

UFO
GARAGE
PODCAST

1
00:00:09,770 --> 00:00:07,039
yeah this is another episode of UFO

2
00:00:11,749 --> 00:00:09,780
garage I'm Ben I'm Joe and this is what

3
00:00:15,860 --> 00:00:11,759
we talk about you oppose aliens in all

4
00:00:18,920 --> 00:00:15,870
things weird yeah yeah yeah episode 10

5
00:00:22,010 --> 00:00:18,930
baby good welcome good morning good

6
00:00:24,500 --> 00:00:22,020
afternoon good to see you man

7
00:00:27,080 --> 00:00:24,510
good to see you too how uh what's that

8
00:00:36,280 --> 00:00:27,090
shirt you got on there dude this ladies

9
00:00:41,420 --> 00:00:40,280
come and take us yeah that's that's

10
00:00:47,510 --> 00:00:41,430
pretty cool man

11
00:00:50,240 --> 00:00:47,520
where'd you get that UFO garage PC comm

12
00:00:52,729 --> 00:00:50,250
what is it show the back of the I think

13
00:01:00,439 --> 00:00:52,739

it no back is pretty cool too got a logo

14

00:01:03,920 --> 00:01:00,449

the podcasting so this episode where

15

00:01:04,939 --> 00:01:03,930

we're filming for the first time we're

16

00:01:06,620 --> 00:01:04,949

gonna see how it goes if we look like

17

00:01:08,510 --> 00:01:06,630

idiots were probably not gonna place

18

00:01:10,550 --> 00:01:08,520

this on YouTube by the way they're comfy

19

00:01:13,010 --> 00:01:10,560

they are super come and they fit really

20

00:01:15,710 --> 00:01:13,020

well we were talking about you know that

21

00:01:18,560 --> 00:01:15,720

like this isn't the most expensive shirt

22

00:01:22,789 --> 00:01:18,570

quality normally I go with a couple of

23

00:01:25,340 --> 00:01:22,799

different shirt makers but I went with

24

00:01:27,410 --> 00:01:25,350

the was is it Hanes I can't remember if

25

00:01:29,539 --> 00:01:27,420

it's Hanes or so I think it's guilty and

26

00:01:31,460 --> 00:01:29,549

maybe was it anyway it's kind of and

27

00:01:34,940 --> 00:01:31,470

normally they they they're they're like

28

00:01:36,679 --> 00:01:34,950

just super boxy and like they don't fit

29

00:01:38,810 --> 00:01:36,689

well but they fit really really well

30

00:01:40,910 --> 00:01:38,820

around the arms and yeah it it feels

31

00:01:43,490 --> 00:01:40,920

good and they're like soft and stuff I'm

32

00:01:46,850 --> 00:01:43,500

pretty happy with them we just did we

33

00:01:48,620 --> 00:01:46,860

recorded or we ordered some samples so

34

00:01:50,120 --> 00:01:48,630

we've got the only two in existence

35

00:01:52,880 --> 00:01:50,130

right now but they've got a lot of

36

00:01:56,300 --> 00:01:52,890

different colors online if you go to the

37

00:01:58,730 --> 00:01:56,310

UFO garage PC calm and check out our

38

00:01:59,270 --> 00:01:58,740

store at the bottom I'm pretty stoked

39

00:02:01,280 --> 00:01:59,280

about it

40

00:02:03,609 --> 00:02:01,290

yeah yeah they look good they came over

41

00:02:06,880 --> 00:02:03,619

the awesome yeah

42

00:02:09,609 --> 00:02:06,890

so what we got today man

43

00:02:12,220 --> 00:02:09,619

well I think let's talk about some stuff

44

00:02:15,850 --> 00:02:12,230

on our Facebook that was pretty cool

45

00:02:19,660 --> 00:02:15,860

this week Joseph who's like an honorary

46

00:02:23,770 --> 00:02:19,670

honorary NGO Foca Raj podcast affiliate

47

00:02:26,259 --> 00:02:23,780

slash content content creator he posted

48

00:02:29,380 --> 00:02:26,269

a bunch of cool links on our Facebook

49

00:02:32,770 --> 00:02:29,390

it's always dude it's it's consistent

50

00:02:38,110 --> 00:02:32,780

it's always good yeah the first one was

51
00:02:41,199 --> 00:02:38,120
the planet-sized UFO that was pretty

52
00:02:43,720 --> 00:02:41,209
sweet let's see yeah UFO sighting NASA

53
00:02:46,539 --> 00:02:43,730
satellite snaps alien spacecraft bigger

54
00:02:48,280 --> 00:02:46,549
than Earth near the Sun and I mean yacht

55
00:02:51,130 --> 00:02:48,290
if you watch the video on our group on

56
00:02:53,440 --> 00:02:51,140
the UFO podcast group I mean that thing

57
00:02:55,949 --> 00:02:53,450
is huge I don't know what it is but it's

58
00:03:00,130 --> 00:02:55,959
out there I don't know if it's like a

59
00:03:02,920 --> 00:03:00,140
camera anomaly or something on the lens

60
00:03:05,350 --> 00:03:02,930
or the window but I'm leaning more

61
00:03:06,759 --> 00:03:05,360
towards there's something weird just

62
00:03:08,440 --> 00:03:06,769
hanging out by her son I don't know

63
00:03:12,750 --> 00:03:08,450

maybe that's just wishful thinking but

64

00:03:17,590 --> 00:03:15,550

but yeah that was pretty cool

65

00:03:20,500 --> 00:03:17,600

check it out on our Facebook if you want

66

00:03:24,729 --> 00:03:20,510

to watch the video the other thing was

67

00:03:26,979 --> 00:03:24,739

the pyramids in Bosnia this is kind of a

68

00:03:31,259 --> 00:03:26,989

story that came out in the early 2000s

69

00:03:36,069 --> 00:03:31,269

an arc archeologic Archy archaeal all

70

00:03:39,099 --> 00:03:36,079

archaeological archaeologists discovered

71

00:03:40,449 --> 00:03:39,109

these these pyramids and did a whole

72

00:03:41,590 --> 00:03:40,459

bunch of research on them it's super

73

00:03:44,379 --> 00:03:41,600

interesting and it made me think about

74

00:03:47,740 --> 00:03:44,389

the Chinese pyramids - there's hundreds

75

00:03:50,680 --> 00:03:47,750

of Chinese pyramids that are not

76
00:03:52,599 --> 00:03:50,690
available for anybody like any tourists

77
00:03:54,309 --> 00:03:52,609
to go view they just let grow like

78
00:03:56,050 --> 00:03:54,319
forests grow on top of them right yeah

79
00:03:57,280 --> 00:03:56,060
and they startled me they hit them

80
00:03:59,559 --> 00:03:57,290
yeah and they start looking like

81
00:04:02,530 --> 00:03:59,569
mountains and they plant trees and you

82
00:04:04,390 --> 00:04:02,540
can see the trees are like human planted

83
00:04:07,059 --> 00:04:04,400
because they're like in a geometrical

84
00:04:09,220 --> 00:04:07,069
you know like rows and stuff some of

85
00:04:11,100 --> 00:04:09,230
them are like newly planted maybe within

86
00:04:13,030 --> 00:04:11,110
the last twenty years or ten years but

87
00:04:15,399 --> 00:04:13,040
most of them just look like mountains

88
00:04:16,129 --> 00:04:15,409

it's I mean they're obviously trying to

89

00:04:18,409 --> 00:04:16,139

cover

90

00:04:21,469 --> 00:04:18,419

them up for you know whatever whatever

91

00:04:23,809 --> 00:04:21,479

reason but I thought that was cool if

92

00:04:26,149 --> 00:04:23,819

anybody's interested in that you think

93

00:04:27,890 --> 00:04:26,159

there's anything crazy here some

94

00:04:29,330 --> 00:04:27,900

pyramids in the United States yeah

95

00:04:31,700 --> 00:04:29,340

absolutely

96

00:04:34,939 --> 00:04:31,710

what do you think they'd be I think they

97

00:04:36,800 --> 00:04:34,949

would be in like Montana or in the

98

00:04:38,990 --> 00:04:36,810

Appalachian Mountains somewhere around

99

00:04:42,140 --> 00:04:39,000

no no that's maybe not you know

100

00:04:44,270 --> 00:04:42,150

but yeah there's there's a lot of

101
00:04:47,119 --> 00:04:44,280
terrain that looks like mountains that

102
00:04:49,640 --> 00:04:47,129
could possibly be you know if you dug

103
00:04:53,330 --> 00:04:49,650
deep enough you could find some kind of

104
00:04:55,519 --> 00:04:53,340
human structure or whatever I don't know

105
00:04:57,559 --> 00:04:55,529
but definitely in Mexico I mean that's

106
00:05:00,830 --> 00:04:57,569
close enough to us right still North

107
00:05:05,149 --> 00:05:00,840
America yeah they're still unearthing

108
00:05:08,869 --> 00:05:05,159
stuff in Brazil Graham Hancock is is

109
00:05:14,629 --> 00:05:08,879
talked about that in his last book okay

110
00:05:17,480 --> 00:05:14,639
remember it's the newest book he came

111
00:05:19,749 --> 00:05:17,490
out with that's like new New America or

112
00:05:22,129 --> 00:05:19,759
old dammit I'm such an idiot

113
00:05:23,749 --> 00:05:22,139

all right I'm gonna search for it just

114

00:05:26,300 --> 00:05:23,759

so I don't sound like a dog he's a cool

115

00:05:29,749 --> 00:05:26,310

guy man he's got a lot of interesting

116

00:05:31,629 --> 00:05:29,759

theories I don't know I guess like

117

00:05:34,640 --> 00:05:31,639

because he's just like somebody who

118

00:05:36,559 --> 00:05:34,650

takes the information and writes it down

119

00:05:40,219 --> 00:05:36,569

yeah like he's just going with these

120

00:05:41,779 --> 00:05:40,229

people that you know kind of kind of

121

00:05:43,909 --> 00:05:41,789

makes sense and he's like hey nobody's

122

00:05:45,610 --> 00:05:43,919

paying attention to you so that's kind

123

00:05:49,339 --> 00:05:45,620

of what he started doing and yeah

124

00:05:50,659 --> 00:05:49,349

writing it down yeah and it's like man

125

00:05:53,689 --> 00:05:50,669

this is really starting to make some

126

00:05:55,610 --> 00:05:53,699

sense like and you know I mean he gets

127

00:05:57,679 --> 00:05:55,620

kind of shunned a little bit like in the

128

00:05:58,879 --> 00:05:57,689

in the science community maybe like now

129

00:06:03,320 --> 00:05:58,889

are you starting to become a little more

130

00:06:05,450 --> 00:06:03,330

like I guess acceptable or well to the

131

00:06:07,059 --> 00:06:05,460

public not to the every time I see him

132

00:06:10,309 --> 00:06:07,069

it seems to be pretty controversial

133

00:06:14,179 --> 00:06:10,319

right yeah it's a sign yeah it's never

134

00:06:17,480 --> 00:06:14,189

like like no I don't feel like there

135

00:06:19,219 --> 00:06:17,490

hasn't been a filter hasn't been a legit

136

00:06:25,279 --> 00:06:19,229

legit iment claim that he's made it's

137

00:06:27,230 --> 00:06:25,289

been like ridiculous yeah it's it's it

138

00:06:28,700 --> 00:06:27,240

does make sense like he kind of puts it

