DIE GLOCKE

NAZI BELL

@ufobrostv #probecast

1
00:00:25,840 --> 00:00:21,280
hey what's up everybody I'm Emmett Joe

2
00:00:28,690 --> 00:00:25,850
and we are the UF o Bros and here today

3
00:00:31,179 --> 00:00:28,700
we're with fellow bro as our special

4
00:00:36,240 --> 00:00:31,189
guest he's got a lot of information

5
00:00:38,020 --> 00:00:36,250
about the Nazi bell and Nazis

6
00:00:40,990 --> 00:00:38,030
technologies and maybe some people

7
00:00:43,750 --> 00:00:41,000
haven't heard about so give a round of

8
00:00:46,930 --> 00:00:43,760
applause for AJ is back everybody a big

9
00:00:49,060 --> 00:00:46,940
round of applause for AJ welcome to

10
00:00:50,700 --> 00:00:49,070
what's up guys how's it going good how

11
00:00:53,709 --> 00:00:50,710
are you doing today

12
00:00:55,990 --> 00:00:53,719
excellent excellent how excited are you

13
00:00:58,540 --> 00:00:56,000

about tonight's topic I'm like really

14

00:01:01,180 --> 00:00:58,550

excited about talking about this topic

15

00:01:03,130 --> 00:01:01,190

tonight yeah very excited it's pretty

16

00:01:06,190 --> 00:01:03,140

cool you know a lot of history a lot of

17

00:01:07,630 --> 00:01:06,200

stuff happening in that time period it's

18

00:01:09,160 --> 00:01:07,640

one of my favorite times to look back

19

00:01:12,029 --> 00:01:09,170

through you know that what was the

20

00:01:14,859 --> 00:01:12,039

period we were talking about like 33

21

00:01:19,389 --> 00:01:14,869

video like this one is in the 30s and

22

00:01:22,840 --> 00:01:19,399

40s especially in the 40s yes yes that

23

00:01:26,919 --> 00:01:22,850

seems to be where I think based on our

24

00:01:29,650 --> 00:01:26,929

past conversation based on our past

25

00:01:31,089 --> 00:01:29,660

conversation you're it you're just

26

00:01:33,160 --> 00:01:31,099

telling about all these technologies

27

00:01:34,809 --> 00:01:33,170

that they were developing and that's

28

00:01:46,389 --> 00:01:34,819

what actually piqued my interest in this

29

00:01:47,820 --> 00:01:46,399

whole topic so tonight Dan it's kind of

30

00:01:50,380 --> 00:01:47,830

like a fun night

31

00:01:52,389 --> 00:01:50,390

conspiracy type topic to talk about what

32

00:01:56,169 --> 00:01:52,399

you can going so many directions but you

33

00:01:58,150 --> 00:01:56,179

know you cannot rule out the Nazis and

34

00:02:00,729 --> 00:01:58,160

what they were experimenting with what a

35

00:02:03,520 --> 00:02:00,739

UFO is when you get into the whole you

36

00:02:05,260 --> 00:02:03,530

know UFO research you know I think when

37

00:02:07,900 --> 00:02:05,270

people first get in they think of just

38

00:02:11,770 --> 00:02:07,910

grays and typical flying saucers but

39

00:02:13,780 --> 00:02:11,780

when you stop you know just reading

40

00:02:15,760 --> 00:02:13,790

books by like you know Pete of a vendor

41

00:02:17,890 --> 00:02:15,770

or like Joseph Ferrell and those guys

42

00:02:20,979 --> 00:02:17,900

really go deep into that whole Nazi UFO

43

00:02:23,199 --> 00:02:20,989

history and World War two and what

44

00:02:24,200 --> 00:02:23,209

really happened after the war you cannot

45

00:02:26,990 --> 00:02:24,210

rule out that

46

00:02:29,930 --> 00:02:27,000

now a lot of the crap that you saw in

47

00:02:36,260 --> 00:02:29,940

that you know 30 to 40 year period was a

48

00:02:39,980 --> 00:02:36,270

hundred percent you know German made

49

00:02:42,290 --> 00:02:39,990

Nazi made for sure and yeah

50

00:02:43,730 --> 00:02:42,300

yeah we're gonna dive into I was

51
00:02:45,620 --> 00:02:43,740
thinking of and I want to get your

52
00:02:49,280 --> 00:02:45,630
opinion on this taking it maybe in two

53
00:02:51,920 --> 00:02:49,290
separate kind of things like one we're

54
00:02:54,770 --> 00:02:51,930
gonna talk about the Bell which is you

55
00:02:57,470 --> 00:02:54,780
know a whole from what I understand kind

56
00:03:00,170 --> 00:02:57,480
of the genesis of their technological

57
00:03:01,820 --> 00:03:00,180
ability back then and then we can

58
00:03:03,770 --> 00:03:01,830
separate it out and then I'm gonna ask

59
00:03:06,500 --> 00:03:03,780
you some questions about the flying

60
00:03:07,970 --> 00:03:06,510
saucers and some of the things that you

61
00:03:10,730 --> 00:03:07,980
had suggested that I thought was super

62
00:03:13,210 --> 00:03:10,740
intriguing about you know the display of

63
00:03:15,590 --> 00:03:13,220

the UFO fleet over the White House and

64

00:03:18,560 --> 00:03:15,600

some of those things I think could very

65

00:03:20,390 --> 00:03:18,570

well be tied to Nazi Germany like you

66

00:03:24,350 --> 00:03:20,400

would suggested so we're gonna talk

67

00:03:27,650 --> 00:03:24,360

about the Nazi bell and I was like yeah

68

00:03:29,510 --> 00:03:27,660

you know the History Channel ancient

69

00:03:33,290 --> 00:03:29,520

aliens they've all touched on this

70

00:03:36,050 --> 00:03:33,300

subject unsealed alien files all that

71

00:03:38,570 --> 00:03:36,060

good stuff and I didn't really find it

72

00:03:40,490 --> 00:03:38,580

that interesting until I started

73

00:03:43,130 --> 00:03:40,500

watching some documentaries about it and

74

00:03:46,300 --> 00:03:43,140

realizing that there are some

75

00:03:49,880 --> 00:03:46,310

correlations with this story along with

76

00:03:51,740 --> 00:03:49,890

many other sort of stories in the

77

00:03:55,160 --> 00:03:51,750

ufology world mainly about how the

78

00:03:57,440 --> 00:03:55,170

technology works and the foundation of

79

00:03:59,750 --> 00:03:57,450

the technology of this so-called Bell or

80

00:04:01,090 --> 00:03:59,760

as they called die Glocke and I don't

81

00:04:04,100 --> 00:04:01,100

know if I'm pronouncing that correctly

82

00:04:07,760 --> 00:04:04,110

but that's okay Thank You oxide that

83

00:04:10,940 --> 00:04:07,770

glow that's alright that's okay

84

00:04:13,730 --> 00:04:10,950

so they essentially in a nutshell we're

85

00:04:17,300 --> 00:04:13,740

gonna tell you about this this this Nazi

86

00:04:19,880 --> 00:04:17,310

bell now I don't know entirely where the

87

00:04:23,840 --> 00:04:19,890

idea came up but I'm just gonna kind of

88

00:04:26,210 --> 00:04:23,850

run through what it is and essentially

89

00:04:29,330 --> 00:04:26,220

it was I guess you could wrap it up in a

90

00:04:31,110 --> 00:04:29,340

sentence as an antigravity engine that's

91

00:04:33,330 --> 00:04:31,120

a good way to just

92

00:04:36,090 --> 00:04:33,340

drive it yeah that's a that's a great

93

00:04:38,850 --> 00:04:36,100

description of it because I could go on

94

00:04:40,500 --> 00:04:38,860

about all that's like all night about

95

00:04:43,170 --> 00:04:40,510

all this technical things I learned and

96

00:04:44,969 --> 00:04:43,180

I think in a nutshell that's basically

97

00:04:47,939 --> 00:04:44,979

just what it is and I'm interested to

98

00:04:50,040 --> 00:04:47,949

find out how that's going to work in to

99

00:04:52,260 --> 00:04:50,050

other technologies that they had so I'm

100

00:04:55,140 --> 00:04:52,270

going to ask you that later but so

101
00:04:59,280 --> 00:04:55,150
apparently they had the ability to

102
00:05:01,430 --> 00:04:59,290
manipulate gravity or anti-gravity if

103
00:05:07,070 --> 00:05:01,440
you'd like to call it that as well by

104
00:05:11,189 --> 00:05:07,080
having two counter-rotating I believe

105
00:05:15,090 --> 00:05:11,199
flowing metal liquid okay I don't know

106
00:05:18,090 --> 00:05:15,100
if the second rotating plate was a

107
00:05:20,939 --> 00:05:18,100
second rotating piece was a plate or if

