

UFO
GARAGE
PODCAST

1
00:00:00,000 --> 00:00:05,499

[Music]

2
00:00:11,060 --> 00:00:08,450

this is another episode of UFO garage

3
00:00:13,400 --> 00:00:11,070

I'm Ben and I'm Joe this is where we

4
00:00:18,920 --> 00:00:13,410

talk about UFOs aliens and all things

5
00:00:21,170 --> 00:00:18,930

weird Joe what's up man

6
00:00:23,120 --> 00:00:21,180

so I saw you posted on Facebook about

7
00:00:25,279 --> 00:00:23,130

the Inner Earth thing and I'm stoked

8
00:00:27,290 --> 00:00:25,289

about talking about that yeah that's

9
00:00:29,870 --> 00:00:27,300

gonna be kind of cool I heard I had

10
00:00:32,179 --> 00:00:29,880

heard a little bit about an earth stuff

11
00:00:34,250 --> 00:00:32,189

just by watching some things on YouTube

12
00:00:37,069 --> 00:00:34,260

and I had never seen that video though

13
00:00:38,780 --> 00:00:37,079

yeah yeah well it's pretty interesting I

14

00:00:40,729 --> 00:00:38,790

mean it's it's something that you know I

15

00:00:43,400 --> 00:00:40,739

feel like if you're kind of into this

16

00:00:45,799 --> 00:00:43,410

stuff you always you know you've always

17

00:00:47,930 --> 00:00:45,809

kind of heard the story but never really

18

00:00:49,010 --> 00:00:47,940

kind of looked into it you know but this

19

00:00:50,720 --> 00:00:49,020

was kind of one of those things where I

20

00:00:52,819 --> 00:00:50,730

was just bored I was like I'm gonna look

21

00:00:54,410 --> 00:00:52,829

into this yeah I see enough Flat Earth

22

00:00:56,630 --> 00:00:54,420

crap on the Internet

23

00:00:58,099 --> 00:00:56,640

right let's go with Hollow Earth yeah

24

00:01:00,650 --> 00:00:58,109

let's see what that's all about

25

00:01:02,599 --> 00:01:00,660

CIND I don't know if it makes more sense

26

00:01:04,429 --> 00:01:02,609

than Flat Earth cuz Flat Earth doesn't

27

00:01:07,100 --> 00:01:04,439

make any sense to me

28

00:01:08,899 --> 00:01:07,110

but it's kind of cool at least an

29

00:01:10,969 --> 00:01:08,909

Admiral is talking about it yeah

30

00:01:13,700 --> 00:01:10,979

somebody like it's not some guy named

31

00:01:18,080 --> 00:01:13,710

Jeff who's like the earth is flat it's

32

00:01:20,090 --> 00:01:18,090

got a dome over okay Jeff he's got a lot

33

00:01:22,100 --> 00:01:20,100

no last name is just jazz Jeff I

34

00:01:26,179 --> 00:01:22,110

apologize any Jeff's out there I'm sure

35

00:01:28,130 --> 00:01:26,189

you're extremely intelligent yeah well

36

00:01:30,679 --> 00:01:28,140

so like Journey to the Center of the

37

00:01:32,240 --> 00:01:30,689

Earth is like a popular is it Jules

38

00:01:34,100 --> 00:01:32,250

Verne that they don't wrote about that I

39

00:01:36,710 --> 00:01:34,110

think so yeah I mean it's such a cool

40

00:01:37,999 --> 00:01:36,720

idea I grew up hearing about that story

41

00:01:40,640 --> 00:01:38,009

and I mean I've seen like one of the

42

00:01:42,080 --> 00:01:40,650

movies I think is the rock in that or in

43

00:01:44,749 --> 00:01:42,090

my row he's in the new one he's yeah

44

00:01:46,969 --> 00:01:44,759

he's in the newer ones the old ones

45

00:01:48,289 --> 00:01:46,979

pretty cool too and and then you can

46

00:01:51,560 --> 00:01:48,299

even take it as far as like if you've

47

00:01:53,899 --> 00:01:51,570

ever seen the real Super Mario Brothers

48

00:01:55,789 --> 00:01:53,909

movie I came out I think it was early

49

00:01:58,160 --> 00:01:55,799

90s I came out it's pretty awesome

50

00:02:00,530 --> 00:01:58,170

because because they say in that movie

51
00:02:03,980 --> 00:02:00,540
what happens is when the meteorite hit

52
00:02:06,109 --> 00:02:03,990
it it it pushed all of the dinosaurs

53
00:02:08,449 --> 00:02:06,119
like into the core of the earth and so

54
00:02:09,979 --> 00:02:08,459
inside the earth is where you know it's

55
00:02:11,809 --> 00:02:09,989
like it's kind of a dimensional shift

56
00:02:13,290 --> 00:02:11,819
okay and so they live in this whole

57
00:02:15,570 --> 00:02:13,300
another dimension that's under the

58
00:02:19,680 --> 00:02:15,580
yeah and that's where you know Cooper

59
00:02:21,930 --> 00:02:19,690
lives and you know yeah I just got his

60
00:02:24,660 --> 00:02:21,940
own he's got his own casino down there

61
00:02:26,430 --> 00:02:24,670
yeah yeah and uh you know that's what

62
00:02:29,310 --> 00:02:26,440
the boom-boom room is they're all the

63
00:02:30,510 --> 00:02:29,320

the coins come from do bouncers yeah

64

00:02:32,370 --> 00:02:30,520

yeah it's cool

65

00:02:34,440 --> 00:02:32,380

it's pretty cool and so they take the

66

00:02:36,660 --> 00:02:34,450

princess down there because her necklace

67

00:02:38,760 --> 00:02:36,670

has a piece of the meter right that

68

00:02:42,120 --> 00:02:38,770

originally you know sent them all down

69

00:02:43,620 --> 00:02:42,130

there oh it's only so what what uh you

70

00:02:45,300 --> 00:02:43,630

know king coop was trying to do is get

71

00:02:47,370 --> 00:02:45,310

this this piece of meteorite yeah cuz

72

00:02:49,470 --> 00:02:47,380

it's the last piece home he puts it in

73

00:02:52,200 --> 00:02:49,480

there he can merge with the top world

74

00:02:54,930 --> 00:02:52,210

and so the dinosaurs right the lizard

75

00:02:57,270 --> 00:02:54,940

people will roam the earth again one and

76

00:02:59,490 --> 00:02:57,280

rule the earth I did not know that that

77

00:03:01,230 --> 00:02:59,500

would that deep yeah yeah it goes pretty

78

00:03:03,750 --> 00:03:01,240

deep you know there's a lot of these

79

00:03:05,640 --> 00:03:03,760

like Inner Earth stories yeah and it's

80

00:03:07,380 --> 00:03:05,650

been a fascination for like a lot of

81

00:03:09,390 --> 00:03:07,390

different like authors and I guess now I

82

00:03:11,100 --> 00:03:09,400

know that the video game developers -

83

00:03:19,800 --> 00:03:11,110

yeah I didn't know was that popular

84

00:03:21,630 --> 00:03:19,810

check it out it I have it on DVD VHS you

85

00:03:26,910 --> 00:03:21,640

got Mrs. Doubtfire I do

86

00:03:28,380 --> 00:03:26,920

you got a son-in-law i every every

87

00:03:30,330 --> 00:03:28,390

polish or movie ever made

88

00:03:31,710 --> 00:03:30,340

I have it I don't understand why people

89

00:03:35,970 --> 00:03:31,720

don't like Polly sure I think it's

90

00:03:37,410 --> 00:03:35,980

hilarious you know that's great so I

91

00:03:40,110 --> 00:03:37,420

mean yeah it's like it's been a fashion

92

00:03:42,000 --> 00:03:40,120

fascination of of topic attack

93

00:03:44,640 --> 00:03:42,010

fascinating topic for a lot of people

94

00:03:47,310 --> 00:03:44,650

for a really long time and I mean this

95

00:03:50,370 --> 00:03:47,320

this is the closest like to real story

96

00:03:52,110 --> 00:03:50,380

that I've heard about this and I mean I

97

00:03:53,610 --> 00:03:52,120

guess I'll let you kind of talk about a

98

00:03:56,070 --> 00:03:53,620

little bit cuz you know a little bit

99

00:03:58,920 --> 00:03:56,080

more than than I do but like yeah that

100

00:04:02,460 --> 00:03:58,930

Abner Abner ol after all what's his name

101
00:04:04,350 --> 00:04:02,470
yeah I'm Admiral bird bird yeah Richard

102
00:04:07,949 --> 00:04:04,360
Richard bird because I heard I heard

103
00:04:11,040 --> 00:04:07,959
another video earlier and he was like

104
00:04:15,210 --> 00:04:11,050
yeah dick bird I think he called a dick

105
00:04:16,770 --> 00:04:15,220
bird oh yeah his name's Richard

106
00:04:22,450 --> 00:04:16,780
and that's the other word for Richards

107
00:04:25,460 --> 00:04:22,460
okay god that's how I remember

108
00:04:29,090 --> 00:04:25,470
because I always his name dick Oh

109
00:04:32,230 --> 00:04:29,100
Richard Richard bird yeah no but uh yeah

110
00:04:36,529 --> 00:04:32,240
so if project high jump right we go to

111
00:04:38,210 --> 00:04:36,539
explore the Antarctic Antarctica and

112
00:04:40,730 --> 00:04:38,220
this is start and it starts in what

113
00:04:43,850 --> 00:04:40,740

period I think he was there in thirty

114

00:04:48,230 --> 00:04:43,860

five okay right and then he did three

115

00:04:50,210 --> 00:04:48,240

expeditions and you know after you know

116

00:04:53,420 --> 00:04:50,220

this is after World War two yeah right

117

00:04:56,960 --> 00:04:53,430

and then they go back for the second

118

00:04:59,810 --> 00:04:56,970

time and when they go back they they

119

00:05:02,210 --> 00:04:59,820

they bring a fleet of ships yeah they've

120

00:05:04,310 --> 00:05:02,220

got jets they've got tanks and this is

121

00:05:07,040 --> 00:05:04,320

like a government-funded expedition yeah

122

00:05:09,110 --> 00:05:07,050

yeah and she voted it yeah to like map

123

00:05:09,499 --> 00:05:09,120

the the Antarctica which is the South

124

00:05:12,170 --> 00:05:09,509

Pole

125

00:05:13,550 --> 00:05:12,180

yeah it's helpful to like explore and

126

00:05:14,839 --> 00:05:13,560

just see what's down there right and

127

00:05:16,370 --> 00:05:14,849

that that that's kind of like why they

128

00:05:18,980 --> 00:05:16,380

went so yeah yeah I thought it could be

129

00:05:21,200 --> 00:05:18,990

you know strategic for for military it

130

00:05:23,510 --> 00:05:21,210

could be strategic for minerals and

131

00:05:24,620 --> 00:05:23,520

things like that and what when they went

132

00:05:27,140 --> 00:05:24,630

there the first time was it just like

133

00:05:29,149 --> 00:05:27,150

one airplane or yeah they just sent a an

134

00:05:31,909 --> 00:05:29,159

exploration crew down there it was him

135

00:05:34,120 --> 00:05:31,919

and you know a few other people yeah I

136

00:05:36,529 --> 00:05:34,130

mean it was still a pretty sizable

137

00:05:38,120 --> 00:05:36,539

exploration I don't know the exact

138

00:05:40,219 --> 00:05:38,130

number of people that were there yeah

139

00:05:42,529 --> 00:05:40,229

but it was it was a team was a team of

140

00:05:45,350 --> 00:05:42,539

scientists that went down there to you

141

00:05:48,740 --> 00:05:45,360

know go look at this stuff and then we

142

00:05:51,290 --> 00:05:48,750

we have you know a lot of people say

143

00:05:54,080 --> 00:05:51,300

that after you know world war two that a

144

00:05:57,200 --> 00:05:54,090

lot of the Germans and the Nazis set up

145

00:05:59,480 --> 00:05:57,210

a secret base down in Antarctica okay so

146

00:06:01,430 --> 00:05:59,490

I have seen that separately that that

147

00:06:05,360 --> 00:06:01,440

there is proof that they had set up a

148

00:06:08,149 --> 00:06:05,370

whole under the ice kind of base yeah

149

00:06:09,409 --> 00:06:08,159

yeah so was this in between the time

150

00:06:12,320 --> 00:06:09,419

they went back to America and they came

151

00:06:14,779 --> 00:06:12,330

back for the second ending well the

152

00:06:17,870 --> 00:06:14,789

second time they bring all the ships all

153

00:06:20,060 --> 00:06:17,880

the planes all the tanks so they must

154

00:06:21,860 --> 00:06:20,070

have known about something going on yeah

155

00:06:23,540 --> 00:06:21,870

I think that I don't think the the video

156

00:06:25,850 --> 00:06:23,550

I posted I don't think it even talks

157

00:06:27,469 --> 00:06:25,860

about doc the Nazis being there or

158

00:06:29,450 --> 00:06:27,479

anything they just talk about all the

159

00:06:30,920 --> 00:06:29,460

you know the tanks and and stuff and

160

00:06:33,559 --> 00:06:30,930

they're like well there must have been

161

00:06:35,600 --> 00:06:33,569

something going on yeah but

162

00:06:36,889 --> 00:06:35,610

know that the Nazis were there okay so

163

00:06:38,869 --> 00:06:36,899

they must have went over there to go do

164

00:06:39,829 --> 00:06:38,879

something so what do we know about the

165

00:06:42,199 --> 00:06:39,839

Nazis right

166

00:06:44,389 --> 00:06:42,209

we know that somehow they had this

167

00:06:46,100 --> 00:06:44,399

extremely advanced technology somebody

168

00:06:48,859 --> 00:06:46,110

was giving them like whispering in their

169

00:06:51,139 --> 00:06:48,869

ear somebody gave him something yeah and

170

00:06:55,419 --> 00:06:51,149

so we think that they were developing

171

00:06:59,029 --> 00:06:55,429

these spacecraft these saucers and so

172

00:07:01,339 --> 00:06:59,039

coincidentally they go there and they

173

00:07:03,439 --> 00:07:01,349

have to leave immediately because

174

00:07:05,719 --> 00:07:03,449

they're being overrun by something this

175

00:07:07,639 --> 00:07:05,729

large expedition with like boaty tanks

176

00:07:11,510 --> 00:07:07,649

yeah all that yeah so they went ready

177

00:07:13,489 --> 00:07:11,520

for war right and you know after World

178

00:07:15,170 --> 00:07:13,499

War two we just got through kicking some

179

00:07:16,939 --> 00:07:15,180

ass yeah you know maybe they got a

180

00:07:18,469 --> 00:07:16,949

little cocky and we're like let's go

181

00:07:20,839 --> 00:07:18,479

kick some more ass you know we already

182

00:07:23,989 --> 00:07:20,849

got the Nazis let's go get the rest of

183

00:07:25,399 --> 00:07:23,999

it yeah but when we got there well

184

00:07:27,320 --> 00:07:25,409

that's where all the stuff was coming

185

00:07:29,239 --> 00:07:27,330

from uh-huh and that's that's where I'm

186

00:07:31,609 --> 00:07:29,249

thinking was that when they reported the

187

00:07:35,509 --> 00:07:31,619

first flying saucer yeah cuz he he

188

00:07:38,209 --> 00:07:35,519

reports it and says you know you know

189

00:07:40,699 --> 00:07:38,219

when they left you know he reports it in

190

00:07:42,739 --> 00:07:40,709

his log and says there's something

191

00:07:44,570 --> 00:07:42,749

flying around there's some stuff you

192

00:07:47,149 --> 00:07:44,580

know that if we were to ever get into

193

00:07:48,920 --> 00:07:47,159

another war it could possibly be trouble

194

00:07:52,399 --> 00:07:48,930

because they have aircraft there

195

00:07:56,239 --> 00:07:52,409

somebody has aircraft that can fly from

196

00:07:58,489 --> 00:07:56,249

North South Pole very rapidly yes yeah

197

00:08:01,489 --> 00:07:58,499

be able to get there and maybe an hour

198

00:08:02,899 --> 00:08:01,499

that is the most compelling part of that

199

00:08:05,299 --> 00:08:02,909

so that all this is coming from

200

00:08:07,459 --> 00:08:05,309

government documented reports right now

201
00:08:09,769 --> 00:08:07,469
coming from like a letter to dear dear

202
00:08:13,399 --> 00:08:09,779
Elizabeth yeah you know yeah like this

203
00:08:16,100 --> 00:08:13,409
is documented Declassified facts right

204
00:08:18,259 --> 00:08:16,110
that's what he reported and so he sees

205
00:08:20,689 --> 00:08:18,269
this saucer yes he's a saucer shape and

206
00:08:24,439 --> 00:08:20,699
you know they chase him out of there

207
00:08:27,889 --> 00:08:24,449
yeah and so the you know the US military

208
00:08:30,980 --> 00:08:27,899
hightails it out of there I think they

209
00:08:33,350 --> 00:08:30,990
said was it Belize or Brazil I think it

210
00:08:35,870 --> 00:08:33,360
was some South American country had had

211
00:08:38,389 --> 00:08:35,880
wrote an article about there was mass

212
00:08:43,339 --> 00:08:38,399
casualties but all that was reported was

213
00:08:45,920 --> 00:08:43,349

formats for NASA for deaths so after

214

00:08:46,850 --> 00:08:45,930

they leave they sent it back for another

215

00:08:51,119 --> 00:08:46,860

expedition

216

00:08:54,180 --> 00:08:51,129

they this is whenever he finally they

217

00:08:57,840 --> 00:08:54,190

take that that fateful flight yeah right

218

00:09:02,249 --> 00:08:57,850

and as their their flying they're flying

219

00:09:04,379 --> 00:09:02,259

north he says they're flying north to

220

00:09:09,389 --> 00:09:04,389

the best of his knowledge and they reach

221

00:09:11,759 --> 00:09:09,399

a mountain range and they fly you know

222

00:09:14,429 --> 00:09:11,769

over this mountain range and all of a

223

00:09:18,240 --> 00:09:14,439

sudden they see a valley like a green

224

00:09:21,269 --> 00:09:18,250

lush green lush Valley yeah and he's

225

00:09:24,449 --> 00:09:21,279

like oh okay well something's wrong here

226

00:09:26,910 --> 00:09:24,459

because I mean Antarctica yeah we should

227

00:09:28,619 --> 00:09:26,920

only be seeing snow in ice yeah because

228

00:09:32,280 --> 00:09:28,629

that's what we've seen the entire time

229

00:09:34,019 --> 00:09:32,290

we've been here you know and this is all

230

00:09:36,059 --> 00:09:34,029

this is all documented in his journal

231

00:09:37,740 --> 00:09:36,069

which is yeah the same the same process

232

00:09:40,530 --> 00:09:37,750

I'm guessing that he would submit this

233

00:09:42,689 --> 00:09:40,540

journal into whoever governmental why

234

00:09:44,819 --> 00:09:42,699

well it's as they're they're flying he

235

00:09:47,100 --> 00:09:44,829

has to you know as Admiral he has to

236

00:09:51,420 --> 00:09:47,110

keep a log right of what happens yeah so

237

00:09:53,519 --> 00:09:51,430

you know every 10 every 5 10 15 minutes

238

00:09:55,590 --> 00:09:53,529

he's riding the log he said I'm going

239

00:09:57,689 --> 00:09:55,600

north he's documenting altitude and I'm

240

00:10:00,629 --> 00:09:57,699

at this altitude I'm now flying

241

00:10:03,660 --> 00:10:00,639

northeast you know I'm at you know I'm

242

00:10:05,850 --> 00:10:03,670

flying this fast this is what I see and

243

00:10:08,100 --> 00:10:05,860

so he's keeping a log the entire time

244

00:10:10,439 --> 00:10:08,110

well this takes him by surprise and they

245

00:10:11,939 --> 00:10:10,449

see this green field and so they kind of

246

00:10:14,090 --> 00:10:11,949

circle around to kind of get a better

247

00:10:16,470 --> 00:10:14,100

look at it they see a flowing river

248

00:10:18,840 --> 00:10:16,480

