

**NEW  
2017**

# **T. TOWNSEND** and Dr. Greer blocked us

@ufobrostv audio podcast

**ZERO  
CLICKBATE  
PROMISE**

1  
00:00:17,180 --> 00:00:14,620

[Music]

2  
00:00:20,210 --> 00:00:17,190

hey what's up everybody I'm in it and

3  
00:00:23,240 --> 00:00:20,220

I'm back I'm Jill and we are the UFO

4  
00:00:25,160 --> 00:00:23,250

pros and we're coming out with we have a

5  
00:00:27,710 --> 00:00:25,170

problem here we have a problem

6  
00:00:36,350 --> 00:00:27,720

we've got blockage we've been blocked

7  
00:00:43,490 --> 00:00:36,360

yeah we well here's go ahead back up we

8  
00:00:47,600 --> 00:00:43,500

just dammit - what happened was we were

9  
00:00:49,010 --> 00:00:47,610

having a day I wasn't gonna podcast

10  
00:00:51,500 --> 00:00:49,020

today because you were on a date

11  
00:00:56,330 --> 00:00:51,510

yep which you're back from and I'm glad

12  
00:00:58,430 --> 00:00:56,340

it went well no talk about the date

13  
00:01:02,150 --> 00:00:58,440

later I guess yes please and they need

14

00:01:04,369 --> 00:01:02,160

our women are fake looks like epic but I

15

00:01:05,929 --> 00:01:04,379

mean I'm happy for you bro I really am I

16

00:01:10,640 --> 00:01:05,939

think that's fantastic mm-hmm

17

00:01:13,910 --> 00:01:10,650

yeah okay mm-hmm so okay please tell

18

00:01:15,289 --> 00:01:13,920

them it's hold on a second so to be

19

00:01:19,340 --> 00:01:15,299

honest I've been trying to be more like

20

00:01:21,050 --> 00:01:19,350

Oh God if you're honest I've been trying

21

00:01:24,380 --> 00:01:21,060

to be more like you know like I don't

22

00:01:27,649 --> 00:01:24,390

wanna stay regimented I guess more put

23

00:01:29,960 --> 00:01:27,659

more production into yes podcasts so

24

00:01:31,190 --> 00:01:29,970

it's like you know so that we can get

25

00:01:32,600 --> 00:01:31,200

some more information out there and I

26

00:01:37,910 --> 00:01:32,610

was like doing all kinds of research on

27

00:01:43,060 --> 00:01:37,920

YouTube and stuff and I was watching a

28

00:01:47,569 --> 00:01:43,070

few dr. Greer interviews and

29

00:01:49,760 --> 00:01:47,579

specifically one of him arguing with not

30

00:01:52,160 --> 00:01:49,770

arguing but in an intense debate sorry I

31

00:01:55,219 --> 00:01:52,170

retract the word arguing intense debate

32

00:01:57,740 --> 00:01:55,229

from the lady that hosts Project Camelot

33

00:02:02,539 --> 00:01:57,750

on YouTube and anyway so I went to

34

00:02:03,630 --> 00:02:02,549

Twitter and I noticed that he blocked us

35

00:02:05,740 --> 00:02:03,640

on Twitter bro

36

00:02:10,249 --> 00:02:05,750

[Music]

