00:00:01,070 --> 00:00:05,230

[Music]

2
00:00:10,160 --> 00:00:08,000

this is another episode of UFO garage

3
00:00:12,530 --> 00:00:10,170

I'm Ben I'm Joe and this is where we

4
00:00:16,519 --> 00:00:12,540

talk about UFOs aliens and all things

5
00:00:16,820 --> 00:00:16,529

weird oh yeah dude and we are two sides

6
00:00:20,870 --> 00:00:16,830

of the coin

7
00:00:24,320 --> 00:00:20,880

[Laughter]

8
00:00:25,820 --> 00:00:24,330

shout out to two uh that one time I was

9
00:00:27,500 --> 00:00:25,830

abducted by aliens

10
00:00:29,210 --> 00:00:27,510

that's actually that's actually their

11
00:00:32,120 --> 00:00:29,220

thing yeah we stole it dude we stole it

12
00:00:35,840 --> 00:00:32,130

so for this episode of least well see if

13
00:00:38,260 --> 00:00:35,850

they're paying attention yeah yet yeah

14

00:00:41,930 --> 00:00:38,270

maybe though maybe they'll message us

15

00:00:45,110 --> 00:00:41,940

hey hey we're not gonna steal a we

16

00:00:46,850 --> 00:00:45,120

promise we just want to do that cuz it

17

00:00:49,010 --> 00:00:46,860

was funny thanks for uh thanks for the

18

00:00:52,459 --> 00:00:49,020

shout out on you on y'all's podcast that

19

00:00:54,170 --> 00:00:52,469

was uh it was so nice yeah that was the

20

00:00:56,840 --> 00:00:54,180

least we could do is return the favor

21

00:00:59,630 --> 00:00:56,850

yeah so check out that one time I was

22

00:01:02,420 --> 00:00:59,640

abducted by aliens yep it's on iTunes

23

00:01:04,549 --> 00:01:02,430

and Spotify and with Bree and Jamie Bree

24

00:01:06,230 --> 00:01:04,559

and Jamie yeah and they are they are two

25

00:01:11,210 --> 00:01:06,240

sides of the coin they are two sides of

26
00:01:14,030 --> 00:01:11,220
the coin and so are we now and sides of

27
00:01:18,109 --> 00:01:14,040
the coin yes you were a four sided coin

28
00:01:21,920 --> 00:01:18,119
yeah that's that's a six sided coin oh

29
00:01:28,670 --> 00:01:21,930
that's a dice and we were six sides of

30
00:01:30,950 --> 00:01:28,680
the dice yeah so dude we're back this is

31
00:01:33,679 --> 00:01:30,960
kind of like our first formal episode

32
00:01:38,179 --> 00:01:33,689
again from getting back from California

33
00:01:40,730 --> 00:01:38,189
which was amazing awesome yeah Lorien

34
00:01:43,160 --> 00:01:40,740
thank you so much for inviting us to be

35
00:01:44,780 --> 00:01:43,170
there like it was freaking awesome some

36
00:01:47,139 --> 00:01:44,790
of the best interviews I've had some of

37
00:01:51,170 --> 00:01:47,149
the best speakers that I've listened to

38
00:01:54,679 --> 00:01:51,180

mind blown every single day yes so

39

00:01:57,080 --> 00:01:54,689

awesome absolutely do not let me down

40

00:01:59,149 --> 00:01:57,090

like as far as expectations went right

41

00:02:03,910 --> 00:01:59,159

right what about what about the guy that

42

00:02:08,900 --> 00:02:07,190

so if anybody for those of you who don't

43

00:02:10,940 --> 00:02:08,910

know or didn't see in any of the videos

44

00:02:12,760 --> 00:02:10,950

from UFO Khan we're sitting at this

45

00:02:15,730 --> 00:02:12,770

booth in this

46

00:02:18,760 --> 00:02:15,740

gallery area or all the booth people are

47

00:02:21,970 --> 00:02:18,770

or whatever and there's this gentleman

48

00:02:23,740 --> 00:02:21,980

nice guy super nice it was cool but he

49

00:02:26,440 --> 00:02:23,750

was doing like sound healing and every

50

00:02:28,420 --> 00:02:26,450

time we tried to start recording he

51
00:02:30,250 --> 00:02:28,430
would have a customer come up and he

52
00:02:32,440 --> 00:02:30,260
would like he had this remember we saw

53
00:02:33,790 --> 00:02:32,450
him like bring out those huge horns like

54
00:02:34,840 --> 00:02:33,800
you didn't know what they were they was

55
00:02:42,640 --> 00:02:34,850
like the one from the reco low

56
00:02:47,380 --> 00:02:42,650
commercials like like eight-foot tall

57
00:02:49,000 --> 00:02:47,390
like metal horns and yeah these people

58
00:02:52,560 --> 00:02:49,010
would just like sit on this table and

59
00:02:54,670 --> 00:02:52,570
then right in between their legs just

60
00:02:55,900 --> 00:02:54,680
and we're trying to like have this

61
00:02:57,880 --> 00:02:55,910
interview in this dudes in the

62
00:03:05,680 --> 00:02:57,890
background like shakin bells and

63
00:03:09,310 --> 00:03:05,690

blushing ching ching ching man sound

64

00:03:11,260 --> 00:03:09,320

healing the balls yeah [\h__\h] made me

65

00:03:13,480 --> 00:03:11,270

sick I know that that was weird

66

00:03:15,280 --> 00:03:13,490

weird that weird frequency they know it

67

00:03:17,770 --> 00:03:15,290

was pretty crazy man that was pretty

68

00:03:19,420 --> 00:03:17,780

crazy but yeah man I mean that was that

69

00:03:19,870 --> 00:03:19,430

was awesome yeah you know what I'm

70

00:03:22,120 --> 00:03:19,880

saying

71

00:03:23,860 --> 00:03:22,130

was a fun time we got to hang out with

72

00:03:27,699 --> 00:03:23,870

Eric Mitchell we helped him out a little

73

00:03:30,550 --> 00:03:27,709

bit with his uh this with his speech and

74

00:03:33,250 --> 00:03:30,560

you know stuff like that and definitely

75

00:03:35,320 --> 00:03:33,260

check out Eric Mitchell and his story

76

00:03:37,750 --> 00:03:35,330

it's incredible unfortunately we didn't

77

00:03:39,100 --> 00:03:37,760

get a whole lot of an interview with him

78

00:03:41,590 --> 00:03:39,110

but we're definitely gonna be having him

79

00:03:42,310 --> 00:03:41,600

on the show we'll reach out to him here

80

00:03:44,890 --> 00:03:42,320

pretty soon

81

00:03:47,230 --> 00:03:44,900

but man yeah it was cool shout out to

82

00:03:50,980 --> 00:03:47,240

Dave Scott man thanks for being cool and

83

00:03:52,990 --> 00:03:50,990

hanging out with us and you know just uh

84

00:03:54,580 --> 00:03:53,000

being an awesome dude man that was that

85

00:03:56,080 --> 00:03:54,590

was a good time yeah it was a good time

86

00:03:58,390 --> 00:03:56,090

it was cool getting to hang out with him

87

00:04:00,430 --> 00:03:58,400

you know just uh you know cuz he does

88

00:04:02,110 --> 00:04:00,440

the radio program and stuff and it was

89

00:04:03,940 --> 00:04:02,120

it was just cool to kind of shoot the

90

00:04:07,150 --> 00:04:03,950

[\h__\h] with somebody else who does this

91

00:04:10,930 --> 00:04:07,160

kind of stuff yeah really really neat

92

00:04:14,590 --> 00:04:10,940

much more legit I might add his radio

93

00:04:16,180 --> 00:04:14,600

show versus ours oh yeah so if you

94

00:04:18,599 --> 00:04:16,190

haven't heard of Dave Scott go check out

95

00:04:22,150 --> 00:04:18,609

spaced-out radio yeah pretty awesome

96

00:04:27,820 --> 00:04:22,160

also if you haven't checked out a UFO

97

00:04:29,650 --> 00:04:27,830

garage podcast Oh welcome yes thanks for

98

00:04:31,750 --> 00:04:29,660

listening yes yeah man it was good stuff

99

00:04:34,120 --> 00:04:31,760

we had a really really good time yeah so

100

00:04:37,930 --> 00:04:34,130

now I guess we're gonna oh yeah tonight

101
00:04:40,420 --> 00:04:37,940
on the show we've got mr. Olaf Phillips

102
00:04:42,370 --> 00:04:40,430
yeah dude so he's a writer and a

103
00:04:45,520 --> 00:04:42,380
publisher he worked for paranoia

104
00:04:47,230 --> 00:04:45,530
magazine there's also paranoia TV you

105
00:04:47,680 --> 00:04:47,240
can catch it on like Roku and stuff like

106
00:04:49,960 --> 00:04:47,690
that

107
00:04:52,690 --> 00:04:49,970
he's archived like a whole bunch of

108
00:04:55,390 --> 00:04:52,700
stuff he's done some work with Clyde

109
00:04:57,040 --> 00:04:55,400
Lewis I want to talk to him a little bit

110
00:04:58,600 --> 00:04:57,050
about that like is he still doing it

111
00:05:00,940 --> 00:04:58,610
yeah I don't know if he's still doing it

112
00:05:02,250 --> 00:05:00,950
or if you just used to do it right or

113
00:05:05,080 --> 00:05:02,260

whatever but he's kind of like a

114

00:05:07,390 --> 00:05:05,090

behind-the-scenes hero man like he's

115

00:05:09,430 --> 00:05:07,400

done a lot of cool stuff Reese

116

00:05:11,500 --> 00:05:09,440

researching I mean the guy is a genius

117

00:05:13,240 --> 00:05:11,510

yeah just the way he talks and the

118

00:05:14,890 --> 00:05:13,250

amount of detail that he goes in with

119

00:05:17,440 --> 00:05:14,900

his research is freakin awesome I always

120

00:05:19,659 --> 00:05:17,450

wonder like these like people like us

121

00:05:21,670 --> 00:05:19,669

that have podcast like it's really hard

122

00:05:24,790 --> 00:05:21,680

to do both like talk about your research

123

00:05:26,890 --> 00:05:24,800

and do the research like I'm he just

124

00:05:28,570 --> 00:05:26,900

both really well yeah yeah it's

125

00:05:30,790 --> 00:05:28,580

interesting he's a great writer so I'm

126

00:05:33,159 --> 00:05:30,800

ready to pick his brain tonight

127

00:05:35,770 --> 00:05:33,169

probably get into some some secret space

128

00:05:38,080 --> 00:05:35,780

program stuff some legit secret space

129

00:05:40,420 --> 00:05:38,090

program stuff and maybe some Betty and

130

00:05:42,490 --> 00:05:40,430

Barney Hill the truth behind Betty and

131

00:05:43,990 --> 00:05:42,500

Barney Hill story he's talking about

132

00:05:46,960 --> 00:05:44,000

something pretty interesting with that

133

00:05:48,760 --> 00:05:46,970

so that's gonna be pretty exciting man I

134

00:05:50,469 --> 00:05:48,770

feel like we kind of had like a bad

135

00:05:52,060 --> 00:05:50,479

taste left in our mouth when it came to

136

00:05:54,180 --> 00:05:52,070

the secret space program cuz ya just

137

00:05:57,550 --> 00:05:54,190

didn't you know we just didn't know like

138

00:05:59,920 --> 00:05:57,560

what to say like yeah how do we know now

139

00:06:01,480 --> 00:05:59,930

like we're so like lost right like in

140

00:06:03,219 --> 00:06:01,490

this whole thing that we kind of strayed

141

00:06:05,350 --> 00:06:03,229

away from it so I'm glad he's gonna be

142

00:06:06,370 --> 00:06:05,360

on tonight yeah maybe he can set some

143

00:06:08,320 --> 00:06:06,380

[h__\h] straight for us

144

00:06:11,050 --> 00:06:08,330

right I mean I knew that that I mean

145

00:06:13,750 --> 00:06:11,060

speaking with Lorien and Melinda they

146

00:06:16,300 --> 00:06:13,760

had said that oh yeah so-and-so stole a

147

00:06:18,370 --> 00:06:16,310

lot of his content from these people so

148

00:06:20,260 --> 00:06:18,380

right I mean I always thought oh they're

149

00:06:22,779 --> 00:06:20,270

well they're this doesn't mean that

150

00:06:24,640 --> 00:06:22,789

there's no secret space right it's exist

151
00:06:26,170 --> 00:06:24,650
so now it's really cool to like okay

152
00:06:28,060 --> 00:06:26,180
well all that excitement I had

153
00:06:30,310 --> 00:06:28,070
behind this story there's actually

154
00:06:32,230 --> 00:06:30,320
someone that can back it up with with

155
00:06:34,420 --> 00:06:32,240
documentation definitely yeah

156
00:06:38,410 --> 00:06:34,430
so yeah that's gonna be pretty cool man

157
00:06:43,510 --> 00:06:38,420
but yeah so Ben and Joe we're two sides

158
00:06:45,100 --> 00:06:43,520
of the coin six sides of the coin and so

159
00:06:46,540 --> 00:06:45,110
now we're gonna get into our Facebook

160
00:06:49,570 --> 00:06:46,550
stuff man you guys have been busy

161
00:06:51,970 --> 00:06:49,580
posting while we've been uh I wouldn't

162
00:06:53,590 --> 00:06:51,980
say relaxing because we definitely been

163
00:06:55,000 --> 00:06:53,600

pretty busy and all this stuff put

164

00:06:57,400 --> 00:06:55,010

together and whatnot

165

00:07:07,140 --> 00:06:57,410

I've been real I've been real he's not

166

00:07:15,880 --> 00:07:13,690

I'm a guy alright let's get into this

167

00:07:20,140 --> 00:07:15,890

before I Olaf it's time to call Olof

168

00:07:21,550 --> 00:07:20,150

we've got about probably 30 20 minutes

169

00:07:22,960 --> 00:07:21,560

so we might we might have to speed

170

00:07:24,340 --> 00:07:22,970

through this okay

171

00:07:27,760 --> 00:07:24,350

so we're gonna go through this the

172

00:07:29,200 --> 00:07:27,770

Facebook group feed a lot of our people

173

00:07:31,540 --> 00:07:29,210

that listen to the show are a part of

174

00:07:34,570 --> 00:07:31,550

the you the UFO garage podcast Facebook

175

00:07:36,280 --> 00:07:34,580

group page so we like to go through this

176

00:07:39,010 --> 00:07:36,290

if you guys are new to this show we like

177

00:07:40,930 --> 00:07:39,020

to go through this and talk about some

178

00:07:44,620 --> 00:07:40,940

stuff that people have posted so yeah

179

00:07:47,380 --> 00:07:44,630

dude yeah so the first one Joseph thank

180

00:07:50,110 --> 00:07:47,390

you for posting round earth skeptic Mad

181

00:07:55,510 --> 00:07:50,120

Mike Hughes dies in California rocket

182

00:08:02,440 --> 00:07:55,520

crash so I thought that dude had already

183

00:08:05,380 --> 00:08:02,450

died he's launched himself a few times

184

00:08:06,550 --> 00:08:05,390

yeah but dude yes he has but also when I

185

00:08:07,900 --> 00:08:06,560

clicked on that video I didn't know

186

00:08:10,060 --> 00:08:07,910

who's gonna watch a man die

187

00:08:12,250 --> 00:08:10,070

oh dude like yeah if you click on that

188

00:08:15,250 --> 00:08:12,260

video you watch someone die crazy

189

00:08:17,560 --> 00:08:15,260

parachute doesn't doesn't shoot out like

190

00:08:19,810 --> 00:08:17,570

it doesn't shoot yeah dude I mean that's

191

00:08:22,180 --> 00:08:19,820

that's it's pretty messed up so I guess

192

00:08:25,630 --> 00:08:22,190

in the end the only thing flat was him

193

00:08:31,270 --> 00:08:25,640

oh no or is it too soon I didn't know I

194

00:08:33,580 --> 00:08:31,280

mean it's come full circle but I mean I

195

00:08:34,589 --> 00:08:33,590

guess it's I mean it's kind of what you

196

00:08:37,649 --> 00:08:34,599

get it's a very

197

00:08:40,620 --> 00:08:37,659

rounded statements right yeah oh I saw

198

00:08:41,819 --> 00:08:40,630

what you didn't know I didn't know it

199

00:08:43,589 --> 00:08:41,829

was like I'm gonna go up here and prove

200

00:08:44,999 --> 00:08:43,599

the earth is flat yeah

201
00:08:46,559 --> 00:08:45,009
could you imagine though dude like if

202
00:08:48,960 --> 00:08:46,569
like if you made it high enough he was

203
00:08:50,579 --> 00:08:48,970
like [h__h] it's totally rounded then and

204
00:08:54,540 --> 00:08:50,589
then he hits the ground that's gotta

205
00:08:56,220 --> 00:08:54,550
suck or it was totally like total

206
00:08:59,280 --> 00:08:56,230
validation for his life he was like

207
00:09:01,410 --> 00:08:59,290
right I know now yeah I know it's it's

208
00:09:03,720 --> 00:09:01,420
flat what if he did go up and he was

209
00:09:05,280 --> 00:09:03,730
still convinced that it's fine he took a

210
00:09:07,559 --> 00:09:05,290
picture of it and it was flat and then

211
00:09:11,249 --> 00:09:07,569
like we just never saw it cuz it crash

212
00:09:13,259 --> 00:09:11,259
oh [h__h] so he got he he got sabotage by

213
00:09:13,829 --> 00:09:13,269

via the government around Earth or

214

00:09:15,840 --> 00:09:13,839

around

215

00:09:25,360 --> 00:09:15,850

earthers so that the truth wouldn't get

216

00:09:29,950 --> 00:09:25,370

out there alright man next

217

00:09:31,990 --> 00:09:29,960

Gary yeah to Voorhies our man Gary he's

218

00:09:35,470 --> 00:09:32,000

got his own YouTube channel now so go

219

00:09:38,590 --> 00:09:35,480

and check him out support him subscribe

220

00:09:40,600 --> 00:09:38,600

give him likes give him love dude he's

221

00:09:42,940 --> 00:09:40,610

almost got more subscribers than us of

222

00:09:45,280 --> 00:09:42,950

course I mean the guy's awesome yeah of

223

00:09:50,740 --> 00:09:45,290

course since I mean our show is it that

224

00:09:54,940 --> 00:09:50,750

big yeah yeah just Gary Voorhees G AR y

225

00:09:56,890 --> 00:09:54,950

vo our H is it's on YouTube so that's

226

00:09:59,110 --> 00:09:56,900

pretty yep yep and Gary man thanks for

227

00:10:02,410 --> 00:09:59,120

the plug dude yeah she ate it we have a

228

00:10:04,180 --> 00:10:02,420

shout out I was a that was a very

229

00:10:07,180 --> 00:10:04,190

accurate description of the show right

230

00:10:08,470 --> 00:10:07,190

yeah it was great yeah you don't want to

231

00:10:09,910 --> 00:10:08,480

listen to it at work this show because

232

00:10:15,160 --> 00:10:09,920

we're gonna tell a lot of dick jokes and

233

00:10:18,220 --> 00:10:15,170

without with headphones like yeah it's

234

00:10:20,320 --> 00:10:18,230

one of my favorite shows I you know it

235

00:10:23,320 --> 00:10:20,330

gets me through my day it keeps it to

236

00:10:25,090 --> 00:10:23,330

the lighter side of this topic yeah you

237

00:10:27,430 --> 00:10:25,100

might not want to listen to it out loud

238

00:10:35,710 --> 00:10:27,440

at work it's not very not headphone

239

00:10:36,630 --> 00:10:35,720

friendly yeah I mean you tell a dick

240

00:10:44,140 --> 00:10:36,640

joke

241

00:10:46,090 --> 00:10:44,150

so 2/dx walk into a bar alright so check

242

00:10:48,579 --> 00:10:46,100

this out next to the cane enables by the

243

00:10:50,470 --> 00:10:48,589

way I'm dude that sounds Able's wait

244

00:10:52,449 --> 00:10:50,480

that's cane okay missed canes fried

245

00:10:54,370 --> 00:10:52,459

chicken I always mix those up cuz candy

246

00:10:57,519 --> 00:10:54,380

enables with this restaurant it's in the

247

00:10:59,260 --> 00:10:57,529

Bible on No well that too but there was

248

00:11:03,370 --> 00:10:59,270

also a restaurant on King James Street

249

00:11:09,760 --> 00:11:03,380

on West Campus oh [h__h] see me like the

250

00:11:12,699 --> 00:11:09,770

King James Bible yeah okay so Joseph you

251

00:11:15,699 --> 00:11:12,709

posted about this uh I mean come on guys

252

00:11:17,920 --> 00:11:15,709

it's Flair's I love it well is that the

253

00:11:19,840 --> 00:11:17,930

joys of living in by Fort Hood which I

254

00:11:21,640 --> 00:11:19,850

used to live by Fort Hood and I've never

255

00:11:22,990 --> 00:11:21,650

seen anything like this but I'm seeing

256

00:11:25,780 --> 00:11:23,000

flares yeah

257

00:11:28,810 --> 00:11:25,790

not at Fort Hood but other places and

258

00:11:32,100 --> 00:11:28,820

yeah okay so breaking this this image

259

00:11:35,319 --> 00:11:32,110

down you can see a smoke trail there are

260

00:11:36,790 --> 00:11:35,329

orange orbs or just whitish orbs yeah

261

00:11:39,190 --> 00:11:36,800

but there's a smoke trail there's an

262

00:11:42,220 --> 00:11:39,200

obvious trail of where these

263

00:11:44,310 --> 00:11:42,230

things came from they their smoke I

264

00:11:51,760 --> 00:11:44,320

don't know what else the smoke and the

265

00:11:54,430 --> 00:11:51,770

lights those are those are flares

266

00:11:57,790 --> 00:11:54,440

absolutely flares yeah I used to live on

267

00:12:02,380 --> 00:11:57,800

Fort Hood - oh yeah yeah that's all I

268

00:12:04,540 --> 00:12:02,390

have to say okay I used to live there

269

00:12:06,670 --> 00:12:04,550

too but yeah like everybody was freaking

270

00:12:09,070 --> 00:12:06,680

out on like people were calling the

271

00:12:11,140 --> 00:12:09,080

police and the news oh my god

272

00:12:14,350 --> 00:12:11,150

posted on facebook everybody was

273

00:12:16,480 --> 00:12:14,360

freaking out and I mean people that are

274

00:12:18,250 --> 00:12:16,490

kind of used to seeing this kind of

275

00:12:19,780 --> 00:12:18,260

stuff yeah I think we're all we were all

276

00:12:21,130 --> 00:12:19,790

thinking the same thing I mean honestly

277

00:12:22,810 --> 00:12:21,140

if you live on one of the largest

278

00:12:24,640 --> 00:12:22,820

military bases in the world you're

279

00:12:26,890 --> 00:12:24,650

probably gonna see flares every now and

280

00:12:29,470 --> 00:12:26,900

then yeah you're gonna hear bombs right

281

00:12:32,740 --> 00:12:29,480

here all kinds of sprite so my sighting

282

00:12:36,220 --> 00:12:32,750

story by Fort Hood that was not what I

283

00:12:37,720 --> 00:12:36,230

saw by the way these lights stayed in

284

00:12:40,390 --> 00:12:37,730

the sky that were much larger than that

285

00:12:42,190 --> 00:12:40,400

there was no smoke cloud and just

286

00:12:44,740 --> 00:12:42,200

hovered for about 15 minutes

287

00:12:51,040 --> 00:12:44,750

much larger way different so that's not

288

00:12:54,130 --> 00:12:51,050

what different yeah Dan yeah deeper side

289

00:12:55,810 --> 00:12:54,140

CK the quantum Elon Musk yes getting

290

00:12:58,420 --> 00:12:55,820

interviewed by George Knapp about his

291

00:13:01,510 --> 00:12:58,430

abduction experience super cool dude

292

00:13:04,660 --> 00:13:01,520

we agree Dan I really would like to try

293

00:13:06,010 --> 00:13:04,670

and get him on the show so yeah it might

294

00:13:07,750 --> 00:13:06,020

be a little difficult because we

295

00:13:10,750 --> 00:13:07,760

probably will be product we might be a

296

00:13:12,970 --> 00:13:10,760

little too smart right right because

297

00:13:15,220 --> 00:13:12,980

we're doctors and some doctors and

298

00:13:17,830 --> 00:13:15,230

scientists and deep he's just like a

299

00:13:29,500 --> 00:13:17,840

quantum guy he just deals in the quantum

300

00:13:31,000 --> 00:13:29,510

world I mean you know yeah yeah I mean

301
00:13:32,830 --> 00:13:31,010
but I'd love to have him on see if you

302
00:13:35,140 --> 00:13:32,840
can see if he can keep up with us you

303
00:13:36,370 --> 00:13:35,150
know I would be curious as well because

304
00:13:39,350 --> 00:13:36,380
like sometimes I need to like dumb

305
00:13:41,220 --> 00:13:39,360
things down for other people absolutely

306
00:13:44,860 --> 00:13:41,230
[Music]

307
00:13:46,840 --> 00:13:44,870
run circles around us it would probably

308
00:13:47,830 --> 00:13:46,850
stop the interview like you guys are

309
00:13:50,470 --> 00:13:47,840
[h__\h] [h__\h]

