1  
00:00:07,700 --> 00:00:01,119

[Music]

2  
00:00:10,879 --> 00:00:07,710

yeah this is another episode of UFO

3  
00:00:13,310 --> 00:00:10,889

karai I'm Ben and I'm Joe and this is

4  
00:00:17,240 --> 00:00:13,320

where we talk about UFOs aliens and all

5  
00:00:20,210 --> 00:00:17,250

things we hey dude did you know that we

6  
00:00:24,290 --> 00:00:20,220

have a record about to record 30

7  
00:00:29,900 --> 00:00:24,300

episodes of this podcast 30 is it 30 day

8  
00:00:31,580 --> 00:00:29,910

the dirty 1380 Katie already did you

9  
00:00:34,760 --> 00:00:31,590

think we'd ever beat it at this point

10  
00:00:36,350 --> 00:00:34,770

bro never marry episode of crazy not to

11  
00:00:38,209 --> 00:00:36,360

mention we only thought we were gonna do

12  
00:00:40,850 --> 00:00:38,219

like eight not to mention what I ever

13  
00:00:43,970 --> 00:00:40,860

think that by episode 30 we'd be talking

14  
00:00:46,700 --> 00:00:43,980  
to somebody from the USS Nimitz yeah and

15  
00:00:48,229 --> 00:00:46,710  
the USS Princeton like we were that

16  
00:00:49,880 --> 00:00:48,239  
you're like you were saying earlier how

17  
00:00:52,130 --> 00:00:49,890  
maybe we could have her neighbor on or

18  
00:00:55,729 --> 00:00:52,140  
like my buddy and then now we're like

19  
00:00:58,189 --> 00:00:55,739  
what yeah these legit news that saw the

20  
00:01:01,939 --> 00:00:58,199  
most famous UFO incident the most

21  
00:01:05,390 --> 00:01:01,949  
well-documented backed up UFO story of

22  
00:01:08,149 --> 00:01:05,400  
all time of history the people that were

23  
00:01:12,050 --> 00:01:08,159  
there are on our podcast and I did yeah

24  
00:01:14,090 --> 00:01:12,060  
it's gonna be sick I'm so I'm I'm beyond

25  
00:01:15,770 --> 00:01:14,100  
excited to be honest with you I'm a

26

00:01:17,450 --> 00:01:15,780

little bit nervous

27

00:01:19,340 --> 00:01:17,460

well it makes me nervous it's like I'm

28

00:01:21,590 --> 00:01:19,350

seeing all the stuff I like beyond meat

29

00:01:25,609 --> 00:01:21,600

like what what's in it you know like

30

00:01:26,210 --> 00:01:25,619

what what's what's the catch yeah the

31

00:01:29,630 --> 00:01:26,220

catch

32

00:01:32,420 --> 00:01:29,640

yeah dude I'm extremely stoked episode

33

00:01:35,960 --> 00:01:32,430

30 this is a huge milestone for us yeah

34

00:01:39,050 --> 00:01:35,970

you know I posted earlier last week you

35

00:01:40,700 --> 00:01:39,060

know like we hit 60 subs on on YouTube

36

00:01:44,330 --> 00:01:40,710

you know what I'm saying like it's it's

37

00:01:46,130 --> 00:01:44,340

uh it's it's it may not seem like it's

38

00:01:48,410 --> 00:01:46,140

that big of a deal but it's gonna be

39

00:01:50,569 --> 00:01:48,420

nice to look back and see the small

40

00:01:53,270 --> 00:01:50,579

accomplishments that we've made yeah man

41

00:02:01,310 --> 00:01:53,280

you know right and it we start out with

42

00:02:02,179 --> 00:02:01,320

a little Chinese dude so I'm super

43

00:02:05,690 --> 00:02:02,189

stoked

44

00:02:06,830 --> 00:02:05,700

yeah Gary Voorhees he was on the USS

45

00:02:10,010 --> 00:02:06,840

Princeton yep

46

00:02:10,400 --> 00:02:10,020

and PJ Hughes yeah dude news on the

47

00:02:18,170 --> 00:02:10,410

Nimitz

48

00:02:19,790 --> 00:02:18,180

the the the podcast has kind of gone

49

00:02:22,640 --> 00:02:19,800

through these little herbs and flows of

50

00:02:24,440 --> 00:02:22,650

like we'll have a like a guest on and

51

00:02:34,040 --> 00:02:24,450

we'll do like a goofy one but my

52

00:02:36,680 --> 00:02:34,050

favorite goofy one yeah everybody seemed

53

00:02:38,660 --> 00:02:36,690

to really like the last one my dad my

54

00:02:41,000 --> 00:02:38,670

dad my dad's here staying with me

55

00:02:43,490 --> 00:02:41,010

tonight and we you and I were just out

56

00:02:47,840 --> 00:02:43,500

talking to him and he just went to go

57

00:02:49,790 --> 00:02:47,850

buy a car uh uh us SUV and I'm like dad

58

00:02:51,020 --> 00:02:49,800

so you know we talked to him about that

59

00:03:04,910 --> 00:02:51,030

and he was like well y'all come on down

60

00:03:09,890 --> 00:03:04,920

here but ya do so what have we got on

61

00:03:13,550 --> 00:03:09,900

the podcast today they'd William William

62

00:03:16,250 --> 00:03:13,560

is a he's an OG of the the podcast yeah

63

00:03:18,229 --> 00:03:16,260

dude he started a podcast I guess he's a

64

00:03:22,400 --> 00:03:18,239

part of the bearded band of brothers

65

00:03:25,190 --> 00:03:22,410

it's it's Bob Bob Bo bebe it's it stands

66

00:03:26,960 --> 00:03:25,200

for big ol booty bandit pickles so if

67

00:03:28,850 --> 00:03:26,970

you ain't careful you got a big ol booty

68

00:03:34,880 --> 00:03:28,860

you better look out they're gonna come

69

00:03:36,949 --> 00:03:34,890

steal their hoes a funk band of bearded

70

00:03:38,180 --> 00:03:36,959

brothers yeah that's it but hey William

71

00:03:42,160 --> 00:03:38,190

I think I think maybe y'all should

72

00:03:44,570 --> 00:03:42,170

rethink that into a big ol booty bandits

73

00:03:46,310 --> 00:03:44,580

that's pretty good that's pretty good I

74

00:03:49,729 --> 00:03:46,320

came up with that all on my own

75

00:03:52,850 --> 00:03:49,739

but yeah dude I love the podcast so so

76

00:03:55,699 --> 00:03:52,860

thank you so much for the shout out in

77

00:03:57,860 --> 00:03:55,709

y'all's UFO episode man so we're gonna

78

00:03:59,900 --> 00:03:57,870

return the favor man yeah go check out

79

00:04:03,880 --> 00:03:59,910

check out Bob they talk about cool stuff

80

00:04:07,460 --> 00:04:03,890

like mind manipulation that you Stan UFO

81

00:04:11,449 --> 00:04:07,470

episode yeah yeah it's it's two brothers

82

00:04:12,710 --> 00:04:11,459

who enjoy a good conversation and let's

83

00:04:14,810 --> 00:04:12,720

see what else do they have in here a

84

00:04:16,880 --> 00:04:14,820

multi-planet species will we be a

85

00:04:18,289 --> 00:04:16,890

multi-planet species soo stuff like that

86

00:04:19,970 --> 00:04:18,299

like all kinds of cool [h\_\_h] that we're

87

00:04:23,000 --> 00:04:19,980

into it definitely it definitely gets

88

00:04:24,770 --> 00:04:23,010

the gears the old gears are grinding in

89

00:04:26,530 --> 00:04:24,780

the old noggin and what I appreciate

90

00:04:29,620 --> 00:04:26,540

about is that they're very

91

00:04:31,300 --> 00:04:29,630

fact oriented yeah they're very well

92

00:04:32,920 --> 00:04:31,310

read on on the stuff they're talking

93

00:04:35,130 --> 00:04:32,930

about unlike us where we're talking

94

00:04:37,660 --> 00:04:35,140

about [h\_\_\h] you know dicks and [h\_\_\h]

95

00:04:39,490 --> 00:04:37,670

well they're they're very much like kind

96

00:04:41,440 --> 00:04:39,500

of hey here's what here's what they said

97

00:04:42,820 --> 00:04:41,450

happened like dates and stuff and they

98

00:04:44,560 --> 00:04:42,830

do a really good job yeah they're cool

99

00:04:45,850 --> 00:04:44,570

and one of the episodes I know he was

100

00:04:47,530 --> 00:04:45,860

talking about how they had really

101  
00:04:49,390 --> 00:04:47,540  
written a script and they were gonna go

102  
00:04:53,710 --> 00:04:49,400  
off a script huh yeah and it didn't work

103  
00:04:56,530 --> 00:04:53,720  
oh hi yeah yeah it's hard guys we we we

104  
00:04:57,850 --> 00:04:56,540  
and we axe the script you know right off

105  
00:05:00,490 --> 00:04:57,860  
the bat we're like this today we're

106  
00:05:03,310 --> 00:05:00,500  
gonna work well I think we just knew

107  
00:05:06,190 --> 00:05:03,320  
that what it's not gonna we also could

108  
00:05:06,910 --> 00:05:06,200  
not be news anchors let's say letters

109  
00:05:12,100 --> 00:05:06,920  
freestyle

110  
00:05:14,710 --> 00:05:12,110  
bad tonight pump your leg and now we're

111  
00:05:17,800 --> 00:05:14,720  
going to Joe with traffic I'd be like I

112  
00:05:20,050 --> 00:05:17,810  
mean it's [\h\_\_\h] up honestly I mean

113  
00:05:22,420 --> 00:05:20,060

there's there's just so much traffic

114

00:05:25,030 --> 00:05:22,430

right now don't even get in your car

115

00:05:27,550 --> 00:05:25,040

honestly you should probably just just

116

00:05:30,380 --> 00:05:27,560

like uber uber your dinner tonight then

117

00:05:34,260 --> 00:05:30,390

back to sports but then there's a ball

118

00:05:37,420 --> 00:05:34,270

[Laughter]

119

00:05:41,050 --> 00:05:37,430

there's a pause of all it was that touch

120

00:05:42,820 --> 00:05:41,060

goal yeah so yeah Bob y'all check it out

121

00:05:45,370 --> 00:05:42,830

on Facebook dude yeah these are awesome

122

00:05:47,680 --> 00:05:45,380

it's so another spot cast shout out

123

00:05:49,330 --> 00:05:47,690

another oh gee Chris home has been there

124

00:05:52,360 --> 00:05:49,340

for since the beginning as well yeah

125

00:05:53,700 --> 00:05:52,370

what a create our boy did he started

126

00:05:58,900 --> 00:05:53,710

another he started his own podcast

127

00:06:02,080 --> 00:05:58,910

called it's the conspire a theory and he

128

00:06:02,740 --> 00:06:02,090

did the episode with Jack Carroll part 1

129

00:06:04,450 --> 00:06:02,750

uh-huh

130

00:06:07,240 --> 00:06:04,460

and then now party who just came out

131

00:06:09,190 --> 00:06:07,250

just sick that uh would tell me will you

132

00:06:11,770 --> 00:06:09,200

tell me a little bit do this this

133

00:06:13,720 --> 00:06:11,780

episode is nut don't give away too much

134

00:06:16,150 --> 00:06:13,730

cuz we want people listen to it but we

135

00:06:17,890 --> 00:06:16,160

want to intrigue the mind so people will

136

00:06:21,240 --> 00:06:17,900

go to and listen to this episode if

137

00:06:25,220 --> 00:06:21,250

you're if you're in a time manipulation

138

00:06:29,840 --> 00:06:25,230

if you like mansions in the desert

139

00:06:33,920 --> 00:06:29,850

you know maybe your your body changing

140

00:06:37,900 --> 00:06:33,930

into a Varina not a burrito oh not this

141

00:06:41,570 --> 00:06:37,910

time if you're into your physical body

142

00:06:44,090 --> 00:06:41,580

changing into your origin species on

143

00:06:45,620 --> 00:06:44,100

your own home planet definitely check

144

00:06:49,010 --> 00:06:45,630

this [h\_\_h] out [h\_\_h]