37

00:02:11,210 --> 00:02:10,259

explosive dynamite saddening I don't

38

00:02:14,810 --> 00:02:11,220

understand it

39

00:02:17,360 --> 00:02:14,820

this isn't shuck yes jackass well no

40

00:02:19,910 --> 00:02:17,370

look here's think I just want to take a

41

00:02:22,070 --> 00:02:19,920

moment if dr. Greer if you're listening

42

00:02:22,940 --> 00:02:22,080

you're probably not because you blocked

43

00:02:28,340 --> 00:02:22,950

us on Twitter

44

00:02:31,510 --> 00:02:28,350

I apologize specifically if we did

45

00:02:33,410 --> 00:02:31,520

anything at all to offend you but

46

00:02:37,520 --> 00:02:33,420

honestly I think you're taking a little

47

00:02:40,190 --> 00:02:37,530

bit too seriously if you blocked us we

48

00:02:46,190 --> 00:02:40,200

do respect you a lot I spend a lot of

49

00:02:48,100 --> 00:02:46,200

time sorry use yourself spend a lot of

50

00:02:51,250 --> 00:02:48,110

time listening to your lectures and so

51  
00:02:54,680 --> 00:02:51,260  
and anyway

52  
00:02:59,000 --> 00:02:54,690  
apologies to you if we offended you even

53  
00:03:01,729 --> 00:02:59,010  
we even since we're going to we bought

54  
00:03:03,290 --> 00:03:01,739  
tickets to your weekend workshop I'm

55  
00:03:04,940 --> 00:03:03,300  
good at contacting the other content as

56  
00:03:06,290 --> 00:03:04,950  
those which don't one that everybody

57  
00:03:08,600 --> 00:03:06,300  
know we are going we're going to be

58  
00:03:10,100 --> 00:03:08,610  
there we will be there we bought our

59  
00:03:11,990 --> 00:03:10,110  
tickets we just bought the tickets

60  
00:03:13,610 --> 00:03:12,000  
maybe that offended him I don't maybe

61  
00:03:14,780 --> 00:03:13,620  
like all these two jokes are coming in

62  
00:03:21,140 --> 00:03:14,790  
on a block home maybe he just thinks

63  
00:03:22,789 --> 00:03:21,150

we're annoying well I mean look here's

64

00:03:25,940 --> 00:03:22,799

the thing the guy lives in breezes every

65

00:03:27,110 --> 00:03:25,950

day I mean I'm trying to you know he

66

00:03:29,060 --> 00:03:27,120

makes millions of dollars doing this

67

00:03:30,920 --> 00:03:29,070

stuff you think so yeah

68

00:03:32,930 --> 00:03:30,930

I've researched it a little bit I mean I

69

00:03:34,640 --> 00:03:32,940

don't think that it's here's here's my

70

00:03:36,050 --> 00:03:34,650

overarching thing because I've

71

00:03:37,759 --> 00:03:36,060

researched dr. Greer I've researched

72

00:03:39,380 --> 00:03:37,769

extra a lot of ufologist but recently

73

00:03:41,449 --> 00:03:39,390

it's been dr. Greer mainly because

74

00:03:43,070 --> 00:03:41,459

people he's pretty much been the

75

00:03:45,190 --> 00:03:43,080

forefront of the apology movement

76

00:03:48,130 --> 00:03:45,200

recently he's even calling

77

00:03:49,630 --> 00:03:48,140

no he's I think he's even called

78

00:03:51,220 --> 00:03:49,640

himself the father have you followed you

79

00:03:53,650 --> 00:03:51,230

so are you listening dr. Greer so you

80

00:03:56,619 --> 00:03:53,660

know I've been listening so you can

81

00:03:57,880 --> 00:03:56,629

unblock me on unclutter okay I block us

82

00:04:01,360 --> 00:03:57,890

we're good people

83

00:04:04,650 --> 00:04:01,370

we're gonna see you make it your weekend

84

00:04:08,110 --> 00:04:04,660

workshop we're gonna say hello and

85

00:04:12,460 --> 00:04:08,120

you're gonna say hello and I'm gonna say

86

00:04:14,080 --> 00:04:12,470

the letter and you're gonna go I just

87

00:04:16,060 --> 00:04:14,090

don't know what you're talking about but

88

00:04:19,659 --> 00:04:16,070

that's okay but he I think he probably

89

00:04:23,950 --> 00:04:19,669

thinks were you are one pathetic losers

90

00:04:25,870 --> 00:04:23,960

ah no I think I sneaks because he

91

00:04:32,010 --> 00:04:25,880

probably checked up on us maybe it was

92

00:04:36,190 --> 00:04:34,450

they're [h\_\_h] their big man babies

93

00:04:38,260 --> 00:04:36,200

let me make it fun of this so what are

94

00:04:45,280 --> 00:04:38,270

they doing I know I'm gonna block him on

95

00:04:47,580 --> 00:04:45,290

Twitter I want to mess with it why I

96

00:04:51,610 --> 00:04:47,590

mean why do we have to take this so

97

00:04:55,120 --> 00:04:51,620

seriously I mean honestly I have fun

98

00:04:58,510 --> 00:04:55,130

with this I am so deep into it I love

99

00:05:00,040 --> 00:04:58,520

kind of just going with I guess as you

100

00:05:04,180 --> 00:05:00,050

could say the rabbit hole the deeper

101  
00:05:08,710 --> 00:05:04,190  
goes more willingham to go with the

102  
00:05:11,469 --> 00:05:08,720  
rabbit on the hole yeah yeah the more

103  
00:05:12,430 --> 00:05:11,479  
you read into it and like like today I

104  
00:05:15,760 --> 00:05:12,440  
was reading a whole bunch of stuff about

105  
00:05:17,080 --> 00:05:15,770  
9/11 and all kinds of conspiracy

106  
00:05:19,540 --> 00:05:17,090  
theories and lots of different

107  
00:05:22,000 --> 00:05:19,550  
documentaries and that kind of like you

108  
00:05:25,120 --> 00:05:22,010  
know put a little a bug in my mind a

109  
00:05:26,500 --> 00:05:25,130  
little don't even something to consider

110  
00:05:29,080 --> 00:05:26,510  
I know you're not like a big fan of that

111  
00:05:31,270 --> 00:05:29,090  
conspiracy towards 9/11 but there are a

112  
00:05:32,770 --> 00:05:31,280  
few documentaries in light of learning

113  
00:05:36,969 --> 00:05:32,780

and education that I think you should

114

00:05:38,710 --> 00:05:36,979

watch it seriously and camera no I'm

115

00:05:42,029 --> 00:05:38,720

asking for a round of applause yes

116

00:05:44,220 --> 00:05:42,039

I need standing ovation for Emmett

117

00:05:51,180 --> 00:05:44,230

because

118

00:05:53,370 --> 00:05:51,190

I just think yeah come on 911 talking

119

00:05:55,260 --> 00:05:53,380

about documentaries and then somehow I

120

00:05:57,240 --> 00:05:55,270

got into autopsies it was really weird

121

00:05:59,700 --> 00:05:57,250

you know how when you on YouTube you end

122

00:06:01,320 --> 00:05:59,710

up you like start researching how to

123

00:06:03,000 --> 00:06:01,330

make a burrito and then you're like how

124

00:06:11,550 --> 00:06:03,010

to talk to a giraffe two hours later

125

00:06:13,380 --> 00:06:11,560

like what the hell but I have heard

126

00:06:18,020 --> 00:06:13,390

about what we're talking about tonight

127

00:06:21,860 --> 00:06:18,030

the topic tonight is T Townsend Brown

128

00:06:24,390 --> 00:06:21,870

boomer who was a scientist back in the

129

00:06:26,700 --> 00:06:24,400

primarily as young leaders of 20s I

130

00:06:28,680 --> 00:06:26,710

think he died in the 80s if I remember

131

00:06:31,760 --> 00:06:28,690

correctly anyway

132

00:06:36,060 --> 00:06:31,770

he claimed to have been able to

133

00:06:38,010 --> 00:06:36,070

manipulate gravity or oh yeah yes yes

134

00:06:39,510 --> 00:06:38,020

yes okay I get you as a matter of fact

135

00:06:42,330 --> 00:06:39,520

if you look on YouTube you'll see a lot

136

00:06:45,030 --> 00:06:42,340

of what they call electrogravitic

137

00:06:46,890 --> 00:06:45,040

lifters or whatever they want to call

138

00:06:51,030 --> 00:06:46,900

them they call them lifters they look

139

00:06:52,890 --> 00:06:51,040

like tinfoil triangles that float up in

140

00:06:54,300 --> 00:06:52,900

the air okay and there's a couple is

141

00:06:59,340 --> 00:06:54,310

that what it is very that it's a what a

142

00:07:01,890 --> 00:06:59,350

balloon no no these are like okay so

143

00:07:05,880 --> 00:07:01,900

little education time this is not

144

00:07:06,750 --> 00:07:05,890

anything applicable to well actually I

145

00:07:08,430 --> 00:07:06,760

take that back

146

00:07:12,390 --> 00:07:08,440

it's not that it's not applicable to

147

00:07:14,670 --> 00:07:12,400

today's technology it's that it's been

148

00:07:17,400 --> 00:07:14,680

covered up the type of technology it is

149

00:07:19,230 --> 00:07:17,410

and mainly because the United States

150

00:07:22,380 --> 00:07:19,240

military was interested in what he was

151  
00:07:27,510 --> 00:07:22,390  
able to do and so basically what he did

152  
00:07:32,520 --> 00:07:27,520  
is he took did some experiments where he

153  
00:07:33,840 --> 00:07:32,530  
created what he calls a lifter or a disc

154  
00:07:39,890 --> 00:07:33,850  
actually I think is what he talked about

155  
00:07:43,560 --> 00:07:39,900  
specifically and he would run a current

156  
00:07:45,180 --> 00:07:43,570  
from one end of it which would be like

157  
00:07:47,280 --> 00:07:45,190  
you know negative and positive or

158  
00:07:50,280 --> 00:07:47,290  
whatever the ignition

159  
00:07:54,480 --> 00:07:50,290  
I need you because you probably know

160  
00:07:57,510 --> 00:07:54,490  
more about like you know but here's the

161  
00:07:59,760 --> 00:07:57,520  
thing apparently if you charge if one

162  
00:08:02,040 --> 00:07:59,770  
ins charge positive of the disk and the

163  
00:08:04,080 --> 00:08:02,050

other image charge negative there is a

164

00:08:05,820 --> 00:08:04,090

weird phenomenon where it will move on

165

00:08:07,950 --> 00:08:05,830

its own and that's what he had

166

00:08:13,880 --> 00:08:07,960

discovered same thing is okay

167

00:08:17,060 --> 00:08:13,890

so the theory is imagine if you're on

168

00:08:19,800 --> 00:08:17,070

surfboard and you're like a wave

169

00:08:24,290 --> 00:08:19,810

what he's saying is is that essentially

170

00:08:34,980 --> 00:08:30,570

have it move basically by creating a on

171

00:08:38,400 --> 00:08:34,990

the positive end a well in in gravity

172

00:08:40,710 --> 00:08:38,410

space-time and on the positive end a way

173

00:08:42,270 --> 00:08:40,720

behind it so therefore yeah you're

174

00:08:44,700 --> 00:08:42,280

moving forward constantly so you're

175

00:08:46,950 --> 00:08:44,710

riding away that's what he claimed that

176

00:08:50,130 --> 00:08:46,960

these saucers he created which by the

177

00:08:53,040 --> 00:08:50,140

way had no moving parts could spin

178

00:08:56,190 --> 00:08:53,050

around this pole he had a T like a t

179

00:09:01,860 --> 00:08:56,200

pole let's not eat anyway T Townsend and

180

00:09:03,930 --> 00:09:01,870

he hit a pole look I'm really worried

181

00:09:06,210 --> 00:09:03,940

about dr. Greer I'm sorry I'm trying to

182

00:09:11,210 --> 00:09:06,220

talk about anti I know I'm trying to

183

00:09:18,540 --> 00:09:14,130

what the heck man it's on your mind

184

00:09:22,860 --> 00:09:18,550

it's on my mind and I want to have

185

00:09:29,310 --> 00:09:22,870

answers answers I'm sorry

186

00:09:31,920 --> 00:09:29,320

well look you don't mean we come in

187

00:09:36,180 --> 00:09:31,930

peace yeah seriously we do we come you

188

00:09:38,250 --> 00:09:36,190

know what our maybe our personas you

189

00:09:41,820 --> 00:09:38,260

find our humor not funny and you will

190

00:09:44,910 --> 00:09:41,830

know back room well not probing well oh

191

00:09:46,590 --> 00:09:44,920

my god it is a probe cast maybe this is

192

00:09:48,390 --> 00:09:46,600

our probe cast maybe he took it wrong

193

00:09:50,850 --> 00:09:48,400

but we bought your workshop II would

194

00:09:52,320 --> 00:09:50,860

love to talk to you and maybe what if he

195

00:09:53,670 --> 00:09:52,330

has secured or is it like take us down

196

00:09:56,640 --> 00:09:53,680

or something man

197

00:09:58,440 --> 00:09:56,650

what do you think well that'd be fun I'd

198

00:10:00,350 --> 00:09:58,450

be hysterical now would hopefully would

199

00:10:02,640 --> 00:10:00,360

sit on camera no but

200

00:10:05,380 --> 00:10:02,650

[Music]

201  
00:10:06,810 --> 00:10:05,390  
and by the way here here we go here's

202  
00:10:09,010 --> 00:10:06,820  
some free press for him he has a new

203  
00:10:10,450 --> 00:10:09,020  
documentary coming out called

204  
00:10:12,430 --> 00:10:10,460  
unacknowledged and for those of you who

205  
00:10:15,960 --> 00:10:12,440  
don't know who dr. Steven Greer is he is

206  
00:10:18,100 --> 00:10:15,970  
the author I guess or person that

207  
00:10:20,010 --> 00:10:18,110  
crowdfunded a whole bunch of money like

208  
00:10:22,870 --> 00:10:20,020  
one of the biggest crowd funded

209  
00:10:25,510 --> 00:10:22,880  
documentaries in history to create the

210  
00:10:26,890 --> 00:10:25,520  
serious documentary which you watch what

211  
00:10:28,810 --> 00:10:26,900  
does that graph a 1 that was in our

212  
00:10:34,810 --> 00:10:28,820  
discipline whoa no I have the one with

213  
00:10:37,690 --> 00:10:34,820

the six 6-inch beam humanoid when they

214

00:10:40,690 --> 00:10:37,700

find that at you you've seen this this

215

00:10:42,600 --> 00:10:40,700

serious documentary yes I are ok ok ok

216

00:10:44,520 --> 00:10:42,610

wrong about I'm shocked yeah where they

217

00:10:47,410 --> 00:10:44,530

analyze this

218

00:10:49,870 --> 00:10:47,420

yes except do you I'm a [h\_\_h] slap you

219

00:10:52,780 --> 00:10:49,880

here we go here's one here's one for not

220

00:10:55,240 --> 00:10:52,790

knowing here's another one for just

221

00:10:58,330 --> 00:10:55,250

all-around being annoying all day and

222

00:11:01,540 --> 00:10:58,340

with that hi thank you we are off back

223

00:11:03,170 --> 00:11:01,550

to the probe cast yeah and you know what

224

00:11:10,890 --> 00:11:03,180

we give you a kiss we're sorry

225

00:11:17,680 --> 00:11:10,900

[Music]