310
00:13:52,650 --> 00:13:50,480
he's like one brain cells like smarter

311
00:13:54,730 --> 00:13:52,660
than both of our full brain

312
00:13:58,570 --> 00:13:54,740
he's gonna be like hey we're gonna be

313
00:14:00,460 --> 00:13:58,580

like what does that mean are you

314

00:14:03,160 --> 00:14:00,470

speaking Spanish you speaking Spanish or

315

00:14:05,019 --> 00:14:03,170

no yeah but that that interview with him

316

00:14:07,240 --> 00:14:05,029

and talking about his experience is

317

00:14:08,470 --> 00:14:07,250

really awesome I mean he's a smart guy

318

00:14:11,890 --> 00:14:08,480

what were you saying like he has his own

319

00:14:14,170 --> 00:14:11,900

company and he's working with yeah we

320

00:14:16,540 --> 00:14:14,180

like he was just talking about like you

321

00:14:17,829 --> 00:14:16,550

know like nanotechnology and there was

322

00:14:19,240 --> 00:14:17,839

an interview that I was watching where

323

00:14:22,120 --> 00:14:19,250

he was talking about how like we could

324

00:14:24,370 --> 00:14:22,130

turn future technology you know and make

325

00:14:28,000 --> 00:14:24,380

it like you know make it work with like

326

00:14:30,519 --> 00:14:28,010

things around us like how like basically

327

00:14:33,550 --> 00:14:30,529

he could integrate this this this you

328

00:14:35,860 --> 00:14:33,560

know nanotech into like trees and like

329

00:14:38,800 --> 00:14:35,870

how how trees could act as cell phone

330

00:14:42,010 --> 00:14:38,810

towers or you know what produce

331

00:14:43,540 --> 00:14:42,020

electricity but they are still trees

332

00:14:45,820 --> 00:14:43,550

like that's what you know they're just

333

00:14:47,560 --> 00:14:45,830

natural trees just integrated with this

334

00:14:49,720 --> 00:14:47,570

technology was it was pretty crazy man

335

00:14:51,670 --> 00:14:49,730

so imagine if you could go into the

336

00:14:55,180 --> 00:14:51,680

forest and just plug your phone into a

337

00:14:56,560 --> 00:14:55,190

tree or like like I don't get very good

338

00:15:00,790 --> 00:14:56,570

cell reception here but the Wi-Fi is

339

00:15:02,950 --> 00:15:00,800

great yeah you know like Wi-Fi yeah that

340

00:15:04,090 --> 00:15:02,960

would be pretty awesome I don't know I

341

00:15:06,100 --> 00:15:04,100

think that would like take the

342

00:15:07,780 --> 00:15:06,110

experience out of nature for me but I

343

00:15:09,910 --> 00:15:07,790

mean for some people it might make

344

00:15:12,490 --> 00:15:09,920

camping a little bit more more tolerable

345

00:15:15,850 --> 00:15:12,500

I don't know it might yeah I wonder what

346

00:15:18,040 --> 00:15:15,860

the like what the the use of that would

347

00:15:22,150 --> 00:15:18,050

be would it be like the trees would make

348

00:15:26,530 --> 00:15:22,160

energy because they're connected to

349

00:15:29,950 --> 00:15:26,540

elect no no idea I have no idea

350

00:15:31,420 --> 00:15:29,960

I either way it's [h__h] cool that just

351

00:15:33,930 --> 00:15:31,430

goes to prove our point that we're

352

00:15:39,790 --> 00:15:37,990

I'm bumbling through all my thoughts so

353

00:15:41,980 --> 00:15:39,800

like what if there's like this stuff and

354

00:15:45,180 --> 00:15:41,990

what and the tree does the thing in the

355

00:15:47,540 --> 00:15:45,190

their phone and like there's people I

356

00:15:52,019 --> 00:15:47,550

just want some ice cream

357

00:16:00,160 --> 00:15:55,449

can I have some ice clone to carve a

358

00:16:02,500 --> 00:16:00,170

corn corn two scoops please toast cos

359

00:16:05,160 --> 00:16:02,510

dude hey are you a waffle cone guy are

360

00:16:08,319 --> 00:16:05,170

you sugar cone guy

361

00:16:09,940 --> 00:16:08,329

waffle cone waffle cone yeah cuz you can

362

00:16:12,430 --> 00:16:09,950

fit more ice cream in it yeah I don't

363

00:16:19,900 --> 00:16:12,440

understand the sugar cone people okay

364

00:16:21,699 --> 00:16:19,910

the sugar can do the sugar cone peep so

365

00:16:23,590 --> 00:16:21,709

you know I really do like about sugar

366

00:16:25,360 --> 00:16:23,600

cones at the last bite when there's all

367

00:16:28,000 --> 00:16:25,370

this ice cream at the bottom yeah and

368

00:16:29,440 --> 00:16:28,010

then that's that last bite you know I'm

369

00:16:31,420 --> 00:16:29,450

talking about it yeah yeah yeah totally

370

00:16:33,610 --> 00:16:31,430

I get that but but I better than the

371

00:16:37,000 --> 00:16:33,620

waffle cone last bite is it alright to

372

00:16:38,319 --> 00:16:37,010

me it is yeah okay yeah yeah I mean they

373

00:16:40,120 --> 00:16:38,329

both kind of have the same experience

374

00:16:47,050 --> 00:16:40,130

but but the waffle comes a little harder

375

00:16:50,410 --> 00:16:47,060

a little more crunchy next post by Dan

376

00:16:52,240 --> 00:16:50,420

this is really cool so the his post is I

377

00:16:54,220 --> 00:16:52,250

was reading in the enchanted egg written

378

00:16:57,670 --> 00:16:54,230

in 1956

379

00:17:01,449 --> 00:16:57,680

so he's reading a to skid and on one of

380

00:17:04,960 --> 00:17:01,459

the pages it says okay let's click on it

381

00:17:07,020 --> 00:17:04,970

here come on Internet come on what was

382

00:17:10,900 --> 00:17:07,030

that it's like turn into a giant mouse

383

00:17:14,110 --> 00:17:10,910

now the hand is bigger this is weird

384

00:17:16,059 --> 00:17:14,120

here we go Oh so one of the pages is

385

00:17:18,819 --> 00:17:16,069

landing in the middle of his prize

386

00:17:22,659 --> 00:17:18,829

tulips and in quotes is it a flying

387

00:17:27,370 --> 00:17:22,669

saucer in quotes he shouted in quotes

388

00:17:29,430 --> 00:17:27,380

certainly not said mrs. Robin it's an

389

00:17:32,560 --> 00:17:29,440

enchanted egg but dude

390

00:17:34,930 --> 00:17:32,570

flying saucer in a children's book yeah

391

00:17:37,320 --> 00:17:34,940

like look at that look at that egg like

392

00:17:41,320 --> 00:17:37,330

it looks kind of like a Chinese

393

00:17:48,280 --> 00:17:41,330

depiction of a UFO of like an egg it

394

00:17:52,289 --> 00:17:48,290

looks like a Chinese also there elms

395

00:18:02,010 --> 00:17:52,299

dude and his name is dinky how funny oh

396

00:18:04,680 --> 00:18:02,020

how exciting cried dinky put your okay I

397

00:18:11,590 --> 00:18:04,690

won't have to order that on Amazon now

398

00:18:15,940 --> 00:18:11,600

Oh so dude I wonder if I wonder if Myles

399

00:18:17,560 --> 00:18:15,950

has this book in his archives oh if he

400

00:18:21,129 --> 00:18:17,570

doesn't he should yeah it

401
00:18:22,570 --> 00:18:21,139
says flying saucer in the book yeah we

402
00:18:27,310 --> 00:18:22,580
should ask you should have it

403
00:18:31,450 --> 00:18:27,320
hey do you have the enchanted egg you

404
00:18:34,690 --> 00:18:31,460
like what Wow okay read page okay it's

405
00:18:37,690 --> 00:18:34,700
it's it's eight pages try read page four

406
00:18:39,039 --> 00:18:37,700
you're gonna want to see this it's the

407
00:18:41,430 --> 00:18:39,049
it's the page right after the cute

408
00:18:46,210 --> 00:18:41,440
little duckling it's groundbreaking

409
00:18:48,609 --> 00:18:46,220
it's so awesome oh yeah Paul Heine oh

410
00:18:50,229 --> 00:18:48,619
yeah the little sticker that was cool so

411
00:18:52,089 --> 00:18:50,239
we got to meet and hang out with Paul hi

412
00:18:55,719 --> 00:18:52,099
Nick a bunch last weekend yeah it was

413
00:18:59,499 --> 00:18:55,729

pretty awesome yeah I I love a guy I

414

00:19:01,269 --> 00:18:59,509

mean he he gave us so much [h__h] okay he

415

00:19:03,909 --> 00:19:01,279

was like an old friend so we had this

416

00:19:05,710 --> 00:19:03,919

thing we're like we were where we were

417

00:19:07,330 --> 00:19:05,720

we were kind of nervous to like talk to

418

00:19:11,139 --> 00:19:07,340

him Rika's like we didn't know like what

419

00:19:13,869 --> 00:19:11,149

to say really we're like you know you

420

00:19:15,430 --> 00:19:13,879

know like what like how to start the

421

00:19:16,989 --> 00:19:15,440

topic like you know like are we talking

422

00:19:19,719 --> 00:19:16,999

about Paul or are we talking about your

423

00:19:22,509 --> 00:19:19,729

dad or like do we talk about both really

424

00:19:24,759 --> 00:19:22,519

so he's kind of a big deal yeah he's

425

00:19:29,259 --> 00:19:24,769

really but he was really cool dudes and

426

00:19:32,649 --> 00:19:29,269

so finally finally we we talked to him

427

00:19:33,999 --> 00:19:32,659

during the during the VIP where you get

428

00:19:36,099 --> 00:19:34,009

to meet everybody you know that little

429

00:19:38,409 --> 00:19:36,109

whole little session that evening and we

430

00:19:40,599 --> 00:19:38,419

were like Paul we were like hey man it

431

00:19:42,700 --> 00:19:40,609

was like you know he was asking like

432

00:19:46,450 --> 00:19:42,710

like why how come he hasn't gotten

433

00:19:48,580 --> 00:19:46,460

interviewed yet and we were like oh we

434

00:19:50,139 --> 00:19:48,590

were like well you know how like in high

435

00:19:51,909 --> 00:19:50,149

school were like you know like you're

436

00:19:53,919 --> 00:19:51,919

kind of like the nerdy guy within like

437

00:19:56,039 --> 00:19:53,929

you see like the super hot chick in high

438

00:19:58,330 --> 00:19:56,049

school or like you're like COD

439

00:20:00,159 --> 00:19:58,340

intimidated to talk to them cuz you

440

00:20:08,489 --> 00:20:00,169

don't know what to say is like oh so I'm

441

00:20:11,739 --> 00:20:08,499

a woman you guys are rap bastards

442

00:20:15,820 --> 00:20:11,749

yeah and then he went over and talked to

443

00:20:17,529 --> 00:20:15,830

Jocelyn right he was talking to Joss and

444

00:20:19,629 --> 00:20:17,539

she was like have you have you met Ben

445

00:20:20,560 --> 00:20:19,639

and Joey yeah from the UFO garage oh

446

00:20:22,600 --> 00:20:20,570

yeah yeah

447

00:20:25,300 --> 00:20:22,610

madam I'm still waiting to be on the

448

00:20:35,500 --> 00:20:25,310

show and so I gave him this sticker

449

00:20:37,060 --> 00:20:35,510

right and he was like thanks Sookie but

450

00:20:39,430 --> 00:20:37,070

uh yeah

451

00:20:43,480 --> 00:20:39,440

so he really secretly really hates us

452

00:20:45,190 --> 00:20:43,490

secretly probably so we're gonna have

453

00:20:46,030 --> 00:20:45,200

Paul Hynek on the show soon hopefully

454

00:20:48,040 --> 00:20:46,040

either way

455

00:20:49,780 --> 00:20:48,050

hopefully I wonder if we should send the

456

00:20:55,720 --> 00:20:49,790

email out and be like your favorite rat

457

00:20:57,460 --> 00:20:55,730

bastards yeah that's pretty funny the

458

00:20:59,650 --> 00:20:57,470

little little meme huh you know on that

459

00:21:01,690 --> 00:20:59,660

picture though also I was like oh he

460

00:21:09,520 --> 00:21:01,700

gave her sticker back then I was like oh

461

00:21:11,200 --> 00:21:09,530

but he signed it that's way cooler oh so

462

00:21:14,020 --> 00:21:11,210

I guess the next really interesting pose

463

00:21:16,660 --> 00:21:14,030

Dan posted again a Dan your old fire

464

00:21:20,170 --> 00:21:16,670

Brown fire a li alien really an

465

00:21:22,630 --> 00:21:20,180

interception 1977 I I had seen this

466

00:21:24,400 --> 00:21:22,640

before but it's been a while and man I

467

00:21:25,930 --> 00:21:24,410

mean we listen to a little bit of it but

468

00:21:28,120 --> 00:21:25,940

it's the creepiest looking thing it

469

00:21:32,290 --> 00:21:28,130

looks it looks recently edited though

470

00:21:34,240 --> 00:21:32,300

but it says that it was made in 1987 the

471

00:21:37,480 --> 00:21:34,250

cut in between the game show or whatever

472

00:21:40,240 --> 00:21:37,490

this is and and and and to this like

473

00:21:44,520 --> 00:21:40,250

static or whatever the transition is

474

00:21:48,280 --> 00:21:44,530

like this modern kind of movie style VHS

475

00:21:50,110 --> 00:21:48,290

glitch kind of thing yeah well that's

476

00:21:51,750 --> 00:21:50,120

just edited you know thank you like

477

00:21:55,030 --> 00:21:51,760

maybe it was like a disgruntled employee

478

00:21:56,500 --> 00:21:55,040

yeah who just knew how to operate the

479

00:22:02,710 --> 00:21:56,510

equipment at the time and he's all like

480

00:22:04,180 --> 00:22:02,720

a little microphone but it's a really

481

00:22:07,240 --> 00:22:04,190

creepy thing if you guys haven't seen it

482

00:22:10,330 --> 00:22:07,250

y'all should watch it I mean it's it's

483

00:22:13,030 --> 00:22:10,340

kind of like talking about a lot of the

484

00:22:15,490 --> 00:22:13,040

things that abductees say that they

485

00:22:17,410 --> 00:22:15,500

experience is like this overwhelming hey

486

00:22:18,820 --> 00:22:17,420

guys get your [h__h] together yeah yeah

487

00:22:21,970 --> 00:22:18,830

y'all are y'all are messing - playin it

488

00:22:25,240 --> 00:22:21,980

up so anyway I won't explain the whole

489

00:22:28,300 --> 00:22:25,250

thing check it out alright what's the

490

00:22:30,580 --> 00:22:28,310

next one UFO at Space Station 22 minutes

491

00:22:31,960 --> 00:22:30,590

I've been seeing a lot of these dude I

492

00:22:36,820 --> 00:22:31,970

had to yeah

493

00:22:39,550 --> 00:22:36,830

see a lot of these like the the

494

00:22:41,710 --> 00:22:39,560

spacestation stuff and a lot of okay

495

00:22:46,600 --> 00:22:41,720

what's the difference between space junk

496

00:22:48,640 --> 00:22:46,610

and a UFO it's like under intelligent

497

00:22:51,460 --> 00:22:48,650

control right and it's just the shape

498

00:22:53,620 --> 00:22:51,470

yeah yeah so you have to see the the the

499

00:22:55,750 --> 00:22:53,630

object pretty clearly to see the shape

500

00:22:57,400 --> 00:22:55,760

of what this thing is if you're off in

501
00:22:59,530 --> 00:22:57,410
the distance and it's blurry and it just

502
00:23:02,200 --> 00:22:59,540
goes by the screen really fast in one

503
00:23:04,090 --> 00:23:02,210
trajectory it's probably space debris it

504
00:23:10,450 --> 00:23:04,100
could be small or just it might be just

505
00:23:14,320 --> 00:23:10,460
[h__h] like poop oh yeah like poop like

506
00:23:16,960 --> 00:23:14,330
space boot space poop bro do you imagine

507
00:23:18,490 --> 00:23:16,970
how much space poop is up there well no

508
00:23:21,010 --> 00:23:18,500
no no cuz I think space poop would

509
00:23:22,840 --> 00:23:21,020
eventually like like going to like

510
00:23:26,440 --> 00:23:22,850
retrograde it like burn up in the

511
00:23:28,890 --> 00:23:26,450
atmosphere right you think I mean what

512
00:23:33,940 --> 00:23:28,900
if it's a really like a fibrous a

513
00:23:35,950 --> 00:23:33,950

fibrous substance I think what well

514

00:23:38,350 --> 00:23:35,960

because I mean I think they have to I

515

00:23:41,230 --> 00:23:38,360

think there's still too close to the

516

00:23:43,300 --> 00:23:41,240

earth for anything to like just float

517

00:23:45,130 --> 00:23:43,310

out how come it would have to like be

518

00:23:47,800 --> 00:23:45,140

acted upon by something else to like

519

00:23:49,510 --> 00:23:47,810

float out of orbit well then how come

520

00:23:51,340 --> 00:23:49,520

there's so much space debris flying

521

00:23:53,680 --> 00:23:51,350

around and it doesn't go in a retrograde

522

00:23:56,740 --> 00:23:53,690

I mean I think it does eventually and it

523

00:23:58,660 --> 00:23:56,750

just a long time dude what if what if a

524

00:24:02,140 --> 00:23:58,670

lot of the shooting stars that we see is

525

00:24:04,120 --> 00:24:02,150

actually just it probably is debris it

526

00:24:07,150 --> 00:24:04,130

probably is debris falling towards the

527

00:24:08,980 --> 00:24:07,160

center of the earth space yeah cuz I

528

00:24:10,810 --> 00:24:08,990

know like even satellites every now and

529

00:24:12,370 --> 00:24:10,820

then they have to like nudge them yeah

530

00:24:19,080 --> 00:24:12,380

cuz they keep getting closer to Earth so

531

00:24:26,740 --> 00:24:23,170

yeah kind of like that yeah oh yeah it

532

00:24:29,230 --> 00:24:26,750

was good hey I told you I was impressed

533

00:24:31,180 --> 00:24:29,240

but told you the idea that that the the

534

00:24:33,610 --> 00:24:31,190

space program

535

00:24:36,160 --> 00:24:33,620

you know the Trump's that Trump space

536

00:24:37,150 --> 00:24:36,170

program should have the you know the

537

00:24:39,160 --> 00:24:37,160

suits that they're coming out with yeah

538

00:24:44,200 --> 00:24:39,170

they should have took camo they should

539

00:24:48,210 --> 00:24:44,210

have like hiding from space trees what

540

00:24:50,770 --> 00:24:48,220

they have like stars okay you guys okay

541

00:24:52,810 --> 00:24:50,780

but they but they should have they

542

00:24:54,220 --> 00:24:52,820

should have holes okay this is another

543

00:24:56,140 --> 00:24:54,230

poop joke but they should have holes of

544

00:24:58,960 --> 00:24:56,150

it at the rear because dude what if you

545

00:25:01,900 --> 00:24:58,970

get thrown out in space and you're out

546

00:25:02,920 --> 00:25:01,910

of you know trajector the air what are

547

00:25:08,250 --> 00:25:02,930

you gonna do you're gonna use your body

548

00:25:25,000 --> 00:25:23,140

might save your life very slowly that

549

00:25:26,380 --> 00:25:25,010

would be that would be crazy cuz I mean

550

00:25:28,060 --> 00:25:26,390

I'm mad like if something happens in

551

00:25:30,250 --> 00:25:28,070

like you start tumbling and you just

552

00:25:32,020 --> 00:25:30,260

tumble into space like there's nothing

553

00:25:34,270 --> 00:25:32,030

to stop you from tumbling yeah you're

554

00:25:48,370 --> 00:25:34,280

just gonna keep going yeah so what you

555

00:25:51,070 --> 00:25:48,380

just you're just floating out in space

556

00:25:54,730 --> 00:25:51,080

and you have little like air left and

557

00:25:58,030 --> 00:25:54,740

you know that you're screwed that's we

558

00:26:00,960 --> 00:25:58,040

should make a movie about would you just

559

00:26:05,590 --> 00:26:00,970

take your helmet off yeah probably yeah

560

00:26:08,500 --> 00:26:05,600

[h__h] it probably I mean yeah you're not

561

00:26:08,860 --> 00:26:08,510

gonna live anyway I would rather get it

562

00:26:10,990 --> 00:26:08,870

over with

563

00:26:21,270 --> 00:26:11,000

I would I would hold hogan rip open my

564

00:26:28,180 --> 00:26:25,000

okay what's next found a rare carbon

565

00:26:30,190 --> 00:26:28,190

Gary posted found a rare carbon dioxide

566

00:26:32,020 --> 00:26:30,200

breathing alien it's a photo of this

567

00:26:34,600 --> 00:26:32,030

little grass blade with

568

00:26:36,370 --> 00:26:34,610

feels like a caterpillars eating through

569

00:26:41,410 --> 00:26:36,380

the side of it and it like makes little

570

00:26:44,440 --> 00:26:41,420

eyes that's [h__h] awesome okay so more

571

00:26:48,220 --> 00:26:44,450

on this Colleen oh yeah the flares

572

00:26:49,690 --> 00:26:48,230

flares huh super man yeah definitely

573

00:26:52,090 --> 00:26:49,700

flares definitely players that's cool

574

00:26:53,980 --> 00:26:52,100

it's our shout out from Gary this is a

575

00:26:55,810 --> 00:26:53,990

cool shirt that you have well they did

576

00:26:58,900 --> 00:26:55,820

they write I think you wrote it write

577

00:27:01,930 --> 00:26:58,910

that in there Sony's post on the garage

578

00:27:03,970 --> 00:27:01,940

where manly men do manly things oh yeah

579

00:27:07,810 --> 00:27:03,980

brother but yeah we should making sure

580

00:27:09,100 --> 00:27:07,820

like that latest UFO sightings you did

581

00:27:11,980 --> 00:27:09,110

you get a chance to see that one create

582

00:27:13,930 --> 00:27:11,990

oh yeah creates from El Paso yeah yep

583

00:27:16,600 --> 00:27:13,940

and then there's like a plane that flies

584

00:27:19,750 --> 00:27:16,610

by like a jet oh [h__h] sorry could we

585

00:27:21,640 --> 00:27:19,760

watch it real quick it's uh it's four

586

00:27:23,740 --> 00:27:21,650

minutes and 36 seconds long okay cool

587

00:27:25,210 --> 00:27:23,750

well then oh people will know about it

588

00:27:27,190 --> 00:27:25,220

then y'all can go watch it yeah

589

00:27:29,110 --> 00:27:27,200

definitely go check it out yeah he's is

590

00:27:34,270 --> 00:27:29,120

channel is pretty interesting if you huh

591

00:27:37,840 --> 00:27:34,280

do so oh yeah oh yeah so Gary's

592

00:27:39,670 --> 00:27:37,850

announcing the the you apx going to

593

00:27:42,520 --> 00:27:39,680

launch that's yeah cool archive

594

00:27:44,560 --> 00:27:42,530

initiative so archives I love it man

595

00:27:46,480 --> 00:27:44,570

I love the the initiative to archive

596

00:27:48,580 --> 00:27:46,490

things you know you everything's just

597

00:27:50,320 --> 00:27:48,590

all in your brain are like in a Google

598

00:27:52,690 --> 00:27:50,330

Doc somewhere right good to have a

599

00:27:56,500 --> 00:27:52,700

physical thing like you know it was you

600

00:27:58,930 --> 00:27:56,510

know your idea for the museum you know

601
00:28:01,570 --> 00:27:58,940
the the far in the future of museum an

602
00:28:02,860 --> 00:28:01,580
archive man I just I love that idea

603
00:28:05,980 --> 00:28:02,870
hell yeah I think it'd be a great idea

604
00:28:08,440 --> 00:28:05,990
yeah I didn't I didn't click on this I

605
00:28:10,720 --> 00:28:08,450
just check on that one either yeah sorry

606
00:28:15,930 --> 00:28:10,730
yeah we'll go get to it

607
00:28:31,049 --> 00:28:15,940
sorry sharpen this one's great etext

608
00:28:44,850 --> 00:28:42,570
oh yeah Justin's episode yeah so that

609
00:28:46,110 --> 00:28:44,860
William hosted that about that song he

610
00:28:48,989 --> 00:28:46,120
said after listening to your episode

611
00:28:51,570 --> 00:28:48,999
with Justin and that song yeah yeah

612
00:28:53,489 --> 00:28:51,580
Justin's episode man it's one of my

613
00:28:53,999 --> 00:28:53,499

favorite so far yeah it was definitely a

614

00:28:56,100 --> 00:28:54,009

good one

615

00:28:58,049 --> 00:28:56,110

it's it's like he just he was really

616

00:29:01,019 --> 00:28:58,059

well read and spoke really well about

617

00:29:03,330 --> 00:29:01,029

his ideas and it was just nice it was

618

00:29:04,019 --> 00:29:03,340

like a fresh perspective yeah on the

619

00:29:05,970 --> 00:29:04,029

whole thing

620

00:29:10,080 --> 00:29:05,980

he's right like most of this stuff is

621

00:29:13,080 --> 00:29:10,090

like what is it and oh it's Light Beings

622

00:29:16,350 --> 00:29:13,090

or like this is cool and stuff like that

623

00:29:18,930 --> 00:29:16,360

which is exactly how we are he's like no

624

00:29:21,989 --> 00:29:18,940

yeah you guys are dumb yeah it's not

625

00:29:25,799 --> 00:29:21,999

cool they enslave you looking dangerous

626
00:29:27,419 --> 00:29:25,809
right and it's dangerous you don't wanna

627
00:29:28,590 --> 00:29:27,429
mess well yeah so that was cool if you

628
00:29:30,960 --> 00:29:28,600
didn't get to check out Justin's

629
00:29:32,759 --> 00:29:30,970
interview check out Justin's interview

630
00:29:34,919 --> 00:29:32,769
yeah it's great it's it's not it's a

631
00:29:37,109 --> 00:29:34,929
perfect timing it's not long enough but

632
00:29:38,730 --> 00:29:37,119
it's like it's a great it's a great

633
00:29:42,299 --> 00:29:38,740
interview I'd like to have a more a

634
00:29:45,570 --> 00:29:42,309
longer format which he suggested we

635
00:29:47,070 --> 00:29:45,580
talked to his colleague but man yeah I'd

636
00:29:49,169 --> 00:29:47,080
love to hear more about the new message

637
00:29:52,399 --> 00:29:49,179
I want to know more about that the new

638
00:29:55,169 --> 00:29:52,409

message and the new message oh oh

639

00:29:58,159 --> 00:29:55,179

there's a photo with George Noory what's

640

00:30:03,919 --> 00:29:58,169

up George I like your thing about the

641

00:30:12,840 --> 00:30:07,409

we'll skip over my post I mean yeah I

642

00:30:16,739 --> 00:30:12,850

guess we won't but yeah this guy right

643

00:30:18,480 --> 00:30:16,749

in sight what's his name Jimmy yeah if

644

00:30:20,970 --> 00:30:18,490

you guys if you guys follow Jimmy on on

645

00:30:22,289 --> 00:30:20,980

YouTube bright insight he just posted a

646

00:30:23,419 --> 00:30:22,299

new video that's really awesome he's

647

00:30:27,330 --> 00:30:23,429

kind of connecting the ancient

648

00:30:31,080 --> 00:30:27,340

civilizations to like one one connection

649

00:30:33,630 --> 00:30:31,090

it's pretty cool Jimmy Jimmy was Jimmy

650

00:30:41,850 --> 00:30:33,640

was off the hook

651
00:30:44,490 --> 00:30:41,860
was off with that uh man what was the

652
00:30:46,950 --> 00:30:44,500
name of that movie I was it grind I

653
00:30:49,560 --> 00:30:46,960
think that movie grind and it had Tom

654
00:30:51,270 --> 00:30:49,570
Green it was on this he was the owner of

655
00:30:54,150 --> 00:30:51,280
the skate shop and they're like do you

656
00:30:55,680 --> 00:30:54,160
guys miss Jimmy Jimmy was here they were

657
00:31:05,789 --> 00:30:55,690
like Jimmy was here he was like yeah

658
00:31:07,530 --> 00:31:05,799
Jimmy was like she was like oh dude I

659
00:31:09,360 --> 00:31:07,540
want to try the Tom Green beer

660
00:31:11,490 --> 00:31:09,370
oh [h__h] hey if any of you guys out there

661
00:31:14,970 --> 00:31:11,500
have had the Tom green beer let me know

662
00:31:16,740 --> 00:31:14,980
cuz it doesn't get distributed Oh down

663
00:31:23,159 --> 00:31:16,750

here yeah so yeah I go somewhere else

664

00:31:23,850 --> 00:31:23,169

and buy it yeah yeah commies this was

665

00:31:26,850 --> 00:31:23,860

ridiculous

666

00:31:32,060 --> 00:31:26,860

okay so it's Amex post Nicolas Nicolas

667

00:31:34,650 --> 00:31:32,070

dude so it's all odd future shows of

668

00:31:36,780 --> 00:31:34,660

what's the actual show called I have no

669

00:31:38,520 --> 00:31:36,790

idea man what's Action Bronson watching

670

00:31:42,060 --> 00:31:38,530

ancient aliens with talent Tyler the

671

00:31:44,250 --> 00:31:42,070

Creator and a bunch of his friends like

672

00:31:45,870 --> 00:31:44,260

the first 30 seconds is about the show

673

00:31:47,940 --> 00:31:45,880

and the rest of it they're jumping on

674

00:31:50,130 --> 00:31:47,950

trampolines and [h__h] getting their nails

675

00:31:52,470 --> 00:31:50,140

done and stuff it was hilarious

676
00:31:54,450 --> 00:31:52,480
we laughed it's a great thing all right

677
00:31:56,159 --> 00:31:54,460
perfect timing because I think we need a

678
00:31:59,430 --> 00:31:56,169
little like maybe 10 minutes before we

679
00:32:01,110 --> 00:31:59,440
have a little prep yeah okay okay so if

680
00:32:04,020 --> 00:32:01,120
you guys have just skipped through all

681
00:32:06,690 --> 00:32:04,030
of that intro stuff to right here get

682
00:32:08,070 --> 00:32:06,700
ready to have Olaf on Olaf on we'll be

683
00:32:09,540 --> 00:32:08,080
right back yeah we'll be right back

684
00:32:09,840 --> 00:32:09,550
after these messages

685
00:32:11,850 --> 00:32:09,850
[Music]

686
00:32:18,919 --> 00:32:11,860
[Applause]

687
00:32:22,620 --> 00:32:18,929
[Music]

