

1
00:00:06,389 --> 00:00:04,630
every show and this is another episode

2
00:00:08,629 --> 00:00:06,399
of ufo garage

3
00:00:09,990 --> 00:00:08,639
i'm ben and i'm joe and this is where we

4
00:00:13,589 --> 00:00:10,000
talk about ufos

5
00:00:15,589 --> 00:00:13,599
aliens and all things weird yeah dude

6
00:00:17,670 --> 00:00:15,599
what's up man what's up bro we got a

7
00:00:20,230 --> 00:00:17,680
little change of scenery here today

8
00:00:21,750 --> 00:00:20,240
yeah uh we're at my house in my kitchen

9
00:00:25,269 --> 00:00:21,760
with uh mr jim goodall

10
00:00:27,429 --> 00:00:25,279
hey kim jon came by to visit us all uh

11
00:00:29,349 --> 00:00:27,439
on his on his long road trip and i'm

12
00:00:31,830 --> 00:00:29,359
excited to hear some stories about it

13
00:00:34,069 --> 00:00:31,840

man i'm so glad that you were able to

14

00:00:35,830 --> 00:00:34,079

actually make it out here and uh say hi

15

00:00:37,590 --> 00:00:35,840

to us i promised you when i

16

00:00:39,030 --> 00:00:37,600

when i mentioned in san francisco in

17

00:00:41,270 --> 00:00:39,040

january that

18

00:00:43,030 --> 00:00:41,280

i wasn't going a road trip and i was

19

00:00:44,470 --> 00:00:43,040

gonna i was to make sure i went through

20

00:00:44,869 --> 00:00:44,480

texas there's a lot of people i want to

21

00:00:49,830 --> 00:00:44,879

see

22

00:00:51,830 --> 00:00:49,840

yeah and i i was just it was it was a

23

00:00:53,270 --> 00:00:51,840

i was just drawn to it to do you guys

24

00:00:54,709 --> 00:00:53,280

you were there in the lobby and it was

25

00:00:56,310 --> 00:00:54,719

you just it was you just

26
00:00:58,790 --> 00:00:56,320
you were very happy go look having a

27
00:01:01,349 --> 00:00:58,800
good time drinking your wine

28
00:01:02,950 --> 00:01:01,359
and i just i felt comfortable i said i'd

29
00:01:04,869 --> 00:01:02,960
like these guys and

30
00:01:06,870 --> 00:01:04,879
i didn't know what i knew i was going to

31
00:01:09,510 --> 00:01:06,880
come through texas sometime this year

32
00:01:11,590 --> 00:01:09,520
and the first trip got canceled because

33
00:01:14,390 --> 00:01:11,600
i was in minneapolis when

34
00:01:16,310 --> 00:01:14,400
george floyd came to an end yeah and

35
00:01:17,670 --> 00:01:16,320
they burn up that part of minneapolis

36
00:01:20,149 --> 00:01:17,680
and my son had to drive through that

37
00:01:21,190 --> 00:01:20,159
area every day oh that's gotta be more

38
00:01:23,510 --> 00:01:21,200

often

39

00:01:25,030 --> 00:01:23,520

yeah that's not fun no no but he drives

40

00:01:27,990 --> 00:01:25,040

a big truck

41

00:01:30,310 --> 00:01:28,000

and he says are you in my way ah 800

42

00:01:33,510 --> 00:01:30,320

horsepower or whatever it is in there

43

00:01:34,950 --> 00:01:33,520

you're going to go right through yes man

44

00:01:36,870 --> 00:01:34,960

you know i'm delighted to be here and

45

00:01:38,550 --> 00:01:36,880

i'm just thrilled and thank you for your

46

00:01:40,789 --> 00:01:38,560

hospitality and

47

00:01:41,830 --> 00:01:40,799

dinner and uh your friendship no problem

48

00:01:44,069 --> 00:01:41,840

man no problem

49

00:01:45,510 --> 00:01:44,079

thank you uh for the book guys check

50

00:01:48,069 --> 00:01:45,520

this out jim

51
00:01:48,550 --> 00:01:48,079
um for those of you who don't know uh

52
00:01:51,590 --> 00:01:48,560
he's an

53
00:01:51,990 --> 00:01:51,600
author this is just one of many of his

54
00:01:55,109 --> 00:01:52,000
books

55
00:01:56,310 --> 00:01:55,119
27 my 20th my 27th book is at the

56
00:01:59,030 --> 00:01:56,320
publishers

57
00:01:59,910 --> 00:01:59,040
it'll be out in february in february and

58
00:02:02,709 --> 00:01:59,920
that's the uh

59
00:02:04,389 --> 00:02:02,719
and that one's called the 75 years of

60
00:02:06,230 --> 00:02:04,399
the lockheed skunk works

61
00:02:07,910 --> 00:02:06,240
awesome awesome that's going to be a

62
00:02:09,990 --> 00:02:07,920
great one this one i'm holding is the

63
00:02:11,750 --> 00:02:10,000

lockheed sr71 blackbird

64

00:02:13,110 --> 00:02:11,760

the illustrated history of america's

65

00:02:16,630 --> 00:02:13,120

legendary march

66

00:02:18,309 --> 00:02:16,640

mach 3 mach 3 spy plane by jim goodall

67

00:02:20,869 --> 00:02:18,319

that's awesome and jim also brought us

68

00:02:23,910 --> 00:02:20,879

this pretty sweet patch that he designed

69

00:02:25,670 --> 00:02:23,920

it's the uh the groom dry lake dreamland

70

00:02:27,670 --> 00:02:25,680

area 51 patch

71

00:02:28,869 --> 00:02:27,680

uh that's a that's kind of an

72

00:02:31,589 --> 00:02:28,879

interesting story

73

00:02:32,229 --> 00:02:31,599

uh you wanna you wanna go into how this

74

00:02:36,949 --> 00:02:32,239

kind of

75

00:02:38,630 --> 00:02:36,959

became a funny thing well i mean

76

00:02:40,790 --> 00:02:38,640

we get we did the article in popular

77

00:02:44,070 --> 00:02:40,800

science march 64.

78

00:02:47,190 --> 00:02:44,080

not 64. 94 excuse me

79

00:02:47,990 --> 00:02:47,200

and it's it was the best selling and the

80

00:02:51,430 --> 00:02:48,000

most read

81

00:02:52,790 --> 00:02:51,440

article uh issue ever we figured six

82

00:02:55,270 --> 00:02:52,800

million people

83

00:02:56,229 --> 00:02:55,280

read you read the article and saw it

84

00:02:58,390 --> 00:02:56,239

yeah

85

00:02:59,830 --> 00:02:58,400

but prior to that there's a group of us

86

00:03:01,990 --> 00:02:59,840

called the interceptors

87

00:03:05,190 --> 00:03:02,000

yeah i've been going out in the desert

88

00:03:07,110 --> 00:03:05,200

near area 51 since the late 80s

89

00:03:09,350 --> 00:03:07,120

i was the first civilian to photograph

90

00:03:12,470 --> 00:03:09,360

the f-117 at the fence line at tonal pot

91

00:03:16,309 --> 00:03:14,470

john lehrer and i were on the top of

92

00:03:17,509 --> 00:03:16,319

white sides mountain when we got buzzed

93

00:03:21,110 --> 00:03:17,519

by a pave hawk

94

00:03:21,830 --> 00:03:21,120

and then uh i'm also one of the reasons

95

00:03:24,149 --> 00:03:21,840

myself and

96

00:03:25,190 --> 00:03:24,159

a gentleman named glenn campbell was not

97

00:03:27,509 --> 00:03:25,200

the singer but

98

00:03:28,309 --> 00:03:27,519

uh computer guy he's a different glenn

99

00:03:31,430 --> 00:03:28,319

campbell right

100

00:03:33,990 --> 00:03:31,440

right um that he you know

101
00:03:35,270 --> 00:03:34,000
he we are the reason why freedom ridge

102
00:03:37,830 --> 00:03:35,280
was taken away by the

103
00:03:39,430 --> 00:03:37,840
during the uh the clinton administration

104
00:03:41,910 --> 00:03:39,440
so i've been going out in the desert

105
00:03:43,430 --> 00:03:41,920
smoothing on snooping on our government

106
00:03:45,910 --> 00:03:43,440
it's my tax money

107
00:03:47,589 --> 00:03:45,920
right i want to know where it's going

108
00:03:49,830 --> 00:03:47,599
what is being spent on

109
00:03:51,270 --> 00:03:49,840
and my man my feeling has always been if

110
00:03:54,470 --> 00:03:51,280
i ask my government

111
00:03:57,030 --> 00:03:54,480
a question it's we the people

112
00:03:58,309 --> 00:03:57,040
yeah you should get an answer the people

113
00:04:00,309 --> 00:03:58,319

if it's classified

114

00:04:01,589 --> 00:04:00,319

you tell me it's classified i can't

115

00:04:04,710 --> 00:04:01,599

comment

116

00:04:05,110 --> 00:04:04,720

i understand that right but don't feed

117

00:04:08,710 --> 00:04:05,120

me

118

00:04:10,149 --> 00:04:08,720

a line of garbage that wasn't because

119

00:04:11,350 --> 00:04:10,159

national security no

120

00:04:13,429 --> 00:04:11,360

you don't want it you don't want it to

121

00:04:15,509 --> 00:04:13,439

be made public because you may be

122

00:04:18,069 --> 00:04:15,519

embarrassed because you spent

123

00:04:19,509 --> 00:04:18,079

x number of billions billions of dollars

124

00:04:21,830 --> 00:04:19,519

for something that didn't work

125

00:04:23,830 --> 00:04:21,840

right yeah you kept hiding the fact and

126
00:04:26,310 --> 00:04:23,840
altering the paperwork

127
00:04:27,189 --> 00:04:26,320
and not one admiral or general went went

128
00:04:29,909 --> 00:04:27,199
to jail

129
00:04:31,670 --> 00:04:29,919
right yeah um yeah that would that would

130
00:04:33,430 --> 00:04:31,680
be a reason to definitely want to cover

131
00:04:35,270 --> 00:04:33,440
some stuff up for sure

132
00:04:37,270 --> 00:04:35,280
i mean i've i've gone around i've gone

133
00:04:42,070 --> 00:04:37,280
round and round i went around around

134
00:04:44,950 --> 00:04:42,080
uh during i was activated

135
00:04:45,189 --> 00:04:44,960
for desert shield and desert storm i was

136
00:04:53,110 --> 00:04:45,199
on

137
00:04:56,469 --> 00:04:53,120
had a top secret clearance which i had

138
00:04:58,469 --> 00:04:56,479

for 27 years yeah i had five years

139

00:04:59,990 --> 00:04:58,479

active a 10-year break and in 21 years

140

00:05:04,310 --> 00:05:00,000

with the minnesota air guard

141

00:05:06,469 --> 00:05:04,320

i was a historian in my last 16 years

142

00:05:08,310 --> 00:05:06,479

and i had to have the same clearance as

143

00:05:09,590 --> 00:05:08,320

the wing commander

144

00:05:11,749 --> 00:05:09,600

and when i worked for the adjutant

145

00:05:13,510 --> 00:05:11,759

general i had to have his clearance

146

00:05:14,629 --> 00:05:13,520

because i had to have access to what he

147

00:05:17,350 --> 00:05:14,639

did

148

00:05:18,070 --> 00:05:17,360

and as as far as documentation and

149

00:05:21,909 --> 00:05:18,080

determine

150

00:05:24,230 --> 00:05:21,919

what goes into the quarterly

151
00:05:26,390 --> 00:05:24,240
uh the quarterly history of the unit

152
00:05:28,550 --> 00:05:26,400
right or the organization

153
00:05:29,909 --> 00:05:28,560
so i had a real real high clearance

154
00:05:33,110 --> 00:05:29,919
that's cool yeah

155
00:05:34,310 --> 00:05:33,120
and i get there i'm going to get my my

156
00:05:38,469 --> 00:05:34,320
permanent pentagon

157
00:05:41,270 --> 00:05:38,479
pass and the red flag on my on my

158
00:05:42,550 --> 00:05:41,280
on my clearance i'm under investigation

159
00:05:45,189 --> 00:05:42,560
oh my god

160
00:05:47,110 --> 00:05:45,199
i took up to garbo and and the lady in

161
00:05:49,270 --> 00:05:47,120
charge of garbo i said

162
00:05:50,390 --> 00:05:49,280
what happened i said so i don't know i

163
00:05:52,950 --> 00:05:50,400

said you know you've been under

164

00:05:58,550 --> 00:05:52,960

investigation for a while

165

00:06:01,909 --> 00:06:01,270

you're gonna tighten it real tight boom

166

00:06:06,150 --> 00:06:01,919

all right

167

00:06:07,590 --> 00:06:06,160

it like slowly

168

00:06:10,629 --> 00:06:07,600

yeah and i was trying to hold it up a

169

00:06:15,909 --> 00:06:13,830

so uh here

170

00:06:17,270 --> 00:06:15,919

here i have a flag of my clearance which

171

00:06:18,710 --> 00:06:17,280

means i have to go through the i have to

172

00:06:20,390 --> 00:06:18,720

go through metal detector and other

173

00:06:20,870 --> 00:06:20,400

protocols you don't have to do it if you

174

00:06:24,309 --> 00:06:20,880

have

175

00:06:25,830 --> 00:06:24,319

yeah an official badge and it just

176

00:06:28,230 --> 00:06:25,840

irritated the hell out of me

177

00:06:28,870 --> 00:06:28,240

so remind me so and for people that

178

00:06:31,749 --> 00:06:28,880

don't know

179

00:06:32,550 --> 00:06:31,759

uh why you'd have this clearance what

180

00:06:34,710 --> 00:06:32,560

projects

181

00:06:35,590 --> 00:06:34,720

i mean as much as you can say oh no i

182

00:06:38,309 --> 00:06:35,600

mean there's nothing

183

00:06:39,990 --> 00:06:38,319

there's nothing i can't say yeah uh

184

00:06:41,189 --> 00:06:40,000

during my time in the in the minnesota

185

00:06:43,430 --> 00:06:41,199

air guard

186

00:06:44,950 --> 00:06:43,440

i always wanted to be a historian and i

187

00:06:48,070 --> 00:06:44,960

ended up being a writer

188

00:06:49,430 --> 00:06:48,080

my 27th book is the publisher and it's

189

00:06:52,230 --> 00:06:49,440

always been about airplanes

190

00:06:54,070 --> 00:06:52,240

or things that go bump in the night and

191

00:06:55,749 --> 00:06:54,080

you know spooky stuff

192

00:06:57,510 --> 00:06:55,759

so i've always done that and it's just

193

00:07:01,270 --> 00:06:57,520

something that i i wanted to do

194

00:07:04,550 --> 00:07:01,280

so i had a special relationship with the

195

00:07:06,710 --> 00:07:04,560

uh with the with the the then

196

00:07:08,469 --> 00:07:06,720

adjutant general and also the chief of

197

00:07:11,589 --> 00:07:08,479

staff for air

198

00:07:15,830 --> 00:07:11,599

general wayne gatlin and my uh

199

00:07:18,790 --> 00:07:15,840

the a.g was uh uh jean

200

00:07:20,230 --> 00:07:18,800

super guy i get i get emails from him

201
00:07:22,150 --> 00:07:20,240
all the time i get emails from all

202
00:07:24,070 --> 00:07:22,160
most of the generals i i dealt with in

203
00:07:26,469 --> 00:07:24,080
the minnesota guard it's cool

204
00:07:28,070 --> 00:07:26,479
and i loved it so i always had access to

205
00:07:28,950 --> 00:07:28,080
you know to everything that they had

206
00:07:33,270 --> 00:07:28,960
access to

207
00:07:36,950 --> 00:07:33,280
yeah and it was uh so i went when i uh

208
00:07:37,749 --> 00:07:36,960
went to uh desert storm it was a desert

209
00:07:40,390 --> 00:07:37,759
shield it was just

210
00:07:41,830 --> 00:07:40,400
it was an incredibly interesting time

211
00:07:45,430 --> 00:07:41,840
and the thing i was looking for

212
00:07:47,430 --> 00:07:45,440
because i'm an airplane nut and

213
00:07:50,230 --> 00:07:47,440

when i was i can't remember how old i

214

00:07:51,189 --> 00:07:50,240

was my dad gave me a book it was before

215

00:07:56,830 --> 00:07:51,199

i got married

216

00:08:00,550 --> 00:07:58,070

um

217

00:08:01,589 --> 00:08:00,560

eric von d donegan whatever it is yeah

218

00:08:03,430 --> 00:08:01,599

spirits of the gods

219

00:08:04,869 --> 00:08:03,440

carrots of the gods and i read i read

220

00:08:06,629 --> 00:08:04,879

all and he had three volumes and three

221

00:08:08,710 --> 00:08:06,639

verses i read all three and then i just

222

00:08:09,990 --> 00:08:08,720

oh i like this this is this this

223

00:08:13,350 --> 00:08:10,000

intrigues me

224

00:08:14,309 --> 00:08:13,360

yeah so um i've i've always had an

225

00:08:17,510 --> 00:08:14,319

interest in that and i

226

00:08:20,790 --> 00:08:17,520

am the type of guy who's i'm always

227

00:08:23,510 --> 00:08:20,800

looking up in the sky right

228

00:08:25,189 --> 00:08:23,520

and and i've and i've i've been out the

229

00:08:26,629 --> 00:08:25,199

middle of typical valley which is east

230

00:08:29,589 --> 00:08:26,639

area 51

231

00:08:31,670 --> 00:08:29,599

no moon is so dark i can't see my feet

232

00:08:32,870 --> 00:08:31,680

my eyes haven't adjusted yet

233

00:08:35,829 --> 00:08:32,880

i'm thinking they're okay if you can

234

00:08:47,750 --> 00:08:35,839

read my mind read my mind

235

00:08:50,870 --> 00:08:49,269

i do know that people were in my head

236

00:08:54,070 --> 00:08:50,880

for nine hours here

237

00:08:56,389 --> 00:08:54,080

about 35 years ago uh whoa

238

00:08:59,509 --> 00:08:56,399

um so maybe they planted something in

239

00:09:04,710 --> 00:09:02,870

yeah surgery yeah yeah so it's just

240

00:09:06,949 --> 00:09:04,720

it's something that i just i've had i've

241

00:09:10,070 --> 00:09:06,959

had a passion for

242

00:09:10,550 --> 00:09:10,080

and be because of i don't take no for an

243

00:09:14,470 --> 00:09:10,560

answer

244

00:09:15,670 --> 00:09:14,480

oh i my mind my mind's in about 12

245

00:09:16,949 --> 00:09:15,680

different places yeah i kind of

246

00:09:20,470 --> 00:09:16,959

simultaneously

247

00:09:21,030 --> 00:09:20,480

you're all right i uh when i when i

248

00:09:22,949 --> 00:09:21,040

found out

249

00:09:25,190 --> 00:09:22,959

my past with my i couldn't get my

250

00:09:26,949 --> 00:09:25,200

permanent pass i went to

251

00:09:28,790 --> 00:09:26,959

i won't say her name i don't she's

252

00:09:30,790 --> 00:09:28,800

probably not alive and it's been so long

253

00:09:34,150 --> 00:09:30,800

since desert shield

254

00:09:36,870 --> 00:09:34,160

and i uh so i called up uh pete

255

00:09:39,990 --> 00:09:36,880

ames pete was the deputy director for

256

00:09:43,750 --> 00:09:40,000

program security for special projects

257

00:09:44,949 --> 00:09:43,760

anything spooky he would know oh

258

00:09:47,509 --> 00:09:44,959

and i called him up i didn't know where

259

00:09:49,910 --> 00:09:47,519

he was i said pete this is jim goodall

260

00:09:51,750 --> 00:09:49,920

oh jim how's it going i said you're

261

00:09:52,550 --> 00:09:51,760

screwing with my clearance oh no i would

262

00:09:55,990 --> 00:09:52,560

never do that

263

00:09:58,710 --> 00:09:56,000

i said no one else in garbo did it

264

00:09:59,110 --> 00:09:58,720

it could only come from you yeah they

265

00:10:01,030 --> 00:09:59,120

said

266

00:10:02,790 --> 00:10:01,040

were you are you located in the pentagon

267

00:10:03,350 --> 00:10:02,800

i said yes i said well i'm up at guard

268

00:10:08,550 --> 00:10:03,360

bureau

269

00:10:11,910 --> 00:10:10,310

i am i need to sit down with you we need

270

00:10:15,750 --> 00:10:11,920

to talk

271

00:10:19,110 --> 00:10:15,760

and he said okay i'll meet you at

272

00:10:22,150 --> 00:10:19,120

uh 15 15. uh

273

00:10:23,750 --> 00:10:22,160

in my office 5d 156. now they've changed

274

00:10:25,430 --> 00:10:23,760

all the numbers in the pentagon but this

275

00:10:27,110 --> 00:10:25,440

is yeah go down this long hallways and

276

00:10:28,710 --> 00:10:27,120

the d-ring

277

00:10:30,710 --> 00:10:28,720

there's nothing here but one door in the

278

00:10:34,630 --> 00:10:30,720

middle this long long hallway

279

00:10:37,269 --> 00:10:34,640

is 5d 156 and i press just the buzzer

280

00:10:39,590 --> 00:10:37,279

you know the default door opens i go in

281

00:10:41,110 --> 00:10:39,600

and i i'm in uniform i'm a tech sergeant

282

00:10:44,710 --> 00:10:41,120

at the time yeah

283

00:10:47,430 --> 00:10:44,720

and i said uh i'm jim goodall i'm here

284

00:10:50,310 --> 00:10:47,440

to see pete ames and

285

00:10:52,310 --> 00:10:50,320

the uh i think i think it was a it was a

286

00:10:54,949 --> 00:10:52,320

young tech sergeant female and she about

287

00:10:56,310 --> 00:10:54,959

fell off the floor and all of a sudden i

288

00:10:58,150 --> 00:10:56,320

had i got it i got there

289

00:10:59,509 --> 00:10:58,160

right at one o'clock so i had 15 minutes

290

00:11:01,750 --> 00:10:59,519

to wait

291

00:11:02,630 --> 00:11:01,760

i had a parade of people coming through

292

00:11:05,430 --> 00:11:02,640

and said hey

293

00:11:07,030 --> 00:11:05,440

you jim goodall god also you want to see

294

00:11:10,790 --> 00:11:07,040

what it looks like

295

00:11:12,829 --> 00:11:10,800

it was like obviously so finally pete

296

00:11:13,990 --> 00:11:12,839

calls me and pete was kind of a short

297

00:11:18,949 --> 00:11:14,000

guy

298

00:11:21,269 --> 00:11:18,959

and i not i'm not intimidated um

299

00:11:22,630 --> 00:11:21,279

i was i was supposed to die in 1986 and

300

00:11:24,870 --> 00:11:22,640

i didn't yeah i

301
00:11:26,069 --> 00:11:24,880
don't give a i don't give a garbage

302
00:11:27,990 --> 00:11:26,079
about a lot of things

303
00:11:29,750 --> 00:11:28,000
yeah and you're not going to intimidate

304
00:11:31,030 --> 00:11:29,760
me and he's telling me he said i don't

305
00:11:32,150 --> 00:11:31,040
like the questions you're asking and i

306
00:11:34,630 --> 00:11:32,160
said pete

307
00:11:36,870 --> 00:11:34,640
i'm an american taxpayer and i can ask

308
00:11:39,110 --> 00:11:36,880
anything of my government

309
00:11:40,230 --> 00:11:39,120
and if it's not classified i demand the

310
00:11:43,030 --> 00:11:40,240
truth and i demand an

311
00:11:44,389 --> 00:11:43,040
answer yeah so these are my airplanes i

312
00:11:47,990 --> 00:11:44,399
said pete you don't know

313
00:11:50,470 --> 00:11:48,000

[h__h] i said these are

314

00:11:52,069 --> 00:11:50,480

these are owned by the american taxpayer

315

00:11:54,710 --> 00:11:52,079

you're the custodian

316

00:11:55,509 --> 00:11:54,720

yep and if it's it is your job to

317

00:11:57,430 --> 00:11:55,519

maintain

318

00:11:59,670 --> 00:11:57,440

their airworthiness and more fighting

319

00:12:00,310 --> 00:11:59,680

capability and if it's a classified

320

00:12:02,870 --> 00:12:00,320

program

321

00:12:05,030 --> 00:12:02,880

to maintain the classification it's not

322

00:12:07,590 --> 00:12:05,040

your job to feed me a lot of crap when i

323

00:12:09,670 --> 00:12:07,600

ask a legitimate question

324

00:12:11,190 --> 00:12:09,680

i said i said because he was holding my

325

00:12:14,069 --> 00:12:11,200

book my beat my

326

00:12:15,750 --> 00:12:14,079

f1 i forgot to mention my f-117 book had

327

00:12:18,710 --> 00:12:15,760

just come out that was my first book

328

00:12:19,509 --> 00:12:18,720

yeah and that's the boomerang crazy what

329

00:12:22,389 --> 00:12:19,519

the window looks like

330

00:12:23,590 --> 00:12:22,399

it looks like an arrowhead the yeah okay

331

00:12:25,110 --> 00:12:23,600

there's the fighter it was the one that

332

00:12:25,990 --> 00:12:25,120

dropped the bombs in baghdad during

333

00:12:27,750 --> 00:12:26,000

desert storms

334

00:12:29,190 --> 00:12:27,760

yeah the black they called the black jet

335

00:12:32,790 --> 00:12:29,200

okay and

336

00:12:34,230 --> 00:12:32,800

um that book had come out i had sent

337

00:12:37,269 --> 00:12:34,240

ben rich who was the president of

338

00:12:40,310 --> 00:12:37,279

lockheed skunk works at the time

339

00:12:43,030 --> 00:12:40,320

he he told me he said jim says it's

340

00:12:43,829 --> 00:12:43,040

still classified i can't comment i said

341

00:12:46,949 --> 00:12:43,839

okay

342

00:12:49,990 --> 00:12:46,959

i sent it to pete ames his office

343

00:12:51,190 --> 00:12:50,000

for clearance i didn't have to do it but

344

00:12:52,870 --> 00:12:51,200

as a member of the guard

345

00:12:54,230 --> 00:12:52,880

and someone with a top secret clearance

346

00:12:56,790 --> 00:12:54,240

i felt i had to

347

00:12:57,269 --> 00:12:56,800

and i sent it to dod well no we did

348

00:12:58,870 --> 00:12:57,279

anything

349

00:13:00,790 --> 00:12:58,880

this is six weeks before i sent it to my

350

00:13:02,310 --> 00:13:00,800

publisher yeah

351

00:13:03,910 --> 00:13:02,320

so peter's giving me all this crap he

352

00:13:05,269 --> 00:13:03,920

says in your book and he's holding

353

00:13:07,430 --> 00:13:05,279

he's you know he's talking about my book

354

00:13:08,710 --> 00:13:07,440

and he's you know he's just says in your

355

00:13:11,190 --> 00:13:08,720

book says he had stuff that was

356

00:13:13,190 --> 00:13:11,200

classified i said pete

357

00:13:14,629 --> 00:13:13,200

said you know you know why i was

358

00:13:17,030 --> 00:13:14,639

successful in putting this bush together

359

00:13:20,870 --> 00:13:17,040

as fast as i did in the circles i did

360

00:13:23,430 --> 00:13:20,880

in 1968 when i asked for

361

00:13:25,990 --> 00:13:23,440

photographs of the blackbird that were

362

00:13:27,829 --> 00:13:26,000

unclassified then

363

00:13:29,910 --> 00:13:27,839

and they were never classified to begin

364

00:13:32,790 --> 00:13:29,920

with i wanted external views

365

00:13:34,389 --> 00:13:32,800

of a couple different blackbirds and

366

00:13:35,509 --> 00:13:34,399

your official policy was not to

367

00:13:39,910 --> 00:13:35,519

cooperate

368

00:13:40,389 --> 00:13:39,920

started digging oh oh man the more i dug

369

00:13:53,189 --> 00:13:40,399

the

370

00:13:55,189 --> 00:13:53,199

lockheed blackbirds

371

00:13:58,310 --> 00:13:55,199

so okay i have a question so you're

372

00:14:00,230 --> 00:13:58,320

saying the the more you got kind of like

373

00:14:01,350 --> 00:14:00,240

told no you're not allowed to know this

374

00:14:04,629 --> 00:14:01,360

stuff the more you dug

375

00:14:06,150 --> 00:14:04,639

is this when this you started sneaking

376
00:14:07,829 --> 00:14:06,160
on to area 51

377
00:14:09,350 --> 00:14:07,839
no no no no sure is that totally

378
00:14:10,710 --> 00:14:09,360
different story

379
00:14:13,269 --> 00:14:10,720
i've been i've been to the fence line at

380
00:14:14,550 --> 00:14:13,279
tonal pod test range in area 51 about 80

381
00:14:16,790 --> 00:14:14,560
times

382
00:14:19,269 --> 00:14:16,800
over the last 30 years right i know

383
00:14:21,350 --> 00:14:19,279
where to go and when not to do i know

384
00:14:22,389 --> 00:14:21,360
i'm not intimidated by little red dots

385
00:14:26,710 --> 00:14:22,399
on my chest

386
00:14:31,350 --> 00:14:30,389
no i i just i just i say i'm not easily

387
00:14:33,590 --> 00:14:31,360
intimidated

388
00:14:34,870 --> 00:14:33,600

i had a brain tumor and they took it out

389

00:14:37,829 --> 00:14:34,880

on january 28

390

00:14:39,990 --> 00:14:37,839

1986 that's the day challenger blew up

391

00:14:40,389 --> 00:14:40,000

and i was under anesthesia for 11 hours

392

00:14:44,550 --> 00:14:40,399

and

393

00:14:47,430 --> 00:14:44,560

i wasn't supposed to survive wow

394

00:14:48,470 --> 00:14:47,440

and i'm here today and once you come to

395

00:14:51,910 --> 00:14:48,480

terms with

396

00:14:53,829 --> 00:14:51,920

dying it took me 36 hours from the time

397

00:14:56,790 --> 00:14:53,839

i had a brain tumor

398

00:14:57,350 --> 00:14:56,800

6 hours 50 50 chance of survival any

399

00:15:00,790 --> 00:14:57,360

hour

400

00:15:03,350 --> 00:15:00,800

goes it drops dramatically and

401
00:15:04,230 --> 00:15:03,360
points straight down and said and if you

402
00:15:06,710 --> 00:15:04,240
sub uh if

403
00:15:08,150 --> 00:15:06,720
if you survive surgery you have a 70

404
00:15:12,870 --> 00:15:08,160
chance of facial paralysis

405
00:15:16,150 --> 00:15:12,880
blindness and seizures yippee

406
00:15:17,430 --> 00:15:16,160
so it hit me 36 hours later and it was a

407
00:15:20,150 --> 00:15:17,440
puddle

408
00:15:21,829 --> 00:15:20,160
i was at my favorite pub dancing to my

409
00:15:23,509 --> 00:15:21,839
favorite band

410
00:15:26,150 --> 00:15:23,519
went dancing i went dancing almost every

411
00:15:26,710 --> 00:15:26,160
night from 8 30 to 9 15. yeah that was

412
00:15:29,350 --> 00:15:26,720
my r

413
00:15:30,310 --> 00:15:29,360

r time and the kids already to bed i

414

00:15:32,310 --> 00:15:30,320

went

415

00:15:34,069 --> 00:15:32,320

dancing and i come home that's didn't

416

00:15:36,230 --> 00:15:34,079

wasn't there to pick up anybody but

417

00:15:37,430 --> 00:15:36,240

the band has just gone on break at 9 15.

