1
00:00:22,470 --> 00:00:15,320

[Music]

2
00:00:24,569 --> 00:00:22,480

UFO Bros hey everyone is Giorgio

3
00:00:28,710 --> 00:00:24,579

tsoukalos from ancient aliens and you're

4
00:00:35,729 --> 00:00:28,720

experiencing UFO Bros TV hey what's up

5
00:00:38,280 --> 00:00:35,739

everybody on and we are the UF o Bros

6
00:00:46,020 --> 00:00:38,290

and thank you guys so much for listening

7
00:00:47,940 --> 00:00:46,030

in okay so we have down here we go there

8
00:00:51,390 --> 00:00:47,950

we go we're pretty new to this so we're

9
00:00:53,280 --> 00:00:51,400

trying to like do the video and then do

10
00:00:57,030 --> 00:00:53,290

the live podcast at the same time or the

11
00:00:59,700 --> 00:00:57,040

probe cast so new software see if it's

12
00:01:04,950 --> 00:00:59,710

working yeah so as you'll see floating

13
00:01:08,670 --> 00:01:04,960

around here is their logo that this

14

00:01:10,260 --> 00:01:08,680

pretty ghetto huh no well this shit's

15

00:01:12,000 --> 00:01:10,270

expensive and I want to make sure that

16

00:01:13,050 --> 00:01:12,010

it works you know I'm saying we've got

17

00:01:15,300 --> 00:01:13,060

some cool things that we're gonna be

18

00:01:17,790 --> 00:01:15,310

able to do the live thing though I'm a

19

00:01:24,710 --> 00:01:17,800

little bit sick tonight or sick it's all

20

00:01:27,930 --> 00:01:26,700

we've got some really cool stuff we're

21

00:01:32,630 --> 00:01:27,940

gonna be talking about tonight Joe I

22

00:01:35,250 --> 00:01:32,640

know and this show tonight stems from

23

00:01:39,180 --> 00:01:35,260

actual multiple conversations that Joe

24

00:01:41,990 --> 00:01:39,190

and I have had growing up Mormon is kind

25

00:01:50,280 --> 00:01:42,000

of where they started we grew up his

26
00:01:52,410 --> 00:01:50,290
Mormons when we were younger know we're

27
00:01:54,899 --> 00:01:52,420
broadcasting live you don't need a

28
00:01:58,440 --> 00:01:54,909
bright light yes they need to see our

29
00:02:06,420 --> 00:02:03,670
anyway uh growing up Mormon I was always

30
00:02:15,570 --> 00:02:06,430
fascinated by one of the Mormon mythos

31
00:02:18,160 --> 00:02:15,580
topics of Joseph Smith goes into the

32
00:02:21,120 --> 00:02:18,170
goes in the woods to pray because he

33
00:02:23,920 --> 00:02:21,130
doesn't know what the true church is and

34
00:02:26,140 --> 00:02:23,930
he prays to God and two beings come

35
00:02:27,850 --> 00:02:26,150
before him and tell him that he's gonna

36
00:02:30,190 --> 00:02:27,860
do great things

37
00:02:34,690 --> 00:02:30,200
basically fast-forward a little while

38
00:02:36,970 --> 00:02:34,700

later a being enters Joseph's room and

39

00:02:39,610 --> 00:02:36,980

tells him that there are golden plates

40

00:02:44,190 --> 00:02:39,620

buried near him where he lives I don't

41

00:02:56,740 --> 00:02:47,110

they're near him and that he is - at one

42

00:02:59,560 --> 00:02:56,750

point dig those up so so he dug up a box

43

00:03:02,140 --> 00:02:59,570

and in this box contained absolutely

44

00:03:05,770 --> 00:03:02,150

gold plates with curious sort of

45

00:03:10,150 --> 00:03:05,780

inscriptions something resembling like

46

00:03:11,710 --> 00:03:10,160

Egyptian also included in this box was

47

00:03:15,370 --> 00:03:11,720

something called the Urim and Thummim

48

00:03:18,370 --> 00:03:15,380

and this is so interesting now the only

49

00:03:21,039 --> 00:03:18,380

reason why I say I bring up like our

50

00:03:23,590 --> 00:03:21,049

background his Norman's is because this

51
00:03:28,840 --> 00:03:23,600
always totally was so interesting to me

52
00:03:30,699 --> 00:03:28,850
just to try to wrap my brain around what

53
00:03:37,479 --> 00:03:30,709
the Urim and Thummim is because here's

54
00:03:41,680 --> 00:03:37,489
here's how it goes he used these devices

55
00:03:44,100 --> 00:03:41,690
in these devices consisted of twos

56
00:03:48,009 --> 00:03:44,110
[Music]