mm-hmm going through this green field

249

00:10:21,720 --> 00:10:18,850

yeah and he notices that there's a

250

00:10:23,730 --> 00:10:21,730

forest a lush forest you know this area

251
00:10:26,759 --> 00:10:23,740
acres and acres and we're talking

252
00:10:30,030 --> 00:10:26,769
Antarctica yeah I mean if you look on

253
00:10:31,379 --> 00:10:30,040
Google Earth there's like not any green

254
00:10:34,650 --> 00:10:31,389
there's no green down no green

255
00:10:38,069 --> 00:10:34,660
whatsoever yeah none and he reports the

256
00:10:39,569 --> 00:10:38,079
the temperature right it was 74 degrees

257
00:10:41,970 --> 00:10:39,579
there and I mean the gauges were reading

258
00:10:44,249 --> 00:10:41,980
74 degrees also all of his gauges are

259
00:10:46,230 --> 00:10:44,259
going crazy right so a little bit

260
00:10:47,999 --> 00:10:46,240
further in that's when his gauges start

261
00:10:50,069 --> 00:10:48,009
going crazy but before all that happens

262
00:10:51,540 --> 00:10:50,079
you know they're reading normal yeah and

263
00:10:53,970 --> 00:10:51,550

that's what he says he's like you know

264

00:10:57,090 --> 00:10:53,980

everything seems normal if I can use

265

00:10:59,300 --> 00:10:57,100

that term normal right the gauge is

266

00:11:02,080 --> 00:10:59,310

reading 74 degrees

267

00:11:04,519 --> 00:11:02,090

and you know they keep going yeah and

268

00:11:05,930 --> 00:11:04,529

that's a comfortable day in California

269

00:11:07,880 --> 00:11:05,940

man dude I'm telling you you're gonna

270

00:11:09,740 --> 00:11:07,890

walk outside go maybe even go get some

271

00:11:12,560 --> 00:11:09,750

ice cream but they're an Antarctic yeah

272

00:11:17,000 --> 00:11:12,570

yeah so for those of you who don't know

273

00:11:19,640 --> 00:11:17,010

before I go any further he there's a

274

00:11:24,230 --> 00:11:19,650

claim a Hollow Earth claim yeah right

275

00:11:27,079 --> 00:11:24,240

and so the at the time or I mean it's

276

00:11:29,660 --> 00:11:27,089

still going today you know cuz true yeah

277

00:11:31,820 --> 00:11:29,670

who's going to Antarctica it's not you

278

00:11:34,100 --> 00:11:31,830

know it's not regular people maybe some

279

00:11:37,100 --> 00:11:34,110

explorers things like that

280

00:11:38,960 --> 00:11:37,110

military yep you know is it we have the

281

00:11:41,360 --> 00:11:38,970

money to go right fund an expedition

282

00:11:44,120 --> 00:11:41,370

like that right isn't that where the the

283

00:11:46,370 --> 00:11:44,130

world seed bank is to the world oh yeah

284

00:11:49,220 --> 00:11:46,380

dude I think I think it might be on the

285

00:11:50,900 --> 00:11:49,230

north is it I'd have to look that is

286

00:11:53,240 --> 00:11:50,910

super interesting it's Greenland

287

00:11:56,660 --> 00:11:53,250

maybe greeter Greenland or there's a

288

00:11:58,820 --> 00:11:56,670

bunch of there's a few of them yeah the

289

00:12:01,010 --> 00:11:58,830

world see Bank so you know that's where

290

00:12:09,170 --> 00:12:01,020

they keep all the seat let's see is that

291

00:12:11,510 --> 00:12:09,180

big fella large crowd bike oh it looks

292

00:12:14,150 --> 00:12:11,520

so cool the photos if he's Google world

293

00:12:16,520 --> 00:12:14,160

seed bank what does the real bad asses

294

00:12:17,750 --> 00:12:16,530

look pretty sweet oh my god I can't

295

00:12:20,420 --> 00:12:17,760

pronounce where this is it must be

296

00:12:29,900 --> 00:12:20,430

Iceland or something yeah is it up north

297

00:12:31,640 --> 00:12:29,910

or is that Greenland see yeah okay cool

298

00:12:35,590 --> 00:12:31,650

okay so it's only showing one I thought

299

00:12:39,200 --> 00:12:35,600

we had multiple there's that one yep so

300

00:12:41,770 --> 00:12:39,210

Svalbard is not handsome in America

301
00:12:44,570 --> 00:12:41,780
hey there's snow there your clothes yeah

302
00:12:47,090 --> 00:12:44,580
just on the other side you yeah you know

303
00:12:49,280 --> 00:12:47,100
but well according to this story

304
00:12:51,740 --> 00:12:49,290
apparently you can get to the North Pole

305
00:12:54,710 --> 00:12:51,750
through the South Pole if the earth is

306
00:12:56,090 --> 00:12:54,720
hollow yes right and so this is where it

307
00:13:00,590 --> 00:12:56,100
gets crazy because as he gets a little

308
00:13:03,620 --> 00:13:00,600
bit closer and he hears a you know radio

309
00:13:05,150 --> 00:13:03,630
transmission you know some voice comes

310
00:13:07,310 --> 00:13:05,160
over the radio he's flying over this

311
00:13:09,800 --> 00:13:07,320
forest he's flying over the forest and

312
00:13:13,430 --> 00:13:09,810
all of a sudden some voice comes over

313
00:13:15,740 --> 00:13:13,440

and it's it's in English and they say

314

00:13:18,140 --> 00:13:15,750

it sounded like what was the accident

315

00:13:20,660 --> 00:13:18,150

like Nordic or like yeah Germanic or

316

00:13:26,450 --> 00:13:20,670

some sort of Nordic accent but it was it

317

00:13:29,240 --> 00:13:26,460

was in English and so they said sit back

318

00:13:31,370 --> 00:13:29,250

relax you know welcome Admiral Byrd you

319

00:13:34,940 --> 00:13:31,380

know relax they knew his name

320

00:13:37,130 --> 00:13:34,950

yeah you're in good hands and so he's

321

00:13:38,870 --> 00:13:37,140

like okay what and then he starts to

322

00:13:41,510 --> 00:13:38,880

lose control of the plane you can't

323

00:13:43,130 --> 00:13:41,520

steer it again you can't go up or down

324

00:13:45,050 --> 00:13:43,140

you can't change altitude you can't do

325

00:13:46,940 --> 00:13:45,060

anything and doesn't he see the craft

326

00:13:49,280 --> 00:13:46,950

like two crafts approaching yeah two may

327

00:13:51,710 --> 00:13:49,290

have I swastika like quote-unquote

328

00:13:54,290 --> 00:13:51,720

swastika like emblem on the side of the

329

00:13:56,060 --> 00:13:54,300

craft I'm not saying that was Nazis but

330

00:13:57,680 --> 00:13:56,070

it might have been where the Nazis got

331

00:13:59,180 --> 00:13:57,690

that logo from right right I'm thinking

332

00:14:01,130 --> 00:13:59,190

about this the whole time like I don't

333

00:14:03,320 --> 00:14:01,140

mean to change subject no go for it but

334

00:14:06,410 --> 00:14:03,330

like if the Nazis were talking to

335

00:14:09,470 --> 00:14:06,420

whoever he's encountering right now and

336

00:14:11,510 --> 00:14:09,480

they're like they want to be a part of

337

00:14:13,640 --> 00:14:11,520

this organization they're gonna take on

338

00:14:16,130 --> 00:14:13,650

their logo and want to brand it for yeah

339

00:14:18,170 --> 00:14:16,140

for themselves so maybe that's that

340

00:14:21,020 --> 00:14:18,180

connection there and and then even

341

00:14:23,600 --> 00:14:21,030

earlier on in like was it India I

342

00:14:25,490 --> 00:14:23,610

believe is where there's another you

343

00:14:27,530 --> 00:14:25,500

know or it's like backwards Buddhist

344

00:14:30,890 --> 00:14:27,540

religion yeah it's a swastika there's a

345

00:14:33,920 --> 00:14:30,900

there's a temple in in California I went

346

00:14:36,680 --> 00:14:33,930

to Peru for a wedding it's like in the

347

00:14:38,780 --> 00:14:36,690

mountains and it's it's super cool but

348

00:14:42,110 --> 00:14:38,790

yeah all over this monastery or

349

00:14:44,390 --> 00:14:42,120

backwards swastika so like it hasn't

350

00:14:47,840 --> 00:14:44,400

always meant what it may no not at all

351

00:14:49,910 --> 00:14:47,850

no it was it was you know it was you

352

00:14:53,210 --> 00:14:49,920

know manipulated to mean a certain

353

00:14:55,580 --> 00:14:53,220

things yeah but now you know that image

354

00:14:58,160 --> 00:14:55,590

you know of those people's culture is

355

00:15:00,530 --> 00:14:58,170

completely ruined sucks man you know

356

00:15:03,770 --> 00:15:00,540

because of a Nazi symbol yeah and so

357

00:15:06,440 --> 00:15:03,780

you're right maybe they did see these

358

00:15:08,840 --> 00:15:06,450

symbols from from this race yeah

359

00:15:11,990 --> 00:15:08,850

and they decided to use that symbol

360

00:15:13,070 --> 00:15:12,000

because the race that he meets are

361

00:15:16,760 --> 00:15:13,080

called the Arianny

362

00:15:19,430 --> 00:15:16,770

uh-huh which is Aryan pretty close to

363

00:15:22,579 --> 00:15:19,440

Aryan right and so after that they're

364

00:15:25,340 --> 00:15:22,589

like well we're the Aryan race right

365

00:15:26,260 --> 00:15:25,350

because when okay so we'll tie all this

366

00:15:30,250 --> 00:15:26,270

in yeah so

367

00:15:32,230 --> 00:15:30,260

the to craft approach Admiral Byrd's his

368

00:15:33,940 --> 00:15:32,240

plane yeah right they talked to him they

369

00:15:36,430 --> 00:15:33,950

say he's in good hands we'll take it

370

00:15:39,340 --> 00:15:36,440

from here sit back relax kind of freaks

371

00:15:40,870 --> 00:15:39,350

out a little bit loses control and all

372

00:15:43,030 --> 00:15:40,880

of a sudden he said it feels like a like

373

00:15:44,760 --> 00:15:43,040

an invisible beam has taken over his

374

00:15:48,820 --> 00:15:44,770

plane and he can't control it

375

00:15:51,130 --> 00:15:48,830

finally it he sees this city right he

376

00:15:52,810 --> 00:15:51,140

says I can't see the Sun but it's

377

00:15:55,449 --> 00:15:52,820

daylight I'm in a completely different

378

00:15:57,519 --> 00:15:55,459

area I'm not sure where I'm at and he's

379

00:15:59,710 --> 00:15:57,529

writing this in his log yeah as he's

380

00:16:03,400 --> 00:15:59,720

getting there so finally he sees this

381

00:16:05,050 --> 00:16:03,410

city and it's it's got a shimmering kind

382

00:16:06,850 --> 00:16:05,060

of rainbow glow to it and we were

383

00:16:08,740 --> 00:16:06,860

talking about like Ragnarok you said

384

00:16:11,410 --> 00:16:08,750

earlier and we were talking about yeah

385

00:16:15,100 --> 00:16:11,420

Thor and what are they he's the Nordic

386

00:16:17,680 --> 00:16:15,110

God dude and where he lives where he

387

00:16:20,590 --> 00:16:17,690

lives is this giant city and it's got

388

00:16:23,320 --> 00:16:20,600

that rainbow kind of hue to it so maybe

389

00:16:24,970 --> 00:16:23,330

they're taking that from this this story

390

00:16:27,850 --> 00:16:24,980

as well connection there you know the

391

00:16:31,780 --> 00:16:27,860

Aryans the white race yeah Nordics you

392

00:16:33,850 --> 00:16:31,790

know and then and so he lands they land

393

00:16:35,620 --> 00:16:33,860

the craft for him and he sees people

394

00:16:38,170 --> 00:16:35,630

walking up to him he's riding in the log

395

00:16:41,620 --> 00:16:38,180

I see people coming up to the airplane

396

00:16:44,769 --> 00:16:41,630

yeah they're tall they are white and

397

00:16:49,540 --> 00:16:44,779

they have blond hair who else is tall

398

00:16:55,240 --> 00:16:49,550

white and has blond hair right Thor so

399

00:16:56,079 --> 00:16:55,250

you know they they he says I'm not too

400

00:16:57,670 --> 00:16:56,089

worried about it

401
00:16:58,720 --> 00:16:57,680
in the log he writes about it they

402
00:17:00,550 --> 00:16:58,730
didn't have weapon they didn't have a

403
00:17:02,410 --> 00:17:00,560
weapon to them they didn't have weapons

404
00:17:05,020 --> 00:17:02,420
and they take him off the plane him and

405
00:17:07,750 --> 00:17:05,030
his radar a guy his radio and radar guy

406
00:17:08,230 --> 00:17:07,760
take him off the plane and they say you

407
00:17:11,799 --> 00:17:08,240
know

408
00:17:13,780 --> 00:17:11,809
expecting you

409
00:17:16,270 --> 00:17:13,790
yeah so they knew he was coming yeah

410
00:17:19,030 --> 00:17:16,280
they knew he was coming and you know

411
00:17:21,699 --> 00:17:19,040
maybe maybe they tried to do this with

412
00:17:23,740 --> 00:17:21,709
the Nazis hmm and they were like yeah

413
00:17:26,770 --> 00:17:23,750

they gave us the secrets let's use that

414

00:17:29,770 --> 00:17:26,780

you know it for war and so they're like

415

00:17:32,320 --> 00:17:29,780

damn it you know we told the wrong guy I

416

00:17:34,659 --> 00:17:32,330

know man I think about that like if if

417

00:17:36,580 --> 00:17:34,669

this same exact scenario happened yeah

418

00:17:39,560 --> 00:17:36,590

yeah the wrong people got ahold of it

419

00:17:41,419 --> 00:17:39,570

and if I was that alien species of I

420

00:17:44,930 --> 00:17:41,429

say I would never talk to human ever

421

00:17:45,620 --> 00:17:44,940

again like screw that yeah that's that

422

00:17:48,019 --> 00:17:45,630

sucks

423

00:17:50,629 --> 00:17:48,029

yeah betrayed our trust yeah it's

424

00:17:52,240 --> 00:17:50,639

terrible like I wonder who was I mean

425

00:17:54,860 --> 00:17:52,250

maybe the person that actually met these

426

00:17:57,080 --> 00:17:54,870

species that was part of the Nazi Party

427

00:17:59,870 --> 00:17:57,090

was a cool guy and then he came back and

428

00:18:01,820 --> 00:17:59,880

was like hey ate off what's up dude huh

429

00:18:04,460 --> 00:18:01,830

you know gave him to app before he was

430

00:18:06,440 --> 00:18:04,470

like apparently evil right I was like

431

00:18:08,149 --> 00:18:06,450

hey dude I went on the expedition tell

432

00:18:08,690 --> 00:18:08,159

me to go on and I learned all this cool

433

00:18:10,879 --> 00:18:08,700

stuff

434

00:18:12,320 --> 00:18:10,889

and then and the gnats when he that's

435

00:18:14,899 --> 00:18:12,330

when Adolf was like I'm gonna be a

436

00:18:16,279 --> 00:18:14,909

[h__\h] [h__\h] yeah be the most evil

437

00:18:19,820 --> 00:18:16,289

person on earth or you know his

438

00:18:21,440 --> 00:18:19,830

explorers found it right maybe yeah and

439

00:18:23,299 --> 00:18:21,450

then they reported back to him and

440

00:18:25,279 --> 00:18:23,309

they're like wow we're gonna be called

441

00:18:27,830 --> 00:18:25,289

the superior Aryan race I guess what I

442

00:18:29,840 --> 00:18:27,840

mean like Hitler was a Jew and he had

443

00:18:31,249 --> 00:18:29,850

brown hair yeah so why was it so

444

00:18:33,710 --> 00:18:31,259

important for him to create this

445

00:18:35,509 --> 00:18:33,720

superior race of blond-headed blue-eyed

446

00:18:37,789 --> 00:18:35,519

white people I don't know

447

00:18:39,769 --> 00:18:37,799

that are Jews it's it's like well I

448

00:18:42,440 --> 00:18:39,779

guess what I meant was like if he sent

449

00:18:44,899 --> 00:18:42,450

an explorer a german explorer go see i

450

00:18:47,659 --> 00:18:44,909

would imagine that the Arianna's or

451

00:18:50,659 --> 00:18:47,669

whatever ariana grande's would they

452

00:18:52,700 --> 00:18:50,669

wouldn't just tell anybody that secret

453

00:18:55,100 --> 00:18:52,710

you know they would this guy would have

454

00:18:56,779 --> 00:18:55,110

to be kind of good mm-hmm for them that

455

00:18:58,039 --> 00:18:56,789

for them and tell him any kind of

456

00:19:01,039 --> 00:18:58,049

secrets or anything like that

457

00:19:05,080 --> 00:19:01,049

another cool thing that kind of relates

458

00:19:07,519 --> 00:19:05,090

to it is ancient cultures write about

459

00:19:09,740 --> 00:19:07,529

about white people coming out of the

460

00:19:12,590 --> 00:19:09,750

caucus mountains which is why were

461

00:19:14,450 --> 00:19:12,600

called the Caucasians oh because we came

462

00:19:15,950 --> 00:19:14,460

from this certain area that they write

463

00:19:17,659 --> 00:19:15,960

about and it's called the caucus

464

00:19:20,090 --> 00:19:17,669

mountains and that's why because just

465

00:19:22,190 --> 00:19:20,100

caucus before we're Caucasians yeah so

466

00:19:25,490 --> 00:19:22,200

we were white so maybe that's how they

467

00:19:27,889 --> 00:19:25,500

were able to explain that and this race

468

00:19:30,019 --> 00:19:27,899

went to Antarctica it was like we're

469

00:19:32,869 --> 00:19:30,029

just gonna hang out here instead they

470

00:19:35,119 --> 00:19:32,879

meet them and not knowing these ancient

471

00:19:38,210 --> 00:19:35,129

cultures just call them Caucasians but

472

00:19:40,430 --> 00:19:38,220

then when later on in history then when

473

00:19:43,159 --> 00:19:40,440

we start to meet these people we know

474

00:19:46,100 --> 00:19:43,169

that there they go by the ariana's okay

475

00:19:48,049 --> 00:19:46,110

right so mmm maybe there's some sort of

476

00:19:49,190 --> 00:19:48,059

connection there dude yeah that could be

477

00:19:51,440 --> 00:19:49,200

mm-hmm

478

00:19:52,550 --> 00:19:51,450

yeah absolutely there might be some sort

479

00:19:54,650 --> 00:19:52,560

of connection that's just sucks that

480

00:19:57,260 --> 00:19:54,660

they gave all those secrets to Hitler me

481

00:20:01,040 --> 00:19:57,270

I know I keep thinking about that no

482

00:20:03,770 --> 00:20:01,050

it's it does suck it really does yeah if

483

00:20:06,650 --> 00:20:03,780

it's true if it's true right right so

484

00:20:10,610 --> 00:20:06,660

yeah anyway so bird gets there they say

485

00:20:13,490 --> 00:20:10,620

we've been expecting you come with us

486

00:20:17,540 --> 00:20:13,500

the Masters waiting the master they call

487

00:20:18,970 --> 00:20:17,550

him the class master and so as he's

488

00:20:21,440 --> 00:20:18,980

walking to see the master

489

00:20:29,270 --> 00:20:21,450

Metallica's master puppets is playing in

490

00:20:33,650 --> 00:20:29,280

the back right yeah and so he meets the

491

00:20:38,450 --> 00:20:33,660

master and they start talking and the

492

00:20:40,220 --> 00:20:38,460

the basic conversation is is we've been

493

00:20:43,490 --> 00:20:40,230

waiting for you

494

00:20:46,160 --> 00:20:43,500

and we wanted we have a message that we

495

00:20:49,100 --> 00:20:46,170

need you to relay take back to America

