

UFO GARAGE PODCAST

1
00:00:07,880 --> 00:00:04,990

[Music]

2
00:00:10,310 --> 00:00:07,890

this is another episode of UFO garage

3
00:00:13,070 --> 00:00:10,320

I'm Ben and I'm Joe and this is where we

4
00:00:18,380 --> 00:00:13,080

talk about UFOs aliens and all things we

5
00:00:22,250 --> 00:00:18,390

yeah what's up episode 14 14 yeah dude

6
00:00:24,320 --> 00:00:22,260

how do you feel I feel uh it's been it's

7
00:00:27,050 --> 00:00:24,330

been what two and a half months yeah

8
00:00:28,580 --> 00:00:27,060

dude I'm feeling pretty good about it

9
00:00:30,890 --> 00:00:28,590

we have sure we haven't run out of

10
00:00:33,380 --> 00:00:30,900

things to talk about definitely not we

11
00:00:38,450 --> 00:00:33,390

got our we got our first negative

12
00:00:40,880 --> 00:00:38,460

comment on YouTube hey troll alright but

13
00:00:43,459 --> 00:00:40,890

I mean it's one it's one out of I mean

14

00:00:45,619 --> 00:00:43,469

we've gotten like well like six six yeah

15

00:00:47,240 --> 00:00:45,629

we got like six seven really positive

16

00:00:49,389 --> 00:00:47,250

comments like people that have reached

17

00:00:52,069 --> 00:00:49,399

out to us through Facebook or YouTube

18

00:00:53,569 --> 00:00:52,079

I've all been so nice and like dude

19

00:00:56,420 --> 00:00:53,579

y'all making me laugh like you're

20

00:00:58,580 --> 00:00:56,430

talking about cool [h__h] yeah and who

21

00:01:00,799 --> 00:00:58,590

commented like I'm no doctor scientist

22

00:01:03,380 --> 00:01:00,809

but was it Dan I think it was Dan yeah

23

00:01:05,090 --> 00:01:03,390

yes I know doctor scientists but we

24

00:01:09,320 --> 00:01:05,100

needed to make Dan a doctor scientist

25

00:01:14,600 --> 00:01:09,330

shirt I know yeah doctor scientist shirt

26
00:01:20,090 --> 00:01:14,610
represent and yes did do we what maybe I

27
00:01:22,100 --> 00:01:20,100
should pull bro is funny like I woke up

28
00:01:26,030 --> 00:01:22,110
and I was like like I immediately

29
00:01:28,130 --> 00:01:26,040
started laughing like like the

30
00:01:30,499 --> 00:01:28,140
negativity didn't even anger me in it

31
00:01:33,230 --> 00:01:30,509
and I think it's just because of the

32
00:01:36,460 --> 00:01:33,240
topic the subject you know and then just

33
00:01:40,969 --> 00:01:36,470
what the comment was like it's gonna

34
00:01:43,550 --> 00:01:40,979
maybe was you know it was I'll take it

35
00:01:44,780 --> 00:01:43,560
as constructive criticism yeah yeah I'll

36
00:01:48,560 --> 00:01:44,790
take it as construction yeah

37
00:01:50,990 --> 00:01:48,570
constructive criticism but in like us he

38
00:01:53,480 --> 00:01:51,000

didn't he wasn't like too rude no it was

39

00:01:55,429 --> 00:01:53,490

like it was like maybe condescending

40

00:01:57,319 --> 00:01:55,439

like maybe he hasn't commented on a lot

41

00:01:59,959 --> 00:01:57,329

of YouTube videos before and he was like

42

00:02:01,310 --> 00:01:59,969

just testing it out right he didn't want

43

00:02:03,139 --> 00:02:01,320

to seem like such an [h__h]

