1
00:00:13,820 --> 00:00:11,509
so first if you guys ever want to know

2
00:00:37,360 --> 00:00:13,830
what the gate is want to stop off the

3
00:00:42,800 --> 00:00:40,180
where are we we heard he hosts their

4
00:00:42,810 --> 00:00:49,710
my destiny and

5
00:00:56,880 --> 00:00:53,310
yeah hey what's up everybody I'm Emmett

6
00:01:00,330 --> 00:00:56,890
I'm Joe and we are the UFO Bros in this

7
00:01:02,370 --> 00:01:00,340
episode we explore the UFO crash in

8
00:01:04,530 --> 00:01:02,380
Roswell back in 1947

9
00:01:07,410 --> 00:01:04,540
yeah so we're top it in the eb1 'mobile

10
00:01:08,670 --> 00:01:07,420
then we're taking a 19-hour trip from

11
00:01:11,840 --> 00:01:08,680
where we live to Roswell New Mexico

12
00:01:15,630 --> 00:01:11,850
check it out yeah and our first sound

13
00:01:17,490 --> 00:01:15,640

boom International UFO museum and a

14

00:01:19,470 --> 00:01:17,500

research center which has a lot of cool

15

00:01:21,000 --> 00:01:19,480

stuff guys so if you're ever in Roswell

16

00:01:22,740 --> 00:01:21,010

make sure you check it out it's only 5

17

00:01:38,039 --> 00:01:22,750

bucks to get in and they've got lots of

18

00:01:41,410 --> 00:01:40,420

one of the coolest things maybe

19

00:01:43,330 --> 00:01:41,420

something's iam is this piece of

20

00:01:45,219 --> 00:01:43,340

wreckage right here actual wreckage

21

00:01:46,840 --> 00:01:45,229

debris that was the coolest thing that

22

00:01:48,820 --> 00:01:46,850

we saw at the Museum is ash on display

23

00:01:55,210 --> 00:01:48,830

so to learn more about ever to sit down

24

00:01:56,800 --> 00:01:55,220

here with Beth she tells all time you'd

25

00:02:00,359 --> 00:01:56,810

be safe to say that pretty much any

26

00:02:09,180 --> 00:02:00,369

prominent ufologist has set their

27

00:02:16,030 --> 00:02:13,930

it's absolutely fascinating just imagine

28

00:02:19,270 --> 00:02:16,040

if this was metal and I remember hearing

29

00:02:22,600 --> 00:02:19,280

that because symbols appeared when you

30

00:02:31,210 --> 00:02:22,610

would look at it in indirect indirect

31

00:02:34,150 --> 00:02:31,220

light right like reflective autopsy

32

00:02:36,910 --> 00:02:34,160

display that came from direct

33

00:02:38,979 --> 00:02:36,920

recognition what are your thoughts on

34

00:02:46,690 --> 00:02:38,989

disclosure do you think it on that time

35

00:03:00,880 --> 00:02:46,700

I don't think anybody has the right to

36

00:03:03,400 --> 00:03:00,890

say it's to control I gotta go

37

00:03:06,039 --> 00:03:03,410

go find her she's in our space poking

38

00:03:09,460 --> 00:03:06,049

some guy you know what that's like they

39

00:03:18,620 --> 00:03:09,470

have some back row and not you like

40

00:03:22,920 --> 00:03:21,270

dude I'm so excited to actually head out

41

00:03:25,350 --> 00:03:22,930

to where this crash happened yeah I

42

00:03:26,729 --> 00:03:25,360

wasn't there was a it's one of our

43

00:03:28,440 --> 00:03:26,739

dreams as a kid to go check out this

44

00:03:30,839 --> 00:03:28,450

place - about aliens it's all we talked

45

00:03:32,400 --> 00:03:30,849

about when we're kids is aliens and UFOs

46

00:03:34,620 --> 00:03:32,410

and all that stuff so we're like

47

00:03:37,740 --> 00:03:34,630

actually going and so the next episode

48

00:03:42,240 --> 00:03:37,750

you guys will see how hard actually is

49

00:03:43,770 --> 00:03:42,250

defined ah Italy hard piece to find it's

50

00:03:47,690 --> 00:03:43,780

a needle in the haystack for sure but we

51
00:03:56,300 --> 00:03:47,700
found it just like my chin my chin - but

52
00:04:04,220 --> 00:03:56,310
look at that see I mean next episode ah

53
00:04:04,230 --> 00:04:20,509
Roselyn take a look around

54
00:04:25,530 --> 00:04:22,620
all right you guys I think that we're

55
00:04:31,940 --> 00:04:25,540
here we see something but she just kind