145

00:06:50,750 --> 00:06:49,020

so like if you were originally an alien

146

00:06:51,920 --> 00:06:50,760

species from a different planet what

147

00:06:54,430 --> 00:06:51,930

would happen if you went back to that

148

00:06:57,980 --> 00:06:54,440

planet made me see what you look like

149

00:06:59,840 --> 00:06:57,990

what yeah I got us I got haven't seen it

150

00:07:03,110 --> 00:06:59,850

yet listening to it yeah good job on

151

00:07:04,910 --> 00:07:03,120

this one Chris he's it so he's writing a

152

00:07:07,520 --> 00:07:04,920

book that's why it's the memoirs

153

00:07:11,000 --> 00:07:07,530

so you know if there is a part 3 dude oh

154

00:07:14,540 --> 00:07:11,010

I hope you do it Mans cuz that's uh this

155

00:07:17,570 --> 00:07:14,550

story has been like nuts right looks

156

00:07:19,630 --> 00:07:17,580

yeah like yeah it's been great that's

157

00:07:23,270 --> 00:07:19,640

often Utlely been great that's super dope

158

00:07:25,460 --> 00:07:23,280

so what was the song what's next this

159

00:07:26,710 --> 00:07:25,470

song what where did he go all down a

160

00:07:31,490 --> 00:07:26,720

little bit

161

00:07:33,470 --> 00:07:31,500

yeah dude if if you ever okay yeah if

162

00:07:35,870 --> 00:07:33,480

you ever get to me in an alien and you

163

00:07:39,590 --> 00:07:35,880

all become friends what's the first song

164

00:07:40,160 --> 00:07:39,600

you play for it so you guys had some

165

00:07:41,600 --> 00:07:40,170

great ones

166

00:07:45,140 --> 00:07:41,610

yeah oh I'm glad that got a good

167

00:07:49,300 --> 00:07:45,150

response seriously with what Joseph said

168

00:07:54,460 --> 00:07:49,310

Purple Haze pearl hey lassic oh my brain

169

00:07:56,840 --> 00:07:54,470

of course dude Queen Bohemian Rhapsody

170

00:07:58,700 --> 00:07:56,850

absolutely I mean you just began with

171

00:08:00,860 --> 00:07:58,710

another classic of course that was the

172

00:08:02,780 --> 00:08:00,870

other Joseph though oh that's the new

173

00:08:06,050 --> 00:08:02,790

Joseph oh my gosh it's the new Joseph

174

00:08:09,560 --> 00:08:06,060

what's up dude yeah dude Bohemian

175

00:08:11,660 --> 00:08:09,570

Rhapsody I think yeah totally and then

176  
00:08:13,760 --> 00:08:11,670  
after you showed them that masterpiece

177  
00:08:16,280 --> 00:08:13,770  
you got to go through an entire album

178

205  
00:09:46,970 --> 00:09:41,640  
I was really torn because I was thinking

206  
00:09:49,040 --> 00:09:46,980  
uh you know James Brown yeah I wanted to

207  
00:09:51,950 --> 00:09:49,050  
show the aliens James Brown right or I

208  
00:09:54,140 --> 00:09:51,960  
wanted to show the aliens maybe

209  
00:09:55,520 --> 00:09:54,150  
Parliament you know give them a little

210  
00:09:58,820 --> 00:09:55,530  
taste of the extraterrestrial brothers

211  
00:10:01,670 --> 00:09:58,830  
dude you know yeah something maybe off

212  
00:10:04,400 --> 00:10:01,680  
mothership connection absolutely but uh

213  
00:10:04,760 --> 00:10:04,410

yeah I I I went with Reverend Horton

214

00:10:06,350 --> 00:10:04,770

Heat

215

00:10:09,020 --> 00:10:06,360

there's a little bit of everything in

216

00:10:11,840 --> 00:10:09,030

Texas huh because I one of the aliens to

217

00:10:14,270 --> 00:10:11,850

know that you know there's a little bit

218

00:10:16,610 --> 00:10:14,280

of a everything in Texas right right

219

00:10:18,650 --> 00:10:16,620

right everything is absolutely bigger in

220

00:10:20,540 --> 00:10:18,660

Texas right right even the universe like

221

00:10:22,610 --> 00:10:20,550

I don't I don't know where the aliens

222

00:10:26,210 --> 00:10:22,620

are from if you look at on a map the

223

00:10:27,500 --> 00:10:26,220

Texas is bigger than the universe I'm

224

00:10:29,780 --> 00:10:27,510

pretty sure it is like I know the

225

00:10:32,150 --> 00:10:29,790

universe is big but the universe in

226

00:10:34,910 --> 00:10:32,160

Texas is is even bigger Yeah right I

227

00:10:37,640 --> 00:10:34,920

mean it just has to be that's the rules

228

00:10:39,800 --> 00:10:37,650

right there's a there's a little bit of

229

00:10:42,770 --> 00:10:39,810

everything in Texas there's a whole lot

230

00:10:44,330 --> 00:10:42,780

of Texas in me and you know it's big

231

00:10:46,490 --> 00:10:44,340

enough that I'm willing to share with

232

00:10:48,290 --> 00:10:46,500

you okay well that's right yeah I

233

00:10:50,630 --> 00:10:48,300

wouldn't mind if the ETS were Texans

234

00:10:51,970 --> 00:10:50,640

dude you guys want to come here and be

235

00:10:53,560 --> 00:10:51,980

Texans okay I think

236

00:10:55,270 --> 00:10:53,570

might be the best American state to

237

00:10:57,850 --> 00:10:55,280

start with this Texas yeah go for it

238

00:11:01,630 --> 00:10:57,860

yeah yeah and like adopt some cool you

239

00:11:05,790 --> 00:11:01,640

know like some super South Texas accent

240

00:11:10,720 --> 00:11:08,470

yeah I mean we have a lot of crazy

241

00:11:12,490 --> 00:11:10,730

events that happen here in Texas yeah so

242

00:11:14,680 --> 00:11:12,500

we know that they're totally aware of

243

00:11:16,600 --> 00:11:14,690

Texas yeah you know and it makes me

244

00:11:18,220 --> 00:11:16,610

think like if an alien were to talk man

245

00:11:20,800 --> 00:11:18,230

what kind of accent what you wanted to

246

00:11:22,600 --> 00:11:20,810

want it to have it would definitely want

247

00:11:23,980 --> 00:11:22,610

it to be from the friendly state lest a

248

00:11:31,660 --> 00:11:23,990

Texas state there you go that's right

249

00:11:33,220 --> 00:11:31,670

all right so uh Jonathan earth girls are

250

00:11:35,560 --> 00:11:33,230

crazy I don't know what those girls are

251

00:11:37,120 --> 00:11:35,570

easy Oh easy earth girls are easy I'm

252

00:11:39,190 --> 00:11:37,130

actually gonna have to look that up yeah

253

00:11:40,870 --> 00:11:39,200

I don't know what that is super easy

254

00:11:42,820 --> 00:11:40,880

yeah well I'm gonna I'm gonna look it up

255

00:11:45,400 --> 00:11:42,830

right now okay what's the next one yeah

256

00:11:57,490 --> 00:11:45,410

Oh so my brother he goes scat man by

257

00:12:00,610 --> 00:11:57,500

scatman John do you know there start to

258

00:12:03,640 --> 00:12:00,620

like smoke yeah like like freaked out

259

00:12:05,230 --> 00:12:03,650

they wouldn't know what to do that's

260

00:12:07,470 --> 00:12:05,240

that's actually how they made the

261

00:12:16,990 --> 00:12:07,480

Roswell crash as they played that song

262

00:12:18,700 --> 00:12:17,000

and then she just crashed okay let's see

263

00:12:20,650 --> 00:12:18,710

yeah okay you already said you revered

264

00:12:22,570 --> 00:12:20,660

horton heat one yeah but man that was it

265

00:12:24,460 --> 00:12:22,580

that was a great prompt a great question

266

00:12:27,160 --> 00:12:24,470

dude song maybe earth girls are easy

274

00:12:51,180 --> 00:12:50,510

song that's the only one that I didn't

275

00:12:54,790 --> 00:12:51,190

recognize

276

00:12:56,080 --> 00:12:54,800

277

00:13:02,440 --> 00:12:56,090

Voorhees and PJ Hughes they're tic-tac

309

00:15:28,370 --> 00:15:24,800

311

00:15:32,660 --> 00:15:29,790

the Nimitz everybody knows what the

312

00:15:37,940 --> 00:15:32,670

Nimitz is the tick-tack-toe incidents

313

00:15:40,930 --> 00:15:37,950

way to tic-tac you know what everybody

314

00:15:43,280 --> 00:15:40,940

played tic-tac-toe that game sucks

315

00:15:45,410 --> 00:15:43,290

if you know what you're doing it does

316

00:15:46,430 --> 00:15:45,420

suck really well for the other person if

317

00:15:47,900 --> 00:15:46,440

they don't know what they're doing if

318

00:15:50,180 --> 00:15:47,910

you don't know what you're doing during

319

00:15:52,220 --> 00:15:50,190

00:15:55,070 --> 00:15:52,230

what I do is I like to switch from X's

321

00:15:59,180 --> 00:15:55,080

to O's mid mid game in game the confused

322

00:16:01,190 --> 00:15:59,190

332

00:16:31,460 --> 00:16:28,560

started with a little correction right

333

00:16:33,980 --> 00:16:31,470

that's how it all started in which we we

334

00:16:36,199 --> 00:16:33,990

totally uh we love it you know what I'm

335

00:16:37,140 --> 00:16:36,209

336

00:16:39,360 --> 00:16:37,150

of learn and

337

00:16:41,730 --> 00:16:39,370

and you know and just kind of get this

338

00:16:44,160 --> 00:16:41,740

345

00:17:04,260 --> 00:17:00,790

tend to kind of hop on together whenever

346

00:17:05,280 --> 00:17:04,270

we can yeah that's super awesome so so

347

00:17:08,450 --> 00:17:05,290

354

00:17:33,120 --> 00:17:31,600

with you by accident because I was uh I

355

00:17:35,490 --> 00:17:33,130

was looking I was looking at because

356

00:17:38,940 --> 00:17:35,500

I'll be honest with you have my my

357

00:17:41,340 --> 00:17:38,950

knowledge on the UFO ology is well

358

00:17:43,860 --> 00:17:41,350

lacking because you know I just had this

359

00:17:46,050 --> 00:17:43,870

thing that happened to me but all it's

360

00:17:47,640 --> 00:17:46,060

been is a as I hate let's have some

361

00:17:56,670 --> 00:17:47,650

beers and then you know four beers in

362

00:18:00,090 --> 00:17:56,680

let me tell you a story starts man well

363

00:18:02,580 --> 00:18:00,100

so I was looking for UFO podcasts on and

364

00:18:04,500 --> 00:18:02,590

you know you guys came up so I was like

365

00:18:06,210 --> 00:18:04,510

alright I'll listen to these guys look

366

00:18:11,490 --> 00:18:06,220

like and then I was like oh my god these

367

00:18:15,540 --> 00:18:11,500

guys are yeah well that's awesome

368

00:18:18,750 --> 00:18:15,550

I'm glad that that you know you enjoy

369

00:18:20,640 --> 00:18:18,760

the podcast man I mean you know we we

370

00:18:22,050 --> 00:18:20,650

started this all out you know we were

371

00:18:23,190 --> 00:18:22,060

talking about this right before we

372

00:18:25,530 --> 00:18:23,200

started the show you know you're like

373

00:18:27,510 --> 00:18:25,540

man hey maybe we could maybe we can get

374

00:18:29,070 --> 00:18:27,520

our neighbor on or something crazy like

375

00:18:31,890 --> 00:18:29,080

that like when we first started the show

376

00:18:33,180 --> 00:18:31,900

now it's like oh okay cool now it kind

377

00:18:37,500 --> 00:18:33,190

of look at where we are now we're

378

00:18:40,680 --> 00:18:37,510

talking to legit people that were in the

379

00:18:42,990 --> 00:18:40,690

US community like what yeah exactly man

380

00:18:45,720 --> 00:18:43,000

exactly so I mean you know we're pretty

381

00:18:47,520 --> 00:18:45,730

stoked about it make sure are you guys

382

00:18:49,380 --> 00:18:47,530

listening make sure if you if you check

383

00:18:50,430 --> 00:18:49,390

it out our I Heart Radio or YouTube or

384

00:18:52,440 --> 00:18:50,440

anything like that man

385

00:18:54,720 --> 00:18:52,450

ah you know click the subscribe button

386

00:18:57,149 --> 00:18:54,730

and give a give us a thumbs up you know

387

00:19:02,700 --> 00:18:57,159

it makes it easier for people like Gary

388

00:19:08,639 --> 00:19:02,710

to find the show I blasted it across my

389

00:19:10,049 --> 00:19:08,649

Twitter and my facebook today so so you

390

00:19:13,710 --> 00:19:10,059

were saying that you're you're going on

391

00:19:16,850 --> 00:19:13,720

in Clyde Lewis after this correct yeah I

392

00:19:20,460 --> 00:19:16,860

guess uh you know Dave BT that did the

393

00:19:22,799 --> 00:19:20,470

that did the video for us he he's a good

394

00:19:24,389 --> 00:19:22,809

friend of ours too and he reached out to

395

00:19:26,009 --> 00:19:24,399

see if there's anybody that could go on

396

00:19:30,740 --> 00:19:26,019

there tonight getting they must have

397

00:19:33,749 --> 00:19:30,750

somebody cancel like Clyde Lewis is uh

398

00:19:35,820 --> 00:19:33,759

it's kind of a radio hero like I don't

399

00:19:38,549 --> 00:19:35,830

know if you know this man but he is like

400

00:19:40,549 --> 00:19:38,559

one of my biggest influences like to

401  
00:19:43,560 --> 00:19:40,559  
kind of hop on the mic you know I

402  
00:19:46,740 --> 00:19:43,570  
absolutely love his show I've been

403  
00:19:48,930 --> 00:19:46,750  
listening to it for years and do that

404  
00:20:08,220 --> 00:19:48,940  
that's super cool so when you go on

405  
00:20:13,769 --> 00:20:10,700  
awesome man well you know our show is uh

406  
00:20:16,470 --> 00:20:13,779  
it's definitely probably a little bit of

407  
00:20:18,180 --> 00:20:16,480  
a different format than any any other

408  
00:20:21,930 --> 00:20:18,190  
thing that you're probably gonna you

409  
00:20:25,259 --> 00:20:21,940  
know be on or have been on we uh we say

410  
00:20:28,440 --> 00:20:25,269  
dude a whole lot occasionally we tell

411  
00:20:30,180 --> 00:20:28,450  
dick jokes and talk about butts but you

412  
00:20:33,389 --> 00:20:30,190  
know we like to have fun and we like the

413  
00:20:36,090 --> 00:20:33,399

information dude so you know I guess

414

00:20:38,220 --> 00:20:36,100

getting started out man let's start with

415

00:20:41,639 --> 00:20:38,230

you Gary just kind of give us a little

416

00:20:46,379 --> 00:20:41,649

rundown who you are what you did and you

417

00:20:47,610 --> 00:20:46,389

know how it's going now no probably

418

00:20:49,409 --> 00:20:47,620

everybody that's listeners probably

419

00:20:51,659 --> 00:20:49,419

already heard of the nimitz event with

420

00:20:55,320 --> 00:20:51,669

the tic-tac can event whatever you've

421

00:20:59,700 --> 00:20:55,330

heard it about and i'm one of the four

422

00:21:02,249 --> 00:20:59,710

sailors that came out in to backup

423

00:21:04,710 --> 00:21:02,259

flavor when he came out publicly about

424

00:21:08,380 --> 00:21:04,720

it to talk about it

425

00:21:12,789 --> 00:21:08,390

uber was the the initial pilot that was

426

00:21:19,390 --> 00:21:12,799

interviewed that broke the earliest we

427

00:21:21,610 --> 00:21:19,400

broke the story in 2017 and then you

428

00:21:23,380 --> 00:21:21,620

seen her today or her Kevin day that

429

00:21:26,440 --> 00:21:23,390

everybody knows him died now he can't he

430

00:21:27,910 --> 00:21:26,450

reached out to me and asked me if I you

431

00:21:29,710 --> 00:21:27,920

know wanted to talk about it and I came

432

00:21:32,680 --> 00:21:29,720

out to help you know and supported him

433

00:21:34,360 --> 00:21:32,690

and then and then PJ came around I think

434

00:21:35,890 --> 00:21:34,370

you what what what you watched you

435

00:21:39,669 --> 00:21:35,900

watched the anaemic encounters and then

436

00:21:47,080 --> 00:21:39,679

then reached out to Dave's BD right

437

00:21:49,799 --> 00:21:47,090

correct I'm late to the party better

438

00:21:52,960 --> 00:21:49,809

late than never because we look guys so

439

00:21:55,990 --> 00:21:52,970

so and then but I was an aegis computer

440

00:21:58,240 --> 00:21:56,000

technician and CC technician on the

441

00:22:01,870 --> 00:21:58,250

Aegis missile cruiser the USS Princeton

442

00:22:03,549 --> 00:22:01,880

we were what that means it's a lot of

443

00:22:05,590 --> 00:22:03,559

big fancy words for saying all the

444

00:22:07,900 --> 00:22:05,600

computers that ran all those systems and

445

00:22:09,760 --> 00:22:07,910

all those little cool little stations

446

00:22:14,370 --> 00:22:09,770

that they were watching the radars on

447

00:22:21,820 --> 00:22:19,260

so and then and then the systems that

448

00:22:24,280 --> 00:22:21,830

share all that information amongst all

449

00:22:26,799 --> 00:22:24,290

the ships to make this one big huge map

450

00:22:29,140 --> 00:22:26,809

of the battlefield you know that's

451

00:22:32,230 --> 00:22:29,150

that's the CC system that was also my

452

00:22:39,370 --> 00:22:32,240

baby so I had a pretty in-depth view of

453

00:22:42,820 --> 00:22:39,380

what was going on my buddy PJ here mean

454

00:22:45,370 --> 00:22:42,830

he's a kind of envy him he was a deck on

455

00:22:46,980 --> 00:22:45,380

the Nimitz working on the Hawkeye which

456

00:22:50,919 --> 00:22:46,990

I'll let him take it from there yeah

457

00:22:54,600 --> 00:22:50,929

your turn buddy yeah since Gary guess

458

00:22:59,140 --> 00:22:54,610

Tina threw me under the bus right there

459

00:23:01,150 --> 00:22:59,150

I was an avionics technician I had a job

460

00:23:04,480 --> 00:23:01,160

relatively similar to Gary's except I

461

00:23:05,919 --> 00:23:04,490

did it on our Hawkeye which is a mini

462

00:23:08,260 --> 00:23:05,929

AWACS and everyone early wanted a

463

00:23:12,880 --> 00:23:08,270

platform so funky-looking prop airplane

464

00:23:14,890 --> 00:23:12,890

with big old satellite dish on top yeah

465

00:23:16,950 --> 00:23:14,900

yeah I'm sure you say I'm sure you're

466

00:23:20,250 --> 00:23:16,960

sure you've seen it

467

00:23:26,039 --> 00:23:20,260

look like a big UFO on the top of it is

468

00:23:27,840 --> 00:23:26,049

that the one I'm thinking of oh yeah

469

00:23:30,659 --> 00:23:27,850

it's been in front of our faces the

470

00:23:32,010 --> 00:23:30,669

whole time exactly that's what it really

471

00:23:38,700 --> 00:23:32,020

was we just we've got to keep that

472

00:23:41,690 --> 00:23:38,710

secret yeah sorry about thorny on the

473

00:23:45,480 --> 00:23:41,700

bus but you're always too damn quiet PJ

474

00:23:48,299 --> 00:23:45,490

well I'm glad I explained because you

475

00:23:50,159 --> 00:23:48,309

know you know other than just being a

476  
00:23:51,720 --> 00:23:50,169  
cool ass name like what the Hawkeye

477  
00:23:54,060 --> 00:23:51,730  
actually is you know what I'm saying

478  
00:23:55,500 --> 00:23:54,070  
yeah I think a lot of people realize

479  
00:23:57,120 --> 00:23:55,510  
that that sort it's that's what it's

480  
00:23:59,789 --> 00:23:57,130  
called you know they're just like oh

481  
00:24:01,710 --> 00:23:59,799  
yeah it's the the plane with the the the

482  
00:24:03,720 --> 00:24:01,720  
giant satellite dish on top of it let's

483  
00:24:05,430 --> 00:24:03,730  
change the name to plan with the giant

484  
00:24:13,710 --> 00:24:05,440  
satellite dish I wonder if they I wonder

485  
00:24:15,899 --> 00:24:13,720  
how many channels they get the squadron

486  
00:24:18,210 --> 00:24:15,909  
I was in at the time was called the

487  
00:24:20,130 --> 00:24:18,220  
world famous Wallbangers and it was the

488  
00:24:22,080 --> 00:24:20,140

same squadron I was in when all this

489

00:24:24,570 --> 00:24:22,090

stuff happened and if you look at the

490

00:24:25,860 --> 00:24:24,580

beginning of not the beginning but in

491

00:24:28,500 --> 00:24:25,870

the Hunt for Red October

492

00:24:32,760 --> 00:24:28,510

they actually heavily feature my

493

00:24:34,860 --> 00:24:32,770

airplane and it was an air from VW 117

494

00:24:38,430 --> 00:24:34,870

the world-famous Wallbangers oh wow

495

00:24:47,299 --> 00:24:38,440

wallbang that is awesome dude that's a

496

00:24:49,350 --> 00:24:47,309

cool man and after an alcoholic drinks I

497

00:24:51,090 --> 00:24:49,360

feel like I don't know what that is but

498

00:24:52,620 --> 00:24:51,100

I feel like it's one of those you know

499

00:24:54,360 --> 00:24:52,630

when you empty out the mats at the end

500

00:24:55,980 --> 00:24:54,370

of the night and pour it into a drink

501  
00:25:01,500 --> 00:24:55,990  
and you take a shot of it I don't know

502  
00:25:04,250 --> 00:25:01,510  
what you call that it's got a tequila

503  
00:25:09,480 --> 00:25:04,260  
and vodka and a little bit of Bud Light

504  
00:25:12,930 --> 00:25:09,490  
maybe some lime juice it is a it's a

505  
00:25:14,610 --> 00:25:12,940  
screwdriver with um it's got a third

506  
00:25:15,990 --> 00:25:14,620  
ingredient other than vodka and orange

507  
00:25:19,380 --> 00:25:16,000  
juice I can't remember what that third

508  
00:25:23,820 --> 00:25:19,390  
ingredient is that's awesome my uh my

509  
00:25:26,820 --> 00:25:23,830  
brother used to work on on u2's and in

510  
00:25:29,639 --> 00:25:26,830  
the bridge of spies movie with Tom Hanks

511  
00:25:30,070 --> 00:25:29,649  
that's his u2 and in the movie that he

512  
00:25:34,840 --> 00:25:30,080  
worked

513  
00:25:37,620 --> 00:25:34,850

so that's pretty cool yeah super cool I

514

00:25:40,330 --> 00:25:37,630

didn't know that dude yeah so now he

515

00:25:46,630 --> 00:25:40,340

works on the a tin now he's a warthog

516

00:25:52,180 --> 00:25:46,640

guy yeah he really enjoys pretty badass

517

00:25:53,950 --> 00:25:52,190

- yeah oh yeah yeah yeah you know I was

518

00:25:55,660 --> 00:25:53,960

like dude how is it working on the

519

00:25:58,840 --> 00:25:55,670

youtubes compared to the warthog and he

520

00:26:00,370 --> 00:25:58,850

was like well you two was cool it's just

521

00:26:01,960 --> 00:26:00,380

such a pain in the ass there's a lot of

522

00:26:04,360 --> 00:26:01,970

red tape that goes along with it

523

00:26:07,960 --> 00:26:04,370

the Warthog is badass cuz you could just

524

00:26:11,110 --> 00:26:07,970

slap [h\_\_h] on it and let it rot awesome

525

00:26:15,940 --> 00:26:11,120

oh no I think we lost PJ there Oh

526

00:26:20,410 --> 00:26:15,950

done day PJ I'm sorry okay cool okay my

527

00:26:24,190 --> 00:26:20,420

bad I got a mess this all I could be I'm

528

00:26:25,500 --> 00:26:24,200

I'm new to Skype so we're stuck in the

529

00:26:27,850 --> 00:26:25,510

bottom right there's like a little

530

00:26:30,100 --> 00:26:27,860

little message conversation thing that

531

00:26:36,270 --> 00:26:30,110

you open up you can kind of side chat

532

00:26:40,750 --> 00:26:39,280

yeah so like when you're both fit and

533

00:26:42,130 --> 00:26:40,760

you can like look [h\_\_h] up and like link

534

00:26:43,500 --> 00:26:42,140

it in there so you sound like you know

535

00:26:46,360 --> 00:26:43,510

what you're saying

536

00:26:50,410 --> 00:26:46,370

we're gonna need that for about 50% of

537

00:26:54,100 --> 00:26:50,420

this webs or this podcast excuse our

538

00:26:59,170 --> 00:26:54,110

military ignorance right I know what

539

00:27:02,950 --> 00:26:59,180

that acronym means my whole family is my

540

00:27:05,740 --> 00:27:02,960

whole family is military and and I was

541

00:27:10,000 --> 00:27:05,750

into Alice Cooper so that's kind of it

542

00:27:13,900 --> 00:27:10,010

kind of worked out strange based on

543

00:27:18,130 --> 00:27:13,910

himself awesome man that's cool dude so

544

00:27:22,750 --> 00:27:18,140

say I have some trailer roots yeah

545

00:27:24,670 --> 00:27:22,760

definitely man so the so the Nimitz was

546

00:27:27,370 --> 00:27:24,680

the aircraft carrier correct and the

547

00:27:31,780 --> 00:27:27,380

Princeton was like a missile cruiser is

548

00:27:34,240 --> 00:27:31,790

that is that right yeah so it would be

549

00:27:36,100 --> 00:27:34,250

is uh we were guided missile cruiser and

550

00:27:39,730 --> 00:27:36,110

so what we actually did with the carrier

551

00:27:42,220 --> 00:27:39,740

so we were her to his flight guard so

552

00:27:44,260 --> 00:27:42,230

we're like the ship that was responsible

553

00:27:46,480 --> 00:27:44,270

for protecting the

554

00:27:48,430 --> 00:27:46,490

the carrier's got a lot of armaments but

555

00:27:51,820 --> 00:27:48,440

it's mostly because of the aircraft and

556

00:27:53,800 --> 00:27:51,830

stuff like that but a guided missile

557

00:27:56,950 --> 00:27:53,810

cruiser and I got it missile destroyer

558

00:27:58,810 --> 00:27:56,960

those two ships shy of the big boomers

559

00:28:01,300 --> 00:27:58,820

with all the nuclear missiles they're

560

00:28:03,510 --> 00:28:01,310

the most heavily armed ships in the Navy

561

00:28:07,660 --> 00:28:03,520

so basically whether it's a short-range

562

00:28:10,360 --> 00:28:07,670

aerial or surface we can pretty much

563

00:28:16,300 --> 00:28:10,370

destroy anything under like Mach 5

564

00:28:20,350 --> 00:28:16,310

coming at the carrier its uh-oh that's

565

00:28:24,010 --> 00:28:20,360

what well we were we were designed to

566

00:28:25,390 --> 00:28:24,020

actually counter the Russians what is it

567

00:28:37,030 --> 00:28:25,400

that what's the name of that Mach 2

568

00:28:38,770 --> 00:28:37,040

missile PJ it's a Russian missile and it

569

00:28:41,830 --> 00:28:38,780

was Nick goes Mach speed it's like

570

00:28:45,340 --> 00:28:41,840

basically a better target and hoping it

571

00:28:47,230 --> 00:28:45,350

is it so fast you know the Russians they

572

00:28:48,400 --> 00:28:47,240

well the Russians go has got simple

573

00:28:50,860 --> 00:28:48,410

things like you ever seen one of their

574

00:28:53,050 --> 00:28:50,870

battleships it's like it's got more guns

575

00:28:54,400 --> 00:28:53,060

than I've seen on any ship ever and it's

576

00:28:56,410 --> 00:28:54,410

like okay well just gonna shoot

577

00:28:59,950 --> 00:28:56,420

everything we have it and hope something

578

00:29:02,250 --> 00:28:59,960

hits that's crazy

579

00:29:06,280 --> 00:29:02,260

sounds like one of those men in black

580

00:29:07,990 --> 00:29:06,290

guns with like three different muzzles

581

00:29:15,340 --> 00:29:08,000

on it it's got three different guns on

582

00:29:16,360 --> 00:29:15,350

it wait wait ooh dude wasn't there like

583

00:29:20,440 --> 00:29:16,370

yeah

584

00:29:22,120 --> 00:29:20,450

was there a light aircraft carrier

585

00:29:26,590 --> 00:29:22,130

called the Princeton back in the day if

586

00:29:28,210 --> 00:29:26,600

didn't your recovery actually I was

587

00:29:32,790 --> 00:29:28,220

called a gator freighter I think I think

588

00:29:36,580 --> 00:29:32,800

it was that one of the the old deck ones

589

00:29:38,500 --> 00:29:36,590

aircraft carriers yeah and it actually

590

00:29:40,870 --> 00:29:38,510

we just I just saw an article the other

591

00:29:44,020 --> 00:29:40,880

day somebody linked me on Facebook that

592

00:29:47,410 --> 00:29:44,030

that ship actually ran into an unknown

593

00:29:53,740 --> 00:29:47,420

aircraft in and I think it was Korea I

594

00:29:56,230 --> 00:29:53,750

think it was PJ yeah so it's like yeah

595

00:29:56,659 --> 00:29:56,240

it had had an official report of running

596

00:29:58,729 --> 00:29:56,669

into

597

00:30:03,080 --> 00:29:58,739

no aircraft and in Karratha coast of

598

00:30:06,320 --> 00:30:03,090

Korea so dude I mean other than this

599

00:30:10,340 --> 00:30:06,330

it's particular experience I mean being

600

00:30:12,499 --> 00:30:10,350

on being on naval ships I mean did y'all

601  
00:30:13,669 --> 00:30:12,509  
ever encounter anything else crazy I

602  
00:30:15,409 --> 00:30:13,679  
mean I would assume being out in the

603  
00:30:17,119 --> 00:30:15,419  
middle of the ocean you see you know

604  
00:30:20,859 --> 00:30:17,129  
there's either nothing or there's

605  
00:30:23,570 --> 00:30:20,869  
probably something crazy right I mean

606  
00:30:26,299 --> 00:30:23,580  
the two the only other two crazy things

607  
00:30:32,960 --> 00:30:26,309  
that ever ever happen is is having to

608  
00:30:35,499 --> 00:30:32,970  
climb to mass in a typhoon and then when

609  
00:30:37,399 --> 00:30:35,509  
you uh and then probably like

610  
00:30:40,399 --> 00:30:37,409  
bioluminescent water which is always

611  
00:30:43,279 --> 00:30:40,409  
[h\_\_\h] crazy cool just do they like

612  
00:30:44,659 --> 00:30:43,289  
algae or something yeah that's when they

613  
00:30:47,119 --> 00:30:44,669

aged every once in a while like when you

614

00:30:49,279 --> 00:30:47,129

go through through the water and when

615

00:30:52,460 --> 00:30:49,289

it's doing all that out blooming it just

616

00:30:54,979 --> 00:30:52,470

like the in Thetas huge blue-green wait

617

00:30:56,629 --> 00:30:54,989

going across the frickin ocean as you go

618

00:31:04,240 --> 00:30:56,639

through it it's like coolest thing

619

00:31:11,269 --> 00:31:08,289

[Laughter]

620

00:31:13,039 --> 00:31:11,279

everyone better if you ever look at the

621

00:31:15,470 --> 00:31:13,049

picture of an aircraft carrier you've

622

00:31:18,590 --> 00:31:15,480

got a couple elevators down one side of

623

00:31:20,869 --> 00:31:18,600

the ship same side as the island and the

624

00:31:22,310 --> 00:31:20,879

front corner there's kind of an angle on

625

00:31:24,289 --> 00:31:22,320

the deck where it goes that way out to

626

00:31:26,090 --> 00:31:24,299

the front there's Paul right there it's

627

00:31:28,129 --> 00:31:26,100

called the nav pole it's got a bunch of

628

00:31:30,289 --> 00:31:28,139

stinking navigation stuff for this ship

629

00:31:33,889 --> 00:31:30,299

and I'm sitting there one day working

630

00:31:35,690 --> 00:31:33,899

and it's pouring raining and Nick oh I

631

00:31:38,659 --> 00:31:35,700

get out of my airplane start shutting

632

00:31:53,139 --> 00:31:38,669

everything down bright flash very loud

633

00:32:00,200 --> 00:31:57,080

yeah make you pucker I love that yeah

634

00:32:02,060 --> 00:32:00,210

for sure so PJ dude walking around the

635

00:32:07,460 --> 00:32:02,070

aircraft carrier man how many times you

636

00:32:08,269 --> 00:32:07,470

get lost on that thing I mean from the

637

00:32:10,490 --> 00:32:08,279

Nimitz

638

00:32:12,560 --> 00:32:10,500

to know

639

00:32:14,330 --> 00:32:12,570

the regen they're almost identical with

640

00:32:16,490 --> 00:32:14,340

with small variations so once you learn

641

00:32:20,509 --> 00:32:16,500

your way around one you'll know your way

642

00:32:22,909 --> 00:32:20,519

around all of them my first time out I

643

00:32:26,360 --> 00:32:22,919

think I was lost the entire time yeah

644

00:32:28,669 --> 00:32:26,370

yeah and how big these ships are I had

645

00:32:30,409 --> 00:32:28,679

to go over to the Nimitz to help fix

646

00:32:32,779 --> 00:32:30,419

their fire control computers a couple of

647

00:32:35,210 --> 00:32:32,789

times my very first time on the ship I

648

00:32:40,789 --> 00:32:35,220

was two hours late for a meeting because

649

00:32:42,740 --> 00:32:40,799

I straight-up got lost I what's worse is

650

00:32:44,180 --> 00:32:42,750

I'm oh I'm ghost going through bulkheads

651  
00:32:46,100 --> 00:32:44,190  
and heading in the direction that I need

652  
00:32:48,200 --> 00:32:46,110  
to go I said I pull open this bulkhead

653  
00:32:55,480 --> 00:32:48,210  
and there's just nothing but a sea of

654  
00:32:59,600 --> 00:32:57,740  
they were like you have no idea where

655  
00:33:02,299 --> 00:32:59,610  
you're going I'm trying to get to so so

656  
00:33:03,350 --> 00:33:02,309  
so it though well hurry up and come

657  
00:33:05,269 --> 00:33:03,360  
through here and then they started

658  
00:33:07,570 --> 00:33:05,279  
yelling man on deck man on deck and it's

659  
00:33:10,570 --> 00:33:07,580  
dragging me through your birthing

660  
00:33:17,389 --> 00:33:10,580  
pulling you by your ear or something

661  
00:33:19,430 --> 00:33:17,399  
sounds like Porky's man that's hilarious

662  
00:33:20,869 --> 00:33:19,440  
oh yeah you need like you basically need

663  
00:33:31,820 --> 00:33:20,879

a compass on the inside of one of those

664

00:33:34,399 --> 00:33:31,830

aircraft carriers there's so many decks

665

00:33:35,869 --> 00:33:34,409

down and so many decks up that I mean

666

00:33:37,610 --> 00:33:35,879

there's always an alternate route for

667

00:33:40,450 --> 00:33:37,620

everywhere and it's so easy to get

668

00:33:48,110 --> 00:33:43,369

I've always wondered is it easy to sleep

669

00:33:49,999 --> 00:33:48,120

out on the ocean with a boat oh dude

670

00:33:52,009 --> 00:33:50,009

that's the best part about it yeah

671

00:33:54,019 --> 00:33:52,019

especially if you just like like the

672

00:33:56,539 --> 00:33:54,029

heavy seas kind of suck but like there's

673

00:33:58,909 --> 00:33:56,549

a swan sea where it just kind of rocks

674

00:34:01,430 --> 00:33:58,919

just a little bit he's just like a baby

675

00:34:10,159 --> 00:34:01,440

and I created all just oh it's such good

676

00:34:13,220 --> 00:34:10,169

sleep so guys I mean before before this

677

00:34:16,040 --> 00:34:13,230

experience did did you guys ever have an

678

00:34:17,629 --> 00:34:16,050

interest in the in the subject at all or

679

00:34:20,480 --> 00:34:17,639

was it just something that kind of

680

00:34:24,820 --> 00:34:20,490

blindsided you and you were like well

681

00:34:31,040 --> 00:34:28,220

it's never that I was into it I wasn't

682

00:34:32,990 --> 00:34:31,050

into it nearly to the depth I'm at now

683

00:34:34,190 --> 00:34:33,000

and I'm still wouldn't really consider

684

00:34:39,110 --> 00:34:34,200

myself into it

685

00:34:43,520 --> 00:34:39,120

right more into it now but I mean I was

686

00:34:45,530 --> 00:34:43,530

always an x-files fan if that counts but

687

00:34:46,940 --> 00:34:45,540

it's it's you know we don't have

688

00:34:51,350 --> 00:34:46,950

anything weird happened to me prior to

689

00:34:53,390 --> 00:34:51,360

that so it's it was it's it's definitely

690

00:34:57,680 --> 00:34:53,400

kind of made me look up a little bit

691

00:35:00,520 --> 00:34:57,690

more often happen man yeah yeah I mean

692

00:35:03,980 --> 00:35:00,530

being an x-files fan I mean dude like

693

00:35:06,080 --> 00:35:03,990

I've seen them all right and some of the

694

00:35:08,360 --> 00:35:06,090

stuff that uh some of the stuff that

695

00:35:12,320 --> 00:35:08,370

we've gotten into and kind of read about

696

00:35:14,300 --> 00:35:12,330

like man that show is uh it it sound it

697

00:35:16,970 --> 00:35:14,310

seems pretty spot-on it's kind of crazy

698

00:35:19,400 --> 00:35:16,980

I mean it's what you're man I mean with

699

00:35:21,770 --> 00:35:19,410

this subject like some of the craziest

700

00:35:24,350 --> 00:35:21,780

stuff you would just you know it's it's

701  
00:35:27,200 --> 00:35:24,360  
like that's [\h\_\_\h] right then you know

702  
00:35:28,940 --> 00:35:27,210  
you know I was listening to Gary and one

703  
00:35:30,230 --> 00:35:28,950  
day one of your interviews and and

704  
00:35:32,180 --> 00:35:30,240  
you're like you know like some of these

705  
00:35:34,550 --> 00:35:32,190  
guys you know they they know the

706  
00:35:36,140 --> 00:35:34,560  
documents the numbers you know this the

707  
00:35:37,730 --> 00:35:36,150  
sentence and the quote and all that

708  
00:35:39,530 --> 00:35:37,740  
stuff and where you can find all this

709  
00:35:42,830 --> 00:35:39,540  
information you know you said you know

710  
00:35:44,480 --> 00:35:42,840  
yourself you know like I'm not that into

711  
00:35:47,180 --> 00:35:44,490  
it right but you know some of these guys

712  
00:35:49,340 --> 00:35:47,190  
you know we've been reading through some

713  
00:35:53,120 --> 00:35:49,350

of this this stuff man and it's it's

714

00:35:56,600 --> 00:35:53,130

it's crazy it is crazy I definitely see

715

00:35:58,190 --> 00:35:56,610

why some of these guys like he's like I

716

00:36:00,860 --> 00:35:58,200

said that interview I mean it's just

717

00:36:03,050 --> 00:36:00,870

they're down for the details me I'm cool

718

00:36:04,430 --> 00:36:03,060

I'm in for a real cool story and it's

719

00:36:08,480 --> 00:36:04,440

like hear what these people have been

720

00:36:10,400 --> 00:36:08,490

through you know the documentary and

721

00:36:17,690 --> 00:36:10,410

I'll watch that don't don't give me 15

722

00:36:20,450 --> 00:36:17,700

pages to read give me some pictures yep

723

00:36:22,400 --> 00:36:20,460

yep I I think the like one of the bigger

724

00:36:24,740 --> 00:36:22,410

documents that have recently come out is

725

00:36:28,970 --> 00:36:24,750

that the Admiral Wilson document right

726

00:36:30,830 --> 00:36:28,980

and how you know he contacted a private

727

00:36:33,440 --> 00:36:30,840

company that was a crash retrieval

728

00:36:35,780 --> 00:36:33,450

program and they wouldn't let Admiral

729

00:36:38,070 --> 00:36:35,790

Wilson have you know access to any of

730

00:36:39,600 --> 00:36:38,080

this stuff and you know they've ended up

731

00:36:42,390 --> 00:36:39,610

taking it to federal court and then

732

00:36:44,340 --> 00:36:42,400

federal court was like sorry dude like

733

00:36:46,980 --> 00:36:44,350

you can't have access to any of this

734

00:36:49,380 --> 00:36:46,990

stuff like it's it's it's nuts it's

735

00:36:53,610 --> 00:36:49,390

insane but you know in the document I

736

00:36:55,410 --> 00:36:53,620

mean yes yeah like that gets real real

737

00:36:57,540 --> 00:36:55,420

sketchy because he doesn't really like

738

00:36:59,160 --> 00:36:57,550

that's that's like when flavor came out

739

00:37:01,590 --> 00:36:59,170

and was like China's trying to like kind

740

00:37:03,450 --> 00:37:01,600

of say that we like he would have known

741

00:37:05,160 --> 00:37:03,460

if like anything like that happened

742

00:37:07,560 --> 00:37:05,170

because of how high rank he was and I'm

743

00:37:11,100 --> 00:37:07,570

like guy it doesn't matter how high rank

744

00:37:12,930 --> 00:37:11,110

you are she need to know exactly exactly

745

00:37:14,310 --> 00:37:12,940

you know even like you know even the

746

00:37:16,140 --> 00:37:14,320

president I mean that guy's just a

747

00:37:17,610 --> 00:37:16,150

temporary employee like people always

748

00:37:19,710 --> 00:37:17,620

think oh well the president would know

749

00:37:24,330 --> 00:37:19,720

you know he probably wouldn't know [h\_\_\h]

750

00:37:25,530 --> 00:37:24,340

more likely that it's like when the

751

00:37:26,850 --> 00:37:25,540

presidents are like this is I was

752

00:37:28,650 --> 00:37:26,860

thinking about when that one there's a

753

00:37:30,060 --> 00:37:28,660

lady candidate that's out right now that

754

00:37:32,010 --> 00:37:30,070

says she's gonna get to the bottom of it

755

00:37:33,210 --> 00:37:32,020

right and I'm thinking of myself yeah

756

00:37:34,950 --> 00:37:33,220

she's gonna get to the bottom of it

757

00:37:36,570 --> 00:37:34,960

until they actually brief her in this

758

00:37:40,340 --> 00:37:36,580

you realize this [h\_\_\h] I can't tell the

759

00:37:43,620 --> 00:37:40,350

public that yeah that's exactly yeah

760

00:37:45,840 --> 00:37:43,630

yeah yeah I I hate when people use that

761

00:37:48,210 --> 00:37:45,850

like in their campaigns or like and I'm

762

00:37:51,960 --> 00:37:48,220

gonna I'm gonna release UFO information

763

00:37:55,830 --> 00:37:51,970

it's like man let's see what you're

764

00:37:58,470 --> 00:37:55,840

gonna do yeah they've been trying to do

765

00:38:00,810 --> 00:37:58,480

that since the 40s man there's no way

766

00:38:04,130 --> 00:38:00,820

I'm somebody should get on their website

767

00:38:07,200 --> 00:38:04,140

and say I triple dog dare you to do it

768

00:38:10,200 --> 00:38:07,210

exactly oh we won't hear from you again

769

00:38:11,730 --> 00:38:10,210

right so hey I'm just I kind of wanna

770

00:38:15,020 --> 00:38:11,740

ask both you guys this kind of question

771

00:38:17,970 --> 00:38:15,030

and doesn't matter who goes first but

772

00:38:19,680 --> 00:38:17,980

given that line of questioning like you

773

00:38:22,290 --> 00:38:19,690

know or question about releasing

774

00:38:24,120 --> 00:38:22,300

information and Gary just mentioned well

775

00:38:26,070 --> 00:38:24,130

until she gets to the ER he gets to the

776

00:38:28,290 --> 00:38:26,080

bottom of it and realizes they can't

777

00:38:30,360 --> 00:38:28,300

tell the public do you have any kind of

778

00:38:34,320 --> 00:38:30,370

idea of like what it could be because I

779

00:38:35,670 --> 00:38:34,330

kind of lend to I kind of in push in the

780

00:38:38,280 --> 00:38:35,680

direction it has something to do with

781

00:38:40,740 --> 00:38:38,290

like the collapse of our economy due to

782

00:38:42,600 --> 00:38:40,750

this new technology this inner energy

783

00:38:43,260 --> 00:38:42,610

kind of situation do you have any

784

00:38:48,300 --> 00:38:43,270

thoughts on that

785

00:38:52,910 --> 00:38:48,310

oh go ahead TJ cause mine's gonna be a

786

00:38:58,500 --> 00:38:56,730

so I've had a long time to kind of try

787

00:39:05,820 --> 00:38:58,510

to figure out what these damn things are

788

00:39:09,230 --> 00:39:05,830

and so I've got actually well so I've

789

00:39:13,020 --> 00:39:09,240

got 81 different possibilities right now

790

00:39:15,359 --> 00:39:13,030

let's give you your totem ember the I I

791

00:39:16,620 --> 00:39:15,369

got a top eight then I've narrowed it

792

00:39:20,070 --> 00:39:16,630

down to and you're gonna get it

793

00:39:21,750 --> 00:39:20,080

basically a preview of my talk at the at

794

00:39:23,490 --> 00:39:21,760

the next convention because you know you

795

00:39:24,990 --> 00:39:23,500

gotta have something to talk about since

796

00:39:26,880 --> 00:39:25,000

everybody's heard the damn story you

797

00:39:29,160 --> 00:39:26,890

gotta have something so these are my

798

00:39:32,850 --> 00:39:29,170

tech series unlike exactly what these

799

00:39:34,290 --> 00:39:32,860

things could be so the weren't one of

800

00:39:36,720 --> 00:39:34,300

the first things I thought well maybe

801  
00:39:38,760 --> 00:39:36,730  
what happens if like there was a past

802  
00:39:41,850 --> 00:39:38,770  
civilization that was crazy advanced

803  
00:39:43,770 --> 00:39:41,860  
right right now you turn on the Weather

804  
00:39:46,830 --> 00:39:43,780  
Channel ever get to find out what the

805  
00:39:48,450 --> 00:39:46,840  
weather is one on the world what happens

806  
00:39:50,040 --> 00:39:48,460  
if we get so advanced that we've got

807  
00:39:52,200 --> 00:39:50,050  
drones just rolling around the world

808  
00:39:54,210 --> 00:39:52,210  
finding out every information about

809  
00:39:56,970 --> 00:39:54,220  
everything in the world and then

810  
00:39:59,400 --> 00:39:56,980  
reporting it to us and what if we have a

811  
00:40:01,680 --> 00:39:59,410  
big huge network of drones that just do

812  
00:40:05,070 --> 00:40:01,690  
that just monitor the earth well what

813  
00:40:07,380 --> 00:40:05,080

happens if that tech from an advanced

814

00:40:10,770 --> 00:40:07,390

civilization that was on the earth prior

815

00:40:12,240 --> 00:40:10,780

to us survives somehow and like little

816

00:40:14,849 --> 00:40:12,250

remnants of like these look like these

817

00:40:17,790 --> 00:40:14,859

little notes just like somehow survived

818

00:40:21,180 --> 00:40:17,800

under the ocean and just basically make

819

00:40:22,980 --> 00:40:21,190

these things and repair them and just

820

00:40:24,720 --> 00:40:22,990

keep on going it doesn't know that it's

821

00:40:26,640 --> 00:40:24,730

not supposed to do that anymore but it

822

00:40:30,180 --> 00:40:26,650

just keeps on going that's programmed

823

00:40:32,910 --> 00:40:30,190

well you know it's just text so guess

824

00:40:34,770 --> 00:40:32,920

what eventually fails so all of a sudden

825

00:40:38,220 --> 00:40:34,780

one of these things fail right over

826

00:40:40,200 --> 00:40:38,230

Roswell crash and it's say what's on the

827

00:40:42,000 --> 00:40:40,210

inside is biotech you know so they think

828

00:40:43,410 --> 00:40:42,010

they got like you know aliens for a

829

00:40:49,920 --> 00:40:43,420

reality it's just like an advanced

830

00:40:51,900 --> 00:40:49,930

biotech running this freakin drone what

831

00:40:56,480 --> 00:40:51,910

what year it is he's just like well this

832

00:40:58,620 --> 00:40:56,490

is my job she's just gonna do you know

833

00:40:59,970 --> 00:40:58,630

you know so all of a sudden we get a

834

00:41:01,590 --> 00:40:59,980

hold of this tech and we're just like

835

00:41:03,690 --> 00:41:01,600

you know during that time we're probably

836

00:41:04,600 --> 00:41:03,700

like burning off half the circuitry just

837

00:41:07,060 --> 00:41:04,610

trying to figure out where

838

00:41:08,920 --> 00:41:07,070

is all of a sudden you know they get you

839

00:41:10,630 --> 00:41:08,930

know they get a couple of hits on you

840

00:41:12,160 --> 00:41:10,640

know something that works still and

841

00:41:13,690 --> 00:41:12,170

you're like oh well you know this still

842

00:41:15,010 --> 00:41:13,700

works so let's not disassemble it yeah

843

00:41:17,650 --> 00:41:15,020

you know that all sudden like later on

844

00:41:19,420 --> 00:41:17,660

now that we're getting into you know you

845

00:41:21,520 --> 00:41:19,430

know quantum quantum mechanics and

846

00:41:22,660 --> 00:41:21,530

quantum computers and stuff like that

847

00:41:24,460 --> 00:41:22,670

all of a sudden maybe we're starting to

848

00:41:25,990 --> 00:41:24,470

actually learn more about this stuff and

849

00:41:28,990 --> 00:41:26,000

maybe that's what these little jumps in

850

00:41:31,150 --> 00:41:29,000

Texas are is them just like kind of

851

00:41:33,700 --> 00:41:31,160

holding this holding this tech back a

852

00:41:35,320 --> 00:41:33,710

little bit just kind of just letting it

853

00:41:38,170 --> 00:41:35,330

jump every every give me because we went

854

00:41:43,990 --> 00:41:38,180

from like the razor phone which will

855

00:41:48,850 --> 00:41:44,000

used to be remember the razor was so

856

00:41:50,140 --> 00:41:48,860

cool yeah and then they came out with it

857

00:41:51,430 --> 00:41:50,150

you know the BlackBerry kind of came out

858

00:41:55,990 --> 00:41:51,440

at that time but nobody really [h\_\_h]

