8
00:00:34,459 --> 00:00:27,539
history people ladies and gentlemen

9
00:00:36,110 --> 00:00:34,469
introducing Chris doc all right dude

10
00:00:38,360 --> 00:00:36,120
we're pretty stoked to have you on man

11
00:00:42,260 --> 00:00:38,370
well she's gonna be pretty sweet glad to

12
00:00:44,990 --> 00:00:42,270
be here so I mean you got this new book

13
00:00:47,180 --> 00:00:45,000

that you just came out with right let's

14

00:00:49,639 --> 00:00:47,190

tell everybody you know what kind of

15

00:00:51,500 --> 00:00:49,649

what this is about what this book is is

16

00:00:53,630 --> 00:00:51,510

gonna be about and well first off

17

00:00:55,910 --> 00:00:53,640

explain to people that are listening who

18

00:00:56,840 --> 00:00:55,920

don't know you you're an artist here in

19

00:00:59,479 --> 00:00:56,850

Austin Texas

20

00:01:01,130 --> 00:00:59,489

raha goin a little bit on that and like

21

00:01:06,740 --> 00:01:01,140

kind of give a little background so way

22

00:01:09,170 --> 00:01:06,750

better start yeah see I run a print shop

23

00:01:12,050 --> 00:01:09,180

in Austin we're also an art collective

24

00:01:14,929 --> 00:01:12,060

and a gallery so yeah I just sort of a

25

00:01:16,550 --> 00:01:14,939

lot of the things that I do is send it

26
00:01:18,380 --> 00:01:16,560
around the idea of trying to become an

27
00:01:21,530 --> 00:01:18,390
artist figure out how that works

28
00:01:24,109 --> 00:01:21,540
looks like and yeah roppa printing

29
00:01:25,850 --> 00:01:24,119
t-shirts um running art shows having

30
00:01:28,190 --> 00:01:25,860
offense a lot of other things that led

31
00:01:29,990 --> 00:01:28,200
to that nice Rob Paul yeah when Trapp ha

32
00:01:32,899 --> 00:01:30,000
how long have you had that new studio

33
00:01:35,030 --> 00:01:32,909
over on the south we've been in there

34
00:01:37,749 --> 00:01:35,040
for about three years

35
00:01:40,399 --> 00:01:37,759
open to the public for about a year ya

36
00:01:43,069 --> 00:01:40,409
know can anybody just go in there and

37
00:01:44,719 --> 00:01:43,079
like yeah I don't like it said it's a

38
00:01:47,539 --> 00:01:44,729

shop and a gallery so you can just come

39

00:01:49,789 --> 00:01:47,549

in all around yeah yeah I remember

40

00:01:52,370 --> 00:01:49,799

Britain had made did some woodworking

41

00:01:54,230 --> 00:01:52,380

and made some of y'all's tables or was

42

00:01:58,100 --> 00:01:54,240

the tables and show some displays and

43

00:01:59,389 --> 00:01:58,110

shelves and yeah woodworking yes I guess

44

00:02:04,760 --> 00:01:59,399

I saw a little bit of it I don't think I

45

00:02:05,840 --> 00:02:04,770

saw all the new tables or displays when

46

00:02:07,700 --> 00:02:05,850

I walked in there to get those shirts

47

00:02:09,650 --> 00:02:07,710

but it looked awesome dude it's such an

48

00:02:12,440 --> 00:02:09,660

awesome space a nice display it just

49

00:02:13,110 --> 00:02:12,450

feels good yeah we got white walls we

50

00:02:18,119 --> 00:02:13,120

got pink

51
00:02:19,470 --> 00:02:18,129
around the edge books are just a lot of

52
00:02:22,020 --> 00:02:19,480
good stuff so this is just a like a

53
00:02:24,540 --> 00:02:22,030
group of you guys and y'all create this

54
00:02:26,759 --> 00:02:24,550
artwork and then you have the shop and

55
00:02:28,619 --> 00:02:26,769
you kind of sell stuff out of it or is

56
00:02:30,180 --> 00:02:28,629
it like a place where any artist could

57
00:02:32,160 --> 00:02:30,190
be like hey check this out did you be

58
00:02:33,900 --> 00:02:32,170
interested in yeah yeah it's on your

59
00:02:35,940 --> 00:02:33,910
wall it's a group of us it's a network

60
00:02:38,100 --> 00:02:35,950
that's cool Sam starts as like a core of

61
00:02:40,050 --> 00:02:38,110
us running the business and then ice we

62
00:02:41,789 --> 00:02:40,060
work with artists constantly oh that's

63
00:02:43,440 --> 00:02:41,799

awesome that's awesome that's really

64

00:02:44,580 --> 00:02:43,450

cool me yeah that's really cool I

65

00:02:46,170 --> 00:02:44,590

haven't been down there to check it out

66

00:02:47,280 --> 00:02:46,180

but yeah we didn't get a book yeah we

67

00:02:48,930 --> 00:02:47,290

need to go check it out I missed the

68

00:02:50,910 --> 00:02:48,940

opening party that looked like it was a

69

00:02:52,530 --> 00:02:50,920

lot of fun that's good and and y'all

70

00:02:54,539 --> 00:02:52,540

just recently did some artwork for

71

00:02:56,490 --> 00:02:54,549

shakey graves and what was the other

72

00:03:00,569 --> 00:02:56,500

band that was on that doctor dog doctor

73

00:03:02,850 --> 00:03:00,579

dog and we we printed I met shakey like

74

00:03:04,530 --> 00:03:02,860

I was like walking up to a house like

75

00:03:06,990 --> 00:03:04,540

many years ago and I just heard like

76

00:03:08,880 --> 00:03:07,000

this this like voice like coming out of

77

00:03:12,210 --> 00:03:08,890

the house yeah it just had struck me

78

00:03:13,830 --> 00:03:12,220

differently I was like it was like just

79

00:03:15,449 --> 00:03:13,840

like and then I like went inside it was

80

00:03:17,729 --> 00:03:15,459

just like him playing on a briefcase

81

00:03:19,740 --> 00:03:17,739

till like 12 people in a room so he has

82

00:03:21,509 --> 00:03:19,750

he had a suitcase with it yeah yeah and

83

00:03:25,140 --> 00:03:21,519

I was just like oh my god this guy's

84

00:03:27,750 --> 00:03:25,150

gonna be huge I just felt that way yeah

85

00:03:30,500 --> 00:03:27,760

that's cool I mean that was I mean he

86

00:03:33,660 --> 00:03:30,510

moved from Dallas to Austin about maybe

87

00:03:35,879 --> 00:03:33,670

eight nine years ago cuz we we opened up

88

00:03:38,009 --> 00:03:35,889

four or he opened up for us back in that

89

00:03:39,930 --> 00:03:38,019

yeah yeah so we've actually played a

90

00:03:42,270 --> 00:03:39,940

couple shows with him yeah such an

91

00:03:44,069 --> 00:03:42,280

awesome greatness every time every time

92

00:03:45,449 --> 00:03:44,079

you kill it we're we're sitting there

93

00:03:47,490 --> 00:03:45,459

like alright there's magic in that

94

00:03:51,750 --> 00:03:47,500

little suit case should be headlining

95

00:03:54,089 --> 00:03:51,760

yeah why are we yeah there's a lot of

96

00:03:55,890 --> 00:03:54,099

good artists in Austin happy to be here

97

00:03:58,199 --> 00:03:55,900

happy to be working with other artists

98

00:04:00,330 --> 00:03:58,209

and meeting people around the around the

99

00:04:02,610 --> 00:04:00,340

country through the process yeah yeah

100

00:04:04,830 --> 00:04:02,620

it's cool man so how does that that

101
00:04:06,780 --> 00:04:04,840
process go tis like a band or maybe

102
00:04:09,089 --> 00:04:06,790
their manager like hit you up hey we

103
00:04:10,710 --> 00:04:09,099
have this tour coming up and we'd like

104
00:04:12,509 --> 00:04:10,720
some shirts and we've seen your work is

105
00:04:15,059 --> 00:04:12,519
that kind of how it is just like friends

106
00:04:17,310 --> 00:04:15,069
through friends or yeah we're just kind

107
00:04:21,810 --> 00:04:17,320
of print good t-shirts and people that

108
00:04:24,959 --> 00:04:21,820
need good t-shirts designs it though is

109
00:04:27,020 --> 00:04:24,969
it does it normally you or maybe we're

110
00:04:28,520 --> 00:04:27,030
all artists and we just sort of

111
00:04:30,650 --> 00:04:28,530
work for the network of artists we and

112
00:04:32,690 --> 00:04:30,660
we try to find the best one like the

113
00:04:34,940 --> 00:04:32,700

best artist to fit the project yeah

114

00:04:37,280 --> 00:04:34,950

we're not I'm not really good at like

115

00:04:38,870 --> 00:04:37,290

fitting my style to things that is not

116

00:04:41,180 --> 00:04:38,880

my style yeah and I don't think anyone

117

00:04:43,730 --> 00:04:41,190

else's course so we try to stick to her

118

00:04:45,680 --> 00:04:43,740

what we do and focus on that yeah that's

119

00:04:47,900 --> 00:04:45,690

cool I mean I'm in the process of

120

00:04:49,700 --> 00:04:47,910

looking for somebody to do a tattoo

121

00:04:50,840 --> 00:04:49,710

actually hit you up on Facebook because

122

00:04:52,760 --> 00:04:50,850

I was thinking I wanted something

123

00:04:54,650 --> 00:04:52,770

geometric at first because I wanted like

124

00:04:56,600 --> 00:04:54,660

a quarter length sleeve and I was

125

00:04:57,740 --> 00:04:56,610

thinking something geometric and then I

126
00:05:00,050 --> 00:04:57,750
kind of changed my mind like halfway

127
00:05:03,530 --> 00:05:00,060
through yeah but I found out like just

128
00:05:05,780 --> 00:05:03,540
learning about the tattoo industry the

129
00:05:09,500 --> 00:05:05,790
actual artists like you can't just say

130
00:05:11,360 --> 00:05:09,510
hey I want a portrait of you know Alf on

131
00:05:15,920 --> 00:05:11,370
my back yeah not everybody does you

132
00:05:17,600 --> 00:05:15,930
gotta find somebody specific yes yeah I

133
00:05:19,670 --> 00:05:17,610
feel like not a lot of people know that

134
00:05:23,080 --> 00:05:19,680
like people here oh you're an artist can

135
00:05:26,000 --> 00:05:23,090
you draw me a picture of a bird like

136
00:05:27,469 --> 00:05:26,010
there's like a it's like a craft to like

137
00:05:30,590 --> 00:05:27,479
finding the right artist for the right

138
00:05:34,460 --> 00:05:30,600

project you know yeah definitely

139

00:05:39,170 --> 00:05:34,470

definitely well so I read your book it's

140

00:05:42,290 --> 00:05:39,180

called secrets of Earth dude it was such

141

00:05:45,380 --> 00:05:42,300

a joy reading this and just like for

142

00:05:48,860 --> 00:05:45,390

those listening it's it's just a great

143

00:05:51,590 --> 00:05:48,870

book I'll let you kind of like go in on

144

00:05:54,320 --> 00:05:51,600

maybe you know what what the inspiration

145

00:05:56,510 --> 00:05:54,330

I mean obviously it was like a real life

146

00:05:57,740 --> 00:05:56,520

experience but man the illustrations and

147

00:05:59,779 --> 00:05:57,750

there's just the storing telling is

148

00:06:00,770 --> 00:05:59,789

super compelling it really makes you

149

00:06:02,480 --> 00:06:00,780

think and they just kind of lose

150

00:06:04,279 --> 00:06:02,490

yourself into this other dimension like

151
00:06:08,540 --> 00:06:04,289
I kind of I couldn't put this thing down

152
00:06:11,360 --> 00:06:08,550
I appreciate that yeah I'd say it's sort

153
00:06:14,930 --> 00:06:11,370
of like a fictional telling of a lot of

154
00:06:17,480 --> 00:06:14,940
theories and experiences I've had sort

155
00:06:19,730 --> 00:06:17,490
of just trying to like take a lot of my

156
00:06:21,920 --> 00:06:19,740
thoughts on what is reality what's

157
00:06:24,290 --> 00:06:21,930
happening what's out there and then add

158
00:06:26,960 --> 00:06:24,300
in like a lot of imaginary elements too

159
00:06:29,090 --> 00:06:26,970
and sort of just sort of them have this

160
00:06:30,920 --> 00:06:29,100
like I don't know world growing inside

161
00:06:32,740 --> 00:06:30,930
my head or outside my head or out I

162
00:06:36,529 --> 00:06:32,750
don't know really know where it is but

163
00:06:38,510 --> 00:06:36,539

there's just a lot that is there now and

164

00:06:46,010 --> 00:06:38,520

I have this like I have to

165

00:06:49,369 --> 00:06:46,020

tell the stories start worst of course

166

00:06:52,100 --> 00:06:49,379

is the goddamn spam risk Fabrice roto

167

00:06:57,830 --> 00:06:52,110

you should answer - oh yeah do please

168

00:07:10,640 --> 00:06:57,840

yeah answer it let's see here

169

00:07:12,320 --> 00:07:10,650

no speaker I like that we're important

170

00:07:16,839 --> 00:07:12,330

to them how are you gonna call somebody

171

00:07:26,240 --> 00:07:24,379

hello hello hey how's it going Wow a

172

00:07:28,850 --> 00:07:26,250

spammer what else do you like I just got

173

00:07:31,999 --> 00:07:28,860

this you just got ghosts you're really

174

00:07:35,180 --> 00:07:32,009

good at this to do anything honestly

175

00:07:37,790 --> 00:07:35,190

love talking those people just say hello

176

00:07:42,200 --> 00:07:37,800

I think like they're so used to people

177

00:07:44,330 --> 00:07:42,210

like meeting them like with a door shut

178

00:07:46,309 --> 00:07:44,340

right away like take me off this list

179

00:07:48,200 --> 00:07:46,319

yeah I feel like I just like to kind of

180

00:07:56,990 --> 00:07:48,210

like talk with them I think they have

181

00:07:59,510 --> 00:07:57,000

fun with it just normal people you know

182

00:08:01,999 --> 00:07:59,520

I mean as long as it's not like a robot

183

00:08:03,860 --> 00:08:02,009

you know the robots are fun too cuz then

184

00:08:05,990 --> 00:08:03,870

what I'll do with the robot is I'll just

185

00:08:07,999 --> 00:08:06,000

try to ask them as many questions as I

186

00:08:09,769 --> 00:08:08,009

can as fast as I can I got to one point

187

00:08:11,629 --> 00:08:09,779

where it was like answering multiple

188

00:08:23,300 --> 00:08:11,639

questions at the same time it was like

189

00:08:25,159 --> 00:08:23,310

it was like one note I was like always

190

00:08:26,870 --> 00:08:25,169

try to do that and then if if I'm not

191

00:08:30,439 --> 00:08:26,880

feeling the person then I'll try to sell

192

00:08:31,969 --> 00:08:30,449

them t-shirts oh I'd be like you know do

193

00:08:34,670 --> 00:08:31,979

you wear a company sure it's gonna talk

194

00:08:41,510 --> 00:08:34,680

to a manager look if they're if they're

195

00:08:43,399 --> 00:08:41,520

rude to me that I'm like so if you if

196

00:08:45,889 --> 00:08:43,409

you ask multiple questions in a row they

197

00:08:47,389 --> 00:08:45,899

yes or them sequentially like you get

198

00:08:49,020 --> 00:08:47,399

this I feel like you get a good sense of

199

00:08:53,790 --> 00:08:49,030

how advanced

200

00:08:55,590 --> 00:08:53,800

a super-advanced I don't know maybe

201

00:08:58,320 --> 00:08:55,600

that's I wouldn't maybe an in-person

202

00:09:01,620 --> 00:08:58,330

answer a lot of questions in one breath

203

00:09:05,160 --> 00:09:01,630

I don't yeah just try to just like ask

204

00:09:10,100 --> 00:09:05,170

them a bunch of questions but the elf

205

00:09:16,980 --> 00:09:14,640

yeah so secret very yeah you know so

206

00:09:18,090 --> 00:09:16,990

dude I kind of want to just I mean I

207

00:09:20,910 --> 00:09:18,100

don't want to go through a play-by-play

208

00:09:22,650 --> 00:09:20,920

I want people to read this book in and

209

00:09:25,050 --> 00:09:22,660

you know experience it for themselves

210

00:09:28,050 --> 00:09:25,060

but I do I RIT I wrote down a couple of

211

00:09:31,470 --> 00:09:28,060

things that I thought were really fun so

212

00:09:35,040 --> 00:09:31,480

the blue box okay is there can you kind

213

00:09:36,960 --> 00:09:35,050

of explain it that is better yeah the

214

00:09:41,100 --> 00:09:36,970

blue box has been like really confusing

215

00:09:43,140 --> 00:09:41,110

to Grandma's like like my my grandma my

216

00:09:44,820 --> 00:09:43,150

girlfriend's grandma both my grandma's

217

00:09:48,540 --> 00:09:44,830

actually like we're like what is the

218

00:09:50,160 --> 00:09:48,550

blue box you got that and yeah and sort

219

00:09:53,190 --> 00:09:50,170

of starts the story with like a blue box

220

00:09:55,800 --> 00:09:53,200

arriving at my doorstep and there's a

221

00:09:57,960 --> 00:09:55,810

photo of it yeah it's really awesome the

222

00:09:59,430 --> 00:09:57,970

idea of the blue box is that it's sort

223

00:10:02,660 --> 00:09:59,440

of just like an alien message in a

224

00:10:04,740 --> 00:10:02,670

bottle yeah and I I don't really know

225

00:10:05,490 --> 00:10:04,750

entirely what it is yeah I think that's

226

00:10:10,650 --> 00:10:05,500

sort of the point

227

00:10:14,010 --> 00:10:10,660

oh yeah i hack chily have the blue box I

228

00:10:16,530 --> 00:10:14,020

am the blue box in reality was made by a

229

00:10:19,500 --> 00:10:16,540

friend that was kind of like doing too

230

00:10:21,329 --> 00:10:19,510

much acid at the time okay yeah he was

231

00:10:23,310 --> 00:10:21,339

kind of on the fringe and like I was

232

00:10:24,900 --> 00:10:23,320

like you know he probably shouldn't be

233

00:10:27,090 --> 00:10:24,910

doing any more acid did he believe he

234

00:10:30,630 --> 00:10:27,100

was doing too much acid I don't know

235

00:10:41,520 --> 00:10:30,640

honestly but how much how much acid is

236

00:10:43,800 --> 00:10:41,530

too much ass yeah I mean we used to know

237

00:10:45,360 --> 00:10:43,810

a guy who saw a little tiny cat that's

238

00:10:46,560 --> 00:10:45,370

right I remember you talking about yeah

239

00:10:49,320 --> 00:10:46,570

you say they were like polly pocket

240

00:10:51,270 --> 00:10:49,330

sized cats and he didn't think he was

241

00:10:54,079 --> 00:10:51,280

doing too much acid but from the outside

242

00:10:58,560 --> 00:10:54,089

looking in oh you don't worry too much

243

00:11:00,480 --> 00:10:58,570

you know one of those things do for me

244

00:11:01,950 --> 00:11:00,490

like two cups of coffee is like too much

245

00:11:06,100 --> 00:11:01,960

as it

246

00:11:07,660 --> 00:11:06,110

that's a little too much but yeah anyway

247

00:11:10,000 --> 00:11:07,670

this friend I like I collected all these

248

00:11:12,250 --> 00:11:10,010

objects from like other friends and I

249

00:11:14,829 --> 00:11:12,260

was like I want you to go grab an object

250

00:11:15,610 --> 00:11:14,839

right now put it in this tube and then

251

00:11:18,519 --> 00:11:15,620

forget about it

252

00:11:21,790 --> 00:11:18,529

uh-huh and then I had this friend like

253

00:11:23,500 --> 00:11:21,800

sort of get into this ritual state and I

254

00:11:25,780 --> 00:11:23,510

was like you pour this tube into this

255

00:11:28,150 --> 00:11:25,790

metal box that you make and like don't

256

00:11:30,040 --> 00:11:28,160

put all the objects in the box and then

257

00:11:31,300 --> 00:11:30,050

like burn the objects or like throw away

258

00:11:33,970 --> 00:11:31,310

the objects that you don't put in the

259

00:11:36,550 --> 00:11:33,980

box so that like at the end result would

260

00:11:38,950 --> 00:11:36,560

be that there's this box that's a that

261

00:11:41,470 --> 00:11:38,960

has a mystery inside of it that no one

262

00:11:42,730 --> 00:11:41,480

knows what's in it so that when you're

263

00:11:44,680 --> 00:11:42,740

like when you hold the box when you look

264

00:11:46,780 --> 00:11:44,690

at the box it's like for me the box is

265

00:11:49,800 --> 00:11:46,790

like um it's like a living mystery

266

00:11:52,750 --> 00:11:49,810

that's cool yeah like Schrodinger's our

267

00:11:56,530 --> 00:11:52,760

Schrodinger's cat things like what's in

268

00:11:58,600 --> 00:11:56,540

the box and yeah that's great that's

269

00:12:02,200 --> 00:11:58,610

pretty sweet I mean that's like I feel

270

00:12:03,790 --> 00:12:02,210

like I just took acid you guys feel like

271

00:12:05,980 --> 00:12:03,800

you can kind of feel it like it once you

272

00:12:08,260 --> 00:12:05,990

know the story kind of supercharges like

273

00:12:11,230 --> 00:12:08,270

or just like that story when I look at

274

00:12:12,600 --> 00:12:11,240

the Box I'm like this is a mystery yeah

275

00:12:17,079 --> 00:12:12,610

like a good mystery

276

00:12:19,180 --> 00:12:17,089

yeah and then in this fictional story

277

00:12:23,079 --> 00:12:19,190

realm of it you know quote-unquote

278

00:12:25,150 --> 00:12:23,089

fictional the box is sort of like an

279

00:12:27,220 --> 00:12:25,160

alien message in a bottle it's like this

280

00:12:32,410 --> 00:12:27,230

is call-to-action that arrives in my

281

00:12:34,570 --> 00:12:32,420

door that sort of enters me in or allows

282

00:12:36,970 --> 00:12:34,580

me to start it's kind of like a catalyst

283

00:12:40,180 --> 00:12:36,980

and yeah it's a catalyst yeah this sort

284

00:12:42,730 --> 00:12:40,190

of causes the journey to start the

285

00:12:44,800 --> 00:12:42,740

visions to start kind of thing yeah that

286

00:12:51,370 --> 00:12:44,810

uh that video the promo video was so

287

00:12:53,829 --> 00:12:51,380

trippy dude I loved it yeah yeah it was

288

00:12:56,260 --> 00:12:53,839

like you just drop this book you know

289

00:13:00,130 --> 00:12:56,270

anyway have you seen the video no I'm

290

00:13:03,699 --> 00:13:00,140

gonna go see it now yeah let's get more

291

00:13:07,810 --> 00:13:03,709

Franco oh yeah I mean so this this this

292

00:13:11,319 --> 00:13:07,820

kind of stemmed from what a near-death

293

00:13:13,990 --> 00:13:11,329

experience or or similar to that is that

294

00:13:16,540 --> 00:13:14,000

kind of what inspired this whole thing

295

00:13:17,920 --> 00:13:16,550

or is it you know was it something

296

00:13:20,080 --> 00:13:17,930

you're already thinking about and then

297

00:13:21,310 --> 00:13:20,090

and then this kind of happened to you

298

00:13:23,980 --> 00:13:21,320

and you were like well I need to take

299

00:13:26,550 --> 00:13:23,990

steps you know yeah I don't want to be

300

00:13:29,260 --> 00:13:26,560

too like directive like what actually

301
00:13:31,150 --> 00:13:29,270
happened good because it was like a it's

302
00:13:33,820 --> 00:13:31,160
a collection of things that occurred

303
00:13:36,010 --> 00:13:33,830
that are sort of like hodgepodge into

304
00:13:38,170 --> 00:13:36,020
like these theories that I built like a

305
00:13:39,880 --> 00:13:38,180
direct experience paired with like you

306
00:13:41,020 --> 00:13:39,890
know authors and writers I like a lot

307
00:13:42,760 --> 00:13:41,030
and things that they're thinking about

308
00:13:45,550 --> 00:13:42,770
and things I've sort of just like been

309
00:13:48,040 --> 00:13:45,560
drawn to through that but yeah I mean I

310
00:13:49,810 --> 00:13:48,050
I grew up sort of like a sick kid like

311
00:13:51,550 --> 00:13:49,820
sort of like a bubble boy like I was

312
00:13:54,760 --> 00:13:51,560
like allergic to like oh not like cool

313
00:13:56,620 --> 00:13:54,770

sick but like okay yeah actually sick

314

00:13:59,740 --> 00:13:56,630

like you know lerczak i was allergic to

315

00:14:02,110 --> 00:13:59,750

like fruits vegetables plants it's like

316

00:14:04,060 --> 00:14:02,120

to varying degrees and like trouble

317

00:14:06,640 --> 00:14:04,070

breathing I've been growing all this

318

00:14:09,850 --> 00:14:06,650

stuff and then just like around like

319

00:14:12,340 --> 00:14:09,860

college time I like just kind of became

320

00:14:14,850 --> 00:14:12,350

normal was like the weirdest thing like

321

00:14:17,110 --> 00:14:14,860

I don't really have very many like

322

00:14:18,940 --> 00:14:17,120

remembering my childhood is sort of like

323

00:14:20,470 --> 00:14:18,950

a weird thing I can't really remember

324

00:14:22,090 --> 00:14:20,480

right like people do you remember this

325

00:14:24,900 --> 00:14:22,100

theme song and it's like cartoon I'm

326

00:14:27,250 --> 00:14:24,910

like not remember any of that stuff so

327

00:14:29,530 --> 00:14:27,260

yeah I mean there's there's more there

328

00:14:32,950 --> 00:14:29,540

for me but yeah and then in around

329

00:14:34,960 --> 00:14:32,960

College time I sort of had like this

330

00:14:36,970 --> 00:14:34,970

like break from reality a little bit for

331

00:14:41,110 --> 00:14:36,980

like a year and a half or so where I was

332

00:14:44,230 --> 00:14:41,120

like you know kind of hallucinating drop

333

00:14:46,450 --> 00:14:44,240

of reality a little bit um yeah and that