688
00:32:24,480 --> 00:32:22,630

all right Olaf Phillips is with us

689

00:32:26,909 --> 00:32:24,490

ladies and gentlemen Olaf how are you

690

00:32:28,139 --> 00:32:26,919

doing today man I'm doing all right how

691

00:32:30,269 --> 00:32:28,149

are you know we're doing really really

692

00:32:31,529 --> 00:32:30,279

good man we're super excited to have you

693

00:32:35,190 --> 00:32:31,539

on the show

694

00:32:38,610 --> 00:32:35,200

we met at UFO Con Dave actually

695

00:32:40,200 --> 00:32:38,620

introduced us and it you know it's crazy

696

00:32:42,980 --> 00:32:40,210

because he didn't really hit it really

697

00:32:46,049 --> 00:32:42,990

give us too much of a backstory on you

698

00:32:48,389 --> 00:32:46,059

and then I and then uh you know after

699

00:32:51,269 --> 00:32:48,399

after we met we started kind of looking

700

00:32:53,999 --> 00:32:51,279

into you and and dude you you you do a

701
00:32:56,820 --> 00:32:54,009
lot of stuff man I'm extremely impressed

702
00:32:58,830 --> 00:32:56,830
you like I got behind the scenes hero

703
00:33:01,560 --> 00:32:58,840
kind of a guy man that's awesome

704
00:33:05,600 --> 00:33:01,570
yeah I'm not I'm not a limelight

705
00:33:09,149 --> 00:33:05,610
speaking conferences kind of person yes

706
00:33:11,070 --> 00:33:09,159
yeah man I mean so if you don't mind

707
00:33:13,080 --> 00:33:11,080
just for some of the you know people who

708
00:33:16,619 --> 00:33:13,090
may not know who you are kind of like

709
00:33:18,060 --> 00:33:16,629
kind of like we were kind of just tell

710
00:33:21,960 --> 00:33:18,070
our audience man a little bit about

711
00:33:25,080 --> 00:33:21,970
yourself bro well I'm the publisher and

712
00:33:29,330 --> 00:33:25,090
I'm a writer for paranoid magazine the

713
00:33:33,600 --> 00:33:29,340

oldest still in publication conspiracy

714

00:33:36,869 --> 00:33:33,610

alternative news kind of magazines

715

00:33:39,119 --> 00:33:36,879

footing in the United States I think it

716

00:33:42,450 --> 00:33:39,129

was originally founded in like 91 that's

717

00:33:44,490 --> 00:33:42,460

I'm still pregnant I've been on a bunch

718

00:33:47,840 --> 00:33:44,500

of different TV shows I've been on UFO

719

00:33:51,749 --> 00:33:47,850

Hunters unearthed with Scot Walters in

720

00:33:55,860 --> 00:33:51,759

where on earth I was on a show in Italy

721

00:33:57,690 --> 00:33:55,870

called wager on Rai Dewey I've been on a

722

00:33:59,430 --> 00:33:57,700

lot of different podcasts and radio

723

00:34:03,210 --> 00:33:59,440

shows I've been on Ground Zero

724

00:34:06,629 --> 00:34:03,220

coast-to-coast been on

725

00:34:10,050 --> 00:34:06,639

oh boy with someone the caravan to

726

00:34:14,700 --> 00:34:10,060

midnight nice Dave show I've been on all

727

00:34:16,950 --> 00:34:14,710

kinds of podcasts that's cool today I do

728

00:34:19,859 --> 00:34:16,960

I do a lot of different research I do

729

00:34:24,280 --> 00:34:19,869

research into foreign policy I do

730

00:34:28,340 --> 00:34:24,290

research in UFOs exotic aircraft

731

00:34:31,010 --> 00:34:28,350

cryptids I'm a 14 so if it's 14 and I do

732

00:34:33,440 --> 00:34:31,020

it yeah yeah so dude I mean you're into

733

00:34:38,800 --> 00:34:33,450

I mean a little bit of everything it

734

00:34:50,780 --> 00:34:38,810

sounds like yeah I get a little bit 1488

735

00:34:53,599 --> 00:34:50,790

a DD so do you you had mentioned uh you

736

00:34:55,849 --> 00:34:53,609

know the Ground Zero stuff were you like

737

00:34:58,160 --> 00:34:55,859

a producer it's at some point for for

738

00:34:59,630 --> 00:34:58,170

clive and ground zero yeah I was yeah it

739

00:35:01,700 --> 00:34:59,640

was the executive producer that's

740

00:35:03,710 --> 00:35:01,710

awesome and you still do you still work

741

00:35:04,970 --> 00:35:03,720

with him at all or is it do you do

742

00:35:07,820 --> 00:35:04,980

awesome man

743

00:35:11,480 --> 00:35:07,830

I'm on it yeah I'm I'm a pretty big fan

744

00:35:14,180 --> 00:35:11,490

of that show my editor-in-chief is his

745

00:35:16,660 --> 00:35:14,190

producer now awesome man that's where

746

00:35:20,060 --> 00:35:16,670

I'm really cool that's really cool man

747

00:35:21,980 --> 00:35:20,070

yeah dude so I don't even know where to

748

00:35:25,010 --> 00:35:21,990

start cause like you do so much cool

749

00:35:27,410 --> 00:35:25,020

stuff I uh I actually downloaded the

750

00:35:29,720 --> 00:35:27,420

paranoia TV on Roku I have a Roku it's

751

00:35:31,490 --> 00:35:29,730

so I've been I've been right on yeah

752

00:35:34,430 --> 00:35:31,500

I've been I've been all over that stuff

753

00:35:37,609 --> 00:35:34,440

and uh I mean I'm in some of those yes

754

00:35:40,849 --> 00:35:37,619

I've seen him I've seen it was the

755

00:35:43,010 --> 00:35:40,859

paranoid traveller yes I did a paranoid

756

00:35:43,790 --> 00:35:43,020

traveller I have more episodes coming

757

00:35:45,530 --> 00:35:43,800

soon

758

00:35:48,530 --> 00:35:45,540

I had to upgrade my computer so now I

759

00:35:52,730 --> 00:35:48,540

can edit five more five more that I've

760

00:35:55,520 --> 00:35:52,740

done yeah then I was on some other ones

761

00:36:02,060 --> 00:35:55,530

in there too that's great man that's

762

00:36:03,770 --> 00:36:02,070

great well dude I mean I'm curious if

763

00:36:06,500 --> 00:36:03,780

maybe we could talk a little bit about

764

00:36:08,930 --> 00:36:06,510

maybe secret space program stuff because

765

00:36:12,410 --> 00:36:08,940

me and general we've we've talked about

766

00:36:14,240 --> 00:36:12,420

the secret space program for awhile and

767

00:36:16,340 --> 00:36:14,250

there were some misleading stuff in the

768

00:36:17,660 --> 00:36:16,350

beginning of our research and it kind of

769

00:36:19,700 --> 00:36:17,670

all fell apart but I've always been

770

00:36:21,320 --> 00:36:19,710

really excited about the idea and I've

771

00:36:23,150 --> 00:36:21,330

always wanted to talk to somebody that

772

00:36:25,340 --> 00:36:23,160

actually has some knowledge and has done

773

00:36:28,070 --> 00:36:25,350

the research on on the actual not the

774

00:36:30,410 --> 00:36:28,080

possibility but the actuality of a

775

00:36:32,780 --> 00:36:30,420

secret space program so man I just love

776

00:36:35,960 --> 00:36:32,790

to hear what what you got on on that

777

00:36:37,580 --> 00:36:35,970

whole thing well well the the point the

778

00:36:42,200 --> 00:36:37,590

point of view that I came from

779

00:36:48,230 --> 00:36:42,210

was it eons ago more than 20 years ago I

780

00:36:50,890 --> 00:36:48,240

saw a TV show called alternative 3 this

781

00:36:53,990 --> 00:36:50,900

was a TV show originally produced in

782

00:36:58,820 --> 00:36:54,000

1977 it was shown on April 1st I was

783

00:37:00,200 --> 00:36:58,830

supposed to be shown in yeah it was

784

00:37:01,930 --> 00:37:00,210

supposed to be shown in June but there

785

00:37:05,930 --> 00:37:01,940

were some sort of scheduling conflicts

786

00:37:08,660 --> 00:37:05,940

and so basically it was a kind of

787

00:37:10,100 --> 00:37:08,670

docudrama and you'll you'll recognize

788

00:37:12,170 --> 00:37:10,110

some of the actors in it like Shane

789

00:37:14,030 --> 00:37:12,180

Rimmer and others right I feel lunch

790

00:37:16,670 --> 00:37:14,040

British science fiction movies he's all

791

00:37:20,590 --> 00:37:16,680

over them he was in UF the TV show UFO

792

00:37:24,110 --> 00:37:20,600

and all these bad science fiction you

793

00:37:29,990 --> 00:37:24,120

know I saw like a 20th generation VHS

794

00:37:32,960 --> 00:37:30,000

copy it was awful into it I had a

795

00:37:36,830 --> 00:37:32,970

terrible terrible green the tracking was

796

00:37:39,230 --> 00:37:36,840

completely blown out on it tracking for

797

00:37:42,950 --> 00:37:39,240

those of you who remember VHS oh yeah

798

00:37:45,770 --> 00:37:42,960

yeah yeah but I started to come to the

799

00:37:48,080 --> 00:37:45,780

opinion of that it could possibly be

800

00:37:51,050 --> 00:37:48,090

real because it was very specific in a

801
00:37:53,060 --> 00:37:51,060
lot of ways the the show is extremely

802
00:37:54,890 --> 00:37:53,070
specific which these kinds of shows

803
00:37:57,050 --> 00:37:54,900
generally aren't and I thought that was

804
00:38:00,710 --> 00:37:57,060
very intriguing so I left them alone for

805
00:38:02,480 --> 00:38:00,720
a while and then what I got me I was

806
00:38:04,430 --> 00:38:02,490
living in England and I got this email

807
00:38:06,350 --> 00:38:04,440
from this guy he says oh I thought

808
00:38:07,970 --> 00:38:06,360
you're interested in alternative theory

809
00:38:10,130 --> 00:38:07,980
and I said yeah and he says I've got

810
00:38:11,900 --> 00:38:10,140
master I said well that's funny because

811
00:38:14,840 --> 00:38:11,910
all the Masters were destroyed in a fire

812
00:38:16,460 --> 00:38:14,850
huh interesting right so how do you have

813
00:38:18,590 --> 00:38:16,470

a master he says don't worry about it I

814

00:38:21,020 --> 00:38:18,600

got it from somebody would you like a

815

00:38:23,360 --> 00:38:21,030

copy I said sure he said and so he says

816

00:38:25,580 --> 00:38:23,370

ok I'll send you a copy so he meant so

817

00:38:27,260 --> 00:38:25,590

one day I come home from work and the

818

00:38:30,140 --> 00:38:27,270

Royal Mail deliver this big manila

819

00:38:31,880 --> 00:38:30,150

envelope with no return address and I

820

00:38:34,010 --> 00:38:31,890

open it up and there's a DVD inside

821

00:38:36,230 --> 00:38:34,020

about the DVD in and boom there's

822

00:38:38,780 --> 00:38:36,240

alternative three off a master beautiful

823

00:38:42,230 --> 00:38:38,790

copy so I started yeah so I start

824

00:38:45,230 --> 00:38:42,240

watching it again and I really dawn on

825

00:38:48,830 --> 00:38:45,240

me I'm like you know something is

826

00:38:50,990 --> 00:38:48,840

telling me that this is real and if this

827

00:38:52,280 --> 00:38:51,000

is real

828

00:38:54,440 --> 00:38:52,290

so we all get to what it's about a

829

00:38:56,180 --> 00:38:54,450

minute but if it's real then these

830

00:38:58,190 --> 00:38:56,190

things they talk about I should be able

831

00:39:00,740 --> 00:38:58,200

to find them right right

832

00:39:01,190 --> 00:39:00,750

right so right and this is a long time

833

00:39:04,340 --> 00:39:01,200

ago

834

00:39:08,420 --> 00:39:04,350

this is you know this is minute probably

835

00:39:12,080 --> 00:39:08,430

almost 14 years ago what the show is

836

00:39:14,480 --> 00:39:12,090

about extensively is about something

837

00:39:17,620 --> 00:39:14,490

called a brain ring on the 70s a lot it

838

00:39:20,570 --> 00:39:17,630

this is true in the 70s a lot of workers

839

00:39:22,430 --> 00:39:20,580

high-tech workers of the 70s we're

840

00:39:23,900 --> 00:39:22,440

leaving England because the pay was poor

841

00:39:26,840 --> 00:39:23,910

and they were going to other places in

842

00:39:28,790 --> 00:39:26,850

Europe like Germany France and you know

843

00:39:30,500 --> 00:39:28,800

Scandinavia because the pay was a lot

844

00:39:32,120 --> 00:39:30,510

better so they were losing a lot of

845

00:39:35,420 --> 00:39:32,130

scientists technicians that kind of

846

00:39:39,200 --> 00:39:35,430

thing so it's about that in in during

847

00:39:42,230 --> 00:39:39,210

the show they unwittingly stumble upon

848

00:39:45,470 --> 00:39:42,240

this vast conspiracy and basically the

849

00:39:50,420 --> 00:39:45,480

conspiracy is this is that we're all

850

00:39:52,760 --> 00:39:50,430

screwed and when Eve and and go

851
00:39:55,690 --> 00:39:52,770
somewhere else and the idea was to go to

852
00:39:58,580 --> 00:39:55,700
the go to Mars by way of the moon

853
00:40:00,680 --> 00:39:58,590
yeah so they came up three alternatives

854
00:40:02,390 --> 00:40:00,690
the first two were do the first

855
00:40:04,640 --> 00:40:02,400
alternative was to try to fix the

856
00:40:06,530 --> 00:40:04,650
problem and it fixed a problem they

857
00:40:09,830 --> 00:40:06,540
wanted to fire a nuclear missile height

858
00:40:11,780 --> 00:40:09,840
and detonated at high altitude would and

859
00:40:13,460 --> 00:40:11,790
hopefully blow a hole in the atmosphere

860
00:40:16,580 --> 00:40:13,470
invent all the carbon dioxide in the

861
00:40:23,330 --> 00:40:16,590
space I know it sounds ridiculous yeah

862
00:40:25,310 --> 00:40:23,340
they they tried it Australia no it was

863
00:40:29,810 --> 00:40:25,320

in the south it was in South Atlantic

864

00:40:31,910 --> 00:40:29,820

okay yeah okay the second idea was to

865

00:40:33,530 --> 00:40:31,920

build bunkers and then the third idea

866

00:40:36,500 --> 00:40:33,540

was to leave and go to Mars

867

00:40:38,570 --> 00:40:36,510

oh wait a moment so I thought well

868

00:40:40,910 --> 00:40:38,580

that's interesting well if it's true and

869

00:40:43,250 --> 00:40:40,920

these things should be reproducible

870

00:40:47,150 --> 00:40:43,260

right so the first thing they talked

871

00:40:48,530 --> 00:40:47,160

about was that in 1958 I believe there

872

00:40:50,690 --> 00:40:48,540

was a meeting of the American Chemical

873

00:40:52,790 --> 00:40:50,700

Society where basically everybody agreed

874

00:40:53,900 --> 00:40:52,800

that we're all screwed so I went back to

875

00:40:55,550 --> 00:40:53,910

1958

876

00:40:58,520 --> 00:40:55,560

I found the meeting of the American

877

00:41:00,770 --> 00:40:58,530

Chemical Society and there was a guy his

878

00:41:03,200 --> 00:41:00,780

name escapes me at the moment but he did

879

00:41:07,780 --> 00:41:03,210

this vast he was part of an ocean

880

00:41:09,589 --> 00:41:07,790

they I want to say it was a was it was

881

00:41:11,420 --> 00:41:09,599

it was part of an oceanographic

882

00:41:12,770 --> 00:41:11,430

institute one of the famous ones it

883

00:41:17,390 --> 00:41:12,780

starts with an S but I can't remember

884

00:41:21,250 --> 00:41:17,400

them and he he he did this massive study

885

00:41:23,990 --> 00:41:21,260

of phytoplankton and in 1958 he he

886

00:41:25,730 --> 00:41:24,000

realized and documented the fact that

887

00:41:28,370 --> 00:41:25,740

the phytoplankton were not converting

888

00:41:30,559 --> 00:41:28,380

carbon dioxide into oxygen fast enough

889

00:41:32,210 --> 00:41:30,569

and the quote that they always saw out

890

00:41:36,200 --> 00:41:32,220

about him is that he said the word were

891

00:41:38,150 --> 00:41:36,210

undertaking an experiment and a risky

892

00:41:40,280 --> 00:41:38,160

experiment so grand

893

00:41:42,559 --> 00:41:40,290

we can't even possibly imagine what the

894

00:41:44,180 --> 00:41:42,569

outcome will be and basically he said

895

00:41:47,690 --> 00:41:44,190

that deal they do to over

896

00:41:50,089 --> 00:41:47,700

industrialization that you know that our

897

00:41:53,599 --> 00:41:50,099

ecosystem will eventually collapse this

898

00:41:55,010 --> 00:41:53,609

is in 58 Wow okay yeah so now fast

899

00:41:56,780 --> 00:41:55,020

forward to 2020 and we have climate

900

00:42:00,200 --> 00:41:56,790

change right I'm right I'm sitting here

901
00:42:02,089 --> 00:42:00,210
in dark California and it's winter it's

902
00:42:04,730 --> 00:42:02,099
not raining and I'm probably going into

903
00:42:06,710 --> 00:42:04,740
another drought when I was a kid right

904
00:42:09,410 --> 00:42:06,720
now if he's storming like crazy we got

905
00:42:10,789 --> 00:42:09,420
thunder and lightning you know and I

906
00:42:13,599 --> 00:42:10,799
haven't even seen any thunder or

907
00:42:16,400 --> 00:42:13,609
lightning here in a year Wow sound crazy

908
00:42:18,980 --> 00:42:16,410
well I went through an entire an entire

909
00:42:22,549 --> 00:42:18,990
season where there was like two days of

910
00:42:23,510 --> 00:42:22,559
rain which is ridiculous so you know we

911
00:42:25,370 --> 00:42:23,520
couldn't wash our cars

912
00:42:26,930 --> 00:42:25,380
everybody's lawns died you know we

913
00:42:29,059 --> 00:42:26,940

couldn't water to our lawns nothing

914

00:42:31,609 --> 00:42:29,069

right so climate change climate change

915

00:42:34,010 --> 00:42:31,619

is real whatever you think causes it

916

00:42:34,609 --> 00:42:34,020

good for you but it does exist right

917

00:42:36,829 --> 00:42:34,619

right

918

00:42:38,809 --> 00:42:36,839

so the first alternative was the fire

919

00:42:41,870 --> 00:42:38,819

this rocket in a high altitude and

920

00:42:43,370 --> 00:42:41,880

detonated and so I when I looked and

921

00:42:46,490 --> 00:42:43,380

looked and looked and it turns out not

922

00:42:48,859 --> 00:42:46,500

long after that they had attempted this

923

00:42:51,020 --> 00:42:48,869

project called Project Argos was Argos

924

00:42:53,450 --> 00:42:51,030

heart attack or heart attack are guests

925

00:42:54,829 --> 00:42:53,460

of an annular choice and basically what

926
00:42:56,569 --> 00:42:54,839
they did is they went down to the South

927
00:42:59,059 --> 00:42:56,579
Atlantic with this huge fleet of these

928
00:43:00,940 --> 00:42:59,069
super sophisticated ships and they

929
00:43:05,270 --> 00:43:00,950
launched a missile it's the highest

930
00:43:08,059 --> 00:43:05,280
highest nuclear detonation ever and they

931
00:43:11,299 --> 00:43:08,069
fire to rock it up and boom set it off

932
00:43:12,920 --> 00:43:11,309
now they were trying to trying to test

933
00:43:15,770 --> 00:43:12,930
this thing called the Coriolis effect

934
00:43:16,790 --> 00:43:15,780
where this guy had hypothesized that if

935
00:43:19,040 --> 00:43:16,800
you detonated a nuclear

936
00:43:22,460 --> 00:43:19,050
weapon at high altitude you can create

937
00:43:28,970 --> 00:43:22,470
another another ring like a radiation

938
00:43:31,730 --> 00:43:28,980

shell okay but also you know it was to

939

00:43:34,580 --> 00:43:31,740

fulfill this fantasy of ripping holes in

940

00:43:38,180 --> 00:43:34,590

the atmosphere right so the second the

941

00:43:40,610 --> 00:43:38,190

second option is to build bunkers and to

942

00:43:41,990 --> 00:43:40,620

live underground and you know I don't

943

00:43:45,230 --> 00:43:42,000

really need to tell you that we built

944

00:43:47,680 --> 00:43:45,240

bunkers yeah but there's a there there's

945

00:43:50,510 --> 00:43:47,690

something interesting about that so the

946

00:43:53,090 --> 00:43:50,520

Soviets took this whole thing so

947

00:43:56,390 --> 00:43:53,100

seriously I believe that they built two

948

00:43:57,980 --> 00:43:56,400

bunkers one is called a gamma tau and

949

00:44:00,380 --> 00:43:57,990

the other is called Cosmo tab and there

950

00:44:01,790 --> 00:44:00,390

are these huge mountains and basically

951

00:44:04,100 --> 00:44:01,800

what they did is they went in and

952

00:44:06,440 --> 00:44:04,110

hollowed out the entire Mountain now to

953

00:44:10,430 --> 00:44:06,450

tell you in the case of gamma tau the

954

00:44:13,370 --> 00:44:10,440

mountain is so huge that it that it uh

955

00:44:15,920 --> 00:44:13,380

it actually has a garrison or it had a

956

00:44:16,670 --> 00:44:15,930

garrison so these soldiers on the side

957

00:44:20,510 --> 00:44:16,680

of the mountain

958

00:44:22,670 --> 00:44:20,520

the garrison L 50,000 people oh damn huh

959

00:44:24,170 --> 00:44:22,680

right so they hold it out the entire

960

00:44:26,360 --> 00:44:24,180

Mountain there are rail lines that run

961

00:44:27,770 --> 00:44:26,370

into the mountain is supposedly the home

962

00:44:29,540 --> 00:44:27,780

of the dead hand switch but they had

963

00:44:31,520 --> 00:44:29,550

problems so they went to Cosmo to hand

964

00:44:34,400 --> 00:44:31,530

the Earl's and they did the same thing

965

00:44:36,530 --> 00:44:34,410

again and then the third the third

966

00:44:38,810 --> 00:44:36,540

option was to go to go to Mars by way of

967

00:44:44,450 --> 00:44:38,820

the moon and so the way that I usually

968

00:44:49,010 --> 00:44:44,460

discuss that is that in 1961 No

969

00:44:50,900 --> 00:44:49,020

in 1959 the the army came out with a

970

00:44:53,090 --> 00:44:50,910

thing called project horizon which was

971

00:44:55,070 --> 00:44:53,100

to basically do that one yeah

972

00:44:57,680 --> 00:44:55,080

pressurized Quonset huts buried in

973

00:44:59,750 --> 00:44:57,690

regolith on the moon not long after the

974

00:45:01,880 --> 00:44:59,760

Air Force came along with loon X which

975

00:45:04,760 --> 00:45:01,890

was to have this rocket that would land

976

00:45:06,110 --> 00:45:04,770

and become a base and they the army

977

00:45:08,120 --> 00:45:06,120

believed that they could get a hundred

978

00:45:12,230 --> 00:45:08,130

and seventy eight soldiers on the moon

979

00:45:14,840 --> 00:45:12,240

by 1961 kids can I cut in and ask you so

980

00:45:16,970 --> 00:45:14,850

you say go to Mars by way of the moon

981

00:45:18,560 --> 00:45:16,980

does that mean like doing research first

982

00:45:21,770 --> 00:45:18,570

on the moon and then shooting people

983

00:45:24,230 --> 00:45:21,780

from the moon to Mars or is it more than

984

00:45:25,940 --> 00:45:24,240

a logistics thing it's a logistics thing

985

00:45:27,680 --> 00:45:25,950

yeah because at that time you know they

986

00:45:30,340 --> 00:45:27,690

didn't necessarily have the capability

987

00:45:34,670 --> 00:45:30,350

to get all the way you know

988

00:45:36,770 --> 00:45:34,680

yeah I just want to catch up the

989

00:45:38,270 --> 00:45:36,780

audience if if people are kind of like

990

00:45:40,160 --> 00:45:38,280

curious and I'm kind of curious I need

991

00:45:42,110 --> 00:45:40,170

to be reminded sometimes but like you're

992

00:45:44,420 --> 00:45:42,120

kind of breaking it down so our

993

00:45:46,250 --> 00:45:44,430

government or the the world government a

994

00:45:48,920 --> 00:45:46,260

lot of governments realized in the 50s

995

00:45:50,480 --> 00:45:48,930

right that that [h__h] was going bad in

996

00:45:52,250 --> 00:45:50,490

our environment so they came up with

997

00:45:54,920 --> 00:45:52,260

these contingency plans and there's

998

00:45:56,900 --> 00:45:54,930

three options and and and now you're

999

00:45:58,880 --> 00:45:56,910

kind of going and you found all of this

1000

00:46:01,370 --> 00:45:58,890

proof in this evidence of government

1001
00:46:03,560 --> 00:46:01,380
like documents documenting all of these

1002
00:46:08,360 --> 00:46:03,570
these projects and there's proof of this

1003
00:46:10,160 --> 00:46:08,370
dive yeah and it gets worse so I so -

1004
00:46:12,620 --> 00:46:10,170
two interesting things happen to me and

1005
00:46:15,350 --> 00:46:12,630
in the process of the research one is

1006
00:46:17,030 --> 00:46:15,360
that I was on Ground Zero and this guy

1007
00:46:18,740 --> 00:46:17,040
called in and I'm talking about all this

1008
00:46:21,050 --> 00:46:18,750
stuff and this guy calls in about five

1009
00:46:22,820 --> 00:46:21,060
minutes before the show ends and he

1010
00:46:24,560 --> 00:46:22,830
calls him he said he's calling in from

1011
00:46:27,740 --> 00:46:24,570
the Pacific Northwest that's all he

1012
00:46:30,080 --> 00:46:27,750
would say his name was Bob and he said

1013
00:46:32,900 --> 00:46:30,090

that he worked worked for a large

1014

00:46:34,880 --> 00:46:32,910

defense contractor right in the Pacific

1015

00:46:36,470 --> 00:46:34,890

Northwest right and he said that he

1016

00:46:37,940 --> 00:46:36,480

worked on a constellation of satellites

1017

00:46:41,000 --> 00:46:37,950

because one of the things I talk about

1018

00:46:42,590 --> 00:46:41,010

is Star Wars and I'll get to why that's

1019

00:46:45,350 --> 00:46:42,600

important in a minute the reels that he

1020

00:46:47,660 --> 00:46:45,360

said the real Star Wars and he said that

1021

00:46:49,820 --> 00:46:47,670

that not only was Star Wars real but he

1022

00:46:51,620 --> 00:46:49,830

explained how it worked and then he said

1023

00:46:55,010 --> 00:46:51,630

it was the it was the shoot at stuff

1024

00:46:56,960 --> 00:46:55,020

coming toward us not not for to shoot

1025

00:47:01,610 --> 00:46:56,970

stuff down but to shoot stuff up so to

1026

00:47:04,430 --> 00:47:01,620

speak and then he hung up the second the

1027

00:47:07,330 --> 00:47:04,440

the second guy he had an uncle that

1028

00:47:12,290 --> 00:47:07,340

worked at a huge he was an accountant

1029

00:47:14,510 --> 00:47:12,300

had a huge fabrication company and he

1030

00:47:16,640 --> 00:47:14,520

said that the the guy was he was like a

1031

00:47:18,590 --> 00:47:16,650

comptroller and he was doing odd news

1032

00:47:20,720 --> 00:47:18,600

oddity in the books you have to do

1033

00:47:24,170 --> 00:47:20,730

usually and he found these like crazy

1034

00:47:27,890 --> 00:47:24,180

purchases from the military for just

1035

00:47:29,930 --> 00:47:27,900

insane amounts of sheet metal any and so

1036

00:47:32,030 --> 00:47:29,940

you went to his boss and and this the

1037

00:47:34,370 --> 00:47:32,040

billing was kind of screwy and he went

1038

00:47:35,780 --> 00:47:34,380

to the boss the boss like drop it and he

1039

00:47:38,270 --> 00:47:35,790

wouldn't drop it he kept pushing pushing

1040

00:47:40,610 --> 00:47:38,280

pushing and he figured out eventually

1041

00:47:43,730 --> 00:47:40,620

that the the sheet metal was for some

1042

00:47:46,940 --> 00:47:43,740

weird project and then they fired him

1043

00:47:49,640 --> 00:47:46,950

Oh interesting was it like what doesn't

1044

00:47:51,470 --> 00:47:49,650

matter what kind of metal it was or just

1045

00:47:51,950 --> 00:47:51,480

I don't I don't know what kind of metal

1046

00:47:54,200 --> 00:47:51,960

okay

1047

00:47:56,030 --> 00:47:54,210

yeah I was just curious but basically

1048

00:47:59,800 --> 00:47:56,040

what he discovered is it was to build

1049

00:48:02,210 --> 00:47:59,810

those Quonset huts on the mouth Wow yeah

1050

00:48:04,850 --> 00:48:02,220

right and then the other thing that I

1051
00:48:07,070 --> 00:48:04,860
talked about is that there's a specific

1052
00:48:09,650 --> 00:48:07,080
place so you know you can you can watch

1053
00:48:11,030 --> 00:48:09,660
all kinds of videos and whatever and see

1054
00:48:14,000 --> 00:48:11,040
all kinds of well these are crystal

1055
00:48:17,180 --> 00:48:14,010
spires and here's pyramids and there's a

1056
00:48:20,510 --> 00:48:17,190
face and other stuff yeah yeah maybe

1057
00:48:22,040 --> 00:48:20,520
maybe not I've never seen one that's so

1058
00:48:26,450 --> 00:48:22,050
compelling that you look at it you're

1059
00:48:28,520 --> 00:48:26,460
like yes yes except for one so I found I

1060
00:48:30,470 --> 00:48:28,530
searched all over the place and I found

1061
00:48:34,550 --> 00:48:30,480
this building and it's basically built

1062
00:48:37,310 --> 00:48:34,560
into the side of a canyon and it's it's

1063
00:48:40,190 --> 00:48:37,320

a square it's a square building on the

1064

00:48:43,670 --> 00:48:40,200

moon has it on Mars and it has a dome

1065

00:48:46,040 --> 00:48:43,680

yeah and has a dome and a dome is

1066

00:48:48,109 --> 00:48:46,050

actually reflecting the sunlight so you

1067

00:48:50,000 --> 00:48:48,119

can clearly see it's a dump so the trick

1068

00:48:52,430 --> 00:48:50,010

I the trick I usually play on people as

1069

00:49:01,030 --> 00:48:52,440

I say okay where is this the most common

1070

00:49:03,620 --> 00:49:01,040

answer I get is that it's in Malibu so

1071

00:49:05,840 --> 00:49:03,630

you know and you can get into gary

1072

00:49:08,599 --> 00:49:05,850

mckinnon why Gary McKenna and make sense

1073

00:49:10,310 --> 00:49:08,609

and a lot of other things but but the

1074

00:49:13,490 --> 00:49:10,320

real when you get into the actual

1075

00:49:17,060 --> 00:49:13,500

mechanics of space program right I like

1076

00:49:18,980 --> 00:49:17,070

to go back to the Germans right right I

1077

00:49:20,599 --> 00:49:18,990

think that's kind of synonymous I think

1078

00:49:22,520 --> 00:49:20,609

with a lot of the stories like it

1079

00:49:26,750 --> 00:49:22,530

started with the Germans right like kind

1080

00:49:27,800 --> 00:49:26,760

of right so so the guy okay so the first

1081

00:49:29,720 --> 00:49:27,810

the first thing that's very interesting

1082

00:49:31,820 --> 00:49:29,730

is that one of the things that has

1083

00:49:35,030 --> 00:49:31,830

commonly talked about is the bell there

1084

00:49:37,130 --> 00:49:35,040

glocca right right it was it was the

1085

00:49:41,060 --> 00:49:37,140

hint you know tethered to the hinge and

1086

00:49:42,530 --> 00:49:41,070

and and that's that's all true but

1087

00:49:44,630 --> 00:49:42,540

what's even more interesting is that a

1088

00:49:46,970 --> 00:49:44,640

buddy of mine named Walter Bosley I

1089

00:49:48,770 --> 00:49:46,980

actually found easily into the Sonora

1090

00:49:51,470 --> 00:49:48,780

Aero Club and arrows and all that

1091

00:49:53,570 --> 00:49:51,480

mysterious airships of 1897 and all that

1092

00:49:55,400 --> 00:49:53,580

stuff yeah and there's there's this guy

1093

00:49:57,760 --> 00:49:55,410

named el shaddoll Shaw had made these

1094

00:50:02,390 --> 00:49:57,770

crazy Mon

1095

00:50:04,250 --> 00:50:02,400

montages of you know and collages of all

1096

00:50:06,410 --> 00:50:04,260

the airships and they were like

1097

00:50:10,190 --> 00:50:06,420

schematics but presented in an artistic

1098

00:50:11,960 --> 00:50:10,200

way and on one of them Walter actually

1099

00:50:14,690 --> 00:50:11,970

found the Bell and it has the

1100

00:50:16,790 --> 00:50:14,700

counter-rotating arrows and all its the

1101

00:50:19,760 --> 00:50:16,800

Bell this is from the late the late

1102

00:50:24,020 --> 00:50:19,770

1800s so if you so if you fast forward

1103

00:50:26,630 --> 00:50:24,030

to the Germans right oh so this is the

1104

00:50:29,030 --> 00:50:26,640

nor arrow club they they competed with

1105

00:50:31,609 --> 00:50:29,040

this group called nimza nimza was was a

1106

00:50:33,349 --> 00:50:31,619

group from europe and it's commonly

1107

00:50:34,549 --> 00:50:33,359

believed they're from germany well it

1108

00:50:36,859 --> 00:50:34,559

turns out they're actually from Prussia

1109

00:50:39,200 --> 00:50:36,869

and this is important about to be very

1110

00:50:41,480 --> 00:50:39,210

important so the guy that actually ran

1111

00:50:43,099 --> 00:50:41,490

the secret secret weapons program for

1112

00:50:45,470 --> 00:50:43,109

the Germans was a guy named Hans Kammler

1113

00:50:47,210 --> 00:50:45,480

I'm sure you've heard of Hans camel yeah

1114

00:50:50,329 --> 00:50:47,220

but there are some things that you need

1115

00:50:52,099 --> 00:50:50,339

to know about Hans Kammler number one he

1116

00:50:55,250 --> 00:50:52,109

was an engineer he was actually he had a

1117

00:50:59,329 --> 00:50:55,260

PhD in civil engineering and he actually

