5
00:00:18,150 --> 00:00:13,759

about ufos

6
00:00:21,269 --> 00:00:18,160

aliens and you know uh all things weird

7
00:00:24,710 --> 00:00:21,279

all things weird dude what's up man

8
00:00:27,029 --> 00:00:24,720

sorry hey so if if you're just listening

9
00:00:28,470 --> 00:00:27,039

you can't see our friend bailey is in

10
00:00:30,310 --> 00:00:28,480

the studio with us today

11
00:00:32,389 --> 00:00:30,320

but if you're watching on youtube then

12
00:00:33,190 --> 00:00:32,399

you can totally see her and you already

13
00:00:35,110 --> 00:00:33,200

know

14

00:00:36,870 --> 00:00:35,120

bailey what's up how you doing today i'm

15

00:00:37,990 --> 00:00:36,880

good y'all how you doing i'm happy to be

16

00:00:41,110 --> 00:00:38,000

here this is gonna be fun

17

00:00:41,910 --> 00:00:41,120

good good so as you all know uh we've

18

00:00:44,549 --> 00:00:41,920

recently

19

00:00:45,190 --> 00:00:44,559

uh hooked up with redeemer small batch

20

00:00:47,750 --> 00:00:45,200

um

21

00:00:49,830 --> 00:00:47,760

and uh so we brought the mastermind in

22

00:00:50,150 --> 00:00:49,840

the studio today to kind of chit chat

23

00:00:54,229 --> 00:00:50,160

and

24

00:00:54,709 --> 00:00:54,239

answer some questions we're gonna get

25

00:00:56,950 --> 00:00:54,719

down

26

00:00:57,750 --> 00:00:56,960

to the nitty gritty get you know all the

27

00:01:01,189 --> 00:00:57,760

funky stuff

28

00:01:06,710 --> 00:01:01,199

when it comes to you know cbd and and

29

00:01:09,190 --> 00:01:06,720

just cbg and it's just kind of cannabis

30

00:01:10,870 --> 00:01:09,200

so all things cannabis um and we're

31

00:01:12,630 --> 00:01:10,880

definitely gonna get into that i'm super

32

00:01:15,109 --> 00:01:12,640

excited that you're here today

33

00:01:15,910 --> 00:01:15,119

um thanks yeah hell yeah definitely

34

00:01:17,429 --> 00:01:15,920

definitely

35

00:01:19,590 --> 00:01:17,439

uh i think we're going to go over some

36

00:01:22,390 --> 00:01:19,600

uh some facebook stuff first

37

00:01:24,070 --> 00:01:22,400

does that sound like fun that sounds fun

38

00:01:27,030 --> 00:01:24,080

and then once we finish that then we'll

39

00:01:27,749 --> 00:01:27,040

we'll get into the whole thing let's do

40

00:01:29,270 --> 00:01:27,759

it

41

00:01:30,950 --> 00:01:29,280

awesome up first do you want me to do

42

00:01:31,749 --> 00:01:30,960

you want me to shut this door dude uh

43

00:01:33,590 --> 00:01:31,759

you know unless

44

00:01:35,030 --> 00:01:33,600

dogs come in and make a bunch of noise

45

00:01:36,310 --> 00:01:35,040

okay cool just whatever

46

00:01:38,710 --> 00:01:36,320

we'll leave it just like that let's get

47

00:01:42,149 --> 00:01:38,720

some day warm in here it does dude

48

00:01:46,149 --> 00:01:43,910

what about our light should we turn our

49

00:01:47,830 --> 00:01:46,159

light on

50

00:01:49,749 --> 00:01:47,840

always something you know there we go

51
00:01:50,310 --> 00:01:49,759
we're total professionals bailey here we

52
00:01:54,469 --> 00:01:50,320
go

53
00:01:57,749 --> 00:01:54,479
lot better in this one yes man

54
00:01:58,630 --> 00:01:57,759
yes hey um before before we do this

55
00:02:01,270 --> 00:01:58,640
though dude

56
00:02:02,550 --> 00:02:01,280
uh bailey you've got some uh you've got

57
00:02:05,190 --> 00:02:02,560
some oil right here

58
00:02:06,630 --> 00:02:05,200
on the table i did i brought some cb

59
00:02:08,309 --> 00:02:06,640
drops and i thought maybe we should add

60
00:02:09,990 --> 00:02:08,319
it to our beverages

61
00:02:11,830 --> 00:02:10,000
for the show and we'll just kind of see

62
00:02:14,229 --> 00:02:11,840
how the ride how the ride goes

63
00:02:15,350 --> 00:02:14,239

i'm totally fine with that could you

64

00:02:18,470 --> 00:02:15,360

pass me another

65

00:02:20,470 --> 00:02:18,480

brew a poor poor favor do you want a

66

00:02:23,670 --> 00:02:20,480

white claw or

67

00:02:24,949 --> 00:02:23,680

no um i'll take this uh this local buzz

68

00:02:27,589 --> 00:02:24,959

right here sir

69

00:02:29,030 --> 00:02:27,599

nice so what are we doing we just add so

70

00:02:30,869 --> 00:02:29,040

yeah i'm gonna hand it to you

71

00:02:32,949 --> 00:02:30,879

just take the lid so this is a 300

72

00:02:36,309 --> 00:02:32,959

milligram bottle so like a

73

00:02:38,710 --> 00:02:36,319

dropper like this is gonna be like um

74

00:02:40,150 --> 00:02:38,720

10 milligrams 10 million really nice

75

00:02:41,190 --> 00:02:40,160

addition for something like this where

76

00:02:46,869 --> 00:02:41,200

you're not really

77

00:02:48,150 --> 00:02:46,879

to like be jazzed up you're having a

78

00:02:49,350 --> 00:02:48,160

beverage it's like

79

00:02:51,030 --> 00:02:49,360

it's just going to take your beverage

80

00:02:51,350 --> 00:02:51,040

and kind of cruise it you know what i

81

00:02:53,509 --> 00:02:51,360

mean

82

00:02:55,430 --> 00:02:53,519

like make it last a little longer you

83

00:02:55,990 --> 00:02:55,440

know cruising with some is what i'm all

84

00:02:59,670 --> 00:02:56,000

about

85

00:03:00,710 --> 00:02:59,680

for sure so you can you can add this to

86

00:03:01,990 --> 00:03:00,720

any beverage

87

00:03:04,149 --> 00:03:02,000

yeah no you can put it in a lot of

88

00:03:07,110 --> 00:03:04,159

things i pref i think it's great

89

00:03:08,149 --> 00:03:07,120

in alcoholic beverages because it kind

90

00:03:09,990 --> 00:03:08,159

of just makes you feel

91

00:03:11,670 --> 00:03:10,000

the way you want an alcoholic beverage

92

00:03:13,030 --> 00:03:11,680

to make you feel right like everybody's

93

00:03:14,390 --> 00:03:13,040

drinking to wind down and do those kind

94

00:03:15,750 --> 00:03:14,400

of things and

95

00:03:17,190 --> 00:03:15,760

most the time that doesn't actually work

96

00:03:18,149 --> 00:03:17,200

and you end up drinking three or four

97

00:03:20,309 --> 00:03:18,159

and then you kind of

98

00:03:22,149 --> 00:03:20,319

feel not great yeah right especially the

99

00:03:23,830 --> 00:03:22,159

next day i'm like eight or ten

100

00:03:26,070 --> 00:03:23,840

yeah right everybody's number's

101

00:03:28,710 --> 00:03:26,080

different that's fine um but the

102

00:03:29,910 --> 00:03:28,720

the cbd kind of like makes you takes

103

00:03:32,390 --> 00:03:29,920

away all the things that

104

00:03:33,750 --> 00:03:32,400

are kind of creating the chaos that

105

00:03:34,550 --> 00:03:33,760

makes you feel like you want to have a

106

00:03:36,149 --> 00:03:34,560

beverage

107

00:03:37,670 --> 00:03:36,159

nice now you guys will see you know

108

00:03:39,430 --> 00:03:37,680

we'll do one and then you'll be like

109

00:03:41,270 --> 00:03:39,440

man that was pretty nice oh yeah there's

110

00:03:43,910 --> 00:03:41,280

like two and that'll be perfect

111

00:03:44,710 --> 00:03:43,920

cheers hell yeah what you you heard it

112

00:03:46,630 --> 00:03:44,720

first here

113

00:03:47,830 --> 00:03:46,640

uh ladies and gentlemen from bailey on

114

00:03:50,630 --> 00:03:47,840

ufo garage

115

00:03:52,710 --> 00:03:50,640

as long as you put some cbd in your beer

116

00:03:54,550 --> 00:03:52,720

you can have as many as you want

117

00:03:56,149 --> 00:03:54,560

that's the truth and you you won't have

118

00:03:58,949 --> 00:03:56,159

a hangover

119

00:03:59,750 --> 00:03:58,959

and you can even drive not you might not

120

00:04:02,949 --> 00:03:59,760

ooh

121

00:04:03,270 --> 00:04:02,959

well maybe a ufo oh you're not a car

122

00:04:05,350 --> 00:04:03,280

though

123

00:04:07,429 --> 00:04:05,360

i'm okay with that i'm okay with that

124

00:04:09,750 --> 00:04:07,439

well if you're driving if the ufo

125

00:04:11,830 --> 00:04:09,760

is driven by consciousness and your

126

00:04:14,470 --> 00:04:11,840

consciousness is pretty chill

127

00:04:15,429 --> 00:04:14,480

then dude it might just be the best

128

00:04:18,310 --> 00:04:15,439

driver out there

129

00:04:19,030 --> 00:04:18,320

yeah right maybe alien crashes ufo

130

00:04:21,030 --> 00:04:19,040

crashes

131

00:04:22,629 --> 00:04:21,040

or because they were just drunk yeah you

132

00:04:25,430 --> 00:04:22,639

didn't put cbd

133

00:04:27,510 --> 00:04:25,440

there was no cannabis yes awesome

134

00:04:29,430 --> 00:04:27,520

awesome well speaking of driving dude

135

00:04:31,430 --> 00:04:29,440

let's uh check out what we got here on

136

00:04:32,950 --> 00:04:31,440

the facebook this uh looks

137

00:04:34,550 --> 00:04:32,960

like it's pretty rad to drive what do

138

00:04:36,150 --> 00:04:34,560

you think big big old pipes

139

00:04:37,990 --> 00:04:36,160

how many beers do you think fit in that

140

00:04:39,749 --> 00:04:38,000

that circumference dude

141

00:04:41,909 --> 00:04:39,759

that looks like the full-size yeti like

142

00:04:43,030 --> 00:04:41,919

you could put at least 70 beers in there

143

00:04:49,510 --> 00:04:43,040

yes

144

00:04:49,520 --> 00:04:53,430

jupiter

145

00:04:53,440 --> 00:05:06,550

oh my god

146

00:05:09,990 --> 00:05:08,550

did you watch this video i didn't get to

147

00:05:13,590 --> 00:05:10,000

see this dude watch it

148

00:05:15,510 --> 00:05:13,600

uh yeah so uh louis yeah that was a

149

00:05:17,909 --> 00:05:15,520

good post i i watched the whole thing

150

00:05:19,830 --> 00:05:17,919

it's it starts out like have you seen

151
00:05:21,430 --> 00:05:19,840
when somebody like folds a dollar bill

152
00:05:23,510 --> 00:05:21,440
and you see like

153
00:05:24,629 --> 00:05:23,520
uh also this was posted on things like

154
00:05:27,670 --> 00:05:24,639
they're like yeah

155
00:05:28,950 --> 00:05:27,680
like you see like buildings the 911

156
00:05:31,270 --> 00:05:28,960
buildings building

157
00:05:32,710 --> 00:05:31,280
uh or burning uh well he takes it a step

158
00:05:33,830 --> 00:05:32,720
further so like first you're like oh

159
00:05:36,310 --> 00:05:33,840
i've seen this already but

160
00:05:37,510 --> 00:05:36,320
he takes it a step further it's pretty

161
00:05:39,590 --> 00:05:37,520
cool

162
00:05:40,629 --> 00:05:39,600
i don't know uh i think it's a

163
00:05:44,230 --> 00:05:40,639

coincidence but

164

00:05:46,950 --> 00:05:44,240

also it's probably on purpose so

165

00:05:47,830 --> 00:05:46,960

well yeah i mean you never know it it

166

00:05:49,670 --> 00:05:47,840

goes from like

167

00:05:52,150 --> 00:05:49,680

i think it started at the 100 bill it

168

00:05:54,629 --> 00:05:52,160

was like full twin towers just smoke

169

00:05:55,909 --> 00:05:54,639

and then down to the 50 and it was like

170

00:05:58,150 --> 00:05:55,919

shorter

171

00:05:59,990 --> 00:05:58,160

still like way more smoke and then the

172

00:06:01,670 --> 00:06:00,000

20 it was like really even smaller

173

00:06:03,670 --> 00:06:01,680

way more smoke and then by the time you

174

00:06:06,070 --> 00:06:03,680

get to the new these are all new design

175

00:06:07,670 --> 00:06:06,080

bills which i left out i left out so

176
00:06:09,270 --> 00:06:07,680
these were designed in like the 90s so

177
00:06:12,309 --> 00:06:09,280
his whole thing was

178
00:06:15,430 --> 00:06:12,319
these bills were redesigned

179
00:06:18,309 --> 00:06:15,440
for like this plan that's been

180
00:06:27,029 --> 00:06:18,319
being planned for a long time to change

181
00:06:30,150 --> 00:06:29,350
you got something important right yeah

182
00:06:32,469 --> 00:06:30,160
and

183
00:06:34,469 --> 00:06:32,479
you hide it under the flagpole right you

184
00:06:36,309 --> 00:06:34,479
hide it in plain sight something that

185
00:06:37,990 --> 00:06:36,319
everybody looks at every single day

186
00:06:38,710 --> 00:06:38,000
something that somebody uses every

187
00:06:40,950 --> 00:06:38,720
single day

188
00:06:42,390 --> 00:06:40,960

yeah right you hide it in plain sight

189

00:06:45,749 --> 00:06:42,400

and then who would have thought

190

00:06:47,270 --> 00:06:45,759

you'll fold up a [h__\h] dollar bill and

191

00:06:48,790 --> 00:06:47,280

there's a picture of the twin towers

192

00:06:51,430 --> 00:06:48,800

falling it's pretty good

193

00:06:52,710 --> 00:06:51,440

i thought right it's uncanny it's this i

194

00:06:54,629 --> 00:06:52,720

mean it does look like it

195

00:06:56,870 --> 00:06:54,639

turns you right it doesn't look like it

196

00:06:57,670 --> 00:06:56,880

oh it does my mic stand is jim goodall

197

00:07:03,670 --> 00:06:57,680

in me right now

198

00:07:06,230 --> 00:07:03,680

that uh yeah you got a really good

199

00:07:09,589 --> 00:07:06,240

i'm not strong enough you should have

200

00:07:11,510 --> 00:07:09,599

been wearing a recreational clothes

201
00:07:13,670 --> 00:07:11,520
the one time the crowd was shining my

202
00:07:19,830 --> 00:07:13,680
name

203
00:07:23,510 --> 00:07:22,070
like every other episode oh my god now

204
00:07:25,270 --> 00:07:23,520
you just have to carry it through yeah

205
00:07:27,270 --> 00:07:25,280
it's a theme now

206
00:07:28,550 --> 00:07:27,280
exactly it's a thing all right what do

207
00:07:31,270 --> 00:07:28,560
we got next man

208
00:07:32,309 --> 00:07:31,280
you can see your anus with a telescope

209
00:07:36,469 --> 00:07:32,319
this week

210
00:07:40,629 --> 00:07:36,479
special preview

211
00:07:44,070 --> 00:07:40,639
of of uranus this week only

212
00:07:47,189 --> 00:07:44,080
catch it while you can dude

213
00:07:47,909 --> 00:07:47,199

awesome there's a black hole reference

214

00:07:50,390 --> 00:07:47,919

in there somewhere

215

00:07:52,150 --> 00:07:50,400

there's a joke you can make about it

216

00:07:55,510 --> 00:07:52,160

definitely is

217

00:07:58,150 --> 00:07:55,520

i just can't think of that all right

218

00:07:59,490 --> 00:07:58,160

louis this has nothing to do with uh

219

00:08:03,510 --> 00:07:59,500

aliens but it is funny

220

00:08:07,510 --> 00:08:03,520

[Laughter]

