**GARAGE**  
**PODCAST**

1  
00:00:00,000 --> 00:00:04,480

[Music]

2  
00:00:10,009 --> 00:00:07,430

this is another episode of UFO garage

3  
00:00:13,039 --> 00:00:10,019

I'm Ben Nam Jo and this is where we talk

4  
00:00:16,970 --> 00:00:13,049

about aliens UFOs and all things we all

5  
00:00:20,359 --> 00:00:16,980

things weird okay so one thing I wanna

6  
00:00:23,599 --> 00:00:20,369

wanted to ask you is uh-oh well first

7  
00:00:24,769 --> 00:00:23,609

off my brother he was referring to well

8  
00:00:26,470 --> 00:00:24,779

I think it was our first or second

9  
00:00:29,060 --> 00:00:26,480

episode we were talking about that weird

10  
00:00:31,880 --> 00:00:29,070

in-between where something looks human

11  
00:00:33,560 --> 00:00:31,890

and something looks not human and it

12  
00:00:34,850 --> 00:00:33,570

kind of freaks you out like something's

13  
00:00:37,340 --> 00:00:34,860

different maybe the eyes are a little

14

00:00:38,299 --> 00:00:37,350

bigger right something's weird and my

15

00:00:41,209 --> 00:00:38,309

brother was like that's called the

16

00:00:43,850 --> 00:00:41,219

uncanny valley it's like this term used

17

00:00:46,880 --> 00:00:43,860

for like robotics and like AI yeah

18

00:00:48,799 --> 00:00:46,890

usually or like cartoons like somehow

19

00:00:50,930 --> 00:00:48,809

like or sometimes when cartoons are

20

00:00:52,490 --> 00:00:50,940

really cute and they look like humans

21

00:00:53,869 --> 00:00:52,500

and they're like eyes are really like

22

00:00:55,580 --> 00:00:53,879

you know like anime looks really cute

23

00:00:58,580 --> 00:00:55,590

right but when it starts to get really

24

00:00:59,930 --> 00:00:58,590

really human-like super realistic right

25

00:01:02,720 --> 00:00:59,940

there's that spot in between

26  
00:01:04,520 --> 00:01:02,730  
hyperrealism and cartoon and you know

27  
00:01:06,859 --> 00:01:04,530  
that it just kind of freaks you out and

28  
00:01:09,800 --> 00:01:06,869  
it looks really weird yeah perfect

29  
00:01:12,350 --> 00:01:09,810  
example for me having to do with aliens

30  
00:01:15,320 --> 00:01:12,360  
is that that that video of the alien

31  
00:01:22,130 --> 00:01:15,330  
looking guy in the wheelchair something

32  
00:01:24,950 --> 00:01:22,140  
Jerry or crazy Tom oh dude I know you're

33  
00:01:28,249 --> 00:01:24,960  
talking about yes and it would roll

34  
00:01:32,350 --> 00:01:28,259  
around the screen real fast yeah man

35  
00:01:34,550 --> 00:01:32,360  
stretch something was it a stretch or

36  
00:01:36,140 --> 00:01:34,560  
okay I should have looked this up before

37  
00:01:38,030 --> 00:01:36,150  
we started this there it is the Rhett

38  
00:01:40,969 --> 00:01:38,040

rubbered rubber Johnny that's what it

39

00:01:43,940 --> 00:01:40,979

was a rubber Johnny that used to I was

40

00:01:46,340 --> 00:01:43,950

on Imams world it used to freak me out

41

00:01:49,539 --> 00:01:46,350

dude I completely forgot about this yeah

42

00:01:51,499 --> 00:01:49,549

dude I would watch it but it's like

43

00:01:54,889 --> 00:01:51,509

rubber Johnny is that what it's called

44

00:01:56,480 --> 00:01:54,899

rubber Johnny you guys lot of you have

45

00:01:57,800 --> 00:01:56,490

probably seen rubber job yeah but if you

46

00:01:58,370 --> 00:01:57,810

have some no idea what we're talking

47

00:02:00,080 --> 00:01:58,380

about

48

00:02:02,270 --> 00:02:00,090

check out rubber Johnny yeah that's

49

00:02:04,100 --> 00:02:02,280

that's and that's a crazy know if it's

50

00:02:06,109 --> 00:02:04,110

not an alien it's just it's a dude with

51  
00:02:08,510 --> 00:02:06,119  
some kind of prosthetic oh yeah

52  
00:02:10,900 --> 00:02:08,520  
obviously yeah no that's crazy when he

53  
00:02:13,250 --> 00:02:10,910  
slams himself against the glass and

54  
00:02:18,319 --> 00:02:13,260  
distorts all weird yeah

55  
00:02:22,130 --> 00:02:18,329  
it looks really do

56  
00:02:23,300 --> 00:02:22,140  
yeah it's stretch so why did that noise

57  
00:02:27,250 --> 00:02:23,310  
just made me think of something I was

58  
00:02:31,850 --> 00:02:27,260  
unread at looking at the UFO or aliens

59  
00:02:34,100 --> 00:02:31,860  
feed and this oh it was actually Lois

60  
00:02:37,190 --> 00:02:34,110  
Elizondo was was having an interview

61  
00:02:39,229 --> 00:02:37,200  
with this news woman and remember when

62  
00:02:40,849 --> 00:02:39,239  
the first episode we were talking about

63  
00:02:43,130 --> 00:02:40,859

how like they just kind of like news

64

00:02:45,530 --> 00:02:43,140

anchors just a mean people right she

65

00:02:48,069 --> 00:02:45,540

literally said are are there little

66

00:02:51,199 --> 00:02:48,079

green men out there oh my god

67

00:02:53,149 --> 00:02:51,209

exactly that and then and then you could

68

00:02:54,379 --> 00:02:53,159

see it on Louie elizondo's face like oh

69

00:02:56,539 --> 00:02:54,389

god here we go again

70

00:02:58,190 --> 00:02:56,549

you know the interviews great but like

71

00:03:00,619 --> 00:02:58,200

at some point she like starts laughing

72

00:03:02,780 --> 00:03:00,629

at him about something and then the some

73

00:03:05,569 --> 00:03:02,790

out like the sound engineer or somebody

74

00:03:07,339 --> 00:03:05,579

live pressed a button a sound effects

75

00:03:12,050 --> 00:03:07,349

button and it's the laugh from Mars

76

00:03:15,289 --> 00:03:12,060

Attacks you know and it's like obviously

77

00:03:17,539 --> 00:03:15,299

I don't know if you could if the two

78

00:03:19,640 --> 00:03:17,549

people if gluing and the anchor could

79

00:03:22,189 --> 00:03:19,650

hear it but huh it's obviously on the

80

00:03:26,629 --> 00:03:22,199

recording and it's all did it piss me

81

00:03:29,659 --> 00:03:26,639

off so bad but come on bro I couldn't

82

00:03:32,000 --> 00:03:29,669

imagine being that you know just being

83

00:03:33,619 --> 00:03:32,010

being Lou Elizondo and having to like go

84

00:03:36,559 --> 00:03:33,629

and talk to all these people you know I

85

00:03:38,270 --> 00:03:36,569

think that is the mission obviously is

86

00:03:41,360 --> 00:03:38,280

to get the word out right we want to

87

00:03:44,020 --> 00:03:41,370

talk about this to people but dude if

88

00:03:47,900 --> 00:03:44,030

every single person is just gonna

89

00:03:49,909 --> 00:03:47,910

automatically say that same crap yeah

90

00:03:52,400 --> 00:03:49,919

over and over he's got to get tired of

91

00:03:55,849 --> 00:03:52,410

that oh do you know like I want to meet

92

00:03:57,619 --> 00:03:55,859

the guy I think I'm more like getting to

93

00:04:00,979 --> 00:03:57,629

meet a lot of these people at the at the

94

00:04:05,439 --> 00:04:00,989

UFO Congress UFO Congress 2019 that's

95

00:04:09,140 --> 00:04:05,449

right I want to ask him how do you like

96

00:04:13,250 --> 00:04:09,150

you're in this field how how do you get

97

00:04:15,500 --> 00:04:13,260

past like just [h\_\_h] you know these

98

00:04:17,029 --> 00:04:15,510

people automatic like dismissing it or

99

00:04:19,069 --> 00:04:17,039

just laughing it off I mean obviously

100

00:04:22,339 --> 00:04:19,079

you can rattle off all these stats and

101  
00:04:25,610 --> 00:04:22,349  
things yeah um but you know it's it's

102  
00:04:26,690 --> 00:04:25,620  
it's weird how just people don't care

103  
00:04:30,050 --> 00:04:26,700  
like this is warm

104  
00:04:33,500 --> 00:04:30,060  
biggest things to happen in human

105  
00:04:35,300 --> 00:04:33,510  
history yeah um that nobody's paying

106  
00:04:37,640 --> 00:04:35,310  
attention to right you know like the

107  
00:04:40,010 --> 00:04:37,650  
like the leaked document page

108  
00:04:41,270 --> 00:04:40,020  
you know the Wilson documents yeah the

109  
00:04:44,810 --> 00:04:41,280  
Wilson document I had never heard of

110  
00:04:49,070 --> 00:04:44,820  
Ellie's right over like that document

111  
00:04:51,260 --> 00:04:49,080  
you have one of the highest-ranked

112  
00:04:54,170 --> 00:04:51,270  
people in the Navy if not the highest

113  
00:04:56,360 --> 00:04:54,180

person in the Navy saying you know

114

00:04:58,160 --> 00:04:56,370

basically uh I don't know what your

115

00:05:00,200 --> 00:04:58,170

you're doing here but I should have

116

00:05:02,120 --> 00:05:00,210

clearance to all this stuff I should be

117

00:05:05,000 --> 00:05:02,130

overseeing what you're doing because I'm

118

00:05:07,910 --> 00:05:05,010

the person that oversees this stuff

119

00:05:10,310 --> 00:05:07,920

that's my job right and her like take a

120

00:05:12,950 --> 00:05:10,320

hike son you have no jurisdiction here

121

00:05:15,440 --> 00:05:12,960

and so they turn them around they is in

122

00:05:18,800 --> 00:05:15,450

this private company right which I don't

123

00:05:22,690 --> 00:05:18,810

Bob Lazar said it wasn't you GG right so

124

00:05:26,090 --> 00:05:22,700

it was some other mm-hmm black budget

125

00:05:28,550 --> 00:05:26,100

program that some other people I mean

126

00:05:30,830 --> 00:05:28,560

it's obvious that they're just not maybe

127

00:05:33,320 --> 00:05:30,840

not higher up in rank than that guy huh

128

00:05:35,210 --> 00:05:33,330

but it's just it's a pivot it's to the

129

00:05:37,910 --> 00:05:35,220

left or the right it's just swept under

130

00:05:40,580 --> 00:05:37,920

the rug things are just going on budgets

131

00:05:44,360 --> 00:05:40,590

are being our tax dollars are going to

132

00:05:47,060 --> 00:05:44,370

these yeah these private organizations I

133

00:05:49,040 --> 00:05:47,070

mean I think I mean how else are they

134

00:05:51,200 --> 00:05:49,050

being funded I mean who says they're not

135

00:05:53,210 --> 00:05:51,210

being funded Robert Bigelow KITT oh

136

00:05:54,860 --> 00:05:53,220

that's a good idea you know if you're

137

00:05:57,710 --> 00:05:54,870

the ones making all this [h\_\_h] didn't

138

00:06:00,200 --> 00:05:57,720

just make it mmm do you know maybe uh

139

00:06:02,030 --> 00:06:00,210

maybe there's like a race of aliens that

140

00:06:03,440 --> 00:06:02,040

are stuck on earth and they're trying to

141

00:06:07,850 --> 00:06:03,450

figure and they're trying to fix their

142

00:06:10,130 --> 00:06:07,860

ships so they just they just fund it's

143

00:06:11,810 --> 00:06:10,140

possible it's just a dumb idea but like

144

00:06:14,330 --> 00:06:11,820

what if they're funding Dirk there's

145

00:06:16,490 --> 00:06:14,340

this shadow organization of

146

00:06:18,560 --> 00:06:16,500

aliens that look just like us and

147

00:06:21,020 --> 00:06:18,570

they're like billionaires somehow and

148

00:06:22,190 --> 00:06:21,030

they want to go home and go get cousin

149

00:06:25,130 --> 00:06:22,200

Johnny yeah

150

00:06:26,870 --> 00:06:25,140

Robert Johnny bring him back but their

151  
00:06:29,000 --> 00:06:26,880  
ships aren't big enough or they can't

152  
00:06:31,550 --> 00:06:29,010  
make it so they're trying to like order

153  
00:06:33,380 --> 00:06:31,560  
your waiting right because those one

154  
00:06:36,260 --> 00:06:33,390  
thing Bob Lazar said is that you know

155  
00:06:37,730 --> 00:06:36,270  
you can be proficient and turning it on

156  
00:06:38,959 --> 00:06:37,740  
and flying it but once you run out of

157  
00:06:40,399 --> 00:06:38,969  
fuel Oh

158  
00:06:43,069 --> 00:06:40,409  
you can't you know you don't know how to

159  
00:06:45,439 --> 00:06:43,079  
make that fuel for one and for two you

160  
00:06:48,350 --> 00:06:45,449  
don't have the the the technology to

161  
00:06:50,239 --> 00:06:48,360  
that what is it the the material the

162  
00:06:52,309 --> 00:06:50,249  
fuel you you don't have the the material

163  
00:06:56,299 --> 00:06:52,319

the ship either yeah I even know how to

164

00:06:59,299 --> 00:06:56,309

make it how he he the material science

165

00:07:01,189 --> 00:06:59,309

uh-huh yeah the heavy element that

166

00:07:03,619 --> 00:07:01,199

probably exists somewhere else in the

167

00:07:05,449 --> 00:07:03,629

galaxy naturally right the element we

168

00:07:07,189 --> 00:07:05,459

won't say the number because we don't

169

00:07:10,879 --> 00:07:07,199

want our student earned off again by the

170

00:07:12,469 --> 00:07:10,889

federal agencies but yeah maybe they're

171

00:07:14,299 --> 00:07:12,479

waiting for somebody else to come look

172

00:07:16,519 --> 00:07:14,309

for them yeah or they're waiting for us

173

00:07:18,469 --> 00:07:16,529

to catch up to that you know that the

174

00:07:19,669 --> 00:07:18,479

manufacturing part of it you know it's

175

00:07:22,459 --> 00:07:19,679

kind of like you said if you if you went

176

00:07:24,439 --> 00:07:22,469

back to the to the pioneer days

177

00:07:26,689 --> 00:07:24,449

you put a motorcycle there yeah right

178

00:07:28,699 --> 00:07:26,699

how how they could eventually push a few

179

00:07:32,149 --> 00:07:28,709

buttons and maybe figure out how to turn

180

00:07:35,209 --> 00:07:32,159

it on right but then after that they've

181

00:07:37,609 --> 00:07:35,219

got to wait way past the industrial era

182

00:07:39,709 --> 00:07:37,619

before they can even produce the plastic

183

00:07:41,509 --> 00:07:39,719

yeah you make that motor that was a good

184

00:07:43,189 --> 00:07:41,519

nor the rubber a good analogy that he

185

00:07:44,989 --> 00:07:43,199

gave us so it's kind of the same with us

186

00:07:47,299 --> 00:07:44,999

if that is the case and they're just

187

00:07:49,729 --> 00:07:47,309

trying to get home they're waiting on us

188

00:07:53,959 --> 00:07:49,739

to catch up to the material science you

189

00:07:56,059 --> 00:07:53,969

know yeah and I mean if they live longer

190

00:07:59,119 --> 00:07:56,069

than we do then maybe it's just the same

191

