

**UAP STUDIES
PODCAST**

**CHUCK
ZUKOWSKI**

1
00:00:03,949 --> 00:00:01,730
hey everybody hope you're having an

2
00:00:06,769 --> 00:00:03,959
awesome day evening afternoon whatever

3
00:00:09,890 --> 00:00:06,779
time it is uh it is cattle mutilation

4
00:00:12,530 --> 00:00:09,900
day Jason I know this is like your first

5
00:00:14,810 --> 00:00:12,540
or second favorite topic to uh to to

6
00:00:16,670 --> 00:00:14,820
bounce around oh it's it's my yeah

7
00:00:18,650 --> 00:00:16,680
definitely my top two topics it's alien

8
00:00:20,870 --> 00:00:18,660
abductions and calculations for me all

9
00:00:22,910 --> 00:00:20,880
day long there you go well we have an

10
00:00:25,490 --> 00:00:22,920
expert with 35 years experience former

11
00:00:27,710 --> 00:00:25,500
law enforcement officer as well uh Chuck

12
00:00:30,410 --> 00:00:27,720
Zukowski he's been on TV shows like

13
00:00:31,609 --> 00:00:30,420

alien highway and uh recently what just

14

00:00:33,770 --> 00:00:31,619

a couple days ago there was a report

15

00:00:35,810 --> 00:00:33,780

coming out of Texas there's now one in

16

00:00:37,910 --> 00:00:35,820

Oklahoma so we are literally in the

17

00:00:40,069 --> 00:00:37,920

middle of a mini cattle mutilation flap

18

00:00:42,350 --> 00:00:40,079

I know a lot of people kind of scoff at

19

00:00:44,750 --> 00:00:42,360

the phenomenon and take a lot of other

20

00:00:46,850 --> 00:00:44,760

things seriously in our field but not so

21

00:00:48,290 --> 00:00:46,860

much cattle mutilations we do want to

22

00:00:50,690 --> 00:00:48,300

give you some stats and some facts

23

00:00:52,850 --> 00:00:50,700

before making up your mind I think some

24

00:00:55,430 --> 00:00:52,860

of that stuff might actually uh might

25

00:00:56,330 --> 00:00:55,440

blow your mind more than uh you know as

26

00:00:58,189 --> 00:00:56,340

soon as you think you've got anything

27

00:01:01,130 --> 00:00:58,199

figured out in this type of phenomenon

28

00:01:03,049 --> 00:01:01,140

you don't and we even learned some stuff

29

00:01:06,410 --> 00:01:03,059

last time we had Chuck on I'm sure we

30

00:01:07,730 --> 00:01:06,420

will again today so Jason you're get

31

00:01:09,590 --> 00:01:07,740

ready I hope you got something to drink

32

00:01:12,190 --> 00:01:09,600

man I'm gonna get the barbecue sauce

33

00:01:14,750 --> 00:01:12,200

ready because this is

34

00:01:16,670 --> 00:01:14,760

Jason's fired up I'm fired up it is

35

00:01:18,350 --> 00:01:16,680

night time where we are uh but it's

36

00:01:20,090 --> 00:01:18,360

gonna be a cool dive under the world of

37

00:01:23,030 --> 00:01:20,100

cattle mutilations High strangeness

38

00:01:24,649 --> 00:01:23,040

black helicopters all the good stuff so

39

00:01:27,469 --> 00:01:24,659

uh stick around we're gonna get Mr Chuck

40

00:01:34,470 --> 00:01:27,479

Zukowski on and we'll be right back uh

41

00:01:53,090 --> 00:01:48,280

[Music]

