organization les how you been today man

oh great this is a head of a conference

5
00:00:15,740 --> 00:00:13,320
here today it's been very interesting

6
00:00:18,740 --> 00:00:15,750
for sure absolutely there's been a lot

7
00:00:21,200 --> 00:00:18,750
of great speakers man you know Eric

8
00:00:22,279 --> 00:00:21,210
Mitchell was awesome oh he had a great

9
00:00:24,470 --> 00:00:22,289
presentation

10
00:00:26,420 --> 00:00:24,480
you know Melinda you just said Paul

11
00:00:29,570 --> 00:00:26,430
Hynek you know he's always he's always

12
00:00:32,720 --> 00:00:29,580
good but yeah it's it's been pretty

13
00:00:34,819 --> 00:00:32,730

awesome man so you're here with the Opus

14

00:00:36,470 --> 00:00:34,829

right right going ahead you tell the

15

00:00:37,430 --> 00:00:36,480

people a little bit about your

16

00:00:43,130 --> 00:00:37,440

organization

17

00:00:47,900 --> 00:00:43,140

absolutely back in 1994 a doctor friend

18

00:00:50,330 --> 00:00:47,910

of mine Eugene ellipse and we founded

19

00:00:52,010 --> 00:00:50,340

this organization called Opus the

20

00:00:54,950 --> 00:00:52,020

organization or paranormal understanding

21

00:00:58,490 --> 00:00:54,960

and support and the mission of our

22

00:01:00,709 --> 00:00:58,500

organization is to help people that are

23

00:01:02,180 --> 00:01:00,719

having paranormal experiences and give

24

00:01:05,810 --> 00:01:02,190

them the kind of support they're looking

25

00:01:09,500 --> 00:01:05,820

for and to back up a little bit and how

26

00:01:13,219 --> 00:01:09,510

this all came to be I was initially a

27

00:01:14,660 --> 00:01:13,229

field investigator for MUFON and all the

28

00:01:16,700 --> 00:01:14,670

cases that I got involved with

29

00:01:20,469 --> 00:01:16,710

eventually turned out to be abduction

30

00:01:23,330 --> 00:01:20,479

type cases and the people you know

31

00:01:26,390 --> 00:01:23,340

wanted to know if there was other people

32

00:01:29,359 --> 00:01:26,400

that they could talk to about their

33

00:01:31,460 --> 00:01:29,369

experiences and I said well actually I

34

00:01:33,260 --> 00:01:31,470

dunno and next thing I know I'm

35

00:01:40,490 --> 00:01:33,270

facilitating a support group in San Jose

36

00:01:42,350 --> 00:01:40,500

and so from that I got a I got a I was

37

00:01:46,630 --> 00:01:42,360

written up in the Monterey Coast weekly

38

00:01:49,490 --> 00:01:46,640

paper and about what I was doing

39

00:01:51,050 --> 00:01:49,500

investigating UFOs matter of fact my

40

00:01:54,350 --> 00:01:51,060

pictures on the front cover of this

41

00:01:56,749 --> 00:01:54,360

Weekly magazine so so anyway this woman

42

00:01:58,940 --> 00:01:56,759

from Carmel calls me says I'm I'm in

43

00:02:01,100 --> 00:01:58,950

touch with these off earthly entities

44

00:02:04,429 --> 00:02:01,110

and I want to know what's going on with

45

00:02:06,649 --> 00:02:04,439

my brain waves so I called the doctor

46

00:02:09,169 --> 00:02:06,659

friend of mine and she was working with

47

00:02:12,229 --> 00:02:09,179

a emergency room doctor Donna Carmen

48

00:02:14,360 --> 00:02:12,239

and so I said this is a great

49

00:02:16,569 --> 00:02:14,370

opportunity because Eugene was looking

50

00:02:21,860 --> 00:02:16,579

for other doctors that he could you know

51
00:02:25,099 --> 00:02:21,870
communicate winner interface with so we

52
00:02:27,170 --> 00:02:25,109
went down there and she started to tell

53
00:02:29,000 --> 00:02:27,180
us stuff about ourselves that there was

54
00:02:30,619 --> 00:02:29,010
no possible way she would know and we

55
00:02:31,610 --> 00:02:30,629
found out that she had a near-death

56
00:02:36,550 --> 00:02:31,620
experience

57
00:02:39,470 --> 00:02:36,560
it became very psychic afterwards and so

58
00:02:41,360 --> 00:02:39,480
we came away from this meeting and

59
00:02:45,640 --> 00:02:41,370
saying how can we possibly help people

60
00:02:48,740 --> 00:02:45,650
like this and so Opus was hatched and

61
00:02:50,899 --> 00:02:48,750
you know we've we have a network of

62
00:02:53,300 --> 00:02:50,909
medical people mental health

63
00:02:55,220 --> 00:02:53,310

practitioners hypnotherapist and various

64

00:02:58,030 --> 00:02:55,230

other types of consultants you know like

65

00:02:59,839 --> 00:02:58,040

spiritual awakening type Kundalini

66

00:03:02,809 --> 00:02:59,849

experiences and things of that nature

67

00:03:06,110 --> 00:03:02,819

poltergeist activity Loyd Auerbach

68

00:03:08,390 --> 00:03:06,120

matter-of-fact in San Francisco is part

69

00:03:10,069 --> 00:03:08,400

of our network as well when it we ever

70

00:03:15,710 --> 00:03:10,079

get involved with the poltergeist

71

00:03:18,800 --> 00:03:15,720

activity so anyway one of the things

72

00:03:21,559 --> 00:03:18,810

that we've done more recently is to set

73

00:03:23,599 --> 00:03:21,569

up a online support group which is

74

00:03:27,920 --> 00:03:23,609

totally confidential if you go to our

75

00:03:30,770 --> 00:03:27,930

website which is Opus network.org you

76

00:03:32,780 --> 00:03:30,780

can go into a section and tell us what

77

00:03:34,789 --> 00:03:32,790

your you know your story and when what

78

00:03:40,339 --> 00:03:34,799

you're looking for as far as assistance

79

00:03:42,619 --> 00:03:40,349

and it's incredible how useful this has

80

00:03:46,249 --> 00:03:42,629

been because all these experiences we've

81

00:03:48,229 --> 00:03:46,259

got over 200 now that are active wow the

82

00:03:49,580 --> 00:03:48,239

support group and they're from around

83

00:03:52,129 --> 00:03:49,590

the world we got people from Australia

84

00:03:55,399 --> 00:03:52,139

from the UK from South America and

85

00:03:57,890 --> 00:03:55,409

they're talking 24/7 and telling their

86

00:04:00,439 --> 00:03:57,900

stories and asking questions I must have

87

00:04:03,710 --> 00:04:00,449

like thirty five thousand emails you

88

00:04:04,939 --> 00:04:03,720

know built up over time which people