57
00:03:50,860 --> 00:03:48,019
consisted of basically like two stones

58
00:03:56,380 --> 00:03:50,870
in what they said is a silver bow

59
00:03:57,610 --> 00:03:56,390
something resembling spectacles look

60
00:04:05,530 --> 00:03:57,620
what's really cool guys I can actually

61
00:04:12,740 --> 00:04:09,220
yes the Urim and Thummim there we go

62
00:04:16,250 --> 00:04:12,750
what do you think as you can see if you

63
00:04:17,930 --> 00:04:16,260

look there's a breast plate and then

64

00:04:29,690 --> 00:04:17,940

there is the spectacles looking things

65

00:04:36,409 --> 00:04:29,700

so what's interesting about this what's

66

00:04:40,870 --> 00:04:36,419

interesting about this is are we talking

67

00:04:45,230 --> 00:04:42,830

there that's a lot better we can

68

00:04:50,750 --> 00:04:45,240

actually see ourselves yeah so take a

69

00:04:56,090 --> 00:04:50,760

look so remember this was found in the

70

00:05:02,420 --> 00:04:56,100

box along with the plates I can't I know

71

00:05:04,790 --> 00:05:02,430

you oh my god I love the logo floating

72

00:05:07,370 --> 00:05:04,800

around anyway so he would put this vest

73

00:05:10,520 --> 00:05:07,380

on and look through these goggles or

74

00:05:14,510 --> 00:05:10,530

these glasses and what would appear

75

00:05:18,880 --> 00:05:14,520

before him is the translation of the

76
00:05:22,000 --> 00:05:18,890
language on the plates into English so

77
00:05:26,600 --> 00:05:22,010
essentially it was a translation device

78
00:05:29,300 --> 00:05:26,610
now the symbols on the plates resembled

79
00:05:30,529 --> 00:05:29,310
that of Egyptian but were not Egyptian

80
00:05:33,620 --> 00:05:30,539
so what they had called them at the time

81
00:05:37,640 --> 00:05:33,630
was reformed Egyptian and so that is

82
00:05:40,250 --> 00:05:37,650
apparently what Joseph was it's

83
00:05:42,980 --> 00:05:40,260
apparently what Joseph was doing with

84
00:05:46,190 --> 00:05:42,990
the plates and then so that's how the

85
00:05:50,270 --> 00:05:46,200
story goes I think it's so interesting I

86
00:05:53,210 --> 00:05:50,280
mean what why even put that in this

87
00:05:57,560 --> 00:05:53,220
story I mean why would God give him

88
00:06:03,980 --> 00:06:01,250

I don't I don't think first of all I

89

00:06:05,210 --> 00:06:03,990

think this is a poor representation I

90

00:06:07,400 --> 00:06:05,220

tried to find some better pictures of

91

00:06:12,920 --> 00:06:07,410

the Urim and Thummim but that's kinda

92

00:06:16,490 --> 00:06:12,930

hard to find actually um EB is

93

00:06:18,230 --> 00:06:16,500

interested look Evie's interested so

94

00:06:26,150 --> 00:06:18,240

just you know give me a break

95

00:06:30,650 --> 00:06:26,160

jeez okay so that's the story there's

96

00:06:35,530 --> 00:06:30,660

also a gentleman that claims to have

97

00:06:38,720 --> 00:06:35,540

possession of these items and he too is

98

00:06:41,330 --> 00:06:38,730

involved in a way with the Mormon

99

00:06:45,760 --> 00:06:41,340

religion he's an outsider of it his name

100

00:06:51,230 --> 00:06:45,770

is Christopher and he claims to have

101
00:06:53,570 --> 00:06:51,240
translated the the the remaining two

102
00:06:55,640 --> 00:06:53,580
thirds of the Book of Mormon because as

103
00:07:00,310 --> 00:06:55,650
the story goes Joseph only translated

104
00:07:04,850 --> 00:07:00,320
the first part of the Book of Mormon the

105
00:07:07,670 --> 00:07:04,860
last two thirds were bound until the

106
00:07:08,900 --> 00:07:07,680
time it was ready for it to be out to

107
00:07:11,600 --> 00:07:08,910
the world so that's how the story goes

108
00:07:15,920 --> 00:07:11,610
I'm telling you the story people want to

109
00:07:18,890 --> 00:07:15,930
know well let's see you guys we're gonna

110
00:07:21,740 --> 00:07:18,900
take a quick break on this subject

111
00:07:26,660 --> 00:07:21,750
because like we said we don't really

112
00:07:28,540 --> 00:07:26,670
know we're doing and we just he was if

113
00:07:33,279 --> 00:07:28,550

there's anybody in our chat I don't know

114

00:07:38,589 --> 00:07:36,760

who's watching okay so it is working

115

00:07:47,439 --> 00:07:38,599

then that just needs to update but where

116

00:07:49,809 --> 00:07:47,449

are the chats let's see my chat yeah can

117

00:07:52,809 --> 00:07:49,819

you check on your phone just so you know

118

00:07:56,079 --> 00:07:52,819

if you guys are so if you guys are

119

00:07:57,519 --> 00:07:56,089

trying to chat with us we are trying to

120

00:08:01,540 --> 00:07:57,529

figure out how to do that with you you

121

00:08:04,119 --> 00:08:01,550

know I'm saying so okay so I'm gonna put

122

00:08:07,079 --> 00:08:04,129

away the Urim and Thummim for now by the

123

00:08:11,170 --> 00:08:07,089

way the Urim and Thummim isn't just an

124

00:08:22,540 --> 00:08:11,180

object from the mormon religion the Urim

125

00:08:25,529 --> 00:08:22,550

and Thummim actually it's okay if see i

126

00:08:28,359 --> 00:08:25,539

can't get anything done around here

127

00:08:30,059 --> 00:08:28,369

we're gonna we're gonna move on german

128

00:08:33,639 --> 00:08:30,069

Thummim yet it did to death

129

00:08:36,639 --> 00:08:33,649

there was another device you know this

130

00:08:39,639 --> 00:08:36,649

is these are alien devices i think but i

131

00:08:42,430 --> 00:08:39,649

think a lot of you know religions and

132

00:08:44,829 --> 00:08:42,440

sorts of things are started around star

133

00:08:51,460 --> 00:08:44,839

beings you know or people from the sky

134

00:08:56,259 --> 00:08:51,470

or right okay I see Jill will not be

135

00:09:03,000 --> 00:08:56,269

participating well if you stop being a

136

00:09:13,360 --> 00:09:03,010

baby a [h__\h] baby a man [h__\h] baby

137

00:09:16,329 --> 00:09:13,370

anyway okay need to show you another

138

00:09:18,699 --> 00:09:16,339

device this comes up in the Book of

139

00:09:19,569 --> 00:09:18,709

Mormon it's called the Leah Kona I don't

140

00:09:21,490 --> 00:09:19,579

know if you guys have ever heard this so

141

00:09:25,090 --> 00:09:21,500

I'm going to show you right now here it

142

00:09:29,750 --> 00:09:25,100

is now I'm gonna see if I can I don't

143

00:09:37,010 --> 00:09:29,760

know if I can can I make it bigger

144

00:09:39,140 --> 00:09:37,020

I don't know oh I don't know how to make

145

00:09:44,660 --> 00:09:39,150

it bigger are you supposed to suck on it

146

00:09:48,280 --> 00:09:44,670

oh my god okay no oh my god

147

00:09:51,410 --> 00:09:48,290

so anyway well you know that's the story

148

00:09:56,210 --> 00:09:51,420

so this device is a very interesting

149