00:08:01,850 --> 00:07:59,129

people this whole time okay that

192

00:08:03,679 --> 00:08:01,860

archaeological dig was there their

193

00:08:07,040 --> 00:08:03,689

minivan you know they were just out on a

194

00:08:09,739 --> 00:08:07,050

stroll and they had a flat tire and then

195

00:08:13,729 --> 00:08:09,749

thousands of years later they just been

196

00:08:16,729 --> 00:08:13,739

shunting underground man-eating rocks no

197

00:08:22,729 --> 00:08:16,739

words man you know I was thinking about

198

00:08:23,269 --> 00:08:22,739

that too if they you know man I lost my

199

00:08:29,769 --> 00:08:23,279

train of thought

200

00:08:35,299 --> 00:08:33,740

you're talking about talk about the

201  
00:08:36,679 --> 00:08:35,309  
material science and trying to get home

202  
00:08:39,469 --> 00:08:36,689  
and all that right I like talking about

203  
00:08:42,139 --> 00:08:39,479  
oh I remember now I was thinking if if

204  
00:08:46,160 --> 00:08:42,149  
that was an archaeological dig yeah and

205  
00:08:48,110 --> 00:08:46,170  
we have that ship I mean what if they

206  
00:08:52,700 --> 00:08:48,120  
don't care you know what if it's like

207  
00:08:56,420 --> 00:08:52,710  
you digging up a Model T around right

208  
00:08:59,150 --> 00:08:56,430  
cool right oh yeah like a running run

209  
00:09:01,820 --> 00:08:59,160  
model-t right yeah but now you could

210  
00:09:03,680 --> 00:09:01,830  
also get a Ferrari you know so it's like

211  
00:09:06,110 --> 00:09:03,690  
what if we found their Model T in the

212  
00:09:08,360 --> 00:09:06,120  
dirt and now they're flying Ferraris and

213  
00:09:11,120 --> 00:09:08,370

bikes so they don't really care dude

214

00:09:13,250 --> 00:09:11,130

that's a good old stuff it's gonna take

215

00:09:15,320 --> 00:09:13,260

them forever to figure it out anyone

216

00:09:18,230 --> 00:09:15,330

have it and then by the time they figure

217

00:09:20,420 --> 00:09:18,240

it out we already have better stuff but

218

00:09:23,540 --> 00:09:20,430

by the time they figure out how to drive

219

00:09:25,880 --> 00:09:23,550

and build the Model T of the space world

220

00:09:28,190 --> 00:09:25,890

we're gonna be way past where we are now

221

00:09:30,020 --> 00:09:28,200

so it doesn't even matter right let

222

00:09:32,000 --> 00:09:30,030

those monkeys do whatever they want to

223

00:09:33,950 --> 00:09:32,010

do so so kind of running with that idea

224

00:09:36,650 --> 00:09:33,960

I thought about this today so we think

225

00:09:39,410 --> 00:09:36,660

about AI and artificial intelligence and

226

00:09:41,120 --> 00:09:39,420

there's always this notion of oh well if

227

00:09:43,580 --> 00:09:41,130

they get if the computers are get

228

00:09:47,750 --> 00:09:43,590

smarter than us then we're in big

229

00:09:50,180 --> 00:09:47,760

trouble right you know like if if they

230

00:09:51,950 --> 00:09:50,190

can be a better version of us we can get

231

00:09:53,120 --> 00:09:51,960

in trouble so we have to checks and

232

00:09:54,650 --> 00:09:53,130

balance that like we have to balance

233

00:09:57,230 --> 00:09:54,660

that out and make sure that that doesn't

234

00:09:58,910 --> 00:09:57,240

happen like there's people but there's

235

00:10:01,190 --> 00:09:58,920

always gonna be people working on it to

236

00:10:04,580 --> 00:10:01,200

improve it and to make it better to make

237

00:10:07,280 --> 00:10:04,590

IAI happen but the mass majority of the

238

00:10:09,080 --> 00:10:07,290

population is like I don't want I don't

239

00:10:10,730 --> 00:10:09,090

want that right like maybe I want

240

00:10:12,020 --> 00:10:10,740

something to drive my car but I don't

241

00:10:14,030 --> 00:10:12,030

want something smarter than me walking

242

00:10:16,280 --> 00:10:14,040

around I don't want something more

243

00:10:18,890 --> 00:10:16,290

handsome and smarter than me more you

244

00:10:21,770 --> 00:10:18,900

know stronger I'm just trying to steal

245

00:10:25,580 --> 00:10:21,780

my girl tries to try steal yo girl hey

246

00:10:27,050 --> 00:10:25,590

you compete with a robot can so maybe

247

00:10:28,700 --> 00:10:27,060

that's the same thing that they're kind

248

00:10:30,440 --> 00:10:28,710

of going through a little bit aliens a

249

00:10:32,090 --> 00:10:30,450

little bit maybe maybe one race is con

250

00:10:34,520 --> 00:10:32,100

thing I don't like that like hey we

251  
00:10:37,490 --> 00:10:34,530  
can't let them get too too smart right

252  
00:10:40,190 --> 00:10:37,500  
right like us being the things they

253  
00:10:41,150 --> 00:10:40,200  
create the things they created yes and

254  
00:10:43,040 --> 00:10:41,160  
that kind of interesting thing about

255  
00:10:44,930 --> 00:10:43,050  
it's possibly yeah definitely

256  
00:10:47,270 --> 00:10:44,940  
so some maybe not that they're like

257  
00:10:49,670 --> 00:10:47,280  
suppressing us figuring this stuff out

258  
00:10:52,790 --> 00:10:49,680  
like intention maybe they are doing it

259  
00:10:57,050 --> 00:10:52,800  
intentionally you know people talk about

260  
00:10:59,030 --> 00:10:57,060  
like like you know every 10 or I guess

261  
00:11:00,380 --> 00:10:59,040  
Bob Lazar was talking I keep yeah we're

262  
00:11:01,970 --> 00:11:00,390  
gonna be talking about Bob Lazar for a

263  
00:11:03,740 --> 00:11:01,980

while there was just so much information

264

00:11:05,749 --> 00:11:03,750

so much information that he had

265

00:11:08,540 --> 00:11:05,759

yeah it's hope that doesn't get it boy

266

00:11:11,509 --> 00:11:08,550

the thing is is that that information is

267

00:11:14,119 --> 00:11:11,519

extremely relevant and if it is true it

268

00:11:15,619 --> 00:11:14,129

applies to everything that we're going

269

00:11:17,449 --> 00:11:15,629

we're talking about we're not doing

270

00:11:19,639 --> 00:11:17,459

anything anything different than any

271

00:11:21,889 --> 00:11:19,649

other news organization would do anyway

272

00:11:23,300 --> 00:11:21,899

Trump said something yesterday news

273

00:11:25,550 --> 00:11:23,310

organizations are gonna be talking about

274

00:11:28,040 --> 00:11:25,560

that same freakin conversation for

275

00:11:30,290 --> 00:11:28,050

months yes no we're not doing anything

276

00:11:31,400 --> 00:11:30,300

different then yeah and we were just

277

00:11:33,199 --> 00:11:31,410

breaking it down it's not like we're

278

00:11:34,879 --> 00:11:33,209

just regurgitating it we're like kind of

279

00:11:36,379 --> 00:11:34,889

talking about it if you don't know about

280

00:11:37,040 --> 00:11:36,389

it we're gonna tell you what it is and

281

00:11:38,540 --> 00:11:37,050

we're gonna tit

282

00:11:40,369 --> 00:11:38,550

you know it's say like what our take is

283

00:11:41,929 --> 00:11:40,379

on that and how you can find it -

284

00:11:44,689 --> 00:11:41,939

looking at your side exactly yeah

285

00:11:46,759 --> 00:11:44,699

definitely but yeah dude like it is

286

00:11:50,869 --> 00:11:46,769

relevant super relevant what yeah well

287

00:12:00,100 --> 00:11:50,879

he was Bob was talking about [h\_\_\h] I lost

288

00:12:00,110 --> 00:12:07,929

what was the payoff I think it was

289

00:12:21,319 --> 00:12:11,540

either men of all times the FBI could

290

00:12:30,470 --> 00:12:21,329

shut us down right now and right now so

291

00:12:32,090 --> 00:12:30,480

it was something about sometimes I just

292

00:12:35,350 --> 00:12:32,100

start saying something and I don't know

293

00:12:37,790 --> 00:12:35,360

where it's gonna go and then I start the

294

00:12:39,650 --> 00:12:37,800

live my life all right I'm not gonna

295

00:12:41,900 --> 00:12:39,660

think of it well you were telling me

296

00:12:48,619 --> 00:12:41,910

something on that break about about the

297

00:12:50,809 --> 00:12:48,629

girl on the interview yeah with so I was

298

00:12:53,449 --> 00:12:50,819

working so I had my headphones then you

299

00:12:57,160 --> 00:12:53,459

know pay attention a little bit but

300

00:12:58,819 --> 00:12:57,170

anyway she goes by deep down to earth

301

00:13:01,189 --> 00:12:58,829

extraterrestrial I guess

302

00:13:08,269 --> 00:13:01,199

she's on Twitter apparently let me get

303

00:13:09,920 --> 00:13:08,279

them up she says she's a hybrid right a

304

00:13:11,240 --> 00:13:09,930

hybrid between a human and an

305

00:13:13,370 --> 00:13:11,250

extraterrestrial

306

00:13:14,540 --> 00:13:13,380

Yeah right she said the name of her

307

00:13:19,850 --> 00:13:14,550

planet I don't

308

00:13:21,920 --> 00:13:19,860

it was a lot of the Astro travel you

309

00:13:24,519 --> 00:13:21,930

know the woowoo

310

00:13:28,010 --> 00:13:24,529

yeah able to ship your your body

311

00:13:29,510 --> 00:13:28,020

rejections yeah I hate I don't like that

312

00:13:31,370 --> 00:13:29,520

part and I hate it but I just like

313

00:13:34,910 --> 00:13:31,380

that's a little too much for me anyway

314

00:13:38,570 --> 00:13:34,920

it is I can I can feel their energy yes

315

00:13:40,910 --> 00:13:38,580

no no I know I feel the exact same way

316

00:13:44,060 --> 00:13:40,920

but you know then you think about any

317

00:13:47,510 --> 00:13:44,070

like duty is there some sort of

318

00:13:51,350 --> 00:13:47,520

spiritual element to all this that we

319

00:13:54,320 --> 00:13:51,360

don't talk about because we have our

320

00:13:56,570 --> 00:13:54,330

concept of religions and dogma and

321

00:13:57,710 --> 00:13:56,580

things like that that you know a lot of

322

00:14:02,840 --> 00:13:57,720

people are starting to kind of shy away

323

00:14:06,530 --> 00:14:02,850

from yeah but maybe maybe all of that

324

00:14:08,630 --> 00:14:06,540

stuff is connected to an original source

325

00:14:11,870 --> 00:14:08,640

and that's where it all comes from

326

00:14:14,870 --> 00:14:11,880

so maybe the spirituality aspect of all

327

00:14:18,130 --> 00:14:14,880

of this is extremely important we've

328

00:14:20,870 --> 00:14:18,140

just been so brainwashed in like just

329

00:14:22,760 --> 00:14:20,880

beat over the head with a shovel when it

330

00:14:25,400 --> 00:14:22,770

comes to religion and things like that

331

00:14:27,889 --> 00:14:25,410

you know I grew up Catholic right you

332

00:14:30,290 --> 00:14:27,899

know so you know super religious family

333

00:14:33,530 --> 00:14:30,300

this and that I don't you know

334

00:14:35,990 --> 00:14:33,540

particularly you know subscribe to a lot

335

00:14:39,110 --> 00:14:36,000

of that stuff I get it I think it's

336

00:14:41,090 --> 00:14:39,120

beautiful for you to have a faith in

337

00:14:44,210 --> 00:14:41,100

believe in something I think that's

338

00:14:46,220 --> 00:14:44,220

great I don't you know I don't put

339

00:14:48,139 --> 00:14:46,230

anybody down for any of their beliefs

340

00:14:50,510 --> 00:14:48,149

we're talking about [h\_\_h] aliens right

341

00:14:53,300 --> 00:14:50,520

now Yeah right yeah I don't put anybody

342

00:14:54,829 --> 00:14:53,310

down for that stuff maybe maybe religion

343

00:14:57,470 --> 00:14:54,839

did come from aliens though Jeff right

344

00:15:00,319 --> 00:14:57,480

maybe it did maybe I did but we've all

345

00:15:03,620 --> 00:15:00,329

got it wrong and it's all been twisted

346

00:15:06,019 --> 00:15:03,630

for power and control yeah you know I

347

00:15:08,660 --> 00:15:06,029

think humans ruined what religion could

348

00:15:11,240 --> 00:15:08,670

have I think it is it still is for a lot

349

00:15:14,120 --> 00:15:11,250

of people but I think it I think humans

350

00:15:16,160 --> 00:15:14,130

ruin it from me I think just absolutely

351

00:15:18,260 --> 00:15:16,170

like I think I think the idea of it is

352

00:15:20,449 --> 00:15:18,270

great I get so sick of it helps a lot of

353

00:15:22,519 --> 00:15:20,459

people just putting their point of views

354

00:15:24,690 --> 00:15:22,529

on other people and it's like you have

355

00:15:27,210 --> 00:15:24,700

to live this way you know

356

00:15:31,020 --> 00:15:27,220

you don't do this and you go here and

357

00:15:33,480 --> 00:15:31,030

it's like okay I guess so like yeah I I

358

00:15:35,910 --> 00:15:33,490

don't care about that you know my god I

359

00:15:37,710 --> 00:15:35,920

don't care about any of that I want to I

360

00:15:40,050 --> 00:15:37,720

want to do that's like a really law I

361

00:15:42,240 --> 00:15:40,060

want to talk about that that subjects so

362

00:15:44,370 --> 00:15:42,250

bad yeah we can we come back to that

363

00:15:45,900 --> 00:15:44,380

after you tell that story about the deep

364

00:15:48,360 --> 00:15:45,910

girl I want to write it down so we don't

365

00:15:50,400 --> 00:15:48,370

forget cuz I love that subject yes I

366

00:15:53,250 --> 00:15:50,410

love to tie it back into the possibility

367

00:15:55,170 --> 00:15:53,260

of like hey there is something else I'm

368

00:15:57,600 --> 00:15:55,180

because I think there is you know like I

369

00:15:59,790 --> 00:15:57,610

don't I don't fully believe in a lot of

370

00:16:02,040 --> 00:15:59,800

specific specificity in the Bible but I

371

00:16:04,950 --> 00:16:02,050

do believe there's a creator I believe

372

00:16:07,560 --> 00:16:04,960

that there's some force that we that is

373

00:16:09,990 --> 00:16:07,570

that's honestly just looking out for us

374

00:16:11,820 --> 00:16:10,000

right in some sort of way mm-hm I think

375

00:16:13,260 --> 00:16:11,830

prayer is it you call it you can call

376

00:16:16,200 --> 00:16:13,270

whatever you want but I don't think it

377

00:16:18,690 --> 00:16:16,210

works yeah I mean because what prayer is

378

00:16:20,130 --> 00:16:18,700

just meditation dude it's just focusing

379

00:16:23,040 --> 00:16:20,140

your energy on and that's what Steven

