CHRIS  
LEHTO

1  
00:00:03,409 --> 00:00:01,850  
hey everybody hope you're having a great

2  
00:00:05,030 --> 00:00:03,419  
day uh we are about to have a cool

3  
00:00:07,369 --> 00:00:05,040  
interview with a new friend that we've

4  
00:00:09,650 --> 00:00:07,379  
made uh Chris lato he's a former

5  
00:00:12,230 --> 00:00:09,660  
military guy Pilots got his own podcast

6  
00:00:14,690 --> 00:00:12,240  
now uh he's coming to us from Portugal

7  
00:00:16,670 --> 00:00:14,700  
my uh my family's Homeland so I think

8  
00:00:18,950 --> 00:00:16,680  
it's night time over there it's early

9  
00:00:20,750 --> 00:00:18,960  
afternoon here for us Jay I know you're

10  
00:00:22,070 --> 00:00:20,760  
lucky for us yeah yeah I know you got

11  
00:00:24,470 --> 00:00:22,080  
some cool questions you want to ask this

12  
00:00:27,170 --> 00:00:24,480  
gentleman and uh we're gonna find out

13  
00:00:28,970 --> 00:00:27,180

more about him and he's a yeah he's a

14

00:00:31,130 --> 00:00:28,980

man after our own heart you know that uh

15

00:00:33,490 --> 00:00:31,140

is basically in the same line of work as

16

00:00:35,870 --> 00:00:33,500

as we are like you know trying to

17

00:00:38,389 --> 00:00:35,880

discover what this is all about and

18

00:00:39,590 --> 00:00:38,399

investigate the phenomenon and uh yeah

19

00:00:41,510 --> 00:00:39,600

it's great that we have them on today

20

00:00:42,830 --> 00:00:41,520

yeah and we've interviewed similar

21

00:00:45,170 --> 00:00:42,840

people in the past that was interviewing

22

00:00:46,729 --> 00:00:45,180

to watch or interesting to watch the

23

00:00:48,350 --> 00:00:46,739

questions he would ask those people the

24

00:00:49,970 --> 00:00:48,360

questions we asked them totally

25

00:00:52,010 --> 00:00:49,980

different but yeah it's still very

26

00:00:53,209 --> 00:00:52,020

interesting so we'll uh we'll chew the

27

00:00:55,729 --> 00:00:53,219

fat a little bit here we'll talk about

28

00:00:57,830 --> 00:00:55,739

all the big late breaking things and

29

00:00:59,869 --> 00:00:57,840

everything that's recent and uh together

30

00:01:01,729 --> 00:00:59,879

we will help educate the world and make

31

00:01:04,430 --> 00:01:01,739

it a better place so that's what we do

32

00:01:07,250 --> 00:01:04,440

here so with that we'll be back yeah

33

00:01:09,350 --> 00:01:07,260

warm and fuzzy today I love it I feel it

34

00:01:11,030 --> 00:01:09,360

all right let's get her going let's roll

35

00:01:14,630 --> 00:01:11,040

the music we'll be right back with Chris

36

00:01:18,470 --> 00:01:14,640

lato right here on UAP studies podcast

37

00:01:36,789 --> 00:01:32,280

[Music]