42

00:01:55,010 --> 00:01:53,100

in the kitchen

43

00:01:56,929 --> 00:01:55,020

welcome back to another episode of UAP

44

00:01:58,609 --> 00:01:56,939

studies podcast my name is Louis Borges

45

00:02:01,069 --> 00:01:58,619

joining me as always my good friend Mr

46

00:02:02,330 --> 00:02:01,079

Jason gilmette I'm happy to be here

47

00:02:04,609 --> 00:02:02,340

tonight this is actually we're doing a

48

00:02:07,130 --> 00:02:04,619

recording at night time uh we got Chuck

49

00:02:08,870 --> 00:02:07,140

right before he went on holidays uh we

50

00:02:10,550 --> 00:02:08,880

got him right before he left and uh

51
00:02:12,350 --> 00:02:10,560
thank you so much we do appreciate you

52
00:02:14,210 --> 00:02:12,360
being here uh Louie I'll throw it back

53
00:02:15,530 --> 00:02:14,220
to you my man yeah so we had check on a

54
00:02:17,809 --> 00:02:15,540
few months ago many of you have seen him

55
00:02:20,089 --> 00:02:17,819
on TVs uh you know he's a host of alien

56
00:02:21,470 --> 00:02:20,099
highway uh former volunteer law

57
00:02:24,170 --> 00:02:21,480
enforcement officer he's been

58
00:02:26,089 --> 00:02:24,180
investigating UFOs and kind for over 35

59
00:02:28,070 --> 00:02:26,099
years uh but tonight we're going to talk

60
00:02:30,229 --> 00:02:28,080
about cattle mutilations as there has

61
00:02:31,190 --> 00:02:30,239
been uh some recent media reports on

62
00:02:33,110 --> 00:02:31,200
that

63
00:02:34,670 --> 00:02:33,120

um so welcome to the show Chuck good to

64

00:02:37,130 --> 00:02:34,680

have you back thank you very much I

65

00:02:39,110 --> 00:02:37,140

appreciate it you know um cattle Beach

66

00:02:42,050 --> 00:02:39,120

and some scary stuff you know and

67

00:02:44,809 --> 00:02:42,060

absolutely and you know anytime we have

68

00:02:46,369 --> 00:02:44,819

it one of my main concerns is to get the

69

00:02:47,509 --> 00:02:46,379

information out to the public as quick

70

00:02:51,470 --> 00:02:47,519

as possible

71

00:02:53,030 --> 00:02:51,480

because of other ranchers you know it's

72

00:02:54,710 --> 00:02:53,040

uh you know it could affect other

73

00:02:57,410 --> 00:02:54,720

ranchers these things have a tendency of

74

00:03:00,350 --> 00:02:57,420

happening in waves so as soon as we hear

75

00:03:04,430 --> 00:03:00,360

about Juan I get that information out on

76

00:03:07,009 --> 00:03:04,440

my website UFO not DOT ufo.net.com uh

77

00:03:08,690 --> 00:03:07,019

it's it's a free site and all and all my

78

00:03:10,790 --> 00:03:08,700

investigations you know it's not like

79

00:03:13,369 --> 00:03:10,800

some of these paid sites so everything's

80

00:03:16,309 --> 00:03:13,379

free to the you know the viewers and the

81

00:03:18,350 --> 00:03:16,319

readers to to come over and peruse and

82

00:03:20,210 --> 00:03:18,360

and make their own judgments I just put

83

00:03:22,790 --> 00:03:20,220

the information out there based on my

84

00:03:23,869 --> 00:03:22,800

experience and I try not to make

85

00:03:25,850 --> 00:03:23,879

assumptions

86

00:03:28,729 --> 00:03:25,860

you know and they're trying to use

87

00:03:32,390 --> 00:03:28,739

science and logic and think analytically

88

00:03:34,550 --> 00:03:32,400

when I do these because you know um you

89

00:03:37,070 --> 00:03:34,560

can be wrong and what I love about your

90

00:03:40,070 --> 00:03:37,080

writing as well on your the way you blog

91

00:03:42,229 --> 00:03:40,080

is that you explain step by step how you

92

00:03:43,729 --> 00:03:42,239

got to even the ranchers you know how

93

00:03:45,890 --> 00:03:43,739

did you get to the ranchers how did you

94

00:03:48,589 --> 00:03:45,900

first find out about it I want to pick

95

00:03:50,630 --> 00:03:48,599

your brain a little later on uh down on

96

00:03:52,670 --> 00:03:50,640

on the show about that because it's

97

00:03:54,770 --> 00:03:52,680

brilliant I think as a person who'd like

98

00:03:57,229 --> 00:03:54,780

to investigate this myself I'd like

99

00:03:59,449 --> 00:03:57,239

seeing the step by step from a serious

100

00:04:00,410 --> 00:03:59,459

and professional investigator at this

101
00:04:02,089 --> 00:04:00,420
point

102
00:04:04,970 --> 00:04:02,099
um showing us how to do it right showing

103
00:04:08,270 --> 00:04:04,980
us the Rope so yeah we can get wordy

104
00:04:11,330 --> 00:04:08,280
because sometimes uh you know I want so

105
00:04:13,250 --> 00:04:11,340
much information in there that I don't

106
00:04:14,809 --> 00:04:13,260
want to leave the reader scratching

107
00:04:16,729 --> 00:04:14,819
their head I want them to be able to

108
00:04:18,469 --> 00:04:16,739
once they finish the blog and maybe they

109
00:04:21,710 --> 00:04:18,479
got to get a cup of coffee or maybe read

110
00:04:23,330 --> 00:04:21,720
it over a couple of days right you know

111
00:04:25,310 --> 00:04:23,340
because you know nowadays with social

112
00:04:27,409 --> 00:04:25,320
media some of the stuff with Tick Tock

113
00:04:29,450 --> 00:04:27,419

and you know these are like you know 30

114

00:04:30,950 --> 00:04:29,460

seconds and even some of the you know

115

00:04:33,170 --> 00:04:30,960

some of the blogs out there you know

116

00:04:35,930 --> 00:04:33,180

they're it's got to be a three minute

117

00:04:37,969 --> 00:04:35,940

read or something just just because but

118

00:04:40,790 --> 00:04:37,979

you really can't get into depth when

119

00:04:43,490 --> 00:04:40,800

you're doing something as uh you know

120

00:04:44,629 --> 00:04:43,500

traumatic as an animal relation or you

121

00:04:46,430 --> 00:04:44,639

know you're investing a lot of time to

122

00:04:48,050 --> 00:04:46,440

do a type of UFO or Bigfoot

123

00:04:50,390 --> 00:04:48,060

investigation you kind of want the

124

00:04:52,969 --> 00:04:50,400

reader to know a little bit of the back

125

00:04:55,490 --> 00:04:52,979

story how you got there and what you

126

00:04:57,110 --> 00:04:55,500

found out sure so what was it about

127

00:04:59,030 --> 00:04:57,120

cattle mutilations I mean there's so

128

00:05:01,370 --> 00:04:59,040

many aspects to the UAP and UFO

129

00:05:03,710 --> 00:05:01,380

phenomenon not everybody delves into

130

00:05:05,570 --> 00:05:03,720

this in fact many of our viewers who are

131

00:05:07,129 --> 00:05:05,580

pretty seasoned at a lot of things may

132

00:05:09,290 --> 00:05:07,139

not know much about this so what was it

133

00:05:12,290 --> 00:05:09,300

for you that said I don't want to just

134

00:05:13,909 --> 00:05:12,300

look at craft in the sky or you know uh

135

00:05:15,350 --> 00:05:13,919

ET based phenomena what was it for you

136

00:05:17,510 --> 00:05:15,360

that got you interested in the cattle

137

00:05:21,170 --> 00:05:17,520

mutilation aspect I am a morbid guy

138

00:05:22,850 --> 00:05:21,180

anyway yeah six sense of humor well

139

00:05:26,029 --> 00:05:22,860

before I got married

140

00:05:28,430 --> 00:05:26,039

um my buddy and I uh Mark Halen I'll

141

00:05:31,249 --> 00:05:28,440

just tell you his name out there but

142

00:05:34,310 --> 00:05:31,259

um you know he was really into models

143

00:05:37,129 --> 00:05:34,320

the uh science fiction models and and uh

144

00:05:39,409 --> 00:05:37,139

comic books and and I got involved into

145

00:05:42,469 --> 00:05:39,419

it and we'd go to these you know fangora

146

00:05:45,409 --> 00:05:42,479

and different types of conferences about

147

00:05:47,510 --> 00:05:45,419

the special effects used so you know I

148

00:05:49,790 --> 00:05:47,520

got out of high school I was pretty much

149

00:05:51,590 --> 00:05:49,800

you know already getting involved in

150

00:05:53,390 --> 00:05:51,600

some more of it stuff so when when a

151
00:05:56,090 --> 00:05:53,400
county election investigation came along

152
00:05:58,670 --> 00:05:56,100
it really didn't affect me that much

153
00:06:01,070 --> 00:05:58,680
um I already had a mindset you know

154
00:06:03,490 --> 00:06:01,080
looking into it the very first one I did

155
00:06:06,529 --> 00:06:03,500
I I threw together a team real quick

156
00:06:09,529 --> 00:06:06,539
because at the time I was a move on Star

157
00:06:11,950 --> 00:06:09,539
investigator and it was going to be the

158
00:06:15,170 --> 00:06:11,960
very first star investigation for mufon

159
00:06:16,909 --> 00:06:15,180
and Robert Bigelow was actually funding

160
00:06:19,430 --> 00:06:16,919
the Star team at the time

161
00:06:21,409 --> 00:06:19,440
and so I threw away yeah I threw it

162
00:06:23,930 --> 00:06:21,419
together a team we went out to this

163
00:06:27,830 --> 00:06:23,940

mutilation and and uh in western

164

00:06:29,090 --> 00:06:27,840

Colorado and um

165

00:06:32,090 --> 00:06:29,100

anyway

166

00:06:34,370 --> 00:06:32,100

during the investigation one of my team

167

00:06:37,189 --> 00:06:34,380

members just walked away and went back

168

00:06:38,689 --> 00:06:37,199

to the vehicle you know the other two

169

00:06:40,070 --> 00:06:38,699

kind of hung there for a little bit and

170

00:06:41,029 --> 00:06:40,080

then after the mutilation they both said

171

00:06:43,670 --> 00:06:41,039

you know we're not going to do this

172

00:06:46,129 --> 00:06:43,680

anymore it's just you know uh we just

173

00:06:48,409 --> 00:06:46,139

can't deal with it so over the years and

174

00:06:50,390 --> 00:06:48,419

you know well I had a person Matt Morgan

175

00:06:52,189 --> 00:06:50,400

that would go with me that actually did

176

00:06:54,469 --> 00:06:52,199

some of the videotaping and he was

177

00:06:57,409 --> 00:06:54,479

really good comfortable in front of you

178

00:06:58,969 --> 00:06:57,419

know dead animals and the smell and you

179

00:07:01,850 --> 00:06:58,979

know just the you know the stuff that

180

00:07:02,930 --> 00:07:01,860

you know you see but most people you

181

00:07:04,129 --> 00:07:02,940

know they don't you know they really

182

00:07:05,629 --> 00:07:04,139

don't want to

183

00:07:07,370 --> 00:07:05,639

kind of deal with it because you know

184

00:07:08,270 --> 00:07:07,380

you look at it and you're looking at

185

00:07:11,689 --> 00:07:08,280

this

186

00:07:14,450 --> 00:07:11,699

dead animal that was just alive maybe 24

187

00:07:17,090 --> 00:07:14,460

48 hours before just you know

188

00:07:18,890 --> 00:07:17,100

happy-go-lucky eating grass in the field

189

00:07:19,909 --> 00:07:18,900

the next day is laying on the ground all

190

00:07:23,150 --> 00:07:19,919

cut out

191

00:07:25,850 --> 00:07:23,160

and nobody knows how it was killed and

192

00:07:28,430 --> 00:07:25,860

why it was killed so it's a very scary

193

00:07:30,110 --> 00:07:28,440

kind of situation yeah and there's no

194

00:07:31,809 --> 00:07:30,120

signs of struggle this is and we're

195

00:07:34,189 --> 00:07:31,819

going to get into the history of this

196

00:07:36,290 --> 00:07:34,199

but there's no signs of struggle with

197

00:07:37,670 --> 00:07:36,300

these these cows or these animals

198

00:07:39,050 --> 00:07:37,680

there's there's more than just cows

199

00:07:42,170 --> 00:07:39,060

being found there's other animals as

200

00:07:43,610 --> 00:07:42,180

well but there's no struggle from at

201
00:07:45,170 --> 00:07:43,620
three thousand four thousand pound

202
00:07:48,770 --> 00:07:45,180
animal there's

203
00:07:52,189 --> 00:07:48,780
not a single sign of protest and that is

204
00:07:54,529 --> 00:07:52,199
crazy yeah and we can you know when you

205
00:07:55,790 --> 00:07:54,539
want me to go in and explain that

206
00:07:58,010 --> 00:07:55,800
um unless you want me to explain it now

207
00:08:01,370 --> 00:07:58,020
you know uh it's it's really interesting

208
00:08:03,110 --> 00:08:01,380
but as an investigator the very first

209
00:08:05,749 --> 00:08:03,120
thing I do is when I go to an animal

210
00:08:06,830 --> 00:08:05,759
immunization investigation is I look at

211
00:08:09,589 --> 00:08:06,840
the animal

212
00:08:12,529 --> 00:08:09,599
from a safe distance and I've done

213
00:08:14,330 --> 00:08:12,539

enough of them now the very first couple

214

00:08:16,610 --> 00:08:14,340

oh my gosh you know you have to really

215

00:08:18,230 --> 00:08:16,620

really be careful I was already a

216

00:08:20,930 --> 00:08:18,240

trained you know investigator I've been

217

00:08:22,850 --> 00:08:20,940

doing a lot of stuff with UFOs and and

218

00:08:25,550 --> 00:08:22,860

and some other things before that

219

00:08:27,230 --> 00:08:25,560

monster investigations and stuff so I

220

00:08:28,909 --> 00:08:27,240

was kind of aware what to watch out for

221

00:08:31,490 --> 00:08:28,919

but you really don't know how this

222

00:08:34,070 --> 00:08:31,500

animal died right you know it could be

223

00:08:36,649 --> 00:08:34,080

viral and if it's viral and you walk up

224

00:08:38,510 --> 00:08:36,659

on it and and it affects you then in

225

00:08:40,070 --> 00:08:38,520

turn you go home and you affect the

226

00:08:41,510 --> 00:08:40,080

whole family so you really have to be

227

00:08:43,730 --> 00:08:41,520

careful with these things

228

00:08:45,230 --> 00:08:43,740

yeah earlier today I was putting

229

00:08:47,090 --> 00:08:45,240

together a list because I wanted to try

230

00:08:49,370 --> 00:08:47,100

to make this and Jason as well as

231

00:08:50,650 --> 00:08:49,380

digestible for people who don't know I

232

00:08:53,269 --> 00:08:50,660

just um

233

00:08:54,829 --> 00:08:53,279

sorry no pun intended that was good

234

00:08:56,930 --> 00:08:54,839

Louis that was still good all right it's

235

00:08:58,910 --> 00:08:56,940

an evening recording whatever but court

236

00:09:00,650 --> 00:08:58,920

case Awards the choice award but okay

237

00:09:01,970 --> 00:09:00,660

and I wanted to be sharp too because I

238

00:09:03,470 --> 00:09:01,980

know you're one of the foremost expert

239

00:09:05,509 --> 00:09:03,480

on this so I put together a little list

240

00:09:07,730 --> 00:09:05,519

and we can go into some of these things

241

00:09:10,009 --> 00:09:07,740

and kind of pick them apart but these

242

00:09:11,509 --> 00:09:10,019

are some of the most common things that

243

00:09:13,310 --> 00:09:11,519

seem to be present with these cattle

244

00:09:16,550 --> 00:09:13,320

mutilations so if anybody right off the

245

00:09:19,130 --> 00:09:16,560

bat saying oh this is all nonsense let

246

00:09:20,810 --> 00:09:19,140

me read the list here so typically

247

00:09:23,090 --> 00:09:20,820

um the wounds appear as clean cuts

248

00:09:25,790 --> 00:09:23,100

almost Surgical and Precision Precision

249

00:09:28,790 --> 00:09:25,800

uh the animal tends to be drained of all

250

00:09:30,650 --> 00:09:28,800

blood uh there's none on the fur like no

251
00:09:32,449 --> 00:09:30,660
hemorrhaging and there's none on the

252
00:09:34,790 --> 00:09:32,459
grass or the surrounding area blood is

253
00:09:37,009 --> 00:09:34,800
just gone completely absent uh this was

254
00:09:40,009 --> 00:09:37,019
a cool one I just learned today 90 of

255
00:09:41,990 --> 00:09:40,019
the animals studied in a lab are between

256
00:09:44,449 --> 00:09:42,000
four and five years of age I don't know

257
00:09:46,550 --> 00:09:44,459
if that has any impact or not but big

258
00:09:49,130 --> 00:09:46,560
majority of them tend to be within that

259
00:09:52,790 --> 00:09:49,140
that age range strange marks or imprint

260
00:09:54,710 --> 00:09:52,800
in the soil absence of tracks or any

261
00:09:57,530 --> 00:09:54,720
signs of humans Vehicles things like

262
00:09:59,150 --> 00:09:57,540
that when they've done sort of

263
00:10:01,190 --> 00:09:59,160

pathological tests after the fact

264

00:10:03,590 --> 00:10:01,200

pathology tests they have an unusually

265

00:10:06,110 --> 00:10:03,600

high or low level of certain vitamins

266

00:10:08,509 --> 00:10:06,120

and minerals so potassium you know

267

00:10:10,670 --> 00:10:08,519

calcium are either off the chart or

268

00:10:12,350 --> 00:10:10,680

non-existent for whatever reason they

269

00:10:13,670 --> 00:10:12,360

also find unusual chemicals that you

270

00:10:16,310 --> 00:10:13,680

wouldn't normally have in livestock

271

00:10:19,030 --> 00:10:16,320

present as well typically there is

272

00:10:22,070 --> 00:10:19,040

removal of sex organs rectum Parts

273

00:10:24,170 --> 00:10:22,080

sometimes internal organs missing or

274

00:10:26,150 --> 00:10:24,180

organs rearranged in such a way that

275

00:10:29,269 --> 00:10:26,160

wouldn't be consistent with a natural

276

00:10:31,490 --> 00:10:29,279

death in the wild the animal hides tend

277

00:10:33,590 --> 00:10:31,500

to be brittle there's a lack of animal

278

00:10:34,850 --> 00:10:33,600

predation so that even wild animals

279

00:10:36,769 --> 00:10:34,860

don't want to eat these cows after

280

00:10:38,210 --> 00:10:36,779

they've been mutilated and typically

281

00:10:40,610 --> 00:10:38,220

they're found at a different location

282

00:10:43,190 --> 00:10:40,620

than from where they went missing or

283

00:10:45,530 --> 00:10:43,200

where they were last seen so that's just

284

00:10:47,030 --> 00:10:45,540

a general summary on that we can you

285

00:10:49,190 --> 00:10:47,040

know Chuck I can throw it to you pick

286

00:10:51,710 --> 00:10:49,200

what you like first but that is pretty

287

00:10:53,690 --> 00:10:51,720

crazy uh involving finding just dead

288

00:10:55,490 --> 00:10:53,700

animals in a field there's a hello right

289

00:10:58,910 --> 00:10:55,500

there is and there's a lot of

290

00:11:01,490 --> 00:10:58,920

misinformation out there too from people

291

00:11:03,710 --> 00:11:01,500

who are more like couch investigators

292

00:11:05,690 --> 00:11:03,720

that may have never gone to you know

293

00:11:08,509 --> 00:11:05,700

investigation actually seen one up front

294

00:11:10,610 --> 00:11:08,519

and maybe they'll read they'll read some

295

00:11:12,710 --> 00:11:10,620

periodical or a book or something and

296

00:11:15,530 --> 00:11:12,720

then they come up I mean like the

297

00:11:17,389 --> 00:11:15,540

brittle hype I've never seen that uh

298

00:11:19,490 --> 00:11:17,399

chemicals in the blood I've never seen

299

00:11:21,530 --> 00:11:19,500

that either there was even cases of

300

00:11:24,590 --> 00:11:21,540

micro meteorites on the hide I've never

301
00:11:26,630 --> 00:11:24,600
seen that fluorescence on the hide well

302
00:11:28,430 --> 00:11:26,640
the only fluorescence you're gonna see

303
00:11:32,030 --> 00:11:28,440
under a black light is in the anal area

304
00:11:34,310 --> 00:11:32,040
where urine you know may be present you

305
00:11:37,610 --> 00:11:34,320
know from when the animal was alive so

306
00:11:39,290 --> 00:11:37,620
there's a there's a few things that um

307
00:11:41,930 --> 00:11:39,300
organs

308
00:11:44,449 --> 00:11:41,940
if they're misplaced it's not because

309
00:11:47,810 --> 00:11:44,459
they were purposely misplaced is because

310
00:11:50,569 --> 00:11:47,820
other organs were removed and as they

311
00:11:52,069 --> 00:11:50,579
were removed the ones that whoever's

312
00:11:54,710 --> 00:11:52,079
doing this didn't want kind of pushed

313
00:11:56,389 --> 00:11:54,720

them aside or filled the void now

314

00:11:59,449 --> 00:11:56,399

created oh you'll want to talk you know

315

00:12:02,150 --> 00:11:59,459

with this organ uh mutilation that

316

00:12:03,470 --> 00:12:02,160

happened on March 30th

317

00:12:07,670 --> 00:12:03,480

um we can go in that a little bit later

318

00:12:10,910 --> 00:12:07,680

but uh yeah what happened internally is

319

00:12:12,710 --> 00:12:10,920

really interesting and uh it's really

320

00:12:15,110 --> 00:12:12,720

it's cool because when I drove into

321

00:12:18,410 --> 00:12:15,120

these things and really get into the

322

00:12:23,269 --> 00:12:18,420

meat investigation

323

00:12:24,710 --> 00:12:23,279

um I learn new stuff yeah so um you know

324

00:12:26,210 --> 00:12:24,720

some of the things you mentioned I've

325

00:12:28,670 --> 00:12:26,220

never actually come across I'm not

326

00:12:30,650 --> 00:12:28,680

saying that's not the case I just I

327

00:12:33,110 --> 00:12:30,660

personally haven't come across them

328

00:12:36,949 --> 00:12:33,120

and I don't know it could be due to

329

00:12:39,050 --> 00:12:36,959

other circumstances yeah and so as a

330

00:12:40,730 --> 00:12:39,060

question because this this is not a new

331

00:12:42,129 --> 00:12:40,740

phenomenon this is a phenomenon we've

332

00:12:45,170 --> 00:12:42,139

been dealing with for quite some time

333

00:12:46,910 --> 00:12:45,180

can you give us a bit of a background on

334

00:12:50,090 --> 00:12:46,920

the phenomenon like how it kind of

335

00:12:52,370 --> 00:12:50,100

started and basically led to you now

336

00:12:55,129 --> 00:12:52,380

leading some of the best investigations

337

00:12:57,110 --> 00:12:55,139

of the world on the subject like how did

338

00:12:59,350 --> 00:12:57,120

this originate what did this first pop

339

00:13:02,990 --> 00:12:59,360

up well you know um originally since

340

00:13:05,690 --> 00:13:03,000

1967 outside of Alamosa at the base of

341

00:13:08,449 --> 00:13:05,700

Blanca Peak in the San Luis Valley with

342

00:13:11,329 --> 00:13:08,459

Snoopy the horse actually the name was

343

00:13:13,370 --> 00:13:11,339

actually a lady but the media got it

344

00:13:15,710 --> 00:13:13,380

wrong and you know recall the horse

345

00:13:19,670 --> 00:13:15,720

snippy I think that was ladies

346

00:13:21,110 --> 00:13:19,680

not a sibling or something and you know

347

00:13:23,449 --> 00:13:21,120

that horse

348

00:13:27,230 --> 00:13:23,459

was the first time that the media looked

349

00:13:29,810 --> 00:13:27,240

at a mutilation case in in this Century

350

00:13:32,629 --> 00:13:29,820

basically that um and then it went

351
00:13:34,250 --> 00:13:32,639
worldwide nobody knew law enforcement

352
00:13:37,370 --> 00:13:34,260
and the ranchers they had no idea how

353
00:13:40,129 --> 00:13:37,380
this animal died let alone how the cuts

354
00:13:41,690 --> 00:13:40,139
uh you know uh what who caused the cuts

355
00:13:43,430 --> 00:13:41,700
how the cuts were made right that's

356
00:13:45,230 --> 00:13:43,440
really interesting uh I'm going to throw

357
00:13:47,509 --> 00:13:45,240
out a real quick fact here in the San

358
00:13:50,389 --> 00:13:47,519
Luis Valley little town of Hooper is the

359
00:13:51,710 --> 00:13:50,399
UFO Watchtower run by Judy mezel and

360
00:13:53,990 --> 00:13:51,720
she's been doing this for a few years

361
00:13:56,629 --> 00:13:54,000
now and she's got neat little Watchtower

362
00:13:58,490 --> 00:13:56,639
overlooks of San Luis Valley camping

363
00:14:01,069 --> 00:13:58,500

there and stuff but within the last year

364

00:14:03,050 --> 00:14:01,079

or so she's acquired snippy the horse's

365

00:14:05,389 --> 00:14:03,060

bones and she has them on display there

366

00:14:07,970 --> 00:14:05,399

it's a really big part of animal

367

00:14:11,389 --> 00:14:07,980

mutilation history to see the actual

368

00:14:13,550 --> 00:14:11,399

skeleton from the very first animal that

369

00:14:14,930 --> 00:14:13,560

was mutilated that went worldwide now

370

00:14:17,629 --> 00:14:14,940

that's not the first one that actually

371

00:14:19,550 --> 00:14:17,639

was ever mutilated I actually I found an

372

00:14:21,110 --> 00:14:19,560

article back in I think it was like

373

00:14:24,230 --> 00:14:21,120

1896.