226

00:11:19,660 --> 00:11:17,690

well anyway Haiti counting down so

227

00:11:20,920 --> 00:11:19,670

here's the theory 45 minutes tonight are

228

00:11:22,600 --> 00:11:20,930

happy I don't know we're just gonna keep

229

00:11:24,550 --> 00:11:22,610

talking I'm sure I spit the tea tell

230

00:11:26,050 --> 00:11:24,560

anything there ok do you tap town that's

231

00:11:27,340 --> 00:11:26,060

what it says on the dam thumbnail it's

232

00:11:29,860 --> 00:11:27,350

what's gonna say in the title so it's

233

00:11:30,600 --> 00:11:29,870

gonna stay on all the [h\_\_\h] T towns and

234

00:11:37,120 --> 00:11:30,610

browns

235

00:11:38,890 --> 00:11:37,130

ok the guy The Godfather of people call

236

00:11:41,350 --> 00:11:38,900

it antigravity but I guess that's a

237

00:11:46,330 --> 00:11:41,360

misnomer because technically it's

238

00:11:47,710 --> 00:11:46,340

gravity control or manipulation but so

239

00:11:50,970 --> 00:11:47,720

by making Mike

240

00:11:54,520 --> 00:11:50,980

like I guess micro movements in in

241

00:11:57,670 --> 00:11:54,530

gravity they're able to propel this disc

242

00:12:00,730 --> 00:11:57,680

around this hole or two it's the same

243

00:12:03,220 --> 00:12:00,740

thing as what they could go fast is hell

244

00:12:05,650 --> 00:12:03,230

I know like there's there's also a guy

245

00:12:07,570 --> 00:12:05,660

that made a skateboard ramp but he used

246

00:12:09,460 --> 00:12:07,580

I forgot what kind of metal used some

247

00:12:11,200 --> 00:12:09,470

sort of copper conductive and then he

248

00:12:13,030 --> 00:12:11,210

made a board which was negative

249

00:12:14,129 --> 00:12:13,040

conductive in actually floating people

250

00:12:16,719 --> 00:12:14,139

were actually

251  
00:12:19,179 --> 00:12:16,729  
floating along this alright remember

252  
00:12:20,949 --> 00:12:19,189  
this song belt you know just pick this

253  
00:12:23,979 --> 00:12:20,959  
half pipe going way too fast

254  
00:12:26,619 --> 00:12:23,989  
watch it same thing

255  
00:12:29,229 --> 00:12:26,629  
well no I think that that's I think

256  
00:12:33,339 --> 00:12:29,239  
you're talking about negative positive

257  
00:12:36,219 --> 00:12:33,349  
the the what do you call that magnetic

258  
00:12:39,519 --> 00:12:36,229  
yes the push certain people physical

259  
00:12:41,019 --> 00:12:39,529  
opposite poles and the to the same sorry

260  
00:12:43,149 --> 00:12:41,029  
too similar pull right

261  
00:12:44,559 --> 00:12:43,159  
opposites attract yeah if you have two

262  
00:12:47,259 --> 00:12:44,569  
positive poles you can negative poles

263  
00:12:49,419 --> 00:12:47,269

you gotta have this anyway so this is

264

00:12:52,869 --> 00:12:49,429

essentially no using high amounts of

265

00:12:56,019 --> 00:12:52,879

electricity Joe to charge one side of a

266

00:12:58,059 --> 00:12:56,029

disk and I guess the amount of

267

00:13:03,029 --> 00:12:58,069

electricity is so high that it causes

268

00:13:05,229 --> 00:13:03,039

like a slight dip in gravity okay which

269

00:13:08,889 --> 00:13:05,239

essentially creates a way that the disc

270

00:13:11,589 --> 00:13:08,899

is always infinitely following you know

271

00:13:14,529 --> 00:13:11,599

like a wave like a surfer on a surfboard

272

00:13:18,069 --> 00:13:14,539

and so he did these experiments even

273

00:13:20,799 --> 00:13:18,079

cocked up his little flying discs this

274

00:13:25,149 --> 00:13:20,809

is back in the oh my gosh I don't know

275

00:13:27,639 --> 00:13:25,159

he started in the 20s never had you

276

00:13:29,079 --> 00:13:27,649

flying UFOs in the 30s well hey well

277

00:13:31,329 --> 00:13:29,089

that's just I'm working with fuzz in the

278

00:13:32,979 --> 00:13:31,339

thirties well I think though there's two

279

00:13:33,939 --> 00:13:32,989

theories on that I think multiple

280

00:13:34,569 --> 00:13:33,949

theories on that there's two of I know

281

00:13:36,369 --> 00:13:34,579

of

282

00:13:38,829 --> 00:13:36,379

but I want to get back and then finish

283

00:13:41,949 --> 00:13:38,839

up the T Townsend darling okay T times

284

00:13:44,710 --> 00:13:41,959

around a cheese I know I'm trying you

285

00:13:46,059 --> 00:13:44,720

are one pathetic losers I know I just

286

00:13:48,419 --> 00:13:46,069

need a target shift when you're linking

287

00:13:54,399 --> 00:13:48,429

up here and they're cheering in their

288

00:13:57,069 --> 00:13:54,409

eye and I'm rambling tonight I'm I'm

289

00:14:00,399 --> 00:13:57,079

rambling I'm sorry guys look I try to be

290

00:14:02,529 --> 00:14:00,409

you know on the straight and narrow when

291

00:14:04,689 --> 00:14:02,539

you're kind of curvy a little curvy you

292

00:14:07,089 --> 00:14:04,699

know it's a little curvy that wine damn

293

00:14:08,019 --> 00:14:07,099

wine drinkers actually I haven't had any

294

00:14:15,759 --> 00:14:08,029

wine tonight

295

00:14:18,279 --> 00:14:15,769

but ended up I guess it's a big

296

00:14:19,899 --> 00:14:18,289

conspiracy that the his technology and

297

00:14:20,889 --> 00:14:19,909

patents were confiscated even though

298

00:14:22,689 --> 00:14:20,899

they're still accessible and you can

299

00:14:23,919 --> 00:14:22,699

still see them or sometime I don't know

300

00:14:25,960 --> 00:14:23,929

how people got their hands on the

301  
00:14:27,610 --> 00:14:25,970  
patents but the patents clearly show the

302  
00:14:32,310 --> 00:14:27,620  
heated patent is sort of tech

303  
00:14:34,780 --> 00:14:32,320  
Knology now hear anything that i've read

304  
00:14:36,490 --> 00:14:34,790  
no microphone keeps falling sorry guys

305  
00:14:39,670 --> 00:14:36,500  
anything that i've read basically says

306  
00:14:42,880 --> 00:14:39,680  
that the government has incorporated

307  
00:14:46,120 --> 00:14:42,890  
this sort of technology on the b-52

308  
00:14:48,550 --> 00:14:46,130  
bomber okay the big wingspan is the

309  
00:14:51,940 --> 00:14:48,560  
positively charged side whereas the back

310  
00:14:55,060 --> 00:14:51,950  
is negatively charged and so like we

311  
00:15:00,340 --> 00:14:55,070  
said like the surfboard analogy hmm it's

312  
00:15:02,410 --> 00:15:00,350  
like it's on a so in other words it it's

313  
00:15:03,970 --> 00:15:02,420

using gravity it's young its basing is

314

00:15:06,640 --> 00:15:03,980

using the magnetic field around it to

315

00:15:08,019 --> 00:15:06,650

push it yeah that's a good way to put it

316

00:15:09,280 --> 00:15:08,029

and this is coming from lay people like

317

00:15:12,130 --> 00:15:09,290

we're not scientists

318

00:15:16,540 --> 00:15:12,140

you know I barely got through physics in

319

00:15:17,950 --> 00:15:16,550

college so yeah yeah I know the

320

00:15:19,180 --> 00:15:17,960

Pythagorean theorem

321

00:15:32,740 --> 00:15:19,190

I know buoyancy how to calculate

322

00:15:34,630 --> 00:15:32,750

buoyancy it's very well but this

323

00:15:37,930 --> 00:15:34,640

technology is supposedly been just

324

00:15:41,199 --> 00:15:37,940

completely enveloped by the US military

325

00:15:43,930 --> 00:15:41,209

and that's why we haven't heard of it

326

00:15:47,680 --> 00:15:43,940

he did back though in I believe 50s or

327

00:15:51,519 --> 00:15:47,690

60s had I think Time magazine published

328

00:15:53,110 --> 00:15:51,529

something on oh yeah yeah never to be

329

00:15:54,850 --> 00:15:53,120

seen ever heard from again nothing else

330

00:15:58,390 --> 00:15:54,860

I've ever published nothing else was

331

00:16:01,060 --> 00:15:58,400

ever published it's it's um it's an

332

00:16:02,380 --> 00:16:01,070

interesting case in you know like I said