380

00:16:27,890 --> 00:16:23,050

Greer does they meditate right and

381

00:16:29,700 --> 00:16:27,900

they're consciously contacting the ETS

382

00:16:31,650 --> 00:16:29,710

without saying anything they're

383

00:16:34,560 --> 00:16:31,660

meditating yeah so maybe that that

384

00:16:37,320 --> 00:16:34,570

spiritual kind of aspect is important

385

00:16:40,830 --> 00:16:37,330

threat to a certain extent but let's not

386

00:16:43,380 --> 00:16:40,840

bring all of our human-made [\h\_\_\h] in

387

00:16:46,170 --> 00:16:43,390

with it right can we like if we can keep

388

00:16:48,750 --> 00:16:46,180

that separate you can keep me on the

389

00:16:51,780 --> 00:16:48,760

line a little longer you think about it

390

00:16:54,570 --> 00:16:51,790

what we what our culture would have been

391

00:16:56,970 --> 00:16:54,580

like had humans not screwed with

392

00:16:59,040 --> 00:16:56,980

religion and try to made it into power

393

00:17:00,720 --> 00:16:59,050

and control you know yeah what do you

394

00:17:02,340 --> 00:17:00,730

think we'd be doing right now you think

395

00:17:04,860 --> 00:17:02,350

we'd be floating on the cloud you know I

396

00:17:06,990 --> 00:17:04,870

don't know fiving I think everybody I

397

00:17:09,180 --> 00:17:07,000

think we'd be way more scientifically

398

00:17:11,670 --> 00:17:09,190

advanced oh yeah you know I think you

399

00:17:14,790 --> 00:17:11,680

know you look at cultures all around the

400

00:17:17,630 --> 00:17:14,800

world and how they would make progress

401  
00:17:20,070 --> 00:17:17,640  
and then all of a sudden like a huge

402  
00:17:22,680 --> 00:17:20,080  
religion bomb drops on the culture and

403  
00:17:24,780 --> 00:17:22,690  
then nothing you know you look at like

404  
00:17:27,210 --> 00:17:24,790  
the Middle East right yeah the Arabs I

405  
00:17:29,190 --> 00:17:27,220  
mean those guys invented numbers just

406  
00:17:32,430 --> 00:17:29,200  
got sake you know and then all of a

407  
00:17:35,070 --> 00:17:32,440  
sudden this huge wave of religion

408  
00:17:37,680 --> 00:17:35,080  
overtakes the area if you think about

409  
00:17:39,240 --> 00:17:37,690  
the Library of Alexandria

410  
00:17:40,889 --> 00:17:39,250  
Library of Alexandria and if that

411  
00:17:44,100 --> 00:17:40,899  
wouldn't have been destroyed

412  
00:17:46,019 --> 00:17:44,110  
oh just happens to being been destroyed

413  
00:17:48,509 --> 00:17:46,029

because of religion cuz yeah I think of

414

00:17:50,009 --> 00:17:48,519

that had not been distributed remains

415

00:17:52,440 --> 00:17:50,019

knowledge and information that was in

416

00:17:53,999 --> 00:17:52,450

there completely destroyed yeah right

417

00:17:55,799 --> 00:17:54,009

some people say the Vatican still has

418

00:17:57,480 --> 00:17:55,809

some of that stuff oh absolutely

419

00:17:59,789 --> 00:17:57,490

hundred percent believe that but I

420

00:18:02,009 --> 00:17:59,799

really do there's miles and miles of

421

00:18:04,110 --> 00:18:02,019

tunnels under the Vatican there is even

422

00:18:07,860 --> 00:18:04,120

a specific room dedicated specifically

423

00:18:09,539 --> 00:18:07,870

to Satan you know that's kind of cool

424

00:18:11,970 --> 00:18:09,549

I mean it's kind of weird yeah well

425

00:18:14,039 --> 00:18:11,980

that's funny you have to know about that

426

00:18:17,360 --> 00:18:14,049

stuff right there's stuff from from all

427

00:18:22,850 --> 00:18:17,370

kinds of cultures religion there's gold

428

00:18:27,090 --> 00:18:22,860

dude the Vatican is the richest the

429

00:18:29,970 --> 00:18:27,100

richest things a country its own so yeah

430

00:18:33,840 --> 00:18:29,980

well the Vatican yeah that that area is

431

00:18:34,980 --> 00:18:33,850

is its own thing wait and this is return

432

00:18:38,310 --> 00:18:34,990

this is where it gets kind of crazy

433

00:18:39,480 --> 00:18:38,320

there's a theory right and it's called

434

00:18:42,119 --> 00:18:39,490

the three city-states

435

00:18:44,669 --> 00:18:42,129

and it's basically how do you control a

436

00:18:47,639 --> 00:18:44,679

large population right so you control

437

00:18:49,740 --> 00:18:47,649

the military you control the money and

438

00:18:52,409 --> 00:18:49,750

you control the faith all right and so

439

00:18:55,499 --> 00:18:52,419

we have these little areas right which

440

00:18:58,169 --> 00:18:55,509

one is the Vatican which is in Rome but

441

00:19:00,299 --> 00:18:58,179

it's or you know Italy right but it's

442

00:19:01,289 --> 00:19:00,309

not part of Italy it's its own thing

443

00:19:03,389 --> 00:19:01,299

it's a city-state

444

00:19:08,549 --> 00:19:03,399

so it's independent okay okay there's a

445

00:19:11,999 --> 00:19:08,559

religion then we have London right the

446

00:19:14,879 --> 00:19:12,009

corporation of London it's it's not part

447

00:19:17,369 --> 00:19:14,889

of the country it's its own thing London

448

00:19:20,220 --> 00:19:17,379

what that's the money I didn't know that

449

00:19:22,049 --> 00:19:20,230

then you have Washington DC that's not a

450

00:19:23,100 --> 00:19:22,059

state that's not part of the country

451  
00:19:24,960 --> 00:19:23,110  
it's a district

452  
00:19:28,649 --> 00:19:24,970  
it's its own thing yeah that's the

453  
00:19:31,259 --> 00:19:28,659  
military dude those those three

454  
00:19:34,680 --> 00:19:31,269  
city-states will have so much influence

455  
00:19:37,080 --> 00:19:34,690  
over the entire planet so anyways that's

456  
00:19:38,999 --> 00:19:37,090  
a tangent I love that I just wanted to

457  
00:19:42,629 --> 00:19:39,009  
throw that out there that's cool a lot

458  
00:19:44,610 --> 00:19:42,639  
of people gonna call [h\_\_h] central

459  
00:19:47,490 --> 00:19:44,620  
banking conspiracies and blah blah blah

460  
00:19:48,150 --> 00:19:47,500  
but dude I mean calls it like you see

461  
00:19:51,780 --> 00:19:48,160  
you know

462  
00:19:53,220 --> 00:19:51,790  
see hey man I love I love that I mean

463  
00:19:56,010 --> 00:19:53,230

I'll definitely want to come back to

464

00:19:58,320 --> 00:19:56,020

that like really bad cuz the things oh

465

00:20:00,780 --> 00:19:58,330

yeah all right before we get too far you

466

00:20:03,060 --> 00:20:00,790

were talking you were talking about the

467

00:20:04,500 --> 00:20:03,070

story on a little break about this girl

468

00:20:07,020 --> 00:20:04,510

named EADS right I thought that was

469

00:20:08,700 --> 00:20:07,030

super super interesting ID OD so there

470

00:20:10,200 --> 00:20:08,710

was a couple things that she was talking

471

00:20:13,590 --> 00:20:10,210

about one thing that's really stood out

472

00:20:16,440 --> 00:20:13,600

to me was she says you know she gets

473

00:20:18,810 --> 00:20:16,450

abducted often she's a hybrid

474

00:20:24,330 --> 00:20:18,820

she's a hybrid you know mixed alien and

475

00:20:26,790 --> 00:20:24,340

human her family is is aware of the

476

00:20:29,550 --> 00:20:26,800

situation they've been taken as well

477

00:20:31,560 --> 00:20:29,560

apparently she says one of the

478

00:20:36,240 --> 00:20:31,570

conversation she had with one of the one

479

00:20:39,870 --> 00:20:36,250

of the greys is the greys asked her you

480

00:20:42,000 --> 00:20:39,880

know why are humans so scared of us you

481

00:20:43,890 --> 00:20:42,010

know when we when we pick them up yeah

482

00:20:45,780 --> 00:20:43,900

they're always freaking out they're

483

00:20:47,820 --> 00:20:45,790

always trying to fight us because they

484

00:20:49,860 --> 00:20:47,830

don't smile I mean yeah we'll have they

485

00:20:51,690 --> 00:20:49,870

need a toupee or social no facial

486

00:20:53,790 --> 00:20:51,700

features we need is they needed to pay

487

00:20:56,400 --> 00:20:53,800

and like a pajamas like some fun like

488

00:21:08,580 --> 00:20:56,410

Train pajamas they make them look cute

489

00:21:13,260 --> 00:21:08,590

what's the alien on American Dad Q

490

00:21:15,210 --> 00:21:13,270

measures like a tiny big-headed like guy

491

00:21:18,180 --> 00:21:15,220

with a toupee like you're not doing

492

00:21:23,670 --> 00:21:18,190

anybody he's got one of those nose

493

00:21:32,480 --> 00:21:23,680

glasses things like gonna for a bank

494

00:21:36,860 --> 00:21:32,490

loan you would just laugh just laugh a

495

00:21:46,320 --> 00:21:39,540

stop laughing we're trying to take sperm

496

00:21:49,530 --> 00:21:46,330

yeah pissed at you Sarah this one's

497

00:21:51,240 --> 00:21:49,540

still chuckling yeah so anyway she asked

498

00:21:55,310 --> 00:21:51,250

you know like why are they so afraid of

499

00:21:58,050 --> 00:21:55,320

us Mike no perrolli they're scared of us

500

00:21:59,820 --> 00:21:58,060

yes because we're huge makes sense

501  
00:22:01,280 --> 00:21:59,830  
compared to them we're gonna go ape so

502  
00:22:02,990 --> 00:22:01,290  
hairy they're always

503  
00:22:05,330 --> 00:22:03,000  
freaking out and flailing and trying to

504  
00:22:08,780 --> 00:22:05,340  
hit him and stuff and so they were

505  
00:22:11,060 --> 00:22:08,790  
wondering why we act like that and maybe

506  
00:22:13,970 --> 00:22:11,070  
it was a message saying could you guys

507  
00:22:15,590 --> 00:22:13,980  
stop just because they just be cool I

508  
00:22:18,530 --> 00:22:15,600  
mean have you ever tried to pick up like

509  
00:22:20,270 --> 00:22:18,540  
a wild bird or a rabbit right or like

510  
00:22:22,070 --> 00:22:20,280  
even a bait like one time I came across

511  
00:22:24,140 --> 00:22:22,080  
a baby raccoon on the side of the road

512  
00:22:25,760 --> 00:22:24,150  
and it was all sleepy was just sleep in

513  
00:22:28,340 --> 00:22:25,770

there wasn't dad this is the baby

514

00:22:30,770 --> 00:22:28,350

raccoon middle of the night I mean I was

515

00:22:33,350 --> 00:22:30,780

driving home from a buddy's house around

516

00:22:34,730 --> 00:22:33,360

the country and I just stopped I see

517

00:22:36,380 --> 00:22:34,740

this little raccoon I try to pick it up

518

00:22:37,490 --> 00:22:36,390

and it looks at me like all wild-eyed

519

00:22:40,940 --> 00:22:37,500

and just freaked

520

00:22:42,470 --> 00:22:40,950

buck out yeah yeah like I'm sure but

521

00:22:45,430 --> 00:22:42,480

tons of people have that same story but

522

00:22:49,100 --> 00:22:45,440

it totally makes sense it's just a

523

00:22:50,870 --> 00:22:49,110

larger strange thing you'd never seen it

524

00:22:53,480 --> 00:22:50,880

like yeah any time you come in contact

525

00:22:56,090 --> 00:22:53,490

with something that's unfamiliar that's

526

00:22:58,070 --> 00:22:56,100

that's your fight-or-flight sense yeah

527

00:22:59,690 --> 00:22:58,080

and most of us would rather flight than

528

00:23:01,820 --> 00:22:59,700

fight yeah you know and it just so

529

00:23:03,830 --> 00:23:01,830

happens when you get corners like tie

530

00:23:06,140 --> 00:23:03,840

down to a table and you got a bunch of

531

00:23:08,990 --> 00:23:06,150

tiny big-headed people with you know

532

00:23:13,840 --> 00:23:09,000

fake nose mustache glasses things on

533

00:23:20,390 --> 00:23:13,850

their pajamas like come play with us

534

00:23:23,150 --> 00:23:20,400

come play trains freak freak you out sir

535

00:23:25,130 --> 00:23:23,160

so so she's talking about she's having

536

00:23:27,580 --> 00:23:25,140

this conversation with another a grey

537

00:23:30,950 --> 00:23:27,590

alien and this is a tiny one like I said

538

00:23:33,170 --> 00:23:30,960

short yes short grey alien and she's

539

00:23:35,210 --> 00:23:33,180

speaking English to her like having a

540

00:23:36,800 --> 00:23:35,220

normal conversation right I'm curious as

541

00:23:39,560 --> 00:23:36,810

to like where this take is taking place

542

00:23:41,720 --> 00:23:39,570

like is this I don't know it's on the

543

00:23:44,120 --> 00:23:41,730

ship okay it's on the ship all right she

544

00:23:46,010 --> 00:23:44,130

says that when she gets abducted she

545

00:23:50,750 --> 00:23:46,020

gets taken to a place that looks kind of

546

00:23:55,850 --> 00:23:50,760

like a high school gym just just uh not

547

00:23:57,560 --> 00:23:55,860

as boxy but it's big so maybe maybe they

548

00:24:00,800 --> 00:23:57,570

pick her up in a ship and take her up to

549

00:24:02,330 --> 00:24:00,810

the mothership or you know yeah so you

550

00:24:06,740 --> 00:24:02,340

always wonder like there's always a

551  
00:24:14,270 --> 00:24:09,950  
you've left it went out for some smokes

552  
00:24:18,980 --> 00:24:14,280  
he never came back never came back all

553  
00:24:24,790 --> 00:24:18,990  
right maybe I'm not maybe the source is

554  
00:24:26,810 --> 00:24:24,800  
daddy oh yeah I've heard reports of

555  
00:24:30,500 --> 00:24:26,820  
extraterrestrials communicating and

556  
00:24:32,990 --> 00:24:30,510  
saying that they they obey the source oh

557  
00:24:34,880 --> 00:24:33,000  
there they take direction from the

558  
00:24:37,640 --> 00:24:34,890  
source right okay I have heard this and

559  
00:24:40,450 --> 00:24:37,650  
some say it's like an AI like an ultra

560  
00:24:43,940 --> 00:24:40,460  
ultra AI where it's an artificial

561  
00:24:46,430 --> 00:24:43,950  
life-form that kind of knows everything

562  
00:24:49,010 --> 00:24:46,440  
that's gonna happen has has has happened

563  
00:24:50,450 --> 00:24:49,020

is happening right what's yeah so I've

564

00:24:51,800 --> 00:24:50,460

heard a little bit about not a lot yeah

565

00:24:54,080 --> 00:24:51,810

it's it's kind of created like it you

566

00:24:56,870 --> 00:24:54,090

have the greys that kind of work under

567

00:24:58,850 --> 00:24:56,880

the tall whites and then the tall whites

568

00:25:02,990 --> 00:24:58,860