374

00:14:27,889 --> 00:14:24,240

where it was a town in Missouri

375

00:14:30,110 --> 00:14:27,899

were at night the residents of this of

376

00:14:32,329 --> 00:14:30,120

this Farm you know they saw this light

377

00:14:34,250 --> 00:14:32,339

with these light on the big light with

378

00:14:35,990 --> 00:14:34,260

these little lights and flashing and

379

00:14:37,610 --> 00:14:36,000

stuff and pretty much scared the hell

380

00:14:39,710 --> 00:14:37,620

out of them and they went inside the

381

00:14:41,689 --> 00:14:39,720

house and you know boarded up all the

382

00:14:43,509 --> 00:14:41,699

doors the next morning they went out to

383

00:14:46,790 --> 00:14:43,519

the location to check on the livestock

384

00:14:48,110 --> 00:14:46,800

and the father found three dead animals

385

00:14:51,110 --> 00:14:48,120

void of blood

386

00:14:53,750 --> 00:14:51,120

so that is the common denominator for

387

00:14:54,889 --> 00:14:53,760

every one of these new cases is the lack

388

00:14:57,949 --> 00:14:54,899

of blood

389

00:15:00,050 --> 00:14:57,959

so I get asked from time to time

390

00:15:03,170 --> 00:15:00,060

um who's ever doing it what do they want

391

00:15:05,269 --> 00:15:03,180

you know why cut here why cut there I

392

00:15:06,829 --> 00:15:05,279

can go into that a little bit but the

393

00:15:09,730 --> 00:15:06,839

bottom line is it's always about the

394

00:15:12,530 --> 00:15:09,740

blood if it's not a cow or a horse a pig

395

00:15:15,170 --> 00:15:12,540

you know a dog

396

00:15:16,850 --> 00:15:15,180

um what else have I you know built and

397

00:15:20,930 --> 00:15:16,860

I've done a few different types of

398

00:15:22,790 --> 00:15:20,940

mammals other than uh towels

399

00:15:24,590 --> 00:15:22,800

you mentioned snippy the [h__h] is it

400

00:15:27,949 --> 00:15:24,600

correct me if I'm wrong but from what I

401
00:15:31,310 --> 00:15:27,959
read this horse's head and neck was D

402
00:15:33,230 --> 00:15:31,320
like skin removed and deflashed so you

403
00:15:34,610 --> 00:15:33,240
have a horse and then a skeleton from

404
00:15:37,870 --> 00:15:34,620
the neck to the Head

405
00:15:41,710 --> 00:15:37,880
right right and um I've actually done

406
00:15:44,689 --> 00:15:41,720
geez the two separate wrenches of

407
00:15:47,170 --> 00:15:44,699
calf mutilation investigations where

408
00:15:50,329 --> 00:15:47,180
it's the calf head

409
00:15:54,290 --> 00:15:50,339
and the legs and and the height is on

410
00:15:56,509 --> 00:15:54,300
the legs it's on on the head but all in

411
00:15:58,310 --> 00:15:56,519
between is clear which is clean just

412
00:16:01,069 --> 00:15:58,320
like you know the part you described

413
00:16:04,189 --> 00:16:01,079

with snippy the horse wow I actually

414

00:16:06,110 --> 00:16:04,199

I've actually investigated

415

00:16:07,730 --> 00:16:06,120

well let's see we had one Rancher had

416

00:16:09,889 --> 00:16:07,740

like four of those and another ratchet

417

00:16:11,810 --> 00:16:09,899

had one and that and this is what's

418

00:16:13,970 --> 00:16:11,820

really scary because you know your

419

00:16:15,949 --> 00:16:13,980

Skeptics will say well you know it's got

420

00:16:18,889 --> 00:16:15,959

to be a predator or a scavenger or

421

00:16:20,629 --> 00:16:18,899

something but with calves the ranchers

422

00:16:22,730 --> 00:16:20,639

keep an eye on their calves because of

423

00:16:25,310 --> 00:16:22,740

coyotes and they count them every day

424

00:16:27,350 --> 00:16:25,320

because it's this is a business they

425

00:16:30,170 --> 00:16:27,360

just don't have cows out there you know

426

00:16:32,449 --> 00:16:30,180

they you know their their answers and

427

00:16:34,610 --> 00:16:32,459

this is their job and they count the

428

00:16:35,990 --> 00:16:34,620

cows and they keep keep them all crowned

429

00:16:38,870 --> 00:16:36,000

together out in the fields and move them

430

00:16:40,910 --> 00:16:38,880

from field field so

431

00:16:42,230 --> 00:16:40,920

pretty much every time that I've been

432

00:16:44,569 --> 00:16:42,240

called for something like this where a

433

00:16:47,269 --> 00:16:44,579

calf has been missing is because it was

434

00:16:49,370 --> 00:16:47,279

counted the day before and the next day

435

00:16:51,470 --> 00:16:49,380

this is how they find it

436

00:16:53,329 --> 00:16:51,480

and when they fight an animal like that

437

00:16:56,210 --> 00:16:53,339

once again it's laying on the ground

438

00:16:59,090 --> 00:16:56,220

there's absolutely no signs of massive

439

00:17:00,829 --> 00:16:59,100

amounts of blood you know Carnage from a

440

00:17:03,050 --> 00:17:00,839

predator like a mountain lion coming and

441

00:17:04,669 --> 00:17:03,060

ripping things apart and be flesh

442

00:17:07,610 --> 00:17:04,679

everywhere and I actually did a Blog on

443

00:17:10,970 --> 00:17:07,620

that a few years ago where I showed what

444

00:17:13,549 --> 00:17:10,980

a mutilation case is and then what

445

00:17:15,470 --> 00:17:13,559

Carnage is from predators and how much

446

00:17:19,669 --> 00:17:15,480

blood is like everywhere and on the hide

447

00:17:22,549 --> 00:17:19,679

but even with a skinned skeleton I mean

448

00:17:25,010 --> 00:17:22,559

down to a skeleton there's no evidence

449

00:17:27,650 --> 00:17:25,020

of a blood on the ground and that's kind

450

00:17:29,930 --> 00:17:27,660

of scary when you really look at it from

451
00:17:31,310 --> 00:17:29,940
you know from a human point of viewing

452
00:17:33,950 --> 00:17:31,320
you know

453
00:17:36,049 --> 00:17:33,960
how that thing get skinned without

454
00:17:39,470 --> 00:17:36,059
leaving any trace of how it got skin and

455
00:17:41,870 --> 00:17:39,480
work all that skin is yeah except for

456
00:17:43,070 --> 00:17:41,880
one case I had one case and this was

457
00:17:44,270 --> 00:17:43,080
really interesting because I've done a

458
00:17:48,289 --> 00:17:44,280
lot of these

459
00:17:51,409 --> 00:17:48,299
um the animal was skin down to the head

460
00:17:54,110 --> 00:17:51,419
and and to the skeleton and it's always

461
00:17:56,690 --> 00:17:54,120
all connected it was laying here

462
00:17:58,370 --> 00:17:56,700
and the skin was laying next to it first

463
00:18:01,549 --> 00:17:58,380

time I've ever seen that

464

00:18:03,650 --> 00:18:01,559

and the hind end or or where the hips

465

00:18:06,110 --> 00:18:03,660

would be there were two holes

466

00:18:07,730 --> 00:18:06,120

symmetrical holes on each side never

467

00:18:10,250 --> 00:18:07,740

seen that before I've never seen it

468

00:18:13,010 --> 00:18:10,260

since that's got a mess that's your

469

00:18:16,850 --> 00:18:13,020

lunch break for sure yeah well I tell

470

00:18:19,250 --> 00:18:16,860

you you know it's um you do see

471

00:18:21,230 --> 00:18:19,260

something new every time and like I

472

00:18:23,570 --> 00:18:21,240

learned something new with uh with the

473

00:18:26,750 --> 00:18:23,580

Oregon case that and I've been working

474

00:18:28,130 --> 00:18:26,760

with a uh with a deputy on the Texas

475

00:18:29,510 --> 00:18:28,140

case too

476

00:18:30,830 --> 00:18:29,520

and we can talk about that a little

477

00:18:32,930 --> 00:18:30,840

later that I can tell you about the

478

00:18:35,570 --> 00:18:32,940

Oklahoma case I just happened like the

479

00:18:37,370 --> 00:18:35,580

night before last yeah so we covered the

480

00:18:39,049 --> 00:18:37,380

history kind of how this started and

481

00:18:40,970 --> 00:18:39,059

investigators now obviously through

482

00:18:42,409 --> 00:18:40,980

times like in the 70s and 80s you had

483

00:18:45,110 --> 00:18:42,419

Linda Moulton Howe which we're having

484

00:18:46,970 --> 00:18:45,120

soon Louis on the on the show and uh she

485

00:18:48,890 --> 00:18:46,980

she was investigating this and obviously

486

00:18:51,289 --> 00:18:48,900

you know people like um Chris

487

00:18:52,430 --> 00:18:51,299

Christopher O'Brien investigate this as

488

00:18:54,169 --> 00:18:52,440

well

489

00:18:55,909 --> 00:18:54,179

um you know you're kind of thrown into

490

00:18:58,130 --> 00:18:55,919

this this is something that you're now

491

00:18:59,630 --> 00:18:58,140

part of and investigating one it's got

492

00:19:01,610 --> 00:18:59,640

to be a little bit surreal that you get

493

00:19:03,289 --> 00:19:01,620

to do this when nobody else seems

494

00:19:04,789 --> 00:19:03,299

interested and you're like oh boy oh boy

495

00:19:06,590 --> 00:19:04,799

it's like going to a candy store at this

496

00:19:08,750 --> 00:19:06,600

point he says what else am I gonna find

497

00:19:11,570 --> 00:19:08,760

right oh it's like oh boy a boy I gotta

498

00:19:13,250 --> 00:19:11,580

drive another three hours

499

00:19:15,049 --> 00:19:13,260

your dime too right because you're not

500

00:19:17,390 --> 00:19:15,059

being paid to do this so that's that's

501
00:19:20,210 --> 00:19:17,400
another thing that uh is pretty cool

502
00:19:21,470 --> 00:19:20,220
well you know now I'm not discrediting

503
00:19:27,110 --> 00:19:21,480
Linda

504
00:19:30,049 --> 00:19:27,120
is I'm a field investigator

505
00:19:32,450 --> 00:19:30,059
um and there are more uh investigative

506
00:19:34,730 --> 00:19:32,460
journalists right okay you know Chris

507
00:19:36,409 --> 00:19:34,740
Wolverine writes books from it London

508
00:19:38,630 --> 00:19:36,419
how well she just says she's an

509
00:19:41,750 --> 00:19:38,640
investigative journals and so they

510
00:19:44,150 --> 00:19:41,760
really don't get deep into it they get

511
00:19:45,710 --> 00:19:44,160
enough of whatever information they need

512
00:19:47,750 --> 00:19:45,720
and then they kind of speculate from

513
00:19:49,730 --> 00:19:47,760

that and I'm not saying anything

514

00:19:51,950 --> 00:19:49,740

negative about it because Linda you know

515

00:19:53,630 --> 00:19:51,960

if uh you know she she started a ball

516

00:19:56,570 --> 00:19:53,640

you know the ball rolling yeah Pioneer

517

00:19:58,730 --> 00:19:56,580

right yeah right right and and and you

518

00:20:01,250 --> 00:19:58,740

know I respect her that says that one of

519

00:20:03,950 --> 00:20:01,260

the differences is you know

520

00:20:05,990 --> 00:20:03,960

I'm the guy like

521

00:20:09,710 --> 00:20:06,000

um do you know La marzulla have you

522

00:20:11,450 --> 00:20:09,720

heard of him no I don't think so no well

523

00:20:13,310 --> 00:20:11,460

um you know he has his own his own

524

00:20:15,710 --> 00:20:13,320

channel and his his own movies and stuff

525

00:20:17,029 --> 00:20:15,720

and and um

526

00:20:19,190 --> 00:20:17,039

we were kind of like shooting a

527

00:20:20,930 --> 00:20:19,200

documentary about about a month or so

528

00:20:23,450 --> 00:20:20,940

ago out in the middle of nowhere in

529

00:20:27,110 --> 00:20:23,460

Colorado and uh

530

00:20:28,669 --> 00:20:27,120

and while he was in the motel or hotel

531

00:20:31,990 --> 00:20:28,679

sleeping

532

00:20:35,029 --> 00:20:32,000

um I was out in the middle of you know

533

00:20:38,750 --> 00:20:35,039

of nowhere with the night vision camera

534

00:20:40,730 --> 00:20:38,760

to about you know 11 11 30 at night by

535

00:20:42,590 --> 00:20:40,740

myself just look it was a clear night

536

00:20:44,270 --> 00:20:42,600

and I took advantage of it and I just

537

00:20:47,090 --> 00:20:44,280

you know in an area where there have

538

00:20:48,590 --> 00:20:47,100

been UFO sightings in the past so these

539

00:20:51,049 --> 00:20:48,600

are some of the things that people won't

540

00:20:53,029 --> 00:20:51,059

do is you know they put their you know

541

00:20:54,350 --> 00:20:53,039

their own health at risk or life at risk

542

00:20:55,430 --> 00:20:54,360

by going out to these areas by

543

00:20:58,549 --> 00:20:55,440

themselves

544

00:20:59,990 --> 00:20:58,559

to satisfy you know their own drive and

545

00:21:02,750 --> 00:21:00,000

yeah I've been called

546

00:21:06,049 --> 00:21:02,760

you know less than smart for doing that

547

00:21:08,330 --> 00:21:06,059

back in the day I would I would uh tell

548

00:21:10,370 --> 00:21:08,340

my wife this is where I'm going

549

00:21:12,169 --> 00:21:10,380

I have I plan to be home by three in the

550

00:21:13,310 --> 00:21:12,179

morning if I'm not at home by five call

551
00:21:14,990 --> 00:21:13,320
the police

552
00:21:15,950 --> 00:21:15,000
and literally you know that's what I

553
00:21:18,289 --> 00:21:15,960
would tell her

554
00:21:20,090 --> 00:21:18,299
but nobody else wants to do that stuff

555
00:21:22,970 --> 00:21:20,100
you know and when you take people with

556
00:21:25,250 --> 00:21:22,980
you they turn it into a camp capfire and

557
00:21:26,690 --> 00:21:25,260
you know and then it is you know you

558
00:21:28,730 --> 00:21:26,700
gotta really

559
00:21:31,070 --> 00:21:28,740
be in that mode

560
00:21:34,250 --> 00:21:31,080
I don't say stealth but you know you

561
00:21:36,230 --> 00:21:34,260
just gotta you know black out the lights

562
00:21:37,669 --> 00:21:36,240
and everything hang back and just wait

563
00:21:38,990 --> 00:21:37,679

for something if something's going to

564

00:21:41,870 --> 00:21:39,000

happen

565

00:21:43,310 --> 00:21:41,880

uh just Spare Time stuff that's just

566

00:21:45,950 --> 00:21:43,320

stuff I do in the spare time in between

567

00:21:48,049 --> 00:21:45,960

investigations right that's kind of

568

00:21:49,789 --> 00:21:48,059

stupid but I do pick up some some

569

00:21:50,510 --> 00:21:49,799

strange lights sometimes not all the

570

00:21:51,830 --> 00:21:50,520

time

571

00:21:54,289 --> 00:21:51,840

yeah I want to ask you about that

572

00:21:56,810 --> 00:21:54,299

there's also been reports of like balls

573

00:21:59,690 --> 00:21:56,820

of light sometimes UFOs sometimes even

574

00:22:01,909 --> 00:21:59,700

Bigfoot associated in the same area as

575

00:22:04,850 --> 00:22:01,919

cattle mutilation so can you share any

576

00:22:07,909 --> 00:22:04,860

cool info in regards to that yeah um I

577

00:22:10,669 --> 00:22:07,919

was doing uh well we were researching

578

00:22:12,409 --> 00:22:10,679

I say we because a buddy by Joel fix

579

00:22:15,230 --> 00:22:12,419

who's a Bigfoot investigator was with me

580

00:22:15,950 --> 00:22:15,240

and we were in the San Luis Valley

581

00:22:18,169 --> 00:22:15,960

um

582

00:22:21,289 --> 00:22:18,179

on the other side of Hooper or the

583

00:22:24,830 --> 00:22:21,299

Watchtower is and we had heard of a

584

00:22:27,289 --> 00:22:24,840

mutilation case that was at the base of

585

00:22:29,390 --> 00:22:27,299

the mountains and also a Bigfoot and you

586

00:22:31,070 --> 00:22:29,400

know sighting and that's why Joe was

587

00:22:33,110 --> 00:22:31,080

with me the being a Bigfoot investigator

588

00:22:36,409 --> 00:22:33,120

and we went out and that was one of the

589

00:22:37,850 --> 00:22:36,419

first times where I actually you know we

590

00:22:39,470 --> 00:22:37,860

didn't find a carcass and we were

591

00:22:41,450 --> 00:22:39,480

looking for bigfoot Footprints and stuff

592

00:22:44,270 --> 00:22:41,460

we didn't find anything but that was the

593

00:22:46,250 --> 00:22:44,280

first time that uh

594

00:22:48,529 --> 00:22:46,260

you know I was called to do that type of

595

00:22:50,870 --> 00:22:48,539

investigation a combination of Bigfoot

596

00:22:53,450 --> 00:22:50,880

and an animal mutilation it's really

597

00:22:56,090 --> 00:22:53,460

interesting now we do get a lot of UFO

598

00:22:59,870 --> 00:22:56,100

sightings around Bigfoot sightings

599

00:23:02,870 --> 00:22:59,880

so one's watching the other you know and

600

00:23:05,390 --> 00:23:02,880

and and so you have a third person like

601
00:23:07,850 --> 00:23:05,400
someone out there hiking or camping and

602
00:23:11,110 --> 00:23:07,860
they can experience both those things

603
00:23:14,450 --> 00:23:11,120
but it's it's really interesting

604
00:23:16,370 --> 00:23:14,460
how how battle emulations can correlate

605
00:23:18,230 --> 00:23:16,380
with other things too like UFOs and bid

606
00:23:20,270 --> 00:23:18,240
for right because the two have been

607
00:23:22,610 --> 00:23:20,280
linked for quite some time I mean it's

608
00:23:25,070 --> 00:23:22,620
it's not uncommon you've got toys now

609
00:23:26,870 --> 00:23:25,080
that they sell even I have a painting

610
00:23:29,330 --> 00:23:26,880
back there that I painted of a cow being

611
00:23:31,789 --> 00:23:29,340
taken by a flying saucer I mean it's

612
00:23:34,130 --> 00:23:31,799
it's so common we all sort of accept it

613
00:23:36,110 --> 00:23:34,140

right but I got shirts I got a shirt of

614

00:23:38,270 --> 00:23:36,120

a Bigfoot actually being abducted by a

615

00:23:41,210 --> 00:23:38,280

flying saucer flying other than another

616

00:23:42,890 --> 00:23:41,220

one with a cow and yeah but you know

617

00:23:44,330 --> 00:23:42,900

it's I get people all the time because

618

00:23:46,730 --> 00:23:44,340

I've done some Bigfoot investigations

619

00:23:48,890 --> 00:23:46,740

and I have to be honest with you I was

620

00:23:49,909 --> 00:23:48,900

often my ride over here I've got I don't

621

00:23:52,370 --> 00:23:49,919

know if you probably can't see it but

622

00:23:55,610 --> 00:23:52,380

there's a footprint from the Patterson

623

00:23:57,950 --> 00:23:55,620

case okay can I see it yeah and uh you

624

00:23:59,450 --> 00:23:57,960

know it's a first generation well not

625

00:24:01,430 --> 00:23:59,460

first generation second generation from

626

00:24:03,649 --> 00:24:01,440

the very the actual print

627

00:24:04,970 --> 00:24:03,659

and even with the Bigfoot Footprints of

628

00:24:06,830 --> 00:24:04,980

some of the footprints you see out there

629

00:24:09,470 --> 00:24:06,840

when you go back to the Paterson cases

630

00:24:12,470 --> 00:24:09,480

certain things about footprint and

631

00:24:15,289 --> 00:24:12,480

certain lines that depicts what a what a

632

00:24:17,330 --> 00:24:15,299

real bigfooted you know casting is as

633

00:24:19,610 --> 00:24:17,340

opposed to a fake one and that's why I

634

00:24:22,010 --> 00:24:19,620

like having that there because

635

00:24:24,230 --> 00:24:22,020

um you know that's you know that's my

636

00:24:26,210 --> 00:24:24,240

model of determining what's real and

637

00:24:27,950 --> 00:24:26,220

what's not and what could be fake but

638

00:24:30,110 --> 00:24:27,960

it's been going on for a long time too

639

00:24:31,549 --> 00:24:30,120

one of the lucky things about me being

640

00:24:33,350 --> 00:24:31,559

out here in Colorado

641

00:24:35,270 --> 00:24:33,360

is you know we're in the four corners

642

00:24:37,610 --> 00:24:35,280

area but um

643

00:24:40,010 --> 00:24:37,620

you know uh Colorado Springs has a new

644

00:24:42,169 --> 00:24:40,020

tribe and you get out to San Luis Valley

645

00:24:43,549 --> 00:24:42,179

and it'll be you know Navajo and then

646

00:24:46,610 --> 00:24:43,559

you get into New Mexico and you have the

647

00:24:48,289 --> 00:24:46,620

Apaches so I've been extremely lucky to

648

00:24:50,270 --> 00:24:48,299

be able to talk with our Native

649

00:24:52,250 --> 00:24:50,280

Americans and to hear about you know

650

00:24:54,649 --> 00:24:52,260

their stories that have been brought up

651
00:24:57,289 --> 00:24:54,659
through the history and I have to be

652
00:24:57,950 --> 00:24:57,299
well this is really interesting so you

653
00:24:59,690 --> 00:24:57,960
know

654
00:25:02,029 --> 00:24:59,700
doesn't matter what tribe you talk to

655
00:25:03,529 --> 00:25:02,039
they have their own name for bigfoot of

656
00:25:05,990 --> 00:25:03,539
course Sasquatch is a Native American

657
00:25:08,630 --> 00:25:06,000
name and they have their own own name

658
00:25:11,990 --> 00:25:08,640
for you know UFOs

659
00:25:13,909 --> 00:25:12,000
but I talked to you know a youth the

660
00:25:16,789 --> 00:25:13,919
Elder and found out that they have their

661
00:25:18,830 --> 00:25:16,799
own name for a gray alien oh really oh

662
00:25:20,810 --> 00:25:18,840
yeah and this is something that has been

663
00:25:24,230 --> 00:25:20,820

going through generations

664

00:25:26,990 --> 00:25:24,240

and so the Grays may be something new to

665

00:25:30,529 --> 00:25:27,000

us you know at least within the past you

666

00:25:32,750 --> 00:25:30,539

know 50 60 years or since Roswell but uh

667

00:25:34,850 --> 00:25:32,760

to the Native Americans these stories

668

00:25:37,310 --> 00:25:34,860

are kind of like handed down handed down

669

00:25:39,830 --> 00:25:37,320

it's really even even Tommy knockers or

670

00:25:42,830 --> 00:25:39,840

men and Unis and leprechauns and stuff

671

00:25:46,490 --> 00:25:42,840

the Native Americans have their own form

672

00:25:48,110 --> 00:25:46,500

of the leprechaun or Tommy knocker and

673

00:25:50,690 --> 00:25:48,120

they all have a name for that they've

674

00:25:51,890 --> 00:25:50,700

all seen them you know and they they air

675

00:25:53,570 --> 00:25:51,900

it out and they'll still see these

676

00:25:56,330 --> 00:25:53,580

little guys so there's a lot of stuff

677

00:26:00,529 --> 00:25:56,340

going on out there I think John Mack did

678

00:26:02,210 --> 00:26:00,539

ask the Dalai Lama if they had such

679

00:26:04,549 --> 00:26:02,220

tails and stuff like that about little

680

00:26:06,289 --> 00:26:04,559

guys that broke into people's homes and

681

00:26:08,029 --> 00:26:06,299

took them in the middle of the night and

682

00:26:10,909 --> 00:26:08,039

he said yes they did in Tibet they they

683

00:26:13,070 --> 00:26:10,919

have legends about that as well so it's

684

00:26:15,470 --> 00:26:13,080

crazy this phenomenon even not you know

685

00:26:17,390 --> 00:26:15,480

now it's modern I mean we we're zooming

686

00:26:18,830 --> 00:26:17,400

from a great distance right now it's

687

00:26:20,930 --> 00:26:18,840

amazing what we can do with technology

688

00:26:23,750 --> 00:26:20,940

but back in the day when we can share

689

