

UFO GARAGE PODCAST

1
00:00:00,000 --> 00:00:08,799

[Music]

2
00:00:16,039 --> 00:00:13,640

I'm a purveyor of the Jimmy Choo what we

3
00:00:21,400 --> 00:00:16,049

want to go over today people is they're

4
00:00:24,439 --> 00:00:21,410

properly Fung a duty chump okay well uh

5
00:00:27,050 --> 00:00:24,449

this is another episode of UFO garage

6
00:00:29,570 --> 00:00:27,060

I'm Jen and I'm Joe and this is where we

7
00:00:33,560 --> 00:00:29,580

talk about UFOs aliens and all things

8
00:00:37,130 --> 00:00:33,570

weird what's up dude what's up man

9
00:00:40,069 --> 00:00:37,140

episode 13 wrath so lucky 13 what do we

10
00:00:41,900 --> 00:00:40,079

got going on today B oh is it lucky 13

11
00:00:43,220 --> 00:00:41,910

or is it unlucky 13 this lucky thing I

12
00:00:44,990 --> 00:00:43,230

always feel like people are so

13
00:00:47,660 --> 00:00:45,000

wishy-washy on that they're like it's

14

00:00:50,660 --> 00:00:47,670

lucky 13 so here were like no 13 is so

15

00:00:52,279 --> 00:00:50,670

unlucky let you know it's called Lucky's

16

00:00:53,840 --> 00:00:52,289

what you might get that's right you know

17

00:00:56,779 --> 00:00:53,850

to me that's right well we'll make this

18

00:00:59,060 --> 00:00:56,789

a lucky one dude definitely make this a

19

00:01:00,770 --> 00:00:59,070

lucky one so we what do we got going on

20

00:01:03,560 --> 00:01:00,780

I know we're talking about talking about

21

00:01:08,270 --> 00:01:03,570

some some things about Mars oh yeah Mars

22

00:01:10,460 --> 00:01:08,280

stuff the Stephenville right and some

23

00:01:12,560 --> 00:01:10,470

Corey good things uh-huh Corey good

24

00:01:14,539 --> 00:01:12,570

we've been I've been referencing or both

25

00:01:16,910 --> 00:01:14,549

of us have been referencing Corey good

26

00:01:18,230 --> 00:01:16,920

yeah I mean basically almost every

27

00:01:20,090 --> 00:01:18,240

single episodes cuz it's like yeah I

28

00:01:22,460 --> 00:01:20,100

figured we'd just bring him out a little

29

00:01:24,649 --> 00:01:22,470

bit and yeah just kind of talk about him

30

00:01:26,749 --> 00:01:24,659

today yeah and his story is so lengthy

31

00:01:29,030 --> 00:01:26,759

like we were talking about like it's it

32

00:01:30,710 --> 00:01:29,040

would take you hours to watch this thing

33

00:01:33,020 --> 00:01:30,720

and if you're listening to this and

34

00:01:36,710 --> 00:01:33,030

don't know about Corey good he's a he's

35

00:01:39,649 --> 00:01:36,720

an insider he's one of David Wilcock and

36

00:01:41,840 --> 00:01:39,659

insiders that was a part of this secret

37

00:01:44,240 --> 00:01:41,850

space program and you can find all of

38

00:01:47,889 --> 00:01:44,250

his interviews with David Wilcock on

39

00:01:50,899 --> 00:01:47,899

Gaia the show's called cosmic disclosure

40

00:01:53,600 --> 00:01:50,909

I mean we're not sponsored by them at

41

00:01:55,789 --> 00:01:53,610

all but no just we've been watching that

42

00:01:57,709 --> 00:01:55,799

stuff for like a year maybe a year now

43

00:02:01,130 --> 00:01:57,719

yeah dude I mean pretty cool stuff

44

00:02:04,280 --> 00:02:01,140

definitely awesome stuff in like Corey's

45

00:02:06,350 --> 00:02:04,290

good stories ours and what would you say

46

00:02:08,930 --> 00:02:06,360

to ten hours long dude it has to be

47

00:02:11,270 --> 00:02:08,940

because it's a I don't even know how

48

00:02:13,610 --> 00:02:11,280

many seasons have Corey good in this

49

00:02:15,470 --> 00:02:13,620

many seasons I'd have to look I'm only

50

00:02:17,420 --> 00:02:15,480

halfway through the second season but

51
00:02:19,610 --> 00:02:17,430
the whole first season and then now the

52
00:02:22,220 --> 00:02:19,620
second season right it just keeps going

53
00:02:23,990 --> 00:02:22,230
and going it going it's really long I

54
00:02:26,720 --> 00:02:24,000
know that I I've definitely tuned out

55
00:02:28,520 --> 00:02:26,730
for a couple of the episode hi yeah yeah

56
00:02:31,100 --> 00:02:28,530
it there's just so much but there's

57
00:02:33,559 --> 00:02:31,110
different people like if you keep going

58
00:02:35,900 --> 00:02:33,569
through the cosmic disclosure yeah do

59
00:02:37,280 --> 00:02:35,910
there's a lot of episodes in seasons

60
00:02:39,590 --> 00:02:37,290
yeah yeah there's a whole bunch of

61
00:02:41,809 --> 00:02:39,600
people yeah Emery Smiths is awesome like

62
00:02:43,010 --> 00:02:41,819
yeah when you get to his stuff and then

63
00:02:44,000 --> 00:02:43,020

they're together like Corey Goode and

64

00:02:45,530 --> 00:02:44,010

anna-marie Smith

65

00:02:46,940 --> 00:02:45,540

yeah and they kind of bounce back and

66

00:02:49,400 --> 00:02:46,950

forth between each other like they'd

67

00:02:51,530 --> 00:02:49,410

never worked with each other but they

68

00:02:53,270 --> 00:02:51,540

have similar experiences because they

69

00:02:55,310 --> 00:02:53,280

were kind of in the same program you

70

00:02:57,590 --> 00:02:55,320

know yeah but yeah I guess we'll just

71

00:03:00,140 --> 00:02:57,600

like start talking about start talking

72

00:03:02,030 --> 00:03:00,150

about Mars and then ease into whatever

73

00:03:03,350 --> 00:03:02,040

you know Corey Corey good story

74

00:03:05,270 --> 00:03:03,360

did we have any cool stuff on Facebook

75

00:03:08,870 --> 00:03:05,280

oh yeah we get started and that doesn't

76
00:03:17,810 --> 00:03:08,880
look at the the Facebook something cool

77
00:03:20,690 --> 00:03:17,820
that it's Cody Leatherwood I don't know

78
00:03:25,310 --> 00:03:20,700
someone's someone else shared that on

79
00:03:27,020 --> 00:03:25,320
our Facebook Leatherwood Leigh piece

80
00:03:29,030 --> 00:03:27,030
what's up yeah yeah that's right Lee

81
00:03:30,890 --> 00:03:29,040
thanks for sending us this is this is I

82
00:03:32,300 --> 00:03:30,900
mean I read through some of them Joe you

83
00:03:34,670 --> 00:03:32,310
know more about that yeah it was right

84
00:03:36,380 --> 00:03:34,680
after our last episode yeah I drove home

85
00:03:39,350 --> 00:03:36,390
and I got home and I checked it out and

86
00:03:40,819 --> 00:03:39,360
there was this there was this post and I

87
00:03:42,259 --> 00:03:40,829
was like wow that's pretty cool and it

88
00:03:46,090 --> 00:03:42,269

kind of has to do with like the Mandela

89

00:03:49,160 --> 00:03:46,100

effect yeah and stuff and how you know

90

00:03:52,099 --> 00:03:49,170

you know it's it's a it's a big long

91

00:03:53,479 --> 00:03:52,109

thing if you read through it but it kind

92

00:03:56,420 --> 00:03:53,489

of has to do with like you know are

93

00:03:58,280 --> 00:03:56,430

things different are things changing you

94

00:04:01,069 --> 00:03:58,290

know this Mandela fact that people talk

95

00:04:03,560 --> 00:04:01,079

about I know a while ago I posted

96

00:04:07,880 --> 00:04:03,570

something about stovetop stuffing and

97

00:04:10,160 --> 00:04:07,890

how it never existed yeah like yes yeah

98

00:04:13,340 --> 00:04:10,170

they did yes over top something right

99

00:04:14,750 --> 00:04:13,350

it's like no you know that's just a kind

100

00:04:17,150 --> 00:04:14,760

of a silly one you know the Berenstein

101
00:04:21,140 --> 00:04:17,160
bears and this and that but yeah you

102
00:04:24,409 --> 00:04:21,150
know it kind of has to do with these

103
00:04:27,230 --> 00:04:24,419
like multi universes and did our

104
00:04:32,240 --> 00:04:27,240
universe maybe the one we lived in did

105
00:04:35,210 --> 00:04:32,250
it did it end in 2010 2012 death did it

106
00:04:37,790 --> 00:04:35,220
end did CERN do something that ended

107
00:04:41,120 --> 00:04:37,800
that that universe yeah and we just kind

108
00:04:43,550 --> 00:04:41,130
of shifted into a whole nother like

109
00:04:45,050 --> 00:04:43,560
little universe with small changes here

110
00:04:47,480 --> 00:04:45,060
and there yeah he never heard about the

111
00:04:50,300 --> 00:04:47,490
Mandela effect until after basically

112
00:04:52,040 --> 00:04:50,310
2012 Yeah right yeah I had never heard

113
00:04:54,380 --> 00:04:52,050

of the discrepancy between the

114

00:04:57,190 --> 00:04:54,390

Berenstein bears and all that yeah yeah

115

00:05:00,980 --> 00:04:57,200

it's pretty crazy dude so what was the

116

00:05:05,899 --> 00:05:00,990

Statue of Liberty thing so go through it

117

00:05:09,830 --> 00:05:05,909

right here it's uh basically where is

118

00:05:11,630 --> 00:05:09,840

that right there read it the Mandela

119

00:05:12,950 --> 00:05:11,640

effect gets much creepier though some

120

00:05:15,890 --> 00:05:12,960

people remember the Statue of Liberty

121

00:05:17,630 --> 00:05:15,900

being in totally different in a totally

122

00:05:20,180 --> 00:05:17,640

different location the location being

123

00:05:22,610 --> 00:05:20,190

Ellis Island it's actually actually on

124

00:05:25,159 --> 00:05:22,620

Liberty Island I've always heard of it

125

00:05:27,529 --> 00:05:25,169

being on Ellis Island alright I I don't

126
00:05:29,120 --> 00:05:27,539
know enough about New York and the

127
00:05:31,790 --> 00:05:29,130
Statue of Liberty

128
00:05:34,339 --> 00:05:31,800
this one kind of went over my head but

129
00:05:36,250 --> 00:05:34,349
this one says here's a painting clearly

130
00:05:39,920 --> 00:05:36,260
depicting the statue of Ellis Island

131
00:05:42,260 --> 00:05:39,930
with no other islands nearby was an

132
00:05:44,360 --> 00:05:42,270
artist just playing or you know was it

133
00:05:47,089 --> 00:05:44,370
was not paying attention or did you just

134
00:05:49,010 --> 00:05:47,099
like it better this way I really don't

135
00:05:51,320 --> 00:05:49,020
think so dot so that's like the first

136
00:05:54,440 --> 00:05:51,330
one and there's like clearly a painting

137
00:05:56,600 --> 00:05:54,450
that shows a totally different landmass

138
00:05:58,490 --> 00:05:56,610

than an actual photo that's posted about

139

00:06:00,890 --> 00:05:58,500

with the Statue of Liberty on it yeah

140

00:06:02,630 --> 00:06:00,900

and there's a now if that's not strange

141

00:06:05,029 --> 00:06:02,640

enough if you go to Google Maps Street

142

00:06:07,730 --> 00:06:05,039

View there's a few specific areas of a

143

00:06:10,459 --> 00:06:07,740

Liberty Island where the Statue of

144

00:06:16,339 --> 00:06:10,469

Liberty is just gone residue from the

145

00:06:17,839 --> 00:06:16,349

previous timeline question mark used to

146

00:06:19,250 --> 00:06:17,849

be there but now it's not there it's on

147

00:06:21,469 --> 00:06:19,260

this completely different Island dude

148

00:06:23,029 --> 00:06:21,479

yeah okay so when I saw that I was like

149

00:06:24,649 --> 00:06:23,039

okay that's that's [h__\h] weird if I

150

00:06:26,600 --> 00:06:24,659

can see like physical evidences so I

151
00:06:29,270 --> 00:06:26,610
want to ask like some New Yorkers out

152
00:06:31,970 --> 00:06:29,280
there like what's up with this Statue of

153
00:06:35,540 --> 00:06:31,980
Liberty thing yeah move did it move and

154
00:06:38,180 --> 00:06:35,550
it did move did you see it yeah do you

155
00:06:39,560 --> 00:06:38,190
know about it did you even notice it or

156
00:06:43,820 --> 00:06:39,570
do we just shift into this other

157
00:06:46,270 --> 00:06:43,830
dimension yeah that's that's so the

158
00:06:49,190 --> 00:06:46,280
there's so many different islands near

159
00:06:51,050 --> 00:06:49,200
New York just totally confusing me I'm

160
00:06:53,210 --> 00:06:51,060
so bad at geography and like what yeah

161
00:06:54,680 --> 00:06:53,220
it doesn't make sense so I have like no

162
00:06:56,750 --> 00:06:54,690
reference so we need some like real

163
00:06:59,090 --> 00:06:56,760

people that are from New York to reach

164

00:07:01,250 --> 00:06:59,100

out to us to let us know if this is if

165

00:07:02,900 --> 00:07:01,260

this is not weird at all that it's

166

00:07:04,730 --> 00:07:02,910

always been on the same place yeah it

167

00:07:06,710 --> 00:07:04,740

would be awesome to get to conflicting

168

00:07:08,660 --> 00:07:06,720

stories from two different people from

169

00:07:10,040 --> 00:07:08,670

New York it would be cool wouldn't it be

170

00:07:11,630 --> 00:07:10,050

sick yeah yeah

171

00:07:13,160 --> 00:07:11,640

so I mean that was it that was an

172

00:07:14,390 --> 00:07:13,170

awesome post I'd love to get to the

173

00:07:16,400 --> 00:07:14,400

bottom of that one my wife has some

174

00:07:18,230 --> 00:07:16,410

family that lives in New York maybe I

175

00:07:21,680 --> 00:07:18,240

can shoot him a message and ask them

176
00:07:25,000 --> 00:07:21,690
yeah you should hey where's the Statue

177
00:07:27,740 --> 00:07:25,010
of Liberty what island is it yeah well

178
00:07:30,410 --> 00:07:27,750
what is that sounds familiar

179
00:07:33,520 --> 00:07:30,420
yeah Ellis Island sounds familiar I mean

180
00:07:48,670 --> 00:07:33,530
I remember through Hey Arnold honestly

181
00:07:50,870 --> 00:07:48,680
yeah yeah yeah crazy let's see and

182
00:07:53,810 --> 00:07:50,880
Alejandra thank you so much for posting

183
00:07:56,600 --> 00:07:53,820
that that that those awesome photos of

184
00:07:58,340 --> 00:07:56,610
your doggies they're so curious sure I

185
00:08:00,320 --> 00:07:58,350
love it but come and take a shirt it

186
00:08:00,950 --> 00:08:00,330
looks awesome in that green yeah it does

187
00:08:03,140 --> 00:08:00,960
look cool

188
00:08:05,180 --> 00:08:03,150

it doesn't cut out thank you so much we

189

00:08:08,000 --> 00:08:05,190

should make bandanas we should I know I

190

00:08:09,890 --> 00:08:08,010

looked on the options for Apprentice I

191

00:08:14,150 --> 00:08:09,900

don't have a bandana but they do you

192

00:08:20,920 --> 00:08:14,160

have like a small towel I don't think

193

00:08:23,140 --> 00:08:20,930

that's the same online buys or the

194

00:08:24,370 --> 00:08:23,150

in the photo it's it looks pretty big

195

00:08:28,120 --> 00:08:24,380

well when you get it it's like three

196

00:08:32,370 --> 00:08:28,130

inches yes maybe I can get on my tailor

197

00:08:35,260 --> 00:08:32,380

sporting good yeah maybe printed let's

198

00:08:37,210 --> 00:08:35,270

you know prop up some local local

199

00:08:39,250 --> 00:08:37,220

businesses I'm down maybe do that

200

00:08:41,050 --> 00:08:39,260

dude Texas beer code didn't Taylor

201
00:08:41,320 --> 00:08:41,060
Sporting Goods used to print stuff all

202
00:08:42,790 --> 00:08:41,330
the time

203
00:08:44,530 --> 00:08:42,800
you see shirts and all kinds of stuff

204
00:08:46,150 --> 00:08:44,540
shot to print a tailor put Sporting

205
00:08:47,820 --> 00:08:46,160
Goods Dean yeah that's right

206
00:08:51,400 --> 00:08:47,830
you could get basically anything on any

207
00:08:54,430 --> 00:08:51,410
t-shirt right yeah yeah yeah there will

208
00:09:00,610 --> 00:08:54,440
be heat press or whatever it's like my

209
00:09:08,010 --> 00:09:04,200
another cool post on Facebook was the

210
00:09:12,820 --> 00:09:08,020
the college student set what is it you

211
00:09:15,310 --> 00:09:12,830
you Findlay you Findlay Rosetta college

212
00:09:18,780 --> 00:09:15,320
pharmacy has develop a I don't know work

213
00:09:19,900 --> 00:09:18,790

you Finlay is is it in you Finland you

214

00:09:25,420 --> 00:09:19,910

Finland

215

00:09:27,960 --> 00:09:25,430

you've part of ufology but it says it

216

00:09:33,400 --> 00:09:27,970

developed a chemical compound that kills

217

00:09:37,180 --> 00:09:33,410

Goliath best stoma Jesus this is hard to

218

00:09:39,100 --> 00:09:37,190

read a brain cancer cells yeah

219

00:09:41,170 --> 00:09:39,110

they have also refined it to ignore

220

00:09:43,540 --> 00:09:41,180

healthy brain cell tissue brain tissue

221

00:09:44,290 --> 00:09:43,550

and focus on the cancer cells so so

222

00:09:46,930 --> 00:09:44,300

that's pretty badass

223

00:09:49,360 --> 00:09:46,940

give it to you and it can only attack

224

00:09:51,220 --> 00:09:49,370

the cancer cells right it leaves the

225

00:09:51,400 --> 00:09:51,230

rest of the good brain cells alone all

226

00:09:54,490 --> 00:09:51,410

right

227

00:09:57,010 --> 00:09:54,500

and that's pretty awesome are we gonna

228

00:09:58,480 --> 00:09:57,020

hear anything about that on the news you

229

00:09:59,440 --> 00:09:58,490

think we're gonna find out about it you

230

00:10:03,280 --> 00:09:59,450

think there's gonna be some like

231

00:10:05,290 --> 00:10:03,290

breakthrough cure coming out or do you

232

00:10:07,570 --> 00:10:05,300

think that'll be just thrown under the

233

00:10:08,860 --> 00:10:07,580

rug swept under and we'll never hear

234

00:10:10,330 --> 00:10:08,870

about it well first of all you have to

235

00:10:16,300 --> 00:10:10,340

figure out if you Finlay is an actual

236

00:10:19,480 --> 00:10:16,310

place yeah I can google it really yeah

237

00:10:24,460 --> 00:10:19,490

you can lay what is it you it's you f l

238

00:10:27,850 --> 00:10:24,470

in DL a why you Finlay I mean of course

239

00:10:29,590 --> 00:10:27,860

my skepticism is going straight towards

240

00:10:31,600 --> 00:10:29,600

yeah well never free in hear about this

241

00:10:33,340 --> 00:10:31,610

because the the farm is the big pharma

242

00:10:33,850 --> 00:10:33,350

is gonna sweep this under the rug and no

243

00:10:36,030 --> 00:10:33,860

one's ever going

244

00:10:40,569 --> 00:10:36,040

hear about it again but I mean that the

245

00:10:42,069 --> 00:10:40,579

the optimist in me says yeah it's just

246

00:10:45,670 --> 00:10:42,079

gonna take a little while for it to get

247

00:10:49,540 --> 00:10:45,680

approved and okay go through trials and

248

00:10:50,319 --> 00:10:49,550

things right so you fin delay isn't all

249

00:10:53,560 --> 00:10:50,329

one word

250

00:10:57,720 --> 00:10:53,570

it's a University of Findlay University

251

00:11:01,949 --> 00:10:57,730

in Findlay Ohio it's in Ohio lay okay

252

00:11:04,480 --> 00:11:01,959

Ohio what's up yeah what's up Ohio yeah

253

00:11:07,389 --> 00:11:04,490

finally some cool stuff out there man

254

00:11:10,180 --> 00:11:07,399

yeah so well I mean you know the word is

255

00:11:12,430 --> 00:11:10,190

out the word is out it's on our page if

256

00:11:14,829 --> 00:11:12,440

you if if you know somebody tells you

257

00:11:16,660 --> 00:11:14,839

that that's not true here it is on

258

00:11:19,150 --> 00:11:16,670

Facebook yeah there you go thanks Dan

259

00:11:20,980 --> 00:11:19,160

Dan Warren your badass to you posted

260

00:11:21,819 --> 00:11:20,990

awesomes a bunch of awesome stuff yeah

261

00:11:23,740 --> 00:11:21,829

definitely

262

00:11:26,440 --> 00:11:23,750

one in particular the quantum

263

00:11:28,269 --> 00:11:26,450

entanglement theory or you know what's

264

00:11:29,759 --> 00:11:28,279

what's actually been proved lately with

265

00:11:31,780 --> 00:11:29,769

the scientists that have done the

266

00:11:33,880 --> 00:11:31,790

quantum entanglement with the light

267

00:11:37,930 --> 00:11:33,890

particle the photon huh and going like

268

00:11:39,819 --> 00:11:37,940

map from earth into space and having it

269

00:11:41,829 --> 00:11:39,829

be interacting with each other and being

270

00:11:42,310 --> 00:11:41,839

at two places at once the iana goes into

271

00:11:44,410 --> 00:11:42,320

the story

272

00:11:46,449 --> 00:11:44,420

you mean we're talking about this

273

00:11:48,400 --> 00:11:46,459

earlier with a communication device that

274

00:11:50,800 --> 00:11:48,410

Corey Goode talks about in this upcoming

275

00:11:52,630 --> 00:11:50,810

story that we're about to go into yeah

276

00:11:54,850 --> 00:11:52,640

it's pretty cool yeah it's cool pretty

277

00:11:57,730 --> 00:11:54,860

sick yeah that that quantum entanglement

278

00:12:00,280 --> 00:11:57,740

stuff do that's that's trippy yeah what

279

00:12:02,139 --> 00:12:00,290

pretty awesome I'll do my brain is you

280

00:12:04,750 --> 00:12:02,149

know it's not meant to understand that

281

00:12:06,550 --> 00:12:04,760

thing that kind of stuff but I feel like

282

00:12:09,579 --> 00:12:06,560

we can break it down to a certain level

283

00:12:11,439 --> 00:12:09,589

and kind of understand kind of kind of

284

00:12:12,939 --> 00:12:11,449

the basics who is certain extent it I

285

00:12:17,920 --> 00:12:12,949

just kind of break it down a little bit

286

00:12:20,769 --> 00:12:17,930

yeah yeah yeah and then also the visit

287

00:12:21,880 --> 00:12:20,779

beaver Utah that you've all a UFO and

288

00:12:23,920 --> 00:12:21,890

beaver Utah

289

00:12:26,199 --> 00:12:23,930

oh yeah you also posted another one and

290

00:12:27,790 --> 00:12:26,209

that is a sick video I remember I I

291

00:12:31,120 --> 00:12:27,800

texted you about it and you were like

292

00:12:34,300 --> 00:12:31,130

yes all that was that the one that just

293

00:12:37,269 --> 00:12:34,310

zips by yeah just yeah just zips by yeah

294

00:12:39,430 --> 00:12:37,279

so I've seen like somebody trying to

295

00:12:41,290 --> 00:12:39,440

debunk that as a bug there's no [h__h]