221

00:08:11,029 --> 00:08:07,520

get smoked up being being the rookie man

222

00:08:14,469 --> 00:08:11,039

oh man yeah jonah

223

00:08:17,270 --> 00:08:14,479

i'm loving that 3d printer man uh

224

00:08:17,909 --> 00:08:17,280

that's out of this world bro yeah if uh

225

00:08:21,830 --> 00:08:17,919

if

226

00:08:23,749 --> 00:08:21,840

garage 3d printed uh

227

00:08:25,990 --> 00:08:23,759

things would be pretty sweet dude there

228

00:08:27,830 --> 00:08:26,000

it is it would be pretty sweet

229

00:08:30,790 --> 00:08:27,840

i'm digging it i'm digging it dude with

230

00:08:32,389 --> 00:08:30,800

the black light around it

231

00:08:33,829 --> 00:08:32,399

we need more lights i got the one light

232

00:08:36,870 --> 00:08:33,839

we need more it's

233

00:08:39,350 --> 00:08:36,880

it's spacey how many more lights do you

234

00:08:42,630 --> 00:08:39,360

need dude maybe just one for this side

235

00:08:45,590 --> 00:08:42,640

to make it even yeah yes exactly dude

236

00:08:46,150 --> 00:08:45,600

so this tripped me out i've seen this

237

00:08:48,550 --> 00:08:46,160

before

238

00:08:49,430 --> 00:08:48,560

why and it's it's it's like uh it's

239

00:08:52,630 --> 00:08:49,440

literally like

240

00:08:54,870 --> 00:08:52,640

two giant legs that are walking it's an

241

00:08:56,150 --> 00:08:54,880

old uh it's kind of like skinwalker in

242

00:08:59,269 --> 00:08:56,160

the way that like

243

00:09:02,150 --> 00:08:59,279

it's like a native american uh tale

244

00:09:03,110 --> 00:09:02,160

of these things uh and it's that's

245

00:09:05,430 --> 00:09:03,120

literally what it is

246

00:09:07,110 --> 00:09:05,440

it looks like what is like the white the

247

00:09:08,550 --> 00:09:07,120

light that's like walking behind like do

248

00:09:10,310 --> 00:09:08,560

you see the light that's coming like

249

00:09:13,430 --> 00:09:10,320

right yeah i use it i see it

250

00:09:16,150 --> 00:09:13,440

yeah yep oh like the line of light yeah

251

00:09:17,430 --> 00:09:16,160

oh what i don't know is the camera

252

00:09:20,630 --> 00:09:17,440

tracking it or something

253

00:09:21,269 --> 00:09:20,640

i don't know that's strange people have

254

00:09:23,350 --> 00:09:21,279

seen them

255

00:09:26,150 --> 00:09:23,360

like while camping and it's they say

256

00:09:28,070 --> 00:09:26,160

that it's like a tiny little head

257

00:09:29,590 --> 00:09:28,080

and there's no arms on it it's like a

258

00:09:31,990 --> 00:09:29,600

top leg it's like

259

00:09:32,949 --> 00:09:32,000

yeah it's like a tiny little face and

260

00:09:35,350 --> 00:09:32,959

then these two

261

00:09:38,070 --> 00:09:35,360

long giant legs you wouldn't get

262

00:09:41,990 --> 00:09:39,670

if your job is to scare the [h__h] out of

263

00:09:42,870 --> 00:09:42,000

people yeah you get a lot of crushing

264

00:09:44,949 --> 00:09:42,880

he's crushing

265

00:09:46,550 --> 00:09:44,959

there's like some underground like base

266

00:09:48,310 --> 00:09:46,560

lab that's coming up with like goofy

267

00:09:50,710 --> 00:09:48,320

[h__h] to freak us out about and like

268

00:09:53,269 --> 00:09:50,720

this is like it's that it's that one

269

00:09:54,949 --> 00:09:53,279

unused snl skit that they finally used

270

00:09:58,710 --> 00:09:54,959

and it's just a big hit like

271

00:10:00,470 --> 00:09:58,720

i mean bailey if you're out camping

272

00:10:02,230 --> 00:10:00,480

i'm gonna keep an eye out for this and

273

00:10:05,190 --> 00:10:02,240

you hear something kind of

274

00:10:07,430 --> 00:10:05,200

shuffling and you're like damn there

275

00:10:09,670 --> 00:10:07,440

could be like a bear

276

00:10:11,509 --> 00:10:09,680

no like a mountain lion and you poke

277

00:10:14,470 --> 00:10:11,519

your head out

278

00:10:14,949 --> 00:10:14,480

there's a head on stilts dude i mean

279

00:10:17,750 --> 00:10:14,959

would you

280

00:10:18,470 --> 00:10:17,760

okay so here we go if uh if you're out

281

00:10:21,590 --> 00:10:18,480

hiking

282

00:10:23,350 --> 00:10:21,600

right you see a bear you'd be terrified

283

00:10:24,870 --> 00:10:23,360

right but what if you're out hiking and

284

00:10:26,630 --> 00:10:24,880

you see this thing would you be more

285

00:10:30,550 --> 00:10:26,640

terrified of this

286

00:10:32,069 --> 00:10:30,560

or a bear maybe the bear

287

00:10:33,910 --> 00:10:32,079

maybe the bear i would think the bear

288

00:10:35,750 --> 00:10:33,920

for sure dude like this i'm like not

289

00:10:37,670 --> 00:10:35,760

sure it's gonna hurt me the bear

290

00:10:39,190 --> 00:10:37,680

what if you're what if you're in a tent

291

00:10:41,030 --> 00:10:39,200

right with the with the mesh

292

00:10:42,150 --> 00:10:41,040

and you can still see out yeah i'd be

293

00:10:43,190 --> 00:10:42,160

more afraid of this thing because what

294

00:10:44,550 --> 00:10:43,200

if it could just like hover right

295

00:10:46,389 --> 00:10:44,560

through and it just like

296

00:10:48,230 --> 00:10:46,399

you see it looking at you with like its

297

00:10:50,389 --> 00:10:48,240

tiny face

298

00:10:52,310 --> 00:10:50,399

like through the little mesh oh it would

299

00:10:53,269 --> 00:10:52,320

be so freaky he's like he's like running

300

00:10:56,230 --> 00:10:53,279

up to you like

301
00:10:56,949 --> 00:10:56,240
hey man hey you guys got baked beans hey

302
00:11:13,030 --> 00:10:56,959
buddy

303
00:11:16,389 --> 00:11:14,790
i can't put in my tent like he's got a

304
00:11:19,670 --> 00:11:16,399
lot of problems if he's out camping

305
00:11:20,069 --> 00:11:19,680
yeah oh damn if you have no arms like

306
00:11:23,750 --> 00:11:20,079
yeah

307
00:11:25,269 --> 00:11:23,760
that's just creepy

308
00:11:27,269 --> 00:11:25,279
you're just laying under a tree at that

309
00:11:32,790 --> 00:11:27,279
point

310
00:11:35,910 --> 00:11:32,800
it's creepy so good pose john

311
00:11:40,389 --> 00:11:38,710
oh yeah 2055 when they see that there's

312
00:11:45,509 --> 00:11:40,399
a different history

313
00:11:50,870 --> 00:11:47,750

that's exactly how everything is perfect

314

00:11:53,509 --> 00:11:50,880

yeah that's exactly how i feel right now

315

00:11:55,030 --> 00:11:53,519

the last one's even the last one's even

316

00:11:58,629 --> 00:11:55,040

funnier because it's like

317

00:12:02,069 --> 00:11:58,639

not phased that's us that's us now

318

00:12:03,670 --> 00:12:02,079

there's just no nothing left exactly

319

00:12:05,269 --> 00:12:03,680

what we look like just perpetually the

320

00:12:08,629 --> 00:12:05,279

last kid

321

00:12:11,590 --> 00:12:08,639

that's awesome oh yeah yeah

322

00:12:14,629 --> 00:12:11,600

the time traveler michael scott yeah

323

00:12:17,670 --> 00:12:14,639

what year is it me 2020 time traveler

324

00:12:20,949 --> 00:12:17,680

bad choice 2020 is just so popular

325

00:12:22,230 --> 00:12:20,959

is this another 20 20 post skip it i'll

326

00:12:25,590 --> 00:12:22,240

just give it

327

00:12:27,990 --> 00:12:25,600

another 20 posts

328

00:12:29,030 --> 00:12:28,000

chase secret life of symbolism with

329

00:12:35,430 --> 00:12:29,040

jordan maxwell

330

00:12:36,150 --> 00:12:35,440

i mean well i mean the title says it all

331

00:12:39,670 --> 00:12:36,160

i mean that's

332

00:12:42,470 --> 00:12:39,680

what he does um but is he

333

00:12:43,110 --> 00:12:42,480

relation to jazz lane maxwell no no not

334

00:12:46,310 --> 00:12:43,120

at all

335

00:12:47,269 --> 00:12:46,320

but zero percent i mean we know we know

336

00:12:49,269 --> 00:12:47,279

the symbolism

337

00:12:51,350 --> 00:12:49,279

symbolism is hidden everywhere it's

338

00:12:54,230 --> 00:12:51,360

hidden on your money it's hidden

339

00:12:54,550 --> 00:12:54,240

in your church the thing it's hidden you

340

00:12:58,629 --> 00:12:54,560

know

341

00:13:02,069 --> 00:12:58,639

from the obelisk

342

00:13:02,870 --> 00:13:02,079

to just everything right the writing we

343

00:13:04,790 --> 00:13:02,880

use

344

00:13:06,550 --> 00:13:04,800

uh it's hidden everywhere what's up

345

00:13:08,470 --> 00:13:06,560

nibbler brought her bones we've got a

346

00:13:12,389 --> 00:13:08,480

we've got another guest with us uh

347

00:13:14,949 --> 00:13:12,399

little nibbler and her massive bone

348

00:13:15,910 --> 00:13:14,959

she was carrying it in like a long way

349

00:13:19,430 --> 00:13:15,920

but yeah dude so

350

00:13:21,269 --> 00:13:19,440

i mean when you think about it it's like

351

00:13:23,590 --> 00:13:21,279

we're constantly being brainwashed by

352

00:13:25,829 --> 00:13:23,600

symbolism and don't even realize it

353

00:13:27,030 --> 00:13:25,839

yeah you know it's everywhere it's

354

00:13:30,069 --> 00:13:27,040

everywhere and

355

00:13:33,030 --> 00:13:30,079

like like you said earlier it's gotta be

356

00:13:33,990 --> 00:13:33,040

i guess i i heard this first from uh

357

00:13:35,590 --> 00:13:34,000

david wilcock but

358

00:13:37,190 --> 00:13:35,600

like his whole thing whatever you think

359

00:13:39,030 --> 00:13:37,200

about the guy i feel like there's some

360

00:13:42,069 --> 00:13:39,040

validity in the fact that like

361

00:13:42,470 --> 00:13:42,079

the powers that be have to have to put

362

00:13:47,750 --> 00:13:42,480

it

363

00:13:50,949 --> 00:13:47,760

there's like

364

00:13:52,550 --> 00:13:50,959

this galactic uh contract to where

365

00:13:54,470 --> 00:13:52,560

they're like well we told them about it

366

00:13:56,710 --> 00:13:54,480

in movies and tvs and

367

00:13:58,389 --> 00:13:56,720

yeah yeah yeah we called them you see it

368

00:14:00,949 --> 00:13:58,399

and you're like well that's crazy but

369

00:14:01,990 --> 00:14:00,959

it's it's not something that's out of

370

00:14:03,829 --> 00:14:02,000

the ordinary because

371

00:14:05,670 --> 00:14:03,839

you're so used to seeing it constantly

372

00:14:06,629 --> 00:14:05,680

yeah right they tell you exactly what

373

00:14:08,389 --> 00:14:06,639

they're going to do

374

00:14:09,430 --> 00:14:08,399

before they do it it's like the hidden

375

00:14:10,389 --> 00:14:09,440

plain sight thing you're talking about

376

00:14:12,550 --> 00:14:10,399

yeah it's

377

00:14:13,990 --> 00:14:12,560

literally up to you to whether or not

378

00:14:15,590 --> 00:14:14,000

you believe it or not right

379

00:14:17,030 --> 00:14:15,600

like we're kind of in this weird in

380

00:14:18,790 --> 00:14:17,040

between phase where like

381

00:14:20,069 --> 00:14:18,800

you're seeing a lot of people that are

382

00:14:23,670 --> 00:14:20,079

kind of

383

00:14:26,069 --> 00:14:23,680

a lot of new people are coming over to

384

00:14:27,829 --> 00:14:26,079

not so much the conspiracy realm but

385

00:14:28,150 --> 00:14:27,839

they're definitely moving over into like

386

00:14:29,990 --> 00:14:28,160

this

387

00:14:31,430 --> 00:14:30,000

open-mindedness where they're not

388

00:14:34,310 --> 00:14:31,440

surprised by like

389

00:14:35,910 --> 00:14:34,320

strange stuff anymore right you know and

390

00:14:36,230 --> 00:14:35,920

that was you know back in the day it's

391

00:14:38,069 --> 00:14:36,240

like

392

00:14:40,310 --> 00:14:38,079

oh you're just a conspiracy theorist but

393

00:14:42,470 --> 00:14:40,320

now it's so much more

394

00:14:44,310 --> 00:14:42,480

you're not just a conspiracy theorist

395

00:14:47,269 --> 00:14:44,320

now you're starting to ask questions

396

00:14:48,310 --> 00:14:47,279

yeah you know a lot more people are like

397

00:14:50,150 --> 00:14:48,320

open to

398

00:14:51,910 --> 00:14:50,160

stuff i think well the change in media

399

00:14:52,949 --> 00:14:51,920

right has kind of changed that where

400

00:14:54,710 --> 00:14:52,959

like we are

401
00:14:57,269 --> 00:14:54,720
able to access so much more information

402
00:15:00,389 --> 00:14:57,279
and so we're able to kind of like

403
00:15:02,629 --> 00:15:00,399
yeah really see a lot wider

404
00:15:04,790 --> 00:15:02,639
than we were ever able to in history you

405
00:15:07,509 --> 00:15:04,800
know absolutely

406
00:15:08,870 --> 00:15:07,519
the veil kind of the fact that that's

407
00:15:11,990 --> 00:15:08,880
what 2020 is

408
00:15:12,389 --> 00:15:12,000
because now you have a 20-20 the veil's

409
00:15:16,550 --> 00:15:12,399
gone

410
00:15:18,870 --> 00:15:16,560
it's high inside yes

411
00:15:23,110 --> 00:15:18,880
she's like no i wanted you on a bone on

412
00:15:27,030 --> 00:15:25,189
i can't talk so i need to make my own

413
00:15:30,629 --> 00:15:27,040

gonna be like what the what the hell

414

00:15:33,189 --> 00:15:30,639

dad was enjoying that oh my gosh

415

00:15:35,590 --> 00:15:33,199

yeah so removing the veil seeing 2020

416

00:15:39,030 --> 00:15:38,150

all right let's see what's up oh natural

417

00:15:43,189 --> 00:15:39,040

library reference

418

00:15:45,509 --> 00:15:43,199

oh oh here we go ashley

419

00:15:47,110 --> 00:15:45,519

was a little girl actually what's up you

420

00:15:50,230 --> 00:15:47,120

you post the funny [h__\h]

421

00:15:50,870 --> 00:15:50,240

yeah i'm really thinking about a clip

422

00:15:53,189 --> 00:15:50,880

testing

423

00:15:56,550 --> 00:15:53,199

sometimes i can't breathe you can't

424

00:16:02,870 --> 00:16:00,230

you let them pull my hairs out like this

425

00:16:04,310 --> 00:16:02,880

let that lean like dude have you ever

426

00:16:08,870 --> 00:16:04,320

done that like in public

427

00:16:10,230 --> 00:16:08,880

just i can't say that i have no

428

00:16:20,949 --> 00:16:10,240

you should try it because the people

429

00:16:24,389 --> 00:16:22,710

did anybody watch this the elon musk

430

00:16:26,710 --> 00:16:24,399

timeline late uh layout for

431

00:16:27,749 --> 00:16:26,720

the the journey to mars i didn't watch

432

00:16:31,269 --> 00:16:27,759

it but i i've

433

00:16:35,829 --> 00:16:31,279

heard it yeah what do you think

434

00:16:37,990 --> 00:16:35,839

dude by the time he says well he said

435

00:16:39,269 --> 00:16:38,000

that he's going to put uh the first the

436

00:16:41,670 --> 00:16:39,279

first people

437

00:16:43,749 --> 00:16:41,680

or no the first payload to start setting

438

00:16:46,949 --> 00:16:43,759

up the infrastructure on mars

439

00:16:48,389 --> 00:16:46,959

and then 2030s for like people right am

440

00:16:50,389 --> 00:16:48,399

i getting and then yeah and then

441

00:16:51,749 --> 00:16:50,399

and then some of the people will be

442

00:16:53,110 --> 00:16:51,759

pregnant

443

00:16:55,590 --> 00:16:53,120

and then when they get there they'll

444

00:16:58,310 --> 00:16:55,600

have a child on mars

445

00:16:59,110 --> 00:16:58,320

yeah so they will be the first martian

446

00:17:02,389 --> 00:16:59,120

um

447

00:17:04,230 --> 00:17:02,399

you know species yeah i heard they're

448

00:17:04,630 --> 00:17:04,240

gonna change the language once they're

449

00:17:06,870 --> 00:17:04,640

there

450

00:17:09,829 --> 00:17:06,880

to like more of a like a sound based

451

00:17:18,069 --> 00:17:13,990

did you you heard that you've seen

452

00:17:20,470 --> 00:17:18,079

mars attacks yeah of course yeah

453

00:17:23,429 --> 00:17:20,480

[Laughter]

