1
00:00:00,260 --> 00:00:04,900

[Music]

2
00:00:10,009 --> 00:00:07,670

this is another episode of UFO garage

3
00:00:12,379 --> 00:00:10,019

I'm Ben I'm Joe and this is where we

4
00:00:16,039 --> 00:00:12,389

talk about UFOs aliens and all things

5
00:00:18,290 --> 00:00:16,049

we're all things we what's up dude how

6
00:00:20,450 --> 00:00:18,300

are you today I'm doing swell do you

7
00:00:22,609 --> 00:00:20,460

this is crispy boys treating me crazy

8
00:00:25,120 --> 00:00:22,619

people treat me nice yeah too bad we're

9
00:00:26,269 --> 00:00:25,130

on our last ones oh yeah I know from the

10
00:00:29,060 --> 00:00:26,279

refrigerator

11
00:00:31,730 --> 00:00:29,070

remember in one of the earlier podcasts

12
00:00:34,069 --> 00:00:31,740

I said my favorite beers are Lone Star

13
00:00:38,959 --> 00:00:34,079

and Modelo oh and that's what I got dude

14

00:00:42,830 --> 00:00:38,969

and you have Lone Star Hamlet finish

15

00:00:44,260 --> 00:00:42,840

this I'll crack open the medel we're

16

00:00:47,540 --> 00:00:44,270

gonna be good to go

17

00:00:50,900 --> 00:00:47,550

why beers are good for for talking I

18

00:00:53,569 --> 00:00:50,910

feel like you know it doesn't gunk up

19

00:00:57,319 --> 00:00:53,579

your mouth a lot like IPAs yeah your

20

00:00:58,760 --> 00:00:57,329

tongue out at all you know yeah so we're

21

00:01:02,389 --> 00:00:58,770

I think we're gonna be set I just

22

00:01:06,050 --> 00:01:02,399

cracked this one up and up so I'm

23

00:01:07,550 --> 00:01:06,060

looking at our stats on Spreaker and I

24

00:01:11,179 --> 00:01:07,560

thought this be pretty interesting to

25

00:01:15,440 --> 00:01:11,189

talk about first off well we have over 1

26

00:01:18,260 --> 00:01:15,450

million not kidding yeah we have 1200

27

00:01:20,749 --> 00:01:18,270

total plays which i think is a freakin

28

00:01:22,850 --> 00:01:20,759

crazy number videos only had the podcast

29

00:01:24,679 --> 00:01:22,860

for about a month like it was literally

30

00:01:27,740 --> 00:01:24,689

this is our month anniversary today

31

00:01:30,319 --> 00:01:27,750

started June June temp oh and now is

32

00:01:33,140 --> 00:01:30,329

July 10 so it's only a month and we only

33

00:01:35,060 --> 00:01:33,150

have six episodes and we have over 1200

34

00:01:37,580 --> 00:01:35,070

total plays that's pretty sweet

35

00:01:39,679 --> 00:01:37,590

that's not bad good job guys yeah thanks

36

00:01:41,450 --> 00:01:39,689

guys yeah good job thanks for listening

37

00:01:44,899 --> 00:01:41,460

and sticking with us even if it's one

38

00:01:46,429 --> 00:01:44,909

guy listening a thousand no this guy

39

00:01:49,520 --> 00:01:46,439

would have to be traveling all over the

40

00:01:51,920 --> 00:01:49,530

world right right oh yeah I forgot about

41

00:01:54,139 --> 00:01:51,930

this guy's like a major traveler we've

42

00:01:57,560 --> 00:01:54,149

got more we've got representation in

43

00:02:00,499 --> 00:01:57,570

Norway Denmark Sweden Iceland Germany

44

00:02:04,399 --> 00:02:00,509

Mexico Australia Canada United Kingdom

45

00:02:06,440 --> 00:02:04,409

and the United States just some cities

46

00:02:10,279 --> 00:02:06,450

real quick some shoutouts we got

47

00:02:11,420 --> 00:02:10,289

Washington DC hey what's up DC wow it

48

00:02:13,340 --> 00:02:11,430

probably all feds

49

00:02:17,420 --> 00:02:13,350

what's up feds

50

00:02:22,370 --> 00:02:17,430

being Miami Florida freakin love Miami

51
00:02:25,730 --> 00:02:22,380
did ya New York Brooklyn Dallas Texas

52
00:02:29,290 --> 00:02:25,740
Los Angeles Taylor Texas what's up

53
00:02:31,970 --> 00:02:29,300
Taylor what's up Taylor hometown

54
00:02:34,760 --> 00:02:31,980
Minneapolis Austin and Houston so that's

55
00:02:37,220 --> 00:02:34,770
that's pretty awesome it's not bad point

56
00:02:38,540 --> 00:02:37,230
two three percent of 12 I don't know

57
00:02:40,880 --> 00:02:38,550
what that is but that's at least like

58
00:02:43,130 --> 00:02:40,890
four people listening in Norway yeah or

59
00:02:44,870 --> 00:02:43,140
listen maybe they just listen to was one

60
00:02:46,370 --> 00:02:44,880
person and they listen to four episode

61
00:02:47,330 --> 00:02:46,380
right that's pretty sweet

62
00:02:49,250 --> 00:02:47,340
yeah that's cool cuz I don't know

63
00:02:51,110 --> 00:02:49,260

anybody in Norway and nor do I speak

64

00:02:53,210 --> 00:02:51,120

Norwegian yeah

65

00:02:56,990 --> 00:02:53,220

with that reverse like they would have

66

00:02:59,210 --> 00:02:57,000

to understand right right what if they

67

00:03:00,170 --> 00:02:59,220

just like the sound of our voices what

68

00:03:01,670 --> 00:03:00,180

if they don't understand what we're

69

00:03:04,520 --> 00:03:01,680

saying maybe they listen to it to go to

70

00:03:06,110 --> 00:03:04,530

sleep dude yeah kind of

71

00:03:07,750 --> 00:03:06,120

not all of that's depressing her or

72

00:03:10,730 --> 00:03:07,760

maybe they listen to it to get aroused

73

00:03:14,240 --> 00:03:10,740

and we have a rousing voice like ASMR

74

00:03:16,730 --> 00:03:14,250

yeah dude that uh that commercial what

75

00:03:18,350 --> 00:03:16,740

is it Michelob light that Michelob light

76
00:03:20,990 --> 00:03:18,360
commercial with the I haven't had cable

77
00:03:22,370 --> 00:03:21,000
and a really long time Spurs I hate that

78
00:03:23,570 --> 00:03:22,380
commercial is that that's what you're

79
00:03:25,820 --> 00:03:23,580
talking about right where they whisper

80
00:03:29,600 --> 00:03:25,830
that's what yeah that's high hate that

81
00:03:32,600 --> 00:03:29,610
so much in real life if somebody

82
00:03:34,720 --> 00:03:32,610
whispers in my ear I don't want to freak

83
00:03:39,820 --> 00:03:34,730
out what's that whisper song freakout

84
00:03:42,410 --> 00:03:39,830
I hate when people whisper so bad and

85
00:03:45,740 --> 00:03:42,420
just that there's like a little a little

86
00:03:48,410 --> 00:03:45,750
tickle Tanner Tanner yeah and it bugs

87
00:03:51,590 --> 00:03:48,420
the crap out of me man I hate that hate

88
00:03:52,820 --> 00:03:51,600

that's so nobody whisper at Joe when we

89

00:03:54,620 --> 00:03:52,830

go to UFO Congress

90

00:03:56,030 --> 00:03:54,630

yeah don't whisper at me so mad

91

00:03:57,200 --> 00:03:56,040

somebody's gonna come up to you and

92

00:04:05,620 --> 00:03:57,210

whisper in your ear because I always

93

00:04:11,530 --> 00:04:09,610

just repeat what they said mm-hmm loudly

94

00:04:15,830 --> 00:04:11,540

you've got a boner

95

00:04:18,380 --> 00:04:15,840

this guy's got a boner yeah man yeah

96

00:04:20,690 --> 00:04:18,390

it's pretty crazy but yeah guys thanks a

97

00:04:22,719 --> 00:04:20,700

lot I mean that's you know like you said

98

00:04:25,580 --> 00:04:22,729

that's a lot of different countries and

99

00:04:27,029 --> 00:04:25,590

we don't know you guys yeah but we loved

100

00:04:29,589 --> 00:04:27,039

you anyways yeah

101
00:04:32,559 --> 00:04:29,599
thanks for showing us some love Nonna

102
00:04:34,839 --> 00:04:32,569
some hey man real quick before we get

103
00:04:38,379 --> 00:04:34,849
started started yeah remember we got the

104
00:04:38,980 --> 00:04:38,389
post the other day about the area 51

105
00:04:40,540 --> 00:04:38,990
Meetup

106
00:04:44,409 --> 00:04:40,550
where there's gonna be people there do

107
00:04:47,140 --> 00:04:44,419
we have an update yeah there was a bunch

108
00:04:49,480 --> 00:04:47,150
of idiots who are gonna line up and

109
00:04:51,550 --> 00:04:49,490
actually try and break in the area 51

110
00:04:53,469 --> 00:04:51,560
what's the number up to now man I it's

111
00:04:55,899 --> 00:04:53,479
it's pretty high it's pretty high I'm

112
00:04:58,300 --> 00:04:55,909
not sure what the numbers up to yet they

113
00:05:00,610 --> 00:04:58,310

say set it on the on the radio earlier

114

00:05:02,559 --> 00:05:00,620

today oh my god

115

00:05:05,200 --> 00:05:02,569

I was like wait a second I thought that

116

00:05:06,760 --> 00:05:05,210

was kind of a joke but they're like

117

00:05:08,770 --> 00:05:06,770

there's articles being written about it

118

00:05:10,600 --> 00:05:08,780

now yeah there's there's articles and

119

00:05:12,820 --> 00:05:10,610

they're like they're amped up they're

120

00:05:16,020 --> 00:05:12,830

ready to go but if you're listening and

121

00:05:19,570 --> 00:05:16,030

you're planning on going hey stay home

122

00:05:22,149 --> 00:05:19,580

you know nearly 200 thousand people have

123

00:05:28,240 --> 00:05:22,159

signed up to steal alien secrets from

124

00:05:30,999 --> 00:05:28,250

area 51 yeah oh yeah pack your shades

125

00:05:33,700 --> 00:05:31,009

your sunscreen in your coziest tinfoil

126

00:05:36,249 --> 00:05:33,710

hat no come on that's how they're

127

00:05:38,680 --> 00:05:36,259

reporters yep well hat hey guys maybe

128

00:05:39,370 --> 00:05:38,690

there's some great great little great

129

00:05:44,620 --> 00:05:39,380

Bob

130

00:05:46,629 --> 00:05:44,630

thanks a lot live science ya know so

131

00:05:50,350 --> 00:05:46,639

they're there they're really uh they're

132

00:05:51,580 --> 00:05:50,360

really about this man that that just

133

00:05:53,200 --> 00:05:51,590

doesn't sound like it's gonna go well

134

00:05:57,189 --> 00:05:53,210

I'm gonna say that's a bad idea

135

00:05:58,659 --> 00:05:57,199

not to mention guys that's a mountain

136

00:06:00,730 --> 00:05:58,669

like you're gonna have to walk through

137

00:06:03,580 --> 00:06:00,740

mountain ranges it's not just flat

138

00:06:05,140 --> 00:06:03,590

bringing some Ritz crackers I don't know

139

00:06:08,800 --> 00:06:05,150

if most people are gonna make the hike

140

00:06:10,360 --> 00:06:08,810

to area 51 like 75% oh we're gonna die

141

00:06:13,269 --> 00:06:10,370

off and be like dude we should've stayed

142

00:06:16,029 --> 00:06:13,279

at home I have to walk this is 20 miles

143

00:06:18,399 --> 00:06:16,039

that's a long that's a long freaking way

144

00:06:20,950 --> 00:06:18,409

to walk in a straight line let alone a

145

00:06:23,409 --> 00:06:20,960

mountain range yeah yeah it's gonna be

146

00:06:25,629 --> 00:06:23,419

crazy and then not to mention all the

147

00:06:27,640 --> 00:06:25,639

machine guns that are surrounding the

148

00:06:29,260 --> 00:06:27,650

place yeah that's a bad idea

149

00:06:31,180 --> 00:06:29,270

dimma Gorgons been walking around

150

00:06:33,850 --> 00:06:31,190

they're just everywhere then the Gorgons

151
00:06:36,640 --> 00:06:33,860
walking around you'd speak well I guess

152
00:06:38,200 --> 00:06:36,650
I'll get in the demon guard but uh I

153
00:06:40,750 --> 00:06:38,210
guess there's not that much on Facebook

154
00:06:43,630 --> 00:06:40,760
happening I guess we're gonna do some oh

155
00:06:45,790 --> 00:06:43,640
that what was that posted Joseph posted

156
00:06:47,920 --> 00:06:45,800
oh yeah it says there are no

157
00:06:50,110 --> 00:06:47,930
coincidences Neil Armstrong was the

158
00:06:53,140 --> 00:06:50,120
first person to land on the moon Neil a

159
00:06:54,610 --> 00:06:53,150
backwards is alien and below it it says

160
00:06:56,830 --> 00:06:54,620
a little it looks like a little text

161
00:07:00,060 --> 00:06:56,840
message this it says it's from the FBI

162
00:07:03,540 --> 00:07:00,070
that says delete that [\h__\h] right now

163
00:07:06,790 --> 00:07:03,550

that's great dude he also made a post on

164

00:07:10,510 --> 00:07:06,800

the the oil rig where they saw they saw

165

00:07:13,060 --> 00:07:10,520

a UFO right or they saw a USO and there

166

00:07:15,490 --> 00:07:13,070

was and then it turned into a UFO no it

167

00:07:20,440 --> 00:07:15,500

was out in the Gulf Coast home so it was

168

00:07:22,950 --> 00:07:20,450

closer to Louisiana okay and they said

169

00:07:25,000 --> 00:07:22,960

this thing came out of the water and

170

00:07:27,070 --> 00:07:25,010

they didn't really noticed it at first

171

00:07:30,730 --> 00:07:27,080

but then it was hovering above the ship

172

00:07:32,800 --> 00:07:30,740

they're there you know there's a supply

173

00:07:35,170 --> 00:07:32,810

ship yeah they have and they said that

174

00:07:37,570 --> 00:07:35,180

the thing was almost two times the size

175

00:07:40,720 --> 00:07:37,580

of the supply ship came out of the water

176

00:07:42,490 --> 00:07:40,730

and it wasn't dripping well it wasn't

177

00:07:44,800 --> 00:07:42,500

dripping any water didn't make a wake

178

00:07:46,840 --> 00:07:44,810

wasn't making bubbles nothing it just

179

00:07:50,320 --> 00:07:46,850

came out of the water without making any

180

00:07:52,210 --> 00:07:50,330

motion on the ocean surface so oh just

181

00:07:54,190 --> 00:07:52,220

think I'm like okay I'm gonna get really

182

00:07:57,120 --> 00:07:54,200

doctor E science here yeah dude well we

183

00:08:00,850 --> 00:07:57,130

are doctor scientist that's true right

184

00:08:03,070 --> 00:08:00,860

the displacement of water I mean when

185

00:08:05,800 --> 00:08:03,080

something is that doesn't make any sense

186

00:08:07,300 --> 00:08:05,810

like oh and then what if the water was

187

00:08:09,340 --> 00:08:07,310

displaced then it would have to have

188

00:08:13,180 --> 00:08:09,350

come back together if something was

189

00:08:16,330 --> 00:08:13,190

displacing it yeah right right I mean I

190

00:08:16,960 --> 00:08:16,340

agree 100% with you huh yeah that's

191

00:08:20,230 --> 00:08:16,970

strange

192

00:08:22,450 --> 00:08:20,240

report and and then somebody popped out

193

00:08:27,250 --> 00:08:22,460

of the UFO said anybody want to say 15%

194

00:08:29,100 --> 00:08:27,260

on their car but yeah I think there was

195

00:08:38,399 --> 00:08:29,110

a

196

00:08:39,899 --> 00:08:38,409

cools pretty recent but yes USO is

197

00:08:40,949 --> 00:08:39,909

really interesting to me because I feel

198

00:08:43,949 --> 00:08:40,959

like it doesn't get a lot of attention

199

00:08:45,480 --> 00:08:43,959

yeah yeah well you know we're always you

200

00:08:48,210 --> 00:08:45,490

know talking about what's in the sky but

201
00:08:51,240 --> 00:08:48,220
yeah you know and that's that's the main

202
00:08:53,190 --> 00:08:51,250
focus but now with all the stuff you

203
00:08:54,930 --> 00:08:53,200
know that we're hearing on you know

204
00:08:59,940 --> 00:08:54,940
these things can go in the water they

205
00:09:01,710 --> 00:08:59,950
can go in space through the air and we

206
00:09:03,630 --> 00:09:01,720
may have the technology for that

207
00:09:06,840 --> 00:09:03,640
so what tell me that story you were

208
00:09:08,160 --> 00:09:06,850
telling me about then which one or do we

209
00:09:09,810 --> 00:09:08,170
have not have enough information they

210
00:09:11,639 --> 00:09:09,820
