --> 00:03:22,980

if we have to

87

00:03:29,089 --> 00:03:26,340

um and I obviously I was very senior and

88

00:03:32,570 --> 00:03:29,099

believe it or not when this event went

89

00:03:35,869 --> 00:03:32,580

down it was my very last underway on on

90

00:03:39,770 --> 00:03:35,879

a ship in uniform oh really and I had

91

00:03:42,649 --> 00:03:39,780

yeah I had two um I had two major ships

92

00:03:45,949 --> 00:03:42,659

off the offs out of San Diego

93

00:03:48,649 --> 00:03:45,959

and one Aegis ship these are all Spy one

94

00:03:50,030 --> 00:03:48,659

ships buy one Radars and one out of uh

95

00:03:51,890 --> 00:03:50,040

Pearl Harbor Hawaii

96

00:03:54,530 --> 00:03:51,900

so I had a lot of time in those Waters

97

00:03:57,530 --> 00:03:54,540

Brothers in fact I had 18 and a half

98

00:03:59,390 --> 00:03:57,540

years actual sea time on ships because I

99

00:04:02,570 --> 00:03:59,400

spent some few years on the Nimitz and

100

00:04:05,210 --> 00:04:02,580

the constellation both on on staff duty

101  
00:04:07,490 --> 00:04:05,220  
anyways long story short because we only

102  
00:04:08,589 --> 00:04:07,500  
have an hour I was very senior I was up

103  
00:04:11,509 --> 00:04:08,599  
on watch

104  
00:04:13,550 --> 00:04:11,519  
and we started to notice these really

105  
00:04:15,050 --> 00:04:13,560  
weird tracks and it really caught my

106  
00:04:17,210 --> 00:04:15,060  
attention because of all my experience

107  
00:04:20,330 --> 00:04:17,220  
all my training and all my

108  
00:04:22,310 --> 00:04:20,340  
everything I was like what in the fill

109  
00:04:23,990 --> 00:04:22,320  
in the blank is that because we had

110  
00:04:26,409 --> 00:04:24,000  
these objects or they were coming down

111  
00:04:29,210 --> 00:04:26,419  
from low earth orbit 5 to 10 at a time

112  
00:04:30,890 --> 00:04:29,220  
and they were first stopped at 80 000

113  
00:04:32,270 --> 00:04:30,900

feet in our ballistic missile defense

114

00:04:33,830 --> 00:04:32,280

scheme they came aware of them like

115

00:04:34,850 --> 00:04:33,840

they're thinking what the hell is that

116

00:04:38,210 --> 00:04:34,860

right

117

00:04:40,070 --> 00:04:38,220

and and I'm visually researching all of

118

00:04:41,870 --> 00:04:40,080

our published Publications and all of

119

00:04:43,070 --> 00:04:41,880

our message traffic and everything I was

120

00:04:45,170 --> 00:04:43,080

thinking it was something civilian

121

00:04:46,670 --> 00:04:45,180

related didn't even know where the hell

122

00:04:49,010 --> 00:04:46,680

we were out there right so I wasn't

123

00:04:51,050 --> 00:04:49,020

really worried about them but and then

124

00:04:53,390 --> 00:04:51,060

they would drop as a group again down to

125

00:04:56,030 --> 00:04:53,400

28 000 feet right off the east coast of

126

00:04:57,830 --> 00:04:56,040

Catalina Island and sit there

127

00:04:59,570 --> 00:04:57,840

and here we are our strength group's

128

00:05:01,550 --> 00:04:59,580

about 100 miles Southwest off of San

129

00:05:03,050 --> 00:05:01,560

Diego doing our thing at the time we

130

00:05:04,730 --> 00:05:03,060

didn't have any Air Wing on board the

131

00:05:06,350 --> 00:05:04,740

Nimitz right so I wasn't really worried

132

00:05:08,390 --> 00:05:06,360

about a safety of flight thing because

133

00:05:11,689 --> 00:05:08,400

these objects started coming right

134

00:05:15,170 --> 00:05:11,699

through our operating area one by one at

135

00:05:17,689 --> 00:05:15,180

28 000 feet going 100 knots which is

136

00:05:18,350 --> 00:05:17,699

really slow for that altitude one at a

137

00:05:20,450 --> 00:05:18,360

time

138

00:05:22,310 --> 00:05:20,460

and every single one of them disappeared

139

00:05:25,070 --> 00:05:22,320

off my radar and remember we're moving

140

00:05:27,529 --> 00:05:25,080

all over the operating area and my radar

141

00:05:28,969 --> 00:05:27,539

envelopes moving with me right and but

142

00:05:30,110 --> 00:05:28,979

every single one of these objects

143

00:05:33,469 --> 00:05:30,120

disappeared

144

00:05:36,050 --> 00:05:33,479

of Guadalupe island in the same point in

145

00:05:38,749 --> 00:05:36,060

the sky hmm

146

00:05:40,550 --> 00:05:38,759

it I'm thinking to myself at the time I

147

00:05:42,409 --> 00:05:40,560

just had this oh because I was an avid

148

00:05:44,270 --> 00:05:42,419

whale Watcher you know I used to go

149

00:05:46,249 --> 00:05:44,280

outside a lot of stuff underway

150

00:05:48,529 --> 00:05:46,259

I just had this weird feeling there was

151  
00:05:51,230 --> 00:05:48,539  
some weird connection with the wheels

152  
00:05:54,590 --> 00:05:51,240  
because in November when this happened

153  
00:05:57,469 --> 00:05:54,600  
is when the exact time when the gray

154  
00:06:00,170 --> 00:05:57,479  
whales go from Catalina Island down to

155  
00:06:02,990 --> 00:06:00,180  
Guadalupe

156  
00:06:05,390 --> 00:06:03,000  
so I I was trying to resist it but it

157  
00:06:06,950 --> 00:06:05,400  
was so overwhelming I just couldn't help

158  
00:06:08,450 --> 00:06:06,960  
but think of course I didn't say nothing

159  
00:06:11,390 --> 00:06:08,460  
it was just something I was thinking

160  
00:06:13,850 --> 00:06:11,400  
because I wasn't able to identify these

161  
00:06:17,150 --> 00:06:13,860  
things it they totally eluded me

162  
00:06:19,249 --> 00:06:17,160  
uh so what we did

163  
00:06:20,689 --> 00:06:19,259

is we're all the whole entire strike

164

00:06:22,790 --> 00:06:20,699

group's tracking these things on radar

165

00:06:24,469 --> 00:06:22,800

they're on our data links all the data

166

00:06:28,670 --> 00:06:24,479

is going back to the beach anyone that

167

00:06:33,170 --> 00:06:30,590

um and I wasn't worried about him until

168

00:06:35,090 --> 00:06:33,180

the Air Wing came on board the Nimitz

169

00:06:37,490 --> 00:06:35,100

the night the night we were gonna do an

170

00:06:40,249 --> 00:06:37,500

air defense exercise in the morning

171

00:06:41,629 --> 00:06:40,259

and that's when Captain day became

172

00:06:43,249 --> 00:06:41,639

concerned because I was going to have

173

00:06:45,350 --> 00:06:43,259

these unknown objects in the same

174

00:06:47,450 --> 00:06:45,360

airspace as my aircraft and I was

175

00:06:49,550 --> 00:06:47,460

worried about the same time I was

176

00:06:51,230 --> 00:06:49,560

worried about safety of flight

177

00:06:51,830 --> 00:06:51,240

so Captain

178

00:06:54,230 --> 00:06:51,840

um

179

00:06:55,550 --> 00:06:54,240

Captain Smith comes down to combat so

180

00:06:57,830 --> 00:06:55,560

hey sir we've been tracking these for

181

00:06:59,210 --> 00:06:57,840

days I don't know what they are very

182

00:07:01,730 --> 00:06:59,220

concerned about safety of flight

183

00:07:04,550 --> 00:07:01,740

recommend at first launch we take the

184

00:07:06,350 --> 00:07:04,560

first aircraft airborne and go look

185

00:07:08,870 --> 00:07:06,360

let's see what they are

186

00:07:11,330 --> 00:07:08,880

you said you're right so she intercepted

187

00:07:13,010 --> 00:07:11,340

the idea I was like yes

188

00:07:14,629 --> 00:07:13,020

the holy earth science like yeah because

189

00:07:17,809 --> 00:07:14,639

we all wanted to do that it's like

190

00:07:18,830 --> 00:07:17,819

because none of us it stumped us at that

191

00:07:21,469 --> 00:07:18,840

point right

192

00:07:23,570 --> 00:07:21,479

so anyway uh commander fraver on Fast

193

00:07:25,189 --> 00:07:23,580

Eagle zero one launches he happens to be

194

00:07:27,469 --> 00:07:25,199

he was kind of that kind of guy right

195

00:07:30,290 --> 00:07:27,479

the commander of the Air Wing

196

00:07:32,150 --> 00:07:30,300

of his Squadron I mean so he launches we

197

00:07:35,330 --> 00:07:32,160

take control we take him to the first

198

00:07:37,850 --> 00:07:35,340

object he gets in the same visual Arena

199

00:07:41,029 --> 00:07:37,860

the merge plot position as soon as he's

200

00:07:44,390 --> 00:07:41,039

there this object goes from 28 000 feet

201  
00:07:47,270 --> 00:07:44,400  
0.78 seconds down to 50 feet above the

202  
00:07:49,969 --> 00:07:48,529  
on radar

203  
00:07:51,469 --> 00:07:49,979  
track number didn't change or nothing

204  
00:07:53,990 --> 00:07:51,479  
same object

205  
00:07:56,809 --> 00:07:54,000  
and he's he's got eyeball on it it's

206  
00:07:58,969 --> 00:07:56,819  
real right so he leaves his wingman up

207  
00:08:01,010 --> 00:07:58,979  
high he goes chasing it down below the

208  
00:08:04,010 --> 00:08:01,020  
thing recognizes him

209  
00:08:05,930 --> 00:08:04,020  
and reacts to him he's like what and uh

210  
00:08:08,870 --> 00:08:05,940  
fill in the blank with a cuss word right

211  
00:08:11,390 --> 00:08:08,880  
should have heard him on the radio and

212  
00:08:14,270 --> 00:08:11,400  
his words not mine again

213  
00:08:17,629 --> 00:08:14,280

right in front of him disappears

214

00:08:19,369 --> 00:08:17,639

and on board this ship we have what we

215

00:08:21,110 --> 00:08:19,379

call like when we're in air defense and

216

00:08:24,469 --> 00:08:21,120

this is all unclassified when you can

217

00:08:26,869 --> 00:08:24,479

Wikipedia right basic stuff and all

218

00:08:29,390 --> 00:08:26,879

militaries around the world do it

219

00:08:31,670 --> 00:08:29,400

got the um stronghold position here so

220

00:08:33,589 --> 00:08:31,680

you have defense positions right in our

221

00:08:35,750 --> 00:08:33,599

case they're called combat air patrol

222

00:08:38,089 --> 00:08:35,760

stations you can go back to Roman times

223

00:08:42,949 --> 00:08:38,099

they kind of do the same thing right

224

00:08:44,949 --> 00:08:42,959

and these objects somehow went from

225

00:08:48,490 --> 00:08:44,959

directly in front of fast Eagle flight

226

00:08:50,990 --> 00:08:48,500

directly to fast eagle

227

00:08:53,930 --> 00:08:51,000

assigned Air Patrol station combat Air

228

00:08:56,570 --> 00:08:53,940

Patrol station exactly on the latitude

229

00:08:57,710 --> 00:08:56,580

and longitude and exactly at their

230

00:09:01,509 --> 00:08:57,720

latitude

231

00:09:04,310 --> 00:09:01,519

or altitude and sat there

232

00:09:06,470 --> 00:09:04,320

I'm telling you what brothers I was

233

00:09:08,509 --> 00:09:06,480

stunned you should

234

00:09:11,870 --> 00:09:08,519

you should have seen the reaction

235

00:09:13,430 --> 00:09:11,880

here it on board the ship we're all

236

00:09:14,449 --> 00:09:13,440

standing there looking at each other for

237

00:09:16,550 --> 00:09:14,459

answers

238

00:09:18,410 --> 00:09:16,560

everyone's looking at me

239

00:09:20,210 --> 00:09:18,420

one of the most senior people besides

240

00:09:23,870 --> 00:09:20,220

the captain in that whole room and I I

241

00:09:25,670 --> 00:09:23,880

didn't have a clue yeah but I knew they

242

00:09:27,350 --> 00:09:25,680

were real because we had run when we

243

00:09:29,750 --> 00:09:27,360

first started to see him days before we

244

00:09:31,790 --> 00:09:29,760

had runs every system diagnostic we

245

00:09:34,930 --> 00:09:31,800

could think of to ensure they were real

246

00:09:36,470 --> 00:09:34,940

that's before we had eyeballs on them

247

00:09:37,250 --> 00:09:36,480

and

248

00:09:39,110 --> 00:09:37,260

um

249

00:09:41,090 --> 00:09:39,120

so basically what happened was we get

250

00:09:42,710 --> 00:09:41,100

back to Port that was my last underway

251  
00:09:44,449 --> 00:09:42,720  
in uniform like I said I was going to go

252  
00:09:47,389 --> 00:09:44,459  