get this information from the source

569

00:25:04,850 --> 00:25:03,000

yeah wherever whatever that is right

570

00:25:08,090 --> 00:25:04,860

like we were talking about earlier with

571

00:25:11,270 --> 00:25:08,100

religion maybe it's the same thing we

572

00:25:13,910 --> 00:25:11,280

call God they call the source and it

573

00:25:16,610 --> 00:25:13,920

just so happens we had contact with it

574

00:25:18,620 --> 00:25:16,620

at some point in time hmm or we didn't

575

00:25:23,270 --> 00:25:18,630

and they came and told us about the

576

00:25:25,640 --> 00:25:23,280

source did thus bringing religion whoa

577

00:25:27,590 --> 00:25:25,650

and then you move forward from there and

578

00:25:29,840 --> 00:25:27,600

then you have some guy that comes along

579

00:25:32,300 --> 00:25:29,850

and says the only way to get to the

580

00:25:34,460 --> 00:25:32,310

source is you're gonna through me right

581

00:25:36,590 --> 00:25:34,470

and then the only way to when you die

582

00:25:40,700 --> 00:25:36,600

and then the only way to get to the

583

00:25:43,820 --> 00:25:40,710

source you gotta pay money I mean to me

584

00:25:45,800 --> 00:25:43,830

to me yeah right no no no it's not in my

585

00:25:47,900 --> 00:25:45,810

head it's all he's he's saying it to my

586

00:25:50,180 --> 00:25:47,910

head but I wrote it down but you can't

587

00:25:51,860 --> 00:25:50,190

read the book yeah he he tells me and

588

00:25:53,870 --> 00:25:51,870

then I tell you guys yeah it's

589

00:25:54,320 --> 00:25:53,880

complicated we fine that's how it works

590

00:25:56,900 --> 00:25:54,330

right

591

00:25:59,660 --> 00:25:56,910

whatever just pay me money talk to me

592

00:26:03,260 --> 00:25:59,670

and then you can go yeah I I will tell

593

00:26:05,210 --> 00:26:03,270

you how to to I'll tell you what happens

594

00:26:06,680 --> 00:26:05,220

after you die and but all you have to do

595

00:26:10,430 --> 00:26:06,690

is pay me money for the rest of your

596

00:26:12,350 --> 00:26:10,440

life pay me money and it's like it was

597

00:26:14,750 --> 00:26:12,360

like one of the most big questions like

598

00:26:16,160 --> 00:26:14,760

what happens after we die of course I'm

599

00:26:18,610 --> 00:26:16,170

gonna pay you are you serious you can

600

00:26:22,670 --> 00:26:18,620

tell me let me like for reals though

601  
00:26:26,100 --> 00:26:24,600  
everything you know we always think

602  
00:26:29,490 --> 00:26:26,110  
about like go back in time they're like

603  
00:26:33,060 --> 00:26:29,500  
speaking a different language dust that

604  
00:26:36,570 --> 00:26:33,070  
would have the answer but what have they

605  
00:26:51,570 --> 00:26:36,580  
said thou dost have the answers for real

606  
00:26:52,590 --> 00:26:51,580  
Doug this is me off like ultimately it

607  
00:26:54,780 --> 00:26:52,600  
pisses me off

608  
00:26:56,700 --> 00:26:54,790  
mm-hmm because there was a time where

609  
00:26:58,620 --> 00:26:56,710  
you didn't have to do with that yeah you

610  
00:27:00,840 --> 00:26:58,630  
know I feel like there was there had to

611  
00:27:03,660 --> 00:27:00,850  
have been one like one short period of

612  
00:27:06,330 --> 00:27:03,670  
time like when Jesus was doing his thing

613  
00:27:08,280 --> 00:27:06,340

or whoever was somebody cool was doing

614

00:27:10,050 --> 00:27:08,290

some awesome stuff right hey you should

615

00:27:12,270 --> 00:27:10,060

probably live your life like this and

616

00:27:13,680 --> 00:27:12,280

you'll be happier and everybody around

617

00:27:15,720 --> 00:27:13,690

you'd be happier and people stop

618

00:27:18,000 --> 00:27:15,730

fighting and killing you know here's

619

00:27:19,560 --> 00:27:18,010

some little guidelines like that makes

620

00:27:21,990 --> 00:27:19,570

sense and everybody got on board and it

621

00:27:23,760 --> 00:27:22,000

was really awesome for a little while

622

00:27:25,800 --> 00:27:23,770

you know like if you ever worked at a

623

00:27:27,480 --> 00:27:25,810

job and your boss is kind of shitty and

624

00:27:28,920 --> 00:27:27,490

he gets or she gets fired and this money

625

00:27:30,600 --> 00:27:28,930

new comes in or maybe there's like a

626  
00:27:31,740 --> 00:27:30,610  
span of time when there's nobody that's

627  
00:27:33,750 --> 00:27:31,750  
just like you're kind of waiting for

628  
00:27:35,220 --> 00:27:33,760  
that job would be backfilled and

629  
00:27:37,500 --> 00:27:35,230  
everybody's super happy and working

630  
00:27:40,260 --> 00:27:37,510  
really hard and working together advice

631  
00:27:44,310 --> 00:27:40,270  
you're super positive and like whoa and

632  
00:27:47,670 --> 00:27:44,320  
then some other dude comes in and ruins

633  
00:27:50,130 --> 00:27:47,680  
it right you know dude you know there's

634  
00:27:52,290 --> 00:27:50,140  
an interesting story about that a lot of

635  
00:27:56,730 --> 00:27:52,300  
like religious scholars and things they

636  
00:27:59,670 --> 00:27:56,740  
talk about it on how there's parts in

637  
00:28:01,980 --> 00:27:59,680  
the Bible Jesus is born he's a baby and

638  
00:28:04,200 --> 00:28:01,990

then he disappears and then he comes

639

00:28:07,320 --> 00:28:04,210

back thirty years or something like that

640

00:28:09,270 --> 00:28:07,330

I think it was like 26 I think he leaves

641

00:28:11,610 --> 00:28:09,280

when he oh man we're the wrong people to

642

00:28:13,590 --> 00:28:11,620

ask yeah yeah I don't have this the

643

00:28:15,810 --> 00:28:13,600

specific numbers but the point of the

644

00:28:18,240 --> 00:28:15,820

story is when he leaves and there's all

645

00:28:21,840 --> 00:28:18,250

this missing time in the Bible they say

646

00:28:24,390 --> 00:28:21,850

he goes to the Tibetan Mountains meets

647

00:28:26,460 --> 00:28:24,400

the Tibetan monks right because you have

648

00:28:27,060 --> 00:28:26,470

the Old Testament with the all smite II

649

00:28:31,490 --> 00:28:27,070

smiter

650

00:28:34,340 --> 00:28:31,500

you know the the angry spider son

651  
00:28:36,919 --> 00:28:34,350  
he kills people he orders you know hey

652  
00:28:38,930 --> 00:28:36,929  
kill your son you know like I want to

653  
00:28:41,210 --> 00:28:38,940  
make sure you're obeying me like you

654  
00:28:42,710 --> 00:28:41,220  
know it makes floods yeah he's just

655  
00:28:45,230 --> 00:28:42,720  
where you can have it come on everybody

656  
00:28:48,830 --> 00:28:45,240  
right mad because everybody's got their

657  
00:28:51,740 --> 00:28:48,840  
own gods he's just so angry right you

658  
00:28:55,159 --> 00:28:51,750  
get to the New Testament and it's love

659  
00:28:58,340 --> 00:28:55,169  
one another you know like just everybody

660  
00:29:00,950 --> 00:28:58,350  
it'll be cool right that's what that's

661  
00:29:03,560 --> 00:29:00,960  
what people say happen is Jesus went and

662  
00:29:05,840 --> 00:29:03,570  
studied with a Tibetan monks and then he

663  
00:29:07,700 --> 00:29:05,850

came back into that area and started it

664

00:29:09,289 --> 00:29:07,710

started preaching this you know how the

665

00:29:10,190 --> 00:29:09,299

monks live and they're like oh that's

666

00:29:13,880 --> 00:29:10,200

cool

667

00:29:16,430 --> 00:29:13,890

let's monetize it that's free all right

668

00:29:17,899 --> 00:29:16,440

so now the only worse corporation right

669

00:29:20,840 --> 00:29:17,909

yeah have you seen that meme where it's

670

00:29:23,770 --> 00:29:20,850

like the oh what's the mask with the

671

00:29:26,390 --> 00:29:23,780

little mustache the white mask it's like

672

00:29:28,370 --> 00:29:26,400

there's a movie about oh that yeah the

673

00:29:29,930 --> 00:29:28,380

remember remember yeah the V for

674

00:29:31,520 --> 00:29:29,940

Vendetta you for Vendetta but there's a

675

00:29:33,799 --> 00:29:31,530

name I can't remember the name of that

676

00:29:35,390 --> 00:29:33,809

man Canada but there's that there's a

677

00:29:37,310 --> 00:29:35,400

meme where it shows some some dudes

678

00:29:39,409 --> 00:29:37,320

working in a factory making those masks

679

00:29:41,360 --> 00:29:39,419

and vast quantities and it's like

680

00:29:46,039 --> 00:29:41,370

alright give some people to rebel about

681

00:29:48,950 --> 00:29:46,049

and let's monetize it yeah of course

682

00:29:51,409 --> 00:29:48,960

yeah totally it's it's just so cyclical

683

00:29:53,810 --> 00:29:51,419

like it's always been done that's it

684

00:29:59,149 --> 00:29:53,820

that's what happens hmm capitalism baby

685

00:30:03,799 --> 00:29:59,159

yeah you can make a doll and make it do

686

00:30:05,840 --> 00:30:03,809

it I mean do you though man let's just

687

00:30:08,060 --> 00:30:05,850

make some beats man not like rap beats

688

00:30:10,310 --> 00:30:08,070

but like food beats food beats some

689

00:30:13,279 --> 00:30:10,320

lettuce carrots we're gonna make it

690

00:30:16,010 --> 00:30:13,289

let's grow it let's just eat our own

691

00:30:18,500 --> 00:30:16,020

food man yeah all right yeah I love

692

00:30:22,010 --> 00:30:18,510

super supermarkets there's no way that's

693

00:30:24,110 --> 00:30:22,020

way too hard yeah it's a lot I want to

694

00:30:25,940 --> 00:30:24,120

stay on that that bottle for as long as

695

00:30:32,840 --> 00:30:25,950

I can there's no way supermarket bottle

696

00:30:35,210 --> 00:30:32,850

does no I mean there's no way we can go

697

00:30:39,980 --> 00:30:35,220

back now do you I guess it sucks right

698

00:30:42,169 --> 00:30:39,990

but eh at least you live in a place

699

00:30:44,180 --> 00:30:42,179

where you can do it yeah true

700

00:30:45,289 --> 00:30:44,190

that's tight you know well yeah sound

701

00:30:48,109 --> 00:30:45,299

like such a whiny little

702

00:30:50,359 --> 00:30:48,119

right now God we got to get off this

703

00:30:52,070 --> 00:30:50,369

subject Joey you know let's get back to

704

00:30:56,090 --> 00:30:52,080

talk about aliens again I'll work that

705

00:30:58,159 --> 00:30:56,100

five to five you know pop you you do you

706

00:31:01,639 --> 00:30:58,169

ever do you think do you think aliens

707

00:31:03,680 --> 00:31:01,649

have jobs do you think they work food no

708

00:31:04,789 --> 00:31:03,690

they barter I don't think they do I

709

00:31:06,109 --> 00:31:04,799

think we might have talked about this

710

00:31:08,720 --> 00:31:06,119

last time but like they make their own

711

00:31:13,159 --> 00:31:08,730

food and stuff you know that girl deep

712

00:31:16,850 --> 00:31:13,169

she was saying that was it

713

00:31:19,639 --> 00:31:16,860

something about how we're just not if we

714

00:31:22,460 --> 00:31:19,649

were more of a space going you know

715

00:31:24,590 --> 00:31:22,470

exploratory civilization yeah it'd be

716

00:31:27,080 --> 00:31:24,600

one thing but a lot of them like just

717

00:31:29,060 --> 00:31:27,090

pass by us because there's really no

718

00:31:31,340 --> 00:31:29,070

need for them to come here like it

719

00:31:33,710 --> 00:31:31,350

doesn't matter but if we were then we

720

00:31:34,639 --> 00:31:33,720

could actually connect trade routes and

721

00:31:38,119 --> 00:31:34,649

things like that with other

722

00:31:39,529 --> 00:31:38,129

civilizations right so then maybe once

723

00:31:41,869 --> 00:31:39,539

we can do that then they'll start paying

724

00:31:44,389 --> 00:31:41,879

attention to us but it's just like us if

725

00:31:46,249 --> 00:31:44,399

we wanted to trade and barter and do

726

00:31:48,049 --> 00:31:46,259

things like that who wouldn't go to

727

00:31:49,700 --> 00:31:48,059

nobody who doesn't have anything right

728

00:31:51,499 --> 00:31:49,710

there's no point you just pass right by

729

00:31:53,450 --> 00:31:51,509

them go to the next place the moon would

730

00:31:55,909 --> 00:31:53,460

make a perfect little trade route stop

731

00:31:57,379 --> 00:31:55,919

you know like something out of Star Wars

732

00:31:59,269 --> 00:31:57,389

like you don't actually go to the big

733

00:32:01,669 --> 00:31:59,279

planet but you go to the little moon a

734

00:32:03,560 --> 00:32:01,679

little move let's we could put you know

735

00:32:05,359 --> 00:32:03,570

power plants up there and big ugly

736

00:32:07,070 --> 00:32:05,369

machines and stuff all right on the Dark

737

00:32:08,930 --> 00:32:07,080

Side of the Moon the dark the side that

738

00:32:13,159 --> 00:32:08,940

we don't see and no one's gonna complain

739

00:32:14,960 --> 00:32:13,169

you know and then you know also what do

740

00:32:16,549 --> 00:32:14,970

you think we have on earth that other

741

00:32:18,349 --> 00:32:16,559

civilizations don't have in their

742

00:32:19,940 --> 00:32:18,359

galaxies or planets you know like we're

743

00:32:22,159 --> 00:32:19,950

talking about that element earlier that

744

00:32:23,539 --> 00:32:22,169

doesn't occur naturally right I wonder

745

00:32:26,210 --> 00:32:23,549

if there's something on earth at Earth

746

00:32:28,369 --> 00:32:26,220

that exists that the other other planets

747

00:32:29,840 --> 00:32:28,379

don't have yeah like what would we

748

00:32:32,779 --> 00:32:29,850

barter you know like what would we have

749

00:32:34,249 --> 00:32:32,789

to offer to a galactic trade route maybe

750

00:32:36,200 --> 00:32:34,259

water ooh

751

00:32:38,960 --> 00:32:36,210

well water is one of the most abundant

752

00:32:41,960 --> 00:32:38,970

maybe not liquid water but is yeah is it

753

00:32:43,999 --> 00:32:41,970

in you know h<sub>2</sub>o form right right that's

754

00:32:49,039 --> 00:32:44,009

a good point you know there is a lot of

755

00:32:49,540 --> 00:32:49,049

hydrogen out there lots of bar's out

756

00:32:55,680 --> 00:32:49,550

there too

757

00:32:58,920 --> 00:32:55,690

[Laughter]

