00:00:06,440 --> 00:00:02,649

[Music]

2
00:00:09,230 --> 00:00:06,450

this is another episode UFO garage I'm

3
00:00:13,160 --> 00:00:09,240

been not joke this is where we talked

4
00:00:19,550 --> 00:00:13,170

about UFOs aliens and all things weird I

5
00:00:25,570 --> 00:00:19,560

know I'm things really hey what's up man

6
00:00:30,259 --> 00:00:25,580

what's up dude here we are again it's

7
00:00:32,470 --> 00:00:30,269

it's corn corn team cow it's a corn King

8
00:00:38,260 --> 00:00:32,480

cows oh we've got ourselves in it's a

9
00:00:41,660 --> 00:00:38,270

roll it's raw pizza it's warm it's warm

10
00:00:44,420 --> 00:00:41,670

it's delicious but not a lot of people

11
00:00:46,760 --> 00:00:44,430

like the cows oh you know it's more of a

12
00:00:47,479 --> 00:00:46,770

closed off pocket you know it's not out

13
00:00:49,190 --> 00:00:47,489

in the open

14

00:00:55,209 --> 00:00:49,200

we're not a pizza where it's a calzone

15

00:00:55,219 --> 00:01:03,310

yeah you get it

16

00:01:13,690 --> 00:01:06,649

uh-huh that's that's exactly what I was

17

00:01:16,280 --> 00:01:13,700

talking about yeah yeah I believe it

18

00:01:19,160 --> 00:01:16,290

dude well yeah man so we're gonna get

19

00:01:21,490 --> 00:01:19,170

hop into this Facebook stuff yeah it's

20

00:01:25,039 --> 00:01:21,500

been too often this is so challenging

21

00:01:28,310 --> 00:01:25,049

it's hard yes Ari if you're not watching

22

00:01:30,050 --> 00:01:28,320

the video just listen sorry work on our

23

00:01:33,590 --> 00:01:30,060

computers we're doing the quarantine

24

00:01:37,670 --> 00:01:33,600

thing but the next episode I'm going

25

00:01:41,330 --> 00:01:37,680

over to beat ya it'll sound better it'll

26

00:01:42,920 --> 00:01:41,340

look better yeah that's right yeah so

27

00:01:44,810 --> 00:01:42,930

we're gonna go through through some

28

00:01:47,120 --> 00:01:44,820

Facebook stuff it's been a long time we

29

00:01:49,910 --> 00:01:47,130

got it we got to give some shoutouts to

30

00:01:52,160 --> 00:01:49,920

our community that posts on the UFO

31

00:01:54,260 --> 00:01:52,170

garage podcast group if you're not a

32

00:01:56,660 --> 00:01:54,270

part of the group searching the Facebook

33

00:01:58,399 --> 00:01:56,670

UFO garage podcast group be a part of

34

00:02:00,499 --> 00:01:58,409

the conversation post some cool stuff

35

00:02:02,149 --> 00:02:00,509

put some funny stuff you know we're all

36

00:02:04,780 --> 00:02:02,159

just we're just laughing and having a

37

00:02:12,050 --> 00:02:04,790

good time but also learning about aliens

38

00:02:13,960 --> 00:02:12,060

UFOs and all things weird so yeah so

39

00:02:17,080 --> 00:02:13,970

first one goes out to Joss

40

00:02:19,450 --> 00:02:17,090

Johnson was a photographer at UFO Con

41

00:02:22,120 --> 00:02:19,460

last one that we attended so she took

42

00:02:24,160 --> 00:02:22,130

all the pictures of everybody she got

43

00:02:26,410 --> 00:02:24,170

some really really good stuff this

44

00:02:30,070 --> 00:02:26,420

picture that you see here is Geraldine

45

00:02:32,950 --> 00:02:30,080

Orosco and been caught Summerford speech

46

00:02:36,720 --> 00:02:32,960

and uh I mean she does some pretty cool

47

00:02:41,530 --> 00:02:36,730

stuff Dean a human right bin say what

48

00:02:43,960 --> 00:02:41,540

Tina did you say Dean hate him he in a

49

00:02:46,870 --> 00:02:43,970

healing oh right yeah

50

00:02:49,540 --> 00:02:46,880

so lots of lots of cool like DNA science

51
00:02:52,000 --> 00:02:49,550
stuff like having to do with the

52
00:02:56,500 --> 00:02:52,010
hybridization program of ETS and

53
00:02:59,110 --> 00:02:56,510
impregnating human women you know et DNA

54
00:03:01,810 --> 00:02:59,120
and looking at the lineage I don't

55
00:03:05,860 --> 00:03:01,820
remember a lot of like the specifics but

56
00:03:08,560 --> 00:03:05,870
it was a really cool talk I'm sure

57
00:03:11,860 --> 00:03:08,570
there's something out there that has to

58
00:03:14,320 --> 00:03:11,870
do with what she's going on you know the

59
00:03:17,080 --> 00:03:14,330
circuit was she what her new platform is

60
00:03:19,150 --> 00:03:17,090
and and anyway she was super cool super

61
00:03:21,729 --> 00:03:19,160
laid-back super chill very nice person

62
00:03:22,949 --> 00:03:21,739
awesome interesting information that

63
00:03:26,199 --> 00:03:22,959

she's had and she's putting together

64

00:03:28,570 --> 00:03:26,209

kind of like a lineage of this DNA

65

00:03:30,850 --> 00:03:28,580

relating to the hybridization program

66

00:03:33,850 --> 00:03:30,860

I'm not gonna speak too much to it

67

00:03:35,860 --> 00:03:33,860

because I said I don't I don't really

68

00:03:39,520 --> 00:03:35,870

know all the specifics so she's an

69

00:03:41,229 --> 00:03:39,530

expert but uh it was really cool you

70

00:03:45,009 --> 00:03:41,239

guys go check her out go follow her page

71

00:03:46,990 --> 00:03:45,019

you find the link on our our page but

72

00:03:48,729 --> 00:03:47,000

yeah I mean she's pretty awesome she did

73

00:03:51,610 --> 00:03:48,739

that this past weekend or the weekend

74

00:03:54,610 --> 00:03:51,620

before it was like a like a meditation

75

00:03:57,160 --> 00:03:54,620

group or whatever right all over the

76

00:04:00,759 --> 00:03:57,170

place yes they did live meditating or

77

00:04:02,410 --> 00:04:00,769

something so yeah I mean they they do

78

00:04:04,930 --> 00:04:02,420

some cool stuff so go check her out

79

00:04:06,070 --> 00:04:04,940

she's pretty she's pretty badass we'll

80

00:04:09,330 --> 00:04:06,080

definitely see if we can get her on the

81

00:04:14,320 --> 00:04:09,340

show soon duh

82

00:04:16,870 --> 00:04:14,330

Arthur alien yeah there was a watch

83

00:04:20,110 --> 00:04:16,880

party you can't see it now but it was

84

00:04:21,610 --> 00:04:20,120

like a UFO and it was hanging out like I

85

00:04:27,410 --> 00:04:21,620

think somewhere in the Philippines or

86

00:04:29,360 --> 00:04:27,420

something I think it was on a loop yeah

87

00:04:33,020 --> 00:04:29,370

but if it was really it looked really

88

00:04:35,390 --> 00:04:33,030

cool it was was huge so it wasn't like a

89

00:04:37,670 --> 00:04:35,400

formation or was it what did it look

90

00:04:41,540 --> 00:04:37,680

like it was like a [h__h]

