

UFO GARAGE PODCAST

1
00:00:04,640 --> 00:00:02,320

[Music]

2
00:00:07,430 --> 00:00:04,650

welcome to the first episode of UFO

3
00:00:09,080 --> 00:00:07,440

garage I'm Ben and I'm Joe and this is

4
00:00:12,560 --> 00:00:09,090

the podcast where we talk about aliens

5
00:00:16,129 --> 00:00:12,570

UFOs and all things we here we are in

6
00:00:17,870 --> 00:00:16,139

the flesh hey you know I think I think

7
00:00:20,750 --> 00:00:17,880

the main reason we wanted to start this

8
00:00:23,720 --> 00:00:20,760

man is for one it's extremely fun to

9
00:00:25,700 --> 00:00:23,730

talk about right yeah and I think a lot

10
00:00:26,990 --> 00:00:25,710

of people want to talk about the subject

11
00:00:29,210 --> 00:00:27,000

they'll come across things online or

12
00:00:31,130 --> 00:00:29,220

read some in a book or somebody saying

13
00:00:33,560 --> 00:00:31,140

you don't talk about it in like a like a

14

00:00:36,319 --> 00:00:33,570

group of friends or whatever and you

15

00:00:38,060 --> 00:00:36,329

often get you know pigeon-holed is is

16

00:00:39,709 --> 00:00:38,070

like a crazy person but people want to

17

00:00:41,869 --> 00:00:39,719

talk about this stuff yeah definitely

18

00:00:43,760 --> 00:00:41,879

but a lot of the times it's always like

19

00:00:46,910 --> 00:00:43,770

some weird dude that you're watching on

20

00:00:48,590 --> 00:00:46,920

some weird show and like there's just

21

00:00:50,869 --> 00:00:48,600

not a lot of you know normal

22

00:00:52,750 --> 00:00:50,879

representation of this subject like

23

00:00:56,330 --> 00:00:52,760

people talking about it it's always like

24

00:00:58,910 --> 00:00:56,340

surrounded by rights all that that dude

25

00:01:02,150 --> 00:00:58,920

were in that weird necklace yeah like a

26

00:01:06,469 --> 00:01:02,160

like a X hot topic manager decided to

27

00:01:09,289 --> 00:01:06,479

get into ufology who's this guy yeah no

28

00:01:10,550 --> 00:01:09,299

totally you definitely you definitely do

29

00:01:12,440 --> 00:01:10,560

give it a little bit pigeon-holed is

30

00:01:13,609 --> 00:01:12,450

like the weird guy at the party it's

31

00:01:14,210 --> 00:01:13,619

weird because I always had to find

32

00:01:16,429 --> 00:01:14,220

myself

33

00:01:18,770 --> 00:01:16,439

we'll start chit-chatting and you know a

34

00:01:20,690 --> 00:01:18,780

couple beers in and you know I've been

35

00:01:24,050 --> 00:01:20,700

there 20 minutes and I'm already talking

36

00:01:28,100 --> 00:01:24,060

about aliens UFOs I'm like always that

37

00:01:31,819 --> 00:01:28,110

guy and I'm 100% that guy but because

38

00:01:33,410 --> 00:01:31,829

like I I can have a very long thoughtful

39

00:01:35,210 --> 00:01:33,420

conversation about this subject but not

40

00:01:37,340 --> 00:01:35,220

about a lot of other things you know

41

00:01:41,899 --> 00:01:37,350

like hey would you do this weekend like

42

00:01:44,569 --> 00:01:41,909

I just drug linked yeah I mowed the lawn

43

00:01:46,819 --> 00:01:44,579

I guess uh-huh oh it's because it's not

44

00:01:48,980 --> 00:01:46,829

your typical run-of-the-mill you know

45

00:01:51,050 --> 00:01:48,990

conversation to have with people you

46

00:01:52,730 --> 00:01:51,060

know there's but this subject there's so

47

00:01:54,710 --> 00:01:52,740

many things that nobody knows and

48

00:01:57,139 --> 00:01:54,720

there's also so many things that are

49

00:01:58,490 --> 00:01:57,149

just left up to speculation yeah you

50

00:02:00,109 --> 00:01:58,500

know your imagination you could just run

51
00:02:02,030 --> 00:02:00,119
wild with it you know you can go

52
00:02:04,399 --> 00:02:02,040
anywhere there's there's all this

53
00:02:06,139 --> 00:02:04,409
information that we have now that's you

54
00:02:08,600 --> 00:02:06,149
know started to come out and has been

55
00:02:10,609 --> 00:02:08,610
coming out for years you know that

56
00:02:13,280 --> 00:02:10,619
people don't know about you know we're

57
00:02:16,130 --> 00:02:13,290
still kind of stuck in the the old you

58
00:02:18,470 --> 00:02:16,140
no fifties flying saucers you know

59
00:02:20,300 --> 00:02:18,480
madness yeah you know that was created

60
00:02:22,819 --> 00:02:20,310
it's just you know people see it as

61
00:02:26,780 --> 00:02:22,829
tin foil hat subject but it's really not

62
00:02:29,059 --> 00:02:26,790
it's extremely actually very important

63
00:02:31,429 --> 00:02:29,069

it's a very important subject yeah and

64

00:02:33,470 --> 00:02:31,439

you know even though you know we're not

65

00:02:34,880 --> 00:02:33,480

scientists or anything I think the more

66

00:02:37,039 --> 00:02:34,890

people that are talking about it the

67

00:02:38,000 --> 00:02:37,049

better off you know will be it will be a

68

00:02:39,619 --> 00:02:38,010

little more prepared

69

00:02:45,920 --> 00:02:39,629

yeah we're doctors not scientists

70

00:02:47,929 --> 00:02:45,930

exactly doctors scientists and also like

71

00:02:50,690 --> 00:02:47,939

the first thing that people usually say

72

00:02:52,610 --> 00:02:50,700

are like what show me the proof and I

73

00:02:54,110 --> 00:02:52,620

always say there's a lot of proof but I

74

00:02:56,449 --> 00:02:54,120

feel like it's only because I think it

75

00:02:59,390 --> 00:02:56,459

used well like we're constantly on the

76

00:03:02,000 --> 00:02:59,400

search for like stories or photos or

77

00:03:04,429 --> 00:03:02,010

videos so we we know that there's proof

78

00:03:06,649 --> 00:03:04,439

out there but there's no like handbook

79

00:03:10,309 --> 00:03:06,659

for it where you can like point this is

80

00:03:13,369 --> 00:03:10,319

been confirmed exact you know like it's

81

00:03:14,899 --> 00:03:13,379

all but on that on the other hand like I

82

00:03:19,180 --> 00:03:14,909

kind of understand where they're coming

83

00:03:21,890 --> 00:03:19,190

from because there's no like official

84

00:03:23,899 --> 00:03:21,900

documents that is out in the public at

85

00:03:25,789 --> 00:03:23,909

all times you really have to search for

86

00:03:29,149 --> 00:03:25,799

it yeah absolutely it takes it's like

87

00:03:32,930 --> 00:03:29,159

that extra step to find and it makes it

88

00:03:35,960 --> 00:03:32,940

even harder that there is so much just

89

00:03:37,789 --> 00:03:35,970

crap out there that some of the good

90

00:03:40,270 --> 00:03:37,799

stuff gets mixed in with that crap right

91

00:03:43,009 --> 00:03:40,280

and you just you don't it's hard to tell

92

00:03:45,469 --> 00:03:43,019

what's real and what's fake and you know

93

00:03:47,750 --> 00:03:45,479

now a CGI and you know I mean there's

94

00:03:50,119 --> 00:03:47,760

some CGI experts out there you know and

95

00:03:51,170 --> 00:03:50,129

they will immediately hop on things like

96

00:03:53,479 --> 00:03:51,180

no CGI

97

00:03:55,430 --> 00:03:53,489

you know which I'm a CGI expert so I

98

00:03:58,610 --> 00:03:55,440

can't really tell but I mean you can

99

00:04:00,979 --> 00:03:58,620

still even without being a computer

100

00:04:02,869 --> 00:04:00,989

graphics designer or something like that

101
00:04:05,449 --> 00:04:02,879
you know you can still kind of tell like

102
00:04:08,360 --> 00:04:05,459
the [h__\h] you know you know the stuff

103
00:04:10,399 --> 00:04:08,370
that's kind of more real looking I guess

104
00:04:12,319 --> 00:04:10,409
but even then how would you know we've

105
00:04:14,719 --> 00:04:12,329
never seen it clear it's just it's such

106
00:04:16,759 --> 00:04:14,729
a hard thing to put your finger on but

107
00:04:18,800 --> 00:04:16,769
yeah like if you've never seen a fish

108
00:04:20,779 --> 00:04:18,810
before and he saw a fish swimming you'd

109
00:04:21,820 --> 00:04:20,789
be like what was that that's that's

110
00:04:25,459 --> 00:04:21,830
animated you know

111
00:04:26,430 --> 00:04:25,469
exactly nothing that you're used to

112
00:04:29,040 --> 00:04:26,440
moves like

113
00:04:31,920 --> 00:04:29,050

that no apply that to like you know

114

00:04:33,090 --> 00:04:31,930

ships or even like videos of you know

115

00:04:34,980 --> 00:04:33,100

they like suppose the videos of real

116

00:04:36,870 --> 00:04:34,990

aliens like walk through somebody's yard

117

00:04:40,380 --> 00:04:36,880

or whatever right of course that's gonna

118

00:04:42,690 --> 00:04:40,390

look fake yes we don't maybe their bones

119

00:04:45,030 --> 00:04:42,700

are made out of like silicon or some

120

00:04:47,610 --> 00:04:45,040

[h__\h] they don't move the same way we do

121

00:04:50,100 --> 00:04:47,620

right right it may look fake because it

122

00:04:52,380 --> 00:04:50,110

it's just totally different right right

123

00:04:54,900 --> 00:04:52,390

and you know even you know some people

124

00:04:57,420 --> 00:04:54,910

say you know these things are are you

125

00:04:59,430 --> 00:04:57,430

know interdimensional they can shift in

126
00:05:01,170 --> 00:04:59,440
between dimensions so the reason you

127
00:05:03,330 --> 00:05:01,180
can't ever get a clearer pictures

128
00:05:06,750 --> 00:05:03,340
because they haven't totally shifted

129
00:05:08,880 --> 00:05:06,760
into our dimension 100% yeah it looks

130
00:05:12,060 --> 00:05:08,890
you know it can look a little bit funny

131
00:05:14,880 --> 00:05:12,070
and plus like if I were to throw a

132
00:05:16,200 --> 00:05:14,890
baseball at you right now could you take

133
00:05:18,450 --> 00:05:16,210
your camera out and take a picture of it

134
00:05:20,340 --> 00:05:18,460
really fast that's a good point you know

135
00:05:21,870 --> 00:05:20,350
like no it wouldn't be you're not you

136
00:05:24,840 --> 00:05:21,880
know if you're out there looking and

137
00:05:27,180 --> 00:05:24,850
you're set up and you have cameras even

138
00:05:28,830 --> 00:05:27,190

then you still may not get a good

139

00:05:30,840 --> 00:05:28,840

picture of it because it's moving so

140

00:05:33,030 --> 00:05:30,850

damn fast that and and the fact that

141

00:05:35,430 --> 00:05:33,040

like usually they're like you know those

142

00:05:36,780 --> 00:05:35,440

videos every single freaking UFO video

143

00:05:39,630 --> 00:05:36,790

that I've seen in the past couple months

144

00:05:42,690 --> 00:05:39,640

has been on an iPhone those lenses are

145

00:05:45,330 --> 00:05:42,700

not meant to shoot photos or video of

146

00:05:47,010 --> 00:05:45,340

things far away right so that's why

147

00:05:49,080 --> 00:05:47,020

they're always so shaky cause like

148

00:05:50,940 --> 00:05:49,090

you're zoomed in all the way and it's

149

00:05:52,380 --> 00:05:50,950

all blurry and [h__\h] yeah but also what

150

00:05:53,850 --> 00:05:52,390

if like you're saying that I kind of

151
00:05:56,460 --> 00:05:53,860
wanted to interrupt you but I didn't but

152
00:06:02,390 --> 00:05:56,470
like what if the UFOs just are blurry

153
00:06:16,710 --> 00:06:02,400
like because they are I heard that but

154
00:06:19,530 --> 00:06:16,720
what a Bigfoot is just more yeah it's

155
00:06:21,630 --> 00:06:19,540
brilliant yeah you know they might be

156
00:06:24,000 --> 00:06:21,640
you know they're let's cook maybe

157
00:06:25,740 --> 00:06:24,010
because they're shifting from you know a

158
00:06:27,600 --> 00:06:25,750
different dimension like yours and you

159
00:06:30,659 --> 00:06:27,610
know exactly or they're just going so

160
00:06:35,750 --> 00:06:30,669
fast yeah so fast that I mean you really

161
00:06:40,920 --> 00:06:38,760
even if it stopped and you you were able

162
00:06:42,629 --> 00:06:40,930
to take a picture of it and you showed

163
00:06:46,290 --> 00:06:42,639

it to somebody how could I believe you

164

00:06:49,200 --> 00:06:46,300
anyways like this is a 100% real

165

00:06:53,340 --> 00:06:49,210
accurate photo I took I got the alien to

166

00:06:57,810 --> 00:06:53,350
pose for me yeah you took a shirt put a

167

00:06:59,520 --> 00:06:57,820
nice back sewed up exactly and you can

168

00:07:01,710 --> 00:06:59,530
take a picture of it and you know people

169

00:07:04,770 --> 00:07:01,720
still aren't gonna believe you you know

170

00:07:07,219 --> 00:07:04,780
it's almost like they want them to just

171

00:07:08,879 --> 00:07:07,229
come out of the sky land on you know

172

00:07:11,600 --> 00:07:08,889
land in their yard

173

00:07:15,930 --> 00:07:11,610
absolutely yeah I think it's all like

174

00:07:18,030 --> 00:07:15,940
unless somebody sees an actual photo of

175

00:07:19,680 --> 00:07:18,040
an alien sitting on your couch they're

176

00:07:21,540 --> 00:07:19,690

not no one's gonna believe you even if

177

00:07:23,280 --> 00:07:21,550

the government came out and so like yeah

178

00:07:24,780 --> 00:07:23,290

I feel like there's still gonna be a

179

00:07:33,390 --> 00:07:24,790

percentage of the population is gonna be

180

00:07:37,920 --> 00:07:33,400

like ah fake news news it's one of those

181

00:07:40,380 --> 00:07:37,930

things where there's gonna have to be an

182

00:07:42,600 --> 00:07:40,390

event that happens that's gonna kind of

183

00:07:47,880 --> 00:07:42,610

get everybody on the same page like a

184

00:07:50,070 --> 00:07:47,890

mass yeah I mean like we said even if

185

00:07:51,450 --> 00:07:50,080

you did have actual photo or picture

186

00:07:53,460 --> 00:07:51,460

it's gonna be hard for people to believe

187

00:07:55,560 --> 00:07:53,470

you I mean you know the government's

188

00:07:57,360 --> 00:07:55,570

been lying about this for years and

189

00:07:59,520 --> 00:07:57,370

years and years they're finally starting

190

00:08:01,800 --> 00:07:59,530

to come out and and say hey these things

191

00:08:03,360 --> 00:08:01,810

you know these things are real I mean if

192

00:08:05,700 --> 00:08:03,370

you think about it like all this

193

00:08:07,800 --> 00:08:05,710

information that's that's becoming super

194

00:08:10,860 --> 00:08:07,810

popular right now all this stuff came

195

00:08:13,260 --> 00:08:10,870

out in 2017 yeah but nobody said

196

00:08:18,330 --> 00:08:13,270

anything until now and it's like oh why

197

00:08:21,690 --> 00:08:18,340

I mean tip was like 14 or so I believe

198

00:08:23,010 --> 00:08:21,700

so yeah yeah I believe so now you were

199

00:08:24,360 --> 00:08:23,020

talking about earlier like everything

200

00:08:27,390 --> 00:08:24,370

that we're hearing about happened like

201
00:08:29,040 --> 00:08:27,400
10 15 years ago and now we're just now

202
00:08:30,659 --> 00:08:29,050
finding it was just now kind of finding

203
00:08:33,390 --> 00:08:30,669
out about it's just kind of been buried

204
00:08:35,310 --> 00:08:33,400
you know and you know then the media and

205
00:08:37,350 --> 00:08:35,320
the news outlets you know they've had

206
00:08:39,690 --> 00:08:37,360
all this information for a long time and

207
00:08:41,279 --> 00:08:39,700
they just kind of sat on it yeah because

208
00:08:41,940 --> 00:08:41,289
there's too much other stuff going on

209
00:08:44,310 --> 00:08:41,950
you know

210
00:08:47,760 --> 00:08:44,320
misdirection man yeah it's it's a it's a

211
00:08:48,590 --> 00:08:47,770
crazy time in our country and I think

212
00:08:56,120 --> 00:08:48,600
it's

213
00:08:58,100 --> 00:08:56,130

could go in on that for sure yeah I kind

214

00:08:59,420 --> 00:08:58,110

of I kind of wanted to just segue into

215

00:09:03,189 --> 00:08:59,430

like maybe talk about our own

216

00:09:07,430 --> 00:09:03,199

experiences yeah totally I mean nothing

217

00:09:09,199 --> 00:09:07,440

nothing too too crazy you know like I

218

00:09:13,220 --> 00:09:09,209

said I've never had a UFO land on my

219

00:09:15,710 --> 00:09:13,230

lawn or anything okay you know that the

220

00:09:20,030 --> 00:09:15,720

craziest thing I could I could say is

221

00:09:24,319 --> 00:09:20,040

you know seeing a little dot in the sky

222

00:09:26,569 --> 00:09:24,329

moving extremely fast like was it red no

223

00:09:28,790 --> 00:09:26,579

I wasn't red okay wasn't right it was

224

00:09:31,879 --> 00:09:28,800

just like a white dot and you know like

225

00:09:33,379 --> 00:09:31,889

I have a telescope I stargaze I look up

226

00:09:36,050 --> 00:09:33,389

at the sky you know I'm pretty familiar

227

00:09:37,759 --> 00:09:36,060

with what a satellite looks like you

228

00:09:39,860 --> 00:09:37,769

know kind of what an airplane looks like

229

00:09:45,769 --> 00:09:39,870

but you know it's it's nighttime it's

230

00:09:48,050 --> 00:09:45,779

hard to tell but this thing it looked

231

00:09:51,230 --> 00:09:48,060

stationary and then all of a sudden it

232

00:09:53,540 --> 00:09:51,240

hailed ass like just out of you so you

233

00:09:55,970 --> 00:09:53,550

saw it it caught your eye yeah because

234

00:09:57,650 --> 00:09:55,980

it was kind of was it I'm interested in

235

00:10:00,250 --> 00:09:57,660

like was it moving when you first saw it

236

00:10:02,750 --> 00:10:00,260

you said it was kind of stationary yeah

237

00:10:04,699 --> 00:10:02,760

stargazing yeah like almost maybe it was

238

00:10:07,280 --> 00:10:04,709

moving towards me yeah you know what I'm

239

00:10:09,379 --> 00:10:07,290

saying and I didn't you know I'm just

240

00:10:11,290 --> 00:10:09,389

looking up at the sky and then all of a

241

00:10:15,470 --> 00:10:11,300

sudden I just see this white dot like

242

00:10:18,050 --> 00:10:15,480

just move it just moves like yeah yeah

243

00:10:20,930 --> 00:10:18,060

and I'm looking right up in that that

244

00:10:24,319 --> 00:10:20,940

area and it was it was it was hauling so

245

00:10:27,019 --> 00:10:24,329

did it look like so you know mmm I guess

246

00:10:28,129 --> 00:10:27,029

what I mean is like the when you look at

247

00:10:29,389 --> 00:10:28,139

a star you can kind of see it like

248

00:10:31,429 --> 00:10:29,399

pulsating a little bit and you can see

249

00:10:32,780 --> 00:10:31,439

like kind of rays coming off of it yeah

250

00:10:36,519 --> 00:10:32,790

is it like that or was it no this was

251

00:10:39,889 --> 00:10:36,529

like a very smooth just oh just a

252

00:10:43,009 --> 00:10:39,899

straight shot across sky very smooth no

253

00:10:47,420 --> 00:10:43,019

tail yeah you know no no blinking lights

254

00:10:50,480 --> 00:10:47,430

it was it was up there it was faint yeah

255

00:10:51,889 --> 00:10:50,490

it wasn't super super bright you know

256

00:10:53,569 --> 00:10:51,899

and you know sometimes you see

257

00:10:56,420 --> 00:10:53,579

satellites and they are super bright

258

00:10:58,550 --> 00:10:56,430

some aren't very bright yeah they're

259

00:11:00,290 --> 00:10:58,560

usually red that's why I asked yeah yeah

260

00:11:08,270 --> 00:11:00,300

no it was why there it was

261

00:11:10,360 --> 00:11:08,280

