10
00:00:53,560 --> 00:00:49,190

hearing is this crazy storm that's

11
00:01:00,340 --> 00:00:53,570

coming through here tonight Joe to my

12
00:01:04,649 --> 00:01:00,350

lovely brother Joe goober Joe he had to

13
00:01:08,950 --> 00:01:04,659

go on a mission a long mission through

14

00:01:13,240 --> 00:01:08,960

difficult terrain and unmovable

15

00:01:14,950 --> 00:01:13,250

obstacles insurmountable barriers he's

16

00:01:15,550 --> 00:01:14,960

on the freeway right now but he'll be

17

00:01:18,670 --> 00:01:15,560

back soon

18

00:01:20,730 --> 00:01:18,680

he's coming back with his children's eye

19

00:01:23,590 --> 00:01:20,740

apparently they make things counselor

20

00:01:25,719 --> 00:01:23,600

never heard of them thank God I was

21

00:01:27,990 --> 00:01:25,729

never one of me no I'm kidding I love

22

00:01:32,940 --> 00:01:28,000

kids I love kids I'm just kidding but

23

00:01:38,830 --> 00:01:32,950

tonight folks I'm excited we have got

24

00:01:41,919 --> 00:01:38,840

stand-in Joe to help us cover this crazy

25

00:01:44,499 --> 00:01:41,929

topic and I'm gonna tell you this is

26
00:01:47,499 --> 00:01:44,509
just the start to some more information

27
00:01:51,039 --> 00:01:47,509
that we're gonna be putting out trying

28
00:01:55,480 --> 00:01:51,049
to connect all of this forties fifties

29
00:01:58,029 --> 00:01:55,490
sixties UFO you'll connect all those

30
00:02:00,429 --> 00:01:58,039
dots with the aliens and the crashes in

31
00:02:03,760 --> 00:02:00,439
the and the discs and the sightings and

32
00:02:05,020 --> 00:02:03,770
and I think that our special guest is on

33
00:02:07,359 --> 00:02:05,030
to something but we're not going to

34
00:02:11,230 --> 00:02:07,369
reveal it all tonight so that's gonna be

35
00:02:14,170 --> 00:02:11,240
on the next podcast our probe cast

36
00:02:16,570 --> 00:02:14,180
actually we're changing the name right

37
00:02:19,600 --> 00:02:16,580
standing Joe it's a probe test

38
00:02:23,640 --> 00:02:19,610

it's a probe cast it's a probing yeah

39
00:02:27,570 --> 00:02:23,650
and some people could use a good probing

40
00:02:31,020 --> 00:02:27,580
but moving on for those of you out there

41
00:02:35,280 --> 00:02:31,030
who are supporters thank you all so much

42
00:02:36,990 --> 00:02:35,290
for supporting us on patreon if you

43
00:02:39,259 --> 00:02:37,000
haven't yet make sure you check out our

44
00:02:42,479 --> 00:02:39,269
website

45
00:02:46,890 --> 00:02:42,489
WWF o'brosey tv.com

46
00:02:51,210 --> 00:02:46,900
check it out we just put a ton of brand

47
00:02:53,970 --> 00:02:51,220
new UFO alien related items all kinds of

48
00:02:57,599 --> 00:02:53,980
things from shirts the pillows to

49
00:03:00,949 --> 00:02:57,609
jewelry to novelty items to men's wear

50
00:03:04,080 --> 00:03:00,959
two hats to beanies the selection is

51
00:03:06,839 --> 00:03:04,090
very substantial so I did that for you

52
00:03:08,460 --> 00:03:06,849
guys and the reason being is and I know

53
00:03:11,099 --> 00:03:08,470
that you stand and you'll probably feel

54
00:03:13,530 --> 00:03:11,109
the same way you know sometimes you love

55
00:03:14,849 --> 00:03:13,540
UFOs you love aliens you love this topic

56
00:03:17,399 --> 00:03:14,859
you love being part of this community

57
00:03:20,369 --> 00:03:17,409
and sometimes you just want to go buy

58
00:03:22,979 --> 00:03:20,379
something cool but instead yeah but it

59
00:03:25,410 --> 00:03:22,989
sounds kind of hard to find it you know

60
00:03:28,080 --> 00:03:25,420
it can be hard to find and then it's

61
00:03:31,620 --> 00:03:28,090
hard to find and then the shipping is

62
00:03:36,180 --> 00:03:31,630
crazy or so what we did is we literally

63
00:03:38,789 --> 00:03:36,190

just hand-picked just I can't even tell

64

00:03:40,710 --> 00:03:38,799

you thousands of things to bring some

65

00:03:43,349 --> 00:03:40,720

things to our website we think you guys

66

00:03:46,979 --> 00:03:43,359

wouldn't like so if you got a minute UFO

67

00:03:49,860 --> 00:03:46,989

Bros TV things as low as \$5 on their all

68

00:03:51,569 --> 00:03:49,870

ships free and we do get a portion of

69

00:03:54,089 --> 00:03:51,579

that which we put right back into this

70

00:03:57,210 --> 00:03:54,099

guy's so this helps with our hosting

71

00:03:59,610 --> 00:03:57,220

this helps with our subscription and you

72

00:04:03,569 --> 00:03:59,620

know you know standing joke the more we

73

00:04:04,920 --> 00:04:03,579

do the more our expenses grow so you

74

00:04:06,689 --> 00:04:04,930

know check it out

75

00:04:09,420 --> 00:04:06,699

buy a little something even a sticker

76

00:04:11,939 --> 00:04:09,430

and show us some support alright that's

77

00:04:14,520 --> 00:04:11,949

enough for tonight's commercial about

78

00:04:15,960 --> 00:04:14,530

our own show and our own selves we're

79

00:04:21,689 --> 00:04:15,970

gonna move on we're gonna talk about

80

00:04:23,870 --> 00:04:21,699

project serpo and i today took some time

81

00:04:27,210 --> 00:04:23,880

and really tried to dig into this

82

00:04:30,390 --> 00:04:27,220

amazing story and I'm gonna be honest

83

00:04:32,430 --> 00:04:30,400

because I am NOT an expert on it if you

84

00:04:35,430 --> 00:04:32,440

sit down and talk to me about Roswell as

85

00:04:36,770 --> 00:04:35,440

most of you know I can go on and on and

86

00:04:40,700 --> 00:04:36,780

on about Roswell

87

00:04:43,880 --> 00:04:40,710

but tonight special guests I think can

88

00:04:45,920 --> 00:04:43,890

do that with project serpo so what I'm

89

00:04:48,470 --> 00:04:45,930

going to do is give you a brief summary

90

00:04:51,830 --> 00:04:48,480

and introduction and then I'm going to

91

00:04:53,960 --> 00:04:51,840

kind of ask him some questions and if

92

00:04:56,240 --> 00:04:53,970

anybody is in the chat room has some

93

00:04:59,300 --> 00:04:56,250

questions like Oh wolf man mics in the

94

00:05:01,070 --> 00:04:59,310

chat tonight welcome welcome

95

00:05:04,220 --> 00:05:01,080

alien on board is in the chat room

96

00:05:06,830 --> 00:05:04,230

tonight what's up Balian what's going on

97

00:05:08,660 --> 00:05:06,840

and by the way alien on board if you

98

00:05:11,240 --> 00:05:08,670

have anything you want to contribute

99

00:05:12,800 --> 00:05:11,250

please send it over chat I know that

100

00:05:17,200 --> 00:05:12,810

you've been researching this as well

101

00:05:23,000 --> 00:05:17,210

here is the story in a nutshell in the

102

00:05:25,700 --> 00:05:23,010

60s I believe that correct the 60s that

103

00:05:29,420 --> 00:05:25,710

this yeah well obviously a ties into

104

00:05:31,490 --> 00:05:29,430

Roswell so when Roswell happened 47 but

105

00:05:34,760 --> 00:05:31,500

it was a few years after that so but

106

00:05:36,980 --> 00:05:34,770

they did wait a small period before they

107

00:05:39,350 --> 00:05:36,990

actually took took the journey so I

108

00:05:41,390 --> 00:05:39,360

think it was the late 50s early 60s is

109

00:05:44,330 --> 00:05:41,400

when it actually took place right and

110

00:05:48,190 --> 00:05:44,340

and that's the 10-year gap enigmas yeah

111

00:05:52,280 --> 00:05:48,200

yeah we'll cover that but ultimately

112

00:05:55,790 --> 00:05:52,290

like Stanton Joe said it really stems

113

00:05:59,090 --> 00:05:55,800

from Rose Roswell and then there's this

114

00:06:04,760 --> 00:05:59,100