work for the Admiral which I did combat

253  
00:09:49,610 --> 00:09:47,399  
their pack over in Coronado for

254  
00:09:51,230 --> 00:09:49,620  
a couple years out and then I retired

255  
00:09:55,070 --> 00:09:51,240  
and during this time I was trying to

256  
00:10:00,290 --> 00:09:58,009  
sirs and Maps we we have a safety of

257  
00:10:01,730 --> 00:10:00,300  
flight problem off here off the coast

258  
00:10:03,829 --> 00:10:01,740  
and it'd be like what do you mean Center

259  
00:10:05,150 --> 00:10:03,839  
Chief at the time I was still super

260  
00:10:06,889 --> 00:10:05,160  
cheap

261  
00:10:08,449 --> 00:10:06,899  
and when I tried to describe what

262  
00:10:10,250 --> 00:10:08,459  
happened

263  
00:10:12,410 --> 00:10:10,260

I gotta tell you I got laughed at

264

00:10:15,230 --> 00:10:12,420

literally

265

00:10:17,150 --> 00:10:15,240

even with your rank sir like even yeah

266

00:10:19,550 --> 00:10:17,160

yeah yeah yeah yeah yeah it because the

267

00:10:21,829 --> 00:10:19,560

people I mean it was so bizarre right I

268

00:10:24,110 --> 00:10:21,839

mean we're talking I I mean it wasn't

269

00:10:26,269 --> 00:10:24,120

something that was I could just tell by

270

00:10:28,430 --> 00:10:26,279

the looks down on the nose and it and so

271

00:10:31,130 --> 00:10:28,440

I retired and um when it became a

272

00:10:33,889 --> 00:10:31,140

civilian became much more obvious I mean

273

00:10:35,329 --> 00:10:33,899

it was like across the meeting place

274

00:10:36,949 --> 00:10:35,339

people would laugh and across the table

275

00:10:39,650 --> 00:10:36,959

people would snicker

276

00:10:41,509 --> 00:10:39,660

I I'm still getting emails from my old

277

00:10:43,130 --> 00:10:41,519

associate saying Kevin are you sure you

278

00:10:44,870 --> 00:10:43,140

want to testify in front of Congress are

279

00:10:48,350 --> 00:10:44,880

you still mentally there no stuff like

280

00:10:50,750 --> 00:10:48,360

that yeah I have pools yeah I it really

281

00:10:51,510 --> 00:10:50,760

happened and it it was really really

282

00:10:53,030 --> 00:10:51,520

frustrating

283

00:10:54,829 --> 00:10:53,040

[Music]

284

00:10:57,350 --> 00:10:54,839

yeah how did that affect your life

285

00:10:59,990 --> 00:10:57,360

moving forward I know you've had you've

286

00:11:01,790 --> 00:11:00,000

had issues as a result right that's

287

00:11:04,250 --> 00:11:01,800

that's a very good question no one would

288

00:11:07,370 --> 00:11:04,260

believe me so what I ended up doing

289

00:11:09,170 --> 00:11:07,380

is I ended up um quitting my job out of

290

00:11:10,430 --> 00:11:09,180

a silent protest it didn't make a big

291

00:11:12,350 --> 00:11:10,440

issue

292

00:11:13,910 --> 00:11:12,360

and I decided to go back to school and

293

00:11:16,310 --> 00:11:13,920

get my master's degree in education

294

00:11:19,310 --> 00:11:16,320

which I did education Tech

295

00:11:21,889 --> 00:11:19,320

and during this time I became obsessed

296

00:11:23,810 --> 00:11:21,899

with this idea that I could find the

297

00:11:25,370 --> 00:11:23,820

mother alone to a family mining claim

298

00:11:27,590 --> 00:11:25,380

they've been in our family for more than

299

00:11:29,769 --> 00:11:27,600

100 years back in the wilderness out

300

00:11:33,970 --> 00:11:29,779

here

301  
00:11:37,730 --> 00:11:33,980  
and long story short I did

302  
00:11:41,389 --> 00:11:37,740  
boy howdy you wait to see what's about

303  
00:11:44,930 --> 00:11:41,399  
to happen with what I had discovered

304  
00:11:46,910 --> 00:11:44,940  
it's gonna it's gonna blow you away guys

305  
00:11:49,790 --> 00:11:46,920  
um because basically what it is

306  
00:11:52,430 --> 00:11:49,800  
and I and I can show this it's um

307  
00:11:53,990 --> 00:11:52,440  
it's basically the geology is related to

308  
00:11:56,090 --> 00:11:54,000  
a larger piece of geology called the

309  
00:11:58,069 --> 00:11:56,100  
Josephine opioid

310  
00:12:01,190 --> 00:11:58,079  
and it extends from Northern California

311  
00:12:02,870 --> 00:12:01,200  
to North Washington and what it is is a

312  
00:12:05,030 --> 00:12:02,880  
section of geology

313  
00:12:08,090 --> 00:12:05,040

that's from the mid-pacific spreading

314

00:12:10,630 --> 00:12:08,100

arcs and there is hydrothermal vents of

315

00:12:12,889 --> 00:12:10,640

course right you know that and

316

00:12:15,110 --> 00:12:12,899

the spreading arcs are the original

317

00:12:17,090 --> 00:12:15,120

mineral sorters for the planet

318

00:12:18,769 --> 00:12:17,100

so and normally that ground is so heavy

319

00:12:21,050 --> 00:12:18,779

it gets subducted under continental

320

00:12:23,690 --> 00:12:21,060

plates but when it does get stuck on top

321

00:12:27,290 --> 00:12:23,700

of dry land it's called an ophiolite

322

00:12:28,670 --> 00:12:27,300

and that's what we have so anyway I did

323

00:12:30,889 --> 00:12:28,680

all the research I went back to

324

00:12:33,530 --> 00:12:30,899

Wilderness and you have to imagine this

325

00:12:35,870 --> 00:12:33,540

I was a top trainer Navy and you asked

326

00:12:38,389 --> 00:12:35,880

how this affected my life I swear to God

327

00:12:40,670 --> 00:12:38,399

gentlemen all of my former colleagues my

328

00:12:42,350 --> 00:12:40,680

friends and even my own family thought I

329

00:12:44,690 --> 00:12:42,360

was losing my mind

330

00:12:46,610 --> 00:12:44,700

he's doing what out in the wilderness I

331

00:12:47,870 --> 00:12:46,620

couldn't figure it out

332

00:12:49,129 --> 00:12:47,880

yeah

333

00:12:52,370 --> 00:12:49,139

and

334

00:12:54,230 --> 00:12:52,380

so my message is if if this doesn't

335

00:12:55,670 --> 00:12:54,240

happen all the time because researchers

336

00:12:56,930 --> 00:12:55,680

don't know why it only affects some

337

00:13:00,170 --> 00:12:56,940

people but

338

00:13:02,690 --> 00:13:00,180

what they believe is happening with UAP

339

00:13:06,170 --> 00:13:02,700

is with some people when they encounter

340

00:13:08,870 --> 00:13:06,180

it it Tunes up the synapses in the brain

341

00:13:10,250 --> 00:13:08,880

somehow yeah we've and it simply

342

00:13:16,490 --> 00:13:10,260

uncovers

343

00:13:18,170 --> 00:13:16,500

um abilities and stuff that was already

344

00:13:20,509 --> 00:13:18,180

inside you anyway

345

00:13:22,970 --> 00:13:20,519

yeah you have suddenly out of the blue

346

00:13:25,430 --> 00:13:22,980

you have new abilities

347

00:13:28,750 --> 00:13:25,440

literally yeah new talents literally

348

00:13:32,269 --> 00:13:28,760

we've interviewed people

349

00:13:33,710 --> 00:13:32,279

I didn't know nothing about geology or

350

00:13:36,530 --> 00:13:33,720

mining or nothing but you should wait

351  
00:13:37,850 --> 00:13:36,540  
till you see my report yeah it's not

352  
00:13:40,009 --> 00:13:37,860  
that's not uncommon even people that

353  
00:13:42,350 --> 00:13:40,019  
have had near-death experiences or like

354  
00:13:44,569 --> 00:13:42,360  
heavy trauma to the brain car accidents

355  
00:13:46,730 --> 00:13:44,579  
things like that I mean it's not common

356  
00:13:49,910 --> 00:13:46,740  
but it's not you know totally uncommon

357  
00:13:51,949 --> 00:13:49,920  
where people learn languages overnight

358  
00:13:54,170 --> 00:13:51,959  
or their ability to become like a piano

359  
00:13:57,650 --> 00:13:54,180  
Savant just something totally unrelated

360  
00:13:59,629 --> 00:13:57,660  
from a traumatic incident right but here

361  
00:14:01,550 --> 00:13:59,639  
but but here's here's my warning to

362  
00:14:03,410 --> 00:14:01,560  
everyone right

363  
00:14:06,350 --> 00:14:03,420

although the changes are good like they

364

00:14:07,970 --> 00:14:06,360

were in my case but I

365

00:14:09,410 --> 00:14:07,980

and you got to understand when I was

366

00:14:11,569 --> 00:14:09,420

going through this I hadn't connected

367

00:14:13,670 --> 00:14:11,579

the dots back to this encounter at all

368

00:14:14,700 --> 00:14:13,680

in any way shape or form

369

00:14:16,550 --> 00:14:14,710

zero

370

00:14:18,470 --> 00:14:16,560

[Music]

371

00:14:19,910 --> 00:14:18,480

the problem is when you're going through

372

00:14:21,949 --> 00:14:19,920

it everyone around you thinks you're

373

00:14:24,949 --> 00:14:21,959

losing your mind

374

00:14:26,030 --> 00:14:24,959

yeah that's the problem and and this is

375

00:14:28,250 --> 00:14:26,040

my concern

376

00:14:31,069 --> 00:14:28,260

just what if gentlemen

377

00:14:33,230 --> 00:14:31,079

and everyone listen ladies too just what

378

00:14:36,050 --> 00:14:33,240

if what happened to me back in that

379

00:14:38,629 --> 00:14:36,060

Wilderness suddenly happened to every

380

00:14:41,750 --> 00:14:38,639

person on this planet

381

00:14:44,389 --> 00:14:41,760

due to some kind of mass encounter and

382

00:14:48,889 --> 00:14:44,399

nobody on the planet knewire how

383

00:14:50,689 --> 00:14:48,899

that might not end well yeah yeah so how

384

00:14:53,269 --> 00:14:50,699

did you feel just to go back to the

385

00:14:55,550 --> 00:14:53,279

incident in 2004 you know you were

386

00:14:58,730 --> 00:14:55,560

laughed at ostracized for years and then

387

00:15:00,350 --> 00:14:58,740

in 2017 Pentagon releases this or it

388

00:15:02,449 --> 00:15:00,360

gets leaked through Lou Alexander or

389

00:15:04,790 --> 00:15:02,459

whatever but how did you feel to see

390

00:15:06,410 --> 00:15:04,800

that same video

391

00:15:08,449 --> 00:15:06,420

I I can tell you what happened because

392

00:15:10,069 --> 00:15:08,459

it's all related sure

393

00:15:12,110 --> 00:15:10,079

um anyway winter chased me out of the

394

00:15:13,550 --> 00:15:12,120

mountains I came back and I ended up

395

00:15:15,590 --> 00:15:13,560

buying a home here

396

00:15:17,829 --> 00:15:15,600

On My Feet Again in town I started to

397

00:15:20,269 --> 00:15:17,839

volunteer at the golf course

398

00:15:22,069 --> 00:15:20,279

just reopened the kitchen you know I had

399

00:15:24,410 --> 00:15:22,079

forgotten all about this

400

00:15:26,030 --> 00:15:24,420

my mining research had put on the Shelf

401  
00:15:27,350 --> 00:15:26,040  
because it's a Wilderness right there

402  
00:15:29,629 --> 00:15:27,360  
wasn't any way I'm touching that ground

403  
00:15:31,850 --> 00:15:29,639  
all right because

404  
00:15:33,829 --> 00:15:31,860  
I I would I would probably defend it

405  
00:15:35,329 --> 00:15:33,839  
with my life after what I know about it

406  
00:15:36,530 --> 00:15:35,339  
right anyway I'm coming out of the

407  
00:15:38,210 --> 00:15:36,540  
kitchen carrying a plate of food

408  
00:15:40,189 --> 00:15:38,220  
watching the golf tournament and all of

409  
00:15:42,829 --> 00:15:40,199  
a sudden CNN's I was like who

410  
00:15:44,689 --> 00:15:42,839  
and all sudden

411  
00:15:50,269 --> 00:15:44,699  
I'm going to get emotional

412  
00:15:53,569 --> 00:15:51,470  
because

413  
00:15:55,490 --> 00:15:53,579

what was playing

414

00:15:58,310 --> 00:15:55,500

was the same

415

00:16:00,769 --> 00:15:58,320

m-tech video I had in my email the

416

00:16:02,210 --> 00:16:00,779

morning after this happened when object

417

00:16:07,069 --> 00:16:02,220

went

418

00:16:11,210 --> 00:16:09,230

are y'all down Dave now my

419

00:16:14,090 --> 00:16:11,220

brother-in-law I gotta go home I'll tell

420

00:16:15,780 --> 00:16:14,100

you why later and I raced home as safely

421

00:16:17,750 --> 00:16:15,790

as I could in the rest is history

422

00:16:20,030 --> 00:16:17,760

[Music]