108
00:05:24,000 --> 00:05:20,949
it was a liquid but I can tell you that

109
00:05:25,950 --> 00:05:24,010
the description of the I guess you could

110
00:05:29,700 --> 00:05:25,960
say this is sort of the fuel or what

111
00:05:32,340 --> 00:05:29,710
creates the anti-gravity field is the

112
00:05:37,529 --> 00:05:32,350
energy source the energy source exactly

113
00:05:39,450 --> 00:05:37,539

is source is that I here's what people

114

00:05:41,610 --> 00:05:39,460

describe to us because I guess they're

115

00:05:43,830 --> 00:05:41,620

not entirely certain what the fluid was

116

00:05:46,260 --> 00:05:43,840

that they used to spin at such a rapid

117

00:05:49,770 --> 00:05:46,270

speed but it was described as like a

118

00:05:53,520 --> 00:05:49,780

reddish maroon color very heavily heavy

119

00:05:56,159 --> 00:05:53,530

to me very heavy density sort of liquid

120

00:06:00,060 --> 00:05:56,169

so a lot of people liken that to mercury

121

00:06:03,810 --> 00:06:00,070

think you didn't need yeah exactly and

122

00:06:07,430 --> 00:06:03,820

like a new mercury blend yep absolutely

123

00:06:11,310 --> 00:06:07,440

when these I guess counter rotating

124

00:06:14,490 --> 00:06:11,320

mechanisms were turned on and they did

125

00:06:16,230 --> 00:06:14,500

that with like high pulse high current

126

00:06:20,029 --> 00:06:16,240

electricity to do that like to get this

127

00:06:23,670 --> 00:06:20,039

thing to spin or I don't know exactly

128

00:06:25,620 --> 00:06:23,680

how they did it but when it did there

129

00:06:28,920 --> 00:06:25,630

was all kinds of effects from this thing

130

00:06:33,629 --> 00:06:28,930

of course anti-gravity was one of them

131

00:06:37,529 --> 00:06:33,639

and the other it was it was this search

132

00:06:39,120 --> 00:06:37,539

I'm sorry it was this search for like

133

00:06:41,399 --> 00:06:39,130

the zero-point energy

134

00:06:42,149 --> 00:06:41,409

they're always ever like that yeah do

135

00:06:43,860 --> 00:06:42,159

you know what I mean

136

00:06:45,870 --> 00:06:43,870

no that's an interesting point

137

00:06:48,630 --> 00:06:45,880

I was just gonna actually ask you about

138

00:06:52,080 --> 00:06:48,640

that what is there what was their

139

00:06:54,900 --> 00:06:52,090

motivation for building this Bell what

140

00:06:56,790 --> 00:06:54,910

was their purpose what made him even get

141

00:06:58,020 --> 00:06:56,800

into looking and finding in front of

142

00:07:00,500 --> 00:06:58,030

this technology what it what have you

143

00:07:05,070 --> 00:07:03,240

well they're always into like you know

144

00:07:07,200 --> 00:07:05,080

strange things like that and they will

145

00:07:10,680 --> 00:07:07,210

always exploring different avenues of

146

00:07:13,500 --> 00:07:10,690

Technology and science and you know they

147

00:07:16,500 --> 00:07:13,510

were interesting a call obviously not

148

00:07:18,300 --> 00:07:16,510

seasoned I think that you know

149

00:07:21,360 --> 00:07:18,310

especially when Hitler finally gained

150

00:07:25,230 --> 00:07:21,370

power I think he urged his scientists to

151
00:07:28,650 --> 00:07:25,240
you know explore different you know

152
00:07:31,290 --> 00:07:28,660
different avenues of you know scientific

153
00:07:33,060 --> 00:07:31,300
you know technological devices secret

154
00:07:36,660 --> 00:07:33,070
weapons things like that absolutely

155
00:07:40,320 --> 00:07:36,670
secret weapons but the you know that

156
00:07:45,300 --> 00:07:40,330
Glock the Bell I think that definitely

157
00:07:47,580 --> 00:07:45,310
was not so much you know I think think

158
00:07:50,130 --> 00:07:47,590
of as a weapon right up front I think it

159
00:07:52,520 --> 00:07:50,140
was more their you know constant search

160
00:07:55,880 --> 00:07:52,530
for that zero point energy anti gravity

161
00:07:58,410 --> 00:07:55,890
getting that down and making a you know

162
00:08:00,690 --> 00:07:58,420
crafts out of that and obviously the end

163
00:08:02,250 --> 00:08:00,700

goal would be to weaponize those crafts

164

00:08:06,120 --> 00:08:02,260

you know and in running their enemies

165

00:08:09,420 --> 00:08:06,130

you know and I think that was the

166

00:08:12,240 --> 00:08:09,430

beginning the origin of what they I

167

00:08:14,970 --> 00:08:12,250

think essentially used to you know they

168

00:08:16,920 --> 00:08:14,980

probably miniaturize it made its you all

169

00:08:19,350 --> 00:08:16,930

cuz the bail is huge you know it was

170

00:08:21,690 --> 00:08:19,360

this big thing that glowed and it's like

171

00:08:23,490 --> 00:08:21,700

cover it is something like 15 feet tall

172

00:08:26,730 --> 00:08:23,500

or something like that it was yeah it

173

00:08:28,470 --> 00:08:26,740

was really big and bulky and you know

174

00:08:30,710 --> 00:08:28,480

but I think that they learned a lot from

175

00:08:33,960 --> 00:08:30,720

that because I mean again it was a

176

00:08:36,210 --> 00:08:33,970

primarily a scientific experiment that

177

00:08:38,340 --> 00:08:36,220

they were working on you know but that

178

00:08:40,500 --> 00:08:38,350

was the power sauce I think that was

179

00:08:41,970 --> 00:08:40,510

what they were you know a you know what

180

00:08:45,920 --> 00:08:41,980

they accomplished and they were able to

181

00:08:49,470 --> 00:08:45,930

you know pop that into a you know

182

00:08:51,840 --> 00:08:49,480

so-called UFO you know like saucer you

183

00:08:54,660 --> 00:08:51,850

know right shape once you know what this

184

00:08:56,100 --> 00:08:54,670

technology that they're they seem to be

185

00:09:00,100 --> 00:08:56,110

meddling in

186

00:09:02,320 --> 00:09:00,110

reminds me of the Vimanas and for those

187

00:09:06,760 --> 00:09:02,330

of you who follow ancient aliens that's

188

00:09:09,250 --> 00:09:06,770

from the Sanskrit you know text back in

189

00:09:11,080 --> 00:09:09,260

I guess when was that I don't even know

190

00:09:13,840 --> 00:09:11,090

the whole the exact story but it's

191

00:09:16,330 --> 00:09:13,850

basically these ancient texts that

192

00:09:20,230 --> 00:09:16,340

describe flying machines that are called

193

00:09:21,340 --> 00:09:20,240

Vimanas and the power source in as

194

00:09:23,920 --> 00:09:21,350

described

195

00:09:27,490 --> 00:09:23,930

believe it or not in these script texts

196

00:09:29,710 --> 00:09:27,500

actually tells you like how these flying

197

00:09:32,410 --> 00:09:29,720

Vimanas worked and you know and in many

198

00:09:36,850 --> 00:09:32,420

ways the one thing that I did find that

199

00:09:39,340 --> 00:09:36,860

is similar is these fluids these metal

200

00:09:41,170 --> 00:09:39,350

these heavy metal fluids that they seem

201
00:09:44,760 --> 00:09:41,180
to spin seems very similar

202
00:09:48,340 --> 00:09:46,630
um nothing

203
00:09:50,110 --> 00:09:48,350
lemnoc I thought it but now that you say

204
00:09:52,770 --> 00:09:50,120
it that's definitely a connection sounds

205
00:09:56,380 --> 00:09:52,780
extremely similar you know or at least

206
00:09:57,970 --> 00:09:56,390
you know very much the same how they how

207
00:09:59,620 --> 00:09:57,980
they got the idea from because

208
00:10:03,250 --> 00:09:59,630
definitely the Bell was exactly what

209
00:10:06,250 --> 00:10:03,260
what you said you know exactly they

210
00:10:08,530 --> 00:10:06,260
described it in the Vimanas in the Vedas

211
00:10:10,900 --> 00:10:08,540
is basically they said it was the same

212
00:10:13,090 --> 00:10:10,910
thing two rotating cylinders filled with

213
00:10:15,160 --> 00:10:13,100

