

**UFO**  
**GARAGE**  
**PODCAST**

1  
00:00:00,000 --> 00:00:04,990

[Music]

2  
00:00:10,700 --> 00:00:08,270

it's another episode of UFO garage I'm

3  
00:00:13,190 --> 00:00:10,710

Ben and I'm Joe and this is where we

4  
00:00:17,120 --> 00:00:13,200

talk about aliens UFO and all things

5  
00:00:22,160 --> 00:00:17,130

weird all things weird yeah hey Ben dude

6  
00:00:23,630 --> 00:00:22,170

also didn't man it's been a crazy couple

7  
00:00:25,670 --> 00:00:23,640

of weeks dude crazy a couple weeks it's

8  
00:00:27,470 --> 00:00:25,680

good to be back definitely took a couple

9  
00:00:28,970 --> 00:00:27,480

you took your little vacation there yeah

10  
00:00:32,540 --> 00:00:28,980

my sister got married so we went to

11  
00:00:37,150 --> 00:00:32,550

Vegas in Vegas yeah yeah how much money

12  
00:00:41,900 --> 00:00:37,160

did you lose to slot machines or to weed

13  
00:00:44,180 --> 00:00:41,910

it's legal there oh you know what let's

14

00:00:45,979 --> 00:00:44,190

let's take like two hundred bucks we'll

15

00:00:47,930 --> 00:00:45,989

gamble it and we'll take like 80 bucks

16

00:00:49,850 --> 00:00:47,940

we'll get some of that good legal weed

17

00:00:50,180 --> 00:00:49,860

over there and see see what it's all

18

00:00:52,700 --> 00:00:50,190

about

19

00:00:55,850 --> 00:00:52,710

we ended up spending \$200 on legal weed

20

00:00:59,060 --> 00:00:55,860

and we lost 80 bucks on slap so all in

21

00:01:02,029 --> 00:00:59,070

all great vacation you know that picture

22

00:01:03,410 --> 00:01:02,039

like in the line at those bed shops is

23

00:01:05,210 --> 00:01:03,420

like you're looking around it's kind of

24

00:01:07,490 --> 00:01:05,220

like men in black where there's like

25

00:01:14,060 --> 00:01:07,500

obviously some like some aliens and

26

00:01:15,980 --> 00:01:14,070

suits no it was it was funny cuz you

27

00:01:17,450 --> 00:01:15,990

know being from here it's a lot

28

00:01:19,580 --> 00:01:17,460

different you can't even go to like

29

00:01:21,620 --> 00:01:19,590

Planet K or something and say the word

30

00:01:28,190 --> 00:01:21,630

weed oh yeah so when I went in there for

31

00:01:34,310 --> 00:01:28,200

the first time do you put the weed right

32

00:01:38,390 --> 00:01:34,320

here you smoke it I could say this out

33

00:01:41,240 --> 00:01:38,400

loud you can do that yeah man but while

34

00:01:42,889 --> 00:01:41,250

we were gone dude our Facebook blowing

35

00:01:47,139 --> 00:01:42,899

up blowing it up

36

00:01:50,690 --> 00:01:47,149

got some got lots of good comments video

37

00:01:52,670 --> 00:01:50,700

messages people posting videos dude yeah

38

00:01:54,530 --> 00:01:52,680

it's been a really good response dude

39

00:01:56,539 --> 00:01:54,540

it's been awesome I'm glad to hear you

40

00:02:00,499 --> 00:01:56,549

guys are interested in it yeah for sure

41

00:02:02,450 --> 00:02:00,509

so might I yeah I think you know let's

42

00:02:05,690 --> 00:02:02,460

go ahead and uh we got a couple things

43

00:02:07,639 --> 00:02:05,700

we want to share with you guys we got oh

44

00:02:08,600 --> 00:02:07,649

yeah let's talk about Robert Blake

45

00:02:10,910 --> 00:02:08,610

Bisbee

46

00:02:12,229 --> 00:02:10,920

this is video that he sent in was really

47

00:02:14,030 --> 00:02:12,239

interesting if you're interested in

48

00:02:16,130 --> 00:02:14,040

looking at it go to our Facebook page

49

00:02:19,190 --> 00:02:16,140

click on community on the left left-hand

50

00:02:20,300 --> 00:02:19,200

side and it's just this video of some

51

00:02:21,649 --> 00:02:20,310

lights in the sky that look really

52

00:02:23,630 --> 00:02:21,659

really weird they don't look like planes

53

00:02:25,759 --> 00:02:23,640

but that was really cool that was a cool

54

00:02:27,410 --> 00:02:25,769

video Joe you got a message from

55

00:02:31,009 --> 00:02:27,420

somebody yeah kind of sharing their

56

00:02:35,390 --> 00:02:31,019

story yeah extremely cool let me see

57

00:02:37,220 --> 00:02:35,400

pull it up real quick the I love hearing

58

00:02:41,179 --> 00:02:37,230

other people's stories too you like oh

59

00:02:44,569 --> 00:02:41,189

me too me too it's so cool because you

60

00:02:46,490 --> 00:02:44,579

know it's even people you know that

61

00:02:48,289 --> 00:02:46,500

you'd never knew yeah had a weird

62

00:02:50,330 --> 00:02:48,299

experience I know and that's kind of

63

00:02:52,789 --> 00:02:50,340

what this is all about that is the point

64

00:02:55,580 --> 00:02:52,799

of this podcast nobody says anything cuz

65

00:02:58,789 --> 00:02:55,590

I feel crazy yeah we won't make you feel

66

00:03:01,009 --> 00:02:58,799

crazy yeah you know so I'm glad this

67

00:03:05,539 --> 00:03:01,019

stuff got sent in this was from a

68

00:03:08,059 --> 00:03:05,549

listener her name was Nicole and she

69

00:03:11,960 --> 00:03:08,069

lives in the Central Texas area you know

70

00:03:15,140 --> 00:03:11,970

and so okay here's here's the the story

71

00:03:18,289 --> 00:03:15,150

that that she wrote me she was saying

72

00:03:20,379 --> 00:03:18,299

okay so about 10 or so years ago me and

73

00:03:24,559 --> 00:03:20,389

a friend we were driving around Rock

74

00:03:26,360 --> 00:03:24,569

totally daylight maybe three ish you

75

00:03:29,030 --> 00:03:26,370

know in the afternoon obviously is

76

00:03:31,849 --> 00:03:29,040

daylight and just about when they got

77

00:03:33,559 --> 00:03:31,859

past a little town called Thorndale they

78

00:03:35,390 --> 00:03:33,569

were coming into another little town

79

00:03:37,129 --> 00:03:35,400

called thrall I'm sure you're familiar

80

00:03:38,420 --> 00:03:37,139

with that oh I know thrall right you

81

00:03:41,869 --> 00:03:38,430

know where that's at these are guys

82

00:03:43,879 --> 00:03:41,879

these are tiny little bitty towns it's

83

00:03:45,830 --> 00:03:43,889

like it's like the big green town yeah

84

00:03:49,479 --> 00:03:45,840

just watch big green today are you watch

85

00:03:53,270 --> 00:03:49,489

dude yes good movies shot right there

86

00:03:57,860 --> 00:03:53,280

the bridge no idea yeah so cool we had

87

00:04:02,119 --> 00:03:57,870

the big green the green go so anyways

88

00:04:05,539 --> 00:04:02,129

she says we're coming into thrall and we

89

00:04:08,569 --> 00:04:05,549

see this and then it says dot dot dot

90

00:04:13,149 --> 00:04:08,579

this is when it gets hard to explain

91

00:04:18,199 --> 00:04:13,159

it was definitely metal and it was

92

00:04:21,620 --> 00:04:18,209

rectangle but not a rectangle said it's

93

00:04:22,909 --> 00:04:21,630

more kind of like a parallelogram so

94

00:04:26,060 --> 00:04:22,919

maybe that's you know just from the

95

00:04:27,530 --> 00:04:26,070

angle that they saw it or who knows dude

96

00:04:29,150 --> 00:04:27,540

right maybe the

97

00:04:31,430 --> 00:04:29,160

after whatever look at what it was was

98

00:04:33,080 --> 00:04:31,440

maybe just in an angle maybe it switched

99

00:04:35,000 --> 00:04:33,090

spots a couple times but it was

100

00:04:36,800 --> 00:04:35,010

obviously like reflecting off of the the

101  
00:04:39,980 --> 00:04:36,810  
Sun in some way that caught their eye

102  
00:04:42,080 --> 00:04:39,990  
probably that's so you know it's a

103  
00:04:46,220 --> 00:04:42,090  
little more like a parallelogram it was

104  
00:04:48,950 --> 00:04:46,230  
silver anyways we could only see maybe

105  
00:04:51,740 --> 00:04:48,960  
half of it the other half was in the

106  
00:04:56,600 --> 00:04:51,750  
clouds but they were still kind of mind

107  
00:04:58,310 --> 00:04:56,610  
blown like what is this square rectangle

108  
00:05:00,020 --> 00:04:58,320  
thing yeah I can't remember didn't in

109  
00:05:02,540 --> 00:05:00,030  
the sky she say it was moving or she

110  
00:05:04,880 --> 00:05:02,550  
said it was just stationary right here

111  
00:05:08,690 --> 00:05:04,890  
it says so we keep driving and this

112  
00:05:11,180 --> 00:05:08,700  
[h\_\_\h] does not move Yeah right

113  
00:05:15,340 --> 00:05:11,190

it doesn't get closer it doesn't get

114

00:05:18,560 --> 00:05:15,350

further it seems completely stationary

115

00:05:21,920 --> 00:05:18,570

so we get to Taylor which is two towns

116

00:05:23,900 --> 00:05:21,930

over from their original start spot all

117

00:05:26,720 --> 00:05:23,910

right Taylor ducks so we get to Taylor

118

00:05:29,990 --> 00:05:26,730

and it's still there still seems like

119

00:05:33,620 --> 00:05:30,000

the exact same distance no change

120

00:05:35,510 --> 00:05:33,630

whatsoever we turned onto the loop which

121

00:05:39,530 --> 00:05:35,520

is just a road that goes around the town

122

00:05:41,990 --> 00:05:39,540

to go to Round Rock and we were going to

123

00:05:44,470 --> 00:05:42,000

just follow the direction of it but once

124

00:05:47,380 --> 00:05:44,480

we got off the loop it was totally gone

125

00:05:51,800 --> 00:05:47,390

crazy thing that ever happened to me

126  
00:05:53,120 --> 00:05:51,810  
yeah man I mean so so they're driving in

127  
00:05:55,790 --> 00:05:53,130  
between these towns they're obviously

128  
00:05:58,010 --> 00:05:55,800  
like I would say like 20 miles apart

129  
00:05:59,570 --> 00:05:58,020  
yeah maybe in like a like a c-shape

130  
00:06:02,720 --> 00:05:59,580  
kinda they're not like a straight line

131  
00:06:05,420 --> 00:06:02,730  
and they see this stationary object in

132  
00:06:08,090 --> 00:06:05,430  
the sky right they can obviously tell

133  
00:06:12,050 --> 00:06:08,100  
it's not a circle it's not a plane it's

134  
00:06:14,480 --> 00:06:12,060  
it's this this rectangle yes right Jalen

135  
00:06:17,090 --> 00:06:14,490  
in the sky so it wasn't ascending in

136  
00:06:20,120 --> 00:06:17,100  
altitude rose and descending it was just

137  
00:06:22,550 --> 00:06:20,130  
chilling there that's I mean that's

138  
00:06:24,640 --> 00:06:22,560

weird yeah yeah I can't say that I've

139

00:06:27,230 --> 00:06:24,650

seen anything like that but I definitely

140

00:06:29,180 --> 00:06:27,240

that that's really that's really awesome

141

00:06:30,980 --> 00:06:29,190

yeah she says her and her friends still

142

00:06:32,960 --> 00:06:30,990

talk about it to this day she said

143

00:06:34,250 --> 00:06:32,970

nobody believes us don't you know they

144

00:06:35,340 --> 00:06:34,260

probably talk about it like every time

145

00:06:39,180 --> 00:06:35,350