38

00:01:40,969 --> 00:01:39,109

welcome back to another episode of UAP

39

00:01:42,830 --> 00:01:40,979

studies podcast my name is Louis Borges

40

00:01:45,530 --> 00:01:42,840

joining me as always my best buddy and

41

00:01:47,030 --> 00:01:45,540

co-host Mr Jason Gilman hey I want to

42

00:01:50,389 --> 00:01:47,040

wish you a happy birthday buddy you just

43

00:01:52,310 --> 00:01:50,399

turned 40 yesterday it is uh April 16th

44

00:01:55,310 --> 00:01:52,320

today we're recording this he was trying

45

00:01:57,109 --> 00:01:55,320

to steep by and not let me know it was

46

00:01:58,910 --> 00:01:57,119

his birthday and I caught on I'm not a

47

00:02:00,590 --> 00:01:58,920

big birthday guy ever since I grew out

48

00:02:02,330 --> 00:02:00,600

of it being not cool to have a party

49

00:02:05,149 --> 00:02:02,340

with your buddies anymore I never really

50

00:02:06,350 --> 00:02:05,159

but 40th is a big deal yeah I think I

51  
00:02:08,270 --> 00:02:06,360  
you know I'm in pretty good shape for

52  
00:02:10,550 --> 00:02:08,280  
40. I think I look all right I used my

53  
00:02:11,809 --> 00:02:10,560  
wife's fancy face cream so yeah here we

54  
00:02:13,490 --> 00:02:11,819  
are allows us to do this for a living

55  
00:02:15,949 --> 00:02:13,500  
and we're joined by another content

56  
00:02:18,229 --> 00:02:15,959  
creator and a military guy a UAP

57  
00:02:20,630 --> 00:02:18,239  
Enthusiast he's our kind of guys so

58  
00:02:23,570 --> 00:02:20,640  
today's guest is a retired F-16 pilot

59  
00:02:26,150 --> 00:02:23,580  
flew for over 18 years he's a journalist

60  
00:02:28,729 --> 00:02:26,160  
also at the Portugal news uh he hosts

61  
00:02:32,690 --> 00:02:28,739  
the podcast the ladle files and he is DC

62  
00:02:34,970 --> 00:02:32,700  
CEO of uapsociety.com so very excited to

63  
00:02:36,949 --> 00:02:34,980

welcome our new friend Mr Chris Ledo

64

00:02:38,690 --> 00:02:36,959

yeah thank you very much Liz thanks

65

00:02:40,610 --> 00:02:38,700

welcome thanks Jason

66

00:02:42,110 --> 00:02:40,620

thanks for being on the show um so for

67

00:02:43,490 --> 00:02:42,120

our guests that or our sorry our

68

00:02:45,229 --> 00:02:43,500

audience that may not know about you

69

00:02:47,449 --> 00:02:45,239

maybe just briefly tell us a little bit

70

00:02:49,910 --> 00:02:47,459

about yourself uh your military career

71

00:02:52,190 --> 00:02:49,920

and then how that led into now producing

72

00:02:53,809 --> 00:02:52,200

your own show about UAP and high

73

00:02:55,850 --> 00:02:53,819

strangeness

74

00:02:58,610 --> 00:02:55,860

yeah definitely I grew up in Houston

75

00:03:02,330 --> 00:02:58,620

Texas uh didn't want to live like a

76

00:03:03,589 --> 00:03:02,340

normal Suburban lifestyle and uh sat

77

00:03:05,690 --> 00:03:03,599

next to a guy in physics who told me

78

00:03:07,369 --> 00:03:05,700

about the Air Force Academy and it

79

00:03:09,650 --> 00:03:07,379

sounded like an amazing you know

80

00:03:11,210 --> 00:03:09,660

Adventure or something different and it

81

00:03:13,729 --> 00:03:11,220

was challenging

82

00:03:15,949 --> 00:03:13,739

and so I went there actually and they

83

00:03:18,830 --> 00:03:15,959

just told me it wasn't quite difficult

84

00:03:20,449 --> 00:03:18,840

very difficult and terrible at times and

85

00:03:22,610 --> 00:03:20,459

they're just like yeah go ahead and quit

86

00:03:24,830 --> 00:03:22,620

you know just uh that's all you have to

87

00:03:25,970 --> 00:03:24,840

do it's quite easy and that's that's all

88

00:03:28,009 --> 00:03:25,980

they had to say you know and I'm like

89

00:03:30,170 --> 00:03:28,019

you know I'll quit when you kill me you

90

00:03:34,250 --> 00:03:30,180

know so I made it through there and then

91

00:03:36,649 --> 00:03:34,260

I went to the uh had had a great time at

92

00:03:38,809 --> 00:03:36,659

the Pensacola so I went to Pensacola

93

00:03:41,270 --> 00:03:38,819

after that you get these uh for Navy

94

00:03:42,649 --> 00:03:41,280

pilot training so you can select your

95

00:03:44,690 --> 00:03:42,659

pilot train one of the benefits of going

96

00:03:46,850 --> 00:03:44,700

to the Air Force Academy is when you

97

00:03:49,190 --> 00:03:46,860

graduate you get first slots at the

98

00:03:50,630 --> 00:03:49,200

pilot slots because all the there's

99

00:03:53,630 --> 00:03:50,640

different commissioning sources into the

100

00:03:56,030 --> 00:03:53,640

air force you can go ROTC uh where at

101  
00:03:57,949 --> 00:03:56,040  
these normal universities will have uh

102  
00:03:59,750 --> 00:03:57,959  
ROTC programs which is basically little

103  
00:04:01,550 --> 00:03:59,760  
military programs there and they'll give

104  
00:04:04,369 --> 00:04:01,560  
you scholarships so I had friends that

105  
00:04:06,229 --> 00:04:04,379  
went to normal schools actually and then

106  
00:04:08,270 --> 00:04:06,239  
they when they graduated they ended up

107  
00:04:11,089 --> 00:04:08,280  
in the same position except the Air

108  
00:04:12,949 --> 00:04:11,099  
Force graduates get first slots or at

109  
00:04:16,189 --> 00:04:12,959  
least when I graduated at the pilot

110  
00:04:17,629 --> 00:04:16,199  
slots so I went to Pilot training went

111  
00:04:19,789 --> 00:04:17,639  
to I chose Navy pilot training again

112  
00:04:21,469 --> 00:04:19,799  
just I don't know why I just can't do

113  
00:04:23,749 --> 00:04:21,479

anything mainstream you know it just it

114

00:04:25,370 --> 00:04:23,759

creates me and so chose Navy pilot

115

00:04:27,290 --> 00:04:25,380

training which is you know supposedly

116

00:04:28,790 --> 00:04:27,300

not as good you know of course every Air

117

00:04:30,469 --> 00:04:28,800

Force would say it's not as good it was

118

00:04:31,730 --> 00:04:30,479

better in some ways and worse than

119

00:04:34,430 --> 00:04:31,740

others

120

00:04:36,050 --> 00:04:34,440

um but went there went to Pensacola did

121

00:04:38,090 --> 00:04:36,060

training it was originally going to be a

122

00:04:40,430 --> 00:04:38,100

C-130 pilot that's what I wanted it'd be

123

00:04:42,409 --> 00:04:40,440

cool to fly around with a crew and

124

00:04:44,570 --> 00:04:42,419

travel the world Etc

125

00:04:45,950 --> 00:04:44,580

and then I had a simulator instructor I

126

00:04:47,810 --> 00:04:45,960

remember it was like this old crusty

127

00:04:49,790 --> 00:04:47,820

Marine dude and he's like why the hell

128

00:04:51,590 --> 00:04:49,800

would you want to do that you know and

129

00:04:53,450 --> 00:04:51,600

I'm like well I don't know he's like you

130

00:04:55,310 --> 00:04:53,460

wanna you have a chance on the Fly you

131

00:04:56,689 --> 00:04:55,320

know fly Fighters and blow [h\_\_h] up you

132

00:04:59,629 --> 00:04:56,699

know I'm like damn it you're right you

133

00:05:01,490 --> 00:04:59,639

know and so uh I agreed I made it you

134

00:05:03,170 --> 00:05:01,500

have to get selected you have to be good

135

00:05:05,450 --> 00:05:03,180

enough to go to Fighters and then want

136

00:05:07,370 --> 00:05:05,460

to do it you know and so I signed up for

137

00:05:10,070 --> 00:05:07,380

it and and made the cut and then went to

138

00:05:12,770 --> 00:05:10,080

uh pilot training in t-38s and that was

139

00:05:14,810 --> 00:05:12,780

in Enid Oklahoma

140

00:05:17,810 --> 00:05:14,820

yeah you don't need to go and visit you

141

00:05:19,730 --> 00:05:17,820

know I guess so Enid Oklahoma uh went

142

00:05:21,890 --> 00:05:19,740

there and went t-38s and then was lucky

143

00:05:23,570 --> 00:05:21,900

enough to get selected for f-16s you

144

00:05:24,590 --> 00:05:23,580

basically put in what you want as a

145

00:05:28,010 --> 00:05:24,600

fighter

146

00:05:30,590 --> 00:05:28,020

and incidentally there I got to my pilot

147

00:05:32,390 --> 00:05:30,600

training class was rajachary and he was

148

00:05:35,749 --> 00:05:32,400

just the commander he was actually the

149

00:05:36,770 --> 00:05:35,759

commander of the ISS on this last uh

150

00:05:38,990 --> 00:05:36,780

whatever

151  
00:05:41,390 --> 00:05:39,000  
um rotation they did rajachary amazing

152  
00:05:44,629 --> 00:05:41,400  
guy he was in my poly training class

153  
00:05:46,969 --> 00:05:44,639  
um so long story short went to f-16s and

154  
00:05:49,670 --> 00:05:46,979  
then went all around the world met my

155  
00:05:52,670 --> 00:05:49,680  
wife at my first basic in Training in

156  
00:05:54,830 --> 00:05:52,680  
Phoenix and then she was yeah basically

157  
00:05:57,490 --> 00:05:54,840  
came with me all around the world and um

158  
00:06:00,830 --> 00:05:57,500  
ended up after 18 years

159  
00:06:02,090 --> 00:06:00,840  
uh flying Etc ended up in Spain I was

160  
00:06:04,790 --> 00:06:02,100  
the commander of a tactical leadership

161  
00:06:07,070 --> 00:06:04,800  
program which is an amazing program in

162  
00:06:09,590 --> 00:06:07,080  
Europe it's basically a good educational

163  
00:06:11,930 --> 00:06:09,600

program team building program where

164

00:06:13,249 --> 00:06:11,940

there's basically uh at the time I think

165

00:06:16,670 --> 00:06:13,259

there was

166

00:06:18,230 --> 00:06:16,680

15 12 Nations part of NATO and they send

167

00:06:20,270 --> 00:06:18,240

Fighters there and then we we do like

168

00:06:22,730 --> 00:06:20,280

this team exercise where you fly these

169

00:06:24,170 --> 00:06:22,740

uh large Force engagement missions it's

170

00:06:25,610 --> 00:06:24,180

just so awesome and then you like go and

171

00:06:26,930 --> 00:06:25,620

drink beers at night you know and then

172

00:06:29,749 --> 00:06:26,940

the next day you just wake up and do it

173

00:06:31,850 --> 00:06:29,759

again and uh that was my last assignment

174

00:06:33,790 --> 00:06:31,860

really enjoyed it we loved Europe and

175

00:06:36,290 --> 00:06:33,800

then decided here to stay in Portugal

176  
00:06:38,510 --> 00:06:36,300  
and that's kind of how I ended up living

177  
00:06:40,670 --> 00:06:38,520  
here with my family retired as an F-16

178  
00:06:42,529 --> 00:06:40,680  
pilot needed something to do and you

179  
00:06:44,330 --> 00:06:42,539  
know like you guys I think get a create

180  
00:06:46,010 --> 00:06:44,340  
I just had a creative itch I don't know

181  
00:06:48,890 --> 00:06:46,020  
I just have something in me that needs

182  
00:06:51,710 --> 00:06:48,900  
to Yap about it or something you know

183  
00:06:54,650 --> 00:06:51,720  
and uh to create content and get it out

184  
00:06:56,809 --> 00:06:54,660  
there I just have always seen a lot of I

185  
00:06:58,909 --> 00:06:56,819  
don't know incorrect or I think things

186  
00:07:01,129 --> 00:06:58,919  
that are inefficient or dumb or just

187  
00:07:03,770 --> 00:07:01,139  
plain stupid and yeah I want to and

188  
00:07:05,570 --> 00:07:03,780

contribute I guess to the the large

189

00:07:08,210 --> 00:07:05,580

neural network that I think we're all a

190

00:07:11,150 --> 00:07:08,220

part of so I wanted to get your thoughts

191

00:07:12,770 --> 00:07:11,160

on uh military people their and their

192

00:07:14,150 --> 00:07:12,780

experiences but also kind of the

193

00:07:15,710 --> 00:07:14,160

opinions that they're left with and

194

00:07:18,710 --> 00:07:15,720

we've interviewed a few we've had Sean

195

00:07:20,809 --> 00:07:18,720

Cahill Kevin day Ryan Graves and when

196

00:07:22,309 --> 00:07:20,819

you ask them what their thoughts are you

197

00:07:23,930 --> 00:07:22,319

know like Sean Cahill for example him

198

00:07:26,629 --> 00:07:23,940

and Lou Alexander were very like hey

199

00:07:28,129 --> 00:07:26,639

this is a somber may not be cool uh Ryan

200

00:07:30,529 --> 00:07:28,139

Graves is like I don't know but I want

201  
00:07:32,210 --> 00:07:30,539  
to find out in Kevin days like they love

202  
00:07:34,189 --> 00:07:32,220  
us and care about us and it's a good

203  
00:07:35,990 --> 00:07:34,199  
thing and you know remarkably change

204  
00:07:38,330 --> 00:07:36,000  
from his experience have you noticed

205  
00:07:43,909 --> 00:07:38,340  
that or do you have any thoughts on on

206  
00:07:49,370 --> 00:07:46,730  
I don't know actually I

207  
00:07:50,749 --> 00:07:49,380  
no I mean I guess I didn't know that

208  
00:07:52,610 --> 00:07:50,759  
Kevin Day thought that you know I

209  
00:07:55,309 --> 00:07:52,620  
thought he had I guess he'd had negative

210  
00:07:56,230 --> 00:07:55,319  
experiences from the people yeah and so

211  
00:07:58,730 --> 00:07:56,240  
I guess yeah

212  
00:08:00,589 --> 00:07:58,740  
I actually I've never uh I haven't

213  
00:08:02,749 --> 00:08:00,599

interviewed Kevin I didn't know that so

214

00:08:04,490 --> 00:08:02,759

that's interesting to know yeah yeah we

215

00:08:05,990 --> 00:08:04,500

had him a couple weeks ago and he broke

216

00:08:08,390 --> 00:08:06,000

down he cried on the show and I said now

217

00:08:10,249 --> 00:08:08,400

Kevin what's the trauma from is it from

218

00:08:12,230 --> 00:08:10,259

people the way they treated you or from

219

00:08:13,969 --> 00:08:12,240

the phenomena itself like you know kind

220

00:08:15,890 --> 00:08:13,979

of rattling your world and he's like

221

00:08:18,170 --> 00:08:15,900

both he's like and I think he's gone

222

00:08:20,150 --> 00:08:18,180

through the full array of emotions but

223

00:08:21,650 --> 00:08:20,160

now he's of the opinion that it was a

224

00:08:23,809 --> 00:08:21,660

good thing they're you know they love us

225

00:08:26,089 --> 00:08:23,819

they care about us and then some other

226

00:08:28,490 --> 00:08:26,099

guys are very much threat narrative not

227

00:08:30,409 --> 00:08:28,500

cool we need to know you know if there's

228

00:08:32,209 --> 00:08:30,419

stuff in our air for one but if it's

229

00:08:34,850 --> 00:08:32,219

maybe not from here that's an even

230

00:08:36,949 --> 00:08:34,860

bigger deal so uh it's just maybe it's

231

00:08:38,570 --> 00:08:36,959

just maybe based on the experiences they

232

00:08:40,610 --> 00:08:38,580

have you know if somebody had a negative

233

00:08:43,250 --> 00:08:40,620

experience they're gonna carry that

234

00:08:45,889 --> 00:08:43,260

baggage but I was I was gonna say not

235

00:08:48,410 --> 00:08:45,899

only on on our show but Chris's uh

236

00:08:50,269 --> 00:08:48,420

program you see people

237

00:08:51,889 --> 00:08:50,279

for better for worse they all have

238

00:08:53,930 --> 00:08:51,899

experiences they all have an emotional

239

00:08:56,930 --> 00:08:53,940

response to what took place whether it's

240

00:08:58,250 --> 00:08:56,940

negative or positive or neutral but it's

241

00:08:59,870 --> 00:08:58,260

weird they all have an emotional

242

00:09:01,870 --> 00:08:59,880

response to it which is important if

243

00:09:05,090 --> 00:09:01,880

somebody's telling you a fib or a lie

244

00:09:07,430 --> 00:09:05,100

they wouldn't be that emotional about it

245

00:09:10,070 --> 00:09:07,440

right usually they're quite disconnected

246

00:09:12,710 --> 00:09:10,080

but these guys are it's an emotional

247

00:09:14,090 --> 00:09:12,720

impact that they've had so even you know

248

00:09:16,430 --> 00:09:14,100

watching Chris sometimes into people

249

00:09:18,290 --> 00:09:16,440

that he interviews it's like you can see

250

00:09:19,430 --> 00:09:18,300

there's something there like these these

251  
00:09:21,829 --> 00:09:19,440  
folks have actually experienced

252  
00:09:23,690 --> 00:09:21,839  
something enough that it creates that

253  
00:09:25,730 --> 00:09:23,700  
emotional response for

254  
00:09:27,530 --> 00:09:25,740  
how many years later since the incident

255  
00:09:29,630 --> 00:09:27,540  
and Kevin's still emotional about it

256  
00:09:30,829 --> 00:09:29,640  
right so yeah yeah it's quite

257  
00:09:32,269 --> 00:09:30,839  
fascinating

258  
00:09:34,009 --> 00:09:32,279  
do you have a preferred subject matter

259  
00:09:36,410 --> 00:09:34,019  
Chris that you like to discuss do you

260  
00:09:38,389 --> 00:09:36,420  
like to go one way or the other in terms

261  
00:09:40,550 --> 00:09:38,399  
of the phenomena

262  
00:09:43,009 --> 00:09:40,560  
well I guess we just had the at least

263  
00:09:44,269 --> 00:09:43,019

the recent video where it was the single

264

00:09:46,850 --> 00:09:44,279

source

265

00:09:49,070 --> 00:09:46,860

out in Australia you know I called it

266

00:09:50,570 --> 00:09:49,080

the narindu plasma UAP just because I

267

00:09:52,610 --> 00:09:50,580

had a chance to name it and I was like I

268

00:09:54,470 --> 00:09:52,620

want to name it something cool I got a

269

00:09:56,690 --> 00:09:54,480

Star Wars or something sounds like it

270

00:09:58,730 --> 00:09:56,700

yeah and when you first see it it looks

271

00:10:00,290 --> 00:09:58,740

like a flashlight you know

272

00:10:03,050 --> 00:10:00,300

But ultimately at the end of the day

273

00:10:04,430 --> 00:10:03,060

like I didn't after it was three months

274

00:10:05,630 --> 00:10:04,440

you know you get all these compelling

275

00:10:07,610 --> 00:10:05,640

inner you know you're trying to figure

276

00:10:09,230 --> 00:10:07,620

out if it's fake you know basically I

277

00:10:10,490 --> 00:10:09,240

look at the interview at the at the

278

00:10:13,009 --> 00:10:10,500

video

279

00:10:15,170 --> 00:10:13,019

um and I'm like okay but at the end of

280

00:10:16,610 --> 00:10:15,180

the day anything can be faked you know

281

00:10:18,710 --> 00:10:16,620

literally anything

282

00:10:20,449 --> 00:10:18,720

and so it like

283

00:10:22,310 --> 00:10:20,459

you know talking about how to improve at

284

00:10:24,410 --> 00:10:22,320

UAP studies et cetera how to investigate

285

00:10:25,670 --> 00:10:24,420

you know I'm definitely learning as I go

286

00:10:30,050 --> 00:10:25,680

and

287

00:10:32,150 --> 00:10:30,060

often painful you know but it's the

288

00:10:35,389 --> 00:10:32,160

quickest way because I know that uh the

289

00:10:37,550 --> 00:10:35,399

community it's like having uh uh two

290

00:10:39,410 --> 00:10:37,560

sides in a political you know discussion

291

00:10:41,329 --> 00:10:39,420

right as long as you're aimed at each

292

00:10:44,090 --> 00:10:41,339

other and you're checking each other's I

293

00:10:45,829 --> 00:10:44,100

guess uh work you should come to a

294

00:10:47,509 --> 00:10:45,839

better answer

295

00:10:50,090 --> 00:10:47,519

um but in that case yeah what do you do

296

00:10:52,430 --> 00:10:50,100

you know it's single Source I nothing

297

00:10:53,870 --> 00:10:52,440

really can prove it it seems like a

298

00:10:56,449 --> 00:10:53,880

compelling

299

00:10:59,030 --> 00:10:56,459

interview you know but I post it and I

300

00:11:00,769 --> 00:10:59,040

got a lot of comments saying like uh I'm

301  
00:11:02,449 --> 00:11:00,779  