00:10:00,800 --> 00:09:56,220

very peculiar device i the story goes

150

00:10:02,480 --> 00:10:00,810

that i don't want to get into like all

151
00:10:03,920 --> 00:10:02,490
the specifics cuz to be frankly honest

152
00:10:05,690 --> 00:10:03,930
with you i don't know the names of all

153
00:10:07,610 --> 00:10:05,700
the peoples and all of this stuff I only

154
00:10:09,700 --> 00:10:07,620
know the stuff that interests me and

155
00:10:12,880 --> 00:10:09,710
that is these devices

156
00:10:16,490 --> 00:10:12,890
basically the Liahona came to the people

157
00:10:20,780 --> 00:10:16,500
that I guess were lost in a forest and

158
00:10:23,180 --> 00:10:20,790
they prayed and prayed and they woke up

159
00:10:26,810 --> 00:10:23,190
and this device it was a round device

160
00:10:29,450 --> 00:10:26,820
they talked about and what this device

161
00:10:30,700 --> 00:10:29,460
would do is point them in the right

162
00:10:34,520 --> 00:10:30,710
direction

163
00:10:39,530 --> 00:10:34,530

so it was a compass but the thing that

164

00:10:41,840 --> 00:10:39,540

was I think more peculiar than that is

165

00:10:47,210 --> 00:10:41,850

that it also would have writing appear

166

00:10:52,340 --> 00:10:47,220

before it certain texts and languages

167

00:10:55,370 --> 00:10:52,350

would come on this device so I mean to

168

00:11:01,850 --> 00:10:55,380

me that sounds like something that would

169

00:11:04,820 --> 00:11:01,860

not be available at the time it sounds

170

00:11:08,770 --> 00:11:04,830

like to me that a technology like that

171

00:11:10,850 --> 00:11:08,780

wouldn't be available at the time and

172

00:11:12,230 --> 00:11:10,860

then also with the Urim and Thummim like

173

00:11:14,540 --> 00:11:12,240

we talked about that's weird too I don't

174

00:11:15,770 --> 00:11:14,550

understand some of your how you look

175

00:11:18,500 --> 00:11:15,780

through these spectacles and then they

176

00:11:20,600 --> 00:11:18,510

would translate the only thing that I

177

00:11:22,610 --> 00:11:20,610

could think of talking about the Urim

178

00:11:25,100 --> 00:11:22,620

and Thummim that would be close is there

179

00:11:27,620 --> 00:11:25,110

is an app on the iPhone I think it's

180

00:11:31,400 --> 00:11:27,630

called world lens it's pretty amazing

181

00:11:34,310 --> 00:11:31,410

how you can take your phone and you can

182

00:11:40,730 --> 00:11:34,320

put it over I don't know say some

183

00:11:42,750 --> 00:11:40,740

Spanish it will change the words in

184

00:11:45,810 --> 00:11:42,760

front of you to English

185

00:11:48,750 --> 00:11:45,820

so you can read it it does it like

186

00:11:50,850 --> 00:11:48,760

Chinese and Japanese I mean so many

187

00:11:52,350 --> 00:11:50,860

different languages you just point your

188

00:11:53,730 --> 00:11:52,360

phone if you don't understand the

189

00:11:54,870 --> 00:11:53,740

language or you don't know the signs or

190

00:11:56,310 --> 00:11:54,880

you don't understand the symbols you

191

00:11:58,139 --> 00:11:56,320

just point your phone and your phone

192

00:12:02,730 --> 00:11:58,149

will show you that's the only thing I

193

00:12:04,800 --> 00:12:02,740

could think of it would be close to a

194

00:12:05,879 --> 00:12:04,810

current day Urim and Thummim I mean we

195

00:12:11,490 --> 00:12:05,889

have that sort of tech can you stop

196

00:12:14,730 --> 00:12:11,500

picking your nose we're on live YouTube

197

00:12:16,650 --> 00:12:14,740

with we're always live what would be

198

00:12:19,620 --> 00:12:16,660

live okay okay

199

00:12:21,720 --> 00:12:19,630

but another point about the Urim and

200

00:12:25,620 --> 00:12:21,730

Thummim it is said that when Joseph was

201
00:12:29,220 --> 00:12:25,630
translating there would be a light that

202
00:12:30,960 --> 00:12:29,230
was so bright that people had to look

203
00:12:37,170 --> 00:12:30,970
away or something like that from what I

204
00:12:40,710 --> 00:12:37,180
understand and in a way this has a

205
00:12:44,280 --> 00:12:40,720
really bright light right so I wonder if

206
00:12:48,329 --> 00:12:44,290
they're just getting maybe a the iPhone

207
00:12:50,850 --> 00:12:48,339
20,000 to them I don't know

208
00:12:54,629 --> 00:12:50,860
and what the hell is a Liahona the

209
00:13:00,840 --> 00:12:54,639
question is how big was it the Mormon

210
00:13:02,540 --> 00:13:00,850
mythos and the depictions show it small

211
00:13:05,790 --> 00:13:02,550
something they would hold in their hand

212
00:13:09,059 --> 00:13:05,800
but if you look at those pictures there

213
00:13:10,980 --> 00:13:09,069

are a lot of writings like symbols on

214

00:13:12,990 --> 00:13:10,990

the Liahona as you can see if you look

215

00:13:17,129 --> 00:13:13,000

real close you'll see there's symbols on

216

00:13:21,000 --> 00:13:17,139

there I wonder if it was indeed a ship

217

00:13:29,340 --> 00:13:21,010

maybe that they were following through

218

00:13:33,960 --> 00:13:29,350

the forest instead of a compass yes like

219

00:13:38,920 --> 00:13:36,100

putting on this sweater was a terrible

220

00:13:40,900 --> 00:13:38,930

idea it seemed really bad yeah is this

221

00:13:42,610 --> 00:13:40,910

terrible idea okay I'm not that bad

222

00:13:45,930 --> 00:13:42,620

because I'm kind of stick some cold

223

00:13:49,690 --> 00:13:45,940

you're not a real human being and that's

224

00:13:52,180 --> 00:13:49,700

how it happens anyway so that's the

225

00:13:56,020 --> 00:13:52,190

Liahona check it out if you really zoom

226

00:14:00,760 --> 00:13:56,030

in you can see it looks to me like a

227

00:14:05,440 --> 00:14:00,770

spaceship now of course we're gonna get

228

00:14:09,070 --> 00:14:05,450

into the Ark of the Covenant supposed to

229

00:14:11,140 --> 00:14:09,080

eat it didn't happen I just knew that

230

00:14:14,380 --> 00:14:11,150

right there the Ark we all know about

231

00:14:16,210 --> 00:14:14,390

the Ark of the Covenant right yeah this

232

00:14:18,490 --> 00:14:16,220

is probably one of the quintessential

233

00:14:22,740 --> 00:14:18,500

examples of some sort of unearthly

234

00:14:29,170 --> 00:14:22,750

technology the device is said to house

235

00:14:34,000 --> 00:14:29,180

the tablets the manna machine which

236

00:14:36,460 --> 00:14:34,010

we'll talk about and Aaron's stick so

237

00:14:39,730 --> 00:14:36,470

we'll get into this magic stick here

238

00:14:41,920 --> 00:14:39,740

with the blooming one we're gonna get

239

00:14:45,020 --> 00:14:41,930

into we'll get into the manna machine

240

00:14:46,380 --> 00:14:45,030

and we'll also get into Aaron's rod

241

00:14:48,340 --> 00:14:46,390

[Laughter]

