00:00:03,770 --> 00:00:00,610

[Music]

2
00:00:05,749 --> 00:00:03,780

this is another episode of UFO brah I'm

3
00:00:08,379 --> 00:00:05,759

Ben and I'm joking this is where we talk

4
00:00:13,580 --> 00:00:08,389

about UFOs aliens and all things we

5
00:00:16,760 --> 00:00:13,590

kooky so I got a call from a friend said

6
00:00:18,230 --> 00:00:16,770

hey check this little segment out on the

7
00:00:19,370 --> 00:00:18,240

news we're gonna roll a clip for you

8
00:00:21,560 --> 00:00:19,380

right now check it out

9
00:00:23,240 --> 00:00:21,570

welcome back time for the fastest 7 that

10
00:00:25,730 --> 00:00:23,250

was such an appropriate intro song

11
00:00:27,950 --> 00:00:25,740

because remember those crazy UFO videos

12
00:00:29,810 --> 00:00:27,960

we showed you the US Navy is confirming

13
00:00:32,150 --> 00:00:29,820

for the first time that footage of three

14

00:00:34,670 --> 00:00:32,160

encounters released in 2017 are in fact

15

00:00:36,350 --> 00:00:34,680

genuine but can't explain or won't

16

00:00:38,780 --> 00:00:36,360

explain what they actually are

17

00:00:41,000 --> 00:00:38,790

the Navy says they're working to fully

18

00:00:42,590 --> 00:00:41,010

investigate them I have to say though

19

00:00:44,119 --> 00:00:42,600

you guys would be remiss if we didn't

20

00:00:46,069 --> 00:00:44,129

point out that now it's unexplained

21

00:00:47,869 --> 00:00:46,079

aerial phenomena that's the appropriate

22

00:00:50,660 --> 00:00:47,879

term for the government who know about

23

00:00:53,270 --> 00:00:50,670

UFOs well you know what Greg's gonna say

24

00:00:55,910 --> 00:00:53,280

don't you what mosquitos no I'm gonna

25

00:01:00,709 --> 00:00:55,920

say that wow you're actually admitting

26

00:01:02,510 --> 00:01:00,719

they can't identify it geez look there's

27

00:01:04,850 --> 00:01:02,520

three actor we haven't had any

28

00:01:06,649 --> 00:01:04,860

communication with aliens and here's why

29

00:01:08,090 --> 00:01:06,659

either one we're too early in the

30

00:01:10,190 --> 00:01:08,100

universe and they're not born yet

31

00:01:11,870 --> 00:01:10,200

number two were the last in the universe

32

00:01:13,700 --> 00:01:11,880

and they're all dead number three

33

00:01:15,649 --> 00:01:13,710

artificial intelligence took over every

34

00:01:17,510 --> 00:01:15,659

planet and now they're just metal orbs

35

00:01:19,550 --> 00:01:17,520

floating in space wait then you tell me

36

00:01:25,310 --> 00:01:19,560

you thought that there was a mosquito or

37

00:01:27,080 --> 00:01:25,320

a fly on the another one I can't

38

00:01:31,069 --> 00:01:27,090

remember we do a lot of these shows one

39

00:01:31,940 --> 00:01:31,079

all right who are you again all right

40

00:01:34,880 --> 00:01:31,950

Greg

41

00:01:38,030 --> 00:01:34,890

you gotta think really you said okay

42

00:01:40,760 --> 00:01:38,040

three options okay first of all you're a

43

00:01:41,870 --> 00:01:40,770

news anchor I want to know your sources

44

00:01:43,219 --> 00:01:41,880

buddy because if you have those two

45

00:01:45,200 --> 00:01:43,229

three options I want to know who you're

46

00:01:47,630 --> 00:01:45,210

talking talking to yeah because yeah

47

00:01:53,569 --> 00:01:47,640

that is some groundbreaking stuff oh wow

48

00:01:55,880 --> 00:01:53,579

wow a mosquito a fly oh you do so many

49

00:01:58,670 --> 00:01:55,890

of these how many of these have you done

50

00:02:01,999 --> 00:01:58,680

really I mean really because because

51
00:02:04,310 --> 00:02:02,009
from from what I am understanding this

52
00:02:05,840 --> 00:02:04,320
news just broke yesterday yeah it's been

53
00:02:09,350 --> 00:02:05,850
all over the place over the navy

54
00:02:10,699 --> 00:02:09,360
confirms that there are UFOs guys I

55
00:02:11,440 --> 00:02:10,709
think we've been talking about this for

56
00:02:13,570 --> 00:02:11,450
a long

57
00:02:16,869 --> 00:02:13,580
long time we've been saying this for a

58
00:02:18,640 --> 00:02:16,879
long time now and they're just now

59
00:02:20,500 --> 00:02:18,650
breaking this news it's kind of blowing

60
00:02:23,140 --> 00:02:20,510
my mind a little bit took me back a

61
00:02:25,030 --> 00:02:23,150
little bit dude like we got the call so

62
00:02:26,589 --> 00:02:25,040
yeah I mean I we've been talking about

63
00:02:28,390 --> 00:02:26,599

this for a couple of months since we

64

00:02:30,040 --> 00:02:28,400

yeah about three or four months since we

65

00:02:31,660 --> 00:02:30,050

started the podcast I mean we've talked

66

00:02:33,490 --> 00:02:31,670

about it on multiple episodes but this

67

00:02:36,190 --> 00:02:33,500

came out in 2017

68

00:02:37,960 --> 00:02:36,200

I mean to the Stars Academy broke this

69

00:02:39,039 --> 00:02:37,970

video and it's been on the Internet like

70

00:02:41,530 --> 00:02:39,049

you're saying like it's been on our

71

00:02:44,350 --> 00:02:41,540

Facebook feed forever

72

00:02:46,420 --> 00:02:44,360

yeah and now now that you know Fox News

73

00:02:49,300 --> 00:02:46,430

is coming out with uh I said Fox News

74

00:02:50,920 --> 00:02:49,310

oops anyway but like dude all the news

75

00:02:52,449 --> 00:02:50,930

outlets are coming out with it though

76

00:02:54,460 --> 00:02:52,459

but all the news don't happen to be this

77

00:02:56,289 --> 00:02:54,470

one they have been reporting on it but I

78

00:02:58,870 --> 00:02:56,299

guess this is some somehow nude that the

79

00:03:02,050 --> 00:02:58,880

Navy is confirmed that these are

80

00:03:04,660 --> 00:03:02,060

unexplained things yeah but dude Greg

81

00:03:07,270 --> 00:03:04,670

come on brah come on bro did there's

82

00:03:12,729 --> 00:03:07,280

three options all right you got three

83

00:03:14,860 --> 00:03:12,739

options I know one of them is that uh we

84

00:03:16,360 --> 00:03:14,870

haven't contacted them yet there's no

85

00:03:18,490 --> 00:03:16,370

there's no gray area there's nothing in

86

00:03:19,990 --> 00:03:18,500

between right is that another one is

87

00:03:21,670 --> 00:03:20,000

that too late

88

00:03:25,720 --> 00:03:21,680

and they've already been here and as

89

00:03:28,930 --> 00:03:25,730

well and also remark and then the third

90

00:03:31,449 --> 00:03:28,940

one is almost laughable one I mean the

91

00:03:33,789 --> 00:03:31,459

whole universe has been taking taken

92

00:03:36,309 --> 00:03:33,799

over by AI and they're just metal orbs

93

00:03:38,500 --> 00:03:36,319

in the skies meso metal balls floating

94

00:03:41,620 --> 00:03:38,510

around space just that phrase they're

95

00:03:44,830 --> 00:03:41,630

just metal orbs in the sky I mean what

96

00:03:47,770 --> 00:03:44,840

even if they were metal orbs in this guy

97

00:03:49,720 --> 00:03:47,780

they're definitely not just metal orbs

98

00:03:52,690 --> 00:03:49,730

in the sky yeah the scoffing in the

99

00:03:56,259 --> 00:03:52,700

background too is really good a lot of

100

00:03:58,330 --> 00:03:56,269

snickering yeah he's gonna stay right

101
00:04:01,240 --> 00:03:58,340
it's a mosquito you know it's good you

102
00:04:08,110 --> 00:04:01,250
know he's gonna stay right and we've

103
00:04:10,150 --> 00:04:08,120
done so many of these how hilarious God

104
00:04:13,870 --> 00:04:10,160
how hilarious dude just when you think

105
00:04:15,430 --> 00:04:13,880
like okay maybe maybe like that's what

106
00:04:17,979 --> 00:04:15,440
you get for relying on the media though

107
00:04:19,420 --> 00:04:17,989
it's like it's like okay you might you

108
00:04:21,279 --> 00:04:19,430
okay we might get some some like

109
00:04:23,260 --> 00:04:21,289
credible information right here we go

110
00:04:25,260 --> 00:04:23,270
that's that's kind of cool and then they

111
00:04:27,480 --> 00:04:25,270
they pull some [h__h] like that but

112
00:04:31,469 --> 00:04:27,490
gonna be masks it's gonna be masked in a

113
00:04:33,360 --> 00:04:31,479

way that's gonna be culturally goofy

114

00:04:35,580 --> 00:04:33,370

yeah like it's just a joke like I know

115

00:04:37,260 --> 00:04:35,590

we goof around but that's in a way

116

00:04:40,860 --> 00:04:37,270

different context we're not making fun

117

00:04:42,659 --> 00:04:40,870

of this we're bluffing along with we're

118

00:04:45,210 --> 00:04:42,669

making light of this situation it's

119

00:04:46,860 --> 00:04:45,220

right right it's completely different if

120

00:04:49,110 --> 00:04:46,870

you listen to this show before if you're

121

00:04:51,240 --> 00:04:49,120

just tuning in we're goofballs but we're

122

00:04:52,469 --> 00:04:51,250

never laughing at this subject we are so

123

00:04:54,180 --> 00:04:52,479

interested in this subject if you've

124

00:04:55,589 --> 00:04:54,190

been listening to the show for a long

125

00:04:58,890 --> 00:04:55,599

time you know exactly what we're talking

126
00:05:01,649 --> 00:04:58,900
about yeah dude I think we actually have

127
00:05:04,770 --> 00:05:01,659
some sources now that would completely

128
00:05:09,089 --> 00:05:04,780
destroy this guy and in his uh there's

129
00:05:11,100 --> 00:05:09,099
only three options we know some people

130
00:05:12,629 --> 00:05:11,110
that would completely disagree with you

131
00:05:15,540 --> 00:05:12,639
and I think if you just took some time

132
00:05:17,430 --> 00:05:15,550
sat down and looked it up you would

133
00:05:20,129 --> 00:05:17,440
probably disagree with yourself as well

134
00:05:20,760 --> 00:05:20,139
if we had Greg on the show he would

135
00:05:22,649 --> 00:05:20,770
change his mind

136
00:05:25,499 --> 00:05:22,659
yeah he really sat down and like took it

137
00:05:26,879 --> 00:05:25,509
like it's alright he if you talk to us

138
00:05:28,860 --> 00:05:26,889

or maybe one of our sources

139

00:05:30,719 --> 00:05:28,870

I completely agree he would he would I

140

00:05:32,730 --> 00:05:30,729

think he would come around absolutely I

141

00:05:34,709 --> 00:05:32,740

mean yeah I don't mean to vilify these

142

00:05:36,029 --> 00:05:34,719

people but this is getting old yeah yeah

143

00:05:38,309 --> 00:05:36,039

it's horseshit dude

144

00:05:42,450 --> 00:05:38,319

complete and total horseshit yeah yeah

145

00:05:45,480 --> 00:05:42,460

like okay so the so it's like what is it

146

00:05:49,559 --> 00:05:45,490

gonna take for for you to believe it I

147

00:05:52,140 --> 00:05:49,569

mean so okay the Navy the Pentagon the

148

00:05:53,760 --> 00:05:52,150

Air Force they've they've all said okay

149

00:05:56,219 --> 00:05:53,770

look this this stuff is real the

150

00:05:59,670 --> 00:05:56,229

Pentagon has released papers dude like

151

00:06:01,589 --> 00:05:59,680

that's like that's that's I mean other

152

00:06:03,149 --> 00:06:01,599

than these like secret programs that are

153

00:06:04,860 --> 00:06:03,159

super compartmentalized I mean that's

154

00:06:07,499 --> 00:06:04,870

that's pretty much the highest you go

155

00:06:10,170 --> 00:06:07,509

right or we just I mean or we just can

156

00:06:12,120 --> 00:06:10,180

just believe Greg that he said aliens

157

00:06:13,980 --> 00:06:12,130

aren't contacting us so we could just

158

00:06:16,379 --> 00:06:13,990

stop there we can just stop and we just

159

00:06:17,760 --> 00:06:16,389

we could just quit the podcast we just

160

00:06:20,459 --> 00:06:17,770

stopped being interested in the subject

161

00:06:21,420 --> 00:06:20,469

or [h__\h] up and go home yeah totally oh

162

00:06:24,870 --> 00:06:21,430

yeah let's do it

163

00:06:27,749 --> 00:06:24,880

no no not at all not at all Greg it's

164

00:06:30,330 --> 00:06:27,759

looking great at all dude Greg it's okay

165

00:06:33,240 --> 00:06:30,340

guys sounds like he buys his clothes all

166

00:06:35,879 --> 00:06:33,250

of his clothes at Macy's all of them

167

00:06:37,230 --> 00:06:35,889

underwear socks all of his suits Greg

168

00:06:38,629 --> 00:06:37,240

seems like a kinda guy that wears

169

00:06:41,640 --> 00:06:38,639

mediums

170

00:06:43,620 --> 00:06:41,650

yeah okay not a knock on Macy's they've

171

00:06:48,330 --> 00:06:43,630

got some quality stuff but you know it's

172

00:06:51,300 --> 00:06:48,340

like some middle-class fancy Greg kind

173

00:06:52,620 --> 00:06:51,310

of it's irritating buddy he's irritating

174

00:06:54,930 --> 00:06:52,630

why would you why would you do that I

175

00:06:57,000 --> 00:06:54,940

mean I mean coming up obviously you

176
00:06:58,440 --> 00:06:57,010
obviously don't know anything about the

177
00:07:00,690 --> 00:06:58,450
subject right Yeah right

178
00:07:03,810 --> 00:07:00,700
I mean we make mistakes all the time but

179
00:07:04,830 --> 00:07:03,820
it we're you know we're trying to learn

180
00:07:06,840 --> 00:07:04,840
about it at least

181
00:07:08,070 --> 00:07:06,850
yes fools is just closed-minded he's

182
00:07:10,830 --> 00:07:08,080
already made up his mind

183
00:07:11,610 --> 00:07:10,840
yeah he's on like a massive like media

184
00:07:13,890 --> 00:07:11,620
outlet

185
00:07:18,870 --> 00:07:13,900
yeah and he's just like oh yeah what a

186
00:07:21,990 --> 00:07:18,880
joke ha mosquitoes there's a fly really

187
00:07:24,690 --> 00:07:22,000
dude a fly on the cockpit of a jet of a

188
00:07:26,700 --> 00:07:24,700

well-trained Air Force Air or Air Force

189

00:07:28,110 --> 00:07:26,710

or Navy pilot that's the it's a

190

00:07:29,219 --> 00:07:28,120

personnel that's meant to protect our

191

00:07:29,670 --> 00:07:29,229

country and you're saying that guys

192

00:07:32,300 --> 00:07:29,680

lying

193

00:07:35,100 --> 00:07:32,310

yeah and the most sophisticated tracking

194

00:07:36,750 --> 00:07:35,110

equipment in the world on this planet

195

00:07:39,750 --> 00:07:36,760

and you're saying that that okay you're

196

00:07:41,040 --> 00:07:39,760

right and that equipment is faulty yeah

197

00:07:44,520 --> 00:07:41,050

that's right that's what he's saying

198

00:07:46,710 --> 00:07:44,530

yeah he said chief petty officers coming

199

00:07:48,090 --> 00:07:46,720

out and saying uh you know I tracked a

200

00:07:50,340 --> 00:07:48,100

hundred of these things coming out of

201
00:07:51,750 --> 00:07:50,350
the sky at one time he's a complete and

202
00:07:54,210 --> 00:07:51,760
total [h__\h] artist huh

203
00:07:57,900 --> 00:07:54,220
is that were you're saying Greg mmm like

204
00:08:00,060 --> 00:07:57,910
yeah you're supposed to yeah yeah so you

205
00:08:02,670 --> 00:08:00,070
basically are completely discrediting

206
00:08:04,469 --> 00:08:02,680
our our military I don't think I think

207
00:08:06,360 --> 00:08:04,479
it's I think he made himself like um I

208
00:08:08,370 --> 00:08:06,370
think I think Greg made an ass of

209
00:08:11,460 --> 00:08:08,380
himself as well alright enough about

210
00:08:12,960 --> 00:08:11,470
Greg I never bout Greg it let's take one

211
00:08:15,060 --> 00:08:12,970
positive thing from this is that it's

212
00:08:20,159 --> 00:08:15,070
being reported on major news outlets and

213
00:08:21,600 --> 00:08:20,169

people like we're getting calls from or

214

00:08:23,520 --> 00:08:21,610

listening that's where they get their

215

00:08:25,379 --> 00:08:23,530

news sources from so at least it's in

216

00:08:27,510 --> 00:08:25,389

these news it's being syndicated through

217

00:08:28,920 --> 00:08:27,520

these major news outlets yeah and it's

218

00:08:30,900 --> 00:08:28,930

being seated in their mind that this is

219

00:08:33,480 --> 00:08:30,910

a real a real thing that's going on yeah

220

00:08:35,610 --> 00:08:33,490

so it is Vuli it's it's bringing

221

00:08:36,990 --> 00:08:35,620

validity to this subject yeah they're

222

00:08:38,670 --> 00:08:37,000

gonna get some facts wrong just like we

223

00:08:41,130 --> 00:08:38,680

did so I mean I think we're both in

224

00:08:42,779 --> 00:08:41,140

agreement on that I mean yeah but it

225

00:08:44,850 --> 00:08:42,789

seems like Greg has an agenda

226

00:08:47,430 --> 00:08:44,860

it really does like Greg Energy an

227

00:08:49,160 --> 00:08:47,440

agenda to completely discredit the whole

228

00:08:52,699 --> 00:08:49,170

thing you know what I'm saying

229

00:08:56,769 --> 00:08:52,709

like hey we was like oh so they finally

230

00:09:00,470 --> 00:08:56,779

confirmed that it's unidentified like

231

00:09:05,960 --> 00:09:00,480

yes yes yeah why you gotta say it like

232

00:09:10,630 --> 00:09:05,970

that yeah oh so they file so let me get

233

00:09:13,730 --> 00:09:10,640

this straight Doug Doug sorry Greg great

234

00:09:15,920 --> 00:09:13,740

sorry Doug sorry Doug Doug Doug hey

235

00:09:17,329 --> 00:09:15,930

we're gonna have Doug Douglas Smythe on

236

00:09:20,780 --> 00:09:17,339

the podcast tonight you guys yeah

237

00:09:22,940 --> 00:09:20,790

Phoenix shaving acceding okay get ready

238

00:09:24,530 --> 00:09:22,950

it's it's sick we gotta we got a pretty

239

00:09:27,139 --> 00:09:24,540

sick conspiracy for you guys tonight

240

00:09:30,290 --> 00:09:27,149

yeah the shaving conspiracy but yeah

241

00:09:32,690 --> 00:09:30,300

sorry back to Greg yeah great

242

00:09:34,670 --> 00:09:32,700

hey Greg let me get this straight the

243

00:09:38,269 --> 00:09:34,680

Navy doesn't know what they're talking

244

00:09:40,910 --> 00:09:38,279

about but you know you know that there's

245

00:09:42,500 --> 00:09:40,920

three possibilities dude why aren't you

246

00:09:45,500 --> 00:09:42,510

working for the Navy bro

247

00:09:47,750 --> 00:09:45,510

you know what he should apply dude Greg

248

00:09:49,670 --> 00:09:47,760

what's losing Greg you should probably

249

00:09:51,920 --> 00:09:49,680

go apply yeah you should work for the

250

00:09:54,319 --> 00:09:51,930

Pentagon dude because you know I mean

251

00:09:58,009 --> 00:09:54,329

you've blown the case open wide open bro

252

00:10:00,500 --> 00:09:58,019

like no use not being here anymore man

253

00:10:02,240 --> 00:10:00,510

like Greg knows Greg knows we should

254

00:10:06,500 --> 00:10:02,250

start a website called Greg knows dude

255

00:10:10,699 --> 00:10:06,510

let's do it yeah let's do it like I mean

256

00:10:11,360 --> 00:10:10,709

quote him exactly as he's that's Greg

257

00:10:13,550 --> 00:10:11,370

you're brilliant

258

00:10:16,819 --> 00:10:13,560

good job Greg he's he's the new

259

00:10:17,530 --> 00:10:16,829

spokesperson for UFO garage podcast with

260

00:10:28,040 --> 00:10:17,540

Greg

261

00:10:33,110 --> 00:10:28,050

garage great podcast yeah all of it with

262

00:10:36,530 --> 00:10:33,120

Drake okay

263

00:10:38,810 --> 00:10:36,540

so Greg so do you wanna do you want to

264

00:10:39,769 --> 00:10:38,820

share I mean that that story you were

265

00:10:41,060 --> 00:10:39,779

telling me cuz I thought that was super

266

00:10:43,340 --> 00:10:41,070

interesting I thought maybe we'd add

267

00:10:44,810 --> 00:10:43,350

that to this podcast you let me get a

268

00:10:45,350 --> 00:10:44,820

little more information on it and then

269

00:10:46,280 --> 00:10:45,360

we'll share it

270

00:10:47,860 --> 00:10:46,290

okay let me get a little more

271

00:10:53,810 --> 00:10:47,870

information right but it's it's

272

00:10:56,870 --> 00:10:53,820

incredibly uh incredibly interesting

273

00:11:00,019 --> 00:10:56,880

interesting Greg Tristan Bissette

274

00:11:01,320 --> 00:11:00,029

incredibly incredible and Greg and Greg

275

00:11:04,320 --> 00:11:01,330

Abel

276

00:11:05,790 --> 00:11:04,330

if you guys get a chance to check out

277

00:11:08,310 --> 00:11:05,800

Erica Mitchell

278

00:11:09,780 --> 00:11:08,320

that's this that's the story that we're

279

00:11:12,540 --> 00:11:09,790

gonna kind of talk about a little bit

280

00:11:14,160 --> 00:11:12,550

later but ya get a chance just go and

281

00:11:17,730 --> 00:11:14,170

look him up on your own cuz

282

00:11:21,660 --> 00:11:17,740

dude his story is awesome I've only

283

00:11:24,180 --> 00:11:21,670

heard his story through a through like