89

00:04:07,339 --> 00:04:04,949

keep telling me I should write a book

90

00:04:08,599 --> 00:04:07,349

but it's like god I got to go through

91

00:04:13,999 --> 00:04:08,609

all those emails

92

00:04:17,420 --> 00:04:14,009

I'd be crazy but anyway it's really

93

00:04:19,180 --> 00:04:17,430

worked out and one of the things that we

94

00:04:23,409 --> 00:04:19,190

were

95

00:04:27,939 --> 00:04:23,419

really happy to have happen was

96

00:04:33,100 --> 00:04:27,949

initially mufon I had convinced the past

97

00:04:35,869 --> 00:04:33,110

international chairman to work with us

98

00:04:37,129 --> 00:04:35,879

because they didn't have a set up there

99

00:04:39,670 --> 00:04:37,139

were more nuts and bolts type

100

00:04:42,980 --> 00:04:39,680

organizations right and didn't really

101
00:04:46,580 --> 00:04:42,990
you know we're not into this alien

102
00:04:48,640 --> 00:04:46,590
abduction stuff so I said well I'm here

103
00:04:53,480 --> 00:04:48,650
I'm doing this and so if you get calls

104
00:04:56,450 --> 00:04:53,490
send them to me so I have recordings of

105
00:04:58,850 --> 00:04:56,460
these people calling in to MUFON and

106
00:05:02,149 --> 00:04:58,860
telling their stories and I have a

107
00:05:04,430 --> 00:05:02,159
presentation that I do and I put these

108
00:05:06,589 --> 00:05:04,440
on there and I blur out the the the

109
00:05:12,140 --> 00:05:06,599
names and phone numbers and things like

110
00:05:15,439 --> 00:05:12,150
that and it's just dramatic you know you

111
00:05:16,879 --> 00:05:15,449
can hear how upset these people are you

112
00:05:18,260 --> 00:05:16,889
know telling their stories and what

113
00:05:23,719 --> 00:05:18,270

happened to them and they're looking for

114

00:05:26,420 --> 00:05:23,729

help so based on that I was the person

115

00:05:29,209 --> 00:05:26,430

that started the initial group within

116

00:05:32,360 --> 00:05:29,219

MUFON called the AER see the abduction

117

00:05:34,820 --> 00:05:32,370

experience or Research Committee and I

118

00:05:40,820 --> 00:05:34,830

had you guys are familiar with DMT you

119

00:05:46,749 --> 00:05:40,830

know I've heard well-well strassman was

120

00:05:51,800 --> 00:05:46,759

on our committee okay working working to

121

00:05:54,110 --> 00:05:51,810

basically develop a report and it's

122

00:05:55,640 --> 00:05:54,120

called the Omega 3 report and if you go

123

00:05:58,399 --> 00:05:55,650

on our website under the clinical

124

00:06:03,769 --> 00:05:58,409

section you'll see this report and we

125

00:06:07,670 --> 00:06:03,779

took 72 abductees and 52 people that

126

00:06:10,070 --> 00:06:07,680

were a control group and you know we had

127

00:06:13,519 --> 00:06:10,080

eight vehicles that they had to go

128

00:06:15,370 --> 00:06:13,529

through okay and basically in a nutshell

129

00:06:17,899 --> 00:06:15,380

these people did not have a

130

00:06:20,749 --> 00:06:17,909

psychopathology but they weren't crazy

131

00:06:22,519 --> 00:06:20,759

right they weren't fantasy prone which

132

00:06:25,909 --> 00:06:22,529

you know a lot of these people talk

133

00:06:27,709 --> 00:06:25,919

about they had an interesting thing

134

00:06:28,760 --> 00:06:27,719

going on with their brain though in the

135

00:06:31,550 --> 00:06:28,770

temporal lobe

136

00:06:33,680 --> 00:06:31,560

area limbic system-- and I talked to

137

00:06:38,300 --> 00:06:33,690

Eric Mitchell who you mentioned earlier

138

00:06:40,160 --> 00:06:38,310

about that and he he was you know a

139

00:06:43,550 --> 00:06:40,170

minute I said that he looked at me he

140

00:06:47,990 --> 00:06:43,560

says yeah yeah we're understand that

141

00:06:50,210 --> 00:06:48,000

that's happening and and so we want to

142

00:06:52,490 --> 00:06:50,220

do another study and of course we're

143

00:06:54,590 --> 00:06:52,500

always looking for people so if there's

144

00:06:57,680 --> 00:06:54,600

any psychologists out there that would

145

00:07:05,360 --> 00:06:57,690

like to participate in the future study

146

00:07:05,870 --> 00:07:05,370

let me know you know begging to know the

147

00:07:08,120 --> 00:07:05,880

answer

148

00:07:11,270 --> 00:07:08,130

yeah you know it's it's interesting I

149

00:07:13,010 --> 00:07:11,280

don't know a whole ton about MUFON but

150

00:07:14,450 --> 00:07:13,020

it was the first thing that I looked up

151

00:07:16,820 --> 00:07:14,460

when I really started getting serious

152

00:07:18,470 --> 00:07:16,830

about researching UFOs or movement gel

153

00:07:20,300 --> 00:07:18,480

you you really hey we should become

154

00:07:22,040 --> 00:07:20,310

MUFON members and like starting to check

155

00:07:23,870 --> 00:07:22,050

it out I didn't really realize that

156

00:07:26,300 --> 00:07:23,880

there was a difference between like hey

157

00:07:28,640 --> 00:07:26,310

I want to report a sighting or hey

158

00:07:31,100 --> 00:07:28,650

there's I didn't know that something did

159

00:07:33,950 --> 00:07:31,110

not exist yet you know that to the

160

00:07:35,630 --> 00:07:33,960

support side of it right and it's really

161

00:07:37,630 --> 00:07:35,640

cool that that's happening and you guys

162

00:07:41,480 --> 00:07:37,640

are learning yeah you know

163

00:07:43,400 --> 00:07:41,490

MUFON now has has a group okay they

164

00:07:47,050 --> 00:07:43,410

change the name now it's the ERT which

165

00:07:50,210 --> 00:07:47,060

is the experience or research team and

166

00:07:52,730 --> 00:07:50,220

Kathleen Martin who is the head of it

167

00:07:54,530 --> 00:07:52,740

along with the George minish who I don't

168

00:07:56,930 --> 00:07:54,540

know if you guys probably too young to

169

00:08:01,310 --> 00:07:56,940

remember George Bennett's is a pitcher

170

00:08:05,060 --> 00:08:01,320

for the Pittsburgh Pirates okay so he's

171

00:08:08,240 --> 00:08:05,070

really a neat guy anyway so they develop

172

00:08:10,910 --> 00:08:08,250

this group and we get on zoom' about

