

UFO
GARAGE
PODCAST

1
00:00:00,000 --> 00:00:04,300

[Music]

2
00:00:19,990 --> 00:00:10,129
so three Episode three just want to do

3
00:00:25,420 --> 00:00:22,060
what's up ladies and gentlemen

4
00:00:30,620 --> 00:00:25,430
extraterrestrials this is the UFO garage

5
00:00:34,910 --> 00:00:30,630
episode three all things UFO alien and

6
00:00:38,510 --> 00:00:34,920
weird I'm Ben and I'm Joe and this is

7
00:00:41,600 --> 00:00:38,520
five so three I was fine yeah let's keep

8
00:00:45,080 --> 00:00:41,610
it we'll get better at it

9
00:00:47,569 --> 00:00:45,090
we'll get better so here we are man

10
00:00:50,420 --> 00:00:47,579
number three number three this has been

11
00:00:53,540 --> 00:00:50,430
a fun day so we've just been knocking

12
00:00:56,180 --> 00:00:53,550
out these podcasts it's it's been pretty

13
00:00:57,439 --> 00:00:56,190

fast it has been we've got a lot of we

14

00:01:02,240 --> 00:00:57,449

got a lot of content we just made a

15

00:01:04,060 --> 00:01:02,250

Facebook page set up our patreon we got

16

00:01:06,350 --> 00:01:04,070

a we get to we got to put together a

17

00:01:09,280 --> 00:01:06,360

Instagram so that when we go to UFO

18

00:01:11,359 --> 00:01:09,290

Congress we can post a bunch of cool

19

00:01:17,660 --> 00:01:11,369

photos videos and things

20

00:01:20,660 --> 00:01:17,670

yeah dude the ball is rolling motion see

21

00:01:24,380 --> 00:01:20,670

ya man man I'm looking over there and

22

00:01:26,649 --> 00:01:24,390

I'm seeing the name I'm seeing the name

23

00:01:30,920 --> 00:01:26,659

Steven Greer yeah dude

24

00:01:33,920 --> 00:01:30,930

so that little body that he found out in

25

00:01:37,760 --> 00:01:33,930

the Ana comedy s that's crazy what do

26

00:01:41,780 --> 00:01:37,770

you think of anything okay so it

27

00:01:43,880 --> 00:01:41,790

obviously doesn't it doesn't look like a

28

00:01:46,340 --> 00:01:43,890

human right they're like oh but there's

29

00:01:48,370 --> 00:01:46,350

all kinds of you know genetic anomalies

30

00:01:51,590 --> 00:01:48,380

that can happen I can't keep people from

31

00:01:55,670 --> 00:01:51,600

growing you know there's still infants

32

00:01:58,850 --> 00:01:55,680

but even if it was an infant it would be

33

00:02:01,100 --> 00:01:58,860

the size of your hand yeah what what

34

00:02:02,719 --> 00:02:01,110

kind of I mean I know that there's like

35

00:02:05,330 --> 00:02:02,729

you know preemie babies that are born

36

00:02:07,550 --> 00:02:05,340

and things like that but but they say

37

00:02:09,740 --> 00:02:07,560

that the bone structure on this thing

38

00:02:11,240 --> 00:02:09,750

it's it's like 11 years yeah so there's

39

00:02:12,570 --> 00:02:11,250

supposed to be like a child it's like a

40

00:02:14,790 --> 00:02:12,580

child density

41

00:02:16,680 --> 00:02:14,800

yeah and well also the proportions from

42

00:02:18,450 --> 00:02:16,690

his head to hit the rest of his body if

43

00:02:20,790 --> 00:02:18,460

you look if you look at like I actually

44

00:02:21,660 --> 00:02:20,800

looked this up like what an infant like

45

00:02:23,580 --> 00:02:21,670

a preemie

46

00:02:26,280 --> 00:02:23,590

you know skull and body looks like in

47

00:02:28,890 --> 00:02:26,290

this role is way larger really than the

48

00:02:31,740 --> 00:02:28,900

head and at all stages like it does not

49

00:02:34,680 --> 00:02:31,750

look like a human dude it it really also

50

00:02:36,720 --> 00:02:34,690

is it a missing some ribs yeah yeah yeah

51
00:02:41,270 --> 00:02:36,730
who's missing a couple ribs yeah they

52
00:02:44,910 --> 00:02:41,280
they did the DNA sequence and they saw a

53
00:02:47,160 --> 00:02:44,920
lot of human stuff but then there's a

54
00:02:50,730 --> 00:02:47,170
lot of extra stuff that they would call

55
00:02:52,560 --> 00:02:50,740
garbage that they just throw away but I

56
00:02:54,600 --> 00:02:52,570
want to know what that garbage is dude

57
00:02:56,460 --> 00:02:54,610
is it really garbage are you just

58
00:02:58,620 --> 00:02:56,470
telling us up well it's human because

59
00:03:01,950 --> 00:02:58,630
it's obviously got these human traits

60
00:03:04,080 --> 00:03:01,960
but what's the other stuff yeah is that

61
00:03:07,380 --> 00:03:04,090
I want to know too I mean I wonder if

62
00:03:07,920 --> 00:03:07,390
our genetic code it has some garbage in

63
00:03:10,680 --> 00:03:07,930

it too

64

00:03:13,560 --> 00:03:10,690

oh absolutely we all have garbage in our

65

00:03:15,300 --> 00:03:13,570

in our code right so when they go and

66

00:03:17,280 --> 00:03:15,310

they sift through and they're looking

67

00:03:19,530 --> 00:03:17,290

for something specific you know they

68

00:03:21,720 --> 00:03:19,540

find it and the rest of it that they

69

00:03:26,010 --> 00:03:21,730

sift through is what they consider to be

70

00:03:28,350 --> 00:03:26,020

the garbage yeah but if you see the

71

00:03:30,479 --> 00:03:28,360

picture if any of you guys haven't seen

72

00:03:34,440 --> 00:03:30,489

that picture you could probably what

73

00:03:39,590 --> 00:03:34,450

Google is Steven Greer and a comma

74

00:03:42,960 --> 00:03:39,600

desert alien or an a Commodore you know

75

00:03:45,660 --> 00:03:42,970

mummy being or something you might find

76

00:03:47,880 --> 00:03:45,670

a lot more crazy things but maybe link

77

00:03:49,680 --> 00:03:47,890

the word Steven Greer to it and yeah I

78

00:03:51,930 --> 00:03:49,690

just typed in mind Steven Greer alien

79

00:03:55,650 --> 00:03:51,940

skull yeah you just go to images right

80

00:03:57,890 --> 00:03:55,660

and yeah there you go dude add a comma

81

00:04:01,260 --> 00:03:57,900

yeah yeah tell me that looks like a

82

00:04:03,540 --> 00:04:01,270

preemie baby I don't think so man like

83

00:04:05,960 --> 00:04:03,550

it has like does that look like teeth to

84

00:04:09,920 --> 00:04:05,970

you I don't know what that is

85

00:04:12,600 --> 00:04:09,930

there's no idea it's got this like sharp

86

00:04:16,289 --> 00:04:12,610

protrusion and then like uh-huh half of

87

00:04:18,990 --> 00:04:16,299

the skull there's like a like a a Ridge

88

00:04:21,479 --> 00:04:19,000

going to the sides of the skull to you

89

00:04:23,040 --> 00:04:21,489

right right I mean this looks like if so

90

00:04:25,860 --> 00:04:23,050

number one remember that when that

91

00:04:26,740 --> 00:04:25,870

documentary came out I thought because

92

00:04:28,720 --> 00:04:26,750

there was no referee

93

00:04:31,540 --> 00:04:28,730

- how big that skull was and they had

94

00:04:33,640 --> 00:04:31,550

shown a little bit of it in the trailer

95

00:04:35,170 --> 00:04:33,650

so there was no reference to how big it

96

00:04:38,260 --> 00:04:35,180

was so I thought this was like human

97

00:04:41,500 --> 00:04:38,270

size yeah so I guess just figure like I

98

00:04:42,970 --> 00:04:41,510

guess like think about what is that is

99

00:04:44,440 --> 00:04:42,980

that a ruler they're holding up to it

100

00:04:47,440 --> 00:04:44,450

right there oh yeah what is that little

101
00:04:55,630 --> 00:04:47,450
ruler super tiny it's like three inches

102
00:04:58,240 --> 00:04:55,640
long maybe yes eight ten centimeters ten

103
00:05:00,040 --> 00:04:58,250
centimeters so those of you who aren't

104
00:05:04,210 --> 00:05:00,050
from America you know exactly how big

105
00:05:06,550 --> 00:05:04,220
that is yeah like how America was like

106
00:05:12,010 --> 00:05:06,560
you know what [h__h] it we're gonna make

107
00:05:13,210 --> 00:05:12,020
our own [h__h] yes yeah do you think but

108
00:05:17,080 --> 00:05:13,220
that's insane

109
00:05:20,020 --> 00:05:17,090
so funny funny story so Emory Smith

110
00:05:22,540 --> 00:05:20,030
who's also on cosmic disclosure is the

111
00:05:24,280 --> 00:05:22,550
guy in that documentary that's taking a

112
00:05:26,110 --> 00:05:24,290
sample out of this little this little

113
00:05:29,400 --> 00:05:26,120

guy uh-huh so he's been connected to

114

00:05:34,330 --> 00:05:29,410

this thing for a really long time right

115

00:05:35,710 --> 00:05:34,340

he has like this resin mold of it that

116

00:05:37,570 --> 00:05:35,720

he carries around I guess that's cool

117

00:05:39,969 --> 00:05:37,580

whenever he goes to speak at events or

118

00:05:42,640 --> 00:05:39,979

whatever but it's is so tiny dude it's

119

00:05:43,540 --> 00:05:42,650

this tiny little thing and like a

120

00:05:46,210 --> 00:05:43,550

keychain

121

00:05:48,790 --> 00:05:46,220

yeah like accessory yeah it's like wills

122

00:05:51,640 --> 00:05:48,800

Halloween keychain those skeleton key

123

00:05:53,560 --> 00:05:51,650

yeah dude I mean this thing looks so

124

00:05:54,850 --> 00:05:53,570

weird man like it even looks like it has

125

00:05:58,080 --> 00:05:54,860

lips you know uh-huh

126

00:06:02,050 --> 00:05:58,090

and a little nasal cavity there yeah but

127

00:06:04,450 --> 00:06:02,060

the when you show that to people it

128

00:06:07,930 --> 00:06:04,460

blows my mind how some people can

129

00:06:11,650 --> 00:06:07,940

immediately just do that so it's a G for

130

00:06:14,050 --> 00:06:11,660

baby yeah but half how do you how do you

131

00:06:17,409 --> 00:06:14,060

know that yeah I mean obviously how do

132

00:06:20,860 --> 00:06:17,419

we know it's not right obviously but at

133

00:06:23,680 --> 00:06:20,870

first glance people they say it's just a

134

00:06:26,350 --> 00:06:23,690

D for baby doesn't make any sense

135

00:06:28,900 --> 00:06:26,360

I don't understand that and you look at

136

00:06:32,590 --> 00:06:28,910

the skull and you know we have evidence

137

00:06:34,300 --> 00:06:32,600

of head binding where you know ancient

138

00:06:36,550 --> 00:06:34,310

cultures would bind the skull to

139

00:06:38,680 --> 00:06:36,560

elongate them right some people you know

140

00:06:39,370 --> 00:06:38,690

say what they want to look like their

141

00:06:39,910 --> 00:06:39,380

gods

142

00:06:42,900 --> 00:06:39,920

yeah this

143

00:06:45,430 --> 00:06:42,910

that but so in everybody's skull I've

144

00:06:47,350 --> 00:06:45,440

forget the technical term but you know

145

00:06:49,180 --> 00:06:47,360

you have the little cracks in the skull

146

00:06:51,490 --> 00:06:49,190

and they all fuse together yeah to

