00:00:07,670 --> 00:00:04,840

[Music]

2
00:00:10,009 --> 00:00:07,680

this is another episode of UFO garage

3
00:00:14,320 --> 00:00:10,019

I'm Ben and I'm Joe and this is where we

4
00:00:16,099 --> 00:00:14,330

talk about UFOs aliens and all things we

5
00:00:21,920 --> 00:00:16,109

what's up dude

6
00:00:24,259 --> 00:00:21,930

not a lot man yeah so 26 baby Hey

7
00:00:28,880 --> 00:00:24,269

so I know a lot of you guys out there

8
00:00:31,790 --> 00:00:28,890

thinking you [h__\h] liars you said you

9
00:00:34,400 --> 00:00:31,800

were gonna have Ryan Sprague on from

10
00:00:36,590 --> 00:00:34,410

somewhere in the skies so make sure to

11
00:00:38,950 --> 00:00:36,600

keep your feet on the ground and always

12
00:00:41,479 --> 00:00:38,960

keep looking yeah so we're in this guy's

13
00:00:43,130 --> 00:00:41,489

we're not liars we swear to god he's

14

00:00:48,889 --> 00:00:43,140

gonna be on the pod Cody it has been

15

00:00:51,950 --> 00:00:48,899

like kind of a scheduling difficulty we

16

00:00:53,420 --> 00:00:51,960

were like literally like four minutes on

17

00:00:56,450 --> 00:00:53,430

from having to having him on the other

18

00:00:59,569 --> 00:00:56,460

day yeah he emailed he was like guys I

19

00:01:01,220 --> 00:00:59,579

live in New York City and and the

20

00:01:03,229 --> 00:01:01,230

construction crew just showed up outside

21

00:01:05,179 --> 00:01:03,239

of my house and it's extremely loud

22

00:01:07,100 --> 00:01:05,189

there's no way I can do it yeah that

23

00:01:09,590 --> 00:01:07,110

would have been a terrible podcast yeah

24

00:01:11,780 --> 00:01:09,600

a jackhammer in the background and

25

00:01:16,270 --> 00:01:11,790

trucks backing up and cement mixers

26
00:01:19,399 --> 00:01:16,280
mixing and yeah I mean and yeah dude so

27
00:01:22,880 --> 00:01:19,409
you know and we were gonna do it again

28
00:01:25,190 --> 00:01:22,890
and then anything he got sick I mean

29
00:01:29,780 --> 00:01:25,200
he's a busy guy he's a busy guy

30
00:01:32,210 --> 00:01:29,790
it is Ryan Sprague yeah pretty big deal

31
00:01:34,700 --> 00:01:32,220
but he's been super nice about it he's

32
00:01:36,410 --> 00:01:34,710
very apologetic so he we're gonna figure

33
00:01:39,289 --> 00:01:36,420
out a day where we can get him on there

34
00:01:40,399 --> 00:01:39,299
yeah yeah definitely definitely tonight

35
00:01:41,810 --> 00:01:40,409
we're just gonna make up a bunch of

36
00:01:46,160 --> 00:01:41,820
stuff and make a make an episode about

37
00:01:47,359 --> 00:01:46,170
we're just gonna make it up not we

38
00:01:49,789 --> 00:01:47,369

thought we were gonna do that and then

39

00:01:53,179 --> 00:01:49,799

we kind of golden yeah we got another

40

00:01:56,289 --> 00:01:53,189

guest just uh we got booked for next

41

00:01:59,120 --> 00:01:56,299

Wednesday Melinda Lesley ooh

42

00:02:02,719 --> 00:01:59,130

lady yeah she's gonna be talking we met

43

00:02:04,880 --> 00:02:02,729

her at UFO Congress as well and she's

44

00:02:07,219 --> 00:02:04,890

gonna be on the podcast on Wednesday

45

00:02:08,930 --> 00:02:07,229

gonna blow our minds dude so we're gonna

46

00:02:11,570 --> 00:02:08,940

do something a little different tonight

47

00:02:12,440 --> 00:02:11,580

yeah I think we're gonna I think dude

48

00:02:14,960 --> 00:02:12,450

we're gonna work

49

00:02:17,059 --> 00:02:14,970

bring in acronyms yeah right we're gonna

50

00:02:20,660 --> 00:02:17,069

bring in some we're gonna bring in some

51
00:02:22,430 --> 00:02:20,670
like names maybe right uh you know some

52
00:02:24,890 --> 00:02:22,440
like I talked about some tomfoolery

53
00:02:26,839 --> 00:02:24,900
that's going some tomfoolery history

54
00:02:28,520 --> 00:02:26,849
yeah we're gonna learn you we're gonna

55
00:02:30,020 --> 00:02:28,530
we're gonna learn you a little bit this

56
00:02:32,690 --> 00:02:30,030
morning whenever you're listening yeah

57
00:02:35,300 --> 00:02:32,700
yeah whatever's convenient for you if

58
00:02:37,370 --> 00:02:35,310
you've got a notepad grab the notepad if

59
00:02:40,100 --> 00:02:37,380
you've got an etch-a-sketch throw it

60
00:02:42,320 --> 00:02:40,110
away won't help you grab a notepad grab

61
00:02:45,380 --> 00:02:42,330
a notepad or I guess you could use your

62
00:02:46,990 --> 00:02:45,390
laptop yeah or that or your phone no

63
00:02:49,520 --> 00:02:47,000

just thought about that meme it's like

64

00:02:51,770 --> 00:02:49,530

it's like this dude hunched over and

65

00:02:53,960 --> 00:02:51,780

it's like my ass teachers saying like no

66

00:02:57,250 --> 00:02:53,970

gonna have a calculator in your pocket

67

00:02:58,839 --> 00:02:57,260

[Laughter]

68

00:03:00,800 --> 00:02:58,849

[Applause]