00:26:25,730 --> 00:26:23,760

this information it just stayed local it

690

00:26:28,010 --> 00:26:25,740

was a local problem it wasn't a global

691

00:26:29,570 --> 00:26:28,020

problem but now we're noticing you're

692

00:26:35,630 --> 00:26:29,580

absolutely right I mean it wasn't until

693

00:26:42,110 --> 00:26:39,049

you know what's going on realize that um

694

00:26:43,970 --> 00:26:42,120

you know they're gonna lose what hold

695

00:26:46,669 --> 00:26:43,980

they have on it because of social media

696

00:26:50,510 --> 00:26:46,679

everybody that has a a phone right has

697

00:26:51,590 --> 00:26:50,520

got a video and and photo capability and

698

00:26:53,570 --> 00:26:51,600

you know the phones are getting better

699

00:26:54,649 --> 00:26:53,580

and better now at filming a matter of

700

00:26:56,390 --> 00:26:54,659

fact

701
00:26:57,289 --> 00:26:56,400
um for your viewers and listeners out

702
00:27:00,049 --> 00:26:57,299
there

703
00:27:02,149 --> 00:27:00,059
if you see a UFO you see something I

704
00:27:04,549 --> 00:27:02,159
identified it could be a ball of light

705
00:27:07,549 --> 00:27:04,559
floating by you on the ground or

706
00:27:10,010 --> 00:27:07,559
something floating by please put your

707
00:27:12,470 --> 00:27:10,020
camera on video mode and shoot video do

708
00:27:14,330 --> 00:27:12,480
not shoot photos especially if there's a

709
00:27:16,610 --> 00:27:14,340
light in the sky do not shoot a photo on

710
00:27:19,010 --> 00:27:16,620
it because when they get turned into the

711
00:27:22,310 --> 00:27:19,020
investigators like me it just looks like

712
00:27:23,750 --> 00:27:22,320
a star or a planet you know and and it

713
00:27:26,330 --> 00:27:23,760

really is really nothing we can do about

714

00:27:28,250 --> 00:27:26,340

it's a great story oh yeah this thing

715

00:27:29,870 --> 00:27:28,260

shot off in that well you know if you're

716

00:27:32,570 --> 00:27:29,880

on video mode you would have caught that

717

00:27:34,310 --> 00:27:32,580

so I always mention on podcasts that if

718

00:27:36,590 --> 00:27:34,320

you see anything anybody seen anything

719

00:27:38,810 --> 00:27:36,600

out there click it on video mode and in

720

00:27:40,789 --> 00:27:38,820

some cases you'll get better Lighting on

721

00:27:42,890 --> 00:27:40,799

video mode than you will on Photo

722

00:27:47,049 --> 00:27:42,900

because photo is trying to take pictures

723

00:27:49,370 --> 00:27:47,059

the software tries to change background

724

00:27:52,070 --> 00:27:49,380

likes and the whole bit to give you the

725

00:27:53,630 --> 00:27:52,080

best photo where video is it's a little

726

00:27:55,370 --> 00:27:53,640

different right and you get multiple

727

00:27:57,890 --> 00:27:55,380

frames out of video too that you could

728

00:27:59,810 --> 00:27:57,900

place and one may not be as good but you

729

00:28:01,549 --> 00:27:59,820

were speaking about Native Legends and

730

00:28:05,090 --> 00:28:01,559

we have an upcoming episode with Avery

731

00:28:07,190 --> 00:28:05,100

Tafoya so he's a hickory Apache Elder a

732

00:28:08,990 --> 00:28:07,200

tribal council member and when we

733

00:28:11,330 --> 00:28:09,000

chatted with him about Archuleta Mesa

734

00:28:14,029 --> 00:28:11,340

and UFOs and Bigfoot and all the rest he

735

00:28:16,430 --> 00:28:14,039

mentioned that along with sightings and

736

00:28:18,350 --> 00:28:16,440

cattle mutilations that they typically

737

00:28:20,090 --> 00:28:18,360

see a lot of black helicopters and so I

738

00:28:22,970 --> 00:28:20,100

asked them about the mutilations and

739

00:28:24,890 --> 00:28:22,980

said do you think this is ET or some

740

00:28:27,289 --> 00:28:24,900

type of other being or are these

741

00:28:28,850 --> 00:28:27,299

man-made and I was surprised when he's

742

00:28:31,430 --> 00:28:28,860

his opinion was that it's the military

743

00:28:33,950 --> 00:28:31,440

doing it and I'm not sure if that's just

744

00:28:35,930 --> 00:28:33,960

because of the proximity of how soon you

745

00:28:37,669 --> 00:28:35,940

see them I kind of look at it that maybe

746

00:28:39,409 --> 00:28:37,679

the military's investigating knowing

747

00:28:41,210 --> 00:28:39,419

that these things happen but I thought

748

00:28:42,769 --> 00:28:41,220

that it's such a similar topic and you

749

00:28:44,390 --> 00:28:42,779

just brought it up what are your

750

00:28:46,730 --> 00:28:44,400

thoughts on that is this an outside

751

00:28:49,190 --> 00:28:46,740

force doing this or is this oh yeah it's

752

00:28:50,930 --> 00:28:49,200

an outside force because first off you

753

00:28:53,750 --> 00:28:50,940

know this has been going on for so long

754

00:28:55,909 --> 00:28:53,760

like with snippy the horse back in 67

755

00:28:57,409 --> 00:28:55,919

you know we didn't have you know the

756

00:28:59,330 --> 00:28:57,419

stuff helicopters well matter of fact

757

00:29:01,789 --> 00:28:59,340

you know it's it's really interesting

758

00:29:03,409 --> 00:29:01,799

where some people Skeptics will say

759

00:29:04,970 --> 00:29:03,419

actually I had one guy tell me well you

760

00:29:07,549 --> 00:29:04,980

know it's a special forces and when they

761

00:29:09,350 --> 00:29:07,559

graduate you know part of the graduation

762

00:29:10,669 --> 00:29:09,360

is the mutilated animals sneak in and

763

00:29:12,769 --> 00:29:10,679

sneak out and they have stealth

764

00:29:15,070 --> 00:29:12,779

helicopters in this and then I kind

765

00:29:18,230 --> 00:29:15,080

of I go back and say well you know since

766

00:29:21,830 --> 00:29:18,240

1967 when snippy the horse went public

767

00:29:23,810 --> 00:29:21,840

we've had well over 10 000 cases report

768

00:29:26,810 --> 00:29:23,820

of animal mutilations more than that

769

00:29:28,789 --> 00:29:26,820

actually now now it doesn't mean that

770

00:29:31,070 --> 00:29:28,799

you know for every case that I do like

771

00:29:33,590 --> 00:29:31,080

the case in Oregon I found out that that

772

00:29:36,470 --> 00:29:33,600

guy was hitting before in the mid 70s

773

00:29:39,590 --> 00:29:36,480

and I also find out another area near

774

00:29:41,210 --> 00:29:39,600

him was hit so one case turns into okay

775

00:29:42,590 --> 00:29:41,220

the three events actually happen there

776

00:29:44,149 --> 00:29:42,600

so that's how you get up to the ten

777

00:29:46,250 --> 00:29:44,159

thousand over ten thousand cases over

778

00:29:47,570 --> 00:29:46,260

the period of years but this guy says he

779

00:29:49,370 --> 00:29:47,580

had to come it was a self-help

780

00:29:50,630 --> 00:29:49,380

accomplish and do it all and then I

781

00:29:53,389 --> 00:29:50,640

always like to throw back you know when

782

00:29:55,669 --> 00:29:53,399

we were going after bin Laden

783

00:29:57,230 --> 00:29:55,679

um you know it was a Seal Team Six sort

784

00:29:59,210 --> 00:29:57,240

of a stealth helicopter into the

785

00:30:02,269 --> 00:29:59,220

compound and

786

00:30:03,830 --> 00:30:02,279

if you know they had issues with the

787

00:30:05,149 --> 00:30:03,840

helicopter and they had to blow it up

788

00:30:06,470 --> 00:30:05,159

right

789

00:30:08,630 --> 00:30:06,480

so I don't know if you you know you're

790

00:30:10,070 --> 00:30:08,640

familiar with that not too familiar with

791

00:30:12,409 --> 00:30:10,080

the story but that's awesome that sounds

792

00:30:14,029 --> 00:30:12,419

like a movie yeah well I mean that's you

793

00:30:16,250 --> 00:30:14,039

know when they when they went after him

794

00:30:19,310 --> 00:30:16,260

uh you know they had mechanical problems

795

00:30:20,690 --> 00:30:19,320

and and a helicopter was inside a

796

00:30:22,850 --> 00:30:20,700

compound and then they actually had to

797

00:30:25,250 --> 00:30:22,860

blow it up and had another helicopter

798

00:30:27,110 --> 00:30:25,260

and that was a stealth helicopter so

799

00:30:30,169 --> 00:30:27,120

even the best best

800

00:30:32,889 --> 00:30:30,179

that the U.S has for soldiers and the

801
00:30:36,289 --> 00:30:32,899
best of the best the technology failed

802
00:30:38,210 --> 00:30:36,299
right okay one out of two fifty percent

803
00:30:40,490 --> 00:30:38,220
you know there was two helicopters one

804
00:30:43,010 --> 00:30:40,500
failed and they were safely you know

805
00:30:45,409 --> 00:30:43,020
they were able to safely leave so now

806
00:30:48,889 --> 00:30:45,419
you have all these you know 10 000 cases

807
00:30:51,889 --> 00:30:48,899
you think one case out of ten thousand

808
00:30:53,630 --> 00:30:51,899
because humans were not perfected we

809
00:30:55,669 --> 00:30:53,640
leave evidence and we do all kinds of

810
00:30:57,110 --> 00:30:55,679
stuff you think out of those cases that

811
00:31:00,350 --> 00:30:57,120
were investigated by law enforcement

812
00:31:03,529 --> 00:31:00,360
there would have been one screw up if it

813
00:31:05,269 --> 00:31:03,539

was special forces which tells you know

814

00:31:07,370 --> 00:31:05,279

hey if you just got to just look at you

815

00:31:09,590 --> 00:31:07,380

know the reality of it and think about

816

00:31:11,690 --> 00:31:09,600

it intelligently everybody makes

817

00:31:14,090 --> 00:31:11,700

mistakes Nobody's Perfect

818

00:31:16,669 --> 00:31:14,100

the the one thing I learned as a when I

819

00:31:19,610 --> 00:31:16,679

was a deputy and animal relations are

820

00:31:22,310 --> 00:31:19,620

crimes it's an animal cruelty crime and

821

00:31:24,649 --> 00:31:22,320

in Colorado it's a misdemeanor if you

822

00:31:27,529 --> 00:31:24,659

get caught killing an animal if you get

823

00:31:28,669 --> 00:31:27,539

caught killing multiple animals

824

00:31:31,970 --> 00:31:28,679

felony

825

00:31:33,950 --> 00:31:31,980

so now you're a felt for you know so if

826

00:31:36,230 --> 00:31:33,960

they take it seriously

827

00:31:38,870 --> 00:31:36,240

so it's and then also the ranchers out

828

00:31:41,029 --> 00:31:38,880

here in Colorado by law can protect

829

00:31:42,710 --> 00:31:41,039

their livestock and shoot you if they

830

00:31:44,570 --> 00:31:42,720

catch you trying to kill part of their

831

00:31:45,590 --> 00:31:44,580

livestock they can take a shot at you

832

00:31:48,289 --> 00:31:45,600

legally

833

00:31:49,730 --> 00:31:48,299

so it's risky business right it is it is

834

00:31:53,090 --> 00:31:49,740

yeah especially if you're the person

835

00:31:57,529 --> 00:31:53,100

that's doing the the cutting up so um

836

00:31:59,330 --> 00:31:57,539

you know in all those cases the 10 000

837

00:32:00,590 --> 00:31:59,340

cases that law enforcement has

838

00:32:03,049 --> 00:32:00,600

investigated

839

00:32:06,350 --> 00:32:03,059

not once have they ever found any

840

00:32:10,549 --> 00:32:06,360

evidence of who committed a crime if

841

00:32:12,710 --> 00:32:10,559

it'd be a predator or a human and and

842

00:32:16,789 --> 00:32:12,720

one thing I like I said I did learn as

843

00:32:19,430 --> 00:32:16,799

as a deputy was every crime

844

00:32:21,529 --> 00:32:19,440

leaves evidence

845

00:32:23,450 --> 00:32:21,539

now we have books and books and books

846

00:32:24,409 --> 00:32:23,460

about humans leading evidence and crimes

847

00:32:26,029 --> 00:32:24,419

and stuff but we don't want to have

848

00:32:27,889 --> 00:32:26,039

anything when it comes to the Paranormal

849

00:32:29,450 --> 00:32:27,899

so we're kind of writing this as we go

850

00:32:32,330 --> 00:32:29,460

along so when it comes to animal

851

00:32:34,130 --> 00:32:32,340

mutilations as a field investigator as

852

00:32:36,470 --> 00:32:34,140

opposed to the investigative journalists

853

00:32:39,289 --> 00:32:36,480

who don't do this you try to come up

854

00:32:41,330 --> 00:32:39,299

with ways of capturing evidence you

855

00:32:42,169 --> 00:32:41,340

don't know about and evidence you can't

856

00:32:43,850 --> 00:32:42,179

see

857

00:32:45,350 --> 00:32:43,860

and you go well how do you do that well

858

00:32:46,310 --> 00:32:45,360

you know you just got to be very

859

00:32:50,210 --> 00:32:46,320

creative

860

00:32:52,430 --> 00:32:50,220

a few of my cases I've shot a full

861

00:32:54,470 --> 00:32:52,440

spectrum camera during the daytime well

862

00:32:57,110 --> 00:32:54,480

how'd you do that well you know I have a

863

00:32:59,029 --> 00:32:57,120

a white light block or filter that fits

864

00:33:01,490 --> 00:32:59,039

over the camera blocks out all the white

865

00:33:03,889 --> 00:33:01,500

lights so I can see you know everything

866

00:33:06,710 --> 00:33:03,899

other than white light white light is

867

00:33:09,470 --> 00:33:06,720

what we can see I want to see infrared

868

00:33:12,110 --> 00:33:09,480

right I want to see what our eyes can't

869

00:33:14,630 --> 00:33:12,120

see and um so I have a new camera now

870

00:33:16,850 --> 00:33:14,640

that that I have a filter for that too

871

00:33:18,830 --> 00:33:16,860

so you look for stuff like that of

872

00:33:20,630 --> 00:33:18,840

course you know we we've used black

873

00:33:23,450 --> 00:33:20,640

lights looking for fluorescence and

874

00:33:25,610 --> 00:33:23,460

other things too but you really got to

875

00:33:27,529 --> 00:33:25,620

think out of the box way out of the box

876

00:33:30,409 --> 00:33:27,539

to try and figure out how to capture

877

00:33:32,990 --> 00:33:30,419

evidence you know is there right I just

878

00:33:35,090 --> 00:33:33,000

don't know what it is so this phenomenon

879

00:33:37,430 --> 00:33:35,100

we talked about this or touched on it

880

00:33:39,769 --> 00:33:37,440

really briefly is global it's an issue

881

00:33:41,870 --> 00:33:39,779

and it seems to jump around in the

882

00:33:44,269 --> 00:33:41,880

United States it seems like it comes in

883

00:33:45,889 --> 00:33:44,279

waves all the time and it does so in

884

00:33:47,750 --> 00:33:45,899

Europe as well I mean Europe just went

885

00:33:50,029 --> 00:33:47,760

through a phase of having mutilations

886

00:33:52,610 --> 00:33:50,039

there as well some of their livestock

887

00:33:55,430 --> 00:33:52,620

including horses and now it's picking

888

00:33:57,110 --> 00:33:55,440

back up again in the states and I know

889

00:33:58,610 --> 00:33:57,120

there's just a new wave to just started

890

00:34:01,070 --> 00:33:58,620

and we're going to get into that on how

891

00:34:03,889 --> 00:34:01,080

you got to start in this new wave but

892

00:34:05,570 --> 00:34:03,899

how many a year do you normally get how

893

00:34:07,730 --> 00:34:05,580

many cases a year

894

00:34:10,310 --> 00:34:07,740

well I was just talking to a Rancher

895

00:34:13,430 --> 00:34:10,320

last month and you know was that his

896

00:34:16,129 --> 00:34:13,440

site and uh talking in this was the

897

00:34:18,050 --> 00:34:16,139

Rancher that's had I forget 14 or 15

898

00:34:20,750 --> 00:34:18,060

mutilation cases

899

00:34:21,710 --> 00:34:20,760

uh it's been quiet for the past couple

900

00:34:24,290 --> 00:34:21,720

years

901
00:34:27,109 --> 00:34:24,300
and when I hear about mutilations

902
00:34:30,050 --> 00:34:27,119
occurring anywhere in the U.S I always

903
00:34:31,129 --> 00:34:30,060
hit I text my renters to let them know

904
00:34:32,990 --> 00:34:31,139
hey

905
00:34:35,690 --> 00:34:33,000
could be something you know just just

906
00:34:37,669 --> 00:34:35,700
you know stay aware but

907
00:34:39,889 --> 00:34:37,679
um you know I was just talking to Tom

908
00:34:42,530 --> 00:34:39,899
and Sally and then I was talking to Mike

909
00:34:44,629 --> 00:34:42,540
and and we're going well it's been it's

910
00:34:46,970 --> 00:34:44,639
been quiet for a couple of years and you

911
00:34:49,490 --> 00:34:46,980
know it's coming back so the problem is

912
00:34:50,990 --> 00:34:49,500
and I spent a lot of time when I first

913
00:34:53,750 --> 00:34:51,000

got involved in this to try to figure

914

00:34:55,490 --> 00:34:53,760

out if there was a pattern right and and

915

00:34:58,250 --> 00:34:55,500

I would look at

916

00:35:00,890 --> 00:34:58,260

um you know moon phases or you know

917

00:35:02,089 --> 00:35:00,900

anything that has to do with you know

918

00:35:04,970 --> 00:35:02,099

um

919

00:35:06,910 --> 00:35:04,980

meteorite showers or you know anything

920

00:35:09,470 --> 00:35:06,920

like that anything that I could look at

921

00:35:12,349 --> 00:35:09,480

that you know happens

922

00:35:14,270 --> 00:35:12,359

that we could actually monitor the

923

00:35:17,089 --> 00:35:14,280

problem is

924

00:35:19,190 --> 00:35:17,099

is we can't see the big picture

925

00:35:20,990 --> 00:35:19,200

now you know we're constantly moving and

926

00:35:22,550 --> 00:35:21,000

over sitting down still right now but

927

00:35:24,890 --> 00:35:22,560

the Earth is spinning we're moving right

928

00:35:27,349 --> 00:35:24,900

the Earth is moving around the Sun so

929

00:35:29,990 --> 00:35:27,359

we're moving around that the sun is is

930

00:35:31,490 --> 00:35:30,000

moving inside our galaxy our galaxy is

931

00:35:35,530 --> 00:35:31,500

moving towards the Andromeda galaxy

932

00:35:39,050 --> 00:35:35,540

we're never in the same space

933

00:35:43,010 --> 00:35:39,060

every millisecond we're in a new part of

934

00:35:44,690 --> 00:35:43,020

Uncharted space literally right they

935

00:35:47,150 --> 00:35:44,700

really are you know we we travel back

936

00:35:49,430 --> 00:35:47,160

and forth you know to you know we won't

937

00:35:50,569 --> 00:35:49,440

get on the moon and whatever and and our

938

00:35:52,370 --> 00:35:50,579

probes and you know hitting the

939

00:35:54,470 --> 00:35:52,380

different planets but that's in our

940

00:35:55,970 --> 00:35:54,480

little tiny space that's like me moving

941

00:35:57,650 --> 00:35:55,980

around in this room

942

00:35:59,990 --> 00:35:57,660

but you have to go outside that room

943

00:36:01,630 --> 00:36:00,000

outside the house outside the state

944

00:36:04,730 --> 00:36:01,640

outside the country

945

00:36:06,589 --> 00:36:04,740

you know to to Really to understand the

946

00:36:09,109 --> 00:36:06,599

big picture that we're never in the same

947

00:36:12,349 --> 00:36:09,119

space twice so that means there could be

948

00:36:14,329 --> 00:36:12,359

events happening way out of our you know

949

00:36:17,390 --> 00:36:14,339

thought process our control of what

950

00:36:19,250 --> 00:36:17,400

could be you know some of the key

951
00:36:21,349 --> 00:36:19,260
factors of what's going on you're in a

952
00:36:23,390 --> 00:36:21,359
little tiny planet you know so it's but

953
00:36:25,910 --> 00:36:23,400
here I haven't really

954
00:36:27,770 --> 00:36:25,920
you know I've got some ideas you know

955
00:36:29,450 --> 00:36:27,780
when I came up with the 37th parallel

956
00:36:31,490 --> 00:36:29,460
thing and we could talk I don't know we

957
00:36:33,650 --> 00:36:31,500
probably talked about that earlier you

958
00:36:36,230 --> 00:36:33,660
know getting some ideas of how we can

959
00:36:37,310 --> 00:36:36,240
track stuff here in the U.S when it's

960
00:36:40,430 --> 00:36:37,320
active

961
00:36:42,109 --> 00:36:40,440
right yeah but uh but not one is not

962
00:36:44,510 --> 00:36:42,119
active and I know there's a lot of

963
00:36:47,089 --> 00:36:44,520

people who you know well I don't want to

964

00:36:48,770 --> 00:36:47,099

say claim to be psychic but uh you know

965

00:36:50,810 --> 00:36:48,780

that oh yeah something's gonna happen

966

00:36:54,170 --> 00:36:50,820

well you know like Nostradamus or else

967

00:36:57,770 --> 00:36:54,180

sleeping profit but um

968

00:36:59,390 --> 00:36:57,780

you really don't you really don't know

969

00:37:01,250 --> 00:36:59,400

we don't know how to think like these

970

00:37:02,810 --> 00:37:01,260

guys too if there are aliens you would

971

00:37:05,569 --> 00:37:02,820

have to think like an alien to be an

972

00:37:07,790 --> 00:37:05,579

alien right yeah yeah to be an alien to

973

00:37:09,470 --> 00:37:07,800

think like an alien so when I listen to

974

00:37:10,730 --> 00:37:09,480

some of these guys well whoa why don't

975

00:37:11,810 --> 00:37:10,740

they do this because they don't think

976

00:37:14,990 --> 00:37:11,820

like a human

977

00:37:16,490 --> 00:37:15,000

right that's you saying that right we

978

00:37:18,950 --> 00:37:16,500

don't know how these guys think we don't

979

00:37:21,230 --> 00:37:18,960

know if the Grays are just you know the

980

00:37:23,210 --> 00:37:21,240

just little clones that are you know

981

00:37:24,829 --> 00:37:23,220

pre-programmed and they're like worker

982

00:37:26,870 --> 00:37:24,839

ants just doing their thing and you

983

00:37:28,130 --> 00:37:26,880

could care less about what's going on if

984

00:37:30,050 --> 00:37:28,140

you care less who's watching them they

985

00:37:32,150 --> 00:37:30,060

just do their thing get it done

986

00:37:34,970 --> 00:37:32,160

but there is I believe a hierarchy

987

00:37:36,589 --> 00:37:34,980

within that too so right you mentioned

988

00:37:37,849 --> 00:37:36,599

you mentioned moving around and one

989

00:37:39,170 --> 00:37:37,859

thing I find fascinating and I think

990

00:37:41,450 --> 00:37:39,180

I've heard you say this on another show

991

00:37:43,069 --> 00:37:41,460

is that sometimes these ranchers and

992

00:37:45,290 --> 00:37:43,079

again these ranchers are used to seeing

993

00:37:47,089 --> 00:37:45,300

casual death right on a farm and a ranch

994

00:37:49,310 --> 00:37:47,099

you have dead animals all the time so

995

00:37:51,230 --> 00:37:49,320

they're so you know traumatized by what

996

00:37:53,089 --> 00:37:51,240

they see it's clearly not anything

997

00:37:55,670 --> 00:37:53,099

within the norm but some of them will

998

00:37:58,250 --> 00:37:55,680

move and go somewhere else and this

999

00:38:00,109 --> 00:37:58,260

phenomena seems to follow

1000

00:38:01,609 --> 00:38:00,119

there was a case where Rancher loved

1001

00:38:05,329 --> 00:38:01,619

Texas and I think he went into New