173

00:08:13,070 --> 00:08:10,920

once a month and chat about cases and

174

00:08:15,440 --> 00:08:13,080

things like that so now MUFON has a

175

00:08:18,680 --> 00:08:15,450

vehicle where if their investigators

176

00:08:21,770 --> 00:08:18,690

come in contact with somebody they can

177

00:08:25,730 --> 00:08:21,780

then turn it over to the ERT group okay

178

00:08:26,510 --> 00:08:25,740

and I'm a research consultant for the

179

00:08:29,809 --> 00:08:26,520

group

180

00:08:33,219 --> 00:08:29,819

and so you know we can then decide what

181

00:08:36,199 --> 00:08:33,229

to do with it and we have resources and

182

00:08:38,329 --> 00:08:36,209

opus is one of the resources for the for

183

00:08:40,250 --> 00:08:38,339

the for the team great which I'm really

184

00:08:45,860 --> 00:08:40,260

happy about you know they haven't forgot

185

00:08:47,840 --> 00:08:45,870

about it so yeah and it's incredible the

186

00:08:49,880 --> 00:08:47,850

stories you know that that come our way

187

00:08:53,269 --> 00:08:49,890

and you know the things that have

188

00:08:54,889 --> 00:08:53,279

happened during one of the support group

189

00:08:59,389 --> 00:08:54,899

meetings when I was still here in San

190

00:09:01,550 --> 00:08:59,399

Jose a person looked at me said wow you

191

00:09:03,590 --> 00:09:01,560

look familiar you know I've seen you

192

00:09:08,900 --> 00:09:03,600

before and I said oh really where a

193

00:09:11,600 --> 00:09:08,910

grocery store says no I saw him board

194

00:09:14,000 --> 00:09:11,610

the ship and I said what support the

195

00:09:17,030 --> 00:09:14,010

ship okay so I kind of blew it off I you

196

00:09:18,889 --> 00:09:17,040

know because I have no conscious

197

00:09:20,810 --> 00:09:18,899

recollection of any of that happening

198

00:09:22,730 --> 00:09:20,820

right because people have asked me why

199

00:09:24,019 --> 00:09:22,740

are you so involved in all this and I

200

00:09:26,750 --> 00:09:24,029

said I don't have a clue

201
00:09:29,600 --> 00:09:26,760
well that was gonna be my next question

202
00:09:32,810 --> 00:09:29,610
yes was there a personal thing that

203
00:09:35,540 --> 00:09:32,820
happen to you that kind of pushed you in

204
00:09:37,790 --> 00:09:35,550
this direction or well kind of like us

205
00:09:40,480 --> 00:09:37,800
is you know we've seen lights in the sky

206
00:09:42,800 --> 00:09:40,490
right but we also don't know you know

207
00:09:45,350 --> 00:09:42,810
anything about an abduction not that we

208
00:09:48,710 --> 00:09:45,360
know of but you know there's a strange

209
00:09:51,079 --> 00:09:48,720
push in this direction of interest yeah

210
00:09:55,790 --> 00:09:51,089
well it all started when I lived in

211
00:09:58,340 --> 00:09:55,800
Connecticut and it was 1958 and it was a

212
00:10:01,040 --> 00:09:58,350
late October evening and I was coming

213
00:10:04,190 --> 00:10:01,050

back in the house after feeding my dog

214

00:10:07,130 --> 00:10:04,200

and I saw this white oval object

215

00:10:11,230 --> 00:10:07,140

silently hovering over a tree line and

216

00:10:13,550 --> 00:10:11,240

it scared the crap out of me and so I

217

00:10:15,170 --> 00:10:13,560

ran in a house and tried to get my

218

00:10:18,199 --> 00:10:15,180

father to come out and by the time I got

219

00:10:20,569 --> 00:10:18,209

convinced him to come out it was gone I

220

00:10:25,730 --> 00:10:20,579

mean the the object was gone yes Oh

221

00:10:29,030 --> 00:10:25,740

so but the next day I I had this desire

222

00:10:32,030 --> 00:10:29,040

to follow up and and and do some reading

223

00:10:33,650 --> 00:10:32,040

so I went to the library all right

224

00:10:37,579 --> 00:10:33,660

father took me down and went to the

225

00:10:41,300 --> 00:10:37,589

library and whose book did I pick up

226

00:10:44,210 --> 00:10:41,310

George Adamski alright George Adamski

227

00:10:46,600 --> 00:10:44,220

book you know about the Venetians and

228

00:10:50,180 --> 00:10:46,610

the ships and I mean it was blew me away

229

00:10:54,230 --> 00:10:50,190

anyway long story short like you know

230

00:10:56,360 --> 00:10:54,240

grew up went to college got married have

231

00:11:00,590 --> 00:10:56,370

kids and then I moved from Connecticut

232

00:11:01,699 --> 00:11:00,600

to California in 1985 and I picked up

233

00:11:03,920 --> 00:11:01,709

the San Jose Mercury News

234

00:11:07,389 --> 00:11:03,930

and Stanton Freeman was going to talk

235

00:11:12,259 --> 00:11:07,399

about UFOs and a government cover-up so

236

00:11:14,059 --> 00:11:12,269

you know I went there to the session and

237

00:11:19,280 --> 00:11:14,069

expecting to see a handful of people

238

00:11:21,019 --> 00:11:19,290

auditorium was full 300 people and MUFON

239

00:11:23,120 --> 00:11:21,029

had a table in the foyer

240

00:11:25,759 --> 00:11:23,130

where they were talking about you know

241

00:11:27,439 --> 00:11:25,769

their monthly journal that they produce

242

00:11:30,230 --> 00:11:27,449

so I decided okay I'm gonna I'm gonna

243

00:11:33,559 --> 00:11:30,240

get this journal and I started you know

244

00:11:35,960 --> 00:11:33,569

really getting into it and then it was

245

00:11:37,759 --> 00:11:35,970

it wasn't enough it just wasn't enough I

246

00:11:39,800 --> 00:11:37,769

I said I got to do more so I became a

247

00:11:42,410 --> 00:11:39,810

field investigator and that's how that

248

00:11:44,059 --> 00:11:42,420

whole thing started yeah investigating

249

00:11:48,829 --> 00:11:44,069

these cases and turning out to be

250

00:11:51,290 --> 00:11:48,839

abduction type cases and that's how now

251

00:11:53,480 --> 00:11:51,300

I've had regressions multiple

252

00:11:56,900 --> 00:11:53,490

regressions trying to understand because

253

00:11:58,879 --> 00:11:56,910

I and another subsequent support group

254

00:12:01,100 --> 00:11:58,889

meeting like almost two years later

255

00:12:02,840 --> 00:12:01,110