have enough information let's wait yeah

211
00:09:12,360 --> 00:09:11,649
we'll wait on that okay it's a pretty

212
00:09:15,199 --> 00:09:12,370
cool story

213
00:09:19,110 --> 00:09:15,209

yeah and it's it's basically just about

214

00:09:22,139 --> 00:09:19,120

a patent that finally came around and

215

00:09:24,380 --> 00:09:22,149

some Chinese scientists figured some

216

00:09:27,630 --> 00:09:24,390

[h__h] out they figured some stuff out and

217

00:09:29,340 --> 00:09:27,640

and but it kind of has to do with the

218

00:09:31,680 --> 00:09:29,350

same thing on how they can go in the air

219

00:09:34,500 --> 00:09:31,690

and it might be related to this tic-tac

220

00:09:36,480 --> 00:09:34,510

thing also I may or may not may or may

221

00:09:38,220 --> 00:09:36,490

not weed I don't know yet so we won't go

222

00:09:40,019 --> 00:09:38,230

too far all right all right yeah I want

223

00:09:42,389 --> 00:09:40,029

to talk about so bad it's so cool it

224

00:09:44,760 --> 00:09:42,399

sounds pretty crazy crazy yeah

225

00:09:47,670 --> 00:09:44,770

definitely definitely but did you also

226

00:09:50,460 --> 00:09:47,680

see the other one on how Texas has one

227

00:09:54,510 --> 00:09:50,470

of the highest amounts of UFO sightings

228

00:09:56,510 --> 00:09:54,520

in 2019 so far dude I thought we were on

229

00:09:59,069 --> 00:09:56,520

to something about that like the

230

00:10:01,440 --> 00:09:59,079

increasing amount of things that I've

231

00:10:03,210 --> 00:10:01,450

seen that happened in Texas yeah because

232

00:10:04,800 --> 00:10:03,220

there's a lot of a lot of cool stuff all

233

00:10:06,120 --> 00:10:04,810

the stories that I've heard I wonder if

234

00:10:08,130 --> 00:10:06,130

they're like what do you think they're

235

00:10:09,480 --> 00:10:08,140

attracted to in Texas I wonder what it

236

00:10:12,960 --> 00:10:09,490

is about Texas do you think it's like

237

00:10:15,569 --> 00:10:12,970

our military I mean we've got Fort Hood

238

00:10:16,889 --> 00:10:15,579

yeah and a couple of other places but I

239

00:10:19,439 --> 00:10:16,899

mean I've never heard of any kind of

240

00:10:22,949 --> 00:10:19,449

like geological anomalies in Texas like

241

00:10:26,340 --> 00:10:22,959

yeah magnetic fields or anything like

242

00:10:29,009 --> 00:10:26,350

that you know we have like Enchanted

243

00:10:30,750 --> 00:10:29,019

Rock right something like that people

244

00:10:33,269 --> 00:10:30,760

say they see stuff out in that area a

245

00:10:35,189 --> 00:10:33,279

lot oh I didn't know that yeah we got

246

00:10:36,900 --> 00:10:35,199

the Marfa lights you know I got a lot of

247

00:10:39,269 --> 00:10:36,910

crazy stuff that kind of happens around

248

00:10:41,100 --> 00:10:39,279

in the area right

249

00:10:42,840 --> 00:10:41,110

did I tell you yes awesome I went to

250

00:10:45,660 --> 00:10:42,850

Marfa and saw the lights no did you dude

251

00:10:47,309 --> 00:10:45,670

it was it pretty cool he was pretty

252

00:10:49,199 --> 00:10:47,319

interesting pretty interesting me and

253

00:10:53,670 --> 00:10:49,209

Jess went out there for a little road

254

00:10:55,439 --> 00:10:53,680

trip and I mean I was like we wanted to

255

00:10:57,569 --> 00:10:55,449

go to Marfa because it's a cool town but

256

00:10:59,069 --> 00:10:57,579

I was super super stoked just to see the

257

00:11:02,759 --> 00:10:59,079

lights because I'd heard so many things

258

00:11:05,280 --> 00:11:02,769

like I've got a buddy who's his mom went

259

00:11:09,150 --> 00:11:05,290

out there and saw these she has a crazy

260

00:11:10,499 --> 00:11:09,160

story that like out towards so first off

261

00:11:12,210 --> 00:11:10,509

when you when you walk up to the place

262

00:11:14,280 --> 00:11:12,220

if you haven't been there before yeah

263

00:11:16,199 --> 00:11:14,290

you haven't been there before it no l

264

00:11:20,759 --> 00:11:16,209

don't think so okay so it's it's super

265

00:11:22,319 --> 00:11:20,769

kind of like a theme park esque

266

00:11:24,629 --> 00:11:22,329

where you pull up and there's this

267

00:11:26,519 --> 00:11:24,639

building with a deck like a viewing deck

268

00:11:28,740 --> 00:11:26,529

and there's like binoculars that you can

269

00:11:31,410 --> 00:11:28,750

walk up to and use and what you're

270

00:11:32,910 --> 00:11:31,420

looking at and it's a huge plane and

271

00:11:34,259 --> 00:11:32,920

then all around you is kind of like this

272

00:11:36,740 --> 00:11:34,269

Basin so you're in the middle of this

273

00:11:38,759 --> 00:11:36,750

Basin there's like a mountainside

274

00:11:42,869 --> 00:11:38,769

straight straight ahead of you until

275

00:11:45,120 --> 00:11:42,879

you're right into your left and I don't

276

00:11:46,829 --> 00:11:45,130

think there's any highways off to the

277

00:11:48,540 --> 00:11:46,839

right to the right on top of those

278

00:11:50,610 --> 00:11:48,550

mountains I don't believe I think all

279

00:11:52,920 --> 00:11:50,620

the rows go in between the mountains or

280

00:11:56,069 --> 00:11:52,930

the plateaus and I don't think there's

281

00:11:57,569 --> 00:11:56,079

any major highways on the far mountain

282

00:12:00,240 --> 00:11:57,579

either because this is one of the

283

00:12:01,769 --> 00:12:00,250

theories is that it's cars driving down

284

00:12:02,790 --> 00:12:01,779

the mountain yes and that's what's

285

00:12:06,210 --> 00:12:02,800

making the lights look like they're

286

00:12:09,389 --> 00:12:06,220

floating and there's no roads right so

287

00:12:11,850 --> 00:12:09,399

I'm looking so the story that my my

288

00:12:13,499 --> 00:12:11,860

buddy's mom said that there that from

289

00:12:15,150 --> 00:12:13,509

the middle of the plane which I'm

290

00:12:17,790 --> 00:12:15,160

guessing is about a mile maybe two miles

291

00:12:20,069 --> 00:12:17,800

that's pretty pretty long long distance

292

00:12:22,019 --> 00:12:20,079

her story is that it would start in the

293

00:12:24,240 --> 00:12:22,029

middle of the basin like this glowing

294

00:12:25,799 --> 00:12:24,250

orb would just shoot off and then run up

295

00:12:28,319 --> 00:12:25,809

the mountain and it was kind of like

296

00:12:30,720 --> 00:12:28,329

strobing airplane lights where it would

297

00:12:32,970 --> 00:12:30,730

start in one place and go whoop in the

298

00:12:34,860 --> 00:12:32,980

room kind of dissipate in the distance

299

00:12:39,569 --> 00:12:34,870

kind of dance up the mountain yeah

300

00:12:40,980 --> 00:12:39,579

so what I saw was just a few first off I

301
00:12:42,869 --> 00:12:40,990
didn't see anything and we just kind of

302
00:12:44,879 --> 00:12:42,879
saddled there and I was I think we just

303
00:12:47,370 --> 00:12:44,889
both started just to kind of feel a

304
00:12:48,420 --> 00:12:47,380
little let down or or just kind of

305
00:12:49,650 --> 00:12:48,430
disappointing because we weren't seeing

306
00:12:52,130 --> 00:12:49,660
anything like you know at all and then

307
00:12:55,040 --> 00:12:52,140
all of a sudden I just see this

308
00:12:59,000 --> 00:12:55,050
this little tiny dot and at the very end

309
00:13:01,250 --> 00:12:59,010
of that two menthe maybe mile mountain

310
00:13:02,720 --> 00:13:01,260
range at the very bottom of the mountain

311
00:13:04,490 --> 00:13:02,730
range and it looked like somebody was

312
00:13:06,800 --> 00:13:04,500
walking around with a torch and those

313
00:13:08,900 --> 00:13:06,810

kind of waving it a little bit yeah so

314

00:13:11,120 --> 00:13:08,910

it looked like somebody was just out

315

00:13:14,150 --> 00:13:11,130

there with some kind of glowing ball a

316

00:13:15,680 --> 00:13:14,160

stick and then just kind of waving it

317

00:13:18,230 --> 00:13:15,690

around and then it would go away and

318

00:13:22,370 --> 00:13:18,240

then all of a sudden to the right the

319

00:13:24,680 --> 00:13:22,380

right mountain range I see this big big

320

00:13:26,990 --> 00:13:24,690

light in the sky like above the mountain

321

00:13:28,520 --> 00:13:27,000

range so it was yeah it's all taking it

322

00:13:30,200 --> 00:13:28,530

looks like a helicopter or plane coming

323

00:13:32,510 --> 00:13:30,210

at us and that's there whatever whatever

324

00:13:33,920 --> 00:13:32,520

headlights what it just ascended you

325

00:13:35,960 --> 00:13:33,930

know if you were to put your hand out

326

00:13:37,760 --> 00:13:35,970

alright like three inches if you were to

327

00:13:39,950 --> 00:13:37,770

hold that in between your index and your

328

00:13:42,050 --> 00:13:39,960

thumb and then it just disappeared and

329

00:13:44,960 --> 00:13:42,060

then I look back and I'm looking at this

330

00:13:48,710 --> 00:13:44,970

other dot and that dots back the the

331

00:13:51,740 --> 00:13:48,720

waving torch and then again to the right

332

00:13:52,760 --> 00:13:51,750

this huge light it's an orange light it

333

00:13:55,130 --> 00:13:52,770

looked like a light it didn't look like

334

00:13:58,220 --> 00:13:55,140

an aura but doesn't look like someone I

335

00:13:59,990 --> 00:13:58,230

was had a huge head light pointing at us

336

00:14:00,470 --> 00:14:00,000

and then it was like ascend and then

337

00:14:02,060 --> 00:14:00,480

that was it

338

00:14:04,610 --> 00:14:02,070

but it was like pretty repetitive it

339

00:14:06,470 --> 00:14:04,620

happened four or five times yeah and

340

00:14:09,230 --> 00:14:06,480

then we we also saw like air traffic

341

00:14:11,330 --> 00:14:09,240

going above us too so I mean I could

342

00:14:14,150 --> 00:14:11,340

tell the difference between a trajectory

343

00:14:16,700 --> 00:14:14,160

of a plane yeah going across the sky but

344

00:14:18,920 --> 00:14:16,710

this thing's like just hovering and then

345

00:14:21,110 --> 00:14:18,930

just kind of shot off into the sky not

346

00:14:23,150 --> 00:14:21,120

super fast but kind of floaty yeah

347

00:14:25,760 --> 00:14:23,160

Alaa it was weird I can't say for sure

348

00:14:27,080 --> 00:14:25,770

that I think I I don't think it was UFO

349

00:14:30,260 --> 00:14:27,090

I I think there's something going on

350

00:14:31,520 --> 00:14:30,270

there something optical yeah I mean a

351

00:14:33,770 --> 00:14:31,530

lot of people have been out there and

352

00:14:35,240 --> 00:14:33,780

tried to figure it out yeah you know and

353

00:14:37,670 --> 00:14:35,250

everybody's like I'm not really sure

354

00:14:39,140 --> 00:14:37,680

yeah man it could be it could be this it

355

00:14:40,340 --> 00:14:39,150

could be some weird [h__h] that we just

356

00:14:42,950 --> 00:14:40,350

don't know about it could be some

357

00:14:45,560 --> 00:14:42,960

overlap and another dimension yeah yeah

358

00:14:48,800 --> 00:14:45,570

I don't I mean the last podcast you said

359

00:14:53,360 --> 00:14:48,810

it was swamp gas swamp gas geology what

360

00:14:55,520 --> 00:14:53,370

are we talking about it was a skinwalker

361

00:14:57,080 --> 00:14:55,530

and just gonna explainable it right or

362

00:14:59,210 --> 00:14:57,090

not even science gonna explain all right

363

00:15:02,240 --> 00:14:59,220

this maybe maybe we just don't know that

364

00:15:04,220 --> 00:15:02,250

yet right right understood that I don't

365

00:15:05,230 --> 00:15:04,230

think this is swamp gas I don't know

366

00:15:06,490 --> 00:15:05,240

what there's some

367

00:15:08,500 --> 00:15:06,500

we're going out there and it's like

368

00:15:09,280 --> 00:15:08,510

consistent I feel like everybody that

369

00:15:10,960 --> 00:15:09,290

I've talked to you that's been out there

370

00:15:12,670 --> 00:15:10,970

to go see the Marfa lights they see

371

00:15:13,780 --> 00:15:12,680

something but it's all different like

372

00:15:15,310 --> 00:15:13,790

all the stories that I hear a little

373

00:15:16,329 --> 00:15:15,320

different than what I saw and what I've

374

00:15:18,460 --> 00:15:16,339

heard yeah I'll say

375

00:15:21,100 --> 00:15:18,470

other people say like it just kind of

376

00:15:22,570 --> 00:15:21,110

zigzags out the mountain some say it's

377

00:15:24,280 --> 00:15:22,580

just like it's just in the field and it

378

00:15:26,350 --> 00:15:24,290

kind of pops up the little lights and

379

00:15:27,610 --> 00:15:26,360

then dissipates whatever yeah I don't

380

00:15:29,290 --> 00:15:27,620

know it's it's an interesting thing

381

00:15:31,420 --> 00:15:29,300

that's pretty cool I'm gonna go check

382

00:15:33,519 --> 00:15:31,430

that out yes no I haven't been out there

383

00:15:35,980 --> 00:15:33,529

I've been in the area yeah you know but

384

00:15:38,740 --> 00:15:35,990

I haven't been to Marfa you just watch

385

00:15:40,840 --> 00:15:38,750

the lights specifically it's a far Drive

386

00:15:42,579 --> 00:15:40,850

yeah it is it definitely is it's pretty

387

00:15:44,769 --> 00:15:42,589

grueling to get out if you go anywhere

388

00:15:47,889 --> 00:15:44,779

in Texas it's a far Drive that's true

389

00:15:48,970 --> 00:15:47,899

which again back to the idea of like why

390

00:15:51,550 --> 00:15:48,980

do you think there's so many sightings

391

00:15:53,980 --> 00:15:51,560

in Texas it's such a large air it's a

392

00:15:56,440 --> 00:15:53,990

long yeah that's a large area where

393

00:15:58,810 --> 00:15:56,450

there's just nobody to like just nothing

394

00:16:00,150 --> 00:15:58,820

happening maybe one cattle rancher here

395

00:16:04,240 --> 00:16:00,160

and there um

396

00:16:08,470 --> 00:16:04,250

area 51 right or I'm sorry an IRA 51 but

397

00:16:10,360 --> 00:16:08,480

the UH the Roswell incident the crash

398

00:16:12,699 --> 00:16:10,370

you know everybody it says you know they

399

00:16:15,010 --> 00:16:12,709

took it to area 51 yeah they have the

400

00:16:17,880 --> 00:16:15,020

aliens there this is for your area 51

401
00:16:21,250 --> 00:16:17,890
people that are going to area 51 also

402
00:16:23,620 --> 00:16:21,260
supposedly they took the the pieces the

403
00:16:26,199 --> 00:16:23,630
crashed pieces to wright-patterson Air

404
00:16:29,590 --> 00:16:26,209
Force Air Force Base right in Ohio yeah

405
00:16:34,569 --> 00:16:29,600
and the other pieces went to Fort Worth

406
00:16:36,250 --> 00:16:34,579
oh here in Texas so maybe we've got some

407
00:16:39,940 --> 00:16:36,260
of their toys and they're trying to find

408
00:16:42,430 --> 00:16:39,950
it oh right yeah so nothing's at area 51

409
00:16:45,760 --> 00:16:42,440
if you're gonna do anything go to s4

410
00:16:49,269 --> 00:16:45,770
right and we talked about that it's 15

411
00:16:50,920 --> 00:16:49,279
miles south they're good I mean they're

412
00:16:52,060 --> 00:16:50,930
gonna walk all the way Terry if everyone

413
00:16:54,760 --> 00:16:52,070