296

00:12:43,140 --> 00:12:41,300

way do you know a way it's clearly comes

297

00:12:45,300 --> 00:12:43,150

out from the other side of the mountain

298

00:12:47,310 --> 00:12:45,310

and then in a flash she goes and they

299

00:12:48,600 --> 00:12:47,320

could slow it down you know they're

300

00:12:49,650 --> 00:12:48,610

shooting with a really high-powered

301
00:12:52,710 --> 00:12:49,660
camera yeah

302
00:12:54,480 --> 00:12:52,720
they slow it down and you can visibly

303
00:12:55,920 --> 00:12:54,490
see it coming from the other side of the

304
00:12:58,110 --> 00:12:55,930
mountain all the way across their heads

305
00:13:01,079 --> 00:12:58,120
like and it gets larger when it gets

306
00:13:04,530 --> 00:13:01,089
closer to track it anywhere from 7,000

307
00:13:08,329 --> 00:13:04,540
to 9,000 miles an hour yeah dude that's

308
00:13:11,040 --> 00:13:08,339
so fast [h__\h] insane holy cow and they

309
00:13:13,860 --> 00:13:11,050
probably go faster yeah they definitely

310
00:13:15,420 --> 00:13:13,870
go faster that's just cruising speed for

311
00:13:20,310 --> 00:13:15,430
these things all right dude that's

312
00:13:23,790 --> 00:13:20,320
insane 9,000 miles an hour nine thousand

313
00:13:25,170 --> 00:13:23,800

and nine what do do you think we have

314

00:13:27,990 --> 00:13:25,180

stuff that goes nine thousand miles an

315

00:13:30,060 --> 00:13:28,000

hour now hell no no yeah yeah we do yeah

316

00:13:32,160 --> 00:13:30,070

I bet we do I think we got some pretty

317

00:13:34,019 --> 00:13:32,170

crazy stuff especially after this story

318

00:13:36,510 --> 00:13:34,029

we're gonna talk about today yeah it's

319

00:13:38,910 --> 00:13:36,520

really it's really like okay well all

320

00:13:40,800 --> 00:13:38,920

the stuff that we assume that maybe we

321

00:13:43,110 --> 00:13:40,810

have maybe we don't have yeah it's

322

00:13:45,329 --> 00:13:43,120

child's play yeah it's complete child's

323

00:13:46,710 --> 00:13:45,339

play dude right like especially this

324

00:13:48,449 --> 00:13:46,720

story we're gonna go into you like yeah

325

00:13:49,590 --> 00:13:48,459

it really kind of opens up your eyes I

326

00:13:51,630 --> 00:13:49,600

mean I haven't heard this story in a

327

00:13:53,970 --> 00:13:51,640

while and after starting this podcast

328

00:13:55,620 --> 00:13:53,980

and going back to this story really

329

00:13:56,850 --> 00:13:55,630

makes me think about up a lot a lot of

330

00:13:59,360 --> 00:13:56,860

things we've been talking about and

331

00:14:02,040 --> 00:13:59,370

hearing on the news uh-huh and just the

332

00:14:03,540 --> 00:14:02,050

cooperation between Corey good story and

333

00:14:05,519 --> 00:14:03,550

facts that are coming out now and

334

00:14:08,310 --> 00:14:05,529

another testimony and other

335

00:14:10,620 --> 00:14:08,320

whistleblowers and and people on the

336

00:14:13,260 --> 00:14:10,630

inside coming out with very very similar

337

00:14:16,199 --> 00:14:13,270

stories it's it's pretty eerie to see

338

00:14:17,550 --> 00:14:16,209

the the connections there yeah so when

339

00:14:20,160 --> 00:14:17,560

we get to it yeah I think we definitely

340

00:14:24,690 --> 00:14:20,170

have some [h__h] that goes faster than

341

00:14:27,120 --> 00:14:24,700

78,000 miles an hour for sure but yeah

342

00:14:29,250 --> 00:14:27,130

man let's do let's do a couple was so

343

00:14:32,490 --> 00:14:29,260

we're response to write to people right

344

00:14:34,140 --> 00:14:32,500

now abduction 51 Joe you're your sport

345

00:14:36,449 --> 00:14:34,150

in one of their shirts tell us a little

346

00:14:39,000 --> 00:14:36,459

bit about oh dude I got the I got the

347

00:14:41,760 --> 00:14:39,010

alien hand you have a lien hand on today

348

00:14:44,340 --> 00:14:41,770

yeah abduction 51 I finally got my stuff

349

00:14:46,110 --> 00:14:44,350

in oh I've got her shirt too yeah he

350

00:14:48,150 --> 00:14:46,120

gives it they're super comfy dude

351

00:14:50,430 --> 00:14:48,160

yeah like yells post it looks good look

352

00:14:53,130 --> 00:14:50,440

good to the shirt looks it looks silky

353

00:14:54,780 --> 00:14:53,140

smooth it is pretty smooth oh yes it's

354

00:14:56,420 --> 00:14:54,790

brand-new I like that the hand only has

355

00:14:57,410 --> 00:14:56,430

four fingers too

356

00:14:59,750 --> 00:14:57,420

that's pretty safe yeah it's pretty

357

00:15:01,700 --> 00:14:59,760

sweet it's a large large image yeah I

358

00:15:04,250 --> 00:15:01,710

like it I don't like it though yeah you

359

00:15:06,380 --> 00:15:04,260

would you think you know you see images

360

00:15:08,150 --> 00:15:06,390

online of shirts online we're talking

361

00:15:09,470 --> 00:15:08,160

about shopping online earlier you think

362

00:15:10,970 --> 00:15:09,480

it's gonna be one thing when you get if

363

00:15:13,820 --> 00:15:10,980

it's not but that's I mean that's an

364

00:15:15,949 --> 00:15:13,830

awesome like full shirt print like

365

00:15:17,960 --> 00:15:15,959

that's not cheap to make yeah definitely

366

00:15:20,150 --> 00:15:17,970

definitely so yeah I'm excited I got it

367

00:15:22,550 --> 00:15:20,160

took me about two weeks yeah I guess

368

00:15:24,019 --> 00:15:22,560

coming from the UK I mean yeah yeah too

369

00:15:26,030 --> 00:15:24,029

bad it wasn't bad at all

370

00:15:27,860 --> 00:15:26,040

it's kind of a long time but I mean not

371

00:15:30,850 --> 00:15:27,870

too bad well they had to send it on the

372

00:15:33,139 --> 00:15:30,860

male flower yeah the male flower yeah

373

00:15:37,100 --> 00:15:33,149

yeah and I got more stuff on the way too

374

00:15:38,630 --> 00:15:37,110

I got a hat and another shirt nice they

375

00:15:41,090 --> 00:15:38,640

built it sure

376

00:15:44,150 --> 00:15:41,100

oh okay I got the pyramid in the UFO on

377

00:15:46,070 --> 00:15:44,160

top that's a oh it looks like the

378

00:15:48,170 --> 00:15:46,080

pyramids coming out of the UFO that's

379

00:15:50,240 --> 00:15:48,180

sick and then we got shirts on the way

380

00:15:50,960 --> 00:15:50,250

too right yeah man they should be here

381

00:15:53,240 --> 00:15:50,970

pretty soon

382

00:15:55,160 --> 00:15:53,250

383

00:15:57,230 --> 00:15:55,170

00:16:25,910 --> 00:16:23,730

know that I got assaulted black but they

398

00:16:26,840 --> 00:16:25,920

399

00:16:28,490 --> 00:16:26,850

was even an option

400

00:16:29,900 --> 00:16:28,500

I didn't even seen that when I was

401
00:16:31,310 --> 00:16:29,910

402
00:16:34,400 --> 00:16:31,320

403
00:16:35,630 --> 00:16:34,410

404
00:16:38,780 --> 00:16:35,640

okay I'm pausing it right click click oh

437

00:18:04,909 --> 00:18:03,510

yeah dude so the steel UFO yeah man I

438

00:18:06,320 --> 00:18:04,919

thought that was pretty cool like it's

439

00:18:10,909 --> 00:18:06,330

something I had seen a few years ago

440

00:18:13,060 --> 00:18:10,919

yeah what do you say 2015 I think is

441

00:18:16,250 --> 00:18:13,070

when all these people saw this thing I

442

00:18:19,310 --> 00:18:16,260

just clicked on it it was 2008 2008

443

00:18:21,860 --> 00:18:19,320

Friday July 18 2008 ooh

444

00:18:28,700 --> 00:18:21,870

July 18 dude that was the year I

445

00:18:31,310 --> 00:18:28,710

graduated it's 2008 oh really yeah man

446

00:18:33,260 --> 00:18:31,320

yes I think seem pretty crazy I think

447

00:18:36,020 --> 00:18:33,270

it's remember seeing something about it

448

00:18:37,970 --> 00:18:36,030

it was either Discovery Channel oh yeah

449

00:18:39,740 --> 00:18:37,980

it everywhere like yeah it's been

450

00:18:42,860 --> 00:18:39,750

everywhere but I have a documentary

451
00:18:44,570 --> 00:18:42,870
about it now yeah yeah we have some we

452
00:18:46,640 --> 00:18:44,580
have some family that lives out in

453
00:18:48,470 --> 00:18:46,650
Stephenville we should take a trip out

454
00:18:50,720 --> 00:18:48,480
there one night dude let's do it you

455
00:18:51,230 --> 00:18:50,730
should take a trip out there just crash

456
00:18:53,299 --> 00:18:51,240
for the night

457
00:18:56,120 --> 00:18:53,309
I'll bring the telescope you and we can

458
00:18:57,740 --> 00:18:56,130
just bring our lasers and just scope it

459
00:19:00,040 --> 00:18:57,750
out yeah all right where there's no moon

460
00:19:02,350 --> 00:19:00,050
yeah go scope it out to hell yeah

461
00:19:04,840 --> 00:19:02,360
that'd be sued every pretty sweet all

462
00:19:06,160 --> 00:19:04,850
right I want to go on a UFO hunt me too

463
00:19:07,570 --> 00:19:06,170

I'm really better out where there's like

464

00:19:09,150 --> 00:19:07,580

but we got to go in like a moment's

465

00:19:12,010 --> 00:19:09,160

notice you think it's like fishing

466

00:19:14,320 --> 00:19:12,020

yeah when people have like a sweet spot

467

00:19:16,419 --> 00:19:14,330

absolutely it's either that or like you

468

00:19:18,160 --> 00:19:16,429

know that there's uh there's been some

469

00:19:20,560 --> 00:19:18,170

sightings in the past couple weeks and

470

00:19:23,020 --> 00:19:20,570

then we got to get get on you you know

471

00:19:25,630 --> 00:19:23,030

it's almost like moments notice where we

472

00:19:27,549 --> 00:19:25,640

find out we just look I guess check move

473

00:19:29,799 --> 00:19:27,559

on and just see where we're in Texas

474

00:19:31,480 --> 00:19:29,809

yeah these UFOs are popping up cuz

475

00:19:32,890 --> 00:19:31,490

they're popping up all the time and if

476

00:19:35,410 --> 00:19:32,900

we can figure out just a couple of days

477

00:19:37,900 --> 00:19:35,420

before we could do a quick trip you know

478

00:19:39,760 --> 00:19:37,910

like drive to wherever and just been a

479

00:19:43,570 --> 00:19:39,770

you know spend a night there and then

480

00:19:45,400 --> 00:19:43,580

come back but yeah this thing out in

481

00:19:47,560 --> 00:19:45,410

Stephenville dude people were reporting

482

00:19:51,250 --> 00:19:47,570

that it was like three to four football

483

00:19:52,720 --> 00:19:51,260

fields long yeah like what yeah

484

00:19:55,180 --> 00:19:52,730

that's thought to you you said was a

485

00:19:56,020 --> 00:19:55,190

circle right yeah yeah it was a giant

486

00:19:58,270 --> 00:19:56,030

yeah

487

00:19:59,860 --> 00:19:58,280

jaian off of four football fields long

488

00:20:03,669 --> 00:19:59,870

do they say anything about like the

489

00:20:05,799 --> 00:20:03,679

color of the lights I don't know maybe

490

00:20:08,290 --> 00:20:05,809

like if they're red or like different

491

00:20:10,840 --> 00:20:08,300

colors I'm not sure I'm not sure it was

492

00:20:13,120 --> 00:20:10,850

a while ago since I just I've seen the

493

00:20:15,669 --> 00:20:13,130

thing on it so I can't recall exactly

494

00:20:16,930 --> 00:20:15,679

what the people said but gotcha I was

495

00:20:18,549 --> 00:20:16,940

just kind of scrolling through some

496

00:20:20,799 --> 00:20:18,559

stuff the other day and I came across

497

00:20:23,410 --> 00:20:20,809

and was like ah that'd be kind of cool

498

00:20:25,210 --> 00:20:23,420

we could go out there and and crash for

499

00:20:27,130 --> 00:20:25,220

the night and just go look for some UFO

500

00:20:29,200 --> 00:20:27,140

oh yeah because if it stopped there

501
00:20:31,570 --> 00:20:29,210
wants yeah I you know you would think

502
00:20:34,090 --> 00:20:31,580
maybe that's some sort of path they

503
00:20:35,230 --> 00:20:34,100
elope maybe do like a little trajectory

504
00:20:36,610 --> 00:20:35,240
like they're trying to get somewhere

505
00:20:39,549 --> 00:20:36,620
else and they just happen to be flying

506
00:20:41,950 --> 00:20:39,559
over Stephenville yeah yeah I mean like

507
00:20:43,660 --> 00:20:41,960
because it's a middle of nowhere yeah I

508
00:20:46,270 --> 00:20:43,670
mean the the story that I heard from

509
00:20:49,000 --> 00:20:46,280
friend was that all they saw was just

510
00:20:52,060 --> 00:20:49,010
maybe five to eight different dots that

511
00:20:54,010 --> 00:20:52,070
were sporadically dancing around in the

512
00:20:57,730 --> 00:20:54,020
sky that he said it looked like almost

513
00:20:59,680 --> 00:20:57,740

like the the path of of lightning you

514

00:21:01,330 --> 00:20:59,690

know how it's really unpredictable yeah

515

00:21:02,770 --> 00:21:01,340

and it happens just really fast but you

516

00:21:03,940 --> 00:21:02,780

could see the trail of the lights and

517

00:21:05,500 --> 00:21:03,950

they were all different colors like

518

00:21:07,600 --> 00:21:05,510

rainbow colored lights and just

519

00:21:10,030 --> 00:21:07,610

sporadically moving around but like

520

00:21:11,860 --> 00:21:10,040

really fast but he didn't say anything

521

00:21:12,360 --> 00:21:11,870

about like a large craft or anything but

522

00:21:14,549 --> 00:21:12,370

it said

523

00:21:17,039 --> 00:21:14,559

in the radar picked up two different

524

00:21:19,140 --> 00:21:17,049

things yeah right yeah yeah that's

525

00:21:21,750 --> 00:21:19,150

insane so then the Air Force was like oh

526

00:21:24,899 --> 00:21:21,760

we were doing training uh-huh but this

527

00:21:26,700 --> 00:21:24,909

thing took off and then some of the the

528

00:21:30,210 --> 00:21:26,710

I witness 'iz were saying yeah it took

529

00:21:33,690 --> 00:21:30,220

off and then it was followed by two f-16

530

00:21:36,149 --> 00:21:33,700

right right so that thing you know it

531

00:21:38,130 --> 00:21:36,159

flew at like 7,000 miles an hour they

532

00:21:40,950 --> 00:21:38,140

they tracked that big-ass thing that

533

00:21:44,510 --> 00:21:40,960

big-ass oh my yeah four football fields

534

00:21:46,950 --> 00:21:44,520

long I was listening to another guy

535

00:21:51,720 --> 00:21:46,960

shoutout to Clyde Lewis again ground

536

00:21:55,320 --> 00:21:51,730

zero what a caller called in he said he

537

00:21:58,529 --> 00:21:55,330

saw a UFO that was like eight stories

538

00:22:01,740 --> 00:21:58,539

tall it was almost like a cube and look

539

00:22:03,510 --> 00:22:01,750

it looked like a skyscraper it was just

540

00:22:05,990 --> 00:22:03,520

floating through the sky and I've and

541

00:22:10,380 --> 00:22:06,000

I've heard reports of these like you

542

00:22:11,909 --> 00:22:10,390

know building type UFOs they look almost

543

00:22:14,100 --> 00:22:11,919

like buildings huh

544

00:22:16,649 --> 00:22:14,110

and it's just got like a crazy little

545

00:22:19,649 --> 00:22:16,659

you know glow to it but he said it was

546

00:22:22,440 --> 00:22:19,659

huge and it made like this roaring

547

00:22:24,419 --> 00:22:22,450

rumbling sound through the air which is

548

00:22:26,700 --> 00:22:24,429

weird because usually you hear about

549

00:22:29,220 --> 00:22:26,710

them not making any noise and this thing

550

00:22:31,139 --> 00:22:29,230

he said sound like a train boy and he

551
00:22:32,970 --> 00:22:31,149
woke up cuz the noise was so loud and

552
00:22:34,529 --> 00:22:32,980
his wife was like what's going on and so

553
00:22:36,690 --> 00:22:34,539
he went outside to check it out and he

554
00:22:40,110 --> 00:22:36,700
was like there's like this eight story

555
00:22:41,549 --> 00:22:40,120
flying object just flying through the

556
00:22:43,019 --> 00:22:41,559
sky whoa

557
00:22:44,909 --> 00:22:43,029
yeah dude and what makes me think of

558
00:22:46,139 --> 00:22:44,919
that that anomaly that was happening I

559
00:22:47,789 --> 00:22:46,149
think it was like in Chicago or

560
00:22:49,620 --> 00:22:47,799
somewhere somewhere up north where

561
00:22:51,750 --> 00:22:49,630
people were hearing these low Rumble

562
00:22:53,580 --> 00:22:51,760
noises at night yeah yeah they don't

563
00:22:54,990 --> 00:22:53,590

sound like almost like horns or

564

00:22:57,539 --> 00:22:55,000

something in the sky and then like they

565

00:22:59,399 --> 00:22:57,549

would hear like a grumbly sound yeah

566

00:23:02,039 --> 00:22:59,409

dude apparently that happens all over

567

00:23:03,539 --> 00:23:02,049

the world but you figure it out maybe

568

00:23:04,590 --> 00:23:03,549

that's just these craft flying around

569

00:23:06,060 --> 00:23:04,600

and you can't see him because they're

570

00:23:07,740 --> 00:23:06,070

above the clouds or something could be

571

00:23:09,630 --> 00:23:07,750

it or maybe they're in stealth mode and

572

00:23:11,310 --> 00:23:09,640

you can't see you know you're seeing

573

00:23:12,870 --> 00:23:11,320

straight through them yeah and they're

574

00:23:15,240 --> 00:23:12,880

just like sitting next to your house

575

00:23:18,029 --> 00:23:15,250

yeah it could be get some McDonald's

576

00:23:20,350 --> 00:23:18,039

yeah they're like in the line you know

577

00:23:23,160 --> 00:23:20,360

yep

578

00:23:29,140 --> 00:23:23,170

it's like nobody next to you you here

579

00:23:32,020 --> 00:23:29,150

can I get a number three no onions

580

00:23:32,650 --> 00:23:32,030

let me get us then we get a sprite no

581

00:23:34,990 --> 00:23:32,660

Coke

582

00:23:38,890 --> 00:23:35,000

no no no make that a coke I'm sorry I'm

583

00:23:42,820 --> 00:23:38,900

sorry a coke I can get happy ma wait

584

00:23:44,590 --> 00:23:42,830

wait - happy most it's always funny cuz

585

00:23:49,390 --> 00:23:44,600

like sometimes Amanda will go through

586

00:23:49,960 --> 00:23:49,400

there and and nobody like yeah can I get

587

00:23:51,880 --> 00:23:49,970

a happy meal

588

00:23:54,400 --> 00:23:51,890

we'll get the Nuggets and then they'll

589

00:23:56,290 --> 00:23:54,410

like damn I do you want that yeah they

590

00:23:59,230 --> 00:23:56,300

like do do you want that you want the

591

00:24:02,230 --> 00:23:59,240

apples or the yogurt and we'll be like

592

00:24:04,000 --> 00:24:02,240

can we just get more fries like like

593

00:24:05,890 --> 00:24:04,010

we're like just stuffing our kids face

594

00:24:07,990 --> 00:24:05,900

full of fries I'm like yeah they think

595

00:24:10,420 --> 00:24:08,000

we're shitty parents cuz you're offering

596

00:24:14,320 --> 00:24:10,430

yogurt and apples yeah we just need more

597

00:24:17,440 --> 00:24:14,330

fries you making a large fry little

598

00:24:20,470 --> 00:24:17,450

Timmy's hyung no Tim Tim Tim Tim Tim -

599

00:24:24,160 --> 00:24:20,480

do y'all still get the toy with it uh

600

00:24:27,850 --> 00:24:24,170

yeah she does it comes with it I mean we

601
00:24:29,350 --> 00:24:27,860
don't ask for nothing but if they forget

602
00:24:33,490 --> 00:24:29,360
to put it in there we will turn around

603
00:24:37,120 --> 00:24:33,500
and go get I made my parents do that so

604
00:24:38,620 --> 00:24:37,130
much growing up dude because I used to

605
00:24:45,640 --> 00:24:38,630
have long hair and they used to mistake

606
00:24:47,320 --> 00:24:45,650
me for a girl girl boy and they used to

607
00:24:51,040 --> 00:24:47,330
give me the [h__\h] girl toy that's

608
00:24:52,900 --> 00:24:51,050
hilarious cry I was a little kid man

609
00:24:54,640 --> 00:24:52,910
remember when the Power Rangers movie

610
00:24:59,040 --> 00:24:54,650
came out and they and they had the

611
00:25:02,860 --> 00:24:59,050
little belt with the little coins yes

612
00:25:05,080 --> 00:25:02,870
yes man oh dude I had so many little

613
00:25:06,340 --> 00:25:05,090

action figures of uh Power Rangers

614

00:25:08,170 --> 00:25:06,350

they're the one where you press a little

615

00:25:14,560 --> 00:25:08,180

button on their back and then uh there

616

00:25:15,730 --> 00:25:14,570

are had like the Megazord it was sweet

617

00:25:18,310 --> 00:25:15,740

you can collect them all and put them

618

00:25:21,580 --> 00:25:18,320

together I was dope damn yeah I never

619

00:25:22,540 --> 00:25:21,590

got we didn't go to McDowell Emmy go you

620

00:25:25,060 --> 00:25:22,550

know that was like you could go to

621

00:25:26,710 --> 00:25:25,070

Walmart and buy like a like toys and I

622

00:25:29,539 --> 00:25:26,720

got you collected them all you could put

623

00:25:32,629 --> 00:25:29,549

them together yeah and build the

624

00:25:34,039 --> 00:25:32,639

the monopoly thing at McDonald's oh yeah

625

00:25:34,940 --> 00:25:34,049

I still do it they still have it like

626

00:25:37,369 --> 00:25:34,950

once a year

627

00:25:40,549 --> 00:25:37,379

dude I remember eating so much

628

00:25:42,710 --> 00:25:40,559

McDonald's one summer yeah I got so

629

00:25:46,039 --> 00:25:42,720

close to like filling out the board

630

00:25:48,139 --> 00:25:46,049

I was so close dude I mean I hope you a

631

00:25:50,299 --> 00:25:48,149

while no one's ever gonna get it yeah

632

00:25:52,850 --> 00:25:50,309

you gotta like travel around yeah I

633

00:25:55,970 --> 00:25:52,860

think to get all the pieces does I end

634

00:25:58,279 --> 00:25:55,980

up getting like like thirty yellow

635

00:26:01,340 --> 00:25:58,289

pieces and it's only like the same -

636

00:26:04,430 --> 00:26:01,350

yeah yeah it looks like Julia I'm like a

637

00:26:09,580 --> 00:26:04,440

free box fries on us yeah yeah like

638

00:26:15,489 --> 00:26:09,590

thirty yellow like a drink with purchase

639

00:26:20,299 --> 00:26:15,499

by some [h__h] drink only cost you 18

640

00:26:22,669 --> 00:26:20,309

give it to me less than that Jesus yes

641

00:26:27,289 --> 00:26:22,679

did you know Buckethead wrote the theme

642

00:26:29,919 --> 00:26:27,299

song - uh Power Rangers no yeah but the

643

00:26:33,139 --> 00:26:29,929

intro theme song that's why it's so sick

644

00:26:35,389 --> 00:26:33,149

yeah it is a really sick intro so yeah

645

00:26:36,950 --> 00:26:35,399

it is that guitar he's just shredding it

646

00:26:40,580 --> 00:26:36,960

yeah it's a bucket head that wrote that

647

00:26:43,519 --> 00:26:40,590

Wow that's pretty cool fact bucket head

648

00:26:45,769 --> 00:26:43,529

man he's everywhere an act on what so I

649

00:26:49,430 --> 00:26:45,779

always kind of confuse bucket head with

650

00:26:54,139 --> 00:26:49,440

Wonder slosh no bucket head the KFC

651
00:26:57,109 --> 00:26:54,149
funeral the KFC [h__h] it's got it

652
00:27:00,320 --> 00:26:57,119
you know talking about the slash know

653
00:27:02,450 --> 00:27:00,330
the episode of South Park they make a

654
00:27:04,789 --> 00:27:02,460
slash into like this mythical figure

655
00:27:06,739 --> 00:27:04,799
where he's like Santa Claus or anybody

656
00:27:10,249 --> 00:27:06,749
could be slash and they parties and

657
00:27:12,529 --> 00:27:10,259
stuff dude I never get your references

658
00:27:16,820 --> 00:27:12,539
that's all you watch so much weird [h__h]