another person a different person said

256

00:12:05,449 --> 00:12:02,850

hey I've seen you before I said oh where

257

00:12:06,680 --> 00:12:05,459

the grocery store gas station no I saw

258

00:12:08,210 --> 00:12:06,690

him board the craft and you were

259

00:12:10,590 --> 00:12:08,220

freaking out and they told me to go over

260

00:12:12,390 --> 00:12:10,600

and calm you down oh my

261

00:12:14,310 --> 00:12:12,400

so what did you what did you say back to

262

00:12:16,650 --> 00:12:14,320

that person do you say well at that

263

00:12:19,350 --> 00:12:16,660

point I was dumbfounded I didn't know

264

00:12:21,420 --> 00:12:19,360

what to say and and so that's when I

265

00:12:23,820 --> 00:12:21,430

started to go and have regressions

266

00:12:27,570 --> 00:12:23,830

because I wanted to find out and you

267

00:12:31,700 --> 00:12:27,580

know I've had multiple multiple you know

268

00:12:34,200 --> 00:12:31,710

past lives you know I was I was a

269

00:12:37,170 --> 00:12:34,210

Spaniard at one time was a Greek another

270

00:12:46,440 --> 00:12:37,180

time I was a Japanese samurai at one

271

00:12:49,050 --> 00:12:46,450

point that would be something I'd be

272

00:12:51,800 --> 00:12:49,060

interested in finding about like finding

273

00:12:54,900 --> 00:12:51,810

out about past lives I thought were you

274

00:12:56,850 --> 00:12:54,910

here in the in the other little room

275

00:13:00,090 --> 00:12:56,860

over here with all the books and you

276

00:13:01,530 --> 00:13:00,100

know selling stuff exactly we had what

277

00:13:04,110 --> 00:13:01,540

was her name did she give you a card on

278

00:13:07,830 --> 00:13:04,120

stone muse yeah the stone muses yeah

279

00:13:09,420 --> 00:13:07,840

magic magic box walked out she was

280

00:13:13,380 --> 00:13:09,430

talking to baby told me her name but I

281

00:13:15,270 --> 00:13:13,390

and she was like oh so I can tell like

282

00:13:17,640 --> 00:13:15,280

you know you have you have like a mantis

283

00:13:19,470 --> 00:13:17,650

guide you know with you it like you know

284

00:13:22,410 --> 00:13:19,480

you have like this lineage of like

285

00:13:24,720 --> 00:13:22,420

Viking in you and stuff like that yeah a

286

00:13:26,670 --> 00:13:24,730

mind-blowing then and then I walk up but

287

00:13:33,870 --> 00:13:26,680

she's like oh you're a lion your friend

288

00:13:36,120 --> 00:13:33,880

illyrian to find out like just if I was

289

00:13:38,460 --> 00:13:36,130

like a farmer or like you know maybe a

290

00:13:40,410 --> 00:13:38,470

train conductor back in the day maybe I

291

00:13:42,090 --> 00:13:40,420

could have been a samurai - yeah I think

292

00:13:43,680 --> 00:13:42,100

that would be super interesting to see

293

00:13:45,270 --> 00:13:43,690

you know because right now all I know is

294

00:13:46,890 --> 00:13:45,280

that I'm from a different star system

295

00:13:48,270 --> 00:13:46,900

yeah I would like to kind of know maybe

296

00:13:51,360 --> 00:13:48,280

was I something here on earth

297

00:13:55,200 --> 00:13:51,370

Yeah right really oh yeah it is and in

298

00:13:57,090 --> 00:13:55,210

most of those past lives were military

299

00:13:59,700 --> 00:13:57,100

involvement I was you know some kind of

300

00:14:01,920 --> 00:13:59,710

a soldier or something and matter of

301
00:14:04,080 --> 00:14:01,930
fact in this lifetime mm-hmm I was in

302
00:14:06,440 --> 00:14:04,090
the artillery I was you know a

303
00:14:09,450 --> 00:14:06,450
lieutenant and they field artillery and

304
00:14:13,200 --> 00:14:09,460
so I don't know that's that's a real

305
00:14:16,770 --> 00:14:13,210
strong thing going on in my existence

306
00:14:20,310 --> 00:14:16,780
right it's like some sort of like the

307
00:14:23,040 --> 00:14:20,320
need to be a leader or to help yeah yeah

308
00:14:28,890 --> 00:14:23,050
yeah that's very interesting it's very

309
00:14:33,360 --> 00:14:28,900
very interesting man yeah so so I was

310
00:14:35,310 --> 00:14:33,370
curious like is there do you guys have

311
00:14:37,170 --> 00:14:35,320
I guess meetings on a regular basis and

312
00:14:39,210 --> 00:14:37,180
like kind of come together and say like

313
00:14:42,630 --> 00:14:39,220

oh there's a lot of stuff happening in

314

00:14:44,460 --> 00:14:42,640

this part of the world or is there some

315

00:14:45,870 --> 00:14:44,470

kind of common I'm just curious like is

316

00:14:47,670 --> 00:14:45,880

there some kind of commonality at

317

00:14:49,020 --> 00:14:47,680

certain times of years or anything like

318

00:14:51,570 --> 00:14:49,030

that I've always been curious about well

319

00:14:54,960 --> 00:14:51,580

there there there does seem to be what

320

00:14:57,990 --> 00:14:54,970

happens with us like after something

321

00:15:00,060 --> 00:14:58,000

like this where people all of a sudden

322

00:15:03,060 --> 00:15:00,070

something comes to mind triggered by

323

00:15:04,890 --> 00:15:03,070

somebody talking about a certain subject

324

00:15:08,670 --> 00:15:04,900

and then all of a sudden we'll get an

325

00:15:11,250 --> 00:15:08,680

inflect influx of of people contacting

326

00:15:13,920 --> 00:15:11,260

our site and saying you know what I had

327

00:15:15,870 --> 00:15:13,930

this memory and I'd like to look at it

328

00:15:17,940 --> 00:15:15,880

further so you know we'll we'll try to

329

00:15:21,870 --> 00:15:17,950

give them a hypnotherapist in their area

330

00:15:25,500 --> 00:15:21,880

that is familiar with the topic so that

331

00:15:28,110 --> 00:15:25,510

that does occur yeah based around a lot

332

00:15:29,270 --> 00:15:28,120

of these UFO conventions and things of

333

00:15:31,500 --> 00:15:29,280

that nature

334

00:15:35,180 --> 00:15:31,510

there's certainly hot spots around the

335

00:15:38,910 --> 00:15:35,190

world where sightings are happening

336

00:15:41,040 --> 00:15:38,920

certain times of the day you know are

337

00:15:44,460 --> 00:15:41,050

more popular than others yeah 3:00 a.m.

