1
00:00:12,499 --> 00:00:09,080
oh yeah yeah this is another episode of

2
00:00:14,629 --> 00:00:12,509
UFO cry I'm Ben and I'm Joe and this is

3
00:00:16,160 --> 00:00:14,639
where we talk about UFOs aliens and all

4
00:00:19,910 --> 00:00:16,170
things weird

5
00:00:23,660 --> 00:00:19,920
oh yeah episode 31 do 31 baby

6
00:00:25,730 --> 00:00:23,670
it's pretty crazy bro oh yeah dude yeah

7
00:00:26,450 --> 00:00:25,740
how's your day been oh dude it's been

8
00:00:29,450 --> 00:00:26,460
awesome man

9
00:00:31,250 --> 00:00:29,460
just chilling and catching up on Haley

10
00:00:32,720 --> 00:00:31,260
oh I kind of watched a little bit of it

11
00:00:34,670 --> 00:00:32,730
again cuz I knew we were gonna talk

12
00:00:36,049 --> 00:00:34,680
about it a little bit today yeah yeah

13
00:00:40,580 --> 00:00:36,059

it's been nice

14

00:00:42,590 --> 00:00:40,590

it was pretty good dude yeah yeah I I

15

00:00:45,470 --> 00:00:42,600

watched it again like through through

16

00:00:47,000 --> 00:00:45,480

kind of like a new lens after like

17

00:00:49,130 --> 00:00:47,010

listened to a little bit of a Reyn

18

00:00:52,490 --> 00:00:49,140

Sprague's interview with that whole crew

19

00:00:55,670 --> 00:00:52,500

and I don't know I kind of waiver every

20

00:00:58,069 --> 00:00:55,680

every so often like man a lot of those

21

00:01:00,680 --> 00:00:58,079

scenes seem to like they could easily

22

00:01:03,529 --> 00:01:00,690

have been like staged but also like if

23

00:01:05,960 --> 00:01:03,539

they're totally happenstance like the

24

00:01:07,880 --> 00:01:05,970

blue star balloon and all that and all

25

00:01:11,990 --> 00:01:07,890

the synchronicities like that's some

26

00:01:13,940 --> 00:01:12,000

weird-ass [h__\h] dude yeah the the

27

00:01:17,600 --> 00:01:13,950

conversations that they have with the

28

00:01:19,490 --> 00:01:17,610

like Ark Angel Michael are really creepy

29

00:01:21,320 --> 00:01:19,500

yeah I don't know how you can rehearse

30

00:01:23,480 --> 00:01:21,330

something like that you know

31

00:01:25,670 --> 00:01:23,490

yeah like the skeptic in me wants to be

32

00:01:27,200 --> 00:01:25,680

like oh well if you were he practiced a

33

00:01:30,440 --> 00:01:27,210

script long enough you would be able to

34

00:01:33,770 --> 00:01:30,450

ask you know time out your answers and

35

00:01:35,330 --> 00:01:33,780

and and you know time things out when

36

00:01:37,609 --> 00:01:35,340

people were gonna ask you questions and

37

00:01:40,429 --> 00:01:37,619

answer them but man I don't think I

38

00:01:42,830 --> 00:01:40,439

think that was like the the real deal

39

00:01:44,240 --> 00:01:42,840

yeah it was uh it's uh yeah it's

40

00:01:47,179 --> 00:01:44,250

definitely pretty creepy it's pretty

41

00:01:49,219 --> 00:01:47,189

creepy but yeah we'll get into that a

42

00:01:52,039 --> 00:01:49,229

little bit more here in just a second

43

00:01:54,859 --> 00:01:52,049

job well uh start out with the Facebook

44

00:01:56,929 --> 00:01:54,869

stuff actually you said Philip right

45

00:01:59,209 --> 00:01:56,939

yeah Philip my idea dude hey big shout

46

00:02:01,880 --> 00:01:59,219

out to fill up man yeah so much for for

47

00:02:04,609 --> 00:02:01,890

for donating and helping out the show

48

00:02:06,560 --> 00:02:04,619

man you're helping keeping it going if

49

00:02:08,660 --> 00:02:06,570

you guys anybody else wants to help out

50

00:02:13,880 --> 00:02:08,670

and donate a little bit here and there

51
00:02:16,070 --> 00:02:13,890
go to UFO garage podcast PC wait wait

52
00:02:17,600 --> 00:02:16,080
with that's not that is it it's UFO

53
00:02:21,230 --> 00:02:17,610
garage PC row

54
00:02:26,210 --> 00:02:21,240
yeah yeah sorry sorry

55
00:02:28,460 --> 00:02:26,220
UFO garage PC dot-com it's why it's

56
00:02:28,850 --> 00:02:28,470
always good to podcast with somebody

57
00:02:33,170 --> 00:02:28,860
else

58
00:02:35,600 --> 00:02:33,180
yeah I'm glad you're here but hell yeah

59
00:02:38,270 --> 00:02:35,610
yeah I'm glad you're here too hey thanks

60
00:02:39,500 --> 00:02:38,280
man we got that shout-out on Lorian on

61
00:02:45,380 --> 00:02:39,510
the fintan file

62
00:02:49,400 --> 00:02:45,390
that was singing guys check out Laurie

63
00:02:53,990 --> 00:02:49,410

and fintan on the fintan files k cor is

64
00:02:57,170 --> 00:02:54,000
where they broadcast awesome show if you

65
00:02:59,720 --> 00:02:57,180
guys want to get into some crazy stuff I

66
00:03:01,970 --> 00:02:59,730
mean she's got some of the most amazing

67
00:03:05,930 --> 00:03:01,980
guests of all time on her show

68
00:03:08,330 --> 00:03:05,940
absolutely love it and she was on our

69
00:03:10,370 --> 00:03:08,340
20th episode so if you missed the 20th

70
00:03:12,680 --> 00:03:10,380
episode go check out Laurie and fintan

71
00:03:14,630 --> 00:03:12,690
on our 20th episode but yeah she gave us

72
00:03:17,240 --> 00:03:14,640
a little a little shout out we haven't

73
00:03:20,210 --> 00:03:17,250
talked to her in a couple months and was

74
00:03:22,400 --> 00:03:20,220
just randomly listening and she says she

75
00:03:24,830 --> 00:03:22,410
loves us nice that she's thinking of us

76

00:03:27,380 --> 00:03:24,840

writing youtubers yeah and if you're if

77

00:03:39,770 --> 00:03:27,390

you're you hear this episode Laurie we

78

00:03:41,979 --> 00:03:39,780

love you too that's right yeah man so

79

00:03:44,270 --> 00:03:41,989

thanks for the shout out

80

00:03:46,460 --> 00:03:44,280

all right well let's see what's going on

81

00:03:49,100 --> 00:03:46,470

in Facebook this week if you guys aren't

82

00:03:51,199 --> 00:03:49,110

a part of the UFO garage podcast group

83

00:03:53,840 --> 00:03:51,209

check it out it's on Facebook just type

84

00:03:56,060 --> 00:03:53,850

that in the you photograph podcast group

85

00:03:58,100 --> 00:03:56,070

is there a lot of a lot of fun stuff all

86

00:04:02,990 --> 00:03:58,110

that stuff do I posted that new shirt

87

00:04:08,600 --> 00:04:03,000

the 0% down 0% APR like how I said you

88

00:04:10,610 --> 00:04:08,610

come out here let's get this depo Tova

89

00:04:13,610 --> 00:04:10,620

old Ford which I was thinking like

90

00:04:15,620 --> 00:04:13,620

showed you a new Ford or an old for I'm

91

00:04:17,420 --> 00:04:15,630

glad I went with the old I like you old

92

00:04:21,110 --> 00:04:17,430

for keep like the aesthetic of the old

93

00:04:25,100 --> 00:04:21,120

yes the old car are the classic cars yep

94

00:04:26,790 --> 00:04:25,110

definitely definitely I like it like you

95

00:04:29,550 --> 00:04:26,800

guys come on down here yeah

96

00:04:32,700 --> 00:04:29,560

yes come on down sir or get yourself

97

00:04:41,279 --> 00:04:32,710

shirt come on come on now just get me

98

00:04:44,960 --> 00:04:41,289

just buy me one more down there yeah all

99

00:04:47,879 --> 00:04:44,970

right okay now that's out of our system

100

00:04:50,159 --> 00:04:47,889

next we got this did the drones over

101
00:04:50,790 --> 00:04:50,169
Colorado man the Denver well is it just

102
00:04:52,980 --> 00:04:50,800
Denver's

103
00:04:55,680 --> 00:04:52,990
I think it's like the surrounding areas

104
00:04:57,779 --> 00:04:55,690
but we just watched that video man I'm

105
00:04:59,129 --> 00:04:57,789
thinking like so they say so if you guys

106
00:05:00,570 --> 00:04:59,139
haven't heard there's like this

107
00:05:03,600 --> 00:05:00,580
phenomenon that's going around I think

108
00:05:05,700 --> 00:05:03,610
it started on the 27th of these drones

109
00:05:07,860 --> 00:05:05,710
in the night sky at night and it was

110
00:05:10,110 --> 00:05:07,870
obviously blinking white and red lights

111
00:05:12,209 --> 00:05:10,120
and people can hear them the humming of

112
00:05:13,680 --> 00:05:12,219
these drones and they're there at night

113
00:05:17,430 --> 00:05:13,690

just flying over people's houses and

114

00:05:18,990 --> 00:05:17,440

stuff some information' and people are

115

00:05:21,180 --> 00:05:19,000

like calling in the police even a police

116

00:05:23,820 --> 00:05:21,190

officer called a ninja yeah well [h__\h]

117

00:05:26,459 --> 00:05:23,830

one flew over my head and it's just

118

00:05:27,629 --> 00:05:26,469

these drones flying around and I didn't

119

00:05:30,209 --> 00:05:27,639

realize until the very end of that video

120

00:05:32,670 --> 00:05:30,219

that it was said that they have a

121

00:05:34,830 --> 00:05:32,680

six-foot wingspan yeah that's pretty big

122

00:05:37,920 --> 00:05:34,840

I'm wondering like how do you gauge that

123

00:05:40,640 --> 00:05:37,930

in the night sky like the the width cuz

124

00:05:43,649 --> 00:05:40,650

even okay so let's say it is true like a

125

00:05:45,510 --> 00:05:43,659

6-foot wingspan like a commercial one

126

00:05:48,499 --> 00:05:45,520

that you could buy like a phantom is

127

00:05:51,140 --> 00:05:48,509

like maybe a foot foot and a half wide

128

00:05:54,959 --> 00:05:51,150

from-from blade to blade maybe two feet

129

00:05:57,360 --> 00:05:54,969

but a six foot what's like wingspan

130

00:06:00,089 --> 00:05:57,370

that's a huge asteroid yeah it is it is

131

00:06:02,129 --> 00:06:00,099

which tells you like and if and if one

132

00:06:05,369 --> 00:06:02,139

of you guys flying the drones around is

133

00:06:07,559 --> 00:06:05,379

listening right now and you think you're

134

00:06:08,909 --> 00:06:07,569

fooling people into thinking it's is

135

00:06:10,950 --> 00:06:08,919

UFOs yeah

136

00:06:12,779 --> 00:06:10,960

some [h__\h] you're not fooling anybody

137

00:06:14,580 --> 00:06:12,789

we [h__\h] know it's drugs stop that

138

00:06:16,619 --> 00:06:14,590

[h__h] we know who it is you fly in my

139

00:06:18,119 --> 00:06:16,629

house I'm gonna shoot it yet Greg they

140

00:06:19,469 --> 00:06:18,129

said don't shoot at them cuz it's

141

00:06:22,290 --> 00:06:19,479

dangerous I'm gonna shoot it but you

142

00:06:24,420 --> 00:06:22,300

know what shooting it I'm gonna shoot

143

00:06:26,339 --> 00:06:24,430

this guy yeah and wait for you to come

144

00:06:32,189 --> 00:06:26,349

again yeah yeah I'm gonna shoot you in

145

00:06:33,689 --> 00:06:32,199

the leg dude so that kind of I don't

146

00:06:36,360 --> 00:06:33,699

know it might not be done with this but

147

00:06:38,760 --> 00:06:36,370

last night I'm cooking dinner

148

00:06:39,940 --> 00:06:38,770

the wife is outside she bust open the

149

00:06:43,030 --> 00:06:39,950

door and says baby yeah

150

00:06:44,410 --> 00:06:43,040

come see this weird light so I come out

151
00:06:47,950 --> 00:06:44,420
there and we're used to seeing airplanes

152
00:06:49,240 --> 00:06:47,960
and helicopters you know and she was

153
00:06:50,530 --> 00:06:49,250
like the blinking light you told me to

154
00:06:51,760 --> 00:06:50,540
look for the blinking light if there's

155
00:06:54,190 --> 00:06:51,770
not a blinking light it's probably

156
00:06:56,170 --> 00:06:54,200
something weird so sure enough there was

157
00:06:58,360 --> 00:06:56,180
no blinking light and it's just really

158
00:07:00,400 --> 00:06:58,370
bright light and then it turned to red

159
00:07:03,070 --> 00:07:00,410
and then I saw a blinking light but it

160
00:07:08,290 --> 00:07:03,080
would like the the strobe on it was like

161
00:07:11,140 --> 00:07:08,300
bleep bleep baby bleep bleep like really

162
00:07:11,650 --> 00:07:11,150
inconsistent bleeping you know or strobe

163
00:07:13,900 --> 00:07:11,660

pattern

164

00:07:15,670 --> 00:07:13,910

yeah and then it went from like really

165

00:07:18,850 --> 00:07:15,680

bright white and then it was just kind

166

00:07:21,250 --> 00:07:18,860

of doing like little zig zags over over

167

00:07:24,550 --> 00:07:21,260

what would be West Campus in a UT huh

168

00:07:26,560 --> 00:07:24,560

yeah that area so I mean yeah we see a

169

00:07:28,870 --> 00:07:26,570

lot of helicopters of I've definitely

170

00:07:31,000 --> 00:07:28,880

seen a lot of stuff I know yeah what

171

00:07:33,340 --> 00:07:31,010

what is normal but this thing did not

172

00:07:36,370 --> 00:07:33,350

look normal it was weird and there

173

00:07:38,110 --> 00:07:36,380

wasn't like a huge gap between the I

174

00:07:40,300 --> 00:07:38,120

would say the spotlight yeah and then

175

00:07:42,610 --> 00:07:40,310

the blinking light it was like right on

176

00:07:43,240 --> 00:07:42,620

top of each other almost huh it was

177

00:07:45,130 --> 00:07:43,250

super weird

178

00:07:47,200 --> 00:07:45,140

that is crazy yeah I mean you know what

179

00:07:51,100 --> 00:07:47,210

sucks is that from your house to my

180

00:07:52,600 --> 00:07:51,110

house there's like three airports so

181

00:07:54,130 --> 00:07:52,610

like really I was like look it up in the

182

00:07:57,520 --> 00:07:54,140

sky and I'm like what is that what is

183

00:07:59,500 --> 00:07:57,530

that that's an airplane yeah cuz because

184

00:08:01,450 --> 00:07:59,510

we have the the International Airport

185

00:08:03,280 --> 00:08:01,460

okay and then you have the Executive

186

00:08:05,830 --> 00:08:03,290

Airport that's out by the toll road

187

00:08:08,170 --> 00:08:05,840

right yeah yeah there's one yeah and you

188

00:08:10,480 --> 00:08:08,180

got the Taylor Airport yeah you know

189

00:08:12,550 --> 00:08:10,490

dude there's always stuff flying like we

190

00:08:14,620 --> 00:08:12,560

went out to stargaze right dude like

191

00:08:17,320 --> 00:08:14,630

where we live is like right in the path

192

00:08:20,410 --> 00:08:17,330

the flight path of everything yeah and

193

00:08:21,970 --> 00:08:20,420

it's just so much but then like it

194

00:08:24,670 --> 00:08:21,980

doesn't make me feel too bad right

195

00:08:27,790 --> 00:08:24,680

because think of how many UFO sightings

196

00:08:30,100 --> 00:08:27,800

are seen in like Las Vegas yeah no [h__h]