659
00:27:20,419 --> 00:27:16,830
I'm from South Park South Park tim and

660
00:27:22,549 --> 00:27:20,429
eric' old spongebob like every everyone

661
00:27:25,629 --> 00:27:22,559
you've brought out I haven't known what

662
00:27:30,399 --> 00:27:25,639
it is you always go along appreciate it

663
00:27:34,430 --> 00:27:33,169

all right so it's Stephenville

664

00:27:36,139 --> 00:27:34,440

I mean yeah I don't really know much

665

00:27:38,779 --> 00:27:36,149

more about the Stephenville thing but I

666

00:27:40,420 --> 00:27:38,789

mean it's like a famous Texas UFO

667

00:27:43,210 --> 00:27:40,430

sighting that zap

668

00:27:44,830 --> 00:27:43,220

in like the most recent times and I mean

669

00:27:46,990 --> 00:27:44,840

you talk to anybody that's from Texas

670

00:27:49,750 --> 00:27:47,000

they've heard of or even knows somebody

671

00:27:50,980 --> 00:27:49,760

that was there or they know somebody

672

00:27:53,320 --> 00:27:50,990

that knows somebody that knows somebody

673

00:27:55,750 --> 00:27:53,330

that witnessed it yes it's definitely

674

00:27:57,550 --> 00:27:55,760

like a really important maybe one day we

675

00:27:59,680 --> 00:27:57,560

can get like two or three people

676
00:28:02,560 --> 00:27:59,690
together that witnessed it yeah and then

677
00:28:04,120 --> 00:28:02,570
just go up there and interview all three

678
00:28:05,800 --> 00:28:04,130
of them to that begin just throw it up

679
00:28:08,950 --> 00:28:05,810
on the podcast or something yeah do a

680
00:28:10,780 --> 00:28:08,960
little episode yeah yeah video episode

681
00:28:12,760 --> 00:28:10,790
now be cool we'd have to just film it on

682
00:28:17,850 --> 00:28:12,770
our iPhones because we haven't sold

683
00:28:23,500 --> 00:28:19,930
Android version and the iPhone version

684
00:28:26,350 --> 00:28:23,510
right all right yeah dude that would be

685
00:28:29,890 --> 00:28:26,360
pretty sick and then then I just go UFO

686
00:28:32,050 --> 00:28:29,900
hunting dude yes yeah it would be like

687
00:28:34,780 --> 00:28:32,060
one of those episodes of uh you know

688
00:28:37,570 --> 00:28:34,790

like UFO hunter yeah but with two DS

689

00:28:40,290 --> 00:28:37,580

like just they can just way more goofy

690

00:28:43,660 --> 00:28:40,300

yeah as if we could get any more goofy

691

00:28:48,970 --> 00:28:43,670

then we would make our own episode would

692

00:28:52,030 --> 00:28:48,980

be like hey what are you doing so are

693

00:28:54,480 --> 00:28:52,040

you see you're from Stephenville so like

694

00:28:57,220 --> 00:28:54,490

you saw it or what

695

00:29:00,790 --> 00:28:57,230

so like would would like did you see or

696

00:29:06,640 --> 00:29:00,800

somebody see if you're from Stephenville

697

00:29:11,950 --> 00:29:06,650

was the big could you hear it did you

698

00:29:15,120 --> 00:29:11,960

smell like a smell by the way what's

699

00:29:23,400 --> 00:29:18,130

wait wait hold on what's your name we'll

700

00:29:25,780 --> 00:29:23,410

have to edit this in and we won't yeah

701

00:29:27,430 --> 00:29:25,790

we'll have like the little title screen

702

00:29:34,420 --> 00:29:27,440

at the bottom it's like we don't know

703

00:29:44,500 --> 00:29:34,430

his name yet it was a UFO garage podcast

704

00:29:48,250 --> 00:29:44,510

interview with death coming soon TBD so

705

00:29:51,590 --> 00:29:48,260

just say dude dude

706

00:29:55,010 --> 00:29:51,600

we should do the dude episode the dew

707

00:29:58,130 --> 00:29:55,020

episode of dude episode like The Big

708

00:29:59,659 --> 00:29:58,140

Lebowski that'd be sick that would be

709

00:30:01,580 --> 00:29:59,669

safety let's interview I bet he's seen

710

00:30:03,200 --> 00:30:01,590

some [h__\h] out in California or we could

711

00:30:05,180 --> 00:30:03,210

just record an episode where we were

712

00:30:07,549 --> 00:30:05,190

both wearing like bathrobes and drinking

713

00:30:10,460 --> 00:30:07,559

white Russians mm that'd be sweet a pile

714

00:30:13,159 --> 00:30:10,470

of White Russians delicious just do that

715

00:30:16,130 --> 00:30:13,169

but yeah dude yeah sorry we don't know

716

00:30:18,320 --> 00:30:16,140

more about this evening yeah I know but

717

00:30:21,230 --> 00:30:18,330

that is kind of cool you know I thought

718

00:30:23,299 --> 00:30:21,240

that that part were somebody visited

719

00:30:23,779 --> 00:30:23,309

that man's house oh yeah it was pretty

720

00:30:28,310 --> 00:30:23,789

crazy

721

00:30:30,620 --> 00:30:28,320

yeah right yeah basically showed up to

722

00:30:32,270 --> 00:30:30,630

his door and the guy had a had a gun in

723

00:30:35,510 --> 00:30:32,280

his hand but the guy who showed up to

724

00:30:37,070 --> 00:30:35,520

his door was like we got a lot you know

725

00:30:39,649 --> 00:30:37,080

we got the same caliber weapons as you

726

00:30:41,419 --> 00:30:39,659

just with a lot more ammunition you

727

00:30:42,049 --> 00:30:41,429

better shut your mouth you didn't see

728

00:30:44,090 --> 00:30:42,059

anything

729

00:30:47,299 --> 00:30:44,100

yeah I wonder if that deal was in like a

730

00:30:49,370 --> 00:30:47,309

black suit or something hey I'd love to

731

00:30:51,529 --> 00:30:49,380

talk to that yeah that that the heavy

732

00:30:53,779 --> 00:30:51,539

guy come to his house mm-hmm I would

733

00:30:55,909 --> 00:30:53,789

love to talk to that guy yeah his name

734

00:30:59,590 --> 00:30:55,919

it's not on there it was not on there

735

00:31:03,110 --> 00:30:59,600

yeah well we could talk to Alan oh yeah

736

00:31:05,450 --> 00:31:03,120

Alan said hey from around here are you

737

00:31:07,430 --> 00:31:05,460

boys I don't know if it was a biblical

738

00:31:09,590 --> 00:31:07,440

experience or somebody from a different

739

00:31:11,899 --> 00:31:09,600

universe or whatever but it was

740

00:31:13,730 --> 00:31:11,909

definitely not from around these parts I

741

00:31:15,409 --> 00:31:13,740

want to talk to him I want to talk to

742

00:31:16,010 --> 00:31:15,419

Alan did I'm just guessing that's what

743

00:31:18,500 --> 00:31:16,020

he sounds like

744

00:31:20,180 --> 00:31:18,510

that's probably maybe I mean it's not

745

00:31:23,120 --> 00:31:20,190

far off yeah that's how most of my

746

00:31:25,070 --> 00:31:23,130

family talks yeah yeah I know yeah dude

747

00:31:28,149 --> 00:31:25,080

that's the time I mean it Alan Stephen

748

00:31:31,010 --> 00:31:28,159

go sure yeah yeah dude oh speaking of a

749

00:31:33,830 --> 00:31:31,020

texan or southern accent you sent me a

750

00:31:36,830 --> 00:31:33,840

Calvin Calvin Barger yeah when Parker's

751
00:31:40,460 --> 00:31:36,840
gonna be at the UFO Continental Congress

752
00:31:42,140 --> 00:31:40,470
- oh that's gonna be cool - try to talk

753
00:31:42,940 --> 00:31:42,150
to him yeah there we go

754
00:31:46,480 --> 00:31:42,950
that's

755
00:31:49,200 --> 00:31:46,490
oh my god I love that guy only friend of

756
00:31:51,490 --> 00:31:49,210
them yes if we show up with a happy meal

757
00:31:54,430 --> 00:31:51,500
he'll want to talk to us hey Calvin

758
00:31:56,560 --> 00:31:54,440
Calvin Calvin we're shaking in the

759
00:31:58,659 --> 00:31:56,570
background yeah we're just like prairie

760
00:32:04,450 --> 00:31:58,669
dog in behind all these people Calvin

761
00:32:13,840 --> 00:32:04,460
hey dude hey Calvin Parker T dude can we

762
00:32:27,460 --> 00:32:13,850
can we can we talking it's us hey did

763
00:32:28,930 --> 00:32:27,470

you see it and then uh you get this

764

00:32:30,850 --> 00:32:28,940

happy meal after you finish the

765

00:32:36,700 --> 00:32:30,860

interview yeah I mean it better be good

766

00:32:37,840 --> 00:32:36,710

too yes okay so uh all right so that's

767

00:32:40,870 --> 00:32:37,850

that's pretty much all we know about

768

00:32:45,279 --> 00:32:40,880

Stephenville yeah dude let's go let's go

769

00:32:47,519 --> 00:32:45,289

into Mars a little bit so you've seen

770

00:32:50,409 --> 00:32:47,529

the same thing I have about Cory good

771

00:32:52,299 --> 00:32:50,419

Cory good just an intro for Corrigan I

772

00:32:54,370 --> 00:32:52,309

know we've we both mentioned him a few

773

00:32:57,100 --> 00:32:54,380

times on this episode and his story is

774

00:32:59,409 --> 00:32:57,110

so so massive like it's just hours and

775

00:33:00,070 --> 00:32:59,419

hours we mentioned this before but he's

776

00:33:04,690 --> 00:33:00,080

an insider

777

00:33:07,950 --> 00:33:04,700

he's one of David Wilcock insiders he

778

00:33:10,600 --> 00:33:07,960

has been for a number of years and he

779

00:33:12,940 --> 00:33:10,610

appeared on this show called cosmic

780

00:33:14,830 --> 00:33:12,950

disclosure on Gaia and he kind of just

781

00:33:16,570 --> 00:33:14,840

goes in on this whole story but I guess

782

00:33:17,950 --> 00:33:16,580

for this purposes like it would be a

783

00:33:19,659 --> 00:33:17,960

really long podcast and we did the whole

784

00:33:21,310 --> 00:33:19,669

story so just to focus on the morrow

785

00:33:23,769 --> 00:33:21,320

stuff it will focus on the morrow stuff

786

00:33:24,549 --> 00:33:23,779

there's a lot to it and it's pretty cool

787

00:33:27,310 --> 00:33:24,559

yeah

788

00:33:30,129 --> 00:33:27,320

so remember and the last one we were

789

00:33:32,409 --> 00:33:30,139

like so who are the resistance uh-huh

790

00:33:34,960 --> 00:33:32,419

are these guys the resistance alliance

791

00:33:38,019 --> 00:33:34,970

or the a/v Alliance I think so yeah the

792

00:33:41,080 --> 00:33:38,029

secret space program or or what Corey

793

00:33:43,840 --> 00:33:41,090

was a leader brought into well basically

794

00:33:46,659 --> 00:33:43,850

like you know like yeah all these guys

795

00:33:49,149 --> 00:33:46,669

like on the disclosure like are they the

796

00:33:51,460 --> 00:33:49,159

the Alliance oh and they just haven't

797

00:33:54,039 --> 00:33:51,470

like put out like were the Alliance

798

00:33:56,499 --> 00:33:54,049

right you know just like all those other

799

00:33:57,759 --> 00:33:56,509

guys aren't like yeah we're the cabal

800

00:33:59,379 --> 00:33:57,769

right you know you just kind of have to

801
00:34:02,049 --> 00:33:59,389
like piece it together and you're like

802
00:34:04,779 --> 00:34:02,059
oh these people are part of the Cabal

803
00:34:07,569 --> 00:34:04,789
these people must be part of the

804
00:34:09,669 --> 00:34:07,579
Alliance yeah dude I've never thought

805
00:34:11,859 --> 00:34:09,679
about that absolutely I think they're

806
00:34:13,720 --> 00:34:11,869
the part of the Alliance they have to be

807
00:34:18,609 --> 00:34:13,730
I want to be part of the Alliance dude

808
00:34:21,129 --> 00:34:18,619
yeah me too man man hey if you guys are

809
00:34:24,730 --> 00:34:21,139
listening me a bit want to be part of

810
00:34:27,789 --> 00:34:24,740
the Alliance yeah we can we be part of

811
00:34:29,259 --> 00:34:27,799
it they're like no matter though

812
00:34:31,899 --> 00:34:29,269
maybe we already are just doing what

813
00:34:33,789 --> 00:34:31,909

we're doing dude yeah yeah maybe where

814

00:34:35,680 --> 00:34:33,799

there's no initiation hell yeah you just

815

00:34:37,329 --> 00:34:35,690

made me feel really good yeah may or may

816

00:34:39,490 --> 00:34:37,339

be we already are a part of the Alliance

817

00:34:41,889 --> 00:34:39,500

and we're just trying to act like we're

818

00:34:43,659 --> 00:34:41,899

not so we don't get targeted mm-hm

819

00:34:49,029 --> 00:34:43,669

so it's like we're like double double

820

00:34:52,230 --> 00:34:49,039

double sevens we're gonna give up we're

821

00:34:54,879 --> 00:34:52,240

gonna get something in the mail yeah

822

00:34:56,950 --> 00:34:54,889

it's like a handprint on a piece of

823

00:34:58,720 --> 00:34:56,960

paper it says we know we know

824

00:35:01,359 --> 00:34:58,730

but it's like it's like the four the

825

00:35:03,430 --> 00:35:01,369

four finger hand print or or what if we

826

00:35:05,230 --> 00:35:03,440

go to McDonald's and we get happy meals

827

00:35:08,109 --> 00:35:05,240

and there's a note inside instead of the

828

00:35:09,999 --> 00:35:08,119

toy dude yeah it's like it's like an

829

00:35:14,289 --> 00:35:10,009

invitation to the miracle of Marriott

830

00:35:21,609 --> 00:35:14,299

hotel that we see the ballroom and then

831

00:35:26,079 --> 00:35:21,619

we show up and it's Ronald McDonald but

832

00:35:27,490 --> 00:35:26,089

so anyways so dude like I don't know I

833

00:35:29,019 --> 00:35:27,500

think I think they are part of the

834

00:35:30,279 --> 00:35:29,029

Alliance I think they are too you man

835

00:35:34,769 --> 00:35:30,289

I've never thought about that before

836

00:35:40,269 --> 00:35:34,779

uh-huh so so Cory Cory goods story about

837

00:35:42,009 --> 00:35:40,279

Mars it starts it's it's like season 2

838

00:35:43,180 --> 00:35:42,019

episode 8 or something right no that's

839

00:35:47,289 --> 00:35:43,190

what you're talking about

840

00:35:48,940 --> 00:35:47,299

yeah it's in season 2 yeah that's just

841

00:35:51,759 --> 00:35:48,950

kind of where I got up to was like

842

00:35:54,609 --> 00:35:51,769

episode 8 yeah but he kind of starts

843

00:35:57,910 --> 00:35:54,619

getting into it when he starts talking

844

00:36:01,690 --> 00:35:57,920

about the dirt the Germans and how they

845

00:36:03,339 --> 00:36:01,700

had already had access to the moon they

846

00:36:06,860 --> 00:36:03,349

were already going to the moon in the

847

00:36:09,860 --> 00:36:06,870

1920s starting in 1920s right

848

00:36:11,120 --> 00:36:09,870

right and so you know if you were talked

849

00:36:14,180 --> 00:36:11,130

to this you know like with regular

850

00:36:15,860 --> 00:36:14,190

people or whatever that sounds insane

851
00:36:16,490 --> 00:36:15,870
right because we didn't even go to the

852
00:36:22,400 --> 00:36:16,500
moon

853
00:36:26,090 --> 00:36:22,410
till 1969 you know and and you know even

854
00:36:28,160 --> 00:36:26,100
the project horizon you know late 50s

855
00:36:31,370 --> 00:36:28,170
early 60s they were like yeah we're

856
00:36:32,990 --> 00:36:31,380
gonna get this program started and so I

857
00:36:36,200 --> 00:36:33,000
was thinking about that the project

858
00:36:37,610 --> 00:36:36,210
horizon yeah well actually I'll save

859
00:36:39,860 --> 00:36:37,620
that for whenever we get a little closer

860
00:36:43,100 --> 00:36:39,870
to that time period sure yeah right but

861
00:36:45,710 --> 00:36:43,110
so so the Germans were already on the

862
00:36:48,080 --> 00:36:45,720
moon but it was like this secret like

863
00:36:50,210 --> 00:36:48,090

shadow government yeah that wasn't in

864

00:36:51,380 --> 00:36:50,220

charge of these projects uh it wasn't it

865

00:36:54,740 --> 00:36:51,390

wasn't available to the public

866

00:36:56,180 --> 00:36:54,750

yeah and this is from supposed breakaway

867

00:36:58,460 --> 00:36:56,190

civilizations yeah all right

868

00:37:02,330 --> 00:36:58,470

they were approached they were

869

00:37:03,770 --> 00:37:02,340

approached by the Guardians right and I

870

00:37:05,930 --> 00:37:03,780

thought it was the Draco that approached

871

00:37:08,630 --> 00:37:05,940

German it is that it is a Draco the

872

00:37:11,660 --> 00:37:08,640

Draco also approached them but the Draco

873

00:37:13,070 --> 00:37:11,670

had more of a evil intention right about

874

00:37:15,200 --> 00:37:13,080

so the Agartha is do you think it has

875

00:37:17,900 --> 00:37:15,210

anything to do with our previous episode

876

00:37:19,730 --> 00:37:17,910

about Antarctica in earth and earth

877

00:37:21,350 --> 00:37:19,740

talking to so this is kind of like all

878

00:37:23,570 --> 00:37:21,360

the icing together a little yeah that's

879

00:37:27,190 --> 00:37:23,580

where they live yeah and they are

880

00:37:31,520 --> 00:37:27,200

blue-eyed blonde-haired people of

881

00:37:34,060 --> 00:37:31,530

another civilization the Draco right the

882

00:37:37,790 --> 00:37:34,070

reptilians the Draco they talk about

883

00:37:39,800 --> 00:37:37,800

[h__\h] where where were they they're like

884

00:37:42,300 --> 00:37:39,810

the Pleiadians and all those guys they

885

00:37:49,300 --> 00:37:45,640

man I can't think of that the B the B

886

00:37:53,320 --> 00:37:49,310

planet not not Proxima I forget man I

887

00:37:55,270 --> 00:37:53,330

can't think of that that that that area

888

00:37:58,150 --> 00:37:55,280

that they were from but supposedly the

889

00:38:00,370 --> 00:37:58,160

Draco had destroyed that area and so

890

00:38:03,400 --> 00:38:00,380

they flew away from that area they

891

00:38:05,620 --> 00:38:03,410

settled on earth and they came to earth

892

00:38:07,480 --> 00:38:05,630

and there's two parts to earth one is

893

00:38:09,400 --> 00:38:07,490

the Inner Earth and then the other is

894

00:38:11,260 --> 00:38:09,410

the outer earth yeah apparently these

895

00:38:14,020 --> 00:38:11,270

are Garth Ian's went to war with the

896

00:38:16,240 --> 00:38:14,030

Atlanteans okay he had lanterns stayed

897

00:38:17,740 --> 00:38:16,250

on top of the earth and they went on

898

00:38:19,540 --> 00:38:17,750

ahead and took you know the Inner Earth

899

00:38:22,390 --> 00:38:19,550

because the Atlanteans were further in

900

00:38:26,980 --> 00:38:22,400

technology and and dominated them and

901
00:38:28,180 --> 00:38:26,990
yes yes and so so the Germans were

902
00:38:31,150 --> 00:38:28,190
approached by both of these

903
00:38:38,130 --> 00:38:31,160
civilizations the the Draco's and their

904
00:38:41,470 --> 00:38:38,140
guardians and they they were apparently

905
00:38:43,510 --> 00:38:41,480
you know given pieces of this of this

906
00:38:45,700 --> 00:38:43,520
technology but they had to like work it

907
00:38:47,500 --> 00:38:45,710
out on their own right right they had to

908
00:38:51,550 --> 00:38:47,510
they had to kind of learn the technology

909
00:38:54,220 --> 00:38:51,560
and I you know from what I understand

910
00:38:56,530 --> 00:38:54,230
they had to kind of prove that they were

911
00:38:58,420 --> 00:38:56,540
ready for this technology okay because

912
00:39:00,640 --> 00:38:58,430
after a while they just started giving

913
00:39:02,470 --> 00:39:00,650

them stuff but before they just started

914

00:39:05,020 --> 00:39:02,480

giving them stuff they gave them pieces

915

00:39:06,730 --> 00:39:05,030

and they gave him little maps and so

916

00:39:09,700 --> 00:39:06,740

they had to go to these different places

917

00:39:11,620 --> 00:39:09,710

on earth and uncover all this technology

918

00:39:13,540 --> 00:39:11,630

and stuff right so that's maybe why the

919

00:39:16,480 --> 00:39:13,550

the Germans went to Antarctica in the

920

00:39:18,580 --> 00:39:16,490

first place yes yes because they had

921

00:39:20,410 --> 00:39:18,590

they had these little Scrolls they were

922

00:39:23,050 --> 00:39:20,420

given Scrolls and they had to go and

923

00:39:26,740 --> 00:39:23,060

search for all this stuff and you know

924

00:39:28,720 --> 00:39:26,750

archeological digs in what yeah and so

925

00:39:31,150 --> 00:39:28,730

they had to go find all these pieces and

926

00:39:33,840 --> 00:39:31,160

then kind of put it together and then

927

00:39:36,130 --> 00:39:33,850

once they proved that they were able to

928

00:39:40,420 --> 00:39:36,140

handle this technology yeah

929

00:39:42,580 --> 00:39:40,430

then the Draco's and started just giving

930

00:39:44,260 --> 00:39:42,590

them things after a while [h__h] and

931

00:39:45,540 --> 00:39:44,270

that's kind of how they advanced through

932

00:39:48,960 --> 00:39:45,550

this yeah

933

00:39:51,700 --> 00:39:48,970

but the United States right wasn't

934

00:39:53,110 --> 00:39:51,710

anywhere near that what wasn't yeah part

935

00:39:53,740 --> 00:39:53,120

of this at all it wasn't a part of this

936

00:39:55,120 --> 00:39:53,750

at all

937

00:39:58,840 --> 00:39:55,130

1920s

938

00:39:59,890 --> 00:39:58,850

Germany and whatever secret organization

939

00:40:01,750 --> 00:39:59,900

they were dealing with I mean we've

940

00:40:04,000 --> 00:40:01,760

talked about like the the underground

941

00:40:05,740 --> 00:40:04,010

civilization that was not not

942

00:40:10,720 --> 00:40:05,750

underground civilization but the the

943

00:40:12,970 --> 00:40:10,730

hidden cult like the organization that

944

00:40:15,820 --> 00:40:12,980

basically was law or a start the start

945

00:40:17,290 --> 00:40:15,830

of the Cabal and the Nazis itself so it

946

00:40:19,420 --> 00:40:17,300

could have been them I don't know if

947

00:40:20,440 --> 00:40:19,430

that's who was but it sure does sound

948

00:40:22,900 --> 00:40:20,450

like it mm-hmm

949

00:40:23,980 --> 00:40:22,910

sure does kind of fit it fits yeah it's

950

00:40:28,330 --> 00:40:23,990

kind of what I was wondering

951
00:40:30,340 --> 00:40:28,340
yeah these are the guys who you know got

952
00:40:38,200 --> 00:40:30,350
this the ball rolling basically the

953
00:40:41,380 --> 00:40:38,210
Cabal rolling so early to the 1920s 1930

954
00:40:43,750 --> 00:40:41,390
this is before World War two they start

955
00:40:45,970 --> 00:40:43,760
the this breakaway civilization by the

956
00:40:48,360 --> 00:40:45,980
Germans they they have initially figured

957
00:40:51,850 --> 00:40:48,370
out all this stuff and they start being

958
00:40:53,590 --> 00:40:51,860
receiving this technology and these

959
00:40:55,360 --> 00:40:53,600
ships and are able to build these ships

960
00:40:57,190 --> 00:40:55,370
and I think they gave them three

961
00:41:01,390 --> 00:40:57,200
different ships they as in the Draco

962
00:41:03,610 --> 00:41:01,400
gave them three working alien ARVs you

963
00:41:04,860 --> 00:41:03,620

know like or maybe maybe they were just

964

00:41:06,850 --> 00:41:04,870

alien ships and then they

965

00:41:08,980 --> 00:41:06,860

reverse-engineer them and made them as a

966

00:41:11,080 --> 00:41:08,990

RV's alien reproduction vehicles and

967

00:41:12,850 --> 00:41:11,090

then they started going to the moon

968

00:41:15,430 --> 00:41:12,860

I guess maybe they were told to go to

969

00:41:17,710 --> 00:41:15,440

the moon and and to make a base as part

970

00:41:20,320 --> 00:41:17,720

of their proving themselves or something

971

00:41:22,720 --> 00:41:20,330

because it still may be because the the

972

00:41:25,510 --> 00:41:22,730

Draco were all about conquering they I

973

00:41:29,500 --> 00:41:25,520

wanted to conquer everything yeah the ah

974

00:41:32,890 --> 00:41:29,510

the the Larry and illyrian Larry and

975

00:41:34,660 --> 00:41:32,900

civilization okay yeah yes yes that

976
00:41:36,610 --> 00:41:34,670
whole civilization they destroyed it and

977
00:41:40,200 --> 00:41:36,620
they conquered it okay so all these

978
00:41:42,880 --> 00:41:40,210
different you know races they broke off

979
00:41:46,090 --> 00:41:42,890
that's what it was yes the Pleiadians

980
00:41:48,300 --> 00:41:46,100
and the the Garth Ian's and all the

981
00:41:50,980 --> 00:41:48,310
other blond-headed blue-eyed

982
00:41:53,020 --> 00:41:50,990
civilizations okay yes that's what it

983
00:41:58,420 --> 00:41:53,030
was okay I got a lion so I'm glad you

984
00:42:01,540 --> 00:41:58,430
thought yeah so so they give the Draco's

985
00:42:04,600 --> 00:42:01,550
give the Germans these these crafts and

986