333

00:16:04,960 --> 00:16:02,390

earlier in the beginning of this the

334

00:16:08,650 --> 00:16:04,970

deeper you dig the deeper you go it

335

00:16:10,300 --> 00:16:08,660

really is it really just keep going and

336

00:16:11,769 --> 00:16:10,310

going and then get you in just like yeah

337

00:16:16,690 --> 00:16:11,779

it really is a rabbit hole you just get

338

00:16:19,769 --> 00:16:16,700

lost down it and you know that's how

339

00:16:22,079 --> 00:16:19,779

those but

340

00:16:23,759 --> 00:16:22,089

I want to just take a quick break off T

341

00:16:24,869 --> 00:16:23,769

Townsend Brown we've only been talking

342

00:16:28,639 --> 00:16:24,879

for a few minutes but I want to go to

343

00:16:34,889 --> 00:16:28,649

our social media because holy schmoly

344

00:16:36,869 --> 00:16:34,899

all right time for a shout outs yeah we

345

00:16:38,280 --> 00:16:36,879

think like ever since we announced we're

346

00:16:41,579 --> 00:16:38,290

going to contact in the desert we've got

347

00:16:42,509 --> 00:16:41,589

like some new friends so we've got let's

348

00:16:46,009 --> 00:16:42,519

see here

349

00:16:49,679 --> 00:16:46,019

Dwayne Hatton I mean he's always very

350

00:16:51,420 --> 00:16:49,689

you know likes to contribute on our

351  
00:16:52,079 --> 00:16:51,430  
social media so we're very appreciative

352  
00:16:55,559 --> 00:16:52,089  
of that

353  
00:16:57,840 --> 00:16:55,569  
the underscores sting wisher and by the

354  
00:17:01,739 --> 00:16:57,850  
way just to give her a shout out she has

355  
00:17:05,819 --> 00:17:01,749  
a book called cigar smoking jerks from

356  
00:17:09,630 --> 00:17:05,829  
outer space and she was at alien Con so

357  
00:17:11,130 --> 00:17:09,640  
make sure you guys yeah so maybe she's a

358  
00:17:13,710 --> 00:17:11,140  
real interesting character I love

359  
00:17:16,529 --> 00:17:13,720  
looking at her Instagram and how

360  
00:17:19,260 --> 00:17:16,539  
passionate is she about how passionate

361  
00:17:20,669 --> 00:17:19,270  
she is about her book so by all means

362  
00:17:22,799 --> 00:17:20,679  
make sure you check her out the

363  
00:17:25,110 --> 00:17:22,809

underscore sting wisher and that's on

364

00:17:29,760 --> 00:17:25,120

Instagram and we're just gonna give a

365

00:17:33,029 --> 00:17:29,770

shout out to also Jacqueline Vegas

366

00:17:34,320 --> 00:17:33,039

we appreciate your contribution and Gary

367

00:17:36,210 --> 00:17:34,330

Kane Miller who's a super talented

368

00:17:38,460 --> 00:17:36,220

artist by the way you gotta check him

369

00:17:40,320 --> 00:17:38,470

out if you're not on our Instagram he

370

00:17:41,760 --> 00:17:40,330

did some amazing artwork that if you

371

00:17:42,149 --> 00:17:41,770

guys want to see some really cool

372

00:17:44,760 --> 00:17:42,159

artwork

373

00:17:47,220 --> 00:17:44,770

follow him it's scary kay Miller and of

374

00:17:48,480 --> 00:17:47,230

course alien on board and it goes on and

375

00:17:54,810 --> 00:17:48,490

on also nori

376

00:17:57,750 --> 00:17:54,820

Parvez in oor EP AR vez says that she

377

00:18:00,960 --> 00:17:57,760

wants us to go on a cruise with her and

378

00:18:05,060 --> 00:18:00,970

Giorgio tsoukalos and Erich von däniken

379

00:18:09,299 --> 00:18:05,070

and the Croatian Coast has that sound

380

00:18:13,529 --> 00:18:09,309

I'm down earlier

381

00:18:16,820 --> 00:18:13,539

well you know I'm sure I would exactly I

382

00:18:20,820 --> 00:18:16,830

just don't know if we have to pay for it

383

00:18:26,970 --> 00:18:20,830

we'll be guests bring us we will ramble

384

00:18:30,480 --> 00:18:26,980

we will do sit we eat yeah and by the

385

00:18:33,080 --> 00:18:30,490

way Inland Empire UFO Watchers they

386

00:18:36,800 --> 00:18:33,090

support all of our channels so

387

00:18:40,520 --> 00:18:36,810

yeah uh lob bizarre but of course hey

388

00:18:42,650 --> 00:18:40,530

Karla Karla and like we said earlier on

389

00:18:43,970 --> 00:18:42,660

board and just taking a quick peek over

390

00:18:47,510 --> 00:18:43,980

here at our into our Twitter because

391

00:18:49,670 --> 00:18:47,520

we're just on Instagram the video of you

392

00:18:51,380 --> 00:18:49,680

making a hamburger for the alien if you

393

00:18:52,040 --> 00:18:51,390

guys haven't seen it is I think it's

394

00:18:53,480 --> 00:18:52,050

hysterical

395

00:18:55,010 --> 00:18:53,490

I think it's funny I've watched it over

396

00:18:58,430 --> 00:18:55,020

and over again because your total goofy

397

00:19:05,840 --> 00:18:58,440

goofy art and if you're not on our

398

00:19:14,180 --> 00:19:05,850

Twitter it's at UF 0 rows and why Joe is

399

00:19:17,870 --> 00:19:14,190

it at UF 0 Bros TV because Twitter is in

400

00:19:19,940 --> 00:19:17,880

a hole exactly and they lock on our

401  
00:19:24,980 --> 00:19:19,950  
original account but you know what even

402  
00:19:28,910 --> 00:19:24,990  
though we're like we're at 14 10

403  
00:19:32,390 --> 00:19:28,920  
followers bro really we'd be broke over

404  
00:19:34,790 --> 00:19:32,400  
14 yeah so like here we guys like a

405  
00:19:37,130 --> 00:19:34,800  
whole bunch of new followers and one in

406  
00:19:41,710 --> 00:19:37,140  
particular made me giggle which is I

407  
00:19:44,720 --> 00:19:41,720  
like its artist 504 our tea is tea

408  
00:19:47,180 --> 00:19:44,730  
5:04 oh is the one that did the

409  
00:19:48,350 --> 00:19:47,190  
hamburger that's touching the person you

410  
00:19:49,630 --> 00:19:48,360  
guys look at our Twitter it's pretty

411  
00:19:54,080 --> 00:19:49,640  
funny

412  
00:19:56,990 --> 00:19:54,090  
the I posted is Joe basically making a

413  
00:19:59,240 --> 00:19:57,000

hamburger for an alien and this person

414

00:20:01,250 --> 00:19:59,250

replied with the perfect post was

415

00:20:03,170 --> 00:20:01,260

perfect so that was fun that was awesome

416

00:20:05,510 --> 00:20:03,180

thank you God mighty warrior is

417

00:20:10,420 --> 00:20:05,520

following us so we have the strength of

418

00:20:12,920 --> 00:20:10,430

the Lord Jesus we have the strength and

419

00:20:16,220 --> 00:20:12,930

Karla of course always gives us love and

420

00:20:18,380 --> 00:20:16,230

marek the alien thank you and you know

421

00:20:19,940 --> 00:20:18,390

if if you don't want to listen to us I

422

00:20:21,830 --> 00:20:19,950

understand just fast-forward a little

423

00:20:23,870 --> 00:20:21,840

bit but we got to let these people know

424

00:20:25,990 --> 00:20:23,880

brent hand by the way also follows us on

425

00:20:28,310 --> 00:20:26,000

facebook Oh

426

00:20:31,300 --> 00:20:28,320

gives us lots of love so thank you so

427

00:20:37,040 --> 00:20:31,310

much for that

428

00:20:41,810 --> 00:20:37,050

yeah dare T town TT Townsend Brown was

429

00:20:45,060 --> 00:20:41,820

James I'm sorry guys I hope nobody's

430

00:20:51,360 --> 00:20:45,070

disappointed they listen to this

431

00:20:53,380 --> 00:20:51,370

you know just to wrap it up there are

432

00:20:54,820 --> 00:20:53,390

claims by the way this is the other

433

00:20:58,260 --> 00:20:54,830

thing about the T Townsend Brown thing

434

00:21:02,410 --> 00:20:58,270

is that people were saying that it

435

00:21:05,200 --> 00:21:02,420

wasn't gravity manipulation or control

436

00:21:08,710 --> 00:21:05,210

that was happening but it was ion wind

437

00:21:13,090 --> 00:21:08,720

that was lifting and pushing these disks

438

00:21:16,810 --> 00:21:13,100

and and lifters and things and so

439

00:21:19,540 --> 00:21:16,820

there's a debate about that you know of

440

00:21:22,030 --> 00:21:19,550