large gap of time where we send our own

115

00:06:08,719 --> 00:06:04,770

people to a planet near a binary star

116

00:06:13,520 --> 00:06:08,729

system and this planet is supposedly

117

00:06:15,740 --> 00:06:13,530

called serpo and I I'm not entirely

118

00:06:18,409 --> 00:06:15,750

certain in detail we're gonna have our

119

00:06:22,040 --> 00:06:18,419

special guest comment on that but it has

120

00:06:26,600 --> 00:06:22,050

something to do with in an exchange of

121

00:06:29,990 --> 00:06:26,610

Technology a flying disc that has had

122

00:06:32,900 --> 00:06:30,000

been had basically been gifted to us we

123

00:06:36,290 --> 00:06:32,910

a lot of people refer to as the Kingman

124

00:06:39,140 --> 00:06:36,300

crash in Arizona this was a Kingman

125

00:06:42,500 --> 00:06:39,150

landing UFO saucer landing

126
00:06:46,820 --> 00:06:42,510
in Arizona and this is where this story

127
00:06:48,200 --> 00:06:46,830
starts to get all tied up and weird so

128
00:06:53,800 --> 00:06:48,210
let's start it trying to start from the

129
00:06:56,300 --> 00:06:53,810
beginning we have this landed spaceship

130
00:06:59,750 --> 00:06:56,310
flying saucer whatever you call it out

131
00:07:01,820 --> 00:06:59,760
in the middle of the desert we take it

132
00:07:03,439 --> 00:07:01,830
and we put it on a barge isn't that

133
00:07:07,040 --> 00:07:03,449
isn't that what we essentially did

134
00:07:08,900 --> 00:07:07,050
standing Joe we yeah they they

135
00:07:11,420 --> 00:07:08,910
essentially gave it to us so we could

136
00:07:13,370 --> 00:07:11,430
you know back engineering it as sort of

137
00:07:15,800 --> 00:07:13,380
a gift like you said it was just like

138
00:07:17,659 --> 00:07:15,810

you know it was further on in the

139

00:07:20,690 --> 00:07:17,669

exchange program as a good token because

140

00:07:24,969 --> 00:07:20,700

I guess the species that they this

141

00:07:29,750 --> 00:07:24,979

exchange program had were they were good

142

00:07:31,340 --> 00:07:29,760

they were they were you know you know

143

00:07:33,440 --> 00:07:31,350

they were they were cool with humans

144

00:07:36,710 --> 00:07:33,450

right and these are these the Zeta

145

00:07:39,200 --> 00:07:36,720

reticulan Reticuli aliens correct yes

146

00:07:41,210 --> 00:07:39,210

also known as evens is not crap evens

147

00:07:43,370 --> 00:07:41,220

yeah that's the government named them

148

00:07:45,620 --> 00:07:43,380

even evens you know II bees you know

149

00:07:46,640 --> 00:07:45,630

right and just to kind of update anybody

150

00:07:48,730 --> 00:07:46,650

who's not sure

151
00:07:52,070 --> 00:07:48,740
every E is just an acronym for

152
00:07:54,469 --> 00:07:52,080
extraterrestrial biological entity as is

153
00:07:58,000 --> 00:07:54,479
even it's just another way of kind of

154
00:08:00,890 --> 00:07:58,010
doing that I think even as a more I

155
00:08:03,589 --> 00:08:00,900
think that's a more official term that

156
00:08:06,320 --> 00:08:03,599
I've heard of so we get this technology

157
00:08:11,150 --> 00:08:06,330
delivered to us it is then transferred

158
00:08:16,190 --> 00:08:11,160
to a base not far from there which we

159
00:08:17,540 --> 00:08:16,200
call area 51 and that is where the start

160
00:08:22,760 --> 00:08:17,550
of the back-engineering

161
00:08:24,920 --> 00:08:22,770
of craft had started so-called that's it

162
00:08:29,360 --> 00:08:24,930
according to this story which makes me

163
00:08:31,400 --> 00:08:29,370

wonder standing Joe was was that the

164

00:08:34,159 --> 00:08:31,410

saucer that Bob Lazar

165

00:08:36,279 --> 00:08:34,169

was working on do you think I was always

166

00:08:39,949 --> 00:08:36,289

thinking that as well

167

00:08:42,079 --> 00:08:39,959

but the only the event that author Len

168

00:08:45,140 --> 00:08:42,089

castings who you know wrote the book

169

00:08:48,290 --> 00:08:45,150

project circle based on you know the

170

00:08:49,579 --> 00:08:48,300

story and the lita pretty much that this

171

00:08:51,980 --> 00:08:49,589

this whole thing was leaked on the

172

00:08:52,490 --> 00:08:51,990

internet by an anonymous source in like

173

00:08:57,470 --> 00:08:52,500

two

174

00:08:59,810 --> 00:08:57,480

five and you know bill Ryan from project

175

00:09:04,070 --> 00:08:59,820

kilowatt he actually turned all those

176
00:09:06,160 --> 00:09:04,080
leaked emails that this anonymous sauce

177
00:09:08,000 --> 00:09:06,170
you know leaked onto the Internet

178
00:09:11,990 --> 00:09:08,010
through the wolf to blow the whistle

179
00:09:14,690 --> 00:09:12,000
blow it was like a former executive of

180
00:09:16,520 --> 00:09:14,700
the fence intelligence so he was really

181
00:09:18,140 --> 00:09:16,530
high up this is where this all these

182
00:09:19,880 --> 00:09:18,150
leaked information kind of came from

183
00:09:23,690 --> 00:09:19,890
obviously he didn't put it on the

184
00:09:26,600 --> 00:09:23,700
Internet this anonymous Austin and Bill

185
00:09:28,820 --> 00:09:26,610
Ryan actually turned into circle org so

186
00:09:29,390 --> 00:09:28,830
when you check that website alright

187
00:09:33,560 --> 00:09:29,400
Emmett

188
00:09:35,660 --> 00:09:33,570

yes awesome and in 2005-2006

189

00:09:37,250 --> 00:09:35,670

that went you know that went live don't

190

00:09:37,940 --> 00:09:37,260

write and put that up and you could go

191

00:09:40,250 --> 00:09:37,950

on there

192

00:09:41,960 --> 00:09:40,260

i'ma back in like 2008 I would go on

193

00:09:44,960 --> 00:09:41,970

there every now and then he would

194

00:09:47,030 --> 00:09:44,970

constantly update it with the emails

195

00:09:50,900 --> 00:09:47,040

that were being leaked and this is the

196

00:09:52,670 --> 00:09:50,910

source of the information so whether you

197

00:09:55,880 --> 00:09:52,680

believe the story or not this is pretty

198

00:09:58,910 --> 00:09:55,890

much where it's coming from and when

199

00:10:01,790 --> 00:09:58,920

cast ins was the he was just a author

200

00:10:03,440 --> 00:10:01,800

that you know wrote a book on it and he

201
00:10:05,630 --> 00:10:03,450
has a you know a wealth of information

202
00:10:09,950 --> 00:10:05,640
on it but all the information that he

203
00:10:13,310 --> 00:10:09,960
has he you know he got from this

204
00:10:16,010 --> 00:10:13,320
anonymous leaker which is essentially

205
00:10:17,810 --> 00:10:16,020
kind of by the way ladies and gentlemen

206
00:10:19,550 --> 00:10:17,820
this you know you definitely should

207
00:10:21,110 --> 00:10:19,560
check out that site we're just

208
00:10:24,460 --> 00:10:21,120
summarizing it because we've only got

209
00:10:27,560 --> 00:10:24,470
about 45 minutes so somewhere between

210
00:10:32,900 --> 00:10:27,570
receiving this technology back

211
00:10:36,230 --> 00:10:32,910
engineering it and the crashed Roswell

212
00:10:39,579 --> 00:10:36,240
did this with what was said to have like

213
00:10:42,980 --> 00:10:39,589

we talked about before a live being was

214

00:10:45,680 --> 00:10:42,990

taken into custody and this story starts

215

00:10:48,350 --> 00:10:45,690

here one survived yep just one survived

216

00:10:50,120 --> 00:10:48,360

and one being survived that's where the

217

00:10:52,760 --> 00:10:50,130

project came from and that's where I'm

218

00:10:55,220 --> 00:10:52,770

gonna turn it over to you stand-in Joe I

219

00:10:58,430 --> 00:10:55,230

want you to go from the point where here