859

00:41:57,940 --> 00:41:56,000

with it because the black was like a

860

00:42:00,700 --> 00:41:57,950

super geek [h\_\_h] phone and that was to

861

00:42:02,920 --> 00:42:00,710

pay too much ass to you yeah it was

862

00:42:04,630 --> 00:42:02,930

crazy expensive it was even more

863

00:42:07,990 --> 00:42:04,640

expensive than the razor but then all of

864

00:42:11,140 --> 00:42:08,000

a sudden from that to the iPhone yeah

865

00:42:13,990 --> 00:42:11,150

touch screen I mean that's just a

866

00:42:16,300 --> 00:42:14,000

massive jump in tech dude yeah and then

867

00:42:17,740 --> 00:42:16,310

and that's just the cell phone industry

868

00:42:19,300 --> 00:42:17,750

we're not going to talk about like the

869

00:42:20,860 --> 00:42:19,310

medical industries and all the other

870

00:42:22,960 --> 00:42:20,870

industries that seem to just have these

871

00:42:24,670 --> 00:42:22,970

you know jumps and then like you know

872

00:42:26,380 --> 00:42:24,680

this tech industry all these tech people

873

00:42:28,630 --> 00:42:26,390

no idea who they were

874

00:42:34,270 --> 00:42:28,640

prior to this one thing and then boom

875

00:42:38,920 --> 00:42:34,280

you know overnight so Steve Jobs so that

876

00:42:40,730 --> 00:42:38,930

next maybe he was actually not a genius

877

00:42:44,080 --> 00:42:40,740

and they just gave him the tech to sell

878

00:42:46,890 --> 00:42:44,090

[Laughter]

879

00:42:50,950 --> 00:42:46,900

[Applause]