1118

00:51:01,670 --> 00:50:59,339

designed the he designed the

1119

00:51:05,690 --> 00:51:01,680

concentration camp system No

1120

00:51:08,359 --> 00:51:05,700

yeah he's a bad guy he's a very bad guy

1121

00:51:09,770 --> 00:51:08,369

he was also he was also in charge of

1122

00:51:11,660 --> 00:51:09,780

Penta Munda where they were doing the

1123

00:51:12,440 --> 00:51:11,670

rocket experiments and firing the V ones

1124

00:51:15,470 --> 00:51:12,450

of the v2 s

1125

00:51:17,900 --> 00:51:15,480

okay yeah he actually took away that's

1126

00:51:23,630 --> 00:51:17,910

the weapons program from Albert Speer

1127

00:51:25,940 --> 00:51:23,640

and well and from Goering so Goering had

1128

00:51:29,270 --> 00:51:25,950

had it taken away from by spear and then

1129

00:51:30,829 --> 00:51:29,280

Kammler took it away from spear so he's

1130

00:51:34,270 --> 00:51:30,839

a very well-connected dude he was

1131

00:51:39,280 --> 00:51:34,280

actually a sign the weapons program by

1132

00:51:45,020 --> 00:51:42,410

Himmler Himmler Himmler and it was a

1133

00:51:47,890 --> 00:51:45,030

handwritten note basically assigning him

1134

00:51:50,960 --> 00:51:47,900

to take over the weapons for a while so

1135

00:51:54,020 --> 00:51:50,970

when you when you look at this right

1136

00:51:56,329 --> 00:51:54,030

you've got this guy Kammler extremely

1137

00:51:59,030 --> 00:51:56,339

well educated he's an engineer I'll be

1138

00:52:02,329 --> 00:51:59,040

at a civil engineer and he's running

1139

00:52:04,250 --> 00:52:02,339

this crazy program right and the the

1140

00:52:06,530 --> 00:52:04,260

story of the Bell actually comes from a

1141

00:52:09,430 --> 00:52:06,540

guy named Jacob sporrenberg and

1142

00:52:12,319 --> 00:52:09,440

sporrenberg was in the SS

1143

00:52:13,789 --> 00:52:12,329

and he was so the SS had different

1144

00:52:17,269 --> 00:52:13,799

groups right so there was kind of the

1145

00:52:19,160 --> 00:52:17,279

military part of the the SS right there

1146

00:52:21,680 --> 00:52:19,170

was the police part of the SS which had

1147

00:52:24,079 --> 00:52:21,690

policemen and the Gestapo race and then

1148

00:52:26,359 --> 00:52:24,089

you know you had the on an RV which is a

1149

00:52:28,720 --> 00:52:26,369

whole topic in and of itself and then

1150

00:52:32,390 --> 00:52:28,730

you know you had the army part well so

1151

00:52:33,799 --> 00:52:32,400

so and then they had the the art people

1152

00:52:36,769 --> 00:52:33,809

right they went around and stole a bunch

1153

00:52:40,700 --> 00:52:36,779

of art right yeah that's that's part of

1154

00:52:42,859 --> 00:52:40,710

the on intervene okay yeah so and they

1155

00:52:44,809 --> 00:52:42,869

didn't steal art they that was left to

1156

00:52:47,150 --> 00:52:44,819

other people well they did steal some

1157

00:52:49,460 --> 00:52:47,160

art but the on inner be is actually they

1158

00:52:51,349 --> 00:52:49,470

did all the crazy research they were the

1159

00:52:54,079 --> 00:52:51,359

ones with the hex the Hexen group and

1160

00:52:56,900 --> 00:52:54,089

the the witch group yeah okay actually

1161

00:52:59,890 --> 00:52:56,910

had witches yes so like anyway yeah yes

1162

00:53:02,470 --> 00:52:59,900

hurry up I don't want to get you okay so

1163

00:53:05,930 --> 00:53:02,480

sporrenberg was in the police privet and

1164

00:53:09,109 --> 00:53:05,940

he had he had heard rumors about this

1165

00:53:11,120 --> 00:53:09,119

place called Dury see the giant which is

1166

00:53:13,519 --> 00:53:11,130

this huge complex people think it's one

1167

00:53:16,160 --> 00:53:13,529

thing it was actually a monstrous

1168

00:53:18,200 --> 00:53:16,170

complex of various things and that they

1169

00:53:19,880 --> 00:53:18,210

were doing this crazy research so he

1170

00:53:21,890 --> 00:53:19,890

gets picked up by the polls and polls

1171

00:53:23,720 --> 00:53:21,900

are like dude you're gonna die right

1172

00:53:26,630 --> 00:53:23,730

we're going to hang you because you're a

1173

00:53:28,910 --> 00:53:26,640

bastard and you were in the SS yeah he's

1174

00:53:30,950 --> 00:53:28,920

like no yeah he's like no no no don't

1175

00:53:35,210 --> 00:53:30,960

kill me I got this crazy story so he

1176
00:53:37,430 --> 00:53:35,220
tells the crazy story right and then

1177
00:53:40,579 --> 00:53:37,440
then they execute him anyway

1178
00:53:42,589 --> 00:53:40,589
so years later this guy with tau ski

1179
00:53:44,120 --> 00:53:42,599
hears from a friend of his in Polish

1180
00:53:46,700 --> 00:53:44,130
intelligence that they have a crazy

1181
00:53:48,559 --> 00:53:46,710
story in their archives and he gives it

1182
00:53:51,529 --> 00:53:48,569
to what outski and when tau ski who was

1183
00:53:54,200 --> 00:53:51,539
into the vendor of often the the super

1184
00:53:58,279 --> 00:53:54,210
weapons yeah right then the 260 to the

1185
00:54:00,079 --> 00:53:58,289
163 all these crazy crazy aircraft and

1186
00:54:02,000 --> 00:54:00,089
missile you know guided missiles and all

1187
00:54:03,920 --> 00:54:02,010
this crazy stuff they were going yeah

1188
00:54:05,299 --> 00:54:03,930

and so it gives to a basket of ski

1189

00:54:07,849 --> 00:54:05,309

writes about it I think it's picked up

1190

00:54:09,529 --> 00:54:07,859

by Nick Nick Cook in the hunt for zero

1191

00:54:11,059 --> 00:54:09,539

point and then it kind of pull it for H

1192

00:54:13,099 --> 00:54:11,069

you got Joseph Farrow has written some

1193

00:54:14,660 --> 00:54:13,109

amazing books on it and everybody's

1194

00:54:16,819 --> 00:54:14,670

talking about it now right

1195

00:54:17,960 --> 00:54:16,829

but the day it comes from this one guy

1196

00:54:20,269 --> 00:54:17,970

Jakob Sporrenberg

1197

00:54:22,080 --> 00:54:20,279

well what's Foreign Berg said is that

1198

00:54:24,810 --> 00:54:22,090

they were running these crazy tests and

1199

00:54:26,550 --> 00:54:24,820

this weird engine thing that they had

1200

00:54:30,300 --> 00:54:26,560

tethered to the thing they called the

1201
00:54:32,760 --> 00:54:30,310
henge and it was anti-gravity so there's

1202
00:54:35,400 --> 00:54:32,770
a very funny thing oh and and it would

1203
00:54:39,000 --> 00:54:35,410
kill plants and technicians who got too

1204
00:54:41,460 --> 00:54:39,010
close of it died etcetera etcetera yeah

1205
00:54:42,810 --> 00:54:41,470
so so can I ask you really quick I don't

1206
00:54:44,190 --> 00:54:42,820
mean to interrupt but sure so you know

1207
00:54:46,680 --> 00:54:44,200
it's um you mentioned that there was uh

1208
00:54:48,840 --> 00:54:46,690
like schematics in the 1800s about this

1209
00:54:51,180 --> 00:54:48,850
de Glock right and then yeah now we're

1210
00:54:55,140 --> 00:54:51,190
hearing about in the in in in fort maybe

1211
00:54:56,910 --> 00:54:55,150
late 30s mid 30s talking about this this

1212
00:54:57,500 --> 00:54:56,920
person saying ya know it was a real

1213
00:55:00,900 --> 00:54:57,510

thing

1214

00:55:02,370 --> 00:55:00,910

forties forties oh yeah I forgot to

1215

00:55:04,080 --> 00:55:02,380

mention that part so one of the

1216

00:55:06,000 --> 00:55:04,090

interesting things about Kammler aside

1217

00:55:07,830 --> 00:55:06,010

from his education and his bionics which

1218

00:55:10,740 --> 00:55:07,840

are etc is the camel is actually

1219

00:55:12,330 --> 00:55:10,750

oppression and one of the things want to

1220

00:55:14,550 --> 00:55:12,340

be very interesting things of a camera

1221

00:55:17,220 --> 00:55:14,560

is that he was reported on multiple

1222

00:55:20,070 --> 00:55:17,230

times within the SS that during his

1223

00:55:21,660 --> 00:55:20,080

reviews because it's a job right you may

1224

00:55:25,580 --> 00:55:21,670

be building gas chambers but apparently

1225

00:55:32,490 --> 00:55:25,590

you get job reviews I think it's crazy

1226

00:55:34,170 --> 00:55:32,500

yeah disgusting thing that was said

1227

00:55:37,500 --> 00:55:34,180

about him is that although he was a good

1228

00:55:40,830 --> 00:55:37,510

SS officer right and he did everything

1229

00:55:42,630 --> 00:55:40,840

that he spoke to do to the letter it

1230

00:55:47,670 --> 00:55:42,640

always seemed like he was beholden to

1231

00:55:50,460 --> 00:55:47,680

someone else his true is true he wasn't

1232

00:55:53,760 --> 00:55:50,470

a fanatic he was a very calculated guy

1233

00:55:55,860 --> 00:55:53,770

and his fanaticism was not to Nazism it

1234

00:55:58,260 --> 00:55:55,870

was actually just something else and

1235

00:56:01,020 --> 00:55:58,270

it's my belief that his his fanaticism

1236

00:56:03,900 --> 00:56:01,030

was actually to whatever nimza became

1237

00:56:06,480 --> 00:56:03,910

the morning I may be the real society

1238

00:56:08,640 --> 00:56:06,490

right well I think it was nimza and I

1239

00:56:11,040 --> 00:56:08,650

think nimza actually infiltrated the

1240

00:56:12,720 --> 00:56:11,050

rural society the SS and all these other

1241

00:56:13,320 --> 00:56:12,730

group the theosophy groups and

1242

00:56:16,980 --> 00:56:13,330

everything else

1243

00:56:20,480 --> 00:56:16,990

yeah so so at the end of the war a very

1244

00:56:23,670 --> 00:56:20,490

interesting thing happened so number one

1245

00:56:25,590 --> 00:56:23,680

all that so okay so the Soviets are

1246

00:56:28,500 --> 00:56:25,600

trying to get there right and they they

1247

00:56:31,880 --> 00:56:28,510

want the Soviets under Korolev rounded

1248

00:56:34,010 --> 00:56:31,890

up all the technicians and the Americans

1249

00:56:37,220 --> 00:56:34,020

rounded up all the signs

1250

00:56:39,020 --> 00:56:37,230

so they went to try to get there to get

1251
00:56:40,160 --> 00:56:39,030
the scientists of this crazy project

1252
00:56:45,910 --> 00:56:40,170
because they heard about it from other

1253
00:56:54,740 --> 00:56:52,040
so yeah so they they had disappeared and

1254
00:56:57,020 --> 00:56:54,750
then Kammler himself has reported it

1255
00:57:01,609 --> 00:56:57,030
that he it's reported that Kammler died

1256
00:57:03,470 --> 00:57:01,619
something like five times huh but nobody

1257
00:57:06,109 --> 00:57:03,480
ever yeah nobody ever found the body he

1258
00:57:10,370 --> 00:57:06,119
got he got suicided was the was it the

1259
00:57:12,410 --> 00:57:10,380
Clinton sir died five times it's crazy

1260
00:57:14,330 --> 00:57:12,420
he died five times he died on the side

1261
00:57:16,520 --> 00:57:14,340
of the road after being strafed by an

1262
00:57:18,200 --> 00:57:16,530
aircraft he died in a firefight

1263
00:57:20,000 --> 00:57:18,210

he blew his brains out and there's a

1264

00:57:23,170 --> 00:57:20,010

whole bunch of different options but how

1265

00:57:27,320 --> 00:57:23,180

this dude died but nobody ever found him

1266

00:57:28,970 --> 00:57:27,330

saying there is a book that claims that

1267

00:57:30,920 --> 00:57:28,980

he eventually came to the United States

1268

00:57:32,810 --> 00:57:30,930

I don't know about that but I do know

1269

00:57:35,630 --> 00:57:32,820

about this everything that they were

1270

00:57:38,060 --> 00:57:35,640

working on which is documented is gone

1271

00:57:40,400 --> 00:57:38,070

it just vanished into thin air no what

1272

00:57:42,170 --> 00:57:40,410

is that what is very interesting the

1273

00:57:45,380 --> 00:57:42,180

number of the aircraft escapes me right

1274

00:57:47,660 --> 00:57:45,390

now but it's a yonkers they originally

1275

00:57:49,250 --> 00:57:47,670

designed as the America bomber it was

1276

00:57:51,920 --> 00:57:49,260

designed to fly from Germany to America

1277

00:57:53,840 --> 00:57:51,930

to drop a nuclear bomb on New York no

1278

00:57:58,130 --> 00:57:53,850

Dan they never yeah they never got that

1279

00:58:01,190 --> 00:57:58,140

far luckily yeah yeah luckily but it's

1280

00:58:05,540 --> 00:58:01,200

it's ginormous it's is huge like like a

1281

00:58:08,359 --> 00:58:05,550

10 gen transport and at the end of the

1282

00:58:10,340 --> 00:58:08,369

war Kammler had control of the only four

1283

00:58:12,830 --> 00:58:10,350

of them exit that existed on the face of

1284

00:58:14,960 --> 00:58:12,840

the earth and like three of them

1285

00:58:17,510 --> 00:58:14,970

vanished I think three out of four

1286

00:58:19,780 --> 00:58:17,520

vanished Wow now what's interesting

1287

00:58:23,359 --> 00:58:19,790

what's interesting about that thing is

1288

00:58:27,380 --> 00:58:23,369

it the range so if you draw a straight

1289

00:58:30,470 --> 00:58:27,390

line from Darice ii you could probably

1290

00:58:33,980 --> 00:58:30,480

get to somewhere in Africa on one tank

1291

00:58:39,200 --> 00:58:33,990

of gas hmm okay and then from Africa you

1292

00:58:40,849 --> 00:58:39,210

could easily fly to the pole Brea oh

1293

00:58:44,359 --> 00:58:40,859

there's a there's a hitch but there's a

1294

00:58:47,270 --> 00:58:44,369

hitch so this aircraft there's a smaller

1295

00:58:50,599 --> 00:58:47,280

one that has like three like six engines

1296

00:58:53,630 --> 00:58:50,609

and they actually tested a mid-air

1297

00:58:56,120 --> 00:58:53,640

refueling of the eight engine by the six

1298

00:58:56,599 --> 00:58:56,130

engine with a huge fuel bladder in the

1299

00:58:59,690 --> 00:58:56,609

back

1300

00:59:01,490 --> 00:58:59,700

since the transport it had this huge

1301
00:59:03,020 --> 00:59:01,500
fuel bladder they actually tested midair

1302
00:59:06,200 --> 00:59:03,030
refueling that thing over the North

1303
00:59:08,180 --> 00:59:06,210
Atlantic so what I would suggest to you

1304
00:59:10,040 --> 00:59:08,190
is that they midair refueled that thing

1305
00:59:12,290 --> 00:59:10,050
and it kept right on going and I think

1306
00:59:14,960 --> 00:59:12,300
the camera packed up all the technical

1307
00:59:17,510 --> 00:59:14,970
part of all the scientists shot a bunch

1308
00:59:21,410 --> 00:59:17,520
of the technicians in slave labor and I

1309
00:59:25,720 --> 00:59:21,420
took off and maybe went to base 211 and

1310
00:59:29,300 --> 00:59:25,730
I talked to dr. Richard Alan Miller and

1311
00:59:31,339 --> 00:59:29,310
he said he's been to 211 and when you go

1312
00:59:32,990 --> 00:59:31,349
inside 211 that it's obvious that there

1313
00:59:35,180 --> 00:59:33,000

was some sort of massive firefight in

1314

00:59:36,980 --> 00:59:35,190

there it's all blown blown to hell and

1315

00:59:40,580 --> 00:59:36,990

there's bullet holes everywhere and

1316

00:59:42,349 --> 00:59:40,590

whatever and 211 is on-site is the South

1317

00:59:44,390 --> 00:59:42,359

Pole right it's in error yeah it's an

1318

00:59:47,780 --> 00:59:44,400

yeah it's a new Schwaben line that's

1319

00:59:49,790 --> 00:59:47,790

what they called it like that name but

1320

00:59:51,829 --> 00:59:49,800

but you know what what comes away from

1321

00:59:55,099 --> 00:59:51,839

that is that you know that that the

1322

00:59:57,680 --> 00:59:55,109

Allies and Soviets at the time probably

1323

00:59:59,930 --> 00:59:57,690

have some had some documentation on what

1324

01:00:01,550 --> 00:59:59,940

they were doing and one of the reasons I

1325

01:00:03,829 --> 01:00:01,560

believe this is it because if you look

1326

01:00:07,099 --> 01:00:03,839

at the Kecksburg incident the Kecksburg

1327

01:00:09,680 --> 01:00:07,109

UFO is a dead ringer for the for the

1328

01:00:11,720 --> 01:00:09,690

Bell and if you look at the the

1329

01:00:14,000 --> 01:00:11,730

Kecksburg UFO they said had these

1330

01:00:15,740 --> 01:00:14,010

hieroglyphics on it well the the Germans

1331

01:00:18,410 --> 01:00:15,750

had a preoccupation with Norse and

1332

01:00:20,180 --> 01:00:18,420

Germanic mythology it's not beyond the

1333

01:00:22,970 --> 01:00:20,190

pale that they actually carved runes

1334

01:00:25,310 --> 01:00:22,980

into it because the SS who was working

1335

01:00:27,050 --> 01:00:25,320

on this project there were total pagans

1336

01:00:29,710 --> 01:00:27,060

and they had they had this whole

1337

01:00:33,290 --> 01:00:29,720

obsession with Germanic and Norse

1338

01:00:36,170 --> 01:00:33,300

mythology so they probably would have

1339

01:00:38,570 --> 01:00:36,180

carved runes into the side of it so it

1340

01:00:42,800 --> 01:00:38,580

might have been either a German UFO

1341

01:00:44,750 --> 01:00:42,810

write a hang about or it could have been

1342

01:00:48,290 --> 01:00:44,760

an American version now if you

1343

01:00:50,120 --> 01:00:48,300

fast-forward to the 60s okay one of the

1344

01:00:59,329 --> 01:00:50,130

very interesting things about this whole

1345

01:01:00,529 --> 01:00:59,339

thing is it is I just I just drove a

1346

01:01:03,960 --> 01:01:00,539

long way

1347

01:01:05,970 --> 01:01:03,970

no Otto bender Otto bender wrote an

1348

01:01:09,749 --> 01:01:05,980

article and saga which was a men's

1349

01:01:11,180 --> 01:01:09,759

magazine about UFOs and one of the

1350

01:01:14,819 --> 01:01:11,190

things that he wrote about was the

1351
01:01:17,700 --> 01:01:14,829
iconography on the UFOs the UFOs have

1352
01:01:19,620 --> 01:01:17,710
symbols on them right yeah and one of

1353
01:01:21,299 --> 01:01:19,630
the yeah and one of the variant aside

1354
01:01:23,069 --> 01:01:21,309
from the other ones which I chart out in

1355
01:01:25,859 --> 01:01:23,079
the book I wrote one of the other

1356
01:01:27,329 --> 01:01:25,869
interesting things about it is that he

1357
01:01:29,430 --> 01:01:27,339
said that there were a large number of

1358
01:01:31,200 --> 01:01:29,440
them the one they were seen they would

1359
01:01:33,359 --> 01:01:31,210
say like us and when a four digit code

1360
01:01:36,720 --> 01:01:33,369
or UN and a four digit code SV

1361
01:01:39,289 --> 01:01:36,730
four-digit code yeah no alien no alien

1362
01:01:42,989 --> 01:01:39,299
in their right mind is gonna write in in

1363
01:01:45,930 --> 01:01:42,999

used in a Roman alphabet us four numbers

1364

01:01:48,180 --> 01:01:45,940

right this also this also coincides with

1365

01:01:49,890 --> 01:01:48,190

what was our saw it has four that he

1366

01:01:52,019 --> 01:01:49,900

said when he went into the sports model

1367

01:01:54,569 --> 01:01:52,029

that there was like letters on the side

1368

01:01:57,900 --> 01:01:54,579

of it right right he said it was it

1369

01:02:00,660 --> 01:01:57,910

looked like almost say us us a kind of

1370

01:02:02,940 --> 01:02:00,670

sticker or some kind of insignia was

1371

01:02:05,489 --> 01:02:02,950

slapped on it right yeah because as

1372

01:02:09,329 --> 01:02:05,499

humans as humans what do we do with

1373

01:02:11,460 --> 01:02:09,339

brand we put labels we label stuff now

1374

01:02:13,799 --> 01:02:11,470

here's the kicker right when we're

1375

01:02:16,410 --> 01:02:13,809

talking about UFOs and the secret space

1376

01:02:18,210 --> 01:02:16,420

program and then there's something

1377

01:02:20,190 --> 01:02:18,220

really blow your mind but when we're

1378

01:02:21,390 --> 01:02:20,200

talking about the secret space program

1379

01:02:24,660 --> 01:02:21,400

and we're talking about the very

1380

01:02:28,079 --> 01:02:24,670

beginning of it one of the most famous

1381

01:02:32,220 --> 01:02:28,089

UFO experiences ever is Betty and Barney

1382

01:02:34,890 --> 01:02:32,230

Hill right right so Betty this one gets

1383

01:02:37,499 --> 01:02:34,900

me to a bit of trouble but okay so the

1384

01:02:38,849 --> 01:02:37,509

core so the car dies in and Betty and

1385

01:02:41,519 --> 01:02:38,859

Barney Hill you know he was

1386

01:02:43,319 --> 01:02:41,529

african-american she was white they you

1387

01:02:46,249 --> 01:02:43,329

know in a place where that was not

1388

01:02:50,370 --> 01:02:46,259

popular there was a lot of racial issues

1389

01:02:52,620 --> 01:02:50,380

so and it's during the 50s and so

1390

01:02:55,920 --> 01:02:52,630

unfortunately Barney yeah unfortunately

1391

01:03:00,450 --> 01:02:55,930

so Barney who was a was an Army veteran

1392

01:03:03,120 --> 01:03:00,460

cured a colt 45 in the car the UFOs the

1393

01:03:04,710 --> 01:03:03,130

car shuts off the UFO comes down and so

1394

01:03:06,059 --> 01:03:04,720

what does Barney do he's gonna protect

1395

01:03:08,339 --> 01:03:06,069

his wife so he gets out of the car

1396

01:03:12,460 --> 01:03:08,349

starts shooting at the UFO man nothing

1397

01:03:15,099 --> 01:03:12,470

happens right what we would all do

1398

01:03:18,000 --> 01:03:15,109

exactly so right so the ramp comes down

1399

01:03:23,290 --> 01:03:18,010

and guess who comes out of that ramp

1400

01:03:26,080 --> 01:03:23,300

well a redheaded Irishman now what you

1401

01:03:27,430 --> 01:03:26,090

would expect mmm with a with a German

1402

01:03:31,240 --> 01:03:27,440

Shepherd now there's a reason this is

1403

01:03:33,280 --> 01:03:31,250

significant so the redheaded Irishman

1404

01:03:35,470 --> 01:03:33,290

takes him on a tour of the UFO now if

1405

01:03:37,330 --> 01:03:35,480

you listen to the original or if you

1406

01:03:40,300 --> 01:03:37,340

read and read the transcript and listen

1407

01:03:42,070 --> 01:03:40,310

to the original hypnotic regression he

1408

01:03:44,260 --> 01:03:42,080

talks about this redheaded Irishman

1409

01:03:45,880 --> 01:03:44,270

leading them through the UFO and I'm

1410

01:03:48,270 --> 01:03:45,890

seeing the occupants in the way that he

1411

01:03:50,650 --> 01:03:48,280

described the occupants ascent is is

1412

01:03:52,900 --> 01:03:50,660

basically Nazis they were in black

1413

01:03:56,140 --> 01:03:52,910

jumpsuit silver piping were peaked caps

1414

01:03:59,109 --> 01:03:56,150

they look like panzer you know panzer

1415

01:04:01,359 --> 01:03:59,119

crews yeah kind of how he described them

1416

01:04:03,400 --> 01:04:01,369

now the reason the redheaded Irishman is

1417

01:04:05,320 --> 01:04:03,410

significant is that it's a little-known

1418

01:04:08,140 --> 01:04:05,330

fact the during World War two that the

1419

01:04:10,660 --> 01:04:08,150

IRA the Irish Republican Army who fought

1420

01:04:12,580 --> 01:04:10,670

the English for years even now they kind

1421

01:04:14,950 --> 01:04:12,590

of fight politically but through

1422

01:04:18,550 --> 01:04:14,960

champagne but back then name it was an

1423

01:04:21,970 --> 01:04:18,560

armed conflict yes they they actually

1424

01:04:23,770 --> 01:04:21,980

started and the Nazis trained a bunch of

1425

01:04:24,609 --> 01:04:23,780

them and supplied them to go attack the

1426

01:04:26,740 --> 01:04:24,619

British huh

1427

01:04:28,990 --> 01:04:26,750

and when what ended up happening is that

1428

01:04:30,579 --> 01:04:29,000

there was an entire unit of soldiers

1429

01:04:35,339 --> 01:04:30,589

from Northern Ireland that actually

1430

01:04:38,349 --> 01:04:35,349

fought in the in the SS in the army Wow

1431

01:04:40,000 --> 01:04:38,359

so it's not it's not insane that a

1432

01:04:44,740 --> 01:04:40,010

redheaded Irish man is on board that

1433

01:04:46,540 --> 01:04:44,750

hurt aircraft or whatever Wow

1434

01:04:49,270 --> 01:04:46,550

so that just kind of blows the lid off

1435

01:04:53,109 --> 01:04:49,280

of you know one of the most famous UFO

1436

01:04:53,980 --> 01:04:53,119

stories of all time I'll give you

1437

01:04:55,720 --> 01:04:53,990

something even better

1438

01:04:59,230 --> 01:04:55,730

so have you ever heard of the Marjorie

1439

01:05:02,680 --> 01:04:59,240

fish star map yes yeah the map that he

1440

01:05:04,930 --> 01:05:02,690

drew right right so if you look at that

1441

01:05:06,579 --> 01:05:04,940

map the idea is is that in the center is

1442

01:05:09,130 --> 01:05:06,589

the earth and there's all these like

1443

01:05:11,650 --> 01:05:09,140

conduits that go out from it Zeta

1444

01:05:15,670 --> 01:05:11,660

Reticuli Barnard star Proxima Centauri

1445

01:05:18,099 --> 01:05:15,680

whatever right yeah so far be it for me

1446

01:05:20,829 --> 01:05:18,109

to question people's motives but when I

1447

01:05:23,620 --> 01:05:20,839

was a when I was a a younger person

1448

01:05:25,300 --> 01:05:23,630

today when I was in college I studied

1449

01:05:35,870 --> 01:05:25,310

anthropology

1450

01:05:38,240 --> 01:05:35,880

my professor was a little dry and boring

1451

01:05:41,090 --> 01:05:38,250

but he taught us one thing that I'll

1452

01:05:43,250 --> 01:05:41,100

remember until the day I die when you

1453

01:05:45,490 --> 01:05:43,260

live somewhere right and you give

1454

01:05:48,109 --> 01:05:45,500

somebody instructions or you make maps

1455

01:05:50,450 --> 01:05:48,119

they're generally the way you orientate

1456

01:05:53,060 --> 01:05:50,460

your maps or or in teacher directions is

1457

01:05:56,090 --> 01:05:53,070

relative to a large landmass or

1458

01:05:57,680 --> 01:05:56,100

something culturally significant in my

1459

01:05:59,780 --> 01:05:57,690

case I live near a mountain called Mount

1460

01:06:02,030 --> 01:05:59,790

diabla so if I'm gonna give you

1461

01:06:04,099 --> 01:06:02,040

directions right I'm gonna say I keep

1462

01:06:05,330 --> 01:06:04,109

the mountain on the left side or keep

1463

01:06:05,960 --> 01:06:05,340

them out and on the right side if you're

1464

01:06:08,450 --> 01:06:05,970

going north

1465

01:06:10,099 --> 01:06:08,460

right or you know you know your turn

1466

01:06:14,030 --> 01:06:10,109

right at the river you know stuff like

1467

01:06:16,640 --> 01:06:14,040

that right yeah generally when you make

1468

01:06:18,650 --> 01:06:16,650

a map you put yourself in the middle so

1469

01:06:20,690 --> 01:06:18,660

if the earth is in the middle and it's

1470

01:06:22,280 --> 01:06:20,700

all in English why would it a be in

1471

01:06:24,560 --> 01:06:22,290

English should be why would the earth be

1472

01:06:26,480 --> 01:06:24,570

in the center if I'm if I'm an alien

1473

01:06:29,870 --> 01:06:26,490

from Zeta Reticuli I'm gonna potato

1474

01:06:34,430 --> 01:06:29,880

Reticuli in the Sun yeah yeah it makes

1475

01:06:36,170 --> 01:06:34,440

it yeah yeah yeah so that's the kind of

1476

01:06:39,830 --> 01:06:36,180

that's the kind of proof of the genesis

1477

01:06:42,050 --> 01:06:39,840

of the secret space program from there

1478

01:06:44,120 --> 01:06:42,060

you know it's you see a lot of things

1479

01:06:46,599 --> 01:06:44,130

about these weird projects that the

1480

01:06:48,770 --> 01:06:46,609

military on with these exotic aircraft

1481

01:06:50,810 --> 01:06:48,780

you know you can talk about different

1482

01:06:52,820 --> 01:06:50,820

kinds of engines for example there's a

1483

01:06:55,310 --> 01:06:52,830

thing called an aero spike engine this

1484

01:06:58,550 --> 01:06:55,320

thing only really works up above 60,000

1485

01:07:01,220 --> 01:06:58,560

feet right yeah you need to use a noble

1486

01:07:03,349 --> 01:07:01,230

turbine turbine engine to get it up to

1487

01:07:05,510 --> 01:07:03,359

50 around 50 thousand and you engage

1488

01:07:07,400 --> 01:07:05,520

this thing it kind of putts along the

1489

01:07:09,740 --> 01:07:07,410

once you get up to sixty it goes it just

1490

01:07:13,190 --> 01:07:09,750

goes and suppose the dinner aerospace

1491

01:07:16,790 --> 01:07:13,200

you can do like Mach 6 Maki damn in a

1492

01:07:19,130 --> 01:07:16,800

human inside the the craft it can can

1493

01:07:20,900 --> 01:07:19,140

stand us yeah I guess good family I

1494

01:07:23,870 --> 01:07:20,910

guess I guess if the acceleration is low

1495

01:07:25,970 --> 01:07:23,880

enough you can you know go that fast the

1496

01:07:27,830 --> 01:07:25,980

acceleration is yeah you're building up

1497

01:07:29,660 --> 01:07:27,840

yeah Wow

1498

01:07:31,070 --> 01:07:29,670

but but the other thing about it the

1499

01:07:33,260 --> 01:07:31,080

other thing about it right is that you

1500

01:07:35,030 --> 01:07:33,270

know you've got the laws are talking

1501

01:07:38,690 --> 01:07:35,040

about the Sportster model which is

1502

01:07:39,050 --> 01:07:38,700

basically you know an offshoot of the

1503

01:07:42,080 --> 01:07:39,060

orig

1504

01:07:43,730 --> 01:07:42,090

German engineering program so you know

1505

01:07:46,340 --> 01:07:43,740

there's all these different options once

1506

01:07:50,120 --> 01:07:46,350

you get it get into more modern era yeah

1507

01:07:52,010 --> 01:07:50,130

so okay can I can I kind of regroup is

1508

01:07:54,860 --> 01:07:52,020

it so we're kind of you you just

1509

01:07:56,990 --> 01:07:54,870

explained like the genesis as you said

1510

01:07:58,580 --> 01:07:57,000

just a second ago of the space secret

1511

01:08:00,950 --> 01:07:58,590

space program and now we're kind of like

1512

01:08:03,200 --> 01:08:00,960

okay here's all this backstory and now

1513

01:08:05,060 --> 01:08:03,210

we're I don't know what year are we at

1514

01:08:08,180 --> 01:08:05,070

are we it like in the in the 90s and

1515

01:08:10,880 --> 01:08:08,190

like oh you're Bob let's okay cool so

1516

01:08:15,680 --> 01:08:10,890

what 80s if my bubbles are came out in

1517

01:08:17,180 --> 01:08:15,690

89 so then Mike I don't know if you know

1518

01:08:19,579 --> 01:08:17,190

this through your research but maybe

1519

01:08:21,020 --> 01:08:19,589

it's just I'd be curious what your

1520

01:08:23,300 --> 01:08:21,030

opinion is or maybe you know a little

1521

01:08:25,250 --> 01:08:23,310

bit more but do you think that Bob Lazar

1522

01:08:26,960 --> 01:08:25,260

you know not knowing you know this that

1523

01:08:28,670 --> 01:08:26,970

our government spending all this cash

1524

01:08:30,829 --> 01:08:28,680

trying to learn what this propulsion

1525

01:08:34,010 --> 01:08:30,839

technology is do you think it could have

1526

01:08:36,740 --> 01:08:34,020

been a human-made craft or do you think

1527

01:08:39,920 --> 01:08:36,750

it was definitely extraterrestrial you

1528

01:08:40,520 --> 01:08:39,930

know the jury's still out so I've met

1529

01:08:43,670 --> 01:08:40,530

Lazar

1530

01:08:47,720 --> 01:08:43,680

he's a very nice very nice guy I love

1531

01:08:51,260 --> 01:08:47,730

Bobby's the great guy yeah yeah he's

1532

01:08:54,559 --> 01:08:51,270

very quiet very shy but until he's

1533

01:08:58,270 --> 01:08:54,569

blowing stuff up but this is the way

1534

01:09:01,610 --> 01:08:58,280

that I would I would posit it to you I

1535

01:09:05,270 --> 01:09:01,620

think Bob Lazar told you exactly what he

1536

01:09:07,550 --> 01:09:05,280

understood he told you exactly what he

1537

01:09:10,040 --> 01:09:07,560

knows that doesn't mean that what they

1538

01:09:13,160 --> 01:09:10,050

taught was true and was already been

1539

01:09:16,309 --> 01:09:13,170

says this it you know it being an alien

1540

01:09:18,290 --> 01:09:16,319

craft and all that crap that may or may

1541

01:09:23,120 --> 01:09:18,300

not be true he has no way of knowing

1542

01:09:24,829 --> 01:09:23,130