147

00:06:54,250 --> 00:06:51,500

create your skull right there's been

148

00:06:56,650 --> 00:06:54,260

skulls that have been found that are

149

00:06:59,260 --> 00:06:56,660

elongated that don't have those ridges

150

00:07:01,090 --> 00:06:59,270

yeah yeah right with with this so

151

00:07:03,010 --> 00:07:01,100

there's no signs of the skull being

152

00:07:06,340 --> 00:07:03,020

fused together so it's all one it's all

153

00:07:08,320 --> 00:07:06,350

one piece yeah right and so it's they

154

00:07:11,670 --> 00:07:08,330

look a little different than binded

155

00:07:15,190 --> 00:07:11,680

skulls but there is obviously between

156

00:07:16,720 --> 00:07:15,200

binded schools and then the the long

157

00:07:17,590 --> 00:07:16,730

skulls of the claim to be aliens they're

158

00:07:20,410 --> 00:07:17,600

totally different

159

00:07:22,090 --> 00:07:20,420

yes there's the ones that are binded or

160

00:07:24,280 --> 00:07:22,100

like there's there's obviously you could

161

00:07:27,070 --> 00:07:24,290

see the divot where the rope or whatever

162

00:07:28,360 --> 00:07:27,080

was used to bind it uh-huh so and it

163

00:07:30,310 --> 00:07:28,370

also looks like it's running out of

164

00:07:32,350 --> 00:07:30,320

material like at the end so it's like

165

00:07:34,060 --> 00:07:32,360

kind of pointy whereas these other ones

166

00:07:36,130 --> 00:07:34,070

they're like perfectly round but it's

167

00:07:38,770 --> 00:07:36,140

literally stretched out smooth on the

168

00:07:40,480 --> 00:07:38,780

top yeah yeah I want to know I mean can

169

00:07:42,370 --> 00:07:40,490

there be genetic testing on those things

170

00:07:44,050 --> 00:07:42,380

have it has that been done I'm sure is

171

00:07:45,840 --> 00:07:44,060

the same thing they probably tested it

172

00:07:50,170 --> 00:07:45,850

but if you go back to the theory that

173

00:07:52,930 --> 00:07:50,180

we've been you know 52 times

174

00:07:55,210 --> 00:07:52,940

yeah if we've been altered 52 times with

175

00:07:57,730 --> 00:07:55,220

some of their DNA of course we're gonna

176
00:08:00,370 --> 00:07:57,740
have some matching DNA yeah you know

177
00:08:03,190 --> 00:08:00,380
we've got the the you know the double

178
00:08:06,070 --> 00:08:03,200
helix the two strands of DNA some people

179
00:08:08,050 --> 00:08:06,080
say that these guys have three and so

180
00:08:10,510 --> 00:08:08,060
have we you know so there's multiple

181
00:08:13,300 --> 00:08:10,520
strands and we just have this second

182
00:08:16,150 --> 00:08:13,310
strand maybe if we can unlock a piece of

183
00:08:18,190 --> 00:08:16,160
that DNA yeah that will be the next step

184
00:08:21,040 --> 00:08:18,200
you know maybe this is an evolution

185
00:08:23,560 --> 00:08:21,050
where we actually gain another strand of

186
00:08:26,320 --> 00:08:23,570
DNA that's just another part of the

187
00:08:29,140 --> 00:08:26,330
puzzle well I haven't heard about that

188
00:08:33,610 --> 00:08:29,150

yeah Reese trans yeah three three four

189

00:08:35,950 --> 00:08:33,620

strands yeah and it's you know that that

190

00:08:38,290 --> 00:08:35,960

image you know is all over the place

191

00:08:40,300 --> 00:08:38,300

like even in the medical industry you

192

00:08:42,370 --> 00:08:40,310

know the staff with the two snakes

193

00:08:44,740 --> 00:08:42,380

wrapped around it uh-huh you know it's

194

00:08:47,830 --> 00:08:44,750

it's it's meaning goes all the way back

195

00:08:50,170 --> 00:08:47,840

to ancient times yeah and I wonder I

196

00:08:52,000 --> 00:08:50,180

wonder too is like do they know what

197

00:08:52,560 --> 00:08:52,010

they're looking for - when you say they

198

00:08:55,499 --> 00:08:52,570

have like

199

00:08:56,879 --> 00:08:55,509

they find garbage DNA right what if they

200

00:08:58,710 --> 00:08:56,889

just don't know what they're looking at

201
00:08:59,999 --> 00:08:58,720
exactly exactly like look at this beat

202
00:09:02,310 --> 00:09:00,009
and I wonder if there's some

203
00:09:03,629 --> 00:09:02,320
similarities between like if you tested

204
00:09:06,210 --> 00:09:03,639
a couple different things that were

205
00:09:08,249 --> 00:09:06,220
weird if you went in and said all right

206
00:09:10,230 --> 00:09:08,259
well here's here's some similarities

207
00:09:13,590 --> 00:09:10,240
between the this garbage and then okay

208
00:09:15,780 --> 00:09:13,600
well now this is a known thing like what

209
00:09:18,300 --> 00:09:15,790
now we know what to look for at that

210
00:09:21,629 --> 00:09:18,310
point I would logically say all right

211
00:09:22,949 --> 00:09:21,639
well if if you tested a regular human

212
00:09:24,480 --> 00:09:22,959
being right now and they don't have any

213
00:09:27,360 --> 00:09:24,490

of that garbage and he tested all these

214

00:09:30,600 --> 00:09:27,370

weird things and they have this garbage

215

00:09:32,220 --> 00:09:30,610

: unquote garbage DNA but it they're all

216

00:09:37,710 --> 00:09:32,230

similar to towards each other like they

217

00:09:42,319 --> 00:09:37,720

have similar repetitive you know DNA

218

00:09:44,819 --> 00:09:42,329

then that's obviously like a new a new

219

00:09:47,970 --> 00:09:44,829

sequence you would think you think I'm

220

00:09:50,579 --> 00:09:47,980

but I mean you know DNA has been

221

00:09:52,499 --> 00:09:50,589

sequenced millions of times by this

222

00:09:55,559 --> 00:09:52,509

point you would think somebody would

223

00:09:57,689 --> 00:09:55,569

have taken the time today yeah let's

224

00:10:01,199 --> 00:09:57,699

take a look at this garbage DNA or

225

00:10:03,269 --> 00:10:01,209

whatever it is again I have no idea yeah

226

00:10:06,120 --> 00:10:03,279

maybe either incomplete strands maybe

227

00:10:09,000 --> 00:10:06,130

they're like on you know strands are

228

00:10:11,610 --> 00:10:09,010

activated maybe they're just mutations

229

00:10:12,750 --> 00:10:11,620

in the Strand you know there's loads of

230

00:10:15,420 --> 00:10:12,760

that stuff in our DNA

231

00:10:18,629 --> 00:10:15,430

yeah so it very well could just be

232

00:10:20,400 --> 00:10:18,639

garbage DNA yeah but I mean this thing

233

00:10:22,470 --> 00:10:20,410

it didn't even have the right amount of

234

00:10:24,750 --> 00:10:22,480

fingers right I had you had different

235

00:10:27,360 --> 00:10:24,760

amounts of fingers in question all kinds

236

00:10:30,360 --> 00:10:27,370

of stuff I I feel like I just got kind

237

00:10:31,740 --> 00:10:30,370

of blown over pretty fast you brushed

238

00:10:35,639 --> 00:10:31,750

under the table for sure

239

00:10:40,319 --> 00:10:35,649

yeah like googling can't get a good

240

00:10:43,379 --> 00:10:40,329

google and google it Steven Greer alien

241

00:10:45,900 --> 00:10:43,389

skull or Atacama Desert and in school

242

00:10:48,210 --> 00:10:45,910

like guys you'll see it it looks it

243

00:10:50,819 --> 00:10:48,220

looks crazy

244

00:10:52,650 --> 00:10:50,829

another one oh I kind of wanted to add

245

00:10:54,290 --> 00:10:52,660

this real quick so there's a I guess

246

00:10:57,509 --> 00:10:54,300

there's this scientist working on

247

00:11:02,400 --> 00:10:57,519

embedding information into like DNA

248

00:11:04,679 --> 00:11:02,410

right so like like information is as in

249

00:11:06,350 --> 00:11:04,689

like a memory card and saying that if

250

00:11:09,679 --> 00:11:06,360

they're able to unlock it

251

00:11:13,609 --> 00:11:09,689

it would be the equivalent to having

252

00:11:14,960 --> 00:11:13,619

like a million supercomputers yeah yeah

253

00:11:16,910 --> 00:11:14,970

that's probably the word wrong

254

00:11:19,340 --> 00:11:16,920

terminology but like it'd be like having

255

00:11:21,499 --> 00:11:19,350

a quantum computer in your head yeah but

256

00:11:24,879 --> 00:11:21,509

like that's how much memory it can store

257

00:11:26,929 --> 00:11:24,889

like in DNA like it's it there yeah the

258

00:11:30,289 --> 00:11:26,939

possibilities are there's a lot of room

259

00:11:32,749 --> 00:11:30,299

in there that's a room and not all of it

260

00:11:35,179 --> 00:11:32,759

is active that's a crazy part what

261

00:11:37,429 --> 00:11:35,189

happens when we activate that man how do

262

00:11:38,900 --> 00:11:37,439

you activate it is just something

263

00:11:43,189 --> 00:11:38,910

through time is it something you have to

264

00:11:46,129 --> 00:11:43,199

learn in order for that part of the DNA

265

00:11:49,249 --> 00:11:46,139

to finally turn on and say oh whether

266

00:11:51,590 --> 00:11:49,259

it's been a an outside effect that's

267

00:11:54,350 --> 00:11:51,600

happening to you that now I can turn on

268

00:11:56,329 --> 00:11:54,360

do I mean what if it's what if it's like

269

00:11:57,590 --> 00:11:56,339

as our solar system is moving through

270

00:12:01,489 --> 00:11:57,600

the galaxy

271

00:12:04,249 --> 00:12:01,499

maybe we enter this you know portion of

272

00:12:06,019 --> 00:12:04,259

the galaxy that has some different

273

00:12:08,840 --> 00:12:06,029

energy I mean this is something that

274

00:12:10,939 --> 00:12:08,850

Corey Goode talks about - it's like he's

275

00:12:13,819 --> 00:12:10,949

he says like we're moving into this new

276

00:12:15,079 --> 00:12:13,829

energy field in the galaxy and maybe

277

00:12:17,419 --> 00:12:15,089

that's what's all that

278

00:12:19,189 --> 00:12:17,429

maybe that's what alters DNA is just

279

00:12:21,619 --> 00:12:19,199

like something we don't even we can't

280

00:12:23,389 --> 00:12:21,629

even fathom what is yet cuz we don't

281

00:12:24,979 --> 00:12:23,399

know anything about yeah we haven't

282

00:12:27,289 --> 00:12:24,989

encountered won't know until we know it

283

00:12:29,210 --> 00:12:27,299

exactly until it's too late and it's

284

00:12:32,419 --> 00:12:29,220

already happening to us then we can

285

00:12:37,879 --> 00:12:32,429

start to say let's figure this out yeah

286

00:12:39,799 --> 00:12:37,889

yeah well uh what was the there's a few

287

00:12:41,840 --> 00:12:39,809

alien bodies found in like some mining

288

00:12:42,949 --> 00:12:41,850

tunnels or something in South America I

289

00:12:44,900 --> 00:12:42,959

was like three of them right and they

290