220

00:11:03,620 --> 00:10:58,440

we are with this even just crashed here

221

00:11:05,190 --> 00:11:03,630

in 47 and we are now and then not too

222

00:11:07,050 --> 00:11:05,200

not too long

223

00:11:11,160 --> 00:11:07,060

do that we have a landing in Kingman

224

00:11:13,829 --> 00:11:11,170

Arizona yep and all this stuff's at area

225

00:11:16,470 --> 00:11:13,839

51 go ahead and take us on a journey to

226

00:11:19,829 --> 00:11:16,480

what the hexer po is how this happened

227

00:11:22,860 --> 00:11:19,839

and I'm gonna turn it over to you yeah I

228

00:11:25,590 --> 00:11:22,870

mean the the short version exactly one

229

00:11:28,379 --> 00:11:25,600

one even survived in the Roswell crash

230

00:11:32,850 --> 00:11:28,389

and over time we were able to

231

00:11:35,310 --> 00:11:32,860

communicate with it and obviously you

232

00:11:37,170 --> 00:11:35,320

know that being was you know hidden

233

00:11:38,939 --> 00:11:37,180

somewhere that from from you know the

234

00:11:41,699 --> 00:11:38,949

public wasn't obvious to anybody just

235

00:11:45,780 --> 00:11:41,709

the government atom and somehow they

236

00:11:49,230 --> 00:11:45,790

were able to communicate with his beings

237

00:11:51,350 --> 00:11:49,240

again this is how the story goes so you

238

00:11:55,350 --> 00:11:51,360

know the whistleblower testimony says

239

00:11:58,590 --> 00:11:55,360

and there was contact furious later they

240

00:12:00,780 --> 00:11:58,600

were able to come back and we that's

241

00:12:02,550 --> 00:12:00,790

when we had put together a team and we

242

00:12:05,610 --> 00:12:02,560

had thought that when they were coming

243

00:12:07,829 --> 00:12:05,620

back that that's when the exchange

244

00:12:10,230 --> 00:12:07,839

program took place but actually they

245

00:12:12,660 --> 00:12:10,240

weren't quite ready yet and we you know

246

00:12:15,480 --> 00:12:12,670

weren't quite ready yet so that's where

247

00:12:19,310 --> 00:12:15,490

those ten years came in when we had

248

00:12:22,560 --> 00:12:19,320

picked our 12 they had finally picked 12

249

00:12:24,420 --> 00:12:22,570

humans to go on this exchange program

250

00:12:26,490 --> 00:12:24,430

and that's where the whole you know

251
00:12:28,470 --> 00:12:26,500
Close Encounters of the Third Kind movie

252
00:12:30,000 --> 00:12:28,480
comes in there's a ton of information

253
00:12:31,860 --> 00:12:30,010
and that will get at if you want we can

254
00:12:33,720 --> 00:12:31,870
talk about as well they show you know

255
00:12:35,610 --> 00:12:33,730
the 12 people going into the craft at

256
00:12:37,620 --> 00:12:35,620
the end of the movie they show the 12

257
00:12:40,139 --> 00:12:37,630
people in the middle so many parts of

258
00:12:42,990 --> 00:12:40,149
that movie his references to serpo

259
00:12:45,509 --> 00:12:43,000
project Scerbo and that specific will be

260
00:12:48,210 --> 00:12:45,519
right there that's well known even it

261
00:12:50,189 --> 00:12:48,220
anyway so yeah essentially you know the

262
00:12:52,319 --> 00:12:50,199
10 years past actually think that of us

263
00:12:56,610 --> 00:12:52,329

and years were so furious where was it

264

00:12:58,019 --> 00:12:56,620

was such top-secret that they I told

265

00:13:00,600 --> 00:12:58,029

guys they they put him in a prison

266

00:13:01,710 --> 00:13:00,610

Leavenworth for a little while oh let me

267

00:13:04,530 --> 00:13:01,720

not because they were gonna do anything

268

00:13:07,410 --> 00:13:04,540

bad but because they didn't want them to

269

00:13:09,509 --> 00:13:07,420

interact with anybody well until they

270

00:13:11,460 --> 00:13:09,519

were ready to go and they you know they

271

00:13:13,650 --> 00:13:11,470

went up and there was the exchange

272

00:13:15,750 --> 00:13:13,660

program and you know they were able to

273

00:13:18,629 --> 00:13:15,760

go back it took him like I think when it

274

00:13:20,789 --> 00:13:18,639

was like 9 or 10 months to get back to

275

00:13:24,629 --> 00:13:20,799

this is at a Reticuli star system and

276

00:13:27,689 --> 00:13:24,639

their planet and one died on the way up

277

00:13:30,090 --> 00:13:27,699

there this is so the story says that's

278

00:13:33,119 --> 00:13:30,100

right one of one of the humans died up I

279

00:13:38,309 --> 00:13:33,129

thought it was alright I thought it was

280

00:13:41,100 --> 00:13:38,319

to die to died in two stayed well one

281

00:13:42,960 --> 00:13:41,110

died on the way pop never even got there

282

00:13:44,939 --> 00:13:42,970

okay another one died

283

00:13:47,460 --> 00:13:44,949

what did she died while they were on the

284

00:13:51,569 --> 00:13:47,470

planet twelve or thirteen years

285

00:13:55,530 --> 00:13:51,579

Wow two of them stayed and then the

286

00:13:59,129 --> 00:13:55,540

remaining you know six is five or six

287

00:14:00,809 --> 00:13:59,139

they they won that back home and they

288

00:14:02,220 --> 00:14:00,819

probably died and you know the 80s or

289

00:14:04,949 --> 00:14:02,230

the early 90s if they loved the gnome

290

00:14:07,470 --> 00:14:04,959

will him the bike wow is actually don't

291

00:14:10,350 --> 00:14:07,480

worry that one of them like the captain

292

00:14:12,840 --> 00:14:10,360

who they actually nicknamed him mr. hero

293

00:14:14,429 --> 00:14:12,850

mm-hm he actually met the Pope and

294

00:14:16,049 --> 00:14:14,439

there's pictures of him meeting the Pope

295

00:14:18,689 --> 00:14:16,059

somewhere and there's a whole story

296

00:14:21,030 --> 00:14:18,699

behind that oh you know was in on and

297

00:14:23,489 --> 00:14:21,040

knew you got to meet him but again I'm

298

00:14:26,729 --> 00:14:23,499

not exactly sure how how should that is

299

00:14:30,269 --> 00:14:26,739

but well so I just want to take a moment

300

00:14:33,329 --> 00:14:30,279

and just stop for a second so we have 12

301
00:14:38,359 --> 00:14:33,339
human beings yes that had been selected

302
00:14:42,289 --> 00:14:38,369
through some process yeah to go to this

303
00:14:44,519 --> 00:14:42,299
home planet circle of the Zeta

304
00:14:48,629 --> 00:14:44,529
Reticulans a the reticular star system

305
00:14:50,280 --> 00:14:48,639
and let me ask you who what kind of

306
00:14:53,009 --> 00:14:50,290
people what were they what kind of

307
00:14:56,359 --> 00:14:53,019
people were involved were they picking a

308
00:14:59,729 --> 00:14:56,369
certain type of you know you know

309
00:15:02,369 --> 00:14:59,739
somebody who's you know an herb you know

310
00:15:04,350 --> 00:15:02,379
a botanist and or somebody that's a

311
00:15:06,509 --> 00:15:04,360
surgeon or you know can you give us an

312
00:15:08,699 --> 00:15:06,519
idea of what I think yeah I think they

313
00:15:11,909 --> 00:15:08,709

assembled sort of like a team you know I

314

00:15:14,759 --> 00:15:11,919

know the leader of like the captain he

315

00:15:17,189 --> 00:15:14,769

was in an older you know and you know

316

00:15:20,369 --> 00:15:17,199

his you know 50s or so where he had like

317

00:15:22,769 --> 00:15:20,379

that experience of leaving a squad so to

318

00:15:26,309 --> 00:15:22,779

speak but the other ones I guess they

319

00:15:28,379 --> 00:15:26,319

were you know 30s 40s you know probably

320

00:15:30,029 --> 00:15:28,389

some military experience I'm sure some

321

00:15:32,980 --> 00:15:30,039