418

00:15:39,350 --> 00:15:37,440

i'm getting ready to go home and all of

419

00:15:42,550 --> 00:15:39,360

a sudden hits me

420

00:15:44,150 --> 00:15:42,560

i'm 40 years old i'm gonna die it took

421

00:15:49,350 --> 00:15:44,160

me three hours to drive

422

00:15:52,150 --> 00:15:49,360

four miles i was a puddle man i got home

423

00:15:52,949 --> 00:15:52,160

uh my wife who i'm still very close to

424

00:15:55,509 --> 00:15:52,959

today

425

00:15:56,870 --> 00:15:55,519

uh we've been just divorced 30 years we

426

00:16:00,470 --> 00:15:56,880

only married 20 but

427

00:16:00,949 --> 00:16:00,480

uh she was really really good and i was

428

00:16:04,230 --> 00:16:00,959

just

429

00:16:05,590 --> 00:16:04,240

like i'm not going to see my my son

430

00:16:07,110 --> 00:16:05,600

graduate from high school i'm not going

431

00:16:07,670 --> 00:16:07,120

to see my daughter grow up i had a

432

00:16:11,910 --> 00:16:07,680

little

433

00:16:14,310 --> 00:16:11,920

my son was ten my daughter was two

434

00:16:15,110 --> 00:16:14,320

and i was just it was that was terrible

435

00:16:16,389 --> 00:16:15,120

and then at

436

00:16:18,550 --> 00:16:16,399

three o'clock in the morning almost like

437

00:16:20,829 --> 00:16:18,560

the second hand went up it was like

438

00:16:23,430 --> 00:16:20,839

someone changed

439

00:16:25,110 --> 00:16:23,440

channels and i got a piece just come

440

00:16:28,150 --> 00:16:25,120

over me

441

00:16:29,509 --> 00:16:28,160

and i felt you know if this is the end i

442

00:16:32,470 --> 00:16:29,519

have no regrets

443

00:16:32,949 --> 00:16:32,480

none yeah yeah i've done a lot of stupid

444

00:16:35,189 --> 00:16:32,959

things

445

00:16:36,310 --> 00:16:35,199

and if i live i'll do a lot of stupid

446

00:16:37,910 --> 00:16:36,320

more

447

00:16:40,470 --> 00:16:37,920

and i did a lot of stupid things thank

448

00:16:43,030 --> 00:16:40,480

god before the internet

449

00:16:44,550 --> 00:16:43,040

you never you never stole a train though

450

00:16:45,749 --> 00:16:44,560

yeah i never did that i don't know what

451
00:16:49,910 --> 00:16:45,759
the statue of limitation

452
00:16:52,310 --> 00:16:49,920
is on that so that's an inside secret if

453
00:16:54,949 --> 00:16:52,320
anybody didn't know

454
00:16:56,629 --> 00:16:54,959
no i have i have a real positive outlook

455
00:16:59,430 --> 00:16:56,639
on life yeah and

456
00:17:01,350 --> 00:16:59,440
i don't have a lot of friends but i'm

457
00:17:03,350 --> 00:17:01,360
attracted to certain people and when i

458
00:17:05,189 --> 00:17:03,360
met you two guys in san francisco there

459
00:17:07,350 --> 00:17:05,199
was there was

460
00:17:09,029 --> 00:17:07,360
almost an electric energy yeah that sort

461
00:17:09,990 --> 00:17:09,039
of drew me towards to achieve because

462
00:17:11,110 --> 00:17:10,000
there's a lot of people there was a lot

463
00:17:12,069 --> 00:17:11,120

of people there and there's a lot of

464

00:17:14,630 --> 00:17:12,079

interesting people

465

00:17:15,829 --> 00:17:14,640

still the same man yeah joe was like

466

00:17:17,590 --> 00:17:15,839

dude that's

467

00:17:19,669 --> 00:17:17,600

jim goodall was like ah it sounds

468

00:17:22,710 --> 00:17:19,679

familiar but and then he had to explain

469

00:17:23,750 --> 00:17:22,720

and i mean i i knew of you i mean my own

470

00:17:26,390 --> 00:17:23,760

my only creepy

471

00:17:30,230 --> 00:17:26,400

really claim to fame besides a guy who

472

00:17:32,870 --> 00:17:30,240

knows an awful lot about area 51

473

00:17:34,470 --> 00:17:32,880

is i knew bob lazar before he went to

474

00:17:38,549 --> 00:17:34,480

work out at s4

475

00:17:40,789 --> 00:17:38,559

yeah and i that

476

00:17:41,590 --> 00:17:40,799

bob lazar and our and i are friends

477

00:17:44,150 --> 00:17:41,600

today

478

00:17:44,950 --> 00:17:44,160

yeah and you went to visit him after uh

479

00:17:47,110 --> 00:17:44,960

after

480

00:17:48,710 --> 00:17:47,120

uh san francisco right like wasn't it

481

00:17:50,789 --> 00:17:48,720

after the conference you went to

482

00:17:51,990 --> 00:17:50,799

well i was going i was going to but uh

483

00:17:52,549 --> 00:17:52,000

that's where the beginning of this

484

00:17:55,590 --> 00:17:52,559

covert

485

00:18:01,750 --> 00:17:55,600

oh okay yeah yes it's kung fu

486

00:18:04,870 --> 00:18:01,760

flu the kung flu yeah

487

00:18:07,750 --> 00:18:04,880

so so you knew you knew bob lazar

488

00:18:08,630 --> 00:18:07,760

before the story came out before all

489

00:18:11,669 --> 00:18:08,640

that i mean you knew

490

00:18:14,310 --> 00:18:11,679

i knew bob was different i knew bob

491

00:18:15,430 --> 00:18:14,320

bob lazar before he was hired to work

492

00:18:18,150 --> 00:18:15,440

out in the desert

493

00:18:18,870 --> 00:18:18,160

yeah he just he had just moved to las

494

00:18:21,990 --> 00:18:18,880

vegas from

495

00:18:26,390 --> 00:18:23,510

it was the day that i had photographed

496

00:18:27,990 --> 00:18:26,400

my first f-117 yeah still fighter at the

497

00:18:30,870 --> 00:18:28,000

fence line at tonopah

498

00:18:32,549 --> 00:18:30,880

it's john lehrer myself and i was

499

00:18:33,830 --> 00:18:32,559

shooting print film because i wanted i

500

00:18:35,830 --> 00:18:33,840

wanted to

501
00:18:37,110 --> 00:18:35,840
get the images right away i normally

502
00:18:39,909 --> 00:18:37,120
shot kodachrome

503
00:18:42,230 --> 00:18:39,919
and this was before digital cameras and

504
00:18:44,549 --> 00:18:42,240
the digital cameras they had you had a a

505
00:18:46,070 --> 00:18:44,559
pack about the size of a suitcase and a

506
00:18:48,870 --> 00:18:46,080
hill one megabyte

507
00:18:50,470 --> 00:18:48,880
yeah the big there's a big floppy disk

508
00:18:53,990 --> 00:18:50,480
we were talking about earlier

509
00:18:57,669 --> 00:18:54,000
and uh uh

510
00:18:59,750 --> 00:18:57,679
oh my god dragon it's very sorry today

511
00:19:00,950 --> 00:18:59,760
i'm on i'm going to the the tail end of

512
00:19:03,270 --> 00:19:00,960
a 4 000 mile

513
00:19:04,230 --> 00:19:03,280

road trip and we've been chatting all

514

00:19:07,270 --> 00:19:04,240

day yeah

515

00:19:11,430 --> 00:19:07,280

yeah yeah

516

00:19:14,310 --> 00:19:11,440

we've had it awesome so when i met bob

517

00:19:16,630 --> 00:19:14,320

i had i had been with john lear we i had

518

00:19:19,909 --> 00:19:16,640

just photographed the f-117 and seen the

519

00:19:22,070 --> 00:19:19,919

f-117 with a t-38 next to it

520

00:19:23,830 --> 00:19:22,080

it was like i was 12 years old or 11

521

00:19:24,549 --> 00:19:23,840

years old and seeing my first naked

522

00:19:27,750 --> 00:19:24,559

woman

523

00:19:29,750 --> 00:19:27,760

i mean my camera's shaking

524

00:19:31,110 --> 00:19:29,760

and out of 36 exposures i think there

525

00:19:32,710 --> 00:19:31,120

were only three that

526

00:19:35,190 --> 00:19:32,720

didn't have a little bit of blur to him

527

00:19:36,630 --> 00:19:35,200

oh man wow and this this plane had never

528

00:19:38,630 --> 00:19:36,640

been seen by the public or

529

00:19:40,070 --> 00:19:38,640

anyone oh so did you have an idea that

530

00:19:41,909 --> 00:19:40,080

there would be some kind of test flight

531

00:19:44,870 --> 00:19:41,919

of a secret top city no i

532

00:19:46,150 --> 00:19:44,880

knew i the only reason i knew the f-117

533

00:19:49,990 --> 00:19:46,160

was flying

534

00:19:52,310 --> 00:19:50,000

john lear were heading up u.s 75 u.s 95

535

00:19:53,990 --> 00:19:52,320

near scotty's junction it's sort of

536

00:19:57,590 --> 00:19:54,000

halfway between

537

00:20:00,150 --> 00:19:57,600

uh las vegas and uh

538

00:20:01,909 --> 00:20:00,160

i think bd or maybe goldfield it's

539

00:20:04,549 --> 00:20:01,919

almost a tone-upon

540

00:20:05,190 --> 00:20:04,559

but an f-117 flew over us at about 1500

541

00:20:07,190 --> 00:20:05,200

feet we

542

00:20:09,110 --> 00:20:07,200

drove off the road yeah that's pretty

543

00:20:11,430 --> 00:20:09,120

tight you see this thing from from the

544

00:20:13,270 --> 00:20:11,440

you know from the rear end

545

00:20:15,750 --> 00:20:13,280

so uh we're going to tone up we have

546

00:20:18,630 --> 00:20:15,760

lunch and then we drive down

547

00:20:19,990 --> 00:20:18,640

the road to ttr it's a big sign it's a

548

00:20:22,950 --> 00:20:20,000

b-43 nuclear

549

00:20:23,909 --> 00:20:22,960

bomb with a nike ajax booster on the end

550

00:20:26,950 --> 00:20:23,919

of it said

551

00:20:29,029 --> 00:20:26,960

sandia labs tone upon test rings that

552

00:20:31,430 --> 00:20:29,039

was the right place

553

00:20:32,070 --> 00:20:31,440

so we head down there we get we get down

554

00:20:35,510 --> 00:20:32,080

to the

555

00:20:37,669 --> 00:20:35,520

uh the main gate and where the uh

556

00:20:38,549 --> 00:20:37,679

passing id is but there's there's a dirt

557

00:20:41,590 --> 00:20:38,559

road going along

558

00:20:44,230 --> 00:20:41,600

the fence line so the fence lines in

559

00:20:45,590 --> 00:20:44,240

public lands so we drive two miles down

560

00:20:48,630 --> 00:20:45,600

this road

561

00:20:50,070 --> 00:20:48,640

i'm out there with my camera and i had a

562

00:20:52,390 --> 00:20:50,080

tummy at a

563

00:20:53,750 --> 00:20:52,400

a pentax i think it was it's before i

564

00:20:55,590 --> 00:20:53,760

got nikon before i

565

00:20:57,909 --> 00:20:55,600

needed glasses you know so i need

566

00:21:00,950 --> 00:20:57,919

something to autofocus

567

00:21:03,590 --> 00:21:00,960

and this this bird coming

568

00:21:05,430 --> 00:21:03,600

came in with t-38 right next to it and

569

00:21:06,789 --> 00:21:05,440

my heart was pounding

570

00:21:09,350 --> 00:21:06,799

it's like getting laid for the first

571

00:21:10,710 --> 00:21:09,360

time i didn't know what to do yeah

572

00:21:12,710 --> 00:21:10,720

you know i just knew i was going to hope

573

00:21:15,350 --> 00:21:12,720

on my camera i was so excited and i

574

00:21:18,470 --> 00:21:15,360

forgot to roll the thing up

575

00:21:20,710 --> 00:21:18,480

but so larry and i we head back to vegas

576

00:21:23,750 --> 00:21:20,720

now we're we're 150 miles away

577

00:21:26,149 --> 00:21:23,760

almost 200 miles away

578

00:21:26,870 --> 00:21:26,159

and we drive we drive uh through warm

579

00:21:30,070 --> 00:21:26,880

springs

580

00:21:32,230 --> 00:21:30,080

and then down 375 the the

581

00:21:33,750 --> 00:21:32,240

extraterrestrial highway yeah we always

582

00:21:34,070 --> 00:21:33,760

stop we always stopped a little lately

583

00:21:36,230 --> 00:21:34,080

and

584

00:21:37,270 --> 00:21:36,240

uh joe travis was still alive at the

585

00:21:39,669 --> 00:21:37,280

time

586

00:21:42,310 --> 00:21:39,679

and i've known pat forever uh i think

587

00:21:45,110 --> 00:21:42,320

connie was still a baby

588

00:21:46,630 --> 00:21:45,120

and uh we had something to eat by the

589

00:21:49,190 --> 00:21:46,640

time we got back to vegas

590

00:21:49,669 --> 00:21:49,200

the photo mats were all closed now those

591

00:21:51,830 --> 00:21:49,679

who are

592

00:21:53,590 --> 00:21:51,840

old enough who have parents that are old

593

00:21:56,230 --> 00:21:53,600

enough

594

00:21:57,510 --> 00:21:56,240

photomat is where the your baristas are

595

00:21:59,590 --> 00:21:57,520

today if you had

596

00:22:01,430 --> 00:21:59,600

print if you needed wanted your film

597

00:22:03,430 --> 00:22:01,440

developed

598

00:22:05,190 --> 00:22:03,440

you would you would go buy a photo mat

599

00:22:05,990 --> 00:22:05,200

and you would drop it off there's it was

600

00:22:08,549 --> 00:22:06,000

always manned

601
00:22:09,190 --> 00:22:08,559
you see one person you pick up the phone

602
00:22:13,270 --> 00:22:09,200
the

603
00:22:14,789 --> 00:22:13,280
day

604
00:22:16,950 --> 00:22:14,799
as long as you get in by five o'clock

605
00:22:19,990 --> 00:22:16,960
the next day

606
00:22:23,350 --> 00:22:20,000
everybody will have their uh their

607
00:22:25,510 --> 00:22:23,360
envelo their film processed and printed

608
00:22:27,190 --> 00:22:25,520
so the photo mats are all closed and as

609
00:22:27,669 --> 00:22:27,200
we're heading back to lear's place he

610
00:22:33,990 --> 00:22:27,679
lived

611
00:22:35,990 --> 00:22:34,000
uh he said well all the places could be

612
00:22:37,350 --> 00:22:36,000
closed we got home about 9 15. so i got

613
00:22:40,390 --> 00:22:37,360

a friend coming over

614

00:22:41,669 --> 00:22:40,400

a new guy new to vegas just moved here

615

00:22:43,830 --> 00:22:41,679

from albuquerque

616

00:22:46,230 --> 00:22:43,840

i think you'll find him interesting he's

617

00:22:49,909 --> 00:22:46,240

a nuclear physicist

618

00:22:52,149 --> 00:22:49,919

so but 10 minutes later doorbell rings

619

00:22:53,510 --> 00:22:52,159

go up there this nice guy comes in into

620

00:23:00,070 --> 00:22:53,520

john's

621

00:23:02,549 --> 00:23:00,080

i think 20 by 30.

622

00:23:05,029 --> 00:23:02,559

and every every square inch of wall

623

00:23:06,950 --> 00:23:05,039

space was filled with photos signed by

624

00:23:08,630 --> 00:23:06,960

all sorts of famous people that's cool

625

00:23:11,669 --> 00:23:08,640

nice yeah and he held he

626

00:23:13,430 --> 00:23:11,679

still holds 15 fai

627

00:23:15,990 --> 00:23:13,440

world records for flying around the

628

00:23:19,590 --> 00:23:16,000

world on his 16th birthday

629

00:23:22,710 --> 00:23:19,600

in his dad's lear uh 23. really

630

00:23:25,990 --> 00:23:22,720

yeah that's interesting so that's cool

631

00:23:27,350 --> 00:23:26,000

so john lear introduced me to his new

632

00:23:29,830 --> 00:23:27,360

friend

633

00:23:30,789 --> 00:23:29,840

he said hi my name is bob lazar and said

634

00:23:32,470 --> 00:23:30,799

nice to meet you

635

00:23:34,310 --> 00:23:32,480

he said i told him about my dilemma

636

00:23:35,909 --> 00:23:34,320

having the print film

637

00:23:37,590 --> 00:23:35,919

not i need to develop the you know the

638

00:23:39,350 --> 00:23:37,600

next day and he said

639

00:23:41,990 --> 00:23:39,360

i live on the west side of town i have a

640

00:23:43,430 --> 00:23:42,000

c-41 processor at home

641

00:23:45,190 --> 00:23:43,440

it's right over i'll run in my house

642

00:23:46,390 --> 00:23:45,200

i'll i'll process the film you know

643

00:23:48,149 --> 00:23:46,400

print you know

644

00:23:49,669 --> 00:23:48,159

you know print it up see what you got i

645

00:23:52,710 --> 00:23:49,679

said sure so

646

00:23:54,789 --> 00:23:52,720

says it in his house yeah so we jump

647

00:23:56,710 --> 00:23:54,799

we jump in his car and we're not five

648

00:23:58,549 --> 00:23:56,720

minutes from lear's place

649

00:24:00,149 --> 00:23:58,559

now this house is ten thousand square

650

00:24:02,870 --> 00:24:00,159

feet he's since sold it

651
00:24:03,669 --> 00:24:02,880
but uh he used to live out in the middle

652
00:24:06,230 --> 00:24:03,679
of nowhere now

653
00:24:08,070 --> 00:24:06,240
he was all developed all around him but

654
00:24:11,190 --> 00:24:08,080
we're heading we're heading towards uh

655
00:24:12,789 --> 00:24:11,200
west charleston where uh bob lives he

656
00:24:14,630 --> 00:24:12,799
looks at me and he said you know yeah i

657
00:24:15,909 --> 00:24:14,640
feel sorry for the lear

658
00:24:17,750 --> 00:24:15,919
i said what do you mean you feel sorry

659
00:24:18,630 --> 00:24:17,760
for lear i said he's from this world

660
00:24:20,630 --> 00:24:18,640
famous

661
00:24:22,630 --> 00:24:20,640
aviation family his dad brought a

662
00:24:23,990 --> 00:24:22,640
learjet to the world

663
00:24:26,070 --> 00:24:24,000

not counting every all the other

664

00:24:27,830 --> 00:24:26,080

avionics and stuff he developed

665

00:24:29,750 --> 00:24:27,840

and he says and as some of which

666

00:24:32,230 --> 00:24:29,760

believes in ufos

667

00:24:33,750 --> 00:24:32,240

how stupid is that says i'm a nuclear

668

00:24:35,669 --> 00:24:33,760

physicist

669

00:24:37,350 --> 00:24:35,679

if i can't prove it mathematically or

670

00:24:40,390 --> 00:24:37,360

put my hands on it

671

00:24:41,029 --> 00:24:40,400

it doesn't exist and you can't maybe i

672

00:24:44,710 --> 00:24:41,039

wouldn't believe

673

00:24:47,110 --> 00:24:44,720

a ufo as you put a gun to my head yeah

674

00:24:49,830 --> 00:24:47,120

so balazar is telling you this on the

675

00:24:50,390 --> 00:24:49,840

way on the way to his house to print the

676

00:24:53,510 --> 00:24:50,400

film

677

00:24:56,950 --> 00:24:53,520

yeah now when i went in there i

678

00:24:59,430 --> 00:24:56,960

i remember seeing a diploma i don't

679

00:25:00,789 --> 00:24:59,440

it's supposedly from mit but i don't

680

00:25:02,310 --> 00:25:00,799

know you're going to someone's house for

681

00:25:03,909 --> 00:25:02,320

the first time i know you have stuff on

682

00:25:06,310 --> 00:25:03,919

the wall

683

00:25:07,029 --> 00:25:06,320

but 10 years later yeah do you remember

684

00:25:09,510 --> 00:25:07,039

what it is

685

00:25:10,630 --> 00:25:09,520

30 years later no i have a really good

686

00:25:14,710 --> 00:25:10,640

memory but no

687

00:25:17,350 --> 00:25:14,720

i don't he has a super computer

688

00:25:18,870 --> 00:25:17,360

um he had a i mean he had a anemone

689

00:25:21,750 --> 00:25:18,880

enclosure

690

00:25:23,430 --> 00:25:21,760

uh you know filled with processors and

691

00:25:25,110 --> 00:25:23,440

the whole bit

692

00:25:26,789 --> 00:25:25,120

sweet that's what back in the day where

693

00:25:28,789 --> 00:25:26,799

like a computer like that filled a whole

694

00:25:29,909 --> 00:25:28,799

room right oh yeah yeah no this this was

695

00:25:32,950 --> 00:25:29,919

as big as a refrigerator

696

00:25:33,350 --> 00:25:32,960

oh okay that was that was his that was

697

00:25:37,350 --> 00:25:33,360

his

698

00:25:40,549 --> 00:25:37,360

desktop wow and uh

699

00:25:43,029 --> 00:25:40,559

dang and

700

00:25:44,710 --> 00:25:43,039

he was you know he hadn't he hadn't got

701
00:25:46,149 --> 00:25:44,720
out in the desert yet

702
00:25:48,789 --> 00:25:46,159
but he's he said when he lived in

703
00:25:52,630 --> 00:25:48,799
albuquerque he had a jet car

704
00:25:54,549 --> 00:25:52,640
with a lamborghini uh body on it

705
00:25:55,669 --> 00:25:54,559
300 miles an hour and a quarter mile

706
00:25:58,870 --> 00:25:55,679
yeah and that's

707
00:26:01,590 --> 00:25:58,880
it's in his driveway in his carport yeah

708
00:26:02,390 --> 00:26:01,600
this is like a turbine engine jet the

709
00:26:05,669 --> 00:26:02,400
engine

710
00:26:10,230 --> 00:26:05,679
it was it was it was a uh always

711
00:26:12,230 --> 00:26:10,240
a 50s vintage uh jet i mean

712
00:26:13,990 --> 00:26:12,240
you put it you put it uh you know

713
00:26:16,710 --> 00:26:14,000

today's uh

714

00:26:18,310 --> 00:26:16,720

engine out of the f you know f-22 or the

715

00:26:21,830 --> 00:26:18,320

f-35

716

00:26:23,750 --> 00:26:21,840

and near the uh the f-135 engine with 40

717

00:26:25,269 --> 00:26:23,760

000 pounds of thrust and then my guy

718

00:26:27,190 --> 00:26:25,279

you just one it's going to suck your

719

00:26:27,909 --> 00:26:27,200

skin office in front of it and if you

720

00:26:31,110 --> 00:26:27,919

had to

721

00:26:31,120 --> 00:26:36,230

so so you know he

722

00:26:40,789 --> 00:26:39,110

everything about lazar when i met him

723

00:26:45,110 --> 00:26:40,799

showed me because my dad's a genius

724

00:26:48,149 --> 00:26:45,120

yeah my dad had an iq but above 170 180.