69

00:03:05,870 --> 00:03:00,810

yes dude

70

00:03:08,180 --> 00:03:05,880

so yeah yes I apologize sorry you know

71

00:03:12,710 --> 00:03:08,190

but you know yeah Joe yeah it's uh it's

72

00:03:16,729 --> 00:03:12,720

not really you know I I did I did take

73

00:03:19,729 --> 00:03:16,739

off of work to do a podcast and you know

74

00:03:22,670 --> 00:03:19,739

it didn't happen and I've been broke all

75

00:03:24,229 --> 00:03:22,680

week long so damn you know that's that's

76

00:03:26,509 --> 00:03:24,239

the way that's the way the the

77

00:03:29,539 --> 00:03:26,519

podcasting cookie cookie crumble the

78

00:03:31,520 --> 00:03:29,549

cookie crumbles grumbo oh now I feel bad

79

00:03:34,129 --> 00:03:31,530

for you did no no my bum

80

00:03:36,470 --> 00:03:34,139

81

00:03:40,759 --> 00:03:36,480

to this yeah I hope you feel extremely

82

00:03:43,490 --> 00:03:40,769

bad right now yeah no he's a busy guy I

83

00:03:46,520 --> 00:03:43,500

get it try to send you like sounds of

84

00:03:49,640 --> 00:03:46,530

New York and a CD you can go to sleep do

85

00:03:51,440 --> 00:03:49,650

it he's gonna show up put a blue box on

86

00:03:53,270 --> 00:03:51,450

outside your bedroom window with sounds

87

00:03:56,300 --> 00:03:53,280

of New York and see how you like it

88

00:04:13,180 --> 00:03:56,310

how do you like it Joe and then he's

89

00:04:15,470 --> 00:04:13,190

gonna get you sick call me he's like

90

00:04:18,740 --> 00:04:15,480

maybe like you just didn't want to do it

91

00:04:21,110 --> 00:04:18,750

like you guys are just some dudes yeah

92

00:04:23,360 --> 00:04:21,120

you know we are just some dudes

93

00:04:25,520 --> 00:04:23,370

we're just dudes being dudes yes dudes

94

00:04:30,230 --> 00:04:25,530

being dudes yeah but we also

95

00:04:32,330 --> 00:04:30,240

name's Ben and Joe hmm yeah

96

00:04:34,250 --> 00:04:32,340

yeah no I'm super stoked to have him on

97

00:04:35,330 --> 00:04:34,260

though like whenever like whenever we

98

00:04:37,460 --> 00:04:35,340

can make that happen

99

00:04:45,220 --> 00:04:37,470

it's gonna be sometime soon yeah it's

100

00:04:48,350 --> 00:04:45,230

gonna be fun but before that wait wait

101
00:04:49,220 --> 00:04:48,360
Ravin Melinda Leslie hello Louise leave

102
00:04:51,260 --> 00:04:49,230
me alone

103
00:04:53,420 --> 00:04:51,270
it's crazy we've had nothing but but

104
00:04:55,670 --> 00:04:53,430
ladies yeah

105
00:04:58,130 --> 00:04:55,680
oh whoa Douglas Smythe oh yeah he's not

106
00:04:58,520 --> 00:04:58,140
a lady he's a real man's man he's a real

107
00:05:03,110 --> 00:04:58,530
man

108
00:05:05,870 --> 00:05:03,120
beard and moustache that's right that's

109
00:05:08,270 --> 00:05:05,880
right and don't forget to go check out

110
00:05:08,960 --> 00:05:08,280
Doug smite that Phoenix shaving com oh

111
00:05:10,220 --> 00:05:08,970
yeah

112
00:05:11,720 --> 00:05:10,230
Phoenix shaver that's on the internet

113
00:05:14,990 --> 00:05:11,730

right that's on the Internet house it's

114

00:05:17,659 --> 00:05:15,000

a.com actually oh yeah yeah it's not one

115

00:05:20,690 --> 00:05:17,669

of those dot orgs Wow or one of those

116

00:05:24,530 --> 00:05:20,700

dot UK's no one goes though one of those

117

00:05:26,420 --> 00:05:24,540

silly Gove's yeah it's a.com ladies and

118

00:05:28,640 --> 00:05:26,430

gentlemen all right and he's got amazing

119

00:05:31,280 --> 00:05:28,650

stuff I want to start a new website but

120

00:05:32,990 --> 00:05:31,290

it's like dot but dot but or like dot

121

00:05:34,790 --> 00:05:33,000

ass or something dude

122

00:05:39,890 --> 00:05:34,800

what it would if we what if we do our

123

00:05:41,659 --> 00:05:39,900

UFO garage movies on dot but you know

124

00:05:45,530 --> 00:05:41,669

I'm thinking like maybe that's some kind

125

00:05:47,510 --> 00:05:45,540

of dark web [h__\h] we don't want to do

126

00:05:53,409 --> 00:05:47,520

that there's like one listener like no

127

00:05:58,070 --> 00:05:53,419

you don't know you don't go to dot but

128

00:06:00,950 --> 00:05:58,080

yeah dude but uh yeah I mean yeah so

129

00:06:03,740 --> 00:06:00,960

like I said yeah she's coming up Ryan

130

00:06:05,360 --> 00:06:03,750

will be coming up as well yeah so they

131

00:06:07,190 --> 00:06:05,370

do the new format tonight we're gonna go

132

00:06:09,770 --> 00:06:07,200

so Melinda I talked I spoke to her on

133

00:06:11,570 --> 00:06:09,780

the phone for for next week it for next

134

00:06:13,460 --> 00:06:11,580

week Wednesday December 4th we're gonna

135

00:06:15,170 --> 00:06:13,470

talk to Melinda have her on four it's

136

00:06:17,390 --> 00:06:15,180

gonna be I feel like it might be along

137

00:06:19,250 --> 00:06:17,400

when I hope it's a long one so probably

138

00:06:22,159 --> 00:06:19,260

gonna be a long one so she asked me when

139

00:06:24,560 --> 00:06:22,169

I was speaking to her she asked me to

140

00:06:27,050 --> 00:06:24,570

prepare our listeners maybe give them

141

00:06:29,000 --> 00:06:27,060

some homework to do to listen to catch

142

00:06:31,640 --> 00:06:29,010

up so that she can get to the point of

143

00:06:34,670 --> 00:06:31,650

of her new findings of her new research

144

00:06:37,610 --> 00:06:34,680

she's been doing she's been into ufology

145

00:06:38,330 --> 00:06:37,620

UFO research for almost 30 years for for

146

00:06:38,750 --> 00:06:38,340

over 30 years

147

00:06:42,860 --> 00:06:38,760

over at the

148

00:06:45,260 --> 00:06:42,870

years her full-time job is to be a UFO

149

00:06:47,690 --> 00:06:45,270

watch in Sedona California and they have

150

00:06:48,740 --> 00:06:47,700

a hundred hundred Sedona Arizona so what

151
00:06:55,310 --> 00:06:48,750
what did I say

152
00:06:57,470 --> 00:06:55,320
California can exist I don't know Sedona

153
00:07:00,350 --> 00:06:57,480
Arizona it's not in California though

154
00:07:02,270 --> 00:07:00,360
okay well maybe there's a Melinda out

155
00:07:04,940 --> 00:07:02,280

156
00:07:06,650 --> 00:07:04,950

what's up California people hey

160

does how it eats up all my d'etat d'etat

181

00:08:21,050 --> 00:08:19,770

so yeah download on Wi-Fi that's the

182

00:08:22,760 --> 00:08:21,060

smarter thing I don't have what if

183

00:08:26,600 --> 00:08:22,770

you're in a hurry and you're not at home

184

00:08:28,700 --> 00:08:26,610

you know I wish you know I wish people

185

00:08:30,590 --> 00:08:28,710

could get their data back let's do it I

186

00:08:33,770 --> 00:08:30,600

mean you know like it's so expensive for

187

00:08:35,420 --> 00:08:33,780

d'état yeah like there it's almost like

188

00:08:37,760 --> 00:08:35,430

it's a currency now like you have to pay

189

00:08:40,520 --> 00:08:37,770

for a d'etat but it's also like I wish

190

00:08:45,050 --> 00:08:40,530

you could trade data you know if I had

191

00:08:47,120 --> 00:08:45,060

some extra d'etat I got long we can go

192

00:08:49,160 --> 00:08:47,130

over that all right let's do sure

193

00:08:51,800 --> 00:08:49,170

I don't even believe in Unlimited d'etat

194

00:08:53,780 --> 00:08:51,810

it's not true because I get [h__\h] dude I

195

00:08:55,760 --> 00:08:53,790

have the unlimited the quote-unquote

196

00:08:57,710 --> 00:08:55,770

unlimited plan on AT&T uh-huh and

197

00:09:00,200 --> 00:08:57,720

Braille I get charged extra every month

198

00:09:04,310 --> 00:09:00,210

for going over my unlimited data plan

199

00:09:05,120 --> 00:09:04,320

which is [h__\h] what I got you that's

200

00:09:07,970 --> 00:09:05,130

ridiculous

201
00:09:11,180 --> 00:09:07,980
yeah all because it d'etat yeah d'etat

202
00:09:15,920 --> 00:09:11,190
all right shuts dude United States in

203
00:09:19,910 --> 00:09:15,930
the house so we're going to the

204
00:09:22,160 --> 00:09:19,920
geolocation the the d'etat of our

205
00:09:24,980 --> 00:09:22,170
podcast and we're just want to like give

206
00:09:26,390 --> 00:09:24,990
some shoutouts to to some air we so they

207
00:09:28,130 --> 00:09:26,400
give us stats on like where people are

208
00:09:32,120 --> 00:09:28,140

what's up spin of the people what's done

230

00:10:34,670 --> 00:10:32,220

what's it's so cool looking at these

231

00:10:39,770 --> 00:10:34,680

things because it's like it's like wow

232

00:10:41,990 --> 00:10:39,780

there's people like in like Africa I was

233

00:10:44,660 --> 00:10:42,000

gonna say the next one down is yeah Hong

234

00:10:48,290 --> 00:10:44,670

Kong Hong contact yeah they're all over

235

00:10:51,200 --> 00:10:48,300

the place and then below that's Austin

236

00:10:53,390 --> 00:10:51,210

yeah we live yeah where we live you guys

237

00:10:54,470 --> 00:10:53,400

need a hello alright

238

00:10:57,970 --> 00:10:54,480

239

00:11:03,610 --> 00:11:01,600

X's we're all our friends at ya I'm

240

00:11:05,890 --> 00:11:03,620

calling you guys out right now because I

241

00:11:09,520 --> 00:11:05,900

know between the two of us we know at

242

00:11:11,800 --> 00:11:09,530

least 60 people yeah at least at least

243

00:11:15,430 --> 00:11:11,810

60 people each Hey and we both will

244

00:11:18,280 --> 00:11:15,440

those kind of converge no well I'll do

245

00:11:19,690 --> 00:11:18,290

that but you know they overlap no some

246

00:11:20,920 --> 00:11:19,700

of the same people yeah we do know

247

00:11:23,170 --> 00:11:20,930

something that's not all the same people

248

00:11:24,880 --> 00:11:23,180

but I mean together even though we do

249

00:11:27,250 --> 00:11:24,890

know some of the same people it's more

250

00:11:29,800 --> 00:11:27,260

than one point four or five percent yeah

251

00:11:31,900 --> 00:11:29,810

right I think so I'm calling out my

252

00:11:35,640 --> 00:11:31,910

253

00:11:41,950 --> 00:11:35,650

super cool oh damn dude I mean you know

277

00:12:45,250 --> 00:12:42,680

I try sometimes you know oh and if we

278

00:12:47,170 --> 00:12:45,260

didn't mention your city or something

279

00:12:49,630 --> 00:12:47,180

that means that you fall in the other

280

00:12:51,190 --> 00:12:49,640

category and I'm extremely proud of the

281

00:12:52,570 --> 00:12:51,200

other category yeah they're really

282

00:12:56,290 --> 00:12:52,580

kicking out yeah they're kicking ass

283

00:12:59,310 --> 00:12:56,300

more than everybody 79 percent seventy

284

00:13:04,990 --> 00:13:01,990

yeah dude I mean so the countries the

285

00:13:08,110 --> 00:13:05,000

United States United Kingdom Canada New

286

00:13:11,770 --> 00:13:08,120

Zealand Hong Kong Netherlands Australia

287

00:13:13,150 --> 00:13:11,780

Germany Mexico Sweden

288

00:13:16,990 --> 00:13:13,160

dude we're all over the place that's

289

00:13:18,670 --> 00:13:17,000

dope that's super dope all right so yeah

290

00:13:21,940 --> 00:13:18,680

we did that on one of the podcasts that

291

00:13:23,440 --> 00:13:21,950

we it stopped recording right yeah it

292

00:13:25,840 --> 00:13:23,450

didn't just now I just looked just in

293

00:13:29,080 --> 00:13:25,850

case oh wait a second this is where we

294

00:13:31,720 --> 00:13:29,090

got on the last one do we gotta check

295

00:13:33,520 --> 00:13:31,730

that [\h__\h] for sure yeah okay so that

296

00:13:34,450 --> 00:13:33,530

yeah hey thank y'all for listening yeah

297

00:13:35,800 --> 00:13:34,460

thank you guys so much

298

00:13:38,830 --> 00:13:35,810

alright let's go into that Facebook

299

00:13:41,830 --> 00:13:38,840

stuff this week so I posted something

300

00:13:43,810 --> 00:13:41,840

about this ancient Egyptian artifact so

301

00:13:45,100 --> 00:13:43,820

we're talking about if you're not if

302

00:13:48,490 --> 00:13:45,110

307

00:13:59,800 --> 00:13:57,860

308

00:14:01,540 --> 00:13:59,810

309

00:14:03,310 --> 00:14:01,550

part of the conversation we've almost

310

00:14:07,690 --> 00:14:03,320

got a hundred members on there yeah did

311

00:14:09,460 --> 00:14:07,700

it's good sweet get up so this post I

312

00:14:11,860 --> 00:14:09,470

posted was an ancient Egyptian artifact

313

00:14:14,110 --> 00:14:11,870

found in Mexico confirmed is authentic

314

00:14:18,250 --> 00:14:14,120

and this thing so it's this tiny little

315

00:14:23,350 --> 00:14:18,260

figures this little figurine of a

316

00:14:25,150 --> 00:14:23,360

pharaoh sarcophagi kind of thing yeah a

317

00:14:26,920 --> 00:14:25,160

mysterious statuette discovered in

318

00:14:28,810 --> 00:14:26,930

Mexico has recently been confirmed

319

00:14:30,700 --> 00:14:28,820

as authentic the mysterious statuette

320

00:14:32,860 --> 00:14:30,710

dates back to the nineteenth dynasty and

321

00:14:34,780 --> 00:14:32,870

has ancient Egyptian hieroglyphs

322

00:14:37,060 --> 00:14:34,790

covering its surface research confirm

323

00:14:41,920 --> 00:14:37,070

that the item discovered in Mexico is in

324

00:14:44,380 --> 00:14:41,930

fact an ancient ocean he figurine whoa

325

00:14:46,210 --> 00:14:44,390

dude I mean that's just the things like

326

00:14:47,829 --> 00:14:46,220

that I don't know maybe it's fake but

327

00:14:51,570 --> 00:14:47,839

dude if that's real that just proves

328

00:14:54,820 --> 00:14:51,580

like a world a world transcending

329

00:14:56,980 --> 00:14:54,830

civilization of a world traveling like

330

00:14:59,470 --> 00:14:56,990

everybody knew about everybody else kind

331

00:15:01,390 --> 00:14:59,480

of or or they traveled from one

332

00:15:03,160 --> 00:15:01,400

continent to the other so I mean is that

333

00:15:08,310 --> 00:15:03,170

proof that the Egyptians did hire

334

00:15:12,880 --> 00:15:08,320

Mexicans to build the pyramids yes I

335

00:15:14,440 --> 00:15:12,890

mean they're perfect I mean and you can

336

00:15:16,090 --> 00:15:14,450

say that cuz you're half makes I can say

337

00:15:19,780 --> 00:15:16,100

that because I'm having my second right

338

00:15:23,050 --> 00:15:19,790

and they are amazing Masons right how be

339

00:15:25,720 --> 00:15:23,060

guys do work it's phenomenal they've

340

00:15:28,119 --> 00:15:25,730

they've built this whole place man

341

00:15:29,650 --> 00:15:28,129

yeah and in recent and there in them the

342

00:15:33,909 --> 00:15:29,660

last hundred years would you say or

343

00:15:35,769 --> 00:15:33,919

maybe more than that oh yeah yeah I yeah

344

00:15:37,449 --> 00:15:35,779

you I don't want to speak to somebody

345

00:15:45,129 --> 00:15:37,459

called out so I can't say any more than

346

00:15:46,900 --> 00:15:45,139

that but yeah that's awesome though

347

00:15:50,019 --> 00:15:46,910

because I mean yeah I mean there's you

348

00:15:52,019 --> 00:15:50,029

know they always say that there's no way

349

00:15:54,970 --> 00:15:52,029

anybody could have ever known right

350

00:15:56,889 --> 00:15:54,980

about any other civilization how did all

351
00:15:58,840 --> 00:15:56,899
these things pop up all over the earth

352
00:16:01,599 --> 00:15:58,850
you know like there's there's so many

353
00:16:04,179 --> 00:16:01,609
like artifacts in like buildings that

354
00:16:06,460 --> 00:16:04,189
are very similar that kind of came

355
00:16:09,819 --> 00:16:06,470
around this is like almost the same time

356
00:16:11,530 --> 00:16:09,829
period yeah um that you know take the

357
00:16:13,389 --> 00:16:11,540
pyramids for example right you know

358
00:16:15,819 --> 00:16:13,399
you've got pyramids all over the place

359
00:16:19,030 --> 00:16:15,829
all over the place all over the place

360
00:16:21,309 --> 00:16:19,040
yeah China Egypt Mexico

361
00:16:25,840 --> 00:16:21,319
Ukraine like all over the place there's

362
00:16:28,749 --> 00:16:25,850
there's pyramids and like all pre when

363
00:16:31,720 --> 00:16:28,759

they say you know trade routes developed

364

00:16:35,439 --> 00:16:31,730

across the oceans but yet all these

365

00:16:36,999 --> 00:16:35,449

things seem to exist beforehand and to

366

00:16:40,029 --> 00:16:37,009

do to me it doesn't mean like oh there

367

00:16:44,769 --> 00:16:40,039

was aliens it means that we had a way

368

00:16:46,329 --> 00:16:44,779

better grip on our travel means back in

369

00:16:47,859 --> 00:16:46,339

those days then I think we do there's

370

00:16:50,109 --> 00:16:47,869

just not not a lot of evidence left

371

00:16:52,539 --> 00:16:50,119

behind yeah to me that doesn't say oh

372

00:16:54,669 --> 00:16:52,549

it's ancient aliens you know that this

373

00:16:57,150 --> 00:16:54,679

yeah yeah I mean like oh well yeah

374

00:17:00,129 --> 00:16:57,160

aliens were trading with each

375

00:17:02,559 --> 00:17:00,139

civilization but it could a but it

376

00:17:05,949 --> 00:17:02,569

definitely could mean that there there

377

00:17:08,049 --> 00:17:05,959

were a more advanced civilization yeah

378

00:17:09,939 --> 00:17:08,059

um then we think that existed back then

379

00:17:12,460 --> 00:17:09,949

and and then and then you can go as far

380

00:17:15,639 --> 00:17:12,470

as like tie the two together maybe there

381

00:17:18,100 --> 00:17:15,649

was both maybe there was maybe we did

382

00:17:19,689 --> 00:17:18,110

have a better you know maybe we were

383

00:17:22,120 --> 00:17:19,699

more technological advanced

384

00:17:24,069 --> 00:17:22,130

technologically advanced but we did have

385

00:17:25,689 --> 00:17:24,079

help from aliens they just hung around

386

00:17:26,559 --> 00:17:25,699

us more and they helped us out a little

387

00:17:28,720 --> 00:17:26,569

bit more than they do now

388

00:17:30,430 --> 00:17:28,730

yeah or possibility they're still doing

389

00:17:32,500 --> 00:17:30,440

it now and we just don't know about it

390

00:17:37,509 --> 00:17:32,510

because there's a capital capitalized a

391

00:17:38,710 --> 00:17:37,519

capitalization of the industry yeah you

392

00:17:41,169 --> 00:17:38,720

know which we might wound like

393

00:17:43,120 --> 00:17:41,179

get into later right yeah yeah

394

00:17:45,899 --> 00:17:43,130

definitely yeah definitely I think

395

00:17:49,600 --> 00:17:45,909

Melinda's gonna shed some light I think

396

00:17:55,270 --> 00:17:49,610

yeah all right so yeah any more on that

397

00:17:57,190 --> 00:17:55,280

or how we can see the next one

398

00:17:58,480 --> 00:17:57,200

Hey Joe would you find about the Nazca

399

00:18:00,430 --> 00:17:58,490

lines dude you're the one that

400

00:18:02,890 --> 00:18:00,440

researched this one this post so over a

401
00:18:08,230 --> 00:18:02,900
hundred and forty new Nazca lines have

402
00:18:12,010 --> 00:18:08,240
been discovered and then and what would

403
00:18:14,020 --> 00:18:12,020
they do we finally have it says they

404
00:18:22,330 --> 00:18:14,030
finally have clues to what their to

405
00:18:24,970 --> 00:18:22,340
their use so I I don't know uh you know

406
00:18:28,570 --> 00:18:24,980
I'm just a doctor scientists I'm not an

407
00:18:32,409 --> 00:18:28,580
archaeologist but in the article that

408
00:18:35,649 --> 00:18:32,419
says that they they uh they just dug up

409
00:18:37,570 --> 00:18:35,659
the top layer and let's and fill in yeah

410
00:18:40,120 --> 00:18:37,580
I feel like that's way too easy of an

411
00:18:42,549 --> 00:18:40,130
explanation they let cats do it I don't

412
00:18:44,409 --> 00:18:42,559
think they let cats do it like they you

413
00:18:46,480 --> 00:18:44,419

know I did they like to dig in sand and

414

00:18:49,270 --> 00:18:46,490

Bullock poops in it well if they if they

415

00:18:51,630 --> 00:18:49,280

were an advanced civilization you know

416

00:18:55,960 --> 00:18:51,640

yeah an advanced civilization of cats

417

00:18:57,730 --> 00:18:55,970

possibly that actually caused possibly

418

00:18:59,049 --> 00:18:57,740

dude I mean now that you say that it

419

00:19:03,430 --> 00:18:59,059

makes total sense

420

00:19:05,680 --> 00:19:03,440

yeah here's what I think now here's what

421

00:19:08,110 --> 00:19:05,690

I think I think they're spinning up a

422

00:19:10,659 --> 00:19:08,120

tail you know in the sand and they're

423

00:19:12,700 --> 00:19:10,669

just you know they're the cats are

424

00:19:17,320 --> 00:19:12,710

aliens is what I'm saying there's a

425

00:19:18,909 --> 00:19:17,330

little alien inside of every cat yeah

426

00:19:21,190 --> 00:19:18,919

but I mean I don't know man like this

427

00:19:25,810 --> 00:19:21,200

these were like discovered through like

428

00:19:27,310 --> 00:19:25,820

a like a computer that was with IBM they

429

00:19:29,169 --> 00:19:27,320

used his computer and I guess it's

430

00:19:30,669 --> 00:19:29,179

scanned the layout of the terrain and

431

00:19:34,510 --> 00:19:30,679

they were able to pick up these lines

432

00:19:36,580 --> 00:19:34,520

that yeah aren't as aren't as defined

433

00:19:38,560 --> 00:19:36,590

yeah as the ones that we know about was

434

00:19:40,270 --> 00:19:38,570

like GPR like ground-penetrating radar

435

00:19:43,810 --> 00:19:40,280

it might have been it might have been

436

00:19:45,549 --> 00:19:43,820

yeah cool like 140 new Nazca lines those

437

00:19:47,919 --> 00:19:45,559

things are huge and they've been

438

00:19:50,289 --> 00:19:47,929

observable from the sky yeah but like

439

00:19:52,770 --> 00:19:50,299

that's a lot of but it still doesn't

440

00:19:55,300 --> 00:19:52,780

explain

441

00:19:59,080 --> 00:19:55,310

well that one looks a little crooked but

442

00:20:03,700 --> 00:19:59,090

it still doesn't explain like the

443

00:20:05,830 --> 00:20:03,710

symmetry a lot of them dude you know

444

00:20:08,920 --> 00:20:05,840

what I'm saying like I mean yeah that's

445

00:20:12,060 --> 00:20:08,930

a terrible example right it was like you

446

00:20:20,950 --> 00:20:14,170

they're like yelling at each other like

447

00:20:22,690 --> 00:20:20,960

three miles away but even then

448

00:20:24,970 --> 00:20:22,700

looks like Angelica dude that from

449

00:20:28,840 --> 00:20:24,980

Rugrats does look like Angelica but even

450

00:20:33,780 --> 00:20:28,850

in that image like dude those are like

451
00:20:37,570 --> 00:20:33,790
miles long miles and miles long like how

452
00:20:39,460 --> 00:20:37,580
how even if you did just dig up the top

453
00:20:41,620 --> 00:20:39,470
layer yeah how would you know where

454
00:20:44,980 --> 00:20:41,630
you're going it doesn't make any sense

455
00:20:48,070 --> 00:20:44,990
and they're like yeah so we think they

456
00:20:50,260 --> 00:20:48,080
dug them up the top layer and let's and