of them were botanist chemist maybe

322

00:15:36,290 --> 00:15:32,990

teachers you know

323

00:15:37,520 --> 00:15:36,300

you know again sometimes top secret that

324

00:15:39,740 --> 00:15:37,530

you know the names of the people who

325

00:15:41,480 --> 00:15:39,750

went you know they you know know their

326

00:15:44,180 --> 00:15:41,490

exact profession but I'm sure they've

327

00:15:47,030 --> 00:15:44,190

selected people you know with those

328

00:15:51,650 --> 00:15:47,040

types of jobs and whatnot yeah cuz it

329

00:15:54,110 --> 00:15:51,660

seems is though that there there wasn't

330

00:15:57,130 --> 00:15:54,120

and I couldn't find necessarily like a

331

00:15:59,840 --> 00:15:57,140

really common thread of type of person

332

00:16:01,760 --> 00:15:59,850

except I did know that there was some

333

00:16:06,140 --> 00:16:01,770

controversy whether women went or not

334

00:16:09,740 --> 00:16:06,150

because I've heard that it was like ten

335

00:16:11,240 --> 00:16:09,750

men and two women or one woman or no

336

00:16:12,830 --> 00:16:11,250

women so there's a little bit of

337

00:16:16,010 --> 00:16:12,840

speculation on that I don't know if

338

00:16:18,110 --> 00:16:16,020

there is and it does show one or two

339

00:16:20,300 --> 00:16:18,120

women in the close encounters movie no

340

00:16:23,240 --> 00:16:20,310

it shows up around blonde lady and and I

341

00:16:25,970 --> 00:16:23,250

think another one another woman but Rob

342

00:16:28,040 --> 00:16:25,980

yeah that that's definitely speculation

343

00:16:30,200 --> 00:16:28,050

as well as it could have been twelve men

344

00:16:33,260 --> 00:16:30,210

it could have been you know ten men and

345

00:16:35,480 --> 00:16:33,270

two women again exactly those exact

346

00:16:37,280 --> 00:16:35,490

details will probably you know never

347

00:16:39,800 --> 00:16:37,290

officially you know when I went through

348

00:16:42,170 --> 00:16:39,810

all that and and it's it's it's that's

349

00:16:44,870 --> 00:16:42,180

like a gray area right there exactly you

350

00:16:47,290 --> 00:16:44,880

know could have been eleven now I know

351

00:16:50,000 --> 00:16:47,300

but supposedly the number was 12

352

00:16:52,100 --> 00:16:50,010

yeah and I think so yeah you know

353

00:16:53,600 --> 00:16:52,110

unfortunately we actually I mean no one

354

00:16:56,060 --> 00:16:53,610

else I just remember now was you know

355

00:16:59,720 --> 00:16:56,070

holding a little crash and some people

356

00:17:02,300 --> 00:16:59,730

say that you know when uh you know the

357

00:17:04,880 --> 00:17:02,310

one sauce of that actually crashed but

358

00:17:06,560 --> 00:17:04,890

you know was still assemble you know it

359

00:17:08,630 --> 00:17:06,570

didn't disintegrate that there was human

360

00:17:11,150 --> 00:17:08,640

body pots on the on the craft

361

00:17:14,180 --> 00:17:11,160

I don't really fly with that but the

362

00:17:16,040 --> 00:17:14,190

whole story awesome well but supposedly

363

00:17:18,620 --> 00:17:16,050

as what people say I know what are you

364

00:17:22,370 --> 00:17:18,630

hots on the car and that ties into the

365

00:17:27,200 --> 00:17:22,380

story because the this species of evens

366

00:17:29,620 --> 00:17:27,210

they were really into science and you

367

00:17:32,920 --> 00:17:29,630

know the the body and DNA

368

00:17:35,650 --> 00:17:32,930

and geology and and and plant life and

369

00:17:39,720 --> 00:17:35,660

just anything that you know you know

370

00:17:43,150 --> 00:17:39,730

revolves around life and they actually

371

00:17:44,890 --> 00:17:43,160

when that when the one human will

372

00:17:47,680 --> 00:17:44,900

actually died on his way up it's just

373

00:17:49,300 --> 00:17:47,690

surf out when they when the other eleven

374

00:17:51,660 --> 00:17:49,310

found out that he had died and there was

375

00:17:55,270 --> 00:17:51,670

nothing do they ask for the body and the

376

00:17:58,060 --> 00:17:55,280

even Zuri had chopped him up oh my god

377

00:18:00,910 --> 00:17:58,070

and they chopped him up and they won't

378

00:18:03,190 --> 00:18:00,920

fight on the way up because you know the

379

00:18:05,140 --> 00:18:03,200

humans were pissed because that's you am

380

00:18:06,940 --> 00:18:05,150

an atheist basically after they knew you

381

00:18:08,740 --> 00:18:06,950

would they couldn't say when he died you

382

00:18:11,380 --> 00:18:08,750

know they didn't want him to die but he

383

00:18:14,290 --> 00:18:11,390

did you know and and they chopped them

384

00:18:15,790 --> 00:18:14,300

up and they with the humans with the

385

00:18:17,920 --> 00:18:15,800

stoppeth they tried to explain you know

386

00:18:20,290 --> 00:18:17,930

notes so if we do this is how science

387

00:18:22,830 --> 00:18:20,300

you know we study it we this and that

388

00:18:25,420 --> 00:18:22,840

and so supposedly all those body pots

389

00:18:27,370 --> 00:18:25,430

work they went they don't beat humans

390

00:18:30,250 --> 00:18:27,380

they don't eat flesh they're not like

391

00:18:31,960 --> 00:18:30,260

that but they were they had that as an

392

00:18:34,660 --> 00:18:31,970

exchange you know they would get that

393

00:18:36,430 --> 00:18:34,670

was given to them for study I see I see

394

00:18:38,320 --> 00:18:36,440

and so that's where that whole story

395

00:18:40,150 --> 00:18:38,330

comes in so that's what the experiment

396

00:18:43,780 --> 00:18:40,160

started Neela play it off as their their

397

00:18:46,180 --> 00:18:43,790

flesh eating you know alien oh this is

398

00:18:47,710 --> 00:18:46,190

the truth that that wasn't the case at

399

00:18:50,680 --> 00:18:47,720

all it's that they were given those body

400

00:18:52,510 --> 00:18:50,690

Pods as for studying and for research

401
00:18:55,840 --> 00:18:52,520
for their own research they go around

402
00:18:58,480 --> 00:18:55,850
the galaxy collecting species and things

403
00:19:00,370 --> 00:18:58,490
like that they're not harmful it's just

404
00:19:02,890 --> 00:19:00,380
what they do that's just that's there

405
00:19:05,260 --> 00:19:02,900
there's very smart you know in there and

406
00:19:07,870 --> 00:19:05,270
that's where that whole story so they

407
00:19:09,160 --> 00:19:07,880
crammed on gym and all those body pods

408
00:19:11,860 --> 00:19:09,170
work

409
00:19:14,890 --> 00:19:11,870
food it was for studying in for research

410
00:19:19,270 --> 00:19:14,900
so that's what that ties into now let me

411
00:19:21,790 --> 00:19:19,280
ask you so just to clarify here now

412
00:19:24,940 --> 00:19:21,800
we're you know to talk tying into

413
00:19:26,860 --> 00:19:24,950

Roswell yep which kind of really builds

414

00:19:28,870 --> 00:19:26,870

on this story you know it's such a huge

415

00:19:30,810 --> 00:19:28,880

story and then we add this on top of it

416

00:19:33,910 --> 00:19:30,820

it's like whoa

417

00:19:40,180 --> 00:19:33,920

so we've got let's go back to our are

418

00:19:42,610 --> 00:19:40,190

twelve earthly people what happens when

419

00:19:44,710 --> 00:19:42,620

they get on the ship

420

00:19:47,830 --> 00:19:44,720

how long does it take them to get to

421

00:19:50,320 --> 00:19:47,840

surf oh and do you know of any you know

422

00:19:52,900 --> 00:19:50,330

telling or story of what they

423

00:19:56,020 --> 00:19:52,910

experienced they're getting on board yep

424