bringing the I'm moving the the

302  
00:11:04,190 --> 00:11:02,459  
discussion backwards

303  
00:11:06,769 --> 00:11:04,200  
you know it's and you mentioned maybe at

304  
00:11:10,310 --> 00:11:06,779  
the beginning where you know your UAP

305  
00:11:13,430 --> 00:11:10,320  
studies podcast excuse me uh is more

306  
00:11:15,290 --> 00:11:13,440  
focused on scientific efforts you know

307  
00:11:16,550 --> 00:11:15,300  
so I guess what would you guys would you

308  
00:11:20,630 --> 00:11:16,560  
guys

309  
00:11:22,670 --> 00:11:20,640  
not publish that video you know or what

310  
00:11:24,410 --> 00:11:22,680  
do you guys think we get Flack too we

311  
00:11:26,210 --> 00:11:24,420  
had an experience around last week we

312  
00:11:28,490 --> 00:11:26,220  
don't do many just because of the fact

313  
00:11:29,930 --> 00:11:28,500

that it's hard to corroborate but if you

314

00:11:31,670 --> 00:11:29,940

just Chase lights in the sky you only

315

00:11:34,069 --> 00:11:31,680

get so much so let's we thought let's

316

00:11:35,930 --> 00:11:34,079

talk to some people hit every angle we

317

00:11:38,030 --> 00:11:35,940

can right the burden of proof is not on

318

00:11:40,130 --> 00:11:38,040

us it's on the Observer take everything

319

00:11:42,110 --> 00:11:40,140

in and make your own judgment right so

320

00:11:43,910 --> 00:11:42,120

but yeah we had people that say hey it

321

00:11:46,190 --> 00:11:43,920

was nice to see you guys went down that

322

00:11:48,710 --> 00:11:46,200

Avenue and and talked to somebody and

323

00:11:50,449 --> 00:11:48,720

other people saying we lost credibility

324

00:11:52,370 --> 00:11:50,459

because we let some guy tell his story

325

00:11:53,870 --> 00:11:52,380

right so we're not promoting anybody

326

00:11:56,269 --> 00:11:53,880

we're not getting paid by these people

327

00:11:59,329 --> 00:11:56,279

or you know there's no benefit to us

328

00:12:00,769 --> 00:11:59,339

we're just saying hey consider this and

329

00:12:02,810 --> 00:12:00,779

if we want to make this like an

330

00:12:04,430 --> 00:12:02,820

encyclopedia series you may not enjoy

331

00:12:06,290 --> 00:12:04,440

every chapter but there will be a

332

00:12:08,569 --> 00:12:06,300

chapter for you with specifically what

333

00:12:11,150 --> 00:12:08,579

you want but yeah we noticed it too if

334

00:12:13,910 --> 00:12:11,160

we stray too far off of what we've done

335

00:12:15,230 --> 00:12:13,920

forever we get some Flack and then if we

336

00:12:17,509 --> 00:12:15,240

don't stray people are going to say it's

337

00:12:19,250 --> 00:12:17,519

the same so you I don't think you ever

338

00:12:20,930 --> 00:12:19,260

make them all happen and even to your

339

00:12:23,150 --> 00:12:20,940

point about your video I would have

340

00:12:25,790 --> 00:12:23,160

published it like it was a good video HD

341

00:12:27,590 --> 00:12:25,800

I mean it's high quality and even you

342

00:12:29,810 --> 00:12:27,600

you've actually broke it down and showed

343

00:12:31,610 --> 00:12:29,820

different clips of you know lights

344

00:12:33,410 --> 00:12:31,620

um you know different shutter speeds you

345

00:12:35,030 --> 00:12:33,420

know that the light intensifies you know

346

00:12:37,069 --> 00:12:35,040

a green light will become white a red

347

00:12:39,050 --> 00:12:37,079

light would come white right but in the

348

00:12:41,690 --> 00:12:39,060

video you can actually clearly see the

349

00:12:44,389 --> 00:12:41,700

differences between the colors in an HD

350

00:12:46,790 --> 00:12:44,399

format so if it was intriguing and I

351

00:12:48,050 --> 00:12:46,800

would have posted it myself uh I I I

352

00:12:50,389 --> 00:12:48,060

think there's something there and if

353

00:12:52,730 --> 00:12:50,399

it's a flashlight you catch on pretty

354

00:12:55,069 --> 00:12:52,740

fast it's a flashlight and flashlight

355

00:12:57,110 --> 00:12:55,079

doesn't behave that way there's some

356

00:13:00,110 --> 00:12:57,120

similarities but not to the way the

357

00:13:01,850 --> 00:13:00,120

video was yeah I think it's it it has to

358

00:13:04,129 --> 00:13:01,860

be a dedicated hoax you know and that

359

00:13:05,750 --> 00:13:04,139

was kind of the

360

00:13:08,690 --> 00:13:05,760

I guess that's what I went with you know

361

00:13:10,850 --> 00:13:08,700

if I just found this video online and

362

00:13:12,470 --> 00:13:10,860

there's nobody there to answer anything

363

00:13:14,030 --> 00:13:12,480

you know you see all these videos on

364

00:13:15,829 --> 00:13:14,040

Youtube it'll just be some video you

365

00:13:17,329 --> 00:13:15,839

know and there's no there's no links

366

00:13:18,650 --> 00:13:17,339

there's no discussion or notes or

367

00:13:21,050 --> 00:13:18,660

anything you know and for that you're

368

00:13:24,110 --> 00:13:21,060

like obviously I wouldn't have taken

369

00:13:26,449 --> 00:13:24,120

that and published it right yeah but

370

00:13:28,850 --> 00:13:26,459

here's like there's this person who who

371

00:13:30,710 --> 00:13:28,860

will answer any any question I ask you

372

00:13:33,769 --> 00:13:30,720

know that in seemingly

373

00:13:35,870 --> 00:13:33,779

good faith you know who knows just and

374

00:13:37,009 --> 00:13:35,880

I'm not paying him right and so it's

375

00:13:39,050 --> 00:13:37,019

like

376

00:13:41,629 --> 00:13:39,060

you know what is the benefit there am I

377

00:13:43,190 --> 00:13:41,639

just getting just totally posed or you

378

00:13:46,129 --> 00:13:43,200

know it just doesn't make sense so it's

379

00:13:47,870 --> 00:13:46,139

it's interesting enough to look into it

380

00:13:49,310 --> 00:13:47,880

um but I think it does highlight that at

381

00:13:51,769 --> 00:13:49,320

the end of the day even if he's

382

00:13:54,530 --> 00:13:51,779

legitimate fully legitimate I can't

383

00:13:56,150 --> 00:13:54,540

prove it either you know it's impossible

384

00:13:58,250 --> 00:13:56,160

to prove that it's real it can only be

385

00:13:59,810 --> 00:13:58,260

proved that it's fake it's what I found

386

00:14:03,110 --> 00:13:59,820

so it's impossible to prove that it's

387

00:14:05,090 --> 00:14:03,120

real so what we really need is it kind

388

00:14:07,310 --> 00:14:05,100

of highlights what is necessary to prove

389

00:14:10,490 --> 00:14:07,320

something is even real

390

00:14:13,730 --> 00:14:10,500

and I and I think you just need multiple

391

00:14:15,829 --> 00:14:13,740

videos from the same thing yeah and

392

00:14:17,030 --> 00:14:15,839

multiple as many as you can human

393

00:14:19,610 --> 00:14:17,040

Witnesses

394

00:14:22,009 --> 00:14:19,620

is I think you know if single source is

395

00:14:23,990 --> 00:14:22,019

just never going to do it no and you

396

00:14:26,389 --> 00:14:24,000

mentioned this gentleman uh goes by the

397

00:14:28,069 --> 00:14:26,399

name Alias I think Michael uh but there

398

00:14:30,350 --> 00:14:28,079

was somebody else that was with him when

399

00:14:32,509 --> 00:14:30,360

that video was recorded and you said you

400

00:14:35,030 --> 00:14:32,519

haven't heard back from that person yet

401  
00:14:37,550 --> 00:14:35,040  
and that's yeah that's also you know I

402  
00:14:38,990 --> 00:14:37,560  
figured also publishing the video

403  
00:14:42,050 --> 00:14:39,000  
you know getting it out there and if

404  
00:14:43,910 --> 00:14:42,060  
it's done in a in a good manner

405  
00:14:46,550 --> 00:14:43,920  
um then that could possibly encourage

406  
00:14:49,009 --> 00:14:46,560  
her to contact me in the future

407  
00:14:52,129 --> 00:14:49,019  
wait um and get more just more

408  
00:14:53,990 --> 00:14:52,139  
cooperation and good things I just like

409  
00:14:56,389 --> 00:14:54,000  
to push and and something's going to

410  
00:14:59,750 --> 00:14:56,399  
happen you know right because I'm I

411  
00:15:01,910 --> 00:14:59,760  
figure the important part is uh

412  
00:15:04,970 --> 00:15:01,920  
it should be the end result you know and

413  
00:15:06,790 --> 00:15:04,980

if if your intention is is in is correct

414

00:15:09,170 --> 00:15:06,800

and obviously I don't want to push the

415

00:15:10,730 --> 00:15:09,180

subject backwards right but it's from

416

00:15:13,490 --> 00:15:10,740

what I've seen is the subject hasn't

417

00:15:15,829 --> 00:15:13,500

moved anywhere in 80 years so it's kind

418

00:15:18,170 --> 00:15:15,839

of like let's push as hard as we can in

419

00:15:19,970 --> 00:15:18,180

any direction you know right and maybe

420

00:15:22,430 --> 00:15:19,980

we'll put the bag will break in One

421

00:15:24,590 --> 00:15:22,440

Direction or the other I I don't I don't

422

00:15:26,870 --> 00:15:24,600

think uh having less debate about these

423

00:15:28,730 --> 00:15:26,880

things is the right way to go and I've

424

00:15:30,230 --> 00:15:28,740

already learned a lot just in terms of

425

00:15:32,449 --> 00:15:30,240

investigating you know I learned about

426

00:15:34,970 --> 00:15:32,459

uh right away I'm going to get metadata

427

00:15:38,629 --> 00:15:34,980

as soon as I can or make sure I get the

428

00:15:40,850 --> 00:15:38,639

the original uh film or video with the

429

00:15:43,370 --> 00:15:40,860

metadata in it which which is just

430

00:15:45,410 --> 00:15:43,380

basically like notes that tell you when

431

00:15:47,930 --> 00:15:45,420

it was taken according to the camera you

432

00:15:50,750 --> 00:15:47,940

know the date in the camera system and

433

00:15:53,090 --> 00:15:50,760

uh the shutter speeds and basically

434

00:15:55,189 --> 00:15:53,100

basic things like that um maybe the GPS

435

00:15:57,170 --> 00:15:55,199

coordinates if the phone has GPS you

436

00:15:58,910 --> 00:15:57,180

know supposedly in this instance it

437

00:15:59,689 --> 00:15:58,920

doesn't have it didn't have GPS that

438

00:16:02,329 --> 00:15:59,699

phone

439

00:16:04,490 --> 00:16:02,339

I actually didn't so I would get the

440

00:16:07,370 --> 00:16:04,500

metadata right well right away that

441

00:16:09,170 --> 00:16:07,380

being said you can easily fake metadata

442

00:16:11,210 --> 00:16:09,180

right so you can easily just go in there

443

00:16:15,410 --> 00:16:11,220

and you can edit the metadata and you

444

00:16:16,670 --> 00:16:15,420

can change the metadata so again what

445

00:16:19,790 --> 00:16:16,680

I've learned is at the end of the day it

446

00:16:22,069 --> 00:16:19,800

doesn't really I can never prove it real

447

00:16:25,730 --> 00:16:22,079

you know but getting more data would

448

00:16:27,170 --> 00:16:25,740

filter through the the falses you know

449

00:16:29,629 --> 00:16:27,180

it could filter through the face because

450

00:16:30,889 --> 00:16:29,639

it just it's another hurdle that they

451  
00:16:33,590 --> 00:16:30,899  
have to follow you know it's another

452  
00:16:35,689 --> 00:16:33,600  
little data point that you can you know

453  
00:16:37,730 --> 00:16:35,699  
layer over all the other data points to

454  
00:16:40,009 --> 00:16:37,740  
make it make sure it lines up right yeah

455  
00:16:41,629 --> 00:16:40,019  
for sure and I've heard you say that you

456  
00:16:43,970 --> 00:16:41,639  
know the breakthroughs in science come

457  
00:16:45,949 --> 00:16:43,980  
from the fringes right like discoveries

458  
00:16:48,170 --> 00:16:45,959  
are made from those outliers so if you

459  
00:16:49,009 --> 00:16:48,180  
don't look at different things and you

460  
00:16:50,990 --> 00:16:49,019  
know

461  
00:16:52,370 --> 00:16:51,000  
um reason all of it you're not going to

462  
00:16:53,990 --> 00:16:52,380  
find new information if you just keep

463  
00:16:55,129 --> 00:16:54,000

looking down that same Rabbit Hole

464

00:16:57,650 --> 00:16:55,139

you're going to keep getting the same

465

00:16:58,670 --> 00:16:57,660

answer and I watched a portion of one of

466

00:17:02,210 --> 00:16:58,680

your episodes where you were going

467

00:17:04,370 --> 00:17:02,220

through the Aero report and you were

468

00:17:06,350 --> 00:17:04,380

saying that basically it's a limited

469

00:17:08,809 --> 00:17:06,360

data set they're not factoring in

470

00:17:11,030 --> 00:17:08,819

everything and you can't do good science

471

00:17:12,350 --> 00:17:11,040

really unless you look at everything so

472

00:17:14,630 --> 00:17:12,360

I wanted to get a little more of your

473

00:17:17,329 --> 00:17:14,640

thoughts in regards to that

474

00:17:19,789 --> 00:17:17,339

I think 100 you know

475

00:17:21,650 --> 00:17:19,799

if you collect enough data I really feel

476  
00:17:22,730 --> 00:17:21,660  
like we can kind of see through a lot of

477  
00:17:25,850 --> 00:17:22,740  
the

478  
00:17:27,829 --> 00:17:25,860  
picture

479  
00:17:29,750 --> 00:17:27,839  
like it let's say we conduct we collect

480  
00:17:32,630 --> 00:17:29,760  
enough data points

481  
00:17:35,210 --> 00:17:32,640  
and and let's say all of those like UFO

482  
00:17:36,770 --> 00:17:35,220  
reports and all all of those UFO reports

483  
00:17:37,970 --> 00:17:36,780  
are fake

484  
00:17:40,850 --> 00:17:37,980  
um

485  
00:17:43,370 --> 00:17:40,860  
that will be that is a very useful data

486  
00:17:45,409 --> 00:17:43,380  
point to some to something you know

487  
00:17:48,110 --> 00:17:45,419  
there will be some way to leverage that

488  
00:17:50,450 --> 00:17:48,120

to figure out that information right it

489

00:17:53,210 --> 00:17:50,460

you have to have data to actually do

490

00:17:54,890 --> 00:17:53,220

anything yeah you know having no data is

491

00:17:56,750 --> 00:17:54,900

just like you're just in the dark you're

492

00:17:59,150 --> 00:17:56,760

just roaming around in the dark so you

493

00:18:03,110 --> 00:17:59,160

need data even if it's fake right even

494

00:18:05,690 --> 00:18:03,120

if it's fake it's it's real data it's

495

00:18:07,970 --> 00:18:05,700

it's fake data but it is a data point of

496

00:18:11,029 --> 00:18:07,980

something right even if it gives you a

497

00:18:12,470 --> 00:18:11,039

an idea of just mental psychosis you

498

00:18:14,990 --> 00:18:12,480

know even it gives you an idea of who

499

00:18:16,370 --> 00:18:15,000

are the people that are faking UFOs you

500

00:18:17,630 --> 00:18:16,380

know or or what is the what are the

501  
00:18:20,570 --> 00:18:17,640  
methods

502  
00:18:22,909 --> 00:18:20,580  
um so in that way I figure I do videos

503  
00:18:26,330 --> 00:18:22,919  
because I want to get to the to the end

504  
00:18:28,730 --> 00:18:26,340  
answer and I publish a video every week

505  
00:18:29,810 --> 00:18:28,740  
so I want to do if I can learn every

506  
00:18:32,270 --> 00:18:29,820  
week

507  
00:18:34,549 --> 00:18:32,280  
then it seems like you know if it goes

508  
00:18:36,470 --> 00:18:34,559  
on long enough then I'll get there you

509  
00:18:38,450 --> 00:18:36,480  
know even if so if I can't investigate

510  
00:18:40,130 --> 00:18:38,460  
it well now

511  
00:18:41,870 --> 00:18:40,140  
I'm never going to get better unless I

512  
00:18:43,370 --> 00:18:41,880  
start investigating cases and Publishing

513  
00:18:45,230 --> 00:18:43,380

them you know and that's really why I

514

00:18:46,669 --> 00:18:45,240

figured I even with this I have to

515

00:18:49,010 --> 00:18:46,679

publish it um

516

00:18:51,770 --> 00:18:49,020

but yeah focus on the sky 360 stuff just

517

00:18:53,870 --> 00:18:51,780

aims it it just it you know focuses me

518

00:18:56,750 --> 00:18:53,880

more on that stuff because it it's

519

00:18:58,070 --> 00:18:56,760

what's needed I think yeah it's it's

520

00:18:59,810 --> 00:18:58,080

funny you mentioned the data we were

521

00:19:01,490 --> 00:18:59,820

just chatting with Avi Loeb a couple

522

00:19:02,990 --> 00:19:01,500

hours ago and that's what he was saying

523

00:19:04,549 --> 00:19:03,000

he says people give me a hard time

524

00:19:07,669 --> 00:19:04,559

because I don't go into the world of

525

00:19:09,110 --> 00:19:07,679

imaginative he says but science does not

526

00:19:10,970 --> 00:19:09,120

have an opinion he says Everyone's

527

00:19:12,529 --> 00:19:10,980

entitled to an opinion but if all you're

528

00:19:14,090 --> 00:19:12,539

going to do is fight over whose opinion

529

00:19:17,630 --> 00:19:14,100

is right or wrong you never get anywhere

530

00:19:19,610 --> 00:19:17,640

if it's math it is one answer that's it

531

00:19:22,310 --> 00:19:19,620

no longer can you have a say and I have

532

00:19:24,590 --> 00:19:22,320

a say the data is the data so he's just

533

00:19:27,110 --> 00:19:24,600

blindly focused on finding irrefutable

534

00:19:29,150 --> 00:19:27,120

evidence that nobody can throw stones at

535

00:19:30,770 --> 00:19:29,160

so you know we joke around an egg with

536

00:19:32,630 --> 00:19:30,780

them and we're like you know is there a

537

00:19:35,390 --> 00:19:32,640

real UFO guy in there is this just

538

00:19:37,310 --> 00:19:35,400

science or what but no and he laughs but

539

00:19:39,710 --> 00:19:37,320

he he comes back to the point of how

540

00:19:41,750 --> 00:19:39,720

important it is to just stay data

541

00:19:43,970 --> 00:19:41,760

focused because eventually you will find

542

00:19:46,370 --> 00:19:43,980

something you know and uh so you know

543

00:19:47,930 --> 00:19:46,380

even hearing that at the upper echelon

544

00:19:49,669 --> 00:19:47,940

there are people that are trying to

545

00:19:51,710 --> 00:19:49,679

simplify it kind of like we are whether

546

00:19:53,870 --> 00:19:51,720

it's putting up content talking with

547

00:19:55,310 --> 00:19:53,880

interesting people whatever you know to

548

00:19:56,990 --> 00:19:55,320

your point if you keep going long and

549

00:19:58,850 --> 00:19:57,000

enough eventually you're going to get

550

00:20:00,590 --> 00:19:58,860

there right so

551  
00:20:02,810 --> 00:20:00,600

I also think that

552  
00:20:05,090 --> 00:20:02,820

one of the key points you know when when

553  
00:20:07,250 --> 00:20:05,100

abilo talks about data though he doesn't

554  
00:20:09,710 --> 00:20:07,260

take into account like any of the

555  
00:20:13,130 --> 00:20:09,720

witness data right you know what about

556  
00:20:17,090 --> 00:20:13,140

all of the thousands of you know

557  
00:20:19,370 --> 00:20:17,100

anecdotal accounts of these crafts or of

558  
00:20:20,570 --> 00:20:19,380

these signings or abductions of these

559  
00:20:22,730 --> 00:20:20,580

experiences

560  
00:20:25,010 --> 00:20:22,740

what did he say about that did he does

561  
00:20:27,049 --> 00:20:25,020

he even take those into account well we

562  
00:20:28,909 --> 00:20:27,059

we tried pressing them on that he's been

563  
00:20:30,890 --> 00:20:28,919

on two times and here's the thing

564

00:20:33,169 --> 00:20:30,900

there's enough anecdotal evidence on the

565