457
00:20:51,040 --> 00:20:50,270
fill in yeah okay but that doesn't tell

458
00:20:53,370 --> 00:20:51,050
me anything

459
00:20:56,260 --> 00:20:53,380
obviously the top layer was dug up

460
00:20:58,570 --> 00:20:56,270
obviously it's it's in a desert area

461
00:21:00,370 --> 00:20:58,580
sand is gonna fill in the lines that

462
00:21:02,680 --> 00:21:00,380
didn't tell me anything or the cats are

463
00:21:06,310 --> 00:21:02,690

gonna fill in all it told me is that you

464

00:21:08,560 --> 00:21:06,320

used some some IBM computer to find new

465

00:21:11,740 --> 00:21:08,570

ones yeah which is that's the exciting

466

00:21:12,880 --> 00:21:11,750

part is that you found 140 new ones yeah

467

00:21:15,970 --> 00:21:12,890

that you've been doing this research

468

00:21:17,170 --> 00:21:15,980

since like 2009 I love that there's new

469

00:21:20,140 --> 00:21:17,180

technologies out there and people are

470

00:21:23,380 --> 00:21:20,150

actually funding these projects like the

471

00:21:26,980 --> 00:21:23,390

the recent one in South America where

472

00:21:30,010 --> 00:21:26,990

they found like hundreds of new ancient

473

00:21:32,350 --> 00:21:30,020

structures in the Amazon forest uh-huh I

474

00:21:33,760 --> 00:21:32,360

mean the I love that there's companies

475

00:21:35,830 --> 00:21:33,770

out there that are spending the money to

476

00:21:38,020 --> 00:21:35,840

do that absolutely the technology's

477

00:21:40,390 --> 00:21:38,030

there right now yeah dude and I'm just

478

00:21:41,740 --> 00:21:40,400

glad that at least one one company went

479

00:21:43,840 --> 00:21:41,750

out there and did did the research

480

00:21:44,680 --> 00:21:43,850

that's super cool just the article was

481

00:21:46,420 --> 00:21:44,690

just a little weird

482

00:21:48,670 --> 00:21:46,430

yeah the article sometimes sometimes the

483

00:21:51,460 --> 00:21:48,680

articles I mean yeah they're like they

484

00:21:53,500 --> 00:21:51,470

sound really cool and the the headline

485

00:21:55,270 --> 00:21:53,510

sounds really enticing but when you get

486

00:21:58,450 --> 00:21:55,280

in there it's like here's a couple of

487

00:22:00,100 --> 00:21:58,460

photos and ah there's not a lot to it

488

00:22:01,720 --> 00:22:00,110

but this was definitely interesting I

489

00:22:03,940 --> 00:22:01,730

mean I'm not I'm not like trying to rag

490

00:22:06,460 --> 00:22:03,950

on that the post it's super cool and it

491

00:22:08,020 --> 00:22:06,470

sparks it makes you question

492

00:22:10,330 --> 00:22:08,030

stuff and think about those researchers

493

00:22:12,190 --> 00:22:10,340

were from Japan so I wonder if like they

494

00:22:14,140 --> 00:22:12,200

came here and like just kind of like

495

00:22:18,549 --> 00:22:14,150

read about it and then they were like oh

496

00:22:21,330 --> 00:22:18,559

you know what I bet they dug up those

497

00:22:23,620 --> 00:22:21,340

lines and then let's and fall in them

498

00:22:29,169 --> 00:22:23,630

not knowing that like everybody else

499

00:22:31,419 --> 00:22:29,179

would be like you know what you can't

500

00:22:40,560 --> 00:22:31,429

see on the podcast Joe just raised his

501
00:22:44,289 --> 00:22:40,570
hand we said that like in the eighties

502
00:22:48,370 --> 00:22:44,299
okay for that purpose now it's fun but

503
00:22:53,649 --> 00:22:48,380
but we but we used an IBM computer oh I

504
00:22:56,440 --> 00:22:53,659
used an airplane in my eyeballs yeah I

505
00:22:58,990 --> 00:22:56,450
mean that's kind of comparable to how we

506
00:23:00,669 --> 00:22:59,000
research stuff right now yeah with your

507
00:23:10,210 --> 00:23:00,679
eyeball the Japanese are just better at

508
00:23:11,470 --> 00:23:10,220
it they're so talented all right

509
00:23:15,760 --> 00:23:11,480
probably got myself in trouble for that

510
00:23:19,289 --> 00:23:15,770
one thanks for posting that next what is

511
00:23:22,390 --> 00:23:19,299
this randomly found stones in a cave

512
00:23:24,760 --> 00:23:22,400
local discover jade stone discovers jade

513
00:23:27,490 --> 00:23:24,770

stone showing alien contact and the cave

514

00:23:29,680 --> 00:23:27,500

in Mexico whoa whoa whoa and it's

515

00:23:30,880 --> 00:23:29,690

showing this little rock coat so the

516

00:23:32,560 --> 00:23:30,890

only reason I can see the size

517

00:23:34,270 --> 00:23:32,570

comparison is because it's next to one

518

00:23:36,970 --> 00:23:34,280

of those clip those like clips on a

519

00:23:40,029 --> 00:23:36,980

backpack you know like a JanSport you

520

00:23:43,810 --> 00:23:40,039

clip it yeah and it looks like maybe to

521

00:23:45,700 --> 00:23:43,820

be a foot maybe foot and a half tall so

522

00:23:47,230 --> 00:23:45,710

Mikey yeah like maybe a little bigger

523

00:23:48,909 --> 00:23:47,240

than a backpack maybe yeah maybe a

524

00:23:51,250 --> 00:23:48,919

little bigger than a backpack but it's

525

00:23:52,960 --> 00:23:51,260

showing this Incan with it looks like a

526

00:23:56,950 --> 00:23:52,970

grenade but I'm sure it's corn in this

527

00:23:59,110 --> 00:23:56,960

hand and then an alien legit gray alien

528

00:24:02,200 --> 00:23:59,120

I mean he's wearing a belt and some

529

00:24:08,950 --> 00:24:02,210

shoes yes arcs well dude is that skinny

530

00:24:13,570 --> 00:24:08,960

Bob dude it might be Bob damn yeah the

531

00:24:16,899 --> 00:24:13,580

original Instagram jade stone tablets

532

00:24:19,640 --> 00:24:16,909

were the original Instagram back in my

533

00:24:21,830 --> 00:24:19,650

day we had Jade tablets

534

00:24:25,670 --> 00:24:21,840

uh-huh and before that emojis were like

535

00:24:27,770 --> 00:24:25,680

you know hieroglyphs well yeah so this

536

00:24:29,690 --> 00:24:27,780

so tab is showing this Incan with this

537

00:24:31,880 --> 00:24:29,700

gray alien and then there's a UFO above

538

00:24:34,250 --> 00:24:31,890

it I mean it's just so on the nose and

539

00:24:36,830 --> 00:24:34,260

the aliens handing the ink and earlier

540

00:24:39,200 --> 00:24:36,840

trading corn for this egg the alien has

541

00:24:41,990 --> 00:24:39,210

an egg in his hand and then like a water

542

00:24:44,270 --> 00:24:42,000

Papoose in his left hand or like a water

543

00:24:46,430 --> 00:24:44,280

skin something I don't know it looks

544

00:24:49,190 --> 00:24:46,440

really strange my thing is you know

545

00:24:51,230 --> 00:24:49,200

looking at this skeptically skeptically

546

00:24:53,840 --> 00:24:51,240

is that you know that could come from

547

00:24:56,299 --> 00:24:53,850

anywhere it's just a photo we don't know

548

00:24:57,680 --> 00:24:56,309

like that I don't know I'm just trying

549

00:24:59,210 --> 00:24:57,690

to look at look at it with right we

550

00:25:00,980 --> 00:24:59,220

don't know the background of the story

551
00:25:02,720 --> 00:25:00,990
or anything yeah it's such a small thing

552
00:25:05,150 --> 00:25:02,730
that you could you could bring that from

553
00:25:08,360 --> 00:25:05,160
anywhere you can chisel it at home and

554
00:25:11,470 --> 00:25:08,370
then bring it there I don't know I hate

555
00:25:13,760 --> 00:25:11,480
that [\h__\h] on it yeah I mean it is it's I

556
00:25:18,500 --> 00:25:13,770
mean a lot of the ancient stuff is

557
00:25:20,750 --> 00:25:18,510
extremely detailed dude this is like

558
00:25:23,120 --> 00:25:20,760
it's awesome it's it looks dope it's

559
00:25:25,790 --> 00:25:23,130
just it's like really it's really

560
00:25:28,400 --> 00:25:25,800
detailed yeah it's super sick I don't

561
00:25:30,140 --> 00:25:28,410
know I guess man now I feel bad but okay

562
00:25:31,820 --> 00:25:30,150
let me back that up if it were on like a

563
00:25:34,669 --> 00:25:31,830

massive stone that you could not

564

00:25:37,730 --> 00:25:34,679

possibly move you know like right like

565

00:25:42,140 --> 00:25:37,740

roast of these ancient depictions of

566

00:25:43,850 --> 00:25:42,150

aliens and UFOs then [h__h] man yeah you

567

00:25:45,230 --> 00:25:43,860

had to have found it where you took the

568

00:25:47,810 --> 00:25:45,240

photo and where it was docked in are

569

00:25:50,510 --> 00:25:47,820

there more stones is that the only one

570

00:25:53,150 --> 00:25:50,520

that they found yeah I don't know it's

571

00:25:55,160 --> 00:25:53,160

it's it's it's weird yeah but I mean

572

00:25:57,740 --> 00:25:55,170

like it okay so let's just take the

573

00:26:01,070 --> 00:25:57,750

picture right describe the picture I

574

00:26:04,340 --> 00:26:01,080

mean you got a a UFO I mean like a

575

00:26:06,799 --> 00:26:04,350

flying saucer up in the sky then you got

576
00:26:09,440 --> 00:26:06,809
the gray on the right and then you you

577
00:26:09,890 --> 00:26:09,450
got the the the in the Indian guy on the

578
00:26:14,180 --> 00:26:09,900
left

579
00:26:17,360 --> 00:26:14,190
so this alien he's holding an egg and

580
00:26:18,110 --> 00:26:17,370
he's like here's the secrets of the

581
00:26:22,190 --> 00:26:18,120
universe

582
00:26:25,160 --> 00:26:22,200
who the the birth of knowledge being

583
00:26:27,470 --> 00:26:25,170
bestowed on your people and the Indian

584
00:26:32,630 --> 00:26:27,480
guy is like I'll trade you for some corn

585
00:26:33,330 --> 00:26:32,640
and and then did down here like the

586
00:26:35,009 --> 00:26:33,340
little is

587
00:26:36,629 --> 00:26:35,019
is that like a little water satchel I

588
00:26:39,930 --> 00:26:36,639

think it's a water forceps or is that

589

00:26:42,989 --> 00:26:39,940

maybe like the alien is is doing some

590

00:26:44,820 --> 00:26:42,999

sort of like like magic of some sort by

591

00:26:46,590 --> 00:26:44,830

him so there he's dreaming he's

592

00:26:49,680 --> 00:26:46,600

receiving his essence they're trying to

593

00:26:52,080 --> 00:26:49,690

depict like something like a glow out of

594

00:26:54,299 --> 00:26:52,090

his hand yeah like maybe it's like a

595

00:26:56,129 --> 00:26:54,309

light or something and that's how they

596

00:26:58,889 --> 00:26:56,139

depicted it was like with a swirl of

597

00:27:01,110 --> 00:26:58,899

light you know like maybe the aliens who

598

00:27:02,249 --> 00:27:01,120

maybe it's a galaxy did oh it could be

599

00:27:04,049 --> 00:27:02,259

hmm

600

00:27:06,749 --> 00:27:04,059

it could be it's a galaxy in a bottle

601
00:27:08,310 --> 00:27:06,759
he's saying look you only exist in this

602
00:27:12,720 --> 00:27:08,320
tiny little thing and you're so

603
00:27:14,419 --> 00:27:12,730
insignificant eat and drink eat and

604
00:27:23,340 --> 00:27:14,429
drink and be merry

605
00:27:26,249 --> 00:27:23,350
was that rereading that no oh yeah so

606
00:27:29,749 --> 00:27:26,259
the egg in the water it could be eat and

607
00:27:33,869 --> 00:27:29,759
drink but it also could be like birth of

608
00:27:37,859 --> 00:27:33,879
enlightenment and also some depictions

609
00:27:40,499 --> 00:27:37,869
of a galaxy or whatever that's cool yeah

610
00:27:41,999 --> 00:27:40,509
it's a super cool rock yeah it's dope we

611
00:27:43,769 --> 00:27:42,009
have to do more research on that yeah

612
00:27:48,090 --> 00:27:43,779
definitely okay

613
00:28:03,149 --> 00:27:48,100

move it on dude all these memes are

614

00:28:06,389 --> 00:28:03,159

still will you bro bro exposed is from

615

00:28:08,609 --> 00:28:06,399

well it's a rabbit hole on farm leads to

616

00:28:09,539 --> 00:28:08,619

mysterious network of Knights Templar

617

00:28:11,249 --> 00:28:09,549

caves

618

00:28:14,730 --> 00:28:11,259

I read the article it's super

619

00:28:17,430 --> 00:28:14,740

interesting like so apparently this

620

00:28:18,600 --> 00:28:17,440

farmer found this hole or a rabbit hole

621

00:28:20,310 --> 00:28:18,610

and he started digging and digging

622

00:28:23,279 --> 00:28:20,320

digging and it opened up in this cave

623

00:28:27,060 --> 00:28:23,289

and it's like one of those built out

624

00:28:29,730 --> 00:28:27,070

cavern step slash monasteries that are

625

00:28:31,769 --> 00:28:29,740

underground and carved out of bedrock or

626

00:28:33,659 --> 00:28:31,779

sandstone or whatever cut yeah rock it

627

00:28:34,919 --> 00:28:33,669

is like you would find or what we've

628

00:28:36,509 --> 00:28:34,929

talked about the podcast turns out

629

00:28:36,930 --> 00:28:36,519

that's what rich people did back in the

630

00:28:39,720 --> 00:28:36,940

day

631

00:28:40,259 --> 00:28:39,730

yeah it's called folly folly yeah yeah

632

00:28:43,590 --> 00:28:40,269

dude

633

00:28:45,779 --> 00:28:43,600

so I mean if maybe it is a folly but it

634

00:28:46,950 --> 00:28:45,789

could be something else

635

00:28:53,310 --> 00:28:46,960

I don't know it

636

00:28:56,159 --> 00:28:53,320

it's very interesting it's awesome dude

637

00:28:57,360 --> 00:28:56,169

I mean yeah which is exactly what you'd

638

00:28:58,080 --> 00:28:57,370

want to put down there if you want to

639

00:29:00,210 --> 00:28:58,090

have a good time

640

00:29:03,060 --> 00:29:00,220

did ya are like do maybe they did orgies

641

00:29:07,289 --> 00:29:03,070

down there and then and then like a hot

642

00:29:09,000 --> 00:29:07,299

tub and like cheese and like caviar

643

00:29:11,580 --> 00:29:09,010

it's just weird cuz like now it's like

644

00:29:14,730 --> 00:29:11,590

okay so did they cover it up

645

00:29:17,490 --> 00:29:14,740

on purpose yeah the rabbits did they

646

00:29:32,820 --> 00:29:17,500

took over the ticket so they ate all the

647

00:29:35,549 --> 00:29:32,830

bodies the Beast lives in the cavern

648

00:29:40,110 --> 00:29:35,559

Scott he's gay

649

00:29:42,750 --> 00:29:40,120

sharp pointy teeth you gotta watch the

650

00:29:44,610 --> 00:29:42,760

movie dude I know man we need to do a

651
00:29:47,010 --> 00:29:44,620
like we've been saying we would do a

652
00:29:49,950 --> 00:29:47,020
live podcast while we watch them watch a

653
00:29:51,000 --> 00:29:49,960
movie that'd be pretty on buddy Python

654
00:29:52,889 --> 00:29:51,010
they have week II don't know there's

655
00:29:59,760 --> 00:29:52,899
been a lot of my Python references on

656
00:30:02,340 --> 00:29:59,770
this podcast do it um let's see you know

657
00:30:05,669 --> 00:30:02,350
you know oh the large fireball Joseph

658
00:30:06,570 --> 00:30:05,679
dude yeah that's a dope post Jenny you

659
00:30:10,680 --> 00:30:06,580
want to talk about that one a little bit

660
00:30:13,080 --> 00:30:10,690
uh dude so okay yeah yeah we did have

661
00:30:18,950 --> 00:30:13,090
one of the largest meteor showers the

662
00:30:22,049 --> 00:30:18,960
other night however I mean this thing is

663
00:30:25,080 --> 00:30:22,059

massive right that's that's huge

664

00:30:27,090 --> 00:30:25,090

that's huge Oh more and it's not enough

665

00:30:31,080 --> 00:30:27,100

people who gave a [\h__\h] about it to look

666

00:30:34,889 --> 00:30:31,090

for it which is weird to me so I like

667

00:30:36,990 --> 00:30:34,899

where your head's at when you said you

668

00:30:41,190 --> 00:30:37,000

know we did just have a massive meteor

669

00:30:44,580 --> 00:30:41,200

shower probably a meteor but what if but

670

00:30:47,190 --> 00:30:44,590

woody I'm kind of maybe leaning towards

671

00:30:48,360 --> 00:30:47,200

the what if actually me too man after

672

00:30:50,460 --> 00:30:48,370

watching that video in here and the

673

00:30:53,970 --> 00:30:50,470

sheriff talked about it and apparently

674

00:30:55,169 --> 00:30:53,980

the Air Force got involved too [\h__\h] okay

675

00:30:57,690 --> 00:30:55,179

so it happened in Polk County

676

00:31:00,710 --> 00:30:57,700

that's East Texas a little north

677

00:31:03,240 --> 00:31:00,720

northeast Houston interesting

678

00:31:06,450 --> 00:31:03,250

but yeah the the sheriff was talking

679

00:31:09,419 --> 00:31:06,460

about right what do you say like okay so

680

00:31:13,980 --> 00:31:09,429

I we can investigate it further but we

681

00:31:16,590 --> 00:31:13,990

did contact the local areal what did

682

00:31:19,169 --> 00:31:16,600

they say like the FFA yeah and they said

683

00:31:20,759 --> 00:31:19,179

they they they didn't have any down you

684

00:31:22,009 --> 00:31:20,769

know crashed airplanes and then we

685

00:31:25,169 --> 00:31:22,019

talked to the meteorologists the

686

00:31:27,720 --> 00:31:25,179

meteorologists were saying or was that

687

00:31:30,720 --> 00:31:27,730

he said he said the meteorologists were

688

00:31:32,369 --> 00:31:30,730

saying that those were contrails and the

689

00:31:35,430 --> 00:31:32,379

airplane people were saying it's a

690

00:31:37,230 --> 00:31:35,440

meteor yeah flick ting yeah neither one

691

00:31:40,049 --> 00:31:37,240

of them agrees on what the other is

692

00:31:44,159 --> 00:31:40,059

saying and then they're like oh but you

693

00:31:45,600 --> 00:31:44,169

know it's not like a security threat or

694

00:31:46,230 --> 00:31:45,610

anything so we're not gonna investigate

695

00:31:47,789 --> 00:31:46,240

it anymore

696

00:31:49,110 --> 00:31:47,799

yeah there's no threat of safety so

697

00:31:51,779 --> 00:31:49,120

we're not gonna win a did a training

698

00:31:55,049 --> 00:31:51,789

mission over in that area and didn't see

699

00:31:58,499 --> 00:31:55,059

anything no fire no nothing yeah they're

700

00:32:02,909 --> 00:31:58,509

like a over aerial flyover there was no

701

00:32:04,259 --> 00:32:02,919

fire like a fireball uh do fiery meteor

702

00:32:04,799 --> 00:32:04,269

right would have caught some [h__h] on

703

00:32:09,360 --> 00:32:04,809

fire

704

00:32:10,799 --> 00:32:09,370

yeah go look go look yeah what if the

705

00:32:13,200 --> 00:32:10,809

military got involved maybe they told

706

00:32:14,879 --> 00:32:13,210

him to shut up and go away oh [h__h]

707

00:32:17,580 --> 00:32:14,889

that's right and now it's just blocked

708

00:32:20,310 --> 00:32:17,590

off yeah and they're they're saying oh

709

00:32:22,019 --> 00:32:20,320

we flew over there just you know he

710

00:32:23,669 --> 00:32:22,029

didn't say you see anything no no

711

00:32:26,549 --> 00:32:23,679

worries don't worry about it meanwhile

712

00:32:27,749 --> 00:32:26,559

nobody goes out there yeah oh dude you

713

00:32:30,629 --> 00:32:27,759

know meanwhile there's some backhoes and

714

00:32:34,399 --> 00:32:30,639

like you know just a bunch of military

715

00:32:37,110 --> 00:32:34,409

police people on a Blackhawk helicopter

716

00:32:39,139 --> 00:32:37,120

landing down and they're like [h__h] yeah

717

00:32:42,869 --> 00:32:39,149

they erected like a giant you know

718

00:32:45,509 --> 00:32:42,879

portable dome over the area these people

719

00:32:48,210 --> 00:32:45,519

in there right now yeah excavating all

720

00:32:52,230 --> 00:32:48,220

this uh what was that movie we were

721

00:32:53,999 --> 00:32:52,240

talking about midnight Oh midnight

722

00:32:54,600 --> 00:32:54,009

special oh yeah yeah yeah kind of like

723

00:32:56,639 --> 00:32:54,610

that

724

00:32:58,440 --> 00:32:56,649

a little area where they just set up

725

00:33:02,159 --> 00:32:58,450

this whole tin and like nobody's allowed

726

00:33:03,389 --> 00:33:02,169

to or evolution you know I don't think

727

00:33:05,129 --> 00:33:03,399

I've ever seen that with the company in

728

00:33:09,119 --> 00:33:05,139

it oh dude what the smiley face with

729

00:33:10,440 --> 00:33:09,129

three eyes yeah yes dude yeah and

730

00:33:12,359 --> 00:33:10,450

they're like hey we found this stars

731

00:33:14,159 --> 00:33:12,369

groans like the military comes that like

732

00:33:17,639 --> 00:33:14,169

takes it over yeah yeah it's kind of

733

00:33:19,619 --> 00:33:17,649

what that reminds me of yeah what was

734

00:33:21,149 --> 00:33:19,629

that it was like a big blob at the end I

735

00:33:35,909 --> 00:33:21,159

think was scary bro and they had to go

736

00:33:40,919 --> 00:33:35,919

up its ass David Duchovny man yeah next

737

00:33:42,570 --> 00:33:40,929

post Chris with the teleportation I saw

738

00:33:43,889 --> 00:33:42,580

that dude I was very convinced that this

739

00:33:45,899 --> 00:33:43,899

thing was real I've watched this video

740

00:33:49,710 --> 00:33:45,909

so what we're looking at is this white

741

00:33:52,289 --> 00:33:49,720

car in France that it looks like a tree

742

00:33:55,440 --> 00:33:52,299

has seemingly sprouted through the car

743

00:33:57,560 --> 00:33:55,450

like from the driver's seat like through

744

00:33:59,730 --> 00:33:57,570

it and it yeah looks super legit like

745

00:34:02,070 --> 00:33:59,740

some type of teleportation

746

00:34:03,509 --> 00:34:02,080

some type of time shift and this car was

747

00:34:06,210 --> 00:34:03,519

in the wrong place at the wrong time ER

748

00:34:10,379 --> 00:34:06,220

or the car was the the time traveller

749

00:34:14,040 --> 00:34:10,389

and it's just oh [h__h] I was I'm in a

750

00:34:17,460 --> 00:34:14,050

tree now so yeah well I looked it up in

751

00:34:18,869 --> 00:34:17,470

a lick super legit then I was noticing

752

00:34:21,210 --> 00:34:18,879

that it sounded like French and I looked

753

00:34:23,010 --> 00:34:21,220

up French art installation just because

754

00:34:25,260 --> 00:34:23,020

it looks so on the nose like it's going

755

00:34:27,210 --> 00:34:25,270

straight through the driver's seat it

756

00:34:28,349 --> 00:34:27,220

just looks too perfect right so it's

757

00:34:30,329 --> 00:34:28,359

thinking maybe this is an arts 2

758

00:34:32,339 --> 00:34:30,339

installation so I'd type those words in

759

00:34:34,649 --> 00:34:32,349

and turn up it's it's like an art yeah

760

00:34:38,010 --> 00:34:34,659

yeah an exam is known for making like

761

00:34:40,680 --> 00:34:38,020

really crazy abstract like mind-bending

762

00:34:42,599 --> 00:34:40,690

art project yeah and there's another one

763

00:34:44,220 --> 00:34:42,609

with a car with like a fork going

764

00:34:45,659 --> 00:34:44,230

through it yeah yeah it looks pretty

765

00:34:46,559 --> 00:34:45,669

crazy so they do cool work

766

00:34:47,700 --> 00:34:46,569

yeah and they know what they're doing

767

00:34:49,409 --> 00:34:47,710

they definitely know what they're doing

768

00:34:51,690 --> 00:34:49,419

I want to only give them a shout-out

769

00:34:54,310 --> 00:34:51,700

just in case but let's see what are they

770

00:34:54,320 --> 00:34:58,550

[Music]