423

00:16:22,910 --> 00:16:20,040

so what brings up the trauma was that

424

00:16:24,829 --> 00:16:22,920

the fact that this actually happened and

425

00:16:26,269 --> 00:16:24,839

the complexity of oh my God maybe we're

426

00:16:28,389 --> 00:16:26,279

being visited or was it the way people

427

00:16:31,250 --> 00:16:28,399

treated you after the experience

428

00:16:33,230 --> 00:16:31,260

yeah all of it and what this means for

429

00:16:35,210 --> 00:16:33,240

us yeah all of it you know what just

430

00:16:36,350 --> 00:16:35,220

move forward because this is a good

431

00:16:39,290 --> 00:16:36,360

thing

432

00:16:41,290 --> 00:16:39,300

if it's understood yeah and that's my

433

00:16:43,730 --> 00:16:41,300

personal point of view

434

00:16:45,470 --> 00:16:43,740

I I really truly believe after would

435

00:16:47,990 --> 00:16:45,480

have gone through the reason why

436

00:16:50,269 --> 00:16:48,000

whatever this is hasn't

437

00:16:52,790 --> 00:16:50,279

has it come here like

438

00:16:55,850 --> 00:16:52,800

like you know it hasn't visited us and

439

00:16:58,129 --> 00:16:55,860

stuff and and you know more obviously I

440

00:17:00,470 --> 00:16:58,139

guess I should say yeah because they

441

00:17:03,949 --> 00:17:00,480

know it changes people

442

00:17:05,689 --> 00:17:03,959

and just imagine is everyone on the

443

00:17:07,449 --> 00:17:05,699

planet started to change like I did and

444

00:17:09,230 --> 00:17:07,459

no one knew wirehouse

445

00:17:14,689 --> 00:17:09,240

yeah

446

00:17:16,549 --> 00:17:14,699

the the solidification of the events and

447

00:17:18,409 --> 00:17:16,559

it's because they love us yeah it's

448

00:17:20,689 --> 00:17:18,419

benevolent they love us that's why they

449

00:17:22,250 --> 00:17:20,699

haven't come because and it's entirely

450

00:17:24,110 --> 00:17:22,260

possible that they did come before and

451

00:17:25,970 --> 00:17:24,120

it didn't end well

452

00:17:28,250 --> 00:17:25,980

I mean look at the ancient records and

453

00:17:30,710 --> 00:17:28,260

stuff yeah it's all written about right

454

00:17:34,010 --> 00:17:30,720

am I wrong about that yeah no 100 100

455

00:17:35,570 --> 00:17:34,020

yeah and that's interesting that out of

456

00:17:38,049 --> 00:17:35,580

such a traumatic experience you still

457

00:17:40,070 --> 00:17:38,059

take away a positive feeling that

458

00:17:42,890 --> 00:17:40,080

negativity is

459

00:17:44,870 --> 00:17:42,900

is separate oh my God you can ask my

460

00:17:48,110 --> 00:17:44,880

wife Kim she's sitting right here

461

00:17:50,210 --> 00:17:48,120

every day I thank God

462

00:17:51,590 --> 00:17:50,220

multiple times a day

463

00:17:56,870 --> 00:17:51,600

for my

464

00:17:57,590 --> 00:17:56,880

thank you for choosing me if that's what

465

00:17:59,330 --> 00:17:57,600

happened

466

00:18:04,850 --> 00:17:59,340

I don't know

467

00:18:08,570 --> 00:18:04,860

but I didn't choose this not at all like

468

00:18:09,830 --> 00:18:08,580

God willing I'm gonna get through

469

00:18:11,450 --> 00:18:09,840

yeah good for you man you're

470

00:18:12,830 --> 00:18:11,460

inspirational and more people in the

471

00:18:15,110 --> 00:18:12,840

military that are thinking of coming

472

00:18:16,789 --> 00:18:15,120

forward it's not easy it's not going to

473

00:18:19,190 --> 00:18:16,799

be easy but they should look to you for

474

00:18:22,130 --> 00:18:19,200

inspiration because it is so important

475

00:18:23,870 --> 00:18:22,140

it's bigger than all of us yeah combined

476

00:18:26,029 --> 00:18:23,880

and individually

477

00:18:28,490 --> 00:18:26,039

I know it sounds corny

478

00:18:31,190 --> 00:18:28,500

because it's so overused throughout

479

00:18:33,890 --> 00:18:31,200

history but I love Humanity

480

00:18:37,070 --> 00:18:33,900

and that's my reason

481

00:18:38,270 --> 00:18:37,080

the implications of this

482

00:18:41,450 --> 00:18:38,280

yeah

483

00:18:43,850 --> 00:18:41,460

the the implications of this phenomenon

484

00:18:47,090 --> 00:18:43,860

um it stretches past the the nuts and

485

00:18:49,430 --> 00:18:47,100

bolts of how these crafts fly There's an

486

00:18:51,289 --> 00:18:49,440

actual connection a lot of people have

487

00:18:53,390 --> 00:18:51,299

this connection whether it's from a

488

00:18:54,770 --> 00:18:53,400

sighting or an experience like what

489

00:18:56,630 --> 00:18:54,780

you've gone through

490

00:18:59,330 --> 00:18:56,640

um we talked to a lot of people that

491

00:19:02,090 --> 00:18:59,340

have been abductees there's so many

492

00:19:04,370 --> 00:19:02,100

complexities even Consciousness um the

493

00:19:06,830 --> 00:19:04,380

fact that some people can be manipulated

494

00:19:07,789 --> 00:19:06,840

and you know it brings up a bunch of

495

00:19:11,890 --> 00:19:07,799

different

496

00:19:15,110 --> 00:19:11,900

questions that lead to more questions

497

00:19:18,110 --> 00:19:15,120

and the acknowledgment that we've had

498

00:19:20,570 --> 00:19:18,120

recently uh from the government is is a

499

00:19:23,710 --> 00:19:20,580

baby step but it opens eventually it's

500

00:19:25,970 --> 00:19:23,720

going to open up all those doors as well

501

00:19:28,190 --> 00:19:25,980

so that's something to watch out for

502

00:19:30,590 --> 00:19:28,200

right yeah

503

00:19:34,850 --> 00:19:30,600

you have even how do you even bring that

504

00:19:39,110 --> 00:19:37,310

it's one one last story I got to relate

505

00:19:45,190 --> 00:19:39,120

to you back to the mind because we only

506

00:19:51,289 --> 00:19:47,450

for your listeners that may have heard

507

00:19:53,090 --> 00:19:51,299

of Elon Musk and MZ he's a guy out of

508

00:19:54,230 --> 00:19:53,100

Japan they're doing a deer moon what

509

00:19:57,110 --> 00:19:54,240

they're calling the deer moon mission

510

00:19:58,669 --> 00:19:57,120

they're taking a SpaceX flight in 2023

511

00:19:59,510 --> 00:19:58,679

around the moon coming home hopefully

512

00:20:01,430 --> 00:19:59,520

right

513

00:20:04,610 --> 00:20:01,440

and they opened it up for eight

514

00:20:07,370 --> 00:20:04,620

civilians to go and said hey apply but

515

00:20:09,529 --> 00:20:07,380

if whatever you know if you apply it has

516

00:20:11,450 --> 00:20:09,539

to relate to something you're doing here

517

00:20:14,990 --> 00:20:11,460

on Earth so I said what the heck I'm

518

00:20:17,510 --> 00:20:15,000

going to apply so I send them everything

519

00:20:19,490 --> 00:20:17,520

everything about me and I

520

00:20:20,450 --> 00:20:19,500

I presume they'd probably heard about me

521

00:20:23,630 --> 00:20:20,460

and stuff

522

00:20:25,430 --> 00:20:23,640

and I sent in my mining research

523

00:20:26,870 --> 00:20:25,440

wait till you see it I mean it's pretty

524

00:20:30,130 --> 00:20:26,880

thorough you're gonna like it go through

525

00:20:33,770 --> 00:20:30,140

the history the geologic interpretation

526

00:20:35,150 --> 00:20:33,780

and of course it uh there was an

527

00:20:35,990 --> 00:20:35,160

expedition we did and that covers all

528

00:20:38,029 --> 00:20:36,000

that

529

00:20:41,150 --> 00:20:38,039

but anyway I was outside the house after

530

00:20:42,770 --> 00:20:41,160

a plane four four days later

531

00:20:45,830 --> 00:20:42,780

and you gotta remember this is basically

532

00:20:47,330 --> 00:20:45,840

a no-fly zone here we don't get jet

533

00:20:49,669 --> 00:20:47,340

aircraft here especially over the

534

00:20:52,490 --> 00:20:49,679

Wilderness off to the West and I look

535

00:20:55,610 --> 00:20:52,500

off I hear a jet on what in the hell and

536

00:20:57,289 --> 00:20:55,620

there's this low big big big white jet

537

00:20:59,750 --> 00:20:57,299

flying

538

00:21:02,029 --> 00:20:59,760

real slow right over the mountains over

539

00:21:03,770 --> 00:21:02,039

the Wilderness north and south north and

540

00:21:05,930 --> 00:21:03,780

south north and south north and south

541

00:21:07,549 --> 00:21:05,940

north and south side come running in the

542

00:21:08,330 --> 00:21:07,559

house look on the internet and it turns

543

00:21:10,130 --> 00:21:08,340

out

544

00:21:15,710 --> 00:21:10,140

the flight

545

00:21:23,270 --> 00:21:20,930

in in the track of it directly overlays

546

00:21:24,710 --> 00:21:23,280

where my research was done

547

00:21:26,930 --> 00:21:24,720

so you tell me

548

00:21:28,310 --> 00:21:26,940

they are did they not check out my

549

00:21:31,909 --> 00:21:28,320

research

550

00:21:34,070 --> 00:21:31,919

yeah Fair Point yeah and to the point of

551  
00:21:36,350 --> 00:21:34,080  
kind of researching and trying to

552  
00:21:38,690 --> 00:21:36,360  
recreate things uh about maybe three or

553  
00:21:39,950 --> 00:21:38,700  
three months ago in all in all fair in

554  
00:21:41,870 --> 00:21:39,960  
history is there another possibility

555  
00:21:43,669 --> 00:21:41,880  
because there have been some recent

556  
00:21:52,750 --> 00:21:43,679  
earthquakes off the coast here and it's

557  
00:21:57,610 --> 00:21:55,549  
I'm a researcher so I gotta you know I

558  
00:22:00,289 --> 00:21:57,620  
can't describe

559  
00:22:02,330 --> 00:22:00,299  
yeah the thing I found interesting about

560  
00:22:04,610 --> 00:22:02,340  
the whole Tic Tac phenomenon is it's not

561  
00:22:06,830 --> 00:22:04,620  
an isolated event uh Caroline Corey made

562  
00:22:08,090 --> 00:22:06,840  
a movie last year a tear in the sky I

563  
00:22:10,430 --> 00:22:08,100

think you were featured in the movie as

564

00:22:12,169 --> 00:22:10,440

well with the uapx guys I found it

565

00:22:14,110 --> 00:22:12,179

amazing that you guys could go to that

566

00:22:16,130 --> 00:22:14,120

same area off Catalina Island

567

00:22:17,870 --> 00:22:16,140

triangulate three different positions

568

00:22:20,029 --> 00:22:17,880

and within a day or two you start

569

00:22:22,970 --> 00:22:20,039

catching basically the same phenomena so

570

00:22:24,470 --> 00:22:22,980

this is not that rare of a thing that if

571

00:22:26,990 --> 00:22:24,480

you got the right instruments you can go

572

00:22:29,149 --> 00:22:27,000

and see it just you just segued into

573

00:22:32,930 --> 00:22:29,159

something else I'd like to talk about

574

00:22:34,909 --> 00:22:32,940

when this event happened in 2004

575

00:22:36,230 --> 00:22:34,919

right after Commander flavor of fast

576  
00:22:38,090 --> 00:22:36,240  
equal flight

577  
00:22:39,649 --> 00:22:38,100  
um had intercepted Yahoo he went chasing

578  
00:22:41,690 --> 00:22:39,659  
it down to recognized them they were

579  
00:22:43,669 --> 00:22:41,700  
down on the surface of the water even

580  
00:22:46,010 --> 00:22:43,679  
reported something underneath the water

581  
00:22:48,230 --> 00:22:46,020  
right as you probably know disappeared

582  
00:22:50,210 --> 00:22:48,240  
went to his cap station

583  
00:22:52,789 --> 00:22:50,220  
I have a question for you

584  
00:22:54,830 --> 00:22:52,799  
how I mean right on it too exactly on

585  
00:22:57,590 --> 00:22:54,840  
the latitude longitude and the science

586  
00:23:00,110 --> 00:22:57,600  
altitude not not just a cap station but

587  
00:23:02,510 --> 00:23:00,120  
fast equals a signed cap station

588  
00:23:05,690 --> 00:23:02,520

their flights

589

00:23:08,750 --> 00:23:05,700

and I have a question how did it know

590

00:23:11,810 --> 00:23:08,760

where their assigned cap station was

591

00:23:13,970 --> 00:23:11,820

hmm yeah so there's only two possible

592

00:23:16,610 --> 00:23:13,980

reasons they they either cracked into

593

00:23:19,970 --> 00:23:16,620

our secret message traffic somehow and

594

00:23:21,950 --> 00:23:19,980

knew that way or they knew Our intention

595

00:23:23,090 --> 00:23:21,960

but at the time I didn't know so life

596

00:23:25,549 --> 00:23:23,100

went on

597

00:23:27,649 --> 00:23:25,559

and we did the SoCal Expedition like you

598

00:23:29,870 --> 00:23:27,659

just mentioned we all show up on this

599

00:23:31,730 --> 00:23:29,880

roof with all this really high-tech gear

600

00:23:34,789 --> 00:23:31,740

some pretty Neato stuff too by the way

601  
00:23:37,549 --> 00:23:34,799  
yeah um scientists pretty notable people

602  
00:23:39,409 --> 00:23:37,559  
Caroline Corey's

603  
00:23:41,690 --> 00:23:39,419  
um paid for it all out of her own pocket

604  
00:23:44,450 --> 00:23:41,700  
yeah with no promise anything would

605  
00:23:46,250 --> 00:23:44,460  
happen I mean God bless her right but

606  
00:23:48,470 --> 00:23:46,260  
what did happen

607  
00:23:50,029 --> 00:23:48,480  
these things showed up for us and not

608  
00:23:51,890 --> 00:23:50,039  
only did they show up but they showed up

609  
00:23:54,529 --> 00:23:51,900  
with bells on them too apparently

610  
00:23:56,390 --> 00:23:54,539  
through a darn worm a wormhole not not

611  
00:23:57,710 --> 00:23:56,400  
that's not me that's what I was saying

612  
00:23:59,810 --> 00:23:57,720  
that scientists

613  
00:24:03,049 --> 00:23:59,820

and again I have a question

614

00:24:07,250 --> 00:24:03,059

how did those things know our intention

615

00:24:08,990 --> 00:24:07,260

yeah so I I I have 8 30.

616

00:24:11,990 --> 00:24:09,000

I think

617

00:24:13,850 --> 00:24:12,000

because my idea my idea back my uh job

618

00:24:15,350 --> 00:24:13,860

in the Navy was to identify things and

619

00:24:17,450 --> 00:24:15,360

that's what I want to do with these I

620

00:24:19,190 --> 00:24:17,460

still want to be the guy that or be a

621

00:24:20,330 --> 00:24:19,200

part of the team that identifies these

622

00:24:22,970 --> 00:24:20,340

things

623

00:24:25,130 --> 00:24:22,980

and I think I'm on to something

624

00:24:27,049 --> 00:24:25,140

and I have several Quantum physicists

625

00:24:29,090 --> 00:24:27,059

that agree with me so far just so you

626  
00:24:33,110 --> 00:24:29,100  
know and I won't say their names

627  
00:24:34,250 --> 00:24:33,120  
but I think intention itself

628  
00:24:37,669 --> 00:24:34,260  
is

629  
00:24:39,770 --> 00:24:37,679  
because I have a question for everyone

630  
00:24:42,590 --> 00:24:39,780  
listening

631  
00:24:45,110 --> 00:24:42,600  
was the Big Bang intentional or

632  
00:24:46,549 --> 00:24:45,120  
unintentional

633  
00:24:50,390 --> 00:24:46,559  
I don't know

634  
00:24:52,490 --> 00:24:50,400  
it's 50 50.