nice it was white yeah yeah I mean

262

00:11:13,910 --> 00:11:10,370

that's that's pretty much my experience

263

00:11:16,160 --> 00:11:13,920

man before he got into UFOs or this is

264

00:11:17,660 --> 00:11:16,170

no this is this is after I've you know

265

00:11:19,820 --> 00:11:17,670

I've been into UFOs I mean I've been

266

00:11:22,130 --> 00:11:19,830

into UFOs since I was a kid yeah you

267

00:11:26,420 --> 00:11:22,140

know I think that the fascination

268

00:11:30,800 --> 00:11:26,430

started from like a deep fear of the

269

00:11:35,630 --> 00:11:30,810

subject I know when I was a little kid I

270

00:11:38,120 --> 00:11:35,640

remember my mom was watching the movie

271

00:11:43,070 --> 00:11:38,130

fire in the sky the Travis won't that's

272

00:11:44,690 --> 00:11:43,080

a good one yeah right and man I kind of

273

00:11:47,000 --> 00:11:44,700

came in the room and I would peek my

274

00:11:49,520 --> 00:11:47,010

head around the wall you know I would

275

00:11:51,590 --> 00:11:49,530

see bits and pieces of the movie and so

276

00:11:53,210 --> 00:11:51,600

she told me a thriller is yeah yeah she

277

00:11:55,640 --> 00:11:53,220

told me is a scary movie so you know to

278

00:11:58,220 --> 00:11:55,650

go you know go my room and play but you

279

00:12:00,980 --> 00:11:58,230

know I would always sneak out and me and

280

00:12:05,300 --> 00:12:00,990

I thought I caught the part of the movie

281

00:12:08,540 --> 00:12:05,310

where you know they show the aliens you

282

00:12:09,980 --> 00:12:08,550

know as a kid you never I never seen

283

00:12:11,420 --> 00:12:09,990

anything like that I think the closest

284

00:12:15,130 --> 00:12:11,430

thing I had seen to like an alien would

285

00:12:17,570 --> 00:12:15,140

be Marvin the Martian alright just

286

00:12:22,010 --> 00:12:17,580

something goofy like that but like an

287

00:12:23,570 --> 00:12:22,020

actual portrayal of like you know trying

288

00:12:26,810 --> 00:12:23,580

to make an accurate representation of

289

00:12:28,550 --> 00:12:26,820

what the guy saw like as a kid you know

290

00:12:30,920 --> 00:12:28,560

maybe six years old something like that

291

00:12:32,060 --> 00:12:30,930

yeah it's freaky dude it's really freaky

292

00:12:35,390 --> 00:12:32,070

and then I think there's like this

293

00:12:37,070 --> 00:12:35,400

inherit like in our nature like the same

294

00:12:39,890 --> 00:12:37,080

way some people will automatically fear

295

00:12:41,510 --> 00:12:39,900

snakes I think there's something to that

296

00:12:43,550 --> 00:12:41,520

like to the human psyche if you see

297

00:12:45,620 --> 00:12:43,560

something that looks like a human but

298

00:12:48,290 --> 00:12:45,630

not kind of like it's different like

299

00:12:50,960 --> 00:12:48,300

right I think there's just innate fear

300

00:12:53,450 --> 00:12:50,970

that it's kind of like in our DNA to be

301

00:12:57,650 --> 00:12:53,460

like oh I don't like I don't like that

302

00:12:59,270 --> 00:12:57,660

right right it's very like it's it's

303

00:13:01,970 --> 00:12:59,280

strange because when you look at these

304

00:13:07,780 --> 00:13:01,980

pictures and things or you know drawings

305

00:13:13,340 --> 00:13:11,570

extremely familiar yeah but it's

306

00:13:14,060 --> 00:13:13,350

something you never seen but for some

307

00:13:16,819 --> 00:13:14,070

reason it

308

00:13:18,850 --> 00:13:16,829

it feels familiar yeah but it's the most

309

00:13:21,730 --> 00:13:18,860

unfamiliar thing that you could possibly

310

00:13:25,430 --> 00:13:21,740

I've never heard anybody say that but

311

00:13:26,810 --> 00:13:25,440

that's that's totally describes how I've

312

00:13:28,009 --> 00:13:26,820

always kind of felt about that I've

313

00:13:29,449 --> 00:13:28,019

never heard you say that that's crazy

314

00:13:31,850 --> 00:13:29,459

yeah it's it's strange it's kind of like

315

00:13:33,590 --> 00:13:31,860

how you know like things would happen to

316

00:13:35,720 --> 00:13:33,600

ancient people and that information gets

317

00:13:37,850 --> 00:13:35,730

stored in their DNA or you know it's

318

00:13:39,470 --> 00:13:37,860

it's you know it's hardwired into their

319

00:13:40,610 --> 00:13:39,480

bodies and that gets passed down through

320

00:13:43,280 --> 00:13:40,620

generations yeah

321

00:13:45,050 --> 00:13:43,290

and so maybe certain things may not be a

322

00:13:48,170 --> 00:13:45,060

threat that they used to be but as

323

00:13:51,110 --> 00:13:48,180

modern humans we still have those those

324

00:13:54,230 --> 00:13:51,120

characteristics you know those those

325

00:13:57,170 --> 00:13:54,240

instincts from a long time ago so medics

326

00:13:58,999 --> 00:13:57,180

so maybe that's something that possibly

327

00:14:01,610 --> 00:13:59,009

happened to us to where like you know it

328

00:14:03,889 --> 00:14:01,620

is all like it's fun and games and

329

00:14:05,870 --> 00:14:03,899

whatnot but maybe there's something deep

330

00:14:08,540 --> 00:14:05,880

seated within all of us that makes this

331

00:14:10,819 --> 00:14:08,550

kind of a familiar topic even though

332

00:14:13,069 --> 00:14:10,829

it's extremely strange and nobody has

333

00:14:15,019 --> 00:14:13,079

any answers yeah you know maybe that's

334

00:14:17,660 --> 00:14:15,029

why people don't want to believe in it

335

00:14:19,879 --> 00:14:17,670

because it is that like deep right fear

336

00:14:22,129 --> 00:14:19,889

of what if it was real

337

00:14:23,870 --> 00:14:22,139

exactly yeah that's a whole I could go

338

00:14:25,699 --> 00:14:23,880

in on that whole stuff yeah totally man

339

00:14:27,590 --> 00:14:25,709

I think you can tie in religion to that

340

00:14:32,569 --> 00:14:27,600

I mean you can tie in absolutely

341

00:14:34,610 --> 00:14:32,579

probably like all of the right and how

342

00:14:37,519 --> 00:14:34,620

you know there's theories that we're

343

00:14:40,340 --> 00:14:37,529

genetically altered from you know apes

344

00:14:41,480 --> 00:14:40,350

into what isn't what we are now and all

345

00:14:43,639 --> 00:14:41,490

that right right

346

00:14:47,930 --> 00:14:43,649

what's the number I think said 46 times

347

00:14:50,120 --> 00:14:47,940

or 52 times that they've they've came

348

00:14:52,759 --> 00:14:50,130

down and altered us that's the number

349

00:14:54,769 --> 00:14:52,769

you haven't heard it's 52 times that

350

00:14:58,220 --> 00:14:54,779

they've actually altered the you know

351

00:15:00,500 --> 00:14:58,230

altered us dude that's crazy I can't

352

00:15:03,679 --> 00:15:00,510

remember who said it and and guys by the

353

00:15:06,470 --> 00:15:03,689

way we're not professional oh yeah you

354

00:15:07,970 --> 00:15:06,480

know we're not we're not you know we're

355

00:15:12,319 --> 00:15:07,980

not professionals by any means but we

356

00:15:13,639 --> 00:15:12,329

are enthusiasts like it's a you know

357

00:15:14,990 --> 00:15:13,649

it's a serious deal though it's like I

358

00:15:16,249 --> 00:15:15,000

mean we think it's really really cool

359

00:15:19,069 --> 00:15:16,259

with something that we've been into for

360

00:15:22,160 --> 00:15:19,079

a long long time and and if if you ever

361

00:15:24,199 --> 00:15:22,170

hear us kind of get off track or say

362

00:15:26,420 --> 00:15:24,209

some wrong information please don't

363

00:15:27,470 --> 00:15:26,430

hesitate to correct us cuz yeah we're

364

00:15:28,910 --> 00:15:27,480

here to kind of learn

365

00:15:30,860 --> 00:15:28,920

or as well we all have a fact-checker

366

00:15:32,480 --> 00:15:30,870

yeah we don't have a fact-checker we're

367

00:15:34,490 --> 00:15:32,490

just kind of going off of you know stuff

368

00:15:36,740 --> 00:15:34,500

that you know we've researched we've

369

00:15:38,990 --> 00:15:36,750

heard other people say you know his tons

370

00:15:41,689 --> 00:15:39,000

of ufologists you know you can find them

371

00:15:43,250 --> 00:15:41,699

all over the place yeah I guess not tons

372

00:15:44,720 --> 00:15:43,260

but I mean we're gonna say we're gonna

373

00:15:47,569 --> 00:15:44,730

say some wrong [h__h] yeah we're gonna say

374

00:15:49,430 --> 00:15:47,579

a lot of probably wrong things or put

375

00:15:51,530 --> 00:15:49,440

wrong pieces to different stories

376

00:15:53,990 --> 00:15:51,540

correct things to different stories on

377

00:15:55,370 --> 00:15:54,000

accident for that we apologize but yeah

378

00:15:59,480 --> 00:15:55,380

just let us know don't be mean though

379

00:16:01,250 --> 00:15:59,490

yeah yeah we're not perfect but yeah

380

00:16:03,379 --> 00:16:01,260

we're just doctor scientists or if you

381

00:16:05,810 --> 00:16:03,389

know more to a story that we don't know

382

00:16:08,540 --> 00:16:05,820

please let us know give us give us that

383

00:16:11,420 --> 00:16:08,550

insight or if you have a story that that

384

00:16:13,129 --> 00:16:11,430

you know you have you know send it to us

385

00:16:14,720 --> 00:16:13,139

I mean yeah it'd be kind of cool maybe a

386

00:16:16,430 --> 00:16:14,730

little old-school but to have somebody

387

00:16:18,139 --> 00:16:16,440

call in there yeah that'd be kind of

388

00:16:20,150 --> 00:16:18,149

cool calling that would be cool that

389

00:16:21,740 --> 00:16:20,160

would be cool definitely you know but

390

00:16:24,170 --> 00:16:21,750

you know for now until we get that set

391

00:16:25,400 --> 00:16:24,180

up you can shoot us an email and if it's

392

00:16:27,319 --> 00:16:25,410

something interesting we'll definitely

393

00:16:31,519 --> 00:16:27,329

we can read it on hair' and tell people

394

00:16:34,250 --> 00:16:31,529

your story yeah emails UFO garage PC

395

00:16:38,750 --> 00:16:34,260

that's for podcast at gmail.com that's

396

00:16:40,879 --> 00:16:38,760

right yeah so so you just told your

397

00:16:43,129 --> 00:16:40,889

story I won't I have to I'll tell the

398

00:16:45,050 --> 00:16:43,139

one that's really similar to yours first

399

00:16:47,569 --> 00:16:45,060

yeah and maybe what I'll tell the other

400

00:16:50,660 --> 00:16:47,579

one later but so go back to that dot in

401
00:16:54,530 --> 00:16:50,670
the sky this was about three weeks ago

402
00:16:57,860 --> 00:16:54,540
maybe a month ago Jess my wife and then

403
00:16:59,030 --> 00:16:57,870
my family we're all in Anahuac Texas if

404
00:17:03,050 --> 00:16:59,040
you don't know where that is a really

405
00:17:07,069 --> 00:17:03,060
small town by Bay town here in Texas

406
00:17:09,740 --> 00:17:07,079
anyway we were out at by my parent's

407
00:17:11,299 --> 00:17:09,750
house and looking up at the sky just

408
00:17:13,400 --> 00:17:11,309
looking at the stars cuz was like really

409
00:17:15,380 --> 00:17:13,410
really clear clear lots of stars and

410
00:17:20,090 --> 00:17:15,390
then me and Jess are looking at this

411
00:17:23,299 --> 00:17:20,100
star and it's like slowly moving it and

412
00:17:25,640 --> 00:17:23,309
almost like as if it was on the outer

413
00:17:27,409 --> 00:17:25,650

diameter of a circle it was like going

414

00:17:28,850 --> 00:17:27,419

at an angle not like a straight angle

415

00:17:31,250 --> 00:17:28,860

but like a curved angle but was going

416

00:17:33,409 --> 00:17:31,260

really slow yeah and I was like babe do

417

00:17:35,630 --> 00:17:33,419

you see that like you see that right yes

418

00:17:37,669 --> 00:17:35,640

and then as soon as she confirmed that

419

00:17:40,669 --> 00:17:37,679

she saw it it stopped and I'm trying to

420

00:17:41,220 --> 00:17:40,679

show Rick my brother Matt to like dude

421

00:17:43,560 --> 00:17:41,230

did you

422

00:17:44,970 --> 00:17:43,570

see that and they're like I think Rick

423

00:17:47,159 --> 00:17:44,980

was like I think I saw something and

424

00:17:48,720 --> 00:17:47,169

Matt was like no that's literally just a

425

00:17:52,260 --> 00:17:48,730

star first off it took for a long time

426

00:17:53,909 --> 00:17:52,270

for me to point to a specific star you

427

00:17:55,770 --> 00:17:53,919

should have had your laser pointer I

428

00:18:00,030 --> 00:17:55,780

took mine with me we went out to

429

00:18:05,340 --> 00:18:00,040

trilingual oh sweet yeah it's amazing

430

00:18:09,409 --> 00:18:05,350

how far that goes dude see it on the

431

00:18:12,350 --> 00:18:09,419

moon somebody's walking around out there

432

00:18:15,450 --> 00:18:12,360

you [h__h] with cats on the moon

433

00:18:16,919 --> 00:18:15,460

pissing off the aliens yeah we told him

434

00:18:21,230 --> 00:18:16,929

never to come back and they develop

435

00:18:24,690 --> 00:18:21,240

lasers making our cats go crazy

436

00:18:26,520 --> 00:18:24,700

aliens love cats man that's a true story

437

00:18:29,970 --> 00:18:26,530

see that meme I did in the in the

438

00:18:34,409 --> 00:18:29,980

document of the cat the alien inside of

439

00:18:36,570 --> 00:18:34,419

the cat so yeah it's it's a it's a

440

00:18:39,169 --> 00:18:36,580

diagram of a cat like it's also like a

441

00:18:42,630 --> 00:18:39,179

goofy looking cat like his eyes

442

00:18:44,940 --> 00:18:42,640

directions and the top says the truth

443

00:18:46,799 --> 00:18:44,950

about cats and it's so it's this cat

444

00:18:48,150 --> 00:18:46,809

laying down and it's like a diagram

445

00:18:50,430 --> 00:18:48,160

where you see the inside of the cat and

446

00:18:57,360 --> 00:18:50,440

it's just like a little scrawny green

447

00:19:00,840 --> 00:18:58,950

but anyway so that I mean that's not

448

00:19:03,840 --> 00:19:00,850

like a super in-depth story but I

449

00:19:05,159 --> 00:19:03,850

definitely seen a star-like thing that

450

00:19:08,100 --> 00:19:05,169

wasn't moving fast though but it

451
00:19:11,130 --> 00:19:08,110
definitely moved and then a certain as

452
00:19:13,710 --> 00:19:11,140
soon as I didn't say anything until I

453
00:19:15,419 --> 00:19:13,720
was like through sure like right you

454
00:19:18,539 --> 00:19:15,429
know wiped my eyes a little bit and made

455
00:19:20,310 --> 00:19:18,549
sure that that was moving cuz I mean my

456
00:19:20,760 --> 00:19:20,320
wife hears me talk about seeing [h__h] all

457
00:19:27,240 --> 00:19:20,770
the time

458
00:19:29,669 --> 00:19:27,250
small Cessna that you can't see those

459
00:19:31,289 --> 00:19:29,679
blinking lights right off the bat and we

460
00:19:33,060 --> 00:19:31,299
live right by the airport so like we see

461
00:19:35,669 --> 00:19:33,070
a lot of traffic like air traffic oh

462
00:19:38,100 --> 00:19:35,679
yeah but I still seen some weird things

463
00:19:40,620 --> 00:19:38,110

with no blinking lights on it also dude

464

00:19:48,020 --> 00:19:40,630

if I was smart enough well they just put

465

00:19:51,090 --> 00:19:48,030

blinking lights on they're super easy

466

00:19:52,890 --> 00:19:51,100

hey Zoltar we're gonna run by Home Depot

467

00:19:55,799 --> 00:19:52,900

and pick up those flashing lights before

468

00:20:04,200 --> 00:19:58,560

do that they only sell those at Walmart

469

00:20:05,460 --> 00:20:04,210

that's why everybody looks so weird yeah

470

00:20:07,020 --> 00:20:05,470

that makes perfect sense why wouldn't

471

00:20:09,090 --> 00:20:07,030

you just go buy some blinking lights

472

00:20:12,060 --> 00:20:09,100

yeah like I don't want to mess the pain

473

00:20:15,630 --> 00:20:12,070

up yeah yeah they want to keep it smooth

474

00:20:17,460 --> 00:20:15,640

they're all about aesthetics no no

475

00:20:21,720 --> 00:20:17,470

straight lines no I mean well curves

476

00:20:24,180 --> 00:20:21,730

smooth but yeah and then so I guess my

477

00:20:25,620 --> 00:20:24,190

second story it's not it's a little bit

478

00:20:27,060 --> 00:20:25,630

longer than that one but it's more

479

00:20:30,240 --> 00:20:27,070

there's some more detail so this was

480

00:20:33,030 --> 00:20:30,250

like as I was getting into UFOs like

481

00:20:35,220 --> 00:20:33,040

like big time this was when you YouTube

482

00:20:38,340 --> 00:20:35,230

started being like a big thing I think

483

00:20:39,990 --> 00:20:38,350

this was like two thousand five or six I

484

00:20:42,030 --> 00:20:40,000

could be totally wrong on that maybe

485

00:20:45,000 --> 00:20:42,040

maybe I just wasn't it was just big to

486

00:20:46,380 --> 00:20:45,010

you yeah we came a big deal over like a

487

00:20:50,520 --> 00:20:46,390

bomb's world was really big until

488

00:20:51,990 --> 00:20:50,530

YouTube came out anyway so I have well I

489

00:20:53,370 --> 00:20:52,000

have always been in a UFO is like I used

490

00:20:54,480 --> 00:20:53,380

to have it this shirt as a kid it was

491

00:20:56,280 --> 00:20:54,490

like three years old it weren't like

492

00:20:58,020 --> 00:20:56,290

everyday it had an alien face on it but

493

00:21:00,419 --> 00:20:58,030

anyway I've never really seen like

494

00:21:02,370 --> 00:21:00,429

videos until YouTube came out let's

495

00:21:04,740 --> 00:21:02,380

start youtubing stuff and one night had

496

00:21:06,419 --> 00:21:04,750

a couple buddies over at my parents

497

00:21:09,150 --> 00:21:06,429

house and we lived on the live on the

498

00:21:11,610 --> 00:21:09,160

lake and then there's this bridge or

499

00:21:15,960 --> 00:21:11,620

road sorry a dam that goes over the lake

500

00:21:18,810 --> 00:21:15,970

and for those of you that know Fort Hood

501
00:21:20,910 --> 00:21:18,820
it's a large military base here in Texas

502
00:21:23,070 --> 00:21:20,920
I think it's the largest pretty view

503
00:21:24,419 --> 00:21:23,080
Texas I don't know if it's the US or

504
00:21:26,430 --> 00:21:24,429
it's just Texas but it's like the

505
00:21:28,470 --> 00:21:26,440
largest militaries pretty close if it's

506
00:21:31,140 --> 00:21:28,480
not the largest it's pretty pretty close

507
00:21:34,710 --> 00:21:31,150
yeah so I'm seeing some weird lights out

508
00:21:36,570 --> 00:21:34,720
there I've seen jets fly over at night

509
00:21:39,240 --> 00:21:36,580
and and during the day I've seen Black

510
00:21:40,919 --> 00:21:39,250
Hawk Black Hawk helicopter I don't think

511
00:21:41,370 --> 00:21:40,929
there are black helicopters with no

512
00:21:44,100 --> 00:21:41,380
lights

513
00:21:45,840 --> 00:21:44,110

they definitely train out yeah so yeah I

514

00:21:47,880 --> 00:21:45,850

mean that makes sense and they yeah they

515

00:21:49,799 --> 00:21:47,890

go completely black you can't see no

516

00:21:51,600 --> 00:21:49,809

weights and they're allowed to do that

517

00:21:52,860 --> 00:21:51,610

because they own most of that land out

518

00:21:55,470 --> 00:21:52,870

there see I can do whatever the [h__h]