880

00:42:53,590 --> 00:42:50,960

so then this kind of piggybacks onto the

881

00:42:55,750 --> 00:42:53,600

last one but maybe just we just actually

882

00:42:58,060 --> 00:42:55,760

developed this tech ourselves but since

883

00:42:59,710 --> 00:42:58,070

the 40's we've been doing like a tech

884

00:43:01,330 --> 00:42:59,720

cartel where they don't you know like

885

00:43:03,280 --> 00:43:01,340

where did it be or did with the times

886

00:43:05,110 --> 00:43:03,290

they don't want to release too much of

887

00:43:06,940 --> 00:43:05,120

it out faster than the community can

888

00:43:09,130 --> 00:43:06,950

consume it right you know because you

889

00:43:11,170 --> 00:43:09,140

mean really your profits are only going

890

00:43:15,550 --> 00:43:11,180

to be maximized by the consumption of

891

00:43:18,490 --> 00:43:15,560

the private market so why why why waste

892

00:43:22,050 --> 00:43:18,500

it all by flooding the market with crazy

893

00:43:24,849 --> 00:43:22,060

attack it's a really great point yeah

894

00:43:26,859 --> 00:43:24,859

and then of course you know one of the

895

00:43:29,230 --> 00:43:26,869

more famous ones that everybody likes is

896

00:43:31,150 --> 00:43:29,240

alien current technology you know it

897

00:43:32,440 --> 00:43:31,160

could be just current alien technology

898

00:43:34,359 --> 00:43:32,450

and we just happened to get our hands on

899

00:43:36,040 --> 00:43:34,369

some of it or they're just current

900

00:43:42,670 --> 00:43:36,050

aliens and they're just chilling like oh

901  
00:43:45,609 --> 00:43:42,680  
[h\_\_h] they can see us now [h\_\_h] yeah

902  
00:43:47,770 --> 00:43:45,619  
and then of course there's the fourth

903  
00:43:49,810 --> 00:43:47,780  
there the fir the fourth one is old

904  
00:43:51,609 --> 00:43:49,820  
alien tech so instead of this kind of

905  
00:43:54,460 --> 00:43:51,619  
compass a little bit along the same

906  
00:43:56,380 --> 00:43:54,470  
lines as the past civilization tech but

907  
00:43:59,560 --> 00:43:56,390  
instead of being like from this planet

908  
00:44:01,540 --> 00:43:59,570  
it's like say old aliens came here

909  
00:44:04,839 --> 00:44:01,550  
seeded the planet helped genetically

910  
00:44:06,730 --> 00:44:04,849  
engineer everything we develop as the

911  
00:44:09,880 --> 00:44:06,740  
dominant species and then they kind of

912  
00:44:12,370 --> 00:44:09,890  
just guide us along so in this theory

913  
00:44:17,589 --> 00:44:12,380

that they don't have faster than light

914

00:44:20,200 --> 00:44:17,599

travel so they basically leave drones to

915

00:44:22,750 --> 00:44:20,210

monitor us behind to monitor their their

916

00:44:24,730 --> 00:44:22,760

their projects and experiments and then

917

00:44:26,320 --> 00:44:24,740

they start heading back either off to

918

00:44:29,140 --> 00:44:26,330

the next stop or back to their home

919

00:44:32,320 --> 00:44:29,150

point you know like maybe like a like a

920

00:44:34,870 --> 00:44:32,330

science expedition or even just a you

921

00:44:36,310 --> 00:44:34,880

know exploration expedition you know so

922

00:44:38,560 --> 00:44:36,320

they just kind of leave drones behind

923

00:44:40,930 --> 00:44:38,570

just a monitor situation and that's what

924

00:44:43,420 --> 00:44:40,940

we're seeing all the time you know and

925

00:44:46,030 --> 00:44:43,430

then it would also indicate why there's

926  
00:44:48,970 --> 00:44:46,040  
so much text in the past about people

927  
00:44:52,660 --> 00:44:48,980  
talking to sky people talking to you

928  
00:44:57,700 --> 00:44:52,670  
know will quote the crazy haired guy

929  
00:45:07,390 --> 00:44:57,710  
ancient aliens I don't know there or

930  
00:45:09,010 --> 00:45:07,400  
aliens he's gonna be at the next the

931  
00:45:10,750 --> 00:45:09,020  
next thing that we're going to I think

932  
00:45:18,280 --> 00:45:10,760  
mostly alien guys are gonna be there

933  
00:45:21,910 --> 00:45:18,290  
your folk on this is the contact in the

934  
00:45:23,740 --> 00:45:21,920  
desert in fact our whole all of most of

935  
00:45:27,670 --> 00:45:23,750  
the UAP expedition will be there which

936  
00:45:28,830 --> 00:45:27,680  
is basically made up of just me JP we

937  
00:45:35,100 --> 00:45:28,840  
got

938  
00:45:39,510 --> 00:45:35,110

actual legitimate people that like are

939

00:45:41,760 --> 00:45:39,520

super smart when you see Giorgio there

940

00:45:51,180 --> 00:45:41,770

tell him we emailed him and he needs two

941

00:45:52,860 --> 00:45:51,190

e-mails back yeah do you see you got

942

00:45:54,830 --> 00:45:52,870

your your doctor scientist shirt and

943

00:45:57,060 --> 00:45:54,840

you're gonna wear it out there right oh

944

00:46:03,000 --> 00:45:57,070

dude I'm gonna be walking around with

945

00:46:05,220 --> 00:46:03,010

that [h\_\_h] so with that situation it's

946

00:46:07,230 --> 00:46:05,230

like old alien tech yeah so they just

947

00:46:09,240 --> 00:46:07,240

left that [h\_\_h] here and sometimes it

948

00:46:11,850 --> 00:46:09,250

fails sometimes we get some of it and we

949

00:46:15,660 --> 00:46:11,860

develop it and reverse-engineer it and

950

00:46:17,370 --> 00:46:15,670

move on you know and then and then the

951  
00:46:19,860 --> 00:46:17,380  
rest of the theories are a little bit

952  
00:46:21,810 --> 00:46:19,870  
more out there so it's just like cuz I

953  
00:46:23,550 --> 00:46:21,820  
have a firm believer that everything is

954  
00:46:25,340 --> 00:46:23,560  
everything is possible just highly

955  
00:46:27,870 --> 00:46:25,350  
improbable

956  
00:46:30,780 --> 00:46:27,880  
nothing nothing nothing isn't nothing is

957  
00:46:33,420 --> 00:46:30,790  
impossible just highly improbable so in

958  
00:46:35,460 --> 00:46:33,430  
the next theory it's a parallel

959  
00:46:38,190 --> 00:46:35,470  
dimension text so multiverse theory

960  
00:46:42,030 --> 00:46:38,200  
meaning that it's been from like another

961  
00:46:44,130 --> 00:46:42,040  
world anywhere but you know base it's

962  
00:46:46,260 --> 00:46:44,140  
just in a parallel universe that

963  
00:46:50,000 --> 00:46:46,270

happened to develop the tech to move

964

00:46:52,500 --> 00:46:50,010

over to the next universe before we did

965

00:46:54,180 --> 00:46:52,510

because if this theory is correct that

966

00:46:56,640 --> 00:46:54,190

means that there's an infinite amount of

967

00:46:59,370 --> 00:46:56,650

universes and again it starts to get

968

00:47:01,860 --> 00:46:59,380

mind blog like so and you know I love

969

00:47:03,960 --> 00:47:01,870

that yeah but when you have an infinite

970

00:47:08,580 --> 00:47:03,970

amount of situations that means there's

971

00:47:10,920 --> 00:47:08,590

always a version that's a crazy more

972

00:47:12,780 --> 00:47:10,930

advanced in you there's always a virgin

973

00:47:14,970 --> 00:47:12,790

that already has developed the

974

00:47:16,770 --> 00:47:14,980

technology to go between dimensions and

975

00:47:18,750 --> 00:47:16,780

there's always going to be a situation

976  
00:47:20,880 --> 00:47:18,760  
where anything you think of right now

977  
00:47:22,590 --> 00:47:20,890  
all of a sudden it just pops into

978  
00:47:26,640 --> 00:47:22,600  
existence and that in that situation

979  
00:47:29,280 --> 00:47:26,650  
like manifests itself yeah yeah so I

980  
00:47:33,720 --> 00:47:29,290  
mean that kind of that can start to get

981  
00:47:36,510 --> 00:47:33,730  
kind of borderline philosophy I love

982  
00:47:39,000 --> 00:47:36,520  
that that's definitely my bag for sure

983  
00:47:40,680 --> 00:47:39,010  
that the the possibility of I mean

984  
00:47:41,730 --> 00:47:40,690  
that's maybe that's why Bigfoot is is

985  
00:47:44,520 --> 00:47:41,740  
blurry right he's

986  
00:47:46,650 --> 00:47:44,530  
that's this figured out how to go

987  
00:47:49,710 --> 00:47:46,660  
transdimensional right there's some kind

988  
00:47:51,150 --> 00:47:49,720

of tail or or you might be blurry cuz

989

00:47:58,339 --> 00:47:51,160

its bunch of people run it through the

990

00:48:00,960 --> 00:47:58,349

woods scared of [\h\_\_\h] yeah exactly man

991

00:48:06,390 --> 00:48:00,970

that first I mean I don't know or I

992

00:48:15,329 --> 00:48:06,400

don't know what number you are on five

993

00:48:17,640 --> 00:48:15,339

right now it's so the number six is the

994

00:48:20,520 --> 00:48:17,650

classic time-travel theory that it's not

995

00:48:25,650 --> 00:48:20,530

any aliens whatsoever but it's us coming

996

00:48:27,300 --> 00:48:25,660

back to try to fix them yeah yeah I've

997

00:48:29,870 --> 00:48:27,310

been thinking about something that kind

998

00:48:35,609 --> 00:48:29,880

of goes along with that lately is that

999

00:48:38,430 --> 00:48:35,619

you know that it kind of lends this idea

1000

00:48:41,400 --> 00:48:38,440

of us trying to to cover up the fact

1001

00:48:43,320 --> 00:48:41,410

that there's this tech out there is is

1002

00:48:45,510 --> 00:48:43,330

that it is us from the future and we

1003

00:48:47,370 --> 00:48:45,520

just we went down a bad path so we're

1004

00:48:50,040 --> 00:48:47,380

trying to prevent ourselves from going

1005

00:48:52,260 --> 00:48:50,050

down this bad path so we're like hey you

1006

00:48:53,490 --> 00:48:52,270

know we did this once and everybody knew

1007

00:48:55,950 --> 00:48:53,500

about this technology and it was

1008

00:48:58,500 --> 00:48:55,960

available to the public but we basically

1009

00:49:00,930 --> 00:48:58,510

killed our whole civilization is just

1010

00:49:02,820 --> 00:49:00,940

like 14 of us left yeah they're coming

1011

00:49:06,540 --> 00:49:02,830

back you know one at a time and saying

1012

00:49:07,620 --> 00:49:06,550

like hey change this at this date so

1013

00:49:09,480 --> 00:49:07,630

they're like going back and just

1014

00:49:12,120 --> 00:49:09,490

changing little things along the way so

1015

00:49:14,640 --> 00:49:12,130

that we don't actually you know kill off

1016

00:49:17,370 --> 00:49:14,650

our whole existence yeah as a species

1017

00:49:19,200 --> 00:49:17,380

even even like Penniston or pinpin I

1018

00:49:21,359 --> 00:49:19,210

think it's Penniston from the Rendlesham

1019

00:49:24,570 --> 00:49:21,369

case that's been seen when he when he

1020

00:49:26,849 --> 00:49:24,580

you know he he touched this craft and he

1021

00:49:29,280 --> 00:49:26,859

supposedly had to download right we know

1022

00:49:32,339 --> 00:49:29,290

about the binary code that he wrote down

1023

00:49:34,079 --> 00:49:32,349

into this book but later on in years

1024

00:49:36,870 --> 00:49:34,089

after you know really mulling this over

1025

00:49:39,930 --> 00:49:36,880

you know he believes that it's not

1026

00:49:41,430 --> 00:49:39,940

aliens it's it's actually us from the

1027

00:49:45,120 --> 00:49:41,440

future yeah yeah

1028

00:49:46,890 --> 00:49:45,130

so yeah that's as I mean it it's crazy

1029

00:49:49,200 --> 00:49:46,900

like when something like this happens to

1030

00:49:51,750 --> 00:49:49,210

you that [ʌ\_\_ʌ] the distant roar around to

1031

00:49:54,480 --> 00:49:51,760

your head like I got this idea for a

1032

00:49:55,579 --> 00:49:54,490

fictional story and it basically it's

1033

00:49:59,089 --> 00:49:55,589

based off of

1034

00:50:01,160 --> 00:49:59,099

you know we started doing you know

1035

00:50:03,670 --> 00:50:01,170

biohacking with like CRISPR and stuff

1036

00:50:07,009 --> 00:50:03,680

like that and we figure out a way to

1037

00:50:09,109 --> 00:50:07,019

reduce the length of there to stop

1038

00:50:11,569 --> 00:50:09,119

telomers from shortening basically

1039

00:50:13,789 --> 00:50:11,579

making us immortal yeah you know so bait

1040

00:50:15,440 --> 00:50:13,799

you know I mean there's been a lot of TV

1041

00:50:17,420 --> 00:50:15,450

shows and a couple of things that have

1042

00:50:19,160 --> 00:50:17,430

kind of touched on this and in the past

1043

00:50:20,599 --> 00:50:19,170

I just actually watched something new

1044

00:50:24,140 --> 00:50:20,609

that really kind of got around

1045

00:50:26,839 --> 00:50:24,150

well basically instead of like being

1046

00:50:28,670 --> 00:50:26,849

able to fix it they figure out that the

1047

00:50:33,739 --> 00:50:28,680

only way they're gonna fix their genetic

1048

00:50:37,700 --> 00:50:33,749

issues is by letting the species read

1049

00:50:39,799 --> 00:50:37,710

evolve so also that one scientist gets

1050

00:50:42,440 --> 00:50:39,809

this idea well I tell you what I found

1051  
00:50:45,650 --> 00:50:42,450  
this like almost dead Rock in this other

1052  
00:50:48,890 --> 00:50:45,660  
galaxy and if we shoot amino acids and

1053  
00:50:50,930 --> 00:50:48,900  
all the stuff like that we can guide its

1054  
00:50:53,109 --> 00:50:50,940  
evolution and we will get it give it a

1055  
00:51:02,469 --> 00:50:53,119  
genetic memory so that our our

1056  
00:51:04,370 --> 00:51:02,479  
civilizations not lost yeah so like I

1057  
00:51:05,930 --> 00:51:04,380  
started off and I'll just give you a

1058  
00:51:07,309 --> 00:51:05,940  
little tidbit of what it is cuz I

1059  
00:51:09,259 --> 00:51:07,319  
eventually actually want to write it as

1060  
00:51:11,269 --> 00:51:09,269  
a book is this you know basically these

1061  
00:51:13,700 --> 00:51:11,279  
guys are hurtling through space and they

1062  
00:51:15,620 --> 00:51:13,710  
find this dead pluralization and then

1063  
00:51:17,420 --> 00:51:15,630

it's just nothing but ruins well they

1064

00:51:19,670 --> 00:51:17,430

find an energy signature and if ditch

1065

00:51:23,839 --> 00:51:19,680

it's basically this scientists computer

1066

00:51:26,209 --> 00:51:23,849

and so it's got all of the files of

1067

00:51:27,920 --> 00:51:26,219

everything that's happened since the the

1068

00:51:30,259 --> 00:51:27,930

cure which is what they called this

1069

00:51:33,469 --> 00:51:30,269

vaccination that that basically kept you

1070

00:51:34,910 --> 00:51:33,479

immortal forever well the side effect of

1071

00:51:39,440 --> 00:51:34,920

this vaccination that made you immortal

1072

00:51:40,789 --> 00:51:39,450

is that you became infertile you

1073

00:51:43,579 --> 00:51:40,799

couldn't you couldn't reproduce anymore

1074

00:51:45,380 --> 00:51:43,589

it's nearly as sterile you know so then

1075

00:51:47,059 --> 00:51:45,390

all of a sudden you know obviously

1076  
00:51:48,529 --> 00:51:47,069  
people start realizing that you know

1077  
00:51:51,259 --> 00:51:48,539  
[h\_\_h] we're all sterile because they

1078  
00:51:54,200 --> 00:51:51,269  
never planned on the getting out so you

1079  
00:51:56,329 --> 00:51:54,210  
know it will just say some hippies were

1080  
00:52:01,160 --> 00:51:56,339  
like nah man you got this cure in your

1081  
00:52:02,660 --> 00:52:01,170  
home hostage they break into his lab and

1082  
00:52:04,519 --> 00:52:02,670  
they steal it and they then they like

1083  
00:52:06,079 --> 00:52:04,529  
mass-produce it and like just give it to

1084  
00:52:08,940 --> 00:52:06,089  
everybody because technically it cures

1085  
00:52:10,680 --> 00:52:08,950  
cancer but all but theirs

1086  
00:52:19,470 --> 00:52:10,690  
every 10 people basically just

1087  
00:52:21,930 --> 00:52:19,480  
straight-up died from it yeah so it's

1088  
00:52:23,579 --> 00:52:21,940

like dude is it like the downfalls of it

1089

00:52:25,410 --> 00:52:23,589

you know if they're not using it they're

1090

00:52:27,960 --> 00:52:25,420

not giving it to the public because it's

1091

00:52:29,490 --> 00:52:27,970

so dangerous but now so by the time but

1092

00:52:31,560 --> 00:52:29,500

they didn't realize it's not 1 in 10

1093

00:52:37,079 --> 00:52:31,570

it's 50% of the people that take it just

1094

00:52:38,970 --> 00:52:37,089

died these these bytes of these these

1095

00:52:40,410 --> 00:52:38,980

people that consider themselves like

1096

00:52:42,930 --> 00:52:40,420

heroes to the people that they're gonna

1097

00:52:44,910 --> 00:52:42,940

cure all the cancer in the world didn't

1098

00:52:47,490 --> 00:52:44,920

realize that this was gonna happen and

1099

00:52:49,260 --> 00:52:47,500

literally kill half the planet and then

1100

00:52:53,280 --> 00:52:49,270

the other half end up being sterile

1101  
00:52:57,000 --> 00:52:53,290  
because almost everybody takes this damn

1102  
00:52:59,700 --> 00:52:57,010  
drug or this vaccination and then the

1103  
00:53:01,829 --> 00:52:59,710  
people that don't do it and end up you

1104  
00:53:04,410 --> 00:53:01,839  
know staying mortal I mean after a

1105  
00:53:05,760 --> 00:53:04,420  
couple of hundred bed so now you're just

1106  
00:53:09,510 --> 00:53:05,770  
left with all these people that can't

1107  
00:53:12,000 --> 00:53:09,520  
reproduce I don't know if you've ever

1108  
00:53:13,410 --> 00:53:12,010  
heard this theory but listening to your

1109  
00:53:16,650 --> 00:53:13,420  
story it kind of it kind of made me

1110  
00:53:21,569 --> 00:53:16,660  
think of it so the the Zetas or the

1111  
00:53:24,559 --> 00:53:21,579  
greys they they started to basically you

1112  
00:53:28,410 --> 00:53:24,569  
know become so advanced that their

1113  
00:53:31,589 --> 00:53:28,420

evolution cycle wasn't wasn't natural

1114

00:53:33,780 --> 00:53:31,599

anymore and they got to a kind of a

1115

00:53:36,630 --> 00:53:33,790

point to where they also couldn't

1116

00:53:39,180 --> 00:53:36,640

reproduce but the thing that happened

1117

00:53:42,450 --> 00:53:39,190

was technologically they could only

1118

00:53:46,020 --> 00:53:42,460

advance so far and so there wasn't this

1119

00:53:47,760 --> 00:53:46,030

natural you know elevation of the

1120

00:53:50,220 --> 00:53:47,770

species and they couldn't go any further

1121

00:53:53,480 --> 00:53:50,230

and once they figured out you know how

1122

00:53:57,240 --> 00:53:53,490

to travel this space and time basically

1123

00:53:59,460 --> 00:53:57,250

they found us and we because supposedly

1124

00:54:02,099 --> 00:53:59,470

we kind of have like a similar genetic

1125

00:54:05,339 --> 00:54:02,109

makeup they have like one more strand in

1126  
00:54:07,920 --> 00:54:05,349  
their DNA they come here and that's why

1127  
00:54:11,460 --> 00:54:07,930  
they start taking our DNA is because

1128  
00:54:16,859 --> 00:54:11,470  
they're trying to to reverse the process

1129  
00:54:19,260 --> 00:54:16,869  
of them being this highly technological

1130  
00:54:21,300 --> 00:54:19,270  
you know species and kind of start back

1131  
00:54:21,960 --> 00:54:21,310  
from the middle to where they messed up

1132  
00:54:23,339 --> 00:54:21,970  
so there

1133  
00:54:25,980 --> 00:54:23,349  
they're kind of going backwards and

1134  
00:54:28,410 --> 00:54:25,990  
that's why they take our DNA now because

1135  
00:54:30,630 --> 00:54:28,420  
you know they they also can't reproduce

1136  
00:54:34,740 --> 00:54:30,640  
you know so there's there's not making

1137  
00:54:37,140 --> 00:54:34,750  
any more of them you know that genetic

1138  
00:54:42,089 --> 00:54:37,150

material for for that's you know when

1139

00:54:43,740 --> 00:54:42,099

that specific purpose so yeah yeah I

1140

00:54:45,780 --> 00:54:43,750

actually heard that from one of your old

1141

00:54:58,380 --> 00:54:45,790

podcast as the first time I actually

1142

00:55:01,020 --> 00:54:58,390

heard anything about us you know during

1143

00:55:02,310 --> 00:55:01,030

you know once we discovered the need you

1144

00:55:04,470 --> 00:55:02,320

know the nuclear bomb

1145

00:55:06,599 --> 00:55:04,480

you know the atom bomb now we're

1146

00:55:09,599 --> 00:55:06,609

smashing atoms and creating little black

1147

00:55:12,000 --> 00:55:09,609

holes and this and that and and you know

1148

00:55:13,710 --> 00:55:12,010

we're just doctor scientists dude yeah

1149

00:55:15,390 --> 00:55:13,720

they know what I'm saying so you know a

1150

00:55:18,630 --> 00:55:15,400

lot of times we're speculating but you

1151  
00:55:20,760 --> 00:55:18,640  
know apparently these these these you

1152  
00:55:24,599 --> 00:55:20,770  
know these weapons these machines you

1153  
00:55:28,079 --> 00:55:24,609  
know when they explode there's a small

1154  
00:55:30,420 --> 00:55:28,089  
time there's a small like a very short

1155  
00:55:32,579 --> 00:55:30,430  
amount of time where it actually opens a

1156  
00:55:35,099 --> 00:55:32,589  
portal and so we're opening these

1157  
00:55:37,470 --> 00:55:35,109  
portals for these things to come in and

1158  
00:55:39,270 --> 00:55:37,480  
so when we started you know that's why

1159  
00:55:41,099 --> 00:55:39,280  
all this stuff like in the 40s started

1160  
00:55:42,930 --> 00:55:41,109  
happening like crazy they started

1161  
00:55:46,230 --> 00:55:42,940  
showing up these crafts started showing

1162  
00:55:48,630 --> 00:55:46,240  
up and we started you know like oh there

1163  
00:55:50,339 --> 00:55:48,640

are aliens right it might have been like

1164

00:55:52,800 --> 00:55:50,349

like it might have been like look damn

1165

00:55:54,870 --> 00:55:52,810

beacon for all we know exactly exactly

1166

00:55:56,940 --> 00:55:54,880

and it just kind of like it will come up

1167

00:55:59,040 --> 00:55:56,950

and it was like whoa hey so we can go

1168

00:56:01,859 --> 00:55:59,050

here they've opened these little portals

1169

00:56:04,829 --> 00:56:01,869

you know and exactly it affects it

1170

00:56:07,020 --> 00:56:04,839

affects you know space and time even

1171

00:56:09,839 --> 00:56:07,030

like dimensionally like you were talking

1172

00:56:11,820 --> 00:56:09,849

about like it ripples through these

1173

00:56:15,890 --> 00:56:11,830

dimensions and through this time and

1174

00:56:20,880 --> 00:56:18,690

yeah they're probably one of the

1175

00:56:22,109 --> 00:56:20,890

strongest pulses of power that would

1176

00:56:24,960 --> 00:56:22,119

come off this planet

1177

00:56:27,780 --> 00:56:24,970

I mean shy of like us blasting high

1178

00:56:34,200 --> 00:56:27,790

frequency RF in every direction in our

1179

00:56:35,710 --> 00:56:34,210

solar system most of these species have

1180

00:56:37,840 --> 00:56:35,720

moved to like

1181

00:56:39,670 --> 00:56:37,850

you know communications based off a

1182

00:56:41,200 --> 00:56:39,680

quantum entanglement you know they're

1183

00:56:44,560 --> 00:56:41,210

probably not even looking for these

1184

00:56:45,940 --> 00:56:44,570

frequencies you know he's I mean if

1185

00:56:48,310 --> 00:56:45,950

they're and if they're communicating us

1186

00:56:51,100 --> 00:56:48,320

with quantum entanglement we've got no

1187

00:56:54,010 --> 00:56:51,110

clue you know I have a feeling that you

1188

00:56:56,140 --> 00:56:54,020

know that communication we've all been

1189

00:56:58,270 --> 00:56:56,150

looking for is just not a tech that we

1190

00:57:02,590 --> 00:56:58,280

don't know yet yeah definitely

1191

00:57:06,130 --> 00:57:02,600

definitely yeah I think one of the the

1192

00:57:08,830 --> 00:57:06,140

best things I ever heard was when it

1193

00:57:11,440 --> 00:57:08,840

comes to this subject is uh nobody

1194

00:57:13,600 --> 00:57:11,450

actually knows nobody will ever know and

1195

00:57:18,430 --> 00:57:13,610

the only time you'll know is when you

1196

00:57:21,160 --> 00:57:18,440

die that's like it's kind of like one of

1197

00:57:23,320 --> 00:57:21,170

the lines from Hitchhiker's Guide where

1198

00:57:24,550 --> 00:57:23,330

he's like he's guys like I always

1199

00:57:26,200 --> 00:57:24,560

thought there was something going on he

1200

00:57:30,630 --> 00:57:26,210

goes oh no that's just healthy paranoia

1201  
00:57:37,090 --> 00:57:35,620  
actually going on is zero yeah that's

1202  
00:57:42,970 --> 00:57:37,100  
one of my favorite movies I love that

1203  
00:57:45,940 --> 00:57:42,980  
movie it's so good it's so good so I've

1204  
00:57:48,640 --> 00:57:45,950  
got one last theory and it's just the

1205  
00:57:50,380 --> 00:57:48,650  
standard current alien civilization

1206  
00:57:53,410 --> 00:57:50,390  
living here underground and under our

1207  
00:57:55,210 --> 00:57:53,420  
oceans yeah yeah so I mean they're hit

1208  
00:57:57,010 --> 00:57:55,220  
me they're very well could be an entire

1209  
00:58:00,430 --> 00:57:57,020  
civilization living here that we have no

1210  
00:58:02,470 --> 00:58:00,440  
idea about and we wouldn't know cuz why

1211  
00:58:03,610 --> 00:58:02,480  
the hell would we yeah definitely

1212  
00:58:05,860 --> 00:58:03,620  
definitely

1213  
00:58:11,940 --> 00:58:05,870

I mean Admiral Berg talked about it

1214

00:58:18,070 --> 00:58:16,060

Arctic or they call it a crap I read

1215

00:58:20,230 --> 00:58:18,080

about this one this is what I want I

1216

00:58:22,630 --> 00:58:20,240

dunno and they basically went they

1217

00:58:24,490 --> 00:58:22,640

Arctica got their asses handed to them

1218

00:58:27,190 --> 00:58:24,500

and then hauled ass back to South

1219

00:58:28,270 --> 00:58:27,200

America yep for refueling yeah they're

1220

00:58:33,120 --> 00:58:28,280

like what are you guys doing back so

1221

00:58:37,350 --> 00:58:34,810

something down there

1222

00:58:42,100 --> 00:58:37,360

now you don't want to mess with it right

1223

00:58:44,470 --> 00:58:42,110

yeah yeah I love the idea that there's

1224

00:58:46,870 --> 00:58:44,480

some civilization living on this planet

1225

00:58:49,060 --> 00:58:46,880

that we have no ID there it could be

1226

00:58:49,329 --> 00:58:49,070

really easy I feel like because if

1227

00:58:51,789 --> 00:58:49,339

you're

1228

00:58:53,410 --> 00:58:51,799

underground no no one could see it

1229

00:58:57,029 --> 00:58:53,420

unless you're digging underground and

1230

00:58:59,680 --> 00:58:57,039

all the stories are like you know

1231

00:59:01,150 --> 00:58:59,690

Hellyer again but with the we talked

1232

00:59:02,769 --> 00:59:01,160

about that earlier but like the cave

1233

00:59:04,630 --> 00:59:02,779

system I don't know if you've heard

1234

00:59:07,390 --> 00:59:04,640

about that Gary but Hellyer's about it

1235

00:59:09,459 --> 00:59:07,400

starts out about these this story about

1236

00:59:12,729 --> 00:59:09,469

these goblins coming out of mine shafts

1237

00:59:14,650 --> 00:59:12,739

and any uh I always forget the guys name

1238

00:59:17,440 --> 00:59:14,660

they got a swinger shot off

1239

00:59:19,059 --> 00:59:17,450

that dudes name he was like suicided by

1240

00:59:21,160 --> 00:59:19,069

the government we think cuz he had

1241

00:59:22,900 --> 00:59:21,170

oh yeah yeah I forget I forgot his name

1242

00:59:25,569 --> 00:59:22,910

he went down the he went down that shaft

1243

00:59:26,559 --> 00:59:25,579

I saw these gray aliens and they shot

1244

00:59:28,989 --> 00:59:26,569

something in his chest

1245

00:59:31,719 --> 00:59:28,999

uh-huh yeah but that guy's man it would

1246

00:59:33,249 --> 00:59:31,729

be I feel like humans are not only the

1247

00:59:34,719 --> 00:59:33,259

only time we're looking down as we're

1248

00:59:36,219 --> 00:59:34,729

looking at her phones and we're looking

1249

00:59:37,809 --> 00:59:36,229

straight forward when you're driving or

1250

00:59:39,279 --> 00:59:37,819

walking and we're never looking up and

1251  
00:59:42,670 --> 00:59:39,289  
it's just you know we don't believe

1252  
00:59:46,239 --> 00:59:42,680  
things until we see it or you know maybe

1253  
00:59:47,559 --> 00:59:46,249  
through enough people there are no

1254  
00:59:50,440 --> 00:59:47,569  
reason to look up anymore there's no

1255  
00:59:52,180 --> 00:59:50,450  
threat from above mm-hmm yeah

1256  
00:59:53,859 --> 00:59:52,190  
that's a good point yeah they get things

1257  
00:59:56,349 --> 00:59:53,869  
being as me when it comes down to it

1258  
00:59:58,839 --> 00:59:56,359  
most of us are strongest instincts or

1259  
01:00:00,729 --> 00:59:58,849  
our primal ones and you know all of our

1260  
01:00:02,469 --> 01:00:00,739  
threats are always coming you know if we

1261  
01:00:04,269 --> 01:00:02,479  
live in the woods then we might have

1262  
01:00:05,769 --> 01:00:04,279  
threats from above or if we live

1263  
01:00:07,719 --> 01:00:05,779

somewhere where there was a large

1264

01:00:09,249 --> 01:00:07,729

predator like a you know like some of

1265

01:00:11,890 --> 01:00:09,259

these big cats that live in the trees

1266

01:00:13,749 --> 01:00:11,900

but other than that we don't have any

1267

01:00:15,069 --> 01:00:13,759

reason to look up anymore or the apex

1268

01:00:16,749 --> 01:00:15,079

predators yep

1269

01:00:18,160 --> 01:00:16,759

and most the time you can't see what's

1270

01:00:25,660 --> 01:00:18,170

above you anyways cuz there's so many

1271

01:00:30,940 --> 01:00:25,670

lights and you can when we went out to

1272

01:00:33,910 --> 01:00:30,950

that UFO con over there and Laughlin we

1273

01:00:35,650 --> 01:00:33,920

got to go out in a desert for one of

1274

01:00:37,509 --> 01:00:35,660

those UFO hunting things with the

1275

01:00:40,630 --> 01:00:37,519

night-vision goggles and the lasers and

1276  
01:00:42,519 --> 01:00:40,640  
everything and you could really tell the

1277  
01:00:45,099 --> 01:00:42,529  
difference from like where I live in

1278  
01:00:47,410 --> 01:00:45,109  
Florida and like out there in a desert

1279  
01:00:51,459 --> 01:00:47,420  
where there's just nothing and it was

1280  
01:00:53,589 --> 01:00:51,469  
like so amazing yeah I bet I bet did you

1281  
01:00:57,539 --> 01:00:53,599  
could you see the the Milky Way galaxy

1282  
01:00:59,859 --> 01:00:57,549  
from your angle or was it bright enough

1283  
01:01:03,190 --> 01:00:59,869  
yeah I mean it was it was absolutely

1284  
01:01:07,540 --> 01:01:05,589  
to do that and one night it was like a

1285  
01:01:09,430 --> 01:01:07,550  
lot of cloud cover and then the other

1286  
01:01:11,079 --> 01:01:09,440  
night it was just completely clear and

1287  
01:01:13,420 --> 01:01:11,089  
it was like he just Milky Way so

1288  
01:01:14,530 --> 01:01:13,430

beautifully and you know you could see

1289

01:01:16,480 --> 01:01:14,540

everything you know you see the

1290

01:01:19,060 --> 01:01:16,490

satellites going across you could see

1291

01:01:22,810 --> 01:01:19,070

mercury you could see Venus it was like

1292

01:01:24,460 --> 01:01:22,820

a really good night oh that's amazing so

1293

01:01:26,290 --> 01:01:24,470

when you do you look up at the stars

1294

01:01:28,210 --> 01:01:26,300

often I mean after this incident do you

1295

01:01:29,800 --> 01:01:28,220

look up and wonder like hey is that you

1296

01:01:31,720 --> 01:01:29,810

know am I looking at a satellite or do

1297

01:01:33,730 --> 01:01:31,730

you sometimes do you see some weird

1298

01:01:35,349 --> 01:01:33,740

stuff like that you're like oh well

1299

01:01:40,720 --> 01:01:35,359

there's no blinking light on that thing

1300

01:01:42,400 --> 01:01:40,730

I wonder learn as much as I should but

1301

01:01:45,160 --> 01:01:42,410

every once in once in a while you step

1302

01:01:48,130 --> 01:01:45,170

outside and it'll be nice and dark yeah

1303

01:01:52,390 --> 01:01:48,140

yeah you just look up and it's just

1304

01:01:54,490 --> 01:01:52,400

perfect then stare at it for a couple of

1305

01:01:58,180 --> 01:01:54,500

minutes but then he you realize oh I got

1306

01:02:00,609 --> 01:01:58,190

other [h\_\_h] I go definitely

1307

01:02:03,370 --> 01:02:00,619

so what about what about you PJ yeah man