334

00:14:48,340 --> 00:14:46,460

was sort of a battle to kind of figure

335

00:14:51,160 --> 00:14:48,350

out how to tone that down and try to

336

00:14:53,079 --> 00:14:51,170

yeah grapple with the anxiety of that

337

00:14:55,980 --> 00:14:53,089

and like you know oh my god am I crazy

338

00:14:58,630 --> 00:14:55,990

forever like how do I make this how do I

339

00:15:00,280 --> 00:14:58,640

kind of become more normal so like the

340

00:15:04,360 --> 00:15:00,290

book kind of explores that feeling of

341

00:15:06,100 --> 00:15:04,370

like the feeling of wanting like more

342

00:15:08,140 --> 00:15:06,110

like I want to know more I want to get

343

00:15:10,090 --> 00:15:08,150

closer to like these aliens and these

344

00:15:11,980 --> 00:15:10,100

other dimensions and all this stuff and

345

00:15:14,500 --> 00:15:11,990

then like that being paired with like ah

346

00:15:16,090 --> 00:15:14,510

just be nice to just be able to like lay

347

00:15:17,920 --> 00:15:16,100

in bed and like eat some ice cream in

348

00:15:19,780 --> 00:15:17,930

like yeah totally

349

00:15:23,410 --> 00:15:19,790

yeah sounds like there's they're weird

350

00:15:27,340 --> 00:15:23,420

like kind of like it's it's two opposite

351
00:15:30,010 --> 00:15:27,350
sides as a specular together yeah

352
00:15:33,010 --> 00:15:30,020
I salute the people that are like going

353
00:15:34,450 --> 00:15:33,020
in you know and I take you know I feel

354
00:15:37,000 --> 00:15:34,460
like you've met those people that are

355
00:15:40,090 --> 00:15:37,010
like they're going deep into something

356
00:15:44,710 --> 00:15:40,100
yeah you know it's like it's minutes

357
00:15:46,480 --> 00:15:44,720
hard sounds exhausting but I listen to

358
00:15:48,640 --> 00:15:46,490
them you know when they when they tell

359
00:15:51,070 --> 00:15:48,650
me like I was in the middle of like the

360
00:15:56,650 --> 00:15:51,080
Galactic ore processing light with these

361
00:15:58,450 --> 00:15:56,660
like things I'm like crazy like that you

362
00:16:01,600 --> 00:15:58,460
can come back from that experience and

363
00:16:03,880 --> 00:16:01,610

remember the impact in like details oh

364

00:16:05,500 --> 00:16:03,890

yeah that's that's the hardest part I

365

00:16:08,800 --> 00:16:05,510

feel like it's coming back with the

366

00:16:09,010 --> 00:16:08,810

lessons and details like that yeah for

367

00:16:10,510 --> 00:16:09,020

sure

368

00:16:13,840 --> 00:16:10,520

floating through these dimensions and

369

00:16:17,050 --> 00:16:13,850

remembering things that you know say it

370

00:16:18,940 --> 00:16:17,060

was an entity that you met you know you

371

00:16:20,890 --> 00:16:18,950

know it's it's it's things that they say

372

00:16:23,410 --> 00:16:20,900

or things that you saw like I have my

373

00:16:24,940 --> 00:16:23,420

own experiences in that realm as well

374

00:16:26,770 --> 00:16:24,950

but like being able to take stuff back

375

00:16:28,390 --> 00:16:26,780

is often like yeah you say this in your

376

00:16:30,040 --> 00:16:28,400

book Chris but like waking up from a

377

00:16:32,890 --> 00:16:30,050

dream and it's like that memory slowly

378

00:16:35,320 --> 00:16:32,900

fade away really really fast so yeah I

379

00:16:36,970 --> 00:16:35,330

like listening to people talk like that

380

00:16:39,520 --> 00:16:36,980

because I think in some level it just it

381

00:16:40,930 --> 00:16:39,530

kind of feels like like like mental

382

00:16:42,490 --> 00:16:40,940

coffee or something like it gets me

383

00:16:44,980 --> 00:16:42,500

excited like you know even like you know

384

00:16:46,450 --> 00:16:44,990

stuff y'all are talking about yeah just

385

00:16:49,570 --> 00:16:46,460

like you know Hollow Earth and these

386

00:16:52,030 --> 00:16:49,580

kind of these alien conspiracy ideas

387

00:16:54,580 --> 00:16:52,040

just like make me really excited and

388

00:16:57,880 --> 00:16:54,590

happy and like passionate and you know

389

00:17:00,010 --> 00:16:57,890

it's just it's fun as well as it's sort

390

00:17:02,890 --> 00:17:00,020

of like mysterious and yeah it's kind of

391

00:17:04,600 --> 00:17:02,900

its kind of like unboxing the unknown

392

00:17:06,970 --> 00:17:04,610

yeah you know it's it's something that a

393

00:17:09,670 --> 00:17:06,980

lot of people don't don't go after or

394

00:17:11,680 --> 00:17:09,680

don't touch on and you know is the

395

00:17:13,630 --> 00:17:11,690

deeper and deeper you get into it you

396

00:17:17,260 --> 00:17:13,640

kind of start to find a little bit of

397

00:17:20,410 --> 00:17:17,270

that reality trapped inside of this kind

398

00:17:22,840 --> 00:17:20,420

of hodgepodge of stories over years and

399

00:17:25,780 --> 00:17:22,850

years of just you know people putting

400

00:17:28,540 --> 00:17:25,790

their own spin on it to you know actual

401

00:17:30,520 --> 00:17:28,550

real stories and theories and things

402

00:17:32,530 --> 00:17:30,530

like that you know and and it's kind of

403

00:17:34,270 --> 00:17:32,540

its kind of trying to you know shuck the

404

00:17:36,290 --> 00:17:34,280

corn you know what I'm saying hey you

405

00:17:37,820 --> 00:17:36,300

shut the board yeah

406

00:17:40,160 --> 00:17:37,830

get to the good to get to the good stuff

407

00:17:43,610 --> 00:17:40,170

and if I were and the longer that you

408

00:17:45,230 --> 00:17:43,620

can kind of do that you know a lot of

409

00:17:47,000 --> 00:17:45,240

people like you said it's cool to see

410

00:17:48,650 --> 00:17:47,010

people really be able to get into

411

00:17:50,570 --> 00:17:48,660

something because a lot of people will

412

00:17:52,760 --> 00:17:50,580

stop at the beginning yeah this is so

413

00:17:54,710 --> 00:17:52,770

easy I'm not even kidding to that down

414

00:17:56,690 --> 00:17:54,720

that road ok that's a great metaphor the

415

00:18:00,920 --> 00:17:56,700

corn metaphor like the shucking of the

416

00:18:04,280 --> 00:18:00,930

corn yeah totally onion metaphors I've

417

00:18:06,260 --> 00:18:04,290

got a lot of husk and I and I it keeps

418

00:18:08,330 --> 00:18:06,270

growing and growing there every question

419

00:18:09,890 --> 00:18:08,340

leads to another and like you said

420

00:18:11,690 --> 00:18:09,900

there's like I get so excited when

421

00:18:13,880 --> 00:18:11,700

there's something new or even just

422

00:18:15,500 --> 00:18:13,890

revisiting like the hollower thing I've

423

00:18:17,510 --> 00:18:15,510

heard that story a million times when we

424

00:18:19,340 --> 00:18:17,520

went into it I just get so giving you

425

00:18:21,530 --> 00:18:19,350

know there's so many details that you

426

00:18:22,910 --> 00:18:21,540

just kind of skip over right and there's

427

00:18:24,620 --> 00:18:22,920

just there's a lot there's a huge

428

00:18:26,870 --> 00:18:24,630

percentage of the population that

429

00:18:28,700 --> 00:18:26,880

they're their husk is like man they

430

00:18:32,450 --> 00:18:28,710

shucked it when they were 24 years old

431

00:18:35,480 --> 00:18:32,460

and you're not shucking shucking you

432

00:18:37,010 --> 00:18:35,490

know I think there is there's a there is

433

00:18:39,020 --> 00:18:37,020

also a large percentage of people that

434

00:18:41,420 --> 00:18:39,030

are I mean just like us they're always

435

00:18:44,110 --> 00:18:41,430

kind of on the lookout for something new

436

00:18:47,150 --> 00:18:44,120

and exciting and kind of you know on

437

00:18:49,340 --> 00:18:47,160

discovering things that are hidden yeah

438

00:18:54,620 --> 00:18:51,560

and and I kind of got that I got that

439

00:18:56,450 --> 00:18:54,630

vibe a lot in your book to like just

440

00:18:58,430 --> 00:18:56,460

kind of I mean there was there's a story

441

00:19:01,670 --> 00:18:58,440

arc and there's there's archetypes and

442

00:19:03,260 --> 00:19:01,680

there's metaphors and it really is just

443

00:19:04,880 --> 00:19:03,270

kind of like you're searching for an

444

00:19:12,920 --> 00:19:04,890

answer that's what kind of what I what I

445

00:19:15,380 --> 00:19:12,930

got out of it was really cool I liked it

446

00:19:17,750 --> 00:19:15,390

I feel like I hear a lot of people talk

447

00:19:20,090 --> 00:19:17,760

a lot about like you know the the people

448

00:19:21,320 --> 00:19:20,100

that don't explore it you know that you

449

00:19:23,270 --> 00:19:21,330

hear that a lot you know there's a like

450

00:19:24,380 --> 00:19:23,280

a lot of people that I sort of was like

451
00:19:25,730 --> 00:19:24,390
contemplating that while y'all were

452
00:19:28,100 --> 00:19:25,740
talking cuz I feel like there is

453
00:19:31,370 --> 00:19:28,110
something just like you know noble and

454
00:19:33,020 --> 00:19:31,380
sincere about like just just living you

455
00:19:35,630 --> 00:19:33,030
know I mean just living like an honest

456
00:19:38,480 --> 00:19:35,640
like yeah there's a you know there's

457
00:19:41,210 --> 00:19:38,490
wisdom in that just as there's wisdom

458
00:19:44,150 --> 00:19:41,220
and like exploring these right things I

459
00:19:45,170 --> 00:19:44,160
don't know and yeah I think that it made

460
00:19:47,120 --> 00:19:45,180
me think sort of think about like the

461
00:19:49,790 --> 00:19:47,130
writing style I chose because I kind of

462
00:19:53,240 --> 00:19:49,800
chose to like or wanted to

463
00:19:55,370 --> 00:19:53,250

not go too deep like or have it be like

464

00:19:58,550 --> 00:19:55,380

also relatable yeah

465

00:20:01,550 --> 00:19:58,560

not accessible to not like too loftier

466

00:20:03,920 --> 00:20:01,560

too poetic or you know it's just like

467

00:20:06,140 --> 00:20:03,930

yeah this is like you can understand

468

00:20:08,870 --> 00:20:06,150

that like makes sense that we're going

469

00:20:11,780 --> 00:20:08,880

into these these places but we're gonna

470

00:20:13,790 --> 00:20:11,790

go there together right I mean that's

471

00:20:15,950 --> 00:20:13,800

kind of how we kind of view this podcast

472

00:20:17,960 --> 00:20:15,960

right there's a lot of crazy [h__\h] that

473

00:20:19,970 --> 00:20:17,970

we could talk about but try to keep it

474

00:20:21,920 --> 00:20:19,980

relatable you know yeah I want it to be

475

00:20:25,700 --> 00:20:21,930

personable like what kind of you know

476
00:20:27,260 --> 00:20:25,710
for maybe the beginners you know yeah I

477
00:20:28,490 --> 00:20:27,270
think so kind of for the beginners I

478
00:20:31,040 --> 00:20:28,500
think you know we're not trying to hit

479
00:20:33,020 --> 00:20:31,050
the the hardcore people they already

480
00:20:35,060 --> 00:20:33,030
know all this stuff we're here to touch

481
00:20:37,280 --> 00:20:35,070
the people who maybe don't know anything

482
00:20:39,020 --> 00:20:37,290
about it yeah they're kind of dunno

483
00:20:41,330 --> 00:20:39,030
about it but it's kind of just like hey

484
00:20:43,700 --> 00:20:41,340
let's do this together yeah it's

485
00:20:46,040 --> 00:20:43,710
definitely trying to keep it on some

486
00:20:47,540 --> 00:20:46,050
level to where it can be relatable yeah

487
00:20:50,510 --> 00:20:47,550
I'm trying to think of like the kind of

488
00:20:52,460 --> 00:20:50,520

person that isn't exploring this stuff

489

00:20:54,620 --> 00:20:52,470

in some way yeah because I feel like the

490

00:20:56,840 --> 00:20:54,630

people that are even like even people

491

00:20:58,850 --> 00:20:56,850

like in some sort of like organized

492

00:21:02,720 --> 00:20:58,860

dogmatic religion I feel like they're

493

00:21:05,090 --> 00:21:02,730

still like exploring it's kind of like

494

00:21:08,630 --> 00:21:05,100

this deep psychedelic stuff but through

495

00:21:10,700 --> 00:21:08,640

the framework of like we you know you

496

00:21:14,120 --> 00:21:10,710

see a lot of the religions and things

497

00:21:16,550 --> 00:21:14,130

like that and you know even though it's

498

00:21:18,560 --> 00:21:16,560

it's conventional right your religion is

499

00:21:22,430 --> 00:21:18,570

conventional the things that you're

500

00:21:25,370 --> 00:21:22,440

doing are ritualistic you know they come

501
00:21:27,200 --> 00:21:25,380
from somewhere over time the meaning has

502
00:21:29,270 --> 00:21:27,210
maybe changed a little bit but that's

503
00:21:30,980 --> 00:21:29,280
still you know like you know in

504
00:21:32,390 --> 00:21:30,990
Christian cultures there's all kinds of

505
00:21:35,930 --> 00:21:32,400
different things that people do from

506
00:21:37,880 --> 00:21:35,940
from oils and and baptisms and and you

507
00:21:43,070 --> 00:21:37,890
know fire and this and that and it's

508
00:21:45,350 --> 00:21:43,080
it's very pagan East you know oh yeah

509
00:21:47,000 --> 00:21:45,360
and it's all taken from that that that

510
00:21:48,650 --> 00:21:47,010
kind of it's borrowed

511
00:21:50,480 --> 00:21:48,660
everything's been borrowed and handed

512
00:21:54,230 --> 00:21:50,490
down and even though the meaning may

513
00:21:56,660 --> 00:21:54,240

change to the next hand it all stems and

514

00:21:59,600 --> 00:21:56,670

it's all super ritualistic yeah it's

515

00:22:02,150 --> 00:21:59,610

like I love that concept too like oh god

516

00:22:03,530 --> 00:22:02,160

that makes me so excited is like just

517

00:22:04,700 --> 00:22:03,540

the idea of like hey

518

00:22:08,030 --> 00:22:04,710

you don't hear people say this but like

519

00:22:10,400 --> 00:22:08,040

hey let's like on Sunday like go to this

520

00:22:14,390 --> 00:22:10,410

you know this big chapel where we're

521

00:22:17,650 --> 00:22:14,400

like in a channel the son of a god and

522

00:22:20,180 --> 00:22:17,660

we're gonna feast on his you know flesh

523

00:22:22,730 --> 00:22:20,190

drink his blood and then we're gonna

524

00:22:25,280 --> 00:22:22,740

enter into some kind of meditative state

525

00:22:28,190 --> 00:22:25,290

together through song and group ritual

526

00:22:36,590 --> 00:22:28,200

to like attain some kind of spiritual

527

00:22:37,970 --> 00:22:36,600

union right right absolutely true like

528

00:22:39,200 --> 00:22:37,980

I'm pulling some of that from like how I

529

00:22:41,060 --> 00:22:39,210

don't know if you listen to Duncan

530

00:22:43,010 --> 00:22:41,070

Trussell but he saw yeah he started

531

00:22:44,780 --> 00:22:43,020

takes things like that and he puts them

532

00:22:47,450 --> 00:22:44,790

into like these cotton he's like you

533

00:22:51,170 --> 00:22:47,460

know like epic of gilgamesh kind of

534

00:22:52,970 --> 00:22:51,180

style of like making something that you

535

00:22:54,320 --> 00:22:52,980

think is you think of one way that's

536

00:22:55,550 --> 00:22:54,330

like normal and putting in a different

537

00:22:56,930 --> 00:22:55,560

language so that you can like to see

538

00:22:59,120 --> 00:22:56,940

yeah oh my god yeah

539

00:23:00,230 --> 00:22:59,130

Sunday Mass like that has a whole new

540

00:23:01,780 --> 00:23:00,240

perspective when you're thinking about

541

00:23:07,930 --> 00:23:01,790

it like feasting on the flesh of like a

542

00:23:11,780 --> 00:23:07,940

right and everybody getting into like

543

00:23:14,000 --> 00:23:11,790

channeling that dude that was the son of

544

00:23:16,340 --> 00:23:14,010

a god yeah yeah really think about it

545

00:23:17,840 --> 00:23:16,350

yeah that's what they're doing that's

546

00:23:21,080 --> 00:23:17,850

what's interesting about I feel like our

547

00:23:23,360 --> 00:23:21,090

generation is sort of like a piece of

548

00:23:25,160 --> 00:23:23,370

our generation that I suppose we're part

549

00:23:27,650 --> 00:23:25,170

of if I'm not sure where y'all lie in

550

00:23:30,170 --> 00:23:27,660

this but have sort of maybe parents were

551
00:23:33,440 --> 00:23:30,180
kind of in organized religion or not and

552
00:23:36,230 --> 00:23:33,450
we're sort of like kind of stepping away

553
00:23:37,490 --> 00:23:36,240
from that into like the unknown until I

554
00:23:40,970 --> 00:23:37,500
maybe something a little more open

555
00:23:43,250 --> 00:23:40,980
you're confusing a little more yeah

556
00:23:46,220 --> 00:23:43,260
just less organized you know I I grew up

557
00:23:48,830 --> 00:23:46,230
Catholic yeah the Mexican Catholic so

558
00:23:50,450 --> 00:23:48,840
it's real Catholic most Catholic you can

559
00:23:53,780 --> 00:23:50,460
get other than Irish Catholic right and

560
00:23:55,630 --> 00:23:53,790
and a lot of times I feel like sometimes

561
00:23:58,250 --> 00:23:55,640
my family

562
00:24:00,140 --> 00:23:58,260
maybe they it's it's like you don't

563
00:24:02,630 --> 00:24:00,150

believe or like they're worried about me

564

00:24:04,460 --> 00:24:02,640

or something like that and and it's it's

565

00:24:08,060 --> 00:24:04,470

really not even that it's just that I

566

00:24:10,850 --> 00:24:08,070

feel like they they just kind of follow

567

00:24:13,700 --> 00:24:10,860

the the routine right but they have the

568

00:24:17,010 --> 00:24:13,710

idea I've just kind of thought about it

569

00:24:19,760 --> 00:24:17,020

a little deeper maybe and it's it's it's

570

00:24:22,320 --> 00:24:19,770

not that it's you know like I'm you know

571

00:24:24,960 --> 00:24:22,330

I'm not some like sinner or anything you

572

00:24:26,820 --> 00:24:24,970

know I kind of have a different idea

573

00:24:30,000 --> 00:24:26,830

like like you were just talking about

574

00:24:32,160 --> 00:24:30,010

you know you go to this Chapel and you

575

00:24:33,990 --> 00:24:32,170

feast on the body of you know the son of

576

00:24:35,970 --> 00:24:34,000

a god and like you know I kind of think

577

00:24:39,510 --> 00:24:35,980

about it in those terms and like wow

578

00:24:40,950 --> 00:24:39,520

this is really like it's a different

579

00:24:43,290 --> 00:24:40,960

perspective I feel like I just have a

580

00:24:45,240 --> 00:24:43,300

different perspective on it as opposed

581

00:24:46,410 --> 00:24:45,250

to you know how they are and like you

582

00:24:48,960 --> 00:24:46,420

were saying this you know our generation

583

00:24:50,820 --> 00:24:48,970

kind of maybe it's starting to kind of

584

00:24:52,950 --> 00:24:50,830

step out of the box and maybe get the

585

00:24:55,260 --> 00:24:52,960

bigger picture as opposed to just kind

586

00:24:57,990 --> 00:24:55,270

of following the just following the

587

00:25:00,300 --> 00:24:58,000

ritualistic you know properties of all

588

00:25:02,880 --> 00:25:00,310

yeah I mean there's obvious dangers to

589

00:25:04,530 --> 00:25:02,890

it I mean that we can go in for days of

590

00:25:05,910 --> 00:25:04,540

like you know where the groupthink leads

591

00:25:07,680 --> 00:25:05,920

to like some kind of politically

592

00:25:09,510 --> 00:25:07,690

motivated decisions that are not right a

593

00:25:10,790 --> 00:25:09,520

benefit of the progress of society and

594

00:25:13,020 --> 00:25:10,800

you're just kind of looking at it like

595

00:25:15,840 --> 00:25:13,030

really you don't have people to have

596

00:25:18,810 --> 00:25:15,850

good resources for these things that are

597

00:25:28,260 --> 00:25:18,820

so obvious you know you really want to

598

00:25:31,140 --> 00:25:28,270

not control the population you say

599

00:25:32,640 --> 00:25:31,150

things like oh you know Constantine you

600

00:25:34,680 --> 00:25:32,650

know that guy canonized the Bible right

601
00:25:36,570 --> 00:25:34,690
but anybody he was a he worshipped the

602
00:25:38,010 --> 00:25:36,580
Sun he was a worship the Sun worshiper

603
00:25:48,780 --> 00:25:38,020
you know you worship the Sun gods [h__h]

604
00:25:50,310 --> 00:25:48,790
that guy they're like take out that one

605
00:25:52,530 --> 00:25:50,320
word and it's totally different

606
00:25:55,110 --> 00:25:52,540
completely different yeah I feel like I

607
00:26:17,210 --> 00:25:55,120
can safely say in this time like [h__h]

608
00:26:23,520 --> 00:26:20,960
really strongly worded

609
00:26:26,730 --> 00:26:23,530
yeah that would be great like convince

610
00:26:28,100 --> 00:26:26,740
convince us of Constantine yeah totally

611
00:26:30,810 --> 00:26:28,110
it would have to be like a really well

612
00:26:35,970 --> 00:26:30,820
handwritten letter like really

613
00:26:37,470 --> 00:26:35,980

well-written calligraphy it's just gonna

614

00:26:41,930 --> 00:26:37,480

someone's just gonna put a picture of

615

00:26:51,300 --> 00:26:41,940

like Keanu Reeves Constantine things

616

00:26:53,820 --> 00:26:51,310

like what's wrong with this it's such a

617

00:26:55,500 --> 00:26:53,830

strange like this like new fascination

618

00:26:58,050 --> 00:26:55,510

with Keanu Reeves I got to know where

619

00:27:00,900 --> 00:26:58,060

he's blowing like what the hell you know

620

00:27:03,630 --> 00:27:00,910

what like and it was funny cause like

621

00:27:05,640 --> 00:27:03,640

you know like over the past few years

622

00:27:06,900 --> 00:27:05,650

like a lot of people were like hating on

623

00:27:08,730 --> 00:27:06,910

the dude and now all the southerners

624

00:27:12,270 --> 00:27:08,740

like this newfound love through Keanu

625

00:27:20,460 --> 00:27:12,280

Reeves and it's like we're Bill and Ted

626

00:27:21,960 --> 00:27:20,470

and back in the day I'm down to have

627

00:27:24,300 --> 00:27:21,970

some people that we can like be like

628

00:27:30,300 --> 00:27:24,310

there are nice guys just like ends with

629

00:27:32,580 --> 00:27:30,310

that yeah totally yeah yeah he like

630

00:27:35,190 --> 00:27:32,590

donates to charities and doesn't tell

631

00:27:37,950 --> 00:27:35,200

anyone about it like I like that as a

632

00:27:39,390 --> 00:27:37,960

role model that's cool just cuz you're a

633

00:27:41,550 --> 00:27:39,400

celebrity I don't need to hear about

634

00:27:45,150 --> 00:27:41,560

your life yeah all the time it's like

635

00:27:48,350 --> 00:27:45,160

whatever I don't know why would this

636

00:27:52,560 --> 00:27:48,360

enter my mind the kendall Jenner meme of

637

00:27:55,050 --> 00:27:52,570

her anyway it says she's trying to like

638

00:27:57,270 --> 00:27:55,060

clean up the ocean and somebody said

639

00:28:01,560 --> 00:27:57,280

well no it's okay we already have too

640

00:28:03,720 --> 00:28:01,570

much plastic in the ocean I probably

641

00:28:06,420 --> 00:28:03,730

botched that meme of a lot I don't know

642

00:28:08,430 --> 00:28:06,430

why they just popped into my head use

643

00:28:10,110 --> 00:28:08,440

your money to clean it up like just go

644

00:28:12,600 --> 00:28:10,120

yeah that sounds good just don't tell

645

00:28:14,430 --> 00:28:12,610

anybody you know about it I don't know

646

00:28:17,760 --> 00:28:14,440

people will find you and notes they'll

647

00:28:20,370 --> 00:28:17,770

they'll report it on their own yeah I

648

00:28:22,050 --> 00:28:20,380

guess unless you're like hey guys um so

649

00:28:23,970 --> 00:28:22,060

like some super rich I'm gonna be

650

00:28:26,490 --> 00:28:23,980

cleaned off the ocean and I need some

651
00:28:29,190 --> 00:28:26,500
help like I'm cool there's a call to

652
00:28:30,810 --> 00:28:29,200
action okay if she wants to flex unlike

653
00:28:32,400 --> 00:28:30,820
how much she's cleaning up the ocean

654
00:28:33,070 --> 00:28:32,410
it's like let's do it like I'll like

655
00:28:37,389 --> 00:28:33,080
that

656
00:28:40,090 --> 00:28:37,399
it's like a post I'd be like yeah clean

657
00:28:41,940 --> 00:28:40,100
the ocean job are you let's make that

658
00:28:43,989 --> 00:28:41,950
cool

659
00:28:46,779 --> 00:28:43,999
you better not be just [h__\h]