284

00:11:26,430 --> 00:11:24,190

one channel Lauren Fenton yeah so I want

285

00:11:28,319 --> 00:11:26,440

to I want to listen to him speak on this

286

00:11:30,389 --> 00:11:28,329

story through a couple more little

287

00:11:32,940 --> 00:11:30,399

outlets and see what else he's got to

288

00:11:34,710 --> 00:11:32,950

say yeah cuz I'm gonna get like a full

289

00:11:37,019 --> 00:11:34,720

spectrum of the story nice you know what

290

00:11:39,960 --> 00:11:37,029

I'm saying but yeah yeah he's he's got

291

00:11:42,000 --> 00:11:39,970

some cool stuff to say know what uh yeah

292

00:11:45,420 --> 00:11:42,010

bro cool well you you wanna go ahead

293

00:11:47,550 --> 00:11:45,430

just drop drop Doug in real quick yeah

294

00:11:49,290 --> 00:11:47,560

we can drop dog in okay cool for sure by

295

00:11:50,850 --> 00:11:49,300

the way we talked about doing this

296

00:11:52,350 --> 00:11:50,860

little segment and then talking about

297

00:11:55,259 --> 00:11:52,360

your story for a second but do you want

298

00:11:57,930 --> 00:11:55,269

to talk about the oh yeah the video that

299

00:12:01,440 --> 00:11:57,940

was cool okay dude okay on the Facebook

300

00:12:04,019 --> 00:12:01,450

the UFO garage podcast group who

301
00:12:07,880 --> 00:12:04,029
originally posted that maybe it was dan

302
00:12:11,819 --> 00:12:07,890
dan what's up Dan Dan Wow so do you a

303
00:12:13,380 --> 00:12:11,829
Austin awesome post if it's on youtube

304
00:12:15,540 --> 00:12:13,390
if you want to watch it it's called out

305
00:12:18,360 --> 00:12:15,550
Stan it's a really long really long

306
00:12:21,300 --> 00:12:18,370
title but it says outstanding close-up

307
00:12:24,060 --> 00:12:21,310
video of Iranian anti-aircraft artillery

308
00:12:26,819 --> 00:12:24,070
trying to shoot down a UFO September 7th

309
00:12:28,050 --> 00:12:26,829
Jesus that's a long title yeah but if

310
00:12:30,360 --> 00:12:28,060
you want to stay you want to follow

311
00:12:33,569 --> 00:12:30,370
along or just go to the group click on

312
00:12:35,340 --> 00:12:33,579
this video I mean so it's pretty sick it

313
00:12:36,360 --> 00:12:35,350

is so sick so what you're seeing if

314

00:12:39,000 --> 00:12:36,370

you're just listening and you're not

315

00:12:41,400 --> 00:12:39,010

watching the video it's basically this

316

00:12:43,620 --> 00:12:41,410

nighttime video of tracer bullets I mean

317

00:12:46,620 --> 00:12:43,630

thousands of them shooting off and it is

318

00:12:49,410 --> 00:12:46,630

so I just it's it's on the Iranian side

319

00:12:52,380 --> 00:12:49,420

so it's not a military base shooting

320

00:12:55,139 --> 00:12:52,390

it's an Iranian anti-aircraft artillery

321

00:12:57,120 --> 00:12:55,149

yeah so it's the Iranians shooting down

322

00:12:59,880 --> 00:12:57,130

or trying to shoot down this aerial

323

00:13:01,470 --> 00:12:59,890

plane and you can clearly see this plane

324

00:13:02,880 --> 00:13:01,480

and it first it just looks like this

325

00:13:05,310 --> 00:13:02,890

moving white light but when it gets

326

00:13:07,319 --> 00:13:05,320

closer it just does a few passes and it

327

00:13:09,420 --> 00:13:07,329

looks like a trying trying --gel yeah

328

00:13:11,220 --> 00:13:09,430

yeah and it's just dodging and it's

329

00:13:12,800 --> 00:13:11,230

doing like these stair step maneuvers

330

00:13:14,840 --> 00:13:12,810

and nothing's hitting it

331

00:13:17,750 --> 00:13:14,850

yes oh and Dan was saying it looks like

332

00:13:19,640 --> 00:13:17,760

a boomerang yeah like his boomerang yes

333

00:13:26,140 --> 00:13:19,650

somebody said oh must be made in

334

00:13:31,340 --> 00:13:26,150

Australia but it's a tear yes so either

335

00:13:33,710 --> 00:13:31,350

either that's a badass pilot or Iranian

336

00:13:36,170 --> 00:13:33,720

anti-aircraft artillery is really shitty

337

00:13:38,860 --> 00:13:36,180

yeah cuz dude I'll be that's like that's

338

00:13:41,480 --> 00:13:38,870

that's gotta be close to a thousand

339

00:13:43,310 --> 00:13:41,490

rounds that they're firing off just

340

00:13:44,750 --> 00:13:43,320

right there Oh more than that but yeah I

341

00:13:48,470 --> 00:13:44,760

mean well we could see in the frame at

342

00:13:50,810 --> 00:13:48,480

least you know yeah yes a film that was

343

00:13:52,040 --> 00:13:50,820

like yeah maybe it's a tr-3b which I

344

00:13:53,090 --> 00:13:52,050

think a lot of people that are into the

345

00:13:55,370 --> 00:13:53,100

subject know what that is and it's

346

00:13:57,980 --> 00:13:55,380

apparently a military plane called the

347

00:14:00,380 --> 00:13:57,990

tr-3b that's a back-engineered

348

00:14:02,960 --> 00:14:00,390

that's utilizing back-engineered alien

349

00:14:05,300 --> 00:14:02,970

technology that's yes for the harnessing

350

00:14:07,910 --> 00:14:05,310

zero energy yeah yeah for the propulsion

351

00:14:10,100 --> 00:14:07,920

yeah and at first to me it looks like

352

00:14:12,290 --> 00:14:10,110

it's it's really being affected by the

353

00:14:14,300 --> 00:14:12,300

wind and you know like conventional

354

00:14:16,070 --> 00:14:14,310

aircraft have to follow the rules of

355

00:14:17,450 --> 00:14:16,080

gravity and and and the way it moves

356

00:14:19,370 --> 00:14:17,460

through the air so it's definitely like

357

00:14:21,590 --> 00:14:19,380

banking and rolling there's some pitch

358

00:14:23,630 --> 00:14:21,600

going on but there's a few moments like

359

00:14:25,640 --> 00:14:23,640

you pointed out that it kind of dropped

360

00:14:27,410 --> 00:14:25,650

you know I don't know how many feet

361

00:14:28,970 --> 00:14:27,420

maybe a hundred feet and you know a

362

00:14:31,310 --> 00:14:28,980

split second and then it like kind of

363

00:14:32,810 --> 00:14:31,320

did that stair step little maneuver so

364

00:14:34,820 --> 00:14:32,820

it's kind of like a mix between the two

365

00:14:37,910 --> 00:14:34,830

tamiya looks like maybe maybe it can

366

00:14:41,330 --> 00:14:37,920

they can like kind of like you know draw

367

00:14:43,370 --> 00:14:41,340

back the the antigravity energy around

368

00:14:45,380 --> 00:14:43,380

it you know yeah so maybe they can fly

369

00:14:47,510 --> 00:14:45,390

around and do fun things like that yeah

370

00:14:49,700 --> 00:14:47,520

you know but but if they need it they

371

00:14:52,790 --> 00:14:49,710

can kind of amp it up right and they can

372

00:14:54,290 --> 00:14:52,800

just strictly use that right right to me

373

00:14:56,900 --> 00:14:54,300

it looked like so I've been watching a

374

00:14:59,390 --> 00:14:56,910

lot of this YouTube channel called

375

00:15:02,210 --> 00:14:59,400

flight test and they all do RC planes

376

00:15:04,910 --> 00:15:02,220

and it looks like the manoeuvre burden

377

00:15:07,250 --> 00:15:04,920

of maneuverability of an RC plane it's

378

00:15:08,990 --> 00:15:07,260

going that fast but this thing I mean if

379

00:15:12,080 --> 00:15:09,000

you take in the account of how far away

380

00:15:14,300 --> 00:15:12,090

it is in this video it looks huge I mean

381

00:15:15,620 --> 00:15:14,310

it doesn't look like it's pretty big it

382

00:15:18,470 --> 00:15:15,630

looks pretty big and also the whole

383

00:15:21,050 --> 00:15:18,480

thing is glowing glowing white so what

384

00:15:22,370 --> 00:15:21,060

does that I mean I don't know I don't

385

00:15:24,880 --> 00:15:22,380

know I'd have to think that this camera

386

00:15:26,900 --> 00:15:24,890

is not in night-vision it's just regular

387

00:15:28,730 --> 00:15:26,910

you know regular regular

388

00:15:31,760 --> 00:15:28,740

optics because I mean there's no green

389

00:15:33,710 --> 00:15:31,770

hue to it I don't know it's a really

390

00:15:39,290 --> 00:15:33,720

really weird video it looks awesome

391

00:15:41,480 --> 00:15:39,300

though yeah that's uh it's that looks

392

00:15:45,410 --> 00:15:41,490

that looks crazy yeah it's definitely

393

00:15:47,930 --> 00:15:45,420

got a uh I don't know man like we're

394

00:15:49,790 --> 00:15:47,940

watching right now it's just super it's

395

00:15:52,040 --> 00:15:49,800

super bright dude like it's not even

396

00:15:53,870 --> 00:15:52,050

trying to hide itself you know like if

397

00:15:57,260 --> 00:15:53,880

it wanted to we could just completely

398

00:15:58,730 --> 00:15:57,270

like go stealth right I would assume

399

00:16:00,590 --> 00:15:58,740

that like you wouldn't even be able to

400

00:16:03,080 --> 00:16:00,600

see it or just slip off into space it is

401

00:16:06,230 --> 00:16:03,090

yeah or just zip off into space or or

402

00:16:07,850 --> 00:16:06,240

you know if I like you know the UFOs do

403

00:16:09,890 --> 00:16:07,860

but it's almost like this thing is

404

00:16:12,590 --> 00:16:09,900

playing with them yeah it's it just came

405

00:16:19,910 --> 00:16:12,600

down to play around does a few passes

406

00:16:22,310 --> 00:16:19,920

it's like maybe more I'm looking at it

407

00:16:24,410 --> 00:16:22,320

it just looks like an RC plane no no you

408

00:16:26,420 --> 00:16:24,420

know like lit up like they're trying to

409

00:16:28,250 --> 00:16:26,430

do target practice or something at

410

00:16:30,560 --> 00:16:28,260

nighttime that could be it could be it

411

00:16:34,220 --> 00:16:30,570

now it could be it but dude I mean they

412

00:16:38,060 --> 00:16:34,230

suck if that's what it is yes right guys

413

00:16:40,040 --> 00:16:38,070

I mean look at that dude that is so many

414

00:16:42,560 --> 00:16:40,050

rounds that is thousands of rounds it's

415

00:16:44,120 --> 00:16:42,570

and they're not even hitting it so I

416

00:16:46,130 --> 00:16:44,130

mean I wonder I wonder how good that

417

00:16:47,900 --> 00:16:46,140

technology is with smaller objects so

418

00:16:50,270 --> 00:16:47,910

maybe it is really tiny and it's just

419

00:16:53,510 --> 00:16:50,280

those guns aren't aren't meant for that

420

00:16:55,640 --> 00:16:53,520

kind of target I don't know yeah um it's

421

00:16:56,750 --> 00:16:55,650

they may as well shot a shotgun though

422

00:16:58,610 --> 00:16:56,760

you know what I'm saying it's kind of

423

00:17:01,040 --> 00:16:58,620

what what it looks like dude like you

424

00:17:02,840 --> 00:17:01,050

can hit a dove it's tiny yeah use a

425

00:17:05,770 --> 00:17:02,850

shotgun you got a better chance to using

426

00:17:09,020 --> 00:17:05,780

it and they're unloading to it they're

427

00:17:10,550 --> 00:17:09,030

unloading right now it's insane guys go

428

00:17:12,319 --> 00:17:10,560

to the Facebook this is a group page

429

00:17:14,540 --> 00:17:12,329

right go to the other agent and check it

430

00:17:16,790 --> 00:17:14,550

out tell us what you think cuz it's

431

00:17:19,520 --> 00:17:16,800

pretty crazy looking it's pretty crazy

432

00:17:22,550 --> 00:17:19,530

looking right think oh I see yeah Bryce

433

00:17:27,110 --> 00:17:22,560

maybe maybe that's what blew up the the

434

00:17:28,550 --> 00:17:27,120

Saudi oil fields oh I didn't read it I

435

00:17:29,660 --> 00:17:28,560

didn't click on the link but I did see

436

00:17:32,090 --> 00:17:29,670

that well they were saying that like

437

00:17:34,250 --> 00:17:32,100

Iranian drones like came over and blew

438

00:17:35,900 --> 00:17:34,260

up the oil fields and now it's like you

439

00:17:37,580 --> 00:17:35,910

know like now America is like that's an

440

00:17:39,100 --> 00:17:37,590

act of war even though I didn't have

441

00:17:42,250 --> 00:17:39,110

anything to do with us

442

00:17:44,230 --> 00:17:42,260

thanks ah you know everybody's like on

443

00:17:47,409 --> 00:17:44,240

edge like are we gonna go to war again

444

00:17:49,750 --> 00:17:47,419

oh [h__h] I hope not what a stupid idea

445

00:17:53,139 --> 00:17:49,760

but you know it's it's crazy because it

446

00:17:54,940 --> 00:17:53,149

is September September 7th and the

447

00:17:57,310 --> 00:17:54,950

Iranians are shooting at this thing

448

00:17:59,710 --> 00:17:57,320

right like I don't know maybe they're

449

00:18:01,450 --> 00:17:59,720

just trying to start some [h__h] Brad you

450

00:18:07,750 --> 00:18:01,460

trying to start some [h__h] yep

451

00:18:09,430 --> 00:18:07,760

dodge dip duck dive and dodge that's

452

00:18:11,889 --> 00:18:09,440

what it's doing bro that's what it's

453

00:18:14,950 --> 00:18:11,899

doing but yeah it looks pretty crazy

454

00:18:18,129 --> 00:18:14,960

pretty pretty crazy dude what else we

455

00:18:20,680 --> 00:18:18,139

got what else we got on here oh yeah

456

00:18:23,080 --> 00:18:20,690

let's see scroll down a little bit you

457

00:18:25,180 --> 00:18:23,090

know it was a nuke so that uh that's a

458

00:18:27,879 --> 00:18:25,190

pretty crazy movie I've been watching it

459

00:18:29,230 --> 00:18:27,889

it's five hours long yeah I read through

460

00:18:30,850 --> 00:18:29,240

your comment on that that seems like

461

00:18:33,279 --> 00:18:30,860

that's that's I mean I'm definitely down

462

00:18:35,409 --> 00:18:33,289

that to watch it's got I mean it's got

463

00:18:38,200 --> 00:18:35,419

you know just eyewitness accounts in

464

00:18:41,019 --> 00:18:38,210

people who you know we're in charge and

465

00:18:44,799 --> 00:18:41,029

that's young UFO TV yeah TV

466

00:18:46,620 --> 00:18:44,809

UFO TV presents UFOs and and nukes that

467

00:18:49,180 --> 00:18:46,630

that title doesn't really make sense but

468

00:18:50,980 --> 00:18:49,190

UFOs and nukes the secret link revealed

469

00:18:54,870 --> 00:18:50,990

I mean yeah we've all heard those

470

00:18:57,759 --> 00:18:54,880

stories about like UFOs being present

471

00:19:00,100 --> 00:18:57,769

when there's tests going off or you know

472

00:19:02,019 --> 00:19:00,110

around nuclear facilities that hold

473

00:19:04,389 --> 00:19:02,029

these missiles underground or in bases

474

00:19:07,120 --> 00:19:04,399

and there's just always some some

475

00:19:11,200 --> 00:19:07,130

[h__h] around it I mean didn't it was

476

00:19:12,250 --> 00:19:11,210

Rendlesham a nuclear facility or no good

477

00:19:13,930 --> 00:19:12,260

question cuz that's one of the most

478

00:19:16,480 --> 00:19:13,940

famous ones I was hoping that was gonna

479

00:19:18,070 --> 00:19:16,490

be a tie-in there but maybe not yeah I

480

00:19:19,960 --> 00:19:18,080

gotta I mean I gotta I gotta finish

481

00:19:20,620 --> 00:19:19,970

watch I'm almost done yeah okay I'm

482

00:19:23,830 --> 00:19:20,630

almost done

483

00:19:25,690 --> 00:19:23,840

nice it's uh but yeah it's it's long but

484

00:19:27,490 --> 00:19:25,700

it's crazy cuz you know like these

485

00:19:29,019 --> 00:19:27,500

military guys they're like yeah we're

486

00:19:33,159 --> 00:19:29,029

sitting at the base and all of a sudden

487

00:19:35,740 --> 00:19:33,169

all the nukes activate I all activate

488

00:19:38,200 --> 00:19:35,750

and we're freaking out and then they

489

00:19:42,580 --> 00:19:38,210

stop yeah or you know they they launch

490

00:19:44,200 --> 00:19:42,590

something like dummy missiles and and we

491

00:19:46,509 --> 00:19:44,210

just saw like they just all turn off

492

00:19:49,450 --> 00:19:46,519

yeah they turn off like turn into duds

493

00:19:51,279 --> 00:19:49,460

and they fall apart yeah or like you

494

00:19:52,390 --> 00:19:51,289

know it's nuts dude yeah that's pretty

495

00:19:56,920 --> 00:19:52,400

crazy

496

00:20:00,580 --> 00:19:56,930

short video on YouTube I gotta find it

497

00:20:02,670 --> 00:20:00,590

but uh it was it was the Russians it was

498

00:20:04,840 --> 00:20:02,680

all in Russian but there were subtitles

499

00:20:08,200 --> 00:20:04,850

but they were talking about

500

00:20:11,290 --> 00:20:08,210

and there was video of these missiles

501
00:20:12,580 --> 00:20:11,300
going off and UFOs coming up out of the

502
00:20:14,860 --> 00:20:12,590
blue there are little tiny white dots

503
00:20:16,750 --> 00:20:14,870
and they shot down these missiles and

504
00:20:18,490 --> 00:20:16,760
some of them were airplanes yeah have

505
00:20:22,660 --> 00:20:18,500
you seen those videos so I'm just break

506
00:20:28,620 --> 00:20:22,670
know is the little ball that screws oh

507
00:20:37,390 --> 00:20:35,560
see the mic was it away right sorry guys

508
00:20:40,420 --> 00:20:37,400
the Russians

509
00:20:43,570 --> 00:20:40,430
yeah the old Rosalie the Soviets

510
00:20:45,340 --> 00:20:43,580
yes sit Soviets so what was the thing

511
00:20:48,100 --> 00:20:45,350
what was it saying it was I mean it was

512
00:20:50,590 --> 00:20:48,110
kind of talking about how yeah the UFOs

513
00:20:52,900 --> 00:20:50,600

have shot down airplanes and missiles

514

00:20:55,120 --> 00:20:52,910

before here's some proof yeah here's

515

00:20:57,580 --> 00:20:55,130

some video of missiles being exploded by

516

00:20:58,960 --> 00:20:57,590

a tiny little white licensed guy yeah I

517

00:21:00,940 --> 00:20:58,970

thought that was pretty interesting I

518

00:21:03,130 --> 00:21:00,950

don't know if those missiles were manned

519

00:21:06,850 --> 00:21:03,140

or maybe those I think one was an

520

00:21:09,190 --> 00:21:06,860

airplane man and so shot ask this guy

521

00:21:13,260 --> 00:21:09,200

managed huge explosion I don't know I

522

00:21:15,670 --> 00:21:13,270

think it was a Italy Italy had a

523

00:21:19,000 --> 00:21:15,680

helicopter that was flying yeah yeah and

524

00:21:21,760 --> 00:21:19,010

the UFO came up behind it and like shot

525

00:21:24,160 --> 00:21:21,770

a laser beam like the dixit tail yeah

526
00:21:27,130 --> 00:21:24,170
yes awaited though yeah they had to land

527
00:21:30,040 --> 00:21:27,140
yeah but I mean up until that point I've

528
00:21:32,230 --> 00:21:30,050
been thinking like Manny's whoever they

529
00:21:35,350 --> 00:21:32,240
are benevolent or is it benevolent or

530
00:21:39,810 --> 00:21:35,360
malevolent Minette monovalent but now

531
00:21:41,980 --> 00:21:39,820
benevolent dude banana banana love it

532
00:21:45,010 --> 00:21:41,990
the one that means that they're nice

533
00:21:47,110 --> 00:21:45,020
yeah but I mean watching this video I

534
00:21:49,510 --> 00:21:47,120
mean take it for whatever what it is I

535
00:21:53,200 --> 00:21:49,520
mean there's proof of these things just

536
00:21:55,080 --> 00:21:53,210
shooting down Russian airplanes back in

537
00:21:58,210 --> 00:21:55,090
the day the same when I was watching

538
00:21:59,470 --> 00:21:58,220

maybe they were carrying nukes oh maybe

539

00:22:04,770 --> 00:21:59,480

so

540

00:22:07,460 --> 00:22:04,780

of the

541

00:22:10,440 --> 00:22:07,470

craft that was found that this was like

542

00:22:12,480 --> 00:22:10,450

leaked documents and video that were

543

00:22:15,360 --> 00:22:12,490

obtained you know through through

544

00:22:18,030 --> 00:22:15,370

whatever organization of the Russians

545

00:22:20,700 --> 00:22:18,040

back and I think the 70s it was like 72

546

00:22:23,040 --> 00:22:20,710

or something like that and they're

547

00:22:23,460 --> 00:22:23,050

walking it's a bunch of soldiers Russian

548

00:22:26,840 --> 00:22:23,470

shell

549

00:22:28,950 --> 00:22:26,850

Soviet soldiers going out to this

550

00:22:30,660 --> 00:22:28,960

farmland and there's like a line of

551
00:22:32,760 --> 00:22:30,670
trees and there's this big disc that's

552
00:22:34,590 --> 00:22:32,770
in the ground and they're walking all

553
00:22:36,000 --> 00:22:34,600
around it there's two cameras it's

554
00:22:37,260 --> 00:22:36,010
pretty cool I'll try to find it I'll

555
00:22:38,670 --> 00:22:37,270
look through my history so I guess I

556
00:22:40,800 --> 00:22:38,680
could post it on the Facebook speak

557
00:22:41,940 --> 00:22:40,810
other people can watch it Wow but it's

558
00:22:44,610 --> 00:22:41,950
pretty interesting but it's that same

559
00:22:46,820 --> 00:22:44,620
it's that same video that shows oh [\h__\h]