242

00:14:50,710 --> 00:14:48,350

sorry it wasn't Aaron stick it to

243

00:14:52,720 --> 00:14:50,720

Aaron's rod I didn't know there was an

244

00:14:53,710 --> 00:14:52,730

errand in the Bible it sounds like a

245

00:14:55,900 --> 00:14:53,720

porno name to me

246

00:14:59,110 --> 00:14:55,910

we're nog Rafi title so then I'll show

247

00:15:02,740 --> 00:14:59,120

you Aaron's rod goodness gracious great

248

00:15:06,700 --> 00:15:02,750

balls of fire that's just not well I

249

00:15:10,800 --> 00:15:06,710

know so here we are I got a blood bath

250

00:15:22,810 --> 00:15:14,560

yes anyway so the Ark is interesting

251
00:15:25,770 --> 00:15:22,820
because it is said that you can connect

252
00:15:29,530 --> 00:15:25,780
or contact or have some sort of

253
00:15:31,330 --> 00:15:29,540
experience with the Lord in the center

254
00:15:33,450 --> 00:15:31,340
of this device almost like it had a

255
00:15:36,940 --> 00:15:33,460
vortex in the center of it that would

256
00:15:41,170 --> 00:15:36,950
enable you to speak to beings and other

257
00:15:45,400 --> 00:15:41,180
realms pretty interesting however it had

258
00:15:50,470 --> 00:15:45,410
an interesting sort of problem which is

259
00:15:53,100 --> 00:15:50,480
if you approached it in and looked at it

260
00:15:55,660 --> 00:15:53,110
it would or touched it it would kill you

261
00:15:58,510 --> 00:15:55,670
it was very specific about who handled

262
00:16:00,790 --> 00:15:58,520
the Ark and how it was handled and Ark

263
00:16:03,910 --> 00:16:00,800

of the Covenant same Indiana Jones that

264

00:16:08,080 --> 00:16:03,920

same thing at the end it is said that it

265

00:16:09,670 --> 00:16:08,090

was a burning like fire but there were

266

00:16:12,250 --> 00:16:09,680

lightnings lightning in his eyes

267

00:16:15,070 --> 00:16:12,260

lightning in his nose so was that sound

268

00:16:19,930 --> 00:16:15,080

like it sounds like electrocution so why

269

00:16:21,880 --> 00:16:19,940

is this arc electrocuting people to

270

00:16:23,380 --> 00:16:21,890

death I mean that sounds to me like that

271

00:16:27,700 --> 00:16:23,390

is what the technology that it carries

272

00:16:33,880 --> 00:16:27,710

right uh-huh because my faith

273

00:16:35,650 --> 00:16:33,890

what thing I'm not done talking about a

274

00:16:39,340 --> 00:16:35,660

[h__h] yes it's a no it's pushing me over

275

00:16:40,840 --> 00:16:39,350

look you know we're away see a button to

276

00:16:48,190 --> 00:16:40,850

slap the [h__h] out of it you still can't

277

00:16:51,880 --> 00:16:48,200

charge it ma'am yeah so this thing is

278

00:16:54,430 --> 00:16:51,890

very dangerous and obviously very

279

00:16:57,610 --> 00:16:54,440

misunderstood at the time they took it

280

00:16:59,380 --> 00:16:57,620

as okay this is bad God doesn't want us

281

00:17:01,360 --> 00:16:59,390

to be doing this or I'm using it wrong

282

00:17:04,630 --> 00:17:01,370

or I'm touching it and they get

283

00:17:05,590 --> 00:17:04,640

electrocuted they die and that's why we

284

00:17:08,650 --> 00:17:05,600

think that they were electrocuted

285

00:17:11,020 --> 00:17:08,660

because of the that how the story talks

286

00:17:13,179 --> 00:17:11,030

about what women there knows him in

287

00:17:14,679 --> 00:17:13,189

their eyes it wasn't just like fire it

288

00:17:17,980 --> 00:17:14,689

wasn't like they were burned it was like

289

00:17:22,600 --> 00:17:17,990

these two beams came which I think would

290

00:17:24,340 --> 00:17:22,610

just be an electric arc that these two

291

00:17:27,789 --> 00:17:24,350

beams came over to the individual

292

00:17:29,260 --> 00:17:27,799

and basically you set him on fire well

293

00:17:31,630 --> 00:17:29,270

did you know that back in the Egyptian

294

00:17:34,510 --> 00:17:31,640

days they actually had batteries yet

295

00:17:38,820 --> 00:17:34,520

were daisy chained together yeah but

296

00:17:43,030 --> 00:17:38,830

that was for like what was it called

297

00:17:44,560 --> 00:17:43,040

like plating metal plating that's yeah

298

00:17:46,360 --> 00:17:44,570

but still they could still choke the

299

00:17:49,270 --> 00:17:46,370

[h__\h] out of you hmm

300

00:17:52,049 --> 00:17:49,280

but to death probably well [h__\h] maybe I

301

00:17:56,159 --> 00:17:52,059

do put a little extra evil in there

302

00:18:05,289 --> 00:17:56,169

maybe the ark has electric eels in it

303

00:18:07,930 --> 00:18:05,299

that could be what's that yeah um

304

00:18:08,770 --> 00:18:07,940

how our chatter do you got to want to

305

00:18:11,890 --> 00:18:08,780

take a minute and see if there's any

306

00:18:14,560 --> 00:18:11,900

questions no nothing nothing Paul Curtis

307

00:18:16,659 --> 00:18:14,570

likes the show-and-tell square okay good

308

00:18:18,130 --> 00:18:16,669

the thing that's bugging me we're

309

00:18:23,200 --> 00:18:18,140

working on it we're trying to up it you

310

00:18:25,090 --> 00:18:23,210

know yeah so I hope everything's working

311

00:18:27,370 --> 00:18:25,100

on Spreaker I assume that it is so oh

312

00:18:28,419 --> 00:18:27,380

okay so obviously so we talked about the

313

00:18:30,370 --> 00:18:28,429

Ark of the Covenant so we're gonna move

314

00:18:33,210 --> 00:18:30,380

on to the manna machine which i think is

315

00:18:35,380 --> 00:18:33,220

probably one of the most interesting

316

00:18:38,710 --> 00:18:35,390

stories have you have you heard of the

317

00:18:48,549 --> 00:18:38,720

manna machine Joe no do you want to know

318

00:18:50,950 --> 00:18:48,559

okay I know bring it right there that's

319

00:18:55,150 --> 00:18:50,960

the ma'am a jammer that is that it's

320

00:18:59,169 --> 00:18:55,160

called the manna machine now what are

321

00:19:01,510 --> 00:18:59,179

the aliens leave behind now so when the

322

00:19:05,799 --> 00:19:01,520

slaves were escaping this is after

323

00:19:08,590 --> 00:19:05,809

exodus they had to cross the desert for

324

00:19:12,460 --> 00:19:08,600

40 years forty years in the desert for

325

00:19:13,900 --> 00:19:12,470

or 44 d40 the [h__h] 248 years in the

326

00:19:16,810 --> 00:19:13,910

desert that's how long it took them to

327

00:19:18,760 --> 00:19:16,820

cross into wherever the hell they were

328

00:19:24,430 --> 00:19:18,770

going Jesus criminy

329

00:19:26,770 --> 00:19:24,440

yeah so the way that they were kept

330

00:19:29,710 --> 00:19:26,780

alive was from something called manna

331

00:19:35,400 --> 00:19:29,720

from heaven and the manna is described