they get together really

146

00:06:40,440 --> 00:06:39,190

oh nothing so I would I know I would

147

00:06:43,170 --> 00:06:40,450

that's something that you don't like

148

00:06:44,940 --> 00:06:43,180

ever like not talk about again you know

149

00:06:47,640 --> 00:06:44,950

that's kind of like it's like a

150

00:06:51,750 --> 00:06:47,650

life-changing thing yeah you know and

151  
00:06:55,080 --> 00:06:51,760  
and right here they say still nobody

152  
00:06:57,150 --> 00:06:55,090  
believes us but I'm so glad I wasn't

153  
00:06:58,590 --> 00:06:57,160  
alone I believe you Nicole we totally

154  
00:07:01,080 --> 00:06:58,600  
believe you Nicole

155  
00:07:03,120 --> 00:07:01,090  
we got yo back that's what we're here

156  
00:07:05,960 --> 00:07:03,130  
for you know we want to hear these

157  
00:07:10,350 --> 00:07:05,970  
stories so I did a little research

158  
00:07:16,380 --> 00:07:10,360  
uh-huh and I think it was a sea UFO

159  
00:07:21,900 --> 00:07:16,390  
sighting daily.com and in 2011 at 2000

160  
00:07:27,050 --> 00:07:21,910  
level 2011 level level level 2011 2011

161  
00:07:31,980 --> 00:07:27,060  
over round rock September 3rd 2011

162  
00:07:33,630 --> 00:07:31,990  
there's three photos of a rectangle on

163  
00:07:35,700 --> 00:07:33,640

the sky really yeah

164

00:07:37,920 --> 00:07:35,710

oh so do you know what what geared

165

00:07:39,720 --> 00:07:37,930

Nicole saw this because maybe it maybe

166

00:07:42,720 --> 00:07:39,730

it was thinking or just she's saying it

167

00:07:51,320 --> 00:07:42,730

was about ten or so years ago okay you

168

00:07:54,480 --> 00:07:51,330

know this was 2000 2011 so that's only

169

00:07:58,620 --> 00:07:54,490

you know seven years yeah but maybe you

170

00:08:00,300 --> 00:07:58,630

just never moved it's just dude that's

171

00:08:01,470 --> 00:08:00,310

crazy so obviously this has happened

172

00:08:04,710 --> 00:08:01,480

like more than once

173

00:08:07,140 --> 00:08:04,720

yeah I guess so there's you know there's

174

00:08:10,740 --> 00:08:07,150

different photos of it I checked it out

175

00:08:13,950 --> 00:08:10,750

we'll post it up on the Facebook the the

176

00:08:16,500 --> 00:08:13,960

UFO sightings daily yeah I'll post that

177

00:08:19,950 --> 00:08:16,510

image and I showed it to her and she

178

00:08:23,340 --> 00:08:19,960

said yes nice that looks exactly like

179

00:08:25,500 --> 00:08:23,350

really yeah that's cool and so yeah so

180

00:08:28,530 --> 00:08:25,510

that's that's pretty interesting that's

181

00:08:30,360 --> 00:08:28,540

super cool definitely definitely so and

182

00:08:33,990 --> 00:08:30,370

it's it's weird that just goes to show

183

00:08:35,670 --> 00:08:34,000

you how kind of random and elusive you

184

00:08:38,310 --> 00:08:35,680

know these things can be yeah you know

185

00:08:39,900 --> 00:08:38,320

cuz we kind of we were younger you know

186

00:08:42,270 --> 00:08:39,910

we grew up in that area mm-hmm

187

00:08:45,360 --> 00:08:42,280

for saw anything like now man I mean I

188

00:08:47,690 --> 00:08:45,370

don't even only I remember being curious

189

00:08:49,970 --> 00:08:47,700

like looking up at this guy

190

00:08:51,020 --> 00:08:49,980

knew a little bit about UFOs I think we

191

00:08:53,060 --> 00:08:51,030

talked about in like the first episode

192

00:08:55,130 --> 00:08:53,070

but I don't remember ever seeing

193

00:08:57,320 --> 00:08:55,140

anything we were always wishing I would

194

00:08:58,790 --> 00:08:57,330

but now I never I never saw anything

195

00:09:01,100 --> 00:08:58,800

like yeah growing up and in broad

196

00:09:02,720 --> 00:09:01,110

daylight dude you know that's nuts

197

00:09:10,670 --> 00:09:02,730

they're just bold just doing that in

198

00:09:12,770 --> 00:09:10,680

broad day I'm telling you Wow you know

199

00:09:15,950 --> 00:09:12,780

like a lot of these videos that you that

200

00:09:17,930 --> 00:09:15,960

I come across they're like a very silver

201  
00:09:21,110 --> 00:09:17,940  
shiny object in the sky a lot of the

202  
00:09:22,700 --> 00:09:21,120  
times discredit is as discredited as

203  
00:09:24,290 --> 00:09:22,710  
balloons and sometimes they are like

204  
00:09:27,110 --> 00:09:24,300  
they're definitely like number one

205  
00:09:29,120 --> 00:09:27,120  
balloon it looks it looks like a number

206  
00:09:32,240 --> 00:09:29,130  
one in the sky and it's floating away

207  
00:09:34,490 --> 00:09:32,250  
obviously behaving like a balloon but

208  
00:09:36,560 --> 00:09:34,500  
it's it's strange it like yeah yeah it's

209  
00:09:38,330 --> 00:09:36,570  
whipping around and shining you know

210  
00:09:40,550 --> 00:09:38,340  
reflecting the sunlight off of it and

211  
00:09:44,360 --> 00:09:40,560  
yeah it looks crazy yeah I mean

212  
00:09:46,280 --> 00:09:44,370  
obviously that's not what she saw so it

213  
00:09:47,810 --> 00:09:46,290

was you know most of time when you see

214

00:09:49,580 --> 00:09:47,820

things in the sky you're like oh what is

215

00:09:51,710 --> 00:09:49,590

that a little dot up there what is that

216

00:09:53,900 --> 00:09:51,720

little thing but this was obviously big

217

00:09:56,630 --> 00:09:53,910

enough firstly we could make out that

218

00:09:59,090 --> 00:09:56,640

this is a rectangle yeah or some sort of

219

00:10:00,560 --> 00:09:59,100

parallelogram it has edges I mean I

220

00:10:02,420 --> 00:10:00,570

guess the only shaped UFO that I've

221

00:10:04,250 --> 00:10:02,430

heard about and stuff and like triangles

222

00:10:07,940 --> 00:10:04,260

I've never heard of a rectangular

223

00:10:10,490 --> 00:10:07,950

triangles cigar shapes top hats top hats

224

00:10:11,450 --> 00:10:10,500

jell-o molds so I forgot to start the

225

00:10:14,930 --> 00:10:11,460

timer and there we go

226

00:10:17,930 --> 00:10:14,940

but yeah man so so that's that's pretty

227

00:10:20,630 --> 00:10:17,940

cool dude and we got another pretty

228

00:10:22,100 --> 00:10:20,640

interesting yeah Danny I know I said I

229

00:10:23,680 --> 00:10:22,110

said somebody's last name own to me

230

00:10:26,060 --> 00:10:23,690

maybe we shouldn't say last names I

231

00:10:29,990 --> 00:10:26,070

posted it on Facebook yeah whatever

232

00:10:32,240 --> 00:10:30,000

he posted on our Facebook it's a MUFON

233

00:10:35,180 --> 00:10:32,250

report that he submitted and this guy is

234

00:10:37,010 --> 00:10:35,190

he worked for the world isn't what the

235

00:10:39,530 --> 00:10:37,020

United States Air Force in agra

236

00:10:41,570 --> 00:10:39,540

photographer and that's also super

237

00:10:44,420 --> 00:10:41,580

interesting in itself like that so he

238

00:10:46,550 --> 00:10:44,430

kind of knows what he's looking at ya

239

00:10:49,070 --> 00:10:46,560

know he has experience you know doing

240

00:10:50,780 --> 00:10:49,080

photographs is ya lookin for things in

241

00:10:52,940 --> 00:10:50,790

the sky not just looking at things in

242

00:10:54,860 --> 00:10:52,950

real time but also reviewing them on

243

00:10:55,460 --> 00:10:54,870

this for photographs so knowing what's

244

00:10:57,050 --> 00:10:55,470

what like

245

00:10:57,560 --> 00:10:57,060

that's a trained observer if I've ever

246

00:11:00,380 --> 00:10:57,570

heard one

247

00:11:03,200 --> 00:11:00,390

right but yeah and it starts out this

248

00:11:05,150 --> 00:11:03,210

poses MUFON report it says the date in

249

00:11:07,370 --> 00:11:05,160

the time location Arlington and the

250

00:11:08,930 --> 00:11:07,380

shape was an egg shape which that's I've

251  
00:11:10,730 --> 00:11:08,940  
heard a little bit about egg shapes and

252  
00:11:12,560 --> 00:11:10,740  
like in the past couple years huh but he

253  
00:11:15,020 --> 00:11:12,570  
said this one was black a black egg

254  
00:11:16,940 --> 00:11:15,030  
shape he said it just kind of floated

255  
00:11:18,860 --> 00:11:16,950  
over his house and did it say he was

256  
00:11:20,560 --> 00:11:18,870  
with a couple buddies is that right yeah

257  
00:11:24,110 --> 00:11:20,570  
I believe it him and a friend were

258  
00:11:24,710 --> 00:11:24,120  
recording in his studio I believe is

259  
00:11:26,570 --> 00:11:24,720  
what he says

260  
00:11:28,210 --> 00:11:26,580  
yeah yeah that's right uh-huh and then

261  
00:11:30,560 --> 00:11:28,220  
it just kind of like moved towards them

262  
00:11:32,480 --> 00:11:30,570  
unfortunately their camera was like a

263  
00:11:33,650 --> 00:11:32,490

couple feet away in their car so they

264

00:11:35,390 --> 00:11:33,660

didn't have enough time to go out and

265

00:11:38,420 --> 00:11:35,400

take this photo well you know he even

266

00:11:39,560 --> 00:11:38,430

says you don't even think about it oh it

267

00:11:41,240 --> 00:11:39,570

happened so fast

268

00:11:44,240 --> 00:11:41,250

right tennis I bet you just kind of

269

00:11:45,830 --> 00:11:44,250

stunned yeah you're not thinking yeah

270

00:11:47,660 --> 00:11:45,840

you know like you're too busy watching

271

00:11:49,760 --> 00:11:47,670

it and seeing what it's gonna do it's

272

00:11:51,530 --> 00:11:49,770

like that multiplied by how much how

273

00:11:53,030 --> 00:11:51,540

fast it's going to you because like I

274

00:11:55,340 --> 00:11:53,040

think your brain just takes a little bit

275

00:11:58,040 --> 00:11:55,350

of time - oh I'm not seeing something

276

00:11:59,690 --> 00:11:58,050

normal and then and then by the time you

277

00:12:02,000 --> 00:11:59,700

catch up - oh I need to act and like

278

00:12:03,050 --> 00:12:02,010

capture this it's gone and it's gone

279

00:12:05,630 --> 00:12:03,060

it's like that thing you were talking

280

00:12:07,160 --> 00:12:05,640

about if I threw a baseball at you would

281

00:12:10,160 --> 00:12:07,170

you be able to take your phone out yeah

282

00:12:11,800 --> 00:12:10,170

and get a picture so that's that's super

283

00:12:15,350 --> 00:12:11,810

awesome I love that right Thank You

284

00:12:19,130 --> 00:12:15,360

Danny for summing that that's awesome he

285

00:12:23,300 --> 00:12:19,140

was saying up there I called it an egg

286

00:12:27,020 --> 00:12:23,310

shape they called it a tic-tac okay is

287

00:12:29,150 --> 00:12:27,030

that what he said yeah oh that top of

288

00:12:31,670 --> 00:12:29,160

his post that's right I'm wondering if

289

00:12:34,130 --> 00:12:31,680

this whole tic-tac phenomenon is gonna

290