560
00:22:50,040 --> 00:22:46,830
like planes and missiles being shot down

561
00:22:52,860 --> 00:22:50,050
yeah it's pretty crazy dude I mean dude

562
00:22:55,880 --> 00:22:52,870
I don't know man like there's something

563
00:22:58,710 --> 00:22:55,890

kind of weird about it right but but

564

00:23:00,420 --> 00:22:58,720

it's if they've been here this long like

565

00:23:02,220 --> 00:23:00,430

and they're here to destroy us why

566

00:23:04,650 --> 00:23:02,230

haven't they done it already

567

00:23:06,450 --> 00:23:04,660

yeah like but it goes back to the whole

568

00:23:09,120 --> 00:23:06,460

you know yeah there's good ones and

569

00:23:11,550 --> 00:23:09,130

there's bad ones it's just like us you

570

00:23:13,110 --> 00:23:11,560

know yeah some that don't even care it

571

00:23:15,830 --> 00:23:13,120

makes me think that there's some kind of

572

00:23:18,960 --> 00:23:15,840

Galactic Federation that prevents

573

00:23:22,290 --> 00:23:18,970

prevents that the destruction of our our

574

00:23:24,690 --> 00:23:22,300

species and our planet yeah no I know

575

00:23:26,040 --> 00:23:24,700

that sounds out there but dude that's

576

00:23:27,840 --> 00:23:26,050

the only thing I can think there's maybe

577

00:23:29,310 --> 00:23:27,850

there's a political or diplomatic thing

578

00:23:31,590 --> 00:23:29,320

behind it or they're like yeah well

579

00:23:33,510 --> 00:23:31,600

they'll do it themselves no or that yeah

580

00:23:35,370 --> 00:23:33,520

yeah don't worry about it yeah if we

581

00:23:38,160 --> 00:23:35,380

want it we just got to wait they'll kill

582

00:23:40,290 --> 00:23:38,170

themselves off yeah yeah I don't know

583

00:23:42,750 --> 00:23:40,300

man I don't know so so in this same

584

00:23:45,870 --> 00:23:42,760

video man I'm like it's fresh on my mind

585

00:23:48,660 --> 00:23:45,880

cuz I watched it yesterday in the same

586

00:23:57,830 --> 00:23:48,670

video that the voice-over was talking

587

00:24:04,250 --> 00:24:00,780

implication damnit I'm an idiot

588

00:24:08,220 --> 00:24:04,260

implication implications damnit

589

00:24:10,850 --> 00:24:08,230

implementation implementation ilysm bla

590

00:24:15,130 --> 00:24:10,860

that's like a George Bush word yeah

591

00:24:20,039 --> 00:24:15,140

nuclear nuclear there's no

592

00:24:23,500 --> 00:24:20,049

it's footage the implications of a

593

00:24:25,690 --> 00:24:23,510

nuclear bomb going off does span

594

00:24:28,750 --> 00:24:25,700

different dimensions because of the

595

00:24:30,610 --> 00:24:28,760

power that it creates it does affect

596

00:24:31,930 --> 00:24:30,620

different dimensions and that's remember

597

00:24:33,610 --> 00:24:31,940

we talked about this

598

00:24:35,470 --> 00:24:33,620

man I bet something that power for going

599

00:24:37,180 --> 00:24:35,480

off has to send some kind of wave across

600

00:24:38,740 --> 00:24:37,190

the universe or something yeah dude but

601
00:24:41,259 --> 00:24:38,750
it makes more sense that it it

602
00:24:43,630 --> 00:24:41,269
communicates or it disperses some kind

603
00:24:46,419 --> 00:24:43,640
of energy transdimensional II you know I

604
00:24:48,970 --> 00:24:46,429
don't know that and or just like if you

605
00:24:51,730 --> 00:24:48,980
look at again quantum entanglement and

606
00:24:53,630 --> 00:24:51,740
then you set off an atom bomb right of

607
00:25:01,889 --> 00:24:53,640
course how there's atoms in there man

608
00:25:07,779 --> 00:25:05,830
yeah dude no totally totally but uh yeah

609
00:25:11,769 --> 00:25:07,789
me and Dan were chit-chatting about that

610
00:25:14,080 --> 00:25:11,779
about this this movie and yeah yeah I

611
00:25:15,580 --> 00:25:14,090
mean it makes he makes some good points

612
00:25:18,870 --> 00:25:15,590
I mean you know like this stuff about

613
00:25:21,669 --> 00:25:18,880

the drones and things how yeah you know

614

00:25:22,659 --> 00:25:21,679

you could you could trick you know a

615

00:25:25,029 --> 00:25:22,669

society

616

00:25:26,830 --> 00:25:25,039

you know with a simple drone you know

617

00:25:28,289 --> 00:25:26,840

and I totally agree with which might

618

00:25:30,250 --> 00:25:28,299

Hillary which might have been the

619

00:25:33,220 --> 00:25:30,260

explanation of the video we just watched

620

00:25:36,549 --> 00:25:33,230

yeah very well could be very well could

621

00:25:38,799 --> 00:25:36,559

be but yeah he doesn't so much believe

622

00:25:40,659 --> 00:25:38,809

in the in the von braun thing or von

623

00:25:43,450 --> 00:25:40,669

braun was saying what was he saying uh

624

00:25:46,960 --> 00:25:43,460

so so basically von Braun says that

625

00:25:49,750 --> 00:25:46,970

there's gonna be the the enemies of the

626
00:25:52,450 --> 00:25:49,760
laws right one is gonna be the Russians

627
00:25:54,039 --> 00:25:52,460
right two is gonna be the terrorists you

628
00:25:56,710 --> 00:25:54,049
know three is gonna be the third world

629
00:25:59,080 --> 00:25:56,720
like nutjobs basically okay then we're

630
00:26:02,019 --> 00:25:59,090
gonna move on to asteroids and then the

631
00:26:04,090 --> 00:26:02,029
final phase of all this for the final

632
00:26:06,100 --> 00:26:04,100
takeover is gonna be like a false alien

633
00:26:08,320 --> 00:26:06,110
invasion what what's what phase do you

634
00:26:10,720 --> 00:26:08,330
think if that's true what phase do you

635
00:26:12,159 --> 00:26:10,730
believe well we have the Cold War so the

636
00:26:14,680 --> 00:26:12,169
Russians are done with okay just

637
00:26:16,750 --> 00:26:14,690
finished we're still fighting terrorism

638
00:26:18,490 --> 00:26:16,760

right right the third world crazies I

639

00:26:19,990 --> 00:26:18,500

mean you got those all over the place

640

00:26:22,899 --> 00:26:20,000

you're looking at like Somalia and these

641

00:26:24,310 --> 00:26:22,909

you know like these super like you know

642

00:26:25,410 --> 00:26:24,320

poor countries that I talked about the

643

00:26:28,770 --> 00:26:25,420

people that make line

644

00:26:30,810 --> 00:26:28,780

[h__\h] no no not at all you know they have

645

00:26:33,630 --> 00:26:30,820

like their own like special regimes and

646

00:26:35,070 --> 00:26:33,640

you know they're you know it there's

647

00:26:37,320 --> 00:26:35,080

places in the world dude where money

648

00:26:39,330 --> 00:26:37,330

doesn't isn't worth anything anymore you

649

00:26:41,850 --> 00:26:39,340

know like there's just these crazy like

650

00:26:44,370 --> 00:26:41,860

you know there are world leaders that

651
00:26:48,780 --> 00:26:44,380
that are like you know genocide

652
00:26:51,000 --> 00:26:48,790
you know like other people and and yeah

653
00:26:54,090 --> 00:26:51,010
that's I mean that's going on right and

654
00:26:57,270 --> 00:26:54,100
now we're up to asteroids so this I've I

655
00:27:00,050 --> 00:26:57,280
remember I remember there only being

656
00:27:01,890 --> 00:27:00,060
three why I wonder why there's five now

657
00:27:04,380 --> 00:27:01,900
for some reason I thought there was

658
00:27:05,700 --> 00:27:04,390
three yeah no there's no there's always

659
00:27:07,920 --> 00:27:05,710
been fine yeah I think so

660
00:27:10,770 --> 00:27:07,930
okay I think so I thought it was just

661
00:27:12,870 --> 00:27:10,780
Russians terrorists and then it skipped

662
00:27:16,560 --> 00:27:12,880
all the way to alien invasion yeah no I

663
00:27:18,000 --> 00:27:16,570

think I think it's it's always been from

664

00:27:20,340 --> 00:27:18,010

from what I've read I've always I've

665

00:27:22,020 --> 00:27:20,350

always heard the the other two okay cool

666

00:27:25,260 --> 00:27:22,030

yeah I've always heard the other two as

667

00:27:29,010 --> 00:27:25,270

well okay but yeah dude so we're two

668

00:27:32,580 --> 00:27:29,020

asteroids now damn it happens very very

669

00:27:34,610 --> 00:27:32,590

often uh you see it in like science news

670

00:27:37,080 --> 00:27:34,620

and NASA and things like that

671

00:27:40,260 --> 00:27:37,090

they're like oh we narrowly miss can i

672

00:27:42,960 --> 00:27:40,270

no escape the another meteor impact yeah

673

00:27:45,450 --> 00:27:42,970

like i guess before we left the phoenix

674

00:27:49,650 --> 00:27:45,460

was a big ass one that like hit uh

675

00:27:51,480 --> 00:27:49,660

hidden like near like the that like the

676
00:27:53,820 --> 00:27:51,490
virgin islands no really giant when they

677
00:27:55,110 --> 00:27:53,830
hit out in the ocean apparently so like

678
00:27:58,500 --> 00:27:55,120
I mean Oh mwah mwah

679
00:28:00,570 --> 00:27:58,510
right like that thing just Cius there's

680
00:28:02,430 --> 00:28:00,580
a new one though - that's that's coming

681
00:28:04,140 --> 00:28:02,440
from outside of our solar system yeah

682
00:28:06,750 --> 00:28:04,150
yeah tracking and they're like yeah

683
00:28:08,280 --> 00:28:06,760
awesome we caught it in there look I

684
00:28:11,310 --> 00:28:08,290
mean it's like a comment there's there's

685
00:28:12,960 --> 00:28:11,320
a ice coming out from it and which is

686
00:28:14,160 --> 00:28:12,970
pretty interesting yeah I'm stoked to

687
00:28:16,290 --> 00:28:14,170
see what happens with that

688
00:28:18,870 --> 00:28:16,300

last year there was like two of them

689

00:28:21,030 --> 00:28:18,880

that came in through like the keyhole or

690

00:28:24,600 --> 00:28:21,040

whatever which is in between the Earth

691

00:28:26,940 --> 00:28:24,610

and the moon well on the earth side of

692

00:28:29,040 --> 00:28:26,950

it so I mean there's zoom and past in

693

00:28:30,450 --> 00:28:29,050

there and they're uh yeah they're gonna

694

00:28:32,790 --> 00:28:30,460

become more frequent they're gonna

695

00:28:35,430 --> 00:28:32,800

become more frequent and as we start to

696

00:28:37,470 --> 00:28:35,440

travel up on that spiral arm of the

697

00:28:39,299 --> 00:28:37,480

galaxy and we start getting into more

698

00:28:41,820 --> 00:28:39,309

dust and debris and

699

00:28:45,029 --> 00:28:41,830

I mean dude it's gonna it's gonna happen

700

00:28:47,759 --> 00:28:45,039

eventually [h__h] so I mean we're at that

701
00:28:49,830 --> 00:28:47,769
point of we got to figure out a way to

702
00:28:51,269 --> 00:28:49,840
deflect these companies asteroids in

703
00:28:53,070 --> 00:28:51,279
common he's gotta figure out a way to be

704
00:28:54,810 --> 00:28:53,080
able to see them all yeah there's like

705
00:28:56,730 --> 00:28:54,820
the one that just hit before we left the

706
00:29:00,149 --> 00:28:56,740
Phoenix they even know it was there it

707
00:29:02,940 --> 00:29:00,159
just boom it here that giant one that

708
00:29:04,560 --> 00:29:02,950
flew over Russia and exploded it was

709
00:29:06,480 --> 00:29:04,570
like two or three years ago yeah I

710
00:29:08,730 --> 00:29:06,490
remember Alan just blew out windows and

711
00:29:10,169 --> 00:29:08,740
[h__h] yeah yeah dude I mean they didn't

712
00:29:12,330 --> 00:29:10,179
even see it they'd even know it was

713
00:29:14,700 --> 00:29:12,340

there it's a tiny one compared to what's

714

00:29:18,060 --> 00:29:14,710

out there super tiny yeah yeah very very

715

00:29:22,169 --> 00:29:18,070

tiny so yeah we're down to asteroids bro

716

00:29:26,430 --> 00:29:22,179

whoa and and now now what we're seeing

717

00:29:28,259 --> 00:29:26,440

is we're seeing the UFO stuff mm-hmm

718

00:29:31,529 --> 00:29:28,269

it just came out on the news so it's all

719

00:29:34,289 --> 00:29:31,539

starting officially officially the

720

00:29:36,810 --> 00:29:34,299

military confirmed all right that UFOs

721

00:29:41,489 --> 00:29:36,820

are real this just came out on the news

722

00:29:45,749 --> 00:29:41,499

yesterday you know some organizations

723

00:29:48,539 --> 00:29:45,759

are calling them you know you know enemy

724

00:29:52,619 --> 00:29:48,549

aircraft you know they're invading our

725

00:29:55,169 --> 00:29:52,629

airspace they jerk aerial threats they

726

00:29:57,779 --> 00:29:55,179

did say in that segment that it's an

727

00:30:00,720 --> 00:29:57,789

aerial phenomenon I don't think we let

728

00:30:02,430 --> 00:30:00,730

the recording go for as far as when they

729

00:30:02,820 --> 00:30:02,440

got to that point but they did clarify

730

00:30:04,409 --> 00:30:02,830

that

731

00:30:05,909 --> 00:30:04,419

oh we're also calling them aerial

732

00:30:07,919 --> 00:30:05,919

phenomenon yeah it was almost like they

733

00:30:10,799 --> 00:30:07,929

forgot uh-huh yeah maybe we'll play it

734

00:30:12,720 --> 00:30:10,809

after this yeah dude yeah so are not

735

00:30:14,399 --> 00:30:12,730

saying UFOs are real and aliens are real

736

00:30:16,560 --> 00:30:14,409

they're saying these aerial phenomena

737

00:30:18,989 --> 00:30:16,570

saying these threats you know these

738

00:30:21,119 --> 00:30:18,999

things are invading airspace yeah you

739

00:30:23,460 --> 00:30:21,129

know well like you're talking about on

740

00:30:24,899 --> 00:30:23,470

the last episode I think we were talking

741

00:30:26,399 --> 00:30:24,909

about oh how do you get funding into a

742

00:30:27,680 --> 00:30:26,409

program oh you have to make it a threat

743

00:30:30,869 --> 00:30:27,690

because the military-industrial complex

744

00:30:33,930 --> 00:30:30,879

may be military industrial complex right

745

00:30:36,659 --> 00:30:33,940

is is where you get all your your

746

00:30:38,639 --> 00:30:36,669

resources and you know people getting

747

00:30:40,529 --> 00:30:38,649

together to make stuff yep so you got to

748

00:30:41,999 --> 00:30:40,539

make it a threat to have anybody take

749

00:30:43,649 --> 00:30:42,009

pay attention to it yeah

750

00:30:46,830 --> 00:30:43,659

that's so sense yeah that's kind of set

751
00:30:48,269 --> 00:30:46,840
I don't know why can't we just do

752
00:30:51,480 --> 00:30:48,279
something because it should be a good

753
00:30:53,070 --> 00:30:51,490
idea it's not human nature thing I mean

754
00:30:55,080 --> 00:30:53,080
I do things because

755
00:30:57,330 --> 00:30:55,090
this should be a good idea yeah most do

756
00:31:00,570 --> 00:30:57,340
because it's a threat yeah it sucks

757
00:31:02,549 --> 00:31:00,580
that's some lizard mentality I'm telling

758
00:31:06,419 --> 00:31:02,559
you man it really is it really really is

759
00:31:08,159 --> 00:31:06,429
but yeah dude yeah so uh yeah if you all

760
00:31:10,799 --> 00:31:08,169
haven't seen that one uh check it out

761
00:31:14,700 --> 00:31:10,809
also check out UFO TV I got the full

762
00:31:16,769 --> 00:31:14,710
access UFO team okay bro yeah there's so

763
00:31:18,979 --> 00:31:16,779

much cool stuff on there and uh there's

764

00:31:22,499 --> 00:31:18,989

so much stuff everything from like UFOs

765

00:31:23,399 --> 00:31:22,509

to suppress technology that's a whole

766

00:31:26,340 --> 00:31:23,409

category

767

00:31:28,739 --> 00:31:26,350

it's suppress technology and you could

768

00:31:32,070 --> 00:31:28,749

go through all kinds of stuff yeah well

769

00:31:34,139 --> 00:31:32,080

suppress like spirituality like all

770

00:31:37,320 --> 00:31:34,149

kinds of things I have to do with the

771

00:31:39,690 --> 00:31:37,330

Cabal and yeah the world take over one

772

00:31:42,299 --> 00:31:39,700

world governments like it's nuts dude it

773

00:31:44,879 --> 00:31:42,309

goes super super deep um but yeah do

774

00:31:46,590 --> 00:31:44,889

there's a lot more man I'll get in

775

00:31:48,539 --> 00:31:46,600

trouble with that because I'll end up

776

00:31:50,099 --> 00:31:48,549

watching you know seven hours of stuff

777

00:31:52,169 --> 00:31:50,109

and then I won't remember I will only

778

00:31:56,599 --> 00:31:52,179

remember fragments of it and then I'll

779

00:32:01,889 --> 00:31:58,710

you gotta watch it over and over again

780

00:32:03,330 --> 00:32:01,899

yeah like taking me so long to finish

781

00:32:06,239 --> 00:32:03,340

this five hour one because they keep

782

00:32:08,310 --> 00:32:06,249

having to go back and start or like I

783

00:32:10,409 --> 00:32:08,320

started to fall asleep yeah the night

784

00:32:12,330 --> 00:32:10,419

before whatever but yeah it's pretty

785

00:32:16,379 --> 00:32:12,340

sick I started listening back to Graham

786

00:32:18,629 --> 00:32:16,389

Hancock America before uh-huh and I took

787

00:32:21,359 --> 00:32:18,639

notes and maybe we'll save it for

788

00:32:22,979 --> 00:32:21,369

another episode but man uh it's some

789

00:32:25,409 --> 00:32:22,989

really profound stuff I feel like we

790

00:32:27,960 --> 00:32:25,419

should do an episode or maybe just part

791

00:32:30,989 --> 00:32:27,970

one of let's take a look at the

792

00:32:34,259 --> 00:32:30,999

archaeological evidence that there has

793

00:32:36,560 --> 00:32:34,269

been many civilizations way way older

794

00:32:39,239 --> 00:32:36,570

than what mainstream archaeology

795

00:32:41,519 --> 00:32:39,249

paleontology but you know what I mean

796

00:32:43,560 --> 00:32:41,529

yeah yeah I think that would be because

797

00:32:45,509 --> 00:32:43,570

I think that's super cool it's a huge

798

00:32:47,220 --> 00:32:45,519

part of this yes well this big picture

799

00:32:49,799 --> 00:32:47,230

there's nobody nobody talks about it

800

00:32:51,840 --> 00:32:49,809

yeah even Dan was saying he was like you

801
00:32:54,210 --> 00:32:51,850
know the magician's of the gods yeah a

802
00:32:55,859 --> 00:32:54,220
really really good book and it should

803
00:32:57,269 --> 00:32:55,869
have opened a lot of eyes but he

804
00:32:58,619 --> 00:32:57,279
referenced there and he was like but

805
00:33:00,269 --> 00:32:58,629
it's crickets yes

806
00:33:01,950 --> 00:33:00,279
nobody's saying anything about it

807
00:33:03,119 --> 00:33:01,960
totally agree with that dude like yeah

808
00:33:06,450 --> 00:33:03,129
yeah definitely

809
00:33:09,450 --> 00:33:06,460
there is evidence of civilizations

810
00:33:11,369 --> 00:33:09,460
exist way before yeah what what current

811
00:33:14,220 --> 00:33:11,379
science says yeah and in this book

812
00:33:17,159 --> 00:33:14,230
America before is strictly just in North

813
00:33:18,960 --> 00:33:17,169

America the United States really

814

00:33:22,379 --> 00:33:18,970

yes Serpent Mound is one of the big ones

815

00:33:24,960 --> 00:33:22,389

yeah yeah it's really really interesting

816

00:33:26,759 --> 00:33:24,970

I also like wrote down a lot of numbers

817

00:33:29,159 --> 00:33:26,769

which I think are important because we

818

00:33:31,350 --> 00:33:29,169

don't talk about a lot of all right here

819

00:33:33,470 --> 00:33:31,360

the numbers here's a timeline it's

820

00:33:36,060 --> 00:33:33,480

pretty big sometimes pretty vague yeah

821

00:33:37,109 --> 00:33:36,070

but yeah if we want to if we want to

822

00:33:39,799 --> 00:33:37,119

bring that up on that maybe the next

823

00:33:42,779 --> 00:33:39,809

episode do like a part one oh yeah total

824

00:33:45,450 --> 00:33:42,789

because he's got a lot to say yeah dude

825

00:33:48,239 --> 00:33:45,460

he's got so much to say yeah whose book

826

00:33:50,639 --> 00:33:48,249

is I got I kept having to like press

827

00:33:54,029 --> 00:33:50,649

pause rewind press pause right now it's

828

00:33:58,379 --> 00:33:54,039

it's he's a very very good speaker and

829

00:34:00,149 --> 00:33:58,389

it speaks very fast yeah yeah dude it

830

00:34:01,739 --> 00:34:00,159

looked like Joseph just posted something

831

00:34:04,169 --> 00:34:01,749

oh yeah let's see what he did he post

832

00:34:06,450 --> 00:34:04,179

something on there said let's see here

833

00:34:07,560 --> 00:34:06,460

it's like he knew we were record I know

834

00:34:09,750 --> 00:34:07,570

you know it's thinking about we should

835

00:34:10,980 --> 00:34:09,760

have done this live that would be cool

836

00:34:19,200 --> 00:34:10,990

this right now we should have done this

837

00:34:21,659 --> 00:34:19,210

live oh my god two more days yep yep oh

838

00:34:23,010 --> 00:34:21,669

my god so there's gonna be a huge party

839

00:34:27,149 --> 00:34:23,020

at area 51

840

00:34:30,089 --> 00:34:27,159

nobody's invading right yeah Jimmy

841

00:34:32,460 --> 00:34:30,099

Korbel we're talking about this hey he's

842

00:34:35,010 --> 00:34:32,470

pretty amped up about it yeah no totally

843

00:34:36,899 --> 00:34:35,020

if you want to go out to area 51 guys

844

00:34:38,609 --> 00:34:36,909

there's gonna be a huge party out there

845

00:34:39,960 --> 00:34:38,619

yeah there's gonna be it's gonna be

846

00:34:41,609 --> 00:34:39,970

basically like almost like a little

847

00:34:45,809 --> 00:34:41,619

conference look at all these people

848

00:34:48,299 --> 00:34:45,819

running what is that the Naru to stop or

849

00:34:49,770 --> 00:34:48,309

something whatever that is the giant

850

00:34:52,379 --> 00:34:49,780

alien in the background that's hilarious

851

00:34:54,089 --> 00:34:52,389

dude yeah but but it's gonna be it's

852

00:34:58,500 --> 00:34:54,099

gonna be a huge party apparently it's

853

00:35:00,299 --> 00:34:58,510

gonna be pretty informational maybe even

854

00:35:03,660 --> 00:35:00,309

caught word that something big is

855

00:35:05,549 --> 00:35:03,670

supposed to be happening soon well yeah

856

00:35:06,780 --> 00:35:05,559

yeah guys I mean if y'all are down you

857

00:35:10,079 --> 00:35:06,790

don't want to go y'all should definitely

858

00:35:11,400 --> 00:35:10,089

go unfortunately uh you know I'm gonna

859

00:35:13,530 --> 00:35:11,410

go yeah I'm not gonna go no I'm not

860

00:35:15,030 --> 00:35:13,540

gonna go we should we should but well

861

00:35:16,829 --> 00:35:15,040

dude I mean you know my anniversary is

862

00:35:18,359 --> 00:35:16,839

coming up so I can't yeah I'll leave if

863

00:35:20,250 --> 00:35:18,369

you know yeah yeah my anniversary is

864

00:35:23,069 --> 00:35:20,260

coming up so that's gonna be sweet dude

865

00:35:23,760 --> 00:35:23,079

dope yeah super dope Congrats bro yeah

866

00:35:26,130 --> 00:35:23,770

thanks bro

867

00:35:27,990 --> 00:35:26,140

and then my birthday is coming up Oh

868

00:35:29,880 --> 00:35:28,000

know what I'm saying and and maybe we

869

00:35:32,490 --> 00:35:29,890

should uh maybe we should prepare like

870

00:35:35,760 --> 00:35:32,500

in November like to go do the JFK thing

871

00:35:38,400 --> 00:35:35,770

okay if Lorien come comes to town

872

00:35:40,770 --> 00:35:38,410

Loreena yeah yeah that your up and be

873

00:35:44,220 --> 00:35:40,780

like oh can we come hang out with you

874

00:35:46,549 --> 00:35:44,230

hell yeah yeah that'd be sick bro it'd

875

00:35:49,230 --> 00:35:46,559

be sick I'd be awesome what uh yeah

876

00:35:51,870 --> 00:35:49,240

Joseph new thinking new bro

877

00:35:55,289 --> 00:35:51,880

what is that recent group photo oh

878

00:35:57,210 --> 00:35:55,299

that's that's from that's from Dan he

879

00:36:01,920 --> 00:35:57,220

posted that stuff mm-hmm

880

00:36:03,780 --> 00:36:01,930

and oh yeah yeah dude yeah well I feel

881

00:36:07,380 --> 00:36:03,790

like this is an episode in itself we

882

00:36:10,710 --> 00:36:07,390

should absolutely yeah so let's get

883

00:36:12,359 --> 00:36:10,720

let's get Doug on the phone and and see

884

00:36:14,280 --> 00:36:12,369

what Doug's got to say about the shaving

885

00:36:16,140 --> 00:36:14,290

conspiracy all right let's do it

886

00:36:18,630 --> 00:36:16,150

well what's up Doug how are you doing

887

00:36:20,900 --> 00:36:18,640

man I'm doing great thank you guys so

888

00:36:23,069 --> 00:36:20,910

much for having me again

889

00:36:25,230 --> 00:36:23,079

yeah I think we gotta figure it out this

890

00:36:27,510 --> 00:36:25,240

time for sure I think we got it because

891

00:36:28,770 --> 00:36:27,520

we can see the the recording bars yeah

892

00:36:31,680 --> 00:36:28,780

they're definitely recording [h__h]