1308

01:02:05,349 --> 01:02:03,380

what do you ever after this incident PJ

1309

01:02:07,359 --> 01:02:05,359

did you ever think like you ever look up

1310

01:02:10,540 --> 01:02:07,369

at the stars and just see like or just

1311

01:02:12,550 --> 01:02:10,550

think about man what what's up there see

1312

01:02:16,089 --> 01:02:12,560

anything weird like that and I also want

1313

01:02:18,099 --> 01:02:16,099

to know your theories as well yeah well

1314

01:02:24,130 --> 01:02:18,109

we'll get my theory out of the way cause

1315

01:02:27,730 --> 01:02:24,140

I'm like Ariel I have one if you if you

1316

01:02:29,740 --> 01:02:27,740

look at the two publicized incidents

1317

01:02:32,950 --> 01:02:29,750

with the Navy the one in 2004 that we're

1318

01:02:39,460 --> 01:02:32,960

a part of in the one I'm in 2015 there's

1319

01:02:41,740 --> 01:02:39,470

two distinct characteristics of the

1320

01:02:44,950 --> 01:02:41,750

operating environment at this time in

1321

01:02:49,150 --> 01:02:44,960

2004 the Nimitz Strike Group Gary ship

1322

01:02:50,680 --> 01:02:49,160

my airplanes and Nimitz all had what was

1323

01:02:53,230 --> 01:02:50,690

top of the line at the time there was

1324

01:02:54,910 --> 01:02:53,240

nothing better we were testing stuff we

1325

01:02:59,760 --> 01:02:54,920

were doing all kinds of crazy stuff we

1326

01:03:02,740 --> 01:02:59,770

were the top of the line in 23rd 2004 in

1327

01:03:05,470 --> 01:03:02,750

2015 when it happened on the East Coast

1328

01:03:08,650 --> 01:03:05,480

that Carrier Strike Group had all the

1329

01:03:10,210 --> 01:03:08,660

latest toys had all the latest you know

1330

01:03:15,270 --> 01:03:10,220

technology what's the top of the line

1331

01:03:17,019 --> 01:03:15,280

and if I'm somebody on this planet

1332

01:03:19,630 --> 01:03:17,029

whether it's

1333

01:03:21,819 --> 01:03:19,640

another country testing technology I'm

1334

01:03:25,239 --> 01:03:21,829

gonna want to test it against the best

1335

01:03:26,919 --> 01:03:25,249

there is and coincidentally at the two

1336

01:03:32,769 --> 01:03:26,929

times there were major leaps and battle

1337

01:03:35,229 --> 01:03:32,779

technology stuff showed up yeah well you

1338

01:03:37,509 --> 01:03:35,239

know I still lead 50/50 between us and

1339

01:03:40,779 --> 01:03:37,519

who knows what else you know I'm not

1340

01:03:42,999 --> 01:03:40,789

sold on it but I definitely could see it

1341

01:03:45,039 --> 01:03:43,009

being our tech yeah I mean well that's

1342

01:03:47,649 --> 01:03:45,049

it that's definitely a very healthy

1343

01:03:50,799 --> 01:03:47,659

point of view you know it's it's you

1344

01:03:53,019 --> 01:03:50,809

know to be 5050 you know even though you

1345

01:03:55,029 --> 01:03:53,029

know me and Ben we love this stuff we're

1346

01:03:57,669 --> 01:03:55,039

we're in it you know what I'm saying but

1347

01:03:59,919 --> 01:03:57,679

there's always there always has to be

1348

01:04:02,199 --> 01:03:59,929

that speculation yeah you know it's our

1349

01:04:05,649 --> 01:04:02,209

stuff yeah yeah definitely definitely

1350

01:04:08,439 --> 01:04:05,659

because I mean I mean dude you know not

1351  
01:04:11,049 --> 01:04:08,449  
knowing anything you know really about

1352  
01:04:13,509 --> 01:04:11,059  
the military you know I mean you could

1353  
01:04:15,669 --> 01:04:13,519  
be just a regular person and know that

1354  
01:04:17,349 --> 01:04:15,679  
you know these guys have the top of the

1355  
01:04:19,779 --> 01:04:17,359  
line of this stuff and there's also

1356  
01:04:22,209 --> 01:04:19,789  
stuff that they don't even know about

1357  
01:04:25,179 --> 01:04:22,219  
that's that's being worked on right now

1358  
01:04:29,620 --> 01:04:25,189  
at this at this moment yeah exactly

1359  
01:04:31,359 --> 01:04:29,630  
so so is it is it possible I'm just you

1360  
01:04:34,439 --> 01:04:31,369  
know speculating that there is this

1361  
01:04:36,579 --> 01:04:34,449  
shadow government that like nobody

1362  
01:04:38,109 --> 01:04:36,589  
should know about because they're

1363  
01:04:39,789 --> 01:04:38,119

working on the best of the best of the

1364

01:04:42,640 --> 01:04:39,799

best I mean do you think it's a

1365

01:04:48,489 --> 01:04:42,650

possibility or what and I've heard every

1366

01:04:51,130 --> 01:04:48,499

whispers I mean Gary said it more than

1367

01:04:53,019 --> 01:04:51,140

once you know it turns out be ours you

1368

01:04:54,279 --> 01:04:53,029

know we're gonna have to revile evaluate

1369

01:04:55,899 --> 01:04:54,289

what we know about you know what's

1370

01:05:01,779 --> 01:04:55,909

possible physics and all that kind of

1371

01:05:04,419 --> 01:05:01,789

nerdy stuff that he likes you know I

1372

01:05:07,239 --> 01:05:04,429

worked as a defense contractor after I

1373

01:05:09,640 --> 01:05:07,249

got out for Northrop Grumman and was

1374

01:05:11,769 --> 01:05:09,650

privy to some stuff that's relatively

1375

01:05:14,199 --> 01:05:11,779

public now but it wasn't at the time no

1376

01:05:16,359 --> 01:05:14,209

so there's stuff that I know about that

1377

01:05:17,739 --> 01:05:16,369

people don't I guarantee there's stuff

1378

01:05:20,349 --> 01:05:17,749

other people know about that I don't

1379

01:05:24,640 --> 01:05:20,359

know about yeah yeah yeah well I mean

1380

01:05:27,789 --> 01:05:24,650

that's that's enough for me to to be

1381

01:05:28,370 --> 01:05:27,799

still honestly still 5050 right cuz yeah

1382

01:05:30,769 --> 01:05:28,380

I feel

1383

01:05:33,109 --> 01:05:30,779

absolutely it's not you know it's not

1384

01:05:35,120 --> 01:05:33,119

you're not saying like I know for a fact

1385

01:05:36,049 --> 01:05:35,130

that it's it's always gonna be back

1386

01:05:38,450 --> 01:05:36,059

there

1387

01:05:43,069 --> 01:05:38,460

I just because you guys are the closest

1388

01:05:44,599 --> 01:05:43,079

to this stuff you know that's yeah yeah

1389

01:05:46,069 --> 01:05:44,609

yeah remember you're hitting the heart

1390

01:05:48,170 --> 01:05:46,079

of it you mean there's a reason why I

1391

01:05:50,539 --> 01:05:48,180

have so many different theories is

1392

01:05:52,430 --> 01:05:50,549

because there's just so many things like

1393

01:05:54,859 --> 01:05:52,440

when I do my mental experiments you know

1394

01:05:55,460 --> 01:05:54,869

I start with alright this is what it

1395

01:05:58,339 --> 01:05:55,470

could do

1396

01:06:00,019 --> 01:05:58,349

alright this is what I think has to

1397

01:06:02,509 --> 01:06:00,029

happen for this to have happened this

1398

01:06:03,979 --> 01:06:02,519

way and then okay well is this true if

1399

01:06:05,630 --> 01:06:03,989

this is true then this has to happen

1400

01:06:07,940 --> 01:06:05,640

then this has to happen then this and

1401

01:06:11,120 --> 01:06:07,950

then I worked my way back on each theory

1402

01:06:12,979 --> 01:06:11,130

to see if it would work and then what if

1403

01:06:16,249 --> 01:06:12,989

it works all the way through to the

1404

01:06:19,519 --> 01:06:16,259

first sightings then I consider it a

1405

01:06:21,710 --> 01:06:19,529

valid theory yeah love that yeah

1406

01:06:24,460 --> 01:06:21,720

definitely love that definitely I mean

1407

01:06:28,460 --> 01:06:24,470

you know seeing this thing and knowing

1408

01:06:29,960 --> 01:06:28,470

about advanced technology and knowing

1409

01:06:33,559 --> 01:06:29,970

you know certain things that other

1410

01:06:36,950 --> 01:06:33,569

people don't know you know when you when

1411

01:06:40,279 --> 01:06:36,960

you when you saw this and you saw the

1412

01:06:44,630 --> 01:06:40,289

way that it moved and the the maneuvers

1413

01:06:48,319 --> 01:06:44,640

that it made you know does this does

1414

01:06:51,079 --> 01:06:48,329

that say okay I think it is a piece of

1415

01:06:53,319 --> 01:06:51,089

technology whether it's ours or whether

1416

01:06:58,519 --> 01:06:53,329

it's somebody else's it doesn't matter

1417

01:07:00,589 --> 01:06:58,529

if it is ours did the thought of like is

1418

01:07:03,289 --> 01:07:00,599

there something inside of that ever

1419

01:07:05,479 --> 01:07:03,299

cross your mind because I mean from what

1420

01:07:08,180 --> 01:07:05,489

I hear these maneuvers I mean if if some

1421

01:07:09,109 --> 01:07:08,190

somebody was inside of these things like

1422

01:07:14,120 --> 01:07:09,119

a human being

1423

01:07:16,130 --> 01:07:14,130

you'd be mush yeah yeah yeah yeah the

1424

01:07:18,200 --> 01:07:16,140

inertia and the in the gravity I mean I

1425

01:07:20,690 --> 01:07:18,210

kind of goes back to Gary your theory

1426

01:07:23,900 --> 01:07:20,700

about it being some kind of biotech I

1427

01:07:26,450 --> 01:07:23,910

mean there's theories out there similar

1428

01:07:28,309 --> 01:07:26,460

but yeah I mean I just absolutely love

1429

01:07:29,989 --> 01:07:28,319

the first one that you brought up is

1430

01:07:32,690 --> 01:07:29,999

that it's just this old ancient

1431

01:07:35,180 --> 01:07:32,700

civilization tech that's just here and

1432

01:07:37,729 --> 01:07:35,190

it's just being controlled by a program

1433

01:07:38,960 --> 01:07:37,739

that still exists and it's it's doing

1434

01:07:44,870 --> 01:07:38,970

its

1435

01:07:47,750 --> 01:07:44,880

you know drone kind of I guess recon

1436

01:07:50,000 --> 01:07:47,760

around the world and there's really no

1437

01:07:51,980 --> 01:07:50,010

intelligence behind it but it's still

1438

01:07:53,960 --> 01:07:51,990

kind of going on right like I love that

1439

01:07:56,329 --> 01:07:53,970

idea I mean there's this there's two

1440

01:08:00,829 --> 01:07:56,339

things it's like is it alive or is it

1441

01:08:03,829 --> 01:08:00,839

you know half alive is it yeah is itself

1442

01:08:08,930 --> 01:08:03,839

a piece of biotechnology you know well

1443

01:08:12,380 --> 01:08:08,940

is the craft like part litters oh look

1444

01:08:16,579 --> 01:08:12,390

at oh le d-- TVs that when I was working

1445

01:08:19,160 --> 01:08:16,589

in tech we called those Organa the

1446

01:08:25,789 --> 01:08:19,170

organic LED TV or made up of like

1447

01:08:29,150 --> 01:08:25,799

actually live things inside of them have

1448

01:08:36,110 --> 01:08:29,160

you ever looked up that tech no I mean I

1449

01:08:41,240 --> 01:08:36,120

watched I used to work in that stuff we

1450

01:08:43,400 --> 01:08:41,250

called them by OLEDs not organic LED so

1451

01:08:48,050 --> 01:08:43,410

full circle on that algae you were

1452

01:08:53,809 --> 01:08:48,060

talking about earlier yeah so we got

1453

01:08:56,390 --> 01:08:53,819

shrimp on our TV sea-monkeys dude we

1454

01:08:58,340 --> 01:08:56,400

also see buggies on our TV man dude I

1455

01:09:00,950 --> 01:08:58,350

love that that's insane I had no idea

1456

01:09:05,680 --> 01:09:00,960

that's super cool do you learn something

1457

01:09:09,860 --> 01:09:05,690

new every day holy crap

1458

01:09:12,470 --> 01:09:09,870

so when you guys were were so y'all were

1459

01:09:16,610 --> 01:09:12,480

y'all were out at the same time right

1460

01:09:19,249 --> 01:09:16,620

like when this incident happened how

1461

01:09:19,760 --> 01:09:19,259

many how many days how many days ahead

1462

01:09:22,280 --> 01:09:19,770

of time

1463

01:09:24,470 --> 01:09:22,290

were you guys tracking this stuff before

1464

01:09:26,329 --> 01:09:24,480

or did you even know that y'all were

1465

01:09:29,240 --> 01:09:26,339

technically tracking this stuff like

1466

01:09:34,309 --> 01:09:29,250

before you know they they you know sit

1467

01:09:35,720 --> 01:09:34,319

the the planes out to go check it out so

1468

01:09:41,329 --> 01:09:35,730

I'm gonna skip in front of him this time

1469

01:09:44,510 --> 01:09:41,339

okay he was out you know they got a

1470

01:09:46,760 --> 01:09:44,520

whole week's worth stories I have you

1471

01:09:48,709 --> 01:09:46,770

know two hours on one day that's all I

1472

01:09:50,419 --> 01:09:48,719

can talk about I have no clue about

1473

01:09:52,789 --> 01:09:50,429

anything till after his act

1474

01:09:55,700 --> 01:09:52,799

really and is that

1475

01:09:58,839 --> 01:09:55,710

just because like you you had to go in

1476

01:10:02,060 --> 01:09:58,849

and take the information basically after

1477

01:10:07,520 --> 01:10:02,070

after everything was was tracked or is

1478

01:10:09,620 --> 01:10:07,530

you know because I mean they we were

1479

01:10:11,930 --> 01:10:09,630

briefly told not to talk about it

1480

01:10:14,870 --> 01:10:11,940

nothing official just you know don't

1481

01:10:18,830 --> 01:10:14,880

talk when the plane came back you know

1482

01:10:23,030 --> 01:10:18,840

they came and took all my hard drives

1483

01:10:25,609 --> 01:10:23,040

that were on that plane when so they

1484

01:10:29,270 --> 01:10:25,619

took all my dad and you know it was one

1485

01:10:33,609 --> 01:10:29,280

of those I didn't pay attention to it

1486

01:10:36,919 --> 01:10:33,619

until I ran across babies documentary oh

1487

01:10:39,229 --> 01:10:36,929

damn so it's so like it wasn't until

1488

01:10:41,780 --> 01:10:39,239

after the fact till like all this stuff

1489

01:10:44,180 --> 01:10:41,790

kind of kind of broke that you were like

1490

01:10:46,669 --> 01:10:44,190

whoa that was something uh significant

1491

01:10:49,729 --> 01:10:46,679

that that happened yeah Wow I mean they

1492

01:10:51,470 --> 01:10:49,739

made they made jokes on the ship they

1493

01:10:52,850 --> 01:10:51,480

had a cartoon about it they they were

1494

01:10:56,510 --> 01:10:52,860

playing men in black another you know

1495

01:10:58,640 --> 01:10:56,520

space alien movies but ya know not

1496

01:11:01,160 --> 01:10:58,650

everybody had a clue why they were doing

1497

01:11:02,510 --> 01:11:01,170

that and it was just far as we were

1498

01:11:05,089 --> 01:11:02,520

concerned with people being stupid

1499

01:11:06,709 --> 01:11:05,099

yeah so that's kind of like how like the

1500

01:11:11,569 --> 01:11:06,719

Eagles didn't know that they were a big

1501

01:11:17,080 --> 01:11:11,579

deal until like the eighties dude that's

1502

01:11:20,270 --> 01:11:17,090

a lot of drugs too much peyote man

1503

01:11:23,930 --> 01:11:20,280

that's crazy so but but Gary I mean like

1504

01:11:26,000 --> 01:11:23,940

you you knew like what was going on the

1505

01:11:28,549 --> 01:11:26,010

whole time or was it kind of a similar

1506

01:11:30,919 --> 01:11:28,559

situation to where you didn't really you

1507

01:11:32,290 --> 01:11:30,929

know fully understand what was happening

1508

01:11:35,600 --> 01:11:32,300

until after the fact

1509

01:11:37,790 --> 01:11:35,610

well the basically condense it is that

1510

01:11:39,589 --> 01:11:37,800

you know we started getting the unknown

1511

01:11:41,569 --> 01:11:39,599

track and they were coming and going so

1512

01:11:44,089 --> 01:11:41,579

we thought it was what we refer to as

1513

01:11:45,500 --> 01:11:44,099

clutter where like they were just fake

1514

01:11:47,660 --> 01:11:45,510

you know it was something that the

1515

01:11:50,899 --> 01:11:47,670

system was generating itself because it

1516

01:11:52,729 --> 01:11:50,909

calibrated it doesn't happen that often

1517

01:11:54,620 --> 01:11:52,739

but you know when he had something

1518

01:11:56,660 --> 01:11:54,630

unknown like that and it's not really

1519

01:11:58,580 --> 01:11:56,670

moving very fast at the time because

1520

01:11:59,990 --> 01:11:58,590

they were when we initially started

1521

01:12:04,920 --> 01:12:00,000

tracking him they were only doing like a

1522

01:12:07,530 --> 01:12:04,930

hundred dots which is not very fast and

1523

01:12:10,310 --> 01:12:07,540

unless it's like well unless it's like a

1524

01:12:13,320 --> 01:12:10,320

fleet of hot-air balloons or like like

1525

01:12:17,490 --> 01:12:13,330

really really really big ball also also

1526

01:12:19,410 --> 01:12:17,500

wood gliders you know I had can't you

1527

01:12:23,310 --> 01:12:19,420

couldn't really see something like that

1528

01:12:25,530 --> 01:12:23,320

only doing a hundred knots yes so yes so

1529

01:12:28,110 --> 01:12:25,540

we actually took all the spy system down

1530

01:12:30,960 --> 01:12:28,120

the spy tech the spy guys worked

1531

01:12:32,280 --> 01:12:30,970

directly on the radars they you know

1532

01:12:34,860 --> 01:12:32,290

they they took it all down and

1533

01:12:36,360 --> 01:12:34,870

recalibrated it and I basically in my

1534

01:12:38,850 --> 01:12:36,370

job at when they're doing that it's just

1535

01:12:41,100 --> 01:12:38,860

a standby this little like this little

1536

01:12:44,580 --> 01:12:41,110

six speaker and listen from wait for

1537

01:12:46,620 --> 01:12:44,590

them to say alright reload the 43 which

1538

01:12:49,080 --> 01:12:46,630

is the computer system the computer that

1539

01:12:50,730 --> 01:12:49,090

runs that system because that was my

1540

01:12:53,400 --> 01:12:50,740

baby and then so I was just standing by

1541

01:12:56,130 --> 01:12:53,410

you know every like 13 minutes or so

1542

01:12:58,980 --> 01:12:56,140

alright reloading the 43 alright

1543

01:13:01,350 --> 01:12:58,990

reloading the 43 done you know and then

1544

01:13:04,140 --> 01:13:01,360

back and forth for like a long time and

1545

01:13:06,390 --> 01:13:04,150

then once it's all done then we bring

1546

01:13:08,700 --> 01:13:06,400

the system back up and sure enough we

1547

01:13:10,980 --> 01:13:08,710

still have the tracks except we actually

1548

01:13:12,450 --> 01:13:10,990

have a better lock on them and if they

1549

01:13:15,030 --> 01:13:12,460

look clearer and it's a hundred percent

1550

01:13:19,170 --> 01:13:15,040

sure that do we have a solid object that

1551  
01:13:20,850 --> 01:13:19,180  
we're tracking yeah so so man I've heard

1552  
01:13:23,720 --> 01:13:20,860  
I've heard multiple different things

1553  
01:13:26,870 --> 01:13:23,730  
like I've heard that you guys tracked a

1554  
01:13:30,630 --> 01:13:26,880  
hundred of these things I've heard fifty

1555  
01:13:33,690 --> 01:13:30,640  
I'll clear that up alright so senior

1556  
01:13:37,500 --> 01:13:33,700  
chief de got real excited when he was

1557  
01:13:40,140 --> 01:13:37,510  
talking about it and he was referring to

1558  
01:13:41,520 --> 01:13:40,150  
like all of the tracks over the whole

1559  
01:13:44,370 --> 01:13:41,530  
week because we were getting between

1560  
01:13:46,290 --> 01:13:44,380  
three and ten of them tracking at a time

1561  
01:13:47,490 --> 01:13:46,300  
now they could be the same they could

1562  
01:13:51,930 --> 01:13:47,500  
have been the same ships that we were

1563  
01:13:54,450 --> 01:13:51,940

just trip over and over again but he was

1564

01:13:57,740 --> 01:13:54,460

referring to every back over the entire

1565

01:14:00,630 --> 01:13:57,750

week there was over a hundred up yeah so

1566

01:14:02,460 --> 01:14:00,640

over a hundred times we had multiple

1567

01:14:06,000 --> 01:14:02,470

tracks you know so it's it's yeah so

1568

01:14:08,340 --> 01:14:06,010

it's in the official report that the

1569

01:14:12,570 --> 01:14:08,350

Navy kind of haphazardly put the pizza

1570

01:14:15,240 --> 01:14:12,580

in 2007 and then again in 2015 they they

1571

01:14:17,729 --> 01:14:15,250

only interviewed like a handful of

1572

01:14:19,560 --> 01:14:17,739

people and they kind he went what I want

1573

01:14:22,259 --> 01:14:19,570

actually got the gist of what the report

1574

01:14:24,629 --> 01:14:22,269

said I get had a lot of feel of like

1575

01:14:26,910 --> 01:14:24,639

alright we just want to put a put up put

1576

01:14:29,100 --> 01:14:26,920

a lid on this and close this up and tie

1577

01:14:32,040 --> 01:14:29,110

it up in a nice little bow and call it

1578

01:14:33,540 --> 01:14:32,050

good yeah it wasn't even the right

1579

01:14:36,270 --> 01:14:33,550

people they were talking to in that

1580

01:14:38,250 --> 01:14:36,280

report no it was like nobody they really

1581

01:14:40,859 --> 01:14:38,260

had any clue what was going on really

1582

01:14:43,169 --> 01:14:40,869

yeah I mean they did but they were all

1583

01:14:45,060 --> 01:14:43,179

active duty and they all had careers so

1584

01:14:47,040 --> 01:14:45,070

they're gonna say exactly they're gonna

1585

01:14:52,020 --> 01:14:47,050

say exactly what little they need to do

1586

01:14:53,489 --> 01:14:52,030

to not sound nuts and the continued yeah

1587

01:14:58,739 --> 01:14:53,499

they were just the guys that watched the

1588

01:15:00,779 --> 01:14:58,749

mini black movie I think they're only

1589

01:15:07,890 --> 01:15:00,789

the guys that we're still in and that's

1590

01:15:11,729 --> 01:15:07,900

it so they've got was definitely nuts

1591

01:15:15,120 --> 01:15:11,739

and he was a complete [h\_\_\h] yeah yeah so

1592

01:15:21,239 --> 01:15:15,130

is one of those in the group yeah many

1593

01:15:24,180 --> 01:15:21,249

names on that one but yeah he was damn

1594

01:15:28,770 --> 01:15:24,190

that's crazy man so can you can you also

1595

01:15:32,729 --> 01:15:28,780

clarify the the speed at which it went

1596

01:15:35,040 --> 01:15:32,739

from what was it in 25,000 feet below

1597

01:15:38,310 --> 01:15:35,050

sea level like the speed that it dropped

1598

01:15:41,279 --> 01:15:38,320

though the below sea level thing came

1599

01:15:44,100 --> 01:15:41,289

from sonar technician that was talking

1600

01:15:46,680 --> 01:15:44,110

to me during the event he was he told me

1601

01:15:50,040 --> 01:15:46,690

that it went from like from his mouth to

1602

01:15:53,279 --> 01:15:50,050

my ears he said it goes it went from 20

1603

01:15:56,459 --> 01:15:53,289

yards 28 down below sea level up the

1604

01:15:59,939 --> 01:15:56,469

negative 500 in like less than a second

1605

01:16:01,620 --> 01:15:59,949

yeah which is ridiculous speed and Plus

1606

01:16:05,009 --> 01:16:01,630

you know the impact of hitting the water

1607

01:16:07,080 --> 01:16:05,019

and then he but I can't substantiate

1608

01:16:10,620 --> 01:16:07,090

that claim though that's the problem

1609

01:16:12,060 --> 01:16:10,630

it's business person that at now wants

1610

01:16:13,109 --> 01:16:12,070

nothing to do with it he doesn't you

1611

01:16:15,089 --> 01:16:13,119

know that was something he was

1612

01:16:19,319 --> 01:16:15,099

bullshitting with me on the ship with

1613

01:16:20,669 --> 01:16:19,329

yeah and then now he's dead so I can't

1614

01:16:23,250 --> 01:16:20,679

even find out where he heard that

1615

01:16:26,069 --> 01:16:23,260

because I know it didn't come from our

1616

01:16:27,600 --> 01:16:26,079

ship guest lead sonar technician on the

1617

01:16:28,979 --> 01:16:27,610

ship was a good friend of mine that

1618

01:16:30,220 --> 01:16:28,989

actually got ahold of me and let me know

1619

01:16:31,360 --> 01:16:30,230

hey that

1620

01:16:33,670 --> 01:16:31,370

the information that you could have

1621

01:16:35,770 --> 01:16:33,680

gotten from the Princeton because the

1622

01:16:37,600 --> 01:16:35,780

sonar techs on the Princeton in order to

1623

01:16:40,360 --> 01:16:37,610

be able to triangulate and gain gate

1624

01:16:42,729 --> 01:16:40,370

gauge speed with with sonar you have to

1625

01:16:46,150 --> 01:16:42,739

have this special tail that drags behind

1626

01:16:48,670 --> 01:16:46,160

the ship that has our buoys and all of

1627

01:16:50,710 --> 01:16:48,680

them pulse at the same time allowing

1628

01:16:56,880 --> 01:16:50,720

them to triangulate targets under the

1629

01:17:00,250 --> 01:16:56,890

water maybe that's not evading sorry

1630

01:17:03,190 --> 01:17:00,260

yeah so we didn't have the to our tail

1631

01:17:04,870 --> 01:17:03,200

in the water he knows for a fact that

1632

01:17:07,600 --> 01:17:04,880

none of that information could have come

1633

01:17:09,160 --> 01:17:07,610

from the actual Princeton but it doesn't

1634

01:17:11,380 --> 01:17:09,170

mean that another ship didn't have

1635

01:17:15,130 --> 01:17:11,390

theirs in or that the carrier didn't get

1636

01:17:16,870 --> 01:17:15,140

an active contact on it yes but I I can

1637

01:17:19,540 --> 01:17:16,880

only say for certain that it was not

1638

01:17:21,610 --> 01:17:19,550

print and because the guy I think it's

1639

01:17:23,530 --> 01:17:21,620

one of the bleed sonar technician at the

1640

01:17:25,750 --> 01:17:23,540

time that actually ran that shop so on

1641

01:17:27,520 --> 01:17:25,760

that went ahead and let me know you know

1642

01:17:29,729 --> 01:17:27,530

hey that's that's that's not something

1643

01:17:32,170 --> 01:17:29,739

he got from information from our ship so

1644

01:17:34,090 --> 01:17:32,180

if he did get the information it would

1645

01:17:35,950 --> 01:17:34,100

have been on a back channel talking over

1646

01:17:39,160 --> 01:17:35,960

to someone of the sonar guys on another

1647

01:17:41,290 --> 01:17:39,170

ship or even possibly it might even

1648

01:17:45,760 --> 01:17:41,300

become even come from the exhibit that

1649

01:17:48,370 --> 01:17:45,770

the sub itself but we do know that these

1650

01:17:51,370 --> 01:17:48,380

things were hauling ass at some point in

1651

01:17:52,690 --> 01:17:51,380

time they were they were hauling ass but

1652

01:17:54,340 --> 01:17:52,700

I just can't confirm that they went

1653

01:17:56,770 --> 01:17:54,350

underwater that's the only thing I can't

1654

01:17:58,479 --> 01:17:56,780

confirm yeah yeah because until this

1655

01:17:59,830 --> 01:17:58,489

guys weren't really willing to talk to

1656

01:18:01,600 --> 01:17:59,840

me I mean even if I could just get him

1657

01:18:04,930 --> 01:18:01,610

on the phone and tell me in his own

1658

01:18:07,479 --> 01:18:04,940

words yes I got it from this there this

1659

01:18:09,870 --> 01:18:07,489

is the source that I got him from this

1660

01:18:12,250 --> 01:18:09,880

is what they told me this is how I know

1661

01:18:14,590 --> 01:18:12,260

then I'd feel more comfortable with it

1662

01:18:15,910 --> 01:18:14,600

but you know on the first interviews I'm

1663

01:18:19,390 --> 01:18:15,920

just telling them everything that I

1664

01:18:21,100 --> 01:18:19,400

heard and I know you know so it was

1665

01:18:23,320 --> 01:18:21,110

something I heard so I I told them about

1666

01:18:25,120 --> 01:18:23,330

it and then you know wasn't until later

1667

01:18:26,890 --> 01:18:25,130

on that I started getting feedback from

1668

01:18:28,390 --> 01:18:26,900

my old shipmates you know saying hey man

1669

01:18:30,070 --> 01:18:28,400

you know what hell you talking about

1670

01:18:31,780 --> 01:18:30,080

because you know it could have been

1671

01:18:35,310 --> 01:18:31,790

because of this this and this because

1672

01:18:37,330 --> 01:18:35,320

you know everybody loves the correct you

1673

01:18:38,920 --> 01:18:37,340

nobody's got the nuts to come out and

1674

01:18:41,070 --> 01:18:38,930

talk about it but they love to correct

1675

01:18:43,750 --> 01:18:41,080

you and you're wrong so any time like

1676

01:18:46,959 --> 01:18:43,760

any time I'm corrected and the people

1677

01:18:49,300 --> 01:18:46,969

have like actually you know sound okay

1678

01:18:50,740 --> 01:18:49,310

this is why what you said couldn't have

1679

01:18:52,840 --> 01:18:50,750

happened because of this this and this

1680

01:18:55,030 --> 01:18:52,850

and this and I'm like all right yeah no

1681

01:18:57,580 --> 01:18:55,040

problem yeah you know what you're

1682

01:18:59,080 --> 01:18:57,590

definitely right so I'll go ahead and go

1683

01:19:00,970 --> 01:18:59,090

on a public forum and make sure I

1684

01:19:03,459 --> 01:19:00,980

retract these things that's for this and

1685

01:19:05,410 --> 01:19:03,469

then so I've been trying to be

1686

01:19:08,050 --> 01:19:05,420

transparent as possible anytime because

1687

01:19:11,350 --> 01:19:08,060

you remember it's a 14 15 year old story

1688

01:19:17,470 --> 01:19:11,360

that I've only told a couple of people

1689

01:19:19,209 --> 01:19:17,480

when I got drunk I mean my whole passion

1690

01:19:20,800 --> 01:19:19,219

since then is in the back of my head

1691

01:19:23,020 --> 01:19:20,810

just thinking up ways that these things

1692

01:19:24,459 --> 01:19:23,030

could exist and how they could exist and

1693

01:19:26,979 --> 01:19:24,469

what the technology is and how that

1694

01:19:28,510 --> 01:19:26,989

worked and I didn't care who they were I

1695

01:19:29,860 --> 01:19:28,520

didn't care whose tech it was I just

1696

01:19:34,360 --> 01:19:29,870

wanted to know how they worked and I

1697

01:19:42,910 --> 01:19:34,370

wanted to fly one could you imagine how

1698

01:19:45,190 --> 01:19:42,920

fun that would be my brain it works even

1699

01:19:46,660 --> 01:19:45,200

better than that you roll in like you

1700

01:19:51,310 --> 01:19:46,670

ever seen the old movie flight of the

1701

01:19:52,990 --> 01:19:51,320

navigator yeah into that stupid little

1702

01:20:03,490 --> 01:19:53,000

silver chair and it's just everything's

1703

01:20:12,100 --> 01:20:03,500

by thought process you just what do you

1704

01:20:19,300 --> 01:20:12,110

think about me now your new boyfriend

1705

01:20:22,930 --> 01:20:19,310

tries on the Civic PJs so I wanted to

1706

01:20:25,450 --> 01:20:22,940

ask you dude um so do I mean well I

1707

01:20:28,300 --> 01:20:25,460

guess for both you I mean do you do you

1708

01:20:29,760 --> 01:20:28,310

know who who came and took your tapes

1709

01:20:35,500 --> 01:20:29,770

away

1710

01:20:37,660 --> 01:20:35,510

no forget he's got two different guys on

1711

01:20:39,520 --> 01:20:37,670

his ship than I got on mine but the do

1712

01:20:42,490 --> 01:20:39,530

guys I showed up with my commanding

1713

01:20:46,479 --> 01:20:42,500

officer and we're wearing Air Force

1714

01:20:48,850 --> 01:20:46,489

flight suits and they went and what they

1715

01:20:52,030 --> 01:20:48,860

did after that I have no clue so they

1716

01:20:56,230 --> 01:20:52,040

were French coats black hats sunglasses

1717

01:20:57,880 --> 01:20:56,240

right right

1718

01:21:01,570 --> 01:20:57,890

there was no men in black they were just

1719

01:21:03,490 --> 01:21:01,580

very normal quotes on my [h\_\_h] so they

1720

01:21:05,290 --> 01:21:03,500

were wearing like polos and I mean I'm

1721

01:21:07,750 --> 01:21:05,300

just trying to picture these guys it's

1722

01:21:09,550 --> 01:21:07,760

like just think of like I think think of

1723

01:21:11,470 --> 01:21:09,560

any guy you've ever seen like in an

1724

01:21:13,270 --> 01:21:11,480

office that's not dressed to the nine so

1725

01:21:14,190 --> 01:21:13,280

you know like you know khakis and I had

1726

01:21:17,110 --> 01:21:14,200

like a

1727

01:21:22,390 --> 01:21:17,120

forget about you know just uh not you

1728

01:21:24,340 --> 01:21:22,400

know like what is that a plan oh yeah Oh

1729

01:21:26,350 --> 01:21:24,350

think of a guy in like khaki jeans a

1730

01:21:28,000 --> 01:21:26,360

polo and like a windbreaker there you go

1731

01:21:30,490 --> 01:21:28,010

there you got that it's a style of the

1732

01:21:32,200 --> 01:21:30,500

guys you're like damn some guy in khakis

1733

01:21:34,150 --> 01:21:32,210

just took top-secret information well

1734

01:21:37,840 --> 01:21:34,160

yeah his name was probably like Jeff or

1735

01:21:40,480 --> 01:21:37,850

something probably [h\_\_h] Greg [h\_\_h]