332

00:19:38,130 --> 00:19:35,410

as coming during the morning dew my

333

00:19:39,870 --> 00:19:38,140

and it didn't stay too long so if you

334

00:19:42,390 --> 00:19:39,880

didn't get up early enough and collect

335

00:19:45,690 --> 00:19:42,400

it it would be gone you know by midday

336

00:19:50,640 --> 00:19:45,700

and so they described it almost likes

337

00:19:54,180 --> 00:19:50,650

like flakes or snowflakes but it wasn't

338

00:19:56,970 --> 00:19:54,190

because they took this manna this flake

339

00:19:58,500 --> 00:19:56,980

this whatever that they were picking up

340

00:20:01,980 --> 00:19:58,510

and they would turn it into cakes and

341

00:20:05,010 --> 00:20:01,990

bread and pastries and that is how they

342

00:20:07,020 --> 00:20:05,020

made it 40 years through the desert they

343

00:20:11,240 --> 00:20:07,030

also followed something that they said

344

00:20:18,290 --> 00:20:11,250

was in the sky so I think there was

345

00:20:21,930 --> 00:20:18,300

advanced beings in advanced ships

346

00:20:24,090 --> 00:20:21,940

guiding them through the desert and then

347

00:20:26,940 --> 00:20:24,100

having a machine now we'll get into how

348

00:20:31,470 --> 00:20:26,950

the machines how this machine happened

349

00:20:35,160 --> 00:20:31,480

but in the Bible it's pretty vague as to

350

00:20:36,540 --> 00:20:35,170

like what manna is it's a lot of people

351

00:20:37,860 --> 00:20:36,550

have a lot of different ideas of what

352

00:20:41,850 --> 00:20:37,870

man is or what it would taste like the

353

00:20:49,830 --> 00:20:41,860

word came from just keep talking

354

00:20:51,600 --> 00:20:49,840

[h__h] okay so okay so manna yep this

355

00:20:53,340 --> 00:20:51,610

is a lot better meat just me and Evie

356

00:20:56,910 --> 00:20:53,350

and here all whiney right there behind

357

00:21:00,780 --> 00:20:56,920

the manna machine yeah there we go

358

00:21:02,580 --> 00:21:00,790

I like this anyway so we're in an

359

00:21:04,890 --> 00:21:02,590

account and bitchslap Jim there's a part

360

00:21:06,720 --> 00:21:04,900

in the Bible now there's a part in the

361

00:21:08,190 --> 00:21:06,730

Bible that talks about this machine I

362

00:21:10,170 --> 00:21:08,200

keep calling the Machine the Bible

363

00:21:14,550 --> 00:21:10,180

doesn't refer to it as a machine they

364

00:21:19,740 --> 00:21:14,560

refer to it costed flakes they refer to

365

00:21:22,860 --> 00:21:19,750

it and more isn't in an animal sort of

366

00:21:24,270 --> 00:21:22,870

way describing it as an animal and so

367

00:21:28,170 --> 00:21:24,280

there was a gentleman who took the time

368

00:21:31,130 --> 00:21:28,180

to go through those verses chapters and

369

00:21:37,580 --> 00:21:31,140

try to put together a machine that could

370

00:21:40,760 --> 00:21:37,590

create a sustainable food substance and

371

00:21:44,650 --> 00:21:40,770

so this is what the guy came up with and

372

00:21:47,970 --> 00:21:44,660

I believe it's algae

373

00:21:51,610 --> 00:21:47,980

it makes algae what's that algae for

374

00:21:52,990 --> 00:21:51,620

well manna tell me I don't know I don't

375

00:21:53,470 --> 00:21:53,000

know how you would eat algae it sounds

376

00:21:59,040 --> 00:21:53,480

terrible

377

00:22:19,180 --> 00:22:10,660

here Joe boom there we go cool we're

378

00:22:22,720 --> 00:22:19,190

gonna go on to Aaron's rod there's

379

00:22:23,980 --> 00:22:22,730

Rodney yes oh I see that it's kind of

380

00:22:27,850 --> 00:22:23,990

funny that I'm learning how to use this

381

00:22:29,950 --> 00:22:27,860

as we're using it it's funny I'm trying

382

00:22:36,070 --> 00:22:29,960

to make you bigger I don't know how did

383

00:22:36,900 --> 00:22:36,080

that do you know Joe I like that make

384

00:22:39,340 --> 00:22:36,910

that smaller

385

00:22:41,350 --> 00:22:39,350

sorry guys ink type and for those of you

386

00:22:42,250 --> 00:22:41,360

that are listening on Spreaker you don't

387

00:22:43,330 --> 00:22:42,260

know what we're doing but you should

388

00:22:45,100 --> 00:22:43,340

definitely check us out on YouTube

389

00:22:46,360 --> 00:22:45,110

because we're trying to figure out what

390

00:22:49,000 --> 00:22:46,370

the hell we're doing here we have

391

00:22:52,390 --> 00:22:49,010

pictures of our faces yeah anyway cuz

392

00:22:57,310 --> 00:22:52,400

there we go so this is Aaron's rod now

393

00:22:59,410 --> 00:22:57,320

if this is what I could understand is it

394

00:23:04,650 --> 00:22:59,420

was a magical rod and this was the rod

395

00:23:15,210 --> 00:23:04,660

that turned into a snake in front of yes

396

00:23:23,650 --> 00:23:15,220

King yeah Nessie's yes okay yeah this

397

00:23:27,160 --> 00:23:23,660

same rod also would flower if they got

398

00:23:30,280 --> 00:23:27,170

it it would flower flowers would come

399

00:23:31,780 --> 00:23:30,290

out of it in things so it was magical in

400

00:23:33,250 --> 00:23:31,790

that sense I guess and it was so

401
00:23:34,750 --> 00:23:33,260
important and so magical that they

402
00:23:37,650 --> 00:23:34,760
wanted to keep it in the arc you know

403
00:23:40,180 --> 00:23:37,660
obviously the arc where it has its own

404
00:23:48,400 --> 00:23:40,190
security device which is touch it you

405
00:23:51,700 --> 00:23:48,410
die let's see how do you met a bear the

406
00:23:54,670 --> 00:23:51,710
bear met algae the bear was bulgy the

407
00:23:57,520 --> 00:23:54,680
Bulge was algae and who said that Paul

408
00:23:59,720 --> 00:23:57,530
Curtis good see you're using your words

409
00:24:02,840 --> 00:23:59,730
but I just want to give you guys in a

410
00:24:04,250 --> 00:24:02,850
representation because when I hear those

411
00:24:06,560 --> 00:24:04,260
things I just feel like I just try to

412
00:24:08,390 --> 00:24:06,570
understand what they are like what it

413
00:24:09,740 --> 00:24:08,400

even kind of look like the Urim and

414

00:24:12,230 --> 00:24:09,750

Thummim has always been a thing for me

415

00:24:15,010 --> 00:24:12,240

I've always been trying to research it I

416

00:24:21,920 --> 00:24:15,020

do find it interesting with Thummim I

417

00:24:23,270 --> 00:24:21,930

like to urine Amanda thumb oh no okay

418

00:24:26,390 --> 00:24:23,280

well the Urim and Thummim goes on

419

00:24:28,400 --> 00:24:26,400

because it is said that the reformed

420

00:24:32,170 --> 00:24:28,410

latter-day saints church that that

421

00:24:36,050 --> 00:24:32,180

leader actually has the Urim and Thummim

422