893

00:36:35,520 --> 00:36:31,690

watchin the audio yeah dude so don't

894

00:36:39,180 --> 00:36:35,530

cause my emotions guys oh yeah no no we

895

00:36:40,890 --> 00:36:39,190

won't we promise hey so we left we left

896

00:36:43,470 --> 00:36:40,900

early Sunday morning were you still

897

00:36:46,170 --> 00:36:43,480

there at UFO Congress all day Sunday I

898

00:36:47,789 --> 00:36:46,180

was I was there packing well because we

899

00:36:49,589 --> 00:36:47,799

were open still the market was open till

900

00:36:51,900 --> 00:36:49,599

1:00 yeah and then after that we shut

901
00:36:53,970 --> 00:36:51,910
down so I was there till about 3:00

902
00:36:56,520 --> 00:36:53,980
nice dude nice so how did so they go

903
00:37:01,140 --> 00:36:56,530
pretty good pretty good uh Saturday was

904
00:37:02,549 --> 00:37:01,150
the best day nice you know I mean it was

905
00:37:03,809 --> 00:37:02,559
still a great day but I mean it was it

906
00:37:05,670 --> 00:37:03,819
was just a half day so it's just a

907
00:37:06,180 --> 00:37:05,680
different feeling Hill yeah bro hell

908
00:37:09,680 --> 00:37:06,190
yeah

909
00:37:13,410 --> 00:37:09,690
that's what's up dude hey so I gotta say

910
00:37:18,720 --> 00:37:13,420
my uh I'm starting to stack up on my

911
00:37:20,039 --> 00:37:18,730
Phoenix shaving gear bro I didn't

912
00:37:23,420 --> 00:37:20,049
recognize the name at first then I was

913
00:37:25,680 --> 00:37:23,430

like yeah yeah I got the odor

914

00:37:27,779 --> 00:37:25,690

you've tumbled down the rabbit hole of

915

00:37:29,579 --> 00:37:27,789

Phoenix shaving bro I love it I love it

916

00:37:32,220 --> 00:37:29,589

but I got to tell you man

917

00:37:35,370 --> 00:37:32,230

since I've gotten the stuff bro my old

918

00:37:38,730 --> 00:37:35,380

lady won't leave me alone she's all I

919

00:37:39,930 --> 00:37:38,740

don't know that really but that's

920

00:37:41,520 --> 00:37:39,940

typically how it goes because that's the

921

00:37:43,529 --> 00:37:41,530

most important person in it when it

922

00:37:44,250 --> 00:37:43,539

comes to scent and fragrance they have

923

00:37:45,930 --> 00:37:44,260

to like it

924

00:37:48,150 --> 00:37:45,940

oh yeah though like as soon as they got

925

00:37:49,829 --> 00:37:48,160

home she was like she was like what is

926

00:37:52,230 --> 00:37:49,839

that smell and I was like what do you

927

00:37:55,559 --> 00:37:52,240

mean she was like you smell so good what

928

00:37:57,660 --> 00:37:55,569

is this oh nice

929

00:38:03,569 --> 00:37:57,670

let me tell you about this stuff yeah

930

00:38:06,180 --> 00:38:03,579

yeah it's called liquid awesome yeah

931

00:38:06,990 --> 00:38:06,190

dude I got the soap and I got some

932

00:38:09,450 --> 00:38:07,000

deodorant

933

00:38:13,349 --> 00:38:09,460

I still got my aftershave stuff I got my

934

00:38:16,620 --> 00:38:13,359

beard wax and I got I got the beard cube

935

00:38:18,450 --> 00:38:16,630

oh yeah I'm geared up right now oh yeah

936

00:38:19,980 --> 00:38:18,460

yeah you are that's awesome once one

937

00:38:22,500 --> 00:38:19,990

step it's time for the beard to go we

938

00:38:25,319 --> 00:38:22,510

have the safety razor for you too yes

939

00:38:28,799 --> 00:38:25,329

sir yes sir dude I'm so super surprised

940

00:38:32,250 --> 00:38:28,809

on how how the soap dude it lathers so

941

00:38:34,650 --> 00:38:32,260

good got that lather did yeah it's it is

942

00:38:36,690 --> 00:38:34,660

really really good man really it really

943

00:38:37,920 --> 00:38:36,700

is it's like I think it I personally and

944

00:38:40,109 --> 00:38:37,930

of course I'm gonna think this but I

945

00:38:42,120 --> 00:38:40,119

really do think it's the best beard soap

946

00:38:43,890 --> 00:38:42,130

or beard shampoo out there oh dude it's

947

00:38:45,390 --> 00:38:43,900

it's incredible yeah yeah I couldn't

948

00:38:49,250 --> 00:38:45,400

believe cuz like I can literally like

949

00:38:53,220 --> 00:38:49,260

drag it across my beard four times and I

950

00:38:55,710 --> 00:38:53,230

look like Santa Claus yeah so said Z

951

00:38:57,329 --> 00:38:55,720

it's awesome I love it yeah since it's

952

00:38:58,740 --> 00:38:57,339

something super moisturizing too like

953

00:38:59,970 --> 00:38:58,750

after the facts like that's why you

954

00:39:02,099 --> 00:38:59,980

don't need conditioner it's shampoo

955

00:39:04,380 --> 00:39:02,109

conditioner yeah yeah it's pretty

956

00:39:07,109 --> 00:39:04,390

awesome I love it yeah I love me that's

957

00:39:08,910 --> 00:39:07,119

good dude so it's so Doug tell our

958

00:39:10,650 --> 00:39:08,920

listeners a little bit about yourself

959

00:39:12,870 --> 00:39:10,660

and just how you're you started your

960

00:39:15,210 --> 00:39:12,880

company and and how you got into all

961

00:39:16,920 --> 00:39:15,220

this man oh so we're totally luck we're

962

00:39:17,549 --> 00:39:16,930

going with this right now oh yeah let's

963

00:39:20,970 --> 00:39:17,559

go baby

964

00:39:25,529 --> 00:39:20,980

oh yeah I thought I was in the green

965

00:39:28,230 --> 00:39:25,539

room it's always let's do this again my

966

00:39:30,900 --> 00:39:28,240

name is Douglas Smythe I'm Co owner and

967

00:39:33,690 --> 00:39:30,910

operator of Phoenix shaving dot-com

968

00:39:36,510 --> 00:39:33,700

where we deal with all things facial fur

969

00:39:37,260 --> 00:39:36,520

and shaving I consider myself a male

970

00:39:39,900 --> 00:39:37,270

grooming

971

00:39:41,400 --> 00:39:39,910

software / hardware developer meaning

972

00:39:44,130 --> 00:39:41,410

that I make artisan shave soaps

973

00:39:46,290 --> 00:39:44,140

aftershave some perfumer I designed

974

00:39:47,760 --> 00:39:46,300

safety razors those are old-school

975

00:39:51,030 --> 00:39:47,770

traditional razors for those who don't

976

00:39:52,620 --> 00:39:51,040

know shaving brushes the whole whole run

977

00:39:54,570 --> 00:39:52,630

them if you if you deal with meal

978

00:39:56,010 --> 00:39:54,580

grooming I can help you in some way

979

00:39:59,430 --> 00:39:56,020

shape or form sort of all comes down to

980

00:40:02,790 --> 00:39:59,440

it been doing this since 2012 and we

981

00:40:05,460 --> 00:40:02,800

just were a fast growing company yeah so

982

00:40:07,860 --> 00:40:05,470

we noticed so we met you at a UFO

983

00:40:09,240 --> 00:40:07,870

Congress and I could not stop coming

984

00:40:11,400 --> 00:40:09,250

back to your table because you've got

985

00:40:13,950 --> 00:40:11,410

such awesome artwork and it's all alien

986

00:40:16,560 --> 00:40:13,960

related or you know like monster movie

987

00:40:19,020 --> 00:40:16,570

kind of magic gangs and I just found

988

00:40:21,060 --> 00:40:19,030

that so interesting like have you always

989

00:40:23,040 --> 00:40:21,070

I'm just asking these questions cuz you

990

00:40:24,600 --> 00:40:23,050

know we've already recorded this this

991

00:40:34,800 --> 00:40:24,610

podcast but I mean I'm still curious

992

00:40:40,200 --> 00:40:34,810

like this was for your your here's only

993

00:40:42,510 --> 00:40:40,210

guys I'm wearing pants on this one yeah

994

00:40:45,180 --> 00:40:42,520

I've always been into that retro Atomic

995

00:40:47,790 --> 00:40:45,190

Age type vibe I grew up you know with my

996

00:40:50,490 --> 00:40:47,800

head in some comics and creature

997

00:40:52,640 --> 00:40:50,500

double-feature the old Godzilla movies

998

00:40:55,470 --> 00:40:52,650

back in the day and so forth so forth

999

00:40:57,930 --> 00:40:55,480

really into that whole well just that

1000

00:40:59,580 --> 00:40:57,940

type type of universe and so I in this

1001
00:41:02,970 --> 00:40:59,590
business I managed to incorporate

1002
00:41:04,440 --> 00:41:02,980
everything I I'm into which doesn't make

1003
00:41:06,780 --> 00:41:04,450
it feel like a job at all so I mean I

1004
00:41:08,100 --> 00:41:06,790
created a universe around all these

1005
00:41:11,640 --> 00:41:08,110
different products we've even done so

1006
00:41:13,050 --> 00:41:11,650
trilogies like movies where one soap can

1007
00:41:14,970 --> 00:41:13,060
goes into the next soap goes in the next

1008
00:41:17,370 --> 00:41:14,980
up in the label designs you can find

1009
00:41:19,590 --> 00:41:17,380
different things hit in anagrams so

1010
00:41:21,210 --> 00:41:19,600
there's stuff stuff encoded kind of like

1011
00:41:22,530 --> 00:41:21,220
a like a Beatles album cover is what I

1012
00:41:24,240 --> 00:41:22,540
was going for us all the things you

1013
00:41:26,610 --> 00:41:24,250

could find that maybe we're placed there

1014

00:41:29,670 --> 00:41:26,620

intentionally or maybe not characters

1015

00:41:31,620 --> 00:41:29,680

come and go the sales pages are less

1016

00:41:33,870 --> 00:41:31,630

about you know telling you about the

1017

00:41:35,460 --> 00:41:33,880

products and more about the story around

1018

00:41:37,260 --> 00:41:35,470

the product or just the story in general

1019

00:41:38,640 --> 00:41:37,270

it goes into like a pseudo sci-fi

1020

00:41:40,230 --> 00:41:38,650

novella type feel

1021

00:41:42,090 --> 00:41:40,240

yeah and something you can really lose

1022

00:41:43,830 --> 00:41:42,100

yourself on for like I mean one of our

1023

00:41:45,990 --> 00:41:43,840

sales pages fighting about 45 minutes to

1024

00:41:48,810 --> 00:41:46,000

get through so I mean if you're looking

1025

00:41:50,850 --> 00:41:48,820

for a quick easy by I mean I do have the

1026

00:41:52,050 --> 00:41:50,860

scent notes at the top of the page

1027

00:41:53,460 --> 00:41:52,060

but you know what's up but if you want

1028

00:41:54,990 --> 00:41:53,470

to get a little more involved because

1029

00:41:56,640 --> 00:41:55,000

I'm all about the way folks interface

1030

00:41:58,800 --> 00:41:56,650

with our products I wanted to be more

1031

00:42:00,720 --> 00:41:58,810

than just shaming I want to be more than

1032

00:42:02,520 --> 00:42:00,730

just beard care I wanted to I want them

1033

00:42:05,130 --> 00:42:02,530

to experience the same feeling I do when

1034

00:42:07,440 --> 00:42:05,140

them like suddenly dim in a theater that

1035

00:42:09,180 --> 00:42:07,450

anticipation rising up you know like Oh

1036

00:42:10,770 --> 00:42:09,190

something awesome about to happen like

1037

00:42:13,470 --> 00:42:10,780

that does I want people to feel every

1038

00:42:15,090 --> 00:42:13,480

time they use our product yeah yeah yeah

1039

00:42:17,010 --> 00:42:15,100

every time when I wake up in the morning

1040

00:42:20,070 --> 00:42:17,020

like I get excited I'm like I get to

1041

00:42:22,860 --> 00:42:20,080

open yeah you know like just looking at

1042

00:42:24,570 --> 00:42:22,870

the at the the the imagery and just the

1043

00:42:27,210 --> 00:42:24,580

like the way it's packaged it looks cool

1044

00:42:29,820 --> 00:42:27,220

you know the I got the doppelganger soap

1045

00:42:31,770 --> 00:42:29,830

you know I like the little boy I held on

1046

00:42:33,810 --> 00:42:31,780

to the box like how many times have you

1047

00:42:35,640 --> 00:42:33,820

ever held on to like your soap box you

1048

00:42:37,710 --> 00:42:35,650

know but it's just such a cool picture

1049

00:42:39,960 --> 00:42:37,720

that I it's almost like a collectible I

1050

00:42:42,210 --> 00:42:39,970

bring in soap boxes back yeah dude I'm

1051
00:42:44,340 --> 00:42:42,220
telling ya yeah so like every time I got

1052
00:42:45,990 --> 00:42:44,350
buy a new soap I want to save the box

1053
00:42:46,620 --> 00:42:46,000
because it's got such a cool picture on

1054
00:42:49,410 --> 00:42:46,630
it you know

1055
00:42:51,390 --> 00:42:49,420
thanks man yeah I appreciate that a lot

1056
00:42:53,040 --> 00:42:51,400
of our boxes especially our starter kits

1057
00:42:54,630 --> 00:42:53,050
are made are built to last

1058
00:42:56,280 --> 00:42:54,640
in and that's part of the tradition of

1059
00:42:58,470 --> 00:42:56,290
traditional wet shaving back in the day

1060
00:43:00,930 --> 00:42:58,480
when shellac was doing safety razors

1061
00:43:02,760 --> 00:43:00,940
real razors along with other companies

1062
00:43:05,820 --> 00:43:02,770
like Schick and whatnot they always came

1063
00:43:07,410 --> 00:43:05,830

in a kind of a cool case too and that's

1064

00:43:10,140 --> 00:43:07,420

also what makes them so collectible

1065

00:43:14,510 --> 00:43:10,150

today yeah so I want to be part of that

1066

00:43:17,430 --> 00:43:14,520

you know so the you mentioned Gillette

1067

00:43:21,510 --> 00:43:17,440

so we talked to you a little bit about

1068

00:43:23,910 --> 00:43:21,520

the the shaving conspiracy the cartridge

1069

00:43:26,640 --> 00:43:23,920

razor conspiracy and I find that's so

1070

00:43:28,890 --> 00:43:26,650

interesting good so we're we're all

1071

00:43:30,210 --> 00:43:28,900

about looking into anything weird or are

1072

00:43:32,250 --> 00:43:30,220

things that just people kind of look

1073

00:43:33,840 --> 00:43:32,260

over and it affects their daily lives

1074

00:43:36,180 --> 00:43:33,850

and I just think the story is like

1075

00:43:38,610 --> 00:43:36,190

amazing would you mind telling that oh

1076

00:43:41,100 --> 00:43:38,620

sure sure well a lot of people don't

1077

00:43:43,740 --> 00:43:41,110

realize it but well first of all most

1078

00:43:46,860 --> 00:43:43,750

guys today think they have sensitive

1079

00:43:48,420 --> 00:43:46,870

skin 9 out of 10 guys yes I speak I

1080

00:43:50,160 --> 00:43:48,430

asked him who out there thinks they have

1081

00:43:51,600 --> 00:43:50,170

sensitive skin and all the hands

1082

00:43:54,240 --> 00:43:51,610

practically all the hands in the room go

1083

00:43:55,740 --> 00:43:54,250

up and that's impossible we can't all

1084

00:43:57,450 --> 00:43:55,750

just have sensitive skin what's going on

1085

00:43:59,880 --> 00:43:57,460

here what's going on is we've been

1086

00:44:02,040 --> 00:43:59,890

inadvertently for years for 40 years

1087

00:44:03,840 --> 00:44:02,050

giving ourselves sensitive skin by using

1088

00:44:04,710 --> 00:44:03,850

inferior products this one-size-fits-all

1089

00:44:07,110 --> 00:44:04,720

kook

1090

00:44:10,350 --> 00:44:07,120

cutter cartridge razors the multi blades

1091

00:44:10,830 --> 00:44:10,360

those were never ever invented for your

1092

00:44:12,210 --> 00:44:10,840

face

1093

00:44:14,070 --> 00:44:12,220

they were never invented for a better

1094

00:44:16,380 --> 00:44:14,080

shape what they were invented for was

1095

00:44:18,000 --> 00:44:16,390

for patents Gillette was losing its

1096

00:44:21,240 --> 00:44:18,010

patent the double-edged blade that they

1097

00:44:24,180 --> 00:44:21,250

invented 50 75 50 years before this is

1098

00:44:25,560 --> 00:44:24,190

now 1970-71 they were rushing to come up

1099

00:44:27,360 --> 00:44:25,570

with some of a new patents they'd be

1100

00:44:28,290 --> 00:44:27,370

back in the game right all this other

1101

00:44:30,360 --> 00:44:28,300

all these other business were

1102

00:44:31,920 --> 00:44:30,370

encroaching on their their turf and and

1103

00:44:33,030 --> 00:44:31,930

they did they released the cars race and

1104

00:44:34,230 --> 00:44:33,040

they went from multi-million dollar

1105

00:44:36,240 --> 00:44:34,240

company to a multi-billion dollar

1106

00:44:38,580 --> 00:44:36,250

company overnight it's almost like that

1107

00:44:41,190 --> 00:44:38,590

it's like Nikola Tesla and Edison where

1108

00:44:43,560 --> 00:44:41,200

it's like no we need to monetize this we

1109

00:44:45,660 --> 00:44:43,570

can't be just one great product we have

1110

00:44:48,060 --> 00:44:45,670

to make a bunch of them and make them

1111

00:44:49,680 --> 00:44:48,070

disposable so that people can only use

1112

00:44:53,790 --> 00:44:49,690

them once and throw em away and have to

1113

00:44:56,040 --> 00:44:53,800

buy again controlled obsolescence I'm

1114

00:44:58,770 --> 00:44:56,050

looking I'm looking at this this razor I

1115

00:45:01,290 --> 00:44:58,780

found for \$200 it's by Gillette labs

1116

00:45:04,620 --> 00:45:01,300

it's called the heated razor by that

1117

00:45:10,440 --> 00:45:04,630

it's \$200 dollars and it's got five

1118

00:45:12,120 --> 00:45:10,450

blades on it yeah every time you drag

1119

00:45:14,160 --> 00:45:12,130

one blade across your face you're taking

1120

00:45:16,200 --> 00:45:14,170

off a layer of skin so with one pass

1121

00:45:17,730 --> 00:45:16,210

you're taking off multiples up to five

1122

00:45:19,380 --> 00:45:17,740

layers of skin with that yeah when it

1123

00:45:21,330 --> 00:45:19,390

comes to their innovations like the

1124

00:45:23,190 --> 00:45:21,340

vibrating raises of heated raises those

1125

00:45:24,800 --> 00:45:23,200

ideas are so old anyone who knows

1126
00:45:28,050 --> 00:45:24,810
anything about the shaving worlds

1127
00:45:29,160 --> 00:45:28,060
realize those I just come up and gone

1128
00:45:30,780 --> 00:45:29,170
away for the last hundred years

1129
00:45:32,370 --> 00:45:30,790
especially the vibrating razor that's

1130
00:45:34,560 --> 00:45:32,380
nothing new they were doing that there's

1131
00:45:36,240 --> 00:45:34,570
paths for that back in like 1910 so I

1132
00:45:37,920 --> 00:45:36,250
mean and I'm one of my reasons made out

1133
00:45:39,330 --> 00:45:37,930
of pure copper if you want a heated

1134
00:45:41,730 --> 00:45:39,340
shave you just stick that under the

1135
00:45:44,040 --> 00:45:41,740
faucet that's hot water and you could

1136
00:45:45,510 --> 00:45:44,050
have a bathroom and yeah that seems like

1137
00:45:48,090 --> 00:45:45,520
ya feel good actually

1138
00:45:50,130 --> 00:45:48,100

oh yeah it holds the heat yeah also I

1139

00:45:51,840 --> 00:45:50,140

mean use the scuttle to I mean you make

1140

00:45:54,120 --> 00:45:51,850

hot lather with a scuttle which is like

1141

00:45:56,550 --> 00:45:54,130

a double jacketed shaving mug it has a

1142

00:45:58,410 --> 00:45:56,560

an interior part that you fill up with

1143

00:46:00,630 --> 00:45:58,420

hot water and then you mix your atom in

1144

00:46:02,490 --> 00:46:00,640

the top bowl yeah and that keeps the

1145

00:46:04,020 --> 00:46:02,500

lather hot during the entire shave and

1146

00:46:06,840 --> 00:46:04,030

an entire shave

1147

00:46:09,840 --> 00:46:06,850

may consist of you know one to four

1148

00:46:11,580 --> 00:46:09,850

passes in a passes lathering up without

1149

00:46:15,030 --> 00:46:11,590

the brush on your face yeah

1150

00:46:16,860 --> 00:46:15,040

shaving rinsing and repeating and you

1151

00:46:18,060 --> 00:46:16,870

know cartridge razors guys only do

1152

00:46:20,940 --> 00:46:18,070

typically do one pass

1153

00:46:23,850 --> 00:46:20,950

yeah Thank You Otis you uh I noticed you

1154

00:46:25,740 --> 00:46:23,860

uh you guys have your own scuttle right

1155

00:46:27,540 --> 00:46:25,750

yes yeah we have a few we have a few

1156

00:46:31,500 --> 00:46:27,550

scuttles we have a scuttlebutt about it

1157

00:46:33,120 --> 00:46:31,510

yeah you have some ceramic offerings in

1158

00:46:36,540 --> 00:46:33,130

regards I think you might be the first

1159

00:46:39,450 --> 00:46:36,550

artisan to put out I'll put out scuttles

1160

00:46:41,430 --> 00:46:39,460

as we do and we also offer an

1161

00:46:43,860 --> 00:46:41,440

indestructible travel scuttle - yeah

1162

00:46:45,330 --> 00:46:43,870

anyone who doesn't really know or still

1163

00:46:47,910 --> 00:46:45,340

have trouble having trouble grasping

1164

00:46:49,410 --> 00:46:47,920

with the concepts it's really cool and

1165

00:46:50,310 --> 00:46:49,420

once you get into it you're gonna want

1166

00:46:52,230 --> 00:46:50,320

to take it with you wherever you go

1167

00:46:55,200 --> 00:46:52,240

yeah what is the scope you know I saw a

1168

00:46:57,890 --> 00:46:55,210

video that that you had and I think you

1169

00:47:02,760 --> 00:46:57,900

may have been been displaying the drunk

1170

00:47:05,670 --> 00:47:02,770

I don't know you might but you were just

1171

00:47:07,710 --> 00:47:05,680

talking about how just over the years of

1172

00:47:09,750 --> 00:47:07,720

using that the scuttles or whatever you

1173

00:47:12,090 --> 00:47:09,760

always thought about what your perfect

1174

00:47:14,070 --> 00:47:12,100

type of scuttle would be and it looked

1175

00:47:17,340 --> 00:47:14,080

really cool like the the lines on there

1176

00:47:19,500 --> 00:47:17,350

I didn't realize like what that was for

1177

00:47:21,810 --> 00:47:19,510

but now it makes sense it's just for for

1178

00:47:22,830 --> 00:47:21,820

traction basically yeah friction

1179

00:47:26,490 --> 00:47:22,840

friction there you go

1180

00:47:28,560 --> 00:47:26,500

whips up more lather faster yeah I mean

1181

00:47:30,900 --> 00:47:28,570

okay well a little history for you the

1182

00:47:32,790 --> 00:47:30,910

scuttle goes back probably about a

1183

00:47:34,500 --> 00:47:32,800

hundred and I could go back about a

1184

00:47:37,130 --> 00:47:34,510

hundred fifty years if not more there's

1185

00:47:41,040 --> 00:47:37,140

always been one struck shape shape form

1186

00:47:44,100 --> 00:47:41,050

one form of shaving scuttle or another

1187

00:47:46,860 --> 00:47:44,110

and they were pretty much made for

1188

00:47:48,390 --> 00:47:46,870

before indoor plumbing or before into a

1189

00:47:51,180 --> 00:47:48,400

hot water at least whoa

1190

00:47:52,560 --> 00:47:51,190

you would heat up water and you know in

1191

00:47:54,660 --> 00:47:52,570

a teapot or whatnot important to the

1192

00:47:56,280 --> 00:47:54,670

scuttle the sky was to hold your hot

1193

00:47:58,140 --> 00:47:56,290

water was also hold your shaving soap

1194

00:47:59,730 --> 00:47:58,150

and maybe there was a hole or a holder

1195

00:48:01,830 --> 00:47:59,740

to hold the brush as well just captured

1196

00:48:03,570 --> 00:48:01,840

all contained so when mom or dad was

1197

00:48:07,410 --> 00:48:03,580

going around the house putting hot water

1198

00:48:09,030 --> 00:48:07,420

in the cleaning vessels they'd also fill

1199

00:48:10,830 --> 00:48:09,040

up dad's shaving mug and that was a

1200

00:48:13,170 --> 00:48:10,840

scuttle the scuttle I have those a

1201

00:48:15,150 --> 00:48:13,180

little bit different it's it's based on

1202

00:48:17,160 --> 00:48:15,160

that but what I have is a lather scuttle

1203

00:48:18,930 --> 00:48:17,170

whereas those old scuttles we would use

1204

00:48:20,970 --> 00:48:18,940

the hot water in the brush and the soap

1205

00:48:21,840 --> 00:48:20,980

you would load up and build the lather

1206

00:48:24,000 --> 00:48:21,850

on your face

1207

00:48:25,920 --> 00:48:24,010

the modern lather scuttle is about

1208

00:48:28,200 --> 00:48:25,930

building the lather in the bowl in the

1209

00:48:29,670 --> 00:48:28,210

bowl okay yeah and it stays there and it

1210

00:48:31,920 --> 00:48:29,680

keeps it hot because again it's double

1211

00:48:33,930 --> 00:48:31,930

jacket if there's another vessel below

1212

00:48:36,329 --> 00:48:33,940

it's like nesting almost that's one

1213

00:48:38,099 --> 00:48:36,339

piece and you fill at the bottom nestled

1214

00:48:40,799 --> 00:48:38,109

with hot water and on top is another

1215

00:48:42,299 --> 00:48:40,809

bowl and it has verts that you mentioned

1216

00:48:43,680 --> 00:48:42,309

that create friction when you're ripping

1217

00:48:45,269 --> 00:48:43,690

it up with the brush but you've been

1218

00:48:47,069 --> 00:48:45,279

loaded on the soap puck first then moved

1219

00:48:48,839 --> 00:48:47,079

over to the lather scuttle whip it up

1220

00:48:50,819 --> 00:48:48,849

and then apply it to your face and put

1221

00:48:51,900 --> 00:48:50,829

the brush back in shape and then when

1222

00:48:54,029 --> 00:48:51,910

you go to do your next pass with the

1223

00:48:56,819 --> 00:48:54,039

lather it's hot again steroids it's

1224

00:48:58,650 --> 00:48:56,829

still hot so it's a consistent hot or

1225

00:49:00,420 --> 00:48:58,660

warm shade which is awesome and once you

1226

00:49:01,620 --> 00:49:00,430

do that there's no going back and that's

1227

00:49:04,049 --> 00:49:01,630

what you know and you see all these guys

1228

00:49:05,970 --> 00:49:04,059

beards myself and you include it a lot

1229

00:49:08,339 --> 00:49:05,980

of the times though this it's this is an

1230

00:49:09,630 --> 00:49:08,349

expression of just all the bad shades

1231

00:49:13,380 --> 00:49:09,640

that we've gotten from cartridge razors

1232

00:49:14,849 --> 00:49:13,390

most men yeah because we've been doing

1233

00:49:16,769 --> 00:49:14,859

it wrong no one ever taught us the right

1234

00:49:18,180 --> 00:49:16,779

way yeah and I sold a bill of goods and

1235

00:49:19,650 --> 00:49:18,190

that's that's pretty much what my

1236

00:49:21,329 --> 00:49:19,660

arguments all about is it was never

1237

00:49:22,829 --> 00:49:21,339

about a better shape and there's so many

1238

00:49:24,210 --> 00:49:22,839

things we grew up with a around us that

1239

00:49:25,470 --> 00:49:24,220

are like that we don't know the real

1240

00:49:26,210 --> 00:49:25,480

reasons why they're there or if there's

1241

00:49:28,920 --> 00:49:26,220

a better way

1242

00:49:31,260 --> 00:49:28,930

absolutely so this is just another like

1243

00:49:32,519 --> 00:49:31,270

eye opening thing for me anyway so I

1244

00:49:34,859 --> 00:49:32,529

think for most people and that's why we

1245

00:49:36,630 --> 00:49:34,869

do stuff like UFO Congress because if

1246

00:49:37,710 --> 00:49:36,640

the crowd is ready for that kind of

1247

00:49:39,539 --> 00:49:37,720

stuff you know we're trying to introduce

1248

00:49:42,240 --> 00:49:39,549

more and more people this concept there

1249

00:49:44,099 --> 00:49:42,250

is a better shave out there as silly as

1250

00:49:45,539 --> 00:49:44,109

that seems it's it's I mean once you do

1251

00:49:46,859 --> 00:49:45,549

it otherwise you're just hurting

1252

00:49:49,769 --> 00:49:46,869

yourself oh absolutely

1253

00:49:52,890 --> 00:49:49,779

hey dude I heard you had a civil war-era

1254

00:49:55,440 --> 00:49:52,900

scuttle is that true that is true how

1255

00:50:02,549 --> 00:49:55,450

did you hear that dude hey I'll be sorry

1256

00:50:04,680 --> 00:50:02,559

he's got a sources breath yeah and that

1257

00:50:06,359 --> 00:50:04,690

again is it's not like a lather scuttle

1258

00:50:07,319 --> 00:50:06,369

it's the original scuttle I was talking

1259

00:50:09,539 --> 00:50:07,329

about it's a little bit different though

1260

00:50:11,490 --> 00:50:09,549

but it does have a side packet to hold

1261

00:50:14,069 --> 00:50:11,500

the soap and I mean this could have been

1262

00:50:15,029 --> 00:50:14,079

used to drink out of also you know every

1263

00:50:17,099 --> 00:50:15,039

soldier had one of these it was

1264

00:50:18,779 --> 00:50:17,109

multi-purpose but was primarily used for

1265

00:50:20,880 --> 00:50:18,789

field shaving for shaving in the field

1266

00:50:23,760 --> 00:50:20,890

yeah yeah maybe make some coffee in or

1267

00:50:25,289 --> 00:50:23,770

something - yeah coffee or tea I mean

1268

00:50:26,789 --> 00:50:25,299

there were definitely it's a pretty cool

1269

00:50:29,940 --> 00:50:26,799

piece of history though and there's

1270

00:50:31,710 --> 00:50:29,950

actually reproductions I am trying to

1271

00:50:33,450 --> 00:50:31,720

think where it is what I do - we have a

1272

00:50:35,130 --> 00:50:33,460

show called I'd rather be shaving yeah

1273

00:50:36,900 --> 00:50:35,140

on YouTube if you go to Ed lather be

1274

00:50:38,460 --> 00:50:36,910

shaving calm it'll take you right to and

1275

00:50:40,980 --> 00:50:38,470

one of the episodes of that I talked

1276

00:50:42,930 --> 00:50:40,990

about that and of the scuttled the Civil

1277

00:50:44,370 --> 00:50:42,940

War era scuttle and I give a link below

1278

00:50:45,460 --> 00:50:44,380

in the description to a reproduction

1279

00:50:47,589 --> 00:50:45,470

company that also made

1280

00:50:49,210 --> 00:50:47,599

now so if anyone's in that or maybe just

1281

00:50:50,650 --> 00:50:49,220

reenactments this is something they

1282

00:50:52,870 --> 00:50:50,660

might want to have on them to be

1283