like a you know mercury and you know

214

00:10:16,450 --> 00:10:15,170

kind of glow it as well I guess in the

215

00:10:17,980 --> 00:10:16,460

night when they were testing at mainly

216

00:10:20,530 --> 00:10:17,990

at night they could see that it glowed

217

00:10:22,240 --> 00:10:20,540

so you know I'm not familiar with what

218

00:10:24,520 --> 00:10:22,250

you were saying but definitely if it was

219

00:10:26,260 --> 00:10:24,530

you know two rotating cylinders yeah

220

00:10:28,360 --> 00:10:26,270

it's exactly how they out of the belt

221

00:10:30,760 --> 00:10:28,370

that's where they were you know because

222

00:10:32,110 --> 00:10:30,770

that's a lot you maybe they you know

223

00:10:35,410 --> 00:10:32,120

we're pulling their inspiration from

224

00:10:36,130 --> 00:10:35,420

that in a sense yes absol absolutely the

225

00:10:39,100 --> 00:10:36,140

vasila

226

00:10:44,050 --> 00:10:39,110

the Vedas described in vimana as vehicle

227

00:10:45,570 --> 00:10:44,060

that these gods used to fly around to

228

00:10:47,790 --> 00:10:45,580

move around

229

00:10:50,340 --> 00:10:47,800

you know it was very kind of similar in

230

00:10:52,710 --> 00:10:50,350

the way they describe how it works so

231

00:10:57,390 --> 00:10:52,720

going back to the bell here we've got

232

00:11:01,080 --> 00:10:57,400

you know I guess you know here we have

233

00:11:03,210 --> 00:11:01,090

the Nazis with this this technology from

234

00:11:05,160 --> 00:11:03,220

what I understood and I'm going to ask

235

00:11:07,890 --> 00:11:05,170

you here in a minute AJ I think that

236

00:11:14,130 --> 00:11:07,900

they weren't able to actually harness

237

00:11:18,660 --> 00:11:14,140

what the the effects of using the Bell

238

00:11:22,050 --> 00:11:18,670

they weren't able to what I'm trying to

239

00:11:25,140 --> 00:11:22,060

say is it was poisonous when it was on

240

00:11:27,150 --> 00:11:25,150

and when it was being used here just

241

00:11:30,090 --> 00:11:27,160

killed people and burnt people you got

242

00:11:32,670 --> 00:11:30,100

to close to it and I think you've really

243

00:11:34,980 --> 00:11:32,680

used it it was causing all sorts of

244

00:11:37,050 --> 00:11:34,990

issues in the time continuum and you

245

00:11:39,570 --> 00:11:37,060

know punching holes and rippling the

246

00:11:41,610 --> 00:11:39,580

time that's what you know you know

247

00:11:43,530 --> 00:11:41,620

researches who really dug in you know

248

00:11:45,360 --> 00:11:43,540

what that's what they claimed as well

249

00:11:47,070 --> 00:11:45,370

yeah the result I don't know what did

250

00:11:49,860 --> 00:11:47,080

with the effects of time around a word

251
00:11:51,870 --> 00:11:49,870
but I guess local time not you know the

252
00:11:54,390 --> 00:11:51,880
whole entire world but locally it had

253
00:11:58,200 --> 00:11:54,400
you know it gave the surrounding areas

254
00:12:00,510 --> 00:11:58,210
issues yeah but it started it had

255
00:12:03,270 --> 00:12:00,520
negative biological effects so plants

256
00:12:04,740 --> 00:12:03,280
yeah liquefied so it wasn't really good

257
00:12:06,480 --> 00:12:04,750
for humans to be around this thing

258
00:12:09,420 --> 00:12:06,490
whatsoever you know I wasn't something

259
00:12:12,360 --> 00:12:09,430
that was safe by any stretch like you

260
00:12:15,660 --> 00:12:12,370
said you know quite a few people died

261
00:12:17,280 --> 00:12:15,670
from exposure when they were testing

262
00:12:21,150 --> 00:12:17,290
this device they didn't understand that

263
00:12:23,730 --> 00:12:21,160

it was dangerous to organic beings our

264

00:12:25,320 --> 00:12:23,740

surrounding so from what I understood

265

00:12:27,420 --> 00:12:25,330

that's what they're stopping point was

266

00:12:29,280 --> 00:12:27,430

that they weren't able to harness or

267

00:12:33,750 --> 00:12:29,290

deal with that problem

268

00:12:36,210 --> 00:12:33,760

what we're now I mean maybe you could

269

00:12:38,580 --> 00:12:36,220

you know different to have a different

270

00:12:41,850 --> 00:12:38,590

thought or something I just want to get

271

00:12:45,870 --> 00:12:43,740

you mean like hey that was just like

272

00:12:49,530 --> 00:12:45,880

unsuccessful and they just stopped I

273

00:12:51,720 --> 00:12:49,540

think that the big Madras was 15-foot

274

00:12:53,610 --> 00:12:51,730

belly is because you can still go I

275

00:12:55,620 --> 00:12:53,620

think to this day there's still that

276

00:12:57,020 --> 00:12:55,630

round thing and you know right outside

277

00:12:59,240 --> 00:12:57,030

of Jeremy I think I'm full

278

00:13:01,880 --> 00:12:59,250

somewhere where they actually you know

279

00:13:04,010 --> 00:13:01,890

we're testing it but then I think after

280

00:13:04,790 --> 00:13:04,020

the war that we probably came in and

281

00:13:06,320 --> 00:13:04,800

took the Bell

282

00:13:09,020 --> 00:13:06,330

I think they said I made it over here

283

00:13:10,940 --> 00:13:09,030

somewhere oh okay maybe like to

284

00:13:11,690 --> 00:13:10,950

wright-patterson is somewhere they sort

285

00:13:16,070 --> 00:13:11,700

it you know

286

00:13:18,530 --> 00:13:16,080

oh so possibly but yes go ahead

287

00:13:19,700 --> 00:13:18,540

no I was gonna it's interesting that you

288

00:13:22,460 --> 00:13:19,710

said that I didn't know that they

289

00:13:24,620 --> 00:13:22,470

actually brought it here I am pretty

290

00:13:26,840 --> 00:13:24,630

sure they definitely took it they it

291

00:13:29,120 --> 00:13:26,850

they definitely took it and they just

292

00:13:30,800 --> 00:13:29,130

kept that you know on a few scene like

293

00:13:33,260 --> 00:13:30,810

documentaries of videos where they have

294

00:13:36,110 --> 00:13:33,270

that you know that big area of like

295

00:13:38,870 --> 00:13:36,120

stone and around a little bit you know

296

00:13:42,140 --> 00:13:38,880

they were testing it in there you know

297

00:13:44,270 --> 00:13:42,150

and then here after the war thing

298

00:13:45,980 --> 00:13:44,280

someone took it as you know so the

299

00:13:49,490 --> 00:13:45,990

Russians I think it was I think it was

300

00:13:51,350 --> 00:13:49,500

the United States you know I mean I'm

301

00:13:52,700 --> 00:13:51,360

pretty sure that probably pretty pretty

302

00:13:55,040 --> 00:13:52,710

easy to look up because of the belt

303

00:13:57,260 --> 00:13:55,050

wasn't like secret or anything you know

304

00:13:59,870 --> 00:13:57,270

this is documented that they were you

305

00:14:02,000 --> 00:13:59,880

know testing these devices out they were

306

00:14:03,740 --> 00:14:02,010

testing a ton of this devices out and I

307

00:14:06,560 --> 00:14:03,750

think at the time that's not something

308

00:14:08,420 --> 00:14:06,570

that you know a government was you know

309

00:14:11,060 --> 00:14:08,430

putting in the media like it would be

310

00:14:13,490 --> 00:14:11,070

today you know so I don't think the puck

311

00:14:15,110 --> 00:14:13,500

the United States had any idea you know

312

00:14:16,460 --> 00:14:15,120

that they were testing these crazy

313

00:14:18,650 --> 00:14:16,470

things it seems normal

314

00:14:20,240 --> 00:14:18,660

is the way the world is today that we

315

00:14:23,570 --> 00:14:20,250

know when everybody's doing and they're

316

00:14:25,760 --> 00:14:23,580

spying and there's this adapt it was any

317

00:14:29,120 --> 00:14:25,770

of them you know so the American people

318

00:14:34,550 --> 00:14:29,130

were clueless to the fact that the Nazis

319

00:14:37,220 --> 00:14:34,560

were testing these you know scientific