course the the scientific community

441

00:21:26,140 --> 00:21:22,040

strongly says that it's ion propulsion

442

00:21:29,770 --> 00:21:26,150

or effect of moving the air basically

443

00:21:32,919 --> 00:21:29,780

that the effect that they're creating by

444

00:21:38,919 --> 00:21:32,929

having negative and positive you know

445

00:21:39,790 --> 00:21:38,929

charges at such high electricity keep

446

00:21:45,130 --> 00:21:39,800

going

447

00:21:48,910 --> 00:21:45,140

I was I'm hard time here I killed that

448

00:21:50,500 --> 00:21:48,920

one I know look you guys you guys just

449

00:21:53,500 --> 00:21:50,510

got up you guys guys guys gotta check it

450

00:21:54,730 --> 00:21:53,510

out just go to the just look them up and

451

00:21:57,430 --> 00:21:54,740

you guys can read all about it

452

00:22:00,880 --> 00:21:57,440

um it's having a hard time here you and

453

00:22:03,700 --> 00:22:00,890

the only reason is that I'm a little

454

00:22:04,930 --> 00:22:03,710

tubes one number two

455

00:22:08,460 --> 00:22:04,940

cuz you can't get it off your head I

456

00:22:11,200 --> 00:22:08,470

can't get off my head it's my brain oh

457

00:22:16,180 --> 00:22:11,210

also to the 9/11 documentaries on my

458

00:22:17,440 --> 00:22:16,190

brain and so you know a lot floating on

459

00:22:20,440 --> 00:22:17,450

in my brain I want to know what our

460

00:22:23,680 --> 00:22:20,450

followers think about tea towns and

461

00:22:29,590 --> 00:22:23,690

Browns claims about gravity control or

462

00:22:31,600 --> 00:22:29,600

was it indeed just ion wind so they call

463

00:22:35,740 --> 00:22:31,610

it okay first of all that I will say he

464

00:22:39,700 --> 00:22:35,750

put a lifter in a vacuum chamber and it

465

00:22:41,650 --> 00:22:39,710

still lifted so if it was an ion wind

466

00:22:43,570 --> 00:22:41,660

and there is no ma

467

00:22:45,370 --> 00:22:43,580

there is no molecules in there or very

468

00:22:46,960 --> 00:22:45,380

few how is it still moving I mean if

469

00:22:48,490 --> 00:22:46,970

it's in if it's in a vacuum and that's

470

00:22:54,830 --> 00:22:48,500

assimilation to what it would be like in

471

00:22:57,230 --> 00:22:54,840

space you know there is physicists

472

00:22:59,600 --> 00:22:57,240

and doctors that are doing the Hadron

473

00:23:02,180 --> 00:22:59,610

Collider they're trying to find the very

474

00:23:03,770 --> 00:23:02,190

existence of the universe I'm pretty

475

00:23:06,890 --> 00:23:03,780

sure they probably figured out how to do

476

00:23:08,990 --> 00:23:06,900

all this stuff already they're not very

477

00:23:11,300 --> 00:23:09,000

well this is back in the 20s bro oh

478

00:23:16,370 --> 00:23:11,310

we're talking twenty still this is 1920s

479

00:23:18,700 --> 00:23:16,380

so that this technology was already

480

00:23:23,240 --> 00:23:18,710

being looked at and then according to

481

00:23:25,880 --> 00:23:23,250

dr. Greer it was in October of 53 or

482

00:23:28,640 --> 00:23:25,890

something like that today he claims that

483

00:23:30,530 --> 00:23:28,650

he has somebody that gave him documents

484

00:23:35,240 --> 00:23:30,540

stating that we mastered gravity control

485

00:23:38,900 --> 00:23:35,250

in the 50s which produced a lot of the

486

00:23:40,070 --> 00:23:38,910

kind of clunky looking discs that a lot

487

00:23:43,040 --> 00:23:40,080

of people have actually snapped pictures

488

00:23:46,010 --> 00:23:43,050

of they were really just us messing

489

00:23:48,770 --> 00:23:46,020

around with anti-gravity technology or

490

00:23:50,270 --> 00:23:48,780

gravity control or gravity calculations

491

00:23:54,200 --> 00:23:50,280

what makes you say the government has

492

00:23:56,480 --> 00:23:54,210

already made that stuff oh just the

493

00:24:00,460 --> 00:23:56,490

eyewitness testimony what about OK

494

00:24:04,880 --> 00:24:00,470

eyewitness testimonials I mean Bob Lazar

495

00:24:09,470 --> 00:24:04,890

is somebody who claims to have he's

496

00:24:11,570 --> 00:24:09,480

physically seeing discs that and

497

00:24:14,300 --> 00:24:11,580

specifically one that he worked on and

498

00:24:16,640 --> 00:24:14,310

went inside of and worked on

499

00:24:23,480 --> 00:24:16,650

back-engineering the propulsion system I

500

00:24:27,560 --> 00:24:23,490

mean wow it all seems to be related to

501  
00:24:30,080 --> 00:24:27,570  
gravity obviously because if you can

502  
00:24:36,300 --> 00:24:30,090  
what will be a little a second question

503  
00:24:38,710 --> 00:24:36,310  
sure in the species great yeah

504  
00:24:40,390 --> 00:24:38,720  
their atmosphere or wherever they're

505  
00:24:44,140 --> 00:24:40,400  
from or their spaceship has to be the

506  
00:24:46,000 --> 00:24:44,150  
exact same kind of gravity we have here

507  
00:24:47,860 --> 00:24:46,010  
because if people seen them like like

508  
00:24:50,110 --> 00:24:47,870  
the skinny Bob stuff where they're

509  
00:24:52,000 --> 00:24:50,120  
standing if it was a totally different

510  
00:24:54,220 --> 00:24:52,010  
type of atmosphere or gravity they'd be

511  
00:24:57,570 --> 00:24:54,230  
either smashed or they'd be up in the

512  
00:24:59,680 --> 00:24:57,580  
air you don't I mean or disfigured so

513  
00:25:02,560 --> 00:24:59,690

that's something to think about is that

514

00:25:04,080 --> 00:25:02,570

you know they must know the same gravity

515

00:25:07,720 --> 00:25:04,090

we have because they can walk around

516

00:25:09,760 --> 00:25:07,730

think about that we think people that's

517

00:25:11,650 --> 00:25:09,770

a good point I never thought about what

518

00:25:12,970 --> 00:25:11,660

would happen to what if other stuff like

519

00:25:17,970 --> 00:25:12,980

different gravity like what if they come

520

00:25:23,290 --> 00:25:21,580

that's the question I don't know I never

521

00:25:24,520 --> 00:25:23,300

think I never thought about that if you

522

00:25:28,030 --> 00:25:24,530

don't think about gravity's another

523

00:25:30,240 --> 00:25:28,040

planet cuz it make sense how like like a

524

00:25:33,220 --> 00:25:30,250

like a discourse like it like an

525

00:25:36,340 --> 00:25:33,230

architectural vehicle could you know

526

00:25:39,880 --> 00:25:36,350

make up for gravity of like gravity but

527

00:25:43,200 --> 00:25:39,890

what happens when the being step out you

528

00:25:46,450 --> 00:25:43,210

know it's interesting I wonder how that

529

00:25:48,760 --> 00:25:46,460

but I will say that a lot of the

530

00:25:52,900 --> 00:25:48,770

eyewitness accounts of the crashes and

531

00:25:55,990 --> 00:25:52,910

the autopsies of course this is stories

532

00:26:03,610 --> 00:25:56,000

and word-of-mouth sort of stuff so that

533

00:26:06,520 --> 00:26:03,620

they were in like a metallic thin a big

534

00:26:08,110 --> 00:26:06,530

threaded metallic sort of like bodysuit

535

00:26:09,880 --> 00:26:08,120

so that's what they were good it was

536

00:26:11,410 --> 00:26:09,890

near impossible to cut through it was

537

00:26:14,190 --> 00:26:11,420

just so I wonder if that maybe had

538

00:26:17,650 --> 00:26:14,200

something to do with their ability to

539

00:26:19,330 --> 00:26:17,660

either you know increase their gravity

540

00:26:21,280 --> 00:26:19,340

or reduced their gravity or whatnot but

541

00:26:23,530 --> 00:26:21,290

there if it was anything their head

542

00:26:25,390 --> 00:26:23,540

would either be shrunken or or blown up

543

00:26:27,010 --> 00:26:25,400

it just you just gotta think about that

544

00:26:28,660 --> 00:26:27,020

kind of stuff any thank you guys

545

00:26:31,120 --> 00:26:28,670