454

00:17:24,470 --> 00:17:23,439

but like he's invented that like or the

455

00:17:25,669 --> 00:17:24,480

the thing that they're talking about

456

00:17:27,350 --> 00:17:25,679

like that brain implant thing

457

00:17:29,110 --> 00:17:27,360

where you can literally communicate

458

00:17:31,909 --> 00:17:29,120

naturally like they're talking about

459

00:17:33,190 --> 00:17:31,919

non-verbal communication so like they

460

00:17:36,230 --> 00:17:33,200

literally could have an entirely

461

00:17:37,750 --> 00:17:36,240

different or lack of dialect really

462

00:17:39,510 --> 00:17:37,760

oh that's a good point i wonder how that

463

00:17:42,630 --> 00:17:39,520

would work like if you have neural link

464

00:17:45,990 --> 00:17:42,640

could you communicate to people on earth

465

00:17:47,350 --> 00:17:46,000

dude you need really good wifi

466

00:17:49,990 --> 00:17:47,360

that'll be the first thing they set up

467

00:17:51,909 --> 00:17:50,000

there oh dude i mean right now they have

468

00:17:55,110 --> 00:17:51,919

starlings okay so why not do it

469

00:17:56,630 --> 00:17:55,120

up there and yeah oh so starlink like

470

00:17:59,190 --> 00:17:56,640

i'm just trying to think of how planets

471

00:18:03,029 --> 00:17:59,200

work but there's got to be a way to do

472

00:18:04,390 --> 00:18:03,039

some kind of straight line yeah

473

00:18:05,909 --> 00:18:04,400

dude that's the next thing is we're

474

00:18:07,110 --> 00:18:05,919

gonna get internet like great internet

475

00:18:11,669 --> 00:18:07,120

on mars before

476

00:18:16,070 --> 00:18:14,470

that's exactly before like people in the

477

00:18:19,750 --> 00:18:16,080

country get good internet

478

00:18:23,270 --> 00:18:19,760

for sure yeah yeah oh it's great

479

00:18:28,950 --> 00:18:26,230

oh this was funny the reason all star

480

00:18:32,710 --> 00:18:28,960

trek spaceships meet each other

481

00:18:34,310 --> 00:18:32,720

uh the same way up is because oh

482

00:18:36,230 --> 00:18:34,320

does it say oh yeah meet each other yeah

483

00:18:37,909 --> 00:18:36,240

i'm having a hard time the reason that

484

00:18:39,669 --> 00:18:37,919

all star treks

485

00:18:41,510 --> 00:18:39,679

yeah the reason that all star trek

486

00:18:44,789 --> 00:18:41,520

spaceships meet each other

487

00:18:47,350 --> 00:18:44,799

uh the same way up right oh

488

00:18:48,390 --> 00:18:47,360

so the same way up right i thought it

489

00:18:50,789 --> 00:18:48,400

meant like meet up

490

00:18:53,510 --> 00:18:50,799

is because there's a universally decided

491

00:18:54,710 --> 00:18:53,520

down direction

492

00:18:57,350 --> 00:18:54,720

it's kind of interesting like if you

493

00:19:00,310 --> 00:18:57,360

think about it like

494

00:19:02,710 --> 00:19:00,320

every warp capable vessel has a piece of

495

00:19:04,950 --> 00:19:02,720

butter toe suspended

496

00:19:06,310 --> 00:19:04,960

in an antimatter container a container

497

00:19:08,310 --> 00:19:06,320

unit

498

00:19:10,150 --> 00:19:08,320

it's it's pickled up and dropped

499

00:19:13,029 --> 00:19:10,160

automatically by little robot

500

00:19:15,190 --> 00:19:13,039

arms within the unit four times a minute

501
00:19:15,750 --> 00:19:15,200
the orientation of the buttered side

502
00:19:18,630 --> 00:19:15,760
tells

503
00:19:19,029 --> 00:19:18,640
the onboard computer which way is down

504
00:19:21,430 --> 00:19:19,039
even

505
00:19:22,630 --> 00:19:21,440
when light years away from gravitational

506
00:19:25,909 --> 00:19:22,640
field

507
00:19:26,950 --> 00:19:25,919
now oh my god yeah so the toast will

508
00:19:29,830 --> 00:19:26,960
stay

509
00:19:30,870 --> 00:19:29,840
at the universal in the universal up and

510
00:19:32,950 --> 00:19:30,880
down position

511
00:19:34,789 --> 00:19:32,960
constantly so the ship is able to read

512
00:19:37,750 --> 00:19:34,799
oh [h__h] this way is down

513
00:19:38,070 --> 00:19:37,760

now this way is not down so does that

514

00:19:41,270 --> 00:19:38,080

mean

515

00:19:44,390 --> 00:19:41,280

all toast is uh like quantumly

516

00:19:45,830 --> 00:19:44,400

linked quantum toast quantum does clone

517

00:19:48,310 --> 00:19:45,840

some toast links dude

518

00:19:50,070 --> 00:19:48,320

i'm telling you now this is where it

519

00:19:53,110 --> 00:19:50,080

gets interesting klingon chips

520

00:19:54,470 --> 00:19:53,120

use a slice of kagakh spread with the

521

00:19:56,950 --> 00:19:54,480

clark

522

00:19:59,350 --> 00:19:56,960

but the effect is the same oh my god

523

00:20:02,549 --> 00:19:59,360

dude you speak klingon

524

00:20:05,510 --> 00:20:02,559

no no did you do you speak klingon uh

525

00:20:05,909 --> 00:20:05,520

i don't know not a while oh yeah i

526
00:20:07,270 --> 00:20:05,919
haven't

527
00:20:08,390 --> 00:20:07,280
it's been a couple years a long time

528
00:20:09,590 --> 00:20:08,400
yeah it's been a while it's been a

529
00:20:13,190 --> 00:20:09,600
couple years

530
00:20:14,390 --> 00:20:13,200
yeah but you would you did great that

531
00:20:17,990 --> 00:20:14,400
was great

532
00:20:19,669 --> 00:20:18,000
thanks dude oh

533
00:20:21,669 --> 00:20:19,679
yeah here's the politic here's the

534
00:20:26,789 --> 00:20:21,679
politics stuff yeah the

535
00:20:29,590 --> 00:20:26,799
joe rogan uh yeah moderating between uh

536
00:20:30,230 --> 00:20:29,600
joe biden and and trump what do you

537
00:20:33,990 --> 00:20:30,240
think

538
00:20:37,190 --> 00:20:34,000

bojan yeah so did you see that uh

539

00:20:39,990 --> 00:20:37,200

joe jorgensen added uh realdonaldtrump

540

00:20:41,350 --> 00:20:40,000

on twitter and said hey i remember years

541

00:20:43,430 --> 00:20:41,360

ago you said it was

542

00:20:45,190 --> 00:20:43,440

uh it was a crime that third parties

543

00:20:46,950 --> 00:20:45,200

couldn't debate i'd like to hold you to

544

00:20:48,390 --> 00:20:46,960

your word and let me debate with you and

545

00:20:51,909 --> 00:20:48,400

and bojadin

546

00:20:55,270 --> 00:20:51,919

she added him no way oh at it

547

00:20:59,029 --> 00:20:55,280

i acted i did him him on twitter

548

00:21:01,029 --> 00:20:59,039

twitter what did he say did he say

549

00:21:02,710 --> 00:21:01,039

i don't know i haven't seen the response

550

00:21:03,190 --> 00:21:02,720

i haven't really dug that far into it

551
00:21:06,390 --> 00:21:03,200
dude

552
00:21:08,870 --> 00:21:06,400
yeah so i would watch that ah i

553
00:21:09,590 --> 00:21:08,880
would i would pay i would pay for the

554
00:21:13,029 --> 00:21:09,600
long time

555
00:21:16,789 --> 00:21:13,039
would

556
00:21:17,430 --> 00:21:16,799
rogan destroy both of them for four

557
00:21:19,909 --> 00:21:17,440
hours

558
00:21:21,830 --> 00:21:19,919
i i literally would i would pay for you

559
00:21:23,029 --> 00:21:21,840
i'd pay 70 bucks for that yeah i would

560
00:21:24,950 --> 00:21:23,039
that's my that's my

561
00:21:27,430 --> 00:21:24,960
that's my going rate i'd pay 70 bucks i

562
00:21:29,350 --> 00:21:27,440
would yeah

563
00:21:30,789 --> 00:21:29,360

his [h__h] meter right like he's

564

00:21:31,190 --> 00:21:30,799

always just interrupting people like

565

00:21:32,549 --> 00:21:31,200

hold

566

00:21:34,390 --> 00:21:32,559

on do you actually know that are you

567

00:21:37,590 --> 00:21:34,400

just saying something stupid

568

00:21:39,510 --> 00:21:37,600

he'd love it i would love that it would

569

00:21:43,990 --> 00:21:39,520

just be a bunch of like joe biden like

570

00:21:44,950 --> 00:21:44,000

and and and the people uh in the uh you

571

00:21:46,310 --> 00:21:44,960

gotta you gotta

572

00:21:49,669 --> 00:21:46,320

you gotta wake up people you know the

573

00:21:53,510 --> 00:21:51,270

like joe biden would stop talking and

574

00:21:56,830 --> 00:21:53,520

like everybody would be kind of quiet

575

00:22:01,029 --> 00:21:56,840

and he like okay

576

00:22:03,110 --> 00:22:01,039

trump let me ask you something

577

00:22:04,870 --> 00:22:03,120

that was so funny and then trump would

578

00:22:07,750 --> 00:22:04,880

just talk for way too long

579

00:22:08,789 --> 00:22:07,760

yeah this long-winded that was that was

580

00:22:12,470 --> 00:22:08,799

pretty funny

581

00:22:13,909 --> 00:22:12,480

bailey you might not be familiar with

582

00:22:17,110 --> 00:22:13,919

these characters but

583

00:22:18,470 --> 00:22:17,120

derek von daniken uh-huh uh

584

00:22:20,710 --> 00:22:18,480

i don't know who that i can't tell who

585

00:22:24,710 --> 00:22:20,720

that guy george giorgio suclose

586

00:22:28,310 --> 00:22:24,720

and then uh project blue book

587

00:22:33,029 --> 00:22:28,320

oh nick hi nick yep jan

588

00:22:36,789 --> 00:22:35,909

oh that's not that's not real right the

589

00:22:39,270 --> 00:22:36,799

titanic

590

00:22:40,470 --> 00:22:39,280

it shouldn't be it's like why would you

591

00:22:42,149 --> 00:22:40,480

make a tiny boat

592

00:22:44,470 --> 00:22:42,159

like in today's standards like why would

593

00:22:46,070 --> 00:22:44,480

you make that tiny boat yeah

594

00:22:47,830 --> 00:22:46,080

oh i want to say something about this

595

00:22:49,110 --> 00:22:47,840

mask because i didn't know that a bunch

596

00:22:51,350 --> 00:22:49,120

of people had already posted about this

597

00:22:55,270 --> 00:22:51,360

mask before i posted about it

598

00:22:57,750 --> 00:22:55,280

i i bought that mask and then

599

00:22:58,390 --> 00:22:57,760

i go to check the website it was only

600

00:23:00,230 --> 00:22:58,400

like 28

601
00:23:01,830 --> 00:23:00,240
28 bucks it wasn't too expensive i will

602
00:23:03,430 --> 00:23:01,840
i go back and check the website because

603
00:23:03,990 --> 00:23:03,440
i couldn't find the charge on my credit

604
00:23:07,190 --> 00:23:04,000
card

605
00:23:09,190 --> 00:23:07,200
and the website doesn't exist anymore so

606
00:23:10,630 --> 00:23:09,200
oh i mean i'm glad i didn't i don't

607
00:23:12,789 --> 00:23:10,640
think i got ripped off

608
00:23:13,750 --> 00:23:12,799
but yeah so was the mask did you get the

609
00:23:16,870 --> 00:23:13,760
mask

610
00:23:20,549 --> 00:23:16,880
clothes

611
00:23:25,909 --> 00:23:20,559
oh birdie hello hey birdie hi baby

612
00:23:32,789 --> 00:23:28,390
being visited by all the dogs again

613
00:23:39,510 --> 00:23:34,230

i know who you are already get out of it

614

00:23:56,789 --> 00:23:41,510

well it's obvious who's in charge around

615

00:24:00,149 --> 00:23:58,870

never dull moment around here i like it

616

00:24:02,630 --> 00:24:00,159

i like it i love dogs

617

00:24:04,149 --> 00:24:02,640

yeah it's fine dude this uh this this

618

00:24:04,549 --> 00:24:04,159

how's it taste in your beer it's uh it

619

00:24:06,310 --> 00:24:04,559

it's

620

00:24:08,230 --> 00:24:06,320

got a flavor cheese yeah right it gives

621

00:24:10,230 --> 00:24:08,240

it a little bit of like a little earthy

622

00:24:11,590 --> 00:24:10,240

actually i mean beer has hops and like

623

00:24:14,470 --> 00:24:11,600

those kind of things and

624

00:24:14,950 --> 00:24:14,480

hops and um cannabis like the buds are

625

00:24:16,710 --> 00:24:14,960

real

626

00:24:18,230 --> 00:24:16,720

similar like they're in the same family

627

00:24:21,190 --> 00:24:18,240

or whatever so you have like

628

00:24:22,470 --> 00:24:21,200

a lot of similar flavors so it actually

629

00:24:24,710 --> 00:24:22,480

pairs really nicely with beer

630

00:24:25,669 --> 00:24:24,720

even like the smells of it too totally

631

00:24:29,029 --> 00:24:25,679

yeah the terpenes

632

00:24:31,830 --> 00:24:29,039

mm-hmm yup yeah those terps

633

00:24:33,110 --> 00:24:31,840

absolutely you get a lot of those same

634

00:24:36,149 --> 00:24:33,120

pinning or whatever

635

00:24:38,630 --> 00:24:36,159

yes i love it no yeah it tastes uh

636

00:24:39,669 --> 00:24:38,640

it tastes good like yeah you can you can

637

00:24:41,269 --> 00:24:39,679

taste the difference

638

00:24:43,110 --> 00:24:41,279

yeah especially if you put it in like a

639

00:24:44,950 --> 00:24:43,120

uh an ipa or something something that's

640

00:24:48,230 --> 00:24:44,960

really hoppy like you have like that

641

00:24:48,630 --> 00:24:48,240

really really kind of strong taste yeah

642

00:24:58,070 --> 00:24:48,640

it

643

00:24:59,510 --> 00:24:58,080

like maybe champagne is i wouldn't

644

00:25:00,789 --> 00:24:59,520

necessarily it's not my first choice

645

00:25:02,710 --> 00:25:00,799

yeah but other than that as far as

646

00:25:04,070 --> 00:25:02,720

liquor is concerned it goes in pretty

647

00:25:05,669 --> 00:25:04,080

much everything pretty much everything

648

00:25:07,190 --> 00:25:05,679

but i like it i think the number one

649

00:25:09,350 --> 00:25:07,200

thing that i put the drops in is

650

00:25:10,230 --> 00:25:09,360

coffee in the morning because a lot of

651
00:25:12,230 --> 00:25:10,240
people like

652
00:25:13,510 --> 00:25:12,240
with coffee you get really lots of

653
00:25:15,430 --> 00:25:13,520
people get jitters lots of people get

654
00:25:16,549 --> 00:25:15,440
like stomach don't feel great or like

655
00:25:19,590 --> 00:25:16,559
headachy from

656
00:25:21,110 --> 00:25:19,600
caffeine and the cbd if you put it in

657
00:25:22,070 --> 00:25:21,120
there you know like at a moderate drop

658
00:25:23,269 --> 00:25:22,080
level because you don't want it to

659
00:25:24,630 --> 00:25:23,279
counteract the caffeine right you want

660
00:25:27,190 --> 00:25:24,640
to be like so chill it's kind of

661
00:25:27,990 --> 00:25:27,200
ruining the effect of caffeine but if

662
00:25:30,390 --> 00:25:28,000
you put it

663
00:25:32,070 --> 00:25:30,400

in like 10 i would say 10 to 20

664

00:25:34,950 --> 00:25:32,080

milligrams in your coffee in the morning

665

00:25:35,430 --> 00:25:34,960

just kind of like levels out all the

666

00:25:38,950 --> 00:25:35,440

side

667

00:25:40,870 --> 00:25:38,960

people experience with coffee and uh

668

00:25:42,950 --> 00:25:40,880

yeah but i i'd put it in just about

669

00:25:44,070 --> 00:25:42,960

everything yeah can you taste it in your

670

00:25:46,470 --> 00:25:44,080

beer

671

00:25:48,230 --> 00:25:46,480

you know not at first but i mean i like

672

00:25:49,990 --> 00:25:48,240

the taste you have a hoppy beer

673

00:25:50,950 --> 00:25:50,000

it's very hoppy yeah so that we were

674

00:25:51,750 --> 00:25:50,960

just talking about this with the

675

00:25:54,070 --> 00:25:51,760

terpenes

676
00:25:55,269 --> 00:25:54,080
between hops and cannabis like the buds

677
00:25:57,510 --> 00:25:55,279
are real similar

678
00:25:58,390 --> 00:25:57,520
and so like when you like they're like

679
00:26:01,110 --> 00:25:58,400
in the same

680
00:26:02,630 --> 00:26:01,120
family and so you wouldn't necessarily

681
00:26:03,350 --> 00:26:02,640
maybe taste it in a real hoppy beer

682
00:26:05,190 --> 00:26:03,360
because it's

683
00:26:06,470 --> 00:26:05,200
uh you're getting similar flavor

684
00:26:08,310 --> 00:26:06,480
profiles cool

685
00:26:09,830 --> 00:26:08,320
and smell and all those things whereas

686
00:26:10,390 --> 00:26:09,840
like with joe's he's drinking a lighter

687
00:26:13,750 --> 00:26:10,400
beer

688
00:26:14,789 --> 00:26:13,760

like golden ale yeah it's uh he probably

689

00:26:16,630 --> 00:26:14,799

has a little bit more of the flavor

690

00:26:19,909 --> 00:26:16,640

because he has a less like hoppy

691

00:26:21,750 --> 00:26:19,919

yeah beer but i'm tasting it now uh

692

00:26:23,190 --> 00:26:21,760

but it's like a pleasant flavor it

693

00:26:24,149 --> 00:26:23,200

doesn't taste like weed though like

694

00:26:26,789 --> 00:26:24,159

that's what's cool

695

00:26:27,510 --> 00:26:26,799

and the beer has like this like smooth

696

00:26:29,750 --> 00:26:27,520

yeah

697

00:26:30,549 --> 00:26:29,760

smooth the mouth feel the drinkability

698

00:26:32,470 --> 00:26:30,559

to it yeah

699

00:26:34,470 --> 00:26:32,480

it's weird it's not like a like a sharp

700

00:26:35,430 --> 00:26:34,480

like oh [h__h] drink a beer it's it like

701
00:26:37,669 --> 00:26:35,440
smoothed it out

702
00:26:39,510 --> 00:26:37,679
yeah it's kind of cool it's almost like

703
00:26:39,990 --> 00:26:39,520
maybe my tongue is weird but it's like

704
00:26:42,070 --> 00:26:40,000
almost

705
00:26:43,830 --> 00:26:42,080
uh you said coffee and maybe that

706
00:26:45,029 --> 00:26:43,840
entered my brain and now i'm thinking oh

707
00:26:46,390 --> 00:26:45,039
my god it tastes like a little bit like

708
00:26:49,750 --> 00:26:46,400
coffee

709
00:26:53,110 --> 00:26:49,760
i don't know yeah it doesn't taste like

710
00:26:54,149 --> 00:26:53,120
yeah but it's like oh uh but yeah so

711
00:26:56,870 --> 00:26:54,159
like terpenes

712
00:26:57,269 --> 00:26:56,880
is it is that what is what are terpenes

713
00:26:58,789 --> 00:26:57,279

okay

714

00:27:00,470 --> 00:26:58,799

yeah no let's dive in are we are we

715

00:27:01,430 --> 00:27:00,480

getting into it or no i mean we were

716

00:27:02,230 --> 00:27:01,440

just talking while we were gone but

717

00:27:05,510 --> 00:27:02,240

terpenes

718

00:27:07,029 --> 00:27:05,520

are so they are um it's a

719

00:27:08,549 --> 00:27:07,039

chemical or whatever that gives stuff

720

00:27:10,310 --> 00:27:08,559

its smell so when you think about

721

00:27:12,310 --> 00:27:10,320

especially like not everything but

722

00:27:14,950 --> 00:27:12,320

citrus black pepper

723

00:27:16,310 --> 00:27:14,960

soap uh no well it could be in soap

724

00:27:17,990 --> 00:27:16,320

right like if that you're so

725

00:27:19,269 --> 00:27:18,000

i told you dude they put they like

726
00:27:19,510 --> 00:27:19,279
terpenes and everything because it's a

727
00:27:20,950 --> 00:27:19,520
it's

728
00:27:22,630 --> 00:27:20,960
smells in general that people like like

729
00:27:24,630 --> 00:27:22,640
lavender you know has a

730
00:27:25,750 --> 00:27:24,640
terpene called linole it's like that's

731
00:27:28,950 --> 00:27:25,760
what lavender

732
00:27:32,070 --> 00:27:28,960
like sheep's wool no but

733
00:27:33,350 --> 00:27:32,080
lanolin but um they there's a whole

734
00:27:34,070 --> 00:27:33,360
bunch of them like pining right and it's

735
00:27:36,630 --> 00:27:34,080
like what gives

736
00:27:37,669 --> 00:27:36,640
like pine trees and like conifer like

737
00:27:39,430 --> 00:27:37,679
that smell

738
00:27:41,190 --> 00:27:39,440

yeah um and so humans are really

739

00:27:42,789 --> 00:27:41,200

attracted to terpenes like we love the

740

00:27:44,070 --> 00:27:42,799

smell of citrus and these kind of things

741

00:27:45,029 --> 00:27:44,080

and they all actually have their own

742

00:27:46,630 --> 00:27:45,039

like

743

00:27:48,149 --> 00:27:46,640

therapeutic properties and so when

744

00:27:50,549 --> 00:27:48,159

you're pairing that with

745

00:27:51,590 --> 00:27:50,559

the cannabinoids like you you can really

746

00:27:53,269 --> 00:27:51,600

people can really like

747

00:27:54,789 --> 00:27:53,279

you can really hone in on like exactly

748

00:27:56,470 --> 00:27:54,799

what you're trying to do like if you

749

00:27:58,230 --> 00:27:56,480

really into sleep like merciness a

750

00:28:00,310 --> 00:27:58,240

terpene that has been

751
00:28:02,230 --> 00:28:00,320
proven to help with sleeping you know

752
00:28:03,669 --> 00:28:02,240
sleeping and so if you have a

753
00:28:05,430 --> 00:28:03,679
you know you're taking a cannabis

754
00:28:07,590 --> 00:28:05,440
product that's high in mercy and like

755
00:28:09,110 --> 00:28:07,600
sleep will be easier and so they yeah it

756
00:28:11,830 --> 00:28:09,120
really help they

757
00:28:12,789 --> 00:28:11,840
they add to the effects of of terpenes

758
00:28:14,149 --> 00:28:12,799
so it's pretty cool

759
00:28:15,750 --> 00:28:14,159
but they're in everything and hops

760
00:28:16,950 --> 00:28:15,760
there's tons of them in hops and it

761
00:28:19,029 --> 00:28:16,960
depends on the variety right just like

762
00:28:20,950 --> 00:28:19,039
cannabis hops has tons of varieties

763
00:28:22,950 --> 00:28:20,960

yeah and so you get a lot of different

764

00:28:24,870 --> 00:28:22,960

flavor and smell profiles from hops so

765

00:28:25,909 --> 00:28:24,880

that's why beer is like so expansive you

766

00:28:27,590 --> 00:28:25,919

know because

767

00:28:28,950 --> 00:28:27,600

the hops alone they put all kinds of

768

00:28:30,470 --> 00:28:28,960

different ingredients but the hops alone

769

00:28:32,389 --> 00:28:30,480

can really change the way beer tastes

770

00:28:35,269 --> 00:28:32,399

yeah i'm gonna i'm gonna start walking

771

00:28:39,029 --> 00:28:35,279

around and telling people man

772

00:28:41,909 --> 00:28:40,630

it's gonna be just it's gonna be nice to

773

00:28:42,830 --> 00:28:41,919

meet you i'm gonna tell people that all

774

00:28:44,789 --> 00:28:42,840

the time

775

00:28:46,389 --> 00:28:44,799

dude these turkey beans they smell oh

776

00:28:48,789 --> 00:28:46,399

yeah right now

777

00:28:50,149 --> 00:28:48,799

they're not everything but like nature

778

00:28:51,909 --> 00:28:50,159

like a lot of natural

779

00:28:53,269 --> 00:28:51,919

scents and they're in a lot of sense

780

00:28:55,110 --> 00:28:53,279

essential oils and like that kind of

781

00:28:58,789 --> 00:28:55,120

thing yeah get out in nature

782

00:29:01,110 --> 00:28:58,799

yeah there you go yeah i uh i

783

00:29:03,510 --> 00:29:01,120

tried my hand at growing some hops when

784

00:29:04,710 --> 00:29:03,520

we when my wife and i first moved here

785

00:29:06,470 --> 00:29:04,720

and i

786

00:29:08,789 --> 00:29:06,480

like got some pretty hot here it's

787

00:29:11,029 --> 00:29:08,799

terrible yeah no it's impossible unless