197

00:08:31,840 --> 00:08:30,110

is flying in the air Las Vegas and

198

00:08:34,750 --> 00:08:31,850

people are still like wow look at this

199

00:08:36,700 --> 00:08:34,760

yeah yeah so you gotta keep your eyes

200

00:08:37,420 --> 00:08:36,710

out man gotta keep those eyes peeled

201
00:08:39,880 --> 00:08:37,430
yeah dude

202
00:08:43,240 --> 00:08:39,890
I I keep my binoculars with me oh did I

203
00:08:44,830 --> 00:08:43,250
get a pair of binoculars and a I almost

204
00:08:47,320 --> 00:08:44,840
said best etiquette

205
00:08:50,680 --> 00:08:47,330
stethoscope special skill get the scope

206
00:08:52,630 --> 00:08:50,690
microscope dang it telescope tell us are

207
00:08:54,160 --> 00:08:52,640
you listening to your heartbeat

208
00:08:57,730 --> 00:08:54,170
while you look through your binoculars

209
00:09:01,569 --> 00:08:57,740
make it God listen to my heart listen

210
00:09:06,449 --> 00:09:01,579
babe it's my heart this is my heartbeats

211
00:09:09,610 --> 00:09:06,459
ghost full of all offeree about so much

212
00:09:13,300 --> 00:09:09,620
yeah dude this is the drone thing is is

213
00:09:15,940 --> 00:09:13,310

a little it's creepy right yeah because

214

00:09:18,310 --> 00:09:15,950

you know I mean drones are quick you

215

00:09:20,319 --> 00:09:18,320

know quick with cameras and things like

216

00:09:21,699 --> 00:09:20,329

that and it's like you don't fly that

217

00:09:24,759 --> 00:09:21,709

over my property

218

00:09:26,410 --> 00:09:24,769

so okay so what don't you bro yeah like

219

00:09:29,139 --> 00:09:26,420

what kind of camera is attached to that

220

00:09:31,180 --> 00:09:29,149

drone it has to be some kind of heat you

221

00:09:33,850 --> 00:09:31,190

know infrared because they can't see at

222

00:09:36,250 --> 00:09:33,860

night right yeah has to be some kind of

223

00:09:37,930 --> 00:09:36,260

infrared thing so they're up there you

224

00:09:40,090 --> 00:09:37,940

know by my house looking at my winger

225

00:09:41,440 --> 00:09:40,100

you know I can't walk around just ah hey

226

00:09:43,930 --> 00:09:41,450

they're looking at my way what if

227

00:09:45,430 --> 00:09:43,940

they're zooming in and they're like zoom

228

00:09:49,840 --> 00:09:45,440

in a lot they're like looking for

229

00:09:51,190 --> 00:09:49,850

people's farts like just like five miles

230

00:09:56,230 --> 00:09:51,200

away they're all laughing in a van

231

00:09:58,480 --> 00:09:56,240

somewhere like you farted this big tutor

232

00:10:00,819 --> 00:09:58,490

who's gonna is gonna be like a video

233

00:10:04,810 --> 00:10:00,829

this surface is like a month later just

234

00:10:08,259 --> 00:10:04,820

like of infrared farting do you okay so

235

00:10:10,210 --> 00:10:08,269

for a bombs world you remember evil yeah

236

00:10:14,560 --> 00:10:10,220

do you remember that big video like it

237

00:10:19,090 --> 00:10:14,570

was really famous a while back these

238

00:10:24,689 --> 00:10:19,100

Japanese dudes Japanese video of how to

239

00:10:27,310 --> 00:10:24,699

evade fart like I was teaching you farts

240

00:10:29,230 --> 00:10:27,320

so like one of them was like how to

241

00:10:31,269 --> 00:10:29,240

evade a fart and it would have the

242

00:10:33,040 --> 00:10:31,279

infrared of the gas coming out and

243

00:10:35,590 --> 00:10:33,050

someone would like bend over and fart

244

00:10:42,009 --> 00:10:35,600

and then the guy would like duck and

245

00:10:43,480 --> 00:10:42,019

roll and roll out of the room like he

246

00:10:47,650 --> 00:10:43,490

stops and then turns around and then

247

00:10:51,150 --> 00:10:47,660

breathes it all in dude dude I want to

248

00:10:57,930 --> 00:10:51,160

pull up that video but it might find it

249

00:11:02,199 --> 00:10:57,940

remember that instructional made farts

250

00:11:05,740 --> 00:11:02,209

that's awesome so much heat didn't stank

251

00:11:12,010 --> 00:11:05,750

oh god yeah

252

00:11:14,320 --> 00:11:12,020

drones all right alrighty drugs uh-oh

253

00:11:16,450 --> 00:11:14,330

see what's next

254

00:11:18,900 --> 00:11:16,460

Neil Armstrong was the first person land

255

00:11:22,930 --> 00:11:18,910

on the moon Neil a backwards is alien

256

00:11:25,990 --> 00:11:22,940

classic nobody did [\h__\h] right oh yeah

257

00:11:29,950 --> 00:11:26,000

FBI delete that [\h__\h] right now that's

258

00:11:32,890 --> 00:11:29,960

awesome uh next video.bye out ahead to

259

00:11:34,300 --> 00:11:32,900

that a real you a real UFO sighting I've

260

00:11:35,830 --> 00:11:34,310

seen this one in a while back this is

261

00:11:40,060 --> 00:11:35,840

sick dude just seen it for the second

262

00:11:42,400 --> 00:11:40,070

yeah dude I like that video a lot oh my

263

00:11:44,530 --> 00:11:42,410

gosh it's right in there headphone yeah

264

00:11:46,390 --> 00:11:44,540

it's these this boat and they're just

265

00:11:49,330 --> 00:11:46,400

driving in the middle of the ocean you

266

00:11:51,550 --> 00:11:49,340

can't see any land or buildings or

267

00:11:53,320 --> 00:11:51,560

anything they're all in a ferry oh they

268

00:11:55,330 --> 00:11:53,330

are is that what it says there on the

269

00:11:58,600 --> 00:11:55,340

middle ocean on a ferry hey life tell

270

00:12:01,960 --> 00:11:58,610

you that we're all wait on ferry now and

271

00:12:03,910 --> 00:12:01,970

then yeah it's like what like 20 of

272

00:12:05,560 --> 00:12:03,920

those things it's gotta be at least 20

273

00:12:07,810 --> 00:12:05,570

of them that's insane yeah there's so

274

00:12:09,720 --> 00:12:07,820

many lights it's crazy and they're just

275

00:12:11,950 --> 00:12:09,730

so they're just sitting there not

276

00:12:13,990 --> 00:12:11,960

descending nice ending not moving around

277

00:12:19,620 --> 00:12:14,000

I don't know man

278

00:12:22,660 --> 00:12:19,630

is there such a thing as like like flare

279

00:12:24,460 --> 00:12:22,670

practices that they just practice

280

00:12:27,040 --> 00:12:24,470

shooting out a bunch of layers over the

281

00:12:28,690 --> 00:12:27,050

ocean maybe I don't know is there a game

282

00:12:30,850 --> 00:12:28,700

that they play to see how long each

283

00:12:32,590 --> 00:12:30,860

flare can hover who's whose flare can

284

00:12:34,480 --> 00:12:32,600

hover the longest could be he did I

285

00:12:37,240 --> 00:12:34,490

don't think dick measuring contest

286

00:12:42,250 --> 00:12:37,250

though I don't think so I don't know man

287

00:12:46,120 --> 00:12:42,260

but that was pretty cool oh they okay

288

00:12:48,730 --> 00:12:46,130

Joseph drives SUV drives over drives

289

00:12:50,829 --> 00:12:48,740

over edge off cliff then disappears

290

00:12:54,720 --> 00:12:50,839

unexplained mysteries I know how it

291

00:13:01,600 --> 00:12:54,730

disappears it falls down the cliff right

292

00:13:03,040 --> 00:13:01,610

and nobody can see it anymore yeah I was

293

00:13:05,320 --> 00:13:03,050

watching the video and I was expecting

294

00:13:08,440 --> 00:13:05,330

it to like like vanish in thin air

295

00:13:11,050 --> 00:13:08,450

before it and the guys driving and then

296

00:13:12,790 --> 00:13:11,060

I use the car like fly off the cliff and

297

00:13:14,620 --> 00:13:12,800

he's like keeps driving around the bend

298

00:13:18,610 --> 00:13:14,630

and it just goes out of frame it's like

299

00:13:20,680 --> 00:13:18,620

oh yeah I mean yeah technically yeah

300

00:13:22,900 --> 00:13:20,690

I mean yeah it did kind of disappear it

301

00:13:24,370 --> 00:13:22,910

we can't really see it I think that was

302

00:13:26,020 --> 00:13:24,380

the point of it I think maybe it was a

303

00:13:29,020 --> 00:13:26,030

joke it has to be it had to have been a

304

00:13:31,780 --> 00:13:29,030

joke or or instead of just watching the

305

00:13:35,770 --> 00:13:31,790

video we had to read the article yeah

306

00:13:37,060 --> 00:13:35,780

maybe I I think I read the article it's

307

00:13:39,610 --> 00:13:37,070

one of those ones it's like three

308

00:13:43,210 --> 00:13:39,620

paragraphs long oh yeah I just found

309

00:13:45,250 --> 00:13:43,220

this blue get yeah I don't know that's

310

00:13:47,680 --> 00:13:45,260

funny dude

311

00:13:52,110 --> 00:13:47,690

this other one the possible military

312

00:13:54,760 --> 00:13:52,120

exercise and where was it yeah Malaysia

313

00:13:56,410 --> 00:13:54,770

that one's pretty cool and I've seen a

314

00:13:57,940 --> 00:13:56,420

few videos of like of that where it's

315

00:13:59,740 --> 00:13:57,950

like a really bright light and then it

316

00:14:01,870 --> 00:13:59,750

seems to be dripping like candle wax out

317

00:14:05,230 --> 00:14:01,880

yeah yeah out from it I've seen multiple

318

00:14:06,670 --> 00:14:05,240

ones just like that that's Eva does that

319

00:14:08,320 --> 00:14:06,680

make me dumb that every time I hear a

320

00:14:11,110 --> 00:14:08,330

foreign language I just assume it's

321

00:14:12,520 --> 00:14:11,120

Spanish nope that's because everybody

322

00:14:15,460 --> 00:14:12,530

talks like the way those guys are

323

00:14:18,100 --> 00:14:15,470

speaking Spanish no no they're from

324

00:14:20,230 --> 00:14:18,110

Malaysia that's not right well do they

325

00:14:21,670 --> 00:14:20,240

know Spanish over there probably

326

00:14:23,380 --> 00:14:21,680

everybody speaks Spanish right yeah

327

00:14:26,950 --> 00:14:23,390

that's just like English except for the

328

00:14:35,620 --> 00:14:26,960

Chinese they speak Chinese mmm Spanish

329

00:14:45,360 --> 00:14:35,630

accent they roll their arse that article

330

00:14:50,530 --> 00:14:48,010

no I think it's actually cool I don't

331

00:14:53,320 --> 00:14:50,540

know it's it's cool that it's space is

332

00:14:58,560 --> 00:14:53,330

cool space is a minute

333

00:15:01,570 --> 00:14:58,570

it is cool you're right it is tight

334

00:15:04,120 --> 00:15:01,580

let's talk about a little bit let's talk

335

00:15:06,220 --> 00:15:04,130

about how tight spaces yeah I mean like

336

00:15:08,800 --> 00:15:06,230

if you look at like a pulsar its

337

00:15:12,730 --> 00:15:08,810

pulsating and right at a rate so that

338

00:15:14,230 --> 00:15:12,740

could be an explanation right when stars

339

00:15:17,320 --> 00:15:14,240

are dying and they're freaking out and

340

00:15:19,090 --> 00:15:17,330

there's only like you know like a two

341

00:15:21,460 --> 00:15:19,100

poles that are spitting out energy

342

00:15:25,020 --> 00:15:21,470

making waves coming at you

343

00:15:28,240 --> 00:15:25,030

dang yeah I sound so smart now dude

344

00:15:31,060 --> 00:15:28,250

doctor scientist it's just spinning just

345

00:15:32,460 --> 00:15:31,070

spinning and it's gonna be like it's

346

00:15:33,690 --> 00:15:32,470

gonna be a repeating pulse yeah

347

00:15:35,460 --> 00:15:33,700

yeah but it's still cool that we're

348

00:15:39,000 --> 00:15:35,470

still finding stuff like that I think it

349

00:15:41,580 --> 00:15:39,010

is awesome you know I made a post that

350

00:15:43,860 --> 00:15:41,590

you know the idea of you know

351

00:15:44,310 --> 00:15:43,870

civilization you know trying to contact

352

00:15:47,070 --> 00:15:44,320

us

353

00:15:50,400 --> 00:15:47,080

is a super cool idea thanks for posting

354

00:15:52,610 --> 00:15:50,410

on this by the way and it doesn't uh it

355

00:15:55,290 --> 00:15:52,620

doesn't mean that what we're seeing

356

00:15:57,090 --> 00:15:55,300

isn't another civilization trying to

357

00:15:59,700 --> 00:15:57,100

contact us yeah right it's just that

358

00:16:01,560 --> 00:15:59,710

everything that they found you know it

359

00:16:03,870 --> 00:16:01,570

has turned out to be something like a

360

00:16:14,970 --> 00:16:03,880

pulsar like you know some type of quasar

361

00:16:16,530 --> 00:16:14,980

yeah so like a bob lazar what do I liked

362

00:16:20,130 --> 00:16:16,540

what you said like by the time we get

363

00:16:20,430 --> 00:16:20,140

there yeah by the time we even look at

364

00:16:22,320 --> 00:16:20,440

it

365

00:16:24,750 --> 00:16:22,330

yeah they might be dead by the time we

366

00:16:27,480 --> 00:16:24,760

receive the signal that's been millions

367

00:16:29,010 --> 00:16:27,490

and millions of years right and that's

368

00:16:30,540 --> 00:16:29,020

just based off of like our current

369

00:16:33,390 --> 00:16:30,550

technology if we were to send a signal

370

00:16:35,490 --> 00:16:33,400

out to space dude by the time somebody

371

00:16:37,440 --> 00:16:35,500

else saw it or it got to like another

372

00:16:39,630 --> 00:16:37,450

star like it would have been millions of

373

00:16:41,220 --> 00:16:39,640

years but and you might even hurt it so

374

00:16:43,350 --> 00:16:41,230

by the time you look at it it's been

375

00:16:45,600 --> 00:16:43,360

millions of years yeah right is that the

376

00:16:46,770 --> 00:16:45,610

same kind of concept yeah yeah I think

377

00:16:48,330 --> 00:16:46,780

we're like oh crap

378

00:16:49,680 --> 00:16:48,340

probably even longer cuz radio waves

379

00:16:51,690 --> 00:16:49,690

were way slower than the speed of light

380

00:16:53,550 --> 00:16:51,700

so and then they and then they absorb

381

00:16:58,680 --> 00:16:53,560

all these waves and then they like

382

00:17:01,530 --> 00:16:58,690

decode it and it's like oh oh damn these

383

00:17:10,040 --> 00:17:01,540

dudes needed help millions millions of

384

00:17:25,010 --> 00:17:10,050

years ago excuse me is anybody out there

385

00:17:29,850 --> 00:17:27,990

like what if what if we were like the

386

00:17:31,200 --> 00:17:29,860

last you know the last two dr.

387

00:17:41,020 --> 00:17:31,210

scientists on earth and we were able to

388

00:17:45,370 --> 00:17:41,030

send out a microphone like hey hey

389

00:18:01,250 --> 00:17:45,380

hey dude oh it's getting hot down here

390

00:18:03,140 --> 00:18:01,260

excuse me I'm so thirsty right now and

391

00:18:05,419 --> 00:18:03,150

they're like we fall down we're laying

392

00:18:07,640 --> 00:18:05,429

there we're taking our last breaths and

393

00:18:15,530 --> 00:18:07,650

we look at each other and we're like

394

00:18:18,620 --> 00:18:15,540

really dude this is it if they're like

395

00:18:21,560 --> 00:18:18,630

dude I know dude you're like it's cool

396

00:18:24,409 --> 00:18:21,570

were the last two doctors scientists and

397

00:18:27,260 --> 00:18:24,419

then and then a big craft comes swooping

398

00:18:30,919 --> 00:18:27,270

in full of water dude it it just it's

399

00:18:37,760 --> 00:18:30,929

like opens up it like dumps like so much

400

00:18:42,740 --> 00:18:37,770

water we're like dude at least we're not

401
00:18:44,600 --> 00:18:42,750
thirsty anymore dude yeah it's all

402
00:18:50,270 --> 00:18:44,610
sinking into the dirt save it

403
00:18:55,730 --> 00:18:50,280
oh no we just have mud way hey hey hey

404
00:19:01,030 --> 00:18:55,740
now we're muddy uh and then they come

405
00:19:03,500 --> 00:19:01,040
back drops and like dude our thirsty

406
00:19:07,720 --> 00:19:03,510
they're never gonna help us like they're

407
00:19:10,280 --> 00:19:07,730
never satisfied what is the dude like

408
00:19:13,549 --> 00:19:10,290
well imagine imagine the scenario that

409
00:19:15,530 --> 00:19:13,559
they came here we were the last to dr.

410
00:19:18,260 --> 00:19:15,540
scientists dudes left yeah and then they

411
00:19:20,900 --> 00:19:18,270
like pick this up right yeah they were

412
00:19:27,169 --> 00:19:20,910
like we heard your signal we're like

413
00:19:30,620 --> 00:19:27,179

we're like we're good now cool

414

00:19:33,049 --> 00:19:30,630

appreciate it like man I don't know like

415

00:19:37,150 --> 00:19:33,059

I don't really know where I'm going with

416

00:19:39,409 --> 00:19:37,160

this but I do always imagine what what

417

00:19:41,390 --> 00:19:39,419

it's weird cuz like I imagine being

418

00:19:43,610 --> 00:19:41,400

picked up by another like civilization

419

00:19:46,549 --> 00:19:43,620

like another race of something right and

420

00:19:48,440 --> 00:19:46,559

I always wonder like what their reaction

421

00:19:50,360 --> 00:19:48,450

of me would be more than like my

422

00:19:51,049 --> 00:19:50,370

reaction of dicks I know I'd be scared

423

00:19:52,610 --> 00:19:51,059

yeah right

424

00:19:54,530 --> 00:19:52,620

but I always wonder like what their

425

00:19:57,350 --> 00:19:54,540

reaction of me would be like after

426

00:19:58,850 --> 00:19:57,360

like like a week or so and like shit's

427

00:20:01,580 --> 00:19:58,860

kind of cooled down like I'm kind of

428

00:20:03,890 --> 00:20:01,590

like cool whatever if like like I don't

429

00:20:05,840 --> 00:20:03,900

do like dude would they like me the

430

00:20:08,180 --> 00:20:05,850

first the first day would be like that

431

00:20:10,190 --> 00:20:08,190

awkward moment when you when it's just

432

00:20:11,870 --> 00:20:10,200

you and a buddy that you haven't seen in

433

00:20:13,250 --> 00:20:11,880

a while and then like two other buddies

434

00:20:15,320 --> 00:20:13,260

that you also haven't seen in a while

435

00:20:17,510 --> 00:20:15,330

come and all four of you were sitting at

436

00:20:19,280 --> 00:20:17,520

a table yeah and you're like so what are

437

00:20:26,770 --> 00:20:19,290

you guys been up to and everybody goes

438

00:20:35,510 --> 00:20:32,690

what'd you say gonna be like that so why

439

00:20:37,880 --> 00:20:35,520

is your skin blue and then like they

440

00:20:39,470 --> 00:20:37,890

would explain and like how come you poop

441

00:20:44,690 --> 00:20:39,480

up out of a different hole in your mouth

442

00:20:47,540 --> 00:20:44,700

okay so out really know that and then

443

00:20:52,280 --> 00:20:47,550

there's this awkward lull in the

444

00:20:54,050 --> 00:20:52,290

conversation it's like like if they like

445

00:20:55,850 --> 00:20:54,060

if they like they wanted to like know

446

00:20:58,580 --> 00:20:55,860

the answers of Earth and they were like

447

00:21:00,320 --> 00:20:58,590

oh we found the last two humans they

448

00:21:03,110 --> 00:21:00,330

were like tell us tell us about your

449

00:21:07,940 --> 00:21:03,120

species your biology were like oh well

450

00:21:11,840 --> 00:21:07,950

we don't really know but I can give you

451
00:21:14,120 --> 00:21:11,850
the basics well you you guys broadcasted

452
00:21:15,700 --> 00:21:14,130
to millions of people that your doctors

453
00:21:19,430 --> 00:21:15,710
and your scientists you should know

454
00:21:22,880 --> 00:21:19,440
something like I have this this DVD of

455
00:21:24,800 --> 00:21:22,890
ancient Egypt that's about it how do you

456
00:21:30,860 --> 00:21:24,810
guys like Wayne's World in blu-ray hell

457
00:21:34,490 --> 00:21:30,870
yeah man no wonder they never made it

458
00:21:36,710 --> 00:21:34,500
off the planet they left us were the

459
00:21:39,170 --> 00:21:36,720
last two dudes we would show them the

460
00:21:45,980 --> 00:21:39,180
Scooby Doo ending movie like have you

461
00:21:48,320 --> 00:21:45,990
ever seen this ending of every episode

462
00:21:50,780 --> 00:21:48,330
or like is it specific so like it

463
00:21:54,410 --> 00:21:50,790

Wayne's World like there's a part where

464

00:21:56,300 --> 00:21:54,420

like you know where the girl she ends up

465

00:21:58,490 --> 00:21:56,310

like hooking up with the the producer

466

00:22:00,890 --> 00:21:58,500

and then like they handle leave it I

467

00:22:02,660 --> 00:22:00,900

haven't he's like wait wait wait he's

468

00:22:04,640 --> 00:22:02,670

like you didn't think I was gonna in the

469

00:22:08,650 --> 00:22:04,650

movie like that did you and they're like

470

00:22:11,420 --> 00:22:08,660

scooby-doo and II like

471

00:22:13,160 --> 00:22:11,430

like comes back and they redo the whole

472

00:22:14,600 --> 00:22:13,170

scene and then like it ends with Wayne

473

00:22:15,710 --> 00:22:14,610

getting the chick and all this stuff

474

00:22:17,900 --> 00:22:15,720

okay awesome

475

00:22:21,230 --> 00:22:17,910

yes I remember the alternate ending I

476

00:22:23,390 --> 00:22:21,240

don't it'd be like you know like the

477

00:22:24,890 --> 00:22:23,400

Thelma and Louise ending they like they

478

00:22:26,480 --> 00:22:24,900

end and they're like driving in a car

479

00:22:28,520 --> 00:22:26,490

and they have like these little these

480

00:22:30,290 --> 00:22:28,530

little bonnets on their head and they

481

00:22:32,600 --> 00:22:30,300

like drive off a cliff and they're like

482

00:22:33,980 --> 00:22:32,610

we weren't gonna end it like that like

483

00:22:37,880 --> 00:22:33,990

they have all these different endings

484

00:22:39,380 --> 00:22:37,890

it's fun that's awesome every time we

485

00:22:42,880 --> 00:22:39,390

walk out of the room or like all right a

486

00:22:49,340 --> 00:22:45,530

wait we're gonna leave you guys like

487

00:22:50,900 --> 00:22:49,350

that I don't know dude I think they

488

00:22:52,490 --> 00:22:50,910

would like us I think so too

489

00:22:55,450 --> 00:22:52,500

I think they would dude yeah I don't

490

00:22:58,190 --> 00:22:55,460

know I wonder if they'll speak Spanish

491

00:23:00,510 --> 00:22:58,200

even though we speaking like alien and

492

00:23:03,940 --> 00:23:00,520

we like dude if they speaking Spanish

493

00:23:16,700 --> 00:23:03,950

[Laughter]