00:12:36,620 --> 00:12:34,140

take over and now everything's gonna be

291

00:12:40,270 --> 00:12:36,630

a tic-tac mm-hmm you know like I hope we

292

00:12:43,280 --> 00:12:40,280

don't go down that road me too that's

293

00:12:44,930 --> 00:12:43,290

yeah I yeah I hope I hope some other

294

00:12:52,370 --> 00:12:44,940

footage comes out that's another shape

295

00:12:55,820 --> 00:12:52,380

because that's a pretty lame it doesn't

296

00:12:57,230 --> 00:12:55,830

sound so dumb okay I guess if that's

297

00:12:59,840 --> 00:12:57,240

what it looks like I guess it's not any

298

00:13:05,269 --> 00:12:59,850

better than flying saucer or flying rice

299

00:13:11,239 --> 00:13:07,369

it sounds like an awesome restaurant

300

00:13:13,069 --> 00:13:11,249

flying right flying rice yeah so quick

301  
00:13:15,590 --> 00:13:13,079  
it'll make your head spin that's nice

302  
00:13:17,960 --> 00:13:15,600  
nice rice so where was that at in

303  
00:13:19,850 --> 00:13:17,970  
Arlington Texas yeah Arlington Arlington

304  
00:13:22,129 --> 00:13:19,860  
Texas I love how all these are coming

305  
00:13:23,720 --> 00:13:22,139  
from Texas oh I know it feels like Texas

306  
00:13:25,939 --> 00:13:23,730  
is kind of like a hot spot lately

307  
00:13:27,499 --> 00:13:25,949  
definitely definitely well you know

308  
00:13:29,960 --> 00:13:27,509  
there's a lot of people who say that

309  
00:13:31,970 --> 00:13:29,970  
Texas is you know a hot spot we've got a

310  
00:13:34,759 --> 00:13:31,980  
lot of empty space here brother you know

311  
00:13:37,879 --> 00:13:34,769  
got our big cities but in between those

312  
00:13:40,819 --> 00:13:37,889  
cities and [h\_\_h] you got all kinds of

313  
00:13:43,249 --> 00:13:40,829

towns big green town and in between

314

00:13:45,439 --> 00:13:43,259

those towns just cornfields nothing yeah

315

00:13:48,229 --> 00:13:45,449

a lot of the towns are just cornfields

316

00:13:50,869 --> 00:13:48,239

yeah so you know it's it makes sense

317

00:13:52,220 --> 00:13:50,879

that it would happen man I mean if I

318

00:13:53,419 --> 00:13:52,230

could go to any other place other than

319

00:13:55,579 --> 00:13:53,429

Nevada I guess

320

00:13:57,229 --> 00:13:55,589

prices would be be the place it's like

321

00:14:00,259 --> 00:13:57,239

other than Montana

322

00:14:02,600 --> 00:14:00,269

I wonder what like the New Mexico the

323

00:14:05,059 --> 00:14:02,610

population you know versus how many

324

00:14:07,729 --> 00:14:05,069

square square a clerk acres there are

325

00:14:10,549 --> 00:14:07,739

you know like where humans are actually

326

00:14:12,739 --> 00:14:10,559

living and the possibility you know they

327

00:14:14,389 --> 00:14:12,749

they tie guess this is kind of segwaying

328

00:14:15,799 --> 00:14:14,399

into what bob lazar was talking about

329

00:14:17,900 --> 00:14:15,809

this week but no I was talking about

330

00:14:22,369 --> 00:14:17,910

like they would have flight test times

331

00:14:24,530 --> 00:14:22,379

and at s4 and choose when they could do

332

00:14:26,479 --> 00:14:24,540

those test flights because less traffic

333

00:14:28,729 --> 00:14:26,489

less traffic like that but that already

334

00:14:31,609 --> 00:14:28,739

seems like man why don't you just choose

335

00:14:34,489 --> 00:14:31,619

a place that there's no highway anywhere

336

00:14:36,379 --> 00:14:34,499

around you know yeah so I thought that

337

00:14:40,309 --> 00:14:36,389

was interesting yeah dude

338

00:14:42,619 --> 00:14:40,319

so Bob Lazar yeah man that guy's been

339

00:14:44,119 --> 00:14:42,629

putting in some work late so tell people

340

00:14:49,850 --> 00:14:44,129

if they don't know about Bob Lazar a

341

00:14:53,869 --> 00:14:49,860

little bit so Bob Lazar he worked at the

342

00:14:56,090 --> 00:14:53,879

s4 location near area 51 which I guess

343

00:14:59,090 --> 00:14:56,100

they said is about what 50 miles south

344

00:15:03,439 --> 00:14:59,100

of the location and so this is the place

345

00:15:09,559 --> 00:15:03,449

that that Bob Lazar got to work at well

346

00:15:12,259 --> 00:15:09,569

you know he saw he saw air craft yeah

347

00:15:14,869 --> 00:15:12,269

nine of them he saw nine but he's a he's

348

00:15:16,190 --> 00:15:14,879

a he was reverse engineering that

349

00:15:18,560 --> 00:15:16,200

proposed the propulsion

350

00:15:21,710 --> 00:15:18,570

nology yeah for the UFOs that's why he

351

00:15:26,180 --> 00:15:21,720

got brought in it was to do that work

352

00:15:29,000 --> 00:15:26,190

well he ended up finding out some things

353

00:15:32,480 --> 00:15:29,010

that he didn't you know think was was

354

00:15:34,160 --> 00:15:32,490

right to hold back from the public the

355

00:15:35,690 --> 00:15:34,170

fact that there's other creatures here

356

00:15:37,940 --> 00:15:35,700

there's other things this year because

357

00:15:40,130 --> 00:15:37,950

he found out that I mean once I mean a

358

00:15:42,650 --> 00:15:40,140

guy that's Martin that knows physics and

359

00:15:45,650 --> 00:15:42,660

propulsion technology he realized that

360

00:15:46,970 --> 00:15:45,660

there was there there's there's nothing

361

00:15:48,590 --> 00:15:46,980

about these crafts and the propulsion

362

00:15:51,320 --> 00:15:48,600

systems that used to fly these crafts

363

00:15:53,570 --> 00:15:51,330

that are anywhere near our level so

364

00:15:57,520 --> 00:15:53,580

that's why I mean he that way behind our

365

00:16:01,100 --> 00:15:57,530

capability yeah yeah and so you know

366

00:16:02,930 --> 00:16:01,110

some people that worked with him or for

367

00:16:04,640 --> 00:16:02,940

the government they started following

368

00:16:08,750 --> 00:16:04,650

and started to freak him out a little

369

00:16:11,540 --> 00:16:08,760

bit right and and this was in 1989 right

370

00:16:13,550 --> 00:16:11,550

right and he kind of had an unstable

371

00:16:16,190 --> 00:16:13,560

home life at the time and so people

372

00:16:17,540 --> 00:16:16,200

started following him around and he

373

00:16:18,800 --> 00:16:17,550

started to get a little worried he

374

00:16:20,450 --> 00:16:18,810

started you know that was the first time

375

00:16:24,140 --> 00:16:20,460

he said he started to get suspicious

376

00:16:26,870 --> 00:16:24,150

and so as an insurance policy is what it

377

00:16:29,270 --> 00:16:26,880

has what he calls it he told a couple

378

00:16:30,650 --> 00:16:29,280

friends just in case anything happened

379

00:16:32,660 --> 00:16:30,660

to him then you know they would know

380

00:16:35,200 --> 00:16:32,670

what was going on he took him out to the

381

00:16:39,710 --> 00:16:35,210

test site and showed him these things

382

00:16:41,900 --> 00:16:39,720

right and he got found out they found

383

00:16:43,760 --> 00:16:41,910

him about what was it I guess he was

384

00:16:47,420 --> 00:16:43,770

saying that they were right there in the

385

00:16:49,250 --> 00:16:47,430

field yeah in this but get this podcast

386

00:16:50,840 --> 00:16:49,260

we both listen to that the Joe Rogan

387

00:16:52,610 --> 00:16:50,850

podcast he mentioned I'd never heard

388

00:16:52,880 --> 00:16:52,620

this word this story before yeah me

389

00:16:55,580 --> 00:16:52,890

either

390

00:16:58,790 --> 00:16:55,590

but yeah he was like I saw this green

391

00:17:01,010 --> 00:16:58,800

laser roll up to our feet they were like

392

00:17:03,740 --> 00:17:01,020

20 feet from him in the dark

393

00:17:04,730 --> 00:17:03,750

yeah just surrounding his buddies but

394

00:17:07,730 --> 00:17:04,740

yeah I mean that's kind of the history

395

00:17:11,840 --> 00:17:07,740

what Bob Lazar is it he came out in the

396

00:17:14,810 --> 00:17:11,850

90s like early 90s right or I guess it

397

00:17:17,060 --> 00:17:14,820

must have been yeah like 91 or something

398

00:17:19,160 --> 00:17:17,070

because he'd have to have quit working

399

00:17:21,470 --> 00:17:19,170

at s4 yeah that's one thing I'm not

400

00:17:22,819 --> 00:17:21,480

clear on is the length of time the

401

00:17:24,710 --> 00:17:22,829

length of time that all this stuff

402

00:17:26,780 --> 00:17:24,720

happened yeah I don't know was it a

403

00:17:28,340 --> 00:17:26,790

couple months gonna take you know a year

404

00:17:30,740 --> 00:17:28,350

or two for this stuff to happen

405

00:17:32,360 --> 00:17:30,750

yeah you know so he came out just to let

406

00:17:33,860 --> 00:17:32,370

anybody else know that doesn't doesn't

407

00:17:36,049 --> 00:17:33,870

know this already so he he comes out

408

00:17:38,870 --> 00:17:36,059

about this information to the news and

409

00:17:41,360 --> 00:17:38,880

he's on this news interview and he like

410

00:17:42,950 --> 00:17:41,370

kind of whistle blows that hey yeah our

411

00:17:47,110 --> 00:17:42,960

military governor our government has

412

00:17:50,210 --> 00:17:47,120

these UFO crafts and you know there are

413

00:17:51,409 --> 00:17:50,220

ETS that have been here and maybe have

414

00:17:53,360 --> 00:17:51,419

been here for a long time

415

00:17:55,400 --> 00:17:53,370

and maybe we're working with him maybe

416

00:17:58,400 --> 00:17:55,410

we're not so that was that that's kind

417

00:18:01,370 --> 00:17:58,410

of bob lazar story but cut to 30 years

418

00:18:03,169 --> 00:18:01,380

later which is just now he he hasn't

419

00:18:06,070 --> 00:18:03,179

talked to any news crew had any

420

00:18:09,260 --> 00:18:06,080

interviews 30 years later he does this

421

00:18:11,899 --> 00:18:09,270

documentary and he's done two interviews

422

00:18:13,430 --> 00:18:11,909

we both seen the Joe Rogan one have and

423

00:18:15,620 --> 00:18:13,440

I think I showed you that Larry King

424

00:18:18,350 --> 00:18:15,630

yeah what's the whole thing yeah yeah

425

00:18:20,149 --> 00:18:18,360

yeah that's no joke dude even Larry King

426

00:18:22,460 --> 00:18:20,159

he started getting into it his demeanor

427

00:18:24,620 --> 00:18:22,470

was definitely like very curious and not

428

00:18:26,779 --> 00:18:24,630

like little green men yeah he wasn't

429

00:18:29,390 --> 00:18:26,789

just using it at all dude he wanted to

430

00:18:31,490 --> 00:18:29,400

know you know what was going on you know

431

00:18:33,850 --> 00:18:31,500

is this the truth you know when he asked

432

00:18:37,039 --> 00:18:33,860

him he's like hey you know so Bob are

433

00:18:38,360 --> 00:18:37,049