right yeah right so it could be a back

1543

01:09:27,740 --> 01:09:24,839

engineered alien craft it could be a

1544

01:09:30,380 --> 01:09:27,750

back engineer ultra sophisticated German

1545

01:09:32,270 --> 01:09:30,390

craft right yeah I could it could just

1546

01:09:33,920 --> 01:09:32,280

be I mean one of the examples that that

1547

01:09:35,990 --> 01:09:33,930

Bob Lazar is given is like if you throw

1548

01:09:38,150 --> 01:09:36,000

a motorcycle in a couple hundred years

1549

01:09:40,610 --> 01:09:38,160

ago or you're like you know five hundred

1550

01:09:42,770 --> 01:09:40,620

years it didn't take a wristwatch back

1551

01:09:44,840 --> 01:09:42,780

to the Stone Age it doesn't mean that

1552

01:09:48,440 --> 01:09:44,850

it's extraterrestrial it's just like I

1553

01:09:50,660 --> 01:09:48,450

don't know exactly it could be at that

1554

01:09:51,990 --> 01:09:50,670

time that there's maybe the scientists

1555

01:09:56,040 --> 01:09:52,000

that created that if it

1556

01:09:59,370 --> 01:09:56,050

was a us-based person they just you know

1557

01:10:01,530 --> 01:09:59,380

maybe they died mysteriously a German so

1558

01:10:05,430 --> 01:10:01,540

yeah if it was German and then they said

1559

01:10:06,480 --> 01:10:05,440

oh yeah so they're just like we're not

1560

01:10:09,030 --> 01:10:06,490

gonna share with you how this thing

1561

01:10:12,930 --> 01:10:09,040

works so we're trying to figure it out

1562

01:10:15,750 --> 01:10:12,940

doesn't necessarily and the other thing

1563

01:10:17,280 --> 01:10:15,760

you have to remember is that if they put

1564

01:10:20,460 --> 01:10:17,290

it out there if they tell him it's an

1565

01:10:22,440 --> 01:10:20,470

alien vehicle the you know if he does

1566

01:10:24,660 --> 01:10:22,450

decide to go public what she decided to

1567

01:10:26,040 --> 01:10:24,670

do then people are gonna laugh at him at

1568

01:10:28,560 --> 01:10:26,050

least at that time and say oh that's

1569

01:10:31,230 --> 01:10:28,570

ridiculous by what kind of crack are you

1570

01:10:33,720 --> 01:10:31,240

smoking you know now not so much

1571

01:10:37,110 --> 01:10:33,730

right but you know it may have been

1572

01:10:38,970 --> 01:10:37,120

embedded disinformation so I do believe

1573

01:10:41,730 --> 01:10:38,980

that we have these vehicles I mean you

1574

01:10:45,240 --> 01:10:41,740

know my my ex-wife and my my oldest son

1575

01:10:46,920 --> 01:10:45,250

actually saw basically a rectangle fly

1576

01:10:50,940 --> 01:10:46,930

down we have a lot of weird stuff that

1577

01:10:52,740 --> 01:10:50,950

flies in our our skies here but they saw

1578

01:10:56,640 --> 01:10:52,750

along with about five other people that

1579

01:11:02,520 --> 01:10:56,650

I know they saw a rectangle like a like

1580

01:11:05,220 --> 01:11:02,530

a cube like a block with no no control

1581

01:11:08,490 --> 01:11:05,230

surfaces no wings no nothing fly very

1582

01:11:11,370 --> 01:11:08,500

quietly down my valley Wow

1583

01:11:14,250 --> 01:11:11,380

yeah and kind of income in the evening

1584

01:11:15,690 --> 01:11:14,260

and I trust them both implicitly and I

1585

01:11:17,220 --> 01:11:15,700

know they're not lying and they vote

1586

01:11:18,870 --> 01:11:17,230

through the same thing independent of

1587

01:11:20,880 --> 01:11:18,880

each other along with five other people

1588

01:11:23,370 --> 01:11:20,890

that I know that saw it as well I've

1589

01:11:23,850 --> 01:11:23,380

also seen I saw 14 of them with my

1590

01:11:27,540 --> 01:11:23,860

ex-wife

1591

01:11:30,330 --> 01:11:27,550

I saw 14 of them have a dogfight over a

1592

01:11:32,160 --> 01:11:30,340

town in a little town called Dixon

1593

01:11:34,320 --> 01:11:32,170

watched them for over an hour have a

1594

01:11:37,080 --> 01:11:34,330

dogfight then they then they made

1595

01:11:39,990 --> 01:11:37,090

triangles and squares and circles and

1596

01:11:41,640 --> 01:11:40,000

whatever so these things do exist you

1597

01:11:44,400 --> 01:11:41,650

know it's impossible to know exactly

1598

01:11:47,340 --> 01:11:44,410

what they are right right but they do

1599

01:11:49,080 --> 01:11:47,350

definitely exist tom so you you witness

1600

01:11:52,050 --> 01:11:49,090

these craft change shape from a

1601
01:11:55,350 --> 01:11:52,060
rectangular prism they were no they were

1602
01:11:55,970 --> 01:11:55,360
flying in as perfect square God got it

1603
01:11:58,640 --> 01:11:55,980
yeah

1604
01:12:02,570 --> 01:11:58,650
got it and in a trial now what it did

1605
01:12:04,730 --> 01:12:02,580
see is the two of them peeled off and in

1606
01:12:08,690 --> 01:12:04,740
for a lot of reasons deafened do a

1607
01:12:11,630 --> 01:12:08,700
geology Dixon as a town is a very good

1608
01:12:14,210 --> 01:12:11,640
place to do to have radio transmitters

1609
01:12:16,730 --> 01:12:14,220
and so actually the voice of America an

1610
01:12:19,370 --> 01:12:16,740
old American propaganda station that we

1611
01:12:22,760 --> 01:12:19,380
used to beam stuff out into Asia and

1612
01:12:24,890 --> 01:12:22,770
into Russia their primary transmitter

1613
01:12:27,290 --> 01:12:24,900

for the west coast is actually in Dixon

1614

01:12:31,000 --> 01:12:27,300

the other of these two radio masts about

1615

01:12:34,790 --> 01:12:31,010

15 miles apart and we watched for

1616

01:12:37,160 --> 01:12:34,800

probably 45 minutes these two craft go

1617

01:12:39,290 --> 01:12:37,170

back and forth doing like wind sprints

1618

01:12:41,240 --> 01:12:39,300

back and forth between these two towers

1619

01:12:43,550 --> 01:12:41,250

and in the moonlight you can actually

1620

01:12:45,500 --> 01:12:43,560

see them roll over and when they would

1621

01:12:52,070 --> 01:12:45,510

roll over and come back they were

1622

01:12:53,450 --> 01:12:52,080

triangles so you know I don't know you

1623

01:12:55,280 --> 01:12:53,460

know it makes me think that like you

1624

01:12:57,560 --> 01:12:55,290

know like we were talking about Bob

1625

01:13:01,400 --> 01:12:57,570

Lazar and whatever he was looking at you

1626

01:13:03,110 --> 01:13:01,410

know maybe maybe it could be you know an

1627

01:13:06,350 --> 01:13:03,120

extraterrestrial spacecraft it's

1628

01:13:09,380 --> 01:13:06,360

possible or maybe maybe it is just like

1629

01:13:11,480 --> 01:13:09,390

a craft that was you know maybe reverse

1630

01:13:13,760 --> 01:13:11,490

engineered or something from like you

1631

01:13:15,350 --> 01:13:13,770

know the old school secret space program

1632

01:13:16,370 --> 01:13:15,360

that you know they found is they were

1633

01:13:17,720 --> 01:13:16,380

trying to figure it out

1634

01:13:21,590 --> 01:13:17,730

it just kind of makes me wonder like

1635

01:13:23,660 --> 01:13:21,600

does that I mean is is that how deep I

1636

01:13:25,580 --> 01:13:23,670

guess or compartmentalize like maybe

1637

01:13:30,050 --> 01:13:25,590

these programs are that the government

1638

01:13:32,300 --> 01:13:30,060

is studying stuff that certain people

1639

01:13:34,760 --> 01:13:32,310

already know about you know like maybe

1640

01:13:38,740 --> 01:13:34,770

there's some guy in a room he's like no

1641

01:13:41,120 --> 01:13:38,750

this is but you know we're gonna spin

1642

01:13:44,030 --> 01:13:41,130

explain I once knew a guy who was a

1643

01:13:47,150 --> 01:13:44,040

machinist I worked in a machine machine

1644

01:13:49,760 --> 01:13:47,160

shop over in Livermore and these guys

1645

01:13:52,040 --> 01:13:49,770

had this this phenomenal contract with

1646

01:13:54,080 --> 01:13:52,050

the Navy and basically what they did is

1647

01:13:56,210 --> 01:13:54,090

they built a bolt that's all they

1648

01:13:58,820 --> 01:13:56,220

thought it was a bolt had to be cuts the

1649

01:14:00,530 --> 01:13:58,830

custom machined out of titanium so they

1650

01:14:02,270 --> 01:14:00,540

would make these bolts they're very big

1651
01:14:04,130 --> 01:14:02,280
bolts but they would custom machine

1652
01:14:06,980 --> 01:14:04,140
these bolts and they would just make

1653
01:14:08,870 --> 01:14:06,990
copious amounts of these bolts but they

1654
01:14:09,679 --> 01:14:08,880
didn't know what the bolts were for the

1655
01:14:11,839 --> 01:14:09,689
whole contract

1656
01:14:12,979 --> 01:14:11,849
was to make a bowl well it turns out

1657
01:14:15,229 --> 01:14:12,989
that the bolts that they were

1658
01:14:17,330 --> 01:14:15,239
manufacturing were actually used on

1659
01:14:20,270 --> 01:14:17,340
nuclear reactors and submarines to bolt

1660
01:14:23,419 --> 01:14:20,280
them into the housing but they had no

1661
01:14:25,129 --> 01:14:23,429
idea so each part of the nuclear reactor

1662
01:14:27,679 --> 01:14:25,139
was farmed out to a different group of

1663
01:14:29,719 --> 01:14:27,689

people and only once the the thing

1664

01:14:31,759 --> 01:14:29,729

became Declassified did they learn oh

1665

01:14:34,040 --> 01:14:31,769

well I made a bolt that fitted to a

1666

01:14:35,719 --> 01:14:34,050

nuclear reactor huh I mean yeah that's

1667

01:14:39,500 --> 01:14:35,729

how I would do it if I was trying to

1668

01:14:41,449 --> 01:14:39,510

keep spills away yeah I man so I

1669

01:14:43,310 --> 01:14:41,459

wondered you know now that you say that

1670

01:14:44,979 --> 01:14:43,320

I wonder how many facilities and

1671

01:14:47,739 --> 01:14:44,989

manufacturers around the world are

1672

01:14:53,839 --> 01:14:47,749

manufacturing parts and pieces for

1673

01:14:55,969 --> 01:14:53,849

secret space program and I'll give you

1674

01:14:58,520 --> 01:14:55,979

another one so going back to alternative

1675

01:15:01,250 --> 01:14:58,530

three right one of the notions of

1676

01:15:02,870 --> 01:15:01,260

alternative 3 you know to actually like

1677

01:15:04,669 --> 01:15:02,880

figure out what they're flying is

1678

01:15:07,250 --> 01:15:04,679

incredibly difficult because these

1679

01:15:09,830 --> 01:15:07,260

things are such black-budget operations

1680

01:15:12,439 --> 01:15:09,840

and they they use so back in the 80s

1681

01:15:15,080 --> 01:15:12,449

there's a big bruja that we were paying

1682

01:15:16,669 --> 01:15:15,090

the Air Force in the Army you know five

1683

01:15:19,580 --> 01:15:16,679

thousand dollars for a twenty dollar

1684

01:15:22,219 --> 01:15:19,590

toilet seat yeah well they do that over

1685

01:15:23,540 --> 01:15:22,229

at that time they were doing that over

1686

01:15:25,879 --> 01:15:23,550

billing because they were taking the

1687

01:15:27,859 --> 01:15:25,889

rest of the money and shutting shunting

1688

01:15:29,629 --> 01:15:27,869

it into these compartmentalized programs

1689

01:15:31,399 --> 01:15:29,639

hmm so they would over build for the

1690

01:15:32,779 --> 01:15:31,409

toilet seat they'd take the other you

1691

01:15:34,989 --> 01:15:32,789

know forty five hundred bucks and they

1692

01:15:37,939 --> 01:15:34,999

put it in into a program out of Lockheed

1693

01:15:43,040 --> 01:15:37,949

right yeah just like the Aurora program

1694

01:15:44,719 --> 01:15:43,050

yeah well other interest industries have

1695

01:15:46,759 --> 01:15:44,729

done that like film they call I think

1696

01:15:48,979 --> 01:15:46,769

I'm gonna totally screw this up but

1697

01:15:51,830 --> 01:15:48,989

there's a thing that they put on all of

1698

01:15:53,509 --> 01:15:51,840

the bills like it's called m99 but no

1699

01:15:55,729 --> 01:15:53,519

one knows when m99 but it's actually

1700

01:15:57,919 --> 01:15:55,739

just closed pens and they charge like 20

1701

01:16:01,540 --> 01:15:57,929

bucks a clothespin so they get extra

1702

01:16:03,919 --> 01:16:01,550

funding so it's the same concept same

1703

01:16:06,259 --> 01:16:03,929

concept and you have to remember is that

1704

01:16:09,080 --> 01:16:06,269

these things are so highly

1705

01:16:11,629 --> 01:16:09,090

compartmentalized that nobody knows what

1706

01:16:13,729 --> 01:16:11,639

they're working on and you know it's not

1707

01:16:15,290 --> 01:16:13,739

beyond the pale that that Lockheed it

1708

01:16:18,350 --> 01:16:15,300

would have been running that operation

1709

01:16:22,370 --> 01:16:18,360

if it was at s4 walkie gave him some

1710

01:16:23,660 --> 01:16:22,380

sort of you know cover story because the

1711

01:16:26,270 --> 01:16:23,670

the guy that told them

1712

01:16:30,110 --> 01:16:26,280

we thought that it was true too and and

1713

01:16:32,960 --> 01:16:30,120

the CIA the CIA used UFOs as a cover

1714

01:16:35,090 --> 01:16:32,970

story for the a12 it was the original

1715

01:16:37,340 --> 01:16:35,100

sr-71 that was operating at a groom lake

1716

01:16:39,590 --> 01:16:37,350

so though that's proven like they

1717

01:16:41,660 --> 01:16:39,600

definitely said hey this was a oh yeah

1718

01:16:45,610 --> 01:16:41,670

this was aliens and then it was actually

1719

01:16:48,290 --> 01:16:45,620

just a black budget yeah yeah

1720

01:16:50,150 --> 01:16:48,300

interesting you know now going going

1721

01:16:51,920 --> 01:16:50,160

back to alternative three so one of the

1722

01:16:55,460 --> 01:16:51,930

things they talked about an alternative

1723

01:16:57,560 --> 01:16:55,470

three is it you need slave effectively

1724

01:16:59,960 --> 01:16:57,570

slave labor to men some of these

1725

01:17:01,790 --> 01:16:59,970

facilities right you know the people

1726

01:17:04,100 --> 01:17:01,800

doing that the sewage systems the

1727

01:17:05,870 --> 01:17:04,110

electrical systems all this stuff you

1728

01:17:07,550 --> 01:17:05,880

know the maids clean you know mopping

1729

01:17:09,470 --> 01:17:07,560

the floor and all that conventional

1730

01:17:11,720 --> 01:17:09,480

stuff you still need that even though

1731

01:17:16,610 --> 01:17:11,730

it's on Mars right right yeah though and

1732

01:17:18,470 --> 01:17:16,620

in so in alternative three they call it

1733

01:17:21,260 --> 01:17:18,480

batch consignments they basically kidnap

1734

01:17:22,970 --> 01:17:21,270

people and ship them up there yeah and

1735

01:17:24,830 --> 01:17:22,980

so I thought to myself you know aside

1736

01:17:26,900 --> 01:17:24,840

from places like Africa where entire

1737

01:17:29,090 --> 01:17:26,910

villages will vanish and nobody can

1738

01:17:32,660 --> 01:17:29,100

explain it they're just gone you know

1739

01:17:35,060 --> 01:17:32,670

there has to be some way to see if that

1740

01:17:41,030 --> 01:17:35,070

consignments are taking place and so I

1741

01:17:43,250 --> 01:17:41,040

got a I got a copy a PD or JPEG of the

1742

01:17:46,250 --> 01:17:43,260

map that David Pauley's Pollock Pauly

1743

01:17:48,740 --> 01:17:46,260

D's he uses to document were all these

1744

01:17:52,640 --> 01:17:48,750

disappearances on national parks right

1745

01:17:55,010 --> 01:17:52,650

oh yeah yeah right so I over so I

1746

01:17:56,900 --> 01:17:55,020

overlaid it I overlaid it on top of the

1747

01:18:00,530 --> 01:17:56,910

map made by this guy named tall in like

1748

01:18:02,300 --> 01:18:00,540

1991 and tall had supposedly been told

1749

01:18:05,420 --> 01:18:02,310

about all these super-secret saucer

1750

01:18:07,340 --> 01:18:05,430

bases all over all over the US and he

1751

01:18:09,140 --> 01:18:07,350

had this map of the western states with

1752

01:18:11,450 --> 01:18:09,150

all the underground rail lines and all

1753

01:18:14,540 --> 01:18:11,460

this stuff so I overlaid it and wouldn't

1754

01:18:17,300 --> 01:18:14,550

you know that pretty much bang on those

1755

01:18:24,260 --> 01:18:17,310

clusters of disappearances sit where

1756

01:18:26,120 --> 01:18:24,270

they're supposedly saucer bases so what

1757

01:18:27,620 --> 01:18:26,130

did when you did this was it just kind

1758

01:18:30,650 --> 01:18:27,630

of like you kind of knew it was gonna

1759

01:18:32,240 --> 01:18:30,660

line up or was it a complete surprise it

1760

01:18:34,580 --> 01:18:32,250

was a surprise I just thought what the

1761

01:18:36,110 --> 01:18:34,590

hell I'll give it a shot Wow

1762

01:18:37,160 --> 01:18:36,120

so what do you do after you you come

1763

01:18:39,800 --> 01:18:37,170

across this information

1764

01:18:43,120 --> 01:18:39,810

like who do you tell like putting myself

1765

01:18:45,020 --> 01:18:43,130

in the world a book okay there you go

1766

01:18:47,750 --> 01:18:45,030

what's the name of the book for people

1767

01:18:50,150 --> 01:18:47,760

that are listening and when I read it's

1768

01:18:53,270 --> 01:18:50,160

called the secret Space Age man that's

1769

01:18:55,490 --> 01:18:53,280

awesome Wow so so all this stuff is just

1770

01:18:57,860 --> 01:18:55,500

deep-rooted this is all just evidence

1771

01:19:00,169 --> 01:18:57,870

and things that you're leading up to

1772

01:19:01,610 --> 01:19:00,179

there is a secret space program here's

1773

01:19:03,650 --> 01:19:01,620

all the evidence here's all the stuff I

1774

01:19:05,810 --> 01:19:03,660

can prove but here's the genesis of it

1775

01:19:07,100 --> 01:19:05,820

yeah and I'll give you another one you

1776

01:19:10,910 --> 01:19:07,110

want a really great one that'll blow

1777

01:19:13,459 --> 01:19:10,920

your mind so you know the chemtrail

1778

01:19:15,410 --> 01:19:13,469

thing right yeah yeah okay so everybody

1779

01:19:18,080 --> 01:19:15,420

chemtrail chemtrail chemtrail chemtrail

1780

01:19:19,810 --> 01:19:18,090

well there's an aircraft fleet there's a

1781

01:19:23,080 --> 01:19:19,820

chemtrail fleet out there and whatever

1782

01:19:26,540 --> 01:19:23,090

no there's no chemtrail fleet so

1783

01:19:29,780 --> 01:19:26,550

basically they mix this this stuff into

1784

01:19:31,850 --> 01:19:29,790

the fuel so every every commercial

1785

01:19:33,890 --> 01:19:31,860

airliner is part of the chemtrails Lee

1786

01:19:36,590 --> 01:19:33,900

seems they just randomly mix it into the

1787

01:19:39,590 --> 01:19:36,600

fuel there's actually there's actually a

1788

01:19:42,320 --> 01:19:39,600

patent for an engine and what the engine

1789

01:19:45,200 --> 01:19:42,330

in the patent for this engine it's a

1790

01:19:46,600 --> 01:19:45,210

modification to a normal turbine engine

1791

01:19:50,930 --> 01:19:46,610

for any airliner

1792

01:19:51,350 --> 01:19:50,940

okay okay 320 a 320 whatever doesn't

1793

01:19:53,810 --> 01:19:51,360

matter

1794

01:19:56,530 --> 01:19:53,820

so this modification to the engine

1795

01:19:59,900 --> 01:19:56,540

basically allows you to separate

1796

01:20:03,410 --> 01:19:59,910

material inside the fuel and to build to

1797

01:20:06,350 --> 01:20:03,420

shunt it out the side lot so the normal

1798

01:20:09,169 --> 01:20:06,360

the normal jp-7 the jet fuel goes into

1799

01:20:12,260 --> 01:20:09,179

the engine combust turbine yadda yadda

1800

01:20:14,750 --> 01:20:12,270

well there's a there's a mechanism that

1801
01:20:17,450 --> 01:20:14,760
is patented that allows you to separate

1802
01:20:19,760 --> 01:20:17,460
certain things out of the fuel and blow

1803
01:20:22,250 --> 01:20:19,770
them out the side that's exactly what

1804
01:20:25,040 --> 01:20:22,260
the what it's doing now I know the big

1805
01:20:26,240 --> 01:20:25,050
here's here's where it gets better so

1806
01:20:28,040 --> 01:20:26,250
you're wondering well what are

1807
01:20:29,840 --> 01:20:28,050
chemtrails nobody has ever been able to

1808
01:20:32,450 --> 01:20:29,850
conclusively prove what a goddamn chem

1809
01:20:37,450 --> 01:20:32,460
trail is Yeah right we just know that we

1810
01:20:40,010 --> 01:20:37,460
see them blah blah okay so in the 80s

1811
01:20:42,650 --> 01:20:40,020
dr. Edward Teller the guy who invented

1812
01:20:44,870 --> 01:20:42,660
the hydrogen bomb uh-huh teller teller

1813
01:20:48,410 --> 01:20:44,880

wrote a article called sunscreen for the

1814

01:20:50,900 --> 01:20:48,420

planet Earth and basically what he

1815

01:20:53,720 --> 01:20:50,910

hypothesized was that if you

1816

01:20:56,660 --> 01:20:53,730

you took metallic particulate like

1817

01:20:58,220 --> 01:20:56,670

aluminium dumped it at high altitude it

1818

01:21:01,670 --> 01:20:58,230

would change the reflectivity of the

1819

01:21:04,190 --> 01:21:01,680

earth to cool it to reflect all the

1820

01:21:08,720 --> 01:21:04,200

sunlight out okay and he thought this

1821

01:21:11,810 --> 01:21:08,730

was fantastic so what you see I call

1822

01:21:14,660 --> 01:21:11,820

this alternative 1.5 what you see is

1823

01:21:16,040 --> 01:21:14,670

that if you actually look okay so

1824

01:21:17,360 --> 01:21:16,050

there's this thing called global dimming

1825

01:21:19,310 --> 01:21:17,370

if you ever want to prove that

1826

01:21:21,650 --> 01:21:19,320

chemtrails are real there's this thing

1827

01:21:24,530 --> 01:21:21,660

called global dimming so what happened

1828

01:21:26,780 --> 01:21:24,540

was is it right after 9/11 happened a

1829

01:21:28,310 --> 01:21:26,790

bunch of atmospheric scientists ran

1830

01:21:30,050 --> 01:21:28,320

outside and said oh my god there are no

1831

01:21:31,640 --> 01:21:30,060

airplanes in the air because all

1832

01:21:34,190 --> 01:21:31,650

aircraft did pretty much over North

1833

01:21:36,950 --> 01:21:34,200

America were shut down yeah for a few

1834

01:21:39,020 --> 01:21:36,960

days right right I remember that right

1835

01:21:41,300 --> 01:21:39,030

and so these guys all went outside

1836

01:21:42,650 --> 01:21:41,310

they're like oh my god this is a unique

1837

01:21:43,010 --> 01:21:42,660

thing that's never ever gonna happen

1838

01:21:46,430 --> 01:21:43,020

again

1839

01:21:48,350 --> 01:21:46,440

I hope I pray but that should never

1840

01:21:50,150 --> 01:21:48,360

happen again we got to take a bunch of

1841

01:21:52,760 --> 01:21:50,160

measurements and they they proved

1842

01:21:54,830 --> 01:21:52,770

conclusively that the temperature of the

1843

01:21:57,620 --> 01:21:54,840

earth the temperature in the United

1844

01:21:59,770 --> 01:21:57,630

States at least rose by about one I

1845

01:22:04,160 --> 01:21:59,780

think was like one degree or two degrees

1846

01:22:07,790 --> 01:22:04,170

which is huge which is massive and and

1847

01:22:09,530 --> 01:22:07,800

the amount of light coming down to the

1848

01:22:11,840 --> 01:22:09,540

surface of the earth increased

1849

01:22:14,270 --> 01:22:11,850

exponentially so if you've ever thought

1850

01:22:16,820 --> 01:22:14,280

yourself gosh it seems a lot darker than

1851

01:22:20,360 --> 01:22:16,830

it used to when I was a kid it actually

1852

01:22:21,980 --> 01:22:20,370

is it's yeah it's scientifically proven

1853

01:22:23,900 --> 01:22:21,990

and one they called global dimming and

1854

01:22:25,610 --> 01:22:23,910

what it's one of the side effects of

1855

01:22:29,840 --> 01:22:25,620

this shroud that they've created

1856

01:22:31,370 --> 01:22:29,850

worldwide so I'm thinking about just the

1857

01:22:32,810 --> 01:22:31,380

ramifications of that does that mean

1858

01:22:35,060 --> 01:22:32,820

that okay

1859

01:22:36,560 --> 01:22:35,070

the powers that be know about this and

1860

01:22:39,410 --> 01:22:36,570

they've been just staving off the

1861

01:22:41,690 --> 01:22:39,420

effects just so we keep this economy in

1862

01:22:43,820 --> 01:22:41,700

this engine running just so we can keep

1863

01:22:47,090 --> 01:22:43,830

I mean what's the well what else are you

1864

01:22:49,370 --> 01:22:47,100

gonna do yeah you're screwed what are

1865

01:22:51,440 --> 01:22:49,380

you gonna do you can't move everybody so

1866

01:22:54,410 --> 01:22:51,450

so what what brings me to this question

1867

01:22:56,540 --> 01:22:54,420

is do you think there's a a civilization

1868

01:22:58,820 --> 01:22:56,550

that did exist in the 50s and just

1869

01:23:00,860 --> 01:22:58,830

jumped planets and then now we're just

1870

01:23:03,290 --> 01:23:00,870

kind of left here to pick up the pieces

1871

01:23:04,640 --> 01:23:03,300

and then some other you know another

1872

01:23:07,370 --> 01:23:04,650

City

1873

01:23:09,380 --> 01:23:07,380

I think the infrastructure went there in

1874

01:23:12,500 --> 01:23:09,390

the 50s and has been upgraded ever since

1875

01:23:15,530 --> 01:23:12,510

okay so so I mean it would only make

1876

01:23:18,140 --> 01:23:15,540

sense like maybe some elite people so

1877

01:23:20,750 --> 01:23:18,150

you know the top 1% the top point five

1878

01:23:23,720 --> 01:23:20,760

percent would say hey take all my money

1879

01:23:25,640 --> 01:23:23,730

y'all can have it I'm gonna jump ship go

1880

01:23:27,920 --> 01:23:25,650

to Mars if y'all got some stuff there I

1881

01:23:29,960 --> 01:23:27,930

just want to live you know and and and

1882

01:23:31,820 --> 01:23:29,970

you know leave and think I think the

1883

01:23:34,490 --> 01:23:31,830

infrastructure is there to do that when

1884

01:23:37,400 --> 01:23:34,500

the time comes okay okay now I'll give

1885

01:23:40,250 --> 01:23:37,410

you know I'll get to that but I wanted

1886

01:23:43,880 --> 01:23:40,260

to mention one thing before that it was

1887

01:23:49,430 --> 01:23:43,890

about the global domain yes everyone

1888

01:23:51,470 --> 01:23:49,440

sorry oh no that's okay oh yeah so the

1889

01:23:54,500 --> 01:23:51,480

idea was to dump this particulate in the

1890

01:23:57,020 --> 01:23:54,510

upper atmosphere right so one of the

1891

01:23:58,880 --> 01:23:57,030

things one of the things that's a

1892

01:24:00,530 --> 01:23:58,890

byproduct of that is it eventually falls

1893

01:24:03,470 --> 01:24:00,540

through the earth and you inhale it yeah

1894

01:24:04,580 --> 01:24:03,480

and it if you so there are two graphs I

1895

01:24:06,470 --> 01:24:04,590

put them in the book but they're very

1896

01:24:09,140 --> 01:24:06,480

interesting one one shows the

1897

01:24:11,900 --> 01:24:09,150

temperature that was rising suddenly

1898

01:24:14,600 --> 01:24:11,910

fall off in the 50s and kind of

1899

01:24:17,090 --> 01:24:14,610

stabilized with a few spikes okay all

1900

01:24:18,770 --> 01:24:17,100

this stuff happens in the late 50s the

1901

01:24:21,520 --> 01:24:18,780

second thing is if you look at the rate

1902

01:24:24,620 --> 01:24:21,530

of Alzheimer's disease which is is

1903

01:24:28,490 --> 01:24:24,630

aluminum in your brain it exponentially

1904

01:24:31,490 --> 01:24:28,500

increases over time mmm and the ark the

1905

01:24:34,700 --> 01:24:31,500

ark the the pits and the valleys kind of

1906

01:24:36,380 --> 01:24:34,710

match the temperature so when you when

1907

01:24:38,390 --> 01:24:36,390

they're dumping more of this stuff up

1908

01:24:40,610 --> 01:24:38,400

there to try to control the temperature

1909

01:24:45,020 --> 01:24:40,620

and the weather you're you're seeing a

1910

01:24:45,980 --> 01:24:45,030

higher rate of Alzheimer's occur that's

1911

01:24:53,930 --> 01:24:45,990

huge

1912

01:24:56,660 --> 01:24:53,940

right so when people talk about how like

1913

01:24:58,520 --> 01:24:56,670

you know like obviously cars and all

1914

01:25:00,950 --> 01:24:58,530

this stuff they contribute to climate

1915

01:25:02,780 --> 01:25:00,960

change and like oh oh one other thing

1916

01:25:04,450 --> 01:25:02,790

so when so the other thing I forgot is

1917

01:25:07,370 --> 01:25:04,460

that if you look at the same thing for

1918

01:25:09,440 --> 01:25:07,380

this for the amount of light reaching

1919

01:25:13,430 --> 01:25:09,450

the surface of the earth starting in the

1920

01:25:14,300 --> 01:25:13,440

50s it goes down really whoa that's

1921

01:25:18,020 --> 01:25:14,310

crazy

1922

01:25:19,939 --> 01:25:18,030

very interesting yeah so so then like

1923

01:25:23,390 --> 01:25:19,949

I mean so then planes are actually

1924

01:25:24,979 --> 01:25:23,400

helping keep the planet cool but the

1925

01:25:27,399 --> 01:25:24,989

downside to that is that they're

1926

01:25:31,220 --> 01:25:27,409

spraying all this this crap all over us

1927

01:25:34,010 --> 01:25:31,230

yes but but it's the devil it's the

1928

01:25:36,049 --> 01:25:34,020

devil you know it's the double-edged

1929

01:25:37,879 --> 01:25:36,059

sword it's right what do you what do you

1930

01:25:39,229 --> 01:25:37,889

want do you want to burn to death or

1931

01:25:41,600 --> 01:25:39,239

would you rather go crazy

1932

01:25:44,029 --> 01:25:41,610

so why with that thought I think a

1933

01:25:47,029 --> 01:25:44,039

rational human being would be like I I'd

1934

01:25:48,379 --> 01:25:47,039

rather not burn to death like why why do

1935

01:25:50,839 --> 01:25:48,389

you think maybe the government is

1936

01:25:53,959 --> 01:25:50,849

dealing with or whoever's responsible

1937

01:25:55,760 --> 01:25:53,969

for this is kind of like hiding the fact

1938

01:25:58,720 --> 01:25:55,770

this even happened to you do you think

1939

01:26:00,979 --> 01:25:58,730

they're highly conscious yeah yeah yeah

1940

01:26:02,959 --> 01:26:00,989

I'll give you I'll give you another

1941

01:26:05,689 --> 01:26:02,969

example so you know these ghost cities

1942

01:26:08,149 --> 01:26:05,699

these Chinese ghost cities right oh yeah

1943

01:26:10,459 --> 01:26:08,159

yeah so if you look at the positions of

1944

01:26:12,379 --> 01:26:10,469

the Chinese ghost cities right because

1945

01:26:14,750 --> 01:26:12,389

the Chinese have all the manpower labor

1946

01:26:16,640 --> 01:26:14,760

in the world to build whatever the hell

1947

01:26:18,379 --> 01:26:16,650

they want because they just take a

1948

01:26:21,290 --> 01:26:18,389

million people and go build this I mean

1949

01:26:23,660 --> 01:26:21,300

for coronavirus they built they built an

1950

01:26:26,689 --> 01:26:23,670

entire thousand bed hospital in four

1951

01:26:28,520 --> 01:26:26,699

days damn yeah so they have these cities

1952

01:26:29,990 --> 01:26:28,530

that are scattered all over China that

1953

01:26:31,459 --> 01:26:30,000

are empty and they have a few people

1954

01:26:33,709 --> 01:26:31,469

live there like caretakers but they're

1955

01:26:36,500 --> 01:26:33,719

fully functional if you look at the

1956

01:26:39,229 --> 01:26:36,510

positions of those cities compared to

1957

01:26:42,020 --> 01:26:39,239

sea level rise the cities are basically

1958

01:26:44,410 --> 01:26:42,030

beachfront property property and if you

1959

01:26:47,750 --> 01:26:44,420

look at them relative to to an ice age

1960

01:26:50,540 --> 01:26:47,760

because when the climate finally goes

1961

01:26:52,729 --> 01:26:50,550

that it's going to get super hot and

1962

01:26:53,990 --> 01:26:52,739

then it's gonna get super cold because

1963

01:26:56,060 --> 01:26:54,000

the climate will collapse

1964

01:26:58,459 --> 01:26:56,070

I'll just get insanely cold and plunges

1965

01:27:00,620 --> 01:26:58,469

into an ice age yeah but when that

1966

01:27:03,410 --> 01:27:00,630

happens if you look at the positions of

1967

01:27:08,299 --> 01:27:03,420