91

00:04:44,810 --> 00:04:41,550

just in the sky you know it's kind of

92

00:04:49,240 --> 00:04:44,820

like sideways in the daytime yeah in the

93

00:04:52,880 --> 00:04:49,250

daytime damn that's cool yeah

94

00:04:54,860 --> 00:04:52,890

I mean it looked really cool but I don't

95

00:04:57,050 --> 00:04:54,870

know it feels real cuz I look like the

96

00:04:59,320 --> 00:04:57,060

video kept loopy yeah I don't know I

97

00:05:02,150 --> 00:04:59,330

think like most of our facebook video

98

00:05:05,260 --> 00:05:02,160

responses are like dang house that was

99

00:05:13,700 --> 00:05:08,650

well like that was cool

100

00:05:16,790 --> 00:05:13,710

that's a pretty sweet video always

101
00:05:20,240 --> 00:05:16,800
followed up with I'm not sure yeah yeah

102
00:05:25,870 --> 00:05:20,250
yeah I don't know I don't know it might

103
00:05:30,200 --> 00:05:25,880
be flares buzz pretty cool possibly yeah

104
00:05:33,110 --> 00:05:30,210
oh so the next one keeps crawling

105
00:05:35,900 --> 00:05:33,120
Phillip night yeah the uh he said he was

106
00:05:37,460 --> 00:05:35,910
watching the Hellyer amazon season 1

107
00:05:39,140 --> 00:05:37,470
episode 5 they're performing an

108
00:05:41,270 --> 00:05:39,150
experiment the guy was doing an

109
00:05:43,850 --> 00:05:41,280
experiment and he saw a vision as mine

110
00:05:48,020 --> 00:05:43,860
his mind of a being it looked like a

111
00:05:50,780 --> 00:05:48,030
grey with blue eyes and he said philip

112
00:05:54,260 --> 00:05:50,790
said he thought of our last video where

113
00:05:59,090 --> 00:05:54,270

I showed an illustration that I did

114

00:06:02,660 --> 00:05:59,100

based off of Eric Mitchell's recounting

115

00:06:03,980 --> 00:06:02,670

of this grey with blue eyes yeah which I

116

00:06:07,220 --> 00:06:03,990

don't know what episode that was but it

117

00:06:10,280 --> 00:06:07,230

was I still look at it that that

118

00:06:14,390 --> 00:06:10,290

illustration is very creepy it is creepy

119

00:06:17,210 --> 00:06:14,400

dude yeah yeah it's pretty it's pretty

120

00:06:19,160 --> 00:06:17,220

wild but Philip let us know how you

121

00:06:21,860 --> 00:06:19,170

liked it did you finish Tellier both

122

00:06:27,890 --> 00:06:21,870

seasons so far yeah looks good

123

00:06:31,430 --> 00:06:27,900

yeah pretty good okay so the next post

124

00:06:33,560 --> 00:06:31,440

is Quilliam with William and Myka with

125

00:06:35,930 --> 00:06:33,570

the Bob podcast that we were on the

126

00:06:39,769 --> 00:06:35,940

episode that you and I were on oh yeah

127

00:06:42,169 --> 00:06:39,779

that was well as the two weeks ago yeah

128

00:06:45,229 --> 00:06:42,179

co-chief one that was a lot of fun that

129

00:06:50,449 --> 00:06:45,239

was a lot of fun dude yeah I got too

130

00:06:54,559 --> 00:06:50,459

drunk but it was I had fun no it was

131

00:06:58,609 --> 00:06:54,569

like it was it was perfect perfect we

132

00:07:00,229 --> 00:06:58,619

just had a long ass like cool crazy ass

133

00:07:02,149 --> 00:07:00,239

conversation so if you guys haven't

134

00:07:05,689 --> 00:07:02,159

checked that out yet check out the link

135

00:07:09,289 --> 00:07:05,699

on our page or go check out Bob and it's

136

00:07:11,119 --> 00:07:09,299

UFO garage podcast with Bob it's uh it's

137

00:07:16,509 --> 00:07:11,129

a good one it's definitely a good one as

138

00:07:20,449 --> 00:07:16,519

fun there's a lot next post is Joseph

139

00:07:23,179 --> 00:07:20,459

posting about here's a weirdo government

140

00:07:26,329 --> 00:07:23,189

device and there's like I guess you if

141

00:07:29,269 --> 00:07:26,339

you google voice to skull technology

142

00:07:32,059 --> 00:07:29,279

it's it's a real thing voice to skull is

143

00:07:34,639 --> 00:07:32,069

a transmission of voice or any other or

144

00:07:36,739 --> 00:07:34,649

subliminal sound directly into the

145

00:07:39,859 --> 00:07:36,749

hearing sense of the mind-control victim

146

00:07:41,689 --> 00:07:39,869

this is sometimes done around the around

147

00:07:45,679 --> 00:07:41,699

the clock and can be one of the most

148

00:07:47,299 --> 00:07:45,689

severe forms of torture yeah do that

149

00:07:49,339 --> 00:07:47,309

would suck can you imagine having a

150

00:07:51,109 --> 00:07:49,349

voice in your head if you think you're

151
00:07:53,049 --> 00:07:51,119
going crazy because you keep hearing

152
00:07:56,209 --> 00:07:53,059
this voice all along it's like a

153
00:07:58,639 --> 00:07:56,219
satellite beaming this this like

154
00:08:00,679 --> 00:07:58,649
frequency down in your brain making you

155
00:08:03,859 --> 00:08:00,689
think that you can hear this stuff I

156
00:08:06,769 --> 00:08:03,869
mean nuts I think I have that but it's

157
00:08:09,649 --> 00:08:06,779
just like go get something to eat go

158
00:08:10,699 --> 00:08:09,659
look in the refrigerator go look and see

159
00:08:14,029 --> 00:08:10,709
if there's anything new in the

160
00:08:17,149 --> 00:08:14,039
refrigerator that's my constant voice in

161
00:08:20,569 --> 00:08:17,159
my head dude I mean just the fact that

162
00:08:24,019 --> 00:08:20,579
somebody can get into your mind like

163
00:08:26,779 --> 00:08:24,029

that I mean even if you knew that you

164

00:08:27,169 --> 00:08:26,789

weren't crazy but that was happening to

165

00:08:32,269 --> 00:08:27,179

you

166

00:08:34,339 --> 00:08:32,279

the doctor the doctor wouldn't I don't

167

00:08:35,779 --> 00:08:34,349

know think you'd believe you you're like

168

00:08:38,689 --> 00:08:35,789

I hear this voice but I know I'm not

169

00:08:44,960 --> 00:08:38,699

crazy this is what I think it is I think

170

00:08:49,460 --> 00:08:44,970

it's voice to skull technology knitted

171

00:08:51,110 --> 00:08:49,470

immediately like oh I know yeah

172

00:08:53,570 --> 00:08:51,120

definitely okay

173

00:08:58,280 --> 00:08:53,580

but I uh yeah I totally

174

00:09:02,620 --> 00:08:58,290

I totally believe that howdy - okay

175

00:09:08,480 --> 00:09:05,900

Chris boom what the how does how most

176
00:09:11,800 --> 00:09:08,490
how most picture Bigfoot performing a

177
00:09:14,170 --> 00:09:11,810
spider crawl how I picture Bigfoot

178
00:09:17,240 --> 00:09:14,180
performing the spider crawl

179
00:09:19,430 --> 00:09:17,250
people listening there's no visual aid

180
00:09:21,949 --> 00:09:19,440
it's I mean it's basically like he said

181
00:09:23,480 --> 00:09:21,959
it I didn't know what that meant like a

182
00:09:24,800 --> 00:09:23,490
spider what does the spider crawl I

183
00:09:28,250 --> 00:09:24,810
thought it was like some kind of workout

184
00:09:30,769 --> 00:09:28,260
you know like spider-man what did you

185
00:09:33,110 --> 00:09:30,779
say but did you ever like actual inspire

186
00:09:35,090 --> 00:09:33,120
man like jump oh yeah

187
00:09:38,329 --> 00:09:35,100
you ever jump on [h__\h] like spider-man

188
00:09:43,819 --> 00:09:38,339

and like hold the pose like jump from

189

00:09:47,150 --> 00:09:43,829

couch to couch I just imagine you doing

190

00:09:49,040 --> 00:09:47,160

it though yeah you going to like you

191

00:09:54,590 --> 00:09:49,050

going to like doorways and see how long

192

00:09:56,500 --> 00:09:54,600

you can hold yourself up and [h__h] oh my

193

00:09:59,150 --> 00:09:56,510

god

194

00:10:03,680 --> 00:09:59,160

okay well the next one's the also

195

00:10:06,560 --> 00:10:03,690

another Bob post of our episode oh yeah

196

00:10:07,970 --> 00:10:06,570

Oh Philip I said I'm going through going

197

00:10:10,220 --> 00:10:07,980

on a furlough for two weeks starting

198

00:10:11,960 --> 00:10:10,230

next week I was talking to a paranormal

199

00:10:14,000 --> 00:10:11,970

investigator friend of mine I told him I

200

00:10:16,069 --> 00:10:14,010

plan on going UFO spotting while I'm off

201
00:10:17,750 --> 00:10:16,079
I wonder if he's referring to what he

202
00:10:20,990 --> 00:10:17,760
told us just a little bit ago on our

203
00:10:26,540 --> 00:10:21,000
Instagram live I bet he is yeah he's

204
00:10:29,000 --> 00:10:26,550
going on a a UFO hunting slash

205
00:10:32,690 --> 00:10:29,010
paranormal hunting event - into a

206
00:10:38,180 --> 00:10:32,700
cinnamon tarry at the cinnamon Terry

207
00:10:40,130 --> 00:10:38,190
yeah at the cemetery I'm excited to see

208
00:10:41,990 --> 00:10:40,140
I hope he videos it I hope you like live

209
00:10:44,960 --> 00:10:42,000
streams in or something oh yeah that'd

210
00:10:46,630 --> 00:10:44,970
be super cool that'd be super cool yeah

211
00:10:50,600 --> 00:10:46,640
let us know how that goes man

212
00:10:53,449 --> 00:10:50,610
like we said I mean you know just pay

213
00:10:56,689 --> 00:10:53,459

attention is like the hardest part right

214

00:10:59,319 --> 00:10:56,699

just looking yeah hearing at the sky I

215

00:11:02,810 --> 00:10:59,329

mean that's like the hardest part yeah

216

00:11:03,319 --> 00:11:02,820

the rest of it I mean yeah like going

217

00:11:07,010 --> 00:11:03,329

into it

218

00:11:11,680 --> 00:11:07,020

like a clear mind with no expectations

219

00:11:15,350 --> 00:11:11,690

yeah your your intention and I guess

220

00:11:18,530 --> 00:11:15,360

them wanting to open that door I don't

221

00:11:22,730 --> 00:11:18,540

know but I refer you back to the Justin

222

00:11:25,160 --> 00:11:22,740

episode before you do that right it

223

00:11:28,610 --> 00:11:25,170

might be dangerous but I mean it might

224

00:11:30,740 --> 00:11:28,620

not be have dude it's so cool that we've

225

00:11:32,840 --> 00:11:30,750

had so many people like that kind of

226

00:11:36,079 --> 00:11:32,850

crossed the spectrum now like on like

227

00:11:38,420 --> 00:11:36,089

yes totally this is what's happening -

228

00:11:39,260 --> 00:11:38,430

I'm not really sure but this is how I

229

00:11:43,400 --> 00:11:39,270

feel about it

230

00:11:47,900 --> 00:11:43,410

- no go do it it's so bad you know yeah

231

00:11:49,910 --> 00:11:47,910

I get crazy so yeah I think I mean going

232

00:11:52,550 --> 00:11:49,920

back to I guess the what we're gonna

233

00:11:54,170 --> 00:11:52,560

talk about a little later with the Close

234

00:11:55,820 --> 00:11:54,180

Encounters of the fifth kind documentary

235

00:11:56,990 --> 00:11:55,830

by Steven Greer we're gonna talk about a

236

00:11:59,990 --> 00:11:57,000

little bit later in the episode

237

00:12:02,120 --> 00:12:00,000

I mean he's totally on board with these

238

00:12:08,230 --> 00:12:02,130

these 8bz teas are very friendly and

239

00:12:10,730 --> 00:12:08,240

there has been no sign of aggression and

240

00:12:14,230 --> 00:12:10,740

we just need to communicate they're

241

00:12:16,670 --> 00:12:14,240

trendy they're here to enlighten us and

242

00:12:18,410 --> 00:12:16,680

everything he says sounds very positive

243

00:12:19,579 --> 00:12:18,420

and I want to believe that but I mean

244

00:12:22,220 --> 00:12:19,589

you go back and you listen to people

245

00:12:25,160 --> 00:12:22,230

like Justin I say that's what they yeah

246

00:12:26,840 --> 00:12:25,170

they need you to invite them down they

247

00:12:29,680 --> 00:12:26,850

need you to invite them in because

248

00:12:32,300 --> 00:12:29,690

that's how they infiltrate our

249

00:12:37,760 --> 00:12:32,310

consciousness and our society and our

250

00:12:40,900 --> 00:12:37,770

culture later it's hard it's hard to

251
00:12:46,010 --> 00:12:40,910
decide like are they good are they bad

252
00:12:48,860 --> 00:12:46,020
cuz yeah yeah cuz eventually you have to

253
00:12:51,949 --> 00:12:48,870
you're gonna find out right eventually

254
00:12:55,130 --> 00:12:51,959
at some point if you if you advanced

255
00:12:58,010 --> 00:12:55,140
that much in your own society like if

256
00:12:58,550 --> 00:12:58,020
your civilization is able to make it

257
00:13:00,800 --> 00:12:58,560
that far

258
00:13:03,650 --> 00:13:00,810
eventually you're gonna have to cross

259
00:13:06,690 --> 00:13:03,660
that bridge so when when is the best

260
00:13:09,480 --> 00:13:06,700
time to cross that bridge yeah

261
00:13:12,120 --> 00:13:09,490
and and you mean by like what do you

262
00:13:14,370 --> 00:13:12,130
mean by crossing that bridge like coming

263
00:13:17,820 --> 00:13:14,380

in contact with another civilization oh

264

00:13:20,040 --> 00:13:17,830

right well eventually it's gonna open

265

00:13:22,860 --> 00:13:20,050

right so when's the best time to decide

266

00:13:24,780 --> 00:13:22,870

when that's gonna happen yeah you know

267

00:13:27,450 --> 00:13:24,790

it makes me wonder now that you say that

268

00:13:30,150 --> 00:13:27,460

like if we think of the universe as

269

00:13:32,070 --> 00:13:30,160

being you know infinite this this exact

270

00:13:33,750 --> 00:13:32,080

moment in history and a lot of different

271

00:13:36,720 --> 00:13:33,760

planets has happened over and over and

272

00:13:38,880 --> 00:13:36,730

over and over again so whoever's out

273

00:13:41,310 --> 00:13:38,890

there contacting other planets and other

274

00:13:43,860 --> 00:13:41,320

cultures and civilizations they probably

275

00:13:46,710 --> 00:13:43,870

seen it go down pretty bad and they've

276

00:13:49,980 --> 00:13:46,720

seen it go right a few times right like

277

00:13:51,570 --> 00:13:49,990

you'd have to somebody somebody's got to

278

00:13:53,780 --> 00:13:51,580

know there's like a right way to do it

279

00:13:57,240 --> 00:13:53,790

and then like a wrong way to do it and

280

00:13:59,880 --> 00:13:57,250

hopefully we're not an experiment planet

281

00:14:02,250 --> 00:13:59,890

I hope that we're in a in a position

282

00:14:05,340 --> 00:14:02,260

we're like alright so we've seen it like

283

00:14:07,020 --> 00:14:05,350

we're being we as in the ETS right there

284

00:14:11,070 --> 00:14:07,030

they're trying to be responsible about

285

00:14:12,830 --> 00:14:11,080

it and how do you contact them and it's

286

00:14:16,350 --> 00:14:12,840

just human nature to be

287

00:14:18,530 --> 00:14:16,360

self-preservation first right like yeah

288

00:14:21,810 --> 00:14:18,540

that to me is kind of what made uh

289

00:14:23,100 --> 00:14:21,820

Justin's talk so interesting it wasn't

290

00:14:26,100 --> 00:14:23,110

the fact that he's like no they're

291

00:14:27,540 --> 00:14:26,110

dangerous right to me the aspect of that

292

00:14:30,060 --> 00:14:27,550

whole viewpoint that it's like really

293

00:14:32,310 --> 00:14:30,070

attractive is like when it's like no

294

00:14:35,880 --> 00:14:32,320

that's your sovereignty like that's your

295

00:14:38,670 --> 00:14:35,890

freedom that's it's yours don't let them

296

00:14:41,580 --> 00:14:38,680

come and take it or use it harvest it

297

00:14:44,040 --> 00:14:41,590

it's yours and you decide what to do it

298

00:14:46,830 --> 00:14:44,050

that's kind of a more powerful thought

299

00:14:50,100 --> 00:14:46,840

than almost yeah you were seated here by

300

00:14:53,850 --> 00:14:50,110

aliens right what if you are that one in

301

00:14:57,620 --> 00:14:53,860

a trillion chance to be like in in a

302

00:15:01,560 --> 00:14:57,630

galaxy right and that is your home

303

00:15:05,520 --> 00:15:01,570

because you you know were raised on that

304

00:15:08,460 --> 00:15:05,530

vent planet you evolved from that planet

305

00:15:10,530 --> 00:15:08,470

and then these ETS come and then they

306

00:15:13,380 --> 00:15:10,540

start messing with it right because

307

00:15:16,200 --> 00:15:13,390

maybe at this stage and are where we are

308

00:15:19,710 --> 00:15:16,210

other planets are also like super naive

309

00:15:20,439 --> 00:15:19,720

so it's a really easy delicate time for

310

00:15:24,280 --> 00:15:20,449

them to either

311

00:15:28,409 --> 00:15:24,290

down and you know mess it up and take it

312

00:15:33,699 --> 00:15:28,419

over or to like respect it and watch

313

00:15:37,239 --> 00:15:33,709

civilization grow yeah yeah yeah and I

314

00:15:40,269 --> 00:15:37,249

like what we said about the the new

315

00:15:41,710 --> 00:15:40,279

management part of ETS like if they want

316

00:15:44,470 --> 00:15:41,720

to take over they're not just gonna like

317

00:15:47,650 --> 00:15:44,480

destroy everything they're gonna slowly

318

00:15:49,960 --> 00:15:47,660

integrate they're gonna not gonna just

319

00:15:51,249 --> 00:15:49,970

just destroy all the infrastructure that

320

00:15:54,309 --> 00:15:51,259

we've created and start from scratch

321

00:15:56,739 --> 00:15:54,319

they kind of I feel like if ET is gonna

322

00:15:59,619 --> 00:15:56,749

come here they would want to be nice to

323

00:16:02,019 --> 00:15:59,629

us you know like hey let me let me lead

324

00:16:05,139 --> 00:16:02,029

you guys let me be a king and queen or

325

00:16:06,999 --> 00:16:05,149

whatever let me be royalty here you know

326

00:16:10,269 --> 00:16:07,009

like it road to El Dorado the famous

327

00:16:12,189 --> 00:16:10,279

Disney movie everybody loves ya live

328

00:16:15,129 --> 00:16:12,199

like kings bro like you know everything

329

00:16:18,789 --> 00:16:15,139

right ya know welcome you with open arms

330

00:16:23,650 --> 00:16:18,799

and you got ya you know food and gold

331

00:16:28,539 --> 00:16:23,660

and babes whatever you want whatever you

332

00:16:30,460 --> 00:16:28,549

wanted really ya know anyway alright

333

00:16:31,539 --> 00:16:30,470

let's go let's go the space book stuff

334

00:16:34,900 --> 00:16:31,549

because I know there's a lot I want to

335

00:16:37,479 --> 00:16:34,910

get to the Close Encounters with Steven

336

00:16:39,909 --> 00:16:37,489

Greer the next one is I'm gonna skip

337

00:16:42,429 --> 00:16:39,919

over the that Williams pose just for a

338

00:16:44,199 --> 00:16:42,439

second at well maybe not cuz I like what

339

00:16:51,629 --> 00:16:44,209

you said about the gender role there the

340

00:16:57,189 --> 00:16:54,159

hold on okay well if you're not there

341

00:16:59,379 --> 00:16:57,199

all equip it's them the there's it's a

342

00:17:02,829 --> 00:16:59,389

mean where it's like a dude texting and

343

00:17:05,230 --> 00:17:02,839

it says I don't like space and UFOs or

344

00:17:08,019 --> 00:17:05,240

stargazing or looking at the moon and

345

00:17:11,139 --> 00:17:08,029

then there's a photo of the girl texting

346

00:17:15,009 --> 00:17:11,149

the guy back and it says blocked which

347

00:17:18,159 --> 00:17:15,019

normally it's normally first role play

348

00:17:20,799 --> 00:17:18,169

music here guys - I do like space UFO

349

00:17:31,389 --> 00:17:20,809

stargazing and look at the moon the deck

350

00:17:33,549 --> 00:17:31,399

is like locked alright so let's see huh

351

00:17:34,010 --> 00:17:33,559

oh the triangle you know I didn't

352

00:17:37,400 --> 00:17:34,020

realize

353

00:17:39,830 --> 00:17:37,410

you posted this or was it me who puzzles

354

00:17:42,470 --> 00:17:39,840

you yeah okay well it was me the

355

00:17:43,780 --> 00:17:42,480

triangle UFO hovering very low in

356

00:17:47,210 --> 00:17:43,790

Minneapolis yeah

357

00:17:48,560 --> 00:17:47,220

yeah so if it it you usually I picked up

358

00:17:53,240 --> 00:17:48,570

from reddit I get a lot of stuff from

359

00:17:55,280 --> 00:17:53,250

reddit you know are are UFOs or yeah

360

00:17:58,730 --> 00:17:55,290

it's a reddit post it's probably you

361

00:18:00,130 --> 00:17:58,740

yeah well Williams said it had to have

362

00:18:02,270 --> 00:18:00,140

been flares but I don't know I disagree

363

00:18:04,310 --> 00:18:02,280

it doesn't look like flares to me

364

00:18:07,370 --> 00:18:04,320

Phillip Knight also said it looks like

365

00:18:09,650 --> 00:18:07,380

flares to him as well yeah I don't know

366

00:18:11,540 --> 00:18:09,660

I don't think it is Ben Hur in the sky

367

00:18:14,720 --> 00:18:11,550

at the same altitude in the same

368

00:18:19,580 --> 00:18:14,730

formation for five minutes

369

00:18:22,280 --> 00:18:19,590

oh man and even then you can see like

370

00:18:25,610 --> 00:18:22,290

the smoke coming off the flavor even at

371

00:18:27,410 --> 00:18:25,620

nighttime but you can't in this video no

372

00:18:29,080 --> 00:18:27,420

you can't there's no smoke coming off

373

00:18:35,090 --> 00:18:29,090

these things

374

00:18:40,130 --> 00:18:35,100

yeah all right skip it keep going keep

375

00:18:44,360 --> 00:18:40,140

going keep going up - what's this bomb

376

00:18:49,180 --> 00:18:44,370

thing what oh it's a comment that

377

00:18:51,650 --> 00:18:49,190

William posted on that hey let's see a

378

00:18:53,950 --> 00:18:51,660

possible plausible did you know when you

379

00:18:56,690 --> 00:18:53,960

walk through a door and forget where you

380

00:18:58,760 --> 00:18:56,700

why you were there it could could be

381

00:19:14,920 --> 00:18:58,770

because you ran into an alien and he had

382

00:19:20,690 --> 00:19:18,490

Sonny said that that's [h__h] hilarious

383

00:19:27,200 --> 00:19:20,700

yeah I thought that just happens because

384

00:19:31,430 --> 00:19:27,210

because of all the ween I smoked yes bro

385

00:19:34,220 --> 00:19:31,440

I mean yeah just cuz I think we all get

386

00:19:35,810 --> 00:19:34,230

into that that like REM cycle in our

387

00:19:38,480 --> 00:19:35,820

brain like we're driving home from work

388

00:19:40,250 --> 00:19:38,490

and we just we know we're out so well we

389

00:19:41,030 --> 00:19:40,260

just forget like you get home and you're

390

00:19:44,370 --> 00:19:41,040

like oh [h__\h]