might as well keep going you might as

414

00:16:56,110 --> 00:16:54,770

well go there so to where to where the

415

00:16:57,639 --> 00:16:56,120

crafts are right that's what Bob said

416

00:16:59,230 --> 00:16:57,649

they are I want to see there's night oh

417

00:17:01,210 --> 00:16:59,240

I want to see a photo of the hangar that

418

00:17:03,100 --> 00:17:01,220

he talks about yeah but that's pretty

419

00:17:04,990 --> 00:17:03,110

cool one that's in into the mountain you

420

00:17:06,309 --> 00:17:05,000

know where has the doors painted yeah

421

00:17:07,630 --> 00:17:06,319

well there's the mountain I want some

422

00:17:10,299 --> 00:17:07,640

proof of that yeah that's pretty sweet

423

00:17:12,850 --> 00:17:10,309

that'd be pretty cool I heard some some

424

00:17:14,710 --> 00:17:12,860

pretty wacky stuff about Bob Lazar yeah

425

00:17:16,210 --> 00:17:14,720

did you watch that video I didn't get a

426

00:17:17,670 --> 00:17:16,220

chance to finish it and then get a

427

00:17:21,090 --> 00:17:17,680

chance to finish it

428

00:17:25,830 --> 00:17:21,100

is it so is it better than the other

429

00:17:27,000 --> 00:17:25,840

ones that make crazy claims I don't know

430

00:17:29,580 --> 00:17:27,010

I don't know what to think of it because

431

00:17:31,620 --> 00:17:29,590

it does sound like this guy his whole

432

00:17:33,300 --> 00:17:31,630

channel is him like doing a bunch of

433

00:17:36,120 --> 00:17:33,310

research and debunking things yeah

434

00:17:37,770 --> 00:17:36,130

that's all that he does and apparently

435

00:17:39,540 --> 00:17:37,780

he did only make usually his videos are

436

00:17:42,240 --> 00:17:39,550

like 20 to 30 minutes but this one was

437

00:17:45,060 --> 00:17:42,250

like 45 minutes so everybody was super

438

00:17:48,240 --> 00:17:45,070

stoked that number one it was really

439

00:17:50,310 --> 00:17:48,250

really well researched I guess I mean it

440

00:17:52,770 --> 00:17:50,320

I guess if he can give credit to this

441

00:17:54,840 --> 00:17:52,780

guy based on whatever else he's

442

00:17:55,370 --> 00:17:54,850

researched but yeah I wasn't 45 minute

443

00:17:58,470 --> 00:17:55,380

piece

444

00:18:03,480 --> 00:17:58,480

seemed to be really well documented so I

445

00:18:06,360 --> 00:18:03,490

guess and so so other than other than he

446

00:18:09,930 --> 00:18:06,370

he other than like the prostitute stuff

447

00:18:12,420 --> 00:18:09,940

you can't find his name can you know

448

00:18:16,350 --> 00:18:12,430

finally the school stuff his brother

449

00:18:19,230 --> 00:18:16,360

than the basic stuff that we know that

450

00:18:20,430 --> 00:18:19,240

was [h__\h] up in Bob's life yeah what

451
00:18:21,780 --> 00:18:20,440
were some other things that you talked

452
00:18:23,340 --> 00:18:21,790
about not only I don't think I got that

453
00:18:25,530 --> 00:18:23,350
are into it yeah I don't even care to

454
00:18:27,510 --> 00:18:25,540
even talk about that because I I feel

455
00:18:29,550 --> 00:18:27,520
like you know that does what matters at

456
00:18:31,050 --> 00:18:29,560
all yeah no that doesn't and that's what

457
00:18:33,150 --> 00:18:31,060
I can you know most most the videos you

458
00:18:34,440 --> 00:18:33,160
see that do that it's like alright

459
00:18:36,540 --> 00:18:34,450
you're saying all this stuff but none of

460
00:18:39,690 --> 00:18:36,550
that really matters yeah you know yeah

461
00:18:41,790 --> 00:18:39,700
so it's it's all this whole video is to

462
00:18:43,560 --> 00:18:41,800
discredit Bob and I feel kind of bad

463
00:18:45,090 --> 00:18:43,570

that we're talking about it but I mean

464

00:18:46,680 --> 00:18:45,100

it's it's pretty interesting we got a

465

00:18:48,480 --> 00:18:46,690

note if you want to know the truth you

466

00:18:49,860 --> 00:18:48,490

guys know both sides you're gonna you've

467

00:18:52,380 --> 00:18:49,870

got to be curious about both sides so

468

00:18:55,170 --> 00:18:52,390

put your biases aside exactly yeah

469

00:18:57,000 --> 00:18:55,180

and that's I mean yeah I'd love to live

470

00:18:59,370 --> 00:18:57,010

in a world where everything is like

471

00:19:01,590 --> 00:18:59,380

fanciful and cool and like everything is

472

00:19:03,750 --> 00:19:01,600

what it seems to be but when you look a

473

00:19:05,820 --> 00:19:03,760

little deeper just the same way as we

474

00:19:07,680 --> 00:19:05,830

dig into these UFO topics and try to

475

00:19:11,100 --> 00:19:07,690

find the truth we also have to like yeah

476

00:19:13,310 --> 00:19:11,110

play play the other side so yeah so

477

00:19:20,370 --> 00:19:13,320

other than that stuff that you mentioned

478

00:19:22,920 --> 00:19:20,380

he pinpointed that George Knapp had this

479

00:19:25,800 --> 00:19:22,930

story this UFO story that he wanted to

480

00:19:28,260 --> 00:19:25,810

break before he even had Bob Lazar on

481

00:19:30,760 --> 00:19:28,270

the show to talk about it right and he

482

00:19:33,340 --> 00:19:30,770

had and it shows him

483

00:19:35,529 --> 00:19:33,350

on a on his news segment I guess he was

484

00:19:37,720 --> 00:19:35,539

an anchor talking about hey yeah we had

485

00:19:39,940 --> 00:19:37,730

this other guy gonna that was gonna talk

486

00:19:41,799 --> 00:19:39,950

about this story but the last 15 minutes

487

00:19:45,250 --> 00:19:41,809

he bailed out so we got this other guy

488

00:19:48,399 --> 00:19:45,260

named Bob Lazar or something I think

489

00:19:49,810 --> 00:19:48,409

this was before he gave his name out but

490

00:19:52,240 --> 00:19:49,820

that I thought that was weird that he

491

00:19:54,399 --> 00:19:52,250

had another guy that was gonna interview

492

00:19:56,740 --> 00:19:54,409

and tell the story but he switched it to

493

00:20:01,149 --> 00:19:56,750

Bob at the very end yeah I read before

494

00:20:06,010 --> 00:20:01,159

it it went out and both Bob Lazar George

495

00:20:09,190 --> 00:20:06,020

Knapp what's the the pilots name leader

496

00:20:10,120 --> 00:20:09,200

Jordan something leader it's not Robert

497

00:20:12,820 --> 00:20:10,130

Ronny

498

00:20:14,950 --> 00:20:12,830

I don't know something like that the son

499

00:20:17,980 --> 00:20:14,960

of you know the inventor of the Learjet

500

00:20:19,149 --> 00:20:17,990

yeah yeah so they all claimed that they

501
00:20:21,820 --> 00:20:19,159
didn't really know each other until

502
00:20:24,639 --> 00:20:21,830
after that but after that story broke

503
00:20:26,470 --> 00:20:24,649
out George Knapp claims that that he

504
00:20:28,779 --> 00:20:26,480
didn't even know Bob Lazar until then

505
00:20:31,570 --> 00:20:28,789
mm-hmm because he just found out about

506
00:20:33,100 --> 00:20:31,580
him through so-and-so but this guy found

507
00:20:35,049 --> 00:20:33,110
out that yeah they did know each other

508
00:20:37,870 --> 00:20:35,059
because they all went to this event that

509
00:20:39,490 --> 00:20:37,880
Bob Lazar with was putting on in the

510
00:20:40,720 --> 00:20:39,500
desert with a few of his buddies right

511
00:20:42,610 --> 00:20:40,730
where they go out in the middle of the

512
00:20:45,220 --> 00:20:42,620
desert and shoot off fireworks and guns

513
00:20:47,529 --> 00:20:45,230

and they would have like like girls and

514

00:20:50,139 --> 00:20:47,539

bikinis out there and yeah people on

515

00:20:51,970 --> 00:20:50,149

motorcycles and you know whatever so

516

00:20:54,190 --> 00:20:51,980

this was like this annual event that

517

00:20:56,710 --> 00:20:54,200

they would go out there and shoot

518

00:20:58,720 --> 00:20:56,720

fireworks and have a crazy time yeah and

519

00:21:02,830 --> 00:20:58,730

that's how he knew George Knapp well

520

00:21:06,399 --> 00:21:02,840

because because uh Lear kind of had his

521

00:21:09,700 --> 00:21:06,409

career messed up by the UFO stuff and

522

00:21:12,370 --> 00:21:09,710

that was kind of one of they say that

523

00:21:15,789 --> 00:21:12,380

you know when Bob found out he told Lear

524

00:21:17,680 --> 00:21:15,799

about it right right they all said you

525

00:21:19,269 --> 00:21:17,690

were crazy but yeah I saw it

526

00:21:21,130 --> 00:21:19,279

right right so they mean they had to

527

00:21:23,320 --> 00:21:21,140

have known each other before then yeah

528

00:21:23,740 --> 00:21:23,330

so they had to have been friends yeah

529

00:21:26,680 --> 00:21:23,750

uh-huh

530

00:21:30,039 --> 00:21:26,690

but you know I mean I guess we knew that

531

00:21:32,740 --> 00:21:30,049

part yeah right I I don't know I didn't

532

00:21:35,139 --> 00:21:32,750

know that part yeah so another thing

533

00:21:37,029 --> 00:21:35,149

that I kind of feel maybe I shouldn't

534

00:21:38,740 --> 00:21:37,039

maybe people just figure it out by

535

00:21:41,440 --> 00:21:38,750

themselves yeah well I want to know

536

00:21:42,129 --> 00:21:41,450

because it's it but to me this is it's

537

00:21:44,480 --> 00:21:42,139

just weird

538

00:21:46,130 --> 00:21:44,490

and it only pertains to Bob's character

539

00:21:47,630 --> 00:21:46,140

that's it and I feel I don't feel bad

540

00:21:49,100 --> 00:21:47,640

like it I don't mean to attack his

541

00:21:50,330 --> 00:21:49,110

character nothing you're not trying to

542

00:21:52,130 --> 00:21:50,340

attack his character we're just trying

543

00:21:54,080 --> 00:21:52,140

to get through we're just trying to

544

00:21:55,310 --> 00:21:54,090

cover all the bases yeah exactly we're

545

00:21:57,620 --> 00:21:55,320

just trying to get to the bottom of it

546

00:21:59,750 --> 00:21:57,630

so I might regret this but I don't like

547

00:22:02,990 --> 00:21:59,760

you you could find the video I'll look

548

00:22:06,440 --> 00:22:03,000

it up and and give you the the URL

549

00:22:09,049 --> 00:22:06,450

whoever's listening but there's this

550

00:22:11,480 --> 00:22:09,059

weird thing that happened where bob was

551
00:22:18,500 --> 00:22:11,490
married to this woman and then they move

552
00:22:20,060 --> 00:22:18,510
out to Las Vegas and she he had already

553
00:22:22,130 --> 00:22:20,070
been having this relationship with this

554
00:22:23,870 --> 00:22:22,140
other woman Tracy mm-hmm but when they

555
00:22:25,910 --> 00:22:23,880
moved out him his wife not Tracy

556
00:22:28,520 --> 00:22:25,920
Tracy's like this tertiary person that

557
00:22:31,570 --> 00:22:28,530
he's seeing I guess yeah so Bob and his

558
00:22:35,330 --> 00:22:31,580
then-wife move out to Las Vegas she dies

559
00:22:37,270 --> 00:22:35,340
mysteriously from what do you call it

560
00:22:41,900 --> 00:22:37,280
when you when you close the garage door

561
00:22:44,690 --> 00:22:41,910
and carbon dioxide port it was ruled out

562
00:22:48,100 --> 00:22:44,700
to be a suicide two days later he gets

563
00:22:52,160 --> 00:22:48,110

married Bob gets married to Tracy and

564

00:22:53,630 --> 00:22:52,170

they move into their how her house or

565

00:22:56,650 --> 00:22:53,640

their house or whatever and he files

566

00:22:59,450 --> 00:22:56,660

bankruptcy on him and his ex-wife's

567

00:23:02,150 --> 00:22:59,460

company so he gets all this money from

568

00:23:04,250 --> 00:23:02,160

whatever to his new company or whatever

569

00:23:06,440 --> 00:23:04,260

with with Tracy I thought that was

570

00:23:08,690 --> 00:23:06,450

pretty that's pretty crazy pretty crazy

571

00:23:11,600 --> 00:23:08,700

in the documentary don't think don't

572

00:23:13,940 --> 00:23:11,610

they say that Bob's wife was having an

573

00:23:16,520 --> 00:23:13,950

affair - that was Tracy so that was his

574

00:23:18,140 --> 00:23:16,530

second wife was his second though that

575

00:23:25,280 --> 00:23:18,150

was having the affair later much later

576

00:23:29,900 --> 00:23:25,290

yeah yeah so Tracy was a fooling around

577

00:23:32,120 --> 00:23:29,910

whatever so Bob got got to but I thought

578

00:23:34,190 --> 00:23:32,130

that was so movies that yeah I hadn't

579

00:23:36,049 --> 00:23:34,200

heard that didn't know it just seems

580

00:23:38,690 --> 00:23:36,059

like and also like there's a bunch of

581

00:23:41,240 --> 00:23:38,700

interviews of George Knapp talking about

582

00:23:43,490 --> 00:23:41,250

this subject about the Bible is our

583

00:23:45,410 --> 00:23:43,500

story and it says he words things

584

00:23:48,410 --> 00:23:45,420

differently almost every time and

585

00:23:51,260 --> 00:23:48,420

there's some just missing missing bits

586

00:23:53,120 --> 00:23:51,270

and pieces it doesn't make me feel 100%

587

00:23:55,730 --> 00:23:53,130

on it yeah it kind of it kind of feels

588

00:23:57,740 --> 00:23:55,740

to me the feeling that I got yeah after

589

00:23:58,300 --> 00:23:57,750

watching this video that looks into all

590

00:24:00,400 --> 00:23:58,310

this stuff

591

00:24:03,700 --> 00:24:00,410

that I'm talking about I have a feeling

592

00:24:05,320 --> 00:24:03,710

it just made me it made me feel like

593

00:24:07,660 --> 00:24:05,330

there's something fishy going on and

594

00:24:09,730 --> 00:24:07,670

we're not getting the whole story number

595

00:24:11,620 --> 00:24:09,740

one I think I feel like after watching

596

00:24:15,700 --> 00:24:11,630

that video that George Knapp had this

597

00:24:17,350 --> 00:24:15,710

story already played out and that's what

598

00:24:20,020 --> 00:24:17,360

sort of he was in until no matter who he

599

00:24:22,150 --> 00:24:20,030

got to tell it for him that was his

600

00:24:24,070 --> 00:24:22,160

story that he was gonna break that's

601
00:24:27,340 --> 00:24:24,080
kind of the feeling that I got I don't

602
00:24:32,260 --> 00:24:27,350
know if if NAT gets the story mm-hmm and

603
00:24:35,860 --> 00:24:32,270
it's and it's a credible story we have

604
00:24:38,530 --> 00:24:35,870
to kind of think does it does it matter

605
00:24:40,780 --> 00:24:38,540
who says the story no if the story's

606
00:24:44,410 --> 00:24:40,790
real if the story's real now it doesn't

607
00:24:46,840 --> 00:24:44,420
matter yeah cuz story's real then that

608
00:24:49,330 --> 00:24:46,850
kind of it's like ah so the other guy

609
00:24:51,340 --> 00:24:49,340
bailed but you needed somebody to get

610
00:24:55,570 --> 00:24:51,350
this story out right right right

611
00:24:58,810 --> 00:24:55,580
so so that's a good point I mean yeah I

612
00:25:00,670 --> 00:24:58,820
mean it it it's it's it is a

613
00:25:02,260 --> 00:25:00,680

double-edged sword it's like man that

614

00:25:04,030 --> 00:25:02,270

kind of like you're lying a little bit

615

00:25:07,120 --> 00:25:04,040

right so that would naturally hurt

616

00:25:10,360 --> 00:25:07,130

credibility yeah but if the story is is

617

00:25:12,880 --> 00:25:10,370

real then I don't care I mean it's real