00:20:34,909 --> 00:20:33,179

UFO subject you could win a trial in a

566

00:20:37,250 --> 00:20:34,919

court of law but in the court of

567

00:20:39,409 --> 00:20:37,260

people's opinion and in in dealing with

568

00:20:41,270 --> 00:20:39,419

things like religion and politics you

569

00:20:43,970 --> 00:20:41,280

can't just interject with more opinion

570

00:20:47,210 --> 00:20:43,980

the only way to get people to unite is

571

00:20:49,130 --> 00:20:47,220

with facts so he sees it as a diversion

572

00:20:51,470 --> 00:20:49,140

from getting closer to the truth the

573

00:20:53,810 --> 00:20:51,480

more we discuss anecdote let's just

574

00:20:55,310 --> 00:20:53,820

worry and like some people say hey you

575

00:20:56,810 --> 00:20:55,320

can't just focus on lights in the sky

576

00:20:59,450 --> 00:20:56,820

you got to talk to the experiencers

577

00:21:01,370 --> 00:20:59,460

which I agree and he's saying screw the

578

00:21:03,529 --> 00:21:01,380

experiencers you can't prove it if I

579

00:21:06,350 --> 00:21:03,539

focus on lights in the sky and Galileo

580

00:21:08,630 --> 00:21:06,360

project gives real evidence we're good

581

00:21:10,789 --> 00:21:08,640

like I will have stuff that nobody can

582

00:21:12,650 --> 00:21:10,799

then break down so it's not like he's

583

00:21:14,810 --> 00:21:12,660

throwing out that portion I don't

584

00:21:16,490 --> 00:21:14,820

believe I just think he's more focused

585

00:21:17,810 --> 00:21:16,500

on things that people can't throw stones

586

00:21:22,130 --> 00:21:17,820

at

587

00:21:24,350 --> 00:21:22,140

playing it safe too because he is a

588

00:21:26,330 --> 00:21:24,360

Harvard Professor an astronomer he's got

589

00:21:27,950 --> 00:21:26,340

a big reputation and he's working on a

590

00:21:29,510 --> 00:21:27,960

lot of things so so he didn't really

591

00:21:31,850 --> 00:21:29,520

give us a straight answer to answer your

592

00:21:34,370 --> 00:21:31,860

question but he's more convinced that

593

00:21:36,409 --> 00:21:34,380

the data alone will lead us home

594

00:21:38,870 --> 00:21:36,419

but to your point I think we should take

595

00:21:41,510 --> 00:21:38,880

in the witness account because again if

596

00:21:44,090 --> 00:21:41,520

this was a court and you had 25 or 25

597

00:21:46,250 --> 00:21:44,100

million Witnesses it would be open and

598

00:21:48,710 --> 00:21:46,260

shut case but even like within the

599

00:21:51,529 --> 00:21:48,720

subject of that you have a like the

600

00:21:53,390 --> 00:21:51,539

Department of Defense or congress that's

601  
00:21:54,710 --> 00:21:53,400  
at uh what is he called now I have a

602  
00:21:56,110 --> 00:21:54,720  
hard time with their acronyms I can't

603  
00:21:59,330 --> 00:21:56,120  
keep up with them but their

604  
00:22:01,549 --> 00:21:59,340  
investigation into uaps and it's an

605  
00:22:02,890 --> 00:22:01,559  
all-domain thing right like so it's it's

606  
00:22:05,930 --> 00:22:02,900  
space

607  
00:22:09,169 --> 00:22:05,940  
Arrow Arrow thank you all to main

608  
00:22:11,210 --> 00:22:09,179  
anomaly resolution office yes but I love

609  
00:22:12,950 --> 00:22:11,220  
that resolution office like yeah we're

610  
00:22:14,630 --> 00:22:12,960  
so lucky we're going to figure this

611  
00:22:16,669 --> 00:22:14,640  
thing out and just resolve it that's

612  
00:22:19,909 --> 00:22:16,679  
what we're here for like yeah let's get

613  
00:22:21,649 --> 00:22:19,919

this done yeah yeah but yeah no even

614

00:22:23,750 --> 00:22:21,659

with their reports they don't mention

615

00:22:25,370 --> 00:22:23,760

when these things land right there's no

616

00:22:27,470 --> 00:22:25,380

mention of that and then what about the

617

00:22:29,630 --> 00:22:27,480

interactions that people are having or

618

00:22:31,970 --> 00:22:29,640

saying that they're having with these

619

00:22:34,010 --> 00:22:31,980

occupants of these crafts be it good or

620

00:22:35,930 --> 00:22:34,020

bad they don't mention that at all it's

621

00:22:38,330 --> 00:22:35,940

almost so good we're willing to

622

00:22:39,770 --> 00:22:38,340

investigate if they're real but we don't

623

00:22:41,810 --> 00:22:39,780

want to address all these other sub

624

00:22:44,090 --> 00:22:41,820

sections that come along with the

625

00:22:46,310 --> 00:22:44,100

possibilities that these things are real

626

00:22:47,930 --> 00:22:46,320

and there's a there's a lot to it how

627

00:22:50,210 --> 00:22:47,940

far down the rabbit hole have you gone

628

00:22:51,770 --> 00:22:50,220

Chris like where did this lead you like

629

00:22:54,950 --> 00:22:51,780

from start to now

630

00:22:57,049 --> 00:22:54,960

how wide is as you're uh basically

631

00:23:00,770 --> 00:22:57,059

opinion on this subject like how much

632

00:23:07,549 --> 00:23:04,549

a lot I think 180 180 degrees Yeah well

633

00:23:09,430 --> 00:23:07,559

yeah I went from believing that um you

634

00:23:12,049 --> 00:23:09,440

know there's no

635

00:23:13,430 --> 00:23:12,059

there's nothing past the material realm

636

00:23:15,529 --> 00:23:13,440

you know to being like well that doesn't

637

00:23:17,450 --> 00:23:15,539

make any sense yeah and once you say

638

00:23:20,630 --> 00:23:17,460

well that doesn't make any and backed by

639

00:23:22,730 --> 00:23:20,640

physics apparently you know uh once

640

00:23:24,830 --> 00:23:22,740

you've I guess come to that realization

641

00:23:25,909 --> 00:23:24,840

or consider that or believe that or

642

00:23:27,850 --> 00:23:25,919

whatever then

643

00:23:30,950 --> 00:23:27,860

you know there's the

644

00:23:33,770 --> 00:23:30,960

extrapolations are almost too too much

645

00:23:35,570 --> 00:23:33,780

you know that's why you mentioned um

646

00:23:37,789 --> 00:23:35,580

Lewis you were talking about

647

00:23:39,470 --> 00:23:37,799

um the variation in

648

00:23:40,490 --> 00:23:39,480

in thoughts on the matter and I think

649

00:23:44,090 --> 00:23:40,500

there's just

650

00:23:46,970 --> 00:23:44,100

because nobody knows and the the truth I

651  
00:23:48,890 --> 00:23:46,980  
think or we don't know at least and so

652  
00:23:51,649 --> 00:23:48,900  
your extrapolations just get so crazy

653  
00:23:53,990 --> 00:23:51,659  
yeah and we become a Target because they

654  
00:23:55,730 --> 00:23:54,000  
always say never discuss two things with

655  
00:23:58,789 --> 00:23:55,740  
your close friends religion and politics

656  
00:24:01,190 --> 00:23:58,799  
and this topic is on a knife blade for

657  
00:24:03,409 --> 00:24:01,200  
both because if there is alternate life

658  
00:24:04,970 --> 00:24:03,419  
that might shake some fundamental

659  
00:24:07,310 --> 00:24:04,980  
religious beliefs that if it's not

660  
00:24:09,230 --> 00:24:07,320  
written here it never happened and if

661  
00:24:10,909 --> 00:24:09,240  
it's true and the government has known

662  
00:24:13,130 --> 00:24:10,919  
about it and choose to conceal it

663  
00:24:16,250 --> 00:24:13,140

there's major government and political

664

00:24:19,490 --> 00:24:16,260

implications so we're one toe in one toe

665

00:24:21,950 --> 00:24:19,500

out on two very polarizing topics but

666

00:24:24,110 --> 00:24:21,960

yet somehow we find Unity even the

667

00:24:25,909 --> 00:24:24,120

people that agree and disagree you know

668

00:24:28,070 --> 00:24:25,919

we don't go to war over it we seem to

669

00:24:29,870 --> 00:24:28,080

handle it better even though don't go on

670

00:24:32,690 --> 00:24:29,880

UFO Twitter because it will it'll show

671

00:24:34,610 --> 00:24:32,700

the worst of humankind has to offer but

672

00:24:36,350 --> 00:24:34,620

it also shows the passion behind this

673

00:24:38,390 --> 00:24:36,360

like we really want to figure it out

674

00:24:40,130 --> 00:24:38,400

there's guys trying to put a wooden peg

675

00:24:43,310 --> 00:24:40,140

in a round hole and there's people

676

00:24:45,350 --> 00:24:43,320

search in the desert for water but the

677

00:24:47,930 --> 00:24:45,360

passion behind it it's changed so many

678

00:24:49,730 --> 00:24:47,940

people's lives motivated and I mean you

679

00:24:51,049 --> 00:24:49,740

talk to any witness they really don't

680

00:24:52,430 --> 00:24:51,059

care whether you believe them or not

681

00:24:54,890 --> 00:24:52,440

they know what they saw

682

00:24:57,169 --> 00:24:54,900

even if it is psychosis right it's hard

683

00:24:59,810 --> 00:24:57,179

to to speak to somebody when their mind

684

00:25:01,730 --> 00:24:59,820

is that well formed so I do like the

685

00:25:04,070 --> 00:25:01,740

scientific approach but but it's hard

686

00:25:05,630 --> 00:25:04,080

not to imagine and have your you know if

687

00:25:07,370 --> 00:25:05,640

you go where the data is and we

688

00:25:09,409 --> 00:25:07,380

interview Jacques valet and he's changed

689

00:25:11,090 --> 00:25:09,419

his mind a dozen times yeah that's the

690

00:25:13,070 --> 00:25:11,100

only way you're gonna get closer if you

691

00:25:15,289 --> 00:25:13,080

just throw out the inconvenient truths

692

00:25:17,210 --> 00:25:15,299

you're not really doing yourself a favor

693

00:25:20,390 --> 00:25:17,220

right

694

00:25:21,950 --> 00:25:20,400

exactly yeah and I guess I I've I have

695

00:25:25,130 --> 00:25:21,960

that luxury

696

00:25:26,570 --> 00:25:25,140

you kind of mentioned avilo he has you

697

00:25:28,549 --> 00:25:26,580

know he is limited by a lot of things

698

00:25:30,350 --> 00:25:28,559

you know his basically his position his

699

00:25:32,570 --> 00:25:30,360

background his his career and he's

700

00:25:34,669 --> 00:25:32,580

leading the Galileo project Etc

701  
00:25:36,350 --> 00:25:34,679  
so yeah he is limited so I could you

702  
00:25:39,350 --> 00:25:36,360  
know I can definitely see that so I'm

703  
00:25:40,970 --> 00:25:39,360  
not but I'm not so it's awesome I've set

704  
00:25:43,010 --> 00:25:40,980  
it up you know I should even probably

705  
00:25:45,649 --> 00:25:43,020  
take sponsors just to make a little bit

706  
00:25:48,590 --> 00:25:45,659  
more cash but I I don't you know because

707  
00:25:50,930 --> 00:25:48,600  
I don't want us I spent 20 years 24

708  
00:25:52,130 --> 00:25:50,940  
years you know in the Air Force on you

709  
00:25:55,549 --> 00:25:52,140  
know

710  
00:25:56,510 --> 00:25:55,559  
in under the man's thumb no this is

711  
00:25:59,390 --> 00:25:56,520  
amazing

712  
00:26:02,090 --> 00:25:59,400  
um I I did really love it

713  
00:26:04,190 --> 00:26:02,100

um yeah but oh your your Air Force time

714

00:26:06,529 --> 00:26:04,200

your Air Force time sounds a lot like

715

00:26:08,870 --> 00:26:06,539

Top Gun and Maverick you know just uh

716

00:26:10,370 --> 00:26:08,880

you had a blast flying and you had all

717

00:26:12,649 --> 00:26:10,380

these opportunities and stuff like that

718

00:26:14,510 --> 00:26:12,659

comes in just out of curiosity side

719

00:26:16,850 --> 00:26:14,520

question has nothing to do with uaps

720

00:26:18,590 --> 00:26:16,860

UFOs but how realistic are those movies

721

00:26:19,909 --> 00:26:18,600

just because some of those Maneuvers I

722

00:26:22,070 --> 00:26:19,919

think there's no way they could pull it

723

00:26:24,529 --> 00:26:22,080

off so I'd like to ask somebody who's

724

00:26:27,350 --> 00:26:24,539

actually flown in F-16 is this possible

725

00:26:29,330 --> 00:26:27,360

yeah you should um if you like the top

726  
00:26:30,409 --> 00:26:29,340  
gun Maverick movie I loved it you should

727  
00:26:32,570 --> 00:26:30,419  
check out

728  
00:26:35,390 --> 00:26:32,580  
um my review video I make on it yeah

729  
00:26:37,370 --> 00:26:35,400  
okay yeah I spent a lot of time on it I

730  
00:26:39,529 --> 00:26:37,380  
was like this video is gonna gonna do

731  
00:26:41,029 --> 00:26:39,539  
awesome it's great video I like you know

732  
00:26:42,230 --> 00:26:41,039  
I watched it again I I mentioned on

733  
00:26:44,690 --> 00:26:42,240  
another podcast and then watched it

734  
00:26:48,049 --> 00:26:44,700  
after and nobody watched it it was like

735  
00:26:51,409 --> 00:26:48,059  
oh really yeah you don't care I spent

736  
00:26:53,210 --> 00:26:51,419  
all this stuff uh no whatever I mean but

737  
00:26:54,590 --> 00:26:53,220  
I yeah it's a great movie and they did a

738  
00:26:56,570 --> 00:26:54,600

great job in that movie actually the

739

00:26:58,789 --> 00:26:56,580

realism yeah I mean it's obviously

740

00:27:01,130 --> 00:26:58,799

Hollywood and that's not

741

00:27:02,210 --> 00:27:01,140

it's not actually how it is but it's a

742

00:27:04,789 --> 00:27:02,220

it's a

743

00:27:06,289 --> 00:27:04,799

you know the book perspective of it you

744

00:27:07,669 --> 00:27:06,299

know there's definitely many of the

745

00:27:08,870 --> 00:27:07,679

elements are real yeah I go through a

746

00:27:10,010 --> 00:27:08,880

lot you know I took notes when I was

747

00:27:11,510 --> 00:27:10,020

watching the movie and we watched it

748

00:27:12,950 --> 00:27:11,520

again so we yeah we liked it a lot it's

749

00:27:14,090 --> 00:27:12,960

a great movie I thought it was really

750

00:27:16,730 --> 00:27:14,100

well

751

00:27:18,649 --> 00:27:16,740

one of the sections that for me linked

752

00:27:20,810 --> 00:27:18,659

it to the UFO stuff was when he was in

753

00:27:23,210 --> 00:27:20,820

that really fast plane and I think he's

754

00:27:25,250 --> 00:27:23,220

flying up Mach 9 at this point or

755

00:27:27,049 --> 00:27:25,260

something it's ridiculous but for him to

756

00:27:28,669 --> 00:27:27,059

be able to turn it would take him an

757

00:27:30,409 --> 00:27:28,679

entire State and I forget which state

758

00:27:32,450 --> 00:27:30,419

they mentioned but it would take him

759

00:27:36,289 --> 00:27:32,460

that much space to be able to make a

760

00:27:38,330 --> 00:27:36,299

turn and these uaps and UFOs that Pilots

761

00:27:41,269 --> 00:27:38,340

like yourself are reporting

762

00:27:43,310 --> 00:27:41,279

go from one direction to a right angle

763

00:27:45,230 --> 00:27:43,320

right away and never lose speed or

764

00:27:46,970 --> 00:27:45,240

momentum it doesn't take them a long

765

00:27:50,149 --> 00:27:46,980

time to do that they could just do it on

766

00:27:52,010 --> 00:27:50,159

the blink as somebody who's flown planes

767

00:27:53,690 --> 00:27:52,020

as much as you have like what would

768

00:27:55,789 --> 00:27:53,700

happen to you physically

769

00:27:57,529 --> 00:27:55,799

with the current loss of fixes it says

770

00:27:59,630 --> 00:27:57,539

we understand and experience them what

771

00:28:03,110 --> 00:27:59,640

would happen to you if you were aboard a

772

00:28:05,210 --> 00:28:03,120

something that's able to do that

773

00:28:08,210 --> 00:28:05,220

yeah I mean

774

00:28:10,630 --> 00:28:08,220

I guess the limit is is nine G's for

775

00:28:13,130 --> 00:28:10,640

aircraft a human in an aircraft

776  
00:28:14,210 --> 00:28:13,140  
essentially sustained you notice you're

777  
00:28:16,549 --> 00:28:14,220  
not going to be able to pull more than

778  
00:28:18,230 --> 00:28:16,559  
nine times of gravity which is is how

779  
00:28:19,549 --> 00:28:18,240  
fast you can turn essentially you know

780  
00:28:21,529 --> 00:28:19,559  
how fast you can accelerate is really

781  
00:28:23,450 --> 00:28:21,539  
how fast you can turn so the problem is

782  
00:28:25,190 --> 00:28:23,460  
if you're going so fast this way and you

783  
00:28:27,169 --> 00:28:25,200  
go to turn that way now

784  
00:28:29,269 --> 00:28:27,179  
you're only you're limited to nine G's

785  
00:28:30,950 --> 00:28:29,279  
and that's why that turn radius is so

786  
00:28:33,230 --> 00:28:30,960  
big you know that's why it takes so many

787  
00:28:34,190 --> 00:28:33,240  
miles and miles to turn right same thing

788  
00:28:37,010 --> 00:28:34,200

if you're fighting you know if you're

789

00:28:38,750 --> 00:28:37,020

going to get in into a dog fight and uh

790

00:28:42,230 --> 00:28:38,760

and and some people do the younger guys

791

00:28:44,390 --> 00:28:42,240

maybe mess up uh if they if they merge

792

00:28:46,549 --> 00:28:44,400

if you merge with them then you're going

793

00:28:48,830 --> 00:28:46,559

they're going supersonic

794

00:28:50,210 --> 00:28:48,840

uh the the problem is your turn circle

795

00:28:52,669 --> 00:28:50,220

gets much much bigger when you're

796

00:28:55,250 --> 00:28:52,679

supersonic you know so if I'm at 0.98

797

00:28:57,649 --> 00:28:55,260

Mach I'll turn right behind you if

798

00:28:59,090 --> 00:28:57,659

you're going 1.0 Mach actually you'll

799

00:29:01,070 --> 00:28:59,100

just be way out in front and I'll just

800

00:29:02,870 --> 00:29:01,080

turn right behind you and shoot you so

801  
00:29:05,390 --> 00:29:02,880  
wow

802  
00:29:07,130 --> 00:29:05,400  
ultimately they can't you can't do that

803  
00:29:09,409 --> 00:29:07,140  
so if if you're actually inside a craft

804  
00:29:10,130 --> 00:29:09,419  
that can do that

805  
00:29:11,570 --> 00:29:10,140  
um

806  
00:29:13,669 --> 00:29:11,580  
my guess is you would feel nothing

807  
00:29:15,830 --> 00:29:13,679  
inside that if

808  
00:29:18,350 --> 00:29:15,840  
because it seems to act with no inertia

809  
00:29:20,149 --> 00:29:18,360  
it's it's moving as if it's a light like

810  
00:29:21,950 --> 00:29:20,159  
a hologram

811  
00:29:25,490 --> 00:29:21,960  
um you know something like that yeah

812  
00:29:28,010 --> 00:29:25,500  
going from still to an incredible speed

813  
00:29:30,289 --> 00:29:28,020

it was actually no momentum building up

814

00:29:32,210 --> 00:29:30,299

to it it's just instant at that speed

815

00:29:33,710 --> 00:29:32,220

which I saw what do you think about

816

00:29:35,990 --> 00:29:33,720

anything that's like a Tic Tac going

817

00:29:38,269 --> 00:29:36,000

from 80 000 feet to sea level in less

818

00:29:39,950 --> 00:29:38,279

than a second like you could liquefy any

819

00:29:42,350 --> 00:29:39,960

inhabitant it's got to be making some

820

00:29:44,870 --> 00:29:42,360

kind of a bubble something to protect it

821

00:29:46,850 --> 00:29:44,880

from the laws of physics because I'm a

822

00:29:48,710 --> 00:29:46,860

big formula one fan and the limitation

823

00:29:50,570 --> 00:29:48,720

in Formula One is not the car it's the

824

00:29:52,130 --> 00:29:50,580

man in the car they could make the cars

825

00:29:53,810 --> 00:29:52,140

even faster but there's no human on the

826

00:29:56,029 --> 00:29:53,820

planet that can react fast enough and

827

00:29:58,789 --> 00:29:56,039

not kill himself it's not the Machinery

828

00:30:00,350 --> 00:29:58,799

it's us so that's why it makes it that

829

00:30:02,990 --> 00:30:00,360

much more interesting when you see

830

00:30:05,210 --> 00:30:03,000