1736

01:21:48,780 --> 01:21:40,490

great if you are in episode 18 you know

1737

01:21:51,760 --> 01:21:48,790

we don't like Greg just listen 18 today

1738

01:21:53,770 --> 01:21:51,770

awesome yeah we had Doug on that episode

1739

01:21:59,470 --> 01:21:53,780

too Doug's a cool ass dude yeah he's

1740

01:22:02,950 --> 01:21:59,480

cool house good episode dude but man I

1741

01:22:05,350 --> 01:22:02,960

mean like so you know it you guys you

1742

01:22:06,700 --> 01:22:05,360

guys went through this right you're

1743

01:22:10,450 --> 01:22:06,710

sitting there on all this information

1744

01:22:13,720 --> 01:22:10,460

and then all of a sudden guys and khakis

1745

01:22:15,210 --> 01:22:13,730

show up take your [h\_\_h] and leave like I

1746

01:22:20,020 --> 01:22:15,220

mean what is what is the thought process

1747

01:22:22,690 --> 01:22:20,030

after that you know yeah the thing they

1748

01:22:24,070 --> 01:22:22,700

kind of like struck me funny is cuz like

1749

01:22:27,760 --> 01:22:24,080

all right so if there's an incident that

1750

01:22:30,610 --> 01:22:27,770

happens you know it I've had my tapes

1751

01:22:33,370 --> 01:22:30,620

taken before when there was a flight

1752

01:22:36,550 --> 01:22:33,380

that went down in the Gulf when we were

1753

01:22:38,170 --> 01:22:36,560

back in the during the war and you know

1754

01:22:41,380 --> 01:22:38,180

we had you know people in the water

1755

01:22:42,640 --> 01:22:41,390

and it was an event that happened so it

1756

01:22:44,800 --> 01:22:42,650

wasn't surprised that they wanted the

1757

01:22:46,330 --> 01:22:44,810

tapes for it but you know they never

1758

01:22:48,220 --> 01:22:46,340

said anything past just give me the

1759

01:22:49,600 --> 01:22:48,230

tapes from you know when we were when we

1760

01:22:51,850 --> 01:22:49,610

were you know when it went down

1761

01:22:54,190 --> 01:22:51,860

all right cool give me the time get the

1762

01:22:56,590 --> 01:22:54,200

tapes give them to him but there was no

1763

01:22:58,300 --> 01:22:56,600

other directions after that the ones

1764

01:23:00,580 --> 01:22:58,310

things bothered me is that they directed

1765

01:23:03,010 --> 01:23:00,590

me that they wanted all the tapes they

1766

01:23:04,480 --> 01:23:03,020

had any data on them and then anything

1767

01:23:07,480 --> 01:23:04,490

that even even if it was still in the

1768

01:23:09,189 --> 01:23:07,490

plastic wrapped up and not used yet it

1769

01:23:12,340 --> 01:23:09,199

needed to be deleted

1770

01:23:14,050 --> 01:23:12,350

so that every single tape in my shop had

1771

01:23:16,060 --> 01:23:14,060

time stamp on it so that if they ever

1772

01:23:18,760 --> 01:23:16,070

went back if it didn't have the time

1773

01:23:22,150 --> 01:23:18,770

stamp of right then in during that day

1774

01:23:24,189 --> 01:23:22,160

or in the future that it was considered

1775

01:23:29,200 --> 01:23:24,199

that you know I might have stolen some

1776

01:23:30,640 --> 01:23:29,210

tapes or something yeah that's that's

1777

01:23:33,340 --> 01:23:30,650

okay that's [h\_\_h] crazy

1778

01:23:37,300 --> 01:23:33,350

yeah that is insane I mean yeah so

1779

01:23:39,729 --> 01:23:37,310

that's a huge red flag I mean yeah I I

1780

01:23:41,590 --> 01:23:39,739

listen to one of your debate dead honest

1781

01:23:42,700 --> 01:23:41,600

with you that's really other than the

1782

01:23:44,770 --> 01:23:42,710

fact that we were tracking unknown

1783

01:23:48,939 --> 01:23:44,780

aircrafts and I saw I got to see this

1784

01:23:52,090 --> 01:23:48,949

video those are the only three things

1785

01:23:55,000 --> 01:23:52,100

that were like but he was just like oh

1786

01:23:56,979 --> 01:23:55,010

that's weird you know but I mean it was

1787

01:23:58,510 --> 01:23:56,989

like super weird by the training command

1788

01:24:00,790 --> 01:23:58,520

because it seemed like they just like

1789

01:24:03,400 --> 01:24:00,800

either a want to just like pretend like

1790

01:24:05,050 --> 01:24:03,410

this wasn't happening like there's no

1791

01:24:14,400 --> 01:24:05,060

way we're gonna report this [\h\_\_\h] because

1792

01:24:17,229 --> 01:24:14,410

I am so making Admiral a promotion yet

1793

01:24:19,060 --> 01:24:17,239

and at the time our captain was one of

1794

01:24:20,439 --> 01:24:19,070

those go captain go get her captain's

1795

01:24:23,640 --> 01:24:20,449

you know he was something was definitely

1796

01:24:25,390 --> 01:24:23,650

aligning a line officer looking for

1797

01:24:28,930 --> 01:24:25,400

promotion because he was owing

1798

01:24:30,640 --> 01:24:28,940

voluntariness frock high and then doing

1799

01:24:33,700 --> 01:24:30,650

all kinds of crazy I'm trying to be the

1800

01:24:35,919 --> 01:24:33,710

premier guy so it wouldn't surprise me

1801

01:24:38,320 --> 01:24:35,929

if he was just trying to ignore the

1802

01:24:40,360 --> 01:24:38,330

whole event at first yeah we don't have

1803

01:24:42,550 --> 01:24:40,370

to explain why they waited waited so

1804

01:24:44,979 --> 01:24:42,560

long to do the interrogation right it's

1805

01:24:47,830 --> 01:24:44,989

happens has to be like looking for you

1806

01:24:49,180 --> 01:24:47,840

know objectively from his eyes it's like

1807

01:24:51,459 --> 01:24:49,190

man I don't want to stir the pot like

1808

01:24:53,680 --> 01:24:51,469

I've got one more whatever one more

1809

01:24:55,570 --> 01:24:53,690

month or one more year yeah I'm good

1810

01:24:57,640 --> 01:24:55,580

like this not make a big deal about oh

1811

01:25:00,550 --> 01:24:57,650

well [h\_\_h] when so-and-so was in charge

1812

01:25:01,209 --> 01:25:00,560

all these [h\_\_h] UFOs came down like it

1813

01:25:08,680 --> 01:25:01,219

was his fault

1814

01:25:12,300 --> 01:25:08,690

yeah had a nickname captain red so I

1815

01:25:18,550 --> 01:25:16,660

and \$10 eise's bread did not like

1816

01:25:23,530 --> 01:25:18,560

anything that wasn't exactly the way he

1817

01:25:24,790 --> 01:25:23,540

wanted it ya know so PJ I think it was

1818

01:25:26,950 --> 01:25:24,800

you that I heard in an interview you

1819

01:25:29,650 --> 01:25:26,960

were saying that it was it was rare for

1820

01:25:32,830 --> 01:25:29,660

Air Force guys to just show up on the

1821

01:25:35,770 --> 01:25:32,840

ship and and do this so you thought that

1822

01:25:38,800 --> 01:25:35,780

was kind of odd whenever whenever they

1823

01:25:41,020 --> 01:25:38,810

showed up right I mean where my

1824

01:25:42,820 --> 01:25:41,030

commanding officers stayed where his

1825

01:25:45,760 --> 01:25:42,830

stateroom was where the reading room was

1826

01:25:48,760 --> 01:25:45,770

and where my work Center was on the ship

1827

01:25:50,140 --> 01:25:48,770

if he wanted to talk to us we went to

1828

01:25:53,080 --> 01:25:50,150

him he didn't want her down to our

1829

01:25:54,760 --> 01:25:53,090

little workspace so odd fact number one

1830

01:25:58,000 --> 01:25:54,770

is that fact that he's knocking on the

1831

01:25:59,860 --> 01:25:58,010

door yeah you know and you added to the

1832

01:26:03,870 --> 01:25:59,870

fact that there's two guys in Air Force

1833

01:26:06,940 --> 01:26:03,880

uniforms they stick out like you know

1834

01:26:09,100 --> 01:26:06,950

they stick out yeah it's hard to like

1835

01:26:13,110 --> 01:26:09,110

read thumbs like hey aren't you guys

1836

01:26:17,290 --> 01:26:15,460

well we're out to sea there's really

1837

01:26:20,920 --> 01:26:17,300

only two ways onto that carrier

1838

01:26:24,250 --> 01:26:20,930

helicopter or cod cod is the twin to my

1839

01:26:26,770 --> 01:26:24,260

airplane it's a sister to it you know

1840

01:26:30,250 --> 01:26:26,780

when we were out to sea we caught the

1841

01:26:31,600 --> 01:26:30,260

cod so I knew you know all the time I

1842

01:26:31,990 --> 01:26:31,610

could tell who's coming on and off the

1843

01:26:33,730 --> 01:26:32,000

ship

1844

01:26:36,520 --> 01:26:33,740

yeah no I would have noticed them

1845

01:26:37,420 --> 01:26:36,530

getting on or off so I still don't have

1846

01:26:38,740 --> 01:26:37,430

that they had to have come on the

1847

01:26:42,850 --> 01:26:38,750

helicopter which makes sense when you

1848

01:26:45,480 --> 01:26:42,860

talk about Gary and we were only maybe

1849

01:26:48,000 --> 01:26:45,490

45 minutes flight time for for a helo

1850

01:26:50,700 --> 01:26:48,010

from San Diego where we were ourselves

1851

01:26:53,110 --> 01:26:50,710

yeah they were like several spots

1852

01:26:55,390 --> 01:26:53,120

mainland for that helicopter could have

1853

01:26:57,370 --> 01:26:55,400

flown out to us yeah I'm just gonna

1854

01:26:59,920 --> 01:26:57,380

clarify what helo means this helicopter

1855

01:27:08,680 --> 01:26:59,930

right it's I recently was like damn

1856

01:27:13,480 --> 01:27:08,690

that's such a cool was so did you guys

1857

01:27:15,250 --> 01:27:13,490

have to sign NDA's oh yeah no no as far

1858

01:27:17,680 --> 01:27:15,260

as far as I know the only the only

1859

01:27:21,450 --> 01:27:17,690

people that had to sign one was the the

1860

01:27:27,310 --> 01:27:21,460

Hawkeye flight crew yep

1861

01:27:29,290 --> 01:27:27,320

okay yeah one of the guys I was an

1862

01:27:32,740 --> 01:27:29,300

enlisted Tech one of the guys did the

1863

01:27:34,900 --> 01:27:32,750

same job as I did he was our go-to guy

1864

01:27:39,250 --> 01:27:34,910

for CC so he was up there doing some

1865

01:27:40,570 --> 01:27:39,260

seedy stuff on that flight so he doesn't

1866

01:27:42,520 --> 01:27:40,580

want to come forward because he's still

1867

01:27:48,820 --> 01:27:42,530

in the contracting business with the

1868

01:27:52,420 --> 01:27:48,830

government and they were debriefed right

1869

01:27:54,700 --> 01:27:52,430

when they got back and my rough

1870

01:27:59,460 --> 01:27:54,710

remembrance of the time LOM completely

1871

01:28:02,080 --> 01:27:59,470

sorts completely supports his timeline

1872

01:28:04,780 --> 01:28:02,090

but one of the little known facts that

1873

01:28:07,240 --> 01:28:04,790

he shared other than caught or basically

1874

01:28:08,980 --> 01:28:07,250

backing up what I've said is that the

1875

01:28:13,290 --> 01:28:08,990

Tic Tac actually formed up with the

1876

01:28:16,060 --> 01:28:13,300

Hawkeye very briefly a highly publicized

1877

01:28:18,040 --> 01:28:16,070

portion of the event but on the five

1878

01:28:20,610 --> 01:28:18,050

dives in that panic they could see it

1879

01:28:27,760 --> 01:28:20,620

through their little port window yeah

1880

01:28:29,500 --> 01:28:27,770

did you ever talk sorry no there was way

1881

01:28:32,110 --> 01:28:29,510

back when I first reached out to Dave

1882

01:28:33,880 --> 01:28:32,120

Beatty you know he was clarifying some

1883

01:28:36,430 --> 01:28:33,890

stuff and I provided Dave with all kinds

1884

01:28:37,780 --> 01:28:36,440

of support and documentary documentation

1885

01:28:40,630 --> 01:28:37,790

to prove that I wasn't some kook trying

1886

01:28:42,880 --> 01:28:40,640

to get in on the game but I forget who

1887

01:28:44,830 --> 01:28:42,890

he was talking to but they're coming

1888

01:28:47,230 --> 01:28:44,840

back and they're saying oh the guys in

1889

01:28:49,480 --> 01:28:47,240

the Hawkeye they can't see they don't

1890

01:28:50,970 --> 01:28:49,490

have windows so I had to send him a

1891

01:28:55,810 --> 01:28:50,980

picture of the Hawkeye and it's windows

1892

01:28:57,250 --> 01:28:55,820

they're like oh you know the the 80s he

1893

01:28:59,440 --> 01:28:57,260

listed guys they don't fly in planes

1894

01:29:01,240 --> 01:28:59,450

anymore so I had to send him a picture

1895

01:29:05,050 --> 01:29:01,250

of my buddy sitting in the back of the

1896

01:29:06,490 --> 01:29:05,060

airplane born you know so I kept you

1897

01:29:08,920 --> 01:29:06,500

know so many people have misinformation

1898

01:29:10,990 --> 01:29:08,930

about the Hawkeye it's hilarious yeah

1899

01:29:13,330 --> 01:29:11,000

it's just so many people that just don't

1900

01:29:15,010 --> 01:29:13,340

understand you know it's like they'll

1901

01:29:18,190 --> 01:29:15,020

read like in one little article about

1902

01:29:21,400 --> 01:29:18,200

like what they plan on doing in the

1903

01:29:23,590 --> 01:29:21,410

future or you know and they won't like

1904

01:29:25,330 --> 01:29:23,600

look it like the timeframe like they'll

1905

01:29:27,880 --> 01:29:25,340

go look it up and I'd be like yeah now

1906

01:29:29,860 --> 01:29:27,890

in 2016 or whenever it was they looked

1907

01:29:34,900 --> 01:29:29,870

at it up now this is how they do it but

1908

01:29:36,580 --> 01:29:34,910

what do they do in 2004 you know yeah

1909

01:29:40,030 --> 01:29:36,590

those are such little details that like

1910

01:29:42,160 --> 01:29:40,040

and unless you're reading like sometimes

1911

01:29:43,480 --> 01:29:42,170

it would maybe take a book to go through

1912

01:29:45,700 --> 01:29:43,490

all this stuff or maybe just this

1913

01:29:46,990 --> 01:29:45,710

podcast I don't know but but little

1914

01:29:49,180 --> 01:29:47,000

details like that that people miss that

1915

01:29:51,640 --> 01:29:49,190

about misinformation like you're saying

1916

01:29:53,560 --> 01:29:51,650

some people saying oh well that couldn't

1917

01:29:55,060 --> 01:29:53,570

happen cuz this particular aircraft does

1918

01:29:56,920 --> 01:29:55,070

not have any UFOs so there couldn't have

1919

01:29:59,650 --> 01:29:56,930

been any eyewitnesses but and in fact

1920

01:30:01,120 --> 01:29:59,660

they have freaking freaking windows and

1921

01:30:04,060 --> 01:30:01,130

that that's just not true

1922

01:30:06,700 --> 01:30:04,070

mark Mike next question would be like I

1923

01:30:08,530 --> 01:30:06,710

mean was did you did you guys ever you

1924

01:30:11,860 --> 01:30:08,540

know have lunch or talk to anybody that

1925

01:30:13,870 --> 01:30:11,870

that was it similar to what you guys had

1926

01:30:16,030 --> 01:30:13,880

witnessed in like the shape of this

1927

01:30:17,770 --> 01:30:16,040

thing did everybody just say Tic Tacs so

1928

01:30:20,320 --> 01:30:17,780

everybody just agreed okay it looked

1929

01:30:23,380 --> 01:30:20,330

like a tic-tac or was there any kind of

1930

01:30:25,180 --> 01:30:23,390

you know back and forth like oh I saw it

1931

01:30:27,070 --> 01:30:25,190

was an almond shape kind of like the

1932

01:30:29,740 --> 01:30:27,080

flight of the navigator right here yeah

1933

01:30:31,870 --> 01:30:29,750

yeah I think I think just about

1934

01:30:34,150 --> 01:30:31,880

everybody you know I mean we saw the

1935

01:30:37,030 --> 01:30:34,160

like everybody that was you know I had

1936

01:30:38,830 --> 01:30:37,040

access to the secret lands on my ship we

1937

01:30:43,120 --> 01:30:38,840

all kind of agree yeah it's it's a

1938

01:30:46,090 --> 01:30:43,130

definitely a tic-tac shape and so what

1939

01:30:48,990 --> 01:30:46,100

about so we we know about the tic-tac

1940

01:30:52,090 --> 01:30:49,000

and then and then there's the other one

1941

01:30:54,130 --> 01:30:52,100

and I think that's in like the the with

1942

01:30:56,440 --> 01:30:54,140

the thermal camera yes the one that that

1943

01:30:59,020 --> 01:30:56,450

rotate Jim onto its side the gimbal

1944

01:31:00,850 --> 01:30:59,030

footage so you're talking about actually

1945

01:31:03,490 --> 01:31:00,860

two separate events to be honest with

1946

01:31:09,040 --> 01:31:03,500

you okay so the 2004 event but as the

1947

01:31:10,660 --> 01:31:09,050

the the the FLIR footage that flips the

1948

01:31:13,870 --> 01:31:10,670

camera through where it just kind of

1949

01:31:16,900 --> 01:31:13,880

zips off the screen mm-hm and then you

1950

01:31:19,330 --> 01:31:16,910

have the gimbal which was actually 2015

1951

01:31:22,570 --> 01:31:19,340

off the East Coast

1952

01:31:24,190 --> 01:31:22,580

yeah yes yes so it's that they were

1953

01:31:25,900 --> 01:31:24,200

doing basically the same thing we were

1954

01:31:28,150 --> 01:31:25,910

doing is training missions off the coast

1955

01:31:29,650 --> 01:31:28,160

east coast and they ran into these

1956

01:31:31,660 --> 01:31:29,660

things that started tracking them and

1957

01:31:33,850 --> 01:31:31,670

then filmed them with their with their

1958

01:31:35,830 --> 01:31:33,860

cameras and they actually got better

1959

01:31:37,630 --> 01:31:35,840

footage than we did in the longer video

1960

01:31:39,670 --> 01:31:37,640

than we did or at least that's it

1961

01:31:43,960 --> 01:31:39,680

survived because it's so much newer than

1962

01:31:45,700 --> 01:31:43,970

ours like guys like right now you know

1963

01:31:47,470 --> 01:31:45,710

it's like the Navy worded their their

1964

01:31:48,140 --> 01:31:47,480

stuff that just came out very carefully

1965

01:32:20,240 --> 01:31:48,150

the

1966

01:32:22,160 --> 01:32:20,250

argument should be no more yeah well

1967

01:32:24,229 --> 01:32:22,170

there yeah absolutely well I mean I

1968

01:32:26,270 --> 01:32:24,239

would assume that there's there's more

1969

01:32:28,250 --> 01:32:26,280

footage of this stuff you know like I

1970

01:32:29,930 --> 01:32:28,260

mean I would assume it you know if he

1971

01:32:32,120 --> 01:32:29,940

had the camera on it the whole time then

1972

01:32:34,609 --> 01:32:32,130

then that's one thing but you know in my

1973

01:32:38,000 --> 01:32:34,619

mind I think you know like snips and

1974

01:32:40,700 --> 01:32:38,010

pieces of footage you know I guess if

1975

01:32:42,439 --> 01:32:40,710

it's me fast I mean you you gotta be

1976

01:32:43,550 --> 01:32:42,449

able to you know you probably see it and

1977

01:32:45,260 --> 01:32:43,560

then you don't see it and then you got

1978

01:32:49,100 --> 01:32:45,270

to find it again and then see it again

1979

01:32:50,540 --> 01:32:49,110

right like I have a feeling that what

1980

01:32:53,180 --> 01:32:50,550

they did is they just took the meat and

1981

01:32:55,040 --> 01:32:53,190

potatoes out of the video cuz I mean I'm

1982

01:32:57,850 --> 01:32:55,050

the whole time it's gonna be like a lot

1983

01:32:59,959 --> 01:32:57,860

of video of just nothing you know so

1984

01:33:03,800 --> 01:32:59,969

yeah he's only gonna be able to get this

1985

01:33:06,140 --> 01:33:03,810

thing in frame so much and then so they

1986

01:33:07,910 --> 01:33:06,150

just took like the meat and potatoes of

1987

01:33:09,439 --> 01:33:07,920

it and then what it seems like is that

1988

01:33:11,990 --> 01:33:09,449

it was a compressed file that was

1989

01:33:14,660 --> 01:33:12,000

emailed right that's that's where the

1990

01:33:16,629 --> 01:33:14,670

degradation comes in yeah of course he

1991

01:33:18,589 --> 01:33:16,639

went it went from analog to digital

1992

01:33:21,050 --> 01:33:18,599

which you're gonna lose a little bit

1993

01:33:23,149 --> 01:33:21,060

there right so by the time he's done

1994

01:33:27,520 --> 01:33:23,159

messing with this thing all you got is

1995

01:33:31,459 --> 01:33:27,530

this like green eat garbage video

1996

01:33:33,830 --> 01:33:31,469

depicts old like terrible video it might

1997

01:33:36,560 --> 01:33:33,840

as well be been dead recording reason

1998

01:33:38,330 --> 01:33:36,570

and the only reason that it's anyhow it

1999

01:33:44,800 --> 01:33:38,340

is just because the Navy yeah that's our

2000

01:33:47,270 --> 01:33:44,810

stuff and yeah it's really unknown I

2001  
01:33:48,649 --> 01:33:47,280  
mean kind of piggybacking on that what

2002  
01:33:51,379 --> 01:33:48,659  
do you think about the Navy just

2003  
01:33:54,109 --> 01:33:51,389  
publicly saying yeah that's our video

2004  
01:33:56,959 --> 01:33:54,119  
and we just don't know what it is what

2005  
01:33:58,399 --> 01:33:56,969  
what do you what I think that they I

2006  
01:34:00,320 --> 01:33:58,409  
think they're thinking they made a

2007  
01:34:00,710 --> 01:34:00,330  
mistake to this point because actually

2008  
01:34:03,770 --> 01:34:00,720  
when I

2009  
01:34:05,960 --> 01:34:03,780  
to the show tonight we're actually going

2010  
01:34:07,970 --> 01:34:05,970  
to be discussing you know he actually

2011  
01:34:09,230 --> 01:34:07,980  
wanted my specific opinion about like

2012  
01:34:11,660 --> 01:34:09,240  
this recent where they're kind of

2013  
01:34:14,570 --> 01:34:11,670

backpedaling and saying you know oh well

2014

01:34:16,370 --> 01:34:14,580

there's no other videos and you know

2015

01:34:20,180 --> 01:34:16,380

they're they're basically trying to kind

2016

01:34:24,080 --> 01:34:20,190

of reverse what they said now so yeah

2017

01:34:27,130 --> 01:34:24,090

they're okay well they just didn't know

2018

01:34:29,390 --> 01:34:27,140

the the media firestorm you know as yeah

2019

01:34:32,330 --> 01:34:29,400

thought that they was gonna set a fire

2020

01:34:35,210 --> 01:34:32,340

like it did it's because of me what yeah

2021

01:34:38,030 --> 01:34:35,220

but what they did is they made the the

2022

01:34:40,160 --> 01:34:38,040

pilots us and everybody involved these

2023

01:34:44,120 --> 01:34:40,170

two events into literally the most

2024

01:34:45,530 --> 01:34:44,130

credible UFO witnesses in history what

2025

01:34:48,290 --> 01:34:45,540

well-documented

2026

01:34:51,020 --> 01:34:48,300

like backed up by not only just

2027

01:34:53,450 --> 01:34:51,030

individuals but individuals of a

2028

01:34:56,720 --> 01:34:53,460

military background and then the Navy

2029

01:34:59,510 --> 01:34:56,730

comes I mean from the Pentagon all this

2030

01:35:00,950 --> 01:34:59,520

stuff kind of happens it wants just yeah

2031

01:35:03,200 --> 01:35:00,960

I don't think I agree with you I don't

2032

01:35:05,630 --> 01:35:03,210

think they realized the gravity of that

2033

01:35:10,580 --> 01:35:05,640

little like oh we just don't know what

2034

01:35:11,780 --> 01:35:10,590

it is but yeah here you go it was kind

2035

01:35:13,010 --> 01:35:11,790

of one of those things where you know

2036

01:35:14,930 --> 01:35:13,020

all right this is the statement we're

2037

01:35:16,550 --> 01:35:14,940

gonna say is this okay yeah yeah yeah

2038

01:35:21,740 --> 01:35:16,560

sure that's fine it looks fine I should

2039

01:35:25,220 --> 01:35:21,750

be good and they all said oh [h\_\_h] I just

2040

01:35:28,150 --> 01:35:25,230

I love that happened I just yeah like

2041

01:35:30,800 --> 01:35:28,160

the the idea of oh this isn't good oh

2042

01:35:35,150 --> 01:35:30,810

yeah most people don't think I'm rating

2043

01:35:38,750 --> 01:35:35,160

anymore I mean it's that's it that's a

2044

01:35:40,100 --> 01:35:38,760

big part of it man and I think it's you

2045

01:35:41,660 --> 01:35:40,110

know you kind of you kind of like hit

2046

01:35:46,460 --> 01:35:41,670

the nail on the head like it you know it

2047

01:35:49,430 --> 01:35:46,470

it kind of turned this event into a

2048

01:35:52,610 --> 01:35:49,440

thing where there's multiple credible

2049

01:35:54,920 --> 01:35:52,620

witnesses and you know well one I'm the

2050

01:35:58,100 --> 01:35:54,930

last time that a UFO story ended up on

2051

01:36:00,260 --> 01:35:58,110

the mainstream media exactly and and so

2052

01:36:03,440 --> 01:36:00,270

I guess my question to you guys is is

2053

01:36:08,360 --> 01:36:03,450

you know being some of these credible

2054

01:36:12,650 --> 01:36:08,370

you know witnesses does does that in any

2055

01:36:14,310 --> 01:36:12,660

way kind of you know if it's like a

2056

01:36:16,920 --> 01:36:14,320

military person or a pile

2057

01:36:19,260 --> 01:36:16,930

or astronaut or you know what have you a

2058

01:36:20,820 --> 01:36:19,270

police officer you know and they say

2059

01:36:23,880 --> 01:36:20,830

something you know it's considered

2060

01:36:26,340 --> 01:36:23,890

credible right but if you're a regular

2061

01:36:28,290 --> 01:36:26,350

run-of-the-mill person who's like oh my

2062

01:36:30,240 --> 01:36:28,300

god you'll never believe what I saw

2063

01:36:33,030 --> 01:36:30,250

usually those people are made out to be

2064

01:36:37,080 --> 01:36:33,040

quacks does does does that this

2065

01:36:40,410 --> 01:36:37,090

experience kind of maybe open the door

2066

01:36:43,050 --> 01:36:40,420

you think for for the the regular person

2067

01:36:52,860 --> 01:36:43,060

to maybe not be considered such a quack

2068

01:36:55,050 --> 01:36:52,870

now we still think you're nuts man no I

2069

01:36:56,940 --> 01:36:55,060

I think I think that it helps with the

2070

01:36:58,680 --> 01:36:56,950

stigma in the military because you get I

2071

01:37:00,960 --> 01:36:58,690

remember like guys like me and PJ we're

2072

01:37:03,510 --> 01:37:00,970

ground pounders were wire jockeys you

2073

01:37:06,510 --> 01:37:03,520

know we're we're cards whoppers for you

2074

01:37:09,240 --> 01:37:06,520

know we're just text you know so being

2075

01:37:10,770 --> 01:37:09,250

if you know they think we suppose we're

2076

01:37:17,310 --> 01:37:10,780

still gonna get a promotion cuz we can

2077

01:37:19,260 --> 01:37:17,320

fix [h\_\_h] yeah you know you know pilot

2078

01:37:21,300 --> 01:37:19,270

man they gotta be sounded Bobby in mind

2079

01:37:25,860 --> 01:37:21,310

you know they're running around in a

2080

01:37:30,090 --> 01:37:25,870

death machine they don't want those guys

2081

01:37:31,740 --> 01:37:30,100

to be nuts so I mean they start talking

2082

01:37:33,480 --> 01:37:31,750

about stuff then all of a sudden they

2083

01:37:36,690 --> 01:37:33,490

get a stigma they gets like a lot

2084

01:37:38,430 --> 01:37:36,700

evaluated they get grounded and you know

2085

01:37:41,610 --> 01:37:38,440

they get oh that's the guy that saw the

2086

01:37:43,860 --> 01:37:41,620

UFO you know so they had that so they

2087

01:37:45,990 --> 01:37:43,870

had a lot or rough than we did you know

2088

01:37:51,000 --> 01:37:46,000

they they they got a harder stinkin

2089

01:37:53,220 --> 01:37:51,010

stigma than than anybody and that felt

2090

01:37:55,500 --> 01:37:53,230

like this helps with that stick you know

2091

01:37:58,650 --> 01:37:55,510

it allows them report what they actually

2092

01:38:01,260 --> 01:37:58,660

saw instead of like well you know there

2093

01:38:09,140 --> 01:38:01,270

was this super bright light and yeah

2094

01:38:16,650 --> 01:38:11,580

where's the nearest swamp in the middle

2095

01:38:18,900 --> 01:38:16,660

of the Pacific exactly I think if he had

2096

01:38:26,180 --> 01:38:18,910

to if you had to find it exactly it's in

2097

01:38:33,419 --> 01:38:30,270

[h\_\_h] so gay dude I heard you you were

2098

01:38:35,910 --> 01:38:33,429

talking about how the hell spy radar it

2099

01:38:37,890 --> 01:38:35,920

was it was kind of a running joke it was

2100

01:38:40,770 --> 01:38:37,900

called alien radar and and you know

2101  
01:38:45,270 --> 01:38:40,780  
reverse engineered alien technology did

2102  
01:39:02,850 --> 01:38:45,280  
this event put an end to that joke hell

2103  
01:39:04,950 --> 01:39:02,860  
no you know it's like my ship other than

2104  
01:39:07,979 --> 01:39:04,960  
like people that are on the deck the

2105  
01:39:10,439 --> 01:39:07,989  
deck seaman's and the bosun fates and

2106  
01:39:14,310 --> 01:39:10,449  
just like only a handful of other rates

2107  
01:39:16,799 --> 01:39:14,320  
my entire ships made up of the super

2108  
01:39:19,080 --> 01:39:16,809  
advanced rates whether it's EWS with

2109  
01:39:20,459 --> 01:39:19,090  
electronic warfare fire control mints

2110  
01:39:29,370 --> 01:39:20,469  
that work on the weapons systems

2111  
01:39:31,560 --> 01:39:29,380  
Gunner's Mate basic basically where we

2112  
01:39:33,450 --> 01:39:31,570  
were all where it's a big ship of geeks

2113  
01:39:40,649 --> 01:39:33,460

that can kill an entire country so you

2114

01:39:42,479 --> 01:39:40,659

know we're not talking about you know a

2115

01:39:44,310 --> 01:39:42,489

butts deck Apes you know doing some

2116

01:39:46,680 --> 01:39:44,320

wiring in some stupid airplanes we're

2117

01:39:52,529 --> 01:39:46,690

talking the super advanced text that you

2118

01:39:54,870 --> 01:39:52,539

know deal with chronic point is is we're

2119

01:39:57,359 --> 01:39:54,880

all thinkers we're all you know then

2120

01:39:59,220 --> 01:39:57,369

we're not we're not gonna be just like

2121

01:40:01,229 --> 01:39:59,230

oh that's cool and going about our

2122

01:40:03,180 --> 01:40:01,239

business and we're all gonna be like you

2123

01:40:06,140 --> 01:40:03,190

know I wonder how the physics on that

2124

01:40:09,660 --> 01:40:06,150

works you know just sitting there and

2125

01:40:11,009 --> 01:40:09,670

start rip out serums and you know figure

2126

01:40:13,229 --> 01:40:11,019

it out yeah there's no way that that

2127

01:40:17,370 --> 01:40:13,239

could work he's not with this physics

2128

01:40:18,750 --> 01:40:17,380

but the Olsens and some new physics yeah

2129

01:40:21,509 --> 01:40:18,760

that's the kind of people that are on

2130

01:40:24,359 --> 01:40:21,519

these on these ages ships right which

2131

01:40:27,209 --> 01:40:24,369

which kind of like leads me the Gary I

2132

01:40:30,120 --> 01:40:27,219

know you're in the uu AP this UAP

2133

01:40:31,830 --> 01:40:30,130

expedition this new initiative this new

2134

01:40:35,270 --> 01:40:31,840

company that you're you're starting did

2135

01:40:37,300 --> 01:40:35,280

I get the name right the uip expedition

2136

01:40:39,030 --> 01:40:37,310

yeah us px

2137

01:40:41,770 --> 01:40:39,040

Editions and I think they added like a

2138

01:40:44,310 --> 01:40:41,780

technology co or something to it I'm the

2139

01:40:48,940 --> 01:40:44,320

I'm the I'm the vice president of this

2140

01:40:50,830 --> 01:40:48,950

this expedition and basically like to

2141

01:40:53,200 --> 01:40:50,840

start out we've been doing a lot of

2142

01:40:55,560 --> 01:40:53,210

background research on San Clemente and

2143

01:40:59,230 --> 01:40:55,570

the surrounding areas where all these

2144

01:41:01,270 --> 01:40:59,240

EVPs started a little serious with you

2145

01:41:03,280 --> 01:41:01,280

guys for a little bit but this has been

2146

01:41:05,260 --> 01:41:03,290

like kind of a passion of me and Kevin

2147

01:41:09,040 --> 01:41:05,270

and some of the other guys first since

2148

01:41:11,140 --> 01:41:09,050

2017 when we all got together well

2149

01:41:12,880 --> 01:41:11,150

there's been over like as long as

2150

01:41:14,110 --> 01:41:12,890

there's been people in that area they've

2151  
01:41:16,420 --> 01:41:14,120  
been seeing the same [h\_\_\h] that we

2152  
01:41:20,320 --> 01:41:16,430  
tracked maybe so we're talking like

2153  
01:41:21,820 --> 01:41:20,330  
hundreds of witnesses you know people

2154  
01:41:25,600 --> 01:41:21,830  
that have lived for generations that

2155  
01:41:29,370 --> 01:41:25,610  
just know about this stuff I was talking

2156  
01:41:32,320 --> 01:41:29,380  
to a via email to a lady that used to do

2157  
01:41:34,480 --> 01:41:32,330  
tours office and comment aid to bring

2158  
01:41:36,400 --> 01:41:34,490  
people out to actually just see him like

2159  
01:41:40,300 --> 01:41:36,410  
she could regularly bring people out

2160  
01:41:42,490 --> 01:41:40,310  
just to see them and so our idea is that

2161  
01:41:45,040 --> 01:41:42,500  
well if we get a bunch of smart super

2162  
01:41:48,190 --> 01:41:45,050  
smart you know actual scientists out

2163  
01:41:49,960 --> 01:41:48,200

there to do real research we could

2164

01:41:52,990 --> 01:41:49,970

probably hopefully figure out maybe

2165

01:41:54,970 --> 01:41:53,000

replicate the situation find them study

2166

01:41:57,790 --> 01:41:54,980

them and try to figure out exactly what

2167

01:42:00,190 --> 01:41:57,800

the hell they are and you know in the

2168

01:42:02,260 --> 01:42:00,200

future you know we're looking at some

2169

01:42:04,900 --> 01:42:02,270

pretty major funding for our operation

2170

01:42:07,090 --> 01:42:04,910

which if everything worked out good you

2171

01:42:12,130 --> 01:42:07,100

might be seeing us all over the place

2172

01:42:14,950 --> 01:42:12,140

that's really awesome yeah so it's it's

2173

01:42:16,390 --> 01:42:14,960

it's pretty exciting and honestly if I

2174

01:42:21,690 --> 01:42:16,400

can quit my job for like a year I'd be

2175

01:42:24,460 --> 01:42:21,700

super stoked I feel the exact same way

2176

01:42:26,170 --> 01:42:24,470

hey you you do the work keep up with us

2177

01:42:29,830 --> 01:42:26,180

and we'll talk about it for you we'll

2178

01:42:32,050 --> 01:42:29,840

help each other quit our day jobs sounds

2179

01:42:35,140 --> 01:42:32,060

like a plan yeah we we have a couple

2180

01:42:36,970 --> 01:42:35,150

friends one her name is Melinda Leslie

2181

01:42:40,030 --> 01:42:36,980

and you'll be getting to her pretty soon

2182

01:42:45,540 --> 01:42:40,040

on the podcast man she's one of those

2183

01:42:50,160 --> 01:42:47,400

yeah well so I mean yeah she's actually

2184

01:42:52,770 --> 01:42:50,170

that see she did the UFO con that

2185

01:42:55,320 --> 01:42:52,780

actually was our all of our first events

2186

01:42:58,080 --> 01:42:55,330

so we know Melinda pretty well she's an

2187

01:43:00,660 --> 01:42:58,090

awesome awesome lady man super awesome

2188

01:43:02,790 --> 01:43:00,670

lady yeah and yeah she takes people out

2189

01:43:06,060 --> 01:43:02,800

on those on those little tours as well

2190

01:43:08,310 --> 01:43:06,070

man you know that's actually who took us

2191

01:43:09,410 --> 01:43:08,320

out they over there and when we were

2192

01:43:12,690 --> 01:43:09,420

over there in the desert

2193

01:43:15,390 --> 01:43:12,700

yeah that's so cool yeah she's a super

2194

01:43:17,760 --> 01:43:15,400

nice lady she has got she's got some

2195

01:43:20,520 --> 01:43:17,770

crazy information man all that that mil

2196

01:43:23,070 --> 01:43:20,530

labs research and and stuff like that I

2197

01:43:25,920 --> 01:43:23,080

don't know if you saw hope have you seen

2198

01:43:27,990 --> 01:43:25,930

the documentary of the seating I haven't

2199

01:43:29,310 --> 01:43:28,000

seen that actually was just listening to

2200

01:43:31,290 --> 01:43:29,320

the episode where you kind of glazed

2201

01:43:33,720 --> 01:43:31,300

over that a little I was like mm I might

2202

01:43:38,340 --> 01:43:33,730

watch that she's in it watch it it's

2203

01:43:40,110 --> 01:43:38,350

it's it's pretty awesome yeah she was

2204

01:43:42,210 --> 01:43:40,120

telling me about it but I'll be honest

2205

01:43:44,370 --> 01:43:42,220

with you some some of the stuff you know

2206

01:43:46,920 --> 01:43:44,380

I'm still just a nuts and bolts guy you

2207

01:43:48,990 --> 01:43:46,930

know I'm like a what you would guess we

2208

01:43:50,820 --> 01:43:49,000

call like a skeptical believer you know

2209

01:43:52,680 --> 01:43:50,830

you mean give me a give me at least a

2210

01:43:54,810 --> 01:43:52,690

grain to go on and I might you know

2211

01:43:57,030 --> 01:43:54,820

start start looking into it but I got so

2212

01:43:59,990 --> 01:43:57,040

much [h\_\_h] that I even just gotta catch

2213

01:44:04,230 --> 01:44:00,000

up on I'm just UFO history nevermind

2214

01:44:06,150 --> 01:44:04,240

that I'll keep the fringe stuff for when

2215

01:44:08,010 --> 01:44:06,160

I got a little bit of time but I mean

2216

01:44:09,870 --> 01:44:08,020

you know so like somebody like Melinda

2217

01:44:11,730 --> 01:44:09,880

she's so passionate about it it makes

2218

01:44:15,060 --> 01:44:11,740

you want to listen to her and believe

2219

01:44:16,830 --> 01:44:15,070

what she's saying so so I you know I

2220

01:44:18,570 --> 01:44:16,840

definitely you know I definitely feel

2221

01:44:20,880 --> 01:44:18,580

like there's something there but I you

2222

01:44:23,520 --> 01:44:20,890

know I'm not sure I'd have to look into

2223

01:44:25,020 --> 01:44:23,530

a lot more before I'd really get into it

2224