139

00:06:31,770 --> 00:06:28,710

in a way to were like

140

00:06:34,830 --> 00:06:31,780

that's not that's not how we see it but

141

00:06:36,840 --> 00:06:34,840

like the way that these guys are kind of

142

00:06:38,850 --> 00:06:36,850

putting all this together it it it does

143

00:06:41,670 --> 00:06:38,860

kind of make sense like why not look

144

00:06:42,150 --> 00:06:41,680

into it I guess yeah yeah I don't get it

145

00:06:44,790 --> 00:06:42,160

man

146

00:06:49,260 --> 00:06:44,800

I mean going back to like the erosion of

147

00:06:52,290 --> 00:06:49,270

the Sphinx and it being confirmed by

148

00:06:53,940 --> 00:06:52,300

multiple geolock geologists that erosion

149

00:06:57,780 --> 00:06:53,950

on the Sphinx is done from heavy

150

00:06:59,670 --> 00:06:57,790

rainfall I mean duh like bringing more

151

00:07:01,860 --> 00:06:59,680

scientists I think we talked about in

152

00:07:05,220 --> 00:07:01,870

the last maybe a couple other episodes

153

00:07:09,060 --> 00:07:05,230

but Zahi Hawass said he said on camera

154

00:07:13,140 --> 00:07:09,070

like we brought in one scientist and he

155

00:07:15,960 --> 00:07:13,150

said it was from winds of sand like one

156

00:07:19,440 --> 00:07:15,970

scientist and all these other ones that

157

00:07:22,200 --> 00:07:19,450

same way was water right in water yeah

158

00:07:25,320 --> 00:07:22,210

every like that eroded yeah every legit

159

00:07:27,300 --> 00:07:25,330

scientist that has looked that these you

160

00:07:29,970 --> 00:07:27,310

know the size of the Sphinx it it's

161

00:07:32,460 --> 00:07:29,980

obviously to them like people that

162

00:07:35,040 --> 00:07:32,470

actually study rocks in the wasa

163

00:07:37,230 --> 00:07:35,050

he wouldn't even a debate Hancock right

164

00:07:39,780 --> 00:07:37,240

ho no they actually did do it a debate

165

00:07:43,530 --> 00:07:39,790

and it's it's pretty [h__\h] brutal like

166

00:07:45,720 --> 00:07:43,540

syoss did not even entertain for a

167

00:07:47,520 --> 00:07:45,730

second any of the graham Hancock's

168

00:07:49,410 --> 00:07:47,530

theory he was kind of he was kind of

169

00:07:52,620 --> 00:07:49,420

shut off about it which makes me think

170

00:07:55,590 --> 00:07:52,630

like man either somebody's paying him us

171

00:07:58,260 --> 00:07:55,600

some big big bucks to maintain the

172

00:08:00,630 --> 00:07:58,270

status quo or he's just pretty ignorant

173

00:08:02,400 --> 00:08:00,640

I don't know maybe it's both I don't

174

00:08:05,850 --> 00:08:02,410

know maybe it's just that pride you know

175

00:08:06,570 --> 00:08:05,860

yeah like this is kind of your thing you

176

00:08:10,410 --> 00:08:06,580

know everybody

177

00:08:11,970 --> 00:08:10,420

yeah you're right and yeah look at this

178

00:08:14,640 --> 00:08:11,980

you know like somebody challenges that

179

00:08:16,830 --> 00:08:14,650

idea and you just can't let it go yeah

180

00:08:18,870 --> 00:08:16,840

right you know and maybe that's a

181

00:08:20,700 --> 00:08:18,880

problem in science just in general is

182

00:08:23,160 --> 00:08:20,710

like you know you get comfortable with

183

00:08:24,660 --> 00:08:23,170

this way of thinking and it works but

184

00:08:26,070 --> 00:08:24,670

then with something challenges it you

185

00:08:27,690 --> 00:08:26,080

know you want to hold on to that you

186

00:08:28,800 --> 00:08:27,700

know you're it's hard to change but

187

00:08:30,690 --> 00:08:28,810

that's kind of the whole point

188

00:08:33,150 --> 00:08:30,700

yeah it's to push those boundaries and

189

00:08:35,640 --> 00:08:33,160

find the new truths you know you just

190

00:08:38,100 --> 00:08:35,650

just keeps going you would hope so

191

00:08:40,800 --> 00:08:38,110

within science like do you want to find

192

00:08:42,519 --> 00:08:40,810

the truth but it seems ever so you know

193

00:08:44,319 --> 00:08:42,529

more and more every day

194

00:08:47,290 --> 00:08:44,329

or every year that people are just

195

00:08:49,150 --> 00:08:47,300

trying to maintain the timeline so

196

00:08:51,519 --> 00:08:49,160

anything that they've you know any new

197

00:08:53,340 --> 00:08:51,529

information they just automatically say

198

00:08:56,800 --> 00:08:53,350

now [h__\h] you like no way

199

00:09:01,030 --> 00:08:56,810

so anyway that's pretty frustrating

200

00:09:04,269 --> 00:09:01,040

anyway pyramids oh the underwater ship

201
00:09:05,739 --> 00:09:04,279
thing we've seen we've seen that have

202
00:09:07,900 --> 00:09:05,749
you seen have you seen that before it

203
00:09:10,900 --> 00:09:07,910
got posted on our Facebook the where it

204
00:09:12,819 --> 00:09:10,910
looks like a militia Falcon yeah yeah

205
00:09:14,790 --> 00:09:12,829
I've seen that I saw that a couple years

206
00:09:18,119 --> 00:09:14,800
ago and it was super interesting like

207
00:09:20,860 --> 00:09:18,129
there's obviously some stairs from the

208
00:09:23,139 --> 00:09:20,870
the sonar and it's it's hard to know

209
00:09:28,360 --> 00:09:23,149
what's an artist rendering and what's

210
00:09:29,650 --> 00:09:28,370
not yeah yeah so did they like is that

211
00:09:31,629 --> 00:09:29,660
part of it made of like different

212
00:09:34,720 --> 00:09:31,639
material is it not rock I mean they just

213
00:09:35,619 --> 00:09:34,730

assumed that like it calcified yes so

214

00:09:36,939 --> 00:09:35,629

all these years

215

00:09:40,619 --> 00:09:36,949

yeah there's some theories that people

216

00:09:45,340 --> 00:09:40,629

are saying that that ship has been

217

00:09:48,850 --> 00:09:45,350

petrified meaning that it at once was a

218

00:09:50,439 --> 00:09:48,860

carbon or some type of life-form so

219

00:09:52,449 --> 00:09:50,449

that's super interesting that's cool

220

00:09:54,660 --> 00:09:52,459

connecting that back to some other

221

00:09:56,889 --> 00:09:54,670

stories you've heard about ships being

222

00:09:59,350 --> 00:09:56,899

biological yeah I mean they're like

223

00:10:00,879 --> 00:09:59,360

living yeah like living ships I mean it

224

00:10:02,980 --> 00:10:00,889

would make sense that's kind of cool and

225

00:10:04,869 --> 00:10:02,990

there's like a skidmark going for like a

226

00:10:07,990 --> 00:10:04,879

hundred meters or something like that

227

00:10:10,389 --> 00:10:08,000

that it looks like it just crashed and

228

00:10:11,889 --> 00:10:10,399

slid mm-hmm that's super interesting

229

00:10:14,290 --> 00:10:11,899

yeah that's crazy like what if it were

230

00:10:17,049 --> 00:10:14,300

like what if it happened when like it

231

00:10:18,670 --> 00:10:17,059

was dry mm-hmm you know and it just sat

232

00:10:21,610 --> 00:10:18,680

there for a long time and then over the

233

00:10:23,290 --> 00:10:21,620

years is just got stuck under the water

234

00:10:25,840 --> 00:10:23,300

yeah maybe that's one of those

235

00:10:28,419 --> 00:10:25,850

archaeological ones yeah that they find

236

00:10:31,389 --> 00:10:28,429

yeah dude I mean only makes sense I mean

237

00:10:33,369 --> 00:10:31,399

why not yeah it's cool to entertain the

238

00:10:36,100 --> 00:10:33,379

idea like unless you can give me like a

239

00:10:39,639 --> 00:10:36,110

hundred percent proof there like that

240

00:10:41,230 --> 00:10:39,649

couldn't possibly happen like entertain

241

00:10:42,850 --> 00:10:41,240

the idea play with yeah you might find

242

00:10:44,949 --> 00:10:42,860

out something interesting ya know don't

243

00:10:46,840 --> 00:10:44,959

you sing even if it's not correct it's

244

00:10:50,110 --> 00:10:46,850

like oh but you know I kind of thought

245

00:10:51,400 --> 00:10:50,120

outside the box yeah like yeah I guess

246

00:10:51,910 --> 00:10:51,410

some people would see that as a waste of

247

00:10:54,639 --> 00:10:51,920

time

248

00:10:55,440 --> 00:10:54,649

right but you know it's like that way

249

00:10:58,920 --> 00:10:55,450

anyways

250

00:11:00,510 --> 00:10:58,930

it falls in line with you know Atlantis

251
00:11:02,700 --> 00:11:00,520
falling into the sea

252
00:11:05,790 --> 00:11:02,710
that kind of idea where there's no way

253
00:11:08,280 --> 00:11:05,800
an ancient civilization lived when the

254
00:11:10,680 --> 00:11:08,290
continents you know at the this part of

255
00:11:13,200 --> 00:11:10,690
the continents was not underwater right

256
00:11:15,330 --> 00:11:13,210
so I mean if you really look at that

257
00:11:18,710 --> 00:11:15,340
possibility then you'd have to entertain

258
00:11:23,100 --> 00:11:18,720
the idea that human civilization

259
00:11:25,680 --> 00:11:23,110
intellectual human civilization thrived

260
00:11:27,720 --> 00:11:25,690
before the continents shifted and maybe

261
00:11:30,050 --> 00:11:27,730
before the Ice Age yeah and they just

262
00:11:32,640 --> 00:11:30,060
like most I think painting

263
00:11:33,720 --> 00:11:32,650

archaeologists and you know historians

264

00:11:37,170 --> 00:11:33,730

don't want to believe that because

265

00:11:38,970 --> 00:11:37,180

that's not and be this this timeline

266

00:11:40,950 --> 00:11:38,980

that we've they've made for themselves

267

00:11:44,580 --> 00:11:40,960

and whoever is right in the textbooks

268

00:11:48,480 --> 00:11:44,590

but I recently watched a really awesome

269

00:11:51,620 --> 00:11:48,490

video Jimmy on bright insight it's about

270

00:11:53,970 --> 00:11:51,630

he has this pretty awesome claim to

271

00:11:57,000 --> 00:11:53,980

actually have discovered where Atlantis

272

00:11:59,310 --> 00:11:57,010

might have been and it's based off of

273

00:12:01,840 --> 00:11:59,320

all the books that talk about it about

274

00:12:03,530 --> 00:12:01,850

it like the echo epic of gilgamesh

275

00:12:06,480 --> 00:12:03,540

[Music]