things making 90 degree turns taking off

831

00:30:07,490 --> 00:30:05,220

with thousands of miles an hour I don't

832

00:30:09,590 --> 00:30:07,500

think any biology without some kind of a

833

00:30:11,450 --> 00:30:09,600

shield could really sustain that and I'm

834

00:30:13,610 --> 00:30:11,460

not an engineer but it just kind of

835

00:30:15,110 --> 00:30:13,620

makes common sense right

836

00:30:17,090 --> 00:30:15,120

Chris I want to ask you I don't even

837

00:30:19,490 --> 00:30:17,100

know how you do that right because now

838

00:30:21,350 --> 00:30:19,500

you have to accelerate

839

00:30:24,649 --> 00:30:21,360

you know to get the way we understand

840

00:30:26,810 --> 00:30:24,659

how inertia works is you have to

841

00:30:29,330 --> 00:30:26,820

um you can't just go from zero to 100

842

00:30:31,730 --> 00:30:29,340

miles per hour immediately you know

843

00:30:34,669 --> 00:30:31,740

nothing can yeah it has to go through

844

00:30:37,070 --> 00:30:34,679

that it's a linear process

845

00:30:38,810 --> 00:30:37,080

so I don't know how they even do that it

846

00:30:40,370 --> 00:30:38,820

doesn't make sense that's why it defies

847

00:30:42,230 --> 00:30:40,380

the laws of physics you know one of the

848

00:30:44,870 --> 00:30:42,240

five observables

849

00:30:47,630 --> 00:30:44,880

so yeah yeah and a person like yourself

850

00:30:50,210 --> 00:30:47,640

that is a you know like you guys are the

851  
00:30:52,370 --> 00:30:50,220  
most credible witnesses that we have in

852  
00:30:54,110 --> 00:30:52,380  
the sky you are the most trained person

853  
00:30:56,389 --> 00:30:54,120  
like how many millions of dollars do

854  
00:30:58,130 --> 00:30:56,399  
they spend training you guys to be

855  
00:30:59,930 --> 00:30:58,140  
observant and and to know your stuff

856  
00:31:01,850 --> 00:30:59,940  
when you're up there so when we hear

857  
00:31:04,310 --> 00:31:01,860  
reports from other Fighter Pods which

858  
00:31:06,110 --> 00:31:04,320  
have some have been on your show and you

859  
00:31:07,130 --> 00:31:06,120  
talk to all the time probably behind the

860  
00:31:09,470 --> 00:31:07,140  
scenes

861  
00:31:10,789 --> 00:31:09,480  
it's most of every pilot has seen

862  
00:31:12,590 --> 00:31:10,799  
something at some point during their

863  
00:31:15,769 --> 00:31:12,600

career that they cannot explain that

864

00:31:18,470 --> 00:31:15,779

they have no way of identifying as a

865

00:31:20,510 --> 00:31:18,480

professional or an entity uh we often

866

00:31:22,669 --> 00:31:20,520

joke about how like if somebody likes to

867

00:31:24,830 --> 00:31:22,679

say uh Louis here who just turned 40

868

00:31:27,230 --> 00:31:24,840

years old he's got 40 years of

869

00:31:28,909 --> 00:31:27,240

experience being a human right so he

870

00:31:30,889 --> 00:31:28,919

knows what's possible for humans what's

871

00:31:33,350 --> 00:31:30,899

not possible for humans we discredited

872

00:31:35,029 --> 00:31:33,360

that as people and observers now if

873

00:31:37,789 --> 00:31:35,039

they're just the general population well

874

00:31:39,710 --> 00:31:37,799

you must be you know seeing things or it

875

00:31:41,389 --> 00:31:39,720

must be government program but in your

876

00:31:43,970 --> 00:31:41,399

case you're the most trained observers

877

00:31:45,230 --> 00:31:43,980

uh and we have Pilots after Pilots

878

00:31:47,210 --> 00:31:45,240

coming out saying yeah something's not

879

00:31:49,730 --> 00:31:47,220

right we weren't able to identify or it

880

00:31:53,389 --> 00:31:49,740

did something to our Machinery when you

881

00:31:55,310 --> 00:31:53,399

hear that as an investigator now like

882

00:31:56,810 --> 00:31:55,320

what are your thoughts like you think

883

00:31:58,669 --> 00:31:56,820

there's definitely something to the

884

00:32:00,169 --> 00:31:58,679

military aspects with these entities

885

00:32:02,810 --> 00:32:00,179

because they seem to be always

886

00:32:05,450 --> 00:32:02,820

interacting with the military in some

887

00:32:09,889 --> 00:32:07,669

well I guess um I don't think most

888

00:32:12,169 --> 00:32:09,899

Pilots see see these things

889

00:32:13,430 --> 00:32:12,179

um or if they do then they're not then

890

00:32:14,510 --> 00:32:13,440

they're really not talking about it at

891

00:32:17,630 --> 00:32:14,520

all they're just keeping it to

892

00:32:19,610 --> 00:32:17,640

themselves I haven't seen it a UAP

893

00:32:21,649 --> 00:32:19,620

um I don't remember seeing anything I

894

00:32:23,149 --> 00:32:21,659

that I couldn't identify or felt the

895

00:32:25,250 --> 00:32:23,159

need to go and identify you know maybe

896

00:32:27,350 --> 00:32:25,260

there was something there I didn't

897

00:32:29,630 --> 00:32:27,360

but I don't remember a case I don't

898

00:32:31,310 --> 00:32:29,640

remember anyone coming and telling me

899

00:32:33,710 --> 00:32:31,320

they saw UAP

900

00:32:36,110 --> 00:32:33,720

that being said you know I have heard a

901  
00:32:39,230 --> 00:32:36,120  
couple cases and you know there's one

902  
00:32:40,789 --> 00:32:39,240  
other YouTuber a Max afterburner uh he

903  
00:32:42,649 --> 00:32:40,799  
he does a

904  
00:32:44,450 --> 00:32:42,659  
he doesn't do uaps at all and I've

905  
00:32:45,769 --> 00:32:44,460  
actually wrote him a few times to ask

906  
00:32:48,049 --> 00:32:45,779  
him if he would talk about you I don't

907  
00:32:49,190 --> 00:32:48,059  
think he wants to talk about UFOs or I

908  
00:32:51,470 --> 00:32:49,200  
think he wants to talk about me or maybe

909  
00:32:53,330 --> 00:32:51,480  
he just didn't see my emails right but

910  
00:32:55,010 --> 00:32:53,340  
he talked about UAP on there well it was

911  
00:32:57,289 --> 00:32:55,020  
a reverse explosion

912  
00:32:58,850 --> 00:32:57,299  
it was like you saw a fireball like come

913  
00:33:01,310 --> 00:32:58,860

back together and then disappear

914

00:33:02,870 --> 00:33:01,320

something like that like a fireball

915

00:33:05,690 --> 00:33:02,880

implosion when he was on a low level

916

00:33:08,210 --> 00:33:05,700

just split second type thing

917

00:33:10,610 --> 00:33:08,220

so I think it does happen

918

00:33:11,990 --> 00:33:10,620

I think maybe the military

919

00:33:14,690 --> 00:33:12,000

um

920

00:33:16,009 --> 00:33:14,700

they maybe feel like they're Bound by

921

00:33:18,590 --> 00:33:16,019

some sort of

922

00:33:20,750 --> 00:33:18,600

maybe honor to talk

923

00:33:23,570 --> 00:33:20,760

you know I think uh you know honor and

924

00:33:26,330 --> 00:33:23,580

duties really be beat into us in the

925

00:33:29,269 --> 00:33:26,340

military I think and I still I think

926

00:33:31,490 --> 00:33:29,279

Integrity is super important critical

927

00:33:33,110 --> 00:33:31,500

it's you know it's the first uh core

928

00:33:36,289 --> 00:33:33,120

value of the Air Force

929

00:33:38,450 --> 00:33:36,299

and so maybe that's part of it is that

930

00:33:41,330 --> 00:33:38,460

they just feel like they

931

00:33:43,310 --> 00:33:41,340

they should and and the main reason I

932

00:33:45,710 --> 00:33:43,320

think you wouldn't is some sort of fear

933

00:33:48,169 --> 00:33:45,720

it's going to be fear of whatever fear

934

00:33:49,370 --> 00:33:48,179

of radical ridicule fear of loss of your

935

00:33:51,230 --> 00:33:49,380

career

936

00:33:52,970 --> 00:33:51,240

fear of

937

00:33:55,310 --> 00:33:52,980

you know your friends and family looking

938

00:33:57,289 --> 00:33:55,320

at you weird or something right

939

00:34:00,230 --> 00:33:57,299

so I think it's

940

00:34:03,230 --> 00:34:00,240

maybe they're used to

941

00:34:04,909 --> 00:34:03,240

at least for myself right for me the in

942

00:34:06,350 --> 00:34:04,919

the end at the end of the day I was able

943

00:34:07,370 --> 00:34:06,360

to publish which I think is probably one

944

00:34:09,889 --> 00:34:07,380

of the hardest things you can do is

945

00:34:11,750 --> 00:34:09,899

really publish online any sort of

946

00:34:13,490 --> 00:34:11,760

personal books or stories you know I get

947

00:34:15,230 --> 00:34:13,500

a lot of complaints from people that

948

00:34:17,210 --> 00:34:15,240

they're all Anonymous you know these

949

00:34:19,389 --> 00:34:17,220

people aren't really

950

00:34:22,129 --> 00:34:19,399

um sharing any sort of personal details

951  
00:34:23,450 --> 00:34:22,139  
and when you go to that length you

952  
00:34:24,829 --> 00:34:23,460  
publish a non-fiction book or you

953  
00:34:26,089 --> 00:34:24,839  
publish a fiction book even with your

954  
00:34:28,609 --> 00:34:26,099  
real name

955  
00:34:30,710 --> 00:34:28,619  
I think you have to overcome a very big

956  
00:34:32,510 --> 00:34:30,720  
step of fear and you have to pass that

957  
00:34:34,070 --> 00:34:32,520  
you know I mean you know I wasn't a

958  
00:34:35,629 --> 00:34:34,080  
drama person growing up you know I could

959  
00:34:38,450 --> 00:34:35,639  
see people acting and I was like I would

960  
00:34:40,669 --> 00:34:38,460  
never do that actually shy you know so

961  
00:34:42,169 --> 00:34:40,679  
it's not so easy I think overcoming fear

962  
00:34:45,169 --> 00:34:42,179  
is maybe just

963  
00:34:47,690 --> 00:34:45,179

uh and required to feel some sort of

964

00:34:51,829 --> 00:34:47,700

Duty or uh

965

00:34:54,889 --> 00:34:51,839

in uh honor and integrity to

966

00:34:55,970 --> 00:34:54,899

we'll pass that again I guess and in

967

00:34:57,950 --> 00:34:55,980

terms of fear I want to get your

968

00:35:00,170 --> 00:34:57,960

opinions on the threat narrative and we

969

00:35:02,270 --> 00:35:00,180

ask a lot of people this we get varying

970

00:35:04,210 --> 00:35:02,280

answers so what are your thoughts on

971

00:35:08,150 --> 00:35:04,220

this phenomenon and the Threat Level

972

00:35:11,750 --> 00:35:08,990

yeah

973

00:35:16,010 --> 00:35:13,790

I mean I guess how do you define the

974

00:35:18,650 --> 00:35:16,020

word threat you know well some people

975

00:35:20,030 --> 00:35:18,660

have said a threat can be

976

00:35:21,650 --> 00:35:20,040

um the fact that it's in our skies and

977

00:35:24,230 --> 00:35:21,660

we don't know or it can be a direct

978

00:35:26,210 --> 00:35:24,240

threat from our adversaries or you know

979

00:35:29,089 --> 00:35:26,220

the fact that we have data and we can't

980

00:35:31,970 --> 00:35:29,099

release it is a threat to revealing our

981

00:35:33,890 --> 00:35:31,980

sensors and how you know maybe uh how

982

00:35:35,870 --> 00:35:33,900

good they actually are so the threat is

983

00:35:37,550 --> 00:35:35,880

different for everybody but I'm asking

984

00:35:39,349 --> 00:35:37,560

more in terms of like a malevolent thing

985

00:35:42,650 --> 00:35:39,359

like there's something out there it's

986

00:35:46,790 --> 00:35:42,660

not good and uh versus the opinion of

987

00:35:52,010 --> 00:35:48,950

yeah I guess um

988

00:35:55,670 --> 00:35:52,020

so a threat really it comes from a lack

989

00:35:59,150 --> 00:35:55,680

of knowledge I think you know um

990

00:36:01,130 --> 00:35:59,160

is really you don't know if someone else

991

00:36:03,589 --> 00:36:01,140

is going to attack right we don't know

992

00:36:06,770 --> 00:36:03,599

if China is going to attack the us we

993

00:36:09,770 --> 00:36:06,780

suspect it right even though I'm more

994

00:36:11,750 --> 00:36:09,780

worried about the U.S attacking

995

00:36:14,329 --> 00:36:11,760

um so it's really there's a lack of

996

00:36:16,670 --> 00:36:14,339

information right if we know that our

997

00:36:18,650 --> 00:36:16,680

friends are friendly with us and our

998

00:36:19,970 --> 00:36:18,660

allies would never attack us even though

999

00:36:21,470 --> 00:36:19,980

they have more than the capabilities

1000

00:36:22,730 --> 00:36:21,480

right they have more capabilities than

1001

00:36:24,530 --> 00:36:22,740

our adversaries

1002

00:36:26,329 --> 00:36:24,540

but we have knowledge we have

1003

00:36:28,910 --> 00:36:26,339

information that they are not going to

1004

00:36:30,829 --> 00:36:28,920

you know to the best of our ability

1005

00:36:32,450 --> 00:36:30,839

and you notice when that gets way out of

1006

00:36:34,970 --> 00:36:32,460

whack right when one

1007

00:36:37,970 --> 00:36:34,980

Nation gets way more powerful than the

1008

00:36:41,089 --> 00:36:37,980

other nations than it it also upsets the

1009

00:36:43,010 --> 00:36:41,099

balance because even with the knowledge

1010

00:36:45,530 --> 00:36:43,020

now they have a knowledge

1011

00:36:48,589 --> 00:36:45,540

that they cannot beat the enemy right

1012

00:36:51,230 --> 00:36:48,599

they have they they then know that if

1013

00:36:53,210 --> 00:36:51,240

they are unmatched then there is

1014

00:36:54,890 --> 00:36:53,220

literally nothing they can do

1015

00:36:57,650 --> 00:36:54,900

in that case

1016

00:36:59,510 --> 00:36:57,660

so I guess it would be what are your two

1017

00:37:01,970 --> 00:36:59,520

what are the two cases

1018

00:37:04,069 --> 00:37:01,980

you know if if

1019

00:37:06,050 --> 00:37:04,079

for me if you look at all the abduction

1020

00:37:09,109 --> 00:37:06,060

cases and everything going back 80 years

1021

00:37:11,870 --> 00:37:09,119

and if it if it is true and there is

1022

00:37:13,310 --> 00:37:11,880

Alien Force aliens here

1023

00:37:14,390 --> 00:37:13,320

and the fact we don't know is very

1024

00:37:17,390 --> 00:37:14,400

suspicious

1025

00:37:19,490 --> 00:37:17,400

and so it's either they're hiding it for

1026

00:37:20,990 --> 00:37:19,500

our benefit or they're hiding it for

1027

00:37:24,290 --> 00:37:21,000

their benefit

1028

00:37:26,210 --> 00:37:24,300

right and so I think it comes down to

1029

00:37:28,790 --> 00:37:26,220

that question

1030

00:37:30,109 --> 00:37:28,800

uh you know if they're here because you

1031

00:37:32,270 --> 00:37:30,119

have to look at your threat tree right

1032

00:37:34,609 --> 00:37:32,280

okay if they're not here no threat okay

1033

00:37:36,950 --> 00:37:34,619

no worries all right if they are here so

1034

00:37:38,569 --> 00:37:36,960

we need to figure that out first then

1035

00:37:40,490 --> 00:37:38,579

the next thing is

1036

00:37:42,770 --> 00:37:40,500

you know are they here to help us why

1037

00:37:47,030 --> 00:37:42,780

haven't we heard about them the whole

1038

00:37:48,589 --> 00:37:47,040

time right because ultimately it you

1039

00:37:51,829 --> 00:37:48,599

know we can scrounge around all we want

1040

00:37:53,690 --> 00:37:51,839

and get these Witnesses but if it is

1041

00:37:56,030 --> 00:37:53,700

going on the fact that we don't know is

1042

00:37:56,870 --> 00:37:56,040

is a really bad indicator that it is a

1043

00:37:59,030 --> 00:37:56,880

threat

1044

00:38:01,010 --> 00:37:59,040

right and and at any rate we would have

1045

00:38:02,750 --> 00:38:01,020

to figure out the first question in

1046

00:38:04,609 --> 00:38:02,760

order to go to the second and say are

1047

00:38:07,250 --> 00:38:04,619

they here to help us

1048

00:38:09,230 --> 00:38:07,260

um or not and and what I hear and I

1049

00:38:11,870 --> 00:38:09,240

guess I'm I I'm in undecided Camp

1050

00:38:14,870 --> 00:38:11,880

because we lack the information

1051  
00:38:16,910 --> 00:38:14,880  
so how can you say it's not a threat

1052  
00:38:18,370 --> 00:38:16,920  
if we don't know those key pieces of

1053  
00:38:20,810 --> 00:38:18,380  
information

1054  
00:38:23,810 --> 00:38:20,820  
but then how can you say that they are a

1055  
00:38:27,410 --> 00:38:23,820  
threat if you can't prove any

1056  
00:38:29,930 --> 00:38:27,420  
I guess uh actual harm

1057  
00:38:32,450 --> 00:38:29,940  
yeah and there's two threats I mean it's

1058  
00:38:35,750 --> 00:38:32,460  
the threat like their threat in an R

1059  
00:38:37,790 --> 00:38:35,760  
threat meaning how we react to their

1060  
00:38:40,370 --> 00:38:37,800  
existence or if we possess their

1061  
00:38:43,069 --> 00:38:40,380  
technology what's the purpose of our

1062  
00:38:45,349 --> 00:38:43,079  
reverse engineering is it to propel

1063  
00:38:47,450 --> 00:38:45,359

Humanity into a better age or is it used

1064

00:38:49,430 --> 00:38:47,460

for Warfare again like we always do

1065

00:38:52,910 --> 00:38:49,440

every time we discover anything like

1066

00:38:55,130 --> 00:38:52,920

gunpowder or you know microwaves or

1067

00:38:57,589 --> 00:38:55,140

explore it's like how can I use this to

1068

00:39:00,230 --> 00:38:57,599

kill another person that's how we create

1069

00:39:03,290 --> 00:39:00,240

our technology that's what a more aware

1070

00:39:06,890 --> 00:39:03,300

like aware of these days I guess is that

1071

00:39:07,849 --> 00:39:06,900

in our hands this technology is a threat

1072

00:39:10,370 --> 00:39:07,859

to us

1073

00:39:11,510 --> 00:39:10,380

so even if they don't mean it uh just

1074

00:39:13,190 --> 00:39:11,520

the fact that we would have some of

1075

00:39:14,870 --> 00:39:13,200

their technology it's a Potential Threat

1076  
00:39:17,510 --> 00:39:14,880  
for Humanity just look at what we did

1077  
00:39:19,310 --> 00:39:17,520  
with nukes like how many nukes do we

1078  
00:39:21,290 --> 00:39:19,320  
have now in the world like ten thousand

1079  
00:39:25,250 --> 00:39:21,300  
nukes or like this ridiculous sum of

1080  
00:39:26,510 --> 00:39:25,260  
amount of world destroying rockets and

1081  
00:39:27,710 --> 00:39:26,520  
they're just waiting there just sitting

1082  
00:39:29,329 --> 00:39:27,720  
there it'll be the same thing with their

1083  
00:39:32,510 --> 00:39:29,339  
technology that's what I'm worried about

1084  
00:39:34,430 --> 00:39:32,520  
is what we gonna do with it uh because

1085  
00:39:35,930 --> 00:39:34,440  
obviously they can handle it by the way

1086  
00:39:38,230 --> 00:39:35,940  
that they're maneuvering in our skies

1087  
00:39:40,790 --> 00:39:38,240  
and water you know uh

1088  
00:39:42,410 --> 00:39:40,800

they're able to handle this we are not

1089

00:39:44,329 --> 00:39:42,420

capable of it I think we're not probably

1090

00:39:46,670 --> 00:39:44,339

mature enough for that technology that's

1091

00:39:48,170 --> 00:39:46,680

my biggest issue on this whole reverse

1092

00:39:49,849 --> 00:39:48,180

engineering thing because it's great if

1093

00:39:52,490 --> 00:39:49,859

we can create things that benefit

1094

00:39:56,150 --> 00:39:52,500

Humanity but that hasn't been our track

1095

00:39:57,890 --> 00:39:56,160

record as a species at all you know that

1096

00:39:59,870 --> 00:39:57,900

worries me I think that's an aspect of

1097

00:40:03,170 --> 00:39:59,880

ufology we never talk about is what do

1098

00:40:04,849 --> 00:40:03,180

we do once you know the proverbial [h\_\_h]