01:44:27,420 --> 01:44:25,030

get into it yeah there because if that's

2225

01:44:30,060 --> 01:44:27,430

true that's gotta be like one of the

2226

01:44:32,160 --> 01:44:30,070

worst situations that's ever happened to

2227

01:44:37,020 --> 01:44:32,170

the females on this planet yeah right

2228

01:44:39,810 --> 01:44:37,030

yes yeah yeah I understand the the nuts

2229

01:44:41,880 --> 01:44:39,820

and bolts aspect for sure you know

2230

01:44:44,370 --> 01:44:41,890

that's you know it's it's it's kind of a

2231

01:44:48,000 --> 01:44:44,380

hard thing to wrap your mind around but

2232

01:44:50,040 --> 01:44:48,010

you know you all you also said you know

2233

01:44:51,300 --> 01:44:50,050

it's not impossible just highly

2234

01:44:54,840 --> 01:44:51,310

improbable right

2235

01:44:56,970 --> 01:44:54,850

you know exactly so you know I try

2236

01:44:58,580 --> 01:44:56,980

really hard not even if I don't believe

2237

01:45:01,460 --> 01:44:58,590

in what somebody is saying I

2238

01:45:03,920 --> 01:45:01,470

very hard to least listen to it and

2239

01:45:05,330 --> 01:45:03,930  
gauge it and just kind of if I don't

2240

01:45:06,740 --> 01:45:05,340  
quite believe it I'll put this on this

2241

01:45:11,600 --> 01:45:06,750  
shelf over here until I find more

2242

01:45:14,810 --> 01:45:11,610  
information you know 30 plus years of

2243

01:45:19,370 --> 01:45:14,820  
research in the in the middle app stuff

2244

01:45:21,710 --> 01:45:19,380  
and I mean you know you it it's it's

2245

01:45:24,020 --> 01:45:21,720  
hard for me to wrap my head around you

2246

01:45:27,500 --> 01:45:24,030  
know and I'm totally into this stuff

2247

01:45:29,540 --> 01:45:27,510  
yeah saying it blows my mind but you

2248

01:45:32,330 --> 01:45:29,550  
know when you start looking at all the

2249

01:45:35,780 --> 01:45:32,340  
the names in the people that she's

2250

01:45:38,390 --> 01:45:35,790  
involved with and you know where they

2251

01:45:41,540 --> 01:45:38,400

work you know like it's it's uh it's

2252

01:45:43,940 --> 01:45:41,550

it's it's pretty intriguing definitely

2253

01:45:45,860 --> 01:45:43,950

to say the least you know it's it's it's

2254

01:45:47,750 --> 01:45:45,870

definitely something to you know there

2255

01:45:49,250 --> 01:45:47,760

is so much to this dude like you were

2256

01:45:51,320 --> 01:45:49,260

saying like you know you got a lot of

2257

01:45:52,880 --> 01:45:51,330

you got a lot of research to do we have

2258

01:45:55,670 --> 01:45:52,890

been are barely even scratching the

2259

01:45:57,290 --> 01:45:55,680

surface of this stuff and it it every

2260

01:45:59,180 --> 01:45:57,300

time we talked to somebody man are like

2261

01:46:01,040 --> 01:45:59,190

we have to scoop our brains up off the

2262

01:46:04,760 --> 01:46:01,050

floor cuz you know it just blows our

2263

01:46:07,370 --> 01:46:04,770

minds but yeah there's just so much to

2264

01:46:08,930 --> 01:46:07,380

it man there's so much to it but it

2265

01:46:12,350 --> 01:46:08,940

helps a little bit when you have

2266

01:46:15,080 --> 01:46:12,360

somebody who has the research and has

2267

01:46:17,750 --> 01:46:15,090

the you know the the data to go along

2268

01:46:20,630 --> 01:46:17,760

with it it you know it makes it a little

2269

01:46:29,030 --> 01:46:20,640

more a little more real even though it

2270

01:46:32,750 --> 01:46:29,040

is completely insane yeah - you know say

2271

01:46:34,220 --> 01:46:32,760

it again PJ so that's why I like to go

2272

01:46:41,540 --> 01:46:34,230

on these things with Gary I sound

2273

01:46:43,400 --> 01:46:41,550

smarter pretty smart cat yeah it's it's

2274

01:46:44,690 --> 01:46:43,410

not the guy running his mouth it's smart

2275

01:46:48,560 --> 01:46:44,700

it's a guy that's keeping his mouth shut

2276

01:46:51,200 --> 01:46:48,570

and listening so that's right that's how

2277

01:46:55,280 --> 01:46:51,210

I'm just a feather just get that runs

2278

01:46:56,990 --> 01:46:55,290

his mouth for the group hey you need the

2279

01:46:59,090 --> 01:46:57,000

balance right you need somebody to speak

2280

01:47:00,650 --> 01:46:59,100

you know it's a little bit of both I

2281

01:47:03,080 --> 01:47:00,660

feel like both of you guys are just I

2282

01:47:05,450 --> 01:47:03,090

just love the passion the passion you

2283

01:47:07,640 --> 01:47:05,460

Gary and PG I know you're passionate

2284

01:47:09,080 --> 01:47:07,650

about the stuff too and you we wouldn't

2285

01:47:10,120 --> 01:47:09,090

have you on the podcast if you weren't

2286

01:47:14,470 --> 01:47:10,130

so

2287

01:47:16,480 --> 01:47:14,480

are just willing to go out there and

2288

01:47:19,450 --> 01:47:16,490

talk you mean uh you mentioned earlier

2289

01:47:21,700 --> 01:47:19,460

you you guys wanted to you guys wanted

2290

01:47:24,040 --> 01:47:21,710

to speak out after David flavor and it's

2291

01:47:25,660 --> 01:47:24,050

just like man time can you talk a little

2292

01:47:27,160 --> 01:47:25,670

bit about that experience like after

2293

01:47:29,260 --> 01:47:27,170

David flavor came out that he let you

2294

01:47:31,480 --> 01:47:29,270

guys know personally or were you just

2295

01:47:34,420 --> 01:47:31,490

kind of like hey well [h\_\_h] let's do this

2296

01:47:36,940 --> 01:47:34,430

well we did honest with you I've never

2297

01:47:41,950 --> 01:47:36,950

spoken the day forever nor did they have

2298

01:47:44,470 --> 01:47:41,960

any desire to speak to any of us I don't

2299

01:47:46,180 --> 01:47:44,480

I'm not really sure you know they got a

2300

01:47:49,420 --> 01:47:46,190

certain narrative that they've stuck to

2301

01:47:53,050 --> 01:47:49,430

and I think that it's just based off of

2302

01:47:56,320 --> 01:47:53,060

the report that was actually filed from

2303

01:47:59,170 --> 01:47:56,330

the Navy's investigation and so they

2304

01:48:01,600 --> 01:47:59,180

stick right with that storyline I'm so

2305

01:48:03,220 --> 01:48:01,610

glad you just said that dude I'm ya I've

2306

01:48:05,500 --> 01:48:03,230

want to pick your brain about that

2307

01:48:07,270 --> 01:48:05,510

because we think we me and Joe think the

2308

01:48:09,010 --> 01:48:07,280

same there's something weird about that

2309

01:48:13,510 --> 01:48:09,020

narrative law you're talking about this

2310

01:48:18,010 --> 01:48:13,520

TTS a and yeah absolutely well with with

2311

01:48:20,980 --> 01:48:18,020

you know wit with the report that Paco

2312

01:48:22,930 --> 01:48:20,990

was talking about I mean we we actually

2313

01:48:25,710 --> 01:48:22,940

got in the phone pocket just a couple of

2314

01:48:29,170 --> 01:48:25,720

weeks ago and you know he was cordial

2315

01:48:31,060 --> 01:48:29,180

but I mean completely dismissive I mean

2316

01:48:32,320 --> 01:48:31,070

he just basically thinks we're just all

2317

01:48:35,080 --> 01:48:32,330

full of [h\_\_\h] and that there's no

2318

01:48:38,170 --> 01:48:35,090

possible way and the only his only basis

2319

01:48:41,200 --> 01:48:38,180

is because flavor says so and the report

2320

01:48:43,120 --> 01:48:41,210

doesn't mention anything about it so you

2321

01:48:44,950 --> 01:48:43,130

know whatever the official report says

2322

01:48:46,510 --> 01:48:44,960

and that's it that's all he's going by

2323

01:48:48,790 --> 01:48:46,520

which you know I can't really blame the

2324

01:48:52,030 --> 01:48:48,800

guy because you know his reputation is

2325

01:48:54,670 --> 01:48:52,040

on the line you know where I got the

2326

01:48:56,860 --> 01:48:54,680

lose I tell you my story and that's it

2327

01:49:00,940 --> 01:48:56,870

you know I'm a cable guy into Florida

2328

01:49:13,210 --> 01:49:00,950

the hell am I going to lose are you able

2329

01:49:14,920 --> 01:49:13,220

to have free cable yeah that's that's

2330

01:49:16,720 --> 01:49:14,930

awesome though I mean I think it's I

2331

01:49:19,540 --> 01:49:16,730

think it's great that you know more

2332

01:49:22,620 --> 01:49:19,550

people are speaking up about the event I

2333

01:49:24,130 --> 01:49:22,630

mean the more you know the more you know

2334

01:49:26,320 --> 01:49:24,140

eyewitnesses

2335

01:49:28,900 --> 01:49:26,330

you know that you can corroborate you

2336

01:49:29,350 --> 01:49:28,910

know it might solidifies a story for

2337

01:49:32,080 --> 01:49:29,360

sure

2338

01:49:36,280 --> 01:49:32,090

well my official opinion about day

2339

01:49:38,730 --> 01:49:36,290

forever is that I absolutely respect the

2340

01:49:42,070 --> 01:49:38,740

man he's a Top Gun pilot and from what

2341

01:49:44,140 --> 01:49:42,080

I've heard from other other people that

2342

01:49:46,120 --> 01:49:44,150

have worked around him is that he is

2343

01:49:48,340 --> 01:49:46,130

what they would say they're the best of

2344

01:49:51,370 --> 01:49:48,350

the best when it comes to violence so

2345

01:49:53,080 --> 01:49:51,380

you know the attitude and everything

2346

01:49:54,280 --> 01:49:53,090

else that comes with it it's just part

2347

01:49:57,160 --> 01:49:54,290

of that package man you just either

2348

01:49:58,390 --> 01:49:57,170

gonna roll with it or you know if he

2349

01:49:59,410 --> 01:49:58,400

doesn't want to talk to us that's cool

2350

01:50:01,150 --> 01:49:59,420

it doesn't bother me

2351  
01:50:04,180 --> 01:50:01,160  
yeah I'm still gonna support the dude I

2352  
01:50:06,130 --> 01:50:04,190  
still think he's you know if he says you

2353  
01:50:07,480 --> 01:50:06,140  
know he didn't have radar contact or if

2354  
01:50:11,920 --> 01:50:07,490  
he says he got jammed

2355  
01:50:13,240 --> 01:50:11,930  
I believe it 100% yeah so that's

2356  
01:50:14,800 --> 01:50:13,250  
important to know I feel like a lot of

2357  
01:50:17,200 --> 01:50:14,810  
people kind of lump all these stories

2358  
01:50:18,550 --> 01:50:17,210  
together like you know you talk to one

2359  
01:50:21,010 --> 01:50:18,560  
witness and the other and they maybe

2360  
01:50:22,570 --> 01:50:21,020  
have two different experiences I think

2361  
01:50:25,300 --> 01:50:22,580  
it is important to bring up both sides

2362  
01:50:27,490 --> 01:50:25,310  
right it's like this guy says this and

2363  
01:50:29,530 --> 01:50:27,500

this guy says that you kind of gotta

2364

01:50:31,540 --> 01:50:29,540

maybe not lump them all together but

2365

01:50:32,710 --> 01:50:31,550

just figure out all the different sides

2366

01:50:34,450 --> 01:50:32,720

of the story we're all just trying to

2367

01:50:38,650 --> 01:50:34,460

figure this thing out right this is just

2368

01:50:41,020 --> 01:50:38,660

one event that so many people are up yes

2369

01:50:42,970 --> 01:50:41,030

to the basic the basic nuts and bolts of

2370

01:50:45,790 --> 01:50:42,980

the extras story is it's okay

2371

01:50:46,930 --> 01:50:45,800

we tracked unknowns how many doesn't

2372

01:50:49,690 --> 01:50:46,940

matter it's an unknown

2373

01:50:51,550 --> 01:50:49,700

it's a actual real physical object we

2374

01:50:54,310 --> 01:50:51,560

track that we have no idea what it was

2375

01:50:57,490 --> 01:50:54,320

it displayed properties of being able to

2376

01:50:59,620 --> 01:50:57,500

do right-hand turns you know breaking

2377

01:51:03,790 --> 01:50:59,630

the sound barrier without making a sonic

2378

01:51:07,540 --> 01:51:03,800

boom it did all these amazing things

2379

01:51:10,420 --> 01:51:07,550

these these things that we can't figure

2380

01:51:11,320 --> 01:51:10,430

out how it did then we had after we

2381

01:51:14,680 --> 01:51:11,330

tracked it

2382

01:51:19,270 --> 01:51:14,690

we had an f-18 and Terry which was David

2383

01:51:21,640 --> 01:51:19,280

flavors flight he then saw it

2384

01:51:23,290 --> 01:51:21,650

interrogated it did a smoke gun you know

2385

01:51:27,370 --> 01:51:23,300

you know a little dog fight without

2386

01:51:29,800 --> 01:51:27,380

shooting with it and the thing just flew

2387

01:51:33,300 --> 01:51:29,810

circles around them it was shocking out

2388

01:51:37,690 --> 01:51:33,310

to him because of how crazy it just

2389

01:51:38,080 --> 01:51:37,700

outmaneuvered the best of our planes at

2390

01:51:39,640 --> 01:51:38,090

the time

2391

01:51:43,540 --> 01:51:39,650

you know I mean that was the best in the

2392

01:51:45,339 --> 01:51:43,550

world at the time you know so it wasn't

2393

01:51:47,050 --> 01:51:45,349

the nuts and bolts of the story that is

2394

01:51:49,780 --> 01:51:47,060

what people need to be focused on is the

2395

01:51:52,270 --> 01:51:49,790

fact that this event happened that that

2396

01:51:58,240 --> 01:51:52,280

this technology exists there is

2397

01:52:00,970 --> 01:51:58,250

something flying around there is a you

2398

01:52:02,890 --> 01:52:00,980

know I my heart doesn't want to say a

2399

01:52:04,899 --> 01:52:02,900

threat but when it comes down to it you

2400

01:52:06,750 --> 01:52:04,909

know here's a technology that literally

2401  
01:52:10,149 --> 01:52:06,760  
can just do whatever the hell it wants

2402  
01:52:10,839 --> 01:52:10,159  
yeah it is a threat even if it's not

2403  
01:52:14,260 --> 01:52:10,849  
hostile

2404  
01:52:16,270 --> 01:52:14,270  
it's still a threat you know I didn't

2405  
01:52:20,680 --> 01:52:16,280  
know that sounds weird but you know it's

2406  
01:52:23,439 --> 01:52:20,690  
like say you have some very devoted

2407  
01:52:25,870 --> 01:52:23,449  
people of country a that moved and

2408  
01:52:28,120 --> 01:52:25,880  
immigrated to country B and then all of

2409  
01:52:30,939 --> 01:52:28,130  
a sudden country a decides that they

2410  
01:52:32,680 --> 01:52:30,949  
want to go to war with country B now you

2411  
01:52:34,300 --> 01:52:32,690  
have divided you know you've got you can

2412  
01:52:37,060 --> 01:52:34,310  
always have a handful of people that are

2413  
01:52:40,030 --> 01:52:37,070

still devoted to the motherland so even

2414

01:52:43,390 --> 01:52:40,040

if they're not a not a threat to us now

2415

01:52:46,839 --> 01:52:43,400

as if we don't develop T where we can

2416

01:52:49,410 --> 01:52:46,849

actually go to war with them you know

2417

01:52:52,330 --> 01:52:49,420

what screw it you guys had a good run so

2418

01:52:53,620 --> 01:52:52,340

you know we're gonna do like I hope

2419

01:52:58,240 --> 01:52:53,630

somebody made an art because we're gonna

2420

01:53:01,689 --> 01:52:58,250

do like no and melty ice caps yeah I

2421

01:53:06,370 --> 01:53:01,699

think about that like kind of connection

2422

01:53:08,649 --> 01:53:06,380

between you know horses in in in Mexico

2423

01:53:11,620 --> 01:53:08,659

when the Spaniards came over with horses

2424

01:53:13,540 --> 01:53:11,630

and nobody knew what a horse look like

2425

01:53:15,490 --> 01:53:13,550

right they're like oh man these little

2426

01:53:17,979 --> 01:53:15,500

is so [h\_\_h] fast and they're

2427

01:53:19,930 --> 01:53:17,989

half-horse half-man and oh man they're

2428

01:53:20,979 --> 01:53:19,940

in and out and we can't ever tell where

2429

01:53:22,750 --> 01:53:20,989

they're gonna be where they're gonna

2430

01:53:25,510 --> 01:53:22,760

it's just kind of like that same

2431

01:53:27,520 --> 01:53:25,520

connectivity of it's just we don't

2432

01:53:30,310 --> 01:53:27,530

notice they're bad or they're good until

2433

01:53:31,720 --> 01:53:30,320

you know that they're but I mean what's

2434

01:53:34,120 --> 01:53:31,730

what's any technology you don't

2435

01:53:36,459 --> 01:53:34,130

understand it's just magic right so I

2436

01:53:39,100 --> 01:53:36,469

met it's only magic until you understand

2437

01:53:42,820 --> 01:53:39,110

what it is yeah exactly so I mean that

2438

01:53:45,820 --> 01:53:42,830

the the the stance on are these things a

2439

01:53:48,729 --> 01:53:45,830

threat I really appreciate your kind of

2440

01:53:50,830 --> 01:53:48,739

description of that that okay well it is

2441

01:53:51,399 --> 01:53:50,840

unknown and it can do whatever the [h\_\_h]

2442

01:53:54,399 --> 01:53:51,409

it

2443

01:53:56,140 --> 01:53:54,409

right I just I'm still kind of on the

2444

01:53:59,470 --> 01:53:56,150

fence and whether it is a threat or not

2445

01:54:01,030 --> 01:53:59,480

but maybe that's just it it's always

2446

01:54:03,160 --> 01:54:01,040

gonna be a threat because we can't do

2447

01:54:05,169 --> 01:54:03,170

anything about it so it's like if I

2448

01:54:07,090 --> 01:54:05,179

walked up to you and you're super small

2449

01:54:10,600 --> 01:54:07,100

dude and I just start pushing you around

2450

01:54:12,430 --> 01:54:10,610

you can't stop me hey well you know say

2451

01:54:14,290 --> 01:54:12,440

I stop pushing you around or I stop

2452

01:54:17,890 --> 01:54:14,300

hanging around you even though you know

2453

01:54:19,899 --> 01:54:17,900

you can't do anything about it and you

2454

01:54:26,169 --> 01:54:19,909

know anytime I could just decide to go

2455

01:54:27,970 --> 01:54:26,179

over there and pummel you to death just

2456

01:54:30,100 --> 01:54:27,980

be like hanging out and be like yeah

2457

01:54:31,240 --> 01:54:30,110

this is my book isn't my boy but then

2458

01:54:35,410 --> 01:54:31,250

all of a sudden you know you ain't my

2459

01:54:39,580 --> 01:54:35,420

boy no more you know that's like some

2460

01:54:41,490 --> 01:54:39,590

psychological deep kind of stuff man

2461

01:54:43,930 --> 01:54:41,500

I've never really thought of it that way

2462

01:54:48,850 --> 01:54:43,940

and I get a little insight of how my

2463

01:54:50,439 --> 01:54:48,860

brain never stops working I've got you

2464

01:54:52,840 --> 01:54:50,449

know boys of mine that are you know a

2465

01:54:55,300 --> 01:54:52,850

little more muscular than me I'm like me

2466

01:55:00,790 --> 01:54:55,310

in that I could take him but in reality

2467

01:55:02,379 --> 01:55:00,800

we can't push the show but I mean so

2468

01:55:04,270 --> 01:55:02,389

this does that mean that I should always

2469

01:55:09,100 --> 01:55:04,280

see my friend is a threat you know it's

2470

01:55:12,340 --> 01:55:09,110

like we made sure you piss him off he's

2471

01:55:14,020 --> 01:55:12,350

not yeah I think maybe the difference

2472

01:55:16,300 --> 01:55:14,030

there is with that kind of line of

2473

01:55:19,660 --> 01:55:16,310

thinking is we don't have a relationship

2474

01:55:23,229 --> 01:55:19,670

with whatever this is to establish a

2475

01:55:27,280 --> 01:55:23,239

flowing a friendly relationship so we

2476

01:55:29,200 --> 01:55:27,290

don't have any the public doesn't the

2477

01:55:31,660 --> 01:55:29,210

public's doesn't have a relationship

2478

01:55:34,510 --> 01:55:31,670

with them or they remember that you know

2479

01:55:35,800 --> 01:55:34,520

just because we as a public entity don't

2480

01:55:38,169 --> 01:55:35,810

have one doesn't mean that somebody on

2481

01:55:41,890 --> 01:55:38,179

this planet doesn't right very good

2482

01:55:44,860 --> 01:55:41,900

point very good point yeah yeah yeah I

2483

01:55:47,169 --> 01:55:44,870

love that like here's here's here's an

2484

01:55:49,570 --> 01:55:47,179

idea for you say that there's seriously

2485

01:55:51,850 --> 01:55:49,580

this is all all they do experiments on

2486

01:55:55,570 --> 01:55:51,860

everything like say you're alone your

2487

01:55:59,080 --> 01:55:55,580

thing where they collect you know DNA

2488

01:56:01,209 --> 01:55:59,090

and then you know a all this stuff from

2489

01:56:03,610 --> 01:56:01,219

us you know biological samples from us

2490

01:56:04,629 --> 01:56:03,620

yeah say they say they go the world

2491

01:56:06,549 --> 01:56:04,639

leaders or the

2492

01:56:09,699 --> 01:56:06,559

Mincy say look you know we're gonna give

2493

01:56:11,199 --> 01:56:09,709

you this tack but you know 1% of the

2494

01:56:14,799 --> 01:56:11,209

population we're gonna we're gonna take

2495

01:56:18,370 --> 01:56:14,809

every year yeah yeah yeah what are

2496

01:56:20,290 --> 01:56:18,380

they gonna take I mean that's that's why

2497

01:56:22,569 --> 01:56:20,300

the CIA was invented in the first place

2498

01:56:30,669 --> 01:56:22,579

was to assure that this was able to

2499

01:56:34,209 --> 01:56:30,679

happen make sure that it does happen

2500

01:56:37,330 --> 01:56:34,219

yeah they could be just a straight

2501  
01:56:43,899 --> 01:56:37,340  
agency just smooth over all these

2502  
01:56:47,439 --> 01:56:43,909  
abductions you know I mean it's sorry if

2503  
01:56:49,149 --> 01:56:47,449  
you do a google search for how many

2504  
01:56:52,479 --> 01:56:49,159  
missing persons all right and then you

2505  
01:56:54,729 --> 01:56:52,489  
say at least 90% of those people were

2506  
01:56:57,219 --> 01:56:54,739  
either murdered or just disappeared by

2507  
01:56:59,529 --> 01:56:57,229  
other humans you know maybe you know a

2508  
01:57:00,819 --> 01:56:59,539  
little bit of you know the cousin they

2509  
01:57:08,979 --> 01:57:00,829  
knew something about the Clintons or

2510  
01:57:10,870 --> 01:57:08,989  
something you know ten percenter that 1%

2511  
01:57:12,489 --> 01:57:10,880  
that still takes up a lot of [h\_\_\h]

2512  
01:57:14,919 --> 01:57:12,499  
people missing every year that nobody

2513  
01:57:20,229 --> 01:57:14,929

knows where they went right aliens or

2514

01:57:22,060 --> 01:57:20,239

the Clintons dude have you seen that

2515

01:57:26,259 --> 01:57:22,070

have y'all seen the documentaries

2516

01:57:28,870 --> 01:57:26,269

missing for one one I've heard about it

2517

01:57:30,370 --> 01:57:28,880

and I saw the trailer for it they're

2518

01:57:31,979 --> 01:57:30,380

pretty bad yeah there's two of them you

2519

01:57:34,479 --> 01:57:31,989

also check it out if you're interested

2520

01:57:37,089 --> 01:57:34,489

it's it's pretty it's pretty like

2521

01:57:39,489 --> 01:57:37,099

third-party it really doesn't say what

2522

01:57:41,859 --> 01:57:39,499

stance it takes but the guy they did a

2523

01:57:43,540 --> 01:57:41,869

really tasteful job of saying hey here's

2524

01:57:46,270 --> 01:57:43,550

some statistics on how many people go

2525

01:57:48,939 --> 01:57:46,280

missing every year in state parks well

2526

01:57:55,060 --> 01:57:48,949

turns out state parks don't have [h\_\_h]

2527

01:57:56,500 --> 01:57:55,070

any documentation on that about this so

2528

01:58:01,449 --> 01:57:56,510

yeah I know everything you guys talked

2529

01:58:03,669 --> 01:58:01,459

about if you do want information it cost

2530

01:58:07,060 --> 01:58:03,679

millions of dollars to obtain the

2531

01:58:09,159 --> 01:58:07,070

information pretty crazy yeah they don't

2532

01:58:10,719 --> 01:58:09,169

you know I mean that's their bread and

2533

01:58:12,489 --> 01:58:10,729

butter for people to come to those parks

2534

01:58:16,239 --> 01:58:12,499

so if there's like you know 10 people

2535

01:58:18,400 --> 01:58:16,249

missing every month you don't work or I

2536

01:58:19,930 --> 01:58:18,410

mean he'll if there's one there's one

2537

01:58:21,640 --> 01:58:19,940

architecting a beach here in Florida

2538

01:58:26,220 --> 01:58:21,650

nobody goes there for like you know a

2539

01:58:29,290 --> 01:58:26,230

year good thing Netflix was invented

2540

01:58:35,140 --> 01:58:29,300

hikes hours sorry honey we ain't going

2541

01:58:37,990 --> 01:58:35,150

to Yellowstone over over in Yosemite

2542

01:58:39,880 --> 01:58:38,000

they've got these these pools and I mean

2543

01:58:41,380 --> 01:58:39,890

if you fell into this book coming out

2544

01:58:44,260 --> 01:58:41,390

did you just die because it's just

2545

01:58:46,720 --> 01:58:44,270

nothing but methane and just these nasty

2546

01:58:48,790 --> 01:58:46,730

chemicals you know in some of these

2547

01:58:50,260 --> 01:58:48,800

these things and I mean there's signs

2548

01:58:52,090 --> 01:58:50,270

saying you know don't be messing around

2549

01:58:54,520 --> 01:58:52,100

over here because if you fall in you're

2550

01:58:56,620 --> 01:58:54,530

just dead you're not getting out and

2551

01:58:58,180 --> 01:58:56,630

apparently there's actually so many

2552

01:59:00,670 --> 01:58:58,190

people that actually fall into this

2553

01:59:08,380 --> 01:59:00,680

thing every year but they don't say

2554

01:59:10,060 --> 01:59:08,390

anything about labels all over bleach

2555

01:59:12,280 --> 01:59:10,070

like do not drink this but they can't

2556

01:59:29,190 --> 01:59:12,290

even post a [h\_\_\h] sign on this methane

2557

01:59:35,050 --> 01:59:33,010

right which you know and sometimes you

2558

01:59:36,820 --> 01:59:35,060

know I can't say you know I'm opposed to

2559

01:59:41,770 --> 01:59:36,830

that you know like maybe they should

2560

01:59:43,510 --> 01:59:41,780

stop labeling certain things you don't

2561

01:59:54,490 --> 01:59:43,520

have to definitely hear not dangerous

2562

01:59:56,380 --> 01:59:54,500

keep movin dude hey so the most

2563

02:00:04,980 --> 01:59:56,390

important question of the night have you

2564

02:00:07,960 --> 02:00:04,990

guys seen mandalorian or what alright

2565

02:00:09,940 --> 02:00:07,970

three where that thing happens with the

2566

02:00:16,870 --> 02:00:09,950

one little thing and you know they do

2567

02:00:20,200 --> 02:00:16,880

they we hey we will give you a 4pj all

2568

02:00:22,000 --> 02:00:20,210

right this is the way I'm gonna send

2569

02:00:26,140 --> 02:00:22,010

them a text after this everything

2570

02:00:28,150 --> 02:00:26,150

happens yeah yeah ketchup man it's

2571

02:00:29,930 --> 02:00:28,160

pretty hard I'm waiting I gotta watch it

2572

02:00:32,120 --> 02:00:29,940

with my kids yeah

2573

02:00:35,090 --> 02:00:32,130

okay sorry I'll give you that one I

2574

02:00:37,850 --> 02:00:35,100

haven't seen the new Star Wars yet so so

2575

02:00:41,450 --> 02:00:37,860

I'm behind about that he's a pretty

2576  
02:00:46,150 --> 02:00:41,460  
badass yeah oh yeah cool yeah I've seen

2577  
02:00:53,270 --> 02:00:49,360  
last of the Jedi yeah yeah I thought too

2578  
02:00:55,880 --> 02:00:53,280  
yeah I was amazed I haven't seen it yet

2579  
02:00:58,160 --> 02:00:55,890  
I hear it's pretty badass there's a

2580  
02:01:03,260 --> 02:00:58,170  
couple of the the snobs they were like

2581  
02:01:06,050 --> 02:01:03,270  
it wasn't that good like that what's

2582  
02:01:07,490 --> 02:01:06,060  
that what's that me my saw it's like me

2583  
02:01:10,370 --> 02:01:07,500  
sitting in front of the new Star Wars

2584  
02:01:17,060 --> 02:01:10,380  
movie because it's a [h\_\_h] new Star

2585  
02:01:19,010 --> 02:01:17,070  
Wars movie there's so much so much in

2586  
02:01:20,690 --> 02:01:19,020  
that episode or that you know I guess it

2587  
02:01:23,780 --> 02:01:20,700  
is an episode because it's episode 9 or

2588  
02:01:25,130 --> 02:01:23,790

whatever but man I love that movie I'm

2589

02:01:27,290 --> 02:01:25,140

not gonna give any spoilers away but

2590

02:01:31,550 --> 02:01:27,300

right don't give any spoilers what about

2591

02:01:33,800 --> 02:01:31,560

the new lost in space I'm on like the

2592

02:01:37,880 --> 02:01:33,810

third episode right now I watch it when

2593

02:01:39,650 --> 02:01:37,890

I run whoa dude I'm Jesus Christ please

2594

02:01:49,130 --> 02:01:39,660

follow your Charlie on treadmill or you

2595

02:01:50,510 --> 02:01:49,140

hold it up in front of your face damn I

2596

02:01:57,320 --> 02:01:50,520

was gonna say dude I can't even like

2597

02:02:04,430 --> 02:01:57,330

chew gum and run at the same time Gary's

2598

02:02:07,130 --> 02:02:04,440

got a gazelle going on I was gonna say

2599

02:02:08,780 --> 02:02:07,140

the other day you had messaged me and it

2600

02:02:11,300 --> 02:02:08,790

was like it was like 5:15 in the morning

2601  
02:02:13,670 --> 02:02:11,310  
and I was like holy [\h\_\_\h] he's up this

2602  
02:02:15,890 --> 02:02:13,680  
early - is that like are you are you

2603  
02:02:19,370 --> 02:02:15,900  
doing work or is it just because you are

2604  
02:02:22,490 --> 02:02:19,380  
you guys go and you guys are waking up

2605  
02:02:25,430 --> 02:02:22,500  
early all the time anyways I get up at

2606  
02:02:27,830 --> 02:02:25,440  
5:00 or 6:00 every day anyways but and

2607  
02:02:29,570 --> 02:02:27,840  
Mondays Wednesdays and Fridays and

2608  
02:02:31,760 --> 02:02:29,580  
sometimes Saturdays depending on what

2609  
02:02:34,430 --> 02:02:31,770  
day that my workout partner wants to go

2610  
02:02:38,870 --> 02:02:34,440  
we get up at 3 a.m. to go workout before

2611  
02:02:40,310 --> 02:02:38,880  
work damn yeah my brothers that lot -

2612  
02:02:42,470 --> 02:02:40,320  
man you the one that was in the Air

2613  
02:02:43,520 --> 02:02:42,480

Force he's like yeah I wake up at like

2614

02:02:45,890 --> 02:02:43,530

4:00

2615

02:02:47,630 --> 02:02:45,900

I'll go for like a 25 mile run and then

2616

02:02:50,140 --> 02:02:47,640

you know just to burn some energy before

2617

02:02:53,570 --> 02:02:50,150

I go to work and I'm like Jesus Christ

2618

02:02:56,660 --> 02:02:53,580

workout three times a day my protein

2619

02:02:59,900 --> 02:02:56,670

shake I fixed some airplanes and Jesus

2620

02:03:03,800 --> 02:02:59,910

did I'll go that crazy I just got I just

2621

02:03:06,590 --> 02:03:03,810

got real sick in 2017 and in order to

2622

02:03:08,570 --> 02:03:06,600

you know I was diagnosed diabetes all

2623

02:03:13,280 --> 02:03:08,580

kinds of stuff I weighed like close to a

2624

02:03:17,210 --> 02:03:13,290

little over 300 and so I just had to get

2625

02:03:22,220 --> 02:03:17,220

healthy and so I started losing weight

2626

02:03:24,320 --> 02:03:22,230

just by eating right and then I a friend

2627

02:03:27,500 --> 02:03:24,330

of mine we started going to the gym and

2628

02:03:28,970 --> 02:03:27,510

then we just kind of just try to keep it

2629

02:03:30,590 --> 02:03:28,980

going so we could push enough mayonnaise

2630

02:03:33,020 --> 02:03:30,600

through our veins to survive another day

2631

02:03:34,040 --> 02:03:33,030

and then the mandalorian came out and

2632

02:03:36,700 --> 02:03:34,050

you're like well this shit's gonna be

2633

02:03:42,560 --> 02:03:39,140

yeah I should actually start watching

2634

02:03:45,380 --> 02:03:42,570

that - I like the Netflix specials

2635

02:03:51,980 --> 02:03:45,390

because I can I can hit the the next

2636

02:03:56,180 --> 02:03:51,990

episode and then skip intro it's a lot

2637

02:03:57,920 --> 02:03:56,190

easier when I'm when I'm running who try

2638

02:04:02,210 --> 02:03:57,930

to have to fumble with tryna you alright

2639

02:04:03,710 --> 02:04:02,220

next episode skip this part I'm gonna

2640

02:04:04,790 --> 02:04:03,720

binge watch this there's no way I'm

2641

02:04:09,470 --> 02:04:04,800

watching the intro of

2642

02:04:11,090 --> 02:04:09,480

nine times but if you notice they make

2643

02:04:15,080 --> 02:04:11,100

you watch the intro for the first

2644

02:04:17,090 --> 02:04:15,090

episode oh yeah I do miss that yeah they

2645

02:04:19,640 --> 02:04:17,100

sure do huh but it's smart that they're

2646

02:04:22,790 --> 02:04:19,650

the only service that does skip intro or

2647

02:04:24,500 --> 02:04:22,800

a wait I think if you go premium on some

2648

02:04:26,860 --> 02:04:24,510

of them like Hulu you can skip the intro

2649

02:04:29,690 --> 02:04:26,870

oh [h\_\_h] and you don't get it might well

2650

02:04:36,860 --> 02:04:29,700

no I just got I got I got the cheap one

2651  
02:04:41,450 --> 02:04:36,870  
for 14 bucks I got Disney Hulu yeah you

2652  
02:04:50,450 --> 02:04:41,460  
get any any truck commercials with a

2653  
02:04:52,959 --> 02:04:50,460  
truck yeah 0% APR on the Princeton on

2654  
02:04:57,010 --> 02:04:52,969  
the 7 0 down 0 APR title

2655  
02:05:02,560 --> 02:04:57,020  
is that like you know from another

2656  
02:05:13,750 --> 02:05:02,570  
episode they had a little bit of inside

2657  
02:05:15,610 --> 02:05:13,760  
jokes test to see whether they

2658  
02:05:16,959 --> 02:05:15,620  
definitely give me through work and so

2659  
02:05:19,510 --> 02:05:16,969  
when I got my class time I'm driving

2660  
02:05:21,010 --> 02:05:19,520  
around on my truck it's like I got you

2661  
02:05:25,800 --> 02:05:21,020  
guys blast out through the speakers as

2662  
02:05:31,330 --> 02:05:25,810  
I'm going to mine at each job you drive

2663  
02:05:32,950 --> 02:05:31,340

this is a band actually I work as a I'm

2664

02:05:34,330 --> 02:05:32,960

a service technician I fixed cable

2665

02:05:36,040 --> 02:05:34,340

Internet and phone service for a

2666

02:05:38,260 --> 02:05:36,050

spectrum all right all right

2667

02:05:44,140 --> 02:05:38,270

is it one of them old Nissan's or is it

2668

02:05:44,800 --> 02:05:44,150

a four or it's the Ford f250 yeah that's

2669

02:05:47,560 --> 02:05:44,810

what's up

2670

02:05:49,120 --> 02:05:47,570

love that I'm actually I'm actually the

2671

02:05:52,840 --> 02:05:49,130

Chevy guy I don't know if you could tell

2672

02:05:53,560 --> 02:05:52,850

by our logo the 64 Impala you know I'm a

2673

02:05:55,030 --> 02:05:53,570

big fan

2674

02:05:56,650 --> 02:05:55,040

me and Ben always said that if we could

2675

02:05:58,930 --> 02:05:56,660

ever create the technology to be able to

2676  
02:06:00,820 --> 02:05:58,940  
travel the universe we wouldn't do it in

2677  
02:06:01,300 --> 02:06:00,830  
one of those lame-ass saucers or tic

2678  
02:06:04,510 --> 02:06:01,310  
tacs

2679  
02:06:06,040 --> 02:06:04,520  
we went fix up a 64 Impala and cruise

2680  
02:06:08,590 --> 02:06:06,050  
the universe in it because you can fit

2681  
02:06:21,040 --> 02:06:08,600  
wet people in a64 than you can in like a

2682  
02:06:24,040 --> 02:06:21,050  
like a three a lien UFO I used to have a

2683  
02:06:26,290 --> 02:06:24,050  
1970 Impala and I could load up my base

2684  
02:06:27,670 --> 02:06:26,300  
equipment and all of my drummer's [h\_\_h]

2685  
02:06:31,090 --> 02:06:27,680  
into the back of that thing it was

2686  
02:06:32,410 --> 02:06:31,100  
awesome what with a boat like that if

2687  
02:06:33,280 --> 02:06:32,420  
you're flying through the universe you

2688  
02:06:40,380 --> 02:06:33,290

won't have to worry about hitting

2689

02:06:47,170 --> 02:06:44,650

yep that dude that reminds me it in in

2690

02:06:49,990 --> 02:06:47,180

that car in that 70 Impala I had I

2691

02:06:52,390 --> 02:06:50,000

actually backed into a flagpole that was

2692

02:06:54,520 --> 02:06:52,400

cemented into the ground and it had this

2693

02:06:57,130 --> 02:06:54,530

big metal casing around the cement block

2694

02:06:59,229 --> 02:06:57,140

and I dented the [h\_\_\h] out of that thing

2695

02:07:01,450 --> 02:06:59,239

man and I cracked the cement all the way

2696

02:07:03,610 --> 02:07:01,460

through and then I got out of the car

2697

02:07:05,230 --> 02:07:03,620

and I was like oh no and I had this

2698

02:07:07,240 --> 02:07:05,240

little as dent in the

2699

02:07:09,880 --> 02:07:07,250

bumper of my car oh well good Elise

2700

02:07:11,710 --> 02:07:09,890

think their tanks man it was awesome man

2701

02:07:13,930 --> 02:07:11,720

it was awesome I loved that car

2702

02:07:15,850 --> 02:07:13,940

but that's why people love those cars

2703

02:07:19,380 --> 02:07:15,860

that and like the old Bonneville Stu

2704

02:07:21,970 --> 02:07:19,390

like with those big fat trunks yeah they

2705

02:07:24,400 --> 02:07:21,980

loved using those for the derbies the

2706

02:07:28,870 --> 02:07:24,410

demolition derbys yep yep just solid

2707

02:07:33,580 --> 02:07:28,880

dude solid I love that I love that car

2708

02:07:37,630 --> 02:07:33,590

man I'd like more of a Jeep can again I

2709

02:07:40,750 --> 02:07:37,640

Drive a yeah 2015 Jeep Cherokee

2710

02:07:43,600 --> 02:07:40,760

trailhawk oh nice nice is it delight

2711

02:07:48,520 --> 02:07:43,610

games - oh yeah you can brunch it over

2712

02:07:52,660 --> 02:07:48,530

an American money earlier oh yes what

2713

02:08:01,030 --> 02:07:52,670

about you PJ cuz I was talking [h\_\_h]