are these things real yeah and he looked

434

00:18:40,700 --> 00:18:38,370

at me like Larry

435

00:18:43,039 --> 00:18:40,710

they're as real as that coffee cups in

436

00:18:46,340 --> 00:18:43,049

in front of you to me at least you know

437

00:18:47,270 --> 00:18:46,350

he worked on him I thought that was a

438

00:18:50,419 --> 00:18:47,280

pretty cool quip

439

00:18:53,360 --> 00:18:50,429

yeah it was he seemed bob seemed really

440

00:18:54,740 --> 00:18:53,370

really put together compared to I guess

441

00:18:57,380 --> 00:18:54,750

he was having a migraine on the Joe

442

00:18:59,180 --> 00:18:57,390

Rogan podcast so I mean that that makes

443

00:19:01,700 --> 00:18:59,190

sense but he definitely felt like way

444

00:19:03,950 --> 00:19:01,710

more polished some of the stuff he was

445

00:19:05,840 --> 00:19:03,960

saying was exactly the same way he said

446

00:19:09,200 --> 00:19:05,850

it on the drill Rogan podcast just a lot

447

00:19:12,799 --> 00:19:09,210

more polished well it's this dude he's

448

00:19:14,779 --> 00:19:12,809

his story stayed the exact same so he

449

00:19:17,060 --> 00:19:14,789

did the original interviews right in

450

00:19:19,100 --> 00:19:17,070

like the eighties and stuff you know it

451  
00:19:21,950 --> 00:19:19,110  
hasn't changed yeah so when he's telling

452  
00:19:22,760 --> 00:19:21,960  
this story I already know like what's

453  
00:19:25,130 --> 00:19:22,770  
coming next

454  
00:19:28,010 --> 00:19:25,140  
uh-huh this time he added in a lot of

455  
00:19:29,029 --> 00:19:28,020  
little details like the archeological

456  
00:19:32,720 --> 00:19:29,039  
dig yes

457  
00:19:34,789 --> 00:19:32,730  
dude that was what huge cuz that puts a

458  
00:19:37,100 --> 00:19:34,799  
whole new perspective on this thing

459  
00:19:39,200 --> 00:19:37,110  
right on like oh we're not just shooting

460  
00:19:42,180 --> 00:19:39,210  
them out of the sky right you know if

461  
00:19:44,159 --> 00:19:42,190  
they're not just flying you know like

462  
00:19:45,869 --> 00:19:44,169  
across the galaxy and him crashing once

463  
00:19:47,340 --> 00:19:45,879

they get to earth okay that's a big

464

00:19:50,100 --> 00:19:47,350

question everybody always asked right

465

00:19:51,509 --> 00:19:50,110

okay you know how do they fly all the

466

00:19:52,740 --> 00:19:51,519

way across the universe and then crash

467

00:19:55,019 --> 00:19:52,750

when they get here mm-hmm

468

00:19:57,690 --> 00:19:55,029

you probably didn't crash maybe it

469

00:20:01,560 --> 00:19:57,700

didn't dude when he said that I got

470

00:20:04,110 --> 00:20:01,570

chills like on my arms yeah he didn't

471

00:20:07,289 --> 00:20:04,120

say like I know this for a fact he said

472

00:20:09,450 --> 00:20:07,299

I had maybe Barry his partner had

473

00:20:11,999 --> 00:20:09,460

mentioned something to the effect that

474

00:20:13,710 --> 00:20:12,009

they were found or one of them or maybe

475

00:20:15,720 --> 00:20:13,720

I don't know maybe all of them were were

476

00:20:17,389 --> 00:20:15,730

found so he he's not claiming that he

477

00:20:20,220 --> 00:20:17,399

knows for a fact that they were from an

478

00:20:22,560 --> 00:20:20,230

archaeological dig but and he's very

479

00:20:25,289 --> 00:20:22,570

good at that too just making sure people

480

00:20:26,129 --> 00:20:25,299

know like yeah I don't know this for

481

00:20:27,539 --> 00:20:26,139

sure mm-hmm

482

00:20:30,210 --> 00:20:27,549

there are certain things that I worked

483

00:20:32,700 --> 00:20:30,220

on that I do know 100% and I will tell

484

00:20:35,220 --> 00:20:32,710

them to you but he he doesn't jump to

485

00:20:41,369 --> 00:20:35,230

conclusions Rhys very good at it like we

486

00:20:43,350 --> 00:20:41,379

do yeah he's very good at sticking to

487

00:20:46,080 --> 00:20:43,360

what he knows you know that's what makes

488

00:20:47,970 --> 00:20:46,090

me like respect him so much and I think

489

00:20:49,769 --> 00:20:47,980

it when you did we needed somebody like

490

00:20:52,769 --> 00:20:49,779

that we needed like a Neil deGrasse

491

00:20:55,320 --> 00:20:52,779

Tyson character to just no [\h\_\_\h] this

492

00:20:57,690 --> 00:20:55,330

is what I know and I'm not gonna come up

493

00:20:58,499 --> 00:20:57,700

with some you know [\h\_\_\h] that I don't

494

00:21:02,580 --> 00:20:58,509

know what I'm talking about

495

00:21:04,379 --> 00:21:02,590

yeah you know like I'm happy I was

496

00:21:06,539 --> 00:21:04,389

always really impressed yeah you know

497

00:21:08,730 --> 00:21:06,549

because when you when you hear this

498

00:21:11,070 --> 00:21:08,740

story for the first time it's kind of

499

00:21:13,289 --> 00:21:11,080

and I don't know about that you know

500

00:21:17,310 --> 00:21:13,299

it's strange it's hard to kind of

501  
00:21:20,490 --> 00:21:17,320  
swallow but the more you listen to it

502  
00:21:22,889 --> 00:21:20,500  
the more like the puzzles kind of pieces

503  
00:21:28,049 --> 00:21:22,899  
start to kind of fit yeah it really like

504  
00:21:30,389 --> 00:21:28,059  
I'm a lot more he persuaded me a lot

505  
00:21:33,749 --> 00:21:30,399  
more this this time around oh yeah then

506  
00:21:35,669 --> 00:21:33,759  
then the original one same you know now

507  
00:21:38,220 --> 00:21:35,679  
just because we know all the stuff that

508  
00:21:39,690 --> 00:21:38,230  
he said now we have the technology right

509  
00:21:41,009 --> 00:21:39,700  
now all the things that he talked about

510  
00:21:42,720 --> 00:21:41,019  
that we were like you're crazy that

511  
00:21:44,940 --> 00:21:42,730  
doesn't even exist well it all exists

512  
00:21:50,789 --> 00:21:44,950  
right know about Illinois 115 yeah you

513  
00:21:52,980 --> 00:21:50,799

know was it the hand scanner yeah you're

514

00:21:55,360 --> 00:21:52,990

crazy and they found pictures of it yeah

515

00:21:57,640 --> 00:21:55,370

Jeremy Carell I guess was credited

516

00:21:59,650 --> 00:21:57,650

actually finding that yeah so I mean

517

00:22:01,960 --> 00:21:59,660

credits drama Korbel he's getting a lot

518

00:22:04,060 --> 00:22:01,970

of [h\_\_h] online right now which I hate

519

00:22:06,670 --> 00:22:04,070

for the guy because he has done so much

520

00:22:08,440 --> 00:22:06,680

I mean with the Bob Lazar story yeah

521

00:22:12,850 --> 00:22:08,450

documentary and all these interviews but

522

00:22:14,920 --> 00:22:12,860

like whoo it's pretty yes yeah kind of

523

00:22:17,350 --> 00:22:14,930

cringe ll mean you know I don't uh

524

00:22:19,120 --> 00:22:17,360

I think Woody's I think what you're

525

00:22:21,580 --> 00:22:19,130

doing is great the things that people

526  
00:22:25,180 --> 00:22:21,590  
are saying about him are cringing yeah

527  
00:22:27,010 --> 00:22:25,190  
yeah they are pretty cringy and I don't

528  
00:22:28,090 --> 00:22:27,020  
I don't personally know a whole lot

529  
00:22:30,220 --> 00:22:28,100  
about Jeremy

530  
00:22:34,140 --> 00:22:30,230  
yeah no I'm from from just kind of what

531  
00:22:37,990 --> 00:22:34,150  
I've looked at and stuff you know and

532  
00:22:40,990 --> 00:22:38,000  
seeing his work it's pretty decent I can

533  
00:22:42,910 --> 00:22:41,000  
see how people can come to the

534  
00:22:45,010 --> 00:22:42,920  
conclusion like oh he's just trying to

535  
00:22:47,350 --> 00:22:45,020  
ride the coattails of Bob yeah you know

536  
00:22:49,750 --> 00:22:47,360  
it's like you're not interesting get out

537  
00:22:51,669 --> 00:22:49,760  
of here I want to hear what Bob has to

538  
00:22:54,070 --> 00:22:51,679

say right I think that's natural I mean

539

00:22:56,470 --> 00:22:54,080

but at the same time he's the one who

540

00:22:58,770 --> 00:22:56,480

did the documentary he has had all that

541

00:23:02,110 --> 00:22:58,780

information right and the things that

542

00:23:03,280 --> 00:23:02,120

Bob are you know is kind of I don't

543

00:23:05,500 --> 00:23:03,290

really want to talk about it

544

00:23:07,740 --> 00:23:05,510

Jeremy will talk about a program and

545

00:23:10,510 --> 00:23:07,750

yeah I'm Tim on things I think he's a

546

00:23:13,450 --> 00:23:10,520

core element to those interviews because

547

00:23:15,850 --> 00:23:13,460

he helps Bob get that out yes otherwise

548

00:23:19,299 --> 00:23:15,860

Bob wouldn't say these yeah like go into

549

00:23:20,890 --> 00:23:19,309

detail about like element 115 in like

550

00:23:23,080 --> 00:23:20,900

what the shape is and things like that

551  
00:23:25,600 --> 00:23:23,090  
like right we would not have known that

552  
00:23:27,250 --> 00:23:25,610  
had not Jerry Jeremy said something like

553  
00:23:29,590 --> 00:23:27,260  
hate talk about this I love even talks

554  
00:23:30,880 --> 00:23:29,600  
about that so dude I don't really I

555  
00:23:33,040 --> 00:23:30,890  
don't really get why everybody's so

556  
00:23:36,280 --> 00:23:33,050  
annoyed by him I mean he's not he's not

557  
00:23:37,570 --> 00:23:36,290  
that bad he's not he's not I think

558  
00:23:38,200 --> 00:23:37,580  
people just want to find something to

559  
00:23:40,270 --> 00:23:38,210  
complain about

560  
00:23:43,120 --> 00:23:40,280  
oh absolutely man it's the internet you

561  
00:23:47,620 --> 00:23:43,130  
know trolls I've never met Jeremy live

562  
00:23:49,780 --> 00:23:47,630  
but I plan on shaking that man's hand

563  
00:23:52,030 --> 00:23:49,790

dude I'm stoked yeah in September yeah I

564

00:23:54,220 --> 00:23:52,040

go to the UFO Congress yeah I mean I'm

565

00:23:55,480 --> 00:23:54,230

just I'm excited to hear his story cuz

566

00:23:57,280 --> 00:23:55,490

he's only taught he hasn't never talked

567

00:23:59,680 --> 00:23:57,290

about himself right he only talks about

568

00:24:01,270 --> 00:23:59,690

his work and the things that he's done

569

00:24:03,280 --> 00:24:01,280

with Bob yeah I'm wondering if he's

570

00:24:05,290 --> 00:24:03,290

gonna be there to kind of speak on boz

571

00:24:05,620 --> 00:24:05,300

behalf and tell Bob story or if he's

572

00:24:07,510 --> 00:24:05,630

gonna

573

00:24:09,160 --> 00:24:07,520

kind of do his own thing uh yeah

574

00:24:10,630 --> 00:24:09,170

interesting I'm kind of I'm kind of

575

00:24:11,050 --> 00:24:10,640

interested to see what he does but yeah

576

00:24:13,150 --> 00:24:11,060

I know

577

00:24:17,260 --> 00:24:13,160

George naps gonna be there George NASA