00:19:57,940 --> 00:19:56,030

beings from another planet and going to

425

00:20:02,190 --> 00:19:57,950

their planet if this indeed happened so

426

00:20:05,140 --> 00:20:02,200

by all means explain that a little yeah

427

00:20:07,180 --> 00:20:05,150

but what the email say delete emails and

428

00:20:09,220 --> 00:20:07,190

what you know though Ryan is you know

429

00:20:10,980 --> 00:20:09,230

what he posted on syrup without all over

430

00:20:13,660 --> 00:20:10,990

the years and again this was updated

431

00:20:15,960 --> 00:20:13,670

almost daily for years so there's so

432

00:20:18,640 --> 00:20:15,970

much information right it's it's through

433

00:20:20,320 --> 00:20:18,650

it was a mothership because the little

434

00:20:23,140 --> 00:20:20,330

ships you know that crashed in Roswell

435

00:20:25,840 --> 00:20:23,150

obviously are you know gonna fly through

436

00:20:27,760 --> 00:20:25,850

the galaxy they're not big you know

437

00:20:29,350 --> 00:20:27,770

they're not meant for warp speed and you

438

00:20:31,270 --> 00:20:29,360

know we're talking 40 you know

439

00:20:35,200 --> 00:20:31,280

light-years away this is a long you know

440

00:20:36,880 --> 00:20:35,210

million light years is very far so they

441

00:20:38,710 --> 00:20:36,890

obviously had a mothership in the area

442

00:20:40,390 --> 00:20:38,720

so the mothership is huge I mean one of

443

00:20:42,190 --> 00:20:40,400

the guys one of the human says that he

444

00:20:44,740 --> 00:20:42,200

walks into a room that had a hundred

445

00:20:46,570 --> 00:20:44,750

foot ceiling this was inside the

446

00:20:48,700 --> 00:20:46,580

spaceship so the spaceship was enormous

447

00:20:51,970 --> 00:20:48,710

they were able the humans were able to

448

00:20:53,500 --> 00:20:51,980

take human jeeps and weapons they were

449

00:20:55,299 --> 00:20:53,510

really a comedy and they let him take

450

00:20:58,240 --> 00:20:55,309

him with anything that they wanted food

451
00:20:59,710 --> 00:20:58,250
so they had enough room to them they

452
00:21:01,890 --> 00:20:59,720
owned their own little quarters on the

453
00:21:04,900 --> 00:21:01,900
ship and I guess because the ship was

454
00:21:06,970 --> 00:21:04,910
traveling in a way where we weren't used

455
00:21:09,880 --> 00:21:06,980
to it it made them sick if they left

456
00:21:11,530 --> 00:21:09,890
this area that they had for the humans

457
00:21:15,580 --> 00:21:11,540
so they were able to have beach their

458
00:21:17,650 --> 00:21:15,590
own being a little dwelling and as long

459
00:21:20,770 --> 00:21:17,660
as they stayed in there they were they

460
00:21:22,630 --> 00:21:20,780
they were fine and they pretty much

461
00:21:25,060 --> 00:21:22,640
stayed in there the whole time and I

462
00:21:27,640 --> 00:21:25,070
guess it took them about nine or ten

463
00:21:28,990 --> 00:21:27,650

months you know I mean I know if it was

464

00:21:30,580 --> 00:21:29,000

they weren't straight or if they took a

465

00:21:33,010 --> 00:21:30,590

stop and rather plan it on the way I

466

00:21:34,810 --> 00:21:33,020

have no idea this sound doesn't say but

467

00:21:37,660 --> 00:21:34,820

took about nine months to get from Earth

468

00:21:40,690 --> 00:21:37,670

to you know their star systems that are

469

00:21:43,200 --> 00:21:40,700

articulate right so let's say now here

470

00:21:47,950 --> 00:21:43,210

we are we've got our twelve citizens

471

00:21:50,650 --> 00:21:47,960

what do they find on Sun serpo what is

472

00:21:53,440 --> 00:21:50,660

what is the vegetation like what is the

473

00:21:55,060 --> 00:21:53,450

landscape of buildings it was a binary

474

00:21:58,720 --> 00:21:55,070

star system so

475

00:22:01,840 --> 00:21:58,730

their planet you could see two suns so

476
00:22:02,980 --> 00:22:01,850
it was really hot for them and that was

477
00:22:05,110 --> 00:22:02,990
one thing they didn't like was the heat

478
00:22:06,490 --> 00:22:05,120
but as far as the atmosphere and

479
00:22:08,409 --> 00:22:06,500
everything there's oxygen they were able

480
00:22:11,999 --> 00:22:08,419
to breathe you know they were able to

481
00:22:15,639 --> 00:22:12,009
the other than that you know the heat

482
00:22:18,009 --> 00:22:15,649
which is like being in a desert you know

483
00:22:19,389 --> 00:22:18,019
was the description eventually the

484
00:22:20,919 --> 00:22:19,399
longer they were there they were able to

485
00:22:24,490 --> 00:22:20,929
go on to a different part of the planet

486
00:22:27,070 --> 00:22:24,500
that wasn't as warm and they had a lot

487
00:22:28,899 --> 00:22:27,080
of dwellings that went down inside the

488
00:22:31,180 --> 00:22:28,909

earth where it's obviously naturally

489

00:22:33,639 --> 00:22:31,190

cooler so they were able to go in there

490

00:22:35,560 --> 00:22:33,649

but it was a planet that was completely

491

00:22:37,450 --> 00:22:35,570

open to all sorts of beings so the

492

00:22:39,610 --> 00:22:37,460

humans said while they were there wasn't

493

00:22:41,619 --> 00:22:39,620

like a big deal even's didn't care that

494

00:22:44,259 --> 00:22:41,629

they were there because they was of a

495

00:22:46,779 --> 00:22:44,269

you know extraterrestrial life coming

496

00:22:55,330 --> 00:22:46,789

and going all day long you know right

497

00:22:57,070 --> 00:22:55,340

just another day for them you know could

498

00:22:59,619 --> 00:22:57,080

have been a human colony already there

499

00:23:02,590 --> 00:22:59,629

and there by somewhere now so here we

500

00:23:04,389 --> 00:23:02,600

are on this planet it's hot as hell yeah

501
00:23:05,860 --> 00:23:04,399
at the grill hot because I heard that

502
00:23:07,869 --> 00:23:05,870
they've landed somewhere on the equator

503
00:23:09,419 --> 00:23:07,879
of the planet yeah it was like really

504
00:23:12,279 --> 00:23:09,429
really tough day today live hundred

505
00:23:14,529 --> 00:23:12,289
gonzalo minute yeah it was just like a

506
00:23:18,460 --> 00:23:14,539
hundred forty degrees Oh something like

507
00:23:20,619 --> 00:23:18,470
that some crazy temperature and now I

508
00:23:23,019 --> 00:23:20,629
remember I'm just gonna kind of fast

509
00:23:29,590 --> 00:23:23,029
forward yeah because I want to get to

510
00:23:31,210 --> 00:23:29,600
the culture and it matches and I'm just

511
00:23:36,249 --> 00:23:31,220
gonna say I heard that evens love

512
00:23:39,430 --> 00:23:36,259
dancing and they love vocalization they

513
00:23:41,860 --> 00:23:39,440

plan it actually it was only like again

514

00:23:43,840 --> 00:23:41,870

this is completely according to The

515

00:23:45,759 --> 00:23:43,850

Whistleblower testimony and the

516

00:23:47,320 --> 00:23:45,769

anonymous emails that were leaked that

517

00:23:49,779 --> 00:23:47,330

there was only about six hundred

518

00:23:50,830 --> 00:23:49,789

thousand beings that live that resided

519

00:23:53,200 --> 00:23:50,840

that was right you know

520

00:23:55,240 --> 00:23:53,210

preg native to that planet what'd you

521

00:23:58,060 --> 00:23:55,250

figure with how many people are in this

522

00:24:00,399 --> 00:23:58,070

in this world you know it's a stupid

523

00:24:01,899 --> 00:24:00,409

amount compared to that you know so they

524

00:24:03,940 --> 00:24:01,909

had a lot under control

525

00:24:06,220 --> 00:24:03,950

and from what I understand it was a

526
00:24:08,440 --> 00:24:06,230