725

00:26:50,830 --> 00:26:48,159

uh he felt he couldn't learn

726

00:26:52,149 --> 00:26:50,840

cantonese in two weeks so he dropped the

727

00:26:54,070 --> 00:26:52,159

course

728

00:26:55,590 --> 00:26:54,080

wow i mean to master it he could speak

729

00:26:58,549 --> 00:26:55,600

it he just couldn't master it

730

00:26:59,990 --> 00:26:58,559

and he spoke seven other languages and

731

00:27:03,350 --> 00:27:00,000

he has triple major at

732

00:27:06,549 --> 00:27:03,360

caltech so um

733

00:27:09,669 --> 00:27:06,559

he's got credentials yeah yeah yeah

734

00:27:12,149 --> 00:27:09,679

and uh you know so i

735

00:27:14,630 --> 00:27:12,159

i know a genius when i'm around one and

736

00:27:18,149 --> 00:27:14,640

bob's truly a genius

737

00:27:19,990 --> 00:27:18,159

and next thing i know a year later

738

00:27:21,669 --> 00:27:20,000

there's a silhouette of a guy named i

739

00:27:23,990 --> 00:27:21,679

think was jared talking to

740

00:27:25,190 --> 00:27:24,000

george knapp who i've been a friend with

741

00:27:27,430 --> 00:27:25,200

forever also

742

00:27:30,549 --> 00:27:27,440

yeah talking about reverse engineering

743

00:27:32,310 --> 00:27:30,559

alien spacecraft in a place called s4

744

00:27:34,470 --> 00:27:32,320

did you recognize the silhouette in any

745

00:27:35,909 --> 00:27:34,480

way or no they had a mess but

746

00:27:37,669 --> 00:27:35,919

he didn't i think the second or third

747

00:27:39,430 --> 00:27:37,679

time uh

748

00:27:41,350 --> 00:27:39,440

he and he said you know if something

749

00:27:44,710 --> 00:27:41,360

happens to me

750

00:27:46,710 --> 00:27:44,720

it says i did not commit suicide yeah

751

00:27:48,310 --> 00:27:46,720

i did not run off the road and break my

752

00:27:50,070 --> 00:27:48,320

neck or something along those lines

753

00:27:51,990 --> 00:27:50,080

yeah and he had the fbi follow him for

754

00:27:54,389 --> 00:27:52,000

about three years to make sure that

755

00:27:56,389 --> 00:27:54,399

nothing happened to him wow because if

756

00:27:59,590 --> 00:27:56,399

something happened to him

757

00:28:01,990 --> 00:27:59,600

then boom he's validated

758

00:28:02,870 --> 00:28:02,000

right right yeah yeah and the other

759

00:28:05,350 --> 00:28:02,880

thing uh

760

00:28:06,870 --> 00:28:05,360

george knapp did a lot of research on on

761

00:28:08,389 --> 00:28:06,880

who bob is

762

00:28:11,350 --> 00:28:08,399

he went to albuquerque where he

763

00:28:14,470 --> 00:28:11,360

allegedly worked as sandia

764

00:28:15,990 --> 00:28:14,480

and go he went to the public side of the

765

00:28:18,310 --> 00:28:16,000

sandia library

766

00:28:20,230 --> 00:28:18,320

and found a phone book the time frame

767

00:28:22,870 --> 00:28:20,240

that bob said he worked there

768

00:28:24,870 --> 00:28:22,880

and by golly guess what there's a robert

769

00:28:27,590 --> 00:28:24,880

lazar

770

00:28:29,669 --> 00:28:27,600

uh phone of the phone number he gave the

771

00:28:29,990 --> 00:28:29,679

room number the guys he said that were

772

00:28:32,870 --> 00:28:30,000

in the

773

00:28:34,389 --> 00:28:32,880

same lab their numbers and they

774

00:28:35,350 --> 00:28:34,399

everything everything lined up then he

775

00:28:38,710 --> 00:28:35,360

went to

776

00:28:41,430 --> 00:28:38,720

the local paper and got a microfiche

777

00:28:43,190 --> 00:28:41,440

going through the times that he said bob

778

00:28:45,909 --> 00:28:43,200

said i've been written up

779

00:28:46,549 --> 00:28:45,919

the local paper and said says sandia

780

00:28:48,950 --> 00:28:46,559

professor

781

00:28:50,389 --> 00:28:48,960

learns to relax at 300 miles an hour on

782

00:28:52,950 --> 00:28:50,399

the weekend

783

00:28:53,590 --> 00:28:52,960

yeah so throw those big parties on the

784

00:28:58,549 --> 00:28:53,600

yeah

785

00:28:59,669 --> 00:28:58,559

one of the drag strips and he made you

786

00:29:03,750 --> 00:28:59,679

know he made the papers

787

00:29:05,510 --> 00:29:03,760

right so there's a picture of bob of bob

788

00:29:06,950 --> 00:29:05,520

yeah saying that he was the you know

789

00:29:10,230 --> 00:29:06,960

there was a you know

790

00:29:13,750 --> 00:29:10,240

at sandia and he's a nuclear physicist

791

00:29:14,710 --> 00:29:13,760

the other thing is those those anybody

792

00:29:16,389 --> 00:29:14,720

who's

793

00:29:18,310 --> 00:29:16,399

been involved in a classified

794

00:29:19,830 --> 00:29:18,320

environment

795

00:29:23,029 --> 00:29:19,840

if you know something class is

796

00:29:27,269 --> 00:29:23,039

classified and i ask you a question

797

00:29:30,630 --> 00:29:27,279

you can just say no comment right

798

00:29:32,630 --> 00:29:30,640

if i ask you a question

799

00:29:34,070 --> 00:29:32,640

or i ask you about someone and the

800

00:29:36,630 --> 00:29:34,080

person i'm asking you about

801
00:29:38,389 --> 00:29:36,640
is a fraud you're not going to say no

802
00:29:40,789 --> 00:29:38,399
comment you're going to say

803
00:29:42,870 --> 00:29:40,799
be full of [\h__\h] i've never you know i've

804
00:29:46,630 --> 00:29:42,880
never met him i don't know who this this

805
00:29:47,669 --> 00:29:46,640
guy is but when when edward teller who

806
00:29:50,230 --> 00:29:47,679
hired directly

807
00:29:51,669 --> 00:29:50,240
hired bob lazar according to bob when he

808
00:29:54,870 --> 00:29:51,679
was asked

809
00:29:57,909 --> 00:29:54,880
will you comment on whether or not

810
00:30:00,950 --> 00:29:57,919
uh you hired bob lazar

811
00:30:02,070 --> 00:30:00,960
he said no comments if bob would have

812
00:30:04,230 --> 00:30:02,080
been a fraud

813
00:30:05,590 --> 00:30:04,240

he would have said i've never met the

814

00:30:08,230 --> 00:30:05,600

guy the guy's a fraud

815

00:30:09,669 --> 00:30:08,240

yeah he didn't and everybody they had

816

00:30:12,389 --> 00:30:09,679

subsequently asked

817

00:30:13,029 --> 00:30:12,399

about it had basically said the same

818

00:30:17,590 --> 00:30:13,039

thing

819

00:30:19,510 --> 00:30:17,600

is

820

00:30:23,269 --> 00:30:19,520

when i was in desert during desert

821

00:30:26,389 --> 00:30:23,279

shield i was at the pentagon

822

00:30:30,710 --> 00:30:26,399

i had bob lazar's uh

823

00:30:32,950 --> 00:30:30,720

w-2 from his last page in his last

824

00:30:34,149 --> 00:30:32,960

checks yeah there's payment from the

825

00:30:37,990 --> 00:30:34,159

navy

826

00:30:41,110 --> 00:30:38,000

at s4 i had blocked out his

827

00:30:43,750 --> 00:30:41,120

social security number but

828

00:30:45,190 --> 00:30:43,760

when i understand that the area codes

829

00:30:49,110 --> 00:30:45,200

the zip codes in in the

830

00:30:52,230 --> 00:30:49,120

in the dc area start at 202 0 1

831

00:30:56,630 --> 00:30:54,710

the late 30 early 40 block go to

832

00:30:58,549 --> 00:30:56,640

classified locations

833

00:31:00,549 --> 00:30:58,559

i didn't know that but i was told they

834

00:31:05,110 --> 00:31:00,559

do

835

00:31:08,070 --> 00:31:05,120

so again i'm in uniform i'm an e6

836

00:31:10,310 --> 00:31:08,080

short haircut start shirt very sharp

837

00:31:12,389 --> 00:31:10,320

looking

838

00:31:14,310 --> 00:31:12,399

i look at it i look in the pentagon

839

00:31:17,590 --> 00:31:14,320

directory for

840

00:31:18,070 --> 00:31:17,600

a department or division the same as are

841

00:31:22,310 --> 00:31:18,080

similar

842

00:31:25,750 --> 00:31:22,320

to what's on bob's w-2

843

00:31:27,909 --> 00:31:25,760

and it had to do with naval not naval

844

00:31:29,830 --> 00:31:27,919

investigative services but along those

845

00:31:31,830 --> 00:31:29,840

lines

846

00:31:35,830 --> 00:31:31,840

so i had some time but i was waiting for

847

00:31:42,230 --> 00:31:38,950

and i i decided i was going to go

848

00:31:46,470 --> 00:31:42,240

go to this this office navy office

849

00:31:48,389 --> 00:31:46,480

now i'm an enlisted guy a navy admiral

850

00:31:51,190 --> 00:31:48,399

is not going to talk to an air force

851
00:31:54,710 --> 00:31:51,200
enlisted puke

852
00:31:57,110 --> 00:31:54,720
off the cuff so i go in

853
00:31:58,710 --> 00:31:57,120
and and i there's a there's a young

854
00:32:01,509 --> 00:31:58,720
lieutenant jg

855
00:32:02,470 --> 00:32:01,519
at the desk and it was a young man young

856
00:32:04,470 --> 00:32:02,480
man

857
00:32:05,990 --> 00:32:04,480
and he said sir can you tell me where

858
00:32:09,350 --> 00:32:06,000
this location is and i

859
00:32:11,269 --> 00:32:09,360
showed him bob lazar's w-2 and he looked

860
00:32:13,750 --> 00:32:11,279
at it

861
00:32:14,950 --> 00:32:13,760
just a minute he walks into the admirals

862
00:32:17,990 --> 00:32:14,960
the two star's office

863
00:32:20,389 --> 00:32:18,000

he's in there maybe 40 seconds

864

00:32:21,830 --> 00:32:20,399

it comes out the admiral will see you

865

00:32:23,990 --> 00:32:21,840

now

866

00:32:25,830 --> 00:32:24,000

and advil is going to see an air force

867

00:32:29,269 --> 00:32:25,840

enlisted

868

00:32:32,070 --> 00:32:29,279

on the fly you done did something

869

00:32:33,590 --> 00:32:32,080

not not likely so i go in there and i

870

00:32:36,230 --> 00:32:33,600

give him a sharp salute

871

00:32:38,230 --> 00:32:36,240

and he said addy he didn't say at ease

872

00:32:40,549 --> 00:32:38,240

he said parade rest

873

00:32:41,430 --> 00:32:40,559

so i'm standing there parade rest and he

874

00:32:44,549 --> 00:32:41,440

said sergeant

875

00:32:45,110 --> 00:32:44,559

he's holding he's holding lazar's w-2 i

876
00:32:47,350 --> 00:32:45,120
said

877
00:32:49,669 --> 00:32:47,360
i don't know where you got this thing

878
00:32:51,750 --> 00:32:49,679
but i if i ever see your face cross the

879
00:32:53,509 --> 00:32:51,760
threshold of my office ever again

880
00:32:56,070 --> 00:32:53,519
you'll be the most sorriest son of a

881
00:32:58,549 --> 00:32:56,080
[h__h] in nco united states military do

882
00:33:01,269 --> 00:32:58,559
we understand sergeant i said yes sir

883
00:33:02,070 --> 00:33:01,279
with that he puts lazarus w-2 in the

884
00:33:05,029 --> 00:33:02,080
shredder

885
00:33:05,990 --> 00:33:05,039
no she said and then he said you're

886
00:33:09,350 --> 00:33:06,000
dismissed

887
00:33:15,750 --> 00:33:12,950
that's damn what

888
00:33:16,230 --> 00:33:15,760

shreds it okay but that's but that's

889

00:33:19,990 --> 00:33:16,240

what it

890

00:33:23,029 --> 00:33:20,000

blanks

891

00:33:25,430 --> 00:33:23,039

right yeah yeah yeah because that's

892

00:33:27,830 --> 00:33:25,440

something i've never heard before yeah

893

00:33:28,470 --> 00:33:27,840

that's a that's a cool little side story

894

00:33:31,029 --> 00:33:28,480

yeah like

895

00:33:33,669 --> 00:33:31,039

that's that's total confirmation that if

896

00:33:36,070 --> 00:33:33,679

if someone in the military wanted to

897

00:33:36,710 --> 00:33:36,080

not comment you know quote unquote not

898

00:33:39,110 --> 00:33:36,720

comment

899

00:33:39,830 --> 00:33:39,120

on the existence or you know admit that

900

00:33:41,830 --> 00:33:39,840

he worked

901
00:33:43,190 --> 00:33:41,840
for some kind of compartmentalized

902
00:33:46,549 --> 00:33:43,200
program whether it be

903
00:33:49,669 --> 00:33:46,559
a contract or military condoned

904
00:33:52,149 --> 00:33:49,679
like it just it confirms it man like

905
00:33:52,789 --> 00:33:52,159
just the fact that he he shreddeded the

906
00:33:55,669 --> 00:33:52,799
document

907
00:33:57,830 --> 00:33:55,679
and i mean he wouldn't one i would not

908
00:34:01,190 --> 00:33:57,840
have

909
00:34:04,149 --> 00:34:01,200
the lieutenant the j.g

910
00:34:05,590 --> 00:34:04,159
whatever it was would have said said

911
00:34:08,470 --> 00:34:05,600
never heard of it

912
00:34:09,510 --> 00:34:08,480
give it back to me if it was phony yeah

913
00:34:11,829 --> 00:34:09,520

but the fact that

914

00:34:12,550 --> 00:34:11,839

it had the right information on that

915

00:34:15,750 --> 00:34:12,560

minus

916

00:34:17,829 --> 00:34:15,760

know he said robert j

917

00:34:19,589 --> 00:34:17,839

was our okay i think i think he didn't

918

00:34:21,270 --> 00:34:19,599

have a social didn't have his i

919

00:34:22,710 --> 00:34:21,280

blocked out his social security number

920

00:34:26,869 --> 00:34:22,720

in case

921

00:34:29,109 --> 00:34:26,879

did yeah i did i wanted to protect him

922

00:34:30,950 --> 00:34:29,119

yeah bob's a friend of mine i mean he's

923

00:34:33,030 --> 00:34:30,960

not a close close friend but but he is a

924

00:34:35,589 --> 00:34:33,040

very much a friend for sure i like him

925

00:34:39,589 --> 00:34:35,599

uh i adore his wife

926

00:34:40,069 --> 00:34:39,599

uh he's he's he's been places that you

927

00:34:43,190 --> 00:34:40,079

and i

928

00:34:45,109 --> 00:34:43,200

can't even dream of he seems just like

929

00:34:47,909 --> 00:34:45,119

imagine he seems like a cool dude i

930

00:34:49,589 --> 00:34:47,919

don't know he is and he and he's kind

931

00:34:52,310 --> 00:34:49,599

yeah at least he's been kind to me

932

00:34:54,629 --> 00:34:52,320

my i have a picture uh i posted on

933

00:34:57,670 --> 00:34:54,639

facebook a couple different times

934

00:34:59,829 --> 00:34:57,680

of my son when he was just graduating

935

00:35:02,790 --> 00:34:59,839

from high school 317

936

00:35:04,310 --> 00:35:02,800

where bob lazar's house uh off of west

937

00:35:06,870 --> 00:35:04,320

charleston in las vegas

938

00:35:09,270 --> 00:35:06,880

uh before he you know before he moved

939

00:35:12,550 --> 00:35:09,280

and there's bob sitting at his desk

940

00:35:14,630 --> 00:35:12,560

his super cute computer's behind him

941

00:35:15,990 --> 00:35:14,640

and there's my son with his hand on his

942

00:35:19,270 --> 00:35:16,000

shoulder just wanted to beat

943

00:35:19,910 --> 00:35:19,280

him and it was it was a week that my son

944

00:35:23,109 --> 00:35:19,920

james

945

00:35:26,630 --> 00:35:23,119

and i had spent a full

946

00:35:29,990 --> 00:35:26,640

week at the north fenceline area 51.

947

00:35:31,430 --> 00:35:30,000

wow and

948

00:35:33,190 --> 00:35:31,440

they didn't know we were there we were

949

00:35:34,470 --> 00:35:33,200

camouflaged you know i saw i showed you

950

00:35:36,310 --> 00:35:34,480

some of the pictures earlier

951
00:35:38,710 --> 00:35:36,320
me out in the desert yeah he has like a

952
00:35:40,470 --> 00:35:38,720
like a honda and it's tarped and

953
00:35:41,829 --> 00:35:40,480
there's like this camo tarp over it you

954
00:35:43,910 --> 00:35:41,839
can't even see it dude

955
00:35:44,950 --> 00:35:43,920
yeah okay so i do remember that from

956
00:35:48,230 --> 00:35:44,960
your presentation

957
00:35:51,510 --> 00:35:48,240
uh at lorian's thing uh man

958
00:35:53,430 --> 00:35:51,520
yeah so for for uh listeners that uh

959
00:35:54,550 --> 00:35:53,440
don't know that side i have so many more

960
00:35:56,470 --> 00:35:54,560
questions but would you go

961
00:35:57,990 --> 00:35:56,480
a little bit and maybe tell like one or

962
00:36:01,030 --> 00:35:58,000
two stories about

963
00:36:02,069 --> 00:36:01,040

about how uh you're the title of your

964

00:36:04,870 --> 00:36:02,079

presentation was

965

00:36:05,990 --> 00:36:04,880

how to get into area 51 right or right

966

00:36:10,550 --> 00:36:06,000

yeah how to get to

967

00:36:13,750 --> 00:36:10,560

area 51 and not get shot yeah

968

00:36:17,349 --> 00:36:13,760

tell about it and

969

00:36:18,950 --> 00:36:17,359

i said probably the easiest way i mean i

970

00:36:21,190 --> 00:36:18,960

i don't think i think the statue of

971

00:36:23,270 --> 00:36:21,200

limitations uh and i would deny it

972

00:36:26,230 --> 00:36:23,280

anyway even if it's on tape

973

00:36:26,950 --> 00:36:26,240

uh yeah it was winter coming it was

974

00:36:30,550 --> 00:36:26,960

winter of

975

00:36:33,270 --> 00:36:30,560

i think it was winter seven of 93.