391

00:19:48,330 --> 00:19:44,380

I don't even remember driving here

392

00:19:51,510 --> 00:19:48,340

that man but it's also fun to think

393

00:19:56,760 --> 00:19:51,520

about the alien erasing your mind that's

394

00:20:00,720 --> 00:19:56,770

fun to think about let's see where we

395

00:20:03,750 --> 00:20:00,730

get Oh what's this Harvey Wang Steen

396

00:20:08,880 --> 00:20:03,760

presents what is this thing that's the

397

00:20:12,600 --> 00:20:08,890

Chinese people eating it oh my god dude

398

00:20:17,120 --> 00:20:12,610

that's yeah yeah that was so funny

399

00:20:22,230 --> 00:20:20,190

what's racist about a particular group

400

00:20:25,230 --> 00:20:22,240

of people eating everything well it's

401

00:20:27,450 --> 00:20:25,240

just like don't like they they do a lot

402

00:20:30,240 --> 00:20:27,460

of like accents I know I do a lot of

403

00:20:33,300 --> 00:20:30,250

accents so I mean yeah I can be calm

404

00:20:37,050 --> 00:20:33,310

insensitive I kept like there's some

405

00:20:38,490 --> 00:20:37,060

[h__h] in here like I think it's [h__h]

406

00:20:46,410 --> 00:20:38,500

hilarious don't get me wrong I'm just

407

00:20:50,190 --> 00:20:46,420

trying to like some balance to this talk

408

00:20:52,860 --> 00:20:50,200

about this one for a second Joseph

409

00:20:54,360 --> 00:20:52,870

posted me contacting the aliens asking

410

00:20:55,620 --> 00:20:54,370

them if they could pick me up on this

411

00:20:59,330 --> 00:20:55,630

ghetto-ass planet

412

00:21:03,240 --> 00:20:59,340

they said that chick doing the dance

413

00:21:08,160 --> 00:21:03,250

where is this further up no I think it's

414

00:21:13,500 --> 00:21:08,170

further down thank ya might be further

415

00:21:17,700 --> 00:21:13,510

didn't you she's dead it's in oh yeah

416

00:21:24,360 --> 00:21:17,710

yeah yeah yeah yeah oh yeah yeah sorry I

417

00:21:26,700 --> 00:21:24,370

skip right over that one Joseph I I

418

00:21:33,660 --> 00:21:26,710

think you should do that video and send

419

00:21:36,840 --> 00:21:33,670

it to us yes oh my god yes sir do it out

420

00:21:39,540 --> 00:21:36,850

in the park and and then you have to

421

00:21:43,680 --> 00:21:39,550

caption this same thing me contacting

422

00:21:47,790 --> 00:21:43,690

the aliens bro what's the move bro

423

00:21:49,470 --> 00:21:47,800

I did next time you're there you're you

424

00:21:50,730 --> 00:21:49,480

know lifting weights don't go ahead just

425

00:21:51,300 --> 00:21:50,740

do that video they'll be freaking

426

00:21:56,139 --> 00:21:51,310

awesome

427

00:22:02,769 --> 00:21:58,269

that's hilarious

428

00:22:05,959 --> 00:22:02,779

all right now okay so I'm above the

429

00:22:09,830 --> 00:22:05,969

episode 40 out now I test if you see it

430

00:22:11,479 --> 00:22:09,840

oh yeah you see it I'm colorblind as

431

00:22:14,629 --> 00:22:11,489

hell but I see I can I'm pretty good I

432

00:22:17,060 --> 00:22:14,639

can see it yeah it's an alien head I'm

433

00:22:19,459 --> 00:22:17,070

with some with some colors I'm pretty

434

00:22:22,940 --> 00:22:19,469

colorblind but I can see this one yeah

435

00:22:23,659 --> 00:22:22,950

Oh with shaking hands in 2020 hats above

436

00:22:29,509 --> 00:22:23,669

that

437

00:22:38,149 --> 00:22:29,519

hey brother Nick Nick's been posting

438

00:22:42,169 --> 00:22:38,159

some good good content what's next yeah

439

00:22:46,430 --> 00:22:42,179

so this was pretty crazy Nick yeah yeah

440

00:22:48,859 --> 00:22:46,440

he's been posting sunset I mean mine

441

00:22:52,519 --> 00:22:48,869

Strauss key so my people always get my

442

00:22:56,749 --> 00:22:52,529

last name wrong but yeah that's a hard

443

00:22:58,219 --> 00:22:56,759

one Zizek Zedeck yeah I feel like that's

444

00:23:00,349 --> 00:22:58,229

like chick or something

445

00:23:07,070 --> 00:23:00,359

dude you gotta let us know yeah mines

446

00:23:11,659 --> 00:23:07,080

chick - these are cool photos uh it's

447

00:23:13,129 --> 00:23:11,669

kind of like a wavy little orb and then

448

00:23:15,139 --> 00:23:13,139

and then the next one is like it

449

00:23:17,419 --> 00:23:15,149

blinking the same orb in the sky it's a

450

00:23:19,759 --> 00:23:17,429

video if it bleeding out really random

451
00:23:25,190 --> 00:23:19,769
pattern and then like going out coming

452
00:23:28,909 --> 00:23:25,200
back in that's pretty interesting man it

453
00:23:31,669 --> 00:23:28,919
seems like Nick I think the middle of us

454
00:23:32,899 --> 00:23:31,679
that your story man that was pretty cool

455
00:23:34,609 --> 00:23:32,909
oh yeah

456
00:23:38,570 --> 00:23:34,619
yeah do you want to read it he said we

457
00:23:44,359 --> 00:23:38,580
could share it yeah do you have the

458
00:23:45,529 --> 00:23:44,369
email open I don't let's let's save it

459
00:23:47,779 --> 00:23:45,539
let's say that lets get through the

460
00:23:49,389 --> 00:23:47,789
Facebook stuff and let's listen on the

461
00:23:52,579 --> 00:23:49,399
next episode

462
00:23:56,119 --> 00:23:52,589
yeah dude your telescope of the moon

463
00:23:58,759 --> 00:23:56,129

photo of the moon that's so badass yeah

464

00:24:00,229 --> 00:23:58,769

that's sick I thought that was like he

465

00:24:01,700 --> 00:24:00,239

just downloaded that from the internet

466

00:24:07,800 --> 00:24:01,710

but that's he took that photo that's

467

00:24:12,660 --> 00:24:10,140

pretty sweet no expert posting dude

468

00:24:19,890 --> 00:24:12,670

thanks for that's awesome great great

469

00:24:23,900 --> 00:24:19,900

stuff okay it's good been do the remains

470

00:24:28,980 --> 00:24:23,910

of a 90 million year old rainforest rody

471

00:24:32,850 --> 00:24:28,990

yeah so yeah it has been don't know

472

00:24:36,960 --> 00:24:32,860

about Pangaea but but that's Pangaea

473

00:24:41,970 --> 00:24:36,970

Stipe [h__\h] right no I I don't think it's

474

00:24:43,920 --> 00:24:41,980

Pangaea I it's just it's it's just

475

00:24:48,210 --> 00:24:43,930

interesting that was 90 million years

476
00:24:51,900 --> 00:24:48,220
ago and they're saying that at the time

477
00:24:53,220 --> 00:24:51,910
that there was so much like there was so

478
00:24:58,260 --> 00:24:53,230
much carbon and stuff in the atmosphere

479
00:25:02,040 --> 00:24:58,270
that the everybody's dick was really

480
00:25:05,130 --> 00:25:02,050
really big know that it was like a cool

481
00:25:07,440 --> 00:25:05,140
like 66 degrees year-round even down

482
00:25:12,330 --> 00:25:07,450
down in Antarctica that sounds awesome

483
00:25:14,850 --> 00:25:12,340
so it created like a swampland that so

484
00:25:16,920 --> 00:25:14,860
the average air temperature about 54

485
00:25:18,870 --> 00:25:16,930
degrees Fahrenheit an average summer

486
00:25:21,870 --> 00:25:18,880
temperature of about 66 degrees

487
00:25:25,230 --> 00:25:21,880
Fahrenheit the temperatures the rivers

488
00:25:29,300 --> 00:25:25,240

and swamps reached up to 68 degrees so

489

00:25:33,150 --> 00:25:29,310

that's the Antarctic it's saying that

490

00:25:37,890 --> 00:25:33,160

the carbon dioxide concentration the

491

00:25:41,190 --> 00:25:37,900

Cretaceous was roughly 1000 ppm I forget

492

00:25:44,940 --> 00:25:41,200

what ppm stands for maybe wouldn't

493

00:25:47,940 --> 00:25:44,950

google it but in our model-based

494

00:25:53,820 --> 00:25:47,950

experiment it took concentration levels

495

00:25:58,640 --> 00:25:53,830

of 1122 1680 ppm to reach the average

496

00:26:02,880 --> 00:25:58,650

temperatures back then in the Antarctic

497

00:26:09,180 --> 00:26:02,890

so that's pretty cool particulate person

498

00:26:13,440 --> 00:26:09,190

is ppm okay parts per million so yeah

499

00:26:14,970 --> 00:26:13,450

dude I mean it's it kind of makes me

500

00:26:20,430 --> 00:26:14,980

think about like the current like

501
00:26:21,149 --> 00:26:20,440
climate models on how hot it is like I

502
00:26:23,700 --> 00:26:21,159
don't I don't know

503
00:26:25,680 --> 00:26:23,710
like does this I mean does this have

504
00:26:27,210 --> 00:26:25,690
something to do with the same thing that

505
00:26:32,700 --> 00:26:27,220
they're talking about like right now

506
00:26:36,599 --> 00:26:32,710
like I mean it says the the study said

507
00:26:39,509 --> 00:26:36,609
that concentrations like okay carbon

508
00:26:42,509 --> 00:26:39,519
dioxide in the Cretaceous was roughly a

509
00:26:43,820 --> 00:26:42,519
thousand parts per million so that's

510
00:26:46,289 --> 00:26:43,830
carbon dioxide in the atmosphere

511
00:26:47,999 --> 00:26:46,299
thousand parts per million but in the

512
00:26:53,489 --> 00:26:48,009
model based experiments it took

513
00:26:55,799 --> 00:26:53,499

concentration levels of 1120 to 1680

514

00:26:59,060 --> 00:26:55,809

part per million to reach the average

515

00:27:02,549 --> 00:26:59,070

temperatures so in order to reach the 66

516

00:27:06,810 --> 00:27:02,559

degree mark you had to be somewhere in

517

00:27:09,659 --> 00:27:06,820

between a thousand and seventeen hundred

518

00:27:13,979 --> 00:27:09,669

parts per million hmm so if they're off

519

00:27:17,580 --> 00:27:13,989

by a hundred to seven hundred parts per

520

00:27:19,879 --> 00:27:17,590

million on what that means does that

521

00:27:22,739 --> 00:27:19,889

mean that like they're there their

522

00:27:27,509 --> 00:27:22,749

levels or their data needs to be like

523

00:27:30,109 --> 00:27:27,519

kind of moved around I think there's

524

00:27:31,889 --> 00:27:30,119

many different variables that like

525

00:27:36,299 --> 00:27:31,899

scientists are just doing their best

526

00:27:37,649 --> 00:27:36,309

it's like did like basing it off of this

527

00:27:38,999 --> 00:27:37,659

and that and this and that and this and

528

00:27:42,149 --> 00:27:39,009

that but there's so many different

529

00:27:43,950 --> 00:27:42,159

variables that the best scientists in

530

00:27:47,249 --> 00:27:43,960

the world probably can't even predict

531

00:27:50,969 --> 00:27:47,259

right I'm just thinking like so if they

532

00:27:55,619 --> 00:27:50,979

were like so it's a thousand ppm but

533

00:27:56,729 --> 00:27:55,629

then in reality dude sixteen hundred you

534

00:27:59,039 --> 00:27:56,739

know PPM's

535

00:28:00,960 --> 00:27:59,049

then that means that they're they're

536

00:28:03,180 --> 00:28:00,970

calculations were off by like six

537

00:28:06,119 --> 00:28:03,190

hundred yeah so if they're looking at

538

00:28:13,139 --> 00:28:06,129

climate models today in saying you know

539

00:28:15,060 --> 00:28:13,149

we reached you know a thousand ppm does

540

00:28:18,060 --> 00:28:15,070

that mean that they're off by like six

541

00:28:20,430 --> 00:28:18,070

hundred in either direction you know

542

00:28:22,229 --> 00:28:20,440

what I'm saying yeah there's like the

543

00:28:23,879 --> 00:28:22,239

climate models of like yeah we've got

544

00:28:27,029 --> 00:28:23,889

all this carbon in the atmosphere and

545

00:28:28,349 --> 00:28:27,039

we're gonna be underwater in 12 years so

546

00:28:32,669 --> 00:28:28,359

does that mean that we actually have

547

00:28:35,040 --> 00:28:32,679

like 36 to 70 years and you're just

548

00:28:40,440 --> 00:28:35,050

saying that because your model is like

549

00:28:42,450 --> 00:28:40,450

like 700 ardent they might know that and

550

00:28:45,600 --> 00:28:42,460

they're not they're probably banging on

551
00:28:49,320 --> 00:28:45,610
us not knowing that fact and I just

552
00:28:52,920 --> 00:28:49,330
based off of human evolution we don't

553
00:28:56,130 --> 00:28:52,930
change very fast as far as like cleaning

554
00:28:59,040 --> 00:28:56,140
stuff up like we change we progress like

555
00:29:02,100 --> 00:28:59,050
technology wise but as far as being

556
00:29:05,790 --> 00:29:02,110
responsible we don't we get worse you

557
00:29:08,820 --> 00:29:05,800
know yeah so maybe it's maybe most of

558
00:29:11,130 --> 00:29:08,830
these claim you know climatologists are

559
00:29:14,520 --> 00:29:11,140
kind of just not letting us know that

560
00:29:18,740 --> 00:29:14,530
there's this you know like with any kind

561
00:29:21,480 --> 00:29:18,750
of scientific you know doctor scientist

562
00:29:24,240 --> 00:29:21,490
evaluation or end result or whatever

563
00:29:25,530 --> 00:29:24,250

it's it's always like we this is a

564

00:29:29,430 --> 00:29:25,540

correct statement

565

00:29:32,130 --> 00:29:29,440

up to 98% or this thing is true

566

00:29:34,920 --> 00:29:32,140

78 percent of the time that works every

567

00:29:37,770 --> 00:29:34,930

time you know like that so maybe it's

568

00:29:39,510 --> 00:29:37,780

they just don't really want us to know

569

00:29:42,510 --> 00:29:39,520

that all right well there's a window

570

00:29:44,520 --> 00:29:42,520

right there yeah definitely

571

00:29:48,090 --> 00:29:44,530

yeah and then and then I also found this

572

00:29:50,910 --> 00:29:48,100

last part super interesting it says one

573

00:29:53,460 --> 00:29:50,920

big question remains if Antarctica used

574

00:29:55,680 --> 00:29:53,470

to be so warm what caused it to

575

00:29:58,970 --> 00:29:55,690

dramatically cool allowing the formation

576

00:30:01,620 --> 00:29:58,980

of ice sheets and all of their climate

577

00:30:05,880 --> 00:30:01,630

simulations researchers were unable to

578

00:30:07,830 --> 00:30:05,890

find a satisfactory answer so it's like

579

00:30:10,740 --> 00:30:07,840

okay it wasn't the fact that it was

580

00:30:15,180 --> 00:30:10,750

super hot what caused that like major

581

00:30:17,400 --> 00:30:15,190

cooling in in all their experiments they

582

00:30:22,890 --> 00:30:17,410

still don't know they're like I don't

583

00:30:25,560 --> 00:30:22,900

know it's kind of troubling I I think I

584

00:30:28,010 --> 00:30:25,570

would point to like Randall Carlson's

585

00:30:32,700 --> 00:30:28,020

theory of the the Cataclysm

586

00:30:36,150 --> 00:30:32,710

yeah with a comet or an asteroid hitting

587

00:30:39,570 --> 00:30:36,160

the earth and you know the the

588

00:30:41,730 --> 00:30:39,580

atmosphere is covered in you know blocks

589

00:30:44,760 --> 00:30:41,740

out the Sun so everything just gets

590

00:30:47,700 --> 00:30:44,770

super [h__h] cold and who knows it

591

00:30:48,659 --> 00:30:47,710

could have just rocked the if the

592

00:30:53,060 --> 00:30:48,669

asteroid was large

593

00:30:57,659 --> 00:30:53,070

could could can [h__h] up the the magnetic

594

00:31:00,029 --> 00:30:57,669

field of our you know our axis of the

595

00:31:03,690 --> 00:31:00,039

earth maybe there wasn't as much acrylic

596

00:31:06,119 --> 00:31:03,700

yeah make it crooked yeah I don't know

597

00:31:07,680 --> 00:31:06,129

who knows I'm not smart

598

00:31:11,009 --> 00:31:07,690

I'm just we're just doctor scientist

599

00:31:18,989 --> 00:31:11,019

yeah that's a good post though yeah is

600

00:31:20,820 --> 00:31:18,999

great post yeah thanks Chelsea and this

601
00:31:24,090 --> 00:31:20,830
is another one from Nick right from him

602
00:31:26,159 --> 00:31:24,100
looking at the Sun huh yeah that's super

603
00:31:28,649 --> 00:31:26,169
cool so he caught he caught what looks

604
00:31:30,060 --> 00:31:28,659
like I mean I don't know what people are

605
00:31:33,539 --> 00:31:30,070
making a bigger deal out of this on our

606
00:31:35,369 --> 00:31:33,549
page because this is like these little

607
00:31:38,999 --> 00:31:35,379
white lines

608
00:31:43,739 --> 00:31:39,009
it's crazy-looking yeah looks like a

609