00:42:06,610 --> 00:42:04,610
all this technology and they're able to

987
00:42:08,880 --> 00:42:06,620
go to the moon and start building a base

988
00:42:10,580 --> 00:42:08,890

for some he's not clear on why

989

00:42:13,200 --> 00:42:10,590

go to the moon but they do they want to

990

00:42:15,060 --> 00:42:13,210

expand because the moon was kind of like

991

00:42:17,730 --> 00:42:15,070

an outpost for many different

992

00:42:20,120 --> 00:42:17,740

civilizations okay that's not just it

993

00:42:23,700 --> 00:42:20,130

wasn't just the Draco's but there was

994

00:42:27,060 --> 00:42:23,710

multiple civilizations okay and and also

995

00:42:29,670 --> 00:42:27,070

it wasn't just the the Guardians and the

996

00:42:32,820 --> 00:42:29,680

Draco apparently they had contact with

997

00:42:33,810 --> 00:42:32,830

other civilizations as well we just

998

00:42:35,790 --> 00:42:33,820

don't know who they are

999

00:42:37,290 --> 00:42:35,800

well he didn't he didn't specify who

1000

00:42:39,360 --> 00:42:37,300

they were you just said that these were

1001
00:42:42,030 --> 00:42:39,370
like the two main groups got it but

1002
00:42:46,170 --> 00:42:42,040
apparently the tall whites have a lot to

1003
00:42:47,600 --> 00:42:46,180
do with our military and and you know

1004
00:42:54,350 --> 00:42:47,610
this kind of military-industrial complex

1005
00:42:56,760 --> 00:42:54,360
thing as well okay so they're kind of I

1006
00:42:58,770 --> 00:42:56,770
don't know if they're like the Draco

1007
00:43:00,450 --> 00:42:58,780
where they're kind of a conquering type

1008
00:43:03,540 --> 00:43:00,460
civilization with all whites but they're

1009
00:43:05,160 --> 00:43:03,550
not really they're not really like you

1010
00:43:07,800 --> 00:43:05,170
know trying to be our friend or anything

1011
00:43:10,410 --> 00:43:07,810
okay okay yeah I mean they make deals

1012
00:43:11,910 --> 00:43:10,420
with them right right yeah it's the only

1013
00:43:13,710 --> 00:43:11,920

way that they leave them alone basically

1014

00:43:15,840 --> 00:43:13,720

okay okay they they have a lot to do

1015

00:43:19,350 --> 00:43:15,850

with like our weapons systems and the

1016

00:43:23,280 --> 00:43:19,360

nuclear technology and this guy so okay

1017

00:43:25,560 --> 00:43:23,290

so then so they get to the moon and they

1018

00:43:27,510 --> 00:43:25,570

when they find this like ancient builder

1019

00:43:29,760 --> 00:43:27,520

race monolithic structure in the shape

1020

00:43:31,770 --> 00:43:29,770

of a swastika and this was before the

1021

00:43:34,530 --> 00:43:31,780

Nazi Party right right this is before

1022

00:43:38,090 --> 00:43:34,540

the Nazis existed yeah what were you

1023

00:43:41,610 --> 00:43:38,100

saying about the the charges that were

1024

00:43:43,970 --> 00:43:41,620

yeah so so before they even got up there

1025

00:43:47,670 --> 00:43:43,980

and they wanted to build this base

1026
00:43:50,400 --> 00:43:47,680
somebody had already been to the moon

1027
00:43:54,210 --> 00:43:50,410
and knew that there was going to be an

1028
00:43:56,220 --> 00:43:54,220
outpost built in a certain spot before

1029
00:43:59,760 --> 00:43:56,230
the Germans even did it and they placed

1030
00:44:01,140 --> 00:43:59,770
charges under the ground right but when

1031
00:44:06,840 --> 00:44:01,150
the Germans got there and they found

1032
00:44:09,300 --> 00:44:06,850
this this this swastika shape right they

1033
00:44:11,670 --> 00:44:09,310
also found the eagle that's part of

1034
00:44:14,010 --> 00:44:11,680
their their emblem they found the eagle

1035
00:44:16,770 --> 00:44:14,020
and the swastika emblems all over the

1036
00:44:20,520 --> 00:44:16,780
place and I think that's how the the

1037
00:44:21,750 --> 00:44:20,530
Nazis got there their symbolism was from

1038
00:44:24,780 --> 00:44:21,760

what they found on

1039

00:44:26,940 --> 00:44:24,790

moon original right right yeah damn

1040

00:44:29,670 --> 00:44:26,950

that's that's my thoughts on that I mean

1041

00:44:32,400 --> 00:44:29,680

it fits yeah and this stuff was there

1042

00:44:34,170 --> 00:44:32,410

thousands of years before they even went

1043

00:44:37,110 --> 00:44:34,180

to the moon nearly 20 millions of years

1044

00:44:39,810 --> 00:44:37,120

yeah possibly possibly I think that that

1045

00:44:41,820 --> 00:44:39,820

dating mechanism that they had where

1046

00:44:43,950 --> 00:44:41,830

they could date things yeah it wasn't

1047

00:44:45,630 --> 00:44:43,960

carbon dating like we would do it it was

1048

00:44:47,220 --> 00:44:45,640

a different type of technology where

1049

00:44:51,600 --> 00:44:47,230

they could like actually it wasn't

1050

00:44:53,430 --> 00:44:51,610

dating how old it was dating time hmm

1051
00:44:55,770 --> 00:44:53,440
yeah interesting so we could date the

1052
00:44:58,530 --> 00:44:55,780
time so he was saying it was thousands

1053
00:45:00,450 --> 00:44:58,540
you know thousands of years before he

1054
00:45:03,030 --> 00:45:00,460
wasn't specific on how many thousands of

1055
00:45:07,400 --> 00:45:03,040
years yeah but like time period maybe

1056
00:45:10,890 --> 00:45:07,410
it's like this device that that kind of

1057
00:45:14,690 --> 00:45:10,900
compares different time lines and sees

1058
00:45:16,860 --> 00:45:14,700
which which time okay so this structure

1059
00:45:19,140 --> 00:45:16,870
exists in this time line at this time

1060
00:45:21,660 --> 00:45:19,150
period and then you could kind of see or

1061
00:45:23,610 --> 00:45:21,670
maybe detect what other time line this

1062
00:45:25,170 --> 00:45:23,620
is not there and then they kind of

1063
00:45:28,080 --> 00:45:25,180

subtract from there to figure out a time

1064

00:45:29,370 --> 00:45:28,090

yeah yeah and it in this time line like

1065

00:45:32,640 --> 00:45:29,380

a difference in time in this time line

1066

00:45:34,890 --> 00:45:32,650

just calculated yeah I mean maybe maybe

1067

00:45:36,960 --> 00:45:34,900

yeah but they so the Germans tried to

1068

00:45:38,970 --> 00:45:36,970

build a lot of different bases out there

1069

00:45:41,280 --> 00:45:38,980

and but they were using techniques that

1070

00:45:42,960 --> 00:45:41,290

we use here on earth yeah to build

1071

00:45:44,460 --> 00:45:42,970

concrete and things like that and try

1072

00:45:45,060 --> 00:45:44,470

and build a base and it just wasn't

1073

00:45:47,460 --> 00:45:45,070

working

1074

00:45:50,310 --> 00:45:47,470

and finally they figured it out and they

1075

00:45:51,840 --> 00:45:50,320

got a little post and they built it on

1076

00:45:53,940 --> 00:45:51,850

the moon yeah and then they went

1077

00:45:55,620 --> 00:45:53,950

underground to like they dug underground

1078

00:45:57,960 --> 00:45:55,630

and it was it just on the surface right

1079

00:46:00,600 --> 00:45:57,970

right right it wasn't just on surface

1080

00:46:02,670 --> 00:46:00,610

most of it was underground and he said

1081

00:46:06,240 --> 00:46:02,680

there Cory said there was maybe maybe a

1082

00:46:08,340 --> 00:46:06,250

couple dozen maybe 36 to 48 different

1083

00:46:11,250 --> 00:46:08,350

people that were on this moon was a

1084

00:46:13,050 --> 00:46:11,260

pretty small outpost at the time yeah so

1085

00:46:13,440 --> 00:46:13,060

I mean man just think how hard that

1086

00:46:16,470 --> 00:46:13,450

would be

1087

00:46:18,330 --> 00:46:16,480

with our technology to to put a base on

1088

00:46:21,120 --> 00:46:18,340

the moon I'd only just build it but just

1089

00:46:23,580 --> 00:46:21,130

support life and be able to pressurize

1090

00:46:26,730 --> 00:46:23,590

the the inside of a structure and make

1091

00:46:29,400 --> 00:46:26,740

sure there's no air leaks and it just

1092

00:46:30,810 --> 00:46:29,410

sounds impossible but what makes sense

1093

00:46:33,690 --> 00:46:30,820

is that oh yeah they just had better

1094

00:46:35,130 --> 00:46:33,700

technology and just better building

1095

00:46:36,479 --> 00:46:35,140

materials and

1096

00:46:38,749 --> 00:46:36,489

I don't know that's that's where I get

1097

00:46:42,660 --> 00:46:38,759

caught up to is like thinking about the

1098

00:46:45,150 --> 00:46:42,670

the bulldozers or the the things that

1099

00:46:48,450 --> 00:46:45,160

they use to build the things you know

1100

00:46:50,729 --> 00:46:48,460

where did they build those things I mean

1101

00:46:54,749 --> 00:46:50,739

you know I don't know but I do know that

1102

00:46:56,700 --> 00:46:54,759

you look at you know here on earth I

1103

00:46:58,079 --> 00:46:56,710

mean we have ancient building techniques

1104

00:47:00,930 --> 00:46:58,089

that we use all the time there's people

1105

00:47:02,460 --> 00:47:00,940

who build you know cob houses and and

1106

00:47:05,009 --> 00:47:02,470

things like that and it's all done by

1107

00:47:07,019 --> 00:47:05,019

hand right you know like you walk down

1108

00:47:09,120 --> 00:47:07,029

the streets of Europe of like Old Europe

1109

00:47:11,519 --> 00:47:09,130

and you see all these old houses and

1110

00:47:13,710 --> 00:47:11,529

they were constructed from hay bales and

1111

00:47:15,359 --> 00:47:13,720

mud just slapped on it and they're

1112

00:47:18,029 --> 00:47:15,369

extremely sturdy and they're like three

1113

00:47:20,220 --> 00:47:18,039

from three stories tall yes yeah yeah I

1114

00:47:22,319 --> 00:47:20,230

mean yeah that makes sense I guess I was

1115

00:47:23,759 --> 00:47:22,329

more out of maybe they were taking let's

1116

00:47:25,620 --> 00:47:23,769

say that they learned how to pressurize

1117

00:47:27,930 --> 00:47:25,630

one of the original bases that was

1118

00:47:30,180 --> 00:47:27,940

already there for you so it was kind of

1119

00:47:32,130 --> 00:47:30,190

a starting point they were able to hold

1120

00:47:33,989 --> 00:47:32,140

up there and kind of figure some stuff

1121

00:47:36,029 --> 00:47:33,999

out before they built their home base

1122

00:47:38,910 --> 00:47:36,039

yeah they also had to get rid of of

1123

00:47:41,190 --> 00:47:38,920

these other species I guess or creatures

1124

00:47:42,989 --> 00:47:41,200

that they found right right they're like

1125

00:47:45,059 --> 00:47:42,999

clear out these these nests as they were

1126
00:47:46,890 --> 00:47:45,069
digging down further into the the moon's

1127
00:47:48,450 --> 00:47:46,900
surface they would come across these

1128
00:47:51,059 --> 00:47:48,460
nests oh I don't

1129
00:47:52,859 --> 00:47:51,069
that sounds so derogatory nests yeah

1130
00:47:56,579 --> 00:47:52,869
sounds like they're pests or some kind

1131
00:47:59,039 --> 00:47:56,589
of thing but apparently they they would

1132
00:48:03,029 --> 00:47:59,049
shoot off these nuclear bombs that were

1133
00:48:04,799 --> 00:48:03,039
it's called a June 5 long bomb a

1134
00:48:06,569 --> 00:48:04,809
generation 5 nuclear bomb that was

1135
00:48:08,579 --> 00:48:06,579
self-contained and it didn't leave a lot

1136
00:48:10,710 --> 00:48:08,589
of radiation you just have to like spray

1137
00:48:14,339 --> 00:48:10,720
it down right but I like expand in this

1138
00:48:15,900 --> 00:48:14,349

bubble and then just collapsed in on

1139

00:48:18,390 --> 00:48:15,910

itself and got rid of all of space

1140

00:48:20,579 --> 00:48:18,400

inside the molecules so there's oh it's

1141

00:48:21,809 --> 00:48:20,589

almost like a dwarf star or at the end

1142

00:48:24,539 --> 00:48:21,819

of it all you get is this little tiny

1143

00:48:27,120 --> 00:48:24,549

pebble of matter where you like explode

1144

00:48:29,849 --> 00:48:27,130

all this rock and these bodies and then

1145

00:48:32,549 --> 00:48:29,859

it just collapses everything in and in

1146

00:48:34,999 --> 00:48:32,559

contract that is insane to me like if

1147

00:48:38,099 --> 00:48:35,009

that technology is really like that

1148

00:48:41,339 --> 00:48:38,109

[h__\h] up [h__\h] that's worse than a

1149

00:48:42,500 --> 00:48:41,349

nuclear bomb no it's cleaner yeah that's

1150

00:48:48,890 --> 00:48:42,510

worse

1151
00:48:51,590 --> 00:48:48,900
sense it's like okay we they make a day

1152
00:48:54,170 --> 00:48:51,600
as in like I don't know some people that

1153
00:48:56,270 --> 00:48:54,180
say that aliens are a huge threat to us

1154
00:48:58,430 --> 00:48:56,280
that bomb does not sound like we're

1155
00:49:01,490 --> 00:48:58,440
defenseless against ourselves yeah

1156
00:49:03,260 --> 00:49:01,500
definitely no yeah like it sounds like I

1157
00:49:04,700 --> 00:49:03,270
mean we cleared out a bunch of or not we

1158
00:49:07,400 --> 00:49:04,710
but the Germans cleared out a bunch of

1159
00:49:10,580 --> 00:49:07,410
aliens already on the moon like maybe

1160
00:49:12,340 --> 00:49:10,590
we're not so defenseless yeah I think we

1161
00:49:16,490 --> 00:49:12,350
do have stuff to defend ourselves

1162
00:49:18,920 --> 00:49:16,500
against the extraterrestrials yeah and I

1163
00:49:21,230 --> 00:49:18,930

think they know it yeah I think they

1164

00:49:23,240 --> 00:49:21,240

know it but at the same time dude I

1165

00:49:25,220 --> 00:49:23,250

don't want to be on the bad guys I know

1166

00:49:27,260 --> 00:49:25,230

and that's what's running everything is

1167

00:49:28,910 --> 00:49:27,270

the bad guy team right now so I don't

1168

00:49:30,860 --> 00:49:28,920

want to be part of that so when they

1169

00:49:34,550 --> 00:49:30,870

come down here to start whoopin ass and

1170

00:49:37,760 --> 00:49:34,560

stuff like how do we say oh yeah we just

1171

00:49:39,290 --> 00:49:37,770

a Wyatt yeah nothing to do with this and

1172

00:49:40,910 --> 00:49:39,300

I'm kind of trying I mean maybe we'll

1173

00:49:43,490 --> 00:49:40,920

we'll get to this question at the end

1174

00:49:45,920 --> 00:49:43,500

but do you think right now we're on the

1175

00:49:47,720 --> 00:49:45,930

good side or bad side mm-hmm maybe we'll

1176

00:49:50,000 --> 00:49:47,730

get to that question at the end of this

1177

00:49:53,660 --> 00:49:50,010

story but yeah I don't know where I sit

1178

00:49:54,920 --> 00:49:53,670

right now honestly but anyway so so

1179

00:49:58,340 --> 00:49:54,930

let's go through the timeline a little

1180

00:50:01,100 --> 00:49:58,350

bit so we're colonizing the moon

1181

00:50:03,950 --> 00:50:01,110

well Germany's colonizing the moon and

1182

00:50:05,960 --> 00:50:03,960

then World War two happens right Project

1183

00:50:08,360 --> 00:50:05,970

Paperclip happens and Highjump happens

1184

00:50:11,480 --> 00:50:08,370

and and we defeat the Axis powers

1185

00:50:14,600 --> 00:50:11,490

axis power yeah and then German forces

1186

00:50:18,980 --> 00:50:14,610

fall they you know they the Nazi Party

1187

00:50:23,170 --> 00:50:18,990

party gets eliminated and then we take

1188

00:50:25,400 --> 00:50:23,180

control of sixteen hundred different

1189

00:50:27,350 --> 00:50:25,410

physicists and scientists through

1190

00:50:30,470 --> 00:50:27,360

Project Paperclip

1191

00:50:35,270 --> 00:50:30,480

and then high jump I don't know a lot

1192

00:50:37,910 --> 00:50:35,280

about hi job yeah yeah there's a l

1193

00:50:40,010 --> 00:50:37,920

always get it confused cuz I know that

1194

00:50:42,470 --> 00:50:40,020

there was like a I think a jump room

1195

00:50:44,600 --> 00:50:42,480

project and I always get them confused

1196

00:50:47,170 --> 00:50:44,610

yeah one was where they were able to to

1197

00:50:50,030 --> 00:50:47,180

like jump to Mars in like eight minutes

1198

00:50:52,370 --> 00:50:50,040

okay so I don't know if a high jump or

1199

00:50:54,770 --> 00:50:52,380

and jump room had anything to do it

1200

00:50:55,910 --> 00:50:54,780

rather well soldier so what Corey good

1201

00:50:58,580 --> 00:50:55,920

it is

1202

00:51:01,550 --> 00:50:58,590

claiming is that the the method in which

1203

00:51:03,680 --> 00:51:01,560

the Germans got all this materials these

1204

00:51:06,530 --> 00:51:03,690

building materials and these you know

1205

00:51:08,920 --> 00:51:06,540

these tanks and people up to the moon

1206

00:51:11,360 --> 00:51:08,930

was through these naturally occurring

1207

00:51:13,610 --> 00:51:11,370

portals that happen all over the world

1208

00:51:15,530 --> 00:51:13,620

all the time yeah so that's what he said

1209

00:51:17,330 --> 00:51:15,540

that they harnessed these that was one

1210

00:51:18,920 --> 00:51:17,340

of the pieces of information that the

1211

00:51:20,510 --> 00:51:18,930

Draco gave to them as they gave him

1212

00:51:23,110 --> 00:51:20,520

coordinates and I guess they figured out

1213

00:51:25,370 --> 00:51:23,120

where the coordinates of these these

1214

00:51:26,900 --> 00:51:25,380

portals would show up and then they

1215

00:51:29,060 --> 00:51:26,910

would kind of show up in this little

1216

00:51:30,980 --> 00:51:29,070

bubble and then push all their stuff on

1217

00:51:32,510 --> 00:51:30,990

through the portal and it would show up

1218

00:51:34,550 --> 00:51:32,520

on the moon right what they wanted to do

1219

00:51:38,900 --> 00:51:34,560

so that I mean that's pretty interesting

1220

00:51:40,550 --> 00:51:38,910

yeah it's kinda 360 spheres yeah were

1221

00:51:42,650 --> 00:51:40,560

you're right like like you could like

1222

00:51:45,560 --> 00:51:42,660

enter in one point and people would exit

1223

00:51:47,780 --> 00:51:45,570

at another point but at any point you

1224

00:51:50,060 --> 00:51:47,790

could like enter this thing yeah yeah

1225

00:51:51,740 --> 00:51:50,070

that's pretty cool now Annie Annie says

1226

00:51:53,960 --> 00:51:51,750

it feels like you collapse in on

1227

00:51:56,360 --> 00:51:53,970

yourself and then you appear instantly

1228

00:51:57,890 --> 00:51:56,370

in another area and they would they

1229

00:52:00,110 --> 00:51:57,900

would give them shots and stuff because

1230

00:52:03,470 --> 00:52:00,120

it felt like if you were to put like a a

1231

00:52:05,570 --> 00:52:03,480

huge magnet near your body yeah and you

1232

00:52:07,850 --> 00:52:05,580

would get real sick right you would feel

1233

00:52:10,400 --> 00:52:07,860

sick that's what it felt like yeah yeah

1234

00:52:12,140 --> 00:52:10,410

like if you're a biological a human and

1235

00:52:13,460 --> 00:52:12,150

yeah it would make you really feel sick

1236

00:52:16,040 --> 00:52:13,470

and that that was another story that

1237

00:52:18,830 --> 00:52:16,050

collaborated with a bunch of other

1238

00:52:20,780 --> 00:52:18,840

insiders that have been through this

1239

00:52:21,890 --> 00:52:20,790

portal technology is that they all say

1240

00:52:24,620 --> 00:52:21,900

the same thing that they get really

1241

00:52:27,200 --> 00:52:24,630

nauseous and sick yeah and just dizzy

1242

00:52:28,550 --> 00:52:27,210

after jumping through these portals so

1243

00:52:30,740 --> 00:52:28,560

maybe that's what high jump is out of

1244

00:52:33,200 --> 00:52:30,750

them that we have to look into you know

1245

00:52:35,510 --> 00:52:33,210

uh everybody talks about the Iraq war

1246

00:52:39,100 --> 00:52:35,520

and stuff like that and you know you're

1247

00:52:41,390 --> 00:52:39,110

super you know you know unjustified like

1248

00:52:44,060 --> 00:52:41,400

did they have you know weapons of mass

1249

00:52:46,190 --> 00:52:44,070

destruction you know people say no some

1250

00:52:47,690 --> 00:52:46,200

people like yeah I mean some of that

1251
00:52:49,700 --> 00:52:47,700
stuff is weapons of mass destruction

1252
00:52:55,370 --> 00:52:49,710
blah blah blah people go back and forth

1253
00:52:58,790 --> 00:52:55,380
but the story is is that in that area is

1254
00:53:01,700 --> 00:52:58,800
one of these portals and so that's why

1255
00:53:04,310 --> 00:53:01,710
we went there was to secure this area in

1256
00:53:06,530 --> 00:53:04,320
the Middle East where these portals

1257
00:53:08,150 --> 00:53:06,540
actually exist because he also talks

1258
00:53:12,010 --> 00:53:08,160
about how in Turkey there

1259
00:53:15,890 --> 00:53:12,020
a few civilizations that are kind of

1260
00:53:18,349 --> 00:53:15,900
Draco run I guess still and so he's like

1261
00:53:21,049 --> 00:53:18,359
there's some some bad bad dudes that

1262
00:53:23,450 --> 00:53:21,059
live in that area so you know if you're

1263
00:53:25,760 --> 00:53:23,460

out in the middle east that's really why

1264

00:53:27,829 --> 00:53:25,770

we went there in the first place was to

1265

00:53:29,630 --> 00:53:27,839

go secure the spots secure these now I

1266

00:53:31,430 --> 00:53:29,640

didn't want anybody else to have this

1267

00:53:34,400 --> 00:53:31,440

technology so we knew that Saddam

1268

00:53:38,809 --> 00:53:34,410

Hussein knew about this and they didn't

1269

00:53:41,029 --> 00:53:38,819

want him to acquire more technology by

1270

00:53:43,460 --> 00:53:41,039

using this portal and contacting these

1271

00:53:45,950 --> 00:53:43,470

other civilizations and so that's why we

1272

00:53:48,589 --> 00:53:45,960

went there dude I've never heard nothing

1273

00:53:51,319 --> 00:53:48,599

to do with anything else you know that's

1274

00:53:53,510 --> 00:53:51,329

why there's so much speculation and was

1275

00:53:56,329 --> 00:53:53,520

it justified was a not justify you know

1276

00:53:59,329 --> 00:53:56,339

this and that that's why they went there

1277

00:54:01,099 --> 00:53:59,339

do they fall Xan it falls in line with

1278

00:54:02,750 --> 00:54:01,109

what we've been talking about for a

1279

00:54:04,910 --> 00:54:02,760

while is that what's the reason that our

1280

00:54:07,220 --> 00:54:04,920

government would not want to disclose

1281

00:54:09,380 --> 00:54:07,230

that aliens exist then we have all this

1282

00:54:12,049 --> 00:54:09,390

awesome technology and what we talked

1283

00:54:13,700 --> 00:54:12,059

about is that well yeah if we gave the

1284

00:54:16,339 --> 00:54:13,710

public all this technology then our

1285

00:54:17,809 --> 00:54:16,349

economy would collapse right it just

1286

00:54:20,120 --> 00:54:17,819

kind of falls in line with like maybe

1287

00:54:22,309 --> 00:54:20,130

that's why we are not allowed to know

1288

00:54:24,289 --> 00:54:22,319

about this high technology mm-hmm you

1289

00:54:26,390 --> 00:54:24,299

know it's just more and more that I hear

1290

00:54:28,279 --> 00:54:26,400

about from insiders and including this

1291

00:54:30,319 --> 00:54:28,289

story and that story just told me it's

1292

00:54:33,349 --> 00:54:30,329

like yeah ever more clear that that's

1293

00:54:35,539 --> 00:54:33,359

that's probably the most plausible

1294

00:54:36,980 --> 00:54:35,549

reason that we're not allowed to know

1295

00:54:38,870 --> 00:54:36,990

about this technology because if we did

1296

00:54:40,970 --> 00:54:38,880

that we'd know that our economy is

1297

00:54:41,870 --> 00:54:40,980

[h__\h] and there's a way better way to

1298

00:54:44,390 --> 00:54:41,880

do everything

1299

00:54:47,059 --> 00:54:44,400

and it may be dangerous but do you think

1300

00:54:50,450 --> 00:54:47,069

if if we did find out that there's a

1301
00:54:52,160 --> 00:54:50,460
such thing as free energy and a way to

1302
00:54:53,960 --> 00:54:52,170
tell poor around the universe do you

1303
00:54:56,390 --> 00:54:53,970
think our economy matters at that point

1304
00:54:58,880 --> 00:54:56,400
nope I don't think it does matter and

1305
00:55:00,049 --> 00:54:58,890