976

00:36:34,150 --> 00:36:33,280

i was at the north fence line allegedly

977

00:36:37,910 --> 00:36:34,160

allegedly

978

00:36:41,430 --> 00:36:37,920

yes supposedly in my dreams

979

00:36:45,270 --> 00:36:41,440

dreamlands yeah

980

00:36:49,190 --> 00:36:45,280

right and i uh

981

00:36:50,870 --> 00:36:49,200

my then wife had i had gotten a survival

982

00:36:53,670 --> 00:36:50,880

blanket the types that have

983

00:36:54,870 --> 00:36:53,680

that are aluminum foil on one side and

984

00:36:56,069 --> 00:36:54,880

day glow in the other

985

00:36:59,910 --> 00:36:56,079

but they're filled with insulate or

986

00:37:02,470 --> 00:36:59,920

whatever it is so two of them together

987

00:37:04,550 --> 00:37:02,480

had a uh put camouflage infrared

988

00:37:06,470 --> 00:37:04,560

suppressive deficient camouflage

989

00:37:08,790 --> 00:37:06,480

in a quilt pattern on it and then she

990

00:37:11,510 --> 00:37:08,800

made a poncho

991

00:37:12,310 --> 00:37:11,520

so i'm now a low observable with an add

992

00:37:15,510 --> 00:37:12,320

a hood

993

00:37:19,030 --> 00:37:15,520

helicopter and i'm

994

00:37:20,390 --> 00:37:19,040

deaf but if i heard a helicopter all i

995

00:37:22,710 --> 00:37:20,400

do is crouch down and pull everything

996

00:37:25,109 --> 00:37:22,720

into and i had no infrared signature

997

00:37:26,710 --> 00:37:25,119

and you can't see that from 10 feet away

998

00:37:29,270 --> 00:37:26,720

let alone flying over

999

00:37:30,310 --> 00:37:29,280

right so because it's insulated it's not

1000

00:37:33,430 --> 00:37:30,320

irradiating

1001
00:37:34,950 --> 00:37:33,440
heat outside no heat all inside whoa

1002
00:37:37,349 --> 00:37:34,960
you just turned into a boulder base it

1003
00:37:39,349 --> 00:37:37,359
was 30 degrees and i probably sweated a

1004
00:37:41,430 --> 00:37:39,359
gallon of sweat

1005
00:37:43,349 --> 00:37:41,440
i mean i was so nervous and the thing

1006
00:37:45,349 --> 00:37:43,359
about getting over to

1007
00:37:46,630 --> 00:37:45,359
where i could see the base i could see

1008
00:37:48,710 --> 00:37:46,640
where the airplane's gonna take off i

1009
00:37:52,069 --> 00:37:48,720
could see the tracking cameras

1010
00:37:54,390 --> 00:37:52,079
but there was about six sets of hills

1011
00:37:56,150 --> 00:37:54,400
in the foothills yeah then i i went over

1012
00:37:56,870 --> 00:37:56,160
two of them in my heart i mean probably

1013
00:38:00,310 --> 00:37:56,880

could hear my

1014

00:38:03,270 --> 00:38:00,320

heart all the way in rachel and i said

1015

00:38:04,310 --> 00:38:03,280

no i i gotta turn around so i got all

1016

00:38:07,190 --> 00:38:04,320

the way out

1017

00:38:07,750 --> 00:38:07,200

uh i was never detected yeah but i was

1018

00:38:10,069 --> 00:38:07,760

nervous

1019

00:38:11,030 --> 00:38:10,079

so that's one way yeah so i'm sorry to

1020

00:38:12,390 --> 00:38:11,040

cut but like

1021

00:38:14,230 --> 00:38:12,400

so you say you could see where the

1022

00:38:16,150 --> 00:38:14,240

airplanes were taking off does that work

1023

00:38:17,349 --> 00:38:16,160

from the north from the north fence line

1024

00:38:20,150 --> 00:38:17,359

anything any

1025

00:38:21,109 --> 00:38:20,160

test aircraft that takes off from area

1026

00:38:23,750 --> 00:38:21,119

51

1027

00:38:24,390 --> 00:38:23,760

will fly right over your head so that's

1028

00:38:27,829 --> 00:38:24,400

how you knew

1029

00:38:30,790 --> 00:38:27,839

that the the uh the the wing sorry f

1030

00:38:31,990 --> 00:38:30,800

um no that don't the f-117 was that tone

1031

00:38:35,190 --> 00:38:32,000

of

1032

00:38:37,910 --> 00:38:35,200

area 51. gotcha

1033

00:38:38,390 --> 00:38:37,920

gotcha so i have a friend of mine and

1034

00:38:41,430 --> 00:38:38,400

he's

1035

00:38:42,630 --> 00:38:41,440

alive and well so he won't give his real

1036

00:38:45,430 --> 00:38:42,640

name but he goes by agent

1037

00:38:46,950 --> 00:38:45,440

x we all have nicknames hell yeah uh

1038

00:38:49,750 --> 00:38:46,960

john andrews was

1039

00:38:50,470 --> 00:38:49,760

was spy one stu brown from popular

1040

00:38:53,589 --> 00:38:50,480

sciences

1041

00:38:54,470 --> 00:38:53,599

the minister of words uh well that's

1042

00:38:55,750 --> 00:38:54,480

cool

1043

00:38:57,990 --> 00:38:55,760

he's a journalist and he's a true

1044

00:38:59,990 --> 00:38:58,000

journalist um

1045

00:39:02,630 --> 00:39:00,000

the late mike dornheimer from aviation

1046

00:39:04,710 --> 00:39:02,640

week we call him the isla toller

1047

00:39:06,790 --> 00:39:04,720

i mean he was 100 percent irish he had a

1048

00:39:07,990 --> 00:39:06,800

beard like yours and hair like yours i

1049

00:39:09,349 --> 00:39:08,000

mean it was like that i mean he looked

1050

00:39:11,510 --> 00:39:09,359

like a mad

1051
00:39:14,150 --> 00:39:11,520
ayatollah so we all was coming and my

1052
00:39:17,349 --> 00:39:14,160
nickname was the great one oh

1053
00:39:19,670 --> 00:39:17,359
sweet yeah that's awesome yeah

1054
00:39:23,510 --> 00:39:19,680
that just yeah just tickles me but great

1055
00:39:30,390 --> 00:39:27,030
so it really it it like i didn't expect

1056
00:39:32,150 --> 00:39:30,400
uh the images and the photos that you

1057
00:39:32,710 --> 00:39:32,160
that you've shown and i've seen of of

1058
00:39:35,910 --> 00:39:32,720
you

1059
00:39:37,349 --> 00:39:35,920
being inside of area 51 and and the

1060
00:39:39,109 --> 00:39:37,359
the trails that you took i didn't

1061
00:39:40,710 --> 00:39:39,119
realize that the landscape was so like

1062
00:39:42,069 --> 00:39:40,720
mountainous and rocky and that you could

1063
00:39:43,829 --> 00:39:42,079

drive a car

1064

00:39:46,069 --> 00:39:43,839

as far as you did i didn't know that

1065

00:39:47,510 --> 00:39:46,079

that was you know possible and i

1066

00:39:49,750 --> 00:39:47,520

remember you had spoken about

1067

00:39:52,150 --> 00:39:49,760

these sensors in the way that you did

1068

00:39:55,270 --> 00:39:52,160

the sensors in a specific order

1069

00:39:56,550 --> 00:39:55,280

is that giving away they on and i

1070

00:39:59,030 --> 00:39:56,560

believe it's illegal

1071

00:40:00,310 --> 00:39:59,040

since oh since it's not since no no i

1072

00:40:03,829 --> 00:40:00,320

i've mentioned it

1073

00:40:06,390 --> 00:40:03,839

multiple times in anger

1074

00:40:08,309 --> 00:40:06,400

that they don't have a right uh they

1075

00:40:09,270 --> 00:40:08,319

it's it's illegal for them to do it

1076
00:40:11,750 --> 00:40:09,280
because

1077
00:40:15,030 --> 00:40:11,760
it's not their property yeah they don't

1078
00:40:17,750 --> 00:40:15,040
have jurisdiction outside the fence line

1079
00:40:18,710 --> 00:40:17,760
uh that's left to local authorities and

1080
00:40:20,470 --> 00:40:18,720
you call them in

1081
00:40:22,309 --> 00:40:20,480
or you bring in the national guard if

1082
00:40:24,710 --> 00:40:22,319
necessary but

1083
00:40:26,550 --> 00:40:24,720
you see the lincoln county uh nye county

1084
00:40:29,270 --> 00:40:26,560
or esmeralda county sheriff

1085
00:40:31,030 --> 00:40:29,280
will handle you know that stuff military

1086
00:40:33,190 --> 00:40:31,040
may hold you or the contractor

1087
00:40:35,190 --> 00:40:33,200
security people may hold you right but

1088
00:40:38,950 --> 00:40:35,200

other than that uh

1089

00:40:41,270 --> 00:40:38,960

uh no but the sense the sensors are mass

1090

00:40:43,190 --> 00:40:41,280

engines you drive over them

1091

00:40:44,550 --> 00:40:43,200

and the what you what you do when you go

1092

00:40:45,430 --> 00:40:44,560

out in the desert and i'm going to have

1093

00:40:48,790 --> 00:40:45,440

one i

1094

00:40:50,870 --> 00:40:48,800

i now have a radio that just plug in my

1095

00:40:53,109 --> 00:40:50,880

cigarette lighter that already has

1096

00:40:56,950 --> 00:40:53,119

pre-loaded all the military channels

1097

00:40:59,270 --> 00:40:56,960

used in the nevada test site cool

1098

00:41:00,470 --> 00:40:59,280

so as long as it's not encoded i'll hear

1099

00:41:01,829 --> 00:41:00,480

it yeah

1100

00:41:03,750 --> 00:41:01,839

and there's a battery pack that goes

1101

00:41:05,190 --> 00:41:03,760

with it last it'll last three hours

1102

00:41:05,990 --> 00:41:05,200

without being plugged you know plugged

1103

00:41:09,589 --> 00:41:06,000

into the car

1104

00:41:12,230 --> 00:41:09,599

yeah so uh but a frequency counter is

1105

00:41:13,349 --> 00:41:12,240

some it's a mass sensors you get a large

1106

00:41:15,670 --> 00:41:13,359

motor

1107

00:41:17,910 --> 00:41:15,680

truck or whatever you go over sensor it

1108

00:41:24,470 --> 00:41:17,920

sends

1109

00:41:27,190 --> 00:41:24,480

101 just went off

1110

00:41:30,230 --> 00:41:27,200

ah now one zero two just went off which

1111

00:41:31,829 --> 00:41:30,240

means someone's driving up the road

1112

00:41:34,470 --> 00:41:31,839

so what you do you have a frequency

1113

00:41:37,670 --> 00:41:34,480

counter you'll get a beep so you

1114

00:41:38,150 --> 00:41:37,680

have a you have a rock with some uh day

1115

00:41:40,790 --> 00:41:38,160

glow

1116

00:41:41,990 --> 00:41:40,800

ribbon on it you drop it go over and hit

1117

00:41:45,270 --> 00:41:42,000

the next beep

1118

00:41:46,790 --> 00:41:45,280

you drop it then you go over you'll find

1119

00:41:48,309 --> 00:41:46,800

where the transmitter is and it's

1120

00:41:48,630 --> 00:41:48,319

battery powered and it's a little screw

1121

00:41:50,790 --> 00:41:48,640

in

1122

00:41:52,870 --> 00:41:50,800

and you just there's a small little

1123

00:41:55,990 --> 00:41:52,880

antenna about so

1124

00:41:59,190 --> 00:41:56,000

uh and it's a it's a canon plug screw

1125

00:42:02,550 --> 00:41:59,200

unplug that you take that you take the

1126
00:42:05,750 --> 00:42:02,560
antenna off instead of

1127
00:42:07,349 --> 00:42:05,760
you you you back up

1128
00:42:09,109 --> 00:42:07,359
you find it you clean it you know where

1129
00:42:10,230 --> 00:42:09,119
you know where it is at so you wait

1130
00:42:12,390 --> 00:42:10,240
about 20 minutes

1131
00:42:13,589 --> 00:42:12,400
and then you drive down you just back

1132
00:42:16,069 --> 00:42:13,599
down right so now

1133
00:42:17,670 --> 00:42:16,079
102 went off on 101 went off oh now

1134
00:42:20,150 --> 00:42:17,680
whoever was going up the road

1135
00:42:20,710 --> 00:42:20,160
has turned around and left right so now

1136
00:42:23,270 --> 00:42:20,720
you go

1137
00:42:24,710 --> 00:42:23,280
and take the antennas off set them aside

1138
00:42:25,990 --> 00:42:24,720

now you're going off the road you can

1139

00:42:28,790 --> 00:42:26,000

drive all the way up

1140

00:42:30,390 --> 00:42:28,800

with the right vehicle you can drive all

1141

00:42:33,510 --> 00:42:30,400

the way up to the top

1142

00:42:35,430 --> 00:42:33,520

of the groom range you can't see

1143

00:42:36,710 --> 00:42:35,440

you can't see the base properly you can

1144

00:42:40,150 --> 00:42:36,720

see the

1145

00:42:42,790 --> 00:42:40,160

the edges of the of the lake bed

1146

00:42:43,990 --> 00:42:42,800

right and the s and the tall king radar

1147

00:42:46,470 --> 00:42:44,000

they had theirs i think it's been

1148

00:42:47,589 --> 00:42:46,480

since been been removed this is actually

1149

00:42:50,710 --> 00:42:47,599

i've been going up there for

1150

00:42:52,550 --> 00:42:50,720

30 years that's a long time

1151
00:42:54,470 --> 00:42:52,560
it's a long time man yeah i'm getting

1152
00:42:57,990 --> 00:42:54,480
old

1153
00:42:59,910 --> 00:42:58,000
but uh we're getting back to um

1154
00:43:01,109 --> 00:42:59,920
how to get into area 50 oh yeah i mean i

1155
00:43:02,470 --> 00:43:01,119
just love those two stories

1156
00:43:04,309 --> 00:43:02,480
and they they have sensors that will

1157
00:43:07,349 --> 00:43:04,319
determine they know whether it's

1158
00:43:11,589 --> 00:43:07,359
whether it's a man walking

1159
00:43:13,670 --> 00:43:11,599
uh or a dog or a coyote or wild horses

1160
00:43:15,030 --> 00:43:13,680
right and you had mentioned the about

1161
00:43:17,430 --> 00:43:15,040
the horses right that was like

1162
00:43:18,630 --> 00:43:17,440
so if someone someone really wanted to

1163
00:43:20,630 --> 00:43:18,640

get in there

1164

00:43:21,990 --> 00:43:20,640

boy you're risking your butt by doing it

1165

00:43:23,829 --> 00:43:22,000

they're not going to shoot you

1166

00:43:25,190 --> 00:43:23,839

but you're going to wish you're going to

1167

00:43:26,630 --> 00:43:25,200

wish these

1168

00:43:29,030 --> 00:43:26,640

they gave you at least one bullet and

1169

00:43:31,430 --> 00:43:29,040

say okay go in the other room

1170

00:43:32,390 --> 00:43:31,440

we know you the decisions you made yes

1171

00:43:33,910 --> 00:43:32,400

because they're going to make life

1172

00:43:37,109 --> 00:43:33,920

miserable for you

1173

00:43:40,390 --> 00:43:37,119

and expensive oh they won't kill you

1174

00:43:42,790 --> 00:43:40,400

sounds expensive they won't shoot you

1175

00:43:43,829 --> 00:43:42,800

but like uh larry and i were told one

1176

00:43:45,270 --> 00:43:43,839

time

1177

00:43:47,109 --> 00:43:45,280

if you decide to go down this road

1178

00:43:47,670 --> 00:43:47,119

you're going to be interviewed by some

1179

00:43:49,910 --> 00:43:47,680

very

1180

00:43:51,109 --> 00:43:49,920

unfriendly types yeah but it's a

1181

00:43:56,150 --> 00:43:51,119

different story

1182

00:43:59,270 --> 00:43:56,160

but uh so if you were on horseback

1183

00:44:00,790 --> 00:43:59,280

bareback uh

1184

00:44:02,550 --> 00:44:00,800

you'd have to have a horse that would

1185

00:44:05,910 --> 00:44:02,560

know to come back and get you

1186

00:44:06,829 --> 00:44:05,920

yeah you would start it you would start

1187

00:44:09,349 --> 00:44:06,839

at sunro

1188

00:44:10,390 --> 00:44:09,359

sunset and you would meet you would you

1189

00:44:14,069 --> 00:44:10,400

would start

1190

00:44:15,510 --> 00:44:14,079

uh near the frantica lakes area

1191

00:44:17,430 --> 00:44:15,520

you take a road way back there and

1192

00:44:20,829 --> 00:44:17,440

that's sort of the south end of

1193

00:44:22,150 --> 00:44:20,839

area 51 and you go back there and

1194

00:44:23,670 --> 00:44:22,160

horseback

1195

00:44:24,870 --> 00:44:23,680

so the the heats if they're looking at

1196

00:44:26,150 --> 00:44:24,880

you through infrared oh they're

1197

00:44:29,030 --> 00:44:26,160

listening for the sound

1198

00:44:30,950 --> 00:44:29,040

oh okay that's what they know they know

1199

00:44:32,790 --> 00:44:30,960

the sound of a horse

1200

00:44:34,790 --> 00:44:32,800

walking through the desert i mean they

1201

00:44:36,390 --> 00:44:34,800

have it's like it's like a sonar

1202

00:44:38,390 --> 00:44:36,400

technician in a submarine

1203

00:44:40,870 --> 00:44:38,400

they have they have a library of of

1204

00:44:44,230 --> 00:44:40,880

sounds that they've been able to

1205

00:44:46,950 --> 00:44:44,240

certify that excuse me

1206

00:44:48,390 --> 00:44:46,960

that this is in fact a horse or this is

1207

00:44:51,030 --> 00:44:48,400

in fact a cow

1208

00:44:52,550 --> 00:44:51,040

yeah oh so maybe the sounds like the

1209

00:44:53,349 --> 00:44:52,560

clicking sounds of the spurs or

1210

00:44:57,109 --> 00:44:53,359

something on that

1211

00:44:58,550 --> 00:44:57,119

on even they may even have load said

1212

00:45:00,870 --> 00:44:58,560

cells out there like determine the

1213

00:45:05,750 --> 00:45:00,880

weight yeah

1214

00:45:06,950 --> 00:45:05,760

but if excuse me

1215

00:45:09,750 --> 00:45:06,960

all right i'm actually going to grab

1216

00:45:13,510 --> 00:45:09,760

another beard if you grab me one to you

1217

00:45:16,829 --> 00:45:13,520

if we're you want to shop or oh no

1218

00:45:18,150 --> 00:45:16,839

if you're to go on horseback when you're

1219

00:45:20,230 --> 00:45:18,160

full

1220

00:45:22,150 --> 00:45:20,240

two i'm not recommending it definitely

1221

00:45:23,829 --> 00:45:22,160

but if you did

1222

00:45:25,990 --> 00:45:23,839

the horse could take you almost anywhere

1223

00:45:29,270 --> 00:45:26,000

you wanted to go yeah

1224

00:45:32,550 --> 00:45:29,280

you would have to have uh you would have

1225

00:45:35,589 --> 00:45:32,560

to have something that would

1226

00:45:39,430 --> 00:45:35,599

uh master your ir signature

1227

00:45:42,950 --> 00:45:39,440

and that poncho

1228

00:45:44,390 --> 00:45:42,960

yeah would work and provisions you'd

1229

00:45:46,150 --> 00:45:44,400

have to have enough water

1230

00:45:47,829 --> 00:45:46,160

yeah i mean that's that's the most

1231

00:45:48,790 --> 00:45:47,839

critical thing food you can do without

1232

00:45:51,510 --> 00:45:48,800

for a long time

1233

00:45:52,230 --> 00:45:51,520

water no i carry my mrv's right here

1234

00:45:59,750 --> 00:45:52,240

yeah

1235

00:46:01,670 --> 00:45:59,760

so that you know show that there's

1236

00:46:03,589 --> 00:46:01,680

there's so if someone walk in and if

1237

00:46:04,630 --> 00:46:03,599

they were trying to mimic the sound of a

1238

00:46:07,190 --> 00:46:04,640

horse or something like that

1239

00:46:08,309 --> 00:46:07,200

the sensors would be able to would know

1240

00:46:10,390 --> 00:46:08,319

that it was a man

1241

00:46:11,990 --> 00:46:10,400

yeah dude so and i don't know if they

1242

00:46:13,430 --> 00:46:12,000

have load cells out there if something

1243

00:46:14,630 --> 00:46:13,440

steps on and said well you know

1244

00:46:17,030 --> 00:46:14,640

last time a horse came through it

1245

00:46:17,990 --> 00:46:17,040

weighed x number of uh kilos and this

1246

00:46:21,750 --> 00:46:18,000

one has oh

1247

00:46:22,230 --> 00:46:21,760

x number of kilos plus 10 or 15 or

1248

00:46:25,430 --> 00:46:22,240

whatever

1249

00:46:25,829 --> 00:46:25,440

yeah yeah so so so you've actually been

1250

00:46:28,950 --> 00:46:25,839

on the

1251

00:46:29,990 --> 00:46:28,960

the the wrong side of of a a couple red

1252

00:46:32,790 --> 00:46:30,000

dots on your chest

1253

00:46:34,390 --> 00:46:32,800

right yes so was that just like were you

1254

00:46:35,270 --> 00:46:34,400

scared shitless i mean the first time it

1255

00:46:37,030 --> 00:46:35,280

happened or no

1256

00:46:39,349 --> 00:46:37,040

no because there's too much paperwork

1257

00:46:41,430 --> 00:46:39,359

involved shooting the civilian

1258

00:46:43,030 --> 00:46:41,440

i think it's the only reason that's the

1259

00:46:44,870 --> 00:46:43,040

only reason they didn't do it

1260

00:46:46,870 --> 00:46:44,880

i mean there are some people out in the

1261

00:46:49,030 --> 00:46:46,880

desert i know for a fact

1262

00:46:50,950 --> 00:46:49,040

wouldn't like to have me whacked yeah

1263

00:46:52,069 --> 00:46:50,960

yeah and this was primarily back in the

1264

00:46:53,589 --> 00:46:52,079

90s when i was

1265

00:46:55,670 --> 00:46:53,599

we're really opening up the kimono and

1266

00:46:59,430 --> 00:46:55,680

see what they were doing

1267

00:47:01,589 --> 00:46:59,440

so uh no i was 1996

1268

00:47:02,870 --> 00:47:01,599

it was june it was about 11 o'clock at

1269

00:47:05,430 --> 00:47:02,880

night

1270

00:47:06,950 --> 00:47:05,440

uh john lehrer and i are at the fence

1271

00:47:09,109 --> 00:47:06,960

line at tonopod test range

1272

00:47:10,309 --> 00:47:09,119

now tonopah is where the f-117s were

1273

00:47:12,390 --> 00:47:10,319

based i'm getting it now

1274

00:47:14,550 --> 00:47:12,400

got it and that desert during desert

1275

00:47:17,670 --> 00:47:14,560

storm they left tonopah

1276

00:47:19,589 --> 00:47:17,680

and when they returned they had they had

1277

00:47:21,589 --> 00:47:19,599

started closing down tone apart test

1278

00:47:23,430 --> 00:47:21,599

range and the f-117

1279

00:47:27,270 --> 00:47:23,440

bed dan was now at holloman air force

1280

00:47:31,030 --> 00:47:27,280

base in in alamosordo new mexico

1281

00:47:32,230 --> 00:47:31,040

so this is six years after the f-117s

1282

00:47:36,470 --> 00:47:32,240

left

1283

00:47:38,150 --> 00:47:36,480

and i had talked to a gentleman who was

1284

00:47:39,990 --> 00:47:38,160

a communication contractor with the

1285

00:47:42,470 --> 00:47:40,000

federal government and and he

1286

00:47:44,470 --> 00:47:42,480

had we were talking on one of my drill

1287

00:47:46,150 --> 00:47:44,480

weekends when i was working on my a12

1288

00:47:47,829 --> 00:47:46,160

blackwood at the minnesota air guard

1289

00:47:49,670 --> 00:47:47,839

museum

1290

00:47:51,190 --> 00:47:49,680

and he said yeah he was just at tone up

1291

00:47:53,109 --> 00:47:51,200

for six weeks they finished

1292

00:47:56,230 --> 00:47:53,119

installing and he was just signing off

1293

00:47:58,150 --> 00:47:56,240

on the most sophisticated fiber optics

1294

00:47:59,430 --> 00:47:58,160

communication systems in the department

1295

00:48:01,349 --> 00:47:59,440

of defense wow

1296

00:48:03,829 --> 00:48:01,359

yeah and also mentioned they had they

1297

00:48:07,190 --> 00:48:03,839

had put a third perimeter around the

1298

00:48:10,150 --> 00:48:07,200

flight line they don't do that to a base

1299

00:48:12,470 --> 00:48:10,160

that's in caretaker status

1300

00:48:13,750 --> 00:48:12,480

so john lee right there we have night

1301

00:48:16,150 --> 00:48:13,760

vision goggles

1302

00:48:17,349 --> 00:48:16,160

it's 11 o'clock at night we have our

1303

00:48:19,829 --> 00:48:17,359

lawn chairs

1304

00:48:21,349 --> 00:48:19,839

you always tape up your your pant legs

1305

00:48:22,069 --> 00:48:21,359

just so critters can't crawl up your

1306

00:48:25,349 --> 00:48:22,079

pant legs

1307

00:48:26,870 --> 00:48:25,359

yeah and we see three armored personnel

1308

00:48:29,190 --> 00:48:26,880

carriers with the lights off

1309

00:48:30,390 --> 00:48:29,200

one coming from the south from the west

1310

00:48:33,109 --> 00:48:30,400

from the east

1311

00:48:34,069 --> 00:48:33,119

lights out i stand up and yell real loud

1312

00:48:37,270 --> 00:48:34,079

hey

1313

00:48:40,470 --> 00:48:37,280

we're good guys we're taxpayers

1314

00:48:43,750 --> 00:48:40,480

and love that all of a sudden

1315

00:48:47,750 --> 00:48:43,760

we had flood lights on us and little red

1316

00:48:51,109 --> 00:48:50,630

and where has it moved his feet's still

1317

00:48:54,230 --> 00:48:51,119

up on the

1318

00:48:56,790 --> 00:48:54,240

on the uh on the fence yeah on the four

1319

00:48:58,549 --> 00:48:56,800

four strands of bob wire right so the

1320

00:49:03,109 --> 00:48:58,559

truck there's a truck coming down

1321

00:49:04,950 --> 00:49:03,119

the blm side of the fence

1322

00:49:06,309 --> 00:49:04,960

and some guy got parked behind john's

1323

00:49:07,670 --> 00:49:06,319

tracks and some and the lights are still

1324

00:49:09,270 --> 00:49:07,680

flood lights are still on us the little

1325

00:49:10,150 --> 00:49:09,280

red dots are still on us and then this

1326

00:49:12,870 --> 00:49:10,160

guy comes

1327

00:49:14,150 --> 00:49:12,880

around he has a hand on his nine

1328

00:49:17,670 --> 00:49:14,160

millimeter he's in

1329

00:49:19,430 --> 00:49:17,680

uh desert bds uh

1330

00:49:21,510 --> 00:49:19,440

he said you're in a restricted area i'm

1331

00:49:23,750 --> 00:49:21,520

ordering you to leave and i said

1332

00:49:25,670 --> 00:49:23,760

sir we're in public lands and we don't

1333

00:49:27,430 --> 00:49:25,680

have to go anywhere

1334

00:49:29,270 --> 00:49:27,440

it says you're in a restricted area and

1335

00:49:29,510 --> 00:49:29,280

i'm ordering you to leave and i pulled

1336

00:49:32,150 --> 00:49:29,520

out

1337

00:49:33,589 --> 00:49:32,160

i had an aeronautical map issued by the

1338

00:49:35,829 --> 00:49:33,599

federal government

1339

00:49:36,790 --> 00:49:35,839

in my hand pulled it out to my

1340

00:49:38,549 --> 00:49:36,800

flashlight on my

1341

00:49:40,150 --> 00:49:38,559

on my uh my little flashlight with me

1342

00:49:42,870 --> 00:49:40,160

it's before cell phones that were really

1343

00:49:46,230 --> 00:49:42,880

something that's how old i am

1344

00:49:49,349 --> 00:49:47,750

and i said according to the official

1345

00:49:51,829 --> 00:49:49,359

government map

1346

00:49:52,630 --> 00:49:51,839

that list lists the longitude and

1347

00:49:55,670 --> 00:49:52,640

latitude

1348

00:49:59,430 --> 00:49:55,680

to the second of

1349

00:50:01,829 --> 00:49:59,440

the restricted area line at here at

1350

00:50:02,549 --> 00:50:01,839

at tonopod test range if you look at the

1351
00:50:04,870 --> 00:50:02,559
base of the

1352
00:50:07,349 --> 00:50:04,880
fence post where my buddy has his feet

1353
00:50:09,750 --> 00:50:07,359
you'll see a usgs medallion

1354
00:50:10,950 --> 00:50:09,760
that gives the longitude and latitude to

1355
00:50:13,829 --> 00:50:10,960
the second

1356
00:50:15,190 --> 00:50:13,839
i'm in public lands i'm on blm property

1357
00:50:17,910 --> 00:50:15,200
and i can be here for

1358
00:50:19,510 --> 00:50:17,920
15 consecutive days without your

1359
00:50:22,230 --> 00:50:19,520
permission or anybody else

1360
00:50:23,670 --> 00:50:22,240
for that matter hell and he's human he's

1361
00:50:27,510 --> 00:50:23,680
just huffing and puffing

1362
00:50:30,309 --> 00:50:27,520
i want to see some id i said who are you

1363
00:50:32,470 --> 00:50:30,319

yeah so i'm captain so-and-so from asi

1364

00:50:34,630 --> 00:50:32,480
advanced security inc and i said

1365

00:50:36,230 --> 00:50:34,640
you're rent-a-cop you don't have

1366

00:50:38,630 --> 00:50:36,240
jurisdiction this side of the fence and

1367

00:50:41,990 --> 00:50:38,640
he's just getting really really pissed

1368

00:50:44,470 --> 00:50:42,000
he said i've i've been deputized by the

1369

00:50:46,549 --> 00:50:44,480
uh by uh the state of nevada uh

1370

00:50:47,190 --> 00:50:46,559
esmeralda lincoln and nye county to

1371

00:50:48,790 --> 00:50:47,200
uphold

1372

00:50:50,950 --> 00:50:48,800
the laws of the state of nevada and the

1373

00:50:57,109 --> 00:50:50,960
federal government i said well good for

1374

00:51:00,950 --> 00:50:59,910
i wanted to jerk this guy's chain i love

1375

00:51:03,990 --> 00:51:00,960
doing that

1376

00:51:05,990 --> 00:51:04,000

and it's called stepping on your dick

1377

00:51:08,549 --> 00:51:06,000

it never really works out really well on

1378

00:51:11,589 --> 00:51:08,559

this this and so

1379

00:51:13,030 --> 00:51:11,599

he hands me his asi his vance advanced

1380

00:51:16,790 --> 00:51:13,040

security

1381

00:51:18,630 --> 00:51:16,800

said

1382

00:51:20,630 --> 00:51:18,640

this is not a valid form of id and i

1383

00:51:21,349 --> 00:51:20,640

handed it back to him i said i want to

1384

00:51:22,710 --> 00:51:21,359

see something

1385

00:51:25,589 --> 00:51:22,720

issued by the state or federal

1386

00:51:26,870 --> 00:51:25,599

government yeah his jaws are tightened

1387

00:51:28,950 --> 00:51:26,880

i mean you could you could just see you

1388

00:51:29,430 --> 00:51:28,960

could just see the the veins popping in

1389

00:51:31,910 --> 00:51:29,440

his head

1390

00:51:34,390 --> 00:51:31,920

because he knows you're right yeah oh

1391

00:51:38,390 --> 00:51:37,030

and so he pulls out his his nevada

1392

00:51:39,589 --> 00:51:38,400

driver's license and i don't have my

1393

00:51:41,030 --> 00:51:39,599

reading glasses on

1394

00:51:42,470 --> 00:51:41,040

okay so i gave it back to him and i gave

1395

00:51:43,589 --> 00:51:42,480

him my medici at the time i lived in

1396

00:51:46,950 --> 00:51:43,599

minnesota

1397

00:51:49,750 --> 00:51:46,960

later

1398

00:51:49,990 --> 00:51:49,760

reaches over gives his he hands it to a

1399

00:51:52,230 --> 00:51:50,000

guy

1400

00:51:53,270 --> 00:51:52,240

on the south side of the fence he walks

1401

00:51:55,829 --> 00:51:53,280

over to the super

1402

00:51:56,950 --> 00:51:55,839

you know the supervisor supervisor has

1403

00:51:58,950 --> 00:51:56,960

the thing turns on the

1404

00:52:00,390 --> 00:51:58,960

the dome light and i hear him say oh

1405

00:52:03,990 --> 00:52:00,400

[h__\h] it's good all in

1406

00:52:05,750 --> 00:52:04,000

layer lights went off

1407

00:52:07,190 --> 00:52:05,760

the red dots went away but we knew they

1408

00:52:09,430 --> 00:52:07,200

weren't going to do anything

1409

00:52:11,190 --> 00:52:09,440

yes that's so awesome yeah the moral of

1410

00:52:14,309 --> 00:52:11,200

that story is uh

1411

00:52:16,950 --> 00:52:14,319

know the law boys and girls and

1412

00:52:18,390 --> 00:52:16,960

don't break it i mean you're right

1413

00:52:20,390 --> 00:52:18,400

you're you're paying

1414

00:52:22,230 --> 00:52:20,400

they're not going to shoot you they're

1415

00:52:24,309 --> 00:52:22,240

not going to torture you

1416

00:52:26,230 --> 00:52:24,319

but they could they can make your life

1417

00:52:27,990 --> 00:52:26,240

especially if you have a rent a car

1418

00:52:30,309 --> 00:52:28,000

a living hell they're going to tow it to

1419

00:52:32,390 --> 00:52:30,319

pinoche which is 100 miles away

1420

00:52:33,430 --> 00:52:32,400

so you're going to have to pay the tow

1421

00:52:36,230 --> 00:52:33,440

company

1422

00:52:37,109 --> 00:52:36,240

charge from wherever you were picked up

1423

00:52:38,549 --> 00:52:37,119

at

1424

00:52:40,390 --> 00:52:38,559

to pronounce and you're going to pay for

1425

00:52:43,829 --> 00:52:40,400

him to come back to

1426

00:52:45,990 --> 00:52:43,839

alamo or or ash springs um

1427

00:52:47,349 --> 00:52:46,000

then you have to appear in court now

1428

00:52:50,549 --> 00:52:47,359

this is a rent-a-car

1429

00:52:52,790 --> 00:52:50,559

right so you have to somehow get to

1430

00:52:55,190 --> 00:52:52,800

pinoche

1431

00:52:56,470 --> 00:52:55,200

you're you're it you're in uh ash

1432

00:53:00,069 --> 00:52:56,480

springs

1433

00:53:02,549 --> 00:53:00,079

nevada which is a pretty little town

1434

00:53:03,829 --> 00:53:02,559

but there's no ubers there right yeah

1435

00:53:05,510 --> 00:53:03,839

and you have to get you have to get a

1436

00:53:07,750 --> 00:53:05,520

lot back to las vegas

1437

00:53:09,510 --> 00:53:07,760

explain to hertz or avis or whoever it

1438

00:53:10,470 --> 00:53:09,520

is that your car's been impounded in

1439

00:53:13,349 --> 00:53:10,480

pinoche

1440

00:53:15,910 --> 00:53:13,359

which is now 200 miles away because

1441

00:53:17,829 --> 00:53:15,920

you're 100 miles from las vegas

1442

00:53:19,430 --> 00:53:17,839

and they'll probably slap a big fine on

1443

00:53:21,109 --> 00:53:19,440

top of that too right oh yeah it's just

1444

00:53:24,309 --> 00:53:21,119

i mean it's gonna it's gonna cost you

1445

00:53:27,589 --> 00:53:24,319

thousands of dollars compounds so so

1446

00:53:31,270 --> 00:53:27,599

stupidity at times is painful yeah

1447

00:53:33,190 --> 00:53:31,280

and and uh

1448

00:53:35,030 --> 00:53:33,200

yeah i've known guys to have i've known

1449

00:53:38,069 --> 00:53:35,040

of guys to have it done

1450

00:53:38,470 --> 00:53:38,079

man that sucks yeah that sucks yeah but

1451

00:53:40,390 --> 00:53:38,480

it's

1452

00:53:42,150 --> 00:53:40,400

i'd love that's one wednesday night uh

1453

00:53:45,430 --> 00:53:42,160

when i retired i moved to

1454

00:53:47,829 --> 00:53:45,440

uh to tucson uh i love the desert

1455

00:53:49,430 --> 00:53:47,839

i love the beauty of the desert me too

1456

00:53:51,589 --> 00:53:49,440

right now it's so friggin hotter

1457

00:53:53,109 --> 00:53:51,599

you know i told my wife i'll come back

1458

00:53:55,190 --> 00:53:53,119

when it cools down a bit well supposed

1459

00:53:57,510 --> 00:53:55,200

to be 110 all week long i said well i'll

1460

00:53:58,710 --> 00:53:57,520

see you when it cools down

1461

00:54:00,549 --> 00:53:58,720

well it's not getting any cooler in

1462

00:54:02,790 --> 00:54:00,559

texas i'll tell you that it's supposed

1463

00:54:05,270 --> 00:54:02,800

to be 97 in seattle tomorrow

1464

00:54:06,549 --> 00:54:05,280

oh my god 97. people don't have air

1465

00:54:09,190 --> 00:54:06,559

conditioning in seattle

1466

00:54:11,510 --> 00:54:09,200

gee it always goes down at night yeah

1467

00:54:13,829 --> 00:54:11,520

yeah but it's it's

1468

00:54:15,910 --> 00:54:13,839

i think i think it wasn't until the

1469

00:54:17,270 --> 00:54:15,920

1980s that seattle actually had 100

1470

00:54:19,349 --> 00:54:17,280

degrees for the first time

1471

00:54:21,109 --> 00:54:19,359

yeah there's only a couple cities that

1472

00:54:22,950 --> 00:54:21,119

have never hit 100 degrees

1473

00:54:24,630 --> 00:54:22,960

that kind of blew my mind when we were

1474

00:54:27,670 --> 00:54:24,640

in california

1475

00:54:30,630 --> 00:54:27,680

uh we were talking

1476
00:54:31,510 --> 00:54:30,640
uh to that one time like i was abducted

1477
00:54:34,870 --> 00:54:31,520
by aliens

1478
00:54:36,870 --> 00:54:34,880
yeah the uh from the brie and um

1479
00:54:38,549 --> 00:54:36,880
jamie jamie yes yeah bree and jamie and

1480
00:54:41,109 --> 00:54:38,559
they were like they were like yeah

1481
00:54:42,549 --> 00:54:41,119
well some of us don't have air condition

1482
00:54:44,069 --> 00:54:42,559
yeah i was like wait what

1483
00:54:45,910 --> 00:54:44,079
they were like yeah we don't we just

1484
00:54:47,430 --> 00:54:45,920
don't need it we don't use it i was like

1485
00:54:48,630 --> 00:54:47,440
you don't have an air conditioner nobody

1486
00:54:51,270 --> 00:54:48,640
does they're like no we don't

1487
00:54:51,990 --> 00:54:51,280
i was like that's so weird my house is

1488
00:54:55,910 --> 00:54:52,000

69

1489

00:54:56,549 --> 00:54:55,920

degrees every day there's no way i'm not

1490

00:54:58,630 --> 00:54:56,559

gonna have an

1491

00:55:00,390 --> 00:54:58,640

air conditioner are you [h__h] me no

1492

00:55:01,510 --> 00:55:00,400

yeah i don't think so i keep our house

1493

00:55:06,150 --> 00:55:01,520

at 78.