1002

00:38:07,490 --> 00:38:05,339

Mexico and uh he got hit again and

1003

00:38:09,530 --> 00:38:07,500

what's interesting about this is so

1004

00:38:13,910 --> 00:38:09,540

funny I'm so happy you brought this up

1005

00:38:15,950 --> 00:38:13,920

because you know um what ranch or Rancho

1006

00:38:17,510 --> 00:38:15,960

Sanchez was little town in San Luis

1007

00:38:19,210 --> 00:38:17,520

which is near the New Mexico border in

1008

00:38:21,890 --> 00:38:19,220

Colorado

1009

00:38:24,050 --> 00:38:21,900

he moved his animals you know the

1010

00:38:26,690 --> 00:38:24,060

ranchers will say hey can you move your

1011

00:38:28,370 --> 00:38:26,700

animals to my pasture you know help help

1012

00:38:30,349 --> 00:38:28,380

me cut the grass there

1013

00:38:31,670 --> 00:38:30,359

and your feed your animals and green

1014

00:38:32,930 --> 00:38:31,680

grass they don't want brush fires

1015

00:38:34,490 --> 00:38:32,940

because there's a lot of brush fires out

1016

00:38:37,130 --> 00:38:34,500

there so they kind of keep control of

1017

00:38:40,130 --> 00:38:37,140

vegetation so different ranchers will

1018

00:38:42,290 --> 00:38:40,140

move their cows around on other people's

1019

00:38:44,510 --> 00:38:42,300

ranches you know to keep you know the

1020

00:38:47,690 --> 00:38:44,520

fire danger down and everything else

1021

00:38:49,910 --> 00:38:47,700

and so an Archer Sanchez moved his cows

1022

00:38:51,950 --> 00:38:49,920

to a field in this middle the other

1023

00:38:54,190 --> 00:38:51,960

Rancher had his cows on this field in

1024

00:38:57,890 --> 00:38:54,200

this field they were offensive between

1025

00:39:00,589 --> 00:38:57,900

Rancho Sanchez got hit his needle he got

1026
00:39:04,010 --> 00:39:00,599
a cow was mutilated in between the other

1027
00:39:05,870 --> 00:39:04,020
none of the other ranches ever were uh

1028
00:39:08,569 --> 00:39:05,880
you know were ever hit when I was

1029
00:39:10,730 --> 00:39:08,579
talking to Tom Miller last month he's

1030
00:39:12,829 --> 00:39:10,740
he's in between his Ranch is in between

1031
00:39:15,109 --> 00:39:12,839
two other ranches

1032
00:39:17,510 --> 00:39:15,119
and they're spread out pretty far yet

1033
00:39:19,310 --> 00:39:17,520
it's always him that gets hit although

1034
00:39:22,490 --> 00:39:19,320
his Ranch are down the street did get

1035
00:39:25,190 --> 00:39:22,500
hit once and it was a dog and that's the

1036
00:39:27,230 --> 00:39:25,200
only one that I really know of but I

1037
00:39:29,150 --> 00:39:27,240
asked for cows and we were joking about

1038
00:39:32,750 --> 00:39:29,160

was

1039

00:39:35,329 --> 00:39:32,760

um Tom had sold his cows

1040

00:39:37,190 --> 00:39:35,339

to the Rancher next to him

1041

00:39:40,609 --> 00:39:37,200

you know because he's getting into you

1042

00:39:41,870 --> 00:39:40,619

know retirement phase and so um he sold

1043

00:39:45,890 --> 00:39:41,880

his cows

1044

00:39:48,410 --> 00:39:45,900

and um he's leasing the his land

1045

00:39:50,930 --> 00:39:48,420

you know to the other guy to so the cows

1046

00:39:54,290 --> 00:39:50,940

can graze on that but his cows are now

1047

00:39:57,050 --> 00:39:54,300

mixed in with the other guy's cows now

1048

00:39:59,150 --> 00:39:57,060

if he gets hit again if the ranch gets

1049

00:40:01,069 --> 00:39:59,160

hit again it'll be interesting to find

1050

00:40:03,050 --> 00:40:01,079

out if it's his cow

1051

00:40:05,810 --> 00:40:03,060

or the other guy's cow that gets hit

1052

00:40:08,210 --> 00:40:05,820

right so now they're all together

1053

00:40:10,310 --> 00:40:08,220

it could be like a specific breed of cow

1054

00:40:13,670 --> 00:40:10,320

or certain General extreme or something

1055

00:40:17,210 --> 00:40:13,680

or no no no just random just random just

1056

00:40:19,130 --> 00:40:17,220

random and um you know back in the day

1057

00:40:21,410 --> 00:40:19,140

you know you would have a little molten

1058

00:40:24,109 --> 00:40:21,420

house and Chris O'Brien's Chris O'Brien

1059

00:40:26,630 --> 00:40:24,119

kind of changes to lately I think he's

1060

00:40:29,390 --> 00:40:26,640

more into uh you know it's a it's a

1061

00:40:31,069 --> 00:40:29,400

government you know cover-up and the

1062

00:40:33,170 --> 00:40:31,079

government's been doing it but I think

1063

00:40:34,670 --> 00:40:33,180

Linda Moulton house is still you know

1064

00:40:36,890 --> 00:40:34,680

thinking what she originally thought of

1065

00:40:38,810 --> 00:40:36,900

of somewhere around the road we kind of

1066

00:40:39,650 --> 00:40:38,820

lost crystal grind the way he was

1067

00:40:42,650 --> 00:40:39,660

thinking

1068

00:40:45,050 --> 00:40:42,660

yeah when I do investigations I don't

1069

00:40:47,270 --> 00:40:45,060

point to any one thing I always still

1070

00:40:49,130 --> 00:40:47,280

get you look at the crime itself and

1071

00:40:51,050 --> 00:40:49,140

trying to figure out that crime and how

1072

00:40:53,270 --> 00:40:51,060

it happened and and who's responsible

1073

00:40:56,089 --> 00:40:53,280

for it now when you talked about

1074

00:40:58,790 --> 00:40:56,099

um military and the military does show

1075

00:41:00,170 --> 00:40:58,800

up but they show up after the fact so

1076

00:41:02,630 --> 00:41:00,180

they're running I you know they're

1077

00:41:05,270 --> 00:41:02,640

running their own investigations and a

1078

00:41:08,450 --> 00:41:05,280

few of my cases they've been uh you know

1079

00:41:10,370 --> 00:41:08,460

uh helicopters at night hovering over a

1080

00:41:11,510 --> 00:41:10,380

location where the animals were

1081

00:41:13,730 --> 00:41:11,520

mutilated they're running their own

1082

00:41:15,770 --> 00:41:13,740

investigations that might be part of the

1083

00:41:18,730 --> 00:41:15,780

Pentagon it's been pentagonic when it

1084

00:41:22,730 --> 00:41:18,740

came out of 2017 we knew before that

1085

00:41:24,530 --> 00:41:22,740

that somebody in the government had you

1086

00:41:27,290 --> 00:41:24,540

know a program that were investigating

1087

00:41:29,690 --> 00:41:27,300

UFOs because way back when I was first

1088

00:41:30,829 --> 00:41:29,700

introduced to Robert Bigelow that the

1089

00:41:36,410 --> 00:41:30,839

Star team

1090

00:41:38,630 --> 00:41:36,420

in my opinion wasn't funding the Star

1091

00:41:39,950 --> 00:41:38,640

team with his own money and he was

1092

00:41:43,190 --> 00:41:39,960

getting paid

1093

00:41:47,810 --> 00:41:43,200

you know subsidized yeah yes and then

1094

00:41:50,870 --> 00:41:47,820

his lab was actually uh jumping the uh

1095

00:41:52,430 --> 00:41:50,880

the move on investigators so you know

1096

00:41:53,870 --> 00:41:52,440

one that want to move on you know and

1097

00:41:56,210 --> 00:41:53,880

move on you know got a report of

1098

00:41:57,790 --> 00:41:56,220

something that was really good that they

1099

00:42:00,349 --> 00:41:57,800

would have to use the elite

1100

00:42:03,470 --> 00:42:00,359

investigators to investigate rather than

1101

00:42:05,150 --> 00:42:03,480

just in one's less experience

1102

00:42:06,950 --> 00:42:05,160

um they had to go through Robert Bigelow

1103

00:42:09,170 --> 00:42:06,960

and Bigelow's guys

1104

00:42:11,150 --> 00:42:09,180

it would take them a couple days to come

1105

00:42:13,250 --> 00:42:11,160

back and say go investigate it

1106

00:42:14,810 --> 00:42:13,260

but we found it a few times that within

1107

00:42:17,150 --> 00:42:14,820

that couple days they'd ran their own

1108

00:42:19,190 --> 00:42:17,160

guys over to run the investigation

1109

00:42:20,690 --> 00:42:19,200

so um at the time I said you know well

1110

00:42:23,450 --> 00:42:20,700

he's a billion or what am I going to do

1111

00:42:25,609 --> 00:42:23,460

I'm a hundred here right right I got a

1112

00:42:27,710 --> 00:42:25,619

few hundred dollars that's about it but

1113

00:42:31,089 --> 00:42:27,720

because the hundreds of dollars I got

1114

00:42:34,970 --> 00:42:33,230

but you know but you know when you got

1115

00:42:36,589 --> 00:42:34,980

you know millions and billions you can't

1116

00:42:39,230 --> 00:42:36,599

you can't compete with that there's no

1117

00:42:41,810 --> 00:42:39,240

way and you know so we found out that

1118

00:42:44,390 --> 00:42:41,820

his team was actually jumping you know

1119

00:42:47,510 --> 00:42:44,400

our teams that move fund was sending out

1120

00:42:50,690 --> 00:42:47,520

then we won when it came out and so back

1121

00:42:52,849 --> 00:42:50,700

in the day I had a suspicion that he was

1122

00:42:54,230 --> 00:42:52,859

actually working for somebody else it

1123

00:42:56,690 --> 00:42:54,240

wasn't just him he was working for

1124

00:42:59,690 --> 00:42:56,700

somebody else I thought it was a CIA or

1125

00:43:02,210 --> 00:42:59,700

something but it came out in 2017 he was

1126
00:43:04,190 --> 00:43:02,220
actually working for the Pentagon so I

1127
00:43:05,750 --> 00:43:04,200
was partly right you know just I just

1128
00:43:08,750 --> 00:43:05,760
had the wrong

1129
00:43:10,849 --> 00:43:08,760
Department right yeah it's funny we've

1130
00:43:13,730 --> 00:43:10,859
spoken to a few people now Louie that uh

1131
00:43:15,589 --> 00:43:13,740
oh yeah Jeremy Ray a big move on Star

1132
00:43:17,690 --> 00:43:15,599
Team guy he was on here he alluded to

1133
00:43:20,450 --> 00:43:17,700
the same yeah so it's not a big secret

1134
00:43:22,970 --> 00:43:20,460
but I know I want to ask you about this

1135
00:43:24,950 --> 00:43:22,980
recent Texas mutilation because it's

1136
00:43:27,890 --> 00:43:24,960
relevant it's what sparked the interest

1137
00:43:29,690 --> 00:43:27,900
in doing this show so uh six cows I

1138
00:43:32,390 --> 00:43:29,700

believe over a couple different counties

1139

00:43:34,970 --> 00:43:32,400

uh all the usual signs right like

1140

00:43:38,569 --> 00:43:34,980

missing tongues missing flesh from the

1141

00:43:40,609 --> 00:43:38,579

Jaw genitals removed no blood

1142

00:43:41,510 --> 00:43:40,619

what can you tell us about this recent

1143

00:43:43,849 --> 00:43:41,520

uh

1144

00:43:45,050 --> 00:43:43,859

accumulation flap this is really

1145

00:43:46,190 --> 00:43:45,060

interesting

1146

00:43:50,390 --> 00:43:46,200

um

1147

00:43:53,089 --> 00:43:50,400

I just found out today

1148

00:43:55,670 --> 00:43:53,099

I have a source let's just say that in

1149

00:43:59,410 --> 00:43:55,680

Texas so I can say right now I have a

1150

00:44:06,349 --> 00:44:02,030

it's like the mafia I know a guy who

1151
00:44:08,750 --> 00:44:06,359
knows a guy yeah little guy who knows

1152
00:44:14,809 --> 00:44:11,510
and we maybe it was only five one died

1153
00:44:16,730 --> 00:44:14,819
of natural causes but

1154
00:44:19,010 --> 00:44:16,740
um when this started happening it came

1155
00:44:20,270 --> 00:44:19,020
it came out public oh you know and I'll

1156
00:44:23,750 --> 00:44:20,280
talk a little bit about Oregon a little

1157
00:44:25,609 --> 00:44:23,760
bit later but part of Oregon some of the

1158
00:44:28,550 --> 00:44:25,619
things that I do because I was a

1159
00:44:29,270 --> 00:44:28,560
previous deputy kind of opens doors for

1160
00:44:31,670 --> 00:44:29,280
me

1161
00:44:32,870 --> 00:44:31,680
and I use that of course I'm going to

1162
00:44:35,150 --> 00:44:32,880
use that you know

1163
00:44:36,470 --> 00:44:35,160

um yeah if I was a magician I do tricks

1164

00:44:39,290 --> 00:44:36,480

to try and get stuff that I've you know

1165

00:44:41,530 --> 00:44:39,300

wanted you know not like Bill Cosby did

1166

00:44:45,670 --> 00:44:41,540

but you know

1167

00:44:49,250 --> 00:44:45,680

it was quite the trick he pulled yeah

1168

00:44:53,630 --> 00:44:49,260

there's nothing that bad but uh you know

1169

00:44:56,210 --> 00:44:53,640

I'll go in and and uh uh and and with um

1170

00:44:58,069 --> 00:44:56,220

you know the um Madison County Sheriff's

1171

00:45:00,589 --> 00:44:58,079

Department it was just after I found out

1172

00:45:02,150 --> 00:45:00,599

about it the next day I got right in I

1173

00:45:04,910 --> 00:45:02,160

called the Madison County Sheriff's

1174

00:45:06,589 --> 00:45:04,920

Department uh they were dispatched I

1175

00:45:08,750 --> 00:45:06,599

told him who I was I told him I was a

1176

00:45:12,230 --> 00:45:08,760

former deputy I told him that I you know

1177

00:45:14,170 --> 00:45:12,240

from Colorado I'm doing investigations

1178

00:45:17,569 --> 00:45:14,180

you can look me up and whatever you know

1179

00:45:21,970 --> 00:45:17,579

and so I was able to find out who the

1180

00:45:26,270 --> 00:45:21,980

investigative Deputy is for uh for them

1181

00:45:29,809 --> 00:45:26,280

and uh I was able to get her

1182

00:45:31,849 --> 00:45:29,819

um her uh phone actually you know a

1183

00:45:34,910 --> 00:45:31,859

number basically

1184

00:45:36,530 --> 00:45:34,920

and uh I tried a couple times and I got

1185

00:45:37,910 --> 00:45:36,540

through and was able to talk to her you

1186

00:45:40,849 --> 00:45:37,920

know personally

1187

00:45:43,370 --> 00:45:40,859

of what I was looking for was a case

1188

00:45:47,210 --> 00:45:43,380

report now I'm in Colorado this is Texas

1189

00:45:49,309 --> 00:45:47,220

so the best I can do is go through law

1190

00:45:51,109 --> 00:45:49,319

enforcement first see if they have their

1191

00:45:52,910 --> 00:45:51,119

case report filed

1192

00:45:55,130 --> 00:45:52,920

and if they do track the allocation

1193

00:45:56,569 --> 00:45:55,140

report to the case report number and

1194

00:45:57,950 --> 00:45:56,579

then pay for it you have to pay for it

1195

00:45:59,150 --> 00:45:57,960

you know they just you and so you have

1196

00:46:01,670 --> 00:45:59,160

to go through all the different steps to

1197

00:46:04,430 --> 00:46:01,680

get you know the case report so I

1198

00:46:07,849 --> 00:46:04,440

contacted her and we had a really nice

1199

00:46:09,470 --> 00:46:07,859

chat and she I really feel sorry besides

1200

00:46:12,109 --> 00:46:09,480

you're doing a regular job she's been

1201

00:46:13,910 --> 00:46:12,119

inundated internationally now it's

1202

00:46:16,790 --> 00:46:13,920

internationally known so this poor lady

1203

00:46:19,550 --> 00:46:16,800

is getting hit from all sides from media

1204

00:46:21,829 --> 00:46:19,560

and investigators and you know looky-loo

1205

00:46:24,170 --> 00:46:21,839

people and hey I have this Theory and I

1206

00:46:25,970 --> 00:46:24,180

have that theory and stuff and she's

1207

00:46:28,910 --> 00:46:25,980

doing the best you know to try and get

1208

00:46:31,309 --> 00:46:28,920

everything done but we went on my

1209

00:46:33,170 --> 00:46:31,319

website I had our young computer she

1210

00:46:35,390 --> 00:46:33,180

said yeah it says go to my website look

1211

00:46:37,130 --> 00:46:35,400

at my my previous blog on the Oregon one

1212

00:46:38,809 --> 00:46:37,140

look at the pictures because we haven't

1213

00:46:40,790 --> 00:46:38,819

seen any pictures really

1214

00:46:42,530 --> 00:46:40,800

yeah because the routers are staying on

1215

00:46:44,569 --> 00:46:42,540

the down low on this

1216

00:46:47,329 --> 00:46:44,579

and she's looking at it she says yeah

1217

00:46:49,309 --> 00:46:47,339

the pictures you have from the organ you

1218

00:46:52,069 --> 00:46:49,319

resemble

1219

00:46:54,109 --> 00:46:52,079

the cows that I've seen you know in

1220

00:46:56,270 --> 00:46:54,119

Texas and then she was kind of reading

1221

00:46:59,150 --> 00:46:56,280

through it and then I spent about a half

1222

00:47:02,030 --> 00:46:59,160

hour briefing her from the investigative

1223

00:47:04,309 --> 00:47:02,040

point of view what we or I look for

1224

00:47:07,430 --> 00:47:04,319

doing an adult you know animal relation

1225

00:47:10,069 --> 00:47:07,440

case what makes it different from you

1226

00:47:12,530 --> 00:47:10,079

know a regular animal cruelty case which

1227

00:47:14,329 --> 00:47:12,540

I'm quite familiar to with because a

1228

00:47:16,690 --> 00:47:14,339

lack of edits and some other things so

1229

00:47:18,890 --> 00:47:16,700

we really had a a really good

1230

00:47:20,990 --> 00:47:18,900

conversation trade a lot of information

1231

00:47:21,650 --> 00:47:21,000

back and forth

1232

00:47:25,069 --> 00:47:21,660

um

1233

00:47:26,569 --> 00:47:25,079

she it still is trying if she if she

1234

00:47:29,390 --> 00:47:26,579

can't get it to me I'll just have to

1235

00:47:31,130 --> 00:47:29,400

wait for the case report but um I sent

1236

00:47:33,410 --> 00:47:31,140

them my bio I sent them a bunch of

1237

00:47:35,630 --> 00:47:33,420

information on animal mutilations

1238

00:47:38,089 --> 00:47:35,640

and what I was trying to do is I'm

1239

00:47:40,550 --> 00:47:38,099

trying to you know persuade them to give

1240

00:47:43,130 --> 00:47:40,560

me some pictures and and some

1241

00:47:46,069 --> 00:47:43,140

preliminary notes you know about her

1242

00:47:48,589 --> 00:47:46,079

case before they go public with with the

1243

00:47:50,210 --> 00:47:48,599

actual case the issue is I mean she had

1244

00:47:51,470 --> 00:47:50,220

to go talk to the sheriff directly and

1245

00:47:53,270 --> 00:47:51,480

ask permission

1246

00:47:55,010 --> 00:47:53,280

but um

1247

00:47:56,809 --> 00:47:55,020

I tried to call her again today because

1248

00:47:58,250 --> 00:47:56,819

I just talked to her the other day I

1249

00:48:00,530 --> 00:47:58,260

didn't get an answer this might be your

1250

00:48:01,910 --> 00:48:00,540

day off because Julie usually deputies

1251

00:48:04,670 --> 00:48:01,920

will take a day off during the weekday

1252

00:48:06,349 --> 00:48:04,680

if they work weekends that's usually the

1253

00:48:08,329 --> 00:48:06,359

case and sometimes they'll work they'll

1254

00:48:09,530 --> 00:48:08,339

work four tens

1255

00:48:11,809 --> 00:48:09,540

um and that's like if they're you know

1256

00:48:14,690 --> 00:48:11,819

plus any overtime so I haven't you know

1257

00:48:17,210 --> 00:48:14,700

she hasn't got back to me yet I'm going

1258

00:48:20,329 --> 00:48:17,220

to try again tomorrow to see if I can

1259

00:48:22,370 --> 00:48:20,339

weasel some more information I do have

1260

00:48:24,290 --> 00:48:22,380

boots on the ground on some of somebody

1261

00:48:26,930 --> 00:48:24,300

over there who has got a medical

1262

00:48:29,210 --> 00:48:26,940

background we've already identified one

1263

00:48:32,710 --> 00:48:29,220

of the ranchers we know who their answer

1264

00:48:36,950 --> 00:48:32,720

is uh we know the location

1265

00:48:39,230 --> 00:48:36,960

of of where the animal uh you know was

1266

00:48:40,609 --> 00:48:39,240

mutilated we have a general idea where

1267

00:48:43,069 --> 00:48:40,619

there are a couple of other you know

1268

00:48:45,230 --> 00:48:43,079

locations and you know when you're a

1269

00:48:48,410 --> 00:48:45,240

field investigator

1270

00:48:50,690 --> 00:48:48,420

you're just you know you do research but

1271

00:48:53,870 --> 00:48:50,700

you really have to get in

1272

00:48:55,970 --> 00:48:53,880

and randomly just go out to try and find

1273

00:48:58,309 --> 00:48:55,980

the information there was a case years

1274

00:49:01,730 --> 00:48:58,319

ago in Walsenburg Colorado that eight

1275

00:49:02,990 --> 00:49:01,740

cows were mutilated at one time and I

1276

00:49:04,730 --> 00:49:03,000

thought that would be all over the news

1277

00:49:07,069 --> 00:49:04,740

the only reason why this is is because

1278

00:49:09,050 --> 00:49:07,079

we've had a lot of UFO sightings and the

1279

00:49:11,930 --> 00:49:09,060

Pentagon and the whole bed so you know

1280

00:49:15,290 --> 00:49:11,940

there's a heightened uh you know uh

1281

00:49:17,150 --> 00:49:15,300

uh of ufology right now and so The

1282

00:49:19,730 --> 00:49:17,160

Buttes are you know really coming into

1283

00:49:21,710 --> 00:49:19,740

coming to play but I had eight cows in

1284

00:49:24,829 --> 00:49:21,720

walsenberg I didn't know where they were

1285

00:49:26,510 --> 00:49:24,839

I had a general area where they were I

1286

00:49:29,630 --> 00:49:26,520

drove out the walls of America is a good

1287

00:49:31,250 --> 00:49:29,640

hour and a half from my house I sat in

1288

00:49:34,910 --> 00:49:31,260

the middle of a couple different County

1289

00:49:37,550 --> 00:49:34,920

Roads and open areas waiting for a truck

1290

00:49:38,930 --> 00:49:37,560

to come by uh ratchet truck flag them

1291

00:49:42,170 --> 00:49:38,940

down and ask them have you heard about

1292

00:49:44,150 --> 00:49:42,180

this and within a couple hours I was at

1293

00:49:45,829 --> 00:49:44,160

the ranch where where for the animals

1294

00:49:48,470 --> 00:49:45,839

were mutilated and within the next hour

1295

00:49:51,230 --> 00:49:48,480

I knew where the other you know the

1296

00:49:52,910 --> 00:49:51,240

other four were so it's sometimes it's

1297

00:49:54,829 --> 00:49:52,920

you have to really be a detective you

1298

00:49:58,190 --> 00:49:54,839

have to really get in and do detective

1299

00:50:01,130 --> 00:49:58,200

work so you know curiosity here I used

1300

00:50:02,870 --> 00:50:01,140

to be an insurance so I I keep thinking

1301
00:50:04,550 --> 00:50:02,880
about these Farmers that are losing you

1302
00:50:06,890 --> 00:50:04,560
know let's say four to eight cows at a

1303
00:50:10,150 --> 00:50:06,900
times they're expensive I mean how much

1304
00:50:13,910 --> 00:50:10,160
is a cow like three to five grand

1305
00:50:17,390 --> 00:50:15,290
um actually if you there's there's

1306
00:50:19,130 --> 00:50:17,400
something else you have to think about

1307
00:50:21,230 --> 00:50:19,140
um out of all the cases I've done I

1308
00:50:23,809 --> 00:50:21,240
think there was only one case that was

1309
00:50:26,930 --> 00:50:23,819
actually a corporation where they had

1310
00:50:29,390 --> 00:50:26,940
Insurance on their cows most of these

1311
00:50:30,530 --> 00:50:29,400