00:12:47,210 --> 00:12:44,910

had like three fingers yeah do you know

291

00:12:49,429 --> 00:12:47,220

do you can you recall what what those

292

00:12:54,249 --> 00:12:49,439

were for don't have the specifics on

293

00:12:59,210 --> 00:12:54,259

them I think it was in Peru yeah yeah

294

00:13:01,369 --> 00:12:59,220

because this was in Chile no yes they're

295

00:13:05,059 --> 00:13:01,379

like mummy I just googled Nazca they've

296

00:13:08,749 --> 00:13:05,069

got those extremely long three fingers

297

00:13:11,150 --> 00:13:08,759

yeah three toes and they're like mummy

298

00:13:14,030 --> 00:13:11,160

they look like they look like cast like

299

00:13:16,689 --> 00:13:14,040

yeah I made did you those big eyes with

300

00:13:19,009 --> 00:13:16,699

the little tiny slit in there uh-huh

301

00:13:19,820 --> 00:13:19,019

yeah it's it's that's crazy

302

00:13:21,260 --> 00:13:19,830

no can do

303

00:13:23,330 --> 00:13:21,270

have you heard anything on these guys

304

00:13:25,850 --> 00:13:23,340

like I've heard a little bit away no

305

00:13:28,400 --> 00:13:25,860

people have you know come out and said

306

00:13:33,140 --> 00:13:28,410

look what we found and they're like oh

307

00:13:34,970 --> 00:13:33,150

there's just uh somebody had a had you

308

00:13:38,000 --> 00:13:34,980

know something wrong with them they were

309

00:13:40,640 --> 00:13:38,010

sick that's always the excuse I want

310

00:13:42,380 --> 00:13:40,650

gasps yeah it's no I they were sick or

311

00:13:44,870 --> 00:13:42,390

they had some kind of crazy disease that

312

00:13:48,190 --> 00:13:44,880

only happens once every billion years

313

00:13:51,050 --> 00:13:48,200

that's always the excuse you hear oh

314

00:13:52,820 --> 00:13:51,060

look how small they are - Wow they look

315

00:13:55,910 --> 00:13:52,830

like they were bigger than that they

316

00:13:58,300 --> 00:13:55,920

look like et from the movie huh they do

317

00:14:00,830 --> 00:13:58,310

that's crazy though tiny they are

318

00:14:03,350 --> 00:14:00,840

yeah the skulls are completely different

319

00:14:05,210 --> 00:14:03,360

they only got three toes three fingers

320

00:14:08,150 --> 00:14:05,220

look at that dead alien baby and

321

00:14:10,550 --> 00:14:08,160

pregnant mother found inside what what

322

00:14:12,890 --> 00:14:10,560

is it like an egg - there's like eggs

323

00:14:14,420 --> 00:14:12,900

three little eggs in there all right no

324

00:14:17,450 --> 00:14:14,430

man I'm clicking on that what do you

325

00:14:20,030 --> 00:14:17,460

what did you google to get here nazca

326

00:14:21,190 --> 00:14:20,040

aliens nazca aliens guys google that and

327

00:14:23,630 --> 00:14:21,200

check that out

328

00:14:25,900 --> 00:14:23,640

exclusive dead alien baby and pregnant

329

00:14:29,720 --> 00:14:25,910

mother found inside tomb in Peru

330

00:14:32,420 --> 00:14:29,730

Wow yeah I want to know what happened to

331

00:14:34,070 --> 00:14:32,430

those guys yeah that's pretty crazy

332

00:14:36,500 --> 00:14:34,080

I mean their feet don't look like

333

00:14:38,690 --> 00:14:36,510

they're they don't look like they'd be

334

00:14:41,480 --> 00:14:38,700

very comfortable to walk on I don't know

335

00:14:44,630 --> 00:14:41,490

if it yeah I mean those toes are really

336

00:14:47,270 --> 00:14:44,640

long I don't know man

337

00:14:48,950 --> 00:14:47,280

I mean it may not be hard walking around

338

00:14:52,250 --> 00:14:48,960

in a spaceship that way though oh yeah

339

00:14:56,140 --> 00:14:52,260

do you just float oh that one looks

340

00:15:01,460 --> 00:14:56,150

looking at this other hand alien hand

341

00:15:03,500 --> 00:15:01,470

proof of aliens oh my god that was a lot

342

00:15:05,630 --> 00:15:03,510

did you hear that was loud so I guess it

343

00:15:07,280 --> 00:15:05,640

doesn't record it only we can hear it

344

00:15:11,270 --> 00:15:07,290

cuz it's coming out from the monitor and

345

00:15:12,830 --> 00:15:11,280

uh look at that hand dude that's not

346

00:15:16,550 --> 00:15:12,840

like a sculpture or anything it doesn't

347

00:15:17,570 --> 00:15:16,560

look like no no that looks biological if

348

00:15:19,070 --> 00:15:17,580

you guys want to see what we're talking

349

00:15:22,430 --> 00:15:19,080

about we'll post a picture of it on

350

00:15:25,160 --> 00:15:22,440

Facebook you guys can go check it out no

351

00:15:26,540 --> 00:15:25,170

we'll post a picture of that and a

352

00:15:29,360 --> 00:15:26,550

common desert yeah

353

00:15:30,019 --> 00:15:29,370

a little mummy guy too but I mean they

354

00:15:32,750 --> 00:15:30,029

look weird

355

00:15:35,840 --> 00:15:32,760

mommy dude and for four people just to

356

00:15:38,210 --> 00:15:35,850

kind of blow that off like they just had

357

00:15:40,639 --> 00:15:38,220

some kind of you know they were they had

358

00:15:43,160 --> 00:15:40,649

a disease they were sick [\h__\h] that and

359

00:15:46,250 --> 00:15:43,170

then we just move on like no what was

360

00:15:48,260 --> 00:15:46,260

that what is it look at those guys do

361

00:15:51,110 --> 00:15:48,270

they're all three in a row we're posting

362

00:15:54,110 --> 00:15:51,120

pictures of this yeah it's probably

363

00:16:01,100 --> 00:15:54,120

driving on nuts right now okay see look

364

00:16:05,510 --> 00:16:01,110

at it it's got three fingers those Nazca

365

00:16:06,860 --> 00:16:05,520

lines I mean those are incredible all on

366

00:16:09,440 --> 00:16:06,870

their own yeah they were meant for

367

00:16:11,690 --> 00:16:09,450

somebody above yeah like floating or

368

00:16:13,160 --> 00:16:11,700

flying above looking down cuz you can't

369

00:16:14,180 --> 00:16:13,170

appreciate them from the ground you

370

00:16:16,250 --> 00:16:14,190

don't even know what you're looking at

371

00:16:18,620 --> 00:16:16,260

oh I know I know and then to be able to

372

00:16:21,350 --> 00:16:18,630

make it like look how symmetrical that

373

00:16:27,949 --> 00:16:21,360

spider is yeah the spider is super I

374

00:16:30,170 --> 00:16:27,959

mean it's got that yeah the adele was

375

00:16:33,530 --> 00:16:30,180

not meant for humans to appreciate that

376

00:16:36,680 --> 00:16:33,540

wasn't for like somebody flying over and

377

00:16:38,870 --> 00:16:36,690

they're saying hey yeah look look what

378

00:16:40,610 --> 00:16:38,880

we can do I mean those people obviously

379

00:16:42,650 --> 00:16:40,620

they didn't have internet so they were

380

00:16:44,660 --> 00:16:42,660

probably extremely bored sometimes but I

381

00:16:46,970 --> 00:16:44,670

still couldn't imagine me and a couple

382

00:16:50,540 --> 00:16:46,980

buddies being like let's go make a giant

383

00:16:51,920 --> 00:16:50,550

desert spider miles long yeah how would

384

00:16:58,730 --> 00:16:51,930

you even do they would need multiple

385

00:17:04,790 --> 00:16:58,740

people how one of the biggest questions

386

00:17:07,429 --> 00:17:04,800

of the world how did you do that you

387

00:17:08,030 --> 00:17:07,439

know I could because I can see crop

388

00:17:10,010 --> 00:17:08,040

circles

389

00:17:12,770 --> 00:17:10,020

some of them being fake I can see how

390

00:17:15,770 --> 00:17:12,780

that could happen right oh yeah there

391

00:17:18,319 --> 00:17:15,780

are some crop circles that are crazy

392

00:17:22,100 --> 00:17:18,329

yeah but there's some crop circles that

393

00:17:24,169 --> 00:17:22,110

are like ah Bob did that last night you

394

00:17:25,790 --> 00:17:24,179

came out here and did made a crop circle

395

00:17:28,160 --> 00:17:25,800

yeah I mean I could see how you can make

396

00:17:29,990 --> 00:17:28,170

a circle but those geometric patterns

397

00:17:34,190 --> 00:17:30,000

that you seen that some of the crop

398

00:17:36,020 --> 00:17:34,200

circles are absolutely perfect right so

399

00:17:38,900 --> 00:17:36,030

geometrically perfect and symmetrical

400

00:17:40,070 --> 00:17:38,910

all the way around and it's like the

401
00:17:40,760 --> 00:17:40,080
math that you would have to do to

402
00:17:44,450 --> 00:17:40,770
understand

403
00:17:46,790 --> 00:17:44,460
and to even think to draw that is insane

404
00:17:49,760 --> 00:17:46,800
like the fractal nature of of those

405
00:17:52,220 --> 00:17:49,770
spirals and yeah like it's all math you

406
00:17:55,040 --> 00:17:52,230
know the big oh the my favorite crop

407
00:17:58,090 --> 00:17:55,050
circle is the one where they it was

408
00:18:00,800 --> 00:17:58,100
almost like an answer to Carl Sagan's

409
00:18:02,600 --> 00:18:00,810
disc where it has our genetic

410
00:18:05,150 --> 00:18:02,610
information or

411
00:18:07,400 --> 00:18:05,160
even shows our like DNA DNA sequence

412
00:18:10,040 --> 00:18:07,410
thinking that DNA sequence there's a

413
00:18:13,400 --> 00:18:10,050

third strand oh yeah that DNA sequence

414

00:18:16,640 --> 00:18:13,410

if there's a third strand in it sorry I

415

00:18:18,860 --> 00:18:16,650

know this is annoying for you and it's

416

00:18:21,830 --> 00:18:18,870

yeah they're using a different type of

417

00:18:25,490 --> 00:18:21,840

telescope and it shows what planet

418

00:18:27,710 --> 00:18:25,500

they're from yeah that's the that's a

419

00:18:30,080 --> 00:18:27,720

cool that's a cool one which is really

420

00:18:32,990 --> 00:18:30,090

creative but you know doing it in a crop

421

00:18:35,000 --> 00:18:33,000

I can understand see the DNA sequence

422

00:18:37,730 --> 00:18:35,010

how there's two humps and then in

423

00:18:41,330 --> 00:18:37,740

there's there's three oh my god dude

424

00:18:43,220 --> 00:18:41,340

you're right yeah what okay uh-huh

425

00:18:45,020 --> 00:18:43,230

so the lines going back and forth that

426

00:18:47,930 --> 00:18:45,030

means all right you were right yeah

427

00:18:51,830 --> 00:18:47,940

interesting and look how small our head

428

00:18:54,050 --> 00:18:51,840

is honestly that's kind of like

429

00:18:56,000 --> 00:18:54,060

funny-looking it is like it's almost

430

00:18:58,940 --> 00:18:56,010

it's you know it's almost cartoonish

431

00:19:01,250 --> 00:18:58,950

anyway and then this one I don't know

432

00:19:04,430 --> 00:19:01,260

what this means here I forget that's the

433

00:19:06,770 --> 00:19:04,440