660
00:28:56,590 --> 00:28:46,789
sunbathing I'm off on the side everybody

661
00:28:57,999 --> 00:28:56,600
else is cleaning the ocean meanwhile

662
00:29:03,629 --> 00:28:58,009
she's like drinking out of plastic water

663
00:29:10,149 --> 00:29:03,639

bottles I'm done

664

00:29:12,960 --> 00:29:10,159

I don't even know her yeah I don't I

665

00:29:19,690 --> 00:29:12,970

can't she's probably really nice and I

666

00:29:22,090 --> 00:29:19,700

always do what was judging people so

667

00:29:23,109 --> 00:29:22,100

it's uh sorry another thing that just

668

00:29:25,749 --> 00:29:23,119

popped in my head we were talking about

669

00:29:27,220 --> 00:29:25,759

the Vatican or Catholic religion and I

670

00:29:28,570 --> 00:29:27,230

already showed it with Joe but did you

671

00:29:30,700 --> 00:29:28,580

know about this thing that came out

672

00:29:34,869 --> 00:29:30,710

about the Vatican where there's like

673

00:29:36,609 --> 00:29:34,879

this 30 year old murder that it was has

674

00:29:38,710 --> 00:29:36,619

some kind of ties with the Vatican

675

00:29:41,169 --> 00:29:38,720

somebody that it was like her dad like

676

00:29:43,269 --> 00:29:41,179

this 15 year old girl her dad worked at

677

00:29:47,080 --> 00:29:43,279

the Vatican and some they got an

678

00:29:49,539 --> 00:29:47,090

anonymous tip about this body or an

679

00:29:52,269 --> 00:29:49,549

anonymous tip about her body being where

680

00:29:53,619 --> 00:29:52,279

the angel looks upon and they're a ver

681

00:29:55,840 --> 00:29:53,629

something like that have you heard about

682

00:29:57,909 --> 00:29:55,850

this I think I saw like a post with like

683

00:29:59,799 --> 00:29:57,919

people digging in a grave and I think

684

00:30:03,789 --> 00:29:59,809

the headline I read was like they found

685

00:30:05,889 --> 00:30:03,799

so many so many recent bodies in the

686

00:30:07,359 --> 00:30:05,899

Vatican digging yeah that's the same

687

00:30:10,840 --> 00:30:07,369

thing I mean there's thousands of Bones

688

00:30:12,970 --> 00:30:10,850

down there yeah I mean not only other

689

00:30:14,499 --> 00:30:12,980

than that crypt alone yeah just that

690

00:30:17,619 --> 00:30:14,509

crypt alone they say that they found

691

00:30:19,299 --> 00:30:17,629

thousands of possibly recent bones like

692

00:30:20,799 --> 00:30:19,309

a lot of them they say are like ancient

693

00:30:23,710 --> 00:30:20,809

but they're terrifying well we're

694

00:30:26,229 --> 00:30:23,720

talking to 80's and 90's yeah as recent

695

00:30:29,909 --> 00:30:26,239

as 80s and 90s no this is back in the

696

00:30:32,590 --> 00:30:29,919

day so random ass bones no grave or no

697

00:30:35,049 --> 00:30:32,600

tombstone it's it's I mean there's like

698

00:30:37,239 --> 00:30:35,059

an angel statue but they unearthed this

699

00:30:40,210 --> 00:30:37,249

thing it was supposed to be the crypt of

700

00:30:41,849 --> 00:30:40,220

two prints like German princess yes so

701

00:30:44,919 --> 00:30:41,859

they open it up and there's no

702

00:30:46,150 --> 00:30:44,929

princesses in there it's so they dig a

703

00:30:47,940 --> 00:30:46,160

little deeper and it's just

704

00:30:51,610 --> 00:30:47,950

one's up to this catacomb allow my

705

00:30:54,010 --> 00:30:51,620

random ass skeletons dude yeah Joe what

706

00:30:55,960 --> 00:30:54,020

did you say I mean there's miles and

707

00:30:59,050 --> 00:30:55,970

miles of tunnels right under the Vatican

708

00:31:01,150 --> 00:30:59,060

they have all sorts of rooms and you

709

00:31:03,280 --> 00:31:01,160

know there's bones there's gold

710

00:31:05,950 --> 00:31:03,290

they have little supposedly there's a

711

00:31:07,780 --> 00:31:05,960

chamber that's dedicated to Satan you

712

00:31:10,270 --> 00:31:07,790

know down there like that's still a big

713

00:31:11,650 --> 00:31:10,280

part of it even even the Vatican owns

714

00:31:14,110 --> 00:31:11,660

one of the largest telescopes in the

715

00:31:16,420 --> 00:31:14,120

world I heard for the name of the the

716

00:31:18,790 --> 00:31:16,430

telescope is Lucifer like it's it's

717

00:31:21,100 --> 00:31:18,800

crazy dude like you know there's there's

718

00:31:23,110 --> 00:31:21,110

more to this story I heard Fraggie Rock

719

00:31:32,290 --> 00:31:23,120

is down there so Fraggie Rock is down

720

00:31:34,240 --> 00:31:32,300

there I think that's why I like we're

721

00:31:36,370 --> 00:31:34,250

like drawn to like stories like this

722

00:31:38,050 --> 00:31:36,380

like you know conspiracies and aliens

723

00:31:40,690 --> 00:31:38,060

and all that stuff because they're like

724

00:31:43,780 --> 00:31:40,700

I feel like a part of this kind of knows

725

00:31:45,490 --> 00:31:43,790

that there's just more going on you know

726

00:31:47,560 --> 00:31:45,500

there's like waiting if we were to know

727

00:31:50,200 --> 00:31:47,570

like everything going on it'd be like

728

00:31:52,690 --> 00:31:50,210

this is basically a science fiction that

729

00:31:55,380 --> 00:31:52,700

we're living in yeah yeah yeah good

730

00:31:59,500 --> 00:31:55,390

point yeah do you think do you think so

731

00:32:03,040 --> 00:31:59,510

always wonder if if I knew if I just

732

00:32:06,520 --> 00:32:03,050

knew all of it yeah like would it drive

733

00:32:08,350 --> 00:32:06,530

me crazy you know I always wondered that

734

00:32:11,650 --> 00:32:08,360

I think it would be a piece of me that

735

00:32:13,540 --> 00:32:11,660

would be like uh I'm satisfied that I

736

00:32:15,280 --> 00:32:13,550

kind of know the answers but then

737

00:32:19,540 --> 00:32:15,290

there's also part of me that would maybe

738

00:32:21,160 --> 00:32:19,550

feel so hopeless yeah or something and I

739

00:32:24,820 --> 00:32:21,170

don't know you know like you know

740

00:32:26,680 --> 00:32:24,830

everything and maybe there is no point

741

00:32:30,460 --> 00:32:26,690

for some reason that can be diseased I

742

00:32:32,410 --> 00:32:30,470

just pictured you like on a hilltop like

743

00:32:33,820 --> 00:32:32,420

drinking like a almost like a coke or

744

00:32:35,920 --> 00:32:33,830

something that said but it was like

745

00:32:40,600 --> 00:32:35,930

everything and you like just finished it

746

00:32:45,310 --> 00:32:40,610

you're like and then like all those like

747

00:32:47,500 --> 00:32:45,320

feelings came after you consumed

748

00:32:50,470 --> 00:32:47,510

everything yeah yeah I was like this

749

00:32:52,030 --> 00:32:50,480

very tasty sugary beverage yeah yeah I

750

00:32:53,239 --> 00:32:52,040

may have to purchase a painting from you

751

00:32:58,379 --> 00:32:53,249

sir

752

00:33:00,109 --> 00:32:58,389

everything I like that I like that you

753

00:33:02,220 --> 00:33:00,119

know because I've heard some things on

754

00:33:03,979 --> 00:33:02,230

you know you if you ever heard the

755

00:33:07,379 --> 00:33:03,989

stories of like you know

756

00:33:09,060 --> 00:33:07,389

extraterrestrials will abduct people but

757

00:33:12,419 --> 00:33:09,070

they'll tell them I can't tell you

758

00:33:14,340 --> 00:33:12,429

everything Edward explodes you couldn't

759

00:33:16,049 --> 00:33:14,350

you can't handle it

760

00:33:19,109 --> 00:33:16,059

right that totally makes sense like you

761

00:33:21,570 --> 00:33:19,119

just can't handle everything we know not

762

00:33:24,419 --> 00:33:21,580

not yet yeah and and then it brings you

763

00:33:25,139 --> 00:33:24,429

to the next question of why can't I

764

00:33:28,950 --> 00:33:25,149

handle it

765

00:33:31,529 --> 00:33:28,960

you know I consumed so much information

766

00:33:33,239 --> 00:33:31,539

on a daily basis like if you just tell

767

00:33:36,239 --> 00:33:33,249

me some stuff like I wouldn't be able to

768

00:33:39,840 --> 00:33:36,249

handle it but that just kind of brings

769

00:33:41,940 --> 00:33:39,850

you to that next level of like [h__h] what

770

00:33:44,220 --> 00:33:41,950

is there that I don't know that would

771

00:33:49,529 --> 00:33:44,230

y'all know you know and do some people

772

00:33:51,629 --> 00:33:49,539

on this planet do they know and is that

773

00:33:53,909 --> 00:33:51,639

why it's held such a secret to all of us

774

00:33:55,320 --> 00:33:53,919

you know I think there's someone out

775

00:33:57,149 --> 00:33:55,330

there right now that knows something

776

00:33:59,970 --> 00:33:57,159

about something we would like to know

777

00:34:03,659 --> 00:33:59,980

absolutely someone else someone out

778

00:34:05,729 --> 00:34:03,669

there knows a timeline that would we

779

00:34:07,739 --> 00:34:05,739

could comprehend someone out there knows

780

00:34:10,559 --> 00:34:07,749

a timeline that no no maybe not all the

781

00:34:11,819 --> 00:34:10,569

events would make sense to us a timeline

782

00:34:14,460 --> 00:34:11,829

maybe you could put it together that's

783

00:34:16,530 --> 00:34:14,470

why I think maybe the terminology of we

784

00:34:18,299 --> 00:34:16,540

can't our heads would explode because we

785

00:34:20,789 --> 00:34:18,309

we wouldn't get it maybe that we just

786

00:34:23,760 --> 00:34:20,799

we're not physically capable of capable

787

00:34:26,159 --> 00:34:23,770

of comprehending how much little you

788

00:34:27,990 --> 00:34:26,169

know when when you bring fate into you

789

00:34:30,569 --> 00:34:28,000

know decision-making and they try to

790

00:34:33,389 --> 00:34:30,579

explain why something happened you know

791

00:34:36,270 --> 00:34:33,399

to maybe they're maybe they don't want

792

00:34:37,889 --> 00:34:36,280

to over generalize things because it you

793

00:34:40,230 --> 00:34:37,899

know those little tiny decisions here

794

00:34:42,990 --> 00:34:40,240

and there beyond you know all the way

795

00:34:45,000 --> 00:34:43,000

through history actually make a huge

796

00:34:48,329 --> 00:34:45,010

difference we down the road maybe that's

797

00:34:50,789 --> 00:34:48,339

why that archetype of we can't tell you

798

00:34:52,230 --> 00:34:50,799

everything right now yes it certainly

799

00:34:54,720 --> 00:34:52,240

makes me think of this thing I think of

800

00:34:59,760 --> 00:34:54,730

every now and then it's just like let's

801
00:35:02,280 --> 00:34:59,770
say you're like a a chemist or you're

802
00:35:03,930 --> 00:35:02,290
like a professor of chemistry it's like

803
00:35:05,640 --> 00:35:03,940
you and your colleagues have learned

804
00:35:07,620 --> 00:35:05,650
this language of

805
00:35:10,160 --> 00:35:07,630
chemistry that when you have a

806
00:35:12,870 --> 00:35:10,170
conversation it's English you know but

807
00:35:16,769 --> 00:35:12,880
you're understanding things in that are

808
00:35:19,200 --> 00:35:16,779
so deep subsets in the language specific

809
00:35:21,809 --> 00:35:19,210
to your field that if we were to listen

810
00:35:23,309 --> 00:35:21,819
to it we don't like I have no idea what

811
00:35:25,019 --> 00:35:23,319
you're talking about that George that's

812
00:35:27,329 --> 00:35:25,029
sort of happening in like so many

813
00:35:30,120 --> 00:35:27,339

different arenas I've just like these

814

00:35:32,190 --> 00:35:30,130

people that are talking and what would

815

00:35:34,079 --> 00:35:32,200

be to us like coded language right we'd

816

00:35:35,609 --> 00:35:34,089

have to break down like every word to

817

00:35:37,319 --> 00:35:35,619

understand it and it's like that's sort

818

00:35:38,910 --> 00:35:37,329

of what I feel like if the aliens were

819

00:35:41,730 --> 00:35:38,920

like hey I'm just gonna give you

820

00:35:45,200 --> 00:35:41,740

everything it's like you would you'd

821

00:35:48,120 --> 00:35:45,210

sort of wake up and you'd be like um

822

00:35:49,620 --> 00:35:48,130

like I don't even know what to say you

823

00:35:52,680 --> 00:35:49,630

know I don't even know what to do with

824

00:35:56,549 --> 00:35:52,690

this yeah or it would almost be a waste

825

00:35:58,799 --> 00:35:56,559

yeah yeah yeah I'd be like it'd be like

826

00:36:01,519 --> 00:35:58,809

we had like you know a 1 gigabyte of

827

00:36:04,859 --> 00:36:01,529

hard drive space and it gave us like a

828

00:36:11,190 --> 00:36:04,869

google of terabytes or something googly

829

00:36:12,870 --> 00:36:11,200

moogly that's a really awesome idea of

830

00:36:16,920 --> 00:36:12,880

never thought I mean yeah if you look at

831

00:36:20,729 --> 00:36:16,930

a huge project like that the quadratic

832

00:36:22,079 --> 00:36:20,739

equation it's like made up of I don't

833

00:36:28,589 --> 00:36:22,089

know if I'm saying that right but it's

834

00:36:30,059 --> 00:36:28,599

okay I'll get it

835

00:36:32,609 --> 00:36:30,069

but it's it's like what you're saying

836

00:36:34,950 --> 00:36:32,619

it's made up of a bug a culmination of

837

00:36:36,839 --> 00:36:34,960

different ideas that go deeper and

838

00:36:39,180 --> 00:36:36,849

deeper and deeper and it's like man if

839

00:36:41,130 --> 00:36:39,190

they just gave you one line of code like

840

00:36:43,529 --> 00:36:41,140

we wouldn't appreciate it wouldn't

841

00:36:45,720 --> 00:36:43,539

number one understand it we wouldn't get

842

00:36:47,160 --> 00:36:45,730

the context yeah I'm sort of thinking

843

00:36:48,900 --> 00:36:47,170

about the other day I've just liked it

844

00:36:51,569 --> 00:36:48,910

the idea if like okay if I was like an

845

00:36:53,609 --> 00:36:51,579

alien I was on another planet my whole

846

00:36:56,880 --> 00:36:53,619

situation was different you know how I

847

00:36:59,009 --> 00:36:56,890

see the planet everything and then I was

848

00:37:01,380 --> 00:36:59,019

trying to like think about like what I

849

00:37:03,859 --> 00:37:01,390

would think about if I was like one two

850

00:37:06,029 --> 00:37:03,869

three do you know mean because it's like

851
00:37:07,920 --> 00:37:06,039
it's just like it's such an obvious

852
00:37:09,660 --> 00:37:07,930
thing it's like you have one thing it's

853
00:37:11,579 --> 00:37:09,670
one you have two things it's two and

854
00:37:14,489 --> 00:37:11,589
less like you're seeing things and like

855
00:37:18,839 --> 00:37:14,499
a mr. you're like the way you view

856
00:37:19,090 --> 00:37:18,849
things is not concrete objective but

857
00:37:20,230 --> 00:37:19,100
then

858
00:37:21,580 --> 00:37:20,240
I don't know I was just sort of

859
00:37:24,370 --> 00:37:21,590
contemplating like how math would

860
00:37:25,930 --> 00:37:24,380
generate like yeah would it generate in

861
00:37:28,690 --> 00:37:25,940
a similar fashion and would it follow a

862
00:37:31,720 --> 00:37:28,700
similar trajectory because math is sort

863
00:37:34,150 --> 00:37:31,730

of like just this like like this is one

864

00:37:35,950 --> 00:37:34,160

yeah yeah what I mean I don't know that

865

00:37:37,810 --> 00:37:35,960

I guess there's layers to that to where

866

00:37:40,540 --> 00:37:37,820

it's like it can kind of break apart

867

00:37:43,240 --> 00:37:40,550

well I think that kind of overlaps into

868

00:37:45,640 --> 00:37:43,250

like just the way that we communicate is

869

00:37:47,170 --> 00:37:45,650

is just perceiving things as one like I

870

00:37:49,570 --> 00:37:47,180

look at you and you are one human but

871

00:37:51,460 --> 00:37:49,580

you're also made up of we're also made

872

00:37:53,800 --> 00:37:51,470

up of billions of different microbes and

873

00:37:55,780 --> 00:37:53,810

bacteria like you know I think it I

874

00:37:58,750 --> 00:37:55,790

think it overlaps in language too

875

00:38:01,120 --> 00:37:58,760

you know I was uh I heard a story and

876

00:38:03,280 --> 00:38:01,130

they were talking about a tribe that

877

00:38:07,810 --> 00:38:03,290

doesn't come in contact with the outside

878

00:38:10,300 --> 00:38:07,820

world really but they had made contact

879

00:38:13,240 --> 00:38:10,310

with him and they were they were asking

880

00:38:13,570 --> 00:38:13,250

him you know how many how many sons do

881

00:38:17,020 --> 00:38:13,580

you have

882

00:38:20,470 --> 00:38:17,030

and the guy was like I have you know I

883

00:38:22,480 --> 00:38:20,480

have Matt I have Tim and I have Jonathan

884

00:38:25,630 --> 00:38:22,490

yeah and he was like so you had three

885

00:38:29,020 --> 00:38:25,640

sons and he was like III guess so I have

886

00:38:31,990 --> 00:38:29,030

Matt Tim and Jonathan so the the numbers

887

00:38:34,210 --> 00:38:32,000

didn't even he didn't make sense to him

888

00:38:36,490 --> 00:38:34,220

because they never thought of it as one

889

00:38:38,740 --> 00:38:36,500

two and three they always thought of it

890

00:38:40,870 --> 00:38:38,750

as Matt Tim and Jonathan yeah that's

891

00:38:42,220 --> 00:38:40,880

right have I don't know what you mean by

892

00:38:45,160 --> 00:38:42,230

how many do I have

893

00:38:48,190 --> 00:38:45,170

yeah I have this and this is so to them

894

00:38:50,170 --> 00:38:48,200

that is one did my family

895

00:38:52,390 --> 00:38:50,180

Wow that's that's one my tribe this is

896

00:38:55,480 --> 00:38:52,400

one we're all we're all one right and

897

00:38:56,740 --> 00:38:55,490

and that's you know it kind of goes you

898

00:38:59,740 --> 00:38:56,750

know it says a lot to their survival

899

00:39:02,380 --> 00:38:59,750

right because it's not divvied out this

900

00:39:05,950 --> 00:39:02,390

is all us this is one this is everything

901
00:39:08,080 --> 00:39:05,960
you know yeah you can take that out

902
00:39:10,000 --> 00:39:08,090
bigger and you look at the world and we

903
00:39:11,530 --> 00:39:10,010
all say man why can't we all just be one

904
00:39:14,260 --> 00:39:11,540
one person you know like what can we

905
00:39:17,020 --> 00:39:14,270
always be a people together you know

906
00:39:19,360 --> 00:39:17,030
like act as one you know but that'd be

907
00:39:21,340 --> 00:39:19,370
cool man it's you know it's hard it's

908
00:39:22,720 --> 00:39:21,350
hard if you live on a little island and

909
00:39:24,910 --> 00:39:22,730
that's how you grew up it's probably a

910
00:39:26,650 --> 00:39:24,920
lot easier than trying to get an entire

911
00:39:28,330 --> 00:39:26,660
world of different cultures and

912
00:39:30,550 --> 00:39:28,340
different backgrounds to all you know

913
00:39:31,210 --> 00:39:30,560

agree on one thing you know we should be

914

00:39:33,609 --> 00:39:31,220

able to agree

915

00:39:35,910 --> 00:39:33,619

a few things all of us but we just take

916

00:39:38,260 --> 00:39:35,920

a religion out of it and everybody but

917

00:39:41,950 --> 00:39:38,270

story on how they didn't have the

918

00:39:45,240 --> 00:39:41,960

concept of how many so you brought up

919

00:39:49,030 --> 00:39:45,250

all is one are you deeply follows one I

920

00:39:51,579 --> 00:39:49,040

think like if it was like no explanation

921

00:39:55,900 --> 00:39:51,589

it was just like a call this one be all

922

00:39:59,220 --> 00:39:55,910

it's not one would you be air be man

923

00:40:02,559 --> 00:39:59,230

that's a tough question I would say I

924

00:40:05,290 --> 00:40:02,569

think all this one I think all this one

925

00:40:08,800 --> 00:40:05,300

dude I really do even if you take it off

926
00:40:10,240 --> 00:40:08,810
the planet if it's all the same stuff so

927
00:40:12,010 --> 00:40:10,250
liking is the same you take like the

928
00:40:13,510 --> 00:40:12,020
universe like you're you're zoomed out

929
00:40:15,790 --> 00:40:13,520
on the universe and you just you grab

930
00:40:17,319 --> 00:40:15,800
your sharpie and you're like you draw a

931
00:40:19,030 --> 00:40:17,329
circle around it and you're like hey

932
00:40:20,500 --> 00:40:19,040
everything's inside my circle and then

933
00:40:22,630 --> 00:40:20,510
you're like well now I got a draw a

934
00:40:24,400 --> 00:40:22,640
circle around the sharpie I drew you

935
00:40:27,220 --> 00:40:24,410
keep just drawing a circle around but

936
00:40:29,290 --> 00:40:27,230
essentially it's all one all is one is a

937
00:40:31,510 --> 00:40:29,300
trip for me I'm not sure where I landed

938
00:40:33,339 --> 00:40:31,520

again multiple levels of all is one yeah

939

00:40:35,020 --> 00:40:33,349

I think I'm gonna go with all is not one

940

00:40:37,150 --> 00:40:35,030

yeah just for now

941

00:40:38,559 --> 00:40:37,160

I don't know yeah maybe later I'll be

942

00:40:39,819 --> 00:40:38,569

like I'll be older and I'll be like in

943

00:40:41,530 --> 00:40:39,829

my rocking chair like drinking my tea

944

00:40:53,200 --> 00:40:41,540

and I'll be like you know what always

945

00:40:57,520 --> 00:40:53,210

one it's you know what is you know what

946

00:41:00,270 --> 00:40:57,530

is what is the origin you know is the

947

00:41:03,730 --> 00:41:00,280

origin a one source

948

00:41:05,650 --> 00:41:03,740

would that make all being one then where

949

00:41:08,050 --> 00:41:05,660

does this source come from yeah you know

950

00:41:12,190 --> 00:41:08,060

love that I think it's it's multiple

951
00:41:15,870 --> 00:41:12,200
where does the source come from I think

952
00:41:18,220 --> 00:41:15,880
there's you know I guess if you were to

953
00:41:20,079 --> 00:41:18,230
know cuz then that would make all not

954
00:41:21,430 --> 00:41:20,089
being one yeah it's kind of a chicken in

955
00:41:24,040 --> 00:41:21,440
the egg situation say you're always

956
00:41:27,420 --> 00:41:24,050
wanna mall is not one just will check

957
00:41:30,849 --> 00:41:27,430
notes later totally back in like yeah

958
00:41:32,500 --> 00:41:30,859
yeah I don't know where I land man it's

959
00:41:35,020 --> 00:41:32,510
just I guess it depends on perspective

960
00:41:37,809 --> 00:41:35,030
because number one I think I just take

961
00:41:40,599 --> 00:41:37,819
it to the zoom dim zoomed in level like

962
00:41:45,280 --> 00:41:40,609
on the most human you know culturally

963
00:41:47,770 --> 00:41:45,290

specific perspective on yeah

964

00:41:50,470 --> 00:41:47,780

but your neighbor is maybe he's a bad

965

00:41:52,270 --> 00:41:50,480

guy and you're a good guy now are we are

966

00:41:54,340 --> 00:41:52,280

we still on the same team I don't know

967

00:41:58,240 --> 00:41:54,350

or maybe you can take it a little

968

00:42:00,220 --> 00:41:58,250

further where you know I guess people in

969

00:42:03,460 --> 00:42:00,230

religion always say you're everyone's

970

00:42:07,150 --> 00:42:03,470

born evil and I I do believe it I think

971

00:42:09,010 --> 00:42:07,160

people you know are innately good and

972

00:42:10,810 --> 00:42:09,020

evil at the same time there is no which

973

00:42:12,190 --> 00:42:10,820

which kind of crosses it out for me

974

00:42:13,780 --> 00:42:12,200

again am I taking that in a weird

975

00:42:16,330 --> 00:42:13,790

direction but like if the teacher was

976

00:42:21,640 --> 00:42:16,340

like all right turn in your test now hey

977

00:42:23,560 --> 00:42:21,650

or be all is one not one right now yeah

978

00:42:27,550 --> 00:42:23,570

because I think it's perspective and

979

00:42:31,780 --> 00:42:27,560

it's it's I think it's experience and

980

00:42:36,430 --> 00:42:31,790

you know the the consciousness the

981

00:42:38,430 --> 00:42:36,440

traveling consciousness depicts which

982

00:42:42,460 --> 00:42:38,440

route you're going if it's gonna be

983

00:42:44,320 --> 00:42:42,470

always won or not I support the olives

984

00:42:45,490 --> 00:42:44,330

one movement good I feel like that's a

985

00:42:47,770 --> 00:42:45,500

thought that's going around right now

986

00:42:49,900 --> 00:42:47,780

you know and I like it it's a good yeah

987

00:42:52,150 --> 00:42:49,910

it's like it makes a lot of sense it's

988

00:42:53,710 --> 00:42:52,160

like we're all one what's uh you know

989

00:42:55,060 --> 00:42:53,720

let's take care of each other that's a

990

00:42:57,070 --> 00:42:55,070

great thought I got nothin wrong with

991

00:43:01,750 --> 00:42:57,080

that yeah I mean I totally think that it

992

00:43:04,840 --> 00:43:01,760

takes a lot of single different moving

993

00:43:07,270 --> 00:43:04,850

parts to create the one yeah you know

994

00:43:10,660 --> 00:43:07,280

there's a lot of parts that go into the

995

00:43:13,210 --> 00:43:10,670

one but at the end of the day I mean I

996

00:43:15,490 --> 00:43:13,220

was you know what's the difference you

997

00:43:18,490 --> 00:43:15,500

know even if we just keep it locally

998

00:43:20,500 --> 00:43:18,500

yeah in our universe right it's all made

999

00:43:22,960 --> 00:43:20,510

the same start us it's all we're all

1000

00:43:24,790 --> 00:43:22,970

made the same you know molecules

1001

00:43:27,040 --> 00:43:24,800

everything's made from the exact same

1002

00:43:29,320 --> 00:43:27,050

[h__h] yeah right it's all the same thing

1003

00:43:31,360 --> 00:43:29,330

me and you are the same made of the same

1004

00:43:33,520 --> 00:43:31,370

[h__h] as this table we just may do the

1005

00:43:35,500 --> 00:43:33,530

same thing as the air is lose walls as

1006

00:43:37,770 --> 00:43:35,510

the clouds the trees it's all the same

1007

00:43:40,300 --> 00:43:37,780

[h__h] just just put together differently

1008

00:43:42,070 --> 00:43:40,310

but it all came from the same place what

1009

00:43:43,030 --> 00:43:42,080

about those like Hollow Earth aliens

1010

00:43:46,030 --> 00:43:43,040

right now what if they're like we're

1011

00:43:54,880 --> 00:43:46,040

actually not made of the same star well

1012

00:44:01,150 --> 00:43:57,700

all right I got another a B for you this

1013

00:44:02,140 --> 00:44:01,160

is a good one too is alright life on

1014

00:44:05,050 --> 00:44:02,150

earth mmm-hmm

1015

00:44:08,230 --> 00:44:05,060

was there a moment where there was no

1016

00:44:11,370 --> 00:44:08,240

life and then there was life or was

1017

00:44:16,360 --> 00:44:11,380

there always life I think always life

1018

00:44:18,280 --> 00:44:16,370

because I I think I think even things

1019

00:44:20,560 --> 00:44:18,290

like rocks you know I think they had

1020

00:44:24,220 --> 00:44:20,570

some sort of sentience student wolf

1021

00:44:26,800 --> 00:44:24,230

Barack's have sentence like I really do

1022

00:44:28,960 --> 00:44:26,810

like Atlantis I kind of feel like you

1023

00:44:31,240 --> 00:44:28,970

know they say you know mother nature

1024

00:44:32,230 --> 00:44:31,250

planet Earth yeah she's always taken

1025

00:44:34,870 --> 00:44:32,240

care of herself

1026

00:44:37,960 --> 00:44:34,880

damn she's always recycled herself she's

1027

00:44:39,850 --> 00:44:37,970

always fixed herself over the ages even

1028

00:44:42,250 --> 00:44:39,860

if she gets blown apart into a billion

1029

00:44:46,870 --> 00:44:42,260

pieces by a giant asteroid it'll become

1030

00:44:49,780 --> 00:44:46,880

something else somewhere else right yeah

1031

00:44:51,940 --> 00:44:49,790

and like I was saying those rocks are

1032

00:44:53,500 --> 00:44:51,950

made of the same [h__h] as we are you know

1033

00:44:57,160 --> 00:44:53,510

maybe they don't have the same kind of

1034

00:44:59,380 --> 00:44:57,170

thought or you know you know it comes in

1035

00:45:01,480 --> 00:44:59,390

anyone's feelings or anything like that

1036

00:45:02,320 --> 00:45:01,490

but there's definitely a certain kind of

1037

00:45:04,690 --> 00:45:02,330

energy to it

1038

00:45:07,540 --> 00:45:04,700

all right right you know like break out

1039

00:45:12,160 --> 00:45:07,550

your crystal like fungus fungus talks to

1040

00:45:14,020 --> 00:45:12,170

each other and in it you know they're

1041

00:45:15,610 --> 00:45:14,030

they're mapping subways with that [h__h]