758

00:33:01,140 --> 00:32:58,930

did you see Mars release a huge pocket

759

00:33:02,550 --> 00:33:01,150

of methane yes and it like turned the

760

00:33:05,040 --> 00:33:02,560

landscape a different color they

761

00:33:07,170 --> 00:33:05,050

couldn't they were like so they've been

762

00:33:09,660 --> 00:33:07,180

exploring this thing for years now and

763

00:33:11,670 --> 00:33:09,670

they found small traces of methane but

764

00:33:13,800 --> 00:33:11,680

nothing to like really register right

765

00:33:16,440 --> 00:33:13,810

and just recently so Mars farted it was

766

00:33:18,590 --> 00:33:16,450

a lot of methane right and how do you

767

00:33:21,690 --> 00:33:18,600

get methane you get it through

768

00:33:22,830 --> 00:33:21,700

decomposition old organisms that are out

769

00:33:25,200 --> 00:33:22,840

dead you know

770

00:33:26,820 --> 00:33:25,210

biological material farting dude I did

771

00:33:30,240 --> 00:33:26,830

not put those two two together

772

00:33:31,890 --> 00:33:30,250

yeah okay so that's how I is that why is

773

00:33:33,240 --> 00:33:31,900

that not a bigger deal I don't know B

774

00:33:34,920 --> 00:33:33,250

can you get methane it goes our way

775

00:33:36,810 --> 00:33:34,930

because trumps still president

776

00:33:38,760 --> 00:33:36,820

everybody's obsessing about it I don't

777

00:33:39,510 --> 00:33:38,770

know okay it sounds like Moe started

778

00:33:40,890 --> 00:33:39,520

okay

779

00:33:43,710 --> 00:33:40,900

I don't know a lot of people that find a

780

00:33:46,140 --> 00:33:43,720

lot of people everybody's dude I mean we

781

00:33:49,920 --> 00:33:46,150

got a lot of [h\_\_\h] going on here on earth

782

00:33:52,950 --> 00:33:49,930

but that's all man-made you did it to

783

00:33:54,900 --> 00:33:52,960

yourself get over that [h\_\_\h] like let's

784

00:33:57,090 --> 00:33:54,910

move on what do you talk are you talking

785

00:33:58,710 --> 00:33:57,100

about I'm saying like just all the stuff

786

00:34:01,320 --> 00:33:58,720

that's coming out there's methane on

787

00:34:03,690 --> 00:34:01,330

Mars right they've found water on Mars

788

00:34:06,180 --> 00:34:03,700

you know there's all these et

789

00:34:10,680 --> 00:34:06,190

disclosures like this is the biggest

790

00:34:14,040 --> 00:34:10,690

news ever and I can walk down the street

791

00:34:17,520 --> 00:34:14,050

and talk to 50 people and one person

792

00:34:19,680 --> 00:34:17,530

might kind of sort of maybe know a

793

00:34:22,470 --> 00:34:19,690

little something about it yeah how

794

00:34:24,210 --> 00:34:22,480

insane is that also to counter that to

795

00:34:26,669 --> 00:34:24,220

be devil's advocate I'm actually happy

796

00:34:28,980 --> 00:34:26,679

that that's gonna that's them there's a

797

00:34:30,990 --> 00:34:28,990

large percentage of what's being put out

798

00:34:33,000 --> 00:34:31,000

in the news that are about fringe things

799

00:34:35,760 --> 00:34:33,010

like this the people that you know you

800

00:34:37,620 --> 00:34:35,770

like the old way of syndicating news is

801  
00:34:39,570 --> 00:34:37,630  
let's give the people what they want and

802  
00:34:41,550 --> 00:34:39,580  
it seems like if what you're saying is

803  
00:34:44,130 --> 00:34:41,560  
true which I do definitely like agree

804  
00:34:45,540 --> 00:34:44,140  
that maybe one person out of 50 will

805  
00:34:48,450 --> 00:34:45,550  
know what we're talking about but at

806  
00:34:51,000 --> 00:34:48,460  
least the news outlets are reporting it

807  
00:34:53,640 --> 00:34:51,010  
like that's awesome yeah yeah it's not

808  
00:34:55,050 --> 00:34:53,650  
you know I think I think we're gone

809  
00:34:58,500 --> 00:34:55,060  
through a little transition yeah it's

810  
00:35:02,520 --> 00:34:58,510  
not what we thought but it's as good as

811  
00:35:05,520 --> 00:35:02,530  
it's gonna get yes definitely it's it's

812  
00:35:08,400 --> 00:35:05,530  
a topic and it's still it's not a new

813  
00:35:09,609 --> 00:35:08,410

topic by any means but in the mainstream

814

00:35:11,259 --> 00:35:09,619

it's a

815

00:35:13,749 --> 00:35:11,269

Dibley new thing that people are talking

816

00:35:16,720 --> 00:35:13,759

about so I think all of this stuff like

817

00:35:19,269 --> 00:35:16,730

it's all working towards this slow

818

00:35:21,370 --> 00:35:19,279

little release of disclosure if that's

819

00:35:23,349 --> 00:35:21,380

if that makes sense it's like let's

820

00:35:27,249 --> 00:35:23,359

surround let's not just like put out

821

00:35:28,480 --> 00:35:27,259

this one story like hey the president

822

00:35:30,880 --> 00:35:28,490

comes out and says yeah there's aliens

823

00:35:32,890 --> 00:35:30,890

everywhere but if it was done in a

824

00:35:35,710 --> 00:35:32,900

really slow manner where we talk about

825

00:35:37,870 --> 00:35:35,720

stuff on the left this not on the left

826

00:35:39,489 --> 00:35:37,880

like politically but here's some things

827

00:35:40,960 --> 00:35:39,499

happening on Mars oh here's some things

828

00:35:42,400 --> 00:35:40,970

happened on Jupiter when she showed me

829

00:35:45,789 --> 00:35:42,410

in our little break that was cool

830

00:35:47,799 --> 00:35:45,799

yeah the void yeah like kind of kind of

831

00:35:49,539 --> 00:35:47,809

little hints that you you kind of make

832

00:35:52,180 --> 00:35:49,549

people think it's their idea or like

833

00:35:53,950 --> 00:35:52,190

they're they they're understanding it

834

00:35:55,180 --> 00:35:53,960

for themselves and not just being told

835

00:35:57,489 --> 00:35:55,190

by an authority figure

836

00:35:59,230 --> 00:35:57,499

right where they're like it's it is kind

837

00:36:01,150 --> 00:35:59,240

of like that's I think that's the best

838

00:36:05,769 --> 00:36:01,160

way to get information out there it's to

839

00:36:07,989 --> 00:36:05,779

like disperse it evenly kind of like

840

00:36:10,690 --> 00:36:07,999

shotgun shell rather than like one

841

00:36:12,999 --> 00:36:10,700

big-ass bullet you know yeah I mean I

842

00:36:15,400 --> 00:36:13,009

they're they're not gonna release a

843

00:36:17,229 --> 00:36:15,410

whole bunch of stuff one because they

844

00:36:21,759 --> 00:36:17,239

don't want enemies getting ahold of it

845

00:36:24,549 --> 00:36:21,769

and you know - they don't know what's

846

00:36:27,220 --> 00:36:24,559

going on I think that's the big thing

847

00:36:30,039 --> 00:36:27,230

one thing that I've kind of flipped on

848

00:36:31,420 --> 00:36:30,049

is well the government knows the

849

00:36:34,599 --> 00:36:31,430

government knows all this stuff right

850

00:36:36,759 --> 00:36:34,609

this is saying that they know and the

851

00:36:38,710 --> 00:36:36,769

more and more that I get into it the

852

00:36:40,539 --> 00:36:38,720

more I think they don't know [h\_\_h] yeah

853

00:36:41,950 --> 00:36:40,549

but they they want you to think that

854

00:36:43,900 --> 00:36:41,960

they know all because they want to stay

855

00:36:45,249 --> 00:36:43,910

in control right right I think it comes

856

00:36:47,829 --> 00:36:45,259

down and what we were just talking about

857

00:36:49,239 --> 00:36:47,839

a little bit ago then of the the control

858

00:36:51,430 --> 00:36:49,249

and they don't they want us to think

859

00:36:55,390 --> 00:36:51,440

that they're the the answer there's a

860

00:36:57,670 --> 00:36:55,400

South Park example yes so yeah the

861

00:37:00,099 --> 00:36:57,680

government will save me the government

862

00:37:02,950 --> 00:37:00,109

will help me the government is there to

863

00:37:04,599 --> 00:37:02,960

protect me what is the government the

864

00:37:06,309 --> 00:37:04,609

government is just me and you dude just

865

00:37:09,370 --> 00:37:06,319

a bunch of people it is yeah it's just

866

00:37:11,410 --> 00:37:09,380

people yeah I don't you're the president

867

00:37:13,210 --> 00:37:11,420

is not important it's he's yeah he's

868

00:37:14,170 --> 00:37:13,220

what just a spokes but it's just the

869

00:37:16,420 --> 00:37:14,180

face

870

00:37:18,609 --> 00:37:16,430

he's the crap he's kind of like a mascot

871

00:37:20,739 --> 00:37:18,619

but like he's the one who just gets the

872

00:37:21,960 --> 00:37:20,749

blame yeah that's all and that too

873

00:37:23,849 --> 00:37:21,970

that what a hard

874

00:37:25,200 --> 00:37:23,859

I blame for the good you know you get

875

00:37:27,450 --> 00:37:25,210

credit for the good you get the blame

876

00:37:29,400 --> 00:37:27,460

for the bad yeah you know and he just

877

00:37:31,740 --> 00:37:29,410

represents us that's all it is

878

00:37:33,720 --> 00:37:31,750

yeah he's not important Pope okay

879

00:37:36,180 --> 00:37:33,730

there's just thousands and thousands

880

00:37:37,980 --> 00:37:36,190

people actually making a difference in

881

00:37:40,829 --> 00:37:37,990

making the decisions in the background

882

00:37:42,450 --> 00:37:40,839

yeah yeah so it's it's yeah it's like a

883

00:37:47,910 --> 00:37:42,460

hive mind thing mm-hmm

884

00:37:50,430 --> 00:37:47,920

yeah it's silly but yeah yeah Dee was

885

00:37:52,040 --> 00:37:50,440

saying some pretty crazy things pretty

886

00:37:54,420 --> 00:37:52,050

crazy things so uh

887

00:37:57,420 --> 00:37:54,430

definitely wasn't a hundred percent on

888

00:37:59,849 --> 00:37:57,430

board yeah but very interesting you got

889

00:38:01,050 --> 00:37:59,859

it I mean I I'm kind of like you I think

890

00:38:02,849 --> 00:38:01,060

we've already talked about this for like

891

00:38:04,950 --> 00:38:02,859

you want to listen to those crazy things

892

00:38:06,960 --> 00:38:04,960

sometimes if it is not too out there

893

00:38:09,059 --> 00:38:06,970

right just cuz I think there's always

894

00:38:10,680 --> 00:38:09,069

that little kind of seed that's like

895

00:38:12,510 --> 00:38:10,690

okay that's kind of logical I could see

896

00:38:14,490 --> 00:38:12,520

that happening I'm gonna hear you out

897

00:38:16,200 --> 00:38:14,500

I'm like I'm not gonna do that totally

898

00:38:17,609 --> 00:38:16,210

I'm not gonna just don't talk to me

899

00:38:19,620 --> 00:38:17,619

don't say anything I'm not alright

900

00:38:20,790 --> 00:38:19,630

whatever I'm gonna I'm gonna listen yeah

901  
00:38:23,069 --> 00:38:20,800  
and give you the benefit of the doubt

902  
00:38:26,010 --> 00:38:23,079  
and then decide for myself I really even

903  
00:38:27,660 --> 00:38:26,020  
though I was I was working while I was

904  
00:38:30,780 --> 00:38:27,670  
listening to it yeah I listen to the

905  
00:38:34,140 --> 00:38:30,790  
whole thing you know were you working or

906  
00:38:39,540 --> 00:38:34,150  
twerking I was working oh yeah it's

907  
00:38:42,470 --> 00:38:39,550  
harder to work to to talk shows you

908  
00:38:44,819 --> 00:38:42,480  
gotta find some crazy rhythm in that day

909  
00:38:49,520 --> 00:38:44,829  
definitely not on our show we have no

910  
00:39:00,270 --> 00:38:55,200  
bass player with no hailing without no

911  
00:39:02,819 --> 00:39:00,280  
ship man yeah no I what caught my

912  
00:39:06,569 --> 00:39:02,829  
attention also other than her talking

913  
00:39:08,130 --> 00:39:06,579

about the the greys and like why do

914

00:39:10,859 --> 00:39:08,140

humans freak out all the time yeah