519

00:21:57,270 --> 00:21:55,480

they want to so but I've never seen what

520

00:22:00,270 --> 00:21:57,280

I saw on this night on this faithful

521

00:22:02,010 --> 00:22:00,280

night so me and my buddies are literally

522

00:22:04,169 --> 00:22:02,020

watching YouTube videos of aliens and I

523

00:22:05,510 --> 00:22:04,179

get a call from a friend who's who lives

524

00:22:08,180 --> 00:22:05,520

across the dam

525

00:22:10,190 --> 00:22:08,190

I guess she had stopped on the dam

526

00:22:12,620 --> 00:22:10,200

because she saw these lights over the

527

00:22:13,880 --> 00:22:12,630

lake so she's parked and she's like hey

528

00:22:15,650 --> 00:22:13,890

you have to come check this out

529

00:22:17,810 --> 00:22:15,660

sheathing I was like in UFOs

530

00:22:19,250 --> 00:22:17,820

so me and my buddies drive over there

531

00:22:21,860 --> 00:22:19,260

we're driving across the dam and we look

532

00:22:25,100 --> 00:22:21,870

to the left and over the the lake like

533

00:22:28,520 --> 00:22:25,110

dead center over it were five orange

534

00:22:30,169 --> 00:22:28,530

orbs if you were if you real hold up a

535

00:22:33,110 --> 00:22:30,179

dime that's probably how big they were

536

00:22:34,549 --> 00:22:33,120

they were a pretty big huge dude so

537

00:22:37,669 --> 00:22:34,559

we're driving in and they're like a

538

00:22:39,260 --> 00:22:37,679

stair-step kind of like at an angle so

539

00:22:41,210 --> 00:22:39,270

they're kind of a formation I couldn't

540

00:22:44,390 --> 00:22:41,220

tell I still don't know if it was one

541

00:22:46,190 --> 00:22:44,400

ship or just five or you know five maybe

542

00:22:48,620 --> 00:22:46,200

it was one object it was just five

543

00:22:51,830 --> 00:22:48,630

different orbs but uh you know

544

00:22:55,669 --> 00:22:51,840

chairs all squeaky so five orbs and

545

00:22:58,130 --> 00:22:55,679

we're like oh freaking out and we drive

546

00:23:00,380 --> 00:22:58,140

to this little parking area at this dam

547

00:23:02,390 --> 00:23:00,390

and we all get out and they're still

548

00:23:04,700 --> 00:23:02,400

there they're like it I think they were

549

00:23:06,530 --> 00:23:04,710

up there for like eight minutes no they

550

00:23:09,770 --> 00:23:06,540

were not descending there was no smoke

551

00:23:10,880 --> 00:23:09,780

above the lights the refraction of the

552

00:23:12,440 --> 00:23:10,890

light was like you know how I was

553

00:23:15,620 --> 00:23:12,450

talking about when you look at stars

554

00:23:16,760 --> 00:23:15,630

there's like light rays coming off there

555

00:23:19,340 --> 00:23:16,770

were no light rays it was a really

556

00:23:23,210 --> 00:23:19,350

smooth round almost like like a ball

557

00:23:25,730 --> 00:23:23,220

with like orange LED in it or something

558

00:23:28,040 --> 00:23:25,740

there was there was no noise I mean they

559

00:23:30,770 --> 00:23:28,050

were pretty I mean not too far away but

560

00:23:32,210 --> 00:23:30,780

I don't know if it was a drone would

561

00:23:35,000 --> 00:23:32,220

it have made a noise that we could hear

562

00:23:37,220 --> 00:23:35,010

I don't know yeah but but they said they

563

00:23:38,540 --> 00:23:37,230

would like disappear one would disappear

564

00:23:40,760 --> 00:23:38,550

and then one over here would disappear

565

00:23:43,280 --> 00:23:40,770

and then they all go black and then show

566

00:23:44,960 --> 00:23:43,290

back up at the exact same altitude huh

567

00:23:47,840 --> 00:23:44,970

yeah it was really weird

568

00:23:49,640 --> 00:23:47,850

yeah that's pretty crazy we like we sat

569

00:23:51,950 --> 00:23:49,650

out there for like eight minutes and by

570

00:23:53,630 --> 00:23:51,960

by then so many people had come over and

571

00:23:55,730 --> 00:23:53,640

stopped that they they're running out of

572

00:23:57,650 --> 00:23:55,740

spaces for people to park in like to

573

00:24:01,940 --> 00:23:57,660

just check it out it was an event oh

574

00:24:04,910 --> 00:24:01,950

yeah and my buddy Luke got got that on

575

00:24:06,440 --> 00:24:04,920

his iPhone on iPhone but his camera

576

00:24:08,510 --> 00:24:06,450

phone and back then they're like even

577

00:24:10,580 --> 00:24:08,520

like you know 2005 the cameras Burt [h__h]