1042

00:45:18,340 --> 00:45:15,620

now you know it's it's insane

1043

00:45:22,480 --> 00:45:18,350

you know so yeah the the Japanese they

1044

00:45:24,460 --> 00:45:22,490

uh they were trying to reroute a subway

1045

00:45:27,760 --> 00:45:24,470

system and so they they put a piece of

1046

00:45:30,250 --> 00:45:27,770

the fungus on a paper and the food that

1047

00:45:33,070 --> 00:45:30,260

that fungus likes to eat they put it on

1048

00:45:34,860 --> 00:45:33,080

a map of the subway system and they put

1049

00:45:37,720 --> 00:45:34,870

the food around it and the fungus

1050

00:45:40,960 --> 00:45:37,730

rerouted the most efficient way to the

1051
00:45:43,360 --> 00:45:40,970
food whoa so they took that map up like

1052
00:45:46,000 --> 00:45:43,370
this is way more efficient than the way

1053
00:45:50,280 --> 00:45:46,010
we we came up with it what a great

1054
00:45:54,520 --> 00:45:50,290
experiment yeah that's awesome yeah so a

1055
00:46:00,270 --> 00:45:54,530
wise man said you know nature will find

1056
00:46:02,590 --> 00:46:00,280
a way I don't know I I do think that

1057
00:46:04,990 --> 00:46:02,600
totally who do you think actually said

1058
00:46:07,330 --> 00:46:05,000
that first nature will find a way

1059
00:46:10,120 --> 00:46:07,340
it was Mark Twain I like to think it was

1060
00:46:13,060 --> 00:46:10,130
Mark Twain I think I like Jeff

1061
00:46:19,510 --> 00:46:13,070
Goldblum's oh hell yeah I think you know

1062
00:46:22,950 --> 00:46:19,520
because Shakespeare Jesus yeah no I

1063
00:46:24,700 --> 00:46:22,960

think I think there's some sort of life

1064

00:46:28,300 --> 00:46:24,710

yeah

1065

00:46:32,470 --> 00:46:28,310

I consider energy to be a form of life

1066

00:46:34,750 --> 00:46:32,480

though energy energy energy because you

1067

00:46:36,730 --> 00:46:34,760

can't have life without energy energy

1068

00:46:37,930 --> 00:46:36,740

what's your definition of that like what

1069

00:46:39,400 --> 00:46:37,940

do you think about it because I get

1070

00:46:42,780 --> 00:46:39,410

where you're saying yeah you say energy

1071

00:46:45,130 --> 00:46:42,790

a lot but like what's energy energy man

1072

00:46:47,440 --> 00:46:45,140

that I think that's the big question

1073

00:46:50,020 --> 00:46:47,450

okay what is what is energy is it the

1074

00:46:53,530 --> 00:46:50,030

essence is that the soul is it the life

1075

00:46:56,110 --> 00:46:53,540

force what is what is the energy well

1076
00:47:00,190 --> 00:46:56,120
energy can't be created nor destroyed it

1077
00:47:05,380 --> 00:47:00,200
just changes form so has it always been

1078
00:47:08,020 --> 00:47:05,390
here all right that's one of the that's

1079
00:47:10,210 --> 00:47:08,030
one of the big things but I think I'm a

1080
00:47:12,730 --> 00:47:10,220
base level like to me like like energy

1081
00:47:15,070 --> 00:47:12,740
is like just like movement you know at

1082
00:47:17,920 --> 00:47:15,080
the very base level it's like if

1083
00:47:19,540 --> 00:47:17,930
something had no energy there'd be like

1084
00:47:20,920 --> 00:47:19,550
you know the absence of space would be

1085
00:47:22,930 --> 00:47:20,930
like a total vacuum to be no movement

1086
00:47:24,640 --> 00:47:22,940
like there's something about energy to

1087
00:47:30,010 --> 00:47:24,650
me that implies like there's something

1088
00:47:31,780 --> 00:47:30,020

moving yeah yeah strings string theory

1089

00:47:33,850 --> 00:47:31,790

yeah well I mean like everything has a

1090

00:47:36,760 --> 00:47:33,860

vibration to it you know in the

1091

00:47:39,910 --> 00:47:36,770

beginning was the word the word is a

1092

00:47:44,020 --> 00:47:39,920

tone a tone is a frequency which is a

1093

00:47:46,690 --> 00:47:44,030

vibration so the spoken word was the

1094

00:47:49,300 --> 00:47:46,700

first vibration that first form of

1095

00:47:50,980 --> 00:47:49,310

energy yeah to give life to everything

1096

00:47:53,530 --> 00:47:50,990

now whether you take that into a

1097

00:47:55,210 --> 00:47:53,540

religious way or just your your everyday

1098

00:47:57,580 --> 00:47:55,220

spiritual way or you gonna look at it

1099

00:48:00,550 --> 00:47:57,590

scientifically you can take that however

1100

00:48:02,320 --> 00:48:00,560

you want to but that's kind of the basic

1101

00:48:05,710 --> 00:48:02,330

concept whether it be the Big Bang or

1102

00:48:08,710 --> 00:48:05,720

God or what have you in the beginning

1103

00:48:12,670 --> 00:48:08,720

there was this frequency even the own

1104

00:48:14,590 --> 00:48:12,680

right yeah in the the Egyptian texts and

1105

00:48:15,640 --> 00:48:14,600

the monks they use this this tonality

1106

00:48:19,000 --> 00:48:15,650

and

1107

00:48:21,100 --> 00:48:19,010

connects you to the source of whatever

1108

00:48:23,140 --> 00:48:21,110

it is right yeah and they use that

1109

00:48:25,960 --> 00:48:23,150

because it's a it's a it's a type of

1110

00:48:29,050 --> 00:48:25,970

energy it's a it's a frequency I think

1111

00:48:31,320 --> 00:48:29,060

so what are your thoughts on the

1112

00:48:34,960 --> 00:48:31,330

possibility that there is some ancient

1113

00:48:38,700 --> 00:48:34,970

technology all right

1114

00:48:52,570 --> 00:48:38,710

everything can be explained by swamp gas

1115

00:48:55,630 --> 00:48:52,580

all right kind of an insight say what

1116

00:48:58,840 --> 00:48:55,640

are your thoughts about there being some

1117

00:49:01,240 --> 00:48:58,850

lost technology that used frequencies

1118

00:49:05,770 --> 00:49:01,250

and sound to move objects because I

1119

00:49:07,420 --> 00:49:05,780

think we've we misplaced some knowledge

1120

00:49:11,830 --> 00:49:07,430

somewhere down the road and I think

1121

00:49:13,300 --> 00:49:11,840

sound has a lot to do with I mean man it

1122

00:49:16,390 --> 00:49:13,310

just affects everything affects how you

1123

00:49:17,860 --> 00:49:16,400

feel it can you know there's there's I

1124

00:49:19,930 --> 00:49:17,870

think it's called sympathetic resonance

1125

00:49:22,600 --> 00:49:19,940

or if you make a tone like I've got a

1126

00:49:24,970 --> 00:49:22,610

guitar here like if you make a certain

1127

00:49:26,980 --> 00:49:24,980

tone tone with your mouth it'll start

1128

00:49:28,330 --> 00:49:26,990

ringing yeah in the strings like if

1129

00:49:30,130 --> 00:49:28,340

you're in the same room I like feedback

1130

00:49:32,350 --> 00:49:30,140

yeah it's like feedback but just

1131

00:49:34,060 --> 00:49:32,360

acoustically so I mean if what are y'all

1132

00:49:35,770 --> 00:49:34,070

don't think it's possible I feel like I

1133

00:49:37,480 --> 00:49:35,780

got to say like I got asked one thing

1134

00:49:41,560 --> 00:49:37,490

first it's like have you heard of

1135

00:49:43,150 --> 00:49:41,570

cymatics oh there's a thing in your back

1136

00:49:45,610 --> 00:49:43,160

I think the only time I've heard that

1137

00:49:47,740 --> 00:49:45,620

word is just from watch just following

1138

00:49:51,250 --> 00:49:47,750

your okay face I'm obsessed with

1139

00:49:54,220 --> 00:49:51,260

cymatics or I yeah I am it's basically

1140

00:49:56,500 --> 00:49:54,230

the process of making sound visible so

1141

00:49:59,350 --> 00:49:56,510

like oh yeah there was like the it's a

1142

00:50:02,590 --> 00:49:59,360

classic like Chladni or Chladni

1143

00:50:04,060 --> 00:50:02,600

experiment where like he runs the violin

1144

00:50:07,090 --> 00:50:04,070

bow on the plate and it shows the

1145

00:50:09,820 --> 00:50:07,100

pattern and it's sort of like the study

1146

00:50:13,270 --> 00:50:09,830

bit sort of evolved into like just using

1147

00:50:15,910 --> 00:50:13,280

different processes of like vibrating

1148

00:50:17,380 --> 00:50:15,920

thin plates to see how the material

1149

00:50:19,060 --> 00:50:17,390

reacts and show that these patterns

1150

00:50:21,850 --> 00:50:19,070

there that's cool like putting like the

1151

00:50:24,040 --> 00:50:21,860

sand yeah the same thing yeah

1152

00:50:28,140 --> 00:50:24,050

yeah the sand thing huh yeah yeah see

1153

00:50:30,300 --> 00:50:28,150

that's super cool

1154

00:50:33,240 --> 00:50:30,310

patterns there so geometrically perfect

1155

00:50:35,190 --> 00:50:33,250

and like repetitive it's crazy don't

1156

00:50:39,540 --> 00:50:35,200

like yeah and that's what with the like

1157

00:50:41,670 --> 00:50:39,550

ancient technology pattern or the thing

1158

00:50:44,280 --> 00:50:41,680

with like do is there some ancient

1159

00:50:46,170 --> 00:50:44,290

technology I sort of cymatics come to

1160

00:50:48,750 --> 00:50:46,180

mind because like with like the patterns

1161

00:50:51,090 --> 00:50:48,760

on temples and like just it feels like

1162

00:50:54,540 --> 00:50:51,100

those patterns we're either like created

1163

00:50:58,590 --> 00:50:54,550

through like obvious math and like

1164

00:51:00,480 --> 00:50:58,600

design yeah or they were like one-to-one

1165

00:51:03,240 --> 00:51:00,490

to these like frequencies to these

1166

00:51:06,270 --> 00:51:03,250

patterns that the sound actually makes

1167

00:51:08,670 --> 00:51:06,280

yeah and I just love the idea like a big

1168

00:51:12,060 --> 00:51:08,680

part of like the the world of my story

1169

00:51:15,240 --> 00:51:12,070

is like me sort of exploring what it

1170

00:51:17,760 --> 00:51:15,250

would be like if there was like a world

1171

00:51:22,830 --> 00:51:17,770

where another dimension where you could

1172

00:51:24,030 --> 00:51:22,840

see all all sound synesthesia like

1173

00:51:26,370 --> 00:51:24,040

synesthesia

1174

00:51:30,210 --> 00:51:26,380

yeah and sound could like manipulate

1175

00:51:33,690 --> 00:51:30,220

matter or could manipulate um just

1176
00:51:35,280 --> 00:51:33,700
objects around you yeah yeah that'd be a

1177
00:51:38,220 --> 00:51:35,290
pretty cool vacation

1178
00:51:39,630 --> 00:51:38,230
I spent a weekend in that world man what

1179
00:51:41,730 --> 00:51:39,640
music would you play if you're in that

1180
00:51:45,290 --> 00:51:41,740
that that realm and just see what

1181
00:51:49,770 --> 00:51:47,610
would it be just like an independent

1182
00:51:52,470 --> 00:51:49,780
tones or would it be like a whole song

1183
00:52:01,290 --> 00:51:52,480
by the Beatles or something all dude put

1184
00:52:10,620 --> 00:52:01,300
some funk down the Gulf it's just like

1185
00:52:13,050 --> 00:52:10,630
it moves everything yeah if someone do

1186
00:52:14,850 --> 00:52:13,060
that that would be awesome to see like

1187
00:52:20,040 --> 00:52:14,860
yeah like right now it's like we could

1188
00:52:21,630 --> 00:52:20,050

see how our words are like changing the

1189

00:52:23,310 --> 00:52:21,640

room around us and then like you know

1190

00:52:25,620 --> 00:52:23,320

even like going into the micro

1191

00:52:27,210 --> 00:52:25,630

microphone into the computer out into

1192

00:52:31,920 --> 00:52:27,220

these different pockets and changing the

1193

00:52:33,360 --> 00:52:31,930

air yeah and the vibration there yeah

1194

00:52:35,310 --> 00:52:33,370

it's just really intriguing to me

1195

00:52:38,520 --> 00:52:35,320

because I don't think it's impossible to

1196

00:52:40,390 --> 00:52:38,530

think of us having a technology or a

1197

00:52:42,249 --> 00:52:40,400

lens or something where we could see

1198

00:52:44,319 --> 00:52:42,259

what sounds manipulating yeah and then

1199

00:52:46,930 --> 00:52:44,329

once we do see what sounds manipulating

1200

00:52:49,480 --> 00:52:46,940

whoa what would we see like would we see

1201
00:52:52,720 --> 00:52:49,490
things in there like would we see like

1202
00:52:55,089 --> 00:52:52,730
for instance like like an idea entering

1203
00:52:58,059 --> 00:52:55,099
someone's head mmm there's like these

1204
00:53:00,609 --> 00:52:58,069
these like things like coming they look

1205
00:53:03,400 --> 00:53:00,619
like just like these like blobby kind of

1206
00:53:04,690 --> 00:53:03,410
like geometric organic moving things

1207
00:53:06,640 --> 00:53:04,700
that just like hit someone's head and

1208
00:53:09,400 --> 00:53:06,650
they're like oh man I just had a great

1209
00:53:11,769 --> 00:53:09,410
idea yeah like how if that was a

1210
00:53:13,930 --> 00:53:11,779
possibility how it would change the

1211
00:53:16,269 --> 00:53:13,940
physical world around you yeah with that

1212
00:53:20,220 --> 00:53:16,279
in mind you know exactly yeah you know I

1213
00:53:22,690 --> 00:53:20,230

I do with I do with plants and stuff and

1214

00:53:27,099 --> 00:53:22,700

he's really a guy a really interesting

1215

00:53:29,230 --> 00:53:27,109

story was there was a man who had a

1216

00:53:31,660 --> 00:53:29,240

bunch of plants you know trees and

1217

00:53:34,690 --> 00:53:31,670

things like that well he hadn't he had a

1218

00:53:37,059 --> 00:53:34,700

couple fruit trees and he would always

1219

00:53:39,400 --> 00:53:37,069

like just curse at these fruit trees

1220

00:53:41,109 --> 00:53:39,410

constantly and then he would always say

1221

00:53:43,390 --> 00:53:41,119

nice things to these other fruit trees

1222

00:53:47,019 --> 00:53:43,400

yeah and the ones that he said nice

1223

00:53:50,109 --> 00:53:47,029

things too and they turned out to be

1224

00:53:51,940 --> 00:53:50,119

better trees so it you know you know in

1225

00:53:56,380 --> 00:53:51,950

a sense that is kind of a way to

1226
00:53:58,839 --> 00:53:56,390
physically see what you're saying around

1227
00:54:00,670 --> 00:53:58,849
us but maybe we just don't comprehend

1228
00:54:04,150 --> 00:54:00,680
that nobody sits down and takes the time

1229
00:54:07,079 --> 00:54:04,160
to observe yeah to observe the changes

1230
00:54:09,970 --> 00:54:07,089
that are actually going on around them

1231
00:54:13,809 --> 00:54:09,980
just by using the words that you speak

1232
00:54:16,019 --> 00:54:13,819
you know I feel like success has a lot

1233
00:54:18,670 --> 00:54:16,029
to do with the way that you speak

1234
00:54:20,739 --> 00:54:18,680
failure has a lot to do with the way

1235
00:54:22,690 --> 00:54:20,749
that you speak and maybe the way that

1236
00:54:25,329 --> 00:54:22,700
you speak has a lot to do with the way

1237
00:54:28,059 --> 00:54:25,339
you feel inside you know like I feel

1238
00:54:29,920 --> 00:54:28,069

rundown like I'll just I'm a failure you

1239

00:54:32,140 --> 00:54:29,930

know cuz because sometimes I'll be real

1240

00:54:34,630 --> 00:54:32,150

negative like especially on the highway

1241

00:54:36,910 --> 00:54:34,640

and I'm in such a bad mood yeah and

1242

00:54:38,950 --> 00:54:36,920

nothing seems to go right and then you

1243

00:54:41,920 --> 00:54:38,960

know another day I'll you know be just

1244

00:54:43,720 --> 00:54:41,930

chilling everything is good and my you

1245

00:54:44,410 --> 00:54:43,730

know it's not just my vibe it's what I'm

1246

00:54:49,229 --> 00:54:44,420

saying

1247

00:54:52,290 --> 00:54:49,239

I'm making yeah that that audible sound

1248

00:54:54,750 --> 00:54:52,300

really changes your environment around

1249

00:54:56,310 --> 00:54:54,760

you you know yeah so I think there's

1250

00:54:58,170 --> 00:54:56,320

definitely something to that even though

1251
00:55:01,020 --> 00:54:58,180
you can't physically see the waves or

1252
00:55:03,630 --> 00:55:01,030
the patterns you can see the result oh

1253
00:55:06,320 --> 00:55:03,640
yeah we can feel it yeah yeah was it

1254
00:55:08,640 --> 00:55:06,330
they were not talk speaking to water or

1255
00:55:12,120 --> 00:55:08,650
anything you know and then freezing

1256
00:55:16,080 --> 00:55:12,130
freezing them into you know snowflakes

1257
00:55:18,120 --> 00:55:16,090
or whatever yeah you be loud and mean

1258
00:55:19,680 --> 00:55:18,130
and then they would make snowflakes and

1259
00:55:22,620 --> 00:55:19,690
and they would be all rigid and stuff

1260
00:55:24,270 --> 00:55:22,630
and you'd be nice then you say good

1261
00:55:26,790 --> 00:55:24,280
things and the snowflakes would be like

1262
00:55:29,010 --> 00:55:26,800
more rounded it's no fluffy yeah yeah

1263
00:55:30,480 --> 00:55:29,020

there's so they've had like certain

1264

00:55:33,120 --> 00:55:30,490

studies where they've done stuff like

1265

00:55:35,340 --> 00:55:33,130

that you know and I think they're at

1266

00:55:37,020 --> 00:55:35,350

you're onto something definitely being

1267

00:55:41,280 --> 00:55:37,030

able to physically see that would be

1268

00:55:43,980 --> 00:55:41,290

awesome but yeah that would be true yeah

1269

00:55:46,320 --> 00:55:43,990

hope someone makes that hope if I just

1270

00:55:48,090 --> 00:55:46,330

say it enough or like put it in stories

1271

00:55:52,130 --> 00:55:48,100

enough that someone will make it that

1272

00:55:55,380 --> 00:55:52,140

will do like the science of it yeah

1273

00:55:57,000 --> 00:55:55,390

awesome that'd be super sick I feel like

1274

00:56:00,240 --> 00:55:57,010

it would be it would have to be like a

1275

00:56:01,740 --> 00:56:00,250

cool pair of sunglasses you know not

1276

00:56:04,170 --> 00:56:01,750

something like dumb like a big helmet

1277

00:56:06,660 --> 00:56:04,180

yeah I could have to be pretty cool to

1278

00:56:09,930 --> 00:56:06,670

wear and you see somebody across the

1279

00:56:11,790 --> 00:56:09,940

room wearing these sunglasses later like

1280

00:56:19,350 --> 00:56:11,800

you know yeah or it'd be like that new

1281

00:56:21,540 --> 00:56:19,360

like a neuro-link thing for somebody

1282

00:56:28,640 --> 00:56:21,550

who's so worried about robots taking

1283

00:56:35,580 --> 00:56:34,110

yeah yeah those like nano fibers that

1284

00:56:39,120 --> 00:56:35,590

are like smaller like a tenth of the

1285

00:56:41,670 --> 00:56:39,130

size of a human hair and you're like

1286

00:56:42,840 --> 00:56:41,680

watching it this video and under a

1287

00:56:44,400 --> 00:56:42,850

microscope and they're messing with

1288

00:56:45,750 --> 00:56:44,410

these little filaments and it's like I

1289

00:56:47,280 --> 00:56:45,760

don't know what that feeling is but it's

1290

00:56:49,080 --> 00:56:47,290

super creepy and it makes me sick to my

1291

00:56:53,570 --> 00:56:49,090

stomach when you think about that going

1292

00:56:56,250 --> 00:56:53,580

into your body oh dude I didn't like it

1293

00:56:58,530 --> 00:56:56,260

but I mean dude I totally get though

1294

00:57:02,010 --> 00:56:58,540

their neural link dude I don't like

1295

00:57:06,240 --> 00:57:02,020

first ship yeah the first ship they said

1296

00:57:23,070 --> 00:57:08,640

if I can control my thermostat from my

1297

00:57:25,010 --> 00:57:23,080

mind bro dad be freaking cool like or

1298

00:57:30,840 --> 00:57:25,020

let you watch too much porn in your mind

1299

00:57:32,600 --> 00:57:30,850

you just can't work anymore it has to be

1300

00:57:36,630 --> 00:57:32,610

a that would be a very real concern

1301

00:57:40,830 --> 00:57:36,640

there you walk into somebody's just

1302

00:57:45,510 --> 00:57:40,840

looking Oh bins got viruses slime Dam

1303

00:57:47,460 --> 00:57:45,520

pornhub yeah there's a lot there there's

1304

00:57:49,530 --> 00:57:47,470

a lot there to try to explore and

1305

00:57:50,850 --> 00:57:49,540

understand but yeah that's where I think

1306

00:57:54,090 --> 00:57:50,860

the glasses will be I think they'll be

1307

00:57:54,690 --> 00:57:54,100

like in your mind that point it'd be

1308

00:57:57,600 --> 00:57:54,700

interesting

1309

00:58:00,540 --> 00:57:57,610

I mean how do you how do you feel but

1310

00:58:05,190 --> 00:58:00,550

you you know we can do all this stuff

1311

00:58:10,650 --> 00:58:05,200

with technology do you think that the

1312

00:58:13,020 --> 00:58:10,660

average human maybe is hasn't reached

1313

00:58:15,330 --> 00:58:13,030

its full potential do you think that

1314

00:58:17,520 --> 00:58:15,340

humans possibly have capabilities that

1315

00:58:21,300 --> 00:58:17,530

we're just unaware of because we haven't

1316

00:58:25,470 --> 00:58:21,310

opened that that next level to ourselves

1317

00:58:26,760 --> 00:58:25,480

you know like this is kind of strange

1318

00:58:27,930 --> 00:58:26,770

but I was thinking about this year of

1319

00:58:29,040 --> 00:58:27,940

the day you know how we're always

1320

00:58:31,290 --> 00:58:29,050

sitting here we're like dude they're

1321

00:58:35,130 --> 00:58:31,300

aliens and they're so powerful and

1322

00:58:37,620 --> 00:58:35,140

they're so smart and this and that what

1323

00:58:39,600 --> 00:58:37,630

if what if we're this one-off species

1324

00:58:41,370 --> 00:58:39,610

that's kind of the Cowboys of the

1325

00:58:45,150 --> 00:58:41,380

universe and they're like [h__\h] if they

1326

00:58:46,770 --> 00:58:45,160

ever figure out yes full potential we

1327

00:58:49,050 --> 00:58:46,780

should keep an eye on them you know that

1328

00:58:51,510 --> 00:58:49,060

is a really fun thought maybe we haven't

1329

00:58:52,920 --> 00:58:51,520

reached our full potential but that's

1330

00:58:55,020 --> 00:58:52,930

why they're here and that's why they're

1331

00:58:59,130 --> 00:58:55,030

keeping an eye on us maybe we're just

1332

00:59:00,450 --> 00:58:59,140

this you know offshoot of like you I

1333

00:59:03,570 --> 00:59:00,460

don't want to say extreme intelligence

1334

00:59:07,440 --> 00:59:03,580

because we're stupid but you know we we

1335

00:59:10,110 --> 00:59:07,450

are deep yeah yeah there's Gandhi that's

1336

00:59:11,760 --> 00:59:10,120

such an awesome idea like the reason

1337

00:59:13,380 --> 00:59:11,770

that they're here observing us and just

1338

00:59:14,610 --> 00:59:13,390

making sure we don't go too far is this

1339

00:59:16,520 --> 00:59:14,620

kind of I think we talked about it

1340

00:59:19,580 --> 00:59:16,530

before you know like about

1341

00:59:22,610 --> 00:59:19,590

say you do say you're the creator of an

1342

00:59:25,370 --> 00:59:22,620

AI you know you're some science dude

1343

00:59:27,410 --> 00:59:25,380

that's made just that discovered a I've

1344

00:59:28,910 --> 00:59:27,420

figured out how to do it that'd be

1345

00:59:30,860 --> 00:59:28,920

really really terrifying for a lot of

1346

00:59:32,540 --> 00:59:30,870

people and they tell you hey as long as

1347

00:59:35,000 --> 00:59:32,550

he's not smarter or better looking than

1348

00:59:36,350 --> 00:59:35,010

me do whatever you want but as soon as

1349

00:59:39,860 --> 00:59:36,360

he's smarter faster and better-looking

1350

00:59:43,250 --> 00:59:39,870

than me we gotta kill it you know so

1351
00:59:45,830 --> 00:59:43,260
maybe that's I mean for some reason when

1352
00:59:47,780 --> 00:59:45,840
I think about technology I sort of think

1353
00:59:49,730 --> 00:59:47,790
about like a kid running through a house

1354
00:59:50,390 --> 00:59:49,740
with like a new toy with like muddy

1355
00:59:52,940 --> 00:59:50,400
shoes

1356
00:59:55,670 --> 00:59:52,950
I think the mom is like having to like

1357
00:59:57,320 --> 00:59:55,680
kind of or like some someone's having to

1358
00:59:58,940 --> 00:59:57,330
like clean up this kids like muddy

1359
01:00:02,000 --> 00:59:58,950
footprints but they're just like the

1360
01:00:03,650 --> 01:00:02,010
kids just running yeah and we're I feel

1361
01:00:05,030 --> 01:00:03,660
like that is sort of happening with

1362
01:00:08,480 --> 01:00:05,040
technology it's like the people that can

1363
01:00:10,520 --> 01:00:08,490

make it better just like running right

1364

01:00:12,920 --> 01:00:10,530

like straight to the market straight to

1365

01:00:14,420 --> 01:00:12,930

the consumer and then like a lot of

1366

01:00:16,070 --> 01:00:14,430

people around them are like wow this is

1367

01:00:17,750 --> 01:00:16,080

affecting your behavior this is her I

1368

01:00:22,070 --> 01:00:17,760

feel like you had a question that I

1369

01:00:26,540 --> 01:00:22,080

wanted to answer before what do you like

1370

01:00:28,310 --> 01:00:26,550

do you feel like humans like do you feel

1371

01:00:30,350 --> 01:00:28,320

like there's more to our potential that

1372

01:00:31,580 --> 01:00:30,360

that we could reach you know cuz we're

1373

01:00:33,920 --> 01:00:31,590

sitting here we're talking about you

1374

01:00:36,050 --> 01:00:33,930

know you know different dimensions and

1375

01:00:39,200 --> 01:00:36,060

being able to see kind of through the

1376

01:00:41,510 --> 01:00:39,210

veil but we we don't just see that on a

1377

01:00:44,360 --> 01:00:41,520

normal day-to-day basis but it does

1378

01:00:47,090 --> 01:00:44,370

occasionally occur whether it be through

1379

01:00:50,060 --> 01:00:47,100

you know into ease or whether it be

1380

01:00:52,610 --> 01:00:50,070

through psychedelics or or you know a

1381

01:00:54,590 --> 01:00:52,620

real intense form of meditation people

1382

01:00:59,030 --> 01:00:54,600

say that they're able to kind of pull

1383

01:01:00,560 --> 01:00:59,040

that veil back and you know you know

1384

01:01:02,150 --> 01:01:00,570

scientists you know they say well it's

1385

01:01:05,960 --> 01:01:02,160

just chemicals in your brain and this

1386

01:01:11,170 --> 01:01:05,970

and that yeah is it possible maybe we

1387

01:01:14,990 --> 01:01:11,180

are kind of unlocking this new door that

1388

01:01:17,510 --> 01:01:15,000

could bring up you know the the human

1389

01:01:20,000 --> 01:01:17,520

human species the human race is there

1390

01:01:22,850 --> 01:01:20,010

more to us than just this can I answer

1391

01:01:25,250 --> 01:01:22,860

that question like kind of fast totally

1392

01:01:28,300 --> 01:01:25,260

all right so let me just start by saying

1393

01:01:29,920 --> 01:01:28,310

like I really do like Earth

1394

01:01:31,930 --> 01:01:29,930

humans like I really believe in us and

1395

01:01:34,690 --> 01:01:31,940

that's why it hurts so bad when it feels

1396

01:01:36,580 --> 01:01:34,700

like we're not you know being living our

1397

01:01:41,230 --> 01:01:36,590

fullest potential or running towards

1398

01:01:43,030 --> 01:01:41,240

pocket progress but I think I think that

1399

01:01:44,470 --> 01:01:43,040

we're going to develop technology and

1400

01:01:45,940 --> 01:01:44,480

it's going to start integrating with us

1401
01:01:48,850 --> 01:01:45,950
faster to the point where we're like

1402
01:01:51,070 --> 01:01:48,860
becoming sort of Android type humans and

1403
01:01:53,170 --> 01:01:51,080
then once we hit that point like some

1404
01:01:54,520 --> 01:01:53,180
kind of that technology will kind of

1405
01:01:56,230 --> 01:01:54,530
connect us with information and

1406
01:01:58,060 --> 01:01:56,240
knowledge and wisdom it's kind of like

1407
01:02:01,330 --> 01:01:58,070
feed on itself and hit some kind of like

1408
01:02:02,770 --> 01:02:01,340
faster frequency of progression and once

1409
01:02:04,450 --> 01:02:02,780
we hit like a faster frequency of

1410
01:02:06,820 --> 01:02:04,460
progression like we'll start like sort

1411
01:02:08,350 --> 01:02:06,830
of toying with like what was our human

1412
01:02:09,610 --> 01:02:08,360
consciousness to start what is our

1413
01:02:11,800 --> 01:02:09,620

consciousness now as our consciousness

1414

01:02:14,950 --> 01:02:11,810

now even human and then I think we'll

1415

01:02:17,860 --> 01:02:14,960

start manipulating our bodies around us

1416

01:02:19,900 --> 01:02:17,870

so that we can sort of start to explore

1417

01:02:21,460 --> 01:02:19,910

space more because I think space is sort

1418

01:02:22,900 --> 01:02:21,470

of like our natural environment if you

1419

01:02:25,540 --> 01:02:22,910

like take a look at the universe most of

1420

01:02:27,700 --> 01:02:25,550

its space and then at that point like

1421

01:02:29,710 --> 01:02:27,710

well we're sort of be like these space

1422

01:02:32,140 --> 01:02:29,720

wandering beings with like new

1423

01:02:35,890 --> 01:02:32,150

technological bodies and heightened

1424

01:02:37,990 --> 01:02:35,900

consciousness and then that will sort of

1425

01:02:39,400 --> 01:02:38,000

lead us like continuously into like this

1426

01:02:41,710 --> 01:02:39,410

exploratory

1427

01:02:44,050 --> 01:02:41,720

kind of state where we're like we're

1428

01:02:46,630 --> 01:02:44,060

essentially to us an hour we are living

1429

01:02:48,640 --> 01:02:46,640

in sort of a different dimension and

1430

01:02:50,070 --> 01:02:48,650

then there's there's probably layers and

1431

01:02:52,180 --> 01:02:50,080

questions and all kinds of like

1432

01:02:54,310 --> 01:02:52,190

complications that will come from that

1433

01:02:56,650 --> 01:02:54,320

and I think that in the way that we feel

1434

01:02:59,110 --> 01:02:56,660

sort of nostalgic about our childhood I

1435

01:03:01,240 --> 01:02:59,120

could kind of wonder if we'll be sort of

1436

01:03:02,980 --> 01:03:01,250

nostalgic then to like how we were now

1437

01:03:04,510 --> 01:03:02,990

so we're like right now we're like are

1438

01:03:06,400 --> 01:03:04,520

we living in our fullest potential are

1439

01:03:08,140 --> 01:03:06,410

we like you know and then like in that

1440

01:03:10,150 --> 01:03:08,150

state if we did evolve to like

1441

01:03:11,650 --> 01:03:10,160

technology like integrating at that

1442

01:03:13,780 --> 01:03:11,660

level and us like wandering at that

1443

01:03:17,230 --> 01:03:13,790

level like would we look back at this

1444

01:03:19,120 --> 01:03:17,240

and be like man just like living such a

1445

01:03:21,340 --> 01:03:19,130

simple existence and you're like the

1446

01:03:24,130 --> 01:03:21,350

good ol being so happy about a new puppy

1447

01:03:25,930 --> 01:03:24,140

that enjoys here's the room like eating

1448

01:03:27,730 --> 01:03:25,940

ice cream just don't like eating

1449

01:03:30,130 --> 01:03:27,740

something just really delicious

1450

01:03:31,750 --> 01:03:30,140

hanging out with friends like looking at

1451

01:03:33,970 --> 01:03:31,760

like a sunset like if all that stuff

1452

01:03:34,970 --> 01:03:33,980