915

00:39:14,960 --> 00:39:10,869

that's obvious right um another thing

916

00:39:17,579 --> 00:39:14,970

she was talking about was the propulsion

917

00:39:19,380 --> 00:39:17,589

technology of the ship oh she was

918

00:39:20,940 --> 00:39:19,390

talking about was talking about that too

919

00:39:22,680 --> 00:39:20,950

so they had told her something anyways

920

00:39:24,300 --> 00:39:22,690

yeah it was kind of weird cuz you know

921

00:39:26,390 --> 00:39:24,310

we've been listing all the Balthasar

922

00:39:29,579 --> 00:39:26,400

stuff and how that stuff kind of worked

923

00:39:32,490 --> 00:39:29,589

she was saying something about imagine a

924

00:39:34,920 --> 00:39:32,500

fishbowl right and then you have like a

925

00:39:35,640 --> 00:39:34,930

piece of paper and you put it over the

926

00:39:38,820 --> 00:39:35,650

fishbowl

927

00:39:41,460 --> 00:39:38,830

and you kind of push it halfway in the

928

00:39:44,520 --> 00:39:41,470

bowl and then she said then there's like

929

00:39:47,700 --> 00:39:44,530

a little cap with like a stem on it and

930

00:39:54,540 --> 00:39:47,710

apparently this this paper this sheet

931

00:39:56,610 --> 00:39:54,550

was like a map of some sort right yeah

932

00:39:57,650 --> 00:39:56,620

it's so crazy I feel like you're making

933

00:40:00,390 --> 00:39:57,660

it up on the spot

934

00:40:01,650 --> 00:40:00,400

hey I could do that to you I felt all

935

00:40:03,780 --> 00:40:01,660

right he's getting to her you get a

936

00:40:05,520 --> 00:40:03,790

squirrel I was like dude are you kidding

937

00:40:09,930 --> 00:40:05,530

me right now and she's like yeah you'd

938

00:40:13,970 --> 00:40:09,940

snap the lid close and it creates this

939

00:40:21,330 --> 00:40:13,980

dis dis pressure and and you can like

940

00:40:25,250 --> 00:40:21,340

poke a hole in the map ship like and

941

00:40:28,950 --> 00:40:25,260

like Jimmy Church was even like wait

942

00:40:31,560 --> 00:40:28,960

again almost almost

943

00:40:32,550 --> 00:40:31,570

okay guys that they're cool talking yeah

944

00:40:36,090 --> 00:40:32,560

almost got it

945

00:40:38,460 --> 00:40:36,100

don't tell me one more time again and

946

00:40:41,640 --> 00:40:38,470

she explained to me how can I see the

947

00:40:44,220 --> 00:40:41,650

drop without like well Oh so apparently

948

00:40:46,290 --> 00:40:44,230

like you know you shoved the paper in

949

00:40:50,340 --> 00:40:46,300

the bowl right but then when you put the

950

00:40:52,530 --> 00:40:50,350

lid on it it looks flat from the outside

951  
00:40:54,420 --> 00:40:52,540  
I don't almost got it so I mean I

952  
00:40:56,910 --> 00:40:54,430  
believe that you're saying what she's

953  
00:41:00,000 --> 00:40:56,920  
saying I said exactly what she said okay

954  
00:41:01,680 --> 00:41:00,010  
and I don't got it either okay I don't

955  
00:41:03,620 --> 00:41:01,690  
got right and I feel like Jimmy Church

956  
00:41:07,710 --> 00:41:03,630  
was lying bro cuz I don't think he got

957  
00:41:11,580 --> 00:41:07,720  
what he said he got hey I can write so

958  
00:41:14,970 --> 00:41:11,590  
hey I was talking to a grey earlier and

959  
00:41:17,550 --> 00:41:14,980  
he said what you need to do is you need

960  
00:41:20,160 --> 00:41:17,560  
to go to West Texas and West Texas

961  
00:41:22,110 --> 00:41:20,170  
there's a dollar store bro and you go in

962  
00:41:24,810 --> 00:41:22,120  
the aisle you know the the spoons

963  
00:41:27,060 --> 00:41:24,820

oh yeah so bleep us get get a get a

964

00:41:28,770 --> 00:41:27,070

spoon and a whisk now what you want to

965

00:41:31,580 --> 00:41:28,780

do is weave those in between each other

966

00:41:34,230 --> 00:41:31,590

uh-huh it's been a really fat fast oh

967

00:41:36,930 --> 00:41:34,240

and then what you want to do is get a

968

00:41:39,750 --> 00:41:36,940

diet dr. pepper and pour the whole thing

969

00:41:41,010 --> 00:41:39,760

on and just watch it and and then when

970

00:41:43,260 --> 00:41:41,020

you close your eyes you're gonna be

971

00:41:45,390 --> 00:41:43,270

another put in another place that's

972

00:41:45,960 --> 00:41:45,400

exactly what it sounds so that's all I'm

973

00:41:48,300 --> 00:41:45,970

saying

974

00:41:51,120 --> 00:41:48,310

I could do it too

975

00:41:55,440 --> 00:41:51,130

it was it was pretty well it was really

976

00:41:58,350 --> 00:41:55,450

was a it was was pretty wild but you

977

00:42:00,120 --> 00:41:58,360

know that's that's part of it yeah yeah

978

00:42:05,040 --> 00:42:00,130

that's part of it man it's weeding out

979

00:42:06,180 --> 00:42:05,050

the the and what if we find out that

980

00:42:09,450 --> 00:42:06,190

that's how it's done

981

00:42:12,900 --> 00:42:09,460

and bob lazar full of [h\_\_h] right how

982

00:42:14,760 --> 00:42:12,910

crazy would that be right yeah Bob you

983

00:42:16,740 --> 00:42:14,770

and your element 115 probably it's full

984

00:42:21,420 --> 00:42:16,750

of [h\_\_h] yeah but about this fish bowl

985

00:42:23,580 --> 00:42:21,430

with a hybrid like turns out all we

986

00:42:29,240 --> 00:42:23,590

needed was a damn fish bowl there's a

987

00:42:33,660 --> 00:42:29,250

paper oh but she was talking about how

988

00:42:36,210 --> 00:42:33,670

the the ship it it you know it she did

989

00:42:38,610 --> 00:42:36,220

the whole gravity thing how it you know

990

00:42:39,390 --> 00:42:38,620

pushes and pulls gravity creates its own

991

00:42:42,870 --> 00:42:39,400

gravity

992

00:42:48,560 --> 00:42:42,880

it travels she was saying though that

993

00:42:51,600 --> 00:42:48,570

they can so okay is it gets weird okay

994

00:42:55,110 --> 00:42:51,610

when you're traveling it also has to do

995

00:42:58,350 --> 00:42:55,120

with time so when you leave this place

996

00:43:01,260 --> 00:42:58,360

when you leave Earth you you keep a

997

00:43:04,680 --> 00:43:01,270

earth clock right to keep time with it

998

00:43:05,610 --> 00:43:04,690

so when you travel to a new place you

999

00:43:08,820 --> 00:43:05,620

want to make sure that you don't

1000

00:43:12,090 --> 00:43:08,830

overshoot time so you go to the same

1001  
00:43:14,670 --> 00:43:12,100  
you're going to that place but it's time

1002  
00:43:16,590 --> 00:43:14,680  
that you're really worried about you

1003  
00:43:17,940 --> 00:43:16,600  
know what traveling on earth no

1004  
00:43:20,460 --> 00:43:17,950  
traveling like if you wanted to travel

1005  
00:43:23,250 --> 00:43:20,470  
to a new star system okay right but you

1006  
00:43:24,660 --> 00:43:23,260  
wanted to come back okay earth time and

1007  
00:43:27,060 --> 00:43:24,670  
everything kind of be the same right

1008  
00:43:29,700 --> 00:43:27,070  
she's saying so if you do that you go to

1009  
00:43:31,470 --> 00:43:29,710  
a new place what you want to do is you

1010  
00:43:33,690 --> 00:43:31,480  
got to make sure that because when you

1011  
00:43:34,560 --> 00:43:33,700  
travel you're gonna travel back here no

1012  
00:43:36,450 --> 00:43:34,570  
matter what okay

1013  
00:43:44,180 --> 00:43:36,460

the issue is you want to make sure that

1014

00:43:46,740 --> 00:43:44,190

you don't understand everybody's gone

1015

00:43:48,420 --> 00:43:46,750

which completely defeats the purpose of

1016

00:43:50,100 --> 00:43:48,430

what you came here for in the first

1017

00:43:50,490 --> 00:43:50,110

place right right cuz now everything's

1018

00:43:51,750 --> 00:43:50,500

gone

1019

00:43:54,870 --> 00:43:51,760

how many times you think that's happened

1020

00:43:56,490 --> 00:43:54,880

oh [h\_\_h] but but they but that's the

1021

00:43:58,950 --> 00:43:56,500

thing is that they can then reverse it

1022

00:44:00,630 --> 00:43:58,960

and then come back right and then come

1023

00:44:01,560 --> 00:44:00,640

to the correct time that's what I'm

1024

00:44:03,980 --> 00:44:01,570

interested in is

1025

00:44:06,570 --> 00:44:03,990

is how the time works because if you're

1026  
00:44:09,780 --> 00:44:06,580  
traveling faster than the speed of light

1027  
00:44:12,390 --> 00:44:09,790  
and you're in this bubble of gravity and

1028  
00:44:16,260 --> 00:44:12,400  
gravity affects time light and all that

1029  
00:44:18,510 --> 00:44:16,270  
like so Bob Lazar was saying oh it's not

1030  
00:44:21,240 --> 00:44:18,520  
saying we're creating a time travel

1031  
00:44:23,400 --> 00:44:21,250  
machine but at the same time yeah I mean

1032  
00:44:24,960 --> 00:44:23,410  
I I feel like you are make it would make

1033  
00:44:28,170 --> 00:44:24,970  
sense not that I'm like a you're

1034  
00:44:30,960 --> 00:44:28,180  
affecting time with gravity

1035  
00:44:36,210 --> 00:44:30,970  
yeah right because gravity is the key to

1036  
00:44:39,300 --> 00:44:36,220  
that yeah gravity so like in what was

1037  
00:44:41,400 --> 00:44:39,310  
what was the the movie interstellar

1038  
00:44:42,060 --> 00:44:41,410

interstellar right I was never gonna get

1039

00:44:44,370 --> 00:44:42,070

that nice

1040

00:44:45,960 --> 00:44:44,380

so interstellar mouthing and then they

1041

00:44:49,530 --> 00:44:45,970

go down to the planet and he's saying

1042

00:44:51,990 --> 00:44:49,540

look this planet's gravity is massive so

1043

00:44:54,390 --> 00:44:52,000

when you go down there you got five

1044

00:44:56,460 --> 00:44:54,400

minutes that's gonna leave me up here in

1045

00:45:00,000 --> 00:44:56,470

the ship for two years so make sure

1046

00:45:01,980 --> 00:45:00,010

you're back in five minutes or else I'm

1047

00:45:03,900 --> 00:45:01,990

gonna and so they end up [h\_\_h] up

1048

00:45:05,790 --> 00:45:03,910

that's been staying there for like 20

1049

00:45:08,490 --> 00:45:05,800

minutes and he's been up there for 15

1050

00:45:11,580 --> 00:45:08,500

years you know it's not about that and

1051  
00:45:14,910 --> 00:45:11,590  
he's just been doing math and homework

1052  
00:45:17,880 --> 00:45:14,920  
on gravity for 15 years didn't know if

1053  
00:45:20,760 --> 00:45:17,890  
they were alive or dead but he did know

1054  
00:45:22,710 --> 00:45:20,770  
that they could be there for a couple

1055  
00:45:25,230 --> 00:45:22,720  
minutes but it's gonna be years for him

1056  
00:45:26,670 --> 00:45:25,240  
so he sat and waited dude right so

1057  
00:45:29,820 --> 00:45:26,680  
that's the same thing it's it's that

1058  
00:45:32,070 --> 00:45:29,830  
ship is creating that that time warp a

1059  
00:45:33,660 --> 00:45:32,080  
little bit so when you see them moving

1060  
00:45:36,360 --> 00:45:33,670  
and it looks like they're moving all

1061  
00:45:39,840 --> 00:45:36,370  
crazy yeah they may not be moving crazy

1062  
00:45:42,090 --> 00:45:39,850  
they may be moving very smooth and fluid

1063  
00:45:45,900 --> 00:45:42,100

right but because it's affecting the

1064

00:45:48,570 --> 00:45:45,910

time around that space it looks

1065

00:45:51,900 --> 00:45:48,580

different right right whoa

1066

00:45:54,720 --> 00:45:51,910

so it's a complete whoa yeah it's a it's

1067

00:45:57,150 --> 00:45:54,730

a mind jammer for sure yeah but that was

1068

00:45:59,160 --> 00:45:57,160

one thing that she did say that was like

1069

00:46:00,810 --> 00:45:59,170

okay so she kind of knows what she's

1070

00:46:04,440 --> 00:46:00,820

talking I don't get that fish [h\_\_\h]