00:50:55,089 --> 00:50:52,880

period-correct also it's just really

1284

00:50:57,940 --> 00:50:55,099

cool like visually in the man cave

1285

00:51:00,220 --> 00:50:57,950

oh yeah yeah yeah I bet that is pretty

1286

00:51:02,020 --> 00:51:00,230

cool that is pretty cool so yeah so I

1287

00:51:05,050 --> 00:51:02,030

know you're you're you're a collector of

1288

00:51:06,849 --> 00:51:05,060

oddities it seemed like so you you

1289

00:51:09,790 --> 00:51:06,859

collect like things like that you

1290

00:51:10,960 --> 00:51:09,800

collect scuttles and you know mustache

1291

00:51:13,329 --> 00:51:10,970

cups and things like that

1292

00:51:15,750 --> 00:51:13,339

oh yeah all of that scuttles must have

1293

00:51:17,740 --> 00:51:15,760

mostly safety razors though I have

1294

00:51:19,240 --> 00:51:17,750

hundreds of traditional safety razors

1295

00:51:20,980 --> 00:51:19,250

from all around the world some really

1296

00:51:22,030 --> 00:51:20,990

awesome designs and that's another thing

1297

00:51:25,599 --> 00:51:22,040

you know when you find these things

1298

00:51:27,250 --> 00:51:25,609

nowadays they're very expensive and they

1299

00:51:32,710 --> 00:51:27,260

still shave as good as they do today or

1300

00:51:34,000 --> 00:51:32,720

as they did then yeah they but and

1301
00:51:36,579 --> 00:51:34,010
that's nothing my company tries to do is

1302
00:51:38,200 --> 00:51:36,589
you know reboot some of these classic

1303
00:51:48,670 --> 00:51:38,210
old designs and it really never got a

1304
00:51:50,740 --> 00:51:48,680
chance and Senate dog yeah yeah yeah I

1305
00:51:52,630 --> 00:51:50,750
mean I uh I've been I've been I've been

1306
00:51:56,200 --> 00:51:52,640
looking at some of your videos and and

1307
00:51:59,559 --> 00:51:56,210
dude I gotta say like I've never wanted

1308
00:52:01,900 --> 00:51:59,569
to shave my beard more than then I dunno

1309
00:52:04,540 --> 00:52:01,910
it's it's been like oh man I've had this

1310
00:52:06,760 --> 00:52:04,550
yes four years bro and like I never saw

1311
00:52:09,099 --> 00:52:06,770
myself shaving it but the more and more

1312
00:52:11,170 --> 00:52:09,109
I look at your videos the wor more like

1313
00:52:12,579 --> 00:52:11,180

tempted I get to just be like yeah shade

1314

00:52:15,010 --> 00:52:12,589

this son of a [h__\h] right now

1315

00:52:17,440 --> 00:52:15,020

I know I killed beards man I'm a beard

1316

00:52:19,180 --> 00:52:17,450

Slayer oh man yeah the good thing for me

1317

00:52:21,309 --> 00:52:19,190

is that I can grow back pretty quick but

1318

00:52:24,099 --> 00:52:21,319

yeah I was I was I was telling my wife I

1319

00:52:26,349 --> 00:52:24,109

was like you know what I need to be you

1320

00:52:27,940 --> 00:52:26,359

know I'm gonna get one of these razors

1321

00:52:30,370 --> 00:52:27,950

and I'm gonna start being at least the

1322

00:52:31,809 --> 00:52:30,380

necks a ver you know yes I need to at

1323

00:52:33,849 --> 00:52:31,819

least do that and try it out because

1324

00:52:37,470 --> 00:52:33,859

like you were saying man yeah it's it's

1325

00:52:41,020 --> 00:52:37,480

it is almost an expression of just

1326
00:52:44,200 --> 00:52:41,030
multiple terrible shaves and just being

1327
00:52:46,000 --> 00:52:44,210
uncomfortable yeah yeah yeah I really

1328
00:52:47,950 --> 00:52:46,010
think it is and it was interesting

1329
00:52:49,690 --> 00:52:47,960
because I saw Gillette put out a study a

1330
00:52:51,339 --> 00:52:49,700
few years back and I'm talking just

1331
00:52:53,319 --> 00:52:51,349
about that there's some of how the beard

1332
00:52:56,710 --> 00:52:53,329
fad they've lost so much you know market

1333
00:52:59,230 --> 00:52:56,720
share the gloss so much in regards to

1334
00:53:00,910 --> 00:52:59,240
the beard craze the sales were

1335
00:53:02,829 --> 00:53:00,920
down there blended all in beers beach

1336
00:53:05,109 --> 00:53:02,839
beards they never once mentioned the

1337
00:53:07,420 --> 00:53:05,119
return to traditional shaving and they

1338
00:53:09,700 --> 00:53:07,430

know that's going on oh yeah they are

1339

00:53:11,560 --> 00:53:09,710

owned they own Art of Shaving also in

1340

00:53:13,089 --> 00:53:11,570

the malls so they own both horses but

1341

00:53:14,890 --> 00:53:13,099

the thing is if they brought that up in

1342

00:53:16,089 --> 00:53:14,900

their study suddenly would draw our

1343

00:53:17,620 --> 00:53:16,099

attention to that and people would be

1344

00:53:19,120 --> 00:53:17,630

going up if they say it's just a beard

1345

00:53:21,250 --> 00:53:19,130

fed people know that's gonna go away

1346

00:53:23,410 --> 00:53:21,260

they don't realize is another way of

1347

00:53:25,900 --> 00:53:23,420

Shaving and for those that do you have

1348

00:53:27,370 --> 00:53:25,910

Art of Shaving in the mall which you

1349

00:53:28,210 --> 00:53:27,380

know love them or hate them they'd still

1350

00:53:30,040 --> 00:53:28,220

doing a good thing because they're

1351

00:53:31,900 --> 00:53:30,050

creating their 80 and creating an

1352

00:53:33,250 --> 00:53:31,910

awareness around alternate forms of

1353

00:53:35,079 --> 00:53:33,260

Shaving you know alternative ways of

1354

00:53:36,880 --> 00:53:35,089

Shaving yeah that we didn't know of

1355

00:53:37,780 --> 00:53:36,890

until then so there's that but I just

1356

00:53:39,510 --> 00:53:37,790

thought that was interesting like a

1357

00:53:42,730 --> 00:53:39,520

Gillette kept their mouth shut there

1358

00:53:44,700 --> 00:53:42,740

yeah yeah for sure dude another

1359

00:53:47,829 --> 00:53:44,710

interesting thing that you said that I

1360

00:53:50,560 --> 00:53:47,839

kind of blew my mind was was that your

1361

00:53:54,329 --> 00:53:50,570

the hair absorbs the water like when you

1362

00:53:57,400 --> 00:53:54,339

were talking about not chasing the shave

1363

00:53:58,780 --> 00:53:57,410

yeah well that's the that's the kiss of

1364

00:54:01,570 --> 00:53:58,790

death right there as most of us while

1365

00:54:03,190 --> 00:54:01,580

we're shaving we were you know we shave

1366

00:54:05,740 --> 00:54:03,200

once then we feel like oh do I need to

1367

00:54:08,829 --> 00:54:05,750

touch up and we go back at it in that

1368

00:54:11,140 --> 00:54:08,839

again kiss of death cuz it's an illusion

1369

00:54:13,810 --> 00:54:11,150

when you're shaving and you're using

1370

00:54:15,310 --> 00:54:13,820

lather that's that's used to pull in the

1371

00:54:17,200 --> 00:54:15,320

moisture and the hydration rather into

1372

00:54:20,500 --> 00:54:17,210

the whisker it wants that water it makes

1373

00:54:22,599 --> 00:54:20,510

it fatter it blows up about 80% so it's

1374

00:54:23,980 --> 00:54:22,609

more for the Rays to bump the bite on to

1375

00:54:26,230 --> 00:54:23,990

yeah that's why I do a hot towel

1376
00:54:27,250 --> 00:54:26,240
treatments back in the day or that's why

1377
00:54:28,660 --> 00:54:27,260
we recommend you do is take a shower

1378
00:54:30,849 --> 00:54:28,670
first or even shave in the shower

1379
00:54:32,440 --> 00:54:30,859
consumes a perfect there but your hair

1380
00:54:34,030 --> 00:54:32,450
sucking up that water like you have a

1381
00:54:36,070 --> 00:54:34,040
beard you know how much you know how

1382
00:54:38,680 --> 00:54:36,080
much beer in alcohol that thing can

1383
00:54:40,750 --> 00:54:38,690
contain oh you know I mean like it's a

1384
00:54:43,540 --> 00:54:40,760
beard tank so that's what's absorbing

1385
00:54:45,310 --> 00:54:43,550
all that and so often bullet will chase

1386
00:54:47,440 --> 00:54:45,320
that perfect shave and we end up doing

1387
00:54:49,329 --> 00:54:47,450
more harm than good with rays causing

1388
00:54:52,210 --> 00:54:49,339

razor burn bumps ingrown hairs so on and

1389

00:54:53,079 --> 00:54:52,220

so forth where we should just stop right

1390

00:54:54,280 --> 00:54:53,089

when we think when they think it's

1391

00:54:55,660 --> 00:54:54,290

closed up if even it feels like it's

1392

00:54:57,130 --> 00:54:55,670

still there stopped because it was in a

1393

00:54:59,700 --> 00:54:57,140

half an hour which meant rock back down

1394

00:55:03,190 --> 00:54:59,710

and it's gonna be a damn fine shave nice

1395

00:55:04,960 --> 00:55:03,200

yeah yeah that's it's pretty awesome it

1396

00:55:09,510 --> 00:55:04,970

I just had this vision of been going

1397

00:55:22,589 --> 00:55:12,460

might be what happened

1398

00:55:25,630 --> 00:55:22,599

very quiet here heavy breathing okay

1399

00:55:28,000 --> 00:55:25,640

yeah so I have these like two dinosaur

1400

00:55:30,130 --> 00:55:28,010

size bones and I just gave both of my

1401

00:55:34,109 --> 00:55:30,140

dogs them so they're very happy now oh

1402

00:55:36,580 --> 00:55:34,119

nice they felt left out there yeah

1403

00:55:39,310 --> 00:55:36,590

they're literally right around on the

1404

00:55:42,460 --> 00:55:39,320

other side of the door just like I wanna

1405

00:55:43,839 --> 00:55:42,470

be a part of it yeah no I'm wearing

1406

00:55:45,250 --> 00:55:43,849

headphones so I didn't know and I'm at

1407

00:55:47,170 --> 00:55:45,260

my facility and I didn't know if it was

1408

00:55:49,750 --> 00:55:47,180

outside my door or if it was inside here

1409

00:55:52,930 --> 00:55:49,760

to talk to you guys I'm thinking like I

1410

00:55:55,180 --> 00:55:52,940

have to go outside and I heard you kind

1411

00:56:05,290 --> 00:55:55,190

of pause for a second oh no he hears it

1412

00:56:07,210 --> 00:56:05,300

too well welcome back bro so I saw you

1413

00:56:14,730 --> 00:56:07,220

did like a little live post the other

1414

00:56:22,839 --> 00:56:14,740

day and you made a reference to Mikasa

1415

00:56:24,849 --> 00:56:22,849

is that in Spanish bro

1416

00:56:29,010 --> 00:56:24,859

that reference literally made me go

1417

00:56:32,920 --> 00:56:29,020

watch ET in Spanish it was hilarious

1418

00:56:37,170 --> 00:56:32,930

yes man oh my god guys if none of y'all

1419

00:56:42,010 --> 00:56:40,599

subtitles on do that but I mean it's a

1420

00:56:45,670 --> 00:56:42,020

classic so you shouldn't even need the

1421

00:56:47,230 --> 00:56:45,680

subtitles no no no I sit it is a classic

1422

00:56:47,560 --> 00:56:47,240

and you've hopefully seen it more than

1423

00:56:50,020 --> 00:56:47,570

once

1424

00:56:53,050 --> 00:56:50,030

oh yeah but uh yeah no any if anyone who

1425

00:56:54,430 --> 00:56:53,060

grew up speaking Spanish they'll know

1426
00:56:55,870 --> 00:56:54,440
exactly what you're talking about there

1427
00:56:58,410 --> 00:56:55,880
are age or whatnot they'll know exactly

1428
00:57:08,680 --> 00:56:58,420
you talk with your telephone because

1429
00:57:10,870 --> 00:57:08,690
even his voice it's funny cuz you know I

1430
00:57:13,300 --> 00:57:10,880
kind of do I work in the landscaping

1431
00:57:15,970 --> 00:57:13,310
business and I was telling some guys at

1432
00:57:19,870 --> 00:57:15,980
work I was like yo so I watched et in

1433
00:57:21,310 --> 00:57:19,880
Spanish and that was hilarious and they

1434
00:57:22,970 --> 00:57:21,320
all kind of looked at me like why was

1435
00:57:25,609 --> 00:57:22,980
that funny thank you

1436
00:57:28,760 --> 00:57:25,619
because they all mainly speak Spanish I

1437
00:57:36,589 --> 00:57:28,770
don't get it so I had to wait and come

1438
00:57:37,970 --> 00:57:36,599

and tell Bend cuz I know you said that

1439

00:57:39,770 --> 00:57:37,980

it would you were like you were like

1440

00:57:49,460 --> 00:57:39,780

nobody's gonna get this references you

1441

00:57:52,069 --> 00:57:49,470

were like really I didn't think oh

1442

00:57:53,990 --> 00:57:52,079

that's amazing yeah that's good man yeah

1443

00:57:55,880 --> 00:57:54,000

I was like this sounds like something et

1444

00:57:57,680 --> 00:57:55,890

would say I think it's just the way my

1445

00:57:59,720 --> 00:57:57,690

brain works so like it just went

1446

00:58:01,940 --> 00:57:59,730

directly there that was like good good

1447

00:58:04,280 --> 00:58:01,950

yeah they're gonna love my live videos

1448

00:58:05,810 --> 00:58:04,290

that my I do I try to do a live video in

1449

00:58:09,380 --> 00:58:05,820

my car like every day on the way to the

1450

00:58:11,690 --> 00:58:09,390

gym hell yeah yeah yeah oh yeah that

1451

00:58:17,690 --> 00:58:11,700

influenced me to go and watch ET in

1452

00:58:21,859 --> 00:58:17,700

Spanish dude thank you thank you as long

1453

00:58:23,510 --> 00:58:21,869

as I can least one person that's what

1454

00:58:25,010 --> 00:58:23,520

makes it worth it we feel the same way

1455

00:58:26,420 --> 00:58:25,020

as long as we can reach one exactly

1456

00:58:28,730 --> 00:58:26,430

doing our jobs

1457

00:58:31,250 --> 00:58:28,740

exactly yeah man you guys are doing a

1458

00:58:35,240 --> 00:58:31,260

service it's very cool hilarious

1459

00:58:37,790 --> 00:58:35,250

yeah speaking of ET I mean I I feel like

1460

00:58:40,540 --> 00:58:37,800

you have to tell us here your UFO maybe

1461

00:58:42,920 --> 00:58:40,550

you know unidentified kind of experience

1462

00:58:45,680 --> 00:58:42,930

just so the listeners know how awesome

1463

00:58:48,710 --> 00:58:45,690

story that is if you if you want to tell

1464

00:58:52,780 --> 00:58:48,720

it wait you beat up do this before yeah

1465

00:58:58,640 --> 00:58:55,250

yeah I forget I can't remember what we

1466

00:59:01,579 --> 00:58:58,650

spoke about last time but okay yeah good

1467

00:59:03,109 --> 00:59:01,589

because we were at UFO Congress the guys

1468

00:59:05,390 --> 00:59:03,119

were asking me if I ever had an

1469

00:59:08,050 --> 00:59:05,400

experience myself and I had a few and a

1470

00:59:10,670 --> 00:59:08,060

couple questionable experiences that I

1471

00:59:14,390 --> 00:59:10,680

my mind just doesn't automatically go to

1472

00:59:15,740 --> 00:59:14,400

to aliens or UFOs first even though that

1473

00:59:18,440 --> 00:59:15,750

would be awesome and break the monotony

1474

00:59:20,270 --> 00:59:18,450

of everyday life I it just doesn't go

1475

00:59:23,450 --> 00:59:20,280

there first I try to figure out as I

1476
00:59:25,099 --> 00:59:23,460
think most sensible people do you know

1477
00:59:26,300 --> 00:59:25,109
figure out what what could that have

1478
00:59:27,980 --> 00:59:26,310
been you know I mean like it just

1479
00:59:31,490 --> 00:59:27,990
doesn't go there I'm not Giorgio so my

1480
00:59:34,550 --> 00:59:31,500
mind is not to be there for aliens

1481
00:59:36,650 --> 00:59:34,560
yeah I love that I was I wish everything

1482
00:59:38,450 --> 00:59:36,660
was that he's the symbol but uh

1483
00:59:40,490 --> 00:59:38,460
I was living in Central America I lived

1484
00:59:42,350 --> 00:59:40,500
in Central America for four years and

1485
00:59:43,610 --> 00:59:42,360
while I was down there I had two

1486
00:59:45,710 --> 00:59:43,620
experiences I actually had a couple

1487
00:59:47,270 --> 00:59:45,720
about a couple more than that but two

1488
00:59:50,750 --> 00:59:47,280

big ones were I was just hanging outside

1489

00:59:53,630 --> 00:59:50,760

on a patio one time drinking alcohol was

1490

00:59:55,190 --> 00:59:53,640

involved with some friends but you know

1491

00:59:57,440 --> 00:59:55,200

you don't hallucinate on alcohol right

1492

00:59:58,700 --> 00:59:57,450

why I you know didn't you know that yeah

1493

01:00:00,200 --> 00:59:58,710

but some people don't know that you

1494

01:00:01,460 --> 01:00:00,210

here's some stories and they always

1495

01:00:03,200 --> 01:00:01,470

discredit people like well he was

1496

01:00:04,940 --> 01:00:03,210

drinking yeah I've had a lot to drink

1497

01:00:08,510 --> 01:00:04,950

I'll black out before hallucinate

1498

01:00:11,990 --> 01:00:08,520

exactly yeah I was on the patio and on

1499

01:00:13,640 --> 01:00:12,000

the corner of my eye left eye that

1500

01:00:16,880 --> 01:00:13,650

something shot out before me into the

1501

01:00:18,080 --> 01:00:16,890

night sky and it it seemed to have an

1502

01:00:20,150 --> 01:00:18,090

intelligence to the weight moved round

1503

01:00:21,320 --> 01:00:20,160

and just shot off into nothing and I and

1504

01:00:22,160 --> 01:00:21,330

I was in the middle of conversation

1505

01:00:24,470 --> 01:00:22,170

colleague now I was talking about

1506

01:00:26,120 --> 01:00:24,480

something and I just stopped from where

1507

01:00:27,080 --> 01:00:26,130

I was sitting and stood up and stared

1508

01:00:29,660 --> 01:00:27,090

off and everyone's looking at me like

1509

01:00:30,770 --> 01:00:29,670

what was going on here yeah and I wasn't

1510

01:00:33,200 --> 01:00:30,780

drunk I probably had maybe one or two

1511

01:00:35,150 --> 01:00:33,210

beers to me and Costa Rican beer so they

1512

01:00:37,880 --> 01:00:35,160

gonna know yeah it wasn't really bad

1513

01:00:43,820 --> 01:00:37,890

it's more like drinking my own urine but

1514

01:00:45,920 --> 01:00:43,830

uh in flavor and in performance and so I

1515

01:00:47,780 --> 01:00:45,930

I you know really was just trying to

1516

01:00:48,950 --> 01:00:47,790

figure out like in that moment what just

1517

01:00:50,600 --> 01:00:48,960

wasn't I just witnessed what happened

1518

01:00:51,980 --> 01:00:50,610

cuz I my mind wasn't there my mind was

1519

01:00:54,080 --> 01:00:51,990

in the conversation but this happened at

1520

01:00:57,230 --> 01:00:54,090

the same time like it overlaid on top of

1521

01:01:00,050 --> 01:00:57,240

it and I to this day it could have been

1522

01:01:01,880 --> 01:01:00,060

a firefly fireflies are down there and

1523

01:01:03,590 --> 01:01:01,890

whatnot they're wandering around to need

1524

01:01:05,660 --> 01:01:03,600

to make sense of that but right I could

1525

01:01:07,370 --> 01:01:05,670

see a firefly doing the same thing like

1526

01:01:09,590 --> 01:01:07,380

I mean looking the same way yeah

1527

01:01:13,690 --> 01:01:09,600

definitely and Costa Rican fireflies are

1528

01:01:16,550 --> 01:01:13,700

huge yeah I've got some big old movies

1529

01:01:19,250 --> 01:01:16,560

everything's bigger in Texas that's

1530

01:01:22,670 --> 01:01:19,260

right that's right so yeah it was a big

1531

01:01:24,110 --> 01:01:22,680

booty full it was I don't know what so

1532

01:01:26,360 --> 01:01:24,120

we're just gonna say it's a UFO because

1533

01:01:28,820 --> 01:01:26,370

that's what it was in this truest form

1534

01:01:31,700 --> 01:01:28,830

and another time before that I was on

1535

01:01:32,930 --> 01:01:31,710

the beach and a fire again partying with

1536

01:01:35,990 --> 01:01:32,940

some friends I had a couple of beers in

1537

01:01:38,090 --> 01:01:36,000

me and I was but I've never had the

1538

01:01:40,900 --> 01:01:38,100

experience like this drinking I was I

1539

01:01:43,400 --> 01:01:40,910

left the fire we I lived in the

1540

01:01:45,590 --> 01:01:43,410

rainforest kind of at the edge of the

1541

01:01:49,180 --> 01:01:45,600

rainforest on a beach and in a hammock

1542

01:01:50,890 --> 01:01:49,190

yeah the best part hammock

1543

01:01:54,609 --> 01:01:50,900

yeah that's that that was my house

1544

01:01:56,770 --> 01:01:54,619

Mikasa I did have a I used the tent for

1545

01:01:58,540 --> 01:01:56,780

supplies but I slept and lived pretty

1546

01:02:00,430 --> 01:01:58,550

much in my hammock but that's just some

1547

01:02:03,760 --> 01:02:00,440

background anyways I was on the beach

1548

01:02:05,380 --> 01:02:03,770

and I left the fire to go use the

1549

01:02:06,609 --> 01:02:05,390

bathroom which would be the jungle

1550

01:02:08,140 --> 01:02:06,619

there's the rain forest right there and

1551

01:02:10,809 --> 01:02:08,150

I wasn't too deep in and I was probably

1552

01:02:13,930 --> 01:02:10,819

about you see into the forest and this

1553

01:02:15,460 --> 01:02:13,940

is probably like midnight the witching

1554

01:02:18,819 --> 01:02:15,470

hour or somewhere around there you know

1555

01:02:21,040 --> 01:02:18,829

and I was doing my thing and something

1556

01:02:23,589 --> 01:02:21,050

was running at me full force I could

1557

01:02:25,720 --> 01:02:23,599

hear it I could I could hear it I could

1558

01:02:27,520 --> 01:02:25,730

almost feel it - coming at me and then

1559

01:02:30,099 --> 01:02:27,530

it stopped immediately and abruptly

1560

01:02:31,990 --> 01:02:30,109

probably a yard in front of me and there

1561

01:02:33,099 --> 01:02:32,000

was nothing there and I'm just like

1562

01:02:34,150 --> 01:02:33,109

leaning up against the tree I don't

1563

01:02:36,579 --> 01:02:34,160

maybe I was leading astray I was just

1564

01:02:38,500 --> 01:02:36,589

you know kind of taking it all in

1565

01:02:40,390 --> 01:02:38,510

I mean rotten wood like what was that

1566

01:02:42,700 --> 01:02:40,400

yeah and I just kind of shrugged it off

1567

01:02:44,470 --> 01:02:42,710

and walked away but I was you know in

1568

01:02:46,240 --> 01:02:44,480

shrugging it off I was like it was a

1569

01:02:48,069 --> 01:02:46,250

listener it must have been a lizard an

1570

01:02:50,500 --> 01:02:48,079

iguana iguanas are all over there it

1571

01:02:52,510 --> 01:02:50,510

must been under you no stop the foliage

1572

01:02:54,160 --> 01:02:52,520

running at me and then saw me and

1573

01:02:55,569 --> 01:02:54,170

stopped yeah cuz those things are

1574

01:02:57,819 --> 01:02:55,579

they're big and they won't make noise

1575

01:02:59,380 --> 01:02:57,829

but this is at night and I don't know it

1576

01:03:00,490 --> 01:02:59,390

was just a nocturnal or not I should

1577

01:03:01,720 --> 01:03:00,500

probably find that out yeah I don't

1578

01:03:03,250 --> 01:03:01,730

think they are that's what was

1579

01:03:05,920 --> 01:03:03,260

interesting cuz it was at night and like

1580

01:03:09,660 --> 01:03:05,930

I mean I don't know or do they have

1581

01:03:12,400 --> 01:03:09,670

feral hogs out there wild hogs or maybe

1582

01:03:14,559 --> 01:03:12,410

that's the thing no I he was like is

1583

01:03:19,930 --> 01:03:14,569

that those tiny little dinosaurs on

1584

01:03:22,120 --> 01:03:19,940

Jurassic Park yeah yes know where I was

1585

01:03:23,829 --> 01:03:22,130

living actually Jurassic Park was filmed

1586

01:03:27,099 --> 01:03:23,839

in part of where I was living that in

1587

01:03:29,349 --> 01:03:27,109

that area yes yeah yeah so was that in a

1588

01:03:32,230 --> 01:03:29,359

condo Oh gives you an idea where I was

1589

01:03:34,390 --> 01:03:32,240

living cool anaconda is such a good yeah

1590

01:03:37,089 --> 01:03:34,400

right there was another time

1591

01:03:38,530 --> 01:03:37,099

I was actually in my hammock and I I

1592

01:03:40,089 --> 01:03:38,540

would pick up my hammock and take it

1593

01:03:41,530 --> 01:03:40,099

down the beach to other parts of the

1594

01:03:44,200 --> 01:03:41,540

jungle to sleep in overnight sometimes

1595

01:03:46,960 --> 01:03:44,210

just to get out and do stuff and I was

1596

01:03:49,000 --> 01:03:46,970

doing that it function as my tent - I

1597

01:03:51,280 --> 01:03:49,010

didn't have a cover for it but I would

1598

01:03:53,650 --> 01:03:51,290

tie a string above it and hang like a

1599

01:03:54,849 --> 01:03:53,660

silk or satin type sheet but something

1600

01:03:57,130 --> 01:03:54,859

mashita bought the Salvation Army down

1601
01:03:58,450 --> 01:03:57,140
there over it just to prevent almonds

1602
01:04:02,200 --> 01:03:58,460
from falling on me because I was always

1603
01:04:04,130 --> 01:04:02,210
almonds tree and squirrels and monkeys

1604
01:04:06,290 --> 01:04:04,140
would

1605
01:04:08,540 --> 01:04:06,300
but something came up to me in the night

1606
01:04:10,160 --> 01:04:08,550
and this time I knew what it was it was

1607
01:04:13,099 --> 01:04:10,170
a panther it was some kind of large cat

1608
01:04:14,960 --> 01:04:13,109
oh good there I don't know if it's gonna

1609
01:04:16,069 --> 01:04:14,970
run through me and then stop start but

1610
01:04:18,410 --> 01:04:16,079
it checked me out

1611
01:04:20,240 --> 01:04:18,420
and like I didn't move I just let it

1612
01:04:21,920 --> 01:04:20,250
check me out and they make one went away

1613
01:04:24,650 --> 01:04:21,930

and did its thing but it was a large cat

1614

01:04:26,450 --> 01:04:24,660

that much I know it is the jungle there

1615

01:04:27,859 --> 01:04:26,460

are lots of living things there there's

1616

01:04:29,569 --> 01:04:27,869

lots of the wild stuff going on and

1617

01:04:30,980 --> 01:04:29,579

these things that as me the gringo that

1618

01:04:32,510 --> 01:04:30,990

I'm not used to I didn't grow up in that

1619

01:04:34,940 --> 01:04:32,520

environment I don't know it well so

1620

01:04:37,430 --> 01:04:34,950

rather than we jump to the paranormal

1621

01:04:39,740 --> 01:04:37,440

immediately I can you know that I don't

1622

01:04:41,450 --> 01:04:39,750

know I just don't know yeah I mean

1623

01:04:43,010 --> 01:04:41,460

that's a responsible thing to do I mean

1624

01:04:44,000 --> 01:04:43,020

it's fun I mean that's what the podcast

1625

01:04:45,980 --> 01:04:44,010

is about we're talking about like

1626

01:04:48,290 --> 01:04:45,990

experiences and stuff but it's always

1627

01:04:50,599 --> 01:04:48,300

good to be a little skeptical and all

1628

01:04:52,130 --> 01:04:50,609

right here are the options the fan man

1629

01:04:53,870 --> 01:04:52,140

what did you tell if it was some

1630

01:04:55,849 --> 01:04:53,880

something out of this world but all

1631

01:04:57,799 --> 01:04:55,859

right let's be real and talk about it I

1632

01:05:06,349 --> 01:04:57,809

mean exactly that's what makes it fun

1633

01:05:09,289 --> 01:05:06,359

he's like man maybe it was you know and

1634

01:05:11,089 --> 01:05:09,299

for me that's enough but you know the

1635

01:05:13,099 --> 01:05:11,099

Panther probably went back to his you

1636

01:05:19,849 --> 01:05:13,109

know his pride or maybe his mate and

1637

01:05:22,039 --> 01:05:19,859

said hey baby I saw a UFO it looks like

1638

01:05:25,849 --> 01:05:22,049

I don't know it just it looked like a

1639

01:05:27,140 --> 01:05:25,859

cloud but it was I know it had this like

1640

01:05:30,559 --> 01:05:27,150

monkey in it but it was like really

1641

01:05:33,289 --> 01:05:30,569

really white and hairless ya think was

1642

01:05:38,980 --> 01:05:33,299

thought the hairless monk and was yeah

1643

01:05:42,890 --> 01:05:41,089

probably I probably give you guys some

1644

01:05:44,960 --> 01:05:42,900

backstory about why I was in Central

1645

01:05:47,030 --> 01:05:44,970

America absolutely that's pretty much

1646

01:05:48,470 --> 01:05:47,040

that's where the business started I get

1647

01:05:51,289 --> 01:05:48,480

I did you an injustice my for my

1648

01:05:54,079 --> 01:05:51,299

introduction Phoenix shaving originally

1649

01:05:58,160 --> 01:05:54,089

began in Central America I moved down

1650

01:06:00,230 --> 01:05:58,170

there to Costa Rica to montezuma costa

1651
01:06:03,349 --> 01:06:00,240
rica on the Khoya peninsula without

1652
01:06:07,160 --> 01:06:03,359
knowing anybody or the language about

1653
01:06:08,839 --> 01:06:07,170
ten years ago and it was awesome not

1654
01:06:09,890 --> 01:06:08,849
knowing the language and just I mean

1655
01:06:10,579 --> 01:06:09,900
well you just end up these cool

1656
01:06:12,020 --> 01:06:10,589
situations

1657
01:06:13,490 --> 01:06:12,030
they're almost like beautiful dreams

1658
01:06:15,140 --> 01:06:13,500
where you don't know where you're going

1659
01:06:15,860 --> 01:06:15,150
but it always is it being pretty cool

1660
01:06:17,750 --> 01:06:15,870
yeah

1661
01:06:20,120 --> 01:06:17,760
it's a lot like being a lyric in a Paul

1662
01:06:22,280 --> 01:06:20,130
Simon or a Jimmy Buffett song and

1663
01:06:24,920 --> 01:06:22,290

because I was just living living on my

1664

01:06:27,350 --> 01:06:24,930

savings and surfing and studying a

1665

01:06:29,450 --> 01:06:27,360

playing pandeiro which is kind of like a

1666

01:06:31,160 --> 01:06:29,460

tambourine Brazilian tambourine love

1667

01:06:34,540 --> 01:06:31,170

story I was also teaching a children's

1668

01:06:37,520 --> 01:06:34,550

Orchestra down there well the thing is I

1669

01:06:38,840 --> 01:06:37,530

was getting bit by sand fleas in between

1670

01:06:41,240 --> 01:06:38,850

the hours of like 5:00 and 6:00 p.m.