44

00:02:05,090 --> 00:02:03,149

but he wanted to get his point across

45

00:02:08,779 --> 00:02:05,100

well as his youtube name was I will

46

00:02:12,170 --> 00:02:08,789

shoot I will shoot I will shoot yeah so

47

00:02:13,550 --> 00:02:12,180

that's so that's the [h__h] yeah I don't

48

00:02:17,570 --> 00:02:13,560

think he's very shy

49

00:02:20,420 --> 00:02:17,580

I will I will space shoot three days ago

50

00:02:21,949 --> 00:02:20,430

the first but hey thanks for listening

51
00:02:25,460 --> 00:02:21,959
though by the way man like oh yeah

52
00:02:28,790 --> 00:02:25,470
seriously again today yeah yeah at least

53
00:02:31,580 --> 00:02:28,800
you listen to it yeah so it's on it's on

54
00:02:33,440 --> 00:02:31,590
Episode eight Hollow Earth theory Hollow

55
00:02:34,970 --> 00:02:33,450
Earth theory and we're talking about you

56
00:02:36,460 --> 00:02:34,980
know the the whole story if you haven't

57
00:02:39,620 --> 00:02:36,470
heard the episode we're talking about

58
00:02:43,490 --> 00:02:39,630
the Nazis in Germany go into South the

59
00:02:44,180 --> 00:02:43,500
South Pole and Hamburg yeah and it's so

60
00:02:45,530 --> 00:02:44,190
is comment

61
00:02:49,970 --> 00:02:45,540
he must have listened to the whole

62
00:02:52,220 --> 00:02:49,980
episode right yeah yeah so his comment

63
00:02:52,809 --> 00:02:52,230

is the first exploration was to the

64

00:02:55,670 --> 00:02:52,819

North Pole

65

00:02:58,400 --> 00:02:55,680

why even discuss a topic that you know

66

00:03:01,009 --> 00:02:58,410

nothing about and he didn't even put a

67

00:03:02,539 --> 00:03:01,019

period on it in dude but you see what

68

00:03:05,180 --> 00:03:02,549

I'm saying let you see why I laugh like

69

00:03:08,240 --> 00:03:05,190

because like in that episode we don't

70

00:03:11,000 --> 00:03:08,250

know anything with that for one but then

71

00:03:13,160 --> 00:03:11,010

too like we have an episode about about

72

00:03:15,890 --> 00:03:13,170

an admiral flying into the center of the

73

00:03:18,970 --> 00:03:15,900

earth [h__\h] League inside of our

74

00:03:27,140 --> 00:03:18,980

playmate these Thor supreme race being

75

00:03:29,569 --> 00:03:27,150

in a shiny castle and it was like he was

76

00:03:33,380 --> 00:03:29,579

like we explored the North the North

77

00:03:36,440 --> 00:03:33,390

Pole first stupid like that's like it's

78

00:03:39,949 --> 00:03:36,450

like watching a like an act like avatar

79

00:03:43,819 --> 00:03:39,959

3d and leaving and be like I was so fake

80

00:03:48,770 --> 00:03:43,829

fake dude there's no way those aliens

81

00:03:50,360 --> 00:03:48,780

were real yeah no but I mean yeah if he

82

00:03:52,039 --> 00:03:50,370

was only upset about that part that I

83

00:03:53,750 --> 00:03:52,049

guess we did pretty good I think do

84

00:03:55,160 --> 00:03:53,760

right I think that's a win awesome well

85

00:03:56,720 --> 00:03:55,170

you know you know how I know he probably

86

00:04:00,530 --> 00:03:56,730

didn't listen to the whole episode is

87

00:04:02,270 --> 00:04:00,540

because in in his in his journal how he

88

00:04:03,650 --> 00:04:02,280

talks about being in the Arctic

89

00:04:06,890 --> 00:04:03,660

I don't know and we're like but the

90

00:04:09,590 --> 00:04:06,900

Antarctic is is the South Pole right

91

00:04:11,390 --> 00:04:09,600

right confused huh well of course he

92

00:04:13,460 --> 00:04:11,400

explored the North Pole yeah he's just

93

00:04:15,440 --> 00:04:13,470

talking about the Arctic in general yeah

94

00:04:18,170 --> 00:04:15,450

right so now we have our answer there we

95

00:04:19,610 --> 00:04:18,180

go so yeah hey I mean I appreciate it

96

00:04:22,130 --> 00:04:19,620

actually because cuz now it does make

97

00:04:23,810 --> 00:04:22,140

sense well of course he they discovered

98

00:04:26,840 --> 00:04:23,820

that first right and then they

99

00:04:29,000 --> 00:04:26,850

to the South Pole to Antarctica I mean

100

00:04:31,100 --> 00:04:29,010

as much as I would love a fact checker

101

00:04:34,400 --> 00:04:31,110

to be sitting here with us like a young

102

00:04:36,560 --> 00:04:34,410

Jamie from from Joe Rogan podcast I mean

103

00:04:41,180 --> 00:04:36,570

I don't know is it worse like getting it

104

00:04:43,790 --> 00:04:41,190

online like after the podcast is are you

105

00:04:47,000 --> 00:04:43,800

I welcome all kinds of criticism but

106

00:04:49,820 --> 00:04:47,010

yeah we're not doing this to you know

107

00:04:53,330 --> 00:04:49,830

win any nominees for a [h__\h] medal

108

00:04:56,030 --> 00:04:53,340

just happy and we did state so we know

109

00:04:58,100 --> 00:04:56,040

that he's not a long time listener yeah

110

00:04:59,960 --> 00:04:58,110

he's not a two and a half month timeless

111

00:05:02,150 --> 00:04:59,970

right right because we did state in the

112

00:05:05,330 --> 00:05:02,160

beginning of this that right well we're

113

00:05:08,240 --> 00:05:05,340

not experts you know we're gonna really

114

00:05:09,860 --> 00:05:08,250

butcher some stuff probably on accident

115

00:05:12,230 --> 00:05:09,870

yeah I promise you it's not on purpose

116

00:05:14,390 --> 00:05:12,240

and we're just doctor science we're just

117

00:05:16,790 --> 00:05:14,400

doctor scientists and uh you know we're

118

00:05:18,890 --> 00:05:16,800

trying to learn to sew so and see how

119

00:05:20,420 --> 00:05:18,900

that works out dude we do it we talked

120

00:05:22,520 --> 00:05:20,430

about something and it's gonna make her

121

00:05:24,710 --> 00:05:22,530

[h__h] wrong right and then this guy

122

00:05:26,780 --> 00:05:24,720

was like the North Pole and we were like

123

00:05:29,600 --> 00:05:26,790

huh now it makes sense

124

00:05:31,760 --> 00:05:29,610

now his journals may complete sin made

125

00:05:35,540 --> 00:05:31,770

it even more valid did Laurie it just

126
00:05:38,810 --> 00:05:35,550
validated huh there you go so yeah man

127
00:05:41,840 --> 00:05:38,820
yeah thanks some stuff on Facebook we

128
00:05:44,900 --> 00:05:41,850
got a some cool stuff Darren again with

129
00:05:46,190 --> 00:05:44,910
the the hard hitters we're I guess we've

130
00:05:48,470 --> 00:05:46,200
been back and forth about the Mandela

131
00:05:50,360 --> 00:05:48,480
effect so it's this video that you

132
00:05:52,310 --> 00:05:50,370
posted is pretty sick we just want yeah

133
00:05:57,290 --> 00:05:52,320
before we got a before we pressed record

134
00:06:02,540 --> 00:05:57,300
on the podcast what do you think about

135
00:06:06,170 --> 00:06:02,550
space dude I thought it was awesome like

136
00:06:09,650 --> 00:06:06,180
yeah first off it seems kind of well not

137
00:06:11,630 --> 00:06:09,660
feels dumb surreal but it seems like oh

138
00:06:13,700 --> 00:06:11,640

am i watching like a fake commercial for

139

00:06:17,230 --> 00:06:13,710

another movie or something because it's

140

00:06:21,850 --> 00:06:17,240

excuse me after this legit see CEO

141

00:06:24,710 --> 00:06:21,860

talking about he's a CEO of this data

142

00:06:26,870 --> 00:06:24,720

collection you know software company

143

00:06:29,060 --> 00:06:26,880

that deals with the food distribution

144

00:06:32,650 --> 00:06:29,070

industry and they deal with a lot of

145

00:06:35,320 --> 00:06:32,660

like SKU numbers and product names and

146

00:06:37,370 --> 00:06:35,330

he states at the beginning of the video

147

00:06:39,530 --> 00:06:37,380

like yeah sometimes

148

00:06:42,500 --> 00:06:39,540

dad is wrong but it's mainly due to

149

00:06:44,840 --> 00:06:42,510

people entering the wrong you know

150

00:06:46,190 --> 00:06:44,850

people on your company the not his

151
00:06:48,490 --> 00:06:46,200
company but the opposite company that's

152
00:06:51,140 --> 00:06:48,500
ordering the food it's on that side

153
00:06:55,430 --> 00:06:51,150
entering different products names and

154
00:06:57,890 --> 00:06:55,440
wrong yeah and and he and he explains

155
00:07:00,320 --> 00:06:57,900
that it's due to the Mandela effect

156
00:07:02,420 --> 00:07:00,330
because you know like you posted the

157
00:07:04,520 --> 00:07:02,430
other day Joe that the staffers stuffing

158
00:07:06,740 --> 00:07:04,530
yeah yeah stuff like that people just

159
00:07:08,870 --> 00:07:06,750
like yes because they just yeah they

160
00:07:11,540 --> 00:07:08,880
just thought remembered it wrong they

161
00:07:14,300 --> 00:07:11,550
enter the data spelled wrong or whatever

162
00:07:16,310 --> 00:07:14,310
and then it just kind of goes from there

163
00:07:18,290 --> 00:07:16,320

but the software has always been correct

164

00:07:20,030 --> 00:07:18,300

like the way they're spelling it and how

165

00:07:21,800 --> 00:07:20,040

they mark it and stuff is it's always

166

00:07:24,470 --> 00:07:21,810

been that way he's like yeah this has

167

00:07:30,080 --> 00:07:24,480

been that way since 1897 him for all

168

00:07:31,550 --> 00:07:30,090

like yeah I mean it just but it did

169

00:07:32,720 --> 00:07:31,560

actually make me feel pretty dumb at the

170

00:07:39,730 --> 00:07:32,730

Mary yeah yeah I was like aha

171

00:07:47,030 --> 00:07:43,430

should do that voice again that kind of

172

00:07:51,800 --> 00:07:47,040

scared me another one is let's see you

173

00:07:54,350 --> 00:07:51,810

know this oh they did you say Elohim

174

00:07:56,780 --> 00:07:54,360

earlier what what where did you say no

175

00:08:00,080 --> 00:07:56,790

no it's it's it's on that that video

176

00:08:01,970 --> 00:08:00,090

that he posted the Rh negative blood

177

00:08:04,760 --> 00:08:01,980

thing yeah oh yeah no we were talking

178

00:08:06,950 --> 00:08:04,770

about the yeah the Rh negative and the

179

00:08:11,570 --> 00:08:06,960

bosk people yeah and how like their

180

00:08:13,250 --> 00:08:11,580

languages is it's only comparable to

181

00:08:15,590 --> 00:08:13,260

itself like all the other languages can

182

00:08:17,510 --> 00:08:15,600

be linked to other languages throughout

183

00:08:20,000 --> 00:08:17,520

history and stuff but this one is like

184

00:08:23,030 --> 00:08:20,010

its own thing yeah nothing is linked to

185

00:08:25,760 --> 00:08:23,040

it it's just its own language and for

186

00:08:28,610 --> 00:08:25,770

some reason that area has the highest

187

00:08:32,209 --> 00:08:28,620

populated area of Rh negative blood yeah

188

00:08:34,850 --> 00:08:32,219

and so the the theory is basically that

189

00:08:36,670 --> 00:08:34,860

if you know another civilization came

190

00:08:40,640 --> 00:08:36,680

here and did use us for slave labor

191

00:08:42,620 --> 00:08:40,650

right that it's a very dangerous job and

192

00:08:45,050 --> 00:08:42,630

you know you could you know cut off an

193

00:08:46,670 --> 00:08:45,060

arm or severely injure yourself to where

194

00:08:50,060 --> 00:08:46,680

you would need like blood transfusions

195

00:08:51,080 --> 00:08:50,070

so the the et race that came down here

196

00:08:53,030 --> 00:08:51,090

decided to

197

00:08:55,070 --> 00:08:53,040

to create this blood type so that way

198

00:08:57,019 --> 00:08:55,080

they could give it to the entire

199

00:08:59,000 --> 00:08:57,029

population yeah instead of having to

200

00:09:01,070 --> 00:08:59,010

match their blood types right right so

201
00:09:05,140 --> 00:09:01,080
this this Rh negative I think it's like

202
00:09:07,940 --> 00:09:05,150
an O or something yeah it's it's a very

203
00:09:10,310 --> 00:09:07,950
special blood type but it's it's found

204
00:09:12,769 --> 00:09:10,320
in this area like more than anything

205
00:09:15,860 --> 00:09:12,779
other says 15 percent of the world's

206
00:09:17,660 --> 00:09:15,870
population has own that are Rh or

207
00:09:20,470 --> 00:09:17,670
whatever negative I didn't highest

208
00:09:23,900 --> 00:09:20,480
concentration is a Iberian Peninsula

209
00:09:28,120 --> 00:09:23,910
Peninsula interesting yeah I mean that's

210
00:09:31,610 --> 00:09:28,130
a cool story yeah I mean yeah a master

211
00:09:36,110 --> 00:09:31,620
alien race comes down in slaves whatever

212
00:09:38,900 --> 00:09:36,120
hominid or intelligent hominid for for

213
00:09:41,750 --> 00:09:38,910

labor and then it just makes sense to me

214

00:09:43,340 --> 00:09:41,760

to have all right.we guys keep getting

215

00:09:45,560 --> 00:09:43,350

hurt I don't want to have to keep

216

00:09:47,870 --> 00:09:45,570

matching different blood yeah well we

217

00:09:54,520 --> 00:09:47,880

just get on one oil you know just like

218

00:09:56,480 --> 00:09:54,530

yep since that ago yeah whatever cool so

219

00:09:58,220 --> 00:09:56,490

yeah I mean I don't really have anything

220

00:10:01,600 --> 00:09:58,230

else on that no that was cool post

221

00:10:05,420 --> 00:10:01,610

thanks Josif Jezza for posting that and

222

00:10:08,210 --> 00:10:05,430

posted another one from UFO Texas UFO

223

00:10:09,620 --> 00:10:08,220

network the this video I don't know I

224

00:10:11,630 --> 00:10:09,630

think it's I think it's a refraction of

225

00:10:13,520 --> 00:10:11,640

a raindrop it's this video this guy

226

00:10:17,210 --> 00:10:13,530

posted and it's at night and it's kind

227

00:10:19,310 --> 00:10:17,220

of rainy outside and this it looks like

228

00:10:20,329 --> 00:10:19,320

it looks pretty freakin weird but Joe

229

00:10:21,530 --> 00:10:20,339

you said maybe we're looking at the

230

00:10:23,120 --> 00:10:21,540

wrong thing I think we're looking at the

231

00:10:25,370 --> 00:10:23,130

wrong thing like everybody's focusing on

232

00:10:27,079 --> 00:10:25,380

the raindrop but the refraction of that

233

00:10:28,190 --> 00:10:27,089

light we're like yeah it's refracting

234

00:10:29,960 --> 00:10:28,200

the light and that's just making that

235

00:10:31,940 --> 00:10:29,970

range up but what is that light that is

236

00:10:34,579 --> 00:10:31,950

refracting off of that's it's like

237

00:10:35,960 --> 00:10:34,589

glowing or shining I think it might be

238

00:10:38,390 --> 00:10:35,970

because it's being obstructed by the

239

00:10:39,829 --> 00:10:38,400

tree or something but I don't know more

240

00:10:42,079 --> 00:10:39,839

I look at it is that a link it's just

241

00:10:44,270 --> 00:10:42,089

pulsating or something yeah is that like

242

00:10:47,090 --> 00:10:44,280

a road or something behind there is that

243

00:10:49,010 --> 00:10:47,100

a car but no I mean it's it's staying

244

00:10:51,440 --> 00:10:49,020

right there so I think I think that's

245

00:10:53,750 --> 00:10:51,450

the object in question I don't think

246

00:10:56,269 --> 00:10:53,760

that drop on the camera that's not the I

247

00:10:58,480 --> 00:10:56,279

don't think that's the yeah yeah I think

248

00:11:02,410 --> 00:10:58,490

it's the actual light behind it well

249

00:11:05,170 --> 00:11:02,420

yeah what if we like zoomed in it's like

250

00:11:10,140 --> 00:11:05,180

it's like dick but have you seen her

251
00:11:12,730 --> 00:11:10,150
see that meme no he's just in the light

252
00:11:15,790 --> 00:11:12,740
so that's what we got on the the group

253
00:11:17,680 --> 00:11:15,800
the Facebook posts this week you can all

254
00:11:18,960 --> 00:11:17,690
stop pretty cool stuff

255
00:11:22,290 --> 00:11:18,970
but yeah so what are we getting into

256
00:11:25,450 --> 00:11:22,300
what are we talking about today Joe do

257
00:11:26,650 --> 00:11:25,460
uh-oh do you want to talk about that

258
00:11:31,660 --> 00:11:26,660
story dude

259
00:11:33,910 --> 00:11:31,670
yes tell the story yeah okay so this

260
00:11:36,880 --> 00:11:33,920
weekend I ran into a lady her name was

261
00:11:39,490 --> 00:11:36,890
Marlene what's up Marly if you're

262
00:11:45,340 --> 00:11:39,500
listening and she told me a pretty crazy

263
00:11:48,310 --> 00:11:45,350

story so apparently when she was younger

264

00:11:50,860 --> 00:11:48,320

we're like five years old she said she

265

00:11:53,410 --> 00:11:50,870

was laying in bed right and then she saw

266

00:11:54,820 --> 00:11:53,420

this light I was hot of her window it

267

00:11:57,520 --> 00:11:54,830

was cool how she described it she was

268

00:12:00,910 --> 00:11:57,530

like I saw this light and I can't even

269

00:12:02,830 --> 00:12:00,920

like describe the color mm-hmm like it's

270

00:12:05,080 --> 00:12:02,840

like something undescrivable but it's

271

00:12:07,300 --> 00:12:05,090

definitely some sort of light right and

272

00:12:11,020 --> 00:12:07,310

it's real bright so she gets out of bed

273

00:12:13,150 --> 00:12:11,030

and she looks out the window and then

274

00:12:15,490 --> 00:12:13,160

she sees this the old lady from next

275

00:12:17,200 --> 00:12:15,500

door she's like outside and she's like

276

00:12:18,820 --> 00:12:17,210

yelling that's the creepiest part of the

277

00:12:21,040 --> 00:12:18,830

story is that there's another late like

278

00:12:23,410 --> 00:12:21,050

the the neighbors yeah so yeah proceed

279

00:12:26,170 --> 00:12:23,420

yeah and so she said look like these

280

00:12:28,750 --> 00:12:26,180

guys she was like I couldn't tell like

281

00:12:30,940 --> 00:12:28,760

there were suits like I couldn't make

282

00:12:33,550 --> 00:12:30,950

out their their face or anything but it

283

00:12:35,410 --> 00:12:33,560

kind of look like suits and they were

284

00:12:37,450 --> 00:12:35,420

like ran up to this lady and they

285

00:12:39,910 --> 00:12:37,460

grabbed her and they were trying to like

286

00:12:43,240 --> 00:12:39,920

put her back in the house well also this

287

00:12:45,490 --> 00:12:43,250

this light went out and all the

288

00:12:48,370 --> 00:12:45,500

commotion settled down and she says she

289

00:12:50,170 --> 00:12:48,380

got into bed and when she got into bed

290

00:12:51,760 --> 00:12:50,180

and she laid down she looked she looked

291

00:12:54,130 --> 00:12:51,770

down like at the foot of her bed and

292

00:13:00,640 --> 00:12:54,140

there was like these two black figures

293

00:13:03,010 --> 00:13:00,650

standing at the edge of the bed and you

294

00:13:05,350 --> 00:13:03,020

know you gave me chills again dude yeah

295

00:13:07,420 --> 00:13:05,360

[h__h] yeah and so she kind of described

296

00:13:09,400 --> 00:13:07,430

I'm like one was a little bit taller

297

00:13:12,700 --> 00:13:09,410

than the other yeah they were kind of

298

00:13:14,680 --> 00:13:12,710

like these black figures and like the

299

00:13:16,570 --> 00:13:14,690

head was like bigger it was like round

300

00:13:18,190 --> 00:13:16,580

but then like when it got to the body

301
00:13:18,759 --> 00:13:18,200
like it was almost like it didn't have

302
00:13:20,290 --> 00:13:18,769
shoulder

303
00:13:22,660 --> 00:13:20,300
say look it looked like a light bulb

304
00:13:24,369 --> 00:13:22,670
kind of yeah yeah a light bulb shaped

305
00:13:26,049 --> 00:13:24,379
like didn't just didn't have any

306
00:13:27,639 --> 00:13:26,059
shoulders like the body just kept going

307
00:13:29,650 --> 00:13:27,649
down yeah she's like it's really hard to

308
00:13:30,879 --> 00:13:29,660
describe like it's something that I've

309
00:13:35,289 --> 00:13:30,889
never seen before

310
00:13:40,269 --> 00:13:35,299
yeah right and she said so they touched

311
00:13:42,879 --> 00:13:40,279
my foot and then they go away and then

312
00:13:45,699 --> 00:13:42,889
she said after that for three days she

313
00:13:46,569 --> 00:13:45,709

couldn't walk so she was paralyzed from

314

00:13:48,369 --> 00:13:46,579

the waist down

315

00:13:50,769 --> 00:13:48,379

yeah so I did you didn't tell me that

316

00:13:52,960 --> 00:13:50,779

they touched her foot I guess I missed

317

00:13:55,150 --> 00:13:52,970

them they touch her foot and she

318

00:13:57,939 --> 00:13:55,160

remembers him like reaching out yeah and

319

00:13:59,280 --> 00:13:57,949

then they disappear and she can't walk

320

00:14:03,069 --> 00:13:59,290

for three days

321

00:14:05,530 --> 00:14:03,079

yeah so you were saying that her family

322

00:14:07,660 --> 00:14:05,540

members remember her being paralyzed

323

00:14:09,280 --> 00:14:07,670

yeah a couple days three days we're

324

00:14:11,499 --> 00:14:09,290

gonna try and get this picture but so

325

00:14:14,049 --> 00:14:11,509

she drew a picture of it parently and

326

00:14:15,549 --> 00:14:14,059

she drew a picture of it and and she

327

00:14:15,939 --> 00:14:15,559

said they're like her mom so had it in a

328

00:14:18,429 --> 00:14:15,949

box

329

00:14:19,689 --> 00:14:18,439

I wanna get ahold of that so bad yeah

330

00:14:21,249 --> 00:14:19,699

that'd be so cool we need to have

331

00:14:23,739 --> 00:14:21,259

Marlene on the podcast to tell that

332

00:14:25,809 --> 00:14:23,749

Jerry Marlene but she would probably

333

00:14:28,359 --> 00:14:25,819

think of some more detail maybe if you

334

00:14:31,299 --> 00:14:28,369

yeah but you know she said it was kind

335

00:14:33,639 --> 00:14:31,309

of strange because she was a little kid

336

00:14:36,129 --> 00:14:33,649

and it wasn't until like she got older

337

00:14:39,039 --> 00:14:36,139

that it really are gonna like her kid

338

00:14:40,960 --> 00:14:39,049

like yeah well just her in general like

339

00:14:43,749 --> 00:14:40,970

till she got older though for her to

340

00:14:45,699 --> 00:14:43,759

like what kind of absorb and like

341

00:14:47,470 --> 00:14:45,709

realize what it actually happened yeah

342

00:14:49,869 --> 00:14:47,480

you know she was like was I just

343

00:14:52,600 --> 00:14:49,879

dreaming that but then she was like I

344

00:14:54,340 --> 00:14:52,610

couldn't walk for three days and then I

345

00:14:56,769 --> 00:14:54,350

drew a picture of these two things at

346

00:14:58,419 --> 00:14:56,779

the foot of my bed you know yes I was

347

00:15:03,280 --> 00:14:58,429

like so I don't think it was dreaming

348

00:15:05,679 --> 00:15:03,290

but I mean yeah have you ever heard of

349

00:15:08,109 --> 00:15:05,689

us an example where somebody like

350

00:15:09,939 --> 00:15:08,119

through psychosis made themselves not be

351

00:15:11,470 --> 00:15:09,949

able to use their legs I've never heard

352

00:15:13,840 --> 00:15:11,480

of us we're never heard of it but I mean

353

00:15:16,359 --> 00:15:13,850

I'm sure that's possible right the brain

354

00:15:20,739 --> 00:15:16,369

is like this strongest thing you know

355

00:15:22,359 --> 00:15:20,749

like yeah yeah yeah I mean I can see

356

00:15:24,069 --> 00:15:22,369

that I I don't know I just got to do

357

00:15:25,720 --> 00:15:24,079

some research that sounds like a pretty

358

00:15:27,759 --> 00:15:25,730

freaking big deal that you remember for

359

00:15:29,949 --> 00:15:27,769

the rest of your life oh yeah the fact

360

00:15:32,259 --> 00:15:29,959

that she's carrying around this whole

361

00:15:34,179 --> 00:15:32,269

story is I mean it even gets creepier

362

00:15:35,919 --> 00:15:34,189

right because it kind of you know we've

363

00:15:37,809 --> 00:15:35,929

you were saying it we've talked about

364

00:15:40,780 --> 00:15:37,819

this on the podcast how a lot of

365

00:15:43,059 --> 00:15:40,790

abductees have claimed that yeah they

366

00:15:44,470 --> 00:15:43,069

when they were kids were abducted or

367

00:15:46,449 --> 00:15:44,480

visited by aliens or they saw something

368

00:15:48,340 --> 00:15:46,459

weird and then they have children and

369

00:15:50,169 --> 00:15:48,350

they're their children experienced

370

00:15:52,629 --> 00:15:50,179

similar things and that's exactly kind

371

00:15:54,730 --> 00:15:52,639

of follows a bloodline yeah yeah so she

372

00:15:59,590 --> 00:15:54,740

was saying that so when she got older

373

00:16:02,079 --> 00:15:59,600

she had a daughter and her daughter was

374

00:16:03,579 --> 00:16:02,089

like playing in her room and then she

375

00:16:06,039 --> 00:16:03,589

heard her kind of like yelling or like

376

00:16:09,009 --> 00:16:06,049

laughing and she said you know it just

377

00:16:11,139 --> 00:16:09,019

sounded weird and so she ran over there

378

00:16:14,230 --> 00:16:11,149

to see what was going on and she was

379

00:16:17,079 --> 00:16:14,240

like they're jumping in my room and the

380

00:16:18,400 --> 00:16:17,089

mom was like Marley was like what what

381

00:16:19,659 --> 00:16:18,410

are you talking about she was like all

382

00:16:21,819 --> 00:16:19,669

six of them

383

00:16:23,889 --> 00:16:21,829

they're jumping in my room and she

384

00:16:25,809 --> 00:16:23,899

couldn't see anything but she was like

385

00:16:28,960 --> 00:16:25,819