1494

00:55:09,109 --> 00:55:06,160

oh god it's too hot man yeah

1495

00:55:10,549 --> 00:55:09,119

my wife would love that she likes she's

1496

00:55:13,670 --> 00:55:10,559

always so cold

1497

00:55:16,789 --> 00:55:13,680

even in the winter time

1498

00:55:18,870 --> 00:55:16,799

we'll bump it up to like 70 71 but it's

1499

00:55:20,870 --> 00:55:18,880

at least 69

1500

00:55:22,069 --> 00:55:20,880

every day that's just the way it is hell

1501

00:55:26,470 --> 00:55:22,079

yeah bro

1502

00:55:28,309 --> 00:55:26,480

hell yeah so i'm uh uh

1503

00:55:30,470 --> 00:55:28,319

there there's there's other ways you can

1504

00:55:31,990 --> 00:55:30,480

you can get into area 51 if you want to

1505

00:55:33,430 --> 00:55:32,000

risk it and then be coming in through

1506

00:55:34,789 --> 00:55:33,440

mercury where they don't have the

1507

00:55:36,230 --> 00:55:34,799

sensors

1508

00:55:37,829 --> 00:55:36,240

but you have to you know you have to go

1509

00:55:39,349 --> 00:55:37,839

across an awful lot of desert and you

1510

00:55:40,470 --> 00:55:39,359

got to do it at night

1511

00:55:42,470 --> 00:55:40,480

and you got to hope that's when the

1512

00:55:43,910 --> 00:55:42,480

scorpions are out yes and that's when

1513

00:55:46,789 --> 00:55:43,920

the rattlesnakes are out

1514

00:55:47,589 --> 00:55:46,799

that's why my favorite time to go out uh

1515

00:55:51,030 --> 00:55:47,599

when we were

1516

00:55:54,150 --> 00:55:51,040

rock climbing up the top of of uh

1517

00:55:57,510 --> 00:55:54,160

the uh ball of the groom range

1518

00:55:59,190 --> 00:55:57,520

yeah it was i think all the snakes were

1519

00:56:01,670 --> 00:55:59,200

all hibernating

1520

00:56:02,549 --> 00:56:01,680

yeah but is it like during the winter

1521

00:56:04,549 --> 00:56:02,559

maybe yeah

1522

00:56:05,750 --> 00:56:04,559

yeah i wasn't i was on top of uh the

1523

00:56:07,670 --> 00:56:05,760

grim range with the guy

1524

00:56:09,670 --> 00:56:07,680

we called the swiss mountain bat his

1525

00:56:10,309 --> 00:56:09,680

name's mine rad he's from the zurich

1526

00:56:11,430 --> 00:56:10,319

area

1527

00:56:13,109 --> 00:56:11,440

and he's flying he's one of the

1528

00:56:14,309 --> 00:56:13,119

interceptors oh that's cool there's a

1529

00:56:14,710 --> 00:56:14,319

there's an original group like i was

1530

00:56:17,589 --> 00:56:14,720

saying

1531

00:56:19,589 --> 00:56:17,599

before we all have our own names and

1532

00:56:22,470 --> 00:56:19,599

mine red was the swiss mountain bat

1533

00:56:24,390 --> 00:56:22,480

because he like bad you know batmobile

1534

00:56:26,549 --> 00:56:24,400

you know bat birds you know yeah yeah

1535

00:56:28,710 --> 00:56:26,559

black airplanes and stuff and he's from

1536

00:56:31,349 --> 00:56:28,720

he's from switzerland that's cool

1537

00:56:31,990 --> 00:56:31,359

so it's um it was it was a small group

1538

00:56:35,910 --> 00:56:32,000

of guys

1539

00:56:38,069 --> 00:56:35,920

it was a a once in a life lifetime

1540

00:56:39,430 --> 00:56:38,079

gathering of we're all from different

1541

00:56:41,670 --> 00:56:39,440

backgrounds all of us

1542

00:56:43,910 --> 00:56:41,680

yeah uh it's like the league of

1543

00:56:44,309 --> 00:56:43,920

extraordinary gentlemen but it's like

1544

00:56:48,069 --> 00:56:44,319

this

1545

00:56:49,190 --> 00:56:48,079

crazy hobby that you don't like no one

1546

00:56:50,710 --> 00:56:49,200

really knows

1547

00:56:52,470 --> 00:56:50,720

knew about it at the end of the day i

1548

00:56:55,510 --> 00:56:52,480

came home from a road trip

1549

00:56:56,309 --> 00:56:55,520

with my first wife and she said i said

1550

00:56:57,910 --> 00:56:56,319

what have you done

1551
00:57:00,230 --> 00:56:57,920
i said what do you mean said the chief

1552
00:57:02,870 --> 00:57:00,240
of police at tulare california is called

1553
00:57:04,630 --> 00:57:02,880
looking for jim goodall sit i said i

1554
00:57:07,750 --> 00:57:04,640
don't know

1555
00:57:10,549 --> 00:57:07,760
where's tulare you know it's on it's on

1556
00:57:12,390 --> 00:57:10,559
u.s 99 near bakersfield between

1557
00:57:15,430 --> 00:57:12,400
bakersfield and fresno

1558
00:57:16,549 --> 00:57:15,440
it's the home of haagen-dazs ice cream

1559
00:57:18,390 --> 00:57:16,559
they wanted to listen they wanted an

1560
00:57:19,910 --> 00:57:18,400
unusual they wanted an exotic sounding

1561
00:57:23,589 --> 00:57:19,920
european name

1562
00:57:25,510 --> 00:57:23,599
to an american product so it's made in

1563
00:57:26,950 --> 00:57:25,520

it i'm assuming it still is made in

1564

00:57:28,789 --> 00:57:26,960

tulare it's cute little town

1565

00:57:32,390 --> 00:57:28,799

i did not know that okay so they

1566

00:57:34,069 --> 00:57:32,400

destroyed i call i call this guy up

1567

00:57:36,710 --> 00:57:34,079

and i said this is jim goodall i want to

1568

00:57:38,950 --> 00:57:36,720

see speed this chief roger hill

1569

00:57:40,870 --> 00:57:38,960

just a minute roger gets on the phone

1570

00:57:41,750 --> 00:57:40,880

jim said i'm glad i finally tracked you

1571

00:57:45,510 --> 00:57:41,760

down and said

1572

00:57:48,950 --> 00:57:45,520

said said my deputy caught my commandant

1573

00:57:50,549 --> 00:57:48,960

and my my uh chief of detectives we want

1574

00:57:53,270 --> 00:57:50,559

to meet you to go out in the desert

1575

00:57:55,829 --> 00:57:53,280

and look at stuff look at everything

1576

00:57:59,190 --> 00:57:55,839

holy [h__\h] yeah

1577

00:57:59,990 --> 00:57:59,200

so so they were like dude we we've heard

1578

00:58:02,150 --> 00:58:00,000

that you

1579

00:58:03,670 --> 00:58:02,160

you like to go out there 51. we want to

1580

00:58:06,150 --> 00:58:03,680

come along

1581

00:58:09,910 --> 00:58:06,160

the first the first night i ever spent

1582

00:58:13,190 --> 00:58:09,920

the night on the top of freedom ridge

1583

00:58:14,390 --> 00:58:13,200

it was it was myself it was stu brown

1584

00:58:17,109 --> 00:58:14,400

from popular science

1585

00:58:18,789 --> 00:58:17,119

it was glenn campbell from the area 51

1586

00:58:21,670 --> 00:58:18,799

research center

1587

00:58:21,990 --> 00:58:21,680

it was tom luttrell roger hill i can't

1588

00:58:23,990 --> 00:58:22,000

remember

1589

00:58:25,750 --> 00:58:24,000

david's last name he was chief of

1590

00:58:30,150 --> 00:58:25,760

homicide

1591

00:58:32,150 --> 00:58:30,160

and then uh chief of detectives

1592

00:58:33,829 --> 00:58:32,160

whoa and all of a sudden and we're

1593

00:58:34,950 --> 00:58:33,839

asleep we're sound asleep

1594

00:58:36,950 --> 00:58:34,960

uh and all of a sudden we have

1595

00:58:39,589 --> 00:58:36,960

flashlights on our face

1596

00:58:40,069 --> 00:58:39,599

we're on top of freedom ridge what the

1597

00:58:42,950 --> 00:58:40,079

hell's going

1598

00:58:44,549 --> 00:58:42,960

on says so jeremy stricked it you know

1599

00:58:47,910 --> 00:58:44,559

the restricted area [h__h]

1600

00:58:49,670 --> 00:58:47,920

said no we're not you can't

1601
00:58:51,670 --> 00:58:49,680
cover it up you don't even like get out

1602
00:58:53,430 --> 00:58:51,680
of your bed you can you can't

1603
00:58:54,789 --> 00:58:53,440
you can't yeah it says you're not

1604
00:58:56,069 --> 00:58:54,799
allowed to take any photography up what

1605
00:58:56,860 --> 00:58:56,079
are you doing up here i said we're bird

1606
00:58:58,390 --> 00:58:56,870
watchers

1607
00:58:59,829 --> 00:58:58,400
[Laughter]

1608
00:59:01,829 --> 00:58:59,839
yeah i mean you're not alone i heard i

1609
00:59:03,510 --> 00:59:01,839
heard i heard

1610
00:59:05,109 --> 00:59:03,520
i heard the other guy on the radio i

1611
00:59:06,470 --> 00:59:05,119
said they refused to show us id

1612
00:59:09,030 --> 00:59:06,480
i said you lying son of a [h__h] you

1613
00:59:10,950 --> 00:59:09,040

didn't ask

1614

00:59:12,710 --> 00:59:10,960

so one of the lincoln county sheriffs

1615

00:59:16,710 --> 00:59:12,720

there was there was air force

1616

00:59:19,030 --> 00:59:16,720

wagon hut and uh

1617

00:59:20,309 --> 00:59:19,040

air and whacking hut and lincoln

1618

00:59:22,309 --> 00:59:20,319

counties well lean counter sheriff

1619

00:59:23,349 --> 00:59:22,319

whack and nut and air force three

1620

00:59:27,109 --> 00:59:23,359

different people

1621

00:59:28,630 --> 00:59:27,119

groups up there and the uh

1622

00:59:30,309 --> 00:59:28,640

there's the uh i can't remember the

1623

00:59:31,030 --> 00:59:30,319

sheriff's name deputy sheriff's name i

1624

00:59:33,349 --> 00:59:31,040

just

1625

00:59:35,510 --> 00:59:33,359

he's sort of a barney fife type guy yeah

1626

00:59:38,710 --> 00:59:35,520

yeah squeaky voice

1627

00:59:40,150 --> 00:59:38,720

said i know that name the name sounds

1628

00:59:44,549 --> 00:59:40,160

familiar

1629

00:59:48,069 --> 00:59:44,559

and then he said says stu was using his

1630

00:59:49,510 --> 00:59:48,079

his camera bag for a pillow

1631

00:59:51,349 --> 00:59:49,520

so i want to see what's in that camera

1632

00:59:55,589 --> 00:59:51,359

bag i said

1633

00:59:57,109 --> 00:59:55,599

your search warrant no i said you can't

1634

00:59:59,190 --> 00:59:57,119

watch a camera bag we know it has a

1635

01:00:00,870 --> 00:59:59,200

camera in it and i said this is a wallet

1636

01:00:02,950 --> 01:00:00,880

and you assume it has money in it it

1637

01:00:04,789 --> 01:00:02,960

doesn't

1638

01:00:06,069 --> 01:00:04,799

so unless you have a search warrant no

1639

01:00:06,710 --> 01:00:06,079

we're not going to open up the camera

1640

01:00:09,190 --> 01:00:06,720

bay

1641

01:00:10,950 --> 01:00:09,200

yeah and they start you know saying

1642

01:00:14,950 --> 01:00:10,960

something else they finally started to

1643

01:00:15,670 --> 01:00:14,960

disperse they had asked stu brown for id

1644

01:00:18,950 --> 01:00:15,680

they'd asked

1645

01:00:22,390 --> 01:00:18,960

didn't ask the four

1646

01:00:23,829 --> 01:00:22,400

cops hmm and roger hill said those guys

1647

01:00:25,510 --> 01:00:23,839

all the questions they were asking the

1648

01:00:27,670 --> 01:00:25,520

demands they were making they were

1649

01:00:29,510 --> 01:00:27,680

trampling all over your first amendment

1650

01:00:30,710 --> 01:00:29,520

second amendment you know you know all

1651

01:00:33,349 --> 01:00:30,720

your rights yeah

1652

01:00:34,230 --> 01:00:33,359

they said if they if they would ask i

1653

01:00:36,549 --> 01:00:34,240

would announce

1654

01:00:37,750 --> 01:00:36,559

i'm chief of police yeah that would shut

1655

01:00:41,349 --> 01:00:37,760

them down right then and there

1656

01:00:43,030 --> 01:00:41,359

so so they disperse we're all wide awake

1657

01:00:43,750 --> 01:00:43,040

it's 3 30 in the morning four o'clock in

1658

01:00:47,109 --> 01:00:43,760

the morning

1659

01:00:48,710 --> 01:00:47,119

so i put a night vision on and the and

1660

01:00:57,589 --> 01:00:48,720

whites i mean freedom ridge is

1661

01:00:59,190 --> 01:00:57,599

surrounded by about 30 guys

1662

01:01:00,950 --> 01:00:59,200

oh everybody's flicking you all off and

1663

01:01:04,870 --> 01:01:00,960

you guys are like yeah man

1664

01:01:06,710 --> 01:01:04,880

yeah i mean and and this was a time

1665

01:01:08,230 --> 01:01:06,720

when the interceptors as we called

1666

01:01:11,190 --> 01:01:08,240

herself and there was an unofficial name

1667

01:01:12,870 --> 01:01:11,200

the dreamland interceptors

1668

01:01:14,390 --> 01:01:12,880

one of the guys actually made a patch

1669

01:01:15,829 --> 01:01:14,400

and i didn't get it i don't know why i

1670

01:01:19,030 --> 01:01:15,839

didn't get one but

1671

01:01:21,030 --> 01:01:19,040

my heart isn't broken but it was it was

1672

01:01:24,150 --> 01:01:21,040

it was a time frame

1673

01:01:27,109 --> 01:01:24,160

before 9 11.

1674

01:01:27,990 --> 01:01:27,119

it was a time time frame before all this

1675

01:01:30,309 --> 01:01:28,000

uh

1676

01:01:31,990 --> 01:01:30,319

it's a different world before it is it

1677

01:01:35,589 --> 01:01:32,000

is it's a different century

1678

01:01:37,670 --> 01:01:35,599

yeah and this is before the internet

1679

01:01:38,870 --> 01:01:37,680

truly if you know i'm sure kids are

1680

01:01:40,549 --> 01:01:38,880

saying there was something

1681

01:01:42,390 --> 01:01:40,559

i mean the internet hasn't always been

1682

01:01:43,190 --> 01:01:42,400

here yeah no this is before the this is

1683

01:01:47,829 --> 01:01:43,200

before the

1684

01:01:51,829 --> 01:01:50,230

you had to go out and do it in person

1685

01:01:53,349 --> 01:01:51,839

yeah you couldn't you know if you wanted

1686

01:01:55,270 --> 01:01:53,359

to know something about

1687

01:01:57,430 --> 01:01:55,280

whatever is happening if you want to

1688

01:01:59,589 --> 01:01:57,440

know something about area 51

1689

01:02:01,589 --> 01:01:59,599

you had to get on a plane or get on your

1690

01:02:04,470 --> 01:02:01,599

car and drive

1691

01:02:05,589 --> 01:02:04,480

to rachel nevada which is the north end

1692

01:02:09,109 --> 01:02:05,599

area 51

1693

01:02:10,789 --> 01:02:09,119

yeah and uh try to you know try to get

1694

01:02:12,390 --> 01:02:10,799

make friends with some of the locals to

1695

01:02:13,029 --> 01:02:12,400

you know learn some of the ins and outs

1696

01:02:15,430 --> 01:02:13,039

or whatever

1697

01:02:16,470 --> 01:02:15,440

you had to take you had to go out and

1698

01:02:18,710 --> 01:02:16,480

put get your

1699

01:02:20,789 --> 01:02:18,720

your shoes dirty yeah that's what always

1700

01:02:24,549 --> 01:02:20,799

irritated me about

1701

01:02:26,390 --> 01:02:24,559

the news readers on the alphabets

1702

01:02:28,789 --> 01:02:26,400

uh the people who are getting pictures

1703

01:02:29,750 --> 01:02:28,799

of the f-117 and tonal protestants are

1704

01:02:33,109 --> 01:02:29,760

people like myself

1705

01:02:34,870 --> 01:02:33,119

actually a lot of my stuff yeah and

1706

01:02:37,109 --> 01:02:34,880

they could have done a live broadcast as

1707

01:02:37,829 --> 01:02:37,119

an f-117 flew over there but they didn't

1708

01:02:42,470 --> 01:02:37,839

want to get their

1709

01:02:44,390 --> 01:02:42,480

four shines dusty right yeah and

1710

01:02:46,309 --> 01:02:44,400

they're not journalists anymore stu

1711

01:02:47,109 --> 01:02:46,319

brown is the i think the last journalist

1712

01:02:50,630 --> 01:02:47,119

i've ever known

1713

01:02:53,190 --> 01:02:50,640

i mean he is uh uh no i i i can't

1714

01:02:54,870 --> 01:02:53,200

i have to take that back all the guys i

1715

01:02:57,109 --> 01:02:54,880

know from from aviation week

1716

01:02:58,069 --> 01:02:57,119

those guys are journalists yeah they do

1717

01:03:01,910 --> 01:02:58,079

report

1718

01:03:02,150 --> 01:03:01,920

the news and as as it really happened

1719

01:03:06,230 --> 01:03:02,160

right

1720

01:03:09,190 --> 01:03:06,240

that ages

1721

01:03:09,829 --> 01:03:09,200

uh that era is so lost nowadays i mean

1722

01:03:12,470 --> 01:03:09,839

we did

1723

01:03:12,870 --> 01:03:12,480

we had just done a a podcast last night

1724

01:03:15,430 --> 01:03:12,880

about

1725

01:03:17,349 --> 01:03:15,440

this kind of topic is that everything's

1726

01:03:18,150 --> 01:03:17,359

just a headline now everything's click

1727

01:03:19,910 --> 01:03:18,160

bait and

1728

01:03:21,589 --> 01:03:19,920

no one really wants to do any research

1729

01:03:23,510 --> 01:03:21,599

and get out there and get their

1730

01:03:25,510 --> 01:03:23,520

feet dirty and [h__\h] like that like

1731

01:03:28,390 --> 01:03:25,520

everybody's it's all just

1732

01:03:30,309 --> 01:03:28,400

very shallow journalism yeah you know i

1733

01:03:34,069 --> 01:03:30,319

have a dear friend who's who's

1734

01:03:37,109 --> 01:03:34,079

in the ufo uh you know ufology

1735

01:03:37,750 --> 01:03:37,119

uh business really that is his true

1736

01:03:41,430 --> 01:03:37,760

passion

1737

01:03:44,549 --> 01:03:41,440

that's michael schrad yeah yeah awesome

1738

01:03:47,589 --> 01:03:44,559

he has he has put together

1739

01:03:52,069 --> 01:03:47,599

i think it's 22 of the most significant

1740

01:03:52,470 --> 01:03:52,079

ufo encounters ever in an 80 or 90 page

1741

01:03:55,829 --> 01:03:52,480

now

1742

01:04:00,230 --> 01:03:55,839

maybe it's not that long maybe it's it's

1743

01:04:02,470 --> 01:04:00,240

right around 80 page e-book on amazon

1744

01:04:03,829 --> 01:04:02,480

it's fully illustrated as supporting

1745

01:04:05,750 --> 01:04:03,839

documents

1746

01:04:07,589 --> 01:04:05,760

and you saw his presentation in san

1747

01:04:09,270 --> 01:04:07,599

francisco it was awesome yeah and i've

1748

01:04:11,270 --> 01:04:09,280

know i've known michael

1749

01:04:13,990 --> 01:04:11,280

for over i don't know i don't think 20

1750

01:04:15,910 --> 01:04:14,000

years but uh at least 15.