338

00:15:49,560 --> 00:15:44,470

maybe is a common one very high

339

00:15:52,410 --> 00:15:49,570

strangeness people going outside to have

340

00:15:54,000 --> 00:15:52,420

a cigarette I swear a lot of the cases

341

00:15:56,040 --> 00:15:54,010

that I got involved with the person said

342

00:16:06,140 --> 00:15:56,050

well I was out on my balcony and I was

343

00:16:08,670 --> 00:16:06,150

smoking a cigarette way like one

344

00:16:11,310 --> 00:16:08,680

organization or they're like multiple

345

00:16:12,750 --> 00:16:11,320

around the United States yeah it's just

346

00:16:16,760 --> 00:16:12,760

something that you can collect

347

00:16:18,890 --> 00:16:16,770

yeah what it is is that we're one we're

348

00:16:22,980 --> 00:16:18,900

officially a nonprofit organization

349

00:16:25,590 --> 00:16:22,990

recognized by the IRS of 500 501 3 C and

350

00:16:29,610 --> 00:16:25,600

our official headquarters is in

351

00:16:32,519 --> 00:16:29,620

Sacramento okay I'm in Texas I'm you

352

00:16:36,059 --> 00:16:32,529

know the co-founder and chairman now

353

00:16:39,839 --> 00:16:36,069

the organization and so we're basically

354

00:16:41,279 --> 00:16:39,849

we have a board of directors and I don't

355

00:16:45,209 --> 00:16:41,289

know if you've interviewed Terry

356

00:16:47,159 --> 00:16:45,219

Lovelace yet he's gonna okay good man

357

00:16:48,659 --> 00:16:47,169

matter of fact he's one of our advisory

358

00:16:51,359 --> 00:16:48,669

board members oh wow

359

00:16:54,119 --> 00:16:51,369

Linda Moulton Howe is our one of our but

360

00:16:57,119 --> 00:16:54,129

advisory board members and Yvonne Smith

361

00:17:00,269 --> 00:16:57,129

is another advisory board man you got a

362

00:17:02,789 --> 00:17:00,279

18 with you oh great people great people

363

00:17:06,149 --> 00:17:02,799

and you know we work with Barbara lamb

364

00:17:10,169 --> 00:17:06,159

as well and in our early days but

365

00:17:14,509 --> 00:17:10,179

Hopkins was one of our advisors and you

366

00:17:19,470 --> 00:17:14,519

guys remember the name Phil class yeah

367

00:17:22,289 --> 00:17:19,480

my first my first MUFON symposium in

368

00:17:26,129 --> 00:17:22,299

Albuquerque New Mexico he was there and

369

00:17:30,269 --> 00:17:26,139

I'm sitting at the bar and he sits down

370

00:17:33,090 --> 00:17:30,279

next to me and you know I was drinking a

371

00:17:37,799 --> 00:17:33,100

scotch and he ordered a scotch and we

372

00:17:38,970 --> 00:17:37,809

started chatting and so I asked him you

373

00:17:41,700 --> 00:17:38,980

know I can knew who he was

374

00:17:43,409 --> 00:17:41,710

you know I recognized him and I said and

375

00:17:44,700 --> 00:17:43,419

he said so you know what do you do

376

00:17:46,970 --> 00:17:44,710

what's your interest here and all that

377

00:17:50,940 --> 00:17:46,980

kind of a nice start tell him about Opus

378

00:17:52,619 --> 00:17:50,950

and he was very complimentary and you

379

00:17:54,509 --> 00:17:52,629

know gave me advice he says now be

380

00:17:58,109 --> 00:17:54,519

careful he says because there's a lot of

381

00:18:00,810 --> 00:17:58,119

crazy people out there you know they

382

00:18:03,960 --> 00:18:00,820

they you know so just be careful and so

383

00:18:07,919 --> 00:18:03,970

it was a very pleasant conversation with

384

00:18:10,529 --> 00:18:07,929

Phil class of people it's kind of a

385

00:18:14,100 --> 00:18:10,539

different take on pillow class you know

386

00:18:15,840 --> 00:18:14,110

very much so yeah he just yeah he just

387

00:18:18,840 --> 00:18:15,850

came and tried to you know talk as much

388

00:18:21,090 --> 00:18:18,850

as possible debunking constantly so

389

00:18:23,879 --> 00:18:21,100

that's that's a nice little spin on on

390

00:18:25,980 --> 00:18:23,889

that name for sure so throughout the

391

00:18:27,659 --> 00:18:25,990

years of you do in this have you you

392

00:18:30,300 --> 00:18:27,669

know because it is dealing with like you

393

00:18:33,150 --> 00:18:30,310

know whether it be like ghost activity

394

00:18:36,390 --> 00:18:33,160

you know UFOs are just some strange

395

00:18:39,930 --> 00:18:36,400

happenings have you guys maybe found

396

00:18:42,960 --> 00:18:39,940

like a correlation between all the

397

00:18:45,690 --> 00:18:42,970

incidents is there there's I think

398

00:18:46,950 --> 00:18:45,700

they're they're all related it's part of

399

00:18:48,810 --> 00:18:46,960

the puzzle you know you get the the

400

00:18:50,700 --> 00:18:48,820

poltergeist over here and you got the

401
00:18:52,200 --> 00:18:50,710
UFO here and then you got the orbs down

402
00:18:53,760 --> 00:18:52,210
here and then you got the

403
00:18:56,100 --> 00:18:53,770
interdimensional beings and the time

404
00:18:58,140 --> 00:18:56,110
travelers you know all of the 1980

405
00:18:59,670 --> 00:18:58,150
Rendlesham forest thing right where they

406
00:19:01,380 --> 00:18:59,680
said these guys were coming back from

407
00:19:03,750 --> 00:19:01,390
forty thousand years in the future you

408
00:19:06,600 --> 00:19:03,760
know to harvest stuff and yeah you know

409
00:19:08,820 --> 00:19:06,610
it's whatever you can think of literally

410
00:19:11,310 --> 00:19:08,830
whatever you can possibly think of is it

411
00:19:14,550 --> 00:19:11,320
it seems like the phenomenon like kind

412
00:19:17,460 --> 00:19:14,560
of interacts with with the imagination

413
00:19:21,300 --> 00:19:17,470

of the human you know the last thing

414

00:19:24,320 --> 00:19:21,310

that hynek's said jaehong Hynek said you

415

00:19:29,370 --> 00:19:24,330

know was consciousness right whatever

416

00:19:32,850 --> 00:19:29,380

consciousness is is is manifest in a way

417

00:19:37,860 --> 00:19:32,860

that you know is an orb or it's a flying

418

00:19:40,350 --> 00:19:37,870

saucer or it's a poltergeist or and in

419

00:19:43,140 --> 00:19:40,360

that consciousness that energy never

420

00:19:46,200 --> 00:19:43,150

dissipates right now when you die that

421

00:19:50,940 --> 00:19:46,210

energy just goes somewhere yeah you know

422

00:19:54,380 --> 00:19:50,950

and there's a doctor that had an

423

00:19:57,390 --> 00:19:54,390

experience a near-death experience and

424

00:19:59,280 --> 00:19:57,400

she was kayaking down in South America

425

00:20:02,520 --> 00:19:59,290

somewhere and went over a waterfall and

426
00:20:05,820 --> 00:20:02,530