smaller branches you know they're free

1312
00:50:33,130 --> 00:50:30,540
grazing animals and they don't have

1313
00:50:39,349 --> 00:50:33,140

insurance on their cows right

1314

00:50:43,370 --> 00:50:39,359

now they may purchase a calf 200 300 but

1315

00:50:45,710 --> 00:50:43,380

see the calf grows up and calves right

1316

00:50:47,750 --> 00:50:45,720

and over a period of let's say 10 years

1317

00:50:50,690 --> 00:50:47,760

or 15 years as long as that calf that

1318

00:50:53,390 --> 00:50:50,700

cow is as alive it caps and then each

1319

00:50:55,250 --> 00:50:53,400

calf can calf and each calf's calves can

1320

00:50:57,170 --> 00:50:55,260

calf and each calves calves calf calf

1321

00:50:59,690 --> 00:50:57,180

you know and so you have that multiplier

1322

00:51:01,849 --> 00:50:59,700

effect so that 200 dollars

1323

00:51:05,150 --> 00:51:01,859

you know if you lose that animal you

1324

00:51:09,170 --> 00:51:05,160

lose the next what life expectancy of

1325

00:51:11,450 --> 00:51:09,180

that animal uh of of what it could Caffee

1326

00:51:13,490 --> 00:51:11,460

and the life expectancy but very cap and

1327

00:51:15,589 --> 00:51:13,500

this cap this calf and you can go into

1328

00:51:17,030 --> 00:51:15,599

hundreds I mean you can literally be

1329

00:51:19,609 --> 00:51:17,040

down a hundred thousand dollars off of

1330

00:51:22,130 --> 00:51:19,619

one animal over a period of time people

1331

00:51:24,410 --> 00:51:22,140

don't realize that and it's really a big

1332

00:51:26,630 --> 00:51:24,420

burden to a lot of these ranchers that

1333

00:51:28,250 --> 00:51:26,640

may not have 2 000 head of cattle and

1334

00:51:31,069 --> 00:51:28,260

they you know that's not Yellowstone

1335

00:51:33,230 --> 00:51:31,079

from TV you know right you know a lot of

1336

00:51:35,210 --> 00:51:33,240

these guys may only have 50 60 had a

1337

00:51:37,370 --> 00:51:35,220

cattle so it's a real burden and then

1338

00:51:38,690 --> 00:51:37,380

when they lose a bull which is their

1339

00:51:41,210 --> 00:51:38,700

stud Bowl

1340

00:51:43,910 --> 00:51:41,220

sometimes it's stubble now I think they

1341

00:51:46,430 --> 00:51:43,920

do ensure this dead Bulls because if the

1342

00:51:48,290 --> 00:51:46,440

stud bull dies on their property they've

1343

00:51:50,630 --> 00:51:48,300

got to pay for it most of times they'll

1344

00:51:52,130 --> 00:51:50,640

lease a stud bolt yeah and when it comes

1345

00:51:52,790 --> 00:51:52,140

time

1346

00:51:55,190 --> 00:51:52,800

um

1347

00:51:57,109 --> 00:51:55,200

and if they lose it that's a lot of

1348

00:51:59,390 --> 00:51:57,119

money out of their pocket too if they

1349

00:52:02,569 --> 00:51:59,400

don't have insurance on

1350

00:52:05,750 --> 00:52:02,579

male or female more common

1351
00:52:07,849 --> 00:52:05,760
uh female is more common yeah what was

1352
00:52:09,770 --> 00:52:07,859
yours put a percentage on it how what

1353
00:52:11,270 --> 00:52:09,780
would you give it well the reason why

1354
00:52:13,609 --> 00:52:11,280
females are more common is because

1355
00:52:16,030 --> 00:52:13,619
there's a lot more of them okay no

1356
00:52:18,470 --> 00:52:16,040
offense to the ladies out there

1357
00:52:21,109 --> 00:52:18,480
you know it's just like you know Amazon

1358
00:52:22,910 --> 00:52:21,119
you know and it'll be all women and two

1359
00:52:25,250 --> 00:52:22,920
guys and that's what you're basically

1360
00:52:27,710 --> 00:52:25,260
going to see a lot of ranches as you may

1361
00:52:31,910 --> 00:52:27,720
see two or three Bulls in the rest are

1362
00:52:35,030 --> 00:52:31,920
all females right and so it's just odds

1363
00:52:37,250 --> 00:52:35,040

um you know and an extra bull itself the

1364

00:52:39,829 --> 00:52:37,260

bull could be out in you know you know

1365

00:52:42,290 --> 00:52:39,839

Grazing In out of the pasture way away

1366

00:52:45,290 --> 00:52:42,300

or whatever and maybe targeted for

1367

00:52:47,569 --> 00:52:45,300

whatever reason but law of averages is

1368

00:52:49,430 --> 00:52:47,579

using the females so if you had to

1369

00:52:50,870 --> 00:52:49,440

venture a gas then nobody knows and I

1370

00:52:52,730 --> 00:52:50,880

get that but if you had to venture a

1371

00:52:55,490 --> 00:52:52,740

guess about this whole cattle mutilation

1372

00:53:00,309 --> 00:52:55,500

thing what do you think it is

1373

00:53:04,790 --> 00:53:02,630

Hitchhiker's Guide right yeah gotcha

1374

00:53:06,890 --> 00:53:04,800

yeah that's the answer to the universe

1375

00:53:08,450 --> 00:53:06,900

right yeah

1376

00:53:11,270 --> 00:53:08,460

so

1377

00:53:12,890 --> 00:53:11,280

why are they doing or like what do you

1378

00:53:14,630 --> 00:53:12,900

think it is do you think yeah why are

1379

00:53:16,910 --> 00:53:14,640

they doing it what's the purpose behind

1380

00:53:19,309 --> 00:53:16,920

it this is just an imaginative guess I'm

1381

00:53:21,470 --> 00:53:19,319

just curious as to what you think after

1382

00:53:23,630 --> 00:53:21,480

35 plus years of research and this kind

1383

00:53:25,250 --> 00:53:23,640

of thing what's your summation as of

1384

00:53:27,290 --> 00:53:25,260

right now if you had to venture I guess

1385

00:53:30,170 --> 00:53:27,300

I can tell you

1386

00:53:32,210 --> 00:53:30,180

the probability of it being non-human is

1387

00:53:35,089 --> 00:53:32,220

greater than the probability of it being

1388

00:53:38,150 --> 00:53:35,099

human and I I hate to just come out and

1389

00:53:40,010 --> 00:53:38,160

say is aliens doing it but sure some of

1390

00:53:44,630 --> 00:53:40,020

my Ranchers have seen balls of light

1391

00:53:46,549 --> 00:53:44,640

some of them have seen uh cracked uh you

1392

00:53:48,609 --> 00:53:46,559

know unknown crafts you know from from

1393

00:53:50,809 --> 00:53:48,619

what they could recognize

1394

00:53:55,370 --> 00:53:50,819

the book makes it a little bit different

1395

00:53:56,569 --> 00:53:55,380

you know like with the organ case Okay

1396

00:53:58,490 --> 00:53:56,579

um

1397

00:54:01,250 --> 00:53:58,500

there are certain questions that a

1398

00:54:02,809 --> 00:54:01,260

deputy will not ask because they're

1399

00:54:04,730 --> 00:54:02,819

they're looking at an animal cruelty

1400

00:54:07,190 --> 00:54:04,740

case so they they keep their questions

1401
00:54:08,930 --> 00:54:07,200
to the animal cruelty they don't there's

1402
00:54:11,510 --> 00:54:08,940
no reason why they should think anything

1403
00:54:13,250 --> 00:54:11,520
otherwise because that's not their frame

1404
00:54:15,109 --> 00:54:13,260
of mind you know they they know exactly

1405
00:54:18,109 --> 00:54:15,119
with El Paso County Sheriff's Department

1406
00:54:19,490 --> 00:54:18,119
out of all the deputies that they had uh

1407
00:54:22,069 --> 00:54:19,500
there was probably only two or three

1408
00:54:24,530 --> 00:54:22,079
deputies that are actually trained to do

1409
00:54:27,530 --> 00:54:24,540
animal death investigations animal

1410
00:54:29,390 --> 00:54:27,540
cruelty desks uh so those guys are

1411
00:54:31,069 --> 00:54:29,400
always the ones that go out so it's not

1412
00:54:32,990 --> 00:54:31,079
every Deputy can do that because they're

1413
00:54:35,930 --> 00:54:33,000

not really trained for it

1414

00:54:37,490 --> 00:54:35,940

but when I talked to the Rancher and I

1415

00:54:38,750 --> 00:54:37,500

and I get all the information I've

1416

00:54:42,349 --> 00:54:38,760

already got the case report like with

1417

00:54:44,210 --> 00:54:42,359

Oregon Oregon was cool I like Oregon I

1418

00:54:46,549 --> 00:54:44,220

had Okay so

1419

00:54:49,370 --> 00:54:46,559

are you guys in a mood fund do you uh

1420

00:54:50,870 --> 00:54:49,380

yeah yeah I've joined I moved from

1421

00:54:52,549 --> 00:54:50,880

Canada I haven't done anything lately

1422

00:54:54,890 --> 00:54:52,559

with them I mean it's been almost a year

1423

00:54:58,370 --> 00:54:54,900

since I've done any cases but I'm still

1424

00:55:00,370 --> 00:54:58,380

with them yeah yeah it's you know um

1425

00:55:03,829 --> 00:55:00,380

I don't know what they're doing

1426

00:55:07,370 --> 00:55:03,839

I see a lot of red flags going on uh

1427

00:55:10,150 --> 00:55:07,380

with them um I got uh the the director

1428

00:55:12,710 --> 00:55:10,160

of Investigations that contacted me

1429

00:55:16,010 --> 00:55:12,720

about a possible mutilation beginning of

1430

00:55:17,569 --> 00:55:16,020

April in Oregon had me contact the state

1431

00:55:21,290 --> 00:55:17,579

director of Oregon

1432

00:55:24,190 --> 00:55:21,300

because nobody can move on mufon has got

1433

00:55:26,390 --> 00:55:24,200

my experience in animal emulations I was

1434

00:55:28,670 --> 00:55:26,400

mufon's director of Animal emulation

1435

00:55:32,930 --> 00:55:28,680

investigations and if for some reason

1436

00:55:35,750 --> 00:55:32,940

after Jan Harrison debuckled uh you know

1437

00:55:37,549 --> 00:55:35,760

that position went away and I never

1438

00:55:40,250 --> 00:55:37,559

after Jan I really never went back to

1439

00:55:42,650 --> 00:55:40,260

move on but um

1440

00:55:46,190 --> 00:55:42,660

so contacted me to talk with the guy

1441

00:55:48,109 --> 00:55:46,200

there and uh he kind of gave me a little

1442

00:55:49,790 --> 00:55:48,119

bit of information I said okay well well

1443

00:55:50,930 --> 00:55:49,800

county is in who's a what's the

1444

00:55:54,710 --> 00:55:50,940

sheriff's department I want to talk to

1445

00:55:57,710 --> 00:55:54,720

them nothing crickets he would he would

1446

00:55:59,930 --> 00:55:57,720

return my calls or email I gave him a

1447

00:56:02,270 --> 00:55:59,940

couple days I'm like okay first off you

1448

00:56:04,730 --> 00:56:02,280

guys called me to get involved in this I

1449

00:56:06,650 --> 00:56:04,740

got involved and now you're not giving

1450

00:56:09,410 --> 00:56:06,660

me information the information as you're

1451
00:56:10,309 --> 00:56:09,420
you're keeping it from it I said well

1452
00:56:12,650 --> 00:56:10,319
that's not going to work because I

1453
00:56:15,170 --> 00:56:12,660
already know about it so what I did was

1454
00:56:16,849 --> 00:56:15,180
is I started researching the mutilations

1455
00:56:18,829 --> 00:56:16,859
that had occurred in Oregon in the past

1456
00:56:21,589 --> 00:56:18,839
in the past few years

1457
00:56:24,049 --> 00:56:21,599
and and what counties they were in and I

1458
00:56:25,609 --> 00:56:24,059
sat on the phone and I worked remote at

1459
00:56:27,650 --> 00:56:25,619
home and doing this while I'm working my

1460
00:56:29,450 --> 00:56:27,660
day job and

1461
00:56:30,829 --> 00:56:29,460
I called I basically called the

1462
00:56:32,930 --> 00:56:30,839
sheriff's departments in those counties

1463
00:56:35,870 --> 00:56:32,940

and I talked to dispatch and I would say

1464

00:56:37,750 --> 00:56:35,880

who could I talk to to find out if there

1465

00:56:41,410 --> 00:56:37,760

have been any animal cruelty cases

1466

00:56:44,690 --> 00:56:41,420

turned in within the past couple days

1467

00:56:48,770 --> 00:56:44,700

and then you know one after another and

1468

00:56:51,290 --> 00:56:48,780

finally Harney County uh in Oregon uh

1469

00:56:54,170 --> 00:56:51,300

they I got I was in contact with the

1470

00:56:56,329 --> 00:56:54,180

person who does the cases that writes up

1471

00:56:59,329 --> 00:56:56,339

the cases and stuff and and she was yeah

1472

00:57:00,890 --> 00:56:59,339

yeah we have them come in and then uh I

1473

00:57:03,230 --> 00:57:00,900

got the case report number and then you

1474

00:57:05,510 --> 00:57:03,240

know paid for it to hold it and and then

1475

00:57:06,470 --> 00:57:05,520

that was my starting point now I knew

1476

00:57:08,270 --> 00:57:06,480

the county

1477

00:57:10,970 --> 00:57:08,280

I still didn't know the Rancher so I

1478

00:57:14,990 --> 00:57:10,980

started doing more research of ovarius

1479

00:57:17,390 --> 00:57:15,000

found out like talking to people or you

1480

00:57:19,190 --> 00:57:17,400

know random people within uh not you

1481

00:57:20,569 --> 00:57:19,200

know within the county but not not the

1482

00:57:22,670 --> 00:57:20,579

sheriff's department you know like um

1483

00:57:25,190 --> 00:57:22,680

you know uh

1484

00:57:27,950 --> 00:57:25,200

brand inspectors and stuff and I nailed

1485

00:57:29,870 --> 00:57:27,960

it down was able to contact the Rancher

1486

00:57:31,130 --> 00:57:29,880

got a hold of a phone number just by

1487

00:57:35,329 --> 00:57:31,140

looking up

1488

00:57:37,730 --> 00:57:35,339

phone numbers you know and uh he sat and

1489

00:57:41,390 --> 00:57:37,740

talked with me and and gave me the whole

1490

00:57:45,290 --> 00:57:41,400

steal so I had I I had his testimony

1491

00:57:47,510 --> 00:57:45,300

over a phone I and I and I still I still

1492

00:57:50,569 --> 00:57:47,520

text I text him today too

1493

00:57:52,069 --> 00:57:50,579

um about those other cases and then I

1494

00:57:53,450 --> 00:57:52,079

had a case report I put those book

1495

00:57:55,670 --> 00:57:53,460

together and that's what's on my blog

1496

00:57:57,410 --> 00:57:55,680

right now combination I've got his

1497

00:58:00,290 --> 00:57:57,420

pictures on it that says courtesy

1498

00:58:02,030 --> 00:58:00,300

Rancher he did not want his name you

1499

00:58:04,250 --> 00:58:02,040

know revealed and then I have some

1500

00:58:05,210 --> 00:58:04,260

pictures that say courtesy you know

1501
00:58:08,750 --> 00:58:05,220
Harney County Sheriff's Department

1502
00:58:11,750 --> 00:58:08,760
because you know once a case goes public

1503
00:58:14,690 --> 00:58:11,760
or once the case is filed it's public

1504
00:58:17,990 --> 00:58:14,700
because you know the taxes pretty much

1505
00:58:20,150 --> 00:58:18,000
paid for law enforcement so you know we

1506
00:58:22,670 --> 00:58:20,160
can use that material and not have to

1507
00:58:25,190 --> 00:58:22,680
worry about copyright issues because we

1508
00:58:27,589 --> 00:58:25,200
kind of own it you know so to speak

1509
00:58:29,510 --> 00:58:27,599
and so that's combination there but I

1510
00:58:32,089 --> 00:58:29,520
actually had to do some groundwork like

1511
00:58:34,309 --> 00:58:32,099
I did in Walsenburg to find this guy

1512
00:58:36,049 --> 00:58:34,319
and it's really interesting so when I

1513
00:58:37,670 --> 00:58:36,059

talked to him after I found out

1514

00:58:39,410 --> 00:58:37,680

everything about the animal and what

1515

00:58:40,270 --> 00:58:39,420

happened and when they when they found

1516

00:58:43,430 --> 00:58:40,280

it

1517

00:58:45,410 --> 00:58:43,440

that's okay now I have some interesting

1518

00:58:47,270 --> 00:58:45,420

questions to ask you

1519

00:58:50,089 --> 00:58:47,280

um first off have you seen anything

1520

00:58:52,609 --> 00:58:50,099

unusual in the area I mean well not

1521

00:58:54,770 --> 00:58:52,619

really go have you seen any types of

1522

00:58:56,270 --> 00:58:54,780

Lights in the area maybe in the past

1523

00:58:58,370 --> 00:58:56,280

couple of weeks before the mutilation

1524

00:58:59,809 --> 00:58:58,380

and he goes

1525

00:59:02,809 --> 00:58:59,819

yeah

1526

00:59:05,390 --> 00:59:02,819

and I said can you you know tell me

1527

00:59:06,770 --> 00:59:05,400

about that he says well now this

1528

00:59:10,250 --> 00:59:06,780

particular wrench I know where it's at

1529

00:59:11,809 --> 00:59:10,260

and it's in the middle of nowhere and

1530

00:59:13,730 --> 00:59:11,819

this is Oregon right truck this is

1531

00:59:15,650 --> 00:59:13,740

Oregon okay and it's a ranch 10 miles

1532

00:59:16,670 --> 00:59:15,660

here and Ranch 10 miles on the other

1533

00:59:19,730 --> 00:59:16,680

side and they're in the middle of

1534

00:59:21,170 --> 00:59:19,740

nowhere nobody around them and it was

1535

00:59:23,089 --> 00:59:21,180

about about a week and a half or two

1536

00:59:24,829 --> 00:59:23,099

weeks before the mutilation until you

1537

00:59:27,530 --> 00:59:24,839

know found the cow they saw these bright

1538

00:59:29,450 --> 00:59:27,540

flashes and they noticed it because in

1539

00:59:31,309 --> 00:59:29,460

their living room they had their picture

1540

00:59:32,450 --> 00:59:31,319

window open the curds were open and off

1541

00:59:33,770 --> 00:59:32,460

in a distance they saw these last

1542

00:59:35,630 --> 00:59:33,780

flashes

1543

00:59:37,970 --> 00:59:35,640

you know and they're kind of like

1544

00:59:41,270 --> 00:59:37,980

watching it and that was nicked that was

1545

00:59:42,530 --> 00:59:41,280

basically it but they did see glasses of

1546

00:59:45,710 --> 00:59:42,540

light they didn't think about it too

1547

00:59:47,329 --> 00:59:45,720

much you didn't really know what but it

1548

00:59:49,190 --> 00:59:47,339

wasn't that they were scared but you

1549

00:59:52,190 --> 00:59:49,200

know they kind of put it back in back to

1550

00:59:53,990 --> 00:59:52,200

my mind until I asked him about it

1551

00:59:57,109 --> 00:59:54,000

um also something that I found out

1552

00:59:58,549 --> 00:59:57,119

afterwards uh because I I like to stay

1553

01:00:00,530 --> 00:59:58,559

in touch with these ranchers for at

1554

01:00:02,210 --> 01:00:00,540

least two three weeks after the fact to

1555

01:00:03,710 --> 01:00:02,220

help them through with any questions and

1556

01:00:06,589 --> 01:00:03,720

that's why I'm still talking to this

1557

01:00:08,750 --> 01:00:06,599

Rancher a couple of days

1558

01:00:11,630 --> 01:00:08,760

um I I was talking to him and actually

1559

01:00:13,609 --> 01:00:11,640

called me he says Chucky kills uh I got

1560

01:00:15,470 --> 01:00:13,619

a question to ask you uh

1561

01:00:17,870 --> 01:00:15,480

have you ever heard of people getting

1562

01:00:20,390 --> 01:00:17,880

sick from these things and I said well

1563

01:00:22,370 --> 01:00:20,400

why he says well we didn't touch the

1564

01:00:25,250 --> 01:00:22,380

animal we were within about four feet of

1565

01:00:28,789 --> 01:00:25,260

the animal when we found it uh the band

1566

01:00:31,970 --> 01:00:28,799

our our muscles ache and I got a

1567

01:00:34,309 --> 01:00:31,980

headache and some other things too and

1568

01:00:35,510 --> 01:00:34,319

as I said real bad he goes well no not

1569

01:00:37,069 --> 01:00:35,520

really but it's you know it's enough

1570

01:00:39,589 --> 01:00:37,079

that we're noticing it it's both me and

1571

01:00:42,049 --> 01:00:39,599

my wife because they were both there I

1572

01:00:43,730 --> 01:00:42,059

said well obviously if it persists the

1573

01:00:46,190 --> 01:00:43,740

next couple days go see your doctor get

1574

01:00:48,890 --> 01:00:46,200

a checkup yeah you know we need to find

1575

01:00:50,630 --> 01:00:48,900

out what that issue is now that does

1576

01:00:52,670 --> 01:00:50,640

happen some cases

1577

01:00:54,890 --> 01:00:52,680

you know um though I had one case where

1578

01:00:56,809 --> 01:00:54,900

a Rancher actually touched the animal uh

1579

01:00:58,329 --> 01:00:56,819

later on that day his old Hills his

1580

01:01:01,370 --> 01:00:58,339

whole arm went numb

1581

01:01:03,589 --> 01:01:01,380

and um it will and and then the next day

1582

01:01:06,650 --> 01:01:03,599

he was ill for a little while then he

1583

01:01:09,049 --> 01:01:06,660

came out of it you know he was fine but

1584

01:01:11,329 --> 01:01:09,059

that does happen sometimes not all the

1585

01:01:12,950 --> 01:01:11,339

time but I was tracking that I contacted

1586

01:01:14,990 --> 01:01:12,960

him a couple days later how you doing

1587

01:01:17,990 --> 01:01:15,000

you know you feeling okay yeah things

1588

01:01:20,150 --> 01:01:18,000

are fine I have a theory on that that we

1589

01:01:22,430 --> 01:01:20,160

can touch on later if you want to you

1590

01:01:25,430 --> 01:01:22,440

know you want to hear but so there there

1591

01:01:27,289 --> 01:01:25,440

are some cases where you can get ill

1592

01:01:28,490 --> 01:01:27,299

from you know investigating animal

1593

01:01:30,890 --> 01:01:28,500

mutilations

1594

01:01:32,569 --> 01:01:30,900

right and even we were talking to

1595

01:01:34,549 --> 01:01:32,579

somebody else not that long ago about

1596

01:01:37,430 --> 01:01:34,559

just the ailments that people get in

1597

01:01:39,410 --> 01:01:37,440

your crafts or uh James Fox's new

1598

01:01:42,049 --> 01:01:39,420

documentary where the police officer

1599

01:01:44,150 --> 01:01:42,059

fell ill and died because he held this

1600

01:01:45,770 --> 01:01:44,160

strange little creatures in his hands

1601

01:01:47,990 --> 01:01:45,780

like it's just there's there are

1602

01:01:50,450 --> 01:01:48,000

ailments and when you hear reports from

1603

01:01:53,030 --> 01:01:50,460

you know the the Congress hearings that

1604

01:01:54,950 --> 01:01:53,040

there's been no side effects so far

1605

01:01:57,530 --> 01:01:54,960

between these objects in humans or

1606

01:01:59,690 --> 01:01:57,540

aircrafts and we're like BS right

1607

01:02:02,510 --> 01:01:59,700

there's constant people being affected

1608

01:02:04,549 --> 01:02:02,520

by this and if cattle mutilation is

1609

01:02:06,349 --> 01:02:04,559

indeed part of this phenomenon it is

1610

01:02:09,470 --> 01:02:06,359

evidence people keep saying where's the

1611

01:02:11,750 --> 01:02:09,480

evidence this is the evidence yeah we

1612

01:02:14,329 --> 01:02:11,760

haven't filmed one yet oh my gosh yeah

1613

01:02:16,130 --> 01:02:14,339

we haven't filmed one in action but the

1614

01:02:18,109 --> 01:02:16,140

results are there that the suspicious

1615

01:02:20,329 --> 01:02:18,119

you know like activity of the lights and

1616

01:02:22,730 --> 01:02:20,339

then obviously finding an animal with

1617

01:02:24,349 --> 01:02:22,740

let's just face it cuts and and parts

1618

01:02:26,930 --> 01:02:24,359

missing out of it that is surgically

1619

01:02:28,970 --> 01:02:26,940

like laserly cut like you couldn't even

1620