00:31:49,799 --> 00:31:43,749
huge craft also the the fact that he can

610
00:31:52,830 --> 00:31:49,809
get the Sun in his photos and videos of

611
00:31:55,289 --> 00:31:52,840
the Sun dude this guy's he's got some

612
00:31:58,499 --> 00:31:55,299
great great equipment I'm glad he joined

613
00:32:05,159 --> 00:31:58,509

that's dope so yeah keep it updated

614

00:32:06,779 --> 00:32:05,169

thanks for that yeah alrighty good so

615

00:32:18,090 --> 00:32:06,789

above that Jordan sparks got a photo of

616

00:32:35,039 --> 00:32:18,100

[h__h] Godzilla he said look at Corona

617

00:32:36,930 --> 00:32:35,049

oh that was great what is it that's

618

00:32:38,399 --> 00:32:36,940

weird that's really weird

619

00:32:41,369 --> 00:32:38,409

looks like maybe something caught on

620

00:32:43,409 --> 00:32:41,379

fire out there in the ocean yeah really

621

00:32:45,989 --> 00:32:43,419

good though think that it's blocking out

622

00:32:47,700 --> 00:32:45,999

the Sun but the higher it goes the more

623

00:32:50,399 --> 00:32:47,710

dissipating I don't know it's a cool

624

00:32:52,560 --> 00:32:50,409

photo yeah it looks like Godzilla he's

625

00:32:58,349 --> 00:32:52,570

like he's got his hands out like he lost

626
00:33:02,899 --> 00:32:58,359
his he's like what wait wait nobody move

627
00:33:11,159 --> 00:33:06,859
everybody Shh

628
00:33:15,450 --> 00:33:11,169
ready Shh like is it being quiet would

629
00:33:18,060 --> 00:33:15,460
help you find your loss now I'm looking

630
00:33:20,249 --> 00:33:18,070
for something be quiet yeah I was like

631
00:33:23,060 --> 00:33:20,259
hey I gotta turn that on the radio I

632
00:33:28,009 --> 00:33:23,070
have to pay attention to traffic better

633
00:33:31,799 --> 00:33:30,180
well man we're not even like halfway

634
00:33:34,379 --> 00:33:31,809
through these Facebook things we gotta

635
00:33:39,769 --> 00:33:34,389
skip some stuff I want to get I'm gonna

636
00:33:43,799 --> 00:33:39,779
get to the Close Encounters stuff right

637
00:33:44,340 --> 00:33:43,809
I'm gonna skip a couple oh okay actually

638
00:33:49,259 --> 00:33:44,350

this one

639

00:33:52,710 --> 00:33:49,269

William posted so basically it's like

640

00:33:55,200 --> 00:33:52,720

what if all cryptids are alien pets that

641

00:33:58,739 --> 00:33:55,210

they just like dropped off it on earth

642

00:34:05,149 --> 00:33:58,749

and they're just running amok like like

643

00:34:15,450 --> 00:34:07,440

think it's possible dude

644

00:34:17,940 --> 00:34:15,460

it's possible it's a real thing I think

645

00:34:20,069 --> 00:34:17,950

the best explanation like possible

646

00:34:23,039 --> 00:34:20,079

though yeah like they're just they're

647

00:34:27,419 --> 00:34:23,049

just like experiments that or or just

648

00:34:29,700 --> 00:34:27,429

pets and they just let it loose like hey

649

00:34:31,919 --> 00:34:29,710

we don't we have well we can't just keep

650

00:34:33,839 --> 00:34:31,929

feeding this Bigfoot a horse every week

651
00:34:38,460 --> 00:34:33,849
like we got it or we don't have enough

652
00:34:44,669 --> 00:34:38,470
plants and berries maybe that's why the

653
00:34:46,710 --> 00:34:44,679
alien is abduct cattle oh [\h__\h] Bigfoot's

654
00:34:48,539 --> 00:34:46,720
sure they're pets

655
00:34:49,799 --> 00:34:48,549
do you think Bigfoot's are carnivorous

656
00:34:52,230 --> 00:34:49,809
or do you think I think they're

657
00:34:54,419 --> 00:34:52,240
omnivorous I think they might they're

658
00:34:59,730 --> 00:34:54,429
like they're like - lymphoma right they

659
00:35:06,120 --> 00:34:59,740
eat bugs and fish fish and leaves and

660
00:35:08,579 --> 00:35:06,130
babies dogs yeah totally it's what's

661
00:35:10,859 --> 00:35:08,589
totally eating somebody's dog I mean you

662
00:35:12,539 --> 00:35:10,869
look at a gorilla in there their canines

663
00:35:13,410 --> 00:35:12,549

you know they're for fighting not eating

664

00:35:17,849 --> 00:35:13,420

because they're

665

00:35:22,380 --> 00:35:17,859

there are they on the water gorillas

666

00:35:24,839 --> 00:35:22,390

yeah gorillas yeah that you bananas bro

667

00:35:30,539 --> 00:35:24,849

no but they eat they eat like bugs and

668

00:35:39,539 --> 00:35:30,549

stuff too though right yeah the gorillas

669

00:35:42,539 --> 00:35:39,549

love bananas oh it's true all monkeys

670

00:35:47,309 --> 00:35:42,549

love bananas look like yeah they're

671

00:35:51,029 --> 00:35:47,319

omnivores they eat both they ants they

672

00:35:53,640 --> 00:35:51,039

larvae what it girls I typed in gorilla

673

00:35:55,259 --> 00:35:53,650

food on Google that's how smart I am

674

00:36:00,029 --> 00:35:55,269

that's how good I haven't searching on

675

00:36:02,759 --> 00:36:00,039

Google dude girls are [h__h] so cute

676
00:36:05,759 --> 00:36:02,769
dude when they're babies oh my god are

677
00:36:06,529 --> 00:36:05,769
bananas on the list no they're not on

678
00:36:08,309 --> 00:36:06,539
the list

679
00:36:13,680 --> 00:36:08,319
dude they don't know what they're

680
00:36:17,940 --> 00:36:13,690
talking of money he lied well they

681
00:36:21,329 --> 00:36:17,950
shared 98.3% of our DNA I don't believe

682
00:36:23,249 --> 00:36:21,339
it but also I honestly I think we sure I

683
00:36:27,890 --> 00:36:23,259
share I think we shared almost enough

684
00:36:32,759 --> 00:36:27,900
deep as much DNA with bananas like

685
00:36:38,599 --> 00:36:32,769
bananas almost share the amount the same

686
00:36:41,039 --> 00:36:38,609
amount of DNA with does that mean yeah

687
00:36:53,279 --> 00:36:41,049
all right all right what's next Joe you

688
00:36:56,460 --> 00:36:53,289

need the second one you choose let's

689

00:37:00,329 --> 00:36:56,470

skip over my dumb video do you think

690

00:37:02,069 --> 00:37:00,339

it's fake yeah I don't think I think

691

00:37:05,700 --> 00:37:02,079

it's big now that I'm looking at it more

692

00:37:08,130 --> 00:37:05,710

closely and don't take those surveys

693

00:37:09,809 --> 00:37:08,140

either it will day YouTube video the

694

00:37:11,849 --> 00:37:09,819

YouTube channel I checked it out mate

695

00:37:14,970 --> 00:37:11,859

they've been only posting like

696

00:37:19,380 --> 00:37:14,980

questionable UFO videos yeah on that

697

00:37:24,390 --> 00:37:19,390

channel specifically you check out

698

00:37:27,300 --> 00:37:24,400

crixus song dude yeah it's great yeah

699

00:37:32,480 --> 00:37:27,310

it's awesome yeah Chris Wallace D degree

700

00:37:36,000 --> 00:37:32,490

heroes among us great song good lyrics

701
00:37:36,950 --> 00:37:36,010
let's see Joseph close it me April will

702
00:37:41,100 --> 00:37:36,960
be better

703
00:37:45,360 --> 00:37:41,110
April's first moon demon in the sky

704
00:37:46,950 --> 00:37:45,370
looking evil as [h__\h] hey once I got

705
00:37:56,550 --> 00:37:46,960
movie some Sunny D on my fridge real

706
00:38:06,860 --> 00:37:56,560
quick oh dude she be drinking Tang tang

707
00:38:11,910 --> 00:38:06,870
you know astronaut orange juice no need

708
00:38:18,840 --> 00:38:11,920
I'm doing Sunny D and whiskey what it's

709
00:38:23,700 --> 00:38:18,850
[h__\h] delicious dude here tried it no

710
00:38:28,380 --> 00:38:23,710
I well I've had whiskey and oranges but

711
00:38:41,280 --> 00:38:28,390
not like a sweeter old fashioned yeah I

712
00:38:43,970 --> 00:38:41,290
know what's what's next oh yeah video

713
00:38:46,620 --> 00:38:43,980

game was pretty funny yeah

714

00:38:48,930 --> 00:38:46,630

NASA tapes did you did you listen to

715

00:38:54,240 --> 00:38:48,940

that one yeah I did I did

716

00:38:56,340 --> 00:38:54,250

looks like chase Hughes chase if you're

717

00:39:02,760 --> 00:38:56,350

listening bro this dude looks just like

718

00:39:05,820 --> 00:39:02,770

you man so funny dude yeah I did watch

719

00:39:08,610 --> 00:39:05,830

him most of them were that I mean we see

720

00:39:11,580 --> 00:39:08,620

most of them yeah I've always been like

721

00:39:12,060 --> 00:39:11,590

questionable but yeah it was a pretty

722

00:39:20,970 --> 00:39:12,070

good one

723

00:39:23,460 --> 00:39:20,980

I think that's hidden yeah dude another

724

00:39:26,100 --> 00:39:23,470

Bigfoot post there's a lot of big

725

00:39:28,110 --> 00:39:26,110

tippers lots of Bigfoot posts maybe we

726

00:39:34,730 --> 00:39:28,120

should we need to I feel like there's

727

00:39:39,750 --> 00:39:34,740

been a string of a Bigfoot Bigfoot eree

728

00:39:41,070 --> 00:39:39,760

yeah something is afoot something's a

729

00:39:43,560 --> 00:39:41,080

Bigfoot

730

00:39:45,480 --> 00:39:43,570

yeah Lorien was saying heavy you know

731

00:39:49,650 --> 00:39:45,490

she was trying to hook us up with with

732

00:39:52,440 --> 00:39:49,660

the Bigfoot person right oh yeah yeah it

733

00:39:56,760 --> 00:39:52,450

wasn't happen or wasn't the Bigfoot she

734

00:40:04,080 --> 00:39:56,770

was trying to hook us up with no be

735

00:40:08,490 --> 00:40:04,090

Bigfoot I think all right Harry to what

736

00:40:11,100 --> 00:40:08,500

I hope his name is Harry Harry Harry the

737

00:40:15,590 --> 00:40:11,110

Bigfoot yeah very hairy and you know

738

00:40:20,610 --> 00:40:15,600

from Harry and the Hendersons there yeah

739

00:40:22,500 --> 00:40:20,620

- classic yeah all right so wait you

740

00:40:24,780 --> 00:40:22,510

want to get into the clothes counters of

741

00:40:28,470 --> 00:40:24,790

the fifth kind let's do it yeah all

742

00:40:30,060 --> 00:40:28,480

right let's do it all right so I've got

743

00:40:32,190 --> 00:40:30,070

some leading questions

744

00:40:36,420 --> 00:40:32,200

dear do you have do you have like an

745

00:40:39,540 --> 00:40:36,430

idea of how you want to start it off

746

00:40:42,390 --> 00:40:39,550

kick it off started off however you want

747

00:40:43,670 --> 00:40:42,400

okay so let's explain to people that are

748

00:40:46,410 --> 00:40:43,680

listening that don't know a lot about

749

00:40:50,310 --> 00:40:46,420

maybe maybe just a quick overview of

750

00:40:53,640 --> 00:40:50,320

Steven Greer and his you know what he

751
00:40:55,500 --> 00:40:53,650
means to you f ology and if just pretend

752
00:40:58,860 --> 00:40:55,510
like people don't know who the guy is

753
00:41:01,590 --> 00:40:58,870
just like a quick overview and then kind

754
00:41:03,570 --> 00:41:01,600
of going at this one so he has he

755
00:41:06,600 --> 00:41:03,580
released is this just the second

756
00:41:08,040 --> 00:41:06,610
documentary is he has he done her third

757
00:41:10,680 --> 00:41:08,050
one what was the first one called

758
00:41:14,250 --> 00:41:10,690
furious it was the one where they found

759
00:41:17,070 --> 00:41:14,260
that bang yeah so Steven Greer if you

760
00:41:20,040 --> 00:41:17,080
guys are do not know about him he's been

761
00:41:22,140 --> 00:41:20,050
I mean dude he has done so much for the

762
00:41:26,510 --> 00:41:22,150
UFO community he started briefing

763
00:41:29,280 --> 00:41:26,520

presidents starting with Bill Clinton

764

00:41:32,700 --> 00:41:29,290

basically briefing all the presidents

765

00:41:35,850 --> 00:41:32,710

and high esteem government officials on

766

00:41:39,320 --> 00:41:35,860

the UFO topic his grandpa wasn't his

767

00:41:42,000 --> 00:41:39,330

grandfather that worked on the the I

768

00:41:45,090 --> 00:41:42,010

thinks it over to NASA or something

769

00:41:48,060 --> 00:41:45,100

worked at NASA that that put people you

770

00:41:49,790 --> 00:41:48,070

know put people on the moon or it was

771

00:41:57,199 --> 00:41:49,800

something cool like that but anyway

772

00:42:10,439 --> 00:42:08,640

yeah man it's so hard to do this when

773

00:42:13,709 --> 00:42:10,449

you're like over there and I'm over here

774

00:42:16,049 --> 00:42:13,719

I know man I know but uh I mean he's

775

00:42:18,959 --> 00:42:16,059

like a big figure in the ufology

776

00:42:22,289 --> 00:42:18,969

community he's done a lot for a lot I

777

00:42:24,689 --> 00:42:22,299

mean this this whole topic he's been

778

00:42:30,150 --> 00:42:24,699

trying to get disclosure to happen for

779

00:42:32,699 --> 00:42:30,160

like over 20 years yeah he's uh I don't

780

00:42:34,559 --> 00:42:32,709

think it did happen don't you I did yeah

781

00:42:36,660 --> 00:42:34,569

I do think it happened I think it I

782

00:42:39,089 --> 00:42:36,670

think it happened this summer

783

00:42:42,140 --> 00:42:39,099

I think it's been happening for a while

784

00:42:45,809 --> 00:42:42,150

like it just kind of started to like

785

00:42:47,160 --> 00:42:45,819

circulate finally you know well I would

786

00:42:50,939 --> 00:42:47,170

agree with that I agree with that

787

00:42:56,609 --> 00:42:50,949

because like I think we've we're both of

788

00:43:00,929 --> 00:42:56,619

the same mind that that big big changes

789

00:43:03,329 --> 00:43:00,939

don't come like you know and what other

790

00:43:07,109 --> 00:43:03,339

than this [\h__\h] coded nineteen [\h__\h]

791

00:43:08,789 --> 00:43:07,119

but this is so much bigger like the fact

792

00:43:11,489 --> 00:43:08,799

that we're not alone like it's such a

793

00:43:15,449 --> 00:43:11,499

big deal that it would have to happen

794

00:43:16,769 --> 00:43:15,459

like slowly and yeah been happening

795

00:43:20,779 --> 00:43:16,779

since the 50s

796

00:43:23,489 --> 00:43:20,789

I mean but there's there's gotta be

797

00:43:25,499 --> 00:43:23,499

there's gotta be like tipping points

798

00:43:27,269 --> 00:43:25,509

right and I think we passed that tipping

799

00:43:29,519 --> 00:43:27,279

point this summer is what I mean by like

800

00:43:31,650 --> 00:43:29,529

did we experience disclosure yeah I

801
00:43:35,569 --> 00:43:31,660
think right yeah the tipping point was

802
00:43:43,079 --> 00:43:35,579
this summer yeah definitely definitely

803
00:43:44,609 --> 00:43:43,089
but yeah I mean yeah it's not me Steven

804
00:43:46,709 --> 00:43:44,619
Greer is one of those people you they're

805
00:43:51,959 --> 00:43:46,719
like kind of love them or you hate them

806
00:43:54,150 --> 00:43:51,969
type of thing you know like yeah I think

807
00:43:56,219 --> 00:43:54,160
I think this movie was pretty cool I

808
00:43:57,749 --> 00:43:56,229
think his movies are cool right I think

809
00:44:00,929 --> 00:43:57,759
all the stuff that he does is kind of

810
00:44:02,789 --> 00:44:00,939
cool I mean let's let's really paint a

811
00:44:04,529 --> 00:44:02,799
picture I mean he liked the first one

812
00:44:06,550 --> 00:44:04,539
serious I mean I had listened to this

813
00:44:08,350 --> 00:44:06,560

guy but way before series came out

814

00:44:10,300 --> 00:44:08,360

right right yeah there's like one of

815

00:44:12,430 --> 00:44:10,310

those figureheads that has like she's

816

00:44:15,100 --> 00:44:12,440

just name dropping name dropping joint

817

00:44:18,820 --> 00:44:15,110

sees chiefs of staff and like general

818

00:44:20,140 --> 00:44:18,830

this in like general that and it's said

819

00:44:22,660 --> 00:44:20,150

when you're first starting to get into

820

00:44:25,660 --> 00:44:22,670

this the subject like that sounds really

821

00:44:27,430 --> 00:44:25,670

sexy like oh he's yeah really connected

822

00:44:30,700 --> 00:44:27,440

and he knows a bunch of people in high

823

00:44:33,760 --> 00:44:30,710

places but once you start kind of like

824

00:44:36,700 --> 00:44:33,770

listen to tune for like a year and a

825

00:44:38,500 --> 00:44:36,710

little after that it's like do these

826

00:44:40,930 --> 00:44:38,510

people really exist or you just [h__h]