will just be so nostalgic but so like

1453

01:03:38,420 --> 01:03:34,980

distant in action

1454

01:03:40,910 --> 01:03:38,430

I think maybe maybe that's like pushing

1455

01:03:42,440 --> 01:03:40,920

towards this direction I think we're

1456

01:03:44,900 --> 01:03:42,450

with technology and how we're

1457

01:03:46,370 --> 01:03:44,910

manipulating it is we're getting further

1458

01:03:48,680 --> 01:03:46,380

and further away from living in the

1459

01:03:50,990 --> 01:03:48,690

moment and I think that's kind of along

1460

01:03:51,170 --> 01:03:51,000

the same lines of what you're talking

1461

01:03:54,230 --> 01:03:51,180

about

1462

01:03:57,020 --> 01:03:54,240

well I mean obviously you said it way

1463

01:03:59,690 --> 01:03:57,030

more poetically but like kind of this

1464

01:04:01,280 --> 01:03:59,700

this thing that we all long for is to be

1465

01:04:03,109 --> 01:04:01,290

able to live in the moment but with all

1466

01:04:04,430 --> 01:04:03,119

this technology we're we're going to get

1467

01:04:05,810 --> 01:04:04,440

to it I feel like we are gonna get to

1468

01:04:14,450 --> 01:04:05,820

that point where we're just constantly

1469

01:04:17,329 --> 01:04:14,460

improving yesterd I in the book I sort

1470

01:04:20,270 --> 01:04:17,339

of explored this like this place where

1471

01:04:23,620 --> 01:04:20,280

ideas are real or ideas are existing

1472

01:04:27,170 --> 01:04:23,630

outside of ourselves and one of the most

1473

01:04:28,760 --> 01:04:27,180

let's say dangerous or powerful ideas in

1474

01:04:32,000 --> 01:04:28,770

that world to me right now

1475

01:04:35,920 --> 01:04:32,010

is like the idea more because like

1476

01:04:38,690 --> 01:04:35,930

without more like without the idea more

1477

01:04:40,940 --> 01:04:38,700

there's no progress there's no movement

1478

01:04:44,089 --> 01:04:40,950

there's no like hey let's make fire

1479

01:04:48,230 --> 01:04:44,099

let's make this let's make this but more

1480

01:04:53,120 --> 01:04:48,240

is like just so ruthless like it's just

1481

01:04:56,510 --> 01:04:53,130

like more more vacation more houses more

1482

01:05:00,200 --> 01:04:56,520

lovers more it's just the the idea of

1483

01:05:05,210 --> 01:05:00,210

more is just such a such a big powerful

1484

01:05:08,900 --> 01:05:05,220

idea - yeah and yeah and yeah I wonder

1485

01:05:13,430 --> 01:05:08,910

what like ultimate more is like if that

1486

01:05:15,829 --> 01:05:13,440

would be like are the are the or the the

1487

01:05:19,010 --> 01:05:15,839

the the top the pinnacle of whatever

1488

01:05:21,859 --> 01:05:19,020

that is are they reaching for more yeah

1489

01:05:25,940 --> 01:05:21,869

or you know are they just trying to just

1490

01:05:28,849 --> 01:05:25,950

chill yeah they like we've done the more

1491

01:05:31,099 --> 01:05:28,859

thing let's just not do anything for a

1492

01:05:33,770 --> 01:05:31,109

sec kind of kind of going back to what

1493

01:05:38,390 --> 01:05:33,780

you were saying about the you know kind

1494

01:05:39,890 --> 01:05:38,400

of nostalgia about you know what we

1495

01:05:41,420 --> 01:05:39,900

think well you know we might think back

1496

01:05:44,930 --> 01:05:41,430

to the nostalgia of what it was like to

1497

01:05:47,930 --> 01:05:44,940

be a human yeah you know I've heard some

1498

01:05:51,799 --> 01:05:47,940

incarnation theories on

1499

01:05:54,559 --> 01:05:51,809

souls or energy or whatever how these

1500

01:05:58,880 --> 01:05:54,569

different dimensional states they're so

1501
01:06:02,839 --> 01:05:58,890
high but we're at it at such a in a

1502
01:06:06,650 --> 01:06:02,849
dense heavy dimension right that we feel

1503
01:06:09,260 --> 01:06:06,660
pain and we feel love in sorrow and we

1504
01:06:11,059 --> 01:06:09,270
have all these emotions and we get kind

1505
01:06:14,480 --> 01:06:11,069
of tired of it because that's just how

1506
01:06:16,370 --> 01:06:14,490
we live but these these whatever they

1507
01:06:18,319 --> 01:06:16,380
are entities or whatever you want to

1508
01:06:22,039 --> 01:06:18,329
call them they don't they don't have

1509
01:06:25,569 --> 01:06:22,049
that and so they choose to come here and

1510
01:06:28,549 --> 01:06:25,579
incarnate themselves and that's you know

1511
01:06:30,980 --> 01:06:28,559
they they they choose to come here but

1512
01:06:33,500 --> 01:06:30,990
they forget that they chose to come here

1513
01:06:36,109 --> 01:06:33,510

and so they live this life just like you

1514

01:06:38,359 --> 01:06:36,119

and I do yeah and then you know when you

1515

01:06:39,650 --> 01:06:38,369

die maybe they go back to wherever they

1516

01:06:42,620 --> 01:06:39,660

came from and see if they learned

1517

01:06:45,620 --> 01:06:42,630

anything or or you know they appreciated

1518

01:06:47,720 --> 01:06:45,630

the experience that they you know got to

1519

01:06:51,500 --> 01:06:47,730

come here like maybe this this dimension

1520

01:06:54,019 --> 01:06:51,510

us you know as as a shell maybe this is

1521

01:06:56,390 --> 01:06:54,029

kind of like a video game yeah yeah

1522

01:06:58,339 --> 01:06:56,400

you come here and experience this but

1523

01:07:00,650 --> 01:06:58,349

it's it's a lifetime maybe they're all

1524

01:07:03,589 --> 01:07:00,660

around just playing just going at Chuck

1525

01:07:06,650 --> 01:07:03,599

E Cheese Oh hanging out and they're all

1526

01:07:08,180 --> 01:07:06,660

in junk yeah yeah and you know they want

1527

01:07:09,799 --> 01:07:08,190

to experience this and so throughout

1528

01:07:11,720 --> 01:07:09,809

life you have so many different

1529

01:07:14,390 --> 01:07:11,730

experiences and then when they're done

1530

01:07:17,359 --> 01:07:14,400

you know like they wake up kinda like

1531

01:07:19,849 --> 01:07:17,369

yeah it's intense there's an episode of

1532

01:07:23,359 --> 01:07:19,859

working Rick and Morty where Rick and

1533

01:07:25,220 --> 01:07:23,369

Morty go to someone off planet and Morty

1534

01:07:28,490 --> 01:07:25,230

plays this video game and he lives an

1535

01:07:30,410 --> 01:07:28,500

entire lifetime and it's like yeah dude

1536

01:07:33,140 --> 01:07:30,420

it's a montage of him going through this

1537

01:07:37,160 --> 01:07:33,150

life and it's like really freakin

1538

01:07:39,289 --> 01:07:37,170

hilarious but it's also so sad like

1539

01:07:41,180 --> 01:07:39,299

everything he's a young man and gets

1540

01:07:43,190 --> 01:07:41,190

married has kids and he's a grandpa and

1541

01:07:47,000 --> 01:07:43,200

he dies and it's he wakes up and it's

1542

01:07:50,329 --> 01:07:47,010

like been a whole like 80 years yeah oh

1543

01:07:50,870 --> 01:07:50,339

my god yeah that was a video game yeah

1544

01:07:56,599 --> 01:07:50,880

exactly

1545

01:08:01,030 --> 01:07:56,609

it's who know it could be maybe this is

1546

01:08:03,430 --> 01:08:01,040

a realm maybe this is a realm

1547

01:08:06,430 --> 01:08:03,440

of heavy experience it you know it

1548

01:08:09,640 --> 01:08:06,440

experiences or experience yeah I loved

1549

01:08:12,160 --> 01:08:09,650

the Avatar idea such a just such a fun

1550

01:08:14,170 --> 01:08:12,170

idea like the story of like Vishnu is

1551

01:08:16,480 --> 01:08:14,180

like the story of that I'm sure there's

1552

01:08:20,590 --> 01:08:16,490

a lot of other sort of tales of that of

1553

01:08:25,269 --> 01:08:20,600

like the God taking on a human form even

1554

01:08:27,880 --> 01:08:25,279

Jesus kind of right yeah yeah even like

1555

01:08:30,460 --> 01:08:27,890

you see I think something confusing to

1556

01:08:31,900 --> 01:08:30,470

me about Christianity and God and Jesus

1557

01:08:34,599 --> 01:08:31,910

and all that and not to go back to that

1558

01:08:37,090 --> 01:08:34,609

but to go back to that it's in God an

1559

01:08:49,240 --> 01:08:37,100

alien in that scenario like absolutely

1560

01:08:54,070 --> 01:08:49,250

like outside the planet yeah like sort

1561

01:08:57,910 --> 01:08:54,080

of like the product of alien abduction

1562

01:08:59,680 --> 01:08:57,920

in yeah impregnation impregnation and

1563

01:09:01,630 --> 01:08:59,690

then Jesus is sort of like half-alien

1564

01:09:06,490 --> 01:09:01,640

half-human hybrid like isn't that like

1565

01:09:09,910 --> 01:09:06,500

yeah what is that that is the story like

1566

01:09:12,910 --> 01:09:09,920

an angel came out of a out of a light

1567

01:09:15,249 --> 01:09:12,920

yeah and said hey Mary what's up girl

1568

01:09:16,690 --> 01:09:15,259

let's go yeah and they go on a ride she

1569

01:09:19,180 --> 01:09:16,700

comes back and she's pregnant that's

1570

01:09:20,670 --> 01:09:19,190

that sounds awfully a lot of action

1571

01:09:23,860 --> 01:09:20,680

that's the story of the Fallen Angels

1572

01:09:26,050 --> 01:09:23,870

fallen angels come here they mate with

1573

01:09:28,809 --> 01:09:26,060

with human you know women

1574

01:09:30,400 --> 01:09:28,819

yeah and God gets upset you know the

1575

01:09:32,140 --> 01:09:30,410

cherubims yeah you know they come down

1576

01:09:34,480 --> 01:09:32,150

here they mate and then you get the

1577

01:09:37,210 --> 01:09:34,490

Nephilim yeah just you know the Giants

1578

01:09:39,070 --> 01:09:37,220

and the people who live for hundreds of

1579

01:09:40,930 --> 01:09:39,080

years yeah throughout the stories of the

1580

01:09:43,059 --> 01:09:40,940

Bible and this and that right so what

1581

01:09:45,370 --> 01:09:43,069

I'm sorry I didn't mean to cut you off

1582

01:09:47,860 --> 01:09:45,380

but I just really really quick that the

1583

01:09:50,349 --> 01:09:47,870

Nephilim as far as timeline goes in the

1584

01:09:53,820 --> 01:09:50,359

Bible when did they show up that's Old

1585

01:09:55,690 --> 01:09:53,830

Testaments okay all right just yeah

1586

01:09:58,330 --> 01:09:55,700

sorry I mean I didn't mean to cut you

1587

01:09:59,470 --> 01:09:58,340

off I get excited yeah you know you look

1588

01:10:02,050 --> 01:09:59,480

at the Old Testament the New Testament

1589

01:10:04,690 --> 01:10:02,060

and they are night in day literal

1590

01:10:05,890 --> 01:10:04,700

literally night day yeah and just sort

1591

01:10:09,310 --> 01:10:05,900

of find that confusing when it's like

1592

01:10:10,810 --> 01:10:09,320

you like when like doesn't if you

1593

01:10:12,220 --> 01:10:10,820

believe in Christianity then don't

1594

01:10:13,859 --> 01:10:12,230

once you have to say yes I believe in

1595

01:10:16,080 --> 01:10:13,869

aliens yes I believe in magic

1596

01:10:18,180 --> 01:10:16,090

like yeah totally because magic is like

1597

01:10:20,669 --> 01:10:18,190

the you know you're in the ritual the

1598

01:10:22,950 --> 01:10:20,679

mere Feast of the blood it's turning

1599

01:10:24,359 --> 01:10:22,960

into the body and then the aliens it's

1600

01:10:26,129 --> 01:10:24,369

like you know God was an

1601

01:10:28,379 --> 01:10:26,139

extraterrestrial that like build the

1602

01:10:30,660 --> 01:10:28,389

planet from elsewhere yeah and then like

1603

01:10:33,689 --> 01:10:30,670

there's this like other dimension where

1604

01:10:36,720 --> 01:10:33,699

like all the souls are existing in this

1605

01:10:39,000 --> 01:10:36,730

like you know pocket dimension yeah that

1606

01:10:41,370 --> 01:10:39,010

like you can access through like I don't

1607

01:10:43,500 --> 01:10:41,380

know like that you you go to later it's

1608

01:10:45,540 --> 01:10:43,510

like all those those concepts are like

1609

01:10:47,790 --> 01:10:45,550

super science fiction I think that's

1610

01:10:51,390 --> 01:10:47,800

what I'm like the to think of like ok

1611

01:10:53,490 --> 01:10:51,400

like the you know conservative people in

1612

01:11:00,120 --> 01:10:53,500

America it's like they believe in some

1613

01:11:02,370 --> 01:11:00,130

sci-fi stuff yeah you think of them as

1614

01:11:04,890 --> 01:11:02,380

sort of like not believing in like magic

1615

01:11:08,669 --> 01:11:04,900

and sci-fi you know it'll be the Lord's

1616

01:11:19,200 --> 01:11:08,679

an alien what are you doing wait you're

1617

01:11:22,770 --> 01:11:19,210

telling me about it in the Bible is a

1618

01:11:26,520 --> 01:11:22,780

kick-ass book yeah that book is sweet

1619

01:11:29,459 --> 01:11:26,530

it's got so many crazy cool a stories in

1620

01:11:32,160 --> 01:11:29,469

it yeah I really would so my older

1621

01:11:34,560 --> 01:11:32,170

brother is reading The Book of Enoch

1622

01:11:37,589 --> 01:11:34,570

right now and I really want it was

1623

01:11:39,780 --> 01:11:37,599

really awesome God takes do you not so

1624

01:11:40,229 --> 01:11:39,790

okay into the universe it shows in the

1625

01:11:42,209 --> 01:11:40,239

heaven

1626
01:11:44,640 --> 01:11:42,219
yes so okay you're telling me that

1627
01:11:47,339 --> 01:11:44,650
you're talking to Enoch a guy who wrote

1628
01:11:49,709 --> 01:11:47,349
a book that walked with G with God for

1629
01:11:51,660 --> 01:11:49,719
300 years and you're not gonna listen to

1630
01:11:54,209 --> 01:11:51,670
what he has to say he's not even in am I

1631
01:11:55,979 --> 01:11:54,219
gonna take him out to arrival that's

1632
01:11:58,649 --> 01:11:55,989
some and that's where the Fallen Angels

1633
01:12:00,479 --> 01:11:58,659
stories come in the cherubims you know

1634
01:12:02,580 --> 01:12:00,489
we have all these paintings of the the

1635
01:12:04,290 --> 01:12:02,590
little angels kissing you know the

1636
01:12:07,530 --> 01:12:04,300
cherub women yeah when is that what you

1637
01:12:08,939 --> 01:12:07,540
okay sure heard you say yeah kissing the

1638
01:12:11,550 --> 01:12:08,949

women on the cheeks and it's it's just

1639

01:12:13,649 --> 01:12:11,560

real like oh that's sweet angels are

1640

01:12:15,870 --> 01:12:13,659

kissing the women like those are the

1641

01:12:18,180 --> 01:12:15,880

fallen angels those are the ones that

1642

01:12:19,950 --> 01:12:18,190

God was pissed that you know that's like

1643

01:12:22,050 --> 01:12:19,960

the most ultimate deception it's like

1644

01:12:23,490 --> 01:12:22,060

this cute little bat baby and wings like

1645

01:12:25,610 --> 01:12:23,500

it's so dang cute how you gonna be

1646

01:12:28,580 --> 01:12:25,620

scared yeah but it's like

1647

01:12:30,770 --> 01:12:28,590

okay all right that book is it's pretty

1648

01:12:34,330 --> 01:12:30,780

incredible yeah I want to read it super

1649

01:12:39,350 --> 01:12:34,340

bad and apparently the original story of

1650

01:12:42,560 --> 01:12:39,360

Moses he was born in albino and so two

1651

01:12:44,840 --> 01:12:42,570

ancient cultures these these albinos are

1652

01:12:48,110 --> 01:12:44,850

light-skinned people they were

1653

01:12:52,340 --> 01:12:48,120

considered gods and so his family didn't

1654

01:12:53,870 --> 01:12:52,350

know what it was wrapped him up put him

1655

01:12:55,850 --> 01:12:53,880

in the basket sent him down the river

1656

01:12:57,380 --> 01:12:55,860

and then the Pharaoh picks him up he's

1657

01:13:01,640 --> 01:12:57,390

like this was sent to me by the gods

1658

01:13:04,370 --> 01:13:01,650

whoa the gods gave me this and and he's

1659

01:13:06,410 --> 01:13:04,380

Moses was an albino with you know he's I

1660

01:13:08,990 --> 01:13:06,420

guess either red or blue eyes I'm not

1661

01:13:12,020 --> 01:13:09,000

sure how that happened right well I mean

1662

01:13:14,510 --> 01:13:12,030

he was at Minnesota the skin tone was

1663

01:13:18,170 --> 01:13:14,520

pretty dark so for like an albino to

1664

01:13:20,240 --> 01:13:18,180

exist because contrast right Ethiopia is

1665

01:13:23,900 --> 01:13:20,250

one of the last places that has the

1666

01:13:26,060 --> 01:13:23,910

original Bible all intact before it got

1667

01:13:28,820 --> 01:13:26,070

canonized and things like that and got

1668

01:13:31,670 --> 01:13:28,830

books taken out and in that book it

1669

01:13:33,950 --> 01:13:31,680

talks about Moses being being an albino

1670

01:13:36,950 --> 01:13:33,960

child yeah he was he was a white child

1671

01:13:40,010 --> 01:13:36,960

and how you know the gods considered

1672

01:13:41,570 --> 01:13:40,020

them you know gods yes from that God's

1673

01:13:44,720 --> 01:13:41,580

never had that and so it would make

1674

01:13:55,460 --> 01:13:44,730

sense that you know regular families

1675

01:13:58,100 --> 01:13:55,470

like don't tell the neighbors before the

1676

01:14:00,230 --> 01:13:58,110

river and then the Pharaoh picks up this

1677

01:14:03,320 --> 01:14:00,240

white dis light-skinned child's like the

1678

01:14:06,440 --> 01:14:03,330

gods the gods sent this to me yeah I

1679

01:14:09,620 --> 01:14:06,450

wonder if back in that those times had

1680

01:14:11,000 --> 01:14:09,630

they seen the white race yet no you know

1681

01:14:12,710 --> 01:14:11,010

maybe that was the first time they saw

1682

01:14:14,870 --> 01:14:12,720

my mom somebody without my doughnut or

1683

01:14:16,520 --> 01:14:14,880

white skin or whatever oh that's just a

1684

01:14:17,990 --> 01:14:16,530

fun idea because because we were talking

1685

01:14:20,480 --> 01:14:18,000

about like in the last episode how the

1686

01:14:22,280 --> 01:14:20,490

the the caucus mount yes yeah is where

1687

01:14:23,900 --> 01:14:22,290

the ancients record the the first

1688

01:14:26,120 --> 01:14:23,910

sighting of like light-skinned people

1689

01:14:27,320 --> 01:14:26,130

and that's why they're called Caucasians

1690

01:14:29,960 --> 01:14:27,330

because they came from the caucus

1691

01:14:32,660 --> 01:14:29,970

mountains out they came down out of the

1692

01:14:36,419 --> 01:14:32,670

mountains and and then spread super

1693

01:14:38,399 --> 01:14:36,429

cocky super cocky about it

1694

01:14:40,709 --> 01:14:38,409

what are our crazy stories right now

1695

01:14:42,689 --> 01:14:40,719

like what are what is our version of

1696

01:14:44,399 --> 01:14:42,699

that like is that like do you know I

1697

01:14:47,279 --> 01:14:44,409

mean like I gotta believe that there's

1698

01:14:47,910 --> 01:14:47,289

like maybe we do have those stories yeah

1699

01:14:49,199 --> 01:14:47,920

totally

1700

01:14:51,569 --> 01:14:49,209

that we're like telling each other now

1701

01:14:52,290 --> 01:14:51,579

like they're happening Rick right now

1702

01:14:55,589 --> 01:14:52,300

yeah right now

1703

01:14:57,299 --> 01:14:55,599

know that it's yeah I mean yeah I don't

1704

01:14:59,219 --> 01:14:57,309

know I don't know what comes to mind but

1705

01:15:01,949 --> 01:14:59,229

I got to believe that there's like just

1706

01:15:04,379 --> 01:15:01,959

as crazy real stories happening right

1707

01:15:07,350 --> 01:15:04,389

now yeah totally

1708

01:15:09,689 --> 01:15:07,360

the the so I guess you made me think of

1709

01:15:12,290 --> 01:15:09,699

like what is our Moses you know yeah

1710

01:15:15,540 --> 01:15:12,300

yeah and I feel like the Prophet is so

1711

01:15:19,140 --> 01:15:15,550

people have ruined that idea so many

1712

01:15:21,689 --> 01:15:19,150

people have like I guess taken taken

1713

01:15:23,129 --> 01:15:21,699

advantage of hey you know I'm a prophet

1714

01:15:25,080 --> 01:15:23,139

I'm a start my own cult now I'm gonna

1715

01:15:26,939 --> 01:15:25,090

make you kill yourselves like it's just

1716

01:15:29,219 --> 01:15:26,949

happened so many times that you really

1717

01:15:32,549 --> 01:15:29,229

can't be a prophet in this right now I

1718

01:15:34,620 --> 01:15:32,559

mean at least for 100 more years maybe

1719

01:15:37,919 --> 01:15:34,630

but yeah I mean there's got to be

1720

01:15:41,160 --> 01:15:37,929

somebody you know making an impact is

1721

01:15:43,739 --> 01:15:41,170

maybe not as big as Moses's we're

1722

01:15:45,989 --> 01:15:43,749

talking about but like making as big of

1723

01:15:47,520 --> 01:15:45,999

an impact that will be you know our our

1724

01:15:50,279 --> 01:15:47,530

children's children will be talking

1725

01:15:51,600 --> 01:15:50,289

about their impact on society right a

1726

01:15:53,819 --> 01:15:51,610

certain way like down the road you know

1727

01:15:54,870 --> 01:15:53,829

maybe it's Elon Musk dude maybe it's

1728

01:15:57,120 --> 01:15:54,880

Neil deGrasse Tyson

1729

01:15:59,939 --> 01:15:57,130

well maybe it's kind of like how not too

1730

01:16:02,009 --> 01:15:59,949

long ago how medicine was was heroin and

1731

01:16:03,449 --> 01:16:02,019

cocaine right they gave you that stuff

1732

01:16:05,609 --> 01:16:03,459

and it made you feel better that was

1733

01:16:07,919 --> 01:16:05,619

that was science you know smoke these

1734

01:16:10,229 --> 01:16:07,929

cigarettes that make you thin and

1735

01:16:10,979 --> 01:16:10,239

attractive right bloodletting wear

1736

01:16:13,319 --> 01:16:10,989

deodorant

1737

01:16:15,359 --> 01:16:13,329

you know people find it attractive you

1738

01:16:19,140 --> 01:16:15,369

know like that's kind of a more recent

1739

01:16:21,600 --> 01:16:19,150

version of [h__\h] well so much of our

1740

01:16:24,060 --> 01:16:21,610

stuff is recent like yeah like medical

1741

01:16:26,189 --> 01:16:24,070

advancements and like technology do like

1742

01:16:28,469 --> 01:16:26,199

electricity if you really think about it

1743

01:16:32,759 --> 01:16:28,479

it's not it hasn't been around for that

1744

01:16:36,709 --> 01:16:32,769

long reason ran with it for sure like a

1745

01:16:39,629 --> 01:16:36,719

kid with muddy shoes I love how all this

1746

01:16:42,959 --> 01:16:39,639

transpired from just the blue box you

1747

01:16:44,939 --> 01:16:42,969

know there you go yeah that semester is

1748

01:16:46,100 --> 01:16:44,949

this conversation was it came out of the

1749

01:16:48,410 --> 01:16:46,110

blue box yeah

1750

01:16:50,840 --> 01:16:48,420

the blue box there's a lot there yeah

1751

01:16:52,070 --> 01:16:50,850

man there's so much to unpack for sure

1752

01:16:54,860 --> 01:16:52,080

means a lot

1753

01:16:57,430 --> 01:16:54,870

I think we like got a little bit closer

1754

01:17:00,320 --> 01:16:57,440

you know I mean yeah it's like the trees

1755

01:17:04,610 --> 01:17:00,330

totally like our if it was a video game

1756

01:17:06,620 --> 01:17:04,620

like our little something anyone

1757

01:17:12,310 --> 01:17:06,630

listening moved a little bit closer to

1758

01:17:21,110 --> 01:17:12,320

our Sims gained three points great

1759

01:17:23,840 --> 01:17:21,120

conversation did you have any any I

1760

01:17:25,400 --> 01:17:23,850

wrote down a bunch of this so uh one

1761

01:17:27,050 --> 01:17:25,410

thing I was thinking about I mean I

1762

01:17:28,610 --> 01:17:27,060

don't want to like you know any the too

1763

01:17:30,290 --> 01:17:28,620

specific for the book because I don't

1764

01:17:31,820 --> 01:17:30,300

want to like give anything away like too

1765

01:17:33,860 --> 01:17:31,830

much but I was thinking I found it

1766

01:17:37,070 --> 01:17:33,870

interesting the names of these entities

1767

01:17:42,080 --> 01:17:37,080

that you encountered and so Dion and

1768

01:17:46,400 --> 01:17:42,090

Pando did was this a conscious choosing

1769

01:17:48,470 --> 01:17:46,410

selection of their names or did is this

1770

01:17:54,650 --> 01:17:48,480

something that you liked that that was

1771

01:17:56,240 --> 01:17:54,660

their name yeah I I call it die on

1772

01:17:57,710 --> 01:17:56,250

actually hold on I don't know if I said

1773

01:17:59,000 --> 01:17:57,720

I don't know if I need to put the right

1774

01:18:01,820 --> 01:17:59,010

accent on it or something

1775

01:18:04,760 --> 01:18:01,830

that's that was sort of just like let's

1776

01:18:08,060 --> 01:18:04,770

say my my invisible friend as a child

1777

01:18:10,880 --> 01:18:08,070

yeah yeah die on okay yeah he's like

1778

01:18:13,010 --> 01:18:10,890

he's still like my invisible friend I'm

1779

01:18:14,270 --> 01:18:13,020

like I'm like bringing him back you know

1780

01:18:16,130 --> 01:18:14,280

I went through the phase where I was

1781

01:18:26,630 --> 01:18:16,140

like can't have an invisible friend

1782

01:18:28,220 --> 01:18:26,640

anymore yeah totally yeah you know it's

1783

01:18:30,680 --> 01:18:28,230

funny that you bring that up cuz yeah I

1784

01:18:33,110 --> 01:18:30,690

had an invisible friend Rob as a kid and

1785

01:18:35,300 --> 01:18:33,120

it's only because my buddy had an

1786

01:18:36,740 --> 01:18:35,310

invisible friend and his invisible

1787

01:18:43,340 --> 01:18:36,750

friend it was named cookie and I was

1788

01:18:45,440 --> 01:18:43,350

like again have an invisible friend with

1789

01:18:46,460 --> 01:18:45,450

the same name as mine and I was like all

1790

01:18:49,550 --> 01:18:46,470

right

1791

01:18:51,220 --> 01:18:49,560

crunchy had an invisible friend named

1792

01:18:53,500 --> 01:18:51,230

crunchy

1793

01:18:55,360 --> 01:18:53,510

yeah I just imagined you and your friend

1794

01:19:00,840 --> 01:18:55,370

like in a room and it was just just

1795

01:19:30,070 --> 01:19:03,190

and your friends like no no no this is

1796

01:19:31,300 --> 01:19:30,080

my cookie crunchy crunchy I mean yeah I

1797

01:19:33,010 --> 01:19:31,310

think crunchy was cool

1798

01:19:35,110 --> 01:19:33,020

yeah like anytime I needed somebody to

1799

01:19:36,910 --> 01:19:35,120

talk to you crunchy was always there you

1800

01:19:40,420 --> 01:19:36,920

know so crunchy yeah

1801
01:19:42,130 --> 01:19:40,430
I hope crunchy is doing good yeah oh

1802
01:19:52,450 --> 01:19:42,140
sure he is yeah he's right he's probably

1803
01:19:59,880 --> 01:19:52,460
hanging around but bugles on his

1804
01:20:08,620 --> 01:20:04,690
and panned oh I did pick that name for

1805
01:20:11,050 --> 01:20:08,630
that character cuz I look like Pando is

1806
01:20:13,510 --> 01:20:11,060
a sort of like tree or it's like a it's

1807
01:20:15,220 --> 01:20:13,520
like a forest where all the roots are

1808
01:20:18,490 --> 01:20:15,230
connected to where they're basically

1809
01:20:21,220 --> 01:20:18,500
like one tree oh wow yeah there's

1810
01:20:23,950 --> 01:20:21,230
something there's there's a lot to Pando

1811
01:20:27,100 --> 01:20:23,960
I'm still figuring out you know like

1812
01:20:29,800 --> 01:20:27,110
he's a complex character awesome

1813
01:20:31,180 --> 01:20:29,810

yeah cool Ayers there well there's

1814

01:20:34,840 --> 01:20:31,190

definitely some truth behind that too

1815

01:20:37,180 --> 01:20:34,850

though because you know trees and grass

1816

01:20:40,960 --> 01:20:37,190

and plants they all communicate with

1817

01:20:43,870 --> 01:20:40,970

each other yeah oh yeah mycelium right

1818

01:20:46,240 --> 01:20:43,880

mycelium yeah the white fungus mycelium

1819

01:20:50,140 --> 01:20:46,250

root network and it's a super nutrient

1820

01:20:52,840 --> 01:20:50,150

highway yeah it also allows plants and

1821

01:20:55,840 --> 01:20:52,850

trees to talk to each other across vast

1822

01:20:59,110 --> 01:20:55,850

distances if a part of the forest is

1823

01:21:01,060 --> 01:20:59,120

lacking nutrients from across the forest

1824

01:21:03,040 --> 01:21:01,070

trees and plants will send nutrients

1825

01:21:03,350 --> 01:21:03,050

through this this network and that yeah

1826

01:21:06,350 --> 01:21:03,360

too

1827

01:21:09,890 --> 01:21:06,360

each other that's so true to that so is

1828

01:21:11,660 --> 01:21:09,900

it is it one tree or is it a tree within

1829

01:21:14,030 --> 01:21:11,670

a structure you know back to what we

1830

01:21:16,040 --> 01:21:14,040

were talking yeah you're like yeah yeah

1831

01:21:18,050 --> 01:21:16,050

so I'm still trying to understand pendo

1832

01:21:21,050 --> 01:21:18,060

I feel like I feel like panda is like

1833

01:21:22,970 --> 01:21:21,060

there and I like I think about panda

1834

01:21:24,859 --> 01:21:22,980

from time to time and like I learn

1835

01:21:27,830 --> 01:21:24,869

different things that little stories pop

1836

01:21:29,030 --> 01:21:27,840

up and then like yeah but I'm not sure I

1837

01:21:30,500 --> 01:21:29,040

haven't really figured him out yet but

1838

01:21:32,439 --> 01:21:30,510

when actually when you were talking I

1839

01:21:34,490 --> 01:21:32,449

listened to your last like Hollow Earth

1840

01:21:37,370 --> 01:21:34,500

podcast and yeah when you were talking

1841

01:21:40,040 --> 01:21:37,380

about like that Hollow Earth realm with

1842

01:21:44,090 --> 01:21:40,050

the master yeah like the master

1843

01:21:46,729 --> 01:21:44,100

character is sort of like what Pando is

1844

01:21:48,939 --> 01:21:46,739

like to me okay so like I'm serving I'm

1845

01:21:51,709 --> 01:21:48,949

sort of exploring this like idea of like

1846

01:21:54,439 --> 01:21:51,719

wood pen Dobby existing and like this

1847

01:21:57,709 --> 01:21:54,449

utopia or this dystopia or would it be

1848

01:21:59,720 --> 01:21:57,719

like kind of like both like I I don't

1849

01:22:02,359 --> 01:21:59,730

know I just like the idea of like trying

1850

01:22:04,910 --> 01:22:02,369

to figure out how panda would set up

1851

01:22:07,490 --> 01:22:04,920

what he would think was a utopia right

1852

01:22:08,959 --> 01:22:07,500

you know I mean and then sort of trying

1853

01:22:11,330 --> 01:22:08,969

to play around with stories with that of

1854

01:22:13,640 --> 01:22:11,340

like what is a utopia like you know and

1855

01:22:15,890 --> 01:22:13,650

would we think that's a utopia because

1856

01:22:18,050 --> 01:22:15,900

there's a lot of dystopia stories I feel

1857

01:22:20,149 --> 01:22:18,060

like that's like playing on our anxiety

1858

01:22:21,229 --> 01:22:20,159

of like the future and like aliens and a

1859

01:22:23,629 --> 01:22:21,239

lot of things like that it's like it's

1860

01:22:26,510 --> 01:22:23,639

eat right it's like dystopia it's like

1861

01:22:28,340 --> 01:22:26,520

sort of satisfying yeah and maybe that's

1862

01:22:30,379 --> 01:22:28,350