01:02:30,470 --> 01:02:28,980

do that if you were a surgeon like it

1621

01:02:32,150 --> 01:02:30,480

would take you forever to get that

1622

01:02:34,670 --> 01:02:32,160

perfect how do you get no blood on the

1623

01:02:36,410 --> 01:02:34,680

white fur yeah even an operation you

1624

01:02:38,870 --> 01:02:36,420

know with our best surgeons there's

1625

01:02:41,630 --> 01:02:38,880

blood my I was President my daughter's

1626

01:02:43,730 --> 01:02:41,640

birth my wife had a C-section they let

1627

01:02:45,470 --> 01:02:43,740

me film it I was a med student so I'm

1628

01:02:47,030 --> 01:02:45,480

not scared of blood and gods but there's

1629

01:02:48,410 --> 01:02:47,040

a lot of blood and guts okay I don't

1630

01:02:50,809 --> 01:02:48,420

know how you would do something like

1631

01:02:52,789 --> 01:02:50,819

that as invasive as that and just not

1632

01:02:54,829 --> 01:02:52,799

leave any signs you know and yeah you

1633

01:02:57,049 --> 01:02:54,839

know for your for your viewers out there

1634

01:02:59,990 --> 01:02:57,059

they're watching it that are new to this

1635

01:03:02,510 --> 01:03:00,000

what an animal relation is and we talked

1636

01:03:05,270 --> 01:03:02,520

a little briefly about it is it's picked

1637

01:03:08,690 --> 01:03:05,280

up at location eight picked up okay not

1638

01:03:12,349 --> 01:03:08,700

dragged picked up take it to location B

1639

01:03:14,390 --> 01:03:12,359

the mutilation occurs at location B then

1640

01:03:16,549 --> 01:03:14,400

they take it to location C which is in

1641

01:03:18,890 --> 01:03:16,559

the general proximity of location eight

1642

01:03:21,109 --> 01:03:18,900

uh I've actually had two cases where we

1643

01:03:24,289 --> 01:03:21,119

found where the animal was picked up and

1644

01:03:26,210 --> 01:03:24,299

you know you know 50 60 yards away and

1645

01:03:28,190 --> 01:03:26,220

that's how I know because I've actually

1646

01:03:30,049 --> 01:03:28,200

had two cases of physically saw the

1647

01:03:33,230 --> 01:03:30,059

evidence where they were picked up yeah

1648

01:03:36,890 --> 01:03:33,240

the last of marches anyway I won't go

1649

01:03:39,170 --> 01:03:36,900

into it but so it's the location B where

1650

01:03:41,690 --> 01:03:39,180

the the animals drained of blood

1651
01:03:43,609 --> 01:03:41,700
and then the cuts are made now I know

1652
01:03:46,309 --> 01:03:43,619
the animals already did when the cuts

1653
01:03:47,510 --> 01:03:46,319
were made because I did when I started

1654
01:03:48,890 --> 01:03:47,520
doing this I was running a lot of

1655
01:03:52,069 --> 01:03:48,900
samples down to Colorado State

1656
01:03:54,890 --> 01:03:52,079
Veterinary lab in Fort Collins and they

1657
01:03:56,270 --> 01:03:54,900
were looking at the uh you know the

1658
01:03:58,130 --> 01:03:56,280
anomaly cut

1659
01:04:00,829 --> 01:03:58,140
you know so what you did what you do is

1660
01:04:02,870 --> 01:04:00,839
if you have well not not let's say the

1661
01:04:05,750 --> 01:04:02,880
neck right here so you had to cut around

1662
01:04:07,130 --> 01:04:05,760
a hole you take that and you do a pie

1663
01:04:10,130 --> 01:04:07,140

cut

1664

01:04:12,589 --> 01:04:10,140

outside of it so you want the anomaly

1665

01:04:14,809 --> 01:04:12,599

cut because you want them to look at

1666

01:04:16,849 --> 01:04:14,819

that and every one of the cases that I

1667

01:04:19,490 --> 01:04:16,859

took in there was no signs of

1668

01:04:21,770 --> 01:04:19,500

hemorrhaging which means the animal was

1669

01:04:24,530 --> 01:04:21,780

already dead by the time they cut it up

1670

01:04:26,150 --> 01:04:24,540

which is good for me because I didn't

1671

01:04:28,069 --> 01:04:26,160

you know I couldn't imagine this part

1672

01:04:30,770 --> 01:04:28,079

animal struggling while they were

1673

01:04:32,690 --> 01:04:30,780

cutting it was getting cut out also in

1674

01:04:35,809 --> 01:04:32,700

some of the cases the hardest collapsed

1675

01:04:37,490 --> 01:04:35,819

which tells me that it was bled out now

1676

01:04:38,990 --> 01:04:37,500

some people go no one animals die

1677

01:04:41,089 --> 01:04:39,000

they're they blew it out of the heart

1678

01:04:43,789 --> 01:04:41,099

collapse not true

1679

01:04:46,730 --> 01:04:43,799

get their blood out yes but under normal

1680

01:04:48,950 --> 01:04:46,740

circumstances I actually was invited to

1681

01:04:51,410 --> 01:04:48,960

go to Colorado State University years

1682

01:04:54,289 --> 01:04:51,420

ago and perform a necropsy on a horse

1683

01:04:55,910 --> 01:04:54,299

with students they taught me I went

1684

01:04:58,069 --> 01:04:55,920

there and I actually did a couple of

1685

01:05:00,170 --> 01:04:58,079

presentations at a couple different

1686

01:05:02,150 --> 01:05:00,180

years teaching the students what animal

1687

01:05:03,829 --> 01:05:02,160

mutilations are so if I ever bought

1688

01:05:06,170 --> 01:05:03,839

anything in they would know what to do

1689

01:05:09,470 --> 01:05:06,180

they in turn

1690

01:05:11,569 --> 01:05:09,480

brought me in and I got to do a necropsy

1691

01:05:14,510 --> 01:05:11,579

on a horse that had died of natural

1692

01:05:17,450 --> 01:05:14,520

causes and the heart was about the size

1693

01:05:19,789 --> 01:05:17,460

of a ball a volleyball and it was it was

1694

01:05:22,069 --> 01:05:19,799

not collapsed and when you cut it open

1695

01:05:25,089 --> 01:05:22,079

the left and right ventricle you'll see

1696

01:05:28,190 --> 01:05:25,099

like grape jelly inside here you know

1697

01:05:31,609 --> 01:05:28,200

and so when a heart has collapsed that's

1698

01:05:33,710 --> 01:05:31,619

when it's been forcibly bled out what

1699

01:05:35,569 --> 01:05:33,720

about like crushes I've heard of people

1700

01:05:38,329 --> 01:05:35,579

I think it was on Skinwalker Ranch a few

1701

01:05:40,130 --> 01:05:38,339

seasons ago they had a cow and it had

1702

01:05:42,410 --> 01:05:40,140

like impact like it was hit by a

1703

01:05:45,170 --> 01:05:42,420

freaking train almost as if it was

1704

01:05:46,849 --> 01:05:45,180

dropped from some height and uh and even

1705

01:05:48,530 --> 01:05:46,859

like in The Impressions in the ground

1706

01:05:50,270 --> 01:05:48,540

would allude to the same have you heard

1707

01:05:52,250 --> 01:05:50,280

of obviously you have but what are your

1708

01:05:54,230 --> 01:05:52,260

thoughts on that kind of thing well I I

1709

01:05:56,569 --> 01:05:54,240

giggle this kid rock harassed because we

1710

01:05:59,390 --> 01:05:56,579

did a investigation on alien highway

1711

01:06:01,609 --> 01:05:59,400

outside of Skinwalker Ranch Ken Walker

1712

01:06:04,250 --> 01:06:01,619

Ranch is one of these spots where it's

1713

01:06:06,470 --> 01:06:04,260

like one little house in the San Luis

1714

01:06:08,329 --> 01:06:06,480

Valley that whole area there could be a

1715

01:06:10,549 --> 01:06:08,339

10 mile wide area where that place is

1716

01:06:12,470 --> 01:06:10,559

Googling oh and it's hot you don't have

1717

01:06:14,569 --> 01:06:12,480

to be on the ranch we found a lot of

1718

01:06:16,309 --> 01:06:14,579

evidence with alien highway way away

1719

01:06:18,530 --> 01:06:16,319

from the Reds talking to the Native

1720

01:06:20,030 --> 01:06:18,540

Americans there they told us where to go

1721

01:06:22,670 --> 01:06:20,040

I mean they didn't tell us where to go

1722

01:06:25,250 --> 01:06:22,680

you know they told us where the you know

1723

01:06:27,470 --> 01:06:25,260

if we wanted to see activity you know

1724

01:06:29,569 --> 01:06:27,480

where to go and it was nowhere near the

1725

01:06:30,829 --> 01:06:29,579

skin walker Ranch although Skinwalker

1726

01:06:32,329 --> 01:06:30,839

Ranch was off in a distance I'm not

1727

01:06:33,529 --> 01:06:32,339

saying anything negative about it but a

1728

01:06:35,390 --> 01:06:33,539

lot of stuff

1729

01:06:36,950 --> 01:06:35,400

you know I've done with Pro I've done

1730

01:06:38,329 --> 01:06:36,960

work with Prometheus before I think

1731

01:06:40,010 --> 01:06:38,339

Prometheus is one of the production

1732

01:06:41,930 --> 01:06:40,020

companies they have a tendency of

1733

01:06:45,650 --> 01:06:41,940

exaggerating a lot

1734

01:06:46,849 --> 01:06:45,660

you know for for uh ratings so just keep

1735

01:06:50,569 --> 01:06:46,859

that in mind when you watch a skin

1736

01:06:53,750 --> 01:06:50,579

walker Ranch but um yes and they're not

1737

01:06:54,650 --> 01:06:53,760

dropped and so when you listen to these

1738

01:06:56,029 --> 01:06:54,660

people if they'll say I don't know what

1739

01:06:57,289 --> 01:06:56,039

was dropped from well because they

1740

01:06:59,870 --> 01:06:57,299

really haven't done enough of these

1741

01:07:01,670 --> 01:06:59,880

investigations you know maybe it's their

1742

01:07:03,950 --> 01:07:01,680

first thought when they see the animal

1743

01:07:06,650 --> 01:07:03,960

there and there's broken bones and stuff

1744

01:07:08,089 --> 01:07:06,660

that it was dropped but it's not dropped

1745

01:07:09,410 --> 01:07:08,099

and I tell you why it's not dropped

1746

01:07:10,970 --> 01:07:09,420

because

1747

01:07:12,650 --> 01:07:10,980

if I take

1748

01:07:14,750 --> 01:07:12,660

no let's see we'll just take this right

1749

01:07:17,870 --> 01:07:14,760

here

1750

01:07:21,049 --> 01:07:17,880

okay so what happens on my phone when I

1751

01:07:23,589 --> 01:07:21,059

take this a little piece of plastic and

1752

01:07:26,210 --> 01:07:23,599

it kind of moves around doesn't it

1753

01:07:28,849 --> 01:07:26,220

but it's truck so it'll move around

1754

01:07:30,109 --> 01:07:28,859

there's absolutely no evidence at all to

1755

01:07:31,549 --> 01:07:30,119

probably pick the wrong thing because

1756

01:07:33,789 --> 01:07:31,559

it's filled out perfect the first time

1757

01:07:36,049 --> 01:07:33,799

you need a prop dead cow

1758

01:07:37,870 --> 01:07:36,059

I thought you would have one Chuck I'm a

1759

01:07:41,329 --> 01:07:37,880

little disappointed

1760

01:07:44,750 --> 01:07:41,339

I'm really sorry the um

1761

01:07:46,609 --> 01:07:44,760

when an animal's dropped even two three

1762

01:07:48,770 --> 01:07:46,619

inches off the ground you're gonna get a

1763

01:07:51,650 --> 01:07:48,780

little bit of movement and so when you

1764

01:07:55,730 --> 01:07:51,660

come across an animal mutilation there's

1765

01:07:59,510 --> 01:07:55,740

absolutely zero evidence of the animal's

1766

01:08:01,730 --> 01:07:59,520

body making marks on the ground no leg

1767

01:08:04,309 --> 01:08:01,740

moving no head movement nothing it's

1768

01:08:06,470 --> 01:08:04,319

like a fiberglass cow that just was

1769

01:08:10,010 --> 01:08:06,480

placed there you know the animal was

1770

01:08:11,809 --> 01:08:10,020

just placed okay and so Cappy drop now I

1771

01:08:14,210 --> 01:08:11,819

knew that when I was a deputy we were

1772

01:08:15,829 --> 01:08:14,220

watching some some training videos on

1773

01:08:17,890 --> 01:08:15,839

jumpers and commit you know people who

1774

01:08:20,150 --> 01:08:17,900

commit suicide jumping off of a house or

1775

01:08:21,829 --> 01:08:20,160

you know or building five six sword

1776

01:08:23,630 --> 01:08:21,839

buildings up and when they hit the

1777

01:08:26,150 --> 01:08:23,640

concrete then they bounce

1778

01:08:28,430 --> 01:08:26,160

you know humans have they'll balance

1779

01:08:30,829 --> 01:08:28,440

eight feet up in the air

1780

01:08:32,990 --> 01:08:30,839

so even if you fall off a roof you're

1781

01:08:35,450 --> 01:08:33,000

not gonna go you know you're gonna pass

1782

01:08:38,329 --> 01:08:35,460

a little bit so they're not dropped

1783

01:08:41,450 --> 01:08:38,339

they're placed now people are going well

1784

01:08:43,789 --> 01:08:41,460

how do you know that well because the

1785

01:08:45,410 --> 01:08:43,799

leg the lack of evidence and being

1786

01:08:47,870 --> 01:08:45,420

something else I found

1787

01:08:50,090 --> 01:08:47,880

and I'll tell you real quick so some of

1788

01:08:52,070 --> 01:08:50,100

the cases I found I found higher levels

1789

01:08:54,950 --> 01:08:52,080

of electromagnetic field associated with

1790

01:08:57,169 --> 01:08:54,960

the animal and sometimes the animals not

1791

01:09:00,050 --> 01:08:57,179

all the cases very rarely the animals

1792

01:09:02,269 --> 01:09:00,060

lying in a round circle not a crop

1793

01:09:04,070 --> 01:09:02,279

circle just a ground depression I've

1794

01:09:07,309 --> 01:09:04,080

taken soil samples from inside and

1795

01:09:09,709 --> 01:09:07,319

outside ground depression vacations cece

1796

01:09:14,150 --> 01:09:09,719

the nutrients are slightly altered

1797

01:09:16,189 --> 01:09:14,160

by the cow okay and what tells me that

1798

01:09:18,890 --> 01:09:16,199

what alter the nutrient is is a high

1799

01:09:20,930 --> 01:09:18,900

energy because the soil is less soluble

1800

01:09:24,050 --> 01:09:20,940

near the animal than you know where I

1801
01:09:25,910 --> 01:09:24,060
took the sample soil and since I picked

1802
01:09:28,070 --> 01:09:25,920
up I need to go well why would we have

1803
01:09:29,930 --> 01:09:28,080
high energy because I picked up EMF

1804
01:09:32,930 --> 01:09:29,940
higher levels of EMF

1805
01:09:36,410 --> 01:09:32,940
off of an animal and off of the ground

1806
01:09:39,410 --> 01:09:36,420
near an animal not a lot a couple of

1807
01:09:41,990 --> 01:09:39,420
times but enough you know to start you

1808
01:09:44,090 --> 01:09:42,000
know thinking about it and it's happened

1809
01:09:46,490 --> 01:09:44,100
a couple different times so I can see a

1810
01:09:48,289 --> 01:09:46,500
pattern now so there's an energy source

1811
01:09:50,570 --> 01:09:48,299
that picks up the animal

1812
01:09:52,249 --> 01:09:50,580
I know as crazy as that sounds this is

1813
01:09:54,650 --> 01:09:52,259

the best I can do for a theory because

1814

01:09:57,050 --> 01:09:54,660

we've never found strap marks chain

1815

01:09:58,370 --> 01:09:57,060

marks we've never found tire marks of a

1816

01:10:00,650 --> 01:09:58,380

tow truck being there picking up an

1817

01:10:02,750 --> 01:10:00,660

animal right we never found any

1818

01:10:03,950 --> 01:10:02,760

vegetation or anything or of a

1819

01:10:05,510 --> 01:10:03,960

helicopter picking up but even a

1820

01:10:07,790 --> 01:10:05,520

helicopter picking up and even if it was

1821

01:10:10,669 --> 01:10:07,800

a claw there would be marks on the

1822

01:10:12,650 --> 01:10:10,679

animal or or like I said strap marks

1823

01:10:14,930 --> 01:10:12,660

absolutely no evidence of how it was

1824

01:10:17,630 --> 01:10:14,940

picked up so one has to assume energy

1825

01:10:20,930 --> 01:10:17,640

since there was EMF media readings there

1826

01:10:23,390 --> 01:10:20,940

it's lifted up taken somewhere and it's

1827

01:10:26,890 --> 01:10:23,400

placed back down now maybe depending on

1828

01:10:29,390 --> 01:10:26,900

the height of whatever apparatus is

1829

01:10:32,330 --> 01:10:29,400

responsible for lifting and putting it

1830

01:10:35,270 --> 01:10:32,340

down they put it down too hard bones

1831

01:10:37,070 --> 01:10:35,280

internally will break I've had cases

1832

01:10:39,110 --> 01:10:37,080

where the rib cage breaks right away

1833

01:10:43,070 --> 01:10:39,120

from the backbone

1834

01:10:45,110 --> 01:10:43,080

um the organ one my gosh the uh the

1835

01:10:45,890 --> 01:10:45,120

femur bone I think it was a left femur

1836

01:10:49,130 --> 01:10:45,900

bone

1837

01:10:52,550 --> 01:10:49,140

would pull right out of the socket of of

1838

01:10:54,830 --> 01:10:52,560

the pelvic area as it was as as it was

1839

01:10:56,390 --> 01:10:54,840

hit now this was something new that I've

1840

01:10:58,310 --> 01:10:56,400

never seen before

1841

01:11:01,250 --> 01:10:58,320

you had you know it had a hole in the

1842

01:11:03,229 --> 01:11:01,260

side or you know um something came in

1843

01:11:04,669 --> 01:11:03,239

and maybe took out the organs and it was

1844

01:11:06,770 --> 01:11:04,679

Hollow

1845

01:11:08,209 --> 01:11:06,780

when it came down and this Rancher

1846

01:11:11,209 --> 01:11:08,219

noticed this and told me about it and

1847

01:11:14,390 --> 01:11:11,219

I'm like oh my god when it came down so

1848

01:11:16,310 --> 01:11:14,400

hard that whatever was in the four or

1849

01:11:19,790 --> 01:11:16,320

five stomachs that the cow has on his

1850

01:11:21,770 --> 01:11:19,800

five stomachs it pushed all that out and

1851
01:11:23,030 --> 01:11:21,780
into the empty cavity where the organs

1852
01:11:24,890 --> 01:11:23,040
used to be

1853
01:11:26,270 --> 01:11:24,900
because there was a lot of stomach

1854
01:11:28,850 --> 01:11:26,280
matter and he was trying to figure that

1855
01:11:30,229 --> 01:11:28,860
out but then he realized so there's so

1856
01:11:32,630 --> 01:11:30,239
much pressure when this thing came back

1857
01:11:34,550 --> 01:11:32,640
down it broke the femur or took the

1858
01:11:36,050 --> 01:11:34,560
femur right out of the socket pushed

1859
01:11:38,689 --> 01:11:36,060
everything that was in the digestive

1860
01:11:39,649 --> 01:11:38,699
tract into the cavity open cavity of the

1861
01:11:42,110 --> 01:11:39,659
cow

1862
01:11:45,169 --> 01:11:42,120
yet there's zero evidence that this

1863
01:11:47,030 --> 01:11:45,179

thing even moved on the ground zero and

1864

01:11:49,370 --> 01:11:47,040

a lot of these these animals were laying

1865

01:11:50,810 --> 01:11:49,380

in in you know softer and you would see

1866

01:11:53,390 --> 01:11:50,820

a scuff marks you'd see all kinds of

1867

01:11:54,890 --> 01:11:53,400

stuff nothing this is the phenomenon of

1868

01:11:57,350 --> 01:11:54,900

animal mutilations

1869

01:11:58,610 --> 01:11:57,360

you know you know so the best we can

1870

01:12:00,770 --> 01:11:58,620

figure

1871

01:12:02,270 --> 01:12:00,780

who's ever doing it is using some type

1872

01:12:04,070 --> 01:12:02,280

of energy source

1873

01:12:05,330 --> 01:12:04,080

they must think we're incredibly stupid

1874

01:12:07,490 --> 01:12:05,340

though because they're like oh let's

1875

01:12:08,630 --> 01:12:07,500

just take a cow let's do our thing just

1876

01:12:09,649 --> 01:12:08,640

bring it back they're not going to know

1877

01:12:11,689 --> 01:12:09,659

so you're going to think it died

1878

01:12:14,149 --> 01:12:11,699

naturally it's fine you're stupid

1879

01:12:15,649 --> 01:12:14,159

they're human but you know and it's

1880

01:12:17,330 --> 01:12:15,659

mysterious because even the way that

1881

01:12:19,370 --> 01:12:17,340

you're explaining it I mean it's almost

1882

01:12:21,709 --> 01:12:19,380

time and time again

1883

01:12:23,689 --> 01:12:21,719

you know verbatim exactly what happened

1884

01:12:25,430 --> 01:12:23,699

to the last farmer I mean the fact that

1885

01:12:27,709 --> 01:12:25,440

this cow is taken there's no traces

1886

01:12:29,570 --> 01:12:27,719

there's to be able to pull off this

1887

01:12:31,189 --> 01:12:29,580

operation even if you're like you

1888

01:12:33,709 --> 01:12:31,199

mentioning magicians early and for the

1889

01:12:35,570 --> 01:12:33,719

best magician in the world

1890

01:12:37,669 --> 01:12:35,580

you're doing this you're catering to who

1891

01:12:38,930 --> 01:12:37,679

there's no audience you know it's not

1892

01:12:41,930 --> 01:12:38,940

like anybody's looking for this it's

1893

01:12:44,390 --> 01:12:41,940

just that it's affecting ranchers

1894

01:12:45,590 --> 01:12:44,400

um wait and we should do a part two to

1895

01:12:46,669 --> 01:12:45,600

this Louie because we're we're running

1896

01:12:48,530 --> 01:12:46,679

out of time because we got to keep it

1897

01:12:51,169 --> 01:12:48,540

within an hour is my favorite subject

1898

01:12:52,910 --> 01:12:51,179

you can chat all day I definitely want

1899

01:12:55,370 --> 01:12:52,920

to your point on the evidence though

1900

01:12:57,890 --> 01:12:55,380

having evidence and not having evidence

1901

01:12:59,510 --> 01:12:57,900

also says something as well right how

1902

01:13:02,209 --> 01:12:59,520

does somebody do this ten thousand times

1903

01:13:04,870 --> 01:13:02,219

as a hoax or a prankster and never leave

1904

01:13:07,610 --> 01:13:04,880

anything forensic

1905

01:13:10,310 --> 01:13:07,620

you know if you want to let's say let's

1906

01:13:11,810 --> 01:13:10,320

let's use an example of of a gray and

1907

01:13:13,669 --> 01:13:11,820

let's say that they you know at one

1908

01:13:15,709 --> 01:13:13,679

point and people still believe there's a

1909

01:13:17,450 --> 01:13:15,719

lot of researchers believe it and that

1910

01:13:19,130 --> 01:13:17,460

you know Grays are more like worker bees

1911

01:13:22,130 --> 01:13:19,140

and then there's supposedly the

1912

01:13:24,709 --> 01:13:22,140

reptilians or the tall Grays that kind

1913

01:13:26,149 --> 01:13:24,719

of control the regular Grace and because

1914

01:13:28,130 --> 01:13:26,159

you have tall grades and short grades

1915

01:13:30,649 --> 01:13:28,140

now if the grades are just

1916

01:13:32,930 --> 01:13:30,659

doing whatever they're gonna do then

1917

01:13:34,550 --> 01:13:32,940

it's basically you know someone wants an

1918

01:13:36,649 --> 01:13:34,560

engine for your you know for their car

1919

01:13:38,450 --> 01:13:36,659

so they steal your car take the engine

1920

01:13:41,030 --> 01:13:38,460

out but the car still registered to you

1921

01:13:43,310 --> 01:13:41,040

so you bring it back right

1922

01:13:45,410 --> 01:13:43,320

you know and well they don't have a

1923

01:13:47,450 --> 01:13:45,420

place for it maybe that's the case too

1924

01:13:50,030 --> 01:13:47,460

they take what they need they really

1925

01:13:51,050 --> 01:13:50,040

have no place to store 1100 1200 pound

1926

01:13:53,390 --> 01:13:51,060

cow

1927

01:13:55,070 --> 01:13:53,400

and so they put it back so they but they

1928

01:13:56,870 --> 01:13:55,080