the little girl was like clearly looking

386

00:16:30,970 --> 00:16:28,970

at something oh my god dude there's got

387

00:16:33,369 --> 00:16:30,980

to be something with like children and

388

00:16:36,309 --> 00:16:33,379

the weight of their brain processes

389

00:16:38,619 --> 00:16:36,319

maybe it's just easier for ya et to be

390

00:16:41,169 --> 00:16:38,629

able to manipulate or they don't

391

00:16:43,659 --> 00:16:41,179

actually understand like what we are

392

00:16:46,359 --> 00:16:43,669

molded to think is reality yeah

393

00:16:49,509 --> 00:16:46,369

yep so anything is possible still it's

394

00:16:51,309 --> 00:16:49,519

probably easier to actually you know get

395

00:16:53,289 --> 00:16:51,319

into there they're kind of big conscious

396

00:16:54,699 --> 00:16:53,299

I see yeah and that kind of rolls into

397

00:16:58,090 --> 00:16:54,709

what we're talking about today too is

398

00:16:59,769 --> 00:16:58,100

like the the power of the conscious mind

399

00:17:01,359 --> 00:16:59,779

yeah and how everybody has different

400

00:17:04,569 --> 00:17:01,369

timelines we'll get into that a little

401
00:17:07,029 --> 00:17:04,579
later but like yeah there's something to

402
00:17:09,399 --> 00:17:07,039
it to where it's so it almost made me

403
00:17:11,529 --> 00:17:09,409
think like everybody has their own

404
00:17:13,299 --> 00:17:11,539
consciousness and everybody has their

405
00:17:15,129 --> 00:17:13,309
own experiences and their lives or

406
00:17:18,220 --> 00:17:15,139
whatever but are we living are we

407
00:17:22,169 --> 00:17:18,230
creating our own universe with our own

408
00:17:26,260 --> 00:17:22,179
consciousness yeah it almost seems like

409
00:17:27,970 --> 00:17:26,270
like you're creating it as you go yeah

410
00:17:30,789 --> 00:17:27,980
you know it's almost like there's like

411
00:17:32,889 --> 00:17:30,799
area for it to exist but until you like

412
00:17:34,840 --> 00:17:32,899
put it into thought like it doesn't

413
00:17:37,570 --> 00:17:34,850

really exist yet yeah it's kind of crazy

414

00:17:40,240 --> 00:17:37,580

it is it's pretty nuts it's pretty well

415

00:17:44,070 --> 00:17:42,100

yeah did you want to tell that other

416

00:17:48,370 --> 00:17:44,080

story you're telling me about that

417

00:17:49,660 --> 00:17:48,380

which one about your your dad oh oh yeah

418

00:17:51,190 --> 00:17:49,670

I mean that's kind of a short one yeah

419

00:17:54,460 --> 00:17:51,200

yeah so that's a short one I'll tell my

420

00:17:57,700 --> 00:17:54,470

so my dad was saying when he was young

421

00:17:59,980 --> 00:17:57,710

that there was this light that shot

422

00:18:01,450 --> 00:17:59,990

through the window and he said like

423

00:18:02,170 --> 00:18:01,460

elbowed his brother and he was trying to

424

00:18:04,690 --> 00:18:02,180

get him to wake up

425

00:18:06,640 --> 00:18:04,700

and he wouldn't wake up so he started

426

00:18:10,750 --> 00:18:06,650

yelling for his dad you know so he's

427

00:18:13,660 --> 00:18:10,760

like dad and so you know he wakes up and

428

00:18:16,630 --> 00:18:13,670

he said that as she's coming down the

429

00:18:17,830 --> 00:18:16,640

hallway like every single footstep like

430

00:18:19,390 --> 00:18:17,840

the light would get brighter and

431

00:18:21,520 --> 00:18:19,400

brighter and brighter and then when he

432

00:18:24,400 --> 00:18:21,530

went to open the door the light was gone

433

00:18:30,450 --> 00:18:24,410

damn yeah so stay I was probably pissed

434

00:18:32,980 --> 00:18:30,460

yeah boy

435

00:18:35,080 --> 00:18:32,990

he was like with their horses there was

436

00:18:36,430 --> 00:18:35,090

this light I swear there was a light

437

00:18:39,610 --> 00:18:36,440

yeah dude

438

00:18:44,050 --> 00:18:39,620

how bad that suck like man I'm so pissed

439

00:18:45,820 --> 00:18:44,060

if you're like Jess was right there come

440

00:18:47,710 --> 00:18:45,830

look at this as soon as she comes to the

441

00:18:49,360 --> 00:18:47,720

door it goes away man you're like I'd be

442

00:18:51,670 --> 00:18:49,370

so pissed dude and you're like dang it I

443

00:18:53,200 --> 00:18:51,680

mean something like that I mean I've

444

00:18:55,150 --> 00:18:53,210

definitely had those experiences like

445

00:18:57,550 --> 00:18:55,160

seeing stuff in the sky like at night

446

00:18:59,620 --> 00:18:57,560

like with stars and all bump whoever I'm

447

00:19:01,360 --> 00:18:59,630

standing by like hey check this out look

448

00:19:04,030 --> 00:19:01,370

look look and you know and then it goes

449

00:19:05,470 --> 00:19:04,040

away it's got yeah I mean yeah a couple

450

00:19:07,810 --> 00:19:05,480

of times it's been like hey look at this

451
00:19:09,820 --> 00:19:07,820
comment you know going by and it's

452
00:19:11,740 --> 00:19:09,830
happened so fast I'm the only one out of

453
00:19:12,790 --> 00:19:11,750
the whole bar to see it like I'm sitting

454
00:19:16,480 --> 00:19:12,800
there with a hundred people

455
00:19:21,490 --> 00:19:16,490
ooh did anybody see that damnit

456
00:19:24,070 --> 00:19:21,500
no one looks up anymore man it's cuz

457
00:19:26,730 --> 00:19:24,080
we're there's no pterodactyls I'm a I'm

458
00:19:32,160 --> 00:19:26,740
convinced man if they're if they're

459
00:19:39,400 --> 00:19:37,900
make it to my car it would it would suck

460
00:19:41,830 --> 00:19:39,410
even worse if there is an alien creature

461
00:19:43,840 --> 00:19:41,840
that was like a pterodactyl and could

462
00:19:46,480 --> 00:19:43,850
fly that'd be way more terrifying oh

463
00:19:50,050 --> 00:19:46,490

yeah then like them just in a spaceship

464

00:19:52,390 --> 00:19:50,060

that would be more terrifying be way

465

00:19:52,690 --> 00:19:52,400

more terrified cuz if you like brutal

466

00:19:54,250 --> 00:19:52,700

you know

467

00:19:55,720 --> 00:19:54,260

be gruesome yeah at least like the

468

00:19:57,720 --> 00:19:55,730

aliens are nice and they're like all

469

00:20:03,610 --> 00:19:57,730

right you won't remember this Yeah right

470

00:20:05,770 --> 00:20:03,620

what a dinosaurs like I'm good hey or

471

00:20:08,740 --> 00:20:05,780

they wake up like in a like a big nest

472

00:20:13,780 --> 00:20:08,750

and there's like little tiny ones are

473

00:20:17,500 --> 00:20:13,790

all around you know they may take longer

474

00:20:19,060 --> 00:20:17,510

to eat you know it hurt oh yeah I'm not

475

00:20:21,400 --> 00:20:19,070

into that whole pain thing do you know

476

00:20:28,630 --> 00:20:21,410

you know like anything painful was like

477

00:20:30,490 --> 00:20:28,640

not fun no tear gas yeah so yeah I think

478

00:20:33,840 --> 00:20:30,500

yeah we talked about this a lot on the

479

00:20:37,600 --> 00:20:33,850

last podcast but maybe doing a

480

00:20:39,670 --> 00:20:37,610

continuance continuous episode kind of

481

00:20:41,440 --> 00:20:39,680

back maybe like a part two to the quarry

482

00:20:43,030 --> 00:20:41,450

good story as we were saying in the

483

00:20:45,970 --> 00:20:43,040

previous episode of like this stories is

484

00:20:49,090 --> 00:20:45,980

so long I look today and there's 22

485

00:20:54,070 --> 00:20:49,100

seasons it's season has like 20 episodes

486

00:20:56,770 --> 00:20:54,080

bro yeah it's a lot of stuff just taking

487

00:20:58,990 --> 00:20:56,780

hours of our lives to go through hours

488

00:21:01,630 --> 00:20:59,000

how I honestly don't think I've seen all

489

00:21:03,430 --> 00:21:01,640

of it but it's like it's like I want to

490

00:21:05,920 --> 00:21:03,440

like just kind of skip two things I

491

00:21:08,770 --> 00:21:05,930

think I want to see but then like I miss

492

00:21:10,390 --> 00:21:08,780

so much [h__h] like right what and then

493

00:21:12,310 --> 00:21:10,400

they reference come from the reference

494

00:21:16,020 --> 00:21:12,320

things that they had talked about and

495

00:21:18,610 --> 00:21:16,030

they're like wait kind of in this one

496

00:21:19,960 --> 00:21:18,620

the 20 and back thing I know that

497

00:21:22,180 --> 00:21:19,970

there's another episode where he goes

498

00:21:25,540 --> 00:21:22,190

into more excuse me

499

00:21:27,070 --> 00:21:25,550

more detail about how all that works but

500

00:21:31,210 --> 00:21:27,080

he does mention it into this episode

501
00:21:35,830 --> 00:21:31,220
yeah but yeah kind of take a student how

502
00:21:43,169 --> 00:21:35,840
that episode starts dude hold on I know

503
00:21:49,029 --> 00:21:46,409
so so where we left off these guys

504
00:21:58,299 --> 00:21:49,039
there's there's like Nazis on the moon

505
00:22:00,759 --> 00:21:58,309
right okay here we go okay so we left

506
00:22:03,700 --> 00:22:00,769
off the Nazis the Americans had gotten

507
00:22:06,690 --> 00:22:03,710
together Hey they mined the moon they

508
00:22:09,549 --> 00:22:06,700
mined the meteor

509
00:22:12,789 --> 00:22:09,559
I'm just the way you said okay this do

510
00:22:18,609 --> 00:22:12,799
not use of the moon like if anybody was

511
00:22:20,769 --> 00:22:18,619
listen to this for the first time sorry

512
00:22:23,519 --> 00:22:20,779
I'm sorry good sober-minded asteroid

513
00:22:25,509 --> 00:22:23,529

belt right mine and Mars got on the moon

514

00:22:28,180 --> 00:22:25,519

right and so that's kind of where we

515

00:22:31,539 --> 00:22:28,190

were at and that story yeah and so then

516

00:22:33,759 --> 00:22:31,549

he picks up and he's like yeah the dark

517

00:22:36,509 --> 00:22:33,769

side of the moon is full of super

518

00:22:40,239 --> 00:22:36,519

Federation types yeah and I'm like

519

00:22:41,769 --> 00:22:40,249

they're full of what because you know

520

00:22:44,320 --> 00:22:41,779

right now we're talking about you know

521

00:22:46,299 --> 00:22:44,330

how there are like extraterrestrials and

522

00:22:49,060 --> 00:22:46,309

gangs and we do know of certain species

523

00:22:51,190 --> 00:22:49,070

and this and that right so we Essen

524

00:22:54,480 --> 00:22:51,200

Germany we're like yeah we talked about

525

00:22:56,879 --> 00:22:54,490

this about there possibly being like a

526

00:22:59,019 --> 00:22:56,889

overarching government of

527

00:23:00,220 --> 00:22:59,029

extraterrestrials that kind of say all

528

00:23:02,139 --> 00:23:00,230

right you can [\h__\h] with earth and you

529

00:23:04,570 --> 00:23:02,149

can't [\h__\h] with earth you can go down

530

00:23:05,919 --> 00:23:04,580

there there's like rules to it yeah so

531

00:23:09,369 --> 00:23:05,929

it totally makes sense

532

00:23:10,690 --> 00:23:09,379

this federate the super federation super

533

00:23:12,009 --> 00:23:10,700

federation and who knows what it's

534

00:23:15,159 --> 00:23:12,019

actually called maybe it's like in a

535

00:23:17,169 --> 00:23:15,169

different name alien language like you

536

00:23:19,560 --> 00:23:17,179

know something like that it might be but

537

00:23:21,970 --> 00:23:19,570

there so there is hold on let me see

538

00:23:26,769 --> 00:23:21,980

this super federation let me read this

539

00:23:31,090 --> 00:23:26,779

it says let me see hold on okay the

540

00:23:33,430 --> 00:23:31,100

super federation it's owned by lays the

541

00:23:36,100 --> 00:23:33,440

super federation singles it is made up

542

00:23:38,850 --> 00:23:36,110

of Federation's consisting of hundreds

543

00:23:41,619 --> 00:23:38,860

to thousands of planetary consciousness

544

00:23:44,200 --> 00:23:41,629

it's a consortium of human type

545

00:23:46,749 --> 00:23:44,210

extraterrestrials who managed the grand

546

00:23:49,779 --> 00:23:46,759

experiment that's what the super

547

00:23:52,090 --> 00:23:49,789

Federation is the genetic farmer races

548

00:23:53,920 --> 00:23:52,100

go from star system to star system

549

00:23:56,170 --> 00:23:53,930

propping up

550

00:23:59,380 --> 00:23:56,180

grand experiments to manage and even

551
00:24:02,470 --> 00:23:59,390
participate in there are 22 genetic

552
00:24:05,140 --> 00:24:02,480
experiments all on a sliding scale from

553
00:24:07,150 --> 00:24:05,150
genetic to spiritual some are mostly

554
00:24:09,760 --> 00:24:07,160
genetic in nature while some are mostly

555
00:24:11,890 --> 00:24:09,770
spiritual that's funny that's a funny

556
00:24:14,049 --> 00:24:11,900
way they put that together yeah there

557
00:24:16,570 --> 00:24:14,059
are 22 genetic experiments all on

558
00:24:22,720 --> 00:24:16,580
sliding scale from genetic to spiritual

559
00:24:25,660 --> 00:24:22,730
some are mostly genetic spiritual okay

560
00:24:28,540 --> 00:24:25,670
one experiment involved the insertion of

561
00:24:30,220 --> 00:24:28,550
the god gene into mankind to make us

562
00:24:31,900 --> 00:24:30,230
more manageable

563
00:24:37,690 --> 00:24:31,910

that's that funk we were talking about I

564

00:24:42,430 --> 00:24:37,700

think so grand experiment yeah so that's

565

00:24:44,650 --> 00:24:42,440

I guess we're just like a playground in

566

00:24:48,340 --> 00:24:44,660

this giant genetic experiment but like

567

00:24:50,560 --> 00:24:48,350

Razoo we're actually like gaining enough

568

00:24:54,160 --> 00:24:50,570

traction to kind of be recognized yes

569

00:24:56,710 --> 00:24:54,170

yes yeah you know right so sounds like

570

00:24:58,900 --> 00:24:56,720

yeah that's what that is man yeah but

571

00:25:05,620 --> 00:24:58,910

you know he's basically talking about

572

00:25:09,370 --> 00:25:05,630

how these guys are able to find a like a

573

00:25:11,049 --> 00:25:09,380

portal right it's like a yeah that's a

574

00:25:12,549 --> 00:25:11,059

guy well he starts talking about the

575

00:25:15,820 --> 00:25:12,559

chair that the guys are sitting in in

576

00:25:18,850 --> 00:25:15,830

this in this base where so David asked

577

00:25:20,770 --> 00:25:18,860

him like hey so my insider had told me

578

00:25:23,980 --> 00:25:20,780

that there's a facility on the moon

579

00:25:26,140 --> 00:25:23,990

where or maybe it's on earth I can't

580

00:25:29,770 --> 00:25:26,150

honestly I can't can't remember where it

581

00:25:33,610 --> 00:25:29,780

was but it was in some top-secret base

582

00:25:35,020 --> 00:25:33,620

where they had had extraterrestrial crap

583

00:25:39,340 --> 00:25:35,030

where they had taken a seat out of it

584

00:25:40,000 --> 00:25:39,350

and anybody or somebody that was you

585

00:25:42,669 --> 00:25:40,010

know

586

00:25:44,620 --> 00:25:42,679

yeah like interfaces with your mind yeah

587

00:25:46,810 --> 00:25:44,630

and and it can which is a lot like that

588

00:25:49,030 --> 00:25:46,820

[h__h] the Disney movie we watched yeah

589

00:25:51,220 --> 00:25:49,040

it can bring things like into your

590

00:25:52,810 --> 00:25:51,230

reality yeah it can like open a portal

591

00:25:54,880 --> 00:25:52,820

you can think of a hot dog and it'll

592

00:25:57,990 --> 00:25:54,890

show up yeah and it and then it also has

593

00:26:00,160 --> 00:25:58,000

like like it heightens your psychic

594

00:26:01,510 --> 00:26:00,170

ability ability yeah that's right that's

595

00:26:03,770 --> 00:26:01,520

right so you're able to like see things

596

00:26:07,100 --> 00:26:03,780

and vision things

597

00:26:09,530 --> 00:26:07,110

time travel yeah right but then there

598

00:26:12,340 --> 00:26:09,540

was also so that was that was Montauk

599

00:26:16,190 --> 00:26:12,350

that that he was talking about but then

600

00:26:18,500 --> 00:26:16,200

Corey Goode was like yeah kind of but

601
00:26:20,570 --> 00:26:18,510
mine was project Looking Glass okay yeah

602
00:26:22,520 --> 00:26:20,580
so they were like two different projects

603
00:26:23,900 --> 00:26:22,530
right but they kind of did the almost

604
00:26:27,410 --> 00:26:23,910
the same thing I guess

605
00:26:28,940 --> 00:26:27,420
no yeah yeah so then as they're kind of

606
00:26:32,060 --> 00:26:28,950
talking about that he kind of coat goes

607
00:26:33,740 --> 00:26:32,070
into something that's we I don't think

608
00:26:36,500 --> 00:26:33,750
we've mentioned on the other than the 20

609
00:26:40,250 --> 00:26:36,510
the 20 and back thing with Corey good so

610
00:26:42,200 --> 00:26:40,260
Corey good this insider he's in this

611
00:26:44,360 --> 00:26:42,210
interview with David Wilcock telling him

612
00:26:46,940 --> 00:26:44,370
about his experience working with the

613
00:26:49,070 --> 00:26:46,950

secret space space program and he

614

00:26:50,750 --> 00:26:49,080

explains how he gets into the space

615

00:26:54,140 --> 00:26:50,760

program and it's it's through this

616

00:26:56,060 --> 00:26:54,150

recruitment when he was just I mean how

617

00:26:58,430 --> 00:26:56,070

old was he when he got in I think I

618

00:26:59,900 --> 00:26:58,440

think they started grooming him when he

619

00:27:02,510 --> 00:26:59,910

was like 6 years old or something like

620

00:27:05,870 --> 00:27:02,520

that yeah yeah it's kind of its kind of

621

00:27:09,560 --> 00:27:05,880

in the family thing yeah but anyway so

622

00:27:11,570 --> 00:27:09,570

he finally goes as a teenager and they

623

00:27:13,460 --> 00:27:11,580

do what's called a twenty and back thing

624

00:27:16,250 --> 00:27:13,470

where he spends 20 years in the service

625

00:27:19,990 --> 00:27:16,260

of the secret safe space book program as

626

00:27:23,450 --> 00:27:20,000

an intuitive empath so somebody that can

627

00:27:27,200 --> 00:27:23,460

interface with or just kind of like

628

00:27:28,940 --> 00:27:27,210

highly emotionally adept to once their

629

00:27:31,160 --> 00:27:28,950

surroundings and sometimes they can

630

00:27:34,190 --> 00:27:31,170

Remote View and sometimes they can

631

00:27:37,490 --> 00:27:34,200

communicate way more easily with aliens

632

00:27:39,020 --> 00:27:37,500

telepathically but anyway that's

633

00:27:41,660 --> 00:27:39,030

basically how we got into the program

634

00:27:44,690 --> 00:27:41,670

right yeah yeah and then the 20 program

635

00:27:46,130 --> 00:27:44,700

that's that's pretty insane yeah you

636

00:27:47,180 --> 00:27:46,140

know because they take you and they put

637

00:27:49,400 --> 00:27:47,190

you in the service

638

00:27:51,980 --> 00:27:49,410

right and you spend like 20 years out

639

00:27:54,710 --> 00:27:51,990

there yeah and then they he says that

640

00:27:57,020 --> 00:27:54,720

they can bring you back to within

641

00:27:59,480 --> 00:27:57,030

minutes of right before you left right

642

00:28:02,390 --> 00:27:59,490

and then you go through this age

643

00:28:05,780 --> 00:28:02,400

regression process yeah where the time

644

00:28:08,990 --> 00:28:05,790

that you spent 20 years this this

645

00:28:11,630 --> 00:28:09,000

technology like brings your body back

646

00:28:13,580 --> 00:28:11,640

and reverse your cellular anatomy right

647

00:28:17,630 --> 00:28:13,590

because at that point so say he goes

648

00:28:19,940 --> 00:28:17,640

into the service at 18 so 20 plus years

649

00:28:21,890 --> 00:28:19,950

30 and now he's 38 but he looks like a

650

00:28:24,560 --> 00:28:21,900

38 year old so when they bring you back

651

00:28:27,230 --> 00:28:24,570

in time you're still 38 so what they

652

00:28:31,070 --> 00:28:27,240

have to do is age regress you so you're

653

00:28:33,169 --> 00:28:31,080

back at 18 yeah like it I mean it sounds

654

00:28:35,270 --> 00:28:33,179

like something out of a sci-fi film yeah

655

00:28:35,660 --> 00:28:35,280

I would never have thought about that me

656

00:28:38,180 --> 00:28:35,670

either

657

00:28:40,640 --> 00:28:38,190

thought of that you know yeah no not at

658

00:28:43,460 --> 00:28:40,650

all that's something that's saying Wow

659

00:28:45,500 --> 00:28:43,470

like that's super creatively if you're

660

00:28:47,960 --> 00:28:45,510

making that up that's super dated he

661

00:28:49,970 --> 00:28:47,970

even goes into like the the details of

662

00:28:52,850 --> 00:28:49,980

the apparatus that he gets into to

663

00:28:55,490 --> 00:28:52,860

create regress it's like he said the

664

00:28:59,210 --> 00:28:55,500

material he lays down and this kind of

665

00:29:01,159 --> 00:28:59,220

like body shaped thing and kind of

666

00:29:03,740 --> 00:29:01,169

covers his arms and his body in his leg

667

00:29:07,549 --> 00:29:03,750

legs with this cardboard kind of

668

00:29:09,289 --> 00:29:07,559

textured yeah material when when I think

669

00:29:11,120 --> 00:29:09,299

about that I like saw it in my mind and

670

00:29:13,400 --> 00:29:11,130

like it sounds like it just got put in a

671

00:29:17,600 --> 00:29:13,410

cardboard box laid him in a cardboard

672

00:29:19,130 --> 00:29:17,610

box in there like okay Cory I'm gonna

673

00:29:20,630 --> 00:29:19,140

put you down for about two weeks buddy

674

00:29:22,190 --> 00:29:20,640

okay then we're gonna come and we're

675

00:29:27,159 --> 00:29:22,200

gonna wake you up and you're gonna

676

00:29:37,640 --> 00:29:31,520

look the same he's got like red rosy

677

00:29:39,049 --> 00:29:37,650

cheeks he has like a lollipop I gotta

678

00:29:47,620 --> 00:29:39,059

say I look great fellas and his

679

00:29:53,000 --> 00:29:51,799

yeah but I mean what a thing yeah you

680

00:29:54,650 --> 00:29:53,010

know what a thing and he said like

681

00:29:57,680 --> 00:29:54,660

whenever like some of these these

682

00:30:00,020 --> 00:29:57,690

soldiers how they would get like you

683

00:30:02,990 --> 00:30:00,030

know hypnotized you know they would do

684

00:30:04,760 --> 00:30:03,000

like regression hypnosis or whatever to

685

00:30:06,890 --> 00:30:04,770

kind of bring back these memories of

686

00:30:09,710 --> 00:30:06,900

what they did like in the secret space

687

00:30:11,990 --> 00:30:09,720

program and while they did that like old

688

00:30:13,850 --> 00:30:12,000

tattoos and like scars and stuff would

689

00:30:16,580 --> 00:30:13,860

show up on the patients as they were

690

00:30:18,320 --> 00:30:16,590

doing that right gnosis therapy right it

691

00:30:20,390 --> 00:30:18,330

was like some sort of cellular memory

692

00:30:21,860 --> 00:30:20,400

yeah so they were remembering this time

693

00:30:24,200 --> 00:30:21,870

and so if they had like a scar on their

694

00:30:26,000 --> 00:30:24,210

face the scar would show up while they

695

00:30:28,400 --> 00:30:26,010

were doing the the hypnosis and they

696

00:30:31,049 --> 00:30:28,410

don't go away oh that's crazy

697

00:30:33,419 --> 00:30:31,059

that is knuck yeah the the

698

00:30:35,909 --> 00:30:33,429

hypnosis therapy I wonder if it happened

699

00:30:37,169 --> 00:30:35,919

within the secret space program because

700

00:30:38,850 --> 00:30:37,179

you would think that they don't want you

701
00:30:40,680 --> 00:30:38,860
to remember what happened to you

702
00:30:42,899 --> 00:30:40,690
yeah definitely you know maybe they want

703
00:30:44,249 --> 00:30:42,909
to like whitewash you or whatever not

704
00:30:47,340 --> 00:30:44,259
whitewash but brainwash you into

705
00:30:50,310 --> 00:30:47,350
thinking that uh that nothing ever

706
00:30:53,310 --> 00:30:50,320
happened and that's what Corey Goode it

707
00:30:55,350 --> 00:30:53,320
claims is that after he got out when he

708
00:30:57,749 --> 00:30:55,360
came back then he sought out it was like

709
00:31:01,230 --> 00:30:57,759
years later yeah yeah he sought out to

710
00:31:02,879 --> 00:31:01,240
get just hypnosis therapy deal liked

711
00:31:04,980 --> 00:31:02,889
remember what happened to him because he

712
00:31:08,039 --> 00:31:04,990
was getting like flashes here and there

713
00:31:10,289 --> 00:31:08,049

of this alternate life that he lived its

714

00:31:12,029 --> 00:31:10,299

base on Mars and all that stuff and

715

00:31:14,879 --> 00:31:12,039

spaceships and all that so we wouldn't

716

00:31:16,230 --> 00:31:14,889

get got that that regression therapy and

717

00:31:18,389 --> 00:31:16,240

started remembering all this stuff

718

00:31:21,060 --> 00:31:18,399

couldn't imagine did you imagine like

719

00:31:22,859 --> 00:31:21,070

just be hanging out like like

720

00:31:24,749 --> 00:31:22,869

which-which eating the sandwich

721

00:31:27,480 --> 00:31:24,759

you know what I'm saying that means just

722

00:31:29,489 --> 00:31:27,490

enjoying your meatball parm right and

723

00:31:32,039 --> 00:31:29,499

then you have like this flashback of

724

00:31:33,899 --> 00:31:32,049

like a cockroach on Mars like you're

725

00:31:36,119 --> 00:31:33,909

like the other size what is happening to

726

00:31:37,830 --> 00:31:36,129

me yeah yeah what is going to say a [\h__\h]