the cities they're at the ice line where

1968

01:27:09,649 --> 01:27:08,309

the where the ice will come down to well

1969

01:27:11,899 --> 01:27:09,659

so they're like you know they're like in

1970

01:27:15,770 --> 01:27:11,909

a have ability zone for the entire

1971

01:27:17,720 --> 01:27:15,780

collapse sequence yeah so maybe explain

1972

01:27:20,240 --> 01:27:17,730

to people that are not familiar with

1973

01:27:22,100 --> 01:27:20,250

these Chinese ghost cities I mean I I've

1974

01:27:23,750 --> 01:27:22,110

seen them but I don't know maybe if you

1975

01:27:24,260 --> 01:27:23,760

could talk to a little bit about that a

1976

01:27:26,089 --> 01:27:24,270

lot

1977

01:27:29,359 --> 01:27:26,099

well they're they're basically cities

1978

01:27:31,700 --> 01:27:29,369

that the Chinese government built for

1979

01:27:33,839 --> 01:27:31,710

like a million people there

1980

01:27:35,370 --> 01:27:33,849

everything is there the schools are

1981

01:27:37,830 --> 01:27:35,380

there they're equipped they have

1982

01:27:40,709 --> 01:27:37,840

hospitals are equipped they have you

1983

01:27:42,899 --> 01:27:40,719

know they have shopping centers movie

1984

01:27:45,629 --> 01:27:42,909

theaters bowling alleys high-rise

1985

01:27:50,370 --> 01:27:45,639

apartments everything is there but

1986

01:27:52,950 --> 01:27:50,380

there's no people and so almost Buki

1987

01:27:54,600 --> 01:27:52,960

right and so what we're commonly told is

1988

01:27:56,459 --> 01:27:54,610

while they the Chinese government needed

1989

01:27:58,740 --> 01:27:56,469

something to do and they know their

1990

01:28:01,080 --> 01:27:58,750

population is increasing so rapidly that

1991

01:28:01,950 --> 01:28:01,090

they just built them well people don't

1992

01:28:05,250 --> 01:28:01,960

do stuff like that

1993

01:28:07,229 --> 01:28:05,260

the Chinese Chinese mentality is the one

1994

01:28:08,700 --> 01:28:07,239

the Chinese think about problems they

1995

01:28:11,280 --> 01:28:08,710

don't think about problems a year from

1996

01:28:13,260 --> 01:28:11,290

now they don't think about problems five

1997

01:28:15,959 --> 01:28:13,270

years from now just think about problems

1998

01:28:18,390 --> 01:28:15,969

50 years or a hundred years or 500 years

1999

01:28:21,629 --> 01:28:18,400

from now and they lay the groundwork to

2000

01:28:24,359 --> 01:28:21,639

do that so they're preparing for that

2001

01:28:27,979 --> 01:28:24,369

long term thinking to move a massive

2002

01:28:33,330 --> 01:28:27,989

amount of a population into these areas

2003

01:28:36,390 --> 01:28:33,340

right Wow yeah why would you do that

2004

01:28:37,950 --> 01:28:36,400

that makes total sense no I do want to

2005

01:28:40,200 --> 01:28:37,960

say that you know I do believe that some

2006

01:28:42,299 --> 01:28:40,210

UFOs are really I mean I'm not saying

2007

01:28:45,240 --> 01:28:42,309

they're all not but I like to follow the

2008

01:28:48,419 --> 01:28:45,250

valley kind of the conversation the jock

2009

01:28:51,689 --> 01:28:48,429

Valley in and jail and Hynek add there

2010

01:28:53,549 --> 01:28:51,699

were it's that 90% of them are things

2011

01:28:56,189 --> 01:28:53,559

that we can explain they're piloted by

2012

01:28:57,990 --> 01:28:56,199

people you know they're drones whatever

2013

01:29:01,379 --> 01:28:58,000

and then there's a 10% that's truly

2014

01:29:02,879 --> 01:29:01,389

anomalous and those are alien yeah but I

2015

01:29:04,950 --> 01:29:02,889

don't think they're coming I don't think

2016

01:29:07,080 --> 01:29:04,960

the blue chicken people do chickens fear

2017

01:29:09,089 --> 01:29:07,090

people simple people are coming down

2018

01:29:11,010 --> 01:29:09,099

from the sky to say I'm so glad you

2019

01:29:13,379 --> 01:29:11,020

reference there are no blue chicken

2020

01:29:16,080 --> 01:29:13,389

circle people out there yeah we're the

2021

01:29:25,560 --> 01:29:16,090

people that know that yeah just glad you

2022

01:29:28,169 --> 01:29:25,570

said that that's hilarious it's a sham

2023

01:29:29,850 --> 01:29:28,179

it's a it's a sham yeah and so that's I

2024

01:29:31,500 --> 01:29:29,860

guess that's that's the the story that I

2025

01:29:34,890 --> 01:29:31,510

was referring at the beginning of is

2026

01:29:36,600 --> 01:29:34,900

yeah we I was I feel duped you know but

2027

01:29:38,729 --> 01:29:36,610

it really you know hearing that story

2028

01:29:41,189 --> 01:29:38,739

kind of got me really interested in this

2029

01:29:43,709 --> 01:29:41,199

subject the secret space program but you

2030

01:29:44,890 --> 01:29:43,719

know it just kind of came out that a lot

2031

01:29:46,810 --> 01:29:44,900

of those ideas were

2032

01:29:48,100 --> 01:29:46,820

and from actual research and I think a

2033

01:29:51,010 --> 01:29:48,110

lot of that research might have been

2034

01:29:55,240 --> 01:29:51,020

booked you know you know you're you know

2035

01:29:57,850 --> 01:29:55,250

you're screwed when somebody who

2036

01:29:59,410 --> 01:29:57,860

shellman remain nameless who avoided me

2037

01:30:01,960 --> 01:29:59,420

like the plague

2038

01:30:04,120 --> 01:30:01,970

yeah publishes a picture and says oh my

2039

01:30:06,820 --> 01:30:04,130

god it's a Nazi it's a Nazi Space

2040

01:30:09,040 --> 01:30:06,830

Station on the moon and it's a swastika

2041

01:30:11,680 --> 01:30:09,050

look at that and it's actually a

2042

01:30:13,540 --> 01:30:11,690

freeze-frame from iron sky when that is

2043

01:30:15,880 --> 01:30:13,550

the blurry thing on this guide as the

2044

01:30:18,040 --> 01:30:15,890

proof you know you're screwed and

2045

01:30:23,010 --> 01:30:18,050

there's like a scene where a person's

2046

01:30:38,890 --> 01:30:36,730

that's like I said you know these

2047

01:30:41,290 --> 01:30:38,900

individual shall remain nameless right

2048

01:30:46,770 --> 01:30:41,300

right I wanted to make a shirt that said

2049

01:30:50,680 --> 01:30:49,390

well he's apparently trademarked all

2050

01:30:51,220 --> 01:30:50,690

this stuff so I don't want to get in

2051
01:30:58,690 --> 01:30:51,230
trouble

2052
01:30:59,920 --> 01:30:58,700
yeah supposedly but can you trademark we

2053
01:31:01,300 --> 01:30:59,930
have a couple of episodes of the

2054
01:31:03,250 --> 01:31:01,310
beginning when we just started this

2055
01:31:06,030 --> 01:31:03,260
podcast and we have to like go back and

2056
01:31:08,620 --> 01:31:06,040
explain like hey y'all we did not know

2057
01:31:12,220 --> 01:31:08,630
this guy was a fraud sorry

2058
01:31:13,720 --> 01:31:12,230
so I mean yeah it's good to hear someone

2059
01:31:15,550 --> 01:31:13,730
who's been into this for a really long

2060
01:31:17,890 --> 01:31:15,560
time kind of speak - yeah we don't have

2061
01:31:21,340 --> 01:31:17,900
to say names but look I I think I think

2062
01:31:23,710 --> 01:31:21,350
that if we if we say to ourselves hey we

2063
01:31:26,140 --> 01:31:23,720

can't build the pyramids hey we can't

2064

01:31:27,850 --> 01:31:26,150

get to the moon hey we can't get to Mars

2065

01:31:30,280 --> 01:31:27,860

I think we're shortchanging ourselves

2066

01:31:32,170 --> 01:31:30,290

absolutely as human beings we're

2067

01:31:33,970 --> 01:31:32,180

perfectly capable of building us

2068

01:31:37,050 --> 01:31:33,980

faithfully if that's what we want to do

2069

01:31:40,740 --> 01:31:37,060

right right so where do you think we are

2070

01:31:43,480 --> 01:31:40,750

today I mean do you think this is still

2071

01:31:45,550 --> 01:31:43,490

still going on do you think it kind of

2072

01:31:48,460 --> 01:31:45,560

died off I mean do you know I mean not

2073

01:31:51,220 --> 01:31:48,470

at all it's just more advanced more you

2074

01:31:55,170 --> 01:31:51,230

know more advanced far more

2075

01:31:58,189 --> 01:31:55,180

sophisticated man or far more covert

2076

01:32:00,830 --> 01:31:58,199

yeah I mean you know I

2077

01:32:03,709 --> 01:32:00,840

it's funny there's a very there's a very

2078

01:32:09,589 --> 01:32:03,719

famous thing that the buzz aldrin talks

2079

01:32:13,009 --> 01:32:09,599

about in a magnificent desolation and

2080

01:32:15,589 --> 01:32:13,019

buzz buzz aldrin said I love buzz you

2081

01:32:18,469 --> 01:32:15,599

know he's he's my kind of national hero

2082

01:32:20,810 --> 01:32:18,479

and I love this guy and so there are two

2083

01:32:23,660 --> 01:32:20,820

things about but so one he he went he

2084

01:32:25,250 --> 01:32:23,670

did this interview on c-span and he said

2085

01:32:27,649 --> 01:32:25,260

two things were very interesting one is

2086

01:32:30,229 --> 01:32:27,659

it the guy asked him hey where did you

2087

01:32:32,479 --> 01:32:30,239

get the name magnificent desolation and

2088

01:32:34,640 --> 01:32:32,489

he said he said that when he when he was

2089

01:32:36,229 --> 01:32:34,650

on the moon he's looking around and he

2090

01:32:38,540 --> 01:32:36,239

just kind of blows your mind and he said

2091

01:32:40,759 --> 01:32:38,550

he came back to earth and obviously he

2092

01:32:43,609 --> 01:32:40,769

got invited to a cocktail party I'm sure

2093

01:32:45,859 --> 01:32:43,619

he got invited to many yeah and somebody

2094

01:32:50,449 --> 01:32:45,869

somebody walked up to him and I said hey

2095

01:32:54,109 --> 01:32:50,459

buzz can you can you describe the moon

2096

01:32:59,149 --> 01:32:54,119

and he said and remember he's the guy

2097

01:33:08,689 --> 01:32:59,159

that the punched of Burt's a bro yeah I

2098

01:33:11,899 --> 01:33:08,699

was like you never said that he said

2099

01:33:14,000 --> 01:33:11,909

that his mind went completely blank he

2100

01:33:16,009 --> 01:33:14,010

blurted out magnificent desolation

2101

01:33:19,189 --> 01:33:16,019

he felt nauseous went to the bathroom

2102

01:33:21,140 --> 01:33:19,199

and vomited and that's a that's a

2103

01:33:23,120 --> 01:33:21,150

classic that's a classic mind control

2104

01:33:26,270 --> 01:33:23,130

response yeah I was gonna say it sounds

2105

01:33:28,640 --> 01:33:26,280

like control type stuff yeah but but so

2106

01:33:31,580 --> 01:33:28,650

I think I think that they already saw it

2107

01:33:34,580 --> 01:33:31,590

fully functional when they landed and

2108

01:33:36,979 --> 01:33:34,590

they were conditioned to not be able to

2109

01:33:39,830 --> 01:33:36,989

tell you what they saw now in the same

2110

01:33:42,859 --> 01:33:39,840

in the same interview right I actually

2111

01:33:49,279 --> 01:33:42,869

wrote an article about it in the same

2112

01:33:51,290 --> 01:33:49,289

interview this guy's like you know buzz

2113

01:33:52,850 --> 01:33:51,300

so you're a big fan of Mars Express and

2114

01:33:54,919 --> 01:33:52,860

going back to Mars I'm gonna we're going

2115

01:33:57,529 --> 01:33:54,929

to Mars I want every goes yes yes s and

2116

01:34:00,109 --> 01:33:57,539

he gets super excited and animated he

2117

01:34:02,239 --> 01:34:00,119

says well you know what do you think he

2118

01:34:05,120 --> 01:34:02,249

says look I'm gonna paraphrase he says

2119

01:34:07,399 --> 01:34:05,130

look there's some weird stuff there and

2120

01:34:10,129 --> 01:34:07,409

we need to go with people and go see

2121

01:34:12,040 --> 01:34:10,139

what this weird stuff is and he said you

2122

01:34:16,359 --> 01:34:12,050

know there's a monolith on one of the

2123

01:34:17,560 --> 01:34:16,369

moons on Mars on Phobos Phobos he says I

2124

01:34:20,589 --> 01:34:17,570

don't know who put it there

2125

01:34:22,750 --> 01:34:20,599

God the universe I don't know who put it

2126

01:34:24,069 --> 01:34:22,760

there but we need to go see it and we

2127

01:34:27,520 --> 01:34:24,079

need to figure out what this thing is

2128

01:34:29,500 --> 01:34:27,530

and right then right and he's getting

2129

01:34:31,180 --> 01:34:29,510

really excited right then the guy who

2130

01:34:33,220 --> 01:34:31,190

associate shows like yeah yeah oh we

2131

01:34:36,669 --> 01:34:33,230

have a phone call and this guy calls up

2132

01:34:37,990 --> 01:34:36,679

he's all Oh dr. Aldrin cuz he has a PhD

2133

01:34:40,390 --> 01:34:38,000

in mechanical engineering

2134

01:34:43,540 --> 01:34:40,400

dr. Aldrin you know you you worked on on

2135

01:34:45,129 --> 01:34:43,550

the on the the airlock system for the

2136

01:34:46,149 --> 01:34:45,139

International Space Station's can you

2137

01:34:48,280 --> 01:34:46,159

tell me all about it

2138

01:34:50,319 --> 01:34:48,290

and it was almost like calculated

2139

01:34:52,750 --> 01:34:50,329

because you can see buzz get like

2140

01:34:54,490 --> 01:34:52,760

confused for a minute and then kind of

2141

01:34:57,760 --> 01:34:54,500

kick kind of kicking an engineer buzz

2142

01:35:01,120 --> 01:34:57,770

right you know I think it's breaking

2143

01:35:03,700 --> 01:35:01,130

down now like I think I think by the

2144

01:35:06,069 --> 01:35:03,710

time those poor guys went I think him

2145

01:35:09,549 --> 01:35:06,079

and because remember they landed off

2146

01:35:13,750 --> 01:35:09,559

target if you if you listen to the to

2147

01:35:15,879 --> 01:35:13,760

the module descent what you hear is Neil

2148

01:35:18,280 --> 01:35:15,889

Armstrong's flying the thing and he's

2149

01:35:23,189 --> 01:35:18,290

like okay buzz read me the read me the

2150

01:35:25,270 --> 01:35:23,199

the fuel consumption and altitude and so

2151

01:35:27,399 --> 01:35:25,280

Aldrin is reading off the fuel

2152

01:35:28,870 --> 01:35:27,409

consumption and altitude because they're

2153

01:35:32,770 --> 01:35:28,880

off target and they're running out of

2154

01:35:34,510 --> 01:35:32,780

fuel and so Oh so Neil Armstrong is just

2155

01:35:37,990 --> 01:35:34,520

trying to put the baby down somewhere I

2156

01:35:40,899 --> 01:35:38,000

didn't know yeah and so they they landed

2157

01:35:42,760 --> 01:35:40,909

significantly off target and so because

2158

01:35:45,879 --> 01:35:42,770

of that it wasn't prepared for them and

2159

01:35:48,640 --> 01:35:45,889

I'm sure they saw stuff dad man that's

2160

01:35:50,109 --> 01:35:48,650

crazy so crazy what do you what do you

2161

01:35:51,549 --> 01:35:50,119

think about people that think that we

2162

01:35:55,750 --> 01:35:51,559

did not go to the moon I'm just curious

2163

01:35:58,089 --> 01:35:55,760

I have always believed and maintained

2164

01:35:59,859 --> 01:35:58,099

that we absolutely once any man it does

2165

01:36:02,799 --> 01:35:59,869

not mean that what you see coming from

2166

01:36:04,299 --> 01:36:02,809

the moon is real alright because if you

2167

01:36:06,069 --> 01:36:04,309

see them driving the lunar rover around

2168

01:36:08,500 --> 01:36:06,079

it's like Looney Tunes it's the same

2169

01:36:11,020 --> 01:36:08,510

like three mountains yeah yeah you know

2170

01:36:13,089 --> 01:36:11,030

and also yeah there's some photos and

2171

01:36:15,790 --> 01:36:13,099

video that just I think I think it's

2172

01:36:17,439 --> 01:36:15,800

it's it's a mixture of things I believe

2173

01:36:19,030 --> 01:36:17,449

we went to the moon I'm sure but I think

2174

01:36:20,709 --> 01:36:19,040

some of the stuff the public have seems

2175

01:36:23,200 --> 01:36:20,719

fake yeah yeah totally

2176
01:36:25,040 --> 01:36:23,210
absolutely I agree that doesn't mean we

2177
01:36:27,530 --> 01:36:25,050
didn't go yeah you can right

2178
01:36:30,350 --> 01:36:27,540
when when the lunar assent module took

2179
01:36:32,300 --> 01:36:30,360
off that the base unit is still there

2180
01:36:34,640 --> 01:36:32,310
and if you have a powerful enough

2181
01:36:36,760 --> 01:36:34,650
telescope you can actually see the

2182
01:36:39,890 --> 01:36:36,770
lander the lower part of the module

2183
01:36:42,500 --> 01:36:39,900
sitting on the moon so it's not like we

2184
01:36:44,240 --> 01:36:42,510
did go right right and one of the other

2185
01:36:47,060 --> 01:36:44,250
things is they put up a series of

2186
01:36:49,730 --> 01:36:47,070
mirrors and what they do is they fire

2187
01:36:52,100 --> 01:36:49,740
lasers to those mirrors to do

2188
01:36:55,400 --> 01:36:52,110

range-finding to figure out how close or

2189

01:36:57,920 --> 01:36:55,410

far the moon is from the earth well if

2190

01:37:01,310 --> 01:36:57,930

we never went how did that how did that

2191

01:37:03,710 --> 01:37:01,320

that you know yeah I think it's some

2192

01:37:05,810 --> 01:37:03,720

dude from some dude from from moon base

2193

01:37:07,760 --> 01:37:05,820

alpha didn't drive his you know rover

2194

01:37:10,640 --> 01:37:07,770

over and drop it off I think

2195

01:37:12,140 --> 01:37:10,650

Buzz Aldrin and Neil Armstrong and the

2196

01:37:14,510 --> 01:37:12,150

rest of the guys that went I think they

2197

01:37:16,190 --> 01:37:14,520

they went through the process that it

2198

01:37:17,870 --> 01:37:16,200

was all very legitimate yeah I just

2199

01:37:19,460 --> 01:37:17,880

think they doctored some of the photos

2200

01:37:21,950 --> 01:37:19,470

and the doctor the footage right yeah

2201

01:37:27,290 --> 01:37:21,960

totally I think that too so do you think

2202

01:37:30,350 --> 01:37:27,300

that the the the everyday you know space

2203

01:37:31,850 --> 01:37:30,360

program that the public sees do you feel

2204

01:37:34,280 --> 01:37:31,860

like maybe that's like a front for

2205

01:37:37,640 --> 01:37:34,290

something or do you believe they are

2206

01:37:40,270 --> 01:37:37,650

yeah I mean I also like have the idea to

2207

01:37:44,630 --> 01:37:40,280

they're like there are like honest

2208

01:37:47,360 --> 01:37:44,640

hard-working people who believe that we

2209

01:37:49,760 --> 01:37:47,370

are actually going to space right now

2210

01:37:52,340 --> 01:37:49,770

and they're also work into it yeah yeah

2211

01:37:54,140 --> 01:37:52,350

yeah they're proud of working no I don't

2212

01:37:55,610 --> 01:37:54,150

think any of that is fake I you know

2213

01:37:58,250 --> 01:37:55,620

I've known people who work for NASA

2214

01:38:00,710 --> 01:37:58,260

uh-huh you know there they are as pure

2215

01:38:02,300 --> 01:38:00,720

and honest as the driven snow and they

2216

01:38:04,340 --> 01:38:02,310

really believe in what they're doing and

2217

01:38:06,830 --> 01:38:04,350

I think that that that's all part of the

2218

01:38:08,420 --> 01:38:06,840

game that they the NASA is although

2219

01:38:12,350 --> 01:38:08,430

there are some weird things about NASA

2220

01:38:15,140 --> 01:38:12,360

but in general NASA is very much you

2221

01:38:16,760 --> 01:38:15,150

know on on the day-to-day operations a

2222

01:38:18,890 --> 01:38:16,770

hundred percent honest and what they're

2223

01:38:20,720 --> 01:38:18,900

doing I think there's there's some

2224

01:38:23,930 --> 01:38:20,730

people in the hierarchy of NASA that are

2225

01:38:25,850 --> 01:38:23,940

not I think that there are you know

2226

01:38:29,840 --> 01:38:25,860

there are some elements within NASA that

2227

01:38:31,790 --> 01:38:29,850

are doctoring things you know but yeah

2228

01:38:33,560 --> 01:38:31,800

like you think the most people don't

2229

01:38:36,740 --> 01:38:33,570

work at NASA

2230

01:38:39,089 --> 01:38:36,750

yeah I mean yeah that makes sense the

2231

01:38:41,310 --> 01:38:39,099

the front of it and

2232

01:38:42,779 --> 01:38:41,320

why would you let the people know and

2233

01:38:44,609 --> 01:38:42,789

let the rest of the world know what

2234

01:38:47,879 --> 01:38:44,619

you're working on it only makes sense if

2235

01:38:50,129 --> 01:38:47,889

there's a public-facing space program

2236

01:38:51,659 --> 01:38:50,139

like yeah we're not gonna show y'all

2237

01:38:54,619 --> 01:38:51,669

everything and we're not even gonna tell

2238

01:38:57,599 --> 01:38:54,629

these astronauts everything why would we

2239

01:38:59,879 --> 01:38:57,609

yeah so I guess I kind of got off topic

2240

01:39:01,619 --> 01:38:59,889

but hey I wanted to ask you so have you

2241

01:39:03,719 --> 01:39:01,629

seen these interviews with current

2242

01:39:05,489 --> 01:39:03,729

astronauts and them explaining that we

2243

01:39:10,199 --> 01:39:05,499

don't have the technology to go to the

2244

01:39:12,689 --> 01:39:10,209

moon anymore have you seen that and what

2245

01:39:16,429 --> 01:39:12,699

I what I always go back to is there was

2246

01:39:18,389 --> 01:39:16,439

a Cal Tech alumni dinner where uh

2247

01:39:23,549 --> 01:39:18,399

what's-his-name the head of the skunk

2248

01:39:29,729 --> 01:39:23,559

works been rich yes then we're lucky

2249

01:39:32,009 --> 01:39:29,739

mark yeah anyone's been rich he went to

2250

01:39:35,129 --> 01:39:32,019

a lot he went to a Cal Tech alumni

2251

01:39:38,429 --> 01:39:35,139

dinner and Jan marzan who's now had a

2252

01:39:39,839 --> 01:39:38,439

MUFON was actually there is a Cal Tech

2253

01:39:43,139 --> 01:39:39,849

alumni and he attests this is the

2254

01:39:44,399 --> 01:39:43,149

honest-to-god truth the that he been

2255

01:39:46,469 --> 01:39:44,409

rich was a founder I'm thinking of

2256

01:39:49,199 --> 01:39:46,479

somebody else the second guy not been

2257

01:39:50,929 --> 01:39:49,209

rich the other guy but anyway he went to

2258

01:39:53,129 --> 01:39:50,939

a Cal Tech Alumni dinner and he said

2259

01:39:56,009 --> 01:39:53,139

Point Blank he said you know what not

2260

01:39:58,169 --> 01:39:56,019

only do I have the but not only do I

2261

01:40:01,319 --> 01:39:58,179

have the technology to take e.t home I

2262

01:40:04,560 --> 01:40:01,329

got the contract so a guy like that does

2263

01:40:06,330 --> 01:40:04,570

not say not only can I not only do I

2264

01:40:09,139 --> 01:40:06,340

have the technology to take e.t home I

2265

01:40:13,199 --> 01:40:09,149

got the contract unless he does yeah

2266

01:40:14,939 --> 01:40:13,209

yeah talk about yeah and that's and

2267

01:40:18,479 --> 01:40:14,949

that's ahead of the Lockheed skunkworks

2268

01:40:20,520 --> 01:40:18,489

yeah so you know it's yeah I think we

2269

01:40:22,469 --> 01:40:20,530

absolutely have the ability to do it but

2270

01:40:24,839 --> 01:40:22,479

again I think that those astronauts that

2271

01:40:27,349 --> 01:40:24,849

are saying that they're not in DARPA

2272

01:40:30,119 --> 01:40:27,359

they're not working for Lockheed right I

2273

01:40:33,659 --> 01:40:30,129

think they're expressing to you with a

2274

01:40:38,899 --> 01:40:33,669

hundred percent honesty great I think

2275

01:40:42,000 --> 01:40:38,909

that's you absolutely yeah I mean if I

2276

01:40:44,040 --> 01:40:42,010

don't you know you you can't walk up to

2277

01:40:46,649 --> 01:40:44,050

an astrophysicist who works for the ESA

2278

01:40:48,569 --> 01:40:46,659

or NASA and say you're lying you're

2279

01:40:50,159 --> 01:40:48,579

lying how do you know they're lying they

2280

01:40:51,819 --> 01:40:50,169

go to work every day they work on

2281

01:40:54,729 --> 01:40:51,829

satellites or

2282

01:40:56,409 --> 01:40:54,739

or Radio Astronomy or whatever you know

2283

01:40:57,939 --> 01:40:56,419

they're they're doing what they believe

2284

01:41:00,009 --> 01:40:57,949

in I don't think they're lying at all

2285

01:41:01,959 --> 01:41:00,019

yeah that also doesn't mean that

2286

01:41:05,259 --> 01:41:01,969

everything that comes out of NASA or the

2287

01:41:06,429 --> 01:41:05,269

or any government it's true yeah yeah

2288

01:41:08,259 --> 01:41:06,439

yeah I think that's an important thing

2289

01:41:10,359 --> 01:41:08,269

for people to realize because you know

2290

01:41:12,759 --> 01:41:10,369

I'm you know I mean that same exact boat

2291

01:41:16,629 --> 01:41:12,769

like you know everybody's like Oh NASA's

2292

01:41:19,599 --> 01:41:16,639

fake NASA you know does this yeah never

2293

01:41:21,129 --> 01:41:19,609

straight answer or nuking [h__h] space

2294

01:41:22,750 --> 01:41:21,139

aliens whatever you want to call it you

2295

01:41:24,909 --> 01:41:22,760

know and it's it's one of those things

2296

01:41:26,739 --> 01:41:24,919

where it's like yeah I mean but these

2297

01:41:29,049 --> 01:41:26,749

people you know they're going to work

2298

01:41:30,939 --> 01:41:29,059

they're doing their job that's exactly

2299

01:41:34,060 --> 01:41:30,949

what they believe and they can only tell

2300

01:41:36,219 --> 01:41:34,070

you yeah I'll give you a fantastic

2301
01:41:41,919 --> 01:41:36,229
example so when's the last time you use

2302
01:41:43,479 --> 01:41:41,929
GPS today okay Dee so there's a

2303
01:41:47,109 --> 01:41:43,489
constellation of satellites up there

2304
01:41:48,310 --> 01:41:47,119
right the GPS satellites and we all rely

2305
01:41:50,739 --> 01:41:48,320
on them mm-hmm

2306
01:41:52,719 --> 01:41:50,749
do you know what they actually did want

2307
01:41:57,119 --> 01:41:52,729
it well they're multifunctional do you

2308
01:42:04,869 --> 01:42:02,949
okay no so so the GPS satellites are

2309
01:42:07,209 --> 01:42:04,879
actually owned by the Air Force so when

2310
01:42:09,639 --> 01:42:07,219
you use GPS you're using an Air Force

2311
01:42:11,889 --> 01:42:09,649
satellite what those satellites were

2312
01:42:13,149 --> 01:42:11,899
actually are actually really doing is

2313
01:42:15,159 --> 01:42:13,159

that they have something called Flash

2314

01:42:16,629 --> 01:42:15,169

detector so in every one of those

2315

01:42:19,119 --> 01:42:16,639

satellites because of the way that they

2316

01:42:21,069 --> 01:42:19,129

travel right they get a great view of

2317

01:42:23,739 --> 01:42:21,079

everything when there's a nuclear

2318

01:42:26,919 --> 01:42:23,749

detonation like a nuclear above-ground

2319

01:42:28,869 --> 01:42:26,929

nuclear test the flash detector will see

2320

01:42:31,629 --> 01:42:28,879

it and it can tell not only where it was

2321

01:42:34,149 --> 01:42:31,639

because it's a damn GPS satellite right

2322

01:42:35,919 --> 01:42:34,159

not only can it tell where it was it can

2323

01:42:38,649 --> 01:42:35,929

tell it can tell the strength of the

2324

01:42:40,270 --> 01:42:38,659

nuclear detonation what kind of material

2325

01:42:44,139 --> 01:42:40,280

was it used in the nuclear detonation

2326

01:42:47,799 --> 01:42:44,149

and in some some cases where that that

2327

01:42:51,520 --> 01:42:47,809

nuclear material was found oh and it's

2328

01:42:54,939 --> 01:42:51,530

on every GPS satellite damn nuclear

2329

01:42:56,919 --> 01:42:54,949

detected detection devices first and

2330

01:42:59,799 --> 01:42:56,929

formulas that nation that nation

2331

01:43:01,899 --> 01:42:59,809

detection of us got it but it's not a

2332

01:43:03,429 --> 01:43:01,909

it's not exactly a secret but they don't

2333

01:43:05,680 --> 01:43:03,439

they don't just they just don't talk

2334

01:43:07,060 --> 01:43:05,690

about it right now the guys the built

2335

01:43:08,290 --> 01:43:07,070

lights you know they probably didn't

2336

01:43:09,970 --> 01:43:08,300

even think about it yeah they're

2337

01:43:11,920 --> 01:43:09,980

probably like well it's gonna help it's

2338

01:43:12,370 --> 01:43:11,930

gonna help the military you know know

2339

01:43:14,140 --> 01:43:12,380

where they are

2340

01:43:16,420 --> 01:43:14,150

eventually it'll help you drive to the

2341

01:43:18,760 --> 01:43:16,430

7-eleven whatever but there's a

2342

01:43:22,330 --> 01:43:18,770

byproduct of it they just don't talk

2343

01:43:25,020 --> 01:43:22,340

about it so you know yeah I mean NASA is

2344

01:43:27,729 --> 01:43:25,030

filled with wonderful amazing people

2345

01:43:30,040 --> 01:43:27,739

doing amazing amazing things that they

2346

01:43:31,930 --> 01:43:30,050

don't work for DARPA right they don't

2347

01:43:33,820 --> 01:43:31,940

work for Lockheed so if they don't work

2348

01:43:38,380 --> 01:43:33,830

for Lockheed or DARPA they probably

2349

01:43:40,240 --> 01:43:38,390

don't know right so there's always like

2350

01:43:45,060 --> 01:43:40,250

a another side of the coin or maybe

2351
01:43:50,110 --> 01:43:48,640
sorry a wife a wise old man once told me

2352
01:43:53,350 --> 01:43:50,120
that if you ever want to hide something

2353
01:43:55,570 --> 01:43:53,360
you hide it under the flagpole huh

2354
01:43:57,070 --> 01:43:55,580
meaning me meaning that if you want to

2355
01:43:59,740 --> 01:43:57,080
hide something you hide it in plain

2356
01:44:01,180 --> 01:43:59,750
sight right because nobody ever looks

2357
01:44:03,729 --> 01:44:01,190
well that makes me think of like you

2358
01:44:06,280 --> 01:44:03,739
hide it under like patriotism you know

2359
01:44:09,189 --> 01:44:06,290
that like my conspiratorial tureen is

2360
01:44:11,290 --> 01:44:09,199
going back to but it's it's right in

2361
01:44:12,520 --> 01:44:11,300
front of you in fact in conspiracy

2362
01:44:14,620 --> 01:44:12,530
theory there's a thing called the

2363
01:44:16,570 --> 01:44:14,630

revelation of the method and that's

2364

01:44:19,540 --> 01:44:16,580

that's this notion that when they do

2365

01:44:21,189 --> 01:44:19,550

something conspiratorial they they show

2366

01:44:22,750 --> 01:44:21,199

it to you before they do it so you

2367

01:44:23,709 --> 01:44:22,760

actually see what they're going to do

2368

01:44:26,080 --> 01:44:23,719

before they do it

2369

01:44:27,790 --> 01:44:26,090

you just don't believe it and I'll give

2370

01:44:29,890 --> 01:44:27,800

you a great example of that so you

2371

01:44:32,770 --> 01:44:29,900

remember that miniseries the x-files

2372

01:44:34,900 --> 01:44:32,780

miniseries yeah and there was a whole

2373

01:44:37,420 --> 01:44:34,910

allusion to the secret space program in

2374

01:44:39,610 --> 01:44:37,430

that that series uh-huh

2375

01:44:43,390 --> 01:44:39,620

yeah that's literally my book condense

2376

01:44:46,240 --> 01:44:43,400

down to two what four episodes oh damn

2377

01:44:48,400 --> 01:44:46,250

really it's littered it's literally my

2378

01:44:50,200 --> 01:44:48,410

book when I when I watch the last one

2379

01:44:52,689 --> 01:44:50,210

that the bit where I wrote an article

2380

01:44:54,910 --> 01:44:52,699

about it the bit were Mulder and Scully

2381

01:44:56,350 --> 01:44:54,920

er behind the car and scars like I don't

2382

01:44:58,479 --> 01:44:56,360

believe it I don't believe it please out

2383

01:45:02,709 --> 01:44:58,489

this whole thing about you know about

2384

01:45:04,630 --> 01:45:02,719

the the climate collapsing and moving

2385

01:45:06,010 --> 01:45:04,640

people to Mars and all that crap yeah I

2386

01:45:08,620 --> 01:45:06,020

called up one of my friends on my tooth

2387

01:45:11,380 --> 01:45:08,630

did Chris Carter just quoted my book

2388

01:45:12,850 --> 01:45:11,390

that's insane so I mean were you

2389

01:45:13,330 --> 01:45:12,860

flattered and I was you're like where's

2390

01:45:15,720 --> 01:45:13,340

my paycheck

2391

01:45:18,090 --> 01:45:15,730

[Laughter]