494

00:23:17,860 --> 00:23:16,710

you're gonna be like done - yo no habla

495

00:23:24,040 --> 00:23:17,870

espanol

496

00:23:34,670 --> 00:23:29,000

he trying to speak Spanish but I always

497

00:23:37,580 --> 00:23:34,680

thought your Spanish English we try to

498

00:23:41,240 --> 00:23:37,590

speak Spanish to us I thought you're

499

00:23:50,960 --> 00:23:41,250

speaking Spanish no no we're speaking

500

00:23:52,460 --> 00:23:50,970

alien they take us to their friend's

501
00:24:00,740 --> 00:23:52,470
house like dude are they speaking

502
00:24:04,130 --> 00:24:00,750
Spanish every alien race introduce you

503
00:24:06,080 --> 00:24:04,140
to a new species like well ok so this is

504
00:24:08,240 --> 00:24:06,090
the this guy knows all if you have any

505
00:24:14,420 --> 00:24:08,250
questions ask the guy you know just

506
00:24:15,620 --> 00:24:14,430
don't don't stare hola Senor there are

507
00:24:17,690 --> 00:24:15,630
alien phrase you feel like dude they

508
00:24:19,960 --> 00:24:17,700
speak Spanish to everybody we don't know

509
00:24:27,029 --> 00:24:19,970
what it is it's just a thing they do

510
00:24:35,200 --> 00:24:27,039
dum de Tony estas amigo donde el baño

511
00:24:38,999 --> 00:24:35,210
donde is below time so now if I ever do

512
00:24:44,999 --> 00:24:42,070
do your Spanish is terrible and like

513
00:24:51,190 --> 00:24:45,009

they speak better Spanish than you yeah

514

00:25:01,019 --> 00:24:51,200

i Sergey speaking Spanish I speak

515

00:25:06,580 --> 00:25:01,029

Spanish - Spanish - Spanish oh my god

516

00:25:10,539 --> 00:25:06,590

okay we were speaking to Gorgon please

517

00:25:16,680 --> 00:25:10,549

Gorgon sounds - it's a Gorgons a gordita

518

00:25:21,779 --> 00:25:16,690

crunch another post Alejandra

519

00:25:24,549 --> 00:25:21,789

potentially happen there were already

520

00:25:27,879 --> 00:25:24,559

pre-existing life on it alien life oh

521

00:25:29,470 --> 00:25:27,889

yeah I already posted on this one - what

522

00:25:31,659 --> 00:25:29,480

did you have to say about it I had to

523

00:25:34,450 --> 00:25:31,669

say like if you ever found a planet that

524

00:25:38,019 --> 00:25:34,460

was habitable to life and we were like

525

00:25:39,999 --> 00:25:38,029

whoa we need to go there yeah who's to

526

00:25:41,529 --> 00:25:40,009

say that like stuff isn't already living

527

00:25:44,490 --> 00:25:41,539

there yeah and then like you get there

528

00:25:51,580 --> 00:25:44,500

and you're like and they're speaking

529

00:25:53,830 --> 00:25:51,590

Spanish I recently saw a photo an aerial

530

00:25:56,259 --> 00:25:53,840

photo of Mars and that was Annie in

531

00:26:00,009 --> 00:25:56,269

quotes aerial photo of Mars and it

532

00:26:01,149 --> 00:26:00,019

looked like a stampede of my drone yeah

533

00:26:04,360 --> 00:26:01,159

one of the Denver dreads

534

00:26:08,590 --> 00:26:04,370

but it was like an aerial photo looked

535

00:26:11,289 --> 00:26:08,600

like ace a pack or swarm of four-legged

536

00:26:13,810 --> 00:26:11,299

creatures did you see that I think it

537

00:26:16,180 --> 00:26:13,820

and it looks fake but it also man if it

538

00:26:17,889 --> 00:26:16,190

was real it be kind of cool but anyway

539

00:26:20,139 --> 00:26:17,899

there's this dude that breaks it down in

540

00:26:22,930 --> 00:26:20,149

YouTube if you take Elon Musk's word for

541

00:26:23,470 --> 00:26:22,940

it you can tell it's real about how fake

542

00:26:26,200 --> 00:26:23,480

it looks

543

00:26:27,610 --> 00:26:26,210

uh-huh yeah well yeah it looked pretty I

544

00:26:29,740 --> 00:26:27,620

mean that's how you know if it's real if

545

00:26:33,190 --> 00:26:29,750

it looks fake yeah it's real yeah

546

00:26:34,840 --> 00:26:33,200

sweetie long musses I'd love that

547

00:26:37,600 --> 00:26:34,850

I'm gonna go ahead and just use that for

548

00:26:40,570 --> 00:26:37,610

everything to help that is totally fake

549

00:26:43,509 --> 00:26:40,580

husband Elon Musk is way smarter than

550

00:26:48,279 --> 00:26:43,519

you yeah way smarter and he says if it

551
00:26:50,379 --> 00:26:48,289
looks fake it's real and he speaks

552
00:26:51,549 --> 00:26:50,389
Spanish yeah dude but I mean I mean

553
00:26:56,440 --> 00:26:51,559
don't wouldn't that kind of make sense

554
00:26:58,810 --> 00:26:56,450
like on this planet or or Mars like on a

555
00:27:00,940 --> 00:26:58,820
different planet right like if we found

556
00:27:04,509 --> 00:27:00,950
out that it could possibly Harbor life

557
00:27:06,690 --> 00:27:04,519
um I mean unless we're like sending

558
00:27:09,460 --> 00:27:06,700
something out to pick up you know like

559
00:27:11,560 --> 00:27:09,470
organic life signatures on the planet

560
00:27:13,360 --> 00:27:11,570
right you know like I guess you didn't

561
00:27:16,500 --> 00:27:13,370
find out we wouldn't know until we did

562
00:27:18,159 --> 00:27:16,510
that because all that when we see

563
00:27:21,009 --> 00:27:18,169

habitable zones

564

00:27:22,120 --> 00:27:21,019

we're always seeing like data like no

565

00:27:23,950 --> 00:27:22,130

one's looking at it through a telescope

566

00:27:26,740 --> 00:27:23,960

right right we're just seeing like

567

00:27:28,750 --> 00:27:26,750

different color spectrums I react with

568

00:27:30,519 --> 00:27:28,760

with light and what how we're seeing it

569

00:27:33,490 --> 00:27:30,529

and this little spectrum means that it's

570

00:27:36,549 --> 00:27:33,500

made of this gaseous material or or

571

00:27:38,470 --> 00:27:36,559

maybe it's made of iron and stuff like

572

00:27:41,529 --> 00:27:38,480

that it's all like it's all data you can

573

00:27:43,240 --> 00:27:41,539

clearly see on the surface that that

574

00:27:45,460 --> 00:27:43,250

photo is just an artist's rendering

575

00:27:47,110 --> 00:27:45,470

right right and a lot of times when they

576

00:27:49,149 --> 00:27:47,120

do find these planets in the Goldilocks

577

00:27:51,519 --> 00:27:49,159

zone they're like yeah yeah it's in the

578

00:27:53,680 --> 00:27:51,529

Goldilocks zone people could totally

579

00:27:56,919 --> 00:27:53,690

live there yeah the only issue is

580

00:28:00,220 --> 00:27:56,929

there's way too much helium exactly

581

00:28:03,310 --> 00:28:00,230

something like that okay so yeah so we

582

00:28:04,720 --> 00:28:03,320

can't live there yeah I mean it's good

583

00:28:06,730 --> 00:28:04,730

that you're looking for these planets

584

00:28:08,169 --> 00:28:06,740

that are in these zones but right why

585

00:28:09,759 --> 00:28:08,179

are you telling us everybody can yeah

586

00:28:11,889 --> 00:28:09,769

wonder what they're referring to is the

587

00:28:14,620 --> 00:28:11,899

habitable planet like how much sunlight

588

00:28:16,539 --> 00:28:14,630

it gets I guess so I mean what the the

589

00:28:18,159 --> 00:28:16,549

temperature of the planet may be but

590

00:28:20,049 --> 00:28:18,169

then again I mean like we're only basing

591

00:28:20,440 --> 00:28:20,059

this off of like what creates life here

592

00:28:23,049 --> 00:28:20,450

on earth

593

00:28:25,269 --> 00:28:23,059

Yeah right and all life out in the

594

00:28:27,340 --> 00:28:25,279

existing universe doesn't necessarily

595

00:28:29,590 --> 00:28:27,350

have to follow the same rules that we

596

00:28:31,060 --> 00:28:29,600

have here on earth biology like that

597

00:28:33,190 --> 00:28:31,070

planet you mentioned that has too much

598

00:28:35,080 --> 00:28:33,200

helium maybe all the planets all the

599

00:28:36,789 --> 00:28:35,090

plants and animals are made up like

600

00:28:45,129 --> 00:28:36,799

their balloon animals you're right and

601
00:28:46,810 --> 00:28:45,139
maybe they all have squeaky voices these

602
00:28:52,080 --> 00:28:46,820
guys speak speaks

603
00:28:55,090 --> 00:28:52,090
it's really well but yeah yeah I just I

604
00:28:56,499 --> 00:28:55,100
see something almost every week about oh

605
00:28:57,970 --> 00:28:56,509
we've found a new planet in the

606
00:29:00,549 --> 00:28:57,980
Goldilocks zone I don't know what

607
00:29:02,680 --> 00:29:00,559
they're referring to is is the the

608
00:29:05,110 --> 00:29:02,690
Goldilocks zone it's just a distance

609
00:29:07,419 --> 00:29:05,120
between the Sun and then it's like this

610
00:29:08,919 --> 00:29:07,429
planet has a certain temperature I don't

611
00:29:12,129 --> 00:29:08,929
know does it always mean that there's

612
00:29:13,840 --> 00:29:12,139
water on it there's I mean I mean

613
00:29:15,549 --> 00:29:13,850

they're there they're obviously doing

614

00:29:19,330 --> 00:29:15,559

the readouts like on these planets right

615

00:29:21,399 --> 00:29:19,340

so they know that it has like like some

616

00:29:23,980 --> 00:29:21,409

form of like you know maybe a little bit

617

00:29:25,899 --> 00:29:23,990

of oxygen but way too much carbon or you

618

00:29:28,779 --> 00:29:25,909

know way too much helium it's got the

619

00:29:31,029 --> 00:29:28,789

same like essential ingredients that

620

00:29:33,249 --> 00:29:31,039

Earth has right but they're just a

621

00:29:35,019 --> 00:29:33,259

little bit more out of whack hmm and and

622

00:29:37,600 --> 00:29:35,029

even then like if they find stuff that's

623

00:29:39,850 --> 00:29:37,610

really close to like Earth composition

624

00:29:42,159 --> 00:29:39,860

yeah you know the planet is like five

625

00:29:44,560 --> 00:29:42,169

times the size which then makes me think

626
00:29:47,379 --> 00:29:44,570
okay so do you have an interstellar type

627
00:29:49,450 --> 00:29:47,389
situation where like you're unloading

628
00:29:50,950 --> 00:29:49,460
people onto this planet and when they

629
00:29:52,600 --> 00:29:50,960
get down there they've been living there

630
00:29:55,330 --> 00:29:52,610
for 20 minutes but you guys have been

631
00:29:58,509 --> 00:29:55,340
holding for years you know what I'm

632
00:30:00,850 --> 00:29:58,519
saying because wait yeah okay so I know

633
00:30:03,159 --> 00:30:00,860
what I know what you're referring to so

634
00:30:06,490 --> 00:30:03,169
at that planet is 20% larger than Earth

635
00:30:07,629 --> 00:30:06,500
then that means the gravity is what I

636
00:30:10,450 --> 00:30:07,639
don't know what the number well it

637
00:30:12,820 --> 00:30:10,460
depends it depends on the mass oh right

638
00:30:15,249 --> 00:30:12,830

right right so maybe it's like more

639

00:30:18,490 --> 00:30:15,259

water or I don't know the yeah it's just

640

00:30:20,950 --> 00:30:18,500

more dense I guess yeah yeah I mean yeah

641

00:30:23,139 --> 00:30:20,960

depend on like the mass of it yeah so

642

00:30:26,649 --> 00:30:23,149

the bigger the planet the heavier things

643

00:30:29,289 --> 00:30:26,659

are well cuz then you have gas giants

644

00:30:32,740 --> 00:30:29,299

right where it's all gasp it's not very

645

00:30:34,600 --> 00:30:32,750

dense but yeah I get a little confused

646

00:30:36,850 --> 00:30:34,610

veinte bonding on out there knows the

647

00:30:39,009 --> 00:30:36,860

answer to this I don't think it's the

648

00:30:40,690 --> 00:30:39,019

size of the planets and I think it's I

649

00:30:42,820 --> 00:30:40,700

think it's growing mass of the planet

650

00:30:45,519 --> 00:30:42,830

because you can have a small planet with

651
00:30:47,970 --> 00:30:45,529
a shitload of mass yeah and gravity is

652
00:30:49,119 --> 00:30:47,980
super heavy I think yeah that sounds

653
00:30:50,560 --> 00:30:49,129
spot-on

654
00:30:52,869 --> 00:30:50,570
right I'm wondering because I think

655
00:30:57,490 --> 00:30:52,879
mercury if you're on Mercury you weigh

656
00:31:00,170 --> 00:30:57,500
like like four times your your weight or

657
00:31:02,360 --> 00:31:00,180
it's more has more mass than Earth

658
00:31:04,220 --> 00:31:02,370
think so there's there's a chart yeah

659
00:31:06,110 --> 00:31:04,230
it's like a NASA chart yeah it tells you

660
00:31:08,510 --> 00:31:06,120
but the heavyweights true yeah yeah I'm

661
00:31:11,420 --> 00:31:08,520
not sure I'm not sure how that works but

662
00:31:13,220 --> 00:31:11,430
I know that relatively in the ballpark

663
00:31:15,050 --> 00:31:13,230

we're kind of hitting it yeah we're

664

00:31:17,330 --> 00:31:15,060

missing it totally yeah I both were

665

00:31:18,680 --> 00:31:17,340

hitting it kind of I wonder how I mean

666

00:31:20,210 --> 00:31:18,690

that'd be so cool if it was an

667

00:31:23,000 --> 00:31:20,220

earth-sized planet like that rendering

668

00:31:24,800 --> 00:31:23,010

where it's just 20% larger than the

669

00:31:26,510 --> 00:31:24,810

earth everything else is the same like

670

00:31:29,210 --> 00:31:26,520

you know the thickness of the atmosphere

671

00:31:33,650 --> 00:31:29,220

yeah yeah it's the land masses and the

672

00:31:35,690 --> 00:31:33,660

oceans are bigger you know way more

673

00:31:36,920 --> 00:31:35,700

space way more space you know I was

674

00:31:40,400 --> 00:31:36,930

thinking about that the other day like

675

00:31:43,010 --> 00:31:40,410

there's so much space in Texas alone

676

00:31:46,010 --> 00:31:43,020

like it's just that people don't want to

677

00:31:48,290 --> 00:31:46,020

live in these rural areas there is space

678

00:31:50,570 --> 00:31:48,300

like you're not running out of [h__h]

679

00:31:52,790 --> 00:31:50,580

space not too many people on the planet

680

00:31:54,680 --> 00:31:52,800

I mean you know I think the cities are

681

00:31:56,330 --> 00:31:54,690

overpopulated for sure there's places

682

00:31:59,120 --> 00:31:56,340

that you can go and literally die

683

00:32:01,640 --> 00:31:59,130

because there's nothing there and you'll

684

00:32:03,620 --> 00:32:01,650

get lost yeah yeah when I when I went

685

00:32:06,520 --> 00:32:03,630

deer hunting did which is a crazy

686

00:32:08,540 --> 00:32:06,530

experience bro oh yeah that was insane

687

00:32:12,710 --> 00:32:08,550

but yeah we're out in the middle of

688

00:32:16,310 --> 00:32:12,720

nowhere bro it's near fowlerton Texas

689

00:32:18,680 --> 00:32:16,320

dude there ain't a hospital for like I

690

00:32:21,920 --> 00:32:18,690

think it's like two-and-a-half hours to

691

00:32:23,750 --> 00:32:21,930

a hospital to a gas station it's 45

692

00:32:27,320 --> 00:32:23,760

minutes yeah it's crazy like there's

693

00:32:28,730 --> 00:32:27,330

just nothing out there nothing nothing

694

00:32:30,830 --> 00:32:28,740

it was kind of a blast from the past

695

00:32:34,310 --> 00:32:30,840

really like we had running water and

696

00:32:36,740 --> 00:32:34,320

electricity but uh yeah I was it was

697

00:32:39,830 --> 00:32:36,750

pretty pretty sick yeah I liked it I

698

00:32:42,440 --> 00:32:39,840

mean there's places like you know out in

699

00:32:46,610 --> 00:32:42,450

West Texas right where they're selling

700

00:32:48,620 --> 00:32:46,620

like 20 acre 50 acre hundred plus acre

701
00:32:51,500 --> 00:32:48,630
tracks a land for like eight grand

702
00:32:54,970 --> 00:32:51,510
yeah dude and you're like whoa yeah like

703
00:32:57,470 --> 00:32:54,980
yeah but there's not a damn thing within

704
00:33:00,200 --> 00:32:57,480
hundreds of miles right you see like

705
00:33:02,090 --> 00:33:00,210
yeah good luck like yeah you have a

706
00:33:04,610 --> 00:33:02,100
hundred acres of land that costs you you

707
00:33:07,910 --> 00:33:04,620
know eight grand but you have to drive

708
00:33:09,720 --> 00:33:07,920
for two and a half hours just to get to

709
00:33:11,610 --> 00:33:09,730
wherever it is you're going

710
00:33:13,890 --> 00:33:11,620
that's how I get there there's not even

711
00:33:16,350 --> 00:33:13,900
a house he's like a like a little

712
00:33:18,150 --> 00:33:16,360
something like a little shed that just

713
00:33:20,820 --> 00:33:18,160

blocks the Sun from beating down on you

714

00:33:23,010 --> 00:33:20,830

sounds depressing I don't know I don't

715

00:33:25,740 --> 00:33:23,020

like it I mean if you can work it right

716

00:33:29,100 --> 00:33:25,750

that would be kick-ass that's super

717

00:33:30,720 --> 00:33:29,110

kick-ass I mean dude if you got I mean

718

00:33:33,630 --> 00:33:30,730

this is kind of like the calm unita but

719

00:33:36,240 --> 00:33:33,640

if you got like like 50 60 people that

720

00:33:39,030 --> 00:33:36,250

to just pitch in on on that land and

721

00:33:41,070 --> 00:33:39,040

figure out the water electricity and all

722

00:33:45,180 --> 00:33:41,080

that yeah I think that'd be so fun dude

723

00:33:47,100 --> 00:33:45,190

I mean so like like Geoff Lawton he's

724

00:33:49,560 --> 00:33:47,110

he's from Australia and he's one of the

725

00:33:52,740 --> 00:33:49,570

leading permaculturist in the world all

726

00:33:56,400 --> 00:33:52,750

right and so as an experiment he went to

727

00:33:58,230 --> 00:33:56,410

the most just dry desolate places in the

728

00:34:01,290 --> 00:33:58,240

Middle East that you could possibly find

729

00:34:05,280 --> 00:34:01,300

and within like five years he turned

730

00:34:09,030 --> 00:34:05,290

this sandy just [h__\h] area into like an

731

00:34:10,560 --> 00:34:09,040

oasis yeah of just green harvest you

732

00:34:12,840 --> 00:34:10,570

know they're able to harvest food they

733

00:34:15,420 --> 00:34:12,850

have grass they have goats they have so

734

00:34:18,000 --> 00:34:15,430

much water and it's all on how you work

735

00:34:20,340 --> 00:34:18,010

the land and utilize the resources that

736

00:34:22,350 --> 00:34:20,350

come about when they come about so they

737

00:34:24,990 --> 00:34:22,360

have like a little rainy season and they

738

00:34:27,090 --> 00:34:25,000

Swale the land you know he knew what

739

00:34:28,680 --> 00:34:27,100

what type of like plants and stuff to

740

00:34:30,210 --> 00:34:28,690

put in certain areas that are like

741

00:34:31,710 --> 00:34:30,220

because you know trees and things

742

00:34:34,980 --> 00:34:31,720

they're just they're basically like just

743

00:34:35,940 --> 00:34:34,990

water towers yeah they just hold a

744

00:34:37,650 --> 00:34:35,950

shitload of water

745

00:34:39,810 --> 00:34:37,660

uh-huh and a lot of times like they

746

00:34:41,760 --> 00:34:39,820

won't utilize these resources for years

747

00:34:45,090 --> 00:34:41,770

and years down the road yeah right so

748

00:34:46,680 --> 00:34:45,100

like interesting thing is like if if you

749

00:34:49,560 --> 00:34:46,690

if you bought a house right and you have

750

00:34:51,720 --> 00:34:49,570

this badass tree you've been there for

751
00:34:53,700 --> 00:34:51,730
like five years and all of a sudden this

752
00:34:56,040 --> 00:34:53,710
tree starts dying you're like what the

753
00:34:59,430 --> 00:34:56,050
hell is going on right huh well maybe

754
00:35:01,620 --> 00:34:59,440
ten years prior the current the other

755
00:35:04,080 --> 00:35:01,630
homeowner before you may have used a

756
00:35:07,050 --> 00:35:04,090
chemical or like spilled something that

757
00:35:08,970 --> 00:35:07,060
that's like extremely toxic right in the

758
00:35:11,970 --> 00:35:08,980
soil and the tree absorbed it well it

759
00:35:13,710 --> 00:35:11,980
just stored that that area until it

760
00:35:16,110 --> 00:35:13,720
needed it and so when it uses the

761
00:35:18,240 --> 00:35:16,120
reservoir is up then it pulls from this

762
00:35:20,520 --> 00:35:18,250
reservoir that was tainted this tree

763
00:35:22,770 --> 00:35:20,530

starts dying because the guy ten years

764

00:35:23,560 --> 00:35:22,780

ago right had put something in the soil

765

00:35:25,480 --> 00:35:23,570

that was

766

00:35:27,160 --> 00:35:25,490

us to be the so there's like you know

767

00:35:29,710 --> 00:35:27,170

they they're just water buckets do they

768

00:35:31,030 --> 00:35:29,720

hold it right so you you you that's what

769

00:35:33,130 --> 00:35:31,040

all the roots that's where they store

770

00:35:34,270 --> 00:35:33,140

all the uh-huh the liquid and all that

771

00:35:36,010 --> 00:35:34,280

that's where they keep it you know they

772

00:35:38,560 --> 00:35:36,020

store it so they and they use it when

773

00:35:41,740 --> 00:35:38,570

they need it so knowing like what types

774

00:35:44,560 --> 00:35:41,750

of plants and what types of how to work

775

00:35:47,020 --> 00:35:44,570

the earth basically harvest this water

776

00:35:48,370 --> 00:35:47,030

and how to sink it and hold it and trap

777

00:35:51,510 --> 00:35:48,380

it and yeah you know being able to

778

00:35:54,760 --> 00:35:51,520

utilize it you can you can green

779

00:35:57,940 --> 00:35:54,770

anything yeah all right you can do it so

780

00:36:00,820 --> 00:35:57,950

it's definitely possible permaculture is

781

00:36:03,580 --> 00:36:00,830

like a real ancient idea it's kind of

782

00:36:06,490 --> 00:36:03,590

been reworked and it's still fairly new

783

00:36:08,110 --> 00:36:06,500

and like you know current days there's

784

00:36:11,160 --> 00:36:08,120

not there's not a lot of permaculture

785

00:36:13,240 --> 00:36:11,170

out there but I think I think are you a

786

00:36:15,640 --> 00:36:13,250

permaculturist yeah I study permaculture

787

00:36:18,580 --> 00:36:15,650

that's right yeah I study permaculture

788

00:36:23,110 --> 00:36:18,590

the I feel like that's like a a

789

00:36:25,900 --> 00:36:23,120

technique or artistry or knowledge base

790

00:36:28,000 --> 00:36:25,910

that is like I don't really know anybody

791

00:36:29,380 --> 00:36:28,010

else that that does that it's one of

792

00:36:32,470 --> 00:36:29,390

those things that's kind of like dying

793

00:36:34,480 --> 00:36:32,480

out there's where yeah what's its we

794

00:36:36,820 --> 00:36:34,490

ever get into the [h__h] you know that we

795

00:36:40,050 --> 00:36:36,830

have nothing left no internet and when

796

00:36:43,060 --> 00:36:40,060

in society falls apart when all the oil

797

00:36:45,010 --> 00:36:43,070

reservoirs dry up we're gonna need

798

00:36:48,490 --> 00:36:45,020

people to like know what the [h__h] to do

799

00:36:51,750 --> 00:36:48,500

right when it's too damn hot right or

800

00:36:54,970 --> 00:36:51,760

there's a drought or things like that so

801
00:36:56,260 --> 00:36:54,980
interesting fun fact you know how when

802
00:36:59,110 --> 00:36:56,270
you drive along the side of the highway

803
00:37:01,180 --> 00:36:59,120
and there's always these two ditches on

804
00:37:02,860 --> 00:37:01,190
the side of the highway mm-hmm right so

805
00:37:04,570 --> 00:37:02,870
during the Great Depression

806
00:37:07,360 --> 00:37:04,580
everything got covered in sand

807
00:37:09,880 --> 00:37:07,370
everything dried up everything was like

808
00:37:11,980 --> 00:37:09,890
you couldn't see anything right so after

809
00:37:14,640 --> 00:37:11,990
that they implemented a permaculture

810
00:37:17,470 --> 00:37:14,650
technique where they built these giant

811
00:37:20,020 --> 00:37:17,480
swales on the sides of the highways and

812
00:37:22,900 --> 00:37:20,030
so in rains they fill up with water and

813
00:37:25,360 --> 00:37:22,910

it stores water in the ground and that

814

00:37:27,190 --> 00:37:25,370

in that area so even during a big

815

00:37:29,110 --> 00:37:27,200

drought you always notice the side of

816

00:37:30,880 --> 00:37:29,120

the highway stay somewhat green and

817

00:37:33,460 --> 00:37:30,890

always have something like bushes and

818

00:37:34,990 --> 00:37:33,470

trees and stuff growing that's why so

819

00:37:37,319 --> 00:37:35,000

over all these years they've been

820

00:37:39,029 --> 00:37:37,329

harvesting millions of gallons of

821

00:37:41,579 --> 00:37:39,039

water that's you know and that's why

822

00:37:44,699 --> 00:37:41,589

like now that's a permaculture technique

823

00:37:46,799 --> 00:37:44,709

that was used so if a drought does come

824

00:37:48,809 --> 00:37:46,809

at least you could be able to still see

825

00:37:50,849 --> 00:37:48,819

the highways and utilize the highways

826

00:37:53,940 --> 00:37:50,859

without it being covered up that's crazy

827

00:37:55,979 --> 00:37:53,950

yeah so when we go off planet let's be

828

00:37:58,499 --> 00:37:55,989

neighbors let's be neighbors dude let's

829

00:38:01,049 --> 00:37:59,940

you think we'll ever go to Mars in our

830

00:38:02,789 --> 00:38:01,059

lifetime you think they're gonna put

831

00:38:04,440 --> 00:38:02,799

actually put people on Mars I'm like

832

00:38:05,999 --> 00:38:04,450

right before we die we're gonna be like

833

00:38:07,799 --> 00:38:06,009

goddamn it took you long enough

834

00:38:10,410 --> 00:38:07,809

ya know like they're gonna keep pushing

835

00:38:12,900 --> 00:38:10,420

that number pushing it keep pushing it

836

00:38:14,420 --> 00:38:12,910

yeah I think deal on musk is crazy

837

00:38:16,890 --> 00:38:14,430

enough to actually get it done though

838

00:38:18,690 --> 00:38:16,900

yeah not like he's crazy but you know

839

00:38:20,640 --> 00:38:18,700

since somebody who's like alright yeah

840

00:38:23,339 --> 00:38:20,650

can't wait anymore go let's just [h__h]