1671

01:06:42,830 --> 01:06:41,250

every night and there was nothing to

1672

01:06:45,080 --> 01:06:42,840

treat it with you know in the United

1673

01:06:46,460 --> 01:06:45,090

States we have after bite and I was

1674

01:06:48,320 --> 01:06:46,470

always been a huge fan of that it works

1675

01:06:49,160 --> 01:06:48,330

immediately yeah couldn't find a thing

1676

01:06:52,010 --> 01:06:49,170

like that down there so I end up

1677

01:06:52,910 --> 01:06:52,020

inventing my own product buying some you

1678

01:06:54,020 --> 01:06:52,920

know raw materials from different

1679

01:06:56,450 --> 01:06:54,030

markets down there putting the other my

1680

01:06:58,490 --> 01:06:56,460

own products I was calling its nomás and

1681

01:07:01,070 --> 01:06:58,500

it was I just I made it because I needed

1682

01:07:02,420 --> 01:07:01,080

it it was never intended to sell or that

1683

01:07:04,820 --> 01:07:02,430

and the thing is it worked really well

1684

01:07:06,230 --> 01:07:04,830

so much so that other tourists and even

1685

01:07:08,720 --> 01:07:06,240

locals were knocking on my tent collapse

1686

01:07:09,620 --> 01:07:08,730

trying to get some and I was thinking

1687

01:07:11,240 --> 01:07:09,630

myself you know if I ever make it back

1688

01:07:12,560 --> 01:07:11,250

to the United States I'm gonna sell this

1689

01:07:14,630 --> 01:07:12,570

stuff I'm gonna ship it down here and

1690

01:07:16,520 --> 01:07:14,640

sell it and that's exactly happened four

1691

01:07:19,520 --> 01:07:16,530

years later I was back in the United

1692

01:07:19,970 --> 01:07:19,530

States making and shipping down its No

1693

01:07:21,470 --> 01:07:19,980

Mas

1694

01:07:23,690 --> 01:07:21,480

and with that I created another product

1695

01:07:24,440 --> 01:07:23,700

called stink No Mas which was an

1696

01:07:29,120 --> 01:07:24,450

emergency

1697

01:07:30,980 --> 01:07:29,130

repellent so as you wore it you would

1698

01:07:32,750 --> 01:07:30,990

sweat and it would release essential

1699

01:07:35,480 --> 01:07:32,760

oils into the air that would repeal

1700

01:07:36,800 --> 01:07:35,490

certain bugs and no Siam's and that

1701

01:07:38,540 --> 01:07:36,810

actually do end up doing much better

1702

01:07:39,950 --> 01:07:38,550

than this deep it's Tomas it's the most

1703

01:07:42,440 --> 01:07:39,960

of great butts think Tomas was like a

1704

01:07:44,720 --> 01:07:42,450

huge hit I don't even eat some of that

1705

01:07:46,340 --> 01:07:44,730

in Snowmass right now it's about to rain

1706

01:07:48,050 --> 01:07:46,350

mosquitos are coming back to Texas

1707

01:07:49,520 --> 01:07:48,060

actually I don't make it anymore

1708

01:07:50,510 --> 01:07:49,530

I actually don't that people up here

1709

01:07:52,790 --> 01:07:50,520

don't eat there's so many products up

1710

01:07:55,040 --> 01:07:52,800

here they use that you can use that I

1711

01:07:57,680 --> 01:07:55,050

just don't I would like to Commission

1712

01:08:00,770 --> 01:07:57,690

you to build or to make some more just

1713

01:08:02,210 --> 01:08:00,780

for like a UFO garage like yeah I

1714

01:08:06,080 --> 01:08:02,220

actually have some in my garage

1715

01:08:08,390 --> 01:08:06,090

ironically a bad stock that's probably a

1716

01:08:11,540 --> 01:08:08,400

7 years old now but I will gladly send

1717

01:08:14,390 --> 01:08:11,550

you one Joe it's more pen do you know

1718

01:08:17,140 --> 01:08:14,400

you white guys we do kind of sound

1719

01:08:19,460 --> 01:08:17,150

insane so me have been me and Ben were

1720

01:08:21,650 --> 01:08:19,470

wanting to pitch something to you the

1721

01:08:23,809 --> 01:08:21,660

UFO garage wise we were thinking you

1722

01:08:26,780 --> 01:08:23,819

know maybe maybe like you could make a

1723

01:08:28,280 --> 01:08:26,790

product that like you know like for your

1724

01:08:30,950 --> 01:08:28,290

balls

1725

01:08:33,020 --> 01:08:30,960

yeah yeah like a wall dude I got butter

1726

01:08:35,150 --> 01:08:33,030

I got like a pH balancer for your balls

1727

01:08:36,829 --> 01:08:35,160

okay so you know how people like get

1728

01:08:38,780 --> 01:08:36,839

chafing down there you know when you're

1729

01:08:44,539 --> 01:08:38,790

at Six Flags or something or it's a hot

1730

01:08:48,410 --> 01:08:44,549

day you know yes have some some some

1731

01:08:51,380 --> 01:08:48,420

slippage yeah I didn't make something

1732

01:08:55,099 --> 01:08:51,390

called snowballs when it was methylated

1733

01:08:57,349 --> 01:08:55,109

powder and that was in my hometown is

1734

01:09:00,740 --> 01:08:57,359

where a Gold Bond powder was invented an

1735

01:09:01,820 --> 01:09:00,750

FYI Oh make a mean powder by default I

1736

01:09:03,920 --> 01:09:01,830

think water

1737

01:09:06,590 --> 01:09:03,930

yes snowballs we did make that probably

1738

01:09:07,940 --> 01:09:06,600

about five years ago honor see the

1739

01:09:09,140 --> 01:09:07,950

original company was to have a girl

1740

01:09:10,579 --> 01:09:09,150

mustache

1741

01:09:12,440 --> 01:09:10,589

cuz like we had a blog how to grow a

1742

01:09:14,030 --> 01:09:12,450

mustache calm which is still out there

1743

01:09:15,410 --> 01:09:14,040

but it's kind of defunct but I was

1744

01:09:16,880 --> 01:09:15,420

making products around that and so one

1745

01:09:19,550 --> 01:09:16,890

was the how to grow moustache snowball

1746

01:09:21,110 --> 01:09:19,560

powder or snowballs powder and that was

1747

01:09:23,120 --> 01:09:21,120

just that I'm just with chafing and all

1748

01:09:25,370 --> 01:09:23,130

that other jazz and you know pre

1749

01:09:40,099 --> 01:09:25,380

cleanness but the menthol was over the

1750

01:09:42,740 --> 01:09:40,109

top so is this like the other day so my

1751

01:09:44,930 --> 01:09:42,750

company my company has a poo pourri in

1752

01:09:47,000 --> 01:09:44,940

the toilets uh-huh and I forgot to spray

1753

01:09:49,910 --> 01:09:47,010

it before I sat down let's take a deuce

1754

01:09:53,240 --> 01:09:49,920

deuce and I sprayed it on my my

1755

01:09:57,050 --> 01:09:53,250

downstairs and yo don't ever do that cuz

1756

01:09:59,480 --> 01:09:57,060

it stings so does it batt never spray

1757

01:10:00,770 --> 01:09:59,490

you know Doug do you know what poo

1758

01:10:04,990 --> 01:10:00,780

pourri is do you know I'm talking abouts

1759

01:10:06,920 --> 01:10:05,000

like a genius it's like an oil yes

1760

01:10:08,900 --> 01:10:06,930

you're supposed to like spray it into

1761

01:10:11,450 --> 01:10:08,910

your the toilet water before you go to

1762

01:10:14,600 --> 01:10:11,460

the bathroom that's the guy the guy the

1763

01:10:16,070 --> 01:10:14,610

Dollar Shave Club guy right it doesn't

1764

01:10:18,620 --> 01:10:16,080

look like they're branding but it's

1765

01:10:21,500 --> 01:10:18,630

called poo pourri yeah I remember that

1766

01:10:24,080 --> 01:10:21,510

really pungent ginger smelling stuff and

1767

01:10:26,450 --> 01:10:24,090

dude I sprayed it off it was the worst

1768

01:10:28,310 --> 01:10:26,460

pain ever I can imagine there was a

1769

01:10:38,360 --> 01:10:28,320

meeting going on right next door and I

1770

01:10:39,890 --> 01:10:38,370

was like no joke I mean that stuff I I

1771

01:10:42,310 --> 01:10:39,900

don't even use that in products if I

1772

01:10:47,230 --> 01:10:42,320

don't have to it'll burn you

1773

01:10:49,390 --> 01:10:47,240

that those are some some intense any

1774

01:10:52,000 --> 01:10:49,400

spice any spice the oil who's gonna burn

1775

01:10:53,320 --> 01:10:52,010

your skin so I don't man I wouldn't wish

1776

01:10:56,140 --> 01:10:53,330

it upon my worst enemy I'm sorry you had

1777

01:10:58,390 --> 01:10:56,150

to experience that you're saying it's

1778

01:11:00,520 --> 01:10:58,400

the ginger that actually like oh yeah

1779

01:11:01,420 --> 01:11:00,530

okay so alright that makes oh now you

1780

01:11:03,610 --> 01:11:01,430

got your answer

1781

01:11:04,930 --> 01:11:03,620

yes funny dude cuz it's like instead of

1782

01:11:06,910 --> 01:11:04,940

like you walking in you're like oh

1783

01:11:08,710 --> 01:11:06,920

somebody pooped in here then you like

1784

01:11:15,400 --> 01:11:08,720

spray the poo pourri and you walk in

1785

01:11:18,220 --> 01:11:15,410

you're still like keep changing the

1786

01:11:22,720 --> 01:11:18,230

sense that you just never know they get

1787

01:11:25,410 --> 01:11:22,730

a cologne sandy yeah but no ginger clove

1788

01:11:27,880 --> 01:11:25,420

black pepper those those are certain

1789

01:11:29,980 --> 01:11:27,890

scent notes to be wary of when you're

1790

01:11:31,600 --> 01:11:29,990

looking for a nap disease or something

1791

01:11:34,240 --> 01:11:31,610

or a bomb or something gonna put on

1792

01:11:35,530 --> 01:11:34,250

freshly shaven skin yeah because those

1793

01:11:36,250 --> 01:11:35,540

will bells will burn you they'll turn

1794

01:11:38,350 --> 01:11:36,260

your skin red

1795

01:11:41,920 --> 01:11:38,360

that's why clove oil is used for treat

1796

01:11:44,110 --> 01:11:41,930

you know homeopathic Aleve or home

1797

01:11:47,470 --> 01:11:44,120

treatments gums if you have a toothache

1798

01:11:52,090 --> 01:11:47,480

or when I feel yeah yeah so imagine that

1799

01:11:54,250 --> 01:11:52,100

in an atmosphere so you were saying that

1800

01:11:57,370 --> 01:11:54,260

aftershave was originally invented as an

1801
01:11:59,050 --> 01:11:57,380
antiseptic right yeah that's the that's

1802
01:12:01,750 --> 01:11:59,060
what that's what it was made for it

1803
01:12:04,780 --> 01:12:01,760
that's that's the first priority is

1804
01:12:07,870 --> 01:12:04,790
being an antiseptic scent was purely an

1805
01:12:09,640 --> 01:12:07,880
afterthought in regards to aftershave in

1806
01:12:12,160 --> 01:12:09,650
fact back in the day shaving soaps and

1807
01:12:13,330 --> 01:12:12,170
app shaves had two different scents most

1808
01:12:14,350 --> 01:12:13,340
the time they just didn't they didn't

1809
01:12:14,920 --> 01:12:14,360
people didn't pair him like they do

1810
01:12:17,920 --> 01:12:14,930
nowadays

1811
01:12:19,450 --> 01:12:17,930
yeah but yeah people were dying people

1812
01:12:21,580 --> 01:12:19,460
were leaving the barber shop and dying

1813
01:12:23,530 --> 01:12:21,590

not immediately but they're absent

1814

01:12:25,570 --> 01:12:23,540

absences and whatnot just a little

1815

01:12:27,760 --> 01:12:25,580

Nick's micro cuts and Nick's they become

1816

01:12:30,910 --> 01:12:27,770

infected and they would die Henry David

1817

01:12:32,620 --> 01:12:30,920

Thoreau's brother actually died at that

1818

01:12:36,190 --> 01:12:32,630

and that's what led him to lead and

1819

01:12:37,480 --> 01:12:36,200

right Walden Pond or right Walden is

1820

01:12:39,310 --> 01:12:37,490

right after his brother's death from

1821

01:12:41,920 --> 01:12:39,320

that so yeah that's why aftershave was

1822

01:12:43,780 --> 01:12:41,930

invented however it was reinvent because

1823

01:12:46,690 --> 01:12:43,790

the Romans actually had various forms of

1824

01:12:48,430 --> 01:12:46,700

aftershave - oh yeah and some of their

1825

01:12:53,050 --> 01:12:48,440

ingredients are really like of the time

1826
01:12:54,280 --> 01:12:53,060
like spiderweb that was in there we had

1827
01:12:55,390 --> 01:12:54,290
to write a book on that the history of

1828
01:12:57,160 --> 01:12:55,400
bathrooms but

1829
01:12:58,780 --> 01:12:57,170
really fascinating but yeah it was

1830
01:13:00,370 --> 01:12:58,790
really just and still to this day it's

1831
01:13:02,320 --> 01:13:00,380
an antiseptic after you've done shaving

1832
01:13:03,130 --> 01:13:02,330
you want to close up everything and you

1833
01:13:04,780 --> 01:13:03,140
want to make sure there's nothing

1834
01:13:06,100 --> 01:13:04,790
growing on there are give me the

1835
01:13:08,800 --> 01:13:06,110
opportunity to grow on there so yeah you

1836
01:13:11,680 --> 01:13:08,810
want to use antiseptic and and then you

1837
01:13:13,750 --> 01:13:11,690
know in the early 30s 20s they started

1838
01:13:17,020 --> 01:13:13,760

adding fragrance to it early on but

1839

01:13:19,180 --> 01:13:17,030

again it wasn't really the prime

1840

01:13:21,040 --> 01:13:19,190

objective here was an afterthought yeah

1841

01:13:23,020 --> 01:13:21,050

yeah then kind of blew my mind it was

1842

01:13:24,640 --> 01:13:23,030

like oh really people were just dying

1843

01:13:26,740 --> 01:13:24,650

and then they came up that's how you

1844

01:13:28,120 --> 01:13:26,750

came up with after yeah yes it's they

1845

01:13:30,310 --> 01:13:28,130

finally got it you know another

1846

01:13:36,490 --> 01:13:30,320

Listerine started off as an aftershave

1847

01:13:40,840 --> 01:13:38,200

Aqua Velva is another one Aqua Velva

1848

01:13:43,030 --> 01:13:40,850

started off as an aftershave I mean I

1849

01:13:45,490 --> 01:13:43,040

was a mouthwash and then they turned

1850

01:13:47,050 --> 01:13:45,500

into an aftershave oh wow that's crazy a

1851

01:13:49,110 --> 01:13:47,060

lot of GIS during the Second World War

1852

01:13:52,149 --> 01:13:49,120

was getting drunk off the stuff in uh

1853

01:13:54,399 --> 01:13:52,159

yeah over and abroad so they had they

1854

01:13:56,950 --> 01:13:54,409

started adding chemicals to it so that

1855

01:13:59,260 --> 01:13:56,960

you couldn't drink any more alcohol yeah

1856

01:14:02,110 --> 01:13:59,270

and they also start coloring it blue but

1857

01:14:04,180 --> 01:14:02,120

yeah so I can't remember where I heard

1858

01:14:05,620 --> 01:14:04,190

this this this might have been on a

1859

01:14:07,780 --> 01:14:05,630

podcast that I've listened to you before

1860

01:14:09,610 --> 01:14:07,790

but the origins of the you know the

1861

01:14:12,010 --> 01:14:09,620

colors from the barber shops the red

1862

01:14:14,770 --> 01:14:12,020

white and blue yes the red was meant to

1863

01:14:17,410 --> 01:14:14,780

signet signify that they that whatever

1864

01:14:19,450 --> 01:14:17,420

shop had you know participated in

1865

01:14:22,000 --> 01:14:19,460

bloodletting or something like that do

1866

01:14:23,770 --> 01:14:22,010

you know more about that yeah in fact

1867

01:14:25,660 --> 01:14:23,780

the original colors are just red and

1868

01:14:27,040 --> 01:14:25,670

white if you go to Europe their barber

1869

01:14:28,300 --> 01:14:27,050

poles are red and white and what that

1870

01:14:30,280 --> 01:14:28,310

signifies yeah it was it was

1871

01:14:32,380 --> 01:14:30,290

bloodletting what they would do is back

1872

01:14:34,209 --> 01:14:32,390

in the day after bloodletting they would

1873

01:14:35,890 --> 01:14:34,219

have all these bloody rags and they

1874

01:14:38,050 --> 01:14:35,900

would have to wash them all by hands and

1875

01:14:40,090 --> 01:14:38,060

then dry them out on like a you know

1876

01:14:41,560 --> 01:14:40,100

like a fence in front of the shop yeah

1877

01:14:43,240 --> 01:14:41,570

and so you'd have all these white rags

1878

01:14:44,830 --> 01:14:43,250

blowing in the wind with bloodstains on

1879

01:14:46,810 --> 01:14:44,840

it stew and it just looked like the pole

1880

01:14:49,270 --> 01:14:46,820

when you see that poles to the white

1881

01:14:50,740 --> 01:14:49,280

plane clip yeah bloody rags belong in

1882

01:14:53,020 --> 01:14:50,750

the wind then you get to the United

1883

01:14:56,890 --> 01:14:53,030

States they add the blue color to it and

1884

01:14:58,959 --> 01:14:56,900

I think that was more patriotic oh yeah

1885

01:15:00,790 --> 01:14:58,969

just differentiate yeah I just think it

1886

01:15:02,290 --> 01:15:00,800

might be the blue from the blue dye that

1887

01:15:05,020 --> 01:15:02,300

they added to the aftershave I don't

1888

01:15:08,050 --> 01:15:05,030

know I like I like how you're thinking

1889

01:15:08,609 --> 01:15:08,060

but no no this is before that I won't it

1890

01:15:10,080 --> 01:15:08,619

might have happened

1891

01:15:11,879 --> 01:15:10,090

the same time but I think it's more like

1892

01:15:13,049 --> 01:15:11,889

a red white and blue America was just

1893

01:15:13,949 --> 01:15:13,059

making it our United States was just

1894

01:15:15,629 --> 01:15:13,959

making it their own

1895

01:15:17,459 --> 01:15:15,639

it's pretty crazy that's cool yeah

1896

01:15:20,069 --> 01:15:17,469

what's your video on why some

1897

01:15:22,259 --> 01:15:20,079

aftershaves cost more than others uh and

1898

01:15:24,119 --> 01:15:22,269

kind of watched that whole process dude

1899

01:15:26,459 --> 01:15:24,129

there's a lot that goes into that man

1900

01:15:27,899 --> 01:15:26,469

that was a response video from probably

1901

01:15:29,159 --> 01:15:27,909

about like three years ago cuz I had

1902

01:15:30,299 --> 01:15:29,169

some people saying you know your app to

1903

01:15:31,319 --> 01:15:30,309

shoot is too expensive my have a shave

1904

01:15:33,270 --> 01:15:31,329

cost about \$25

1905

01:15:36,000 --> 01:15:33,280

however it's not action it's aftershave

1906

01:15:38,189 --> 01:15:36,010

cologne right it's both words are on the

1907

01:15:39,389 --> 01:15:38,199

label but people only think after shave

1908

01:15:40,770 --> 01:15:39,399

and the thing is it's not it's more than

1909

01:15:42,600 --> 01:15:40,780

aftershave in fact we're using

1910

01:15:44,129 --> 01:15:42,610

old-school perfuming methods to make it

1911

01:15:46,770 --> 01:15:44,139

so they take anywhere between four to

1912

01:15:49,250 --> 01:15:46,780

six weeks sometimes up to a year to make

1913

01:15:51,089 --> 01:15:49,260

like a fine wine or an alcohol Wow

1914

01:15:52,409 --> 01:15:51,099

people don't realize that because there

1915

01:15:54,239 --> 01:15:52,419

are people on the market or there are

1916

01:15:55,979 --> 01:15:54,249

artisans are there are companies that

1917

01:15:57,509 --> 01:15:55,989

make at mache but they don't they don't

1918

01:15:59,040 --> 01:15:57,519

they don't make perfume they make apple

1919

01:16:00,869 --> 01:15:59,050

shape they just slap alcohol of

1920

01:16:04,379 --> 01:16:00,879

fragrance together bottle up boom it's

1921

01:16:05,729 --> 01:16:04,389

good to go yeah what we do is is an art

1922

01:16:07,619 --> 01:16:05,739

and I don't mean to sound pretentious

1923

01:16:10,169 --> 01:16:07,629

with that but it is it's yeah absolutely

1924

01:16:12,540 --> 01:16:10,179

yeah you were supposed to be telling me

1925

01:16:15,359 --> 01:16:12,550

about a video you were watching of Doug

1926

01:16:18,929 --> 01:16:15,369

them doing it something with rose petals

1927

01:16:21,509 --> 01:16:18,939

in a beaker and yeah yeah yeah yeah it

1928

01:16:23,729 --> 01:16:21,519

was being looked pretty like I mean not

1929

01:16:25,709 --> 01:16:23,739

labor-intensive but definitely a lot of

1930

01:16:28,889 --> 01:16:25,719

time it took a lot of time to make that

1931

01:16:30,209 --> 01:16:28,899

yeah yeah like fragrances off of Amazon

1932

01:16:32,489 --> 01:16:30,219

and just putting them in a bottle right

1933

01:16:33,839 --> 01:16:32,499

I mean it seems like you're just you're

1934

01:16:37,139 --> 01:16:33,849

really putting the time and effort to

1935

01:16:40,830 --> 01:16:37,149

really be an art oh yeah we're talking

1936

01:16:43,379 --> 01:16:40,840

about this is good good stuff yeah we

1937

01:16:45,750 --> 01:16:43,389

start we we really put our time and

1938

01:16:48,209 --> 01:16:45,760

energy into sourcing raw materials and

1939

01:16:50,369 --> 01:16:48,219

biomass and we also distill a lot of our

1940

01:16:52,739 --> 01:16:50,379

own essential oils are just still Hydra

1941

01:16:54,479 --> 01:16:52,749

sauce used in the aftershave colognes

1942

01:16:57,000 --> 01:16:54,489

but the thing is yeah but so wear out

1943

01:16:58,889 --> 01:16:57,010

shapes it's the same like face-saving

1944

01:17:01,310 --> 01:16:58,899

grease as a traditional ab machine but

1945

01:17:03,810 --> 01:17:01,320

the all-day staying power of a cologne

1946

01:17:04,739 --> 01:17:03,820

so that's what differentiates us from a

1947

01:17:06,419 --> 01:17:04,749

lot of the other stuff out there because

1948

01:17:08,069 --> 01:17:06,429

it's traditionally at the shave the

1949

01:17:10,619 --> 01:17:08,079

scent is fleeting it lasts about an hour

1950

01:17:11,879 --> 01:17:10,629

that way guys could you know add

1951

01:17:12,750 --> 01:17:11,889

whatever cologne they wanted to on top

1952

01:17:14,580 --> 01:17:12,760

of it and I have to worry about a

1953

01:17:16,589 --> 01:17:14,590

clashing during the course of the day

1954

01:17:18,449 --> 01:17:16,599

yeah you know what I think about is like

1955

01:17:19,750 --> 01:17:18,459

I think the the most like the best

1956

01:17:23,410 --> 01:17:19,760

compliment I've ever got

1957

01:17:25,300 --> 01:17:23,420

was you smell good yeah have you ever

1958

01:17:27,130 --> 01:17:25,310

gotten that compliment yeah bill just

1959

01:17:29,520 --> 01:17:27,140

like all right it makes your day I'd

1960

01:17:33,729 --> 01:17:29,530

sung it's such a good feeling like yes

1961

01:17:35,620 --> 01:17:33,739

smell good like what yeah it's true you

1962

01:17:38,710 --> 01:17:35,630

know I was always known for that for

1963

01:17:40,180 --> 01:17:38,720

smelling I was a bear rum guy and people

1964

01:17:41,740 --> 01:17:40,190

would know I was on the scene before

1965

01:17:48,100 --> 01:17:41,750

they even stopped me cuz they could

1966

01:17:50,380 --> 01:17:48,110

smell like that was like my signature

1967

01:17:52,180 --> 01:17:50,390

scent and sandalwood like during college

1968

01:17:53,110 --> 01:17:52,190

sandalwood rub into my beard I just

1969

01:17:55,090 --> 01:17:53,120

could be something else

1970

01:17:57,550 --> 01:17:55,100

yeah rubbin this before Bureau oils were

1971

01:17:58,870 --> 01:17:57,560

all the rage and and so it was like this

1972

01:18:00,520 --> 01:17:58,880

combination of bay rum and sandalwood I

1973

01:18:04,720 --> 01:18:00,530

would always rock before that though I

1974

01:18:06,040 --> 01:18:04,730

grew up old spice spice being in high

1975

01:18:07,479 --> 01:18:06,050

school that was like my first fragrance

1976

01:18:09,820 --> 01:18:07,489

cuz that's what I could afford back then

1977

01:18:11,020 --> 01:18:09,830

yeah I have I remember a girl like

1978

01:18:15,370 --> 01:18:11,030

vividly remember this she turned around

1979

01:18:21,300 --> 01:18:15,380

like you smell great you smell just like

1980

01:18:26,260 --> 01:18:23,979

since that you guys use man like even

1981

01:18:27,130 --> 01:18:26,270

after a shower it's still like lingers

1982

01:18:29,770 --> 01:18:27,140

like in a good way

1983

01:18:31,660 --> 01:18:29,780

it's yeah it smells really good yeah

1984

01:18:34,510 --> 01:18:31,670

yeah yeah mommy take care of you

1985

01:18:38,470 --> 01:18:34,520

yeah my uh my wife loves you guys and

1986

01:18:40,090 --> 01:18:38,480

you know good like really know what he

1987

01:18:42,070 --> 01:18:40,100

does now but once you start down that

1988

01:18:45,760 --> 01:18:42,080

rabbit hole she's not gonna like me too

1989

01:18:48,520 --> 01:18:45,770

much I guess yeah my vanity is like

1990

01:18:50,200 --> 01:18:48,530

filling up with stuff yeah like you

1991

01:18:52,090 --> 01:18:50,210

bought something else and I'm like yeah

1992

01:18:55,450 --> 01:18:52,100

also that thought was pretty impressive

1993

01:18:58,420 --> 01:18:55,460

was it shipped quite well cuz I got soap

1994

01:19:00,880 --> 01:18:58,430

and deodorant and you know I'm sure it's

1995

01:19:02,910 --> 01:19:00,890

it's hot in Phoenix and it's not a [h__\h]