police state how did you read about that

527
00:24:08,980 --> 00:24:08,450
where they had a wear bracelets I would

528
00:24:11,440 --> 00:24:08,990
not

529
00:24:13,330 --> 00:24:11,450
to eat they were told when to sleep but

530
00:24:15,010 --> 00:24:13,340
it wasn't like we thought we would we

531
00:24:17,290 --> 00:24:15,020
would relate to that as like being in

532
00:24:19,030 --> 00:24:17,300
prison where they were perfectly happy

533
00:24:21,640 --> 00:24:19,040
because they didn't really work they

534
00:24:23,470 --> 00:24:21,650
didn't have to worry about food all the

535
00:24:26,260 --> 00:24:23,480
food was given to everything essentially

536
00:24:29,799 --> 00:24:26,270
everything that they needed was just

537
00:24:31,930 --> 00:24:29,809
given to them you know so like I'm

538
00:24:34,510 --> 00:24:31,940

physically fine when being told when to

539

00:24:40,150 --> 00:24:34,520

eat and whatnot because they were always

540

00:24:43,810 --> 00:24:40,160

happy and that's good I would like to go

541

00:24:45,880 --> 00:24:43,820

to a planet where my things are taken

542

00:24:49,240 --> 00:24:45,890

care of and and I'm happy all the time

543

00:24:53,140 --> 00:24:49,250

now they're there they're witnessing

544

00:24:55,510 --> 00:24:53,150

this culture the even's dancing up there

545

00:24:57,970 --> 00:24:55,520

like chant music they were into like the

546

00:25:00,430 --> 00:24:57,980

chanting type of music and which

547

00:25:03,030 --> 00:25:00,440

apparently they were very spirited yeah

548

00:25:05,320 --> 00:25:03,040

high vocalizations that sounded very

549

00:25:07,350 --> 00:25:05,330

almost computer ish

550

00:25:09,250 --> 00:25:07,360

I guess exactly it was Harriet

551
00:25:15,720 --> 00:25:09,260
high-pitched in it which sounds

552
00:25:19,810 --> 00:25:15,730
terrifying too and happy beings but now

553
00:25:21,610 --> 00:25:19,820
they're on the planet ten plus years now

554
00:25:24,130 --> 00:25:21,620
do you can you walk us through who you

555
00:25:25,720 --> 00:25:24,140
know the people that decided to stay do

556
00:25:28,510 --> 00:25:25,730
we know why they decided to stay on

557
00:25:31,090 --> 00:25:28,520
serpo can you you know give us an e l

558
00:25:33,070 --> 00:25:31,100
don't know I think I guess there's truth

559
00:25:35,919 --> 00:25:33,080
at the side of the state maybe that was

560
00:25:37,480 --> 00:25:35,929
born late you know guys and the girls

561
00:25:39,340 --> 00:25:37,490
and they were in love and they just

562
00:25:43,210 --> 00:25:39,350
thought that they would stay there that

563
00:25:46,060 --> 00:25:43,220

was one of the assumptions but I have no

564

00:25:48,160 --> 00:25:46,070

idea I'm not sure what that we know

565

00:25:51,150 --> 00:25:48,170

interesting I mean what was it you know

566

00:25:54,760 --> 00:25:51,160

I wonder was it was it a utopia was it

567

00:25:57,549 --> 00:25:54,770

what did it have lots of plant life or

568

00:25:59,710 --> 00:25:57,559

yeah I mean they I guess the food it was

569

00:26:02,049 --> 00:25:59,720

a little while for them to digest food

570

00:26:06,730 --> 00:26:02,059

but after a while our bodies took to it

571

00:26:08,500 --> 00:26:06,740

fine it seemed like a fine place but the

572

00:26:11,440 --> 00:26:08,510

thing I got from was just how

573

00:26:14,320 --> 00:26:11,450

accommodating and and friendly they were

574

00:26:17,890 --> 00:26:14,330

and they were all happy even though they

575

00:26:21,919 --> 00:26:17,900

were all you know very much controlled

576

00:26:25,879 --> 00:26:21,929

by something you know our people

577

00:26:28,399 --> 00:26:25,889

that anyone of significance and in their

578

00:26:30,859 --> 00:26:28,409

society like we didn't meet and because

579

00:26:32,840 --> 00:26:30,869

it wasn't that big of a deal for them

580

00:26:35,230 --> 00:26:32,850

another race to go there wait wait for

581

00:26:38,149 --> 00:26:35,240

us it would be different you know

582

00:26:41,359 --> 00:26:38,159

because that's never publicly happened

583

00:26:43,669 --> 00:26:41,369

to here you know right you know what I

584

00:26:44,930 --> 00:26:43,679

mean but there like I said I mean they

585

00:26:46,430 --> 00:26:44,940

go there they think they're gonna get

586

00:26:47,960 --> 00:26:46,440

the royal treatment you know the

587

00:26:49,989 --> 00:26:47,970

president's gonna come out they're gonna

588

00:26:52,609 --> 00:26:49,999

and it didn't happen like that at all

589

00:26:56,930 --> 00:26:52,619

they were like kept secluded I mean

590

00:26:57,139 --> 00:26:56,940

again it was they people were very you

591

00:27:00,680 --> 00:26:57,149

know

592

00:27:02,869 --> 00:27:00,690

hospitable but it was not a big deal at

593

00:27:04,759 --> 00:27:02,879

all for them to show up 11:00 I'm cuz

594

00:27:07,820 --> 00:27:04,769

one of them died because there was it

595

00:27:10,009 --> 00:27:07,830

was aliens et other life coming and

596

00:27:12,769 --> 00:27:10,019

going on a daily basis on that planet

597

00:27:14,180 --> 00:27:12,779

there's nothing for them so stand-in Joe

598

00:27:16,310 --> 00:27:14,190

I'm gonna go to the chat room here

599

00:27:17,180 --> 00:27:16,320

because yes sir alien on board has a

600

00:27:21,590 --> 00:27:17,190

good question

601
00:27:25,690 --> 00:27:21,600
awesome for both of us and he says would

602
00:27:28,669 --> 00:27:25,700
you guys stay if you went absolutely I

603
00:27:29,869 --> 00:27:28,679
would go if standing Joe was there

604
00:27:32,619 --> 00:27:29,879
because we could talk the whole time

605
00:27:35,690 --> 00:27:32,629
we'd probably drive the planet crazy all

606
00:27:38,090 --> 00:27:35,700
600,000 of them that'd be fun I would do

607
00:27:40,489 --> 00:27:38,100
it illegal I would stay why you have one

608
00:27:41,419 --> 00:27:40,499
life I mean we know what's here I would

609
00:27:45,440 --> 00:27:41,429
love to

610
00:27:47,859 --> 00:27:45,450
I don't know wait coming back would be

611
00:27:53,600 --> 00:27:47,869
and let's talk about that because I

612
00:27:54,399 --> 00:27:53,610
wonder what kind of kind what calling

613
00:28:02,060 --> 00:27:54,409

old

614

00:28:06,440 --> 00:28:02,070

that's my Childress impression you won't

615

00:28:09,409 --> 00:28:06,450

get David chilled oak I'm sorry okay and

616

00:28:15,799 --> 00:28:09,419

I'm done but what was I talking about

617

00:28:17,840 --> 00:28:15,809

see you know if you were gonna stay I

618

00:28:21,320 --> 00:28:17,850

gotta tell you Joe you are right on

619

00:28:27,289 --> 00:28:21,330

today you are just spot-on helping me

620

00:28:31,070 --> 00:28:27,299

out I love it so stay yes but what about

621

00:28:35,049 --> 00:28:31,080

the people that came back and

622

00:28:38,659 --> 00:28:35,059

did they experience any kind of

623

00:28:40,940 --> 00:28:38,669

reintegration issues you know any

624

00:28:44,119 --> 00:28:40,950

emotional distress do you know anything

625

00:28:46,759 --> 00:28:44,129

about the survivors the return that the

626

00:28:49,879 --> 00:28:46,769

people that returned you know the the

627

00:28:52,419 --> 00:28:49,889

only thing that's out there is the one

628

00:28:55,190 --> 00:28:52,429

person I said where the his nickname was

629

00:28:57,139 --> 00:28:55,200

they missed the hero of something like

630

00:29:00,080 --> 00:28:57,149

that I think it was actually miss mr.