what it will be Panda will be like this

1863

01:22:31,550 --> 01:22:30,389

dystopia but I don't know right now I'm

1864

01:22:33,560 --> 01:22:31,560

just trying to think about like what

1865

01:22:36,109 --> 01:22:33,570

what are you top it be how would Panda

1866

01:22:39,200 --> 01:22:36,119

set that upload the what would is plan

1867

01:22:41,209 --> 01:22:39,210

it be like like that yeah that's pretty

1868

01:22:43,189 --> 01:22:41,219

interesting yeah yeah I like that

1869

01:22:45,050 --> 01:22:43,199

how do I build a utopia in my mind of

1870

01:22:47,780 --> 01:22:45,060

like this is how Panda did it right

1871

01:22:50,840 --> 01:22:47,790

right you know how did he do agriculture

1872

01:22:52,760 --> 01:22:50,850

how did he do like different people in

1873

01:22:54,410 --> 01:22:52,770

society with different backgrounds

1874

01:22:58,520 --> 01:22:54,420

working together like how did how did

1875

01:22:59,990 --> 01:22:58,530

panda build his worlds yeah he's sort of

1876

01:23:05,629 --> 01:23:00,000

my channel to like thinking about that

1877

01:23:09,350 --> 01:23:05,639

so but he's also you know in this story

1878

01:23:11,090 --> 01:23:09,360

at least like you know yeah I don't know

1879

01:23:11,899 --> 01:23:11,100

I guess you have to read it to find out

1880

01:23:14,359 --> 01:23:11,909

about Panda

1881

01:23:17,629 --> 01:23:14,369

yeah totally totally do you think do you

1882

01:23:23,149 --> 01:23:17,639

think when we when we think of utopia

1883

01:23:26,959 --> 01:23:23,159

yeah your your idea of utopia

1884

01:23:30,770 --> 01:23:26,969

like I think it would be so difficult to

1885

01:23:33,109 --> 01:23:30,780

create a utopia that everybody would

1886

01:23:34,580 --> 01:23:33,119

consider utopia you know because what

1887

01:23:35,479 --> 01:23:34,590

some people would be like dude this is

1888

01:23:37,399 --> 01:23:35,489

utopia

1889

01:23:39,890 --> 01:23:37,409

some people like this kind of sucks

1890

01:23:42,290 --> 01:23:39,900

we're like certain aspects of it like

1891

01:23:46,969 --> 01:23:42,300

aren't all the way there like yeah this

1892

01:23:49,370 --> 01:23:46,979

is cool but it was utopia you wouldn't

1893

01:23:52,219 --> 01:23:49,380

have the but alright you know like like

1894

01:23:56,089 --> 01:23:52,229

it's kind of a you have to create your

1895

01:23:57,259 --> 01:23:56,099

own like in our utopia yeah I mean I

1896

01:23:59,709 --> 01:23:57,269

feel like that kind of has some

1897

01:24:02,000 --> 01:23:59,719

connections to like people's

1898

01:24:04,219 --> 01:24:02,010

interpretation of heaven we're like

1899

01:24:06,439 --> 01:24:04,229

heaven save for everybody I know it's

1900

01:24:14,890 --> 01:24:06,449

got to be pretty specific to what you

1901

01:24:21,140 --> 01:24:19,729

can i smoke a bowl can I do that the

1902

01:24:23,270 --> 01:24:21,150

ball in heaven or is that like frowned

1903

01:24:25,699 --> 01:24:23,280

upon yeah or like can I can I tell like

1904

01:24:28,669 --> 01:24:25,709

dirty jokes like because I find dirty

1905

01:24:31,069 --> 01:24:28,679

you know like you know I find things

1906

01:24:33,229 --> 01:24:31,079

that are inappropriate and and not funny

1907

01:24:35,509 --> 01:24:33,239

to a lot of people extremely funny I've

1908

01:24:37,699 --> 01:24:35,519

always been that way like I couldn't

1909

01:24:42,580 --> 01:24:37,709

find the funny in the shittiest

1910

01:24:45,520 --> 01:24:42,590

situations and it totally gets me right

1911

01:24:48,529 --> 01:24:45,530

totally the same you know it's like oh

1912

01:24:49,939 --> 01:24:48,539

like always that God is snickering like

1913

01:24:51,890 --> 01:24:49,949

when something [\h__\h] up is happening

1914

01:24:53,959 --> 01:24:51,900

yeah I mean that's like violence but

1915

01:24:55,939 --> 01:24:53,969

like something really awkward and like I

1916

01:24:57,739 --> 01:24:55,949

know like like Jerry Seinfeld was

1917

01:24:59,899 --> 01:24:57,749

talking about this one day he was like

1918

01:25:02,449 --> 01:24:59,909

yeah you know sometimes like somebody

1919

01:25:04,189 --> 01:25:02,459

will say oh this person passed away and

1920

01:25:06,949 --> 01:25:04,199

I'll be like oh it was enough of that

1921

01:25:09,560 --> 01:25:06,959

guy anyways obviously it's [\h__\h] up but

1922

01:25:11,839 --> 01:25:09,570

like he's kind of like your way of

1923

01:25:14,330 --> 01:25:11,849

coping or like dealing with it like you

1924

01:25:16,429 --> 01:25:14,340

know it's not like you're kind of like

1925

01:25:19,069 --> 01:25:16,439

taking on the the brighter side of this

1926

01:25:21,049 --> 01:25:19,079

you know you know but in a darker

1927

01:25:22,580 --> 01:25:21,059

humorous way yeah yeah I feel like I

1928

01:25:24,169 --> 01:25:22,590

need to figure out what my heaven must

1929

01:25:24,479 --> 01:25:24,179

be I'm worried now that I'm gonna get

1930

01:25:26,399 --> 01:25:24,489

too

1931

01:25:31,140 --> 01:25:26,409

like the gate situation and they'd be

1932

01:25:34,850 --> 01:25:31,150

like so do you want I'm actually no no

1933

01:25:37,020 --> 01:25:34,860

why like can I change it later like nah

1934

01:25:38,520 --> 01:25:37,030

yeah that's the one rule you can't

1935

01:25:43,649 --> 01:25:38,530

change it no you just gotta pick it

1936

01:25:47,339 --> 01:25:43,659

right now do you have like a menu yeah

1937

01:25:48,660 --> 01:25:47,349

yeah I feel like it's gotta be like one

1938

01:25:52,890 --> 01:25:48,670

of those posh restaurants where there's

1939

01:25:54,540 --> 01:25:52,900

yeah four things on the menu yeah just

1940

01:25:56,429 --> 01:25:54,550

so you hurry up and make your decision

1941

01:25:58,290 --> 01:25:56,439

because there's use a long line behind

1942

01:26:07,910 --> 01:25:58,300

you yeah you know yeah and one of the

1943

01:26:12,989 --> 01:26:10,229

just stay there but then you have to

1944

01:26:15,359 --> 01:26:12,999

stay forever or you can keep coming back

1945

01:26:16,830 --> 01:26:15,369

I keep I keep in my head also seeing

1946

01:26:20,129 --> 01:26:16,840

that I don't know if you have seen a

1947

01:26:21,660 --> 01:26:20,139

racer head that David Lynch movie that's

1948

01:26:24,509 --> 01:26:21,670

like no I haven't seen that no no

1949

01:26:26,879 --> 01:26:24,519

there's one part of it where I feel like

1950

01:26:28,979 --> 01:26:26,889

character like zooms in on something and

1951

01:26:32,149 --> 01:26:28,989

then like they go into this like

1952

01:26:35,399 --> 01:26:32,159

spotlight setting or this is just

1953

01:26:36,629 --> 01:26:35,409

strange looking woman like I think she

1954

01:26:39,029 --> 01:26:36,639

has something on her face or something

1955

01:26:41,839 --> 01:26:39,039

like extending her face and she's just

1956

01:26:45,120 --> 01:26:41,849

singing a song and it's like in heaven

1957

01:26:47,609 --> 01:26:45,130

everything is fine it's like so

1958

01:26:50,870 --> 01:26:47,619

beautiful and like she's so sincere and

1959

01:26:53,939 --> 01:26:50,880

it's just like oh it's like fuels yeah

1960

01:26:56,729 --> 01:26:53,949

and then modest mouse covered that line

1961

01:26:59,699 --> 01:26:56,739

oh really I think they I think they did

1962

01:27:01,589 --> 01:26:59,709

I hope I got all that right if not

1963

01:27:03,929 --> 01:27:01,599

people yeah I love that sentiment like

1964

01:27:05,969 --> 01:27:03,939

in heaven everything is fine yeah but

1965

01:27:07,049 --> 01:27:05,979

even if you don't believe and even if

1966

01:27:08,429 --> 01:27:07,059

you're not cushion I feel like you

1967

01:27:10,649 --> 01:27:08,439

cannot you can relate to the idea of

1968

01:27:12,449 --> 01:27:10,659

like in this other like place like

1969

01:27:15,689 --> 01:27:12,459

everything's gonna be great yeah totally

1970

01:27:19,410 --> 01:27:15,699

totally yeah I think that exists and

1971

01:27:22,770 --> 01:27:19,420

even if you don't want to admit it I the

1972

01:27:24,569 --> 01:27:22,780

biggest atheist I feel deep down they've

1973

01:27:29,939 --> 01:27:24,579

got to have that little string of hope

1974

01:27:32,609 --> 01:27:29,949

or you know take the spiritual language

1975

01:27:36,300 --> 01:27:32,619

out of it's like yeah in a place I go

1976

01:27:43,020 --> 01:27:39,660

I go there yeah you know how they had

1977

01:27:46,440 --> 01:27:43,030

those uh you know they had the new spore

1978

01:27:48,750 --> 01:27:46,450

wraps for like when you die you know to

1979

01:27:51,090 --> 01:27:48,760

make a tree out of yeah yeah it's kind

1980

01:27:52,950 --> 01:27:51,100

of like you know like maybe if you don't

1981

01:27:55,020 --> 01:27:52,960

you know if you don't believe in heaven

1982

01:27:56,790 --> 01:27:55,030

or something you know like well be a

1983

01:27:59,520 --> 01:27:56,800

spore wrap and you could be a tree I

1984

01:28:01,920 --> 01:27:59,530

don't like you just get transferred yeah

1985

01:28:06,170 --> 01:28:01,930

they do the fungal spores in it and then

1986

01:28:08,550 --> 01:28:06,180

you decompose and you become a garden

1987

01:28:12,450 --> 01:28:08,560

pretty sweet that's pretty cool I would

1988

01:28:14,700 --> 01:28:12,460

kind of like that idea I love it yeah or

1989

01:28:17,550 --> 01:28:14,710

like on yourself and try to save your

1990

01:28:19,230 --> 01:28:17,560

body [h__h] what like if somebody digs

1991

01:28:20,880 --> 01:28:19,240

you up that's creepy

1992

01:28:22,860 --> 01:28:20,890

it's supposed to do that why are you

1993

01:28:24,810 --> 01:28:22,870

embalming yourself and save your body

1994

01:28:27,450 --> 01:28:24,820

like unless like the the burying

1995

01:28:28,890 --> 01:28:27,460

yourself is sort of like they're just

1996

01:28:30,300 --> 01:28:28,900

like you know later they can have the

1997

01:28:32,490 --> 01:28:30,310

technology to bring it back like you

1998

01:28:34,890 --> 01:28:32,500

might as well just like be a little a

1999

01:28:36,750 --> 01:28:34,900

little checkmark for them to go to yeah

2000

01:28:40,470 --> 01:28:36,760

yeah Walt Disney is still frozen

2001

01:28:43,230 --> 01:28:40,480

really he's crazy frozen I don't know

2002

01:28:47,550 --> 01:28:43,240

where I heard it was under a majestic

2003

01:28:49,410 --> 01:28:47,560

mountain what is it oh damn whatever the

2004

01:28:53,190 --> 01:28:49,420

Mount was what if Walt Disney's in the

2005

01:28:54,030 --> 01:28:53,200

in the the world see Bank oh snap what

2006

01:28:55,410 --> 01:28:54,040

if that's where they're putting

2007

01:28:58,890 --> 01:28:55,420

cryogenically frozen pizzas

2008

01:29:00,390 --> 01:28:58,900

is it the world seed they bring them

2009

01:29:02,400 --> 01:29:00,400

back though it's a whole like Pet

2010

01:29:05,340 --> 01:29:02,410

Semetary thing like would it be then

2011

01:29:08,400 --> 01:29:05,350

dude fun would be it wouldn't be cool he

2012

01:29:10,980 --> 01:29:08,410

wouldn't get any any jokes or I don't

2013

01:29:13,080 --> 01:29:10,990

know what he would he even be that

2014

01:29:15,840 --> 01:29:13,090

prolific of alright we created Walt

2015

01:29:20,610 --> 01:29:15,850

times have changed anti-semitic [h__h] you

2016

01:29:23,310 --> 01:29:20,620

gotta be like where did Mickey go like

2017

01:29:26,880 --> 01:29:23,320

yeah I told I row right here Mickey

2018

01:29:31,050 --> 01:29:26,890

shows like there should be like no one

2019

01:29:34,850 --> 01:29:31,060

cares like Mickey's just this mascot now

2020

01:29:38,000 --> 01:29:34,860

he's she's like I wrote it right there

2021

01:29:41,840 --> 01:29:38,010

seven billion dollars make a Mickey show

2022

01:29:49,200 --> 01:29:41,850

what what you're remaking Lion

2023

01:29:53,490 --> 01:29:49,210

yeah sir there's no movies with cartoons

2024

01:29:57,330 --> 01:29:53,500

anymore it's all Steamboat Mickey that

2025

01:29:59,730 --> 01:29:57,340

was the first cartoon with sound right I

2026

01:30:01,590 --> 01:29:59,740

think so who's the first one with sound

2027

01:30:05,990 --> 01:30:01,600

B whistles whistling yes Steamboat

2028

01:30:08,880 --> 01:30:06,000

Mickey those those old those old Disney

2029

01:30:10,890 --> 01:30:08,890

you know just cartoons and stuff they're

2030

01:30:14,640 --> 01:30:10,900

cool they're also very racist

2031

01:30:17,580 --> 01:30:14,650

oh hey also Steamboat Mickey sounds like

2032

01:30:19,890 --> 01:30:17,590

I don't know some some sounds like a

2033

01:30:37,560 --> 01:30:19,900

cool bar sounds like a dope bar or like

2034

01:30:40,680 --> 01:30:37,570

a cool jazz like players fishermen hey

2035

01:30:42,120 --> 01:30:40,690

Chris do you want to this is my favorite

2036

01:30:43,980 --> 01:30:42,130

part of this book and it's your

2037

01:30:45,360 --> 01:30:43,990

interpretation of books and I can't

2038

01:30:48,690 --> 01:30:45,370

remember who's saying it but would you

2039

01:30:50,700 --> 01:30:48,700

like to read it I mean I mean it's no no

2040

01:30:53,700 --> 01:30:50,710

I can read it but I figured since it's

2041

01:30:55,140 --> 01:30:53,710

your book yeah yeah it's just okay I'll

2042

01:30:59,430 --> 01:30:55,150

read it yeah cool so you're talking

2043

01:31:01,710 --> 01:30:59,440

about books and the guy's like well what

2044

01:31:03,420 --> 01:31:01,720

do you want me to you you call it a book

2045

01:31:05,850 --> 01:31:03,430

in someone else I can't remember who

2046

01:31:08,040 --> 01:31:05,860

says it and you say well what do you

2047

01:31:10,220 --> 01:31:08,050

want me to call them legible

2048

01:31:12,810 --> 01:31:10,230

superstructures of intelligence energy

2049

01:31:15,630 --> 01:31:12,820

compacted into a sequential dimension

2050

01:31:16,890 --> 01:31:15,640

hyper frequency unit that's like my

2051
01:31:18,320 --> 01:31:16,900
favorite part of the whole book that's

2052
01:31:21,120 --> 01:31:18,330
the description

2053
01:31:30,300 --> 01:31:21,130
yes sorry I didn't put you on the spot I

2054
01:31:33,210 --> 01:31:30,310
just I love that I definitely play with

2055
01:31:35,250 --> 01:31:33,220
like sort of these like nu IJ Age ideas

2056
01:31:37,500 --> 01:31:35,260
and sort of I don't know poke fun at

2057
01:31:40,230 --> 01:31:37,510
them while you're simultaneously on this

2058
01:31:44,070 --> 01:31:40,240
like roller coaster going through those

2059
01:31:46,440 --> 01:31:44,080
ideas yeah so yeah yeah yeah because

2060
01:31:48,720 --> 01:31:46,450
like the idea of the book at least

2061
01:31:50,490 --> 01:31:48,730
there's like you're in this world that

2062
01:31:52,380 --> 01:31:50,500
you can and understand it's like you

2063
01:31:53,700 --> 01:31:52,390

know it's like this other dimension it's

2064

01:31:54,570 --> 01:31:53,710

like big it's like the whole thing of

2065

01:31:55,730 --> 01:31:54,580

like you know if

2066

01:31:58,950 --> 01:31:55,740

if I understood it my head would explode

2067

01:32:02,190 --> 01:31:58,960

so like my head is exploding essentially

2068

01:32:04,530 --> 01:32:02,200

in the beginning and then like I get

2069

01:32:08,010 --> 01:32:04,540

like I have to like sort of tune it I

2070

01:32:10,140 --> 01:32:08,020

like you know and the way that my

2071

01:32:12,270 --> 01:32:10,150

invisible friend helps me tune it is

2072

01:32:15,360 --> 01:32:12,280

like just think of it as like books and

2073

01:32:15,990 --> 01:32:15,370

boxes yeah just books and boxes that's

2074

01:32:18,150 --> 01:32:16,000

all it is

2075

01:32:19,770 --> 01:32:18,160

and then like when you start thinking of

2076

01:32:21,270 --> 01:32:19,780

it in like that terms it's like you have

2077

01:32:23,070 --> 01:32:21,280

a language for it you're like I know

2078

01:32:24,930 --> 01:32:23,080

what a book is I know how to open a book

2079

01:32:27,530 --> 01:32:24,940

I know what a box is it like hold stuff

2080

01:32:30,810 --> 01:32:27,540

you know and then you sort of like tune

2081

01:32:32,370 --> 01:32:30,820

that world or that like thing that's way

2082

01:32:35,370 --> 01:32:32,380

more than you can understand into like

2083

01:32:46,050 --> 01:32:35,380

language into objects something faced

2084

01:32:52,320 --> 01:32:46,060

with so I'm talking about the the New

2085

01:32:55,200 --> 01:32:52,330

Age movement I it's very uh it's very

2086

01:32:58,080 --> 01:32:55,210

appealing it's it's very appealing I

2087

01:33:00,150 --> 01:32:58,090

think the issue that I have kind of with

2088

01:33:03,150 --> 01:33:00,160

the New Age movement is I feel like it's

2089

01:33:06,590 --> 01:33:03,160

kind of like we were talking about

2090

01:33:09,360 --> 01:33:06,600

earlier the same thing repackaged right

2091

01:33:13,650 --> 01:33:09,370

it's kind of just a new a new way of

2092

01:33:17,280 --> 01:33:13,660

looking at things now my fear is that

2093

01:33:20,610 --> 01:33:17,290

instead of being able to kind of explore

2094

01:33:24,780 --> 01:33:20,620

and even maybe move beyond that that New

2095

01:33:26,520 --> 01:33:24,790

Age idea that will get stuck kind of

2096

01:33:27,960 --> 01:33:26,530

like we've done you know just just

2097

01:33:31,290 --> 01:33:27,970

throughout history yeah we just have

2098

01:33:33,390 --> 01:33:31,300

hundreds of years of these you know new

2099

01:33:37,170 --> 01:33:33,400

religion new idea and then it just gets

2100

01:33:39,180 --> 01:33:37,180

stuck right yeah and I kind of I kind of

2101

01:33:44,010 --> 01:33:39,190

view that the the New Age movement as a

2102

01:33:46,260 --> 01:33:44,020

way to kind of propel yourself but I my

2103

01:33:48,090 --> 01:33:46,270

fear is that people will get stuck like

2104

01:33:51,000 --> 01:33:48,100

they just get comfortable with that idea

2105

01:33:53,430 --> 01:33:51,010

you know the walls of dogma and the

2106

01:33:55,050 --> 01:33:53,440

structures get built exactly walking

2107

01:33:56,880 --> 01:33:55,060

inside of the maze and someone's like

2108

01:33:58,950 --> 01:33:56,890

hey you can't go through that door yeah

2109

01:34:00,360 --> 01:33:58,960

yeah it's an idea that we don't believe

2110

01:34:03,729 --> 01:34:00,370

in right like wait I thought the whole

2111

01:34:08,209 --> 01:34:03,739

point was like continuing to explore and

2112

01:34:11,239 --> 01:34:08,219

yeah yeah or in its even it's even it's

2113

01:34:13,759 --> 01:34:11,249

even going back further you know it's

2114

01:34:16,370 --> 01:34:13,769

taking more like these ancient religions

2115

01:34:18,950 --> 01:34:16,380

and kind of replacing them back into the

2116

01:34:20,660 --> 01:34:18,960

forefront of what we have as modern-day

2117

01:34:25,250 --> 01:34:20,670

religion yeah and they just kind of have

2118

01:34:29,419 --> 01:34:25,260

new spins on new ideas you know yeah

2119

01:34:31,729 --> 01:34:29,429

it's almost it's almost like its new but

2120

01:34:33,350 --> 01:34:31,739

it's very recycled at the same time you

2121

01:34:35,029 --> 01:34:33,360

know it's kind of like are we are we

2122

01:34:37,970 --> 01:34:35,039

just spinning our wheels with this one

2123

01:34:39,319 --> 01:34:37,980

again you know I think it's sort of like

2124

01:34:41,089 --> 01:34:39,329

I mentioned earlier it's like our

2125

01:34:42,919 --> 01:34:41,099

generation sort of stepping away from

2126

01:34:45,350 --> 01:34:42,929

organized religion trying to figure out

2127

01:34:47,870 --> 01:34:45,360

who we are and like the question like

2128

01:34:50,390 --> 01:34:47,880

the you know comes it's like what are we

2129

01:34:52,009 --> 01:34:50,400

yeah I mean like what are we know how

2130

01:34:53,569 --> 01:34:52,019

are you do you consider yourself a New

2131

01:34:55,220 --> 01:34:53,579

Age person do you consider yourself a

2132

01:34:57,410 --> 01:34:55,230

psychedelic do you consider yourself

2133

01:34:59,689 --> 01:34:57,420

like what do you consider yourself you

2134

01:35:01,069 --> 01:34:59,699

know then I feel like when we were

2135

01:35:04,129 --> 01:35:01,079

talking about New Age it's like sort of

2136

01:35:06,290 --> 01:35:04,139

this categorical box or whatnot we're

2137

01:35:08,450 --> 01:35:06,300

putting around this like section of

2138

01:35:11,750 --> 01:35:08,460

people where the most you know

2139

01:35:13,220 --> 01:35:11,760

outlandish ridiculous voices are the

2140

01:35:15,109 --> 01:35:13,230

loudest the ones that are hitting our

2141

01:35:17,419 --> 01:35:15,119

feed more often you know then like the

2142

01:35:20,089 --> 01:35:17,429

the the middle of the bell curve type

2143

01:35:23,930 --> 01:35:20,099

New Age person is probably us in this

2144

01:35:25,580 --> 01:35:23,940

room this conversation is like but it's

2145

01:35:27,979 --> 01:35:25,590

sort of like you know do you consider

2146

01:35:31,279 --> 01:35:27,989

yourself a New Age person I don't know

2147

01:35:33,890 --> 01:35:31,289

like will that term be like hippie later

2148

01:35:37,339 --> 01:35:33,900

where you're like it was cool to be a

2149

01:35:39,470 --> 01:35:37,349

New Age person in you know 2015 but now

2150

01:35:42,319 --> 01:35:39,480

that it's 2025 New Age people have

2151
01:35:43,910 --> 01:35:42,329
really messed some [h__h] yeah yeah you

2152
01:35:46,399 --> 01:35:43,920
know so yeah it's like sort of what you

2153
01:35:48,799 --> 01:35:46,409
what are you I feel like I feel like a

2154
01:35:50,779 --> 01:35:48,809
word I like right now for me it's like I

2155
01:35:53,720 --> 01:35:50,789
feel like I'm a mystic I don't know

2156
01:35:54,470 --> 01:35:53,730
maybe that will be weird later or maybe

2157
01:35:56,509 --> 01:35:54,480
that was weird

2158
01:35:58,069 --> 01:35:56,519
now yeah but like that's something for

2159
01:36:00,500 --> 01:35:58,079
me like I feel like a lot of people a

2160
01:36:04,129 --> 01:36:00,510
lot of the writers I like can stick our

2161
01:36:05,779 --> 01:36:04,139
mystic to me yeah totally mistake yeah

2162
01:36:08,209 --> 01:36:05,789
that I mean that was a popular term for

2163
01:36:12,040 --> 01:36:08,219

I mean just anybody that was into

2164

01:36:14,170 --> 01:36:12,050

anything just fringe is like a mist

2165

01:36:17,590 --> 01:36:14,180

was like a normal yeah you know anything

2166

01:36:23,440 --> 01:36:17,600

so I consider myself in it and I kind of

2167

01:36:25,720 --> 01:36:23,450

consider myself a curious skeptic like

2168

01:36:27,460 --> 01:36:25,730

its own thing you know like I'm a very

2169

01:36:30,670 --> 01:36:27,470

curious skeptic you know yeah I'm

2170

01:36:33,220 --> 01:36:30,680

skeptical yet I am into so much [h__h]

2171

01:36:35,590 --> 01:36:33,230

that is like well yeah you should be

2172

01:36:36,850 --> 01:36:35,600

skeptical about that oh yeah I'm so very

2173

01:36:39,760 --> 01:36:36,860

curious because like we were saying

2174

01:36:41,740 --> 01:36:39,770

earlier it's there's more to this story

2175

01:36:43,330 --> 01:36:41,750

and I just kind of want to just I just

2176
01:36:46,090 --> 01:36:43,340
want to scratch the surface a little

2177
01:36:48,150 --> 01:36:46,100
more very curious about it but I'm into

2178
01:36:51,490 --> 01:36:48,160
all of this stuff you know it's like

2179
01:36:54,760 --> 01:36:51,500
instead of like just setting yourself in

2180
01:36:57,040 --> 01:36:54,770
a place I'm this or I'm that like we

2181
01:36:58,600 --> 01:36:57,050
don't all just be curious skeptics yeah

2182
01:37:09,750 --> 01:36:58,610
you know let's sort of like taking an

2183
01:37:14,710 --> 01:37:12,520
wishy-washy or counterproductive to the

2184
01:37:16,300 --> 01:37:14,720
whole know it makes a lot of sense I

2185
01:37:21,510 --> 01:37:16,310
ain't totally relate with curious

2186
01:37:24,160 --> 01:37:21,520
skeptical yeah that one yeah dude yeah

2187
01:37:26,380 --> 01:37:24,170
yeah I'm totally I'm totally curious

2188
01:37:27,790 --> 01:37:26,390

about so much stuff and then when I

2189

01:37:30,790 --> 01:37:27,800

started looking at am like I'm very

2190

01:37:32,980 --> 01:37:30,800

skeptical about this but I dig dig dig

2191

01:37:35,170 --> 01:37:32,990

dig dig yeah I'm saying no the dig is

2192

01:37:37,900 --> 01:37:35,180

the dig is real yeah cuz like yeah

2193

01:37:40,450 --> 01:37:37,910

that's my my favorite kind of like when

2194

01:37:44,110 --> 01:37:40,460

we when I dig into ideas with someone my

2195

01:37:46,420 --> 01:37:44,120

favorite place to go is a place that we

2196

01:37:48,870 --> 01:37:46,430

can come back to or feel satisfied with

2197

01:37:51,880 --> 01:37:48,880

where we went cuz it's really easy and

2198

01:37:57,100 --> 01:37:51,890

to dig yourself into the ocean of

2199

01:38:00,280 --> 01:37:57,110

despair yeah where you're just like with

2200

01:38:02,410 --> 01:38:00,290

the world and there's an ocean of

2201

01:38:06,040 --> 01:38:02,420

despair there that you can access it

2202

01:38:08,080 --> 01:38:06,050

anytime and yeah and once you go there

2203

01:38:11,620 --> 01:38:08,090

you know you it takes a little bit to

2204

01:38:14,200 --> 01:38:11,630

like yeah yeah yeah I totally consider

2205

01:38:15,610 --> 01:38:14,210

myself is somewhat of a fringe mole you

2206

01:38:18,880 --> 01:38:15,620

know fringe

2207

01:38:19,930 --> 01:38:18,890

yeah dude totally yeah it's just it's

2208

01:38:23,950 --> 01:38:19,940

just what I'm into

2209

01:38:25,570 --> 01:38:23,960

I just love that visual fringe mole you

2210

01:38:29,500 --> 01:38:25,580

know because because me and him have had

2211

01:38:31,600 --> 01:38:29,510

this conversation and it's like if just

2212

01:38:33,670 --> 01:38:31,610

the same repetitive [h__h] that people

2213

01:38:36,070 --> 01:38:33,680

talk about all the time yeah how you

2214

01:38:39,040 --> 01:38:36,080

doing what's the weather how's your job

2215

01:38:41,470 --> 01:38:39,050

like I don't care about any of that

2216

01:38:44,740 --> 01:38:41,480

stuff dude like I could literally pass

2217

01:38:45,880 --> 01:38:44,750

our your talk and how I'm not really

2218

01:38:49,240 --> 01:38:45,890

like a big talker

2219

01:38:51,520 --> 01:38:49,250

in like just everyday life I do talk

2220

01:38:53,440 --> 01:38:51,530

yeah I can be very talkative if you

2221

01:38:57,130 --> 01:38:53,450

engage with me like I can be very

2222

01:38:59,380 --> 01:38:57,140

talkative but in general I'm just not

2223

01:39:01,030 --> 01:38:59,390

I'm not chit-chatting my head off all

2224

01:39:04,410 --> 01:39:01,040

the time yeah but when we sit in this

2225

01:39:06,760 --> 01:39:04,420

room it's like dude it just it just

2226

01:39:09,430 --> 01:39:06,770

effortlessly comes to me yeah you know

2227

01:39:11,470 --> 01:39:09,440

and it's one of those things that makes

2228

01:39:14,650 --> 01:39:11,480

for a great I don't feel like I have to

2229

01:39:17,980 --> 01:39:14,660

be a fringe mole or else I can't satisfy

2230

01:39:20,230 --> 01:39:17,990

that that itch it's like you should have

2231

01:39:22,060 --> 01:39:20,240

you can give them talking about the

2232

01:39:30,460 --> 01:39:22,070

weather another shot you know the

2233

01:39:32,530 --> 01:39:30,470

weather is it's like oh it's sad it's

2234

01:39:35,170 --> 01:39:32,540

sunny today I want I wanted to be a I

2235

01:39:39,100 --> 01:39:35,180

wanted to be a scientist that's doing

2236

01:39:42,190 --> 01:39:39,110

sprites and sprites are lightning that

2237

01:39:44,710 --> 01:39:42,200

go up yeah like into the atmosphere yeah

2238

01:39:46,870 --> 01:39:44,720

instead of coming down they also release

2239

01:39:48,460 --> 01:39:46,880

a charge that goes up and so I mean I

2240

01:39:49,810 --> 01:39:48,470

saw this thing when I was younger of

2241

01:39:54,100 --> 01:39:49,820

these guys flying in a plane they're

2242

01:39:55,930 --> 01:39:54,110

like look there's one end like never

2243

01:39:59,230 --> 01:39:55,940

even though they were like they were

2244

01:40:01,000 --> 01:39:59,240

bolts dude just thick bolts just like

2245

01:40:03,640 --> 01:40:01,010

you see here except for they went up and

2246

01:40:04,960 --> 01:40:03,650

it seemed like forever whoa dude next

2247

01:40:11,130 --> 01:40:04,970

time the weather gets bring up brought

2248

01:40:18,400 --> 01:40:11,140

up bring up the sprites gonna be like a

2249

01:40:21,370 --> 01:40:18,410

little bit of like yeah I think it's

2250

01:40:24,160 --> 01:40:21,380

gonna storm later huh sprites like I

2251

01:40:25,510 --> 01:40:24,170

just I'm so like hmm like the thing

2252

01:40:27,100 --> 01:40:25,520

about the weather with me when we talk

2253

01:40:28,109 --> 01:40:27,110

about the weather is that people get way

2254

01:40:34,050 --> 01:40:28,119

to like put a little

2255

01:40:36,780 --> 01:40:34,060

about weather as well it's cuz cuz

2256

01:40:38,609 --> 01:40:36,790

global warming I'm just I'm dying I'm

2257

01:40:40,439 --> 01:40:38,619

like I'm just not even trying to go down

2258

01:40:42,899 --> 01:40:40,449

that road again

2259

01:40:45,180 --> 01:40:42,909

well you can talk politically I you do

2260

01:40:46,680 --> 01:40:45,190

pretty well yeah I listen to your I feel

2261

01:40:49,320 --> 01:40:46,690

like I on the way over here I was

2262

01:40:51,510 --> 01:40:49,330

listening to you talk in Hollow Earth

2263

01:40:53,550 --> 01:40:51,520

one about the weather about global

2264

01:40:55,620 --> 01:40:53,560

warming and the put of it yeah yeah I

2265

01:40:57,899 --> 01:40:55,630

feel like that there's just there's a

2266

01:41:01,439 --> 01:40:57,909

lot more to it and and I feel like it

2267

01:41:03,359 --> 01:41:01,449

gets fed to us in a very politicized way

2268

01:41:05,070 --> 01:41:03,369

to where you have to like take a stance

2269

01:41:07,859 --> 01:41:05,080

on this and instead of people asking

2270

01:41:09,030 --> 01:41:07,869

questions you just take a stance and you

2271

01:41:10,589 --> 01:41:09,040

stand there and you don't give a [h__\h]