496

00:20:52,790 --> 00:20:49,110

to America or just back to mankind yeah

497

00:20:56,570 --> 00:20:52,800

I know at this point they say that they

498

00:20:58,850 --> 00:20:56,580

haven't meddled in our civilization for

499

00:21:01,250 --> 00:20:58,860

all these years there are thousands of

500

00:21:04,310 --> 00:21:01,260

years more advanced in technology and

501
00:21:06,500 --> 00:21:04,320
their culture is thousands of years you

502
00:21:11,240 --> 00:21:06,510
know hundreds of thousands of years old

503
00:21:13,070 --> 00:21:11,250
and and they've been watching us but

504
00:21:14,330 --> 00:21:13,080
they've never interfered and what they

505
00:21:17,360 --> 00:21:14,340
don't want to give us anything because

506
00:21:21,110 --> 00:21:17,370
it's like whenever anybody gets a hold

507
00:21:23,180 --> 00:21:21,120
of this technology it just something

508
00:21:25,370 --> 00:21:23,190
have ruins the ass something happens but

509
00:21:27,680 --> 00:21:25,380
turns out that they had to contact us at

510
00:21:30,110 --> 00:21:27,690
this point because we had discovered a

511
00:21:32,180 --> 00:21:30,120
technology that we were not ready for

512
00:21:34,100 --> 00:21:32,190
the human race had discovered the human

513
00:21:36,590 --> 00:21:34,110

race discovered a technology yeah and

514

00:21:42,440 --> 00:21:36,600

that technology who was thermonuclear

515

00:21:47,750 --> 00:21:42,450

weapons yeah right yeah and you know the

516

00:21:50,120 --> 00:21:47,760

the the master says that your race has

517

00:21:52,220 --> 00:21:50,130

already been through a dark ages right

518

00:21:55,550 --> 00:21:52,230

now that you've established these

519

00:21:58,820 --> 00:21:55,560

weapons now we kind of have to get

520

00:22:01,580 --> 00:21:58,830

involved and they've already tried to

521

00:22:02,600 --> 00:22:01,590

after they drop the bombs the master

522

00:22:05,090 --> 00:22:02,610

says after

523

00:22:07,760 --> 00:22:05,100

you dropped the bombs on Hiroshima and

524

00:22:10,010 --> 00:22:07,770

Nagasaki we tried to contact your

525

00:22:12,830 --> 00:22:10,020

leaders but we were met with fighter

526
00:22:16,520 --> 00:22:12,840
jets and hostility yeah anytime we tried

527
00:22:19,250 --> 00:22:16,530
to come and talk to you guys y'all tried

528
00:22:20,120 --> 00:22:19,260
to shoot us yeah and you were extremely

529
00:22:23,870 --> 00:22:20,130
hostile

530
00:22:26,120 --> 00:22:23,880
so we've waited for you to come to us

531
00:22:28,460 --> 00:22:26,130
how interesting all right so they had

532
00:22:32,299 --> 00:22:28,470
already went to world leaders around the

533
00:22:34,900 --> 00:22:32,309
world and said nah you you can't do this

534
00:22:37,789 --> 00:22:34,910
ya know and the world leaders were like

535
00:22:41,000 --> 00:22:37,799
load up the Jets go shoot these bastards

536
00:22:42,799 --> 00:22:41,010
out of the sky right nearly we're trying

537
00:22:46,720 --> 00:22:42,809
to help you out yeah and the only thing

538
00:22:49,280 --> 00:22:46,730

we can do is go fight him Yeah right

539

00:22:53,270 --> 00:22:49,290

it's a bunch of stupid monkeys running

540

00:22:55,880 --> 00:22:53,280

around trying to fight everything that

541

00:23:00,200 --> 00:22:55,890

we don't understand instead of trying to

542

00:23:03,799 --> 00:23:00,210

figure it out yeah so after you tell us

543

00:23:06,320 --> 00:23:03,809

bird this bird is like what does this

544

00:23:09,380 --> 00:23:06,330

have to do with me you know he's like

545

00:23:12,850 --> 00:23:09,390

well I need you to take this message

546

00:23:19,490 --> 00:23:12,860

back and and tell your world leaders

547

00:23:20,840 --> 00:23:19,500

about this so bird gets released and you

548

00:23:24,590 --> 00:23:20,850

know they take him back to the airplane

549

00:23:28,400 --> 00:23:24,600

and they basically lift his plane up off

550

00:23:31,250 --> 00:23:28,410

the off the air in the air Oh crazy part

551

00:23:33,140 --> 00:23:31,260

of this story too was that he writes in

552

00:23:35,270 --> 00:23:33,150

the journal about him being in the

553

00:23:37,250 --> 00:23:35,280

Arctic yeah

554

00:23:39,950 --> 00:23:37,260

which is up north which is north yeah

555

00:23:41,720 --> 00:23:39,960

the Antar that's confusing and so he

556

00:23:44,299 --> 00:23:41,730

says in his journal that the plane is

557

00:23:46,669 --> 00:23:44,309

moving at an incredible rate of speed

558

00:23:50,810 --> 00:23:46,679

okay he's never moved that fast ever

559

00:23:53,360 --> 00:23:50,820

Yeah right and in this airplane and so

560

00:23:56,090 --> 00:23:53,370

maybe that is that alien technology yeah

561

00:23:59,180 --> 00:23:56,100

that they used that him because if if

562

00:24:02,330 --> 00:23:59,190

you're in a ship or a UFO and you can

563

00:24:03,890 --> 00:24:02,340

instantly move anywhere you want to it

564

00:24:05,600 --> 00:24:03,900

wouldn't be hard to go straight to the

565

00:24:08,960 --> 00:24:05,610

North Pole so what do you are you saying

566

00:24:11,450 --> 00:24:08,970

maybe maybe they they escorted him in

567

00:24:14,090 --> 00:24:11,460

this like gravity bubble back - yeah

568

00:24:16,010 --> 00:24:14,100

Arctica maybe huh hey maybe they they

569

00:24:17,690 --> 00:24:16,020

put the whatever they have around their

570

00:24:19,640 --> 00:24:17,700

ships yeah I mean they were able to put

571

00:24:22,390 --> 00:24:19,650

it around his ship - ah interesting

572

00:24:25,250 --> 00:24:22,400

maybe it's not localized to just a

573

00:24:26,900 --> 00:24:25,260

certain thing maybe they can harness

574

00:24:29,720 --> 00:24:26,910

this and move this energy around

575

00:24:31,610 --> 00:24:29,730

wherever they want - maybe that's how if

576

00:24:34,159 --> 00:24:31,620

you get abducted they pick you up with

577

00:24:36,230 --> 00:24:34,169

oh right oh good point would you down

578

00:24:38,990 --> 00:24:36,240

with it so it's not just you know a

579

00:24:42,980 --> 00:24:39,000

local thing right it's it can be used

580

00:24:45,370 --> 00:24:42,990

wherever dude it's like like lightsaber

581

00:24:48,860 --> 00:24:45,380

technology and how they they stopped the

582

00:24:50,330 --> 00:24:48,870

the beam from oh yeah too far just going

583

00:24:52,520 --> 00:24:50,340

on forever yeah maybe it's something

584

00:24:55,460 --> 00:24:52,530

like that might be where they can just

585

00:25:00,730 --> 00:24:55,470

control it so I wanted to read from his

586

00:25:03,919 --> 00:25:00,740

journal oh please do yeah so March 11

587

00:25:06,409 --> 00:25:03,929

1947 can we remind me let's go back to

588

00:25:10,250 --> 00:25:06,419

47 right format you're telling me

589

00:25:12,890 --> 00:25:10,260
earlier so March 11 1947 the entry in

590

00:25:15,230 --> 00:25:12,900
the journal says I have just attended a

591

00:25:17,270 --> 00:25:15,240
staff meeting at the Pentagon I have

592

00:25:19,970 --> 00:25:17,280
stated fully my discovery in the message

593

00:25:22,070 --> 00:25:19,980
from the master all is duly recorded the

594

00:25:24,919 --> 00:25:22,080
president has has been advised and I'm

595

00:25:26,810 --> 00:25:24,929
now detained for several hours six hours

596

00:25:30,830 --> 00:25:26,820
39 minutes to be exact

597

00:25:33,950 --> 00:25:30,840
I'm interviewed intently by top security

598

00:25:37,399 --> 00:25:33,960
forces and a medical team it was all a

599

00:25:39,799 --> 00:25:37,409
big ordeal exclamation mark I'm placed

600

00:25:41,299 --> 00:25:39,809
under strict control via the national

601
00:25:45,140 --> 00:25:41,309
security provisions of the United States

602
00:25:47,540 --> 00:25:45,150
of America I am in all caps ordered to

603
00:25:50,470 --> 00:25:47,550
remain silent in regard to all that I

604
00:25:54,830 --> 00:25:50,480
have learned on the behalf of humanity

605
00:25:56,840 --> 00:25:54,840
incredible exclamation I'm reminded that

606
00:25:59,570 --> 00:25:56,850
I am a military man and I must obey

607
00:26:02,390 --> 00:25:59,580
orders so that was like I guess after he

608
00:26:04,370 --> 00:26:02,400
had gotten back to the US and briefed

609
00:26:07,190 --> 00:26:04,380
whoever at the Pentagon and they're like

610
00:26:09,140 --> 00:26:07,200
hey don't say anything about who you

611
00:26:11,330 --> 00:26:09,150
talked to you what you saw whatever but

612
00:26:13,700 --> 00:26:11,340
this is all documented in his journal

613
00:26:15,770 --> 00:26:13,710

yes discovery journal and they have

614

00:26:17,990 --> 00:26:15,780

records it's military records yeah

615

00:26:20,659 --> 00:26:18,000

Pentagon has it you know yeah they know

616

00:26:23,360 --> 00:26:20,669

all the information right and so the

617

00:26:25,970 --> 00:26:23,370

last entry I guess it's like on his

618

00:26:26,540 --> 00:26:25,980

deathbed this is in 56 or maybe not

619

00:26:28,070 --> 00:26:26,550

death

620

00:26:29,900 --> 00:26:28,080

but his last entry into that journal

621

00:26:32,870 --> 00:26:29,910

yeah is that these last few years

622

00:26:35,090 --> 00:26:32,880

elapsed since 1947 have not been kind

623

00:26:37,670 --> 00:26:35,100

I know my final entry into the singular

624

00:26:41,060 --> 00:26:37,680

diary no I know

625

00:26:42,920 --> 00:26:41,070

oops sorry I didn't see I now make my

626
00:26:44,840 --> 00:26:42,930
final entry into the single singular

627
00:26:46,520 --> 00:26:44,850
diary in closing I must state that I

628
00:26:48,770 --> 00:26:46,530
have faithfully kept this matter secret

629
00:26:50,690 --> 00:26:48,780
as directed all these years it has been

630
00:26:54,080 --> 00:26:50,700
completely against my values of morale

631
00:26:56,510 --> 00:26:54,090
right now I seem to - since the long

632
00:27:00,620 --> 00:26:56,520
night coming and this secret will not

633
00:27:03,530 --> 00:27:00,630
die with me but as I but as all truth

634
00:27:06,620 --> 00:27:03,540
shall it it will triumph and so it shall

635
00:27:11,060 --> 00:27:06,630
I was kind of hard to read they talk

636
00:27:12,920 --> 00:27:11,070
yeah now the long night begins to

637
00:27:15,440 --> 00:27:12,930
approach and there shall be no end

638
00:27:18,920 --> 00:27:15,450

that's ok a long night meaning yeah

639

00:27:21,290 --> 00:27:18,930

night yes right just as a long night of

640

00:27:25,610 --> 00:27:21,300

the Arctic ends again there's Arctic not

641

00:27:28,400 --> 00:27:25,620

Antarctic right wait does that apply to

642

00:27:32,810 --> 00:27:28,410

both they aren't just Arctic dard

643

00:27:34,340 --> 00:27:32,820

I mean the Arctic if I think I think if

644

00:27:37,100 --> 00:27:34,350

it applied to both they wouldn't say

645

00:27:39,470 --> 00:27:37,110

Antarctic yeah I mean maybe you could

646

00:27:43,100 --> 00:27:39,480

say the Arctic's yeah the Arctic's yeah

647

00:27:45,260 --> 00:27:43,110

so anyway just to finish this off just

648

00:27:47,000 --> 00:27:45,270

as a long night of the Arctic ends the

649

00:27:49,310 --> 00:27:47,010

brilliant sunshine of truth shall come

650

00:27:51,410 --> 00:27:49,320

again and those who are of darkness

651
00:27:52,940 --> 00:27:51,420
shall fall in its light and this is all

652
00:27:54,980 --> 00:27:52,950
in caps this is the last sentence of the

653
00:27:57,440 --> 00:27:54,990
journal for I have seen that that land

654
00:28:00,650 --> 00:27:57,450
beyond the pole that centre of the great

655
00:28:04,700 --> 00:28:00,660
unknown pretty cool yeah and and this

656
00:28:07,430 --> 00:28:04,710
isn't just some some grunt soldier right

657
00:28:11,200 --> 00:28:07,440
this is the Admiral Admiral like he was

658
00:28:15,050 --> 00:28:11,210
a prank a Navy pilot yeah yeah and I

659
00:28:18,350 --> 00:28:15,060
mean okay so here's my point

660
00:28:20,420 --> 00:28:18,360
yeah are all of our history documents

661
00:28:22,310 --> 00:28:20,430
like back in the day like before there

662
00:28:25,100 --> 00:28:22,320
was typewriters and print and scanners

663
00:28:27,920 --> 00:28:25,110

and all that when you were to record

664

00:28:29,540 --> 00:28:27,930

history what did people look for they

665

00:28:31,700 --> 00:28:29,550

looked in Diaries they looked in

666

00:28:33,350 --> 00:28:31,710

journals they looked in and all these

667

00:28:36,290 --> 00:28:33,360

things that people wrote with a pen and

668

00:28:37,820 --> 00:28:36,300

paper with ink on just a regular little

669

00:28:38,940 --> 00:28:37,830

piece of paper what's the difference

670

00:28:41,039 --> 00:28:38,950

between that

671

00:28:43,740 --> 00:28:41,049

and what we know about history and this

672

00:28:46,529 --> 00:28:43,750

itself in this in this journal like if

673

00:28:48,409 --> 00:28:46,539

if it was authenticated to be his what

674

00:28:50,519 --> 00:28:48,419

what's the big difference between

675

00:28:53,060 --> 00:28:50,529

everything we know from the seventeen

676
00:28:55,529 --> 00:28:53,070
seven you know the 1700s yeah then this

677
00:28:58,529 --> 00:28:55,539
document that we're looking at now yeah

678
00:29:00,149 --> 00:28:58,539
like what I mean yeah it's one just

679
00:29:03,799 --> 00:29:00,159
sounds crazier than the other

680
00:29:06,360 --> 00:29:03,809
yeah you know exactly it's like you know

681
00:29:07,919 --> 00:29:06,370
all the journals and stuff that you know

682
00:29:09,360 --> 00:29:07,929
they found like you know I had the Alamo

683
00:29:11,159 --> 00:29:09,370
and stuff mhm you can read through that

684
00:29:13,289 --> 00:29:11,169
stuff and yeah you know you can look

685
00:29:16,409 --> 00:29:13,299
through the journals yeah and and you

686
00:29:17,789 --> 00:29:16,419
know it sounds too wild yeah you know I

687
00:29:20,580 --> 00:29:17,799
think it's when it gets into that that

688
00:29:25,230 --> 00:29:20,590

were Elmer it's oh this guy's crazy

689

00:29:28,019 --> 00:29:25,240

where you begin to lose what's reality

690

00:29:30,330 --> 00:29:28,029

so whoever's writing the history or

691

00:29:32,639 --> 00:29:30,340

reviewing this these documents gets the

692

00:29:35,399 --> 00:29:32,649

shoes and decide what gets published

693

00:29:38,250 --> 00:29:35,409

I just think yes so I mean you know this

694

00:29:41,370 --> 00:29:38,260

was a time of adventure and this was a

695

00:29:44,070 --> 00:29:41,380

time of you know I'm an explorer you

696

00:29:46,950 --> 00:29:44,080

know bird was a hero right he was he was

697

00:29:48,659 --> 00:29:46,960

an American hero at the time you know

698

00:29:50,850 --> 00:29:48,669

you had a few people were like he's just

699

00:29:54,560 --> 00:29:50,860

doing it for the fame and for the money

700

00:29:57,330 --> 00:29:54,570

and this and that and which yeah maybe

701
00:29:59,279 --> 00:29:57,340
he may have been alright because he was

702
00:30:01,320 --> 00:29:59,289
amped up about it he was an explorer he

703
00:30:03,930 --> 00:30:01,330
went more nobody has ever been before

704
00:30:06,600 --> 00:30:03,940
it's call right yeah it's colder than

705
00:30:10,200 --> 00:30:06,610
the center of a hot pocket up there it's

706
00:30:12,299 --> 00:30:10,210
that's pretty cold [h__h] super cold

707
00:30:14,399 --> 00:30:12,309
yeah dude don't you hate when you eat a

708
00:30:16,889 --> 00:30:14,409
hot pocket and it's like lava the first

709
00:30:18,539 --> 00:30:16,899
fight like damn it and then you kind of

710
00:30:20,340 --> 00:30:18,549
like eat around it and then you like

711
00:30:22,590 --> 00:30:20,350
take a bite of the middle and still ice

712
00:30:25,350 --> 00:30:22,600
ice-cold even happy I've burned my mouth

713
00:30:27,350 --> 00:30:25,360

so many times on a hot sauna and freeze

714

00:30:30,570 --> 00:30:27,360

it at the same time there was a reddit

715

00:30:32,399 --> 00:30:30,580

somebody posted ask reddit and I it was

716

00:30:34,409 --> 00:30:32,409

the question was what superpower would

717

00:30:37,080 --> 00:30:34,419

you have and why so I wrote in the power

718

00:30:39,990 --> 00:30:37,090

to make hot pocket cook evenly all the

719

00:30:41,730 --> 00:30:40,000

way through that would be a great super

720

00:30:44,250 --> 00:30:41,740

but that's it that's your only

721

00:30:47,100 --> 00:30:44,260

superpower could've chose flight or

722

00:30:49,310 --> 00:30:47,110

invisibility I don't know man I give it

723

00:30:51,240 --> 00:30:49,320

all up just to taste wonderful delicate

724

00:30:53,190 --> 00:30:51,250

hot pockets

725

00:30:56,820 --> 00:30:53,200

yeah I forget I forget her the

726

00:30:58,830 --> 00:30:56,830

comedian's name Jim Gaffigan no no he

727

00:31:00,120 --> 00:30:58,840

was talking about his superpower and if

728

00:31:02,190 --> 00:31:00,130

he could have any superpower in the

729

00:31:09,180 --> 00:31:02,200

world he wanted to be able to make girls

730

00:31:10,499 --> 00:31:09,190

fart he was talking about like what he

731

00:31:11,700 --> 00:31:10,509

was arguing with his girlfriend because

732

00:31:15,810 --> 00:31:11,710

they'd be like the quickest way to get

733

00:31:20,249 --> 00:31:15,820

her to stop oh it was like you always

734

00:31:21,870 --> 00:31:20,259

come home late and like she would just

735

00:31:25,310 --> 00:31:21,880

start crying because there's no way that

736

00:31:27,899 --> 00:31:25,320

girls could do two things at once stupid

737

00:31:29,399 --> 00:31:27,909

it would be a funny superpower to have

738

00:31:33,210 --> 00:31:29,409

just be able to make people fart on

739

00:31:36,090 --> 00:31:33,220

command do it in the most inappropriate

740

00:31:40,560 --> 00:31:36,100

time yeah that would be the best I have

741

00:31:45,590 --> 00:31:40,570

to be Hillary Clinton's giving a speech

742

00:31:49,950 --> 00:31:45,600

[Music]