well yeah but look at Mars when you're

546

00:26:33,850 --> 00:26:31,130

Mars you're weightless you can bounce

547

00:26:35,470 --> 00:26:33,860

around Mars what if to them they step on

548

00:26:37,260 --> 00:26:35,480

Mars is perfectly normal they get here

549

00:26:40,270 --> 00:26:37,270

they get smashed down to the earth

550

00:26:42,870 --> 00:26:40,280

why how would they would feel I mean you

551  
00:26:46,080 --> 00:26:42,880  
gotta I mean I would think if they can

552  
00:26:48,040 --> 00:26:46,090  
move through space time and

553  
00:26:48,880 --> 00:26:48,050  
dimensionally that they probably have

554  
00:26:50,950 --> 00:26:48,890  
that figured out

555  
00:26:53,200 --> 00:26:50,960  
I mean I think the technology is just so

556  
00:26:56,049 --> 00:26:53,210  
far beyond anything we can conceive of

557  
00:26:58,900 --> 00:26:56,059  
you know but our best guess is all we're

558  
00:27:00,910 --> 00:26:58,910  
gonna have for now you know just like my

559  
00:27:02,380 --> 00:27:00,920  
best guess as to why Steven Greer

560  
00:27:04,450 --> 00:27:02,390  
blocked me on Twitter and us on Twitter

561  
00:27:06,460 --> 00:27:04,460  
I don't understand it it doesn't make

562  
00:27:08,020 --> 00:27:06,470  
any sense man try make me man I wished

563  
00:27:11,140 --> 00:27:08,030

she would unblock us because I like

564

00:27:12,760 --> 00:27:11,150

following the stuff and I feel like I

565

00:27:14,470 --> 00:27:12,770

invested a lot of my time for no reason

566

00:27:18,400 --> 00:27:14,480

at all that's what I'm saying

567

00:27:22,930 --> 00:27:18,410

and thank you all I know that you would

568

00:27:26,470 --> 00:27:22,940

agree it's interesting you know who are

569

00:27:28,570 --> 00:27:26,480

gonna go see Joe Giorgio Giorgio

570

00:27:30,850 --> 00:27:28,580

tsoukalos from ancient aliens it because

571

00:27:33,960 --> 00:27:30,860

you're fans of ancient aliens Giorgio I

572

00:27:37,930 --> 00:27:33,970

would like to go see him at one of these

573

00:27:39,070 --> 00:27:37,940

UFO kind of Khan's or UFO conferences or

574

00:27:41,350 --> 00:27:39,080

whatnot

575

00:27:43,810 --> 00:27:41,360

he's at a lot of them and so it was like

576  
00:27:46,150 --> 00:27:43,820  
Linda Moulton Howe and Whitley Strieber

577  
00:27:49,510 --> 00:27:46,160  
and a lot of these kind of people I've

578  
00:27:52,330 --> 00:27:49,520  
already mentioned before so I was

579  
00:27:53,890 --> 00:27:52,340  
looking forward to it man yeah and I

580  
00:27:55,060 --> 00:27:53,900  
know why you're leaving me out you're

581  
00:28:07,210 --> 00:27:55,070  
talking to

582  
00:28:08,710 --> 00:28:07,220  
exactly oh my gracious how do you how do

583  
00:28:10,840 --> 00:28:08,720  
you save this I can't save it you have

584  
00:28:14,289 --> 00:28:10,850  
to wait for later oh that's okay I'll

585  
00:28:17,430 --> 00:28:14,299  
show you how to save that picture with

586  
00:28:18,890 --> 00:28:17,440  
the low shut up oh she's listening she

587  
00:28:19,170 --> 00:28:18,900  
is

588  
00:28:20,360 --> 00:28:19,180

[Music]

589

00:28:26,470 --> 00:28:20,370

[Applause]

590

00:28:32,930 --> 00:28:29,470

did you just use the toilet flush sound

591

00:28:40,250 --> 00:28:32,940

no it's when describing your date no

592

00:28:48,139 --> 00:28:40,260

that's there you go that's much better

593

00:28:51,320 --> 00:28:48,149

I just how'd it go this is heavy that's

594

00:28:53,810 --> 00:28:51,330

not the time for that that's for me to

595

00:28:54,590 --> 00:28:53,820

know I had a I had a good time she's an

596

00:29:01,310 --> 00:28:54,600

amazing woman

597

00:29:05,539 --> 00:29:01,320

awesome that's I guess you just need to

598

00:29:07,519 --> 00:29:05,549

shut up about my date okay I will I will

599

00:29:09,799 --> 00:29:07,529

I know you want to we don't the world -

600

00:29:11,690 --> 00:29:09,809

self-destruct sequence I know I am kind

601  
00:29:14,269 --> 00:29:11,700  
of self-destructing at the moment that's

602  
00:29:15,440 --> 00:29:14,279  
kind of how I feel at the moment but I

603  
00:29:17,659 --> 00:29:15,450  
mean you don't think that you do I'm

604  
00:29:18,289 --> 00:29:17,669  
gonna take your advice I'm gonna put a

605  
00:29:20,659 --> 00:29:18,299  
poll on Twitter

606  
00:29:22,789 --> 00:29:20,669  
dude what would you do yeah what would

607  
00:29:24,889 --> 00:29:22,799  
you do you guys gotta help us out what

608  
00:29:28,009 --> 00:29:24,899  
would you do if you buy tickets to

609  
00:29:30,139 --> 00:29:28,019  
somebody's cart not conference but their

610  
00:29:32,570 --> 00:29:30,149  
weekend seminar and then they're blocked

611  
00:29:35,840 --> 00:29:32,580  
on Twitter what would you do yeah still

612  
00:29:40,009 --> 00:29:35,850  
go or go get your money back and go see

613  
00:29:42,590 --> 00:29:40,019

someone else what would or would you cry

614

00:29:44,120 --> 00:29:42,600

like I did I just cried all day or would

615

00:29:45,519 --> 00:29:44,130

you not give up gonna give a good

616

00:29:48,470 --> 00:29:45,529

gosh-dang and just we'll see him anyway

617

00:29:50,720 --> 00:29:48,480

that's what I'm thinking I think so what

618

00:29:53,690 --> 00:29:50,730

I was so up and just wave at him with EB

619

00:29:56,299 --> 00:29:53,700

out the back pack and just hey Lloyd

620

00:29:59,120 --> 00:29:56,309

it's gonna be fine there goes our 50

621

00:30:02,570 --> 00:29:59,130

bucks we walk in and then this [h\_\_h]

622

00:30:04,009 --> 00:30:02,580

right back out with security I I don't

623

00:30:05,090 --> 00:30:04,019

want to think that we're see like we're

624

00:30:07,700 --> 00:30:05,100

talking about him a lot now I don't want

625

00:30:09,409 --> 00:30:07,710

to think we're like no I owe you know

626

00:30:10,490 --> 00:30:09,419

like we're not gonna attack you or

627

00:30:11,899 --> 00:30:10,500

anything like that I don't I don't know

628

00:30:13,430 --> 00:30:11,909

anything about the guy I just just you

629

00:30:15,500 --> 00:30:13,440

know we're no bottom we're joking I'm

630

00:30:17,990 --> 00:30:15,510

just saying we're totally whatever my

631

00:30:19,549 --> 00:30:18,000

brother's all I said is that image said

632

00:30:20,810 --> 00:30:19,559

we've gotta buy tickets this guy like

633

00:30:23,299 --> 00:30:20,820

who innit Steve Greer I'm like which one

634

00:30:26,450 --> 00:30:23,309

is that Bob Lazar guy I don't know still

635

00:30:28,279 --> 00:30:26,460

don't know which guy it is so so Steve I

636

00:30:30,080 --> 00:30:28,289

I don't know you and I would like to

637

00:30:31,700 --> 00:30:30,090

come to your seminar and check you out

638

00:30:35,910 --> 00:30:31,710

cuz I don't watch anything about you

639

00:30:38,890 --> 00:30:35,920

which I should but I I have a job so

640

00:30:40,570 --> 00:30:38,900

well this is you know I'm not you

641

00:30:43,750 --> 00:30:40,580

preneur so I do what I love

642

00:30:46,000 --> 00:30:43,760

now you get to stay home and you know

643

00:30:51,550 --> 00:30:46,010

your job is you guys stay home at all I

644

00:30:53,430 --> 00:30:51,560

have multiple wells that I dip in yeah

645

00:30:57,880 --> 00:30:53,440

well you can fart on me if you want but

646

00:31:00,460 --> 00:30:57,890

tonight this discussion is it's really

647

00:31:09,130 --> 00:31:00,470

an open discussion /yes kind of some

648

00:31:12,310 --> 00:31:09,140

content that's pre-planned but we're

649

00:31:13,930 --> 00:31:12,320

going to take a short music break and

650

00:31:20,220 --> 00:31:13,940

we're gonna be back with you guys in

651  
00:31:50,060 --> 00:31:33,550

[Music]