was trapped for half an hour under the

427
00:20:09,930 --> 00:20:05,830
water and during that time she saw these

428
00:20:14,250 --> 00:20:09,940
what she called these angelic entities

429
00:20:16,680 --> 00:20:14,260
and she felt so good that she didn't

430
00:20:20,430 --> 00:20:16,690
want to go back you know didn't want to

431
00:20:22,200 --> 00:20:20,440
go back and they told her you have to go

432
00:20:25,650 --> 00:20:22,210
back there's things that you need to do

433
00:20:30,570 --> 00:20:25,660
but then they also told her which was

434
00:20:33,660 --> 00:20:30,580
blew my mind that her son who was little

435
00:20:37,440 --> 00:20:33,670
at the time was going to die when he was

436
00:20:38,100 --> 00:20:37,450
18 years old so she never told her son

437
00:20:43,590 --> 00:20:38,110
that

438
00:20:46,680 --> 00:20:43,600

okay obviously and son-of-a-gun went

439

00:20:55,919 --> 00:20:46,690

when when the he turned 18 he had a car

440

00:20:58,320 --> 00:20:55,929

accident and died oh yeah so so time you

441

00:21:00,029 --> 00:20:58,330

can you can just go in anywhere and say

442

00:21:01,649 --> 00:21:00,039

okay here's the past here's the here's

443

00:21:03,720 --> 00:21:01,659

the president and here's the future but

444

00:21:08,029 --> 00:21:03,730

it doesn't matter where you are you can

445

00:21:10,740 --> 00:21:08,039

access it you can access it anywhere

446

00:21:12,450 --> 00:21:10,750

it's that I mean that's still to this

447

00:21:16,560 --> 00:21:12,460

day when I heard that story it just

448

00:21:17,279 --> 00:21:16,570

absolutely blew me away that's powerful

449

00:21:21,840 --> 00:21:17,289

stuff

450

00:21:23,190 --> 00:21:21,850

I keep thinking about this like I think

451
00:21:25,019 --> 00:21:23,200
there's like a theme here with like

452
00:21:27,629 --> 00:21:25,029
consciousness and time and I feel like

453
00:21:30,659 --> 00:21:27,639
it's really time as a linear time is

454
00:21:32,399 --> 00:21:30,669
only specific to humans and this mm-hmm

455
00:21:35,100 --> 00:21:32,409
this reality right now and once you get

456
00:21:36,419 --> 00:21:35,110
past them the physical body it's like

457
00:21:38,759 --> 00:21:36,429
more and more stories that I hear like

458
00:21:40,320 --> 00:21:38,769
that that is once you're not a human in

459
00:21:42,659 --> 00:21:40,330
you're just like a consciousness that

460
00:21:44,730 --> 00:21:42,669
that's manifested in another

461
00:21:46,769 --> 00:21:44,740
intelligence like time really doesn't

462
00:21:50,149 --> 00:21:46,779
matter anymore like it's true that's

463
00:21:53,180 --> 00:21:50,159

true and then you think about you know

464

00:21:56,100 --> 00:21:53,190

if in fact we are dealing with

465

00:21:59,310 --> 00:21:56,110

extraterrestrials how can they come

466

00:22:01,080 --> 00:21:59,320

these distances you know with our you

467

00:22:03,029 --> 00:22:01,090

know physics that doesn't allow that

468

00:22:05,899 --> 00:22:03,039

because you can't go faster than the

469

00:22:10,680 --> 00:22:05,909

speed of light which now I think is

470

00:22:16,500 --> 00:22:10,690

passe it's not happening yeah they

471

00:22:18,539 --> 00:22:16,510

figured it out I think it's just that

472

00:22:21,149 --> 00:22:18,549

was just another mental block or hurdle

473

00:22:23,070 --> 00:22:21,159

on to the next step you know yeah not

474

00:22:26,759 --> 00:22:23,080

being able to go faster than light was

475

00:22:29,430 --> 00:22:26,769

just where we as far as we could take it

476
00:22:32,519 --> 00:22:29,440
at the time yeah now times have changed

477
00:22:34,500 --> 00:22:32,529
and I don't believe that anymore no I

478
00:22:37,320 --> 00:22:34,510
think there's a lot more to it like you

479
00:22:39,210 --> 00:22:37,330
said I completely agree completely agree

480
00:22:40,649 --> 00:22:39,220
and you know that we I think we're

481
00:22:43,680 --> 00:22:40,659
starting to figure out bits and pieces

482
00:22:46,049 --> 00:22:43,690
of the of the EU UFO situation in the

483
00:22:46,410 --> 00:22:46,059
sense that if you're nuts and bolts kind

484
00:22:49,020 --> 00:22:46,420
of

485
00:22:51,870 --> 00:22:49,030
which I started out being very much a

486
00:22:55,740 --> 00:22:51,880
nuts-and-bolts kind of guy in

487
00:22:57,570 --> 00:22:55,750
conversations that I've had with Lou

488
00:23:00,900 --> 00:22:57,580

Elizondo as a matter of fact I had lunch

489

00:23:03,240 --> 00:23:00,910

with him three or four months ago he had

490

00:23:06,330 --> 00:23:03,250

come to actually interview

491

00:23:09,240 --> 00:23:06,340

Terry Lovelace I think he's going to

492

00:23:13,970 --> 00:23:09,250

appear on the next season of the

493

00:23:19,820 --> 00:23:13,980

unidentified right and they figure that

494

00:23:23,820 --> 00:23:19,830

the skin of the craft is integral in

495

00:23:24,690 --> 00:23:23,830

making being the ship's being able to do

496

00:23:27,600 --> 00:23:24,700

what they do

497

00:23:29,940 --> 00:23:27,610

along with not a huge power source

498

00:23:32,730 --> 00:23:29,950

evidently it's it's very very small

499

00:23:35,850 --> 00:23:32,740

amount of power is required to drive

500

00:23:39,150 --> 00:23:35,860

this thing and so when you see that

501
00:23:41,730 --> 00:23:39,160
going on it's like or hear that it's

502
00:23:44,310 --> 00:23:41,740
like whoa we are getting closer if they

503
00:23:45,900 --> 00:23:44,320
if they think that and these meta metals

504
00:23:48,860 --> 00:23:45,910
that they keep talking about it right

505
00:23:52,560 --> 00:23:48,870
yeah that that's the thing that's that's

506
00:23:54,420 --> 00:23:52,570
that's key to it absolutely key to it

507
00:23:56,550 --> 00:23:54,430
yeah I mean there's there's been people

508
00:24:00,720 --> 00:23:56,560
who have spoke at this conference that

509
00:24:02,010 --> 00:24:00,730
have said things that if any of that is

510
00:24:05,010 --> 00:24:02,020
absolutely true

511
00:24:08,070 --> 00:24:05,020
mm-hmm then that already is proof that

512
00:24:10,680 --> 00:24:08,080
we're way beyond you know what we

513
00:24:12,450 --> 00:24:10,690

currently think we understand of like

514

00:24:14,070 --> 00:24:12,460

mainstream physics or science or

515

00:24:16,590 --> 00:24:14,080

anything like that I mean there's

516

00:24:18,660 --> 00:24:16,600

there's a lot to it you know Matthew

517

00:24:21,420 --> 00:24:18,670