276

00:12:08,940 --> 00:12:06,490

Socrates talks about it and he kind of

277

00:12:13,620 --> 00:12:08,950

like triangulates the the position of

278

00:12:15,690 --> 00:12:13,630

where he thinks Atlantis would be and a

279

00:12:17,220 --> 00:12:15,700

lot of the historians over time I

280

00:12:20,040 --> 00:12:17,230

thought oh it's in the middle of the sea

281

00:12:21,750 --> 00:12:20,050

like to the left of Africa well he kind

282

00:12:24,090 --> 00:12:21,760

of finds the no no no no it's it's on

283

00:12:26,910 --> 00:12:24,100

Africa it's in Africa it's called the I

284

00:12:30,570 --> 00:12:26,920

of Africa so if you look up look up the

285

00:12:32,910 --> 00:12:30,580

eye of Africa that's cool it's that one

286

00:12:36,690 --> 00:12:32,920

that one Lake right it's the horses eye

287

00:12:39,180 --> 00:12:36,700

well you know I don't I don't know maybe

288

00:12:41,670 --> 00:12:39,190

it's called that but it's eerily similar

289

00:12:44,340 --> 00:12:41,680

to the construction of Atlantis or

290

00:12:46,380 --> 00:12:44,350

there's rings within rings and then oh

291

00:12:49,890 --> 00:12:46,390

that is cool but the renderings are like

292

00:12:52,620 --> 00:12:49,900

it's next to the ocean right so okay

293

00:12:54,060 --> 00:12:52,630

that this and it might be a natural

294

00:12:57,300 --> 00:12:54,070

structure and this is what Jimmy talks

295

00:12:59,070 --> 00:12:57,310

about is that maybe just people didn't

296

00:13:00,720 --> 00:12:59,080

build that but it was already a natural

297

00:13:03,300 --> 00:13:00,730

naturally occurring structure we just

298

00:13:07,230 --> 00:13:03,310

built people just built on top of it but

299

00:13:08,760 --> 00:13:07,240

at that part of Africa it just the ocean

300

00:13:12,570 --> 00:13:08,770

was a lot closer because plate

301
00:13:15,150 --> 00:13:12,580
not plate tectonics or a little you know

302
00:13:17,160 --> 00:13:15,160
different back then or whatever it it

303
00:13:19,910 --> 00:13:17,170
was recorded dude it's so hard to even

304
00:13:22,920 --> 00:13:19,920
like conceive that you know like yeah

305
00:13:25,139 --> 00:13:22,930
like at one point everything was all

306
00:13:37,500 --> 00:13:25,149
together yeah just over time it just

307
00:13:40,650 --> 00:13:37,510
bro-ing brain oh [h__h] only we brain

308
00:13:47,699 --> 00:13:40,660
drinks this right yeah the brain thirsty

309
00:13:52,829 --> 00:13:47,709
is but you do that really good dude it's

310
00:13:55,170 --> 00:13:52,839
eerie that's awesome yeah yeah it's ya

311
00:13:57,240 --> 00:13:55,180
know it's just hard to think about you

312
00:13:59,699 --> 00:13:57,250
know cuz like you're here you live your

313
00:14:02,820 --> 00:13:59,709

life and the constants do move at all

314

00:14:04,320 --> 00:14:02,830

well they did but you know not enough

315

00:14:05,970 --> 00:14:04,330

for you to notice it like when you fly

316

00:14:10,230 --> 00:14:05,980

to Hawaii you're still flying to Hawaii

317

00:14:16,500 --> 00:14:10,240

ya know true yeah I mean like how many

318

00:14:18,840 --> 00:14:16,510

how many penguins like how know how many

319

00:14:20,910 --> 00:14:18,850

generations would have to be born before

320

00:14:23,579 --> 00:14:20,920

like the first like significant

321

00:14:25,829 --> 00:14:23,589

difference of like space in between

322

00:14:27,540 --> 00:14:25,839

continents like it would matter do you

323

00:14:29,940 --> 00:14:27,550

know what I'm saying like I know

324

00:14:31,860 --> 00:14:29,950

everyone here the continents move a

325

00:14:33,480 --> 00:14:31,870

little bit yeah right but we're talking

326

00:14:35,400 --> 00:14:33,490

like if you were to look at like a

327

00:14:36,990 --> 00:14:35,410

picture and like you have one picture

328

00:14:39,600 --> 00:14:37,000

and then the next picture it's kind of

329

00:14:42,000 --> 00:14:39,610

like it moved yeah obviously like oh

330

00:14:45,300 --> 00:14:42,010

that [h__h] move some place in Italy that

331

00:14:47,190 --> 00:14:45,310

the ocean moves I can inch a year that's

332

00:14:47,670 --> 00:14:47,200

correct I think it's Italy do come

333

00:14:50,130 --> 00:14:47,680

you're on

334

00:14:53,160 --> 00:14:50,140

Italy's just gonna float off well the

335

00:14:55,530 --> 00:14:53,170

island taking it over yeah yeah I know

336

00:15:00,180 --> 00:14:55,540

it's flooding yeah yeah they use boats

337

00:15:03,150 --> 00:15:00,190

it's to me Austrians have you been no

338

00:15:05,550 --> 00:15:03,160

I've seen videos and photos of it looks

339

00:15:07,260 --> 00:15:05,560

freaking awesome does look cool I wonder

340

00:15:08,430 --> 00:15:07,270

if people were like a certain type of

341

00:15:11,760 --> 00:15:08,440

shoe they're like everybody's wearing

342

00:15:13,230 --> 00:15:11,770

Crocs I mean it would make sense cuz

343

00:15:16,260 --> 00:15:13,240

they're waterproof and like everybody

344

00:15:17,880 --> 00:15:16,270

can probably swim right they have to

345

00:15:21,240 --> 00:15:17,890

yeah

346

00:15:22,949 --> 00:15:21,250

house is flooding again man dude does it

347

00:15:25,740 --> 00:15:22,959

happen often I would I would assume like

348

00:15:28,500 --> 00:15:25,750

there's a season right where it just

349

00:15:30,210 --> 00:15:28,510

floods yeah it would have to be I mean

350

00:15:32,160 --> 00:15:30,220

if there's significant rain roll all

351

00:15:33,990 --> 00:15:32,170

rain water and there's there's already

352

00:15:35,940 --> 00:15:34,000

you're surrounded by water at all times

353

00:15:38,250 --> 00:15:35,950

and shelves are a must

354

00:15:40,230 --> 00:15:38,260

yes for everything everybody's got a

355

00:15:45,840 --> 00:15:40,240

show beds on the shelf everybody's nope

356

00:15:50,490 --> 00:15:45,850

is too that would suck those room for

357

00:15:52,199 --> 00:15:50,500

activities dude no I wouldn't do it yeah

358

00:15:54,449 --> 00:15:52,209

but so I mean that's

359

00:15:56,460 --> 00:15:54,459

anyway that's interesting that is it I

360

00:16:02,970 --> 00:15:56,470

can't remember how we got we got there

361

00:16:04,199 --> 00:16:02,980

but let's see music from oh I guess I

362

00:16:07,740 --> 00:16:04,209

guess we're kind of done with stuff on

363

00:16:10,050 --> 00:16:07,750

Facebook okay Jay you messaged me about

364

00:16:12,150 --> 00:16:10,060

some stuff today to look into and I read

365

00:16:15,030 --> 00:16:12,160

a little bit of it but I thought it'd be

366

00:16:16,800 --> 00:16:15,040

kind of cool if he kind of started that

367

00:16:19,290 --> 00:16:16,810

off with some of your research that you

368

00:16:22,800 --> 00:16:19,300

were doing oh is the the project horizon

369

00:16:25,350 --> 00:16:22,810

yeah so okay projects alright so it's

370

00:16:26,130 --> 00:16:25,360

it's a hundred and twenty pages I'm not

371

00:16:29,040 --> 00:16:26,140

gonna lie to you guys

372

00:16:34,319 --> 00:16:29,050

I'm through about like sixty pages I'm

373

00:16:35,699 --> 00:16:34,329

not I'm not finished with it but I'll

374

00:16:37,410 --> 00:16:35,709

read through this document and it's

375

00:16:41,210 --> 00:16:37,420

about how the United States wanted to

376

00:16:43,769 --> 00:16:41,220

put a moon base on the moon by like 1964

377

00:16:46,829 --> 00:16:43,779

yeah and they started planning it in

378

00:16:50,100 --> 00:16:46,839

like 1958 that's freaking crazy dude

379

00:16:52,860 --> 00:16:50,110

yeah so so they wanted to be they said

380

00:16:54,990 --> 00:16:52,870

it was like a most importance for the

381

00:16:57,750 --> 00:16:55,000

country it would be an embarrassment if

382

00:16:59,850 --> 00:16:57,760

the Russians were to like you know get

383

00:17:01,920 --> 00:16:59,860

to the moon because they had said like

384

00:17:07,890 --> 00:17:01,930

you know there already have a moon base

385

00:17:10,380 --> 00:17:07,900

by 1954 or not 1954 1964 so like America

386

00:17:12,600 --> 00:17:10,390

was like we gotta do this right yeah it

387

00:17:15,240 --> 00:17:12,610

was it was like a seven seven hundred

388

00:17:16,919 --> 00:17:15,250

billion dollar project or didn't ever

389

00:17:19,559 --> 00:17:16,929

say like what the recent was or is just

390

00:17:22,079 --> 00:17:19,569

like this is very important it's just it

391

00:17:24,449 --> 00:17:22,089

was just about status you know like

392

00:17:26,370 --> 00:17:24,459

you're in this like arms race you know

393

00:17:27,840 --> 00:17:26,380

you're getting into the Cold War you

394

00:17:29,669 --> 00:17:27,850

know things are heating up the Russians

395

00:17:30,720 --> 00:17:29,679

had launched Sputnik everybody's like oh

396

00:17:33,270 --> 00:17:30,730

[h__\h]