2714

02:08:01,780 --> 02:08:01,040

about oh my god 11 GMC Sierra 1500 all

2715

02:08:03,970 --> 02:08:01,790

right

2716

02:08:18,010 --> 02:08:03,980

I was waiting firm to say I Drive a

2717

02:08:19,810 --> 02:08:18,020

Prius I was gonna live this guy's like

2718

02:08:23,770 --> 02:08:19,820

this guy's like 6 feet tall

2719

02:08:25,660 --> 02:08:23,780

trying to get into a book because I

2720

02:08:27,820 --> 02:08:25,670

always see the biggest guys like in the

2721

02:08:30,730 --> 02:08:27,830

smallest cars like out here in Austin

2722

02:08:33,300 --> 02:08:30,740

we're like I don't know what it is about

2723

02:08:41,170 --> 02:08:33,310

this place but man there's like these

2724

02:08:43,180 --> 02:08:41,180

people in tiny cars what time is it it

2725

02:08:47,590 --> 02:08:43,190

is oh well I mean we're in different

2726

02:08:50,470 --> 02:08:47,600

states but it's 8:30 9:30 9:30 is my

2727

02:08:54,760 --> 02:08:50,480

wife or mine had another interview at 11

2728

02:08:56,560 --> 02:08:54,770

right right yeah dude Clyde Lewis man

2729

02:08:59,530 --> 02:08:56,570

that's exciting this but yeah have you

2730

02:09:00,730 --> 02:08:59,540

been on the show before yeah this would

2731

02:09:02,590 --> 02:09:00,740

be the second time I've been on his show

2732

02:09:06,760 --> 02:09:02,600

and then I've also been on like fade to

2733

02:09:14,070 --> 02:09:06,770

black coast-to-coast cool like I I've

2734

02:09:18,010 --> 02:09:14,080

been on naps show just Jerry Korbelt yeah

2735

02:09:18,669 --> 02:09:18,020

you raised about every boy that's

2736

02:09:21,370 --> 02:09:18,679

awesome too

2737

02:09:23,590 --> 02:09:21,380

well I'll be honest with you I love I

2738

02:09:25,270 --> 02:09:23,600

loved a little I like no offense to you

2739

02:09:27,640 --> 02:09:25,280

guys but I like the podcast like that

2740

02:09:30,640 --> 02:09:27,650

stuff like that because it's like you

2741

02:09:31,270 --> 02:09:30,650

just love that I mean dude just you know

2742

02:09:33,280 --> 02:09:31,280

you're right

2743

02:09:34,840 --> 02:09:33,290

you mean although you'd love to just

2744

02:09:37,689 --> 02:09:34,850

quit your jobs to do this you know

2745

02:09:39,820 --> 02:09:37,699

full-time yeah just the energy you guys

2746

02:09:41,649 --> 02:09:39,830

got where you just just love this topic

2747

02:09:43,330 --> 02:09:41,659

that's what I love you know that's why I

2748

02:09:47,229 --> 02:09:43,340

like coming on the shows like this and

2749

02:09:49,479 --> 02:09:47,239

that's you know oh yeah well I'm glad we

2750

02:09:51,880 --> 02:09:49,489

could you could be in that in that list

2751

02:09:53,680 --> 02:09:51,890

of names that you just named but I mean

2752

02:09:55,750 --> 02:09:53,690

you know it's it's one of those things

2753

02:09:58,720 --> 02:09:55,760

man work you know we really started this

2754

02:10:00,850 --> 02:09:58,730

thing one because me and Ben really

2755

02:10:02,530 --> 02:10:00,860

enjoyed it but most of all it's it's

2756

02:10:05,200 --> 02:10:02,540

because of people like y'all you know

2757

02:10:07,300 --> 02:10:05,210

it's it's all about the stories it's all

2758

02:10:09,600 --> 02:10:07,310

about the people man you know and and

2759

02:10:13,630 --> 02:10:09,610

you know what they go through you know

2760

02:10:15,610 --> 02:10:13,640

sometimes people just need an ear yeah

2761

02:10:17,439 --> 02:10:15,620

and we want to be that you know that

2762

02:10:20,709 --> 02:10:17,449

platform people want something to say

2763

02:10:21,610 --> 02:10:20,719

you know come talk to us you know we're

2764

02:10:23,470 --> 02:10:21,620

not here to judge you

2765

02:10:25,149 --> 02:10:23,480

we're here to listen to your story and

2766

02:10:31,630 --> 02:10:25,159

then we'll take it from there

2767

02:10:33,939 --> 02:10:31,640

you know yeah and just say just like how

2768

02:10:36,040 --> 02:10:33,949

I allow I look at the whole all these

2769

02:10:37,959 --> 02:10:36,050

different things is just like even if

2770

02:10:40,450 --> 02:10:37,969

like 1% of the people are telling the

2771

02:10:44,290 --> 02:10:40,460

truth there's still some major crazy

2772

02:10:46,060 --> 02:10:44,300

stuff going on yeah absolutely man I

2773

02:10:47,439 --> 02:10:46,070

mean not only do people want to hear

2774

02:10:49,240 --> 02:10:47,449

about this stuff because it's super

2775

02:10:52,330 --> 02:10:49,250

interesting it's way different than

2776

02:10:54,580 --> 02:10:52,340

their day-to-day it's just the when you

2777

02:10:57,250 --> 02:10:54,590

get into it enough to realize that this

2778

02:10:59,080 --> 02:10:57,260

is actually happening to a lot of people

2779

02:11:01,810 --> 02:10:59,090

like you said like it even if it's

2780

02:11:04,149 --> 02:11:01,820

happening to 1% of the population I mean

2781

02:11:06,459 --> 02:11:04,159

think about how many people that are

2782

02:11:08,260 --> 02:11:06,469

telling telling the truth that aren't in

2783

02:11:09,669 --> 02:11:08,270

it for the money that aren't just doing

2784

02:11:11,200 --> 02:11:09,679

it for attention that they're doing it

2785

02:11:13,720 --> 02:11:11,210

but you know they're telling their story

2786

02:11:15,939 --> 02:11:13,730

because this stuff actually happened

2787

02:11:18,100 --> 02:11:15,949

yeah and I'm only talking about these

2788

02:11:19,810 --> 02:11:18,110

abduction stories but these stories you

2789

02:11:23,800 --> 02:11:19,820

know that that you guys have witnessed

2790

02:11:25,560 --> 02:11:23,810

are things that you know you didn't get

2791

02:11:29,020 --> 02:11:25,570

abducted you just saw some stuff that

2792

02:11:31,660 --> 02:11:29,030

defied the laws of physics and anything

2793

02:11:32,330 --> 02:11:31,670

you've ever been used to and yeah

2794

02:11:34,250 --> 02:11:32,340

definitely

2795

02:11:36,320 --> 02:11:34,260

it's just it's really I think it's

2796

02:11:37,970 --> 02:11:36,330

really important to bring it out and you

2797

02:11:39,980 --> 02:11:37,980

know have a good time with it and I and

2798

02:11:42,410 --> 02:11:39,990

I think another important thing like you

2799

02:11:45,110 --> 02:11:42,420

know with with our show is yes

2800

02:11:47,900 --> 02:11:45,120

you guys are experienced yes you guys

2801

02:11:49,610 --> 02:11:47,910

you know are these military guys at it

2802

02:11:51,680 --> 02:11:49,620

that witnessed the the tick-tack event

2803

02:11:53,600 --> 02:11:51,690

we also really try to bring out the

2804

02:11:55,910 --> 02:11:53,610

human element because we got to realize

2805

02:11:58,220 --> 02:11:55,920

that this stuff is happening but it's

2806

02:11:59,870 --> 02:11:58,230

happening to regular human beings you

2807

02:12:01,670 --> 02:11:59,880

know like I don't know how many other

2808

02:12:05,000 --> 02:12:01,680

shows you know you would listen to and

2809

02:12:07,910 --> 02:12:05,010

find out oh oh Gary rides the elliptical

2810

02:12:10,070 --> 02:12:07,920

and watches you know lost in space you

2811

02:12:11,750 --> 02:12:10,080

know what I'm saying we really try human

2812

02:12:14,930 --> 02:12:11,760

element we wouldn't know that PJ drives

2813

02:12:17,150 --> 02:12:14,940

a GC you know what I'm saying like we're

2814

02:12:19,610 --> 02:12:17,160

all just human beings man and we have to

2815

02:12:23,480 --> 02:12:19,620

you have to really remember that you

2816

02:12:26,150 --> 02:12:23,490

know a lot of it you know some of the

2817

02:12:27,620 --> 02:12:26,160

Big Show's are pretty good but there's a

2818

02:12:30,680 --> 02:12:27,630

lot of them that just kind of have an

2819

02:12:32,720 --> 02:12:30,690

agenda you know I mean those guys they

2820

02:12:34,190 --> 02:12:32,730

you know that serve that's their living

2821

02:12:36,800 --> 02:12:34,200

that they're making and you know there's

2822

02:12:38,990 --> 02:12:36,810

only so much you can report on so

2823

02:12:42,260 --> 02:12:39,000

there's always gonna be either a rehash

2824

02:12:46,130 --> 02:12:42,270

for an agenda or you know and you know

2825

02:12:47,600 --> 02:12:46,140

that [h\_\_h] gets tedious after a while so

2826

02:12:49,220 --> 02:12:47,610

it's like when I can go on a show like

2827

02:12:51,050 --> 02:12:49,230

this and just kind of relax have a

2828

02:12:53,240 --> 02:12:51,060

couple beers [h\_\_h] with some guys

2829

02:12:57,650 --> 02:12:53,250

throw out some crazy theories and just

2830

02:12:58,850 --> 02:12:57,660

kind of it's kind of relaxing because

2831

02:13:00,820 --> 02:12:58,860

like you know you got to mind your P's

2832

02:13:03,650 --> 02:13:00,830

and Q's and some the bigger shows

2833

02:13:06,080 --> 02:13:03,660

definitely definitely man well we're

2834

02:13:09,050 --> 02:13:06,090

definitely glad you're able to come on

2835

02:13:10,820 --> 02:13:09,060

and and and you're always welcome always

2836

02:13:12,680 --> 02:13:10,830

welcome on the show anytime you don't

2837

02:13:15,230 --> 02:13:12,690

want to come and shoot the [h\_\_h] again

2838

02:13:16,820 --> 02:13:15,240

you know like definitely just hit us up

2839

02:13:20,150 --> 02:13:16,830

man roll is available we're always

2840

02:13:21,560 --> 02:13:20,160

available you know yeah keep definitely

2841

02:13:26,110 --> 02:13:21,570

keep in touch and then give me some

2842

02:13:31,700 --> 02:13:29,380

you know if how you guys on Twitter yet

2843

02:13:39,370 --> 02:13:31,710

we don't have a Twitter yet don't have a

2844

02:13:43,850 --> 02:13:41,720

there's a pretty decent community on

2845

02:13:45,140 --> 02:13:43,860

there that's where a lot of a lot of

2846

02:13:47,390 --> 02:13:45,150

like

2847

02:13:50,570 --> 02:13:47,400

I answer a lot of questions on Twitter

2848

02:13:52,820 --> 02:13:50,580

and Facebook so you know I try to keep

2849

02:13:54,470 --> 02:13:52,830

myself pretty available for questioning

2850

02:13:56,180 --> 02:13:54,480

and you know even if like after the fact

2851  
02:13:57,919 --> 02:13:56,190  
you had some questions that you forgot

2852  
02:13:59,959 --> 02:13:57,929  
about her because we were pious and

2853  
02:14:01,700 --> 02:13:59,969  
about you know four different topics

2854  
02:14:04,070 --> 02:14:01,710  
that had nothing to do with anything

2855  
02:14:07,339 --> 02:14:04,080  
yeah well hey what what give us your

2856  
02:14:09,649 --> 02:14:07,349  
Twitter a tag name so people can look

2857  
02:14:12,830 --> 02:14:09,659  
you up there listening to us no it's

2858  
02:14:16,089 --> 02:14:12,840  
it's just at Gary Voorhies and it's just

2859  
02:14:24,620 --> 02:14:18,399  
Hue's pj1

2860  
02:14:27,080 --> 02:14:24,630  
sweet perfect yeah it's Gary worries on

2861  
02:14:29,089 --> 02:14:27,090  
Facebook too so I mean I keep just the

2862  
02:14:31,820 --> 02:14:29,099  
same name all the way around so yeah

2863  
02:14:33,830 --> 02:14:31,830

that's make it a way yeah I love y'all's

2864

02:14:35,270 --> 02:14:33,840

approach to like hey if anybody wants to

2865

02:14:37,910 --> 02:14:35,280

talk about it just we'll answer any

2866

02:14:39,950 --> 02:14:37,920

question you have I just absolutely love

2867

02:14:42,200 --> 02:14:39,960

that that it's so you guys are being

2868

02:14:43,850 --> 02:14:42,210

really open and just approachable to

2869

02:14:46,339 --> 02:14:43,860

this whole thing because there's there's

2870

02:14:49,160 --> 02:14:46,349

so many people that are curious and I

2871

02:14:51,169 --> 02:14:49,170

just have that man well I get that gate

2872

02:14:54,080 --> 02:14:51,179

earlier too it's the people that want to

2873

02:14:56,479 --> 02:14:54,090

control the narrative and you know you

2874

02:14:58,010 --> 02:14:56,489

profit off of this and you know it's

2875

02:15:00,560 --> 02:14:58,020

like I'm not I'm not trying to bust

2876

02:15:02,089 --> 02:15:00,570

anybody he's like yeah if somebody's

2877

02:15:03,379 --> 02:15:02,099

gonna make their dollar I'm not trying

2878

02:15:05,180 --> 02:15:03,389

I'm not trying to get in the way of that

2879

02:15:06,709 --> 02:15:05,190

I'm not gonna hold back just because

2880

02:15:11,260 --> 02:15:06,719

they want to control the narrative

2881

02:15:13,790 --> 02:15:11,270

either yeah refreshing you know I just

2882

02:15:15,320 --> 02:15:13,800

yeah and that blows my mind because you

2883

02:15:19,189 --> 02:15:15,330

would think the truth would make more of

2884

02:15:20,990 --> 02:15:19,199

a buck than a narrative right nobody

2885

02:15:24,919 --> 02:15:21,000

wants nobody wants the truth people want

2886

02:15:27,620 --> 02:15:24,929

to be entertained simple fact of the

2887

02:15:30,589 --> 02:15:27,630

matter you know it's like if I like

2888

02:15:32,359 --> 02:15:30,599

there's this uh sci-fi fantasy there's

2889

02:15:34,189 --> 02:15:32,369

this fantasy book series called The

2890

02:15:36,080 --> 02:15:34,199

Sword of Truth series and I'll tell you

2891

02:15:38,959 --> 02:15:36,090

what there's a statement in that book

2892

02:15:41,030 --> 02:15:38,969

that holds true anybody will believe

2893

02:15:46,190 --> 02:15:41,040

anything if they either want it to be

2894

02:15:53,580 --> 02:15:51,630

love that so when it comes down to

2895

02:15:56,460 --> 02:15:53,590

everything either people you know you

2896

02:15:57,630 --> 02:15:56,470

got the people on our side you know even

2897

02:15:59,280 --> 02:15:57,640

though we're a little skeptical you

2898

02:16:01,080 --> 02:15:59,290

really think that there's something

2899

02:16:02,550 --> 02:16:01,090

crazy going on you know and then you got

2900

02:16:04,950 --> 02:16:02,560

the other side but the skeptics are like

2901

02:16:06,510 --> 02:16:04,960

no I can't this this these things

2902

02:16:09,480 --> 02:16:06,520

couldn't happen so I have to make it my

2903

02:16:11,850 --> 02:16:09,490

life to disprove everything you know

2904

02:16:13,500 --> 02:16:11,860

where they've gotten so skeptical that

2905

02:16:15,630 --> 02:16:13,510

they can't keep an open mind and then

2906

02:16:17,100 --> 02:16:15,640

you know for somebody like you know then

2907

02:16:18,960 --> 02:16:17,110

there's people on our side that are so

2908

02:16:21,270 --> 02:16:18,970

open-minded that they just think

2909

02:16:22,590 --> 02:16:21,280

everything's real you know so it's it's

2910

02:16:24,360 --> 02:16:22,600

like we need to get back to the happy

2911

02:16:28,400 --> 02:16:24,370

medium where we can kind of just discuss

2912

02:16:30,630 --> 02:16:28,410

yet no you're like all right well yes so

2913

02:16:31,950 --> 02:16:30,640

that's actually what attracted me guys

2914

02:16:33,630 --> 02:16:31,960

because you guys were always kind of

2915

02:16:35,400 --> 02:16:33,640

like well I don't know about that and

2916

02:16:37,080 --> 02:16:35,410

then you know here you go well I watch

2917

02:16:41,300 --> 02:16:37,090

this documentary and well you know it

2918

02:16:46,680 --> 02:16:44,459

yeah so you guys you guys doing good man

2919

02:16:48,180 --> 02:16:46,690

keep it up well man I can't tell you how

2920

02:16:50,190 --> 02:16:48,190

much I appreciate that do that that's

2921

02:16:52,920 --> 02:16:50,200

just me and Joe just freaking out and

2922

02:16:56,880 --> 02:16:52,930

then and man thank you so much for being

2923

02:16:59,360 --> 02:16:56,890

on the show you guys Gary and PGA man I

2924

02:17:02,070 --> 02:16:59,370

can't tell you how much I appreciate you

2925

02:17:09,750 --> 02:17:02,080

well I need time you're low on content

2926

02:17:11,220 --> 02:17:09,760

you know just give me a funny witty well

2927

02:17:13,800 --> 02:17:11,230

I think that's it that's gonna be it for

2928

02:17:16,410 --> 02:17:13,810

us man and you get ready to go on a

2929

02:17:19,470 --> 02:17:16,420

Clyde Lewis man and hey don't forget to

2930

02:17:22,320 --> 02:17:19,480

tell him uh joe said what's up just and

2931

02:17:24,450 --> 02:17:22,330

uh you know stay healthy be safe and

2932

02:17:30,540 --> 02:17:24,460

keep getting the truth out man cuz I

2933

02:17:33,090 --> 02:17:30,550

love Clyde he's the man is that his like

2934

02:17:38,520 --> 02:17:33,100

like quote quote thing that he says

2935

02:17:40,200 --> 02:17:38,530

heard will be healthy be safe no no yeah

2936

02:17:41,970 --> 02:17:40,210

it's that's that's something that came

2937

02:17:44,970 --> 02:17:41,980

out of the old noggin oh yeah like that

2938

02:17:46,920 --> 02:17:44,980

definitely no he's saying Ground Zero

2939

02:17:51,870 --> 02:17:46,930

with Clyde Lewis you know I love that

2940

02:17:55,020 --> 02:17:51,880

and then is his intro music it's awesome

2941

02:17:57,090 --> 02:17:55,030

I love that guy he's great he's great

2942

02:17:57,870 --> 02:17:57,100

definitely one of my radio heroes for

2943

02:18:00,179 --> 02:17:57,880

sure

2944

02:18:02,490 --> 02:18:00,189

our bill George Noory that although all

2945

02:18:06,240 --> 02:18:02,500

the regulars you know that's you know

2946

02:18:08,820 --> 02:18:06,250

the stuff we listen to yeah so but yeah

2947

02:18:10,589 --> 02:18:08,830

2956

02:18:42,719 --> 02:18:39,130

2957

02:18:44,940 --> 02:18:42,729

i dude I mean I'm I'm uh I'm almost

2958

02:18:47,790 --> 02:18:44,950

speechless yeah but yeah a little bit

2959

02:18:49,770 --> 02:18:47,800

like the you know Gary's theories we're

2960

02:18:52,320 --> 02:18:49,780

at my favorite part I think I mean I

2961

02:18:53,879 --> 02:18:52,330

love hearing all the details of the

2962

02:18:55,589 --> 02:18:53,889

thing just shootin the [h\_\_h] with these

2963

02:18:56,730 --> 02:18:55,599

guys yeah absolutely like you were

2964

02:18:58,620 --> 02:18:56,740

saying at the end of the podcast like

2965

02:19:00,360 --> 02:18:58,630

man it's just one of these things is

2966

02:19:04,410 --> 02:19:00,370

just to realize that these people are

2967

02:19:09,330 --> 02:19:04,420

just regular Gilly people yeah totally

2968

02:19:11,070 --> 02:19:09,340

totally gmc's and ninja I was gonna say

2969

02:19:21,990 --> 02:19:11,080

well my favorite parts was the fact that

2970

02:19:24,780 --> 02:19:22,000

no PJ drives GMC yeah dude but dude I

2971

02:19:28,080 --> 02:19:24,790

mean that was awesome you know I loved

2972

02:19:30,690 --> 02:19:28,090

that these guys you know have these

2973

02:19:32,820 --> 02:19:30,700

stories and are willing to talk about it

2974

02:19:36,780 --> 02:19:32,830

and then they're towards the end of the

2975

02:19:39,179 --> 02:19:36,790

episode you know it's it's good to just

2976

02:19:41,160 --> 02:19:39,189

kind of just remember that they're

2977

02:19:43,889 --> 02:19:41,170

regular people - yeah you know what I'm

2978

02:19:46,889 --> 02:19:43,899

saying man oh who is I feel like a lot

2979

02:19:48,570 --> 02:19:46,899

of times sometimes you know people hear

2980

02:19:51,950 --> 02:19:48,580

these stories and they're like oh man

2981

02:19:54,780 --> 02:19:51,960

you know he's you know like almost like

2982

02:19:58,670 --> 02:19:54,790

damn it what's the name of the show that

2983

02:20:01,100 --> 02:19:58,680

the alien show people your aliens know

2984

02:20:03,650 --> 02:20:01,110

like they are special

2985

02:20:06,820 --> 02:20:03,660

Yeah right you know what I'm sayin but I

2986

02:20:09,200 --> 02:20:06,830

mean these these are just two

2987

02:20:09,980 --> 02:20:09,210

unsuspecting do dudes ahead something

2988

02:20:11,570 --> 02:20:09,990

crazy

2989

02:20:13,520 --> 02:20:11,580

yeah habit of it ever seen anything

2990

02:20:16,310 --> 02:20:13,530

before like that and then and you know

2991

02:20:19,430 --> 02:20:16,320

like the way PJ was saying he was like I

2992

02:20:21,200 --> 02:20:19,440

mean dude I'd this [h\_\_h] happened right

2993

02:20:23,511 --> 02:20:21,210

and we all moved on with our lives like

2994

02:20:25,160 --> 02:20:23,521

yeah we didn't realize there is anything

2995

02:20:28,030 --> 02:20:25,170

you know special about it

2996

02:20:32,091 --> 02:20:28,040

until way later yeah and then I was like

2997

02:20:35,091 --> 02:20:32,101

whoa okay so there was some significance

2998

02:20:37,490 --> 02:20:35,101

to this right and and you know they

2999

02:20:41,600 --> 02:20:37,500

noticed something strange was going on

3000

02:20:44,180 --> 02:20:41,610

but it wasn't a big deal until it was

3001  
02:20:47,631 --> 02:20:44,190  
yeah you know yeah which is it's kind of

3002  
02:20:50,511 --> 02:20:47,641  
cool man this is super cool yeah super

3003  
02:20:52,700 --> 02:20:50,521  
cool I'm so glad that Gary reached out

3004  
02:20:54,381 --> 02:20:52,710  
to us and I mean now we have that kind

3005  
02:20:56,331 --> 02:20:54,391  
of that line of connection and we'll be

3006  
02:20:59,030 --> 02:20:56,341  
a UFO con together right he's gonna you

3007  
02:21:00,921 --> 02:20:59,040  
you [h\_\_h] no no he's going to contact in

3008  
02:21:03,650 --> 02:21:00,931  
the contact in the desert yeah contact

3009  
02:21:09,440 --> 02:21:03,660  
in the desert guy do we know what that

3010  
02:21:12,410 --> 02:21:09,450  
is this is one of those things we can

3011  
02:21:15,200 --> 02:21:12,420  
ask on Twitter that we should become

3012  
02:21:18,501 --> 02:21:15,210  
Twitter x' yeah dude I've never taught

3013  
02:21:20,900 --> 02:21:18,511

it before but yeah I'm sure he'll listen

3014

02:21:22,700 --> 02:21:20,910

to this episode unless unless he really

3015

02:21:25,220 --> 02:21:22,710

is a stickler right and he has to listen

3016

02:21:27,740 --> 02:21:25,230

to every single episode maybe until he

3017

02:21:30,230 --> 02:21:27,750

gets to this episode and by that time

3018

02:21:31,120 --> 02:21:30,240

who knows contact in the desert might be

3019

02:21:34,160 --> 02:21:31,130

over

3020

02:21:38,360 --> 02:21:34,170

he's like [h\_\_h] it was two weeks ago

3021

02:21:40,581 --> 02:21:38,370

man yeah we'll do that that was such a

3022

02:21:44,150 --> 02:21:40,591

great episode that was awesome

3023

02:21:46,131 --> 02:21:44,160

hey speaking of like you know shows and

3024

02:21:49,251 --> 02:21:46,141

stuff that we've been watching lately I

3025

02:21:52,041 --> 02:21:49,261

know the last time we had a podcast you

3026

02:21:55,700 --> 02:21:52,051

said that my APR was extremely hot

3027

02:21:58,581 --> 02:21:55,710

because because I hadn't seen Game of

3028

02:22:02,301 --> 02:21:58,591

Thrones uh-huh but I would like to know

3029

02:22:04,310 --> 02:22:02,311

have you seen The Witcher I watched all

3030

02:22:07,251 --> 02:22:04,320

of it in two days brother no [h\_\_\h] I play

3031

02:22:09,320 --> 02:22:07,261

I played witcher 3 the Wild Hunt uh-huh

3032

02:22:12,200 --> 02:22:09,330

and I watched I've been waiting for this

3033

02:22:14,480 --> 02:22:12,210

series to come out yeah for since they

3034

02:22:15,030 --> 02:22:14,490

announced it and I watched it in two

3035

02:22:17,040 --> 02:22:15,040

days

3036

02:22:19,469 --> 02:22:17,050

did you watch it it's awesome dude it is

3037

02:22:22,469 --> 02:22:19,479

so so [h\_\_\h] what do you how do you how

3038

02:22:24,570 --> 02:22:22,479

do you write how do you rank it against

3039

02:22:26,639 --> 02:22:24,580

Game of Thrones the battle scenes they

3040

02:22:28,080 --> 02:22:26,649

make Game of Thrones battle scenes other

3041

02:22:30,000 --> 02:22:28,090

than the Battle of the bastards they

3042

02:22:32,790 --> 02:22:30,010

make them look like child's play yeah

3043

02:22:35,219 --> 02:22:32,800

there's [h\_\_h] so good yes sure The

3044

02:22:37,110 --> 02:22:35,229

Witcher is pretty de holy [h\_\_h] really

3045

02:22:38,760 --> 02:22:37,120

really good if anybody hasn't seen that

3046

02:22:42,269 --> 02:22:38,770

it's like watching like a now like the

3047

02:22:44,010 --> 02:22:42,279

the style in like accuracy I guess and

3048

02:22:46,200 --> 02:22:44,020

the reality of battle of the bastards in

3049

02:22:49,290 --> 02:22:46,210

Game of Thrones it's like every battle

3050

02:22:49,980 --> 02:22:49,300

scene in which er it's so personal it's

3051

02:22:52,469 --> 02:22:49,990

on the ground

3052

02:22:54,990 --> 02:22:52,479

shit's flying at you they have like

3053

02:22:57,120 --> 02:22:55,000

amazing choreography with the fighting

3054

02:22:59,730 --> 02:22:57,130

and [\h\_\_\h] man it is so good and I just

3055

02:23:01,769 --> 02:22:59,740

love the winter series yeah and uh the

3056

02:23:03,360 --> 02:23:01,779

dude that plays Geralt it does a really

3057

02:23:05,309 --> 02:23:03,370

great job with the voice because the

3058

02:23:07,340 --> 02:23:05,319

voice is a huge part of it haha it's got

3059

02:23:10,530 --> 02:23:07,350

this I can't do it but it's like

3060

02:23:12,870 --> 02:23:10,540

monotone like raspy voice yeah he

3061

02:23:15,000 --> 02:23:12,880

[\h\_\_\h] kills it did oh yeah dude oh

3062

02:23:18,690 --> 02:23:15,010

yeah and the way they make like the

3063

02:23:20,700 --> 02:23:18,700

Jennif Jennifer story man everything is

3064

02:23:25,099 --> 02:23:20,710

so good everybody needs to check out

3065

02:23:27,059 --> 02:23:25,109

Richard in Witcher not Richard Richard

3066

02:23:28,620 --> 02:23:27,069

but if you're not a fan you should

3067

02:23:30,380 --> 02:23:28,630

definitely pull up all of Little

3068

02:23:33,450 --> 02:23:30,390

Richard's albums and listen to those

3069

02:23:36,389 --> 02:23:33,460

they're great in case you didn't know

3070

02:23:38,760 --> 02:23:36,399

Little Richard is rock and roll it is

3071

02:23:40,800 --> 02:23:38,770

it's not it's not funk it's just rock

3072

02:23:44,910 --> 02:23:40,810

and roll noise it is rock and roll

3073

02:23:47,010 --> 02:23:44,920

okay it is rock and roll oh yeah well I

3074

02:23:50,550 --> 02:23:47,020

contact made me know that it's true that

3075

02:23:52,050 --> 02:23:50,560

it's very true it is you could sell me a

3076

02:23:55,170 --> 02:23:52,060

truck right now and rock and roll with

3077

02:24:01,200 --> 02:23:55,180

that there's zero down on this rock and

3078

02:24:04,080 --> 02:24:01,210

roll well let's give a little shout-out

3079

02:24:06,000 --> 02:24:04,090