being one of them yeah he had some crazy

518

00:24:23,340 --> 00:24:21,430

like some some really awesome like ideas

519

00:24:25,140 --> 00:24:23,350

just like up to say you know what he was

520

00:24:27,450 --> 00:24:25,150

talking about with the orbs and like

521

00:24:28,890 --> 00:24:27,460

energy and like going faster than light

522

00:24:32,160 --> 00:24:28,900

and how we've already figured all this

523

00:24:35,310 --> 00:24:32,170

stuff out and it was just very confident

524

00:24:36,510 --> 00:24:35,320

about it and you know like I said some

525

00:24:39,210 --> 00:24:36,520

of the stuff that people have said here

526

00:24:41,760 --> 00:24:39,220

is it kind of makes you like okay yeah

527

00:24:43,730 --> 00:24:41,770

we're definitely on that next level yeah

528

00:24:46,350 --> 00:24:43,740

you know I think I think we're lucky

529

00:24:48,530 --> 00:24:46,360

especially you guys who are a lot

530

00:24:51,740 --> 00:24:48,540

younger than me

531

00:24:54,380 --> 00:24:51,750

you may you really might see a full

532

00:24:56,960 --> 00:24:54,390

disclosure happening where they just

533

00:25:02,950 --> 00:24:56,970

come out and say yeah screw it this is

534

00:25:05,960 --> 00:25:02,960

it boys you kind of feel it a little bit

535

00:25:08,240 --> 00:25:05,970

kind of in the air I think right now

536

00:25:10,310 --> 00:25:08,250

everybody's still kind of on edge it's

537

00:25:13,940 --> 00:25:10,320

like okay are you just trying to

538

00:25:16,580 --> 00:25:13,950

distract us again or is there something

539

00:25:19,310 --> 00:25:16,590

like genuine yeah disclosure why is

540

00:25:21,200 --> 00:25:19,320

going on and I think that's a safe

541

00:25:24,980 --> 00:25:21,210

position to have right now

542

00:25:26,990 --> 00:25:24,990

you know like are you tricking us real

543

00:25:29,510 --> 00:25:27,000

thing because you don't exactly have the

544

00:25:31,880 --> 00:25:29,520

best history but at the same time like

545

00:25:35,630 --> 00:25:31,890

if you think about it you can understand

546

00:25:38,240 --> 00:25:35,640

the reasoning behind some of the the you

547

00:25:40,250 --> 00:25:38,250

know the secrecy the trickery the you

548

00:25:43,040 --> 00:25:40,260

know some of the stuff is unexcusable

549

00:25:44,510 --> 00:25:43,050

obviously but you know it's just trying

550

00:25:45,620 --> 00:25:44,520

to play devil's advocate you know like

551
00:25:47,450 --> 00:25:45,630
you're trying to be balanced on both

552
00:25:49,670 --> 00:25:47,460
ends like see it from their point of

553
00:25:51,920 --> 00:25:49,680
view but then also see it from like just

554
00:25:54,320 --> 00:25:51,930
a regular human like there's if there is

555
00:25:56,150 --> 00:25:54,330
this technology or this this something

556
00:25:57,980 --> 00:25:56,160
that can help the earth and there's just

557
00:26:00,140 --> 00:25:57,990
millions of people suffering you know

558
00:26:02,810 --> 00:26:00,150
like yeah it's it's it's it's a very

559
00:26:04,790 --> 00:26:02,820
double-edged sword like I understand the

560
00:26:07,160 --> 00:26:04,800
secrecy but at the same time like can we

561
00:26:08,420 --> 00:26:07,170
help people with this I'm glad you

562
00:26:10,310 --> 00:26:08,430
brought that up because one of the

563
00:26:11,750 --> 00:26:10,320

things that you know I've always said it

564

00:26:13,520 --> 00:26:11,760

from a nuts-and-bolts type of a

565

00:26:16,430 --> 00:26:13,530

standpoint if we can figure out how

566

00:26:19,040 --> 00:26:16,440

these things operate can you imagine and

567

00:26:22,670 --> 00:26:19,050

and and and the power sources that

568

00:26:25,370 --> 00:26:22,680

they're utilizing and it's not causing

569

00:26:27,470 --> 00:26:25,380

you can't see any pollution coming out

570

00:26:30,110 --> 00:26:27,480

of these things you know it's right you

571

00:26:33,960 --> 00:26:30,120

know and so if we understand that you

572

00:26:36,120 --> 00:26:33,970

know get rid of the fossil fuel industry

573

00:26:38,640 --> 00:26:36,130

you know therefore we'll have cleaner

574

00:26:40,560 --> 00:26:38,650

water or a cleaner air you know that all

575

00:26:44,580 --> 00:26:40,570

these vehicles that are pumping out all

576

00:26:48,120 --> 00:26:44,590

kinds of toxic stuff you know that going

577

00:26:50,640 --> 00:26:48,130

electric and you know it's just yeah a

578

00:26:53,430 --> 00:26:50,650

lot of lot of things that would be super

579

00:26:57,270 --> 00:26:53,440

positive I think yeah I think it's

580

00:26:59,160 --> 00:26:57,280

interesting that you uh you described

581

00:27:01,170 --> 00:26:59,170

yourself you used to be a nuts and bolts

582

00:27:05,370 --> 00:27:01,180

kind of a guy and when you're in this

583

00:27:07,560 --> 00:27:05,380

this realm of topic you see that a lot a

584

00:27:09,540 --> 00:27:07,570

lot of people come in and that's in

585

00:27:13,350 --> 00:27:09,550

bolts and then kind of by the end of it

586

00:27:15,210 --> 00:27:13,360

they're like my nuts and bolts right you

587

00:27:18,150 --> 00:27:15,220

should at the same time it's like dude

588

00:27:21,380 --> 00:27:18,160

some stuff we just can't explain well

589

00:27:24,330 --> 00:27:21,390

you know in dealing with the abductees

590

00:27:28,170 --> 00:27:24,340

you know the initial phase there's like

591

00:27:30,270 --> 00:27:28,180

three phases to that process and the

592

00:27:33,090 --> 00:27:30,280

initial phase is traumatic very

593

00:27:36,570 --> 00:27:33,100

traumatic and then the second phase is

594

00:27:38,880 --> 00:27:36,580

that they come to accept it okay and not

595

00:27:41,430 --> 00:27:38,890

be as traumatized and then the third

596

00:27:43,230 --> 00:27:41,440

stage is when it stops it's kind of like

597

00:27:44,790 --> 00:27:43,240

the Stockholm Syndrome they say what

598

00:27:47,640 --> 00:27:44,800

happened how come they're not you know

599

00:27:49,860 --> 00:27:47,650

doing anything with me anymore but that

600

00:27:53,220 --> 00:27:49,870

whole process becomes a spiritual

601
00:27:57,240 --> 00:27:53,230
journey it's very spiritual it's totally

602
00:27:59,900 --> 00:27:57,250
spiritual and then that gets back to the

603
00:28:04,260 --> 00:27:59,910
consciousness and all of that because

604
00:28:07,980 --> 00:28:04,270
every almost without exception and in

605
00:28:11,280 --> 00:28:07,990
this Omega 3 study that we did people