2392

01:45:20,100 --> 01:45:18,100

it's so quick man you know I was

2393

01:45:23,250 --> 01:45:20,110

actually told I was actually told by

2394

01:45:24,750 --> 01:45:23,260

somebody that has the connection to it

2395

01:45:26,820 --> 01:45:24,760

that that's exactly what they did that

2396

01:45:28,560 --> 01:45:26,830

Chris Carter literally read my book and

2397

01:45:31,140 --> 01:45:28,570

then filmed it as the x-files

2398

01:45:33,890 --> 01:45:31,150

Wow if you read my book and then watch

2399

01:45:37,170 --> 01:45:33,900

that you'll totally understand yes yes

2400

01:45:40,530 --> 01:45:37,180

yeah I plan on I plan on purchasing that

2401

01:45:42,180 --> 01:45:40,540

pretty soon when I started looking it up

2402

01:45:47,240 --> 01:45:42,190

I was like oh that's gonna be a great

2403

01:45:55,950 --> 01:45:52,170

do your day blue blow my mind dude I've

2404

01:45:58,320 --> 01:45:55,960

been told that before it's good stuff

2405

01:46:00,510 --> 01:45:58,330

hey so if you don't mind I want to

2406

01:46:04,560 --> 01:46:00,520

switch gears just a little bit

2407

01:46:07,380 --> 01:46:04,570

I loved your your your interpretation on

2408

01:46:10,700 --> 01:46:07,390

what you thought was going on with the

2409

01:46:13,890 --> 01:46:10,710

Hellyer series me we're super into that

2410

01:46:17,130 --> 01:46:13,900

and I know you're kind of like into the

2411

01:46:19,290 --> 01:46:17,140

occult stuff as well I mean yeah dude

2412

01:46:21,060 --> 01:46:19,300

could you kind of like give us the

2413

01:46:23,729 --> 01:46:21,070

rundown a little bit cuz I've heard a

2414

01:46:26,820 --> 01:46:23,739

little bit of it but bin bin hasn't

2415

01:46:30,060 --> 01:46:26,830

heard it yet I'm so stoked well so so

2416

01:46:32,580 --> 01:46:30,070

basically basically the big I watched it

2417

01:46:35,070 --> 01:46:32,590

and I actually publish the complete

2418

01:46:36,840 --> 01:46:35,080

cipher of the UFO knots uh-huh which is

2419

01:46:40,020 --> 01:46:36,850

what they use in the show they actually

2420

01:46:41,520 --> 01:46:40,030

show it yeah and I'm friends with Allen

2421

01:46:43,920 --> 01:46:41,530

Greenfield the guy who wrote it right

2422

01:46:46,470 --> 01:46:43,930

big big fan of Allen Greenfield in fact

2423

01:46:48,090 --> 01:46:46,480

he's been helping me a lot so I watched

2424

01:46:49,650 --> 01:46:48,100

the whole thing and I'm like they're

2425

01:46:52,020 --> 01:46:49,660

they're beat they're going through an

2426

01:46:53,880 --> 01:46:52,030

invocation right that this whole thing

2427

01:46:55,560 --> 01:46:53,890

is some sort of a it's called a working

2428

01:46:57,680 --> 01:46:55,570

where it's a bunch it's a series of

2429

01:47:01,800 --> 01:46:57,690

rituals that culminate in a big ritual

2430

01:47:03,720 --> 01:47:01,810

right so like the beginning like

2431

01:47:07,170 --> 01:47:03,730

invocation in like the Catholic religion

2432

01:47:10,080 --> 01:47:07,180

is like the first pray like introduction

2433

01:47:12,750 --> 01:47:10,090

or exactly yes and and they're being

2434

01:47:13,920 --> 01:47:12,760

initiated into the working itself and

2435

01:47:16,650 --> 01:47:13,930

they're going through the hero's journey

2436

01:47:19,170 --> 01:47:16,660

and all this other stuff so one of the

2437

01:47:21,810 --> 01:47:19,180

big questions I asked my stupid

2438

01:47:23,700 --> 01:47:21,820

questions I asked myself initially and

2439

01:47:25,950 --> 01:47:23,710

then the obvious third question came

2440

01:47:28,140 --> 01:47:25,960

along first question is why down there

2441

01:47:29,840 --> 01:47:28,150

they're like the totally long people to

2442

01:47:32,100 --> 01:47:29,850

do this

2443

01:47:35,340 --> 01:47:32,110

right there ghost hunters they're

2444

01:47:37,710 --> 01:47:35,350

traveling haunted stuff exhibit which is

2445

01:47:40,260 --> 01:47:37,720

told looks totally awesome I totally

2446

01:47:42,560 --> 01:47:40,270

want to see it and I'm big fans a big

2447

01:47:44,970 --> 01:47:42,570

fan I think the show is great yada yada

2448

01:47:48,060 --> 01:47:44,980

but they're the wrong people to do this

2449

01:47:50,580 --> 01:47:48,070

she's a she's a Wiccan this kind of

2450

01:47:52,770 --> 01:47:50,590

occultism is not wicka wicka is a nature

2451

01:47:55,140 --> 01:47:52,780

religion this is hardcore Aleister

2452

01:47:57,060 --> 01:47:55,150

Crowley time this is some big you know

2453

01:47:59,190 --> 01:47:57,070

they're trying to invoke Pam spoiler

2454

01:48:03,360 --> 01:47:59,200

they're trying to invoke pan this is not

2455

01:48:06,810 --> 01:48:03,370

something you do you know in the hem of

2456

01:48:09,690 --> 01:48:06,820

pan this is not like Wicca I know plenty

2457

01:48:13,230 --> 01:48:09,700

of Wiccans I know a few witches great

2458

01:48:15,510 --> 01:48:13,240

people but this is not it so why why

2459

01:48:18,920 --> 01:48:15,520

then why did Terry risk choose them

2460

01:48:21,840 --> 01:48:18,930

right that I still cannot fathom the

2461

01:48:25,500 --> 01:48:21,850

second thing is why Hellyer you could do

2462

01:48:27,780 --> 01:48:25,510

this anywhere but why Hellyer exact

2463

01:48:30,450 --> 01:48:27,790

obviously yeah there's the goblin thing

2464

01:48:32,490 --> 01:48:30,460

from the 50s the goblin thing happened

2465

01:48:34,890 --> 01:48:32,500

in the 50s it didn't happen like in the

2466

01:48:37,320 --> 01:48:34,900

90s right it happened in like the 50s I

2467

01:48:44,630 --> 01:48:37,330

mean they just did it on on Project Blue

2468

01:48:47,220 --> 01:48:44,640

Book right right yeah so why Hellyer

2469

01:48:49,350 --> 01:48:47,230

well if you look at how your fill a lot

2470

01:48:52,350 --> 01:48:49,360

of reasons it actually makes a lot of

2471

01:48:54,510 --> 01:48:52,360

sense number one held Hellyer itself in

2472

01:48:56,850 --> 01:48:54,520

the location of the mind where they are

2473

01:49:00,840 --> 01:48:56,860

the tunnel where they keep going is near

2474

01:49:03,750 --> 01:49:00,850

a fault line and and I in the article I

2475

01:49:05,790 --> 01:49:03,760

actually put a link to add up to a kind

2476

01:49:08,250 --> 01:49:05,800

of study that this guy did not an

2477

01:49:10,380 --> 01:49:08,260

in-depth one kind of a fast one but he

2478

01:49:12,860 --> 01:49:10,390

says point blank you know that there

2479

01:49:15,600 --> 01:49:12,870

there is more paranormal activity around

2480

01:49:18,630 --> 01:49:15,610

fault lines and fault lines generated a

2481

01:49:22,640 --> 01:49:18,640

tremendous amount of energy the second

2482

01:49:26,010 --> 01:49:22,650

thing is that the that Hellyer has a

2483

01:49:29,010 --> 01:49:26,020

conduit of placer like material that

2484

01:49:30,330 --> 01:49:29,020

came from a from a glacier that runs

2485

01:49:32,760 --> 01:49:30,340

pretty much from Hellyer to Point

2486

01:49:33,990 --> 01:49:32,770

Pleasant it's and when you talk about

2487

01:49:36,180 --> 01:49:34,000

placer material you're talking about

2488

01:49:38,760 --> 01:49:36,190

like quartz veins so a lot of quartz

2489

01:49:40,410 --> 01:49:38,770

crystal that kind of crystal and it's

2490

01:49:42,930 --> 01:49:40,420

pretty much a conduit that runs directly

2491

01:49:46,230 --> 01:49:42,940

from Hellyer to Point Pleasant

2492

01:49:49,320 --> 01:49:46,240

the Mothman was okay the other thing is

2493

01:49:51,990 --> 01:49:49,330

that the the entire plateau that they're

2494

01:49:56,550 --> 01:49:52,000

sitting on Hellyer included the whole

2495

01:49:58,380 --> 01:49:56,560

thing is is zinc nitrate there's a layer

2496

01:50:01,200 --> 01:49:58,390

of zinc nitrate that permeates that

2497

01:50:05,220 --> 01:50:01,210

entire area and the zinc nitrate is is

2498

01:50:07,680 --> 01:50:05,230

very tiny zinc crystals so the whole

2499

01:50:10,620 --> 01:50:07,690

thing is peppered with crystals small

2500

01:50:12,420 --> 01:50:10,630

ones but there's just an enormous amount

2501
01:50:14,490 --> 01:50:12,430
of them covering the entire thing it's

2502
01:50:16,920 --> 01:50:14,500
also sitting on a limestone plateau and

2503
01:50:19,140 --> 01:50:16,930
there's an indication that lines and

2504
01:50:22,530 --> 01:50:19,150
seems to be some sort of a paranormal

2505
01:50:25,500 --> 01:50:22,540
conduit so if you look at if you look at

2506
01:50:27,410 --> 01:50:25,510
where Hellyer is the location of it it

2507
01:50:30,330 --> 01:50:27,420
looks like it's a huge energy amplifier

2508
01:50:32,160 --> 01:50:30,340
if you look at it from an occultist or

2509
01:50:34,110 --> 01:50:32,170
you know kind of paranormal point of

2510
01:50:36,180 --> 01:50:34,120
view that he'll you're itself is sitting

2511
01:50:38,460 --> 01:50:36,190
is sitting on what what is probably a

2512
01:50:40,980 --> 01:50:38,470
huge amplifier right so you've got these

2513
01:50:43,050 --> 01:50:40,990

aquifers right for millions of years

2514

01:50:45,000 --> 01:50:43,060

running beneath are three these or

2515

01:50:47,670 --> 01:50:45,010

limestone areas and then you have all

2516

01:50:51,000 --> 01:50:47,680

great core crystals which you know few

2517

01:50:52,680 --> 01:50:51,010

are or we are many like these little

2518

01:50:55,380 --> 01:50:52,690

tiny ones but all together is kind of

2519

01:50:57,060 --> 01:50:55,390

like this amplification device is this

2520

01:50:59,700 --> 01:50:57,070

vibration and frequency from these

2521

01:51:03,330 --> 01:50:59,710

aquifers running with this water I don't

2522

01:51:05,130 --> 01:51:03,340

know my battery and so so what you're

2523

01:51:07,560 --> 01:51:05,140

looking at is kind of a prime spot for

2524

01:51:09,360 --> 01:51:07,570

an amplifier so whatever they're doing

2525

01:51:11,030 --> 01:51:09,370

and I have my own theories about what's

2526

01:51:14,370 --> 01:51:11,040

going on but whatever they're doing

2527

01:51:16,530 --> 01:51:14,380

right it's being amplified so that's why

2528

01:51:18,660 --> 01:51:16,540

Hellyer and then the third question that

2529

01:51:21,330 --> 01:51:18,670

comes to you inevitably is what are they

2530

01:51:25,950 --> 01:51:21,340

doing right what's the point of all this

2531

01:51:29,070 --> 01:51:25,960

right because Terry wrist is obviously

2532

01:51:32,490 --> 01:51:29,080

taking them on a on a well I'd say a

2533

01:51:34,170 --> 01:51:32,500

mine F word but he's taking them on he's

2534

01:51:39,060 --> 01:51:34,180

taking them on a trip you can cuss on

2535

01:51:41,130 --> 01:51:39,070

this podcast is obviously engaging in

2536

01:51:43,680 --> 01:51:41,140

some level of a mindfuck here yeah yeah

2537

01:51:45,000 --> 01:51:43,690

and and it's a mindfuck designed to keep

2538

01:51:46,530 --> 01:51:45,010

them interested and keep them moving

2539

01:51:48,540 --> 01:51:46,540

forward I'm not saying any of it is

2540

01:51:51,060 --> 01:51:48,550

negative I'm just saying that there's

2541

01:51:52,800 --> 01:51:51,070

there's an ulterior motive here and I

2542

01:51:56,689 --> 01:51:52,810

think that wrist is attempting to get

2543

01:51:59,069 --> 01:51:56,699

them to carry out a series of route

2544

01:52:01,620 --> 01:51:59,079

which they may do right they made you

2545

01:52:06,239 --> 01:52:01,630

wrong but a series of rituals that

2546

01:52:10,350 --> 01:52:06,249

culminate in an event and when you watch

2547

01:52:14,069 --> 01:52:10,360

it you become entangled in the event if

2548

01:52:17,149 --> 01:52:14,079

you want to in and that's what they they

2549

01:52:19,410 --> 01:52:17,159

showed in the in the video was like or

2550

01:52:22,319 --> 01:52:19,420

through one of their experiments they

2551
01:52:24,479 --> 01:52:22,329
said just by showing people this what

2552
01:52:27,540 --> 01:52:24,489
you're watching is amplifying this whole

2553
01:52:31,229 --> 01:52:27,550
experience yes and and only if you

2554
01:52:33,029 --> 01:52:31,239
wanted to though okay if you don't if

2555
01:52:34,949 --> 01:52:33,039
you're close to it you just want to

2556
01:52:36,870 --> 01:52:34,959
watch it on TV that's okay too

2557
01:52:39,660 --> 01:52:36,880
but if you're open to it you become a

2558
01:52:43,500 --> 01:52:39,670
part of it yeah that's what happened to

2559
01:52:45,600 --> 01:52:43,510
me but I think that what because they

2560
01:52:47,520 --> 01:52:45,610
keep talking about gateways these little

2561
01:52:49,830 --> 01:52:47,530
goblins are the gateway keepers and all

2562
01:52:51,299 --> 01:52:49,840
the protectors and all his crap I think

2563
01:52:54,799 --> 01:52:51,309

what you're actually what they're

2564

01:52:58,350 --> 01:52:54,809

actually doing is that back in the 50s

2565

01:53:02,069 --> 01:52:58,360

Jack Parsons in I ron hubbard in the

2566

01:53:05,759 --> 01:53:02,079

desert and they they did the single

2567

01:53:10,049 --> 01:53:05,769

about alone working where where persons

2568

01:53:12,689 --> 01:53:10,059

attempt to energy they called a level on

2569

01:53:15,930 --> 01:53:12,699

down and into this woman to impregnate

2570

01:53:18,330 --> 01:53:15,940

her well he failed he opened the portal

2571

01:53:20,459 --> 01:53:18,340

but he failed and eventually the woman

2572

01:53:27,479 --> 01:53:20,469

and I ron hubbard stole all his money

2573

01:53:30,000 --> 01:53:27,489

and took off people's money and after

2574

01:53:32,250 --> 01:53:30,010

that you know crowley crowley basically

2575

01:53:33,839 --> 01:53:32,260

disowned jack persons who you know he

2576

01:53:36,120 --> 01:53:33,849

and he had this love affair with Jack

2577

01:53:38,219 --> 01:53:36,130

persons well after that Crowley said

2578

01:53:41,609 --> 01:53:38,229

that he was he was an idiot basically

2579

01:53:45,719 --> 01:53:41,619

and and I think that the culmination of

2580

01:53:48,449 --> 01:53:45,729

this is to close that portal oh oh okay

2581

01:53:50,459 --> 01:53:48,459

whoa yeah interesting so this is this is

2582

01:53:52,229 --> 01:53:50,469

because Terry wrists terry wrists would

2583

01:53:53,790 --> 01:53:52,239

know this because he's in a culprit

2584

01:53:55,439 --> 01:53:53,800

amongst other things

2585

01:53:57,239 --> 01:53:55,449

Terry wrist is in a cult at sea

2586

01:53:57,839 --> 01:53:57,249

greenfield the reason the book is

2587

01:53:59,759 --> 01:53:57,849

heavily used

2588

01:54:02,640 --> 01:53:59,769

besides the secret cipher which is its

2589

01:54:07,350 --> 01:54:02,650

own its own fascinating seem to deal

2590

01:54:09,479 --> 01:54:07,360

with Greenfield interviewed wrists right

2591

01:54:13,799 --> 01:54:09,489

so Greenfield knows wrists

2592

01:54:16,739 --> 01:54:13,809

ah okay so I think I remember greenfield

2593

01:54:18,899 --> 01:54:16,749

talking about he does in the movie does

2594

01:54:21,959 --> 01:54:18,909

he divulged that he actually personally

2595

01:54:24,870 --> 01:54:21,969

yeah yeah he personally knew yeah yeah

2596

01:54:27,689 --> 01:54:24,880

personally he said they were there kind

2597

01:54:30,180 --> 01:54:27,699

of acquaintances yeah but he's met wrist

2598

01:54:32,069 --> 01:54:30,190

he interviewed wrist you know he's met

2599

01:54:35,879 --> 01:54:32,079

wrist a number of times he interviewed

2600

01:54:36,899 --> 01:54:35,889

wrist so ya know he he knows what he

2601
01:54:38,609 --> 01:54:36,909
looks like

2602
01:54:41,430 --> 01:54:38,619
well he knew what he looked like back

2603
01:54:43,979 --> 01:54:41,440
then yeah yes while I'm thinking about

2604
01:54:46,109 --> 01:54:43,989
it I think you're our connection kind of

2605
01:54:48,779 --> 01:54:46,119
scrambled a little bit when you you're

2606
01:54:50,700 --> 01:54:48,789
explaining about what ceremony they were

2607
01:54:52,859 --> 01:54:50,710
doing something about impregnating that

2608
01:54:55,709 --> 01:54:52,869
was some kind of act Oh could you get

2609
01:54:57,689 --> 01:54:55,719
yeah so so Jack Parsons goes out in the

2610
01:54:59,879 --> 01:54:57,699
desert without ron Hubbard and the ideas

2611
01:55:02,759 --> 01:54:59,889
they open a portal and then they bring

2612
01:55:05,399 --> 01:55:02,769
down this feminine energy and impregnate

2613
01:55:07,580 --> 01:55:05,409

there was some sex magic impregnate this

2614

01:55:11,910 --> 01:55:07,590

woman I'm Cameron Bure name offhand but

2615

01:55:14,459 --> 01:55:11,920

they fate he failed he screwed it up and

2616

01:55:20,160 --> 01:55:14,469

the portal may still be open

2617

01:55:23,729 --> 01:55:20,170

oh so that is that's the big event so

2618

01:55:26,160 --> 01:55:23,739

he's waited all this time to now try to

2619

01:55:26,790 --> 01:55:26,170

close it and then well no it doesn't

2620

01:55:28,979 --> 01:55:26,800

work that way

2621

01:55:31,410 --> 01:55:28,989

so it's not that it's not the terrorists

2622

01:55:33,120 --> 01:55:31,420

waited all this time is that what I

2623

01:55:34,500 --> 01:55:33,130

believe is happening is that there's a

2624

01:55:37,850 --> 01:55:34,510

group called the secret chiefs of the

2625

01:55:41,189 --> 01:55:37,860

third order they're kind of like been f

2626

01:55:43,259 --> 01:55:41,199

beneficial spiritual enlightened beings

2627

01:55:45,890 --> 01:55:43,269

that set up in the ether space above our

2628

01:55:48,450 --> 01:55:45,900

head somewhere and then they they use

2629

01:55:50,129 --> 01:55:48,460

intermediaries to carry out things that

2630

01:55:53,189 --> 01:55:50,139

need to be done and I think that wrist

2631

01:55:55,140 --> 01:55:53,199

is the intermediary to the secret routes

2632

01:55:58,229 --> 01:55:55,150

of the third order and they're telling

2633

01:56:00,089 --> 01:55:58,239

rest okay wrist go get these people over

2634

01:56:04,200 --> 01:56:00,099

here to do this thing and so that's what

2635

01:56:07,950 --> 01:56:04,210

he's doing he's executing their will do

2636

01:56:09,120 --> 01:56:07,960

and then just trust me trust me the

2637

01:56:12,390 --> 01:56:09,130

secret chiefs of the third order

2638

01:56:14,790 --> 01:56:12,400

absolutely exist I can tell you

2639

01:56:19,649 --> 01:56:14,800

unequivocally they are real really that

2640

01:56:26,109 --> 01:56:23,830

absolutely 100% real and obvious I don't

2641

01:56:29,379 --> 01:56:26,119

mean to poke and pry but are these

2642

01:56:30,489 --> 01:56:29,389

cities these physical beings are they no

2643

01:56:38,020 --> 01:56:30,499

okay

2644

01:56:40,120 --> 01:56:38,030

they became enlightened illuminated they

2645

01:56:44,020 --> 01:56:40,130

you know they're there now spiritual

2646

01:56:47,020 --> 01:56:44,030

Dean's Wow I love this I love this stuff

2647

01:56:48,939 --> 01:56:47,030

man I'm so interested I did a whole

2648

01:56:52,449 --> 01:56:48,949

podcast I did a whole podcast on what

2649

01:56:57,159 --> 01:56:52,459

happened to me oh man I mean what

2650

01:56:59,799 --> 01:56:57,169

podcast is the paranoia podcast okay

2651
01:57:02,229 --> 01:56:59,809
yeah Wow and I interview Greenfield

2652
01:57:06,370 --> 01:57:02,239
about it in fact you should you should

2653
01:57:08,379 --> 01:57:06,380
probably talk to green fuel I loved both

2654
01:57:10,089 --> 01:57:08,389
of you guys I'd love to just listen to

2655
01:57:14,080 --> 01:57:10,099
y'all's conversation we don't even have

2656
01:57:16,149 --> 01:57:14,090
to well I'll give you a great example of

2657
01:57:17,799 --> 01:57:16,159
how it works not the big event that

2658
01:57:20,529 --> 01:57:17,809
happened to me but it airs a little one

2659
01:57:23,739 --> 01:57:20,539
so I you know I have a friend and and we

2660
01:57:26,109 --> 01:57:23,749
were we were you know going on an

2661
01:57:27,609 --> 01:57:26,119
adventure you know we try to go to

2662
01:57:30,339 --> 01:57:27,619
interesting places and see interesting

2663
01:57:32,379 --> 01:57:30,349

things and and do interesting stuff and

2664

01:57:35,169 --> 01:57:32,389

inevitably when you're adventuring you

2665

01:57:37,899 --> 01:57:35,179

stay in hotels right and right I was so

2666

01:57:40,719 --> 01:57:37,909

I go we're doing something ugly so I go

2667

01:57:42,429 --> 01:57:40,729

check in the hotel and when I checked

2668

01:57:44,729 --> 01:57:42,439

into the hotel because we were both

2669

01:57:47,649 --> 01:57:44,739

going to be there that's how this works

2670

01:57:56,890 --> 01:57:47,659

the the room number that I caught was

2671

01:57:59,500 --> 01:57:56,900

three three three yeah that's this one

2672

01:58:00,909 --> 01:57:59,510

example Wow so you think you've

2673

01:58:02,649 --> 01:58:00,919

experienced the same kind of

2674

01:58:04,239 --> 01:58:02,659

synchronicities that were kind of

2675

01:58:06,129 --> 01:58:04,249

displayed in this Hellyer stuff that's

2676

01:58:09,429 --> 01:58:06,139

kind of like just the tip of the write

2677

01:58:11,739 --> 01:58:09,439

like oh yeah I've had very similar

2678

01:58:13,600 --> 01:58:11,749

things happened to me they were they're

2679

01:58:16,959 --> 01:58:13,610

different because my path is different

2680

01:58:20,489 --> 01:58:16,969

yeah but I definitely had absolutely had

2681

01:58:23,799 --> 01:58:20,499

a bunch of really crazy crazy crazy

2682

01:58:25,839 --> 01:58:23,809

synchronicities yeah so oh man I'm so

2683

01:58:28,509 --> 01:58:25,849

interested in this I'll want to just kind

2684

01:58:29,979 --> 01:58:28,519

of ask you in in Hellyer there's this

2685

01:58:31,720 --> 01:58:29,989

synchronicity with the balloon

2686

01:58:34,330 --> 01:58:31,730

thing is there any significance that you

2687

01:58:36,459 --> 01:58:34,340

can speak of that that ok so you've

2688

01:58:38,259 --> 01:58:36,469

heard this before is that a totally new

2689

01:58:39,989 --> 01:58:38,269

thing because I'm conflicted about it

2690

01:58:43,359 --> 01:58:39,999

because it's something won't be easily

2691

01:58:46,029 --> 01:58:43,369

replicated when the balloon the balloon

2692

01:58:48,580 --> 01:58:46,039

is a message it's not a thing in and of

2693

01:58:50,410 --> 01:58:48,590

itself it's a message okay you know and

2694

01:58:53,080 --> 01:58:50,420

I think they correctly interpreted the

2695

01:58:56,739 --> 01:58:53,090

balloon is the blue sapphire yes it was

2696

01:59:00,489 --> 01:58:56,749

like a five story five sided blue

2697

01:59:02,259 --> 01:59:00,499

sapphire star yeah in my case I seem to

2698

01:59:04,660 --> 01:59:02,269

have an attraction to emeralds that

2699

01:59:06,850 --> 01:59:04,670

emeralds are pervasive Green and

2700

01:59:09,129 --> 01:59:06,860

emeralds are pervasive in my life for

2701
01:59:11,229 --> 01:59:09,139
some reason right and I think I I think

2702
01:59:14,379 --> 01:59:11,239
I I think I figured it out

2703
01:59:17,350 --> 01:59:14,389
but we shall see but in the case of the

2704
01:59:21,069 --> 01:59:17,360
in the case of the blue the blue star

2705
01:59:23,200 --> 01:59:21,079
sapphire yeah I mean it's a symbol I've

2706
01:59:26,739 --> 01:59:23,210
never known any well I've never seen

2707
01:59:29,350 --> 01:59:26,749
that before but you know they wanted to

2708
01:59:31,689 --> 01:59:29,360
the secret Chiefs wanted to send them a

2709
01:59:33,459 --> 01:59:31,699
message and so you know Terry wrist

2710
01:59:35,259 --> 01:59:33,469
didn't do that the secret Chiefs did and

2711
01:59:38,739 --> 01:59:35,269
the secret Chiefs one wanted them to do

2712
01:59:42,339 --> 01:59:38,749
it so they sent them a blue star balloon

2713
01:59:46,629 --> 01:59:42,349

and in my case you know I went to so

2714

01:59:50,709 --> 01:59:46,639

stupid I went to to a Cub Scout thing

2715

01:59:57,720 --> 01:59:50,719

and you know that and what do I see

2716

02:00:03,549 --> 02:00:02,259

Cub Scouts are dope like I wish I did I

2717

02:00:04,890 --> 02:00:03,559

wish I would have been able to like get

2718

02:00:07,330 --> 02:00:04,900

back in there

2719

02:00:11,830 --> 02:00:07,340

oh yeah that sounds like it's so much

2720

02:00:15,129 --> 02:00:11,840

fun is this so is this something like

2721

02:00:16,330 --> 02:00:15,139

that you have to be into in order for it

2722

02:00:18,819 --> 02:00:16,340

to happen to you or is this something

2723

02:00:21,850 --> 02:00:18,829

that can just happen to you and you have

2724

02:00:24,310 --> 02:00:21,860

to be open right right so I mean you

2725

02:00:28,180 --> 02:00:24,320

could you could maybe just one day start

2726

02:00:30,189 --> 02:00:28,190

noticing things and and then just kind

2727

02:00:35,799 --> 02:00:30,199

of dive into it and then baller you know

2728

02:00:38,589 --> 02:00:35,809

example I have a friend on Facebook she

2729

02:00:40,569 --> 02:00:38,599

is very interested in this stuff and she

2730

02:00:43,390 --> 02:00:40,579

was saying why can't this stuff happen

2731

02:00:45,940 --> 02:00:43,400

to me yeah and I said

2732

02:00:48,010 --> 02:00:45,950

well you just have to have to let the

2733

02:00:52,930 --> 02:00:48,020

let the powers-that-be know you want it

2734

02:00:55,270 --> 02:00:52,940

mm-hmm and so she you know she early she

2735

02:00:59,410 --> 02:00:55,280

went outside one night said hey secret

2736

02:01:03,040 --> 02:00:59,420

Chiefs send me a message and it's been

2737

02:01:05,680 --> 02:01:03,050

non-stop ever since yeah

2738

02:01:07,480 --> 02:01:05,690

so I'm curious what your thought is I'm

2739

02:01:10,390 --> 02:01:07,490

just kind of like going through this

2740

02:01:12,430 --> 02:01:10,400

kind of cognitive change of the era I

2741

02:01:15,100 --> 02:01:12,440

think me a Joe or at the same level but

2742

02:01:18,190 --> 02:01:15,110

we're we're seeing this connection

2743

02:01:21,700 --> 02:01:18,200

between the your intent with yes whether

2744

02:01:24,700 --> 02:01:21,710

it be UFOs aliens ghosts the occults or

2745

02:01:27,340 --> 02:01:24,710

mysticism there's this one binding

2746

02:01:29,860 --> 02:01:27,350

factor that connects all of these frames

2747

02:01:32,800 --> 02:01:29,870

of it's okay yeah I think that's like

2748

02:01:36,160 --> 02:01:32,810

the the language or the blood of of this

2749

02:01:38,490 --> 02:01:36,170

like it is it's the intent and and one

2750

02:01:42,790 --> 02:01:38,500

of the things that you see I started I

2751

02:01:45,340 --> 02:01:42,800

had approached Greenfield years ago and

2752

02:01:48,010 --> 02:01:45,350

started reprinting his book and at that

2753

02:01:50,140 --> 02:01:48,020

time very few people bought it it's a

2754

02:01:52,330 --> 02:01:50,150

it's from the 90s it's a very arcane

2755

02:01:54,040 --> 02:01:52,340

book you know you had to kind of

2756

02:01:57,040 --> 02:01:54,050

understand because it's a mixture of

2757

02:01:59,260 --> 02:01:57,050

occultism and ufology you have to kind

2758

02:02:01,030 --> 02:01:59,270

of understand what you're reading a

2759

02:02:03,040 --> 02:02:01,040

little bit right now or at least be

2760

02:02:05,980 --> 02:02:03,050

opening it's asking questions and other

2761

02:02:07,540 --> 02:02:05,990

stuff and you know very few people

2762

02:02:09,040 --> 02:02:07,550

bought it and then one day you know

2763

02:02:12,040 --> 02:02:09,050

suddenly a bunch of people started

2764

02:02:14,680 --> 02:02:12,050

buying it what the hell you know and

2765

02:02:16,270 --> 02:02:14,690

then and I had resisted watching Hellyer

2766

02:02:24,760 --> 02:02:16,280

for years because I thought it was about

2767

02:02:26,740 --> 02:02:24,770

Paul Hellyer whatever and my friend my

2768

02:02:28,120 --> 02:02:26,750

friend named Taylor he finally convinced

2769

02:02:31,450 --> 02:02:28,130

he's like no dude you gotta watch this

2770

02:02:34,660 --> 02:02:31,460

and within 10 minutes of watching it the

2771

02:02:37,150 --> 02:02:34,670

synchronous that he started yeah because

2772

02:02:40,000 --> 02:02:37,160

I mix inexorably bound to because I

2773

02:02:42,010 --> 02:02:40,010

published the book but one of the

2774

02:02:43,780 --> 02:02:42,020

reasons that I had gone to Greenfield

2775

02:02:47,290 --> 02:02:43,790

and asked for his permission to publish

2776

02:02:48,880 --> 02:02:47,300

the book Repub reprinted the guy who

2777

02:02:50,890 --> 02:02:48,890

originally printed it was a guy named

2778

02:02:53,920 --> 02:02:50,900

Ron bonds and he had a thing called

2779

02:02:55,560 --> 02:02:53,930

alumina press well Ron bonds went to a

2780

02:02:58,649 --> 02:02:55,570

Mexican restaurant ad

2781

02:03:02,100 --> 02:02:58,659

had a bad bad meal and was dead 24 hours

2782

02:03:04,379 --> 02:03:02,110

later right yeah and he published Jim

2783

02:03:07,020 --> 02:03:04,389

Keith and a bunch of people and he was a

2784

02:03:08,850 --> 02:03:07,030

big conspiracy book publisher and so you

2785

02:03:13,229 --> 02:03:08,860

know everybody's like oh um bonds got

2786

02:03:15,209 --> 02:03:13,239

taken out well you know I I not to deter

2787

02:03:16,500 --> 02:03:15,219

me of course I'm like well Allen I want

2788

02:03:20,399 --> 02:03:16,510

to publish this book and one of the

2789

02:03:21,810 --> 02:03:20,409

reasons why is because he talks a lot

2790

02:03:25,580 --> 02:03:21,820

about the notion of the ultra

2791

02:03:29,220 --> 02:03:25,590

terrestrial but these I'd this idea that

2792

02:03:30,720 --> 02:03:29,230

ghosts and UFOs and Bigfoot you know all

2793

02:03:32,700 --> 02:03:30,730

these fortune things they're all

2794

02:03:37,919 --> 02:03:32,710

disparate and it's not true they're all