727

00:31:39,389 --> 00:31:37,840

like cockroaches are the size of hands

728

00:31:43,580 --> 00:31:39,399

inside your hand and they have like

729

00:31:46,799 --> 00:31:43,590

gigantic spiders yeah like huge spiders

730

00:31:48,210 --> 00:31:46,809

no I don't think so no thanks dude

731

00:31:49,799 --> 00:31:48,220

so it's kind of interesting like about

732

00:31:51,840 --> 00:31:49,809

Mars how he's saying that there's like

733

00:31:53,850 --> 00:31:51,850

this this Federation that kind of goes

734

00:31:55,710 --> 00:31:53,860

through the solar system right and how

735

00:31:58,169 --> 00:31:55,720

humans for a long time weren't allowed

736

00:31:59,549 --> 00:31:58,179

to go near Saturn haha yes stuff like

737

00:32:02,249 --> 00:31:59,559

that right like it's like this

738

00:32:04,739 --> 00:32:02,259

restrictive zone it's like super

739

00:32:06,629 --> 00:32:04,749

political right and you know there's

740

00:32:09,029 --> 00:32:06,639

even like warring factions there that

741

00:32:12,930 --> 00:32:09,039

like they got to behave and obey the

742

00:32:14,310 --> 00:32:12,940

rules and [h__h] right yeah and but he's

743

00:32:16,889 --> 00:32:14,320

like yeah so there's all these different

744

00:32:19,710 --> 00:32:16,899

types with like Mars is kind of its own

745

00:32:21,749 --> 00:32:19,720

like little jurisdiction yeah so he

746

00:32:25,320 --> 00:32:21,759

never goes into why but I'm wondering

747

00:32:26,970 --> 00:32:25,330

like like how come nobody's like trying

748

00:32:29,580 --> 00:32:26,980

to take over Mars or anything because

749

00:32:32,310 --> 00:32:29,590

it's the planets ax man is hey there's

750

00:32:35,340 --> 00:32:32,320

gotta be like more terrible planets Mars

751

00:32:38,730 --> 00:32:35,350

Mars rocks bro why do you think we're

752

00:32:41,129 --> 00:32:38,740

trying to go there I mean maybe there's

753

00:32:43,049 --> 00:32:41,139

like materials there that we can mine or

754

00:32:44,940 --> 00:32:43,059

something but yeah unless there's like

755

00:32:48,450 --> 00:32:44,950

it just seems like it'd be a good

756

00:32:50,430 --> 00:32:48,460

place to be like an underground or like

757

00:32:52,169 --> 00:32:50,440

a hollow earth but for for Mars like

758

00:32:53,730 --> 00:32:52,179

Hollow Mars I mean it'd be a shitty

759

00:32:56,070 --> 00:32:53,740

place to be obviously but I mean like

760

00:32:57,690 --> 00:32:56,080

it's close to all the you know the

761

00:33:01,230 --> 00:32:57,700

asteroid belt and all the moon rules

762

00:33:02,700 --> 00:33:01,240

yeah I'm assuming that everybody cares

763

00:33:04,889 --> 00:33:02,710

about Earth and this story but they

764

00:33:07,440 --> 00:33:04,899

don't so maybe it is a bad place to be

765

00:33:08,730 --> 00:33:07,450

like maybe Mars does suck do what do you

766

00:33:12,379 --> 00:33:08,740

think what do you think about Trump not

767

00:33:15,360 --> 00:33:12,389

attending that uh that world meeting on

768

00:33:17,070 --> 00:33:15,370

environmentalism and clean energy and

769

00:33:19,680 --> 00:33:17,080

things I think it's called was it called

770

00:33:22,019 --> 00:33:19,690

the summit the yeah yeah there's a

771

00:33:24,269 --> 00:33:22,029

number in it though seven seventeen

772

00:33:26,970 --> 00:33:24,279

seventeen maybe seven seventeen well I

773

00:33:30,269 --> 00:33:26,980

gotta look that up that's how I feel

774

00:33:32,039 --> 00:33:30,279

about it yeah well I mean yeah I think

775

00:33:36,120 --> 00:33:32,049

it it's kind of [h__\h] up that he didn't

776

00:33:39,360 --> 00:33:36,130

show up I mean that's uh I mean what do

777

00:33:42,000 --> 00:33:39,370

you expect - I mean it's like nah it'll

778

00:33:44,669 --> 00:33:42,010

feel like it nope I don't feel like it I

779

00:33:49,740 --> 00:33:44,679

have to watch the Kardashians at four

780

00:33:54,210 --> 00:33:49,750

maybe he's a g7 g77 more so smart dude

781

00:33:58,019 --> 00:33:54,220

who's so [h__\h] smart but I don't think

782

00:34:02,519 --> 00:33:58,029

he thinks it's as important as it might

783

00:34:04,019 --> 00:34:02,529

be so he's just like that he's like okay

784

00:34:05,490 --> 00:34:04,029

so I'm gonna get into a bunch of deals

785

00:34:07,470 --> 00:34:05,500

basically where everybody's gonna

786

00:34:09,659 --> 00:34:07,480

promise each other to be nice and clean

787

00:34:12,270 --> 00:34:09,669

and have restrictions we're gonna pay

788

00:34:14,520 --> 00:34:12,280

for eighty percent of other of all of it

789

00:34:15,510 --> 00:34:14,530

and then people are gonna dump [h__h] in

790

00:34:17,520 --> 00:34:15,520

the river and then we're gonna stuck

791

00:34:20,010 --> 00:34:17,530

with the bill I think that's what he's

792

00:34:21,899 --> 00:34:20,020

thinking in his because because even

793

00:34:24,389 --> 00:34:21,909

though like yeah I totally agree like

794

00:34:26,430 --> 00:34:24,399

you gotta protect climate dude

795

00:34:28,319 --> 00:34:26,440

you know like I don't doubt that some

796

00:34:29,909 --> 00:34:28,329

[h__h] like that is going on you know like

797

00:34:32,730 --> 00:34:29,919

yeah your foot the bill for most of that

798

00:34:34,260 --> 00:34:32,740

is that actually what's happening is

799

00:34:36,510 --> 00:34:34,270

that people are expecting us to pay for

800

00:34:39,720 --> 00:34:36,520

it well I mean we just can't afford to

801
00:34:42,240 --> 00:34:39,730
no no like there's like other countries

802
00:34:43,619 --> 00:34:42,250
that can barely afford to like give

803
00:34:45,419 --> 00:34:43,629
money to their people and they're like

804
00:34:45,720 --> 00:34:45,429
yeah totally I'm all about saving the

805
00:34:48,809 --> 00:34:45,730
world

806
00:34:50,070 --> 00:34:48,819
yeah and right in India just India can

807
00:34:52,110 --> 00:34:50,080
drink but in

808
00:34:53,790 --> 00:34:52,120
dad yeah it's like one of the most

809
00:34:56,130 --> 00:34:53,800
polluted rivers in the entire world

810
00:34:58,740 --> 00:34:56,140
yeah yeah so I mean it's it's not good

811
00:35:05,700 --> 00:34:58,750
but I mean I mean whatever it's your

812
00:35:10,290 --> 00:35:05,710
River you know it's not mine my travels

813
00:35:15,930 --> 00:35:10,300

just stick to that house lyrics music

814

00:35:17,940 --> 00:35:15,940

bass yeah I think that's that's probably

815

00:35:19,230 --> 00:35:17,950

why he didn't go okay I think it's

816

00:35:21,180 --> 00:35:19,240

important that he should have went and

817

00:35:22,680 --> 00:35:21,190

like hurt everybody Island be like yeah

818

00:35:24,960 --> 00:35:22,690

okay

819

00:35:27,510 --> 00:35:24,970

at least listened like it would have

820

00:35:30,180 --> 00:35:27,520

been such a dick move right yeah yeah

821

00:35:32,220 --> 00:35:30,190

totally should have just went and paid

822

00:35:34,320 --> 00:35:32,230

attention but dick move I mean that's

823

00:35:36,300 --> 00:35:34,330

what uh that's what he wanted you to do

824

00:35:42,390 --> 00:35:36,310

that's America I guess gonna do what he

825

00:35:48,150 --> 00:35:46,260

so a core good in David Wilcock they're

826

00:35:50,970 --> 00:35:48,160

talking about just all the stuff that

827

00:35:53,610 --> 00:35:50,980

Corey Goode has seen in his time in the

828

00:35:55,890 --> 00:35:53,620

secret space program one thing that I

829

00:36:00,410 --> 00:35:55,900

thought was really cool is that he was

830

00:36:03,420 --> 00:36:00,420

talking about super soldiers and how

831

00:36:05,040 --> 00:36:03,430

some some of these people that were in

832

00:36:06,480 --> 00:36:05,050

the same program as Corey but just did

833

00:36:07,680 --> 00:36:06,490

completely different things they were

834

00:36:11,580 --> 00:36:07,690

used as weapons

835

00:36:13,830 --> 00:36:11,590

yeah do you remember the word nanites

836

00:36:16,050 --> 00:36:13,840

being used and there they would inject

837

00:36:18,930 --> 00:36:16,060

him inject him with nanites to make them

838

00:36:20,790 --> 00:36:18,940

not super soldiers but like enhance so

839

00:36:22,260 --> 00:36:20,800

they can move really fast uh-huh if they

840

00:36:25,830 --> 00:36:22,270

were to jump off a cliff they could land

841

00:36:28,410 --> 00:36:25,840

yeah safely without breaking a bone like

842

00:36:30,270 --> 00:36:28,420

super like pretty like super strength

843

00:36:34,140 --> 00:36:30,280

and and things like that and and

844

00:36:37,890 --> 00:36:34,150

something about like telepathy using

845

00:36:39,930 --> 00:36:37,900

their mind to burn synapses in other

846

00:36:42,480 --> 00:36:39,940

people or they just kill you I thought

847

00:36:44,850 --> 00:36:42,490

that was pretty interesting it's but you

848

00:36:47,430 --> 00:36:44,860

know it's crazy like the the nanites or

849

00:36:49,200 --> 00:36:47,440

whatever yeah that's that sounds kind of

850

00:36:51,180 --> 00:36:49,210

reycarts well you know he was talking

851
00:36:53,850 --> 00:36:51,190
about like yeah the the nanobots

852
00:36:55,200 --> 00:36:53,860
basically like in the future like

853
00:36:56,430 --> 00:36:55,210
they're probably doing it now I don't

854
00:36:58,500 --> 00:36:56,440
think I think they're doing it now we're

855
00:37:01,590 --> 00:36:58,510
like there's there's these just tiny

856
00:37:03,460 --> 00:37:01,600
tiny little nanobots that are our

857
00:37:05,890 --> 00:37:03,470
program you can program

858
00:37:08,650 --> 00:37:05,900
so you shoot them into the body and like

859
00:37:10,360 --> 00:37:08,660
say if you need to like make more of a

860
00:37:12,850 --> 00:37:10,370
certain type of blood cell yeah like no

861
00:37:14,530 --> 00:37:12,860
to like you know fight cancers the

862
00:37:17,290 --> 00:37:14,540
things you could program those to act

863
00:37:19,180 --> 00:37:17,300

like those cells and so it you know it

864

00:37:21,880 --> 00:37:19,190

is nanotechnology that's going into your

865

00:37:24,760 --> 00:37:21,890

body right and that's like the the so he

866

00:37:26,950 --> 00:37:24,770

already he already knew about that

867

00:37:28,330 --> 00:37:26,960

technology oh yeah yeah yeah he's like

868

00:37:30,100 --> 00:37:28,340

first well he's like one of the most

869

00:37:31,660 --> 00:37:30,110

like he makes like he's one of the guys

870

00:37:35,050 --> 00:37:31,670

that makes like the most patents in the

871

00:37:37,150 --> 00:37:35,060

entire world type thing then he like 47

872

00:37:40,240 --> 00:37:37,160

pills a day no it's more like a hundred

873

00:37:40,780 --> 00:37:40,250

and eighty-seven all do something crazy

874

00:37:44,230 --> 00:37:40,790

like that

875

00:37:46,030 --> 00:37:44,240

he made the kurtzweil piano I could

876

00:37:48,520 --> 00:37:46,040

swallow the like the you know the

877

00:37:50,110 --> 00:37:48,530

keyboard little keyboard keyboards

878

00:37:52,180 --> 00:37:50,120

Eckert's while he was no it was the

879

00:37:55,300 --> 00:37:52,190

first instrument to like write its own

880

00:37:57,280 --> 00:37:55,310

music whoa yeah what a play play itself

881

00:37:58,870 --> 00:37:57,290

like its own music or whatever cool is

882

00:38:01,120 --> 00:37:58,880

he you know he patented it and

883

00:38:03,280 --> 00:38:01,130

programmed as a computer guy that's

884

00:38:04,810 --> 00:38:03,290

dough so yeah but you know he talks

885

00:38:06,670 --> 00:38:04,820

about that it's called the transcendent

886

00:38:09,040 --> 00:38:06,680

man we're basically right yeah he wants

887

00:38:11,440 --> 00:38:09,050

to he thinks possibly he could like

888

00:38:13,330 --> 00:38:11,450

bring his father back uh-huh yeah you

889

00:38:15,550 --> 00:38:13,340

know like he saved all those memories

890

00:38:18,490 --> 00:38:15,560

and things like that yeah so yeah dude I

891

00:38:19,920 --> 00:38:18,500

mean it's like do I believe we'd be

892

00:38:22,120 --> 00:38:19,930

hearing about that now

893

00:38:24,700 --> 00:38:22,130

currently but they were already using

894

00:38:26,710 --> 00:38:24,710

that like years ago right and hold in

895

00:38:29,740 --> 00:38:26,720

70s yeah I totally believe that yeah

896

00:38:30,340 --> 00:38:29,750

definitely a little tiny robots man what

897

00:38:32,740 --> 00:38:30,350

else could they do

898

00:38:34,690 --> 00:38:32,750

I'm telling you I mean you could use it

899

00:38:36,520 --> 00:38:34,700

I mean you could even use it on the like

900

00:38:39,700 --> 00:38:36,530

regular population and nobody would know

901
00:38:42,160 --> 00:38:39,710
yeah you know who okay so now we just

902
00:38:45,070 --> 00:38:42,170
you know yeah it sounds like a real

903
00:38:47,470 --> 00:38:45,080
doctor evil scenario system where you

904
00:38:49,510 --> 00:38:47,480
know like you got a bunch of people down

905
00:38:51,280 --> 00:38:49,520
in a room and they're like okay we got a

906
00:38:52,780 --> 00:38:51,290
million people to kill this week you

907
00:38:54,130 --> 00:38:52,790
know Brenda who you got you're like I

908
00:38:55,210 --> 00:38:54,140
got this guy who's writing they're

909
00:38:56,830 --> 00:38:55,220
coming yeah we're gonna raise his

910
00:38:57,610 --> 00:38:56,840
cholesterol through the roof it's gonna

911
00:39:04,300 --> 00:38:57,620
be hilarious

912
00:39:06,460 --> 00:39:04,310
you know Steve gets hit by a car like

913
00:39:08,430 --> 00:39:06,470

it'd be crazy like I mean what's it is

914

00:39:11,370 --> 00:39:08,440

so like technically if you got the

915

00:39:14,320 --> 00:39:11,380

nanobots into your body would you ever

916

00:39:16,349 --> 00:39:14,330

pass them or you always have nanobots in

917

00:39:18,569 --> 00:39:16,359

your body

918

00:39:20,130 --> 00:39:18,579

go anywhere I mean maybe they're just

919

00:39:22,979 --> 00:39:20,140

always in your body just run through

920

00:39:25,410 --> 00:39:22,989

your bloodstream constantly what if so I

921

00:39:28,049 --> 00:39:25,420

mean I I totally I don't fully fully

922

00:39:29,880 --> 00:39:28,059

believe in like chemtrails I think I

923

00:39:32,009 --> 00:39:29,890

think we've definitely sprayed some [h__\h]

924

00:39:34,589 --> 00:39:32,019

in the sky at one point yeah but I'm not

925

00:39:37,319 --> 00:39:34,599

looking at the sky and you know pointing

926

00:39:40,170 --> 00:39:37,329

at calm trip you know contrails and say

927

00:39:42,420 --> 00:39:40,180

everything is a Kentrell but it's think

928

00:39:45,779 --> 00:39:42,430

of the scenario where ok how do we get

929

00:39:48,809 --> 00:39:45,789

like a billion nanobots into people's

930

00:39:50,430 --> 00:39:48,819

bodies yep sorry it probably spray it in

931

00:39:52,410 --> 00:39:50,440

the sky where they'll breathe it in

932

00:39:55,710 --> 00:39:52,420

right huh yeah a lot yeah sure a lot of

933

00:39:57,479 --> 00:39:55,720

them are gonna get wasted but they're no

934

00:39:59,039 --> 00:39:57,489

but at some point someone's gonna touch

935

00:40:01,019 --> 00:39:59,049

a doorknob and put it in their nose

936

00:40:03,960 --> 00:40:01,029

right put their finger in their nose and

937

00:40:06,089 --> 00:40:03,970

then now you know it's about a program

938

00:40:08,069 --> 00:40:06,099

to make everybody [h__h] themselves

939

00:40:09,809 --> 00:40:08,079

and now they're unleashing the 5 G on us

940

00:40:12,690 --> 00:40:09,819

so they can turn these goddamn things on

941

00:40:15,809 --> 00:40:12,700

oh no didn't think about that

942

00:40:27,080 --> 00:40:15,819

that's crazy I had 5 G for a while

943

00:40:29,839 --> 00:40:27,090

nanobots go shows got like a groovy song

944

00:40:32,670 --> 00:40:29,849

[Music]

945

00:40:34,140 --> 00:40:32,680

it's just like a screen and like the

946

00:40:35,160 --> 00:40:34,150

nanobots are going but you can't see

947

00:40:38,759 --> 00:40:35,170

them because they're so tiny I'm

948

00:40:40,289 --> 00:40:38,769

picturing like a Digimon like what what

949

00:40:43,559 --> 00:40:40,299

were those little pocket things that you

950

00:40:46,470 --> 00:40:43,569

got from McDonald's the Tamagotchi

951

00:40:50,029 --> 00:40:46,480

Tamagotchi that was a card game yeah oh

952

00:40:57,930 --> 00:40:50,039

my gosh II I picture that little bit

953

00:40:58,499 --> 00:40:57,940

banging yeah okay nanobot movie let's do

954

00:41:01,470 --> 00:40:58,509

it dude

955

00:41:05,400 --> 00:41:01,480

it's like the we just switch scenery

956

00:41:08,460 --> 00:41:05,410

like very often like no the nanobots are

957

00:41:09,870 --> 00:41:08,470

there you just can't see there although

958

00:41:10,769 --> 00:41:09,880

they're talking they have lines and

959

00:41:19,829 --> 00:41:10,779

everything it would you make like a

960

00:41:22,380 --> 00:41:19,839

big-ass script or not a silent film and

961

00:41:23,400 --> 00:41:22,390

you have to buy the sound separately oh

962

00:41:25,200 --> 00:41:23,410

[h__\h]