743

00:31:51,899 --> 00:31:49,960

I wonder I wonder can you like have

744

00:31:53,999 --> 00:31:51,909

control over the power of the fart is it

745

00:31:59,389 --> 00:31:54,009

like can you do like a soft like one or

746

00:32:04,950 --> 00:32:02,610

that's pretty deep dude that's a that's

747

00:32:06,480 --> 00:32:04,960

an extreme superpower yeah I feel like

748

00:32:12,899 --> 00:32:06,490

that's more complicated to achieve than

749

00:32:13,680 --> 00:32:12,909

flight make a human flight we're talking

750

00:32:15,060 --> 00:32:13,690

about now

751
00:32:17,490 --> 00:32:15,070
well we kind of ended the Inner Earth

752
00:32:18,840 --> 00:32:17,500
thing uh-oh let's get back to it so talk

753
00:32:21,899 --> 00:32:18,850
about the timeline of this Inner Earth

754
00:32:24,240 --> 00:32:21,909
being oh yeah yeah yeah so this this

755
00:32:30,149 --> 00:32:24,250
happened in 1947 what else happened in

756
00:32:34,560 --> 00:32:30,159
1947 Jeff I think July 8th is Roswell oh

757
00:32:37,710 --> 00:32:34,570
my oh crap yes yeah Roswell 1947 which

758
00:32:40,409 --> 00:32:37,720
is what this was February 47 so March

759
00:32:43,560 --> 00:32:40,419
April May June July 5 months later right

760
00:32:45,360 --> 00:32:43,570
now we have this flying craft that Byrd

761
00:32:48,779 --> 00:32:45,370
says he saw in the Arctic

762
00:32:50,850 --> 00:32:48,789
crash in Roswell New Mexico look at that

763
00:32:52,350 --> 00:32:50,860

interesting come on that's funny I mean

764

00:32:53,700 --> 00:32:52,360

we don't know if there were Nazi symbols

765

00:32:56,539 --> 00:32:53,710

on the side or not I could see like

766

00:32:59,610 --> 00:32:56,549

symbols also the aliens were apparently

767

00:33:02,490 --> 00:32:59,620

small and gray so they weren't an

768

00:33:04,340 --> 00:33:02,500

organic or whatever so I mean who knows

769

00:33:06,480 --> 00:33:04,350

No No maybe they have biological

770

00:33:08,820 --> 00:33:06,490

entities that they you know like

771

00:33:11,159 --> 00:33:08,830

programmable robots yeah that's like

772

00:33:15,029 --> 00:33:11,169

workers like workers that they use maybe

773

00:33:17,399 --> 00:33:15,039

yeah you know they might yeah my or when

774

00:33:20,430 --> 00:33:17,409

we set off those nuclear bombs

775

00:33:22,350 --> 00:33:20,440

maybe what they weren't the only species

776

00:33:24,270 --> 00:33:22,360

we caught the attention of I I think

777

00:33:26,760 --> 00:33:24,280

they're that that's that's more where I

778

00:33:31,279 --> 00:33:26,770

lean to uh-huh cuz I mean either on

779

00:33:35,490 --> 00:33:31,289

earth and we're also before we hit newer

780

00:33:38,640 --> 00:33:35,500

neroshi Hiroshima Hiroshima yeah we were

781

00:33:40,529 --> 00:33:38,650

doing test bombs so we had been that's

782

00:33:43,409 --> 00:33:40,539

not the first bomb that we set off right

783

00:33:45,899 --> 00:33:43,419

whatever energy that that emits out into

784

00:33:48,210 --> 00:33:45,909

space or not only just around the world

785

00:33:51,600 --> 00:33:48,220

like it's probably detectable by not

786

00:33:52,799 --> 00:33:51,610

only people living on earth but you can

787

00:33:54,810 --> 00:33:52,809

definitely see it

788

00:33:57,270 --> 00:33:54,820

yeah I'm space I mean that's gotta have

789

00:33:59,220 --> 00:33:57,280

some type of energetic signature that

790

00:34:00,539 --> 00:33:59,230

anybody can detect if they're looking

791

00:34:01,919 --> 00:34:00,549

for it you know if I was looking for

792

00:34:03,360 --> 00:34:01,929

life like intelligent life that's

793

00:34:07,020 --> 00:34:03,370

probably what I be looking for like

794

00:34:09,690 --> 00:34:07,030

build a sensor that detects nuclear like

795

00:34:11,879 --> 00:34:09,700

explosions I mean I'm guessing or maybe

796

00:34:14,159 --> 00:34:11,889

you wouldn't want to go there right that

797

00:34:16,379 --> 00:34:14,169

yeah that because I saw this funny meme

798

00:34:18,810 --> 00:34:16,389

the other day and it was with two aliens

799

00:34:20,369 --> 00:34:18,820

flying by and they were like I think

800

00:34:22,560 --> 00:34:20,379

this planet might have intelligent life

801
00:34:23,790 --> 00:34:22,570
and the other alien was like I don't

802
00:34:27,030 --> 00:34:23,800
think so they're just blowing each other

803
00:34:28,649 --> 00:34:27,040
up they just flew off yeah so that's

804
00:34:30,690 --> 00:34:28,659
what I would do no we think we're smart

805
00:34:32,879 --> 00:34:30,700
cuz we built an atomic bomb yeah but

806
00:34:34,940 --> 00:34:32,889
really dumb asses cuz we just kill each

807
00:34:38,190 --> 00:34:34,950
other with it what's the point of that

808
00:34:41,190 --> 00:34:38,200
it's stupid the I mean we have like

809
00:34:42,690 --> 00:34:41,200
nuclear power plants and submarines like

810
00:34:45,060 --> 00:34:42,700
yeah what just use it for that there's

811
00:34:48,210 --> 00:34:45,070
useful things for it right but it it

812
00:34:49,669 --> 00:34:48,220
still could be extremely dangerous so I

813
00:34:53,490 --> 00:34:49,679

was thinking about this the other day

814

00:34:56,490 --> 00:34:53,500

any time you see like a photo or a

815

00:34:58,530 --> 00:34:56,500

depiction of a city with smog and all

816

00:35:00,359 --> 00:34:58,540

that it's like these billowing stacked

817

00:35:02,579 --> 00:35:00,369

clouds and in the background

818

00:35:03,870 --> 00:35:02,589

supposedly from like power plants I'm

819

00:35:05,910 --> 00:35:03,880

sure there's like coal plants to give

820

00:35:08,550 --> 00:35:05,920

off terrible terrible emissions but

821

00:35:10,530 --> 00:35:08,560

nuclear power is pretty clean I mean

822

00:35:12,300 --> 00:35:10,540

there's just steam it's just steam

823

00:35:15,330 --> 00:35:12,310

coming out of those unless it melts down

824

00:35:17,790 --> 00:35:15,340

unless it like yeah and then it's worse

825

00:35:19,290 --> 00:35:17,800

just a coal plant right right and that's

826

00:35:21,420 --> 00:35:19,300

the big risk you know people who say

827

00:35:24,630 --> 00:35:21,430

yeah it's super clean and yeah really

828

00:35:27,300 --> 00:35:24,640

safe and while it might be you're

829

00:35:29,670 --> 00:35:27,310

running that 1% risk I mean look at

830

00:35:31,800 --> 00:35:29,680

Fukushima right now over in Japan that

831

00:35:33,840 --> 00:35:31,810

thing what that happened like five six

832

00:35:35,520 --> 00:35:33,850

years ago maybe is still leaking and

833

00:35:37,770 --> 00:35:35,530

nobody's talking about it it's still

834

00:35:39,840 --> 00:35:37,780

into the ocean it's still just leaking

835

00:35:41,220 --> 00:35:39,850

they haven't done anything you know

836

00:35:43,170 --> 00:35:41,230

they're trying to like build walls

837

00:35:45,060 --> 00:35:43,180

around it to contain it but it doesn't

838

00:35:47,490 --> 00:35:45,070

matter cuz all of that stuff is already

839

00:35:49,200 --> 00:35:47,500

floated to the west coast of the United

840

00:35:51,150 --> 00:35:49,210

States yeah it's already here it's

841

00:35:56,280 --> 00:35:51,160

already crossed the entire ocean dude

842

00:35:58,170 --> 00:35:56,290

that's it right it's huge like that as

843

00:36:01,500 --> 00:35:58,180

in why is why isn't anybody talking

844

00:36:03,480 --> 00:36:01,510

about that and the news or exact nobody

845

00:36:06,450 --> 00:36:03,490

nobody wants to bring up well because I

846

00:36:09,570 --> 00:36:06,460

believe the the reactor was actually

847

00:36:12,270 --> 00:36:09,580

built by an American company and I

848

00:36:13,410 --> 00:36:12,280

States yeah I met and so it started just

849

00:36:15,360 --> 00:36:13,420

going to [h__h] and they were like eh

850

00:36:18,000 --> 00:36:15,370

Japan you want to buy this Japan was

851
00:36:20,370 --> 00:36:18,010
like yeah let's do that but it was

852
00:36:23,820 --> 00:36:20,380
already falling apart and nobody took

853
00:36:25,530 --> 00:36:23,830
care of it in time and so you had this

854
00:36:27,150 --> 00:36:25,540
big disaster you know and the

855
00:36:27,660 --> 00:36:27,160
earthquakes happen there all the time

856
00:36:32,580 --> 00:36:27,670
yeah

857
00:36:36,450 --> 00:36:32,590
tsunamis all kinds of stuff why would

858
00:36:40,530 --> 00:36:36,460
you do that it makes sense like it's so

859
00:36:43,650 --> 00:36:40,540
dumb it's so dumb right but so we had a

860
00:36:49,980 --> 00:36:43,660
we had a person comment on on our

861
00:36:51,630 --> 00:36:49,990
Facebook Derick had asked a question why

862
00:36:53,790 --> 00:36:51,640
do why don't we just you know when we go

863
00:36:57,000 --> 00:36:53,800

into space you know we slingshot you

864

00:36:59,460 --> 00:36:57,010

know around the moon oh yeah why don't

865

00:37:03,930 --> 00:36:59,470

we just use nuclear power right yeah and

866

00:37:07,560 --> 00:37:03,940

I think the reason is because the ETS

867

00:37:10,500 --> 00:37:07,570

won't allow any nuclear anything nuclear

868

00:37:12,540 --> 00:37:10,510

off this planet they don't want it to go

869

00:37:15,180 --> 00:37:12,550

into space yeah dude I don't want that

870

00:37:18,330 --> 00:37:15,190

like why don't we use yeah and and and

871

00:37:20,760 --> 00:37:18,340

another thing that I don't really hear a

872

00:37:24,840 --> 00:37:20,770

lot is I believe it is Russia and maybe

873

00:37:26,640 --> 00:37:24,850

the United States what they they sent

874

00:37:28,800 --> 00:37:26,650

them up in the atmosphere and detonated

875

00:37:31,350 --> 00:37:28,810

them in blew holes in other

876

00:37:34,230 --> 00:37:31,360

can't take hold the atmosphere and they

877

00:37:34,980 --> 00:37:34,240

were like oh that was a bad idea we're

878

00:37:42,150 --> 00:37:34,990

sorry

879

00:37:45,060 --> 00:37:42,160

comic oh you know like I like the whole

880

00:37:47,340 --> 00:37:45,070

climate change thing like I get it it's

881

00:37:50,160 --> 00:37:47,350

time to take care of the planet but it's

882

00:37:51,810 --> 00:37:50,170

extremely political and I think that's

883

00:37:55,770 --> 00:37:51,820

why a lot of people will call horseshit

884

00:37:58,620 --> 00:37:55,780

on it and also it demonizes the everyday

885

00:38:00,900 --> 00:37:58,630

regular man nobody talks about the

886

00:38:03,510 --> 00:38:00,910

military-industrial complex yeah we have

887

00:38:05,580 --> 00:38:03,520

nothing to do with and how much how much

888

00:38:08,190 --> 00:38:05,590

fuel do they use compared to compared to

889

00:38:10,080 --> 00:38:08,200

regular people yeah it's like you know

890

00:38:12,960 --> 00:38:10,090

you work a job where you gotta have a

891

00:38:15,390 --> 00:38:12,970

big truck to tow heavy things right dude

892

00:38:17,940 --> 00:38:15,400

like it's not your fault that the planet

893

00:38:19,250 --> 00:38:17,950

is going to crap you know it's you know

894

00:38:21,900 --> 00:38:19,260

it's not your fault it's it's

895

00:38:23,370 --> 00:38:21,910

geoengineering the planet right the

896

00:38:25,260 --> 00:38:23,380

governments of the world have this

897

00:38:27,180 --> 00:38:25,270

technology where they can Geoengineer

898

00:38:29,970 --> 00:38:27,190

the planet and the military-industrial

899

00:38:32,490 --> 00:38:29,980

complex is just running wild yeah and

900

00:38:34,830 --> 00:38:32,500

nobody talks about that it's the little

901
00:38:36,540 --> 00:38:34,840
man every day you and me it's our fault

902
00:38:37,740 --> 00:38:36,550
and we need to stop using plastic bags

903
00:38:39,630 --> 00:38:37,750
and strong

904
00:38:41,100 --> 00:38:39,640
yeah that's get it the perspective it's

905
00:38:43,320 --> 00:38:41,110
like yeah but at the same time when the

906
00:38:45,480 --> 00:38:43,330
counter is the only people that are

907
00:38:49,020 --> 00:38:45,490
changing the way that they do things is

908
00:38:52,470 --> 00:38:49,030
the public not exactly exactly and we're

909
00:38:54,420 --> 00:38:52,480
I agree 100% we should all do our part

910
00:38:56,490 --> 00:38:54,430
yeah it's important this planet is

911
00:38:59,160 --> 00:38:56,500
extremely important yeah but I hate when

912
00:39:02,100 --> 00:38:59,170
he gets like super over politicized yeah

913
00:39:03,870 --> 00:39:02,110

and it's just for an agenda it's just

914

00:39:05,610 --> 00:39:03,880

for an agenda it's for votes

915

00:39:07,860 --> 00:39:05,620

yeah that's it like that's the only

916

00:39:09,270 --> 00:39:07,870

reason that they care about it right and

917

00:39:10,950 --> 00:39:09,280

we want to pass some bills right prove

918

00:39:12,030 --> 00:39:10,960

that they they're looking out for what

919

00:39:14,130 --> 00:39:12,040

do you think but if you were to go to

920

00:39:15,390 --> 00:39:14,140

somebody who's extremely like all about

921

00:39:16,530 --> 00:39:15,400

the environment you're like well what

922

00:39:18,810 --> 00:39:16,540

about the military-industrial complex

923

00:39:20,640 --> 00:39:18,820

and what about the jewel engineering

924

00:39:21,600 --> 00:39:20,650

that the military has you know all these

925

00:39:26,090 --> 00:39:21,610

different things that they do

926

00:39:30,450 --> 00:39:26,100

that's as tinfoil hat conspiracy stuff

927

00:39:32,520 --> 00:39:30,460

okay so yeah so where's it coming from

928

00:39:35,190 --> 00:39:32,530

it is because my mom used to use hair

929

00:39:36,660 --> 00:39:35,200

spray in the 80s like is that what's

930

00:39:38,790 --> 00:39:36,670

happening that's what's eating the ozone

931

00:39:40,460 --> 00:39:38,800

layer up yeah maybe but maybe has

932

00:39:42,270 --> 00:39:40,470

something to do with the fact that they

933

00:39:43,860 --> 00:39:42,280

detonated a nuclear bomb

934

00:39:46,620 --> 00:39:43,870

in the atmosphere that and blew away

935

00:39:48,780 --> 00:39:46,630

half dollar our protection that we get

936

00:39:50,520 --> 00:39:48,790

that wasn't my fault yeah you know I

937

00:39:53,280 --> 00:39:50,530

wonder if like the hole in the ozone

938

00:39:55,140 --> 00:39:53,290

layer gets rid of can we get rid of co2

939

00:39:57,240 --> 00:39:55,150

or just you know two molecules rise all

940

00:40:00,330 --> 00:39:57,250

of that floats up right I mean you know

941

00:40:01,980 --> 00:40:00,340

we started you know actually there was

942

00:40:04,800 --> 00:40:01,990

an article that came out to where the

943

00:40:07,380 --> 00:40:04,810

Chinese have been have still been using

944

00:40:08,400 --> 00:40:07,390

those chemicals they've still been using

945

00:40:09,870 --> 00:40:08,410

them to this day

946

00:40:11,700 --> 00:40:09,880

even though they say that yeah we

947

00:40:14,880 --> 00:40:11,710

stopped using them along what do you

948

00:40:17,040 --> 00:40:14,890

mean like the CFCs like stuff that's in

949

00:40:20,070 --> 00:40:17,050

like aerosol can right and things like

950

00:40:21,960 --> 00:40:20,080

that they still use them I think it just

951

00:40:23,670 --> 00:40:21,970

comes down to fast and easy and how can

952

00:40:24,960 --> 00:40:23,680

I make money right now not in the future

953

00:40:29,330 --> 00:40:24,970

that's what it comes down to you I think

954

00:40:32,460 --> 00:40:29,340

it's just all yeah all capitalism yeah

955

00:40:35,450 --> 00:40:32,470

but it's it's and that's why those

956

00:40:39,930 --> 00:40:35,460

aliens won't be our friends yeah I mean

957

00:40:42,030 --> 00:40:39,940

yes is it it is capitalism but it's

958

00:40:45,060 --> 00:40:42,040

crony capitalism it's capitalism that's

959

00:40:48,000 --> 00:40:45,070

run by the government right it's it's

960

00:40:50,820 --> 00:40:48,010

not you know free like pure free market

961

00:40:54,260 --> 00:40:50,830

capitalism right because if it was and

962

00:40:57,540 --> 00:40:54,270

you could so what is it seven companies

963

00:41:01,020 --> 00:40:57,550

owned pretty much everything like all

964

00:41:03,120 --> 00:41:01,030

mediums and all all food all vehicles

965

00:41:05,340 --> 00:41:03,130

all the burgers all the buildings all

966

00:41:08,460 --> 00:41:05,350

the construction like everything that is

967

00:41:11,580 --> 00:41:08,470

done in the world is owned by a select

968

00:41:14,700 --> 00:41:11,590

few people right these corporations get

969

00:41:17,010 --> 00:41:14,710

away with it not because we voted that

970

00:41:19,200 --> 00:41:17,020

way right they get away with it because

971

00:41:22,140 --> 00:41:19,210

the government allows them to yeah we

972

00:41:25,980 --> 00:41:22,150

think that that corporatism is is the

973

00:41:28,560 --> 00:41:25,990

the what happens when you have a free

974

00:41:30,900 --> 00:41:28,570

market capitalist economy but it's not