841

00:38:25,650 --> 00:38:23,349

go yeah we're gonna have to just go at

842

00:38:27,959 --> 00:38:25,660

some point why not do it now yeah right

843

00:38:29,699 --> 00:38:27,969

I feel like I really hope it happens in

844

00:38:32,849 --> 00:38:29,709

our lifetime I think it'd be cool I

845

00:38:35,190 --> 00:38:32,859

think it'd be really cool um one-way

846

00:38:37,920 --> 00:38:35,200

ticket right way ticket one way ticket

847

00:38:40,410 --> 00:38:37,930

you're going Mario Kart it's like how

848

00:38:41,939 --> 00:38:40,420

the [h__h] would you ever get off you need

849

00:38:44,939 --> 00:38:41,949

to build the infrastructure or send

850

00:38:47,219 --> 00:38:44,949

another rocket with another rocket like

851
00:38:49,109 --> 00:38:47,229
how do you even nah we just don't have

852
00:38:51,870 --> 00:38:49,119
the technology or the material science

853
00:38:54,239 --> 00:38:51,880
to get like double the payload right

854
00:38:56,670 --> 00:38:54,249
like well they'd have to they'd have to

855
00:38:59,130 --> 00:38:56,680
send the first group of people there set

856
00:39:00,719 --> 00:38:59,140
up base camp right and then the second

857
00:39:02,939 --> 00:39:00,729
group of people I'll just sit in pieces

858
00:39:04,620 --> 00:39:02,949
yes and it in pieces to start filling

859
00:39:05,489 --> 00:39:04,630
out the base camp until you get a

860
00:39:07,349 --> 00:39:05,499
workforce

861
00:39:11,039 --> 00:39:07,359
yeah you can start sending material to

862
00:39:13,410 --> 00:39:11,049
build rockets on Mars to them maybe send

863
00:39:15,719 --> 00:39:13,420

the next generation home - yeah alright

864

00:39:18,359 --> 00:39:15,729

so then you know it's gonna take you

865

00:39:20,069 --> 00:39:18,369

know yeah I think it's the fuel that

866

00:39:21,620 --> 00:39:20,079

that's the the hiccup there cuz where do

867

00:39:23,670 --> 00:39:21,630

you unless you can find fuel on Mars

868

00:39:25,380 --> 00:39:23,680

then how are you how the [h__h] are you

869

00:39:27,329 --> 00:39:25,390

gonna even when you build a rocket how

870

00:39:29,219 --> 00:39:27,339

are you gonna use it to get out off the

871

00:39:31,739 --> 00:39:29,229

planet well I guess it depends on what

872

00:39:33,930 --> 00:39:31,749

type of fuel you're using hey if we

873

00:39:37,019 --> 00:39:33,940

develop the technology to be able to not

874

00:39:39,989 --> 00:39:37,029

require oil yeah to do that yeah you

875

00:39:41,759 --> 00:39:39,999

know you could go up to Mars and use

876

00:39:45,089 --> 00:39:41,769

what it's like you know I don't know

877

00:39:48,719 --> 00:39:45,099

like whatever is in their soil or I want

878

00:39:50,189 --> 00:39:48,729

to figure out how to use farts yeah I'm

879

00:39:51,259 --> 00:39:50,199

gonna waste like poop

880

00:39:54,509 --> 00:39:51,269

uh-huh and pee

881

00:39:56,190 --> 00:39:54,519

to fuel there's I mean there I know that

882

00:39:57,989 --> 00:39:56,200

there's like there's ways you could do

883

00:40:00,749 --> 00:39:57,999

it there's like military things that

884

00:40:02,670 --> 00:40:00,759

they've used to harness the methane it

885

00:40:06,420 --> 00:40:02,680

comes out of waste like on porta-potties

886

00:40:07,979 --> 00:40:06,430

I mean I wonder what the people are what

887

00:40:09,960 --> 00:40:07,989

the ratio is we're building their houses

888

00:40:11,549 --> 00:40:09,970

with that now yeah okay I don't know

889

00:40:14,370 --> 00:40:11,559

there's a little permaculture taxi cool

890

00:40:16,440 --> 00:40:14,380

where they're like using it for like

891

00:40:17,789 --> 00:40:16,450

their stoves and we're telling me that

892

00:40:20,430 --> 00:40:17,799

yeah and they like does it smell bad

893

00:40:23,269 --> 00:40:20,440

from the heat no it doesn't smell but if

894

00:40:26,279 --> 00:40:23,279

you have a gas leak you [h__h] know it

895

00:40:28,859 --> 00:40:26,289

always gonna guess so you're like Oh

896

00:40:31,559 --> 00:40:28,869

smells like farts in here oh man we got

897

00:40:35,039 --> 00:40:31,569

a gas leak yeah no was that you or are

898

00:40:37,469 --> 00:40:35,049

we about to blow up I mean yeah they

899

00:40:41,400 --> 00:40:37,479

have to add that that's sent to propane

900

00:40:43,609 --> 00:40:41,410

yeah propane to so that you know that's

901
00:40:46,559 --> 00:40:43,619
a propane accessory proteins accessory

902
00:40:50,219 --> 00:40:46,569
but uh yeah man if it was all fart we

903
00:40:52,469 --> 00:40:50,229
were powered by farts and that's cool

904
00:40:54,479 --> 00:40:52,479
because you know like just over time you

905
00:40:57,930 --> 00:40:54,489
build more and more waste which creates

906
00:40:59,969 --> 00:40:57,940
more and more methane and so you're

907
00:41:01,769 --> 00:40:59,979
basically like creating your own energy

908
00:41:03,599 --> 00:41:01,779
yeah at that point and the more people

909
00:41:05,160 --> 00:41:03,609
you got living in your house the more

910
00:41:06,870 --> 00:41:05,170
force you got you know what I'm saying

911
00:41:08,940 --> 00:41:06,880
there's just so much farts and methane

912
00:41:12,690 --> 00:41:08,950
going on albany farts dude I wonder if

913
00:41:14,579 --> 00:41:12,700

that would be like a thing and each and

914

00:41:17,640 --> 00:41:14,589

every household on Mars you know to

915

00:41:19,289 --> 00:41:17,650

preserve energy waste is to like you it

916

00:41:20,670 --> 00:41:19,299

when you do have to fart like it's a big

917

00:41:22,920 --> 00:41:20,680

deal like you're at dinner you're like

918

00:41:25,229 --> 00:41:22,930

honey excuse me you go up and there's

919

00:41:28,140 --> 00:41:25,239

like this like gas mask type thing that

920

00:41:30,870 --> 00:41:28,150

you fit on your your ass yeah an ass

921

00:41:32,700 --> 00:41:30,880

mask and a smash it's like this big deal

922

00:41:35,279 --> 00:41:32,710

but it's like so socially acceptable

923

00:41:37,979 --> 00:41:35,289

that you could just drop trou put on

924

00:41:39,839 --> 00:41:37,989

that ass mask and you know have at it

925

00:41:42,209 --> 00:41:39,849

you know and everybody's like proud of

926

00:41:44,700 --> 00:41:42,219

you yeah yeah applaud still like yeah

927

00:41:50,249 --> 00:41:44,710

he's doing his part this part this part

928

00:41:51,620 --> 00:41:50,259

this part part so so we're having beans

929

00:41:54,299 --> 00:41:51,630

every night Mars

930

00:41:56,339 --> 00:41:54,309

dude our civilization is gonna kick ass

931

00:42:00,120 --> 00:41:56,349

so yeah we have to started to start over

932

00:42:02,160 --> 00:42:00,130

in media or the last two dudes yeah it

933

00:42:03,390 --> 00:42:02,170

would just be us two dudes

934

00:42:07,710 --> 00:42:03,400

portunity

935

00:42:10,240 --> 00:42:07,720

butl hopefully our wives will be there

936

00:42:12,970 --> 00:42:10,250

hey if we bring birdie she will still

937

00:42:15,010 --> 00:42:12,980

have enough my dog birdie it was for

938

00:42:18,070 --> 00:42:15,020

people who don't know she'll have she

939

00:42:19,330 --> 00:42:18,080

has enough farts for the both of us that

940

00:42:22,330 --> 00:42:19,340

is the gaseous dog

941

00:42:24,820 --> 00:42:22,340

she put her for her little paws up on

942

00:42:26,440 --> 00:42:24,830

the couch earlier and she just it I

943

00:42:28,330 --> 00:42:26,450

don't have you ever heard a dog fart

944

00:42:35,980 --> 00:42:28,340

they're normally kind of silent but hers

945

00:42:36,820 --> 00:42:35,990

are like dude it was loud she looked me

946

00:42:44,670 --> 00:42:36,830

all embarrassed

947

00:42:49,750 --> 00:42:44,680

yeah me brewski oh yeah si si gracias

948

00:42:52,120 --> 00:42:49,760

speaking Spanish si do we go to this

949

00:42:55,420 --> 00:42:52,130

Mexican food place down the street and

950

00:42:57,210 --> 00:42:55,430

the owners in the waitress only speak

951

00:43:00,010 --> 00:42:57,220

Spanish uh-huh it's so fun

952

00:43:02,349 --> 00:43:00,020

Jess no Spanish out like really well so

953

00:43:03,820 --> 00:43:02,359

I just like copy what she says it's

954

00:43:07,300 --> 00:43:03,830

always like you're like German I didn't

955

00:43:08,980 --> 00:43:07,310

even want that yeah yeah but after I say

956

00:43:09,849 --> 00:43:08,990

it I'm like all so proud of myself like

957

00:43:11,650 --> 00:43:09,859

oh yeah

958

00:43:13,900 --> 00:43:11,660

I already forgot what the [h__\h] rice is

959

00:43:16,720 --> 00:43:13,910

but I ordered rice and beans

960

00:43:19,060 --> 00:43:16,730

I forgot what but how I was like hell

961

00:43:22,690 --> 00:43:19,070

yeah dan I'm super super smart I'm so

962

00:43:25,750 --> 00:43:22,700

smart you're so smart it oh yeah yeah

963

00:43:28,870 --> 00:43:25,760

dude I I think that'd be crazy yeah I

964

00:43:30,849 --> 00:43:28,880

think that would be crazy but yeah

965

00:43:33,340 --> 00:43:30,859

definitely probably somebody's going to

966

00:43:35,109 --> 00:43:33,350

Mars in our lifetime I want I wonder

967

00:43:36,760 --> 00:43:35,119

what that person's names gonna be I

968

00:43:39,370 --> 00:43:36,770

think is gonna be Greg all right I hope

969

00:43:41,020 --> 00:43:39,380

it's not something dumb like we should

970

00:43:43,420 --> 00:43:41,030

send like a group of really badass

971

00:43:48,250 --> 00:43:43,430

people and then [h__h] send Greg just

972

00:43:49,870 --> 00:43:48,260

because dude if that anchorman that that

973

00:43:52,390 --> 00:43:49,880

news anchor gets to go I'm gonna be

974

00:43:54,370 --> 00:43:52,400

actually I that would be awesome if Greg

975

00:43:57,730 --> 00:43:54,380

got to go they just push Greg out once a

976
00:43:59,440 --> 00:43:57,740
month to see if you can breathe yeah and

977
00:44:03,340 --> 00:43:59,450
they're like all right bring Craig back

978
00:44:04,660 --> 00:44:03,350
and still can't breathe we already can't

979
00:44:06,730 --> 00:44:04,670
breathe because you shot he's talking so

980
00:44:11,830 --> 00:44:06,740
dang much I love how he's [h__\h] on Greg

981
00:44:14,530 --> 00:44:11,840
almost every episode now T Oh Greg mmm

982
00:44:18,240 --> 00:44:14,540
goddamn that guy

983
00:44:22,270 --> 00:44:18,250
all right what was next Gary's post

984
00:44:24,220 --> 00:44:22,280
about oh yeah the documents how now

985
00:44:24,910 --> 00:44:24,230
people are submitting the the FOIA

986
00:44:29,220 --> 00:44:24,920
request

987
00:44:31,570 --> 00:44:29,230
Oya is Freedom of Information Act and

988
00:44:35,140 --> 00:44:31,580

they're not able to get any information

989

00:44:38,170 --> 00:44:35,150

because they keep changing the name of

990

00:44:40,330 --> 00:44:38,180

the the organization right that that

991

00:44:42,790 --> 00:44:40,340

holds the yeah that holds the documents

992

00:44:46,600 --> 00:44:42,800

now yeah I mean if there's anything that

993

00:44:48,880 --> 00:44:46,610

Lou Elizondo I'll take to heart is that

994

00:44:50,650 --> 00:44:48,890

he called it he was like dude they

995

00:44:52,060 --> 00:44:50,660

changed the [h__h] acronym like every

996

00:44:53,860 --> 00:44:52,070

year so you're never gonna have any

997

00:44:55,840 --> 00:44:53,870

information we we've talked about this

998

00:44:57,940 --> 00:44:55,850

for sure yeah but I talked about it it's

999

00:45:00,670 --> 00:44:57,950

funny to see it like improve you know in

1000

00:45:03,040 --> 00:45:00,680

typing not writing but Nina like legit

1001

00:45:05,080 --> 00:45:03,050

yeah I mean you have to be really

1002

00:45:07,600 --> 00:45:05,090

specific like when you submit these for

1003

00:45:08,200 --> 00:45:07,610

your requests because they'll play games

1004

00:45:10,690 --> 00:45:08,210

with you

1005

00:45:12,130 --> 00:45:10,700

you know so apparently like when you're

1006

00:45:13,660 --> 00:45:12,140

asking for stuff you have to be

1007

00:45:15,130 --> 00:45:13,670

extremely specific

1008

00:45:19,150 --> 00:45:15,140

yeah I thought out that document was

1009

00:45:20,290 --> 00:45:19,160

really specific without saying UFO you

1010

00:45:22,690 --> 00:45:20,300

know what I'm saying like you have to be

1011

00:45:25,570 --> 00:45:22,700

really specific without being specific

1012

00:45:26,290 --> 00:45:25,580

yeah you know it's like oh I know what

1013

00:45:28,720 --> 00:45:26,300

you're asking for

1014

00:45:30,370 --> 00:45:28,730

you didn't say UFO or alien but I know

1015

00:45:33,040 --> 00:45:30,380

what you're asking for you want UFO

1016

00:45:35,230 --> 00:45:33,050

alien information right yeah but yeah

1017

00:45:37,390 --> 00:45:35,240

dude I mean yeah that that was extremely

1018

00:45:39,040 --> 00:45:37,400

specific the way that they asked for it

1019

00:45:41,890 --> 00:45:39,050

and it's crazy that they get a response

1020

00:45:43,900 --> 00:45:41,900

and they're like well sorry Naval

1021

00:45:45,850 --> 00:45:43,910

Intelligence no longer has this

1022

00:45:49,120 --> 00:45:45,860

information it's been you know

1023

00:45:51,870 --> 00:45:49,130

classified top secret by a different

1024

00:45:56,710 --> 00:45:51,880

organization that now holds the papers

1025

00:45:58,300 --> 00:45:56,720

dude I mean I have like it's like I have

1026
00:45:58,720 --> 00:45:58,310
so many questions that will never be

1027
00:46:02,020 --> 00:45:58,730
answered

1028
00:46:04,570 --> 00:46:02,030
it's insane sorry Sean scary man all you

1029
00:46:09,220 --> 00:46:04,580
can do is just do the digging yes it's

1030
00:46:12,010 --> 00:46:09,230
really all you can do and yeah I I said

1031
00:46:13,330 --> 00:46:12,020
it in my response if you want real

1032
00:46:16,150 --> 00:46:13,340
answers you got to ask those [h__h]