put it back close to where they picked

1929

01:13:59,510 --> 01:13:56,880

it up not exactly

1930

01:14:01,430 --> 01:13:59,520

but when when you know when you look at

1931

01:14:04,250 --> 01:14:01,440

this just think about technology think

1932

01:14:06,229 --> 01:14:04,260

about what technology we didn't have you

1933

01:14:08,450 --> 01:14:06,239

know 100 years ago or 200 years ago or

1934

01:14:09,950 --> 01:14:08,460

my gosh you go back into Salem days with

1935

01:14:13,430 --> 01:14:09,960

a big ladder you'll get burned into

1936

01:14:14,810 --> 01:14:13,440

stick it's a witch yeah in my opinion

1937

01:14:16,910 --> 01:14:14,820

it's just it's just Technology's the

1938

01:14:19,189 --> 01:14:16,920

best technology that's why we can't

1939

01:14:21,709 --> 01:14:19,199

catch it with cameras we put I put

1940

01:14:25,250 --> 01:14:21,719

motion sensing cameras out in areas but

1941

01:14:26,930 --> 01:14:25,260

a counter emits a field electromagnetic

1942

01:14:28,729 --> 01:14:26,940

field from the batteries because it's

1943

01:14:31,189 --> 01:14:28,739

it's an instrument and with the right

1944

01:14:34,669 --> 01:14:31,199

technology and I'm sure are you know our

1945

01:14:36,770 --> 01:14:34,679

military helicopters can spot

1946

01:14:38,810 --> 01:14:36,780

certain types of you know Technologies

1947

01:14:41,689 --> 01:14:38,820

when when they're in an area looking for

1948

01:14:43,729 --> 01:14:41,699

whoever but who's ever doing this you

1949

01:14:45,830 --> 01:14:43,739

know they could spot the cameras they

1950

01:14:48,110 --> 01:14:45,840

could spot the parent being emitted from

1951

01:14:49,729 --> 01:14:48,120

the cameras they know it's there

1952

01:14:50,810 --> 01:14:49,739

they just you know they stay out of

1953

01:14:54,110 --> 01:14:50,820

there or

1954

01:14:55,310 --> 01:14:54,120

they shut it down yeah and that happened

1955

01:14:58,070 --> 01:14:55,320

to me once

1956

01:15:00,169 --> 01:14:58,080

no really yeah I was so Dylan I was with

1957

01:15:02,149 --> 01:15:00,179

my my wife we read a g my three kids in

1958

01:15:05,330 --> 01:15:02,159

her back and we just passed one of the

1959

01:15:08,390 --> 01:15:05,340

vortexes I guess about 10 o'clock 10 30

1960

01:15:10,790 --> 01:15:08,400

at night beautiful sky just drive Pat we

1961

01:15:13,010 --> 01:15:10,800

just drove past the vortex location

1962

01:15:14,450 --> 01:15:13,020

brand new Jeep we read it we've got we

1963

01:15:16,729 --> 01:15:14,460

were four buying all day not a problem

1964

01:15:18,410 --> 01:15:16,739

just went out likes everything

1965

01:15:21,350 --> 01:15:18,420

she just kind of rolls off the side

1966

01:15:24,590 --> 01:15:21,360

nobody out there and I'm like yeah you

1967

01:15:26,990 --> 01:15:24,600

know Richard Dreyfus yes you know he's a

1968

01:15:30,169 --> 01:15:27,000

close encounter yeah yeah I know what's

1969

01:15:32,870 --> 01:15:30,179

gonna happen I don't know grab the door

1970

01:15:36,169 --> 01:15:32,880

and my wife grabbed my my right arm and

1971

01:15:37,850 --> 01:15:36,179

she said you're not going anywhere

1972

01:15:41,270 --> 01:15:37,860

not leaving me here with the kids

1973

01:15:42,649 --> 01:15:41,280

classic wife classic wife outside to see

1974

01:15:45,530 --> 01:15:42,659

if something was flying over yeah

1975

01:15:47,570 --> 01:15:45,540

because it's an energy source and

1976

01:15:50,810 --> 01:15:47,580

um we did a we were doing a

1977

01:15:53,810 --> 01:15:50,820

um a dig at the Roswell debris site for

1978

01:15:55,910 --> 01:15:53,820

the Sci-Fi channel and I was there with

1979

01:15:57,709 --> 01:15:55,920

the film crew from Dateline NBC they

1980

01:15:59,030 --> 01:15:57,719

just have to be the film crew and we

1981

01:16:01,550 --> 01:15:59,040

were camping out

1982

01:16:03,350 --> 01:16:01,560

over by the debris field and we woke up

1983

01:16:05,870 --> 01:16:03,360

the next morning every one of our cell

1984

01:16:08,330 --> 01:16:05,880

phones the batteries were dead or they

1985

01:16:10,490 --> 01:16:08,340

reset and our vehicles my vehicle

1986

01:16:12,649 --> 01:16:10,500

production Cruise Vehicles were all dead

1987

01:16:14,930 --> 01:16:12,659

the batteries died something happened

1988

01:16:16,910 --> 01:16:14,940

that night while we were sleeping and

1989

01:16:18,410 --> 01:16:16,920

drained everything luckily the

1990

01:16:20,390 --> 01:16:18,420

archaeologists from the University of

1991

01:16:22,970 --> 01:16:20,400

New Mexico wasn't with us he came

1992

01:16:25,570 --> 01:16:22,980

driving up I had jumper cables and you

1993

01:16:27,709 --> 01:16:25,580

know we got everything going again

1994

01:16:28,910 --> 01:16:27,719

so yeah I thought because we're

1995

01:16:31,010 --> 01:16:28,920

definitely going to have you on again

1996

01:16:32,090 --> 01:16:31,020

Chuck fairly soon after your vacation is

1997

01:16:34,910 --> 01:16:32,100

done we're not going to bother you while

1998

01:16:36,470 --> 01:16:34,920

you're on vacation uh but to talk about

1999

01:16:38,330 --> 01:16:36,480

maybe a part two of this because like

2000

01:16:40,070 --> 01:16:38,340

like Louie said I love this this topic

2001

01:16:42,350 --> 01:16:40,080

this in alien abductions is my two

2002

01:16:43,910 --> 01:16:42,360

favorite topics in ufology I love them

2003

01:16:44,990 --> 01:16:43,920

all all the topics but these are my

2004

01:16:47,209 --> 01:16:45,000

favorite too

2005

01:16:48,590 --> 01:16:47,219

um I thought we would do just quickly uh

2006

01:16:51,530 --> 01:16:48,600

between the three of us process of

2007

01:16:53,810 --> 01:16:51,540

elimination right just because is there

2008

01:16:56,570 --> 01:16:53,820

an elimination or illumination whatever

2009

01:16:58,310 --> 01:16:56,580

however you see it uh just because I

2010

01:16:59,390 --> 01:16:58,320

keep hearing people oh it could be this

2011

01:17:01,310 --> 01:16:59,400

because we're talking about the couch

2012

01:17:03,890 --> 01:17:01,320

investigators now

2013

01:17:06,890 --> 01:17:03,900

I'm gonna kick off the ball here and I'm

2014

01:17:09,950 --> 01:17:06,900

gonna say obviously if it was human

2015

01:17:11,330 --> 01:17:09,960

you could see human uh thought behind it

2016

01:17:13,310 --> 01:17:11,340

you would see some evidence you would

2017

01:17:16,729 --> 01:17:13,320

see tracks of some sort there would be

2018

01:17:18,290 --> 01:17:16,739

errors people are sloppy killing a cow

2019

01:17:20,689 --> 01:17:18,300

is not priority number one like whoever

2020

01:17:22,370 --> 01:17:20,699

is a Serial cow killer right now is

2021

01:17:24,229 --> 01:17:22,380

amazing at covering his tracks I'll

2022

01:17:27,410 --> 01:17:24,239

never be caught he's going to teach CSI

2023

01:17:30,649 --> 01:17:27,420

a new thing right so saying that it's

2024

01:17:32,810 --> 01:17:30,659

it's human highly unlikely sorry that's

2025

01:17:34,790 --> 01:17:32,820

in like the pranks in the prank sense

2026

01:17:37,689 --> 01:17:34,800

you mean right no no I don't make no

2027

01:17:40,430 --> 01:17:37,699

sense that's too elaborate yeah

2028

01:17:42,110 --> 01:17:40,440

or military I'd say that that's probably

2029

01:17:44,810 --> 01:17:42,120

not going to happen after the fact yes

2030

01:17:46,370 --> 01:17:44,820

but not causing and creating it I think

2031

01:17:48,830 --> 01:17:46,380

why would they bring it back they would

2032

01:17:51,470 --> 01:17:48,840

just take it yeah dumb people had had

2033

01:17:52,729 --> 01:17:51,480

you know made mistakes sure sure yeah

2034

01:17:56,590 --> 01:17:52,739

you're not going to get away with it

2035

01:17:59,990 --> 01:17:56,600

over ten thousand times no not at all no

2036

01:18:01,250 --> 01:18:00,000

one else yeah what would you eliminate

2037

01:18:03,709 --> 01:18:01,260

off the board Chuck

2038

01:18:05,750 --> 01:18:03,719

well obviously I would I would eliminate

2039

01:18:08,870 --> 01:18:05,760

you know human intervention just because

2040

01:18:11,330 --> 01:18:08,880

we've never found any evidence and like

2041

01:18:14,149 --> 01:18:11,340

I said every crime and this is a crime

2042

01:18:15,950 --> 01:18:14,159

evidence is left there and and humans

2043

01:18:18,350 --> 01:18:15,960

are not perfect like I mentioned you

2044

01:18:20,330 --> 01:18:18,360

know SEAL Team Six with Bin Laden the

2045

01:18:23,450 --> 01:18:20,340

best of the best with the best equipment

2046

01:18:25,189 --> 01:18:23,460

failed right without the evidence hell

2047

01:18:28,850 --> 01:18:25,199

they left a helicopter for guys thanks

2048

01:18:31,790 --> 01:18:28,860

so you have over ten thousand cases your

2049

01:18:34,070 --> 01:18:31,800

somebody was bound to leave evidence

2050

01:18:35,990 --> 01:18:34,080

um law enforcement is is highly trained

2051

01:18:37,550 --> 01:18:36,000

on looking for evidence but they're

2052

01:18:40,729 --> 01:18:37,560

highly trained on looking for human

2053

01:18:43,669 --> 01:18:40,739

evidence right not non-human evidence

2054

01:18:45,530 --> 01:18:43,679

meaning not not animal evidence but you

2055

01:18:47,930 --> 01:18:45,540

know something else so they haven't

2056

01:18:50,810 --> 01:18:47,940

found any human evidence Predator

2057

01:18:53,810 --> 01:18:50,820

evidence is really easy you know now

2058

01:18:55,970 --> 01:18:53,820

mountain lion or bear or something of

2059

01:18:58,910 --> 01:18:55,980

this Carnage everywhere movement

2060

01:19:01,729 --> 01:18:58,920

everywhere you know I had two horses in

2061

01:19:03,350 --> 01:19:01,739

Rush Colorado they were mutilated you

2062

01:19:05,030 --> 01:19:03,360

know they're I don't know about him 20

2063

01:19:07,130 --> 01:19:05,040

feet away from each other

2064

01:19:08,930 --> 01:19:07,140

the deputies that know what to do

2065

01:19:10,189 --> 01:19:08,940

they're looking and going well it's got

2066

01:19:13,550 --> 01:19:10,199

to be animal cruelty it's got to be

2067

01:19:15,649 --> 01:19:13,560

human because we found no evidence of uh

2068

01:19:17,330 --> 01:19:15,659

of any Predators doing it but yet we

2069

01:19:19,189 --> 01:19:17,340

found no evidence of humans doing it

2070

01:19:21,470 --> 01:19:19,199

either but we only had that little box

2071

01:19:22,430 --> 01:19:21,480

to check off and yeah in the report we

2072

01:19:24,350 --> 01:19:22,440

don't have

2073

01:19:27,350 --> 01:19:24,360

Animal Human

2074

01:19:29,390 --> 01:19:27,360

unknown yeah yeah well there's no link

2075

01:19:31,910 --> 01:19:29,400

between the two how how the how a human

2076

01:19:33,649 --> 01:19:31,920

and the animal would have even been

2077

01:19:35,510 --> 01:19:33,659

together at the same time at the time

2078

01:19:37,189 --> 01:19:35,520

that the animal was mutilated there's no

2079

01:19:38,570 --> 01:19:37,199

there's a gap there we don't know what

2080

01:19:40,850 --> 01:19:38,580

the hell happened and it's obviously not

2081

01:19:43,970 --> 01:19:40,860

nature because nature wouldn't kill an

2082

01:19:46,610 --> 01:19:43,980

animal off that fast and be precise

2083

01:19:48,590 --> 01:19:46,620

about which organ it took first right

2084

01:19:49,970 --> 01:19:48,600

like these are repeatable right and

2085

01:19:52,370 --> 01:19:49,980

that's that's absolutely true that was

2086

01:19:55,729 --> 01:19:52,380

mentioning that mufon is doing a press

2087

01:19:58,250 --> 01:19:55,739

release on an animal emulation that

2088

01:20:00,530 --> 01:19:58,260

happened night before last out of

2089

01:20:02,870 --> 01:20:00,540

Oklahoma and

2090

01:20:03,830 --> 01:20:02,880

um I told him if before you do a press

2091

01:20:06,709 --> 01:20:03,840

release

2092

01:20:08,390 --> 01:20:06,719

call me talk to me before lunch today

2093

01:20:10,490 --> 01:20:08,400

because I might have acquired

2094

01:20:12,649 --> 01:20:10,500

information to either credit or

2095

01:20:15,169 --> 01:20:12,659

discredit this I talked to the deputy

2096

01:20:17,870 --> 01:20:15,179

this morning who used to live on a farm

2097

01:20:21,169 --> 01:20:17,880

grew up on a farm had farm animals

2098

01:20:23,270 --> 01:20:21,179

looked at this animal that the move on

2099

01:20:25,610 --> 01:20:23,280

investigator there was their very first

2100

01:20:28,250 --> 01:20:25,620

panel emulation so a very very

2101
01:20:30,950 --> 01:20:28,260
inexperienced person looking at this at

2102
01:20:33,770 --> 01:20:30,960
night with flashlights so you know you

2103
01:20:36,410 --> 01:20:33,780
so it's even worse yet to claim it to be

2104
01:20:38,689 --> 01:20:36,420
a mutilation the Japanese soccer in the

2105
01:20:40,790 --> 01:20:38,699
morning I talked about good 25 minutes

2106
01:20:44,090 --> 01:20:40,800
this morning with him he says now he

2107
01:20:48,050 --> 01:20:44,100
says the lower jaw wasn't cut like you

2108
01:20:50,090 --> 01:20:48,060
see with in Texas it was ripped it was

2109
01:20:52,189 --> 01:20:50,100
ripped away I've never ever ever seen

2110
01:20:55,790 --> 01:20:52,199
that the only time you'll see that is

2111
01:20:58,850 --> 01:20:55,800
one of a scavenger like coyotes will

2112
01:21:01,910 --> 01:20:58,860
take it rip away and then also

2113
01:21:04,370 --> 01:21:01,920

um there was some ripping along the side

2114

01:21:07,130 --> 01:21:04,380

and then along the analy or nothing that

2115

01:21:08,990 --> 01:21:07,140

said precise Cuts right I had all that

2116

01:21:10,910 --> 01:21:09,000

information and the move on investigator

2117

01:21:12,530 --> 01:21:10,920

was supposed to contact me and she

2118

01:21:15,010 --> 01:21:12,540

decided she's going to roll with her do

2119

01:21:18,350 --> 01:21:15,020

a press release with move farm

2120

01:21:21,850 --> 01:21:18,360

and I was interviewed by a major

2121

01:21:25,010 --> 01:21:21,860

magazine a foreign article down the road

2122

01:21:27,050 --> 01:21:25,020

uh and I told them I said look I just

2123

01:21:29,390 --> 01:21:27,060

you know this this we have mutilations

2124

01:21:31,189 --> 01:21:29,400

that are natural they're just they're

2125

01:21:34,729 --> 01:21:31,199

not mutilations the animal just died

2126

01:21:36,470 --> 01:21:34,739

naturally scavengers got to look and

2127

01:21:38,330 --> 01:21:36,480

that's what happened in Oklahoma a

2128

01:21:41,870 --> 01:21:38,340

couple nights ago so it's going to be

2129

01:21:43,669 --> 01:21:41,880

interesting when this comes out Buffon

2130

01:21:45,410 --> 01:21:43,679

comes out with their

2131

01:21:47,750 --> 01:21:45,420

yeah but these days who wants to listen

2132

01:21:51,590 --> 01:21:47,760

to an expert who wants to listen to an

2133

01:21:54,649 --> 01:21:51,600

expert honest person I spent over an

2134

01:21:56,990 --> 01:21:54,659

hour while this person was driving

2135

01:21:58,910 --> 01:21:57,000

to the mutilation case explaining what

2136

01:22:00,709 --> 01:21:58,920

to look for what to do this what to do

2137

01:22:04,189 --> 01:22:00,719

how to do it this or that and then

2138

01:22:05,990 --> 01:22:04,199

afterwards I talked to this person see

2139

01:22:08,270 --> 01:22:06,000

how it worked you know spend a lot of

2140

01:22:09,410 --> 01:22:08,280

time in it so when they did the press

2141

01:22:11,090 --> 01:22:09,420

release today you think they would

2142

01:22:12,350 --> 01:22:11,100

mention my name hell no they didn't

2143

01:22:15,410 --> 01:22:12,360

mention my name

2144

01:22:17,390 --> 01:22:15,420

you know as the expert that guided them

2145

01:22:19,669 --> 01:22:17,400

through this it was just these two

2146

01:22:21,410 --> 01:22:19,679

people from mufon and that's how the

2147

01:22:22,729 --> 01:22:21,420

press release and then when I asked him

2148

01:22:25,729 --> 01:22:22,739

I said

2149

01:22:27,530 --> 01:22:25,739

um no thanks for including my name well

2150

01:22:29,570 --> 01:22:27,540

we didn't think it was necessary I'm

2151
01:22:32,330 --> 01:22:29,580
like well screw you guys see if I helped

2152
01:22:34,850 --> 01:22:32,340
you again yeah exactly you do you should

2153
01:22:36,530 --> 01:22:34,860
get your reward for that oh no just just

2154
01:22:38,390 --> 01:22:36,540
a name I don't know well no but still

2155
01:22:39,470 --> 01:22:38,400
obviously it's a big case when you're

2156
01:22:41,870 --> 01:22:39,480
helping out you're spending that much

2157
01:22:44,330 --> 01:22:41,880
time yeah exactly throw me a freaking

2158
01:22:45,830 --> 01:22:44,340
bone there Louis do you have any final

2159
01:22:47,630 --> 01:22:45,840
questions for our guests today I know we

2160
01:22:49,189 --> 01:22:47,640
have to wrap things up but no well just

2161
01:22:50,510 --> 01:22:49,199
a big thanks to Chuck it's the third

2162
01:22:52,750 --> 01:22:50,520
time on the show I don't think we've had

2163
01:22:55,490 --> 01:22:52,760

anybody else on three times

2164

01:22:57,050 --> 01:22:55,500

was the third time but this is it's rare

2165

01:22:59,870 --> 01:22:57,060

it's a rarity yeah we learned something

2166

01:23:01,790 --> 01:22:59,880

I'm sure fourth time so I can beat his

2167

01:23:03,169 --> 01:23:01,800

record yeah I'll have to fly you across

2168

01:23:04,550 --> 01:23:03,179

the border here we know you're a former

2169

01:23:05,930 --> 01:23:04,560

cop so you got a clean record you

2170

01:23:07,370 --> 01:23:05,940

shouldn't have a problem Crossing yeah

2171

01:23:10,070 --> 01:23:07,380

but I can't bring the gun across the

2172

01:23:12,830 --> 01:23:10,080

border we're not we're not so gunny in

2173

01:23:15,290 --> 01:23:12,840

Canada you have to shake hands first

2174

01:23:16,490 --> 01:23:15,300

that we don't just shoot first but I

2175

01:23:17,810 --> 01:23:16,500

understand everybody's right Towing

2176

01:23:20,169 --> 01:23:17,820

Firearms don't send me any hate mail

2177

01:23:22,729 --> 01:23:20,179

please oh no no no no no no

2178

01:23:24,169 --> 01:23:22,739

and I totally agree I believe in

2179

01:23:26,209 --> 01:23:24,179

everybody's right to do whatever they

2180

01:23:27,669 --> 01:23:26,219

want to do who be whoever they want to

2181

01:23:30,530 --> 01:23:27,679

be it's true

2182

01:23:31,970 --> 01:23:30,540

exactly and ufology can take a page out

2183

01:23:34,189 --> 01:23:31,980

of that book where we all have enough

2184

01:23:36,709 --> 01:23:34,199

absolutely it's great I can see my

2185

01:23:38,990 --> 01:23:36,719

opinion I can see yours where is healthy

2186

01:23:41,209 --> 01:23:39,000

debate gone and I think we just need to

2187

01:23:43,310 --> 01:23:41,219

have a coffee with somebody we totally

2188

01:23:46,189 --> 01:23:43,320

disagree with and do it like an educated

2189

01:23:48,350 --> 01:23:46,199

human and we'll all be wiser for it like

2190

01:23:50,149 --> 01:23:48,360

mature adults you know with these

2191

01:23:51,830 --> 01:23:50,159

podcasts especially the ones like yours

2192

01:23:54,410 --> 01:23:51,840

that are so popular

2193

01:23:57,649 --> 01:23:54,420

um you know if any of your viewers have

2194

01:23:59,810 --> 01:23:57,659

any questions go to ufoneck.com you can

2195

01:24:02,270 --> 01:23:59,820

see the tapases you know email me that's

2196

01:24:04,250 --> 01:24:02,280

my direct email and I'll answer whatever

2197

01:24:06,229 --> 01:24:04,260

questions you know you might have it may

2198

01:24:07,729 --> 01:24:06,239

take me a couple of days you know if I

2199

01:24:09,709 --> 01:24:07,739

get inundated with a bunch of emails and

2200

01:24:11,570 --> 01:24:09,719

working these other cases too and then

2201
01:24:13,550 --> 01:24:11,580
of course next week I'm going to be on a

2202
01:24:15,530 --> 01:24:13,560
Mediterranean Cruise so I won't be

2203
01:24:16,610 --> 01:24:15,540
answering poor bugger if you have any

2204
01:24:17,630 --> 01:24:16,620
questions you better get them to me

2205
01:24:19,850 --> 01:24:17,640
before

2206
01:24:21,370 --> 01:24:19,860
Friday at lunchtime where we're taking

2207
01:24:23,330 --> 01:24:21,380
off to the airport

2208
01:24:25,130 --> 01:24:23,340
so when we're releasing this episode

2209
01:24:26,990 --> 01:24:25,140
just a couple days from now so when you

2210
01:24:29,630 --> 01:24:27,000
guys are hearing it at home this is

2211
01:24:31,189 --> 01:24:29,640
current in fact today's April 26th and I

2212
01:24:33,669 --> 01:24:31,199
think we're releasing it on the 28th so

2213
01:24:36,530 --> 01:24:33,679

okay yeah I'll be I'll be I'll be

2214

01:24:39,110 --> 01:24:36,540

enjoying a Mediterranean Cruise now what

2215

01:24:41,030 --> 01:24:39,120

you know as an investigator I take stuff

2216

01:24:43,370 --> 01:24:41,040

with me I have my cameras my night

2217

01:24:45,590 --> 01:24:43,380

vision my EMF meter because you never

2218

01:24:48,970 --> 01:24:45,600

know where you might run into something

2219

01:24:52,130 --> 01:24:48,980

so I always take a a small pack with me

2220

01:24:53,330 --> 01:24:52,140

uh when I go on vacation just in case

2221

01:24:55,669 --> 01:24:53,340

because it seems like when people on

2222

01:24:57,530 --> 01:24:55,679

vacation they see things yeah sure yeah

2223

01:24:59,390 --> 01:24:57,540

that's true and never be without it

2224

01:25:01,010 --> 01:24:59,400

right you're always with something yeah

2225

01:25:02,689 --> 01:25:01,020

too the first time you're not you're

2226

01:25:05,030 --> 01:25:02,699

gonna like be banging your head against

2227

01:25:06,950 --> 01:25:05,040

the wall absolutely Chuck thank you so

2228

01:25:08,689 --> 01:25:06,960

much for joining us today have a great

2229

01:25:11,030 --> 01:25:08,699

vacation and like I said we'll have you

2230

01:25:13,010 --> 01:25:11,040

back on because this subject is is so

2231

01:25:15,229 --> 01:25:13,020

wide has so many topics and you

2232

01:25:17,510 --> 01:25:15,239

investigated a lot of them so again

2233

01:25:19,850 --> 01:25:17,520

thank you so much yeah thank you if I

2234

01:25:21,290 --> 01:25:19,860