975

00:41:34,260 --> 00:41:30,910

that's what happens when you have

976

00:41:36,840 --> 00:41:34,270

lobbyists in Congress and the the

977

00:41:38,940 --> 00:41:36,850

government favors these companies all

978

00:41:40,410 --> 00:41:38,950

right you know it's it's it's we will

979

00:41:42,150 --> 00:41:40,420

allow you to get away with this will

980

00:41:44,100 --> 00:41:42,160

allow you to not pay taxes well you know

981

00:41:45,630 --> 00:41:44,110

if that does that's from a strong

982

00:41:47,820 --> 00:41:45,640

central government yeah showing

983

00:41:50,160 --> 00:41:47,830

favoritism to a select few corporations

984

00:41:52,770 --> 00:41:50,170

in the world that run the entire world

985

00:41:54,930 --> 00:41:52,780

right right if you did have that you

986

00:41:55,830 --> 00:41:54,940

could Ithaca Li purchase a lot easier

987

00:41:57,570 --> 00:41:55,840

than you can now

988

00:41:59,370 --> 00:41:57,580

because we try to ethically purchase

989

00:42:01,440 --> 00:41:59,380

yeah right but you can't because it's

990

00:42:02,880 --> 00:42:01,450

all run by the same people yeah and they

991

00:42:06,750 --> 00:42:02,890

get away with it and they're allowed to

992

00:42:08,280 --> 00:42:06,760

monopolize things see man I might have

993

00:42:09,900 --> 00:42:08,290

to die John I have to listen to this

994

00:42:10,830 --> 00:42:09,910

back and digest all of that cuz I feel

995

00:42:12,960 --> 00:42:10,840

like that was pretty awesome

996

00:42:15,810 --> 00:42:12,970

yeah I mean uh I also was thinking about

997

00:42:18,210 --> 00:42:15,820

like private private in companies like

998

00:42:21,810 --> 00:42:18,220

SpaceX taking on contracts with the

999

00:42:24,690 --> 00:42:21,820

government and NASA shooting payloads of

1000

00:42:26,760 --> 00:42:24,700

like government satellites so in order

1001
00:42:28,260 --> 00:42:26,770
to to work with the government and shoot

1002
00:42:31,020 --> 00:42:28,270
off satellites that are a part of

1003
00:42:33,270 --> 00:42:31,030
national security they probably have to

1004
00:42:35,730 --> 00:42:33,280
sign some kind of document where they

1005
00:42:37,230 --> 00:42:35,740
can't share any information with anybody

1006
00:42:39,750 --> 00:42:37,240
because now they're a government

1007
00:42:42,330 --> 00:42:39,760
employee right I wonder if that's like a

1008
00:42:46,050 --> 00:42:42,340
slow under-the-table slip like hey now

1009
00:42:48,780 --> 00:42:46,060
at us SpaceX as a private corporation we

1010
00:42:50,790 --> 00:42:48,790
can we don't have to tell anybody what

1011
00:42:53,160 --> 00:42:50,800
we're working on you know the government

1012
00:42:56,130 --> 00:42:53,170
has to apply the Freedom of Information

1013
00:42:58,050 --> 00:42:56,140

Act where anybody can just fill out a

1014

00:42:59,310 --> 00:42:58,060

form and request information like when

1015

00:43:01,530 --> 00:42:59,320

did this happen what are you spending

1016

00:43:03,840 --> 00:43:01,540

your money on well a private corporation

1017

00:43:06,090 --> 00:43:03,850

doesn't have to do that right so I'm an

1018

00:43:07,860 --> 00:43:06,100

even bigger aerospace as well like the

1019

00:43:09,600 --> 00:43:07,870

same kind of thing we're done with the

1020

00:43:11,160 --> 00:43:09,610

government as a contractor and even with

1021

00:43:12,750 --> 00:43:11,170

the Freedom of Information Act they give

1022

00:43:14,490 --> 00:43:12,760

you the runaround yeah

1023

00:43:16,410 --> 00:43:14,500

some people have filed Freedom of

1024

00:43:18,270 --> 00:43:16,420

Information Act right and they didn't

1025

00:43:20,190 --> 00:43:18,280

receive their papers till ten years

1026

00:43:22,680 --> 00:43:20,200

later you're not cost them a lot of

1027

00:43:24,450 --> 00:43:22,690

money yeah to be able to get it so they

1028

00:43:26,610 --> 00:43:24,460

make it extremely hard for you to get it

1029

00:43:29,130 --> 00:43:26,620

they have to give it to you but they you

1030

00:43:31,920 --> 00:43:29,140

know there's no timeline there's no

1031

00:43:33,810 --> 00:43:31,930

amount of money that it's gonna cost you

1032

00:43:37,710 --> 00:43:33,820

a million dollars to get this and I feel

1033

00:43:41,190 --> 00:43:37,720

so hopeful hopeless right now whenever I

1034

00:43:42,960 --> 00:43:41,200

think about all that it's the missing

1035

00:43:44,580 --> 00:43:42,970

for one one documentary did you end up

1036

00:43:45,780 --> 00:43:44,590

washing the whole yeah do we talk about

1037

00:43:47,820 --> 00:43:45,790

that yet no we haven't talked about

1038

00:43:50,340 --> 00:43:47,830

that's we had planned for Sunday but I

1039

00:43:52,290 --> 00:43:50,350

didn't think it was kind of strange that

1040

00:43:54,270 --> 00:43:52,300

the National Park Service okay well

1041

00:43:56,340 --> 00:43:54,280

going on that explain that way yeah it

1042

00:43:57,960 --> 00:43:56,350

they don't they don't have a

1043

00:43:59,400 --> 00:43:57,970

missing-persons list the

1044

00:44:03,240 --> 00:43:59,410

government-owned

1045

00:44:04,920 --> 00:44:03,250

public lands like and there's Riggins and

1046

00:44:07,500 --> 00:44:04,930

all over the place thousands of people

1047

00:44:09,390 --> 00:44:07,510

go missing every single year and it's

1048

00:44:11,609 --> 00:44:09,400

really mysterious

1049

00:44:12,989 --> 00:44:11,619

how these people go missing we'll get

1050

00:44:14,880 --> 00:44:12,999

into a little bit more later down the

1051

00:44:17,849 --> 00:44:14,890

road but this this one point that I

1052

00:44:21,120 --> 00:44:17,859

wanted to make was they don't have a

1053

00:44:23,219 --> 00:44:21,130

list a missing persons list of people

1054

00:44:26,549 --> 00:44:23,229

that went missing in their Park yeah and

1055

00:44:29,489 --> 00:44:26,559

in order to acquire a list of the

1056

00:44:31,049 --> 00:44:29,499

missing persons yet they don't have I

1057

00:44:32,700 --> 00:44:31,059

just did air quotes quote if you

1058

00:44:34,440 --> 00:44:32,710

couldn't hear it in my voice but this

1059

00:44:36,719 --> 00:44:34,450

missing persons list that they don't

1060

00:44:39,509 --> 00:44:36,729

have if you wanted to obtain one it

1061

00:44:41,789 --> 00:44:39,519

costs you one point four million dollars

1062

00:44:43,410 --> 00:44:41,799

I mean I feel like that's just a scare

1063

00:44:46,019 --> 00:44:43,420

tactic they don't actually have any

1064

00:44:47,459 --> 00:44:46,029

documentation yeah like no one no I

1065

00:44:52,739 --> 00:44:47,469

don't actually have one point four

1066

00:44:55,289 --> 00:44:52,749

million dollars you know but yeah dude

1067

00:44:57,719 --> 00:44:55,299

that is so [h__h] up our National Park

1068

00:44:59,789 --> 00:44:57,729

Service's don't have a list of missing

1069

00:45:01,979 --> 00:44:59,799

persons and I bet you each Park doesn't

1070

00:45:03,930 --> 00:45:01,989

communicate with each other like hey how

1071

00:45:06,329 --> 00:45:03,940

many do you lose you this year yeah oh

1072

00:45:08,039 --> 00:45:06,339

I've only 14 how many did you lose

1073

00:45:08,759 --> 00:45:08,049

whatever well cuz they don't want it in

1074

00:45:12,660 --> 00:45:08,769

the headlines

1075

00:45:14,609 --> 00:45:12,670

you know this year 3500 people went

1076

00:45:17,160 --> 00:45:14,619

missing in Yellowstone Park yeah how is

1077

00:45:19,289 --> 00:45:17,170

that gonna work for tourism right they

1078

00:45:21,690 --> 00:45:19,299

don't they don't want that out which I

1079

00:45:23,969 --> 00:45:21,700

mean I understand what could be will

1080

00:45:25,589 --> 00:45:23,979

yeah there I mean there's probably a lot

1081

00:45:26,789 --> 00:45:25,599

more to that that we just don't know

1082

00:45:28,559 --> 00:45:26,799

about but I just think that's really

1083

00:45:30,690 --> 00:45:28,569

[h__\h] weird it's it's pretty strange

1084

00:45:32,219 --> 00:45:30,700

so for one one miss missing for one one

1085

00:45:35,370 --> 00:45:32,229

you asked me to watch and I thought dude

1086

00:45:36,479 --> 00:45:35,380

I I had I could not get up from the

1087

00:45:38,999 --> 00:45:36,489

couch I watched that whole documentary

1088

00:45:41,880 --> 00:45:39,009

yeah like it's not the most super super

1089

00:45:44,309 --> 00:45:41,890

entertaining but like the information if

1090

00:45:46,049 --> 00:45:44,319

we can watch all those stories is really

1091

00:45:47,729 --> 00:45:46,059

like the document it could have been a

1092

00:45:48,719 --> 00:45:47,739

little bit I don't know I don't know

1093

00:45:50,309 --> 00:45:48,729

what I'm trying to say it's weird

1094

00:45:52,589 --> 00:45:50,319

because it's you in the at Renault you

1095

00:45:54,029 --> 00:45:52,599

don't really like you're like okay the

1096

00:45:56,130 --> 00:45:54,039

whole mood the whole documentary you're

1097

00:45:58,469 --> 00:45:56,140

coming okay so what's going on yeah like

1098

00:46:00,209 --> 00:45:58,479

okay okay so what are we what about that

1099

00:46:02,039 --> 00:46:00,219

yeah kind of looking for the point and

1100

00:46:04,769 --> 00:46:02,049

at the end of the movie is like that is

1101
00:46:06,749 --> 00:46:04,779
the point we don't know anything so the

1102
00:46:08,339 --> 00:46:06,759
Park Service isn't helping us the

1103
00:46:10,469 --> 00:46:08,349
government isn't helping us the police

1104
00:46:12,660 --> 00:46:10,479
aren't helping us you know they they've

1105
00:46:14,940 --> 00:46:12,670
looked for them but what after five days

1106
00:46:16,680 --> 00:46:14,950
I can't find it so the only reason I'm

1107
00:46:19,559 --> 00:46:16,690
saying like it's kind of it is almost

1108
00:46:22,490 --> 00:46:19,569
like it's it is a documentary but it's

1109
00:46:25,040 --> 00:46:22,500
more like reading a

1110
00:46:27,500 --> 00:46:25,050
really well written paper like you're

1111
00:46:30,500 --> 00:46:27,510
not gonna be super installed or there's

1112
00:46:32,630 --> 00:46:30,510
no whatever but it's a great watch and I

1113
00:46:35,210 --> 00:46:32,640

love that I think it's really tasteful

1114

00:46:36,560 --> 00:46:35,220

how they did it they didn't spoon-feed

1115

00:46:38,600 --> 00:46:36,570

you yeah you're supposed to feel about

1116

00:46:40,640 --> 00:46:38,610

it right which he knows documentaries do

1117

00:46:42,260 --> 00:46:40,650

mm-hmm so at the end there was that's

1118

00:46:44,690 --> 00:46:42,270

that way there was no speculation

1119

00:46:46,610 --> 00:46:44,700

speculation you just wanted love like I

1120

00:46:48,920 --> 00:46:46,620

know what's going on Zak and that guy

1121

00:46:51,200 --> 00:46:48,930

apparently he writes a series of books

1122

00:46:53,630 --> 00:46:51,210

mmm so there's a whole lot of books

1123

00:46:56,210 --> 00:46:53,640

because yeah it was different stories in

1124

00:46:57,350 --> 00:46:56,220

them right right so I might have started

1125

00:46:59,690 --> 00:46:57,360

getting those books and checking them

1126

00:47:02,330 --> 00:46:59,700

out cool so if you guys haven't seen

1127

00:47:05,000 --> 00:47:02,340

missing four one one check out that

1128

00:47:06,710 --> 00:47:05,010

documentary those who live right yeah it

1129

00:47:09,950 --> 00:47:06,720

was pretty awesome I'm gonna walk to

1130

00:47:13,810 --> 00:47:09,960

look up the the author the author yeah

1131

00:47:18,380 --> 00:47:13,820

so we can come a little shout out was

1132

00:47:22,730 --> 00:47:18,390

David plights was that it at the bottom

1133

00:47:25,640 --> 00:47:22,740

that's author yep David Pilates Paulides

1134

00:47:26,540 --> 00:47:25,650

polite polite wise David Paulides he's a

1135

00:47:29,060 --> 00:47:26,550

police detective

1136

00:47:30,920 --> 00:47:29,070

oh that's cool nice former police

1137

00:47:32,360 --> 00:47:30,930

detective who's now an investigator and

1138

00:47:35,390 --> 00:47:32,370

writer known primarily for his

1139

00:47:37,970 --> 00:47:35,400

self-published books yes that guy's like

1140

00:47:39,410 --> 00:47:37,980

all right I've had to investigate a lot

1141

00:47:41,930 --> 00:47:39,420

of missing-persons cases

1142

00:47:46,430 --> 00:47:41,940

yeah so what was what was the first one

1143

00:47:47,990 --> 00:47:46,440

I don't remember oh it started out with

1144

00:47:52,040 --> 00:47:48,000

the two-year-old yeah the little kid

1145

00:47:55,040 --> 00:47:52,050

yeah at camp right was with his family

1146

00:47:57,020 --> 00:47:55,050

mhm his mom and dad and his grandpa and

1147

00:47:59,180 --> 00:47:57,030

his grandpa's friend and they drove out

1148

00:48:02,150 --> 00:47:59,190

I forget where it is but they drove out

1149

00:48:05,630 --> 00:48:02,160

into this huge forest area where his

1150

00:48:08,650 --> 00:48:05,640

grandpa used to fish and the mom and dad

1151

00:48:11,500 --> 00:48:08,660

and the friend go off and this in the

1152

00:48:13,970 --> 00:48:11,510

little kid starts following them and

1153

00:48:15,200 --> 00:48:13,980

they turned around in the ass the son

1154

00:48:18,050 --> 00:48:15,210

like hey do you want it would you stay

1155

00:48:20,300 --> 00:48:18,060

with Grandpa so he fifteen feet away

1156

00:48:22,670 --> 00:48:20,310

yeah runs back to his grandpa grandpa

1157

00:48:24,260 --> 00:48:22,680

says that he sees him and then doesn't

1158

00:48:27,050 --> 00:48:24,270

see him and doesn't really know how long

1159

00:48:28,580 --> 00:48:27,060

of time span it went so by the time the

1160

00:48:31,280 --> 00:48:28,590

parents get back they're like hey

1161

00:48:33,050 --> 00:48:31,290

grandpa where is little man mm-hmm and

1162

00:48:34,510 --> 00:48:33,060

they and the grandpa said well I thought

1163

00:48:36,580 --> 00:48:34,520

he won with you I don't know

1164

00:48:38,410 --> 00:48:36,590

he was right here right here cuz I had

1165

00:48:39,940 --> 00:48:38,420

candy yeah he was giving him candy

1166

00:48:42,310 --> 00:48:39,950

that's what that's right cuz we had

1167

00:48:44,170 --> 00:48:42,320

candy Katie yeah he was just standing

1168

00:48:46,660 --> 00:48:44,180

there he's gone so that that one they

1169

00:48:50,470 --> 00:48:46,670

don't nee never found any trace of him

1170

00:48:53,710 --> 00:48:50,480

ever so that's the first one like but so

1171

00:48:55,780 --> 00:48:53,720

I think later on I think later on I'm

1172

00:48:58,540 --> 00:48:55,790

not sure if it's in the documentary but

1173

00:49:01,120 --> 00:48:58,550

later on so these people are finding

1174

00:49:03,640 --> 00:49:01,130

they don't find the bodies right they

1175

00:49:07,660 --> 00:49:03,650

don't find anything but they do find

1176

00:49:10,870 --> 00:49:07,670

like articles of clothing yes shoes like

1177

00:49:13,390 --> 00:49:10,880

so the one the other story the the dad

1178

00:49:15,850 --> 00:49:13,400

that had his have to get a daughter and

1179

00:49:17,350 --> 00:49:15,860

his son and maybe his wife he was

1180

00:49:19,480 --> 00:49:17,360

working at the he was a single dad

1181

00:49:22,620 --> 00:49:19,490

single okay I think this is the one who

1182

00:49:25,150 --> 00:49:22,630

they were working at the the camp and

1183

00:49:26,830 --> 00:49:25,160

somebody that was working there said hey

1184

00:49:29,350 --> 00:49:26,840

we're gonna take how old was it like

1185

00:49:31,270 --> 00:49:29,360

maybe like four he was older than the

1186

00:49:33,220 --> 00:49:31,280

first kid okay yeah he was definitely

1187

00:49:34,300 --> 00:49:33,230

older I don't know like four or five

1188

00:49:37,210 --> 00:49:34,310

yeah I like that

1189

00:49:39,550 --> 00:49:37,220

so the I guess the friend of whoever was

1190

00:49:40,900 --> 00:49:39,560

owning the little shop it was this dad

1191

00:49:44,230 --> 00:49:40,910

worked at this little shop at the base

1192

00:49:47,020 --> 00:49:44,240

of this hiking trail so anyway so the

1193

00:49:49,360 --> 00:49:47,030

friend that worked there took the son to

1194

00:49:51,490 --> 00:49:49,370

go on this hike and they they ended up

1195

00:49:54,970 --> 00:49:51,500

driving like 15 minutes away this hiking

1196

00:49:57,100 --> 00:49:54,980

entrance and they said the last time he

1197

00:49:59,530 --> 00:49:57,110

saw the kid he was running you know his

1198

00:50:03,160 --> 00:49:59,540

kids do just like further down the trail

1199

00:50:05,350 --> 00:50:03,170

and then they never saw him ever again

1200

00:50:06,760 --> 00:50:05,360

yeah they're walking behind the kid yeah

1201
00:50:08,980 --> 00:50:06,770
walking behind the kid the kid goes

1202
00:50:10,990 --> 00:50:08,990
around a little bend and they're just

1203
00:50:12,790 --> 00:50:11,000