618

00:25:15,340 --> 00:25:12,890

and yeah that's and if most your stuff

619

00:25:17,110 --> 00:25:15,350

is credible yeah you know where we go

620

00:25:19,450 --> 00:25:17,120

from here but that I don't know where to

621

00:25:21,040 --> 00:25:19,460

go yeah I'm gonna stock the carbon

622

00:25:23,620 --> 00:25:21,050

dioxide poisoning thing he's a little

623

00:25:27,040 --> 00:25:23,630

crazy and if no I hadn't heard that

624

00:25:30,490 --> 00:25:27,050

before no I had heard a little bit about

625

00:25:32,890 --> 00:25:30,500

the story and George having a story but

626

00:25:36,250 --> 00:25:32,900

I didn't put two and two together uh-huh

627

00:25:37,870 --> 00:25:36,260

like that yeah but that is that's pretty

628

00:25:41,410 --> 00:25:37,880

crazy and and now that makes me curious

629

00:25:44,740 --> 00:25:41,420

on who was the first guy what happened

630

00:25:50,130 --> 00:25:44,750

to him right and maybe he was the guy

631

00:25:53,350 --> 00:25:50,140

that got blown up and maybe he was Bob's

632

00:25:56,670 --> 00:25:53,360

predecessor what if it was what if he

633

00:25:58,480 --> 00:25:56,680

was Lear Oh telling his story ah

634

00:26:00,820 --> 00:25:58,490

interesting

635

00:26:02,890 --> 00:26:00,830

it didn't just so happen they met you

636

00:26:05,320 --> 00:26:02,900

know they were like oh hey Bob's working

637

00:26:07,210 --> 00:26:05,330

at area 51 now we could just wait till

638

00:26:09,280 --> 00:26:07,220

he tells us information and be like boom

639

00:26:11,120 --> 00:26:09,290

there's the confirmation for the story

640

00:26:13,940 --> 00:26:11,130

you know Bob can tell it

641

00:26:15,740 --> 00:26:13,950

okay yeah but I don't know the timeline

642

00:26:17,900 --> 00:26:15,750

on all that stuff so that could be

643

00:26:19,520 --> 00:26:17,910

complete horseshit yeah it's just

644

00:26:21,890 --> 00:26:19,530

speculated we don't know I don't know

645

00:26:23,330 --> 00:26:21,900

but I mean it's it's it's a cool thing

646

00:26:25,039 --> 00:26:23,340

to think about I guess yeah

647

00:26:27,320 --> 00:26:25,049

anyway I I didn't really didn't mean to

648

00:26:29,510 --> 00:26:27,330

even bring that up it's just like no

649

00:26:30,080 --> 00:26:29,520

that's important though you know yeah I

650

00:26:31,850 --> 00:26:30,090

think so too

651

00:26:34,340 --> 00:26:31,860

it's definitely important especially if

652

00:26:35,750 --> 00:26:34,350

we're just you know we're trying to put

653

00:26:37,250 --> 00:26:35,760

things together we're trying to learn

654

00:26:38,720 --> 00:26:37,260

you know we're just like everybody else

655

00:26:40,370 --> 00:26:38,730

out there we don't we don't have the

656

00:26:42,169 --> 00:26:40,380

information we're just guessing you know

657

00:26:44,450 --> 00:26:42,179

but we're not we're not here to

658

00:26:46,970 --> 00:26:44,460

bad-mouth anybody we're not here to you

659

00:26:50,390 --> 00:26:46,980

know whatever you do is what you do and

660

00:26:52,159 --> 00:26:50,400

and you know that's just the way it is

661

00:26:54,740 --> 00:26:52,169

yes just the way it is you know we're

662

00:26:57,409 --> 00:26:54,750

gonna look into it and one day you know

663

00:26:59,330 --> 00:26:57,419

it may be oh that's cool and then we

664

00:27:04,340 --> 00:26:59,340

find out something else and it's like oh

665

00:27:06,560 --> 00:27:04,350

that's not cool which is fine because

666

00:27:08,419 --> 00:27:06,570

you have to be open-minded about this

667

00:27:10,159 --> 00:27:08,429

whole thing yeah we can't just take it

668

00:27:12,230 --> 00:27:10,169

you know cuz we're all just guessing

669

00:27:13,789 --> 00:27:12,240

yeah so it's really just trying to put

670

00:27:18,230 --> 00:27:13,799

pieces of a puzzle together

671

00:27:20,090 --> 00:27:18,240

yeah of a you know a white puzzle a

672

00:27:23,029 --> 00:27:20,100

blank puzzle yeah we don't even know

673

00:27:24,350 --> 00:27:23,039

what the picture is oh you know how are

674

00:27:25,940 --> 00:27:24,360

you gonna put a puzzle together when you

675

00:27:27,799 --> 00:27:25,950

don't even know what the picture is yeah

676

00:27:29,690 --> 00:27:27,809

you know to begin with so have you seen

677

00:27:33,440 --> 00:27:29,700

those they're like a thousand pieces and

678

00:27:37,549 --> 00:27:33,450

it's like a blue gradient yeah yeah yeah

679

00:27:42,200 --> 00:27:37,559

yeah people who made that up yeah dude

680

00:27:44,180 --> 00:27:42,210

but yeah that's all right well I'm gonna

681

00:27:48,320 --> 00:27:44,190

I'm gonna I'm gonna watch it now yeah I

682

00:27:48,980 --> 00:27:48,330

completely forgot I kind of want to look

683

00:27:50,930 --> 00:27:48,990

it up real quick

684

00:27:53,330 --> 00:27:50,940

oh I get it yeah I did send it to you

685

00:27:56,560 --> 00:27:53,340

look at our text messaging yeah yeah we

686

00:28:00,529 --> 00:27:56,570

can post it let me pull up my jitterbug

687

00:28:02,600 --> 00:28:00,539

bag this has nothing to do with

688

00:28:05,960 --> 00:28:02,610

jitterbug but it does have to do with

689

00:28:09,560 --> 00:28:05,970

music bro I saw an alien last night uh

690

00:28:11,510 --> 00:28:09,570

and his name was Carlos Santana oh yeah

691

00:28:16,520 --> 00:28:11,520

dude that was epic

692

00:28:20,840 --> 00:28:16,530

that man if if you if you time-traveled

693

00:28:22,520 --> 00:28:20,850

Carlos Santana like you know to the past

694

00:28:23,320 --> 00:28:22,530

and you dropped him off in an electric

695

00:28:26,590 --> 00:28:23,330

guitar

696

00:28:28,539 --> 00:28:26,600

he would be an alien like yeah dude to

697

00:28:32,739 --> 00:28:28,549

those to those people he would be a god

698

00:28:35,529 --> 00:28:32,749

he'd be like what what is this what is

699

00:28:37,330 --> 00:28:35,539

he doing what is that a good talk like

700

00:28:39,039 --> 00:28:37,340

what is that you think I'm like

701

00:28:41,350 --> 00:28:39,049

picturing like in Roman times

702

00:28:45,580 --> 00:28:41,360

oh yeah he walks in to be like the

703

00:28:48,310 --> 00:28:45,590

entertainment for an orgy he was one of

704

00:28:59,769 --> 00:28:48,320

those belt clip on amps yeah he's just

705

00:29:02,430 --> 00:28:59,779

[h__\h] shredding that was that was

706

00:29:05,799 --> 00:29:02,440

incredible I am incredible I roomed with

707

00:29:06,580 --> 00:29:05,809

his Santana's nephew when I auditioned

708

00:29:09,279 --> 00:29:06,590

for the voice

709

00:29:10,960 --> 00:29:09,289

Adam Lasher oh is that his name yeah

710

00:29:12,669 --> 00:29:10,970

it's pretty hot I don't know if his last

711

00:29:15,970 --> 00:29:12,679

name is actually Lasher it's such a cool

712

00:29:17,409 --> 00:29:15,980

last name yeah a cool last name it's

713

00:29:19,330 --> 00:29:17,419

pretty good but yeah I roomed with that

714

00:29:22,899 --> 00:29:19,340

with his little his nephew he a pretty

715

00:29:26,859 --> 00:29:22,909

cool guy he's super cool yeah yeah this

716

00:29:28,930 --> 00:29:26,869

this gig I guess out like near the

717

00:29:29,560 --> 00:29:28,940

Jamaica area those Islands out there

718

00:29:31,539 --> 00:29:29,570

mm-hmm

719

00:29:33,849 --> 00:29:31,549

where they would this company your

720

00:29:37,090 --> 00:29:33,859

resort would fly him out every summer to

721

00:29:38,859 --> 00:29:37,100

do like a summer acoustic gig oh do it I

722

00:29:44,680 --> 00:29:38,869

just had school so I couldn't do it oh

723

00:29:49,539 --> 00:29:44,690

that would be sweet yeah but I mean it's

724

00:29:53,979 --> 00:29:49,549

school school is cool to do school super

725

00:29:58,539 --> 00:29:53,989

cool stay in school

726

00:30:01,930 --> 00:29:58,549

all right well we're you're telling me

727

00:30:04,239 --> 00:30:01,940

the stranger things oh yeah earlier I

728

00:30:05,739 --> 00:30:04,249

think is super freaking interesting

729

00:30:09,609 --> 00:30:05,749

there's a lot of different areas that

730

00:30:14,169 --> 00:30:09,619

are like whoa man it's pretty it's

731

00:30:14,619 --> 00:30:14,179

pretty crazy so the the maybe spoil

732

00:30:17,080 --> 00:30:14,629

alert

733

00:30:19,960 --> 00:30:17,090

yeah it's a school if you don't see them

734

00:30:21,759 --> 00:30:19,970

by now then yeah press pause go watch it

735

00:30:25,330 --> 00:30:21,769

yeah yeah go go watch it

736

00:30:27,549 --> 00:30:25,340

you've had you've had what five days to

737

00:30:28,810 --> 00:30:27,559

watch it now yeah something like that

738

00:30:31,269 --> 00:30:28,820

fight if you haven't if you haven't

739

00:30:34,149 --> 00:30:31,279

finished it yet yes six days yeah you're

740

00:30:35,680 --> 00:30:34,159

falling behind but so Joe goes all right

741

00:30:37,720 --> 00:30:35,690

well what happened in the

742

00:30:39,700 --> 00:30:37,730

latest like how'd it like what were the

743

00:30:42,840 --> 00:30:39,710

Russians doing and I said well they were

744

00:30:45,160 --> 00:30:42,850

trying to they're shooting this big

745

00:30:47,950 --> 00:30:45,170

weaponized beam it looked like some kind

746

00:30:50,500 --> 00:30:47,960

of electromagnetic beam at this wall

747

00:30:53,320 --> 00:30:50,510

trying to open up the dimension of the

748

00:30:58,050 --> 00:30:53,330

upside down and Joe goes like alright

749

00:31:00,070 --> 00:30:58,060

it's just this out so this is in

750

00:31:01,510 --> 00:31:00,080

Tennessee

751
00:31:07,510 --> 00:31:01,520
it's called Oak Ridge National

752
00:31:10,570 --> 00:31:07,520
Laboratory and the story is that I

753
00:31:14,440 --> 00:31:10,580
believe her name is Bruce art Broussard

754
00:31:19,240 --> 00:31:14,450
I believe is a scientist named and this

755
00:31:21,040 --> 00:31:19,250
is scientists at the taxpayer-funded Oak

756
00:31:24,750 --> 00:31:21,050
Ridge National Laboratory in Tennessee

757
00:31:27,340 --> 00:31:24,760
are reportedly using a public resource

758
00:31:30,490 --> 00:31:27,350
reportedly using public resources to

759
00:31:36,940 --> 00:31:30,500
open a portal to a parallel universe

760
00:31:39,460 --> 00:31:36,950
right uh-huh she's using yeah she says

761
00:31:40,810 --> 00:31:39,470
it's a pretty wacky experiment but it'll

762
00:31:42,760 --> 00:31:40,820
totally change the game

763
00:31:45,580 --> 00:31:42,770

so Broussard's experiment will fire a

764

00:31:48,130 --> 00:31:45,590

beam of subatomic particles down a

765

00:31:50,410 --> 00:31:48,140

50-foot tunnel the beam will pass a

766

00:31:53,830 --> 00:31:50,420

powerful magnet and hit an impenetrable

767

00:31:57,040 --> 00:31:53,840

wall with a neutron detector behind it

768

00:31:59,080 --> 00:31:57,050

the experiment is if the experiments

769

00:32:01,920 --> 00:31:59,090

successful the particles will transform

770

00:32:05,080 --> 00:32:01,930

into a mirror images of themselves

771

00:32:08,650 --> 00:32:05,090

allowing them to burrow light through

772

00:32:11,530 --> 00:32:08,660

the impenetrable wall so what you were

773

00:32:13,090 --> 00:32:11,540

saying was like explain what I guess

774

00:32:15,250 --> 00:32:13,100

what you know about the light what's the

775

00:32:17,590 --> 00:32:15,260

the purpose of the light though so I'm

776

00:32:19,660 --> 00:32:17,600

not sure what the the purpose of the

777

00:32:22,510 --> 00:32:19,670

light is I think it's it's not so much

778

00:32:26,200 --> 00:32:22,520

the light it's the the particle beams

779

00:32:28,420 --> 00:32:26,210

that are being shot and and I guess what

780

00:32:32,470 --> 00:32:28,430

they're explaining here is they're

781

00:32:35,980 --> 00:32:32,480

trying to make a like some people say

782

00:32:40,450 --> 00:32:35,990

that the our universes or our dimensions

783

00:32:41,800 --> 00:32:40,460

sometimes overlap yeah right and so and

784

00:32:43,930 --> 00:32:41,810

what they said was it was it was like a

785

00:32:47,140 --> 00:32:43,940

mirror right but we can't always see

786

00:32:49,360 --> 00:32:47,150

that and so this is kind of just showing

787

00:32:53,680 --> 00:32:49,370

that the visible spectrum

788

00:32:55,630 --> 00:32:53,690

to us for sure 100% isn't all we see

789

00:33:00,750 --> 00:32:55,640

right so it's trying to create a mirror

790

00:33:03,430 --> 00:33:00,760

image or maybe see the identical

791

00:33:06,100 --> 00:33:03,440

dimension yeah you know that maybe we

792

00:33:07,810 --> 00:33:06,110

might share space with so that I was

793

00:33:10,450 --> 00:33:07,820

thinking like but if on the other side

794

00:33:12,310 --> 00:33:10,460

there's another version of those exact

795

00:33:15,280 --> 00:33:12,320

people but a mirror version shooting the

796

00:33:18,640 --> 00:33:15,290

that exact same beam back at them back

797

00:33:21,640 --> 00:33:18,650

at the wall you know or if the dimension

798

00:33:23,080 --> 00:33:21,650

is a little bit different you know who

799

00:33:25,780 --> 00:33:23,090

knows where there's like shooting

800

00:33:28,000 --> 00:33:25,790

everything steam-powered or or maybe

801
00:33:31,210 --> 00:33:28,010
instead of using up shooting particle

802
00:33:34,240 --> 00:33:31,220
beams maybe they just have like two

803
00:33:36,130 --> 00:33:34,250
pieces of wood and a mustard bottle in

804
00:33:38,500 --> 00:33:36,140
between and they they push it with their

805
00:33:40,960 --> 00:33:38,510
hands and squirt mustard at the wall and

806
00:33:42,670 --> 00:33:40,970
in one of these days we're gonna walk

807
00:33:44,740 --> 00:33:42,680
through the wall and get covered in

808
00:33:48,040 --> 00:33:44,750
mustard and that dimension is gonna be

809
00:33:50,950 --> 00:33:48,050
like we did it oh yeah really it was us

810
00:33:55,150 --> 00:33:50,960
it's like that that scene in Stargate or

811
00:33:57,070 --> 00:33:55,160
the the big portal looks like a like the

812
00:33:58,750 --> 00:33:57,080
water going through there's people on

813
00:34:03,850 --> 00:33:58,760

the other side just there's [h__h]

814

00:34:05,800 --> 00:34:03,860

mustard everywhere but but on this in

815

00:34:07,330 --> 00:34:05,810

this dimension everybody's like instead

816

00:34:11,970 --> 00:34:07,340

of humans they're like walking and

817

00:34:17,860 --> 00:34:11,980

talking hot dogs that would be great

818

00:34:20,290 --> 00:34:17,870

relish the moment people we've done it a

819

00:34:26,650 --> 00:34:20,300

dimension just like ours but with hot

820

00:34:27,250 --> 00:34:26,660

dogs dude oh man delicious dude hot dog

821

00:34:35,830 --> 00:34:27,260

people

822

00:34:37,210 --> 00:34:35,840

and they eat tiny human little buns all

823

00:34:39,040 --> 00:34:37,220

part free and that's why they're called

824

00:34:41,800 --> 00:34:39,050

Franks oh [h__h]