631

00:29:02,149 --> 00:29:00,090

hero and he might have been the captain

632

00:29:07,099 --> 00:29:02,159

he might have been you know the leader

633

00:29:10,789 --> 00:29:07,109

and he in 1978 got to meet with the Pope

634

00:29:13,820 --> 00:29:10,799

whether the Pope was in 78 and so the

635

00:29:15,710 --> 00:29:13,830

pulp do I mean probably their you know

636

00:29:18,830 --> 00:29:15,720

the I'm sure he's kind of a lot of you

637

00:29:23,269 --> 00:29:18,840

know inside knowledge that we'll never

638

00:29:24,019 --> 00:29:23,279

know and yeah and that's it but I'm for

639

00:29:25,639 --> 00:29:24,029

everyone else

640

00:29:27,830 --> 00:29:25,649

then they obviously weren't going to be

641

00:29:30,349 --> 00:29:27,840

able to write a book on it you know I

642

00:29:32,330 --> 00:29:30,359

mean that's not something that was gonna

643

00:29:32,930 --> 00:29:32,340

happen as you know they keep that under

644

00:29:39,159 --> 00:29:32,940

wraps

645

00:29:44,259 --> 00:29:39,169

I did recall a story of a woman who

646

00:29:47,269 --> 00:29:44,269

wrote a book of a very very similar

647

00:29:50,659 --> 00:29:47,279

experience it's completely separate from

648

00:29:54,049 --> 00:29:50,669

Project serpo but in the details of the

649

00:29:56,690 --> 00:29:54,059

story about the ship how long it took to

650

00:29:58,789 --> 00:29:56,700

get there what the culture was like and

651
00:30:06,820 --> 00:29:58,799
apparently she came back and wrote a

652
00:30:11,779 --> 00:30:09,470
you know the circle book that made you

653
00:30:14,239 --> 00:30:11,789
know the the main novels that they wrote

654
00:30:15,979 --> 00:30:14,249
you know right and like I said Justin's

655
00:30:17,899 --> 00:30:15,989
in the end there's another one that's

656
00:30:20,720 --> 00:30:17,909
been pretty popular well like I said

657
00:30:23,509 --> 00:30:20,730
this is a separate from serpo it's

658
00:30:28,220 --> 00:30:23,519
similar to so that was another exchange

659
00:30:30,399 --> 00:30:28,230
program that servo it's actually I'm not

660
00:30:32,989 --> 00:30:30,409
entirely certain if it was just like

661
00:30:37,249 --> 00:30:32,999
your kind of standard quote-unquote

662
00:30:39,769 --> 00:30:37,259
abduction case sure or if it was I don't

663
00:30:41,149 --> 00:30:39,779

you know what I think whoa okay it is

664

00:30:43,880 --> 00:30:41,159

actually a Torah

665

00:30:46,370 --> 00:30:43,890

I'm not sure clearly

666

00:30:47,870 --> 00:30:46,380

Betty and Barney Hill know all right

667

00:30:48,980 --> 00:30:47,880

because you know they you know the

668

00:30:51,830 --> 00:30:48,990

obviously you heard of them and their

669

00:30:54,019 --> 00:30:51,840

encounter and they she said that they

670

00:30:55,909 --> 00:30:54,029

also were taken to the Zeta Reticuli

671

00:30:59,750 --> 00:30:55,919

star system yeah I don't know if it was

672

00:31:01,460 --> 00:30:59,760

based on that yeah so maybe that's just

673

00:31:04,070 --> 00:31:01,470

where they've been taking us you know

674

00:31:06,590 --> 00:31:04,080

but then again you know alien abductions

675

00:31:08,389 --> 00:31:06,600

a whole other topic like you and I were

676
00:31:11,120 --> 00:31:08,399
talking about that again I mean these

677
00:31:13,220 --> 00:31:11,130
even say they were not into the whole

678
00:31:16,399 --> 00:31:13,230
abduction scene you know they're not the

679
00:31:18,610 --> 00:31:16,409
gray aliens that we're known for the

680
00:31:22,850 --> 00:31:18,620
abductions in the program you know these

681
00:31:24,470 --> 00:31:22,860
these beings were just you know we're

682
00:31:26,930 --> 00:31:24,480
just really no different from us they

683
00:31:30,470 --> 00:31:26,940
were just far more advanced from you

684
00:31:33,379 --> 00:31:30,480
know faraway place and they were really

685
00:31:36,590 --> 00:31:33,389
into the whole science of the universe

686
00:31:39,500 --> 00:31:36,600
and they went from planet to planet just

687
00:31:42,259 --> 00:31:39,510
you know collecting things that they

688
00:31:45,860 --> 00:31:42,269

deemed important to their science I will

689

00:31:51,049 --> 00:31:45,870

say it makes you wonder why they only

690

00:31:53,180 --> 00:31:51,059

have 600,000 actual you know habitants

691

00:31:56,299 --> 00:31:53,190

of that planet why what was that me yeah

692

00:31:59,029 --> 00:31:56,309

I mean imagine if Earth only at 600,000

693

00:32:01,009 --> 00:31:59,039

you know humans but we was set up like

694

00:32:03,139 --> 00:32:01,019

we are I mean we would probably get

695

00:32:05,180 --> 00:32:03,149

everything free as well be everything we

696

00:32:07,370 --> 00:32:05,190

would need but when you have millions of

697

00:32:08,060 --> 00:32:07,380

people you know that's me that's not

698

00:32:10,129 --> 00:32:08,070

possible

699

00:32:13,700 --> 00:32:10,139

it makes me think that there was

700

00:32:16,909 --> 00:32:13,710

probably genetic degradation over time

701
00:32:19,490 --> 00:32:16,919
maybe reproductive issues well I just

702
00:32:21,710 --> 00:32:19,500
think that maybe but I I think that it

703
00:32:23,840 --> 00:32:21,720
was a control planet but not controlled

704
00:32:27,399 --> 00:32:23,850
the way this planet it's controlled

705
00:32:30,350 --> 00:32:27,409
hidden with the hidden hand that planet

706
00:32:32,120 --> 00:32:30,360
like I know I guess my friend where they

707
00:32:35,960 --> 00:32:32,130
only could have they could be Mary but

708
00:32:38,060 --> 00:32:35,970
oh you only have one child I know I know

709
00:32:40,490 --> 00:32:38,070
I'm positive ever that one of the email

710
00:32:43,820 --> 00:32:40,500
said that was one of the you know the

711
00:32:47,840 --> 00:32:43,830
laws of of their of their societies owns

712
00:32:49,700 --> 00:32:47,850
only one one child per family huh yup

713
00:32:52,549 --> 00:32:49,710

sting they can only have one offspring

714

00:32:54,680 --> 00:32:52,559

per family thanks they called it so I

715

00:33:01,220 --> 00:32:54,690

guess what I'm getting at here

716

00:33:02,750 --> 00:33:01,230

is if there's only 600,000 is that are

717

00:33:05,060 --> 00:33:02,760

you saying that that is a number they

718

00:33:08,630 --> 00:33:05,070

strive to maintain what I'm asking is

719

00:33:11,150 --> 00:33:08,640

before you answer what I'm asking is if

720

00:33:12,920 --> 00:33:11,160

we're it's six billion and they're far

721

00:33:15,260 --> 00:33:12,930

more irrational I think we're coming up

722

00:33:18,910 --> 00:33:15,270

on eight billion people and let's say

723

00:33:23,270 --> 00:33:18,920

they're millions of years advanced and

724

00:33:25,790 --> 00:33:23,280

but they have 650,000 I'm asking the

725

00:33:29,810 --> 00:33:25,800

question was there some kind of plague

726

00:33:32,780 --> 00:33:29,820

or you know disruption to a planet or

727

00:33:35,510 --> 00:33:32,790

their species or their our genetics or

728

00:33:37,550 --> 00:33:35,520

whatever why why is there only six

729

00:33:41,590 --> 00:33:37,560

hundred thousand of these beings on a

730

00:33:45,440 --> 00:33:41,600

planet now that's a good question and I

731

00:33:50,080 --> 00:33:45,450

you know the feeling that I get from

732

00:33:53,180 --> 00:33:50,090

from reading all of the emails in the

733

00:33:55,190 --> 00:33:53,190

information on project serpo is that

734

00:33:57,890 --> 00:33:55,200

that's just how they want it I didn't

735

00:33:59,840 --> 00:33:57,900

get a feeling that they were playing you

736

00:34:05,360 --> 00:33:59,850

know it seems sick or anything like that

737

00:34:06,890 --> 00:34:05,370

doesn't seem to be any genetic issues

738

00:34:09,230 --> 00:34:06,900

going on over time

739

00:34:12,560 --> 00:34:09,240

like you care possibly with the gray

740

00:34:14,990 --> 00:34:12,570

aces it's I think that that's the

741

00:34:18,080 --> 00:34:15,000

number that functions best with their

742

00:34:19,640 --> 00:34:18,090

society they have established over time

743

00:34:22,010 --> 00:34:19,650

that that's the number that works for

744

00:34:24,560 --> 00:34:22,020

them I'm sure it fluctuates over time

745

00:34:27,290 --> 00:34:24,570

but they experienced debt supposedly

746

00:34:29,780 --> 00:34:27,300

just like us and they you know they and

747

00:34:32,270 --> 00:34:29,790

of course the birth and and they have

748

00:34:34,730 --> 00:34:32,280

offspring you know there's there only

749

00:34:36,800 --> 00:34:34,740

one per family there's a human Napoleon

750

00:34:39,590 --> 00:34:36,810

population yeah I think he's wrong I

751
00:34:41,270 --> 00:34:39,600
mean I think that works for them and you

752
00:34:42,710 --> 00:34:41,280
know just turning over to the chatroom

753
00:34:44,900 --> 00:34:42,720
because I think some of our chatters

754
00:34:49,280 --> 00:34:44,910
have you know our followers here they

755
00:34:50,870 --> 00:34:49,290
have some input as well war that's when

756
00:34:53,420 --> 00:34:50,880
I didn't think of which you know for

757
00:34:55,520 --> 00:34:53,430
obvious reasons sure according to alien

758
00:34:56,870 --> 00:34:55,530
on board I'm not sure where the source

759
00:34:59,270 --> 00:34:56,880
came from but he says that there was a

760
00:35:01,820 --> 00:34:59,280
100 year war that wiped out a lot of

761
00:35:03,530 --> 00:35:01,830
them and I don't recall me like I said I

762
00:35:05,260 --> 00:35:03,540
haven't done that much rest but yep

763
00:35:09,670 --> 00:35:05,270

there was that they were involved

764

00:35:12,760 --> 00:35:09,680

100 there we go presented several times

765

00:35:15,280 --> 00:35:12,770

on the leaked information they were

766

00:35:16,840 --> 00:35:15,290

involved in a hundred-year what I don't

767

00:35:18,580 --> 00:35:16,850

know I don't remember it saying that

768

00:35:21,850 --> 00:35:18,590

that's the reason why they only have six

769

00:35:23,860 --> 00:35:21,860

hundred thousand possibly but it's just

770