635  
00:24:55,190 --> 00:24:52,500  
but you tell me if I'm wrong about that

636  
00:24:57,110 --> 00:24:55,200  
right but think about this now

637  
00:24:59,630 --> 00:24:57,120  
because we know they're probably

638  
00:25:02,810 --> 00:24:59,640

apparently exists a 50 chance the

639

00:25:07,130 --> 00:25:05,570

just what my an intended Universe look

640

00:25:09,130 --> 00:25:07,140

like

641

00:25:12,470 --> 00:25:09,140

and think about this

642

00:25:13,669 --> 00:25:12,480

and in that case if intention caused the

643

00:25:14,590 --> 00:25:13,679

Big Bang

644

00:25:17,750 --> 00:25:14,600

thank you

645

00:25:19,850 --> 00:25:17,760

what did convention did intention itself

646

00:25:21,950 --> 00:25:19,860

commit some type of Harry Caray and some

647

00:25:24,470 --> 00:25:21,960

benevolent Act of Creation

648

00:25:26,830 --> 00:25:24,480

or did it survive the Big Bang to become

649

00:25:32,590 --> 00:25:26,840

a fundamental force in our universe

650

00:25:35,990 --> 00:25:32,600

right alongside all the other ones yeah

651  
00:25:37,970 --> 00:25:36,000  
I mean we got gravity strong nuclear

652  
00:25:41,269 --> 00:25:37,980  
force weak nuclear force

653  
00:25:44,990 --> 00:25:41,279  
electromagnetism right

654  
00:25:46,850 --> 00:25:45,000  
I think intention is a another one

655  
00:25:51,409 --> 00:25:46,860  
and I think it's

656  
00:25:53,510 --> 00:25:51,419  
um well Newtonian and non-Newtonian

657  
00:25:55,430 --> 00:25:53,520  
and I think that's what these objects

658  
00:25:56,330 --> 00:25:55,440  
are based on

659  
00:25:58,850 --> 00:25:56,340  
um

660  
00:26:01,490 --> 00:25:58,860  
the physics it's the physics

661  
00:26:03,710 --> 00:26:01,500  
the real things it's not magic it's not

662  
00:26:07,130 --> 00:26:03,720  
woo these objects are based on a type of

663  
00:26:09,830 --> 00:26:07,140

physics we didn't know about before

664

00:26:12,470 --> 00:26:09,840

yeah and all your years Kevin all your

665

00:26:15,710 --> 00:26:12,480

years in the service and being the rank

666

00:26:18,529 --> 00:26:15,720

that you are at you know what

667

00:26:19,610 --> 00:26:18,539

capabilities we have in the military and

668

00:26:21,289 --> 00:26:19,620

what we have you know for

669

00:26:22,669 --> 00:26:21,299

state-of-the-art technology when it

670

00:26:25,610 --> 00:26:22,679

comes down to flight

671

00:26:27,289 --> 00:26:25,620

so you know you seeing something like

672

00:26:28,789 --> 00:26:27,299

this that you can't identify especially

673

00:26:30,470 --> 00:26:28,799

at your rank and like you mentioned

674

00:26:31,909 --> 00:26:30,480

people looking up to you saying what the

675

00:26:36,649 --> 00:26:31,919

hell is it and you're like I don't know

676

00:26:38,029 --> 00:26:36,659

right have you have you found um it was

677

00:26:41,690 --> 00:26:38,039

a fun moment by the way everyone's

678

00:26:43,190 --> 00:26:41,700

looking at me yeah yeah I don't know you

679

00:26:45,470 --> 00:26:43,200

feel like you're on the look your face

680

00:26:47,690 --> 00:26:45,480

goes red yeah people told me later I had

681

00:26:49,909 --> 00:26:47,700

a small I had a small smile on my face

682

00:26:52,850 --> 00:26:49,919

like I was taking it pretty well yeah

683

00:26:55,250 --> 00:26:52,860

that's my nature I'm a fun-loving guy I

684

00:26:56,810 --> 00:26:55,260

always have been go ahead no have you I

685

00:26:59,630 --> 00:26:56,820

was gonna say have you had other people

686

00:27:00,409 --> 00:26:59,640

now reach out to you because like you've

687

00:27:03,649 --> 00:27:00,419

been

688

00:27:05,750 --> 00:27:03,659

you know it takes a pair of balls to be

689

00:27:08,149 --> 00:27:05,760

able to do what you do to be able to to

690

00:27:10,130 --> 00:27:08,159

speaking up and saying hey you know what I

691

00:27:12,890 --> 00:27:10,140

served and while I served something

692

00:27:14,090 --> 00:27:12,900

wasn't right and it's affected me right

693

00:27:15,710 --> 00:27:14,100

it takes

694

00:27:17,450 --> 00:27:15,720

a really strong person to do that

695

00:27:19,250 --> 00:27:17,460

there's there's several now coming out

696

00:27:21,590 --> 00:27:19,260

of the Woodworks which is good we need

697

00:27:23,330 --> 00:27:21,600

more people like that and Louie and I

698

00:27:25,310 --> 00:27:23,340

always say you know true disclosure

699

00:27:27,529 --> 00:27:25,320

comes from the men and women in service

700

00:27:30,110 --> 00:27:27,539

that have experienced things and we've

701  
00:27:31,789 --> 00:27:30,120  
interviewed a lot of them uh that isn't

702  
00:27:33,289 --> 00:27:31,799  
right you know that there's something

703  
00:27:35,090 --> 00:27:33,299  
off there's something wrong there's

704  
00:27:37,850 --> 00:27:35,100  
something that is going on that that

705  
00:27:39,890 --> 00:27:37,860  
general population is experiencing

706  
00:27:42,529 --> 00:27:39,900  
and now the military is confirming it

707  
00:27:44,269 --> 00:27:42,539  
the dod is confirming it as well and

708  
00:27:46,549 --> 00:27:44,279  
this all happened within a short period

709  
00:27:48,950 --> 00:27:46,559  
of time but is it like do you feel sort

710  
00:27:50,570 --> 00:27:48,960  
of I wouldn't say Vindicated but it must

711  
00:27:52,610 --> 00:27:50,580  
feel good to be at this point where

712  
00:27:54,169 --> 00:27:52,620  
people are like well maybe Kevin

713  
00:27:57,049 --> 00:27:54,179

was on to something before everybody

714

00:28:01,190 --> 00:27:58,610

boy howdy

715

00:28:02,269 --> 00:28:01,200

boy do I feel Vindicated yeah as a

716

00:28:04,430 --> 00:28:02,279

matter of fact I got to tell you guys

717

00:28:07,130 --> 00:28:04,440

something there's a pretty good pretty

718

00:28:08,690 --> 00:28:07,140

good chance that uh at some point in the

719

00:28:10,070 --> 00:28:08,700

future I'll be going back to Congress to

720

00:28:12,289 --> 00:28:10,080

tell my story and stuff and answer

721

00:28:14,930 --> 00:28:12,299

questions and all that but I have to say

722

00:28:16,730 --> 00:28:14,940

right now I'm in no way shape or form

723

00:28:19,490 --> 00:28:16,740

looking for compensation in any way

724

00:28:20,990 --> 00:28:19,500

right that's not what I I want the

725

00:28:23,750 --> 00:28:21,000

opposite in fact

726

00:28:25,789 --> 00:28:23,760

in fact if I get to Congress um if they

727

00:28:26,930 --> 00:28:25,799

give me the opportunity of course I'm

728

00:28:28,909 --> 00:28:26,940

going to answer all the questions tell

729

00:28:29,870 --> 00:28:28,919

the story like I just did right all that

730

00:28:31,070 --> 00:28:29,880

stuff

731

00:28:32,990 --> 00:28:31,080

but I'm going to give them two

732

00:28:35,510 --> 00:28:33,000

recommendations

733

00:28:36,890 --> 00:28:35,520

number one and you gotta remember I went

734

00:28:39,169 --> 00:28:36,900

through this experience and I have a

735

00:28:40,669 --> 00:28:39,179

master's degree in education

736

00:28:42,169 --> 00:28:40,679

I'm going to say

737

00:28:44,750 --> 00:28:42,179

um

738

00:28:46,310 --> 00:28:44,760

the need for public education about UAP

739

00:28:48,769 --> 00:28:46,320

is obvious

740

00:28:51,529 --> 00:28:48,779

let's start teaching about these things

741

00:28:52,669 --> 00:28:51,539

from grade school to high school and

742

00:28:55,610 --> 00:28:52,679

Beyond

743

00:28:57,710 --> 00:28:55,620

at all appropriate grade levels that way

744

00:28:59,870 --> 00:28:57,720

guess what happens when Mommy picks up

745

00:29:01,310 --> 00:28:59,880

Sally and Joey from school and they're

746

00:29:03,230 --> 00:29:01,320

driving home and all of a sudden Sally

747

00:29:05,090 --> 00:29:03,240

says hey look Joey it's one of those

748

00:29:07,909 --> 00:29:05,100

things we learned about in school

749

00:29:10,370 --> 00:29:07,919

is it any big deal now

750

00:29:12,110 --> 00:29:10,380

you tell me yeah what about when they

751

00:29:15,230 --> 00:29:12,120

get home and tell Dad and others is it

752

00:29:16,430 --> 00:29:15,240

any big deal now yeah same question I

753

00:29:19,010 --> 00:29:16,440

don't think so

754

00:29:20,630 --> 00:29:19,020

and and you were kind of touching on it

755

00:29:22,130 --> 00:29:20,640

and my other recommendation is going to

756

00:29:25,310 --> 00:29:22,140

be this

757

00:29:26,450 --> 00:29:25,320

I am in no way shape or form seeking

758

00:29:28,310 --> 00:29:26,460

compensation

759

00:29:31,370 --> 00:29:28,320

and you you touched on it because I've

760

00:29:32,630 --> 00:29:31,380

been repaid in full already in life and

761

00:29:35,210 --> 00:29:32,640

rich in life

762

00:29:37,970 --> 00:29:35,220

in fact I want to say let's bury the ax

763

00:29:42,289 --> 00:29:37,980

on this thing for all of this

764

00:29:46,610 --> 00:29:45,110

forgive

765

00:29:48,590 --> 00:29:46,620

move on

766

00:29:51,409 --> 00:29:48,600

and move up

767

00:29:54,470 --> 00:29:51,419

I didn't say forget this is an awesome

768

00:29:56,510 --> 00:29:54,480

story gentlemen I said forgive

769

00:29:58,730 --> 00:29:56,520

because this is nobody's fault and

770

00:30:00,350 --> 00:29:58,740

people that like to point blame at my

771

00:30:02,510 --> 00:30:00,360

government and people that work in my

772

00:30:03,830 --> 00:30:02,520

government and somehow try to say

773

00:30:06,049 --> 00:30:03,840

they're bad

774

00:30:09,470 --> 00:30:06,059

pisses me off

775

00:30:10,850 --> 00:30:09,480

I don't believe anything such malarkey

776  
00:30:12,710 --> 00:30:10,860  
no way

777  
00:30:14,389 --> 00:30:12,720  
people that work in government are good

778  
00:30:16,730 --> 00:30:14,399  
people I mean there of course there's

779  
00:30:18,049 --> 00:30:16,740  
exceptions but they go to work like you

780  
00:30:21,649 --> 00:30:18,059  
do

781  
00:30:23,930 --> 00:30:21,659  
the best they can

782  
00:30:26,210 --> 00:30:23,940  
be inherited they inherited this problem

783  
00:30:27,950 --> 00:30:26,220  
the people in the 40s that decided to

784  
00:30:29,389 --> 00:30:27,960  
you know sequester all this they're not

785  
00:30:30,529 --> 00:30:29,399  
the ones now that are stuck dealing with

786  
00:30:32,149 --> 00:30:30,539  
the mess

787  
00:30:33,710 --> 00:30:32,159  
and there's one there's one other thing

788  
00:30:36,590 --> 00:30:33,720

I matched all the time

789

00:30:38,930 --> 00:30:36,600

is all the time Kevin do you think this

790

00:30:41,510 --> 00:30:38,940

is us you think it's human

791

00:30:43,070 --> 00:30:41,520

and I don't know if anyone else has ever

792

00:30:44,090 --> 00:30:43,080

thought about this they probably have I

793

00:30:47,149 --> 00:30:44,100

don't know if

794

00:30:48,710 --> 00:30:47,159

um but it sure occurred to me I've never

795

00:30:50,930 --> 00:30:48,720

been a religious person

796