825

00:34:46,690 --> 00:34:41,810

yeah they're all named Frank all the

826
00:34:52,240 --> 00:34:48,430
but yeah so I thought that was kind of

827
00:34:53,440 --> 00:34:52,250
cool stranger things if you've seen it

828
00:34:56,350 --> 00:34:53,450
you know what we're talking about it's

829
00:34:58,240 --> 00:34:56,360
this that's that story that's exactly

830
00:35:00,430 --> 00:34:58,250
that still shooting a freaking gun with

831
00:35:02,440 --> 00:35:00,440
a laser beam coming out of it into a

832
00:35:04,599 --> 00:35:02,450
wall an impenetrable wall

833
00:35:06,819 --> 00:35:04,609
that is opening another portal into a

834
00:35:09,099 --> 00:35:06,829
different dimension and that is the same

835
00:35:11,500 --> 00:35:09,109
[h__h] that's what they're doing and it's

836
00:35:13,300 --> 00:35:11,510
not the first time that there may do you

837
00:35:16,180 --> 00:35:13,310
think they're pulling from this actual

838
00:35:18,640 --> 00:35:16,190

story I mean or do you think the story

839

00:35:20,650 --> 00:35:18,650

is I think just a coincidence I think

840

00:35:24,010 --> 00:35:20,660

this is a little more recent okay so

841

00:35:27,540 --> 00:35:24,020

this article I believe it was posted two

842

00:35:30,430 --> 00:35:27,550

days ago you know so so maybe somebody

843

00:35:35,280 --> 00:35:30,440

watch stranger things and was like let's

844

00:35:39,280 --> 00:35:35,290

fire a beam into the wall that's obvious

845

00:35:41,140 --> 00:35:39,290

which teenagers didn't we it wasn't the

846

00:35:42,220 --> 00:35:41,150

teenagers though it was the Russians

847

00:35:45,550 --> 00:35:42,230

right that's right that's right

848

00:35:47,260 --> 00:35:45,560

the ruski is why they oak okay I I just

849

00:35:49,510 --> 00:35:47,270

almost hasn't don't know we don't have

850

00:35:52,329 --> 00:35:49,520

any Russian listeners oh dude that's

851

00:35:55,000 --> 00:35:52,339

right wonder why hey if anybody from

852

00:35:57,609 --> 00:35:55,010

Russia is listening what's going on yeah

853

00:35:59,170 --> 00:35:57,619

what's up do you or wait I can call

854

00:36:03,040 --> 00:35:59,180

girls dudes - yeah they're dudettes

855

00:36:08,609 --> 00:36:03,050

dudettes I'm a dude she's a dude he's a

856

00:36:13,569 --> 00:36:08,619

dude we're all dudes really think I

857

00:36:17,140 --> 00:36:13,579

think about it so that's not the first

858

00:36:19,510 --> 00:36:17,150

thing that yeah July night weird 19's

859

00:36:22,809 --> 00:36:19,520

when this article yesterday yeah so

860

00:36:24,099 --> 00:36:22,819

that's another coincidence in what

861

00:36:26,349 --> 00:36:24,109

stranger things you were telling me is

862

00:36:29,260 --> 00:36:26,359

is derived from them on the Montauk

863

00:36:32,200 --> 00:36:29,270

Project Montag Montauk Montauk Project

864

00:36:34,540 --> 00:36:32,210

yeah which is just mine like you know

865

00:36:35,920 --> 00:36:34,550

mind control telekinesis yeah you know

866

00:36:38,190 --> 00:36:35,930

remote viewing and things like that

867

00:36:41,550 --> 00:36:38,200

being able to use consciousness or

868

00:36:44,650 --> 00:36:41,560

however that works right and so that

869

00:36:46,690 --> 00:36:44,660

part is where we always talk about like

870

00:36:49,030 --> 00:36:46,700

the the spiritual part of this yeah like

871

00:36:50,470 --> 00:36:49,040

how some of it's a little crazy but

872

00:36:53,260 --> 00:36:50,480

maybe it's a big part of it and that

873

00:36:55,990 --> 00:36:53,270

kind of makes me it's stuff like that

874

00:36:58,660 --> 00:36:56,000

that makes me think that well maybe that

875

00:37:00,640 --> 00:36:58,670

is you know part of it yeah I mean it

876

00:37:03,640 --> 00:37:00,650

could be that or it's it's like you were

877

00:37:06,400 --> 00:37:03,650

saying with the chairs and Corey Goode

878

00:37:09,609 --> 00:37:06,410

had the same experience with I mean he

879

00:37:12,849 --> 00:37:09,619

tells that that he had been on a couple

880

00:37:14,620 --> 00:37:12,859

of crafts that but the chair was the the

881

00:37:15,370 --> 00:37:14,630

mecca of like that's how you made the

882

00:37:17,920 --> 00:37:15,380

craft go

883

00:37:20,320 --> 00:37:17,930

that was I had heard that before

884

00:37:22,210 --> 00:37:20,330

specifically he said that on the backs

885

00:37:25,690 --> 00:37:22,220

of these chairs were little nubs that

886

00:37:27,160 --> 00:37:25,700

would like kind of kind of have some

887

00:37:28,840 --> 00:37:27,170

pressure on your back like underneath

888

00:37:29,800 --> 00:37:28,850

your shoulder blades it's a point I

889

00:37:33,550 --> 00:37:29,810

don't know if that's some kind of

890

00:37:34,330 --> 00:37:33,560

pressure point yeah or whatever so that

891

00:37:39,100 --> 00:37:34,340

I thought that was a really interesting

892

00:37:41,650 --> 00:37:39,110

like illustration or specificity of the

893

00:37:44,770 --> 00:37:41,660

chair but some about those chairs do

894

00:37:46,870 --> 00:37:44,780

that that connects whatever is going on

895

00:37:48,970 --> 00:37:46,880

in your mind yeah I think there's a

896

00:37:51,160 --> 00:37:48,980

missing piece we're like I think there

897

00:37:55,870 --> 00:37:51,170

is something to that a spiritual aspect

898

00:37:59,250 --> 00:37:55,880

but I think we need a catalyst to to

899

00:38:02,080 --> 00:37:59,260

connect ours our selves from you know

900

00:38:04,710 --> 00:38:02,090

like from our consciousness to the

901
00:38:07,600 --> 00:38:04,720
physical dimension yeah gasps yeah

902
00:38:10,300 --> 00:38:07,610
have you seen you've seen the movie

903
00:38:11,980 --> 00:38:10,310
contact right is that the one where

904
00:38:17,770 --> 00:38:11,990
they're moving their knees bend

905
00:38:18,490 --> 00:38:17,780
backwards no okay contact is man what's

906
00:38:20,850 --> 00:38:18,500
your name

907
00:38:24,400 --> 00:38:20,860
Oh the one with the big the big

908
00:38:26,590 --> 00:38:24,410
satellite dish yeah and she gets inside

909
00:38:28,150 --> 00:38:26,600
yes she's like its transported to

910
00:38:30,130 --> 00:38:28,160
another dimension oh that's a totally

911
00:38:32,020 --> 00:38:30,140
different yeah I'm thinking yeah maybe

912
00:38:35,230 --> 00:38:32,030
this is a big like gyrosphere

913
00:38:37,030 --> 00:38:35,240

yeah spins you know and terrorist blows

914

00:38:39,100 --> 00:38:37,040

up the first one so they have to remake

915

00:38:41,140 --> 00:38:39,110

it right well she gets this message from

916

00:38:44,140 --> 00:38:41,150

space right and they decode this message

917

00:38:46,090 --> 00:38:44,150

and it turns out to be blueprints yeah

918

00:38:48,190 --> 00:38:46,100

and so then they build this [h__h] and

919

00:38:51,340 --> 00:38:48,200

they drop her and they drop her down and

920

00:38:54,520 --> 00:38:51,350

so what happens in that movie right is

921

00:38:57,070 --> 00:38:54,530

is they build this to spec right there

922

00:39:00,190 --> 00:38:57,080

has to be perfect but the change that

923

00:39:02,050 --> 00:39:00,200

they made on the ship was the chair hmm

924

00:39:04,090 --> 00:39:02,060

right so they bolt it to the ceiling

925

00:39:05,620 --> 00:39:04,100

they anchor it in and then they hang the

926

00:39:06,610 --> 00:39:05,630

chair from it which isn't in the

927

00:39:08,740 --> 00:39:06,620

blueprint Wow

928

00:39:10,510 --> 00:39:08,750

and so when she goes down and she starts

929

00:39:13,390 --> 00:39:10,520

going through the you know wherever

930

00:39:16,420 --> 00:39:13,400

she's going the chair the whole ship is

931

00:39:18,070 --> 00:39:16,430

shaking violently and just she's going

932

00:39:20,580 --> 00:39:18,080

crazy and thinks she's about to die the

933

00:39:23,890 --> 00:39:20,590

ship sounds like it's about to explode

934

00:39:25,990 --> 00:39:23,900

finally the thing breaks and it rocks

935

00:39:28,420 --> 00:39:26,000

loose and everything stops and it's

936

00:39:31,570 --> 00:39:28,430

super smooth whoa

937

00:39:34,330 --> 00:39:31,580

float around inside and the ship isn't

938

00:39:36,160 --> 00:39:34,340

shaking anymore so it was the chair that

939

00:39:38,440 --> 00:39:36,170

made the difference way it was it wasn't

940

00:39:41,050 --> 00:39:38,450

the chair it was that stim that they

941

00:39:43,180 --> 00:39:41,060

added for a structural support there

942

00:39:45,430 --> 00:39:43,190

really you didn't need it to do that

943

00:39:47,890 --> 00:39:45,440

yeah you know that's what made the the

944

00:39:49,870 --> 00:39:47,900

ride a ngerous that's what made you know

945

00:39:53,230 --> 00:39:49,880

the transportation of the object

946

00:39:55,420 --> 00:39:53,240

dangerous mmm you know oh that's really

947

00:39:57,010 --> 00:39:55,430

interesting and all it was was the stent

948

00:39:59,260 --> 00:39:57,020

that they hung from the ceiling all I

949

00:40:00,790 --> 00:39:59,270

needed was a hammock knitters Hank just

950

00:40:00,940 --> 00:40:00,800

leave it there just leave the chair you

951
00:40:02,800 --> 00:40:00,950
know

952
00:40:05,200 --> 00:40:02,810
yeah and that was the one thing that

953
00:40:07,390 --> 00:40:05,210
they changed and whoa what a specific

954
00:40:10,990 --> 00:40:07,400
what a cool little details yeah yeah

955
00:40:13,510 --> 00:40:11,000
that's really awesome huh I love I love

956
00:40:15,120 --> 00:40:13,520
that concept we're like so when she's

957
00:40:18,280 --> 00:40:15,130
dropping in she goes to a different

958
00:40:20,110 --> 00:40:18,290
universe or whatever and the alien comes

959
00:40:21,970 --> 00:40:20,120
in the form of her dad right right and

960
00:40:23,530 --> 00:40:21,980
it seems like I mean this scene is like

961
00:40:24,940 --> 00:40:23,540
a 10 minute fifteen minute scene right

962
00:40:26,490 --> 00:40:24,950
yeah that's it and then when it goes

963
00:40:29,890 --> 00:40:26,500

back to earth

964

00:40:31,720 --> 00:40:29,900

she's only that there was no no change

965

00:40:34,450 --> 00:40:31,730

in time she just dropped all the way

966

00:40:36,580 --> 00:40:34,460

through so it stopped time she was

967

00:40:39,490 --> 00:40:36,590

transported to a different planet uh-huh

968

00:40:41,500 --> 00:40:39,500

talk to this extraterrestrial what I

969

00:40:43,540 --> 00:40:41,510

forget like what the point was what's

970

00:40:46,360 --> 00:40:43,550

she talked about to this

971

00:40:48,700 --> 00:40:46,370

was it just her yeah I mean that's how

972

00:40:50,110 --> 00:40:48,710

she got into it she missed her dad you

973

00:40:52,360 --> 00:40:50,120

know she was getting all this

974

00:40:56,050 --> 00:40:52,370

information she spent her whole life you

975

00:40:58,480 --> 00:40:56,060

know searching for what's out there you

976
00:41:00,730 --> 00:40:58,490
know and thinking maybe you know maybe

977
00:41:02,710 --> 00:41:00,740
your spirit lives on am i looking for

978
00:41:03,760 --> 00:41:02,720
heaven am i looking for what am i

979
00:41:05,440 --> 00:41:03,770
looking for I don't know what I'm

980
00:41:07,780 --> 00:41:05,450
looking for I'm a scientist and this is

981
00:41:10,180 --> 00:41:07,790
what I do and yeah it's it's kind of

982
00:41:11,740 --> 00:41:10,190
poetic that she gets this message you

983
00:41:16,210 --> 00:41:11,750
know and it comes in the form of her

984
00:41:17,920 --> 00:41:16,220
father and you know so it's it's a super

985
00:41:19,780 --> 00:41:17,930
super awesome movie I love I love the

986
00:41:22,420 --> 00:41:19,790
movie you know it's a it's a good movie

987
00:41:26,830 --> 00:41:22,430
for sure but yeah it's just those little

988
00:41:28,990 --> 00:41:26,840

details and things that are that make it

989

00:41:30,730 --> 00:41:29,000

make it interesting yeah I wonder if

990

00:41:33,700 --> 00:41:30,740

somebody knew about the chair thing you

991

00:41:34,810 --> 00:41:33,710

know maybe man I saw the movie I was

992

00:41:37,750 --> 00:41:34,820

thinking about where the legs been

993

00:41:41,260 --> 00:41:37,760

backwards is the arrival oh yeah

994

00:41:44,230 --> 00:41:41,270

the arrival what's this Charlie Sheen

995

00:41:46,900 --> 00:41:44,240

No is it him yeah Charlie shoulders

996

00:41:49,030 --> 00:41:46,910

Sheen yeah Charlie freaking [h__h] those

997

00:41:50,800 --> 00:41:49,040

aliens in there are super creepy our

998

00:41:52,510 --> 00:41:50,810

creep by the way they're like remember

999

00:41:54,609 --> 00:41:52,520

their heads there's like a flap in the

1000

00:42:00,460 --> 00:41:54,619

back yeah he's just showing off his

1001
00:42:03,730 --> 00:42:00,470
brain like yeah yeah that that's a

1002
00:42:04,930 --> 00:42:03,740
pretty pretty awesome movie too yeah if

1003
00:42:06,190 --> 00:42:04,940
you haven't seen it you should see it

1004
00:42:08,620 --> 00:42:06,200
that's an old movie

1005
00:42:10,630 --> 00:42:08,630
yeah it is a good one I thought of it uh

1006
00:42:13,420 --> 00:42:10,640
just actually had a good idea maybe we

1007
00:42:15,820 --> 00:42:13,430
should do some movie reviews some alien

1008
00:42:21,310 --> 00:42:15,830
movie reviews get a little mystery

1009
00:42:23,680 --> 00:42:21,320
science 3000 oh that's good

1010
00:42:26,890 --> 00:42:23,690
watch a movie and commented comment on

1011
00:42:28,510 --> 00:42:26,900
it watching it that's not what she meant

1012
00:42:32,760 --> 00:42:28,520
but that's great I loved it I put a

1013
00:42:51,609 --> 00:42:36,190

that'd be cool before we can make our

1014

00:42:54,580 --> 00:42:51,619

own little puppets but yeah man so so

1015

00:42:56,950 --> 00:42:54,590

the the stranger things portable and it

1016

00:42:59,800 --> 00:42:56,960

being related to Montauk Project which

1017

00:43:01,960 --> 00:42:59,810

if you think about the the earlier

1018

00:43:04,210 --> 00:43:01,970

episodes you know like Montauk Project

1019

00:43:07,359 --> 00:43:04,220

you know they were doing all these tests

1020

00:43:09,220 --> 00:43:07,369

and you know the scientists we're doing

1021

00:43:11,770 --> 00:43:09,230

stuff to people yeah you know trying to

1022

00:43:13,810 --> 00:43:11,780

figure out you know how telekinesis

1023

00:43:15,160 --> 00:43:13,820

works or if you can Remote View and

1024

00:43:16,540 --> 00:43:15,170

things like that and some of the earlier

1025

00:43:18,070 --> 00:43:16,550

episodes you know that's what they're

1026

00:43:19,690 --> 00:43:18,080

doing yeah that's what they're doing to

1027

00:43:21,190 --> 00:43:19,700

the kids yeah they have them down there

1028

00:43:23,140 --> 00:43:21,200

they're doing tests they're seeing if

1029

00:43:25,930 --> 00:43:23,150

they can move things with their minds I

1030

00:43:29,080 --> 00:43:25,940

mean and it's a great idea like I I

1031

00:43:30,550 --> 00:43:29,090

wonder if if it actually worked and

1032

00:43:32,230 --> 00:43:30,560

we'll just never know about it because I

1033

00:43:34,390 --> 00:43:32,240

know that they took adults but I wonder

1034

00:43:36,180 --> 00:43:34,400

if they did experiments on children too

1035

00:43:38,050 --> 00:43:36,190

I'm sure they did cuz I feel like

1036

00:43:39,880 --> 00:43:38,060

there's just some part of me that

1037

00:43:43,740 --> 00:43:39,890

believes that when you're a kid you're

1038

00:43:46,599 --> 00:43:43,750

much more instant yeah just in tune with

1039

00:43:49,390 --> 00:43:46,609

with not only just your perception of

1040

00:43:51,460 --> 00:43:49,400

the world but you're not you don't know

1041

00:43:52,960 --> 00:43:51,470

what's possible there's like this mm-hmm

1042

00:43:54,070 --> 00:43:52,970

anything's possible so I feel like

1043

00:43:54,670 --> 00:43:54,080

there's a part of your brain in your

1044

00:43:57,850 --> 00:43:54,680

consciousness

1045

00:44:00,400 --> 00:43:57,860

that allows you to absorb and and just

1046

00:44:02,500 --> 00:44:00,410

do what whatever you know maybe maybe

1047

00:44:04,090 --> 00:44:02,510

you if if you were to go through

1048

00:44:06,760 --> 00:44:04,100

training like that as a kid maybe not

1049

00:44:09,730 --> 00:44:06,770

treated as shitty as 11 was but that's

1050

00:44:12,670 --> 00:44:09,740

kind of what what why treat her that bad

1051

00:44:15,700 --> 00:44:12,680

if you know if that's like the most

1052

00:44:18,090 --> 00:44:15,710

powerful weapon on earth yeah like well

1053

00:44:20,290 --> 00:44:18,100

be next to that's that's why because

1054

00:44:22,900 --> 00:44:20,300

she's grown up that way

1055

00:44:25,560 --> 00:44:22,910

and she is the most powerful weapon in

1056

00:44:28,960 --> 00:44:25,570

the world so it's like okay we got to

1057

00:44:31,300 --> 00:44:28,970

condition her it'll be like fearful of

1058

00:44:34,120 --> 00:44:31,310

us or she's scared of us at any time we

1059

00:44:35,800 --> 00:44:34,130

say jump you jump okay if I say go back

1060

00:44:38,350 --> 00:44:35,810

to your cage you go back to your cage

1061

00:44:39,940 --> 00:44:38,360

right yeah that makes sense

1062

00:44:42,520 --> 00:44:39,950

it's kind of like how you have like an

1063

00:44:45,310 --> 00:44:42,530

extremely well-trained dog yeah you know

1064

00:44:47,500 --> 00:44:45,320

like I mean don't let them sleep on the

1065

00:44:49,480 --> 00:44:47,510

bed yeah we don't let him sleep on the

1066

00:44:53,410 --> 00:44:49,490

bed do by the way I heard you have three

1067

00:44:55,540 --> 00:44:53,420

corgis now I know you have three was it

1068

00:44:57,160 --> 00:44:55,550

Molly the second one yeah we have gizmo

1069

00:45:00,630 --> 00:44:57,170

we have Molly which is the older one

1070

00:45:04,060 --> 00:45:00,640

yeah how we have Luna known as the pup

1071

00:45:05,260 --> 00:45:04,070

no but you got a new puppy yeah yeah

1072

00:45:07,060 --> 00:45:05,270

Lynn is the new puppy

1073

00:45:10,060 --> 00:45:07,070

three Corgi butts just wiggling around

1074

00:45:13,000 --> 00:45:10,070

in yeah have you seen it was getting to

1075

00:45:16,840 --> 00:45:13,010

a swimming pool so we took Luna to the

1076

00:45:18,760 --> 00:45:16,850

pool this weekend and she just swam like

1077

00:45:21,310 --> 00:45:18,770

a fish man but the other butts just

1078

00:45:24,550 --> 00:45:21,320

float no water so it's funny because

1079

00:45:26,320 --> 00:45:24,560

gizmo he's his little scaredy pants and

1080

00:45:28,000 --> 00:45:26,330

so I'll put him in the water and I'll

1081

00:45:30,460 --> 00:45:28,010