1751

01:04:17,430 --> 01:04:15,920

i think the world of them yeah he's he's

1752

01:04:22,470 --> 01:04:17,440

brilliant he's he is a

1753

01:04:26,150 --> 01:04:22,480

he's his own worst critic um

1754

01:04:29,109 --> 01:04:26,160

and he and he he doesn't realize

1755

01:04:29,829 --> 01:04:29,119

how people appreciate what he's done

1756

01:04:31,270 --> 01:04:29,839

right

1757

01:04:32,950 --> 01:04:31,280

i mean i've known him all this time in

1758

01:04:33,270 --> 01:04:32,960

san francisco was the first time i heard

1759

01:04:35,829 --> 01:04:33,280

him

1760

01:04:38,470 --> 01:04:35,839

give a presentation now we've sat down

1761

01:04:41,829 --> 01:04:38,480

for three or four hours at my house

1762

01:04:42,710 --> 01:04:41,839

in arizona yeah and talked ufos and talk

1763

01:04:44,950 --> 01:04:42,720

stuff

1764

01:04:45,750 --> 01:04:44,960

and even videotaped me uh two or three

1765

01:04:49,109 --> 01:04:45,760

times

1766

01:04:51,589 --> 01:04:49,119

um uh my backdrop was

1767

01:04:54,870 --> 01:04:51,599

all my blackbird instruments hell yeah i

1768

01:04:58,390 --> 01:04:54,880

have a mock meter that says 3.24

1769

01:05:00,870 --> 01:04:58,400

yes i have a sass that was in the m21

1770

01:05:02,069 --> 01:05:00,880

the drone launch blackbird and they had

1771

01:05:05,270 --> 01:05:02,079

just taken it out

1772

01:05:07,109 --> 01:05:05,280

after a flight because

1773

01:05:09,029 --> 01:05:07,119

something was was they were they're

1774

01:05:11,190 --> 01:05:09,039

getting an error message and they

1775

01:05:12,870 --> 01:05:11,200

so i just swapped it out on that flight

1776

01:05:13,670 --> 01:05:12,880

the airplane had the mid-air collision

1777

01:05:16,870 --> 01:05:13,680

and crashed

1778

01:05:19,589 --> 01:05:16,880

oh so all my instruments have gone

1779

01:05:20,549 --> 01:05:19,599

at least mach 3. that's cool the

1780

01:05:22,870 --> 01:05:20,559

dashboard the

1781

01:05:23,750 --> 01:05:22,880

dials and everything that's so cool

1782

01:05:25,750 --> 01:05:23,760

that's awesome

1783

01:05:27,190 --> 01:05:25,760

yeah that's those are my treasures i

1784

01:05:29,109 --> 01:05:27,200

wanted to say this really quick uh

1785

01:05:30,470 --> 01:05:29,119

there's a photo uh that you posted on

1786

01:05:32,309 --> 01:05:30,480

facebook of you

1787

01:05:34,309 --> 01:05:32,319

uh or maybe it was some money somebody

1788

01:05:37,430 --> 01:05:34,319

was sitting in a blackbird

1789

01:05:40,549 --> 01:05:37,440

it's me that was okay i was like

1790

01:05:41,990 --> 01:05:40,559

i'm i'm standing in my a12 blackbird

1791

01:05:44,630 --> 01:05:42,000

yeah and behind me a bunch of army

1792

01:05:47,910 --> 01:05:44,640

trucks yeah i didn't realize because

1793

01:05:48,630 --> 01:05:47,920

i always thought that the the the plane

1794

01:05:50,950 --> 01:05:48,640

was a lot

1795

01:05:51,670 --> 01:05:50,960

bigger but this thing is like oh no it's

1796

01:05:54,390 --> 01:05:51,680

huge

1797

01:05:55,670 --> 01:05:54,400

it is it is you you don't realize how

1798

01:05:57,670 --> 01:05:55,680

big the black bird is

1799

01:05:59,190 --> 01:05:57,680

until you're on top of it yeah maybe

1800

01:06:02,390 --> 01:05:59,200

it's just the chinese are two

1801
01:06:05,349 --> 01:06:02,400
shines are 12 feet apart or 12 feet wide

1802
01:06:05,910 --> 01:06:05,359
yeah does that mean the the wingspan no

1803
01:06:08,950 --> 01:06:05,920
the front

1804
01:06:11,430 --> 01:06:08,960
body the body that yeah

1805
01:06:13,430 --> 01:06:11,440
and it swoops out like until yeah and

1806
01:06:15,990 --> 01:06:13,440
and to engineers

1807
01:06:16,549 --> 01:06:16,000
and drafts people and this came from ben

1808
01:06:20,069 --> 01:06:16,559
rich

1809
01:06:21,349 --> 01:06:20,079
was the retired late retired president

1810
01:06:25,349 --> 01:06:21,359
of the skunk works

1811
01:06:28,950 --> 01:06:27,270
he said kelly's requirement when they

1812
01:06:32,630 --> 01:06:28,960
designed the blackbird

1813
01:06:36,630 --> 01:06:32,640

there are no french curves every curve

1814

01:06:39,589 --> 01:06:36,640

on a blackbird is a true circle

1815

01:06:40,470 --> 01:06:39,599

cool ah cool so you put you put a big

1816

01:06:42,710 --> 01:06:40,480

enough circle

1817

01:06:43,510 --> 01:06:42,720

you know you can get any radius you want

1818

01:06:44,950 --> 01:06:43,520

interesting

1819

01:06:46,549 --> 01:06:44,960

so wait does that mean like it's all

1820

01:06:48,470 --> 01:06:46,559

like all the curves are made of like if

1821

01:06:50,309 --> 01:06:48,480

you put a big circle that it's

1822

01:06:51,910 --> 01:06:50,319

just following the circumference of a

1823

01:06:52,390 --> 01:06:51,920

certain yeah if you have a template and

1824

01:06:58,950 --> 01:06:52,400

it's it's

1825

01:07:00,470 --> 01:06:58,960

or 36 inch circle right yeah and that's

1826

01:07:01,990 --> 01:07:00,480

the rating you put that on there it'll

1827

01:07:02,950 --> 01:07:02,000

perfectly match the profile that's

1828

01:07:04,950 --> 01:07:02,960

awesome that's cool

1829

01:07:06,470 --> 01:07:04,960

yeah that's cool and the other the other

1830

01:07:07,349 --> 01:07:06,480

thing i i helped take apart two

1831

01:07:09,190 --> 01:07:07,359

blackbirds

1832

01:07:10,630 --> 01:07:09,200

i took apart nine you know nine three

1833

01:07:12,069 --> 01:07:10,640

one my a12

1834

01:07:14,789 --> 01:07:12,079

which you could pot in two and a half

1835

01:07:17,510 --> 01:07:14,799

days wow wow it took the guys from hill

1836

01:07:20,309 --> 01:07:17,520

air force base six weeks to take apart

1837

01:07:21,589 --> 01:07:20,319

981 that's the one that went to the uh

1838

01:07:25,430 --> 01:07:21,599

uh hill museum

1839

01:07:25,910 --> 01:07:25,440

in uh ogden utah yeah but the guys i had

1840

01:07:29,349 --> 01:07:25,920

working

1841

01:07:33,270 --> 01:07:29,359

and the guys who took the uh the the tr

1842

01:07:36,309 --> 01:07:33,280

the uh sr-71c trainer to hill

1843

01:07:39,589 --> 01:07:36,319

they use die grinders and they do

1844

01:07:41,109 --> 01:07:39,599

you cut the there's 18 wing beams you

1845

01:07:43,270 --> 01:07:41,119

have to cut through like angle

1846

01:07:44,309 --> 01:07:43,280

angle grinders with the the discs on it

1847

01:07:47,670 --> 01:07:44,319

yeah yeah

1848

01:07:51,190 --> 01:07:47,680

okay our guys use a k-12 rescue saw

1849

01:07:53,829 --> 01:07:51,200

i mean it's a 12-inch gas powered yeah

1850

01:07:55,109 --> 01:07:53,839

and just uh no these are air powered

1851
01:07:56,630 --> 01:07:55,119
because they won't allow get no those

1852
01:07:58,390 --> 01:07:56,640
there was a gas powered

1853
01:08:01,029 --> 01:07:58,400
and we cut the wings off and the thing

1854
01:08:04,150 --> 01:08:01,039
about it the wing spars

1855
01:08:07,270 --> 01:08:04,160
our 30 000 sheet titanium

1856
01:08:10,470 --> 01:08:07,280
with a machined spar cap top and bottom

1857
01:08:13,910 --> 01:08:10,480
and we had cut through all but a

1858
01:08:15,750 --> 01:08:13,920
half inch of one spar cap and this ten

1859
01:08:18,789 --> 01:08:15,760
thousand pound engine to sell

1860
01:08:20,229 --> 01:08:18,799
is still sitting there hasn't moved and

1861
01:08:22,870 --> 01:08:20,239
the guy with the k12 he's

1862
01:08:24,470 --> 01:08:22,880
he's he's tapping he's tapping on

1863
01:08:28,470 --> 01:08:24,480

because doesn't what's going to happen

1864

01:08:32,070 --> 01:08:28,480

i mean it's chained up on a a um

1865

01:08:33,829 --> 01:08:32,080

a little hoist no it was a forklift okay

1866

01:08:36,390 --> 01:08:33,839

it was good for it was good for 10 tons

1867

01:08:39,749 --> 01:08:36,400

yeah 10 10. this is a 10 000 pound

1868

01:08:42,070 --> 01:08:39,759

engine to and outer wing panel

1869

01:08:42,870 --> 01:08:42,080

and we didn't realize we thought we had

1870

01:08:45,430 --> 01:08:42,880

emptied all the

1871

01:08:45,990 --> 01:08:45,440

hydraulic i mean all the pneumatic

1872

01:08:48,709 --> 01:08:46,000

pressure

1873

01:08:49,189 --> 01:08:48,719

in the oleos there's a valve on top so

1874

01:08:51,910 --> 01:08:49,199

you can

1875

01:08:52,550 --> 01:08:51,920

collapse the oils or whatever well we

1876

01:08:55,030 --> 01:08:52,560

thought they

1877

01:08:56,470 --> 01:08:55,040

you know they they had been emptied and

1878

01:08:59,669 --> 01:08:56,480

when that 10 000

1879

01:09:01,030 --> 01:08:59,679

uh pounds of wing was finally relieved

1880

01:09:03,510 --> 01:09:01,040

from the fuselage

1881

01:09:06,390 --> 01:09:03,520

it went up like this i mean i mean

1882

01:09:08,870 --> 01:09:06,400

instantly it went up about 18 inches

1883

01:09:10,550 --> 01:09:08,880

and the guy up there thought that the

1884

01:09:11,349 --> 01:09:10,560

airplane was falling over he thought had

1885

01:09:13,349 --> 01:09:11,359

a heart attack

1886

01:09:14,709 --> 01:09:13,359

we all did i mean scared that we talked

1887

01:09:16,390 --> 01:09:14,719

he thought they we thought the engine

1888

01:09:18,229 --> 01:09:16,400

itself was dropping because

1889

01:09:20,229 --> 01:09:18,239

you know our vantage point is looking at

1890

01:09:22,470 --> 01:09:20,239

the wing and the and it looks like right

1891

01:09:23,510 --> 01:09:22,480

the engine itself was going down oh my

1892

01:09:26,550 --> 01:09:23,520

god but

1893

01:09:30,070 --> 01:09:29,030

the way we moved the blackbird from

1894

01:09:33,189 --> 01:09:30,080

palmdale

1895

01:09:36,470 --> 01:09:33,199

to the minnesota air guard museum

1896

01:09:40,070 --> 01:09:36,480

is ice crown's two c fives

1897

01:09:42,470 --> 01:09:40,080

uh to move it what's a two c a c five

1898

01:09:43,749 --> 01:09:42,480

uh two of them it's a number two yeah

1899

01:09:46,870 --> 01:09:43,759

two lockheed

1900

01:09:49,189 --> 01:09:46,880

c5 galaxy airlifters the world's largest

1901

01:09:51,349 --> 01:09:49,199

the air force's largest airplane right

1902

01:09:51,910 --> 01:09:51,359

right the front opens up the back opens

1903

01:09:54,310 --> 01:09:51,920

up

1904

01:09:56,390 --> 01:09:54,320

they usually look like a gigantic uh the

1905

01:09:58,950 --> 01:09:56,400

old ones look like a gigantic pickle

1906

01:09:59,830 --> 01:09:58,960

the european one now they're all gray

1907

01:10:04,070 --> 01:09:59,840

but the floor

1908

01:10:05,350 --> 01:10:04,080

is is 121 feet long 19 feet wide i think

1909

01:10:08,149 --> 01:10:05,360

the lowest point

1910

01:10:09,830 --> 01:10:08,159

in the cargo bay is at 13 feet so as

1911

01:10:11,750 --> 01:10:09,840

long as the object

1912

01:10:13,750 --> 01:10:11,760

is no bigger than that it'll fit inside

1913

01:10:16,790 --> 01:10:13,760

the uh the black

1914

01:10:18,470 --> 01:10:16,800

it will sit inside inside the c5

1915

01:10:21,110 --> 01:10:18,480

that's awesome so i had i had figured

1916

01:10:24,229 --> 01:10:21,120

out that a an a12 blackbird with the

1917

01:10:26,630 --> 01:10:24,239

wings cut off at wing station 112

1918

01:10:27,830 --> 01:10:26,640

by taking the outer wheels and brake

1919

01:10:29,430 --> 01:10:27,840

assembly off

1920

01:10:31,910 --> 01:10:29,440

that we had one and a half inch of

1921

01:10:34,709 --> 01:10:31,920

clearance on the floor

1922

01:10:35,669 --> 01:10:34,719

to move a seat to move the blackbird in

1923

01:10:38,229 --> 01:10:35,679

dang

1924

01:10:40,229 --> 01:10:38,239

and if it was if it was a little bit if

1925

01:10:41,590 --> 01:10:40,239

we didn't have quite enough room

1926

01:10:43,669 --> 01:10:41,600

then you're gonna come along between the

1927

01:10:45,350 --> 01:10:43,679

two landing air and you torque it in

1928

01:10:47,590 --> 01:10:45,360

yeah

1929

01:10:48,550 --> 01:10:47,600

just shove it in there and i and i had i

1930

01:10:51,430 --> 01:10:48,560

had three

1931

01:10:52,790 --> 01:10:51,440

chief master sergeants you know really

1932

01:10:55,110 --> 01:10:52,800

heading it up because i

1933

01:10:57,189 --> 01:10:55,120

gone to andy hofdahl who was a chief

1934

01:11:00,070 --> 01:10:57,199

master sergeant

1935

01:11:01,990 --> 01:11:00,080

of maintenance and uh chief master

1936

01:11:04,070 --> 01:11:02,000

sergeant billy flash peter they both had

1937

01:11:07,750 --> 01:11:04,080

40 plus years working on lockheed

1938

01:11:10,870 --> 01:11:07,760

airplanes and they uh

1939

01:11:13,510 --> 01:11:10,880

uh they they headed up the team

1940

01:11:15,030 --> 01:11:13,520

and there was there was another there

1941

01:11:18,310 --> 01:11:15,040

was another chief i can't remember

1942

01:11:20,070 --> 01:11:18,320

i wouldn't know it was buzz carroll

1943

01:11:21,590 --> 01:11:20,080

and then we had a couple other people

1944

01:11:24,870 --> 01:11:21,600

and then the time i was i was

1945

01:11:27,430 --> 01:11:24,880

i was a tech sergeant

1946

01:11:29,430 --> 01:11:27,440

what happened oh my camera just stops

1947

01:11:31,590 --> 01:11:29,440

every now and then

1948

01:11:32,790 --> 01:11:31,600

it gets hot i think oh all right i'm

1949

01:11:36,390 --> 01:11:32,800

gonna press record again to see what

1950

01:11:40,149 --> 01:11:39,350

we're back and we're back for overheat

1951

01:11:43,430 --> 01:11:40,159

camera over

1952

01:11:46,390 --> 01:11:43,440

heatness yeah it happens in texas man

1953

01:11:46,790 --> 01:11:46,400

uh jimmy so i had i have a couple of two

1954

01:11:49,830 --> 01:11:46,800

two

1955

01:11:51,270 --> 01:11:49,840

main idea questions um we've talked a

1956

01:11:52,229 --> 01:11:51,280

lot about your expertise in the

1957

01:11:54,550 --> 01:11:52,239

blackbird

1958

01:11:55,510 --> 01:11:54,560

your experiences with john lear and bob

1959

01:11:57,590 --> 01:11:55,520

lazar

1960

01:11:58,790 --> 01:11:57,600

awesome stories about sneaking on to

1961

01:12:01,430 --> 01:11:58,800

area 51 within

1962

01:12:01,910 --> 01:12:01,440

your rights you know uh i want to ask

1963

01:12:04,870 --> 01:12:01,920

you know

1964

01:12:06,630 --> 01:12:04,880

the more maybe ufo related things i know

1965

01:12:08,709 --> 01:12:06,640

that you've been curious

1966

01:12:10,229 --> 01:12:08,719

about you know look always looking up as

1967

01:12:13,350 --> 01:12:10,239

he said in the beginning of the

1968

01:12:14,790 --> 01:12:13,360

of the show but have you ever had a

1969

01:12:16,790 --> 01:12:14,800

personal experience or

1970

01:12:18,149 --> 01:12:16,800

when you took your friends out was it

1971

01:12:21,189 --> 01:12:18,159

the intent to see

1972

01:12:21,990 --> 01:12:21,199

ufos or just secret military every every

1973

01:12:25,590 --> 01:12:22,000

time i've been

1974

01:12:27,750 --> 01:12:25,600

in the desert i mean even around tucson

1975

01:12:29,350 --> 01:12:27,760

i'm when i i don't i don't i don't have

1976

01:12:30,310 --> 01:12:29,360

any directional hearing i only hear out

1977

01:12:32,550 --> 01:12:30,320

of one ear

1978

01:12:33,350 --> 01:12:32,560

so if i see a sound i gotta look all

1979

01:12:35,270 --> 01:12:33,360

over the place

1980

01:12:36,550 --> 01:12:35,280

but i'm constantly even at night i'll

1981

01:12:38,790 --> 01:12:36,560

sit down my backyard

1982

01:12:39,830 --> 01:12:38,800

i have the lights off around the pool

1983

01:12:41,590 --> 01:12:39,840

and i have lights

1984

01:12:44,709 --> 01:12:41,600

most lights off in the house and i'll

1985

01:12:47,350 --> 01:12:44,719

just sit out and i'll just watch the sky

1986

01:12:49,030 --> 01:12:47,360

and i say all right you son of a [h__\h]

1987

01:12:52,149 --> 01:12:49,040

i'm here

1988

01:12:54,870 --> 01:12:52,159

abduct me i mean i i

1989

01:12:55,270 --> 01:12:54,880

i've been around a lot i i'm not i'm not

1990

01:12:58,310 --> 01:12:55,280

i

1991

01:13:01,990 --> 01:12:58,320

probe

1992

01:13:04,790 --> 01:13:03,590

i promise you i know they've run into a

1993

01:13:05,669 --> 01:13:04,800

lot of people with their head up their

1994

01:13:09,110 --> 01:13:05,679

ass

1995

01:13:12,149 --> 01:13:09,120

so maybe that's what they were doing um

1996

01:13:14,950 --> 01:13:12,159

and i just there's

1997

01:13:16,070 --> 01:13:14,960

too many things that i've run into in my

1998

01:13:19,270 --> 01:13:16,080

life

1999

01:13:21,030 --> 01:13:19,280

that tells me that we're not alone

2000

01:13:22,390 --> 01:13:21,040

probably the most important thing was a

2001

01:13:26,390 --> 01:13:22,400

letter that

2002

01:13:29,990 --> 01:13:26,400

ben rich wrote to john andrews

2003

01:13:31,510 --> 01:13:30,000

we call him spy one at testers anytime

2004

01:13:33,110 --> 01:13:31,520

john and i called on telephone

2005

01:13:34,870 --> 01:13:33,120

talked on telephone which was almost

2006

01:13:36,470 --> 01:13:34,880

daily uh

2007

01:13:38,390 --> 01:13:36,480

for 20 years it was always on his

2008

01:13:40,709 --> 01:13:38,400

nickels before cell phones

2009

01:13:42,390 --> 01:13:40,719

we always started out testing one two

2010

01:13:45,990 --> 01:13:42,400

three testing testing

2011

01:13:49,830 --> 01:13:46,000

this is john andrews aka spy

2012

01:13:52,149 --> 01:13:49,840

one and jim goodall aka the great one

2013

01:13:52,950 --> 01:13:52,159

we're gonna be talking about area 51

2014

01:13:54,390 --> 01:13:52,960

we're talking about

2015

01:13:56,390 --> 01:13:54,400

you know senior crown we're going to be

2016

01:14:00,390 --> 01:13:56,400

talking about tacit blue

2017

01:14:03,270 --> 01:14:00,400

have blue uh testing one two three uh

2018

01:14:05,510 --> 01:14:03,280

we're ready to begin and then we start

2019

01:14:09,430 --> 01:14:05,520

just so in case anybody's listening and

2020

01:14:14,870 --> 01:14:12,709

john and i had phone conversation

2021

01:14:17,270 --> 01:14:14,880

i was on the road and he was on the road

2022

01:14:18,630 --> 01:14:17,280

but i knew where he was going to be

2023

01:14:20,470 --> 01:14:18,640

and he was in dallas and i don't know

2024

01:14:24,630 --> 01:14:20,480

where the hell i was at

2025

01:14:27,430 --> 01:14:24,640

and i called him up and i said uh

2026

01:14:29,350 --> 01:14:27,440

we need we need to put together a low

2027

01:14:31,510 --> 01:14:29,360

observable

2028

01:14:33,189 --> 01:14:31,520

uh glider with electric motor in it

2029

01:14:36,470 --> 01:14:33,199

wrapped in ram

2030

01:14:37,750 --> 01:14:36,480

with a instamatic camera with a with a

2031

01:14:40,950 --> 01:14:37,760

little motor

2032

01:14:42,630 --> 01:14:40,960

driven after time and distance

2033

01:14:45,350 --> 01:14:42,640

it would start taking pictures overhead

2034

01:14:46,950 --> 01:14:45,360

itches area 51 and then do a 180 and

2035

01:14:48,630 --> 01:14:46,960

come back

2036

01:14:50,630 --> 01:14:48,640

and crash lane we didn't care if it

2037

01:14:53,750 --> 01:14:50,640

crashed or it would be foam

2038

01:14:54,630 --> 01:14:53,760

yeah about three weeks later i get a

2039

01:14:57,590 --> 01:14:54,640

phone call

2040

01:14:59,189 --> 01:14:57,600

at work my wife doesn't i don't even

2041

01:15:01,270 --> 01:14:59,199

know what my phone number was i get a

2042

01:15:05,110 --> 01:15:01,280

phone call at work

2043

01:15:09,189 --> 01:15:05,120

said jim this is this is so and so

2044

01:15:11,990 --> 01:15:09,199

from security oh no he said

2045

01:15:14,550 --> 01:15:12,000

i understand that you and andrews are

2046

01:15:17,910 --> 01:15:14,560

thinking about flying a

2047

01:15:19,990 --> 01:15:17,920

uh rc airplane over area 51 to take

2048

01:15:23,110 --> 01:15:20,000

pictures

2049

01:15:24,709 --> 01:15:23,120

i'd recommend you didn't

2050

01:15:27,030 --> 01:15:24,719

now how in the hell do they know i mean

2051

01:15:29,590 --> 01:15:27,040

this is this is before

2052

01:15:30,790 --> 01:15:29,600

really a lot before com you know large

2053

01:15:32,870 --> 01:15:30,800

computers that would do

2054

01:15:34,310 --> 01:15:32,880

that would analyze trillions of

2055

01:15:37,990 --> 01:15:34,320

terabytes

2056

01:15:40,390 --> 01:15:38,000

of data yeah there wasn't the nsa

2057

01:15:42,229 --> 01:15:40,400

wasn't listening yet i don't know what

2058

01:15:43,350 --> 01:15:42,239

do i have to i have to assume it was one

2059

01:15:47,189 --> 01:15:43,360

of the alphabets

2060

01:15:49,669 --> 01:15:47,199

yeah now

2061

01:15:51,590 --> 01:15:49,679

i was given a name by the interceptors

2062

01:15:52,310 --> 01:15:51,600

primary stu brown the minister of words

2063

01:15:53,830 --> 01:15:52,320

he's the one who

2064

01:15:55,990 --> 01:15:53,840
refers me to the great one or the

2065

01:15:57,510 --> 01:15:56,000
senator because i've always had white

2066

01:16:02,229 --> 01:15:57,520
hair and i'm usually i almost

2067

01:16:04,070 --> 01:16:02,239
always wore a suit and um

2068

01:16:07,030 --> 01:16:04,080
oh god i hate when that happens my mind

2069

01:16:08,550 --> 01:16:07,040
just went i'm asking if you've ever seen

2070

01:16:11,750 --> 01:16:08,560
a ufo yourself

2071

01:16:13,910 --> 01:16:11,760
and we're we're kind of we're kind of uh

2072

01:16:15,270 --> 01:16:13,920
you you went into the story about uh

2073

01:16:17,669 --> 01:16:15,280
like

2074

01:16:19,830 --> 01:16:17,679
why well i love it no the letter the

2075

01:16:20,630 --> 01:16:19,840
letter from ben rich to john andrews it

2076

01:16:24,310 --> 01:16:20,640

was june

2077

01:16:26,870 --> 01:16:24,320

of 86 a long time ago he said

2078

01:16:27,669 --> 01:16:26,880

both kelly and i are john sent him a

2079

01:16:29,910 --> 01:16:27,679

letter

2080

01:16:31,910 --> 01:16:29,920

and less than a week later he responded

2081

01:16:34,390 --> 01:16:31,920

on his corporate letterhead

2082

01:16:35,189 --> 01:16:34,400

ben r rich president of the lockheed

2083

01:16:41,590 --> 01:16:35,199

adva

2084

01:16:42,390 --> 01:16:41,600

the skunk works yeah and in his own

2085

01:16:45,590 --> 01:16:42,400

handwriting

2086

01:16:46,070 --> 01:16:45,600

ben says that uh both he and because

2087

01:16:50,229 --> 01:16:46,080

john

2088

01:16:52,550 --> 01:16:50,239

there's two categories both man made an

2089

01:16:55,350 --> 01:16:52,560

extraterrestrial

2090

01:16:56,470 --> 01:16:55,360

and ben brought back both kelly and i

2091

01:16:58,070 --> 01:16:56,480

are firm believers

2092

01:16:59,590 --> 01:16:58,080

in both categories both both are

2093

01:17:02,310 --> 01:16:59,600

possible

2094

01:17:04,229 --> 01:17:02,320

he says we refer to ours as unfunded

2095

01:17:05,510 --> 01:17:04,239

opportunities in the underlines of you

2096

01:17:08,550 --> 01:17:05,520

the f and the o

2097

01:17:10,709 --> 01:17:08,560

oh oh oh

2098

01:17:11,590 --> 01:17:10,719

that's cool he says but beware there are

2099

01:17:13,270 --> 01:17:11,600

people who

2100

01:17:15,750 --> 01:17:13,280

who lead you straight and could do you

2101
01:17:20,470 --> 01:17:18,790
and just before now to put it this in

2102
01:17:23,669 --> 01:17:20,480
perspective

2103
01:17:24,630 --> 01:17:23,679
for 25 years i spoke to ben rich he

2104
01:17:26,550 --> 01:17:24,640
either called me

2105
01:17:27,910 --> 01:17:26,560
or i called him now he was the president

2106
01:17:29,510 --> 01:17:27,920
of the skunk works

2107
01:17:31,270 --> 01:17:29,520
and i was a i was an nco in the

2108
01:17:32,630 --> 01:17:31,280
minnesota air guard on you know one

2109
01:17:34,709 --> 01:17:32,640
weekend a month

2110
01:17:35,750 --> 01:17:34,719
i mean i was never in the defense

2111
01:17:39,430 --> 01:17:35,760
industry uh

2112
01:17:42,870 --> 01:17:39,440
in any other way but we talked at least

2113
01:17:45,590 --> 01:17:42,880

once a quarter for 25 years yeah

2114

01:17:47,750 --> 01:17:45,600

and he was dying of esophageal cancer he

2115

01:17:51,270 --> 01:17:47,760

was at usc medical center i think it was

2116

01:17:53,270 --> 01:17:51,280

christmas in 95 or 96. he died

2117

01:17:54,870 --> 01:17:53,280

10 days later and we were talking about

2118

01:17:57,510 --> 01:17:54,880

john the late john andrews because he

2119

01:18:00,470 --> 01:17:57,520

had passed away of cancer

2120

01:18:02,390 --> 01:18:00,480

and that wasn't the saddest funeral i've

2121

01:18:05,750 --> 01:18:02,400

ever been he was like my brother

2122

01:18:07,669 --> 01:18:05,760

and uh ben and i are talking about

2123

01:18:11,270 --> 01:18:07,679

john and you talked about you know they

2124

01:18:14,630 --> 01:18:11,280

were and stuff like that and

2125

01:18:15,990 --> 01:18:14,640

uh he said and advanced stuff and

2126
01:18:18,630 --> 01:18:16,000
i mentioned you started talking about

2127
01:18:22,709 --> 01:18:18,640
ufos and and ben rich told me

2128
01:18:24,950 --> 01:18:22,719
to my ear my only good ear he said jim

2129
01:18:27,590 --> 01:18:24,960
we have things out in the desert and he

2130
01:18:30,390 --> 01:18:27,600
wasn't referring to area 51. he said

2131
01:18:32,870 --> 01:18:30,400
we have things out in the desert that is

2132
01:18:35,110 --> 01:18:32,880
50 years beyond what you can

2133
01:18:36,550 --> 01:18:35,120
comprehend not what you think you can

2134
01:18:39,189 --> 01:18:36,560
build in 50 years

2135
01:18:41,030 --> 01:18:39,199
but what you can comprehend and if

2136
01:18:42,149 --> 01:18:41,040
you've seen movies like star trek or

2137
01:18:45,430 --> 01:18:42,159
star wars

2138
01:18:47,030 --> 01:18:45,440

we've been there done that or decided it

2139

01:18:48,229 --> 01:18:47,040

wasn't worth the effort i said ben you

2140

01:18:51,990 --> 01:18:48,239

want to expand upon that

2141

01:18:53,270 --> 01:18:52,000

he said no and so much had the nerve to

2142

01:18:56,630 --> 01:18:53,280

die 10 days later

2143

01:18:57,110 --> 01:18:56,640

so i mean i was it was he had promised

2144

01:19:00,390 --> 01:18:57,120

if

2145

01:19:03,590 --> 01:19:00,400

going to do an interview

2146

01:19:05,430 --> 01:19:03,600

with me no holds barred and but he

2147

01:19:08,790 --> 01:19:05,440

passed

2148

01:19:10,390 --> 01:19:08,800

wow but the the other

2149

01:19:12,149 --> 01:19:10,400

part that leads me to believe that we're

2150

01:19:14,550 --> 01:19:12,159

not alone

2151
01:19:15,270 --> 01:19:14,560
uh for a couple years i was a docent at

2152
01:19:17,110 --> 01:19:15,280
pic kitt

2153
01:19:20,149 --> 01:19:17,120
peak national observatories outside of

2154
01:19:23,189 --> 01:19:20,159
tucson they have 22 optical telescopes

2155
01:19:25,030 --> 01:19:23,199
anywhere from a small six inch to a four

2156
01:19:29,270 --> 01:19:25,040
meter that's thirteen feet across

2157
01:19:37,669 --> 01:19:33,189
and the uh two point one meter

2158
01:19:39,990 --> 01:19:37,679
uh tails uh radio the optical telescope

2159
01:19:41,110 --> 01:19:40,000
of of the 20 tour up there was used by

2160
01:19:43,830 --> 01:19:41,120
caltech

2161
01:19:45,990 --> 01:19:43,840
for five years using adaptive optics in

2162
01:19:49,510 --> 01:19:46,000
red remote operation

2163
01:19:51,270 --> 01:19:49,520

from pasadena they went into a small

2164

01:19:53,270 --> 01:19:51,280

area of the milky way

2165

01:19:54,630 --> 01:19:53,280

and over the course of five years they

2166

01:19:58,709 --> 01:19:54,640

identified

2167

01:20:02,070 --> 01:19:58,719

8 000 exoplanets

2168

01:20:04,390 --> 01:20:02,080

jesus and i was uh

2169

01:20:05,590 --> 01:20:04,400

they had they had a new uh i won't get

2170

01:20:08,070 --> 01:20:05,600

into that

2171

01:20:08,790 --> 01:20:08,080

for reasons i decided not to be a docent

2172

01:20:12,229 --> 01:20:08,800

anymore

2173

01:20:13,430 --> 01:20:12,239

i wasn't happy but just before i left we

2174

01:20:15,189 --> 01:20:13,440

had a meeting

2175

01:20:17,510 --> 01:20:15,199

of all the docents and a lot of the

2176

01:20:20,870 --> 01:20:17,520

astronomers

2177

01:20:22,629 --> 01:20:20,880

and the i can remember who uh i think it

2178

01:20:26,310 --> 01:20:22,639

was the head astronomer

2179

01:20:28,950 --> 01:20:26,320

from uh from the they call it uh

2180

01:20:30,470 --> 01:20:28,960

noao national optical astronomy

2181

01:20:31,910 --> 01:20:30,480

observatories

2182

01:20:33,669 --> 01:20:31,920

told us he had just gotten back from a

2183

01:20:36,709 --> 01:20:33,679

conference where

2184

01:20:38,390 --> 01:20:36,719

all the all the astronomers and all the

2185

01:20:40,790 --> 01:20:38,400

telescopes around the world doing

2186

01:20:43,189 --> 01:20:40,800

exoplanet research got together and

2187

01:20:47,110 --> 01:20:43,199

started throwing numbers around

2188

01:20:49,030 --> 01:20:47,120

and they they came to a conclusion based

2189

01:20:52,870 --> 01:20:49,040

on

2190

01:20:55,830 --> 01:20:52,880

probability whatever

2191

01:20:57,030 --> 01:20:55,840

that for every star in the universe not

2192

01:20:58,629 --> 01:20:57,040

the solar system

2193

01:21:00,950 --> 01:20:58,639

the universe not the galaxy in the

2194

01:21:03,270 --> 01:21:00,960

universe for every star

2195

01:21:04,790 --> 01:21:03,280

they're one and a half planets in the

2196

01:21:07,270 --> 01:21:04,800

universe

2197

01:21:08,950 --> 01:21:07,280

and out of that incredible number of

2198

01:21:12,870 --> 01:21:08,960

planets

2199

01:21:16,790 --> 01:21:12,880

he said they calculate that there are

2200

01:21:19,990 --> 01:21:16,800

2 billion that's with a b two billion

2201
01:21:20,390 --> 01:21:20,000
earth-like planets orbiting a similar

2202
01:21:24,390 --> 01:21:20,400
size

2203
01:21:28,709 --> 01:21:24,400
brown dwarf star like our sun

2204
01:21:31,590 --> 01:21:28,719
in an inhabitable zone with liquid water

2205
01:21:33,510 --> 01:21:31,600
now our our solar system is four and a

2206
01:21:35,910 --> 01:21:33,520
half billion years old

2207
01:21:36,550 --> 01:21:35,920
the universe is 14 and a half billion so

2208
01:21:39,189 --> 01:21:36,560
they've

2209
01:21:40,709 --> 01:21:39,199
there's some there's some earths out

2210
01:21:42,550 --> 01:21:40,719
there that's had a 10

2211
01:21:44,070 --> 01:21:42,560
billion year headache start on

2212
01:21:46,390 --> 01:21:44,080
technology yeah

2213
01:21:49,030 --> 01:21:46,400

look where we came in 100 years look

2214

01:21:50,709 --> 01:21:49,040

where we came since 1947

2215

01:21:52,149 --> 01:21:50,719

when the roswell incident happened

2216

01:21:54,870 --> 01:21:52,159

before there was there weren't

2217

01:21:55,830 --> 01:21:54,880

there weren't like there weren't the

2218

01:21:57,590 --> 01:21:55,840

fiber optics

2219

01:21:59,350 --> 01:21:57,600

yeah there was in kevlar there you know

2220

01:22:03,030 --> 01:21:59,360

there weren't transistors there wasn't

2221

01:22:06,149 --> 01:22:03,040

code all this that came

2222

01:22:08,550 --> 01:22:06,159

from nothing to boom

2223

01:22:11,110 --> 01:22:08,560

in a very very narrow period of time

2224

01:22:11,830 --> 01:22:11,120

right all around the time of the roswell

2225

01:22:16,390 --> 01:22:11,840

incident

2226

01:22:19,189 --> 01:22:16,400

yeah so based on the the

2227

01:22:20,229 --> 01:22:19,199

just pure numbers when you have two

2228

01:22:23,430 --> 01:22:20,239

billion

2229

01:22:25,189 --> 01:22:23,440

earths the probability of an intelligent

2230

01:22:27,189 --> 01:22:25,199

life form being formed

2231

01:22:29,510 --> 01:22:27,199

is really good yeah and they've all had

2232

01:22:31,270 --> 01:22:29,520

a probably a big head start on us

2233

01:22:32,790 --> 01:22:31,280

and to you know to quote jody foster's

2234

01:22:35,590 --> 01:22:32,800

character and contact

2235

01:22:36,550 --> 01:22:35,600

the movie contact if we're if we're the

2236

01:22:39,270 --> 01:22:36,560

only ones

2237

01:22:39,750 --> 01:22:39,280

what a waste of space yeah i mean we're

2238

01:22:51,110 --> 01:22:39,760

an

2239

01:22:53,270 --> 01:22:51,120

corner of the universe yeah yeah

2240

01:22:54,629 --> 01:22:53,280

we're alone yeah i got a bridge i could

2241

01:22:57,910 --> 01:22:54,639

sell you out here in desert

2242

01:23:01,110 --> 01:22:57,920

seriously yeah no i mean yeah the odds

2243

01:23:02,470 --> 01:23:01,120

uh if you're into the ufo thing or the

2244

01:23:05,110 --> 01:23:02,480

alien thing the

2245

01:23:07,189 --> 01:23:05,120

the odds are in your favor you know of

2246

01:23:10,550 --> 01:23:07,199

of it being

2247

01:23:11,270 --> 01:23:10,560

something legit i mean that's pretty

2248

01:23:14,390 --> 01:23:11,280

arrogant of

2249

01:23:15,510 --> 01:23:14,400

mankind to say hey we're the only

2250

01:23:18,310 --> 01:23:15,520

superior being

2251

01:23:19,110 --> 01:23:18,320

in the universe right right it's a big

2252

01:23:22,390 --> 01:23:19,120

universe

2253

01:23:25,430 --> 01:23:22,400

and

2254

01:23:29,030 --> 01:23:25,440

we were talking earlier on how

2255

01:23:30,229 --> 01:23:29,040

you know now officially you know the

2256

01:23:33,189 --> 01:23:30,239

government's saying that

2257

01:23:34,709 --> 01:23:33,199

we have craft not of this planet and

2258

01:23:38,229 --> 01:23:34,719

it's like

2259

01:23:40,310 --> 01:23:38,239

okay uh it's weird how like

2260

01:23:41,350 --> 01:23:40,320

we've waited all these years to hear

2261

01:23:44,550 --> 01:23:41,360

those words

2262

01:23:46,709 --> 01:23:44,560

spoken and it's almost

2263

01:23:47,990 --> 01:23:46,719

in a way still not good enough yeah you

2264

01:23:49,990 --> 01:23:48,000

know like nobody's like

2265

01:23:51,750 --> 01:23:50,000

buzzing about it nobody's talking about

2266

01:23:54,070 --> 01:23:51,760

it except for obviously

2267

01:23:54,950 --> 01:23:54,080

i called bob lazar yeah i called his

2268

01:23:56,470 --> 01:23:54,960

wife i

2269

01:23:58,229 --> 01:23:56,480

have her number and i have bob's number

2270

01:24:00,310 --> 01:23:58,239

two but i called

2271

01:24:01,669 --> 01:24:00,320

i called his wife first and uh she was

2272

01:24:01,990 --> 01:24:01,679

delighted to hear from me and says is

2273

01:24:04,229 --> 01:24:02,000

bob

2274

01:24:05,830 --> 01:24:04,239

around i'm saying doc skinner's standing

2275

01:24:08,550 --> 01:24:05,840

next to me

2276

01:24:09,910 --> 01:24:08,560

and uh she says bob around say yeah he's

2277

01:24:12,070 --> 01:24:09,920

in the lab let me go get him

2278

01:24:13,270 --> 01:24:12,080

so bob came on hey and also going i said

2279

01:24:14,470 --> 01:24:13,280

how does it finally feel to be

2280

01:24:16,390 --> 01:24:14,480

vindicated

2281

01:24:17,990 --> 01:24:16,400

he said initially it was a real rush i

2282

01:24:20,709 --> 01:24:18,000

was just thrilled to death

2283

01:24:21,669 --> 01:24:20,719

but then without any supporting

2284

01:24:24,790 --> 01:24:21,679

photography

2285

01:24:27,830 --> 01:24:24,800

or imagery or artifacts

2286

01:24:31,750 --> 01:24:29,990

he says i think it may it may be a

2287

01:24:34,709 --> 01:24:31,760

diversion of something else there

2288

01:24:36,390 --> 01:24:34,719

you know a lot of times when when when

2289

01:24:37,750 --> 01:24:36,400

the poop hits the fan over here it's

2290

01:24:38,870 --> 01:24:37,760

because the [h__h] are doing some

2291

01:24:41,830 --> 01:24:38,880

moments

2292

01:24:43,350 --> 01:24:41,840

yeah yeah and that's i mean that's

2293

01:24:44,709 --> 01:24:43,360

unfortunate that's the world we live in

2294

01:24:46,709 --> 01:24:44,719

today yeah

2295

01:24:49,510 --> 01:24:46,719

and it's such an odd time for them to

2296

01:24:52,390 --> 01:24:49,520

decide to want to drop that information

2297

01:24:53,430 --> 01:24:52,400

when there's so much going on that

2298

01:24:57,830 --> 01:24:53,440

people aren't really paying

2299

01:24:58,550 --> 01:24:57,840

me i mean russia rush rush didn't work

2300

01:25:02,229 --> 01:24:58,560

uh

2301

01:25:05,430 --> 01:25:02,239

didn't work

2302

01:25:07,750 --> 01:25:05,440

riots haven't worked an alien invasion

2303

01:25:09,430 --> 01:25:07,760

i mean that's that should bring a stop

2304

01:25:11,510 --> 01:25:09,440

to the world for a day or two

2305

01:25:12,550 --> 01:25:11,520

so i'm expecting i'm expecting them the

2306

01:25:14,470 --> 01:25:12,560

mother the

2307

01:25:15,820 --> 01:25:14,480

the death star to be yeah come out from

2308

01:25:17,510 --> 01:25:15,830

behind the moon

2309

01:25:21,030 --> 01:25:17,520

[Music]