00:30:52,610 --> 00:30:50,940

um remember that okay but you know I

797

00:30:54,470 --> 00:30:52,620

thank God every day okay I'm one of

798

00:30:56,930 --> 00:30:54,480

those kind of guys but I have a question

799

00:30:58,850 --> 00:30:56,940

about an ancient story that found its

800

00:31:00,769 --> 00:30:58,860

way in this in the Bible at least it may

801  
00:31:03,470 --> 00:31:00,779  
be other places but remember the story

802  
00:31:06,649 --> 00:31:03,480  
of the ezekiel's will yeah that object

803  
00:31:11,990 --> 00:31:06,659  
in the sky what was that

804  
00:31:15,169 --> 00:31:12,000  
yeah okay and isn't it possible that

805  
00:31:17,149 --> 00:31:15,179  
because today we know that UAP is real

806  
00:31:19,730 --> 00:31:17,159  
who should say that wasn't

807  
00:31:21,769 --> 00:31:19,740  
I mean come on it was written right but

808  
00:31:23,630 --> 00:31:21,779  
who's to say and also because that's

809  
00:31:25,190 --> 00:31:23,640  
possible who's to say it didn't take

810  
00:31:26,690 --> 00:31:25,200  
some humans on board and maybe some

811  
00:31:28,549 --> 00:31:26,700  
animals too

812  
00:31:32,269 --> 00:31:28,559  
and maybe they were like

813  
00:31:34,610 --> 00:31:32,279

um space Noah if you will

814

00:31:37,190 --> 00:31:34,620

and think about this

815

00:31:39,409 --> 00:31:37,200

for whatever reason

816

00:31:43,090 --> 00:31:39,419

that branch of humanity is just now

817

00:31:46,010 --> 00:31:43,100

coming back to say hi to planet Earth

818

00:31:47,330 --> 00:31:46,020

yeah we've explored quite a bit of of

819

00:31:49,850 --> 00:31:47,340

these

820

00:31:51,830 --> 00:31:49,860

um issues and uh not issues but I would

821

00:31:53,930 --> 00:31:51,840

say these topics and we're still on the

822

00:31:56,090 --> 00:31:53,940

fence we think it's could be a variety

823

00:31:57,649 --> 00:31:56,100

of things but what you're mentioning has

824

00:31:59,810 --> 00:31:57,659

been mentioned you know several times

825

00:32:03,350 --> 00:31:59,820

that it's a possibility that this is

826

00:32:05,090 --> 00:32:03,360

what is going on it's a species that

827

00:32:08,029 --> 00:32:05,100

used to live here that's coming back to

828

00:32:09,230 --> 00:32:08,039

visit or or maybe just oversee things

829

00:32:11,450 --> 00:32:09,240

because they're a little bit more

830

00:32:13,430 --> 00:32:11,460

advanced than we are but there's

831

00:32:15,110 --> 00:32:13,440

obviously a reason why they're here and

832

00:32:17,570 --> 00:32:15,120

so far they haven't shown any aggression

833

00:32:21,110 --> 00:32:17,580

like none in fact every time that a

834

00:32:22,909 --> 00:32:21,120

military uh something goes off with like

835

00:32:25,730 --> 00:32:22,919

a Jets or dispatch it seems like they've

836

00:32:27,169 --> 00:32:25,740

shown quite a bit of restraint like they

837

00:32:29,389 --> 00:32:27,179

haven't they haven't attacked anybody

838

00:32:31,190 --> 00:32:29,399

there's no collisions I can tell you I

839

00:32:32,149 --> 00:32:31,200

would I was trying to

840

00:32:37,549 --> 00:32:32,159

um

841

00:32:40,909 --> 00:32:37,559

recommendations to the senior staff on

842

00:32:42,830 --> 00:32:40,919

ships right right it was my job you know

843

00:32:44,630 --> 00:32:42,840

I sat in a chair where I would be the

844

00:32:47,269 --> 00:32:44,640

guy to initiate missile launches and

845

00:32:49,010 --> 00:32:47,279

then the captain would turn key

846

00:32:50,750 --> 00:32:49,020

never once during this whole encounter

847

00:32:53,870 --> 00:32:50,760

did I ever once filled these things were

848

00:32:56,990 --> 00:32:53,880

hostile quite the opposite actually

849

00:32:58,909 --> 00:32:57,000

I felt they were peaceful beyond belief

850

00:33:02,029 --> 00:32:58,919

the whole time and they wanted to say hi

851  
00:33:03,350 --> 00:33:02,039  
to the whales that's what I was thinking

852  
00:33:05,269 --> 00:33:03,360  
yeah

853  
00:33:07,310 --> 00:33:05,279  
don't be crazy but that's that's how I

854  
00:33:09,710 --> 00:33:07,320  
felt about it yeah didn't give you

855  
00:33:10,730 --> 00:33:09,720  
exactly a threat sorry all right Jay I

856  
00:33:13,909 --> 00:33:10,740  
was just gonna say correct me if I'm

857  
00:33:15,950 --> 00:33:13,919  
wrong uh Dave or Kevin you got a uh an

858  
00:33:17,509 --> 00:33:15,960  
official like apology from the military

859  
00:33:20,029 --> 00:33:17,519  
did you not did they not officially

860  
00:33:22,850 --> 00:33:20,039  
release something saying we apologized

861  
00:33:26,269 --> 00:33:22,860  
Kevin day for you know the hell that we

862  
00:33:27,649 --> 00:33:26,279  
put him through no no and you and you

863  
00:33:28,909 --> 00:33:27,659

know why I don't

864

00:33:32,269 --> 00:33:28,919

um

865

00:33:33,649 --> 00:33:32,279

I don't really want it and it's not

866

00:33:36,710 --> 00:33:33,659

something I want

867

00:33:39,049 --> 00:33:36,720

because this is nobody's fault man

868

00:33:41,450 --> 00:33:39,059

nobody did this on purpose there's who's

869

00:33:45,169 --> 00:33:41,460

gonna you know I'm not looking for an

870

00:33:47,210 --> 00:33:45,179

apology in fact I'm happy this happened

871

00:33:48,710 --> 00:33:47,220

to be quite honest with you because look

872

00:33:49,610 --> 00:33:48,720

at the result

873

00:33:55,310 --> 00:33:49,620

um

874

00:33:58,009 --> 00:33:55,320

I I had the opportunity to see this

875

00:33:59,570 --> 00:33:58,019

through and be a part of the team that

876  
00:34:01,909 --> 00:33:59,580  
maybe

877  
00:34:04,250 --> 00:34:01,919  
is able to finally move this thing

878  
00:34:06,889 --> 00:34:04,260  
forward a little bit yeah and it

879  
00:34:08,930 --> 00:34:06,899  
motivated you to be active to to seek

880  
00:34:10,790 --> 00:34:08,940  
answers and you know that sort of

881  
00:34:12,169 --> 00:34:10,800  
conviction right not at first you gotta

882  
00:34:13,609 --> 00:34:12,179  
remember there was years and years and

883  
00:34:16,250 --> 00:34:13,619  
years and years and years where I'd put

884  
00:34:18,109 --> 00:34:16,260  
this all behind me right and I finally

885  
00:34:21,470 --> 00:34:18,119  
got woke up at the golf course when CNN

886  
00:34:22,790 --> 00:34:21,480  
broke yeah but when it happened I had

887  
00:34:24,349 --> 00:34:22,800  
everything in place

888  
00:34:27,470 --> 00:34:24,359

just in case

889

00:34:30,169 --> 00:34:27,480

like um I don't have it handy but my my

890

00:34:32,750 --> 00:34:30,179

book Sailors anthology

891

00:34:34,310 --> 00:34:32,760

um what it is I wrote a short story

892

00:34:36,530 --> 00:34:34,320

called The Seer because no one would

893

00:34:38,869 --> 00:34:36,540

believe me I published it in the Library

894

00:34:40,909 --> 00:34:38,879

of Congress in 2009 and what it is it's

895

00:34:43,669 --> 00:34:40,919

a fictionalized account of the Tic Tac

896

00:34:45,950 --> 00:34:43,679

Encounters in fact I actually name all

897

00:34:48,050 --> 00:34:45,960

the ships and actually call them Tic Tac

898

00:34:50,149 --> 00:34:48,060

so there's no there's no mistaken right

899

00:34:53,089 --> 00:34:50,159

right I publish it in the Library of

900

00:34:55,909 --> 00:34:53,099

Congress just in case guys and gals

901  
00:34:58,790 --> 00:34:55,919  
just in case the story ever became

902  
00:35:00,890 --> 00:34:58,800  
public that my book

903  
00:35:02,930 --> 00:35:00,900  
would become evidence that the event

904  
00:35:05,650 --> 00:35:02,940  
itself really happened

905  
00:35:08,690 --> 00:35:05,660  
yeah and guess what did happen

906  
00:35:10,970 --> 00:35:08,700  
yeah and doing these shows as part of it

907  
00:35:13,550 --> 00:35:10,980  
as well my book is irrefutable evidence

908  
00:35:16,069 --> 00:35:13,560  
unless I have a time machine yeah this

909  
00:35:18,170 --> 00:35:16,079  
thing really happened yeah it's

910  
00:35:20,450 --> 00:35:18,180  
irrefutable

911  
00:35:22,490 --> 00:35:20,460  
yeah unlike me every I mean it's unlike

912  
00:35:24,230 --> 00:35:22,500  
any ever evidence I've ever seen that's

913  
00:35:28,250 --> 00:35:24,240

irrefutable have you ever seen any

914

00:35:31,329 --> 00:35:28,260

encounter evidence that's irrefutable

915

00:35:35,089 --> 00:35:31,339

yeah well my my book is yeah

916

00:35:37,430 --> 00:35:35,099

do you uh you put yourself I don't have

917

00:35:41,270 --> 00:35:37,440

a time machine so yeah yeah you wrote it

918

00:35:43,609 --> 00:35:41,280

when 09. I published it yeah I went home

919

00:35:45,410 --> 00:35:43,619

in frustration after quit in my job and

920

00:35:47,450 --> 00:35:45,420

I said I know what I'll do I'll

921

00:35:48,950 --> 00:35:47,460

I'll write a short story sexualize The

922

00:35:49,670 --> 00:35:48,960

publish your library in Congress just in

923

00:35:51,770 --> 00:35:49,680

case

924

00:35:52,550 --> 00:35:51,780

and I wrote it over the summer and I

925

00:35:55,550 --> 00:35:52,560

actually

926

00:35:57,589 --> 00:35:55,560

um published it in February 2009 I have

927

00:35:59,089 --> 00:35:57,599

the library control

928

00:36:01,310 --> 00:35:59,099

um number around here somewhere I don't

929

00:36:03,410 --> 00:36:01,320

have the book handy right it's not it's

930

00:36:06,470 --> 00:36:03,420

online for free I sent you the link yeah

931

00:36:08,450 --> 00:36:06,480

the sailors Anthology Book yeah and you

932

00:36:10,490 --> 00:36:08,460

know it it and I have to say it is

933

00:36:12,890 --> 00:36:10,500

available on Amazon

934

00:36:15,349 --> 00:36:12,900

um for sale but it's not for me the

935

00:36:17,030 --> 00:36:15,359

money goes to research so just listeners

936

00:36:18,890 --> 00:36:17,040

know if they want to help with research

937

00:36:21,050 --> 00:36:18,900

you could buy the book that way or read

938

00:36:23,230 --> 00:36:21,060

it for free there's other short stories

939

00:36:26,450 --> 00:36:23,240

and there are two that are pretty fun

940

00:36:30,370 --> 00:36:26,460

one of them's a little risqué but I hey

941

00:36:36,290 --> 00:36:33,589

the the sailors overseas yeah that one

942

00:36:38,329 --> 00:36:36,300

there's a story about the Philippines of

943

00:36:40,609 --> 00:36:38,339

course yeah that's awesome I have to

944

00:36:42,770 --> 00:36:40,619

read it yeah yeah I like it maybe

945

00:36:44,390 --> 00:36:42,780

they'll uh make it a Netflix special one

946

00:36:46,910 --> 00:36:44,400

day you never know

947

00:36:48,950 --> 00:36:46,920

um yeah but uh with the recent

948

00:36:50,329 --> 00:36:48,960

developments that we've had and there's

949

00:36:53,450 --> 00:36:50,339

been quite a bit of development it

950

00:36:55,550 --> 00:36:53,460

almost feels like it's a weird kind of

951  
00:36:58,609 --> 00:36:55,560  
I wouldn't say quite disclosure but more

952  