telescope oh okay so that's showing that

434

00:19:09,140 --> 00:19:06,780

we used a radio telescope and the one on

435

00:19:11,930 --> 00:19:09,150

the other one is showing some other con

436

00:19:14,870 --> 00:19:11,940

telescope I don't know you can you can

437

00:19:17,630 --> 00:19:14,880

look it up but yeah there's there's also

438

00:19:19,880 --> 00:19:17,640

like yeah this is really cool that they

439

00:19:21,770 --> 00:19:19,890

that we even thought whoever put this

440

00:19:23,840 --> 00:19:21,780

together I don't know if it was Carl

441

00:19:26,000 --> 00:19:23,850

Sagan or somebody else but to put

442

00:19:26,450 --> 00:19:26,010

together this little chart it's pretty

443

00:19:29,660 --> 00:19:26,460

genius

444

00:19:33,050 --> 00:19:29,670

yeah of dots uh-huh yeah it definitely

445

00:19:35,090 --> 00:19:33,060

is um you know it's funny because we

446

00:19:36,830 --> 00:19:35,100

would send that out and say hey if

447

00:19:39,410 --> 00:19:36,840

there's another intelligent species out

448

00:19:43,340 --> 00:19:39,420

there they'll be able to decode this but

449

00:19:45,440 --> 00:19:43,350

in the technical sense I'm an

450

00:19:48,830 --> 00:19:45,450

intelligent species all right but if you

451

00:19:50,960 --> 00:19:48,840

said that to me I'll be like what there

452

00:19:51,970 --> 00:19:50,970

are these dots I would color it in with

453

00:19:54,820 --> 00:19:51,980

a crown

454

00:19:59,649 --> 00:19:54,830

I don't know any better I would send

455

00:20:01,299 --> 00:19:59,659

back w-y-m-t what but yeah I mean you

456

00:20:02,980 --> 00:20:01,309

could so you can see how these crops are

457

00:20:05,049 --> 00:20:02,990

holes you know some of them look kind of

458

00:20:09,039 --> 00:20:05,059

man-made and whatnot and see how they're

459

00:20:12,070 --> 00:20:09,049

done but those Nazca lines dragging a

460

00:20:13,539 --> 00:20:12,080

rock across a desert you know to make

461

00:20:15,549 --> 00:20:13,549

those like I don't even know if that's

462

00:20:18,039 --> 00:20:15,559

how they do it I was just saying like if

463

00:20:21,430 --> 00:20:18,049

it was me I'd tied a rope to a giant

464

00:20:23,470 --> 00:20:21,440

rock and just drag it like a sled what's

465

00:20:26,769 --> 00:20:23,480

the desert maybe hook up some donkeys

466

00:20:29,190 --> 00:20:26,779

yeah yeah I'm really able to hire some

467

00:20:34,299 --> 00:20:29,200

Egyptians they drugged those rocks right

468

00:20:35,980 --> 00:20:34,309

the big rocks pyramid I forget who the

469

00:20:38,740 --> 00:20:35,990

comedian was who did the skit where he

470

00:20:41,379 --> 00:20:38,750

talked about how the the Egyptians just

471

00:20:44,379 --> 00:20:41,389

hired Mexicans builders because if you

472

00:20:48,100 --> 00:20:44,389

look across the world there's pyramids

473

00:20:50,230 --> 00:20:48,110

in Mexico too dude

474

00:20:58,230 --> 00:20:50,240

I bet that's what happened they just

475

00:21:06,009 --> 00:21:02,289

who that was that was a pretty funny one

476
00:21:08,139 --> 00:21:06,019
but yeah the Nazca lines are incredible

477
00:21:10,830 --> 00:21:08,149
those geometric shapes from the crop

478
00:21:13,720 --> 00:21:10,840
circles are insane

479
00:21:15,820 --> 00:21:13,730
you know I've you seen have you seen

480
00:21:17,740 --> 00:21:15,830
where they take these images and then

481
00:21:20,049 --> 00:21:17,750
they make a three-dimensional image of

482
00:21:23,049 --> 00:21:20,059
it well and they say that they're they

483
00:21:24,850 --> 00:21:23,059
could be showing you types of technology

484
00:21:26,289 --> 00:21:24,860
that they're using when you extend it

485
00:21:28,180 --> 00:21:26,299
into like a three dimensional view and

486
00:21:29,710 --> 00:21:28,190
you can see all the way around it what

487
00:21:31,509 --> 00:21:29,720
the shape actually looks like and

488
00:21:34,690 --> 00:21:31,519

they're showing you the energy force

489

00:21:35,830 --> 00:21:34,700

that's that's behind the universe

490

00:21:38,350 --> 00:21:35,840

everything

491

00:21:40,299 --> 00:21:38,360

so like the torus is like a never-ending

492

00:21:42,610 --> 00:21:40,309

it's kind of like a doughnut shape of

493

00:21:45,970 --> 00:21:42,620

energy well if you were to make that

494

00:21:47,919 --> 00:21:45,980

into a three-dimensional you know thing

495

00:21:50,680 --> 00:21:47,929

yeah you could see it the way that it

496

00:21:52,450 --> 00:21:50,690

works whoa and then put it in motion you

497

00:21:53,379 --> 00:21:52,460

see how it all just works together

498

00:21:56,259 --> 00:21:53,389

that's pretty sweet

499

00:21:59,259 --> 00:21:56,269

yeah it looks pretty cool this one we're

500

00:22:02,529 --> 00:21:59,269

looking at it it's like it looks like a

501
00:22:03,879 --> 00:22:02,539
bird's eye lens like looking down have

502
00:22:05,200 --> 00:22:03,889
you ever seen that type that style of

503
00:22:08,049 --> 00:22:05,210
photography were

504
00:22:09,430 --> 00:22:08,059
you use a special kind of lens but you

505
00:22:12,970 --> 00:22:09,440
should you shoot down towards the ground

506
00:22:14,680 --> 00:22:12,980
and you're certain most of the photo is

507
00:22:15,970 --> 00:22:14,690
just things and like the peripheral and

508
00:22:17,830 --> 00:22:15,980
it looks like you're standing on a tiny

509
00:22:20,580 --> 00:22:17,840
ball I put them at that's kind of what

510
00:22:21,730 --> 00:22:20,590
this looks like a school yeah

511
00:22:25,620 --> 00:22:21,740
skyscrapers

512
00:22:30,100 --> 00:22:27,610
well you want to get into another topic

513
00:22:32,950 --> 00:22:30,110

dude I mean yeah absolutely

514

00:22:38,830 --> 00:22:32,960

do I chose the last couple do you mean

515

00:22:41,019 --> 00:22:38,840

she's one man how was about the would

516

00:22:44,200 --> 00:22:41,029

you well what would you do if you got

517

00:22:46,510 --> 00:22:44,210

the chance to have the information oh oh

518

00:22:48,549 --> 00:22:46,520

so if if you were getting if you were

519

00:22:50,110 --> 00:22:48,559

posed all right you you could be let I

520

00:22:53,139 --> 00:22:50,120

will let you know everything you want to

521

00:22:54,940 --> 00:22:53,149

know but you have to disappear from the

522

00:22:57,159 --> 00:22:54,950

earth completely your family yeah

523

00:22:59,380 --> 00:22:57,169

doesn't know where you went yeah like

524

00:23:01,990 --> 00:22:59,390

you're gone your wife your dog you never

525

00:23:04,510 --> 00:23:02,000

see anybody again yeah but you get this

526

00:23:06,370 --> 00:23:04,520

you but you get the skinny yeah on

527

00:23:12,340 --> 00:23:06,380

everything yeah you get to ask questions

528

00:23:14,529 --> 00:23:12,350

I mean dude I wouldn't do it but I

529

00:23:17,500 --> 00:23:14,539

thought about it because I want to know

530

00:23:18,940 --> 00:23:17,510

so bad uh-huh I want to know so bad also

531

00:23:20,620 --> 00:23:18,950

I want to know just like I think

532

00:23:22,779 --> 00:23:20,630

everybody has that in them like at some

533

00:23:25,269 --> 00:23:22,789

point at some part of them wants to know

534

00:23:26,610 --> 00:23:25,279

how many civil civilizations have been

535

00:23:29,680 --> 00:23:26,620

on this planet you know how many

536

00:23:31,180 --> 00:23:29,690

intelligent species like how how when

537

00:23:33,340 --> 00:23:31,190

were the when were the pyramids built

538

00:23:34,570 --> 00:23:33,350

how are they built right stuff like that

539

00:23:36,909 --> 00:23:34,580

I would love to know if that was

540

00:23:38,769 --> 00:23:36,919

included in the package I would go for I

541

00:23:40,210 --> 00:23:38,779

might go for it I'll take the lower to

542

00:23:44,470 --> 00:23:40,220

your package right I can still go home

543

00:23:46,690 --> 00:23:44,480

in my wife yeah I like that actually do

544

00:23:50,049 --> 00:23:46,700

you have do you do you have a gold

545

00:23:51,279 --> 00:23:50,059

package or just diamond is it just okay

546

00:23:54,610 --> 00:23:51,289

I have to disappear completely

547

00:23:58,360 --> 00:23:54,620

I'll do the bronze package okay a little

548

00:24:01,260 --> 00:23:58,370

windy like you guys supply that food go

549

00:24:10,450 --> 00:24:01,270

to chick-fil-a but only on Sundays

550

00:24:13,570 --> 00:24:10,460

you're like oh yeah oh man yeah man you

551
00:24:16,060 --> 00:24:13,580
know it's like that's it might be a

552
00:24:16,990 --> 00:24:16,070
minute black kind of sitting area yeah

553
00:24:22,960 --> 00:24:17,000
kinda right

554
00:24:25,450 --> 00:24:22,970
it kinda is you know I mean oh that's a

555
00:24:28,390 --> 00:24:25,460
tough question cuz goddamn I would love

556
00:24:29,950 --> 00:24:28,400
to know dude I love know I mean I loved

557
00:24:31,210 --> 00:24:29,960
you do after that though what would you

558
00:24:31,510 --> 00:24:31,220
do there something all right well no I

559
00:24:35,260 --> 00:24:31,520
know

560
00:24:37,930 --> 00:24:35,270
well now what yeah like luck I guess you

561
00:24:41,860 --> 00:24:37,940
you know now you're part of the program

562
00:24:43,990 --> 00:24:41,870
I mean now you got to go do some stuff I

563
00:24:45,820 --> 00:24:44,000

wonder if you go crazy where that is if

564

00:24:48,580 --> 00:24:45,830

you knew I wonder if you'd like kind of

565

00:24:50,590 --> 00:24:48,590

go insane a little bit you might you

566

00:24:51,250 --> 00:24:50,600

might you know knowing that you can't

567

00:24:53,799 --> 00:24:51,260

tell anybody

568

00:24:55,810 --> 00:24:53,809

maybe I would be the hardest part that

569

00:24:58,000 --> 00:24:55,820

would be the hardest part yeah or maybe

570

00:24:59,710 --> 00:24:58,010

maybe maybe the bronze package is yeah

571

00:25:01,510 --> 00:24:59,720

you can have you don't have to be a race

572

00:25:01,870 --> 00:25:01,520

but you can't like you can't tell

573

00:25:05,789 --> 00:25:01,880

anybody

574

00:25:09,370 --> 00:25:05,799

right or you have to be a skill or maybe

575

00:25:11,350 --> 00:25:09,380

decision in agent maybe to the stars

576

00:25:12,820 --> 00:25:11,360

Academy is in the bronze package dude I

577

00:25:14,380 --> 00:25:12,830

think they are bro we're you know I

578

00:25:16,450 --> 00:25:14,390