2310

01:25:25,030 --> 01:25:21,040

yeah we told you we told you

2311

01:25:29,669 --> 01:25:25,040

no do i believe in ufos absolutely

2312

01:25:34,310 --> 01:25:29,679

if aliens alien technology vehicles yes

2313

01:25:36,149 --> 01:25:34,320

ufos from up from outside this planet

2314

01:25:38,149 --> 01:25:36,159

its origins are somewhere you know

2315

01:25:40,390 --> 01:25:38,159

terrestrial or extraterrestrial yeah i'm

2316

01:25:42,310 --> 01:25:40,400

going to call it

2317

01:25:44,310 --> 01:25:42,320

there was rumblings when the movie e.t

2318

01:25:46,149 --> 01:25:44,320

came out

2319

01:25:47,590 --> 01:25:46,159

steven spielberg had tried to get that

2320

01:25:50,790 --> 01:25:47,600

movie funded

2321

01:25:51,669 --> 01:25:50,800

for for a whole bunch of years and

2322

01:25:53,030 --> 01:25:51,679

everybody

2323

01:25:55,189 --> 01:25:53,040

looked at him and laughed at him and

2324

01:25:56,950 --> 01:25:55,199

said yeah you want an alien to come out

2325

01:25:59,189 --> 01:25:56,960

to play with the kids and whatever

2326

01:26:00,149 --> 01:25:59,199

give me a break but there was a feat

2327

01:26:01,750 --> 01:26:00,159

there's a feeling

2328

01:26:03,990 --> 01:26:01,760

that there's an organization within the

2329

01:26:06,709 --> 01:26:04,000

central intelligence agency

2330

01:26:07,990 --> 01:26:06,719

that if if you're promoting an idea or

2331

01:26:11,110 --> 01:26:08,000

trying to promote an idea

2332

01:26:12,629 --> 01:26:11,120

that they're you know that they're agree

2333

01:26:14,790 --> 01:26:12,639

with

2334

01:26:16,310 --> 01:26:14,800

they'll fund you yeah and they and they

2335

01:26:17,430 --> 01:26:16,320

said so almost out of the middle of

2336

01:26:21,270 --> 01:26:17,440

nowhere

2337

01:26:22,790 --> 01:26:21,280

funding came down uh from

2338

01:26:25,189 --> 01:26:22,800

hundred million dollars something like

2339

01:26:28,390 --> 01:26:25,199

that became available to

2340

01:26:30,629 --> 01:26:28,400

uh fund the filming and the initial

2341

01:26:33,590 --> 01:26:30,639

making and seed money for movie e.t

2342

01:26:33,990 --> 01:26:33,600

wow yeah because i'm making a connection

2343

01:26:36,950 --> 01:26:34,000

here

2344

01:26:38,390 --> 01:26:36,960

because the government and whether

2345

01:26:42,149 --> 01:26:38,400

whether it's our government

2346

01:26:44,870 --> 01:26:42,159

or theirs right right we don't know

2347

01:26:46,390 --> 01:26:44,880

we don't know who's in charge it's like

2348

01:26:46,950 --> 01:26:46,400

it's like the olympiad in costco who's

2349

01:26:49,110 --> 01:26:46,960

on first

2350

01:26:50,550 --> 01:26:49,120

what yeah i don't know who's on third

2351

01:26:53,350 --> 01:26:50,560

ooh

2352

01:26:53,910 --> 01:26:53,360

i know who's on second yeah what's on

2353

01:26:58,470 --> 01:26:53,920

third

2354

01:26:59,750 --> 01:26:58,480

yeah yeah i mean uh

2355

01:27:01,669 --> 01:26:59,760

they're what are they what are they

2356

01:27:04,870 --> 01:27:01,679

trying to hide yeah well

2357

01:27:05,510 --> 01:27:04,880

so uh there's a documentary uh i just

2358

01:27:07,669 --> 01:27:05,520

watched called

2359

01:27:08,950 --> 01:27:07,679

out of the shadows and it has and it has

2360

01:27:11,750 --> 01:27:08,960

a lot to do with

2361

01:27:13,910 --> 01:27:11,760

the cia's involvement in hollywood and

2362

01:27:15,189 --> 01:27:13,920

basically any big studio that wants to

2363

01:27:17,270 --> 01:27:15,199

pass a movie

2364

01:27:19,030 --> 01:27:17,280

they if it has anything to do with

2365

01:27:21,430 --> 01:27:19,040

government things and

2366

01:27:23,189 --> 01:27:21,440

whatever it somebody from the cia is

2367

01:27:24,229 --> 01:27:23,199

going to come down and and have a chat

2368

01:27:26,229 --> 01:27:24,239

with you and make sure

2369

01:27:27,430 --> 01:27:26,239

and look through the script i mean this

2370

01:27:29,669 --> 01:27:27,440

is all an insider's

2371

01:27:31,270 --> 01:27:29,679

testimony no i i've worked in hollywood

2372

01:27:33,990 --> 01:27:31,280

and i know i've known people who

2373

01:27:35,590 --> 01:27:34,000

have been in the business yeah ever

2374

01:27:37,590 --> 01:27:35,600

again

2375

01:27:39,990 --> 01:27:37,600

like i was told by by a couple people

2376

01:27:40,870 --> 01:27:40,000

said don't give the spooks more credit

2377

01:27:43,110 --> 01:27:40,880

than they're worth

2378

01:27:44,070 --> 01:27:43,120

okay they got a job interesting and some

2379

01:27:47,270 --> 01:27:44,080

of them really

2380

01:27:49,510 --> 01:27:47,280

hate their job oh god i got to go to

2381

01:27:51,750 --> 01:27:49,520

work today i got a spy on someone's oh

2382

01:27:53,270 --> 01:27:51,760

[h__\h] i'm tired of the ass you know yeah

2383

01:27:54,390 --> 01:27:53,280

i just you know i just want to go pump

2384

01:27:58,149 --> 01:27:54,400

gas down at the

2385

01:27:58,950 --> 01:27:58,159

end of the you know yeah uh love station

2386

01:28:02,149 --> 01:27:58,960

or whatever

2387

01:28:04,070 --> 01:28:02,159

yeah so that's a refreshing uh

2388

01:28:05,590 --> 01:28:04,080

point of view perspective yeah because

2389

01:28:08,470 --> 01:28:05,600

all i mean all i

2390

01:28:10,149 --> 01:28:08,480

want to hear is is like all they're

2391

01:28:12,470 --> 01:28:10,159

trying to control

2392

01:28:13,510 --> 01:28:12,480

when the first f-117 crashed near

2393

01:28:16,629 --> 01:28:13,520

bakersfield and

2394

01:28:17,350 --> 01:28:16,639

rossmel here was a pilot and i met his

2395

01:28:18,870 --> 01:28:17,360

dad

2396

01:28:20,629 --> 01:28:18,880

he's one of one of my accounts he owned

2397

01:28:22,550 --> 01:28:20,639

the business and we we talked about the

2398

01:28:24,229 --> 01:28:22,560

f-117 i had put pictures of

2399

01:28:25,590 --> 01:28:24,239

even a copy of my book that i signed and

2400

01:28:28,629 --> 01:28:25,600

gave him

2401

01:28:29,189 --> 01:28:28,639

and uh he lost spatial awareness he was

2402

01:28:31,030 --> 01:28:29,199

flying

2403

01:28:34,709 --> 01:28:31,040

you know with the irad and the airplane

2404

01:28:38,629 --> 01:28:34,719

had banked and he wasn't aware of it and

2405

01:28:42,310 --> 01:28:38,639

right into a mountain it was instant

2406

01:28:46,390 --> 01:28:42,320

but friend of mine pete uh

2407

01:28:49,110 --> 01:28:46,400

pete merlin that was me

2408

01:28:50,070 --> 01:28:49,120

uh uh we call him the wizard people yeah

2409

01:28:53,350 --> 01:28:50,080

pete yeah

2410

01:28:55,270 --> 01:28:53,360

pete merlin hey

2411

01:28:57,110 --> 01:28:55,280

sorry she's just guarding her bowl of

2412

01:29:00,310 --> 01:28:57,120

food yeah it's her food

2413

01:29:02,950 --> 01:29:00,320

my dogs he's a

2414

01:29:04,790 --> 01:29:02,960

an aeronautical archaeologist he you'll

2415

01:29:07,669 --> 01:29:04,800

find crash sites cool

2416

01:29:08,550 --> 01:29:07,679

and when i first met pete i figured well

2417

01:29:12,790 --> 01:29:08,560

that's

2418

01:29:14,950 --> 01:29:12,800

pretty okay now you're an aeronautical

2419

01:29:16,629 --> 01:29:14,960

archaeologist he goes to craft sites and

2420

01:29:18,550 --> 01:29:16,639

he'll pick up the pieces of

2421

01:29:20,470 --> 01:29:18,560

classified airplanes have crashed and

2422

01:29:21,910 --> 01:29:20,480

he'll identify where these parts are by

2423

01:29:23,510 --> 01:29:21,920

the part number

2424

01:29:25,910 --> 01:29:23,520

and he has the you know the page out of

2425

01:29:28,550 --> 01:29:25,920

the t.o that shows that part

2426
01:29:29,110 --> 01:29:28,560
and it was i spent a couple hours with

2427
01:29:32,310 --> 01:29:29,120
him at his

2428
01:29:34,390 --> 01:29:32,320
his parents house uh up in the hollywood

2429
01:29:39,510 --> 01:29:34,400
hills when i first met him

2430
01:29:40,870 --> 01:29:39,520
and he does an incredible job yeah um

2431
01:29:42,950 --> 01:29:40,880
yeah he's you know he's also one of the

2432
01:29:44,870 --> 01:29:42,960
interceptors too oh that's cool

2433
01:29:46,390 --> 01:29:44,880
yeah that's awesome yeah and he goes he

2434
01:29:47,590 --> 01:29:46,400
goes out to crash sites and tries to

2435
01:29:51,350 --> 01:29:47,600
identify stuff that

2436
01:29:57,430 --> 01:29:55,350
i like the one that crashed uh

2437
01:29:58,790 --> 01:29:57,440
the one that the first blackbird to

2438
01:30:01,830 --> 01:29:58,800

crash which was

2439

01:30:03,990 --> 01:30:01,840

ken collins it crashed near south of

2440

01:30:06,629 --> 01:30:04,000

wind over utah

2441

01:30:07,590 --> 01:30:06,639

and pete had photos of the crash site

2442

01:30:10,709 --> 01:30:07,600

and he

2443

01:30:13,910 --> 01:30:10,719

he knew about where it went

2444

01:30:16,149 --> 01:30:13,920

and he matched the topography

2445

01:30:17,990 --> 01:30:16,159

and he has a picture that he took of

2446

01:30:21,590 --> 01:30:18,000

from the same angle with the same

2447

01:30:23,510 --> 01:30:21,600

size lens today of you know

2448

01:30:25,189 --> 01:30:23,520

years after the crash and one of the

2449

01:30:25,830 --> 01:30:25,199

crash and you superimpose i mean i mean

2450

01:30:27,669 --> 01:30:25,840

it's

2451
01:30:29,110 --> 01:30:27,679
the hills and everything also identical

2452
01:30:31,750 --> 01:30:29,120
so he knew was the right spot

2453
01:30:32,310 --> 01:30:31,760
she was there with a metal detector and

2454
01:30:40,950 --> 01:30:32,320
he

2455
01:30:41,910 --> 01:30:40,960
that's cool that's awesome about five

2456
01:30:43,750 --> 01:30:41,920
years ago when i

2457
01:30:44,950 --> 01:30:43,760
when i first moved from hawaii and back

2458
01:30:47,669 --> 01:30:44,960
to the mainland

2459
01:30:48,070 --> 01:30:47,679
it had been one it's been more than five

2460
01:30:51,910 --> 01:30:48,080
years

2461
01:30:55,750 --> 01:30:51,920
but something crashed near glenwood

2462
01:30:57,030 --> 01:30:55,760
uh new mexico and when it hit the ground

2463
01:31:00,070 --> 01:30:57,040

i was traveling

2464

01:31:02,550 --> 01:31:00,080

3 000 miles an hour holy cow

2465

01:31:03,590 --> 01:31:02,560

and they put a tfr a temporary flight

2466

01:31:06,550 --> 01:31:03,600

restriction

2467

01:31:08,950 --> 01:31:06,560

30 miles around this long specific

2468

01:31:10,629 --> 01:31:08,960

longitude and latitude

2469

01:31:11,990 --> 01:31:10,639

and this is before i had my corvette and

2470

01:31:15,110 --> 01:31:12,000

i drove my uh

2471

01:31:16,790 --> 01:31:15,120

i decided i was going to investigate and

2472

01:31:17,430 --> 01:31:16,800

i went into glenwood and they were

2473

01:31:20,070 --> 01:31:17,440

having

2474

01:31:21,590 --> 01:31:20,080

it was uh veterans day and they were a

2475

01:31:21,910 --> 01:31:21,600

big thing at the legion hall so i went

2476

01:31:23,750 --> 01:31:21,920

in

2477

01:31:25,270 --> 01:31:23,760

i'm a veteran so i'm sure michael blue

2478

01:31:28,790 --> 01:31:25,280

card yeah

2479

01:31:31,510 --> 01:31:28,800

and uh i met the uh

2480

01:31:33,110 --> 01:31:31,520

he is the fire chief and i said hey i

2481

01:31:35,750 --> 01:31:33,120

got a question he said

2482

01:31:37,430 --> 01:31:35,760

a couple months ago you know you had a

2483

01:31:38,310 --> 01:31:37,440

something crashed out here in the desert

2484

01:31:40,550 --> 01:31:38,320

i mean out here in the

2485

01:31:41,750 --> 01:31:40,560

the wilderness because the the whole

2486

01:31:44,950 --> 01:31:41,760

area is a

2487

01:31:46,149 --> 01:31:44,960

wilderness area within uh camps camping

2488

01:31:47,669 --> 01:31:46,159

area

2489

01:31:49,669 --> 01:31:47,679

said yeah i said there were there were

2490

01:31:51,430 --> 01:31:49,679

trucks and trucks with bulldozers in the

2491

01:31:53,110 --> 01:31:51,440

back and cranes and stuff like that

2492

01:31:54,950 --> 01:31:53,120

where they were in

2493

01:31:56,390 --> 01:31:54,960

they went in you know they went west you

2494

01:31:58,390 --> 01:31:56,400

know into the into the

2495

01:32:00,470 --> 01:31:58,400

mountains down this one particular road

2496

01:32:01,189 --> 01:32:00,480

uh they're in there for a day or two and

2497

01:32:03,350 --> 01:32:01,199

came out

2498

01:32:05,350 --> 01:32:03,360

uh they said it was a half a dozen white

2499

01:32:07,910 --> 01:32:05,360

vans filled with guys

2500

01:32:09,590 --> 01:32:07,920

a flatbed with big tarp over it it

2501

01:32:12,629 --> 01:32:09,600

wasn't a very big pile but

2502

01:32:14,550 --> 01:32:12,639

uh yeah something crashed here

2503

01:32:16,149 --> 01:32:14,560

and i thought i knew the road the dirt

2504

01:32:19,830 --> 01:32:16,159

road they went down

2505

01:32:23,430 --> 01:32:19,840

so i went down six miles down this

2506

01:32:25,669 --> 01:32:23,440

dirt road and i have my gps on my phone

2507

01:32:27,430 --> 01:32:25,679

and this i'm right i'm right at the

2508

01:32:29,430 --> 01:32:27,440

center of the of the temporary flight

2509

01:32:31,669 --> 01:32:29,440

restriction

2510

01:32:33,750 --> 01:32:31,679

which was which was supposed to last for

2511

01:32:36,870 --> 01:32:33,760

30 days

2512

01:32:39,830 --> 01:32:36,880

it was gone within about a week

2513

01:32:40,870 --> 01:32:39,840

but there's no record of a tfr tfr ever

2514

01:32:43,750 --> 01:32:40,880

being filed

2515

01:32:44,470 --> 01:32:43,760

wow so but it was clocked it was

2516

01:32:47,590 --> 01:32:44,480

collected

2517

01:32:48,870 --> 01:32:47,600

at the uh the trade the center at

2518

01:32:51,910 --> 01:32:48,880

albuquerque at three

2519

01:32:55,030 --> 01:32:51,920

thousand thousand miles and hours so

2520

01:32:58,310 --> 01:32:55,040

is that so in the desert

2521

01:33:01,590 --> 01:32:58,320

and in that type of area

2522

01:33:03,110 --> 01:33:01,600

wounds do not heal but it takes

2523

01:33:05,990 --> 01:33:03,120

it takes forever especially in the

2524

01:33:09,270 --> 01:33:06,000

desert persians tank tracks are still

2525

01:33:11,750 --> 01:33:09,280

out in the mojave desert near uh uh

2526

01:33:12,550 --> 01:33:11,760

29 pounds in that area when they were

2527

01:33:15,590 --> 01:33:12,560

practicing

2528

01:33:17,830 --> 01:33:15,600

tank warfare for world war one yeah

2529

01:33:19,750 --> 01:33:17,840

you can still see him from from space

2530

01:33:22,390 --> 01:33:19,760

wow that's pretty nuts so

2531

01:33:23,910 --> 01:33:22,400

when when you do something in the desert

2532

01:33:26,950 --> 01:33:23,920

when you do something in desert

2533

01:33:29,270 --> 01:33:26,960

the scar stays there for a lifetime

2534

01:33:30,870 --> 01:33:29,280

yeah that's why that you know that's why

2535

01:33:31,590 --> 01:33:30,880

they they they protect you know they

2536

01:33:33,510 --> 01:33:31,600

protect

2537

01:33:34,790 --> 01:33:33,520

their deserts from a lot of areas but

2538

01:33:37,510 --> 01:33:34,800

because you start going in there with it

2539

01:33:39,350 --> 01:33:37,520

with a a dirt bike or a

2540

01:33:40,550 --> 01:33:39,360

four-wheeler and tear up and it doesn't

2541

01:33:42,950 --> 01:33:40,560

heal yeah

2542

01:33:45,189 --> 01:33:42,960

it's not like it's not like uh you know

2543

01:33:46,550 --> 01:33:45,199

you can go into a field that

2544

01:33:47,590 --> 01:33:46,560

you know this year we had wheat next

2545

01:33:49,030 --> 01:33:47,600

year we're gonna have cotton or

2546

01:33:52,390 --> 01:33:49,040

something like that yeah that's

2547

01:33:55,590 --> 01:33:52,400

totally different yeah yeah man so

2548

01:33:58,870 --> 01:33:55,600

so are we um

2549

01:34:00,070 --> 01:33:58,880

this one's over here you got your little

2550

01:34:04,390 --> 01:34:00,080

clicker there

2551
01:34:05,110 --> 01:34:04,400
uh so uh i mean when i hear 3 000 miles

2552
01:34:08,149 --> 01:34:05,120
per hour

2553
01:34:11,189 --> 01:34:08,159
that i mean that sounds very fast

2554
01:34:12,709 --> 01:34:11,199
um do we know that it was a a craft of

2555
01:34:17,270 --> 01:34:12,719
ours or

2556
01:34:20,629 --> 01:34:17,280
it's it's a it's an unknown yeah um

2557
01:34:23,750 --> 01:34:20,639
when the when the the

2558
01:34:25,270 --> 01:34:23,760
convoy left it headed it headed towards

2559
01:34:27,910 --> 01:34:25,280
silver city and that's all

2560
01:34:28,310 --> 01:34:27,920
that's all they told me so they could

2561
01:34:35,030 --> 01:34:28,320
have

2562
01:34:36,149 --> 01:34:35,040
you know heading to holloman uh

2563
01:34:38,870 --> 01:34:36,159

they could have been headed you know

2564

01:34:41,270 --> 01:34:38,880

they could have gone sequoia uh

2565

01:34:42,790 --> 01:34:41,280

but they headed south yeah and what's

2566

01:34:47,990 --> 01:34:42,800

with the south is you know

2567

01:34:49,910 --> 01:34:48,000

you know and that part of new mexico

2568

01:34:51,750 --> 01:34:49,920

you got to you you they went the wrong

2569

01:34:53,270 --> 01:34:51,760

direction to you know to go to

2570

01:34:55,510 --> 01:34:53,280

the wrong part of the state to go to

2571

01:34:57,590 --> 01:34:55,520

holloman or the white sands

2572

01:34:59,109 --> 01:34:57,600

okay so we're all i know there had an

2573

01:35:02,550 --> 01:34:59,119

area 51 i don't know

2574

01:35:02,870 --> 01:35:02,560

yeah right but they were there so i went

2575

01:35:06,709 --> 01:35:02,880

and

2576

01:35:08,390 --> 01:35:06,719

half miles to right where the center of

2577

01:35:11,990 --> 01:35:08,400

the tfr was

2578

01:35:14,229 --> 01:35:12,000

and it's a it's a camping area

2579

01:35:15,830 --> 01:35:14,239

so i turn around i didn't have i didn't

2580

01:35:18,629 --> 01:35:15,840

have water with me

2581

01:35:19,750 --> 01:35:18,639

i didn't have provisions and it was just

2582

01:35:23,109 --> 01:35:19,760

a day trip

2583

01:35:25,270 --> 01:35:23,119

300 mile each way but uh

2584

01:35:27,189 --> 01:35:25,280

i went home knowing that that may be the

2585

01:35:30,310 --> 01:35:27,199

road but i didn't go down far enough

2586

01:35:32,149 --> 01:35:30,320

right so it wasn't until a year later

2587

01:35:34,390 --> 01:35:32,159

that stu brown used to be popular

2588

01:35:36,629 --> 01:35:34,400

science and then with fortune

2589

01:35:37,750 --> 01:35:36,639

um we took his car cuz i didn't want to

2590

01:35:40,950 --> 01:35:37,760

damage my car

2591

01:35:41,430 --> 01:35:40,960

and we drove down 21 miles down this

2592

01:35:44,070 --> 01:35:41,440

road

2593

01:35:45,270 --> 01:35:44,080

damn now they had they had a semi with

2594

01:35:46,629 --> 01:35:45,280

flatbed on it

2595

01:35:48,790 --> 01:35:46,639

they were they were corner there were

2596

01:35:49,510 --> 01:35:48,800

turns that we went around that it was

2597

01:35:50,870 --> 01:35:49,520

impossible no

2598

01:35:52,709 --> 01:35:50,880

no truck could make it unless you had a

2599

01:35:54,790 --> 01:35:52,719

crane to lift it up and out over the sky

2600

01:35:56,229 --> 01:35:54,800

and move it

2601
01:35:58,709 --> 01:35:56,239
if they would have bulldozed to the

2602
01:36:00,390 --> 01:35:58,719
crash site there's a road

2603
01:36:01,990 --> 01:36:00,400
there's going to be there's going to be

2604
01:36:05,510 --> 01:36:02,000
there's going to be a scar

2605
01:36:09,189 --> 01:36:05,520
yeah and we just is covered

2606
01:36:12,550 --> 01:36:09,199
crap put us you know put a crimp in that

2607
01:36:16,870 --> 01:36:12,560
yeah um and now the heat

2608
01:36:20,709 --> 01:36:18,709
but also i've never thought about that

2609
01:36:22,550 --> 01:36:20,719
like when there are because we all know

2610
01:36:24,310 --> 01:36:22,560
that you know the people that are into

2611
01:36:25,990 --> 01:36:24,320
this you know this this topic know that

2612
01:36:26,950 --> 01:36:26,000
there are crash retrievals that happen a

2613
01:36:29,030 --> 01:36:26,960

lot and

2614

01:36:31,030 --> 01:36:29,040

i never think about yeah you have to get

2615

01:36:34,229 --> 01:36:31,040

those flatbeds

2616

01:36:36,629 --> 01:36:34,239

out of these wilderness areas so you

2617

01:36:39,750 --> 01:36:36,639

either have to make the road

2618

01:36:39,990 --> 01:36:39,760

or just use the ones that are there and

2619

01:36:43,910 --> 01:36:40,000

if

2620

01:36:46,870 --> 01:36:43,920

would be for the thing to crash

2621

01:36:47,750 --> 01:36:46,880

next to the road yeah yeah so there has

2622

01:36:50,550 --> 01:36:47,760

there has to be an

2623

01:36:51,350 --> 01:36:50,560

impact area there has to be scarring

2624

01:36:54,550 --> 01:36:51,360

where they

2625

01:36:57,750 --> 01:36:54,560

drove the flatbeds and the and the

2626

01:37:00,470 --> 01:36:57,760

tractors the bulldozers off the road

2627

01:37:00,870 --> 01:37:00,480

to go to the crash site even if they try

2628

01:37:06,870 --> 01:37:00,880

to

2629

01:37:08,070 --> 01:37:06,880

the the soil and the and the plants and

2630

01:37:08,629 --> 01:37:08,080

everything else gonna be totally

2631

01:37:10,709 --> 01:37:08,639

different

2632

01:37:11,830 --> 01:37:10,719

than everything around it yeah so it'll

2633

01:37:14,950 --> 01:37:11,840

be it would be a

2634

01:37:17,990 --> 01:37:14,960

maybe a bright green scar uh

2635

01:37:21,590 --> 01:37:18,000

because the the fl the plants and shrubs

2636

01:37:24,950 --> 01:37:23,350

oh maybe there's like a landscaper that

2637

01:37:26,709 --> 01:37:24,960

goes out there and like replants

2638

01:37:28,629 --> 01:37:26,719

plants that's what you do or sneaky

2639

01:37:30,470 --> 01:37:28,639

bastards yeah yeah

2640

01:37:31,750 --> 01:37:30,480

you need to get a government contract

2641

01:37:35,030 --> 01:37:31,760

dude i know

2642

01:37:37,830 --> 01:37:35,040

crash recruitment if you're

2643

01:37:38,629 --> 01:37:37,840

and the question is what was it uh we

2644

01:37:42,149 --> 01:37:38,639

don't know

2645

01:37:44,870 --> 01:37:42,159

uh every time we try to put together a

2646

01:37:45,590 --> 01:37:44,880

expedition something has happened yeah

2647

01:37:49,669 --> 01:37:45,600

yeah

2648

01:37:54,149 --> 01:37:49,679

dear friend and he's

2649

01:37:56,709 --> 01:37:54,159

uh he has sort of a rolling nsa

2650

01:37:57,270 --> 01:37:56,719

he's a ham radio operator and he's an

2651

01:38:01,430 --> 01:37:57,280

intercept

2652

01:38:03,750 --> 01:38:01,440

control room in his house

2653

01:38:06,229 --> 01:38:03,760

and he has monitors going all the time

2654

01:38:07,750 --> 01:38:06,239

he has special antennas for picking up

2655

01:38:09,910 --> 01:38:07,760

things maybe he shouldn't pick him up

2656

01:38:11,590 --> 01:38:09,920

because they go they go and they bounce

2657

01:38:14,149 --> 01:38:11,600

frequencies around and he's

2658

01:38:15,590 --> 01:38:14,159

figured out how to unbounce it i don't

2659

01:38:18,070 --> 01:38:15,600

know if i got you in trouble steve i'm

2660

01:38:21,990 --> 01:38:20,070

hey we're still a small podcast man yeah

2661

01:38:23,990 --> 01:38:22,000

no one's listening yeah

2662

01:38:25,510 --> 01:38:24,000

no one important at least but he's you

2663

01:38:27,109 --> 01:38:25,520

know but he's he's a

2664

01:38:29,830 --> 01:38:27,119

he's one of the interceptors too and

2665

01:38:32,870 --> 01:38:29,840

he's uh

2666

01:38:36,629 --> 01:38:32,880

he's he's heard reports of stuff and uh

2667

01:38:43,590 --> 01:38:41,669

i've been doing this forever

2668

01:38:45,350 --> 01:38:43,600

before a lot of you out there wherever

2669

01:38:46,550 --> 01:38:45,360

i'm born i've been doing this i do it

2670

01:38:48,470 --> 01:38:46,560

because i enjoy it

2671

01:38:50,870 --> 01:38:48,480

yeah i like being i like being outside

2672

01:38:52,470 --> 01:38:50,880

like yeah i like the desert

2673

01:38:55,030 --> 01:38:52,480

i like to doing things i'm not supposed

2674

01:39:03,430 --> 01:38:58,390

and i'm good at it

2675

01:39:05,830 --> 01:39:03,440

yeah and uh it's it's

2676

01:39:07,430 --> 01:39:05,840

you i'm a firm believer and you you have

2677

01:39:10,870 --> 01:39:07,440

to you have to live the

2678

01:39:13,910 --> 01:39:10,880

life uh as

2679