still walking and when they come around

1204
00:50:15,010 --> 00:50:12,800
that little bin a couple of seconds

1205
00:50:17,440 --> 00:50:15,020
later he's gone gone nobody knows where

1206
00:50:20,500 --> 00:50:17,450
he's at and then somebody finds and and

1207
00:50:22,690 --> 00:50:20,510
well they have like hundreds of trained

1208
00:50:25,090 --> 00:50:22,700
people out there working for I mean not

1209
00:50:28,060 --> 00:50:25,100
only this kid but the kid the previous

1210
00:50:30,220 --> 00:50:28,070
story hundreds of professional Scouts

1211
00:50:34,060 --> 00:50:30,230
looking that are trained to look for

1212
00:50:37,480 --> 00:50:34,070
missing people over a vast instance like

1213
00:50:40,930 --> 00:50:37,490

miles and miles and miles and like three

1214

00:50:42,250 --> 00:50:40,940

years later they find I guess some some

1215

00:50:44,740 --> 00:50:42,260

dudes are out there hiking they they

1216

00:50:46,470 --> 00:50:44,750

found this kids pants that were turned

1217

00:50:48,839 --> 00:50:46,480

inside out

1218

00:50:49,950 --> 00:50:48,849

they found a piece of his shirt and his

1219

00:50:53,630 --> 00:50:49,960

skullcap

1220

00:50:57,740 --> 00:50:53,640

yeah and a tooth uh-huh so something

1221

00:51:00,740 --> 00:50:57,750

crushed his skull and left one tooth

1222

00:51:04,560 --> 00:51:00,750

nothing else and then some shoes and

1223

00:51:06,390 --> 00:51:04,570

that were like brand-new brand-new no

1224

00:51:09,270 --> 00:51:06,400

scuff marks on the shoes nothing

1225

00:51:11,400 --> 00:51:09,280

so yeah they were like they everybody

1226
00:51:13,170 --> 00:51:11,410
talked it off to a bobcat right yeah her

1227
00:51:15,480 --> 00:51:13,180
mountain lion I don't like that

1228
00:51:18,300 --> 00:51:15,490
took the kid and ate him right right

1229
00:51:20,310 --> 00:51:18,310
he's like you know so you know and the

1230
00:51:22,170 --> 00:51:20,320
jacket was brand new too there was like

1231
00:51:24,359 --> 00:51:22,180
nothing wrong with it yeah like the kid

1232
00:51:26,579 --> 00:51:24,369
hadn't been dragged you know is the

1233
00:51:28,859 --> 00:51:26,589
mountain lion gonna take his pants off

1234
00:51:30,780 --> 00:51:28,869
and turn them inside of them inside out

1235
00:51:33,030 --> 00:51:30,790
right the shoes had no scuff marks on

1236
00:51:34,230 --> 00:51:33,040
the bottom on the heel and if that if he

1237
00:51:35,430 --> 00:51:34,240
would have been dragging but been

1238
00:51:37,079 --> 00:51:35,440

drugged by the heel the shoes would have

1239

00:51:39,240 --> 00:51:37,089

come off you know they're like kid feet

1240

00:51:41,700 --> 00:51:39,250

like those shoes come off so easy yeah

1241

00:51:44,520 --> 00:51:41,710

you know yeah and and the crazy thing is

1242

00:51:46,950 --> 00:51:44,530

is when they do find the stuff of the

1243

00:51:49,260 --> 00:51:46,960

missing person it's in the exact area

1244

00:51:51,780 --> 00:51:49,270

that they searched right for weeks yeah

1245

00:51:53,790 --> 00:51:51,790

and and nobody nobody finds it now I

1246

00:51:55,589 --> 00:51:53,800

just like goes up a year to three years

1247

00:51:57,750 --> 00:51:55,599

later right and not they don't just

1248

00:52:00,770 --> 00:51:57,760

research it like one or two times they

1249

00:52:03,030 --> 00:52:00,780

go over five six times those same areas

1250

00:52:05,309 --> 00:52:03,040

combing through and they find it in

1251
00:52:07,490 --> 00:52:05,319
those exact spots right right so you

1252
00:52:10,620 --> 00:52:07,500
know there there are you know missing

1253
00:52:12,720 --> 00:52:10,630
missing persons stories where they will

1254
00:52:14,370 --> 00:52:12,730
find the body in the river or they do

1255
00:52:16,530 --> 00:52:14,380
find it up in the mountains and they're

1256
00:52:18,870 --> 00:52:16,540
like all right so they write it down and

1257
00:52:21,089 --> 00:52:18,880
that's you know that's you know they

1258
00:52:23,520 --> 00:52:21,099
they log it all right so that's it

1259
00:52:26,849 --> 00:52:23,530
that's a death or we found this missing

1260
00:52:29,099 --> 00:52:26,859
persons but the ones that they aren't

1261
00:52:31,710 --> 00:52:29,109
reporting are the ones that they can't

1262
00:52:34,530 --> 00:52:31,720
figure out themselves Oh interesting and

1263
00:52:35,940 --> 00:52:34,540

so while there are you know files that

1264

00:52:38,760 --> 00:52:35,950

you can find of people that have died

1265

00:52:40,500 --> 00:52:38,770

out there yeah the ones you can't find

1266

00:52:42,839 --> 00:52:40,510

are the ones that they can't figure out

1267

00:52:45,599 --> 00:52:42,849

yeah there's like no body but there's

1268

00:52:48,510 --> 00:52:45,609

thousands of yeah it's not just you know

1269

00:52:49,920 --> 00:52:48,520

yeah hundreds of people die every year

1270

00:52:50,670 --> 00:52:49,930

thousands of people die every year in

1271

00:52:53,430 --> 00:52:50,680

national parks

1272

00:52:55,260 --> 00:52:53,440

but there's another section of thousands

1273

00:52:56,760 --> 00:52:55,270

of people where nobody knows what

1274

00:52:58,309 --> 00:52:56,770

happens to missing persons

1275

00:53:00,319 --> 00:52:58,319

yeah just a

1276

00:53:04,059 --> 00:53:00,329

a seemingly disappear off the face of

1277

00:53:07,489 --> 00:53:04,069

the earth mm-hmm just thin air yeah you

1278

00:53:09,109 --> 00:53:07,499

so what are your thoughts what what did

1279

00:53:10,400 --> 00:53:09,119

you take away from it I don't know can

1280

00:53:12,949 --> 00:53:10,410

we get crazy here and talk about

1281

00:53:14,359 --> 00:53:12,959

speculation or do we want to do that or

1282

00:53:15,559 --> 00:53:14,369

let people cut I mean that's kind of the

1283

00:53:17,959 --> 00:53:15,569

point of this podcast is we talk about

1284

00:53:19,759 --> 00:53:17,969

weird [h__h] yeah absolutely I mean I kind

1285

00:53:21,380 --> 00:53:19,769

of have a take on it but it's gonna be

1286

00:53:21,829 --> 00:53:21,390

one of those things like what's your

1287

00:53:24,890 --> 00:53:21,839

take

1288

00:53:27,799 --> 00:53:24,900

honestly I've there's so many different

1289

00:53:29,839 --> 00:53:27,809

different possibilities that are not you

1290

00:53:32,809 --> 00:53:29,849

can never prove them so it's just me

1291

00:53:36,650 --> 00:53:32,819

talking crazy [ʌ__ʌ] in my mind yeah so

1292

00:53:39,259 --> 00:53:36,660

okay number one is Bigfoot crossed my

1293

00:53:42,019 --> 00:53:39,269

mind would be crossed my own oh man

1294

00:53:44,449 --> 00:53:42,029

yeah as a Bigfoot has opposable thumbs

1295

00:53:47,150 --> 00:53:44,459

yeah man big opposed to play its goal

1296

00:53:49,670 --> 00:53:47,160

crushing opposable thumbs right right he

1297

00:53:51,799 --> 00:53:49,680

could probably snap a twig snap a skull

1298

00:53:54,349 --> 00:53:51,809

like a twig with his toes oh dude

1299

00:53:56,420 --> 00:53:54,359

easily yeah easily another one is just

1300

00:53:58,189 --> 00:53:56,430

you know regular just abduction like

1301
00:54:00,829 --> 00:53:58,199
alien abduction mm-hmm

1302
00:54:03,799 --> 00:54:00,839
another one is just people like weirdos

1303
00:54:05,539 --> 00:54:03,809
hiding out on trails waiting to kidnap

1304
00:54:07,819 --> 00:54:05,549
kids and they have some kind of tent

1305
00:54:09,650 --> 00:54:07,829
clothes away you know some pedophiles

1306
00:54:11,420 --> 00:54:09,660
there's like a pedophile ring alaric

1307
00:54:13,370 --> 00:54:11,430
right that they have just people that

1308
00:54:15,289 --> 00:54:13,380
get paid a [h__\h] ton of money to wait for

1309
00:54:18,769 --> 00:54:15,299
little kids to come by yeah you know and

1310
00:54:21,259 --> 00:54:18,779
like camouflaged like a little cave

1311
00:54:23,209 --> 00:54:21,269
thing and then when a kid comes by I

1312
00:54:25,309 --> 00:54:23,219
mean they get paid they they probably

1313
00:54:26,630 --> 00:54:25,319

get paid like a shit-ton and then you

1314

00:54:28,219 --> 00:54:26,640

know they get one kid a year or

1315

00:54:30,680 --> 00:54:28,229

something yeah yeah yeah that's I mean I

1316

00:54:33,979 --> 00:54:30,690

know I'm stretching it but I mean it's

1317

00:54:37,400 --> 00:54:33,989

yeah yeah but you know with like a

1318

00:54:39,890 --> 00:54:37,410

pedophile ring deal yeah anything's

1319

00:54:42,499 --> 00:54:39,900

possible with that dude it's yeah and

1320

00:54:47,059 --> 00:54:42,509

it's it's crazy it's crazy you know it

1321

00:54:48,890 --> 00:54:47,069

could be I don't even know give me Haley

1322

00:54:50,359 --> 00:54:48,900

no well all the things that you said and

1323

00:54:53,839 --> 00:54:50,369

have a grand through my mind as well

1324

00:54:56,569 --> 00:54:53,849

yeah and and then too you know like I've

1325

00:54:59,630 --> 00:54:56,579

you know I kind of chalked it off to

1326

00:55:02,539 --> 00:54:59,640

there's certain places you know just

1327

00:55:05,269 --> 00:55:02,549

even here in the United States that you

1328

00:55:07,339 --> 00:55:05,279

literally like there's so many trees you

1329

00:55:10,549 --> 00:55:07,349

can't see a foot in front of you yeah

1330

00:55:11,250 --> 00:55:10,559

you just can't and it's very easy to get

1331

00:55:14,520 --> 00:55:11,260

lost

1332

00:55:17,310 --> 00:55:14,530

yeah but this this you know your kid

1333

00:55:19,590 --> 00:55:17,320

runs around the bend and then five

1334

00:55:21,510 --> 00:55:19,600

seconds later you kind of walk around

1335

00:55:24,480 --> 00:55:21,520

the same bit and they're gone mm-hmm and

1336

00:55:28,620 --> 00:55:24,490

nothing you can't find anything yeah

1337

00:55:31,020 --> 00:55:28,630

like that's you know like the next time

1338

00:55:32,460 --> 00:55:31,030

I go hiking like we're all gonna tie

1339

00:55:34,200 --> 00:55:32,470

don't think I'm yeah I don't think I'm

1340

00:55:36,660 --> 00:55:34,210

ever gonna go I just i rove sue each

1341

00:55:38,850 --> 00:55:36,670

other so if he's got to take one of us

1342

00:55:42,300 --> 00:55:38,860

he's gonna take like eight of us good

1343

00:55:43,200 --> 00:55:42,310

luck bro you know and you talking about

1344

00:55:45,000 --> 00:55:43,210

a sasquatch

1345

00:55:49,170 --> 00:55:45,010

he'll probably wrap you up and make a

1346

00:55:54,840 --> 00:55:49,180

belt out of y'all Jesus's jump ropes

1347

00:55:57,600 --> 00:55:54,850

yeah man me jump ropes yeah I did I

1348

00:55:59,850 --> 00:55:57,610

don't know yeah it's super weird it's

1349

00:56:02,300 --> 00:55:59,860

crazy but dude nobody knows what's

1350

00:56:04,830 --> 00:56:02,310

happening so if you guys haven't seen

1351
00:56:06,870 --> 00:56:04,840
missing four one one yeah check it out

1352
00:56:08,910 --> 00:56:06,880
it's it's pretty interesting it's

1353
00:56:10,650 --> 00:56:08,920
definitely pretty especially if you like

1354
00:56:13,800 --> 00:56:10,660
to hike and stuff yeah you're really

1355
00:56:17,130 --> 00:56:13,810
kind of like whoa yeah like because I

1356
00:56:20,730 --> 00:56:17,140
love to hike and I don't stay on trails

1357
00:56:22,760 --> 00:56:20,740
right go explore dude yeah yeah and also

1358
00:56:25,500 --> 00:56:22,770
if you're looking for any kind of like

1359
00:56:27,330 --> 00:56:25,510
credibility to this Les Stroud if you

1360
00:56:29,250 --> 00:56:27,340
like les trout yeah he's one of the main

1361
00:56:31,410 --> 00:56:29,260
guys that's he doesn't know what's going

1362
00:56:33,030 --> 00:56:31,420
on either mm-hmm I'm sure he has thought

1363
00:56:34,770 --> 00:56:33,040

of the same things we I just talked

1364

00:56:36,270 --> 00:56:34,780

about we've thought about yeah you know

1365

00:56:36,870 --> 00:56:36,280

he's got a kind of a reputation to

1366

00:56:40,620 --> 00:56:36,880

uphold

1367

00:56:42,360 --> 00:56:40,630

I really don't Yeah right right yeah but

1368

00:56:44,460 --> 00:56:42,370

you know that guy totally believes in

1369

00:56:49,140 --> 00:56:44,470

Bigfoot yeah yeah he says he's heard

1370

00:56:51,060 --> 00:56:49,150

Bigfoot yeah oh that's yeah he has that

1371

00:56:52,590 --> 00:56:51,070

whole story I mean he was a little timid

1372

00:56:55,410 --> 00:56:52,600

about talking about that and he talked

1373

00:56:58,140 --> 00:56:55,420

about it with Joe Rogan I think he does

1374

00:57:01,140 --> 00:56:58,150

right yeah yeah yeah he does talk about

1375

00:57:03,960 --> 00:57:01,150

it but yeah he's a he's a big he was

1376

00:57:08,400 --> 00:57:03,970

really into that yeah I mean he's a he's

1377

00:57:10,950 --> 00:57:08,410

he's one of the most famous survivalist

1378

00:57:13,230 --> 00:57:10,960

out there he has the bet he is the best

1379

00:57:16,170 --> 00:57:13,240

show he goes out there just by himself

1380

00:57:17,790 --> 00:57:16,180

with a couple of cameras yeah and it's

1381

00:57:21,180 --> 00:57:17,800

not Bear Grylls you know like there's a

1382

00:57:23,550 --> 00:57:21,190

[h__\h] a-team hotel six right

1383

00:57:25,740 --> 00:57:23,560

ten mile you know ten minutes away yeah

1384

00:57:27,839 --> 00:57:25,750

with a team snacking on beef jerky some

1385

00:57:29,370 --> 00:57:27,849

slim jims you know let's go do some

1386

00:57:31,500 --> 00:57:29,380

crazy [h__\h] I'm gonna scale down this

1387

00:57:32,970 --> 00:57:31,510

wall and then we'll go hit Texas

1388

00:57:35,460 --> 00:57:32,980

Roadhouse after this yeah

1389

00:57:42,650 --> 00:57:35,470

first I'm gonna eat the [h__h] of this

1390

00:57:45,450 --> 00:57:44,910

but yeah it's it's it's pretty

1391

00:57:51,750 --> 00:57:45,460

interesting

1392

00:57:53,370 --> 00:57:51,760

friend this past weekend Stephanie

1393

00:57:56,250 --> 00:57:53,380

what's up if you're listening she told

1394

00:57:57,300 --> 00:57:56,260

me a really cool story maybe we can have

1395

00:57:58,890 --> 00:57:57,310

her on the podcast and she can go a

1396

00:58:00,480 --> 00:57:58,900

little bit more in detail the story but

1397

00:58:03,059 --> 00:58:00,490

we were talking about the podcast and

1398

00:58:05,819 --> 00:58:03,069

she said well I only have one story she

1399

00:58:08,640 --> 00:58:05,829

said a friend and her were driving back

1400

00:58:12,180 --> 00:58:08,650

to her house and it was at night and her

1401
00:58:13,260 --> 00:58:12,190
grandparents house has a sunlight or

1402
00:58:16,170 --> 00:58:13,270
what do you call him the skylight

1403
00:58:17,940 --> 00:58:16,180
skylight so you could kind of see the

1404
00:58:20,400 --> 00:58:17,950
skylight from the road and as they get

1405
00:58:22,950 --> 00:58:20,410
closer they see this creature on the on

1406
00:58:26,160 --> 00:58:22,960
the roof of the house looking into the

1407
00:58:27,839 --> 00:58:26,170
skylight and she said it was bit smaller

1408
00:58:30,870 --> 00:58:27,849
than like a big dog but larger than a

1409
00:58:32,520 --> 00:58:30,880
cat or a possum and it she said that it

1410
00:58:34,760 --> 00:58:32,530
was definitely skinned there was no fur

1411
00:58:38,460 --> 00:58:34,770
and it was like a light gray white color

1412
00:58:40,410 --> 00:58:38,470
and it like saw the headlights kind of

1413
00:58:42,569 --> 00:58:40,420

shone on it and it just scuttered away

1414

00:58:45,359 --> 00:58:42,579

off of the roof

1415

00:58:47,420 --> 00:58:45,369

maybe it was an opossum dude it it could

1416

00:58:51,120 --> 00:58:47,430

have been a possum man or a two-book our

1417

00:58:52,650 --> 00:58:51,130

guy um but yeah she said it was the

1418

00:58:54,660 --> 00:58:52,660

weirdest [h__h] she's ever seen dude

1419

00:58:57,569 --> 00:58:54,670

that's crazy she said it was like it was

1420

00:58:59,280 --> 00:58:57,579

on all fours uh-huh but I mean maybe

1421

00:59:01,319 --> 00:58:59,290

maybe we can get on the podcast to tell

1422

00:59:03,300 --> 00:59:01,329

us some more details yeah that was super

1423

00:59:05,089 --> 00:59:03,310

so be pretty good and where is this out

1424

00:59:06,660 --> 00:59:05,099

where's this house in belts in Belton

1425

00:59:08,160 --> 00:59:06,670

that's pretty crazy

1426

00:59:11,550 --> 00:59:08,170

yeah that's pretty great that's a video

1427

00:59:13,559 --> 00:59:11,560

you sent me at the bottom of the ocean

1428

00:59:15,750 --> 00:59:13,569

all the cephalopod yeah that looks

1429

00:59:17,819 --> 00:59:15,760

pretty crazy well I keep like people

1430

00:59:21,270 --> 00:59:17,829

really oh that's CGI that's not [h__\h]

1431

00:59:23,700 --> 00:59:21,280

CGI no that's not sushi no way no I mean

1432

00:59:25,740 --> 00:59:23,710

if you understand anything about a squid

1433

00:59:26,370 --> 00:59:25,750

or an octopus you know they do weird

1434

00:59:28,589 --> 00:59:26,380

[h__\h]