771

00:35:06,960 --> 00:35:04,650

no it's the royal de Loup royal deluxe

772

00:35:10,380 --> 00:35:06,970

de loo roll ooh uh-huh

773

00:35:13,980 --> 00:35:10,390

nice yeah I did well good job guys it

774

00:35:16,620 --> 00:35:13,990

fooled me yeah it's a cool picture yeah

775

00:35:19,530 --> 00:35:16,630

definitely see all right so that's all

776
00:35:22,219 --> 00:35:19,540
for the Facebook group yeah so now we

777
00:35:24,870 --> 00:35:22,229
talked about

778
00:35:30,479 --> 00:35:24,880
so we in this is our very first podcast

779
00:35:33,749 --> 00:35:30,489
ever feels like rusty rusty dude like

780
00:35:35,489 --> 00:35:33,759
yeah we're waiting for Ryan and it

781
00:35:36,989 --> 00:35:35,499
didn't happen we're gonna do it again

782
00:35:38,759 --> 00:35:36,999
through there's no way we could take two

783
00:35:40,079 --> 00:35:38,769
weeks off bro we just we start getting

784
00:35:42,799 --> 00:35:40,089
rusty and we don't know what to say

785
00:35:49,309 --> 00:35:42,809
I know so now we're gonna have like a

786
00:35:57,569 --> 00:35:54,180
i I'm gonna I'm gonna pause it just for

787
00:36:00,809 --> 00:35:57,579
a second alright okay go back okay hey

788
00:36:04,109 --> 00:36:00,819

Missy reset okay reset reset get some

789

00:36:06,059 --> 00:36:04,119

Gizem brews it's apropos duh you know

790

00:36:07,170 --> 00:36:06,069

yeah yeah yeah so so we're gonna we're

791

00:36:10,319 --> 00:36:07,180

gonna kind of go into this information

792

00:36:11,549 --> 00:36:10,329

yeah um it's gonna be some reading yeah

793

00:36:13,529 --> 00:36:11,559

alright we're gonna do we're gonna do

794

00:36:16,259 --> 00:36:13,539

some reading yeah it's gonna be involved

795

00:36:18,120 --> 00:36:16,269

we're gonna read you guys up right we're

796

00:36:19,440 --> 00:36:18,130

at story time people it's it's it's

797

00:36:21,420 --> 00:36:19,450

gonna be kind of like yeah like

798

00:36:23,940 --> 00:36:21,430

informational storytime and if you have

799

00:36:26,160 --> 00:36:23,950

a notepad get out your notepad write it

800

00:36:28,380 --> 00:36:26,170

down if it's on your phone type it down

801

00:36:29,910 --> 00:36:28,390

if you if you if you're in a place you

802

00:36:31,469 --> 00:36:29,920

can don't type and drive

803

00:36:33,299 --> 00:36:31,479

yeah don't type and drive it that's

804

00:36:36,569 --> 00:36:33,309

that's not safe yeah pull over

805

00:36:37,440 --> 00:36:36,579

yeah and then type yeah yeah type and

806

00:36:39,719 --> 00:36:37,450

pull over

807

00:36:42,749 --> 00:36:39,729

so dude I mean you you you want to do on

808

00:36:46,410 --> 00:36:42,759

then so just preface just a reminder and

809

00:36:49,170 --> 00:36:46,420

then you do one then I'll do one maybe

810

00:36:51,420 --> 00:36:49,180

one what did you say when he first mover

811

00:36:53,219 --> 00:36:51,430

are you do well I'll do you do one of

812

00:36:55,200 --> 00:36:53,229

then I'll do okay you wanna then I'll do

813

00:36:56,489 --> 00:36:55,210

and then okay so hold on are you doing

814

00:36:57,959 --> 00:36:56,499

one first or am i doing whatever you're

815

00:36:58,620 --> 00:36:57,969

gonna do one first I'll do one for you

816

00:37:03,989 --> 00:36:58,630

do one first

817

00:37:06,209 --> 00:37:03,999

yeah alright okay okay so just a

818

00:37:07,859 --> 00:37:06,219

reminder this is all Melinda Leslie's

819

00:37:09,569 --> 00:37:07,869

research for new research that's coming

820

00:37:12,390 --> 00:37:09,579

out she's gonna be talking about this on

821

00:37:16,079 --> 00:37:12,400

our podcast next Wednesday December 4th

822

00:37:17,969 --> 00:37:16,089

uh and she wanted me to convey this

823

00:37:19,469 --> 00:37:17,979

message to our listeners just to prepare

824

00:37:21,180 --> 00:37:19,479

us so she can get to the point of her

825

00:37:23,160 --> 00:37:21,190

new research just to kind of look at

826

00:37:25,859 --> 00:37:23,170

into some of these acronyms the first

827

00:37:27,749 --> 00:37:25,869

one or names or words or things she's

828

00:37:29,069 --> 00:37:27,759

gonna reference it'd be awesome for the

829

00:37:31,109 --> 00:37:29,079

people that follow the podcast to kind

830

00:37:32,700 --> 00:37:31,119

of know a little bit ahead of time what

831

00:37:33,760 --> 00:37:32,710

these things mean so she when she

832

00:37:36,430 --> 00:37:33,770

references them

833

00:37:39,660 --> 00:37:36,440

she can kind of have the story not not

834

00:37:41,440 --> 00:37:39,670

stop and have to explain everything

835

00:37:45,250 --> 00:37:41,450

regarding to that okay

836

00:37:47,590 --> 00:37:45,260

so the first one is minders mind or a

837

00:37:49,980 --> 00:37:47,600

term coined by abductee and remote

838

00:37:52,720 --> 00:37:49,990

viewing expert Angela Thompson Smith

839

00:37:54,490 --> 00:37:52,730

referred to intelligent referred to

840

00:37:57,790 --> 00:37:54,500

intelligence community I see

841

00:38:00,430 --> 00:37:57,800

intelligence community insiders involved

842

00:38:03,790 --> 00:38:00,440

in briefing abductees and minding their

843

00:38:06,490 --> 00:38:03,800

lives using in my title for a reference

844

00:38:08,770 --> 00:38:06,500

these same types of insiders involved

845

00:38:12,430 --> 00:38:08,780

the minding or watching and manipulation

846

00:38:14,260 --> 00:38:12,440

of the UFO field so so what does that

847

00:38:15,880 --> 00:38:14,270

kind of mean to you like like they're

848

00:38:17,920 --> 00:38:15,890

there minding their own business like

849

00:38:20,440 --> 00:38:17,930

they're minding their there kind of

850

00:38:22,390 --> 00:38:20,450

manipulating someone else's experience

851

00:38:24,760 --> 00:38:22,400

that's what it means to me is is that

852

00:38:26,950 --> 00:38:24,770

off well yeah I don't know I don't know

853

00:38:29,890 --> 00:38:26,960

about minding their own business but I I

854

00:38:34,900 --> 00:38:29,900

think maybe like they're the minders so

855

00:38:37,960 --> 00:38:34,910

like they're the ones who influence the

856

00:38:39,849 --> 00:38:37,970

train of thought of people yeah so

857

00:38:42,370 --> 00:38:39,859

they're minding whoever their puppets

858

00:38:44,650 --> 00:38:42,380

are right like right like you remind

859

00:38:48,180 --> 00:38:44,660

someone or your mind your own bit like

860

00:38:50,410 --> 00:38:48,190

you're concentrating on it yeah okay so

861

00:38:54,490 --> 00:38:50,420

am I still getting that wrong I think I

862

00:38:56,650 --> 00:38:54,500

think okay so like they're they're uh

863

00:39:00,190 --> 00:38:56,660

you know how when somebody says mind

864

00:39:03,820 --> 00:39:00,200

your manners right or mind your elders

865

00:39:04,780 --> 00:39:03,830

yeah they're the minders so whoever's in

866

00:39:08,380 --> 00:39:04,790

charge of this

867

00:39:11,140 --> 00:39:08,390

they're basically receiving the

868

00:39:14,010 --> 00:39:11,150

information that they want done and then

869

00:39:17,530 --> 00:39:14,020

they go out and they maybe spread this

870

00:39:19,990 --> 00:39:17,540

this uh this idea or this thought okay

871

00:39:23,530 --> 00:39:20,000

process so they're they're minding the

872

00:39:25,930 --> 00:39:23,540

the upper tier of people who are running

873

00:39:28,750 --> 00:39:25,940

the show all right these people just all

874

00:39:32,260 --> 00:39:28,760

happen to be experiencers or have some

875

00:39:36,120 --> 00:39:32,270

sort of like ability yeah to be able to

876

00:39:43,140 --> 00:39:36,130

do this so I don't know maybe like they

877

00:39:46,270 --> 00:39:43,150

receive information and they they uh

878

00:39:47,309 --> 00:39:46,280

yeah they mind you they they they're the

879

00:39:51,970 --> 00:39:47,319

ones

880

00:39:54,040 --> 00:39:51,980

basically fulfilling the the the maybe

881

00:39:55,540 --> 00:39:54,050

disinformation I don't know yeah we'll

882

00:39:56,950 --> 00:39:55,550

have to ask your specifically on that

883

00:39:58,930 --> 00:39:56,960

but that's kind of that's kind of what

884

00:40:01,690 --> 00:39:58,940

I'm thinking okay is they're the ones

885

00:40:05,079 --> 00:40:01,700

who are kind of placed within the UFO

886

00:40:07,559 --> 00:40:05,089

community to maybe control how people

887

00:40:10,599 --> 00:40:07,569

are thinking okay cool

888

00:40:13,960 --> 00:40:10,609

hey what would you like scoot them Mike

889

00:40:16,150 --> 00:40:13,970

a little that way cuz if they're like

890

00:40:19,290 --> 00:40:16,160

super it's not picking up way quieter

891

00:40:27,190 --> 00:40:19,300

than it was before is that better yeah

892

00:40:32,319 --> 00:40:27,200

yeah all right all right do I need to

893

00:40:37,210 --> 00:40:32,329

repeat all of it no all right disclosure

894

00:40:41,950 --> 00:40:37,220

with a big D don't like me okay

895

00:40:45,420 --> 00:40:41,960

disclosure Big D okay

896

00:40:47,290 --> 00:40:45,430

disclosure with a Big D right means

897

00:40:49,960 --> 00:40:47,300

official announcement of an

898

00:40:52,059 --> 00:40:49,970

extraterrestrial presence by a head of

899

00:40:57,190 --> 00:40:52,069

state or government or leading

900

00:40:58,900 --> 00:40:57,200

scientific organization yeah okay yeah I

901
00:41:01,930 --> 00:40:58,910
mean that's pretty self-explanatory with

902
00:41:04,299 --> 00:41:01,940
a big D yeah I was I said Dan because

903
00:41:07,000 --> 00:41:04,309
he's got a big D like that's yeah

904
00:41:08,740 --> 00:41:07,010
alright that was a cheap joke alright

905
00:41:12,760 --> 00:41:08,750
disclosure with a little D I got it he's

906
00:41:15,970 --> 00:41:12,770
got a little D aka stop disclosure a

907
00:41:19,539 --> 00:41:15,980
controlled disclosure a slow trickle for

908
00:41:21,910 --> 00:41:19,549
the acclamation of the public building

909
00:41:24,970 --> 00:41:21,920
up to a possible larger reveal or

910
00:41:27,250 --> 00:41:24,980
announcement or an announcement by a

911
00:41:29,890 --> 00:41:27,260
lessor agency or unofficially the leak

912
00:41:33,160 --> 00:41:29,900
of something undeniable ie this week's

913
00:41:35,020 --> 00:41:33,170

UF US Navy confirmation so this is I

914

00:41:36,609 --> 00:41:35,030

guess a couple you know plague a month

915

00:41:39,640 --> 00:41:36,619

ago or something right so we've been

916

00:41:44,140 --> 00:41:39,650

like riddled with little D disclosure

917

00:41:48,069 --> 00:41:44,150

yeah right losing up to something bigger

918

00:41:50,460 --> 00:41:48,079

hmm okay right and that's like a

919

00:41:53,109 --> 00:41:50,470

small-timer just recently do you think I

920

00:41:55,569 --> 00:41:53,119

feel like maybe the little D disclosures

921

00:41:58,630 --> 00:41:55,579

been going on for a long time now yeah

922

00:42:00,680 --> 00:41:58,640

leading up to Big D disclosure and

923

00:42:07,000 --> 00:42:00,690

whenever she gets on here

924

00:42:12,590 --> 00:42:09,650

scuzz if all this stuff has been little

925

00:42:14,870 --> 00:42:12,600

D disclosure yeah what's the big deez

926
00:42:18,980 --> 00:42:14,880
closure right she's either gonna tell us

927
00:42:21,050 --> 00:42:18,990
or she's gonna say you'll see soon damn

928
00:42:25,480 --> 00:42:21,060
right that's that's probably what's

929
00:42:30,080 --> 00:42:25,490
gonna happen well okay that's cool okay

930
00:42:33,880 --> 00:42:30,090
disinformation from the dictionary false

931
00:42:36,350 --> 00:42:33,890
information deliberately and often

932
00:42:39,260 --> 00:42:36,360
covertly I couldn't see sorry yeah

933
00:42:43,070 --> 00:42:39,270
overtly spread in order to influence

934
00:42:46,460 --> 00:42:43,080
opinion or obscure the truth the data is

935
00:42:49,310 --> 00:42:46,470
incorrect ah there we go now it's now

936
00:42:52,000 --> 00:42:49,320
here we go yeah I can see the far oh

937
00:42:54,560 --> 00:42:52,010
you're so far away from the computer

938
00:42:55,760 --> 00:42:54,570

so disinformation I think everybody kind

939

00:42:57,770 --> 00:42:55,770

of knows yeah yeah it's it's pretty

940

00:43:00,410 --> 00:42:57,780

self-explanatory yeah this is a

941

00:43:02,270 --> 00:43:00,420

interesting some misinformation from the

942

00:43:04,210 --> 00:43:02,280

dictionary wrongly or badly informed

943

00:43:06,920 --> 00:43:04,220

such as behaving wrong or inaccurate

944

00:43:09,170 --> 00:43:06,930

information about a topic topic so

945

00:43:11,270 --> 00:43:09,180

inaccurate information about a topic the

946

00:43:13,430 --> 00:43:11,280

data is incorrect but this data is

947

00:43:17,360 --> 00:43:13,440

correct data is correct but misleading

948

00:43:19,940 --> 00:43:17,370

ah so didn't disinformation and

949

00:43:21,680 --> 00:43:19,950

misinformation are are different things

950

00:43:23,240 --> 00:43:21,690

I think a lot of people mix those I mix

951

00:43:28,160 --> 00:43:23,250

right this information is just

952

00:43:31,010 --> 00:43:28,170

deliberately wrong misinformation is I'm

953

00:43:33,140 --> 00:43:31,020

telling you the truth with some twisted

954

00:43:38,750 --> 00:43:33,150

attacks about it yeah

955

00:43:43,640 --> 00:43:38,760

damn okay cool all right what's next you

956

00:43:46,280 --> 00:43:43,650

ap all right Jo you ap unidentified

957

00:43:49,910 --> 00:43:46,290

aerial phenomenon an officially

958

00:43:53,900 --> 00:43:49,920

recognized way of saying UFOs not

959

00:43:56,660 --> 00:43:53,910

actually new right most likely used to

960

00:44:00,740 --> 00:43:56,670

reduce any possible perceived stigma

961

00:44:03,230 --> 00:44:00,750

associated with the UFO acronym it is

962

00:44:05,780 --> 00:44:03,240

important to note that this term was

963

00:44:10,550 --> 00:44:05,790

introduced by the insiders slash

964

00:44:12,110 --> 00:44:10,560

managers not by the UFO field yeah so

965

00:44:13,400 --> 00:44:12,120

people the government came up with this

966

00:44:14,870 --> 00:44:13,410

they're right they're right

967

00:44:16,460 --> 00:44:14,880

that are like putting together all these

968

00:44:17,960 --> 00:44:16,470

like programs and [h__h]

969

00:44:19,850 --> 00:44:17,970

uh-huh because they don't want to say

970

00:44:21,200 --> 00:44:19,860

UFO and then people automatically

971

00:44:23,210 --> 00:44:21,210

dismiss it yeah right

972

00:44:28,040 --> 00:44:23,220

which is all their fault in the first

973

00:44:30,320 --> 00:44:28,050

place so you suck it all right all right

974

00:44:33,290 --> 00:44:30,330

I'm gonna call the UFO you call it

975

00:44:35,600 --> 00:44:33,300

whatever you want - exactly

976

00:44:38,930 --> 00:44:35,610

TTS a I think a lot of people already

977

00:44:41,000 --> 00:44:38,940

know about this but we're - the Stars

978

00:44:42,890 --> 00:44:41,010

Academy is TTS a founded by rock star

979

00:44:46,580 --> 00:44:42,900

Tom da Tom DeLonge and announced in

980

00:44:48,440 --> 00:44:46,590

October 20 2017 a private organization

981

00:44:50,570 --> 00:44:48,450

consisting of ex highly-placed

982

00:44:53,480 --> 00:44:50,580

individuals that may be disclosing the

983

00:44:54,950 --> 00:44:53,490

truth behind ufos maybe they were the

984

00:44:59,420 --> 00:44:54,960

ones responsible for releasing the

985

00:45:02,540 --> 00:44:59,430

existence of a tip and all sap grant Cam

986

00:45:05,300 --> 00:45:02,550

Cameron was considered by many to be the

987

00:45:06,860 --> 00:45:05,310

go-to guy when covering what was going

988

00:45:08,960 --> 00:45:06,870

on in the original development of the

989

00:45:11,270 --> 00:45:08,970

story and brought people up to speed on

990

00:45:14,180 --> 00:45:11,280

all the latest developments developments

991

00:45:18,160 --> 00:45:14,190

so teok I think most people already

992

00:45:22,540 --> 00:45:18,170

know that yeah okay and then now we have

993

00:45:24,980 --> 00:45:22,550

a tip the advanced aerospace threat

994

00:45:27,680 --> 00:45:24,990

identification program a Pentagon

995

00:45:31,360 --> 00:45:27,690

program to monitor and collect data on

996

00:45:36,380 --> 00:45:31,370

you ApS which stands for unidentified

997

00:45:39,110 --> 00:45:36,390

aerospace wait whoa Ariel fauna and air

998

00:45:41,450 --> 00:45:39,120

aerospace okay so I've heard about this

999

00:45:44,870 --> 00:45:41,460

yeah I've gets different I've heard

1000

00:45:48,970 --> 00:45:44,880

about the the double meaning of the UAP

1001
00:45:51,650 --> 00:45:48,980
and how some people call it the

1002
00:45:54,400 --> 00:45:51,660
unidentified aerial phenomenon

1003
00:45:57,260 --> 00:45:54,410
aha and then unidentified aerospace

1004
00:46:01,340 --> 00:45:57,270
phenomenon and one of the things was

1005
00:46:03,740 --> 00:46:01,350
with the whole Luisa Lozano thing yeah

1006
00:46:06,830 --> 00:46:03,750
is that some people in the program are

1007
00:46:09,860 --> 00:46:06,840
calling it the aerospace phenomenon and

1008
00:46:11,810 --> 00:46:09,870
he's calling it the aerial phenomena

1009
00:46:15,110 --> 00:46:11,820
interest and they're saying that like if

1010
00:46:18,740 --> 00:46:15,120
you want the specifics to be correct you

1011
00:46:22,280 --> 00:46:18,750
need to have what is the term yeah is it

1012
00:46:24,110 --> 00:46:22,290
aerospace or is it aerial because aerial

1013
00:46:26,910 --> 00:46:24,120

just means flying in the sky yeah

1014

00:46:30,630 --> 00:46:26,920

aerospace means that it's

1015

00:46:32,700 --> 00:46:30,640

coming from space right so is it

1016

00:46:35,309 --> 00:46:32,710

aerospace or is it air or is it just

1017

00:46:37,140 --> 00:46:35,319

aerial see this that's a good example of

1018

00:46:39,390 --> 00:46:37,150

asking being able to ask the right

1019

00:46:41,940 --> 00:46:39,400

questions like right that kind of

1020

00:46:44,190 --> 00:46:41,950

specificity when you're asking someone

1021

00:46:46,410 --> 00:46:44,200

that's in the know ok so yeah we'll have

1022

00:46:48,390 --> 00:46:46,420

to write her that you have to ask for

1023

00:46:51,180 --> 00:46:48,400

that definitely I'm glad we caught that

1024

00:46:53,430 --> 00:46:51,190

yeah ok seriously yeah so anyway yeah a

1025

00:46:57,359 --> 00:46:53,440

Pentagon program to monitor and collect

1026
00:46:59,730 --> 00:46:57,369
data on you ApS disclosure of the

1027
00:47:03,690 --> 00:46:59,740
program first appeared in The New York

1028
00:47:06,980 --> 00:47:03,700
Times on December 16 2017 in an article

1029
00:47:12,089 --> 00:47:06,990
about it t TSA and Bigelow Aerospace

1030
00:47:14,299 --> 00:47:12,099
Bigelow yeah so in the previous one we

1031
00:47:17,190 --> 00:47:14,309
mentioned or I mentioned ern

1032
00:47:21,599 --> 00:47:17,200
Malinda Leslie mentioned us a p-- so

1033
00:47:23,970 --> 00:47:21,609
this is awesome a AWS AP the advanced

1034
00:47:26,730 --> 00:47:23,980
aerospace weapons systems application

1035
00:47:29,970 --> 00:47:26,740
program the original name of before a

1036
00:47:33,150 --> 00:47:29,980
tip was actually a long larger umbrella

1037
00:47:37,020 --> 00:47:33,160
program of which a tip was under so a

1038
00:47:44,280 --> 00:47:37,030

tip is under awesome so awesome Brella

1039

00:47:47,000 --> 00:47:44,290

thing right oh oh so so okay so we had

1040

00:47:50,339 --> 00:47:47,010

what we had first we had project signs

1041

00:47:53,700 --> 00:47:50,349

then we had project grudge then we have

1042

00:47:56,880 --> 00:47:53,710

project Bluebook then was this awesome

1043

00:47:59,549 --> 00:47:56,890

next because they say that you know they

1044

00:48:01,680 --> 00:47:59,559

stopped Project Blue Book yeah but they

1045

00:48:06,960 --> 00:48:01,690

didn't so they kept studying it just

1046

00:48:09,120 --> 00:48:06,970

change the name right in in 69 I think

1047

00:48:11,970 --> 00:48:09,130

is when they said they stopped really I

1048

00:48:14,220 --> 00:48:11,980

think so is when blue they said Blue

1049

00:48:18,260 --> 00:48:14,230

Book's time to stop as we're going to

1050

00:48:21,329 --> 00:48:18,270

the Moon Z's right right right

1051

00:48:24,359 --> 00:48:21,339

so then when did I wonder when our SAP

1052

00:48:26,900 --> 00:48:24,369

started we'll have to look at it because

1053

00:48:31,309 --> 00:48:26,910

it seems like just this continuation of

1054

00:48:35,309 --> 00:48:31,319

programs right yawns grudge Blue Book

1055

00:48:38,760 --> 00:48:35,319

awesome dude and then ate it I think it

1056

00:48:40,500 --> 00:48:38,770

ok so here's an angle what if there it's

1057

00:48:42,060 --> 00:48:40,510

kind of like a shell corporation or

1058

00:48:44,130 --> 00:48:42,070

so shell company where they have to

1059

00:48:47,580 --> 00:48:44,140

change the name of their project every

1060

00:48:50,430 --> 00:48:47,590

so often to avoid paying taxes or some

1061

00:48:54,390 --> 00:48:50,440

[h__h] or avoid having to you know the

1062

00:48:57,540 --> 00:48:54,400

public disclosure or you know a [h__h] I'm

1063

00:48:59,580 --> 00:48:57,550

blanking on the name but like a Freedom

1064

00:49:01,800 --> 00:48:59,590

of Information Act like they change the

1065

00:49:03,599 --> 00:49:01,810

name of their company so by the time

1066

00:49:05,460 --> 00:49:03,609

that goes through oh it's a different

1067

00:49:07,859 --> 00:49:05,470

company now so we don't know you [h__h]