2795

02:03:40,680 --> 02:03:37,929

connected in fact the the secret cipher

2796

02:03:43,950 --> 02:03:40,690

itself is a is a thalamic thing that it

2797

02:03:46,680 --> 02:03:43,960

uses the book of law from Crowley and it

2798

02:03:48,720 --> 02:03:46,690

it does a it does like like a it's like

2799

02:03:50,700 --> 02:03:48,730

a substitution cipher that did each

2800

02:03:52,140 --> 02:03:50,710

letter has a different number and then

2801
02:03:53,839 --> 02:03:52,150
you add the numbers up and it gives you

2802
02:03:56,879 --> 02:03:53,849
an outcome and then you find other words

2803
02:03:58,529 --> 02:03:56,889
that have the same numeric value and

2804
02:04:02,819 --> 02:03:58,539
then those words should give you a

2805
02:04:04,680 --> 02:04:02,829
message or an intention and intent great

2806
02:04:06,810 --> 02:04:04,690
and and so you know it works because

2807
02:04:08,640 --> 02:04:06,820
everything is interlinked it's not like

2808
02:04:09,899 --> 02:04:08,650
you just have UFOs or you just have

2809
02:04:12,569 --> 02:04:09,909
ghosts poltergeists

2810
02:04:15,209 --> 02:04:12,579
you know there's super Carberry it's all

2811
02:04:17,040 --> 02:04:15,219
mixed together it's all one anomalous

2812
02:04:20,759 --> 02:04:17,050
thing and there's somehow tied together

2813
02:04:23,970 --> 02:04:20,769

right so I love that idea and I really

2814

02:04:25,859 --> 02:04:23,980

buy into it so you know at least for the

2815

02:04:28,319 --> 02:04:25,869

stuff that's not man-made or human-made

2816

02:04:30,600 --> 02:04:28,329

right so I was like I want to print this

2817

02:04:37,049 --> 02:04:30,610

because I want people to have an option

2818

02:04:38,520 --> 02:04:37,059

that is in ancient aliens - well David

2819

02:04:40,680 --> 02:04:38,530

Hatcher Childress is a beautiful

2820

02:04:43,529 --> 02:04:40,690

wonderful guy and he actually publishes

2821

02:04:45,899 --> 02:04:43,539

the secret space agent on Adventures

2822

02:04:47,669 --> 02:04:45,909

unlimited I'm a huge fan I've got all of

2823

02:04:49,529 --> 02:04:47,679

his books I'm not lovely got a dad

2824

02:04:51,600 --> 02:04:49,539

yeah always a great guy and a nice dude

2825

02:04:54,720 --> 02:04:51,610

if you ever may know it wonderful dude

2826
02:04:56,399 --> 02:04:54,730
no funny way yeah but you know I wanted

2827
02:04:58,379 --> 02:04:56,409
people to have an alternative that's a

2828
02:04:59,129 --> 02:04:58,389
different view that maybe they're not

2829
02:05:01,379 --> 02:04:59,139
aliens

2830
02:05:02,729 --> 02:05:01,389
yeah maybe they're all their ultra

2831
02:05:06,299 --> 02:05:02,739
terrestrial beings from another

2832
02:05:07,919 --> 02:05:06,309
dimension or whatever so I really wanted

2833
02:05:08,480 --> 02:05:07,929
to publish it and low and behold I don't

2834
02:05:10,760 --> 02:05:08,490
know

2835
02:05:12,920 --> 02:05:10,770
five years well more than four five five

2836
02:05:15,220 --> 02:05:12,930
or six years later it gets put on this

2837
02:05:19,340 --> 02:05:15,230
you know documentary TV show and then

2838
02:05:22,760 --> 02:05:19,350

now my life is crazy yeah yeah man I

2839

02:05:25,970 --> 02:05:22,770

just man I just love the the thought of

2840

02:05:29,120 --> 02:05:25,980

that you know I think a lot of our

2841

02:05:32,120 --> 02:05:29,130

culture today kind of makes us believe

2842

02:05:34,550 --> 02:05:32,130

that we're powerless and and all this

2843

02:05:36,440 --> 02:05:34,560

stuff that we're into my design and I

2844

02:05:39,590 --> 02:05:36,450

feel like it's just it makes me feel

2845

02:05:42,500 --> 02:05:39,600

like man we're so much more capable yeah

2846

02:05:43,820 --> 02:05:42,510

how not not that we are yeah well it's

2847

02:05:45,740 --> 02:05:43,830

not that we're making this up in our

2848

02:05:47,840 --> 02:05:45,750

mind but it's just that certain people

2849

02:05:50,570 --> 02:05:47,850

are sensitive and are open to certain

2850

02:05:53,510 --> 02:05:50,580

things or able to access magic really if

2851
02:05:56,570 --> 02:05:53,520
you think you know right you know but I

2852
02:05:59,720 --> 02:05:56,580
call it I call it occult Sciences or

2853
02:06:01,610 --> 02:05:59,730
cold engineering I don't I'm not I'm not

2854
02:06:05,000 --> 02:06:01,620
a fella my I don't

2855
02:06:10,910 --> 02:06:05,010
that's not my religion right and I I

2856
02:06:13,370 --> 02:06:10,920
don't you know I'm an Episcopalian yeah

2857
02:06:14,900 --> 02:06:13,380
I don't I don't see and that's one of

2858
02:06:16,610 --> 02:06:14,910
the struggles that the one guy housed in

2859
02:06:18,530 --> 02:06:16,620
the shows that I believe he's Catholic

2860
02:06:20,060 --> 02:06:18,540
and he's right you know he's having this

2861
02:06:21,890 --> 02:06:20,070
struggle because these are culty things

2862
02:06:23,450 --> 02:06:21,900
are happening I think it's a I think

2863
02:06:26,270 --> 02:06:23,460

it's a science we don't understand

2864

02:06:28,340 --> 02:06:26,280

having to do with the ether and one of

2865

02:06:30,590 --> 02:06:28,350

the things you know Crowley Crowley was

2866

02:06:33,740 --> 02:06:30,600

a lot of things you know good and bad

2867

02:06:36,920 --> 02:06:33,750

but one of the things that Crowley would

2868

02:06:39,410 --> 02:06:36,930

say is that you know the powers within

2869

02:06:43,160 --> 02:06:39,420

you to do this stuff it's not you know

2870

02:06:45,530 --> 02:06:43,170

you're you have the power to be able to

2871

02:06:48,440 --> 02:06:45,540

manifest things and to do things and to

2872

02:06:50,060 --> 02:06:48,450

manipulate time and space and all these

2873

02:06:52,880 --> 02:06:50,070

things you have the power within you to

2874

02:06:55,310 --> 02:06:52,890

do it and you know you can take what

2875

02:06:58,340 --> 02:06:55,320

Crowley is written again I'm not I don't

2876

02:07:00,710 --> 02:06:58,350

belong to the OTO I'm not a film I but

2877

02:07:02,240 --> 02:07:00,720

you know there's good and bad in there

2878

02:07:08,930 --> 02:07:02,250

right I mean he did call himself the

2879

02:07:10,610 --> 02:07:08,940

Antichrist no but that aside I mean

2880

02:07:13,640 --> 02:07:10,620

there are things that are interesting

2881

02:07:17,450 --> 02:07:13,650

and and there you know there is a kind

2882

02:07:19,560 --> 02:07:17,460

of idea that you have the capability to

2883

02:07:22,260 --> 02:07:19,570

do whatever you want to do

2884

02:07:25,320 --> 02:07:22,270

and I think that's that's an interesting

2885

02:07:26,550 --> 02:07:25,330

thing and you know I think that's

2886

02:07:29,820 --> 02:07:26,560

something that we should all buy into

2887

02:07:31,800 --> 02:07:29,830

yeah I want to look more into the the

2888

02:07:33,810 --> 02:07:31,810

statement of Antichrist because you can

2889

02:07:36,930 --> 02:07:33,820

take it either like a really negative

2890

02:07:38,220 --> 02:07:36,940

way or I mean I'm sure there's multiple

2891

02:07:40,470 --> 02:07:38,230

different angles you can look at that

2892

02:07:42,840 --> 02:07:40,480

right right but it makes me only want to

2893

02:07:45,570 --> 02:07:42,850

research him even more Aleister Crowley

2894

02:07:48,540 --> 02:07:45,580

so oh yeah you know if you want an

2895

02:07:50,430 --> 02:07:48,550

interesting view of the Antichrist and

2896

02:07:53,490 --> 02:07:50,440

you're a fan of Ground Zero you should

2897

02:07:56,850 --> 02:07:53,500

look up the ACDC god if you have if you

2898

02:07:59,130 --> 02:07:56,860

have the paranoia channel on on your

2899

02:08:01,200 --> 02:07:59,140

Roku yeah yeah we can actually yeah you

2900

02:08:02,910 --> 02:08:01,210

can actually find a thing on there it's

2901

02:08:05,730 --> 02:08:02,920

called the ac/dc god at some of the

2902

02:08:09,180 --> 02:08:05,740

Ground Zero videos and it's Clyde's

2903

02:08:11,490 --> 02:08:09,190

presentation on on the the Antichrist

2904

02:08:15,950 --> 02:08:11,500

which he believes is Prince William cool

2905

02:08:20,070 --> 02:08:18,750

yeah yeah I'm definitely gonna check

2906

02:08:22,050 --> 02:08:20,080

that out because I saw it scrolling

2907

02:08:25,980 --> 02:08:22,060

through I was like we're gonna have to

2908

02:08:28,170 --> 02:08:25,990

get on this sure so yeah gonna be binge

2909

02:08:31,100 --> 02:08:28,180

watching a lot of stuff yeah I've got a

2910

02:08:33,770 --> 02:08:31,110

lot I've got a lot of homework now

2911

02:08:40,110 --> 02:08:33,780

you've given my my next month of

2912

02:08:41,910 --> 02:08:40,120

research my friend it's and it's it's a

2913

02:08:44,760 --> 02:08:41,920

growth thing that it's it's not

2914

02:08:46,260 --> 02:08:44,770

something you figure out overnight it

2915

02:08:48,480 --> 02:08:46,270

just kind of kind of comes to you you

2916

02:08:51,270 --> 02:08:48,490

know I'd spent years and years and years

2917

02:08:54,510 --> 02:08:51,280

reading this stuff and I never really

2918

02:08:56,220 --> 02:08:54,520

did anything about it and one day you

2919

02:08:58,980 --> 02:08:56,230

know before I watch tell you're actually

2920

02:09:00,500 --> 02:08:58,990

one day a friend of mine needed some

2921

02:09:03,750 --> 02:09:00,510

help

2922

02:09:05,730 --> 02:09:03,760

cleansing their house and I was like

2923

02:09:07,260 --> 02:09:05,740

okay I know how to do this so I went and

2924

02:09:10,530 --> 02:09:07,270

helped through cleanse that the house

2925

02:09:13,710 --> 02:09:10,540

and then I watched Tellier and then it

2926

02:09:16,590 --> 02:09:13,720

all came unglued whoa you know and and

2927

02:09:18,330 --> 02:09:16,600

for example I had a friend a same friend

2928

02:09:21,000 --> 02:09:18,340

whose house I clones you know we're

2929

02:09:23,310 --> 02:09:21,010

having lunch and I had told her that I

2930

02:09:25,460 --> 02:09:23,320

was just sitting outside looking up at

2931

02:09:28,080 --> 02:09:25,470

the sky like I'm doing right now and

2932

02:09:30,480 --> 02:09:28,090

three stars formed the equilateral

2933

02:09:32,460 --> 02:09:30,490

triangle and it became very obvious to

2934

02:09:33,270 --> 02:09:32,470

me those stars and it shouldn't have but

2935

02:09:36,210 --> 02:09:33,280

they were

2936

02:09:38,160 --> 02:09:36,220

yeah Wow and yeah and and then she had

2937

02:09:41,130 --> 02:09:38,170

this suddenly into her she's empathic

2938

02:09:43,680 --> 02:09:41,140

and suddenly this symbol of a triangle

2939

02:09:48,390 --> 02:09:43,690

with swirly lines suddenly just popped

2940

02:09:51,510 --> 02:09:48,400

into her head whoa cool right you know

2941

02:09:54,060 --> 02:09:51,520

and then then I had you know had a

2942

02:09:56,100 --> 02:09:54,070

somewhat mystical experience and I the

2943

02:09:58,950 --> 02:09:56,110

next day I went to Half Price Books of

2944

02:10:02,550 --> 02:09:58,960

all the mundane things to do I went to

2945

02:10:04,650 --> 02:10:02,560

Half Price Books and I was in the I was

2946

02:10:06,650 --> 02:10:04,660

in the real book section one like rare

2947

02:10:10,340 --> 02:10:06,660

books at Half Price Books okay whatever

2948

02:10:13,620 --> 02:10:10,350

well they had this like old copy of

2949

02:10:15,300 --> 02:10:13,630

practical magic in theory by Crowley and

2950

02:10:17,580 --> 02:10:15,310

I felt compelled to buy it for some

2951
02:10:20,610 --> 02:10:17,590
reason there's some odd synchronicities

2952
02:10:23,130 --> 02:10:20,620
that within the book just a book without

2953
02:10:24,900 --> 02:10:23,140
opening the book of why I felt super

2954
02:10:27,840 --> 02:10:24,910
compelled to buy it it's a long story

2955
02:10:29,760 --> 02:10:27,850
I'll just bore you to death but I I

2956
02:10:31,740 --> 02:10:29,770
called Green Cross said hey you know I

2957
02:10:33,420 --> 02:10:31,750
was just compelled because I always

2958
02:10:35,820 --> 02:10:33,430
asked Allen when some of these things

2959
02:10:38,040 --> 02:10:35,830
happen because I need some clarity

2960
02:10:41,040 --> 02:10:38,050
because I don't necessarily understand

2961
02:10:44,520 --> 02:10:41,050
the meanings and and he said well

2962
02:10:48,800 --> 02:10:44,530
obviously they super Chiefs wanted you

2963
02:10:52,470 --> 02:10:48,810

to read the book so read the book and

2964

02:10:54,870 --> 02:10:52,480

something will pop out at you yeah right

2965

02:10:56,970 --> 02:10:54,880

yeah and so I start reading the book I'm

2966

02:10:59,760 --> 02:10:56,980

in the first or the second damn chapter

2967

02:11:03,570 --> 02:10:59,770

and and this thing pops out at me in it

2968

02:11:05,850 --> 02:11:03,580

and it's it's like if you want to if you

2969

02:11:07,530 --> 02:11:05,860

want to summon a god you make a circle

2970

02:11:10,170 --> 02:11:07,540

if you want to summon a spirit you make

2971

02:11:13,700 --> 02:11:10,180

a triangle and here I have this whole

2972

02:11:16,650 --> 02:11:13,710

like synchronicity of triangles yes

2973

02:11:19,200 --> 02:11:16,660

that's fine and in this crazy

2974

02:11:21,300 --> 02:11:19,210

synchronicity about emeralds and that

2975

02:11:24,870 --> 02:11:21,310

there's some I can't get into it but

2976

02:11:26,670 --> 02:11:24,880

there there's a reason why so is that

2977

02:11:28,740 --> 02:11:26,680

way have to do with light refraction and

2978

02:11:30,930 --> 02:11:28,750

like the shape of the triangle making it

2979

02:11:36,090 --> 02:11:30,940

green of some sort of just like greeting

2980

02:11:38,490 --> 02:11:36,100

as long as here it's it's there's

2981

02:11:41,420 --> 02:11:38,500

there's two reasons one one of which is

2982

02:11:44,970 --> 02:11:41,430

that the Emerald is invoking an emerald

2983

02:11:46,920 --> 02:11:44,980

this used to ask for health and also

2984

02:11:49,020 --> 02:11:46,930

foresight yeah

2985

02:11:51,390 --> 02:11:49,030

you can use it to to try to scry the

2986

02:11:55,940 --> 02:11:51,400

future the other thing I can't tell you

2987

02:11:59,700 --> 02:11:55,950

about I'm sworn to secrecy unfortunately

2988

02:12:02,390 --> 02:11:59,710

dang it yep but suffice it to say

2989

02:12:07,440 --> 02:12:02,400

suffice it to say it's yet another

2990

02:12:09,330 --> 02:12:07,450

synchronicity yeah Wow yeah dude well

2991

02:12:12,510 --> 02:12:09,340

not a creepy one but a really crazy one

2992

02:12:14,100 --> 02:12:12,520

yeah yeah that's awesome man oh well no

2993

02:12:17,220 --> 02:12:14,110

worries baby you gotta keep seeing any

2994

02:12:19,530 --> 02:12:17,230

words I understand this stuff has a lot

2995

02:12:21,360 --> 02:12:19,540

of secrets to it so no worries no

2996

02:12:24,510 --> 02:12:21,370

worries on that man yeah don't worry

2997

02:12:27,540 --> 02:12:24,520

about it yeah that's great dude well man

2998

02:12:29,430 --> 02:12:27,550

I want to say thank you very much for uh

2999

02:12:31,710 --> 02:12:29,440

hopping on with us tonight and

3000

02:12:33,840 --> 02:12:31,720

chit-chatting with us

3001

02:12:35,310 --> 02:12:33,850

we're definitely what I would definitely

3002

02:12:37,890 --> 02:12:35,320

would love to have you back on it yes

3003

02:12:40,110 --> 02:12:37,900

definitely anytime we can keep chitchat

3004

02:12:43,290 --> 02:12:40,120

man I could pick your brain for hours

3005

02:12:45,420 --> 02:12:43,300

you know what I'm saying yeah but yeah

3006

02:12:48,660 --> 02:12:45,430

man this has been absolutely awesome I'm

3007

02:12:51,690 --> 02:12:48,670

so glad that we were able to meet you a

3008

02:12:55,140 --> 02:12:51,700

big thing today for for introducing us

3009

02:12:57,240 --> 02:12:55,150

to you man oh yeah that's right they

3010

02:12:59,250 --> 02:12:57,250

start radio radio Dave Scott check it

3011

02:13:03,200 --> 02:12:59,260

out that's right Dave Dave

3012

02:13:05,220 --> 02:13:03,210

oddly dave is a part of it oh really oh

3013

02:13:10,950 --> 02:13:05,230

okay so next time you're on the podcast

3014

02:13:16,740 --> 02:13:10,960

you have to tell that story this we

3015

02:13:19,170 --> 02:13:16,750

discussed it on his show alright man

3016

02:13:21,300 --> 02:13:19,180

well thank you again for spending your

3017

02:13:22,950 --> 02:13:21,310

time with us yeah our listeners are

3018

02:13:24,300 --> 02:13:22,960

totally gonna appreciate this man and

3019

02:13:27,270 --> 02:13:24,310

we're definitely gonna have you back on

3020

02:13:29,610 --> 02:13:27,280

again soon all right man sure alright

3021

02:13:32,160 --> 02:13:29,620

brother yeah thank you very much yeah

3022

02:13:33,450 --> 02:13:32,170

thank you so much brother oh no problem

3023

02:13:35,550 --> 02:13:33,460

it was it was a pleasure and an honor

3024

02:13:38,070 --> 02:13:35,560

absolutely will you have a great night

3025

02:13:41,540 --> 02:13:38,080

alright dude you too all right man we'll

3026

02:13:42,780 --> 02:13:41,550

talk to you later brother okay all right

3027

02:13:44,420 --> 02:13:42,790

Aloha

3028

02:13:53,020 --> 02:13:44,430

[Laughter]

3029

02:13:55,430 --> 02:13:53,030

[Music]

3030

02:13:59,000 --> 02:13:55,440

dude dude

3031

02:14:01,670 --> 02:13:59,010

that was crazy my love yeah dude he was

3032

02:14:04,610 --> 02:14:01,680

an awesome guest man he was really

3033

02:14:06,110 --> 02:14:04,620

really awesome so many questions so

3034

02:14:09,590 --> 02:14:06,120

we're gonna have to get him back on and

3035

02:14:15,230 --> 02:14:09,600

I want to talk more about magic yeah I

3036

02:14:17,600 --> 02:14:15,240

like all the flying in the magic man

3037

02:14:20,630 --> 02:14:17,610

that was so good I'm glad I'm glad he

3038

02:14:23,960 --> 02:14:20,640

gave us some clarity on the secret space

3039

02:14:27,110 --> 02:14:23,970

program and I'm glad he gave us his

3040

02:14:29,510 --> 02:14:27,120

opinion on hillier yeah cuz you know we

3041

02:14:31,010 --> 02:14:29,520

were big fans on that but I mean yeah

3042

02:14:34,430 --> 02:14:31,020

the dude is awesome

3043

02:14:36,170 --> 02:14:34,440

yeah he's written a lot of stuff I mean

3044

02:14:37,970 --> 02:14:36,180

like I said he's he's a real

3045

02:14:40,580 --> 02:14:37,980

behind-the-scenes kind of guy but I mean

3046

02:14:44,570 --> 02:14:40,590

he he's like seems to like make a lot of

3047

02:14:46,400 --> 02:14:44,580

[h__h] happen yeah and dude I mean I was

3048

02:14:48,860 --> 02:14:46,410

like talking to the source yeah yeah

3049

02:14:50,000 --> 02:14:48,870

exactly how I felt exactly yeah he's

3050

02:14:53,590 --> 02:14:50,010

like yeah you guys should have

3051
02:14:56,120 --> 02:14:53,600
greenfield on your on your shows like ya

3052
02:14:59,000 --> 02:14:56,130
horse dude hell yeah that would be so

3053
02:15:02,060 --> 02:14:59,010
awesome man so I just yeah just kind of

3054
02:15:04,880 --> 02:15:02,070
like recap like secret space program a

3055
02:15:07,850 --> 02:15:04,890
little bit of magic some hell your stuff

3056
02:15:11,510 --> 02:15:07,860
lots of Nazi some Nazi stuff with the

3057
02:15:13,130 --> 02:15:11,520
senior space program yeah man oh it's

3058
02:15:15,290 --> 02:15:13,140
just kind of like all swirling in my

3059
02:15:19,520 --> 02:15:15,300
head I know me too

3060
02:15:23,360 --> 02:15:19,530
me too ah did so awesome I mean I'm sure

3061
02:15:25,610 --> 02:15:23,370
this guy's got a million stories yeah I

3062
02:15:29,240 --> 02:15:25,620
mean if you're a writer you know you you

3063
02:15:31,340 --> 02:15:29,250

know I do it I mean yeah we got we gotta

3064

02:15:32,960 --> 02:15:31,350

get him back on absolutely sure gonna

3065

02:15:35,360 --> 02:15:32,970

think of a lot of questions I should

3066

02:15:37,310 --> 02:15:35,370

have asked but I feel like we did pretty

3067

02:15:42,530 --> 02:15:37,320

good we did do pretty good yeah we did

3068

02:15:46,880 --> 02:15:42,540

do pretty good yes I forgot I have

3069

02:15:53,090 --> 02:15:46,890

coronavirus oh yeah dude all right dude

3070

02:15:54,770 --> 02:15:53,100

it's okay not funny I mean dude you if

3071

02:15:58,700 --> 02:15:54,780

you if you have it you realize you only

3072

02:16:04,670 --> 02:15:58,710

have a 98% chance of living

3073

02:16:06,020 --> 02:16:04,680

[h__h] is it that low dude so you guys

3074

02:16:07,940 --> 02:16:06,030

might have noticed that we handed like a

3075

02:16:10,580 --> 02:16:07,950

different intro song I'm gonna give a

3076

02:16:12,310 --> 02:16:10,590

shout-out to Robbie yeah you guys will

3077

02:16:15,590 --> 02:16:12,320

probably hear a couple of different ones

3078

02:16:17,450 --> 02:16:15,600

kind of trying something new out so if

3079

02:16:19,910 --> 02:16:17,460

you like it change up the viola yeah

3080

02:16:22,190 --> 02:16:19,920

tell us whether or not you like it or if

3081

02:16:24,290 --> 02:16:22,200

you think it's crap then tell us crap

3082

02:16:27,830 --> 02:16:24,300

and we'll move to the next one but I

3083

02:16:30,620 --> 02:16:27,840

thought was pretty cool man yeah yeah

3084

02:16:33,970 --> 02:16:30,630

definitely so shout out to you Robbie

3085

02:16:36,230 --> 02:16:33,980

thank you so much for all the track's

3086

02:16:39,440 --> 02:16:36,240

super cool man yeah definitely

3087

02:16:41,720 --> 02:16:39,450

appreciate it dude I mean like it seems

3088

02:16:44,810 --> 02:16:41,730

like you know this was kind of a journey

3089

02:16:48,590 --> 02:16:44,820

that we set off you know on like kind of

3090

02:16:50,959 --> 02:16:48,600

by ourselves yeah and it liked it with

3091

02:16:53,600 --> 02:16:50,969

it with every episode I feel like

3092

02:16:56,810 --> 02:16:53,610

there's more and more of a team yeah

3093

02:16:59,900 --> 02:16:56,820

that like you know nobody else sees but

3094

02:17:01,400 --> 02:16:59,910

like you know we've made so many friends

3095

02:17:03,709 --> 02:17:01,410

yeah we got so many people willing to

3096

02:17:05,900 --> 02:17:03,719

help us out so many people wanted like

3097

02:17:07,760 --> 02:17:05,910

willing to talk to us right I mean

3098

02:17:09,560 --> 02:17:07,770

everybody's just been so nice about this

3099

02:17:11,660 --> 02:17:09,570

whole thing and like giving up their

3100

02:17:12,590 --> 02:17:11,670

time out of their night just to talk to

3101

02:17:14,240 --> 02:17:12,600

us for free

3102

02:17:16,970 --> 02:17:14,250

like I mean yeah we're plugging their

3103

02:17:20,360 --> 02:17:16,980

stuff but like dude you can't ask for

3104

02:17:23,060 --> 02:17:20,370

that like Norman oh yeah you can't ask

3105

02:17:24,470 --> 02:17:23,070

for that apparently cuz I mean everyone

3106

02:17:26,330 --> 02:17:24,480

that we've talked to I love that idea

3107

02:17:28,700 --> 02:17:26,340

like we are kind of building a team yeah

3108

02:17:31,070 --> 02:17:28,710

yeah and the mission is just to get this

3109

02:17:32,690 --> 02:17:31,080

stuff out there and talk about it people

3110

02:17:35,600 --> 02:17:32,700

know about it and it's just kind of a

3111

02:17:39,140 --> 02:17:35,610

self-fulfilling yeah Shema we're super

3112

02:17:41,150 --> 02:17:39,150

appreciative appreciative appreciative

3113

02:17:43,190 --> 02:17:41,160

yeah about the whole thing

3114

02:17:45,050 --> 02:17:43,200

so thank you to everybody who's helped

3115

02:17:47,300 --> 02:17:45,060

us out thank you to everybody who's

3116

02:17:50,390 --> 02:17:47,310

donated they heard everybody who just

3117

02:17:53,240 --> 02:17:50,400

watches and enjoys it I mean if it

3118

02:17:55,160 --> 02:17:53,250

wasn't for all of you guys I mean you

3119

02:17:57,620 --> 02:17:55,170

know we we would just be talking to

3120

02:17:59,959 --> 02:17:57,630

ourselves in a bar yeah exactly but the

3121

02:18:02,240 --> 02:17:59,969

fact that we have listeners all the time

3122

02:18:03,530 --> 02:18:02,250

it's just man thank you all for

3123

02:18:05,740 --> 02:18:03,540

listening I really appreciate it yeah

3124

02:18:09,890 --> 02:18:05,750

yeah thank you stand watching on YouTube

3125

02:18:12,370 --> 02:18:09,900

dumb faces and I think you know dude I

3126

02:18:15,160 --> 02:18:12,380

mean I feel like our guest quality is

3127

02:18:16,839 --> 02:18:15,170

is really just gonna go up yeah from

3128

02:18:18,700 --> 02:18:16,849

here I mean every guest that we've had

3129

02:18:21,700 --> 02:18:18,710

on we haven't had bad guests yet yeah

3130

02:18:23,350 --> 02:18:21,710

has been just phenomenal yeah it's it's

3131

02:18:25,389 --> 02:18:23,360

really unreal the amount of people that

3132

02:18:28,480 --> 02:18:25,399

we've been able to talk to you it's

3133

02:18:30,459 --> 02:18:28,490

really crazy super super cool man yeah I

3134

02:18:33,639 --> 02:18:30,469

haven't been disappointed with a guest

3135

02:18:36,490 --> 02:18:33,649

yet yeah and and they get a lot of a lot

3136

02:18:39,040 --> 02:18:36,500

of positive positive feedback too man so

3137

02:18:41,200 --> 02:18:39,050

that's really really cool

3138

02:18:44,290 --> 02:18:41,210

you know we enjoy feedback so you guys

3139

02:18:46,120 --> 02:18:44,300

listen and let us know what you think we

3140

02:18:47,589 --> 02:18:46,130

want feedback you know we want to make

3141

02:18:50,110 --> 02:18:47,599

this show better we want to continue to

3142

02:18:52,839 --> 02:18:50,120

put out good content and keep you

3143

02:18:55,419 --> 02:18:52,849

laughing and keep you informed I mean

3144

02:18:57,610 --> 02:18:55,429

yeah I think our platform is really just

3145

02:18:59,379 --> 02:18:57,620

like two dudes drinking beer talking

3146

02:18:59,919 --> 02:18:59,389

about UFOs and aliens and all things

3147

02:19:04,360 --> 02:18:59,929

weird

3148

02:19:12,009 --> 02:19:04,370

absolutely absolutely gotta stay true to

3149

02:19:14,650 --> 02:19:12,019

the course being true to the cause so

3150

02:19:17,679 --> 02:19:14,660

guys don't forget go check out UFO go

3151

02:19:21,910 --> 02:19:17,689

wrong oh dude we got new t-shirts check

3152

02:19:23,770 --> 02:19:21,920

it out it's the Impala and we got the

3153

02:19:26,290 --> 02:19:23,780

the new Impala with the the alien being

3154

02:19:28,150 --> 02:19:26,300

abducted instead right well I should

3155

02:19:31,929 --> 02:19:28,160

pull up the gentleman's name that that

3156

02:19:33,879 --> 02:19:31,939

was his idea that's gonna take too much

3157

02:19:36,520 --> 02:19:33,889

yeah it's way it's way back way back

3158

02:19:39,219 --> 02:19:36,530

it's way back but yeah one of our guests

3159

02:19:42,370 --> 02:19:39,229

or one of our listeners requested this

3160

02:19:44,410 --> 02:19:42,380

design and we made it in like one day so

3161

02:19:45,879 --> 02:19:44,420

it came out good and I love this one

3162

02:19:47,770 --> 02:19:45,889

because it's super simple but I'm gonna

3163

02:19:52,800 --> 02:19:47,780

change it so it's a little it's kind of

3164

02:19:57,400 --> 02:19:52,810

off yeah so we'll up high right now yeah

3165

02:19:59,290 --> 02:19:57,410

yeah dude awesome well yeah man oh we're

3166

02:20:02,020 --> 02:19:59,300

gonna have some more more guests coming

3167

02:20:04,000 --> 02:20:02,030

on pretty soon we got what are you still

3168

02:20:07,120 --> 02:20:04,010

doing Friday Sunday

3169

02:20:07,870 --> 02:20:07,130

so just Sunday right now yes okay Sunday

3170

02:20:09,340 --> 02:20:07,880

okay

3171

02:20:10,990 --> 02:20:09,350

all right have a guess for Friday if we

3172

02:20:12,880 --> 02:20:11,000

want to do a guest for Friday we might

3173

02:20:14,920 --> 02:20:12,890

just do a goofy one on Friday know

3174

02:20:16,480 --> 02:20:14,930

whatever you want but guys to kind of

3175

02:20:18,690 --> 02:20:16,490

you know build stuff up because you're

3176

02:20:21,900 --> 02:20:18,700

having a baby soon so I

3177

02:20:24,030 --> 02:20:21,910

yeah count it yeah yeah but Sunday's

3178

02:20:28,200 --> 02:20:24,040

gonna be a big one guys

3179

02:20:31,020 --> 02:20:28,210

I mean he's we got it set up I'm just

3180

02:20:33,720 --> 02:20:31,030

waiting for him to confirm the time yeah

3181

02:20:36,421 --> 02:20:33,730

we have Terry Lovelace coming on the

3182

02:20:40,110 --> 02:20:36,431

show he's written a book called incident

3183

02:20:42,180 --> 02:20:40,120

at Devil's Den I'm super excited that's

3184

02:20:43,801 --> 02:20:42,190

an awesome story I can't wait for you

3185

02:20:47,460 --> 02:20:43,811

guys to hear it if you haven't heard of

3186

02:20:49,591 --> 02:20:47,470

them and if you hadn't and we haven't

3187

02:20:51,720 --> 02:20:49,601

put the show out yet maybe look him up

3188

02:20:54,841 --> 02:20:51,730

do a little bit of research on him and I

3189

02:20:56,730 --> 02:20:54,851

mean the guy's story is awesome yeah I

3190

02:20:59,250 --> 02:20:56,740

love it so I'm super excited to have him

3191

02:21:01,620 --> 02:20:59,260

on and and talk with him he's gonna be

3192

02:21:03,870 --> 02:21:01,630

cool too because he's a local guy he's

3193

02:21:07,261 --> 02:21:03,880

in the Texas area as well so yeah that

3194

02:21:09,750 --> 02:21:07,271

time will be you know easy too easy to

3195

02:21:11,040 --> 02:21:09,760

match that's awesome yeah man well he

3196

02:21:12,390 --> 02:21:11,050

could be in the studio right he could

3197

02:21:14,370 --> 02:21:12,400

come in the studio or do you think he's

3198

02:21:17,370 --> 02:21:14,380

too far away anything he's too far okay

3199

02:21:20,280 --> 02:21:17,380

well yeah all right next time but yeah

3200

02:21:29,560 --> 02:21:20,290

all right man I broke all right so is