320

00:14:38,990 --> 00:14:37,230

technological devices that were you know

321

00:14:42,770 --> 00:14:39,000

trying to achieve anti-gravity

322

00:14:45,440 --> 00:14:42,780

propulsion and zero-point energy and you

323

00:14:51,890 --> 00:14:45,450

know yeah we had no idea that they were

324

00:14:53,570 --> 00:14:51,900

doing their yeah I it seems like we

325

00:14:56,080 --> 00:14:53,580

always come back to that zero-point

326

00:14:59,090 --> 00:14:56,090

antigravity I think those are the I

327

00:15:00,740 --> 00:14:59,100

guess the next logical steps of our

328

00:15:03,980 --> 00:15:00,750

evolution it seems and they knew that

329

00:15:06,220 --> 00:15:03,990

back in you know the early nineteen

330

00:15:08,540 --> 00:15:06,230

hundred's so this is sure here we are in

331

00:15:09,370 --> 00:15:08,550

2017 you know worrying about our battery

332

00:15:13,240 --> 00:15:09,380

dying on her

333

00:15:16,300 --> 00:15:13,250

you know just different technological

334

00:15:18,550 --> 00:15:16,310

challenges but even this sort of

335

00:15:21,180 --> 00:15:18,560

technology Joe and I was going to talk

336

00:15:25,180 --> 00:15:21,190

to you can I bring you in on this Joe

337

00:15:29,560 --> 00:15:27,880

Joe's been so just chill he's been

338

00:15:31,120 --> 00:15:29,570

hanging back chillin while I'm chatting

339

00:15:34,690 --> 00:15:31,130

with AJ and I'm like oh that's right

340

00:15:40,360 --> 00:15:34,700

chose here this is UFO Rose with Emmet

341

00:15:42,040 --> 00:15:40,370

and Joe how you doing can we have a

342

00:15:43,270 --> 00:15:42,050

letter plus four over giving Joe did you

343

00:15:46,540 --> 00:15:43,280

dine at the cloud right now because

344

00:15:51,520 --> 00:15:46,550

you're glad he's back in the game

345

00:15:54,580 --> 00:15:51,530

Joe so real quick cuz we're about 15

346

00:15:56,980 --> 00:15:54,590

minutes in so far people know we like to

347

00:16:10,360 --> 00:15:56,990

update people how much time we've had we

348

00:16:12,580 --> 00:16:10,370

like to if you haven't that's one of our

349

00:16:14,650 --> 00:16:12,590

favorite movies Howard Stern private

350

00:16:16,960 --> 00:16:14,660

parts by the way we're just shopping out

351

00:16:20,830 --> 00:16:16,970

that movie and don't forget my Ivanka

352

00:16:23,320 --> 00:16:20,840

Trump clothing jewelry and shoes just go

353

00:16:25,360 --> 00:16:23,330

buy her stuff I just think it's fabulous

354

00:16:28,690 --> 00:16:25,370

I own all of us Jeff I don't know about

355

00:16:31,960 --> 00:16:28,700

you I don't over jewelry Ivanka Trump by

356

00:16:33,760 --> 00:16:31,970

the way for those of you there you know

357

00:16:35,770 --> 00:16:33,770

caught up on the politics the media I

358

00:16:38,620 --> 00:16:35,780

hope maybe that makes you giggle a

359

00:16:41,620 --> 00:16:38,630

little bit because I don't actually wear

360

00:16:44,380 --> 00:16:41,630

it Ivanka Trump [h__h] at all and I think

361

00:16:52,510 --> 00:16:44,390

she makes stuff my size anyway we're

362

00:16:56,200 --> 00:16:52,520

gonna move on we're talking about going

363

00:16:57,340 --> 00:16:56,210

across country Joe okay and one of the

364

00:17:01,000 --> 00:16:57,350

places I want to go is to Kecksburg

365

00:17:07,630 --> 00:17:01,010

Pennsylvania and AJ some of the Amish

366

00:17:14,790 --> 00:17:07,640

are yes I know fireplaces and barns in

367

00:17:22,630 --> 00:17:16,600

sorry I said we started talking about

368

00:17:25,210 --> 00:17:22,640

Amish people deciding they had their

369

00:17:29,110 --> 00:17:25,220

which they said was a very acorn looking

370

00:17:32,860 --> 00:17:29,120

sort of ship is very much similar in

371

00:17:34,360 --> 00:17:32,870

resemblance to die Glocke the Nazi bell

372

00:17:37,540 --> 00:17:34,370

so there's all these weird spirit

373

00:17:41,970 --> 00:17:37,550

conspiracy theories that did the Nazi

374

00:17:44,980 --> 00:17:41,980

bell somehow actually bend space-time

375

00:17:47,740 --> 00:17:44,990

travel or teleport over there text for

376

00:17:50,830 --> 00:17:47,750

Pennsylvania or like AJ said maybe they

377

00:17:52,810 --> 00:17:50,840

brought it which I believe they did you

378

00:17:55,870 --> 00:17:52,820

know at the end of the war we took it

379

00:17:58,270 --> 00:17:55,880

I actually just was just doing a quick

380

00:18:00,940 --> 00:17:58,280

pop a quick look up and it doesn't look

381

00:18:04,150 --> 00:18:00,950

like I think we took it supposedly and

382

00:18:09,220 --> 00:18:04,160

wound up in South America well I have to

383

00:18:10,510 --> 00:18:09,230

do tracked on that comment but either

384

00:18:12,940 --> 00:18:10,520

way it doesn't matter when you're

385

00:18:14,890 --> 00:18:12,950

talking about time and space it could be

386

00:18:17,020 --> 00:18:14,900

getting Antarctic that doesn't really

387

00:18:19,200 --> 00:18:17,030

even matter which could happen it could

388

00:18:21,760 --> 00:18:19,210

be anywhere hit a well no the point

389

00:18:24,610 --> 00:18:21,770

right the point of this story is could

390

00:18:27,760 --> 00:18:24,620

it been spent could it bend space-time

391

00:18:31,390 --> 00:18:27,770

and could potentially the Kecksburg

392

00:18:35,800 --> 00:18:31,400

incident have been tied to the Nazi bell

393

00:18:38,860 --> 00:18:35,810

both of the items in question on items

394

00:18:41,440 --> 00:18:38,870

but the bell and the actual text burger

395

00:18:45,580 --> 00:18:41,450

UFO Joe looks very similar and I want to

396

00:18:46,660 --> 00:18:45,590

go there because they have a monument in

397

00:18:51,490 --> 00:18:46,670

Kecksburg Pennsylvania

398

00:18:54,130 --> 00:18:51,500

it looks like the acorn ship that has

399

00:18:58,780 --> 00:18:54,140

been reported and it's got writing all

400

00:19:03,520 --> 00:18:58,790

around it the Nazi bell has writing all

401
00:19:10,510 --> 00:19:03,530
around it it's shaped like an acorn

402
00:19:16,770 --> 00:19:10,520
well what do you think amazing yeah well

403
00:19:18,760 --> 00:19:16,780
you're just so enthusiastic tonight yeah

404
00:19:20,260 --> 00:19:18,770
thank you all for listening we're gonna

405
00:19:25,030 --> 00:19:20,270
take a second then you better get back

406
00:19:27,250 --> 00:19:25,040
to Nazis Joe well yeah we have to get

407
00:19:29,170 --> 00:19:27,260
back to that topic but I we gotta talk

408
00:19:31,150 --> 00:19:29,180
pushy we got to get on our social media

409
00:19:35,020 --> 00:19:31,160
here look we got to tell people we love

410
00:19:38,160 --> 00:19:35,030
them we must tell them that we love them

411
00:19:39,400 --> 00:19:38,170
so we're gonna start here oh by the way

412
00:19:41,290 --> 00:19:39,410
Sabrina

413
00:19:49,030 --> 00:19:41,300

alien on board they're in on the chat

414

00:19:52,420 --> 00:19:49,040

room so hello to y'all yes oh we got

415

Pilkington jr. thank you

427

00:20:34,840 --> 00:20:31,640

and of course master mastaba

428

00:20:36,310 --> 00:20:34,850

is giving us I think well-deserved

429

00:20:37,870 --> 00:20:36,320

flubbed then we've got AJ on there of

430

00:20:40,750 --> 00:20:37,880

course but we've got AJ on the show

431

00:20:42,490 --> 00:20:40,760

which is exciting by the way I just want

432

00:20:44,740 --> 00:20:42,500

to tell you AJ you are just a fountain

433

00:20:45,130 --> 00:20:44,750

of knowledge man I love having you on

434

00:20:47,410 --> 00:20:45,140

the show

435

00:20:55,170 --> 00:20:47,420

can we can we all agree this giving Murr

436

00:20:57,660 --> 00:20:55,180

[Applause]