1033
00:46:17,920 --> 00:46:16,160
guys in khakis yeah they have the

1034
00:46:21,370 --> 00:46:17,930
answers right yeah I have the papers

1035
00:46:23,440 --> 00:46:21,380
somebody knows yeah somebody knows dude

1036
00:46:28,210 --> 00:46:23,450
it's crazy cuz because now they're

1037
00:46:28,690 --> 00:46:28,220
saying you know like oh we don't have

1038
00:46:30,849 --> 00:46:28,700

anymore

1039

00:46:33,010 --> 00:46:30,859

information right right yeah they're

1040

00:46:35,290 --> 00:46:33,020

like oh we don't have anymore video when

1041

00:46:37,810 --> 00:46:35,300

we know that that's not true right

1042

00:46:41,260 --> 00:46:37,820

yeah Gary Voorhees said that there's way

1043

00:46:43,300 --> 00:46:41,270

longer video right PJ said there's a way

1044

00:46:44,890 --> 00:46:43,310

longer video mm-hmm other people have

1045

00:46:47,200 --> 00:46:44,900

come out and say that that was just a

1046

00:46:53,770 --> 00:46:47,210

little tiny bit of that that whole video

1047

00:46:57,190 --> 00:46:53,780

which makes me wonder like hmm like what

1048

00:47:00,849 --> 00:46:57,200

we got was was pretty decent right but

1049

00:47:03,520 --> 00:47:00,859

what what the hell do they have right

1050

00:47:06,310 --> 00:47:03,530

yeah because if the video that we saw if

1051

00:47:08,470 --> 00:47:06,320

most of it is like that then why won't

1052

00:47:10,359 --> 00:47:08,480

they show us the rest of it yeah there

1053

00:47:12,579 --> 00:47:10,369

has to be that's a good point

1054

00:47:15,040 --> 00:47:12,589

like what else is on that video that's

1055

00:47:17,500 --> 00:47:15,050

gonna be so [h__h] mind-blowing uh-huh

1056

00:47:19,930 --> 00:47:17,510

that they're not showing us is it our

1057

00:47:22,359 --> 00:47:19,940

technology right that they don't like

1058

00:47:24,099 --> 00:47:22,369

maybe like they got close enough to see

1059

00:47:26,859 --> 00:47:24,109

a little label to where there was like

1060

00:47:28,750 --> 00:47:26,869

you know made in the USA like a little

1061

00:47:30,700 --> 00:47:28,760

star on it and said USA on the side of

1062

00:47:32,800 --> 00:47:30,710

it and the like [h__h] we can't show this

1063

00:47:34,900 --> 00:47:32,810

Yeah right you know but I thought was a

1064

00:47:39,880 --> 00:47:34,910

secret organization like that doing top

1065

00:47:41,770 --> 00:47:39,890

secret like aerial tech technology I

1066

00:47:44,020 --> 00:47:41,780

wouldn't brand it all right

1067

00:47:46,540 --> 00:47:44,030

right I mean or they got close enough to

1068

00:47:48,970 --> 00:47:46,550

see some windows and whatever's inside

1069

00:47:51,339 --> 00:47:48,980

of these jacking off inside dude that's

1070

00:47:55,690 --> 00:47:51,349

what powers and yeah yeah the faster you

1071

00:47:58,120 --> 00:47:55,700

Jack it up the faster you go see we got

1072

00:48:00,130 --> 00:47:58,130

it done

1073

00:48:08,880 --> 00:48:00,140

podcast this is a lineup last episode we

1074

00:48:13,900 --> 00:48:12,160

was it good thank you that's just like

1075

00:48:15,490 --> 00:48:13,910

there's like a chair in there and

1076

00:48:24,700 --> 00:48:15,500

there's like a giant bottle of lotion

1077

00:48:27,940 --> 00:48:24,710

right next to theirs there's some

1078

00:48:29,680 --> 00:48:27,950

propulsion going on dude yeah maybe

1079

00:48:35,109 --> 00:48:29,690

that's why they stay stationary for so

1080

00:48:43,870 --> 00:48:41,319

like they just fly the same stationery

1081

00:48:50,440 --> 00:48:43,880

they're trying to concentrate yeah dude

1082

00:48:53,529 --> 00:48:50,450

I kind of concentrate stop Shh okay okay

1083

00:48:58,120 --> 00:48:53,539

real see that it starts blinking like

1084

00:48:59,739 --> 00:48:58,130

powering up like the closer you get what

1085

00:49:03,880 --> 00:48:59,749

if every every time somebody is

1086

00:49:05,950 --> 00:49:03,890

masturbating and público that's what is

1087

00:49:09,130 --> 00:49:05,960

actually the UFO phenomenon it creates

1088

00:49:12,459 --> 00:49:09,140

this like multi-dimensional energy do it

1089

00:49:14,410 --> 00:49:12,469

this little this little thing pops up

1090

00:49:15,999 --> 00:49:14,420

yep and then that's what happens when

1091

00:49:17,499 --> 00:49:16,009

you orgasm and that's why there's so

1092

00:49:18,999 --> 00:49:17,509

many sightings happening now because

1093

00:49:24,160 --> 00:49:19,009

with the birth of the internet it's so

1094

00:49:27,130 --> 00:49:24,170

easy to masturbate dude yes just figured

1095

00:49:29,200 --> 00:49:27,140

it freakin out man when we go to UFO Con

1096

00:49:31,539 --> 00:49:29,210

we go we're gonna tell everybody that

1097

00:49:33,400 --> 00:49:31,549

was great the case yeah we got it

1098

00:49:35,769 --> 00:49:33,410

I mean this is about about telling

1099

00:49:37,120 --> 00:49:35,779

people our theories right and this is

1100

00:49:39,370 --> 00:49:37,130

this is about you know we're all

1101
00:49:41,489 --> 00:49:39,380
speculating here exactly but dude I

1102
00:49:44,499 --> 00:49:41,499
think sometimes our theories are like

1103
00:49:48,039 --> 00:49:44,509
spot on spot on you know this one

1104
00:49:51,190 --> 00:49:48,049
I'm spot on did absolutely I think we're

1105
00:49:53,979 --> 00:49:51,200
we hit the nail on the head yeah and

1106
00:49:57,969 --> 00:49:53,989
like when it's Q&A time yeah I'm gonna

1107
00:50:01,329 --> 00:49:57,979
get up on the microphone so we all know

1108
00:50:08,019 --> 00:50:01,339
UFOs are orgasms right like like

1109
00:50:11,529 --> 00:50:08,029
everybody everybody agrees that they

1110
00:50:14,259 --> 00:50:11,539
already know so I think the current

1111
00:50:16,180 --> 00:50:14,269
understands this right is that we all

1112
00:50:21,579 --> 00:50:16,190
know that they're powered by

1113
00:50:27,579 --> 00:50:21,589

masturbation me and my bro pin here we

1114

00:50:37,620 --> 00:50:27,589

think we've cracked the case wait what

1115

00:50:44,829 --> 00:50:41,739

oh I'm telling you right now if you go

1116

00:50:46,569 --> 00:50:44,839

up on the rooftop tonight you know with

1117

00:50:48,550 --> 00:50:46,579

one of these UFO people like like

1118

00:50:50,830 --> 00:50:48,560

Melinda Lesley right

1119

00:50:52,510 --> 00:50:50,840

and then you guys see UFOs there's

1120

00:50:54,790 --> 00:50:52,520

somebody in this hotel masturbating at

1121

00:50:56,950 --> 00:50:54,800

that second it doesn't matter where you

1122

00:50:58,630 --> 00:50:56,960

are if you see a UFO there's somebody in

1123

00:50:59,980 --> 00:50:58,640

the vicinity masturbating right you may

1124

00:51:01,720 --> 00:50:59,990

not know who it is all right well we

1125

00:51:03,400 --> 00:51:01,730

know that they're masturbating I think

1126

00:51:06,430 --> 00:51:03,410

it's all it's all about like the tilt

1127

00:51:07,780 --> 00:51:06,440

and direction of of the unit right you

1128

00:51:08,260 --> 00:51:07,790

know and it's like a straight shot so

1129

00:51:10,300 --> 00:51:08,270

your laser

1130

00:51:12,730 --> 00:51:10,310

so wherever it's pointing yes that's

1131

00:51:15,070 --> 00:51:12,740

where it goes man huh so you know it

1132

00:51:17,260 --> 00:51:15,080

could be right above you know but you

1133

00:51:19,300 --> 00:51:17,270

know it's got to be a very yeah straight

1134

00:51:20,920 --> 00:51:19,310

action going on if it's right above the

1135

00:51:24,180 --> 00:51:20,930

height hell like with Roswell

1136

00:51:26,620 --> 00:51:24,190

they were like [h__h] I ran out of lotion

1137

00:51:28,540 --> 00:51:26,630

there was like too much friction there

1138

00:51:30,490 --> 00:51:28,550

was like smoking and then like sparks

1139

00:51:32,290 --> 00:51:30,500

started flying and then the UFO lost

1140

00:51:34,660 --> 00:51:32,300

control and it crashed in the desert

1141

00:51:35,830 --> 00:51:34,670

yeah and then like the three bodies the

1142

00:51:36,970 --> 00:51:35,840

reason that they didn't take pictures

1143

00:51:46,110 --> 00:51:36,980

are telling you about is because the

1144

00:51:57,790 --> 00:51:49,990

everywhere is Kleenex branded Kleenex

1145

00:51:59,410 --> 00:51:57,800

everywhere do it how do we do it

1146

00:52:00,970 --> 00:51:59,420

well we're sitting at the round tables

1147

00:52:04,600 --> 00:52:00,980

like discussing stuff like at dinner

1148

00:52:06,730 --> 00:52:04,610

time we should totally bring that up so

1149

00:52:09,640 --> 00:52:06,740

like maybe like may all know maybe maybe

1150

00:52:11,440 --> 00:52:09,650

not like like what if we were like it

1151
00:52:13,840 --> 00:52:11,450
wasn't like our idea like we heard it

1152
00:52:15,400 --> 00:52:13,850
like so we have this source right no

1153
00:52:18,160 --> 00:52:15,410
every wanted to run this but I have an

1154
00:52:19,930 --> 00:52:18,170
insider we have an insider yeah and he

1155
00:52:22,270 --> 00:52:19,940
talks about how masturbation is

1156
00:52:24,820 --> 00:52:22,280
propulsion technology to these UFO like

1157
00:52:26,290 --> 00:52:24,830
just super serious but like but like

1158
00:52:30,070 --> 00:52:26,300
glaze over that like say it really fast

1159
00:52:32,950 --> 00:52:30,080
yeah masturbation is the you know the

1160
00:52:35,320 --> 00:52:32,960
the the source of this this technology

1161
00:52:41,230 --> 00:52:35,330
so anyway you've heard of Kundalini

1162
00:52:43,750 --> 00:52:41,240
right way back up what you say Kundalini

1163
00:52:44,680 --> 00:52:43,760

know the thing about masturbation and

1164

00:52:47,650 --> 00:52:44,690

the compulsion

1165

00:52:49,690 --> 00:52:47,660

oh oh oh yeah well I thought it's I mean

1166

00:52:51,460 --> 00:52:49,700

it's it's like an old fans I know thing

1167

00:52:54,550 --> 00:52:51,470

yeah I mean there's many many books

1168

00:52:58,450 --> 00:52:54,560

written about this hey that's what our

1169

00:53:00,970 --> 00:52:58,460

book should be about dude yes our theory

1170

00:53:02,950 --> 00:53:00,980

on propulsion technologies of UFOs

1171

00:53:05,140 --> 00:53:02,960

driven by masturbation

1172

00:53:22,990 --> 00:53:05,150

is gonna be called we're not finished

1173

00:53:26,050 --> 00:53:23,000

and neither you not your rags lotion

1174

00:53:29,320 --> 00:53:26,060

everywhere I wanted to be like a

1175

00:53:32,320 --> 00:53:29,330

holographic color cover you know I

1176
00:53:42,970 --> 00:53:32,330
wanted to really be coming at yet it's

1177
00:53:45,220 --> 00:53:42,980
just like a like a like a well if people

1178
00:53:49,650 --> 00:53:45,230
haven't stopped listening to the episode

1179
00:53:55,840 --> 00:53:51,850
make sure you listen to this at work

1180
00:53:59,050 --> 00:53:57,670
who's saying on our on our group that

1181
00:54:02,890 --> 00:53:59,060
they're gonna be blasting it on their

1182
00:54:04,660 --> 00:54:02,900
their speaker lilandra yeah yeah totally

1183
00:54:07,330 --> 00:54:04,670
this is the perfect one to be blasted

1184
00:54:12,640 --> 00:54:07,340
last week show your parents I like some

1185
00:54:14,920 --> 00:54:12,650
customers come in Thanksgiving really

1186
00:54:16,770 --> 00:54:14,930
like yeah we're gonna find the dog and

1187
00:54:22,210 --> 00:54:16,780
we're like and they're just Jack

1188
00:54:24,030 --> 00:54:22,220

spaceship what are you listening to all

1189

00:54:26,530 --> 00:54:24,040

these guys are brilliant

1190

00:54:28,390 --> 00:54:26,540

they're doctor doctor Sciences they're a

1191

00:54:30,370 --> 00:54:28,400

little strange but there's a method to

1192

00:54:32,050 --> 00:54:30,380

the madness so you've got some wacky

1193

00:54:34,330 --> 00:54:32,060

ideas you can really crack the case on

1194

00:54:38,320 --> 00:54:34,340

this one yeah just just your mouth

1195

00:54:40,840 --> 00:54:38,330

they're a big deal like a 20-minute

1196

00:54:44,050 --> 00:54:40,850

conversation just about just about it

1197

00:54:47,250 --> 00:54:44,060

orgasms power UFO suspect like 20

1198

00:54:50,020 --> 00:54:47,260

minutes it's a great movie idea yeah

1199

00:54:50,920 --> 00:54:50,030

we're the ones to make it if anybody oh

1200

00:54:53,290 --> 00:54:50,930

man

1201
00:54:56,560 --> 00:54:53,300
no what's this last one there's another

1202
00:55:00,070 --> 00:54:56,570
one that Gary posted I think I might

1203
00:55:01,780 --> 00:55:00,080
have got them mixed up uh oh well yeah

1204
00:55:08,140 --> 00:55:01,790
this one this one says it right at the

1205
00:55:10,510 --> 00:55:08,150
top the headline admits it has more

1206
00:55:12,039 --> 00:55:10,520
information video on the Nimitz UFO

1207
00:55:14,259 --> 00:55:12,049
encounter that there

1208
00:55:16,089 --> 00:55:14,269
sherry those sons of [h__h] so then

1209
00:55:19,419 --> 00:55:16,099
that's even more of a dick move because

1210
00:55:21,549 --> 00:55:19,429
they're like yeah we got more stuff yeah

1211
00:55:24,249 --> 00:55:21,559
he's showing it to you they're like that

1212
00:55:25,689 --> 00:55:24,259
that that like bully at camp that

1213
00:55:28,449 --> 00:55:25,699

doesn't know they're like a total nerd

1214

00:55:31,900 --> 00:55:28,459

yet right right yeah all right but no

1215

00:55:33,880 --> 00:55:31,910

ash but okay so so now let's unpack this

1216

00:55:37,179 --> 00:55:33,890

a little bit right because the the FOIA

1217

00:55:40,150 --> 00:55:37,189

request specifically mentions that that

1218

00:55:43,059 --> 00:55:40,160

that they don't have it anymore that it

1219

00:55:44,829 --> 00:55:43,069

belongs to another group yeah and then

1220

00:55:46,779 --> 00:55:44,839

this one is saying the Navy admits it

1221

00:55:49,449 --> 00:55:46,789

has more stuff but they're not sharing

1222

00:55:51,759 --> 00:55:49,459

it okay so is that just a save face for

1223

00:55:53,589 --> 00:55:51,769

Naval Intelligence sure that way they're

1224

00:55:56,319 --> 00:55:53,599

not catching the blame and the flack for

1225

00:55:58,059 --> 00:55:56,329

it right right or do they really not

1226
00:56:02,259 --> 00:55:58,069
have it yeah and somebody else does

1227
00:56:04,719 --> 00:56:02,269
right and they're the the Patsy bro that

1228
00:56:07,059 --> 00:56:04,729
has to be it I mean that makes very that

1229
00:56:10,630 --> 00:56:07,069
makes a lot of sense they have to be

1230
00:56:11,620 --> 00:56:10,640
yeah it's like they're officially not

1231
00:56:13,870 --> 00:56:11,630
allowed to give out this information

1232
00:56:15,929 --> 00:56:13,880
like oh let's just say whatever we have

1233
00:56:18,599 --> 00:56:15,939
to say to get us get them off our trail

1234
00:56:21,219 --> 00:56:18,609
but it's actually still in the hands of

1235
00:56:22,630 --> 00:56:21,229
Naval Intelligence right and they're

1236
00:56:24,699 --> 00:56:22,640
just like well we just can't share it

1237
00:56:26,679 --> 00:56:24,709
like we're gonna like tell you some

1238
00:56:27,729 --> 00:56:26,689

[\h__\h] on paper but yell week we've

1239

00:56:30,609 --> 00:56:27,739

got this [\h__\h] yeah

1240

00:56:36,459 --> 00:56:30,619

muscles arms but you can't have it yeah

1241

00:56:40,259 --> 00:56:36,469

you know yeah it's all secret so

1242

00:56:43,179 --> 00:56:40,269

secretly our secret secret Oh Stanley

1243

00:56:45,099 --> 00:56:43,189

yeah Layana a secret like the Cilicians

1244

00:56:48,160 --> 00:56:45,109

of United States of America

1245

00:56:50,289 --> 00:56:48,170

especially especially that [\h__\h] our

1246

00:56:57,009 --> 00:56:50,299

citizens aren't allowed disinformation

1247

00:57:00,160 --> 00:56:57,019

you know I mean a secret yeah cuz it's

1248

00:57:02,739 --> 00:57:00,170

secret because that's why secrets are

1249

00:57:12,150 --> 00:57:02,749

called secret seriously in the first

1250

00:57:17,140 --> 00:57:12,160

case oh my god I don't so like okay like

1251
00:57:21,449 --> 00:57:17,150
the Nimitz thing that's a huge story

1252
00:57:25,730 --> 00:57:21,459
right but I feel like there's a like

1253
00:57:28,250 --> 00:57:25,740
there's a really big underlying stone

1254
00:57:32,810 --> 00:57:28,260
worried to the whole thing right like we

1255
00:57:34,880 --> 00:57:32,820
just like we focus on that part of it

1256
00:57:36,980 --> 00:57:34,890
because it happened and there's people

1257
00:57:38,900 --> 00:57:36,990
who are talking about it that were you

1258
00:57:40,670 --> 00:57:38,910
know on the ships we have a pilot that

1259
00:57:44,480 --> 00:57:40,680
talked about it right but there's like

1260
00:57:46,160 --> 00:57:44,490
this this like under underlining story

1261
00:57:48,830 --> 00:57:46,170
that nobody's talking about and it's

1262
00:57:50,780 --> 00:57:48,840
like okay the people that now have the

1263
00:57:53,030 --> 00:57:50,790

information where did it go

1264

00:57:54,890 --> 00:57:53,040

what department is now holding this and

1265

00:57:57,530 --> 00:57:54,900

when we find the department that is now

1266

00:57:59,300 --> 00:57:57,540

holding this we need to see okay now

1267

00:58:01,310 --> 00:57:59,310

that departments holding this what else

1268

00:58:03,170 --> 00:58:01,320

are they holding and it's like it's like

1269

00:58:05,330 --> 00:58:03,180

Pandora's box dude like like when you

1270

00:58:08,960 --> 00:58:05,340

open that like what are you gonna find

1271

00:58:11,840 --> 00:58:08,970

right right and I think that like like

1272

00:58:14,300 --> 00:58:11,850

not making small potatoes out of the

1273

00:58:15,650 --> 00:58:14,310

encounter part but it's like okay now we

1274

00:58:18,770 --> 00:58:15,660

need to figure out where this

1275

00:58:21,290 --> 00:58:18,780

information is being dumped right we

1276
00:58:24,620 --> 00:58:21,300
need to know now who has because all

1277
00:58:26,960 --> 00:58:24,630
this stuff has to be going I guess it's

1278
00:58:29,330 --> 00:58:26,970
up maybe it's all categorized maybe like

1279
00:58:31,820 --> 00:58:29,340
something of a certain category is going

1280
00:58:33,260 --> 00:58:31,830
to one place and another kind of graddic

1281
00:58:35,420 --> 00:58:33,270
category's going to another it's like

1282
00:58:37,700 --> 00:58:35,430
this offshore bank account situation

1283
00:58:39,500 --> 00:58:37,710
right and but I agree I think there is

1284
00:58:41,450 --> 00:58:39,510
this dump of information that's being

1285
00:58:42,950 --> 00:58:41,460
happening or happening like these videos

1286
00:58:44,960 --> 00:58:42,960
like the guys in khakis that came up and

1287
00:58:47,120 --> 00:58:44,970
grabbed those videos those videos still

1288
00:58:49,910 --> 00:58:47,130

exist somewhere right right but they're

1289

00:58:53,330 --> 00:58:49,920

just burning it which they're not I mean

1290

00:58:56,950 --> 00:58:53,340

they I mean I don't think they're just

1291

00:58:58,340 --> 00:58:56,960

burning it right they could be I don't

1292

00:59:00,230 --> 00:58:58,350

think they are

1293

00:59:02,090 --> 00:59:00,240

I keep thinking these people are from

1294

00:59:04,640 --> 00:59:02,100

the future and they're trying to dis

1295

00:59:08,359 --> 00:59:04,650

just get us off the trail so our our

1296

00:59:11,330 --> 00:59:08,369

species that doesn't find out about this

1297

00:59:13,790 --> 00:59:11,340

crazy technology oh you know what I just

1298

00:59:16,250 --> 00:59:13,800

had a kind of a it's not a fully formed

1299

00:59:18,800 --> 00:59:16,260

idea but you know how like inspiration

1300

00:59:21,500 --> 00:59:18,810

just drives has been driving technology

1301
00:59:24,470 --> 00:59:21,510
for you know thousands of years you see

1302
00:59:26,599 --> 00:59:24,480
something that's more technologically

1303
00:59:29,390 --> 00:59:26,609
advanced than what you know you try to

1304
00:59:32,420 --> 00:59:29,400
mimic that and maybe you get close in

1305
00:59:34,520 --> 00:59:32,430
close enough and then okay so the people

1306
00:59:37,130 --> 00:59:34,530
when it when it's finally available to

1307
00:59:38,520 --> 00:59:37,140
the public it's maybe like 10 degrees

1308
00:59:43,770 --> 00:59:38,530
less

1309
00:59:45,330 --> 00:59:43,780
that you were trying to make of the

1310
00:59:48,000 --> 00:59:45,340
thing that you saw so maybe it's like

1311
00:59:49,560 --> 00:59:48,010
almost like half as badass is that thing

1312
00:59:51,270 --> 00:59:49,570
that you saw that was all [h__h] I saw

1313
00:59:53,670 --> 00:59:51,280

this thing moving so fast and it didn't

1314

00:59:55,200 --> 00:59:53,680

have wings so maybe that's why they're

1315

00:59:59,970 --> 00:59:55,210

trying to suppress all this information

1316

01:00:01,440 --> 00:59:59,980

where they don't want people to be they

1317

01:00:04,110 --> 01:00:01,450

don't want people to have these ideas to

1318

01:00:05,790 --> 01:00:04,120

be inspired by this crazy technology so

1319

01:00:07,770 --> 01:00:05,800

they're trying to suppress it yeah so

1320

01:00:09,360 --> 01:00:07,780

maybe this like this consciousness thing

1321

01:00:11,010 --> 01:00:09,370

where like they'd only want people to

1322

01:00:12,480 --> 01:00:11,020

know an hour see video or like figure

1323

01:00:14,730 --> 01:00:12,490

out how it's done because they don't

1324

01:00:17,910 --> 01:00:14,740

want people even try to to get to this

1325

01:00:20,400 --> 01:00:17,920

image technology yeah yeah yeah it's

1326

01:00:23,250 --> 01:00:20,410

possible man cuz now that everybody saw

1327

01:00:25,620 --> 01:00:23,260

that they're like okay so this something

1328

01:00:27,360 --> 01:00:25,630

has the physics to do that all right

1329

01:00:29,490 --> 01:00:27,370

let's unpack the physics behind this

1330

01:00:31,320 --> 01:00:29,500

yeah okay we've unpacked the physics and

1331

01:00:33,750 --> 01:00:31,330

this is what has to happen in order for

1332

01:00:36,120 --> 01:00:33,760

that yeah to occur that's how physics

1333

01:00:37,980 --> 01:00:36,130

was even born because people saw magic

1334

01:00:38,490 --> 01:00:37,990

and they're like well how does that

1335

01:00:40,050 --> 01:00:38,500

happen

1336

01:00:42,630 --> 01:00:40,060

like that's something that you know

1337

01:00:44,130 --> 01:00:42,640

that's weird mm-hm and then they just us

1338

01:00:48,360 --> 01:00:44,140

humans just figured it out

1339

01:00:52,460 --> 01:00:48,370

I'm saying us like I contribute you know

1340

01:00:55,890 --> 01:00:52,470

what I contribute to make it go faster

1341

01:00:58,260 --> 01:00:55,900

contributed to did this community it

1342

01:01:00,240 --> 01:00:58,270

always says like I can't I'm terrible at

1343

01:01:03,360 --> 01:01:00,250

names but he always says like yeah the

1344

01:01:05,100 --> 01:01:03,370

oh I think is Jim Gaffigan like talking

1345

01:01:07,830 --> 01:01:05,110

about his wife being pregnant and like

1346

01:01:10,550 --> 01:01:07,840

how much work it is for the wife and he

1347

01:01:14,910 --> 01:01:10,560

thinks about his contribution and sad

1348

01:01:21,180 --> 01:01:14,920

but what if the the male contribution is

1349

01:01:24,030 --> 01:01:21,190

fast speed do the back full circle did

1350

01:01:27,180 --> 01:01:24,040

well circle yeah man I think there's a

1351
01:01:30,540 --> 01:01:27,190
there's something huge huge going on

1352
01:01:33,210 --> 01:01:30,550
with this story yeah uh and obviously

1353
01:01:35,160 --> 01:01:33,220
they you know they let it out they

1354
01:01:38,100 --> 01:01:35,170
regret it right now they're trying to

1355
01:01:41,760 --> 01:01:38,110
cover it all up and and make it messy

1356
01:01:44,010 --> 01:01:41,770
yeah for people to find the truth it's

1357
01:01:45,570 --> 01:01:44,020
like oops we said this one thing and

1358
01:01:46,770 --> 01:01:45,580
then now they trying to this information

1359
01:01:48,510 --> 01:01:46,780
here and blah blah blah here and

1360
01:01:50,400 --> 01:01:48,520
[h__\h] here so they're making it

1361
01:01:51,960 --> 01:01:50,410
really really messy especially for the

1362
01:01:53,370 --> 01:01:51,970
public that really does it

1363
01:01:55,980 --> 01:01:53,380

keep up with this kind of stuff yeah

1364

01:01:57,720 --> 01:01:55,990

yeah I mean for honest I mean most the

1365

01:02:00,440 --> 01:01:57,730

public doesn't care right they really

1366

01:02:03,660 --> 01:02:00,450

don't they really don't but I mean I

1367

01:02:05,520 --> 01:02:03,670

mean it's a big deal this is going to

1368

01:02:08,849 --> 01:02:05,530

shape the future yeah and people don't

1369

01:02:12,180 --> 01:02:08,859

even realize it yeah it is these I mean

1370

01:02:14,370 --> 01:02:12,190

the the people hiding this they they run

1371

01:02:16,440 --> 01:02:14,380

[h__h] oh yeah dude you know the people

1372

01:02:18,960 --> 01:02:16,450

there that are in control of these ships

1373

01:02:21,120 --> 01:02:18,970

run [h__h] like the thing that Gary was

1374

01:02:23,430 --> 01:02:21,130

saying like I was listening back to that

1375

01:02:27,570 --> 01:02:23,440

episode and it kind of freaks me out

1376

01:02:29,580 --> 01:02:27,580

that an analogy of okay well so what if

1377

01:02:31,109 --> 01:02:29,590

I'm like twice your size and really

1378

01:02:32,760 --> 01:02:31,119

strong and I'm your buddy well I'm

1379

01:02:34,800 --> 01:02:32,770

always gonna be a threat because if any

1380

01:02:36,720 --> 01:02:34,810

man any moment I could just push you

1381

01:02:38,940 --> 01:02:36,730

around he can't do [h__h] about it right

1382

01:02:40,950 --> 01:02:38,950

that really kind of woke me up like [h__h]

1383

01:02:41,730 --> 01:02:40,960

I haven't thought about that yep yeah

1384

01:02:43,950 --> 01:02:41,740

yeah

1385

01:02:47,099 --> 01:02:43,960

so so I mean have we even talked about

1386

01:02:51,630 --> 01:02:47,109

that like I mean not really but like

1387

01:02:54,180 --> 01:02:51,640

yeah and I I totally hear like that that

1388

01:02:57,000 --> 01:02:54,190

whole idea but it's weird because I'm

1389

01:02:59,250 --> 01:02:57,010

more afraid of like my own like earth

1390

01:03:02,430 --> 01:02:59,260

government pushing me around then I hand

1391

01:03:04,140 --> 01:03:02,440

these ETS yeah you know well yeah cuz

1392

01:03:06,450 --> 01:03:04,150

they're acquiring the technology from

1393

01:03:09,990 --> 01:03:06,460

them and then they're using it against

1394

01:03:13,020 --> 01:03:10,000

us yeah you know ETS haven't used it

1395

01:03:14,550 --> 01:03:13,030

against us right right and and I mean

1396

01:03:16,800 --> 01:03:14,560

there's so much to that because then

1397

01:03:18,810 --> 01:03:16,810

yeah the ETS are still a threat right

1398

01:03:21,210 --> 01:03:18,820

because they you know they have this

1399

01:03:25,980 --> 01:03:21,220

technology and they could push us around

1400

01:03:27,990 --> 01:03:25,990

if they want to yeah right but you know

1401

01:03:31,530 --> 01:03:28,000

then you take the idea of well maybe

1402

01:03:33,450 --> 01:03:31,540

they've evolved past needing to be a

1403

01:03:35,970 --> 01:03:33,460

threat at all right they find it

1404

01:03:37,829 --> 01:03:35,980

counterproductive to the whole thing so

1405

01:03:40,109 --> 01:03:37,839

there's no point in them doing it right

1406

01:03:42,240 --> 01:03:40,119

so like it you know they come around and

1407

01:03:44,070 --> 01:03:42,250

it's like Oh they've disarmed all the

1408

01:03:45,599 --> 01:03:44,080

nuclear missiles like they've shut them

1409

01:03:49,650 --> 01:03:45,609

off and they've disarmed everything

1410

01:03:51,870 --> 01:03:49,660

right well I mean is that a threat or is

1411

01:03:53,670 --> 01:03:51,880

that like I've got some psycho a

1412

01:03:55,200 --> 01:03:53,680

psychological [h__h] okay I think so I

1413

01:03:57,329 --> 01:03:55,210

don't think that's a threat it's playful

1414

01:03:58,410 --> 01:03:57,339

warning like a like hey we're actually

1415

01:03:59,880 --> 01:03:58,420

doing you a favor

1416

01:04:01,320 --> 01:03:59,890

yeah I think I think there's a

1417

01:04:03,450 --> 01:04:01,330

difference between I think that's a

1418

01:04:04,240 --> 01:04:03,460

military mindset to be oh it's it's a

1419

01:04:07,960 --> 01:04:04,250

threat right

1420

01:04:09,490 --> 01:04:07,970

I still can I said it in the podcast

1421

01:04:11,470 --> 01:04:09,500

like I'm still on the fence uh-huh it

1422

01:04:15,910 --> 01:04:11,480

did wake me up and it definitely made me

1423

01:04:18,040 --> 01:04:15,920

understand respective is yes is you know

1424

01:04:20,380 --> 01:04:18,050

worth its weight in gold for sure yeah

1425

01:04:22,720 --> 01:04:20,390

like the perspective I love I love the

1426

01:04:24,400 --> 01:04:22,730

idea yeah of that and it definitely you

1427

01:04:26,320 --> 01:04:24,410

know you have to you have to always keep

1428

01:04:29,349 --> 01:04:26,330

that in mind yeah that it definitely is

1429

01:04:32,740 --> 01:04:29,359

and could always be a threat yeah I am I

1430

01:04:34,630 --> 01:04:32,750

I agree and then I also think while they

1431

01:04:36,790 --> 01:04:34,640

haven't shown any sign summit shown any

1432

01:04:39,099 --> 01:04:36,800

signs of aggression but is that just me

1433

01:04:40,510 --> 01:04:39,109

being naive like okay well right when it

1434

01:04:41,950 --> 01:04:40,520

finally happens then are you gonna

1435

01:04:44,140 --> 01:04:41,960

believe it's a threat when they finally

1436

01:04:45,849 --> 01:04:44,150

when it's too late yeah what is late and

1437

01:04:47,020 --> 01:04:45,859

that's the whole point behind the idea

1438

01:04:50,200 --> 01:04:47,030

yeah right

1439

01:04:55,630 --> 01:04:50,210

you always have to keep that in mind but

1440

01:04:59,410 --> 01:04:55,640

I mean as of now they haven't shown any

1441

01:05:01,660 --> 01:04:59,420

you know any sign mean aside from the

1442

01:05:03,880 --> 01:05:01,670

abduction thing right where some people

1443

01:05:06,700 --> 01:05:03,890

will have like terrible traumatizing

1444

01:05:08,410 --> 01:05:06,710

experiences dude yeah no that's

1445

01:05:10,329 --> 01:05:08,420

obviously a little threatening

1446

01:05:13,589 --> 01:05:10,339

right but then on the flip side of that

1447

01:05:16,210 --> 01:05:13,599

coin you have these mind opening

1448

01:05:18,870 --> 01:05:16,220

life-changing beautiful experience yes

1449

01:05:21,550 --> 01:05:18,880

that and it's all the perspective of the

1450

01:05:24,640 --> 01:05:21,560

abductee right if it's a bad experience

1451
01:05:26,740 --> 01:05:24,650
or a good one man I even thought that's

1452
01:05:29,790 --> 01:05:26,750
so dumb I mean I haven't even put that

1453
01:05:32,380 --> 01:05:29,800
in into the the question of the idea of

1454
01:05:34,390 --> 01:05:32,390
these abductees that have horrible

1455
01:05:36,880 --> 01:05:34,400
experiences and it were picked and

1456
01:05:39,250 --> 01:05:36,890
prodded improved and [\h__\h] stuff down

1457
01:05:41,890 --> 01:05:39,260
their mouth and [\h__\h] going up their

1458
01:05:43,210 --> 01:05:41,900
butts like that's third that's

1459
01:05:46,329 --> 01:05:43,220
threatening that's definitely

1460
01:05:48,460 --> 01:05:46,339
threatening that would hurt yeah so I

1461
01:05:53,020 --> 01:05:48,470
mean that's the threat man that's a

1462
01:05:55,329 --> 01:05:53,030
threat that's a threat mmm-hmm blamed

1463
01:06:00,400 --> 01:05:55,339

how many dude I mean we've said it

1464

01:06:03,370 --> 01:06:00,410

before and I'll say it again right good

1465

01:06:07,210 --> 01:06:03,380

and bad et's good and bad humans dude

1466

01:06:09,880 --> 01:06:07,220

love that you know mmm-hmm every human

1467

01:06:11,620 --> 01:06:09,890

is a potential threat right doesn't mean

1468

01:06:13,810 --> 01:06:11,630

they're all going to be a threat yeah

1469

01:06:16,690 --> 01:06:13,820

but you should always be prepared

1470

01:06:17,710 --> 01:06:16,700

hey the same thing is it applies to the

1471

01:06:19,810 --> 01:06:17,720

ETS

1472

01:06:22,180 --> 01:06:19,820

some are gonna be a threat some are

1473

01:06:24,609 --> 01:06:22,190

gonna be cool I guess it's always good

1474

01:06:28,530 --> 01:06:24,619

to be prepared hey you know what that

1475

01:06:31,750 --> 01:06:28,540

makes me think of brother is arms is

1476

01:06:33,430 --> 01:06:31,760

ammunition in in firearms that's right

1477

01:06:35,440 --> 01:06:33,440

they ain't a threat until they are and

1478

01:06:37,990 --> 01:06:35,450

but hey I've got God willing I will

1479

01:06:41,980 --> 01:06:38,000

protect myself you know that I mean yeah

1480

01:06:44,109 --> 01:06:41,990

yep it's a it's better to have one and

1481

01:06:46,930 --> 01:06:44,119

not need it than need it and not have

1482

01:06:48,880 --> 01:06:46,940

one hey hey I'm heat right here brother

1483

01:06:52,860 --> 01:06:48,890

right here brother right up top all

1484

01:06:53,680 --> 01:06:52,870

right that was the sound of us half Ivan

1485

01:06:59,060 --> 01:06:53,690

[Music]