578

00:24:11,769 --> 00:24:10,590

yeah but he still got it on film that's

579

00:24:13,029 --> 00:24:11,779

cool

580

00:24:14,979 --> 00:24:13,039

yeah he didn't have it anymore of it

581

00:24:18,849 --> 00:24:14,989

sucks but it was it was a shave video

582

00:24:22,450 --> 00:24:18,859

anyway man you remember uh we were we

583

00:24:25,719 --> 00:24:22,460

played in Houston at the the hotel we

584

00:24:27,849 --> 00:24:25,729

were coming back from the hotel and you

585

00:24:31,330 --> 00:24:27,859

Joe used to be in a band together by the

586

00:24:37,749 --> 00:24:31,340

way oh yeah yeah we yeah we dropped that

587

00:24:39,399 --> 00:24:37,759

and started doing podcasts yeah but yeah

588

00:24:42,339 --> 00:24:39,409

so we're driving back from Houston right

589

00:24:46,149 --> 00:24:42,349

and I'm looking up in the sky look over

590

00:24:48,430 --> 00:24:46,159

to the left and I see this weird I see

591

00:24:51,159 --> 00:24:48,440

an object and then I see like a it looks

592

00:24:54,159 --> 00:24:51,169

like a bubble like a bubble around it

593

00:24:56,649 --> 00:24:54,169

why and I'm like my heart starts pumping

594

00:24:59,229 --> 00:24:56,659

in the sky yeah in the sky it's it's

595

00:25:01,329 --> 00:24:59,239

like it's almost nighttime but there's

596

00:25:03,639 --> 00:25:01,339

still some sunlight out okay right and

597

00:25:05,829 --> 00:25:03,649

so my heart starts pumping I'm like dude

598

00:25:08,469 --> 00:25:05,839

this is it this is it this is my shot

599

00:25:10,690 --> 00:25:08,479

like I finally I saw one like I said

600

00:25:11,139 --> 00:25:10,700

seeing one right now I cannot believe

601
00:25:13,570 --> 00:25:11,149
this

602
00:25:15,339 --> 00:25:13,580
yeah haul ass you know I'm driving down

603
00:25:18,099 --> 00:25:15,349
the highway trying to find a good spot

604
00:25:19,869 --> 00:25:18,109
to like go just pull over and look at it

605
00:25:22,180 --> 00:25:19,879
and see what's going on all of a sudden

606
00:25:24,879 --> 00:25:22,190
I see these things you know something

607
00:25:27,700 --> 00:25:24,889
else like falls off of it I'm like they

608
00:25:30,099 --> 00:25:27,710
made two alien ships now like it just

609
00:25:32,139 --> 00:25:30,109
went from one ship to two ships turns

610
00:25:34,919 --> 00:25:32,149
out it was a rocket that they had

611
00:25:36,849 --> 00:25:34,929
launched from out there and you know

612
00:25:37,959 --> 00:25:36,859
SpaceX you know has a whole bunch of

613
00:25:39,549 --> 00:25:37,969

land that they bought out there and they

614

00:25:43,869 --> 00:25:39,559

do a lot of testing stuff near Houston

615

00:25:46,629 --> 00:25:43,879

yeah yeah and so you know if you've

616

00:25:48,969 --> 00:25:46,639

never seen anything like that yeah and

617

00:25:49,479 --> 00:25:48,979

then you see it and you don't know what

618

00:25:53,649 --> 00:25:49,489

it is

619

00:25:55,690 --> 00:25:53,659

holy cow okay like I finally finally

620

00:26:00,190 --> 00:25:55,700

like after about 15 minutes of looking

621

00:26:02,079 --> 00:26:00,200

at this thing I was like testing a

622

00:26:03,999 --> 00:26:02,089

rocket was the bubble then why dude it

623

00:26:07,149 --> 00:26:04,009

was so it was the rocket going up in the

624

00:26:08,769 --> 00:26:07,159

air but it was displacing yes okay yes

625

00:26:12,249 --> 00:26:08,779

so you could see the bubble that it was

626

00:26:14,499 --> 00:26:12,259

making the condensation and and you know

627

00:26:15,999 --> 00:26:14,509

air flow around it yeah and then I guess

628

00:26:18,909 --> 00:26:16,009

there's like little side boosters that

629

00:26:22,359 --> 00:26:18,919

come off the sides so that's what that

630

00:26:25,150 --> 00:26:22,369

was but dude if it was the craziest

631

00:26:26,920 --> 00:26:25,160

thing I thought it was like a

632

00:26:28,600 --> 00:26:26,930

parachute at first or something I

633

00:26:31,450 --> 00:26:28,610

couldn't make it out but then it started

634

00:26:33,460 --> 00:26:31,460

going like across the sky and not up it

635

00:26:35,680 --> 00:26:33,470

was it was one of the coolest things

636

00:26:37,240 --> 00:26:35,690

I've ever seen but yeah it wasn't you

637

00:26:39,850 --> 00:26:37,250

know it was a UFO for a little bit I

638

00:26:41,560 --> 00:26:39,860

guess yeah you know you know I kind of

639

00:26:44,110 --> 00:26:41,570

figured out what it was you know I

640

00:26:46,030 --> 00:26:44,120

googled some pictures yeah you know did

641

00:26:47,590 --> 00:26:46,040

the research but you know that's what it

642

00:26:49,510 --> 00:26:47,600

ended up being but it was super cool

643

00:26:51,850 --> 00:26:49,520

yeah and if you've never seen it I mean

644

00:26:55,810 --> 00:26:51,860

it is something that could cut blow your

645

00:26:59,230 --> 00:26:55,820

mind you'd be like number one rockets

646

00:27:02,440 --> 00:26:59,240

are freaking cool I mean that when you

647

00:27:04,330 --> 00:27:02,450

see the SpaceX Rockets I mean out out

648

00:27:06,520 --> 00:27:04,340

near California I guess they do some

649

00:27:08,020 --> 00:27:06,530

some tests out there have you seen those

650

00:27:12,910 --> 00:27:08,030

videos where it's like aurora borealis

651
00:27:14,740 --> 00:27:12,920
around it yes so so maybe that's kind of

652
00:27:16,360 --> 00:27:14,750
the same thing that you're seeing so

653
00:27:19,960 --> 00:27:16,370
like this displacement and then like the

654
00:27:22,510 --> 00:27:19,970
altitude and how the light hits the

655
00:27:24,370 --> 00:27:22,520
those yeah they make kind like a spiral

656
00:27:26,170 --> 00:27:24,380
in the sky looking thing and it's just

657
00:27:30,670 --> 00:27:26,180
the the Boosters falling back to earth

658
00:27:32,590 --> 00:27:30,680
dude so have you also seen the there's

659
00:27:33,580 --> 00:27:32,600
like a diagram there's a picture on the

660
00:27:36,340 --> 00:27:33,590
left and a picture on the right the

661
00:27:38,140 --> 00:27:36,350
picture on the left is a photo like what

662
00:27:39,190 --> 00:27:38,150
you're explaining mm-hmm what we're

663
00:27:43,450 --> 00:27:39,200

talking about and the photo on the right

664

00:27:45,730 --> 00:27:43,460

is this carving from like the 1500s of

665

00:27:48,040 --> 00:27:45,740

it looks the exact same

666

00:27:50,410 --> 00:27:48,050

yeah it's got the spiral with the cone

667

00:27:52,900 --> 00:27:50,420

coming off shining down to the earth

668

00:27:55,210 --> 00:27:52,910

yeah dude there's paintings and all

669

00:27:58,450 --> 00:27:55,220

kinds of stuff and it's it's pretty

670

00:28:00,250 --> 00:27:58,460

crazy that you can that we basically

671

00:28:03,880 --> 00:28:00,260

made something that replicated that

672

00:28:07,450 --> 00:28:03,890

today but people were painting that

673

00:28:10,060 --> 00:28:07,460

exact image a long long time ago long

674

00:28:12,070 --> 00:28:10,070

time ago thousands and thousands of

675

00:28:14,830 --> 00:28:12,080

years ago people were painting and

676
00:28:16,060 --> 00:28:14,840
carving that exact image yeah that's you

677
00:28:18,940 --> 00:28:16,070
know it kinda makes you think why

678
00:28:20,410 --> 00:28:18,950
doesn't any I mean some of those things

679
00:28:21,790 --> 00:28:20,420
you can look at it and be like wow I

680
00:28:25,660 --> 00:28:21,800
don't know if that's right but some of

681
00:28:27,430 --> 00:28:25,670
them are like that's that's a UFO that's

682
00:28:29,140 --> 00:28:27,440
not they were obviously painting

683
00:28:31,390 --> 00:28:29,150
something that they've never seen before

684
00:28:32,500 --> 00:28:31,400
how would you draw a rocket how would

685
00:28:36,400 --> 00:28:32,510
you draw your experience probably

686
00:28:38,710 --> 00:28:36,410
exactly how they did yeah no they're not

687
00:28:41,529 --> 00:28:38,720
like this it's not that they're you know

688
00:28:43,060 --> 00:28:41,539

it's it's something that they they don't

689

00:28:45,070 --> 00:28:43,070

know how to paint so they just did the

690

00:28:47,049 --> 00:28:45,080

best they could you know a wheel within

691

00:28:48,250 --> 00:28:47,059

the wheel is a good example right if you

692

00:28:51,100 --> 00:28:48,260

don't know what you're looking at I mean

693

00:28:53,980 --> 00:28:51,110

that's the best best thing you can think

694

00:28:56,110 --> 00:28:53,990

of wheel what is a wheel it's this

695

00:28:58,510 --> 00:28:56,120

circle and it's got these straight lines

696

00:29:00,070 --> 00:28:58,520

through it yeah you can roll stuff on it

697

00:29:01,950 --> 00:29:00,080

yeah well that doesn't make any sense

698

00:29:05,110 --> 00:29:01,960

are you mad

699

00:29:07,960 --> 00:29:05,120

take that tinfoil hat off your head son

700

00:29:10,690 --> 00:29:07,970

no no I swear guys yeah totally like it

701

00:29:13,390 --> 00:29:10,700

rolls things like before the wheel was

702

00:29:18,490 --> 00:29:13,400

used widely they're like what's roll man

703

00:29:20,500 --> 00:29:18,500

yeah what is rolling you you know the

704

00:29:22,120 --> 00:29:20,510

thing that uncle Chad did the other day

705

00:29:30,970 --> 00:29:22,130

down the mountain is kind of the same

706

00:29:32,919 --> 00:29:30,980

thing [h__h] uncle Chad Chad yeah yeah

707

00:29:34,230 --> 00:29:32,929

yeah if you never seen something like

708

00:29:37,149 --> 00:29:34,240

that how would you how would you know

709

00:29:39,549 --> 00:29:37,159

have you seen that thing where the the

710

00:29:41,529 --> 00:29:39,559

cave paintings were they they put the

711

00:29:46,360 --> 00:29:41,539

picture side by side to like a satellite

712

00:29:48,779 --> 00:29:46,370

image and they look almost identical so

713

00:29:51,100 --> 00:29:48,789

the the theory is is basically an

714

00:29:54,310 --> 00:29:51,110

advanced civilization lived a long time

715

00:29:56,409 --> 00:29:54,320

ago right and something happened and

716

00:29:58,390 --> 00:29:56,419

they lost a lot of it and so the only

717

00:30:00,850 --> 00:29:58,400

way that they could kind of you know

718

00:30:02,590 --> 00:30:00,860

like show they were like look how

719

00:30:04,510 --> 00:30:02,600

advanced we were right it's painted

720

00:30:06,130 --> 00:30:04,520

satellite images to show people like

721

00:30:08,710 --> 00:30:06,140

yeah we've already seen it from above

722

00:30:11,080 --> 00:30:08,720

was it satellite images of Earth like

723

00:30:13,390 --> 00:30:11,090

yeah people animals things like that's

724

00:30:16,360 --> 00:30:13,400

why that's why I like cave paintings

725

00:30:18,669 --> 00:30:16,370

they look like a little more elongated

726

00:30:21,399 --> 00:30:18,679

and they're always in like earth tone

727

00:30:23,110 --> 00:30:21,409

colors it's it looks pretty crazy it was

728

00:30:26,830 --> 00:30:23,120

a crazy crazy little theory

729

00:30:28,750 --> 00:30:26,840

that then just kind of like and yeah I

730

00:30:30,159 --> 00:30:28,760

mean it's earth tone color because they

731

00:30:32,440 --> 00:30:30,169

were obviously getting their pigments

732

00:30:34,480 --> 00:30:32,450

from the earth and they were painting on

733

00:30:36,789 --> 00:30:34,490

a rock wall so the course it's you know

734

00:30:40,120 --> 00:30:36,799

it's rock colored earth tone colors but

735

00:30:42,820 --> 00:30:40,130

the the idea that they were painting

736

00:30:45,370 --> 00:30:42,830

satellite images either something that

737

00:30:48,220 --> 00:30:45,380

they had observed or something that you

738

00:30:50,150 --> 00:30:48,230

know had been shown to them yeah from

739

00:30:52,460 --> 00:30:50,160

above the the photos from

740

00:30:54,080 --> 00:30:52,470

above its it was pretty crazy that's

741

00:30:56,060 --> 00:30:54,090

pretty cool yeah we'll have to take a

742

00:30:57,710 --> 00:30:56,070

get a picture of that and put it on the

743

00:31:00,080 --> 00:30:57,720

site yeah get it up and going

744

00:31:01,610 --> 00:31:00,090

just so everybody anybody's listening to

745

00:31:02,990 --> 00:31:01,620

this and wants to google it or I'm gonna

746

00:31:06,800 --> 00:31:03,000

try to google and try to find it yeah

747

00:31:14,030 --> 00:31:06,810

trying Google it's it's it's uh yeah

748

00:31:18,260 --> 00:31:14,040

type in uh do satellite images of what

749

00:31:24,320 --> 00:31:18,270

was it a camel right satellite imaging

750

00:31:26,630 --> 00:31:24,330

of a camel and then and it'll bring up

751
00:31:27,830 --> 00:31:26,640
this crazy image where you're looking at

752
00:31:29,960 --> 00:31:27,840
okay right there

753
00:31:31,640 --> 00:31:29,970
yeah we're you're looking at camels

754
00:31:34,160 --> 00:31:31,650
right and I'm light imaging of a camel

755
00:31:36,620 --> 00:31:34,170
you see you see oh wait it's the shadow

756
00:31:38,360 --> 00:31:36,630
shadow right of the camel and then the

757
00:31:40,670 --> 00:31:38,370
camel is that little you know just white

758
00:31:42,920 --> 00:31:40,680
slit right but then you look at the cave

759
00:31:50,150 --> 00:31:42,930
paintings okay if there's any cave

760
00:31:50,600 --> 00:31:50,160
paintings over there do do just add cave

761
00:31:52,580 --> 00:31:50,610
things

762
00:31:55,010 --> 00:31:52,590
yeah add cave painting to it and see if

763
00:31:57,920 --> 00:31:55,020

see if it pops up but it is kind of

764

00:32:01,510 --> 00:31:57,930

crazy to see that there's a little bit

765

00:32:03,350 --> 00:32:01,520

of I'm super interested because that's

766

00:32:08,840 --> 00:32:03,360

it seems silly

767

00:32:11,000 --> 00:32:08,850

obviously that's that's some of it I

768

00:32:12,830 --> 00:32:11,010

mean it's just K paintings in general

769

00:32:14,480 --> 00:32:12,840

okay alright if you kind of look at the

770

00:32:17,300 --> 00:32:14,490

way that they're drawn and then you look

771

00:32:19,340 --> 00:32:17,310

at satellite images how they're kind of

772

00:32:22,070 --> 00:32:19,350

that's spooky dude yeah it's all like

773

00:32:24,230 --> 00:32:22,080

single colour stuff right and then the

774

00:32:26,750 --> 00:32:24,240

cave with the hands all over it that was

775

00:32:29,060 --> 00:32:26,760

to show I was cool all of humanity oh

776

00:32:31,460 --> 00:32:29,070

this one yeah yeah uh-huh it's like they

777

00:32:32,870 --> 00:32:31,470

it's like they took a spray paint yeah

778

00:32:34,670 --> 00:32:32,880

like spray paint over but if you notice

779

00:32:37,160 --> 00:32:34,680

around the hands there's white there's

780

00:32:38,480 --> 00:32:37,170

black there's brown there's yellow on

781

00:32:40,130 --> 00:32:38,490

the inside of their hands it's a lighter

782

00:32:42,440 --> 00:32:40,140

color than the rest of the rock yeah

783

00:32:45,440 --> 00:32:42,450

yeah they're showing like all of like

784

00:32:46,790 --> 00:32:45,450

all of humanity Oh skin tone yeah so

785

00:32:49,490 --> 00:32:46,800

there's like black and there's brown

786

00:32:52,010 --> 00:32:49,500

there's ye-yeah that's like just all of

787

00:32:53,930 --> 00:32:52,020

all of people together like maybe they

788

00:32:58,370 --> 00:32:53,940

already knew the green one with four

789

00:33:00,010 --> 00:32:58,380

fingers it's like flipping ah take that

790

00:33:02,500 --> 00:33:00,020

take that

791

00:33:04,450 --> 00:33:02,510

what's this fat guy on this

792

00:33:08,530 --> 00:33:04,460

this campaigning dude I don't know

793

00:33:10,150 --> 00:33:08,540

that's a Michelin Man but yeah I mean

794

00:33:13,360 --> 00:33:10,160

you even look at cave paintings and it's

795

00:33:16,540 --> 00:33:13,370

like were they just shitty artists or

796

00:33:17,830 --> 00:33:16,550

did they like I mean some of them were

797

00:33:19,930 --> 00:33:17,840

really shitty this one I think is

798

00:33:21,670 --> 00:33:19,940

freaking awesome yeah like that there's

799

00:33:23,680 --> 00:33:21,680

artistic style to that they're not

800

00:33:25,390 --> 00:33:23,690

trying to be like super realistic uh-huh

801

00:33:27,060 --> 00:33:25,400

but there's like some style to it

802

00:33:31,150 --> 00:33:27,070

there's like movement that's what that's

803

00:33:33,430 --> 00:33:31,160

co-op cha vet qua vet caves cave

804

00:33:40,840 --> 00:33:33,440

paintings in France hmm that's pretty

805

00:33:41,920 --> 00:33:40,850

cool sweet well that's fun yeah dude I'm

806

00:34:09,080 --> 00:33:41,930

gonna I'm gonna grab a beer real quick

807

00:34:17,120 --> 00:34:12,900

sour beers it yeah it depends

808

00:34:27,330 --> 00:34:25,080

tropical Brut all right well man way to

809

00:34:29,600 --> 00:34:27,340

go grab some beers but yeah we're UFO

810

00:34:33,030 --> 00:34:29,610

garage right here out of Austin Texas

811

00:34:37,100 --> 00:34:33,040

gonna give this a shot

812

00:34:40,230 --> 00:34:37,110

tropical tropical fruit too sour berries

813

00:34:42,060 --> 00:34:40,240

sour beer this tasty did I mean we're

814

00:34:42,510 --> 00:34:42,070

gonna get Andy we're gonna give it a

815

00:34:44,280 --> 00:34:42,520

shot

816

00:34:46,140 --> 00:34:44,290

do you like sour beers I mean you know

817

00:34:47,490 --> 00:34:46,150

I'm a lone Starr and I'm what ello guy

818

00:34:49,860 --> 00:34:47,500

you might not like I know what I'm

819

00:34:53,700 --> 00:34:49,870

saying like give it a fancy craft beers

820

00:34:57,990 --> 00:34:53,710

and like this local buzz you guys like

821

00:35:01,590 --> 00:34:58,000

this yeah what is it believe guys

822

00:35:03,360 --> 00:35:01,600

there's this beer can and and you know

823

00:35:04,290 --> 00:35:03,370

you just pop the top right what on this

824

00:35:07,800 --> 00:35:04,300

beer can

825

00:35:14,340 --> 00:35:07,810

the whole damn thing comes off like a

826

00:35:17,760 --> 00:35:14,350

Campbell's can assume it's a it's a

827

00:35:19,830 --> 00:35:17,770

pretty crazy crazy top but uh yeah I got

828

00:35:21,690 --> 00:35:19,840

it cuz I didn't I wasn't sure like what

829

00:35:25,200 --> 00:35:21,700

you drink but always know that you have

830

00:35:26,520 --> 00:35:25,210

like some goofy colored can okay you're

831

00:35:29,010 --> 00:35:26,530

drinking add up so I just figured I'd

832

00:35:34,020 --> 00:35:29,020

stop and pick one up but that is kind of

833

00:35:36,960 --> 00:35:34,030

cool we get this a sip mmm what's

834

00:35:38,820 --> 00:35:36,970

different it's like a it's like a l

835

00:35:39,750 --> 00:35:38,830

guess like a sweet tart you found on the

836

00:35:41,760 --> 00:35:39,760

floorboard of your car from

837

00:35:43,500 --> 00:35:41,770

two-and-a-half years ago yeah that's

838

00:35:47,450 --> 00:35:43,510

what it tastes like it's got its got

839

00:35:51,110 --> 00:35:47,460

like a little bit like McDonald's fries

840

00:35:53,060 --> 00:35:51,120

spill coffee when you you got pricked

841

00:35:56,280 --> 00:35:53,070

yes all right

842

00:36:00,120 --> 00:35:56,290

that's not too bad man that's my new

843

00:36:02,820 --> 00:36:00,130

favorite beer yeah okay so we wrote down

844

00:36:04,860 --> 00:36:02,830

some topics I kind of want to go into we

845

00:36:08,040 --> 00:36:04,870

kind of touched on this earlier but how

846

00:36:10,260 --> 00:36:08,050

the representation of the oh sorry I'm

847

00:36:13,260 --> 00:36:10,270

like tangent Lee speaking but like first

848

00:36:15,750 --> 00:36:13,270

off let's let's let's do let's talk

849

00:36:18,440 --> 00:36:15,760

about the word you apology and how that

850

00:36:20,549 --> 00:36:18,450

doesn't make any sense you f you

851

00:36:22,739 --> 00:36:20,559

unidentified flying all

852

00:36:26,670 --> 00:36:22,749

gee that's well yes that's basically

853

00:36:30,349 --> 00:36:26,680

what if I'm flying okay so yeah anyway

854

00:36:33,839 --> 00:36:30,359

so you you apologists the study of

855

00:36:35,429 --> 00:36:33,849

unidentified flying objects yeah I don't

856

00:36:41,189 --> 00:36:35,439

know why it would be I think what's the

857

00:36:43,709 --> 00:36:41,199

acronym what do you mean T s you the

858

00:36:46,109 --> 00:36:43,719

study of well I think that's that's

859

00:36:49,949 --> 00:36:46,119

implied in the word Allah G which means

860

00:36:52,319 --> 00:36:49,959

it is the study of you identified for

861

00:36:54,479 --> 00:36:52,329

mine but wait but object is being used

862

00:36:58,339 --> 00:36:54,489

object yeah it's a it's a play on words

863

00:37:01,620 --> 00:36:58,349

that let's be clear on follow G isn't an

864

00:37:03,359 --> 00:37:01,630

study it's not that you can go to you