437

00:21:00,840 --> 00:20:57,670

you know our soundboard isn't up tonight

438

00:21:16,020 --> 00:21:00,850

Joe I'm really missing the farts and

439

00:21:26,160 --> 00:21:16,030

burps pretty catchy

440

00:21:27,780 --> 00:21:26,170

okay the GGG just just mr. Joe have you

441

00:21:29,340 --> 00:21:27,790

let me get you don't forget that setting

442

00:21:31,350 --> 00:21:29,350

you were talking about right with the

443

00:21:34,470 --> 00:21:31,360

you know a cleanse shape and they have a

444

00:21:36,960 --> 00:21:34,480

statue you know it possibly could be

445

00:21:38,430 --> 00:21:36,970

connected in some way but I mean I don't

446

00:21:40,440 --> 00:21:38,440

think they go over the Nazis never

447

00:21:42,300 --> 00:21:40,450

weren't to like it but can they ever

448

00:21:45,390 --> 00:21:42,310

have to pilot this thing you know this

449

00:21:46,740 --> 00:21:45,400

thing was an experiment in energy sauce

450

00:21:49,590 --> 00:21:46,750

you know they were they were

451
00:21:52,400 --> 00:21:49,600
experimenting with an energy source of

452
00:21:55,730 --> 00:21:52,410
some kind and whether it was you know

453
00:22:00,660 --> 00:21:55,740
the bell or something else that was

454
00:22:03,930 --> 00:22:00,670
derived from the Bell what of everything

455
00:22:06,360 --> 00:22:03,940
I've read and seen and Watson and what

456
00:22:08,430 --> 00:22:06,370
you know a few of the people said I

457
00:22:10,020 --> 00:22:08,440
think even even Stephen Brett said

458
00:22:11,820 --> 00:22:10,030
because he talks a lot about this time

459
00:22:17,070 --> 00:22:11,830
period too and I realist about

460
00:22:18,570 --> 00:22:17,080
everything Stephen grant about the Bell

461
00:22:22,560 --> 00:22:18,580
the Nazis he's mentioned that a few

462
00:22:25,710 --> 00:22:22,570
times you know that's right yeah but but

463
00:22:30,090 --> 00:22:25,720

I I definitely think that when they

464

00:22:32,940 --> 00:22:30,100

finally were able to you know make some

465

00:22:35,130 --> 00:22:32,950

sort of you know saucer like craft that

466

00:22:37,230 --> 00:22:35,140

you see a lot of in the 30s and the 40s

467

00:22:39,120 --> 00:22:37,240

with the saucer shape the bump on the

468

00:22:40,620 --> 00:22:39,130

top that's pretty much what everyone

469

00:22:42,510 --> 00:22:40,630

thinks of when they think of a flying

470

00:22:44,820 --> 00:22:42,520

saucer absolutely especially from that

471

00:22:48,690 --> 00:22:44,830

time period you know that's probably

472

00:22:50,730 --> 00:22:48,700

where they had me you know that the

473

00:22:54,180 --> 00:22:50,740

power source which leads me to the

474

00:22:56,400 --> 00:22:54,190

question age it is kind of shaped like a

475

00:22:58,140 --> 00:22:56,410

bell half of a bell that's on top it's a

476

00:22:59,790 --> 00:22:58,150

little smaller than practice smaller

477

00:23:00,720 --> 00:22:59,800

sorry so we're probably talking about

478

00:23:03,470 --> 00:23:00,730

five 880

479

00:23:06,810 --> 00:23:03,480

tweaking it and getting it smaller

480

00:23:08,760 --> 00:23:06,820

cementing and question AJ yes sorry to

481

00:23:11,750 --> 00:23:08,770

interrupt you but I do I do I do have a

482

00:23:15,030 --> 00:23:11,760

good question for you how do we go from

483

00:23:17,760 --> 00:23:15,040

Nazi bell technology to Flying Saucer

484

00:23:20,790 --> 00:23:17,770

and that was I think my confusion was

485

00:23:22,020 --> 00:23:20,800

trying to figure out how do those parts

486

00:23:24,030 --> 00:23:22,030

fit together because you were just

487

00:23:26,700 --> 00:23:24,040

talking about it but I want to get your

488

00:23:28,740 --> 00:23:26,710

I'm sure there was definitely something

489

00:23:31,890 --> 00:23:28,750

in the middle but again like I had that

490

00:23:35,550 --> 00:23:31,900

the Bell was the very big ol like what

491

00:23:38,330 --> 00:23:35,560

origin of the experiment there right you

492

00:23:42,360 --> 00:23:38,340

know scientific experiments on

493

00:23:46,530 --> 00:23:42,370

ultimately achieving you know craft that

494

00:23:48,810 --> 00:23:46,540

could you know have anti-gravity

495

00:23:51,150 --> 00:23:48,820

propulsion that could you know go pretty

496

00:23:53,610 --> 00:23:51,160

fast you know much faster than anything

497

00:23:56,670 --> 00:23:53,620

that that our rocket could do hole to

498

00:24:06,210 --> 00:23:56,680

pole in 30 minutes something like that

499

00:24:08,730 --> 00:24:06,220

you know and obviously they couldn't get

500

00:24:12,030 --> 00:24:08,740

that far again this is you know from why

501
00:24:14,670 --> 00:24:12,040
I think has definitely some you know

502
00:24:17,340 --> 00:24:14,680
some some truth to it I definitely think

503
00:24:19,890 --> 00:24:17,350
that again the Bell was hitting just go

504
00:24:22,050 --> 00:24:19,900
from the Bell to all the sudden flying

505
00:24:24,810 --> 00:24:22,060
saucers over the White House you know

506
00:24:27,330 --> 00:24:24,820
the Bell was just the beginning that was

507
00:24:28,680 --> 00:24:27,340
just it's fun talk about the bell but it

508
00:24:30,510 --> 00:24:28,690
was just like you know I'm saying like

509
00:24:32,310 --> 00:24:30,520
there's probably be you know not so much

510
00:24:34,200 --> 00:24:32,320
baby steps but and they might have who

511
00:24:37,950 --> 00:24:34,210
knows if they had helped along the way

512
00:24:39,480 --> 00:24:37,960
from from something you know but I think

513
00:24:41,790 --> 00:24:39,490

it was just the beginning of their of

514

00:24:44,310 --> 00:24:41,800

their technology of their stock you know

515

00:24:46,620 --> 00:24:44,320

and eventually they were able to you

516

00:24:47,940 --> 00:24:46,630

know because they really this was what

517

00:24:50,550 --> 00:24:47,950

they really believed and they really put

518

00:24:53,430 --> 00:24:50,560

a lot of effort into achieving what they

519

00:24:55,200 --> 00:24:53,440

wanted to do you know but they couldn't

520

00:24:56,790 --> 00:24:55,210

do anything with the craft so eventually

521

00:25:01,020 --> 00:24:56,800

say it took five ten years for them to

522

00:25:04,890 --> 00:25:01,030

you know ultimately create a saucer put

523

00:25:07,830 --> 00:25:04,900

a smaller melon side on the top flying

524

00:25:09,600 --> 00:25:07,840

around they couldn't you know they could

525

00:25:11,220 --> 00:25:09,610

go fast and they could fly out and they

526

00:25:13,890 --> 00:25:11,230

probably did scare the [h__\h] out of our

527

00:25:19,230 --> 00:25:13,900

government you know right but

528

00:25:21,120 --> 00:25:19,240

they they they couldn't put a a weapon

529

00:25:23,880 --> 00:25:21,130

on it when they put a weapon on it it

530

00:25:26,549 --> 00:25:23,890

would cause the craft to shake it like

531

00:25:28,370 --> 00:25:26,559

it when it was unstable they couldn't

532

00:25:31,260 --> 00:25:28,380

they couldn't figure out how to do

533

00:25:33,630 --> 00:25:31,270

someone like you know a like that a

534

00:25:36,420 --> 00:25:33,640

laser beam weapon or something cool like

535

00:25:39,840 --> 00:25:36,430

that that you would direct beam weapon

536

00:25:43,020 --> 00:25:39,850

or heat weapon they weren't that far you

537

00:25:46,530 --> 00:25:43,030

know so they asked us AG is so because

538

00:25:48,450 --> 00:25:46,540

I'm envisioning in this so so they they

539

00:25:50,820 --> 00:25:48,460

take the bell you think of a youth they

540

00:25:52,620 --> 00:25:50,830

actually put that in though in the

541

00:25:54,690 --> 00:25:52,630

saucer looking things is that what

542

00:25:59,820 --> 00:25:54,700

you're saying because that's what I

543

00:26:01,860 --> 00:25:59,830

think was again the Bell was just not

544

00:26:04,110 --> 00:26:01,870

the bells it's just like the first idea

545

00:26:06,060 --> 00:26:04,120

of like the girl like you know when like

546

00:26:07,590 --> 00:26:06,070

Steve Jobs is first thinking of the

547

00:26:08,910 --> 00:26:07,600

iPhone isn't like anything like the

548

00:26:09,330 --> 00:26:08,920

first one that came out you know I'm

549

00:26:11,370 --> 00:26:09,340

saying

550

00:26:13,020 --> 00:26:11,380

a prototype maybe that's a better word

551

00:26:16,680 --> 00:26:13,030

this there we go I like that better than

552

00:26:19,200 --> 00:26:16,690

a prototype for what was to come five

553

00:26:20,970 --> 00:26:19,210

ten years down the line you know that's

554

00:26:22,650 --> 00:26:20,980

probably a better wait what I think I

555

00:26:25,260 --> 00:26:22,660

think of the bells I'm sure at some

556

00:26:26,910 --> 00:26:25,270

point they were they big they scrapped

557

00:26:28,620 --> 00:26:26,920

the Bell project because killing

558

00:26:31,530 --> 00:26:28,630

scientists yeah

559

00:26:33,630 --> 00:26:31,540