that's why the elite wants it to exist

1306
00:55:01,670 --> 00:55:00,059
because they're living that they're

1307
00:55:04,130 --> 00:55:01,680
living like kings and queens they're

1308
00:55:05,630 --> 00:55:04,140
royalty they don't they get to enact

1309
00:55:07,700 --> 00:55:05,640
laws that they don't have to follow

1310
00:55:09,289 --> 00:55:07,710
themselves they don't they want to stay

1311
00:55:11,359 --> 00:55:09,299
where they're at I mean they have some

1312
00:55:15,410 --> 00:55:11,369
pretty awesome lifestyle I mean I'm sure

1313
00:55:17,059 --> 00:55:15,420

that there would be you know some time

1314

00:55:20,779 --> 00:55:17,069

that went on where people were like oh

1315

00:55:21,499 --> 00:55:20,789

[h__h] like my AC doesn't work anymore

1316

00:55:23,719 --> 00:55:21,509

like I

1317

00:55:26,059 --> 00:55:23,729

can't buy Nikes or I can't drive you

1318

00:55:27,709 --> 00:55:26,069

know my car or nothing because that's

1319

00:55:30,739 --> 00:55:27,719

your state of mind that's all you know

1320

00:55:33,169 --> 00:55:30,749

right but you it would take people time

1321

00:55:35,509 --> 00:55:33,179

to figure out how to utilize this new

1322

00:55:38,599 --> 00:55:35,519

information yeah so I you know I guess

1323

00:55:41,239 --> 00:55:38,609

you know that would hurt upfront

1324

00:55:44,120 --> 00:55:41,249

probably yes people having to learn all

1325

00:55:46,129 --> 00:55:44,130

this new information and technology and

1326

00:55:47,779 --> 00:55:46,139

like well what is it well I mean how do

1327

00:55:49,699 --> 00:55:47,789

I use that yeah even if we didn't know

1328

00:55:51,169 --> 00:55:49,709

about it if say we just knew about it

1329

00:55:52,969 --> 00:55:51,179

there's no way we could actually harness

1330

00:55:55,639 --> 00:55:52,979

it or it would be available

1331

00:55:58,129 --> 00:55:55,649

that's Elon Musk's whole platform is

1332

00:55:59,629 --> 00:55:58,139

that it doesn't matter who invented what

1333

00:56:01,879 --> 00:55:59,639

it's who made it available to the public

1334

00:56:05,449 --> 00:56:01,889

is what matters that's why he favors

1335

00:56:07,579 --> 00:56:05,459

Edison over Tesla because Tesla Edison

1336

00:56:09,829 --> 00:56:07,589

made it he didn't invent a lot of stuff

1337

00:56:11,629 --> 00:56:09,839

when he admits that he's like he stole

1338

00:56:12,919 --> 00:56:11,639

about a lot of different technologies

1339

00:56:14,719 --> 00:56:12,929

from a lot of different people and

1340

00:56:16,939 --> 00:56:14,729

claiming that his own but what he did

1341

00:56:19,639 --> 00:56:16,949

Edison was make it available to the

1342

00:56:22,459 --> 00:56:19,649

public and that's what it made is more

1343

00:56:25,159 --> 00:56:22,469

important to to Elon Musk I wonder why

1344

00:56:27,169 --> 00:56:25,169

he wants to nuke Mars I don't know I

1345

00:56:30,109 --> 00:56:27,179

didn't I saw about I I didn't read the

1346

00:56:32,389 --> 00:56:30,119

article but I saw that headline do you

1347

00:56:35,329 --> 00:56:32,399

think you think Elon knows something

1348

00:56:37,309 --> 00:56:35,339

about what's up on Mars

1349

00:56:39,169 --> 00:56:37,319

I probably and like I think he does

1350

00:56:41,899 --> 00:56:39,179

personally yeah yeah there's no proof

1351

00:56:43,309 --> 00:56:41,909

behind it but I think so I know so I

1352

00:56:45,370 --> 00:56:43,319

think he knows some [h__\h] I know some

1353

00:56:49,309 --> 00:56:45,380

[h__\h] I'm sure totally

1354

00:56:53,870 --> 00:56:49,319

all right so let's get back to the let's

1355

00:57:00,559 --> 00:56:57,859

so high jump and then so after World War

1356

00:57:04,849 --> 00:57:00,569

two Project Paperclip all this happens

1357

00:57:07,579 --> 00:57:04,859

the USA and Germany signed this treaty

1358

00:57:10,149 --> 00:57:07,589

under Truman and Eisenhower basically

1359

00:57:13,429 --> 00:57:10,159

what Corey is saying is that the Germans

1360

00:57:14,449 --> 00:57:13,439

coveted the us's and military-industrial

1361

00:57:17,299 --> 00:57:14,459

complex

1362

00:57:20,899 --> 00:57:17,309

I mean the way that we're able to use

1363

00:57:23,599 --> 00:57:20,909

our whole population to and set up these

1364

00:57:27,559 --> 00:57:23,609

factories to make military weapons

1365

00:57:30,319 --> 00:57:27,569

military grade planes and tanks and all

1366

00:57:32,629 --> 00:57:30,329

this re industrialization like our power

1367

00:57:34,939 --> 00:57:32,639

our might yeah we were able to take down

1368

00:57:35,450 --> 00:57:34,949

the axis right you know they didn't have

1369

00:57:38,840 --> 00:57:35,460

the

1370

00:57:42,110 --> 00:57:38,850

were like whoa

1371

00:57:44,630 --> 00:57:42,120

if the United States can do that while

1372

00:57:47,330 --> 00:57:44,640

the Germans have this technology mm-hmm

1373

00:57:50,210 --> 00:57:47,340

it's Joint Forces yeah what can we do

1374

00:57:52,280 --> 00:57:50,220

and it's not that the like it's not that

1375

00:57:54,590 --> 00:57:52,290

the Germans were like hey let's join

1376

00:57:56,960 --> 00:57:54,600

first forces with the United States who

1377

00:57:58,970 --> 00:57:56,970

is the military-industrial complex right

1378

00:58:02,060 --> 00:57:58,980

when we say that word most people go to

1379

00:58:02,420 --> 00:58:02,070

oh yeah America's war machine right but

1380

00:58:05,200 --> 00:58:02,430

it's not

1381

00:58:09,110 --> 00:58:05,210

America's war machine that's a world

1382

00:58:11,390 --> 00:58:09,120

that's a world war machine basically

1383

00:58:14,390 --> 00:58:11,400

yeah it is the it's why we're the most

1384

00:58:16,930 --> 00:58:14,400

successful yeah yeah it's it's they the

1385

00:58:20,750 --> 00:58:16,940

military-industrial complex just chose

1386

00:58:22,880 --> 00:58:20,760

the United States to kind of you know

1387

00:58:25,040 --> 00:58:22,890

spearhead this thing from now on right

1388

00:58:28,220 --> 00:58:25,050

so you know the military-industrial

1389

00:58:31,100 --> 00:58:28,230

complex belongs to everybody they just

1390

00:58:33,530 --> 00:58:31,110

chose the United States interesting yeah

1391

00:58:35,030 --> 00:58:33,540

okay and so that's kind of how I took it

1392

00:58:36,580 --> 00:58:35,040

because they had originally chosen

1393

00:58:38,600 --> 00:58:36,590

Germany

1394

00:58:40,760 --> 00:58:38,610

yeah military industrial complex

1395

00:58:45,080 --> 00:58:40,770

originally I'd chose Germany and then

1396

00:58:46,340 --> 00:58:45,090

they're like oh you got jurassica but

1397

00:58:48,800 --> 00:58:46,350

America already had already established

1398

00:58:51,320 --> 00:58:48,810

its industry before way before then I

1399

00:58:53,870 --> 00:58:51,330

mean it started and and in like the with

1400

00:58:57,710 --> 00:58:53,880

with Gerald Ford really yeah yeah but

1401
00:58:59,870 --> 00:58:57,720
but we didn't have that technology right

1402
00:59:02,240 --> 00:58:59,880
but it's the fact that we were able to

1403
00:59:03,770 --> 00:59:02,250
keep up and then go stomp their asses

1404
00:59:06,740 --> 00:59:03,780
yeah that the military-industrial

1405
00:59:08,240 --> 00:59:06,750
complex was like oh it makes me feel

1406
00:59:10,390 --> 00:59:08,250
like this technology and move it to

1407
00:59:15,050 --> 00:59:10,400
America so we can mass-produce it

1408
00:59:18,290 --> 00:59:15,060
quicker right better more money you know

1409
00:59:20,000 --> 00:59:18,300
dollar signs basically and and so how do

1410
00:59:22,520 --> 00:59:20,010
you get how do you get a whole nation to

1411
00:59:26,240 --> 00:59:22,530
get behind building these technologies

1412
00:59:28,460 --> 00:59:26,250
and these these vehicles and and all

1413
00:59:31,100 --> 00:59:28,470

that stuff without ever letting them

1414

00:59:33,560 --> 00:59:31,110

know what it's actually for that's what

1415

00:59:35,540 --> 00:59:33,570

baffles me yeah yeah is because if this

1416

00:59:38,570 --> 00:59:35,550

is if this story is absolutely true it's

1417

00:59:40,370 --> 00:59:38,580

like okay our whole nation which I mean

1418

00:59:42,380 --> 00:59:40,380

it makes me proud to be a part of

1419

00:59:43,940 --> 00:59:42,390

America in that sense is like yeah we

1420

00:59:46,220 --> 00:59:43,950

were just the best at working together

1421

00:59:46,820 --> 00:59:46,230

yeah which there's a positive message in

1422

00:59:51,530 --> 00:59:46,830

that

1423

00:59:53,720 --> 00:59:51,540

our industrial all right so the

1424

00:59:55,790 --> 00:59:53,730

military-industrial complex isn't just a

1425

00:59:57,470 --> 00:59:55,800

military thing it's all that in the

1426
00:59:59,390 --> 00:59:57,480
industries in the warehouse and all them

1427
01:00:01,460 --> 00:59:59,400
civilians that worked in these factories

1428
01:00:02,840 --> 01:00:01,470
yeah right it's not just people that are

1429
01:00:04,910 --> 01:00:02,850
in the military I think the way that

1430
01:00:08,510 --> 01:00:04,920
they're able to do it is you know take

1431
01:00:10,190 --> 01:00:08,520
like fiber optics right the public gets

1432
01:00:12,650 --> 01:00:10,200
goofy lamps and [h__\h]

1433
01:00:15,230 --> 01:00:12,660
right that's our knowledge of fiber

1434
01:00:17,900 --> 01:00:15,240
optics it's really they're honing that

1435
01:00:20,600 --> 01:00:17,910
technology right you get an iPhone

1436
01:00:22,460 --> 01:00:20,610
that's a cool piece of technology yeah

1437
01:00:26,660 --> 01:00:22,470
but we just take pictures of our dick

1438
01:00:28,130 --> 01:00:26,670

right and like food and and we just say

1439

01:00:31,280 --> 01:00:28,140

dumb [h__h] on it right because we're

1440

01:00:33,290 --> 01:00:31,290

stupid but that technology could be way

1441

01:00:36,740 --> 01:00:33,300

more powerful so there that's their

1442

01:00:39,080 --> 01:00:36,750

point they're building consumerism and

1443

01:00:40,910 --> 01:00:39,090

feeding it to us so they can hone that

1444

01:00:43,070 --> 01:00:40,920

technology right and they're like oh

1445

01:00:45,410 --> 01:00:43,080

look at what we can do with this they're

1446

01:00:48,380 --> 01:00:45,420

using us as lab rats they come up with

1447

01:00:50,150 --> 01:00:48,390

cool stuff flat-screen TVs and like

1448

01:00:52,670 --> 01:00:50,160

we're just beta testers yeah we're just

1449

01:00:55,520 --> 01:00:52,680

testing the equipment while they improve

1450

01:00:58,580 --> 01:00:55,530

and hone that technology and that's

1451

01:01:08,390 --> 01:00:58,590

really how they get away with it being a

1452

01:01:10,160 --> 01:01:08,400

secret - yeah right my mind just went do

1453

01:01:12,830 --> 01:01:10,170

I loved it man that was really great

1454

01:01:16,250 --> 01:01:12,840

yeah dude I mean yeah it all fits

1455

01:01:19,190 --> 01:01:16,260

again enough it's is like the the the

1456

01:01:20,780 --> 01:01:19,200

overarching concept in this episode I

1457

01:01:22,340 --> 01:01:20,790

feel like because a lot of things are

1458

01:01:24,020 --> 01:01:22,350

coming together with this story and

1459

01:01:25,820 --> 01:01:24,030

after listening to the second time I've

1460

01:01:28,580 --> 01:01:25,830

already said this like twice already but

1461

01:01:30,050 --> 01:01:28,590

it's just more and more everything's

1462

01:01:32,210 --> 01:01:30,060

starting to kind of puzzle piece

1463

01:01:34,280 --> 01:01:32,220

together yeah and yeah it's cool to see

1464

01:01:39,800 --> 01:01:34,290

it's it's it's kind of like an aha

1465

01:01:42,380 --> 01:01:39,810

moment but Rica yeah dude so yeah

1466

01:01:44,750 --> 01:01:42,390

Germany comes to America and says hey

1467

01:01:47,000 --> 01:01:44,760

we've got this technology you've got the

1468

01:01:50,540 --> 01:01:47,010

infrastructure here on earth to make all

1469

01:01:53,930 --> 01:01:50,550

this stuff we need your facilities and

1470

01:01:56,600 --> 01:01:53,940

your manpower to to make this break

1471

01:01:59,150 --> 01:01:56,610

breakaway civilization but it's all done

1472

01:02:01,460 --> 01:01:59,160

in secret yeah and this is after World

1473

01:02:04,100 --> 01:02:01,470

War two

1474

01:02:08,540 --> 01:02:04,110

the it's kind of a crazy thought sorry

1475

01:02:12,440 --> 01:02:08,550

yeah how we didn't really get rid of the

1476

01:02:14,660 --> 01:02:12,450

Nazis we just absorbed them uh yeah

1477

01:02:16,820 --> 01:02:14,670

right yep absolutely we didn't really

1478

01:02:19,130 --> 01:02:16,830

just destroy the Nazis we just were like

1479

01:02:20,720 --> 01:02:19,140

let's team up absolutely

1480

01:02:21,800 --> 01:02:20,730

it's kind of [h__h] up to think about I

1481

01:02:24,350 --> 01:02:21,810

mean a lot of them went to like

1482

01:02:26,300 --> 01:02:24,360

Argentina and [h__h] but we got the the

1483

01:02:27,530 --> 01:02:26,310

best of the best of the best from the

1484

01:02:29,060 --> 01:02:27,540

Nazi Party yep

1485

01:02:31,820 --> 01:02:29,070

I've never really thought about it that

1486

01:02:33,560 --> 01:02:31,830

way huh we did just absorb them or we're

1487

01:02:36,380 --> 01:02:33,570

just [h__h] amoeba yeah we just became

1488

01:02:39,350 --> 01:02:36,390

the Nazis oh my you know that's really

1489

01:02:41,870 --> 01:02:39,360

what kind of what happened oh [h__h] you

1490

01:02:44,900 --> 01:02:41,880

know I'm about to get a knock on our

1491

01:02:47,930 --> 01:02:44,910

door yeah I mean I'm an American alright

1492

01:02:50,960 --> 01:02:47,940

you know what I'm saying like America

1493

01:02:52,670 --> 01:02:50,970

[h__h] yeah right but that's not to say

1494

01:02:55,520 --> 01:02:52,680

that America doesn't do some pretty

1495

01:02:57,650 --> 01:02:55,530

messed up stuff and yeah that wouldn't

1496

01:03:00,290 --> 01:02:57,660

surprise me at that's part of it yeah I

1497

01:03:03,080 --> 01:03:00,300

mean we're just speaking about fact here

1498

01:03:06,020 --> 01:03:03,090

yeah I mean the fact is that we did

1499

01:03:09,200 --> 01:03:06,030

absorb a lot of Nazis a [h__h] ton of them

1500

01:03:12,710 --> 01:03:09,210

and they created NASA they got us to the

1501
01:03:17,390 --> 01:03:12,720
moon yeah they helped us make satellites

1502
01:03:21,050 --> 01:03:17,400
communication systems physics they did

1503
01:03:26,000 --> 01:03:21,060
everything yeah they did everything that

1504
01:03:28,100 --> 01:03:26,010
makes sense yeah and uh you know yeah

1505
01:03:30,440 --> 01:03:28,110
it's it's it's not studio I mean I'm

1506
01:03:31,820 --> 01:03:30,450
kind of speechless yeah me too down to

1507
01:03:34,370 --> 01:03:31,830
it you just get kind of speechless about

1508
01:03:36,500 --> 01:03:34,380
it you're like oh I kind of feel gross

1509
01:03:38,600 --> 01:03:36,510
I'm like I know like we're just riding

1510
01:03:39,710 --> 01:03:38,610
on the kotel and Nazis basically

1511
01:03:41,840 --> 01:03:39,720
basically yeah

1512
01:03:50,390 --> 01:03:41,850
yeah I mean whoa we have we had Edison

1513
01:03:52,280 --> 01:03:50,400

and he just stole a bunch of [\h__\h] yeah

1514

01:03:56,740 --> 01:03:52,290

he just he's found out some people were

1515

01:04:00,770 --> 01:03:56,750

making I mean the the creator of the

1516

01:04:03,140 --> 01:04:00,780

video camera was a african-american

1517

01:04:05,810 --> 01:04:03,150

gentleman that that created it years

1518

01:04:08,150 --> 01:04:05,820

before Edison said hey I'm gonna go

1519

01:04:09,560 --> 01:04:08,160

ahead and take that now yeah what are

1520

01:04:11,660 --> 01:04:09,570

you gonna do about it yeah and he

1521

01:04:13,789 --> 01:04:11,670

there's nothing you could do you know

1522

01:04:15,589 --> 01:04:13,799

which is terrible but I mean he

1523

01:04:19,370 --> 01:04:15,599

it out to the public yeah which is

1524

01:04:21,769 --> 01:04:19,380

ultimately I mean it sucks to say but

1525

01:04:24,079 --> 01:04:21,779

it's it just takes sometimes takes a

1526

01:04:25,969 --> 01:04:24,089

[h__\h] [h__\h] to get it out get

1527

01:04:28,549 --> 01:04:25,979

technology out to the public

1528

01:04:31,910 --> 01:04:28,559

unfortunately mm-hmm I don't know man

1529

01:04:34,489 --> 01:04:31,920

yeah I'm not saying that I'm on Edison

1530

01:04:36,919 --> 01:04:34,499

side I'm definitely on the other guys

1531

01:04:39,199 --> 01:04:36,929

side but I don't know we're just talking

1532

01:04:41,779 --> 01:04:39,209

about Nazis in America and like that's

1533

01:04:43,880 --> 01:04:41,789

the trickle-down affective of cause and

1534

01:05:01,489 --> 01:04:43,890

effect yeah when you just start piecing

1535

01:05:04,309 --> 01:05:01,499

it together you're like oh okay

1536

01:05:08,900 --> 01:05:04,319

breakaway civilization we could Germany

1537

01:05:11,299 --> 01:05:08,910

comes to America Vova so along the along

1538

01:05:13,519 --> 01:05:11,309

the same timeline that Truman and

1539

01:05:18,650 --> 01:05:13,529

Eisenhower signed this treaty to work

1540

01:05:22,459 --> 01:05:18,660

with to work with Germany in secret on

1541

01:05:24,279 --> 01:05:22,469

these projects a organization starts up

1542

01:05:26,660 --> 01:05:24,289

called the ICC and it stands for

1543

01:05:29,029 --> 01:05:26,670

interplanetary corporate conglomerate

1544

01:05:32,929 --> 01:05:29,039

and it's made up of all the Rockefeller

1545

01:05:36,380 --> 01:05:32,939

the Bilderberg the huge banking the old

1546

01:05:39,349 --> 01:05:36,390

money bloodline from from Europe the

1547

01:05:42,169 --> 01:05:39,359

Morgans the bushes zactly Reed Prescott

1548

01:05:44,839 --> 01:05:42,179

Bush dude is part of that I mean there's

1549

01:05:46,729 --> 01:05:44,849

I mean there's also let's talk about

1550

01:05:50,150 --> 01:05:46,739

Rolf quick while we're talking about you

1551

01:05:53,419 --> 01:05:50,160

a war will World War two the Prescott

1552

01:05:55,189 --> 01:05:53,429

Bush in him working with the Nazis to

1553

01:05:57,439 --> 01:05:55,199

build their stuff like Ford built their

1554

01:05:59,599 --> 01:05:57,449

tank yeah right building their tank and

1555

01:06:02,150 --> 01:05:59,609

that's that's declassified documents you

1556

01:06:05,179 --> 01:06:02,160

can look for it that America helped to

1557

01:06:08,029 --> 01:06:05,189

build most of Nazis that the Nazis

1558

01:06:11,660 --> 01:06:08,039

planes and tanks and gallons when they

1559

01:06:15,229 --> 01:06:11,670

sent our people to go die and fight them

1560

01:06:16,939 --> 01:06:15,239

and fight it with the same same kind of

1561

01:06:19,279 --> 01:06:16,949

[h__h] yeah but and they profited from

1562

01:06:21,410 --> 01:06:19,289

both sides of that but so I mean just to

1563

01:06:23,929 --> 01:06:21,420

let this be known that the automobile

1564

01:06:26,959 --> 01:06:23,939

was actually invented in Germany but

1565

01:06:27,650 --> 01:06:26,969

forward Ford like mass-produce it yeah

1566

01:06:30,079 --> 01:06:27,660

you know so that

1567

01:06:31,700 --> 01:06:30,089

that's there there is a difference yes

1568

01:06:34,549 --> 01:06:31,710

ad if it's not that Ford made the first

1569

01:06:37,010 --> 01:06:34,559

automobile but it's the mass produced

1570

01:06:40,279 --> 01:06:37,020

the mass producing and the manpower in

1571

01:06:43,309 --> 01:06:40,289

the industry behind it but that's a fact

1572

01:06:44,779 --> 01:06:43,319

that we funded and we're not funded but

1573

01:06:48,079 --> 01:06:44,789

we got paid we definitely got paid for

1574

01:06:50,930 --> 01:06:48,089

it yeah but we built their army mm-hmm

1575

01:06:52,579 --> 01:06:50,940

and unknowingly built there yeah okay so

1576

01:06:54,109 --> 01:06:52,589

we've we can unknowingly built it and

1577

01:06:56,299 --> 01:06:54,119

build the enemy's army can we not

1578

01:06:58,549 --> 01:06:56,309

unknowingly build a secret break with a

1579

01:07:01,539 --> 01:06:58,559

civilization that's way highly we

1580

01:07:04,549 --> 01:07:01,549

absolutely can we absolutely

1581

01:07:07,940 --> 01:07:04,559

yeah yeah absolutely

1582

01:07:11,390 --> 01:07:07,950

yeah no question about it so yeah this

1583

01:07:12,650 --> 01:07:11,400

interplanetary corporate conglomerate is

1584

01:07:17,539 --> 01:07:12,660

made up all these bankers and that's

1585

01:07:20,210 --> 01:07:17,549

that's who funded who basically yeah

1586

01:07:22,250 --> 01:07:20,220

funded the this secret space secret

1587

01:07:24,559 --> 01:07:22,260

space program yeah and that's what's and

1588

01:07:26,000 --> 01:07:24,569

that's where I go back to like is Cory

1589

01:07:28,490 --> 01:07:26,010

good a part of the secret space group

1590

01:07:30,529 --> 01:07:28,500

program he definitely worked for them

1591

01:07:32,750 --> 01:07:30,539

right right but is that part of the

1592

01:07:35,480 --> 01:07:32,760

Alliance is that the same thing I'm

1593

01:07:37,430 --> 01:07:35,490

still no compute on it and not only that

1594

01:07:38,930 --> 01:07:37,440

though but like the Germans what really

1595

01:07:41,089 --> 01:07:38,940

got their attention was that the fact

1596

01:07:42,980 --> 01:07:41,099

that not only the Germans already make

1597

01:07:45,559 --> 01:07:42,990

it to the moon but they had also been to

1598

01:07:47,120 --> 01:07:45,569

the asteroid belt and had been mining

1599

01:07:50,420 --> 01:07:47,130

for the asteroid belt and said hey

1600

01:07:52,370 --> 01:07:50,430

there's a lot of rare minerals and

1601
01:07:55,190 --> 01:07:52,380
things that are in these asteroids right

1602
01:07:57,170 --> 01:07:55,200
we found some stuff from this builder

1603
01:07:59,480 --> 01:07:57,180
civilization I want to find out who this

1604
01:08:02,059 --> 01:07:59,490
builders civilization no man me to

1605
01:08:03,950 --> 01:08:02,069
building all this stuff that's what

1606
01:08:05,329 --> 01:08:03,960
that's what's sweeten the pot for

1607
01:08:07,880 --> 01:08:05,339
America to sign this treaty cuz

1608
01:08:10,190 --> 01:08:07,890
Eisenhower was really not wanting to you

1609
01:08:12,319 --> 01:08:10,200
know we just fought you guys yeah

1610
01:08:14,150 --> 01:08:12,329
but they said hey there's we've been

1611
01:08:16,099 --> 01:08:14,160
mining these asteroids for a couple

1612
01:08:18,019 --> 01:08:16,109
years now and there's gold and platinum

1613
01:08:20,720 --> 01:08:18,029

and that's what kind of sweeten the deal

1614

01:08:22,970 --> 01:08:20,730

cuz the the government the on the

1615

01:08:24,740 --> 01:08:22,980

surface saw these money signs or you

1616

01:08:26,300 --> 01:08:24,750

know these money symbols and that's why

1617

01:08:34,999 --> 01:08:26,310

they signed the treaty they were like

1618

01:08:38,539 --> 01:08:35,009

yeah let's do it let's go yeah yeah so

1619

01:08:40,910 --> 01:08:38,549

anyway yeah man all right so what's uh

1620

01:08:44,390 --> 01:08:40,920

just working polygamy and

1621

01:08:46,840 --> 01:08:44,400

before Eisenhower left office one of the

1622

01:08:49,580 --> 01:08:46,850

last things he said was beware the

1623

01:08:51,650 --> 01:08:49,590

military-industrial complex yeah

1624

01:08:53,600 --> 01:08:51,660

he warned everybody right he warned us

1625

01:08:54,920 --> 01:08:53,610

yeah and that was on his way out right

1626

01:09:00,050 --> 01:08:54,930

it was like one of his last year's

1627

01:09:05,120 --> 01:09:01,390

[Music]