865

00:37:05,370 --> 00:37:03,369

know what I'm saying gonna go down here

866

00:37:08,099 --> 00:37:05,380

to UT and be like yes I would like to

867

00:37:11,609 --> 00:37:08,109

study I would like to be a ufologist

868

00:37:13,019 --> 00:37:11,619

yeah I'm gonna study aliens like time

869

00:37:14,279 --> 00:37:13,029

you watch an episode of ancient aliens

870

00:37:16,559 --> 00:37:14,289

and there's like a new person on there

871

00:37:19,349 --> 00:37:16,569

have you even realized or noticing like

872

00:37:23,160 --> 00:37:19,359

what their their credentials are always

873

00:37:24,150 --> 00:37:23,170

like no book reader okay I read books I

874

00:37:27,630 --> 00:37:24,160

read books

875

00:37:30,419 --> 00:37:27,640

yeah UFO researcher but that's not yeah

876

00:37:34,199 --> 00:37:30,429

it's a crazy thing to get into man like

877

00:37:36,809 --> 00:37:34,209

if you think about it like either you

878

00:37:38,699 --> 00:37:36,819

were already working in some type of

879

00:37:41,699 --> 00:37:38,709

field that had something to do with that

880

00:37:42,150 --> 00:37:41,709

or you've got a lot of time on your

881

00:37:44,160 --> 00:37:42,160

hands

882

00:37:46,679 --> 00:37:44,170

like I I don't know man like I seem like

883

00:37:48,719 --> 00:37:46,689

I feel like it'd be expensive to be a

884

00:37:50,880 --> 00:37:48,729

ufologist do you know like who's paying

885

00:37:52,169 --> 00:37:50,890

you to do that well think well the way

886

00:37:53,969 --> 00:37:52,179

they make their money I believe is just

887

00:37:55,799 --> 00:37:53,979

selling books and speaking at events

888

00:37:57,719 --> 00:37:55,809

right so it is because it's like that

889

00:38:00,289 --> 00:37:57,729

it's like that scenario it is because it

890

00:38:02,789 --> 00:38:00,299

is like it's a perpetuating petrel

891

00:38:04,979 --> 00:38:02,799

perpetuating yeah like David Wilcock

892

00:38:06,989 --> 00:38:04,989

actually really like the guy but that's

893

00:38:08,699 --> 00:38:06,999

how he makes his money he writes books

894

00:38:10,469 --> 00:38:08,709

and then speaks at events right like I

895

00:38:12,120 --> 00:38:10,479

think he's really well spoken guy huh

896

00:38:14,880 --> 00:38:12,130

kind of weird have you ever been to his

897

00:38:16,049 --> 00:38:14,890

website like his bio not his like actual

898

00:38:19,549 --> 00:38:16,059

bio dude

899

00:38:22,199 --> 00:38:19,559

isn't he the the reincarnate yeah

900

00:38:23,999 --> 00:38:22,209

believes it too he doesn't believe it do

901
00:38:26,370 --> 00:38:24,009
you believe it doesn't take showers

902
00:38:29,729 --> 00:38:26,380
right yeah really he's like he's a

903
00:38:31,319 --> 00:38:29,739
stinky boy yeah I guess dude the natural

904
00:38:34,440 --> 00:38:31,329
bacteria on your body keeps you clean

905
00:38:36,210 --> 00:38:34,450
that's that's the that's the

906
00:38:37,770 --> 00:38:36,220
the thing he goes with I guess no need

907
00:38:41,309 --> 00:38:37,780
depending on what you eat and how you

908
00:38:45,150 --> 00:38:41,319
live your lifestyle if he has ever sat

909
00:38:46,230 --> 00:38:45,160
and a hot bus with no AC you told me

910
00:38:48,539 --> 00:38:46,240
he's not gonna scrub his balls

911
00:38:50,370 --> 00:38:48,549
afterwards dude I don't know imagine how

912
00:38:52,950 --> 00:38:50,380
bad he's I don't know if he does but he

913
00:38:55,140 --> 00:38:52,960

definitely should oh yeah all right I

914

00:38:56,490 --> 00:38:55,150

feel bad I'm talking but that's all

915

00:38:58,470 --> 00:38:56,500

right we can talk about Lenny Kravitz

916

00:39:00,359 --> 00:38:58,480

cuz that guy apparently stinks - I don't

917

00:39:01,859 --> 00:39:00,369

know but doesn't it doesn't mean that

918

00:39:04,410 --> 00:39:01,869

he's any less of a badass

919

00:39:06,839 --> 00:39:04,420

- no true he's badasses just don't take

920

00:39:08,849 --> 00:39:06,849

showers maybe he's just a badass and we

921

00:39:10,049 --> 00:39:08,859

just don't I'm a badass occasionally and

922

00:39:16,980 --> 00:39:10,059

I'm gonna take a shower for like two

923

00:39:20,160 --> 00:39:16,990

days but I don't feel I could scratch

924

00:39:23,789 --> 00:39:20,170

the nastiness off maybe if I don't take

925

00:39:26,250 --> 00:39:23,799

a shower I'll be cool yeah but yeah like

926

00:39:28,440 --> 00:39:26,260

talking about the the people in this

927

00:39:30,030 --> 00:39:28,450

field that represent you know the only

928

00:39:31,559 --> 00:39:30,040

reason that they're in the public eye is

929

00:39:33,780 --> 00:39:31,569

because they're speaking at these events

930

00:39:36,870 --> 00:39:33,790

and writing these books and on TV shows

931

00:39:39,660 --> 00:39:36,880

and stuff like all of their there's not

932

00:39:41,940 --> 00:39:39,670

a lot of normal people that are into

933

00:39:43,980 --> 00:39:41,950

this kind of thing right I mean it

934

00:39:45,599 --> 00:39:43,990

definitely doesn't seem so yeah it

935

00:39:49,760 --> 00:39:45,609

doesn't seem like the type of outlet

936

00:39:53,039 --> 00:39:49,770

that I don't know I guess if you're a

937

00:39:54,900 --> 00:39:53,049

quote-unquote normal person this is

938

00:39:56,789 --> 00:39:54,910

probably the last thing on your mind

939

00:39:58,799 --> 00:39:56,799

yeah you know what I'm saying I'm not

940

00:40:01,109 --> 00:39:58,809

saying I'm normal but I'm I mean I'm

941

00:40:02,549 --> 00:40:01,119

still a pretty weird guy but I'm not I

942

00:40:05,789 --> 00:40:02,559

don't feel like we're is weird

943

00:40:08,069 --> 00:40:05,799

some of these people you know I mean we

944

00:40:10,920 --> 00:40:08,079

go to work work our 40 plus and pair

945

00:40:14,099 --> 00:40:10,930

bills and whatnot we're pretty average

946

00:40:18,270 --> 00:40:14,109

dudes but you know it definitely takes a

947

00:40:22,589 --> 00:40:18,280

certain kind of person to do this kind

948

00:40:23,970 --> 00:40:22,599

of work you know just you know when you

949

00:40:26,280 --> 00:40:23,980

go to a party just to even hold a

950

00:40:28,799 --> 00:40:26,290

conversation with somebody long enough

951
00:40:30,960 --> 00:40:28,809
on the subject yeah takes a certain kind

952
00:40:32,430 --> 00:40:30,970
of person really yeah you know cuz me

953
00:40:34,349 --> 00:40:32,440
and you like I said I mean we're doing a

954
00:40:36,569 --> 00:40:34,359
podcast so we can sit here and talk

955
00:40:40,020 --> 00:40:36,579
about this hours yeah

956
00:40:41,970 --> 00:40:40,030
and we're compared to most the the crowd

957
00:40:43,950 --> 00:40:41,980
that we hang around with relatively

958
00:40:46,770 --> 00:40:43,960
strange oh yeah you know definitely the

959
00:40:49,660 --> 00:40:46,780
strangest out of that group

960
00:40:51,670 --> 00:40:49,670
makes it I'm not trying to say like I

961
00:40:54,070 --> 00:40:51,680
hope that didn't come across like yeah

962
00:40:56,320 --> 00:40:54,080
no no we're all weirdos like you know

963
00:40:59,410 --> 00:40:56,330

like everybody in this in this field is

964

00:41:02,680 --> 00:40:59,420

is has some some quirkiness to him you

965

00:41:05,500 --> 00:41:02,690

know whether it be like you're just

966

00:41:07,060 --> 00:41:05,510

weird or like you're so brilliant you're

967

00:41:09,100 --> 00:41:07,070

weird you know

968

00:41:10,840 --> 00:41:09,110

and a lot of these people are extremely

969

00:41:14,290 --> 00:41:10,850

intelligent dunno they're all like

970

00:41:16,810 --> 00:41:14,300

Wilcock I think is phd's are like

971

00:41:18,850 --> 00:41:16,820

scientists you know like you always you

972

00:41:20,740 --> 00:41:18,860

always know those like those kids in

973

00:41:22,870 --> 00:41:20,750

school who are like extremely smart but

974

00:41:24,430 --> 00:41:22,880

like their social skills are just out

975

00:41:26,470 --> 00:41:24,440

the window yeah yeah you know but you

976

00:41:29,110 --> 00:41:26,480

know they're brilliant like that guy's

977

00:41:33,070 --> 00:41:29,120

gonna make a lot of money but he's so

978

00:41:37,240 --> 00:41:33,080

weird man and they smell right they all

979

00:41:38,530 --> 00:41:37,250

smell like [h__h] it'll take bad so maybe

980

00:41:42,190 --> 00:41:38,540

we're starting to see a little pattern

981

00:41:44,680 --> 00:41:42,200

here but I mean we take baths relatively

982

00:41:47,320 --> 00:41:44,690

normal but you know it's it's it's a

983

00:41:52,030 --> 00:41:47,330

strange a strange thing so we're that's

984

00:41:56,860 --> 00:41:52,040

a weird flex yeah feels like annoying

985

00:41:59,050 --> 00:41:56,870

about it like vegans are like are you

986

00:42:02,020 --> 00:41:59,060

taking a bath right now let me tell you

987

00:42:03,580 --> 00:42:02,030

something about baths yeah I just yeah

988

00:42:06,130 --> 00:42:03,590

can I give you the rundown on baths and

989

00:42:08,740 --> 00:42:06,140

how you know just unnecessary time do

990

00:42:11,050 --> 00:42:08,750

you have do you have a moment to talk

991

00:42:12,880 --> 00:42:11,060

about body cleanliness they just like

992

00:42:14,410 --> 00:42:12,890

yeah they just bring up his no bathing

993

00:42:18,820 --> 00:42:14,420

like in the middle of a random

994

00:42:21,430 --> 00:42:18,830

conversation all right so we got a

995

00:42:23,320 --> 00:42:21,440

couple of photos kind of looking at this

996

00:42:25,450 --> 00:42:23,330

subject like why can't so the subject is

997

00:42:27,160 --> 00:42:25,460

why can't you fo researchers just like

998

00:42:28,330 --> 00:42:27,170

kind of be normal or look normal there's

999

00:42:33,790 --> 00:42:28,340

always something kind of quirk about

1000

00:42:38,830 --> 00:42:33,800

them like right like their hair he's got

1001
00:42:40,600 --> 00:42:38,840
like this guy fieri billy goat you you

1002
00:42:43,660 --> 00:42:40,610
worked for the military or not which

1003
00:42:45,430 --> 00:42:43,670
makes you a badass I guess something in

1004
00:42:47,650 --> 00:42:45,440
the government agent that's what you're

1005
00:42:49,900 --> 00:42:47,660
saying okay so explain I guess I don't

1006
00:42:51,310 --> 00:42:49,910
know so what we were told a couple maybe

1007
00:42:53,170 --> 00:42:51,320
it was was it this year when all this

1008
00:42:56,440 --> 00:42:53,180
came out or was yeah it's like pretty

1009
00:42:59,020 --> 00:42:56,450
recently so I mean that so somebody made

1010
00:43:00,550 --> 00:42:59,030
a claim I guess it was the Pentagon

1011
00:43:02,860 --> 00:43:00,560
like it was depending on yeah I'm very

1012
00:43:04,360 --> 00:43:02,870
like it was like have very little

1013
00:43:07,720 --> 00:43:04,370

knowledge on this is just something I

1014

00:43:09,790 --> 00:43:07,730

kind of came across that that they had

1015

00:43:12,940 --> 00:43:09,800

published an article saying that you

1016

00:43:15,160 --> 00:43:12,950

know Lu Elizondo he actually didn't work

1017

00:43:18,130 --> 00:43:15,170

for a tip but then I guess there was a

1018

00:43:21,790 --> 00:43:18,140

response saying that he didn't work for

1019

00:43:24,370 --> 00:43:21,800

a tip direct directly he was he took

1020

00:43:27,040 --> 00:43:24,380

over and managed it from like a head of

1021

00:43:28,720 --> 00:43:27,050

security of State or something like that

1022

00:43:32,250 --> 00:43:28,730

okay so it's changed since the last time

1023

00:43:34,240 --> 00:43:32,260

you know it's changed a little bit but

1024

00:43:36,310 --> 00:43:34,250

who knows like we were talking about

1025

00:43:38,980 --> 00:43:36,320

earlier it is a little strange that all

1026

00:43:41,950 --> 00:43:38,990

this would come out as soon as his show

1027

00:43:45,460 --> 00:43:41,960

comes out and now he's the face of this

1028

00:43:47,140 --> 00:43:45,470

new you know disclosure movement and you

1029

00:43:50,170 --> 00:43:47,150

know but Tom DeLonge and all those guys

1030

00:43:52,270 --> 00:43:50,180

now all of a sudden it's like oh by the

1031

00:43:53,980 --> 00:43:52,280

way you never worked for a tip that's

1032

00:43:57,100 --> 00:43:53,990

weird you know and it's just strange you

1033

00:43:58,660 --> 00:43:57,110

say that there's been no response so he

1034

00:44:00,400 --> 00:43:58,670

doesn't that's what's weird is that like

1035

00:44:02,170 --> 00:44:00,410

I would be inclined to believe that

1036

00:44:04,330 --> 00:44:02,180

they're lying and maybe he did work for

1037

00:44:07,000 --> 00:44:04,340

a tip you know going through these other

1038

00:44:09,130 --> 00:44:07,010

channels um but there's there's no

1039

00:44:11,710 --> 00:44:09,140

response like just respond like did you

1040

00:44:13,600 --> 00:44:11,720

or didn't you yeah even if you didn't

1041

00:44:15,700 --> 00:44:13,610

well have to do is say yeah I did yeah

1042

00:44:17,920 --> 00:44:15,710

it doesn't immediately you know

1043

00:44:20,830 --> 00:44:17,930

discredit your information you know

1044

00:44:22,090 --> 00:44:20,840

because I mean you think about it a lot

1045

00:44:23,950 --> 00:44:22,100

of people in this world fake it to they

1046

00:44:25,390 --> 00:44:23,960

make it you may have a whole bunch of

1047

00:44:27,610 --> 00:44:25,400

information and the only way people are

1048

00:44:28,510 --> 00:44:27,620

gonna listen to you is if you say I used

1049

00:44:30,490 --> 00:44:28,520

to work for the government

1050

00:44:31,780 --> 00:44:30,500

I've worked in this field and people are

1051

00:44:32,530 --> 00:44:31,790

like okay well let me hear your

1052

00:44:34,450 --> 00:44:32,540

information

1053

00:44:36,970 --> 00:44:34,460

well come to find out oh so you never

1054

00:44:39,460 --> 00:44:36,980

worked for this certain branch the

1055

00:44:40,870 --> 00:44:39,470

government well no but I do have this

1056

00:44:43,210 --> 00:44:40,880

information and the only way people

1057

00:44:46,420 --> 00:44:43,220

would listen to me is if I said I such a

1058

00:44:48,520 --> 00:44:46,430

catch-22 it is it is because logic tells

1059

00:44:50,770 --> 00:44:48,530

you that oh if they lied about that then

1060

00:44:53,680 --> 00:44:50,780

that probably lying about yeah what else

1061

00:44:57,100 --> 00:44:53,690

can you you probably can't believe a lot

1062

00:45:03,070 --> 00:44:57,110

of which is maybe something that they're

1063

00:45:04,630 --> 00:45:03,080

just trying to do to him yeah exactly

1064

00:45:06,430 --> 00:45:04,640

maybe they maybe he just embellished his

1065

00:45:07,780 --> 00:45:06,440

story a little bit like yeah I mean

1066

00:45:10,660 --> 00:45:07,790

honestly if you got the right

1067

00:45:12,700 --> 00:45:10,670

information who cares just I I don't I

1068

00:45:14,800 --> 00:45:12,710

mean I'm I'm always willing to listen

1069

00:45:17,290 --> 00:45:14,810

here people out like especially when you

1070

00:45:19,390 --> 00:45:17,300

know like people or documentaries

1071

00:45:21,300 --> 00:45:19,400

documentaries will bring in like

1072

00:45:24,520 --> 00:45:21,310

ex-military or ex

1073

00:45:26,500 --> 00:45:24,530

Navy pilots or things like that where

1074

00:45:28,420 --> 00:45:26,510

you know they have all this information

1075

00:45:31,180 --> 00:45:28,430

but at the end of the day it's all

1076

00:45:32,950 --> 00:45:31,190

stories like yes all like so-and-so said

1077

00:45:34,750 --> 00:45:32,960

this I was with a guy that saw this and

1078

00:45:36,760 --> 00:45:34,760

he told me about this yeah it's super

1079

00:45:38,020 --> 00:45:36,770

hard to believe somebody when they're

1080

00:45:41,140 --> 00:45:38,030

telling you that story unless they have

1081

00:45:43,000 --> 00:45:41,150

you know this discredit this background

1082

00:45:44,470 --> 00:45:43,010

yeah even still when you hear these like

1083

00:45:47,589 --> 00:45:44,480

ex pilots talking about it

1084

00:45:50,950 --> 00:45:47,599

going into detail like going it 20 knots

1085

00:45:53,040 --> 00:45:50,960

in the sky whatever yeah I went down 28

1086

00:45:55,960 --> 00:45:53,050

stories down into a military facility

1087

00:45:58,180 --> 00:45:55,970

yeah those weird extraterrestrials that

1088

00:46:00,550 --> 00:45:58,190

live there bro like you're like what

1089

00:46:00,880 --> 00:46:00,560

that that guy is a good subject to talk

1090

00:46:02,620 --> 00:46:00,890

about

1091

00:46:04,990 --> 00:46:02,630

it's it that's a while you know more

1092

00:46:09,490 --> 00:46:05,000

about him than than I do but well yeah I

1093

00:46:11,620 --> 00:46:09,500

mean we'll get into that bed subject but

1094

00:46:13,480 --> 00:46:11,630

I can't remember his name I have to have

1095

00:46:16,210 --> 00:46:13,490

to go back and look at yeah see this is

1096

00:46:19,329 --> 00:46:16,220

the issues there's so many people so

1097

00:46:21,520 --> 00:46:19,339

many names so many times so many stories

1098

00:46:24,250 --> 00:46:21,530

it's hard to keep them all on track I

1099

00:46:27,160 --> 00:46:24,260

know yeah so one thing I'd like to do

1100

00:46:29,859 --> 00:46:27,170

here is really get all of this stuff you

1101

00:46:33,880 --> 00:46:29,869

know kind of in order yeah

1102

00:46:36,010 --> 00:46:33,890

you know time frame people places you

1103

00:46:38,920 --> 00:46:36,020

know cuz we know a lot of stories and

1104

00:46:40,180 --> 00:46:38,930

information yeah it's just now it's just

1105

00:46:42,220 --> 00:46:40,190

trying to sit through it and put it all

1106

00:46:44,349 --> 00:46:42,230

together right we had to make some sort

1107

00:46:46,000 --> 00:46:44,359

of timeline so you know we can it's a

1108

00:46:48,540 --> 00:46:46,010

reference point yeah you know because it

1109

00:46:51,280 --> 00:46:48,550

makes it hard to kind of follow along

1110

00:46:54,280 --> 00:46:51,290

this isn't gonna be at all any you know

1111

00:46:55,960 --> 00:46:54,290

super structural but it means it's gonna

1112

00:46:58,390 --> 00:46:55,970

be more fun and laid-back but yeah I

1113

00:46:59,710 --> 00:46:58,400

mean there there's a happy medium in

1114

00:47:01,120 --> 00:46:59,720

there too because I definitely agree

1115

00:47:02,920 --> 00:47:01,130

like there needs to be a little bit of

1116

00:47:04,839 --> 00:47:02,930

structure like I mean right now we've

1117

00:47:07,750 --> 00:47:04,849

gone through we talked about like our

1118

00:47:09,820 --> 00:47:07,760

experiences and we went off on a tangent

1119

00:47:12,849 --> 00:47:09,830

and we talked about now we're talking

1120

00:47:15,520 --> 00:47:12,859

about people not like a normal so I mean

1121

00:47:17,950 --> 00:47:15,530

if as long as we just kind of have some

1122

00:47:19,480 --> 00:47:17,960

kind of a focus of like just like

1123

00:47:20,859 --> 00:47:19,490

remember to go back to that thing we

1124

00:47:22,690 --> 00:47:20,869

were talking about it's gonna be a lot

1125

00:47:23,320 --> 00:47:22,700

less dizzying for people listening to

1126

00:47:25,490 --> 00:47:23,330

this right

1127

00:47:27,830 --> 00:47:25,500

because it's a lot of information coming

1128

00:47:30,020 --> 00:47:27,840

at you it's a lie we both know so much

1129

00:47:31,820 --> 00:47:30,030

that it's just like this thing will make

1130

00:47:33,530 --> 00:47:31,830

me think of that thing and exactly you

1131

00:47:35,090 --> 00:47:33,540

just go all over the place yeah

1132

00:47:38,210 --> 00:47:35,100

everything kind of ties in with you know

1133

00:47:40,310 --> 00:47:38,220

with each other but yeah oh yeah he's

1134

00:47:43,940 --> 00:47:40,320

got the he's got the billy goat gruff

1135

00:47:46,910 --> 00:47:43,950

thing going on and then David Wilcock

1136

00:47:49,130 --> 00:47:46,920

with the Ken doll swoop man was it uh a

1137

00:47:51,530 --> 00:47:49,140

movie I think it was called kickboxer

1138

00:47:55,550 --> 00:47:51,540

with the kid who had asthma and he would

1139

00:47:58,220 --> 00:47:55,560

always daydream about about being like a

1140

00:48:00,950 --> 00:47:58,230

ninja well he had that haircut it was

1141

00:48:03,320 --> 00:48:00,960

like that that early nineties oh yeah

1142

00:48:05,360 --> 00:48:03,330

like the split down the middle with

1143

00:48:06,890 --> 00:48:05,370

feather in the party in the back a

1144

00:48:09,770 --> 00:48:06,900

little bit I had the Devon salt walk

1145

00:48:13,730 --> 00:48:09,780

going on the devon Sawa that's a

1146

00:48:15,010 --> 00:48:13,740

reference bro he played in that movie uh

1147

00:48:21,470 --> 00:48:15,020

[Music]