1435

00:59:29,640 --> 00:59:28,599

yeah and they move weird and they ink so

1436

00:59:31,920 --> 00:59:29,650

that's what happened at the end of the

1437

00:59:33,600 --> 00:59:31,930

it inked at the end of it I'm just like

1438

00:59:35,490 --> 00:59:33,610

it split into two yeah

1439

00:59:37,740 --> 00:59:35,500

that's it I just thought it was a cool

1440

00:59:39,210 --> 00:59:37,750

video it's it is super cool we talked

1441

00:59:41,910 --> 00:59:39,220

about we talked about octopuses last

1442

00:59:44,340 --> 00:59:41,920

time on the last episode and that I mean

1443

00:59:46,890 --> 00:59:44,350

we're still finding new species of

1444

00:59:49,140 --> 00:59:46,900

living creatures in the ocean all the

1445

00:59:51,060 --> 00:59:49,150

time how much of the ocean we have not

1446

00:59:53,130 --> 00:59:51,070

explored that's a new creature that I've

1447

00:59:55,260 --> 00:59:53,140

never seen remember it like glides in

1448

00:59:57,660 --> 00:59:55,270

that weird boomerang looking shape yeah

1449

00:59:59,430 --> 00:59:57,670

that was the weirdest part it just kind

1450

01:00:03,210 --> 00:59:59,440

of goes claw and it's like it's like a

1451

01:00:04,380 --> 01:00:03,220

Batman some symbol yeah dude and what's

1452

01:00:07,260 --> 01:00:04,390

really crazy is that

1453

01:00:09,810 --> 01:00:07,270

it's looking at the rover yes it's like

1454

01:00:12,480 --> 01:00:09,820

hey what is that yeah you know anything

1455

01:00:15,300 --> 01:00:12,490

he starts shining his lights and it gets

1456

01:00:16,950 --> 01:00:15,310

all big puffs up offs up and gets closer

1457

01:00:20,640 --> 01:00:16,960

and he's just looking at it like get out

1458

01:00:23,400 --> 01:00:20,650

of here yeah that's crazy how like it

1459

01:00:27,060 --> 01:00:23,410

moves it goes like just kind of like you

1460

01:00:29,400 --> 01:00:27,070

would so fast yeah yeah just it moves so

1461

01:00:31,380 --> 01:00:29,410

randomly yeah it does you know I was

1462

01:00:33,450 --> 01:00:31,390

thinking like yeah it's water but it

1463

01:00:35,640 --> 01:00:33,460

must not have much of a current down

1464

01:00:38,190 --> 01:00:35,650

there for to move that fast and it was

1465

01:00:40,410 --> 01:00:38,200

moving like in right angles do that I've

1466

01:00:41,490 --> 01:00:40,420

never seen a squid do its it was it was

1467

01:00:44,010 --> 01:00:41,500

really cool

1468

01:00:45,360 --> 01:00:44,020

movement yeah how he was moving for sure

1469

01:00:48,960 --> 01:00:45,370

that's awesome and then it just kind of

1470

01:00:51,390 --> 01:00:48,970

in Inked and and you know shoots off

1471

01:00:54,180 --> 01:00:51,400

yeah but it was jet black and it had

1472

01:00:56,250 --> 01:00:54,190

stripes of multicolored LED lights

1473

01:00:57,780 --> 01:00:56,260

coming out like yeah like a melon you

1474

01:00:59,280 --> 01:00:57,790

know like the stripes on a melon coming

1475

01:01:00,900 --> 01:00:59,290

out of the center it was just luminous

1476

01:01:03,000 --> 01:01:00,910

luminous are just seeing that ever

1477

01:01:05,310 --> 01:01:03,010

before my life yeah I looked up like

1478

01:01:10,340 --> 01:01:05,320

black squid or black octopus and all I'm

1479

01:01:14,940 --> 01:01:11,520

google-searched

1480

01:01:17,940 --> 01:01:14,950

images of bioluminescent cephalopods

1481

01:01:20,940 --> 01:01:17,950

yeah and I found one image that looked

1482

01:01:23,610 --> 01:01:20,950

similar okay to it anyway it was black

1483

01:01:25,800 --> 01:01:23,620

yeah but it's not it was only one

1484

01:01:27,600 --> 01:01:25,810

picture oh the rest of them were all

1485

01:01:29,520 --> 01:01:27,610

just you know your regular octopus and

1486

01:01:33,030 --> 01:01:29,530

things like that and squid yes and that

1487

01:01:35,160 --> 01:01:33,040

and with this one image and it was far

1488

01:01:36,930 --> 01:01:35,170

away but you could see it and it looked

1489

01:01:38,760 --> 01:01:36,940

exactly kind of like what we were

1490

01:01:41,550 --> 01:01:38,770

looking ha Oh sweetie she wasn't in like

1491

01:01:43,620 --> 01:01:41,560

that weird shape yeah yeah it looked

1492

01:01:46,110 --> 01:01:43,630

roughly like okay cool so I was like

1493

01:01:47,050 --> 01:01:46,120

okay I mean yeah it was it looked kind

1494

01:01:50,740 --> 01:01:47,060

of like a a

1495

01:01:52,990 --> 01:01:50,750

it's an elephant or Dumbo octopus but

1496

01:01:54,940 --> 01:01:53,000

not as cute it was like it didn't have

1497

01:01:56,050 --> 01:01:54,950

to on tentacles it was just like a black

1498

01:01:57,700 --> 01:01:56,060

bag at the end

1499

01:01:59,230 --> 01:01:57,710

uh-huh like a black plastic bag that's

1500

01:02:01,110 --> 01:01:59,240

what I thought was cool was that yeah

1501

01:02:04,330 --> 01:02:01,120

you're right it didn't have any like

1502

01:02:06,610 --> 01:02:04,340

anything trailing off of it except for

1503

01:02:10,600 --> 01:02:06,620

those those two things that came out of

1504

01:02:12,190 --> 01:02:10,610

the middle that are you looking for it

1505

01:02:13,300 --> 01:02:12,200

dude look it so I'm looking up this

1506

01:02:15,700 --> 01:02:13,310

other thing I was thinking about it's

1507

01:02:17,560 --> 01:02:15,710

called a big fin squid is that the giant

1508

01:02:19,810 --> 01:02:17,570

squid is the creepiest [h__h] dude it's

1509

01:02:22,360 --> 01:02:19,820

like Independence Day uh-huh it looks

1510

01:02:26,140 --> 01:02:22,370

like that aliens from know yeah yeah and

1511

01:02:28,900 --> 01:02:26,150

it's day and his his arms are so yards

1512

01:02:32,200 --> 01:02:28,910

like 30 feet long do they're crazy

1513

01:02:33,910 --> 01:02:32,210

that is the Kraken that I mean that is

1514

01:02:35,560 --> 01:02:33,920

the Kraken dude I mean look at those

1515

01:02:39,550 --> 01:02:35,570

arms that's the closest thing I've ever

1516

01:02:44,080 --> 01:02:39,560

seen to an actual like squid and octopus

1517

01:02:46,780 --> 01:02:44,090

are definitely there definitely there's

1518

01:02:50,620 --> 01:02:46,790

there's nothing weirder than that

1519

01:02:53,350 --> 01:02:50,630

and they're so cool they're so cool oh I

1520

01:02:54,910 --> 01:02:53,360

wonder what they think of us man I think

1521

01:03:04,450 --> 01:02:54,920

even think they probably don't even

1522

01:03:07,060 --> 01:03:04,460

think about as man worthy or they or

1523

01:03:07,780 --> 01:03:07,070

maybe they're dr. scientists do we don't

1524

01:03:13,990 --> 01:03:07,790

even know it

1525

01:03:18,850 --> 01:03:14,000

there with a little white lab coat dude

1526

01:03:21,730 --> 01:03:18,860

hey um 50th anniversary man of Apollo

1527

01:03:24,250 --> 01:03:21,740

11s moon-landing yeah that's pretty cool

1528

01:03:26,350 --> 01:03:24,260

yeah what do you think dude super cool

1529

01:03:27,810 --> 01:03:26,360

man I mean it's just did we land on the

1530

01:03:30,250 --> 01:03:27,820

moon

1531

01:03:32,260 --> 01:03:30,260

about that and did we I think we did

1532

01:03:35,230 --> 01:03:32,270

yeah I think we did too I think we did I

1533

01:03:36,940 --> 01:03:35,240

think we did and we screwed up the film

1534

01:03:38,770 --> 01:03:36,950

yeah and they had to shoot it in a

1535

01:03:40,630 --> 01:03:38,780

studio yeah I think that's what happened

1536

01:03:43,030 --> 01:03:40,640

right and I think we went yeah there's

1537

01:03:44,620 --> 01:03:43,040

evidence of I mean so I'm totally

1538

01:03:47,710 --> 01:03:44,630

regurgitating information that I heard

1539

01:03:49,000 --> 01:03:47,720

on the Joe Rogan podcast oh yes I know

1540

01:03:51,790 --> 01:03:49,010

it's probably getting really annoying

1541

01:03:56,740 --> 01:03:51,800

but but he does talk about there was a

1542

01:03:58,870 --> 01:03:56,750

magazine cover that was used back then I

1543

01:04:00,790 --> 01:03:58,880

think it was like a couple weeks or

1544

01:04:02,980 --> 01:04:00,800

maybe it was that week that they landed

1545

01:04:05,560 --> 01:04:02,990

and it was like obviously a photoshopped

1546

01:04:09,010 --> 01:04:05,570

yeah yeah it was just to sell magazines

1547

01:04:12,010 --> 01:04:09,020

so anyway I mean I've never been to

1548

01:04:15,030 --> 01:04:12,020

space so I don't know how cameras act in

1549

01:04:17,920 --> 01:04:15,040

space I don't know how the light changes

1550

01:04:20,170 --> 01:04:17,930

yeah in space I don't know how cameras

1551

01:04:21,880 --> 01:04:20,180

you know I don't know nothing about that

1552

01:04:24,760 --> 01:04:21,890

but I would assume it's probably a

1553

01:04:26,950 --> 01:04:24,770

little different it has to be I mean a

1554

01:04:28,690 --> 01:04:26,960

planet that's or a moon that's like

1555

01:04:29,980 --> 01:04:28,700

really small and how light like you were

1556

01:04:33,480 --> 01:04:29,990

saying light reacts to different things

1557

01:04:36,400 --> 01:04:33,490

and I mean you see like video of the

1558

01:04:38,410 --> 01:04:36,410

astronauts walking and then some people

1559

01:04:41,440 --> 01:04:38,420

like speed up the video and it does look

1560

01:04:42,520 --> 01:04:41,450

like people on Bungie strings yeah well

1561

01:04:44,680 --> 01:04:42,530

it's like we talked about before if

1562

01:04:46,390 --> 01:04:44,690

you've never seen something move in the

1563

01:04:48,460 --> 01:04:46,400

way that it's moving before doesn't mean

1564

01:04:50,980 --> 01:04:48,470

it's fake like you just don't know

1565

01:04:53,620 --> 01:04:50,990

you've never seen ever seen it yeah if

1566

01:04:56,020 --> 01:04:53,630

you never experienced it you can't you

1567

01:04:58,630 --> 01:04:56,030

can't really say it's fake or whatever

1568

01:05:00,370 --> 01:04:58,640

but I don't know man I I think we did I

1569

01:05:04,060 --> 01:05:00,380

got to go back and forth every now and

1570

01:05:05,290 --> 01:05:04,070

then there's like a new snack of oh this

1571

01:05:07,300 --> 01:05:05,300

is something new about the Apollo

1572

01:05:08,890 --> 01:05:07,310

mission that I didn't know or or

1573

01:05:10,570 --> 01:05:08,900

whatever so I kind of go back and forth

1574

01:05:12,490 --> 01:05:10,580

but I don't really have my mind totally

1575

01:05:14,950 --> 01:05:12,500

set up but right now I definitely think

1576

01:05:17,260 --> 01:05:14,960

that we landed on the moon I mean I

1577

01:05:20,500 --> 01:05:17,270

think the big one for me was the getting

1578

01:05:22,510 --> 01:05:20,510

past the van halen belt yeah that was

1579

01:05:25,360 --> 01:05:22,520

always a tough one for me to kind of get

1580

01:05:27,190 --> 01:05:25,370

past but damn it dude I think we figured

1581

01:05:28,960 --> 01:05:27,200

that out but yeah I think we think we

1582

01:05:30,970 --> 01:05:28,970

figure that out I mean Buzz Aldrin has

1583

01:05:32,740 --> 01:05:30,980

been on record saying that he doesn't he

1584

01:05:35,710 --> 01:05:32,750

can't remember if they did go past the

1585

01:05:38,440 --> 01:05:35,720

Vinaya belt or not yeah which is I mean

1586

01:05:40,720 --> 01:05:38,450

he's old maybe he just forgot I don't

1587

01:05:42,700 --> 01:05:40,730

know yeah I don't have I mean you know

1588

01:05:46,630 --> 01:05:42,710

they say the radiation is too strong or

1589

01:05:48,550 --> 01:05:46,640

whatever but yeah again we probably

1590

01:05:51,010 --> 01:05:48,560

figured something out yeah yeah I'm sure

1591

01:05:53,050 --> 01:05:51,020

we've we figured it out yeah sure we

1592

01:05:55,630 --> 01:05:53,060

figured it out by now and and if you

1593

01:05:57,790 --> 01:05:55,640

know basic technology and the things

1594

01:06:03,550 --> 01:05:57,800

that we have obviously you know it's

1595

01:06:05,770 --> 01:06:03,560

like the stuff that they know is 40 to

1596

01:06:08,560 --> 01:06:05,780

80 years ahead of what we have in

1597

01:06:12,070 --> 01:06:08,570

society right yeah sure you know so you

1598

01:06:13,780 --> 01:06:12,080

know even back in like the you know kind

1599

01:06:14,530 --> 01:06:13,790

of taking it back to you know in the 40s

1600

01:06:17,260 --> 01:06:14,540

and stuff

1601

01:06:19,480 --> 01:06:17,270

how they say that from that Roswell

1602

01:06:21,670 --> 01:06:19,490

crash you know they develop fiber optics

1603

01:06:23,050 --> 01:06:21,680

yeah they develop velcro Kevlar things

1604

01:06:25,390 --> 01:06:23,060

like also bright they were already

1605

01:06:28,330 --> 01:06:25,400

running tank they were already running

1606

01:06:31,150 --> 01:06:28,340

you know fiber cable yeah in the 40s

1607

01:06:32,890 --> 01:06:31,160

yeah you know and now Google was like oh

1608

01:06:35,350 --> 01:06:32,900

we had this new technology it's called

1609

01:06:36,700 --> 01:06:35,360

fiber but thought about that yeah oh so

1610

01:06:38,890 --> 01:06:36,710

now you're lining all the streets with

1611

01:06:42,370 --> 01:06:38,900

fiber but we've had that since the 40s

1612

01:06:44,650 --> 01:06:42,380

yeah the hell you been yes new just

1613

01:06:48,190 --> 01:06:44,660

takes industry like a [h__h] ton of time

1614

01:06:51,580 --> 01:06:48,200

to catch up to whatever yeah ya know

1615

01:06:51,940 --> 01:06:51,590

it's crazy but I think we went I think

1616

01:06:54,160 --> 01:06:51,950

we did too

1617

01:06:56,020 --> 01:06:54,170

I think we went and some tools to go

1618

01:06:57,460 --> 01:06:56,030

home so you know you know about the

1619

01:07:01,030 --> 01:06:57,470

there's like a span of time that they

1620

01:07:02,770 --> 01:07:01,040

had to cut off communication for live

1621

01:07:05,470 --> 01:07:02,780

television there's like a three minute

1622

01:07:08,020 --> 01:07:05,480

window where they cut off communication

1623

01:07:10,690 --> 01:07:08,030

so it wasn't being broadcasted live but

1624

01:07:14,050 --> 01:07:10,700

it was going and it's recorded it was

1625

01:07:18,040 --> 01:07:14,060

being broadcasted to the base

1626

01:07:19,570 --> 01:07:18,050

you know Houston and there's recording

1627

01:07:22,270 --> 01:07:19,580

of it you can you have to dig it's not

1628

01:07:24,370 --> 01:07:22,280

Mario it's not EO and he's like it says

1629

01:07:26,470 --> 01:07:24,380

something about hey yeah they're looking

1630

01:07:28,030 --> 01:07:26,480

at us oh yeah he's really hard to make

1631

01:07:29,500 --> 01:07:28,040

out what he's saying but see that yeah

1632

01:07:31,270 --> 01:07:29,510

you see though there's a light or

1633

01:07:34,090 --> 01:07:31,280

something and they're gonna chalk it off

1634

01:07:36,730 --> 01:07:34,100

to interference with radiation on the

1635

01:07:39,100 --> 01:07:36,740

antennas sure or something yeah so

1636

01:07:41,320 --> 01:07:39,110

that's that's really [h__\h] weird I

1637

01:07:43,390 --> 01:07:41,330

think I think they saw something those

1638

01:07:44,800 --> 01:07:43,400

astronaut conversations are cool yeah

1639

01:07:48,190 --> 01:07:44,810

they're really cool they're super cool

1640

01:07:52,990 --> 01:07:48,200

yeah I can't remember what a comedian

1641

01:07:55,000 --> 01:07:53,000

talks about it like yeah the third

1642

01:08:09,820 --> 01:07:55,010

person to get off of the spacecraft and

1643

01:08:12,030 --> 01:08:09,830

touchdown like nobody knows I always try

1644

01:08:15,040 --> 01:08:12,040

to look at those photographs of the

1645

01:08:16,630 --> 01:08:15,050

astronauts taking photos and you can

1646

01:08:18,809 --> 01:08:16,640

kind of make out like the reflection of

1647

01:08:23,170 --> 01:08:18,819

the other guy and the reflection of the

1648

01:08:24,700 --> 01:08:23,180

the had helmet the helmet yeah the visor

1649

01:08:26,479 --> 01:08:24,710

but there's a couple of them when

1650

01:08:28,820 --> 01:08:26,489

there's no reflection of the other guy

1651
01:08:31,820 --> 01:08:28,830
and in the helmet and maybe that's just

1652
01:08:33,860 --> 01:08:31,830
like they photoshopped it for free for

1653
01:08:35,240 --> 01:08:33,870
print or something like that but there's

1654
01:08:37,280 --> 01:08:35,250
a couple that you can find where there's

1655
01:08:39,530 --> 01:08:37,290
no reflection so what's taking the kick

1656
01:08:41,709 --> 01:08:39,540
what's taking the photo I don't know

1657
01:08:48,740 --> 01:08:41,719
they could have photoshopped it out yeah

1658
01:08:50,269 --> 01:08:48,750
they were like if there's anybody out

1659
01:08:55,160 --> 01:08:50,279
there named Albert I'm sure you're

1660
01:08:58,820 --> 01:08:55,170
extremely intelligent yeah yeah it's

1661
01:09:01,249 --> 01:08:58,830
pretty crazy so you were talking kind of

1662
01:09:04,039 --> 01:09:01,259
a little bit about the c-5 I know a

1663
01:09:05,959 --> 01:09:04,049

little bit about it yeah but you were

1664

01:09:08,780 --> 01:09:05,969

saying that you kind of saw a couple

1665

01:09:10,490 --> 01:09:08,790

videos yeah and I watched I watched one

1666

01:09:13,130 --> 01:09:10,500

a day and I'm you kind of get a taste of

1667

01:09:14,959 --> 01:09:13,140

it in Stephen Greer's documentary called

1668

01:09:17,360 --> 01:09:14,969

unacknowledged he talks a little bit

1669

01:09:19,519 --> 01:09:17,370

about it I think it's super interesting

1670

01:09:21,559 --> 01:09:19,529

I know kind of at the beginning is

1671

01:09:23,780 --> 01:09:21,569

starting this podcast we were I think

1672

01:09:25,459 --> 01:09:23,790

I've changed my mind on on I think we

1673

01:09:28,130 --> 01:09:25,469

both changed our minds on how we feel

1674

01:09:29,780 --> 01:09:28,140

about that the spiritual aspect of it

1675

01:09:32,450 --> 01:09:29,790

mm-hmm I think there's like a line that

1676

01:09:34,130 --> 01:09:32,460

you I get annoyed when people are you

1677

01:09:37,309 --> 01:09:34,140

know really really hippy about it and

1678

01:09:39,200 --> 01:09:37,319

yeah like go wait like putting putting

1679

01:09:41,840 --> 01:09:39,210

pyramids on their heads and [h__\h]