00:24:39,710 --> 00:24:36,060

the the Mormon Church recently put out

423

00:24:41,540 --> 00:24:39,720

pictures of Joseph's seer stone which is

424

00:24:43,460 --> 00:24:41,550

something he used after the Urim and

425

00:24:46,820 --> 00:24:43,470

Thummim for communication and

426

00:24:48,260 --> 00:24:46,830

translation and it's it looks just like

427

00:24:50,600 --> 00:24:48,270

a little bird egg it's really weird it's

428

00:24:56,500 --> 00:24:50,610

like a smooth chocolaty looking rock

429

00:25:00,080 --> 00:24:56,510

with swirls in it okay I wish what whoa

430

00:25:07,370 --> 00:25:00,090

yeah but anyway but the Cadbury egg

431

00:25:08,870 --> 00:25:07,380

going now this guy Christopher who this

432

00:25:13,520 --> 00:25:08,880

is his story very interesting he says

433

00:25:15,290 --> 00:25:13,530

that advanced beings aliens or he calls

434

00:25:17,390 --> 00:25:15,300

him advanced beings he doesn't call them

435

00:25:22,850 --> 00:25:17,400

aliens because they're humans advanced

436

00:25:28,430 --> 00:25:22,860

humans visited him and told him that he

437

00:25:29,930 --> 00:25:28,440

was to translate the other two-thirds of

438

00:25:33,340 --> 00:25:29,940

the Book of Mormon so we talked about

439

00:25:35,870 --> 00:25:33,350

Joseph translating the first third of it

440

00:25:39,260 --> 00:25:35,880

this was just recently like back in two

441

00:25:44,480 --> 00:25:39,270

thousand six or seven I mean I mean Oh

442

00:25:48,110 --> 00:25:44,490

actually but this is recent in our

443

00:25:49,610 --> 00:25:48,120

lifetime I'm saying and he he put out a

444

00:25:51,170 --> 00:25:49,620

book we I just hope we figure it out in

445

00:25:52,550 --> 00:25:51,180

our lifetime he put out a book but this

446

00:25:55,190 --> 00:25:52,560

is this is what I'm getting to

447

00:25:59,710 --> 00:25:55,200

he claims to have the Urim and Thummim

448

00:26:03,350 --> 00:25:59,720

and he describes a Urim and Thummim as

449

00:26:05,600 --> 00:26:03,360

almost like a like a yellow crystal that

450

00:26:08,630 --> 00:26:05,610

is Paul Curtis has a question somewhat

451
00:26:10,410 --> 00:26:08,640
opaque but you can if you look into it

452
00:26:13,530 --> 00:26:10,420
there's something inside of it the

453
00:26:13,920 --> 00:26:13,540
is that makes it kind of hazy yes what's

454
00:26:16,890 --> 00:26:13,930
the question

455
00:26:19,080 --> 00:26:16,900
with whom did Joseph Smith communicate

456
00:26:20,840 --> 00:26:19,090
using the machine question mark advanced

457
00:26:24,530 --> 00:26:20,850
heat the advanced humans question mark

458
00:26:28,290 --> 00:26:24,540
okay so let me slow down Joseph Smith

459
00:26:30,840 --> 00:26:28,300
the very first thing that started the

460
00:26:32,640 --> 00:26:30,850
Mormon religion was there were a lot of

461
00:26:34,710 --> 00:26:32,650
churches claiming to be the true church

462
00:26:36,210 --> 00:26:34,720
or the right Church and that wasn't

463
00:26:37,560 --> 00:26:36,220

enough for Joseph so he prayed and

464

00:26:42,270 --> 00:26:37,570

prayed and prayed about young young guy

465

00:26:44,190 --> 00:26:42,280

and young guy and on walking home

466

00:26:47,330 --> 00:26:44,200

through four she'd always happens the

467

00:26:52,200 --> 00:26:47,340

forest the forest or wherever it was

468

00:26:54,810 --> 00:26:52,210

somewhere I think ups or is it is it in

469

00:26:58,410 --> 00:26:54,820

New York no it's not New York but anyway

470

00:27:04,470 --> 00:26:58,420

what two beings appeared before him and

471

00:27:06,480 --> 00:27:04,480

the beings claimed to be God and the son

472

00:27:09,000 --> 00:27:06,490

you know God the Father I've got a God

473

00:27:13,170 --> 00:27:09,010

the Father and Jesus the Son so they

474

00:27:15,180 --> 00:27:13,180

claim to be God and Jesus that had

475

00:27:19,770 --> 00:27:15,190

appeared before him and gave him those

476
00:27:23,610 --> 00:27:19,780
instructions to destroy history so that

477
00:27:26,490 --> 00:27:23,620
we he was inspired to start the next

478
00:27:35,899 --> 00:27:26,500
true church so hopefully that answers

479
00:27:40,969 --> 00:27:38,389
yeah I hope that's I hope that solves

480
00:27:44,949 --> 00:27:40,979
the question the advanced beings thing

481
00:27:46,849 --> 00:27:44,959
that comes in now more recent that is

482
00:27:49,519 --> 00:27:46,859
what Christopher

483
00:27:52,609 --> 00:27:49,529
his name's Christopher named melka he

484
00:27:55,099 --> 00:27:52,619
says that they're advanced beings or

485
00:27:58,069 --> 00:27:55,109
advanced human beings is what he says

486
00:28:02,029 --> 00:27:58,079
how the [h__h] does he know because he

487
00:28:03,349 --> 00:28:02,039
claims to have met them and oh my god

488
00:28:05,419 --> 00:28:03,359

and he also claims to be in regular

489

00:28:06,949 --> 00:28:05,429

contact with them and that the three

490

00:28:09,199 --> 00:28:06,959

Nephites if you guys know who they are

491

00:28:11,569 --> 00:28:09,209

okay first of all like talk to my

492

00:28:12,799 --> 00:28:11,579

wherever he gets is some good [h__h] for

493

00:28:13,969 --> 00:28:12,809

him to start seeing that stuff and

494

00:28:15,129 --> 00:28:13,979

hearing that stuff because that ain't

495

00:28:17,599 --> 00:28:15,139

happening

496

00:28:19,249 --> 00:28:17,609

well if there's proof there'd been proof

497

00:28:20,899 --> 00:28:19,259

but there's no proof so you can't prove

498

00:28:22,579 --> 00:28:20,909

it list it's just a made-up story or

499

00:28:24,889 --> 00:28:22,589

from his head or really high experience

500

00:28:27,049 --> 00:28:24,899

or he had a really mastered diarrhea

501
00:28:31,609 --> 00:28:27,059
that almost killed him I think it's the

502
00:28:33,049 --> 00:28:31,619
latter okay I think it's a diarrhea if

503
00:28:34,189 --> 00:28:33,059
you do google Christopher no milk oh

504
00:28:36,859 --> 00:28:34,199
you'll find some interesting stuff about

505
00:28:39,349 --> 00:28:36,869
him so you'll have to take that upon

506
00:28:41,389 --> 00:28:39,359
yourself to do that research but Momoko

507
00:28:43,909 --> 00:28:41,399
he does claim to be in regular contact

508
00:28:47,569 --> 00:28:43,919
with advanced beings that guide him and

509
00:28:49,009 --> 00:28:47,579
tell him to write books sure that's

510
00:28:54,349 --> 00:28:49,019
basically how that goes let me make

511
00:28:56,839 --> 00:28:54,359
money off these books so you know this

512
00:28:57,979 --> 00:28:56,849
is this is this is now social time what

513