1148

00:48:24,470 --> 00:48:21,480

damn I think it was called born to be

1149

00:48:26,830 --> 00:48:24,480

wild was an old movie all them kids had

1150

00:48:31,100 --> 00:48:26,840

that hair could Jonathan Taylor Thomas

1151

00:48:33,590 --> 00:48:31,110

Thomas like all of Italy oh yeah that

1152

00:48:36,820 --> 00:48:33,600

was the haircut I was the haircut and

1153

00:48:41,270 --> 00:48:36,830

then we got this guy Giorgio tsoukalos

1154

00:48:43,490 --> 00:48:41,280

everybody makes fun of him though but he

1155

00:48:45,050 --> 00:48:43,500

I mean he chose that absolute that was

1156

00:48:49,100 --> 00:48:45,060

his choice that was his choice he did

1157

00:48:51,680 --> 00:48:49,110

that it was like combing it over I just

1158

00:48:54,470 --> 00:48:51,690

got comb it up yeah what's coming up no

1159

00:48:56,090 --> 00:48:54,480

I think he has a convertible he just

1160

00:48:57,920 --> 00:48:56,100

sticks his head up puts gel in his hair

1161

00:49:00,500 --> 00:48:57,930

and then goes as fast as he can down the

1162

00:49:02,510 --> 00:49:00,510

highway but Giorgio you work from home

1163

00:49:06,650 --> 00:49:02,520

yeah well I'll be right back I gotta go

1164

00:49:09,920 --> 00:49:06,660

do my hair yes that guy so if you watch

1165

00:49:11,600 --> 00:49:09,930

the old Stargate movie at the end

1166

00:49:14,420 --> 00:49:11,610

there's like you know the special

1167

00:49:16,010 --> 00:49:14,430

features on there dude he's in it no

1168

00:49:19,910 --> 00:49:16,020

yeah he's in it he's talking about Star

1169

00:49:21,410 --> 00:49:19,920

Game no I mean in the movie not in the

1170

00:49:23,810 --> 00:49:21,420

movie but he's on the special features

1171

00:49:26,330 --> 00:49:23,820

afterwards and he's he's talking about

1172

00:49:28,550 --> 00:49:26,340

this stuff who's so young I think I

1173

00:49:30,470 --> 00:49:28,560

might have it on Facebook I took a

1174

00:49:32,630 --> 00:49:30,480

picture of its look at her because I

1175

00:49:35,140 --> 00:49:32,640

couldn't believe it I looked at him I

1176

00:49:38,380 --> 00:49:35,150

was like was he there for like

1177

00:49:40,329 --> 00:49:38,390

like to offer direction on it was just

1178

00:49:41,979 --> 00:49:40,339

commentary he was just talking about the

1179

00:49:44,109 --> 00:49:41,989

stuff that he talks about on ancient

1180

00:49:46,239 --> 00:49:44,119

aliens but he was doing this a long ass

1181

00:49:49,239 --> 00:49:46,249

time ago and he did it for Stargate this

1182

00:49:51,009 --> 00:49:49,249

is up man it's hilarious Stargate is I

1183

00:49:52,749 --> 00:49:51,019

think still one of my favorite movies I

1184

00:49:55,690 --> 00:49:52,759

watched it last month the cool ass it's

1185

00:49:58,479 --> 00:49:55,700

such a good movie like all the the

1186

00:50:00,459 --> 00:49:58,489

creativity that went into not only like

1187

00:50:03,219 --> 00:50:00,469

the pyramid ship I mean it's kind of

1188

00:50:05,440 --> 00:50:03,229

it's it's kind of a little a little

1189

00:50:07,150 --> 00:50:05,450

expected you know yeah like it's too a

1190

00:50:08,620 --> 00:50:07,160

little too on-the-nose the shape of that

1191

00:50:10,269 --> 00:50:08,630

ship but the fact that it uses the

1192

00:50:11,920 --> 00:50:10,279

pyramids is like a docking station is

1193

00:50:13,900 --> 00:50:11,930

super interesting yeah it's kind of cool

1194

00:50:15,989 --> 00:50:13,910

and then like all the the Eagle heads

1195

00:50:18,880 --> 00:50:15,999

and the dog heads and all that like

1196

00:50:20,259 --> 00:50:18,890

going back to all the paintings of the

1197

00:50:21,609 --> 00:50:20,269

different gods with like the different

1198

00:50:23,680 --> 00:50:21,619

animal heads and kind of bringing that

1199

00:50:25,719 --> 00:50:23,690

in the end of the real world that was

1200

00:50:27,969 --> 00:50:25,729

super cool so check this out

1201

00:50:29,589 --> 00:50:27,979

here he is right here I took a picture

1202

00:50:32,380 --> 00:50:29,599

of it it's on my Facebook page but look

1203

00:50:37,390 --> 00:50:32,390

how young oh dude that's insane

1204

00:50:39,309 --> 00:50:37,400

that's not he looks normal there we got

1205

00:50:42,039 --> 00:50:39,319

a good haircut buddy it was like now I'm

1206

00:50:45,009 --> 00:50:42,049

not gonna do this we're gonna go baby

1207

00:50:52,749 --> 00:50:45,019

we're gonna go home dude he looks super

1208

00:50:56,469 --> 00:50:52,759

young I don't know they're for aliens

1209

00:50:58,870 --> 00:50:56,479

yeah therefore he's [h__h] on so much he

1210

00:51:02,319 --> 00:50:58,880

does but he was only he was on the Jim

1211

00:51:04,809 --> 00:51:02,329

Rogan podcast and it was really good was

1212

00:51:06,459 --> 00:51:04,819

it yeah it was really he's a cool guy

1213

00:51:08,349 --> 00:51:06,469

people like he's super normal when you

1214

00:51:10,959 --> 00:51:08,359

get like actually talking people make in

1215

00:51:14,950 --> 00:51:10,969

like a like a huge joke but you know

1216

00:51:17,140 --> 00:51:14,960

he's it's like he's just got a lot of

1217

00:51:20,529 --> 00:51:17,150

information man yeah it's it's such a

1218

00:51:23,170 --> 00:51:20,539

cool thing to like you know had I known

1219

00:51:24,759 --> 00:51:23,180

what I know now you know as an older guy

1220

00:51:27,579 --> 00:51:24,769

like yeah totally would have been like

1221

00:51:28,989 --> 00:51:27,589

an archaeologist or something so cool

1222

00:51:30,700 --> 00:51:28,999

nobody ever makes that kind of stuff

1223

00:51:32,499 --> 00:51:30,710

appealing to you when you're younger

1224

00:51:34,719 --> 00:51:32,509

it's always like yeah you're gonna grow

1225

00:51:36,069 --> 00:51:34,729

up go to college become a doctor or a

1226

00:51:37,900 --> 00:51:36,079

lawyer or something no he's ever like

1227

00:51:39,279 --> 00:51:37,910

hey go dig in the dirt yeah there's some

1228

00:51:42,160 --> 00:51:39,289

cool [h__h] out there yeah

1229

00:51:45,219 --> 00:51:42,170

go explore be an adventurer you know

1230

00:51:47,319 --> 00:51:45,229

I've got a friend that well you know her

1231

00:51:49,719 --> 00:51:47,329

we worked with our tailor she's a pit

1232

00:51:51,489 --> 00:51:49,729

are she an archaeologist now something

1233

00:51:53,439 --> 00:51:51,499

like that yeah dude it's been a while

1234

00:51:55,269 --> 00:51:53,449

since I spoken with her yeah I follow

1235

00:51:56,620 --> 00:51:55,279

her on Instagram she posts like stuff

1236

00:51:59,859 --> 00:51:56,630

that they find out and like West Texas

1237

00:52:02,919 --> 00:51:59,869

is like stuttery and like jewelry it's

1238

00:52:04,269 --> 00:52:02,929

like I don't know how long or how old it

1239

00:52:06,669 --> 00:52:04,279

is but I remember it being like an

1240

00:52:07,659 --> 00:52:06,679

astounding number yeah like a couple

1241

00:52:09,999 --> 00:52:07,669

thousand years old

1242

00:52:11,739 --> 00:52:10,009

damn which is nuts I could be totally

1243

00:52:14,109 --> 00:52:11,749

wrong on that but I felt like it was a

1244

00:52:15,639 --> 00:52:14,119

big number yeah I mean if you're if

1245

00:52:17,229 --> 00:52:15,649

you're digging for stuff like that it's

1246

00:52:22,809 --> 00:52:17,239

definitely been a couple thousand years

1247

00:52:26,169 --> 00:52:22,819

no so you're talking about like kind of

1248

00:52:28,659 --> 00:52:26,179

a structure of things because in finding

1249

00:52:30,429 --> 00:52:28,669

that happy medium and I mean obviously

1250

00:52:32,859 --> 00:52:30,439

this is the first episode and we're just

1251
00:52:35,049 --> 00:52:32,869
still trying to figure it out by keeping

1252
00:52:36,849 --> 00:52:35,059
it like kind of tangent we could you

1253
00:52:37,959 --> 00:52:36,859
know kind of go off I think I think it

1254
00:52:40,419 --> 00:52:37,969
would be interesting to like talk about

1255
00:52:41,649 --> 00:52:40,429
the history of things and kind of break

1256
00:52:43,389 --> 00:52:41,659
things down like you're saying like

1257
00:52:48,539 --> 00:52:43,399
start like what for you like what's the

1258
00:52:51,939 --> 00:52:48,549
first what's the first occurrence or

1259
00:52:56,319 --> 00:52:51,949
like proof that we could talk about to

1260
00:52:58,779 --> 00:52:56,329
kind of start and then kind of go like

1261
00:53:01,120 --> 00:52:58,789
through a timeline yeah I mean a lot of

1262
00:53:02,169 --> 00:53:01,130
people start at Roswell but I feel like

1263
00:53:04,599 --> 00:53:02,179

there's a lot of stuff that happened

1264

00:53:08,949 --> 00:53:04,609

before then more Roswell yeah like I

1265

00:53:09,699 --> 00:53:08,959

mean if we're going off of what's been

1266

00:53:10,989 --> 00:53:09,709

recorded

1267

00:53:13,299 --> 00:53:10,999

I mean they've apparently known about

1268

00:53:17,489 --> 00:53:13,309

this stuff since the 30s yeah you know

1269

00:53:21,699 --> 00:53:17,499

so razzil didn't happen until the 40s so

1270

00:53:23,469 --> 00:53:21,709

with with that crash there had there had

1271

00:53:26,649 --> 00:53:23,479

to have been stuff that happened before

1272

00:53:29,319 --> 00:53:26,659

then where are the other crashes I'm

1273

00:53:32,529 --> 00:53:29,329

sure that's a really simple answer that

1274

00:53:34,899 --> 00:53:32,539

we can find right now is did they

1275

00:53:39,579 --> 00:53:34,909

already know about it before the Roswell

1276

00:53:42,339 --> 00:53:39,589

crash okay it's 1947 1947 Roswell was

1277

00:53:44,769 --> 00:53:42,349

right and then and then a couple months

1278

00:53:47,469 --> 00:53:44,779

after that the United States Air Force

1279

00:53:48,969 --> 00:53:47,479

became its own branch here the sky I

1280

00:53:50,229 --> 00:53:48,979

recently yeah I've recently found out

1281

00:53:52,419 --> 00:53:50,239

about that yeah that's weird

1282

00:53:55,629 --> 00:53:52,429

so you know the army took care of that

1283

00:53:57,969 --> 00:53:55,639

stuff but then after that we needed a

1284

00:54:00,039 --> 00:53:57,979

way to protect the skies what is that

1285

00:54:00,760 --> 00:54:00,049

the reason the Air Force was invented

1286

00:54:02,590 --> 00:54:00,770

you know

1287

00:54:04,900 --> 00:54:02,600

is that the reason air force became its

1288

00:54:08,320 --> 00:54:04,910

own branch is there something happening

1289

00:54:11,140 --> 00:54:08,330

right now space force making space force

1290

00:54:13,840 --> 00:54:11,150

become its own thing like it's all haha

1291

00:54:16,240 --> 00:54:13,850

laughable Donald Trump is doing space

1292

00:54:18,220 --> 00:54:16,250

force it's just one big joke right but

1293

00:54:19,660 --> 00:54:18,230

is it really a joke you know I don't

1294

00:54:22,780 --> 00:54:19,670

think so man I think there's a reason

1295

00:54:25,060 --> 00:54:22,790

it's the it's it's the the same exact

1296

00:54:27,190 --> 00:54:25,070

example that we experienced in Roswell

1297

00:54:30,460 --> 00:54:27,200

like what you're saying is air force and

1298

00:54:34,150 --> 00:54:30,470

now now we're doing space force because

1299

00:54:36,760 --> 00:54:34,160

there needs to be another I guess

1300

00:54:40,000 --> 00:54:36,770

Department that's in space all the time

1301
00:54:42,910 --> 00:54:40,010
watching our backs right maybe I don't

1302
00:54:46,960 --> 00:54:42,920
know like I could go deep in on an on an

1303
00:54:49,030 --> 00:54:46,970
idea though I know already I want to

1304
00:54:51,490 --> 00:54:49,040
scare off any anybody that's just

1305
00:54:53,680 --> 00:54:51,500
listening to this you know like you

1306
00:54:56,260 --> 00:54:53,690
could go to weird uh-huh and kind of

1307
00:54:58,420 --> 00:54:56,270
turn some people off is there already a

1308
00:55:00,460 --> 00:54:58,430
space force that's been established and

1309
00:55:02,050 --> 00:55:00,470
it's been there for years and this is

1310
00:55:04,660 --> 00:55:02,060
just a way that they're gonna bring that

1311
00:55:06,820 --> 00:55:04,670
to light and make it public say okay now

1312
00:55:09,220 --> 00:55:06,830
we're starting up space force yeah so

1313
00:55:12,040 --> 00:55:09,230

over the next forty years the public

1314

00:55:13,390 --> 00:55:12,050

sees us creating a space force right

1315

00:55:15,370 --> 00:55:13,400

that's actually already been up there

1316

00:55:16,840 --> 00:55:15,380

yeah they're already established they're

1317

00:55:19,990 --> 00:55:16,850

already doing stuff they're already

1318

00:55:22,240 --> 00:55:20,000

meeting things right well the fact that

1319

00:55:24,730 --> 00:55:22,250

they made it public it and and that it

1320

00:55:29,050 --> 00:55:24,740

has also existed already for a long time

1321

00:55:30,550 --> 00:55:29,060

is is exactly how I think if if we were

1322

00:55:31,930 --> 00:55:30,560

to run the government that's how I would

1323

00:55:34,270 --> 00:55:31,940

do it because I don't want my enemies

1324

00:55:36,160 --> 00:55:34,280

knowing oh oh I'm gonna make a space for

1325

00:55:38,109 --> 00:55:36,170

us you want it that that that should

1326

00:55:39,490 --> 00:55:38,119

already be established and like we

1327

00:55:41,080 --> 00:55:39,500

already have a presence up there so

1328

00:55:44,050 --> 00:55:41,090

don't don't mess with anything we got

1329

00:55:45,310 --> 00:55:44,060

going on you know like Russia or not

1330

00:55:46,990 --> 00:55:45,320

saying that they're enemies but you know

1331

00:55:50,500 --> 00:55:47,000

other countries that we've been

1332

00:55:53,890 --> 00:55:50,510

technically you know not super super

1333

00:55:55,030 --> 00:55:53,900

against but in the past you know we we

1334

00:55:57,400 --> 00:55:55,040

don't really want other countries to

1335

00:56:00,550 --> 00:55:57,410

know about our technology or advance is

1336

00:56:03,760 --> 00:56:00,560

there anything I mean you could also say

1337

00:56:06,550 --> 00:56:03,770

that same thing about the question of

1338

00:56:08,760 --> 00:56:06,560

are these are some of these UFOs our

1339

00:56:11,760 --> 00:56:08,770

technology or are they

1340

00:56:13,490 --> 00:56:11,770

extra actually extraterrestrial you know

1341

00:56:16,230 --> 00:56:13,500

man

1342

00:56:19,230 --> 00:56:16,240

it's unfortunate but I would probably

1343

00:56:21,810 --> 00:56:19,240

say most the stuff we see probably his

1344

00:56:24,960 --> 00:56:21,820

arms dude I fully believe that it's

1345

00:56:30,510 --> 00:56:24,970

probably ours yeah and the stuff that on

1346

00:56:32,940 --> 00:56:30,520

occasion happens might be theirs but you

1347

00:56:35,190 --> 00:56:32,950

know it's probably ours - it's probably

1348

00:56:36,930 --> 00:56:35,200

ours - and that's kind of the it's a

1349

00:56:38,550 --> 00:56:36,940

rental maybe the bummer of it

1350

00:56:40,890 --> 00:56:38,560

a little is that maybe all the stuff

1351
00:56:43,500 --> 00:56:40,900
that we're seeing as hard but could be a

1352
00:56:45,210 --> 00:56:43,510
big bomber put up if the documents are

1353
00:56:47,610 --> 00:56:45,220
released and they're talking about the

1354
00:56:49,890 --> 00:56:47,620
the ships that we have now that have

1355
00:56:50,700 --> 00:56:49,900
been reverse-engineered where did that

1356
00:56:53,760 --> 00:56:50,710
come from

1357
00:56:55,860 --> 00:56:53,770
dude whether they're all ours now that's

1358
00:56:57,990 --> 00:56:55,870
flying up there where did the original

1359
00:56:59,970 --> 00:56:58,000
one come from right you had to reverse

1360
00:57:02,280 --> 00:56:59,980
engineer I don't you tell me the Germans

1361
00:57:05,190 --> 00:57:02,290
did it well that's what's gonna Simmons

1362
00:57:06,990 --> 00:57:05,200
get it from from okay so all right I'm

1363
00:57:09,030 --> 00:57:07,000

gonna I'm gonna go ahead and be get into

1364

00:57:11,460 --> 00:57:09,040

a weird subject because it's there's no

1365

00:57:14,750 --> 00:57:11,470

like proof behind this but go for it all

1366

00:57:17,940 --> 00:57:14,760

right so the Nazis as we both know they

1367

00:57:20,970 --> 00:57:17,950

they sought out not only just art but

1368

00:57:25,050 --> 00:57:20,980

technology they had the most you know

1369

00:57:27,510 --> 00:57:25,060

advanced scientific revolutionary things

1370

00:57:31,470 --> 00:57:27,520

at the time like they were creating

1371

00:57:34,020 --> 00:57:31,480

tanks and and you know planes that could

1372

00:57:36,330 --> 00:57:34,030

fly faster than ours like that but there

1373

00:57:39,300 --> 00:57:36,340

was also this wound of happen the

1374

00:57:45,720 --> 00:57:39,310

wounded Voucher zobelle what was it

1375

00:57:47,070 --> 00:57:45,730

called something Bell anyway so I'm

1376

00:57:51,030 --> 00:57:47,080

trying to look up this this person's

1377

00:57:53,420 --> 00:57:51,040

name that I got this from I think it's I

1378

00:57:58,770 --> 00:57:56,280

anyway I'll look it up later but so

1379

00:58:02,790 --> 00:57:58,780

there's there's this there is some proof

1380

00:58:05,490 --> 00:58:02,800

and documentation of this the section of

1381

00:58:07,670 --> 00:58:05,500

the Nazis that were really big into the

1382

00:58:11,040 --> 00:58:07,680

occult and they would do like these

1383

00:58:12,720 --> 00:58:11,050

ceremonies where they would contact well

1384

00:58:15,570 --> 00:58:12,730

they didn't know if it was a demon or an

1385

00:58:17,640 --> 00:58:15,580

alien race but they like recorded these

1386

00:58:19,800 --> 00:58:17,650

conversations in these contacts with

1387

00:58:21,380 --> 00:58:19,810

these aliens and apparently they had

1388

00:58:24,460 --> 00:58:21,390

made contact with

1389

00:58:26,720 --> 00:58:24,470

this you know extraterrestrial species

1390

00:58:30,050 --> 00:58:26,730

telepathically through this medium and

1391

00:58:31,970 --> 00:58:30,060

in one of these cult occult I mean they

1392

00:58:33,710 --> 00:58:31,980

not they just they didn't just have like

1393

00:58:35,270 --> 00:58:33,720

one seance or whatever you call it

1394

00:58:38,240 --> 00:58:35,280

something that they've been doing for a

1395

00:58:39,770 --> 00:58:38,250

long long time before before Nazi

1396

00:58:41,690 --> 00:58:39,780

Germany but right this has been a thing

1397

00:58:43,970 --> 00:58:41,700

but part of the like hidden secret in

1398

00:58:47,180 --> 00:58:43,980

like certain cultures that certain

1399

00:58:50,660 --> 00:58:47,190

people had knowledge about yeah so by

1400

00:58:52,970 --> 00:58:50,670

contacting the this this entity they may

1401
00:58:55,400 --> 00:58:52,980
they struck a deal with this entity and

1402
00:58:58,310 --> 00:58:55,410
well the story is like they traded

1403
00:59:01,760 --> 00:58:58,320
knowledge so that the aliens or the

1404
00:59:03,970 --> 00:59:01,770
entity gave them specific blueprints on

1405
00:59:07,700 --> 00:59:03,980
how to build these ships right

1406
00:59:09,470 --> 00:59:07,710
anti-gravity technology and in trade of

1407
00:59:13,070 --> 00:59:09,480
who know I don't know what they traded

1408
00:59:15,710 --> 00:59:13,080
it for though some people of things like

1409
00:59:18,680 --> 00:59:15,720
some accounts are saying that they

1410
00:59:21,440 --> 00:59:18,690
traded live humans like his stock like

1411
00:59:23,990 --> 00:59:21,450
his cattle basically yeah and they they

1412
00:59:26,840 --> 00:59:24,000
can feed off of their like fear or even

1413
00:59:28,820 --> 00:59:26,850

just like Edom right or whatever I don't

1414

00:59:29,690 --> 00:59:28,830

know so that's that's that's the weird

1415

00:59:31,700 --> 00:59:29,700

thing

1416

00:59:33,860 --> 00:59:31,710

well they say that you know President

1417

00:59:35,750 --> 00:59:33,870

Woodrow Woodrow Wilson met with the

1418

00:59:39,490 --> 00:59:35,760

extraterrestrials as well and they were

1419

00:59:43,220 --> 00:59:39,500

going to trade you know technology and

1420

00:59:45,920 --> 00:59:43,230

they ended up not reaching a deal but he

1421

00:59:48,860 --> 00:59:45,930

actually had almost that same exact

1422

00:59:51,440 --> 00:59:48,870

meeting for us yeah presidents have met

1423

00:59:54,140 --> 00:59:51,450

and traded technology for you know a

1424

00:59:54,800 --> 00:59:54,150

small amount of the population able to

1425

00:59:57,370 --> 00:59:54,810

be abducted

1426

00:59:59,420 --> 00:59:57,380

oh yeah turns out that the

1427

01:00:00,920 --> 00:59:59,430

extraterrestrials lied and the abducted

1428

01:00:03,010 --> 01:00:00,930

way more people than they were supposed

1429

01:00:06,470 --> 01:00:03,020

to but there's nothing we could do about

1430

01:00:09,050 --> 01:00:06,480

Bob get our technology through these

1431

01:00:11,600 --> 01:00:09,060

trays yeah you know and so that's where

1432

01:00:13,340 --> 01:00:11,610

we are now yeah but so maybe now we're

1433

01:00:14,660 --> 01:00:13,350

stuck in a situation to where maybe

1434

01:00:16,550 --> 01:00:14,670

they're here to trade again

1435

01:00:21,080 --> 01:00:16,560

but there's another we could do we can't

1436

01:00:23,690 --> 01:00:21,090

say no yeah how about you guys just stay

1437

01:00:25,760 --> 01:00:23,700

up there you know or you know there's

1438

01:00:29,590 --> 01:00:25,770

exactly right there's nothing that we

1439

01:00:33,110 --> 01:00:29,600

could do and and so on that kind of same

1440

01:00:34,790 --> 01:00:33,120

line of thinking if if you were an

1441

01:00:36,380 --> 01:00:34,800

entity that

1442

01:00:38,720 --> 01:00:36,390

all this power technology that you can

1443

01:00:41,060 --> 01:00:38,730

control I think we yeah we're still

1444

01:00:43,490 --> 01:00:41,070

recording it looked like it stopped so I

1445

01:00:46,790 --> 01:00:43,500

would have sucked off got to press

1446

01:00:48,200 --> 01:00:46,800