1680

01:09:43,039 --> 01:09:41,850

crystals but I think I think we both

1681

01:09:45,320 --> 01:09:43,049

agree that there's some kind of

1682

01:09:47,870 --> 01:09:45,330

spiritual aspect of it so what Steven

1683

01:09:49,099 --> 01:09:47,880

Greer does it's called ce-5 if you're

1684

01:09:50,990 --> 01:09:49,109

listening you want to look up look it up

1685

01:09:53,990 --> 01:09:51,000

on YouTube just type in Steven Greer

1686

01:09:56,690 --> 01:09:54,000

ce-5 and you can find the meditation

1687

01:10:00,709 --> 01:09:56,700

video he recorded a Foley it's like 45

1688

01:10:03,050 --> 01:10:00,719

minutes long it's it's kind of like my

1689

01:10:05,270 --> 01:10:03,060

wife listens to the the call map and

1690

01:10:06,920 --> 01:10:05,280

it's it's just meditation for like 34

1691

01:10:09,110 --> 01:10:06,930

minutes and somebody's talking it's just

1692

01:10:12,500 --> 01:10:09,120

like that and it starts out just like

1693

01:10:14,660 --> 01:10:12,510

that - it's a clear your mind it's

1694

01:10:17,330 --> 01:10:14,670

really calming there's like a refill

1695

01:10:19,190 --> 01:10:17,340

wreath wait I'll read the Franco Aretha

1696

01:10:21,890 --> 01:10:19,200

Franklin is gonna wreath of Franklin in

1697

01:10:29,540 --> 01:10:21,900

there it's like ethereal music in the

1698

01:10:31,580 --> 01:10:29,550

background so it's it starts off really

1699

01:10:33,410 --> 01:10:31,590

chill like that and then he starts

1700

01:10:37,670 --> 01:10:33,420

talking about all right so just picture

1701
01:10:39,449 --> 01:10:37,680
like imagine you're going through space

1702
01:10:41,279 --> 01:10:39,459
and you're just kind of

1703
01:10:44,520 --> 01:10:41,289
putting out this energy of love and

1704
01:10:46,739 --> 01:10:44,530
understanding and acceptance out into

1705
01:10:48,660 --> 01:10:46,749
space in an empty space there's not any

1706
01:10:51,750 --> 01:10:48,670
planets around either Stars and kind of

1707
01:10:53,790 --> 01:10:51,760
focus on like a star that doesn't have

1708
01:10:55,529 --> 01:10:53,800
to have a different you know specific

1709
01:10:57,390 --> 01:10:55,539
kind of color or anything like that and

1710
01:10:59,489 --> 01:10:57,400
just kind of send out this thing like

1711
01:11:02,129 --> 01:10:59,499
hey I'm here to kind of just hang out

1712
01:11:05,310 --> 01:11:02,139
with you and you know feel your energy

1713
01:11:06,810 --> 01:11:05,320

and all that and I really want to make

1714

01:11:08,910 --> 01:11:06,820

contact and communicate with somebody

1715

01:11:10,830 --> 01:11:08,920

and anyway it's really long but by the

1716

01:11:13,259 --> 01:11:10,840

end of it he he tells you to kind of

1717

01:11:15,509 --> 01:11:13,269

look now look back on earth and picture

1718

01:11:17,669 --> 01:11:15,519

ourselves in our position in our galaxy

1719

01:11:20,429 --> 01:11:17,679

and now zoom in a little further now you

1720

01:11:21,929 --> 01:11:20,439

see our solar system zoom zoom in a

1721

01:11:23,850 --> 01:11:21,939

little further than I see our earth and

1722

01:11:26,399 --> 01:11:23,860

then a zoom in and see where you are in

1723

01:11:28,709 --> 01:11:26,409

your city in your state and then picture

1724

01:11:31,379 --> 01:11:28,719

yourself is like you're looking at

1725

01:11:34,589 --> 01:11:31,389

yourself from the sky yeah and then

1726

01:11:36,719 --> 01:11:34,599

that's when I guess in his videos you

1727

01:11:39,390 --> 01:11:36,729

can find is that's how he vectors in

1728

01:11:41,520 --> 01:11:39,400

it's called vectoring in these these et

1729

01:11:42,839 --> 01:11:41,530

these nights that come up and I mean

1730

01:11:44,279 --> 01:11:42,849

there's there's proof of these things

1731

01:11:45,330 --> 01:11:44,289

just showing up he'll take a group out

1732

01:11:47,850 --> 01:11:45,340

there and they'll do this meditation

1733

01:11:49,979 --> 01:11:47,860

thing and they have their like bowls

1734

01:11:51,359 --> 01:11:49,989

with that weird noise that comes out you

1735

01:11:56,850 --> 01:11:51,369

know I have one dude we'll bring it to

1736

01:12:00,060 --> 01:11:56,860

Sedona with us see the works so yeah I

1737

01:12:02,459 --> 01:12:00,070

mean so so you have to so meditating is

1738

01:12:05,069 --> 01:12:02,469

a big part of it right cubes that's all

1739

01:12:07,040 --> 01:12:05,079

it is and you know that's it you know

1740

01:12:09,600 --> 01:12:07,050

like I guess that's kind of where like

1741

01:12:11,459 --> 01:12:09,610

sometimes you would lose me right yeah

1742

01:12:13,290 --> 01:12:11,469

when they're like yeah you gotta share

1743

01:12:15,629 --> 01:12:13,300

your positive energy yeah share your

1744

01:12:18,600 --> 01:12:15,639

love you know share good intentions

1745

01:12:21,359 --> 01:12:18,610

which you're like so lame so that you

1746

01:12:23,489 --> 01:12:21,369

are contacting something I think that

1747

01:12:25,049 --> 01:12:23,499

you'd rather share that energy than be

1748

01:12:29,399 --> 01:12:25,059

pissed off and be like oh yeah

1749

01:12:31,169 --> 01:12:29,409

mmm you suck you know you don't want to

1750

01:12:33,899 --> 01:12:31,179

tell them where you're at you know bring

1751

01:12:36,870 --> 01:12:33,909

me smelly McDonald's burger damn it

1752

01:12:38,609 --> 01:12:36,880

prove it like I'm just angry and get

1753

01:12:40,439 --> 01:12:38,619

that negative energy and then maybe they

1754

01:12:43,080 --> 01:12:40,449

show up and they're like kick your ass

1755

01:12:45,449 --> 01:12:43,090

we're gonna kill you yeah we're gonna

1756

01:12:46,679 --> 01:12:45,459

steal you and stick something up I mean

1757

01:12:47,969 --> 01:12:46,689

it's just like meeting somebody you've

1758

01:12:49,469 --> 01:12:47,979

never met before you don't want to be an

1759

01:12:50,910 --> 01:12:49,479

[h__\h] the first time you meet them

1760

01:12:52,979 --> 01:12:50,920

yeah you want to put it on a good

1761

01:12:54,239 --> 01:12:52,989

impression and it's like look I don't

1762

01:12:56,250 --> 01:12:54,249

you don't know who you are it's kind of

1763

01:12:58,319 --> 01:12:56,260

like if you see like a wild dog right

1764

01:13:03,270 --> 01:12:58,329

you know like I'm the I'm a mean person

1765

01:13:05,700 --> 01:13:03,280

you're right like hey doggie nice I have

1766

01:13:07,229 --> 01:13:05,710

cookies like bacon you just want to be

1767

01:13:08,850 --> 01:13:07,239

real cool with it right you don't know

1768

01:13:11,489 --> 01:13:08,860

you don't want to amp it up - I'm

1769

01:13:13,290 --> 01:13:11,499

getting mad at you so wallet does sound

1770

01:13:16,680 --> 01:13:13,300

a little hippie dippity-do pity you know

1771

01:13:18,899 --> 01:13:16,690

in a little crazy like I think that's

1772

01:13:20,910 --> 01:13:18,909

where you'd want to go with it you would

1773

01:13:22,620 --> 01:13:20,920

want to be as nice as possible

1774

01:13:24,419 --> 01:13:22,630

absolutely I think there's something to

1775

01:13:27,989 --> 01:13:24,429

it I mean he's obviously proved that it

1776

01:13:29,700 --> 01:13:27,999

works he's not the only one who does it

1777

01:13:31,859 --> 01:13:29,710

apparently you know there's other people

1778

01:13:33,689 --> 01:13:31,869

who do this as well yeah I've seen a

1779

01:13:36,029 --> 01:13:33,699

couple of YouTube videos that you know

1780

01:13:39,779 --> 01:13:36,039

aren't him but they follow that same

1781

01:13:42,209 --> 01:13:39,789

that same thing nice you know that cake

1782

01:13:47,790 --> 01:13:42,219

is a lot of crap he does he gets a lot

1783

01:13:49,919 --> 01:13:47,800

of [h__h] yeah and yes I see it I know

1784

01:13:51,839 --> 01:13:49,929

this yeah there's a bunch of people that

1785

01:13:56,009 --> 01:13:51,849

try to call him out for a bunch of stuff

1786

01:13:58,229 --> 01:13:56,019

I mean yeah he's fine like he hasn't

1787

01:13:58,500 --> 01:13:58,239

done anything to offend me yeah me

1788

01:14:01,049 --> 01:13:58,510

either

1789

01:14:03,239 --> 01:14:01,059

I mean I guess he hasn't you know taking

1790

01:14:04,560 --> 01:14:03,249

my money or anything but you know I

1791

01:14:06,450 --> 01:14:04,570

think that's like one of the biggest

1792

01:14:07,890 --> 01:14:06,460

things is when people see stuff like

1793

01:14:10,739 --> 01:14:07,900

this they're like oh he's just doing it

1794

01:14:14,069 --> 01:14:10,749

for money it's a scam right you know but

1795

01:14:17,910 --> 01:14:14,079

I mean who else has shown you how to

1796

01:14:19,470 --> 01:14:17,920

find aliens I'm sorry point yeah have

1797

01:14:21,479 --> 01:14:19,480

you showed me I had a fun an alien I'll

1798

01:14:21,959 --> 01:14:21,489

pay you 100 bucks right now yeah I will

1799

01:14:23,339 --> 01:14:21,969

pay you

1800

01:14:25,770 --> 01:14:23,349

that's it and that doesn't have to be

1801

01:14:31,169 --> 01:14:25,780

your job but we talked about this right

1802

01:14:36,239 --> 01:14:31,179

you know I don't I'm not trying to spend

1803

01:14:37,950 --> 01:14:36,249

500 to die either right now that's a

1804

01:14:38,930 --> 01:14:37,960

good show me how to find an alien I'll

1805

01:14:41,370 --> 01:14:38,940

give you a hundred bucks absolutely

1806

01:14:42,959 --> 01:14:41,380

Steven Greer if you can show me I find

1807

01:14:45,750 --> 01:14:42,969

an alien yeah I'll give you a hundred

1808

01:14:47,970 --> 01:14:45,760

bucks he's like yeah but my class is 350

1809

01:14:50,279 --> 01:14:47,980

Stephen Grabill pay you on her bucks dog

1810

01:14:52,589 --> 01:14:50,289

dude that's it I think he does do it for

1811

01:14:56,459 --> 01:14:52,599

like if you want to go out I think it's

1812

01:14:58,649 --> 01:14:56,469

like \$700 an hour my dad and the first

1813

01:15:00,899 --> 01:14:58,659

hour is just meditating and being quiet

1814

01:15:02,339 --> 01:15:00,909

yeah I think it's like if you want to

1815

01:15:04,109 --> 01:15:02,349

spend the weekend it's it's in the

1816

01:15:05,969 --> 01:15:04,119

thousands I could be wrong in that first

1817

01:15:10,080 --> 01:15:05,979

number but I know it sounded really

1818

01:15:17,520 --> 01:15:10,090

[h__\h] high dude okay all right

1819

01:15:20,759 --> 01:15:17,530

so were you back on the scam thing again

1820

01:15:22,709 --> 01:15:20,769

it depends on if he's making me grilled

1821

01:15:27,870 --> 01:15:22,719

cheese and like he's you know is he

1822

01:15:32,009 --> 01:15:27,880

gonna rub my back yeah hey bring that

1823

01:15:33,540 --> 01:15:32,019

little bellman what if you could just

1824

01:15:37,469 --> 01:15:33,550

tell them what to do a whole time yeah

1825

01:15:46,560 --> 01:15:37,479

then I'll pay you \$1,000 relax I can't

1826

01:15:48,479 --> 01:15:46,570

get my they come in a night man yeah

1827

01:15:51,330 --> 01:15:48,489

that's that's I mean that's pretty

1828

01:15:55,799 --> 01:15:51,340

interesting I mean it's a lot of money

1829

01:15:59,850 --> 01:15:55,809

but again show me how to find aliens

1830

01:16:02,399 --> 01:15:59,860

yeah I'm in you know down I mean I don't

1831

01:16:09,660 --> 01:16:02,409

know but you know who knows you maybe

1832

01:16:12,479 --> 01:16:09,670

we'll go out there house down just stop

1833

01:16:14,549 --> 01:16:12,489

recording yeah yeah you know I don't

1834

01:16:16,680 --> 01:16:14,559

know I guess that's a lot of money dude

1835

01:16:18,000 --> 01:16:16,690

that's a lot of money but I guess we'll

1836

01:16:20,489 --> 01:16:18,010

go out there and we'll give it a shot

1837

01:16:22,799 --> 01:16:20,499

yeah and we'll try it on the road yeah I

1838

01:16:25,350 --> 01:16:22,809

mean how do most people do [h__h] nowadays

1839

01:16:28,950 --> 01:16:25,360

they you do it yeah well you to it yeah

1840

01:16:31,830 --> 01:16:28,960

well you do it's free yes and it's and

1841

01:16:33,839 --> 01:16:31,840

if it doesn't work okay then maybe I'll

1842

01:16:36,899 --> 01:16:33,849

pay Steven Greer a thousand dollars yeah

1843

01:16:39,270 --> 01:16:36,909

you know I'm in but I guess it once he

1844

01:16:40,709 --> 01:16:39,280

teaches you guys just do by yourself

1845

01:16:41,669 --> 01:16:40,719

yeah you can just do it by yourself

1846

01:16:43,950 --> 01:16:41,679

right I think that's the whole point

1847

01:16:46,290 --> 01:16:43,960

maybe it is worth the investment yeah

1848

01:16:48,989 --> 01:16:46,300

well I think I mean even if you watch

1849

01:16:50,819 --> 01:16:48,999

the YouTube video I bet you will see cuz

1850

01:16:52,169 --> 01:16:50,829

we're gonna try it yeah what you have to

1851

01:16:53,759 --> 01:16:52,179

watch the whole video that I'll watch it

1852

01:16:58,950 --> 01:16:53,769

i watch the whole right and see what

1853

01:17:00,209 --> 01:16:58,960

happens man I mean I feel like that's a

1854

01:17:01,670 --> 01:17:00,219

pretty good time stop yeah it's pretty

1855

01:17:08,930 --> 01:17:01,680

good

1856

01:17:12,620 --> 01:17:08,940

so coming up I think next Wednesday

1857

01:17:16,000 --> 01:17:12,630

we've got Chris doc he's a an Austin

1858

01:17:18,050 --> 01:17:16,010

artist with raw pas and cognitive duty

1859

01:17:19,640 --> 01:17:18,060

we've known him for a really long time

1860

01:17:22,340 --> 01:17:19,650

he actually designed our first band

1861

01:17:24,020 --> 01:17:22,350

shirts and printed them he's been a good

1862

01:17:27,530 --> 01:17:24,030

friend for a really long time he just

1863

01:17:29,990 --> 01:17:27,540

opened up his design shop in Austin and

1864

01:17:31,490 --> 01:17:30,000

he also just wrote this new book that he

1865

01:17:35,450 --> 01:17:31,500

just put out it's called secrets of

1866

01:17:39,740 --> 01:17:35,460

Earth by Chris doc and it's a collection

1867

01:17:41,630 --> 01:17:39,750

of near-death experiences I know his

1868

01:17:43,310 --> 01:17:41,640

perspective is really like he's got a

1869

01:17:46,010 --> 01:17:43,320

lot of really awesome ideas and I can't

1870

01:17:47,930 --> 01:17:46,020

wait to talk about this subject and one

1871

01:17:50,210 --> 01:17:47,940

of me that guy's brain for sure I can't

1872

01:17:52,430 --> 01:17:50,220

wait excited it's been a long time since

1873

01:17:53,840 --> 01:17:52,440

we've had like a in-depth chat so I'm

1874

01:17:56,150 --> 01:17:53,850

excited to see like his take on things

1875

01:17:59,240 --> 01:17:56,160

maybe we'll talk about you know whatever

1876

01:18:01,130 --> 01:17:59,250

it gonna yeah we'll just we'll just go

1877

01:18:02,960 --> 01:18:01,140

in on it yeah yeah so that's gonna be

1878

01:18:04,400 --> 01:18:02,970

next week our first guest I'm super

1879

01:18:07,090 --> 01:18:04,410

stoked about it yeah it's gonna be cool

1880

01:18:10,010 --> 01:18:07,100

oh yeah just two I wanted to close on

1881

01:18:13,490 --> 01:18:10,020

the area 51 raid so now it's over a

1882

01:18:16,010 --> 01:18:13,500

million people have joined the group so

1883

01:18:18,320 --> 01:18:16,020

what I want to do is interview somebody

1884

01:18:21,020 --> 01:18:18,330

that is actually going like find

1885

01:18:22,760 --> 01:18:21,030

somebody that's actually going and maybe

1886

01:18:25,070 --> 01:18:22,770

just even get them out like to call in

1887

01:18:27,230 --> 01:18:25,080

and talk to them and just see like what

1888

01:18:28,700 --> 01:18:27,240

their plan is and just see what's that

1889

01:18:31,370 --> 01:18:28,710

would be interesting yeah as in well

1890

01:18:32,810 --> 01:18:31,380

over a million people are not gonna show

1891

01:18:35,570 --> 01:18:32,820

up others just doing it for funny like

1892

01:18:36,920 --> 01:18:35,580

one person one percent might you know

1893

01:18:41,540 --> 01:18:36,930

actually show and that's like a hundred

1894

01:18:42,200 --> 01:18:41,550

you know it just still it's that's

1895

01:18:44,540 --> 01:18:42,210

pretty dangerous

1896

01:18:47,660 --> 01:18:44,550

I still don't recommend you do that but

1897

01:18:49,670 --> 01:18:47,670

yeah it it is a cool thing it's it's

1898

01:18:52,040 --> 01:18:49,680

hilarious yeah it does kind of show you

1899

01:18:57,110 --> 01:18:52,050

oh I saw one that I could get behind

1900

01:18:59,390 --> 01:18:57,120

today and it was a raid the Fed the

1901

01:19:02,810 --> 01:18:59,400

Federal Reserve they can't stop us all

1902

01:19:04,430 --> 01:19:02,820

oh did you see the vacuum whoa there's a

1903

01:19:05,930 --> 01:19:04,440

wave of attitude

1904

01:19:07,970 --> 01:19:05,940

I mean you know this kind of set a

1905

01:19:10,310 --> 01:19:07,980

precedent whether you agree with in

1906

01:19:12,050 --> 01:19:10,320

being a good idea or not it does kind of

1907

01:19:13,620 --> 01:19:12,060

show you that you could rally over

1908

01:19:15,660 --> 01:19:13,630

Cillian people yeah

1909

01:19:18,780 --> 01:19:15,670

something just so facebook bro so the

1910

01:19:21,660 --> 01:19:18,790

people who are you know running things

1911

01:19:24,840 --> 01:19:21,670

and you know if you piss enough people

1912

01:19:26,100 --> 01:19:24,850

off you know we got the power yeah

1913

01:19:28,650 --> 01:19:26,110

exactly man

1914

01:19:30,690 --> 01:19:28,660

so one interesting thing if you I could

1915

01:19:32,370 --> 01:19:30,700

I haven't done it try to maybe we'll do

1916

01:19:34,350 --> 01:19:32,380

it right now but I saw on reddit that

1917

01:19:36,960 --> 01:19:34,360

somebody tried to look up directions to

1918

01:19:40,350 --> 01:19:36,970

area 51 and they've removed the

1919

01:19:43,410 --> 01:19:40,360

directions for Mary yeah yeah I mean

1920

01:19:45,810 --> 01:19:43,420

it's it's so that that area

1921

01:19:48,570 --> 01:19:45,820

I learned this recently that area is the

1922

01:19:51,060 --> 01:19:48,580

size of Connecticut whoa yeah

1923

01:19:56,040 --> 01:19:51,070

and to get down into that area it's like

1924

01:19:59,190 --> 01:19:56,050

a 8,000 elevation if that was a foot

1925

01:20:03,150 --> 01:19:59,200

elevation difference Wow so that is a

1926

01:20:06,000 --> 01:20:03,160

long walk so good luck good luck

1927

01:20:09,210 --> 01:20:06,010

you have to like the closest you can get

1928

01:20:10,920 --> 01:20:09,220

it I think is like seven miles from the

1929

01:20:13,980 --> 01:20:10,930

base so then you're gonna have to hike

1930

01:20:18,180 --> 01:20:13,990

seven miles and then do this elevation

1931

01:20:21,030 --> 01:20:18,190

change through the mountain range if

1932

01:20:22,320 --> 01:20:21,040

they don't shoot you first okay so I

1933

01:20:24,450 --> 01:20:22,330

don't I don't know if they actually

1934

01:20:26,610 --> 01:20:24,460

removed the area of everyone probably

1935

01:20:28,950 --> 01:20:26,620

wasn't on the map and to begin with yeah

1936

01:20:31,470 --> 01:20:28,960

but I saw a post on Reddit that they

1937

01:20:33,930 --> 01:20:31,480

they typed in some coordinates and it

1938

01:20:35,580 --> 01:20:33,940

had like a picture of a UFO and it said

1939

01:20:35,820 --> 01:20:35,590

oops it can't find what you're looking

1940

01:20:37,230 --> 01:20:35,830

for

1941

01:20:40,770 --> 01:20:37,240

oh that's funny I thought that was

1942

01:20:42,660 --> 01:20:40,780

pretty funny yeah but anyway yeah man

1943

01:20:45,450 --> 01:20:42,670

well cool dude that was a good one now

1944

01:20:46,860 --> 01:20:45,460

was a good one so next week Chris Doc's

1945

01:20:49,050 --> 01:20:46,870

secrets of earth couldn't be talking to

1946

01:20:50,580 --> 01:20:49,060

him about his book and picking his brain

1947

01:20:52,680 --> 01:20:50,590

and a couple things check him out on

1948

01:20:55,530 --> 01:20:52,690

Facebook and he's got his book for sale

1949

01:20:57,900 --> 01:20:55,540

yeah yeah so you guys check that out and

1950

01:20:59,520 --> 01:20:57,910

maybe buy it read it and then you get to

1951

01:21:00,510 --> 01:20:59,530

hear Chris on the podcast next week

1952