highly x too big it was loud but it was

560

00:26:37,080 --> 00:26:33,640

a prototype you know they didn't just

561

00:26:39,930 --> 00:26:37,090

quit the Bell and did nothing you know

562

00:26:41,910 --> 00:26:39,940

really they probably put you know

563

00:26:44,520 --> 00:26:41,920

tweaked and got it better got it's

564

00:26:47,100 --> 00:26:44,530

smaller and and you know just just I

565

00:26:49,110 --> 00:26:47,110

think they went from there you know are

566

00:26:52,410 --> 00:26:49,120

you eventually they were able to yeah

567

00:26:55,590 --> 00:26:52,420

put it in put it in cracked right so

568

00:26:59,760 --> 00:26:55,600

basically the Bell was indeed we could

569

00:27:02,610 --> 00:26:59,770

say the motor and it was the prototype

570

00:27:04,260 --> 00:27:02,620

motor just kind of simplifying this down

571

00:27:05,910 --> 00:27:04,270

for maybe people that are listening

572

00:27:10,320 --> 00:27:05,920

because I'm trying to simply simplify it

573

00:27:13,049 --> 00:27:10,330

for myself too so they refine it like

574

00:27:15,360 --> 00:27:13,059

you say you know over years or decades

575

00:27:17,580 --> 00:27:15,370

or whatever and then they're able to get

576

00:27:19,410 --> 00:27:17,590

it up like five ten years now maybe a

577

00:27:21,720 --> 00:27:19,420

decade of tops if you look at the other

578

00:27:24,250 --> 00:27:21,730

timeline right probably I'll talk to my

579

00:27:25,510 --> 00:27:24,260

for ten years

580

00:27:29,860 --> 00:27:25,520

even sooner they were flying these

581

00:27:33,640 --> 00:27:29,870

things everywhere and you know here's

582

00:27:36,250 --> 00:27:33,650

the other mystery what is with the

583

00:27:38,440 --> 00:27:36,260

writing on the outside of the Bell and

584

00:27:41,740 --> 00:27:38,450

that is also very consistent with

585

00:27:43,750 --> 00:27:41,750

actually every damn UFO crash kind of

586

00:27:46,030 --> 00:27:43,760

major sighting there seems to be writing

587

00:27:47,320 --> 00:27:46,040

what is the writing on the outside of

588

00:27:50,350 --> 00:27:47,330

the Bell I didn't get a chance to really

589

00:27:55,420 --> 00:27:50,360

you know dive into that have you been

590

00:27:57,730 --> 00:27:55,430

able to figure that with any any other

591

00:27:59,760 --> 00:27:57,740

UFO crap it's definitely similar you

592

00:28:02,440 --> 00:27:59,770

know Brandon is always weird writing on

593

00:28:05,560 --> 00:28:02,450

absolute roswell yeah you know there's

594

00:28:08,860 --> 00:28:05,570

some weird writing on it and you know

595

00:28:10,650 --> 00:28:08,870

but but again I think that separation

596

00:28:13,600 --> 00:28:10,660

had any weird writing on it you know

597

00:28:15,880 --> 00:28:13,610

again a they probably just it was just

598

00:28:17,830 --> 00:28:15,890

an old prototype that you know it's

599

00:28:19,390 --> 00:28:17,840

beginning of something bigger because

600

00:28:22,150 --> 00:28:19,400

you know what's really messing with my

601
00:28:26,020 --> 00:28:22,160
mind are the pictures online of the Bell

602
00:28:27,670 --> 00:28:26,030
merged with the possible symbols on the

603
00:28:29,620 --> 00:28:27,680
bottom of it and I'm like that's what I

604
00:28:31,600 --> 00:28:29,630
thought I don't think that's the case I

605
00:28:33,250 --> 00:28:31,610
think that's some BS because I think

606
00:28:35,440 --> 00:28:33,260
there's probably just writing or some

607
00:28:39,190 --> 00:28:35,450
kind of inscription of some sort I would

608
00:28:43,120 --> 00:28:39,200
imagine I still can't say that Roswell

609
00:28:51,160 --> 00:28:43,130
is I know I owe you want to think about

610
00:28:53,680 --> 00:28:51,170
Ron ability wants the thing but alright

611
00:28:55,840 --> 00:28:53,690
I will you can't roll off the fact that

612
00:28:58,270 --> 00:28:55,850
it's very possible that it could have

613
00:29:00,610 --> 00:28:58,280

been you know the Nazis and to be quite

614

00:29:03,340 --> 00:29:00,620

honest again the government at that time

615

00:29:05,950 --> 00:29:03,350

at that time area right after World War

616

00:29:08,350 --> 00:29:05,960

two there's no way they could tell the

617

00:29:10,120 --> 00:29:08,360

American people that yeah we did we won

618

00:29:13,090 --> 00:29:10,130

the war but enough you have all his

619

00:29:15,310 --> 00:29:13,100

weapon these these flying discs

620

00:29:18,100 --> 00:29:15,320

technologies and it's flying over your

621

00:29:19,330 --> 00:29:18,110

house you know be back in Germany in 15

622

00:29:21,100 --> 00:29:19,340

minutes Wow

623

00:29:21,910 --> 00:29:21,110

you know and eventually they would have

624

00:29:24,580 --> 00:29:21,920

you know

625

00:29:26,740 --> 00:29:24,590

put some so that if this gets into the

626

00:29:31,360 --> 00:29:26,750

hole where they you're right they go

627

00:29:33,040 --> 00:29:31,370

over a white house and you know that's

628

00:29:34,300 --> 00:29:33,050

how a lot of people believe you know and

629

00:29:37,420 --> 00:29:34,310

there's definitely you can I think

630

00:29:40,600 --> 00:29:37,430

there's the video of that real video is

631

00:29:42,750 --> 00:29:40,610

online but they flew about what twelve

632

00:29:45,340 --> 00:29:42,760

or fifteen

633

00:29:47,580 --> 00:29:45,350

you know crafts over the white house and

634

00:29:50,320 --> 00:29:47,590

that was it that was actually it was in

635

00:29:54,180 --> 00:29:50,330

1952 that's what I was gonna ask me why

636

00:29:59,080 --> 00:29:54,190

they did that what date that was indeed

637

00:30:01,090 --> 00:29:59,090

from the convo and that's when I just

638

00:30:03,790 --> 00:30:01,100

heard from the combo for a minute

639

00:30:05,380 --> 00:30:03,800

AJ sorry to interrupt you I wanted to

640

00:30:08,770 --> 00:30:05,390

talk about for just a minute for our

641

00:30:10,600 --> 00:30:08,780

listeners out there when with the last

642

00:30:13,090 --> 00:30:10,610

conversation actually an aging you are

643

00:30:17,320 --> 00:30:13,100

on that that last probe cast we did

644

00:30:19,150 --> 00:30:17,330

about Roswell I actually will we Joe you

645

00:30:20,980 --> 00:30:19,160

were there we received a couple messages

646

00:30:25,060 --> 00:30:20,990

from people yeah

647

00:30:28,090 --> 00:30:25,070

who said both BS Rosalynn was real my

648

00:30:31,030 --> 00:30:28,100

friend did this or my friend I actually

649

00:30:32,440 --> 00:30:31,040

had two people kind of mess shout out to

650

00:30:34,450 --> 00:30:32,450

the interactors so thank you for

651

00:30:36,010 --> 00:30:34,460

listening but I just wanted to

652

00:30:38,440 --> 00:30:36,020

acknowledge those people for a minute

653

00:30:40,300 --> 00:30:38,450

because we don't know what happened at

654

00:30:42,940 --> 00:30:40,310

Roswell all we do know is that an event

655

00:30:44,440 --> 00:30:42,950

happened in that you know material of

656

00:30:50,230 --> 00:30:44,450

some sort was picked up and transported

657

00:30:53,160 --> 00:30:50,240

that's all we know so you know yeah with

658

00:30:56,680 --> 00:30:53,170

some sort of aerial craft that crashed

659

00:30:58,720 --> 00:30:56,690

there was some sort of debris that you

660

00:31:02,380 --> 00:30:58,730

know we at that point I've never really

661

00:31:07,000 --> 00:31:02,390

seen her you know felt before right

662

00:31:09,670 --> 00:31:07,010

oh yeah we've covered that before yes

663

00:31:11,140 --> 00:31:09,680

yes we I could cover that again let's

664

00:31:15,730 --> 00:31:11,150

talk about Roswell again Joe what are

665

00:31:18,820 --> 00:31:15,740

you saying no actually I want to say

666

00:31:21,070 --> 00:31:18,830

because in the chatroom here Joe

667

00:31:23,110 --> 00:31:21,080

by the way alien on board guess where

668

00:31:27,159 --> 00:31:23,120

he's going on Friday

669

00:31:40,610 --> 00:31:34,270

yes not chuck-e-cheese Rendlesham forest

670

00:31:43,370 --> 00:31:40,620

sweet where UFO what what

671

00:31:46,700 --> 00:31:43,380

that's where okay British Roswell yeah

672

00:31:50,570 --> 00:31:46,710

it's a huge huge huge story to I in 1980

673

00:31:52,970 --> 00:31:50,580

it's only one of the biggest like it's

674

00:32:00,610 --> 00:31:52,980

alright Joe Joe's learning with us so

675

00:32:10,100 --> 00:32:03,680

so let's get back to learning more about

676
00:32:14,930 --> 00:32:10,110
these technologies of Nazi Germany and I

677
00:32:16,940 --> 00:32:14,940
was really kind of stuck on your

678
00:32:19,039 --> 00:32:16,950
explanation of the UFOs that were not

679
00:32:20,570 --> 00:32:19,049
UFO sorry though the Nazi flying saucers

680
00:32:25,669 --> 00:32:20,580
they were able to go from pole to pole

681
00:32:28,789 --> 00:32:25,679
so quickly why why is that I mean is

682
00:32:32,480 --> 00:32:28,799