1071

00:46:07,230 --> 00:46:04,450

but that overshooting time thing gonna

1072

00:46:08,730 --> 00:46:07,240

made sense it is easy and I never

1073

00:46:10,800 --> 00:46:08,740

thought a little nugget of information

1074

00:46:12,960 --> 00:46:10,810

that's like okay so there's little

1075

00:46:15,270 --> 00:46:12,970

things in there that really kind of like

1076

00:46:18,180 --> 00:46:15,280

yeah Rumi in to the conversation it was

1077

00:46:20,250 --> 00:46:18,190

like okay that I can see how that makes

1078

00:46:24,660 --> 00:46:20,260

sense yeah some of this stuff you're

1079

00:46:26,700 --> 00:46:24,670

saying is wack yeah you know it's a

1080

00:46:29,309 --> 00:46:26,710

wacky pack bro like I just I don't you

1081

00:46:31,380 --> 00:46:29,319

know I'm not on board with that but and

1082

00:46:33,480 --> 00:46:31,390

some stuff it's like but we're too

1083

00:46:36,660 --> 00:46:33,490

stupid didn't know anyway yeah you know

1084

00:46:38,579 --> 00:46:36,670

I mean so I say that I kind of step away

1085

00:46:40,260 --> 00:46:38,589

from conversations sometimes or maybe I

1086

00:46:42,390 --> 00:46:40,270

tune out when when somebody kind of goes

1087

00:46:44,490 --> 00:46:42,400

too far with the the spirituality kind

1088

00:46:46,079 --> 00:46:44,500

of stuff but but at the same time I

1089

00:46:48,690 --> 00:46:46,089

always kind of flip when I think about

1090

00:46:52,170 --> 00:46:48,700

like experiences with like you know like

1091

00:46:54,960 --> 00:46:52,180

psychedelics or DMT where people talk

1092

00:46:57,240 --> 00:46:54,970

about an experienced team experiencing

1093

00:46:59,430 --> 00:46:57,250

DMT that they every single person has

1094

00:47:00,780 --> 00:46:59,440

the same story that they enter they they

1095

00:47:03,569 --> 00:47:00,790

feel like they're in the presence of

1096

00:47:04,410 --> 00:47:03,579

another entity uh-huh which I think

1097

00:47:06,809 --> 00:47:04,420

there's something to that

1098

00:47:08,309 --> 00:47:06,819

like there's weight to your point

1099

00:47:10,710 --> 00:47:08,319

earlier where there's there I think

1100

00:47:13,230 --> 00:47:10,720

there is an element to all this that is

1101  
00:47:15,450 --> 00:47:13,240  
spiritual that we just don't talk about

1102  
00:47:19,470 --> 00:47:15,460  
or we just don't know or like it's it's

1103  
00:47:21,660 --> 00:47:19,480  
like this lost force that we just don't

1104  
00:47:24,750 --> 00:47:21,670  
have access to and must be take a

1105  
00:47:26,790 --> 00:47:24,760  
substance that gets our brains there so

1106  
00:47:29,730 --> 00:47:26,800  
I think there is something to that yeah

1107  
00:47:32,040 --> 00:47:29,740  
yeah yeah definitely

1108  
00:47:34,790 --> 00:47:32,050  
I don't know if you've ever done DMT I

1109  
00:47:39,150 --> 00:47:34,800  
have not no I've done mushrooms that I

1110  
00:47:42,930 --> 00:47:39,160  
I've done DMT it it I didn't have like

1111  
00:47:45,720 --> 00:47:42,940  
this crazy dimensional thing going on

1112  
00:47:50,660 --> 00:47:45,730  
where I met entities

1113  
00:47:53,130 --> 00:47:50,670

you know from wherever yeah however I

1114

00:47:57,089 --> 00:47:53,140

did see myself

1115

00:48:00,000 --> 00:47:57,099

Oh which was kind of cool whoa like as

1116

00:48:05,160 --> 00:48:00,010

in a mirror there's no like I hid it

1117

00:48:07,500 --> 00:48:05,170

sitting there things go gold it's like

1118

00:48:12,059 --> 00:48:07,510

almost like sparkly

1119

00:48:15,839 --> 00:48:12,069

yeah crazy gold and like greens and reds

1120

00:48:19,319 --> 00:48:15,849

and just kaleidoscope color you know it

1121

00:48:23,910 --> 00:48:19,329

was really really cool and then it it

1122

00:48:25,920 --> 00:48:23,920

felt like like a string on the back of

1123

00:48:26,579 --> 00:48:25,930

my neck like where you're back in your

1124

00:48:29,759 --> 00:48:26,589

neck

1125

00:48:32,579 --> 00:48:29,769

meet right there I felt like I'm sitting

1126

00:48:36,719 --> 00:48:32,589

on the edge of the bed and it felt like

1127

00:48:41,069 --> 00:48:36,729

it pulled me up like to the ceiling and

1128

00:48:43,319 --> 00:48:41,079

I was looking at myself from behind so I

1129

00:48:45,779 --> 00:48:43,329

could see the back of my head in my back

1130

00:48:46,459 --> 00:48:45,789

and I could see me sitting there on the

1131

00:48:50,069 --> 00:48:46,469

bed

1132

00:48:50,789 --> 00:48:50,079

whoa it was cool so did that freak you

1133

00:48:54,359 --> 00:48:50,799

out at all

1134

00:48:57,779 --> 00:48:54,369

uh in the moment I mean did it you don't

1135

00:48:59,880 --> 00:48:57,789

really you're thinking about it but you

1136

00:49:02,999 --> 00:48:59,890

don't really think about okay you know

1137

00:49:05,130 --> 00:49:03,009

you're kind of on the ride right you

1138

00:49:06,870 --> 00:49:05,140

know yeah I don't have time or maybe

1139

00:49:08,969 --> 00:49:06,880

it's just like that's not part of your

1140

00:49:13,170 --> 00:49:08,979

brain chemistry at the moment is to like

1141

00:49:14,880 --> 00:49:13,180

be afraid of of the experience yeah it

1142

00:49:17,160 --> 00:49:14,890

wasn't like people talk about like bad

1143

00:49:18,420 --> 00:49:17,170

trips you know yeah yeah that's just

1144

00:49:22,019 --> 00:49:18,430

that something that doesn't happen on

1145

00:49:26,219 --> 00:49:22,029

DMT you know I I feel like it it could

1146

00:49:29,459 --> 00:49:26,229

but you maybe so just just out of gone

1147

00:49:30,719 --> 00:49:29,469

that you you don't process it until

1148

00:49:33,779 --> 00:49:30,729

you're back yeah

1149

00:49:35,459 --> 00:49:33,789

so I'm seeing this like string you're

1150

00:49:37,620 --> 00:49:35,469

talking about is in like the matrix

1151  
00:49:39,509 --> 00:49:37,630  
you know how they click that thing and

1152  
00:49:42,599 --> 00:49:39,519  
then right back head yeah and that's

1153  
00:49:45,150 --> 00:49:42,609  
just so freaky dude it's it's kind of

1154  
00:49:47,880 --> 00:49:45,160  
crazy so you so did you you didn't

1155  
00:49:49,380 --> 00:49:47,890  
experience any kind of entity or any

1156  
00:49:58,140 --> 00:49:49,390  
other consciousness I didn't experience

1157  
00:50:05,009 --> 00:50:00,959  
oh the string the string the back of the

1158  
00:50:07,620 --> 00:50:05,019  
neck thing right yeah it's so did you

1159  
00:50:10,049 --> 00:50:07,630  
physically feel this pressure I didn't

1160  
00:50:11,309 --> 00:50:10,059  
but you but you saw yourself some a

1161  
00:50:14,219 --> 00:50:11,319  
different perspective different

1162  
00:50:17,999 --> 00:50:14,229  
perspective man it's I didn't feel

1163  
00:50:21,839 --> 00:50:18,009

myself leave my body I didn't feel none

1164

00:50:24,890 --> 00:50:21,849

of that all all it was was sitting there

1165

00:50:29,279 --> 00:50:24,900

waiting and then all of a sudden colors

1166

00:50:32,880 --> 00:50:29,289

kaleidoscope and then I'm looking at

1167

00:50:36,150 --> 00:50:32,890

myself Wow from the back yeah and you

1168

00:50:39,150 --> 00:50:36,160

know like my arm moves or like my

1169

00:50:40,590 --> 00:50:39,160

fingers like I'm noticing all these

1170

00:50:43,599 --> 00:50:40,600

little detail

1171

00:50:47,849 --> 00:50:43,609

and it's it's you know we talked about

1172

00:50:50,740 --> 00:50:47,859

that that spiritual aspect of it yeah

1173

00:50:53,700 --> 00:50:50,750

maybe that's what we're looking at it

1174

00:50:55,710 --> 00:50:53,710

could be your your brain dude you know

1175

00:50:59,590 --> 00:50:55,720

there's even some theories that

1176  
00:51:02,380 --> 00:50:59,600  
extraterrestrials take our DNA because

1177  
00:51:06,460 --> 00:51:02,390  
they can't have those experiences we're

1178  
00:51:10,120 --> 00:51:06,470  
in such a heavy three-dimensional state

1179  
00:51:14,070 --> 00:51:10,130  
yeah super dense super heavy we have a

1180  
00:51:17,800 --> 00:51:14,080  
lot of feelings we feel pain happiness

1181  
00:51:19,660 --> 00:51:17,810  
you know excitement fear there's all

1182  
00:51:22,840 --> 00:51:19,670  
these things but they don't experience

1183  
00:51:24,790 --> 00:51:22,850  
that and that's why they kind of want to

1184  
00:51:27,760 --> 00:51:24,800  
integrate because our DNA with them

1185  
00:51:29,980 --> 00:51:27,770  
because they're interested in in us they

1186  
00:51:33,310 --> 00:51:29,990  
want the human experiences like they're

1187  
00:51:36,490 --> 00:51:33,320  
after technology or wagons they just

1188  
00:51:37,630 --> 00:51:36,500

wanna they're into music or those kinds

1189

00:51:39,609 --> 00:51:37,640

of things I would see how they would get

1190

00:51:42,099 --> 00:51:39,619

be into music and art for sure because

1191

00:51:44,470 --> 00:51:42,109

as a human right this is something deep

1192

00:51:47,020 --> 00:51:44,480

was saying that the extraterrestrials

1193

00:51:48,910 --> 00:51:47,030

are really into music um they don't like

1194

00:51:51,820 --> 00:51:48,920

to listen to it yeah but they can hear

1195

00:51:55,630 --> 00:51:51,830

music telepathically so they hang around

1196

00:51:59,109 --> 00:51:55,640

the earth and they can absorb the the

1197

00:52:01,300 --> 00:51:59,119

music dang but they don't that this

1198

00:52:02,950 --> 00:52:01,310

specific race that she's talking about

1199

00:52:04,270 --> 00:52:02,960

they tell they communicate

1200

00:52:06,910 --> 00:52:04,280

telepathically so there's no need for

1201  
00:52:10,240 --> 00:52:06,920  
them to use their vocal cords so singers

1202  
00:52:12,490 --> 00:52:10,250  
are really interesting to them Wow

1203  
00:52:15,060 --> 00:52:12,500  
so you know always thought about you

1204  
00:52:18,520 --> 00:52:15,070  
know all these like artists or musicians

1205  
00:52:22,210 --> 00:52:18,530  
say that when you get that moment of

1206  
00:52:23,530 --> 00:52:22,220  
it's like a muse moment I get it too

1207  
00:52:24,970 --> 00:52:23,540  
when I write songs to like it doesn't

1208  
00:52:28,330 --> 00:52:24,980  
come from me like I'd literally just

1209  
00:52:29,800 --> 00:52:28,340  
yeah oh and I just grab it and it's I'm

1210  
00:52:33,190 --> 00:52:29,810  
not physically reaching up and grabbing

1211  
00:52:36,280 --> 00:52:33,200  
it but I'm I'm focusing on something

1212  
00:52:37,840 --> 00:52:36,290  
that's happening that I can hear audibly

1213  
00:52:40,660 --> 00:52:37,850

in my head it's almost like somebody

1214

00:52:43,300 --> 00:52:40,670

sent it to you yeah i but I can hear it

1215

00:52:44,740 --> 00:52:43,310

in my head and it's like I have to write

1216

00:52:46,330 --> 00:52:44,750

this down I have to record after seeing

1217

00:52:49,300 --> 00:52:46,340

it I have to at least sing the little

1218

00:52:51,560 --> 00:52:49,310

dudes you know and my my phone like

1219

00:52:53,570 --> 00:52:51,570

vocal system you know the

1220

00:52:55,370 --> 00:52:53,580

record or whatever right but it got I'm

1221

00:52:58,400 --> 00:52:55,380

not sitting there like I want to write a

1222

00:53:00,110 --> 00:52:58,410

song today yeah it just happens I hear

1223

00:53:02,240 --> 00:53:00,120

it and then I just run with it

1224

00:53:04,430 --> 00:53:02,250

mm-hmm and a lot of people that write

1225

00:53:06,320 --> 00:53:04,440

songs are like write music I mean I'm

1226

00:53:08,780 --> 00:53:06,330

sure that you that's happened to you a

1227

00:53:10,460 --> 00:53:08,790

bunch too oh yeah it's nuts man

1228

00:53:13,940 --> 00:53:10,470

it's real around on the bass and then

1229

00:53:14,750 --> 00:53:13,950

all of a sudden like cool riff yeah that

1230

00:53:16,340 --> 00:53:14,760

come from

1231

00:53:18,260 --> 00:53:16,350

I've been jamming for an hour and a half

1232

00:53:20,330 --> 00:53:18,270

and nothing and a lot of people that

1233

00:53:22,430 --> 00:53:20,340

don't write music or sing songs or

1234

00:53:25,640 --> 00:53:22,440

whatever doesn't mean the that can't

1235

00:53:28,400 --> 00:53:25,650