788

00:29:13,190 --> 00:29:11,039

you're like in a greenhouse environment

789

00:29:14,870 --> 00:29:13,200

yeah or like extreme shade here yeah

790

00:29:16,950 --> 00:29:14,880

like the the climates i mean it's just

791

00:29:18,710 --> 00:29:16,960

so hot here you know 140 degrees most

792

00:29:21,430 --> 00:29:18,720

plants aren't really designed for that

793

00:29:22,310 --> 00:29:21,440

yeah um so they didn't go well but i did

794

00:29:24,710 --> 00:29:22,320

learn is that the

795

00:29:26,389 --> 00:29:24,720

that hops like they share an ancestor

796

00:29:29,110 --> 00:29:26,399

with with the hemp

797

00:29:30,230 --> 00:29:29,120

uh they're in the same pan like i i

798

00:29:31,830 --> 00:29:30,240

don't know all the latin terms but

799

00:29:33,590 --> 00:29:31,840

they're in the same family

800

00:29:35,110 --> 00:29:33,600

so they have a lot of similar profiles

801
00:29:35,909 --> 00:29:35,120
they do different things but a lot of

802
00:29:38,950 --> 00:29:35,919
similar

803
00:29:40,950 --> 00:29:38,960
you know like when you look at the butt

804
00:29:42,789 --> 00:29:40,960
the flower buds from both like they

805
00:29:43,990 --> 00:29:42,799
they look really similar they look they

806
00:29:45,830 --> 00:29:44,000
look yeah like they're

807
00:29:47,669 --> 00:29:45,840
the same yeah um same thing but

808
00:29:49,669 --> 00:29:47,679
different the same same same

809
00:29:51,110 --> 00:29:49,679
yeah they looked very similar like when

810
00:29:52,710 --> 00:29:51,120
i was growing them my brother was giving

811
00:29:54,630 --> 00:29:52,720
me [h__\h] like do you just totally grow on

812
00:29:56,070 --> 00:29:54,640
weed don't lie dude i mean the plant

813
00:29:58,470 --> 00:29:56,080

looks totally different like

814

00:30:00,549 --> 00:29:58,480

cops are vining you know but the the

815

00:30:03,669 --> 00:30:00,559

flowers do look very similar

816

00:30:04,950 --> 00:30:03,679

let's see hell yeah dude so you're not

817

00:30:07,510 --> 00:30:04,960

gonna get your mask

818

00:30:08,789 --> 00:30:07,520

yeah oh yeah i gotta find a more legit

819

00:30:10,230 --> 00:30:08,799

place to get it because

820

00:30:12,149 --> 00:30:10,240

i can't find the charge on my credit

821

00:30:13,430 --> 00:30:12,159

card i know that i

822

00:30:14,789 --> 00:30:13,440

there would be no reason why i would

823

00:30:15,510 --> 00:30:14,799

have shared it unless i bought it did

824

00:30:16,789 --> 00:30:15,520

you buy

825

00:30:18,149 --> 00:30:16,799

did you get the gloves from the same

826

00:30:20,149 --> 00:30:18,159

place you bought the mask though no i

827

00:30:22,950 --> 00:30:20,159

got the gloves from amazon

828

00:30:24,070 --> 00:30:22,960

okay does amazon have the mask that i

829

00:30:25,830 --> 00:30:24,080

haven't looked

830

00:30:27,510 --> 00:30:25,840

i should look there you should have

831

00:30:30,070 --> 00:30:27,520

scrolled down the people also bought and

832

00:30:32,310 --> 00:30:30,080

i bet their mask is right there

833

00:30:33,350 --> 00:30:32,320

the suit like the whole deal oh dude

834

00:30:34,789 --> 00:30:33,360

that's awesome

835

00:30:36,950 --> 00:30:34,799

what's next we're all we're almost

836

00:30:39,430 --> 00:30:36,960

through this because i'm ready to get

837

00:30:42,870 --> 00:30:39,440

into that too it's going to be great

838

00:30:45,190 --> 00:30:42,880

uh oh that's the the blimp thing

839

00:30:46,070 --> 00:30:45,200

i have to apologize for the listeners

840

00:30:47,830 --> 00:30:46,080

that have uh

841

00:30:49,990 --> 00:30:47,840

you know supported us and me talking

842

00:30:51,510 --> 00:30:50,000

[h__h] about double posting i totally

843

00:30:54,710 --> 00:30:51,520

double posted

844

00:30:57,990 --> 00:30:54,720

everything everybody posted about it

845

00:31:01,590 --> 00:30:58,000

but hear me out

846

00:31:04,630 --> 00:31:01,600

okay okay maybe it was a blimp

847

00:31:07,909 --> 00:31:04,640

maybe maybe it was right

848

00:31:10,389 --> 00:31:07,919

right but maybe

849

00:31:11,590 --> 00:31:10,399

maybe it wasn't just maybe maybe it

850

00:31:14,070 --> 00:31:11,600

wasn't right

851
00:31:16,149 --> 00:31:14,080
i mean how often does something happen

852
00:31:18,789 --> 00:31:16,159
and then somebody takes a picture

853
00:31:19,269 --> 00:31:18,799
90 miles away a thousand miles away

854
00:31:21,830 --> 00:31:19,279
right

855
00:31:23,190 --> 00:31:21,840
and then they send it in and it's like

856
00:31:25,269 --> 00:31:23,200
oh it was a blimp

857
00:31:26,470 --> 00:31:25,279
this is what we saw over new jersey this

858
00:31:27,269 --> 00:31:26,480
here's the here's the picture of the

859
00:31:29,909 --> 00:31:27,279
blimp right

860
00:31:30,710 --> 00:31:29,919
but maybe the blimp was like in in

861
00:31:32,950 --> 00:31:30,720
montana

862
00:31:35,110 --> 00:31:32,960
flying somewhere you know and they're

863
00:31:36,149 --> 00:31:35,120

just like a different part of new jersey

864

00:31:38,230 --> 00:31:36,159

and not like right

865

00:31:40,230 --> 00:31:38,240

right there yeah yeah i mean we have to

866

00:31:42,389 --> 00:31:40,240

look at that's fair job

867

00:31:43,830 --> 00:31:42,399

and this is this is something that we're

868

00:31:45,669 --> 00:31:43,840

obviously not very good at but

869

00:31:47,750 --> 00:31:45,679

you'd have to look at flight plans you

870

00:31:50,710 --> 00:31:47,760

know what you could call the airport

871

00:31:51,750 --> 00:31:50,720

hey was there a blimp you know flying in

872

00:31:53,909 --> 00:31:51,760

this area

873

00:31:54,950 --> 00:31:53,919

was it something that maybe uh new

874

00:31:57,350 --> 00:31:54,960

jersey already

875

00:31:58,630 --> 00:31:57,360

had had a goodyear blimp this thing

876

00:32:00,549 --> 00:31:58,640

showed up in the sky

877

00:32:02,389 --> 00:32:00,559

right and then disappeared and then they

878

00:32:05,350 --> 00:32:02,399

lifted the blimp off somebody you know

879

00:32:05,830 --> 00:32:05,360

maybe the government was like hey hey

880

00:32:09,190 --> 00:32:05,840

get that

881

00:32:11,430 --> 00:32:09,200

that's a good point and so

882

00:32:12,870 --> 00:32:11,440

so i mean why do things have happened

883

00:32:15,269 --> 00:32:12,880

yeah i mean why would

884

00:32:17,430 --> 00:32:15,279

why would the entire city of new jersey

885

00:32:18,470 --> 00:32:17,440

stop on the highway get out of their car

886

00:32:20,470 --> 00:32:18,480

to look at a blimp

887

00:32:22,389 --> 00:32:20,480

so this is where okay you're kind of

888

00:32:25,990 --> 00:32:22,399

delving into oh no

889

00:32:29,509 --> 00:32:26,000

okay one full tincture

890

00:32:31,029 --> 00:32:29,519

yeah 10 milligrams that's 10 milligrams

891

00:32:32,549 --> 00:32:31,039

like that now put the whole thing in

892

00:32:35,750 --> 00:32:32,559

there yeah there you go

893

00:32:37,269 --> 00:32:35,760

there you go now you're ready this is

894

00:32:39,190 --> 00:32:37,279

also kind of a

895

00:32:40,870 --> 00:32:39,200

it's not hoppy but yeah a little bit

896

00:32:44,070 --> 00:32:40,880

free yeah yeah

897

00:32:47,269 --> 00:32:44,080

um thank you uh so the

898

00:32:50,149 --> 00:32:47,279

you're kind of like digging into uh

899

00:32:51,990 --> 00:32:50,159

so i had this idea of trying to like

900

00:32:52,389 --> 00:32:52,000

combat because i was so pissed like oh

901
00:32:54,710 --> 00:32:52,399
it's a

902
00:32:56,149 --> 00:32:54,720
[h__h] blimp damn it and i was trying

903
00:32:57,830 --> 00:32:56,159
to convince myself like

904
00:32:59,350 --> 00:32:57,840
but like maybe it wasn't so i started to

905
00:33:01,750 --> 00:32:59,360
think of reasons why it wasn't

906
00:33:02,470 --> 00:33:01,760
okay so one of the reasons is how many

907
00:33:04,230 --> 00:33:02,480
clear

908
00:33:06,230 --> 00:33:04,240
photos and videos do we have of it we

909
00:33:08,389 --> 00:33:06,240
all have videos and photos that are a

910
00:33:10,710 --> 00:33:08,399
certain distance away no one's

911
00:33:11,590 --> 00:33:10,720
close enough to that blimp to see it

912
00:33:13,830 --> 00:33:11,600
very clearly

913
00:33:14,789 --> 00:33:13,840

i haven't seen it maybe it exists but i

914

00:33:15,909 --> 00:33:14,799

haven't seen it

915

00:33:17,590 --> 00:33:15,919

nobody would have been like taking

916

00:33:18,070 --> 00:33:17,600

pictures of a blimp though that's a hard

917

00:33:19,830 --> 00:33:18,080

thing

918

00:33:21,669 --> 00:33:19,840

if it was a blimp right like because

919

00:33:23,269 --> 00:33:21,679

right like if it's a blimp

920

00:33:24,710 --> 00:33:23,279

like maybe from this angle oh i'm

921

00:33:25,430 --> 00:33:24,720

playing devil's advocate to your thing

922

00:33:28,630 --> 00:33:25,440

now though

923

00:33:30,149 --> 00:33:28,640

but if if it was a blimp like maybe at

924

00:33:31,909 --> 00:33:30,159

this distance was the only

925

00:33:33,750 --> 00:33:31,919

time that it looked like it was real

926

00:33:35,430 --> 00:33:33,760

linear like that in that video

927

00:33:36,870 --> 00:33:35,440

and so like at any other distance

928

00:33:37,830 --> 00:33:36,880

everybody would just be like oh it's a

929

00:33:40,230 --> 00:33:37,840

plant yeah

930

00:33:41,110 --> 00:33:40,240

yes no that's totally fair yeah that's a

931

00:33:42,710 --> 00:33:41,120

good question

932

00:33:44,549 --> 00:33:42,720

that nobody gives a nobody cares about a

933

00:33:46,470 --> 00:33:44,559

blimp because there isn't

934

00:33:48,470 --> 00:33:46,480

a goodyear blimp that has the little

935

00:33:49,909 --> 00:33:48,480

screen on the bottom like right in the

936

00:33:51,909 --> 00:33:49,919

middle of the blimp

937

00:33:53,830 --> 00:33:51,919

right and we all know what that looks

938

00:33:55,990 --> 00:33:53,840

like we can all see it

939

00:33:57,990 --> 00:33:56,000

um it's just it's just strange to me

940

00:33:59,350 --> 00:33:58,000

that and and people were saying you know

941

00:34:03,190 --> 00:33:59,360

uh

942

00:34:05,350 --> 00:34:03,200

people don't know

943

00:34:06,310 --> 00:34:05,360

what are in the skies and it's like yeah

944

00:34:07,909 --> 00:34:06,320

but

945

00:34:09,829 --> 00:34:07,919

blimps have been around long enough to

946

00:34:10,790 --> 00:34:09,839

where you know what a blimp is gonna

947

00:34:12,069 --> 00:34:10,800

look like like when you

948

00:34:14,069 --> 00:34:12,079

look at it i mean it looks extremely

949

00:34:14,869 --> 00:34:14,079

linear there's so many videos that far

950

00:34:16,629 --> 00:34:14,879

away

951
00:34:18,069 --> 00:34:16,639
it probably looked a little weird so

952
00:34:20,550 --> 00:34:18,079
yeah it totally could be a blimp

953
00:34:21,510 --> 00:34:20,560
yeah but at this point but maybe not

954
00:34:24,230 --> 00:34:21,520
unidentified

955
00:34:25,990 --> 00:34:24,240
yeah no that like digs deeper it gives

956
00:34:28,310 --> 00:34:26,000
more validity to it because

957
00:34:29,510 --> 00:34:28,320
yeah it goes to the psychology it speaks

958
00:34:30,869 --> 00:34:29,520
to the psychology like

959
00:34:32,869 --> 00:34:30,879
the closer you are you're like

960
00:34:33,349 --> 00:34:32,879
dismissive and then that's the only

961
00:34:35,270 --> 00:34:33,359
reason we

962
00:34:36,869 --> 00:34:35,280
have so many videos from that angle

963
00:34:39,510 --> 00:34:36,879

because at a certain distance it's like

964

00:34:41,030 --> 00:34:39,520

the [h__\h] is that dude yeah yeah also

965

00:34:42,069 --> 00:34:41,040

i've never seen a blimp in person and

966

00:34:43,510 --> 00:34:42,079

why didn't anybody

967

00:34:45,909 --> 00:34:43,520

full size i've never seen a blip i've

968

00:34:47,109 --> 00:34:45,919

always well i've seen a hot air balloon

969

00:34:48,470 --> 00:34:47,119

you know what it looks like i know what

970

00:34:50,149 --> 00:34:48,480

it looks like they used to like fly a

971

00:34:52,790 --> 00:34:50,159

blimp around

972

00:34:54,230 --> 00:34:52,800

in the in my college like at basketball

973

00:34:54,710 --> 00:34:54,240

games like a little one that dropped

974

00:34:57,270 --> 00:34:54,720

stuff

975

00:34:59,109 --> 00:34:57,280

oh yeah but that might be the largest

976
00:35:00,710 --> 00:34:59,119
i've seen that i've seen the small ones

977
00:35:02,150 --> 00:35:00,720
but like i don't think i honestly i'm

978
00:35:04,390 --> 00:35:02,160
with you i don't think i've ever seen

979
00:35:06,069 --> 00:35:04,400
like one in real life when you go to a

980
00:35:08,390 --> 00:35:06,079
slicing thing to fly around

981
00:35:10,069 --> 00:35:08,400
like pretty dangerous i don't know the

982
00:35:10,790 --> 00:35:10,079
like all the physics of it but it seems

983
00:35:13,190 --> 00:35:10,800
like a pretty

984
00:35:13,990 --> 00:35:13,200
like whatever aircraft as far as there

985
00:35:15,670 --> 00:35:14,000
is

986
00:35:17,430 --> 00:35:15,680
as far as they're concerned it's the

987
00:35:19,270 --> 00:35:17,440
chillest of aircrafts

988
00:35:21,190 --> 00:35:19,280

right i hope you're not trying to get

989

00:35:22,950 --> 00:35:21,200

anywhere anytime soon

990

00:35:24,470 --> 00:35:22,960

air balloons like slightly it's just

991

00:35:25,030 --> 00:35:24,480

like this much better because maybe they

992

00:35:27,430 --> 00:35:25,040

can like

993

00:35:29,190 --> 00:35:27,440

direction that's cool directional when i

994

00:35:31,190 --> 00:35:29,200

go to the stars hockey games

995

00:35:32,550 --> 00:35:31,200

they have uh they have a hamburger blimp

996

00:35:33,349 --> 00:35:32,560

that now there you go i think that's

997

00:35:36,230 --> 00:35:33,359

what i'm talking about

998

00:35:39,990 --> 00:35:36,240

it drops hamburger coupons no yeah for

999

00:35:44,390 --> 00:35:43,990

coupons for hamburgers oh my god just

1000

00:35:48,710 --> 00:35:44,400

dropped

1001

00:35:52,470 --> 00:35:48,720

the best day ever that would be

1002

00:35:54,550 --> 00:35:52,480

like a taco gun fun fun fun fest

1003

00:35:56,790 --> 00:35:54,560

but you know also another cool thing

1004

00:35:59,829 --> 00:35:56,800

about this is like

1005

00:36:01,670 --> 00:35:59,839

look at how much attention it got yeah

1006

00:36:04,069 --> 00:36:01,680

like everywhere there's not really

1007

00:36:07,829 --> 00:36:04,079

things that happen stoked regardless

1008

00:36:10,230 --> 00:36:07,839

regardless yeah it was just like a few

1009

00:36:11,430 --> 00:36:10,240

people were stoked regardless yeah

1010

00:36:16,230 --> 00:36:11,440

absolutely

1011

00:36:18,150 --> 00:36:16,240

it's still a pretty cool event it's

1012

00:36:20,390 --> 00:36:18,160

still pretty yeah it's still pretty cool

1013

00:36:21,510 --> 00:36:20,400

i think everybody is i'll just say this

1014

00:36:23,190 --> 00:36:21,520

last thing uh

1015

00:36:24,950 --> 00:36:23,200

there's much more of these blimp videos

1016

00:36:27,430 --> 00:36:24,960

but i think everybody right now

1017

00:36:29,349 --> 00:36:27,440

and the zeitgeist of social media is

1018

00:36:31,670 --> 00:36:29,359

ready for a ufo event

1019

00:36:33,270 --> 00:36:31,680

yeah it was almost like the pot was

1020

00:36:35,430 --> 00:36:33,280

boiling and then

1021

00:36:36,950 --> 00:36:35,440

oh [h__h] we see this weird thing and

1022

00:36:38,790 --> 00:36:36,960

everybody you know i

1023

00:36:40,310 --> 00:36:38,800

no i think people were crying you got

1024

00:36:41,510 --> 00:36:40,320

you know like obviously you guys have

1025

00:36:44,710 --> 00:36:41,520

been working in like a

1026
00:36:45,349 --> 00:36:44,720
sector that's like very like has been

1027
00:36:48,550 --> 00:36:45,359
niche

1028
00:36:50,230 --> 00:36:48,560
you know and like recent events and

1029
00:36:51,910 --> 00:36:50,240
also just like the expansion like we've

1030
00:36:53,190 --> 00:36:51,920
kind of been talking about of like just

1031
00:36:55,670 --> 00:36:53,200
people's consciousness and understanding

1032
00:36:57,109 --> 00:36:55,680
what's going on like i think there are

1033
00:36:58,870 --> 00:36:57,119
a lot more people who are open to the

1034
00:37:00,310 --> 00:36:58,880
idea that like no that could

1035
00:37:02,150 --> 00:37:00,320
this is a real thing that is really out

1036
00:37:03,430 --> 00:37:02,160
there yeah i mean like it's no longer

1037
00:37:05,270 --> 00:37:03,440
like this thing where it's like

1038
00:37:06,550 --> 00:37:05,280

real niche it's like i don't know a

1039

00:37:08,150 --> 00:37:06,560

person on the planet who's

1040

00:37:09,829 --> 00:37:08,160

like that i've talked to would be like

1041

00:37:11,990 --> 00:37:09,839

oh i don't believe in that yeah

1042

00:37:13,510 --> 00:37:12,000

really yeah yeah okay that's like a

1043

00:37:16,310 --> 00:37:13,520

pretty tiny

1044

00:37:17,430 --> 00:37:16,320

tiny idea that we're the only that group

1045

00:37:19,829 --> 00:37:17,440

of people is

1046

00:37:20,950 --> 00:37:19,839

smaller and smaller situation you know

1047

00:37:27,589 --> 00:37:20,960

every day

1048

00:37:28,710 --> 00:37:27,599

let's see here blimp yep that's okay

1049

00:37:29,910 --> 00:37:28,720

people were excited

1050

00:37:31,750 --> 00:37:29,920

this might have been the first one that

1051

00:37:35,270 --> 00:37:31,760

i oh i did post it okay yeah

1052

00:37:36,950 --> 00:37:35,280

so bro i mean it does look like one

1053

00:37:38,630 --> 00:37:36,960

it looks and it's like stopping traffic

1054

00:37:40,870 --> 00:37:38,640

like look at this like

1055

00:37:42,950 --> 00:37:40,880

everybody it was it was the yeah the

1056

00:37:44,870 --> 00:37:42,960

stopping traffic really got me because

1057

00:37:46,550 --> 00:37:44,880

and a lot of these and i'm out of their

1058

00:37:48,950 --> 00:37:46,560

cars and notice how nobody's

1059

00:37:50,870 --> 00:37:48,960

freaking out right everybody's pretty

1060

00:37:53,670 --> 00:37:50,880

chill everybody like it they would have

1061

00:37:55,990 --> 00:37:53,680

sat there if if it was a real ufo

1062

00:37:56,870 --> 00:37:56,000

all these people would be like [h__h] it's

1063

00:37:58,150 --> 00:37:56,880

ufo

1064

00:38:00,310 --> 00:37:58,160

right and then they would have went home

1065

00:38:02,069 --> 00:38:00,320

ate dinner talked about the ufo they saw

1066

00:38:03,910 --> 00:38:02,079

netflix and chilled and [h__h] went to

1067

00:38:05,990 --> 00:38:03,920

bed they would have been like is is taco

1068

00:38:07,750 --> 00:38:06,000

bell stolen we saw it and now

1069

00:38:09,829 --> 00:38:07,760

that was it and it's over you know so

1070

00:38:12,550 --> 00:38:09,839

it's yeah there's a different sort of

1071

00:38:14,310 --> 00:38:12,560

consciousness to it for sure it wasn't

1072

00:38:16,390 --> 00:38:14,320

like a world of worlds where like people

1073

00:38:21,030 --> 00:38:16,400

were committing suicide and freaking out

1074

00:38:24,550 --> 00:38:23,829

is that goddamn blimp yeah well i thank

1075

00:38:26,870 --> 00:38:24,560

you for uh

1076

00:38:28,310 --> 00:38:26,880

you were the first comment i saw that

1077

00:38:38,710 --> 00:38:28,320

you tagged me in it like

1078

00:38:43,270 --> 00:38:40,790

for this little gift of course that's so

1079

00:38:44,550 --> 00:38:43,280

awesome let's do that one last so we can

1080

00:38:51,190 --> 00:38:44,560

lead into

1081

00:38:55,270 --> 00:38:53,270

this is interesting this is interesting

1082

00:38:55,829 --> 00:38:55,280

yeah hints of life on venus scientists

1083

00:38:58,950 --> 00:38:55,839

detect

1084

00:39:00,550 --> 00:38:58,960

phosphine uh yeah phosphine molecules

1085

00:39:04,230 --> 00:39:00,560

and high cloud decks

1086

00:39:07,270 --> 00:39:04,240

high cloud decks they're super hot so

1087

00:39:08,630 --> 00:39:07,280

what's interesting about this right is

1088

00:39:11,910 --> 00:39:08,640

that

1089

00:39:15,589 --> 00:39:11,920

the the atmosphere of venus

1090

00:39:19,349 --> 00:39:15,599

is so acidic that phosphine

1091

00:39:22,150 --> 00:39:19,359

shouldn't exist in the atmosphere so

1092

00:39:23,990 --> 00:39:22,160

is it possible that something on the

1093

00:39:28,310 --> 00:39:24,000

ground

1094

00:39:31,349 --> 00:39:28,320

phosphine that's

1095

00:39:33,030 --> 00:39:31,359

now raising into the atmosphere and the

1096

00:39:35,109 --> 00:39:33,040

atmosphere is getting rid of it but

1097

00:39:37,109 --> 00:39:35,119

something is constantly producing it

1098

00:39:39,589 --> 00:39:37,119

to the point to where the atmosphere

1099

00:39:43,510 --> 00:39:39,599

can't get rid of the the phosphine

1100

00:39:45,190 --> 00:39:43,520

quick enough so maybe it's the terpenes

1101

00:39:48,150 --> 00:39:45,200

in the atmosphere some terpenes and

1102

00:39:53,349 --> 00:39:51,349

jupiter and you know

1103

00:39:55,270 --> 00:39:53,359

venus is really hot i think it's like

1104

00:39:58,470 --> 00:39:55,280

800 degrees or something

1105

00:39:59,829 --> 00:39:58,480

on the surface um it's this second

1106

00:40:02,870 --> 00:39:59,839

planet from the sun

1107

00:40:04,230 --> 00:40:02,880

um interesting fact though mercury being

1108

00:40:07,670 --> 00:40:04,240

the first planet

1109

00:40:09,349 --> 00:40:07,680

is uh way cooler than yes

1110

00:40:11,030 --> 00:40:09,359

it all depends on your atmosphere yeah

1111

00:40:11,990 --> 00:40:11,040

that's why a lot of people think like

1112

00:40:13,910 --> 00:40:12,000

why is mar

1113

00:40:15,910 --> 00:40:13,920

what's the big deal about mars well it

1114

00:40:16,950 --> 00:40:15,920

all has to do with the atmosphere i

1115

00:40:20,069 --> 00:40:16,960

didn't know that

1116

00:40:21,430 --> 00:40:20,079

until very recently but yeah like yeah