1486

01:06:59,070 --> 01:07:03,810

[Laughter]

1487

01:07:03,820 --> 01:07:09,150

I had at least like eight more lined up

1488

01:07:09,160 --> 01:07:18,000

[Laughter]

1489

01:07:24,190 --> 01:07:22,390

by five is strong between us dude we

1490

01:07:27,160 --> 01:07:24,200

should invent something they can change

1491

01:07:32,470 --> 01:07:27,170

the sound of your high five oh [h__h] yeah

1492

01:07:34,210 --> 01:07:32,480

tell you high five it's like some kind

1493

01:07:36,820 --> 01:07:34,220

of raining or a glove who's being I

1494

01:07:38,920 --> 01:07:36,830

could be something cool I like that well

1495

01:07:40,120 --> 01:07:38,930

you got it you know what all these

1496

01:07:42,040 --> 01:07:40,130

people are getting rich off of these

1497

01:07:43,690 --> 01:07:42,050

little little trinkets yeah you know

1498

01:07:45,370 --> 01:07:43,700

we've had this conversation about like

1499

01:07:47,500 --> 01:07:45,380

oh it just cost like 30 cents to make in

1500

01:07:49,420 --> 01:07:47,510

China we sell for 20 bucks yes man

1501

01:07:53,020 --> 01:07:49,430

that'd be a perfect little get gadge yep

1502

01:07:54,010 --> 01:07:53,030

a gadget yep dude let's do it nobody's

1503

01:07:56,109 --> 01:07:54,020

still that freaking idea

1504

01:07:58,329 --> 01:07:56,119

high-five ring high-five ring we've got

1505

01:08:00,970 --> 01:07:58,339

to email this episode to us immediately

1506

01:08:04,030 --> 01:08:00,980

after we finish okay yes the poor man's

1507

01:08:05,560 --> 01:08:04,040

copyright so we know there's our idea

1508

01:08:07,060 --> 01:08:05,570

right right that's how you can always

1509

01:08:08,470 --> 01:08:07,070

prove that in court have a date on it

1510

01:08:12,400 --> 01:08:08,480

yeah yep

1511

01:08:14,320 --> 01:08:12,410

hell yeah dude something and uh kind of

1512

01:08:18,400 --> 01:08:14,330

off topic but I'm a good sweat egg

1513

01:08:21,190 --> 01:08:18,410

swegway into the hell your stuff is you

1514

01:08:24,070 --> 01:08:21,200

know Tom DeLonge had said these these

1515

01:08:25,840 --> 01:08:24,080

threat these aliens he said that they

1516

01:08:28,930 --> 01:08:25,850

were bugs and we got a squash him right

1517

01:08:30,610 --> 01:08:28,940

is he quoted as saying that or is that

1518

01:08:31,269 --> 01:08:30,620

somebody else like their bugs and we

1519

01:08:34,569 --> 01:08:31,279

have to squash

1520

01:08:36,669 --> 01:08:34,579

I think you said that on Joe Rogan okay

1521

01:08:41,319 --> 01:08:36,679

okay so he said that on Joe Rogan sink

1522

01:08:43,450 --> 01:08:41,329

so bugs mantas beings who that's like

1523

01:08:45,519 --> 01:08:43,460

that's like one of the most popular bug

1524

01:08:46,870 --> 01:08:45,529

type aliens that we know of

1525

01:08:54,759 --> 01:08:46,880

yeah dude they're like the carrot top of

1526

01:08:57,819 --> 01:08:54,769

the universe so an inhaler Kyle is

1527

01:09:01,539 --> 01:08:57,829

talking to somebody in this you know

1528

01:09:02,829 --> 01:09:01,549

that device and he said or no no it

1529

01:09:04,299 --> 01:09:02,839

wasn't it was the beard against the

1530

01:09:05,589 --> 01:09:04,309

bearded guy right in that house where

1531

01:09:08,709 --> 01:09:05,599

they heard the footsteps above him he

1532

01:09:11,140 --> 01:09:08,719

was like it looked like a mantis mantis

1533

01:09:13,599 --> 01:09:11,150

yeah and his type creature it was

1534

01:09:15,819 --> 01:09:13,609

showing him a symbol that was like maybe

1535

01:09:22,660 --> 01:09:15,829

too advanced for him to understand what

1536

01:09:24,579 --> 01:09:22,670

it was so freakin goose bumps so if you

1537

01:09:27,189 --> 01:09:24,589

guys haven't seen the hell your series

1538

01:09:28,839 --> 01:09:27,199

definitely check it out it was awesome

1539

01:09:30,910 --> 01:09:28,849

sorry we're gonna have a little bit of

1540

01:09:32,859 --> 01:09:30,920

spoilers in this but really like when we

1541

01:09:34,899 --> 01:09:32,869

talk about it it's not gonna make any

1542

01:09:37,719 --> 01:09:34,909

sense unless you'll watch it because I

1543

01:09:40,059 --> 01:09:37,729

mean that it's dude it is all over the

1544

01:09:44,160 --> 01:09:40,069

place it's everything from aliens

1545

01:09:48,669 --> 01:09:44,170

to goblins to paranormal ghost activity

1546

01:09:51,899 --> 01:09:48,679

to the occult witchcraft I mean it's it

1547

01:09:54,430 --> 01:09:51,909

is everything dude I mean they encounter

1548

01:09:56,439 --> 01:09:54,440

everything talk about Pandora's Box do

1549

01:09:59,259 --> 01:09:56,449

they open something yeah and they're

1550

01:10:01,600 --> 01:09:59,269

like all right so so you know it starts

1551
01:10:03,879 --> 01:10:01,610
off and they get an email about this guy

1552
01:10:06,339 --> 01:10:03,889
who's witnessing these goblins coming

1553
01:10:08,259 --> 01:10:06,349
from the you know these mine shafts out

1554
01:10:10,600 --> 01:10:08,269
in Kentucky and they're called the

1555
01:10:11,979 --> 01:10:10,610
Kentucky goblins right you can you can

1556
01:10:13,600 --> 01:10:11,989
google that and find it and you'll

1557
01:10:17,620 --> 01:10:13,610
probably find a whole bunch of Hell your

1558
01:10:20,319 --> 01:10:17,630
stuff now and they go to investigate it

1559
01:10:22,149 --> 01:10:20,329
this guy disappears right and so they're

1560
01:10:25,060 --> 01:10:22,159
doing all this investigation they come

1561
01:10:26,580 --> 01:10:25,070
across another guy who like wrote them

1562
01:10:29,589 --> 01:10:26,590
an email

1563
01:10:33,879 --> 01:10:29,599

Terry wrist and he becomes like a huge

1564

01:10:36,129 --> 01:10:33,889

part of this whole thing I mean dude I

1565

01:10:38,290 --> 01:10:36,139

mean the second season was was pretty

1566

01:10:41,160 --> 01:10:38,300

legit did yeah I think that second

1567

01:10:43,870 --> 01:10:41,170

season was definitely just more in-depth

1568

01:10:44,800 --> 01:10:43,880

first off the editing was better it was

1569

01:10:47,140 --> 01:10:44,810

more entertaining

1570

01:10:50,980 --> 01:10:47,150

I think think but the storytelling was a

1571

01:10:54,070 --> 01:10:50,990

lot better overall like they got into

1572

01:10:57,040 --> 01:10:54,080

some weird-ass [h__h] in the second season

1573

01:11:01,950 --> 01:10:57,050

bro like like you were saying that

1574

01:11:06,820 --> 01:11:05,020

coincidences synchronicity synchronicity

1575

01:11:08,230 --> 01:11:06,830

all that [h__h] well they say that word I

1576

01:11:09,850 --> 01:11:08,240

want to know how many times is it

1577

01:11:11,710 --> 01:11:09,860

definitely a drinking game dude

1578

01:11:15,220 --> 01:11:11,720

definitely a jerk oh my god yeah we

1579

01:11:17,410 --> 01:11:15,230

should do like drunk

1580

01:11:19,300 --> 01:11:17,420

so dude like and they kind of straight

1581

01:11:20,890 --> 01:11:19,310

away from that goblin thing for a while

1582

01:11:22,240 --> 01:11:20,900

it's like this a band flow or it's

1583

01:11:23,890 --> 01:11:22,250

almost like a full circle at the end

1584

01:11:26,860 --> 01:11:23,900

almost they come back to these goblins

1585

01:11:28,450 --> 01:11:26,870

but yeah I mean initially they were

1586

01:11:31,060 --> 01:11:28,460

thinking it was some tour some type of

1587

01:11:32,680 --> 01:11:31,070

alien they go to these caves and then

1588

01:11:36,220 --> 01:11:32,690

the second one they actually visit caves

1589

01:11:40,470 --> 01:11:36,230

and they have this like device that they

1590

01:11:43,270 --> 01:11:40,480

put on their head that like emits these

1591

01:11:45,010 --> 01:11:43,280

electromagnetic pulses or something it's

1592

01:11:47,980 --> 01:11:45,020

like it's noise cancelling headphones

1593

01:11:50,470 --> 01:11:47,990

yeah and then they have the the eye

1594

01:11:52,240 --> 01:11:50,480

covers so you can't see it and you can't

1595

01:11:55,180 --> 01:11:52,250

hear so it's like sensory deprivation

1596

01:11:59,920 --> 01:11:55,190

yeah and the idea behind it is that it

1597

01:12:00,760 --> 01:11:59,930

makes you more in tune like they call

1598

01:12:04,300 --> 01:12:00,770

the god helmet

1599

01:12:06,070 --> 01:12:04,310

different oh that's where they hook you

1600

01:12:09,790 --> 01:12:06,080

up in these little electrodes they like

1601
01:12:11,860 --> 01:12:09,800
stimulate got it um the mind right so

1602
01:12:14,590 --> 01:12:11,870
they were using that I think they were

1603
01:12:17,320 --> 01:12:14,600
using that during a like MKULTRA and

1604
01:12:19,270 --> 01:12:17,330
stuff like that or just stimulate you

1605
01:12:21,370 --> 01:12:19,280
know these these psychic abilities of

1606
01:12:24,010 --> 01:12:21,380
people yeah and it turns out that it

1607
01:12:27,400 --> 01:12:24,020
actually worked in the military started

1608
01:12:28,780 --> 01:12:27,410
using it to know for a while but so this

1609
01:12:31,120 --> 01:12:28,790
other thing though it's sensory

1610
01:12:34,000 --> 01:12:31,130
deprivation and then the headphones

1611
01:12:36,670 --> 01:12:34,010
it basically scans in between radio

1612
01:12:39,100 --> 01:12:36,680
frequencies that like you know it's not

1613
01:12:42,070 --> 01:12:39,110

picking up it it's picking up a

1614

01:12:45,090 --> 01:12:42,080

frequency so like the idea behind it is

1615

01:12:47,740 --> 01:12:45,100

that spirits or ghosts or

1616

01:12:49,600 --> 01:12:47,750

interdimensional x' or whatever can

1617

01:12:50,200 --> 01:12:49,610

actually communicate through this

1618

01:12:52,690 --> 01:12:50,210

process

1619

01:12:55,180 --> 01:12:52,700

yeah and so they put the headphones on

1620

01:12:58,359 --> 01:12:55,190

and as they're scanning through these

1621

01:13:00,189 --> 01:12:58,369

frequencies words will pop up and then

1622

01:13:02,560 --> 01:13:00,199

personal hear the word and say it

1623

01:13:05,229 --> 01:13:02,570

audibly uh-huh yeah so the people that

1624

01:13:07,089 --> 01:13:05,239

don't have them on they're asking

1625

01:13:09,070 --> 01:13:07,099

questions that the person with the

1626
01:13:11,169 --> 01:13:09,080
headphones on can't hear ya and they

1627
01:13:13,270 --> 01:13:11,179
can't see so they're asking questions

1628
01:13:14,800 --> 01:13:13,280
and while they're asking questions the

1629
01:13:16,720 --> 01:13:14,810
person with the headphones on is

1630
01:13:18,910 --> 01:13:16,730
receiving these words yeah and it's

1631
01:13:21,339 --> 01:13:18,920
almost like the words or answering the

1632
01:13:24,609 --> 01:13:21,349
questions yeah the one where Kyle is on

1633
01:13:27,399 --> 01:13:24,619
the back porch and he talks to this this

1634
01:13:29,850 --> 01:13:27,409
entity called Michael and the weird

1635
01:13:32,649 --> 01:13:29,860
thing about it is he like came like

1636
01:13:36,280 --> 01:13:32,659
adapted this this voice and this accent

1637
01:13:38,379 --> 01:13:36,290
yeah it was creepy he was like it felt

1638
01:13:39,939 --> 01:13:38,389

like something was touching my leg yeah

1639

01:13:42,970 --> 01:13:39,949

they were like dude I just saw something

1640

01:13:45,570 --> 01:13:42,980

like down there like it was crawling up

1641

01:13:53,439 --> 01:13:45,580

the balcony maybe it was cinnamon Terry

1642

01:13:55,320 --> 01:13:53,449

cinema Terry he's trying to party dude

1643

01:13:58,359 --> 01:13:55,330

trying to go a little Philly Phil yeah

1644

01:13:59,649 --> 01:13:58,369

so little twinkle twinkle with him 20

1645

01:14:01,930 --> 01:13:59,659

Cole I thought it was interesting that

1646

01:14:03,790 --> 01:14:01,940

you know so it's it's a theory that some

1647

01:14:06,820 --> 01:14:03,800

people think that Aleister Crowley

1648

01:14:09,100 --> 01:14:06,830

actually opened a portal yeah and now it

1649

01:14:11,500 --> 01:14:09,110

was like one of the first you know

1650

01:14:13,660 --> 01:14:11,510

meetings with the the grace uh-huh

1651
01:14:16,510 --> 01:14:13,670
allowed them to come through yeah and

1652
01:14:19,000 --> 01:14:16,520
now we're able to see all this is pretty

1653
01:14:21,129 --> 01:14:19,010
crazy dude I mean dude it was so crazy

1654
01:14:25,240 --> 01:14:21,139
how they were able to link you know the

1655
01:14:29,500 --> 01:14:25,250
occult and you know just all this stuff

1656
01:14:31,660 --> 01:14:29,510
together aliens I mean yeah spirits

1657
01:14:34,689 --> 01:14:31,670
well they and the second so the second

1658
01:14:39,660 --> 01:14:34,699
one they're talking about how after the

1659
01:14:43,649 --> 01:14:42,399
followers of witchcraft and things like

1660
01:14:47,320 --> 01:14:43,659
that they were like you you're being

1661
01:14:50,290 --> 01:14:47,330
groomed for this Oh what you call a

1662
01:14:53,439 --> 01:14:50,300
ritual a ritual yes yeah thank you yeah

1663
01:14:56,560 --> 01:14:53,449

they're being initiated for this ritual

1664

01:14:58,600 --> 01:14:56,570

yeah it's happening and like one thing

1665

01:15:00,310 --> 01:14:58,610

that happens in initiation and rituals

1666

01:15:02,500 --> 01:15:00,320

is that you start experiencing a bunch

1667

01:15:04,359 --> 01:15:02,510

of synchronicities and the one that

1668

01:15:06,100 --> 01:15:04,369

really got over that the one main one

1669

01:15:09,550 --> 01:15:06,110

that got me was the balloon stuff that

1670

01:15:11,709 --> 01:15:09,560

kept happening the blue stars apparently

1671

01:15:12,129 --> 01:15:11,719

like a big deal in I don't know if I'm

1672

01:15:14,589 --> 01:15:12,139

saying this

1673

01:15:17,439 --> 01:15:14,599

but if it's Satanism like the blue star

1674

01:15:19,689 --> 01:15:17,449

is supposed to mean like a planet or

1675

01:15:21,669 --> 01:15:19,699

something it's it's serious serious this

1676

01:15:24,609 --> 01:15:21,679

star Sirius okay and I think it's

1677

01:15:26,589 --> 01:15:24,619

something that was done by the they

1678

01:15:30,009 --> 01:15:26,599

mentioned so many different cult cult

1679

01:15:31,299 --> 01:15:30,019

names yeah but that was one and one of

1680

01:15:33,459 --> 01:15:31,309

the balloons that they found just

1681

01:15:34,719 --> 01:15:33,469

randomly on a tree that was broken in

1682

01:15:36,370 --> 01:15:34,729

the middle of the road which they had

1683

01:15:38,319 --> 01:15:36,380

been warned about remember that dude was

1684

01:15:40,899 --> 01:15:38,329

Tam there's gonna be a blockage in your

1685

01:15:42,520 --> 01:15:40,909

pathway and you're gonna find a symbol

1686

01:15:45,699 --> 01:15:42,530

and not it was speaking metaphorically

1687

01:15:47,109 --> 01:15:45,709

yeah yeah and they [h__\h] come up to

1688

01:15:48,489 --> 01:15:47,119

this tree this road and there's

1689

01:15:51,009 --> 01:15:48,499

literally a tree in the middle of the

1690

01:15:55,179 --> 01:15:51,019

road yeah and then at the root the base

1691

01:15:57,609 --> 01:15:55,189

of this tree was this mylar Bluestar

1692

01:15:59,709 --> 01:15:57,619

balloon yep which was so on the nose

1693

01:16:03,100 --> 01:15:59,719

like watching it for the second time

1694

01:16:05,229 --> 01:16:03,110

like they could have easily staged that

1695

01:16:07,299 --> 01:16:05,239

you know and I don't want to believe

1696

01:16:10,179 --> 01:16:07,309

that right right and it was crazy that

1697

01:16:11,409 --> 01:16:10,189

he met his buddy at the bar and they

1698

01:16:13,209 --> 01:16:11,419

hadn't seen each other for a while and

1699

01:16:15,549 --> 01:16:13,219

he was like oh [h__\h] I need to show you

1700

01:16:17,020 --> 01:16:15,559

this video where the guy was hiking out

1701
01:16:18,520 --> 01:16:17,030
in the middle of nowhere yeah and there

1702
01:16:20,770 --> 01:16:18,530
was just a balloon off in the distance

1703
01:16:22,839 --> 01:16:20,780
and it was like just floating down his

1704
01:16:25,750 --> 01:16:22,849
pathway yeah he was like whoa what is

1705
01:16:28,000 --> 01:16:25,760
this me right dude that's yeah so that

1706
01:16:29,409 --> 01:16:28,010
makes me think like [h__\h] man it I want

1707
01:16:32,259 --> 01:16:29,419
to believe that that these

1708
01:16:34,000 --> 01:16:32,269
synchronicities are true cuz I I'm not

1709
01:16:35,469 --> 01:16:34,010
trying to be malicious or at all I'm

1710
01:16:37,929 --> 01:16:35,479
just trying to keep the options open I

1711
01:16:40,149 --> 01:16:37,939
like to look at it from I can over you

1712
01:16:42,100 --> 01:16:40,159
know a third party view that's unbiased

1713
01:16:43,719 --> 01:16:42,110

but some of those things could have

1714

01:16:46,779 --> 01:16:43,729

easily been staged there's a bunch of

1715

01:16:50,080 --> 01:16:46,789

there's two trees in the road you know I

1716

01:16:52,270 --> 01:16:50,090

don't know I want it it looks [h__\h]