happen to you like I think everybody has

1236

00:53:31,400 --> 00:53:28,410

that like it's just it's depends on if

1237

00:53:35,930 --> 00:53:31,410

your your that though as a musician

1238

00:53:39,110 --> 00:53:35,940

that's our form of meditation yeah we

1239

00:53:42,650 --> 00:53:39,120

get into our place our own little zone

1240

00:53:44,450 --> 00:53:42,660

our own thoughts block everything out

1241

00:53:46,700 --> 00:53:44,460

because I don't know about you but when

1242

00:53:48,980 --> 00:53:46,710

I'm sitting around jamming I'm not

1243

00:53:51,290 --> 00:53:48,990

thinking about anything now other than

1244

00:53:53,870 --> 00:53:51,300

what I'm doing and half the time I'm not

1245

00:53:56,780 --> 00:53:53,880

even thinking about that I'm just in my

1246

00:53:59,120 --> 00:53:56,790

place enjoying that yeah that moment

1247

00:54:01,790 --> 00:53:59,130

mm-hmm and that's when a lot of things

1248

00:54:03,560 --> 00:54:01,800

seem to happen to you right you know so

1249

00:54:06,500 --> 00:54:03,570

it is kind of like that form of

1250

00:54:07,850 --> 00:54:06,510

meditations that flow mm-hmm and I mean

1251  
00:54:11,780 --> 00:54:07,860  
that's the closest thing and I could I

1252  
00:54:14,780 --> 00:54:11,790  
can say it I've come to like not told is

1253  
00:54:17,090 --> 00:54:14,790  
it telepathy yeah yeah but like that

1254  
00:54:19,400 --> 00:54:17,100  
feeling that I just can't I can't

1255  
00:54:21,230 --> 00:54:19,410  
describe that I don't I can't describe

1256  
00:54:24,620 --> 00:54:21,240  
that to really anybody like what that

1257  
00:54:26,270 --> 00:54:24,630  
what that's like yes you know like it's

1258  
00:54:27,740 --> 00:54:26,280  
literally a message coming at me and I

1259  
00:54:30,620 --> 00:54:27,750  
didn't come up with that and it's one of

1260  
00:54:32,750 --> 00:54:30,630  
those things where you know even people

1261  
00:54:34,690 --> 00:54:32,760  
who are like scientists you know they

1262  
00:54:37,370 --> 00:54:34,700  
say they have those moments too I think

1263  
00:54:39,110 --> 00:54:37,380

everybody can have that moment except to

1264

00:54:41,450 --> 00:54:39,120

you they just need to find their thing

1265

00:54:44,800 --> 00:54:41,460

yeah and when you find that thing that

1266

00:54:48,620 --> 00:54:44,810

really kind of makes you happy

1267

00:54:54,860 --> 00:54:48,630

you can almost be limitless you know

1268

00:54:58,160 --> 00:54:54,870

like if if I'm at home or I am just kind

1269

00:55:01,850 --> 00:54:58,170

of out doing something never talked yeah

1270

00:55:04,190 --> 00:55:01,860

I never talked not a talker yeah I could

1271

00:55:04,849 --> 00:55:04,200

sit here and talk to you for an hour and

1272

00:55:07,249 --> 00:55:04,859

a half

1273

00:55:10,279 --> 00:55:07,259

cast into a podcast you know cuz I'm in

1274

00:55:13,249 --> 00:55:10,289

Mazzone yeah this is completely

1275

00:55:16,309 --> 00:55:13,259

effortless Danny right now but if I have

1276

00:55:20,739 --> 00:55:16,319

to be in a place where I'm not

1277

00:55:26,989 --> 00:55:24,319

whoa-oh-oh what happened just got shut

1278

00:55:29,390 --> 00:55:26,999

down we got shut down again

1279

00:55:33,069 --> 00:55:29,400

yeah maybe this is important information

1280

00:55:36,499 --> 00:55:33,079

how to get his do something else right

1281

00:55:41,870 --> 00:55:36,509

no but maybe it's an alien trying to get

1282

00:55:42,470 --> 00:55:41,880

in communicate with us dude that would

1283

00:55:48,920 --> 00:55:42,480

be sewed up

1284

00:55:53,359 --> 00:55:48,930

he's like ionut Y space you want him I

1285

00:55:56,839 --> 00:55:53,369

think my own a myspace no more hey Ben I

1286

00:55:58,509 --> 00:55:56,849

heard you just drop some tracks true

1287

00:56:01,370 --> 00:55:58,519

it's true it's true it's true it's true

1288

00:56:02,749 --> 00:56:01,380

promote that dude what you dandy I'm I

1289

00:56:05,089 --> 00:56:02,759

mean yeah I just put out a little

1290

00:56:06,859 --> 00:56:05,099

acoustic album nice yeah man

1291

00:56:08,180 --> 00:56:06,869

it's called pretty good songs cuz

1292

00:56:09,950 --> 00:56:08,190

they're pretty good song pretty good

1293

00:56:12,289 --> 00:56:09,960

someone yeah check it out check it out

1294

00:56:14,120 --> 00:56:12,299

SoundCloud right it's on soundcloud

1295

00:56:16,339 --> 00:56:14,130

right now but right it's it'll it'll be

1296

00:56:19,870 --> 00:56:16,349

on iTunes and Spotify and all that

1297

00:56:23,660 --> 00:56:19,880

pretty soon like a couple weeks yeah

1298

00:56:25,519 --> 00:56:23,670

yeah it's uh it was fun that's you know

1299

00:56:27,920 --> 00:56:25,529

a lot of the songs are like kind of sad

1300

00:56:30,589 --> 00:56:27,930

but I mean I just needed to record them

1301

00:56:32,029 --> 00:56:30,599

you know a lot of those songs where

1302

00:56:34,549 --> 00:56:32,039

we're talking about it's just like I a

1303

00:56:36,380 --> 00:56:34,559

lot of those words it's like they're up

1304

00:56:38,809 --> 00:56:36,390

for interpretation but a lot of those

1305

00:56:41,210 --> 00:56:38,819

melodies just yeah I did not write those

1306

00:56:43,069 --> 00:56:41,220

those just came like dude like I just

1307

00:56:46,089 --> 00:56:43,079

grabbed on to him and I started playing

1308

00:56:49,039 --> 00:56:46,099

them that's one thing I don't understand

1309

00:56:51,170 --> 00:56:49,049

you're an amazing writer any time I

1310

00:56:53,239 --> 00:56:51,180

write something it's like a [h\_\_h] dr.

1311

00:56:54,920 --> 00:56:53,249

Seuss book like I just rhyme every other

1312

00:56:57,109 --> 00:56:54,930

word and that's obviously not how you're

1313

00:57:00,559 --> 00:56:57,119

supposed to do it but I can't think of

1314

00:57:02,499 --> 00:57:00,569

any high praise I wish I could have

1315

00:57:04,640 --> 00:57:02,509

amused come down and be like yo this

1316

00:57:06,349 --> 00:57:04,650

kick-ass song telling you I'm not

1317

00:57:08,329 --> 00:57:06,359

writing a deed it's just I'm literally

1318

00:57:10,009 --> 00:57:08,339

receiving [h\_\_h] and it's like the next

1319

00:57:11,599 --> 00:57:10,019

word that I'm saying I'm not even

1320

00:57:13,400 --> 00:57:11,609

looking to rhyme I'm just writing it

1321

00:57:16,519 --> 00:57:13,410

down and somehow it rhymes it's like

1322

00:57:17,460 --> 00:57:16,529

it's so easy dude all of my songs come

1323

00:57:18,750 --> 00:57:17,470

out

1324

00:57:21,420 --> 00:57:18,760

sound like a [h\_\_h] idiot when I'm

1325

00:57:24,270 --> 00:57:21,430

saying it's so easy no but you know it's

1326

00:57:26,099 --> 00:57:24,280

what you do yeah but it's just like it

1327

00:57:27,990 --> 00:57:26,109

just happens all of my songs I write in

1328

00:57:30,180 --> 00:57:28,000

like five maybe ten minutes yeah like

1329

00:57:32,099 --> 00:57:30,190

that's that's it that's insane and maybe

1330

00:57:35,190 --> 00:57:32,109

sometimes like Britain will help me out

1331

00:57:37,620 --> 00:57:35,200

with like some composition stuff or

1332

00:57:39,930 --> 00:57:37,630

whatever but like yeah anyway and I

1333

00:57:42,720 --> 00:57:39,940

about me I feel like when I try and

1334

00:57:44,670 --> 00:57:42,730

write a song whoever is relaying that

1335

00:57:46,829 --> 00:57:44,680

information it's completely cutting me

1336

00:57:47,280 --> 00:57:46,839

off you like you can't sing stick to the

1337

00:57:50,190 --> 00:57:47,290

base

1338

00:57:56,130 --> 00:57:50,200

oh my gonna let you write anything stop

1339

00:58:03,210 --> 00:57:56,140

it try to like I can imagine your muse

1340

00:58:05,250 --> 00:58:03,220

and it's just which definitely kind of

1341

00:58:12,809 --> 00:58:05,260

cool and alien like telepathically

1342

00:58:32,160 --> 00:58:12,819

but with his mouth is that like for

1343

00:58:38,010 --> 00:58:32,170

drummers it's like yeah that's my dude

1344

00:58:43,890 --> 00:58:38,020

so yeah alright so that was this is a

1345

00:58:45,809 --> 00:58:43,900

pretty good one yeah we're trying to

1346

00:58:49,230 --> 00:58:45,819

keep these episodes a little less than

1347

00:58:52,230 --> 00:58:49,240

an hour not for any particular reason

1348

00:58:55,109 --> 00:58:52,240

but I'll hear nibbler scratching at the

1349

00:58:57,180 --> 00:58:55,119

door maybe that's the reason yeah but

1350

00:59:00,270 --> 00:58:57,190

yeah if we run over we're gonna run

1351  
00:59:03,540 --> 00:59:00,280  
we're gonna you know but that's kind of

1352  
00:59:05,490 --> 00:59:03,550  
like I guess a consistency thing yeah

1353  
00:59:07,710 --> 00:59:05,500  
there you go dude like like we just you

1354  
00:59:09,450 --> 00:59:07,720  
know I don't think it matters I think

1355  
00:59:11,280 --> 00:59:09,460  
we're still kind of trying to feel it

1356  
00:59:13,950 --> 00:59:11,290  
out yeah I just want to talk about

1357  
00:59:16,440 --> 00:59:13,960  
aliens and then record it and then put

1358  
00:59:18,300 --> 00:59:16,450  
it on in it that's all I care about yeah

1359  
00:59:20,250 --> 00:59:18,310  
but we do love it when people when y'all

1360  
00:59:22,500 --> 00:59:20,260  
hate seriously everybody thank you all

1361  
00:59:25,620 --> 00:59:22,510  
those of you guys that have commented on

1362  
00:59:26,970 --> 00:59:25,630  
our Facebook page we do have a group one

1363  
00:59:29,940 --> 00:59:26,980

thing I did it was create another

1364

00:59:31,080 --> 00:59:29,950

Facebook group so that everybody can see

1365

00:59:33,090 --> 00:59:31,090

each other's calm

1366

00:59:35,190 --> 00:59:33,100

yeah currently right now I believe on

1367

00:59:37,320 --> 00:59:35,200

our Facebook page you have to go to the

1368

00:59:39,600 --> 00:59:37,330

communities tap the community tab or

1369

00:59:42,480 --> 00:59:39,610

maybe that's only me and Joe can see

1370

00:59:43,890 --> 00:59:42,490

that I don't know yeah but I would like

1371

00:59:45,900 --> 00:59:43,900

for everybody to be able to see each

1372

00:59:47,490 --> 00:59:45,910

other's comments and like interact with

1373

00:59:50,250 --> 00:59:47,500

each other like well somebody's gonna

1374

00:59:52,230 --> 00:59:50,260

see something in Florida and oh another

1375

00:59:54,030 --> 00:59:52,240

dude that lives in Florida is maybe a

1376

00:59:56,070 --> 00:59:54,040

mile away and you know he's the same

1377

00:59:58,410 --> 00:59:56,080

thing if he sees it on Facebook oh I'm

1378

01:00:00,090 --> 00:59:58,420

gonna go outside and shoot film you know

1379

01:00:02,880 --> 01:00:00,100

that kind of situation I would love to

1380

01:00:05,790 --> 01:00:02,890

have yeah yeah or in Texas or whatever

1381

01:00:06,570 --> 01:00:05,800

but boom yeah dude Blake that video was

1382

01:00:10,440 --> 01:00:06,580

dope

1383

01:00:13,080 --> 01:00:10,450

yes job yeah Nicole your story was

1384

01:00:14,850 --> 01:00:13,090

awesome yeah right yeah yeah did we talk

1385

01:00:18,510 --> 01:00:14,860

about the previous episode did oh

1386

01:00:21,540 --> 01:00:18,520

whatever just want to say thank you God

1387

01:00:24,290 --> 01:00:21,550

Dental awesome and you guys and you

1388

01:00:26,190 --> 01:00:24,300

don't have any stories any any video

1389

01:00:28,110 --> 01:00:26,200

anything anything you want to talk about

1390

01:00:28,770 --> 01:00:28,120

if you've seen the Mothman in your

1391

01:00:30,570 --> 01:00:28,780

backyard

1392

01:00:33,060 --> 01:00:30,580

yeah let's talk about some Mothman let

1393

01:00:36,560 --> 01:00:33,070

us know man this is where we talk about

1394

01:00:39,990 --> 01:00:36,570

aliens UFOs Oh oh thanks week we're

1395

01:00:42,360 --> 01:00:40,000

that's right that's right but yeah so

1396

01:00:44,370 --> 01:00:42,370

we're still working on the patreon stuff

1397

01:00:46,890 --> 01:00:44,380

we're gonna be working on that website

1398

01:00:50,610 --> 01:00:46,900

here pretty soon getting that thing up

1399

01:00:53,400 --> 01:00:50,620

and running but right now we're on you

1400