think they got the penny packet in a

579

00:25:19,299 --> 00:25:16,460

pack they let them know stuff and you're

580

00:25:21,340 --> 00:25:19,309

able to talk about it but there's a

581

00:25:23,049 --> 00:25:21,350

bunch of stuff that you don't know but

582

00:25:24,610 --> 00:25:23,059

will they give them that for their label

583

00:25:28,510 --> 00:25:24,620

but also Tom DeLonge needs to be your

584

00:25:30,490 --> 00:25:28,520

your spokesman yes that's like the catch

585

00:25:33,430 --> 00:25:30,500

it's such a mint

586

00:25:35,860 --> 00:25:33,440

that's such a weird thing weird like

587

00:25:37,600 --> 00:25:35,870

it's been especially for you know older

588

00:25:40,450 --> 00:25:37,610

people I mean I'm sure it's weird but

589

00:25:43,000 --> 00:25:40,460

for people in our age range that grew up

590

00:25:45,220 --> 00:25:43,010

listening to blink-182 like that that's

591

00:25:47,230 --> 00:25:45,230

like your band in middle school yeah bro

592

00:25:49,600 --> 00:25:47,240

you know and they were just starting to

593

00:25:51,640 --> 00:25:49,610

get popular and stuff and and then come

594

00:25:56,500 --> 00:25:51,650

to find out this dude is now on History

595

00:25:58,840 --> 00:25:56,510

Channel debriefing people and on UFO

596

00:26:00,940 --> 00:25:58,850

technology yeah I mean I did I said this

597

00:26:02,830 --> 00:26:00,950

earlier but I didn't appreciate how they

598

00:26:04,360 --> 00:26:02,840

taste they did it pretty tastefully with

599

00:26:06,940 --> 00:26:04,370

with Tom being in the show it's like

600

00:26:09,549 --> 00:26:06,950

they really only got some reactionary

601
00:26:12,760 --> 00:26:09,559
shots of him not really if it wasn't

602
00:26:16,180 --> 00:26:12,770
like all about hey it's me Tom long yeah

603
00:26:17,980 --> 00:26:16,190
I simply the 18 force to go into

604
00:26:19,870 --> 00:26:17,990
investigating it it's almost like if you

605
00:26:22,360 --> 00:26:19,880
don't know who blink-182 is you wouldn't

606
00:26:24,460 --> 00:26:22,370
even realize Tom's long yes is any

607
00:26:26,710 --> 00:26:24,470
significance anywhere else yeah you

608
00:26:29,390 --> 00:26:26,720
think it's just some UFO researcher yeah

609
00:26:32,090 --> 00:26:29,400
but so I appreciated that it was I think

610
00:26:34,490 --> 00:26:32,100
that really well but yeah like that

611
00:26:37,460 --> 00:26:34,500
connection though is so strange to me

612
00:26:38,690 --> 00:26:37,470
like it's so random I mean it makes

613
00:26:39,500 --> 00:26:38,700

sense I mean he's just like us he's

614

00:26:41,420 --> 00:26:39,510

always been into it

615

00:26:44,000 --> 00:26:41,430

right ya know so I mean I definitely

616

00:26:45,830 --> 00:26:44,010

could see myself I would say yes to that

617

00:26:47,750 --> 00:26:45,840

I'm not if I had enough money in

618

00:26:49,790 --> 00:26:47,760

connections I would probably do

619

00:26:52,580 --> 00:26:49,800

something similar to him yeah but it's

620

00:26:55,400 --> 00:26:52,590

also just really weird you know like I

621

00:27:00,620 --> 00:26:55,410

got one of his books one of his secret

622

00:27:02,750 --> 00:27:00,630

machine books I think it's like man war

623

00:27:04,550 --> 00:27:02,760

and something else

624

00:27:07,280 --> 00:27:04,560

I wonder real quick like why is it

625

00:27:09,470 --> 00:27:07,290

spelled secrets like it is it's like SEK

626

00:27:13,400 --> 00:27:09,480

isn't it uh-huh I wonder why I think

627

00:27:15,500 --> 00:27:13,410

it's just a apprehending thing okay

628

00:27:17,810 --> 00:27:15,510

oh that spills secret with a kid okay

629

00:27:19,340 --> 00:27:17,820

you know I think backwards K I think

630

00:27:22,850 --> 00:27:19,350

it's just one of those things all right

631

00:27:25,400 --> 00:27:22,860

yeah but I got I got the book it's

632

00:27:27,560 --> 00:27:25,410

pretty interesting I've read it I I will

633

00:27:30,710 --> 00:27:27,570

say however I think it's really

634

00:27:33,770 --> 00:27:30,720

repetitive like not just on the subject

635

00:27:36,950 --> 00:27:33,780

I think it repeats itself in the book

636

00:27:39,560 --> 00:27:36,960

over and over again and I feel like they

637

00:27:41,570 --> 00:27:39,570

use really big words that really don't

638

00:27:43,490 --> 00:27:41,580

need to be in there it's like you're

639

00:27:46,190 --> 00:27:43,500

trying to sound real smart tried to make

640

00:27:48,110 --> 00:27:46,200

it come off a little more like you're a

641

00:27:49,970 --> 00:27:48,120

little more educated than thin your arm

642

00:27:52,900 --> 00:27:49,980

yeah you could have just said it like a

643

00:27:54,740 --> 00:27:52,910

regular person and I would have probably

644

00:27:56,690 --> 00:27:54,750

grasped it a lot better

645

00:27:59,000 --> 00:27:56,700

yeah because now I'm having like reread

646

00:28:01,280 --> 00:27:59,010

stuff and like what is this word even

647

00:28:02,450 --> 00:28:01,290

mean yeah nobody's talking like that

648

00:28:04,460 --> 00:28:02,460

yeah if me and you were gonna have a

649

00:28:07,730 --> 00:28:04,470

conversation Tom you wouldn't say that

650

00:28:10,190 --> 00:28:07,740

[h__h] don't do that just just you know

651
00:28:12,620 --> 00:28:10,200
at granny he had a writer writer for I'm

652
00:28:14,930 --> 00:28:12,630
sure yeah you know that's or something

653
00:28:18,590 --> 00:28:14,940
yeah yeah let's put this word in

654
00:28:20,690 --> 00:28:18,600
something but yeah it's a pretty

655
00:28:23,420 --> 00:28:20,700
interesting book I I've been enjoying it

656
00:28:27,620 --> 00:28:23,430
so far yeah I was interested at I might

657
00:28:29,510 --> 00:28:27,630
still pick it up I uh I kind of put that

658
00:28:31,040 --> 00:28:29,520
one down it's a really long book yeah

659
00:28:34,490 --> 00:28:31,050
kind of put that one down and I started

660
00:28:36,770 --> 00:28:34,500
reading uh how to talk to an alien mmm

661
00:28:38,990 --> 00:28:36,780
and that's a pretty interesting cool

662
00:28:41,730 --> 00:28:39,000
little book too and it just it just goes

663
00:28:44,130 --> 00:28:41,740

you know through the Linguistics

664

00:28:46,470 --> 00:28:44,140

and just kind of characteristics you

665

00:28:48,510 --> 00:28:46,480

know the what-ifs how would an

666

00:28:49,620 --> 00:28:48,520

extraterrestrial communicate a lot of

667

00:28:51,480 --> 00:28:49,630

times we hear that they communicate

668

00:28:53,250 --> 00:28:51,490

telepathically they don't say anything

669

00:28:54,690 --> 00:28:53,260

but there have been abduction cases

670

00:28:57,659 --> 00:28:54,700

where people have said that they've

671

00:29:00,659 --> 00:28:57,669

overheard you know the you know the

672

00:29:04,620 --> 00:29:00,669

extraterrestrials speaking like in the

673

00:29:06,570 --> 00:29:04,630

book they have an account of one of them

674

00:29:09,330 --> 00:29:06,580

sounded like they were speaking like

675

00:29:12,090 --> 00:29:09,340

Portuguese well one of them sounded like

676
00:29:14,039 --> 00:29:12,100
it was like Scandinavian some people

677
00:29:17,460 --> 00:29:14,049
would have heard them speaking what

678
00:29:19,830 --> 00:29:17,470
seemed to be German so maybe they

679
00:29:23,010 --> 00:29:19,840
visited us a long time ago and they have

680
00:29:25,470 --> 00:29:23,020
this this ancient you know language that

681
00:29:27,149 --> 00:29:25,480
people used to speak yeah and now

682
00:29:29,820 --> 00:29:27,159
they're here again and so they have kind

683
00:29:31,320 --> 00:29:29,830
of like an accent because it's not the

684
00:29:33,630 --> 00:29:31,330
same language as when they were

685
00:29:35,880 --> 00:29:33,640
originally here whoa and it's kind of

686
00:29:37,980 --> 00:29:35,890
it's a really cool book but you know

687
00:29:40,560 --> 00:29:37,990
there's a section in there on on accents

688
00:29:42,690 --> 00:29:40,570

what kind of accent would an alien have

689

00:29:45,029 --> 00:29:42,700

and it's like well if you don't even

690

00:29:47,549 --> 00:29:45,039

know what they sound like how can you

691

00:29:49,230 --> 00:29:47,559

you know how could you you know imagine

692

00:29:52,200 --> 00:29:49,240

what an accent would be like you know I

693

00:29:54,240 --> 00:29:52,210

couldn't imagine a UFO landing here and

694

00:29:56,789 --> 00:29:54,250

when coming out and be like how'd it

695

00:29:59,220 --> 00:29:56,799

guys yeah no like oh you have a Texas

696

00:30:02,100 --> 00:29:59,230

accent or like if I listen to any other

697

00:30:04,580 --> 00:30:02,110

language I wouldn't be able to tell well

698

00:30:07,470 --> 00:30:04,590

if they had an accent or not yeah yeah

699

00:30:09,539 --> 00:30:07,480

you know it's it's it's crazy because we

700

00:30:11,240 --> 00:30:09,549

have accidents wherever we are but it

701

00:30:13,950 --> 00:30:11,250

was it was kind of cool to think like oh

702

00:30:15,600 --> 00:30:13,960

yeah aliens probably meet each other and

703

00:30:18,269 --> 00:30:15,610

they have accents because they're from

704

00:30:20,340 --> 00:30:18,279

different parts oh yeah let's see yeah

705

00:30:22,560 --> 00:30:20,350

they are closely related you know it's

706

00:30:27,000 --> 00:30:22,570

like Mexico Central America South

707

00:30:30,419 --> 00:30:27,010

America it's all kind of like the same

708

00:30:31,950 --> 00:30:30,429

but it's all different accents yeah you

709

00:30:33,330 --> 00:30:31,960

know they kind of understand each other

710

00:30:37,490 --> 00:30:33,340

just sounds different makes me wonder

711

00:30:41,990 --> 00:30:37,500

like if the common language would be

712

00:30:46,169 --> 00:30:42,000

telepathy and if if that's like a

713

00:30:48,720 --> 00:30:46,179

hardware thing that these certain races

714

00:30:50,700 --> 00:30:48,730

like if they meet up you know to do like

715

00:30:52,470 --> 00:30:50,710

a trade deal or whatever like they have

716

00:30:54,220 --> 00:30:52,480

to speak through telepathy right but

717

00:30:55,990 --> 00:30:54,230

it's like a low-grade

718

00:30:57,909 --> 00:30:56,000

you know they they can they can transfer

719

00:30:59,770 --> 00:30:57,919

images or like concepts instead of

720

00:31:02,380 --> 00:30:59,780

virtual you don't hear somebody talking

721