just kind of hold him by his chest and

1082

00:45:32,800 --> 00:45:30,470

it just moves his tiny front paws and

1083

00:45:34,720 --> 00:45:32,810

his ass just drags through the water

1084

00:45:39,880 --> 00:45:34,730

just floats on top he doesn't even keep

1085

00:45:40,910 --> 00:45:39,890

his legs he gets nervous around the

1086

00:45:45,050 --> 00:45:40,920

water man

1087

00:45:47,120 --> 00:45:45,060

that yeah Luna she took off dude yeah

1088

00:45:48,770 --> 00:45:47,130

that's awesome yeah start him young dude

1089

00:45:51,980 --> 00:45:48,780

there are a lot of fun nibbler can swim

1090

00:45:54,230 --> 00:45:51,990

really really well she was a puppy she l

1091

00:45:56,090 --> 00:45:54,240

mean I think we took her swimming in the

1092

00:45:59,810 --> 00:45:56,100

pool remember we lived it yeah at the

1093

00:46:01,520 --> 00:45:59,820

apartment lime lime stone I mean they

1094

00:46:04,700 --> 00:46:01,530

switched it to the orchard that's right

1095

00:46:07,400 --> 00:46:04,710

the orchard and some good times there do

1096

00:46:09,230 --> 00:46:07,410

that was fun yeah as always I missed

1097

00:46:11,690 --> 00:46:09,240

that Fazoli's oh man you just walk

1098

00:46:13,910 --> 00:46:11,700

across the street yeah my was great it's

1099

00:46:17,030 --> 00:46:13,920

a crazy Fazoli's dude I used to love

1100

00:46:19,130 --> 00:46:17,040

that place and now it's all it runs in

1101
00:46:20,600 --> 00:46:19,140
like a moisture bar yeah yeah and it's

1102
00:46:22,550 --> 00:46:20,610
really good I remember going to it

1103
00:46:25,310 --> 00:46:22,560
before I had graduated over there I hate

1104
00:46:27,860 --> 00:46:25,320
that paint scheme I hate the color

1105
00:46:29,660 --> 00:46:27,870
scheme yeah tears not the best

1106
00:46:31,760 --> 00:46:29,670
well the signage I don't really remember

1107
00:46:34,520 --> 00:46:31,770
that the color scheme bad you remember

1108
00:46:38,390 --> 00:46:34,530
the signage it's like neon orange yeah

1109
00:46:40,820 --> 00:46:38,400
and then blue lettering white outline on

1110
00:46:43,340 --> 00:46:40,830
it you don't put blue on top of orange

1111
00:46:48,560 --> 00:46:43,350
that's like that's ultimate dizziness

1112
00:46:50,360 --> 00:46:48,570
unless your Boise State oh they have a

1113
00:46:52,040 --> 00:46:50,370

blue field so like they obviously don't

1114

00:46:55,820 --> 00:46:52,050

care about it I felt like Florida also

1115

00:46:57,650 --> 00:46:55,830

had their origin turquoise though yeah

1116

00:46:59,930 --> 00:46:57,660

they got some green in there not Miami

1117

00:47:01,240 --> 00:46:59,940

doc they really play up that white Miami

1118

00:47:05,420 --> 00:47:01,250

Dolphins

1119

00:47:08,240 --> 00:47:05,430

oh speaking of dolphins dude I mean

1120

00:47:10,520 --> 00:47:08,250

their their frontal cortex is larger

1121

00:47:13,910 --> 00:47:10,530

than ours yeah they're smart dude

1122

00:47:15,830 --> 00:47:13,920

if only they had some thumbs do you

1123

00:47:16,190 --> 00:47:15,840

think they would kind of conquer the

1124

00:47:18,950 --> 00:47:16,200

world

1125

00:47:20,420 --> 00:47:18,960

oh man or you think there's enough

1126
00:47:24,440 --> 00:47:20,430
materials in the ocean where they could

1127
00:47:25,970 --> 00:47:24,450
actually build some build anything hmm

1128
00:47:28,190 --> 00:47:25,980
because I think that's the closest thing

1129
00:47:30,980 --> 00:47:28,200
other than an octopus to like a true

1130
00:47:34,670 --> 00:47:30,990
alien on earth yeah to me like actually

1131
00:47:38,750 --> 00:47:34,680
number one octopus and then dolphin yeah

1132
00:47:41,780 --> 00:47:38,760
like well isn't an octopus is like DNA

1133
00:47:44,000 --> 00:47:41,790
that like most different out of every

1134
00:47:46,100 --> 00:47:44,010
species like an completely different or

1135
00:47:47,690 --> 00:47:46,110
its genetic makeup is completely

1136
00:47:49,530 --> 00:47:47,700
different than they cover it's any other

1137
00:47:52,170 --> 00:47:49,540
animal on the world on the

1138
00:47:55,140 --> 00:47:52,180

yeah I think it's yeah so it kind of is

1139

00:47:58,290 --> 00:47:55,150

an alien already which I believe because

1140

00:48:00,960 --> 00:47:58,300

those are those are crazy animals so

1141

00:48:03,210 --> 00:48:00,970

super cool think about a planet that's

1142

00:48:06,810 --> 00:48:03,220

totally completely covered in water the

1143

00:48:10,680 --> 00:48:06,820

hots in the habitable zone what creature

1144

00:48:12,540 --> 00:48:10,690

would you know rise up to the top the

1145

00:48:14,160 --> 00:48:12,550

fastest and be the dominant species I

1146

00:48:16,020 --> 00:48:14,170

mean it would it would it come down to

1147

00:48:17,400 --> 00:48:16,030

survival of the fittest like dinosaur

1148

00:48:19,860 --> 00:48:17,410

kind of stuff like the biggest and the

1149

00:48:23,010 --> 00:48:19,870

baddest my or would it be the most

1150

00:48:25,860 --> 00:48:23,020

intellectual I wonder like I think I

1151

00:48:28,230 --> 00:48:25,870

think being am like being intellectual

1152

00:48:31,440 --> 00:48:28,240

and starting to learn things probably

1153

00:48:32,580 --> 00:48:31,450

come you know later mm-hmm I mean you

1154

00:48:34,500 --> 00:48:32,590

you know you got to look at it in

1155

00:48:37,340 --> 00:48:34,510

sections you know like we look at

1156

00:48:40,020 --> 00:48:37,350

cavemen you know the most intellectual

1157

00:48:41,670 --> 00:48:40,030

kind of survived right yeah true yeah

1158

00:48:43,440 --> 00:48:41,680

well and then you know the Brutes kind

1159

00:48:45,060 --> 00:48:43,450

of started to die off a little bit right

1160

00:48:47,640 --> 00:48:45,070

and then the smarter ones started to

1161

00:48:49,710 --> 00:48:47,650

survive and now you know I'm gonna we're

1162

00:48:51,840 --> 00:48:49,720

tiny now yeah a bunch of smart people we

1163

00:48:54,720 --> 00:48:51,850

know so much more stuff than they used

1164

00:48:57,240 --> 00:48:54,730

to know yeah but a lot of us are dumb

1165

00:48:58,890 --> 00:48:57,250

you know but you could drop us off back

1166

00:49:01,260 --> 00:48:58,900

then and we'd be the smartest person in

1167

00:49:04,110 --> 00:49:01,270

the entire planet oh I don't know if I'd

1168

00:49:09,540 --> 00:49:04,120

be the smartest person still right fit

1169

00:49:12,750 --> 00:49:09,550

in just fine I'm hungry sleep this feels

1170

00:49:19,710 --> 00:49:12,760

like home I feel like I'm with my people

1171

00:49:24,810 --> 00:49:19,720

I think I'm gonna stay never had

1172

00:49:27,210 --> 00:49:24,820

brontosaurus bed dude dinosaurs tasted

1173

00:49:28,650 --> 00:49:27,220

great they might have man I wonder what

1174

00:49:30,420 --> 00:49:28,660

their meat would be like to would it be

1175

00:49:32,850 --> 00:49:30,430

like an alligator it would be fibrous

1176

00:49:34,380 --> 00:49:32,860

like like a man obviously it would be

1177

00:49:38,040 --> 00:49:34,390

yeah that's a dumb question it would

1178

00:49:40,770 --> 00:49:38,050

have to be like like a reptile meat like

1179

00:49:43,520 --> 00:49:40,780

a like a like a smoked crocodile me

1180

00:49:46,620 --> 00:49:43,530

crocodile yeah it's like white you know

1181

00:49:48,960 --> 00:49:46,630

have you had crocodile yeah it's so damn

1182

00:49:53,700 --> 00:49:48,970

good I got it at the Gator fish that's

1183

00:49:55,800 --> 00:49:53,710

right dude we have that picture of us

1184

00:50:02,360 --> 00:49:55,810

next is that gigantic that's right that

1185

00:50:04,160 --> 00:50:02,370

Gator has pee pee out things humans like

1186

00:50:06,020 --> 00:50:04,170

tene feet or something yeah it was big

1187

00:50:08,080 --> 00:50:06,030

catered yeah it was like the biggest one

1188

00:50:10,940 --> 00:50:08,090

they caught that day and a wack Texas

1189

00:50:13,070 --> 00:50:10,950

shout-out crazy stuff dude

1190

00:50:17,270 --> 00:50:13,080

yeah I want to go back I want to go back

1191

00:50:19,190 --> 00:50:17,280

just for the food I had a crawfish mac

1192

00:50:23,120 --> 00:50:19,200

and cheese that was freaking amazing

1193

00:50:25,660 --> 00:50:23,130

dude I remember they had the they had

1194

00:50:29,240 --> 00:50:25,670

the Gravitron do you remember that yeah

1195

00:50:32,720 --> 00:50:29,250

it's in strangers I know I just saw it I

1196

00:50:34,910 --> 00:50:32,730

was like watch it would just right on

1197

00:50:36,860 --> 00:50:34,920

the thing and you know I was I was like

1198

00:50:38,030 --> 00:50:36,870

calling him out the whole time every

1199

00:50:39,350 --> 00:50:38,040

time they would start it because there

1200

00:50:40,850 --> 00:50:39,360

was a couple of scenes in the Gravitron

1201

00:50:43,700 --> 00:50:40,860

every time they'd start it was like

1202

00:50:45,860 --> 00:50:43,710

automatically be really fast yes it used

1203

00:50:48,200 --> 00:50:45,870

to take like 10 minutes for it to get up

1204

00:50:50,270 --> 00:50:48,210

to speed yeah and the last time we got

1205

00:50:53,060 --> 00:50:50,280

on it in an away they had those people

1206

00:50:56,090 --> 00:50:53,070

that pushed it Oh remember there's real

1207

00:50:59,140 --> 00:50:56,100

push stick to get it going so that was

1208

00:51:02,120 --> 00:50:59,150

definitely not safe did it anyways

1209

00:51:06,610 --> 00:51:02,130

anyway so let me bring them back to UFOs

1210

00:51:13,310 --> 00:51:06,620

the Gravitron is in the shape of a UFO

1211

00:51:16,070 --> 00:51:13,320

freaking UFO had too many lights I'd be

1212

00:51:17,390 --> 00:51:16,080

pissed if you know anything it comes

1213

00:51:20,930 --> 00:51:17,400

down and it just looks like the

1214

00:51:24,110 --> 00:51:20,940

Gravitron actually says Gravitron on my

1215

00:51:26,750 --> 00:51:24,120

side you open it up it's like a carny

1216

00:51:28,790 --> 00:51:26,760

like soundin or if it didn't say

1217

00:51:30,560 --> 00:51:28,800

graviton on the inside but you got to

1218

00:51:34,160 --> 00:51:30,570

meet the alien and he comes out and he's

1219

00:51:35,720 --> 00:51:34,170

like welcome to the Gravitron and we

1220

00:51:38,450 --> 00:51:35,730

just start laughing just like that he's

1221

00:51:47,840 --> 00:51:38,460

like what are you laughing at let me

1222

00:51:48,920 --> 00:51:47,850

show you what sounds really cool step

1223

00:51:56,710 --> 00:51:48,930

inside the Gravitron

1224

00:51:58,970 --> 00:51:56,720

everything's definitely my favorite ride

1225

00:52:00,350 --> 00:51:58,980

yeah you still love that yeah they had

1226
00:52:06,170 --> 00:52:00,360
it in Taylor man all the time I was

1227
00:52:09,140 --> 00:52:06,180
great yeah man what else I guess do we

1228
00:52:11,160 --> 00:52:09,150
want to talk about JFK that's maybe we

1229
00:52:13,349 --> 00:52:11,170
need some more research on that

1230
00:52:14,700 --> 00:52:13,359
more on that you know what else we got

1231
00:52:16,740 --> 00:52:14,710
well with those radio signals from

1232
00:52:20,460 --> 00:52:16,750
Australia did you see that oh yeah that

1233
00:52:25,170 --> 00:52:20,470
was cool so so periodically we get one

1234
00:52:26,880 --> 00:52:25,180
of the signal right and it was a radio

1235
00:52:31,319 --> 00:52:26,890
thing that's over it was a radio signal

1236
00:52:33,000 --> 00:52:31,329
and usually they just kind of we can't

1237
00:52:35,220 --> 00:52:33,010
ever pinpoint it you know it's like ooh

1238
00:52:37,589 --> 00:52:35,230

that was that was strange so you have

1239

00:52:41,250 --> 00:52:37,599

people sitting there you know looking at

1240

00:52:44,420 --> 00:52:41,260

data all day every day listening to you

1241

00:52:47,640 --> 00:52:44,430

know radio waves and yeah and once every

1242

00:52:49,680 --> 00:52:47,650

30 years something crazy happens and

1243

00:52:52,410 --> 00:52:49,690

they're like oh what was that you're

1244

00:52:56,010 --> 00:52:52,420

like oh man that was cool I guess we'll

1245

00:52:58,440 --> 00:52:56,020

wait another 30 years but this signal it

1246

00:52:59,430 --> 00:52:58,450

came down and instead of just hitting

1247

00:53:03,180 --> 00:52:59,440

one place

1248

00:53:06,150 --> 00:53:03,190

apparently it's spread ooh yeah the

1249

00:53:08,240 --> 00:53:06,160

signal spread all over the place so it

1250

00:53:11,130 --> 00:53:08,250

was almost like it hit different

1251
00:53:15,420 --> 00:53:11,140
telescopes radio telescopes at different

1252
00:53:17,640 --> 00:53:15,430
times almost like this signal wanted to

1253
00:53:19,200 --> 00:53:17,650
be you know heard whoa

1254
00:53:21,539 --> 00:53:19,210
so instead of sending just one little

1255
00:53:23,789 --> 00:53:21,549
beam this one spread out and it hit

1256
00:53:25,650 --> 00:53:23,799
multiple if that's how they were able to

1257
00:53:28,890 --> 00:53:25,660
triangulate where it came from exactly

1258
00:53:31,950 --> 00:53:28,900
in the sky and so that's the first time

1259
00:53:34,349 --> 00:53:31,960
we've ever been able to find out where

1260
00:53:37,859 --> 00:53:34,359
this signal came from so I'm thinking of

1261
00:53:40,410 --> 00:53:37,869
like the what a wave looks like is you

1262
00:53:42,359 --> 00:53:40,420
always see them horizontally I wonder if

1263
00:53:45,240 --> 00:53:42,369

when it comes at you it's straight on

1264

00:53:47,549 --> 00:53:45,250

yeah so if that were the case I mean the

1265

00:53:51,089 --> 00:53:47,559

wave signal if it was really really big

1266

00:53:54,180 --> 00:53:51,099

like a really low frequency it would hit

1267

00:53:56,130 --> 00:53:54,190

one place and I'm trying to figure

1268

00:53:58,170 --> 00:53:56,140

figure this out yeah I mean because

1269

00:53:59,670 --> 00:53:58,180

maybe maybe it shot it and it's

1270

00:54:03,000 --> 00:53:59,680

specifically like eight different places

1271

00:54:04,650 --> 00:54:03,010

so now to me that would sound like some

1272

00:54:06,960 --> 00:54:04,660

intelligence behind it I don't know yeah

1273

00:54:09,450 --> 00:54:06,970

it's it but it's coming from one source

1274

00:54:12,690 --> 00:54:09,460

hmm and it's the first they say what

1275

00:54:15,180 --> 00:54:12,700

what constellation came they did in the

1276

00:54:17,549 --> 00:54:15,190

article I'm not I don't remember I

1277

00:54:19,570 --> 00:54:17,559

remember what they said though what if

1278

00:54:22,660 --> 00:54:19,580

it was a de reticular idea

1279

00:54:25,540 --> 00:54:22,670

they were sending some some messages to

1280

00:54:28,840 --> 00:54:25,550

to Germany bro it'd be scary yeah do you

1281

00:54:31,390 --> 00:54:28,850

know he's scary let me [h__h] that what if

1282

00:54:33,900 --> 00:54:31,400

it what if we did receive radio signal

1283

00:54:36,880 --> 00:54:33,910

from space and it was like in German

1284

00:54:38,830 --> 00:54:36,890

that'd be wild yeah they'd be wild yeah

1285

00:54:40,750 --> 00:54:38,840

we were talking about earlier like the

1286

00:54:42,700 --> 00:54:40,760

different species of aliens mm-hmm and

1287

00:54:45,400 --> 00:54:42,710

how there's different species of greys

1288

00:54:47,500 --> 00:54:45,410

that all come from the same Zeta

1289

00:54:49,480 --> 00:54:47,510

Reticuli star system it kind of looks

1290

00:54:50,680 --> 00:54:49,490

similar kind of see a little bit

1291

00:54:53,800 --> 00:54:50,690

different people have different

1292

00:54:56,200 --> 00:54:53,810

personalities right well recently like

1293

00:55:00,520 --> 00:54:56,210

the tall whites are our ambassadors yeah

1294

00:55:02,640 --> 00:55:00,530

so well so the ones that we know you

1295

00:55:06,210 --> 00:55:02,650

know the greys the tall whites

1296

00:55:09,730 --> 00:55:06,220

apparently these guys are kind of I

1297

00:55:11,350 --> 00:55:09,740

guess running things so a lot of people

1298

00:55:13,840 --> 00:55:11,360

will speculate and say that the tall

1299

00:55:15,730 --> 00:55:13,850

whites are the men in black oh they're

1300

00:55:17,440 --> 00:55:15,740

always suits so they're always kind of

1301
00:55:19,150 --> 00:55:17,450
keeping an eye on everything okay

1302
00:55:21,820 --> 00:55:19,160
anything crazy that happens you know

1303
00:55:23,800 --> 00:55:21,830
they say the men in black show up we

1304
00:55:25,660 --> 00:55:23,810
don't see him but they show up and then

1305
00:55:28,240 --> 00:55:25,670
they disappear you know they may be

1306
00:55:33,070 --> 00:55:28,250
warned you right or you disappear too oh

1307
00:55:35,890 --> 00:55:33,080
she said you know so have you seen that

1308
00:55:38,640 --> 00:55:35,900
that security footage of the Alaska

1309
00:55:40,990 --> 00:55:38,650
police officer where she's in the office

1310
00:55:43,510 --> 00:55:41,000
is that the one where they walk into the

1311
00:55:46,270 --> 00:55:43,520
glass doors and they look the guy's

1312
00:55:48,790 --> 00:55:46,280
looking identical yeah that's really

1313
00:55:49,870 --> 00:55:48,800

really crazy crazy weird hats I can't

1314

00:55:53,110 --> 00:55:49,880

remember they're wearing a hat yeah they

1315

00:55:55,870 --> 00:55:53,120

were wearing hats and the she was she

1316

00:55:57,700 --> 00:55:55,880

tried to go for a gun I believe and it

1317

00:55:59,650 --> 00:55:57,710

was in her purse what man I have to

1318

00:56:02,830 --> 00:55:59,660

relook at the story yeah I feel like she

1319

00:56:05,500 --> 00:56:02,840

was gonna go for a gun and kind of like

1320

00:56:08,500 --> 00:56:05,510

got captured in their gaze or whatever

1321

00:56:09,880 --> 00:56:08,510

they were saying she's like so at in the

1322

00:56:11,320 --> 00:56:09,890

video it looks like she's startled and

1323

00:56:14,980 --> 00:56:11,330

freaked out right and by the end of it

1324

00:56:17,470 --> 00:56:14,990

she just walks out with a dude that's

1325

00:56:19,990 --> 00:56:17,480

freaky you know that's that's kind of

1326

00:56:21,650 --> 00:56:20,000

cool like it'd be cool if the whites are

1327

00:56:23,809 --> 00:56:21,660

the men in black yeah

1328

00:56:26,900 --> 00:56:23,819

damn hey speaking of Bennett men and

1329

00:56:29,509 --> 00:56:26,910

black Rip Torn all right rest in peace

1330

00:56:32,390 --> 00:56:29,519

Brad yeah he's a great actor

1331

00:56:32,749 --> 00:56:32,400

yeah I loved him in in my be - he's

1332

00:56:34,880 --> 00:56:32,759

funny

1333

00:56:36,259 --> 00:56:34,890

he used to have a place in Taylor really

1334

00:56:37,789 --> 00:56:36,269

yeah no [h__\h]