00:37:01,370 --> 00:36:58,619  
of a an open discussion with you know

953  
00:37:03,950 --> 00:37:01,380  
the the higher-ups in Parliament not in

954  
00:37:05,990 --> 00:37:03,960  
Canada and the United States uh we had

955  
00:37:08,270 --> 00:37:06,000  
you know Justin Trudeau addressed the

956  
00:37:10,010 --> 00:37:08,280  
shoot Downs of the UFOs and you know the

957  
00:37:11,690 --> 00:37:10,020  
he was completely honest with the

958  
00:37:13,730 --> 00:37:11,700  
population and then the president came

959  
00:37:14,450 --> 00:37:13,740  
out and said the same thing

960  
00:37:17,030 --> 00:37:14,460  
um

961  
00:37:19,130 --> 00:37:17,040  
they still haven't recovered anything uh

962  
00:37:21,710 --> 00:37:19,140  
they say that they've given up on it

963  
00:37:23,990 --> 00:37:21,720

um but there's people that we've talked

964

00:37:25,849 --> 00:37:24,000

to over the years have said you know

965

00:37:28,310 --> 00:37:25,859

about these government programs that are

966

00:37:30,730 --> 00:37:28,320

specialized in Crash retrievals and

967

00:37:33,589 --> 00:37:30,740

there's no way that these three crash

968

00:37:35,030 --> 00:37:33,599

vehicles are just not accessible there's

969

00:37:36,890 --> 00:37:35,040

no way these teams know what they're

970

00:37:37,609 --> 00:37:36,900

doing at this point

971

00:37:40,130 --> 00:37:37,619

um

972

00:37:41,210 --> 00:37:40,140

so again it's just speculation at this

973

00:37:42,890 --> 00:37:41,220

point we don't know if there was

974

00:37:44,230 --> 00:37:42,900

balloons or not it's just it's weird

975

00:37:48,650 --> 00:37:44,240

that we spent

976

00:37:51,230 --> 00:37:48,660

430 000 missiles to shoot down a balloon

977

00:37:53,030 --> 00:37:51,240

like if that's the case you know we

978

00:37:54,890 --> 00:37:53,040

would have evidence plus there's a

979

00:37:55,910 --> 00:37:54,900

testimony of the pilots saying that you

980

00:37:58,970 --> 00:37:55,920

know one of them was saying there's

981

00:38:01,370 --> 00:37:58,980

equipment on the on his uh plane was

982

00:38:02,810 --> 00:38:01,380

sort of acting up uh the other people

983

00:38:05,630 --> 00:38:02,820

were like I can't describe it can't

984

00:38:08,589 --> 00:38:05,640

identify it you guys are the most

985

00:38:11,270 --> 00:38:08,599

trained observers in the world right

986

00:38:13,010 --> 00:38:11,280

especially the level you said E8 was

987

00:38:13,690 --> 00:38:13,020

your your rank level

988

00:38:16,670 --> 00:38:13,700

um

989

00:38:19,310 --> 00:38:16,680

you're you're trained to the top there's

990

00:38:20,569 --> 00:38:19,320

nobody better at this job than you and

991

00:38:21,950 --> 00:38:20,579

yet if you come out and say hey

992

00:38:24,470 --> 00:38:21,960

something wasn't right people like I

993

00:38:26,450 --> 00:38:24,480

must be losing it you just mentioned you

994

00:38:29,270 --> 00:38:26,460

were the guy at the board who had access

995

00:38:30,950 --> 00:38:29,280

to the launch sequences and then your

996

00:38:33,170 --> 00:38:30,960

captain will come in and turn the key

997

00:38:36,470 --> 00:38:33,180

like you can't be mental to do that job

998

00:38:39,770 --> 00:38:36,480

they would never let somebody do that so

999

00:38:42,470 --> 00:38:39,780

God forbid yeah yeah exactly and and so

1000

00:38:45,230 --> 00:38:42,480

we even have incidences where they fly

1001  
00:38:47,050 --> 00:38:45,240  
over nuclear facilities scare the crap

1002  
00:38:51,170 --> 00:38:47,060  
out of the guys that work there

1003  
00:38:53,290 --> 00:38:51,180  
yeah yeah and uh even was it Roberts

1004  
00:38:56,569 --> 00:38:53,300  
yeah yeah

1005  
00:38:58,069 --> 00:38:56,579  
so when we get people from the military

1006  
00:39:00,410 --> 00:38:58,079  
to come forward and say hey this

1007  
00:39:02,450 --> 00:39:00,420  
happened and I wasn't able to do my job

1008  
00:39:04,069 --> 00:39:02,460  
because I wasn't able to identify I

1009  
00:39:06,589 --> 00:39:04,079  
wasn't able to do anything about the

1010  
00:39:08,030 --> 00:39:06,599  
threat like and it's not really threat

1011  
00:39:10,970 --> 00:39:08,040  
right but we don't really believe in the

1012  
00:39:12,290 --> 00:39:10,980  
threat narrative anyways uh but if it

1013  
00:39:15,410 --> 00:39:12,300

was a threat you wouldn't be able to

1014

00:39:18,589 --> 00:39:15,420

defend against it because yeah right

1015

00:39:20,150 --> 00:39:18,599

look right yeah exactly like yeah yeah I

1016

00:39:22,310 --> 00:39:20,160

better let praying

1017

00:39:24,710 --> 00:39:22,320

what's that you would have better luck

1018

00:39:25,790 --> 00:39:24,720

actually praying yeah yeah praying to

1019

00:39:29,210 --> 00:39:25,800

God yeah you would actually have

1020

00:39:30,650 --> 00:39:29,220

Overlook yeah yeah because it's far more

1021

00:39:32,930 --> 00:39:30,660

and like I said the fact that they're

1022

00:39:35,510 --> 00:39:32,940

evading a lot of you know the dispatches

1023

00:39:38,750 --> 00:39:35,520

that we've had even as an Israeli uh

1024

00:39:41,150 --> 00:39:38,760

pilot back I think in 1986 that was sent

1025

00:39:43,870 --> 00:39:41,160

out to shoot down an unidentified object

1026

00:39:46,370 --> 00:39:43,880

and the same problem with with his craft

1027

00:39:49,190 --> 00:39:46,380

started malfunctioning he started diving

1028

00:39:51,470 --> 00:39:49,200

after like he turned on the uh the

1029

00:39:53,870 --> 00:39:51,480

missile sequence or whatever the for the

1030

00:39:56,329 --> 00:39:53,880

launch and at that point the ship

1031

00:39:57,770 --> 00:39:56,339

started acting up and he knew it was the

1032

00:39:58,970 --> 00:39:57,780

intelligence whatever was finding that

1033

00:39:59,569 --> 00:39:58,980

Craft

1034

00:40:01,069 --> 00:39:59,579

um

1035

00:40:02,510 --> 00:40:01,079

what's fascinating about these crafts

1036

00:40:04,790 --> 00:40:02,520

too is that they seem to be intelligent

1037

00:40:06,710 --> 00:40:04,800

it seems to be a consciousness of the

1038

00:40:08,690 --> 00:40:06,720

whole craft which is fascinating we

1039

00:40:11,990 --> 00:40:08,700

don't have the technology and you were

1040

00:40:15,230 --> 00:40:12,000

mentioning even uh Captain favor or uh

1041

00:40:17,030 --> 00:40:15,240

going down towards the Tic Tac the Tic

1042

00:40:19,670 --> 00:40:17,040

Tac turned towards it as if it

1043

00:40:23,030 --> 00:40:19,680

recognized them right well look well let

1044

00:40:25,310 --> 00:40:23,040

me um follow up on that um part of my

1045

00:40:26,569 --> 00:40:25,320

theory about the big bang and intention

1046

00:40:29,450 --> 00:40:26,579

right

1047

00:40:31,190 --> 00:40:29,460

because I think um attention did become

1048

00:40:33,530 --> 00:40:31,200

a fundamental Force right alongside the

1049

00:40:37,010 --> 00:40:33,540

other four right and expresses itself

1050

00:40:38,089 --> 00:40:37,020

Newtonian and non-Newtonian

1051  
00:40:40,910 --> 00:40:38,099  
foreign

1052  
00:40:44,870 --> 00:40:40,920  
and I you know I think these things are

1053  
00:40:47,450 --> 00:40:44,880  
are based on that and um

1054  
00:40:49,010 --> 00:40:47,460  
it's intentioned it's intention

1055  
00:40:53,150 --> 00:40:49,020  
so

1056  
00:40:56,150 --> 00:40:53,160  
there's a Consciousness there yeah

1057  
00:40:57,890 --> 00:40:56,160  
right am I wrong no it would seem that

1058  
00:40:59,870 --> 00:40:57,900  
way because you created the big bang and

1059  
00:41:01,490 --> 00:40:59,880  
there has to be a Consciousness there so

1060  
00:41:04,790 --> 00:41:01,500  
that's why it responded to him because

1061  
00:41:06,530 --> 00:41:04,800  
it's aware it's a lie that it knows so

1062  
00:41:10,370 --> 00:41:06,540  
what I think this is

1063  
00:41:12,589 --> 00:41:10,380

I think and I I call these things um

1064

00:41:15,589 --> 00:41:12,599

I call them in tentatons like gravitons

1065

00:41:17,750 --> 00:41:15,599

I call them intentatons

1066

00:41:20,089 --> 00:41:17,760

and that's and that's the school of

1067

00:41:24,710 --> 00:41:20,099

physics their technology is based on and

1068

00:41:29,150 --> 00:41:26,329

so what I think these are I think

1069

00:41:30,950 --> 00:41:29,160

they're in a like imagine the cube in

1070

00:41:33,170 --> 00:41:30,960

the sphere rip sighting right it's been

1071

00:41:35,150 --> 00:41:33,180

cited several times now

1072

00:41:37,190 --> 00:41:35,160

I think the cube in the sphere is an

1073

00:41:42,950 --> 00:41:37,200

intentatonic object

1074

00:41:45,290 --> 00:41:42,960

with in a Quantum extreme low surface

1075

00:41:47,569 --> 00:41:45,300

yeah because there was just there was

1076

00:41:50,810 --> 00:41:47,579

just a recent article by George Musser

1077

00:41:53,210 --> 00:41:50,820

and people can um Google this is

1078

00:41:56,030 --> 00:41:53,220

um they've solved the big problem or big

1079

00:41:57,349 --> 00:41:56,040

mystery about black holes and they they

1080

00:41:59,750 --> 00:41:57,359

now know there's something called the

1081

00:42:01,849 --> 00:41:59,760

quantum extremely surface and it can be

1082

00:42:03,230 --> 00:42:01,859

any size on anything

1083

00:42:05,510 --> 00:42:03,240

I noted that

1084

00:42:08,210 --> 00:42:05,520

so I'm thinking um what would suddenly

1085

00:42:10,250 --> 00:42:08,220

give my intentatonix passwords to

1086

00:42:12,170 --> 00:42:10,260

anything because what this

1087

00:42:13,670 --> 00:42:12,180

they think what a Quantum extremal

1088

00:42:15,470 --> 00:42:13,680

surface does in the big bank we used to

1089

00:42:18,050 --> 00:42:15,480

think that if a refrigerator fell into a

1090

00:42:20,569 --> 00:42:18,060

big bang it was gone forever

1091

00:42:22,609 --> 00:42:20,579

right but we now know that's not true or

1092

00:42:25,609 --> 00:42:22,619

they think it's not true

1093

00:42:27,230 --> 00:42:25,619

that same refrigerator can actually and

1094

00:42:29,329 --> 00:42:27,240

I'm just using it as an example can

1095

00:42:32,329 --> 00:42:29,339

actually come back out AV Big Bang

1096

00:42:34,550 --> 00:42:32,339

because at Quantum extremal surface is a

1097

00:42:37,250 --> 00:42:34,560

keeper of all passwords

1098

00:42:40,430 --> 00:42:37,260

it has the password to put that random

1099

00:42:42,410 --> 00:42:40,440

radiation back into a refrigerator

1100

00:42:44,870 --> 00:42:42,420

so think about that

1101

00:42:46,490 --> 00:42:44,880

think about these UAP right what if I

1102

00:42:48,650 --> 00:42:46,500

have that Quantum extreme wheel service

1103

00:42:49,849 --> 00:42:48,660

around my intent Titanic engineering

1104

00:42:52,490 --> 00:42:49,859

right

1105

00:42:55,190 --> 00:42:52,500

I I suddenly have passwords

1106

00:42:55,970 --> 00:42:55,200

to go anywhere wherever the heck I want

1107

00:42:57,849 --> 00:42:55,980