397

00:17:35,760 --> 00:17:33,280

what is a Sputnik like it's a satellite

398

00:17:37,980 --> 00:17:35,770

and it orbits the earth and like that's

399

00:17:40,740 --> 00:17:37,990

crazy and I don't know is this so out

400

00:17:42,780 --> 00:17:40,750

there did it crash at some point Sputnik

401
00:17:44,880 --> 00:17:42,790
I think it's still going through space

402
00:17:48,299 --> 00:17:44,890
do you think it's like I think it's past

403
00:17:49,680 --> 00:17:48,309
I could be wrong on that I think we yeah

404
00:17:50,880 --> 00:17:49,690
maybe this but we should check it out

405
00:17:52,860 --> 00:17:50,890
yeah I mean I guess if you think about

406
00:17:55,799 --> 00:17:52,870
it I mean like the Russians kind of you

407
00:17:59,340 --> 00:17:55,809
know they would they sent the first man

408
00:18:02,159 --> 00:17:59,350
into outer space right they shot out

409
00:18:07,110 --> 00:18:02,169
rockets first they sent the first woman

410
00:18:08,880 --> 00:18:07,120
the first animal first black guy like it

411
00:18:10,350 --> 00:18:08,890
Russia beat us to the punch on every

412
00:18:12,840 --> 00:18:10,360
they set out like a dog or something

413
00:18:14,640 --> 00:18:12,850

yeah yeah and the dog died but they lied

414

00:18:16,350 --> 00:18:14,650

about it and we didn't find out - like

415

00:18:21,870 --> 00:18:16,360

the 90s or something is that where

416

00:18:25,650 --> 00:18:21,880

everybody came from uh space pilot

417

00:18:28,740 --> 00:18:25,660

let's see Sputnik one orbited about 37

418

00:18:30,870 --> 00:18:28,750

million miles didn't burned up as it

419

00:18:34,289 --> 00:18:30,880

fell from orbit during re-entry into

420

00:18:36,930 --> 00:18:34,299

Earth at Earth's atmosphere 1958 dude

421

00:18:40,260 --> 00:18:36,940

that's crazy yeah so around this time

422

00:18:42,390 --> 00:18:40,270

America is like yo we got to do

423

00:18:44,430 --> 00:18:42,400

something epic yeah we're gonna put a

424

00:18:47,220 --> 00:18:44,440

base on the moon and they wanted to like

425

00:18:50,310 --> 00:18:47,230

make it sustainable for like 12 people

426
00:18:52,560 --> 00:18:50,320
to live in and you know kind of you know

427
00:18:54,570 --> 00:18:52,570
operate the moon like as territory and

428
00:18:56,070 --> 00:18:54,580
they would use it for you know the

429
00:18:58,470 --> 00:18:56,080
development of science

430
00:19:00,480 --> 00:18:58,480
yeah also at the same time the dev the

431
00:19:01,440 --> 00:19:00,490
development for the military so they

432
00:19:04,560 --> 00:19:01,450
were gonna be like kind of work

433
00:19:07,530 --> 00:19:04,570
hand-in-hand but it was a race to get to

434
00:19:09,480 --> 00:19:07,540
the moon yeah right so you think maybe

435
00:19:11,270 --> 00:19:09,490
the this the landing on the moon in the

436
00:19:15,090 --> 00:19:11,280
first place was the first step in

437
00:19:18,090 --> 00:19:15,100
building some type of structure on the

438
00:19:20,190 --> 00:19:18,100

moon and I don't know maybe you just

439

00:19:23,430 --> 00:19:20,200

took way too long or you think he

440

00:19:24,810 --> 00:19:23,440

figured it out early and then I haven't

441

00:19:26,850 --> 00:19:24,820

finished the whole thing so I'm not sure

442

00:19:29,039 --> 00:19:26,860

why but I would just kind of assume that

443

00:19:29,730 --> 00:19:29,049

over time they're like oh this is

444

00:19:33,180 --> 00:19:29,740

ridiculous

445

00:19:34,350 --> 00:19:33,190

yeah this is hard so really are because

446

00:19:38,370 --> 00:19:34,360

they were saying they wanted to launch

447

00:19:41,940 --> 00:19:38,380

like 64 rockets within a year all right

448

00:19:44,430 --> 00:19:41,950

it says yeah like five Rockets a month

449

00:19:46,170 --> 00:19:44,440

yeah it's crazy for a

450

00:19:50,280 --> 00:19:46,180

year salafi what they wanted to move

451
00:19:53,580 --> 00:19:50,290
like 260 thousand pounds of payload oh

452
00:19:56,100 --> 00:19:53,590
yeah you know up up to the moon for this

453
00:19:57,960 --> 00:19:56,110
base and they make it like sustainable

454
00:20:02,130 --> 00:19:57,970
for like 12 people to stay there and

455
00:20:04,800 --> 00:20:02,140
kind of run it that's not yeah so did I

456
00:20:06,510 --> 00:20:04,810
wonder if the document explains like hey

457
00:20:08,670 --> 00:20:06,520
yeah we already have this technology or

458
00:20:10,110 --> 00:20:08,680
this is just this is a plan that we want

459
00:20:13,890 --> 00:20:10,120
to do and this is how much it's gonna

460
00:20:15,660 --> 00:20:13,900
cost and it's just way early in in the

461
00:20:19,770 --> 00:20:15,670
process where they're just in the

462
00:20:22,320 --> 00:20:19,780
planning phase so I know that NASA had

463
00:20:25,590 --> 00:20:22,330

only been around for like a year okay

464

00:20:27,960 --> 00:20:25,600

right so they were probably kind of all

465

00:20:29,880 --> 00:20:27,970

trying to figure it out yeah you got a

466

00:20:32,970 --> 00:20:29,890

thing like that's the beginning kind of

467

00:20:35,510 --> 00:20:32,980

like of the space race like that's the

468

00:20:38,340 --> 00:20:35,520

first time people were really like ah

469

00:20:40,830 --> 00:20:38,350

what's going on up there you know they

470

00:20:42,630 --> 00:20:40,840

were like yo okay so this could be you

471

00:20:45,780 --> 00:20:42,640

know a dangerous thing to us you know

472

00:20:48,450 --> 00:20:45,790

the Russians can get into space you know

473

00:20:50,130 --> 00:20:48,460

you know nobody knew what was gonna

474

00:20:52,590 --> 00:20:50,140

happen you know that we had nuclear

475

00:20:54,630 --> 00:20:52,600

bombs it was like oh gosh now you can

476
00:20:58,110 --> 00:20:54,640
drop nuclear bombs do you like space you

477
00:20:59,940 --> 00:20:58,120
know like it's you know who knows so it

478
00:21:03,450 --> 00:20:59,950
was just this it seems like it's just

479
00:21:05,580 --> 00:21:03,460
this huge like effort to kind of show

480
00:21:07,770 --> 00:21:05,590
dominance and yeah show the world you

481
00:21:09,990 --> 00:21:07,780
know the space race you know it's kind

482
00:21:13,830 --> 00:21:10,000
of what you know kicked it off it seems

483
00:21:16,710 --> 00:21:13,840
like but it was cool because they were

484
00:21:20,130 --> 00:21:16,720
talking about how they also wanted to

485
00:21:23,610 --> 00:21:20,140
build like a space station so they could

486
00:21:26,910 --> 00:21:23,620
take so they could take more more stuff

487
00:21:29,010 --> 00:21:26,920
up at once and meet at this station and

488
00:21:31,470 --> 00:21:29,020

then launch all that stuff for like a

489

00:21:33,720 --> 00:21:31,480

cheaper price to the moon I was already

490

00:21:34,890 --> 00:21:33,730

out in space interesting so then they

491

00:21:37,440 --> 00:21:34,900

had to start playing around with this

492

00:21:40,350 --> 00:21:37,450

idea okay you know nobody nobody knew

493

00:21:41,550 --> 00:21:40,360

what was going on like back then some

494

00:21:42,990 --> 00:21:41,560

people thought that if you land on the

495

00:21:45,480 --> 00:21:43,000

moon you would just fall through like

496

00:21:48,420 --> 00:21:45,490

you know millions of years of dust like

497

00:21:51,030 --> 00:21:48,430

nobody knew like yeah he was like see

498

00:21:53,760 --> 00:21:51,040

you know nobody had done it yeah so

499

00:21:56,190 --> 00:21:53,770

everybody was like yeah let's uh let's

500

00:21:57,670 --> 00:21:56,200

in like five rockets a month and his

501
00:21:59,530 --> 00:21:57,680
buddy was like you

502
00:22:00,850 --> 00:21:59,540
yeah yeah you could totally do that yeah

503
00:22:02,710 --> 00:22:00,860
we can totally do that

504
00:22:04,960 --> 00:22:02,720
totally like it's just like a missile

505
00:22:06,550 --> 00:22:04,970
right but yeah but you're putting people

506
00:22:09,040 --> 00:22:06,560
on it now and you're putting cargo

507
00:22:11,710 --> 00:22:09,050
that's like important down wonderful

508
00:22:14,110 --> 00:22:11,720
like did we ever send anything to the

509
00:22:16,170 --> 00:22:14,120
moon before we send people I definitely

510
00:22:19,270 --> 00:22:16,180
tried to shoot it at the moon I think we

511
00:22:22,500 --> 00:22:19,280
like sad I had to it like just through

512
00:22:25,480 --> 00:22:22,510
space and they hit the moon I think I

513
00:22:27,880 --> 00:22:25,490

don't I don't really know but if they

514

00:22:29,590 --> 00:22:27,890

didn't that's they should yeah cuz they

515

00:22:34,420 --> 00:22:29,600

should find out like what the moon was

516

00:22:39,700 --> 00:22:34,430

kind of made of yeah it's definitely not

517

00:22:41,710 --> 00:22:39,710

true I don't know it's kind of cool I

518

00:22:43,570 --> 00:22:41,720

can't I can't wait to finish it yeah it

519

00:22:45,670 --> 00:22:43,580

seems pretty interesting it looked cool

520

00:22:49,000 --> 00:22:45,680

I guess I only read like maybe the first

521

00:22:50,740 --> 00:22:49,010

two pages out I was working so anyway I

522

00:22:53,020 --> 00:22:50,750

would I meant to look at it yesterday

523

00:22:54,820 --> 00:22:53,030

last night but yeah I wasn't working

524

00:22:59,200 --> 00:22:54,830

last night they wanted to build the base

525

00:23:01,990 --> 00:22:59,210

like under under the moon and like you

526

00:23:04,780 --> 00:23:02,000

know like tunnels oh yeah

527

00:23:07,390 --> 00:23:04,790

like anybody like help save you from

528

00:23:09,400 --> 00:23:07,400

like radiation and stuff makes us live

529

00:23:12,430 --> 00:23:09,410

under the ground and they come up to do

530

00:23:15,340 --> 00:23:12,440

all your work yeah that's where you live

531

00:23:16,960 --> 00:23:15,350

I mean it would make way more sense to -

532

00:23:19,360 --> 00:23:16,970

they designed all kinds of build the

533

00:23:23,190 --> 00:23:19,370

base under the moon because yeah I would

534

00:23:26,830 --> 00:23:23,200

protect you from the maybe the solar

535

00:23:29,890 --> 00:23:26,840

rays and the change in changes in

536

00:23:32,740 --> 00:23:29,900

temperature and all that yeah that would

537

00:23:35,740 --> 00:23:32,750

make sense and when you think about like

538

00:23:38,740 --> 00:23:35,750

you know the astronauts went up in the

539

00:23:41,980 --> 00:23:38,750

Saturn 5 but their program was like

540

00:23:43,300 --> 00:23:41,990

Saturn's like you know 1 in 2 & 3 like

541

00:23:45,970 --> 00:23:43,310

all the way up to that like it was just

542

00:23:51,460 --> 00:23:45,980

kind of like this evolution you saw like

543

00:23:53,740 --> 00:23:51,470

maybe we didn't put a camera stopped

544

00:23:56,350 --> 00:23:53,750

I don't yeah what do you think what do

545

00:23:58,300 --> 00:23:56,360

you think it's so far back being on

546

00:24:00,160 --> 00:23:58,310

camera for the the podcast I didn't

547

00:24:01,960 --> 00:24:00,170

realize how much I fidget did

548

00:24:03,640 --> 00:24:01,970

I'm it's kind of stressing me out a

549

00:24:07,620 --> 00:24:03,650

little bit I think we should we should

550

00:24:09,160 --> 00:24:07,630

hold off I think we should pause it

551
00:24:11,169 --> 00:24:09,170
already

552
00:24:14,380 --> 00:24:11,179
I mean we've all just started alright

553
00:24:19,140 --> 00:24:14,390
[h__h] it we could do one Hey okay it's

554
00:24:27,880 --> 00:24:23,230
showered it man you had to go to work

555
00:24:30,460 --> 00:24:27,890
today yeah so did I right afterward what

556
00:24:33,789 --> 00:24:30,470
do we do we should celebrate after after

557
00:24:36,850 --> 00:24:33,799
the episode we should I don't know go

558
00:24:38,280 --> 00:24:36,860
get a go get a pizza and a shot or

559
00:24:41,650 --> 00:24:38,290
something

560
00:24:45,700 --> 00:24:41,660
dude there's pizzas and shots in your

561
00:24:50,140 --> 00:24:45,710
living room oh that's right dude sure no

562
00:24:53,140 --> 00:24:50,150
no it's not delivery its DiGiorno your

563
00:24:54,970 --> 00:24:53,150

favorite pizza honestly it's not my

564

00:24:56,620 --> 00:24:54,980

favorite pizza but I get it because it's

565

00:24:58,450 --> 00:24:56,630

I can buy it in my gas station down the

566

00:25:02,169 --> 00:24:58,460

street more and I'm just I just need a

567

00:25:04,030 --> 00:25:02,179

snack all right but it's not my favorite

568

00:25:05,919 --> 00:25:04,040

because there's different levels you

569

00:25:08,049 --> 00:25:05,929

know there's like the frozen food pizza

570

00:25:09,940 --> 00:25:08,059

and they have like a different variety

571

00:25:11,919 --> 00:25:09,950

but then there's also like real pizza

572

00:25:12,520 --> 00:25:11,929

shops well it's like your favorite

573

00:25:19,890 --> 00:25:12,530

pizzas

574

00:25:31,900 --> 00:25:29,560

damn yeah I watched it I watched it but

575

00:25:35,140 --> 00:25:31,910

I wasn't like a super like loyal fan of

576

00:25:36,820 --> 00:25:35,150

it yeah it's weird that wasn't like a

577

00:25:51,600 --> 00:25:36,830

super old I've seen a bunch of episodes

578

00:25:56,200 --> 00:25:54,580

does euros not my favorite pizza did ya

579

00:25:57,640 --> 00:25:56,210

there's no way buuut Bufalino is my

580

00:25:59,680 --> 00:25:57,650

favorite pizza Bufalino have you had

581

00:26:02,200 --> 00:25:59,690

puff Elina is it like a real restaurant

582

00:26:05,650 --> 00:26:02,210

that's a real restaurant down on I think

583

00:26:08,020 --> 00:26:05,660

it's six or seven Street it's so damn

584

00:26:11,650 --> 00:26:08,030

cozy good they flew in an oven from

585

00:26:16,980 --> 00:26:11,660

Italy it's like a brick oven oh it's so

586

00:26:22,690 --> 00:26:21,909

I love mr. Gatti's to the ranch is so

587

00:26:24,970 --> 00:26:22,700

good

588

00:26:26,740 --> 00:26:24,980

help it they have great ranch like they

589

00:26:29,290 --> 00:26:26,750

make their own ranch yeah they're ranch

590

00:26:31,930 --> 00:26:29,300

dressing I mean I used to work it at mr.

591

00:26:34,320 --> 00:26:31,940

Gatti's the one in Taylor no the one at

592

00:26:37,420 --> 00:26:34,330

Rockdale oh yeah

593

00:26:39,370 --> 00:26:37,430

do you miss it no not at all

594

00:26:40,840 --> 00:26:39,380

but like damn it do you like you know

595

00:26:42,580 --> 00:26:40,850

you know use like if you work at a food

596

00:26:52,690 --> 00:26:42,590

place you're like I'm not eating that

597

00:26:55,270 --> 00:26:52,700

anymore I still eat Gatti's i I don't

598

00:26:57,070 --> 00:26:55,280

live anywhere near Gatti's but I miss it

599

00:26:59,080 --> 00:26:57,080

so much I can't I can't order it anymore

600

00:27:01,360 --> 00:26:59,090

like I always have to order some

601
00:27:06,690 --> 00:27:01,370
[h__h] unless it's like Spartan pizza

602
00:27:20,050 --> 00:27:16,960
take her long it's part of you know that

603
00:27:22,960 --> 00:27:20,060
pizza that has the mustache on it Mel

604
00:27:24,970 --> 00:27:22,970
the Pringles no no no it's a pizza it's

605
00:27:26,620 --> 00:27:24,980
like a pizza put a throne I don't know

606
00:27:28,870 --> 00:27:26,630
what it is but anyway it has a mustache

607
00:27:35,880 --> 00:27:28,880
on it it's it's in a brown box

608
00:27:47,950 --> 00:27:40,390
it's so good all the pizza is on the

609
00:28:12,000 --> 00:27:47,960
brach it's on the box no but you can you

610
00:28:12,010 --> 00:28:19,760
[Music]

611
00:28:41,010 --> 00:28:30,840
brought to you by mustache pizza it's an

612
00:28:44,909 --> 00:28:41,020
Austin know most test beats no think

613
00:28:50,870 --> 00:28:44,919

it's a cur like a frozen pizza there it

614

00:29:09,480 --> 00:28:59,760

screaming Sicilian good give it a try

615

00:29:11,630 --> 00:29:09,490

that's very good oh my god okay like oh

616

00:29:18,440 --> 00:29:11,640

there's a picture of a girl doing it oh

617

00:29:32,760 --> 00:29:18,450

do that you're right okay that's amazing

618

00:29:43,350 --> 00:29:32,770

I'm gonna recompose the Nimitz are

619

00:29:52,769 --> 00:29:43,360

coming this is a great 10th episode -

620

00:29:56,100 --> 00:29:52,779

ten minutes of laughing about it was

621

00:29:58,440 --> 00:29:56,110

Clyde Lewis Clyde's a man like he's got

622

00:30:02,310 --> 00:29:58,450

a great show she's Japanese I got his

623

00:30:05,430 --> 00:30:02,320

show I was listening to his show and he

624

00:30:08,610 --> 00:30:05,440

had this cool recording that was playing

625

00:30:13,880 --> 00:30:08,620

and it's it's of all like the the nimitz

626

00:30:18,930 --> 00:30:17,070

I'm sorry but apparently you know

627

00:30:22,049 --> 00:30:18,940

there's this audio that we all hear

628

00:30:23,669 --> 00:30:22,059

right and it's it's a it's kind of in

629

00:30:24,539 --> 00:30:23,679

like they're like yeah that's cool like

630

00:30:28,379 --> 00:30:24,549

you know

631

00:30:31,440 --> 00:30:28,389

of excited right like woohoo but there's

632

00:30:36,409 --> 00:30:31,450

like also audio that kind of came from

633

00:30:39,060 --> 00:30:36,419

like before that and so on on his show

634

00:30:40,919 --> 00:30:39,070

he played that audio and it sounded

635

00:30:42,239 --> 00:30:40,929

really really cool like it's it's kind

636

00:30:43,739 --> 00:30:42,249

of like a different feel and it's

637

00:30:46,139 --> 00:30:43,749

something we haven't heard before this

638

00:30:48,739 --> 00:30:46,149

audience yeah yeah it's it's it's I mean

639

00:30:51,029 --> 00:30:48,749

it's pretty hard to like kind of hear

640

00:30:52,769 --> 00:30:51,039

but you can you know it's hard to

641

00:30:56,249 --> 00:30:52,779

understand yeah it's hard to understand

642

00:30:58,979 --> 00:30:56,259

yeah but uh check out Clyde Lewis ground

643

00:31:00,389 --> 00:30:58,989

zero with anyone of the show yeah audio

644

00:31:02,009 --> 00:31:00,399

yeah yeah we'll show you that little

645

00:31:03,989 --> 00:31:02,019

that little clip cuz I think it's

646

00:31:20,870 --> 00:31:03,999

definitely worth like yeah sharing it's

647

00:31:20,880 --> 00:31:29,029

[Music]

648

00:31:52,789 --> 00:31:31,019

yeah they're all freaking out they

649

00:32:10,750 --> 00:32:08,490

we say 40,000 feet sound like it in the

650

00:32:28,890 --> 00:32:10,760

water he said yeah

651
00:32:28,900 --> 00:32:41,290

[Music]