1117

00:40:23,510 --> 00:40:21,440

the closer you get to the sun doesn't

1118

00:40:25,349 --> 00:40:23,520

necessarily mean that it's hotter

1119

00:40:27,190 --> 00:40:25,359

yeah because it's so [h__h] far it's

1120

00:40:29,910 --> 00:40:27,200

just bigger in your sky right uh-huh

1121

00:40:31,990 --> 00:40:29,920

i wonder how big how wild how big do you

1122

00:40:33,990 --> 00:40:32,000

think the sun looks on venus

1123

00:40:35,670 --> 00:40:34,000

can you even look at the sky i mean like

1124

00:40:38,069 --> 00:40:35,680

with our right with our

1125

00:40:39,510 --> 00:40:38,079

stupid eyes like could we even look up

1126

00:40:41,030 --> 00:40:39,520

like could you even look up

1127

00:40:43,190 --> 00:40:41,040

you would have to constantly be wearing

1128

00:40:44,150 --> 00:40:43,200

like some sort of yeah some dope shades

1129

00:40:45,589 --> 00:40:44,160

that have like

1130

00:40:47,510 --> 00:40:45,599

you know yeah like they're like this

1131

00:40:48,790 --> 00:40:47,520

thick and like oh yeah so one

1132

00:40:51,430 --> 00:40:48,800

interesting theory

1133

00:40:52,150 --> 00:40:51,440

um that's pretty cool is like say maybe

1134

00:40:55,270 --> 00:40:52,160

there was

1135

00:40:58,390 --> 00:40:55,280

water at some point in time that uh

1136

00:41:00,150 --> 00:40:58,400

you know things lived in on venus it

1137

00:41:02,150 --> 00:41:00,160

started getting super hot the water

1138

00:41:03,270 --> 00:41:02,160

started to evaporate whatever living

1139

00:41:06,390 --> 00:41:03,280

organisms

1140

00:41:07,430 --> 00:41:06,400

that were there yeah um it was getting

1141

00:41:09,990 --> 00:41:07,440

really really hot

1142

00:41:10,630 --> 00:41:10,000

maybe they burrowed underground right

1143

00:41:12,870 --> 00:41:10,640

and so now

1144

00:41:14,630 --> 00:41:12,880

life started to live and started to

1145

00:41:17,750 --> 00:41:14,640

progress and evolve

1146

00:41:18,309 --> 00:41:17,760

underground right and you know just just

1147

00:41:20,150 --> 00:41:18,319

like us

1148

00:41:21,349 --> 00:41:20,160

well i mean like yeah how hot are like

1149

00:41:22,950 --> 00:41:21,359

the vent like the

1150

00:41:24,150 --> 00:41:22,960

vents that are in like at the very

1151

00:41:25,670 --> 00:41:24,160

deepest part of the ocean where like

1152

00:41:26,069 --> 00:41:25,680

those like oh yeah creatures are living

1153

00:41:27,670 --> 00:41:26,079

like

1154

00:41:29,750 --> 00:41:27,680

geothermal vents yeah yeah yeah yeah

1155

00:41:32,950 --> 00:41:29,760

like too hot right for us

1156

00:41:34,710 --> 00:41:32,960

but like 800 degrees here right

1157

00:41:36,630 --> 00:41:34,720

like how hot are those vents how many

1158

00:41:38,870 --> 00:41:36,640

degrees you know like i'm like

1159

00:41:39,910 --> 00:41:38,880

i don't know if stuff can live at that

1160

00:41:42,589 --> 00:41:39,920

you know like

1161

00:41:43,910 --> 00:41:42,599

they found they found uh that uh

1162

00:41:45,829 --> 00:41:43,920

extremophiles

1163

00:41:48,150 --> 00:41:45,839

live uh they found some in like the

1164

00:41:50,150 --> 00:41:48,160

cores of nuclear reactors

1165

00:41:51,829 --> 00:41:50,160

what yeah so i mean you're talking

1166

00:41:54,470 --> 00:41:51,839

things can live in

1167

00:41:55,750 --> 00:41:54,480

the wildest types of environments right

1168

00:41:58,790 --> 00:41:55,760

yeah

1169

00:42:01,589 --> 00:41:58,800

the israelis spilled the the the uh

1170

00:42:03,510 --> 00:42:01,599

the water bearers on the moon and then

1171

00:42:04,950 --> 00:42:03,520

oh the water bears yeah remember they

1172

00:42:07,349 --> 00:42:04,960

spilled them on the moon

1173

00:42:07,990 --> 00:42:07,359

and so now they were worried about like

1174

00:42:12,550 --> 00:42:08,000

that like

1175

00:42:17,829 --> 00:42:15,910

yeah it's like a jar a water bear and so

1176

00:42:19,589 --> 00:42:17,839

it's uh what is it uh

1177

00:42:21,510 --> 00:42:19,599

scientists for like the past ten years

1178

00:42:25,030 --> 00:42:21,520

have been looking for things

1179

00:42:26,069 --> 00:42:25,040

uh and they call it uh agnostic bio

1180

00:42:29,030 --> 00:42:26,079

signatures

1181

00:42:29,990 --> 00:42:29,040

so we used to think of this whole thing

1182

00:42:32,950 --> 00:42:30,000

of like okay

1183

00:42:34,230 --> 00:42:32,960

life needs this this this to exist right

1184

00:42:37,109 --> 00:42:34,240

well

1185

00:42:38,550 --> 00:42:37,119

that's here on earth what does life need

1186

00:42:39,990 --> 00:42:38,560

to exist

1187

00:42:41,829 --> 00:42:40,000

elsewhere in the universe maybe it

1188

00:42:42,309 --> 00:42:41,839

doesn't necessarily need what we need

1189

00:42:45,750 --> 00:42:42,319

here on

1190

00:42:47,750 --> 00:42:45,760

earth so it's these new agnostic bio

1191

00:42:49,589 --> 00:42:47,760

signatures kind of getting rid of

1192

00:42:52,309 --> 00:42:49,599

everything you think you know

1193

00:42:52,790 --> 00:42:52,319

and having to really look outside the

1194

00:42:54,630 --> 00:42:52,800

box

1195

00:42:56,710 --> 00:42:54,640

you know they find these things and it's

1196

00:42:57,589 --> 00:42:56,720

like whoa these are partial building

1197

00:43:01,510 --> 00:42:57,599

blocks

1198

00:43:04,230 --> 00:43:01,520

for biology maybe not necessarily

1199

00:43:06,150 --> 00:43:04,240

biology on earth but biology here

1200

00:43:07,349 --> 00:43:06,160

yeah that's a real possibility that

1201
00:43:09,349 --> 00:43:07,359
there's stuff

1202
00:43:11,030 --> 00:43:09,359
floating around because when you get on

1203
00:43:13,190 --> 00:43:11,040
venus it's super hot

1204
00:43:15,750 --> 00:43:13,200
but then whenever you raise up into the

1205
00:43:20,790 --> 00:43:15,760
atmosphere it cools to about like

1206
00:43:25,190 --> 00:43:24,150
yeah that's dumb i mean when you're a

1207
00:43:28,550 --> 00:43:25,200
doctor scientist

1208
00:43:31,829 --> 00:43:28,560
oh wow i know right you know so why

1209
00:43:32,950 --> 00:43:31,839
couldn't life maybe exist in the upper

1210
00:43:35,030 --> 00:43:32,960
atmosphere

1211
00:43:36,069 --> 00:43:35,040
you know just a bunch of floating like

1212
00:43:37,829 --> 00:43:36,079
jelly type

1213
00:43:40,230 --> 00:43:37,839

things that maybe live in the upper

1214

00:43:42,390 --> 00:43:40,240

atmosphere you've got these massive like

1215

00:43:43,750 --> 00:43:42,400

whale looking things maybe just floating

1216

00:43:47,030 --> 00:43:43,760

through the atmosphere

1217

00:43:49,430 --> 00:43:47,040

maybe creating um this phosphine that's

1218

00:43:51,750 --> 00:43:49,440

in the upper upper clouds yeah and it's

1219

00:43:54,470 --> 00:43:51,760

just biology we just haven't seen it yet

1220

00:43:55,829 --> 00:43:54,480

dude so can't get in there you can't get

1221

00:43:56,790 --> 00:43:55,839

in there i think actually i think the

1222

00:43:59,829 --> 00:43:56,800

russians

1223

00:44:01,829 --> 00:43:59,839

um landed on venus and like

1224

00:44:03,510 --> 00:44:01,839

took a couple snapshots and no [h__\h] yeah

1225

00:44:07,030 --> 00:44:03,520

what that was it so yeah there's

1226

00:44:08,950 --> 00:44:07,040

actual photos of venus on there

1227

00:44:10,630 --> 00:44:08,960

all the way in there inside the i'm

1228

00:44:11,910 --> 00:44:10,640

pretty sure gas in the cloud oh he's

1229

00:44:13,349 --> 00:44:11,920

just going to take it oh oh

1230

00:44:16,230 --> 00:44:13,359

we're going to check we're going to see

1231

00:44:20,550 --> 00:44:16,240

what the google say fact check

1232

00:44:23,910 --> 00:44:20,560

photo yep there it is oh wow what

1233

00:44:27,670 --> 00:44:23,920

like a camera survived yep yep

1234

00:44:29,349 --> 00:44:27,680

whoa dude what

1235

00:44:31,990 --> 00:44:29,359

i mean yeah like if it looks like it

1236

00:44:33,829 --> 00:44:32,000

could have been or could be inhabited by

1237

00:44:36,790 --> 00:44:33,839

something

1238

00:44:39,349 --> 00:44:36,800

it's pretty cool phoenix arizona it does

1239

00:44:41,030 --> 00:44:39,359

that picture might be

1240

00:44:43,349 --> 00:44:41,040

i don't think that one is it well there

1241

00:44:46,790 --> 00:44:43,359

you go that's how big the sun is

1242

00:44:49,190 --> 00:44:46,800

wow that's how far away it is

1243

00:44:50,950 --> 00:44:49,200

is that it looks almost the same almost

1244

00:44:53,750 --> 00:44:50,960

the same as on earth that's how

1245

00:44:54,630 --> 00:44:53,760

far the sun is dude yeah that's pretty

1246

00:44:57,910 --> 00:44:54,640

nuts

1247

00:44:58,870 --> 00:44:57,920

oh and there's uh our buddies uh uh mary

1248

00:45:12,710 --> 00:44:58,880

and

1249

00:45:18,309 --> 00:45:15,990

it's funny that like they chose uh

1250

00:45:20,470 --> 00:45:18,319

venus rather than mars and like we're so

1251
00:45:22,430 --> 00:45:20,480
fixated on mars i guess maybe only elon

1252
00:45:23,589 --> 00:45:22,440
musk is fixated but it seems more

1253
00:45:25,670 --> 00:45:23,599
inhabitable

1254
00:45:27,670 --> 00:45:25,680
probably than that yeah you know like if

1255
00:45:29,190 --> 00:45:27,680
we're going to go to a place and

1256
00:45:32,630 --> 00:45:29,200
you know like of the ones that are close

1257
00:45:35,270 --> 00:45:32,640
enough to travel to like reasonably

1258
00:45:36,150 --> 00:45:35,280
yeah i guess mars makes more sense yeah

1259
00:45:38,790 --> 00:45:36,160
but i

1260
00:45:39,990 --> 00:45:38,800
i think i'm so expert just a doc you're

1261
00:45:42,069 --> 00:45:40,000
an honorary doctor scientist

1262
00:45:43,349 --> 00:45:42,079
i'm just so like much i appreciate it if

1263
00:45:45,030 --> 00:45:43,359

you think about it like if you turned

1264

00:45:45,349 --> 00:45:45,040

around and you wanted to go to venus

1265

00:45:47,670 --> 00:45:45,359

like

1266

00:45:49,430 --> 00:45:47,680

it's probably a way shorter trip too two

1267

00:45:51,589 --> 00:45:49,440

videos

1268

00:45:54,150 --> 00:45:51,599

because i can't remember the order of

1269

00:45:58,069 --> 00:45:54,160

planets mercury venus earth mars jupiter

1270

00:45:58,390 --> 00:45:58,079

saturn uranus neptune pluto oh so venus

1271

00:46:01,829 --> 00:45:58,400

is

1272

00:46:05,030 --> 00:46:01,839

further from us yeah mercury v sun

1273

00:46:13,109 --> 00:46:05,040

mercury venus earth and then like

1274

00:46:16,870 --> 00:46:15,030

um yeah i mean i think it'd be a shorter

1275

00:46:18,390 --> 00:46:16,880

trip i think the distance between venus

1276

00:46:19,990 --> 00:46:18,400

maybe they're planning to do it there

1277

00:46:20,309 --> 00:46:20,000

and we're gonna do it on mars and like

1278

00:46:22,870 --> 00:46:20,319

we'll

1279

00:46:24,710 --> 00:46:22,880

see we won't have to see the russians

1280

00:46:27,349 --> 00:46:24,720

they'll be all the way

1281

00:46:28,069 --> 00:46:27,359

i mean these this this phosphine i mean

1282

00:46:32,069 --> 00:46:28,079

these are

1283

00:46:33,349 --> 00:46:32,079

venus remember the guy with the pyramid

1284

00:46:34,230 --> 00:46:33,359

on his head who said that there was

1285

00:46:37,510 --> 00:46:34,240

people living

1286

00:46:38,069 --> 00:46:37,520

on venus in venus itself and he was

1287

00:46:41,109 --> 00:46:38,079

pretty

1288

00:46:42,870 --> 00:46:41,119

was

1289

00:46:44,069 --> 00:46:42,880

like that's what's going on like that's

1290

00:46:45,589 --> 00:46:44,079

reasonable that something just like

1291

00:46:47,990 --> 00:46:45,599

where they're like oh let's just

1292

00:46:50,069 --> 00:46:48,000

close the hatch and maybe and go down

1293

00:46:52,150 --> 00:46:50,079

there i think yeah the underground

1294

00:46:53,910 --> 00:46:52,160

apocalyptic film that's like that like

1295

00:46:55,270 --> 00:46:53,920

something happens to the outside of

1296

00:46:56,950 --> 00:46:55,280

oh yeah the planet i mean there's

1297

00:46:57,430 --> 00:46:56,960

probably several but i have one in my

1298

00:46:59,510 --> 00:46:57,440

brain

1299

00:47:00,710 --> 00:46:59,520

right now like that's what they do and

1300

00:47:02,230 --> 00:47:00,720

everything seems to be working fine

1301

00:47:04,069 --> 00:47:02,240

other than it's a little bit like

1302

00:47:05,750 --> 00:47:04,079

big brother you know yeah yeah

1303

00:47:08,230 --> 00:47:05,760

definitely definitely but

1304

00:47:09,270 --> 00:47:08,240

yeah so that's super cool i mean that's

1305

00:47:11,589 --> 00:47:09,280

pretty interesting

1306

00:47:13,109 --> 00:47:11,599

yeah obviously they probably already

1307

00:47:13,510 --> 00:47:13,119

know whether or not there's life out

1308

00:47:16,630 --> 00:47:13,520

there

1309

00:47:17,750 --> 00:47:16,640

this is just the slow right little drill

1310

00:47:19,910 --> 00:47:17,760

getting people to

1311

00:47:20,950 --> 00:47:19,920

you know adapt to the information of

1312

00:47:23,270 --> 00:47:20,960

like

1313

00:47:24,549 --> 00:47:23,280

we're starting to see signs of possible

1314

00:47:26,470 --> 00:47:24,559

life in the universe

1315

00:47:27,829 --> 00:47:26,480

when eight years ago they were like

1316

00:47:30,390 --> 00:47:27,839

[h__\h] impossible

1317

00:47:30,950 --> 00:47:30,400

yeah it's just it's so weird how like it

1318

00:47:33,430 --> 00:47:30,960

doesn't

1319

00:47:35,670 --> 00:47:33,440

i feel like people were saying that yeah

1320

00:47:38,309 --> 00:47:35,680

like eight years doesn't it sounds

1321

00:47:39,990 --> 00:47:38,319

like a lot longer but i feel like it

1322

00:47:41,430 --> 00:47:40,000

sounds like it was not that long ago but

1323

00:47:43,109 --> 00:47:41,440

i feel like

1324

00:47:44,790 --> 00:47:43,119

eight years ago ten years ago like we

1325

00:47:45,829 --> 00:47:44,800

were living in the stone age as far as

1326

00:47:47,270 --> 00:47:45,839

this topic well

1327

00:47:49,190 --> 00:47:47,280

yeah and it's plenty of time for life

1328

00:47:50,630 --> 00:47:49,200

definitely a change in perception right

1329

00:47:52,549 --> 00:47:50,640

like especially with like how

1330

00:47:55,270 --> 00:47:52,559

quickly information is moving right now

1331

00:47:57,349 --> 00:47:55,280

like eight years

1332

00:47:58,790 --> 00:47:57,359

300 years ago like yeah would have been

1333

00:48:00,150 --> 00:47:58,800

totally different yeah

1334

00:48:02,950 --> 00:48:00,160

right right now like eight years of

1335

00:48:05,910 --> 00:48:02,960

information right now is like

1336

00:48:06,230 --> 00:48:05,920

an unimaginable amount of information

1337

00:48:08,390 --> 00:48:06,240

you know

1338

00:48:09,829 --> 00:48:08,400

and so yeah i could see that it does

1339

00:48:11,829 --> 00:48:09,839

feel

1340

00:48:12,950 --> 00:48:11,839

much longer yeah yeah it's almost like

1341

00:48:16,150 --> 00:48:12,960

analogous to

1342

00:48:18,710 --> 00:48:16,160

the older you get the faster time

1343

00:48:20,470 --> 00:48:18,720

it gets because it's based off of your

1344

00:48:23,270 --> 00:48:20,480

experience so like when you were five

1345

00:48:23,750 --> 00:48:23,280

five minutes seemed like forever and

1346

00:48:26,150 --> 00:48:23,760

then now

1347

00:48:26,790 --> 00:48:26,160

five minutes is like i don't even know

1348

00:48:31,750 --> 00:48:26,800

what i was

1349

00:48:35,349 --> 00:48:31,760

doing yeah why am i not wearing a shirt

1350

00:48:37,270 --> 00:48:35,359

where are my shoes

1351
00:48:39,430 --> 00:48:37,280
but yeah i want to say one more thing so

1352
00:48:40,710 --> 00:48:39,440
this is there is there a possibility of

1353
00:48:43,750 --> 00:48:40,720
this phosphine is

1354
00:48:47,270 --> 00:48:43,760
that could occur chemically rather than

1355
00:48:49,589 --> 00:48:47,280
organically i don't know

1356
00:48:50,950 --> 00:48:49,599
possibly but the thing is is that the

1357
00:48:53,990 --> 00:48:50,960
the phosphine is

1358
00:48:56,549 --> 00:48:54,000
is is a chemical

1359
00:48:57,270 --> 00:48:56,559
produced by yeah it's like a byproduct

1360
00:48:59,430 --> 00:48:57,280
of like

1361
00:49:01,190 --> 00:48:59,440
biology that's like like when they say

1362
00:49:04,950 --> 00:49:01,200
uh you know there's uh

1363
00:49:08,870 --> 00:49:04,960

methane right methane is is is created

1364

00:49:12,470 --> 00:49:08,880

by decomposition yeah decomposition

1365

00:49:15,270 --> 00:49:12,480

of of biology right that's what creates

1366

00:49:16,870 --> 00:49:15,280

that chemical reaction to produce carbon

1367

00:49:18,790 --> 00:49:16,880

matter and methane

1368

00:49:21,030 --> 00:49:18,800

right so it's kind of the same deal it's

1369

00:49:24,230 --> 00:49:21,040

like well something's creating

1370

00:49:25,990 --> 00:49:24,240

these biological signatures we know that

1371

00:49:28,150 --> 00:49:26,000

they're in the atmosphere

1372

00:49:29,190 --> 00:49:28,160

obviously they're tiny little particles

1373

00:49:32,309 --> 00:49:29,200

but what's

1374

00:49:32,710 --> 00:49:32,319

what's creating that right you know so i

1375

00:49:34,710 --> 00:49:32,720

love

1376

00:49:36,549 --> 00:49:34,720

i just i know i'm harping on this one

1377

00:49:38,069 --> 00:49:36,559

but yeah uh i can't remember who said it

1378

00:49:41,030 --> 00:49:38,079

but like digging underground

1379

00:49:42,309 --> 00:49:41,040

i think is like yo for seeing it oh yeah

1380

00:49:43,990 --> 00:49:42,319

you said like maybe there's something

1381

00:49:47,270 --> 00:49:44,000

underground living and then it's

1382

00:49:48,950 --> 00:49:47,280

expelling that that uh that chemical

1383

00:49:51,109 --> 00:49:48,960

it's very appropriate

1384

00:49:52,870 --> 00:49:51,119

very cool expelling that chemical from

1385

00:49:53,990 --> 00:49:52,880

an underground like geyser or something

1386

00:49:55,430 --> 00:49:54,000

and it's just like right like they have

1387

00:50:02,150 --> 00:49:55,440

a win for their like

1388

00:50:02,160 --> 00:50:06,069

yeah that's our fart chimney yeah

1389

00:50:09,750 --> 00:50:08,549

yeah that's super cool i feel like it's

1390

00:50:12,950 --> 00:50:09,760

been done on earth too

1391

00:50:15,910 --> 00:50:12,960

i don't know i mean i mean oh so there's

1392

00:50:16,549 --> 00:50:15,920

i mean i mean we get really crazy about

1393

00:50:18,230 --> 00:50:16,559

all the

1394

00:50:20,230 --> 00:50:18,240

tunnels and the weird things that are

1395

00:50:22,150 --> 00:50:20,240

underground yeah lots of places

1396

00:50:23,589 --> 00:50:22,160

there did you see the the article

1397

00:50:26,230 --> 00:50:23,599

recently of this uh

1398

00:50:28,069 --> 00:50:26,240

this cave in in mexico where they they

1399

00:50:30,470 --> 00:50:28,079

dug into this little pocket

1400

00:50:31,589 --> 00:50:30,480

of uh it's basically like quartz crystal

1401

00:50:35,109 --> 00:50:31,599

or some kind of crystal

1402

00:50:36,790 --> 00:50:35,119

that's been sealed off from air for

1403

00:50:38,390 --> 00:50:36,800

who knows how long and then there's

1404

00:50:39,910 --> 00:50:38,400

little extrema files like that

1405

00:50:41,589 --> 00:50:39,920

like you were saying extreme files right

1406

00:50:44,230 --> 00:50:41,599

uh-huh [h__h] love that term

1407

00:50:45,109 --> 00:50:44,240

um living in there and there's there's

1408

00:50:46,470 --> 00:50:45,119

all different

1409

00:50:48,470 --> 00:50:46,480

shapes and sizes everything's

1410

00:50:51,750 --> 00:50:48,480

translucent because there's no light

1411

00:50:54,950 --> 00:50:51,760

yeah no one has eyes and there

1412

00:50:56,710 --> 00:50:54,960

uh some speculated like because one

1413

00:50:57,990 --> 00:50:56,720

species and this is just one out of

1414

00:50:59,990 --> 00:50:58,000

they're still finding like

1415

00:51:02,230 --> 00:51:00,000

however however many but uh there's

1416

00:51:04,150 --> 00:51:02,240

still there's one species that

1417

00:51:05,910 --> 00:51:04,160

definitely is is an ancestor of

1418

00:51:06,309 --> 00:51:05,920

something that's on earth right now like

1419

00:51:09,270 --> 00:51:06,319

on

1420

00:51:09,990 --> 00:51:09,280

a pill bug or roly-poly whatever you

1421

00:51:12,630 --> 00:51:10,000

call it

1422

00:51:14,710 --> 00:51:12,640

but uh at some point maybe maybe there

1423

00:51:16,549 --> 00:51:14,720

was air open and particles got in and

1424

00:51:18,069 --> 00:51:16,559

bugs crawled in but the majority of

1425

00:51:20,549 --> 00:51:18,079

those dudes down there are like

1426

00:51:21,510 --> 00:51:20,559

nothing like what the rest is on the

1427

00:51:23,589 --> 00:51:21,520

planet yeah

1428

00:51:25,349 --> 00:51:23,599

similar but like in a lot of ways very

1429

00:51:27,270 --> 00:51:25,359

different same same

1430

00:51:29,190 --> 00:51:27,280

as it hasn't had the interaction that

1431

00:51:31,270 --> 00:51:29,200

other species have had

1432

00:51:33,910 --> 00:51:31,280

you know so who's to say there's not

1433

00:51:37,670 --> 00:51:33,920

some tiny little pocket the size of this

1434

00:51:39,589 --> 00:51:37,680

yeah on venus dude yep dude yep yep

1435

00:51:40,870 --> 00:51:39,599

yeah it was pretty cool that was

1436

00:51:42,549 --> 00:51:40,880

definitely interesting

1437

00:51:45,750 --> 00:51:42,559

oh thanks joe for posting that you're

1438

00:51:49,670 --> 00:51:48,150

uh i didn't watch this one i didn't

1439

00:51:51,430 --> 00:51:49,680

watch this one either

1440

00:51:53,910 --> 00:51:51,440

yeah if it's like if it's like a uh

1441

00:51:57,510 --> 00:51:53,920

during a couple seconds

1442

00:52:01,829 --> 00:51:57,520

it's two minutes 49 seconds but

1443

00:52:08,230 --> 00:52:01,839

oh over there i see it oh yeah oh [h__\h]