578

00:24:18,580 --> 00:24:17,270

oh you know and that's the guy that you

579

00:24:20,230 --> 00:24:18,590

know Jeremy gives a lot of credit to you

580

00:24:23,710 --> 00:24:20,240

for kind of taking him under his wing

581

00:24:25,440 --> 00:24:23,720

mentoring in a mentor which is so cool

582

00:24:29,170 --> 00:24:25,450

because you know George did the original

583

00:24:31,690 --> 00:24:29,180

Bob story and now he's doing that's so

584

00:24:36,280 --> 00:24:31,700

cool and that's super bad yeah I know I

585

00:24:39,010 --> 00:24:36,290

know we had said that most UFO

586

00:24:40,960 --> 00:24:39,020

documentaries are [h\_\_\h] yeah this was

587

00:24:44,140 --> 00:24:40,970

really good that was really good really

588

00:24:46,810 --> 00:24:44,150

good yeah yeah I mean the newer ones are

589

00:24:48,970 --> 00:24:46,820

they're pretty good yeah they're decent

590

00:24:51,670 --> 00:24:48,980

but the old ones are just hilarious

591

00:24:55,780 --> 00:24:51,680

right it's it's easy to see why people

592

00:24:58,300 --> 00:24:55,790

would like horseshit you know old what

593

00:25:05,380 --> 00:24:58,310

the new document is that guy with the

594

00:25:10,050 --> 00:25:05,390

with the dictionary yeah

595

00:25:14,320 --> 00:25:10,060

dude so I'm talking about Jeremy probing

596

00:25:16,990 --> 00:25:14,330

bob bob lazar on some details one detail

597

00:25:20,230 --> 00:25:17,000

that Bob mentioned in the Larry King

598

00:25:22,750 --> 00:25:20,240

Live show the interview that he did not

599

00:25:27,010 --> 00:25:22,760

cover in the Joe Rogan interview was

600

00:25:29,860 --> 00:25:27,020

that the reactor for the alien craft of

601  
00:25:32,050 --> 00:25:29,870  
course needed the fuel element 115 but

602  
00:25:34,660 --> 00:25:32,060  
what he said is that it needed to be

603  
00:25:37,060 --> 00:25:34,670  
coupled with radiation when you expose

604  
00:25:39,190 --> 00:25:37,070  
it to radiation which oh that's another

605  
00:25:41,560 --> 00:25:39,200  
clue oh that's interesting

606  
00:25:43,360 --> 00:25:41,570  
I wonder white and mention that on the

607  
00:25:45,280 --> 00:25:43,370  
drill Rogan podcast yeah you know yeah

608  
00:25:47,080 --> 00:25:45,290  
maybe you didn't mean to not do that but

609  
00:25:49,690 --> 00:25:47,090  
you know I'd be willing to bet though

610  
00:25:51,670 --> 00:25:49,700  
that Joe Rogan gets way more views than

611  
00:25:54,840 --> 00:25:51,680  
Larry King does yeah even though Larry

612  
00:25:57,400 --> 00:25:54,850  
King is the og right it's a different

613  
00:25:58,240 --> 00:25:57,410

different demographics absolutely

614

00:26:00,220 --> 00:25:58,250

absolutely

615

00:26:01,600 --> 00:26:00,230

like had you not sent me that link I

616

00:26:04,060 --> 00:26:01,610

probably wouldn't have found it yeah I

617

00:26:06,490 --> 00:26:04,070

just found it on reddit yeah yeah so you

618

00:26:08,890 --> 00:26:06,500

know that's that's that's pretty cool

619

00:26:10,710 --> 00:26:08,900

and because you know he was like okay

620

00:26:13,090 --> 00:26:10,720

this is a 25-minute

621

00:26:14,050 --> 00:26:13,100

yeah he kind of had to rush through

622

00:26:16,300 --> 00:26:14,060

stuff a little bit

623

00:26:18,490 --> 00:26:16,310

yeah and that's that old that's that old

624

00:26:19,389 --> 00:26:18,500

timeline you know they got a lot of

625

00:26:21,249 --> 00:26:19,399

times Larry

626

00:26:23,589 --> 00:26:21,259

would like kind of cut him off before he

627

00:26:26,940 --> 00:26:23,599

was done Bob Lazar was done speaking

628

00:26:30,099 --> 00:26:26,950

really oh and where do you shop like

629

00:26:31,749 --> 00:26:30,109

those hard-hitting questions uh-huh well

630

00:26:33,549 --> 00:26:31,759

they didn't ask that but you know what I

631

00:26:36,940 --> 00:26:33,559

mean like yeah he's got to keep on this

632

00:26:38,829 --> 00:26:36,950

schedule Joe did a really good job he

633

00:26:40,899 --> 00:26:38,839

really did did a really good job yeah

634

00:26:43,599 --> 00:26:40,909

and you're interviewing Bob he refrained

635

00:26:45,639 --> 00:26:43,609

from like getting frustrated and like

636

00:26:49,029 --> 00:26:45,649

callin [h\_\_\h] like a lot of the times

637

00:26:51,849 --> 00:26:49,039

you know in the past for Hill Hill like

638

00:26:53,440 --> 00:26:51,859

his his [\h\_\_\h] meter will go up and

639

00:26:55,450 --> 00:26:53,450

he'll start attacking him yeah

640

00:26:57,430 --> 00:26:55,460

he stayed pretty even-keeled the whole

641

00:26:58,930 --> 00:26:57,440

time because you could see it coming up

642

00:27:01,269 --> 00:26:58,940

a little bit you could see it coming up

643

00:27:03,339 --> 00:27:01,279

out of Joe a little bit but then at the

644

00:27:05,769 --> 00:27:03,349

same time Bob has an answer for

645

00:27:09,310 --> 00:27:05,779

everything like he's got an answer and

646

00:27:11,139 --> 00:27:09,320

he explains that answer out yeah as to

647

00:27:12,879 --> 00:27:11,149

why this is what it is right if he

648

00:27:15,459 --> 00:27:12,889

doesn't know he just says I'm not gonna

649

00:27:16,839 --> 00:27:15,469

go in there cuz I don't know yeah I bet

650

00:27:19,599 --> 00:27:16,849

you he's thought of a million things he

651  
00:27:21,070 --> 00:27:19,609  
would have asked him you know yeah he's

652  
00:27:22,570 --> 00:27:21,080  
probably sitting there like Tim and I

653  
00:27:24,430 --> 00:27:22,580  
should have asked that she asked this

654  
00:27:26,320 --> 00:27:24,440  
yeah there was I wouldn't I wanted him

655  
00:27:27,969 --> 00:27:26,330  
to ask more things it was that podcast

656  
00:27:30,310 --> 00:27:27,979  
wasn't long enough it was like three

657  
00:27:34,779 --> 00:27:30,320  
hours but I know yeah I feel like it

658  
00:27:37,499 --> 00:27:34,789  
could have been so much longer it it was

659  
00:27:40,599 --> 00:27:37,509  
interesting to see how you know how bob

660  
00:27:43,930 --> 00:27:40,609  
was like this hasn't helped me at all

661  
00:27:46,299 --> 00:27:43,940  
I don't even keep up with UFO stories I

662  
00:27:50,349 --> 00:27:46,309  
you know it doesn't interest me

663  
00:27:52,659 --> 00:27:50,359

whatsoever I don't like this I don't

664

00:27:55,239 --> 00:27:52,669

like doing interviews I don't you know

665

00:27:58,989 --> 00:27:55,249

people camping out on his yard and stuff

666

00:28:01,719 --> 00:27:58,999

it's insane it's so crazy he's like I'm

667

00:28:04,089 --> 00:28:01,729

not even an alien person yeah I just so

668

00:28:06,399 --> 00:28:04,099

happen to be the right place at the

669

00:28:08,919 --> 00:28:06,409

right time and extremely interested in

670

00:28:11,440 --> 00:28:08,929

the technology portion of it yeah yeah

671

00:28:13,930 --> 00:28:11,450

it's just it's an interesting guy and

672

00:28:16,149 --> 00:28:13,940

it's it it just really makes sense that

673

00:28:17,950 --> 00:28:16,159

someone and it kind of works out

674

00:28:20,440 --> 00:28:17,960

perfectly that it's someone that doesn't

675

00:28:22,479 --> 00:28:20,450

care about the subject and it's strictly

676

00:28:25,239 --> 00:28:22,489

like a scientist that knows his [h\_\_\h] was

677

00:28:28,180 --> 00:28:25,249

literally working on propulsion systems

678

00:28:30,279 --> 00:28:28,190

for for other things for for other

679

00:28:32,020 --> 00:28:30,289

companies he worked for Los Alamos

680

00:28:34,000 --> 00:28:32,030

Alamos

681

00:28:37,390 --> 00:28:34,010

he worked for like some nuclear company

682

00:28:39,450 --> 00:28:37,400

right and now he sells his own science

683

00:28:42,520 --> 00:28:39,460

equipment yeah yeah

684

00:28:45,730 --> 00:28:42,530

some beakers did yeah it's got all those

685

00:28:46,810 --> 00:28:45,740

little like metal shavings and it looks

686

00:28:51,130 --> 00:28:46,820

weird it looks like he's doing something

687

00:28:54,900 --> 00:28:51,140

really Shady and they're talking about

688

00:28:57,610 --> 00:28:54,910

element 115 so you're like wait is that

689

00:28:59,440 --> 00:28:57,620

I keep waiting for the feds to knock on

690

00:29:02,380 --> 00:28:59,450

our door when we keep saying element 150

691

00:29:08,440 --> 00:29:02,390

it's probably something going on there's

692

00:29:15,670 --> 00:29:08,450

a red light these cheeseburgers man

693

00:29:18,190 --> 00:29:15,680

they're gonna come to my house [\h\_\_\h] no

694

00:29:19,990 --> 00:29:18,200

the feds are thirsty for that thing dude

695

00:29:22,270 --> 00:29:20,000

I'm telling you man

696

00:29:27,180 --> 00:29:22,280

you know what they never really get into

697

00:29:30,460 --> 00:29:27,190

though is how they say Bob said he had

698

00:29:33,250 --> 00:29:30,470

snuck out some element 115 right they

699

00:29:35,320 --> 00:29:33,260

never go any further than nope they

700

00:29:35,500 --> 00:29:35,330

never say oh so where do you still have

701  
00:29:42,190 --> 00:29:35,510  
it

702  
00:29:44,290 --> 00:29:42,200  
be the logical next question only thing

703  
00:29:47,290 --> 00:29:44,300  
that they said about the 115 was we

704  
00:29:49,780 --> 00:29:47,300  
found a videotape that was you know oh

705  
00:29:52,540 --> 00:29:49,790  
right yeah that's something cloud video

706  
00:29:54,160 --> 00:29:52,550  
you had been lost for four years and we

707  
00:29:56,320 --> 00:29:54,170  
just so happen to find it and in that

708  
00:29:59,920 --> 00:29:56,330  
video you can see little pieces

709  
00:30:02,650 --> 00:29:59,930  
that's element 115 obviously the next

710  
00:30:05,590 --> 00:30:02,660  
question would be like where is it yeah

711  
00:30:08,890 --> 00:30:05,600  
just showed a video of the element 115

712  
00:30:10,900 --> 00:30:08,900  
so that proves he does have it or he

713  
00:30:18,040 --> 00:30:10,910

buried it somewhere or something or we

714

00:30:24,640 --> 00:30:18,050

used it all up dude who knows but I mean

715

00:30:27,190 --> 00:30:24,650

would he build a UFO in his garage full

716

00:30:32,170 --> 00:30:27,200

circle dude thanks did you plan that no

717

00:30:35,100 --> 00:30:32,180

thanks for the shoutout Bob yeah no this

718

00:30:38,950 --> 00:30:35,110

episode was brought to you by UFO garage

719

00:30:41,830 --> 00:30:38,960

that's us we make UFOs in the garage

720

00:30:44,320 --> 00:30:41,840

yeah we don't have those at all we don't

721

00:30:44,989 --> 00:30:44,330