827

00:44:42,820 --> 00:44:40,940

like saying things that that resonate

828

00:44:44,680 --> 00:44:42,830

with people that sound legit are you

829

00:44:48,310 --> 00:44:44,690

trying to sound legit or are you

830

00:44:50,800 --> 00:44:48,320

actually legit right yeah yeah yeah

831

00:44:55,090 --> 00:44:50,810

exactly but I mean yeah like you said

832

00:44:58,450 --> 00:44:55,100

like always something that I've taken

833

00:45:00,820 --> 00:44:58,460

interest in I think it's uh I think he's

834

00:45:03,690 --> 00:45:00,830

kind of like oh he's always got

835

00:45:07,360 --> 00:45:03,700

something cool to say you know thank you

836

00:45:09,070 --> 00:45:07,370

like if you're like in the UFOs or

837

00:45:14,310 --> 00:45:09,080

something and you like watch this stuff

838

00:45:17,740 --> 00:45:14,320

you like oh that's pictures that's

839

00:45:19,900 --> 00:45:17,750

documents that's everything right but

840

00:45:22,390 --> 00:45:19,910

it's kind of weird cuz like I always get

841

00:45:27,850 --> 00:45:22,400

this feeling of like it's almost too

842

00:45:30,280 --> 00:45:27,860

good to be true like hopefully he

843

00:45:32,590 --> 00:45:30,290

doesn't get like that too savior complex

844

00:45:34,930 --> 00:45:32,600

you know we're like he's got all this

845

00:45:36,940 --> 00:45:34,940

[h__h] it's like he's kind of like you

846

00:45:40,660 --> 00:45:36,950

know theory said you don't think he's

847

00:45:42,970 --> 00:45:40,670

already there cuz I kinda I I feel like

848

00:45:45,430 --> 00:45:42,980

he kind of is already there I think he

849

00:45:46,900 --> 00:45:45,440

I'm just speaking personally and I mean

850

00:45:49,420 --> 00:45:46,910

I'm not talking [h__h] on the guy but this

851

00:45:52,750 --> 00:45:49,430

is what I think I think he's definitely

852

00:45:57,130 --> 00:45:52,760

like beginning to move over transition

853

00:46:01,780 --> 00:45:57,140

into this like Martyr kind of character

854

00:46:03,280 --> 00:46:01,790

yeah yeah and I mean yeah if you've been

855

00:46:06,460 --> 00:46:03,290

through the same all the same [h__h] that

856

00:46:09,610 --> 00:46:06,470

he has and seen as much stuff and no

857

00:46:14,560 --> 00:46:09,620

people on his team have gotten strangely

858

00:46:17,680 --> 00:46:14,570

sick died so feet like very questionable

859

00:46:19,890 --> 00:46:17,690

deaths yeah well he's been around a lot

860

00:46:24,150 --> 00:46:19,900

of really [h__h] up [h__h] so

861

00:46:26,309 --> 00:46:24,160

I understand where why he he would go

862

00:46:29,309 --> 00:46:26,319

down that path of like oh I'm the chosen

863

00:46:31,799 --> 00:46:29,319

one cuz I'm not dead yet if that's that

864

00:46:34,170 --> 00:46:31,809

makes sense yeah yeah

865

00:46:37,589 --> 00:46:34,180

but where if he does have all that

866

00:46:39,870 --> 00:46:37,599

information like when if he were to die

867

00:46:43,380 --> 00:46:39,880

suddenly how all that information would

868

00:46:47,339 --> 00:46:43,390

just it would be released you know that

869

00:46:49,710 --> 00:46:47,349

has a lot to do with it too but yeah do

870

00:46:52,559 --> 00:46:49,720

I think they like subject matter and

871

00:46:55,589 --> 00:46:52,569

like everything's do is pretty cool

872

00:46:59,700 --> 00:46:55,599

aside from him dislike savior complex

873

00:47:01,049 --> 00:46:59,710

yes I think that's a good a great point

874

00:47:04,710 --> 00:47:01,059

because you have to look at it

875

00:47:08,970 --> 00:47:04,720

objectively with what his content is and

876

00:47:10,739 --> 00:47:08,980

just move him his personality remove

877

00:47:14,759 --> 00:47:10,749

that for him from it and then and then

878

00:47:17,450 --> 00:47:14,769

it's really [h__\h] cool yeah yeah if

879

00:47:20,640 --> 00:47:17,460

you take it but if you focus too much on

880

00:47:23,029 --> 00:47:20,650

the way that he's releasing it in the

881

00:47:25,200 --> 00:47:23,039

way that he talks about certain things

882

00:47:27,509 --> 00:47:25,210

again it's like I don't mean to attack

883

00:47:29,609 --> 00:47:27,519

his personality or in him as a person

884

00:47:33,120 --> 00:47:29,619

I'm just saying like there's some

885

00:47:36,180 --> 00:47:33,130

there's some issues that I just like my

886

00:47:38,430 --> 00:47:36,190

[h__\h] meter just goes you know like

887

00:47:43,049 --> 00:47:38,440

Rogan is like my [h__\h] meters going

888

00:47:46,279 --> 00:47:43,059

up you know yeah I don't mean to like

889

00:47:49,229 --> 00:47:46,289

quote Joe Rogan on that [h__h] but like I

890

00:47:51,749 --> 00:47:49,239

but there's this there's something

891

00:47:53,339 --> 00:47:51,759

that's that's not that doesn't feel

892

00:47:57,599 --> 00:47:53,349

right with a lot of stuff and how he

893

00:47:59,489 --> 00:47:57,609

presents it but the city it's just it's

894

00:48:01,579 --> 00:47:59,499

gotta be hard to talk about something

895

00:48:04,249 --> 00:48:01,589

that you're not supposed to talk about

896

00:48:06,930 --> 00:48:04,259

you know

897

00:48:09,150 --> 00:48:06,940

and always kind of his thing is like

898

00:48:11,309 --> 00:48:09,160

he's like well I can't really talk about

899

00:48:13,289 --> 00:48:11,319

it because I'm not supposed to be

900

00:48:16,019 --> 00:48:13,299

talking about it I just wanted to let

901
00:48:19,710 --> 00:48:16,029
you know I know there's like well damn

902
00:48:23,519 --> 00:48:19,720
it dude like I want you to talk about it

903
00:48:25,920 --> 00:48:23,529
there you know yeah uh Laurie and honor

904
00:48:29,579 --> 00:48:25,930
when we went on her radio show she said

905
00:48:32,190 --> 00:48:29,589
something that really kind of resonated

906
00:48:33,750 --> 00:48:32,200
with me is that yeah Steven Greer he's

907
00:48:36,730 --> 00:48:33,760
been called out for

908
00:48:38,800 --> 00:48:36,740
referencing so and so that was in the

909
00:48:40,720 --> 00:48:38,810
military and had some kind of position

910
00:48:44,680 --> 00:48:40,730
and they turned out to be a fake I was a

911
00:48:46,600 --> 00:48:44,690
fake name which like yeah he's got to

912
00:48:50,940 --> 00:48:46,610
protect his sources right like I get

913
00:48:53,950 --> 00:48:50,950

that but don't stake your whole

914

00:48:57,790 --> 00:48:53,960

foundation on a name that's fake and

915

00:48:59,320 --> 00:48:57,800

then go out and say oh I had to protect

916

00:49:03,130 --> 00:48:59,330

his source that's like the perfect cover

917

00:49:06,550 --> 00:49:03,140

for a like a lie right yeah that sounds

918

00:49:09,010 --> 00:49:06,560

pretty perfect for just a scapegoat to

919

00:49:10,540 --> 00:49:09,020

lie about something which is kind of

920

00:49:13,300 --> 00:49:10,550

weird that we're talking about that

921

00:49:17,140 --> 00:49:13,310

because that's the exact same feeling I

922

00:49:19,230 --> 00:49:17,150

had with Tom DeLonge yes it's like you

923

00:49:21,730 --> 00:49:19,240

just wanted to like the guy but like

924

00:49:24,220 --> 00:49:21,740

there's just something about him that

925

00:49:27,040 --> 00:49:24,230

was just making him like kind of

926

00:49:30,400 --> 00:49:27,050

unbearable talking about this dude so

927

00:49:31,780 --> 00:49:30,410

[\h__\h] annoying so [\h__\h] annoying

928

00:49:37,030 --> 00:49:31,790

dude sorry

929

00:49:39,850 --> 00:49:37,040

yeah my screen screen can appear yeah

930

00:49:42,240 --> 00:49:39,860

that interview on the Rogen show was

931

00:49:43,570 --> 00:49:42,250

unbearable to watch him and Tom DeLonge

932

00:49:48,100 --> 00:49:43,580

yeah

933

00:49:51,520 --> 00:49:48,110

cuz but again it's like but what if you

934

00:49:54,690 --> 00:49:51,530

just can't talk about it what if you

935

00:49:58,050 --> 00:49:54,700

can't give away the names and dates and

936

00:50:02,050 --> 00:49:58,060

what if you have no proof but you know

937

00:50:04,840 --> 00:50:02,060

this shit's got one yeah I know I mean

938

00:50:07,210 --> 00:50:04,850

that's kind of the I think that's kind

939

00:50:08,770 --> 00:50:07,220

of the catch it's like okay well I'm not

940

00:50:11,560 --> 00:50:08,780

supposed to talk about it

941

00:50:14,410 --> 00:50:11,570

so how do we talk about you know that's

942

00:50:16,240 --> 00:50:14,420

like the that's like the reason the UFO

943

00:50:18,280 --> 00:50:16,250

community is the way that it is and

944

00:50:21,160 --> 00:50:18,290

everybody's got a [h__h] [h__h] they're not

945

00:50:24,250 --> 00:50:21,170

supposed to talk about so they let you

946

00:50:26,200 --> 00:50:24,260

know hey there's this thing I want you

947

00:50:28,330 --> 00:50:26,210

to know about it I just can't talk about

948

00:50:30,640 --> 00:50:28,340

and then you're like oh god I got a I

949

00:50:32,500 --> 00:50:30,650

got a you know I got a lead I got a lead

950

00:50:34,210 --> 00:50:32,510

on this thing that's happening who's

951
00:50:35,980 --> 00:50:34,220
involved it's like okay I started

952
00:50:37,960 --> 00:50:35,990
looking up all these names and who works

953
00:50:40,000 --> 00:50:37,970
the company I started putting this piece

954
00:50:41,980 --> 00:50:40,010
together and it's like okay so we know

955
00:50:45,820 --> 00:50:41,990
that this thing is happening but we

956
00:50:47,300 --> 00:50:45,830
still don't know why or how or what it

957
00:50:49,160 --> 00:50:47,310
is that's happening

958
00:50:53,270 --> 00:50:49,170
nobody can talk with that it's so

959
00:50:59,630 --> 00:50:53,280
frustrating it is it gives a lot of room

960
00:51:01,580 --> 00:50:59,640
for like those that wish to be very

961
00:51:04,640 --> 00:51:01,590
important because they know a lot of

962
00:51:07,220 --> 00:51:04,650
secret stuff it gives a lot of room for

963
00:51:09,890 --> 00:51:07,230

some bullshitters to like infiltrate the

964

00:51:12,290 --> 00:51:09,900

community right like yeah this is there

965

00:51:16,190 --> 00:51:12,300

because there is no like checks and

966

00:51:18,320 --> 00:51:16,200

balances are kind of like there's not

967

00:51:20,240 --> 00:51:18,330

there's not a lot in the beginning yeah

968

00:51:22,000 --> 00:51:20,250

I feel like in this this community and

969

00:51:25,730 --> 00:51:22,010

this subject there's not a lot of

970

00:51:28,280 --> 00:51:25,740

balances until some [h__\h] gets

971

00:51:29,360 --> 00:51:28,290

Declassified that's ultimately like we

972

00:51:32,210 --> 00:51:29,370

were talking about this on the Bob

973

00:51:34,610 --> 00:51:32,220

podcast but like ultimately it's until

974

00:51:36,860 --> 00:51:34,620

it's from a military source and paper

975

00:51:38,870 --> 00:51:36,870

you know Declassified document from the

976

00:51:41,840 --> 00:51:38,880

Pentagon do people really see like oh

977

00:51:43,520 --> 00:51:41,850

this was true yeah there's this weird

978

00:51:44,780 --> 00:51:43,530

thing where like just because somebody

979

00:51:47,270 --> 00:51:44,790

talked about it and said it on camera

980

00:51:47,840 --> 00:51:47,280

doesn't mean it's true but for some

981

00:51:50,240 --> 00:51:47,850

reason

982

00:51:55,310 --> 00:51:50,250

oh all of a sudden it's in print now

983

00:51:58,870 --> 00:51:55,320

it's true like no there's does that make

984

00:52:02,150 --> 00:51:58,880

sense oh yeah yeah

985

00:52:03,770 --> 00:52:02,160

but anyway so we're talking about let's

986

00:52:08,990 --> 00:52:03,780

get back to the Steven Greer stuff but

987

00:52:14,110 --> 00:52:09,000

like yeah so that's did we describe him

988

00:52:18,110 --> 00:52:14,120

well we could wanna off on a tangent but

989

00:52:21,890 --> 00:52:18,120

he meditates oh dude he's ripped bro and

990

00:52:25,100 --> 00:52:21,900

he's always always got a gun dude

991