1099

00:40:06,410 --> 00:40:04,859

hits the fan and you know the truth

1100

00:40:09,589 --> 00:40:06,420

comes out there's going to be a bunch of

1101  
00:40:12,890 --> 00:40:09,599  
repercussions right so that's some I'm a

1102  
00:40:18,050 --> 00:40:15,530  
I I guess I am but I'm also hopeful

1103  
00:40:19,490 --> 00:40:18,060  
because I think we're in a unique time

1104  
00:40:22,670 --> 00:40:19,500  
in history

1105  
00:40:26,329 --> 00:40:22,680  
where I think we we've Technology's

1106  
00:40:28,069 --> 00:40:26,339  
reached a point I think we've globalized

1107  
00:40:30,530 --> 00:40:28,079  
essentially we've essentially globalized

1108  
00:40:31,910 --> 00:40:30,540  
and I think we have a large enough kind

1109  
00:40:34,550 --> 00:40:31,920  
of neural network

1110  
00:40:37,010 --> 00:40:34,560  
built with the internet now and now I

1111  
00:40:38,750 --> 00:40:37,020  
see I think with chat GPT and all these

1112  
00:40:40,190 --> 00:40:38,760  
other AI programs coming online et

1113  
00:40:43,190 --> 00:40:40,200

cetera that

1114

00:40:45,050 --> 00:40:43,200

we won't actually be in a a scarcity

1115

00:40:46,790 --> 00:40:45,060

environment I don't think we'll be in a

1116

00:40:49,670 --> 00:40:46,800

resources limited environment here in

1117

00:40:51,530 --> 00:40:49,680

about five to ten years unless America

1118

00:40:54,710 --> 00:40:51,540

does something stupid right right

1119

00:40:55,730 --> 00:40:54,720

honestly like that so in 10 years I

1120

00:40:58,250 --> 00:40:55,740

think

1121

00:40:59,990 --> 00:40:58,260

people won't have a need to fight other

1122

00:41:02,270 --> 00:41:00,000

people yeah you know if you look back

1123

00:41:04,910 --> 00:41:02,280

most wars if not all of them are done

1124

00:41:06,230 --> 00:41:04,920

for economic reasons for purposes or out

1125

00:41:08,270 --> 00:41:06,240

of fear

1126

00:41:10,430 --> 00:41:08,280

that I will get my stuff taken

1127

00:41:12,050 --> 00:41:10,440

essentially you know they're going to

1128

00:41:14,990 --> 00:41:12,060

come take my guns you know that's it

1129

00:41:16,910 --> 00:41:15,000

right I'm gonna get my guns yeah I might

1130

00:41:18,530 --> 00:41:16,920

get my stuff taken even look at Nations

1131

00:41:20,829 --> 00:41:18,540

you know

1132

00:41:23,810 --> 00:41:20,839

like look at it I was we lived in Spain

1133

00:41:26,750 --> 00:41:23,820

and uh you know catalan's a huge issue

1134

00:41:29,030 --> 00:41:26,760

obviously they've had major issues um

1135

00:41:30,530 --> 00:41:29,040

but the Spanish don't like Catalan

1136

00:41:32,089 --> 00:41:30,540

necessarily okay you know I'm getting a

1137

00:41:33,890 --> 00:41:32,099

huge trouble for this

1138

00:41:36,170 --> 00:41:33,900

um but but what you realize is they want

1139

00:41:38,810 --> 00:41:36,180

to leave right everyone votes to leave

1140

00:41:40,250 --> 00:41:38,820

and that the the main country never lets

1141

00:41:42,109 --> 00:41:40,260

them leave you know look at the United

1142

00:41:44,510 --> 00:41:42,119

States that's what's the first Civil War

1143

00:41:47,030 --> 00:41:44,520

was essentially you know was fought over

1144

00:41:48,950 --> 00:41:47,040

the South wanting to leave leave the

1145

00:41:51,290 --> 00:41:48,960

union essentially you know slavery yes

1146

00:41:52,849 --> 00:41:51,300

but the vote over leaving

1147

00:41:54,170 --> 00:41:52,859

um look at the luckily there was no

1148

00:41:57,829 --> 00:41:54,180

violence for everything but look at the

1149

00:42:00,410 --> 00:41:57,839

huge of people called caused by uh the

1150

00:42:02,030 --> 00:42:00,420

UK leaving right yeah because you could

1151

00:42:03,050 --> 00:42:02,040

sign up you know when you sign up of

1152

00:42:04,730 --> 00:42:03,060

course you can leave you can leave

1153

00:42:06,650 --> 00:42:04,740

whenever you want the man they made it a

1154

00:42:10,430 --> 00:42:06,660

pain in the ass didn't they yeah it

1155

00:42:12,530 --> 00:42:10,440

happened in Canada too Jason for it you

1156

00:42:13,910 --> 00:42:12,540

know Quebec wanted to separate and we

1157

00:42:15,950 --> 00:42:13,920

didn't realize that that wouldn't work

1158

00:42:17,510 --> 00:42:15,960

but uh we had a referendum and they

1159

00:42:20,710 --> 00:42:17,520

voted it could have happened right yeah

1160

00:42:23,030 --> 00:42:20,720

well on the verge we could the

1161

00:42:24,410 --> 00:42:23,040

geopolitical system can change overnight

1162

00:42:26,630 --> 00:42:24,420

you know it's crazy

1163

00:42:28,430 --> 00:42:26,640

I think I'd rate this how mature is your

1164

00:42:30,349 --> 00:42:28,440

country right if if you guys if that

1165

00:42:32,089 --> 00:42:30,359

voted and that happened and there was no

1166

00:42:34,790 --> 00:42:32,099

really huge war and everything I'd be

1167

00:42:36,950 --> 00:42:34,800

like man yeah they're better than us you

1168

00:42:38,569 --> 00:42:36,960

know like they've done it they figured

1169

00:42:41,450 --> 00:42:38,579

it out I think countries are a huge part

1170

00:42:43,250 --> 00:42:41,460

of the problem is uh and and

1171

00:42:44,750 --> 00:42:43,260

just like every other organism on this

1172

00:42:46,490 --> 00:42:44,760

planet I think they're gonna

1173

00:42:48,829 --> 00:42:46,500

they're gonna do what all organisms do

1174

00:42:50,270 --> 00:42:48,839

and so they they don't really care about

1175

00:42:53,390 --> 00:42:50,280

us

1176  
00:42:54,829 --> 00:42:53,400  
yeah I wanted to go down the Wooh hole

1177  
00:42:57,410 --> 00:42:54,839  
for one second here and just get your

1178  
00:42:59,990 --> 00:42:57,420  
thoughts on things like Cryptids and

1179  
00:43:01,309 --> 00:43:00,000  
Poltergeist and hitchhiker effects do

1180  
00:43:02,630 --> 00:43:01,319  
you have any opinion one way or the

1181  
00:43:04,250 --> 00:43:02,640  
other or you know are you familiar with

1182  
00:43:05,950 --> 00:43:04,260  
these type of things I don't know what a

1183  
00:43:09,790 --> 00:43:05,960  
crypt it is

1184  
00:43:13,569 --> 00:43:09,800  
Bigfoot Skinwalker Mothman anything

1185  
00:43:17,030 --> 00:43:13,579  
bipedal creatures

1186  
00:43:19,910 --> 00:43:17,040  
yeah just like uh Legends and tales of

1187  
00:43:21,770 --> 00:43:19,920  
creatures that have you know half a foot

1188  
00:43:24,109 --> 00:43:21,780

in this realm and half a foot in the

1189

00:43:25,430 --> 00:43:24,119

other shape shifters you know kind of

1190

00:43:27,290 --> 00:43:25,440

some of the things people have theorized

1191

00:43:30,050 --> 00:43:27,300

happening in Skinwalker Ranch things

1192

00:43:31,370 --> 00:43:30,060

change in form and Bigfoot and messing

1193

00:43:33,410 --> 00:43:31,380

with us

1194

00:43:36,530 --> 00:43:33,420

I I mean I haven't looked into it really

1195

00:43:38,630 --> 00:43:36,540

much more than you know a few weeks

1196

00:43:41,510 --> 00:43:38,640

watching videos over over my two and a

1197

00:43:43,190 --> 00:43:41,520

half years probably you know I don't um

1198

00:43:45,050 --> 00:43:43,200

it was almost like too far in the room

1199

00:43:46,550 --> 00:43:45,060

like there's like a woo ladder I think

1200

00:43:48,230 --> 00:43:46,560

you know and I think Bigfoot's like

1201  
00:43:50,410 --> 00:43:48,240  
towards the end just because it has such

1202  
00:43:53,630 --> 00:43:50,420  
a name you know watch all the movies

1203  
00:43:55,670 --> 00:43:53,640  
like that so stigmatized against Bigfoot

1204  
00:43:57,170 --> 00:43:55,680  
that it's like am I really investigating

1205  
00:43:58,970 --> 00:43:57,180  
Bigfoot you know that you have to step

1206  
00:44:00,470 --> 00:43:58,980  
that line and I'm I'm sure I will

1207  
00:44:03,550 --> 00:44:00,480  
because it makes sense that you would

1208  
00:44:06,829 --> 00:44:03,560  
have some sort of uh interrelated

1209  
00:44:08,930 --> 00:44:06,839  
portals timelines at least there's an

1210  
00:44:11,089 --> 00:44:08,940  
argument to be made that you could have

1211  
00:44:12,770 --> 00:44:11,099  
some sort of primates or maybe that's an

1212  
00:44:15,230 --> 00:44:12,780  
alien you know maybe aliens look like

1213  
00:44:16,790 --> 00:44:15,240

Bigfoot and nothing it's like their dog

1214

00:44:18,890 --> 00:44:16,800

they just let out every once in a while

1215

00:44:21,050 --> 00:44:18,900

to go to the bathroom we just happened

1216

00:44:22,910 --> 00:44:21,060

to spot it right who knows well we were

1217

00:44:24,470 --> 00:44:22,920

polarized Jay I've always said I think

1218

00:44:26,930 --> 00:44:24,480

there's a chance at Bigfoot and you were

1219

00:44:28,069 --> 00:44:26,940

like no and early on in the show we were

1220

00:44:30,050 --> 00:44:28,079

going to talk about and you're like no

1221

00:44:31,130 --> 00:44:30,060

Bigfoot then we chat with George Knapp

1222

00:44:32,270 --> 00:44:31,140

I'm like hey George what do you think

1223

00:44:34,370 --> 00:44:32,280

about Bigfoot he's like oh yeah there's

1224

00:44:35,750 --> 00:44:34,380

something there Jason's like I guess we

1225

00:44:37,790 --> 00:44:35,760

got to talk about Bigfoot now because

1226

00:44:40,130 --> 00:44:37,800

George Knapp said so you know so yeah

1227

00:44:42,170 --> 00:44:40,140

it's good to have that paradigm shift

1228

00:44:44,569 --> 00:44:42,180

and you start here thinking oh we're

1229

00:44:46,190 --> 00:44:44,579

nuts and bolts UFO guys we're gonna

1230

00:44:47,390 --> 00:44:46,200

figure this thing out no time and next

1231

00:44:49,670 --> 00:44:47,400

thing you know you're delving into

1232

00:44:51,589 --> 00:44:49,680

Consciousness and Cryptids and you know

1233

00:44:53,809 --> 00:44:51,599

remote viewing and just everything and

1234

00:44:56,030 --> 00:44:53,819

it's like wow the deeper you go the more

1235

00:44:58,430 --> 00:44:56,040

you find there is to go and there is no

1236

00:45:00,410 --> 00:44:58,440

floor of this thing

1237

00:45:02,329 --> 00:45:00,420

so don't be scared of the Bigfoot that's

1238

00:45:04,370 --> 00:45:02,339

all I'm saying don't be scared we're not

1239

00:45:07,069 --> 00:45:04,380

a Bigfoot show but I don't think Bigfoot

1240

00:45:08,930 --> 00:45:07,079

will hurt you just just go with yeah so

1241

00:45:10,250 --> 00:45:08,940

that I just haven't researched it

1242

00:45:12,829 --> 00:45:10,260

actually

1243

00:45:14,990 --> 00:45:12,839

um I talked to DJ and he's like to all

1244

00:45:16,309 --> 00:45:15,000

you know given all these case examples

1245

00:45:18,410 --> 00:45:16,319

Etc so

1246

00:45:20,690 --> 00:45:18,420

yeah I just haven't researched it I'm

1247

00:45:25,250 --> 00:45:20,700

hugely interested in the remote viewing

1248

00:45:26,450 --> 00:45:25,260

aspect and the meditation links

1249

00:45:30,230 --> 00:45:26,460

um but the

1250

00:45:33,770 --> 00:45:30,240

the stuff in um Mount Wilson Ranch yeah

1251

00:45:37,430 --> 00:45:33,780

with all yeah the Monroe Institute you

1252

00:45:40,790 --> 00:45:37,440

know spoon bending yeah and then and

1253

00:45:42,470 --> 00:45:40,800

then related to life after death so ndes

1254

00:45:44,329 --> 00:45:42,480

I don't know I gotta like this nde

1255

00:45:46,490 --> 00:45:44,339

kicker did that just come onto YouTube

1256

00:45:48,349 --> 00:45:46,500

or has it been there for years you know

1257

00:45:49,569 --> 00:45:48,359

no I think Leslie Kane has been talking

1258

00:45:52,010 --> 00:45:49,579

about it for a while you know

1259

00:45:53,390 --> 00:45:52,020

experiences and things like that but but

1260

00:45:55,309 --> 00:45:53,400

so what you were saying about remote

1261

00:45:57,710 --> 00:45:55,319

viewing though I chatted with somebody I

1262

00:46:00,349 --> 00:45:57,720

can't mention his name used to work for

1263

00:46:02,150 --> 00:46:00,359

the program and he's talking about like

1264

00:46:04,730 --> 00:46:02,160

remote viewing the moon their stuff

1265

00:46:06,550 --> 00:46:04,740

there underground bases you know when

1266

00:46:09,290 --> 00:46:06,560

you do these astral projections

1267

00:46:11,569 --> 00:46:09,300

sometimes the entities you're looking at

1268

00:46:13,910 --> 00:46:11,579

become aware that you're there and just

1269

00:46:16,130 --> 00:46:13,920

like blew my mind you know it started as

1270

00:46:17,690 --> 00:46:16,140

just a casual question next thing you

1271

00:46:19,609 --> 00:46:17,700

know we're four hours into it and I'm

1272

00:46:21,349 --> 00:46:19,619

just like this is unbelievable like I

1273

00:46:23,870 --> 00:46:21,359

don't know how you would prove any of it

1274

00:46:26,030 --> 00:46:23,880

but it seems like there's a lot there's

1275

00:46:28,130 --> 00:46:26,040

a lot there I think we have more of a

1276

00:46:30,050 --> 00:46:28,140

weapon than we think and we can use it

1277

00:46:32,510 --> 00:46:30,060

in any way that we like for good or bad

1278

00:46:34,250 --> 00:46:32,520

and yeah to your point of near-death

1279

00:46:36,230 --> 00:46:34,260

experiences and Consciousness and all

1280

00:46:38,210 --> 00:46:36,240

that that's another polarizing thing

1281

00:46:39,650 --> 00:46:38,220

people are like no keep it UFOs don't

1282

00:46:42,349 --> 00:46:39,660

talk about Consciousness and all that

1283

00:46:43,970 --> 00:46:42,359

yeah you can't anymore it is too closely

1284

00:46:46,069 --> 00:46:43,980

linked too many people telling us

1285

00:46:49,130 --> 00:46:46,079

there's something there we don't know

1286

00:46:52,190 --> 00:46:49,140

but again go outside go to that that

1287

00:46:54,290 --> 00:46:52,200

Fringe take it all in and kind of make

1288

00:46:56,089 --> 00:46:54,300

your own make your own observation right

1289

00:46:58,430 --> 00:46:56,099

yeah and I was going to ask you Chris

1290

00:47:00,349 --> 00:46:58,440

like with with what Louis just mentioned

1291

00:47:02,770 --> 00:47:00,359

there what have you found since you

1292

00:47:04,970 --> 00:47:02,780

started this uh you know YouTube channel

1293

00:47:08,329 --> 00:47:04,980

investigating like what have you found

1294

00:47:10,430 --> 00:47:08,339

has changed for you in the last few

1295

00:47:13,130 --> 00:47:10,440

years like have you had any opinions

1296

00:47:14,750 --> 00:47:13,140

change on any subjects or topics or were

1297

00:47:18,290 --> 00:47:14,760

you introduced to something that you

1298

00:47:22,609 --> 00:47:20,030

um I think probably yeah what we were

1299

00:47:25,010 --> 00:47:22,619

just talking about is going to remote

1300

00:47:26,690 --> 00:47:25,020

viewing angle right you know like you

1301  
00:47:29,390 --> 00:47:26,700  
guys said you start as nuts and bolts

1302  
00:47:32,270 --> 00:47:29,400  
you know scientists uh at least in

1303  
00:47:34,670 --> 00:47:32,280  
college Etc and and then your what you

1304  
00:47:36,650 --> 00:47:34,680  
find is where is the where is the

1305  
00:47:38,569 --> 00:47:36,660  
evidence leading you

1306  
00:47:40,730 --> 00:47:38,579  
and it and then you're like well is it

1307  
00:47:42,970 --> 00:47:40,740  
my own bias or is it the and I'm like

1308  
00:47:45,410 --> 00:47:42,980  
well I don't know I keep ending up back

1309  
00:47:47,630 --> 00:47:45,420  
you know looking into this Consciousness

1310  
00:47:49,730 --> 00:47:47,640  
aspect and I think that's where Abby

1311  
00:47:51,470 --> 00:47:49,740  
Lowe will miss a lot if he's not at

1312  
00:47:53,210 --> 00:47:51,480  
least maybe if he's not saying it

1313  
00:47:55,849 --> 00:47:53,220

publicly if he doesn't consider it

1314

00:47:58,130 --> 00:47:55,859

privately is that what about all these

1315

00:48:00,170 --> 00:47:58,140

these accounts so if it

1316

00:48:02,450 --> 00:48:00,180

you know what I guess what I'm thinking

1317

00:48:04,490 --> 00:48:02,460

is that there's no real

1318

00:48:05,750 --> 00:48:04,500

I don't firmly understand our current

1319

00:48:08,930 --> 00:48:05,760

reality

1320

00:48:11,750 --> 00:48:08,940

and if you look at all these like the

1321

00:48:13,849 --> 00:48:11,760

ndes right if you look at it it would

1322

00:48:15,170 --> 00:48:13,859

they're all very surprised and

1323

00:48:16,790 --> 00:48:15,180

shockingly similar I don't know if

1324

00:48:19,309 --> 00:48:16,800

they're edited that way or something but

1325

00:48:21,770 --> 00:48:19,319

it really leans towards what all of our

1326

00:48:23,809 --> 00:48:21,780

religions have kind of been

1327

00:48:25,970 --> 00:48:23,819

hell I don't know held captive to the

1328

00:48:30,710 --> 00:48:25,980

humans maybe something you know is is

1329

00:48:32,809 --> 00:48:30,720

there some Beyond life uh reality and

1330

00:48:34,370 --> 00:48:32,819

this is like a made-up sort of metaverse

1331

00:48:36,770 --> 00:48:34,380

you know they say in the MDES this is

1332

00:48:38,089 --> 00:48:36,780

like a play or some sort of uh some sort

1333

00:48:40,309 --> 00:48:38,099

of metaverse

1334

00:48:41,990 --> 00:48:40,319

well I mean thinking about that it does

1335

00:48:43,430 --> 00:48:42,000

make more sense to me because I just

1336

00:48:46,370 --> 00:48:43,440

can't understand you know if you look

1337

00:48:47,930 --> 00:48:46,380

into time and how it works and the hard

1338

00:48:50,210 --> 00:48:47,940

problem of Consciousness and experience

1339

00:48:52,370 --> 00:48:50,220

and all this I just can't understand how

1340

00:48:55,190 --> 00:48:52,380

you and me right now can be having this

1341

00:48:57,950 --> 00:48:55,200

conscious experience but then at some

1342

00:48:59,450 --> 00:48:57,960

point in this in the in the future

1343

00:49:01,790 --> 00:48:59,460

um it's just not going to happen you

1344

00:49:04,670 --> 00:49:01,800

know and that's always been an issue for

1345

00:49:07,370 --> 00:49:04,680

me since I can ever remember is I bet if

1346

00:49:10,430 --> 00:49:07,380

I think therefore I am you know how the

1347