1717

01:16:54,489 --> 01:16:52,280

insane dude like one thing that really

1718

01:16:56,319 --> 01:16:54,499

got me was whenever he was talking to

1719

01:16:59,379 --> 01:16:56,329

the to the camera and he was like and

1720

01:17:01,330 --> 01:16:59,389

then it kind of crossed my mind that not

1721

01:17:03,879 --> 01:17:01,340

only is this happening to us but as

1722

01:17:06,189 --> 01:17:03,889

we're filming this documentary and all

1723

01:17:09,549 --> 01:17:06,199

these people are seeing it maybe it's

1724

01:17:12,129 --> 01:17:09,559

opening this door mmm because everybody

1725

01:17:14,020 --> 01:17:12,139

is experiencing this with us yeah that

1726

01:17:17,919 --> 01:17:14,030

was the one of the biggest revelations

1727

01:17:19,179 --> 01:17:17,929

of the yeah for me yeah because in one

1728

01:17:20,649 --> 01:17:19,189

of the sessions they were talking to

1729

01:17:23,589 --> 01:17:20,659

this entity on the other side that was

1730

01:17:25,610 --> 01:17:23,599

like the whole point of this thing is so

1731

01:17:27,320 --> 01:17:25,620

that you were going to be able to share

1732

01:17:29,420 --> 01:17:27,330

with the people that you're sharing it

1733

01:17:32,870 --> 01:17:29,430

with you know I mean I'm just saying the

1734

01:17:34,550 --> 01:17:32,880

same thing you just said but dude the

1735

01:17:36,560 --> 01:17:34,560

fact that I mean that gave me chills

1736

01:17:40,400 --> 01:17:36,570

when I watched it I gave me chills too I

1737

01:17:43,340 --> 01:17:40,410

was so opening too much being conscious

1738

01:17:46,100 --> 01:17:43,350

of it is open is making that door a

1739

01:17:49,340 --> 01:17:46,110

little bit wider or or a little bit more

1740

01:17:50,930 --> 01:17:49,350

sustainable which man I don't want that

1741

01:17:55,130 --> 01:17:50,940

[h__\h] door to be open it

1742

01:17:57,320 --> 01:17:55,140

dude I don't know man what's some enemy

1743

01:17:59,330 --> 01:17:57,330

coming into my house and laying on my

1744

01:18:00,560 --> 01:17:59,340

couch well we don't know what it is we

1745

01:18:03,350 --> 01:18:00,570

don't know what it is we don't know what

1746

01:18:06,020 --> 01:18:03,360

it is and then and then finding out that

1747

01:18:08,660 --> 01:18:06,030

you know like this guy Terry wrist or

1748

01:18:12,830 --> 01:18:08,670

whatever terrorists he used to like he

1749

01:18:15,830 --> 01:18:12,840

worked in a in Vietnam and he he was a

1750

01:18:18,230 --> 01:18:15,840

tunnel guy yeah he said that he saw like

1751

01:18:20,930 --> 01:18:18,240

these spider creatures that were down

1752

01:18:23,750 --> 01:18:20,940

there in these little goblins yeah and

1753

01:18:26,000 --> 01:18:23,760

all kinds of stuff and then you know we

1754

01:18:28,640 --> 01:18:26,010

look at these tunnels here in the United

1755

01:18:31,910 --> 01:18:28,650

States and these are cult these cultists

1756

01:18:33,410 --> 01:18:31,920

they practice in these tunnels and that

1757

01:18:35,780 --> 01:18:33,420

just happens to be where these creatures

1758

01:18:37,850 --> 01:18:35,790

live to do these creatures come about

1759

01:18:40,430 --> 01:18:37,860

because the occultists opened the door

1760

01:18:42,290 --> 01:18:40,440

for them to be able to exist in our

1761

01:18:43,970 --> 01:18:42,300

reality or they've always [h__h] been

1762

01:18:45,650 --> 01:18:43,980

they're dead right always were they

1763

01:18:50,800 --> 01:18:45,660

voice exactly or they've always been

1764

01:18:54,380 --> 01:18:50,810

there yeah yeah [h__\h] it's doing its that

1765

01:18:57,110 --> 01:18:54,390

Hellyer how about the what's the god

1766

01:19:00,980 --> 01:18:57,120

they do the whole ritual they make some

1767

01:19:02,930 --> 01:19:00,990

wine pan-pan yeah that's some like I

1768

01:19:05,030 --> 01:19:02,940

don't it's drunk and nerve with me that

1769

01:19:06,980 --> 01:19:05,040

that description it sounded really

1770

01:19:08,960 --> 01:19:06,990

familiar not just because Peter Pan but

1771

01:19:11,960 --> 01:19:08,970

like the name and the description of

1772

01:19:14,300 --> 01:19:11,970

this this this god that was kind of

1773

01:19:16,100 --> 01:19:14,310

forgotten and people don't worship him

1774

01:19:18,890 --> 01:19:16,110

anymore I don't know what is so familiar

1775

01:19:20,660 --> 01:19:18,900

about that but it just seemed really

1776

01:19:22,310 --> 01:19:20,670

familiar and made me feel really weird

1777

01:19:24,800 --> 01:19:22,320

like I've heard this but this story

1778

01:19:27,170 --> 01:19:24,810

before I think he was the the like the

1779

01:19:31,340 --> 01:19:27,180

half-man half-goat thing that played the

1780

01:19:34,040 --> 01:19:31,350

little little flute well then yeah yeah

1781

01:19:35,690 --> 01:19:34,050

pea god of nature yeah but then the

1782

01:19:36,919 --> 01:19:35,700

green it was like the green man or

1783

01:19:38,810 --> 01:19:36,929

something like that

1784

01:19:41,030 --> 01:19:38,820

I feel like I've seen that somewhere

1785

01:19:44,000 --> 01:19:41,040

like a face in the China yeah they'd

1786

01:19:47,090 --> 01:19:44,010

like the Celtic version basically the

1787

01:19:49,939 --> 01:19:47,100

green man and they go to that house in

1788

01:19:53,060 --> 01:19:49,949

the woods yeah [h__h] randomly that

1789

01:19:55,070 --> 01:19:53,070

dude gets lost it gets lost and then

1790

01:19:57,169 --> 01:19:55,080

like finds this house and then low and

1791

01:19:59,209 --> 01:19:57,179

behold there's a face in a tree in these

1792

01:20:01,790 --> 01:19:59,219

people's front yards which might mean

1793

01:20:04,130 --> 01:20:01,800

that they're like part of it hard of it

1794

01:20:06,890 --> 01:20:04,140

and they're just like oh no no it's like

1795

01:20:08,840 --> 01:20:06,900

somebody can carve it that in but it

1796

01:20:12,110 --> 01:20:08,850

could be that they they're straight-up

1797

01:20:15,169 --> 01:20:12,120

ritual yeah dudes and like the the chick

1798

01:20:18,169 --> 01:20:15,179

who went snooping around and she said

1799

01:20:20,660 --> 01:20:18,179

she found that cabin and it had like an

1800

01:20:21,560 --> 01:20:20,670

elevator in it and went down to the

1801
01:20:23,479 --> 01:20:21,570
mineshaft

1802
01:20:25,490 --> 01:20:23,489
yeah and how she found that room and it

1803
01:20:28,070 --> 01:20:25,500
was full of like blood and feces and

1804
01:20:29,540 --> 01:20:28,080
thing right and the night before she had

1805
01:20:31,760 --> 01:20:29,550
heard that girl screaming and she

1806
01:20:33,620 --> 01:20:31,770
thought it was a mountain lion right it

1807
01:20:36,050 --> 01:20:33,630
wasn't yeah it ended up being somebody

1808
01:20:38,180 --> 01:20:36,060
screaming out there that's why she went

1809
01:20:40,399 --> 01:20:38,190
to look and then and then out of nowhere

1810
01:20:42,620 --> 01:20:40,409
pick her up she starts finding out all

1811
01:20:45,470 --> 01:20:42,630
this stuff then she gets picked up by

1812
01:20:47,209 --> 01:20:45,480
the police and they take her to jail she

1813
01:20:47,780 --> 01:20:47,219

got too close to something man huh

1814

01:20:49,669 --> 01:20:47,790

uh-huh

1815

01:20:51,649 --> 01:20:49,679

the whole town is in on it I think

1816

01:20:54,620 --> 01:20:51,659

Jeffrey Epstein is second there dude

1817

01:20:58,160 --> 01:20:54,630

that's where he's he's in the [h__\h]

1818

01:21:01,760 --> 01:20:58,170

mineshaft dude he was a goblin the whole

1819

01:21:04,189 --> 01:21:01,770

time so I actually went in this movie

1820

01:21:06,500 --> 01:21:04,199

made me go pick up a book from the

1821

01:21:09,380 --> 01:21:06,510

library it's called the occult

1822

01:21:11,570 --> 01:21:09,390

witchcraft doh magic and it's it's

1823

01:21:13,850 --> 01:21:11,580

pretty interesting it's cool it's pretty

1824

01:21:16,040 --> 01:21:13,860

interesting when I finish reading it

1825

01:21:18,260 --> 01:21:16,050

we'll talk about it but uh I didn't know

1826

01:21:20,090 --> 01:21:18,270

what you have learned it's pretty badass

1827

01:21:21,860 --> 01:21:20,100

it's really cool I mean right now I'm

1828

01:21:23,300 --> 01:21:21,870

just in the history of all of it yeah

1829

01:21:26,899 --> 01:21:23,310

kind of how it started and where it

1830

01:21:29,540 --> 01:21:26,909

started and how it like its relationship

1831

01:21:32,390 --> 01:21:29,550

to religion but then there's a

1832

01:21:34,490 --> 01:21:32,400

separation of it you know like I mean

1833

01:21:37,669 --> 01:21:34,500

it's crazy because the occult is all

1834

01:21:39,919 --> 01:21:37,679

about you know like symbolism and ritual

1835

01:21:40,790 --> 01:21:39,929

and just like that and then you start

1836

01:21:43,189 --> 01:21:40,800

looking at things like

1837

01:21:46,430 --> 01:21:43,199

you know like the Catholic Church right

1838

01:21:48,770 --> 01:21:46,440

and got all symbols and rituals yeah

1839

01:21:49,740 --> 01:21:48,780

that you know in blood and eating the

1840

01:21:52,800 --> 01:21:49,750

flesh right

1841

01:21:56,730 --> 01:21:52,810

and and we you know the idea of a

1842

01:21:59,280 --> 01:21:56,740

gathering of people in one area to focus

1843

01:22:01,740 --> 01:21:59,290

their energy on this entity that's on

1844

01:22:04,440 --> 01:22:01,750

the other side and trying to call him

1845

01:22:08,460 --> 01:22:04,450

forward you know through this ritual and

1846

01:22:11,640 --> 01:22:08,470

symbolism it's you know there is a

1847

01:22:14,400 --> 01:22:11,650

separation but it doesn't seem like it's

1848

01:22:16,770 --> 01:22:14,410

by very by very much yeah you know what

1849

01:22:18,660 --> 01:22:16,780

I'm saying yeah well are you talking

1850

01:22:21,210 --> 01:22:18,670

about with religion it doesn't it

1851
01:22:23,370 --> 01:22:21,220
doesn't seem to be very much like very

1852
01:22:25,350 --> 01:22:23,380
powerful or something or say like the

1853
01:22:27,570 --> 01:22:25,360
difference in the occult all the

1854
01:22:29,850 --> 01:22:27,580
difference yes and religion right they

1855
01:22:32,460 --> 01:22:29,860
don't seem to be that different okay got

1856
01:22:34,410 --> 01:22:32,470
it right yeah yeah yeah I was thinking I

1857
01:22:35,910 --> 01:22:34,420
guess I might my mind kind of trailed

1858
01:22:38,610 --> 01:22:35,920
off for a second cuz I was thinking like

1859
01:22:40,890 --> 01:22:38,620
man how many times a day do i I think of

1860
01:22:42,360 --> 01:22:40,900
the higher power and like hey man just

1861
01:22:44,580 --> 01:22:42,370
tell me a little bit dude I need a

1862
01:22:46,890 --> 01:22:44,590
little bit help today how often people

1863
01:22:50,100 --> 01:22:46,900

pray to God and then you know it shows

1864

01:22:51,960 --> 01:22:50,110

up in these unsuspecting ways that we

1865

01:22:53,910 --> 01:22:51,970

sometimes don't even realize that we

1866

01:22:55,950 --> 01:22:53,920

were held right and then you look at

1867

01:22:57,540 --> 01:22:55,960

like and and and then still you have

1868

01:23:00,330 --> 01:22:57,550

people that don't believe there's

1869

01:23:02,250 --> 01:23:00,340

something else beyond us you know that

1870

01:23:04,140 --> 01:23:02,260

don't believe that you know cuz I left

1871

01:23:07,290 --> 01:23:04,150

think there's a god yeah I don't not not

1872

01:23:09,810 --> 01:23:07,300

in the traditional religious aspect of

1873

01:23:12,570 --> 01:23:09,820

it but I also think that there's some

1874

01:23:15,420 --> 01:23:12,580

evil out there and and and and you know

1875

01:23:19,260 --> 01:23:15,430

those Satanists tick rituals you always

1876

01:23:21,330 --> 01:23:19,270

hear these like these blood blood

1877

01:23:24,480 --> 01:23:21,340

rituals and how they sacrifice things

1878

01:23:27,030 --> 01:23:24,490

and how they conjure stuff and I wonder

1879

01:23:29,130 --> 01:23:27,040

like how much do you hear about miracles

1880

01:23:32,610 --> 01:23:29,140

like that happening or if you if you

1881

01:23:35,310 --> 01:23:32,620

call miracles or witchcraft or or hexes

1882

01:23:37,410 --> 01:23:35,320

and if you hear about those if they're

1883

01:23:38,760 --> 01:23:37,420

if they're so like up upfront in your

1884

01:23:41,160 --> 01:23:38,770

face or their or if they're a little bit

1885

01:23:43,710 --> 01:23:41,170

more subtle kind of like yeah the I

1886

01:23:45,960 --> 01:23:43,720

guess I'm like do lysing it like good

1887

01:23:47,910 --> 01:23:45,970

and evil well there is because you know

1888

01:23:50,820 --> 01:23:47,920

you have you have you know the black

1889

01:23:55,920 --> 01:23:50,830

magic side of it and then you have the

1890

01:23:57,690 --> 01:23:55,930

you know the the white side of magic

1891

01:24:00,240 --> 01:23:57,700

we'll just say for for lack of a better

1892

01:24:02,550 --> 01:24:00,250

right the light inside in the top light

1893

01:24:03,459 --> 01:24:02,560

in the dark side of this of this

1894

01:24:05,530 --> 01:24:03,469

witchcraft

1895

01:24:07,930 --> 01:24:05,540

this dot and it's and when you think

1896

01:24:10,560 --> 01:24:07,940

about it I mean mmm their cult right

1897

01:24:11,860 --> 01:24:10,570

there's a light side there's dark side

1898

01:24:14,189 --> 01:24:11,870

witchcraft

1899

01:24:16,600 --> 01:24:14,199

light side dark side you know magic

1900

01:24:19,689 --> 01:24:16,610

light side dark side yeah

1901

01:24:21,610 --> 01:24:19,699

religion light side dark side it all has

1902

01:24:23,020 --> 01:24:21,620

a light side and a dark side yeah it

1903

01:24:25,720 --> 01:24:23,030

really doesn't matter what you're

1904

01:24:27,760 --> 01:24:25,730

practicing it's how you're practicing it

1905

01:24:30,670 --> 01:24:27,770

right and what you're practicing for

1906

01:24:35,220 --> 01:24:30,680

dude you know what I'm hot man yeah I

1907

01:24:38,979 --> 01:24:35,230

totally agree that made me think of like

1908

01:24:41,650 --> 01:24:38,989

Catholic priests and them being all not

1909

01:24:43,540 --> 01:24:41,660

all but a lot of them pedophiles I

1910

01:24:44,979 --> 01:24:43,550

wonder if there's some type of magic

1911

01:24:46,330 --> 01:24:44,989

that's into it I mean I think we might

1912

01:24:49,000 --> 01:24:46,340

have gone into a little bit but like

1913

01:24:51,010 --> 01:24:49,010

think the sex magic and [\h__\h] think there

1914

01:24:53,020 --> 01:24:51,020

is and I think they're just like tapping

1915

01:24:54,790 --> 01:24:53,030

into this something was written down

1916

01:24:56,740 --> 01:24:54,800

somewhere in the Vatican that no they

1917

01:24:58,900 --> 01:24:56,750

don't want anybody to read and they're

1918

01:25:01,209 --> 01:24:58,910

like well God wrote it down so it must

1919

01:25:04,840 --> 01:25:01,219

be good but it's actual [\h__\h] black

1920

01:25:06,640 --> 01:25:04,850

jerk yeah you know yeah there's a reason

1921

01:25:09,070 --> 01:25:06,650

why they're [\h__\h] kids it can't all be

1922

01:25:11,080 --> 01:25:09,080

pedophiles dude right right probably

1923

01:25:14,200 --> 01:25:11,090

like I don't know man I don't know [\h__\h]