1335

00:56:39,559 --> 00:56:37,799

I used to have a place in Taylor there's

1336

00:56:41,450 --> 00:56:39,569

some all about Taylor that there's been

1337

00:56:43,130 --> 00:56:41,460

a lot of famous people that have either

1338

00:56:46,180 --> 00:56:43,140

lived there or like movies been shot

1339

00:56:48,980 --> 00:56:46,190

there Tex Avery so cool

1340

00:56:53,359 --> 00:56:48,990

that's he's create like the old like

1341

00:56:54,980 --> 00:56:53,369

kinda Looney Tunes cartoons yeah yeah

1342

00:56:57,499 --> 00:56:54,990

he's from there oh that's right because

1343

00:56:59,210 --> 00:56:57,509

they have that uh that Museum yeah the

1344

00:57:00,829 --> 00:56:59,220

guy who created Bugs Bunny lived right

1345

00:57:03,650 --> 00:57:00,839

across the street from the Moody Museum

1346

00:57:05,990 --> 00:57:03,660

right yeah yeah that's super cool and

1347

00:57:07,609 --> 00:57:06,000

Texas Chainsaw Massacre was filmed there

1348

00:57:09,859 --> 00:57:07,619

yeah it's all filmed out there and -

1349

00:57:12,529 --> 00:57:09,869

yeah the Texas meat factory did you miss

1350

00:57:14,599 --> 00:57:12,539

booties from there Dan moody yeah Moody

1351

00:57:17,660 --> 00:57:14,609

yeah he's the first governor I believe

1352

00:57:19,819 --> 00:57:17,670

to prosecute the Ku Klux Klan yeah in

1353

00:57:22,400 --> 00:57:19,829

the entire you know states love that yes

1354

00:57:23,569 --> 00:57:22,410

it's kind of cool museums there so

1355

00:57:25,190 --> 00:57:23,579

that's pretty awesome there's so many

1356

00:57:27,650 --> 00:57:25,200

like historical things that happened in

1357

00:57:29,539 --> 00:57:27,660

Taylor dude yeah so so awesome it's a

1358

00:57:32,180 --> 00:57:29,549

pretty cool little place yeah I do miss

1359

00:57:34,400 --> 00:57:32,190

the Texas or the Taylor Meat Company

1360

00:57:46,460 --> 00:57:34,410

those red weenies dude yeah man those

1361

00:57:52,640 --> 00:57:46,470

are great oh yeah we need a Scott Taylor

1362

00:57:55,660 --> 00:57:52,650

red weenies take the field I can't

1363

00:58:05,089 --> 00:57:55,670

remember any footballs have a mascot

1364

00:58:06,650 --> 00:58:05,099

back to hotdogs reality bro doubts they

1365

00:58:11,690 --> 00:58:06,660

would come to Taylor first cuz they'd be

1366

00:58:13,099 --> 00:58:11,700

like our people yeah you would see man

1367

00:58:15,799 --> 00:58:13,109

we'd be like hey Frank

1368

00:58:17,660 --> 00:58:15,809

we completely like got off this subject

1369

00:58:23,019 --> 00:58:17,670

I don't know how but you were saying

1370

00:58:32,120 --> 00:58:25,609

yeah we're talking about sausage you did

1371

00:58:34,309 --> 00:58:32,130

I don't know me dolphins being smartest

1372

00:58:36,319 --> 00:58:34,319

and octopuses I

1373

00:58:43,459 --> 00:58:36,329

hot dogs in the fridge if you want dog

1374

00:58:46,519 --> 00:58:43,469

good all right but in an Hitchhiker's

1375

00:58:49,039 --> 00:58:46,529

Guide to the galaxy how the Dolphins

1376

00:58:52,579 --> 00:58:49,049

worth the smartest animal on the planet

1377

00:58:54,949 --> 00:58:52,589

and this whole time they've been warning

1378

00:58:56,839 --> 00:58:54,959

us that the earth is coming to an end

1379

00:58:59,349 --> 00:58:56,849

but the whole time we just thought they

1380

00:59:02,120 --> 00:58:59,359

were doing fun tricks for us that's

1381

00:59:04,279 --> 00:59:02,130

doing flips and [h__h] so long and thanks

1382

00:59:07,160 --> 00:59:04,289

for all the fish and so ever it comes

1383

00:59:09,199 --> 00:59:07,170

they fly in the air yeah the Dolphins go

1384

00:59:10,989 --> 00:59:09,209

they just flew away man so many of my

1385

00:59:13,370 --> 00:59:10,999

ideas always end up this is twice

1386

00:59:15,589 --> 00:59:13,380

happened on the podcast or an idea that

1387

00:59:20,809 --> 00:59:15,599

I've had goes back to the Hitchhiker's

1388

00:59:22,969 --> 00:59:20,819

Guide you separate but maybe it's all

1389

00:59:28,880 --> 00:59:22,979

subliminal maybe dude yeah I've only

1390

00:59:30,140 --> 00:59:28,890

seen the movie like three times but I

1391

00:59:32,989 --> 00:59:30,150

guess so after that we were talking

1392

00:59:36,319 --> 00:59:32,999

about a planet that's covered in water

1393

00:59:39,349 --> 00:59:36,329

in the habitable zone which you know

1394

00:59:42,259 --> 00:59:39,359

species that would rise to the top would

1395

00:59:44,509 --> 00:59:42,269

be and I was gonna say the octopus would

1396

00:59:46,549 --> 00:59:44,519

rise to the top before a dolphin kind of

1397

00:59:48,920 --> 00:59:46,559

creature because they can grab stuff and

1398

00:59:51,949 --> 00:59:48,930

move it and use different like I saw

1399

00:59:54,259 --> 00:59:51,959

this video of a octopus using a coconut

1400

00:59:57,439 --> 00:59:54,269

shell as protection you know like just

1401

01:00:00,349 --> 00:59:57,449

fast-forward a few thousand maybe a

1402

01:00:02,420 --> 01:00:00,359

million years and now they have hands

1403

01:00:04,099 --> 01:00:02,430

you know and maybe they have bodies or

1404

01:00:05,959 --> 01:00:04,109

they're bigger or something like that

1405

01:00:07,849 --> 01:00:05,969

and they have like big brains and I

1406

01:00:10,969 --> 01:00:07,859

don't know just imagine like a humanoid

1407

01:00:15,739 --> 01:00:10,979

octopus or you know maybe maybe that

1408

01:00:20,509 --> 01:00:15,749

that the way that that animal is built

1409

01:00:23,630 --> 01:00:20,519

is superior to even us yeah you know

1410

01:00:25,400 --> 01:00:23,640

they're they're line of evolution kind

1411

01:00:27,469 --> 01:00:25,410

of made them a little more superior yeah

1412

01:00:30,079 --> 01:00:27,479

it just so happens that they live in the

1413

01:00:31,609 --> 01:00:30,089

ocean yeah you know they can't yeah

1414

01:00:33,259 --> 01:00:31,619

maybe even hands are not even the best

1415

01:00:34,910 --> 01:00:33,269

tools to make things with yeah maybe

1416

01:00:37,699 --> 01:00:34,920

they're not maybe you want suction cups

1417

01:00:39,199 --> 01:00:37,709

instead right right yeah but can you

1418

01:00:42,439 --> 01:00:39,209

imagine like even if you bring that to

1419

01:00:44,329 --> 01:00:42,449

like just earth right not even another

1420

01:00:48,509 --> 01:00:44,339

planet where octopus would rise to the

1421

01:00:51,689 --> 01:00:48,519

top but on earth yeah if a species

1422

01:00:53,939 --> 01:00:51,699

had that same type of camouflage ability

1423

01:00:56,789 --> 01:00:53,949

the same type of ability to fit into

1424

01:01:00,959 --> 01:00:56,799

small spaces or squeezed under doors or

1425

01:01:03,930 --> 01:01:00,969

something but it was a you know humanoid

1426
01:01:06,449 --> 01:01:03,940
figure yeah maybe maybe one day the

1427
01:01:08,910 --> 01:01:06,459
octopus crawls out of the ocean and it's

1428
01:01:09,989 --> 01:01:08,920
a new species that can breathe air and

1429
01:01:12,479 --> 01:01:09,999
then and then it can start building

1430
01:01:14,279 --> 01:01:12,489
stuff I don't know it seems kind of

1431
01:01:15,779 --> 01:01:14,289
squishy though but I don't know I just

1432
01:01:18,949 --> 01:01:15,789
picture like an octopus in somebody's

1433
01:01:22,920 --> 01:01:18,959
head kind of like Davy Jones

1434
01:01:24,900 --> 01:01:22,930
Davy Jones yeah we hides the key yeah

1435
01:01:27,930 --> 01:01:24,910
these tentacles rocks

1436
01:01:29,699 --> 01:01:27,940
let's do that's the grossest I don't

1437
01:01:36,269 --> 01:01:29,709
like that character at all it's the

1438
01:01:39,689 --> 01:01:36,279

nastiest can you imagine like what what

1439

01:01:43,459 --> 01:01:39,699

its gonna be like you know in the time

1440

01:01:46,140 --> 01:01:43,469

that it took us to get here now where

1441

01:01:48,749 --> 01:01:46,150

that take that same amount of time and

1442

01:01:50,819 --> 01:01:48,759

apply that from now to then in the

1443

01:01:53,759 --> 01:01:50,829

future okay well what are we gonna look

1444

01:01:56,459 --> 01:01:53,769

like take it even further say all this

1445

01:01:58,259 --> 01:01:56,469

you know climate change forces us to

1446

01:01:59,969 --> 01:01:58,269

leave as a species we have to leave this

1447

01:02:02,729 --> 01:01:59,979

planet I don't know if it's to Mars or

1448

01:02:04,680 --> 01:02:02,739

to a different planet in a different

1449

01:02:06,719 --> 01:02:04,690

part of the galaxy or it maybe even in a

1450

01:02:08,939 --> 01:02:06,729

different galaxy and so there's no more

1451
01:02:12,390 --> 01:02:08,949
humans and then the ecosystem of Earth

1452
01:02:14,339 --> 01:02:12,400
starts to heal itself what's the next

1453
01:02:16,709 --> 01:02:14,349
species that's gonna come up and yeah

1454
01:02:18,269 --> 01:02:16,719
what would be the dominate force so yeah

1455
01:02:21,150 --> 01:02:18,279
I mean I feel like the Earth's gonna be

1456
01:02:23,699 --> 01:02:21,160
around for a pretty long time yeah so

1457
01:02:27,239 --> 01:02:23,709
after what after humans leave what's

1458
01:02:29,189 --> 01:02:27,249
next you know is it is it is it primates

1459
01:02:31,529 --> 01:02:29,199
I mean I know Joe Rogan he talks about

1460
01:02:34,170 --> 01:02:31,539
this on his podcast a lot but scientists

1461
01:02:36,390 --> 01:02:34,180
say that it's been observed that a

1462
01:02:38,999 --> 01:02:36,400
couple of species of monkeys or primates

1463
01:02:41,459 --> 01:02:39,009

are entering the the Stone Age yeah

1464

01:02:44,459 --> 01:02:41,469

they're building tools yeah orangutans

1465

01:02:47,099 --> 01:02:44,469

orangutans have observed fishermen using

1466

01:02:49,589 --> 01:02:47,109

Spears and now they're using Spears and

1467

01:02:51,719 --> 01:02:49,599

teaching it to their young so now all of

1468

01:02:55,620 --> 01:02:51,729

them are spirit like fishing with Spears

1469

01:02:57,710 --> 01:02:55,630

in the rivers like dude yeah that's

1470

01:03:00,020 --> 01:02:57,720

that's insane because

1471

01:03:02,480 --> 01:03:00,030

yeah cuz he was also saying like what if

1472

01:03:06,500 --> 01:03:02,490

that's just what happens yeah over and

1473

01:03:08,150 --> 01:03:06,510

over and over again you know maybe maybe

1474

01:03:09,410 --> 01:03:08,160

on this and they're they're still gonna

1475

01:03:10,910 --> 01:03:09,420

be trying to figure out who built the

1476

01:03:16,120 --> 01:03:10,920

pyramids when they when they grow up

1477

01:03:19,970 --> 01:03:16,130

yeah yeah yeah yeah they absolutely are

1478

01:03:23,660 --> 01:03:19,980

but you know you know it's the planet

1479

01:03:24,950 --> 01:03:23,670

you know Planet of the Apes yeah yeah

1480

01:03:29,030 --> 01:03:24,960

true you know yeah

1481

01:03:31,160 --> 01:03:29,040

I wonder if they would if if if they

1482

01:03:32,630 --> 01:03:31,170

would look the same as they did on

1483

01:03:34,550 --> 01:03:32,640

Planet of the Apes if they would evolve

1484

01:03:37,099 --> 01:03:34,560

the faces would evolve in my little

1485

01:03:40,400 --> 01:03:37,109

birthday for over time you know a little

1486

01:03:43,970 --> 01:03:40,410

different that's just like we did yeah I

1487

01:03:47,330 --> 01:03:43,980

was watching this documentary on Netflix

1488

01:03:50,390 --> 01:03:47,340

it was like the earliest face of man or

1489

01:03:53,750 --> 01:03:50,400

something like that and oh yeah the the

1490

01:03:56,150 --> 01:03:53,760

cave divers yes yeah and I think it was

1491

01:03:59,770 --> 01:03:56,160

Mexico or no was like yeah I was in

1492

01:04:03,380 --> 01:03:59,780

Mexico near Tulum that area that whole

1493

01:04:04,970 --> 01:04:03,390

peninsula has these interweaving caverns

1494

01:04:06,380 --> 01:04:04,980

and caves that are now underwater but

1495

01:04:08,839 --> 01:04:06,390

that didn't used to be underwater yeah

1496

01:04:10,339 --> 01:04:08,849

that's what they say the meteor hit near

1497

01:04:10,910 --> 01:04:10,349

there right really wiped out the

1498

01:04:13,880 --> 01:04:10,920

dinosaurs

1499

01:04:16,010 --> 01:04:13,890

Oh believe there's a meteor that's what

1500

01:04:18,380 --> 01:04:16,020

they claimed interesting that wiped out

1501

01:04:22,070 --> 01:04:18,390

the dinosaurs that's how that you know

1502

01:04:23,990 --> 01:04:22,080

the peninsula is worked out so yeah I

1503

01:04:28,010 --> 01:04:24,000

didn't know that yeah cool and it

1504

01:04:31,130 --> 01:04:28,020

predates you know it's 13,000 years old

1505

01:04:33,020 --> 01:04:31,140

yes right and so was that skull that

1506

01:04:35,839 --> 01:04:33,030

they found was 13,000 years old and the

1507

01:04:38,359 --> 01:04:35,849

Sumerians date back to 12,000 years old

1508

01:04:40,280 --> 01:04:38,369

okay right which is the cradle of

1509

01:04:42,530 --> 01:04:40,290

civilization right it came from

1510

01:04:45,890 --> 01:04:42,540

apparently mm-hmm how'd that get all the

1511

01:04:48,070 --> 01:04:45,900

way in Mexico dude at 13,000 right we

1512

01:04:52,190 --> 01:04:48,080

should thousand years prior to that

1513

01:04:54,310 --> 01:04:52,200

Sumerians when did Sumerians Sumeria I

1514

01:04:56,630 --> 01:04:54,320

mean the time you know where people were

1515

01:04:58,970 --> 01:04:56,640

came out of that area

1516

01:05:00,530 --> 01:04:58,980

oh it's saying two more thousand BC the

1517

01:05:04,190 --> 01:05:00,540

Sumerians live in Mesopotamia

1518

01:05:06,070 --> 01:05:04,200

that's that can't be right hmm 4000 BC

1519

01:05:07,930 --> 01:05:06,080

well was in 4000

1520

01:05:10,600 --> 01:05:07,940

I feel like that number that number is

1521

01:05:13,540 --> 01:05:10,610

just used so much like in biblical

1522

01:05:16,180 --> 01:05:13,550

things like the and and historians

1523

01:05:19,360 --> 01:05:16,190

always say like Oh was only forth out

1524

01:05:21,370 --> 01:05:19,370

4000 BC for now yeah all the Egyptians

1525

01:05:25,570 --> 01:05:21,380

and I'm not sure I don't think that adds

1526

01:05:29,800 --> 01:05:25,580

up I thought it was like 12 the

1527

01:05:31,810 --> 01:05:29,810

Sumerians this is Google I don't know

1528

01:05:35,770 --> 01:05:31,820

we're just doctor scientists yes so

1529

01:05:38,860 --> 01:05:35,780

exactly no keep saying 4,000 BCD huh

1530

01:05:41,890 --> 01:05:38,870

time period of the Sumerians well that

1531

01:05:44,950 --> 01:05:41,900

says five thousand to one went to 1750

1532

01:05:47,410 --> 01:05:44,960

mm-hmm I don't know Google who knows I'm

1533

01:05:47,800 --> 01:05:47,420

on chest it who knows but I don't trust

1534

01:05:56,170 --> 01:05:47,810

it

1535

01:05:57,820 --> 01:05:56,180

thousand six seven seven thousand yeah

1536

01:06:00,490 --> 01:05:57,830

seven thousand years ago thousand years

1537

01:06:03,070 --> 01:06:00,500

ago so there's it so this caught this

1538

01:06:07,480 --> 01:06:03,080

skull that was found in this cave at the

1539

01:06:09,310 --> 01:06:07,490

bottom of this cave under water it had

1540

01:06:12,280 --> 01:06:09,320

starts to calcify that's how old it was

1541

01:06:14,800 --> 01:06:12,290

but they did they were in they were able

1542

01:06:17,800 --> 01:06:14,810

to carbon date it 213 around 13,000

1543

01:06:21,100 --> 01:06:17,810

years ago maybe I'm thinking of the

1544

01:06:24,400 --> 01:06:21,110

Clovis people that was was 12 Clovis

1545

01:06:27,430 --> 01:06:24,410

yeah yeah and because isn't that what

1546

01:06:29,470 --> 01:06:27,440

Randall Carlson talks about in in Graham

1547

01:06:32,460 --> 01:06:29,480

Hancock I think so talk about the Clovis

1548

01:06:35,140 --> 01:06:32,470

people being here but then they found

1549

01:06:36,490 --> 01:06:35,150

bones that were further down in the

1550

01:06:37,930 --> 01:06:36,500

ground I think I think you're onto

1551

01:06:39,460 --> 01:06:37,940

something I think that may have been

1552

01:06:41,590 --> 01:06:39,470

what it is I mean yep

1553

01:06:44,310 --> 01:06:41,600

thirteen thousand to twelve yep that's

1554

01:06:49,330 --> 01:06:44,320

right okay well when were the dude

1555

01:07:00,730 --> 01:06:49,340

Denisovans there Dennis so business time

1556

01:07:08,740 --> 01:07:05,260

Oh lineage Homo sapiens approximately

1557

01:07:10,780 --> 01:07:08,750

well six hundred millennia is that

1558

01:07:12,760 --> 01:07:10,790

developed in the Denisovans and the and

1559

01:07:13,930 --> 01:07:12,770

earth all's is estimated to have

1560

01:07:16,270 --> 01:07:13,940

separated from the lineage that

1561

01:07:18,520 --> 01:07:16,280

developed into anatomically modern Homo

1562

01:07:19,490 --> 01:07:18,530

sapiens of props approximately six

1563

01:07:22,640 --> 01:07:19,500

hundred thousand

1564

01:07:25,820 --> 01:07:22,650

- 744 thousand years ago that's a