652  
00:31:54,960 --> 00:31:53,550  
sir I think it just a short little break

653  
00:31:58,110 --> 00:31:54,970  
like I said this is our second time

654  
00:31:59,520 --> 00:31:58,120  
doing a 45 minute long podcast so we're

655  
00:32:01,710 --> 00:31:59,530  
trying to get the structure right we're

656  
00:32:05,190 --> 00:32:01,720  
trying to get the sound right we're

657  
00:32:06,180 --> 00:32:05,200  
trying to get basically the fireworks we

658  
00:32:09,210 --> 00:32:06,190  
want to make sure we have a good show

659  
00:32:10,500 --> 00:32:09,220  
for you guys so you know if once we got

660  
00:32:13,710 --> 00:32:10,510  
a good little pause make sure things are

661  
00:32:18,630 --> 00:32:13,720  
working but we've got a few more minutes

662  
00:32:21,630 --> 00:32:18,640  
here to continue talking about what fix

663  
00:32:26,750 --> 00:32:21,640

this could mean I mean do you think the

664

00:32:29,520 --> 00:32:26,760

government really is covering up oh yeah

665

00:32:31,470 --> 00:32:29,530

they don't want nothing out guarantee it

666

00:32:34,920 --> 00:32:31,480

believe me but you know when they say

667

00:32:37,710 --> 00:32:34,930

the government who is they I mean

668

00:32:40,260 --> 00:32:37,720

government is people okay government

669

00:32:46,010 --> 00:32:40,270

isn't some entity is you know the

670

00:32:48,110 --> 00:32:46,020

network of people and it has been said

671

00:32:51,020 --> 00:32:48,120

that

672

00:32:53,760 --> 00:32:51,030

tell me mr. Finnigan the president

673

00:32:57,120 --> 00:32:53,770

doesn't have the highest clearance which

674

00:32:59,610 --> 00:32:57,130

is why he doesn't know about these sorts

675

00:33:00,990 --> 00:32:59,620

of technologies or maybe he might know

676  
00:33:04,230 --> 00:33:01,000  
about the technologies but he may not

677  
00:33:06,120 --> 00:33:04,240  
know where the sources are from so

678  
00:33:09,140 --> 00:33:06,130  
here's an interesting thing to combine

679  
00:33:11,460 --> 00:33:09,150  
in one hand we've talked about alien

680  
00:33:14,310 --> 00:33:11,470  
vehicles or extraterrestrial vehicles

681  
00:33:15,750 --> 00:33:14,320  
and the reverse engineering and taking

682  
00:33:18,150 --> 00:33:15,760  
those technologies and making them

683  
00:33:20,220 --> 00:33:18,160  
applicable to both military and you know

684  
00:33:22,500 --> 00:33:20,230  
commercial uses we've talked about that

685  
00:33:25,740 --> 00:33:22,510  
but now we're talking about T Townsend

686  
00:33:27,000 --> 00:33:25,750  
Brown having dealt with gravity

687  
00:33:29,940 --> 00:33:27,010  
manipulations

688  
00:33:32,970 --> 00:33:29,950

supposedly in the 20s already yeah so

689

00:33:37,140 --> 00:33:32,980

okay I think what hat what would have

690

00:33:41,580 --> 00:33:37,150

happened is if it wasn't such a

691

00:33:42,930 --> 00:33:41,590

suppressed sort of thing maybe we would

692

00:33:46,919 --> 00:33:42,940

be in a different

693

00:33:48,210 --> 00:33:46,929

era we wouldn't be using rockets to get

694

00:33:52,700 --> 00:33:48,220

out of the atmosphere we wouldn't be

695

00:34:00,119 --> 00:33:55,649

do anything though far ahead we would be

696

00:34:02,310 --> 00:34:00,129

so far ahead so so far ahead I mean

697

00:34:06,330 --> 00:34:02,320

that's what you think about think about

698

00:34:10,950 --> 00:34:06,340

this the electricity that we use is

699

00:34:13,819 --> 00:34:10,960

delivered through like a 100 to 200 200

700

00:34:23,720 --> 00:34:13,829

year-old basically kind of system of

701

00:34:27,240 --> 00:34:23,730

creating energy and sorry about that

702

00:34:30,180 --> 00:34:27,250

why don't why but we even it's metered

703

00:34:33,480 --> 00:34:30,190

okay so when you get money for when you

704

00:34:35,730 --> 00:34:33,490

get electricity whether it's from a wind

705

00:34:38,849 --> 00:34:35,740

farm whether it's from a solar farm or

706

00:34:42,270 --> 00:34:38,859

whether it's from an ocean wave farm or

707

00:34:45,589 --> 00:34:42,280

whether it's from nuclear or coal it's

708

00:34:48,569 --> 00:34:45,599

all meter all of that technology is

709

00:34:51,889 --> 00:34:48,579

provided to us it's ancient basically I

710

00:34:54,389 --> 00:34:51,899

mean it's as old as the country is but

711

00:34:57,930 --> 00:34:54,399

look at how advanced our tablets are

712

00:34:59,730 --> 00:34:57,940

look at how advanced the phones are look

713

00:35:01,799 --> 00:34:59,740

how advanced the technology that aren't

714

00:35:05,420 --> 00:35:01,809

even using to do this that we're using

715

00:35:08,880 --> 00:35:05,430

to do this pi/8 have they even have

716

00:35:10,620 --> 00:35:08,890

tablet frigerators I know that take

717

00:35:11,940 --> 00:35:10,630

pictures of the inside send it to a

718

00:35:14,960 --> 00:35:11,950

shopping list for you know stuff that's

719

00:35:18,599 --> 00:35:14,970

missing we're so connected we're so

720

00:35:20,940 --> 00:35:18,609

technologically you know if you think

721

00:35:22,190 --> 00:35:20,950

about where we were technologically 200

722

00:35:24,059 --> 00:35:22,200

years ago

723

00:35:27,480 --> 00:35:24,069

you're still digging you're still

724

00:35:30,660 --> 00:35:27,490

pooping in a hole 200 years ago we were

725

00:35:32,819 --> 00:35:30,670

still creating technology by the same

726

00:35:35,370 --> 00:35:32,829

means that we are today except where we

727

00:35:38,940 --> 00:35:35,380

avoid more you know so-called green

728

00:35:41,430 --> 00:35:38,950

technologies no specifics but I just I

729

00:35:44,039 --> 00:35:41,440

find all this this connection to a

730

00:35:49,220 --> 00:35:44,049

potential deeper conspiracy theory of

731

00:35:57,780 --> 00:35:54,810

why are we running on such an old social

732

00:36:00,180 --> 00:35:57,790

system why and you know it's funny is it

733

00:36:03,510 --> 00:36:00,190

that we've had medical advances we've

734

00:36:06,480 --> 00:36:03,520

had technological advances we've had do

735

00:36:11,070 --> 00:36:06,490

so many thoughts so me I got I got a I

736

00:36:15,450 --> 00:36:11,080

got a positive second image the they

737

00:36:16,620 --> 00:36:15,460

even have robots in surgery they just

738

00:36:19,470 --> 00:36:16,630

put the patient and they line them up

739

00:36:22,950 --> 00:36:19,480

the lines and the the surgeon stands

740

00:36:25,710 --> 00:36:22,960

back and that the machines actually do

741

00:36:28,440 --> 00:36:25,720

the operation laparoscopically by itself

742

00:36:30,930 --> 00:36:28,450

there's no human involved but think

743

00:36:33,480 --> 00:36:30,940

about all of that think about all of

744

00:36:37,230 --> 00:36:33,490

that advanced technology think and I'm

745

00:36:41,040 --> 00:36:37,240

gonna say it again is ran on two hundred

746

00:36:43,890 --> 00:36:41,050

year old ways of producing just

747

00:36:46,740 --> 00:36:43,900

electricity on I don't know how old

748

00:36:48,660 --> 00:36:46,750

these power lines are to get electricity

749

00:36:53,630 --> 00:36:48,670

to us the infrastructure of this country

750

00:36:58,200 --> 00:36:53,640

is very very very very very very old and

751  
00:37:00,300 --> 00:36:58,210  
Thomas Edison days basically nothing's

752  
00:37:02,430 --> 00:37:00,310  
really changed much except for the the

753  
00:37:04,770 --> 00:37:02,440  
way that the bulbs main I mean we got

754  
00:37:08,220 --> 00:37:04,780  
like way to feel the energies harvested

755  
00:37:11,910 --> 00:37:08,230  
yeah you know it's not just coal it's

756  
00:37:19,620 --> 00:37:11,920  
not just nuclear and coal its nuclear

757  
00:37:23,490 --> 00:37:19,630  
coal wind water heart go plant there you

758  
00:37:29,370 --> 00:37:23,500  
go I was waiting for that one looking at

759  
00:37:31,200 --> 00:37:29,380  
the atopic terrible the UM wow I didn't

760  
00:37:32,940 --> 00:37:31,210  
sit bones going on is it the weather

761  
00:37:37,080 --> 00:37:32,950  
right it's the rain yeah

762  
00:37:38,430 --> 00:37:37,090  
anyway um remember we saw plutonium we

763  
00:37:40,860 --> 00:37:38,440

looked up the chart for plutonium and

764

00:37:43,620 --> 00:37:40,870

what it said on it it looked like a

765

00:37:47,160 --> 00:37:43,630

little canister and it said if you find

766

00:37:48,360 --> 00:37:47,170

this this is plutonium like in grave but

767

00:37:49,140 --> 00:37:48,370

why are we talking about plutonium

768

00:37:51,440 --> 00:37:49,150

understand

769

00:37:54,150 --> 00:37:51,450

oh just we're talking about energies in

770

00:37:56,580 --> 00:37:54,160

coal and I was just thinking about back

771

00:37:58,830 --> 00:37:56,590

to the future in plutonium

772

00:38:00,750 --> 00:37:58,840

we thought it was just some big green

773

00:38:03,000 --> 00:38:00,760

thing that glowed but it's a piece of

774

00:38:05,690 --> 00:38:03,010

you can etch on and

775

00:38:09,150 --> 00:38:05,700

that's what I'm loving to learn

776

00:38:12,270 --> 00:38:09,160

researching this stuff is you know like

777

00:38:16,620 --> 00:38:12,280

I've learned probably more just basic

778

00:38:18,120 --> 00:38:16,630

level [h\_\_h] than I could have learned

779

00:38:20,310 --> 00:38:18,130

anywhere else just just listening to

780

00:38:24,210 --> 00:38:20,320

people talk and trying to find the most

781

00:38:26,190 --> 00:38:24,220

credible speakers and presenters is the

782

00:38:29,010 --> 00:38:26,200