652
00:32:45,919 --> 00:32:43,490
the Senators already

653
00:32:47,180 --> 00:32:45,929
and rendezvous point yeah it was already

654
00:32:50,600 --> 00:32:47,190
like where they were going

655
00:32:52,190 --> 00:32:50,610
yeah doing it it's kind of a long hey no

656
00:32:53,600 --> 00:32:52,200
no you can separate yeah yeah no you can

657
00:32:57,940 --> 00:32:53,610
stop right there but you know like in

658
00:33:01,250 --> 00:32:57,950
the even in the what was it the

659
00:33:03,740 --> 00:33:01,260
unclassified or what is it the History

660
00:33:05,870 --> 00:33:03,750
Channel show uh right I should know this

661
00:33:07,310 --> 00:33:05,880
but I do I started I was gonna watch it

662
00:33:11,000 --> 00:33:07,320
there today I've only seen that one

663
00:33:12,680 --> 00:33:11,010

episode damn it it's just one of those

664

00:33:15,830 --> 00:33:12,690

words like they're so you know

665

00:33:18,890 --> 00:33:15,840

unclassified and occupy yeah yeah it's

666

00:33:20,090 --> 00:33:18,900

one of those but even they were saying

667

00:33:22,340 --> 00:33:20,100

you know the guy was saying they were

668

00:33:24,919 --> 00:33:22,350

like the the pilot he was like yeah they

669

00:33:27,320 --> 00:33:24,929

were already like where we were you know

670

00:33:28,130 --> 00:33:27,330

before we even got there before we knew

671

00:33:29,899 --> 00:33:28,140

where we were going

672

00:33:35,980 --> 00:33:29,909

yeah it's unidentified unidentified

673

00:33:38,779 --> 00:33:35,990

that's the same things I'm sorry yeah

674

00:33:40,159 --> 00:33:38,789

that show turned out to be better than I

675

00:33:42,020 --> 00:33:40,169

thought it was gonna be I mean yeah it's

676

00:33:43,279 --> 00:33:42,030

it's all done it's pretty good yeah

677

00:33:45,409 --> 00:33:43,289

mm-hmm

678

00:33:47,930 --> 00:33:45,419

I haven't I've only seen that one

679

00:33:49,399 --> 00:33:47,940

episode but I need to see more of them

680

00:33:52,760 --> 00:33:49,409

have you seen more more episodes than

681

00:33:53,539 --> 00:33:52,770

that one um I've seen like maybe four

682

00:33:57,380 --> 00:33:53,549

yeah

683

00:33:58,880 --> 00:33:57,390

how many are there I don't know what if

684

00:34:01,370 --> 00:33:58,890

there's four and I've already seen

685

00:34:04,789 --> 00:34:01,380

animal oh dang it so cuz that's a

686

00:34:07,060 --> 00:34:04,799

cliffhanger yeah yeah there can be four

687

00:34:10,270 --> 00:34:07,070

there's gonna be at least eight or ten

688

00:34:17,480 --> 00:34:10,280

yeah that's a good number

689

00:34:20,030 --> 00:34:17,490

yeah yeah so other than that I mean the

690

00:34:23,889 --> 00:34:20,040

nimis recording we were asked by a

691

00:34:28,700 --> 00:34:23,899

listener to look into the Pleiadians

692

00:34:31,629 --> 00:34:28,710

yeah we tried a lot but we only things

693

00:34:35,839 --> 00:34:31,639

we could find are just some definitions

694

00:34:42,290 --> 00:34:35,849

and I'll read one out loud that's UFOs

695

00:34:44,329 --> 00:34:42,300

aliens co uk and this sort of says the

696

00:34:46,820 --> 00:34:44,339

Pleiadians blonde or in some cases

697

00:34:50,300 --> 00:34:46,830

brunette nordic type humans based in the

698

00:34:52,970 --> 00:34:50,310

Pleiadian tag inta and other systems

699

00:34:56,629 --> 00:34:52,980

which were allegedly allegedly colonized

700

00:34:59,120 --> 00:34:56,639

by refugees from their former planetary

701
00:35:03,289 --> 00:34:59,130
birds in the Lyra constellation which

702
00:35:07,250 --> 00:35:03,299
were invaded by rip rip - Lloyd Reptoid

703
00:35:10,700 --> 00:35:07,260
entities from alpha Draconis that sounds

704
00:35:12,950 --> 00:35:10,710
scary dude alpha Draconis the reptilian

705
00:35:14,390 --> 00:35:12,960
but there's like three different kinds

706
00:35:16,279 --> 00:35:14,400
oh right I don't know

707
00:35:18,700 --> 00:35:16,289
I believe there's there's like three

708
00:35:21,049 --> 00:35:18,710
different kinds of the reptilians

709
00:35:23,960 --> 00:35:21,059
there's the one with wings right the

710
00:35:28,420 --> 00:35:23,970
vestigial wings and there's one that's

711
00:35:32,180 --> 00:35:30,710
description I've had other than I guess

712
00:35:34,039 --> 00:35:32,190
there is one more that looked pretty

713
00:35:37,730 --> 00:35:34,049

much like humans but they had green

714

00:35:39,400 --> 00:35:37,740

scale scaly skins skin and like one is

715

00:35:44,259 --> 00:35:39,410

supposed to be like a serpent like oh

716

00:35:48,200 --> 00:35:44,269

yeah I think there's three types okay

717

00:35:50,779 --> 00:35:48,210

yeah the main Pleiadian planet of era

718

00:35:54,650 --> 00:35:50,789

was reportedly terraformed by the Lyra

719

00:35:57,049 --> 00:35:54,660

refugee well IRA being much more nearer

720

00:35:59,660 --> 00:35:57,059

to earth around 30 light years

721

00:36:02,359 --> 00:35:59,670

the Pleadians were apparently the first

722

00:36:05,029 --> 00:36:02,369

humanoid society to develop hyperspace

723

00:36:07,370 --> 00:36:05,039

travel the humans in Lyra were able to

724

00:36:09,950 --> 00:36:07,380

travel that vast the vast distances from

725

00:36:11,900 --> 00:36:09,960

the part of this galaxy to colonize the

726

00:36:14,720 --> 00:36:11,910

Pleiadians some four hundred and thirty

727

00:36:17,359 --> 00:36:14,730

light-years from Terra Earth Terra

728

00:36:19,880 --> 00:36:17,369

Earth the Pleiadians consider themselves

729

00:36:23,029 --> 00:36:19,890

to be a part of the Andromeda and Java

730

00:36:25,009 --> 00:36:23,039

on council based within some of the

731

00:36:28,579 --> 00:36:25,019

planetary systems within the Andromeda

732

00:36:32,870 --> 00:36:28,589

constellation so are they saying that

733

00:36:35,180 --> 00:36:32,880

they're reptilian or know that they

734

00:36:40,519 --> 00:36:35,190

escaped okay they left their own planet

735

00:36:43,609 --> 00:36:40,529

because it was invaded by what they say

736

00:36:46,910 --> 00:36:43,619

what nordic whites there is something

737

00:36:48,620 --> 00:36:46,920

yeah Nordic in some cases there seems to

738

00:36:51,079 --> 00:36:48,630

be a lot of like right

739

00:36:53,660 --> 00:36:51,089

tall white blond yeah like species

740

00:36:55,700 --> 00:36:53,670

human-looking sessions so yeah you know

741

00:36:58,940 --> 00:36:55,710

like three different types of reptilians

742

00:37:02,359 --> 00:36:58,950

five different kinds of you know tall

743

00:37:04,730 --> 00:37:02,369

blond headed blue eye whites yeah you

744

00:37:06,890 --> 00:37:04,740

know and you get like the the gray

745

00:37:10,279 --> 00:37:06,900

looking ones that are either tall or

746

00:37:13,189 --> 00:37:10,289

small yeah right seems to be like maybe

747

00:37:16,400 --> 00:37:13,199

four different species like human people

748

00:37:18,019 --> 00:37:16,410

have seen levantus yeah the bomber Tom

749

00:37:20,209 --> 00:37:18,029

DeLonge said something about the bugs

750

00:37:23,329 --> 00:37:20,219

yeah we got a crush him yeah or

751

00:37:25,609 --> 00:37:23,339

something yeah see it but they totally

752

00:37:28,880 --> 00:37:25,619

make sense to that you know each one of

753

00:37:31,789 --> 00:37:28,890

them you know like they're not all the

754

00:37:34,249 --> 00:37:31,799

same yeah so it's kind of hard for us to

755

00:37:35,569 --> 00:37:34,259

be like okay they're gonna hurt us or

756

00:37:36,679 --> 00:37:35,579

are they not gonna yeah it's like

757

00:37:38,689 --> 00:37:36,689

impossible to say

758

00:37:41,299 --> 00:37:38,699

Oh aliens are bad or aliens because if

759

00:37:43,489 --> 00:37:41,309

there's that many then some are gonna

760

00:37:45,199 --> 00:37:43,499

hurt you and some are not gonna hurt you

761

00:37:50,179 --> 00:37:45,209

right so that's really the only option

762

00:37:50,539 --> 00:37:50,189

anyways right so that's kind of the

763

00:37:55,939 --> 00:37:50,549

point

764

00:37:58,569 --> 00:37:55,949

yeah I mean to me I mean yeah so if you

765

00:38:02,809 --> 00:37:58,579

were to come in contact with a reptilian

766

00:38:04,819 --> 00:38:02,819

looking humanoid just this dude shows up

767

00:38:08,079 --> 00:38:04,829

in your living room and he's already

768

00:38:10,999 --> 00:38:08,089

sitting on your couch to me I would all

769

00:38:14,899 --> 00:38:11,009

automatically be like okay this this

770

00:38:16,969 --> 00:38:14,909

dudes evil but if like a more humanoid

771

00:38:19,219 --> 00:38:16,979

looking person we're sitting on my couch

772

00:38:21,199 --> 00:38:19,229

I'd be like oh you're just breaking into

773

00:38:23,989 --> 00:38:21,209

my apartment not that oh your alien and

774

00:38:26,809 --> 00:38:23,999

you're gonna kill me totally different

775

00:38:29,449 --> 00:38:26,819

like oh that's a reptilian human it's an

776

00:38:31,549 --> 00:38:29,459

alien and you're gonna kill me I think

777

00:38:33,140 --> 00:38:31,559

it like shape-shift right yeah so what

778

00:38:34,669 --> 00:38:33,150

if they just look like a human like you

779

00:38:37,249 --> 00:38:34,679

would never even know you were killed by

780

00:38:39,799 --> 00:38:37,259

a reptilian that's a problem I think

781

00:38:42,370 --> 00:38:39,809

Mark Zuckerberg reptilian have you seen

782

00:38:45,559 --> 00:38:42,380

that Bulls eyes it looks crazy they're

783

00:38:47,959 --> 00:38:45,569

they're red right like really red and

784

00:38:55,339 --> 00:38:47,969

they're just they look like shark eyes

785

00:38:57,919 --> 00:38:55,349

the pupils yeah yeah he takes scary

786

00:38:59,779 --> 00:38:57,929

pictures yeah sure I don't like any

787

00:39:02,149 --> 00:38:59,789

scary picture he's probably guess I

788

00:39:04,609 --> 00:39:02,159

could come a robot dude he likes he's

789

00:39:06,709 --> 00:39:04,619

what he's like become a robot like yeah

790

00:39:09,709 --> 00:39:06,719

imagine hat like holding the key to all

791

00:39:12,949 --> 00:39:09,719

the secrets of the internet Facebook

792

00:39:15,199 --> 00:39:12,959

which is he's most Internet users yeah

793

00:39:17,449 --> 00:39:15,209

he could find out whatever he wants to

794

00:39:19,219 --> 00:39:17,459

know about pretty much anybody on the

795

00:39:20,149 --> 00:39:19,229

planet and as long as you have a

796

00:39:21,409 --> 00:39:20,159

Facebook account

797

00:39:24,020 --> 00:39:21,419

I'm sure mr. Graham I'm sure they say

798

00:39:26,600 --> 00:39:24,030

they're like well we can't just like

799

00:39:29,360 --> 00:39:26,610

look at your stuff like go in and look

800

00:39:31,550 --> 00:39:29,370

at it but there's gotta be access to

801
00:39:34,790 --> 00:39:31,560
that somehow right because hackers get

802
00:39:36,830 --> 00:39:34,800
it yeah so oh for sure it's like the

803
00:39:38,420 --> 00:39:36,840
information online or in a profile

804
00:39:40,580 --> 00:39:38,430
they're gonna get it and even if you

805
00:39:42,650 --> 00:39:40,590
didn't based on like algorithms of what

806
00:39:44,660 --> 00:39:42,660
you're posting and how you phrase things

807
00:39:47,120 --> 00:39:44,670
and who you message is it at certain

808
00:39:50,300 --> 00:39:47,130
times of day or look at things what you

809
00:39:52,490 --> 00:39:50,310
click on they know a lot more about you

810
00:39:54,800 --> 00:39:52,500
then than you you think yeah they can

811
00:39:57,020 --> 00:39:54,810
make assumptions based off of things you

812
00:40:00,260 --> 00:39:57,030
interact with and so to make like a

813
00:40:01,490 --> 00:40:00,270

profile like the FBI does you know to

814

00:40:06,470 --> 00:40:01,500

where if they were to read you back it's

815

00:40:07,280 --> 00:40:06,480

like listening to it it's not Astra it's

816

00:40:10,190 --> 00:40:07,290

not astrology

817

00:40:16,130 --> 00:40:10,200

what's the start one damn it astronomy

818

00:40:18,830 --> 00:40:16,140

astronomy it's like it's fury your your

819

00:40:21,440 --> 00:40:18,840

sign for the day you'd be like oh like

820

00:40:24,230 --> 00:40:21,450

me yeah where it's that kind of thing

821

00:40:27,950 --> 00:40:24,240

where they probably have a profile for

822

00:40:29,630 --> 00:40:27,960

every single name and they have they

823

00:40:31,460 --> 00:40:29,640

could read off like things that you like

824

00:40:33,680 --> 00:40:31,470

things that you don't like things that

825

00:40:36,800 --> 00:40:33,690

you're interested in yeah in a category

826

00:40:39,770 --> 00:40:36,810

yeah it's it's gotta all be like that

827

00:40:42,740 --> 00:40:39,780

and that's why we all get those those

828

00:40:46,370 --> 00:40:42,750

random ask phone calls at 9:30 and

829

00:40:50,360 --> 00:40:46,380

they're robots and we have heard that

830

00:40:55,330 --> 00:40:50,370

your endurance is out of date having on

831

00:40:59,540 --> 00:40:55,340

the last podcast oh that's right yeah

832

00:41:01,490 --> 00:40:59,550

yeah she just hung up I've never

833

00:41:04,700 --> 00:41:01,500

witnessed that he would talk a robot

834

00:41:06,400 --> 00:41:04,710

lady hung up on him I've never seen that

835

00:41:11,510 --> 00:41:06,410

before

836

00:41:12,770 --> 00:41:11,520

yeah but the Pleiadians man so so we

837

00:41:15,410 --> 00:41:12,780

were talking about this a little bit

838

00:41:19,010 --> 00:41:15,420

earlier right like so for it to kind of

839

00:41:22,400 --> 00:41:19,020

like be even like kind of mentioned like

840

00:41:24,700 --> 00:41:22,410

there's got to be some like some story

841

00:41:27,380 --> 00:41:24,710

behind it right some little bit of truth

842

00:41:28,670 --> 00:41:27,390

for the oh oh right yeah the storage

843

00:41:31,040 --> 00:41:28,680

really even exists

844

00:41:32,810 --> 00:41:31,050

so yeah the belief in the Pleiadians are

845

00:41:35,810 --> 00:41:32,820

like the specificity of the different

846

00:41:36,890 --> 00:41:35,820

species yeah there has to have been some

847

00:41:39,290 --> 00:41:36,900

truth in it

848

00:41:41,510 --> 00:41:39,300

we're down the road even if it was wrong

849

00:41:43,430 --> 00:41:41,520

like misconception yeah still like

850

00:41:46,880 --> 00:41:43,440

what's that story like what's their

851

00:41:47,660 --> 00:41:46,890

story yeah and why is everybody on

852

00:41:50,180 --> 00:41:47,670

YouTube

853

00:41:51,950 --> 00:41:50,190

channeling them like everybody can do it

854

00:41:53,630 --> 00:41:51,960

yeah so that that's the reason why we

855

00:41:55,790 --> 00:41:53,640

had so much trouble finding information

856

00:41:57,980 --> 00:41:55,800

about the pleadings cuz Joe saying

857

00:42:00,050 --> 00:41:57,990

earlier you were looking on YouTube and

858

00:42:02,930 --> 00:42:00,060

yeah that chick was speaking in tongues

859

00:42:05,710 --> 00:42:02,940

you said she was just staring at the

860

00:42:13,700 --> 00:42:05,720

camera not even close in there yeah

861

00:42:16,760 --> 00:42:13,710

anybody close your eyes okay but

862

00:42:21,800 --> 00:42:16,770

everybody but I know I'm channeling the

863

00:42:25,550 --> 00:42:21,810

Pleiadians imbibe that is so lame dude

864

00:42:27,710 --> 00:42:25,560

but I mean the message is good so it's

865

00:42:30,170 --> 00:42:27,720

like why are you talking about that [h__h]

866

00:42:32,660 --> 00:42:30,180

bro I don't know so what that's what she

867

00:42:35,810 --> 00:42:32,670

likes to do she likes to make videos

868

00:42:38,120 --> 00:42:35,820

where she makes up words but says nice

869

00:42:40,880 --> 00:42:38,130

things cuz it makes you feel good hey

870

00:42:44,960 --> 00:42:40,890

that's fine and I just won't watch it

871

00:42:48,410 --> 00:42:44,970

it's not for me but you know you could

872

00:42:50,440 --> 00:42:48,420

still make a good YouTube video and have

873

00:42:52,670 --> 00:42:50,450

a good message but don't bring

874

00:42:54,170 --> 00:42:52,680

channeling aliens into it why does that

875

00:42:55,700 --> 00:42:54,180

have to be a big part of it especially

876

00:42:57,800 --> 00:42:55,710

if you're not really doing it and

877

00:43:00,440 --> 00:42:57,810

there's just so many that you can find

878

00:43:03,140 --> 00:43:00,450

so many videos of people who are

879

00:43:07,220 --> 00:43:03,150

channeling Pleiadians yeah like yeah

880

00:43:10,790 --> 00:43:07,230

like I don't know what if we're stupid

881

00:43:12,590 --> 00:43:10,800

and and they try and channel you all the

882

00:43:14,300 --> 00:43:12,600

time but we just never noticed it yes

883

00:43:16,670 --> 00:43:14,310

some people do and that's just how nice

884

00:43:18,680 --> 00:43:16,680

the Pleiadians are so they don't want to

885

00:43:20,240 --> 00:43:18,690

like force it they're just like every

886

00:43:22,640 --> 00:43:20,250

now and then what if they're just such

887

00:43:24,860 --> 00:43:22,650

beings of light that once you realize

888

00:43:27,530 --> 00:43:24,870

that like that's how you act like you

889

00:43:30,470 --> 00:43:27,540

act like we think it's weird because

890

00:43:31,910 --> 00:43:30,480

we're kind of cynical yeah yeah a little

891

00:43:34,520 --> 00:43:31,920

bit uh-huh you know what I'm saying so

892

00:43:36,080 --> 00:43:34,530

like they're just so nice like you know

893

00:43:38,630 --> 00:43:36,090

how sometimes really really nice people

894

00:43:42,370 --> 00:43:38,640

there's a great example there's this

895

00:43:43,910 --> 00:43:42,380

lady at my bank right and dude she is so

896

00:43:47,240 --> 00:43:43,920

good at her job

897

00:43:50,690 --> 00:43:47,250

yeah she's so efficient she's so nice

898

00:43:53,210 --> 00:43:50,700

right like it makes me uncomfortable

899

00:43:55,480 --> 00:43:53,220

now people can like via that level and I

900

00:43:58,520 --> 00:43:55,490

swear it makes you uncomfortable yeah

901
00:44:00,590 --> 00:43:58,530
it's almost like are you trying or you

902
00:44:02,930 --> 00:44:00,600
like really this nice you can't tell the

903
00:44:05,390 --> 00:44:02,940
difference yes it sounds like [h__\h]