1068

00:49:12,000 --> 00:49:07,869

right right yeah

1069

00:49:16,290 --> 00:49:12,010

or it could be okay too many people are

1070

00:49:18,660 --> 00:49:16,300

starting to have good information close

1071

00:49:20,849 --> 00:49:18,670

this down you guys are all fired go back

1072

00:49:22,530 --> 00:49:20,859

to your regular jobs we're gonna keep

1073

00:49:24,450 --> 00:49:22,540

this program going though but we're only

1074

00:49:26,730 --> 00:49:24,460

gonna handpick certain people that we

1075

00:49:30,359 --> 00:49:26,740

think we can trust yeah we'll call it a

1076

00:49:32,040 --> 00:49:30,369

different name Yeah right that's and

1077

00:49:34,920 --> 00:49:32,050

they keep it I think they get that that

1078

00:49:36,750 --> 00:49:34,930

big-ass paycheck - yeah they still get

1079

00:49:38,910 --> 00:49:36,760

to keep that paycheck and that's

1080

00:49:41,460 --> 00:49:38,920

somehin other another thing that

1081

00:49:43,500 --> 00:49:41,470

Melinda Lesley Ann mentioned like don't

1082

00:49:45,660 --> 00:49:43,510

write don't touch the money yeah don't

1083

00:49:47,970 --> 00:49:45,670

don't touch the money yeah yeah I guess

1084

00:49:50,700 --> 00:49:47,980

you can talk about that when we get into

1085

00:49:55,550 --> 00:49:50,710

it but all right the new disclosure

1086

00:49:58,410 --> 00:49:55,560

story this and similar phrases are used

1087

00:50:01,130 --> 00:49:58,420

in reference to the events just

1088

00:50:04,650 --> 00:50:01,140

discussed and the ongoing development

1089

00:50:06,960 --> 00:50:04,660

associated with them the new disclosures

1090

00:50:10,170 --> 00:50:06,970

to disclose your story so I guess all

1091

00:50:13,980 --> 00:50:10,180

this Navy stuff all the pilots coming

1092

00:50:17,330 --> 00:50:13,990

out yeah the Pentagon saying stuff this

1093

00:50:19,830 --> 00:50:17,340

is the new disclosure this is the new

1094

00:50:23,150 --> 00:50:19,840

quote/unquote winky winky face

1095

00:50:26,700 --> 00:50:23,160

disclosure right okay little Dee's

1096

00:50:29,609 --> 00:50:26,710

little D little D disclosure I mean it

1097

00:50:29,910 --> 00:50:29,619

can't be the big D right no no it can't

1098

00:50:33,930 --> 00:50:29,920

be

1099

00:50:36,950 --> 00:50:33,940

I think well I'll say it later yeah all

1100

00:50:40,320 --> 00:50:36,960

right the next one is back bass or bass

1101
00:50:42,990 --> 00:50:40,330
baa SS Bigelow Aerospace advanced

1102
00:50:45,599 --> 00:50:43,000
scientist science studies formed by

1103
00:50:48,330 --> 00:50:45,609
Robert T Bigelow as a subsidiary of

1104
00:50:50,480 --> 00:50:48,340
Bigelow Aerospace LLC evidence suggests

1105
00:50:53,309 --> 00:50:50,490
that it was the replacement for NIN's

1106
00:50:54,870 --> 00:50:53,319
National Institute of Discovery Science

1107
00:50:58,019 --> 00:50:54,880
his organization looking into UFOs

1108
00:51:01,009 --> 00:50:58,029
abduction and paranormal cases did they

1109
00:51:03,959 --> 00:51:01,019
replace a research organization with a

1110
00:51:05,910 --> 00:51:03,969
for-profit company or for a redirection

1111
00:51:09,779 --> 00:51:05,920
of focus on the technology instead of

1112
00:51:12,539 --> 00:51:09,789
the paranormal uh I begged the latter I

1113
00:51:15,539 --> 00:51:12,549

mean they looked into knids was the

1114

00:51:18,479 --> 00:51:15,549

company by eros by Bigelow that looked

1115

00:51:21,380 --> 00:51:18,489

into skinwalker ranch and that kind of

1116

00:51:25,920 --> 00:51:21,390

after that was fizzled out yeah it was

1117

00:51:28,140 --> 00:51:25,930

now something else gasps right it makes

1118

00:51:31,079 --> 00:51:28,150

sense it's it's like all these funds

1119

00:51:32,789 --> 00:51:31,089

okay we don't have any proof for you so

1120

00:51:34,380 --> 00:51:32,799

we're gonna take all this money and

1121

00:51:34,799 --> 00:51:34,390

we're just gonna start another thing and

1122

00:51:36,359 --> 00:51:34,809

stop

1123

00:51:38,489 --> 00:51:36,369

you know just drop the paranormal stuff

1124

00:51:41,160 --> 00:51:38,499

right makes sense right they're like

1125

00:51:42,479 --> 00:51:41,170

okay well half of this [h__h] is we can't

1126

00:51:44,099 --> 00:51:42,489

prove it all right not that it's aa real

1127

00:51:45,989 --> 00:51:44,109

uh-huh this paranormal stuff nothing

1128

00:51:47,880 --> 00:51:45,999

that's not real but here's the stuff we

1129

00:51:49,439 --> 00:51:47,890

can prove and that's the UFO stuff so

1130

00:51:52,559 --> 00:51:49,449

that's what they want is the proof and

1131

00:51:54,180 --> 00:51:52,569

they want right then and the technology

1132

00:51:56,670 --> 00:51:54,190

behind it technology behind it exactly

1133

00:52:04,529 --> 00:51:56,680

yeah or they found a connection between

1134

00:52:09,589 --> 00:52:04,539

the two yeah we're going to the big V

1135

00:52:13,499 --> 00:52:09,599

and a dome in Dallas all right

1136

00:52:15,959 --> 00:52:13,509

Rockefeller freaking Rock he just looks

1137

00:52:18,089 --> 00:52:15,969

like a well he looks like the guy behind

1138

00:52:20,400 --> 00:52:18,099

you at a gas station that's like he's

1139

00:52:22,810 --> 00:52:20,410

there to only buy lottery tickets and he

1140

00:52:27,229 --> 00:52:22,820

also has like like I like still reserved

1141

00:52:29,880 --> 00:52:27,239

[Laughter]

1142

00:52:31,769 --> 00:52:29,890

Rockefeller initiative billionaire

1143

00:52:33,359 --> 00:52:31,779

Laurance Rockefeller approached the

1144

00:52:35,219 --> 00:52:33,369

Clinton White House to get the

1145

00:52:38,759 --> 00:52:35,229

government to disclose the truth behind

1146

00:52:40,999 --> 00:52:38,769

UFOs what followed was years of foi a

1147

00:52:44,880 --> 00:52:41,009

which is Freedom of Information Act

1148

00:52:46,620 --> 00:52:44,890

requests emails and extensive contacts

1149

00:52:49,890 --> 00:52:46,630

between many individuals

1150

00:52:53,339 --> 00:52:49,900

Steve Steve Bassett is considered to be

1151
00:52:56,670 --> 00:52:53,349
the go-to guy regarding this important

1152
00:52:59,339 --> 00:52:56,680
saga and the role it played in the new

1153
00:53:04,709 --> 00:52:59,349
disclosure hmm interesting

1154
00:53:05,969 --> 00:53:04,719
Laurance Rockefeller okay yeah dude okay

1155
00:53:07,110 --> 00:53:05,979
well [\h__\h] I was about to [\h__\h] all over