that just just the you know because the

683
00:32:36,950 --> 00:32:32,490
antigravity anti-gravity I mean is that

684
00:32:42,020 --> 00:32:36,960
what that was multiple story that has to

685
00:32:44,360 --> 00:32:42,030
do you know the project

686
00:32:46,610 --> 00:32:44,370
operation Highjump you know that's what

687
00:32:49,279 --> 00:32:46,620
he said he witnessed and I think he did

688
00:32:50,450 --> 00:32:49,289

backtrack that start because again he he

689

00:32:51,890 --> 00:32:50,460

for Chris came out and there's an

690

00:32:54,289 --> 00:32:51,900

Oakland to view online

691

00:32:56,390 --> 00:32:54,299

this is him being interviewed as a you

692

00:32:58,820 --> 00:32:56,400

know early interview I think it might

693

00:33:00,799 --> 00:32:58,830

even be in black and white or color um

694

00:33:03,350 --> 00:33:00,809

but it's definitely on YouTube and it's

695

00:33:06,409 --> 00:33:03,360

really cool and interesting but yeah

696

00:33:11,060 --> 00:33:06,419

he's the one that essentially said I

697

00:33:12,529 --> 00:33:11,070

think it was I was in a newspaper and it

698

00:33:14,720 --> 00:33:12,539

was retracted it was definitely

699

00:33:17,419 --> 00:33:14,730

something that he went on record saying

700

00:33:19,340 --> 00:33:17,429

that when they finally got to Anton

701
00:33:20,720 --> 00:33:19,350
occur this whole brigade that they went

702
00:33:23,390 --> 00:33:20,730
down all these nations

703
00:33:25,020 --> 00:33:23,400
there's powerful boats and you know a

704
00:33:27,990 --> 00:33:25,030
ton of weapon

705
00:33:30,030 --> 00:33:28,000
and you know they essentially got their

706
00:33:32,130 --> 00:33:30,040
asses kicked and the word was that it

707
00:33:34,410 --> 00:33:32,140
was you know again those round classic

708
00:33:39,030 --> 00:33:34,420
saucer-shaped craft came out of the

709
00:33:40,830 --> 00:33:39,040
water and you know at that point they

710
00:33:42,900 --> 00:33:40,840
were able to the weaponize him and they

711
00:33:45,900 --> 00:33:42,910
had some other weapons and you know they

712
00:33:47,880 --> 00:33:45,910
beat us pretty easily and that's when

713
00:33:50,640 --> 00:33:47,890

Admiral Byrd said that they were so fast

714

00:33:53,220 --> 00:33:50,650

they could you know literally fly from

715

00:33:56,340 --> 00:33:53,230

pole to pole in like a half an hour that

716

00:33:59,970 --> 00:33:56,350

evening they could just go full very

717

00:34:01,440 --> 00:33:59,980

fast Wow and in like you said it's great

718

00:34:02,850 --> 00:34:01,450

to be able to do all that but if you

719

00:34:06,420 --> 00:34:02,860

don't a have a weapon of mass

720

00:34:07,260 --> 00:34:06,430

destruction you know it's not gonna be

721

00:34:09,840 --> 00:34:07,270

of any help

722

00:34:13,230 --> 00:34:09,850

yeah and then B of course like you said

723

00:34:14,550 --> 00:34:13,240

adding any kind of technology or not

724

00:34:17,640 --> 00:34:14,560

technology of any kind of weaponry would

725

00:34:22,159 --> 00:34:17,650

mess up the whole thing Joe I know you

726

00:34:34,620 --> 00:34:26,040

I had my hand up for two hours I know

727

00:34:38,310 --> 00:34:34,630

your arms oh you just make me laugh I

728

00:34:43,710 --> 00:34:38,320

don't know okay Joe so can I borrow your

729

00:34:46,680 --> 00:34:43,720

brain no because no okay listen up you

730

00:34:51,540 --> 00:34:46,690

have four again and it make Homer go

731

00:35:00,930 --> 00:34:59,700

okay the quest I want to talk about this

732

00:35:03,960 --> 00:35:00,940

weird fluid that they put in the damn

733

00:35:05,520 --> 00:35:03,970

belt jeez I think it's just a weird I

734

00:35:07,740 --> 00:35:05,530

don't know I don't think a liquid but

735

00:35:11,790 --> 00:35:07,750

the military is not reddish more but

736

00:35:14,160 --> 00:35:11,800

much deeper what it was rent it was a

737

00:35:18,290 --> 00:35:14,170

burgundy red and you know they called it

738

00:35:22,020 --> 00:35:18,300

serum they call the IRR serum 5 to 5

739

00:35:26,370 --> 00:35:22,030

where does that's so specific I mean

740

00:35:28,290 --> 00:35:26,380

it's probably what they portray mixing

741

00:35:36,960 --> 00:35:28,300

paint and sometimes just so they have an

742

00:35:38,400 --> 00:35:36,970

R for red stupid and they mix it and

743

00:35:40,560 --> 00:35:38,410

they drop the drops and that's what they

744

00:35:46,200 --> 00:35:40,570

have they don't want to call it I can't

745

00:35:47,820 --> 00:35:46,210

call it you know I think this is

746

00:35:50,730 --> 00:35:47,830

interesting cuz I want to know what the

747

00:35:52,260 --> 00:35:50,740

anthill together Thanks I don't know

748

00:35:54,570 --> 00:35:52,270

that's the kind of weird said my mind

749

00:36:00,450 --> 00:35:54,580

gets stuck on you know go ahead AJ

750

00:36:02,280 --> 00:36:00,460

please leave whatever it was also a

751

00:36:04,170 --> 00:36:02,290

reaction being around it so it wasn't

752

00:36:12,790 --> 00:36:04,180

obviously safe to figure out it must

753

00:36:17,470 --> 00:36:15,280

like living negative electrons are back

754

00:36:22,450 --> 00:36:17,480

on weighing baseballs when barf pours in

755

00:36:24,880 --> 00:36:22,460

the stuff and yeah liquid Schwartz what

756

00:36:31,300 --> 00:36:24,890

it is we should bottle it we use liquid

757

00:36:36,940 --> 00:36:31,310

sports our next trip oh maybe the

758

00:36:38,410 --> 00:36:36,950

Schwartz be with you I just laughing all

759

00:36:41,440 --> 00:36:38,420

night tonight I'm sorry can we do this

760

00:36:48,360 --> 00:36:41,450

stupid just you know Joe you don't say a

761

00:36:58,230 --> 00:36:53,470

okay AJ you're so go ahead man but we

762

00:37:00,820 --> 00:36:58,240

were talking about this weird fluid and

763

00:37:06,460 --> 00:37:00,830

and when you get your thoughts on you

764

00:37:08,860 --> 00:37:06,470

know I don't know why you do this here's

765

00:37:10,870 --> 00:37:08,870

the string it's made of this and there

766

00:37:13,390 --> 00:37:10,880

and then it can hold this I'm trying to

767

00:37:15,670 --> 00:37:13,400

figure what kind of string it is I think

768

00:37:19,150 --> 00:37:15,680

because to me on hours and hours on a

769

00:37:28,750 --> 00:37:19,160

piece of string I told it was a Superman

770

00:37:30,490 --> 00:37:28,760

charity believe me I hope you are if

771

00:37:32,590 --> 00:37:30,500

you're laughing out there too you know

772

00:37:33,580 --> 00:37:32,600

give us a like by the way we are on all

773

00:37:36,790 --> 00:37:33,590

things social media

youtube-dot-com forward-slash you get

783

people so to try to go on our website

785

00:38:20,740 --> 00:38:17,800

but that's just temporary

786

00:38:25,310 --> 00:38:20,750

yeah

787

00:38:35,930 --> 00:38:25,320

my cat's spondylus ichi-san follow us

788

00:38:37,730 --> 00:38:35,940

like this ball fondlers' you're my

789

00:38:39,320 --> 00:38:37,740

favorite part of this probe cast Jo is

790

00:38:42,109 --> 00:38:39,330

when we can reminisce about movies we

791

00:38:47,990 --> 00:38:42,119

love like explorers and all those other

792

00:38:50,480 --> 00:38:48,000

crazy movies that we always mention so

793

00:38:52,339 --> 00:38:50,490

we're just kind of few minutes left and

794

00:38:54,890 --> 00:38:52,349

I want to give AJ the opportunity to

795

00:38:57,140 --> 00:38:54,900

just talk about anything that you think

796

00:38:59,390 --> 00:38:57,150

might be pertinent for our listeners and

797

00:39:01,010 --> 00:38:59,400

followers to know about this story maybe

798

00:39:03,380 --> 00:39:01,020

something I haven't you know touched

799

00:39:05,390 --> 00:39:03,390

base on in this you know 30 plus minute

800

00:39:07,490 --> 00:39:05,400

combo and just kind of give it up to for

801
00:39:11,770 --> 00:39:07,500
a few minutes here man to chime in let

802
00:39:17,440 --> 00:39:11,780
us know what but you know four-30 scope

803
00:39:20,960 --> 00:39:17,450
pertinent I don't know not rule it out

804
00:39:23,150 --> 00:39:20,970
you know you're gonna you know still you

805
00:39:25,160 --> 00:39:23,160
know research and reading up on you know

806
00:39:27,410 --> 00:39:25,170
the whole you can start with a Nazi bell

807
00:39:28,880 --> 00:39:27,420
and I guarantee when you stop it you

808
00:39:31,820 --> 00:39:28,890
won't stop keep reading

809
00:39:34,010 --> 00:39:31,830
going going by the time you're done you

810
00:39:36,680 --> 00:39:34,020
know paying upon how far down you go yo

811
00:39:38,599 --> 00:39:36,690
yo cool in the vacuum on you always hope

812
00:39:41,750 --> 00:39:38,609
be like now anytime you see a saucer

813
00:39:44,930 --> 00:39:41,760

that's you know round that was spotted

814

00:39:46,609 --> 00:39:44,940

in their 30s and 40s and 50s and who

815