1628

01:09:06,290 --> 01:09:05,130

so also within this treaty Americans

1629

01:09:08,450 --> 01:09:06,300

said hey well you got all this

1630

01:09:10,790 --> 01:09:08,460

technology we want some mm-hmm

1631

01:09:13,820 --> 01:09:10,800

but the Germans were like okay yeah

1632

01:09:15,920 --> 01:09:13,830

we'll give you some but they in reality

1633

01:09:18,170 --> 01:09:15,930

held on to most of the technology they

1634

01:09:21,040 --> 01:09:18,180

just gave us three different ships three

1635

01:09:25,430 --> 01:09:21,050

different sized Vimanas that were

1636

01:09:27,260 --> 01:09:25,440

already ARVs like they had already it

1637

01:09:29,000 --> 01:09:27,270

was an eight alien reproduction vehicle

1638

01:09:32,300 --> 01:09:29,010

made out of like the the propulsion

1639

01:09:34,550 --> 01:09:32,310

system was pretty crude to what they

1640

01:09:38,390 --> 01:09:34,560

actually had at them at the time like it

1641

01:09:41,600 --> 01:09:38,400

had to do with a centrifuge of really

1642

01:09:45,200 --> 01:09:41,610

highly electrically charged I think it

1643

01:09:46,910 --> 01:09:45,210

was was it zinc I'm not sure I think I'm

1644

01:09:49,340 --> 01:09:46,920

not sure of what was what it was they

1645

01:09:52,640 --> 01:09:49,350

used it wasn't zinc mercury mercury

1646

01:09:55,130 --> 01:09:52,650

that's right yes so when you highly when

1647

01:09:58,330 --> 01:09:55,140

you spin mercury innocent centrifuge

1648

01:10:03,440 --> 01:09:58,340

really really fast and highly electro

1649

01:10:06,140 --> 01:10:03,450

electrolysis or super electrified yeah

1650

01:10:07,460 --> 01:10:06,150

let you're fat you're fat mercury like

1651

01:10:09,560 --> 01:10:07,470

creates this bubble but it's really

1652

01:10:11,240 --> 01:10:09,570

unstable but they gave these three ships

1653

01:10:12,860 --> 01:10:11,250

to America so they're like oh we got

1654

01:10:14,570 --> 01:10:12,870

these toys we'll play with them so

1655

01:10:17,450 --> 01:10:14,580

they're like all right cool but in the

1656

01:10:18,950 --> 01:10:17,460

reality German Germany kept all most of

1657

01:10:21,830 --> 01:10:18,960

the technology for themselves all the

1658

01:10:24,260 --> 01:10:21,840

coolest stuff yeah and and like we

1659

01:10:26,330 --> 01:10:24,270

actually figured out how to reverse

1660

01:10:28,550 --> 01:10:26,340

engineer it right we figured out how to

1661

01:10:30,170 --> 01:10:28,560

fly it and we were doing it we were

1662

01:10:32,390 --> 01:10:30,180

already going out there and doing it and

1663

01:10:36,590 --> 01:10:32,400

this was by that by that time so that

1664

01:10:39,710 --> 01:10:36,600

happened in 1945 so what happens in 1947

1665

01:10:42,470 --> 01:10:39,720

as we're test flying these these crafts

1666

01:10:47,510 --> 01:10:42,480

in 1947 is Roswell as well that kind of

1667

01:10:54,470 --> 01:10:51,410

we yeah it all kind of falls in line yep

1668

01:11:01,520 --> 01:10:54,480

yep it's yeah it's it's that's pretty

1669

01:11:04,340 --> 01:11:01,530

crazy that we like I'm sure people

1670

01:11:06,950 --> 01:11:04,350

listening to this are still like wait

1671

01:11:09,100 --> 01:11:06,960

Germans were on the moon in the 20s like

1672

01:11:12,320 --> 01:11:09,110

they're still at the beginning yeah it's

1673

01:11:16,310 --> 01:11:12,330

this is some crazy crazy things but

1674

01:11:20,030 --> 01:11:16,320

there are multiple people who all stake

1675

01:11:22,130 --> 01:11:20,040

this yeah as being true yeah and just

1676

01:11:25,010 --> 01:11:22,140

because CNN isn't talking about it I

1677

01:11:27,710 --> 01:11:25,020

mean it makes sense yeah this [h__\h]

1678

01:11:30,860 --> 01:11:27,720

sounds insane like we probably sound

1679

01:11:32,360 --> 01:11:30,870

like really really crazy and do do you

1680

01:11:35,090 --> 01:11:32,370

believe in this completely a hundred

1681

01:11:37,250 --> 01:11:35,100

percent maybe may I don't know I mean

1682

01:11:41,300 --> 01:11:37,260

there's some pretty wacky stuff but at

1683

01:11:45,340 --> 01:11:41,310

the same time dude I mean if if you're a

1684

01:11:48,560 --> 01:11:45,350

young civilization and you're coming up

1685

01:11:50,390 --> 01:11:48,570

maybe you did meet something right the

1686

01:11:52,430 --> 01:11:50,400

whole reason that we're into this is

1687

01:11:56,990 --> 01:11:52,440

because we're into extraterrestrials

1688

01:11:59,240 --> 01:11:57,000

Yeah right so why does it matter at what

1689

01:12:01,310 --> 01:11:59,250

time period you meet an extraterrestrial

1690

01:12:03,140 --> 01:12:01,320

right yeah why does it have to fit the

1691

01:12:05,630 --> 01:12:03,150

narrative that should make sense yeah

1692

01:12:08,320 --> 01:12:05,640

like we're going based off of like human

1693

01:12:11,960 --> 01:12:08,330

progression we're not going based off of

1694

01:12:13,790 --> 01:12:11,970

at one time period did somebody meet an

1695

01:12:16,250 --> 01:12:13,800

extraterrestrial and receive this

1696

01:12:18,080 --> 01:12:16,260

information right or this technology and

1697

01:12:22,160 --> 01:12:18,090

especially if there are breakaway

1698

01:12:25,420 --> 01:12:22,170

civilization that is nobody knows about

1699

01:12:28,460 --> 01:12:25,430

it's a secret you're a secret society

1700

01:12:30,320 --> 01:12:28,470

yeah it makes total sense that you would

1701

01:12:31,970 --> 01:12:30,330

have this information right because this

1702

01:12:34,130 --> 01:12:31,980

goes all the way back to kings and

1703

01:12:37,100 --> 01:12:34,140

emperors yeah and things like that and

1704

01:12:39,560 --> 01:12:37,110

these people met the gods these people

1705

01:12:41,720 --> 01:12:39,570

acquire this information in technology

1706

01:12:44,150 --> 01:12:41,730

from the gods because that's how they

1707

01:12:46,850 --> 01:12:44,160

described it back in the day and they

1708

01:12:48,950 --> 01:12:46,860

kept it secret from everybody what did

1709

01:12:51,440 --> 01:12:48,960

you call it like the the basic public

1710

01:12:54,860 --> 01:12:51,450

they were called eaters right we're just

1711

01:12:57,460 --> 01:12:54,870

called eaters and basically you just you

1712

01:13:00,440 --> 01:12:57,470

just feed the lower population to

1713

01:13:01,250 --> 01:13:00,450

continue your your progress right in

1714

01:13:03,379 --> 01:13:01,260

your own

1715

01:13:05,180 --> 01:13:03,389

local small little group keep it going

1716

01:13:07,250 --> 01:13:05,190

we need some hands on the on the wheel

1717

01:13:08,839 --> 01:13:07,260

exactly keep them happy keep them fed

1718

01:13:11,660 --> 01:13:08,849

keep them entertained alright yeah

1719

01:13:15,979 --> 01:13:11,670

that's it I mean yeah they will build

1720

01:13:17,930 --> 01:13:15,989

the future for you yeah it it fits again

1721

01:13:19,970 --> 01:13:17,940

it's it's another it's another thing

1722

01:13:22,069 --> 01:13:19,980

that if you really really step back and

1723

01:13:25,160 --> 01:13:22,079

just disconnect yourself from the status

1724

01:13:28,009 --> 01:13:25,170

quo and what's crazy and what's uh you

1725

01:13:30,560 --> 01:13:28,019

know impossible really just think about

1726

01:13:33,919 --> 01:13:30,570

the word impossible and what's possible

1727

01:13:35,930 --> 01:13:33,929

any anything is [h__h] possible oh just

1728

01:13:38,089 --> 01:13:35,940

because someone told you only these

1729

01:13:41,240 --> 01:13:38,099

things are possible doesn't mean that

1730

01:13:43,939 --> 01:13:41,250

that's the only options like yeah

1731

01:13:47,120 --> 01:13:43,949

there's a lot that we probably don't

1732

01:13:49,040 --> 01:13:47,130

know about I mean yeah it's just yeah

1733

01:13:50,680 --> 01:13:49,050

yeah I'm on the same pages yeah I mean

1734

01:13:53,629 --> 01:13:50,690

if the universe is infinite

1735

01:13:56,540 --> 01:13:53,639

there is no impossibilities yeah

1736

01:13:58,790 --> 01:13:56,550

everything is probable yeah not it's not

1737

01:14:00,589 --> 01:13:58,800

impossible just very improbable yeah

1738

01:14:03,830 --> 01:14:00,599

what that means that there is a

1739

01:14:07,220 --> 01:14:03,840

probability that it can happen yeah and

1740

01:14:10,729 --> 01:14:07,230

if as long as that is a part of reality

1741

01:14:12,439 --> 01:14:10,739

then I feel good about talking about

1742

01:14:14,330 --> 01:14:12,449

this stuff that was eluding everyone

1743

01:14:15,859 --> 01:14:14,340

it's fun but I want to get to the bottom

1744

01:14:17,419 --> 01:14:15,869

of it and the more and more we look into

1745

01:14:20,569 --> 01:14:17,429

this stuff it's it's beginning to make

1746

01:14:22,700 --> 01:14:20,579

sense it is gonna be more probable than

1747

01:14:24,259 --> 01:14:22,710

it is impossible yeah for me isn't it

1748

01:14:26,779 --> 01:14:24,269

crazy though how like the more and more

1749

01:14:28,640 --> 01:14:26,789

we dig into this the crazier the [h__\h]