1996

01:19:05,950 --> 01:19:02,920

here in Texas and it's sat in my metal

1997

01:19:08,080 --> 01:19:05,960

mailbox for a couple hours and and none

1998

01:19:10,690 --> 01:19:08,090

of it melted so I was pretty pleased

1999

01:19:12,640 --> 01:19:10,700

with that yeah we we well thankfully

2000

01:19:15,130 --> 01:19:12,650

we're in Arizona so we can test all that

2001
01:19:16,990 --> 01:19:15,140
before you before you even put it on the

2002
01:19:17,979 --> 01:19:17,000
market yeah that's important but there

2003
01:19:19,780 --> 01:19:17,989
you know it's funny to bring them up

2004
01:19:22,120 --> 01:19:19,790
because I do that tutorial many years

2005
01:19:24,310 --> 01:19:22,130
back on my channel that was to my

2006
01:19:25,900 --> 01:19:24,320
channel calm Bernie was interested but

2007
01:19:27,520 --> 01:19:25,910
uh how to make actually you know what

2008
01:19:30,220 --> 01:19:27,530
might have been on the blog but how to

2009
01:19:32,560 --> 01:19:30,230
make a a mailbox cooler so if you were

2010
01:19:33,520 --> 01:19:32,570
expecting certain soaps in the mail you

2011
01:19:37,020 --> 01:19:33,530
could I would teach you how

2012
01:19:41,050 --> 01:19:37,030
to convert your mailbox into a cooler

2013
01:19:42,430 --> 01:19:41,060

all insulated it with foam and I had ice

2014

01:19:43,900 --> 01:19:42,440

packs in there so if you knew if you

2015

01:19:45,130 --> 01:19:43,910

were watching the Trackman news one

2016

01:19:47,110 --> 01:19:45,140

year's stuff is gonna be there if you

2017

01:19:48,340 --> 01:19:47,120

had to go to work you know whatever you

2018

01:19:49,390 --> 01:19:48,350

would have it all prepped I even have a

2019

01:19:51,790 --> 01:19:49,400

thermometer and there I was keep you

2020

01:19:53,380 --> 01:19:51,800

down temps and uh and this is an Arizona

2021

01:19:55,180 --> 01:19:53,390

I'm in the desert yeah and it was

2022

01:19:57,580 --> 01:19:55,190

working it was amazing like I had it

2023

01:20:00,130 --> 01:19:57,590

down 40 or 50 degrees

2024

01:20:04,780 --> 01:20:00,140

damn right put your beer in there dude

2025

01:20:07,770 --> 01:20:04,790

yeah oh man a beer I know I actually

2026

01:20:10,720 --> 01:20:07,780

thought about that leaving him up dude

2027

01:20:13,120 --> 01:20:10,730

cuz cuz dude I like rushed home after

2028

01:20:16,390 --> 01:20:13,130

work I was driving like a madman to go

2029

01:20:18,550 --> 01:20:16,400

check out myself stoked about it dude I

2030

01:20:19,950 --> 01:20:18,560

was so what's gonna melt but it didn't

2031

01:20:22,240 --> 01:20:19,960

it didn't melt yeah I was pretty excited

2032

01:20:24,370 --> 01:20:22,250

no that's great yeah that's that's that

2033

01:20:26,020 --> 01:20:24,380

type of feeling like we often joke

2034

01:20:28,390 --> 01:20:26,030

around about like all of us waiting for

2035

01:20:29,830 --> 01:20:28,400

the mailman because like this it's a

2036

01:20:32,290 --> 01:20:29,840

hobby like traditional shaving is a

2037

01:20:34,780 --> 01:20:32,300

hobby guys don't just stop at one razor

2038

01:20:36,250 --> 01:20:34,790

one soap I mean this is a rabbit hole

2039

01:20:37,750 --> 01:20:36,260

I'm not fooling around and say that yeah

2040

01:20:39,100 --> 01:20:37,760

it'll take at least people like you'll

2041

01:20:41,020 --> 01:20:39,110

save money if you switch over safety

2042

01:20:43,150 --> 01:20:41,030

razors because you know in theory you

2043

01:20:44,320 --> 01:20:43,160

will the blades cost pennies you know

2044

01:20:46,480 --> 01:20:44,330

100 of them cost between nine and

2045

01:20:48,580 --> 01:20:46,490

fifteen dollars where cartridges are

2046

01:20:49,810 --> 01:20:48,590

like four for 25 bucks yeah but then you

2047

01:20:51,370 --> 01:20:49,820

have the Dollar Shave Club but I mean

2048

01:20:53,320 --> 01:20:51,380

but so what if it's an inferior product

2049

01:20:55,030 --> 01:20:53,330

it's really you know you're not saving

2050

01:20:56,800 --> 01:20:55,040

anything yeah yeah I mean all the extra

2051
01:20:58,600 --> 01:20:56,810
money on taking care of your face after

2052
01:21:00,700 --> 01:20:58,610
you destroyed it yeah right with all

2053
01:21:04,450 --> 01:21:00,710
with all the other add-on stuff they

2054
01:21:06,190 --> 01:21:04,460
sell you I'm pretty sure but um so so

2055
01:21:07,360 --> 01:21:06,200
this so I kind of laugh when I see like

2056
01:21:08,620 --> 01:21:07,370
some companies pushing keep trying to

2057
01:21:10,780 --> 01:21:08,630
push people over say phrases by saying

2058
01:21:12,610 --> 01:21:10,790
they'll save money new own because it's

2059
01:21:14,350 --> 01:21:12,620
addictive if it becomes a new hobby

2060
01:21:16,270 --> 01:21:14,360
especially when you start collecting the

2061
01:21:18,040 --> 01:21:16,280
older stuff the antique raise there's

2062
01:21:19,360 --> 01:21:18,050
the antique book the antique brushes but

2063
01:21:20,680 --> 01:21:19,370

now it's like it takes on a whole

2064

01:21:22,600 --> 01:21:20,690

different life yeah I grew up collecting

2065

01:21:24,820 --> 01:21:22,610

I'm a collector I collect comics coins

2066

01:21:26,650 --> 01:21:24,830

stamps all that stuff antiques I love

2067

01:21:28,810 --> 01:21:26,660

that now I finally had this antique in

2068

01:21:30,730 --> 01:21:28,820

my hand that is not holding that ticket

2069

01:21:33,040 --> 01:21:30,740

it's also still functional yes I use

2070

01:21:34,510 --> 01:21:33,050

this and again it shaves just as good

2071

01:21:36,130 --> 01:21:34,520

today as it did 75 years ago when it

2072

01:21:41,830 --> 01:21:36,140

came off the assembly line yeah you play

2073

01:21:48,550 --> 01:21:46,990

I got a few gray hairs yeah I think it's

2074

01:21:49,450 --> 01:21:48,560

really if these things could talk to the

2075

01:21:51,010 --> 01:21:49,460

stories they could tell I mean I have

2076

01:21:52,960 --> 01:21:51,020

stuff from the second world war that saw

2077

01:21:55,750 --> 01:21:52,970

the war I mean soldiers on these their

2078

01:21:58,630 --> 01:21:55,760

names are on it Gillette was the

2079

01:22:00,430 --> 01:21:58,640

official razor of the US Army uh-huh the

2080

01:22:02,050 --> 01:22:00,440

first world war in was and they had all

2081

01:22:03,880 --> 01:22:02,060

the contracts so that was great for

2082

01:22:07,240 --> 01:22:03,890

Gillette because these guys come home

2083

01:22:09,160 --> 01:22:07,250

hooked on their products you know but uh

2084

01:22:11,590 --> 01:22:09,170

yeah I just love the history behind it I

2085

01:22:13,150 --> 01:22:11,600

love the form and the function and these

2086

01:22:14,440 --> 01:22:13,160

are air one pieces that's another thing

2087

01:22:16,270 --> 01:22:14,450

is you're not gonna pass in a cartridge

2088

01:22:17,800 --> 01:22:16,280

razor to your kid but you can pass down

2089

01:22:19,360 --> 01:22:17,810

a safety razor and they'll be using

2090

01:22:21,280 --> 01:22:19,370

their children's children be using it

2091

01:22:23,020 --> 01:22:21,290

too I mean these things last forever and

2092

01:22:24,310 --> 01:22:23,030

they shave the best because all you need

2093

01:22:26,190 --> 01:22:24,320

is one blade at the end of the day the

2094

01:22:29,530 --> 01:22:26,200

multi blades are just hurting us yes

2095

01:22:31,450 --> 01:22:29,540

like feeling I'm starting to think about

2096

01:22:33,700 --> 01:22:31,460

things that maybe you would hand down to

2097

01:22:35,440 --> 01:22:33,710

your kids and like as a man it's like I

2098

01:22:37,480 --> 01:22:35,450

mean at least in Texas and in my life

2099

01:22:38,950 --> 01:22:37,490

it's always been like a gun or maybe

2100

01:22:40,990 --> 01:22:38,960

like a wallet that your grandfather

2101

01:22:43,420 --> 01:22:41,000

owned or maybe it's the I'm piece for

2102

01:22:46,360 --> 01:22:43,430

some people a little belt or a belt yeah

2103

01:22:48,040 --> 01:22:46,370

but like yeah it's it's such an intimate

2104

01:22:50,230 --> 01:22:48,050

object it's like something that your

2105

01:22:52,330 --> 01:22:50,240

grandfather your dad or whatever used on

2106

01:22:54,730 --> 01:22:52,340

their own face and now you get to use it

2107

01:22:58,600 --> 01:22:54,740

you know it's such a cool idea yeah it

2108

01:22:59,830 --> 01:22:58,610

is you know it's another thing in the

2109

01:23:01,800 --> 01:22:59,840

hobby that a lot of guys do is they try

2110

01:23:04,090 --> 01:23:01,810

to collect their Berthier razors and

2111

01:23:07,750 --> 01:23:04,100

they try to find a safety razor from the

2112

01:23:09,430 --> 01:23:07,760

year they were born and you know for a

2113

01:23:14,320 --> 01:23:09,440

lot of us they stopped making safety

2114

01:23:16,960 --> 01:23:14,330

razors so a lot of guys can't find one

2115

01:23:18,070 --> 01:23:16,970

you know but the guy older guys can pick

2116

01:23:19,330 --> 01:23:18,080

them up and that's again it's just part

2117

01:23:20,560 --> 01:23:19,340

of the hobby the hobby is just you

2118

01:23:23,110 --> 01:23:20,570

picking what you're gonna collect are

2119

01:23:25,630 --> 01:23:23,120

you collects vintage siletz or vintage

2120

01:23:26,770 --> 01:23:25,640

European razors or shaving brushes or

2121

01:23:28,510 --> 01:23:26,780

shaving soaps I collect vintage

2122

01:23:30,640 --> 01:23:28,520

aftershave I can talk about vintage

2123

01:23:33,700 --> 01:23:30,650

Apple shape all day long that's claw I

2124

01:23:36,640 --> 01:23:33,710

find them absolutely fascinating just a

2125

01:23:41,110 --> 01:23:36,650

the history I mean saying the Lord that

2126
01:23:42,700 --> 01:23:41,120
wet shaving had this revival coincided

2127
01:23:44,440 --> 01:23:42,710
with the internet because before like

2128
01:23:46,030 --> 01:23:44,450
the early 2000s it was tough to find

2129
01:23:48,070 --> 01:23:46,040
blades and no one was really talking

2130
01:23:49,440 --> 01:23:48,080
about the stuff it's now we've access to

2131
01:23:51,640 --> 01:23:49,450
all of it again because the rest world

2132
01:23:52,450 --> 01:23:51,650
kept using double-edged blades they

2133
01:23:54,250 --> 01:23:52,460
didn't jump into the cartridge

2134
01:23:55,709 --> 01:23:54,260
cartridges like we did right let's do

2135
01:23:58,860 --> 01:23:55,719
huh still hundreds of companies out

2136
01:24:00,450 --> 01:23:58,870
doing it but the amount of stuff history

2137
01:24:03,120 --> 01:24:00,460
in regards to what shame that is gone

2138
01:24:04,920 --> 01:24:03,130

and it's disappeared is huge so there's

2139

01:24:06,840 --> 01:24:04,930

like when I find look I have one bottle

2140

01:24:09,390 --> 01:24:06,850

of aftershave from Gillette called

2141

01:24:11,400 --> 01:24:09,400

spruce Gillette aftershave you will not

2142

01:24:13,020 --> 01:24:11,410

find this out there so I might have the

2143

01:24:14,459 --> 01:24:13,030

only one bottle in existence there's

2144

01:24:17,880 --> 01:24:14,469

probably a few actually but it's

2145

01:24:21,209 --> 01:24:17,890

extremely rare the company has no record

2146

01:24:23,310 --> 01:24:21,219

of it in their archive yeah we have a

2147

01:24:24,420 --> 01:24:23,320

show with our show we often reached out

2148

01:24:25,770 --> 01:24:24,430

to different archivists of different

2149

01:24:27,630 --> 01:24:25,780

companies and Gillette is one of them

2150

01:24:30,209 --> 01:24:27,640

and I was asking about this he has no

2151

01:24:31,979 --> 01:24:30,219

record of it from what I understood

2152

01:24:33,780 --> 01:24:31,989

together my own I think it was a British

2153

01:24:37,650 --> 01:24:33,790

release I think it was one holiday

2154

01:24:39,840 --> 01:24:37,660

season but so this scent should be in a

2155

01:24:41,310 --> 01:24:39,850

museum yeah and what I try to do is I

2156

01:24:43,050 --> 01:24:41,320

try to recreate a lot of these old sense

2157

01:24:44,760 --> 01:24:43,060

reboot them and so I call say to the

2158

01:24:46,410 --> 01:24:44,770

raises companies that disappeared I try

2159

01:24:47,880 --> 01:24:46,420

to reboot the designs our reboot the

2160

01:24:49,830 --> 01:24:47,890

sense because it's a piece of history

2161

01:24:52,080 --> 01:24:49,840

that is gone otherwise and had I not

2162

01:24:54,090 --> 01:24:52,090

been involved in this hobby and decided

2163

01:24:56,550 --> 01:24:54,100

to hold on to this as an archivist in my

2164

01:24:58,170 --> 01:24:56,560

own right it'd be gone yeah there's so

2165

01:24:59,430 --> 01:24:58,180

many things are disappearing you know

2166

01:25:00,840 --> 01:24:59,440

I'm like and somebody who doesn't know

2167

01:25:02,130 --> 01:25:00,850

any better would just be like oh look at

2168

01:25:04,410 --> 01:25:02,140

this old thing and it would may throw it

2169

01:25:06,390 --> 01:25:04,420

in the trash right right yeah yeah yeah

2170

01:25:08,400 --> 01:25:06,400

it would be gone dude yeah that's dead

2171

01:25:10,890 --> 01:25:08,410

yeah that's crazy it's a bit of our

2172

01:25:14,850 --> 01:25:10,900

history that makes me think of so my mom

2173

01:25:17,340 --> 01:25:14,860

she has this bottle of Vicks VapoRub

2174

01:25:20,189 --> 01:25:17,350

it's this Mentholatum kind of oil cream

2175

01:25:22,470 --> 01:25:20,199

that you put on your chest when you're

2176

01:25:25,709 --> 01:25:22,480

sick to make you yeah breathe literally

2177

01:25:29,400 --> 01:25:25,719

yeah exactly and so she has the same

2178

01:25:31,170 --> 01:25:29,410

bottle from 1987 I think is the year and

2179

01:25:34,140 --> 01:25:31,180

she still hasn't in there's still stuff

2180

01:25:44,610 --> 01:25:34,150

left and it didn't laugh yeah we were I

2181

01:25:45,990 --> 01:25:44,620

was moving her to a new house and I know

2182

01:25:47,939 --> 01:25:46,000

and I think that's one of the great

2183

01:25:50,760 --> 01:25:47,949

things about the stuff that goes to die

2184

01:25:52,020 --> 01:25:50,770

in our bathrooms like dad used to get

2185

01:25:53,550 --> 01:25:52,030

out of shape for Christmas he'll never

2186

01:25:55,110 --> 01:25:53,560

use it and get a from the kids but he

2187

01:25:57,600 --> 01:25:55,120

can't throw it out so it stays in the

2188

01:26:00,450 --> 01:25:57,610

drawer your stays in the cabinet it'll

2189

01:26:02,010 --> 01:26:00,460

be there it can be yeah sometimes that

2190

01:26:04,080 --> 01:26:02,020

temperature sensor fluctuates in the

2191

01:26:05,400 --> 01:26:04,090

bathroom I came down it depends how big

2192

01:26:07,560 --> 01:26:05,410

the family is how many hot showers a day

2193

01:26:09,089 --> 01:26:07,570

happen it can have an adverse reaction

2194

01:26:12,390 --> 01:26:09,099

on these

2195

01:26:14,760 --> 01:26:12,400

but saw but oftentimes too they managed

2196

01:26:16,169 --> 01:26:14,770

to survive especially if they never use

2197

01:26:18,660 --> 01:26:16,179

the parts they don't open it there's no

2198

01:26:20,490 --> 01:26:18,670

never it's seen any air inside the

2199

01:26:22,140 --> 01:26:20,500

bottle that's the bottle you want to buy

2200

01:26:24,240 --> 01:26:22,150

when I'm shopping around for a vintage

2201

01:26:26,760 --> 01:26:24,250

aftershave online or antique shops if

2202

01:26:28,649 --> 01:26:26,770

it's half-full or this a lot missing

2203

01:26:30,300 --> 01:26:28,659

I won't unless it's a really cool bottle

2204

01:26:31,649 --> 01:26:30,310

I won't spring for it because chances

2205

01:26:35,100 --> 01:26:31,659

are it's gone

2206

01:26:37,050 --> 01:26:35,110

yeah well the scent is gone yeah or if

2207

01:26:38,640 --> 01:26:37,060

it was stored like if it's stored in the

2208

01:26:39,930 --> 01:26:38,650

window you know on the windowsills now

2209

01:26:42,629 --> 01:26:39,940

it's getting hit by the Sun every day

2210

01:26:44,339 --> 01:26:42,639

the you bees race will really affect it

2211

01:26:46,649 --> 01:26:44,349

too so it's like it has to make its way

2212

01:26:48,959 --> 01:26:46,659

just right through time in order for me

2213

01:26:50,459 --> 01:26:48,969

to add it to my collection but I mean

2214

01:26:52,500 --> 01:26:50,469

it's a really fun hobby

2215

01:26:54,810 --> 01:26:52,510

yeah that's pretty awesome dude this

2216

01:26:56,250 --> 01:26:54,820

video see ya so out of the out of the

2217

01:26:59,300 --> 01:26:56,260

stuff that that you make

2218

01:27:02,550 --> 01:26:59,310

what is your favor I guess bay rum or

2219

01:27:04,649 --> 01:27:02,560

well yeah kind of like a new kind of

2220

01:27:08,819 --> 01:27:04,659

favorite that that you've kind of moved

2221

01:27:10,470 --> 01:27:08,829

over to I yeah we have almost 70 cents

2222

01:27:12,510 --> 01:27:10,480

now and I don't do anything unless I

2223

01:27:13,770 --> 01:27:12,520

really want to the doppelganger

2224

01:27:15,720 --> 01:27:13,780

collection is kind of a new thing for us

2225

01:27:17,609 --> 01:27:15,730

cuz those are plays on classic sense

2226

01:27:19,140 --> 01:27:17,619

uh-huh those are like homage is that I

2227

01:27:21,479 --> 01:27:19,150

typically wouldn't gravitate to

2228

01:27:23,220 --> 01:27:21,489

yeah our customers have for years they

2229

01:27:25,200 --> 01:27:23,230

always ask me a cake you you know can

2230

01:27:26,910 --> 01:27:25,210

you reboot this and my whole thing is my

2231

01:27:28,950 --> 01:27:26,920

own I only like to reboot stuff that

2232

01:27:30,600 --> 01:27:28,960

doesn't exist anymore I don't wanna step

2233

01:27:32,010 --> 01:27:30,610

on anyone's toes but I was eventually

2234

01:27:33,510 --> 01:27:32,020

getting so many of these emails I was

2235

01:27:35,280 --> 01:27:33,520

like you know what screw it I'm gonna do

2236

01:27:36,359 --> 01:27:35,290

that and people want it I want to make

2237

01:27:39,060 --> 01:27:36,369

them hell I don't want to resist my

2238

01:27:41,459 --> 01:27:39,070

customers yeah so I got the daughter

2239

01:27:41,850 --> 01:27:41,469

gang or the Black Label and I love it

2240

01:27:45,270 --> 01:27:41,860

dude

2241

01:27:48,510 --> 01:27:45,280

yes that's based on Sahaj uh-huh I had

2242

01:27:51,270 --> 01:27:48,520

the beard stuff this of Oz beard yeah

2243

01:27:54,870 --> 01:27:51,280

and it dude it's awesome

2244

01:27:58,709 --> 01:27:54,880

yes so that's an it's very popular so

2245

01:28:00,479 --> 01:27:58,719

obviously Christian Zawar but um I never

2246

01:28:01,950 --> 01:28:00,489

thought I'd ever be doing it and so yeah

2247

01:28:03,359 --> 01:28:01,960

I just jumped to doing that and it's

2248

01:28:06,510 --> 01:28:03,369

been a huge that's hence the

2249

01:28:07,410 --> 01:28:06,520

doppelganger name yeah but uh and you

2250

01:28:09,359 --> 01:28:07,420

know so we had a lot of fun with that

2251

01:28:12,919 --> 01:28:09,369

and advertising as well is it what is it

2252

01:28:16,610 --> 01:28:12,929

savage or survive survive survive

2253

01:28:18,260 --> 01:28:16,620

okay Sauvage or Sauvage I'm currently

2254

01:28:20,870 --> 01:28:18,270

learning French right now so I'm trying

2255

01:28:23,990 --> 01:28:20,880

to get my och guns you don't say it

2256

01:28:25,669 --> 01:28:24,000

feelings right and it's it's literally

2257

01:28:33,709 --> 01:28:25,679

just started studying this like four

2258

01:28:38,419 --> 01:28:33,719

days ago so yeah exactly so I got that

2259

01:28:39,590 --> 01:28:38,429

going on trying to think if this is

2260

01:28:41,240 --> 01:28:39,600

something else I need to cover with you

2261

01:28:43,340 --> 01:28:41,250

guys we covered so much in our last

2262

01:28:44,750 --> 01:28:43,350

interview that's like actually I feel

2263

01:28:46,250 --> 01:28:44,760

like we covered more than this one than

2264

01:28:47,990 --> 01:28:46,260

we did in the last one man I mean really

2265

01:28:50,450 --> 01:28:48,000

been in it yeah we went into detail a

2266

01:28:53,870 --> 01:28:50,460

lot of stuff yeah this is flowed very

2267

01:28:55,939 --> 01:28:53,880

very well in my definitely good yeah

2268

01:28:58,970 --> 01:28:55,949

dude like I feel like we got more detail

2269

01:29:01,340 --> 01:28:58,980

out of some of the stories yeah I did

2270

01:29:04,070 --> 01:29:01,350

yeah it's already been like an opposite

2271

01:29:05,630 --> 01:29:04,080

awesome episode man okay you're good two

2272

01:29:07,040 --> 01:29:05,640

kinds yeah if you can think of anything

2273

01:29:12,260 --> 01:29:07,050

else I mean do you want to do a quick

2274

01:29:14,180 --> 01:29:12,270

plug okay just just real quick sure okay

2275

01:29:16,340 --> 01:29:14,190

for those that are listening if if you

2276

01:29:20,169 --> 01:29:16,350

guys can remember car talk and maybe

2277

01:29:23,419 --> 01:29:20,179

something you still listen a car talk on

2278

01:29:25,430 --> 01:29:23,429

where's the National Public Radio it's

2279

01:29:27,020 --> 01:29:25,440

you know it was a fill about cars but it

2280

01:29:28,130 --> 01:29:27,030

was so goddamn entertaining that you

2281

01:29:29,270 --> 01:29:28,140

would listen to it anyways whether you

2282

01:29:32,240 --> 01:29:29,280

knew anything on cars or even cared

2283

01:29:35,600 --> 01:29:32,250

about cars you had the two brothers was

2284

01:29:37,130 --> 01:29:35,610