00:39:48,290 --> 00:39:46,619

knows even in the sixties year there's

816

00:39:49,790 --> 00:39:48,300

old there always will be event Allison

817

00:39:53,570 --> 00:39:49,800

hey that might have been a German press

818

00:39:55,970 --> 00:39:53,580

you know and I think that's you know

819

00:39:58,220 --> 00:39:55,980

maybe people who don't even know they

820

00:39:59,839 --> 00:39:58,230

they maybe they never you know thought

821

00:40:01,910 --> 00:39:59,849

about it you know no this is always a

822

00:40:03,500 --> 00:40:01,920

soma sister gray alien that's you know

823

00:40:04,970 --> 00:40:03,510

do you think the driving

824

00:40:08,180 --> 00:40:04,980

start interrupted do you think the

825

00:40:09,980 --> 00:40:08,190

Germans had contacted the aliens why

826

00:40:11,810 --> 00:40:09,990

would I know I told you okay talk about

827

00:40:13,670 --> 00:40:11,820

the question to the line yeah I mean why

828

00:40:14,780 --> 00:40:13,680

the saucer shape that's my question it

829

00:40:16,579 --> 00:40:14,790

might be something to that or the

830

00:40:18,440 --> 00:40:16,589

inspiration thing they they weren't just

831

00:40:19,700 --> 00:40:18,450

you know crazy scientists I wanted to

832

00:40:21,770 --> 00:40:19,710

explore a different type and

833

00:40:23,960 --> 00:40:21,780

wage weapons they were into you know

834

00:40:27,290 --> 00:40:23,970

their call and that whole real society

835

00:40:29,240 --> 00:40:27,300

where they you know almost you know

836

00:40:30,950 --> 00:40:29,250

looked up to these you know beings that

837

00:40:34,190 --> 00:40:30,960

live in the center of the earth and they

838

00:40:36,650 --> 00:40:34,200

got the girl power and you know they

839

00:40:40,339 --> 00:40:36,660

don't make experiments with that yeah

840

00:40:41,660 --> 00:40:40,349

Joe here how are you what's up Joe I've

841

00:40:43,010 --> 00:40:41,670

been even just like to talk about being

842

00:40:44,089 --> 00:40:43,020

around you think that you know what I'm

843

00:40:46,010 --> 00:40:44,099

gonna stab yourself

844

00:40:50,060 --> 00:40:46,020

alright have we're the only thing

845

00:40:51,520 --> 00:40:50,070

holding us do you think we're the only

846

00:40:55,070 --> 00:40:51,530

thing in the universe the only living

847

00:40:57,260 --> 00:40:55,080

comments by Joe that's do I think we're

848

00:41:00,349 --> 00:40:57,270

the only humans are the only living no

849

00:41:03,050 --> 00:41:00,359

not at all he's a healthy skeptic

850

00:41:05,839 --> 00:41:03,060

dentist healthy skeptic as am i I mean

851

00:41:07,520 --> 00:41:05,849

will lady or Joe I think I think you

852

00:41:09,230 --> 00:41:07,530

would be considered a healthy skeptic I

853

00:41:13,310 --> 00:41:09,240

think I'm a healthy skeptic or me would

854

00:41:14,960 --> 00:41:13,320

you agree with that yeah it's not to

855

00:41:16,579 --> 00:41:14,970

life in the universe I'm sorry let me

856

00:41:18,170 --> 00:41:16,589

narrow this down not to life in the

857

00:41:19,970 --> 00:41:18,180

universe I mean I'm not skeptical of

858

00:41:22,099 --> 00:41:19,980

that I believe in that like AJ does but

859

00:41:24,109 --> 00:41:22,109

I mean you know when you get into the

860

00:41:29,270 --> 00:41:24,119

you apology Lord so I guess what I'm

861

00:41:31,970 --> 00:41:29,280

sure yeah that was a good question oh I

862

00:41:34,310 --> 00:41:31,980

think that a lot of it's [h__\h] I do I

863

00:41:38,300 --> 00:41:34,320

think that a lot of people bullshitting

864

00:41:41,030 --> 00:41:38,310

now and I do I really do I was shooting

865

00:41:43,190 --> 00:41:41,040

fans no one knows what did I do

866

00:41:44,660 --> 00:41:43,200

unfortunately I know I mean something

867

00:41:46,670 --> 00:41:44,670

that makes a lot of friends think like

868

00:41:49,339 --> 00:41:46,680

that because they're like people want to

869

00:41:53,630 --> 00:41:49,349

believe things but I mean like it I mean

870

00:41:55,370 --> 00:41:53,640

if you know alien on board if he's still

871

00:41:57,050 --> 00:41:55,380

in the chatroom oh yeah he's been too

872

00:41:59,329 --> 00:41:57,060

blunt debunking videos left and right

873

00:42:01,370 --> 00:41:59,339

seconds you know that people just put

874

00:42:02,990 --> 00:42:01,380

out there you know or you've been you

875

00:42:04,970 --> 00:42:03,000

know alien attic look at you know the

876

00:42:07,010 --> 00:42:04,980

things he's done he's not even trying to

877

00:42:09,440 --> 00:42:07,020

do to do the only doesn't want to be

878

00:42:11,990 --> 00:42:09,450

mean and you would interpret I think

879

00:42:14,390 --> 00:42:12,000

like I used to be so ninja you know into

880

00:42:16,700 --> 00:42:14,400

it almost a believer but you know now I

881

00:42:19,670 --> 00:42:16,710

just kind of stop thinking when I hear

882

00:42:22,400 --> 00:42:19,680

like a like a big-name speaker now like

883

00:42:25,120 --> 00:42:22,410

you know Corey good or David Wilcock are

884

00:42:27,829 --> 00:42:25,130

listen to any other of the people who

885

00:42:30,950 --> 00:42:27,839

claim to be so much more than just a

886

00:42:31,900 --> 00:42:30,960

researcher yeah I don't believe blindly

887

00:42:33,400 --> 00:42:31,910

anymore

888

00:42:35,890 --> 00:42:33,410

hundred percent of what they say and I

889

00:42:39,099 --> 00:42:35,900

think it's almost foolish if one does

890

00:42:40,630 --> 00:42:39,109

you know yeah but you know I'm not

891

00:42:43,089 --> 00:42:40,640

trying to tell anybody how they should

892

00:42:44,799 --> 00:42:43,099

be everybody has their own path and you

893

00:42:46,900 --> 00:42:44,809

know is gonna believe what they you know

894

00:42:49,420 --> 00:42:46,910

what they what they gonna believe you

895

00:42:52,510 --> 00:42:49,430

know I just think that a lot of it is is

896

00:42:54,640 --> 00:42:52,520

craziness Nels this crazy talk I really

897

00:42:57,190 --> 00:42:54,650

do I want it you know I want to chime in

898

00:42:59,260 --> 00:42:57,200

with you there I agree because I was I

899

00:43:01,390 --> 00:42:59,270

went into this like oh my gosh I'm gonna

900

00:43:02,620 --> 00:43:01,400

learn you know about this and this and

901
00:43:04,420 --> 00:43:02,630
then the more you kind of started

902
00:43:07,000 --> 00:43:04,430
researching it the more you're kind of

903
00:43:10,359 --> 00:43:07,010
like hmm

904
00:43:12,730 --> 00:43:10,369
maybe this isn't as paranormal or

905
00:43:15,430 --> 00:43:12,740
whatever and that's the great thing go

906
00:43:17,770 --> 00:43:15,440
ahead go ahead you sorry no I just I

907
00:43:19,870 --> 00:43:17,780
think we just really don't know and I

908
00:43:24,099 --> 00:43:19,880
think it's more fun to think that

909
00:43:26,980 --> 00:43:24,109
there's you know the Grail type of alien

910
00:43:28,720 --> 00:43:26,990
and everything else and dip there there

911
00:43:30,700 --> 00:43:28,730
probably is all of the above I'm sure

912
00:43:34,120 --> 00:43:30,710
there's everything going on you know but

913
00:43:35,859 --> 00:43:34,130

at the same time I think the best thing

914

00:43:37,539 --> 00:43:35,869

to do is what you guys do is just you

915

00:43:42,160 --> 00:43:37,549

know have conversations about certain

916

00:43:45,220 --> 00:43:42,170

topics don't claim to you know I'd be

917

00:43:46,809 --> 00:43:45,230

like yeah yeah I mean like I just think

918

00:43:48,970 --> 00:43:46,819

that more people should communicate

919

00:43:51,130 --> 00:43:48,980

especially the big-name researchers I

920

00:43:53,289 --> 00:43:51,140

think that a lot of them are more

921

00:43:56,079 --> 00:43:53,299

competitive with one another I mean I

922

00:43:58,180 --> 00:43:56,089

understand everybody has to eat and you

923

00:44:01,569 --> 00:43:58,190

know we're at the point now where that

924

00:44:04,089 --> 00:44:01,579

that is you know their main source of

925

00:44:07,210 --> 00:44:04,099

income and I completely understand but I

926
00:44:10,150 --> 00:44:07,220
don't well AJ I hate to cut you off but

927
00:44:12,069 --> 00:44:10,160
we're at just a few seconds left here

928
00:44:15,069 --> 00:44:12,079
and I just want to thank you so much for

929
00:44:18,220 --> 00:44:15,079
being on tonight's probe cash yeah and

930
00:44:19,930 --> 00:44:18,230
you're gonna be won by fast I know and I

931
00:44:21,789 --> 00:44:19,940
wanted to also do a shout out for alien

932
00:44:24,579 --> 00:44:21,799

933
00:44:25,990 --> 00:44:24,589

934
00:44:29,410 --> 00:44:26,000
we're looking beautiful J we're gonna

935
00:44:31,000 --> 00:44:29,420
don't team up with him soon and do

936
00:44:34,000 --> 00:44:31,010
something which is gonna be awesome and

937
00:44:35,859 --> 00:44:34,010
we will have AJ involved and the alien

938
00:44:37,180 --> 00:44:35,869