1565

01:07:29,690 --> 01:07:25,830

long-ass time to be to be looking like

1566

01:07:31,370 --> 01:07:29,700

we do and thinking like we do yeah I

1567

01:07:33,530 --> 01:07:31,380

mean I'm sure those people didn't look

1568

01:07:35,330 --> 01:07:33,540

anything like us yeah maybe they didn't

1569

01:07:36,470 --> 01:07:35,340

look anything like us well so was

1570

01:07:40,930 --> 01:07:36,480

interesting about the skull that they

1571

01:07:43,100 --> 01:07:40,940

found in the cave was that they

1572

01:07:46,780 --> 01:07:43,110

reconstructed her face based off of like

1573

01:07:50,480 --> 01:07:46,790

face facial models and like muscle

1574

01:07:52,190 --> 01:07:50,490

distribution on the face and they they

1575

01:07:55,820 --> 01:07:52,200

don't look like Native Americans they

1576

01:07:59,270 --> 01:07:55,830

look a little different like certain

1577

01:08:01,520 --> 01:07:59,280

aspects like their nose and their

1578

01:08:03,700 --> 01:08:01,530

cheekbones or like really sharp jaw

1579

01:08:05,930 --> 01:08:03,710

muscles are a little a little smaller

1580

01:08:08,180 --> 01:08:05,940

and they don't look like Native

1581

01:08:10,820 --> 01:08:08,190

Americans so that means that somebody

1582

01:08:13,130 --> 01:08:10,830

else came from somewhere else and went

1583

01:08:15,140 --> 01:08:13,140

through North America and then down to

1584

01:08:18,019 --> 01:08:15,150

South America yeah which I thought was

1585

01:08:20,960 --> 01:08:18,029

really really interesting 13,000 years

1586

01:08:23,690 --> 01:08:20,970

ago that's crazy and there was a like

1587

01:08:26,570 --> 01:08:23,700

giant sloth bones down there and such a

1588

01:08:28,670 --> 01:08:26,580

Tiger bone is cave bear because North

1589

01:08:31,610 --> 01:08:28,680

America used to have the largest land

1590

01:08:35,240 --> 01:08:31,620

mammals or land animals like the entire

1591

01:08:37,370 --> 01:08:35,250

world mm-hmm even now in Africa you know

1592

01:08:39,559 --> 01:08:37,380

they're known for having the largest

1593

01:08:43,160 --> 01:08:39,569

land elephants over there and look

1594

01:08:45,710 --> 01:08:43,170

America used to have a bet yeah so I

1595

01:08:49,610 --> 01:08:45,720

would love to see a giant sloth dude but

1596

01:08:50,870 --> 01:08:49,620

they take some epic naps do they have to

1597

01:08:56,450 --> 01:08:50,880

sleep longer because they're bigger

1598

01:08:58,910 --> 01:08:56,460

maybe did pretty crazy yeah I thought it

1599

01:09:00,530 --> 01:08:58,920

was pretty interesting I mean like just

1600

01:09:03,470 --> 01:09:00,540

the fact that we can find some bones

1601
01:09:05,900 --> 01:09:03,480
that look just like ours relatively yeah

1602
01:09:08,780 --> 01:09:05,910
that is that old and there's still

1603
01:09:11,840 --> 01:09:08,790
people out there that say like you know

1604
01:09:13,370 --> 01:09:11,850
that that we didn't build anything or we

1605
01:09:15,710 --> 01:09:13,380
didn't have written history or whatever

1606
01:09:17,840 --> 01:09:15,720
I don't know I'm not a historian but I

1607
01:09:20,420 --> 01:09:17,850
feel like there's there's there's got to

1608
01:09:22,280 --> 01:09:20,430
be some some missing pieces there I

1609
01:09:24,530 --> 01:09:22,290
don't know man there's a lot of missing

1610
01:09:26,570 --> 01:09:24,540
pieces man I mean it's it's what it's

1611
01:09:27,950 --> 01:09:26,580
kind of like what we're doing now you

1612
01:09:29,809 --> 01:09:27,960
know like we're talking to UFOs and

1613
01:09:33,530 --> 01:09:29,819

aliens and things and we're trying to

1614

01:09:35,360 --> 01:09:33,540

put pieces together to to a story that

1615

01:09:37,280 --> 01:09:35,370

we don't know what it is yeah all right

1616

01:09:38,690 --> 01:09:37,290

so it's kind of the same like being an

1617

01:09:40,820 --> 01:09:38,700

archaeologist you're trying to put

1618

01:09:42,530 --> 01:09:40,830

pieces together of stuff it you have no

1619

01:09:46,309 --> 01:09:42,540

idea what happened right you're looking

1620

01:09:48,470 --> 01:09:46,319

at at pieces like tiny pieces of pottery

1621

01:09:53,660 --> 01:09:48,480

yeah and you're like oh yeah

1622

01:09:55,400 --> 01:09:53,670

these people were farmers how they come

1623

01:09:57,860 --> 01:09:55,410

up with those jumps yeah I mean it's

1624

01:10:00,380 --> 01:09:57,870

cool but like oh yeah how do you know

1625

01:10:02,479 --> 01:10:00,390

that's what they used it for they could

1626
01:10:05,120 --> 01:10:02,489
have just used it to poop in maybe you

1627
01:10:07,040 --> 01:10:05,130
know oh man

1628
01:10:13,520 --> 01:10:07,050
I'm interested to see what else comes

1629
01:10:17,320 --> 01:10:13,530
out of oh dammit I'm blanking but Graham

1630
01:10:19,760 --> 01:10:17,330
Hancock's book is about this site that's

1631
01:10:21,110 --> 01:10:19,770
gobekli tepe göbekli tepe yeah I'm

1632
01:10:23,600 --> 01:10:21,120
interested to see some new information

1633
01:10:25,160 --> 01:10:23,610
about that site yeah because that was I

1634
01:10:27,590 --> 01:10:25,170
mean there's a lot of what you're saying

1635
01:10:30,590 --> 01:10:27,600
like evidence pointing to the fact that

1636
01:10:33,920 --> 01:10:30,600
this was a building civilization that

1637
01:10:35,720 --> 01:10:33,930
had a written language it's just yeah

1638
01:10:37,580 --> 01:10:35,730

justing and it looks like the site was

1639

01:10:39,800 --> 01:10:37,590

purposely covered up purposely covered

1640

01:10:42,110 --> 01:10:39,810

yeah it may be hide it and they're signs

1641

01:10:44,210 --> 01:10:42,120

that they they did have our agriculture

1642

01:10:45,650 --> 01:10:44,220

which back then I mean I can't remember

1643

01:10:48,350 --> 01:10:45,660

maybe that's what I was thinking of

1644

01:10:51,170 --> 01:10:48,360

because they came out he says that they

1645

01:10:54,170 --> 01:10:51,180

were before the Sumerians ah and this

1646

01:10:57,110 --> 01:10:54,180

area yeah and the Sumerians get the the

1647

01:10:59,930 --> 01:10:57,120

credit for being the first people to do

1648

01:11:04,040 --> 01:10:59,940

this but really there's another

1649

01:11:05,510 --> 01:11:04,050

civilization that was prior to that and

1650

01:11:08,930 --> 01:11:05,520

there's probably a civilization that's

1651

01:11:10,580 --> 01:11:08,940

prior to them it could be you know um

1652

01:11:13,280 --> 01:11:10,590

and that's why what's his name from

1653

01:11:16,490 --> 01:11:13,290

Egypt the like the main Egyptologist

1654

01:11:18,140 --> 01:11:16,500

yeah I can't man I swam here so whipped

1655

01:11:19,760 --> 01:11:18,150

is his name out of my head the other day

1656

01:11:22,280 --> 01:11:19,770

and I was so proud of myself right now I

1657

01:11:23,810 --> 01:11:22,290

cannot I can't I got either but that guy

1658

01:11:29,510 --> 01:11:23,820

he won't even talk to Graham Hancock

1659

01:11:32,310 --> 01:11:29,520

yeah which is lame yeah let's see lame

1660

01:11:35,790 --> 01:11:32,320

dude likely to pay

1661

01:11:38,910 --> 01:11:35,800

I don't know it anyway they dated it

1662

01:11:40,530 --> 01:11:38,920

back to a very long time ago like around

1663

01:11:42,960 --> 01:11:40,540

50,000 years ago or something like that

1664

01:11:47,400 --> 01:11:42,970

right mm-hmm super interesting lots of

1665

01:11:49,860 --> 01:11:47,410

missing pieces I'm ready for the arctic

1666

01:11:53,790 --> 01:11:49,870

octopus people maybe some dolphin people

1667

01:11:56,130 --> 01:11:53,800

you know I'm excited to see what happens

1668

01:11:57,510 --> 01:11:56,140

to that stranger things gun I know I

1669

01:11:58,680 --> 01:11:57,520

know we're gonna have to keep up with

1670

01:12:01,200 --> 01:11:58,690

that because if something does happen

1671

01:12:03,720 --> 01:12:01,210

it'll disappear off the map we won't

1672

01:12:06,060 --> 01:12:03,730

hear anything else yeah but if it fails

1673

01:12:08,880 --> 01:12:06,070

miserably we'll hear a lot of stories

1674

01:12:11,460 --> 01:12:08,890

yeah like oh they were trying to open a

1675

01:12:13,080 --> 01:12:11,470

portal yeah I wonder why I mean that's a

1676

01:12:13,860 --> 01:12:13,090

pretty big deal I wonder if there's any

1677

01:12:18,180 --> 01:12:13,870

oversight

1678

01:12:20,280 --> 01:12:18,190

you know there's security or some like

1679

01:12:26,010 --> 01:12:20,290

Austin Powers type armed guards maybe

1680

01:12:30,870 --> 01:12:26,020

two under the mall that would be

1681

01:12:33,270 --> 01:12:30,880

freaking great yeah pretty good well I

1682

01:12:34,560 --> 01:12:33,280

think we have a lot of a lot of good

1683

01:12:36,750 --> 01:12:34,570

stuff to talk about on the next podcast

1684

01:12:40,530 --> 01:12:36,760

yeah to that we want to research a

1685

01:12:43,290 --> 01:12:40,540

little bit a lot of good get a little

1686

01:12:45,690 --> 01:12:43,300

insights on this one yeah definitely but

1687

01:12:47,600 --> 01:12:45,700

yeah I'm a little off today because you

1688

01:12:49,860 --> 01:12:47,610

know I didn't I'm working off of like

1689

01:12:52,950 --> 01:12:49,870

three and a half hours of sleep right

1690

01:12:55,290 --> 01:12:52,960

now yeah I don't blame you

1691

01:12:57,270 --> 01:12:55,300

four hours of sleep you have visited an

1692

01:13:00,000 --> 01:12:57,280

alien last night I saw The Doobie

1693

01:13:03,030 --> 01:13:00,010

Brothers in Carlos Santana that was

1694

01:13:06,930 --> 01:13:03,040

super cool yeah man so asleep by 1:30 up

1695

01:13:09,150 --> 01:13:06,940

by five oh my god yeah it's been a long

1696

01:13:11,220 --> 01:13:09,160

day bro let's drink some whiskey this

1697

01:13:13,590 --> 01:13:11,230

beer is delicious yeah I told you if I

1698

01:13:16,110 --> 01:13:13,600

drink whiskey I'm just gonna pass out I

1699

01:13:17,850 --> 01:13:16,120

won't even make it to your couch I'll

1700

01:13:24,930 --> 01:13:17,860

just drink it and fall asleep on your

1701

01:13:27,720 --> 01:13:24,940

kitchen floor don't be mad at you dude

1702

01:13:29,310 --> 01:13:27,730

so we got stickers y'all yes

1703

01:13:30,720 --> 01:13:29,320

stickers are here I don't know if we

1704

01:13:34,950 --> 01:13:30,730

want to sell maybe we'll just hang them

1705

01:13:37,950 --> 01:13:34,960

out at UFO Congress but we do have some

1706

01:13:40,350 --> 01:13:37,960

shirts that we're gonna that we're

1707

01:13:42,540 --> 01:13:40,360

already selling on or I don't know if

1708

01:13:43,770 --> 01:13:42,550

it's live on the the web the website

1709

01:13:46,049 --> 01:13:43,780

we'll have to double check but the

1710

01:13:48,599 --> 01:13:46,059

website is live y'all UFO garage

1711

01:13:51,119 --> 01:13:48,609

c-calm go check it out yeah it's up and

1712

01:13:55,439 --> 01:13:51,129

running but we have some stickers shirts

1713

01:13:57,020 --> 01:13:55,449

are coming and then I texted Joe last

1714

01:14:00,270 --> 01:13:57,030

night that I want to I have this idea

1715

01:14:03,389 --> 01:14:00,280

maybe we do like a Kickstarter or

1716

01:14:07,319 --> 01:14:03,399

GoFundMe to raise some money to buy a

1717

01:14:10,049 --> 01:14:07,329

couple of GoPros to set up in the in my

1718

01:14:12,239 --> 01:14:10,059

studio to film our podcast so we can put

1719

01:14:13,979 --> 01:14:12,249

it up on on YouTube

1720

01:14:15,839 --> 01:14:13,989

I feel like that'd be pretty cool it

1721

01:14:20,159 --> 01:14:15,849

would be pretty awesome I'd love to be

1722

01:14:23,219 --> 01:14:20,169

able to share already faces yeah like

1723

01:14:28,949 --> 01:14:23,229

real like in tuxes you're pretty cute

1724

01:14:31,169 --> 01:14:28,959

bin well only were the tux on you the

1725

01:14:32,819 --> 01:14:31,179

and also just to be able to show like

1726

01:14:34,770 --> 01:14:32,829

what we're looking at on our computer to

1727

01:14:37,049 --> 01:14:34,780

like I want to show a video be able to

1728

01:14:38,729 --> 01:14:37,059

show that I don't know maybe we'll get

1729

01:14:40,439 --> 01:14:38,739

pulled from YouTube if we do that a lot

1730

01:14:42,299 --> 01:14:40,449

but I don't know I think it'd be cool

1731

01:14:43,649 --> 01:14:42,309

kind of depends on what it is maybe we

1732

01:14:45,389 --> 01:14:43,659

won't even put it on YouTube maybe we'll

1733

01:14:47,419 --> 01:14:45,399

put it on Vimeo so we can get away with

1734

01:14:50,369 --> 01:14:47,429

[h__\h] like that yeah or we'll do both

1735

01:14:52,109 --> 01:14:50,379

yeah yeah I'm done done but I think

1736

01:14:54,989 --> 01:14:52,119

that'd be cool so maybe we'll set that

1737

01:14:57,299 --> 01:14:54,999

up either tonight or just later on the

1738

01:15:00,809 --> 01:14:57,309

week I'd love to be awesome if you guys

1739

01:15:03,239 --> 01:15:00,819

want to support that and donate

1740

01:15:04,889 --> 01:15:03,249

maybe we'll send you a sticker for maybe

1741

01:15:07,349 --> 01:15:04,899

there's like a tiered pricing pricing

1742

01:15:09,689 --> 01:15:07,359

tier if you want to donate ten bucks you

1743

01:15:11,040 --> 01:15:09,699

get a free sticker like twenty yeah or

1744

01:15:13,500 --> 01:15:11,050

maybe like 50 you get a shirt and a

1745

01:15:15,449 --> 01:15:13,510

sticker and maybe we'll meet I was

1746

01:15:17,909 --> 01:15:15,459

thinking maybe you and I could draw a

1747

01:15:19,439 --> 01:15:17,919

little doodles you know yeah draw some

1748

01:15:21,899 --> 01:15:19,449

illustration it'd be pretty sweet and

1749

01:15:25,009 --> 01:15:21,909

then put those and for like you know a

1750

01:15:28,199 --> 01:15:25,019

price point you know you get like a a

1751

01:15:29,879 --> 01:15:28,209

hand-drawn a UFO or some alien or

1752

01:15:32,849 --> 01:15:29,889

something cool like that or if you just

1753

01:15:35,009 --> 01:15:32,859

buy the GoPros for us oh yeah we can we

1754

01:15:38,129 --> 01:15:35,019

can just we'll take you out UFO hunting

1755

01:15:39,959 --> 01:15:38,139

oh hell yeah yeah that would be awesome

1756

01:15:44,250 --> 01:15:39,969

actually we should we should add that

1757

01:15:46,649 --> 01:15:44,260

we'll go out you know West Texas yes

1758

01:15:49,199 --> 01:15:46,659

you know camp out and just go UFO

1759

01:15:50,159 --> 01:15:49,209

hunting bring our lasers yeah dude

1760

01:15:52,199 --> 01:15:50,169

that'd be dope

1761

01:15:53,339 --> 01:15:52,209

that'd be that's a great idea oh let's

1762

01:15:56,159 --> 01:15:53,349

do that let's do that sure

1763

01:15:59,850 --> 01:15:56,169

yeah so our plane tickets are bought oh

1764

01:16:03,060 --> 01:15:59,860

right right plane ticket hotel

1765

01:16:05,190 --> 01:16:03,070

all ready to go for UFO Congress I was

1766

01:16:06,270 --> 01:16:05,200

thinking like man I want to get our name

1767

01:16:07,800 --> 01:16:06,280

out there while we're there and

1768

01:16:10,020 --> 01:16:07,810

whatwhat's something cool that we could

1769

01:16:12,300 --> 01:16:10,030

do that's not too on-the-nose like I

1770

01:16:14,610 --> 01:16:12,310

don't want to walk around and I don't

1771

01:16:16,350 --> 01:16:14,620

want to put up a booth or walk around

1772

01:16:18,330 --> 01:16:16,360

and costumes or anything like that but

1773

01:16:21,030 --> 01:16:18,340

so what's something funny we could do

1774

01:16:22,680 --> 01:16:21,040

that's not too over-the-top like I don't

1775

01:16:25,820 --> 01:16:22,690

want to dress up in an alien outfit and

1776

01:16:27,960 --> 01:16:25,830

like walk around who goes to go to pocos

1777

01:16:30,060 --> 01:16:27,970

but I'm thinking like what's something

1778

01:16:32,040 --> 01:16:30,070

funny we could do that water there you

1779

01:16:33,930 --> 01:16:32,050

know well if we have GoPros by then

1780

01:16:36,450 --> 01:16:33,940

maybe we can just set up at a table and

1781

01:16:38,940 --> 01:16:36,460

start doing our thing yeah you know yeah

1782

01:16:40,110 --> 01:16:38,950

at lunchtime true yeah and if people

1783

01:16:41,910 --> 01:16:40,120

want to come over and hang out with us

1784

01:16:44,850 --> 01:16:41,920

and they can't happy cool just chitchat

1785

01:16:46,380 --> 01:16:44,860

with them that'd be super cool yeah so

1786

01:16:47,400 --> 01:16:46,390

yeah I want to I want to do something to

1787

01:16:49,230 --> 01:16:47,410

get our name out there while we're there

1788

01:16:52,650 --> 01:16:49,240

and get the word out or put a sign on

1789

01:16:56,460 --> 01:16:52,660

our door oh yeah yeah like like a dorm

1790

01:17:05,030 --> 01:16:56,470

room yeah yeah that'd be cool come in

1791

01:17:11,940 --> 01:17:05,040

yeah that's not funny at all hey hey

1792

01:17:14,610 --> 01:17:11,950

twist the knob and hey come in all right

1793

01:17:16,200 --> 01:17:14,620