1444

00:52:11,829 --> 00:52:10,230

that's pretty interesting it's crazy

1445

00:52:13,750 --> 00:52:11,839

that the guy's watching the avalanche

1446

00:52:14,069 --> 00:52:13,760

when like there's an alien ufo right

1447

00:52:15,829 --> 00:52:14,079

there

1448

00:52:21,910 --> 00:52:15,839

maybe he's like yeah not even looking

1449

00:52:25,670 --> 00:52:23,829

i didn't see anything but then i looked

1450

00:52:28,390 --> 00:52:25,680

at my video or i looked at my picture

1451
00:52:29,430 --> 00:52:28,400
and it was in you know the developed

1452
00:52:32,470 --> 00:52:29,440
film or it was

1453
00:52:34,710 --> 00:52:32,480
on my camera and we didn't even see it

1454
00:52:35,589 --> 00:52:34,720
so that's very possible that that could

1455
00:52:38,470 --> 00:52:35,599
have happened too

1456
00:52:39,270 --> 00:52:38,480
yeah and a great example of that is uh

1457
00:52:43,030 --> 00:52:39,280
the

1458
00:52:44,309 --> 00:52:43,040
doing uh drone footage and like a really

1459
00:52:47,349 --> 00:52:44,319
high frame rate

1460
00:52:48,790 --> 00:52:47,359
over this canyon uh and often it's

1461
00:52:50,790 --> 00:52:48,800
pretty flat landing off the distance

1462
00:52:52,549 --> 00:52:50,800
bear canyon utah yes yeah

1463
00:52:54,230 --> 00:52:52,559

and then like they went back to look at

1464

00:52:55,589 --> 00:52:54,240

their their footage and slowing it down

1465

00:52:58,069 --> 00:52:55,599

from 60 frames or whatever

1466

00:52:59,829 --> 00:52:58,079

down to 24 or 30 and they noticed this

1467

00:53:00,309 --> 00:52:59,839

little white dot come from the mountain

1468

00:53:02,150 --> 00:53:00,319

range

1469

00:53:03,829 --> 00:53:02,160

all the way in front of the camera this

1470

00:53:05,829 --> 00:53:03,839

little white and you really can't tell

1471

00:53:06,390 --> 00:53:05,839

what the shape is because it's moving so

1472

00:53:07,829 --> 00:53:06,400

fast

1473

00:53:10,470 --> 00:53:07,839

right so people are saying like it's a

1474

00:53:13,430 --> 00:53:10,480

bird but who can move

1475

00:53:15,750 --> 00:53:13,440

the like from where he was from the

1476

00:53:19,270 --> 00:53:15,760

mountain range the distances

1477

00:53:21,349 --> 00:53:19,280

i mean the the drones can move extremely

1478

00:53:23,030 --> 00:53:21,359

fast i mean if he had one that was

1479

00:53:24,630 --> 00:53:23,040

videoing at that speed and like you know

1480

00:53:25,109 --> 00:53:24,640

like he probably has a really good drone

1481

00:53:27,030 --> 00:53:25,119

like

1482

00:53:28,710 --> 00:53:27,040

yeah i mean it moves as fast a bird so

1483

00:53:31,190 --> 00:53:28,720

like it would have been very like

1484

00:53:33,589 --> 00:53:31,200

you know they were they were able to

1485

00:53:36,950 --> 00:53:33,599

track the distance that it traveled

1486

00:53:40,150 --> 00:53:36,960

and they were out able to track uh

1487

00:53:42,710 --> 00:53:40,160

the size of it as frame by frame as it

1488

00:53:45,349 --> 00:53:42,720

came closer and closer and

1489

00:53:47,030 --> 00:53:45,359

it was it was legit then they tracked it

1490

00:53:49,270 --> 00:53:47,040

the thing was moving over 9

1491

00:53:50,630 --> 00:53:49,280

000 miles an hour yeah it was only like

1492

00:53:51,430 --> 00:53:50,640

10 frames that they caught it on or

1493

00:53:54,710 --> 00:53:51,440

something like that

1494

00:53:57,750 --> 00:53:54,720

so had it that just does like the math

1495

00:53:59,030 --> 00:53:57,760

doesn't let's go it's so fast it's crazy

1496

00:54:01,670 --> 00:53:59,040

super fast

1497

00:54:03,589 --> 00:54:01,680

but yeah they some people like took the

1498

00:54:05,750 --> 00:54:03,599

time to like break that down yeah they

1499

00:54:08,230 --> 00:54:05,760

visited the site and they were like okay

1500

00:54:09,109 --> 00:54:08,240

so the trees are this tall the mountain

1501
00:54:11,670 --> 00:54:09,119
is this

1502
00:54:12,790 --> 00:54:11,680
high we noticed that it came over the

1503
00:54:14,870 --> 00:54:12,800
mountain range

1504
00:54:17,270 --> 00:54:14,880
and then flew down into the trees and

1505
00:54:18,549 --> 00:54:17,280
they came up and shot off to the side

1506
00:54:20,630 --> 00:54:18,559
people were like yeah it's a bug but

1507
00:54:22,390 --> 00:54:20,640
then after you put all these lines and

1508
00:54:23,430 --> 00:54:22,400
you break down the film the way they

1509
00:54:25,190 --> 00:54:23,440
broke it down

1510
00:54:26,870 --> 00:54:25,200
they tracked it it was moving over nine

1511
00:54:30,950 --> 00:54:26,880
thousand miles an hour

1512
00:54:33,030 --> 00:54:30,960
yeah it was hauling ass and that's slow

1513
00:54:35,109 --> 00:54:33,040

slow that's slow you know i think they

1514

00:54:38,470 --> 00:54:35,119

said it was like over 80 g's

1515

00:54:41,349 --> 00:54:38,480

it pulled yeah that's pretty ridiculous

1516

00:54:42,789 --> 00:54:41,359

that's so fast yeah it's either got a i

1517

00:54:44,390 --> 00:54:42,799

don't know which is kind of consistent

1518

00:54:45,349 --> 00:54:44,400

though because if you listen to the way

1519

00:54:47,510 --> 00:54:45,359

that like

1520

00:54:49,910 --> 00:54:47,520

fravor talks about the way that this

1521

00:54:53,190 --> 00:54:49,920

thing maneuvered how fast it moved

1522

00:54:55,910 --> 00:54:53,200

went from 25 000 feet down to sea level

1523

00:54:58,069 --> 00:54:55,920

in like less than a second it was moving

1524

00:55:01,270 --> 00:54:58,079

at almost that same rate of speed

1525

00:55:02,710 --> 00:55:01,280

yeah yeah and now that the tic tac stuff

1526
00:55:03,910 --> 00:55:02,720
came out if you go back and look at the

1527
00:55:06,710 --> 00:55:03,920
video you're like that

1528
00:55:08,309 --> 00:55:06,720
looks like the tic tac that they caught

1529
00:55:10,069 --> 00:55:08,319
it does the bear mountain one yeah

1530
00:55:12,069 --> 00:55:10,079
yep yep and it's there's like some

1531
00:55:13,430 --> 00:55:12,079
warping to it but yeah i would say it

1532
00:55:15,510 --> 00:55:13,440
looks

1533
00:55:17,270 --> 00:55:15,520
like it's it's warming the space around

1534
00:55:21,430 --> 00:55:17,280
it but now that i've watched so many

1535
00:55:23,750 --> 00:55:21,440
things on your thing i'm like maybe

1536
00:55:24,789 --> 00:55:23,760
yeah maybe it's not the one but i i'm

1537
00:55:25,190 --> 00:55:24,799
pretty sure i know what you're talking

1538
00:55:28,390 --> 00:55:25,200

about

1539

00:55:31,030 --> 00:55:28,400

yeah yeah so was it like the pentagon

1540

00:55:32,549 --> 00:55:31,040

and everybody yeah oh um interesting

1541

00:55:46,870 --> 00:55:32,559

thing i've i found out

1542

00:55:50,230 --> 00:55:49,589

there's like two words i don't even

1543

00:55:53,750 --> 00:55:50,240

think it says

1544

00:55:57,430 --> 00:55:53,760

thing

1545

00:56:05,190 --> 00:56:02,470

okay um a tip right a tips like

1546

00:56:06,789 --> 00:56:05,200

that's all that's written on there so a

1547

00:56:08,630 --> 00:56:06,799

tips this huge thing that like

1548

00:56:11,510 --> 00:56:08,640

everybody's talking about right now

1549

00:56:13,270 --> 00:56:11,520

atip is this program if you're not aware

1550

00:56:15,670 --> 00:56:13,280

a tip is a program that

1551

00:56:16,470 --> 00:56:15,680

the government was using to uh

1552

00:56:19,190 --> 00:56:16,480

investigate

1553

00:56:20,470 --> 00:56:19,200

ufos and these craft and try and figure

1554

00:56:21,829 --> 00:56:20,480

out what's going on well it was a

1555

00:56:24,710 --> 00:56:21,839

completely hidden

1556

00:56:26,230 --> 00:56:24,720

uh aerial uh threat identification

1557

00:56:28,870 --> 00:56:26,240

program yeah advanced aerial

1558

00:56:31,030 --> 00:56:28,880

identification or advanced advance oh i

1559

00:56:34,390 --> 00:56:31,040

think you're right advanced

1560

00:56:37,510 --> 00:56:34,400

aerospace threat identification

1561

00:56:41,829 --> 00:56:37,520

yes advanced uh aerospace so

1562

00:56:45,510 --> 00:56:41,839

okay so this is interesting uh

1563

00:56:47,349 --> 00:56:45,520

apparently um did you read your notes

1564

00:56:48,950 --> 00:56:47,359

too let me read my notes real fast

1565

00:56:52,750 --> 00:56:48,960

all three of these words i couldn't just

1566

00:56:56,069 --> 00:56:52,760

[h__h] i just couldn't remember it right

1567

00:56:58,710 --> 00:56:56,079

a-a-w-s-a and there might be a p

1568

00:57:00,430 --> 00:56:58,720

at the end of it okay have you heard of

1569

00:57:04,470 --> 00:57:00,440

this

1570

00:57:07,510 --> 00:57:04,480

a-a-a-w-s-a-s-a all sas

1571

00:57:10,870 --> 00:57:07,520

sweat sweat sweat ass

1572

00:57:14,630 --> 00:57:10,880

okay so advanced aerial weapon

1573

00:57:21,349 --> 00:57:18,150

is atip was a sub program

1574

00:57:23,670 --> 00:57:21,359

of this aawsa oh

1575

00:57:24,549 --> 00:57:23,680

so advanced aerial weapon systems

1576

00:57:27,589 --> 00:57:24,559

application

1577

00:57:31,270 --> 00:57:27,599

so this was already a thing and

1578

00:57:32,950 --> 00:57:31,280

atip came out of this other program

1579

00:57:35,910 --> 00:57:32,960

right as like a research program so

1580

00:57:37,589 --> 00:57:35,920

we're all hearing about atip but now i'm

1581

00:57:40,470 --> 00:57:37,599

extremely interested

1582

00:57:41,910 --> 00:57:40,480

in what this weapon systems application

1583

00:57:43,349 --> 00:57:41,920

program was

1584

00:57:45,589 --> 00:57:43,359

the reason that like yeah why there

1585

00:57:49,430 --> 00:57:45,599

would even be a program right

1586

00:57:53,030 --> 00:57:49,440

the reason that uh it's uh i think

1587

00:57:54,069 --> 00:57:53,040

why there's so many uh so much confusion

1588

00:57:57,030 --> 00:57:54,079

on whether or not

1589

00:57:58,789 --> 00:57:57,040

is it aerial or is it aerospace is there

1590

00:58:01,510 --> 00:57:58,799

a program or is there no

1591

00:58:03,430 --> 00:58:01,520

p for program so when you go and you

1592

00:58:04,549 --> 00:58:03,440

request a foia which is freedom of

1593

00:58:08,430 --> 00:58:04,559

information act

1594

00:58:09,750 --> 00:58:08,440

from the government if you put

1595

00:58:11,750 --> 00:58:09,760

a-a-w-s-a-p

1596

00:58:13,270 --> 00:58:11,760

and there's no p they're not gonna send

1597

00:58:14,470 --> 00:58:13,280

you anything they know exactly what

1598

00:58:15,589 --> 00:58:14,480

you're talking about but they're not

1599

00:58:18,069 --> 00:58:15,599

gonna send it to you

1600

00:58:18,710 --> 00:58:18,079

same thing with the a-tip if you put

1601
00:58:21,349 --> 00:58:18,720
advanced

1602
00:58:22,549 --> 00:58:21,359
aerial you know threat identification

1603
00:58:24,069 --> 00:58:22,559
programs they're gonna be like

1604
00:58:25,990 --> 00:58:24,079
i know what you're talking about that's

1605
00:58:27,109 --> 00:58:26,000
not what it's called denied

1606
00:58:29,349 --> 00:58:27,119
they're not gonna send you any

1607
00:58:31,109 --> 00:58:29,359
information they're they're that stingy

1608
00:58:31,589 --> 00:58:31,119
about it right you have to get every

1609
00:58:34,069 --> 00:58:31,599
word

1610
00:58:36,230 --> 00:58:34,079
correct or you have to spell the acronym

1611
00:58:38,549 --> 00:58:36,240
exactly the way it needs to be spelled

1612
00:58:39,829 --> 00:58:38,559
in order to get it and i think it's perf

1613
00:58:41,750 --> 00:58:39,839

on purpose

1614

00:58:42,870 --> 00:58:41,760

that there's so much confusion on what

1615

00:58:45,109 --> 00:58:42,880

is this actually called

1616

00:58:46,789 --> 00:58:45,119

is it aerospace is it aerial what is

1617

00:58:48,549 --> 00:58:46,799

there p is there no p

1618

00:58:50,470 --> 00:58:48,559

like what's the deal with that that's

1619

00:58:50,789 --> 00:58:50,480

called bureaucracy right like they try

1620

00:58:54,150 --> 00:58:50,799

to

1621

00:58:55,270 --> 00:58:54,160

get like a new license in a different

1622

00:58:57,030 --> 00:58:55,280

state like

1623

00:58:58,630 --> 00:58:57,040

i i don't i've never still don't even

1624

00:58:59,430 --> 00:58:58,640

have a texas license because it is that

1625

00:59:01,910 --> 00:58:59,440

hard

1626
00:59:02,710 --> 00:59:01,920
like my colorado license like i just

1627
00:59:05,349 --> 00:59:02,720
push

1628
00:59:07,510 --> 00:59:05,359
renew online and they just send me a new

1629
00:59:10,309 --> 00:59:07,520
one in the mail so

1630
00:59:11,670 --> 00:59:10,319
i mean yeah yeah they need like you're

1631
00:59:13,190 --> 00:59:11,680
gonna get all of my information i

1632
00:59:14,470 --> 00:59:13,200
they have things they need things i

1633
00:59:15,910 --> 00:59:14,480
don't even know where they like i don't

1634
00:59:17,510 --> 00:59:15,920
even have access to

1635
00:59:19,270 --> 00:59:17,520
certain things they need texas is i

1636
00:59:20,390 --> 00:59:19,280
think is particularly hard too yeah

1637
00:59:22,549 --> 00:59:20,400
we're gonna need your blood type

1638
00:59:24,150 --> 00:59:22,559

in here yeah i know i'm like texas is

1639

00:59:24,710 --> 00:59:24,160

like what kind of what kind of pistol do

1640

00:59:27,829 --> 00:59:24,720

you own

1641

00:59:29,670 --> 00:59:27,839

yeah it's like a required field

1642

00:59:31,190 --> 00:59:29,680

you're like i have a 22 and they're like

1643

00:59:34,710 --> 00:59:31,200

you ain't driving

1644

00:59:36,230 --> 00:59:34,720

not a [h__h] you can't have a car

1645

00:59:37,829 --> 00:59:36,240

you can't fire a real gun you can't

1646

00:59:40,549 --> 00:59:37,839

drive a car

1647

00:59:42,069 --> 00:59:40,559

oh my god oh that was great dude but

1648

00:59:43,990 --> 00:59:42,079

yeah man so i thought that was pretty

1649

00:59:48,470 --> 00:59:44,000

interesting yeah apparently

1650

00:59:50,870 --> 00:59:48,480

uh it's like my source said that this

1651

00:59:54,309 --> 00:59:50,880

source

1652

00:59:57,589 --> 00:59:54,319

came directly from luis elizondo

1653

00:59:59,910 --> 00:59:57,599

confirmed that aaws ap was a thing

1654

01:00:01,030 --> 00:59:59,920

and that atip was a sub program that

1655

01:00:04,069 --> 01:00:01,040

came out of it

1656

01:00:06,950 --> 01:00:04,079

and then he started to head up uh

1657

01:00:08,309 --> 01:00:06,960

the a-tip program and that's how he knew

1658

01:00:10,630 --> 01:00:08,319

about the other program

1659

01:00:11,910 --> 01:00:10,640

yeah so it's like so you guys are

1660

01:00:13,510 --> 01:00:11,920

talking about a-tip

1661

01:00:15,190 --> 01:00:13,520

you [h__h] are still lying about the

1662

01:00:15,589 --> 01:00:15,200

original program that it started out

1663

01:00:17,430 --> 01:00:15,599

with

1664

01:00:19,030 --> 01:00:17,440

so that's just like a whole nother news

1665

01:00:21,030 --> 01:00:19,040

it's almost like

1666

01:00:22,230 --> 01:00:21,040

yeah it's like a whole another new thing

1667

01:00:25,349 --> 01:00:22,240

look over here that

1668

01:00:25,910 --> 01:00:25,359

uh yeah like it makes sense like you

1669

01:00:28,230 --> 01:00:25,920

start out

1670

01:00:29,109 --> 01:00:28,240

as like a weapons thing right and then

1671

01:00:31,270 --> 01:00:29,119

if if

1672

01:00:32,470 --> 01:00:31,280

it gets too hairy or people start paying

1673

01:00:34,390 --> 01:00:32,480

attention to it

1674

01:00:36,230 --> 01:00:34,400

you want to start something nefarious or

1675

01:00:39,510 --> 01:00:36,240

or just general

1676
01:00:40,710 --> 01:00:39,520
which is a phenomenon and then

1677
01:00:42,309 --> 01:00:40,720
put a little bit of money in there and

1678
01:00:43,990 --> 01:00:42,319
then have the media go there instead of

1679
01:00:45,670 --> 01:00:44,000
looking at your actual

1680
01:00:47,349 --> 01:00:45,680
what you're really looking for is like

1681
01:00:49,270 --> 01:00:47,359
what the [h__h] weapons do they have do

1682
01:00:50,630 --> 01:00:49,280
yeah what have they got though

1683
01:00:53,190 --> 01:00:50,640
yeah how many slingshots do they have on

1684
01:00:54,789 --> 01:00:53,200
that thing yeah yeah

1685
01:00:56,549 --> 01:00:54,799
there'll be an awesome ufo with a giant

1686
01:00:58,870 --> 01:00:56,559
slingshot that comes out

1687
01:01:00,230 --> 01:00:58,880
oh my gosh and it shoots gooey [h__h] at

1688
01:01:02,789 --> 01:01:00,240

you

1689

01:01:05,990 --> 01:01:02,799

all so sticky that can't move oh it

1690

01:01:06,000 --> 01:01:12,390

oh no

1691

01:01:17,990 --> 01:01:15,750

what is this oh slap ham

1692

01:01:18,950 --> 01:01:18,000

i love that logo by the way it's amazing

1693

01:01:22,710 --> 01:01:18,960

slamming him

1694

01:01:32,309 --> 01:01:22,720

we saw the the adobe thing yeah

1695

01:01:35,910 --> 01:01:35,109

yeah no i've seen it i i mean i don't

1696

01:01:38,309 --> 01:01:35,920

know it does

1697

01:01:39,190 --> 01:01:38,319

walk like at the end here like the way

1698

01:01:42,390 --> 01:01:39,200

the knees look

1699

01:01:44,069 --> 01:01:42,400

like that is kind of bizarre so that's a

1700

01:01:45,829 --> 01:01:44,079

that's a scrawny little kid i mean if

1701

01:01:49,750 --> 01:01:45,839

that's this i mean that's like a

1702

01:01:52,549 --> 01:01:49,760

really really lanky skinny kid yeah like

1703

01:01:54,710 --> 01:01:52,559

kids that age are not generally that

1704

01:01:57,990 --> 01:01:54,720

lanky i mean also those cameras are like

1705

01:02:00,789 --> 01:01:58,000

very like they're very not like

1706

01:02:02,150 --> 01:02:00,799

the perception no the quality but like

1707

01:02:04,069 --> 01:02:02,160

yeah like the whole deal with like those

1708

01:02:05,910 --> 01:02:04,079

outdoor cameras like kind of yeah

1709

01:02:07,829 --> 01:02:05,920

whatever so it could be very skewed for

1710

01:02:09,270 --> 01:02:07,839

sure right it looks like yeah it's a kid

1711

01:02:11,190 --> 01:02:09,280

throwing a tantrum honestly

1712

01:02:14,069 --> 01:02:11,200

he's got he got he has boxers on his

1713

01:02:15,990 --> 01:02:14,079

head dude i did this when i was a kid

1714

01:02:17,910 --> 01:02:16,000

this is what i was something i would do

1715

01:02:19,910 --> 01:02:17,920

yeah he's got he's just like

1716

01:02:21,910 --> 01:02:19,920

yeah it looks like he's wearing a onesie

1717

01:02:26,870 --> 01:02:21,920

and yeah like something over his head

1718

01:02:30,309 --> 01:02:29,109

oh that's our that's our music it's our

1719

01:02:34,309 --> 01:02:30,319

band it's our bang

1720

01:02:38,150 --> 01:02:34,319

it's our band man it's me it's you yeah

1721

01:02:42,710 --> 01:02:41,750

oh my god glasses so i don't know if he

1722

01:02:44,950 --> 01:02:42,720

knows uh

1723

01:02:46,230 --> 01:02:44,960

bailey but yeah we have this thing me

1724

01:02:49,109 --> 01:02:46,240

and ben started a company

1725

01:02:50,549 --> 01:02:49,119

uh-huh what's it called masturbation

1726

01:02:53,750 --> 01:02:50,559

propulsion technology

1727

01:02:58,069 --> 01:02:53,760

and it's uh it's by uh bolskan balskin

1728

01:02:59,910 --> 01:02:58,079

moleskin company and we research uh

1729

01:03:01,990 --> 01:02:59,920

masturbation propulsion technology and

1730

01:03:04,230 --> 01:03:02,000

the idea behind it basically is that

1731

01:03:08,230 --> 01:03:04,240

uh i mean i got it yeah yeah yeah you

1732

01:03:12,069 --> 01:03:10,309

look at look at the battery percentage

1733

01:03:16,549 --> 01:03:12,079

no i mean it'd be off the charts

1734

01:03:18,230 --> 01:03:16,559

probably yeah oh my god

1735

01:03:20,230 --> 01:03:18,240

yeah it's a sister company to our other

1736

01:03:21,589 --> 01:03:20,240

company called to the farts academy of

1737

01:03:25,109 --> 01:03:21,599

arts and science

1738

01:03:26,789 --> 01:03:25,119

yeah oh dude sad news i actually had to

1739

01:03:29,270 --> 01:03:26,799

i had to mix that for a little bit

1740

01:03:30,870 --> 01:03:29,280

because oh yeah we're cutting right yeah

1741

01:03:32,870 --> 01:03:30,880

i'm cutting down on the expenses it was

1742

01:03:34,309 --> 01:03:32,880

like 40 bucks a month for a joke

1743

01:03:36,230 --> 01:03:34,319

i mean it was good for like a couple

1744

01:03:38,950 --> 01:03:36,240

months it was a 80

1745

01:03:40,789 --> 01:03:38,960

joke or however you know whatever it was

1746

01:03:44,390 --> 01:03:40,799

worth it though it was great

1747

01:03:45,670 --> 01:03:44,400

it was great uh so this one dude that's

1748

01:03:47,190 --> 01:03:45,680

that's somebody getting lucky right

1749

01:03:47,750 --> 01:03:47,200

there right that's an alien with four

1750

01:03:51,910 --> 01:03:47,760

legs

1751
01:03:56,549 --> 01:03:53,910
but her eyes are it's a four-legged

1752
01:04:06,710 --> 01:03:56,559
two-headed lady

1753
01:04:13,750 --> 01:04:10,710
oh yeah this is great dude your comment

1754
01:04:16,950 --> 01:04:13,760
dude it's the world's largest sperm

1755
01:04:19,829 --> 01:04:16,960
also like how do you like who who found

1756
01:04:21,829 --> 01:04:19,839
that it's a hundred million years old

1757
01:04:24,230 --> 01:04:21,839
they found a hundred million year old

1758
01:04:27,829 --> 01:04:24,240
giant sperm looking at

1759
01:04:31,109 --> 01:04:30,230
it's like an ancient cephalopod okay and

1760
01:04:32,950 --> 01:04:31,119
they think that the

1761
01:04:34,309 --> 01:04:32,960
the image on the right it belongs to the

1762
01:04:37,510 --> 01:04:34,319
cephalopod yes

1763
01:04:40,309 --> 01:04:37,520

yes apparently they're uh they're

1764

01:04:40,789 --> 01:04:40,319

the recording and mating lasted really

1765

01:04:44,470 --> 01:04:40,799

long

1766

01:04:47,430 --> 01:04:44,480

time and it and it passed this

1767

01:04:47,670 --> 01:04:47,440

massive sperm it's like the size of like

1768

01:05:10,150 --> 01:04:47,680

a

1769

01:05:11,829 --> 01:05:10,160

hope nobody

1770

01:05:19,190 --> 01:05:11,839

finds my house in a hundred million

1771

01:05:24,150 --> 01:05:21,109

or a skinny coyote yeah that's a very

1772

01:05:26,470 --> 01:05:24,160

skinny guy it is

1773

01:05:27,349 --> 01:05:26,480

uh yes talk about this one this one i

1774

01:05:30,870 --> 01:05:27,359

didn't this

1775

01:05:34,069 --> 01:05:30,880

yes yeah so this um

1776

01:05:35,349 --> 01:05:34,079

they just released that russia and china

1777

01:05:38,230 --> 01:05:35,359

have officially

1778

01:05:39,750 --> 01:05:38,240

launched direct energy weapons they're

1779

01:05:43,029 --> 01:05:39,760

on satellites

1780

01:05:46,069 --> 01:05:43,039

which means with these highly

1781

01:05:49,430 --> 01:05:46,079

you know high-energy um

1782

01:05:50,470 --> 01:05:49,440

direct energy weapons you can manipulate

1783

01:05:52,630 --> 01:05:50,480

the weather

1784

01:05:53,910 --> 01:05:52,640

you could actually cause small

1785

01:05:54,630 --> 01:05:53,920

earthquakes it says that in this

1786

01:05:58,470 --> 01:05:54,640

document

1787

01:06:01,829 --> 01:05:58,480

there's a lot of stuff that you can read

1788

01:06:05,190 --> 01:06:01,839

yeah about on it um all that

1789

01:06:08,710 --> 01:06:05,200

curiously enough uh you can start fires

1790

01:06:10,710 --> 01:06:08,720

oh [h__h] and hit people with it um

1791

01:06:11,829 --> 01:06:10,720

so we're looking at a whole completely

1792

01:06:15,510 --> 01:06:11,839

different type of

1793

01:06:16,309 --> 01:06:15,520

of uh warfare that's inevitable at this

1794

01:06:17,829 --> 01:06:16,319

point

1795

01:06:19,430 --> 01:06:17,839

because before then we really haven't

1796

01:06:22,069 --> 01:06:19,440

put anything that was like

1797

01:06:22,710 --> 01:06:22,079

war worthy yeah except for like um what

1798

01:06:24,870 --> 01:06:22,720

is it the

1799

01:06:26,789 --> 01:06:24,880

the rods of god yeah you know it was

1800

01:06:28,630 --> 01:06:26,799

just like those massive

1801

01:06:30,230 --> 01:06:28,640

poles that they would just drop from the

1802

01:06:30,789 --> 01:06:30,240

upper atmosphere and it would slowly

1803

01:06:34,069 --> 01:06:30,799

fall

1804

01:06:34,470 --> 01:06:34,079

and then hit stuff and yeah it's like

1805

01:06:37,510 --> 01:06:34,480

this

1806

01:06:39,270 --> 01:06:37,520

massive solid rod that we have up in

1807

01:06:42,870 --> 01:06:39,280

space and if you drop it

1808

01:06:45,990 --> 01:06:42,880

it's like five nuclear bombs going off

1809

01:06:48,950 --> 01:06:46,000

without the nuclear fallout but

1810

01:06:50,630 --> 01:06:48,960

it still messes stuff up just because

1811

01:06:52,390 --> 01:06:50,640

yeah just because of the impact but it

1812

01:06:53,910 --> 01:06:52,400

will ruin somebody's birthday for sure

1813

01:06:55,990 --> 01:06:53,920

definitely a few probably a few

1814

01:06:58,470 --> 01:06:56,000

birthdays but these

1815

01:06:59,510 --> 01:06:58,480

which is kind of interesting um they're

1816

01:07:03,109 --> 01:06:59,520

up in space

1817

01:07:05,349 --> 01:07:03,119

direct energy weapons um i mean

1818

01:07:06,950 --> 01:07:05,359

california has fires all the time i'm

1819

01:07:07,990 --> 01:07:06,960

not saying this is part of a direct

1820

01:07:09,670 --> 01:07:08,000

energy weapon

1821

01:07:11,190 --> 01:07:09,680

kind of thing but uh we got them in

1822

01:07:14,309 --> 01:07:11,200

washington oh my god i'm in

1823

01:07:16,710 --> 01:07:14,319

in oregon we got them in colorado like

1824

01:07:18,950 --> 01:07:16,720

they're freaking everywhere what if it's

1825

01:07:20,950 --> 01:07:18,960

uh somehow related to the q anon

1826

01:07:22,789 --> 01:07:20,960

thing and they're just getting rid of

1827

01:07:25,510 --> 01:07:22,799

hollywood

1828

01:07:26,470 --> 01:07:25,520

that's what they're doing that's okay

1829

01:07:29,589 --> 01:07:26,480

it's kind of interesting

1830

01:07:31,430 --> 01:07:29,599

reaching here that's kind of interesting

1831

01:07:32,789 --> 01:07:31,440

why not ask the question right why not

1832

01:07:33,430 --> 01:07:32,799

ask the question maybe somebody knows

1833

01:07:36,069 --> 01:07:33,440

the answer

1834

01:07:38,390 --> 01:07:36,079

i don't know call in 8-1-8 i mean if

1835

01:07:40,950 --> 01:07:38,400

we're going to be honest bro i mean

1836

01:07:42,630 --> 01:07:40,960

oregon and california [h__h] sinning

1837

01:07:44,789 --> 01:07:42,640

all the time bro like that's just

1838

01:07:47,589 --> 01:07:44,799

like i mean you know that's what happens

1839

01:07:52,390 --> 01:07:51,029

get off and that's what happens also

1840

01:07:53,029 --> 01:07:52,400

when you don't take care and clean your

1841

01:07:55,829 --> 01:07:53,039

forests

1842

01:07:56,309 --> 01:07:55,839

so i'm not blaming anybody oh i thought

1843

01:07:59,430 --> 01:07:56,319

you said

1844

01:08:01,589 --> 01:07:59,440

floors no forest got it i

1845

01:08:03,109 --> 01:08:01,599

did think he said floors too and i was

1846

01:08:04,390 --> 01:08:03,119

like i don't know what that means but i

1847

01:08:05,990 --> 01:08:04,400

like it's cheeky

1848

01:08:07,990 --> 01:08:06,000

and that but the forest thing does make

1849

01:08:09,829 --> 01:08:08,000

more sense and yes clean your forest

1850

01:08:11,750 --> 01:08:09,839

that's a good psa to put out clean your

1851

01:08:13,990 --> 01:08:11,760

forests yeah

1852

01:08:15,510 --> 01:08:14,000

and you know it's just insane right now

1853

01:08:18,470 --> 01:08:15,520

you know like uh

1854

01:08:20,149 --> 01:08:18,480

uh gender reveal party is is is you know

1855

01:08:22,789 --> 01:08:20,159

responsible for

1856

01:08:24,149 --> 01:08:22,799

thousands of acres of stuff catching on

1857

01:08:26,870 --> 01:08:24,159

fire people's homes

1858

01:08:29,669 --> 01:08:26,880

their pets you know what i'm saying like

1859

01:08:31,189 --> 01:08:29,679

i mean the the electrical company

1860

01:08:33,269 --> 01:08:31,199

on the planet like is there a worse

1861

01:08:35,590 --> 01:08:33,279

party you could be invited to tell me

1862

01:08:37,030 --> 01:08:35,600

if you were like tell me a worse party

1863

01:08:39,510 --> 01:08:37,040

if you that you could be invited to and

1864

01:08:41,349 --> 01:08:39,520

you'd be just like

1865

01:08:43,110 --> 01:08:41,359

then that that's the worst one i can't

1866

01:08:44,789 --> 01:08:43,120

think of an actual part i can make up a

1867

01:08:45,829 --> 01:08:44,799

joke but that's probably going to be the

1868

01:08:49,189 --> 01:08:45,839

most annoying one to get

1869

01:08:52,390 --> 01:08:49,199

bogon poetry party

1870

01:08:54,550 --> 01:08:52,400

oh yeah there you go yeah vegan or vogue

1871

01:08:56,070 --> 01:08:54,560

what's vogod vogon remember the vogons

1872

01:08:59,430 --> 01:08:56,080

they have the worst poetry in

1873

01:09:01,590 --> 01:08:59,440

in the entire universe you really you

1874

01:09:04,950 --> 01:09:01,600

would literally wish death upon yourself

1875

01:09:07,669 --> 01:09:04,960

because it's so bad but uh yeah man

1876

01:09:08,789 --> 01:09:07,679

there's a lot to this whole fire thing

1877

01:09:10,870 --> 01:09:08,799

yeah but

1878

01:09:13,430 --> 01:09:10,880

um now we have a new option you can set

1879

01:09:15,669 --> 01:09:13,440

[h__\h] on fire from space

1880

01:09:17,430 --> 01:09:15,679

it's like a big magnifying glass like uh

1881

01:09:21,749 --> 01:09:17,440

yeah yeah i mean technically

1882

01:09:24,870 --> 01:09:21,759

i think kids just up there yeah yeah

1883

01:09:26,309 --> 01:09:24,880

yeah i think uh i think i think honestly

1884

01:09:27,189 --> 01:09:26,319

this is stuff that we've probably had

1885

01:09:29,430 --> 01:09:27,199

for a long time

1886

01:09:30,470 --> 01:09:29,440

oh yeah i know philip had said i think

1887

01:09:31,349 --> 01:09:30,480

it's probably something we had in the

1888

01:09:33,990 --> 01:09:31,359

80s

1889

01:09:35,990 --> 01:09:34,000

which is yeah if we if we're looking at

1890

01:09:38,709 --> 01:09:36,000

like secret space program stuff

1891

01:09:39,590 --> 01:09:38,719

how they were already launching things

1892

01:09:41,749 --> 01:09:39,600

into space

1893

01:09:43,510 --> 01:09:41,759

and maybe possibly even building things

1894

01:09:45,110 --> 01:09:43,520

on the moon as early as the 50s

1895

01:09:47,590 --> 01:09:45,120

yeah um yeah that doesn't surprise me

1896

01:09:52,309 --> 01:09:47,600

one bit yeah i think actually like

1897

01:09:54,310 --> 01:09:52,319

uh like the article and the idea of it

1898

01:09:56,630 --> 01:09:54,320

in my head is like well yeah no [\h__\h]

1899

01:09:58,310 --> 01:09:56,640

like wait you didn't already have that

1900

01:09:59,990 --> 01:09:58,320

you know kind of i think we're a little

1901

01:10:02,630 --> 01:10:00,000

biased because we like

1902

01:10:03,750 --> 01:10:02,640

we know people that like and we spoke to

1903

01:10:05,669 --> 01:10:03,760

people that

1904

01:10:07,430 --> 01:10:05,679

kind of know about it and we've like

1905

01:10:08,070 --> 01:10:07,440

speculated for a long time and it just

1906

01:10:10,310 --> 01:10:08,080

makes

1907

01:10:11,430 --> 01:10:10,320

sense to i don't know yeah you're just

1908

01:10:14,550 --> 01:10:11,440

connecting dots it's

1909

01:10:18,149 --> 01:10:14,560

good yeah yeah it's reasonable um

1910

01:10:21,590 --> 01:10:18,159

but yeah man i mean i think that's uh

1911

01:10:24,790 --> 01:10:21,600

extremely uh extremely dangerous right

1912

01:10:26,229 --> 01:10:24,800

i mean like space is so big what the

1913

01:10:29,590 --> 01:10:26,239

[h__h] are you fighting over

1914

01:10:31,110 --> 01:10:29,600

like what are you fighting over this is

1915

01:10:35,590 --> 01:10:31,120

my space

1916

01:10:37,910 --> 01:10:35,600

good platform

1917

01:10:39,350 --> 01:10:37,920

our new sponsor i saw this meme the

1918

01:10:41,270 --> 01:10:39,360

other day where it was like

1919

01:10:43,510 --> 01:10:41,280

remember myspace when all tom ever

1920

01:10:45,910 --> 01:10:43,520

wanted was just to be your friend

1921

01:10:46,790 --> 01:10:45,920

it was a simpler time it was a simpler

1922

01:10:49,990 --> 01:10:46,800

time for sure

1923

01:10:52,790 --> 01:10:50,000

yeah oh man but yeah i mean i mean

1924

01:10:53,910 --> 01:10:52,800

i think it's i think it's just terrible

1925

01:10:57,430 --> 01:10:53,920

it's just awful

1926

01:11:00,790 --> 01:10:59,110

like we kill each other enough on this

1927

01:11:02,550 --> 01:11:00,800

planet i mean it's a lot of power

1928

01:11:04,630 --> 01:11:02,560

and now it's like now we have stuff in

1929

01:11:06,870 --> 01:11:04,640

space that can like kill you too

1930

01:11:08,790 --> 01:11:06,880

yeah and there's already enough stuff in

1931

01:11:09,830 --> 01:11:08,800

space that could probably possibly wipe

1932

01:11:12,310 --> 01:11:09,840

out this planet

1933

01:11:13,910 --> 01:11:12,320

why must we help help kill each other

1934

01:11:15,830 --> 01:11:13,920

off it just doesn't make any sense but i

1935

01:11:18,070 --> 01:11:15,840

i think i like it i don't like it

1936

01:11:19,110 --> 01:11:18,080

i i think if uh something else is

1937

01:11:20,310 --> 01:11:19,120

possibly watching

1938

01:11:22,149 --> 01:11:20,320

hopefully it'll just take those

1939

01:11:24,550 --> 01:11:22,159

satellites oh dude

1940

01:11:26,870 --> 01:11:24,560

yeah right just just all i have to do is

1941

01:11:29,189 --> 01:11:26,880

just go up to it and poke the satellite

1942

01:11:31,430 --> 01:11:29,199

and there it goes it's off yeah to

1943

01:11:32,870 --> 01:11:31,440

the next planet or just off into space

1944

01:11:34,709 --> 01:11:32,880

for eternity

1945

01:11:37,110 --> 01:11:34,719

that's literally all you have to do is

1946

01:11:41,750 --> 01:11:37,120

yeah yeah

1947

01:11:44,390 --> 01:11:41,760

oh my god that's awesome pentagon

1948

01:11:44,950 --> 01:11:44,400

oh that was it well this week lewis

1949

01:11:46,430 --> 01:11:44,960

posted

1950

01:11:48,950 --> 01:11:46,440

nothing about ufos

1951

01:11:51,350 --> 01:11:48,960

[Laughter]