00:49:12,650 --> 00:49:10,440

hell is that going to stop I guess is um

1348

00:49:14,030 --> 00:49:12,660

and what was it before

1349

00:49:16,010 --> 00:49:14,040

right you know what was your

1350

00:49:18,170 --> 00:49:16,020

Consciousness before so is it and then

1351

00:49:19,970 --> 00:49:18,180

if you're nothing before then how can

1352

00:49:21,349 --> 00:49:19,980

you be how give me something now and

1353

00:49:22,790 --> 00:49:21,359

then and then you're going to be really

1354

00:49:24,410 --> 00:49:22,800

nothing later it just never made sense

1355

00:49:26,809 --> 00:49:24,420

to me and it still it still doesn't make

1356

00:49:29,210 --> 00:49:26,819

sense unless

1357

00:49:31,670 --> 00:49:29,220

uh these all these ndes are some sort of

1358

00:49:33,890 --> 00:49:31,680

reality yeah and growing up also

1359

00:49:35,930 --> 00:49:33,900

religion was also the same thing that

1360

00:49:37,670 --> 00:49:35,940

didn't make sense to me but everywhere

1361

00:49:39,230 --> 00:49:37,680

you look someone is religious in some

1362

00:49:41,930 --> 00:49:39,240

way you know there's some manner there's

1363

00:49:44,210 --> 00:49:41,940

something there as well and they're also

1364

00:49:47,210 --> 00:49:44,220

surprisingly shockingly similar

1365

00:49:49,910 --> 00:49:47,220

so it's almost like um they're different

1366

00:49:51,530 --> 00:49:49,920

uh languages for the same kind of

1367

00:49:52,730 --> 00:49:51,540

concept you know the religions are kind

1368

00:49:54,349 --> 00:49:52,740

of different languages for the same

1369

00:49:56,809 --> 00:49:54,359

concept of

1370

00:49:58,430 --> 00:49:56,819

whatever this existence is or following

1371

00:50:01,250 --> 00:49:58,440

existence

1372

00:50:03,470 --> 00:50:01,260

so long story short if you go that that

1373

00:50:06,349 --> 00:50:03,480

deep right then what it what it kind of

1374

00:50:09,170 --> 00:50:06,359

entails is that these there is a reality

1375

00:50:12,829 --> 00:50:09,180

outside of what we're currently

1376  
00:50:14,030 --> 00:50:12,839  
um experiencing and these UFOs or UAP

1377  
00:50:17,569 --> 00:50:14,040  
events

1378  
00:50:20,630 --> 00:50:17,579  
um could be coming from that reality or

1379  
00:50:22,309 --> 00:50:20,640  
passing through our reality that we can

1380  
00:50:25,130 --> 00:50:22,319  
actually actually physically experience

1381  
00:50:27,829 --> 00:50:25,140  
right now passing through it right and

1382  
00:50:29,270 --> 00:50:27,839  
they may have technology that can

1383  
00:50:34,490 --> 00:50:29,280  
manipulate

1384  
00:50:36,410 --> 00:50:34,500  
our

1385  
00:50:38,809 --> 00:50:36,420  
thoughts right because if this is not

1386  
00:50:40,970 --> 00:50:38,819  
the real reality imagine you're like in

1387  
00:50:42,770 --> 00:50:40,980  
The Matrix right it's literally the

1388  
00:50:44,809 --> 00:50:42,780

movie The Matrix

1389

00:50:46,490 --> 00:50:44,819

um and someone comes up to like you know

1390

00:50:48,170 --> 00:50:46,500

Neo he's in there right he's jacked in

1391

00:50:49,609 --> 00:50:48,180

and someone comes up and like you know

1392

00:50:51,650 --> 00:50:49,619

pokes on his eyelid or something he's

1393

00:50:53,390 --> 00:50:51,660

gonna see like a UAP maybe while he's in

1394

00:50:55,549 --> 00:50:53,400

there you know I see a UAP

1395

00:50:56,930 --> 00:50:55,559

you know is it something crazy like that

1396

00:50:58,670 --> 00:50:56,940

you know yeah that's what I've thought

1397

00:51:00,890 --> 00:50:58,680

like if we're in The Matrix or some

1398

00:51:03,890 --> 00:51:00,900

something like that I mean

1399

00:51:05,510 --> 00:51:03,900

and again you're never going to find it

1400

00:51:07,670 --> 00:51:05,520

if you're not considering it or even

1401  
00:51:09,430 --> 00:51:07,680  
looking at it and I don't think you need

1402  
00:51:12,349 --> 00:51:09,440  
to spend tons of time on these Concepts

1403  
00:51:14,390 --> 00:51:12,359  
but but it should be at least somewhere

1404  
00:51:17,089 --> 00:51:14,400  
in the solution set like you know you

1405  
00:51:18,530 --> 00:51:17,099  
met you mentioned it yeah like I say is

1406  
00:51:20,750 --> 00:51:18,540  
it Luis is that you're always going to

1407  
00:51:22,670 --> 00:51:20,760  
have or most breakthroughs in science

1408  
00:51:24,829 --> 00:51:22,680  
have come to the outliers so if you're

1409  
00:51:27,230 --> 00:51:24,839  
just if you're if you're if your scope's

1410  
00:51:29,809 --> 00:51:27,240  
too small then you're never going to get

1411  
00:51:32,809 --> 00:51:29,819  
to the right solution and I and we don't

1412  
00:51:34,970 --> 00:51:32,819  
know the base reality so our scope

1413  
00:51:36,530 --> 00:51:34,980

should not be small it should be it

1414

00:51:39,470 --> 00:51:36,540

should be very very wide you mentioned

1415

00:51:42,170 --> 00:51:39,480

like how wide have you gone in adjacent

1416

00:51:43,430 --> 00:51:42,180

it's very wide so it's but I'm trying

1417

00:51:44,870 --> 00:51:43,440

not to spend too you know I don't want

1418

00:51:46,309 --> 00:51:44,880

to waste people's time

1419

00:51:47,150 --> 00:51:46,319

um but I do want to consider all the

1420

00:51:49,370 --> 00:51:47,160

options

1421

00:51:50,690 --> 00:51:49,380

well even yeah all right I was just

1422

00:51:52,609 --> 00:51:50,700

going to say the thing I find cool about

1423

00:51:54,950 --> 00:51:52,619

this whole Consciousness is we can

1424

00:51:56,930 --> 00:51:54,960

perform very basic experiments that

1425

00:51:59,870 --> 00:51:56,940

yield a result we don't know why or how

1426

00:52:02,030 --> 00:51:59,880

but for example like Dean Raiden doing a

1427

00:52:03,829 --> 00:52:02,040

random number generator tests somehow or

1428

00:52:06,530 --> 00:52:03,839

other it works if you focus on making

1429

00:52:07,910 --> 00:52:06,540

more ones than zeros it does or if

1430

00:52:10,069 --> 00:52:07,920

people are trying to affect something

1431

00:52:11,630 --> 00:52:10,079

and uh hermetically sealed device

1432

00:52:14,089 --> 00:52:11,640

somewhere and they're trying to you know

1433

00:52:16,309 --> 00:52:14,099

prove entanglement it works or like the

1434

00:52:18,349 --> 00:52:16,319

slit test as soon as you observe it it

1435

00:52:20,210 --> 00:52:18,359

changes you know and they're they're

1436

00:52:23,030 --> 00:52:20,220

getting a glimpse of what happens from

1437

00:52:25,370 --> 00:52:23,040

potential energy into matter and that

1438

00:52:28,069 --> 00:52:25,380

sort of whole plank scale thing so we

1439

00:52:30,710 --> 00:52:28,079

can recreate this at a tiny tiny level a

1440

00:52:32,870 --> 00:52:30,720

very archaic way but it still points to

1441

00:52:35,569 --> 00:52:32,880

there's something here so I don't think

1442

00:52:37,609 --> 00:52:35,579

we need to get more chalkboards of

1443

00:52:39,589 --> 00:52:37,619

formulas we need to simplify what we

1444

00:52:42,170 --> 00:52:39,599

already know and maybe some of the most

1445

00:52:43,970 --> 00:52:42,180

basic things will yield the actual

1446

00:52:45,170 --> 00:52:43,980

answer and if hell if heavy lobe is

1447

00:52:47,089 --> 00:52:45,180

right and what he told us a few hours

1448

00:52:49,970 --> 00:52:47,099

ago he thinks he's figured out that

1449

00:52:52,130 --> 00:52:49,980

missing element of dark energy and

1450

00:52:54,010 --> 00:52:52,140

that's insane like I mean people have

1451

00:52:55,970 --> 00:52:54,020

been looking for this for decades so

1452

00:52:57,890 --> 00:52:55,980

he's going to produce something in a

1453

00:52:59,890 --> 00:52:57,900

week he says one way or the other so

1454

00:53:02,270 --> 00:52:59,900

yeah we are right there in terms of

1455

00:53:05,510 --> 00:53:02,280

potential big news for everything you

1456

00:53:07,309 --> 00:53:05,520

know and if somebody finds a big

1457

00:53:10,190 --> 00:53:07,319

um you know Discovery in science maybe

1458

00:53:12,230 --> 00:53:10,200

that will Aid this UAP search as well

1459

00:53:13,849 --> 00:53:12,240

you know it can't it can't hurt it

1460

00:53:15,109 --> 00:53:13,859

anymore and as you mentioned earlier

1461

00:53:17,690 --> 00:53:15,119

Chris we haven't really made many

1462

00:53:19,130 --> 00:53:17,700

strides in 80 years so let's step out of

1463

00:53:21,109 --> 00:53:19,140

our Circle a little bit because what do

1464

00:53:23,089 --> 00:53:21,119

we got to lose

1465

00:53:26,089 --> 00:53:23,099

yeah I think you have you hit local

1466

00:53:28,190 --> 00:53:26,099

maximums right you know technology goes

1467

00:53:30,470 --> 00:53:28,200

through local maximum jumps

1468

00:53:33,049 --> 00:53:30,480

where you just can't get there from here

1469

00:53:35,270 --> 00:53:33,059

you know um look at our the electric car

1470

00:53:38,930 --> 00:53:35,280

Revolution that's going on

1471

00:53:40,630 --> 00:53:38,940

the oems the old Legacy manufacturers

1472

00:53:42,950 --> 00:53:40,640

are having a really difficult time

1473

00:53:44,690 --> 00:53:42,960

transitioning to Electric where it's

1474

00:53:46,370 --> 00:53:44,700

usually a startup right Tesla's a

1475

00:53:48,130 --> 00:53:46,380

startup comes from outside the industry

1476

00:53:50,270 --> 00:53:48,140

if you look at all new disruptive

1477

00:53:52,010 --> 00:53:50,280

companies right it never comes from

1478

00:53:54,349 --> 00:53:52,020

inside the the

1479

00:53:57,370 --> 00:53:54,359

uh the mainstream it comes from outside

1480

00:53:59,990 --> 00:53:57,380

a disruptive technology usually because

1481

00:54:03,049 --> 00:54:00,000

you can't just iterate to get to the

1482

00:54:06,410 --> 00:54:03,059

final solution you know basically you

1483

00:54:08,870 --> 00:54:06,420

know you can start with a gas engine but

1484

00:54:10,370 --> 00:54:08,880

you can't just keep iterating a gas

1485

00:54:12,109 --> 00:54:10,380

engine and make it better and better and

1486

00:54:14,270 --> 00:54:12,119

better and end up with an electric

1487

00:54:16,309 --> 00:54:14,280

engine you know right like the

1488

00:54:18,589 --> 00:54:16,319

technology the starting assumptions the

1489

00:54:20,990 --> 00:54:18,599

whole everything how it works are just

1490

00:54:23,630 --> 00:54:21,000

completely different right so that

1491

00:54:26,630 --> 00:54:23,640

that's what it's not in your uh solution

1492

00:54:29,150 --> 00:54:26,640

set right you're ruling out uh only

1493

00:54:31,010 --> 00:54:29,160

electric engine uh because you're just

1494

00:54:32,510 --> 00:54:31,020

going to continue iterating it's like a

1495

00:54:34,010 --> 00:54:32,520

spiral you know it'll just keep

1496

00:54:35,030 --> 00:54:34,020

iterating iterating but you're never

1497

00:54:36,950 --> 00:54:35,040

going to get it you're never going to

1498

00:54:38,630 --> 00:54:36,960

get over here yeah

1499

00:54:40,190 --> 00:54:38,640

um and and so I think that's that's

1500

00:54:42,530 --> 00:54:40,200

probably the

1501

00:54:45,230 --> 00:54:42,540

the biggest issue is that we're in just

1502

00:54:47,030 --> 00:54:45,240

a local maximum where everyone's just

1503

00:54:49,490 --> 00:54:47,040

accepted that this is the this is the

1504

00:54:51,530 --> 00:54:49,500

most we're going to ever learn

1505

00:54:54,349 --> 00:54:51,540

um you know obviously there's nothing

1506

00:54:56,030 --> 00:54:54,359

there we haven't learned it so far so

1507

00:54:57,950 --> 00:54:56,040

it's not going to happen

1508

00:54:59,930 --> 00:54:57,960

and usually what happens is it comes out

1509

00:55:02,450 --> 00:54:59,940

of kind of left field

1510

00:55:04,730 --> 00:55:02,460

uh everyone's shocked by it and it's

1511

00:55:07,010 --> 00:55:04,740

simple but I've I believe it's going to

1512

00:55:09,109 --> 00:55:07,020

be the answer is going to be simple yeah

1513

00:55:11,870 --> 00:55:09,119

it's not going to be complicated as

1514

00:55:14,150 --> 00:55:11,880

complicated as we make it out to BM the

1515

00:55:16,069 --> 00:55:14,160

the I mean life and everything is

1516

00:55:18,410 --> 00:55:16,079

already just ridiculously amazingly

1517

00:55:20,510 --> 00:55:18,420

complicated

1518

00:55:22,549 --> 00:55:20,520

um but I think just Dark Energy I think

1519

00:55:25,190 --> 00:55:22,559

what we're going to find in dark matter

1520

00:55:26,930 --> 00:55:25,200

is that the the starting assumptions are

1521

00:55:29,630 --> 00:55:26,940

just so ridiculous uh they're they're

1522

00:55:31,069 --> 00:55:29,640

wrong they're just so wrong and you look

1523

00:55:33,109 --> 00:55:31,079

they're finding it out every day right

1524

00:55:35,450 --> 00:55:33,119

look at the James Webb Space Telescope

1525

00:55:37,549 --> 00:55:35,460

I'm so calm I can't believe like the 310

1526

00:55:38,930 --> 00:55:37,559

single points of failure or Miracles or

1527

00:55:40,609 --> 00:55:38,940

whatever I can't believe that thing's

1528

00:55:42,170 --> 00:55:40,619

out there you know yeah

1529

00:55:44,390 --> 00:55:42,180

yeah if there's a Multiverse there's

1530

00:55:46,250 --> 00:55:44,400

certainly many other you know universes

1531

00:55:48,950 --> 00:55:46,260

where it's not out there but it got out

1532

00:55:51,109 --> 00:55:48,960

there and so what it's showing is that

1533

00:55:53,290 --> 00:55:51,119

the Big Bang which I thought was also

1534

00:55:55,849 --> 00:55:53,300

one of these things that sounded like BS

1535

00:55:58,490 --> 00:55:55,859

I thought that for two decades I've been

1536

00:55:59,870 --> 00:55:58,500

ranting against the big thing

1537

00:56:02,630 --> 00:55:59,880

um and again people think you're crazy

1538

00:56:04,790 --> 00:56:02,640

but if they look now and now James Webb

1539

00:56:07,069 --> 00:56:04,800

is showing us that it's it's almost I

1540

00:56:11,329 --> 00:56:07,079

think 200 million years after the

1541

00:56:14,170 --> 00:56:11,339

supposed big bang that uh galaxies uh

1542

00:56:16,609 --> 00:56:14,180

they found a Galaxy fully formed

1543

00:56:19,309 --> 00:56:16,619

so basically that means that the Big

1544

00:56:21,410 --> 00:56:19,319

Bang is not correct like that theory is

1545

00:56:22,970 --> 00:56:21,420

blown out of the water right yeah

1546

00:56:25,370 --> 00:56:22,980

because it takes more than 200 million

1547

00:56:26,690 --> 00:56:25,380

years to form a Galaxy it takes billions

1548

00:56:28,609 --> 00:56:26,700

right and they're current in their

1549

00:56:31,849 --> 00:56:28,619

current argument it's you know first the

1550

00:56:33,890 --> 00:56:31,859

hydrogen formed you know and then the

1551  
00:56:36,170 --> 00:56:33,900  
healing this made-up argument this this

1552  
00:56:40,010 --> 00:56:36,180  
made-up story that we believe right that

1553  
00:56:41,809 --> 00:56:40,020  
you you it's you can't say it against

1554  
00:56:43,370 --> 00:56:41,819  
um yeah they're finding out it's not

1555  
00:56:46,010 --> 00:56:43,380  
true it's blown away by the Chain's web

1556  
00:56:47,809 --> 00:56:46,020  
and because the Galaxy the finding fully

1557  
00:56:50,510 --> 00:56:47,819  
formed spiral galaxies bigger than our

1558  
00:56:52,609 --> 00:56:50,520  
own Milky Way 200 million years after

1559  
00:56:54,230 --> 00:56:52,619  
the supposed redshift ends you know that

1560  
00:56:56,030 --> 00:56:54,240  
that's again the

1561  
00:56:59,270 --> 00:56:56,040  
the universe is expanding right this

1562  
00:57:01,130 --> 00:56:59,280  
this other idea uh that every because

1563  
00:57:03,650 --> 00:57:01,140

that's what fits the math right that's

1564

00:57:06,609 --> 00:57:03,660

what fits our math models yeah is that

1565

00:57:08,990 --> 00:57:06,619

the universe is expanding I'm I'm very

1566

00:57:11,089 --> 00:57:09,000

I'm not saying that it's not expanding

1567

00:57:13,010 --> 00:57:11,099

or I think it's not expanding I'm just I

1568

00:57:14,870 --> 00:57:13,020

won't be as surprised in the in the

1569

00:57:17,089 --> 00:57:14,880

least if we find out it's not expanding

1570

00:57:19,370 --> 00:57:17,099

as we understand it that space is not

1571

00:57:21,410 --> 00:57:19,380

expanding uh that it's just some other

1572

00:57:22,849 --> 00:57:21,420

weird concept that we're not even

1573

00:57:24,950 --> 00:57:22,859

considering

1574

00:57:26,450 --> 00:57:24,960

sort of like uh science and the way we

1575

00:57:29,089 --> 00:57:26,460

understand it's almost like grade school

1576  
00:57:30,349 --> 00:57:29,099  
for elementary you know kids you know

1577  
00:57:31,970 --> 00:57:30,359  
like because I remember my daughter

1578  
00:57:33,230 --> 00:57:31,980  
would come home from kindergarten and

1579  
00:57:35,210 --> 00:57:33,240  
she would show me the things that she

1580  
00:57:37,250 --> 00:57:35,220  
learned at kindergarten right and it's

1581  
00:57:39,109 --> 00:57:37,260  
cute but that's the stage that she was

1582  
00:57:41,150 --> 00:57:39,119  
at that's her world that was her

1583  
00:57:42,410 --> 00:57:41,160  
understanding and then as the years go

1584  
00:57:44,329 --> 00:57:42,420  
by every time they're at a different

1585  
00:57:47,510 --> 00:57:44,339  
level of understanding and and

1586  
00:57:49,069 --> 00:57:47,520  
scientific awareness she comes home with

1587  
00:57:50,690 --> 00:57:49,079  
different stuff now like hey did you

1588  
00:57:52,309 --> 00:57:50,700

know this and this and this and it's

1589

00:57:54,890 --> 00:57:52,319

really cool but I keep thinking about us

1590

00:57:56,809 --> 00:57:54,900

as a species we're relatively new to

1591

00:57:59,390 --> 00:57:56,819

science you know like we just discovered

1592

00:58:01,730 --> 00:57:59,400

that stuff so for us to think well this

1593

00:58:03,650 --> 00:58:01,740

is the absolute we live within this

1594

00:58:05,870 --> 00:58:03,660

parameter because that's the theories we

1595

00:58:07,849 --> 00:58:05,880