01:39:15,270 --> 01:39:13,920

exciting as you can absolutely because

2680

01:39:17,350 --> 01:39:15,280

you don't know if you're going to walk

2681

01:39:20,709 --> 01:39:17,360

outside and get hit hit by a

2682

01:39:21,990 --> 01:39:20,719

meteorite or you know or there's be an

2683

01:39:24,790 --> 01:39:22,000

earthquake or

2684

01:39:25,270 --> 01:39:24,800

uh you're going to have a massive heart

2685

01:39:28,790 --> 01:39:25,280

attack

2686

01:39:31,030 --> 01:39:28,800

i don't know car crash yeah yeah

2687

01:39:32,790 --> 01:39:31,040

every you know every time i ever saw my

2688

01:39:35,590 --> 01:39:32,800

saw my any of my children

2689

01:39:37,510 --> 01:39:35,600

my son or my daughter my grandsons i

2690

01:39:39,030 --> 01:39:37,520

tell them i love them

2691

01:39:40,310 --> 01:39:39,040

because i never i didn't hear that from

2692

01:39:42,149 --> 01:39:40,320

my dad when i was growing up i did for

2693

01:39:42,550 --> 01:39:42,159

my mom she was sicilian that's all i

2694

01:39:45,109 --> 01:39:42,560

mean

2695

01:39:45,750 --> 01:39:45,119

yeah thank god for my sister yeah mom

2696

01:39:47,669 --> 01:39:45,760

yeah

2697

01:39:48,870 --> 01:39:47,679

um but my dad was born and raised in the

2698

01:39:51,189 --> 01:39:48,880

infantry and

2699

01:39:53,510 --> 01:39:51,199

he wasn't allowed an emotion so i went

2700

01:39:54,709 --> 01:39:53,520

on my way to tell my kids and my wives

2701

01:39:58,390 --> 01:39:54,719

i've had a couple

2702

01:40:00,870 --> 01:39:58,400

yeah uh i'm a real good one now so

2703

01:40:04,070 --> 01:40:00,880

uh i know it's it's important it's

2704

01:40:05,510 --> 01:40:04,080

important that you you live that's why

2705

01:40:07,350 --> 01:40:05,520

you know i started i started my road

2706

01:40:08,470 --> 01:40:07,360

trip initially in the beginning of this

2707

01:40:10,629 --> 01:40:08,480

coven 19

2708

01:40:11,990 --> 01:40:10,639

[h__h] yeah uh i don't know if you can

2709

01:40:12,470 --> 01:40:12,000

have that on the air or what you're

2710

01:40:14,229 --> 01:40:12,480

having

2711

01:40:16,149 --> 01:40:14,239

yeah yeah you're fine it does not matter

2712

01:40:17,910 --> 01:40:16,159

yeah um

2713

01:40:21,109 --> 01:40:17,920

yeah it started in april and yeah but i

2714

01:40:24,149 --> 01:40:21,119

was in minneapolis when uh

2715

01:40:25,669 --> 01:40:24,159

george floyd got uh taken out yeah

2716

01:40:28,470 --> 01:40:25,679

i was there for all the big and all the

2717

01:40:29,830 --> 01:40:28,480

writing i i was with my son and i said

2718

01:40:31,510 --> 01:40:29,840

i'm getting out of dodge i'm not gonna

2719

01:40:33,109 --> 01:40:31,520

be around so i drove non-stop from

2720

01:40:35,030 --> 01:40:33,119

minneapolis

2721

01:40:36,149 --> 01:40:35,040

to just north of colorado springs

2722

01:40:38,390 --> 01:40:36,159

thousand miles

2723

01:40:39,350 --> 01:40:38,400

without stopping wow other than getting

2724

01:40:42,070 --> 01:40:39,360

gas i didn't want to

2725

01:40:43,669 --> 01:40:42,080

be near any big city yeah yeah stayed in

2726

01:40:45,510 --> 01:40:43,679

the albuquerque an old town

2727

01:40:48,830 --> 01:40:45,520

where still lives and the next day i was

2728

01:40:52,950 --> 01:40:50,070

um

2729

01:40:53,590 --> 01:40:52,960

i i you don't know when it's going to

2730

01:40:56,709 --> 01:40:53,600

end

2731

01:40:58,629 --> 01:40:56,719

yeah and i've

2732

01:41:00,470 --> 01:40:58,639

i have been blessed by having some very

2733

01:41:04,310 --> 01:41:00,480

very wonderful friends in my life

2734

01:41:08,229 --> 01:41:04,320

uh i have uh i married a couple

2735

01:41:10,709 --> 01:41:08,239

absolutely gorgeous women in my life um

2736

01:41:12,870 --> 01:41:10,719

i have the most fantastic wonderful son

2737

01:41:14,870 --> 01:41:12,880

a dad could ever want

2738

01:41:15,830 --> 01:41:14,880

yeah his name is james like his father

2739

01:41:18,310 --> 01:41:15,840

and his grandfather and his

2740

01:41:21,030 --> 01:41:18,320

great-grandfather all right

2741

01:41:23,270 --> 01:41:21,040

and i have a beautiful daughter she's

2742

01:41:25,590 --> 01:41:23,280

taken on a task that

2743

01:41:26,950 --> 01:41:25,600

uh would probably nominate her for state

2744

01:41:29,189 --> 01:41:26,960

you know for sainthood

2745

01:41:30,830 --> 01:41:29,199

yeah absolutely my daughters and her

2746

01:41:34,310 --> 01:41:30,840

husband have taken on

2747

01:41:37,669 --> 01:41:34,320

adopting two autistic boys

2748

01:41:39,590 --> 01:41:37,679

they're among their age five and six

2749

01:41:41,189 --> 01:41:39,600

and those are two of the luckiest little

2750

01:41:42,709 --> 01:41:41,199

boys in the whole wide world

2751
01:41:44,470 --> 01:41:42,719
yeah definitely because my daughter

2752
01:41:45,109 --> 01:41:44,480
would just soon chew her arm off and

2753
01:41:47,990 --> 01:41:45,119
fail

2754
01:41:48,950 --> 01:41:48,000
yeah yeah yeah she's she's that she's

2755
01:41:52,390 --> 01:41:48,960
that focused

2756
01:41:52,709 --> 01:41:52,400
yeah yeah and i've you know i've again

2757
01:41:55,270 --> 01:41:52,719
i've

2758
01:41:57,109 --> 01:41:55,280
delighted to when i ran into you guys i

2759
01:41:58,550 --> 01:41:57,119
i knew it was

2760
01:42:00,390 --> 01:41:58,560
it was the right thing to do i believe

2761
01:42:02,070 --> 01:42:00,400
in fate we you know

2762
01:42:03,830 --> 01:42:02,080
we we came together because we were

2763
01:42:06,310 --> 01:42:03,840

supposed to yeah yep

2764

01:42:08,709 --> 01:42:06,320

absolutely yeah i i came down through

2765

01:42:09,990 --> 01:42:08,719

texas on my way home

2766

01:42:12,629 --> 01:42:10,000

for a couple reasons but one of the

2767

01:42:15,590 --> 01:42:12,639

reasons i really wanted to come and

2768

01:42:16,310 --> 01:42:15,600

spend an evening with you guys yeah and

2769

01:42:19,590 --> 01:42:16,320

here i am

2770

01:42:21,430 --> 01:42:19,600

yeah i mean what better time to to do it

2771

01:42:21,990 --> 01:42:21,440

i mean if you're already on a road trip

2772

01:42:23,350 --> 01:42:22,000

i mean

2773

01:42:25,030 --> 01:42:23,360

when when's the next time we're going to

2774

01:42:27,669 --> 01:42:25,040

be able to uh why i

2775

01:42:28,709 --> 01:42:27,679

i asked joe earlier when you headed out

2776

01:42:32,149 --> 01:42:28,719

you know home to

2777

01:42:33,430 --> 01:42:32,159

get the thing you forgot yeah i said

2778

01:42:34,950 --> 01:42:33,440

well i told you i was gonna come by and

2779

01:42:35,350 --> 01:42:34,960

visit you do you really did you really

2780

01:42:37,910 --> 01:42:35,360

think

2781

01:42:40,070 --> 01:42:37,920

i was gonna drive to taylor texas to

2782

01:42:42,629 --> 01:42:40,080

visit you

2783

01:42:44,310 --> 01:42:42,639

yeah i mean no i mean yeah it was just

2784

01:42:46,310 --> 01:42:44,320

it's it's just nice that you were

2785

01:42:48,149 --> 01:42:46,320

actually able to

2786

01:42:49,830 --> 01:42:48,159

on your road trip you know like what are

2787

01:42:51,830 --> 01:42:49,840

your last stops so that's

2788

01:42:53,590 --> 01:42:51,840

that's awesome that you were able to

2789

01:42:56,550 --> 01:42:53,600

actually come and make it out

2790

01:42:56,870 --> 01:42:56,560

we're glad that you were able to come

2791

01:43:00,149 --> 01:42:56,880

out

2792

01:43:02,870 --> 01:43:00,159

you know i mean it's uh

2793

01:43:03,669 --> 01:43:02,880

we're you know we want to start going

2794

01:43:06,149 --> 01:43:03,679

and meeting

2795

01:43:07,189 --> 01:43:06,159

all these different people um and it's

2796

01:43:09,030 --> 01:43:07,199

awesome that like

2797

01:43:10,870 --> 01:43:09,040

one of the coolest people that we've met

2798

01:43:12,870 --> 01:43:10,880

so far doing all this stuff

2799

01:43:14,629 --> 01:43:12,880

i appreciate the compliment yeah i was

2800

01:43:16,629 --> 01:43:14,639

when i when i went to the the phoenix

2801

01:43:19,750 --> 01:43:16,639

function last year

2802

01:43:22,550 --> 01:43:19,760

i had i had done absolutely nothing

2803

01:43:24,550 --> 01:43:22,560

ufo related for 10 years i lived in

2804

01:43:26,310 --> 01:43:24,560

hawaii from four

2805

01:43:28,550 --> 01:43:26,320

and when i retired from the pacific

2806

01:43:31,109 --> 01:43:28,560

aviation museum there in pearl harbor

2807

01:43:32,149 --> 01:43:31,119

i retired moved to move to tucson and i

2808

01:43:33,910 --> 01:43:32,159

spent

2809

01:43:35,590 --> 01:43:33,920

six years working on books my blackberry

2810

01:43:38,149 --> 01:43:35,600

book is one of them

2811

01:43:39,430 --> 01:43:38,159

uh and it and i went to i went i went to

2812

01:43:40,870 --> 01:43:39,440

the the

2813

01:43:43,109 --> 01:43:40,880

congress or the conference whatever it

2814

01:43:45,270 --> 01:43:43,119

was on a whim yeah mm-hmm

2815

01:43:46,790 --> 01:43:45,280

and meet my friend michael schrad ufo

2816

01:43:49,830 --> 01:43:46,800

com and

2817

01:43:53,109 --> 01:43:49,840

uh george knapp yep and jeremy corwell

2818

01:43:53,750 --> 01:43:53,119

and that's when i ran into doc skinner

2819

01:43:57,430 --> 01:43:53,760

and i ran in

2820

01:44:00,390 --> 01:43:57,440

i ran into lauren felton and that's when

2821

01:44:05,270 --> 01:44:02,709

robert dolan came chasing after me after

2822

01:44:07,350 --> 01:44:05,280

i left my car jim jim jim

2823

01:44:09,030 --> 01:44:07,360

no one knew who i was i am yeah and he

2824

01:44:10,950 --> 01:44:09,040

said you were not you went on the menu

2825

01:44:11,990 --> 01:44:10,960

you went on the program oh [\h__\h] i didn't

2826

01:44:13,270 --> 01:44:12,000

know i was gonna be here until this

2827

01:44:14,950 --> 01:44:13,280

morning yes i did

2828

01:44:16,550 --> 01:44:14,960

go to phoenix this morning if richard

2829

01:44:17,030 --> 01:44:16,560

dolan's chasing after you you're doing

2830

01:44:20,070 --> 01:44:17,040

something

2831

01:44:20,790 --> 01:44:20,080

uh interesting yeah and and i don't

2832

01:44:24,390 --> 01:44:20,800

under i

2833

01:44:27,430 --> 01:44:24,400

i don't i i appreciate the

2834

01:44:29,830 --> 01:44:27,440

the notoriety i don't understand

2835

01:44:31,430 --> 01:44:29,840

how i became anything other than a

2836

01:44:34,070 --> 01:44:31,440

friend of bob lazar

2837

01:44:34,790 --> 01:44:34,080

right but i have spent a lot of time in

2838

01:44:37,750 --> 01:44:34,800

the desert

2839

01:44:38,550 --> 01:44:37,760

and i and i am really good at snooping

2840

01:44:40,790 --> 01:44:38,560

and

2841

01:44:42,709 --> 01:44:40,800

i do my very very best to pull out as

2842

01:44:44,629 --> 01:44:42,719

much information from people as i can

2843

01:44:45,910 --> 01:44:44,639

yeah without without violating their

2844

01:44:47,510 --> 01:44:45,920

trust right right

2845

01:44:49,189 --> 01:44:47,520

i think if you knew how big of a deal

2846

01:44:51,270 --> 01:44:49,199

you were it i

2847

01:44:53,030 --> 01:44:51,280

it wouldn't be as special i think it's

2848

01:44:56,070 --> 01:44:53,040

your humbleness that makes it

2849

01:44:59,189 --> 01:44:56,080

more awesome i am

2850

01:45:02,790 --> 01:44:59,199

i am nobody special i'm a guy

2851
01:45:03,830 --> 01:45:02,800
who loves airplanes i'm a guy who likes

2852
01:45:05,910 --> 01:45:03,840
technology

2853
01:45:07,669 --> 01:45:05,920
i'm a guy who likes things that go bump

2854
01:45:11,189 --> 01:45:07,679
in the night

2855
01:45:14,149 --> 01:45:11,199
and it's my job as american taxpayer

2856
01:45:15,430 --> 01:45:14,159
to ask questions of my government yep

2857
01:45:18,229 --> 01:45:15,440
and i'm really good at it

2858
01:45:19,669 --> 01:45:18,239
i'm not intimidated intimidated by them

2859
01:45:21,990 --> 01:45:19,679
when i when i had my

2860
01:45:22,950 --> 01:45:22,000
go around with my pentagon pass i never

2861
01:45:25,990 --> 01:45:22,960
got into that

2862
01:45:27,990 --> 01:45:26,000
that part of it oh yeah you know

2863
01:45:29,910 --> 01:45:28,000

yeah as i was saying they i'll start

2864

01:45:32,870 --> 01:45:29,920

from refresh refreshed

2865

01:45:34,470 --> 01:45:32,880

the crew i had my i had a flag of my my

2866

01:45:36,070 --> 01:45:34,480

uh security clearance because i was

2867

01:45:38,310 --> 01:45:36,080

under an investigation for something and

2868

01:45:40,709 --> 01:45:38,320

my wing commander had not been

2869

01:45:41,990 --> 01:45:40,719

advised of it which is required by air

2870

01:45:44,149 --> 01:45:42,000

force regulations

2871

01:45:46,229 --> 01:45:44,159

that the commanding officer be prized

2872

01:45:48,310 --> 01:45:46,239

within 24 hours

2873

01:45:50,149 --> 01:45:48,320

of someone under their command being

2874

01:45:51,350 --> 01:45:50,159

under investigation for a security

2875

01:45:56,790 --> 01:45:51,360

violation

2876

01:45:59,030 --> 01:45:56,800

first book on the f-117

2877

01:46:02,149 --> 01:45:59,040

which apparently had things that were

2878

01:46:03,830 --> 01:46:02,159

still classified top secret in it

2879

01:46:05,430 --> 01:46:03,840

but i had this meeting with pete ames

2880

01:46:06,070 --> 01:46:05,440

and another agent and i know it was

2881

01:46:09,270 --> 01:46:06,080

filmed and

2882

01:46:09,750 --> 01:46:09,280

and uh recorded and he's telling me he

2883

01:46:11,030 --> 01:46:09,760

said

2884

01:46:13,510 --> 01:46:11,040

you know i don't like the questions

2885

01:46:14,550 --> 01:46:13,520

you're asking i said it's my job as a

2886

01:46:16,550 --> 01:46:14,560

taxpayer

2887

01:46:17,750 --> 01:46:16,560

to ask questions of my government and

2888

01:46:20,629 --> 01:46:17,760

it's your job

2889

01:46:23,669 --> 01:46:20,639

as an employee of we the people to

2890

01:46:25,430 --> 01:46:23,679

answer those questions honestly

2891

01:46:27,590 --> 01:46:25,440

and as we're going round and round and

2892

01:46:30,550 --> 01:46:27,600

we finally uh

2893

01:46:31,590 --> 01:46:30,560

we're getting to the getting to the end

2894

01:46:34,310 --> 01:46:31,600

and i said pete

2895

01:46:35,990 --> 01:46:34,320

are we done i said yes and i stand up

2896

01:46:38,470 --> 01:46:36,000

and he's kind of a short guy

2897

01:46:39,910 --> 01:46:38,480

i looked at him down on him i said pete

2898

01:46:40,870 --> 01:46:39,920

you know what really pisses you off

2899

01:46:43,109 --> 01:46:40,880

about me

2900

01:46:45,189 --> 01:46:43,119

so what's that i said i'm not afraid

2901
01:46:48,149 --> 01:46:45,199
and i go

2902
01:46:49,430 --> 01:46:48,159
i gave him a raspberry he went i mean

2903
01:46:51,750 --> 01:46:49,440
you could just see him

2904
01:46:53,750 --> 01:46:51,760
the rage and i have a bunny of mine at

2905
01:46:53,990 --> 01:46:53,760
work to join chiefs he said he heard

2906
01:46:55,510 --> 01:46:54,000
that

2907
01:46:58,390 --> 01:46:55,520
pete was ordered to go home by the

2908
01:46:59,510 --> 01:46:58,400
medics about 15 minutes after i left

2909
01:47:03,109 --> 01:46:59,520
because they couldn't get his blood

2910
01:47:06,550 --> 01:47:04,790
i think that's another like really

2911
01:47:08,629 --> 01:47:06,560
awesome message i mean

2912
01:47:10,149 --> 01:47:08,639
not only just in this podcast but i this

2913
01:47:11,510 --> 01:47:10,159

specific episode but i think

2914

01:47:13,510 --> 01:47:11,520

one of the things that you stand for

2915

01:47:16,310 --> 01:47:13,520

that's awesome and i hope people

2916

01:47:18,070 --> 01:47:16,320

take this to heart is like just the

2917

01:47:19,750 --> 01:47:18,080

government isn't that

2918

01:47:21,669 --> 01:47:19,760

you know i mean they can just they can

2919

01:47:22,629 --> 01:47:21,679

destroy you and have been a pen stroke

2920

01:47:25,750 --> 01:47:22,639

if they wanted to

2921

01:47:28,629 --> 01:47:25,760

but if you know your rights you can

2922

01:47:29,109 --> 01:47:28,639

am am i am i saying too much or is it

2923

01:47:31,830 --> 01:47:29,119

wrong

2924

01:47:33,830 --> 01:47:31,840

i i have i have never drawn inside the

2925

01:47:34,390 --> 01:47:33,840

lines i have never played inside the box

2926

01:47:37,510 --> 01:47:34,400

right

2927

01:47:41,430 --> 01:47:37,520

i've never in my life

2928

01:47:43,990 --> 01:47:41,440

um and when i was seven

2929

01:47:45,830 --> 01:47:44,000

my best friend's dad was base commander

2930

01:47:47,430 --> 01:47:45,840

at moffitt field naval air station

2931

01:47:49,030 --> 01:47:47,440

off the field in mountain view

2932

01:47:53,910 --> 01:47:49,040

california home of

2933

01:47:56,390 --> 01:47:53,920

nasa ames it was naca back then

2934

01:47:57,590 --> 01:47:56,400

and my my best friend was named danny

2935

01:47:59,590 --> 01:47:57,600

and his dad was

2936

01:48:00,790 --> 01:47:59,600

was commander and we were always

2937

01:48:02,790 --> 01:48:00,800

referred to

2938

01:48:04,070 --> 01:48:02,800

captain smith's son and that friend of

2939

01:48:07,510 --> 01:48:04,080

his i mean

2940

01:48:09,030 --> 01:48:07,520

that friend to his friend and i set pins

2941

01:48:10,790 --> 01:48:09,040

at the bowling alley and we and we

2942

01:48:11,270 --> 01:48:10,800

really had to run at the base everybody

2943

01:48:15,750 --> 01:48:11,280

knew

2944

01:48:17,350 --> 01:48:15,760

us we were like batman and robin type

2945

01:48:19,830 --> 01:48:17,360

and i came over the base one day during

2946

01:48:21,590 --> 01:48:19,840

the summer and and danny says

2947

01:48:24,950 --> 01:48:21,600

there's the coolest airplane i've ever

2948

01:48:27,109 --> 01:48:24,960

seen in the big hangar hangar one

2949

01:48:28,950 --> 01:48:27,119

so let's go take a look at it so we're

2950

01:48:31,430 --> 01:48:28,960

riding our bikes we'd ride right to

2951

01:48:32,550 --> 01:48:31,440

our bikes right down the hangar is you

2952

01:48:34,149 --> 01:48:32,560

know they're attacking you're bringing

2953

01:48:37,189 --> 01:48:34,159

airplanes in and out and

2954

01:48:40,390 --> 01:48:37,199

far end closest to the bay

2955

01:48:41,030 --> 01:48:40,400

is a an area has curtains blocking off

2956

01:48:44,390 --> 01:48:41,040

the area

2957

01:48:45,430 --> 01:48:44,400

it says keep out we're seven years old

2958

01:48:48,629 --> 01:48:45,440

we can read but

2959

01:48:52,310 --> 01:48:48,639

yeah it doesn't come comprehend you know

2960

01:48:53,950 --> 01:48:52,320

comprendo so we moved the currency back

2961

01:48:58,229 --> 01:48:53,960

and here is the

2962

01:49:00,470 --> 01:48:58,239

xf-104 starfighter from the skunk works

2963

01:49:02,790 --> 01:49:00,480

the very first f-104 it had been in the

2964

01:49:04,709 --> 01:49:02,800

in the i want to pull up a photo of it

2965

01:49:07,910 --> 01:49:04,719

what is it called yeah the the lockheed

2966

01:49:09,590 --> 01:49:07,920

f-104 star fighter

2967

01:49:12,629 --> 01:49:09,600

it was a missile with a man in it it's

2968

01:49:15,750 --> 01:49:12,639

seven foot wings at a j79 and wow

2969

01:49:17,350 --> 01:49:15,760

go mach 2.2 it's beautiful

2970

01:49:20,229 --> 01:49:17,360

it looks like a stiletto it's a

2971

01:49:26,830 --> 01:49:20,239

beautiful looking airplane

2972

01:49:32,550 --> 01:49:28,070

yeah

2973

01:49:34,470 --> 01:49:32,560

the prototype

2974

01:49:35,910 --> 01:49:34,480

it's still classified secret because i

2975

01:49:38,229 --> 01:49:35,920

know that because i just finished the

2976

01:49:40,229 --> 01:49:38,239

history of it

2977

01:49:43,510 --> 01:49:40,239

and danny said get in the cockpit

2978

01:49:44,550 --> 01:49:43,520

because the canopy was open oh that's

2979

01:49:46,070 --> 01:49:44,560

so i don't know if i don't know if he

2980

01:49:48,870 --> 01:49:46,080

opened the canopy or i got in the

2981

01:49:50,870 --> 01:49:48,880

cockpit and closed the canopy

2982

01:49:52,229 --> 01:49:50,880

and i'm sitting there just this is

2983

01:49:55,109 --> 01:49:52,239

really cool then i realized i'm an

2984

01:49:57,990 --> 01:49:55,119

ejection seat

2985

01:49:59,350 --> 01:49:58,000

not knowing that you're not going to

2986

01:50:00,790 --> 01:49:59,360

have an arm ejection

2987

01:50:02,870 --> 01:50:00,800

when it's in a wind tunnel or it's in

2988

01:50:04,870 --> 01:50:02,880

the hangar and it's a prototype or

2989

01:50:07,350 --> 01:50:04,880

whatever and it was also a downward

2990

01:50:11,430 --> 01:50:07,360

ejection seat

2991

01:50:14,950 --> 01:50:11,440

so uh okay i'm gonna get outside

2992

01:50:15,589 --> 01:50:14,960

danny open the canopy and he couldn't

2993

01:50:17,910 --> 01:50:15,599

unlock it

2994

01:50:20,070 --> 01:50:17,920

oh no i think it's jammed she had to

2995

01:50:22,470 --> 01:50:20,080

call shore patrol

2996

01:50:23,189 --> 01:50:22,480

and the marines to come and take me out

2997

01:50:24,470 --> 01:50:23,199

of

2998

01:50:26,950 --> 01:50:24,480

and that was and that's really where my

2999

01:50:28,870 --> 01:50:26,960

passion for lockheed airplanes started

3000

01:50:30,629 --> 01:50:28,880

that's great that's awesome that's so

3001

01:50:33,350 --> 01:50:30,639

great getting stuck in a

3002

01:50:35,910 --> 01:50:33,360

in a secret airplane yeah not supposed

3003

01:50:40,709 --> 01:50:38,709

when you're seven years old oh man it's

3004

01:50:46,229 --> 01:50:40,719

some foreshadowing for yeah

3005

01:50:50,550 --> 01:50:48,709

what else i mean that's that's pretty

3006

01:50:52,870 --> 01:50:50,560

good i think you're i think

3007

01:50:55,430 --> 01:50:52,880

the way that we kind of tarantino this

3008

01:50:58,390 --> 01:50:55,440

where your origin story came at the very

3009

01:50:59,589 --> 01:50:58,400

end and how it brings in your passion

3010

01:51:01,669 --> 01:50:59,599

for all this stuff

3011

01:51:03,350 --> 01:51:01,679

i think that's a perfect place to end

3012

01:51:05,990 --> 01:51:03,360

yeah that sounds good i

3013

01:51:07,750 --> 01:51:06,000

am i am delighted to see you two again

3014

01:51:10,950 --> 01:51:07,760

yeah i want to see it another likewise

3015

01:51:13,189 --> 01:51:10,960

ufo conference absolutely yes um

3016

01:51:14,149 --> 01:51:13,199

who knows we may have been visited by

3017

01:51:16,470 --> 01:51:14,159

then yeah

3018

01:51:17,910 --> 01:51:16,480

yeah we might we might have been and uh

3019

01:51:20,229 --> 01:51:17,920

we'll have to come in uh we'll have to

3020

01:51:20,629 --> 01:51:20,239

come and visit you out in arizona yeah i

3021

01:51:23,830 --> 01:51:20,639

would be

3022

01:51:25,109 --> 01:51:23,840

man i have a guest room and i don't know

3023

01:51:26,470 --> 01:51:25,119

if the two of you can

3024

01:51:28,550 --> 01:51:26,480

you know we also have a height of bed in

3025

01:51:30,709 --> 01:51:28,560

the in the office so cool man

3026

01:51:32,229 --> 01:51:30,719

we'll figure it out i've slept on many

3027

01:51:33,990 --> 01:51:32,239

floors

3028

01:51:35,430 --> 01:51:34,000

and i have a pool and i have a hot tub

3029

01:51:38,629 --> 01:51:35,440

awesome awesome

3030

01:51:40,550 --> 01:51:38,639

damn if you guys come out i

3031

01:51:42,229 --> 01:51:40,560

i intend to have a german shepherd

3032

01:51:44,229 --> 01:51:42,239

rescue dog by then

3033

01:51:45,910 --> 01:51:44,239

awesome yeah awesome yeah that sounds

3034

01:51:47,589 --> 01:51:45,920

great that sounds great

3035

01:51:49,030 --> 01:51:47,599

well yeah dude i think that's going to

3036

01:51:50,709 --> 01:51:49,040

be yeah i mean

3037

01:51:52,550 --> 01:51:50,719

thank you so much again man that that

3038

01:51:55,189 --> 01:51:52,560

was that was awesome

3039

01:51:55,990 --> 01:51:55,199

man i am absolutely delighted to do it

3040

01:51:58,470 --> 01:51:56,000

in person

3041

01:52:00,070 --> 01:51:58,480

yeah that makes it even more fun i know

3042

01:52:01,350 --> 01:52:00,080

i know i'm so glad we got to do this

3043

01:52:04,550 --> 01:52:01,360

thank you again for the book

3044

01:52:06,629 --> 01:52:04,560

yeah and the patch and everything and uh

3045

01:52:07,830 --> 01:52:06,639

yeah man that's it for me it's ever made