00:52:28,400 --> 00:52:25,110

which I [h__h] love that yeah I like

992

00:52:29,960 --> 00:52:28,410

he's I would not I mean he I was gonna

993

00:52:35,330 --> 00:52:29,970

guess he was from Texas but you know

994

00:52:41,200 --> 00:52:35,340

he's a North Carolina guy you know yeah

995

00:52:43,670 --> 00:52:41,210

I mean I don't know I don't know like I

996

00:52:45,380 --> 00:52:43,680

mean I know he had like a near-death

997

00:52:46,880 --> 00:52:45,390

experience right and that's when he had

998

00:52:51,380 --> 00:52:46,890

his first like ope

999

00:52:53,750 --> 00:52:51,390

is addabani experienced and then I don't

1000

00:52:55,400 --> 00:52:53,760

know man like I really want to it makes

1001
00:52:58,190 --> 00:52:55,410
me really want to get this meditation

1002
00:53:00,220 --> 00:52:58,200
stuff another try you know like I said I

1003
00:53:02,349 --> 00:53:00,230
tried it before but I mean

1004
00:53:03,460 --> 00:53:02,359
I don't know I always just fell asleep

1005
00:53:07,210 --> 00:53:03,470
we got slinky

1006
00:53:11,290 --> 00:53:07,220
I never yeah I either fall asleep or I

1007
00:53:13,210 --> 00:53:11,300
just cannot I'll start thinking of 10

1008
00:53:15,460 --> 00:53:13,220
million different things and I'll go off

1009
00:53:18,910 --> 00:53:15,470
on a tangent and I just it's really

1010
00:53:21,250 --> 00:53:18,920
[h__\h] hard for me to do which I mean

1011
00:53:24,870 --> 00:53:21,260
that that's what gives meditation its

1012
00:53:27,700 --> 00:53:24,880
validity like people that are good at it

1013
00:53:29,650 --> 00:53:27,710

there's got to be some kind of reward

1014

00:53:31,390 --> 00:53:29,660

for that like the key could be

1015

00:53:32,950 --> 00:53:31,400

discipline it's all about discipline

1016

00:53:36,190 --> 00:53:32,960

like mental discipline which I just

1017

00:53:38,260 --> 00:53:36,200

don't have but we've what but we've

1018

00:53:40,750 --> 00:53:38,270

still we've still had our experiences

1019

00:53:43,090 --> 00:53:40,760

right like yeah well that's what makes

1020

00:53:46,750 --> 00:53:43,100

me think like you know Lorien was saying

1021

00:53:49,380 --> 00:53:46,760

we're in the club what's free I think

1022

00:53:53,410 --> 00:53:49,390

both of us out yeah

1023

00:53:54,760 --> 00:53:53,420

and we just didn't note yeah I think

1024

00:53:56,609 --> 00:53:54,770

we've always been in the club we just

1025

00:54:00,370 --> 00:53:56,619

don't really have a trial that hard to

1026
00:54:02,920 --> 00:54:00,380
see some weird [h__h] you know a lot of

1027
00:54:05,170 --> 00:54:02,930
people I think anybody can see some

1028
00:54:06,760 --> 00:54:05,180
weird [h__h] but they have to like work a

1029
00:54:10,450 --> 00:54:06,770
little harder to get in that meditative

1030
00:54:13,630 --> 00:54:10,460
state where I think you and I I think

1031
00:54:15,940 --> 00:54:13,640
we're we kind of skipped that we don't

1032
00:54:19,170 --> 00:54:15,950
really have to work as hard to get there

1033
00:54:23,050 --> 00:54:19,180
or for good [h__h] to happen in the sky

1034
00:54:24,700 --> 00:54:23,060
yeah I think it's more powerful I think

1035
00:54:26,800 --> 00:54:24,710
it's more powerful when you and I two

1036
00:54:29,800 --> 00:54:26,810
are together as well I think it like

1037
00:54:31,960 --> 00:54:29,810
amplifies it probably yeah yeah don't

1038
00:54:32,859 --> 00:54:31,970

think we're already prepared to see it

1039

00:54:34,870 --> 00:54:32,869

mm-hmm

1040

00:54:37,599 --> 00:54:34,880

he's not prepared to come in contact

1041

00:54:40,510 --> 00:54:37,609

with it nope

1042

00:54:42,960 --> 00:54:40,520

remember when Lauren was like hate to

1043

00:54:45,520 --> 00:54:42,970

tell tell you guys but you guys are

1044

00:54:52,180 --> 00:54:45,530

contactees I don't know in what sense

1045

00:54:54,310 --> 00:54:52,190

and you don't know why I guess in that

1046

00:55:00,310 --> 00:54:54,320

case I guess in that case it's not too

1047

00:55:03,820 --> 00:55:00,320

bad cuz I don't remember it yeah yeah

1048

00:55:05,349 --> 00:55:03,830

man I don't know it seems like since

1049

00:55:08,710 --> 00:55:05,359

we've been starting to do this this

1050

00:55:11,859 --> 00:55:08,720

podcast it's I've been waking up at like

1051

00:55:12,910 --> 00:55:11,869

3:30 like a lot and I'll just look

1052

00:55:17,380 --> 00:55:12,920

around the room

1053

00:55:20,560 --> 00:55:17,390

nope uh-uh uh-uh don't know I mean I

1054

00:55:22,750 --> 00:55:20,570

never see anything yeah always that like

1055

00:55:26,250 --> 00:55:22,760

thing in the back of my head like did I

1056

00:55:31,090 --> 00:55:26,260

just get dropped back off and I just

1057

00:55:39,160 --> 00:55:31,100

yeah yeah dude I don't know so would you

1058

00:55:40,780 --> 00:55:39,170

uh would you do a ce-5 yeah dude what do

1059

00:55:44,200 --> 00:55:40,790

I want to pay for the tuition yeah I

1060

00:55:46,780 --> 00:55:44,210

mean I wouldn't I'm too broke to pay for

1061

00:55:49,960 --> 00:55:46,790

that but I would do it for sure not even

1062

00:55:54,070 --> 00:55:49,970

sponsored yes uh-huh yeah I would do it

1063

00:55:56,560 --> 00:55:54,080

too it's so expensive yeah the tuition

1064

00:56:06,940 --> 00:55:56,570

is like what like \$3,000 per person for

1065

00:56:09,340 --> 00:56:06,950

a day yeah yeah ition to tuition like no

1066

00:56:12,360 --> 00:56:09,350

well this is how much it costs for you

1067

00:56:18,970 --> 00:56:12,370

to show me some aliens yeah let's do

1068

00:56:21,030 --> 00:56:18,980

\$3,000 to do this - I mean there's he's

1069

00:56:23,140 --> 00:56:21,040

making that money people are paying that

1070

00:56:26,590 --> 00:56:23,150

yeah absolutely

1071

00:56:29,050 --> 00:56:26,600

hey dude more power to a man you know

1072

00:56:30,910 --> 00:56:29,060

you know that one picture that's in

1073

00:56:33,430 --> 00:56:30,920

there where they're all sitting in the

1074

00:56:38,020 --> 00:56:33,440

circle and there's the alien behind them

1075

00:56:40,390 --> 00:56:38,030

yes okay yes so we've all seen that

1076
00:56:42,850 --> 00:56:40,400
shitty version of it right okay and it

1077
00:56:44,740 --> 00:56:42,860
finally showed the good version in the

1078
00:56:47,200 --> 00:56:44,750
movie I wonder if they've been doing

1079
00:56:48,910 --> 00:56:47,210
that for the movie purposes because

1080
00:56:49,630 --> 00:56:48,920
every time he's like I got a picture of

1081
00:56:51,880 --> 00:56:49,640
an alien

1082
00:56:54,580 --> 00:56:51,890
he shows that shitty version and

1083
00:56:57,790 --> 00:56:54,590
everybody was like what that doesn't

1084
00:57:01,090 --> 00:56:57,800
look like anything that's like a shitty

1085
00:57:04,690 --> 00:57:01,100
picture and so when I saw the good

1086
00:57:06,790 --> 00:57:04,700
version I was like oh well you should

1087
00:57:09,670 --> 00:57:06,800
start showing that version because that

1088
00:57:11,920 --> 00:57:09,680

other version sucks welcome to good

1089

00:57:16,570 --> 00:57:11,930

version home of the good version hi may

1090

00:57:17,980 --> 00:57:16,580

I take your order yeah all right so wait

1091

00:57:21,850 --> 00:57:17,990

let's back up for people that are

1092

00:57:23,910 --> 00:57:21,860

listening so we look that's a little

1093

00:57:26,910 --> 00:57:23,920

preview of what's in the

1094

00:57:28,890 --> 00:57:26,920

in the movie is we you see in close

1095

00:57:31,859 --> 00:57:28,900

encounters on the fifth kind with Steven

1096

00:57:36,180 --> 00:57:31,869

Greer you see this multi-dimensional

1097

00:57:38,099 --> 00:57:36,190

being that has appeared on camera they

1098

00:57:41,250 --> 00:57:38,109

got a photo of this triangle head being

1099

00:57:43,859 --> 00:57:41,260

behind somebody and it is creepy as [h__\h]

1100

00:57:46,220 --> 00:57:43,869

and it looks real and I don't know how

1101
00:57:50,190 --> 00:57:46,230
to think about it but it it makes my

1102
00:57:52,769 --> 00:57:50,200
stare stand up you know it was pretty

1103
00:57:55,740 --> 00:57:52,779
crazy to see but let's back up a little

1104
00:57:57,660 --> 00:57:55,750
bit so we're still trying like we've got

1105
00:57:59,759 --> 00:57:57,670
serious right where that's the first

1106
00:58:03,900 --> 00:57:59,769
video that Steven group put out with the

1107
00:58:06,839 --> 00:58:03,910
tiny little atacama alien little person

1108
00:58:09,960 --> 00:58:06,849
the second one what's the second what's

1109
00:58:12,539 --> 00:58:09,970
the second one but acknowledge just

1110
00:58:14,910 --> 00:58:12,549
about all like the the black programs

1111
00:58:16,470 --> 00:58:14,920
yeah sorry I thought there was sport for

1112
00:58:21,289 --> 00:58:16,480
some reason of them yeah so I

1113
00:58:24,480 --> 00:58:21,299

unacknowledged great great movie and

1114

00:58:26,640 --> 00:58:24,490

then there's this third one Close

1115

00:58:27,839 --> 00:58:26,650

Encounters of the fifth kind and Joe I

1116

00:58:31,829 --> 00:58:27,849

liked your take on it

1117

00:58:33,990 --> 00:58:31,839

like what I totally agree yeah like

1118

00:58:36,539 --> 00:58:34,000

Close Encounters of the fifth kind was

1119

00:58:39,359 --> 00:58:36,549

kind of like they had a whole bunch of

1120

00:58:42,120 --> 00:58:39,369

footage left over from unacknowledged

1121

00:58:44,849 --> 00:58:42,130

and they just made it a third film it

1122

00:58:48,660 --> 00:58:44,859

doesn't like really separate itself from

1123

00:58:52,019 --> 00:58:48,670

unacknowledged very well um but I mean

1124

00:58:54,870 --> 00:58:52,029

still cool stuff a lot of new photos and

1125

00:58:57,630 --> 00:58:54,880

things that you know I haven't seen so

1126
00:59:01,980 --> 00:58:57,640
it was pretty neat I enjoyed watching it

1127
00:59:06,240 --> 00:59:01,990
mainly for the visuals yeah Oh surprises

1128
00:59:13,950 --> 00:59:06,250
again say what he cries in this one

1129
00:59:16,920 --> 00:59:13,960
again he does cry I just I feel bad for

1130
00:59:19,200 --> 00:59:16,930
laughing because he makes it a point to

1131
00:59:22,230 --> 00:59:19,210
cry in every single video over every

1132
00:59:24,509 --> 00:59:22,240
movie right that's another thing that

1133
00:59:28,230 --> 00:59:24,519
like makes me question his his motives

1134
00:59:31,740 --> 00:59:28,240
like what he wants people to know that

1135
00:59:34,740 --> 00:59:31,750
it's like very emotional and that he he

1136
00:59:37,410 --> 00:59:34,750
cries about it like it's just I felt

1137
00:59:40,920 --> 00:59:37,420
uncomfortable about it and it's like

1138
00:59:43,830 --> 00:59:40,930

are you well didn't his wife die no it

1139

00:59:45,840 --> 00:59:43,840

wasn't his wife it was his friend but

1140

00:59:46,590 --> 00:59:45,850

he's had a lot of friends that I a lot

1141

00:59:48,420 --> 00:59:46,600

of friends died

1142

00:59:52,070 --> 00:59:48,430

what's dude like that's nothing to laugh

1143

00:59:55,770 --> 00:59:52,080

about that's why I feel bad about like

1144

01:00:01,740 --> 00:59:55,780

you know where I own a problem I know

1145

01:00:03,720 --> 01:00:01,750

you're saying yeah I just I I don't know

1146

01:00:06,930 --> 01:00:03,730

where your motives lie where you make it

1147

01:00:09,840 --> 01:00:06,940

a point in every single movie to like

1148

01:00:13,320 --> 01:00:09,850

focus on you breaking down and being

1149

01:00:15,000 --> 01:00:13,330

like and crying I just don't know maybe

1150

01:00:16,950 --> 01:00:15,010

maybe he just means that and

1151

01:00:18,270 --> 01:00:16,960

well-intentioned like hey I just want I

1152

01:00:20,430 --> 01:00:18,280

don't want the audience to know that I I

1153

01:00:21,120 --> 01:00:20,440

care about this and I've had I've been

1154

01:00:23,970 --> 01:00:21,130

through some [h__h]