904
00:44:08,170 --> 00:44:05,400
but they're just gentler genuinely nice

905
00:44:10,670 --> 00:44:08,180
bro yeah you know I love that I mean

906
00:44:13,040 --> 00:44:10,680
there's nothing wrong with that that's

907
00:44:16,610 --> 00:44:13,050
great we need more of that I love nice

908
00:44:19,460 --> 00:44:16,620
people I love nice people right me and

909
00:44:21,710 --> 00:44:19,470
you were nice right but like you know

910
00:44:23,570 --> 00:44:21,720
everybody's got some [h__\h] going on yeah

911
00:44:27,050 --> 00:44:23,580
in their life you know like I try to

912
00:44:29,960 --> 00:44:27,060
approach that in my everyday encounters

913
00:44:32,300 --> 00:44:29,970

like when I go to purchase something or

914

00:44:35,600 --> 00:44:32,310

if I'm even just like in traffic I know

915

00:44:38,210 --> 00:44:35,610

I have terrible thoughts during traffic

916

00:44:40,400 --> 00:44:38,220

like Jared like people always cut me off

917

00:44:42,530 --> 00:44:40,410

I'm like the biggest I will let anybody

918

00:44:43,700 --> 00:44:42,540

in front of me like just cuz you don't

919

00:44:45,500 --> 00:44:43,710

know what they're doing maybe they are

920

00:44:47,300 --> 00:44:45,510

in a hurry for a really good reason yeah

921

00:44:50,060 --> 00:44:47,310

yeah just like lip you know let people

922

00:44:52,520 --> 00:44:50,070

in I feel like you're the same way yeah

923

00:44:56,260 --> 00:44:52,530

especially the conversation and I don't

924

00:44:58,700 --> 00:44:56,270

know maybe it's maybe that's like sad

925

00:45:01,220 --> 00:44:58,710

like you kind of like you're like me

926

00:45:02,930 --> 00:45:01,230

you're so nice like going through I

927

00:45:04,580 --> 00:45:02,940

think like you almost get off on seeing

928

00:45:07,370 --> 00:45:04,590

the misery and somebody else's eyes but

929

00:45:10,250 --> 00:45:07,380

like it's not like it's not like dark

930

00:45:11,510 --> 00:45:10,260

misery it's just like what [h__h]

931

00:45:13,250 --> 00:45:11,520

happen to be like everybody's got that

932

00:45:15,650 --> 00:45:13,260

one thing you know so nice what

933

00:45:18,200 --> 00:45:15,660

happening yeah like there's a lot of

934

00:45:20,210 --> 00:45:18,210

nice people yeah but some people are

935

00:45:22,070 --> 00:45:20,220

just so it's hard to explain I know I

936

00:45:25,430 --> 00:45:22,080

sound crazy but that's there's just some

937

00:45:27,110 --> 00:45:25,440

people were just like maybe there are

938

00:45:28,520 --> 00:45:27,120

aliens then I don't know I don't know

939

00:45:30,440 --> 00:45:28,530

maybe but that's what I'm saying like

940

00:45:33,680 --> 00:45:30,450

maybe the platings are just that nice no

941

00:45:36,920 --> 00:45:33,690

right that would be cool we need a lot

942

00:45:39,190 --> 00:45:36,930

more Pleiadians around yeah but watching

943

00:45:45,880 --> 00:45:39,200

that video how did that make you feel

944

00:45:49,550 --> 00:45:45,890

uncomfortable that's what I'm saying

945

00:45:52,640 --> 00:45:49,560

yeah we're nice right boom also where we

946

00:45:53,870 --> 00:45:52,650

see each other's regular people yeah but

947

00:45:59,030 --> 00:45:53,880

then you look at that you're like man

948

00:46:01,580 --> 00:45:59,040

that's kind of weird yeah I just I I

949

00:46:04,010 --> 00:46:01,590

hate to be on like you know on the

950

00:46:04,870 --> 00:46:04,020

record saying this but like I don't know

951

00:46:08,690 --> 00:46:04,880

it's

952

00:46:11,780 --> 00:46:08,700

like when people are too nice I almost I

953

00:46:13,280 --> 00:46:11,790

don't know I just kind of don't I don't

954

00:46:16,250 --> 00:46:13,290

know it kind of turns me off a little

955

00:46:17,510 --> 00:46:16,260

bit like yeah give me [\h__\h] like make fun

956

00:46:19,010 --> 00:46:17,520

of me and make me feel more comfortable

957

00:46:20,720 --> 00:46:19,020

I think that's just part of our culture

958

00:46:23,300 --> 00:46:20,730

though yeah I think so too

959

00:46:25,430 --> 00:46:23,310

I enjoy it when do people call me out on

960

00:46:27,350 --> 00:46:25,440

[\h__\h] cuz it makes it fun and funny and

961

00:46:28,880 --> 00:46:27,360

like I can laugh at myself and all I

962

00:46:30,560 --> 00:46:28,890

make fun of you for something not that

963

00:46:32,750 --> 00:46:30,570

I'm like out there giving people [\h__\h]

964

00:46:34,430 --> 00:46:32,760

but yeah yeah you know that's just a

965

00:46:35,870 --> 00:46:34,440

little more comfortable experience where

966

00:46:38,030 --> 00:46:35,880

it's just you don't have much to talk

967

00:46:40,250 --> 00:46:38,040

about if you just constantly hey man you

968

00:46:42,740 --> 00:46:40,260

look really nice today you look great oh

969

00:46:44,690 --> 00:46:42,750

thank you sir is phenomenal thank you

970

00:46:46,880 --> 00:46:44,700

said Joe I was gonna say the same thing

971

00:46:52,010 --> 00:46:46,890

about about your hair and your skin is

972

00:46:55,160 --> 00:46:52,020

just flawless today is it man I like it

973

00:46:56,570 --> 00:46:55,170

yeah it's weird I mean yeah if you're

974

00:46:58,910 --> 00:46:56,580

wearing new pair of shoes I'd be like

975

00:46:59,890 --> 00:46:58,920

Joe's just summed up shoes man yeah but

976
00:47:02,720 --> 00:46:59,900
that's it

977
00:47:05,210 --> 00:47:02,730
you know I don't know what that is I

978
00:47:07,580 --> 00:47:05,220
think that's a cultural casual it's

979
00:47:12,140 --> 00:47:07,590
casual it's a casual nice nice is almost

980
00:47:13,850 --> 00:47:12,150
like it's situational you know when you

981
00:47:16,850 --> 00:47:13,860
gotta be really nice to somebody

982
00:47:20,330 --> 00:47:16,860
I think it's situational but like after

983
00:47:21,800 --> 00:47:20,340
I've seen you like a million times like

984
00:47:23,960 --> 00:47:21,810
you don't have to do that anymore

985
00:47:25,730 --> 00:47:23,970
mm-hmm like yeah we could kind of give

986
00:47:27,620 --> 00:47:25,740
each other [h__h] yeah like I told you

987
00:47:30,800 --> 00:47:27,630
wearing Huckleberry Finn pants the other

988
00:47:34,430 --> 00:47:30,810

day like it wasn't malicious or me

989

00:47:37,580 --> 00:47:34,440

I loved it it's great just just messing

990

00:47:40,070 --> 00:47:37,590

around just a joshing I know so if you

991

00:47:43,100 --> 00:47:40,080

were if we were abducted by a Pleiadian

992

00:47:48,740 --> 00:47:43,110

species do you think we'd fit in do you

993

00:47:51,080 --> 00:47:48,750

think would be amen

994

00:47:55,790 --> 00:47:51,090

you look like Pinocchio yeah it was

995

00:47:58,190 --> 00:47:55,800

overalls maybe like now that wasn't very

996

00:48:01,700 --> 00:47:58,200

nice oh it wasn't very nice your

997

00:48:09,680 --> 00:48:01,710

haircuts not nice yeah bang it across my

998

00:48:12,110 --> 00:48:09,690

face you know the he-man video you know

999

00:48:14,480 --> 00:48:12,120

if we kick us out they would kick us out

1000

00:48:16,520 --> 00:48:14,490

no

1001
00:48:18,230 --> 00:48:16,530
they gotta have a sense of humor that's

1002
00:48:19,880 --> 00:48:18,240
what I always wonder is like do aliens

1003
00:48:24,320 --> 00:48:19,890
have senses of humor yeah and like

1004
00:48:27,079 --> 00:48:24,330
what's it like yeah is it not like like

1005
00:48:29,599 --> 00:48:27,089
we like Will Ferrell and [h__h] right like

1006
00:48:33,079 --> 00:48:29,609
if an alien watched a Will Ferrell skit

1007
00:48:35,720 --> 00:48:33,089
you think it would laugh know what I

1008
00:48:39,470 --> 00:48:35,730
don't think I think maybe a sense of

1009
00:48:43,010 --> 00:48:39,480
humor or if they I think it has to do

1010
00:48:45,800 --> 00:48:43,020
with the construction of the brain your

1011
00:48:48,730 --> 00:48:45,810
level of intelligence now maybe not I

1012
00:48:52,450 --> 00:48:48,740
think a level of intelligence is

1013
00:48:54,890 --> 00:48:52,460

intelligence such a I don't know

1014

00:48:56,089 --> 00:48:54,900

subjective term yeah because there's a

1015

00:48:58,310 --> 00:48:56,099

different time I think like super

1016

00:49:00,290 --> 00:48:58,320

intelligent people like they can still

1017

00:49:02,210 --> 00:49:00,300

think what you think is funny they just

1018

00:49:04,130 --> 00:49:02,220

have a higher understanding of more [h__h]