hardest thing bro I mean you know as

783

00:38:30,329 --> 00:38:29,020

we've been sometimes they start off

784

00:38:32,940 --> 00:38:30,339

great and then they start sounding a

785

00:38:35,700 --> 00:38:32,950

little bit not getting a little bit too

786

00:38:38,730 --> 00:38:35,710

far out there and same with the You Tube

787

00:38:41,970 --> 00:38:38,740

man all the thumbnails it's all crap I

788

00:38:44,280 --> 00:38:41,980

go on Google I try to find anything I

789

00:38:46,620 --> 00:38:44,290

could find I'm I'm into this you know

790

00:38:47,730 --> 00:38:46,630

that I know this yeah I'm I'm 24/7 we're

791

00:38:51,000 --> 00:38:47,740

both passionate about yeah

792

00:38:53,849 --> 00:38:51,010

but nothing comes up it's all the same

793

00:38:56,430 --> 00:38:53,859

[h\_\_h] recycle recycle trash again and

794

00:38:57,720 --> 00:38:56,440

then they just change the thumbnails so

795

00:39:00,780 --> 00:38:57,730

by the way if you're listening on

796

00:39:02,520 --> 00:39:00,790

YouTube now there will be a thumbnail

797

00:39:05,849 --> 00:39:02,530

that says no clickbait and we mean that

798

00:39:08,599 --> 00:39:05,859

like yeah you know primarily we're

799

00:39:11,940 --> 00:39:08,609

talking about tea tea Townsend Brown but

800

00:39:14,579 --> 00:39:11,950

45-minute show and I think it's probably

801  
00:39:18,569 --> 00:39:14,589  
better for people to research it I think

802  
00:39:20,910 --> 00:39:18,579  
we're more in I think our gift is to put

803  
00:39:23,250 --> 00:39:20,920  
the info out there do the digging and

804  
00:39:25,170 --> 00:39:23,260  
then hopefully that incites people to

805  
00:39:27,210 --> 00:39:25,180  
actually go and dig and learn themselves

806  
00:39:28,950 --> 00:39:27,220  
that's really what we're about I mean

807  
00:39:30,390 --> 00:39:28,960  
we're at the information holders we're

808  
00:39:33,260 --> 00:39:30,400  
not the knowledge holders were more of

809  
00:39:35,250 --> 00:39:33,270  
the distributors of said knowledge and

810  
00:39:38,250 --> 00:39:35,260  
we're trying to kind of do the hard work

811  
00:39:40,440 --> 00:39:38,260  
for you guys who is horrible who's not

812  
00:39:42,990 --> 00:39:40,450  
credible and trying to be honest and say

813  
00:39:45,059 --> 00:39:43,000

well this person has these great ideas

814

00:39:47,760 --> 00:39:45,069

but these seem to be a little bit off or

815

00:39:50,670 --> 00:39:47,770

you know maybe seem to be in question or

816

00:39:53,550 --> 00:39:50,680

you know we try to be as logical as we

817

00:39:56,490 --> 00:39:53,560

can so that brings up another point if

818

00:39:59,099 --> 00:39:56,500

any of our listeners out there have any

819

00:40:00,690 --> 00:39:59,109

suggestions for any maybe scientists or

820

00:40:04,349 --> 00:40:00,700

videos or documentaries that we should

821

00:40:06,960 --> 00:40:04,359

want it is true that you think in legit

822

00:40:09,650 --> 00:40:06,970

stuff that maybe we have not seen please

823

00:40:12,839 --> 00:40:09,660

by all means Twitter us tweet us [h\_\_\h] us

824

00:40:15,120 --> 00:40:12,849

instill us all that good stuff is the

825

00:40:16,200 --> 00:40:15,130

same nap but also on snapchat by the gut

826

00:40:18,030 --> 00:40:16,210

by the way

827

00:40:19,680 --> 00:40:18,040

yeah we're still trying to figure that

828

00:40:21,299 --> 00:40:19,690

thing out we're not weird sure we're

829

00:40:24,510 --> 00:40:21,309

trying yeah we don't want to be those

830

00:40:27,480 --> 00:40:24,520

people that only post on one page yeah

831

00:40:29,220 --> 00:40:27,490

on one media or if we do we only post

832

00:40:32,400 --> 00:40:29,230

pictures of us with those stupid virtual

833

00:40:36,470 --> 00:40:32,410

masks okay I have on snapchat we got to

834

00:40:40,170 --> 00:40:36,480

provide more than that so check this

835

00:40:42,870 --> 00:40:40,180

scientist out T Thompson Brown and what

836

00:40:47,130 --> 00:40:42,880

he did for the scientific community and

837

00:40:49,440 --> 00:40:47,140

how much he was you know debunked or

838

00:40:51,660 --> 00:40:49,450

invalidated and just kind of disappear

839

00:40:54,980 --> 00:40:51,670

it's very really interesting and it's

840

00:40:57,329 --> 00:40:54,990

left back in the 50s and 60s it's

841

00:40:58,950 --> 00:40:57,339

interesting to see though some people on

842

00:41:01,650 --> 00:40:58,960

YouTube are trying to recreate the

843

00:41:03,750 --> 00:41:01,660

technology I haven't got much into that

844

00:41:06,000 --> 00:41:03,760

yet by the way so whether if any of you

845

00:41:09,630 --> 00:41:06,010

listeners have ever made a lifter using

846

00:41:12,630 --> 00:41:09,640

t p-- t thompson brown's ideology and

847

00:41:17,750 --> 00:41:12,640

philosophy and please let me know I

848

00:41:26,789 --> 00:41:22,130

we're at about three minutes here Joe

849

00:41:30,359 --> 00:41:26,799

and I want to remind people please if

850

00:41:34,079 --> 00:41:30,369

you enjoy what we do follow us

851  
00:41:35,970 --> 00:41:34,089  
tweet it Instagram us and I've said that

852  
00:41:39,990 --> 00:41:35,980  
about 17 times but what I haven't said

853  
00:41:42,329 --> 00:41:40,000  
was become a patron and we would yeah

854  
00:41:44,670 --> 00:41:42,339  
and you can become a patron for as

855  
00:41:47,039 --> 00:41:44,680  
little as a dollar a month and that just

856  
00:41:50,849 --> 00:41:47,049  
goes towards our basic our basic hosting

857  
00:41:55,049 --> 00:41:50,859  
expenses you know as we do more of these

858  
00:41:57,349 --> 00:41:55,059  
and as we put more content out what

859  
00:42:00,599 --> 00:41:57,359  
happens is you have to pay more for the

860  
00:42:02,549 --> 00:42:00,609  
services that are you know the middleman

861  
00:42:05,309 --> 00:42:02,559  
in putting this info out you know

862  
00:42:08,700 --> 00:42:05,319  
whether it's the person the podcasting

863  
00:42:10,260 --> 00:42:08,710

app or the hosting or the whatever so we

864

00:42:12,359 --> 00:42:10,270

put that towards that we also put that

865

00:42:14,130 --> 00:42:12,369

towards any trips that we take and we've

866

00:42:16,260 --> 00:42:14,140

got some pretty amazing ones plan for

867

00:42:18,539 --> 00:42:16,270

this year yes we do it can't wait yeah

868

00:42:20,160 --> 00:42:18,549

we're gonna beat a few conferences we're

869

00:42:22,950 --> 00:42:20,170

definitely going to be back at alien Con

870

00:42:24,510 --> 00:42:22,960

and we've got a few other kind of

871

00:42:27,839 --> 00:42:24,520

surprises and lines and things that

872

00:42:29,309 --> 00:42:27,849

we're working on and discussing but you

873

00:42:29,900 --> 00:42:29,319

know we've got two different lives so we

874

00:42:32,779 --> 00:42:29,910

try to get to

875

00:42:34,279 --> 00:42:32,789

okay yeah when you're not dating and

876

00:42:36,559 --> 00:42:34,289

when we're not being blocked by dr.

877

00:42:41,089 --> 00:42:36,569

Greer because we're weird I don't know

878

00:42:42,650 --> 00:42:41,099

what the deal what's the deal well we

879

00:42:46,010 --> 00:42:42,660

want to thank you all for you want to

880

00:42:48,650 --> 00:42:46,020

thank everybody playing tonight we're

881

00:42:50,720 --> 00:42:48,660

gonna put that poll yes see that's gonna

882

00:42:54,890 --> 00:42:50,730

be great you guys make sure you check

883

00:42:58,270 --> 00:42:54,900

out our Twitter at zero zero zero bro

884

00:43:00,440 --> 00:42:58,280

because we're complete zeroes apparently

885

00:43:02,539 --> 00:43:00,450

no but seriously we have a respect for

886

00:43:05,900 --> 00:43:02,549

all of the follow Jews yes I do I listen

887

00:43:08,150 --> 00:43:05,910

to everybody and while we are silly and

888

00:43:11,000 --> 00:43:08,160

goofy we do take what we do seriously I

889

00:43:13,700 --> 00:43:11,010

just believe in bringing it to the

890

00:43:17,089 --> 00:43:13,710

public in a different way I am NOT a

891

00:43:20,930 --> 00:43:17,099

professor I don't have a doctor eh do

892

00:43:23,870 --> 00:43:20,940

you know those people are meant to do

893

00:43:28,069 --> 00:43:23,880

that job I just think that our job is to

894

00:43:30,650 --> 00:43:28,079

find just get as deep as we can as

895

00:43:33,710 --> 00:43:30,660

public I guess you said figures or

896

00:43:37,339 --> 00:43:33,720

whatnot and bring it up to the average

897

00:43:39,559 --> 00:43:37,349

person in a fun and enjoyable way and

898

00:43:43,010 --> 00:43:39,569

hopefully they get into this the way

899

00:43:45,260 --> 00:43:43,020

that we do but I warn you guys be

900

00:43:49,279 --> 00:43:45,270

careful which pill you take so to speak

901  
00:43:51,589 --> 00:43:49,289  
render the blue because if you do decide

902  
00:43:53,779 --> 00:43:51,599  
to dig in this dig into this it can

903  
00:43:57,980 --> 00:43:53,789  
change your entire ideology it can

904  
00:44:00,380 --> 00:43:57,990  
change how you feel about the world the

905  
00:44:02,480 --> 00:44:00,390  
planet it can change how you view life

906  
00:44:06,920 --> 00:44:02,490  
and how you view religion and how you

907  
00:44:10,069 --> 00:44:06,930  
view just you know overall purpose and

908  
00:44:14,960 --> 00:44:10,079  
so you know if you want to go down that

909  
00:44:18,349 --> 00:44:14,970  
hole by all means times up thank you

910  
00:44:21,769 --> 00:44:18,359  
guys for listening I'm in it and I'm Joe