00:31:07,060 --> 00:31:02,390

in your head it's more like you you're

722

00:31:09,220 --> 00:31:07,070

like receiving like like a concept or a

723

00:31:10,840 --> 00:31:09,230

conscious thought from from somebody

724

00:31:12,789 --> 00:31:10,850

else hey have you ever seen a

725

00:31:14,169 --> 00:31:12,799

Hitchhiker's Guide to the galaxy yeah I

726

00:31:16,450 --> 00:31:14,179

read the book huh you know the little

727

00:31:17,950 --> 00:31:16,460

yellow slug that you know they they put

728

00:31:20,919 --> 00:31:17,960

into his ear oh yeah yeah and it

729

00:31:23,620 --> 00:31:20,929

basically it lives off of eating sound

730

00:31:25,600 --> 00:31:23,630

waves and then it excretes you know the

731

00:31:29,970 --> 00:31:25,610

decoded message yeah into whatever

732

00:31:32,620 --> 00:31:29,980

language you speak yeah that's good yeah

733

00:31:35,169 --> 00:31:32,630

they they put it in Arthur's ear and

734

00:31:37,299 --> 00:31:35,179

then he can understand everybody that's

735

00:31:38,740 --> 00:31:37,309

super cool dang I've watched that movie

736

00:31:39,669 --> 00:31:38,750

in a long time dude it's one of my

737

00:31:41,440 --> 00:31:39,679

favorite movies

738

00:31:43,870 --> 00:31:41,450

isn't it like cool movie isn't it like

739

00:31:48,669 --> 00:31:43,880

at the end it's like rats have been

740

00:31:50,110 --> 00:31:48,679

ruling the planet mice yeah yeah it's

741

00:31:52,419 --> 00:31:50,120

and we think we've been doing

742

00:31:56,710 --> 00:31:52,429

experiments on them but really they've

743

00:32:03,909 --> 00:31:56,720

been observing us yeah yeah the answer

744

00:32:06,280 --> 00:32:03,919

to a question everything is 42 to the

745

00:32:09,450 --> 00:32:06,290

universe and everything that lives in it

746

00:32:13,480 --> 00:32:09,460

the answer is 42 42 they built the most

747

00:32:15,760 --> 00:32:13,490

supercomputer gave it thousands of years

748

00:32:17,919 --> 00:32:15,770

to come up with the answer millions of

749

00:32:21,570 --> 00:32:17,929

years to come up with the answer and

750

00:32:24,070 --> 00:32:21,580

they come up with the answer is 42 I

751

00:32:31,000 --> 00:32:24,080

always carry a towel with you and

752

00:32:33,940 --> 00:32:31,010

remember most importantly don't panic oh

753

00:32:36,730 --> 00:32:33,950

it's a good one I have the book it's

754

00:32:39,490 --> 00:32:36,740

it's it's also like isn't alan rickman

755

00:32:42,460 --> 00:32:39,500

the voice of the alien i think so

756

00:32:45,490 --> 00:32:42,470

or that the robot uh-huh alan rickman

757

00:32:47,740 --> 00:32:45,500

yeah the hello he's supposed to be like

758

00:32:52,930 --> 00:32:47,750

an emotional robot but he was sad

759

00:32:56,010 --> 00:32:52,940

because it was everything yeah all the

760

00:33:02,940 --> 00:32:56,020

all the doors on the on the ship have a

761

00:33:05,210 --> 00:33:02,950

full disposition ah yeah that's a good

762

00:33:08,670 --> 00:33:05,220

movie like that's a cool science fiction

763

00:33:12,000 --> 00:33:08,680

movie the probability drive where you

764

00:33:15,510 --> 00:33:12,010

just push it in it dumps you wherever

765

00:33:17,790 --> 00:33:15,520

what is the probability you know what

766

00:33:19,290 --> 00:33:17,800

yeah the the ship it's it's got a new

767

00:33:21,720 --> 00:33:19,300

technology which is the probability

768

00:33:24,360 --> 00:33:21,730

drive and you push the probability

769

00:33:25,890 --> 00:33:24,370

button and it can basically teleport you

770

00:33:30,510 --> 00:33:25,900

anywhere at any time

771

00:33:31,950 --> 00:33:30,520

probably yeah and yeah so just like they

772

00:33:34,170 --> 00:33:31,960

do they know where they're going well in

773

00:33:36,090 --> 00:33:34,180

the know that's the thing it's you just

774

00:33:39,330 --> 00:33:36,100

you just hit the button and it's a

775

00:33:44,010 --> 00:33:39,340

chance of probability wherever you could

776

00:33:45,750 --> 00:33:44,020

possibly end up you know it like so like

777

00:33:48,090 --> 00:33:45,760

in the movie they they hit the

778

00:33:53,220 --> 00:33:48,100

probability drive and they turn into

779

00:33:55,440 --> 00:33:53,230

sofas so because it was the the probable

780

00:33:56,490 --> 00:33:55,450

chance that you could be a sofa at this

781

00:33:58,380 --> 00:33:56,500

time

782

00:34:01,080 --> 00:33:58,390

oh my you know it's like a north

783

00:34:04,590 --> 00:34:01,090

alternate reality yeah exactly where

784

00:34:08,399 --> 00:34:04,600

they all show up as balls of yarn

785

00:34:10,800 --> 00:34:08,409

they're all made of yarn and then

786

00:34:13,110 --> 00:34:10,810

finally when reality starts to kick it

787

00:34:15,419 --> 00:34:13,120

kick back in and they become you know

788

00:34:16,980 --> 00:34:15,429

humans again weird but yeah that's

789

00:34:19,440 --> 00:34:16,990

pretty cool it's a cool little concept

790

00:34:21,720 --> 00:34:19,450

it's a cool little concept but I mean

791

00:34:23,940 --> 00:34:21,730

who knows dude who knows there could be

792

00:34:27,030 --> 00:34:23,950

some crazy type of technology out there

793

00:34:30,090 --> 00:34:27,040

like that you know I mean there has to

794

00:34:32,190 --> 00:34:30,100

be and a different reality and I differ

795

00:34:34,770 --> 00:34:32,200

reality right there's another reality

796

00:34:36,899 --> 00:34:34,780

where I'm I'm literally I'm a duck yeah

797

00:34:39,980 --> 00:34:36,909

we're all done your duck we're human I a

798

00:34:42,120 --> 00:34:39,990

humanoid duck and name is Ben yeah

799

00:34:45,260 --> 00:34:42,130

everything's the same it's just the only

800

00:34:48,060 --> 00:34:45,270

difference is it we're done what sucks

801
00:34:50,760 --> 00:34:48,070
like Howard duck yeah speed him Howard

802
00:34:53,760 --> 00:34:50,770
the Duck it's true that Howard the Duck

803
00:34:56,430 --> 00:34:53,770
had a cameo in in the Avengers what an

804
00:34:59,430 --> 00:34:56,440
inking I haven't seen it see if you can

805
00:35:01,400 --> 00:34:59,440
pull that up somebody was saying yeah

806
00:35:04,410 --> 00:35:01,410
Howard the Duck was in that movie

807
00:35:06,180 --> 00:35:04,420
wait what Howard the Duck is he even

808
00:35:09,210 --> 00:35:06,190
like a Marvel character

809
00:35:11,400 --> 00:35:09,220
he just made a cameo what it's like a

810
00:35:14,430 --> 00:35:11,410
hidden easter egg in the movie wait a

811
00:35:17,520 --> 00:35:14,440
bit holy crap is that him

812
00:35:23,300 --> 00:35:17,530
oh my god no way

813
00:35:25,350 --> 00:35:23,310

[h__\h] I made that noise Howard the Duck

814

00:35:30,090 --> 00:35:25,360

Copyright Act allows is made for fair

815

00:35:32,910 --> 00:35:30,100

use for purposes what what's he doing I

816

00:35:36,990 --> 00:35:32,920

don't know I haven't I haven't seen the

817

00:35:41,750 --> 00:35:37,000

last one you can either kind of off my

818

00:35:45,120 --> 00:35:41,760

game but yeah is that him right there

819

00:35:46,740 --> 00:35:45,130

that's Blair that's amazing Howard duck

820

00:35:49,020 --> 00:35:46,750

came back to kick some ass with the oh

821

00:35:51,830 --> 00:35:49,030

my god injured is he carrying a gun a

822

00:35:54,960 --> 00:35:51,840

gun giant gun yeah

823

00:35:57,750 --> 00:35:54,970

that is more how that's great okay

824

00:36:00,180 --> 00:35:57,760

that's great all right so since I'm on

825

00:36:01,800 --> 00:36:00,190

this on the internet looking at videos I

826
00:36:04,260 --> 00:36:01,810
wanted to show you this this video that

827
00:36:05,880 --> 00:36:04,270
it came across yeah our came across its

828
00:36:07,950 --> 00:36:05,890
kind of blowing up on reddit uh-huh I

829
00:36:10,860 --> 00:36:07,960
saw I saw it on Instagram Facebook and

830
00:36:13,290 --> 00:36:10,870
reddit right before you came over huh

831
00:36:18,390 --> 00:36:13,300
so it's it's this video by this woman

832
00:36:20,130 --> 00:36:18,400
named Vivian Gomez on Facebook it's it's

833
00:36:23,070 --> 00:36:20,140
a security camera on the side of her

834
00:36:25,470 --> 00:36:23,080
house I guess right and her post said so

835
00:36:27,360 --> 00:36:25,480
I woke up Sunday morning and saw this on

836
00:36:29,730 --> 00:36:27,370
my camera and I'm trying to figure it

837
00:36:32,520 --> 00:36:29,740
figure it out what the heck

838
00:36:35,400 --> 00:36:32,530

first I saw the shadow walk from my

839

00:36:37,590 --> 00:36:35,410

front door then I saw this thing has

840

00:36:39,300 --> 00:36:37,600

anyone seen this on their cameras the

841

00:36:41,490 --> 00:36:39,310

other two cameras didn't pick it pick it

842

00:36:43,920 --> 00:36:41,500

up for some reason so she's got multiple

843

00:36:45,690 --> 00:36:43,930

cameras she's claiming that this camera

844

00:36:47,850 --> 00:36:45,700

only picked this is the only camera that

845

00:36:48,480 --> 00:36:47,860

picked it up I just want to see your

846

00:36:54,710 --> 00:36:48,490

reaction

847

00:37:09,450 --> 00:37:06,060

what that what that looks like what is

848

00:37:19,770 --> 00:37:16,620

oh no I'm creepy Oh creepy it looks kind

849

00:37:21,630 --> 00:37:19,780

of like a I'm not a I'm not a big Harry

850

00:37:25,380 --> 00:37:21,640

Potter fan so I'm gonna looks like Dobby

851
00:37:27,059 --> 00:37:25,390
that's what yes that's like himself what

852
00:37:29,460 --> 00:37:27,069
and it didn't pick it up on the other

853
00:37:31,079 --> 00:37:29,470
camera that's what she's claiming all

854
00:37:32,700 --> 00:37:31,089
right so this is what I think it is I

855
00:37:35,790 --> 00:37:32,710
that's what it looks like I think it's a

856
00:37:37,589 --> 00:37:35,800
toddler with flip flops and you can kind

857
00:37:39,690 --> 00:37:37,599
of make it out with some you can kind of

858
00:37:41,220 --> 00:37:39,700
make out the shorts here huh and I think

859
00:37:43,730 --> 00:37:41,230
he has some boxers are like a shirt on

860
00:37:46,410 --> 00:37:43,740
his head yeah so watch it again just

861
00:37:49,079 --> 00:37:46,420
knowing that he's just like this taller

862
00:37:51,630 --> 00:37:49,089
is just being dumb like walking real

863
00:37:53,819 --> 00:37:51,640

funny and and also you see this shadow

864

00:37:58,950 --> 00:37:53,829

over here uh-huh some happens there I