1019

00:49:06,349 --> 00:49:04,140

that they can laugh at you know what I'm

1020

00:49:08,599 --> 00:49:06,359

saying like somebody says like a real

1021

00:49:10,700 --> 00:49:08,609

crazy science ll nerdy joke or whatever

1022

00:49:12,710 --> 00:49:10,710

yeah and they're like ah like they think

1023

00:49:14,560 --> 00:49:12,720

it's hilarious like and you don't get it

1024

00:49:17,329 --> 00:49:14,570

yeah it's like I wish I was that smart

1025

00:49:20,960 --> 00:49:17,339

right I want to be able to get it - yeah

1026
00:49:25,490 --> 00:49:20,970
they're just super more lucky I I'm on

1027
00:49:29,089 --> 00:49:25,500
like the lowest level of humor like like

1028
00:49:32,660 --> 00:49:29,099
I saw this other this meme and it's and

1029
00:49:34,670 --> 00:49:32,670
it's of this alien doing like this butt

1030
00:49:37,370 --> 00:49:34,680
dance and he's like looking behind him

1031
00:49:39,200 --> 00:49:37,380
and then there's like this dog in the

1032
00:49:40,970 --> 00:49:39,210
background and so it's a real video of a

1033
00:49:43,849 --> 00:49:40,980
dog but it's like this superimposed

1034
00:49:49,010 --> 00:49:43,859
animation of this alien like to this

1035
00:49:51,260 --> 00:49:49,020
backup thing this is mute me and my

1036
00:49:54,950 --> 00:49:51,270
alien after area 51 when I bring him

1037
00:50:05,630 --> 00:49:54,960
back to my place and we're partying with

1038
00:50:07,609 --> 00:50:05,640

those pretty clover did so the guy one

1039

00:50:08,870 --> 00:50:07,619

of the guys I told you this already Joe

1040

00:50:10,490 --> 00:50:08,880

but I kind of wanted to say on the

1041

00:50:14,630 --> 00:50:10,500

podcast so maybe maybe you've got the

1042

00:50:17,270 --> 00:50:14,640

guy listen so he'll hit me back a couple

1043

00:50:21,800 --> 00:50:17,280

days but one of the founders of the UFO

1044

00:50:24,770 --> 00:50:21,810

the raid area 51 event I reached out to

1045

00:50:28,040 --> 00:50:24,780

him and he messes back and said dude I'm

1046

00:50:31,550 --> 00:50:28,050

super I asked him to if he would call in

1047

00:50:34,190 --> 00:50:31,560

to comment on the event to the podcast

1048

00:50:37,550 --> 00:50:34,200

and he messaged me back said dude I'm so

1049

00:50:39,380 --> 00:50:37,560

100% down that sounds awesome I'll

1050

00:50:41,810 --> 00:50:39,390

message you from my personal page and

1051
00:50:43,670 --> 00:50:41,820
we'll talk from there so I mean I

1052
00:50:45,680 --> 00:50:43,680
followed up with him once so I haven't

1053
00:50:48,050 --> 00:50:45,690
heard back but hopefully I wonder how

1054
00:50:49,670 --> 00:50:48,060
many many of those messages probably get

1055
00:50:51,350 --> 00:50:49,680
he probably gets a lot yeah the first

1056
00:50:53,390 --> 00:50:51,360
one I reached I was like hey I know this

1057
00:50:55,820 --> 00:50:53,400
is probably a huge long shot he's super

1058
00:51:00,460 --> 00:50:55,830
nice I think I'm I think I'm being way

1059
00:51:04,130 --> 00:51:00,470
too nice you gotta be friendly to people

1060
00:51:08,240 --> 00:51:04,140
being nice is a good thing yeah it is it

1061
00:51:12,320 --> 00:51:08,250
is it's different but Pleiadian nice but

1062
00:51:13,700 --> 00:51:12,330
Pleiadian nice dude yeah maybe maybe the

1063
00:51:17,600 --> 00:51:13,710

people that are channeling them are

1064

00:51:20,360 --> 00:51:17,610

getting it all wrong how so maybe their

1065

00:51:23,390 --> 00:51:20,370

challenge they're channeling it like you

1066

00:51:25,940 --> 00:51:23,400

must have peace and love one another you

1067

00:51:27,770 --> 00:51:25,950

know but really like hey why don't you

1068

00:51:30,050 --> 00:51:27,780

make peace and [h__h] love each other

1069

00:51:31,850 --> 00:51:30,060

or something you know the inflection is

1070

00:51:33,440 --> 00:51:31,860

like yeah what if it's just different

1071

00:51:34,520 --> 00:51:33,450

yeah and they're just channeling it that

1072

00:51:37,910 --> 00:51:34,530

way because that's how it comes through

1073

00:51:39,680 --> 00:51:37,920

Oh cuz they're nice people yeah I mean I

1074

00:51:41,090 --> 00:51:39,690

have to you have to know I think we

1075

00:51:42,410 --> 00:51:41,100

already said it but those people that

1076

00:51:44,780 --> 00:51:42,420

are channeling the Pleiadians are

1077

00:51:46,220 --> 00:51:44,790

probably already nice people so yeah

1078

00:51:48,530 --> 00:51:46,230

exactly what what you just said they're

1079

00:51:51,440 --> 00:51:48,540

probably interpreting it pretty wrong

1080

00:51:53,000 --> 00:51:51,450

yeah they're probably hearing it yeah

1081

00:51:56,320 --> 00:51:53,010

y'all just get along

1082

00:51:59,330 --> 00:51:56,330

Jesus which is a great with your Jesus

1083

00:52:03,830 --> 00:51:59,340

but if you're not really channeling like

1084

00:52:06,230 --> 00:52:03,840

don't don't do that yeah it makes

1085

00:52:08,210 --> 00:52:06,240

everybody look bad do you believe in

1086

00:52:10,370 --> 00:52:08,220

channeling like in the first place no I

1087

00:52:11,870 --> 00:52:10,380

don't I don't know how I feel about it I

1088

00:52:12,380 --> 00:52:11,880

don't think so I don't know how I feel

1089

00:52:15,860 --> 00:52:12,390

about it

1090

00:52:18,140 --> 00:52:15,870

but I mean if if if your body is like

1091

00:52:20,930 --> 00:52:18,150

run off of electricity basically like

1092

00:52:23,690 --> 00:52:20,940

what if they can't like channel into you

1093

00:52:25,730 --> 00:52:23,700

that's what I'm saying is like this this

1094

00:52:28,550 --> 00:52:25,740

like it goes way beyond channeling like

1095

00:52:31,130 --> 00:52:28,560

like even like the ancient cultures and

1096

00:52:34,030 --> 00:52:31,140

stuff you know like they're channeling

1097

00:52:36,500 --> 00:52:34,040

like if you watch somebody from like

1098

00:52:38,570 --> 00:52:36,510

Peru you know what I'm saying if you

1099

00:52:40,760 --> 00:52:38,580

watch them Channel on the Discovery

1100

00:52:41,510 --> 00:52:40,770

Channel or some [h__h] like yo that's some

1101
00:52:43,220 --> 00:52:41,520
real stuff

1102
00:52:45,530 --> 00:52:43,230
Yeah right you're like that's that's

1103
00:52:50,960 --> 00:52:45,540
real look at that right but then we see

1104
00:52:58,250 --> 00:52:55,160
okay yeah like how does like has it make

1105
00:52:59,990 --> 00:52:58,260
it any less credible and that's got a

1106
00:53:01,430 --> 00:53:00,000
point that's where I'm stuck you know

1107
00:53:04,160 --> 00:53:01,440
it's like I don't like the way you did

1108
00:53:05,900 --> 00:53:04,170
this but that's shaman in Peru that was

1109
00:53:08,900 --> 00:53:05,910
cool you've got a point like I don't

1110
00:53:12,560 --> 00:53:08,910
know I don't know and I feel bad cuz

1111
00:53:13,820 --> 00:53:12,570
they're super nice I mean did you think

1112
00:53:16,430 --> 00:53:13,830
quit recording again

1113
00:53:20,570 --> 00:53:16,440

yeah don't mind my computer turned off

1114

00:53:23,810 --> 00:53:20,580

this whole video is gonna be of me can

1115

00:53:25,730 --> 00:53:23,820

we just leave the still shot yeah so

1116

00:53:33,860 --> 00:53:25,740

whatever face you're making at that time

1117

00:53:37,040 --> 00:53:33,870

you're stuck okay alright well let's

1118

00:53:39,710 --> 00:53:37,050

look at sasquatches on that list oh yeah

1119

00:53:41,720 --> 00:53:39,720

did we is he is he in the the Galactic

1120

00:53:43,310 --> 00:53:41,730

Council like with the Pleiadian sorry is

1121

00:53:46,400 --> 00:53:43,320

he on the on the board

1122

00:53:48,950 --> 00:53:46,410

a does say skit sasquatch easy a board

1123

00:53:50,690 --> 00:53:48,960

member what he should be if he's not to

1124

00:53:54,740 --> 00:53:50,700

to the Galactica line what is that thing

1125

00:53:56,600 --> 00:53:54,750

called though this is just that a tizzy

1126
00:53:58,670 --> 00:53:56,610
of alien species yeah but it said the

1127
00:54:01,460 --> 00:53:58,680
Pleiadians were part of a group the

1128
00:54:08,870 --> 00:54:01,470
Galactic something oh right personal

1129
00:54:14,720 --> 00:54:08,880
something and Ramadan can council they

1130
00:54:17,360 --> 00:54:14,730
and Ramadan accounts like a council alec

1131
00:54:18,830 --> 00:54:17,370
see from the Andromeda galaxy right

1132
00:54:21,110 --> 00:54:18,840
that's where the Pleiades star system

1133
00:54:23,030 --> 00:54:21,120
yeah so there's a council for the galaxy

1134
00:54:24,770 --> 00:54:23,040
so I wonder who our council is for the

1135
00:54:26,960 --> 00:54:24,780
Milky Way the Milky Way comes to the

1136
00:54:30,080 --> 00:54:26,970
Milky Way Council it's probably not even

1137
00:54:35,180 --> 00:54:30,090
called that you know we do they call us

1138
00:54:41,390 --> 00:54:35,190

they call this the earth or something or

1139

00:54:44,390 --> 00:54:41,400

the rock Oh Tara earth Tara earth but I

1140

00:54:49,980 --> 00:54:44,400

think it was talking about a different

1141

00:54:56,019 --> 00:54:54,130

yeah I don't know no did I skip over

1142

00:54:58,269 --> 00:54:56,029

that ever since the Philadelphia

1143

00:54:58,690 --> 00:54:58,279

experiments in the nineteen I think you

1144

00:55:03,880 --> 00:54:58,700

did

1145

00:55:05,440 --> 00:55:03,890

Oh what the heck governments have

1146

00:55:06,640 --> 00:55:05,450

reported known how to tap into

1147

00:55:09,160 --> 00:55:06,650

hyperspace

1148

00:55:11,859 --> 00:55:09,170

ever since the Philadelphia Delphia

1149

00:55:13,900 --> 00:55:11,869

experiments of the 1940s the Pleiadians

1150

00:55:16,960 --> 00:55:13,910

claim of their technology surpasses our

1151
00:55:20,140 --> 00:55:16,970
inner international technology by about

1152
00:55:24,400 --> 00:55:20,150
3,000 years this may explain why the

1153
00:55:27,549 --> 00:55:24,410
planetary system wait while the planets

1154
00:55:29,289 --> 00:55:27,559
here while the the scream is screen is

1155
00:55:37,329 --> 00:55:29,299
so wide that comes like that's really

1156
00:55:38,680 --> 00:55:37,339
hard dude you know we haven't talked did

1157
00:55:42,099 --> 00:55:38,690
we talk about the Philadelphia

1158
00:55:43,329 --> 00:55:42,109
Experiment not really do we want to do

1159
00:55:45,160 --> 00:55:43,339
you kind of want to do a little bit more

1160
00:55:46,630 --> 00:55:45,170
research on it we can talk about a

1161
00:55:48,640 --> 00:55:46,640
little bit and then go do some research

1162
00:55:51,029 --> 00:55:48,650
and then come back and talk about it a

1163
00:55:54,069 --> 00:55:51,039

little bit more yeah the next one yeah

1164

00:55:55,769 --> 00:55:54,079

so Philadelphia Experiment is something

1165

00:55:59,999 --> 00:55:55,779

that well from what I know

1166

00:56:03,269 --> 00:56:00,009

Einstein was working on this project and

1167

00:56:08,200 --> 00:56:03,279

what they were trying to do is create an

1168

00:56:10,140 --> 00:56:08,210

invisibility technology to make things

1169

00:56:11,380 --> 00:56:10,150

disappear and it had to do with like

1170

00:56:14,499 --> 00:56:11,390

electromagnetism

1171

00:56:16,120 --> 00:56:14,509

so they if for people that don't know

1172

00:56:19,620 --> 00:56:16,130

about this that's kind of why I'm going

1173

00:56:23,740 --> 00:56:19,630

into it but they created this this

1174

00:56:26,859 --> 00:56:23,750

technology to equip to a battleship and

1175

00:56:29,980 --> 00:56:26,869

they did this experiment in the what I

1176

00:56:31,630 --> 00:56:29,990

could forget what Bates in is it in

1177

00:56:33,039 --> 00:56:31,640

Philadelphia I think so is that what the

1178

00:56:34,480 --> 00:56:33,049

chip is called the Philadelphia or

1179

00:56:37,299 --> 00:56:34,490

something or is that the ship yeah we

1180

00:56:40,440 --> 00:56:37,309

need we need to do Mars

1181

00:56:47,380 --> 00:56:40,450

but anyway yeah Philadelphia Bay

1182

00:56:48,670 --> 00:56:47,390

Philadelphia what the crazy thing about

1183

00:56:50,470 --> 00:56:48,680

that story we'll do some more

1184

00:56:52,210 --> 00:56:50,480

researching and maybe cover it on the

1185

00:56:55,269 --> 00:56:52,220

next episode you just know the basics

1186

00:56:57,849 --> 00:56:55,279

the basics or ways that the ship from

1187

00:56:59,859 --> 00:56:57,859

observers looking upon this experiment

1188

00:57:01,410 --> 00:56:59,869

on the bay this ship is in the water

1189

00:57:03,190 --> 00:57:01,420

and they attach all these

1190

00:57:05,559 --> 00:57:03,200

electromagnetic

1191

00:57:08,500 --> 00:57:05,569

devices to it and it disappears for a

1192

00:57:09,789 --> 00:57:08,510

few was like a minute or maybe just a

1193

00:57:11,770 --> 00:57:09,799

couple seconds and it comes back as I

1194

00:57:14,230 --> 00:57:11,780

think and it comes back into to be

1195

00:57:16,480 --> 00:57:14,240

visible again and all like all the crew

1196

00:57:19,750 --> 00:57:16,490

that were on the boat some of them were

1197

00:57:23,200 --> 00:57:19,760

infused into the metal like some like

1198

00:57:25,510 --> 00:57:23,210

some of their arms yeah like in the wall

1199

00:57:28,210 --> 00:57:25,520

people were like screaming there's lot

1200

00:57:30,700 --> 00:57:28,220

everywhere freaking say that they had

1201
00:57:32,710 --> 00:57:30,710
been gone for like years well they they

1202
00:57:35,620 --> 00:57:32,720
claimed that they showed up on that

1203
00:57:38,890 --> 00:57:35,630
exact same Bay a thousand years in the

1204
00:57:41,410 --> 00:57:38,900
future and everything's like sky rises

1205
00:57:43,900 --> 00:57:41,420
and buildings are totally different it's

1206
00:57:45,970 --> 00:57:43,910
like totally totally different and then

1207
00:57:48,039 --> 00:57:45,980
they come back and they talk about what

1208
00:57:53,470 --> 00:57:48,049
they saw but it's all classified stuff

1209
00:57:56,500 --> 00:57:53,480
but yeah yeah I want it I want to read

1210
00:57:58,270 --> 00:57:56,510
the the Sasquatch thing yeah go for it

1211
00:58:01,839 --> 00:57:58,280
that's a lot to read from this this

1212
00:58:07,059 --> 00:58:01,849
distance large hairy humanoids who who

1213
00:58:11,109 --> 00:58:07,069

are usually traj Ludd tile what is that

1214

00:58:13,630 --> 00:58:11,119

what is that word rajala dial tried to

1215

00:58:15,599 --> 00:58:13,640

dye teal I swear this they're trying to

1216

00:58:18,609 --> 00:58:15,609

[h__\h] me up with this reading thing

1217

00:58:21,370 --> 00:58:18,619

rajala dye teal oh that's a weird word

1218

00:58:23,579 --> 00:58:21,380

that's a really weird yeah or cavern

1219

00:58:26,170 --> 00:58:23,589

dwellers let's just say cavern dwellers

1220

00:58:28,210 --> 00:58:26,180