1750

01:14:30,740 --> 01:14:28,650

gets but yeah but the more it makes

1751

01:14:34,160 --> 01:14:30,750

sense yeah it's like if you were to

1752

01:14:35,810 --> 01:14:34,170

start where we started now right with

1753

01:14:39,560 --> 01:14:35,820

regular you know just everyday people

1754

01:14:42,049 --> 01:14:39,570

they'd be like [h__\h] yeah but like we

1755

01:14:44,270 --> 01:14:42,059

have been doing this for so long not and

1756

01:14:45,680 --> 01:14:44,280

and this not just the couple months

1757

01:14:48,049 --> 01:14:45,690

we've been doing this podcast I mean

1758

01:14:50,990 --> 01:14:48,059

we've been looking into this stuff for

1759

01:14:51,740 --> 01:14:51,000

years since we were young teenagers you

1760

01:14:55,100 --> 01:14:51,750

know what I'm saying

1761

01:14:56,839 --> 01:14:55,110

yeah and and all the things that we've

1762

01:14:58,729 --> 01:14:56,849

heard and all the stories that we've

1763

01:15:00,770 --> 01:14:58,739

collected in our minds and all the

1764

01:15:04,430 --> 01:15:00,780

things that we've read and videos we've

1765

01:15:07,669 --> 01:15:04,440

watched we've gotten to this point to

1766

01:15:10,609 --> 01:15:07,679

where we're in the most outlandish stage

1767

01:15:12,890 --> 01:15:10,619

of the stories or past Pluto in this

1768

01:15:14,549 --> 01:15:12,900

right now right right but but it's

1769

01:15:16,140 --> 01:15:14,559

making cinch because the

1770

01:15:19,229 --> 01:15:16,150

all the little things that we've

1771

01:15:22,109 --> 01:15:19,239

acquired over this journey yeah you know

1772

01:15:23,850 --> 01:15:22,119

yeah that's why it's making sense I feel

1773

01:15:25,169 --> 01:15:23,860

like it's maybe time to maybe talk about

1774

01:15:27,330 --> 01:15:25,179

our sponsors because I gotta go to the

1775

01:15:29,850 --> 01:15:27,340

bathroom oh yeah go for it dude go for

1776

01:15:32,819 --> 01:15:29,860

it I'm wearing this sweet abduction 51

1777

01:15:34,529 --> 01:15:32,829

t-shirt hundred percent cotton so make

1778

01:15:37,410 --> 01:15:34,539

sure you don't dry and on high heat or

1779

01:15:39,180 --> 01:15:37,420

this [h__h] is gonna shrink but yeah dude

1780

01:15:41,819 --> 01:15:39,190

it's super comfy I love it

1781

01:15:44,549 --> 01:15:41,829

these guys are one of our sponsors go to

1782

01:15:47,850 --> 01:15:44,559

abduction 51 and check out all the cool

1783

01:15:51,060 --> 01:15:47,860

products I mean you can even go to a UFO

1784

soap I've ever used

1795

01:16:24,000 --> 01:16:21,730

I made a post yesterday you know here in

1796

01:16:27,000 --> 01:16:24,010

Texas it's it's been over a hundred

1797

01:16:29,250 --> 01:16:27,010

degrees for over 30 days straight you

1798

01:16:32,609 --> 01:16:29,260

know I do outside kind of work I get

1799

01:16:34,589 --> 01:16:32,619

super filthy super dirty this soap is

1800

01:16:36,510 --> 01:16:34,599

awesome it's an all-natural soap

1801

01:16:40,350 --> 01:16:36,520

they've got bricks of soap they got

1802

01:16:43,709 --> 01:16:40,360

shaving creams shampoos conditioners

1803

01:16:44,220 --> 01:16:43,719

they even got koozies because warm beer

1804

01:16:48,660 --> 01:16:44,230

sucks

1805

01:16:51,600 --> 01:16:48,670

and and you can also go to UFO garage PC

1806

01:16:54,750 --> 01:16:51,610

for that as well and click on the link

1807

01:16:57,240 --> 01:16:54,760

and that's 10% off of that as well is

1808

01:16:59,069 --> 01:16:57,250

that what it is yeah yeah but yeah both

1809

01:17:00,240 --> 01:16:59,079

are 10% on cool cool and so if they

1810

01:17:03,629 --> 01:17:00,250

click on that link does that

1811

01:17:05,910 --> 01:17:03,639

automatically take them to a 10% off yes

1812

01:17:08,100 --> 01:17:05,920

it's like a different I frame it's a

1813

01:17:11,310 --> 01:17:08,110

except portal that basically sets up

1814

01:17:13,379 --> 01:17:11,320

their own version of the website oh and

1815

01:17:14,760 --> 01:17:13,389

it automatically applies it okay are you

1816

01:17:16,919 --> 01:17:14,770

talking about doctor squad yeah doctor

1817

01:17:18,799 --> 01:17:16,929

squad yeah yeah abduction 51 they

1818

01:17:21,029 --> 01:17:18,809

actually have to enter the into the

1819

01:17:22,830 --> 01:17:21,039

checkout like after you click on your

1820

01:17:24,509 --> 01:17:22,840

item and then you go to like buy it and

1821

01:17:25,950 --> 01:17:24,519

then go to the checkout and then it'll

1822

01:17:27,460 --> 01:17:25,960

have a little space for the promo code

1823

01:17:35,730 --> 01:17:27,470

yeah yeah

1824

01:17:38,440 --> 01:17:35,740

I totally believe in this product 100%

1825

01:17:41,620 --> 01:17:38,450

things that like you know like I get

1826

01:17:44,130 --> 01:17:41,630

super amped up about them it's weird

1827

01:17:46,180 --> 01:17:44,140

that soap would be one of them but uh

1828

01:17:49,270 --> 01:17:46,190

taking a bath to something I do every

1829

01:17:52,150 --> 01:17:49,280

single day guys and I'd hope you do too

1830

01:17:54,190 --> 01:17:52,160

and why would you use a soap that's just

1831

01:17:56,470 --> 01:17:54,200

full of chemicals and you rub it on your

1832

01:17:58,690 --> 01:17:56,480

balls yeah that's no good right it was

1833

01:18:03,310 --> 01:17:58,700

right full of McDonald's french fry oil

1834

01:18:04,920 --> 01:18:03,320

no no no not doctor Squatch it's

1835

01:18:10,510 --> 01:18:04,930

probably the other the other show oh

1836

01:18:13,060 --> 01:18:10,520

yeah yeah I guess of his nasty people

1837

01:18:15,520 --> 01:18:13,070

make so many happy meals and using those

1838

01:18:18,400 --> 01:18:15,530

leftovers make soap out of it yeah no

1839

01:18:20,170 --> 01:18:18,410

but I love this soap man they got they

1840

01:18:22,510 --> 01:18:20,180

got like I don't know how many different

1841

01:18:24,250 --> 01:18:22,520

scents but it's a lot it's a lot and

1842

01:18:26,530 --> 01:18:24,260

they all do different things like this

1843

01:18:28,960 --> 01:18:26,540

last bar open is the exfoliating soap

1844

01:18:30,640 --> 01:18:28,970

you can feel it you won't really feel it

1845

01:18:33,220 --> 01:18:30,650

what would you what if we had our own

1846

01:18:35,020 --> 01:18:33,230

soap for doctor squats the UFO garage so

1847

01:18:41,500 --> 01:18:35,030

what would the scent be oh I'd be

1848

01:18:46,930 --> 01:18:41,510

spanked No thank you so just thank the

1849

01:18:49,330 --> 01:18:46,940

stank bar but it smells real good like

1850

01:18:51,640 --> 01:18:49,340

it's called stank but it's it's like I

1851

01:18:55,090 --> 01:18:51,650

don't know I smells like pecans and

1852

01:18:58,570 --> 01:18:55,100

juniper pecans and juniper berries fresh

1853

01:19:01,450 --> 01:18:58,580

think fresh Spanky Stang spank doodle on

1854

01:19:05,260 --> 01:19:01,460

the funky ba yeah dude okay I like the

1858

01:19:12,940 --> 01:19:10,850

1861

01:19:19,570 --> 01:19:17,270

extraterrestrial Brotherhood in the

1862

01:19:21,730 --> 01:19:19,580

flesh so so ladies and gentlemen we're

1863

01:19:23,130 --> 01:19:21,740

1865

01:19:30,940 --> 01:19:27,020

1866

01:19:32,290 --> 01:19:30,950

super funky look like my funk the p-funk

1870

01:19:52,350 --> 01:19:46,389

that's great I want to get [h__h] up

1871

01:19:55,530 --> 01:19:52,360

that's awesome one nation under a groove

1872

01:19:58,229 --> 01:19:55,540

it's his farewell tour is it really yeah

1873

01:20:00,060 --> 01:19:58,239

oh my god so you lucked out dude damn oh

1874

01:20:02,550 --> 01:20:00,070

yeah they're gonna be with fishbone and

1875

01:20:05,100 --> 01:20:02,560

dumps the [h__h] what

1876

01:20:06,600 --> 01:20:05,110

dumps the funk is dope to do you didn't

1877

01:20:07,290 --> 01:20:06,610

like them a lot that's awesome and

1878

01:20:14,399 --> 01:20:07,300

fishbone

1879

01:20:15,930 --> 01:20:14,409

let's get back to the the timeline here

1880

01:20:19,919 --> 01:20:15,940

we're trying dude we're talking about

1881

01:20:22,620 --> 01:20:19,929

Mars quarry goods Mars experience with

1882

01:20:29,840 --> 01:20:22,630

his experience in the secret space

1883

01:20:31,919 --> 01:20:29,850

program yeah so last we kind of left off

1884

01:20:34,709 --> 01:20:31,929

we're talking about the infrastructure

1885

01:20:39,000 --> 01:20:34,719

in space and Germany's treaty with

1886

01:20:40,979 --> 01:20:39,010

America and the fact that we just we

1887

01:20:42,780 --> 01:20:40,989

went into basically into business with

1888

01:20:44,520 --> 01:20:42,790

them in order to get precious metals

1889

01:20:47,370 --> 01:20:44,530

from these asteroids that they were

1890

01:20:49,470 --> 01:20:47,380

mining but also to have this new

1891

01:20:51,750 --> 01:20:49,480

technology this alien technology that

1892

01:20:53,399 --> 01:20:51,760

they had you know dominion over

1893

01:20:55,770 --> 01:20:53,409

basically yeah because no one was

1894

01:21:06,209 --> 01:20:55,780

sharing with the US so USA don't want

1895

01:21:10,020 --> 01:21:06,219

them to found so you could say that

1896

01:21:12,000 --> 01:21:10,030

stuff that's cuz I'm my biggest player

1897

01:21:16,260 --> 01:21:12,010

dude yeah I know I'm supposed to say

1898

01:21:19,340 --> 01:21:16,270

goofy [h__h] okay so another thing that

1899

01:21:22,830 --> 01:21:19,350

coincides with this secret space program

1900

01:21:24,180 --> 01:21:22,840

in the US and Germany is this thing

1901

01:21:26,550 --> 01:21:24,190

called the brain drain and I know a

1902

01:21:28,500 --> 01:21:26,560

little bit about it and it's what what

1903

01:21:30,390 --> 01:21:28,510

it's this you can look it up but there's

1904

01:21:32,430 --> 01:21:30,400

there's all kinds of declassified

1905

01:21:34,950 --> 01:21:32,440

documents on the brain drain the brain

1906

01:21:36,959 --> 01:21:34,960

drain and it's basically America going

1907

01:21:39,000 --> 01:21:36,969

around to the top physicists and

1908

01:21:41,270 --> 01:21:39,010

scientists from around the United States

1909

01:21:43,200 --> 01:21:41,280

and approaching them and saying like hey

1910

01:21:45,870 --> 01:21:43,210

you're awesome at what you're doing

1911

01:21:47,040 --> 01:21:45,880

maybe you're an independent contractor

1912

01:21:48,899 --> 01:21:47,050

or you're already working for the

1913

01:21:50,669 --> 01:21:48,909

government or you're working for the

1914

01:21:52,740 --> 01:21:50,679

private sector we want to hire you for

1915

01:21:53,339 --> 01:21:52,750

this really secret underground military

1916

01:21:55,229 --> 01:21:53,349

facility

1917

01:21:58,830 --> 01:21:55,239

to come and live there maybe bring your

1918

01:22:02,399 --> 01:21:58,840

family and they and he will pay you this

1919

01:22:05,910 --> 01:22:02,409

much and well when these scientists or

1920

01:22:08,280 --> 01:22:05,920

physicists get to the this underground

1921

01:22:10,500 --> 01:22:08,290

base they go through a portal and they

1922

01:22:13,560 --> 01:22:10,510

shoot out and they're there all the

1923

01:22:15,629 --> 01:22:13,570

sudden in a Mars base they go to Mars so

1924

01:22:17,580 --> 01:22:15,639

we were talking about the moon and now

1925

01:22:21,479 --> 01:22:17,590

we're talking about Mars when when when

1926

01:22:22,709 --> 01:22:21,489

we started colonizing Mars so what what

1927

01:22:25,500 --> 01:22:22,719

were you saying about the the first

1928

01:22:27,870 --> 01:22:25,510

couple steps on our first couple like

1929

01:22:30,839 --> 01:22:27,880

buildings on Mars we came encounter with

1930

01:22:32,879 --> 01:22:30,849

like yeah so there's so we when we got

1931

01:22:34,979 --> 01:22:32,889

there we were like okay we need to we

1932

01:22:37,890 --> 01:22:34,989

need to build some bases and we built a

1933

01:22:41,250 --> 01:22:37,900

few bases a lot of them got destroyed

1934

01:22:44,189 --> 01:22:41,260

we just got overrun it didn't work out

1935

01:22:46,770 --> 01:22:44,199

Corey Goode says that we built some like

1936

01:22:48,330 --> 01:22:46,780

closer to the equator of Mars but it

1937

01:22:51,209 --> 01:22:48,340

turns out that was a really bad idea

1938

01:22:53,220 --> 01:22:51,219

because it gets super sandy because

1939

01:22:55,319 --> 01:22:53,230

there's yeah it's really hot and there's

1940

01:22:57,330 --> 01:22:55,329

all these storms that that happen on

1941

01:23:00,810 --> 01:22:57,340

Mars and basically what happened was

1942

01:23:03,419 --> 01:23:00,820

like this sand it starts to create this

1943

01:23:05,970 --> 01:23:03,429

massive electrical charge so it's

1944

01:23:08,459 --> 01:23:05,980

basically like dropping an EMP on your

1945

01:23:10,109 --> 01:23:08,469

base which wipes out all the electronics

1946

01:23:10,890 --> 01:23:10,119

about everything that you set up when

1947

01:23:13,140 --> 01:23:10,900

you got there

1948

01:23:14,910 --> 01:23:13,150

so we found out that that was a really

1949

01:23:17,160 --> 01:23:14,920

terrible idea

1950

01:23:19,470 --> 01:23:17,170

and also there's other civilizations

1951

01:23:21,689 --> 01:23:19,480

that already live on Mars yeah which is

1952

01:23:24,450 --> 01:23:21,699

kind of a crazy thing and they're very

1953

01:23:26,280 --> 01:23:24,460

territorial one of the things that you

1954

01:23:29,040 --> 01:23:26,290

had said right was about the face on

1955

01:23:31,620 --> 01:23:29,050

Mars oh yeah and yeah one of the things

1956

01:23:35,040 --> 01:23:31,630

that gave it gave Corey's story some

1957

01:23:37,649 --> 01:23:35,050

validity was David Wilcock had asked him

1958

01:23:40,050 --> 01:23:37,659

hey so you were you were at Mars you

1959

01:23:42,000 --> 01:23:40,060

obviously flown around it going back and

1960

01:23:43,350 --> 01:23:42,010

forth between bases did you ever see the

1961

01:23:44,729 --> 01:23:43,360

face on Mars what do you think about the

1962

01:23:45,990 --> 01:23:44,739

face and Corey's like I've never even

1963

01:23:48,209 --> 01:23:46,000

heard of the face I have no idea no

1964

01:23:50,760 --> 01:23:48,219

one's ever talked about it which think

1965

01:23:52,979 --> 01:23:50,770

that's like a really famous thing yeah

1966

01:23:54,689 --> 01:23:52,989

about Mars like it's a very huge anomaly

1967

01:23:57,689 --> 01:23:54,699

and the fact that Corey had no knowledge

1968

01:24:00,060 --> 01:23:57,699

of it yeah even gives it his story more

1969

01:24:02,069 --> 01:24:00,070

credibility he knows about it now but

1970

01:24:04,310 --> 01:24:02,079

when he had went there he had never

1971

01:24:06,799 --> 01:24:04,320

heard of the face on Mars right yeah

1972

01:24:09,319 --> 01:24:06,809

out in Cydonia is what they call it

1973

01:24:11,330 --> 01:24:09,329

Sidonie Cydonia that's an area on Mars

1974

01:24:13,760 --> 01:24:11,340

where they see the pyramids right and

1975

01:24:16,459 --> 01:24:13,770

they see the face and there's those

1976

01:24:19,189 --> 01:24:16,469

obelisks things like that that are built

1977

01:24:21,229 --> 01:24:19,199

in the area yeah and and what makes it

1978

01:24:24,470 --> 01:24:21,239

interesting is that so the asteroid

1979

01:24:28,520 --> 01:24:24,480

built right apparently from their

1980

01:24:32,270 --> 01:24:28,530

sources they think that it was a large

1981

01:24:35,870 --> 01:24:32,280

planet that at some time was in the

1982

01:24:38,540 --> 01:24:35,880

solar system and that Mars was a moon of

1983

01:24:40,700 --> 01:24:38,550

this planet okay and so this planet

1984

01:24:43,220 --> 01:24:40,710

something happened to it and it broke up

1985

01:24:46,040 --> 01:24:43,230

into a bunch of little pieces that kind

1986

01:24:48,620 --> 01:24:46,050

of just exploded and we were kind of

1987

01:24:51,939 --> 01:24:48,630

talking about this a little earlier but

1988

01:24:54,799 --> 01:24:51,949

that's how they found like all this

1989

01:24:56,689 --> 01:24:54,809

these the precious metals yeah precious

1990

01:24:58,310 --> 01:24:56,699

metals and things because it's just like

1991

01:24:59,780 --> 01:24:58,320

earth you know it's got we've got all

1992

01:25:01,280 --> 01:24:59,790

these precious metals and things like

1993

01:25:03,680 --> 01:25:01,290

that inside the earth well is the same

1994

01:25:05,299 --> 01:25:03,690

thing with this asteroid belt was it

1995

01:25:06,220 --> 01:25:05,309

used to be a planet and something

1996

01:25:09,950 --> 01:25:06,230

happened to it

1997

01:25:11,990 --> 01:25:09,960

and so it when it exploded that's why

1998

01:25:13,850 --> 01:25:12,000

it's in between you know Mars and

1999

01:25:16,490 --> 01:25:13,860

Jupiter yeah because it used to be a

2000

01:25:19,040 --> 01:25:16,500

planet and on one side of Mars there's a

2001

01:25:21,080 --> 01:25:19,050

whole bunch of like craters we're like

2002

01:25:23,419 --> 01:25:21,090

meteors hit it and it's real scarred

2003

01:25:25,790 --> 01:25:23,429

beat up and then on the other side it's

2004

01:25:29,149 --> 01:25:25,800

really smooth like nothing happened to

2005

01:25:30,919 --> 01:25:29,159

it and so that's the biggest telltale

2006

01:25:32,990 --> 01:25:30,929

sign I mean it only happened on one side

2007

01:25:36,020 --> 01:25:33,000

yeah that's like that to me tells me

2008

01:25:38,959 --> 01:25:36,030

it's one explosion or one event and so

2009

01:25:39,530 --> 01:25:38,969

the civilization that lived on there had

2010

01:25:42,200 --> 01:25:39,540

to get out

2011

01:25:44,930 --> 01:25:42,210

yeah landed on Mars yeah and Mars used

2012

01:25:47,720 --> 01:25:44,940

to were they a more earth-like habitable

2013

01:25:50,120 --> 01:25:47,730

place live right apparently or they went

2014

01:25:52,250 --> 01:25:50,130

from the major planet and went straight

2015

01:25:55,280 --> 01:25:52,260

to earth some people went yes earth also

2016

01:25:57,049 --> 01:25:55,290

went to earth yeah so maybe maybe at

2017

01:25:58,580 --> 01:25:57,059

that time like just hypothetically maybe

2018

01:26:00,229 --> 01:25:58,590

there's a couple of different breakaway

2019

01:26:02,770 --> 01:26:00,239

civilizations that were ready to get out

2020

01:26:05,689 --> 01:26:02,780

of there and oh [h__h] there's a big

2021

01:26:07,430 --> 01:26:05,699

planetary war or maybe some other

2022

01:26:10,939 --> 01:26:07,440

species comes and just destroys this

2023

01:26:12,530 --> 01:26:10,949

planet yeah and okay so yeah there's

2024

01:26:14,270 --> 01:26:12,540

maybe a couple of civilizations that are

2025

01:26:16,459 --> 01:26:14,280

ready to get out of there anyway yeah so

2026

01:26:18,530 --> 01:26:16,469

they go someone goes them to earth

2027

01:26:20,930 --> 01:26:18,540

one goes to Mars once one goes to a

2028

01:26:23,510 --> 01:26:20,940

different solar system yeah cuz I mean

2029

01:26:26,840 --> 01:26:23,520

like maybe that's the ancient builders

2030

01:26:30,080 --> 01:26:26,850

yeah on the timescale of this stuff this

2031

01:26:32,570 --> 01:26:30,090

has been happening for millennia what

2032

01:26:35,810 --> 01:26:32,580

we're talking about is like a brief

2033

01:26:38,930 --> 01:26:35,820

point in history right but to us I mean

2034

01:26:40,910 --> 01:26:38,940

this is like holy crap that's thousands

2035

01:26:44,150 --> 01:26:40,920

and thousands of years but we're talking

2036

01:26:47,030 --> 01:26:44,160

two millennia like this just so happens

2037

01:26:49,790 --> 01:26:47,040

to be a species that was cruising

2038

01:26:51,250 --> 01:26:49,800

through our part of the universe right

2039

01:26:53,870 --> 01:26:51,260

right this is just some random

2040

01:26:56,959 --> 01:26:53,880

occurrence that happened it just so

2041

01:27:00,080 --> 01:26:56,969

happened to have happen to occur in our

2042

01:27:02,810 --> 01:27:00,090

solar system right and so you know this

2043

01:27:06,170 --> 01:27:02,820

is you know this has been happening for

2044

01:27:08,000 --> 01:27:06,180

a long long time yeah and this is just

2045

01:27:10,640 --> 01:27:08,010

over and over yeah one little piece of

2046

01:27:12,250 --> 01:27:10,650

it right one civilization comes in they

2047

01:27:14,120 --> 01:27:12,260

kind of do their thing and then another

2048

01:27:15,979 --> 01:27:14,130

civilization just so happens to be

2049

01:27:18,620 --> 01:27:15,989

cruising by this part of the Milky Way

2050

01:27:20,420 --> 01:27:18,630

galaxy and this part of the universe and

2051

01:27:22,010 --> 01:27:20,430

is like hey I think I like this I'm

2052

01:27:24,729 --> 01:27:22,020

gonna take it right well I want that

2053

01:27:28,100 --> 01:27:24,739

yeah I'm gonna do this and and you know

2054

01:27:29,959 --> 01:27:28,110

they come and they go right they get

2055

01:27:32,450 --> 01:27:29,969

here and then they leave yeah and then

2056

01:27:35,390 --> 01:27:32,460

they some other people come and they

2057

01:27:37,760 --> 01:27:35,400

leave right so like we're humans we live

2058

01:27:40,729 --> 01:27:37,770

on earth at some point we may decide

2059

01:27:45,560 --> 01:27:40,739

yeah let's go we leave right and then so

2060

01:27:47,959 --> 01:27:45,570

the next you know million two million

2061

01:27:50,780 --> 01:27:47,969

and a half years right there's gonna be

2062

01:27:52,610 --> 01:27:50,790

people just like you and I sitting here

2063

01:27:55,250 --> 01:27:52,620

talking about this this mysterious

2064

01:27:57,530 --> 01:27:55,260

civilization same exact that existed you

2065

01:28:01,430 --> 01:27:57,540

know and that's just what happens

2066

01:28:04,700 --> 01:28:01,440

basically cool yeah yeah do manats grow

2067

01:28:07,760 --> 01:28:04,710

planets die civilizations exist they

2068

01:28:10,459 --> 01:28:07,770

don't exist you acquire technology you

2069

01:28:13,040 --> 01:28:10,469

lose the technology you know you it's

2070

01:28:14,570 --> 01:28:13,050

it's it's just the process yeah it's

2071

01:28:16,939 --> 01:28:14,580

just what happens with intelligent life

2072

01:28:20,330 --> 01:28:16,949

I guess yeah that's just yeah it's like

2073

01:28:22,370 --> 01:28:20,340

yeah the the the end in the beginning

2074

01:28:24,190 --> 01:28:22,380

you know just kind of happens over and

2075

01:28:29,320 --> 01:28:24,200

over and over again yep

2076

01:28:31,570 --> 01:28:29,330

yeah man so on Mars he said there's

2077

01:28:33,850 --> 01:28:31,580

multiple different species already

2078

01:28:35,980 --> 01:28:33,860

living there when when we get there and

2079

01:28:37,690 --> 01:28:35,990

we start to colonize it and what Cory

2080

01:28:39,970 --> 01:28:37,700

says that it kind of happened all at the

2081

01:28:42,040 --> 01:28:39,980

same time like once the moon is kind of

2082

01:28:44,620 --> 01:28:42,050

not working out all that well then they

2083

01:28:46,000 --> 01:28:44,630

start portaling over Mars and they get

2084

01:28:48,070 --> 01:28:46,010

there and they really don't it's like

2085

01:28:50,320 --> 01:28:48,080

moving to a new neighborhood they don't

2086

01:28:52,360 --> 01:28:50,330

really know anybody and maybe yeah the

2087

01:28:54,850 --> 01:28:52,370

neighbors are not so nice yeah they're

2088

01:28:56,860 --> 01:28:54,860

super territory yeah so they build a

2089

01:28:59,080 --> 01:28:56,870

base near the equator doesn't work out

2090

01:29:01,150 --> 01:28:59,090

so they move up so Cory get good says it

2091

01:29:04,450 --> 01:29:01,160

there's a sweet spot on Mars it's like

2092

01:29:07,420 --> 01:29:04,460

20 degrees from the north and there's

2093

01:29:10,630 --> 01:29:07,430

like a I guess if you looked at it like

2094

01:29:12,910 --> 01:29:10,640

a side view from the tip or the North

2095

01:29:15,310 --> 01:29:12,920

Pole there's like 20 degrees down is

2096

01:29:17,440 --> 01:29:15,320

like kind of a habitable zone and then

2097

01:29:19,600 --> 01:29:17,450

on the South Pole the same same deal so

2098

01:29:22,630 --> 01:29:19,610

you have to you can only build within

2099

01:29:24,160 --> 01:29:22,640

this little tiny strip on Mars I was

2100

01:29:41,680 --> 01:29:24,170

just thinking of looking at a side view

2101
01:29:43,390 --> 01:29:41,690
of a sphere through my head beside view

2102
01:29:45,250 --> 01:29:43,400
because I try to picture the side view

2103
01:29:56,470 --> 01:29:45,260
in my head when you said it and I was

2104
01:29:59,050 --> 01:29:56,480
like that's hilarious dude yeah yeah

2105
01:30:01,360 --> 01:29:59,060
right in between the North Pole and the

2106
01:30:03,280 --> 01:30:01,370
equator yeah there's a sweet spot where

2107
01:30:05,590 --> 01:30:03,290
you can kind of stay he says it's a

2108
01:30:07,450 --> 01:30:05,600
little bit cold but you can get away

2109
01:30:09,820 --> 01:30:07,460
with it with being a little bit cold

2110
01:30:14,010 --> 01:30:09,830
yeah as opposed to being like in this

2111
01:30:16,660 --> 01:30:14,020
super hot dense area with all this like

2112
01:30:18,310 --> 01:30:16,670
electronic stuff happening and it's just

2113
01:30:19,360 --> 01:30:18,320

ruining all of your equipment everything

2114

01:30:21,100 --> 01:30:19,370

gets Sandy

2115

01:30:24,130 --> 01:30:21,110

you know everything dies cuz it's like

2116

01:30:26,890 --> 01:30:24,140

an EMP is going off constantly yeah so

2117

01:30:28,660 --> 01:30:26,900

he says there's a sweet spot on Mars

2118

01:30:30,670 --> 01:30:28,670

that you can find and he says there's a

2119

01:30:33,220 --> 01:30:30,680

there's a erase living there already

2120

01:30:35,140 --> 01:30:33,230

with like reddish skin that are like

2121

01:30:38,050 --> 01:30:35,150

they're not confrontational so they just

2122

01:30:38,660 --> 01:30:38,060

like whenever we started to to build a

2123

01:30:39,800 --> 01:30:38,670

new base

2124

01:30:41,090 --> 01:30:39,810

like they would just kind of get up and

2125

01:30:43,669 --> 01:30:41,100

lay even a they would just pick up their

2126

01:30:46,040 --> 01:30:43,679

stuff and move go

2127

01:30:48,620 --> 01:30:46,050

apparently they captured a couple of

2128

01:30:51,500 --> 01:30:48,630

them and you know interrogated them and

2129

01:30:53,510 --> 01:30:51,510

they said that they were negative to

2130

01:30:55,900 --> 01:30:53,520

Mars like they're native to that into

2131

01:30:58,490 --> 01:30:55,910

that planet damn which makes me wonder

2132

01:31:00,620 --> 01:30:58,500

did something happen between them and

2133

01:31:02,000 --> 01:31:00,630

the insectoids that lived there so yeah

2134

01:31:03,470 --> 01:31:02,010

what he said there's a couple different

2135

01:31:05,540 --> 01:31:03,480

species there was the Draco they

2136

01:31:07,910 --> 01:31:05,550

insectoids with the Draco is like the

2137

01:31:09,650 --> 01:31:07,920

reptilians kind of and then they accept

2138

01:31:12,439 --> 01:31:09,660

insectoids are kind of like this mantis

2139

01:31:15,080 --> 01:31:12,449

kind of yeah Bobby looking creatures and

2140

01:31:17,780 --> 01:31:15,090

he said that their technology was was

2141

01:31:19,729 --> 01:31:17,790

like a biotech right this stuff they

2142

01:31:21,979 --> 01:31:19,739

used was like biotech no bugs

2143

01:31:24,950 --> 01:31:21,989

yeah they would create like little bugs

2144

01:31:26,900 --> 01:31:24,960

yeah like drones or whatever yeah and so

2145

01:31:28,939 --> 01:31:26,910

when there was like a war going on you

2146

01:31:31,939 --> 01:31:28,949

know there would be like these these you

2147

01:31:33,709 --> 01:31:31,949

know biotech little beings running

2148

01:31:37,580 --> 01:31:33,719

around that's [h__\h] terrifying fight

2149

01:31:40,250 --> 01:31:37,590

yeah like that yeah no no I see why the

2150

01:31:41,780 --> 01:31:40,260

the the the red natives just stayed away

2151
01:31:49,600 --> 01:31:41,790
from it they're like butthole bugs they

2152
01:31:53,570 --> 01:31:49,610
go straight for that watching but yeah

2153
01:31:55,669 --> 01:31:53,580
so another thing that he mentions Corgan

2154
01:31:57,320 --> 01:31:55,679
mentions is that while this is going on

2155
01:31:58,570 --> 01:31:57,330
they're mining these asteroids so while

2156
01:32:01,270 --> 01:31:58,580
they're building these bases on Mars

2157
01:32:05,270 --> 01:32:01,280
they're mining asteroids bringing

2158
01:32:08,169 --> 01:32:05,280
portaling different materials golds iron

2159
01:32:11,209 --> 01:32:08,179
and platinum and all this stuff and

2160
01:32:14,270 --> 01:32:11,219
David asked him like asks him what how

2161
01:32:16,430 --> 01:32:14,280
are they shipping all this stuff and he

2162
01:32:18,620 --> 01:32:16,440
says Corey says oh that was their

2163
01:32:20,750 --> 01:32:18,630

release huge freighters like sighs of

2164

01:32:22,430 --> 01:32:20,760

multiple football fields and it looked

2165

01:32:24,979 --> 01:32:22,440

kind of like a big shipping container

2166

01:32:26,689 --> 01:32:24,989

back and then the front was where the

2167

01:32:28,610 --> 01:32:26,699