1924

01:25:15,910 --> 01:25:14,210

but yeah you're not excusing the fact

1925

01:25:17,680 --> 01:25:15,920

that they're [\h__\h] kids oh yeah I'm

1926

01:25:21,040 --> 01:25:17,690

not you're saying that there might be a

1927

01:25:24,880 --> 01:25:21,050

ritualistic thing behind the reason why

1928

01:25:27,280 --> 01:25:24,890

only kids are exactly this thanks for

1929

01:25:31,240 --> 01:25:27,290

for clear yeah because I mean absolutely

1930

01:25:33,939 --> 01:25:31,250

dude absolutely yeah I mean there's it's

1931

01:25:37,240 --> 01:25:33,949

gotta be socialistic somehow it's some

1932

01:25:39,790 --> 01:25:37,250

type of [h__h] evil ass [h__h] yeah that

1933

01:25:41,320 --> 01:25:39,800

that I mean I think that once you get to

1934

01:25:43,060 --> 01:25:41,330

a certain point as a priest or whatever

1935

01:25:45,490 --> 01:25:43,070

you find this dark [h__h] you're able to

1936

01:25:47,350 --> 01:25:45,500

go to the Forbidden section in the

1937

01:25:48,880 --> 01:25:47,360

library yeah and you're like read this

1938

01:25:51,729 --> 01:25:48,890

[h__h] it's like oh you have to [h__h] a kid

1939

01:25:55,890 --> 01:25:51,739

to like be more close to God I'm just

1940

01:26:00,580 --> 01:25:58,540

always here you're like in all these

1941

01:26:04,270 --> 01:26:00,590

different stories of like rituals like

1942

01:26:06,820 --> 01:26:04,280

the blood of a virgin is important what

1943

01:26:09,760 --> 01:26:06,830

was I oh okay so kids are virgins dude

1944

01:26:13,810 --> 01:26:09,770

right Tommy Stark [h__h] bro I mean yeah

1945

01:26:17,320 --> 01:26:13,820

it does it gets extremely dark extremely

1946

01:26:19,360 --> 01:26:17,330

dark but then again you don't

1947

01:26:20,800 --> 01:26:19,370

have to use it that way right but we

1948

01:26:22,210 --> 01:26:20,810

talked about that like during Halloween

1949

01:26:24,430 --> 01:26:22,220

like maybe there's good witches no

1950

01:26:26,680 --> 01:26:24,440

there's bad witches right absolutely

1951

01:26:28,840 --> 01:26:26,690

right there's the dark arts and then

1952

01:26:33,910 --> 01:26:28,850

there's the the light arts yeah right

1953

01:26:35,820 --> 01:26:33,920

where people just just because just

1954

01:26:38,950 --> 01:26:35,830

because of the occult or the witchcraft

1955

01:26:41,200 --> 01:26:38,960

doesn't make it dark right that's just

1956

01:26:44,460 --> 01:26:41,210

something that we've grown up with in an

1957

01:26:47,350 --> 01:26:44,470

extremely religious Society yeah because

1958

01:26:50,110 --> 01:26:47,360

once the church became a thing

1959

01:26:54,190 --> 01:26:50,120

it's shunned magic its shunned the

1960

01:26:59,620 --> 01:26:54,200

occult its shunned witchcraft it made it

1961

01:27:02,320 --> 01:26:59,630

they specifically said no God is the one

1962

01:27:05,380 --> 01:27:02,330

true light anything other than that is

1963

01:27:06,730 --> 01:27:05,390

the devil it is dark and I don't care

1964

01:27:08,830 --> 01:27:06,740

what you're doing if you're doing

1965

01:27:11,410 --> 01:27:08,840

witchcraft it's evil

1966

01:27:13,750 --> 01:27:11,420

right and so from that point on you know

1967

01:27:17,380 --> 01:27:13,760

like during the Roman times and then we

1968

01:27:20,020 --> 01:27:17,390

move on now we get this stigma of like

1969

01:27:22,090 --> 01:27:20,030

all witchcraft is bad yeah and it's not

1970

01:27:24,940 --> 01:27:22,100

right there's there's a lot of good

1971

01:27:27,040 --> 01:27:24,950

stuff that is done you know through

1972

01:27:29,320 --> 01:27:27,050

witchcraft if you believe in witchcraft

1973

01:27:31,660 --> 01:27:29,330

right and people say well I don't

1974

01:27:33,220 --> 01:27:31,670

believe witchcraft okay well maybe they

1975

01:27:34,630 --> 01:27:33,230

don't believe in your religion does that

1976

01:27:36,610 --> 01:27:34,640

mean that you're good things don't

1977

01:27:38,290 --> 01:27:36,620

happen right if your religion very point

1978

01:27:39,280 --> 01:27:38,300

it's the same exact thing with them just

1979

01:27:40,750 --> 01:27:39,290

because you don't believe in their

1980

01:27:42,670 --> 01:27:40,760

witchcraft doesn't mean good things

1981

01:27:44,020 --> 01:27:42,680

aren't happening right right yeah it's

1982

01:27:50,020 --> 01:27:44,030

all about perspective

1983

01:27:52,750 --> 01:27:50,030

monotheism kind of took hold that's when

1984

01:27:56,290 --> 01:27:52,760

it began to switch because then you get

1985

01:27:59,890 --> 01:27:56,300

into all these Magi Xand and you know

1986

01:28:02,440 --> 01:27:59,900

these witches and and and you know like

1987

01:28:05,350 --> 01:28:02,450

the the Oracle you know like in Greece

1988

01:28:07,120 --> 01:28:05,360

like Oracle like you consulted the

1989

01:28:12,070 --> 01:28:07,130

Oracle before everything right right

1990

01:28:13,300 --> 01:28:12,080

birth war death advice like you know

1991

01:28:15,400 --> 01:28:13,310

what I'm saying you consulted the Oracle

1992

01:28:16,960 --> 01:28:15,410

one the Oracle would tell you yeah right

1993

01:28:20,230 --> 01:28:16,970

so it's kind of the same thing the

1994

01:28:22,630 --> 01:28:20,240

Oracle was was you know no more like you

1995

01:28:25,630 --> 01:28:22,640

don't talk to him you only talk to to

1996

01:28:27,790 --> 01:28:25,640

God right or you only talk to the priest

1997

01:28:29,800 --> 01:28:27,800

and then pay me with my taxes and then

1998

01:28:31,930 --> 01:28:29,810

you know you donate and and then I'll

1999

01:28:34,850 --> 01:28:31,940

talk to God for you

2000

01:28:37,340 --> 01:28:34,860

like even then like that became like

2001

01:28:40,100 --> 01:28:37,350

this real like kind of screwed up

2002

01:28:41,840 --> 01:28:40,110

situation right that I mean honestly

2003

01:28:44,450 --> 01:28:41,850

kind of brought us into the dark ages

2004

01:28:48,530 --> 01:28:44,460

yeah right and then the Renaissance was

2005

01:28:51,140 --> 01:28:48,540

this rebirth of science of the occult of

2006

01:28:54,590 --> 01:28:51,150

you know of you know even even

2007

01:28:59,180 --> 01:28:54,600

witchcraft theater you know metallurgy

2008

01:29:02,000 --> 01:28:59,190

and things like that and you know it it

2009

01:29:04,190 --> 01:29:02,010

kind of went hand in hand you know

2010

01:29:05,810 --> 01:29:04,200

science was was witchcraft

2011

01:29:08,960 --> 01:29:05,820

yeah to a lot of these people back in

2012

01:29:11,300 --> 01:29:08,970

the day right right because you know

2013

01:29:14,300 --> 01:29:11,310

technology you don't understand is just

2014

01:29:16,280 --> 01:29:14,310

magic until you understand it exact so

2015

01:29:18,170 --> 01:29:16,290

that's what science was a lot of times

2016

01:29:20,150 --> 01:29:18,180

yeah we had a lot of scientists that

2017

01:29:21,860 --> 01:29:20,160

were killed because they were doing

2018

01:29:23,990 --> 01:29:21,870

witchcraft when really it wasn't it was

2019

01:29:26,840 --> 01:29:24,000

it was science damn alright somebody

2020

01:29:32,840 --> 01:29:26,850

putting a Mentos in a coca-cola can and

2021

01:29:36,140 --> 01:29:32,850

they were like which which damn it yeah

2022

01:29:39,500 --> 01:29:36,150

so well I mean there's a lot to it man

2023

01:29:41,420 --> 01:29:39,510

there's a whole lot to it you know I

2024

01:29:43,100 --> 01:29:41,430

feel like I feel like it went down a

2025

01:29:45,080 --> 01:29:43,110

little dark hole there for a second I'm

2026

01:29:47,150 --> 01:29:45,090

feeling kind of weird about it don't

2027

01:29:48,950 --> 01:29:47,160

worry about don't I think we might need

2028

01:29:53,810 --> 01:29:48,960

to put like a disclaimer at the

2029

01:29:55,820 --> 01:29:53,820

disclaimer yeah I don't know I just it's

2030

01:29:58,250 --> 01:29:55,830

it's something that that's just out

2031

01:30:00,470 --> 01:29:58,260

there it's it's a thing you know what

2032

01:30:03,140 --> 01:30:00,480

I'm saying yeah and we can't just sweep

2033

01:30:04,760 --> 01:30:03,150

these these Catholic what's going on

2034

01:30:06,140 --> 01:30:04,770

with the right thing right you can't

2035

01:30:07,640 --> 01:30:06,150

just sweep that we have to talk about it

2036

01:30:11,090 --> 01:30:07,650

right you have to talk about it yeah

2037

01:30:12,380 --> 01:30:11,100

yeah we didn't do it yeah we didn't do

2038

01:30:16,250 --> 01:30:12,390

[h__h] you know what I'm saying

2039

01:30:18,500 --> 01:30:16,260

yeah like yeah I'm gonna public shame

2040

01:30:19,910 --> 01:30:18,510

these kid [h__h] yeah [h__h] those guys

2041

01:30:22,820 --> 01:30:19,920

yeah I know what I'm saying

2042

01:30:25,790 --> 01:30:22,830

may they burn in hell yeah you know what

2043

01:30:28,510 --> 01:30:25,800

I'm saying yeah man and and also I was

2044

01:30:33,260 --> 01:30:28,520

thinking about like just the idea of

2045

01:30:36,470 --> 01:30:33,270

what if well you're also says like maybe

2046

01:30:39,620 --> 01:30:36,480

all of this stuff this alien paranormal

2047

01:30:41,720 --> 01:30:39,630

ghosts spirits all that stuff is one

2048

01:30:43,590 --> 01:30:41,730

energy force it's all coming from the

2049

01:30:46,800 --> 01:30:43,600

same place it

2050

01:30:48,750 --> 01:30:46,810

it it's beginning to seem a little bit

2051
01:30:52,020 --> 01:30:48,760
more I'm leaning towards that like it's

2052
01:30:54,120 --> 01:30:52,030
all maybe not all of it but it seems

2053
01:30:56,700 --> 01:30:54,130
like it's all connected when you go back

2054
01:30:58,950 --> 01:30:56,710
to the skinwalker ranch stuff how like

2055
01:31:00,660 --> 01:30:58,960
it just wanted to [\h__\h] with them yeah

2056
01:31:03,600 --> 01:31:00,670
and it didn't want to be on camera and

2057
01:31:04,590 --> 01:31:03,610
knew this entered this entity knew when

2058
01:31:06,300 --> 01:31:04,600
they were there when they were looking

2059
01:31:08,280 --> 01:31:06,310
where the cameras were looking and it

2060
01:31:10,080 --> 01:31:08,290
knew where to go and how to just mess

2061
01:31:12,570 --> 01:31:10,090
with them when when it could and just

2062
01:31:14,730 --> 01:31:12,580
wanted to invite them to believe in it I

2063
01:31:17,610 --> 01:31:14,740

definitely feel like yeah it's all

2064

01:31:19,800 --> 01:31:17,620

coming from the same energy source it's

2065

01:31:21,450 --> 01:31:19,810

just happening on different levels yeah

2066

01:31:23,490 --> 01:31:21,460

you know there's different levels to

2067

01:31:26,340 --> 01:31:23,500

this energy source yeah it's like I

2068

01:31:28,350 --> 01:31:26,350

almost every person has a list and

2069

01:31:30,990 --> 01:31:28,360

whatever boxes are checked it's only

2070

01:31:33,150 --> 01:31:31,000

going to show up in that filtered way

2071

01:31:34,110 --> 01:31:33,160

like if your box is checked for aliens

2072

01:31:36,150 --> 01:31:34,120

you're probably gonna see some aliens

2073

01:31:38,370 --> 01:31:36,160

four boxes checked for aliens and ghosts

2074

01:31:40,890 --> 01:31:38,380

you're gonna see aliens and ghosts and

2075

01:31:43,200 --> 01:31:40,900

that box check just means that you you

2076

01:31:45,870 --> 01:31:43,210

believe that she's real right it's like

2077

01:31:47,520 --> 01:31:45,880

you you're accepting that if you do see

2078

01:31:48,630 --> 01:31:47,530

something like that you're not just

2079

01:31:50,420 --> 01:31:48,640

gonna think it's the wind you're gonna

2080

01:31:53,880 --> 01:31:50,430

think oh well there's some like

2081

01:31:55,410 --> 01:31:53,890

intelligence behind it I don't know yeah

2082

01:31:58,560 --> 01:31:55,420

it's just kind of what go ahead the

2083

01:32:01,650 --> 01:31:58,570

winds shifted and earlier there was a

2084

01:32:03,720 --> 01:32:01,660

hawk that flew eastward yeah the gods

2085

01:32:05,910 --> 01:32:03,730

are not pleased do I know what I'm

2086

01:32:08,790 --> 01:32:05,920

saying that omen or some [\h__\h]

2087

01:32:11,010 --> 01:32:08,800

exactly so yeah dude I mean we've been

2088

01:32:13,620 --> 01:32:11,020

dealing with this and even though it

2089

01:32:16,740 --> 01:32:13,630

sounds silly to us in modern times like

2090

01:32:18,300 --> 01:32:16,750

who's to say that ten thousand years

2091

01:32:22,830 --> 01:32:18,310

from now we don't look back on [h__h] that

2092

01:32:26,340 --> 01:32:22,840

we do now is like right yeah yeah they

2093

01:32:28,650 --> 01:32:26,350

used to look at a rectangle a rectangle

2094

01:32:31,460 --> 01:32:28,660

that that emitted light at them and they

2095

01:32:34,260 --> 01:32:31,470

used to press buttons money yeah what

2096

01:32:37,080 --> 01:32:34,270

are you kidding me they used to drive

2097

01:32:38,700 --> 01:32:37,090

around cars what for what yeah these

2098

01:32:40,140 --> 01:32:38,710

tough jobs what for her

2099

01:32:43,880 --> 01:32:40,150

did you believe they didn't know you

2100

01:32:48,510 --> 01:32:43,890

could go faster than the speed of light

2101
01:32:50,100 --> 01:32:48,520
jump jobs don't fit they don't know that

2102
01:32:52,130 --> 01:32:50,110
you could be immortal just by like

2103
01:32:55,230 --> 01:32:52,140
thinking that you were immortal yeah

2104
01:32:56,729 --> 01:32:55,240
idiots do this what if that's they were

2105
01:33:00,209 --> 01:32:56,739
all dying

2106
01:33:05,270 --> 01:33:00,219
what a bunch of idiots never like dying

2107
01:33:09,450 --> 01:33:05,280
dying and [h__\h] you're like old what what

2108
01:33:15,300 --> 01:33:11,520
all right you ready ready get up in the

2109
01:33:16,320 --> 01:33:15,310
spaceship yeah come on take out 2000

2110
01:33:20,459 --> 01:33:16,330
years you'll find out that that was

2111
01:33:25,500 --> 01:33:20,469
accurate turns out two guys figured it

2112
01:33:27,810 --> 01:33:25,510
out 2,000 years ago listen listen to

2113
01:33:29,450 --> 01:33:27,820

this listen to this podcast episode you

2114

01:33:32,400 --> 01:33:29,460

figured it out these [\h__\h] idiots

2115

01:33:40,860 --> 01:33:32,410

these guys we're doctor sighs yeah the

2116

01:33:42,209 --> 01:33:40,870

whole time whole time they know but yeah

2117

01:33:45,000 --> 01:33:42,219

man I mean if you guys haven't seen

2118

01:33:46,950 --> 01:33:45,010

Hillier definitely check it out it's a

2119

01:33:49,020 --> 01:33:46,960

mind-blower yeah that's a good it was

2120

01:33:50,520 --> 01:33:49,030

really good yeah it's a good really

2121

01:33:52,740 --> 01:33:50,530

really good it definitely definitely

2122

01:33:54,510 --> 01:33:52,750

makes you think yeah definitely makes

2123

01:33:56,370 --> 01:33:54,520

you think I can't wait for three to come

2124

01:33:59,160 --> 01:33:56,380

out are they doing three I mean they

2125

01:34:01,890 --> 01:33:59,170

have to because you know like whenever

2126
01:34:04,440 --> 01:34:01,900
they figured out in 93 and all those

2127
01:34:07,050 --> 01:34:04,450
numbers oh and the cipher and everything

2128
01:34:09,810 --> 01:34:07,060
came out to a nine or a three and like

2129
01:34:12,660 --> 01:34:09,820
how that was like a big deal and then

2130
01:34:14,790 --> 01:34:12,670
they found the book and the chapter that

2131
01:34:16,590 --> 01:34:14,800
the the verse was written in yeah and

2132
01:34:20,400 --> 01:34:16,600
how they found out that like they did

2133
01:34:23,520 --> 01:34:20,410
this this the you know this this homage

2134
01:34:27,090 --> 01:34:23,530
to pan they went and did a ritual in the

2135
01:34:30,330 --> 01:34:27,100
cave Japan to try and bring forth pan

2136
01:34:34,229 --> 01:34:30,340
and then they find out later on after

2137
01:34:37,740 --> 01:34:34,239
the fact that there's a ritual to pan

2138
01:34:41,160 --> 01:34:37,750

that they need to do it just so happens

2139

01:34:43,050 --> 01:34:41,170

that they haven't done the levels you

2140

01:34:45,300 --> 01:34:43,060

have to do the levels like in a specific

2141

01:34:46,290 --> 01:34:45,310

in a specific way that's right and they

2142

01:34:49,470 --> 01:34:46,300

were like [h__h]

2143

01:34:51,150 --> 01:34:49,480

we can't actually do this or else we're

2144

01:34:53,340 --> 01:34:51,160

gonna [h__h] some [h__h] up we could mess

2145

01:34:55,740 --> 01:34:53,350

something up big-time yeah they didn't

2146

01:34:58,290 --> 01:34:55,750

know that until later and they found out

2147

01:35:00,030 --> 01:34:58,300

so now I'm assuming that they're gonna

2148

01:35:01,380 --> 01:35:00,040

have to like go through the level go

2149

01:35:03,930 --> 01:35:01,390

through the levels I figure this out

2150

01:35:07,820 --> 01:35:03,940

what the levels are yeah this is gonna

2151
01:35:10,200 --> 01:35:07,830
be a ten-part series dude dude yeah yeah

2152
01:35:12,720 --> 01:35:10,210
all along for the ride

2153
01:35:15,000 --> 01:35:12,730
I'm excited about it did I mean hi I

2154
01:35:18,090 --> 01:35:15,010
just I just love the the level of detail

2155
01:35:19,500 --> 01:35:18,100
and like they they really go at it yeah

2156
01:35:22,979 --> 01:35:19,510
that's so cool

2157
01:35:26,490 --> 01:35:22,989
like the Mothman right the connection of

2158
01:35:30,000 --> 01:35:26,500
Mothman and the goblins and then they

2159
01:35:34,590 --> 01:35:30,010
they like was the guy's name damn it

2160
01:35:36,900 --> 01:35:34,600
something cold yeah yeah he was an alien

2161
01:35:40,050 --> 01:35:36,910
yeah that's right and he had his sons

2162
01:35:42,300 --> 01:35:40,060
Connor and Connor yes yeah and the dude

2163
01:35:44,250 --> 01:35:42,310

was an actual alien and right the lady

2164

01:35:45,720 --> 01:35:44,260

knew who he was to find his house and

2165

01:35:48,840 --> 01:35:45,730

[h__\h] yeah and then they found out that

2166

01:35:52,530 --> 01:35:48,850

he passed away oh wait a second okay so

2167

01:35:55,010 --> 01:35:52,540

we've got these goblins right and it all

2168

01:35:58,440 --> 01:35:55,020

spawned from this story of the Mothman

2169

01:36:01,620 --> 01:35:58,450

okay and then you found this guy Terry

2170

01:36:05,280 --> 01:36:01,630

wrist yeah who knew about this alien guy

2171

01:36:08,550 --> 01:36:05,290

in this town and then but he's involved

2172

01:36:11,520 --> 01:36:08,560

with the occult and and and those guys

2173

01:36:15,479 --> 01:36:11,530

do a ritual to an ancient Greek god

2174

01:36:20,010 --> 01:36:15,489

named pain and you're like and then you

2175

01:36:21,110 --> 01:36:20,020

found this balloon like what the hell is

2176

01:36:29,160 --> 01:36:21,120

happening

2177

01:36:30,570 --> 01:36:29,170

it was insane Oh goblins again and then

2178

01:36:32,370 --> 01:36:30,580

like yeah when I was like Jeffrey

2179

01:36:34,080 --> 01:36:32,380

Epstein comes out when I was and when I

2180

01:36:35,910 --> 01:36:34,090

was saying like we should talk about

2181

01:36:37,380 --> 01:36:35,920

Hellyer and I started thinking about it

2182

01:36:39,990 --> 01:36:37,390

today I work and almost like how am I

2183

01:36:42,270 --> 01:36:40,000

gonna explain this no we did okay I mean

2184

01:36:47,640 --> 01:36:42,280

with our tangent Lee talking about it is

2185

01:36:50,370 --> 01:36:47,650

pretty much the same order of the watch

2186

01:36:53,850 --> 01:36:50,380

it dude I mean it's it's uh it's cool

2187

01:36:55,950 --> 01:36:53,860

it's definitely cool it will suck up a

2188

01:36:57,750 --> 01:36:55,960

few hours of your time yeah Oh fortunes

2189

01:37:00,479 --> 01:36:57,760

you can't stop like I didn't know what

2190

01:37:02,670 --> 01:37:00,489

the hell is going on now I had a legit

2191

01:37:04,380 --> 01:37:02,680

had nightmares like one of the after

2192

01:37:07,590 --> 01:37:04,390

watching it for like six hours straight

2193

01:37:10,140 --> 01:37:07,600

right I was scared creepy I was freaked

2194

01:37:13,140 --> 01:37:10,150

the [h__\h] out man it's creepy it's

2195

01:37:13,620 --> 01:37:13,150

definitely creepy man I was thinking of

2196

01:37:16,110 --> 01:37:13,630

like other

2197

01:37:17,520 --> 01:37:16,120

synchronicities the tin can yeah I was

2198

01:37:19,860 --> 01:37:17,530

thinking like how many times in the

2199

01:37:21,780 --> 01:37:19,870

woods have you seen a tin can uh-huh you

2200

01:37:23,850 --> 01:37:21,790

know I don't know it's been a few times

2201

01:37:24,990 --> 01:37:23,860

but I mean unless there's people

2202

01:37:26,430 --> 01:37:25,000

there all the time you're not gonna find

2203

01:37:29,939 --> 01:37:26,440

a [h__h] didn't can the middle of the

2204

01:37:31,890 --> 01:37:29,949

woods I'll know it's strange

2205

01:37:34,290 --> 01:37:31,900

anyway anyway there's just a lot of

2206

01:37:37,439 --> 01:37:34,300

strange happenings even oh in that dome

2207

01:37:40,979 --> 01:37:37,449

at the end the word Connor was written

2208

01:37:44,520 --> 01:37:40,989

out dude yes is sick like what and

2209

01:37:47,430 --> 01:37:44,530

that's one of the alien sons names that

2210

01:37:50,040 --> 01:37:47,440

story alone that alien encounter where

2211

01:37:52,740 --> 01:37:50,050

it was chasing this car over that bridge

2212

01:37:55,189 --> 01:37:52,750

and it stopped and was like hey my

2213

01:37:58,470 --> 01:37:55,199

name's Alex cold or something like that

2214

01:37:59,729 --> 01:37:58,480

and what what I don't remember what the

2215

01:38:02,040 --> 01:37:59,739

whole point of it was I think you just

2216

01:38:05,540 --> 01:38:02,050

introduced himself he was like hey do

2217

01:38:12,330 --> 01:38:05,550

you know where the nearest Walgreens is

2218

01:38:16,620 --> 01:38:12,340

sniffles are you speaking Spanish the

2219

01:38:22,800 --> 01:38:16,630

guy driving is like uh doc done day yes

2220

01:38:29,459 --> 01:38:22,810

blog Walgreens losing yeah do you know

2221

01:38:35,669 --> 01:38:29,469

where it's at understand you before like

2222

01:38:38,010 --> 01:38:35,679

you speaking Spanish man dude yeah yeah

2223

01:38:39,570 --> 01:38:38,020

there's anyone check it out man well

2224

01:38:42,000 --> 01:38:39,580

alright man yeah I think that's uh

2225

01:38:44,070 --> 01:38:42,010

that's it for me today yeah that was a

2226

01:38:46,080 --> 01:38:44,080

great episode man that was fun I still

2227

01:38:48,180 --> 01:38:46,090

think we should put like maybe a

2228

01:38:50,040 --> 01:38:48,190

disclaimer at the beginning like hey

2229

01:38:51,899 --> 01:38:50,050

this is look we get into some dark [h__h]

2230

01:38:54,209 --> 01:38:51,909

just prepare it don't listen to on your

2231

01:38:56,790 --> 01:38:54,219

loud speakers at work nothing like that

2232

01:39:01,970 --> 01:38:56,800

well maybe you need to get the word out

2233

01:39:04,859 --> 01:39:01,980

about what not [h__h] kids

2234

01:39:06,930 --> 01:39:04,869

that's a PSA if you ask me yeah well

2235

01:39:09,600 --> 01:39:06,940

know what I'm saying I shouldn't have to

2236

01:39:11,700 --> 01:39:09,610

but goddamn it dude like millions of

2237

01:39:14,250 --> 01:39:11,710

people will be listening to this yeah I

2238

01:39:16,979 --> 01:39:14,260

mean yeah stop it though I guess alright

2239

01:39:18,359 --> 01:39:16,989

alright wrong okay I don't think you

2240

01:39:25,850 --> 01:39:18,369

have anything to worry about you didn't

2241

01:39:29,430 --> 01:39:25,860

endorse it no obviously I'm not Kat I am

2242

01:39:31,890 --> 01:39:29,440

well I'm not practicing but I know that

2243

01:39:35,070 --> 01:39:31,900

that is wrong yeah stop it

2244

01:39:37,709 --> 01:39:35,080

most I mean it's Catholics know it's

2245

01:39:39,689 --> 01:39:37,719

wrong but it's happening it's like not

2246

01:39:43,680 --> 01:39:39,699

but they're not the ones with the power

2247

01:39:47,040 --> 01:39:43,690

oh yeah dude what if like I don't want

2248

01:39:48,180 --> 01:39:47,050

to talk about anyway I don't want to

2249

01:39:49,830 --> 01:39:48,190

touch that with a ten-foot pole

2250

01:39:51,750 --> 01:39:49,840

all right yeah I dude all right dude

2251

01:39:53,700 --> 01:39:51,760

that was a good episode brother yes sir

2252

01:39:57,629 --> 01:39:53,710

don't forget to go check out UFO garage

2253

01:39:58,950 --> 01:39:57,639

PC com we got shirts we got hoodies

2254

01:40:01,919 --> 01:39:58,960

we've got hats

2255

01:40:03,989 --> 01:40:01,929

we've got more shirts we've got more

2256

01:40:05,399 --> 01:40:03,999

outside we got socks we've got we've got

2257

01:40:07,439 --> 01:40:05,409

more stuff coming up soon I'm sure we're

2258

01:40:11,819 --> 01:40:07,449

gonna make a new a new shirt check out

2259

01:40:14,459 --> 01:40:11,829

our newest shirt 0% down 0% APR it's a

2260

01:40:17,759 --> 01:40:14,469

kind of an inside joke on episode 29 I

2261

01:40:19,859 --> 01:40:17,769

think y'all is episode 29 it's it's it's

2262

01:40:21,689 --> 01:40:19,869

it's a comfy looking shirt but if you

2263

01:40:23,310 --> 01:40:21,699

don't like the inside joke if you don't

2264

01:40:26,069 --> 01:40:23,320

get it you can get our logo if you're

2265

01:40:27,270 --> 01:40:26,079

enjoying the podcast we've got some new

2266

01:40:28,500 --> 01:40:27,280

ones that are real subtle to have it on

2267

01:40:29,939 --> 01:40:28,510

the sleeve have you seen that one where

2268

01:40:32,040 --> 01:40:29,949

it's just a logo on the sleeve yeah yeah

2269

01:40:41,120 --> 01:40:32,050

if you if you're looking for it on the

2270

01:40:46,680 --> 01:40:43,080

yeah if you want to be a part of that

2271

01:40:49,200 --> 01:40:46,690

Facebook the group UFO garage podcast

2272

01:40:51,719 --> 01:40:49,210

group join the conversation whoa I mean

2273

01:40:53,250 --> 01:40:51,729

as you know the first like hour of our

2274

01:40:55,410 --> 01:40:53,260

podcast was like just going through

2275

01:40:57,479 --> 01:40:55,420

stuff that our group and our buddies are

2276

01:40:59,790 --> 01:40:57,489

talking about on the on the Facebook

2277

01:41:02,129 --> 01:40:59,800

group it's a fun way to just get in on

2278

01:41:05,250 --> 01:41:02,139

that conversation talk about your point

2279

01:41:06,149 --> 01:41:05,260

of view and you know just kind of hear

2280

01:41:07,560 --> 01:41:06,159

what other people have to say about

2281

01:41:10,469 --> 01:41:07,570

stuff and then maybe we'll talk about on

2282

01:41:13,469 --> 01:41:10,479

the podcast so yeah check that out and

2283

01:41:18,390 --> 01:41:13,479

then yeah UFO garage PC comm we're gonna

2284

01:41:19,799 --> 01:41:18,400

be in San Francisco February 20 20th be

2285

01:41:23,040 --> 01:41:19,809

looking out for that that's right you'll

2286

01:41:26,759 --> 01:41:23,050

be done 2020 whoo fok la you have folk

2287

01:41:34,920 --> 01:41:26,769

on you kill qfo con Oh across the room

2288

01:41:42,640 --> 01:41:40,450

all right yeah I'm super excited

2289

01:41:44,950 --> 01:41:42,650

Lorien fintan is the one putting that on

2290

01:41:47,229 --> 01:41:44,960

and again if you guys want to hear some

2291

01:41:49,510 --> 01:41:47,239

some some great stuff man

2292

01:41:54,190 --> 01:41:49,520

check out her show it's called the

2293

01:41:58,590 --> 01:41:54,200

fintan files the visit penton's yeah

2294

01:42:00,160 --> 01:41:58,600

yeah all right all right

2295

01:42:07,320 --> 01:42:00,170

see you guys later