865

00:38:02,910 --> 00:37:58,960

don't know what that is Wow so something

866

00:38:05,700 --> 00:38:02,920

walks away yeah and he does like a

867

00:38:08,549 --> 00:38:05,710

little chicken dance uh-huh things just

868

00:38:10,559 --> 00:38:08,559

walking weird that's strange but I think

869

00:38:13,290 --> 00:38:10,569

I a lot of people are saying it's an

870

00:38:15,329 --> 00:38:13,300

alien but I think it's just a kid being

871

00:38:17,370 --> 00:38:15,339

dumb and I don't know what the motive

872

00:38:20,099 --> 00:38:17,380

would be from this lady like posting

873

00:38:23,160 --> 00:38:20,109

that yeah what time of night morning is

874

00:38:25,890 --> 00:38:23,170

that it's got its got like five million

875

00:38:28,380 --> 00:38:25,900

views put your babies in bed stop

876

00:38:29,940 --> 00:38:28,390

putting boxers on their head and walking

877

00:38:32,730 --> 00:38:29,950

them out naked just in pair of

878

00:38:34,680 --> 00:38:32,740

flip-flops seriously I mean look she has

879

00:38:37,530 --> 00:38:34,690

it looks like she has a kid uh-huh I

880

00:38:39,569 --> 00:38:37,540

just want to know what why she would

881

00:38:42,720 --> 00:38:39,579

post something like that like this oh

882

00:38:44,789 --> 00:38:42,730

and like make it a yeah a mystery I mean

883

00:38:47,339 --> 00:38:44,799

the kid in the picture looks a lot

884

00:38:50,089 --> 00:38:47,349

smaller and maybe a little chunkier yeah

885

00:38:53,970 --> 00:38:50,099

not as lame that skinny lanky thing yeah

886

00:38:57,059 --> 00:38:53,980

dude that's pretty crazy I wouldn't go

887

00:39:00,569 --> 00:38:57,069

as far to say alien right off the bat

888

00:39:01,620 --> 00:39:00,579

with it but that's that's definitely

889

00:39:03,569 --> 00:39:01,630

pretty strange

890

00:39:05,339 --> 00:39:03,579

it's creeping what it what is he doing

891

00:39:07,500 --> 00:39:05,349

in the middle of it I mean I don't know

892

00:39:10,410 --> 00:39:07,510

what time it is obviously it looks

893

00:39:11,670 --> 00:39:10,420

nighttime six million views now Wow I

894

00:39:14,700 --> 00:39:11,680

mean yeah look definitely looks like

895

00:39:17,500 --> 00:39:14,710

nighttime uh-huh but how late I don't

896

00:39:20,080 --> 00:39:17,510

know like don't don't don't

897

00:39:22,359 --> 00:39:20,090

that's that weird though yeah over the

898

00:39:26,080 --> 00:39:22,369

first time you saw you're like what the

899

00:39:27,400 --> 00:39:26,090

heads crazy that yeah creepy dude yeah

900

00:39:30,120 --> 00:39:27,410

that's strange

901
00:39:33,070 --> 00:39:30,130
well I don't know I guess we'll have to

902
00:39:34,990 --> 00:39:33,080
wait and see somebody I mean somebody's

903
00:39:37,450 --> 00:39:35,000
gonna come up with a crazy ass theory as

904
00:39:39,160 --> 00:39:37,460
to what it is but yeah you know I mean

905
00:39:41,050 --> 00:39:39,170
look at the hands and now it looks like

906
00:39:44,380 --> 00:39:41,060
the his hands are really long uh-huh

907
00:39:50,770 --> 00:39:44,390
like they bend at a weird sail long that

908
00:39:52,990 --> 00:39:50,780
yeah yes like the the leg right there it

909
00:39:55,510 --> 00:39:53,000
just yeah it looks strange really

910
00:39:57,730 --> 00:39:55,520
strange but it does look kind of like

911
00:40:02,590 --> 00:39:57,740
it's wearing pants right may burn

912
00:40:04,540 --> 00:40:02,600
Schwartz huh look at that stance cuz

913
00:40:06,940 --> 00:40:04,550

they like if you look at the arms the

914

00:40:09,790 --> 00:40:06,950

arms and the hand it's going all the way

915

00:40:11,650 --> 00:40:09,800

to the back almost to the knee back back

916

00:40:16,230 --> 00:40:11,660

in the knee yeah yeah it's it's really

917

00:40:21,190 --> 00:40:16,240

low yeah that's it's just really weird

918

00:40:23,980 --> 00:40:21,200

that's pretty strange huh I wish you

919

00:40:26,050 --> 00:40:23,990

could see like the the reflection on the

920

00:40:28,720 --> 00:40:26,060

car better oh you're like in the window

921

00:40:31,359 --> 00:40:28,730

or something oh right but you I mean you

922

00:40:32,490 --> 00:40:31,369

really can't but that's uh yeah that's

923

00:40:35,290 --> 00:40:32,500

interesting

924

00:40:37,960 --> 00:40:35,300

pretty cool that's pretty good and

925

00:40:41,349 --> 00:40:37,970

that's her personal like that's off her

926

00:40:43,330 --> 00:40:41,359

camera yeah just blowing up on

927

00:40:45,090 --> 00:40:43,340

everything should shoot her a message

928

00:40:49,090 --> 00:40:45,100

yeah see we can get her on the podcast

929

00:40:51,430 --> 00:40:49,100

yeah yeah where do they live what you

930

00:40:53,770 --> 00:40:51,440

know don't tell me your address but you

931

00:40:55,750 --> 00:40:53,780

know were you from yeah

932

00:41:00,040 --> 00:40:55,760

San Francisco are you from you know

933

00:41:04,930 --> 00:41:00,050

we're Utah Utah yeah pretty crazy stuff

934

00:41:06,820 --> 00:41:04,940

on Utah dude up I bet I bet like places

935

00:41:10,330 --> 00:41:06,830

like Utah where there's not a whole lot

936

00:41:12,970 --> 00:41:10,340

going on is like prime prime grounds for

937

00:41:14,500 --> 00:41:12,980

abductions you know just out in the

938

00:41:16,450 --> 00:41:14,510

middle I mean there's some places in

939

00:41:18,070 --> 00:41:16,460

Texas that are definitely really

940

00:41:21,130 --> 00:41:18,080

secluded where there's like five people

941

00:41:23,080 --> 00:41:21,140

living in a town yeah but like yeah

942

00:41:24,190 --> 00:41:23,090

there's not a lot of major cities where

943

00:41:27,180 --> 00:41:24,200

you would see like you I don't know

944

00:41:28,980 --> 00:41:27,190

maybe if there was a huge ship that

945

00:41:31,260 --> 00:41:28,990

flew over an area a lot more people

946

00:41:33,450 --> 00:41:31,270

would see it if it's like flying on its

947

00:41:34,020 --> 00:41:33,460

path to whatever like a small town or

948

00:41:35,520 --> 00:41:34,030

something

949

00:41:37,620 --> 00:41:35,530

yeah although that was kind of a stupid

950

00:41:39,630 --> 00:41:37,630

idea but well I mean you know it's it's

951
00:41:42,359 --> 00:41:39,640
possible yeah you have to think like

952
00:41:44,670 --> 00:41:42,369
would it be if it was on its way

953
00:41:48,599 --> 00:41:44,680
somewhere would it be flying that slow

954
00:41:50,970 --> 00:41:48,609
ya know or like even if one did fly over

955
00:41:52,200 --> 00:41:50,980
the City of Austin how many people are

956
00:41:54,690 --> 00:41:52,210
looking up in the sky

957
00:41:56,460 --> 00:41:54,700
nobody dude nobody is looking up I want

958
00:41:58,500 --> 00:41:56,470
nobody's paying attention there needs to

959
00:42:00,599 --> 00:41:58,510
be I want there to be a mass sighting in

960
00:42:02,339 --> 00:42:00,609
Austin so bad it would be cool it would

961
00:42:04,800 --> 00:42:02,349
be so cool you would be cool but also

962
00:42:07,380 --> 00:42:04,810
I'm never I'm never looking up yeah

963
00:42:09,450 --> 00:42:07,390

well probably more I probably look up

964

00:42:13,410 --> 00:42:09,460

more than a lot of people I know but

965

00:42:15,329 --> 00:42:13,420

like unless some you know out on the

966

00:42:17,940 --> 00:42:15,339

weekend or like at a bar or something or

967

00:42:20,010 --> 00:42:17,950

a restaurant I'm not really you know I'm

968

00:42:22,980 --> 00:42:20,020

usually just inside yeah I'm not really

969

00:42:24,150 --> 00:42:22,990

looking looking out but I mean I guess I

970

00:42:26,160 --> 00:42:24,160

want to take my dogs out to go to the

971

00:42:27,990 --> 00:42:26,170

bathroom I'm like you know looking I'm

972

00:42:30,359 --> 00:42:28,000

always looking up at that if it's escape

973

00:42:33,690 --> 00:42:30,369

yeah if it's nighttime in I'm outside my

974

00:42:40,109 --> 00:42:33,700

heads yeah you know like during the day

975

00:42:44,099 --> 00:42:40,119

it's bright I need is right in front of

976
00:42:45,510 --> 00:42:44,109
me or down below yeah you know yeah I

977
00:42:47,640 --> 00:42:45,520
mean like I said though you know I would

978
00:42:50,099 --> 00:42:47,650
about the telescope I like to watch the

979
00:42:51,569 --> 00:42:50,109
skies you know I keep an eye on it yeah

980
00:42:53,849 --> 00:42:51,579
probably a little more than you know

981
00:42:54,990 --> 00:42:53,859
most people would I need to get a

982
00:42:58,260 --> 00:42:55,000
telescope dude

983
00:43:00,210 --> 00:42:58,270
what do you have is it like uh man I got

984
00:43:02,040 --> 00:43:00,220
it a few years ago I can't even think of

985
00:43:03,390 --> 00:43:02,050
the name of it you've seen it though and

986
00:43:05,760 --> 00:43:03,400
you've come over to the house I haven't

987
00:43:08,030 --> 00:43:05,770
sitting over in the corner I don't

988
00:43:12,089 --> 00:43:08,040

remember me mommy I'm a little brother

989

00:43:14,790 --> 00:43:12,099

we busted it out one night and I'll

990

00:43:16,500 --> 00:43:14,800

shown him you know it's it's a man I

991

00:43:18,930 --> 00:43:16,510

wish I could remember the name of it and

992

00:43:20,099 --> 00:43:18,940

like the brand or whatever the brand is

993

00:43:22,410 --> 00:43:20,109

it like a long skinny one and there's

994

00:43:24,270 --> 00:43:22,420

like fat so he's a long skinny okay but

995

00:43:26,819 --> 00:43:24,280

it's it's it's it's powerful enough that

996

00:43:29,069 --> 00:43:26,829

you can actually see Saturn whoa you can

997

00:43:31,200 --> 00:43:29,079

see the ring so exactly yeah you can see

998

00:43:31,829 --> 00:43:31,210

Jupiter that's cool you can see four

999

00:43:34,829 --> 00:43:31,839

moons

1000

00:43:38,460 --> 00:43:34,839

oh so out of Jupiter you can see wow

1001

00:43:39,850 --> 00:43:38,470

yeah it's it's it's I mean it's not the

1002

00:43:42,970 --> 00:43:39,860

best photo yeah

1003

00:43:45,130 --> 00:43:42,980

you're looking at a you know pretty much

1004

00:43:47,350 --> 00:43:45,140

like a red dot in the sky you see these

1005

00:43:49,950 --> 00:43:47,360

little white dots in there all different

1006

00:43:52,960 --> 00:43:49,960

sizes that's crazy it's it's uh it's

1007

00:43:54,700 --> 00:43:52,970

powerful enough to be able to tell the

1008

00:43:55,420 --> 00:43:54,710