963

00:41:26,819 --> 00:41:25,210

in order to hear it yeah but you still

964

00:41:29,009 --> 00:41:26,829

hear like car noises and [h__h] in the

965

00:41:30,220 --> 00:41:29,019

background like crime scenes you hear

966

00:41:33,120 --> 00:41:30,230

that stuff but you just

967

00:41:34,240 --> 00:41:33,130

like you don't know what's going on

968

00:41:36,040 --> 00:41:34,250

awesome

969

00:41:38,740 --> 00:41:36,050

I want the story to be like they're

970

00:41:41,349 --> 00:41:38,750

there to detectives like on homicide and

971

00:41:44,260 --> 00:41:41,359

they're like they come across you know

972

00:41:48,609 --> 00:41:44,270

like a dead nanobot know they say really

973

00:41:55,109 --> 00:41:48,619

corny things like we he he was a bit out

974

00:42:00,970 --> 00:41:55,119

of touch yeah

975

00:42:03,250 --> 00:42:00,980

copyright sure to email this to yourself

976
00:42:05,010 --> 00:42:03,260
immediately after we record it all right

977
00:42:08,380 --> 00:42:05,020
deal all right

978
00:42:11,730 --> 00:42:08,390
nanobots hey did say you had an idea for

979
00:42:14,530 --> 00:42:11,740
movie we could put that you know

980
00:42:17,800 --> 00:42:14,540
production you'll start duck shion's

981
00:42:22,690 --> 00:42:17,810
dude I'm down do we have the most epic

982
00:42:23,290 --> 00:42:22,700
movies it's gonna be like a like a three

983
00:42:27,730 --> 00:42:23,300
hour movie

984
00:42:33,120 --> 00:42:27,740
yeah it's like three and a half it's

985
00:42:35,790 --> 00:42:33,130
like longer the roots yeah love it

986
00:42:38,560 --> 00:42:35,800
alright so what we're talking Oh

987
00:42:43,510 --> 00:42:38,570
nanobots super what do you have on your

988
00:42:45,460 --> 00:42:43,520

notes here uh let's see um filament

989

00:42:47,349 --> 00:42:45,470

portals that's what they were filament

990

00:42:49,599 --> 00:42:47,359

portals how only you have to like kind

991

00:42:52,150 --> 00:42:49,609

of wait to like a filament portal opens

992

00:42:53,380 --> 00:42:52,160

up and how like so this is one thing

993

00:42:54,790 --> 00:42:53,390

that I thought about was you know we're

994

00:42:56,410 --> 00:42:54,800

always talking about the mulch the

995

00:42:58,240 --> 00:42:56,420

propulsion technology and how they were

996

00:43:00,190 --> 00:42:58,250

like being gravity yeah isn't that but

997

00:43:02,560 --> 00:43:00,200

what if they're only using that locally

998

00:43:05,320 --> 00:43:02,570

in within the galaxy like just to move

999

00:43:07,450 --> 00:43:05,330

because these portals go too far so it's

1000

00:43:09,400 --> 00:43:07,460

like we don't need it to go from galaxy

1001
00:43:11,620 --> 00:43:09,410
to galaxy like that should actually take

1002
00:43:13,810 --> 00:43:11,630
it's almost instant right yeah but we're

1003
00:43:16,720 --> 00:43:13,820
using this to go from you know the moon

1004
00:43:19,180 --> 00:43:16,730
to Mars right whoo interesting because

1005
00:43:20,830 --> 00:43:19,190
there's actually like mass in space in

1006
00:43:22,840 --> 00:43:20,840
between the objects that they want to

1007
00:43:24,490 --> 00:43:22,850
get between yeah so they're using well

1008
00:43:28,420 --> 00:43:24,500
he does mention there's like multiple

1009
00:43:31,240 --> 00:43:28,430
different types of portal travel there's

1010
00:43:33,820 --> 00:43:31,250
like the natural one where all the

1011
00:43:34,990 --> 00:43:33,830
planets and galaxies are connected

1012
00:43:37,480 --> 00:43:35,000
through these filaments these wormholes

1013
00:43:41,230 --> 00:43:37,490

you know have energy but then there's

1014

00:43:43,900 --> 00:43:41,240

also like extraterrestrial engineered

1015

00:43:47,200 --> 00:43:43,910

portals yeah they can deal with electron

1016

00:43:48,430 --> 00:43:47,210

links or whatever yeah I mean there's

1017

00:43:49,660 --> 00:43:48,440

like a few different types right that he

1018

00:43:51,819 --> 00:43:49,670

talks today there's a few different

1019

00:43:54,490 --> 00:43:51,829

types but he was saying like like it

1020

00:43:56,020 --> 00:43:54,500

requires a lot of like like planning

1021

00:43:58,210 --> 00:43:56,030

like you have to really like find it out

1022

00:44:00,490 --> 00:43:58,220

yeah yeah make it correctly because well

1023

00:44:02,049 --> 00:44:00,500

cuz like he was like so you can either

1024

00:44:03,250 --> 00:44:02,059

go from like one place to another

1025

00:44:05,200 --> 00:44:03,260

yeah but you kind of have to like wait

1026
00:44:07,480 --> 00:44:05,210
for these portals to like open up right

1027
00:44:09,160 --> 00:44:07,490
yeah I like the right alignment or it's

1028
00:44:11,529 --> 00:44:09,170
kind of like just being on earth and

1029
00:44:13,779 --> 00:44:11,539
flying like you have like places where

1030
00:44:15,430 --> 00:44:13,789
you have to like have a layover and wait

1031
00:44:17,770 --> 00:44:15,440
for the portal to open all right or you

1032
00:44:19,390 --> 00:44:17,780
can go from like spot to spot to get to

1033
00:44:21,690 --> 00:44:19,400
one area or you can go straight there

1034
00:44:23,799 --> 00:44:21,700
just kind of pins on the schedule

1035
00:44:25,420 --> 00:44:23,809
basically what if they have like and

1036
00:44:26,920 --> 00:44:25,430
he's like you know the other galaxies

1037
00:44:28,960 --> 00:44:26,930
and stuff like solar systems they have

1038
00:44:30,700 --> 00:44:28,970

like more than one apparently we only

1039

00:44:32,770 --> 00:44:30,710

have like one or something so he's like

1040

00:44:34,599 --> 00:44:32,780

that's why you get so much traffic in

1041

00:44:36,460 --> 00:44:34,609

our solar system well it's because

1042

00:44:39,520 --> 00:44:36,470

they're trying to jump but you have to

1043

00:44:41,950 --> 00:44:39,530

stop and this is a layover area in the

1044

00:44:44,319 --> 00:44:41,960

galaxy base whoa so that's why there's a

1045

00:44:46,930 --> 00:44:44,329

lot of traffic up there whoa these are

1046

00:44:50,799 --> 00:44:46,940

all waiting uh I just had a thought okay

1047

00:44:54,099 --> 00:44:50,809

so if if somebody is traveling through

1048

00:44:56,710 --> 00:44:54,109

time and they have this onboard system

1049

00:44:58,779 --> 00:44:56,720

that's on their ship you have to think

1050

00:45:00,519 --> 00:44:58,789

about that our solar system including

1051
00:45:02,920 --> 00:45:00,529
our Sun and all the planets are moving

1052
00:45:05,740 --> 00:45:02,930
yeah at a certain rate through space

1053
00:45:08,920 --> 00:45:05,750
like pretty [h__\h] fast uh-huh if you

1054
00:45:10,269 --> 00:45:08,930
stop in once one spot and time travel to

1055
00:45:12,730 --> 00:45:10,279
the future of the past you have to

1056
00:45:16,299 --> 00:45:12,740
predict where the earth is gonna be or

1057
00:45:18,490 --> 00:45:16,309
was in its previous or future trajectory

1058
00:45:19,779 --> 00:45:18,500
does that make sense yeah yeah you'd

1059
00:45:21,670 --> 00:45:19,789
have to you'd have to know that

1060
00:45:23,319 --> 00:45:21,680
calculate that but like I mean there's

1061
00:45:25,960 --> 00:45:23,329
computers that do that right now like

1062
00:45:27,910 --> 00:45:25,970
there's computers that are running the

1063
00:45:30,940 --> 00:45:27,920

whole simulation backwards yeah and they

1064

00:45:32,740 --> 00:45:30,950

can see where everything used to be by

1065

00:45:34,930 --> 00:45:32,750

using you know the current data that we

1066

00:45:36,460 --> 00:45:34,940

have now so there's like that's like

1067

00:45:38,589 --> 00:45:36,470

that that company that I showed you

1068

00:45:40,539 --> 00:45:38,599

where they can you can pick any date you

1069

00:45:42,370 --> 00:45:40,549

want all right and they can make the

1070

00:45:44,049 --> 00:45:42,380

solar system uh-huh you know I'm like a

1071

00:45:45,849 --> 00:45:44,059

necklace or something yeah that's what

1072

00:45:47,980 --> 00:45:45,859

they're doing they're using that you

1073

00:45:49,870 --> 00:45:47,990

know but okay so I can see I can

1074

00:45:52,630 --> 00:45:49,880

understand where how you can calculate

1075

00:45:54,760 --> 00:45:52,640

within our solar system but in relation

1076

00:45:57,450 --> 00:45:54,770

to from our solar system within our

1077

00:45:59,400 --> 00:45:57,460

galaxy that's like Oh death

1078

00:46:01,580 --> 00:45:59,410

yeah you know I mean if you look at a

1079

00:46:05,280 --> 00:46:01,590

diagram of our solar system it's like

1080

00:46:07,110 --> 00:46:05,290

it's not a perfect disc right it's kind

1081

00:46:09,450 --> 00:46:07,120

of like a cone a little bit isn't it

1082

00:46:11,900 --> 00:46:09,460

because we're we're kind of following

1083

00:46:14,130 --> 00:46:11,910

the Sun yeah it's like a like a wave

1084

00:46:16,770 --> 00:46:14,140

it's on waves that's why they say that

1085

00:46:19,110 --> 00:46:16,780

it moves in and out of that like this

1086

00:46:20,820 --> 00:46:19,120

where that where the Milky Way is in the

1087

00:46:22,890 --> 00:46:20,830

center uh-huh yeah like that's why I

1088

00:46:25,530 --> 00:46:22,900

like Society has ups and downs is

1089

00:46:27,750 --> 00:46:25,540

because it rides that way and so we were

1090

00:46:29,850 --> 00:46:27,760

on the downslope and now we're kind of

1091

00:46:32,010 --> 00:46:29,860

back up on that upslope and once you get

1092

00:46:34,560 --> 00:46:32,020

like to the middle of the Milky Way like

1093

00:46:36,900 --> 00:46:34,570

you start being like your consciousness

1094

00:46:38,610 --> 00:46:36,910

just like goes to a whole new level huh

1095

00:46:41,580 --> 00:46:38,620

then when you're at the peak of that

1096

00:46:43,440 --> 00:46:41,590

then you're like breaking boundaries

1097

00:46:45,960 --> 00:46:43,450

down and stuff like that and like really

1098

00:46:48,000 --> 00:46:45,970

like you know it's a lot of forethought

1099

00:46:50,280 --> 00:46:48,010

and like you learn a lot of things like

1100

00:46:51,960 --> 00:46:50,290

the Renaissance era you know like how

1101
00:46:53,520 --> 00:46:51,970
everything changed there was art and

1102
00:46:55,740 --> 00:46:53,530
there was culture and there was music

1103
00:46:58,050 --> 00:46:55,750
and there was all kinds of like creative

1104
00:47:00,630 --> 00:46:58,060
[h__\h] right yeah the Dark Ages were like

1105
00:47:03,660 --> 00:47:00,640
down here and then they came out of that

1106
00:47:06,300 --> 00:47:03,670
with Renaissance right look at all this

1107
00:47:08,520 --> 00:47:06,310
cool stuff science technology like we've

1108
00:47:10,500 --> 00:47:08,530
got all these books now like we were

1109
00:47:13,830 --> 00:47:10,510
creating all this industry and doing all

1110
00:47:15,540 --> 00:47:13,840
this crazy stuff yeah it's got pancakes

1111
00:47:19,730 --> 00:47:15,550
it's got pancakes you got margarine

1112
00:47:23,430 --> 00:47:19,740
margarine margarine margarine

1113
00:47:25,590 --> 00:47:23,440

we're doing everything everything damn

1114

00:47:27,360 --> 00:47:25,600

okay that's cool all right so yeah sorry

1115

00:47:28,590 --> 00:47:27,370

that was just a random thought yeah but

1116

00:47:31,290 --> 00:47:28,600

and I don't know if that's the correct

1117

00:47:33,630 --> 00:47:31,300

answer but I feel like that's pretty

1118

00:47:35,940 --> 00:47:33,640

sounds [h__\h] smart my smell sounded

1119

00:47:38,580 --> 00:47:35,950

good didn't it I liked it a lot yeah but

1120

00:47:40,500 --> 00:47:38,590

I think I can link a couple things

1121

00:47:42,600 --> 00:47:40,510

together and kind of put that together

1122

00:47:44,460 --> 00:47:42,610

on this one assuming happened right

1123

00:47:48,840 --> 00:47:44,470

because that's you know what they talked

1124

00:47:51,090 --> 00:47:48,850

about I love that uh-huh love that so

1125

00:47:53,910 --> 00:47:51,100

what else we got on your notes so you

1126

00:47:55,740 --> 00:47:53,920

know how you were talking about like how

1127

00:47:57,900 --> 00:47:55,750

they were able to communicate because of

1128

00:48:01,260 --> 00:47:57,910

quantum entanglement oh yeah right and

1129

00:48:03,300 --> 00:48:01,270

how it's because you know things can you

1130

00:48:04,950 --> 00:48:03,310

know that they're looking to see like

1131

00:48:06,360 --> 00:48:04,960

the light experiment where they split

1132

00:48:08,190 --> 00:48:06,370

the light into two and they were trying

1133

00:48:10,650 --> 00:48:08,200

to see if light was a wave or a particle

1134

00:48:12,809 --> 00:48:10,660

but they found out it could be both

1135

00:48:15,150 --> 00:48:12,819

it just depends on how you observed it

1136

00:48:17,190 --> 00:48:15,160

at that time yeah right so they're

1137

00:48:17,670 --> 00:48:17,200

saying like all kinds of stuff is that

1138

00:48:20,009 --> 00:48:17,680

way

1139

00:48:21,900 --> 00:48:20,019

and so this quantum entanglement how

1140

00:48:24,210 --> 00:48:21,910

everything is actually entangled and how

1141

00:48:27,120 --> 00:48:24,220

you can make the the molecules like in

1142

00:48:29,279 --> 00:48:27,130

different areas react at the same time

1143

00:48:30,870 --> 00:48:29,289

right yeah and so that's how they're

1144

00:48:33,029 --> 00:48:30,880

able to communicate over if it doesn't

1145

00:48:34,740 --> 00:48:33,039

feel like radio frequency right had

1146

00:48:36,480 --> 00:48:34,750

nothing to do with a try like Bob Lazar

1147

00:48:39,259 --> 00:48:36,490

was saying even that that he doesn't

1148

00:48:42,120 --> 00:48:39,269

know how when he was in area 51

1149

00:48:43,680 --> 00:48:42,130

observing these crafts and they they

1150

00:48:46,140 --> 00:48:43,690

were communicating somehow but he didn't

1151
00:48:48,539 --> 00:48:46,150
know how I mean it totally makes sense

1152
00:48:50,730 --> 00:48:48,549
of what he's saying is I can't remember

1153
00:48:52,769 --> 00:48:50,740
I wrote down what what the communication

1154
00:48:55,589 --> 00:48:52,779
device was called little the quantum

1155
00:48:58,380 --> 00:48:55,599
entanglement thing is totally makes

1156
00:49:01,980 --> 00:48:58,390
sense man yeah like unless Corey Goode

1157
00:49:05,910 --> 00:49:01,990
was a [h__h] physicist or I mean how

1158
00:49:09,509 --> 00:49:05,920
does it just sounds so legit Jimmy yeah

1159
00:49:12,749 --> 00:49:09,519
and it's it's and you know it kind of

1160
00:49:16,680 --> 00:49:12,759
goes to like so the physicist was saying

1161
00:49:18,809 --> 00:49:16,690
how if everything did come from like a

1162
00:49:21,269 --> 00:49:18,819
single source like a single Big Bang or

1163
00:49:24,690 --> 00:49:21,279

whatever how all the molecules would

1164

00:49:27,599 --> 00:49:24,700

have interacted already at one point so

1165

00:49:30,420 --> 00:49:27,609

it doesn't matter where you're at in the

1166

00:49:33,329 --> 00:49:30,430

universe you're already entangled with

1167

00:49:35,880 --> 00:49:33,339

other particles and particles bombard

1168

00:49:38,970 --> 00:49:35,890

you every single day that have had an

1169

00:49:41,309 --> 00:49:38,980

entanglement with something else do in

1170

00:49:45,059 --> 00:49:41,319

the universe no matter what it is so

1171

00:49:48,120 --> 00:49:45,069

everything you actually do does affect

1172

00:49:52,019 --> 00:49:48,130

like something somewhere in in the

1173

00:49:54,210 --> 00:49:52,029

universe whoa that's knots to think

1174

00:49:56,279 --> 00:49:54,220

about yeah so we've already all been

1175

00:50:00,779 --> 00:49:56,289

entangled like one of my leg hairs has

1176

00:50:03,210 --> 00:50:00,789

been a part of a some other physical

1177

00:50:05,220 --> 00:50:03,220

object somewhere across the universe

1178

00:50:06,749 --> 00:50:05,230

yeah for the atoms that are injured

1179

00:50:09,779 --> 00:50:06,759

that's what I mean yeah the atoms with

1180

00:50:11,730 --> 00:50:09,789

it yeah totally that's not Steve yeah

1181

00:50:13,710 --> 00:50:11,740

that's crazy to think about besides how

1182

00:50:16,620 --> 00:50:13,720

everything has like a connection yeah

1183

00:50:19,620 --> 00:50:16,630

right that's not whoa

1184

00:50:22,559 --> 00:50:19,630

so we were talking about I guess with

1185

00:50:24,390 --> 00:50:22,569

episode 9 like all this one uh yeah

1186

00:50:26,760 --> 00:50:24,400

or is it with Chris or is all

1187

00:50:28,859 --> 00:50:26,770

like none like is it just singular I'm

1188

00:50:30,870 --> 00:50:28,869

back to all is one now I think all is

1189

00:50:34,380 --> 00:50:30,880

one after I listened to that podcast I

1190

00:50:36,890 --> 00:50:34,390

really I was like man I think I was just

1191

00:50:39,839 --> 00:50:36,900

in a rebellious moment

1192

00:50:43,109 --> 00:50:39,849

alright so joe said all is always one

1193

00:50:44,789 --> 00:50:43,119

I'm gonna not say that I think this

1194

00:50:46,950 --> 00:50:44,799

quantum entanglement thing makes a lot

1195

00:50:49,799 --> 00:50:46,960

of sense makes is if it does and we have

1196

00:50:50,240 --> 00:50:49,809

interacted already and there's just you

1197

00:50:54,750 --> 00:50:50,250

know

1198

00:50:57,269 --> 00:50:54,760

yeah then yeah all has to be one yeah

1199

00:51:04,140 --> 00:50:57,279

dude we're all from the same [h__h] yeah

1200

00:51:06,660 --> 00:51:04,150

the universe and [h__h] I mean it makes

1201
00:51:07,079 --> 00:51:06,670
its yeah everything's connected I don't

1202
00:51:11,809 --> 00:51:07,089
know man

1203
00:51:14,130 --> 00:51:11,819
I like I like that a lot yeah the the

1204
00:51:15,690 --> 00:51:14,140
quantum entanglement I don't know really

1205
00:51:18,599 --> 00:51:15,700
how it works but there's scientists that

1206
00:51:20,010 --> 00:51:18,609
have done tests to prove that that

1207
00:51:22,859 --> 00:51:20,020
theory works it's it's just been a

1208
00:51:26,010 --> 00:51:22,869
theory up till like very recently but

1209
00:51:28,680 --> 00:51:26,020
yeah they they shot they did some tests

1210
00:51:30,750 --> 00:51:28,690
in space with a quantum entangled

1211
00:51:34,170 --> 00:51:30,760
particle on earth yeah and it was

1212
00:51:35,430 --> 00:51:34,180
reaction reacting the exact same way as

1213
00:51:37,680 --> 00:51:35,440

they were observing it I'm probably

1214

00:51:39,450 --> 00:51:37,690

butchering this a lot but there's a

1215

00:51:41,370 --> 00:51:39,460

there's a study that's been done it like

1216

00:51:43,500 --> 00:51:41,380

really recently that kind of that

1217

00:51:48,900 --> 00:51:43,510

totally proves that didn't the Chinese

1218

00:51:51,269 --> 00:51:48,910

do it I think it was Chinese reported it

1219

00:51:54,000 --> 00:51:51,279

the Chinese are doing some awesome stuff

1220

00:52:00,859 --> 00:51:54,010

lately yeah yes pretty crazy stuff for

1221

00:52:04,620 --> 00:52:00,869

sure for sure dude he also talked about

1222

00:52:06,539 --> 00:52:04,630

the craft how on the outside it would be

1223

00:52:09,299 --> 00:52:06,549

small but then on the inside they're

1224

00:52:12,930 --> 00:52:09,309

huge oh yeah a size of warehouses the

1225

00:52:15,569 --> 00:52:12,940

TARDIS yeah dude that's pretty crazy

1226

00:52:18,900 --> 00:52:15,579

yeah like man what like what kind of uh

1227

00:52:20,519 --> 00:52:18,910

like like what kind of technology is

1228

00:52:22,470 --> 00:52:20,529

that you know like for all these other

1229

00:52:24,930 --> 00:52:22,480

stuff we talked about like they abduct

1230

00:52:26,819 --> 00:52:24,940

them Oh tractor beams uh uh uh you know

1231

00:52:28,799 --> 00:52:26,829

they're flying Oh with propulsion

1232

00:52:31,200 --> 00:52:28,809

technology yeah oh there you can't see

1233

00:52:32,849 --> 00:52:31,210

them oh that's a cloaking devices Reagan

1234

00:52:35,760 --> 00:52:32,859

isms you know like there's something

1235

00:52:37,070 --> 00:52:35,770

that we can explain to all that what the

1236

00:52:38,330 --> 00:52:37,080

hell

1237

00:52:40,340 --> 00:52:38,340

staying where you can walk into

1238

00:52:42,650 --> 00:52:40,350

something tiny and it's the sizeable

1239

00:52:44,830 --> 00:52:42,660

warehouse on the is it bigger on the

1240

00:52:48,290 --> 00:52:44,840

inside or does it shrink you down I

1241

00:52:52,580 --> 00:52:48,300

don't know I don't know but even then

1242

00:52:54,800 --> 00:52:52,590

that's even crazier crazyer that can be

1243

00:52:56,720 --> 00:52:54,810

here and like be tiny tiny and then just

1244

00:52:58,640 --> 00:52:56,730

walk there and I'm just big I wanted

1245

00:53:00,500 --> 00:52:58,650

more details on that ship that he was

1246

00:53:02,210 --> 00:53:00,510

describing this about I'm one of more

1247

00:53:03,860 --> 00:53:02,220

details because I want to know like he

1248

00:53:06,230 --> 00:53:03,870

just kind of glazed over it was like

1249

00:53:09,640 --> 00:53:06,240

yeah yeah so the the subject they were

1250

00:53:13,340 --> 00:53:09,650

talking about is how how Hollywood is

1251
00:53:14,870 --> 00:53:13,350
using movies and TV shows - sometimes

1252
00:53:17,810 --> 00:53:14,880
discredit people that are coming out

1253
00:53:21,950 --> 00:53:17,820
with actual facts and sometimes they're

1254
00:53:23,900 --> 00:53:21,960
using it to slowly disclose yeah stuff

1255
00:53:26,990 --> 00:53:23,910
that's going on get people acclimated to

1256
00:53:29,090 --> 00:53:27,000
that type of imagery exact so when it

1257
00:53:31,880 --> 00:53:29,100
does to get people ready you're not in

1258
00:53:33,560 --> 00:53:31,890
complete shock right yeah and it that

1259
00:53:36,950 --> 00:53:33,570
makes sense to then huh that's that's

1260
00:53:39,080 --> 00:53:36,960
yeah totally yeah there they were

1261
00:53:42,650 --> 00:53:39,090
talking about Stargate sg-1 and our

1262
00:53:44,930 --> 00:53:42,660
recently started watching it and it's

1263
00:53:46,610 --> 00:53:44,940

pretty interesting there I've never I've

1264

00:53:49,190 --> 00:53:46,620

never watched I've seen the movie that's

1265

00:53:51,260 --> 00:53:49,200

one of my favorite movies Stargate I

1266

00:53:53,510 --> 00:53:51,270

think there's other movies I haven't

1267

00:53:55,820 --> 00:53:53,520

seen them but uh the TV shows just

1268

00:53:58,340 --> 00:53:55,830

started watching and the whole thing is

1269

00:54:00,470 --> 00:53:58,350

that they found Atlantis and or no I

1270

00:54:03,500 --> 00:54:00,480

think it's I think I said it wrong it's

1271

00:54:05,840 --> 00:54:03,510

not star J Stargate sg-1 it's just

1272

00:54:06,170 --> 00:54:05,850

Stargate Stargate Atlantis or something

1273

00:54:08,840 --> 00:54:06,180

like that

1274

00:54:12,680 --> 00:54:08,850

I can't remem there's a lot of them yeah

1275

00:54:15,350 --> 00:54:12,690

but it there's a lot of stuff in that

1276

00:54:18,050 --> 00:54:15,360

show that is really similar to stuff

1277

00:54:21,410 --> 00:54:18,060

that Corey Goode and Emory Smith and

1278

00:54:23,390 --> 00:54:21,420

David Wilcock and we even known as David

1279

00:54:25,820 --> 00:54:23,400

Wilcock will call them stargates yeah

1280

00:54:28,310 --> 00:54:25,830

yeah like so what about this the

1281

00:54:30,140 --> 00:54:28,320

Stargate you're describing right yeah it

1282

00:54:32,090 --> 00:54:30,150

makes me stop every now and then in like

1283

00:54:34,460 --> 00:54:32,100

you know my rational part of my brain is

1284

00:54:36,620 --> 00:54:34,470

like okay let's be honest

1285

00:54:39,650 --> 00:54:36,630

what's the possibility that they got all

1286

00:54:41,930 --> 00:54:39,660

these ideas from these shows and then

1287

00:54:44,210 --> 00:54:41,940

they're just it I think people are

1288

00:54:47,510 --> 00:54:44,220

talking about it and like yeah using

1289

00:54:50,390 --> 00:54:47,520

because we're dumb like they or the

1290

00:54:53,839 --> 00:54:50,400

other flip is that where did these

1291

00:54:55,849 --> 00:54:53,849

it shows get these ideas yes exactly the

1292

00:54:57,440 --> 00:54:55,859

people you know that are in Hollywood

1293

00:54:59,870 --> 00:54:57,450

and things like that you know they got a

1294

00:55:02,029 --> 00:54:59,880

lot so um have a lot of power they had a

1295

00:55:04,370 --> 00:55:02,039

lot of pool a lot of money you meet the

1296

00:55:07,250 --> 00:55:04,380

right people you get the right clubs

1297

00:55:09,740 --> 00:55:07,260

mm-hmm you start to learn some [h__\h] you

1298

00:55:12,890 --> 00:55:09,750

know like I guess that's how it goes man

1299

00:55:15,470 --> 00:55:12,900

yeah who knows it's such a chicken or

1300

00:55:18,019 --> 00:55:15,480

the egg kind of like it could be one or

1301

00:55:20,240 --> 00:55:18,029

the other yeah equally in my mind at

1302

00:55:23,900 --> 00:55:20,250

least I mean like apparently like Steven

1303

00:55:26,569 --> 00:55:23,910

Spielberg knew some stuff oh yeah okay I

1304

00:55:28,339 --> 00:55:26,579

mean or he knew people who knew some

1305

00:55:30,319 --> 00:55:28,349

stuff right it's kind of like that it's

1306

00:55:32,450 --> 00:55:30,329

like yeah I'm making this movie I want

1307

00:55:34,130 --> 00:55:32,460

it to be as awesome and accurate as

1308

00:55:35,720 --> 00:55:34,140

possible yeah who do you know and

1309

00:55:37,539 --> 00:55:35,730

they're like I actually know this guy

1310

00:55:40,490 --> 00:55:37,549

who used to work out at los alamos oh

1311

00:55:42,140 --> 00:55:40,500

yeah I can't tell you his name or give

1312

00:55:44,539 --> 00:55:42,150

you his number but I might be able to

1313

00:55:46,819 --> 00:55:44,549

set up a little uh you know tape for you

1314

00:55:49,670 --> 00:55:46,829

do and then he would listen to this tape

1315

00:55:51,980 --> 00:55:49,680

and be like oh ho ho there where there

1316

00:55:53,990 --> 00:55:51,990

where in what Canyon oh my cuz everybody

1317

00:55:55,549 --> 00:55:54,000

nobody knows that I look like what yeah

1318

00:55:59,329 --> 00:55:55,559

then you see this movie and you're like

1319

00:56:02,240 --> 00:55:59,339

oh that's cool you always in Utah huh

1320

00:56:06,529 --> 00:56:02,250

et's kind of cute yeah yeah we're really

1321

00:56:10,700 --> 00:56:06,539

the real thing what would you do if you

1322

00:56:13,250 --> 00:56:10,710

saw a extra-terrestrial that looked like

1323

00:56:14,930 --> 00:56:13,260

that it looked like et that look like

1324

00:56:18,670 --> 00:56:14,940

yeah what would you do because I think

1325

00:56:22,099 --> 00:56:18,680

it's kind of cute I used to be terrified

1326

00:56:27,829 --> 00:56:22,109

with the part where Ian extends his neck

1327

00:56:29,779 --> 00:56:27,839

because she's hilarious but it was weird

1328

00:56:32,329 --> 00:56:29,789

because he never creeped me out while I

1329

00:56:34,160 --> 00:56:32,339

was watching it ET always creeped me out

1330

00:56:36,260 --> 00:56:34,170

like when I be in the shower washing my

1331

00:56:38,150 --> 00:56:36,270

hair and I have my eyes closed and I'm

1332

00:56:40,880 --> 00:56:38,160

like yeah I would have et walked in I'm

1333

00:56:42,710 --> 00:56:40,890

like oh my god I like start getting

1334

00:56:44,390 --> 00:56:42,720

anxiety and like I start panicking and

1335

00:56:46,730 --> 00:56:44,400

like I have to wash this soap out of my

1336

00:56:49,039 --> 00:56:46,740

hair really fast and I'm like who goes

1337

00:56:50,809 --> 00:56:49,049

you're needy like I don't know it was it

1338

00:56:54,079 --> 00:56:50,819

was a weird relationship with the e-team

1339

00:56:55,819 --> 00:56:54,089

loved et I loved the movie right it was

1340

00:56:57,980 --> 00:56:55,829

just like yeah and in strange moments

1341

00:56:59,910 --> 00:56:57,990

like that yeah or like when I turned you

1342

00:57:02,530 --> 00:56:59,920

know my lights off and I was like

1343

00:57:04,330 --> 00:57:02,540

yeah the imagination yeah I don't want

1344

00:57:05,020 --> 00:57:04,340

to see et right now right they would

1345

00:57:07,690 --> 00:57:05,030

just creeped me out

1346

00:57:10,890 --> 00:57:07,700

right yeah do you got I've been just

1347

00:57:13,720 --> 00:57:10,900

kind of riffing off of that I've been I

1348

00:57:14,830 --> 00:57:13,730

know that I know that some of these

1349

00:57:16,660 --> 00:57:14,840

things that we talked about could be

1350

00:57:18,880 --> 00:57:16,670

[h__\h] terrifying like if you could

1351
00:57:21,460 --> 00:57:18,890
walk into your house or you wake up in

1352
00:57:23,230 --> 00:57:21,470
bed and there's an et an alien standing

1353
00:57:24,730 --> 00:57:23,240
in your bedroom like yeah that [h__h]

1354
00:57:26,680 --> 00:57:24,740
freaks me out and ever since we started

1355
00:57:29,410 --> 00:57:26,690
this podcast I kind of every now and

1356
00:57:33,220 --> 00:57:29,420
then I'll help my imagination will [h__h]