to

1108

00:43:00,950 --> 00:42:57,859

through the water through the ground

1109

00:43:02,809 --> 00:43:00,960

yeah through air through time through

1110

00:43:04,910 --> 00:43:02,819

space

1111

00:43:07,250 --> 00:43:04,920

through a brand new type of physics that

1112

00:43:10,190 --> 00:43:07,260

we didn't know about before based on

1113

00:43:14,990 --> 00:43:13,730

and that and and I've shared I've shared

1114

00:43:17,809 --> 00:43:15,000

my idea

1115

00:43:19,370 --> 00:43:17,819

um I'm on email threads with some pretty

1116

00:43:20,930 --> 00:43:19,380

um well I'll just say it and I'm not

1117

00:43:24,170 --> 00:43:20,940

going to mention names with the world's

1118

00:43:25,730 --> 00:43:24,180

top Quantum physicist all right and I've

1119

00:43:27,170 --> 00:43:25,740

drawn out my diagrams and I'll share

1120

00:43:29,329 --> 00:43:27,180

them with you guys and

1121

00:43:31,370 --> 00:43:29,339

my blackboard's on this right

1122

00:43:33,829 --> 00:43:31,380

and I and at the very end I said hey

1123

00:43:36,650 --> 00:43:33,839

gentlemen and ladies

1124

00:43:38,809 --> 00:43:36,660

feel free to laugh loud me at me if you

1125

00:43:42,470 --> 00:43:38,819

need to feel the need because I'm used

1126

00:43:45,109 --> 00:43:42,480

to it I was left loudly at before

1127

00:43:46,609 --> 00:43:45,119

and you know what happened instead

1128

00:43:48,170 --> 00:43:46,619

I'm not going to mention this name but

1129

00:43:52,010 --> 00:43:48,180

you know this person

1130

00:43:55,069 --> 00:43:52,020

he came back to me and said me too

1131

00:43:57,770 --> 00:43:55,079

that was his only response yeah and not

1132

00:44:01,430 --> 00:43:57,780

a single one of them has laughed at me

1133

00:44:02,809 --> 00:44:01,440

yeah and this was how long ago Kim just

1134

00:44:04,609 --> 00:44:02,819

a couple months ago yeah a couple months

1135

00:44:07,550 --> 00:44:04,619

ago yeah

1136

00:44:10,250 --> 00:44:07,560

and we're going down the rabbit hole is

1137

00:44:12,530 --> 00:44:10,260

not as crazy I truly do okay I really do

1138

00:44:14,990 --> 00:44:12,540

think I'm onto something here yeah

1139

00:44:17,630 --> 00:44:15,000

actually I just I got a quick question

1140

00:44:19,910 --> 00:44:17,640

for you and to answer your question how

1141

00:44:21,770 --> 00:44:19,920

does this affect you you guys there's a

1142

00:44:23,030 --> 00:44:21,780

whole reason why they came off on this

1143

00:44:25,609 --> 00:44:23,040

whole thread is because you asked how

1144

00:44:27,290 --> 00:44:25,619

post post encounter affects people

1145

00:44:28,910 --> 00:44:27,300

I went there

1146

00:44:31,910 --> 00:44:28,920

hell

1147

00:44:34,370 --> 00:44:31,920

that a non-minor non-geologists possibly

1148

00:44:36,950 --> 00:44:34,380

find the largest mineral deposit in the

1149

00:44:39,470 --> 00:44:36,960

history of the world and guess what

1150

00:44:40,970 --> 00:44:39,480

it's suddenly minable now without ever

1151

00:44:43,670 --> 00:44:40,980

touching the blade of grass in the

1152

00:44:45,410 --> 00:44:43,680

wilderness or any town or any City or

1153

00:44:47,390 --> 00:44:45,420

any road or freeway above it all you

1154

00:44:49,430 --> 00:44:47,400

know how

1155

00:44:51,589 --> 00:44:49,440

because when the deer moon mission came

1156

00:44:52,609 --> 00:44:51,599

around I applied for it and I gave this

1157

00:44:54,890 --> 00:44:52,619

suggestion

1158

00:44:57,170 --> 00:44:54,900

Hey sir you know uh

1159

00:45:00,050 --> 00:44:57,180

you know you're boring technology you're

1160

00:45:01,550 --> 00:45:00,060

putting in between Las Vegas and

1161

00:45:03,829 --> 00:45:01,560

um Los Angeles

1162

00:45:05,569 --> 00:45:03,839

you might be able to repurpose that to

1163

00:45:08,210 --> 00:45:05,579

mine these deposits from below the

1164

00:45:14,210 --> 00:45:10,309

without ever touching the Wilderness or

1165

00:45:18,349 --> 00:45:16,430

that's why the NASA flight was flying

1166

00:45:19,970 --> 00:45:18,359

over because they know it's possible to

1167

00:45:23,510 --> 00:45:19,980

mine this now

1168

00:45:25,250 --> 00:45:23,520

and I'm just and simply based on you got

1169

00:45:26,990 --> 00:45:25,260

to remember where this geology came from

1170

00:45:29,630 --> 00:45:27,000

right along the mid-pacific spreading

1171

00:45:32,030 --> 00:45:29,640

Arts hydrothermal vents all around it

1172

00:45:33,650 --> 00:45:32,040

and at our actual mining claim I have I

1173

00:45:35,990 --> 00:45:33,660

have extreme title thermal vents I'll

1174

00:45:38,630 --> 00:45:36,000

show you and I have um I have all the

1175

00:45:41,089 --> 00:45:38,640

aspects of a of a opioid probably the

1176  
00:45:42,470 --> 00:45:41,099  
best example in the whole West Coast

1177  
00:45:44,690 --> 00:45:42,480  
okay

1178  
00:45:48,290 --> 00:45:44,700  
just based on the size and type of

1179  
00:45:50,690 --> 00:45:48,300  
geology this is gentlemen and ladies

1180  
00:45:51,829 --> 00:45:50,700  
this deposit could literally be with

1181  
00:45:55,970 --> 00:45:51,839  
trillions

1182  
00:46:00,230 --> 00:45:55,980  
with the capital T and with the S

1183  
00:46:01,550 --> 00:46:00,240  
right well this is your little gifts I

1184  
00:46:04,309 --> 00:46:01,560  
was asked the other day there someone

1185  
00:46:05,630 --> 00:46:04,319  
asked me Hey Kevin I mean you discovered

1186  
00:46:07,010 --> 00:46:05,640  
it and described it what do you want out

1187  
00:46:10,130 --> 00:46:07,020  
of this and you know what my answer was

1188  
00:46:11,930 --> 00:46:10,140

I don't want to dime for those deposits

1189

00:46:13,670 --> 00:46:11,940

I made sure we got my mining claim and

1190

00:46:16,190 --> 00:46:13,680

stuff so what

1191

00:46:17,750 --> 00:46:16,200

100 years in the family right 160 Acres

1192

00:46:20,030 --> 00:46:17,760

right in the middle of this thing

1193

00:46:21,950 --> 00:46:20,040

in fact you know what I want

1194

00:46:25,490 --> 00:46:21,960

I want a portion of this wealth

1195

00:46:27,530 --> 00:46:25,500

represented by this massive deposit

1196

00:46:29,329 --> 00:46:27,540

to be combined with today's and

1197

00:46:32,690 --> 00:46:29,339

tomorrow's Technologies

1198

00:46:37,309 --> 00:46:32,700

and used to finally end poverty and

1199

00:46:41,690 --> 00:46:40,370

do you ever think it'll happen Kevin yes

1200

00:46:47,150 --> 00:46:41,700

good

1201

00:46:50,210 --> 00:46:47,160

I definitely do yeah it I see it

1202

00:46:53,870 --> 00:46:50,220

take it for me I see you

1203

00:46:58,790 --> 00:46:53,880

and I see a way to do it

1204

00:47:00,470 --> 00:46:58,800

at least one way yeah I think we can

1205

00:47:02,270 --> 00:47:00,480

the same way I think we can start

1206

00:47:05,150 --> 00:47:02,280

teaching our children about this UAP

1207

00:47:08,150 --> 00:47:05,160

stuff how hard is that

1208

00:47:12,010 --> 00:47:08,160

it's important it's an important issue

1209

00:47:16,550 --> 00:47:14,150

the other choice is to let that little

1210

00:47:19,450 --> 00:47:16,560

girl and little boy go crazy because no

1211

00:47:21,890 --> 00:47:19,460

one believes them yeah other other

1212

00:47:23,870 --> 00:47:21,900

classmates are making fun of them

1213

00:47:25,309 --> 00:47:23,880

yeah that's the other choice that's what

1214

00:47:27,109 --> 00:47:25,319

we're doing now

1215

00:47:30,710 --> 00:47:27,119

am I wrong

1216

00:47:32,630 --> 00:47:30,720

no no but this this yeah and this is

1217

00:47:36,530 --> 00:47:32,640

part of it is having these discussions

1218

00:47:37,849 --> 00:47:36,540

openly and addressing the elephant in a

1219

00:47:39,650 --> 00:47:37,859

room that we all know is there there's

1220

00:47:42,589 --> 00:47:39,660

something that's not right and it's not

1221

00:47:44,270 --> 00:47:42,599

been right for a long time for ever

1222

00:47:45,829 --> 00:47:44,280

people have not been talking about it

1223

00:47:47,329 --> 00:47:45,839

because it's like let's all pretend it

1224

00:47:49,370 --> 00:47:47,339

doesn't happen and laugh at anybody

1225

00:47:50,990 --> 00:47:49,380

talks about it but we're at the point

1226

00:47:52,609 --> 00:47:51,000

where we can't ignore it anymore like

1227

00:47:55,490 --> 00:47:52,619

you mentioned the technology on your

1228

00:47:57,950 --> 00:47:55,500

ship had just been upgraded I don't

1229

00:48:00,230 --> 00:47:57,960

think these things are more active or

1230

00:48:02,329 --> 00:48:00,240

are newer to us I just think we have

1231

00:48:05,690 --> 00:48:02,339

better technology to detect them now

1232

00:48:07,790 --> 00:48:05,700

because we're progressing yes right even

1233

00:48:09,170 --> 00:48:07,800

so even cell phones are adding to it you

1234

00:48:11,809 --> 00:48:09,180

know people snapping pictures and videos

1235

00:48:13,550 --> 00:48:11,819

yeah yeah and even we mentioned it

1236

00:48:15,470 --> 00:48:13,560

before like the Phoenix Lights when that

1237

00:48:19,010 --> 00:48:15,480

massive Boomerang ship was above uh

1238

00:48:21,530 --> 00:48:19,020

Phoenix Arizona in 1997. if that happens

1239

00:48:24,170 --> 00:48:21,540

again and it will it's just a matter of

1240

00:48:26,630 --> 00:48:24,180

time there'll be tons of people now

1241

00:48:28,550 --> 00:48:26,640

because we got door doorbell cameras now

1242

00:48:30,470 --> 00:48:28,560

which is insane stain you got your cell

1243

00:48:31,910 --> 00:48:30,480

phones you got security cameras

1244

00:48:33,589 --> 00:48:31,920

installed everywhere nobody trusses

1245

00:48:35,750 --> 00:48:33,599

anybody anymore there's cameras

1246

00:48:39,230 --> 00:48:35,760

everywhere but there'll be so much

1247

00:48:41,329 --> 00:48:39,240

footage of this craft or an event that

1248

00:48:43,910 --> 00:48:41,339

will take place that it will be

1249

00:48:46,550 --> 00:48:43,920

something that the news has now got to

1250

00:48:48,050 --> 00:48:46,560

take it more seriously and I know that

1251  
00:48:49,010 --> 00:48:48,060  
you've been on tons of shows and stuff

1252  
00:48:51,290 --> 00:48:49,020  
like that

1253  
00:48:52,849 --> 00:48:51,300  
I noticed there's a change and a shift

1254  
00:48:55,370 --> 00:48:52,859  
in a way that the reporters are

1255  
00:48:57,109 --> 00:48:55,380  
addressing this issue and that they're

1256  
00:48:58,790 --> 00:48:57,119  
not making a mockery of any of it

1257  
00:49:00,650 --> 00:48:58,800  
anymore you know like when the intro

1258  
00:49:02,510 --> 00:49:00,660  
would start and it's like well if you

1259  
00:49:05,089 --> 00:49:02,520  
believe in aliens this next topic will

1260  
00:49:07,309 --> 00:49:05,099  
be of interest to you they don't do that

1261  
00:49:09,950 --> 00:49:07,319  
anymore they don't make mockery of it

1262  
00:49:11,089 --> 00:49:09,960  