record no actually I am gonna stop it

1447

01:00:49,190 --> 01:00:48,210

really quick just so we can save it

1448

01:00:53,480 --> 01:00:49,200

because we've been going for a little

1449

01:00:56,930 --> 01:00:53,490

while okay so be right back I didn't

1450

01:01:00,440 --> 01:00:56,940

press stop alright we're back okay so

1451

01:01:02,930 --> 01:01:00,450

back to that whole concept of if if you

1452

01:01:04,120 --> 01:01:02,940

were a part of this you know entity cut

1453

01:01:07,490 --> 01:01:04,130

like putting yourself in their shoes

1454

01:01:09,680 --> 01:01:07,500

would and you really you needed the

1455

01:01:12,680 --> 01:01:09,690

human race to feed off of you would want

1456

01:01:14,270 --> 01:01:12,690

them to be you know like it's almost

1457

01:01:17,060 --> 01:01:14,280

like you don't want to totally

1458

01:01:19,610 --> 01:01:17,070

annihilate the race because you you need

1459

01:01:21,980 --> 01:01:19,620

oh you found a new food source or an

1460

01:01:24,080 --> 01:01:21,990

energy source maybe they maybe they feed

1461

01:01:25,940 --> 01:01:24,090

off of energy instead of physically

1462

01:01:29,360 --> 01:01:25,950

eating somebody but you know what I mean

1463

01:01:31,220 --> 01:01:29,370

like that would make sense right it's

1464

01:01:34,640 --> 01:01:31,230

almost like us with free-range chickens

1465

01:01:36,830 --> 01:01:34,650

you know right it's a but yeah I mean

1466

01:01:38,300 --> 01:01:36,840

it's essentially could be what we are

1467

01:01:39,350 --> 01:01:38,310

cuz we're talking about like there's

1468

01:01:41,210 --> 01:01:39,360

nothing we can do

1469

01:01:42,530 --> 01:01:41,220

so why haven't they just killed us all

1470

01:01:44,540 --> 01:01:42,540

yet well why haven't they killed us all

1471

01:01:46,730 --> 01:01:44,550

yet maybe they need us right maybe they

1472

01:01:49,520 --> 01:01:46,740

need us or you know I mean this kind of

1473

01:01:52,190 --> 01:01:49,530

goes into like there's different points

1474

01:01:55,460 --> 01:01:52,200

of views right you have you have one

1475

01:01:56,870 --> 01:01:55,470

point of view where they're you know we

1476

01:01:58,850 --> 01:01:56,880

don't want them to find out we're here

1477

01:02:01,160 --> 01:01:58,860

if they find out we're there that we're

1478

01:02:03,770 --> 01:02:01,170

here they might just kill us all it

1479

01:02:05,600 --> 01:02:03,780

might be like the Europeans discovering

1480

01:02:09,980 --> 01:02:05,610

America look what happened to the Native

1481

01:02:12,320 --> 01:02:09,990

Americans and this and that but I'm not

1482

01:02:14,630 --> 01:02:12,330

sure because if they've already been

1483

01:02:19,670 --> 01:02:14,640

here then why didn't they already just

1484

01:02:22,220 --> 01:02:19,680

wipe us out right yeah and also maybe

1485

01:02:24,740 --> 01:02:22,230

there are some that are here to help

1486

01:02:26,750 --> 01:02:24,750

maybe there are some here who are here

1487

01:02:29,000 --> 01:02:26,760

to harm and maybe there are some who

1488

01:02:30,530 --> 01:02:29,010

don't care you know just like us if we

1489

01:02:32,630 --> 01:02:30,540

were to go out in the jungle we wanted

1490

01:02:35,390 --> 01:02:32,640

to study the Bengal tiger right what we

1491

01:02:37,250 --> 01:02:35,400

do we go we take a tranquilizer dart we

1492

01:02:40,250 --> 01:02:37,260

shoot the tiger yeah put him in a box

1493

01:02:42,260 --> 01:02:40,260

take them back to the lab Tiger wakes up

1494

01:02:44,480 --> 01:02:42,270

it's like what the hell is this yeah we

1495

01:02:46,910 --> 01:02:44,490

do our experiments we pokum problem

1496

01:02:48,200 --> 01:02:46,920

biggest seaman if it was a new species

1497

01:02:50,359 --> 01:02:48,210

like a new

1498

01:02:51,349 --> 01:02:50,369

we found a new type of tiger exactly

1499

01:02:53,210 --> 01:02:51,359

that would be the first thing we would

1500

01:02:55,040 --> 01:02:53,220

do yeah we'd experiment we want to know

1501

01:02:57,560 --> 01:02:55,050

what it is and then we take it back to

1502

01:02:59,839 --> 01:02:57,570

the jungle when we open the cage and let

1503

01:03:01,790 --> 01:02:59,849

it run off and wake up like I don't

1504

01:03:04,070 --> 01:03:01,800

remember anything happened yeah exactly

1505

01:03:05,750 --> 01:03:04,080

remembers like flashes of I was on this

1506

01:03:07,040 --> 01:03:05,760

table and there's bright lights and

1507

01:03:08,660 --> 01:03:07,050

there's like yeah we'll polka me with

1508

01:03:12,500 --> 01:03:08,670

stuff it could be it they're they're not

1509

01:03:14,839 --> 01:03:12,510

they're not harmful at all maybe just

1510

01:03:16,910 --> 01:03:14,849

curious I just want to know and it's the

1511

01:03:20,200 --> 01:03:16,920

first time that anything has ever been

1512

01:03:22,730 --> 01:03:20,210

able to pick us up and experiment on us

1513

01:03:25,220 --> 01:03:22,740

when we didn't want to you know and

1514

01:03:27,530 --> 01:03:25,230

that's kind of intrusive it's a very

1515

01:03:30,770 --> 01:03:27,540

invasive thing to think about right but

1516

01:03:32,510 --> 01:03:30,780

we do it to every animal yeah planet so

1517

01:03:35,000 --> 01:03:32,520

either they want to go or not you know

1518

01:03:37,310 --> 01:03:35,010

but it's just to help us understand yeah

1519

01:03:39,410 --> 01:03:37,320

and in the long run we use this

1520

01:03:41,570 --> 01:03:39,420

information in science to then help

1521

01:03:43,930 --> 01:03:41,580

preserve a lot of these animals right

1522

01:03:45,140 --> 01:03:43,940

yeah it's further usually for their own

1523

01:03:47,780 --> 01:03:45,150

good

1524

01:03:49,660 --> 01:03:47,790

like a beaver or mane how could we want

1525

01:03:53,000 --> 01:03:49,670

to wear their skin

1526

01:03:54,440 --> 01:03:53,010

yeah oh why do we want to kill your

1527

01:03:56,960 --> 01:03:54,450

whole species cuz you're soft

1528

01:04:00,260 --> 01:03:56,970

cuz you're feel good against our skin I

1529

01:04:03,680 --> 01:04:00,270

want to walk on you I wanted to lay

1530

01:04:05,270 --> 01:04:03,690

naked on you in front of a fireplace so

1531

01:04:08,120 --> 01:04:05,280

maybe it could be something like that

1532

01:04:10,640 --> 01:04:08,130

you know but and and if if you say we're

1533

01:04:12,109 --> 01:04:10,650

you know we're we're in the government

1534

01:04:14,599 --> 01:04:12,119

or whatever we we decide whether or not

1535

01:04:16,609 --> 01:04:14,609

to tell the human race I I personally

1536

01:04:18,950 --> 01:04:16,619

might not because we I don't want people

1537

01:04:20,750 --> 01:04:18,960

to freak out you know and be live in

1538

01:04:23,060 --> 01:04:20,760

fear that there's literally nothing you

1539

01:04:25,040 --> 01:04:23,070

can do about it maybe that's why they

1540

01:04:27,800 --> 01:04:25,050

you know they as in the government has

1541

01:04:30,400 --> 01:04:27,810

held out on like publicly coming out

1542

01:04:35,180 --> 01:04:30,410

about this information you know maybe

1543

01:04:35,839 --> 01:04:35,190

and it'd be interesting to see what

1544

01:04:40,190 --> 01:04:35,849

would happen

1545

01:04:44,540 --> 01:04:40,200

mm-hmm because I think I would probably

1546

01:04:47,089 --> 01:04:44,550

tell everybody yeah because then you

1547

01:04:50,510 --> 01:04:47,099

could actually have some sort of you

1548

01:04:52,430 --> 01:04:50,520

know push of minds thinking about the

1549

01:04:54,859 --> 01:04:52,440

problem right you know I mean there's

1550

01:04:56,660 --> 01:04:54,869

nothing we can do about death and what

1551

01:04:58,609 --> 01:04:56,670

do we do you know we create religions

1552

01:05:00,320 --> 01:04:58,619

and and things like that well we're

1553

01:05:02,340 --> 01:05:00,330

gonna go and we have this idea of what's

1554

01:05:03,960 --> 01:05:02,350

gonna happen know that you do about

1555

01:05:07,410 --> 01:05:03,970

yeah what are you gonna do about you

1556

01:05:08,940 --> 01:05:07,420

know earthquakes or volcano is exploding

1557

01:05:10,860 --> 01:05:08,950

I mean there's nothing you can do about

1558

01:05:14,670 --> 01:05:10,870

that but people still live on Hawaii

1559

01:05:16,140 --> 01:05:14,680

yeah you know so yeah so what there's

1560

01:05:18,600 --> 01:05:16,150

aliens there's nothing we can do about

1561

01:05:20,940 --> 01:05:18,610

it but at least we could let people know

1562

01:05:22,950 --> 01:05:20,950

give them information so we can probably

1563

01:05:25,110 --> 01:05:22,960

prepare for it if something were to

1564

01:05:27,960 --> 01:05:25,120

happen yeah you know and that's kind of

1565

01:05:30,330 --> 01:05:27,970

my take on it is I would probably tell

1566

01:05:32,520 --> 01:05:30,340

people yeah I mean that's a good point

1567

01:05:34,320 --> 01:05:32,530

cuz like I feel like if you came out

1568

01:05:37,020 --> 01:05:34,330

with if you let everybody know it might

1569

01:05:39,630 --> 01:05:37,030

inspire people that normally would not

1570

01:05:43,020 --> 01:05:39,640

have wanted to solve this problem no

1571

01:05:44,700 --> 01:05:43,030

problem to to be inspired to get into

1572

01:05:47,250 --> 01:05:44,710

physics or science to like figure out a

1573

01:05:50,490 --> 01:05:47,260

way to exactly you know maybe it would

1574

01:05:51,950 --> 01:05:50,500

be a good thing huh like Reagan said

1575

01:05:53,880 --> 01:05:51,960

like what if there was an

1576

01:05:56,280 --> 01:05:53,890

extraterrestrial presence

1577

01:05:58,290 --> 01:05:56,290

how how quickly the world would put

1578

01:06:02,480 --> 01:05:58,300

aside its problem yeah I'm together I

1579

01:06:05,340 --> 01:06:02,490

mean yes wise wise words you know yeah

1580

01:06:07,850 --> 01:06:05,350

I'm gonna train for sure it could be

1581

01:06:12,270 --> 01:06:07,860

could be could be as simple as that but

1582

01:06:13,920 --> 01:06:12,280

it also could not be yeah I mean we

1583

01:06:15,750 --> 01:06:13,930

could we could easily hit that there's

1584

01:06:18,560 --> 01:06:15,760

another topic on here that it's kind of

1585

01:06:23,490 --> 01:06:18,570

we're kind of segwaying into is this

1586

01:06:25,350 --> 01:06:23,500

like why why the if we if we're

1587

01:06:27,150 --> 01:06:25,360

government does know about all this

1588

01:06:30,060 --> 01:06:27,160

technology we have this technology like

1589

01:06:33,090 --> 01:06:30,070

anti-gravity technology and zero-point

1590

01:06:35,190 --> 01:06:33,100

energy how the reason why we it's not

1591

01:06:36,870 --> 01:06:35,200

available to the public is probably

1592

01:06:40,170 --> 01:06:36,880

there's probably a good reason behind it

1593

01:06:41,730 --> 01:06:40,180

and my thought is like the reason we

1594

01:06:44,760 --> 01:06:41,740

don't have it is because our economy is

1595

01:06:48,450 --> 01:06:44,770

built off of really the the root of it

1596

01:06:51,900 --> 01:06:48,460

is energy is is like oil yeah natural

1597

01:06:54,470 --> 01:06:51,910

gas is nuclear power plants right like

1598

01:06:56,430 --> 01:06:54,480

we need electricity now like we're

1599

01:06:57,990 --> 01:06:56,440

there's not a lot of people still alive

1600

01:07:00,000 --> 01:06:58,000

that didn't grow up without electricity

1601

01:07:01,920 --> 01:07:00,010

or I don't know if I said that right but

1602

01:07:04,170 --> 01:07:01,930

you know what I mean so if you take that

1603

01:07:05,850 --> 01:07:04,180

away you take that you take that part

1604

01:07:07,590 --> 01:07:05,860

out of the economy then it just I feel

1605

01:07:09,630 --> 01:07:07,600

like you just take the legs out of a

1606

01:07:13,140 --> 01:07:09,640

building you know the take the stilts

1607

01:07:15,510 --> 01:07:13,150

out of a it would definitely be a

1608

01:07:16,710 --> 01:07:15,520

transitional period yeah yeah

1609

01:07:19,740 --> 01:07:16,720

there would definitely be a transitional

1610

01:07:21,960 --> 01:07:19,750

period for sure I mean how you know they

1611

01:07:25,410 --> 01:07:21,970

employ a lot of people they employ a lot

1612

01:07:28,860 --> 01:07:25,420

of people and how you know if you if it

1613

01:07:32,190 --> 01:07:28,870

takes you know 500 power stations now

1614

01:07:35,070 --> 01:07:32,200

and then you have this technology that

1615

01:07:38,160 --> 01:07:35,080

take 500 stations and turn it into 3

1616

01:07:40,440 --> 01:07:38,170

stations that are producing energy or

1617

01:07:44,490 --> 01:07:40,450

all those people gonna do yeah you know

1618

01:07:47,000 --> 01:07:44,500

so I mean yeah just imagine a world

1619

01:07:49,560 --> 01:07:47,010

where every household has this like

1620

01:07:51,090 --> 01:07:49,570

one-inch box that you have in your attic

1621

01:07:54,960 --> 01:07:51,100

and that's where your electricity comes

1622

01:07:57,630 --> 01:07:54,970

from it's like there's a guy who created

1623

01:07:59,550 --> 01:07:57,640

a Japanese guy and he created this thing

1624

01:08:05,100 --> 01:07:59,560

is called the Bloom Box okay and it's

1625

01:08:07,710 --> 01:08:05,110

basically uh these uh these little

1626

01:08:10,200 --> 01:08:07,720

plates oh the carbon really it's small

1627

01:08:12,450 --> 01:08:10,210

carbon thin carbon plates like little

1628

01:08:14,820 --> 01:08:12,460

carbon plates any he painted algae on

1629

01:08:17,940 --> 01:08:14,830

one side huh for to absorb the energy

1630

01:08:20,340 --> 01:08:17,950

and use photosynthesis and it runs off

1631

01:08:22,050 --> 01:08:20,350

of the air blowing through it Oh creates

1632

01:08:23,250 --> 01:08:22,060

energy that's different than that what I

1633

01:08:25,349 --> 01:08:23,260

thought you're gonna say do you haven't

1634

01:08:27,750 --> 01:08:25,359

heard about that he says one box can

1635

01:08:29,940 --> 01:08:27,760

power five Japanese homes or ten

1636

01:08:33,240 --> 01:08:29,950

Japanese homes and it's it's literally

1637

01:08:34,829 --> 01:08:33,250

just blow air through yeah yeah it's air

1638

01:08:36,450 --> 01:08:34,839

blows through it and it generates his

1639

01:08:38,550 --> 01:08:36,460

energy and then I guess you hook it up

1640

01:08:42,090 --> 01:08:38,560

to your house or something it's like

1641

01:08:45,450 --> 01:08:42,100

like a capacitor and oh yeah so I

1642

01:08:47,400 --> 01:08:45,460

believe it was either UPS or FedEx they

1643

01:08:49,680 --> 01:08:47,410

got some large ones made and they like

1644

01:08:51,269 --> 01:08:49,690

they cut their energy bill by like two

1645

01:08:53,220 --> 01:08:51,279

hundred and fifty percent or something

1646

01:08:55,110 --> 01:08:53,230

like that and they have you know solar

1647

01:08:56,940 --> 01:08:55,120

panels that just line the tops of the

1648

01:08:58,079 --> 01:08:56,950

buildings right and they're so they're

1649

01:08:59,670 --> 01:08:58,089

you know they're obviously making a

1650

01:09:02,130 --> 01:08:59,680

switch but they use this bloom box that

1651
01:09:04,050 --> 01:09:02,140
steel-cut the energy like wow it's crazy

1652
01:09:06,329 --> 01:09:04,060
that's good so he said it takes one to

1653
01:09:08,700 --> 01:09:06,339
power like use their five or ten

1654
01:09:15,420 --> 01:09:08,710
Japanese homes and they would take one

1655
01:09:17,640 --> 01:09:15,430
or two to power one u.s. home yeah we

1656
01:09:19,620 --> 01:09:17,650
use so much you still turn the light off

1657
01:09:21,750 --> 01:09:19,630
in the bathroom and you're right right

1658
01:09:27,090 --> 01:09:21,760
keep some lights off but yeah I mean

1659
01:09:28,650 --> 01:09:27,100
there's all kinds of things you know the

1660
01:09:31,050 --> 01:09:28,660
original the original for

1661
01:09:34,140 --> 01:09:31,060
car was an electric car yeah before it

1662
01:09:36,330 --> 01:09:34,150
became steam power majors in oil the

1663
01:09:38,460 --> 01:09:36,340

body was made at him yeah

1664

01:09:41,130 --> 01:09:38,470

so we've already had this I've already

1665

01:09:44,100 --> 01:09:41,140

had it you know but it wasn't making

1666

01:09:46,560 --> 01:09:44,110

people any money man kind of what it

1667

01:09:49,170 --> 01:09:46,570

comes down to is is the money and then

1668

01:09:52,860 --> 01:09:49,180

just people working if you were able to

1669

01:09:55,620 --> 01:09:52,870

somehow transition into a production

1670

01:09:58,680 --> 01:09:55,630

based society as opposed to a consumer

1671

01:10:01,620 --> 01:09:58,690

based society you know that may be a

1672

01:10:03,390 --> 01:10:01,630

route that you could go there's a cool

1673

01:10:05,880 --> 01:10:03,400

episode of the Orville I don't know if

1674

01:10:07,440 --> 01:10:05,890

you watch the show yeah I got renewed

1675

01:10:09,570 --> 01:10:07,450

for another season yeah yeah yeah I know

1676
01:10:14,660 --> 01:10:09,580
I'm pretty excited about but they talked

1677
01:10:19,590 --> 01:10:14,670
about how your reputation is currency

1678
01:10:21,540 --> 01:10:19,600
and basically like huh better the kind

1679
01:10:23,250 --> 01:10:21,550
of like the better and more helpful of a

1680
01:10:25,860 --> 01:10:23,260
person you are that's kind of your

1681
01:10:28,170 --> 01:10:25,870
currency on the ship because you have

1682
01:10:29,730 --> 01:10:28,180
all these these replicators so anything

1683
01:10:31,710 --> 01:10:29,740
they want they just go up to that little

1684
01:10:34,380 --> 01:10:31,720
box and they make it yeah you know it's

1685
01:10:36,150 --> 01:10:34,390
it's designed to make it for all

1686
01:10:38,040 --> 01:10:36,160
different species that are aboard the

1687
01:10:41,540 --> 01:10:38,050
ship all right you want a beer you want

1688
01:10:47,370 --> 01:10:41,550

something some food you need a shirt

1689

01:10:51,080 --> 01:10:47,380

he's got this replica Easy's just go to

1690

01:10:54,150 --> 01:10:51,090

this replica I'm kind of like moon shoes

1691

01:10:55,740 --> 01:10:54,160

just like the insoles of a shoe no it's

1692

01:10:58,320 --> 01:10:55,750

not even like a shoe it's just like they

1693

01:10:59,880 --> 01:10:58,330

took like a scuba boot and took that

1694

01:11:03,420 --> 01:10:59,890

padding out of the inside and that's

1695

01:11:07,710 --> 01:11:03,430

what easy is they get more and more

1696

01:11:09,690 --> 01:11:07,720

ridiculous but yeah man so you know if

1697

01:11:10,850 --> 01:11:09,700

there's a technology where that could

1698

01:11:12,840 --> 01:11:10,860

actually happen

1699

01:11:14,910 --> 01:11:12,850

there's definitely be a transitional

1700

01:11:16,920 --> 01:11:14,920

period on people who can get those types

1701

01:11:19,500 --> 01:11:16,930

of things but eventually we'd all have a

1702

01:11:21,360 --> 01:11:19,510

replicator in our house so you wouldn't

1703

01:11:23,190 --> 01:11:21,370

need the money to go to Walmart to buy

1704

01:11:26,390 --> 01:11:23,200

the thing you could just push the button

1705

01:11:29,520 --> 01:11:26,400

on your wall right like oh my you know I

1706

01:11:31,830 --> 01:11:29,530

don't know hdmi cords or like not a

1707

01:11:33,750 --> 01:11:31,840

thing anymore but you know if you know

1708

01:11:34,860 --> 01:11:33,760

it's just crazy how fast technology is

1709

01:11:37,500 --> 01:11:34,870

moving to where things that were

1710

01:11:39,450 --> 01:11:37,510

completely relevant last week a couple

1711

01:11:41,820 --> 01:11:39,460

months ago or completely yeah you know

1712

01:11:42,910 --> 01:11:41,830

not a thing anymore but you know you

1713

01:11:44,770 --> 01:11:42,920

need a new microphone

1714

01:11:47,290 --> 01:11:44,780

to record you just go to the replicator

1715

01:11:50,140 --> 01:11:47,300

you make your microphone damn so what do

1716

01:11:52,960 --> 01:11:50,150

you need it for I mean so kind of going

1717

01:11:55,450 --> 01:11:52,970

on that is like what if do you think

1718

01:11:57,130 --> 01:11:55,460

it's possible that you know we okay say

1719

01:11:59,380 --> 01:11:57,140

we have had this technology say we do

1720

01:12:01,900 --> 01:11:59,390

have replicators like we know how to

1721

01:12:04,330 --> 01:12:01,910

make that [h__h] and we've been we've

1722

01:12:06,910 --> 01:12:04,340

known about that for a long time we also

1723

01:12:10,500 --> 01:12:06,920

started this like just this total

1724

01:12:14,290 --> 01:12:10,510

scenario we started this community

1725

01:12:15,940 --> 01:12:14,300

underground undisclosed location and we

1726

01:12:19,390 --> 01:12:15,950

just wanted to run a test to see what

1727

01:12:21,100 --> 01:12:19,400

how that economy would work so we did

1728

01:12:23,620 --> 01:12:21,110

give him the zero-point energy we did

1729

01:12:27,460 --> 01:12:23,630

give him the replicators the free food

1730

01:12:28,930 --> 01:12:27,470

and you know and just to run a test with

1731

01:12:30,670 --> 01:12:28,940

like a small community maybe like a

1732

01:12:34,990 --> 01:12:30,680

thousand people right just to see what

1733

01:12:37,900 --> 01:12:35,000

would happen you know it was crazy but

1734

01:12:39,910 --> 01:12:37,910

it also it's a possibility it's probably

1735

01:12:41,980 --> 01:12:39,920

what the government military are doing

1736

01:12:43,930 --> 01:12:41,990

like yeah you'll work for us so you live

1737

01:12:46,390 --> 01:12:43,940

in this base and while you're working

1738

01:12:48,640 --> 01:12:46,400

for them doing the work they're secretly

1739

01:12:54,820 --> 01:12:48,650

using you as Lab Rats observing you

1740

01:12:56,860 --> 01:12:54,830

living in this yeah you know we already

1741

01:12:58,540 --> 01:12:56,870

have this technology it's down here like

1742

01:13:00,640 --> 01:12:58,550

let's let these people use them and see