00:29:02,119 --> 00:28:57,989

we're gonna because we've already we've

514

00:29:03,409 --> 00:29:02,129

covered the sorts of ages have fun part

515

00:29:05,239 --> 00:29:03,419

of the show the last what the ancient

516

00:29:07,699 --> 00:29:05,249

eight minutes the ancient will be what I

517

00:29:10,099 --> 00:29:07,709

perceive to be ancient technology and I

518

00:29:13,729 --> 00:29:10,109

think it is on calling in some ways it's

519

00:29:15,859 --> 00:29:13,739

so ancient that it it and it is so

520

00:29:18,079 --> 00:29:15,869

advanced and so beyond our comprehension

521

00:29:20,899 --> 00:29:18,089

that it just comes across as like a

522

00:29:24,159 --> 00:29:20,909

simple object or a simple thing that

523

00:29:28,939 --> 00:29:24,169

does extraordinary things extraordinary

524

00:29:30,319 --> 00:29:28,949

right I mean so those are some things

525

00:29:33,799 --> 00:29:30,329

for you guys to think about and maybe

526

00:29:35,869 --> 00:29:33,809

some things to google and research done

527

00:29:37,189 --> 00:29:35,879

google let me know we want to know your

528

00:29:40,339 --> 00:29:37,199

thoughts on the Urim and Thummim the

529

00:29:43,639 --> 00:29:40,349

Liahona dark of the Covenant the manna

530

00:29:47,840 --> 00:29:43,649

machine what's that is that all really

531

00:29:53,820 --> 00:29:52,230

have you not been listening yeah I

532

00:29:56,160 --> 00:29:53,830

listen all the time that's the

533

00:30:00,750 --> 00:29:56,170

connection we're trying to draw like to

534

00:30:03,660 --> 00:30:00,760

listen all the time I'm trying to draw a

535

00:30:06,810 --> 00:30:03,670

connection to these devices that have

536

00:30:08,310 --> 00:30:06,820

been said to do miraculous things turn

537

00:30:10,830 --> 00:30:08,320

if they're dukundra miraculous things

538

00:30:12,330 --> 00:30:10,840

why aren't they doing them right now but

539

00:30:16,770 --> 00:30:12,340

they're all connected to some sort of

540

00:30:20,160 --> 00:30:16,780

unknown technology or some unknown way

541

00:30:23,310 --> 00:30:20,170

of so a stick enabling these people to

542

00:30:27,960 --> 00:30:23,320

do they needed to do an egg and what

543

00:30:30,300 --> 00:30:27,970

else stick an egg a breastplate some

544

00:30:32,160 --> 00:30:30,310

glasses and some sort of weird things

545

00:30:34,410 --> 00:30:32,170

like going to Costco I swear to God I

546

00:30:36,510 --> 00:30:34,420

said that's like sounded like the stuff

547

00:30:39,370 --> 00:30:36,520

that a like astronaut would wear some

548

00:30:47,210 --> 00:30:41,900

why so do we have any questions in the

549

00:30:48,950 --> 00:30:47,220

chat room that we should look into no ok

550

00:30:50,900 --> 00:30:48,960

so there's nothing nothing all right

551
00:30:52,760 --> 00:30:50,910
then what I want to do is just take a

552
00:30:54,050 --> 00:30:52,770
quick second and go and say hello

553
00:30:57,320 --> 00:30:54,060

Carla mm-hmm disclosure team which is

575

00:32:03,620 --> 00:31:59,490

not secure team it's something else

576

00:32:07,160 --> 00:32:03,630

Janet wat miss D and I'll just give one

577

00:32:08,150 --> 00:32:07,170

more shout out to Elle Muniz to always

578

00:32:09,200 --> 00:32:08,160

579

00:32:11,720 --> 00:32:09,210

your stuff so make sure you guys also

580

00:32:14,120 --> 00:32:11,730

just follow those guys and Texas UFOs

581

00:32:18,760 --> 00:32:14,130

she's always got some really cool stuff

582

00:32:30,010 --> 00:32:27,430

unif UFO Jane UFO Jane Texas yeah so I

583

00:32:31,659 --> 00:32:30,020

don't know I think I did a lot of

584

00:32:36,639 --> 00:32:31,669

research for this what do you research I

585

00:32:40,000 --> 00:32:36,649

think yeah I've been very busy with

586

00:32:40,990 --> 00:32:40,010

stuff yeah so I really look at anything

587

00:32:43,120 --> 00:32:41,000

because there's nothing new because

588

00:32:44,500 --> 00:32:43,130

nothing intriguing new that's out all

589

00:32:46,180 --> 00:32:44,510

the res has been a lot of earthquakes in

590

00:32:47,409 --> 00:32:46,190

a lot of floods so yeah there's

591

00:32:50,440 --> 00:32:47,419

something that's all about I've been

592

00:32:54,820 --> 00:32:50,450

looking I have been searching online for

593

00:32:56,950 --> 00:32:54,830

any kind of alien UFO extraterrestrial I

594

00:32:59,080 --> 00:32:56,960

use multitude of keywords to see what

595

00:33:00,330 --> 00:32:59,090

could pops up and it's just you know

596

00:33:03,100 --> 00:33:00,340

what's what's new right now is a

597

00:33:05,380 --> 00:33:03,110

recycling old [h__h] the but Betty and

598

00:33:07,630 --> 00:33:05,390

Barney Hill case you know they had that

599

00:33:09,610 --> 00:33:07,640

that's the newest story a couple was

600

00:33:11,049 --> 00:33:09,620

abducted and saw 10 aliens don't click

601
00:33:12,580 --> 00:33:11,059
on it it's the Betty and Barney Hill

602
00:33:14,529 --> 00:33:12,590
case that they're just revisiting and

603
00:33:16,560 --> 00:33:14,539
making it sound like it's new because to

604
00:33:20,169 --> 00:33:16,570
be honest with you I want to know about

605
00:33:22,779 --> 00:33:20,179
abduction cases right now yeah or at

606
00:33:26,740 --> 00:33:22,789
least venting or I'm so coming tired of

607
00:33:28,960 --> 00:33:26,750
the 1947 [h__\h] in the 19 like what's

608
00:33:30,340 --> 00:33:28,970
happening right now like I want to know

609
00:33:31,810 --> 00:33:30,350
somebody who was [h__\h] abducted last

610
00:33:33,279 --> 00:33:31,820
night you and I we drive there we go

611
00:33:33,669 --> 00:33:33,289
over there we talk to him we see what we

612
00:33:34,930 --> 00:33:33,679
can find

613
00:33:36,639 --> 00:33:34,940

I want to do that I don't want to sit

614

00:33:39,100 --> 00:33:36,649

around and keep talking about saying

615

00:33:41,049 --> 00:33:39,110

[h__h] you know so if you guys are

616

00:33:43,680 --> 00:33:41,059

experiencers and by the way on my

617

00:33:47,649 --> 00:33:45,519

I've had some absolutely fantastic

618

00:33:49,840 --> 00:33:47,659

responses just from asking people you

619

00:33:50,980 --> 00:33:49,850

know have you ever experienced aliens or

620

00:33:52,299 --> 00:33:50,990

have you ever touched an

621

00:33:55,180 --> 00:33:52,309

extraterrestrial being or been in their

622

00:33:56,919 --> 00:33:55,190

presence I want to know I don't and you

623

00:33:58,419 --> 00:33:56,929

know like I don't want to know your

624

00:34:00,370 --> 00:33:58,429

astral projection that you actually