1357
00:57:35,980 --> 00:57:33,230
with them and I'll be like do you don't

1358
00:57:37,450 --> 00:57:35,990
think about it and then I'm like part of

1359
00:57:40,180 --> 00:57:37,460
my brains like have a [h__h] and then it

1360
00:57:42,670 --> 00:57:40,190
like gives me an image or like I'm not

1361
00:57:44,980 --> 00:57:42,680
actually seeing it but my imagination I

1362
00:57:47,020 --> 00:57:44,990
imagine it there you can feel it

1363
00:57:47,680 --> 00:57:47,030

happening to you almost like you're just

1364

00:57:49,090 --> 00:57:47,690

thinking about it

1365

00:57:50,350 --> 00:57:49,100

it's almost discipline to where you

1366

00:57:52,480 --> 00:57:50,360

don't want to roll over it's been

1367

00:57:54,670 --> 00:57:52,490

freaking me the [h__h] out lately bro yeah

1368

00:57:56,800 --> 00:57:54,680

like for real it doesn't happen often

1369

00:57:58,980 --> 00:57:56,810

but every now and then every now then

1370

00:58:02,590 --> 00:57:58,990

yeah I'm like the house is really quiet

1371

00:58:04,540 --> 00:58:02,600

it's kind of late at night you know or

1372

00:58:06,100 --> 00:58:04,550

like I'm dog really [h__h] dark in my

1373

00:58:07,780 --> 00:58:06,110

bedroom at night I go here's something

1374

00:58:16,390 --> 00:58:07,790

downstairs and all the dogs would be

1375

00:58:19,150 --> 00:58:16,400

upstairs with me the night damn it yeah

1376

00:58:21,340 --> 00:58:19,160

I'm not prepared right now yeah we

1377

00:58:25,450 --> 00:58:21,350

talked about this on the podcast but did

1378

00:58:27,460 --> 00:58:25,460

you not listen this funny that's

1379

00:58:29,230 --> 00:58:27,470

happening to you too yeah yeah you know

1380

00:58:31,360 --> 00:58:29,240

the imagination definitely like takes

1381

00:58:35,470 --> 00:58:31,370

over sometimes yeah but it's always like

1382

00:58:37,180 --> 00:58:35,480

just like the wife will be asleep uh-huh

1383

00:58:41,080 --> 00:58:37,190

just kind of lay in there same thing

1384

00:58:43,210 --> 00:58:41,090

dude it's just quiet your mind just runs

1385

00:58:46,120 --> 00:58:43,220

away because you really put yourself in

1386

00:58:48,580 --> 00:58:46,130

that scenario of like what if this

1387

00:58:50,950 --> 00:58:48,590

happened right maybe this is very

1388

00:58:53,920 --> 00:58:50,960

possible that it could happen exactly

1389

00:58:56,170 --> 00:58:53,930

like like from our conversations and

1390

00:58:58,600 --> 00:58:56,180

then us like talking talking about other

1391

00:59:00,310 --> 00:58:58,610

people's stories it makes it real more

1392

00:59:02,650 --> 00:59:00,320

real than it used to be really does you

1393

00:59:06,130 --> 00:59:02,660

know it really does because now it's a

1394

00:59:07,840 --> 00:59:06,140

it's a possibility yeah it's it's kind

1395

00:59:10,390 --> 00:59:07,850

of creepy it's definitely kind of creepy

1396

00:59:11,620 --> 00:59:10,400

but I mean you know you then you always

1397

00:59:12,529 --> 00:59:11,630

got to play that other scenario in your

1398

00:59:15,319 --> 00:59:12,539

mind they're like what

1399

00:59:16,909 --> 00:59:15,329

it's a good experience but that freaky

1400

00:59:20,689 --> 00:59:16,919

experience like really takes over

1401
00:59:22,370 --> 00:59:20,699
sometimes yeah yeah for sure yeah man

1402
00:59:28,459 --> 00:59:22,380
I'm glad I'm not the only one actually

1403
00:59:32,120 --> 00:59:28,469
kind of know I'm right there with you

1404
00:59:36,079 --> 00:59:32,130
I'm just I just thinking about different

1405
00:59:38,509 --> 00:59:36,089
things and I thought about UFO Congress

1406
00:59:40,489 --> 00:59:38,519
and how I've really really really worked

1407
00:59:41,809 --> 00:59:40,499
so we're gonna take the podcast stuff we

1408
00:59:43,309 --> 00:59:41,819
don't really want to talk to the

1409
00:59:45,529 --> 00:59:43,319
abductee there I want to find somebody

1410
00:59:47,449 --> 00:59:45,539
that's willing to talk about their

1411
00:59:49,849 --> 00:59:47,459
experience I really really want to talk

1412
00:59:51,049 --> 00:59:49,859
to somebody that I'm in a battle I think

1413
00:59:53,239 --> 00:59:51,059

that's I want that to be our mission

1414

00:59:55,039 --> 00:59:53,249

yeah I don't want to exploit these

1415

00:59:57,559 --> 00:59:55,049

people but I just I really want to hear

1416

00:59:59,569 --> 00:59:57,569

some some stories that are not on the

1417

01:00:01,669 --> 00:59:59,579

History Channel right right I'm the same

1418

01:00:04,249 --> 01:00:01,679

way dude I'm the same way yeah like and

1419

01:00:06,259 --> 01:00:04,259

I would even go so far like even if they

1420

01:00:08,209 --> 01:00:06,269

didn't want us to air the episode oh

1421

01:00:10,429 --> 01:00:08,219

yeah I wouldn't I wouldn't hear it

1422

01:00:12,650 --> 01:00:10,439

sorry guys it's just but to respect

1423

01:00:14,479 --> 01:00:12,660

these people right in like if they

1424

01:00:16,069 --> 01:00:14,489

really did go through like some

1425

01:00:17,630 --> 01:00:16,079

traumatic stuff you know sure sure

1426

01:00:19,969 --> 01:00:17,640

I would understand like if they wouldn't

1427

01:00:22,099 --> 01:00:19,979

want it you know yeah what if what if we

1428

01:00:23,419 --> 01:00:22,109

said hey we really want to tell your

1429

01:00:25,429 --> 01:00:23,429

story won't we won't give it any

1430

01:00:27,499 --> 01:00:25,439

location or your name or anything like

1431

01:00:30,380 --> 01:00:27,509

that yeah that'd be fine too but if they

1432

01:00:32,239 --> 01:00:30,390

were against even doing that I mean I'd

1433

01:00:35,029 --> 01:00:32,249

like to just have it for our records

1434

01:00:36,349 --> 01:00:35,039

yeah for sure but you know there's

1435

01:00:37,909 --> 01:00:36,359

probably people there who want to get

1436

01:00:39,559 --> 01:00:37,919

the story out yeah because they don't

1437

01:00:40,579 --> 01:00:39,569

want to feel like you know they don't

1438

01:00:42,469 --> 01:00:40,589

want people to feel like they're alone

1439

01:00:45,019 --> 01:00:42,479

if it's happened to then right like it's

1440

01:00:47,209 --> 01:00:45,029

almost like a like a like a PSA yeah for

1441

01:00:50,929 --> 01:00:47,219

the people definitely you know I mean a

1442

01:00:53,959 --> 01:00:50,939

platform is a platform if two people are

1443

01:00:55,999 --> 01:00:53,969

listening or 2,000 I feel like it has to

1444

01:00:57,789 --> 01:00:56,009

feel good if you've been through this

1445

01:00:59,569 --> 01:00:57,799

experience to have other people have

1446

01:01:01,249 --> 01:00:59,579

understanding you and having your back

1447

01:01:04,249 --> 01:01:01,259

and like believing you and supporting

1448

01:01:07,489 --> 01:01:04,259

you totally you know totally but yeah

1449

01:01:10,789 --> 01:01:07,499

and I also would love to find somebody

1450

01:01:11,989 --> 01:01:10,799

that claims they can channel yeah just I

1451
01:01:14,509 --> 01:01:11,999
mean I don't want to make fun of these

1452
01:01:16,009 --> 01:01:14,519
people but I just kind of want to see

1453
01:01:17,839 --> 01:01:16,019
what happens I don't know if we meet

1454
01:01:22,279 --> 01:01:17,849
somebody that maybe get somebody to say

1455
01:01:23,820 --> 01:01:22,289
big giant blocks oh dude

1456
01:01:26,480 --> 01:01:23,830
yes

1457
01:01:29,760 --> 01:01:26,490
have to see if we can get him to just

1458
01:01:30,210 --> 01:01:29,770
quick like we have to get a photo with

1459
01:01:32,310 --> 01:01:30,220
that guy

1460
01:01:34,440 --> 01:01:32,320
it's Childress what is his name yeah I

1461
01:01:40,490 --> 01:01:34,450
can't look for it out it's gonna take a

1462
01:01:44,940 --> 01:01:40,500
long long time July 8 blocks yes

1463
01:01:47,820 --> 01:01:44,950

giant blocks gonna see if we can get him

1464

01:01:49,920 --> 01:01:47,830

to say it give me thumbs up yeah yeah

1465

01:01:53,400 --> 01:01:49,930

definitely that'd be awesome that guy

1466

01:01:57,000 --> 01:01:53,410

hey what if we to his talk wore t-shirts

1467

01:01:58,950 --> 01:01:57,010

that say giant blocks autumn dude the

1468

01:02:00,720 --> 01:01:58,960

first to print two of those two let's do

1469

01:02:03,690 --> 01:02:00,730

it yeah one two let's do it

1470

01:02:05,820 --> 01:02:03,700

I'm down I'm down let's do that oh man

1471

01:02:07,320 --> 01:02:05,830

I'm so excited for this Congress hello

1472

01:02:09,330 --> 01:02:07,330

I'm Gideon like a kid right now

1473

01:02:11,970 --> 01:02:09,340

no like yeah it's been a while since

1474

01:02:14,940 --> 01:02:11,980

I've been this excited about seriously

1475

01:02:17,490 --> 01:02:14,950

yeah but yeah I mean yeah if you think

1476

01:02:19,890 --> 01:02:17,500

you know if you think we should get

1477

01:02:21,660 --> 01:02:19,900

there Wednesday and just do that I think

1478

01:02:23,340 --> 01:02:21,670

so I'm cool with that yeah we'll find

1479

01:02:26,100 --> 01:02:23,350

somewhere to sleep I mean yeah I mean

1480

01:02:28,620 --> 01:02:26,110

our hotels starts at Thursday Wednesday

1481

01:02:31,020 --> 01:02:28,630

we get there let's get some food and go

1482

01:02:35,400 --> 01:02:31,030

hang out and see what's going on and

1483

01:02:38,070 --> 01:02:35,410

just mingle cuz I mean Wednesday I'd

1484

01:02:40,170 --> 01:02:38,080

like to get a podcast out regardless so

1485

01:02:41,850 --> 01:02:40,180

total maybe well I'd love to interview

1486

01:02:43,500 --> 01:02:41,860

somebody I think that's what I really

1487

01:02:45,750 --> 01:02:43,510

want to do on Wednesday so maybe let's

1488

01:02:47,340 --> 01:02:45,760

just meet a few people and you know I'm

1489

01:02:49,350 --> 01:02:47,350

sure that they're gonna have some type

1490

01:02:52,160 --> 01:02:49,360

of thing going on or maybe at the hotel

1491

01:02:54,840 --> 01:02:52,170

bar that we're gonna be singing in but

1492

01:02:56,580 --> 01:02:54,850

yeah I think maybe Wednesday let's just

1493

01:02:58,620 --> 01:02:56,590

stay there I mean I was kind of excited

1494

01:03:00,150 --> 01:02:58,630

about going to Sedona yeah but maybe

1495

01:03:02,010 --> 01:03:00,160

that's we'll save it for an odd trip

1496

01:03:03,450 --> 01:03:02,020

yeah they'd be fine yeah I'll be fine

1497

01:03:06,060 --> 01:03:03,460

cuz I mean really it was just gonna be

1498

01:03:09,300 --> 01:03:06,070

the stargazing yeah writing on the UFO

1499

01:03:12,420 --> 01:03:09,310

at night and yeah and like the vortex

1500

01:03:14,010 --> 01:03:12,430

but yeah but there's gonna be like the

1501

01:03:15,690 --> 01:03:14,020

schedule keeps changing like there's

1502

01:03:17,970 --> 01:03:15,700

different people that have been taken

1503

01:03:21,150 --> 01:03:17,980

off edited and stuff okay like now the

1504

01:03:23,580 --> 01:03:21,160

days are like whoa okay okay gotta go

1505

01:03:25,550 --> 01:03:23,590

see what one day is Richard Dolan on

1506

01:03:27,540 --> 01:03:25,560

again Thursday Thursday okay cool

1507

01:03:29,340 --> 01:03:27,550

definitely want to see that guy yeah

1508

01:03:31,560 --> 01:03:29,350

that's gonna be dope dude let's try to

1509

01:03:33,550 --> 01:03:31,570

get some photos with as many people as

1510

01:03:36,790 --> 01:03:33,560

we can put them on the Instagram Oh

1511

01:03:39,040 --> 01:03:36,800

yeah oh I want it I'm gonna document it

1512

01:03:42,190 --> 01:03:39,050

a lot my company I work for is really

1513

01:03:44,530 --> 01:03:42,200

interested and to like hear back from me

1514

01:03:49,510 --> 01:03:44,540

what happens there like they think I'm

1515

01:03:52,420 --> 01:03:49,520

weird for sure yes I have a client and

1516

01:03:55,120 --> 01:03:52,430

he was like I didn't think you'd be here

1517

01:03:58,810 --> 01:03:55,130

I thought you're out chasing UFOs and I

1518

01:04:05,350 --> 01:03:58,820

was like oh no no we're chasing UFOs

1519

01:04:07,960 --> 01:04:05,360

next week yeah yeah everybody's like

1520

01:04:09,970 --> 01:04:07,970

excited for me kind of yeah ways weird

1521

01:04:11,980 --> 01:04:09,980

yeah everybody's super amped up yeah

1522

01:04:13,600 --> 01:04:11,990

everybody's super stoked for me to lose

1523

01:04:16,660 --> 01:04:13,610

me sir can I give you can I give you a

1524

01:04:27,840 --> 01:04:16,670

sticker scuse me scuse me cuz we served

1525

01:04:32,500 --> 01:04:27,850

you sir hey hey hey hey sir Sir hey hey

1526

01:04:35,280 --> 01:04:32,510

you look what oh I want to know if you

1527

01:04:39,310 --> 01:04:35,290

wanted one of us one of my stickers oh

1528

01:04:41,710 --> 01:04:39,320

so like I have this podcast and like I

1529

01:04:47,710 --> 01:04:41,720

don't want I wanted to see if you want

1530

01:05:01,030 --> 01:04:47,720

to be on it so like Richard Dolan's like

1531

01:05:11,220 --> 01:05:01,040

doing his talk kind of muffled I'll be

1532

01:05:19,960 --> 01:05:13,450

okay fine get this man on microphone

1533

01:05:22,180 --> 01:05:19,970

give it to him give to him oh oh I'll

1534

01:05:30,670 --> 01:05:22,190

totally I'll buy beer I got free

1535

01:05:33,340 --> 01:05:30,680

stickers wait you can come to my room oh

1536

01:05:36,070 --> 01:05:33,350

yeah let's let's not do that

1537

01:05:42,970 --> 01:05:36,080

No mmm I don't think that'd go over very

1538

01:05:44,710 --> 01:05:42,980

well yeah what if we get what if we got

1539

01:05:47,700 --> 01:05:44,720

like what if you like made our own

1540

01:05:53,019 --> 01:05:51,160

it was like they said they looked really

1541

01:05:55,059 --> 01:05:53,029

legit but they just said dr. scientists

1542

01:05:56,859 --> 01:05:55,069

I do graphic design I could do that we

1543

01:05:59,249 --> 01:05:56,869

should get dr. scientists badges and

1544

01:06:02,440 --> 01:05:59,259

just make them look super legit [h__\h]