size of things yeah yeah yeah pretty

1009

00:43:58,270 --> 00:43:55,430

cool

1010

00:44:00,760 --> 00:43:58,280

Jupiter supposedly here pretty soon is

1011

00:44:03,790 --> 00:44:00,770

gonna be like the biggest it's ever

1012

00:44:05,830 --> 00:44:03,800

gonna be in the sky right see the moon

1013

00:44:07,660 --> 00:44:05,840

earth there its moons like with the

1014

00:44:10,480 --> 00:44:07,670

naked eye huh yeah we're gonna be cool

1015

00:44:12,040 --> 00:44:10,490

Alec your your binoculars and see it but

1016

00:44:13,840 --> 00:44:12,050

yeah you'll be able to see all the moons

1017

00:44:16,300 --> 00:44:13,850

with a binocular yeah I think you

1018

00:44:20,290 --> 00:44:16,310

hearing right now in June right okay

1019

00:44:21,940 --> 00:44:20,300

[h__h] I got a telescope man it's pretty

1020

00:44:24,010 --> 00:44:21,950

cool yeah it mine's not like a super

1021

00:44:26,620 --> 00:44:24,020

high power to extremely expensive

1022

00:44:28,480 --> 00:44:26,630

telescope I think it was maybe like 200

1023

00:44:30,730 --> 00:44:28,490

bucks yeah okay so that's not bad

1024

00:44:33,370 --> 00:44:30,740

yeah it's nothing crazy it's just I

1025

00:44:34,930 --> 00:44:33,380

wanted something to look at the moon and

1026

00:44:37,870 --> 00:44:34,940

look at some stars you know just look

1027

00:44:40,410 --> 00:44:37,880

some stuff man wanted to do I want to

1028

00:44:42,520 --> 00:44:40,420

look at the moon more dude yeah that's I

1029

00:44:49,150 --> 00:44:42,530

keep seeing all these like really high

1030

00:44:51,430 --> 00:44:49,160

pixel just huge images on reddit I love

1031

00:44:53,800 --> 00:44:51,440

the moon like super super detailed and

1032

00:44:56,980 --> 00:44:53,810

it's crazy just seeing all those craters

1033

00:44:59,020 --> 00:44:56,990

and dude it's it's it's nuts that that's

1034

00:45:01,270 --> 00:44:59,030

a thing above us at all times

1035

00:45:03,160 --> 00:45:01,280

I know that's a big rock but when I went

1036

00:45:05,830 --> 00:45:03,170

to the Lowell Observatory Allen

1037

00:45:08,350 --> 00:45:05,840

Flagstaff that's the UH the telescope

1038

00:45:11,290 --> 00:45:08,360

that the astronauts used to plan the

1039

00:45:12,250 --> 00:45:11,300

moon landing so they were checking out

1040

00:45:13,990 --> 00:45:12,260

spots on the moon

1041

00:45:15,790 --> 00:45:14,000

that's cool they zoomed it in and you

1042

00:45:17,980 --> 00:45:15,800

could take a look through it is you can

1043

00:45:19,630 --> 00:45:17,990

look on the moon it's crazy it's oom

1044

00:45:22,240 --> 00:45:19,640

Xena I believe they said like up to like

1045

00:45:25,150 --> 00:45:22,250

a football-field-sized whoa and you can

1046

00:45:31,390 --> 00:45:25,160

see just that on the moon and they used

1047

00:45:35,350 --> 00:45:31,400

it and that was that was pretty cool the

1048

00:45:38,440 --> 00:45:35,360

sign I mean maybe this will just be a

1049

00:45:40,060 --> 00:45:38,450

short one yeah yeah we can get close to

1050

00:45:43,600 --> 00:45:40,070

wrapping this one up we'll have a lot of

1051

00:45:44,590 --> 00:45:43,610

a lot of material and stuff coming up

1052

00:45:46,690 --> 00:45:44,600

here pretty soon

1053

00:45:49,340 --> 00:45:46,700

yeah get it out to you guys that the

1054

00:45:51,020 --> 00:45:49,350

patreon will be up and running soon

1055

00:45:52,910 --> 00:45:51,030

it's up and running there's just no

1056

00:45:55,580 --> 00:45:52,920

content on it so yeah here pretty soon

1057

00:45:57,800 --> 00:45:55,590

we're gonna have content you know we'll

1058

00:46:01,250 --> 00:45:57,810

have videos and things like that you

1059

00:46:03,200 --> 00:46:01,260

guys can check it all out and we're

1060

00:46:04,760 --> 00:46:03,210

gonna have a lot more stuff to to

1061

00:46:07,430 --> 00:46:04,770

discuss man

1062

00:46:08,480 --> 00:46:07,440

you know there's got tornado warnings

1063

00:46:10,700 --> 00:46:08,490

out here right now

1064

00:46:12,770 --> 00:46:10,710

yeah rain there's a million people

1065

00:46:15,680 --> 00:46:12,780

texting well you know one of those

1066

00:46:18,260 --> 00:46:15,690

wireless chargers dude yeah yeah the the

1067

00:46:20,810 --> 00:46:18,270

charger that's sick part on mine like it

1068

00:46:22,340 --> 00:46:20,820

doesn't work so I needed to buy one it

1069

00:46:24,710 --> 00:46:22,350

wasn't cuz I wanted it we've got a

1070

00:46:26,720 --> 00:46:24,720

necessity dude that's cool

1071

00:46:30,350 --> 00:46:26,730

but you have to get a special case for

1072

00:46:32,600 --> 00:46:30,360

it for what no I I'm one of those no

1073

00:46:34,220 --> 00:46:32,610

case people okay oh so you don't need a

1074

00:46:36,290 --> 00:46:34,230

case to charge your wirelessly like that

1075

00:46:39,080 --> 00:46:36,300

no oh sweet yeah no I don't need a case

1076

00:46:42,290 --> 00:46:39,090

no it just it just charges on its own

1077

00:46:44,840 --> 00:46:42,300

that's awesome yeah man but hell yeah

1078

00:46:47,810 --> 00:46:44,850

dude alien and devices dude yeah did you

1079

00:46:50,960 --> 00:46:47,820

get that from technology yeah brother

1080

00:46:53,290 --> 00:46:50,970

yeah you got a moon it's called the moon

1081

00:46:57,400 --> 00:46:53,300

phone the moon phone

1082

00:46:58,970 --> 00:46:57,410

it works on moon waves moon waves man

1083

00:47:02,000 --> 00:46:58,980

how do you make that work

1084

00:47:04,370 --> 00:47:02,010

moon wave there's a moon wave

1085

00:47:09,500 --> 00:47:04,380

well obviously dude it's a wave from the

1086

00:47:15,530 --> 00:47:09,510

moon the higher up you go the more

1087

00:47:18,770 --> 00:47:15,540

powerful recharges go outside

1088

00:47:21,010 --> 00:47:18,780

I can't cool with that I can't talk to

1089

00:47:23,540 --> 00:47:21,020

you as I'm inside I gotta go outside no

1090

00:47:25,850 --> 00:47:23,550

you know you know how they say like the

1091

00:47:27,590 --> 00:47:25,860

moon is just uh it lights up because

1092

00:47:30,680 --> 00:47:27,600

it's reflecting the light from the Sun

1093

00:47:34,130 --> 00:47:30,690

uh-huh man how come we still can't

1094

00:47:36,410 --> 00:47:34,140

charge like you know like solar [h__h] oh

1095

00:47:38,060 --> 00:47:36,420

yeah it's just a mirror right question

1096

00:47:41,060 --> 00:47:38,070

man I think it was just reflecting back

1097

00:47:42,050 --> 00:47:41,070

down onto us yeah you know maybe it's

1098

00:47:43,250 --> 00:47:42,060

not powerful enough

1099

00:47:45,290 --> 00:47:43,260

I think it's cuz it's made of cheese

1100

00:47:49,150 --> 00:47:45,300

dude it's probably made of cheese it's

1101
00:47:53,390 --> 00:47:49,160
just have an overcooked piece of cheese

1102
00:47:56,060 --> 00:47:53,400
real good you believe that was actually

1103
00:47:57,860 --> 00:47:56,070
an explanation oh geez

1104
00:47:59,780 --> 00:47:57,870
it's just cheese just Jesus it looks

1105
00:48:01,680 --> 00:47:59,790
like cheese it must be cheese you see

1106
00:48:05,160 --> 00:48:01,690
that man on the moon

1107
00:48:06,630 --> 00:48:05,170
dude I've never seen an animal seen the

1108
00:48:09,120 --> 00:48:06,640
man on the message I feel like people

1109
00:48:11,460 --> 00:48:09,130
are just making that up yeah it's a real

1110
00:48:13,170 --> 00:48:11,470
thing people who said yeah the man on

1111
00:48:15,240 --> 00:48:13,180
the moon do you see the face I've never

1112
00:48:19,140 --> 00:48:15,250
seen the face of a man on the moon

1113
00:48:19,589 --> 00:48:19,150

uh-uh never my can't see it no I can't

1114

00:48:22,079 --> 00:48:19,599

either

1115

00:48:24,089 --> 00:48:22,089

I mean I'm pretty good at like you know

1116

00:48:26,400 --> 00:48:24,099

I can look at a cloud and say oh that

1117

00:48:28,170 --> 00:48:26,410

looks like a puppy or something yeah but

1118

00:48:32,220 --> 00:48:28,180

I've never seen a face on the moon at

1119

00:48:37,890 --> 00:48:32,230

all either I have a telescope aspect

1120

00:48:39,480 --> 00:48:37,900

news okay thank news okay all right

1121

00:48:42,960 --> 00:48:39,490

let's wrap this one up dude I think it's

1122

00:48:45,390 --> 00:48:42,970

a sign we've we've had some good content

1123

00:48:48,299 --> 00:48:45,400

this was a good episode episode two was

1124

00:48:49,620 --> 00:48:48,309

great episode one was great I feel like

1125

00:48:51,390 --> 00:48:49,630

I kind of like Star Wars with all these

1126
00:48:54,059 --> 00:48:51,400
episodes ya know maybe maybe we'll

1127
00:48:56,789 --> 00:48:54,069
release him in reverse order we'll do

1128
00:48:58,470 --> 00:48:56,799
the middle half and then 20 years later

1129
00:49:01,079 --> 00:48:58,480
we'll release the first half of the

1130
00:49:05,700 --> 00:49:01,089
podcast yeah and then 30 years later

1131
00:49:07,890 --> 00:49:05,710
we'll release and then we'll have a

1132
00:49:12,539 --> 00:49:07,900
bunch of side podcast I have nothing to

1133
00:49:15,660 --> 00:49:12,549
do right but they're all really good I

1134
00:49:17,789 --> 00:49:15,670
am very appreciative of all the Star

1135
00:49:19,680 --> 00:49:17,799
Wars me to about yeah me too yeah I

1136
00:49:22,499 --> 00:49:19,690
think they're good they are Star Wars

1137
00:49:25,470 --> 00:49:22,509
story well which one is it's it's not a

1138
00:49:28,740 --> 00:49:25,480

part of the the true trilogy or whatever

1139

00:49:30,749 --> 00:49:28,750

the the the rogue one was like a kind of

1140

00:49:33,450 --> 00:49:30,759

a branch off that kind of led to the

1141

00:49:36,509 --> 00:49:33,460

beginning of everything or no no excuse

1142

00:49:38,490 --> 00:49:36,519

me it leads to four or five and six the

1143

00:49:40,440 --> 00:49:38,500

middle ones right and then and then they

1144

00:49:43,710 --> 00:49:40,450

had solo which was just the story of

1145

00:49:45,299 --> 00:49:43,720

console yeah but I liked so I thought

1146

00:49:49,499 --> 00:49:45,309

that was good yeah they're all pretty

1147

00:49:53,549 --> 00:49:49,509

good yeah but well already man uh that

1148

00:49:56,670 --> 00:49:53,559

was episode three of UFO garage you wit

1149

00:49:58,140 --> 00:49:56,680

foie gras no [h__\h] around

1150

00:50:02,099 --> 00:49:58,150

thanks a lot for listen you guys let's