2272

01:41:12,720 --> 01:41:10,599

about what anybody has to say because

2273

01:41:14,010 --> 01:41:12,730

I'm on this team and you're stupid

2274

01:41:16,320 --> 01:41:14,020

because you don't believe that

2275

01:41:18,870 --> 01:41:16,330

right and then we brought up well okay

2276

01:41:20,700 --> 01:41:18,880

so what about geoengineering the planet

2277

01:41:22,709 --> 01:41:20,710

you can do that now yeah that's a thing

2278

01:41:23,729 --> 01:41:22,719

that you can do sounds pretty but nobody

2279

01:41:25,589 --> 01:41:23,739

wants to talk about that because that's

2280

01:41:27,450 --> 01:41:25,599

that's that's that's that that whole

2281

01:41:30,870 --> 01:41:27,460

fringe thing right but it's not it's

2282

01:41:33,330 --> 01:41:30,880

real they're doing that now and nobody's

2283

01:41:35,640 --> 01:41:33,340

asking questions and nobody's saying

2284

01:41:36,419 --> 01:41:35,650

anything about it we know that China has

2285

01:41:38,010 --> 01:41:36,429

a weather machine

2286

01:41:40,709 --> 01:41:38,020

they put an ad out the United States

2287

01:41:42,810 --> 01:41:40,719

Navy put an ad out in the in the

2288

01:41:44,790 --> 01:41:42,820

Washington newspaper in the middle of

2289

01:41:46,830 --> 01:41:44,800

the newspaper it was about maybe like a

2290

01:41:48,120 --> 01:41:46,840

paragraph long and it wasn't on the

2291

01:41:49,589 --> 01:41:48,130

front page or anything like that but

2292

01:41:53,250 --> 01:41:49,599

they were said that they were gonna be

2293

01:41:55,950 --> 01:41:53,260

in the area doing weather manipulation

2294

01:41:58,109 --> 01:41:55,960

it's a it's an actual article that was

2295

01:41:59,820 --> 01:41:58,119

written and they just hide it they hide

2296

01:42:02,390 --> 01:41:59,830

it in plain sight you know these things

2297

01:42:05,220 --> 01:42:02,400

they're going on and they're happening

2298

01:42:07,800 --> 01:42:05,230

right in front of our eyes but it's it's

2299

01:42:11,790 --> 01:42:07,810

crazy talk what so they were in the

2300

01:42:14,729 --> 01:42:11,800

United States yeah yeah so the the West

2301

01:42:16,680 --> 01:42:14,739

Coast like had a hurricane it had a

2302

01:42:19,830 --> 01:42:16,690

hurricane and hurricanes don't occur out

2303

01:42:23,160 --> 01:42:19,840

there that's not a thing so is it is in

2304

01:42:24,959 --> 01:42:23,170

that camp of thought that people this

2305

01:42:26,970 --> 01:42:24,969

may be obvious but that people

2306

01:42:31,050 --> 01:42:26,980

controlling the weather is bad

2307

01:42:34,950 --> 01:42:31,060

totally okay totally okay it it is in I

2308

01:42:38,220 --> 01:42:34,960

say it is because I feel like the more

2309

01:42:40,709 --> 01:42:38,230

we try to fix it ya know more we screw

2310

01:42:41,520 --> 01:42:40,719

up yeah and that makes me think of when

2311

01:42:43,110 --> 01:42:41,530

you like mess

2312

01:42:45,120 --> 01:42:43,120

unlike writing something with Sharpie

2313

01:42:47,220 --> 01:42:45,130

like I'm you like scratch that you make

2314

01:42:49,350 --> 01:42:47,230

that box so like I'll turn the box into

2315

01:42:57,210 --> 01:42:49,360

like a little character and then you're

2316

01:43:00,780 --> 01:42:57,220

like yeah well written until there's a

2317

01:43:06,630 --> 01:43:00,790

cat everyone knows when they see that

2318

01:43:09,180 --> 01:43:06,640

little box cat they're like the Earth

2319

01:43:11,730 --> 01:43:09,190

has fixed itself the Earth has destroyed

2320

01:43:15,780 --> 01:43:11,740

itself the earth is recycled itself and

2321

01:43:20,340 --> 01:43:15,790

knows what it's doing now whether or not

2322

01:43:23,910 --> 01:43:20,350

we have a massive effect on it algae

2323

01:43:26,310 --> 01:43:23,920

blooms right algae blooms it created it

2324

01:43:31,820 --> 01:43:26,320

was partly of what created the last ice

2325

01:43:34,890 --> 01:43:31,830

age do we think that algae blooms are

2326

01:43:40,380 --> 01:43:34,900

are stupid do we hate algae blooms like

2327

01:43:42,300 --> 01:43:40,390

those so just thinking that you ruined

2328

01:43:45,000 --> 01:43:42,310

the climate you son of a [h__h] algae

2329

01:43:47,610 --> 01:43:45,010

blooms like no come on come on

2330

01:43:49,230 --> 01:43:47,620

like I mean I think that on that in that

2331

01:43:51,750 --> 01:43:49,240

kimba thought I think that the planet

2332

01:43:52,830 --> 01:43:51,760

the planet will has a better chance of

2333

01:43:54,510 --> 01:43:52,840

surviving than we do

2334

01:43:56,730 --> 01:43:54,520

totally and I think it's much I think

2335

01:43:58,650 --> 01:43:56,740

learning how to balance our systems with

2336

01:44:00,390 --> 01:43:58,660

the planet it just seems like obvious

2337

01:44:02,100 --> 01:44:00,400

like we should try to improve that and

2338

01:44:05,160 --> 01:44:02,110

absolutely the public at large should

2339

01:44:07,140 --> 01:44:05,170

like demand that like the you know

2340

01:44:10,170 --> 01:44:07,150

corporations and the people moving the

2341

01:44:12,720 --> 01:44:10,180

big pieces of that are like taking steps

2342

01:44:18,210 --> 01:44:12,730

to improve the environment so that you

2343

01:44:21,840 --> 01:44:18,220

know we can survive and nourish the

2344

01:44:23,340 --> 01:44:21,850

planet symbiotically this is gonna be

2345

01:44:26,850 --> 01:44:23,350

[h__h] up but I definitely feel like the

2346

01:44:35,790 --> 01:44:26,860

world needs some sort of cleansing yeah

2347

01:44:38,520 --> 01:44:35,800

I think I'll agree that is [h__h] up is

2348

01:44:40,110 --> 01:44:38,530

because I feel like when something like

2349

01:44:43,340 --> 01:44:40,120

that happens it kind of brings everybody

2350

01:44:46,560 --> 01:44:43,350

back down to earth and it's like okay

2351

01:44:48,780 --> 01:44:46,570

everybody let's take a seat yeah like

2352

01:44:51,060 --> 01:44:48,790

let's kind of let's okay let's figure

2353

01:44:53,310 --> 01:44:51,070

this out yeah it kind of it kind of

2354

01:44:54,780 --> 01:44:53,320

humbles you again yeah what do you I

2355

01:44:55,270 --> 01:44:54,790

think maybe you're thinking of it from

2356

01:45:02,170 --> 01:44:55,280

like

2357

01:45:05,620 --> 01:45:02,180

mass amount of people to die no just

2358

01:45:08,890 --> 01:45:05,630

practically speaking it does to me kind

2359

01:45:11,320 --> 01:45:08,900

of make sense like right in the word of

2360

01:45:33,730 --> 01:45:11,330

balancing things out and it really is

2361

01:45:36,490 --> 01:45:33,740

[h__h] up so is that the earth is gonna

2362

01:45:38,290 --> 01:45:36,500

do it anyways right so it's [h__h] up

2363

01:45:39,640 --> 01:45:38,300

for me to say that I'm not saying go

2364

01:45:42,550 --> 01:45:39,650

create genocide

2365

01:45:45,760 --> 01:45:42,560

I'm not saying nobody's saying that

2366

01:45:47,230 --> 01:45:45,770

right I I think it's extremely important

2367

01:45:49,030 --> 01:45:47,240

to take care of the planet I think it's

2368

01:45:51,340 --> 01:45:49,040

extremely important to do your part I

2369

01:45:53,380 --> 01:45:51,350

think it's extremely important that that

2370

01:45:56,020 --> 01:45:53,390

we take care of our home that's

2371

01:45:58,270 --> 01:45:56,030

extremely important right yeah but don't

2372

01:46:00,340 --> 01:45:58,280

politicize it to me and Ram it down my

2373

01:46:02,920 --> 01:46:00,350

[h__h] throat like it's my fault yeah

2374

01:46:05,100 --> 01:46:02,930

you know because I do think that stuff

2375

01:46:07,900 --> 01:46:05,110

is important and the earth is going to

2376

01:46:09,730 --> 01:46:07,910

destroy a lot of us yeah it's going to

2377

01:46:12,730 --> 01:46:09,740

and it's going to and I think that's

2378

01:46:14,980 --> 01:46:12,740

what we were talking at like nuke each

2379

01:46:17,050 --> 01:46:14,990

other yeah the earth is gonna be so foul

2380

01:46:21,190 --> 01:46:17,060

the earth is gonna balance itself out

2381

01:46:23,080 --> 01:46:21,200

yeah you know eventually and you know

2382

01:46:24,520 --> 01:46:23,090

maybe maybe the earth just needs to do

2383

01:46:26,650 --> 01:46:24,530

that you know I kind of feel like all

2384

01:46:29,050 --> 01:46:26,660

this stuff is kind of the pot is boiling

2385

01:46:32,020 --> 01:46:29,060

over and it's like it's just time for

2386

01:46:33,610 --> 01:46:32,030

the lid to come off yeah like maybe that

2387

01:46:34,690 --> 01:46:33,620

just needs to happen so we can all get

2388

01:46:37,300 --> 01:46:34,700

on the same page

2389

01:46:39,880 --> 01:46:37,310

you think maybe entities or aliens are

2390

01:46:41,800 --> 01:46:39,890

here to see that happen to see what what

2391

01:46:43,060 --> 01:46:41,810

we do because they see the pot boiling

2392

01:46:45,220 --> 01:46:43,070

over do you think they're here to

2393

01:46:48,130 --> 01:46:45,230

witness what we're gonna do next if

2394

01:46:51,700 --> 01:46:48,140

we're gonna if we're gonna pull through

2395

01:46:54,640 --> 01:46:51,710

this economic I just think an event like

2396

01:46:56,830 --> 01:46:54,650

that would bring us together you know

2397

01:47:00,160 --> 01:46:56,840

yeah that's that's where I'm going with

2398

01:47:04,810 --> 01:47:00,170

you look at so that city that you showed

2399

01:47:06,820 --> 01:47:04,820

me Joe that could hold 50,000 people on

2400

01:47:07,849 --> 01:47:06,830

the Grand Canyon did you show me that

2401

01:47:10,669 --> 01:47:07,859

one

2402

01:47:13,369 --> 01:47:10,679

Rock City yeah yeah yeah so I'm thinking

2403

01:47:14,359 --> 01:47:13,379

like man back in you know the the first

2404

01:47:17,629 --> 01:47:14,369

Ice Age

2405

01:47:19,669 --> 01:47:17,639

I mean if humans existed before then and

2406

01:47:21,919 --> 01:47:19,679

they had to you know survive somehow

2407

01:47:23,569 --> 01:47:21,929

if if they were to live in these these

2408

01:47:25,849 --> 01:47:23,579

caverns these caves that were meant to

2409

01:47:28,759 --> 01:47:25,859

hold 50,000 people and food and

2410

01:47:30,109 --> 01:47:28,769

livestock and everybody I mean you've

2411

01:47:32,389 --> 01:47:30,119

got to believe that you could do it

2412

01:47:34,790 --> 01:47:32,399

again but it's gonna be a really small

2413

01:47:37,790 --> 01:47:34,800

percentage of the world population yeah

2414

01:47:40,219 --> 01:47:37,800

yeah I mean yeah I think with what I'm

2415

01:47:42,889 --> 01:47:40,229

trying to crack like think about what

2416

01:47:44,899 --> 01:47:42,899

what you said with that I'm sort of

2417

01:47:46,790 --> 01:47:44,909

thinking that where it's coming from is

2418

01:47:49,909 --> 01:47:46,800

that like people won't take it seriously

2419

01:47:52,069 --> 01:47:49,919

until something like that happens

2420

01:47:55,069 --> 01:47:52,079

exactly cuz like there are things

2421

01:47:57,679 --> 01:47:55,079

currently happening where it's like yeah

2422

01:48:00,379 --> 01:47:57,689

shouldn't we improve that stuff now yeah

2423

01:48:02,239 --> 01:48:00,389

like a like shouldn't we be racing to

2424

01:48:05,540 --> 01:48:02,249

like fix that stuff mm-hmm

2425

01:48:06,859 --> 01:48:05,550

yeah I don't know I'm sorted now I I

2426

01:48:08,329 --> 01:48:06,869

just wanted to like a constellation of

2427

01:48:09,979 --> 01:48:08,339

like what would it take for it to be

2428

01:48:11,959 --> 01:48:09,989

like yeah yeah the some of those things

2429

01:48:13,310 --> 01:48:11,969

like shouldn't be happening I know the

2430

01:48:16,639 --> 01:48:13,320

way I said it was [h__\h] up but that's

2431

01:48:18,139 --> 01:48:16,649

exactly what I'm alright so what I'm

2432

01:48:24,339 --> 01:48:18,149

gonna do after this is I'm gonna copy

2433

01:48:28,279 --> 01:48:24,349

him saying that and all this out you

2434

01:48:30,649 --> 01:48:28,289

know it's it's like it's a thought

2435

01:48:32,209 --> 01:48:30,659

process yeah we're like we're you know

2436

01:48:34,609 --> 01:48:32,219

you have to go through all of it yeah

2437

01:48:37,669 --> 01:48:34,619

Therese the end yeah you know you know

2438

01:48:41,000 --> 01:48:37,679

but but there are there are systems in

2439

01:48:44,149 --> 01:48:41,010

place that are manipulating weather you

2440

01:48:47,020 --> 01:48:44,159

know and so I stopped it for you I feel

2441

01:48:50,139 --> 01:48:47,030

like that's like that's in the core is

2442

01:48:53,029 --> 01:48:50,149

manipulating whether that's in your like

2443

01:48:55,669 --> 01:48:53,039

it's it's up there dude is up there as a

2444

01:48:57,319 --> 01:48:55,679

really important really important thing

2445

01:48:59,329 --> 01:48:57,329

because it's something that I had no

2446

01:49:02,239 --> 01:48:59,339

control over yeah but it's it's

2447

01:49:04,939 --> 01:49:02,249

something that the human species has

2448

01:49:07,339 --> 01:49:04,949

control over it's not like the you know

2449

01:49:08,599 --> 01:49:07,349

a hurricane came and wiped a bunch of

2450

01:49:09,379 --> 01:49:08,609

stuff out and there was nothing we could

2451

01:49:11,989 --> 01:49:09,389

do about it

2452

01:49:14,299 --> 01:49:11,999

it's that somebody we don't know who

2453

01:49:16,159 --> 01:49:14,309

could be our military could be the

2454

01:49:17,809 --> 01:49:16,169

Chinese they do own these weather

2455

01:49:21,069 --> 01:49:17,819

machines and they try to manipulate

2456

01:49:23,529 --> 01:49:21,079

something somewhere else that rule

2457

01:49:25,779 --> 01:49:23,539

and the weather were worth at you know

2458

01:49:27,369 --> 01:49:25,789

it was a kind of ultimate weapon really

2459

01:49:30,790 --> 01:49:27,379

yeah because it was kind of like this

2460

01:49:33,159 --> 01:49:30,800

this it's an idea of control if you can

2461

01:49:35,229 --> 01:49:33,169

manipulate the weather you can do what

2462

01:49:37,449 --> 01:49:35,239

you can create scarcity you can create

2463

01:49:39,159 --> 01:49:37,459

famine you can create drought in certain

2464

01:49:41,439 --> 01:49:39,169

areas of the world who don't have this

2465

01:49:43,599 --> 01:49:41,449

technology and then they're on their

2466

01:49:45,819 --> 01:49:43,609

knees and you didn't have to do that

2467

01:49:48,219 --> 01:49:45,829

right but you can completely [h__h] in

2468

01:49:50,799 --> 01:49:48,229

an entire country with that and then who

2469

01:49:53,709 --> 01:49:50,809

comes in to save you the big awesome

2470

01:49:55,689 --> 01:49:53,719

government comes in will save you right

2471

01:49:57,549 --> 01:49:55,699

but if you're not letting the the

2472

01:50:00,159 --> 01:49:57,559

everyday person know about this

2473

01:50:01,779 --> 01:50:00,169

technology it's like oh look at the

2474

01:50:03,729 --> 01:50:01,789

weather look what the wet look what

2475

01:50:05,949 --> 01:50:03,739

we're doing to the climate look at all

2476

01:50:07,419 --> 01:50:05,959

the ice caps are melting oh but we're

2477

01:50:10,179 --> 01:50:07,429

not talking about these people who are

2478

01:50:13,060 --> 01:50:10,189

[h__h] with the climate on purpose that

2479

01:50:14,259 --> 01:50:13,070

are causing these issues yeah we have a

2480

01:50:16,750 --> 01:50:14,269

little bit to do with it

2481

01:50:18,579 --> 01:50:16,760

but there's a lot bigger picture behind

2482

01:50:21,639 --> 01:50:18,589

the scenes that nobody's talking about

2483

01:50:29,560 --> 01:50:21,649

you know and feeling anxiety about it

2484

01:50:31,479 --> 01:50:29,570

now I got a little stress also do some

2485

01:50:47,679 --> 01:50:31,489

articles on it and it's a really

2486

01:50:50,139 --> 01:50:47,689

interest rate you at Kendall it's not

2487

01:50:51,879 --> 01:50:50,149

it's not it's not science fiction it

2488

01:50:54,159 --> 01:50:51,889

just yeah it isn't um

2489

01:50:58,000 --> 01:50:54,169

these things these things are happening

2490

01:51:00,399 --> 01:50:58,010

and that that is controllable right oh

2491

01:51:04,029 --> 01:51:00,409

but I I feel like we're focusing on the

2492

01:51:06,129 --> 01:51:04,039

wrong things when there's people do

2493

01:51:06,909 --> 01:51:06,139

there's there's people doing this you

2494

01:51:09,069 --> 01:51:06,919

know what do you feel like we're

2495

01:51:15,069 --> 01:51:09,079

focusing on like what do you think is

2496

01:51:21,399 --> 01:51:15,079

focusing us that dolla dolla bill yeah

2497

01:51:22,329 --> 01:51:21,409

whatever you can done it so I think it

2498

01:51:26,109 --> 01:51:22,339

sounds crazy

2499

01:51:28,179 --> 01:51:26,119

yeah um agenda 21 have you ever heard of

2500

01:51:29,709 --> 01:51:28,189

agenda 21 yeah yeah it's a it's a real

2501
01:51:33,339 --> 01:51:29,719
thing that was put into place I believe

2502
01:51:35,339 --> 01:51:33,349
it was in 86 it's something that the UN

2503
01:51:40,080 --> 01:51:35,349
came up with and it was a glow

2504
01:51:42,270 --> 01:51:40,090
plan that by you know the mid the mid

2505
01:51:44,550 --> 01:51:42,280
you know in the 2000 by the mid-2000s

2506
01:51:48,950 --> 01:51:44,560
that we would make this global shift and

2507
01:51:52,109 --> 01:51:48,960
they put it under a veil of

2508
01:51:55,200 --> 01:51:52,119
sustainability and green practices

2509
01:51:57,180 --> 01:51:55,210
basically and this is we're getting to

2510
01:52:00,229 --> 01:51:57,190
that point now to where we're starting

2511
01:52:05,330 --> 01:52:00,239
to see these practices come into play

2512
01:52:11,240 --> 01:52:08,250
they wanted to get rid of the rural

2513
01:52:14,790 --> 01:52:11,250

areas right and bring everybody into

2514

01:52:17,370 --> 01:52:14,800

condensed urban areas and put everybody

2515

01:52:20,010 --> 01:52:17,380

in in urban areas and then they wanted

2516

01:52:23,640 --> 01:52:20,020

to create districts right and so this is

2517

01:52:26,910 --> 01:52:23,650

crazy because this is a what's that damn

2518

01:52:28,800 --> 01:52:26,920

movie it's got like Mockingjay and hung

2519

01:52:30,569 --> 01:52:28,810

again Hunger Games there you go yeah

2520

01:52:32,129 --> 01:52:30,579

where everything's broken into district

2521

01:52:35,939 --> 01:52:32,139

yeah right so Katniss and it's

2522

01:52:39,450 --> 01:52:35,949

controlled by by a world government

2523

01:52:42,600 --> 01:52:39,460

right nice if this is all over the world

2524

01:52:46,140 --> 01:52:42,610

and so it's districts yeah yeah yeah so

2525

01:52:48,240 --> 01:52:46,150

you know food is provided by the

2526

01:52:50,250 --> 01:52:48,250

government housing is provided by the

2527

01:52:51,810 --> 01:52:50,260

government transportation is provided by

2528

01:52:53,939 --> 01:52:51,820

the government all this stuff is

2529

01:52:55,800 --> 01:52:53,949

provided by the overseers which is which

2530

01:52:58,200 --> 01:52:55,810

is the government and and so what I

2531

01:53:00,510 --> 01:52:58,210

think is happening in the politicization

2532

01:53:03,240 --> 01:53:00,520

of all of this is that it's being uh

2533

01:53:05,010 --> 01:53:03,250

it's being given to us as like yeah if

2534

01:53:09,950 --> 01:53:05,020

we need to go green and we need to do

2535

01:53:12,390 --> 01:53:09,960

this and that and and really it's it's a

2536

01:53:15,510 --> 01:53:12,400

it's a it's a veil that we need to pull

2537

01:53:19,500 --> 01:53:15,520

off because I feel like there's you know

2538

01:53:21,270 --> 01:53:19,510

the world government is it's for control

2539

01:53:23,160 --> 01:53:21,280

is what I feel like interesting I feel

2540

01:53:28,169 --> 01:53:23,170

like it's it's being used for control

2541

01:53:31,050 --> 01:53:28,179

and and George Bush not not the oldest

2542

01:53:33,689 --> 01:53:31,060

one the middle one right Herbert right

2543

01:53:36,330 --> 01:53:33,699

Herbert Walker Bush George's George

2544

01:53:38,370 --> 01:53:36,340

George W daddy right he's signed off on

2545

01:53:41,069 --> 01:53:38,380

this and you can actually go on YouTube

2546

01:53:43,890 --> 01:53:41,079

and find the agenda21 meeting with the

2547

01:53:46,890 --> 01:53:43,900

UN and he talks about bringing in the

2548

01:53:48,439 --> 01:53:46,900

New World Order that's his that's his

2549

01:53:49,819 --> 01:53:48,449

his he coined that

2550

01:53:53,180 --> 01:53:49,829

that's who came up with the New World

2551
01:53:56,029 --> 01:53:53,190
Order is is the bushes yeah right and so

2552
01:53:57,919 --> 01:53:56,039
this is a way for the government to be

2553
01:54:01,580 --> 01:53:57,929
able to control its people we start

2554
01:54:03,529 --> 01:54:01,590
seeing this now and the housing

2555
01:54:05,149 --> 01:54:03,539
situations right everybody is like

2556
01:54:08,180 --> 01:54:05,159
everybody is now starting to become

2557
01:54:13,489 --> 01:54:08,190
homeless right and these in it and it's

2558
01:54:15,799 --> 01:54:13,499
is it coincidence that in the most I'm

2559
01:54:19,370 --> 01:54:15,809
gonna just use the term liberal right

2560
01:54:21,109 --> 01:54:19,380
the the more liberal series right the

2561
01:54:23,180 --> 01:54:21,119
ones that you would see in America that

2562
01:54:24,979 --> 01:54:23,190
are the most liberal is it coincidence

2563
01:54:29,959 --> 01:54:24,989

that they have the biggest homeless

2564

01:54:32,089 --> 01:54:29,969

issues right la San Diego Oregon Austin

2565

01:54:33,979 --> 01:54:32,099

Texas yeah you know is it just

2566

01:54:36,830 --> 01:54:33,989

coincidence that this is happening or is

2567

01:54:38,930 --> 01:54:36,840

this by design right and it's all

2568

01:54:43,489 --> 01:54:38,940

happening at the same time and it's all

2569

01:54:45,919 --> 01:54:43,499

being put under this idea of you know

2570

01:54:47,359 --> 01:54:45,929

let's be green and we need to help each

2571

01:54:49,850 --> 01:54:47,369

other and now the tiny house movement

2572

01:54:52,100 --> 01:54:49,860

has started and you know it's it's it's

2573

01:54:54,109 --> 01:54:52,110

kind of you know that's I think it's a

2574

01:54:56,419 --> 01:54:54,119

great idea right but if you have to

2575

01:54:58,609 --> 01:54:56,429

condense an entire population into one

2576
01:55:00,560 --> 01:54:58,619
central urbanized area we're all gonna

2577
01:55:02,379 --> 01:55:00,570
have to have small houses so it's kind

2578
01:55:07,910 --> 01:55:02,389
of a way to get people used to the idea

2579
01:55:09,799 --> 01:55:07,920
a slow manipulation so when it does

2580
01:55:11,959 --> 01:55:09,809
happen it's not a shock to the system

2581
01:55:15,049 --> 01:55:11,969
we're like oh yeah tiny house is super

2582
01:55:17,209 --> 01:55:15,059
cool right so we're just like mouse mice

2583
01:55:18,949 --> 01:55:17,219
being led into the trap with cheese like

2584
01:55:20,930 --> 01:55:18,959
Oh like it was a cool idea it was

2585
01:55:22,609 --> 01:55:20,940
alright yeah let's do be good we can't

2586
01:55:23,930 --> 01:55:22,619
do it right let's let the government

2587
01:55:25,640 --> 01:55:23,940
just take care of it cuz you're gonna

2588
01:55:30,350 --> 01:55:25,650

take care of us you know that's what

2589

01:55:32,810 --> 01:55:30,360

they do yeah no no you know and that's

2590

01:55:34,489 --> 01:55:32,820

an interesting perspective I have not

2591

01:55:36,919 --> 01:55:34,499

heard that perspective it's interesting

2592

01:55:39,979 --> 01:55:36,929

to me also because you you give them a

2593

01:55:42,680 --> 01:55:39,989

lot of these like ruling elites a lot of

2594

01:55:44,149 --> 01:55:42,690

power like a lot of control you know a

2595

01:55:46,669 --> 01:55:44,159

lot of like that they're gonna they're

2596

01:55:48,469 --> 01:55:46,679

executing this plan so delicately and

2597

01:55:50,120 --> 01:55:48,479

like it's working and there's there's

2598

01:55:52,100 --> 01:55:50,130

all these variables that are connecting

2599

01:55:53,540 --> 01:55:52,110

to it it's it's interesting because it

2600

01:55:55,580 --> 01:55:53,550

seems like it's also part of like your

2601
01:55:58,069 --> 01:55:55,590
worldview of how you see those kind of

2602
01:56:00,169 --> 01:55:58,079
aspects like they connect to this this

2603
01:56:00,970 --> 01:56:00,179
perspective that's rooted in this plan

2604
01:56:03,310 --> 01:56:00,980
that's a pair

2605
01:56:07,350 --> 01:56:03,320
right right yeah and we talked about how

2606
01:56:09,250 --> 01:56:07,360
you know I consider myself an

2607
01:56:12,940 --> 01:56:09,260
anarcho-capitalist interesting you would

2608
01:56:15,880 --> 01:56:12,950
say I'm not I'm not when I when I when I

2609
01:56:17,770 --> 01:56:15,890
talk to my conservative friends it's

2610
01:56:19,330 --> 01:56:17,780
like oh what a liberal you know and

2611
01:56:21,700 --> 01:56:19,340
every time I talk to a liberal friend is

2612
01:56:23,950 --> 01:56:21,710
like ah you're such a good sir but I

2613
01:56:26,140 --> 01:56:23,960

[h__\h] hate both of those ideas I

2614

01:56:29,710 --> 01:56:26,150

believe that you are one in the same and

2615

01:56:33,430 --> 01:56:29,720

I when you get up into that realm of

2616

01:56:36,160 --> 01:56:33,440

politics all on the same team all have

2617

01:56:38,290 --> 01:56:36,170

buddies and corporations all fill their

2618

01:56:40,600 --> 01:56:38,300

pockets and their buddies pockets it'll

2619

01:56:42,790 --> 01:56:40,610

give a [h__\h] about you it's you versus

2620

01:56:44,770 --> 01:56:42,800

the state and it always has been and it

2621

01:56:47,500 --> 01:56:44,780

always will be and if you don't realize

2622

01:56:49,570 --> 01:56:47,510

that by now then we're all [h__\h] right

2623

01:56:52,270 --> 01:56:49,580

that's kind of my view on it yeah

2624

01:56:54,670 --> 01:56:52,280

because we were talking about how people

2625

01:56:57,190 --> 01:56:54,680

[h__\h] on capitalism so much right I think

2626

01:56:59,440 --> 01:56:57,200

capitalism is the problem I don't think

2627

01:57:01,240 --> 01:56:59,450

that I think crony capitalism is the

2628

01:57:04,960 --> 01:57:01,250

problem Ronnie capitalism is a great

2629

01:57:07,690 --> 01:57:04,970

term I think I think favoritism by a

2630

01:57:09,630 --> 01:57:07,700

strong central government and lobbying

2631

01:57:12,930 --> 01:57:09,640

through a strong central government

2632

01:57:14,800 --> 01:57:12,940

giving handouts and and passes on

2633

01:57:16,990 --> 01:57:14,810

taxation through these corporations

2634

01:57:20,770 --> 01:57:17,000

that's the [h__h] problem

2635

01:57:22,990 --> 01:57:20,780

me and you individually can trade and we

2636

01:57:25,660 --> 01:57:23,000

can do business in exchange capital

2637

01:57:27,970 --> 01:57:25,670

right but if we put our capital together

2638

01:57:29,650 --> 01:57:27,980

and create this corporation and then

2639

01:57:31,720 --> 01:57:29,660

have buddies who work in the government

2640

01:57:33,550 --> 01:57:31,730

who favor that of course you're gonna

2641

01:57:35,530 --> 01:57:33,560

get all the breaks Yeah right and the

2642

01:57:37,180 --> 01:57:35,540

regulations and all that stuff I get it

2643

01:57:39,160 --> 01:57:37,190

regulations are important we want to

2644

01:57:41,500 --> 01:57:39,170

keep people from dumping stuff in the

2645

01:57:43,300 --> 01:57:41,510

ocean we want to keep people from doing

2646

01:57:45,700 --> 01:57:43,310

crazy [h__h] polluting the air and stuff

2647

01:57:47,890 --> 01:57:45,710

right but also these corporations don't

2648

01:57:50,410 --> 01:57:47,900

give a [h__h] about these regulations they

2649

01:57:52,479 --> 01:57:50,420

can afford that it hurts me and you the

2650

01:57:54,130 --> 01:57:52,489

small business owner who can't afford to

2651
01:57:55,960 --> 01:57:54,140
pay all that stuff for these regulations

2652
01:57:58,720 --> 01:57:55,970
which keeps us from being able to

2653
01:58:01,960 --> 01:57:58,730
explode and get to that right yeah so

2654
01:58:04,120 --> 01:58:01,970
it's not it's not capitalism it's it's

2655
01:58:07,090 --> 01:58:04,130
favoritism of a strong central

2656
01:58:10,030 --> 01:58:07,100
government that's what that's how I feel

2657
01:58:12,490 --> 01:58:10,040
that's my perspective yeah and and you

2658
01:58:14,500 --> 01:58:12,500
know it's you know a lot of people will

2659
01:58:16,780 --> 01:58:14,510
disagree with me right

2660
01:58:18,820 --> 01:58:16,790
but that's just kind of my my

2661
01:58:21,640 --> 01:58:18,830
complicated perspective I think me and

2662
01:58:23,920 --> 01:58:21,650
you could totally you know barter and

2663
01:58:26,230 --> 01:58:23,930

trade things we can trade services you

2664

01:58:28,900 --> 01:58:26,240

know when you work for a job right

2665

01:58:31,570 --> 01:58:28,910

you should always own the means of your

2666

01:58:34,180 --> 01:58:31,580

production when you sign papers over to

2667

01:58:35,230 --> 01:58:34,190

a job you no longer own the means to

2668

01:58:38,530 --> 01:58:35,240

your own production

2669

01:58:41,050 --> 01:58:38,540

you are basically owned by that company

2670

01:58:44,920 --> 01:58:41,060

to produce labor for them and then they

2671

01:58:46,410 --> 01:58:44,930

give you the crumbs somehow I feel like

2672

01:58:49,510 --> 01:58:46,420

we're still talking about the weather

2673

01:58:51,040 --> 01:58:49,520

like and I'm kind of wondering it like

2674

01:58:53,860 --> 01:58:51,050

you actually do really like to talk

2675

01:59:06,850 --> 01:58:53,870

about the well that was a that was a

2676

01:59:09,160 --> 01:59:06,860