1545

01:06:05,170 --> 01:06:02,450

let's get some lanyards made I could do

1546

01:06:07,450 --> 01:06:05,180

it tomorrow what should they say just

1547

01:06:09,220 --> 01:06:07,460

dr. scientist not an official doctor

1548

01:06:11,710 --> 01:06:09,230

scientist which we could probably get in

1549

01:06:13,749 --> 01:06:11,720

like backstage if we made it look legit

1550

01:06:16,269 --> 01:06:13,759

enough and then print you a faux cross

1551

01:06:17,650 --> 01:06:16,279

on the back okay yeah deal down and then

1552

01:06:22,599 --> 01:06:17,660

put a barcode

1553

01:06:26,019 --> 01:06:22,609

what were the barcode go I would be like

1554

01:06:33,039 --> 01:06:26,029

a stoppers nothing put a marker put an

1555

01:06:34,180 --> 01:06:33,049

LED on it dude oh dude no yeah that'd be

1556

01:06:35,799 --> 01:06:34,190

sweet though all right let's get

1557

01:06:38,410 --> 01:06:35,809

lanyards do our shirts are coming in

1558

01:06:40,660 --> 01:06:38,420

Friday we're gonna be suited up bro I'm

1559

01:06:43,900 --> 01:06:40,670

stoked I'm kind of pissed that I didn't

1560

01:06:45,160 --> 01:06:43,910

get a hat I'm kind of pissed I do that

1561

01:06:47,559 --> 01:06:45,170

because now I'm gonna have two hats

1562

01:06:51,759 --> 01:06:47,569

unless the goddamn thing comes on

1563

01:06:53,499 --> 01:06:51,769

Wednesday well yeah okay wait which

1564

01:06:54,759 --> 01:06:53,509

which color bill did you get so I don't

1565

01:06:56,349 --> 01:06:54,769

get the same one it's black with the

1566

01:07:01,690 --> 01:06:56,359

green underneath I'll just like this one

1567

01:07:02,620 --> 01:07:01,700

okay yeah that area of the Jesus Christ

1568

01:07:05,499 --> 01:07:02,630

I almost did it again

1569

01:07:07,749 --> 01:07:05,509

abduction 51 hat looks dope we haven't

1570

01:07:11,799 --> 01:07:07,759

talked about our sponsors yet yeah I'm

1571

01:07:13,960 --> 01:07:11,809

wearing an abduction 51 hadn't sure

1572

01:07:16,180 --> 01:07:13,970

right now we were doing the Instagram

1573

01:07:18,220 --> 01:07:16,190

stuff and oh yeah I wanted to represent

1574

01:07:21,970 --> 01:07:18,230

yeah it is your stuffs coming in later

1575

01:07:23,620 --> 01:07:21,980

yeah but I already got my own and and I

1576

01:07:27,190 --> 01:07:23,630

dig their clothes yeah they're super dev

1577

01:07:31,120 --> 01:07:27,200

good objection 51 use the code UFO

1578

01:07:38,259 --> 01:07:31,130

garage protectors I don't know why not

1579

01:07:43,630 --> 01:07:38,269

do that very good let's do it again okay

1580

01:07:48,549 --> 01:07:43,640

okay yeah I got their hat why did I

1581

01:07:51,640 --> 01:07:48,559

sound so sad I just started I started

1582

01:07:53,430 --> 01:07:51,650

slurring my words because I'm June and I

1583

01:07:56,019 --> 01:07:53,440

got all self-conscious about it

1584

01:08:04,860 --> 01:07:56,029

let's do he's like tapered off at the

1585

01:08:11,830 --> 01:08:09,730

okay that's just I mean it really wasn't

1586

01:08:15,640 --> 01:08:11,840

like a I thought about commercial that

1587

01:08:17,770 --> 01:08:15,650

wasn't about well okay I'm gonna cut

1588

01:08:22,020 --> 01:08:17,780

that [\h__\h] out there hilarious I gotta

1589

01:08:26,260 --> 01:08:22,030

leave that in okay that's the best

1590

01:08:29,950 --> 01:08:26,270

commercial no no but I mean for real

1591

01:08:31,930 --> 01:08:29,960

though I am I am wearing a the shirt in

1592

01:08:34,420 --> 01:08:31,940

the Hat I'll work the other night so I

1593

01:08:35,590 --> 01:08:34,430

could take a picture people are gonna

1594

01:08:40,870 --> 01:08:35,600

think you don't have any other clothes

1595

01:08:46,540 --> 01:08:40,880

but I do is that all you wear no I have

1596

01:08:48,610 --> 01:08:46,550

another one no I got like two of them

1597

01:08:49,329 --> 01:08:48,620

now and then I have one of our shirts oh

1598

01:08:51,190 --> 01:08:49,339

dude

1599

01:08:53,440 --> 01:08:51,200

read that expert excerpt out of that

1600

01:08:53,890 --> 01:08:53,450

book for the whole yeah yeah yeah on the

1601

01:08:56,500 --> 01:08:53,900

rope

1602

01:08:58,240 --> 01:08:56,510

so abduction 51 has this t-shirt with

1603

01:09:01,300 --> 01:08:58,250

the cow and it's being suspended by a

1604

01:09:03,130 --> 01:09:01,310

rope and was ll really I think there's a

1605

01:09:05,260 --> 01:09:03,140

UFO above it right yeah yeah yeah

1606

01:09:08,260 --> 01:09:05,270

there's a UFO and then it's got a rope

1607

01:09:10,270 --> 01:09:08,270

and it has a cow tied to it but there's

1608

01:09:12,130 --> 01:09:10,280

this story is this really cool book I

1609

01:09:16,840 --> 01:09:12,140

picked up it's called the big book of

1610

01:09:18,849 --> 01:09:16,850

UFO facts figures and truth yeah look

1611

01:09:22,900 --> 01:09:18,859

it's pretty sweet anyways it's got like

1612

01:09:25,060 --> 01:09:22,910

all of the the all the unsolved cases

1613

01:09:27,370 --> 01:09:25,070

that Project Blue Book ever did it's got

1614

01:09:28,960 --> 01:09:27,380

all of these like personal stories and

1615

01:09:31,090 --> 01:09:28,970

things like that it's got all these

1616

01:09:33,370 --> 01:09:31,100

statistics and it's it's pretty

1617

01:09:36,190 --> 01:09:33,380

interesting but anyways Alexander

1618

01:09:37,870 --> 01:09:36,200

Hamilton so there's this little part in

1619

01:09:40,090 --> 01:09:37,880

the book where I thought it was funny

1620

01:09:42,280 --> 01:09:40,100

because it says the craft then rose off

1621

01:09:43,990 --> 01:09:42,290

the ground and Hamilton and others saw

1622

01:09:46,120 --> 01:09:44,000

that the cow was hanging from a rope

1623

01:09:48,070 --> 01:09:46,130

that was dangling from the bottom of the

1624

01:09:48,550 --> 01:09:48,080

craft and they have a shirt just like

1625

01:09:53,320 --> 01:09:48,560

that

1626

01:09:54,820 --> 01:09:53,330

part and I was like any relationship the

1627

01:09:59,590 --> 01:09:54,830

shirt they were like no but that's

1628

01:10:02,080 --> 01:09:59,600

awesome Alexander Hamilton dude yeah

1629

01:10:04,990 --> 01:10:02,090

that's pretty nuts crazy it's pretty

1630

01:10:06,190 --> 01:10:05,000

crazy I can't wait to read that book you

1631

01:10:08,830 --> 01:10:06,200

know it kind of makes me think too

1632

01:10:09,870 --> 01:10:08,840

because it was on for 20 so yeah the

1633

01:10:11,399 --> 01:10:09,880

date don't

1634

01:10:13,290 --> 01:10:11,409

date that they were that they were

1635

01:10:15,180 --> 01:10:13,300

writing that in yeah or wouldn't happen

1636

01:10:17,430 --> 01:10:15,190

yeah so they're [h__h] hot you know

1637

01:10:20,669 --> 01:10:17,440

they were high they all they all smoked

1638

01:10:23,180 --> 01:10:20,679

weed man they all smoke I'm thinkin

1639

01:10:26,160 --> 01:10:23,190

that's maybe why they saw the cow on the

1640

01:10:27,870 --> 01:10:26,170

comedian yeah man

1641

01:10:30,060 --> 01:10:27,880

or maybe because it blew their mind so

1642

01:10:31,800 --> 01:10:30,070

much because there was no rope there

1643

01:10:34,830 --> 01:10:31,810

mine created a rope because it was the

1644

01:10:36,600 --> 01:10:34,840

only way to explain oh snap and thought

1645

01:10:40,680 --> 01:10:36,610

about that oh there you go I just made

1646

01:10:46,169 --> 01:10:40,690

it real damn well yeah King Dec gonna

1647

01:10:47,610 --> 01:10:46,179

sleep tonight yes yes that was pretty

1648

01:10:51,180 --> 01:10:47,620

interesting I'm gonna have to order

1649

01:10:52,830 --> 01:10:51,190

another bar of dr. Squatch oh yeah me

1650

01:10:53,550 --> 01:10:52,840

too because I've put in my [h__h] wrong

1651

01:10:55,740 --> 01:10:53,560

address

1652

01:10:57,510 --> 01:10:55,750

did you die tell you about that yeah was

1653

01:10:58,470 --> 01:10:57,520

here what he did it I tried to change it

1654

01:11:01,169 --> 01:10:58,480

and they said oh it's already been

1655

01:11:04,169 --> 01:11:01,179

shipped so I gotta go to my old condo

1656

01:11:06,270 --> 01:11:04,179

and [h__h] pick it up or just order

1657

01:11:10,439 --> 01:11:06,280

another bar go knock on the door excuse

1658

01:11:12,990 --> 01:11:10,449

me I think you might have some soap that

1659

01:11:14,250 --> 01:11:13,000

belongs to me could you open the door

1660

01:11:18,770 --> 01:11:14,260

please I've been out here for like an

1661

01:11:21,899 --> 01:11:18,780

hour and a half look at 10:30 at night I

1662

01:11:29,280 --> 01:11:21,909

need to take a shower yeah yeah you guys

1663

01:11:30,270 --> 01:11:29,290

have myself yeah dang it alright and

1664

01:11:31,590 --> 01:11:30,280

then just what if they didn't want to

1665

01:11:33,240 --> 01:11:31,600

answer the door because they knew is

1666

01:11:34,410 --> 01:11:33,250

about your soap but they felt bags there

1667

01:11:35,729 --> 01:11:34,420

like they liked it so much they were

1668

01:11:38,160 --> 01:11:35,739

like nobody's ever gonna come get this

1669

01:11:39,930 --> 01:11:38,170

soap so they started using this night

1670

01:11:43,680 --> 01:11:39,940

like you showed up you're like excuse me

1671

01:11:45,570 --> 01:11:43,690

myself but my soap does like dammit no

1672

01:11:46,830 --> 01:11:45,580

honey don't answer the door he's like

1673

01:11:48,479 --> 01:11:46,840

he's gonna know I've been using it I

1674

01:11:49,919 --> 01:11:48,489

smell really good right now then you go

1675

01:11:51,840 --> 01:11:49,929

to the door they're like sorry we don't

1676

01:11:55,140 --> 01:11:51,850

have any so I haven't even said anything

1677

01:11:59,370 --> 01:11:55,150

yet they tell you that they don't have

1678

01:12:02,040 --> 01:11:59,380

it um good evening sir I apologize we do

1679

01:12:05,040 --> 01:12:02,050

not have yourself Shiva no I was here

1680

01:12:09,209 --> 01:12:05,050

about so here your awareness sure this

1681

01:12:11,070 --> 01:12:09,219

has been yeah somebody named Ben I don't

1682

01:12:16,530 --> 01:12:11,080

know maybe I need to get that shirt made

1683

01:12:20,040 --> 01:12:16,540

as well you should get it embroidered

1684

01:12:20,690 --> 01:12:20,050

ooh oh [h__h] that's way better yeah

1685

01:12:23,980 --> 01:12:20,700

that sounds

1686

01:12:26,810 --> 01:12:23,990

some more legit way more legit

1687

01:12:29,570 --> 01:12:26,820

so dr. Squatch calm there's a link on

1688

01:12:31,670 --> 01:12:29,580

our website UFO garage PC calm go down

1689

01:12:34,400 --> 01:12:31,680

on the bottom click the link for dr.

1690

01:12:41,690 --> 01:12:34,410

squatches soap so the best soap in this

1691

01:12:43,850 --> 01:12:41,700

world dude so I've Corey Goode was

1692

01:12:48,880 --> 01:12:43,860

talking about the military groups and

1693

01:12:51,140 --> 01:12:48,890

stuff like in all this and man like

1694

01:12:53,540 --> 01:12:51,150

anytime you think about the military

1695

01:12:54,940 --> 01:12:53,550

right and like you know the secrets and

1696

01:12:57,530 --> 01:12:54,950

like how they know all this stuff

1697

01:12:59,240 --> 01:12:57,540

and are you talking about how like yeah

1698

01:13:00,710 --> 01:12:59,250

these guys have been like read in but

1699

01:13:02,780 --> 01:13:00,720

they like think they've been read into

1700

01:13:04,040 --> 01:13:02,790

the top so like anytime you try to tell

1701

01:13:05,480 --> 01:13:04,050

them some new stuff they're like that's

1702

01:13:06,890 --> 01:13:05,490

that's ridiculous

1703

01:13:08,720 --> 01:13:06,900

you know cuz they think they know it all

1704

01:13:10,880 --> 01:13:08,730

right yeah but really they're like the

1705

01:13:12,050 --> 01:13:10,890

the junior groups and all this like they

1706

01:13:13,580 --> 01:13:12,060

don't know anything

1707

01:13:15,380 --> 01:13:13,590

yeah they only know like a few cool

1708

01:13:17,300 --> 01:13:15,390

things and if you tell them like oh

1709

01:13:18,800 --> 01:13:17,310

there's stuff that it's above your

1710

01:13:29,930 --> 01:13:18,810

clearance level they like want to fight

1711

01:13:33,500 --> 01:13:29,940

you they get mad they say well what do

1712

01:13:35,870 --> 01:13:33,510

you mean above my clearance yes sir this

1713

01:13:38,930 --> 01:13:35,880

is what I have this this starts at the

1714

01:13:42,680 --> 01:13:38,940

thanks of my jacket says I need to know

1715

01:13:48,850 --> 01:13:42,690

if I have the patches like sir where

1716

01:13:52,699 --> 01:13:51,379

how annoying they would like to be part

1717

01:13:54,770 --> 01:13:52,709

of the secret space programming you

1718

01:13:56,629 --> 01:13:54,780

gotta like go do some [h__h] really fast

1719

01:13:58,819 --> 01:13:56,639

and then like you got this like this

1720

01:14:00,109 --> 01:13:58,829

regular military guy he's like where do

1721

01:14:05,750 --> 01:14:00,119

you think you're going and you're like

1722

01:14:09,169 --> 01:14:05,760

ah I gotta go why are you going I can't

1723

01:14:10,939 --> 01:14:09,179

really tell you you know yeah he doesn't

1724

01:14:14,449 --> 01:14:10,949

know that you're way above his pay grade

1725

01:14:16,279 --> 01:14:14,459

or that you've been gone for 20 years I

1726

01:14:18,770 --> 01:14:16,289

just I was thinking about like instead

1727

01:14:20,120 --> 01:14:18,780

of you know like patches and badges like

1728

01:14:21,410 --> 01:14:20,130

if you're in the secret space program

1729

01:14:24,679 --> 01:14:21,420

but you're also in the military you have

1730

01:14:26,839 --> 01:14:24,689

to wear the secret space program like

1731

01:14:44,270 --> 01:14:26,849

emblem but it's just like a hat with a

1732

01:14:46,520 --> 01:14:44,280

slinky on top yeah that means you're

1733

01:14:51,140 --> 01:14:46,530

serious enough for the job exactly so

1734

01:15:05,089 --> 01:14:51,150

that's why you have not funny we can

1735

01:15:07,699 --> 01:15:05,099

never be part of the space some have

1736

01:15:10,040 --> 01:15:07,709

like the rainbow plastic ones some have

1737

01:15:12,290 --> 01:15:10,050

the really big metal ones really you can

1738

01:15:14,569 --> 01:15:12,300

take whatever say he's like as long as

1739

01:15:16,069 --> 01:15:14,579

you have a slinky head like costly

1740

01:15:18,469 --> 01:15:16,079

getting them like in front of your face

1741

01:15:21,199 --> 01:15:18,479

in you I feel like Swisher like it's

1742

01:15:22,250 --> 01:15:21,209

your hair out of your high just imagine

1743

01:15:27,290 --> 01:15:22,260

people have like super serious

1744

01:15:36,859 --> 01:15:27,300

conversation like sorry Mike you've only

1745

01:15:44,719 --> 01:15:36,869

got about two weeks now we have to make

1746

01:15:47,089 --> 01:15:44,729

voter eyes walk by each other it gets

1747

01:15:49,489 --> 01:15:47,099

stuck in their summer hats like yeah you

1748

01:15:51,830 --> 01:15:49,499

spend hours of your day trying to like

1749

01:15:53,949 --> 01:15:51,840

untangle a slinky hat so you can get

1750

01:16:04,120 --> 01:15:53,959

back to work like goddamn it

1751

01:16:08,330 --> 01:16:05,900

sucking bushes

1752

01:16:16,430 --> 01:16:08,340

these stupid things like birds get stuck

1753

01:16:21,370 --> 01:16:16,440

in an trees very terrible the

1754

01:16:25,220 --> 01:16:21,380

international space program you know for

1755

01:16:28,700 --> 01:16:25,230

[h__h] hat with a sleek you know that's

1756

01:16:29,840 --> 01:16:28,710

it hmm okay I guess you'd be funnier

1757

01:16:36,260 --> 01:16:29,850

like if they were like actually in

1758

01:16:39,110 --> 01:16:36,270

military uniform there you go as well

1759

01:16:57,710 --> 01:16:39,120

like out of them they like big burly

1760

01:17:01,940 --> 01:16:59,290

[Music]