come up with where in fact we're not

1596

00:58:10,069 --> 00:58:07,859

even at grade one right now we're still

1597

00:58:12,170 --> 00:58:10,079

you know we still have to graduate and

1598

00:58:14,990 --> 00:58:12,180

learn a lot more to get to where I think

1599

00:58:16,549 --> 00:58:15,000

this phenomenon is leading us which is a

1600

00:58:18,950 --> 00:58:16,559

little bit above our pay grade right now

1601  
00:58:21,109 --> 00:58:18,960  
but at least we're aware of them and

1602  
00:58:24,530 --> 00:58:21,119  
that's the start is to be aware that

1603  
00:58:26,569 --> 00:58:24,540  
there's something going on here

1604  
00:58:29,210 --> 00:58:26,579  
but that's just my theory

1605  
00:58:31,730 --> 00:58:29,220  
yeah I think of it uh I think you made a

1606  
00:58:34,190 --> 00:58:31,740  
great argument or point

1607  
00:58:35,210 --> 00:58:34,200  
and I think that's where we are as a

1608  
00:58:37,609 --> 00:58:35,220  
planet

1609  
00:58:39,770 --> 00:58:37,619  
and what I see is that the nations are

1610  
00:58:42,770 --> 00:58:39,780  
joining together I think we're building

1611  
00:58:46,069 --> 00:58:42,780  
into one giant um

1612  
00:58:46,670 --> 00:58:46,079  
cell if you will like one neural network

1613  
00:58:48,710 --> 00:58:46,680

um

1614

00:58:49,490 --> 00:58:48,720

and I think and I think it's going to be

1615

00:58:51,470 --> 00:58:49,500

awesome

1616

00:58:54,109 --> 00:58:51,480

I think we can make it great for humans

1617

00:58:55,370 --> 00:58:54,119

so we can clean up the planet and I

1618

00:58:58,069 --> 00:58:55,380

think you can still have your own

1619

00:58:59,930 --> 00:58:58,079

countries and have your own cultures

1620

00:59:01,849 --> 00:58:59,940

yeah you know I don't think we need we

1621

00:59:03,530 --> 00:59:01,859

can go to some other example besides

1622

00:59:06,049 --> 00:59:03,540

floor

1623

00:59:10,069 --> 00:59:06,059

um but I see that as what's happening is

1624

00:59:11,329 --> 00:59:10,079

that we're actually the cell is forming

1625

00:59:13,190 --> 00:59:11,339

and I think we're going to find we're

1626

00:59:15,349 --> 00:59:13,200

surrounded by many other probably

1627

00:59:17,270 --> 00:59:15,359

billions of other cells very similar to

1628

00:59:18,829 --> 00:59:17,280

ours right maybe even in a similar

1629

00:59:19,849 --> 00:59:18,839

timeline you know if you look at an

1630

00:59:21,890 --> 00:59:19,859

organism

1631

00:59:23,750 --> 00:59:21,900

like your body when it grows all the

1632

00:59:26,510 --> 00:59:23,760

cells around it are probably around the

1633

00:59:29,809 --> 00:59:26,520

same uh age and structure

1634

00:59:31,910 --> 00:59:29,819

so we could be surrounded by uh other

1635

00:59:35,150 --> 00:59:31,920

worlds other

1636

00:59:36,470 --> 00:59:35,160

um yeah literally billions I wouldn't

1637

00:59:39,410 --> 00:59:36,480

I would be hope I would be

1638

00:59:41,150 --> 00:59:39,420

optimistically surprised yeah especially

1639

00:59:43,670 --> 00:59:41,160

if they had a million year Head Start or

1640

00:59:45,530 --> 00:59:43,680

a 10 million year or more I mean where

1641

00:59:47,450 --> 00:59:45,540

would we be in a thousand years from now

1642

00:59:49,190 --> 00:59:47,460

based on the last 200 years of

1643

00:59:51,049 --> 00:59:49,200

Industrial Revolution we can't even

1644

00:59:53,150 --> 00:59:51,059

imagine that right

1645

00:59:55,430 --> 00:59:53,160

I think we're in right now we're in the

1646

00:59:56,870 --> 00:59:55,440

fastest uh Revolution that's ever going

1647

00:59:59,150 --> 00:59:56,880

to have happened

1648

01:00:01,789 --> 00:59:59,160

yeah it was my fourth video I made on

1649

01:00:02,750 --> 01:00:01,799

YouTube basically from Arc invest I

1650

01:00:05,990 --> 01:00:02,760

don't know if you've heard of them it's

1651

01:00:07,430 --> 01:00:06,000

a U.S firm they've you know um

1652

01:00:08,809 --> 01:00:07,440

they're an investment firm but they

1653

01:00:11,930 --> 01:00:08,819

write good articles and they wrote this

1654

01:00:13,730 --> 01:00:11,940

article on basically the five Innovative

1655

01:00:16,130 --> 01:00:13,740

Technologies that are happening right

1656

01:00:17,750 --> 01:00:16,140

now and they list them out and they say

1657

01:00:21,289 --> 01:00:17,760

each one of these Technologies is

1658

01:00:22,309 --> 01:00:21,299

basically as as uh impactful as a

1659

01:00:25,430 --> 01:00:22,319

telephone

1660

01:00:27,470 --> 01:00:25,440

or the internet you know list them out

1661

01:00:29,450 --> 01:00:27,480

and this is really the the first time

1662

01:00:30,410 --> 01:00:29,460

we're that we're five in a row have

1663

01:00:32,630 --> 01:00:30,420

really

1664

01:00:34,849 --> 01:00:32,640

uh match at the same time you know and

1665

01:00:37,670 --> 01:00:34,859

it's all powered by AI so AI is the

1666

01:00:39,530 --> 01:00:37,680

first one uh blockchain is the second

1667

01:00:41,930 --> 01:00:39,540

one it's like you're a verifiable

1668

01:00:46,190 --> 01:00:41,940

digital contract systems yeah

1669

01:00:51,109 --> 01:00:49,309

um and Robotics was that four and

1670

01:00:52,849 --> 01:00:51,119

genetics is the fifth

1671

01:00:54,710 --> 01:00:52,859

right so that's what they said and I

1672

01:00:56,150 --> 01:00:54,720

thought it was amazing because if you

1673

01:00:58,609 --> 01:00:56,160

look at that if you look at you have uh

1674

01:01:01,670 --> 01:00:58,619

AI is like your processing you're

1675

01:01:03,170 --> 01:01:01,680

thinking uh blockchain is your memory so

1676

01:01:04,910 --> 01:01:03,180

it's like how you store your memory

1677

01:01:07,670 --> 01:01:04,920

systems

1678

01:01:09,230 --> 01:01:07,680

um your robotics uh is your mechanical

1679

01:01:11,210 --> 01:01:09,240

movement

1680

01:01:13,089 --> 01:01:11,220

uh your batteries is like your energy

1681

01:01:15,890 --> 01:01:13,099

store like your fat storage

1682

01:01:18,109 --> 01:01:15,900

and then and then your genetics would be

1683

01:01:20,450 --> 01:01:18,119

that's how it would link

1684

01:01:22,970 --> 01:01:20,460

um it would link to consciousness

1685

01:01:25,370 --> 01:01:22,980

so basically you we're building like a

1686

01:01:26,329 --> 01:01:25,380

super bank if you think of it

1687

01:01:28,010 --> 01:01:26,339

um

1688

01:01:30,170 --> 01:01:28,020

which you're we're each made up of

1689

01:01:31,789 --> 01:01:30,180

trillions of little tiny cells and

1690

01:01:34,069 --> 01:01:31,799

beings anyway so

1691

01:01:36,109 --> 01:01:34,079

uh so that's what I think so I guess I'm

1692

01:01:38,450 --> 01:01:36,119

optimistic that we're that we'll get

1693

01:01:40,309 --> 01:01:38,460

there uh I think they're I think that's

1694

01:01:43,010 --> 01:01:40,319

what's happening if you look at how life

1695

01:01:44,750 --> 01:01:43,020

systems actually work

1696

01:01:51,109 --> 01:01:44,760

um and man I'm blinking on his name the

1697

01:01:54,829 --> 01:01:53,390

well so it's later it's a that's no I

1698

01:01:56,990 --> 01:01:54,839

don't blame you I'm horrible with me

1699

01:01:58,309 --> 01:01:57,000

Chris yeah I'm horrible with names so I

1700

01:01:59,750 --> 01:01:58,319

don't blame you I feel terrible he's

1701

01:02:01,069 --> 01:01:59,760

gonna win the next Nobel Prize in

1702

01:02:03,069 --> 01:02:01,079

genetics probably

1703

01:02:05,809 --> 01:02:03,079

um

1704

01:02:08,329 --> 01:02:05,819

uh okay so anyway what he what he found

1705

01:02:09,470 --> 01:02:08,339

is that if you take a frog right take a

1706

01:02:10,190 --> 01:02:09,480

tadpole

1707

01:02:11,750 --> 01:02:10,200

um

1708

01:02:14,990 --> 01:02:11,760

right when it comes out before it's

1709

01:02:16,430 --> 01:02:15,000

developed and you squiggle the the eyes

1710

01:02:19,430 --> 01:02:16,440

and the mouth and everything around

1711

01:02:22,430 --> 01:02:19,440

right like manually

1712

01:02:25,250 --> 01:02:22,440

what will happen is the cells they will

1713

01:02:28,250 --> 01:02:25,260

actually know how to reform back into

1714

01:02:30,710 --> 01:02:28,260

the original frog tadpole shape right

1715

01:02:32,089 --> 01:02:30,720

the eye will move back the eyes will

1716

01:02:33,770 --> 01:02:32,099

move back it won't look the same it'll

1717

01:02:35,690 --> 01:02:33,780

look like kind of weird like you can see

1718

01:02:39,049 --> 01:02:35,700

he's got these little examples of these

1719

01:02:41,809 --> 01:02:39,059

I mean it's terrible poor tadpoles but

1720

01:02:44,210 --> 01:02:41,819

what it means is somewhere in there

1721

01:02:45,650 --> 01:02:44,220

is a code there's some sort of coding he

1722

01:02:48,349 --> 01:02:45,660

thinks he's found it because he's able

1723

01:02:50,750 --> 01:02:48,359

to code these these little creatures

1724

01:02:52,970 --> 01:02:50,760

um genetically by by electronic pulses

1725

01:02:56,150 --> 01:02:52,980

but somewhere there's a code that the

1726

01:02:58,069 --> 01:02:56,160

the organism knows what the final

1727

01:02:59,990 --> 01:02:58,079

what it's supposed to look like in the

1728

01:03:01,670 --> 01:03:00,000

Final Phase right like when our when our

1729

01:03:03,770 --> 01:03:01,680

arm chops off why doesn't it just go

1730

01:03:06,829 --> 01:03:03,780

back out to a full new arm that'd be

1731

01:03:08,690 --> 01:03:06,839

great yeah lizards can do that yeah you

1732

01:03:10,849 --> 01:03:08,700

know so how does it know right it falls

1733

01:03:12,530 --> 01:03:10,859

off so now new cells are just forming

1734

01:03:14,089 --> 01:03:12,540

it's not like they have them you know

1735

01:03:15,289 --> 01:03:14,099

they must have a blueprint somewhere

1736

01:03:17,870 --> 01:03:15,299

actually because it is what it sounds

1737

01:03:20,690 --> 01:03:17,880

like there's some sort of blueprint but

1738

01:03:23,510 --> 01:03:20,700

the point is life is gonna aim towards

1739

01:03:25,250 --> 01:03:23,520

that final uh the final

1740

01:03:26,750 --> 01:03:25,260

um structure

1741

01:03:29,030 --> 01:03:26,760

it's going to aim towards that finer

1742

01:03:32,329 --> 01:03:29,040

structure however we get there I think

1743

01:03:34,730 --> 01:03:32,339

or die right so I think it could be

1744

01:03:36,710 --> 01:03:34,740

quite painful you know maybe they'll

1745

01:03:39,170 --> 01:03:36,720

have to be terrible Wars or that's part

1746

01:03:41,150 --> 01:03:39,180

of the growing process to get to that

1747

01:03:42,589 --> 01:03:41,160

final structure

1748

01:03:44,089 --> 01:03:42,599

um but hopefully it doesn't need to be

1749

01:03:45,530 --> 01:03:44,099

that painful you know I think with

1750

01:03:47,390 --> 01:03:45,540

information we talked about threats

1751

01:03:48,770 --> 01:03:47,400

right but if we know we can figure it

1752

01:03:51,230 --> 01:03:48,780

out we can figure out that we don't need

1753

01:03:53,089 --> 01:03:51,240

to be a threat at least to China

1754

01:03:55,190 --> 01:03:53,099

um you know America doesn't need to fear

1755

01:03:57,470 --> 01:03:55,200

China China doesn't need to fear America

1756

01:03:59,569 --> 01:03:57,480

Russia can have its own country you know

1757

01:04:01,430 --> 01:03:59,579

whatever just try and not invade your

1758

01:04:04,370 --> 01:04:01,440

neighbors like you know so yeah I think

1759

01:04:09,049 --> 01:04:07,069

um because of that that maybe there is a

1760

01:04:11,329 --> 01:04:09,059

structure that we're aiming towards you

1761

01:04:14,390 --> 01:04:11,339

can kind of feel it you know and I think

1762

01:04:16,849 --> 01:04:14,400

no one can keep up with it no one no

1763

01:04:18,530 --> 01:04:16,859

human can keep track of all the up

1764

01:04:20,809 --> 01:04:18,540

Renovations going on like look at the

1765

01:04:23,150 --> 01:04:20,819

Innovations pick an industry

1766

01:04:25,490 --> 01:04:23,160

look at James Webb you know the more we

1767

01:04:27,349 --> 01:04:25,500

know about the universe for every

1768

01:04:30,289 --> 01:04:27,359

question we find out we get 100 more

1769

01:04:32,450 --> 01:04:30,299

questions yeah you know so yeah I think

1770

01:04:34,430 --> 01:04:32,460

it's just a yeah I think we'll continue

1771

01:04:37,010 --> 01:04:34,440

to find we have a universe to expand

1772

01:04:39,530 --> 01:04:37,020

into I don't know very excited

1773

01:04:40,849 --> 01:04:39,540

nice Chris we thank you so much for

1774

01:04:42,410 --> 01:04:40,859

coming on Louie do you have any final

1775

01:04:44,150 --> 01:04:42,420

questions for us yeah we'll do a plug

1776

01:04:46,069 --> 01:04:44,160

for your show where can people find you

1777

01:04:47,450 --> 01:04:46,079

and if they want to subscribe and uh

1778

01:04:48,109 --> 01:04:47,460

like your content where can they find

1779

01:04:52,370 --> 01:04:48,119

you

1780

01:04:54,410 --> 01:04:52,380

for my name Chris Leda on YouTube it's

1781

01:04:57,890 --> 01:04:54,420

where I put most of my content it's

1782

01:04:59,930 --> 01:04:57,900

called lato files or there's my Twitter

1783

01:05:01,630 --> 01:04:59,940

I I like Twitter as well that's like

1784

01:05:04,630 --> 01:05:01,640

kind of the Town Square

1785

01:05:06,710 --> 01:05:04,640

not too many attacks Chris

1786

01:05:07,970 --> 01:05:06,720

you don't get too many attacks on

1787

01:05:10,250 --> 01:05:07,980

Twitter

1788

01:05:12,049 --> 01:05:10,260

I mean I do

1789

01:05:14,210 --> 01:05:12,059

it's frustrating but then I also get

1790

01:05:15,890 --> 01:05:14,220

there is good debunking you know so I

1791

01:05:19,430 --> 01:05:15,900

can go and spend hours

1792

01:05:21,170 --> 01:05:19,440

on my own and and not even come up with

1793

01:05:23,210 --> 01:05:21,180

probably a good answer I can go spend a

1794

01:05:25,309 --> 01:05:23,220

few minutes just fighting wrestling with

1795

01:05:27,349 --> 01:05:25,319

the default course yeah yeah

1796

01:05:28,849 --> 01:05:27,359

um I think everybody should take it with

1797

01:05:29,750 --> 01:05:28,859

a grain of salt there's a lot of trolls

1798

01:05:33,289 --> 01:05:29,760

out there there's a lot of

1799

01:05:36,109 --> 01:05:33,299

disinformation I try and keep keep uh

1800

01:05:38,210 --> 01:05:36,119

emotional control yeah what's worse is

1801  
01:05:39,829 --> 01:05:38,220  
when somebody like yourself is doing all

1802  
01:05:43,069 --> 01:05:39,839  
this research and putting all this time

1803  
01:05:44,930 --> 01:05:43,079  
and let's face it as a family man this

1804  
01:05:46,670 --> 01:05:44,940  
sort of stuff that we do you know it

1805  
01:05:48,829 --> 01:05:46,680  
takes time away from the family right

1806  
01:05:50,870 --> 01:05:48,839  
it's a sacrifice that you make to put

1807  
01:05:52,309 --> 01:05:50,880  
this out so when you just get attacked

1808  
01:05:54,170 --> 01:05:52,319  
by somebody who's sitting on their couch

1809  
01:05:56,030 --> 01:05:54,180  
eating Cheetos and just replying to you

1810  
01:05:58,010 --> 01:05:56,040  
on their phone there's nothing more

1811  
01:05:59,329 --> 01:05:58,020  
aggravating than that right and Louie

1812  
01:06:01,309 --> 01:05:59,339  
and I are going through that ourselves

1813  
01:06:03,650 --> 01:06:01,319

so hang in there you're doing a good job

1814

01:06:05,150 --> 01:06:03,660

the more trolls you have that means that

1815

01:06:06,710 --> 01:06:05,160

you're doing you're you're hitting a

1816

01:06:08,210 --> 01:06:06,720

nerve right so that's what it sounds

1817

01:06:10,250 --> 01:06:08,220

like yeah yeah you have to remember that

1818

01:06:11,750 --> 01:06:10,260

you're right yeah totally right it means

1819

01:06:13,069 --> 01:06:11,760

it means that there's something there I

1820

01:06:16,010 --> 01:06:13,079

think or

1821

01:06:18,710 --> 01:06:16,020

yeah yeah there's uh yeah we need

1822

01:06:19,849 --> 01:06:18,720

traction we need traction yeah yeah and

1823

01:06:21,230 --> 01:06:19,859

there's more people that are going to be

1824

01:06:23,450 --> 01:06:21,240

supporting you and following what you

1825

01:06:25,130 --> 01:06:23,460

got to say the naysayers are going to be

1826

01:06:26,510 --> 01:06:25,140

trying to troll you right they're just

1827

01:06:28,250 --> 01:06:26,520

trying to elicit a response from you and

1828

01:06:30,950 --> 01:06:28,260

go oh my God I'm good because he replied

1829

01:06:32,809 --> 01:06:30,960

right just they die if you don't want

1830

01:06:34,910 --> 01:06:32,819

them well the guy just wants to be known

1831

01:06:36,650 --> 01:06:34,920

he wants his five minutes of fame yeah

1832

01:06:37,970 --> 01:06:36,660

let him have it if you're hitting a

1833

01:06:39,529 --> 01:06:37,980

nerve you're doing it right that's what

1834

01:06:41,690 --> 01:06:39,539

we've been told time and time again so

1835

01:06:42,890 --> 01:06:41,700

good on you for that and thanks for

1836

01:06:44,510 --> 01:06:42,900

being on our show we appreciate your

1837

01:06:46,549 --> 01:06:44,520

time absolutely I know it was difficult

1838

01:06:48,170 --> 01:06:46,559

you're in my family's motherland of

1839

01:06:50,089 --> 01:06:48,180

Portugal and I'm here in Canada with

1840

01:06:52,789 --> 01:06:50,099

Jason but we figured it out we made it

1841

01:06:54,289 --> 01:06:52,799

happen we had an informed educated chat

1842

01:06:55,910 --> 01:06:54,299

you're our kind of guy you're welcome

1843

01:06:57,410 --> 01:06:55,920

back here anytime and in fact we'd love

1844

01:06:59,870 --> 01:06:57,420

to have you back anytime you get some

1845

01:07:02,390 --> 01:06:59,880

free absolutely yeah yeah and uh yeah

1846

01:07:05,089 --> 01:07:02,400

happy to have you guys on uh UAP Society

1847

01:07:06,589 --> 01:07:05,099

sometime okay anytime yeah

1848

01:07:08,390 --> 01:07:06,599

it'd be great to have you guys on thanks

1849

01:07:14,190 --> 01:07:08,400

for having me perfect Chris thank you so