1952

01:11:55,830 --> 01:11:51,360

that's so funny look at this song with

1953

01:11:58,550 --> 01:11:55,840

dmx in it

1954

01:12:00,550 --> 01:11:58,560

oh that's so good man i love it well

1955

01:12:02,229 --> 01:12:00,560

that was the that was the facebook stuff

1956

01:12:05,110 --> 01:12:02,239

man do you want to go back

1957

01:12:06,550 --> 01:12:05,120

go back oh yes yes to uh to her post so

1958

01:12:07,590 --> 01:12:06,560

we can answer those questions and we can

1959

01:12:10,709 --> 01:12:07,600

start getting into this

1960

01:12:11,590 --> 01:12:10,719

all right guys uh now for the the meat

1961

01:12:14,950 --> 01:12:11,600

and taters

1962

01:12:18,709 --> 01:12:14,960

uh that's your nickname now i like it

1963

01:12:20,630 --> 01:12:18,719

i'm meeting taters um

1964

01:12:22,149 --> 01:12:20,640

bailey's gonna be here she's gonna she's

1965

01:12:22,630 --> 01:12:22,159

gonna she's gonna i'm gonna answer all

1966

01:12:25,669 --> 01:12:22,640

your questions

1967

01:12:27,910 --> 01:12:25,679

she's gonna talk at us there we go so oh

1968

01:12:29,590 --> 01:12:27,920

yeah i did a post and some people

1969

01:12:30,870 --> 01:12:29,600

um posted some questions so i think

1970

01:12:31,990 --> 01:12:30,880

that's a good place to start we can just

1971

01:12:34,229 --> 01:12:32,000

kind of answer

1972

01:12:35,030 --> 01:12:34,239

i think definitely somebody named

1973

01:12:39,590 --> 01:12:35,040

william

1974

01:12:43,750 --> 01:12:42,070

to the questions oh yeah he's all about

1975

01:12:47,270 --> 01:12:43,760

it's okay he's busy

1976

01:12:48,950 --> 01:12:47,280

he's busy um okay i think william had

1977

01:12:50,790 --> 01:12:48,960

like questions and other people had sort

1978

01:12:54,149 --> 01:12:50,800

of similar questions so

1979

01:12:57,430 --> 01:12:54,159

let's see uh can you read that bin

1980

01:13:00,149 --> 01:12:57,440

okay oh now we can read it boom okay

1981

01:13:01,830 --> 01:13:00,159

so william townsend hi william um he

1982

01:13:05,110 --> 01:13:01,840

wants to know

1983

01:13:06,070 --> 01:13:05,120

um let's see he has to be drug tested in

1984

01:13:08,550 --> 01:13:06,080

his line of work

1985

01:13:10,310 --> 01:13:08,560

so he wants to know if using our product

1986

01:13:11,990 --> 01:13:10,320

um if he would have any issues with that

1987

01:13:14,310 --> 01:13:12,000

and then has a second question

1988

01:13:15,990 --> 01:13:14,320

um what's the main difference between

1989

01:13:19,830 --> 01:13:16,000

cbd and thc

1990

01:13:22,390 --> 01:13:19,840

so to answer your first question william

1991

01:13:23,910 --> 01:13:22,400

um so our products that we carry at

1992

01:13:24,709 --> 01:13:23,920

redeemer small batch are all full

1993

01:13:26,310 --> 01:13:24,719

spectrum

1994

01:13:27,669 --> 01:13:26,320

and i'll get into like a little bit more

1995

01:13:29,750 --> 01:13:27,679

of the science and all of those things

1996

01:13:30,950 --> 01:13:29,760

but the most important thing is that all

1997

01:13:34,790 --> 01:13:30,960

of our products do

1998

01:13:37,669 --> 01:13:34,800

carry a very small less than one percent

1999

01:13:39,030 --> 01:13:37,679

of thc the actual legal limit is 0.3

2000

01:13:41,430 --> 01:13:39,040

percent of thc so

2001
01:13:43,510 --> 01:13:41,440
all of our products do have less than a

2002
01:13:45,350 --> 01:13:43,520
single percent of thc but it is in there

2003
01:13:48,310 --> 01:13:45,360
and so i always advise people

2004
01:13:48,950 --> 01:13:48,320
the likelihood of it showing up is low

2005
01:13:50,470 --> 01:13:48,960
but

2006
01:13:51,830 --> 01:13:50,480
that you know you could always have a

2007
01:13:53,270 --> 01:13:51,840
false positive the same way that you

2008
01:13:54,229 --> 01:13:53,280
could with anything and so i always

2009
01:13:55,590 --> 01:13:54,239
advise like

2010
01:13:57,350 --> 01:13:55,600
that our products are not for you if

2011
01:13:59,350 --> 01:13:57,360
you're drug tested um

2012
01:14:01,510 --> 01:13:59,360
what you should do william is if you do

2013
01:14:02,630 --> 01:14:01,520

want to try cbd is find a really good

2014

01:14:04,070 --> 01:14:02,640

company that you trust

2015

01:14:05,910 --> 01:14:04,080

and if you want some help with that i'd

2016

01:14:06,790 --> 01:14:05,920

be more than happy to send you to a few

2017

01:14:08,390 --> 01:14:06,800

places

2018

01:14:10,310 --> 01:14:08,400

um but you want to get something that's

2019

01:14:12,310 --> 01:14:10,320

called an isolate which

2020

01:14:14,870 --> 01:14:12,320

is uh what basically what they do is

2021

01:14:18,149 --> 01:14:14,880

they isolate the cbd compound

2022

01:14:19,830 --> 01:14:18,159

and it has no other chemicals whatsoever

2023

01:14:21,910 --> 01:14:19,840

in it it's just cbd you don't have any

2024

01:14:22,310 --> 01:14:21,920

other cannabinoids they strip it so you

2025

01:14:24,390 --> 01:14:22,320

strip

2026

01:14:26,070 --> 01:14:24,400

everything down to just that single

2027

01:14:27,270 --> 01:14:26,080

single cannabinoid and that would be

2028

01:14:28,950 --> 01:14:27,280

safe for you as long as you're getting

2029

01:14:30,310 --> 01:14:28,960

it from a reputable source

2030

01:14:31,590 --> 01:14:30,320

that's the most important thing and as

2031

01:14:32,790 --> 01:14:31,600

long as they have coas and you can look

2032

01:14:36,070 --> 01:14:32,800

at the coa and it shows

2033

01:14:37,669 --> 01:14:36,080

zero thc you should be safe and like i

2034

01:14:39,510 --> 01:14:37,679

said i'd be more than happy to

2035

01:14:41,270 --> 01:14:39,520

send you to a couple of different places

2036

01:14:43,189 --> 01:14:41,280

but you know you definitely

2037

01:14:44,550 --> 01:14:43,199

quality is key because you know there's

2038

01:14:45,830 --> 01:14:44,560

a lot of people who have false

2039

01:14:46,950 --> 01:14:45,840

information out there and all that kind

2040

01:14:49,110 --> 01:14:46,960

of thing

2041

01:14:50,470 --> 01:14:49,120

um so if he has like a really good gas

2042

01:14:52,390 --> 01:14:50,480

station by his house

2043

01:14:54,149 --> 01:14:52,400

right no that's where he should go yeah

2044

01:14:55,110 --> 01:14:54,159

definitely just like grab the thing

2045

01:14:56,790 --> 01:14:55,120

that's in the case

2046

01:14:59,350 --> 01:14:56,800

you know it's like three bucks yeah

2047

01:15:01,750 --> 01:14:59,360

that's the one for you

2048

01:15:02,790 --> 01:15:01,760

um his second question is with the main

2049

01:15:05,830 --> 01:15:02,800

difference so

2050

01:15:09,430 --> 01:15:05,840

um cbd and thc the number one

2051

01:15:12,470 --> 01:15:09,440

most important difference is that thc

2052

01:15:13,910 --> 01:15:12,480

is um

2053

01:15:15,590 --> 01:15:13,920

i don't like the word psychoactive

2054

01:15:16,390 --> 01:15:15,600

because technically all compounds like

2055

01:15:18,709 --> 01:15:16,400

affect us

2056

01:15:20,630 --> 01:15:18,719

yeah even coffee does right and so like

2057

01:15:22,149 --> 01:15:20,640

i don't like that term so i like the

2058

01:15:24,630 --> 01:15:22,159

term euphoric instead so

2059

01:15:25,669 --> 01:15:24,640

thc is euphoric and that's what gives

2060

01:15:27,669 --> 01:15:25,679

everybody the high that's

2061

01:15:29,430 --> 01:15:27,679

what everybody damn euphoric right now

2062

01:15:30,310 --> 01:15:29,440

yeah right i couldn't read earlier you

2063

01:15:31,590 --> 01:15:30,320

guys

2064

01:15:32,870 --> 01:15:31,600

you were having a little just because

2065

01:15:33,350 --> 01:15:32,880

that's just because i'm bad at reading

2066

01:15:36,709 --> 01:15:33,360

it

2067

01:15:38,790 --> 01:15:36,719

thc

2068

01:15:40,149 --> 01:15:38,800

is is the euphoric effect so it's a

2069

01:15:42,390 --> 01:15:40,159

thing that's kind of gonna give you that

2070

01:15:44,790 --> 01:15:42,400

mind alteration and make you feel high

2071

01:15:45,590 --> 01:15:44,800

cbd there's no there's no euphoric

2072

01:15:47,910 --> 01:15:45,600

effect yeah

2073

01:15:49,189 --> 01:15:47,920

so you don't have any sort of mind

2074

01:15:52,149 --> 01:15:49,199

altering in that way

2075

01:15:53,270 --> 01:15:52,159

and um you it really when you think

2076

01:15:54,390 --> 01:15:53,280

about it like there's a lot of

2077

01:15:56,630 --> 01:15:54,400

therapeutic effects

2078

01:15:58,149 --> 01:15:56,640

thc which we can definitely talk about

2079

01:15:58,709 --> 01:15:58,159

um which are great for a lot of

2080

01:16:02,229 --> 01:15:58,719

different

2081

01:16:04,070 --> 01:16:02,239

ailments but cbd you know has you need

2082

01:16:05,669 --> 01:16:04,080

i think of it more as therapy for all

2083

01:16:07,910 --> 01:16:05,679

kinds of different things from

2084

01:16:09,830 --> 01:16:07,920

depression and anxiety to

2085

01:16:11,510 --> 01:16:09,840

seizures and alzheimer's you know so it

2086

01:16:13,910 --> 01:16:11,520

kind of is a whole span of so

2087

01:16:15,510 --> 01:16:13,920

like i like to think of cbd as more

2088

01:16:16,870 --> 01:16:15,520

therapeutic but it's certainly when you

2089

01:16:17,590 --> 01:16:16,880

i mean you guys have tried the product

2090

01:16:19,110 --> 01:16:17,600

and you guys have

2091

01:16:20,709 --> 01:16:19,120

you know tried the rollies which is a

2092

01:16:23,750 --> 01:16:20,719

similar thing to smoking

2093

01:16:26,870 --> 01:16:23,760

um you know cannabis and cbd

2094

01:16:29,669 --> 01:16:26,880

yeah the cbd that's right and you do get

2095

01:16:30,390 --> 01:16:29,679

more of a relaxed just kind of you just

2096

01:16:32,229 --> 01:16:30,400

feel good

2097

01:16:33,750 --> 01:16:32,239

you know like it takes away kind of like

2098

01:16:35,510 --> 01:16:33,760

all the things that

2099

01:16:36,870 --> 01:16:35,520

you don't i i like to think of it that

2100

01:16:38,790 --> 01:16:36,880

like cbd

2101
01:16:40,470 --> 01:16:38,800
removes things that you didn't even know

2102
01:16:42,550 --> 01:16:40,480
you had right like

2103
01:16:43,669 --> 01:16:42,560
maybe we're only you know in our 30s or

2104
01:16:44,950 --> 01:16:43,679
whatever but like

2105
01:16:46,550 --> 01:16:44,960
you don't really think about having back

2106
01:16:47,350 --> 01:16:46,560
pain and then you start taking cbd

2107
01:16:49,669 --> 01:16:47,360
you're like

2108
01:16:51,669 --> 01:16:49,679
that's weird you know like you just all

2109
01:16:52,950 --> 01:16:51,679
of a sudden feel more limber or you're

2110
01:16:53,510 --> 01:16:52,960
sleeping better or these kind of things

2111
01:16:55,030 --> 01:16:53,520
so it's

2112
01:16:56,709 --> 01:16:55,040
always the things you don't notice that

2113
01:16:58,709 --> 01:16:56,719

you're struggling with because

2114

01:17:00,149 --> 01:16:58,719

those things come on like slowly you

2115

01:17:03,590 --> 01:17:00,159

know like chronic pain

2116

01:17:06,630 --> 01:17:05,110

lots of people have chronic headaches

2117

01:17:08,470 --> 01:17:06,640

and migraines and they just live with

2118

01:17:09,669 --> 01:17:08,480

that's their like state of being

2119

01:17:11,110 --> 01:17:09,679

you know what i mean and they don't

2120

01:17:12,390 --> 01:17:11,120

really and it's come on slow and they

2121

01:17:14,470 --> 01:17:12,400

don't really realize that that's

2122

01:17:15,750 --> 01:17:14,480

the state they're in until they're no

2123

01:17:17,510 --> 01:17:15,760

longer there yeah

2124

01:17:19,189 --> 01:17:17,520

and so it's almost like the the opposite

2125

01:17:21,750 --> 01:17:19,199

of a placebo unless

2126

01:17:22,310 --> 01:17:21,760

you know we you know if that's you know

2127

01:17:25,910 --> 01:17:22,320

the

2128

01:17:28,390 --> 01:17:25,920

like

2129

01:17:29,189 --> 01:17:28,400

uh we we which i don't think you do is

2130

01:17:30,070 --> 01:17:29,199

like this is what

2131

01:17:32,630 --> 01:17:30,080

i don't know what i don't know what

2132

01:17:35,750 --> 01:17:32,640

you're about to say so we can treat it

2133

01:17:38,630 --> 01:17:35,760

i don't sanction this but but

2134

01:17:39,669 --> 01:17:38,640

what we've said is like i've i have my

2135

01:17:42,390 --> 01:17:39,679

anxiety i pretty

2136

01:17:43,750 --> 01:17:42,400

you know sure anxiety is honestly helped

2137

01:17:46,070 --> 01:17:43,760

i have trouble sleeping

2138

01:17:47,590 --> 01:17:46,080

yeah i mean i am on other medication and

2139

01:17:49,750 --> 01:17:47,600

that's recent but

2140

01:17:51,270 --> 01:17:49,760

uh my aung's i've always had it and now

2141

01:17:52,550 --> 01:17:51,280

that it's a little heightened it kind of

2142

01:17:54,310 --> 01:17:52,560

combats that where

2143

01:17:55,990 --> 01:17:54,320

i'm not sitting there thinking of this

2144

01:17:56,470 --> 01:17:56,000

dumb thing that i said in third grade

2145

01:18:00,070 --> 01:17:56,480

for

2146

01:18:01,750 --> 01:18:00,080

know like that's helped me out yeah the

2147

01:18:04,229 --> 01:18:01,760

racing thoughts at night for sure

2148

01:18:05,030 --> 01:18:04,239

that's a huge thing you know um cbd for

2149

01:18:08,229 --> 01:18:05,040

sleep is

2150

01:18:09,430 --> 01:18:08,239

it's tremendous and i you know i started

2151

01:18:11,430 --> 01:18:09,440

out like

2152

01:18:13,750 --> 01:18:11,440

the way that this sort of company

2153

01:18:16,870 --> 01:18:13,760

happened and came to me is uh

2154

01:18:18,470 --> 01:18:16,880

i i was also a skeptic you know and my

2155

01:18:20,149 --> 01:18:18,480

my grandfather was sick he'd been sick a

2156

01:18:21,750 --> 01:18:20,159

long time and he

2157

01:18:23,830 --> 01:18:21,760

uh my grandfather actually is an ex

2158

01:18:25,510 --> 01:18:23,840

football player um he played for the

2159

01:18:27,430 --> 01:18:25,520

denver broncos and the miami dolphins in

2160

01:18:30,229 --> 01:18:27,440

the 60s like 63

2161

01:18:30,630 --> 01:18:30,239

to 68. no he's a big deal he's a big

2162

01:18:33,189 --> 01:18:30,640

deal

2163

01:18:33,750 --> 01:18:33,199

he was the first player to get a signing

2164

01:18:35,669 --> 01:18:33,760

bonus

2165

01:18:38,550 --> 01:18:35,679

which is a big deal it's a big deal he

2166

01:18:40,390 --> 01:18:38,560

played offensive and defensive tackle

2167

01:18:42,070 --> 01:18:40,400

but as you can imagine playing in the

2168

01:18:42,950 --> 01:18:42,080

60s there wasn't sports medicine all

2169

01:18:44,709 --> 01:18:42,960

that stuff so he was

2170

01:18:46,390 --> 01:18:44,719

really banged up you know especially as

2171

01:18:47,910 --> 01:18:46,400

you age you know like he had

2172

01:18:50,149 --> 01:18:47,920

a lot of pain and those kind of things

2173

01:18:52,390 --> 01:18:50,159

so he was on pain regimens

2174

01:18:54,149 --> 01:18:52,400

for decades i mean honestly like i don't

2175

01:18:54,470 --> 01:18:54,159

know like not to the point that it was

2176

01:18:56,390 --> 01:18:54,480

like

2177

01:18:57,669 --> 01:18:56,400

dehabilitating or a problem but that you

2178

01:18:59,270 --> 01:18:57,679

know like that's how you know

2179

01:19:00,630 --> 01:18:59,280

pharmaceuticals like that's how people

2180

01:19:03,430 --> 01:19:00,640

manage those things

2181

01:19:04,470 --> 01:19:03,440

and he had had a defibrillator and all

2182

01:19:06,550 --> 01:19:04,480

of these things and

2183

01:19:07,990 --> 01:19:06,560

as you know he got really sick and he

2184

01:19:11,110 --> 01:19:08,000

actually died a year ago

2185

01:19:12,709 --> 01:19:11,120

um but when he everything was really

2186

01:19:14,630 --> 01:19:12,719

rough you know like he was having

2187

01:19:17,830 --> 01:19:14,640

complications with medications

2188

01:19:19,750 --> 01:19:17,840

um messing with all of his systems right

2189

01:19:21,110 --> 01:19:19,760

and so my uncle had been growing hemp

2190

01:19:24,310 --> 01:19:21,120

and doing this thing and

2191

01:19:24,790 --> 01:19:24,320

he was like all right like he has to get

2192

01:19:26,870 --> 01:19:24,800

off the

2193

01:19:27,990 --> 01:19:26,880

of the pharmaceuticals because it's like

2194

01:19:30,630 --> 01:19:28,000

it's not working

2195

01:19:32,790 --> 01:19:30,640

and it's making him worse and so they um

2196

01:19:35,510 --> 01:19:32,800

he put him on cbd

2197

01:19:37,590 --> 01:19:35,520

pain-free pain-free like somebody who

2198

01:19:39,110 --> 01:19:37,600

had been on pharmaceuticals opioids

2199

01:19:41,350 --> 01:19:39,120

for an extended period of time and not

2200

01:19:41,990 --> 01:19:41,360

like in a in a way that was abusive but

2201

01:19:43,990 --> 01:19:42,000

like

2202

01:19:45,510 --> 01:19:44,000

you know you're taking whatever it is

2203

01:19:46,070 --> 01:19:45,520

every day like you'll take whatever you

2204

01:19:47,990 --> 01:19:46,080

can

2205

01:19:49,750 --> 01:19:48,000

right you know and like that's like what

2206

01:19:50,550 --> 01:19:49,760

was prescribed not like over what was

2207

01:19:53,189 --> 01:19:50,560

prescribed but was

2208

01:19:53,590 --> 01:19:53,199

what was prescribed and like going from

2209

01:19:55,510 --> 01:19:53,600

that

2210

01:19:56,790 --> 01:19:55,520

and any type of opioid use like even if

2211

01:19:58,470 --> 01:19:56,800

you hurt your knee or something like you

2212

01:19:59,910 --> 01:19:58,480

still like you have 30 pills or whatever

2213

01:20:02,630 --> 01:19:59,920

you still have like a

2214

01:20:02,950 --> 01:20:02,640

coming off of that feeling you know like

2215

01:20:04,550 --> 01:20:02,960

you're

2216

01:20:06,310 --> 01:20:04,560

kind of edgy and like all those things

2217

01:20:06,709 --> 01:20:06,320

like just from having them for a month

2218

01:20:09,669 --> 01:20:06,719

you know

2219

01:20:10,470 --> 01:20:09,679

like oxy or something like that vicodin

2220

01:20:13,510 --> 01:20:10,480

and

2221

01:20:15,669 --> 01:20:13,520

he went from prolonged you know pain

2222

01:20:18,629 --> 01:20:15,679

management with pharmaceuticals to

2223

01:20:19,189 --> 01:20:18,639

cbd like this like immediately damn and

2224

01:20:23,510 --> 01:20:19,199

then

2225

01:20:26,070 --> 01:20:23,520

had no pain which to me was just like

2226

01:20:27,270 --> 01:20:26,080

you know totally blew my mind and i was

2227

01:20:29,590 --> 01:20:27,280

still like kind of like oh

2228

01:20:31,110 --> 01:20:29,600

you know and my mom was like and my

2229

01:20:31,990 --> 01:20:31,120

uncle has been growing him for a few

2230

01:20:34,310 --> 01:20:32,000

years and

2231

01:20:35,350 --> 01:20:34,320

at our you know my family has a farm in

2232

01:20:38,070 --> 01:20:35,360

colorado

2233

01:20:38,950 --> 01:20:38,080

and my mom was like just like just here

2234

01:20:41,110 --> 01:20:38,960

like have some

2235

01:20:42,790 --> 01:20:41,120

take it try it and i was like this is

2236

01:20:43,110 --> 01:20:42,800

just i knew i was just like it's gonna

2237

01:20:45,189 --> 01:20:43,120

be

2238

01:20:46,629 --> 01:20:45,199

[h__h] you know like this is like you

2239

01:20:47,750 --> 01:20:46,639

know i know what cannabis is i know what

2240

01:20:50,870 --> 01:20:47,760

weed is you know

2241

01:20:51,669 --> 01:20:50,880

whatever and yeah had obviously dabbled

2242

01:20:54,870 --> 01:20:51,679

in that kind of thing

2243

01:20:57,270 --> 01:20:54,880

wait you told me you smoked weed before

2244

01:20:58,790 --> 01:20:57,280

only once it was one time and you know i

2245

01:21:01,030 --> 01:20:58,800

hated it no

2246

01:21:02,870 --> 01:21:01,040

so you bill clinton and eric mitchell

2247

01:21:05,990 --> 01:21:02,880

did not

2248

01:21:07,350 --> 01:21:06,000

i didn't inhale so um but

2249

01:21:09,270 --> 01:21:07,360

there's three people we know that smoke

2250

01:21:11,030 --> 01:21:09,280

weed but um

2251

01:21:13,350 --> 01:21:11,040

yeah you know and i started taking it i

2252

01:21:14,709 --> 01:21:13,360

was very skeptical like even like that

2253

01:21:15,430 --> 01:21:14,719

was like stuff that i was like wow

2254

01:21:18,950 --> 01:21:15,440

that's pretty

2255

01:21:21,270 --> 01:21:18,960

taking it myself and

2256

01:21:21,990 --> 01:21:21,280

i had had been having arthritic hand

2257

01:21:23,270 --> 01:21:22,000

pain for

2258

01:21:24,950 --> 01:21:23,280

like an extended period time to the

2259

01:21:26,830 --> 01:21:24,960

point that i was like i'm gonna have to

2260

01:21:29,590 --> 01:21:26,840

go to the doctor and i i'm

2261

01:21:32,629 --> 01:21:29,600

31. i'm 31 me too

2262

01:21:34,629 --> 01:21:32,639

now i'm confident i'm 31 and having that

2263

01:21:35,990 --> 01:21:34,639

type of arthritic campaign at my age

2264

01:21:37,430 --> 01:21:36,000

just like i didn't want to go doctor

2265

01:21:39,030 --> 01:21:37,440

because i'm like i don't want to be on

2266

01:21:39,669 --> 01:21:39,040

humira or like i do not want to take

2267

01:21:42,229 --> 01:21:39,679

something

2268

01:21:44,470 --> 01:21:42,239

right start now like it's way too early

2269

01:21:46,550 --> 01:21:44,480

and i started taking the cbd

2270

01:21:47,990 --> 01:21:46,560

and i didn't notice that right away but

2271

01:21:49,430 --> 01:21:48,000

the sleep was immediate

2272

01:21:51,110 --> 01:21:49,440

like i started taking the 50 milligram

2273

01:21:54,229 --> 01:21:51,120

at night and i'm like that's me

2274

01:21:58,070 --> 01:21:54,239

yeah oh my god i started out uh i took

2275

01:22:00,870 --> 01:21:58,080

the uh that's the smaller dose the 25

2276

01:22:01,510 --> 01:22:00,880

i would take two yeah two to twenty

2277

01:22:04,310 --> 01:22:01,520

fives

2278

01:22:04,870 --> 01:22:04,320

uh yeah two of the ten ten milligrams

2279

01:22:06,149 --> 01:22:04,880

two feet

2280

01:22:07,910 --> 01:22:06,159

twenty milligrams so you're taking 20

2281