have any we don't have that not anymore

722

00:30:49,609 --> 00:30:44,999

don't cone

723

00:30:51,529 --> 00:30:49,619

my house Oh God we shoulda said that man

724

00:30:53,719 --> 00:30:51,539

what's worse being probed by an alien or

725

00:30:56,599 --> 00:30:53,729

being probed by the FBI oh for sure FBI

726

00:30:58,309 --> 00:30:56,609

I'm a spy right yeah cuz at least the

727

00:31:01,159 --> 00:30:58,319

aliens will help you forget about it

728

00:31:01,539 --> 00:31:01,169

oh right yeah erase your memory yeah do

729

00:31:06,139 --> 00:31:01,549

it

730

00:31:07,549 --> 00:31:06,149

that kind of sucks like like especially

731

00:31:10,039 --> 00:31:07,559

for us like you know we were talking

732

00:31:12,199 --> 00:31:10,049

about I would totally go I would go with

733

00:31:14,029 --> 00:31:12,209

an alien yeah give me some some time to

734

00:31:16,129 --> 00:31:14,039

process it and I would go right right

735

00:31:18,649 --> 00:31:16,139

what if they happen they just erase your

736

00:31:20,419 --> 00:31:18,659

memory and we're bummed that we've never

737

00:31:22,519 --> 00:31:20,429

been abducted but really we've been

738

00:31:30,049 --> 00:31:22,529

abducted dude like multiple times

739

00:31:32,389 --> 00:31:30,059

what if okay so same scenario but it's

740

00:31:35,899 --> 00:31:32,399

the feds would you would you go

741

00:31:37,819 --> 00:31:35,909

willingly would not go really no they're

742

00:31:40,519 --> 00:31:37,829

gonna be like hi Joe we're gonna stick

743

00:31:46,219 --> 00:31:40,529

one of these fingers in and then we'll

744

00:31:51,289 --> 00:31:46,229

just bring you back no they wouldn't

745

00:31:54,259 --> 00:31:51,299

even raise your mind nor would they give

746

00:31:58,549 --> 00:31:54,269

you time to process just break in your

747

00:32:00,199 --> 00:31:58,559

door come with us yeah yeah no that's

748

00:32:02,149 --> 00:32:00,209

cool how he was saying you know it

749

00:32:04,429 --> 00:32:02,159

wasn't like a couple people there was

750

00:32:06,709 --> 00:32:04,439

more people that could fit in the

751  
00:32:09,109 --> 00:32:06,719  
warehouse yeah that we work in also

752  
00:32:09,949 --> 00:32:09,119  
that's that's a lot of people what do

753  
00:32:12,259 --> 00:32:09,959  
you eat what do you think you'd be that

754  
00:32:13,459 --> 00:32:12,269  
many people for cuz if someone's

755  
00:32:15,759 --> 00:32:13,469  
probably standing on it if they're

756  
00:32:19,849 --> 00:32:15,769  
looking for something if they've found

757  
00:32:22,669 --> 00:32:19,859  
anything they have whatever agency at

758  
00:32:25,309 --> 00:32:22,679  
will right there they don't have to wait

759  
00:32:29,449 --> 00:32:25,319  
on yeah that makes sense you know yeah

760  
00:32:31,729 --> 00:32:29,459  
DEA FBI right yeah men in black

761  
00:32:33,889 --> 00:32:31,739  
you know like whoever was it right you

762  
00:32:34,849 --> 00:32:33,899  
know that everybody's right there

763  
00:32:35,479 --> 00:32:34,859

they're wrong Cole they don't have to

764

00:32:37,609 --> 00:32:35,489

wait for nobody

765

00:32:39,229 --> 00:32:37,619

yeah okay make sense that's probably why

766

00:32:41,779 --> 00:32:39,239

they did it yeah and if they danced

767

00:32:45,649 --> 00:32:41,789

Quine that 115 what do you think were

768

00:32:49,489 --> 00:32:45,659

they would have done dude made something

769

00:32:50,989 --> 00:32:49,499

up and killed Bob oh my god he brought

770

00:32:52,999 --> 00:32:50,999

we probably wouldn't even haven't be

771

00:32:54,409 --> 00:32:53,009

having this conversation no they

772

00:32:55,280 --> 00:32:54,419

wouldn't tell anybody no one would know

773

00:32:57,470 --> 00:32:55,290

about it nobody

774

00:33:03,500 --> 00:32:57,480

know about it ya know he would be like

775

00:33:05,570 --> 00:33:03,510

uh uh Bob committed suicide they found

776

00:33:07,250 --> 00:33:05,580

him with a rope around his neck yeah I'm

777

00:33:09,470 --> 00:33:07,260

like really another one yeah

778

00:33:10,850 --> 00:33:09,480

oh we just found another guy right right

779

00:33:12,560 --> 00:33:10,860

what was that what was another guy's

780

00:33:14,090 --> 00:33:12,570

name I know we kind of went into it last

781

00:33:17,180 --> 00:33:14,100

last time but I can't remember what his

782

00:33:19,790 --> 00:33:17,190

name was the guy that uh he was working

783

00:33:21,110 --> 00:33:19,800

underground for a military facility and

784

00:33:23,900 --> 00:33:21,120

they were building it and it was this

785

00:33:25,700 --> 00:33:23,910

long shaft this elevator shaft I can't

786

00:33:27,590 --> 00:33:25,710

remember the guys name is that the one

787

00:33:29,510 --> 00:33:27,600

where they say that they he came in

788

00:33:30,920 --> 00:33:29,520

contact with a couple down there and

789

00:33:33,260 --> 00:33:30,930

there was a shootout yeah and they shot

790

00:33:35,870 --> 00:33:33,270

his finger off yes or something yeah

791

00:33:36,320 --> 00:33:35,880

yeah that guy I don't know what his name

792

00:33:38,270 --> 00:33:36,330

is

793

00:33:41,120 --> 00:33:38,280

yeah pull it up see if you can find it

794

00:33:41,660 --> 00:33:41,130

but yeah that guy he was not having a

795

00:33:44,180 --> 00:33:41,670

good day

796

00:33:47,990 --> 00:33:44,190

he was like yeah they die they get

797

00:33:48,680 --> 00:33:48,000

wounded you can shoot him but I I don't

798

00:33:50,990 --> 00:33:48,690

know

799

00:33:52,880 --> 00:33:51,000

Philip Schneider Philip Snyder's at whoo

800

00:33:55,070 --> 00:33:52,890

yeah dude

801  
00:33:57,530 --> 00:33:55,080  
so that's that's kind of a story right

802  
00:34:00,620 --> 00:33:57,540  
where he was and at this facility and he

803  
00:34:02,930 --> 00:34:00,630  
goes underground and they somehow

804  
00:34:04,400 --> 00:34:02,940  
drilled into this pocket and they what

805  
00:34:05,810 --> 00:34:04,410  
they're doing down there was trying to

806  
00:34:07,250 --> 00:34:05,820  
build this underground base and he was a

807  
00:34:10,070 --> 00:34:07,260  
part of that construction project right

808  
00:34:11,690 --> 00:34:10,080  
I might be wrong on that but anyway he's

809  
00:34:13,340 --> 00:34:11,700  
down there for some some reason he maybe

810  
00:34:16,010 --> 00:34:13,350  
he's an engineer I think they knew that

811  
00:34:18,530 --> 00:34:16,020  
they were down there oh yeah they knew

812  
00:34:20,630 --> 00:34:18,540  
about it I I think it was kind of like a

813  
00:34:22,460 --> 00:34:20,640

the alien burrows were down there yeah I

814

00:34:25,640 --> 00:34:22,470

think it was kind of one of those like

815

00:34:28,010 --> 00:34:25,650

we know that their their type deals like

816

00:34:32,380 --> 00:34:28,020

they kind of work alongside us dude um

817

00:34:36,020 --> 00:34:32,390

but they're from from what I've heard

818

00:34:39,409 --> 00:34:36,030

some of these species are very

819

00:34:41,419 --> 00:34:39,419

temperamental so any little thing pisses

820

00:34:44,330 --> 00:34:41,429

them off yeah like you can communicate

821

00:34:46,310 --> 00:34:44,340

with them and be cordial but they just

822

00:34:47,750 --> 00:34:46,320

have a weird temperament uh-huh and if

823

00:34:50,750 --> 00:34:47,760

you piss them off like that's just kind

824

00:34:52,850 --> 00:34:50,760

of it so it's like I mean if you walk if

825

00:34:55,070 --> 00:34:52,860

you walk up to an in a room and there's

826

00:34:56,630 --> 00:34:55,080

a bunch of lions you know you're

827

00:34:58,940 --> 00:34:56,640

probably gonna get really scared if you

828

00:35:01,610 --> 00:34:58,950

have a gun the rest line shows his teeth

829

00:35:03,260 --> 00:35:01,620

maybe that's lion that Lions like he's

830

00:35:05,300 --> 00:35:03,270

saying to you like hey take your shoes

831

00:35:09,140 --> 00:35:05,310

off wipe your feet you know and you're

832

00:35:10,220 --> 00:35:09,150

like [h\_\_h] you and you shoot him but

833

00:35:11,750 --> 00:35:10,230

because you don't know any different

834

00:35:14,809 --> 00:35:11,760

yeah no no any different so I'm gonna

835

00:35:17,000 --> 00:35:14,819

read from this article his talking about

836

00:35:19,309 --> 00:35:17,010

Phil Schneider his fears were realized

837

00:35:22,430 --> 00:35:19,319

when after drilling underground he came

838

00:35:25,069 --> 00:35:22,440

face-to-face with a 7-foot tall stinky

839

00:35:27,319 --> 00:35:25,079

grey alien obviously he freaked out

840

00:35:30,799 --> 00:35:27,329

grabbed his pistol and he was that he

841

00:35:33,950 --> 00:35:30,809

was carrying and shot and killed two

842

00:35:36,650 --> 00:35:33,960

aliens so that's pretty that's pretty

843

00:35:40,069 --> 00:35:36,660

much another alien shot some laser

844

00:35:41,660 --> 00:35:40,079

plasma ball and blue some of it one of

845

00:35:44,210 --> 00:35:41,670

his fingers off or some of his youngers

846

00:35:45,740 --> 00:35:44,220

that's what it was so that I mean that

847

00:35:47,480 --> 00:35:45,750

that that story's really crazy if we

848

00:35:50,960 --> 00:35:47,490

want to learn more about that and watch

849

00:35:58,069 --> 00:35:50,970

a video look up Phil Schneider I'm

850

00:36:00,650 --> 00:35:58,079

talking to anyway oh oh [\h\_\_\h] so Phil

851  
00:36:02,779 --> 00:36:00,660  
Schneider he went on a circuit and like

852  
00:36:04,670 --> 00:36:02,789  
did a bunch of you know talks and he

853  
00:36:07,069 --> 00:36:04,680  
talks he shares the story to like a

854  
00:36:07,339 --> 00:36:07,079  
bunch of people and he shows up dead one

855  
00:36:09,230 --> 00:36:07,349  
day

856  
00:36:11,630 --> 00:36:09,240  
and I mean I think you know more about

857  
00:36:15,859 --> 00:36:11,640  
this than I do but there it was a really

858  
00:36:16,609 --> 00:36:15,869  
weird sequence of events he just ended

859  
00:36:19,400 --> 00:36:16,619  
up dead

860  
00:36:22,400 --> 00:36:19,410  
we had a noose around his neck right but

861  
00:36:24,410 --> 00:36:22,410  
he was also tied up and he had like cut

862  
00:36:26,150 --> 00:36:24,420  
marks all around him or something he did

863  
00:36:28,549 --> 00:36:26,160

that himself and he was beat up like his

864

00:36:30,349 --> 00:36:28,559

face was like had looked like it had

865

00:36:33,349 --> 00:36:30,359

been caved in with a baseball bat that

866

00:36:34,760 --> 00:36:33,359

sucks yes you can find the photos if you