00:35:26,350 --> 00:35:23,870

the kind of things I think in a long

771

00:35:29,200 --> 00:35:26,360

time more like a hundred years it was a

772

00:35:31,600 --> 00:35:29,210

it was a serious war yes and that's just

773

00:35:32,740 --> 00:35:31,610

the kind of thing that stops me and some

774

00:35:34,270 --> 00:35:32,750

of these stories is I'm kind of

775

00:35:37,450 --> 00:35:34,280

exploring them going with how a second

776

00:35:39,730 --> 00:35:37,460

but in some ways it doesn't it doesn't

777

00:35:42,640 --> 00:35:39,740

subtract from the story I think it

778

00:35:46,870 --> 00:35:42,650

actually adds more depth to the story

779

00:35:49,900 --> 00:35:46,880

and sure and I just you know if I don't

780

00:35:52,420 --> 00:35:49,910

know let me ask you this and I'm gonna

781

00:35:57,250 --> 00:35:52,430

turn this over to also the people in the

782

00:36:02,260 --> 00:35:57,260

chat room if you could sit down with one

783

00:36:04,720 --> 00:36:02,270

of these you know earthling astronauts

784

00:36:09,580 --> 00:36:04,730

that you know took this incredible

785

00:36:11,350 --> 00:36:09,590

journey to a planet you know in a binary

786

00:36:15,820 --> 00:36:11,360

star system if you could sit down with

787

00:36:19,750 --> 00:36:15,830

them and under you know off the record

788

00:36:20,920 --> 00:36:19,760

and ask them you get to questions I'm

789

00:36:22,020 --> 00:36:20,930

gonna go ahead and turn it over to you

790

00:36:24,340 --> 00:36:22,030

first

791

00:36:25,570 --> 00:36:24,350

stand-in Joe what are the two questions

792

00:36:28,870 --> 00:36:25,580

you asked this person but you only get

793

00:36:33,730 --> 00:36:28,880

to two questions off the top of my head

794

00:36:35,380 --> 00:36:33,740

they I what I probably would ask it what

795

00:36:36,790 --> 00:36:35,390

did they see anything anything

796

00:36:38,800 --> 00:36:36,800

interesting probably all the way I want

797

00:36:41,380 --> 00:36:38,810

to know like what with the you know the

798

00:36:43,870 --> 00:36:41,390

the experience was like if they got to

799

00:36:47,440 --> 00:36:43,880

look at a window you know halfway there

800

00:36:49,810 --> 00:36:47,450

or if you know good to see any anything

801
00:36:52,420 --> 00:36:49,820
fascinating you know on the way to the

802
00:36:55,990 --> 00:36:52,430
star system probably one and probably

803
00:36:59,020 --> 00:36:56,000
two I would probably just you know maybe

804
00:37:01,630 --> 00:36:59,030
want to know what you know what the

805
00:37:03,550 --> 00:37:01,640
other planet just the sense is you know

806
00:37:05,710 --> 00:37:03,560
what it smells like what the ground

807
00:37:08,200 --> 00:37:05,720
feels like does it feel differently you

808
00:37:10,930 --> 00:37:08,210
know just basic stuff like that what do

809
00:37:12,700 --> 00:37:10,940
you people smell or feel like they're

810
00:37:16,000 --> 00:37:12,710
things like that you know that our

811
00:37:18,280 --> 00:37:16,010
senses that our clothes that we can all

812
00:37:18,850 --> 00:37:18,290
relate to you wanted to be honest with

813
00:37:20,980 --> 00:37:18,860

you

814

00:37:22,600 --> 00:37:20,990

think I would probably ask similar

815

00:37:25,540 --> 00:37:22,610

questions and relate through in a

816

00:37:27,820 --> 00:37:25,550

relation to census you know yeah how

817

00:37:30,010 --> 00:37:27,830

does your body feel on this point how

818

00:37:32,200 --> 00:37:30,020

does our body feel is there more weight

819

00:37:35,800 --> 00:37:32,210

to your bodies and less weight is there

820

00:37:38,500 --> 00:37:35,810

what's the you know you know just giving

821

00:37:40,390 --> 00:37:38,510

the best possible everything the sounds

822

00:37:42,250 --> 00:37:40,400

what is it is a sound difference in the

823

00:37:44,320 --> 00:37:42,260

air wind sound different you know they

824

00:37:46,090 --> 00:37:44,330

smell a bit for just you know there's

825

00:37:48,760 --> 00:37:46,100

the water feel different tastes

826

00:37:52,930 --> 00:37:48,770

different stuff like that yeah

827

00:37:55,390 --> 00:37:52,940

or you know is there water like you know

828

00:37:56,170 --> 00:37:55,400

water is water h₂o is h₂o but you know

829

00:37:58,720 --> 00:37:56,180

yeah

830

00:38:01,300 --> 00:37:58,730

our water is h₂o but if you give it this

831

00:38:02,680 --> 00:38:01,310

right have minerals exact minerals I

832

00:38:05,950 --> 00:38:02,690

mean I we have somewhere else

833

00:38:08,610 --> 00:38:05,960

oh what a bracket there what I was just

834

00:38:12,820 --> 00:38:08,620

exactly going to say that I think that I

835

00:38:15,400 --> 00:38:12,830

would ask that I would say you know what

836

00:38:18,820 --> 00:38:15,410

does water taste like what is the what

837

00:38:22,210 --> 00:38:18,830

is the air smell like what does what did

838

00:38:24,850 --> 00:38:22,220

the beings feel like what yeah what did

839

00:38:26,830 --> 00:38:24,860

the being smell like those are the kinds

840

00:38:29,740 --> 00:38:26,840

of weird quick I guess those are kind of

841

00:38:35,050 --> 00:38:29,750

weird reaper questions as like did you

842

00:38:36,820 --> 00:38:35,060

get to know this did you know that but i

843

00:38:39,010 --> 00:38:36,830

think that's the only thing that I could

844

00:38:42,220 --> 00:38:39,020

get a grasp of what it would really be

845

00:38:46,510 --> 00:38:42,230

like I don't really care about like was

846

00:38:48,010 --> 00:38:46,520

there a cool car or was there a you know

847

00:38:49,420 --> 00:38:48,020

things floating in the sky

848

00:38:53,350 --> 00:38:49,430

yeah the technology would be

849

00:38:55,390 --> 00:38:53,360

downloadable but they had all oh yeah

850

00:38:59,170 --> 00:38:55,400

they were very advanced you know what I

851

00:39:01,930 --> 00:38:59,180

kind of got out of it was and I'm not

852

00:39:04,030 --> 00:39:01,940

even really big you know sci-fi person

853

00:39:06,040 --> 00:39:04,040

you know I mean I watched the Star Wars

854

00:39:08,350 --> 00:39:06,050

movies and stuff I really get into a lot

855

00:39:11,230 --> 00:39:08,360

of sci-fi movies but I kind of get like

856

00:39:13,300 --> 00:39:11,240

the the new hope movie with the Tatooine

857

00:39:15,340 --> 00:39:13,310

teen when Luke was younger you know and

858

00:39:17,890 --> 00:39:15,350

the two sons and they had a lot of crazy

859

00:39:19,450 --> 00:39:17,900

technology right the way I look was they

860

00:39:21,580 --> 00:39:19,460

looked very primitive like the yeah

861

00:39:23,500 --> 00:39:21,590

thing in the huts and it was desert like

862

00:39:25,900 --> 00:39:23,510

so it was like in one sense it's like

863

00:39:28,180 --> 00:39:25,910

primitive but yet the technology was

864

00:39:30,420 --> 00:39:28,190

right there you know a veteran like one

865

00:39:34,200 --> 00:39:30,430

who goes wide

866

00:39:37,049 --> 00:39:34,210

solutely I love that whole you know mix

867

00:39:40,109 --> 00:39:37,059

of old and new and yeah I think that's

868

00:39:43,740 --> 00:39:40,119

technology on Star Wars seems to be just

869

00:39:48,630 --> 00:39:43,750

an extension of yourself or the

870

00:39:51,150 --> 00:39:48,640

technology that they have is old and and

871

00:39:52,680 --> 00:39:51,160

and so old that you don't know any

872

00:40:00,359 --> 00:39:52,690

different you don't even know that it's

873

00:40:02,190 --> 00:40:00,369

dick knowledge just some primitives like

874

00:40:04,890 --> 00:40:02,200

cavemen but like they don't look very

875

00:40:07,440 --> 00:40:04,900

futuristic but yet still they'll whip

876

00:40:10,710 --> 00:40:07,450

out a crap I can go you know 7,000 miles

877

00:40:12,150 --> 00:40:10,720

an hour you know no problem so yeah and

878

00:40:14,250 --> 00:40:12,160

they had all these crazy things that

879

00:40:16,799 --> 00:40:14,260

they used to run around you know like

880

00:40:19,319 --> 00:40:16,809

helicopters with no wings and all sorts

881

00:40:22,109 --> 00:40:19,329

of stuff that you know there's you know

882

00:40:23,809 --> 00:40:22,119

no need for petroleum and gasoline and

883

00:40:25,530 --> 00:40:23,819

stuff like that out to play it that

884

00:40:27,870 --> 00:40:25,540

would be nice

885

00:40:29,460 --> 00:40:27,880

a planet that doesn't need that we're

886

00:40:31,200 --> 00:40:29,470

gonna pause here for a moment and we're

887

00:40:34,620 --> 00:40:31,210

gonna turn it over to social media and

888

00:40:39,120 --> 00:40:34,630

just do some shout outs because I got to

889

00:40:41,400 --> 00:40:39,130

give it up for hysteria 51 their podcast

890

00:40:43,289 --> 00:40:41,410

they cover you know similar sorts of

891

00:40:47,190 --> 00:40:43,299

things but in their own awesome way and

892

00:40:49,230 --> 00:40:47,200

they're at last area 51 pod they gave us

893

00:40:51,680 --> 00:40:49,240

a retweet about tonight's show so thank

894

00:40:55,280 --> 00:40:51,690

you for that also

895

00:40:57,960 --> 00:40:55,290

932
00:42:53,590 --> 00:42:50,780
like 45 minutes just isn't enough to

933
00:42:57,850 --> 00:42:53,600
discuss it in in full detail but i think

934
00:42:59,560 --> 00:42:57,860
for the most part stand in joe we were

935
00:43:02,290 --> 00:42:59,570
able to give the listeners a good taste

936
00:43:04,900 --> 00:43:02,300
the basic summary understanding it and

937
00:43:07,360 --> 00:43:04,910
you know ask the questions i think most

938
00:43:10,240 --> 00:43:07,370

people would ask what does it smell like

939

00:43:11,740 --> 00:43:10,250

what's it like being there all those you

940

00:43:12,910 --> 00:43:11,750

know very human senses would be

941

00:43:15,310 --> 00:43:12,920

important that would be the ultimate

942

00:43:17,170 --> 00:43:15,320

question and i mean yeah that would be

943

00:43:21,790 --> 00:43:17,180

they would be important that would be

944

00:43:24,460 --> 00:43:21,800

important questions so absolutely so

945

00:43:26,380 --> 00:43:24,470