it brick and brack freaking frack we do a

2285

01:29:39,500 --> 01:29:37,140

show called IED lads would be shaving

2286

01:29:41,209 --> 01:29:39,510

and that is a lot like that in that way

2287

01:29:43,010 --> 01:29:41,219

where we're talking about the history of

2288

01:29:44,810 --> 01:29:43,020

traditional shaving but we try to make

2289

01:29:46,640 --> 01:29:44,820

it really really really entertaining too

2290

01:29:48,800 --> 01:29:46,650

so whether you care about the shaving or

2291

01:29:51,709 --> 01:29:48,810

not you'll get the history but you'll

2292

01:29:52,820 --> 01:29:51,719

also really enjoy it it's kind of like

2293

01:29:55,370 --> 01:29:52,830

Wayne's World

2294

01:29:59,510 --> 01:29:55,380

meets car talk meets antique road show

2295

01:30:03,320 --> 01:29:59,520

on acid it's a morning coffee show that

2296

01:30:05,660 --> 01:30:03,330

we do and here in Phoenix Arizona we did

2297

01:30:07,700 --> 01:30:05,670

two seasons and we took almost a year

2298

01:30:10,430 --> 01:30:07,710

break and we're about to hop into it

2299

01:30:11,959 --> 01:30:10,440

again do season three but really

2300

01:30:14,000 --> 01:30:11,969

entertaining I think your audience will

2301

01:30:15,560 --> 01:30:14,010

chill enjoy is all about you know it's a

2302

01:30:17,479 --> 01:30:15,570

shame because that's our focus but we

2303

01:30:19,970 --> 01:30:17,489

talk about all things male grooming for

2304

01:30:22,580 --> 01:30:19,980

the most part and you can find that at

2305

01:30:24,439 --> 01:30:22,590

lather be shaving calm

2306

01:30:26,720 --> 01:30:24,449

that'll take you right there I'd love be

2307

01:30:27,979 --> 01:30:26,730

shaving yeah I'd love it

2308

01:30:29,360 --> 01:30:27,989

that's the thing about most people that

2309

01:30:31,940 --> 01:30:29,370

listen to our podcasts are like they're

2310

01:30:34,479 --> 01:30:31,950

just interested in you know stop just

2311

01:30:37,460 --> 01:30:34,489

stop and yeah you guys are hilarious

2312

01:30:39,440 --> 01:30:37,470

Doug I mean I mean obviously people are

2313

01:30:41,210 --> 01:30:39,450

gonna love you so I mean y'all know

2314

01:30:43,310 --> 01:30:41,220

listening check it out it's gonna be

2315

01:30:45,410 --> 01:30:43,320

awesome I mean if you like all the

2316

01:30:47,000 --> 01:30:45,420

shenanigans me and Jodi get up to every

2317

01:30:49,460 --> 01:30:47,010

week then y'all are gonna love this show

2318

01:30:51,590 --> 01:30:49,470

- thanks guys yeah I think I think I

2319

01:30:53,570 --> 01:30:51,600

think anyone will really enjoy it and

2320

01:30:57,170 --> 01:30:53,580

then of course there's our - my site

2321

01:30:58,729 --> 01:30:57,180

Phoenix shaving calm and it's spelled

2322

01:31:00,590 --> 01:30:58,739

like it sounds Phoenix shaving calm

2323

01:31:01,760 --> 01:31:00,600

that'll get there and and feel free

2324

01:31:03,760 --> 01:31:01,770

anyone listening if you have any

2325

01:31:06,860 --> 01:31:03,770

questions concerns suggestions whatever

2326

01:31:08,600 --> 01:31:06,870

contact me through the site or PM me on

2327

01:31:10,100 --> 01:31:08,610

facebook if we're friends I can talk

2328

01:31:11,990 --> 01:31:10,110

about this all day long it's really my

2329

01:31:14,180 --> 01:31:12,000

passion and I want to see people shaving

2330

01:31:17,180 --> 01:31:14,190

better this just you know it's you're

2331

01:31:19,340 --> 01:31:17,190

doing it wrong it's frustrating the

2332

01:31:22,580 --> 01:31:19,350

watch and you know but again we don't

2333

01:31:24,830 --> 01:31:22,590

stop there we also do beard care beard

2334

01:31:26,570 --> 01:31:24,840

oils beard dot natural beard eyes were

2335

01:31:29,720 --> 01:31:26,580

artisan makers so everything's made by

2336

01:31:32,000 --> 01:31:29,730

hand here in our facility in Arizona

2337

01:31:40,550 --> 01:31:32,010

no no harsh chemicals using any of our

2338

01:31:43,610 --> 01:31:40,560

stuff the most parts like pour the

2339

01:31:45,350 --> 01:31:43,620

tequila and like all the vats it's like

2340

01:31:52,610 --> 01:31:45,360

now it's time for some animal testing

2341

01:31:54,650 --> 01:31:52,620

honey to kill a mockingbirds so yeah

2342

01:31:59,510 --> 01:31:54,660

thanks guys so much for having me again

2343

01:32:02,690 --> 01:31:59,520

doing this giveaway - if anyone's

2344

01:32:04,490 --> 01:32:02,700

listening right now uh how should we do

2345

01:32:07,250 --> 01:32:04,500

that I'll give away a free starter kit

2346

01:32:08,600 --> 01:32:07,260

for anyone interested in learning how to

2347

01:32:12,140 --> 01:32:08,610

wet caves

2348

01:32:14,120 --> 01:32:12,150

let's do uh I mean let me get way can

2349

01:32:15,890 --> 01:32:14,130

email us or they can get at us on the

2350

01:32:18,950 --> 01:32:15,900

Facebook yeah maybe the first person

2351

01:32:21,140 --> 01:32:18,960

email us referring or referencing this

2352

01:32:23,600 --> 01:32:21,150

podcast

2353

01:32:25,460 --> 01:32:23,610

hit hit us up but just email us directly

2354

01:32:26,479 --> 01:32:25,470

you know what how about yeah it's taking

2355

01:32:29,540 --> 01:32:26,489

as many people as you can and then just

2356

01:32:31,610 --> 01:32:29,550

randomly give me some number then

2357

01:32:34,790 --> 01:32:31,620

randomly draw yeah winner all right that

2358

01:32:36,770 --> 01:32:34,800

sounds cool yeah yeah dude yeah so like

2359

01:32:38,000 --> 01:32:36,780

a kid that I mean

2360

01:32:39,680 --> 01:32:38,010

have you have you done this before like

2361

01:32:41,589 --> 01:32:39,690

what what all just so they know like

2362

01:32:43,970 --> 01:32:41,599

what all comes in it comes with that

2363

01:32:46,310 --> 01:32:43,980

it's a starter kit it has everything you

2364

01:32:48,589 --> 01:32:46,320

need to know need to start traditional

2365

01:32:50,000 --> 01:32:48,599

shaving has a safety razor which again

2366

01:32:52,640 --> 01:32:50,010

heirloom quality you can pass this down

2367

01:32:54,770 --> 01:32:52,650

to your kids at aftershave shaving soap

2368

01:32:57,410 --> 01:32:54,780

shaving brush the green ray shaving

2369

01:33:00,200 --> 01:32:57,420

brush and our CK formula shave soap

2370

01:33:02,419 --> 01:33:00,210

which is like it's like learning how to

2371

01:33:04,330 --> 01:33:02,429

drive with a Ferrari it's our number one

2372

01:33:08,089 --> 01:33:04,340

formula one of our best one is its

2373

01:33:10,129 --> 01:33:08,099

premium ultra premium form your luxury

2374

01:33:12,919 --> 01:33:10,139

formula so it's really a super place to

2375

01:33:17,260 --> 01:33:12,929

start and you also get instructions with

2376

01:33:22,250 --> 01:33:20,359

how about we come up with it with a new

2377

01:33:24,589 --> 01:33:22,260

miracle you know out of order between

2378

01:33:27,080 --> 01:33:24,599

one and ten and whoever hits that number

2379

01:33:29,029 --> 01:33:27,090

one that's who gets the yeah there we go

2380

01:33:34,100 --> 01:33:29,039

that sounds good that's a good yeah cool

2381

01:33:37,819 --> 01:33:34,110

cool yeah nice email us at UFO garage PC

2382

01:33:40,430 --> 01:33:37,829

at gmail.com and yeah guys let's get

2383

01:33:43,220 --> 01:33:40,440

those emails in dude these these kids

2384

01:33:44,990 --> 01:33:43,230

these kids are sick I've you know I've

2385

01:33:45,529 --> 01:33:45,000

checked him out online I've seen them in

2386

01:33:47,959 --> 01:33:45,539

person

2387

01:33:49,790 --> 01:33:47,969

they're pretty legit like a hundred

2388

01:33:51,649 --> 01:33:49,800

percent and I've already using the

2389

01:33:53,510 --> 01:33:51,659

product and like I was telling Doug

2390

01:33:56,720 --> 01:33:53,520

earlier like nothing has tempted me to

2391

01:33:58,399 --> 01:33:56,730

shave more than this box that he has for

2392

01:34:07,430 --> 01:33:58,409

sale dude and I've had this beard for a

2393

01:34:09,169 --> 01:34:07,440

long I gave Giorgio from ancient aliens

2394

01:34:10,850 --> 01:34:09,179

one of our kids and it's kind of like

2395

01:34:13,310 --> 01:34:10,860

when I first met him at another event

2396

01:34:16,430 --> 01:34:13,320

and I kind of like hey here you go and

2397

01:34:17,720 --> 01:34:16,440

then walked away back to my table that

2398

01:34:19,669 --> 01:34:17,730

then I was you know was taking it down

2399

01:34:23,060 --> 01:34:19,679

was the end of a second at the end of

2400

01:34:24,080 --> 01:34:23,070

alien Con in Baltimore last year and I

2401

01:34:25,760 --> 01:34:24,090

didn't think anything of it just wanted

2402

01:34:29,060 --> 01:34:25,770

him to you know try it out or have it

2403

01:34:30,500 --> 01:34:29,070

you know yeah and next I got a tap on my

2404

01:34:32,810 --> 01:34:30,510

shoulder like 10 mins later and it's

2405

01:34:34,970 --> 01:34:32,820

Giorgio and he's like dude he's like

2406

01:34:36,859 --> 01:34:34,980

this is awesome he's like I'm really

2407

01:34:39,529 --> 01:34:36,869

into packaging and what's going on here

2408

01:34:43,700 --> 01:34:39,539

is just like I really loved I love your

2409

01:34:46,189 --> 01:34:43,710

package so Giorgio liked my package my

2410

01:34:48,950 --> 01:34:46,199

takeaway no he was really excited about

2411

01:34:50,840 --> 01:34:48,960

it and so if that tells anybody anything

2412

01:34:52,370 --> 01:34:50,850

I don't know but um

2413

01:34:54,440 --> 01:34:52,380

I'm really proud of it and it took us

2414

01:34:56,930 --> 01:34:54,450

years to put this thing together and it

2415

01:34:58,280 --> 01:34:56,940

really is it's not by a company it's not

2416

01:35:00,860 --> 01:34:58,290

I mean we are a company but it's not by

2417

01:35:03,290 --> 01:35:00,870

a faceless company right behind me I I

2418

01:35:04,820 --> 01:35:03,300

this comes from the heart it's I put all

2419

01:35:06,230 --> 01:35:04,830

the fight what I would have loved to

2420

01:35:07,880 --> 01:35:06,240

start with is this kid is what it all

2421

01:35:10,280 --> 01:35:07,890

comes down to you and most shavers

2422

01:35:12,500 --> 01:35:10,290

unless you started in the last few years

2423

01:35:14,360 --> 01:35:12,510

we there was not all these options out

2424

01:35:16,850 --> 01:35:14,370

there as there are now and so I wish

2425

01:35:19,070 --> 01:35:16,860

this existed when I started up and you

2426

01:35:21,080 --> 01:35:19,080

know when that said we also do a huge

2427

01:35:23,780 --> 01:35:21,090

shaving festival every year called the

2428

01:35:26,420 --> 01:35:23,790

big shades oh yeah big shapes West this

2429

01:35:28,160 --> 01:35:26,430

coming year 2020 is gonna be our sixth

2430

01:35:30,890 --> 01:35:28,170

year doing it and happens this years to

2431

01:35:32,390 --> 01:35:30,900

be happening in Phoenix Arizona so it's

2432

01:35:33,590 --> 01:35:32,400

like a shave con if you're into

2433

01:35:35,330 --> 01:35:33,600

conferences and whatnot this one is all

2434

01:35:37,160 --> 01:35:35,340

traditional male grooming shaving we

2435

01:35:39,080 --> 01:35:37,170

offer free barbershops get meet a barber

2436

01:35:41,720 --> 01:35:39,090

on scene doing straight razor shaves we

2437

01:35:43,040 --> 01:35:41,730

have panel discussions all day artisans

2438

01:35:45,440 --> 01:35:43,050

from all over there I mean we're just

2439

01:35:47,330 --> 01:35:45,450

starts going on and it may sound crazy

2440

01:35:49,190 --> 01:35:47,340

to you now but once you get bit by that

2441

01:35:50,330 --> 01:35:49,200

traditional wet shaving bug you're going

2442

01:35:53,630 --> 01:35:50,340

are gonna you're really gonna want to

2443

01:35:55,730 --> 01:35:53,640

find the others do awesome yes you guys

2444

01:35:57,590 --> 01:35:55,740

to try to make it we have a another

2445

01:35:58,610 --> 01:35:57,600

podcaster that should are podcasters

2446

01:36:00,440 --> 01:35:58,620

that show up as well the gentleman

2447

01:36:01,730 --> 01:36:00,450

scofflaw has if you guys haven't heard

2448

01:36:04,550 --> 01:36:01,740

them check them out sometime they're a

2449

01:36:06,200 --> 01:36:04,560

really great podcast cool they show up

2450

01:36:08,180 --> 01:36:06,210

in they do a live show every year I mean

2451

01:36:09,860 --> 01:36:08,190

just so much going on there and we start

2452

01:36:12,320 --> 01:36:09,870

like a week before with festivities like

2453

01:36:14,180 --> 01:36:12,330

I do a tour down a tombstone - I sell

2454

01:36:15,410 --> 01:36:14,190

tickets to people that want to go - and

2455

01:36:17,300 --> 01:36:15,420

I give them the nickel tour because I've

2456

01:36:19,310 --> 01:36:17,310

told that Envy but we've altered some

2457

01:36:20,930 --> 01:36:19,320

events up until the day of and it's just

2458

01:36:22,490 --> 01:36:20,940

a really great time and to find out more

2459

01:36:25,940 --> 01:36:22,500

about that you just need to go to big

2460

01:36:29,390 --> 01:36:25,950

shapes West dot-com and that's West like

2461

01:36:30,770 --> 01:36:29,400

s west southwest comm big shakes West

2462

01:36:32,300 --> 01:36:30,780

calm and you can find out more about

2463

01:36:34,220 --> 01:36:32,310

that the site needs to be updated for

2464

01:36:36,470 --> 01:36:34,230

this coming year but you'll give you all

2465

01:36:37,910 --> 01:36:36,480

the info that happened last year and you

2466

01:36:39,560 --> 01:36:37,920

can sign up for it to be on the mailing

2467

01:36:44,660 --> 01:36:39,570

list of learn more about that as we get

2468

01:36:46,010 --> 01:36:44,670

closer but yeah yeah yeah we uh we

2469

01:36:47,989 --> 01:36:46,020

signed up for your little your little

2470

01:36:52,129 --> 01:36:47,999

program

2471

01:36:53,719 --> 01:36:52,139

on the website and and I think we're we

2472

01:36:55,759 --> 01:36:53,729

should be hopefully that email yeah

2473

01:36:58,339 --> 01:36:55,769

we're approved that yeah I got yeah so

2474

01:37:00,350 --> 01:36:58,349

okay yeah yeah I got a figure affiliate

2475

01:37:02,989 --> 01:37:00,360

I gotta figure out that code yes the the

2476
01:37:04,669 --> 01:37:02,999
affiliate program so yeah so we're there

2477
01:37:06,859 --> 01:37:04,679
now so he's gonna figure out the code

2478
01:37:09,290 --> 01:37:06,869
and we're gonna be putting up Phoenix

2479
01:37:11,419 --> 01:37:09,300
shaving on the on our website so all

2480
01:37:13,310 --> 01:37:11,429
that you guys want to check that out you

2481
01:37:16,009 --> 01:37:13,320
can go directly to our website or just

2482
01:37:17,899 --> 01:37:16,019
go to Phoenix shaving calm and you can

2483
01:37:19,310 --> 01:37:17,909
find it either way but eventually we'll

2484
01:37:21,709 --> 01:37:19,320
have the promo code and you guys can

2485
01:37:24,680 --> 01:37:21,719
come check us out and use the promo code

2486
01:37:26,060 --> 01:37:24,690
on that I think it's the link the code

2487
01:37:27,919 --> 01:37:26,070
is in the link so as long as they use

2488
01:37:30,399 --> 01:37:27,929

the link we provided you okay your code

2489

01:37:34,459 --> 01:37:30,409

will automatically be in there okay cool

2490

01:37:35,120 --> 01:37:34,469

yeah people love that it's cool lot of

2491

01:37:37,669 --> 01:37:35,130

fun guys

2492

01:37:39,410 --> 01:37:37,679

yes awesome dude let's do this again

2493

01:37:43,339 --> 01:37:39,420

sometimes let's check back in see how

2494

01:37:47,439 --> 01:37:43,349

Joe is doing with his neck beard and how

2495

01:37:51,169 --> 01:37:49,459

definitely have you back on the show

2496

01:37:53,229 --> 01:37:51,179

again man we got it we got it quite a

2497

01:37:55,489 --> 01:37:53,239

few guests coming up here pretty soon

2498

01:37:58,160 --> 01:37:55,499

but yeah definitely in a couple months

2499

01:37:59,450 --> 01:37:58,170

man let's get you back on again or at

2500

01:38:00,859 --> 01:37:59,460

least Father's Day I want to be there to

2501
01:38:05,810 --> 01:38:00,869
talk about shaving some more we'll break

2502
01:38:08,569 --> 01:38:05,820
it down a little Father's Day gift thing

2503
01:38:10,700 --> 01:38:08,579
or something yeah yeah well yeah guys

2504
01:38:13,219 --> 01:38:10,710
let me know who wins and I'll ship it

2505
01:38:14,839 --> 01:38:13,229
right out to them ASAP I say give him a

2506
01:38:18,290 --> 01:38:14,849
give him a few days after you release

2507
01:38:20,540 --> 01:38:18,300
the show and just a you know create some

2508
01:38:22,819 --> 01:38:20,550
interest in it and yeah yeah I'll shoot

2509
01:38:24,890 --> 01:38:22,829
it out ASAP definitely sounds good man

2510
01:38:28,009 --> 01:38:24,900
awesome thank you guys thanks again for

2511
01:38:32,629 --> 01:38:28,019
you bread that ciao thank you later

2512
01:38:35,029 --> 01:38:32,639
peace nice already God that was awesome

2513
01:38:38,810 --> 01:38:35,039

yes yes that was Doug with the Phoenix

2514

01:38:40,009 --> 01:38:38,820

shaving dot-com and uh yeah man that was

2515

01:38:43,129 --> 01:38:40,019

like that was a good little a position

2516

01:38:45,319 --> 01:38:43,139

that was so fun yeah I'm not talking to

2517

01:38:47,419 --> 01:38:45,329

daca listen him talk for four hours dude

2518

01:38:49,609 --> 01:38:47,429

he's just so knowledgeable and like so

2519

01:38:51,229 --> 01:38:49,619

much like random yeah you know what I'm

2520

01:38:53,569 --> 01:38:51,239

saying yeah and my head is full of

2521

01:38:55,379 --> 01:38:53,579

random stuff like I don't know anything

2522

01:38:58,079 --> 01:38:55,389

like important but

2523

01:39:01,529 --> 01:38:58,089

dude like yeah dog knows so much about

2524

01:39:03,810 --> 01:39:01,539

like so many random random topics it's

2525

01:39:05,040 --> 01:39:03,820

awesome I love it I love it so yeah we

2526

01:39:07,159 --> 01:39:05,050

definitely gotta have Doug back on

2527

01:39:13,319 --> 01:39:07,169

pretty soon I'm glad you remembered the

2528

01:39:14,669 --> 01:39:13,329

telephone as you remember that it's

2529

01:39:16,349 --> 01:39:14,679

hilarious if you haven't watched it in

2530

01:39:17,790 --> 01:39:16,359

Spanish it you gotta give it a shot you

2531

01:39:19,739 --> 01:39:17,800

show me that little piece of pretty

2532

01:39:23,429 --> 01:39:19,749

funny he's pretty funny yeah guys y'all

2533

01:39:25,229 --> 01:39:23,439

check that out too and yeah don't freak

2534

01:39:27,000 --> 01:39:25,239

out Fenix shaving calm and we're gonna

2535

01:39:31,199 --> 01:39:27,010

be doing that little giveaway guys so

2536

01:39:33,629 --> 01:39:31,209

make sure you email us and we'll have

2537

01:39:37,259 --> 01:39:33,639

will pick at random yeah yeah well so I

2538

01:39:39,299 --> 01:39:37,269

want to do like from 1 to 10 just do

2539

01:39:42,449 --> 01:39:39,309

like let's come up with a random order

2540

01:39:44,669 --> 01:39:42,459

from 1 to 10 and then have that 4 for us

2541

01:39:47,429 --> 01:39:44,679

and so depending on how many you know

2542

01:39:49,679 --> 01:39:47,439

the people that will email us do it like

2543

01:39:51,629 --> 01:39:49,689

that so like our first email let's say

2544

01:39:54,329 --> 01:39:51,639

the first number is one goodnight then

2545

01:39:56,399 --> 01:39:54,339

they get the the package or whatever or

2546

01:39:59,339 --> 01:39:56,409

the kit or yeah you know what I mean

2547

01:40:01,049 --> 01:39:59,349

yeah yeah yeah cool or or just take the

2548

01:40:03,299 --> 01:40:01,059

emails print them on a piece of paper

2549

01:40:05,639 --> 01:40:03,309

cut them out in strips and put them in a

2550

01:40:07,079 --> 01:40:05,649

hat and pull one out I love that ok so I

2551
01:40:08,489 --> 01:40:07,089
was like really proud of that idea that

2552
01:40:10,020 --> 01:40:08,499
I just came up with that smells trying

2553
01:40:12,899 --> 01:40:10,030
to explain it more like alright wait

2554
01:40:16,560 --> 01:40:12,909
wait but I'd like that one way more

2555
01:40:18,029 --> 01:40:16,570
let's do that because I'm not a computer

2556
01:40:20,819 --> 01:40:18,039
person I didn't understand what you were

2557
01:40:23,009 --> 01:40:20,829
talking about yeah I was so proud of it

2558
01:40:24,149 --> 01:40:23,019
so that's way more fun yeah let's do

2559
01:40:26,339 --> 01:40:24,159
that let's cut them out in a piece of

2560
01:40:27,449 --> 01:40:26,349
paper and we could do like a live a live

2561
01:40:31,250 --> 01:40:27,459
video

2562
01:40:33,719 --> 01:40:31,260
can make the pieces of paper too small

2563
01:40:36,449 --> 01:40:33,729

let's print about was print out on like

2564

01:40:39,629 --> 01:40:36,459

alien heads are like pug pug sized

2565

01:40:42,449 --> 01:40:39,639

pieces of paper alright it sounds good

2566

01:40:44,270 --> 01:40:42,459

yeah alright dude well are you all

2567

01:40:48,439 --> 01:40:44,280

finished you have anything else to say

2568

01:40:50,159 --> 01:40:48,449

my brain is full of amazing ideas in

2569

01:40:52,259 --> 01:40:50,169

information I think this has been a

2570

01:40:54,149 --> 01:40:52,269

great podcast me it has been a good one

2571

01:40:55,979 --> 01:40:54,159

yeah alright guys well uh thanks for

2572

01:40:57,180 --> 01:40:55,989

listening and we'll talk to you next

2573

01:41:06,689 --> 01:40:57,190

time