867

00:36:39,829 --> 00:36:34,770

really dig hard it's kind of gruesome

868

00:36:41,839 --> 00:36:39,839

but yeah so I mean to that reference I

869

00:36:45,710 --> 00:36:41,849

mean it could have happened I don't know

870

00:36:50,390 --> 00:36:45,720

if they would have found that 115 depth

871

00:36:51,890 --> 00:36:50,400

that's case closed for Bob yeah you know

872

00:36:55,099 --> 00:36:51,900

because even they were saying you know

873

00:36:56,870 --> 00:36:55,109

he was like after 30 years of this I

874

00:36:58,940 --> 00:36:56,880

didn't think anybody was still paying

875

00:37:01,130 --> 00:36:58,950

attention when they went into the woods

876

00:37:03,620 --> 00:37:01,140

to have a private conversation right

877

00:37:05,089 --> 00:37:03,630

they turned off their phones only thing

878

00:37:06,799 --> 00:37:05,099

running was the video cam was the video

879

00:37:09,380 --> 00:37:06,809

camera so he could get the footage in

880

00:37:12,440 --> 00:37:09,390

case Bob allowed him to use it which he

881

00:37:16,099 --> 00:37:12,450

did allow him to use it and an FBI so

882

00:37:17,480 --> 00:37:16,109

what he asked them he asks him what does

883

00:37:18,799 --> 00:37:17,490

I can't remember what he asks him in the

884

00:37:20,059 --> 00:37:18,809

documentary but that's why they turned

885

00:37:22,579 --> 00:37:20,069

off their phones because Jeremy wants to

886

00:37:23,120 --> 00:37:22,589

ask him like do you still I think that's

887

00:37:25,700 --> 00:37:23,130

what

888

00:37:28,730 --> 00:37:25,710

about the 115 do you still have it where

889

00:37:32,210 --> 00:37:28,740

is it or ideal yeah it didn't go too far

890

00:37:35,180 --> 00:37:32,220

cuz Jeremy says as soon as he packed his

891

00:37:37,520 --> 00:37:35,190

stuff up and left the FBI came right

892

00:37:39,710 --> 00:37:37,530

behind him in and raided the house which

893

00:37:42,680 --> 00:37:39,720

means Norman's later there they were

894

00:37:44,510 --> 00:37:42,690

pretty close by and they had some kind

895

00:37:47,870 --> 00:37:44,520

of surveillance equipment maybe it was

896

00:37:50,750 --> 00:37:47,880

microphones in the trees or a ground or

897

00:37:53,150 --> 00:37:50,760

they can turn your mic on even if your

898

00:37:57,200 --> 00:37:53,160

phone is off yeah that's probably the

899

00:37:59,540 --> 00:37:57,210

more practical thing yeah yeah that's

900

00:38:02,390 --> 00:37:59,550

probably it mm-hmm I think with your

901  
00:38:04,820 --> 00:38:02,400  
camera I may be able to turn that on so

902  
00:38:06,320 --> 00:38:04,830  
with some like residual battery or wit

903  
00:38:07,760 --> 00:38:06,330  
maybe there's like a way to not let you

904  
00:38:11,000 --> 00:38:07,770  
know that the battery's actually running

905  
00:38:14,500 --> 00:38:11,010  
yeah I wonder if I mean you think Apple

906  
00:38:16,850 --> 00:38:14,510  
has those has those you know things

907  
00:38:18,710 --> 00:38:16,860  
those stipulations written out in their

908  
00:38:20,930 --> 00:38:18,720  
contracts you know somewhere buried in

909  
00:38:22,430 --> 00:38:20,940  
the contract really you never know like

910  
00:38:25,640 --> 00:38:22,440  
people have to know or maybe they don't

911  
00:38:28,190 --> 00:38:25,650  
have to know but due to like you know a

912  
00:38:30,500 --> 00:38:28,200  
homeland like security they can control

913  
00:38:32,000 --> 00:38:30,510

all that remotely yeah so even if your

914

00:38:34,010 --> 00:38:32,010

phone is technically quote-unquote off

915

00:38:36,290 --> 00:38:34,020

like your screens black but your battery

916

00:38:38,060 --> 00:38:36,300

can I mean it's it's just wires mm-hmm

917

00:38:40,340 --> 00:38:38,070

so it's it's still hooked up you're not

918

00:38:41,840 --> 00:38:40,350

like like physically unhooking something

919

00:38:43,580 --> 00:38:41,850

right and an iphone yeah

920

00:38:45,530 --> 00:38:43,590

it still has power yeah unless you

921

00:38:47,330 --> 00:38:45,540

chased off like an old-school battery

922

00:38:49,580 --> 00:38:47,340

phone where you can actually take the

923

00:38:51,350 --> 00:38:49,590

battery out yeah it would have no power

924

00:38:54,860 --> 00:38:51,360

source but these iPhones you can take

925

00:38:57,050 --> 00:38:54,870

the the battery out you know yeah so

926

00:38:59,330 --> 00:38:57,060

that's that that's creepy that is creepy

927

00:39:03,020 --> 00:38:59,340

that the FBI but all those people just

928

00:39:09,399 --> 00:39:03,030

show up right afterwards and raid his

929

00:39:15,199 --> 00:39:12,130

that was really weird we just lost power

930

00:39:18,499 --> 00:39:15,209

to the in the studio for a second and it

931

00:39:21,079 --> 00:39:18,509

like stopped recording as we're talking

932

00:39:23,890 --> 00:39:21,089

[h\_\_h] about the FBI and yeah 115 yeah

933

00:39:26,329 --> 00:39:23,900

holy cow

934

00:39:28,099 --> 00:39:26,339

bro you know it's funny I'm freaking out

935

00:39:32,089 --> 00:39:28,109

a little bit Clyde Lewis

936

00:39:34,669 --> 00:39:32,099

he just went you know on his own so he's

937

00:39:35,929 --> 00:39:34,679

not with a specific like station or

938

00:39:39,439 --> 00:39:35,939

whatever so he can he can do whatever he

939

00:39:41,179 --> 00:39:39,449

wants to and they when they came on the

940

00:39:44,749 --> 00:39:41,189

air I forget what they were talking

941

00:39:49,130 --> 00:39:44,759

about but it may have been like some

942

00:39:51,279 --> 00:39:49,140

sort of uh climate machine that you know

943

00:39:54,380 --> 00:39:51,289

the military uses yeah you know

944

00:39:56,749 --> 00:39:54,390

geoengineering you know making clouds

945

00:39:58,039 --> 00:39:56,759

and seeding clouds all kinds of stuff

946

00:40:00,289 --> 00:39:58,049

yeah well there's a name for that

947

00:40:01,939 --> 00:40:00,299

company right I can't think of what it

948

00:40:06,259 --> 00:40:01,949

is though can't think of it either but

949

00:40:07,969 --> 00:40:06,269

it's like an array of so apparently like

950

00:40:09,829 --> 00:40:07,979

HAARP used to do that kind of stuff

951  
00:40:13,130 --> 00:40:09,839  
that's what I mean yeah yeah harp harp

952  
00:40:16,009 --> 00:40:13,140  
is some people say they don't they don't

953  
00:40:18,979 --> 00:40:16,019  
they're not active anymore but then on

954  
00:40:20,659 --> 00:40:18,989  
the other side of that coin is maybe

955  
00:40:22,219 --> 00:40:20,669  
they are still active and we just they

956  
00:40:23,809 --> 00:40:22,229  
just told everybody who are not active

957  
00:40:26,329 --> 00:40:23,819  
anymore so maybe they are still doing

958  
00:40:28,819 --> 00:40:26,339  
stuff right but controlling the weather

959  
00:40:31,989 --> 00:40:28,829  
exactly right because if if they can

960  
00:40:36,769 --> 00:40:31,999  
make it not rain then they can create

961  
00:40:38,630 --> 00:40:36,779  
situations of disparity famine lack of

962  
00:40:41,599 --> 00:40:38,640  
food mmm can you use that against your

963  
00:40:43,099 --> 00:40:41,609

enemies you know oh you you want to talk

964

00:40:45,799 --> 00:40:43,109

some [h\_\_\h] well we'll just make it not

965

00:40:47,569 --> 00:40:45,809

rain over your country for a whole yeah

966

00:40:49,399 --> 00:40:47,579

how about that are you gonna grow cops

967

00:40:50,179 --> 00:40:49,409

you're gonna feed your food you feed

968

00:40:51,890 --> 00:40:50,189

your people food

969

00:40:54,349 --> 00:40:51,900

you can't I guess you need some help huh

970

00:40:57,679 --> 00:40:54,359

here comes the government I'm gonna step

971

00:41:00,049 --> 00:40:57,689

in and help you guys out right so that's

972

00:41:02,329 --> 00:41:00,059

what he was talking about same thing his

973

00:41:04,130 --> 00:41:02,339

phone lines went dead his computer shut

974

00:41:06,499 --> 00:41:04,140

off for everything and then they came

975

00:41:07,130 --> 00:41:06,509

back online and he's like whoa now

976

00:41:09,049 --> 00:41:07,140

that's weird

977

00:41:11,120 --> 00:41:09,059

because that's happened to me before but

978

00:41:12,919 --> 00:41:11,130

it was on you know when he was with the

979

00:41:16,069 --> 00:41:12,929

the big radio stations and now he's

980

00:41:17,839 --> 00:41:16,079

independent he says so that just happen

981

00:41:19,309 --> 00:41:17,849

to us yes sometimes people get messed

982

00:41:20,989 --> 00:41:19,319

with I still have I still have

983

00:41:22,890 --> 00:41:20,999

goosebumps that was really weird

984

00:41:24,390 --> 00:41:22,900

so great so I mean did you hear

985

00:41:27,120 --> 00:41:24,400

static and your ear in your headphones

986

00:41:28,530 --> 00:41:27,130

yeah it sucked so we didn't lose we

987

00:41:32,910 --> 00:41:28,540

didn't lose complete power it's just

988

00:41:34,620 --> 00:41:32,920

like my program stopped recording and we

989

00:41:37,170 --> 00:41:34,630

no longer had feed from the microphone

990

00:41:39,300 --> 00:41:37,180

into the interface it all got cut it all

991

00:41:41,010 --> 00:41:39,310

got cut for a second that was but not

992

00:41:43,740 --> 00:41:41,020

for a second until I turned it back on

993

00:41:46,050 --> 00:41:43,750

yeah that was really [h\_\_\h] weird yeah

994

00:41:47,790 --> 00:41:46,060

we were gone for about 20 seconds yeah I

995

00:41:51,000 --> 00:41:47,800

was 30 seconds yeah I had to pop it back

996

00:41:52,380 --> 00:41:51,010

on cuz I do that was really really weird

997

00:41:56,280 --> 00:41:52,390

yeah

998

00:41:58,590 --> 00:41:56,290

so there's another instance that I don't

999

00:42:00,660 --> 00:41:58,600

know what program I was listening to but

1000

00:42:03,180 --> 00:42:00,670

it was one of those radio stations where

1001  
00:42:05,520 --> 00:42:03,190  
a guy calls in I'll post this YouTube

1002  
00:42:09,000 --> 00:42:05,530  
video on Facebook later but this guy

1003  
00:42:11,070 --> 00:42:09,010  
calls in and the radio host is like hey

1004  
00:42:13,260 --> 00:42:11,080  
how are you welcome to whatever radio

1005  
00:42:15,120 --> 00:42:13,270  
station and this guy's on the other on

1006  
00:42:18,450 --> 00:42:15,130  
the other lint other end and he's on the

1007  
00:42:21,230 --> 00:42:18,460  
phone and he says I I can't he's like

1008  
00:42:23,160 --> 00:42:21,240  
really frantic I can't talk very long I

1009  
00:42:25,680 --> 00:42:23,170  