cockpit was was like a 45-degree angle

2168

01:32:30,800 --> 01:32:28,620

where the cockpit was and them in the

2169

01:32:33,700 --> 01:32:30,810

window or whatever and they would drive

2170

01:32:37,400 --> 01:32:33,710

out to the they would you know fly out

2171

01:32:41,060 --> 01:32:37,410

to the asteroid belt my land on these

2172

01:32:43,640 --> 01:32:41,070

huge asteroids mine into the asteroid

2173

01:32:45,020 --> 01:32:43,650

because it's really inhospitable on that

2174

01:32:46,340 --> 01:32:45,030

on the surface because all these

2175

01:32:48,050 --> 01:32:46,350

asteroids are hitting each other and all

2176

01:32:49,669 --> 01:32:48,060

that so they would drive deeper and

2177

01:32:51,740 --> 01:32:49,679

deeper inside of it and that's where

2178

01:32:54,440 --> 01:32:51,750

they would seek refuge and park there

2179

01:32:57,950 --> 01:32:54,450

there are these freighters and once they

2180

01:33:01,460 --> 01:32:57,960

got loaded up they would use their what

2181

01:33:05,210 --> 01:33:01,470

if they call it there wasn't uh he

2182

01:33:08,000 --> 01:33:05,220

describes it as a torsion field drive

2183

01:33:10,880 --> 01:33:08,010

and it's basically exactly what bob

2184

01:33:13,070 --> 01:33:10,890

lazar had said that creates this bubble

2185

01:33:14,990 --> 01:33:13,080

around it where they fall into gravity

2186

01:33:17,870 --> 01:33:15,000

and they basically show up wherever they

2187

01:33:19,640 --> 01:33:17,880

want instantaneously which is I mean

2188

01:33:22,820 --> 01:33:19,650

spot-on to what Bob Lazar has been

2189

01:33:24,740 --> 01:33:22,830

saying for years yep so [h__h] I mean he

2190

01:33:27,350 --> 01:33:24,750

has another yeah it's cool no the

2191

01:33:29,030 --> 01:33:27,360

coincidence yeah but yeah so that's how

2192

01:33:31,310 --> 01:33:29,040

that's the another specific thing that

2193

01:33:33,260 --> 01:33:31,320

he went through and talked about how

2194

01:33:35,570 --> 01:33:33,270

they were shipping these things back and

2195

01:33:39,440 --> 01:33:35,580

forth so all the Wow with this with this

2196

01:33:41,690 --> 01:33:39,450

brain drain initiative they have all

2197

01:33:44,570 --> 01:33:41,700

these engineers scientists physicists

2198

01:33:47,770 --> 01:33:44,580

living in these Mars bases building more

2199

01:33:50,450 --> 01:33:47,780

Mars bases and doing different

2200

01:33:53,420 --> 01:33:50,460

technological research and building new

2201

01:33:55,760 --> 01:33:53,430

engines and freighters and different

2202

01:33:57,980 --> 01:33:55,770

bases and building underground working

2203

01:34:00,980 --> 01:33:57,990

working with maybe even working with the

2204

01:34:02,390 --> 01:34:00,990

the bugs and the Draco on certain

2205

01:34:06,380 --> 01:34:02,400

initiatives and trading with those

2206

01:34:08,690 --> 01:34:06,390

people I don't know how you how they

2207

01:34:12,500 --> 01:34:08,700

would also build stuff on earth and then

2208

01:34:14,270 --> 01:34:12,510

use those those spherical portals yeah

2209

01:34:16,430 --> 01:34:14,280

to just move things like they could move

2210

01:34:19,910 --> 01:34:16,440

tanks yeah he was like you could you

2211

01:34:20,840 --> 01:34:19,920

could move a aircraft carrier yeah if

2212

01:34:22,220 --> 01:34:20,850

you want yeah that's what he said

2213

01:34:24,230 --> 01:34:22,230

aircraft carrier yeah he was like

2214

01:34:29,840 --> 01:34:24,240

they're just pretty much move whatever

2215

01:34:31,640 --> 01:34:29,850

you want specific yeah but those people

2216

01:34:34,280 --> 01:34:31,650

that move that got sent there they ended

2217

01:34:37,330 --> 01:34:34,290

up being slaves right that's what I was

2218

01:34:40,700 --> 01:34:37,340

gonna go into next yeah so when these

2219

01:34:42,650 --> 01:34:40,710

physicists and engineers and these

2220

01:34:44,300 --> 01:34:42,660

people were promised this awesome job in

2221

01:34:46,940 --> 01:34:44,310

this military base underground in

2222

01:34:49,340 --> 01:34:46,950

America what they actually did was they

2223

01:34:50,870 --> 01:34:49,350

were portal to these underground bases

2224

01:34:53,750 --> 01:34:50,880

in Mars so they really know if they were

2225

01:34:55,370 --> 01:34:53,760

in America or not yeah most of them and

2226

01:34:56,780 --> 01:34:55,380

when they got there they're like okay

2227

01:34:57,980 --> 01:34:56,790

actually you're gonna be working on this

2228

01:34:59,240 --> 01:34:57,990

so you can't leave you can't see your

2229

01:35:01,040 --> 01:34:59,250

family some of them brought their

2230

01:35:02,900 --> 01:35:01,050

families and their kids and stuff but it

2231

01:35:04,250 --> 01:35:02,910

was Corey Goode said he's but he had

2232

01:35:05,479 --> 01:35:04,260

been through these bases and it was

2233

01:35:06,649 --> 01:35:05,489

really depressing

2234

01:35:09,169 --> 01:35:06,659

like people walking around like they're

2235

01:35:10,910 --> 01:35:09,179

drones just sad and he said right there

2236

01:35:12,770 --> 01:35:10,920

was like art on the walls like he tried

2237

01:35:15,169 --> 01:35:12,780

to you know liven up the place but it

2238

01:35:16,819 --> 01:35:15,179

looked like a military facility anywhere

2239

01:35:19,549 --> 01:35:16,829

you went you really couldn't tell ya

2240

01:35:23,120 --> 01:35:19,559

where you were but it looked he said it

2241

01:35:24,739 --> 01:35:23,130

looked really [h__h] Drive yes do one

2242

01:35:27,919 --> 01:35:24,749

thing I thought was really interesting

2243

01:35:29,750 --> 01:35:27,929

was he said that the people who set all

2244

01:35:34,279 --> 01:35:29,760

this stuff up one of the stipulations

2245

01:35:36,439 --> 01:35:34,289

was they said this will not be another

2246

01:35:38,629 --> 01:35:36,449

13 colonies oh right right not be

2247

01:35:40,430 --> 01:35:38,639

another colonial thing right like what

2248

01:35:42,410 --> 01:35:40,440

happened in America uh-huh all right

2249

01:35:45,259 --> 01:35:42,420

there would be no division like hey

2250

01:35:47,750 --> 01:35:45,269

here's a revolution yeah yeah no

2251
01:35:50,180 --> 01:35:47,760
revolution and I thought it was cool how

2252
01:35:52,220 --> 01:35:50,190
they they were super specific about it

2253
01:35:55,910 --> 01:35:52,230
they're like this is not gonna be

2254
01:35:58,339 --> 01:35:55,920
another 13 colonies yeah so that that's

2255
01:36:01,520 --> 01:35:58,349
what just gives it validity that they

2256
01:36:04,669 --> 01:36:01,530
were treated as slaves because if you

2257
01:36:07,549 --> 01:36:04,679
let people go off on their own it just

2258
01:36:09,080 --> 01:36:07,559
seems like a revolution is inevitable

2259
01:36:11,720 --> 01:36:09,090
we're on Mars what the hell are they

2260
01:36:14,209 --> 01:36:11,730
gonna do about it but then it also helps

2261
01:36:16,069 --> 01:36:14,219
that you know I mean the British had to

2262
01:36:17,989 --> 01:36:16,079
come over here on ships and it took a

2263
01:36:20,209 --> 01:36:17,999

month yeah right could walk through this

2264

01:36:22,850 --> 01:36:20,219

bubble and instantly be there right I

2265

01:36:25,729 --> 01:36:22,860

just teleport up to up to Mars yeah so

2266

01:36:26,989 --> 01:36:25,739

if there's even a whisper of revolt they

2267

01:36:28,790 --> 01:36:26,999

would be there I'm like all right what

2268

01:36:30,290 --> 01:36:28,800

here's this awesome gun I'm about to

2269

01:36:33,080 --> 01:36:30,300

shoot you with I can assure you when I

2270

01:36:35,209 --> 01:36:33,090

revolt yeah exactly the only thing they

2271

01:36:36,979 --> 01:36:35,219

talked about or Corey talked about was

2272

01:36:40,310 --> 01:36:36,989

the the weaponry that the guards would

2273

01:36:42,770 --> 01:36:40,320

have and it was kind of like this rail

2274

01:36:44,720 --> 01:36:42,780

gun but the the coils inside of were

2275

01:36:46,839 --> 01:36:44,730

made of these long strings of bismuth

2276

01:36:49,669 --> 01:36:46,849

which I thought was a really specific

2277

01:36:52,100 --> 01:36:49,679

description of how these things were

2278

01:36:54,020 --> 01:36:52,110

made yeah and they had so it would shoot

2279

01:36:57,259 --> 01:36:54,030

like something a little less than a 50

2280

01:36:59,899 --> 01:36:57,269

caliber calvert caliber bullet or

2281

01:37:01,399 --> 01:36:59,909

projectile so the weaponry I thought was

2282

01:37:03,319 --> 01:37:01,409

a really awesome specific that he

2283

01:37:06,350 --> 01:37:03,329

described yeah cuz because Corey

2284

01:37:08,270 --> 01:37:06,360

actually went to Mars yeah yeah actually

2285

01:37:10,489 --> 01:37:08,280

I had to go do some work right on the

2286

01:37:12,560 --> 01:37:10,499

base apparently yeah and he witnessed

2287

01:37:14,629 --> 01:37:12,570

these people walking in lines and it

2288

01:37:18,250 --> 01:37:14,639

just looks terrible of these people

2289

01:37:20,710 --> 01:37:18,260

underground bases to you can you imagine

2290

01:37:22,390 --> 01:37:20,720

just imagine like we're living a pretty

2291

01:37:25,150 --> 01:37:22,400

dope life right now we get to do

2292

01:37:27,780 --> 01:37:25,160

whatever we want and there's these

2293

01:37:29,980 --> 01:37:27,790

people that live on another planet

2294

01:37:32,260 --> 01:37:29,990

there's a possibility that these people

2295

01:37:35,320 --> 01:37:32,270

live on a duffel in a whole different

2296

01:37:38,170 --> 01:37:35,330

reality than what we do yeah and that's

2297

01:37:39,880 --> 01:37:38,180

that's [h__\h] scary dude that might be

2298

01:37:41,980 --> 01:37:39,890

another reason that our government

2299

01:37:44,440 --> 01:37:41,990

doesn't want to fully disclose

2300

01:37:47,170 --> 01:37:44,450

everything that's going on because if we

2301

01:37:49,120 --> 01:37:47,180

found out that there is literal slavery

2302

01:37:58,150 --> 01:37:49,130

going on still in this day and age

2303

01:38:05,290 --> 01:37:58,160

other than taxation other yea good jobs

2304

01:38:08,920 --> 01:38:05,300

jobs or sleep yeah we'd probably go nuts

2305

01:38:11,260 --> 01:38:08,930

here on earth like it's wrong but what

2306

01:38:14,470 --> 01:38:11,270

would we do about it nothing they would

2307

01:38:17,500 --> 01:38:14,480

come back here with those tungsten 50

2308

01:38:23,560 --> 01:38:17,510

Cal guns and kill us with probably do

2309

01:38:24,580 --> 01:38:23,570

and those those asshole bugs what do

2310

01:38:26,470 --> 01:38:24,590

you think about it it's like yeah

2311

01:38:27,040 --> 01:38:26,480

there's nothing we could do about it at

2312

01:38:29,650 --> 01:38:27,050

this point

2313

01:38:39,130 --> 01:38:29,660

mmm okay let's keep things happy and

2314

01:38:40,690 --> 01:38:39,140

light okay so another another thing I

2315

01:38:42,760 --> 01:38:40,700

mean that's that's kind of all I had on

2316

01:38:44,350 --> 01:38:42,770

on the bases on Mars yeah I mean it's

2317

01:38:48,250 --> 01:38:44,360

really as far as I've gotten

2318

01:38:51,820 --> 01:38:48,260

okay yeah so far another specific thing

2319

01:38:54,220 --> 01:38:51,830

question that David asked Cory in this

2320

01:38:56,200 --> 01:38:54,230

interview was hey did you know do you

2321

01:39:01,090 --> 01:38:56,210

know of any other moons or planets that

2322

01:39:02,590 --> 01:39:01,100

were being colonized in our solar system

2323

01:39:03,940 --> 01:39:02,600

and Cory said well yeah there's there's

2324

01:39:06,700 --> 01:39:03,950

a bunch of moons it's basically just

2325

01:39:08,290 --> 01:39:06,710

moons around gas giants and he he

2326
01:39:10,150 --> 01:39:08,300
doesn't really say which moons but he

2327
01:39:12,160 --> 01:39:10,160
said their moons are around around gas

2328
01:39:14,590 --> 01:39:12,170
giants he couldn't really tell which

2329
01:39:16,420 --> 01:39:14,600
planet was which whether if it was

2330
01:39:21,040 --> 01:39:16,430
Jupiter or Saturn he said it was either

2331
01:39:22,930 --> 01:39:21,050
Jupiter Saturn or Uranus Uranus you're

2332
01:39:24,730 --> 01:39:22,940
right come on do you have it you have to

2333
01:39:25,729 --> 01:39:24,740
say you're in this now it's gotta be

2334
01:39:28,190 --> 01:39:25,739
your own ego

2335
01:39:29,930 --> 01:39:28,200
right now you're a professional dumb

2336
01:39:31,670 --> 01:39:29,940
scientist or a professional doctor

2337
01:39:36,590 --> 01:39:31,680
scientist podcast good to get that out

2338
01:39:39,290 --> 01:39:36,600

of the way must say Uranus Uranus but

2339

01:39:42,190 --> 01:39:39,300

yeah so what really freaked me out is

2340

01:39:46,160 --> 01:39:42,200

that so this this interview was released

2341

01:39:47,540 --> 01:39:46,170

September in December of 2015 who knows

2342

01:39:49,430 --> 01:39:47,550

when it was filmed it might have been

2343

01:39:52,370 --> 01:39:49,440

filmed months earlier and just edited

2344

01:39:56,020 --> 01:39:52,380

and then released in December so so that

2345

01:39:59,360 --> 01:39:56,030

date is 2015 so Cory talks about this

2346

01:40:01,880 --> 01:39:59,370

particular planet that's off-limits to

2347

01:40:05,020 --> 01:40:01,890

the secret space program and any any

2348

01:40:08,330 --> 01:40:05,030

earth earthling or the Draco or the bugs

2349

01:40:10,220 --> 01:40:08,340

and it's any moon around Saturn like

2350

01:40:14,209 --> 01:40:10,230

apparently we're not allowed to go

2351
01:40:16,130 --> 01:40:14,219
anywhere near Saturn and he describes

2352
01:40:18,640 --> 01:40:16,140
this this moon around Saturn he knows

2353
01:40:21,200 --> 01:40:18,650
specifically that's being colonized by

2354
01:40:23,240 --> 01:40:21,210
by someone else in the in the

2355
01:40:24,500 --> 01:40:23,250
Confederation or Federation whatever he

2356
01:40:27,290 --> 01:40:24,510
calls it and that's like the good guys

2357
01:40:29,360 --> 01:40:27,300
or whatever and it's like comprised of

2358
01:40:31,550 --> 01:40:29,370
50 or more different species and he

2359
01:40:35,870 --> 01:40:31,560
describes this moon is this icy moon

2360
01:40:39,080 --> 01:40:35,880
that has geysers shooting out water from

2361
01:40:41,630 --> 01:40:39,090
the South Pole of the moon and I said oh

2362
01:40:44,540 --> 01:40:41,640
man that sounds really familiar so I

2363
01:40:47,000 --> 01:40:44,550

looked up what it was and it's it's a

2364

01:40:50,140 --> 01:40:47,010

moon around Saturn called Enceladus

2365

01:40:53,290 --> 01:40:50,150

Enceladus and it was discovered around

2366

01:40:56,900 --> 01:40:53,300

2015 and this article was posted on

2367

01:40:58,910 --> 01:40:56,910

science calm about this moon that was

2368

01:41:01,520 --> 01:40:58,920

discovered from what was the the probe

2369

01:41:03,110 --> 01:41:01,530

that you mentioned earlier that flew by

2370

01:41:05,479 --> 01:41:03,120

Saturn I can't remember what it was

2371

01:41:06,410 --> 01:41:05,489

called was it the Voyager I think it

2372

01:41:08,570 --> 01:41:06,420

might have been yeah it might have been

2373

01:41:11,150 --> 01:41:08,580

the Voyager but yeah it was only

2374

01:41:13,729 --> 01:41:11,160

discovered around that time and that

2375

01:41:15,610 --> 01:41:13,739

that article was released in September

2376

01:41:18,890 --> 01:41:15,620

of 2015 which is a couple months before

2377

01:41:21,410 --> 01:41:18,900

this interview was shot but who knows

2378

01:41:23,060 --> 01:41:21,420

like I said maybe this was this

2379

01:41:24,530 --> 01:41:23,070

interview was recorded before that

2380

01:41:26,240 --> 01:41:24,540

article came out and it was in the

2381

01:41:28,400 --> 01:41:26,250

public I had only heard about it until a

2382

01:41:30,790 --> 01:41:28,410

couple months ago dude yeah I only heard

2383

01:41:32,930 --> 01:41:30,800

about it yeah like and maybe May or June

2384

01:41:36,229 --> 01:41:32,940

but he was talking about this moon

2385

01:41:38,780 --> 01:41:36,239

before way before before mainstream

2386

01:41:39,260 --> 01:41:38,790

science even published it exactly dude

2387

01:41:42,290 --> 01:41:39,270

so

2388

01:41:44,150 --> 01:41:42,300

he that's another specific detail that

2389

01:41:47,240 --> 01:41:44,160

he goes into and describes this moon

2390

01:41:48,320 --> 01:41:47,250

exactly how it is before it's ever a

2391

01:41:51,170 --> 01:41:48,330

part of Maine script

2392

01:41:52,940 --> 01:41:51,180

mainstream yeah that that really kind of

2393

01:41:54,950 --> 01:41:52,950

gave me chill that's cool you know and

2394

01:41:56,690 --> 01:41:54,960

and all the stuff is you're listening to

2395

01:41:59,120 --> 01:41:56,700

it it sounds [\h__\h] crazy and then you

2396

01:42:02,480 --> 01:41:59,130

hear something like this that's oh [\h__\h]

2397

01:42:04,940 --> 01:42:02,490

I'm spot-on that's [\h__\h] spot on dude a

2398

01:42:08,180 --> 01:42:04,950

moon around Saturn that's an icy moon

2399

01:42:10,430 --> 01:42:08,190

and it's has huge geysers pumping out

2400

01:42:13,520 --> 01:42:10,440

ice and different elements out of the

2401
01:42:15,680 --> 01:42:13,530
the bottom of the moon what that's just

2402
01:42:17,570 --> 01:42:15,690
[h__h] nuts to me yeah yeah that kind

2403
01:42:19,250 --> 01:42:17,580
of sold me on it as I'm watching like

2404
01:42:22,610 --> 01:42:19,260
the end of it or getting close toward

2405
01:42:24,620 --> 01:42:22,620
the end of it yeah and also I we were

2406
01:42:26,630 --> 01:42:24,630
talking about earlier I'd like how you

2407
01:42:28,700 --> 01:42:26,640
know he wouldn't he gets asked a

2408
01:42:31,460 --> 01:42:28,710
question that he doesn't know he said I

2409
01:42:34,100 --> 01:42:31,470
don't really know yeah or I'm not sure

2410
01:42:35,660 --> 01:42:34,110
right you know and it's like yeah you

2411
01:42:38,150 --> 01:42:35,670
can look at him look he's kind of a

2412
01:42:39,560 --> 01:42:38,160
walker guy like he's not really uh not

2413
01:42:41,240 --> 01:42:39,570

that he's an awkward guy but he's just

2414

01:42:43,220 --> 01:42:41,250

uncomfortable in front of a camera you

2415

01:42:45,920 --> 01:42:43,230

can tell yeah and some people might look

2416

01:42:48,620 --> 01:42:45,930

at that and say oh he's lying but like

2417

01:42:50,330 --> 01:42:48,630

he said if if he was making stuff up

2418

01:42:52,580 --> 01:42:50,340

just to get famous or get the word out

2419

01:42:54,860 --> 01:42:52,590

that you know or go on tour or whatever

2420

01:42:56,420 --> 01:42:54,870

he would just make up everything that he

2421

01:42:58,040 --> 01:42:56,430

was asked he would say yes to everything

2422

01:43:01,550 --> 01:42:58,050

yeah but the fact that he says no do a

2423

01:43:03,740 --> 01:43:01,560

lot of [h__h] is pretty telling that I

2424

01:43:06,140 --> 01:43:03,750

leaned towards yeah this guy's telling

2425

01:43:08,780 --> 01:43:06,150

the truth and and David Wilcock also has

2426

01:43:12,380 --> 01:43:08,790

other sources that have similar stories

2427

01:43:14,000 --> 01:43:12,390

yeah that he he kind of he asks

2428

01:43:14,540 --> 01:43:14,010

questions that he already knows the

2429

01:43:17,210 --> 01:43:14,550

answer to

2430

01:43:19,220 --> 01:43:17,220

to see if Corey has the same answer

2431

01:43:22,630 --> 01:43:19,230

right or if he's bullshitting or not and

2432

01:43:24,500 --> 01:43:22,640

he and David also repeats questions

2433

01:43:27,310 --> 01:43:24,510

often I don't know if you noticed that

2434

01:43:29,480 --> 01:43:27,320

yeah but I think that's a pretty regular

2435

01:43:30,530 --> 01:43:29,490

interrogation or a questioning technique

2436

01:43:32,450 --> 01:43:30,540

when you're trying to figure out

2437

01:43:35,120 --> 01:43:32,460

somebody's lying if you if you ask the

2438

01:43:36,320 --> 01:43:35,130

same question first and then talk about

2439

01:43:37,730 --> 01:43:36,330

something else and ask that same

2440

01:43:39,530 --> 01:43:37,740

question a couple minutes later you can

2441

01:43:40,850 --> 01:43:39,540

tell it kind of throws Corey off like we

2442

01:43:41,900 --> 01:43:40,860

just talked about we just talked about

2443

01:43:44,180 --> 01:43:41,910

yeah yeah

2444

01:43:48,170 --> 01:43:44,190

but he says the same thing every single

2445

01:43:50,750 --> 01:43:48,180

time yeah which is man so I mean now I'm

2446

01:43:52,589 --> 01:43:50,760

thinking as we you know we've told you

2447

01:43:54,780 --> 01:43:52,599

guys about this story I'm trying to

2448

01:43:56,459 --> 01:43:54,790

I kind of want to go in and we would

2449

01:43:58,379 --> 01:43:56,469

kind of already have but the validity of

2450

01:44:00,959 --> 01:43:58,389

this story and I think we're both kind

2451

01:44:03,479 --> 01:44:00,969
of describing that this guy yeah it

2452

01:44:04,350 --> 01:44:03,489
sounds really out there and it sounds

2453

01:44:06,810 --> 01:44:04,360
[h__\h] nuts

2454

01:44:09,600 --> 01:44:06,820
but there's all these little specific

2455

01:44:10,830 --> 01:44:09,610
details that really make me lean towards

2456

01:44:13,200 --> 01:44:10,840
this guy's telling the truth for the

2457

01:44:16,350 --> 01:44:13,210
most part yeah yeah and like I said just

2458

01:44:20,040 --> 01:44:16,360
because just because we don't have the

2459

01:44:22,439 --> 01:44:20,050
technology like everyday people like you

2460

01:44:26,160 --> 01:44:22,449
and I doesn't mean that there's not a

2461

01:44:30,450 --> 01:44:26,170
civilization that has has the technology

2462

01:44:34,319 --> 01:44:30,460
that's you know millions of years

2463

01:44:37,200 --> 01:44:34,329

advanced yeah you know yeah I mean how

2464

01:44:38,879 --> 01:44:37,210

many - how many companies out there I

2465

01:44:40,560 --> 01:44:38,889

mean did we know about the smartphone

2466

01:44:41,370 --> 01:44:40,570

before it came out I don't think so I

2467

01:44:44,990 --> 01:44:41,380

think they were working on the

2468

01:44:47,729 --> 01:44:45,000

smartphone for years before it came out

2469

01:44:49,169 --> 01:44:47,739

you know did you know about spandex

2470

01:44:52,709 --> 01:44:49,179

before it came out did you know about

2471

01:44:54,660 --> 01:44:52,719

velcro or Teflon nope none of that stuff

2472

01:44:57,479 --> 01:44:54,670

came out until the 60s yeah you know

2473

01:45:01,709 --> 01:44:57,489

smart phone no there was no smart phone

2474

01:45:03,330 --> 01:45:01,719

they made the the what was it the iPod

2475

01:45:05,339 --> 01:45:03,340

first oh right yeah

2476

01:45:07,410 --> 01:45:05,349

iPod and they're like well that's cool

2477

01:45:09,060 --> 01:45:07,420

you can use this little circle to scroll

2478

01:45:11,100 --> 01:45:09,070

through your I remember when that was

2479

01:45:12,689 --> 01:45:11,110

the [h__\h] yeah and then they were like oh

2480

01:45:15,270 --> 01:45:12,699

we made this phone that you can kind of

2481

01:45:17,520 --> 01:45:15,280

do the same thing and boom it was off of

2482

01:45:19,680 --> 01:45:17,530

a like pressurized touch touch her or

2483

01:45:22,560 --> 01:45:19,690

whatever that was before that was all

2484

01:45:25,609 --> 01:45:22,570

buttons revolutionary buttons dear but

2485

01:45:29,490 --> 01:45:25,619

these guys have been flying around and

2486

01:45:32,100 --> 01:45:29,500

highly advanced craft for years yeah I

2487

01:45:34,080 --> 01:45:32,110

don't know man and the story you know

2488

01:45:36,780 --> 01:45:34,090

and this is kind of like the earliest

2489

01:45:42,149 --> 01:45:36,790

that I've found the account of this

2490

01:45:44,129 --> 01:45:42,159

happening is like the 20s yeah 20s right

2491

01:45:46,530 --> 01:45:44,139

the twenties right and that's just

2492

01:45:49,709 --> 01:45:46,540

America we didn't even learn how to fly

2493

01:45:51,000 --> 01:45:49,719

the airplane until like 1908 or

2494

01:45:53,609 --> 01:45:51,010

something right wasn't the Wright

2495

01:45:56,069 --> 01:45:53,619

brothers right like 1908 1906 or

2496

01:45:58,339 --> 01:45:56,079

something you know I also so talk about

2497

01:46:01,140 --> 01:45:58,349

the what the Wright brothers I did this

2498

01:46:03,720 --> 01:46:01,150

voiceover thing reading like like eighth

2499

01:46:05,609 --> 01:46:03,730

graders textbooks uh-huh and I was

2500

01:46:06,149 --> 01:46:05,619

reading this passage about the Wright

2501

01:46:10,919 --> 01:46:06,159

brothers

2502

01:46:15,179 --> 01:46:10,929

father giving them as kids both of the

2503

01:46:17,129 --> 01:46:15,189

boys got helicopter toys as kids so I'm

2504

01:46:19,649 --> 01:46:17,139

wondering like when the helicopter was

2505

01:46:22,469 --> 01:46:19,659

invented because if the helicopter was

2506

01:46:23,939 --> 01:46:22,479

invented before the airplane then okay

2507

01:46:26,040 --> 01:46:23,949

yeah maybe that makes sense but if you

2508

01:46:28,049 --> 01:46:26,050

get if they got helicopter toys as kids

2509

01:46:30,029 --> 01:46:28,059

like that's kind of out of the timeline

2510

01:46:32,640 --> 01:46:30,039

I didn't see I mean I guess it seems

2511

01:46:35,189 --> 01:46:32,650

like you could create lift with spinning

2512

01:46:37,979 --> 01:46:35,199

blades before you could figure out how

2513

01:46:38,790 --> 01:46:37,989

to glide long distances yeah I guess

2514

01:46:43,080 --> 01:46:38,800

that makes sense

2515

01:46:45,899 --> 01:46:43,090

all right because the Vinci had da Vinci

2516

01:46:47,939 --> 01:46:45,909

had all these little things that he had

2517

01:46:51,779 --> 01:46:47,949

yeah but this looked like a modern

2518

01:46:53,310 --> 01:46:51,789

helicopter four-blade helicopter yeah so

2519

01:47:03,509 --> 01:46:53,320

let's see Wright brothers when were they

2520

01:47:06,810 --> 01:47:03,519

woman they born a man I was born 1874

2521

01:47:10,140 --> 01:47:06,820

and a helicopter was invented in 1939

2522

01:47:14,089 --> 01:47:10,150

okay so I mean that that lines up all

2523

01:47:16,350 --> 01:47:14,099

right and the 30s yeah okay cool but we

2524

01:47:19,770 --> 01:47:16,360

answered that one the Germans had

2525

01:47:22,549 --> 01:47:19,780

already been into the moon by 1920 yeah

2526

01:47:25,290 --> 01:47:22,559

damn that's crazy yeah it is crazy oh

2527

01:47:27,659 --> 01:47:25,300

well that's all I got that's it man yeah

2528

01:47:30,659 --> 01:47:27,669

I did it this has been a fun episode

2529

01:47:32,489 --> 01:47:30,669

yeah we have to finish finish off this

2530

01:47:33,419 --> 01:47:32,499

series and then we'll come back and do

2531

01:47:36,750 --> 01:47:33,429

another part too

2532

01:47:38,189 --> 01:47:36,760

yeah dude let's do it there's so many

2533

01:47:40,140 --> 01:47:38,199

different stories we could talk about

2534

01:47:42,659 --> 01:47:40,150

Corey Goode with I just don't want to be

2535

01:47:43,919 --> 01:47:42,669

like regurgitate let's wait a few

2536

01:47:46,529 --> 01:47:43,929

episodes and come back to that

2537

01:47:49,409 --> 01:47:46,539

definitely another because his story is

2538

01:47:52,589 --> 01:47:49,419

just so out there and it's massive its

2539

01:47:54,600 --> 01:47:52,599

massive dude we could we could recap

2540

01:47:56,429 --> 01:47:54,610

every single episode if we want and

2541

01:47:58,979 --> 01:47:56,439

spend a couple hours recapping a

2542

01:48:01,859 --> 01:47:58,989

30-minute episode like yeah there's just

2543

01:48:08,870 --> 01:48:01,869

so much information I definitely want to

2544

01:48:10,830 --> 01:48:08,880

go into I said isn't it uh Rory Rory

2545

01:48:14,609 --> 01:48:10,840

Emory Smith there we go

2546

01:48:18,520 --> 01:48:14,619

Emory Smith every spit I'm falling apart

2547

01:48:20,709 --> 01:48:18,530

here every Smith I want to go in it on

2548

01:48:25,680 --> 01:48:20,719

maybe maybe next episode because it's I

2549

01:48:31,240 --> 01:48:29,439

falling apart here yeah yeah so I'd love

2550

01:48:34,689 --> 01:48:31,250

to talk about him as soon as possible

2551

01:48:38,799 --> 01:48:34,699

cuz his story is freakin nuts he he he

2552

01:48:40,990 --> 01:48:38,809

basically was a biologist that dissected

2553

01:48:43,510 --> 01:48:41,000

and claims to have seen multiple alien

2554

01:48:46,780 --> 01:48:43,520

work with different species of aliens on

2555

01:48:48,580 --> 01:48:46,790

dissecting these different bodies was a

2556

01:48:50,799 --> 01:48:48,590

part of this program similar to Cory

2557

01:48:52,120 --> 01:48:50,809

good yeah I started watching a little

2558

01:48:54,220 --> 01:48:52,130

bit of his stuff but then I was like I'm

2559

01:48:57,040 --> 01:48:54,230

just gonna start from the beginning yes

2560

01:48:59,410 --> 01:48:57,050

so I went back and we started on Cory

2561

01:49:01,560 --> 01:48:59,420

good yeah but uh but yeah you definitely

2562

01:49:04,979 --> 01:49:01,570

will get into that we're into that

2563

01:49:08,439 --> 01:49:04,989

probably next time for the next one oh

2564

01:49:11,100 --> 01:49:08,449

yeah dude so hey everybody go check out