although they have been known to forage

1221

00:58:30,579 --> 00:58:28,220

through mountains or wooded areas on the

1222

00:58:33,039 --> 00:58:30,589

surface and search for roots berries

1223

00:58:34,079 --> 00:58:33,049

grasses and Dingle berries I didn't say

1224

00:58:37,539 --> 00:58:34,089

that

1225

00:58:39,660 --> 00:58:37,549

nuts which makes up their diet they're

1226
00:58:42,069 --> 00:58:39,670
believed to possess a heightened sense

1227
00:58:45,220 --> 00:58:42,079
sensing ability which allows them to

1228
00:58:47,410 --> 00:58:45,230
steer clear of human influence they are

1229
00:58:48,970 --> 00:58:47,420
more human than animal according to some

1230
00:58:51,520 --> 00:58:48,980
reports although they have been often

1231
00:58:52,930 --> 00:58:51,530
mistaken for animals I mean this is a

1232
00:58:57,520 --> 00:58:52,940
pretty long thing it sounds just like

1233
00:59:01,660 --> 00:58:57,530
what we know that pretty pretty sweet

1234
00:59:03,390 --> 00:59:01,670
that the end it says apparently they

1235
00:59:06,520 --> 00:59:03,400
have the ability to spontaneously

1236
00:59:09,329 --> 00:59:06,530
spontaneously and to induce invisibility

1237
00:59:12,010 --> 00:59:09,339
through producing an electromagnetic

1238
00:59:14,650 --> 00:59:12,020

psychic shield around themselves and are

1239

00:59:15,690 --> 00:59:14,660

said to commute between our dimensions

1240

00:59:18,210 --> 00:59:15,700

and the fifth

1241

00:59:19,470 --> 00:59:18,220

realm maybe that's what they did to the

1242

00:59:21,390 --> 00:59:19,480

ship in the Philadelphia Experiment

1243

00:59:25,020 --> 00:59:21,400

maybe they figured out what Bigfoot

1244

00:59:27,690 --> 00:59:25,030

knows how to do how to [h__h] yeah yeah so

1245

00:59:29,160 --> 00:59:27,700

so the new mission missing for one one

1246

00:59:31,020 --> 00:59:29,170

the hunted

1247

00:59:34,020 --> 00:59:31,030

oh yeah documentary I said I told you

1248

00:59:36,000 --> 00:59:34,030

about there's a lot of new stories and

1249

00:59:38,730 --> 00:59:36,010

it all kind of goes back to Sasquatch

1250

00:59:40,770 --> 00:59:38,740

and it's really interesting yeah missing

1251
00:59:42,930 --> 00:59:40,780
missing students that's where they're

1252
00:59:45,109 --> 00:59:42,940
going with it though absolutely they're

1253
00:59:47,490 --> 00:59:45,119
going with the Sasquatch theory or sure

1254
00:59:51,000 --> 00:59:47,500
but they don't there's no narration to

1255
00:59:52,710 --> 00:59:51,010
it it's all it's all people's people

1256
00:59:55,470 --> 00:59:52,720
that have had experiences talking about

1257
00:59:58,440 --> 00:59:55,480
it one of the stories is pretty much

1258
00:59:59,609 --> 00:59:58,450
just like that it's like this you know a

1259
01:00:02,069 --> 00:59:59,619
little bubble that they put around

1260
01:00:06,150 --> 01:00:02,079
themselves this lady said that she was

1261
01:00:08,430 --> 01:00:06,160
in a deer stand hunting and she looked

1262
01:00:10,260 --> 01:00:08,440
up in the trees and it was like a clear

1263
01:00:12,780 --> 01:00:10,270

blob kind of moving through the trees

1264

01:00:15,000 --> 01:00:12,790

just just like a maybe a monkey wood or

1265

01:00:17,760 --> 01:00:15,010

some big person that could you know

1266

01:00:19,319 --> 01:00:17,770

swing between the trees and it was just

1267

01:00:21,030 --> 01:00:19,329

like this she said it looked like

1268

01:00:23,790 --> 01:00:21,040

cellophane kind of moving through it was

1269

01:00:26,160 --> 01:00:23,800

a big blob and she had this weird kind

1270

01:00:27,960 --> 01:00:26,170

of feeling come over her like you know

1271

01:00:30,569 --> 01:00:27,970

that it wasn't that big of a deal and

1272

01:00:32,250 --> 01:00:30,579

just continue to hunt and don't pay

1273

01:00:33,829 --> 01:00:32,260

attention to it and then later she kind

1274

01:00:37,230 --> 01:00:33,839

of snapped out of it and was like oh

1275

01:00:40,770 --> 01:00:37,240

holy [h__\h] that happened yeah I did not

1276

01:00:42,900 --> 01:00:40,780

think to talk about that so big yeah

1277

01:00:46,260 --> 01:00:42,910

just saw something yeah yeah

1278

01:00:48,690 --> 01:00:46,270

so yeah missing four oh one one the

1279

01:00:51,240 --> 01:00:48,700

hunted it's super awesome dude that's

1280

01:00:53,069 --> 01:00:51,250

cool it's great where do you see it why

1281

01:00:58,760 --> 01:00:53,079

I bought it on iTunes yeah that's like

1282

01:01:03,359 --> 01:01:00,829

[Music]

1283

01:01:06,559 --> 01:01:03,369

there we go yeah we're back is it

1284

01:01:09,660 --> 01:01:06,569

completely different than the first one

1285

01:01:13,470 --> 01:01:09,670

yeah so the content is not missing

1286

01:01:15,990 --> 01:01:13,480

people it's it has a little bit to do

1287

01:01:18,599 --> 01:01:16,000

with missing people but it's very much

1288

01:01:21,180 --> 01:01:18,609

all Sasquatch experiences but they don't

1289

01:01:23,180 --> 01:01:21,190

come right out and say that it there

1290

01:01:26,609 --> 01:01:23,190

it's all about Sasquatch experiences

1291

01:01:30,030 --> 01:01:26,619

it's this this group of old dudes that

1292

01:01:33,390 --> 01:01:30,040

have been there going to this

1293

01:01:34,680 --> 01:01:33,400

in the mountains in California for years

1294

01:01:36,120 --> 01:01:34,690

and years and years and like this spot

1295

01:01:40,290 --> 01:01:36,130

has been passed down through the family

1296

01:01:41,640 --> 01:01:40,300

and they have audio going out there

1297

01:01:44,670 --> 01:01:41,650

staying the night they had to like make

1298

01:01:46,260 --> 01:01:44,680

this structure to stay in because they

1299

01:01:48,030 --> 01:01:46,270

were so scared of what would happen at

1300

01:01:50,370 --> 01:01:48,040

night they would bring that you know

1301
01:01:52,829 --> 01:01:50,380
like maybe eight people come out friends

1302
01:01:54,990 --> 01:01:52,839
or family it's a secret hunting spot on

1303
01:01:57,059 --> 01:01:55,000
the mountains and at night they have

1304
01:02:00,569 --> 01:01:57,069
recordings of it from like the 70s or

1305
01:02:05,690 --> 01:02:00,579
80s or whatever it was but uh it is the

1306
01:02:13,559 --> 01:02:11,730
you've ever heard it's its sound its

1307
01:02:15,690 --> 01:02:13,569
essentia sounds like a primate and then

1308
01:02:19,950 --> 01:02:15,700
it sounds like a primate trying to sound

1309
01:02:22,980 --> 01:02:19,960
like a human so that's what these hills

1310
01:02:25,829 --> 01:02:22,990
about it so it was like oh because my

1311
01:02:27,359 --> 01:02:25,839
mom has a parrot you know it bud and he

1312
01:02:30,120 --> 01:02:27,369
tries to sound like a human and it

1313
01:02:33,240 --> 01:02:30,130

sounds pretty close but you could still

1314

01:02:36,089 --> 01:02:33,250

tell it's it's not really a human yeah

1315

01:02:40,410 --> 01:02:36,099

so thinking about this existing in the

1316

01:02:42,930 --> 01:02:40,420

forest with something that's so loud and

1317

01:02:45,960 --> 01:02:42,940

hitting these frequencies that is you

1318

01:02:48,780 --> 01:02:45,970

know it sounds like a an ape calling and

1319

01:02:53,730 --> 01:02:48,790

then it tries to sound like a human it's

1320

01:02:56,069 --> 01:02:53,740

like it tries to do you oh yeah it

1321

01:02:57,599 --> 01:02:56,079

sounds like some weird that's cool

1322

01:02:59,490 --> 01:02:57,609

Native American kind of language or

1323

01:03:04,290 --> 01:02:59,500

something like that it's super creepy

1324

01:03:06,630 --> 01:03:04,300

dude yeah it's pretty cool what if what

1325

01:03:09,319 --> 01:03:06,640

if they used to live a long time ago but

1326

01:03:11,609 --> 01:03:09,329

they were like the most advanced species

1327

01:03:13,470 --> 01:03:11,619

like you know how they some people say

1328

01:03:15,000 --> 01:03:13,480

you know like even Graham Hancock is

1329

01:03:17,339 --> 01:03:15,010

like hey there may have been like a

1330

01:03:19,200 --> 01:03:17,349

super advanced civilization that lives

1331

01:03:21,180 --> 01:03:19,210

around yeah you know this time the

1332

01:03:23,370 --> 01:03:21,190

Builder right before we think that there

1333

01:03:24,990 --> 01:03:23,380

was what if that's them that's the

1334

01:03:28,200 --> 01:03:25,000

Builder race huh all right I think it's

1335

01:03:29,730 --> 01:03:28,210

possible yeah definitely

1336

01:03:32,760 --> 01:03:29,740

that's cool yeah it's a cool

1337

01:03:34,800 --> 01:03:32,770

super-strong yeah like I never I'm never

1338

01:03:37,140 --> 01:03:34,810

with that deep with it yeah that's kind

1339

01:03:41,040 --> 01:03:37,150

of cool yeah that could that could be

1340

01:03:42,720 --> 01:03:41,050

possible that's yeah those I don't know

1341

01:03:43,040 --> 01:03:42,730

all those megalithic structures I feel

1342

01:03:45,980 --> 01:03:43,050

like

1343

01:03:48,290 --> 01:03:45,990

the even-even 7 to 8 feet tall is not

1344

01:03:49,880 --> 01:03:48,300

tall enough to move those structures he

1345

01:03:55,040 --> 01:03:49,890

needs some kind of technology to move

1346

01:03:57,020 --> 01:03:55,050

those you know huge blocks and stuff but

1347

01:04:00,320 --> 01:03:57,030

I can't imagine that be in your your day

1348

01:04:01,280 --> 01:04:00,330

job like I would suck so bad to move

1349

01:04:04,220 --> 01:04:01,290

stone blocks

1350

01:04:07,010 --> 01:04:04,230

yeah like cross miles yeah like you're

1351
01:04:09,530 --> 01:04:07,020
the guy in charge of that or you're the

1352
01:04:11,690 --> 01:04:09,540
guy in like third command so like you

1353
01:04:13,010 --> 01:04:11,700
have to do [h__h] so yeah you know you

1354
01:04:16,850 --> 01:04:13,020
can't just stand back and make sure it's

1355
01:04:19,070 --> 01:04:16,860
all going good right terrible like you

1356
01:04:21,850 --> 01:04:19,080
have to figure out logistics yeah on how

1357
01:04:27,050 --> 01:04:21,860
to move these huge monolithic structures

1358
01:04:29,900 --> 01:04:27,060
yeah no thanks no thanks and that's

1359
01:04:31,640 --> 01:04:29,910
what's wrong with this yeah we're too

1360
01:04:37,900 --> 01:04:31,650
scared to build cool [h__h] like pyramids

1361
01:04:41,000 --> 01:04:37,910
yeah I'm technology there's like over 80

1362
01:04:46,280 --> 01:04:41,010
pyramids in Egypt to that they've dated

1363
01:04:50,000 --> 01:04:46,290

to the early dynastic period and they

1364

01:04:52,730 --> 01:04:50,010

still can't really put a number on the

1365

01:04:58,160 --> 01:04:52,740

age of the great pyramids the three main

1366

01:05:01,310 --> 01:04:58,170

ones in near Giza but the other 80 81

1367

01:05:04,400 --> 01:05:01,320

are definitely near the dynastic period

1368

01:05:07,880 --> 01:05:04,410

period but they still can't place what

1369

01:05:11,480 --> 01:05:07,890

how how old the the great pyramids are

1370

01:05:14,090 --> 01:05:11,490

and the great pyramids are way nicer and

1371

01:05:16,040 --> 01:05:14,100

way more still intact and yet other 82

1372

01:05:18,500 --> 01:05:16,050

or like just in shambles and they suck

1373

01:05:21,110 --> 01:05:18,510

and they are poorly built so it just

1374

01:05:23,330 --> 01:05:21,120

tell it's more evidence to me that these

1375

01:05:28,340 --> 01:05:23,340

pyramids are all copycats

1376

01:05:31,070 --> 01:05:28,350

the the big ones that the great pyramids

1377

01:05:34,640 --> 01:05:31,080

and you know the ones in Mexico and yeah

1378

01:05:35,930 --> 01:05:34,650

in China some of those are og built by

1379

01:05:37,430 --> 01:05:35,940

somebody who knows knew what they're

1380

01:05:39,830 --> 01:05:37,440

doing right and everybody else's

1381

01:05:41,780 --> 01:05:39,840

pyramids are all copycats yeah do you

1382

01:05:44,360 --> 01:05:41,790

for sure they're all over the world

1383

01:05:46,040 --> 01:05:44,370

there's only a couple legit places yeah

1384

01:05:49,970 --> 01:05:46,050

where it's really good mm-hmm

1385

01:05:52,940 --> 01:05:49,980

yeah yeah that's I mean it you know you

1386

01:05:54,950 --> 01:05:52,950

have like the you know the mecca so it

1387

01:05:55,970 --> 01:05:54,960

gets done the best and then you have

1388

01:05:57,650 --> 01:05:55,980

like you

1389

01:05:59,330 --> 01:05:57,660

a little bit out over here and you're

1390

01:06:04,160 --> 01:05:59,340

like I want to do that yeah

1391

01:06:09,950 --> 01:06:04,170

you're like all right the six of you you

1392

01:06:13,160 --> 01:06:09,960

say yes pyramid ha ha ha yeah yeah I

1393

01:06:14,359 --> 01:06:13,170

mean you know - a couple dynasties to

1394

01:06:17,210 --> 01:06:14,369

build the great pyramids

1395

01:06:20,990 --> 01:06:17,220

we built our pyramid in three weeks yeah

1396

01:06:25,730 --> 01:06:21,000

we did it three yeah it's all crooked it

1397

01:06:28,820 --> 01:06:25,740

doesn't even go straight you know what

1398

01:06:30,980 --> 01:06:28,830

you know what we did it first just plant

1399

01:06:33,380 --> 01:06:30,990

some trees on it that's like that the

1400

01:06:35,720 --> 01:06:33,390

Trump pyramid you know it's better it's

1401

01:06:38,270 --> 01:06:35,730

bigger we did it in less time I know a

1402

01:06:43,190 --> 01:06:38,280

lot of people who helped out the six

1403

01:06:46,730 --> 01:06:43,200

guys the great guys the the great that's

1404

01:06:53,390 --> 01:06:46,740

exactly what happened the best of the

1405

01:06:55,550 --> 01:06:53,400

best I think I think that's good for

1406

01:06:57,310 --> 01:06:55,560

this episode man all right I think I'm

1407

01:07:01,490 --> 01:06:57,320

thinking we're hitting the wall here

1408

01:07:04,700 --> 01:07:01,500

happy happy ten yeah maybe we'll go get

1409

01:07:07,220 --> 01:07:04,710

maybe we'll go take a shot and and some

1410

01:07:14,800 --> 01:07:07,230

get some pizza and episode eleven won't

1411

01:07:18,109 --> 01:07:14,810

be a little bit more structured yeah Oh

1412

01:07:19,790 --> 01:07:18,119

YouTube smash that subscribe button

1413

01:07:21,440 --> 01:07:19,800

y'all if we're if you're listening to us

1414

01:07:23,420 --> 01:07:21,450

on YouTube that would be awesome

1415

01:07:25,520 --> 01:07:23,430

it's that's I've always wanted to say

1416

01:07:29,330 --> 01:07:25,530

smash that subscribe button please do

1417

01:07:30,620 --> 01:07:29,340

smash in that yeah

1418

01:07:32,630 --> 01:07:30,630

we're I think we're gonna we're probably

1419

01:07:34,250 --> 01:07:32,640

gonna upload this video it's often like

1420

01:07:36,050 --> 01:07:34,260

the cameras off of two computers it's

1421

01:07:39,190 --> 01:07:36,060

probably chitty-chitty quality but you