they're gonna triangulate our position

1010  
00:42:27,380 --> 00:42:25,690  
really fast it was our bill was it our

1011  
00:42:31,560 --> 00:42:27,390  
Bell yeah it's known as one of the

1012  
00:42:33,750 --> 00:42:31,570  
scariest calls me know what I'm talking

1013  
00:42:35,280 --> 00:42:33,760

about so just so people don't know what

1014

00:42:37,770 --> 00:42:35,290

I'm talking about this guy is really

1015

00:42:39,660 --> 00:42:37,780

frantic and he's talking about hey

1016

00:42:42,900 --> 00:42:39,670

there's this secret organization

1017

00:42:44,400 --> 00:42:42,910

government that are planning all kinds

1018

00:42:47,400 --> 00:42:44,410

of things that are gonna happen first

1019

00:42:49,650 --> 00:42:47,410

just gonna start with Nash natural

1020

00:42:51,660 --> 00:42:49,660

catastrophes then it's gonna do an alien

1021

00:42:54,420 --> 00:42:51,670

invasion something I'm probably getting

1022

00:42:57,060 --> 00:42:54,430

that wrong you're long the correct yeah

1023

00:42:58,950 --> 00:42:57,070

so but it's so after he starts talking a

1024

00:43:00,600 --> 00:42:58,960

little bit the literally the radio

1025

00:43:02,550 --> 00:43:00,610

station shuts down yeah

1026

00:43:04,380 --> 00:43:02,560

and they they cut to come back and

1027

00:43:08,160 --> 00:43:04,390

they're like hey that was really weird

1028

00:43:12,830 --> 00:43:08,170

yeah yes and that just happened oh

1029

00:43:19,440 --> 00:43:15,030

there's some guys in black seats out

1030

00:43:25,560 --> 00:43:19,450

there other pants are awful not just my

1031

00:43:26,070 --> 00:43:25,570

neighbors ya know that totally just

1032

00:43:27,990 --> 00:43:26,080

happened to

1033

00:43:30,360 --> 00:43:28,000

okay well I guess we're official now

1034

00:43:32,940 --> 00:43:30,370

there's a there was another crazy call

1035

00:43:36,150 --> 00:43:32,950

that art had taken I was listening to

1036

00:43:38,520 --> 00:43:36,160

and it was a guy in a little personal

1037

00:43:41,850 --> 00:43:38,530

plane he was flying and I guess they had

1038

00:43:43,890 --> 00:43:41,860

been sending in faxes all day long

1039

00:43:48,210 --> 00:43:43,900

trying to get you know art to respond

1040

00:43:50,190 --> 00:43:48,220

and finally the wife I guess gets on it

1041

00:43:51,540 --> 00:43:50,200

finally gets through and she's telling

1042

00:43:54,360 --> 00:43:51,550

him she's like hey we've been sending

1043

00:43:59,670 --> 00:43:54,370

you faxes my husband is getting ready to

1044

00:44:01,110 --> 00:43:59,680

fly over area 51 and arts like you

1045

00:44:03,960 --> 00:44:01,120

shouldn't do that yeah I'm gonna

1046

00:44:06,120 --> 00:44:03,970

recommend you don't do that that is not

1047

00:44:08,430 --> 00:44:06,130

airspace that you should be flying into

1048

00:44:11,160 --> 00:44:08,440

you're gonna get shot down and she's

1049

00:44:13,020 --> 00:44:11,170

like I know I know and she's like so I'm

1050

00:44:14,460 --> 00:44:13,030

gonna you know they finally get it to

1051  
00:44:16,800 --> 00:44:14,470  
where they can communicate with the guy

1052  
00:44:18,690 --> 00:44:16,810  
in the plane and on their radio yeah on

1053  
00:44:20,100 --> 00:44:18,700  
the radio so the guy in the planes

1054  
00:44:22,170 --> 00:44:20,110  
flying you can hear it in the background

1055  
00:44:25,020 --> 00:44:22,180  
the planes going and he's kind of he's

1056  
00:44:27,480 --> 00:44:25,030  
yelling and he's like yep I'm about you

1057  
00:44:29,610 --> 00:44:27,490  
know so many knots away and you know I'm

1058  
00:44:31,470 --> 00:44:29,620  
cruising at this altitude and I'm

1059  
00:44:34,140 --> 00:44:31,480  
getting close to it and arts like you

1060  
00:44:36,090 --> 00:44:34,150  
know you know I don't really believe you

1061  
00:44:37,560 --> 00:44:36,100  
you know he's he's kind of you know

1062  
00:44:39,030 --> 00:44:37,570  
giving him the cold shoulder a little

1063  
00:44:41,580 --> 00:44:39,040

bit but then it starts getting real

1064

00:44:44,160 --> 00:44:41,590

serious and he's like I see I see it

1065

00:44:45,810 --> 00:44:44,170

looks like two planes up ahead and he's

1066

00:44:47,550 --> 00:44:45,820

like they're coming after you you need

1067

00:44:48,300 --> 00:44:47,560

to turn around you need to get out of

1068

00:44:50,780 --> 00:44:48,310

there right now

1069

00:44:53,700 --> 00:44:50,790

you know hearts tell them on that and

1070

00:44:54,480 --> 00:44:53,710

you hear him talking and he says okay

1071

00:44:56,610 --> 00:44:54,490

here I go

1072

00:44:58,290 --> 00:44:56,620

and he's going into it and he's like

1073

00:45:00,630 --> 00:44:58,300

here they come they're all my wing tips

1074

00:45:03,240 --> 00:45:00,640

and so I guess they flew next to him and

1075

00:45:07,380 --> 00:45:03,250

then the next thing you hear is nothing

1076

00:45:11,400 --> 00:45:07,390

dude is your car and then the line goes

1077

00:45:15,690 --> 00:45:11,410

just blink and arts like well I'm not

1078

00:45:18,900 --> 00:45:15,700

sure what just happened but if he really

1079

00:45:21,630 --> 00:45:18,910

did fly over area 51 I think we can all

1080

00:45:26,010 --> 00:45:21,640

assume what happened oh my god like what

1081

00:45:27,860 --> 00:45:26,020

a nut I'm not gonna sleep very well

1082

00:45:29,990 --> 00:45:27,870

tonight

1083

00:45:32,900 --> 00:45:30,000

you'll be all right

1084

00:45:35,810 --> 00:45:32,910

even if they do knock in your door just

1085

00:45:37,740 --> 00:45:35,820

asking us to have a warrant

1086

00:45:39,130 --> 00:45:37,750

hey it's not gonna work in this

1087

00:45:43,180 --> 00:45:39,140

situation I don't know

1088

00:45:44,590 --> 00:45:43,190

ordering a pizza I'll piss with if you

1089

00:45:45,910 --> 00:45:44,600

manage to be the FBI you go to

1090

00:45:48,790 --> 00:45:45,920

somebody's house to bang on the door you

1091

00:45:51,610 --> 00:45:48,800

look God is some smartass on the inside

1092

00:45:54,190 --> 00:45:51,620

like I didn't order pizza like you look

1093

00:46:02,080 --> 00:45:54,200

through the window or the people yeah no

1094

00:46:03,220 --> 00:46:02,090

no FBI I said no and then and then he's

1095

00:46:04,660 --> 00:46:03,230

looking through the peephole and the

1096

00:46:08,050 --> 00:46:04,670

next thing you know he's flat on his

1097

00:46:10,540 --> 00:46:08,060

back with a door on face I got tired of

1098

00:46:13,030 --> 00:46:10,550

messing around you're laying there with

1099

00:46:15,840 --> 00:46:13,040

the door on top of you and like twelve

1100

00:46:29,500 --> 00:46:15,850

people walk in on top of the door

1101

00:46:31,480 --> 00:46:29,510

obviously we couldn't find it but um the

1102

00:46:40,800 --> 00:46:31,490

subject disappeared subjects is on foot

1103

00:46:44,490 --> 00:46:40,810

we believe and then you submit a request

1104

00:46:47,380 --> 00:46:44,500

for them to repay you for your door ya

1105

00:46:48,880 --> 00:46:47,390

gonna need to man that's it that's like

1106

00:46:55,180 --> 00:46:48,890

a custom door man I got a small little

1107

00:46:57,310 --> 00:46:55,190

hobbit door okay well I hope that

1108

00:46:59,620 --> 00:46:57,320

doesn't happen again let's maybe stay

1109

00:47:01,750 --> 00:46:59,630

away from the element that we were

1110

00:47:04,900 --> 00:47:01,760

talking about I'm just gonna stay away

1111

00:47:07,780 --> 00:47:04,910

from that this is the episode where Ben

1112

00:47:09,910 --> 00:47:07,790

gets freaked the hell out we've only

1113

00:47:13,870 --> 00:47:09,920

done four episodes and they're already

1114

00:47:16,090 --> 00:47:13,880

tracking us yeah probably

1115

00:47:17,080 --> 00:47:16,100

those guys are too stupid they wouldn't

1116

00:47:19,720 --> 00:47:17,090

know what it look like

1117

00:47:21,220 --> 00:47:19,730

sure they listen at least 10 minutes of

1118

00:47:24,340 --> 00:47:21,230

our episode they're gonna be like all

1119

00:47:29,650 --> 00:47:24,350

right those guys are idiots they're fine

1120

00:47:32,020 --> 00:47:29,660

trust us speculation just us sir are you

1121

00:47:35,430 --> 00:47:32,030

sure about you know foger I did the UFO

1122

00:47:37,750 --> 00:47:35,440

garage guys like these guys are perfect

1123

00:47:40,690 --> 00:47:37,760

perfect keep saying what you're saying

1124

00:47:42,460 --> 00:47:40,700

yeah exactly you know what we should

1125

00:47:46,360 --> 00:47:42,470

actually contact them and tell them some

1126

00:47:49,660 --> 00:47:46,370

[h\_\_\h] so they can flip the switch on

1127

00:47:51,610 --> 00:47:49,670

be disinformation yeah so then we'll

1128

00:47:53,650 --> 00:47:51,620

just act like it's opposite day

1129

00:47:55,650 --> 00:47:53,660

everything opposites looking we're

1130

00:47:59,020 --> 00:47:55,660

telling the truth to the misinformation

1131

00:48:00,520 --> 00:47:59,030

to them yeah and then they can report it

1132

00:48:05,980 --> 00:48:00,530

and be like it's misinformation because

1133

00:48:09,160 --> 00:48:05,990

we're lying to the I'm computers I'm

1134

00:48:10,510 --> 00:48:09,170

telling you man this whole dark secret

1135

00:48:14,260 --> 00:48:10,520

government stuff it gets really

1136

00:48:16,840 --> 00:48:14,270

confusing yeah man we're like double

1137

00:48:21,660 --> 00:48:16,850

agent double I want to be like a triple

1138

00:48:31,300 --> 00:48:28,480

triple o7 how high does the number go do

1139

00:48:35,770 --> 00:48:31,310

you know I can't just go it can't be

1140

00:48:41,650 --> 00:48:35,780

triple cuz it's just goes back to what

1141

00:48:44,260 --> 00:48:41,660

it would be I'm a quadruple 7 well then

1142

00:49:02,430 --> 00:48:44,270

you're just you're just a chef wait hold

1143

00:49:06,550 --> 00:49:02,440

on double-o 14 yeah 26 pretty big deal I

1144

00:49:08,680 --> 00:49:06,560

want to meet like a real real you would

1145

00:49:11,550 --> 00:49:08,690

never know if you met one oh yeah I'm

1146

00:49:13,780 --> 00:49:11,560

definitely not one for sure

1147

00:49:15,960 --> 00:49:13,790

all right so that feels like a good

1148

00:49:18,070 --> 00:49:15,970

place to stop yeah well go ahead and

1149

00:49:23,770 --> 00:49:18,080

call it quits on this we'll call it

1150

00:49:26,830 --> 00:49:23,780

quits all right that was the newest

1151

00:49:29,740 --> 00:49:26,840

episode of UFO garage we'll be back next

1152

00:49:32,780 --> 00:49:29,750

time thanks for listening