weather rant the weather off like that

2677

01:59:12,160 --> 01:59:09,170

no that's all but that's your passion

2678

01:59:13,750 --> 01:59:12,170

yeah I just feel like it's important man

2679

01:59:16,840 --> 01:59:13,760

yeah I think it's important for you to

2680

01:59:18,370 --> 01:59:16,850

be able to help yourself I think it's

2681

01:59:21,250 --> 01:59:18,380

important for you to own the means of

2682

01:59:26,220 --> 01:59:21,260

your own labour your own hard work your

2683

01:59:30,340 --> 01:59:28,690

voluntary ism is extremely important to

2684

01:59:33,520 --> 01:59:30,350

me I think more things could be

2685

01:59:35,970 --> 01:59:33,530

accomplished through voluntarily helping

2686

01:59:38,740 --> 01:59:35,980

one each one another as opposed to

2687

01:59:40,630 --> 01:59:38,750

giving your money to the government

2688

01:59:42,790 --> 01:59:40,640

let them middle man it and they let them

2689

01:59:46,300 --> 01:59:42,800

misappropriate most of your funds and

2690

01:59:48,160 --> 01:59:46,310

then give the population the crumbs so I

2691

01:59:50,560 --> 01:59:48,170

hate to like interrupt it like bring it

2692

01:59:53,910 --> 01:59:50,570

back to me dude yeah I totally yeah

2693

01:59:57,280 --> 01:59:53,920

that's all things we all things weird

2694

01:59:59,110 --> 01:59:57,290

but I wanted to bring back so Corey good

2695

02:00:01,090 --> 01:59:59,120

Chris if you haven't heard of Corey good

2696

02:00:03,220 --> 02:00:01,100

he's the contactee he's a dude that

2697

02:00:05,350 --> 02:00:03,230

claims that he's been in contact with

2698

02:00:08,830 --> 02:00:05,360

aliens and a bunch of them so he has

2699

02:00:11,140 --> 02:00:08,840

this really really intricate story and

2700

02:00:12,490 --> 02:00:11,150

one of the stories is you know that the

2701

02:00:14,530 --> 02:00:12,500

interviewer that's talking to him on

2702

02:00:16,450 --> 02:00:14,540

this show is asking him like what do

2703

02:00:18,070 --> 02:00:16,460

they do for money and stuff and he says

2704

02:00:21,190 --> 02:00:18,080

well they don't have money it's it's all

2705

02:00:23,860 --> 02:00:21,200

based off of like a bartering services

2706

02:00:26,530 --> 02:00:23,870

and you pay with services so like I'll

2707

02:00:27,980 --> 02:00:26,540

do manual labor for you if you'll come

2708

02:00:30,170 --> 02:00:27,990

over to my house and do manual labor

2709

02:00:32,540 --> 02:00:30,180

for me like things like that like stay

2710

02:00:34,220 --> 02:00:32,550

on this spaceship or go to this base for

2711

02:00:37,280 --> 02:00:34,230

six months and I'll come help you out

2712

02:00:40,250 --> 02:00:37,290

first it's kind of like that so I don't

2713

02:00:43,520 --> 02:00:40,260

know that's cool yeah bartering there's

2714

02:00:45,740 --> 02:00:43,530

ways to do things without having to put

2715

02:00:47,840 --> 02:00:45,750

a dollar sign on it maybe yeah why does

2716

02:00:49,760 --> 02:00:47,850

the IRS need to know about you know what

2717

02:00:52,100 --> 02:00:49,770

I'm saying like like why is there so

2718

02:00:55,880 --> 02:00:52,110

many different avenues that my money has

2719

02:00:58,490 --> 02:00:55,890

to go before it actually goes like to

2720

02:01:01,490 --> 02:00:58,500

what it's supposed to go for I just did

2721

02:01:03,050 --> 02:01:01,500

air quotes you know what is I just don't

2722

02:01:06,560 --> 02:01:03,060

understand that are you are you telling

2723

02:01:08,540 --> 02:01:06,570

me that that people people will go crazy

2724

02:01:10,970 --> 02:01:08,550

because they they don't have a

2725

02:01:15,980 --> 02:01:10,980

government but we have a government

2726
02:01:18,230 --> 02:01:15,990
that's run by people saying they're

2727
02:01:20,810 --> 02:01:18,240
saying that without government we're all

2728
02:01:23,600 --> 02:01:20,820
doomed but we just let the government

2729
02:01:25,670 --> 02:01:23,610
which is run by people like run run us

2730
02:01:27,410 --> 02:01:25,680
yeah I just feel like if you put a

2731
02:01:30,320 --> 02:01:27,420
certain amount of people in control

2732
02:01:32,150 --> 02:01:30,330
it just it always it always runs away

2733
02:01:35,360 --> 02:01:32,160
from you you know whether it be

2734
02:01:38,810 --> 02:01:35,370
communism socialism like the capitalism

2735
02:01:41,300 --> 02:01:38,820
crony capitalism no matter what it is if

2736
02:01:43,070 --> 02:01:41,310
you give power to a central group of

2737
02:01:45,290 --> 02:01:43,080
people they take it and run with it and

2738
02:01:47,570 --> 02:01:45,300

the rest of us get the crumbs you know

2739

02:01:50,060 --> 02:01:47,580

right you're right you're utopia you

2740

02:01:52,130 --> 02:01:50,070

know figure it out how would I do money

2741

02:01:54,800 --> 02:01:52,140

how would I do weather how would I do

2742

02:01:57,410 --> 02:01:54,810

yeah I mean you know most people

2743

02:01:59,870 --> 02:01:57,420

consider anarchy like what Antipa does

2744

02:02:02,330 --> 02:01:59,880

but that's that's that's horseshit

2745

02:02:04,820 --> 02:02:02,340

you're just damaging properties [h__h] off

2746

02:02:05,720 --> 02:02:04,830

stop you know I'm saying anarchy is

2747

02:02:07,760 --> 02:02:05,730

growing your own food

2748

02:02:10,220 --> 02:02:07,770

anarchy is is is living your own life

2749

02:02:12,050 --> 02:02:10,230

it's catching rainwater it's it's making

2750

02:02:14,300 --> 02:02:12,060

your own clothes it's it's being able to

2751
02:02:16,220 --> 02:02:14,310
trade goods and services with people

2752
02:02:18,980 --> 02:02:16,230
without somebody telling you what to do

2753
02:02:20,840 --> 02:02:18,990
you know it's being able to drive across

2754
02:02:23,450 --> 02:02:20,850
the country without somebody hassling

2755
02:02:30,110 --> 02:02:23,460
you Oh sir you know your back light as

2756
02:02:35,380 --> 02:02:30,120
well give did I rape murder steal kidnap

2757
02:02:38,900 --> 02:02:35,390
or yeah rape murder steal kidnap

2758
02:02:41,270 --> 02:02:38,910
coercion five five things that are

2759
02:02:42,060 --> 02:02:41,280
crimes and the rest of it you can you

2760
02:02:46,470 --> 02:02:42,070
can suck it

2761
02:02:47,910 --> 02:02:46,480
suck a fat one my inspection inspection

2762
02:02:52,979 --> 02:02:47,920
stickers been out for two months and I'm

2763
02:02:55,680 --> 02:02:52,989

like if it's not one of those five

2764

02:02:57,479 --> 02:02:55,690

things dude leave your life bro if

2765

02:02:59,100 --> 02:02:57,489

you're not messing with somebody else

2766

02:03:01,379 --> 02:02:59,110

I thought Moses said there were ten

2767

02:03:04,410 --> 02:03:01,389

things I'm confused here

2768

02:03:08,430 --> 02:03:04,420

well read the five comfortable okay we

2769

02:03:11,339 --> 02:03:08,440

were at ten now we have have like this

2770

02:03:14,550 --> 02:03:11,349

is updated version updated version no

2771

02:03:20,339 --> 02:03:14,560

yes no coercion no rape no real murder

2772

02:03:35,220 --> 02:03:20,349

yeah all right I got five more things I

2773

02:03:38,250 --> 02:03:35,230

can do I like it and and also you know

2774

02:03:40,740 --> 02:03:38,260

like bringing this full circle back into

2775

02:03:44,069 --> 02:03:40,750

aliens and things they don't the

2776

02:03:46,919 --> 02:03:44,079

technology that they have could possibly

2777

02:03:49,319 --> 02:03:46,929

help the world in so many good way and

2778

02:03:52,530 --> 02:03:49,329

they hold on to it because they have the

2779

02:03:54,060 --> 02:03:52,540

central power you know they have they

2780

02:03:57,479 --> 02:03:54,070

have that power

2781

02:03:58,740 --> 02:03:57,489

yeah they won't tell us anything it

2782

02:04:01,379 --> 02:03:58,750

won't let anything you just need a

2783

02:04:04,620 --> 02:04:01,389

little like you know bluetooth weather

2784

02:04:09,470 --> 02:04:04,630

machines like just like you each room or

2785

02:04:14,729 --> 02:04:09,480

like maybe your house yeah there you go

2786

02:04:16,470 --> 02:04:14,739

Tesla was correct that's it you're in

2787

02:04:18,569 --> 02:04:16,480

your neural link you're like you're

2788

02:04:20,450 --> 02:04:18,579

connected to the thermostat you're

2789

02:04:23,390 --> 02:04:20,460

controlling the weather

2790

02:04:25,979 --> 02:04:23,400

what if they okay so the government

2791

02:04:29,399 --> 02:04:25,989

releases this technology but just a one

2792

02:04:31,290 --> 02:04:29,409

guy named named Brian Brian and he and

2793

02:04:33,510 --> 02:04:31,300

he owns it no one else can use it

2794

02:04:39,830 --> 02:04:33,520

we're like he can he has like free

2795

02:04:42,209 --> 02:04:39,840

energy yeah like god damn it Brian

2796

02:04:49,600 --> 02:04:42,219

you're worse than the government Brian

2797

02:04:56,800 --> 02:04:54,940

I wouldn't even want that job check

2798

02:04:58,540 --> 02:04:56,810

everyone check this out this is kind of

2799

02:05:00,610 --> 02:04:58,550

cool yeah I feel like there's a person

2800

02:05:02,410 --> 02:05:00,620

out there that's like manipulating the

2801

02:05:03,370 --> 02:05:02,420

weather listening to this you know in

2802

02:05:05,680 --> 02:05:03,380

like 10 years

2803

02:05:08,110 --> 02:05:05,690

and they're like man this is a hard job

2804

02:05:10,150 --> 02:05:08,120

like like well let you do it I'll just

2805

02:05:12,220 --> 02:05:10,160

[h__h] on this guy yeah I think I'm so

2806

02:05:22,900 --> 02:05:12,230

sorry he's like it's so hard to

2807

02:05:28,660 --> 02:05:22,910

manipulate the weather now it's it's

2808

02:05:30,070 --> 02:05:28,670

it's all it's conspiracy yeah but but

2809

02:05:32,140 --> 02:05:30,080

it's also like a search of the unknown

2810

02:05:34,870 --> 02:05:32,150

it's it's like exactly exactly I think

2811

02:05:37,420 --> 02:05:34,880

it all kind of fits in the same mm-hmm

2812

02:05:40,060 --> 02:05:37,430

square peg in a square hole yeah you

2813

02:05:42,850 --> 02:05:40,070

just think about the the ruling elites

2814

02:05:45,640 --> 02:05:42,860

right it's like this is a conspiracy

2815

02:05:48,420 --> 02:05:45,650

theory of but there is a ruling class of

2816

02:05:57,640 --> 02:05:48,430

elite is there not is there not yeah

2817

02:05:59,980 --> 02:05:57,650

absolutely is there definitely did they

2818

02:06:01,960 --> 02:05:59,990

do some weird stuff tell me they go it

2819

02:06:04,240 --> 02:06:01,970

they have some secret things like the

2820

02:06:05,980 --> 02:06:04,250

transfusion of like young people's blood

2821

02:06:10,810 --> 02:06:05,990

very old people

2822

02:06:11,890 --> 02:06:10,820

yes like they're also so Joe you said as

2823

02:06:13,210 --> 02:06:11,900

we were talking about that bump the

2824

02:06:14,020 --> 02:06:13,220

bones that were found in the Vatican to

2825

02:06:15,790 --> 02:06:14,030

bring that back there

2826

02:06:17,650 --> 02:06:15,800

totally so Joe goes how about they do

2827

02:06:19,690 --> 02:06:17,660

blood sack that's they do sacrifices

2828

02:06:22,720 --> 02:06:19,700

things where those bones came from those

2829

02:06:24,040 --> 02:06:22,730

unmarked bones right like you gotta know

2830

02:06:26,530 --> 02:06:24,050

I mean y'all seen skull and bones the

2831

02:06:27,940 --> 02:06:26,540

movie yeah there's some [h__h] that no one

2832

02:06:30,610 --> 02:06:27,950

will ever know about unless you're in

2833

02:06:32,590 --> 02:06:30,620

that like little clique but there's

2834

02:06:35,440 --> 02:06:32,600

gotta be some weird some mole lock like

2835

02:06:36,910 --> 02:06:35,450

praying to an alga and there's actual

2836

02:06:39,490 --> 02:06:36,920

like sacrifice I don't know

2837

02:06:42,520 --> 02:06:39,500

yeah I sort of just imagine them having

2838

02:06:44,350 --> 02:06:42,530

these like rituals that they can do to

2839

02:06:45,880 --> 02:06:44,360

like access other dimensions and like

2840

02:06:48,910 --> 02:06:45,890

they're interacting with those higher

2841

02:06:51,000 --> 02:06:48,920

intelligence like children and virgins

2842

02:06:53,210 --> 02:06:51,010

and the piano - yeah

2843

02:06:56,430 --> 02:06:53,220

and all these weird rituals and

2844

02:06:58,440 --> 02:06:56,440

ceremonies possibly uh-huh but I feel

2845

02:07:00,570 --> 02:06:58,450

like they probably are you know they

2846

02:07:03,479 --> 02:07:00,580

probably are doing some weird stuff you

2847

02:07:05,520 --> 02:07:03,489

know there's there's different levels to

2848

02:07:07,080 --> 02:07:05,530

it you know and some people never reach

2849

02:07:09,180 --> 02:07:07,090

that level so you know you may have

2850

02:07:11,580 --> 02:07:09,190

people who are like yeah I'm a freemason

2851

02:07:14,100 --> 02:07:11,590

but that's cuz you ain't on that level

2852

02:07:16,950 --> 02:07:14,110

yeah but yeah you know or it's gonna

2853

02:07:18,479 --> 02:07:16,960

bones or whatever you know yeah and

2854

02:07:20,640 --> 02:07:18,489

there's there's there's so many

2855

02:07:22,290 --> 02:07:20,650

different you know theories and people

2856

02:07:27,270 --> 02:07:22,300

who talk about that kind of stuff and

2857

02:07:29,610 --> 02:07:27,280

you know was it a Bohemian Grove right

2858

02:07:33,060 --> 02:07:29,620

and that's a big one that's a big one

2859

02:07:37,200 --> 02:07:33,070

and Illuminati yeah it's all it's all

2860

02:07:39,900 --> 02:07:37,210

but it's all just ritualistic we take it

2861

02:07:42,360 --> 02:07:39,910

back to the dorm you know loosely

2862

02:07:45,870 --> 02:07:42,370

menotti you know say the Illuminati and

2863

02:07:47,550 --> 02:07:45,880

someone knocked at the door you know we

2864

02:07:51,390 --> 02:07:47,560

were talking about the FBI and our [h__\h]

2865

02:07:55,400 --> 02:07:51,400

cut out yeah wonder what the Illuminati

2866

02:07:57,690 --> 02:07:55,410

would like have on their snack table

2867

02:08:00,030 --> 02:07:57,700

like what are they eating yeah yeah like

2868

02:08:01,350 --> 02:08:00,040

what what's like the meeting like you

2869

02:08:04,229 --> 02:08:01,360

know is it

2870

02:08:06,600 --> 02:08:04,239

they have like a letter a cheese board

2871

02:08:08,130 --> 02:08:06,610

with like great meats and yeah grapes

2872

02:08:09,360 --> 02:08:08,140

like you'd expect it like a fine table

2873

02:08:15,150 --> 02:08:09,370

and they're sitting these nice chairs

2874

02:08:17,550 --> 02:08:15,160

look yeah yeah let some jerk shows up

2875

02:08:19,290 --> 02:08:17,560

with Tostitos chips yeah yeah you know

2876

02:08:20,880 --> 02:08:19,300

in the [h__h] club anymore yeah it's

2877

02:08:25,260 --> 02:08:20,890

like you gotta bring something it's

2878

02:08:26,910 --> 02:08:25,270

gotta be homemade yeah dude yeah I don't

2879

02:08:38,070 --> 02:08:26,920

really know anyone in the Illuminati yet

2880

02:08:39,720 --> 02:08:38,080

I feel like when I do like yeah they're

2881

02:08:40,380 --> 02:08:39,730

like can y'all can you stop talking

2882

02:08:45,720 --> 02:08:40,390

about the weather

2883

02:08:47,790 --> 02:08:45,730

a viral if I don't show up for the next

2884

02:08:50,010 --> 02:08:47,800

podcast that solidifies everything I

2885

02:08:51,960 --> 02:08:50,020

said right damn right yeah can't be

2886

02:08:53,880 --> 02:08:51,970

taken out now I did yeah they're like we

2887

02:08:56,340 --> 02:08:53,890

have a plan we're gonna tell people

2888

02:08:58,320 --> 02:08:56,350

these things like slowly over the course

2889

02:09:01,770 --> 02:08:58,330

of years we're starting with like a

2890

02:09:03,240 --> 02:09:01,780

little Tic Tac alien thing the little

2891

02:09:06,180 --> 02:09:03,250

hover ship

2892

02:09:08,190 --> 02:09:06,190

that's coming out right now like the hey

2893

02:09:10,470 --> 02:09:08,200

there might be water on Mars like we've

2894

02:09:12,600 --> 02:09:10,480

got a plan we're gonna slowly in view it

2895

02:09:20,820 --> 02:09:12,610

right you we don't want to scare your

2896

02:09:24,530 --> 02:09:20,830

granddad he's just gonna be like sitting

2897

02:09:30,960 --> 02:09:27,930

that's gotta be it yeah I remember

2898

02:09:32,910 --> 02:09:30,970

somebody had made a post or I had

2899

02:09:36,300 --> 02:09:32,920

commented on something when they were

2900

02:09:37,800 --> 02:09:36,310

like we found water on Mars yeah I was

2901

02:09:40,080 --> 02:09:37,810

like I thought they did that in the 80s

2902

02:09:42,030 --> 02:09:40,090

yeah also found microbial life in the

2903

02:09:48,780 --> 02:09:42,040

soil - did they they're like oh that's

2904

02:09:50,610 --> 02:09:48,790

[h__h] no what do they did I mean just

2905

02:09:52,530 --> 02:09:50,620

cuz it's in space doesn't mean that [h__h]

2906

02:09:54,150 --> 02:09:52,540

can't live out there right come in

2907

02:10:00,260 --> 02:09:54,160

someone's really missing out on not

2908

02:10:07,770 --> 02:10:04,830

goodbye Mars water Mars water like you

2909

02:10:17,040 --> 02:10:07,780

don't even have to put much in it like

2910

02:10:18,780 --> 02:10:17,050

have like one tincture yeah and it would

2911

02:10:25,400 --> 02:10:18,790

get like love that they'd be like man

2912

02:10:28,710 --> 02:10:25,410

this is the Mars water instantly hydrate

2913

02:10:32,580 --> 02:10:28,720

it's so full of carbon you know this

2914

02:10:34,620 --> 02:10:32,590

this water came from another dude man

2915

02:10:37,230 --> 02:10:34,630

they're gonna market that yeah I guess

2916

02:10:40,620 --> 02:10:37,240

gonna happen on my silom us as far as

2917

02:10:42,300 --> 02:10:40,630

water that meteor that they just found

2918

02:10:44,730 --> 02:10:42,310

that asteroid that they just found that

2919

02:10:47,070 --> 02:10:44,740

like it's solid gold yeah and it said

2920

02:10:49,470 --> 02:10:47,080

every single person on the planet could

2921

02:10:52,620 --> 02:10:49,480

have like Tim bajillion dollars which

2922

02:10:54,750 --> 02:10:52,630

Pachulia is like ruin the economy old

2923

02:10:55,710 --> 02:10:54,760

like they're just like supply and demand

2924

02:10:57,810 --> 02:10:55,720

around jacoti

2925

02:11:00,419 --> 02:10:57,820

everybody's a bajillion air and nobody

2926

02:11:02,160 --> 02:11:00,429

can afford [h__h]

2927

02:11:03,840 --> 02:11:02,170

yeah everybody's got these like rooms

2928

02:11:08,669 --> 02:11:03,850

full of gold like no one knows what to

2929

02:11:10,530 --> 02:11:08,679

do with it so heavy this golden toilet I

2930

02:11:12,240 --> 02:11:10,540

got like come on can't even hire

2931

02:11:13,020 --> 02:11:12,250

somebody to move it out they already

2932

02:11:23,550 --> 02:11:13,030

gotten gold

2933

02:11:28,050 --> 02:11:23,560

I thought that was kind of cool

2934

02:11:30,360 --> 02:11:28,060

what's his name Amazon guy Jeff Bezos is

2935

02:11:33,840 --> 02:11:30,370

talking about moving like like polluted

2936

02:11:36,209 --> 02:11:33,850

type industries into space manufacturing

2937

02:11:38,070 --> 02:11:36,219

in space as opposed to manufacturing

2938

02:11:40,020 --> 02:11:38,080

here on earth he said it would actually

2939

02:11:41,820 --> 02:11:40,030

be cheaper I don't know how the math

2940

02:11:44,520 --> 02:11:41,830

works on that but it's kind of a cool

2941

02:11:47,280 --> 02:11:44,530

idea but then all right can you pollute

2942

02:11:50,250 --> 02:11:47,290

space I mean you can with like debris

2943

02:11:52,229 --> 02:11:50,260

and [h__h] right about that but if it's

2944

02:11:55,410 --> 02:11:52,239

infinite can you pollute space then I

2945

02:11:57,330 --> 02:11:55,420

was in design school in college and I

2946

02:11:59,550 --> 02:11:57,340

actually made a teacher really really

2947

02:12:01,740 --> 02:11:59,560

mad like so mad that like I feel like

2948

02:12:03,419 --> 02:12:01,750

she I couldn't even look at me she was

2949

02:12:05,820 --> 02:12:03,429

so pissed like we were doing a project

2950

02:12:07,320 --> 02:12:05,830

on trash and I think I was just like you

2951
02:12:09,959 --> 02:12:07,330
know why can't we just like take all a

2952
02:12:11,939 --> 02:12:09,969
trash and like just send it into like a

2953
02:12:16,260 --> 02:12:11,949
son that's about to explode and I'm just

2954
02:12:20,729 --> 02:12:16,270
like yeah yeah so piss she's like we

2955
02:12:22,560 --> 02:12:20,739
can't send our trash to space house like

2956
02:12:27,149 --> 02:12:22,570
I'm sorry I'm sorry we'll just keep our

2957
02:12:29,430 --> 02:12:27,159
trash [h__h] to our own son all right

2958
02:12:32,370 --> 02:12:29,440
but I guess it'd be hard to like get the

2959
02:12:34,729 --> 02:12:32,380
trash to space like I mean but I mean

2960
02:12:36,990 --> 02:12:34,739
maybe we could like teleport it maybe

2961
02:12:39,030 --> 02:12:37,000
just like a son about to explode it

2962
02:12:46,530 --> 02:12:39,040
she's like yeah and all the trash is

2963
02:12:49,770 --> 02:12:46,540

it's like it's like oh why cause trash

2964

02:12:58,140 --> 02:12:49,780

also is made of the same

2965

02:13:01,590 --> 02:12:58,150

damn which I totally trashy do I mean I

2966

02:13:04,260 --> 02:13:01,600

think the there's an actual law on space

2967

02:13:07,050 --> 02:13:04,270

on like not like sanding your space

2968

02:13:08,760 --> 02:13:07,060

difference in yeah microbes and [h__h] on

2969

02:13:11,580 --> 02:13:08,770

to other planets and stuff they don't

2970

02:13:13,920 --> 02:13:11,590

because they don't want to to infect

2971

02:13:15,420 --> 02:13:13,930

another planet and then us find it later

2972

02:13:17,250 --> 02:13:15,430

on and be like well there's life here

2973

02:13:20,420 --> 02:13:17,260

but really it just came from us okay

2974

02:13:26,400 --> 02:13:20,430

there's an actual law about that but

2975

02:13:28,320 --> 02:13:26,410

nobody's going to visit the Sun it's

2976

02:13:31,850 --> 02:13:28,330

funny you bring up the Sun like did the

2977

02:13:36,000 --> 02:13:31,860

Sun is awesome right glasses on dog yeah

2978

02:13:38,160 --> 02:13:36,010

so yeah the yeah I actually had some

2979

02:13:40,050 --> 02:13:38,170

friends he's super into conspiracy

2980

02:13:41,310 --> 02:13:40,060

theories and they like gave me this list

2981

02:13:42,870 --> 02:13:41,320

of conspiracy theories because I wanted

2982

02:13:45,590 --> 02:13:42,880

me to be like a design I'll have like

2983

02:13:48,090 --> 02:13:45,600

the conspiracy theories and I went in

2984

02:13:49,590 --> 02:13:48,100

like on conspiracy theories like every

2985

02:13:51,840 --> 02:13:49,600

and I just like listening to them all

2986

02:13:54,210 --> 02:13:51,850

seeing like going in really really

2987

02:13:56,700 --> 02:13:54,220

really really deep mm-hmm you know to

2988

02:13:58,920 --> 02:13:56,710

the point where you're like oh that's

2989

02:14:01,020 --> 02:13:58,930

real way yeah yeah and then like I feel

2990

02:14:05,610 --> 02:14:01,030

like this weird epiphany I had was like

2991

02:14:08,370 --> 02:14:05,620

I feel like the sun's real but I feel

2992

02:14:12,000 --> 02:14:08,380

like even if this is a hologram like the

2993

02:14:13,860 --> 02:14:12,010

Sun is real yeah that was like something

2994

02:14:15,840 --> 02:14:13,870

that like kind of brought me out of it I

2995

02:14:17,730 --> 02:14:15,850

was like the Sun like I'm just just like

2996

02:14:19,650 --> 02:14:17,740

I'll stick with that that's something

2997

02:14:22,050 --> 02:14:19,660

that like that's a good thing to look up

2998

02:14:24,570 --> 02:14:22,060

to and like to I don't know worship

2999

02:14:26,700 --> 02:14:24,580

there like good thinking high esteem is

3000

02:14:29,670 --> 02:14:26,710

like all the Sun does and that's sort of

3001

02:14:32,490 --> 02:14:29,680

like started like that like logo and

3002

02:14:35,580 --> 02:14:32,500

that sort of like the driving force of

3003

02:14:38,420 --> 02:14:35,590

you know my visual identity is like sort

3004

02:14:42,180 --> 02:14:38,430

of like well does the Sun have

3005

02:14:43,770 --> 02:14:42,190

consciousness like does the Sun there's

3006

02:14:45,360 --> 02:14:43,780

a Sun like pick and choose where it

3007

02:14:48,270 --> 02:14:45,370

sends its energy or is it there's like

3008

02:14:50,880 --> 02:14:48,280

in all directions simultaneously like

3009

02:14:53,060 --> 02:14:50,890

just sort of like killing itself sending

3010

02:14:54,960 --> 02:14:53,070

out energy in all directions like wall

3011

02:14:56,700 --> 02:14:54,970

you know making everything else like

3012

02:15:00,300 --> 02:14:56,710

grow and happen uh-huh

3013

02:15:01,730 --> 02:15:00,310

you know the Sun is so is that where the

3014

02:15:04,430 --> 02:15:01,740

eye is that

3015

02:15:07,700 --> 02:15:04,440

the representation of of the Sun yeah I

3016

02:15:10,550 --> 02:15:07,710

mean I think the yeah the Sun the Sun

3017

02:15:12,230 --> 02:15:10,560

and the Sun I yeah that's a reputable

3018

02:15:14,540 --> 02:15:12,240

representation of the Sun I started with

3019

02:15:15,950 --> 02:15:14,550

the Sun cool that's pretty cool yeah

3020

02:15:19,010 --> 02:15:15,960

that's awesome I like the Sun I think

3021

02:15:29,510 --> 02:15:19,020

the Sun is way underrated like way

3022

02:15:30,950 --> 02:15:29,520

underrated yeah yeah like in like if you

3023

02:15:33,440 --> 02:15:30,960

like looked at the whole planet it's

3024

02:15:35,300 --> 02:15:33,450

like can we all like agree like let's

3025

02:15:38,060 --> 02:15:35,310

start with one thing like we all like

3026

02:15:40,430 --> 02:15:38,070

the Sun right yes on the same page

3027

02:15:43,070 --> 02:15:40,440

totally we all okay that's a good step

3028

02:15:46,400 --> 02:15:43,080

to like we all like the earth right yeah

3029

02:15:48,830 --> 02:15:46,410

I kind of maybe I maybe I'm happy with

3030

02:15:54,550 --> 02:15:48,840

things going yeah but the earth is tight

3031

02:15:59,120 --> 02:15:56,600

just like kind of get it back to the

3032

02:16:01,430 --> 02:15:59,130

basics of like what do what do we like

3033

02:16:04,130 --> 02:16:01,440

what are we all kind of agree on uh-huh

3034

02:16:07,190 --> 02:16:04,140

yeah do we definitely need to do we need

3035

02:16:08,780 --> 02:16:07,200

some messaging out in our media with

3036

02:16:11,120 --> 02:16:08,790

let's talk about some things that we

3037

02:16:22,510 --> 02:16:11,130

agree on yeah marshmallows yeah

3038

02:16:25,640 --> 02:16:22,520

delicious have you ever done a mini

3039

02:16:28,340 --> 02:16:25,650

marshmallow toast with a toothpick on a

3040

02:16:32,570 --> 02:16:28,350

small flame it's so fun oh no and you

3041

02:16:34,460 --> 02:16:32,580

feel like a giant that's funny we went

3042

02:16:35,900 --> 02:16:34,470

we went out to tree lingua you know I

3043

02:16:38,870 --> 02:16:35,910

was out in terlingua with some buddies

3044

02:16:41,390 --> 02:16:38,880

and we met some people out there and we

3045

02:16:43,370 --> 02:16:41,400

were like oh they told us that we

3046

02:16:45,200 --> 02:16:43,380

couldn't start a fire you know cuz you

3047

02:16:47,330 --> 02:16:45,210

get a ticket or whatever they were like

3048

02:16:49,930 --> 02:16:47,340

it's all dirt and so the people next to

3049

02:16:53,840 --> 02:16:49,940

us start a fire like [h__h] we're like

3050

02:16:59,690 --> 02:16:53,850

well we have stuff for s'mores can we

3051

02:17:01,520 --> 02:16:59,700

use your fire so we got there and we

3052

02:17:03,140 --> 02:17:01,530

started making s'mores I was like man I

3053

02:17:08,871 --> 02:17:03,150

love s'mores s'mores are like my

3054

02:17:25,791 --> 02:17:08,881

favorite thing people was like

3055

02:17:29,900 --> 02:17:25,801

they were like yeah like it was last

3056

02:17:31,550 --> 02:17:29,910

time I had last weekend like you could

3057

02:17:33,440 --> 02:17:31,560

go out right now and buy some you could

3058

02:17:35,300 --> 02:17:33,450

buy the supplies first yes like a five

3059

02:17:36,411 --> 02:17:35,310

dollar bill but the thing is you can

3060

02:17:43,541 --> 02:17:36,421

only eat like one or two

3061

02:17:49,010 --> 02:17:43,551

yeah but s'mores like initially are

3062

02:17:53,420 --> 02:17:49,020

[h__\h] always dope but then halfway

3063

02:17:56,420 --> 02:17:53,430

through you're like kind of sweet we do

3064

02:18:00,980 --> 02:17:56,430

any small but s'mores initially our

3065

02:18:02,781 --> 02:18:00,990

dough I love taking pride in like how

3066

02:18:05,480 --> 02:18:02,791

good you know you roast the marsh

3067

02:18:06,920 --> 02:18:05,490

totally are you spinning it yeah so

3068

02:18:24,581 --> 02:18:06,930

there's that friend that's like I like

3069

02:18:32,871 --> 02:18:30,430

unless it's brisket mark the fire

3070

02:18:38,210 --> 02:18:32,881

barbeque and it's got the char on it

3071

02:18:40,430 --> 02:18:38,220

that bark dog burnt ends that's my

3072

02:18:43,610 --> 02:18:40,440

favorite part of the brisket it's mainly

3073

02:18:48,350 --> 02:18:43,620

just burnt pepper I'm having brisket and

3074

02:18:50,270 --> 02:18:48,360

some mores for dinner I need to find a

3075

02:18:53,331 --> 02:18:50,280

restaurant that serves that all around

3076

02:18:55,010 --> 02:18:53,341

yeah openly Series brisket and s'mores

3077

02:19:01,791 --> 02:18:55,020

dude yeah it's way better than the

3078

02:19:12,531 --> 02:19:01,801

chicken and waffles yeah a brisket in

3079

02:19:14,720 --> 02:19:12,541

s'mores place Oh a check yeah yeah well