1761

01:17:04,790 --> 01:17:01,950

we're losing it man I think they're

1762

01:17:09,710 --> 01:17:04,800

getting to us they're the nanites the

1763

01:17:11,120 --> 01:17:09,720

turn of the nanites are maybe that's why

1764

01:17:13,340 --> 01:17:11,130

we got sick after last week's podcast

1765

01:17:15,620 --> 01:17:13,350

bro I thought about that I was really

1766

01:17:16,850 --> 01:17:15,630

weird that ran through my head yeah

1767

01:17:18,830 --> 01:17:16,860

because we were talking about like a

1768

01:17:20,870 --> 01:17:18,840

magnet that like if you put it too close

1769

01:17:22,460 --> 01:17:20,880

to your body or something how like it

1770

01:17:25,070 --> 01:17:22,470

can make you feel real sick yes like

1771

01:17:27,710 --> 01:17:25,080

what if they were like aiming like super

1772

01:17:29,930 --> 01:17:27,720

magnetized rays at our bodies like from

1773

01:17:31,220 --> 01:17:29,940

a satellite some [h__h] yeah we both got

1774

01:17:33,320 --> 01:17:31,230

sick and they were like I'll teach these

1775

01:17:35,360 --> 01:17:33,330

guys yeah it was such a weird I've never

1776

01:17:37,520 --> 01:17:35,370

been sick like that like my stomach I

1777

01:17:38,900 --> 01:17:37,530

felt like I swallowed and like couple

1778

01:17:40,820 --> 01:17:38,910

golf balls and they were just sitting in

1779

01:17:43,160 --> 01:17:40,830

my stomach I couldn't eat I almost puke

1780

01:17:45,080 --> 01:17:43,170

you said you puked right oh yeah I

1781

01:17:48,470 --> 01:17:45,090

didn't I didn't eat for two days dude I

1782

01:17:51,020 --> 01:17:48,480

drink just drink water and just was in

1783

01:17:53,330 --> 01:17:51,030

the fetal position in bed for like a day

1784

01:17:55,160 --> 01:17:53,340

and a half it was almost painful well I

1785

01:17:56,720 --> 01:17:55,170

guess it was like it started on

1786

01:17:59,690 --> 01:17:56,730

Wednesday night and an all day Thursday

1787

01:18:01,730 --> 01:17:59,700

and then Friday or yeah was it was it

1788

01:18:02,960 --> 01:18:01,740

Friday no it was Thursday so it was

1789

01:18:04,820 --> 01:18:02,970

literally like Wednesday night you

1790

01:18:07,130 --> 01:18:04,830

started feeling bad yeah and Thursday

1791

01:18:09,209 --> 01:18:07,140

you feel terrible all day and then

1792

01:18:11,430 --> 01:18:09,219

Friday I feel great too it better yeah

1793

01:18:13,229 --> 01:18:11,440

and for me it was Thursday morning I

1794

01:18:14,700 --> 01:18:13,239

started feeling terrible and then

1795

01:18:17,220 --> 01:18:14,710

through the night it was like just

1796

01:18:20,040 --> 01:18:17,230

god-awful and then like Friday afternoon

1797

01:18:23,520 --> 01:18:20,050

I was like I kind of feel like a regular

1798

01:18:24,900 --> 01:18:23,530

person right now Yeah right man such

1799

01:18:27,360 --> 01:18:24,910

terrible timing because you had to get

1800

01:18:31,650 --> 01:18:27,370

you were at that concert I wanted to get

1801

01:18:33,360 --> 01:18:31,660

a concert to go to decieve in the middle

1802

01:18:38,040 --> 01:18:33,370

of it I didn't even get to see George

1803

01:18:40,080 --> 01:18:38,050

Clinton but turns out Brown it turns out

1804

01:18:41,670 --> 01:18:40,090

that show lasted till like 1:30 in the

1805

01:18:47,209 --> 01:18:41,680

morning oh my god

1806

01:18:50,040 --> 01:18:47,219

yeah he funk'd super hard so yeah I was

1807

01:18:52,590 --> 01:18:50,050

yeah I was I was pretty bummed I mean

1808

01:18:54,060 --> 01:18:52,600

it's not like like using the same like

1809

01:18:56,130 --> 01:18:54,070

drinking out of the same bottle or can

1810

01:18:58,020 --> 01:18:56,140

or no I mean the most I did was give you

1811

01:19:00,570 --> 01:18:58,030

a high five that was literally like it

1812

01:19:02,250 --> 01:19:00,580

how the [h__\h] did that happen just didn't

1813

01:19:03,420 --> 01:19:02,260

get sick I mean did Amanda get so she

1814

01:19:06,090 --> 01:19:03,430

think it's sick either

1815

01:19:07,709 --> 01:19:06,100

bro it was the weirdest thing yeah I

1816

01:19:08,880 --> 01:19:07,719

don't know what that was all it kind of

1817

01:19:10,709 --> 01:19:08,890

[h__\h] me I have to think about the

1818

01:19:12,600 --> 01:19:10,719

possibility I don't know I mean it's out

1819

01:19:15,990 --> 01:19:12,610

there it's out there I mean we're on a

1820

01:19:17,880 --> 01:19:16,000

UFO podcast we might as well think about

1821

01:19:21,000 --> 01:19:17,890

something weird something weird

1822

01:19:22,709 --> 01:19:21,010

all days weird dude um the only other

1823

01:19:24,420 --> 01:19:22,719

explanation I can come up with is that

1824

01:19:26,189 --> 01:19:24,430

Taco Bell that I had that's why I came

1825

01:19:27,959 --> 01:19:26,199

in with what a burger today and I didn't

1826

01:19:29,820 --> 01:19:27,969

have Taco Bell you didn't have the Taco

1827

01:19:33,560 --> 01:19:29,830

Bell right so it couldn't have been the

1828

01:19:40,939 --> 01:19:37,790

right yeah dude I have no friggin clue I

1829

01:19:42,709 --> 01:19:40,949

was actually like like thinking in my

1830

01:19:44,959 --> 01:19:42,719

head like what if we're sick tomorrow

1831

01:19:46,729 --> 01:19:44,969

hey I thought that before I came over

1832

01:19:49,370 --> 01:19:46,739

here today like like before we got on

1833

01:19:50,990 --> 01:19:49,380

the podcast yeah yeah that would bat

1834

01:19:53,780 --> 01:19:51,000

that would be really [h__h] weird if

1835

01:19:55,520 --> 01:19:53,790

that happened dude yo dictum or Inc me

1836

01:19:57,890 --> 01:19:55,530

yeah maybe we would have to go to my

1837

01:20:00,080 --> 01:19:57,900

house oh [h__h] I know right there you

1838

01:20:01,939 --> 01:20:00,090

know our location man I think gonna be

1839

01:20:08,390 --> 01:20:01,949

like that idiot went down the street 20

1840

01:20:10,700 --> 01:20:08,400

miles followed you Oh God

1841

01:20:11,510 --> 01:20:10,710

yeah dude no I definitely thought about

1842

01:20:14,689 --> 01:20:11,520

that and that's weird

1843

01:20:16,729 --> 01:20:14,699

yeah but probably nothing probably no

1844

01:20:18,290 --> 01:20:16,739

it's yeah yep definitely and so you guys

1845

01:20:19,760 --> 01:20:18,300

don't worry about us out there I mean

1846

01:20:22,040 --> 01:20:19,770

you know if we're not back next

1847

01:20:23,270 --> 01:20:22,050

Wednesday yeah probably yeah well they

1848

01:20:24,740 --> 01:20:23,280

obviously know that we're going to

1849

01:20:25,939 --> 01:20:24,750

Phoenix so oh yeah so we've you know

1850

01:20:27,740 --> 01:20:25,949

given what next Wednesday it's because

1851
01:20:30,229 --> 01:20:27,750
we couldn't find a place to plug in yeah

1852
01:20:34,520 --> 01:20:30,239
or just pray for us that our plane

1853
01:20:37,100 --> 01:20:34,530
doesn't was that too far to forest it's

1854
01:20:38,419 --> 01:20:37,110
too far I think I thought you were gonna

1855
01:20:40,069 --> 01:20:38,429
be like yeah hopefully the airlines

1856
01:20:41,959 --> 01:20:40,079
doesn't lose our back with the equipment

1857
01:20:46,280 --> 01:20:41,969
in it or something we don't get it until

1858
01:20:48,050 --> 01:20:46,290
Saturday yeah yeah you're not saying

1859
01:20:50,990 --> 01:20:48,060
anything that important I mean come on

1860
01:20:51,649 --> 01:20:51,000
yeah yeah all right my mind just goes

1861
01:20:53,780 --> 01:20:51,659
wild sometimes

1862
01:20:56,810 --> 01:20:53,790
and obviously we got it wrong yeah I

1863
01:21:01,339 --> 01:20:56,820

will shoot you let us know yeah I will

1864

01:21:04,209 --> 01:21:01,349

shoot you that's a bummer imagine like

1865

01:21:07,520 --> 01:21:04,219

going on YouTube and like just spreading

1866

01:21:09,859 --> 01:21:07,530

troll all day long

1867

01:21:12,229 --> 01:21:09,869

just being naked just being negative all

1868

01:21:14,209 --> 01:21:12,239

day like that's gotta be so depressing

1869

01:21:17,720 --> 01:21:14,219

yeah all right I won't talk about

1870

01:21:20,300 --> 01:21:17,730

anymore yeah he's probably a nice guy

1871

01:21:23,149 --> 01:21:20,310

he's bright a nice guy all right man

1872

01:21:25,520 --> 01:21:23,159

well I feel like that's weed well do we

1873

01:21:26,899 --> 01:21:25,530

have more of the story you think that's

1874

01:21:28,490 --> 01:21:26,909

a good place to stop I mean that's a

1875

01:21:30,770 --> 01:21:28,500

pretty good part of the story I mean

1876

01:21:35,379 --> 01:21:30,780

other than just the fact that you know

1877

01:21:38,330 --> 01:21:35,389

like we're just now kind of getting the

1878

01:21:41,359 --> 01:21:38,340

the chance to start do this doing this

1879

01:21:43,310 --> 01:21:41,369

like you know travel the universe and

1880

01:21:47,390 --> 01:21:43,320

things like that yeah it's pretty pretty

1881

01:21:50,420 --> 01:21:47,400

wild and just how how many different

1882

01:21:53,450 --> 01:21:50,430

groups of secret space programs like we

1883

01:21:54,920 --> 01:21:53,460

have here on earth yeah and it's just

1884

01:21:57,710 --> 01:21:54,930

the different amount of things that

1885

01:22:00,740 --> 01:21:57,720

they're doing like ones you know just in

1886

01:22:02,600 --> 01:22:00,750

the galaxy hanging out you know one

1887

01:22:05,660 --> 01:22:02,610

stays in one solar system and others

1888

01:22:07,400 --> 01:22:05,670

exploring other solar systems you know

1889

01:22:10,670 --> 01:22:07,410

just all kinds of stuff and and how

1890

01:22:12,710 --> 01:22:10,680

basically like earth is not as rare as

1891

01:22:15,320 --> 01:22:12,720

we think it is yeah it's really

1892

01:22:18,890 --> 01:22:15,330

everywhere and it's not really even the

1893

01:22:21,230 --> 01:22:18,900

issue of how are we gonna get there it's

1894

01:22:23,300 --> 01:22:21,240

the issue of there's already a lot of

1895

01:22:25,700 --> 01:22:23,310

people living there yeah like it's not

1896

01:22:26,990 --> 01:22:25,710

that it's just you know there's another

1897

01:22:29,300 --> 01:22:27,000

earth out there it's that there's

1898

01:22:31,670 --> 01:22:29,310

animals and plants and people right

1899

01:22:33,650 --> 01:22:31,680

already living there right it makes me

1900

01:22:35,090 --> 01:22:33,660

it gives me such a weird feeling just

1901

01:22:38,420 --> 01:22:35,100

knowing all this and just hearing you

1902

01:22:40,130 --> 01:22:38,430

say that it like I have this you know

1903

01:22:42,200 --> 01:22:40,140

that moment when you yawn it's like this

1904

01:22:44,030 --> 01:22:42,210

kind of weird feeling that you get in

1905

01:22:45,380 --> 01:22:44,040

your brain it's like almost relaxing but

1906

01:22:47,390 --> 01:22:45,390

like what's going on what's going on

1907

01:22:48,890 --> 01:22:47,400

it's yeah subtle but I have that feeling

1908

01:22:50,450 --> 01:22:48,900

every time I think about the fact that

1909

01:22:52,820 --> 01:22:50,460

there's this whole it's feels like I'm

1910

01:22:54,980 --> 01:22:52,830

reading a story about another planet but

1911

01:22:57,110 --> 01:22:54,990

I'm reading it about Earth yeah in our

1912

01:22:58,580 --> 01:22:57,120

secret history uh-huh you know it's like

1913

01:23:00,370 --> 01:22:58,590

you're reading the history of another

1914

01:23:03,410 --> 01:23:00,380

planet okay so this happened this time

1915

01:23:04,790 --> 01:23:03,420

you know in the 20s and then you know

1916

01:23:06,980 --> 01:23:04,800

this timeline that we've been talking

1917

01:23:09,170 --> 01:23:06,990

about for the past couple weeks so I

1918

01:23:11,210 --> 01:23:09,180

just feel really kind of like this

1919

01:23:12,860 --> 01:23:11,220

awakening kind of weird feeling when I'm

1920

01:23:13,880 --> 01:23:12,870

reading it in understanding all the

1921

01:23:15,950 --> 01:23:13,890

stuff and hearing other people talk

1922

01:23:18,920 --> 01:23:15,960

about and corroborate it like other

1923

01:23:20,570 --> 01:23:18,930

people talking about the similar similar

1924

01:23:23,330 --> 01:23:20,580

[h__\h] and coming up with the same exact

1925

01:23:26,090 --> 01:23:23,340

fact in details it's it's kind of weird

1926

01:23:28,100 --> 01:23:26,100

to that this is all happening it's all

1927

01:23:30,830 --> 01:23:28,110

coming out now like yeah it's so it's

1928

01:23:34,190 --> 01:23:30,840

it's mind-blowing it's pretty crazy and

1929

01:23:37,070 --> 01:23:34,200

just the fact that you know like how far

1930

01:23:39,830 --> 01:23:37,080

back we are like he kind of related like

1931

01:23:42,680 --> 01:23:39,840

he compared our physics of today which

1932

01:23:45,290 --> 01:23:42,690

is like groundbreaking right he compared

1933

01:23:46,940 --> 01:23:45,300

it to like bloodletting back in the day

1934

01:23:48,640 --> 01:23:46,950

right right how he said you know like

1935

01:23:54,470 --> 01:23:48,650

when people used to have fever like the

1936

01:23:56,720 --> 01:23:54,480

you know the science then was to cut

1937

01:23:58,490 --> 01:23:56,730

open your arm and and let you bleed yeah

1938

01:23:59,560 --> 01:23:58,500

we the one with fever the fever would

1939

01:24:01,660 --> 01:23:59,570

come out you know

1940

01:24:03,700 --> 01:24:01,670

and that's just we know that's

1941

01:24:05,830 --> 01:24:03,710

ridiculous yeah but that's the type of

1942

01:24:06,939 --> 01:24:05,840

that's where we are in our stage of

1943

01:24:08,919 --> 01:24:06,949

physics right now

1944

01:24:12,459 --> 01:24:08,929

all right is that we know that there's

1945

01:24:14,200 --> 01:24:12,469

way more advanced things but just well

1946

01:24:17,049 --> 01:24:14,210

we're being told and what we're being

1947

01:24:18,910 --> 01:24:17,059

taught is it's holding us back like

1948

01:24:23,020 --> 01:24:18,920

we're just so far behind where we

1949

01:24:25,540 --> 01:24:23,030

actually know about right so that's just

1950

01:24:27,459 --> 01:24:25,550

crazy man it's crazy man what a time

1951

01:24:28,899 --> 01:24:27,469

what a time to be alive yeah yeah

1952

01:24:30,939 --> 01:24:28,909

they're like I said the deeper we go

1953

01:24:33,040 --> 01:24:30,949

into this and I hear to recant the

1954

01:24:34,750 --> 01:24:33,050

weirder it gets but the more since it

1955

01:24:38,109 --> 01:24:34,760

kind of starts to make which is the

1956

01:24:40,060 --> 01:24:38,119

weird part is that it gets so weird but

1957

01:24:42,819 --> 01:24:40,070

it starts to make more sense for some

1958

01:24:44,109 --> 01:24:42,829

reason all right yeah you're like it's

1959

01:24:46,060 --> 01:24:44,119

just all these different puzzle pieces

1960

01:24:47,379 --> 01:24:46,070

coming from different directions and

1961

01:24:50,500 --> 01:24:47,389

things that you've heard about in the

1962

01:24:53,439 --> 01:24:50,510

past and you know like even like famous

1963

01:24:55,899 --> 01:24:53,449

stories coming together and everything

1964

01:24:57,640 --> 01:24:55,909

in like Hollywood and kind of tying all

1965

01:25:00,549 --> 01:24:57,650

those those little pieces together I

1966

01:25:02,649 --> 01:25:00,559

mean are like you like the human brain

1967

01:25:05,680 --> 01:25:02,659

is meant to solve puzzles and I guess it

1968

01:25:07,120 --> 01:25:05,690

just feels good to solve puzzles AHA and

1969

01:25:10,259 --> 01:25:07,130

it does feel good right now because

1970

01:25:13,629 --> 01:25:10,269

we've got validity in the news with

1971

01:25:16,450 --> 01:25:13,639

go-fast the videos for to the stars and

1972

01:25:19,330 --> 01:25:16,460

people are starting to accept the fact

1973

01:25:21,759 --> 01:25:19,340

that okay yeah maybe just a little I'll

1974

01:25:24,700 --> 01:25:21,769

dip my toe in there that I'll see that

1975

01:25:26,169 --> 01:25:24,710

I'll watch the video and just forget

1976

01:25:28,060 --> 01:25:26,179

about it maybe a day later but at least

1977

01:25:30,040 --> 01:25:28,070

they saw it like people that have no

1978

01:25:31,029 --> 01:25:30,050

interest in this subject right but the

1979

01:25:34,089 --> 01:25:31,039

fact that it's coming out in the open

1980

01:25:36,459 --> 01:25:34,099

and it just I think it opens up doors

1981

01:25:39,129 --> 01:25:36,469

that I'm just excited about oh yeah me

1982

01:25:41,890 --> 01:25:39,139

too little little doors open up to

1983

01:25:43,390 --> 01:25:41,900

bigger doors down the way and it's crazy

1984

01:25:45,459 --> 01:25:43,400

because like even like since we started

1985

01:25:47,189 --> 01:25:45,469

doing this like I noticed more and more

1986

01:25:49,689 --> 01:25:47,199

people come up to me and they're like

1987

01:25:51,850 --> 01:25:49,699

you know hey what do you think about

1988

01:25:54,370 --> 01:25:51,860

this like you know have you heard about

1989

01:25:57,399 --> 01:25:54,380

this crazy thing going on in space or

1990

01:25:59,549 --> 01:25:57,409

whatever yeah that's kind of cool to

1991

01:26:02,410 --> 01:25:59,559

like actually like have people like

1992

01:26:04,299 --> 01:26:02,420

actively looking for weird things

1993

01:26:06,160 --> 01:26:04,309

yeah then tell me about right you know

1994

01:26:08,500 --> 01:26:06,170

it's like aha so like you're kind of

1995

01:26:11,020 --> 01:26:08,510

paying attention yeah like maybe

1996

01:26:13,060 --> 01:26:11,030

something that's that's offbeat right

1997

01:26:13,360 --> 01:26:13,070

you know I think it's yeah it's fun to

1998

01:26:15,310 --> 01:26:13,370

see

1999

01:26:16,840 --> 01:26:15,320

the people are interested in this

2000

01:26:20,310 --> 01:26:16,850

subject because there's so much

2001

01:26:22,480 --> 01:26:20,320

information and and videos and

2002

01:26:24,640 --> 01:26:22,490

entertainment out there that's just put

2003

01:26:28,330 --> 01:26:24,650

there I think specifically to distract

2004

01:26:31,240 --> 01:26:28,340

us like yeah even sports like footballs

2005

01:26:32,530 --> 01:26:31,250

coming up I guarantee you that something

2006

01:26:33,970 --> 01:26:32,540

politically is about to have I know

2007

01:26:36,070 --> 01:26:33,980

we're coming up on an election year but

2008

01:26:37,690 --> 01:26:36,080

I think something yeah something's gonna

2009

01:26:39,340 --> 01:26:37,700

be pushed under the rug where no one's

2010

01:26:40,930 --> 01:26:39,350

gonna be paying attention

2011

01:26:44,790 --> 01:26:40,940

everybody's gonna be focused on sports

2012

01:26:47,470 --> 01:26:44,800

it's like there's this public you know I

2013

01:26:49,740 --> 01:26:47,480

mean I sound like a crazy conspiracy

2014

01:26:52,090 --> 01:26:49,750

theorist but there's a lot of

2015

01:26:53,830 --> 01:26:52,100

distraction out there but if somebody it

2016

01:26:56,350 --> 01:26:53,840

just makes me feel good that some people

2017

01:26:58,120 --> 01:26:56,360

are actually paying attention to the

2018

01:26:59,830 --> 01:26:58,130

little things and yet totally digging

2019

01:27:01,210 --> 01:26:59,840

more like not just oh I heard something

2020

01:27:02,530 --> 01:27:01,220

weird and then forget about it but oh I

2021

01:27:04,270 --> 01:27:02,540

heard something weird let me learn a

2022

01:27:07,660 --> 01:27:04,280

little bit more about that what do I

2023

01:27:08,590 --> 01:27:07,670

think about that is a lot of people kind

2024

01:27:10,930 --> 01:27:08,600

of are starting to have their own

2025

01:27:13,090 --> 01:27:10,940

opinions yeah granted they do get kind

2026

01:27:15,520 --> 01:27:13,100

of like in this like collective idea of

2027

01:27:18,070 --> 01:27:15,530

like this is my opinion but my group

2028

01:27:20,530 --> 01:27:18,080

also has this entire opinion you know

2029

01:27:22,780 --> 01:27:20,540

but this is my opinion and I kind of

2030

01:27:24,190 --> 01:27:22,790

have a group that has this opinion so I

2031

01:27:25,510 --> 01:27:24,200

like about this is that there's just

2032

01:27:27,490 --> 01:27:25,520

like so many different things you can

2033

01:27:29,640 --> 01:27:27,500

think about that you know it's like

2034

01:27:32,950 --> 01:27:29,650

you're like you are the UFO community

2035

01:27:34,780 --> 01:27:32,960

even though there's like people who

2036

01:27:36,430 --> 01:27:34,790

believe in certain aspects of it it's

2037

01:27:37,870 --> 01:27:36,440

just there's so much to it it's like

2038

01:27:39,940 --> 01:27:37,880

that's that's crazy and everybody's got

2039

01:27:41,620 --> 01:27:39,950

their own little story yeah and there's

2040

01:27:43,000 --> 01:27:41,630

there's a grain a little there's a

2041

01:27:45,640 --> 01:27:43,010

little grain of truth in all that yeah

2042

01:27:47,260 --> 01:27:45,650

you know it's how was the people that

2043

01:27:49,060 --> 01:27:47,270

since we started this podcast same thing

2044

01:27:50,320 --> 01:27:49,070

like little come up to me and I'll be

2045

01:27:51,850 --> 01:27:50,330

out with them haven't seen him in a

2046

01:27:53,590 --> 01:27:51,860

couple months they're like hey dude I'm

2047

01:27:55,090 --> 01:27:53,600

enjoying your podcast hey also I had a

2048

01:27:57,160 --> 01:27:55,100

weird thing happen to me when I was a

2049

01:27:58,870 --> 01:27:57,170

kid like [h__h] like that that's really

2050

01:28:01,120 --> 01:27:58,880

fun to experience yeah it's a lot of

2051

01:28:02,320 --> 01:28:01,130

[h__h] people it's cool like out of it

2052

01:28:03,610 --> 01:28:02,330

really cool yeah I don't know what

2053

01:28:05,170 --> 01:28:03,620

percentage of it is but it's high

2054

01:28:06,970 --> 01:28:05,180

because remember how we talked about

2055

01:28:09,310 --> 01:28:06,980

like I just hate having drab as

2056

01:28:11,440 --> 01:28:09,320

conversation sounds like the exam

2057

01:28:13,720 --> 01:28:11,450

starting to not experience that all of

2058

01:28:15,640 --> 01:28:13,730

yeah we're talking to me about this

2059

01:28:17,080 --> 01:28:15,650

thing that interests me alright like we

2060

01:28:19,450 --> 01:28:17,090

can actually hold the conversation I'll

2061

01:28:21,430 --> 01:28:19,460

talk for a long time now yes I've become

2062

01:28:25,230 --> 01:28:21,440

quite the social butterfly there you go

2063

01:28:28,770 --> 01:28:25,240

dude it's awesome yeah yeah

2064

01:28:32,820 --> 01:28:28,780

it's fun man yeah man what you think man

2065

01:28:35,790 --> 01:28:32,830

a pretty good freakin episode dude

2066

01:28:38,040 --> 01:28:35,800

haven't laughed that hard and really I

2067

01:28:39,720 --> 01:28:38,050

feel like I I mean I know this we were

2068

01:28:40,800 --> 01:28:39,730

saying like maybe part two of Quarry

2069

01:28:43,740 --> 01:28:40,810

good but I feel like there's gonna be

2070

01:28:45,750 --> 01:28:43,750

many parts that we might be able to talk

2071

01:28:48,060 --> 01:28:45,760

about in the future to make yeah next

2072

01:28:50,070 --> 01:28:48,070

next podcast but I'd love to continue

2073

01:28:52,380 --> 01:28:50,080

talking about quarry good and maybe get

2074

01:28:54,570 --> 01:28:52,390

into Emery Smith a little bit yeah

2075

01:28:56,310 --> 01:28:54,580

those are both two dudes off of cosmic

2076

01:28:59,550 --> 01:28:56,320

disclosure for those listening that want

2077

01:29:02,040 --> 01:28:59,560

to check it out it's on Gaia I mean it's

2078

01:29:04,740 --> 01:29:02,050

like 9 bucks a month I watched a bunch

2079

01:29:07,140 --> 01:29:04,750

of them before I even paid 9 bucks so if

2080

01:29:09,240 --> 01:29:07,150

anybody is interested in in hearing from

2081

01:29:11,220 --> 01:29:09,250

these guys firsthand instead of hearing

2082

01:29:12,390 --> 01:29:11,230

it through us I mean check it out or not

2083

01:29:14,130 --> 01:29:12,400

like sponsored by them or anything but

2084

01:29:15,360 --> 01:29:14,140

no it always helps to yeah it's

2085

01:29:18,300 --> 01:29:15,370

interesting it's definitely interesting

2086

01:29:20,730 --> 01:29:18,310

yeah it's cool stuff but yeah I feel

2087

01:29:22,290 --> 01:29:20,740

like we'll continue to be talking about

2088

01:29:25,530 --> 01:29:22,300

maybe we'll do another episode in the

2089

01:29:26,850 --> 01:29:25,540

future about Corey Goode or Emery Smith

2090

01:29:28,980 --> 01:29:26,860

but I definitely want to get in the

2091

01:29:29,430 --> 01:29:28,990

Travis Walton case dude me too yeah me

2092

01:29:31,770 --> 01:29:29,440

too

2093

01:29:33,210 --> 01:29:31,780

yeah yeah because he keeps it keeps

2094

01:29:35,670 --> 01:29:33,220

getting pushed back but that's it that's

2095

01:29:37,710 --> 01:29:35,680

such a cool case yeah definitely want to

2096

01:29:39,420 --> 01:29:37,720

get into that but it's probably well

2097

01:29:41,310 --> 01:29:39,430

we're gonna be in Phoenix so kind of

2098

01:29:43,920 --> 01:29:41,320

whatever comes up yeah I want to do

2099

01:29:47,730 --> 01:29:43,930

interviews yeah do interviews next

2100

01:29:49,110 --> 01:29:47,740

Wednesday and hear stories like while

2101
01:29:51,480 --> 01:29:49,120
we're there though maybe we could bang

2102
01:29:53,040 --> 01:29:51,490
out like a couple podcasts cuz we're

2103
01:29:54,240 --> 01:29:53,050
gonna have stuff to talk about at the

2104
01:29:56,550 --> 01:29:54,250
end of the night yeah we're gonna be

2105
01:29:58,740 --> 01:29:56,560
there yeah let's do one to try to do one

2106
01:30:00,420 --> 01:29:58,750
a day maybe if they're only like 20

2107
01:30:02,030 --> 01:30:00,430
minutes yeah that'd be cool let me just

2108
01:30:03,960 --> 01:30:02,040
kind of recap what we were talking about

2109
01:30:06,030 --> 01:30:03,970
absolutely and I'm like whatever

2110
01:30:07,560 --> 01:30:06,040
whatever you know like talks that we

2111
01:30:09,270 --> 01:30:07,570
attended and we kind of just break it

2112
01:30:11,700 --> 01:30:09,280
down or something yeah love you dope and

2113
01:30:13,350 --> 01:30:11,710

we'll take video and you know take

2114

01:30:15,270 --> 01:30:13,360

pictures and stuff yeah yeah follow us

2115

01:30:18,830 --> 01:30:15,280

on Instagram Facebook you there with us

2116

01:30:23,070 --> 01:30:18,840

yeah yeah it's gonna be awesome

2117

01:30:24,990 --> 01:30:23,080

hey all right well cool man that was a

2118

01:30:27,510 --> 01:30:25,000

good one dude yeah so I guess we'll uh

2119

01:30:30,330 --> 01:30:27,520

hear it hell yeah and we're still gonna

2130

01:30:51,950 --> 01:30:49,050

work on getting that Google phone number

2131

01:30:54,650 --> 01:30:51,960

oh yeah put up well we'll see about that

2132

01:30:56,660 --> 01:30:54,660

and then maybe we set it up like you're

2133

01:30:58,850 --> 01:30:56,670

saying so people can leave messages yeah

2134

01:31:00,590 --> 01:30:58,860

they'd be cool like their stories or

2135

01:31:03,350 --> 01:31:00,600

whatever we just play it that'd be cool

2136

01:31:04,460 --> 01:31:03,360

so can we put them into the podcast like

2137

01:31:06,560 --> 01:31:04,470

if they call during the show

2138

01:31:08,090 --> 01:31:06,570

yeah we could do that too dope yeah yeah

2139

01:31:09,320 --> 01:31:08,100

we should do that too dope maybe that'd

2140

01:31:11,270 --> 01:31:09,330

be a easier way to get people like

2141

01:31:12,560 --> 01:31:11,280

Marleen on and stuff like that yeah sure

2142

01:31:14,300 --> 01:31:12,570

so they can just kind of talk to the

2143

01:31:16,820 --> 01:31:14,310

phone to this yeah I'd love to do that

2144

01:31:18,380 --> 01:31:16,830

be awesome yeah be super awesome awesome

2145

01:31:18,950 --> 01:31:18,390

so yeah we're gonna join good day at set

2146

01:31:22,400 --> 01:31:18,960

up for you guys

2147

01:31:23,600 --> 01:31:22,410

but oh yeah and so the reason we're

2148

01:31:24,800 --> 01:31:23,610

selling all this merch is not only just

2149

01:31:26,510 --> 01:31:24,810

to get our name out there but we're

2150

01:31:28,520 --> 01:31:26,520

trying to save up for some video cameras

2151
01:31:31,040 --> 01:31:28,530
so that we can do our podcast on YouTube

2152
01:31:34,070 --> 01:31:31,050
so go check out our merch if I hat go

2153
01:31:35,990 --> 01:31:34,080
buy a shirt maybe two it's all going

2154
01:31:37,400 --> 01:31:36,000
towards a couple of GoPros we want to

2155
01:31:40,700 --> 01:31:37,410
put in our studio so we can do that

2156
01:31:43,640 --> 01:31:40,710
video video podcast it's gonna be epic

2157
01:31:45,440 --> 01:31:43,650