625

00:34:03,250 --> 00:34:00,380

projected in Metin alien I'm really not

626

00:34:06,430 --> 00:34:03,260

interested in that are you ass

627

00:34:10,329 --> 00:34:06,440

astral projection is that like pooping

628

00:34:13,210 --> 00:34:10,339

astronauts in the butt kind of it's when

629

00:34:15,339 --> 00:34:13,220

you project your your self essence out

630

00:34:18,280 --> 00:34:15,349

into the universe which makes you able

631

00:34:20,320 --> 00:34:18,290

to fly anywhere anytime and neat

632

00:34:21,470 --> 00:34:20,330

incredible beings to me it sounds like

633

00:34:24,319 --> 00:34:21,480

your highest level

634

00:34:27,290 --> 00:34:24,329

you're not gonna find them I'm talking

635

00:34:29,329 --> 00:34:27,300

in person-to-person not your dreams the

636

00:34:32,990 --> 00:34:29,339

closest that you're gonna get not in

637

00:34:36,319 --> 00:34:33,000

your dreams not in your psychic I want

638

00:34:39,349 --> 00:34:36,329

to know have you been with a tangible

639

00:34:43,159 --> 00:34:39,359

entity we want to know and if you are

640

00:34:44,359 --> 00:34:43,169

please take a video of it if you can the

641

00:34:48,200 --> 00:34:44,369

first thing I would do is grab my phone

642

00:34:49,700 --> 00:34:48,210

and start taping oh yeah and then if you

643

00:34:50,409 --> 00:34:49,710

got too close to just start don't [h__\h]

644

00:34:52,940 --> 00:34:50,419

around me at it

645

00:34:54,200 --> 00:34:52,950

well it's interesting there are some

646

00:34:56,510 --> 00:34:54,210

people that talk about that and they say

647

00:35:01,960 --> 00:34:56,520

that sometimes in the moment they're

648

00:35:06,530 --> 00:35:01,970

just so completely frozen frozen and

649

00:35:09,829 --> 00:35:06,540

scared because what these beings are

650

00:35:11,870 --> 00:35:09,839

able to do in their flying saucers or

651
00:35:14,900 --> 00:35:11,880
their spacecraft I mean that the

652
00:35:17,210 --> 00:35:14,910
technology and the physics is we just

653
00:35:19,670 --> 00:35:17,220
don't understand it so it's scary it's

654
00:35:21,260 --> 00:35:19,680
weird so you're looking at something

655
00:35:22,640 --> 00:35:21,270
that you're actually probably not even

656
00:35:24,050 --> 00:35:22,650
you're probably spending time going in

657
00:35:29,180 --> 00:35:24,060
my hand look at my hallucinating is this

658
00:35:30,230 --> 00:35:29,190
really happening right and then by the

659
00:35:33,470 --> 00:35:30,240
time you get to that point and then

660
00:35:34,220 --> 00:35:33,480
actually observe it it's over well

661
00:35:36,140 --> 00:35:34,230
that's the problem

662
00:35:41,900 --> 00:35:36,150
Bigfoot you get him for five seconds

663
00:35:45,920 --> 00:35:41,910

behind some shrubbery Loch Ness monster

664

00:35:49,839 --> 00:35:45,930

they keep recycling the same [h__h] what

665

00:35:53,319 --> 00:35:52,959

well I know the show on the show was

666

00:35:55,749 --> 00:35:53,329

called

667

00:35:58,120 --> 00:35:55,759

the curse of Oak Island they believe

668

00:35:59,049 --> 00:35:58,130

that the ark is on that island by the

669

00:36:01,239 --> 00:35:59,059

way oh really

670

00:36:02,829 --> 00:36:01,249

yeah that's what the whole TV shows been

671

00:36:07,239 --> 00:36:02,839

about and their whole excavation they

672

00:36:09,549 --> 00:36:07,249

bought the island - yeah to drill into

673

00:36:16,420 --> 00:36:09,559

it to see if the Ark of the Covenant is

674

00:36:18,339 --> 00:36:16,430

is crazy it's awesome though I don't

675

00:36:26,829 --> 00:36:18,349

think so our or if they have I don't

676

00:36:28,449 --> 00:36:26,839

know you know so what do our our

677

00:36:33,359 --> 00:36:28,459

chatters think anything new nice it's

678

00:36:39,309 --> 00:36:37,779

704
00:38:18,840 --> 00:38:12,140

00:38:23,440 --> 00:38:21,460
we see a little help if you guys would

706
00:38:25,990 --> 00:38:23,450

720

00:38:50,860 --> 00:38:48,830

with us

721

00:38:52,780 --> 00:38:50,870

you know but you not gonna have it for

722

00:38:56,980 --> 00:38:52,790

all the boring part yeah yeah not

723

00:39:00,940 --> 00:38:56,990

physically digitally you see

724

00:39:03,270 --> 00:39:00,950

we'll do some 360 videos try to get you

725

00:39:05,680 --> 00:39:03,280

guys to be there like there might be a

726

00:39:07,750 --> 00:39:05,690

getting there in real time objects there

727

00:39:09,549 --> 00:39:07,760

and yeah I mean we're gonna be taking

728

00:39:11,470 --> 00:39:09,559

gonna see if we can find anything up in

729

00:39:13,870 --> 00:39:11,480

the sky yet and no yet we're gonna be

730

00:39:16,990 --> 00:39:13,880

taking metal detectors with us yes we're

731

00:39:18,250 --> 00:39:17,000

gonna try to list our own Robin

732

00:39:19,720 --> 00:39:18,260

we're probably gonna find nails or

733

00:39:22,000 --> 00:39:19,730

something but still it'll be fun and

734

00:39:23,410 --> 00:39:22,010

you'll be there for it and then all

735

00:39:25,450 --> 00:39:23,420

y'all and then you'll be there for when

736

00:39:28,809 --> 00:39:25,460

we meet the potentially if we meet the

737

00:39:31,210 --> 00:39:28,819

gentlemen with the base of a piece of a

738

00:39:36,849 --> 00:39:31,220

spaceship can't wait to do that I mean

739

00:39:39,210 --> 00:39:36,859

that sounds exciting I loves it so we're

740

00:39:41,170 --> 00:39:39,220

at 39 minutes this is cool I like this

741

00:39:43,569 --> 00:39:41,180

it seems to be working do you think we

742

00:39:45,190 --> 00:39:43,579

should buy this software it's pretty

743

00:39:54,010 --> 00:39:45,200

pricey but I think it's worth it what do

744

00:39:56,650 --> 00:39:54,020

our chatters think let's see Paul Curtis

745

00:39:58,030 --> 00:39:56,660

746

00:39:59,579 --> 00:39:58,040

747

00:40:01,900 --> 00:39:59,589

the two gals in the Czech Republic

753

00:40:17,799 --> 00:40:15,020

that's a good question I haven't looked

754

00:40:19,809 --> 00:40:17,809

into that I have not looked into that I

755

00:40:22,900 --> 00:40:19,819

with the way we have this set up we can

772

00:41:07,930 --> 00:41:05,660

actually start getting back into

773

00:41:09,730 --> 00:41:07,940

interviews very much but this has been

774

00:41:11,109 --> 00:41:09,740

kind of a hard like few weeks it's kind

775

00:41:13,750 --> 00:41:11,119

of a hard process to figure out how to

776

00:41:16,150 --> 00:41:13,760

do this and you know we're doing what we

777

00:41:17,200 --> 00:41:16,160

can so we're gonna go ahead and leave it