1155

01:00:26,490 --> 01:00:23,980

do you have yeah I get that but also you

1156

01:00:31,680 --> 01:00:26,500

can you can look at it from this lens of

1157

01:00:37,650 --> 01:00:31,690

like I wanna make yeah I wanna make it

1158

01:00:39,960 --> 01:00:37,660

about me and I wanna trust me I didn't

1159

01:00:44,460 --> 01:00:39,970

see any any tears like I'm not trying to

1160

01:00:49,350 --> 01:00:44,470

I to tears man I did not see any tears

1161

01:00:52,970 --> 01:00:49,360

his eyes were not glassy did looks like

1162

01:00:58,080 --> 01:00:52,980

he's faking it dude will you faking that

1163

01:01:00,450 --> 01:00:58,090

market all tears by your tears but no I

1164

01:01:02,760 --> 01:01:00,460

mean if there is a reason to cry I mean

1165

01:01:05,670 --> 01:01:02,770

those are reasons to cry for sure right

1166

01:01:07,230 --> 01:01:05,680

yeah well he finally says in this in

1167

01:01:09,810 --> 01:01:07,240

this one and close encounters of the

1168

01:01:12,450 --> 01:01:09,820

fifth Khan he says it's like survivor's

1169

01:01:16,530 --> 01:01:12,460

guilt which that's a very real thing and

1170

01:01:18,720 --> 01:01:16,540

if if he's taking advantage of of that

1171

01:01:23,670 --> 01:01:18,730

term like people that go through that

1172

01:01:25,080 --> 01:01:23,680

are normally like War veterans if he's

1173

01:01:29,480 --> 01:01:25,090

taking advantage of that that's [h__\h]

1174

01:01:33,360 --> 01:01:29,490

up yeah he's tell the truth like okay

1175

01:01:37,680 --> 01:01:33,370

that sucks I get it yeah if he's trying

1176
01:01:39,690 --> 01:01:37,690
to like make his point even deeper with

1177
01:01:41,010 --> 01:01:39,700
like my hat okay at this point of the

1178
01:01:43,680 --> 01:01:41,020
movie let's have a breakdown of me

1179
01:01:45,240 --> 01:01:43,690
crying like do it now and then I'm gonna

1180
01:01:48,000 --> 01:01:45,250
talk about this and I'm gonna say this

1181
01:01:50,310 --> 01:01:48,010
term that normally is reserved for for

1182
01:01:51,050 --> 01:01:50,320
veterans that have seen their best

1183
01:01:52,820 --> 01:01:51,060
friends die

1184
01:01:57,790 --> 01:01:52,830
front of them like that's [h__h] up to

1185
01:02:13,100 --> 01:02:04,850
no I mean until you know I'm sure he's

1186
01:02:27,560 --> 01:02:13,110
telling the truth about that what are

1187
01:02:29,870 --> 01:02:27,570
you smiling about that I mean I don't

1188
01:02:31,790 --> 01:02:29,880

think he's lying about that yeah I don't

1189

01:02:35,810 --> 01:02:31,800

think he is either I mean okay we laugh

1190

01:02:38,420 --> 01:02:35,820

we laugh but we were you know with that

1191

01:02:40,070 --> 01:02:38,430

you know what that awkward this was it

1192

01:02:41,540 --> 01:02:40,080

was making fun of something we knew we

1193

01:02:48,080 --> 01:02:41,550

shouldn't be making fun of but we were

1194

01:02:50,180 --> 01:02:48,090

doing it anyways yeah I'm feel very

1195

01:02:52,310 --> 01:02:50,190

uncomfortable and very guilty right now

1196

01:02:53,930 --> 01:02:52,320

like I'm trying to dig myself out of

1197

01:02:58,460 --> 01:02:53,940

this hole and I feel like I'm demon cell

1198

01:03:02,480 --> 01:02:58,470

even deeper no that's okay okay I think

1199

01:03:06,020 --> 01:03:02,490

you saw the truth about that yeah yeah I

1200

01:03:08,300 --> 01:03:06,030

mean it's it sucks it sucks but yeah I

1201
01:03:11,420 --> 01:03:08,310
mean all the footage and stuff on there

1202
01:03:15,110 --> 01:03:11,430
is pretty cool dude yeah great [h__\h]

1203
01:03:18,440 --> 01:03:15,120
footage like I there's some show that

1204
01:03:22,970 --> 01:03:18,450
I've never seen the craft in the sky the

1205
01:03:25,880 --> 01:03:22,980
lights over the ocean the entities that

1206
01:03:28,010 --> 01:03:25,890
show up that are like these neon colors

1207
01:03:30,830 --> 01:03:28,020
that like zoom in and out he said one of

1208
01:03:33,350 --> 01:03:30,840
them looks like a like a sperm guy yeah

1209
01:03:37,160 --> 01:03:33,360
that's pretty cool I mean feel great

1210
01:03:40,940 --> 01:03:37,170
[h__\h] like how I'm trying to think of

1211
01:03:42,440 --> 01:03:40,950
like a a lens flare perspective how do

1212
01:03:45,470 --> 01:03:42,450
you get that to happen it and I would

1213
01:03:47,120 --> 01:03:45,480

love for anybody to recreate that yeah I

1214

01:03:49,570 --> 01:03:47,130

mean a lot of his photos looked like a

1215

01:03:50,690 --> 01:03:49,580

lot of the stuff that Jocelyn show those

1216

01:03:54,350 --> 01:03:50,700

Jocelyn

1217

01:03:56,390 --> 01:03:54,360

Anton and Chris blood Socialists showed

1218

01:03:58,220 --> 01:03:56,400

us a lot of the same stuff and yeah

1219

01:03:59,810 --> 01:03:58,230

since we can't again do that's where

1220

01:04:02,810 --> 01:03:59,820

that weird thing is we can't talk about

1221

01:04:05,000 --> 01:04:02,820

it right like right right showed us a

1222

01:04:06,650 --> 01:04:05,010

bunch of stuff but like or like

1223

01:04:10,640 --> 01:04:06,660

all hypocrites now we can't talk about

1224

01:04:14,180 --> 01:04:10,650

it yeah well we got we got footage of

1225

01:04:17,450 --> 01:04:14,190

the Jocelyn's I mean you guys go look at

1226

01:04:20,830 --> 01:04:17,460

that all you want to yeah it was kind of

1227

01:04:24,410 --> 01:04:20,840

like it was kind of like how you know

1228

01:04:26,330 --> 01:04:24,420

like you're friends with this person but

1229

01:04:29,060 --> 01:04:26,340

you're also friends with another person

1230

01:04:32,270 --> 01:04:29,070

and like maybe you're hanging out at

1231

01:04:34,490 --> 01:04:32,280

your place with one of your friends but

1232

01:04:35,990 --> 01:04:34,500

the other friend that doesn't know that

1233

01:04:37,070 --> 01:04:36,000

friend is like hey I'm having a party

1234

01:04:39,350 --> 01:04:37,080

you want to come over and you're like

1235

01:04:41,600 --> 01:04:39,360

yeah my friends with me can he come and

1236

01:04:43,550 --> 01:04:41,610

he was like well really it's it's only

1237

01:04:46,160 --> 01:04:43,560

four people that we kind of know and

1238

01:04:49,760 --> 01:04:46,170

then you got a print sorry dude I can't

1239

01:04:51,950 --> 01:04:49,770

show you that house because he doesn't

1240

01:04:54,080 --> 01:04:51,960

know you so I can't tell you

1241

01:04:56,630 --> 01:04:54,090

we haven't say the information it's like

1242

01:04:58,550 --> 01:04:56,640

you know this person they kind of tell

1243

01:04:59,870 --> 01:04:58,560

you stuff but you know you're friends

1244

01:05:02,060 --> 01:04:59,880

with other people doesn't mean you could

1245

01:05:04,550 --> 01:05:02,070

just like run your mouth about the stuff

1246

01:05:08,350 --> 01:05:04,560

that has it's not yours you know what

1247

01:05:10,910 --> 01:05:08,360

I'm saying so you can't talk yeah oh

1248

01:05:14,750 --> 01:05:10,920

yeah yeah I can't I

1249

01:05:17,450 --> 01:05:14,760

yeah we can't we can't be the the dudes

1250

01:05:20,570 --> 01:05:17,460

just do you know go running our mouths

1251

01:05:26,750 --> 01:05:20,580

about stuff that we were told in

1252

01:05:29,270 --> 01:05:26,760

confidence yeah yeah I still feel bad

1253

01:05:34,130 --> 01:05:29,280

for laughing dude and I didn't mean it -

1254

01:05:36,830 --> 01:05:34,140

laughs I just it's okay cuz that was

1255

01:05:37,760 --> 01:05:36,840

purely in the sense of like if he was

1256

01:05:40,370 --> 01:05:37,770

faking it

1257

01:05:43,670 --> 01:05:40,380

yeah and you're laughing at him you know

1258

01:05:46,040 --> 01:05:43,680

like man this what you know but on the

1259

01:05:49,010 --> 01:05:46,050

flip side if he's telling the truth then

1260

01:05:51,020 --> 01:05:49,020

that's acceptable right we were just

1261

01:05:55,550 --> 01:05:51,030

looking at both sides then it wasn't

1262

01:05:57,950 --> 01:05:55,560

it's not bad yeah but the reason why I

1263

01:06:08,330 --> 01:05:57,960

think it was so funny is because we're

1264

01:06:14,620 --> 01:06:08,340

not supposed to be funny all right let's

1265

01:06:18,329 --> 01:06:14,630

keep black let's get past it so

1266

01:06:26,050 --> 01:06:21,940

okay so what else did you think about it

1267

01:06:31,900 --> 01:06:26,060

one of the things that really really

1268

01:06:33,880 --> 01:06:31,910

excited me is that is that the that

1269

01:06:37,059 --> 01:06:33,890

there's like thousands of people that

1270

01:06:40,660 --> 01:06:37,069

are doing it by themselves this year I

1271

01:06:42,370 --> 01:06:40,670

think all around the world and Steven

1272

01:06:46,059 --> 01:06:42,380

Greer does not have to be there to

1273

01:06:49,210 --> 01:06:46,069

charge tuition or you know be the

1274

01:06:51,480 --> 01:06:49,220

messiah you know that's that's like half

1275

01:06:53,559 --> 01:06:51,490

of me is like oh is this dude just like

1276

01:06:56,410 --> 01:06:53,569

trying to be some kind of cult leader

1277

01:06:59,020 --> 01:06:56,420

but this made me feel really cool like

1278

01:07:00,280 --> 01:06:59,030

really good about what's happening is

1279

01:07:05,770 --> 01:07:00,290

because there's people all around the

1280

01:07:07,540 --> 01:07:05,780

world doing this ce-5 protocol that are

1281

01:07:11,010 --> 01:07:07,550

experiencing stuff all around the world

1282

01:07:16,630 --> 01:07:11,020

I thought that was really [\h__\h] cool

1283

01:07:22,450 --> 01:07:16,640

yeah definitely definitely it's like go

1284

01:07:25,210 --> 01:07:22,460

ahead it's like giving somebody like an

1285

01:07:28,089 --> 01:07:25,220

extremely powerful tool right and if it

1286

01:07:30,040 --> 01:07:28,099

does work like holy [\h__\h] but it's such

1287

01:07:32,109 --> 01:07:30,050

like a powerful tool that you would tell

1288

01:07:33,910 --> 01:07:32,119

people about it a lot of people would be

1289

01:07:36,220 --> 01:07:33,920

like that's [h__h] there's no way you

1290

01:07:39,010 --> 01:07:36,230

could do that yeah well you're doing it

1291

01:07:41,530 --> 01:07:39,020

all the time like that's that's crazy to

1292

01:07:43,390 --> 01:07:41,540

think about yeah well then and then he

1293

01:07:45,790 --> 01:07:43,400

gotta like jump back a little bit

1294

01:07:47,460 --> 01:07:45,800

there's you know this this person in the

1295

01:07:50,470 --> 01:07:47,470

documentary that that speaks about

1296

01:07:54,130 --> 01:07:50,480

talking to been rich the at the time the

1297

01:07:57,329 --> 01:07:54,140

the CEO owner of skunkworks at the time

1298

01:08:00,190 --> 01:07:57,339

you know that made some of the most

1299

01:08:02,079 --> 01:08:00,200

insane aircraft and he said now we have

1300

01:08:04,180 --> 01:08:02,089

the famous quote from Ben riches now we

1301

01:08:07,270 --> 01:08:04,190

have the technology to take e.t home and

1302

01:08:08,920 --> 01:08:07,280

this person was saying he grabbed him

1303

01:08:10,750 --> 01:08:08,930

after that meeting and said hey what did

1304

01:08:12,930 --> 01:08:10,760

you mean by now we had the technology to

1305

01:08:15,880 --> 01:08:12,940

bring him bring a tea home and he said

1306

01:08:19,209 --> 01:08:15,890

well well he asked like how does this

1307

01:08:21,160 --> 01:08:19,219

technology work and Ben rich said well

1308

01:08:24,400 --> 01:08:21,170

how does he let me ask you a question to

1309

01:08:26,640 --> 01:08:24,410

answer that how does ESP work and this

1310

01:08:31,499 --> 01:08:26,650

person that's in this documentary said

1311

01:08:33,300 --> 01:08:31,509

all points in time and space are r1 and

1312

01:08:36,860 --> 01:08:33,310

he's like yep that's how it works and

1313

01:08:41,180 --> 01:08:36,870

then been rich just walked away yeah so

1314

01:08:43,649 --> 01:08:41,190

it it comes back to like my my favorite

1315

01:08:49,169 --> 01:08:43,659

aspect of this whole thing this whole

1316

01:08:50,999 --> 01:08:49,179

thing the phenomenon that the the

1317

01:08:53,760 --> 01:08:51,009

physical aspect the transdimensional

1318

01:08:56,729 --> 01:08:53,770

aspect the spiritual aspect it all comes

1319

01:08:59,669 --> 01:08:56,739

back to this one idea that everything is

1320

01:09:02,669 --> 01:08:59,679

is one right right it's all connected

1321

01:09:05,430 --> 01:09:02,679

it's all connected to one thing and that

1322

01:09:06,689 --> 01:09:05,440

really really got my gears turning like

1323

01:09:08,479 --> 01:09:06,699

that's [h__\h] cool

1324

01:09:11,430 --> 01:09:08,489

so there's moments in this this

1325

01:09:15,450 --> 01:09:11,440

documentary where they they kind of go

1326

01:09:18,809 --> 01:09:15,460

in and out of of instances like this

1327

01:09:21,720 --> 01:09:18,819

where they talk to real live people that

1328

01:09:25,050 --> 01:09:21,730

have been in boardroom meetings with the

1329

01:09:27,749 --> 01:09:25,060

top defense contractors in the USA that

1330

01:09:29,999 --> 01:09:27,759

that know some [h__h] that nobody else

1331

01:09:35,249 --> 01:09:30,009

will ever figure out like it's [h__h]