606
00:28:13,950 --> 00:28:11,290
you know unanimously say you know we

607
00:28:16,650 --> 00:28:13,960
have to be better to one another we have

608
00:28:20,100 --> 00:28:16,660
to be better to the planet you know we

609
00:28:22,470 --> 00:28:20,110
have to not pollute you know take care

610
00:28:24,300 --> 00:28:22,480
of the the creatures of the planet I

611
00:28:26,670 --> 00:28:24,310
mean I mean it's all positive real

612
00:28:29,940 --> 00:28:26,680
positive stuff which is super spiritual

613
00:28:33,030 --> 00:28:29,950

super spiritual it's so strange like

614

00:28:35,370 --> 00:28:33,040

when you think about it that we as

615

00:28:37,350 --> 00:28:35,380

humans have to have something tell us

616

00:28:39,810 --> 00:28:37,360

that like doesn't that all just sound

617

00:28:41,220 --> 00:28:39,820

like a good idea to be doing in the

618

00:28:43,380 --> 00:28:41,230

first place you know we're such a

619

00:28:45,780 --> 00:28:43,390

strange creature yeah what sounds it's

620

00:28:48,360 --> 00:28:45,790

it's ever more like evident that

621

00:28:50,220 --> 00:28:48,370

our consciousness as humans right now

622

00:28:52,200 --> 00:28:50,230

we're very much in our teenage years

623

00:28:54,510 --> 00:28:52,210

where we're like I'm gonna like do this

624

00:28:56,880 --> 00:28:54,520

until I get away with it and unless

625

00:29:00,390 --> 00:28:56,890

somebody tells me like hey like - y'all

626
00:29:02,820 --> 00:29:00,400
should like not make a mess destructible

627
00:29:04,320 --> 00:29:02,830
you know I think that's kind of our

628
00:29:06,390 --> 00:29:04,330
consciousness right now that's kind of

629
00:29:15,030 --> 00:29:06,400
I'm I feel like we're kind of in our

630
00:29:17,730 --> 00:29:15,040
teenage years a lot more people who are

631
00:29:21,720 --> 00:29:17,740
becoming more more self-aware and like

632
00:29:23,610 --> 00:29:21,730
oh we are doing like maybe we should pay

633
00:29:26,370 --> 00:29:23,620
more attention to this kind of stuff you

634
00:29:28,080 --> 00:29:26,380
know and you see that which is really

635
00:29:40,640 --> 00:29:28,090
really cool so maybe we're past that

636
00:29:48,870 --> 00:29:44,270
[Laughter]

637
00:29:50,280 --> 00:29:48,880
yeah I agree man I agree man I think I

638
00:29:52,830 --> 00:29:50,290

think what you guys are doing is

639

00:29:55,500 --> 00:29:52,840

extremely important yeah I think that's

640

00:29:58,280 --> 00:29:55,510

a really awesome thing and you know with

641

00:30:01,080 --> 00:29:58,290

us doing this show you know occasionally

642

00:30:03,630 --> 00:30:01,090

people will ask us you know for advice

643

00:30:07,650 --> 00:30:03,640

you know but we're not professionals you

644

00:30:10,650 --> 00:30:07,660

know we you know we can maybe direct you

645

00:30:12,810 --> 00:30:10,660

and do it a you know a certain area of

646

00:30:14,640 --> 00:30:12,820

somebody who can help you and this is

647

00:30:17,340 --> 00:30:14,650

awesome because this opens up a whole

648

00:30:19,560 --> 00:30:17,350

new lane for us to be able to yeah

649

00:30:21,870 --> 00:30:19,570

people get the help that they need I

650

00:30:23,370 --> 00:30:21,880

tell you what it'd be fantastic if you

651
00:30:24,450 --> 00:30:23,380
know utilize this as a resource

652
00:30:27,930 --> 00:30:24,460
absolutely

653
00:30:29,340 --> 00:30:27,940
you know because most of the time they

654
00:30:32,130 --> 00:30:29,350
don't know where to turn right you know

655
00:30:34,860 --> 00:30:32,140
they've gone on you know Google things

656
00:30:37,040 --> 00:30:34,870
and then they may contact a certain site

657
00:30:41,160 --> 00:30:37,050
and then they don't get feedback or they

658
00:30:43,050 --> 00:30:41,170
contact but you know our our efforts if

659
00:30:48,810 --> 00:30:43,060
it's somebody contacts us we want to be

660
00:30:52,200 --> 00:30:48,820
back to them within 24 hours max and we

661
00:30:54,980 --> 00:30:52,210
get you know two to three maybe even

662
00:30:59,539 --> 00:30:54,990
four people a week that God

663
00:31:04,370 --> 00:30:59,549

and so since 94 that's a lot of people

664

00:31:06,110 --> 00:31:04,380

yeah yeah I feel like I mean just you

665

00:31:07,909 --> 00:31:06,120

guys seem like great guys and just it

666

00:31:09,919 --> 00:31:07,919

seems like a very comfortable thing it's

667

00:31:11,330 --> 00:31:09,929

not like an intimidation kind of thing

668

00:31:12,799 --> 00:31:11,340

like oh we're just we're just in it to

669

00:31:14,990 --> 00:31:12,809

get more information you guys are really

670

00:31:16,370 --> 00:31:15,000

like wanting to help well thank you

671

00:31:18,409 --> 00:31:16,380

thank you very much

672

00:31:24,430 --> 00:31:18,419

you know we have good people on our

673

00:31:26,899 --> 00:31:24,440

regular board Garrett who's in in the

674

00:31:29,360 --> 00:31:26,909

vendor room with all his artwork he's a

675

00:31:31,630 --> 00:31:29,370

fantastic artist oh the sculptor of the

676
00:31:34,310 --> 00:31:31,640
guy that has that sculptor no sculptures

677
00:31:36,830 --> 00:31:34,320
he's all in the far corner and I'm left

678
00:31:40,159 --> 00:31:36,840
left hands okay cool yeah yeah yeah

679
00:31:44,029 --> 00:31:40,169
Garrett Moore and and then we got Ruben

680
00:31:46,970 --> 00:31:44,039
Ori out there who is the state director

681
00:31:51,440 --> 00:31:46,980
for Northern California for MUFON so he

682
00:31:53,830 --> 00:31:51,450
was here briefly today oh yeah he was a

683
00:31:58,539 --> 00:31:53,840
little under the weather so he left but

684
00:32:02,240 --> 00:31:58,549
and we have Mike Buckley who is a

685
00:32:03,860 --> 00:32:02,250
medical doctor who's in this area so we

686
00:32:06,680 --> 00:32:03,870
have people like that that are really

687
00:32:09,200 --> 00:32:06,690
concerned you know have the have the

688
00:32:12,220 --> 00:32:09,210

backgrounds that are you know Garrett is

689

00:32:15,590 --> 00:32:12,230

actually an experienced or himself and

690

00:32:17,539 --> 00:32:15,600

so it helps when you have people that

691

00:32:24,190 --> 00:32:17,549

are familiar with it you know they're

692

00:32:28,850 --> 00:32:26,480

well that's good man

693

00:32:30,260 --> 00:32:28,860

well let's tell everybody where they can

694

00:32:33,230 --> 00:32:30,270

get a hold of you guys all right

695

00:32:35,680 --> 00:32:33,240

696

00:32:39,200 --> 00:32:35,690