have you noticed that as well for the

1263  
00:49:13,910 --> 00:49:11,099

people that have approached you that

1264

00:49:17,450 --> 00:49:13,920

it's it's more on the serious tone now

1265

00:49:20,150 --> 00:49:17,460

uh absolutely but I have to confess I

1266

00:49:22,069 --> 00:49:20,160

don't even have cable in my house nice

1267

00:49:23,210 --> 00:49:22,079

um I'm not an important to watch news in

1268

00:49:25,370 --> 00:49:23,220

fact you know what we do all day we

1269

00:49:27,349 --> 00:49:25,380

listen to music pretty much that's good

1270

00:49:28,490 --> 00:49:27,359

but we're not we're not I'll get up in

1271

00:49:30,829 --> 00:49:28,500

the morning with coffee and I'll read

1272

00:49:33,349 --> 00:49:30,839

the news so I'm I'm informed and stuff

1273

00:49:34,670 --> 00:49:33,359

of course email and all that but for the

1274

00:49:36,349 --> 00:49:34,680

rest of the day when we're doing chores

1275

00:49:39,890 --> 00:49:36,359

just enjoying the day for listening to

1276

00:49:42,109 --> 00:49:39,900

music I have never has the news ever

1277

00:49:45,349 --> 00:49:42,119

been on in this house since you no yeah

1278

00:49:46,550 --> 00:49:45,359

I so the answer is no item I don't care

1279

00:49:48,890 --> 00:49:46,560

yeah

1280

00:49:51,710 --> 00:49:48,900

someone else is concerned

1281

00:49:53,809 --> 00:49:51,720

yeah no but it's like I said it takes

1282

00:49:56,030 --> 00:49:53,819

bravery to do what you're doing and just

1283

00:50:00,230 --> 00:49:56,040

continue doing what you're doing and

1284

00:50:02,750 --> 00:50:00,240

this is It's a historical step

1285

00:50:04,430 --> 00:50:02,760

for all of us that have been researching

1286

00:50:07,730 --> 00:50:04,440

this or have had interests or

1287

00:50:09,710 --> 00:50:07,740

experiences with this phenomenon uh to

1288

00:50:11,510 --> 00:50:09,720

at least be this far like I didn't think

1289

00:50:13,490 --> 00:50:11,520

that we would progress as far and like

1290

00:50:15,170 --> 00:50:13,500

Louie and I have a hard time keeping up

1291

00:50:16,250 --> 00:50:15,180

with the news lately like it just seems

1292

00:50:18,349 --> 00:50:16,260

like there's always something new

1293

00:50:20,450 --> 00:50:18,359

developing or happening or senators

1294

00:50:23,690 --> 00:50:20,460

getting involved and there's so much

1295

00:50:26,030 --> 00:50:23,700

momentum now that it's it's encouraging

1296

00:50:28,309 --> 00:50:26,040

that this will be more there's some

1297

00:50:31,490 --> 00:50:28,319

Brave Senators up in our Congress right

1298

00:50:34,010 --> 00:50:31,500

I Gotta Give Them credit yeah and on

1299

00:50:38,410 --> 00:50:34,020

Congressman too Carson and gillibrand

1300

00:50:41,089 --> 00:50:38,420

Julio yeah God bless them man

1301

00:50:43,010 --> 00:50:41,099

I'll put it out there I'm I'm a

1302

00:50:44,809 --> 00:50:43,020

pro-government kind of guy and I I

1303

00:50:47,450 --> 00:50:44,819

greatly respect my elected government

1304

00:50:49,190 --> 00:50:47,460

yeah so those people serving in Congress

1305

00:50:51,049 --> 00:50:49,200

they have my salute

1306

00:50:53,030 --> 00:50:51,059

just so I'll put it out there I know

1307

00:50:54,890 --> 00:50:53,040

they get a lot of hate and

1308

00:50:58,309 --> 00:50:54,900

that kind of I'm not one of those people

1309

00:51:01,010 --> 00:50:58,319

yeah okay so Kevin what are you doing

1310

00:51:02,690 --> 00:51:01,020

now like what are you doing these days

1311

00:51:04,910 --> 00:51:02,700

I know you just got married to Kim and

1312

00:51:05,990 --> 00:51:04,920

congratulations guys by the way that's a

1313

00:51:07,430 --> 00:51:06,000

huge deal

1314

00:51:10,250 --> 00:51:07,440

yeah

1315

00:51:12,170 --> 00:51:10,260

so we're still in a kind of a transition

1316

00:51:13,730 --> 00:51:12,180

phase and we're we're putting a lot of

1317

00:51:15,950 --> 00:51:13,740

carry love into our home

1318

00:51:17,630 --> 00:51:15,960

and fixing it up and

1319

00:51:20,089 --> 00:51:17,640

um it's really become a beautiful place

1320

00:51:22,250 --> 00:51:20,099

and in fact if you're ever in this part

1321

00:51:23,809 --> 00:51:22,260

of Oregon you're welcome to come and and

1322

00:51:25,370 --> 00:51:23,819

welcome to the live interview if you

1323

00:51:26,510 --> 00:51:25,380

want that's awesome I'll put it out

1324

00:51:29,150 --> 00:51:26,520

there

1325

00:51:30,470 --> 00:51:29,160

and um we're getting ready to do an

1326

00:51:31,670 --> 00:51:30,480

expedition here

1327

00:51:35,450 --> 00:51:31,680

um

1328

00:51:37,250 --> 00:51:35,460

and my uncle's my no he my uncle passed

1329

00:51:39,170 --> 00:51:37,260

from covid but his his house is up here

1330

00:51:41,390 --> 00:51:39,180

around what Three Doors Down up on the

1331

00:51:43,069 --> 00:51:41,400

hill and he has an excellent view all

1332

00:51:45,589 --> 00:51:43,079

the way from probably Northern

1333

00:51:47,150 --> 00:51:45,599

California to Washington right and

1334

00:51:49,309 --> 00:51:47,160

describe talk about the sky not the land

1335

00:51:51,290 --> 00:51:49,319

obviously so we're gonna set up there

1336

00:51:53,870 --> 00:51:51,300

with some pretty cool gear and do an

1337

00:51:56,690 --> 00:51:53,880

expedition will they show up

1338

00:51:58,130 --> 00:51:56,700

intention you'll make it happen

1339

00:52:00,710 --> 00:51:58,140

well

1340

00:52:03,890 --> 00:52:00,720

they have before yeah

1341

00:52:05,150 --> 00:52:03,900

and it actually I was gonna shocked me I

1342

00:52:07,250 --> 00:52:05,160

was going to ask you because usually

1343

00:52:08,690 --> 00:52:07,260

when there's a lot of minerals and and

1344

00:52:11,510 --> 00:52:08,700

uh

1345

00:52:14,390 --> 00:52:11,520

mines I we talked to people that worked

1346

00:52:16,130 --> 00:52:14,400

at mines that have had seen things that

1347

00:52:18,170 --> 00:52:16,140

uh you know it's not uncommon for them

1348

00:52:20,990 --> 00:52:18,180

to see UFOs above the mines

1349

00:52:23,390 --> 00:52:21,000

uh even my experience when I was 13 I

1350

00:52:25,250 --> 00:52:23,400

was in a small mining town uh there's a

1351  
00:52:27,349 --> 00:52:25,260  
lot of minerals and whatever this thing

1352  
00:52:29,930 --> 00:52:27,359  
was looking for it looked like it was

1353  
00:52:31,670 --> 00:52:29,940  
searching for something uh have you

1354  
00:52:32,930 --> 00:52:31,680  
noticed anything have you guys seen

1355  
00:52:34,490 --> 00:52:32,940  
anything since you've been on the

1356  
00:52:36,109 --> 00:52:34,500  
property because you got quite a bit of

1357  
00:52:38,809 --> 00:52:36,119  
minerals there hey that's a very good

1358  
00:52:41,630 --> 00:52:38,819  
quote no that's a very good question

1359  
00:52:45,170 --> 00:52:41,640  
because I myself have never seen a UFO

1360  
00:52:47,510 --> 00:52:45,180  
or UAP here in the valley okay and in

1361  
00:52:50,510 --> 00:52:47,520  
fact um that when this happened on the

1362  
00:52:52,430 --> 00:52:50,520  
ship oh until recently until recently

1363  
00:52:54,589 --> 00:52:52,440

when this happened on the ship same

1364

00:52:56,329 --> 00:52:54,599

thing

1365

00:52:58,609 --> 00:52:56,339

um all that time and all that experience

1366

00:53:03,049 --> 00:52:58,619

in my last underway too

1367

00:53:05,030 --> 00:53:03,059

in terms of pure and simple odds

1368

00:53:07,490 --> 00:53:05,040

the chances that it was going to be me

1369

00:53:11,630 --> 00:53:07,500

to actually observe these things was

1370

00:53:17,809 --> 00:53:15,470

so I I don't know I think intention has

1371

00:53:19,490 --> 00:53:17,819

something to do with this I really do so

1372

00:53:22,730 --> 00:53:19,500

we'll see we're gonna go up there and

1373

00:53:24,170 --> 00:53:22,740

intent on finding these things and we're

1374

00:53:26,690 --> 00:53:24,180

going to have some pretty neat gear to

1375

00:53:29,030 --> 00:53:26,700

do it with just so the listeners know

1376

00:53:31,190 --> 00:53:29,040

yes I'm cutting edge stuff

1377

00:53:33,530 --> 00:53:31,200

um designed by David Mason I'll put his

1378

00:53:34,910 --> 00:53:33,540

name out there guys a genius yes he is

1379

00:53:36,829 --> 00:53:34,920

we've had him on our show he's a friend

1380

00:53:38,390 --> 00:53:36,839

of ours so well let's do an update once

1381

00:53:39,890 --> 00:53:38,400

you have your Expedition we'll do an

1382

00:53:41,510 --> 00:53:39,900

update on your findings hopefully

1383

00:53:43,670 --> 00:53:41,520

they're rich we are in the early

1384

00:53:46,010 --> 00:53:43,680

discussion stages of it still

1385

00:53:47,990 --> 00:53:46,020

but we're looking at um probably the

1386

00:53:50,270 --> 00:53:48,000

later part of the summer okay or

1387

00:53:52,309 --> 00:53:50,280

mid-summer sometime

1388

00:53:54,410 --> 00:53:52,319

it's big Expedition is this a new crew

1389

00:53:56,809 --> 00:53:54,420

that's currently what's going on uh Kim

1390

00:53:58,849 --> 00:53:56,819

and I are getting the home up and uh we

1391

00:54:01,609 --> 00:53:58,859

got an expedition planned

1392

00:54:03,170 --> 00:54:01,619

and and I'm working stuff like this kind

1393

00:54:04,549 --> 00:54:03,180

of on this side though

1394

00:54:06,829 --> 00:54:04,559

yeah

1395

00:54:09,109 --> 00:54:06,839

no we thank you so much Kevin for uh

1396

00:54:10,190 --> 00:54:09,119

coming on the podcast today uh Louie do

1397

00:54:12,290 --> 00:54:10,200

you have any final questions for our

1398

00:54:13,790 --> 00:54:12,300

guests no again I'll just extend a warm

1399

00:54:16,250 --> 00:54:13,800

thanks Kevin it's always a great

1400

00:54:19,130 --> 00:54:16,260

chatting with you you're very humble and

1401  
00:54:20,870 --> 00:54:19,140  
heartfelt and uh you know your emotion

1402  
00:54:22,910 --> 00:54:20,880  
is real and for a lot of people that

1403  
00:54:24,829 --> 00:54:22,920  
have had experiences the emotional

1404  
00:54:27,230 --> 00:54:24,839  
factors the toughest one to deal with

1405  
00:54:29,750 --> 00:54:27,240  
but you're a shining example of it's

1406  
00:54:31,970 --> 00:54:29,760  
okay to take it get beat down you're

1407  
00:54:34,490 --> 00:54:31,980  
gonna come out better in the end and

1408  
00:54:37,549 --> 00:54:34,500  
with a more enriched very long life you

1409  
00:54:39,530 --> 00:54:37,559  
know less materialistic more love and

1410  
00:54:41,390 --> 00:54:39,540  
encompassing everything so it's nice to

1411  
00:54:43,190 --> 00:54:41,400  
see that and we wish you all the best

1412  
00:54:45,530 --> 00:54:43,200  
and let's chat again later in the summer

1413  
00:54:47,270 --> 00:54:45,540

hopefully you find some cool footage and

1414

00:54:49,670 --> 00:54:47,280

stuff you can share

1415

00:54:55,550 --> 00:54:49,680

God willing thank you guys thanks Kevin