1332

01:09:37,200 --> 01:09:35,259

cool yeah and what I thought I'm

1333

01:09:39,720 --> 01:09:37,210

hilarious about it is that people all

1334

01:09:43,499 --> 01:09:39,730

around the world are utilizing the ce-5

1335

01:09:45,360 --> 01:09:43,509

stuff this ESP thing like all is one and

1336

01:09:48,030 --> 01:09:45,370

like meditation and like hippie-dippie

1337

01:09:52,349 --> 01:09:48,040

[h__h] right is out it's like the most

1338

01:09:55,220 --> 01:09:52,359

powerful weapon of all yeah yeah now

1339

01:09:59,310 --> 01:09:55,230

maybe not weapon but you know

1340

01:10:04,280 --> 01:09:59,320

communication so yeah yeah how did how

1341

01:10:10,800 --> 01:10:07,229

don't know like the only way to know is

1342

01:10:12,840 --> 01:10:10,810

if you try that's the only way to find

1343

01:10:15,240 --> 01:10:12,850

out to go and try to see if it works

1344

01:10:18,540 --> 01:10:15,250

it's like it's but it does work it's

1345

01:10:22,979 --> 01:10:18,550

kind of like well what do I do now yeah

1346

01:10:26,250 --> 01:10:22,989

like what if it does snow up [\h__\h]

1347

01:10:26,970 --> 01:10:26,260

land and they're like hey what's up

1348

01:10:30,240 --> 01:10:26,980

fellas

1349

01:10:32,430 --> 01:10:30,250

then what what do you do is that part of

1350

01:10:35,760 --> 01:10:32,440

the training does he train you what to

1351

01:10:38,250 --> 01:10:35,770

do like when they show up you just sit

1352

01:10:40,379 --> 01:10:38,260

in your chair yeah I mean what do you I

1353

01:10:42,449 --> 01:10:40,389

mean do you have to like

1354

01:10:45,719 --> 01:10:42,459

keep that mental focus or can you like

1355

01:10:47,429 --> 01:10:45,729

enjoy and relax and be like oh yeah look

1356

01:10:49,379 --> 01:10:47,439

what's happening really like holy [h__\h]

1357

01:10:51,600 --> 01:10:49,389

look what's happening like what happens

1358

01:10:53,580 --> 01:10:51,610

if you get scattered like yeah we're

1359

01:10:55,770 --> 01:10:53,590

gonna react to you a certain way like I

1360

01:10:58,259 --> 01:10:55,780

have a lot of questions about what

1361

01:11:01,979 --> 01:10:58,269

happens once you contact her

1362

01:11:03,419 --> 01:11:01,989

I am I I think of it like and when was

1363

01:11:07,259 --> 01:11:03,429

the last time you watched hook with

1364

01:11:10,469 --> 01:11:07,269

Robin Williams a couple of months ago

1365

01:11:11,969 --> 01:11:10,479

actually you me too so the the happy

1366

01:11:13,859 --> 01:11:11,979

thought right yeah

1367

01:11:18,239 --> 01:11:13,869

where it towards the end of the movie

1368

01:11:20,040 --> 01:11:18,249

Robin Williams spoiler alert when he

1369

01:11:21,299 --> 01:11:20,050

learns to fly again based on his happy

1370

01:11:24,209 --> 01:11:21,309

thought right he shoots through the

1371

01:11:26,429 --> 01:11:24,219

trees and he's like what happens if you

1372

01:11:31,020 --> 01:11:26,439

just move that happy thought do you fall

1373

01:11:34,109 --> 01:11:31,030

like I'm just you know backing up your

1374

01:11:38,580 --> 01:11:34,119

your train of thought they're like dude

1375

01:11:41,310 --> 01:11:38,590

we're talking about spacecraft driven by

1376

01:11:44,370 --> 01:11:41,320

your consciousness do you have to be so

1377

01:11:46,020 --> 01:11:44,380

disciplined where you can't just cuz I

1378

01:11:48,239 --> 01:11:46,030

mean dude if I were to drive a

1379

01:11:50,729 --> 01:11:48,249

spacecraft with my consciousness I would

1380

01:11:54,270 --> 01:11:50,739

be an inside of a Chucky Cheese and then

1381

01:11:57,120 --> 01:11:54,280

back to Walmart and then over to Marfa

1382

01:11:58,129 --> 01:11:57,130

and then over the ocean but could be all

1383

01:12:06,330 --> 01:11:58,139

over the place

1384

01:12:09,419 --> 01:12:06,340

yeah even inside of a david bust dave

1385

01:12:12,540 --> 01:12:09,429

and buster's david Buffett yeah I

1386

01:12:15,389 --> 01:12:12,550

wouldn't I wouldn't I don't know I don't

1387

01:12:19,979 --> 01:12:15,399

know I wouldn't know what did you but

1388

01:12:23,429 --> 01:12:19,989

that's it's like if there's a reason to

1389

01:12:24,959 --> 01:12:23,439

like not share the technology with

1390

01:12:26,759 --> 01:12:24,969

people I mean that would be it just

1391

01:12:28,649 --> 01:12:26,769

because people wouldn't be able to

1392

01:12:31,439 --> 01:12:28,659

control it like if it does take us

1393

01:12:34,350 --> 01:12:31,449

severe discipline you know like a really

1394

01:12:36,689 --> 01:12:34,360

serious discipline like yeah yeah maybe

1395

01:12:38,399 --> 01:12:36,699

it is a good idea imagine imagine that

1396

01:12:40,439 --> 01:12:38,409

mayhem that would happen if everybody

1397

01:12:44,129 --> 01:12:40,449

was given like a little scooty McDuff

1398

01:12:47,009 --> 01:12:44,139

right everybody's given a little bubble

1399

01:12:48,330 --> 01:12:47,019

machine and and you could just if you

1400

01:12:50,040 --> 01:12:48,340

get inside this little bubble and you

1401

01:12:52,949 --> 01:12:50,050

can think about where you want to go and

1402

01:12:54,000 --> 01:12:52,959

you'll go there yeah well like the

1403

01:12:59,250 --> 01:12:54,010

mayhem that it would

1404

01:13:02,939 --> 01:12:59,260

create like instantly people would all

1405

01:13:06,779 --> 01:13:02,949

go to all go to [h__h] McDonald's you

1406

01:13:08,459 --> 01:13:06,789

know and then crap and all I come to

1407

01:13:10,080 --> 01:13:08,469

that converts at the same time and

1408

01:13:15,779 --> 01:13:10,090

everybody's like the Philadelphia

1409

01:13:17,640 --> 01:13:15,789

Experiment right if you uh where do you

1410

01:13:19,620 --> 01:13:17,650

think if you could like travel through

1411

01:13:22,049 --> 01:13:19,630

time or whatever where do you think most

1412

01:13:25,310 --> 01:13:22,059

people would go the crucifixion of

1413

01:13:29,700 --> 01:13:25,320

Christ is like comes to mind first yeah

1414

01:13:31,140 --> 01:13:29,710

and then like try to go like I think a

1415

01:13:33,629 --> 01:13:31,150

lot of people would go back to really

1416

01:13:35,310 --> 01:13:33,639

see if like if Jesus was real I think a

1417

01:13:37,439 --> 01:13:35,320

lot of people maybe I'm just projecting

1418

01:13:39,149 --> 01:13:37,449

but I think that's where a lot of people

1419

01:13:43,290 --> 01:13:39,159

would start and then I think a lot of

1420

01:13:48,270 --> 01:13:43,300

people go back to like uh like Roman

1421

01:13:50,609 --> 01:13:48,280

times probably you know yeah or maybe

1422

01:13:54,060 --> 01:13:50,619

like Genghis Khan to see what the [h__\h]

1423

01:13:55,740 --> 01:13:54,070

that dude was doing yeah and hope you

1424

01:13:59,310 --> 01:13:55,750

made it out yeah

1425

01:14:00,859 --> 01:13:59,320

or at Amin evey know or whatever maybe

1426

01:14:03,270 --> 01:14:00,869

gonna see if dinosaurs are real

1427

01:14:07,259 --> 01:14:03,280

dinosaurs yeah maybe the out might be

1428

01:14:10,020 --> 01:14:07,269

the first thing people would do that one

1429

01:14:12,060 --> 01:14:10,030

or like Staudt star ninj

1430

01:14:15,000 --> 01:14:12,070

or the pyramids how the pyramids were

1431

01:14:16,649 --> 01:14:15,010

built yeah they build this that's the

1432

01:14:18,629 --> 01:14:16,659

first thing I would do is go to see like

1433

01:14:19,169 --> 01:14:18,639

when like when the [h__h] the pyramids

1434

01:14:22,830 --> 01:14:19,179

would go

1435

01:14:25,589 --> 01:14:22,840

we're built yeah like go back 5,000

1436

01:14:27,029 --> 01:14:25,599

years like the archaeologists say they

1437

01:14:31,290 --> 01:14:27,039

were built five thousand years ago and

1438

01:14:34,020 --> 01:14:31,300

see you like oh they're still here yep

1439

01:14:34,890 --> 01:14:34,030

they were already here bro well they're

1440

01:14:42,450 --> 01:14:34,900

not even here yet

1441

01:14:44,490 --> 01:14:42,460

yeah exactly right yeah I would I would

1442

01:14:46,319 --> 01:14:44,500

figure some Eartha Earth stuff out first

1443

01:14:48,259 --> 01:14:46,329

and then I would go back and see what

1444

01:14:51,959 --> 01:14:48,269

Mars was like when it was like Earth oh

1445

01:14:55,290 --> 01:14:51,969

yeah every pretty cool would you would

1446

01:14:56,490 --> 01:14:55,300

you go to the future at all no I think I

1447

01:14:59,339 --> 01:14:56,500

would not go to the future

1448

01:15:04,259 --> 01:14:59,349

yeah I think that would [h__h] up the

1449

01:15:05,790 --> 01:15:04,269

space-time continuum but then when you

1450

01:15:07,310 --> 01:15:05,800

went to the future you can just go back

1451

01:15:17,320 --> 01:15:07,320

to your past

1452

01:15:22,160 --> 01:15:17,330

ah Jeremy bear me you're heard of that

1453

01:15:23,660 --> 01:15:22,170

Jeremy Jeremy Jeremy so if you watch

1454

01:15:29,660 --> 01:15:23,670

have you ever heard of the show called

1455

01:15:36,170 --> 01:15:29,670

the good place no I don't think that

1456

01:15:38,590 --> 01:15:36,180

with Kristen Bell oh yeah yeah so they

1457

01:15:39,860 --> 01:15:38,600

say that the human timeline is linear

1458

01:15:44,600 --> 01:15:39,870

uh-huh

1459

01:15:46,550 --> 01:15:44,610

but the the afterlife is safe so here's

1460

01:15:49,910 --> 01:15:46,560

the linear Heymann timeline and then

1461

01:15:53,840 --> 01:15:49,920

below it it just writes out Jeremy Berra

1462

01:15:55,790 --> 01:15:53,850

me and cursive that's just that's what

1463

01:15:59,300 --> 01:15:55,800

it looks like it just looks like Jeremy

1464

01:16:05,150 --> 01:15:59,310

bear me so there's no linear path right

1465

01:16:07,070 --> 01:16:05,160

yeah is that a good place yeah it's it's

1466

01:16:08,870 --> 01:16:07,080

an awesome show if y'all haven't yeah we

1467

01:16:11,150 --> 01:16:08,880

haven't seen anybody listening haven't

1468

01:16:14,750 --> 01:16:11,160

seen it it's pretty funny but I'll give

1469

01:16:16,400 --> 01:16:14,760

it a shot that's pretty good anyway do

1470

01:16:32,120 --> 01:16:16,410

you I feel like we got a lot off track a

1471

01:16:41,330 --> 01:16:32,130

lot did we definitely did okay what

1472

01:16:43,580 --> 01:16:41,340

about it's a lot of dead air what about

1473

01:16:49,810 --> 01:16:43,590

uh yeah that's a lot of dead air

1474

01:16:55,190 --> 01:16:53,450

yeah I'm good I'm good there I mean it's

1475

01:16:58,730 --> 01:16:55,200

a short podcast you know what I'm really

1476

01:17:00,110 --> 01:16:58,740

looking forward to is 42 bro yeah 42 is

1477

01:17:04,460 --> 01:17:00,120

gonna be fun

1478

01:17:09,680 --> 01:17:04,470

let's do a Mystery Science Theater of a

1479

01:17:12,320 --> 01:17:09,690

checkers game hell yeah I'm down I'm

1480

01:17:18,470 --> 01:17:12,330

down so down for that episode 32

1481

01:17:22,220 --> 01:17:19,940

all right well you want to leave it

1482

01:17:26,960 --> 01:17:22,230

there bro yeah man that's fine with me

1483

01:17:30,530 --> 01:17:26,970

oh yeah awesome well it'll be better cuz

1484

01:17:32,810 --> 01:17:30,540

on 42 we'll be back together yeah get

1485

01:17:34,970 --> 01:17:32,820

that synergy going on dude that's right

1486

01:17:40,040 --> 01:17:34,980

man it's so hard whenever it's like over

1487

01:17:42,440 --> 01:17:40,050

over zoom or Skype or air it wasn't it

1488

01:17:46,700 --> 01:17:42,450

wasn't that bad tonight I don't know it

1489

01:17:49,880 --> 01:17:46,710

wasn't mad we need we need a we need the

1490

01:17:53,810 --> 01:17:49,890

synergy yeah that's right that's right

1491

01:17:55,820 --> 01:17:53,820

the energy in between us we need

1492

01:17:59,080 --> 01:17:55,830

something yeah I know I'm gonna

1493

01:18:03,770 --> 01:17:59,090

high-five you so many times bro oh yeah

1494

01:18:06,590 --> 01:18:03,780

whoa oh yeah I did nice alright man well