1156
00:53:10,440 --> 00:53:07,120
this guy but

1157
00:53:12,450 --> 00:53:10,450
like on the good side maybe but I mean

1158
00:53:14,940 --> 00:53:12,460
you could still probably find stuff to

1159
00:53:17,310 --> 00:53:14,950
[\h__\h] on in four so he was the go-to guy

1160
00:53:19,620 --> 00:53:17,320
which means so that's when people

1161
00:53:26,150 --> 00:53:19,630
started really requesting all these FOIA

1162
00:53:29,730 --> 00:53:26,160
requests and and digging yeah so he

1163
00:53:32,160 --> 00:53:29,740

maybe he was the one deciding okay this

1164

00:53:34,470 --> 00:53:32,170

person does not need to know about this

1165

00:53:37,950 --> 00:53:34,480

information so I'm gonna push it through

1166

00:53:40,200 --> 00:53:37,960

a lot of bureaucracy and red tape and

1167

00:53:43,650 --> 00:53:40,210

never get back to this person or they

1168

00:53:46,170 --> 00:53:43,660

could choose to reveal the the

1169

00:53:50,160 --> 00:53:46,180

information some ways like a date so

1170

00:53:54,780 --> 00:53:50,170

he's the one who filed all the FOIA

1171

00:53:56,010 --> 00:53:54,790

requests had all the emails all the way

1172

00:53:59,400 --> 00:53:56,020

I think it's supposed to say Rockefeller

1173

00:54:01,260 --> 00:53:59,410

initiative not imitative yeah yeah I

1174

00:54:07,160 --> 00:54:01,270

said initiative yeah I think he did -

1175

00:54:11,460 --> 00:54:07,170

yeah so okay I didn't know that cool

1176
00:54:13,170 --> 00:54:11,470
eighty pwg you can't really say that the

1177
00:54:16,500 --> 00:54:13,180
advanced theoretical physics working

1178
00:54:18,300 --> 00:54:16,510
group dude that's the big one yeah a

1179
00:54:20,700 --> 00:54:18,310
group consisting of intelligence

1180
00:54:22,650 --> 00:54:20,710
insiders aerospace insiders and other

1181
00:54:24,570 --> 00:54:22,660
such individuals working together to

1182
00:54:27,300 --> 00:54:24,580
understand the UFO subject and gather

1183
00:54:30,870 --> 00:54:27,310
data on it all while often operating

1184
00:54:33,360 --> 00:54:30,880
behind the scenes in the UFO feel it

1185
00:54:35,310 --> 00:54:33,370
says ellipses I'll - I'll tell you more

1186
00:54:39,270 --> 00:54:35,320
about that them in a minute so this is

1187
00:54:42,630 --> 00:54:39,280
this is on a Melinda Leslie's research

1188
00:54:44,610 --> 00:54:42,640

on her slide show that she's asked if

1189

00:54:47,250 --> 00:54:44,620

you're just tuning in that's why that's

1190

00:54:50,220 --> 00:54:47,260

in there and yeah I definitely remember

1191

00:54:53,280 --> 00:54:50,230

that remember 80 pwg yeah because I wish

1192

00:54:54,870 --> 00:54:53,290

it was easier to say yeah yeah but we

1193

00:54:56,070 --> 00:54:54,880

could say the working group right is for

1194

00:54:57,240 --> 00:54:56,080

short yeah we could say the working

1195

00:54:59,010 --> 00:54:57,250

group yeah yeah

1196

00:55:01,890 --> 00:54:59,020

the working group the theoretical

1197

00:55:03,930 --> 00:55:01,900

physics working group yeah yeah remember

1198

00:55:06,750 --> 00:55:03,940

those guys cuz we're gonna we're gonna

1199

00:55:14,130 --> 00:55:06,760

say some stuff in a second that's kind

1200

00:55:16,680 --> 00:55:14,140

of crazy crazy it's yeah alright so this

1201
00:55:19,650 --> 00:55:16,690
is one thing that she's been studying

1202
00:55:20,440 --> 00:55:19,660
for I think this is like her main focus

1203
00:55:22,870 --> 00:55:20,450
of

1204
00:55:26,380 --> 00:55:22,880
for like over the past 30 years is the

1205
00:55:29,160 --> 00:55:26,390
mill lab yeah okay mill lab an acronym

1206
00:55:33,420 --> 00:55:29,170
for military abduction

1207
00:55:36,609 --> 00:55:33,430
that's mill and a B this refers to

1208
00:55:39,940 --> 00:55:36,619
extraterrestrial abductees that have

1209
00:55:42,550 --> 00:55:39,950
covert human personal military

1210
00:55:45,520 --> 00:55:42,560
intelligence community or similar

1211
00:55:48,940 --> 00:55:45,530
insiders that are involved in their

1212
00:55:51,339 --> 00:55:48,950
experience and or involved in their

1213
00:55:54,520 --> 00:55:51,349

lives this includes monitoring

1214

00:55:58,690 --> 00:55:54,530

surveillance harassment the minders

1215

00:56:01,720 --> 00:55:58,700

write scenarios being abducted by the

1216

00:56:07,060 --> 00:56:01,730

aliens with any of these personnel also

1217

00:56:09,460 --> 00:56:07,070

present or being outright abducted by

1218

00:56:12,670 --> 00:56:09,470

these personnel whether with aliens or

1219

00:56:16,329 --> 00:56:12,680

without the term was coined by abductee

1220

00:56:23,079 --> 00:56:16,339

Kat Wilson in 1996 he thought that said

1221

00:56:25,809 --> 00:56:23,089

Kat Williams I'm sorry in 1996 as a way

1222

00:56:29,020 --> 00:56:25,819

to reference these types of experiences

1223

00:56:32,829 --> 00:56:29,030

and was popularized in the ufology by

1224

00:56:36,970 --> 00:56:32,839

authors helmet and Marion lammer in

1225

00:56:39,220 --> 00:56:36,980

their 1997 book mill labs military mind

1226

00:56:42,040 --> 00:56:39,230

control and alien abduction

1227

00:56:44,260 --> 00:56:42,050

so mill adds is before Melinda Leslie I

1228

00:56:46,569 --> 00:56:44,270

guess uh whoa I thought she coined that

1229

00:56:49,809 --> 00:56:46,579

term it's just something that happened

1230

00:56:52,210 --> 00:56:49,819

to her and she was like whoa dances mill

1231

00:56:55,300 --> 00:56:52,220

labs okay

1232

00:56:56,740 --> 00:56:55,310

or maybe oh man it goes yeah we need to

1233

00:56:59,319 --> 00:56:56,750

ask her about that too uh-huh okay

1234

00:57:01,450 --> 00:56:59,329

definitely dude that's crazy all right

1235

00:57:04,089 --> 00:57:01,460

Mill labs I asked I also asked her to go

1236

00:57:05,920 --> 00:57:04,099

a little bit on the into the mill AB

1237

00:57:07,930 --> 00:57:05,930

stuff if she if she was comfortable with

1238

00:57:09,550 --> 00:57:07,940

it at your experience so maybe we'll

1239

00:57:12,040 --> 00:57:09,560

start out with her experience in my lab

1240

00:57:13,599 --> 00:57:12,050

mm-hmm knowing that our listeners have

1241

00:57:15,460 --> 00:57:13,609

that background and knowing what it

1242

00:57:16,720 --> 00:57:15,470

means and all that and just maybe we can

1243

00:57:18,430 --> 00:57:16,730

cut straight to like what was her

1244

00:57:20,620 --> 00:57:18,440

experience right hopefully you know

1245

00:57:22,120 --> 00:57:20,630

we'll get to the other stuff but yeah

1246

00:57:25,059 --> 00:57:22,130

that's that's the end of the the

1247

00:57:27,730 --> 00:57:25,069

acronyms man that's a lot of stuff to

1248

00:57:30,849 --> 00:57:27,740

remember quite a bit dude yeah quite a

1249

00:57:32,380 --> 00:57:30,859

bit and also I mean we're pretty good at

1250

00:57:33,310 --> 00:57:32,390

reading out loud that's a hard thing to

1251

00:57:38,500 --> 00:57:33,320

do

1252

00:57:40,780 --> 00:57:38,510

it's much different way back here deep

1253

00:57:44,650 --> 00:57:40,790

yeah back there bro

1254

00:57:49,330 --> 00:57:44,660

yeah very proud you hey you who knew the

1255

00:57:52,320 --> 00:57:49,340

UFO garage guys could really dream hey

1256

00:57:56,070 --> 00:57:52,330

these guys we good

1257

00:58:00,700 --> 00:57:56,080

dad all right good but they read goods

1258

00:58:03,520 --> 00:58:00,710

all right all right so this next slide

1259

00:58:05,560 --> 00:58:03,530

is titled remember what I told you guys

1260

00:58:08,230 --> 00:58:05,570

to remember earlier all right

1261

00:58:13,930 --> 00:58:08,240

the advanced theoretical physics working

1262

00:58:15,130 --> 00:58:13,940

group this is the history well we're not

1263

00:58:17,710 --> 00:58:15,140

gonna be able to tell you the whole

1264

00:58:21,340 --> 00:58:17,720

history yeah but this is what this slide

1265

00:58:25,510 --> 00:58:21,350

is titled it's the history and just some

1266

00:58:27,910 --> 00:58:25,520

of the things that uh there what the

1267

00:58:30,340 --> 00:58:27,920

goal was some of the things that some of

1268

00:58:33,310 --> 00:58:30,350

the members said in the Nexus of the

1269

00:58:35,500 --> 00:58:33,320

Cabal how it's born

1270

00:58:36,760 --> 00:58:35,510

yeah and I think most people that listen

1271

00:58:38,620 --> 00:58:36,770

to this podcast kind of know what the

1272

00:58:41,050 --> 00:58:38,630

Cabal is about right yeah it's like this

1273

00:58:43,360 --> 00:58:41,060

overshadowing umbrella government kind

1274

00:58:45,310 --> 00:58:43,370

of organization so she's gonna go in on

1275

00:58:47,200 --> 00:58:45,320

like how it was born that's yeah yeah

1276

00:58:53,110 --> 00:58:47,210

she's gonna talk about how she fell into

1277

00:58:55,060 --> 00:58:53,120

it she's gonna let's see why are you

1278

00:58:57,820 --> 00:58:55,070

saying she was a part of the people like

1279

00:59:00,490 --> 00:58:57,830

getting the people together for so yeah

1280

00:59:04,780 --> 00:59:00,500

when we talked to her at sea I said um

1281

00:59:06,670 --> 00:59:04,790

you like a conference she had mentioned

1282

00:59:10,150 --> 00:59:06,680

that she introduced a lot of these

1283

00:59:13,000 --> 00:59:10,160

people who are in TGS a and how she kind

1284

00:59:15,280 --> 00:59:13,010

of finagled some stuff around so all

1285

00:59:18,100 --> 00:59:15,290

these people could meet yeah so she kind

1286

00:59:21,010 --> 00:59:18,110

of has a part in in like helping this

1287

00:59:23,590 --> 00:59:21,020

group form yeah in the first place

1288

00:59:25,270 --> 00:59:23,600

that's yeah I want to ask her a little

1289

00:59:28,540 --> 00:59:25,280

bit about that to you yeah I'm just

1290

00:59:30,970 --> 00:59:28,550

curious I mean there's no you know

1291

00:59:33,700 --> 00:59:30,980

ulterior motive I'm just curious like

1292

00:59:35,620 --> 00:59:33,710

how that happened it's like how does she

1293

00:59:37,450 --> 00:59:35,630

know all those yeah anyway dude I mean

1294

00:59:39,250 --> 00:59:37,460

yeah but I mean she knows a lot of these

1295

00:59:44,560 --> 00:59:39,260

people yeah you know she knows a lot of

1296

00:59:46,900 --> 00:59:44,570

these people so in this basically the

1297

00:59:48,880 --> 00:59:46,910

history um their goals

1298

00:59:53,529 --> 00:59:48,890

as stated in their original meeting

1299

00:59:55,630 --> 00:59:53,539

agenda of 1985 some things that they

1300

01:00:01,480 --> 00:59:55,640

wanted to learn about were abductees in

1301

01:00:05,829 --> 01:00:01,490

DNA abductees and sigh so psychic

1302

01:00:10,000 --> 01:00:05,839

abilities alien technology they wanted

1303

01:00:11,440 --> 01:00:10,010

to pursue an abduction database so I

1304

01:00:13,900 --> 01:00:11,450

think that's where the mill labs comes

1305

01:00:16,630 --> 01:00:13,910

in is they they want this database of

1306

01:00:18,010 --> 01:00:16,640

people who are abducted right whether

1307

01:00:20,049 --> 01:00:18,020

they're a part of it or not they need to

1308

01:00:22,599 --> 01:00:20,059

know like who's being abducted right

1309

01:00:25,539 --> 01:00:22,609

right right

1310

01:00:28,900 --> 01:00:25,549

and let's see item 3 listed under their

1311

01:00:32,440 --> 01:00:28,910

project theme was to consolidate

1312

01:00:34,870 --> 01:00:32,450

existing data to establish a threat to

1313

01:00:40,510 --> 01:00:34,880

establish a threat they wanted to

1314

01:00:42,309 --> 01:00:40,520

well why why do they want to establish a

1315

01:00:44,289 --> 01:00:42,319

threat how do you why do you have to

1316

01:00:46,299 --> 01:00:44,299

prove that something's a threat right

1317

01:00:46,870 --> 01:00:46,309

right when you don't even know in the

1318

01:00:48,250 --> 01:00:46,880

first place

1319

01:00:49,480 --> 01:00:48,260

you don't know what it is so it's like

1320

01:00:51,160 --> 01:00:49,490

we don't know what this is but we want

1321

01:00:53,579 --> 01:00:51,170

to make sure that we establish the fact

1322

01:00:57,039 --> 01:00:53,589

that it's a threat yeah sounds familiar

1323

01:00:58,690 --> 01:00:57,049

it does yeah mm-hmm it's some like some

1324

01:01:00,460 --> 01:00:58,700

strange wording you know that's like

1325

01:01:02,260 --> 01:01:00,470

what you're saying earlier like it's not

1326

01:01:04,809 --> 01:01:02,270

yeah we are getting this disclosure and

1327

01:01:09,400 --> 01:01:04,819

those videos are real but it's the

1328

01:01:12,359 --> 01:01:09,410

message behind it exactly exactly yeah

1329

01:01:15,099 --> 01:01:12,369

which I know we've talked about in

1330

01:01:17,710 --> 01:01:15,109

previous podcasts on how all this stuff

1331

01:01:21,250 --> 01:01:17,720

came out and everybody's like look see

1332

01:01:23,319 --> 01:01:21,260

it's real I told you you know yeah the

1333

01:01:26,799 --> 01:01:23,329

Navy said it behind ago and said it and

1334

01:01:29,710 --> 01:01:26,809

and yes like yes that is part of it they

1335

01:01:32,849 --> 01:01:29,720

did say this stuff but it's the message

1336

01:01:35,650 --> 01:01:32,859

behind what they're saying yeah right

1337

01:01:38,769 --> 01:01:35,660

yeah like if you just went around

1338

01:01:40,920 --> 01:01:38,779

thinking that bees only stung and killed

1339

01:01:43,660 --> 01:01:40,930

people you'd be afraid of it right but

1340

01:01:46,480 --> 01:01:43,670

really they pollinate and pollinate the

1341

01:01:48,160 --> 01:01:46,490

entire planet bro they make food like if

1342

01:01:50,529 --> 01:01:48,170

it wasn't for them we wouldn't even be

1343

01:01:52,809 --> 01:01:50,539

alive but if the only thing people

1344

01:01:56,260 --> 01:01:52,819

studied about bees is that they sting

1345

01:01:57,849 --> 01:01:56,270

people and some people die from it we'd

1346

01:02:00,160 --> 01:01:57,859

all be terrified

1347

01:02:02,650 --> 01:02:00,170

right and I feel like it's kind of the

1348

01:02:05,319 --> 01:02:02,660

same thing with this this whole alien

1349

01:02:07,989 --> 01:02:05,329

thing is if that's the only thing that's

1350

01:02:09,880 --> 01:02:07,999

being studied then of course it's gonna

1351
01:02:12,519 --> 01:02:09,890
like scare the [h__\h] out of everybody

1352
01:02:16,779 --> 01:02:12,529
right right so there has to be some

1353
01:02:18,719 --> 01:02:16,789
reason behind the opposition to bees

1354
01:02:22,029 --> 01:02:18,729
their money and someone must be

1355
01:02:24,910 --> 01:02:22,039
profiting or there must be a reason why

1356
01:02:27,249 --> 01:02:24,920
they're fear-mongering to the bees right

1357
01:02:29,620 --> 01:02:27,259
like okay why would you not want bees

1358
01:02:33,309 --> 01:02:29,630
how are you how are you profiting off of

1359
01:02:36,099 --> 01:02:33,319
off of that like the fear right has to

1360
01:02:38,170 --> 01:02:36,109
be a reason yeah yeah it's not just

1361
01:02:41,079 --> 01:02:38,180
they're doing it to do it like the

1362
01:02:43,709 --> 01:02:41,089
government does things to I don't know a

1363
01:02:46,599 --> 01:02:43,719

lot of times like in the pursuit of of

1364

01:02:48,640 --> 01:02:46,609

safety is like never think everybody

1365

01:02:50,829 --> 01:02:48,650

knows by now is just to get yeah who's

1366

01:02:53,709 --> 01:02:50,839

to keep you say just to keep you say oh

1367

01:02:55,839 --> 01:02:53,719

it's not we promise it's the seller I

1368

01:02:59,979 --> 01:02:55,849

rode my rights away it's just sell you

1369

01:03:03,489 --> 01:02:59,989

[h__h] to won't to tax you more not even

1370

01:03:05,680 --> 01:03:03,499

sell you stuff voluntarily it's just tax

1371

01:03:06,939 --> 01:03:05,690

you and take more of your money is to

1372

01:03:11,469 --> 01:03:06,949

take your money

1373

01:03:13,150 --> 01:03:11,479

yeah it's to take stuff from you we need

1374

01:03:15,729 --> 01:03:13,160

to go we need to go to the B standard

1375

01:03:18,549 --> 01:03:15,739

and just trade pollen man we need

1376

01:03:20,309 --> 01:03:18,559

something simple like I think so vit I

1377

01:03:22,989 --> 01:03:20,319

think so for sure

1378

01:03:29,920 --> 01:03:22,999

not the gold standard but the B standard

1379

01:03:32,799 --> 01:03:29,930

yeah so the theoretical physics working

1380

01:03:37,329 --> 01:03:32,809

group history this is the next slide it

1381

01:03:39,969 --> 01:03:37,339

continues this one is human oh yeah

1382

01:03:43,120 --> 01:03:39,979

so the working group history their role

1383

01:03:46,329 --> 01:03:43,130

in ufology so this is their role five

1384

01:03:48,370 --> 01:03:46,339

members of the ATP WG the names of which

1385

01:03:50,559 --> 01:03:48,380

will be included in this list to follow

1386

01:03:53,019 --> 01:03:50,569

which is pretty cool

1387

01:03:55,719 --> 01:03:53,029

shared just what their role in ufology

1388

01:03:59,109 --> 01:03:55,729

is explaining how the participation is

1389

01:04:01,870 --> 01:03:59,119

something other than being truthful whoa

1390

01:04:03,999 --> 01:04:01,880

and it says but again don't take my word

1391

01:04:07,870 --> 01:04:04,009

for it in their own words so she goes

1392

01:04:09,880 --> 01:04:07,880

into this it's kind of these quotations

1393

01:04:10,680 --> 01:04:09,890

of these people that she has talked to

1394

01:04:12,089 --> 01:04:10,690

and

1395

01:04:15,300 --> 01:04:12,099

wrote down their quote or maybe she

1396

01:04:19,740 --> 01:04:15,310

recorded it so the first quote is it

1397

01:04:21,450 --> 01:04:19,750

says member one so member of the ATP WG

1398

01:04:26,490 --> 01:04:21,460

the working group this is a quote from

1399

01:04:29,130 --> 01:04:26,500

member one talking to Melinda I call

1400

01:04:31,770 --> 01:04:29,140

this one the we're in it to spin it

1401

01:04:33,809 --> 01:04:31,780

speech referring to specifically the

1402

01:04:36,240 --> 01:04:33,819

working group involving the youth and

1403

01:04:39,059 --> 01:04:36,250

involvement in ufology so here's the

1404

01:04:41,490 --> 01:04:39,069

quote where and ufology to spin it in

1405

01:04:43,740 --> 01:04:41,500

the direction we want it to go away from

1406

01:04:46,230 --> 01:04:43,750

where we don't and sometimes we have to

1407

01:04:49,680 --> 01:04:46,240

derail the train end quote

1408

01:04:53,490 --> 01:04:49,690

he also says quote we answer to a bigger

1409

01:04:56,160 --> 01:04:53,500

umbrella group in quote whoa whoa yeah

1410

01:04:58,140 --> 01:04:56,170

who are those guys whoa she's talking to

1411

01:05:02,160 --> 01:04:58,150

somebody in the in the working group he

1412

01:05:06,180 --> 01:05:02,170

says we're in ufology to spin it in the

1413

01:05:08,040 --> 01:05:06,190

direction we want it to go and we can we

1414

01:05:10,500 --> 01:05:08,050

sometimes we have to derail the Train

1415

01:05:12,750 --> 01:05:10,510

like they're totally in control of what

1416

01:05:14,910 --> 01:05:12,760

information we consume and what

1417

01:05:18,089 --> 01:05:14,920

information we don't consume yeah so

1418

01:05:21,589 --> 01:05:18,099

when you look at TTS a and they're like

1419

01:05:23,819 --> 01:05:21,599

these new disclosure heroes yeah right

1420

01:05:29,400 --> 01:05:23,829

even there's a good way to put it yeah

1421

01:05:32,849 --> 01:05:29,410

even then they can't they can't tell you

1422

01:05:36,329 --> 01:05:32,859

all all the information right they can't

1423

01:05:39,720 --> 01:05:36,339

they can't I mean especially if there's

1424

01:05:42,440 --> 01:05:39,730

people in TTS a right now that used to

1425

01:05:46,589 --> 01:05:42,450

work for these groups yeah right that

1426

01:05:49,410 --> 01:05:46,599

that were specifically put in there to

1427

01:05:53,819 --> 01:05:49,420

spin this information it just kind of

1428

01:05:56,130 --> 01:05:53,829

makes me wonder like how how can we take

1429

01:05:58,500 --> 01:05:56,140

some of this stuff serious or like how

1430

01:06:00,420 --> 01:05:58,510

can we like trust this information right

1431

01:06:03,240 --> 01:06:00,430

when we know that there's specific job

1432

01:06:04,730 --> 01:06:03,250

was to you know misinformed people in

1433

01:06:08,400 --> 01:06:04,740

the first place yeah

1434

01:06:13,380 --> 01:06:08,410

it's so difficult man it's like it's

1435

01:06:15,359 --> 01:06:13,390

like that conundrum where I I think I

1436

01:06:17,250 --> 01:06:15,369

know that I'm gonna tell you something

1437

01:06:19,140 --> 01:06:17,260

but you don't know that I'm gonna tell

1438

01:06:20,910 --> 01:06:19,150

you something that's true but only I

1439

01:06:22,349 --> 01:06:20,920

know if I'm gonna tell you alive but you

1440

01:06:24,120 --> 01:06:22,359

think I'm gonna tell the truth but we're

1441

01:06:24,510 --> 01:06:24,130

also because you think I'm gonna tell

1442

01:06:26,820 --> 01:06:24,520

you the

1443

01:06:31,500 --> 01:06:26,830

I'm gonna tell you lie and it just boom

1444

01:06:33,300 --> 01:06:31,510

boom ooh bloop bloop bloop yeah yes you

1445

01:06:37,500 --> 01:06:33,310

want to read the next the next quote yes

1446

01:06:43,050 --> 01:06:37,510

so member number two quote as said to

1447

01:06:46,050 --> 01:06:43,060

Melinda let's see for the first one this

1448

01:06:48,270 --> 01:06:46,060

member used the old shell game involving

1449

01:06:52,560 --> 01:06:48,280

three cups kept moving with a pea under

1450

01:06:55,200 --> 01:06:52,570

one of them as an analogy for their

1451

01:06:58,560 --> 01:06:55,210

manipulation in the field okay so the

1452

01:07:02,760 --> 01:06:58,570

quote is quote under heavy camouflage

1453

01:07:06,240 --> 01:07:02,770

cover and deception you're never sure

1454

01:07:09,540 --> 01:07:06,250

what cup the P is under in quote hmm

1455

01:07:12,960 --> 01:07:09,550

right and another time he said this

1456

01:07:16,170 --> 01:07:12,970

about their roll quote it's all a

1457

01:07:19,670 --> 01:07:16,180

diversion to keep the highly curious

1458

01:07:23,280 --> 01:07:19,680

which is UFO researchers entertained end

1459

01:07:27,240 --> 01:07:23,290

quote and that's when your stomach drops

1460

01:07:30,270 --> 01:07:27,250

right it's all diversions to keep the

1461

01:07:31,590 --> 01:07:30,280

highly curious entertained dude I am a

1462

01:07:33,750 --> 01:07:31,600

highly curious person

1463

01:07:36,000 --> 01:07:33,760

I'm extremely highly curious anybody

1464

01:07:39,000 --> 01:07:36,010

listening to this podcast is a highly

1465

01:07:41,190 --> 01:07:39,010

highly curious person yeah right they

1466

01:07:42,750 --> 01:07:41,200

want to know more information right and

1467

01:07:46,440 --> 01:07:42,760

they do the work and they dig and they

1468

01:07:47,520 --> 01:07:46,450

find like little podcast like us and

1469

01:07:49,650 --> 01:07:47,530

they're listening to this stuff like

1470

01:07:51,180 --> 01:07:49,660

we're talking to you directly like

1471

01:07:52,530 --> 01:07:51,190

they're talking to you through this

1472

01:07:56,310 --> 01:07:52,540

quote like that's us

1473

01:07:58,380 --> 01:07:56,320

yeah that's insane so then I started

1474

01:07:59,760 --> 01:07:58,390

getting all bummed out when we were

1475

01:08:02,310 --> 01:07:59,770

looking at this before we start

1476

01:08:05,730 --> 01:08:02,320

recording the show I'm like Joan is that

1477

01:08:07,850 --> 01:08:05,740

now puppy bum you out like this is what

1478

01:08:12,680 --> 01:08:07,860

you say back good actually

1479

01:08:15,570 --> 01:08:12,690

so to me it doesn't bum me out right

1480

01:08:19,079 --> 01:08:15,580

with this quote it's all a diversion to

1481

01:08:22,349 --> 01:08:19,089

keep the highly curious entertained you

1482

01:08:26,670 --> 01:08:22,359

were saying so do you think that means

1483

01:08:30,960 --> 01:08:26,680

it's all fake yeah no I don't I think

1484

01:08:34,289 --> 01:08:30,970

this quote makes it a thousand percent

1485

01:08:37,650 --> 01:08:34,299

more real I think it's so much more real

1486

01:08:38,249 --> 01:08:37,660

that yes maybe at this level that we're

1487

01:08:41,370 --> 01:08:38,259

at

1488

01:08:43,890 --> 01:08:41,380

it is entertaining but this is such a

1489

01:08:49,140 --> 01:08:43,900

real thing that they have to employ

1490

01:08:50,609 --> 01:08:49,150

people to completely purposely you know

1491

01:08:55,200 --> 01:08:50,619

divert you

1492

01:08:56,970 --> 01:08:55,210

yeah right so whatever it is dude it's

1493

01:08:59,069 --> 01:08:56,980

so much bigger than we could even

1494

01:09:01,259 --> 01:08:59,079

imagine yeah all right

1495

01:09:07,049 --> 01:09:01,269

right so I think that's kind of like my

1496

01:09:09,990 --> 01:09:07,059

my my take on it is no this isn't fake

1497

01:09:14,009 --> 01:09:10,000

yeah they may be trying to divert you a

1498

01:09:15,959 --> 01:09:14,019

little bit but dude this is like so much

1499

01:09:19,229 --> 01:09:15,969

bigger than any of us thinking right

1500

01:09:20,970 --> 01:09:19,239

it's not it's not like the I'm gonna try

1501

01:09:24,209 --> 01:09:20,980

to make a connection just stay with me

1502

01:09:25,979 --> 01:09:24,219

okay it's not like we're we're paying a

1503

01:09:28,079 --> 01:09:25,989

monthly subscription to Netflix and

1504

01:09:30,120 --> 01:09:28,089

they're here to entertain us for our tax

1505

01:09:32,189 --> 01:09:30,130

dollars like they're not here to

1506

01:09:35,009 --> 01:09:32,199

entertain us right there has to be a

1507

01:09:38,700 --> 01:09:35,019

bigger reason why they're entertaining

1508

01:09:40,200 --> 01:09:38,710

the highly curious it's a diversion so I

1509

01:09:42,029 --> 01:09:40,210

mean when you said that it was like [h__\h]