1743

01:13:03,520 --> 01:13:00,650

how they work over the you know next 15

1744

01:13:04,750 --> 01:13:03,530

years right and like what but so I'd be

1745

01:13:06,040 --> 01:13:04,760

curious to like see what their

1746

01:13:07,960 --> 01:13:06,050

day-to-day would be like what are they

1747

01:13:09,700 --> 01:13:07,970

working on like what what do they

1748

01:13:11,560 --> 01:13:09,710

contribute you know that's the I think

1749

01:13:15,400 --> 01:13:11,570

that's the gap that I'm I'm missing

1750

01:13:21,190 --> 01:13:15,410

illogically is I think it's separated

1751

01:13:24,790 --> 01:13:21,200

you know if you to your clearance you

1752

01:13:26,770 --> 01:13:24,800

know like so some people like clean like

1753

01:13:31,150 --> 01:13:26,780

take out the trash take take take for

1754

01:13:33,280 --> 01:13:31,160

example like you have a 28 stories down

1755

01:13:36,250 --> 01:13:33,290

right you may have clearance for the

1756

01:13:38,440 --> 01:13:36,260

first five floors right but you can't go

1757

01:13:40,420 --> 01:13:38,450

any lower so whatever your business is

1758

01:13:42,490 --> 01:13:40,430

is dealing with those first five floors

1759

01:13:44,560 --> 01:13:42,500

and you have made people you may have

1760

01:13:47,710 --> 01:13:44,570

people who have clearance to the 28th

1761

01:13:50,230 --> 01:13:47,720

floor but you never come up yeah that's

1762

01:13:51,700 --> 01:13:50,240

it that's where you live well you know

1763

01:13:53,590 --> 01:13:51,710

what I'm saying so even though you may

1764

01:13:55,480 --> 01:13:53,600

work in the same building some people

1765

01:13:55,960 --> 01:13:55,490

may never leave dude that may just be

1766

01:13:59,110 --> 01:13:55,970

where

1767

01:14:02,770 --> 01:13:59,120

they live now yeah because the [h__h] down

1768

01:14:05,910 --> 01:14:02,780

there is stuff they will not let get out

1769

01:14:09,010 --> 01:14:05,920

right that is extremely top-secret and

1770

01:14:12,130 --> 01:14:09,020

nobody's gonna know ya ever no matter

1771

01:14:14,950 --> 01:14:12,140

how hard we dig even when we do find out

1772

01:14:16,000 --> 01:14:14,960

everything we still probably won't know

1773

01:14:17,560 --> 01:14:16,010

what they were doing

1774

01:14:19,150 --> 01:14:17,570

there's no way dude there would be no

1775

01:14:21,040 --> 01:14:19,160

way but you know probably lock down so

1776

01:14:24,430 --> 01:14:21,050

we don't get that information from you

1777

01:14:26,440 --> 01:14:24,440

know floor 15 and up yeah you know but

1778

01:14:28,060 --> 01:14:26,450

that those bottom floors you're not

1779

01:14:30,760 --> 01:14:28,070

gonna you're not gonna get that stuff

1780

01:14:33,070 --> 01:14:30,770

that's you know yeah you may be a

1781

01:14:35,080 --> 01:14:33,080

janitor you may be working in in these

1782

01:14:39,550 --> 01:14:35,090

buildings you may see some crazy stuff

1783

01:14:41,350 --> 01:14:39,560

you know but you know if somebody tells

1784

01:14:44,890 --> 01:14:41,360

you hey you're gonna work here but you

1785

01:14:46,270 --> 01:14:44,900

open your mouth I know you do a lot of

1786

01:14:47,860 --> 01:14:46,280

traveling it'd be a shame if something

1787

01:14:50,260 --> 01:14:47,870

happen to you oh I know what I'm saying

1788

01:14:52,540 --> 01:14:50,270

like dude would you like would you would

1789

01:14:53,740 --> 01:14:52,550

you risk it you know I'm saying like oh

1790

01:14:56,170 --> 01:14:53,750

man would you risk it

1791

01:14:59,200 --> 01:14:56,180

you guys trying to go home and have a

1792

01:15:00,670 --> 01:14:59,210

steak and go to bed so you can wake up

1793

01:15:02,830 --> 01:15:00,680

and come back to work the next day

1794

01:15:05,560 --> 01:15:02,840

nobody's trying to get you know shoved

1795

01:15:07,810 --> 01:15:05,570

off a cliff yeah you know I really like

1796

01:15:09,700 --> 01:15:07,820

the rest of their family mm-hmm yeah

1797

01:15:11,620 --> 01:15:09,710

where you come home and somebody

1798

01:15:13,870 --> 01:15:11,630

planning nice and pills and the cereal

1799

01:15:17,080 --> 01:15:13,880

and you know your kids and stuff you

1800

01:15:20,230 --> 01:15:17,090

know yeah it'd be terrible nice isn't it

1801

01:15:25,290 --> 01:15:20,240

risin risin yeah nice all my kids are

1802

01:15:29,770 --> 01:15:27,760

damn I want to find this I can I'm

1803

01:15:32,620 --> 01:15:29,780

trying to look for this author that was

1804

01:15:35,080 --> 01:15:32,630

on the Joe Rogan podcast she I'm not

1805

01:15:37,930 --> 01:15:35,090

gonna find it what did she write on so

1806

01:15:40,330 --> 01:15:37,940

she's written a bunch of books and one

1807

01:15:42,850 --> 01:15:40,340

of them there's I think there's only

1808

01:15:49,210 --> 01:15:42,860

like one chapter dedicated to this but

1809

01:15:52,240 --> 01:15:49,220

it's it's one of the the titles is shoot

1810

01:15:53,470 --> 01:15:52,250

kill vanish or something like that man a

1811

01:15:56,560 --> 01:15:53,480

terrible memory

1812

01:15:58,900 --> 01:15:56,570

anyway she wrote about the Roswell crash

1813

01:16:02,830 --> 01:15:58,910

and I'm getting to this lower level type

1814

01:16:05,050 --> 01:16:02,840

thing this will be a circle so she's

1815

01:16:08,050 --> 01:16:05,060

writing about Roswell and she's

1816

01:16:08,589 --> 01:16:08,060

explaining that her source told her that

1817

01:16:15,189 --> 01:16:08,599

the

1818

01:16:16,660 --> 01:16:15,199

sorry that was Russian but we also have

1819

01:16:21,280 --> 01:16:16,670

that technology but what the Russians

1820

01:16:24,640 --> 01:16:21,290

did was they they needed to stage some

1821

01:16:26,379 --> 01:16:24,650

type of event I don't know for what

1822

01:16:28,000 --> 01:16:26,389

reason I'd have to listen back to the

1823

01:16:30,879 --> 01:16:28,010

podcast but the interesting thing that

1824

01:16:33,310 --> 01:16:30,889

that she said was that there were bodies

1825

01:16:35,080 --> 01:16:33,320

that they found and they did they were

1826

01:16:37,390 --> 01:16:35,090

like children they didn't look human but

1827

01:16:39,430 --> 01:16:37,400

but that her source told her that there

1828

01:16:43,830 --> 01:16:39,440

is a secret underground base somewhere

1829

01:16:46,930 --> 01:16:43,840

in an America that basically grows

1830

01:16:49,750 --> 01:16:46,940

autistic kids and like test tubes and

1831

01:16:53,350 --> 01:16:49,760

then genetically alters like their eyes

1832

01:16:55,600 --> 01:16:53,360

and their mouths and like biologically

1833

01:16:58,780 --> 01:16:55,610

you know in those test tubes like in

1834

01:17:03,010 --> 01:16:58,790

chimera stuff what what's that it's like

1835

01:17:05,050 --> 01:17:03,020

a it's like a tube test tube grown thing

1836

01:17:07,089 --> 01:17:05,060

yeah we were like mixed with animals if

1837

01:17:09,399 --> 01:17:07,099

that's what that is you know regular

1838

01:17:11,800 --> 01:17:09,409

people they're just being modified you

1839

01:17:14,260 --> 01:17:11,810

know yeah so she yeah she mentioned that

1840

01:17:17,379 --> 01:17:14,270

some of them like their DNA was mixed

1841

01:17:19,270 --> 01:17:17,389

with a bat or something or like axolotl

1842

01:17:20,770 --> 01:17:19,280

so there's like regeneration properties

1843

01:17:22,839 --> 01:17:20,780

too like if you lose a finger you can

1844

01:17:24,790 --> 01:17:22,849

grow back if she didn't like go into

1845

01:17:25,899 --> 01:17:24,800

full detail about it she was like we'll

1846

01:17:27,459 --> 01:17:25,909

read the book read the book read the

1847

01:17:28,720 --> 01:17:27,469

book she really wouldn't go into it so

1848

01:17:29,950 --> 01:17:28,730

I'm interested I kind of want to read

1849

01:17:31,689 --> 01:17:29,960

the book yeah

1850

01:17:33,939 --> 01:17:31,699

but yeah I thought that I've never

1851

01:17:36,180 --> 01:17:33,949

thought about that because but it sounds

1852

01:17:39,270 --> 01:17:36,190

plausible right like to take something

1853

01:17:42,310 --> 01:17:39,280

something that was grown that it is

1854

01:17:44,470 --> 01:17:42,320

mostly human but you know when you see

1855

01:17:46,419 --> 01:17:44,480

in a you know a person with these

1856

01:17:49,629 --> 01:17:46,429

diseases like they look a little

1857

01:17:51,160 --> 01:17:49,639

different and I don't know it just

1858

01:17:52,990 --> 01:17:51,170

sounds really [h__h] up yeah absolutely

1859

01:17:54,700 --> 01:17:53,000

it's definitely I mean they they're

1860

01:17:57,640 --> 01:17:54,710

growing babies of test tubes right now

1861

01:18:02,919 --> 01:17:57,650

but yeah like it's it's definitely

1862

01:18:04,300 --> 01:18:02,929

definitely a thing it's gotta be a lot

1863

01:18:06,030 --> 01:18:04,310

of people were there like that's crazy

1864

01:18:09,669 --> 01:18:06,040

nobody's gonna grow baby in a test tube

1865

01:18:19,030 --> 01:18:09,679

yeah dude yes yeah they are yeah they

1866

01:18:20,770 --> 01:18:19,040

are they're going to I mean there's get

1867

01:18:22,149 --> 01:18:20,780

pretty crazy I mean there's some there's

1868

01:18:24,890 --> 01:18:22,159

some

1869

01:18:27,620 --> 01:18:24,900

science isn't always pretty yeah you

1870

01:18:30,250 --> 01:18:27,630

know we know that just from history

1871

01:18:32,660 --> 01:18:30,260

alone science isn't always pretty but

1872

01:18:35,090 --> 01:18:32,670

there's some things that we found out

1873

01:18:37,010 --> 01:18:35,100

you know I mean you take you know you

1874

01:18:39,050 --> 01:18:37,020

take Hitler and the gas chamber so you

1875

01:18:41,450 --> 01:18:39,060

know this is a pretty touchy subject but

1876

01:18:44,209 --> 01:18:41,460

there's a lot of medical advancements

1877

01:18:47,180 --> 01:18:44,219

that were made out of those experiments

1878

01:18:49,510 --> 01:18:47,190

and stuff and you know by no means am i

1879

01:18:51,169 --> 01:18:49,520

trying to make light of that situation

1880

01:18:54,229 --> 01:18:51,179

terrible right

1881

01:18:57,160 --> 01:18:54,239

[h__h] that guy right obviously but there

1882

01:19:00,080 --> 01:18:57,170

are things that came out of that that

1883

01:19:02,300 --> 01:19:00,090

benefited you know the medical industry

1884

01:19:04,669 --> 01:19:02,310

and you know humans as a whole yeah

1885

01:19:07,490 --> 01:19:04,679

discoveries that were made and you know

1886

01:19:10,399 --> 01:19:07,500

if they got this secret lab underground

1887

01:19:13,640 --> 01:19:10,409

where they're mixing DNA you know with

1888

01:19:15,979 --> 01:19:13,650

people I mean they can do it you know it

1889

01:19:20,140 --> 01:19:15,989

is a thing it's not a myth yeah it's not

1890

01:19:22,010 --> 01:19:20,150

some sort of conspiracy theory somewhere

1891

01:19:24,500 --> 01:19:22,020

somebody's doing something like that

1892

01:19:26,060 --> 01:19:24,510

yeah look the question is like what for

1893

01:19:28,700 --> 01:19:26,070

what what's the purpose are they gonna

1894

01:19:31,520 --> 01:19:28,710

like slowly put in our water supply some

1895

01:19:33,590 --> 01:19:31,530

you know genetically altering substance

1896

01:19:34,700 --> 01:19:33,600

that's gonna make us live longer like I

1897

01:19:37,520 --> 01:19:34,710

don't think they would give it to the

1898

01:19:40,430 --> 01:19:37,530

public like that because like maybe

1899

01:19:44,060 --> 01:19:40,440

maybe they're only doing those those

1900

01:19:46,220 --> 01:19:44,070

experiments to benefit like you know the

1901

01:19:48,350 --> 01:19:46,230

1% or the people that actually run our

1902

01:19:50,570 --> 01:19:48,360

government and you know right higher up

1903

01:19:52,660 --> 01:19:50,580

people that no one will ever know their

1904

01:19:55,010 --> 01:19:52,670

names like the blood transfusions

1905

01:19:59,330 --> 01:19:55,020

usually with like young people blood and

1906

01:20:01,700 --> 01:19:59,340

stuff that's real younger vampire Alex

1907

01:20:07,270 --> 01:20:01,710

Jones Blackhawk helicopters vampires

1908

01:20:14,720 --> 01:20:09,530

they're coming they're here the real

1909

01:20:18,080 --> 01:20:14,730

people I'm telling ya no mass media you

1910

01:20:20,990 --> 01:20:18,090

know it's going crazy that guy says some

1911

01:20:22,520 --> 01:20:21,000

crazy [h__\h] yeah he's not completely off

1912

01:20:24,590 --> 01:20:22,530

the rock that's the thing about Alex

1913

01:20:26,660 --> 01:20:24,600

Jones if he has been a write about a lot

1914

01:20:29,959 --> 01:20:26,670

of [h__h] he also says some really weird

1915

01:20:31,910 --> 01:20:29,969

[h__h] that I mean it's crazy dude and we

1916

01:20:33,860 --> 01:20:31,920

can say it's crazy and that's how

1917

01:20:34,820 --> 01:20:33,870

everybody should be yeah he said some

1918

01:20:38,840 --> 01:20:34,830

crazy [h__h] pretty

1919

01:20:40,940 --> 01:20:38,850

also said some pretty honest things yeah

1920

01:20:41,600 --> 01:20:40,950

he's been right about quite a few things

1921

01:20:44,510 --> 01:20:41,610

yeah

1922

01:20:49,400 --> 01:20:44,520

so you know I mean did you see how he

1923

01:20:51,260 --> 01:20:49,410

just got totally I guess like just

1924

01:20:53,960 --> 01:20:51,270

dropped from all social media yeah all

1925

01:20:56,480 --> 01:20:53,970

from us and everything I think it's from

1926

01:21:02,180 --> 01:20:56,490

the Sandy Hook thing right yeah probably

1927

01:21:04,070 --> 01:21:02,190

probably which it's I think I think he

1928

01:21:08,410 --> 01:21:04,080

pushed it a little too hard he pushed it

1929

01:21:10,910 --> 01:21:08,420

a little too hard but dude I mean yeah

1930

01:21:12,950 --> 01:21:10,920

if your private company you have every

1931

01:21:16,970 --> 01:21:12,960

right to take somebody off your platform

1932

01:21:20,120 --> 01:21:16,980

that you don't want on there but at the

1933

01:21:24,260 --> 01:21:20,130

same time it's like if I had a platform

1934

01:21:26,540 --> 01:21:24,270

I wouldn't be silencing that speech for

1935

01:21:28,970 --> 01:21:26,550

me anybody like if anything I think it

1936

01:21:31,940 --> 01:21:28,980

makes it easier for us to determine who

1937

01:21:34,130 --> 01:21:31,950

we're not going to hang out with see

1938

01:21:36,830 --> 01:21:34,140

some crazy [h__h] I hear it's like I'm not

1939

01:21:38,330 --> 01:21:36,840

gonna hang out obviously a quack we all

1940

01:21:42,170 --> 01:21:38,340

know to stay away from this person just

1941

01:21:44,750 --> 01:21:42,180

don't listen to but if you silencing nut

1942

01:21:47,150 --> 01:21:44,760

bags and they have no outlet and they

1943

01:21:48,620 --> 01:21:47,160

start creating this underground movement

1944

01:21:50,660 --> 01:21:48,630

that just boils over and all of a sudden

1945

01:21:52,760 --> 01:21:50,670

really wait where the hell did all these

1946

01:21:54,290 --> 01:21:52,770

crazy people come from yeah well they

1947

01:21:56,240 --> 01:21:54,300

were trying to say something and you

1948

01:21:57,860 --> 01:21:56,250

pissed them all off so now we're in this

1949

01:21:59,510 --> 01:21:57,870

predicament yeah you shouldn't just let

1950

01:22:01,280 --> 01:21:59,520

them say crazy [h__h] let the public

1951

01:22:04,790 --> 01:22:01,290

decide yeah he's crazy

1952

01:22:07,250 --> 01:22:04,800

right you know but I mean the thing is

1953

01:22:09,530 --> 01:22:07,260

that most people who like hate Alex

1954

01:22:10,910 --> 01:22:09,540

Jones but never listen to him yeah well

1955

01:22:13,430 --> 01:22:10,920

they heard is like one or two bad things

1956

01:22:15,890 --> 01:22:13,440

yeah I know out of context out of

1957

01:22:16,280 --> 01:22:15,900

context and they made the decision you

1958

01:22:23,870 --> 01:22:16,290

know

1959

01:22:25,730 --> 01:22:23,880

people are gonna say stupid [h__h] all the

1960

01:22:27,440 --> 01:22:25,740

time yeah I'm gonna say a bunch of dumb

1961

01:22:29,720 --> 01:22:27,450

things oh I've already said some dumb

1962

01:22:31,760 --> 01:22:29,730

[h__h] already yeah but I mean it's it's

1963

01:22:33,440 --> 01:22:31,770

it's just one of the things man you

1964

01:22:36,530 --> 01:22:33,450

either you you're either for it or not

1965

01:22:38,210 --> 01:22:36,540

I'm I'm just one of those like no matter

1966

01:22:42,140 --> 01:22:38,220

what you have to say you should be able

1967

01:22:44,150 --> 01:22:42,150

to say it and then you as a person have

1968

01:22:46,010 --> 01:22:44,160

you know

1969

01:22:48,800 --> 01:22:46,020

you have the common sense to listen or

1970

01:22:50,060 --> 01:22:48,810

not listen ya will vote with your you

1971

01:22:51,860 --> 01:22:50,070

know yeah

1972

01:22:53,750 --> 01:22:51,870

vote with your you know how like they

1973

01:22:55,220 --> 01:22:53,760

say vote with your dollar just vote just

1974

01:22:57,470 --> 01:22:55,230

don't listen to ya like if you think you

1975

01:22:59,210 --> 01:22:57,480

hear that product listen to him

1976

01:23:02,870 --> 01:22:59,220

ya don't I think I think it was because

1977

01:23:04,580 --> 01:23:02,880

he was like attacking this specific

1978

01:23:06,800 --> 01:23:04,590

family that he kept saying that were

1979

01:23:08,810 --> 01:23:06,810

fake I think that's what the deal was so

1980

01:23:10,970 --> 01:23:08,820

he he was outright attacking this person

1981

01:23:12,830 --> 01:23:10,980

like yeah publicly so that then you're

1982

01:23:17,480 --> 01:23:12,840

giving you're causing harm to somebody

1983

01:23:20,270 --> 01:23:17,490

then it needs a check it was that uh it

1984

01:23:22,340 --> 01:23:20,280

was one of those photos though were the

1985

01:23:25,370 --> 01:23:22,350

same person had been at like three

1986

01:23:26,870 --> 01:23:25,380

different shootings oh and that's what I

1987

01:23:29,420 --> 01:23:26,880

think that's what he was picking out was

1988

01:23:32,150 --> 01:23:29,430

that like hey this this photo looks

1989

01:23:33,710 --> 01:23:32,160

extremely similar to these other two or

1990

01:23:36,350 --> 01:23:33,720

three photos that were taken at other

1991

01:23:39,440 --> 01:23:36,360

other shootings yeah why is that person

1992

01:23:40,880 --> 01:23:39,450

in every single photo oh that's that's

1993

01:23:43,610 --> 01:23:40,890

what it was so it's weird

1994

01:23:45,320 --> 01:23:43,620

so people were like oh that's a red flag

1995

01:23:46,910 --> 01:23:45,330

event so that's one of those false

1996

01:23:48,410 --> 01:23:46,920

things were like somebody made that [h__h]

1997

01:23:51,680 --> 01:23:48,420

up and it just so happened to be that

1998

01:23:54,200 --> 01:23:51,690

this lady was at that that she's that

1999

01:23:55,850 --> 01:23:54,210

shooting I guess and they had like

2000

01:23:58,310 --> 01:23:55,860

questioned it like what is this like

2001

01:24:00,290 --> 01:23:58,320

could this be a false flag event you

2002

01:24:02,090 --> 01:24:00,300

know this lady's here she's there she's

2003

01:24:04,190 --> 01:24:02,100

got this other one and people were like

2004

01:24:13,190 --> 01:24:04,200

oh yeah they were like do that's [\h__\h]

2005

01:24:17,450 --> 01:24:13,200

up your lack of it yeah yeah I feel like

2006

01:24:18,830 --> 01:24:17,460

let's do a little outro cuz we can we

2007

01:24:20,510 --> 01:24:18,840

can kind of pick up on it if you're

2008

01:24:23,000 --> 01:24:20,520

still down a yeah totally up a couple

2009

01:24:25,700 --> 01:24:23,010

cut I think 30 minutes is is good we'll

2010

01:24:27,230 --> 01:24:25,710

start there and if you know if we get on

2011

01:24:28,810 --> 01:24:27,240

a subject that lasts longer than

2012

01:24:31,340 --> 01:24:28,820

whatever but I think 30 minutes is

2013

01:24:33,110 --> 01:24:31,350

roughly 30 minutes and you guys can tell

2014

01:24:35,750 --> 01:24:33,120

us - do you feel like listeners jabber

2015

01:24:37,580 --> 01:24:35,760

on for longer than 30 minutes or 30

2016

01:24:39,500 --> 01:24:37,590

minutes good enough for y'all yeah we're

2017

01:24:42,820 --> 01:24:39,510

also gonna have a patreon set up you're

2018

01:24:45,740 --> 01:24:42,830

pretty soon so you'll be able to access

2019

01:24:48,020 --> 01:24:45,750

content on there if you want to hear the

2020

01:24:50,600 --> 01:24:48,030

longer podcasts we'll probably be

2021

01:24:52,880 --> 01:24:50,610

putting some of that stuff up we're also

2022

01:24:55,100 --> 01:24:52,890

gonna be going to the International UFO

2023

01:24:57,260 --> 01:24:55,110

Congress in September me and Ben are

2024

01:24:59,209 --> 01:24:57,270

gonna be flying out to Phoenix

2025

01:25:01,490 --> 01:24:59,219

we're gonna be checking out some alien

2026

01:25:03,620 --> 01:25:01,500

UFO stuff that's gonna be so so we're

2027

01:25:05,450 --> 01:25:03,630

gonna be uh we're gonna be out there

2028

01:25:07,970 --> 01:25:05,460

taking some pictures shooting some video

2029

01:25:10,100 --> 01:25:07,980

so if you guys want to access that that

2030

01:25:11,060 --> 01:25:10,110

content it'll probably be up there but

2031

01:25:11,840 --> 01:25:11,070

like I said that won't be until

2032

01:25:14,360 --> 01:25:11,850

September

2033

01:25:16,280 --> 01:25:14,370

there will be more content that's put up

2034

01:25:19,280 --> 01:25:16,290

before then I'm sure we got a lot of

2035

01:25:22,130 --> 01:25:19,290

stuff in the works so you guys just kind

2036

01:25:25,280 --> 01:25:22,140

of stay tuned for what we got going on

2037

01:25:26,870 --> 01:25:25,290

but yeah I think we'll we'll call it

2038

01:25:28,040 --> 01:25:26,880

quits on this one brother yeah we'll

2039

01:25:28,760 --> 01:25:28,050

pick it up you know we'll pick it up

2040

01:25:29,990 --> 01:25:28,770

next