1510

01:09:47,839 --> 01:09:42,039

did you're totally right now I'm not as

1511

01:09:53,309 --> 01:09:51,629

just open Pandora's Box a little more

1512

01:09:55,020 --> 01:09:53,319

yeah like you know what I'm saying like

1513

01:09:56,549 --> 01:09:55,030

we thought okay so it only goes up to

1514

01:09:58,620 --> 01:09:56,559

one level like the government's hiding

1515

01:10:01,189 --> 01:09:58,630

this you there's aliens and they're

1516

01:10:03,509 --> 01:10:01,199

hiding it because they want to dominate

1517

01:10:04,770 --> 01:10:03,519

the industry and they want to keep money

1518

01:10:06,390 --> 01:10:04,780

flowing in and they don't want to mess

1519

01:10:07,799 --> 01:10:06,400

up their mansions they want that beach

1520

01:10:10,319 --> 01:10:07,809

and mountain you know that house beach

1521

01:10:12,330 --> 01:10:10,329

house in Malibu but this is like oh

1522

01:10:14,100 --> 01:10:12,340

maybe they don't want to let us know

1523

01:10:16,770 --> 01:10:14,110

that we all live in a civilization

1524

01:10:18,330 --> 01:10:16,780

instead of a tiny little alien Gameboy

1525

01:10:20,879 --> 01:10:18,340

dude all right

1526

01:10:22,890 --> 01:10:20,889

you know I mean whatever it is dude it's

1527

01:10:25,500 --> 01:10:22,900

it's huge I mean we could see there we

1528

01:10:27,959 --> 01:10:25,510

could speculate all night on what we

1529

01:10:30,680 --> 01:10:27,969

think it is but the fact of the matter

1530

01:10:36,870 --> 01:10:30,690

is right the fact of the matter is

1531

01:10:39,959 --> 01:10:36,880

something huge yeah is happening we may

1532

01:10:47,759 --> 01:10:39,969

never know what it is right but the fact

1533

01:10:49,529 --> 01:10:47,769

that there is something that stood like

1534

01:10:51,149 --> 01:10:49,539

I almost don't have words for it you

1535

01:10:51,720 --> 01:10:51,159

know what I'm saying like yeah that's

1536

01:10:56,460 --> 01:10:51,730

how big

1537

01:10:59,190 --> 01:10:56,470

mind-expanding when he really kind of

1538

01:11:01,020 --> 01:10:59,200

let let it settle in like you really

1539

01:11:02,760 --> 01:11:01,030

don't have words for that feeling I

1540

01:11:04,710 --> 01:11:02,770

don't really know what that feeling is I

1541

01:11:06,120 --> 01:11:04,720

don't either like I don't know yeah

1542

01:11:08,580 --> 01:11:06,130

you're right I don't know what that

1543

01:11:13,590 --> 01:11:08,590

feeling is I mean the first quote being

1544

01:11:16,050 --> 01:11:13,600

that you know we're spinning it's very

1545

01:11:18,030 --> 01:11:16,060

it's very localized right spinning it is

1546

01:11:20,520 --> 01:11:18,040

like part of like communication and

1547

01:11:22,770 --> 01:11:20,530

culture sometimes we have to derail the

1548

01:11:25,200 --> 01:11:22,780

Train yeah right it's all about control

1549

01:11:26,880 --> 01:11:25,210

and you know tame tame the herd uh-huh

1550

01:11:29,160 --> 01:11:26,890

uh-huh but then you go on to the next

1551

01:11:31,080 --> 01:11:29,170

quote right and it's kind of the cup the

1552

01:11:33,210 --> 01:11:31,090

analogy of the cup and you put a ball

1553

01:11:35,280 --> 01:11:33,220

underneath the three cups and you move

1554

01:11:38,640 --> 01:11:35,290

it around so you never know which cup

1555

01:11:41,730 --> 01:11:38,650

the ball is under right so occasionally

1556

01:11:44,220 --> 01:11:41,740

boom you catch the ball right but you

1557

01:11:47,760 --> 01:11:44,230

don't always catch it yeah it's always a

1558

01:11:51,570 --> 01:11:47,770

diversion always to keep the highly

1559

01:11:54,480 --> 01:11:51,580

curious entertained so it doesn't

1560

01:11:58,290 --> 01:11:54,490

necessarily mean that we're wrong yeah

1561

01:12:02,490 --> 01:11:58,300

it just means that it's a lot more work

1562

01:12:04,260 --> 01:12:02,500

for us yeah yeah or we're but there's a

1563

01:12:07,380 --> 01:12:04,270

lot more working we're also maybe we're

1564

01:12:10,740 --> 01:12:07,390

not capable we're without the proper

1565

01:12:12,420 --> 01:12:10,750

information to get to the Big D right

1566

01:12:15,270 --> 01:12:12,430

right we're not capable of understanding

1567

01:12:16,940 --> 01:12:15,280

you even if it came to us like we don't

1568

01:12:19,830 --> 01:12:16,950

know the Connaught we don't know the

1569

01:12:21,600 --> 01:12:19,840

exactly the explanation behind it we

1570

01:12:23,760 --> 01:12:21,610

don't know the context uh-huh like if

1571

01:12:25,650 --> 01:12:23,770

they're just to say shake it a bit of

1572

01:12:31,070 --> 01:12:25,660

badou and then we're you know if we

1573

01:12:35,880 --> 01:12:31,080

don't know the context yeah yeah yeah so

1574

01:12:39,390 --> 01:12:35,890

man I that's that's super sick okay it

1575

01:12:40,980 --> 01:12:39,400

keeps going I'm still just kind of like

1576

01:12:45,480 --> 01:12:40,990

I'm taken aback by that I've got to

1577

01:12:46,860 --> 01:12:45,490

breathe a little bit the next quote and

1578

01:12:48,870 --> 01:12:46,870

this is kind of another another section

1579

01:12:53,490 --> 01:12:48,880

in Melinda's research here we're still

1580

01:12:56,040 --> 01:12:53,500

looking at their role in ufology is in

1581

01:12:58,710 --> 01:12:56,050

their own words so this is member threes

1582

01:13:00,780 --> 01:12:58,720

quote as said to Melinda referring to

1583

01:13:03,180 --> 01:13:00,790

the manipulation of myself and other

1584

01:13:05,160 --> 01:13:03,190

people in the UFO field myself meaning

1585

01:13:08,270 --> 01:13:05,170

Melinda quote you are

1586

01:13:11,790 --> 01:13:08,280

in a closed information loop end quote

1587

01:13:14,160 --> 01:13:11,800

so this person this third member told

1588

01:13:17,940 --> 01:13:14,170

Melinda you're in a closed-loop whatever

1589

01:13:20,730 --> 01:13:17,950

you're into like the circle of people

1590

01:13:22,920 --> 01:13:20,740

that you're talking to these this

1591

01:13:24,930 --> 01:13:22,930

community you're in a closed information

1592

01:13:27,150 --> 01:13:24,940

loop so there's only so much that you

1593

01:13:29,280 --> 01:13:27,160

guys know yeah and y'all are just pass

1594

01:13:31,920 --> 01:13:29,290

in that [h__h] we're just Janet which dude

1595

01:13:33,930 --> 01:13:31,930

yeah but who is it like what cut what

1596

01:13:35,960 --> 01:13:33,940

what group isn't passing [h__h] around

1597

01:13:38,250 --> 01:13:35,970

like right it's not a it's not a

1598

01:13:41,310 --> 01:13:38,260

derogatory thing it's how you get

1599

01:13:43,800 --> 01:13:41,320

information well you know validated it's

1600

01:13:46,020 --> 01:13:43,810

like well this person well maybe maybe

1601
01:13:49,380 --> 01:13:46,030
there's two sides of that coin but yeah

1602
01:13:50,940 --> 01:13:49,390
there definitely is it definitely is but

1603
01:13:53,300 --> 01:13:50,950
I think it means like a closed

1604
01:13:56,790 --> 01:13:53,310
information group meaning like closed

1605
01:13:59,790 --> 01:13:56,800
we've pretty much given you guys all the

1606
01:14:03,450 --> 01:13:59,800
information that you're gonna get yeah

1607
01:14:05,160 --> 01:14:03,460
and a lot of it is [h__h] but it's

1608
01:14:07,050 --> 01:14:05,170
it's closed like you're not gonna get

1609
01:14:09,720 --> 01:14:07,060
anything else like right y'all think

1610
01:14:11,880 --> 01:14:09,730
y'all have so much information when

1611
01:14:17,580 --> 01:14:11,890
really you don't right and you guys are

1612
01:14:22,260 --> 01:14:17,590
just passing it around right so that's

1613
01:14:24,270 --> 01:14:22,270

also that's also a huge yeah and it

1614

01:14:25,530 --> 01:14:24,280

makes me feel like they could just open

1615

01:14:28,650 --> 01:14:25,540

up that loop whenever they want and just

1616

01:14:30,690 --> 01:14:28,660

throw a little bit of you like a little

1617

01:14:32,520 --> 01:14:30,700

sprinkle of uh right here something mere

1618

01:14:34,410 --> 01:14:32,530

something mister interesting the upshot

1619

01:14:36,360 --> 01:14:34,420

just keep just keep him entertained man

1620

01:14:39,600 --> 01:14:36,370

just keep them the upside to that though

1621

01:14:41,850 --> 01:14:39,610

is we do have correct information and

1622

01:14:45,570 --> 01:14:41,860

how did that information originally get

1623

01:14:50,010 --> 01:14:45,580

to us somebody occasionally breaks the

1624

01:14:53,340 --> 01:14:50,020

silence yeah it may be years and years

1625

01:14:56,360 --> 01:14:53,350

down the road but eventually small

1626

01:14:59,040 --> 01:14:56,370

kernels of truth start to come out yeah

1627

01:15:02,790 --> 01:14:59,050

so yeah it's a closed information loop

1628

01:15:05,910 --> 01:15:02,800

but eventually you get these kernels of

1629

01:15:08,400 --> 01:15:05,920

truth yeah yeah humans are human eye I

1630

01:15:10,890 --> 01:15:08,410

feel like there's always gonna be that

1631

01:15:13,200 --> 01:15:10,900

morality question when you when you're

1632

01:15:15,060 --> 01:15:13,210

on your deathbed like man I if you're

1633

01:15:16,790 --> 01:15:15,070

somebody who's witnessed these types of

1634

01:15:21,140 --> 01:15:16,800

things if they have an eraser

1635

01:15:24,650 --> 01:15:21,150

yeah and they're like man I've I've

1636

01:15:25,970 --> 01:15:24,660

always been through my whole life I had

1637

01:15:27,830 --> 01:15:25,980

to make this promise that I couldn't

1638

01:15:30,709 --> 01:15:27,840

tell anybody but man I'm dying tomorrow

1639

01:15:31,910 --> 01:15:30,719

so why not if it benefits the manatee

1640

01:15:33,650 --> 01:15:31,920

and people are that what are they gonna

1641

01:15:36,620 --> 01:15:33,660

do kill me yeah yeah what are they gonna

1642

01:15:40,100 --> 01:15:36,630

do yeah dude

1643

01:15:44,780 --> 01:15:40,110

okay so remember number fours quote I

1644

01:15:46,459 --> 01:15:44,790

said to another researcher this is

1645

01:15:51,530 --> 01:15:46,469

referring to his own personal

1646

01:15:54,260 --> 01:15:51,540

involvement in ufology quote I have no

1647

01:15:57,050 --> 01:15:54,270

delusions about my ability to derail the

1648

01:16:00,200 --> 01:15:57,060

train but it is well within my

1649

01:16:03,260 --> 01:16:00,210

capability to decide whether I am going

1650

01:16:06,709 --> 01:16:03,270

to be part of the train crew a passenger

1651
01:16:11,209 --> 01:16:06,719
on the train an observer or an attempted

1652
01:16:15,080 --> 01:16:11,219
saboteur of the Train end quote in quote

1653
01:16:17,300 --> 01:16:15,090
I mean so this guy has enough

1654
01:16:19,490 --> 01:16:17,310
information to decide whether or not

1655
01:16:22,040 --> 01:16:19,500
he's just gonna sit back and watch it

1656
01:16:25,970 --> 01:16:22,050
all happen whether or not he wants to

1657
01:16:30,110 --> 01:16:25,980
participate in the community whether or

1658
01:16:32,689 --> 01:16:30,120
not he wants to just just kind of you

1659
01:16:35,450 --> 01:16:32,699
know maybe poke in and out every now and

1660
01:16:38,030 --> 01:16:35,460
then or if he wants to just completely

1661
01:16:42,590 --> 01:16:38,040
derail this thing yeah I just say just

1662
01:16:44,780 --> 01:16:42,600
some wrong stuff yeah so just imagine

1663
01:16:47,720 --> 01:16:44,790

like we're at beautiful Congress or

1664

01:16:50,180 --> 01:16:47,730

we're going to another event and we meet

1665

01:16:54,560 --> 01:16:50,190

this dude it's like hey I'm the [h__h] I

1666

01:16:57,590 --> 01:16:54,570

know everything I'm like I promised you

1667

01:16:59,750 --> 01:16:57,600

and then everybody else says oh yeah no

1668

01:17:01,340 --> 01:16:59,760

he's the [h__h] he knows everything and

1669

01:17:03,080 --> 01:17:01,350

then he goes hey Joe and Ben I'm gonna

1670

01:17:04,670 --> 01:17:03,090

pull you aside I got some information

1671

01:17:07,490 --> 01:17:04,680

for you guys but don't tell anybody else

1672

01:17:09,439 --> 01:17:07,500

and then he says some [h__h] like and then

1673

01:17:11,870 --> 01:17:09,449

we blab about it on the podcast right

1674

01:17:14,720 --> 01:17:11,880

like that's that's how [h__h] get started

1675

01:17:16,700 --> 01:17:14,730

so what whoever this member for is quote

1676

01:17:18,500 --> 01:17:16,710

is like this person can be a part of the

1677

01:17:20,990 --> 01:17:18,510

community no one knows who he is right

1678

01:17:23,300 --> 01:17:21,000

yeah no one knows or she I don't know I

1679

01:17:24,919 --> 01:17:23,310

didn't really say or his own personal

1680

01:17:28,370 --> 01:17:24,929

involvement so it is a heat so it's a

1681

01:17:30,320 --> 01:17:28,380

man but yeah it could be anybody yeah

1682

01:17:36,530 --> 01:17:30,330

that's what's kind of scary yeah

1683

01:17:38,810 --> 01:17:36,540

literally goodbye anybody he has he says

1684

01:17:41,390 --> 01:17:38,820

I have no delusions about my ability to

1685

01:17:44,270 --> 01:17:41,400

derail the train meaning that like

1686

01:17:46,580 --> 01:17:44,280

there's no question that I can

1687

01:17:49,190 --> 01:17:46,590

completely mess this entire thing up

1688

01:17:52,940 --> 01:17:49,200

right yeah but it is well within my

1689

01:17:56,450 --> 01:17:52,950

capability which means that I can

1690

01:17:58,910 --> 01:17:56,460

totally decide whether I'm gonna be part

1691

01:18:04,180 --> 01:17:58,920

of the train crew right which is kind of

1692

01:18:07,490 --> 01:18:04,190

go along and help people out right a

1693

01:18:09,980 --> 01:18:07,500

passenger on the train sit back and just

1694

01:18:15,680 --> 01:18:09,990

watch everything happen right you know

1695

01:18:18,020 --> 01:18:15,690

it in and try to I guess be a part of it

1696

01:18:20,600 --> 01:18:18,030

a little bit

1697

01:18:23,330 --> 01:18:20,610

an observer which is just just watching

1698

01:18:25,550 --> 01:18:23,340

just watching yeah or in a Tim saboteur

1699

01:18:28,480 --> 01:18:25,560

you know right and that's crazy that

1700

01:18:30,890 --> 01:18:28,490

these people will have you know that

1701

01:18:33,680 --> 01:18:30,900

they have all the information that they

1702

01:18:36,260 --> 01:18:33,690

have the option to do any of that stuff

1703

01:18:38,570 --> 01:18:36,270

yeah but I kind of like a God in a way

1704

01:18:39,890 --> 01:18:38,580

yeah just got a lot of info yeah just

1705

01:18:44,480 --> 01:18:39,900

kind of watching all this stuff

1706

01:18:46,550 --> 01:18:44,490

house-sitting smugly on a nice cushiony

1707

01:18:49,790 --> 01:18:46,560

chair with like a plate of plate of

1708

01:18:52,460 --> 01:18:49,800

cheese you know they're just looking

1709

01:18:54,080 --> 01:18:52,470

down on everybody like you know peasants

1710

01:18:56,780 --> 01:18:54,090

I think you're getting these little

1711

01:19:03,320 --> 01:18:56,790

crumbs oh here's a crumb yeah you know

1712

01:19:08,600 --> 01:19:03,330

yeah here's some yes again the piece of

1713

01:19:12,230 --> 01:19:08,610

candy come here that Alright member

1714

01:19:14,300 --> 01:19:12,240

flies fives quote as said to yet another

1715

01:19:15,590 --> 01:19:14,310

researcher so this little Melendez I

1716

01:19:18,440 --> 01:19:15,600

guess not the only researcher in the

1717

01:19:20,980 --> 01:19:18,450

room referring referring to the aviary

1718

01:19:24,200 --> 01:19:20,990

at the time of his interview so

1719

01:19:25,790 --> 01:19:24,210

referring to the aviary which is Joey

1720

01:19:28,370 --> 01:19:25,800

this is she talking about

1721

01:19:30,050 --> 01:19:28,380

avy aviary like the organization yeah

1722

01:19:32,060 --> 01:19:30,060

like that the research group the old

1723

01:19:36,050 --> 01:19:32,070

organization research group who was

1724

01:19:37,310 --> 01:19:36,060

known to you know put out wrong

1725

01:19:39,680 --> 01:19:37,320

information they were they were

1726

01:19:42,980 --> 01:19:39,690

specifically planted in the UFO

1727

01:19:43,970 --> 01:19:42,990

community some of them to basically

1728

01:19:47,600 --> 01:19:43,980

spread [h__h]

1729

01:19:49,070 --> 01:19:47,610

yeah and and so you know people would

1730

01:19:50,900 --> 01:19:49,080

think that they're getting this correct

1731

01:19:54,080 --> 01:19:50,910

information like we were talking about

1732

01:19:56,030 --> 01:19:54,090

spread it on podcasts and and in books

1733

01:19:58,240 --> 01:19:56,040

and things like that yeah but the

1734

01:20:01,520 --> 01:19:58,250

information is completely wrong and so

1735

01:20:05,270 --> 01:20:01,530

it takes years for that information to

1736

01:20:07,370 --> 01:20:05,280

then be disproven ok years have gone by

1737

01:20:11,420 --> 01:20:07,380

well [h__h] now we have to start all the

1738

01:20:15,380 --> 01:20:11,430

way back at square one right yeah sex

1739

01:20:17,720 --> 01:20:15,390

yeah so avi just a little ya back yeah

1740

01:20:20,030 --> 01:20:17,730

thank you so the quote is quote we have

1741

01:20:22,340 --> 01:20:20,040

managed to keep the UFO pot stirred for

1742

01:20:26,540 --> 01:20:22,350

the two decades or more that we have had

1743

01:20:28,880 --> 01:20:26,550

we've had have been in business end

1744

01:20:31,610 --> 01:20:28,890

quote so let me try to say that again

1745

01:20:33,830 --> 01:20:31,620

quote we have managed to keep the UFO

1746

01:20:36,110 --> 01:20:33,840

pot stirred for the two decades or more

1747

01:20:38,030 --> 01:20:36,120

that we have been in business so the end

1748

01:20:40,460 --> 01:20:38,040

quote so they've they've been in

1749

01:20:44,780 --> 01:20:40,470

business this organization that's their

1750

01:20:48,050 --> 01:20:44,790

business that's they get paid to go in

1751

01:20:50,510 --> 01:20:48,060

people in the UFO community ok after

1752

01:20:53,930 --> 01:20:50,520

that it says and at the time he was

1753

01:20:56,240 --> 01:20:53,940

asked if he knew of the 80 pwg which is

1754

01:20:58,930 --> 01:20:56,250

the working group and he responded quote

1755

01:21:02,060 --> 01:20:58,940

there are many folks doing this in quote

1756

01:21:05,020 --> 01:21:02,070

so they're not the only company he's

1757

01:21:07,190 --> 01:21:05,030

like yeah I know of the 80 pwg but

1758

01:21:08,870 --> 01:21:07,200

there's a lot of people out there doing

1759

01:21:10,450 --> 01:21:08,880

that yeah there's a lot of people you

1760

01:21:15,290 --> 01:21:10,460

guys aren't the only ones

1761

01:21:18,110 --> 01:21:15,300

so man there's a bunch of different

1762

01:21:20,360 --> 01:21:18,120

companies that is their business to stir

1763

01:21:22,580 --> 01:21:20,370

the pot and put disinformation

1764

01:21:25,010 --> 01:21:22,590

misinformation out into the community

1765

01:21:32,420 --> 01:21:25,020

right I'm wondering what the percentage

1766

01:21:45,380 --> 01:21:32,430

is do you know how does it the other the

1767

01:21:49,870 --> 01:21:45,390

other 79% uh and so on that note here

1768

01:21:53,420 --> 01:21:49,880

are some of those mini folks yeah man uh

1769

01:21:56,000 --> 01:21:53,430

can you see it from that far away I want

1770

01:21:58,129 --> 01:21:56,010

to like sweet like turn it turn to the

1771

01:21:59,569 --> 01:21:58,139

right yeah I know but

1772

01:22:03,799 --> 01:21:59,579

Linda has put together this amazing

1773

01:22:05,179 --> 01:22:03,809

chart it says players the cosmic Club

1774

01:22:07,580 --> 01:22:05,189

and it's on the left and it's all these

1775

01:22:09,739 --> 01:22:07,590

people's names in a list vertically and

1776

01:22:11,899 --> 01:22:09,749

on the right it says groups and

1777

01:22:14,209 --> 01:22:11,909

affiliations aka the disclosure playing

1778

01:22:18,020 --> 01:22:14,219

field so there's new disclosure old

1779

01:22:19,699 --> 01:22:18,030

disclosure and I missed one 880 P

1780

01:22:22,419 --> 01:22:19,709

working group that's the first one

1781

01:22:28,009 --> 01:22:22,429

second one is TTS a board of support and

1782

01:22:30,199 --> 01:22:28,019

a tip a Pentagon yeah so those guys fit

1783

01:22:33,229 --> 01:22:30,209

in the new disclosure right and then

1784

01:22:36,350 --> 01:22:33,239

under the old disclosure is Rockefeller

1785

01:22:40,339 --> 01:22:36,360

Rockefeller initiative NIN's aviary

1786

01:22:44,239 --> 01:22:40,349

which Joe you just explained is s Oh

1787

01:22:46,819 --> 01:22:44,249

ufology field involved in general and

1788

01:22:49,639 --> 01:22:46,829

the second one after that the category

1789

01:22:51,409 --> 01:22:49,649

is an intelligence community the second

1790

01:22:54,739 --> 01:22:51,419

one after that is et tech development

1791

01:22:58,279 --> 01:22:54,749

and that's bass which is baa s s

1792

01:23:01,580 --> 01:22:58,289

involvement Lockheed aerospace advanced

1793

01:23:03,620 --> 01:23:01,590

technology and in the second area let's

1794

01:23:08,229 --> 01:23:03,630

see the fifth one two three four five

1795

01:23:12,169 --> 01:23:08,239

six six categories et mind Development

1796

01:23:16,189 --> 01:23:12,179

Pal or para research abductee research

1797

01:23:17,750 --> 01:23:16,199

nervous neuroscience or DNA so there's

1798

01:23:19,819 --> 01:23:17,760

six different categories that all these

1799

01:23:21,739 --> 01:23:19,829

people fit under and then there's X's

1800

01:23:24,049 --> 01:23:21,749

going left to right

1801

01:23:26,989 --> 01:23:24,059

what telling telling you whether or not

1802

01:23:29,359 --> 01:23:26,999

they're a part of this this program and

1803

01:23:31,819 --> 01:23:29,369

after we interview her we'll ask her if

1804

01:23:33,799 --> 01:23:31,829

we can share this um and we'll put that

1805

01:23:35,569 --> 01:23:33,809

in the blog on the website yeah yeah

1806

01:23:38,839 --> 01:23:35,579

maybe we'd not go through every person

1807

01:23:41,719 --> 01:23:38,849

yeah we will go through every person but

1808

01:23:43,819 --> 01:23:41,729

I mean there's definitely some some some

1809

01:23:49,129 --> 01:23:43,829

big names on there yeah that are

1810

01:23:51,889 --> 01:23:49,139

involved in some [h__h] Michael Jackson I

1811

01:23:55,879 --> 01:23:51,899

mean I mean I'm on it

1812

01:23:58,759 --> 01:23:55,889

I you know I I'm a landscaper so if you

1813

01:24:05,089 --> 01:23:58,769

know this all seems like some [\h__\h] to me

1814

01:24:06,500 --> 01:24:05,099

you know what I'm saying like if I see

1815

01:24:07,650 --> 01:24:06,510

like a security guard at the mom like

1816

01:24:10,959 --> 01:24:07,660

man you've seen some [\h__\h]

1817

01:24:14,860 --> 01:24:10,969

[Laughter]

1818

01:24:16,180 --> 01:24:14,870

I mean I plant trees all day so dude

1819

01:24:18,400 --> 01:24:16,190

speaking of like seeing some [\h__\h] I just

1820

01:24:20,439 --> 01:24:18,410

went to pick these beers up from the gas

1821

01:24:23,950 --> 01:24:20,449

station and my buddy max that works

1822

01:24:27,280 --> 01:24:23,960

there he was held up at gunpoint last

1823

01:24:28,540 --> 01:24:27,290

night what they robbed the whole gas

1824

01:24:28,930 --> 01:24:28,550

station and they knew where everything

1825

01:24:34,479 --> 01:24:28,940

was

1826

01:24:37,570 --> 01:24:34,489

lotto tickets or the lottery lottery

1827

01:24:39,340 --> 01:24:37,580

money in that safe so you got to give me

1828

01:24:41,140 --> 01:24:39,350

that too so it's someone that lives in

1829

01:24:44,020 --> 01:24:41,150

this neighborhood or frequents the gas

1830

01:24:46,209 --> 01:24:44,030

station Hawk dye job or it's a corner

1831

01:24:47,229 --> 01:24:46,219

store there's no gas there but yeah dude

1832

01:24:49,030 --> 01:24:47,239

I walked in there is it the

1833

01:24:51,910 --> 01:24:49,040

drive-through one no no not that one

1834

01:24:54,370 --> 01:24:51,920

it's the milk store I call it the milk

1835

01:24:56,920 --> 01:24:54,380

store but yeah it's my buddy he's a

1836

01:24:58,990 --> 01:24:56,930

young dude man I feel bad for him he

1837

01:25:00,250 --> 01:24:59,000

didn't seem shook up or anything went in

1838

01:25:02,500 --> 01:25:00,260

there with Jess when we picked her up

1839

01:25:06,030 --> 01:25:02,510

from the UH from class one day he was

1840

01:25:08,830 --> 01:25:06,040

wearing that yes sure yes do ya oh man

1841

01:25:10,720 --> 01:25:08,840

that poor dude I know cuz he's like I've

1842

01:25:13,630 --> 01:25:10,730

always wanted to go visit NASA but I

1843

01:25:16,540 --> 01:25:13,640

work all the time exactly dude and I was

1844

01:25:20,200 --> 01:25:16,550

like I wanna buy a guy tickets we should

1845

01:25:21,820 --> 01:25:20,210

buy tickets for man cuz he got robbed

1846

01:25:23,650 --> 01:25:21,830

last night at gunpoint and then now he's

1847

01:25:24,910 --> 01:25:23,660

working still again today oh god damn

1848

01:25:27,820 --> 01:25:24,920

like they didn't even give him the day

1849

01:25:29,260 --> 01:25:27,830

off we should do a fundraiser for him do

1850

01:25:30,939 --> 01:25:29,270

you have people donate so we can buy

1851

01:25:31,360 --> 01:25:30,949

that guy some tickets to NASA he take

1852

01:25:33,939 --> 01:25:31,370

the day off

1853

01:25:35,770 --> 01:25:33,949

[h__h] yeah let's do donation yes hey if

1854

01:25:38,890 --> 01:25:35,780

you guys want to give some donations and

1855

01:25:41,620 --> 01:25:38,900

help us out we want to get this kid some

1856

01:25:43,270 --> 01:25:41,630

tickets to go to NASA NASA wants to go

1857

01:25:46,030 --> 01:25:43,280

to NASA are you saying he wasn't go

1858

01:25:50,170 --> 01:25:48,820

NASA max wants to go to NASA well we'll

1859

01:25:52,330 --> 01:25:50,180

put it on the Facebook and on the

1860

01:25:54,550 --> 01:25:52,340

website sweet let's take a new NASA you

1861

01:25:56,110 --> 01:25:54,560

guys or at least you know get him

1862

01:25:57,729 --> 01:25:56,120

another shirt this is NASA on it I don't

1863

01:25:58,959 --> 01:25:57,739

know be cool if we get silver NASA

1864

01:26:00,520 --> 01:25:58,969

though that'd be cool yeah no what's

1865

01:26:04,780 --> 01:26:00,530

your tickets like they're not very

1866

01:26:07,479 --> 01:26:04,790

expensive I mean you know maybe we could

1867

01:26:09,550 --> 01:26:07,489

just do so maybe what we can do is we

1868

01:26:11,200 --> 01:26:09,560

can do like a Christmas donation like

1869

01:26:13,209 --> 01:26:11,210

maybe we can find a fundraiser locally

1870

01:26:14,830 --> 01:26:13,219

around town they're like gives toys to

1871

01:26:17,890 --> 01:26:14,840

little kids or something and like just

1872

01:26:19,780 --> 01:26:17,900

like donate some donations to them yeah

1873

01:26:22,030 --> 01:26:19,790

and then also take a portion of that buy

1874

01:26:24,160 --> 01:26:22,040

a ticket to NASA by a team of NASA for

1875

01:26:27,070 --> 01:26:24,170

max yeah cousin so yeah

1876

01:26:27,660 --> 01:26:27,080

let me down max NASA and Christmas for

1877

01:26:30,910 --> 01:26:27,670

kids

1878

01:26:31,780 --> 01:26:30,920

yeah dude sweet yeah your focal Raj

1879

01:26:36,330 --> 01:26:31,790

podcast

1880

01:26:38,260 --> 01:26:36,340

oh yeah let's give back to the community

1881

01:26:40,000 --> 01:26:38,270

yeah let's do something fun for

1882

01:26:41,320 --> 01:26:40,010

Christmas let's be cool not like that I

1883

01:26:43,150 --> 01:26:41,330

think we should do like a little little

1884

01:26:45,370 --> 01:26:43,160

fundraiser yeah a little for donations

1885

01:26:47,229 --> 01:26:45,380

they the holidays are coming around you

1886

01:26:49,840 --> 01:26:47,239

know you gotta take care of your fellow

1887

01:26:51,610 --> 01:26:49,850

uh your fellow American or New Zealand

1888

01:26:54,270 --> 01:26:51,620

or your fellow man

1889

01:27:02,500 --> 01:26:54,280

you fellow matter well man you know

1890

01:27:04,270 --> 01:27:02,510

that's what we're all about here it

1891

01:27:06,970 --> 01:27:04,280

sucks because every time we try to sound

1892

01:27:09,490 --> 01:27:06,980

sincere like no we're just too goofy to

1893

01:27:11,979 --> 01:27:09,500

like sound sincere but we really are we

1894

01:27:16,510 --> 01:27:11,989

really do mean that though I mean it's

1895

01:27:19,810 --> 01:27:16,520

true yeah dude I mean right down that

1896

01:27:22,360 --> 01:27:19,820

list of names my friend this lists the

1897

01:27:25,360 --> 01:27:22,370

names of people yeah the ones that are

1898

01:27:27,850 --> 01:27:25,370

like involved in these organization and

1899

01:27:30,010 --> 01:27:27,860

if we can share it cuz I don't want to

1900

01:27:32,470 --> 01:27:30,020

step on Melinda's toes what do you think

1901

01:27:34,439 --> 01:27:32,480

I'll take some big ones okay we'll take

1902

01:27:37,720 --> 01:27:34,449

the names that most people would know

1903

01:27:40,419 --> 01:27:37,730

Robin Bigelow Robert Bigelow okay

1904

01:27:42,550 --> 01:27:40,429

what is he and he is and it there was a

1905

01:27:44,470 --> 01:27:42,560

question mark under a teepee working

1906

01:27:48,820 --> 01:27:44,480

group so there's a question mark yeah

1907

01:27:52,270 --> 01:27:48,830

he's definitely in TTS a he's definitely

1908

01:27:54,280 --> 01:27:52,280

in a tip involved so he's part of the

1909

01:27:55,810 --> 01:27:54,290

new disclosure he's deaf he definitely

1910

01:27:59,140 --> 01:27:55,820

was in the Rockefeller initiative

1911

01:28:02,740 --> 01:27:59,150

definitely in needs he was not in the

1912

01:28:05,620 --> 01:28:02,750

aviary was not in the ISS oh is you in

1913

01:28:09,939 --> 01:28:05,630

the ufology community and he's in

1914

01:28:10,320 --> 01:28:09,949

general intelligence agency yeah keep

1915

01:28:12,880 --> 01:28:10,330

going

1916

01:28:15,930 --> 01:28:12,890

those are hard for me to read he was

1917

01:28:18,729 --> 01:28:15,940

part of bass a part of Lockheed

1918

01:28:21,520 --> 01:28:18,739

aerospace a part of advanced technology

1919

01:28:26,220 --> 01:28:21,530

a part of Powell or para research a part

1920

01:28:28,030 --> 01:28:26,230

of abductee research also a part of

1921

01:28:30,130 --> 01:28:28,040

neuroscience or DNA

1922

01:28:33,100 --> 01:28:30,140

so he's like across the board he's only

1923

01:28:37,310 --> 01:28:33,110

missing two little squares which is the

1924

01:28:39,710 --> 01:28:37,320

aviary and ISS Oh yep yeah yep doctor

1925

01:28:43,340 --> 01:28:39,720

I'll put off oh and she's an Austen cat

1926

01:28:46,490 --> 01:28:43,350

didn't hey he lives right here after

1927

01:28:49,490 --> 01:28:46,500

bone he's a he's a fellow stony indeed

1928

01:28:54,350 --> 01:28:49,500

yeah Australian man he's a he's a fellow

1929

01:28:56,210 --> 01:28:54,360

fellow uh Waterloo Ian oh yeah Oh fun

1930

01:28:59,420 --> 01:28:56,220

fact about Austin he used to be called

1931

01:29:02,990 --> 01:28:59,430

Waterloo for real yeah I used to be

1932

01:29:08,290 --> 01:29:03,000

called Waterloo yeah I name damn

1933

01:29:08,300 --> 01:29:13,420

yeah they used to be called Waterloo

1934

01:29:17,660 --> 01:29:15,680

that's why we have Waterloo Records I

1935

01:29:24,490 --> 01:29:17,670

always wondered yeah what that was water

1936

01:29:26,360 --> 01:29:24,500

loud restaurant embark yeah make sense

1937

01:29:30,560 --> 01:29:26,370

yes all right

1938

01:29:33,110 --> 01:29:30,570

well we're learning you guys up today my

1939

01:29:35,060 --> 01:29:33,120

work today thanks for learning me man I

1940

01:29:38,600 --> 01:29:35,070

just recently learned what the violent

1941

01:29:41,390 --> 01:29:38,610

crown was it's the the the hill the hill

1942

01:29:44,870 --> 01:29:41,400

country that looks purple sometimes

1943

01:29:50,240 --> 01:29:44,880

uh-huh yeah the violet crap I did not

1944

01:30:00,830 --> 01:29:50,250

know that you know the amber waves of

1945

01:30:04,730 --> 01:30:00,840

grain are that's a 311 song right okay

1946

01:30:09,110 --> 01:30:04,740

so anyway how good off is on this list

1947

01:30:10,790 --> 01:30:09,120

yeah players of the cosmic yeah we don't

1948

01:30:14,870 --> 01:30:10,800

have to go through the line but I mean

1949

01:30:17,150 --> 01:30:14,880

let's just say a few names uh Louise

1950

01:30:20,900 --> 01:30:17,160

Elizondo we all know did you that's uh

1951

01:30:22,660 --> 01:30:20,910

ring a bell Steve justice I think a lot

1952

01:30:25,610 --> 01:30:22,670

of people have heard that by now uh-huh

1953

01:30:27,890 --> 01:30:25,620

I've heard of dr. Gary Nolan to a lot

1954

01:30:30,910 --> 01:30:27,900

uh-huh and Eric Davis uh-huh yeah

1955

01:30:33,290 --> 01:30:30,920

jockeys valet I thought he was a painter

1956

01:30:34,940 --> 01:30:33,300

sounds like a paint it should be right

1957

01:30:36,410 --> 01:30:34,950

what are you doing maybe he's the guy

1958

01:30:45,650 --> 01:30:36,420

who paints all the UFOs and all the

1959

01:30:47,750 --> 01:30:45,660

Renaissance photos like paints over it's

1960

01:30:50,669 --> 01:30:47,760

like he like takes a marker out of his

1961

01:30:54,090 --> 01:30:50,679

pocket and paints UFOs in there

1962

01:30:55,770 --> 01:30:54,100

dude so yeah and then Melinda will go

1963

01:30:59,610 --> 01:30:55,780

into a few more of those there's one

1964

01:31:06,000 --> 01:30:59,620

meatloaf meatloaf yeah yeah meatloaf

1965

01:31:07,260 --> 01:31:06,010

live yeah yeah what I want to ask ya I

1966

01:31:08,970 --> 01:31:07,270

think that's kind of where we'll pick up

1967

01:31:10,770 --> 01:31:08,980

when Malloy gets on the podcast

1968

01:31:13,649 --> 01:31:10,780

oh that sounds good that's dope yeah

1969

01:31:15,840 --> 01:31:13,659

dude well sweet dude I'm so stoked to

1970

01:31:17,189 --> 01:31:15,850

have Melinda on the podcast again Ryan

1971

01:31:19,500 --> 01:31:17,199

Sprague he's gonna be on the podcast

1972

01:31:21,959 --> 01:31:19,510

soon we didn't have very much luck there

1973

01:31:24,390 --> 01:31:21,969

was some there was some scheduling

1974

01:31:26,930 --> 01:31:24,400

difficulties he doesn't like bin it's me

1975

01:31:29,280 --> 01:31:26,940

I think it's me

1976

01:31:32,010 --> 01:31:29,290

that's my voice is like this this guy

1977

01:31:35,669 --> 01:31:32,020

email stupid and I do email I don't

1978

01:31:38,189 --> 01:31:35,679

evolve very ya know we're definitely

1979

01:31:40,950 --> 01:31:38,199

gonna have that guy on sorry we haven't

1980

01:31:43,229 --> 01:31:40,960

been able to you know make that happen

1981

01:31:47,070 --> 01:31:43,239

yet that's why who could relate a week

1982

01:31:49,050 --> 01:31:47,080

again yeah we had to get something in

1983

01:31:50,790 --> 01:31:49,060

and I'm glad we kind of came across this

1984

01:31:53,250 --> 01:31:50,800

stuff and I'm glad Melinda was like yo

1985

01:31:54,810 --> 01:31:53,260

I'm totally down cuz we've been talking

1986

01:31:58,470 --> 01:31:54,820

about that since the Congress do you

1987

01:32:01,140 --> 01:31:58,480

like that gotta have her on and finally

1988

01:32:02,580 --> 01:32:01,150

it's gonna happen yeah and you're right

1989

01:32:06,450 --> 01:32:02,590

dude this is probably gonna be a long

1990

01:32:09,090 --> 01:32:06,460

one yeah so here is a storyteller she's

1991

01:32:11,100 --> 01:32:09,100

really good I love her I'm excited to

1992

01:32:13,580 --> 01:32:11,110

have her on man it's it's gonna be

1993

01:32:16,380 --> 01:32:13,590

really really it's gonna be interesting

1994

01:32:19,200 --> 01:32:16,390

there's gonna be a lot of these acronyms

1995

01:32:21,630 --> 01:32:19,210

so I mean hopefully you've through

1996

01:32:23,729 --> 01:32:21,640

osmosis and learning and listening to

1997

01:32:26,040 --> 01:32:23,739

this podcast if you've heard these

1998

01:32:27,870 --> 01:32:26,050

acronyms before cool but at least now

1999

01:32:30,450 --> 01:32:27,880

you can kind of like you have a week to

2000

01:32:32,640 --> 01:32:30,460

to maybe maybe listen to this podcast

2001
01:32:34,439 --> 01:32:32,650
again or just that segment where we were

2002
01:32:38,040 --> 01:32:34,449
not you know say it when I'm not staying

2003
01:32:39,899 --> 01:32:38,050
something stupid so maybe learn what

2004
01:32:41,850 --> 01:32:39,909
those acronyms are so that when she

2005
01:32:43,740 --> 01:32:41,860
references it when she's on the podcast

2006
01:32:45,870 --> 01:32:43,750
show you'll know she's yeah you'll kind

2007
01:32:47,160 --> 01:32:45,880
of pick it up a little bit yeah but I'm

2008
01:32:49,709 --> 01:32:47,170
gonna have to have this sheet in front

2009
01:32:51,899 --> 01:32:49,719
of me yeah while she's talking to us

2010
01:32:54,149 --> 01:32:51,909
yeah cuz she's gonna be like okay so

2011
01:32:59,550 --> 01:32:54,159
then to the dead the dead the dead we're

2012
01:33:01,020 --> 01:32:59,560
like uh-huh yep yeah taller so yeah I'm

2013
01:33:03,500 --> 01:33:01,030

gonna go through the first two and a

2014

01:33:05,689 --> 01:33:03,510

half hour video of her

2015

01:33:07,490 --> 01:33:05,699

and then well I got to finish that one

2016

01:33:12,109 --> 01:33:07,500

and then I'm gonna go through the second

2017

01:33:15,589 --> 01:33:12,119

two and a half hour video but man yeah I

2018

01:33:17,569 --> 01:33:15,599

mean this stuff jeez Louise yeah so it

2019

01:33:19,220 --> 01:33:17,579

goes further in her that the name of her

2020

01:33:21,790 --> 01:33:19,230

new research is called the steering

2021

01:33:24,020 --> 01:33:21,800

group which Joey had a really good

2022

01:33:26,870 --> 01:33:24,030

explanation of what the steering group

2023

01:33:31,509 --> 01:33:26,880

might mean right yeah I mean basically

2024

01:33:34,040 --> 01:33:31,519

it's just the steering group on a

2025

01:33:37,370 --> 01:33:34,050

departmental level these groups can help

2026
01:33:41,509 --> 01:33:37,380
with selection definition and control of

2027
01:33:43,759 --> 01:33:41,519
projects project steering committees are

2028
01:33:46,399 --> 01:33:43,769
likely part of a larger group yeah

2029
01:33:49,009 --> 01:33:46,409
so they're basically people who kind of

2030
01:33:51,200 --> 01:33:49,019
influencers yeah yeah they just kind of

2031
01:33:52,759 --> 01:33:51,210
call the shots and and kind of put you

2032
01:33:54,859 --> 01:33:52,769
in the direction you need to go maybe

2033
01:33:57,080 --> 01:33:54,869
more than influencers but like they

2034
01:33:59,330 --> 01:33:57,090
control information right right so

2035
01:34:00,830 --> 01:33:59,340
that's that's the name of her her new

2036
01:34:02,750 --> 01:34:00,840
research and we're excited to have her

2037
01:34:05,060 --> 01:34:02,760
on it kind of talk about that it's gonna

2038
01:34:09,350 --> 01:34:05,070

be good yeah definitely gonna be good

different kinds of soaps they all smell

2062
01:35:18,310 --> 01:35:14,449
delicious

2063
01:35:21,250 --> 01:35:18,320

yeah dude so yeah I'm excited I'm kind

2064

01:35:22,180 --> 01:35:21,260

of hoping that maybe if the old lady's

2065

01:35:24,430 --> 01:35:22,190

podcast I Heart Radio write it leave us

2087

01:36:33,729 --> 01:36:32,059

you know like a recommendation or

2088

01:36:36,520 --> 01:36:33,739

something I mean that that just helps us

2089

01:36:39,189 --> 01:36:36,530

really get out get our name out there

2090

01:36:42,339 --> 01:36:39,199

and it it helps us kind of climb those

2091

01:36:44,949 --> 01:36:42,349

those uh those endless charts inglis

2092

01:36:46,540 --> 01:36:44,959

charts dude I mean yeah it really really

2093

01:36:48,910 --> 01:36:46,550

helps us out we want to be on the first

2094

01:36:51,430 --> 01:36:48,920

page when somebody searches you fo on

2095

01:36:53,020 --> 01:36:51,440

podcasts on Apple like we're not on that

2096

01:36:54,790 --> 01:36:53,030

first page yeah want to be on that first

2097

01:36:56,229 --> 01:36:54,800

page yeah so give us a rating and

2098

01:36:59,949 --> 01:36:56,239

that'll help us get on that first page

2099

01:37:02,350 --> 01:36:59,959

yeah dope just help us out and again

2100

01:37:04,629 --> 01:37:02,360

like I think I said we should try and do

2101
01:37:06,790 --> 01:37:04,639
some Christmas donations stuff man yeah

2102
01:37:10,089 --> 01:37:06,800
let's do it so if you guys donate to the

2103
01:37:13,120 --> 01:37:10,099
to the podcast anytime between now and

2104
01:37:14,529 --> 01:37:13,130
Christmas we're gonna find a little

2105
01:37:16,299 --> 01:37:14,539
organization and when we find the

2106
01:37:18,430 --> 01:37:16,309
organization will tell you who it is

2107
01:37:20,620 --> 01:37:18,440
let's sit in live we gotta send max does

2108
01:37:24,880 --> 01:37:20,630
NASA though dude I want to send max to

2109
01:37:27,430 --> 01:37:24,890
NASA so bad so bad look this guy worries

2110
01:37:29,410 --> 01:37:27,440
he's younger than 21 cuz I offered to

2111
01:37:30,370 --> 01:37:29,420
buy a beer before so yeah I mean he's

2112
01:37:33,310 --> 01:37:30,380
younger than 21

2113
01:37:35,260 --> 01:37:33,320

he works literally every day all day bro

2114

01:37:37,990 --> 01:37:35,270

he worry I think he gets like one day

2115

01:37:41,020 --> 01:37:38,000

off like every two weeks maybe yeah but

2116

01:37:43,060 --> 01:37:41,030

this dude wakes up at 6 a.m. starts at 7

2117

01:37:46,480 --> 01:37:43,070

and gets off at like 1:00 a.m. yeah

2118

01:37:48,730 --> 01:37:46,490

every day he works so hard I mean like

2119

01:37:51,430 --> 01:37:48,740

maybe we can contact NASA and be like

2120

01:37:54,850 --> 01:37:51,440

hey oh yeah I don't know like if you

2121

01:37:57,370 --> 01:37:54,860

guys sell come to NASA any time ticket

2122

01:37:59,380 --> 01:37:57,380

yeah but we got this guy that we really

2123

01:38:03,160 --> 01:37:59,390

want to send to you cuz you know he's

2124

01:38:06,400 --> 01:38:03,170

he's totally into your stuff and you

2125

01:38:07,840 --> 01:38:06,410

know we just want him to enjoy like

2126

01:38:09,310 --> 01:38:07,850

maybe we can get him like hook him up

2127

01:38:10,870 --> 01:38:09,320

with the the little thing we're like he

2128

01:38:13,180 --> 01:38:10,880

can eat with an astronaut eat lunch with

2129

01:38:15,010 --> 01:38:13,190

an astronaut battery dog we dope I want

2130

01:38:18,340 --> 01:38:15,020

to hook this guy up hell yeah that's

2131

01:38:20,320 --> 01:38:18,350

sick yeah love it yeah so guys if y'all

2132

01:38:22,300 --> 01:38:20,330

are into that man help us out

2133

01:38:23,980 --> 01:38:22,310

you can donate we have a little donate

2134

01:38:27,820 --> 01:38:23,990