01:22:09,590 --> 01:22:07,920

milligrams for sleep and then and then

2282

01:22:10,790 --> 01:22:09,600

when i went up to that because i was

2283

01:22:13,910 --> 01:22:10,800

saved because i know there wasn't

2284

01:22:14,390 --> 01:22:13,920

a as much as in here so i just like

2285

01:22:16,390 --> 01:22:14,400

tried

2286

01:22:17,750 --> 01:22:16,400

just one of these out the 50 is that the

2287

01:22:20,550 --> 01:22:17,760

50 yeah and then

2288

01:22:21,350 --> 01:22:20,560

dude like like but it doesn't like it

2289

01:22:23,189 --> 01:22:21,360

doesn't make you

2290

01:22:24,629 --> 01:22:23,199

it's not a [h__h] out it's not a sedative

2291

01:22:25,590 --> 01:22:24,639

yeah i think like that doesn't make you

2292

01:22:27,110 --> 01:22:25,600

groggy no

2293

01:22:28,229 --> 01:22:27,120

it's just a misconception it's not a

2294

01:22:29,830 --> 01:22:28,239

sedative it's not like you're taking a

2295

01:22:31,669 --> 01:22:29,840

klonopin and like you're gonna

2296

01:22:32,950 --> 01:22:31,679

drive while you're asleep or like

2297

01:22:34,470 --> 01:22:32,960

anything crazy

2298

01:22:36,390 --> 01:22:34,480

you know but it takes away all the

2299

01:22:37,750 --> 01:22:36,400

things that keep you awake yeah

2300

01:22:39,990 --> 01:22:37,760

it's so crazy because like when people

2301

01:22:42,470 --> 01:22:40,000

talk about like cbd and stuff it's like

2302

01:22:44,070 --> 01:22:42,480

i almost like have to like compare it to

2303

01:22:51,990 --> 01:22:44,080

like

2304

01:22:54,149 --> 01:22:52,000

hard to explain to you

2305

01:22:55,590 --> 01:22:54,159

what cbd is doing it's different for

2306

01:22:57,110 --> 01:22:55,600

everybody it's [\h__\h] messed up

2307

01:22:58,790 --> 01:22:57,120

we can get into the science of that and

2308

01:23:00,310 --> 01:22:58,800

like why that is but i

2309

01:23:02,229 --> 01:23:00,320

you know with the sleep was the thing i

2310

01:23:03,830 --> 01:23:02,239

noticed right away i was just like oh

2311

01:23:05,669 --> 01:23:03,840

just like slept and i thought i slept

2312

01:23:07,189 --> 01:23:05,679

pretty good like i thought i slept well

2313

01:23:07,750 --> 01:23:07,199

and then i started taking the cbd and

2314

01:23:09,990 --> 01:23:07,760

i'm like

2315

01:23:11,669 --> 01:23:10,000

whoa like i'm sleeping so good and you

2316

01:23:14,310 --> 01:23:11,679

don't wake up groggy like and

2317

01:23:16,709 --> 01:23:14,320

in fact i find myself waking up like

2318

01:23:18,070 --> 01:23:16,719

earlier than i would have and like

2319

01:23:20,390 --> 01:23:18,080

i can't go back to sleep because i'm

2320

01:23:21,510 --> 01:23:20,400

like my body's i've had my seven hours

2321

01:23:23,750 --> 01:23:21,520

or whatever it was i'm like

2322

01:23:25,910 --> 01:23:23,760

i'm ready to go yeah you know and so it

2323

01:23:28,950 --> 01:23:25,920

really has helped my sleep cycle

2324

01:23:30,149 --> 01:23:28,960

so much but the next thing like after

2325

01:23:32,709 --> 01:23:30,159

like a week of taking it

2326

01:23:33,669 --> 01:23:32,719

all of a sudden like not that i had been

2327

01:23:34,470 --> 01:23:33,679

thinking about it but all of a sudden

2328

01:23:36,070 --> 01:23:34,480

i'm like

2329

01:23:37,430 --> 01:23:36,080

that's weird like my hands just don't

2330

01:23:38,790 --> 01:23:37,440

hurt like it's because i'd have to warm

2331

01:23:40,950 --> 01:23:38,800

them up in the morning if i hit my

2332

01:23:42,790 --> 01:23:40,960

knuckles on like something hard

2333

01:23:44,790 --> 01:23:42,800

i would like to have stingers you know

2334

01:23:47,750 --> 01:23:44,800

what i mean yeah and all of a sudden

2335

01:23:48,390 --> 01:23:47,760

like that was just gone damn and so for

2336

01:23:50,070 --> 01:23:48,400

me

2337

01:23:51,990 --> 01:23:50,080

those were the experiences that i had

2338

01:23:52,870 --> 01:23:52,000

initially with cbd like after a week of

2339

01:23:55,510 --> 01:23:52,880

use

2340

01:23:57,430 --> 01:23:55,520

and then i was like okay like i'm i'm

2341

01:23:58,870 --> 01:23:57,440

invested in whatever's happening to me

2342

01:24:00,950 --> 01:23:58,880

i'm invested in what i saw with my

2343

01:24:01,990 --> 01:24:00,960

grandfather and then you know everything

2344

01:24:04,149 --> 01:24:02,000

just kind of like

2345

01:24:05,830 --> 01:24:04,159

my uncle basically was like look there's

2346

01:24:07,430 --> 01:24:05,840

this opportunity here he's been farming

2347

01:24:09,030 --> 01:24:07,440

for a while and we're generational

2348

01:24:11,270 --> 01:24:09,040

farmers i mean my family's been

2349

01:24:12,950 --> 01:24:11,280

in farming for as far back as anybody

2350

01:24:14,629 --> 01:24:12,960

knows anyone you know and

2351

01:24:15,910 --> 01:24:14,639

the crops have changed but the

2352

01:24:16,709 --> 01:24:15,920

dedication's kind of always been the

2353

01:24:19,189 --> 01:24:16,719

same like that's

2354

01:24:21,110 --> 01:24:19,199

cool you know um agriculture is a really

2355

01:24:21,590 --> 01:24:21,120

cool it's a really cool thing and like

2356

01:24:24,790 --> 01:24:21,600

the

2357

01:24:26,709 --> 01:24:24,800

hemp

2358

01:24:28,550 --> 01:24:26,719

farming you know for agricultural use

2359

01:24:30,229 --> 01:24:28,560

like that's um

2360

01:24:32,149 --> 01:24:30,239

it was really cool and so that's kind of

2361

01:24:33,990 --> 01:24:32,159

how i got involved in it at night

2362

01:24:35,669 --> 01:24:34,000

but the when it happened to me then i

2363

01:24:38,310 --> 01:24:35,679

was like what is this you know and

2364

01:24:38,950 --> 01:24:38,320

i did so much research and that's kind

2365

01:24:40,709 --> 01:24:38,960

of

2366

01:24:43,189 --> 01:24:40,719

it's what my life is now you know like

2367

01:24:45,030 --> 01:24:43,199

that's everything that i'm doing is just

2368

01:24:46,470 --> 01:24:45,040

i'm so involved in it now and obviously

2369

01:24:47,189 --> 01:24:46,480

we started a whole company so it's like

2370

01:24:50,229 --> 01:24:47,199

our

2371

01:24:52,950 --> 01:24:50,239

love that

2372

01:24:54,550 --> 01:24:52,960

it happened you know i saw that with my

2373

01:24:55,990 --> 01:24:54,560

grandfather and then it was like yeah

2374

01:24:56,629 --> 01:24:56,000

you know my family we just kind of came

2375

01:24:59,189 --> 01:24:56,639

together

2376

01:24:59,669 --> 01:24:59,199

on it at his memorial and it was like

2377

01:25:01,350 --> 01:24:59,679

you know

2378

01:25:02,790 --> 01:25:01,360

there's this opportunity for this thing

2379

01:25:03,350 --> 01:25:02,800

to close the circuit you know what

2380

01:25:05,510 --> 01:25:03,360

happens

2381

01:25:06,950 --> 01:25:05,520

farmers do all the work like i don't you

2382

01:25:09,510 --> 01:25:06,960

know with anything

2383

01:25:10,149 --> 01:25:09,520

you know like these farmers are growing

2384

01:25:12,790 --> 01:25:10,159

these

2385

01:25:13,350 --> 01:25:12,800

crops this hemp and it's back breaking

2386

01:25:14,790 --> 01:25:13,360

book

2387

01:25:16,709 --> 01:25:14,800

work i don't know if you know anything

2388

01:25:17,510 --> 01:25:16,719

about farming but it's it's tremendous

2389

01:25:18,950 --> 01:25:17,520

and it takes

2390

01:25:20,550 --> 01:25:18,960

nine months to grow these things you

2391

01:25:21,830 --> 01:25:20,560

have to do everything perfect and it's

2392

01:25:24,149 --> 01:25:21,840

not everywhere but like

2393

01:25:25,590 --> 01:25:24,159

in colorado the rules are really strict

2394

01:25:26,790 --> 01:25:25,600

you know everything is organically grown

2395

01:25:28,390 --> 01:25:26,800

in colorado basically because those are

2396

01:25:29,350 --> 01:25:28,400

the rules you know i mean yeah lots of

2397

01:25:30,790 --> 01:25:29,360

states are like that but

2398

01:25:32,149 --> 01:25:30,800

everything's a gray area and not

2399

01:25:33,590 --> 01:25:32,159

everywhere is the same so colorado is

2400

01:25:35,430 --> 01:25:33,600

great that's where our farm is and

2401

01:25:37,430 --> 01:25:35,440

it's a great place you know like if you

2402

01:25:38,550 --> 01:25:37,440

buy any any cbd products at all

2403

01:25:39,669 --> 01:25:38,560

you can kind of trust stuff coming out

2404

01:25:40,870 --> 01:25:39,679

of colorado because they have really

2405

01:25:42,790 --> 01:25:40,880

strict rules about

2406

01:25:43,990 --> 01:25:42,800

at least the farming yeah you know

2407

01:25:44,709 --> 01:25:44,000

honestly they have strict rules about

2408

01:25:47,510 --> 01:25:44,719

the whole thing and

2409

01:25:48,950 --> 01:25:47,520

you as the processes go you know you you

2410

01:25:50,310 --> 01:25:48,960

get into different things but the

2411

01:25:51,750 --> 01:25:50,320

farming you know they're really strict

2412

01:25:53,110 --> 01:25:51,760

about that stuff being organic

2413

01:25:54,550 --> 01:25:53,120

they can't use chemicals and those kind

2414

01:25:55,750 --> 01:25:54,560

of things on it so you can kind of trust

2415

01:25:57,669 --> 01:25:55,760

that the hemp was

2416

01:25:59,590 --> 01:25:57,679

really well taken care of coming out of

2417

01:26:02,149 --> 01:25:59,600

there and um

2418

01:26:04,149 --> 01:26:02,159

you had said something really cool about

2419

01:26:04,950 --> 01:26:04,159

how many people actually put their hands

2420

01:26:07,590 --> 01:26:04,960

on the product

2421

01:26:08,709 --> 01:26:07,600

before you receive it yeah so it's like

2422

01:26:10,470 --> 01:26:08,719

less than 20

2423

01:26:12,790 --> 01:26:10,480

to be honest like from the time that

2424

01:26:13,590 --> 01:26:12,800

like my family so the farm honestly is

2425

01:26:16,550 --> 01:26:13,600

run by

2426
01:26:17,590 --> 01:26:16,560
three people which is my my uncle and

2427
01:26:22,149 --> 01:26:17,600
his

2428
01:26:24,390 --> 01:26:22,159
amazing ranch hand that they've had

2429
01:26:24,950 --> 01:26:24,400
forever alejandro and the four of them

2430
01:26:27,110 --> 01:26:24,960
basically

2431
01:26:29,669 --> 01:26:27,120
run an 80 acre farm uh 80 acres of

2432
01:26:32,950 --> 01:26:29,679
alejandro

2433
01:26:34,550 --> 01:26:32,960
acres it is it's like 300 to 350 000

2434
01:26:36,629 --> 01:26:34,560
pounds of hemp a year

2435
01:26:38,149 --> 01:26:36,639
so like think about that right like

2436
01:26:39,990 --> 01:26:38,159
that's tremendous amount

2437
01:26:41,590 --> 01:26:40,000
that's a crazy amount and it's a very

2438
01:26:44,149 --> 01:26:41,600

small team and then

2439

01:26:45,350 --> 01:26:44,159

the extraction is done by a very small

2440

01:26:47,270 --> 01:26:45,360

team of people and then

2441

01:26:48,870 --> 01:26:47,280

it literally comes right back to us and

2442

01:26:51,590 --> 01:26:48,880

we we do the distribution

2443

01:26:52,390 --> 01:26:51,600

so we kind of have hands in all aspects

2444

01:26:55,189 --> 01:26:52,400

which

2445

01:26:55,750 --> 01:26:55,199

is great because we can really guarantee

2446

01:26:57,510 --> 01:26:55,760

the quality

2447

01:26:58,950 --> 01:26:57,520

you know like i i didn't have to use a

2448

01:27:00,550 --> 01:26:58,960

broker i didn't send it to some guy i

2449

01:27:01,750 --> 01:27:00,560

don't know who's like growing doing the

2450

01:27:03,910 --> 01:27:01,760

extraction you know like

2451

01:27:04,870 --> 01:27:03,920

his name's adam he's been their family

2452

01:27:06,550 --> 01:27:04,880

friend you know like

2453

01:27:08,790 --> 01:27:06,560

my uncle knows them really well and it's

2454

01:27:10,470 --> 01:27:08,800

like they really have like a really

2455

01:27:12,550 --> 01:27:10,480

close friendship and so

2456

01:27:14,149 --> 01:27:12,560

everything is in the family basically

2457

01:27:16,629 --> 01:27:14,159

you know and so that's a really cool

2458

01:27:18,550 --> 01:27:16,639

thing because a lot of hemp products

2459

01:27:19,750 --> 01:27:18,560

are white labeled which means like

2460

01:27:21,750 --> 01:27:19,760

somebody's grown hemp

2461

01:27:23,910 --> 01:27:21,760

some broker buys it all and then

2462

01:27:24,950 --> 01:27:23,920

somebody extracts it and then somebody

2463

01:27:27,510 --> 01:27:24,960

sells it to

2464

01:27:28,229 --> 01:27:27,520

you know joe who decides that he wants

2465

01:27:30,709 --> 01:27:28,239

to start a

2466

01:27:31,590 --> 01:27:30,719

a cbd brand joe decides he wants to do

2467

01:27:33,669 --> 01:27:31,600

that and so

2468

01:27:35,669 --> 01:27:33,679

he just buys a white label product from

2469

01:27:37,030 --> 01:27:35,679

whoever and doesn't know where the

2470

01:27:38,790 --> 01:27:37,040

farm is doesn't know where the hemp

2471

01:27:40,149 --> 01:27:38,800

comes from doesn't know

2472

01:27:42,470 --> 01:27:40,159

the extraction process you know those

2473

01:27:45,830 --> 01:27:42,480

kind of things and so we

2474

01:27:46,470 --> 01:27:45,840

really it's a very small closed circuit

2475

01:27:48,149 --> 01:27:46,480

and that

2476

01:27:49,830 --> 01:27:48,159

that's awesome it makes a big difference

2477

01:27:52,870 --> 01:27:49,840

and you can taste it oh yeah

2478

01:27:54,070 --> 01:27:52,880

you know and i would say that about any

2479

01:27:55,830 --> 01:27:54,080

not just our farm but

2480

01:27:58,070 --> 01:27:55,840

you know any any cbd product that is

2481

01:27:59,669 --> 01:27:58,080

coming directly from a farm to you

2482

01:28:02,070 --> 01:27:59,679

that's that's the best way you can get

2483

01:28:04,229 --> 01:28:02,080

it because you can trust that like

2484

01:28:05,510 --> 01:28:04,239

the number of people's hands that are in

2485

01:28:08,629 --> 01:28:05,520

the pot so to speak

2486

01:28:11,350 --> 01:28:08,639

is very small you know that's super cool

2487

01:28:12,950 --> 01:28:11,360

yeah i was curious too like uh just

2488

01:28:14,310 --> 01:28:12,960

thinking about farming and how awesome

2489

01:28:15,750 --> 01:28:14,320

that is but like

2490

01:28:17,510 --> 01:28:15,760

the generational thing i thought it's

2491

01:28:18,870 --> 01:28:17,520

interesting like the infrastructure and

2492

01:28:20,310 --> 01:28:18,880

the know-how and the

2493

01:28:21,750 --> 01:28:20,320

well there's institutional knowledge

2494

01:28:23,270 --> 01:28:21,760

that you cannot read in a book like you

2495

01:28:25,430 --> 01:28:23,280

can go to school for horticulture

2496

01:28:26,790 --> 01:28:25,440

go to school for these things or ag

2497

01:28:29,030 --> 01:28:26,800

science and you can

2498

01:28:31,270 --> 01:28:29,040

go to school for that there's something

2499

01:28:33,189 --> 01:28:31,280

that is different about growing up on a

2500

01:28:34,870 --> 01:28:33,199

farm and living there every day and

2501
01:28:37,189 --> 01:28:34,880
learning to work on machinery and you

2502
01:28:38,390 --> 01:28:37,199
know agricultural science is actually

2503
01:28:39,350 --> 01:28:38,400
one of the i think it's one of the

2504
01:28:42,470 --> 01:28:39,360
coolest

2505
01:28:44,709 --> 01:28:42,480
um branches of science in the world

2506
01:28:46,390 --> 01:28:44,719
because all that stuff is really

2507
01:28:47,910 --> 01:28:46,400
designed by farmers like all farmers are

2508
01:28:48,550 --> 01:28:47,920
engineers they're all mechanics they're

2509
01:28:50,870 --> 01:28:48,560
all they're

2510
01:28:52,070 --> 01:28:50,880
tremendously talented people like they

2511
01:28:53,350 --> 01:28:52,080
create their own machinery they're like

2512
01:28:54,629 --> 01:28:53,360
okay

2513
01:28:55,830 --> 01:28:54,639

this is a problem that i'm having in

2514

01:28:57,110 --> 01:28:55,840

this process that i have like for

2515

01:29:00,470 --> 01:28:57,120

example

2516

01:29:01,750 --> 01:29:00,480

i own a tree uh let's say i own a tree

2517

01:29:02,709 --> 01:29:01,760

farm and then we do trimming right

2518

01:29:03,270 --> 01:29:02,719

because you have to make sure that the

2519

01:29:04,310 --> 01:29:03,280

trees are

2520

01:29:05,750 --> 01:29:04,320

a good shape and whatever and then

2521

01:29:07,430 --> 01:29:05,760

you've got the clippings of all of the

2522

01:29:09,110 --> 01:29:07,440

branches that are all over the ground

2523

01:29:10,229 --> 01:29:09,120

well we start out picking those up by

2524

01:29:11,830 --> 01:29:10,239

hand and then maybe you rake them but

2525

01:29:12,709 --> 01:29:11,840

then maybe you're like i can design a

2526
01:29:14,709 --> 01:29:12,719
machine

2527
01:29:16,550 --> 01:29:14,719
right i can add it i can add something

2528
01:29:19,030 --> 01:29:16,560
to my tiller right or something

2529
01:29:19,590 --> 01:29:19,040
to pick these up you know and then

2530
01:29:23,590 --> 01:29:19,600
that's how

2531
01:29:24,310 --> 01:29:23,600
yeah and it's pretty cool because it's

2532
01:29:27,590 --> 01:29:24,320
literally

2533
01:29:29,590 --> 01:29:27,600
like driven by the needs and the designs

2534
01:29:31,270 --> 01:29:29,600
of the farmers and that's a really cool

2535
01:29:33,270 --> 01:29:31,280
thing and i you know there's not enough

2536
01:29:36,229 --> 01:29:33,280
appreciation for farmers in general

2537
01:29:38,470 --> 01:29:36,239
but i think in hemp it's ex they are

2538
01:29:41,110 --> 01:29:38,480

exceptionally undervalued because

2539

01:29:42,629 --> 01:29:41,120

the work the care that that plant needs

2540

01:29:45,350 --> 01:29:42,639

is so

2541

01:29:46,310 --> 01:29:45,360

much so much and it has to be like so

2542

01:29:48,629 --> 01:29:46,320

perfect it has to be

2543

01:29:50,390 --> 01:29:48,639

harvested perfectly at the right time

2544

01:29:51,990 --> 01:29:50,400

and there's a lot of

2545

01:29:54,070 --> 01:29:52,000

things that can go wrong and they're out

2546

01:29:55,189 --> 01:29:54,080

there every day and they

2547

01:29:57,270 --> 01:29:55,199

you know they kind of get the short on

2548

01:29:59,669 --> 01:29:57,280

the stick so to speak where they don't

2549

01:30:00,390 --> 01:29:59,679

they do all the work and in the

2550

01:30:02,709 --> 01:30:00,400

landscape

2551

01:30:04,149 --> 01:30:02,719

like all the money's in the retail right

2552

01:30:05,189 --> 01:30:04,159

for example right yeah you know they're

2553

01:30:06,470 --> 01:30:05,199

getting

2554

01:30:08,310 --> 01:30:06,480

three cents for something that

2555

01:30:11,110 --> 01:30:08,320

somebody's selling for 300

2556

01:30:11,669 --> 01:30:11,120

or you know that's an exaggeration but

2557

01:30:13,669 --> 01:30:11,679

you know

2558

01:30:15,669 --> 01:30:13,679

so that's something that like in our

2559

01:30:17,990 --> 01:30:15,679

system is kind of neat because

2560

01:30:19,510 --> 01:30:18,000

all the money and all of you know we're

2561

01:30:21,189 --> 01:30:19,520

able to

2562

01:30:22,629 --> 01:30:21,199

give what we need to give to the people

2563

01:30:23,270 --> 01:30:22,639

who deserve it you know what i mean yeah

2564

01:30:24,629 --> 01:30:23,280

exactly

2565

01:30:26,629 --> 01:30:24,639

that's not always how it is you know

2566

01:30:28,709 --> 01:30:26,639

they're just selling it to like a

2567

01:30:29,830 --> 01:30:28,719

extractor for example like an x-ranger

2568

01:30:31,430 --> 01:30:29,840

who's buying a bunch of stuff that's

2569

01:30:34,550 --> 01:30:31,440

being white labeled and sold to

2570

01:30:36,229 --> 01:30:34,560

who knows who and yeah that's

2571

01:30:38,470 --> 01:30:36,239

that's the one thing that about the

2572

01:30:40,709 --> 01:30:38,480

what's one thing about like the growing

2573

01:30:42,870 --> 01:30:40,719

process in the industry anyway that like

2574

01:30:43,830 --> 01:30:42,880

it'd be nice to like be able to help

2575

01:30:45,750 --> 01:30:43,840

create a shift

2576

01:30:48,070 --> 01:30:45,760

because the farmers really they do so

2577

01:30:49,990 --> 01:30:48,080

much work and it's expensive and

2578

01:30:51,510 --> 01:30:50,000

absolutely and it's an all day you know

2579

01:30:54,550 --> 01:30:51,520

they're out there for

2580

01:30:55,590 --> 01:30:54,560

16 hours a day for all all year you know

2581

01:30:56,229 --> 01:30:55,600

doing what they're doing and when

2582

01:30:57,990 --> 01:30:56,239

they're not

2583

01:30:59,030 --> 01:30:58,000

your typical night in the fiber right

2584

01:31:00,550 --> 01:30:59,040

and when the crops are in the ground

2585

01:31:02,229 --> 01:31:00,560

they're working on machinery and getting

2586

01:31:03,669 --> 01:31:02,239

ready to do it again you know

2587

01:31:05,270 --> 01:31:03,679

it's a lot of it's a different kind of

2588

01:31:05,910 --> 01:31:05,280

work i think it's rewarding in the way

2589

01:31:08,229 --> 01:31:05,920

that you can

2590

01:31:09,590 --> 01:31:08,239

tangibly see what you're doing you know

2591

01:31:10,390 --> 01:31:09,600

oh yeah and you're out working and all

2592

01:31:13,910 --> 01:31:10,400

those kind of thing

2593

01:31:16,310 --> 01:31:13,920

but

2594

01:31:17,270 --> 01:31:16,320

yeah it's it's hard it's definitely hard

2595

01:31:19,669 --> 01:31:17,280

so you had mentioned

2596

01:31:20,550 --> 01:31:19,679

earlier um i think it'd be cool for you

2597

01:31:23,910 --> 01:31:20,560

to explain

2598

01:31:27,030 --> 01:31:23,920

uh isolates and full spectrum

2599

01:31:30,149 --> 01:31:27,040

yeah and what yeah is the difference in

2600

01:31:31,910 --> 01:31:30,159

your full spectrum uh our yeah so all of

2601

01:31:35,669 --> 01:31:31,920

our products are full spectrum

2602

01:31:38,149 --> 01:31:35,679

um which means that we don't remove

2603

01:31:39,590 --> 01:31:38,159

anything from so we use a zero solvent

2604

01:31:42,149 --> 01:31:39,600

extraction which is

2605

01:31:43,590 --> 01:31:42,159

unique a lot of people use butane

2606

01:31:46,629 --> 01:31:43,600

there's a lot of different ways to

2607

01:31:48,149 --> 01:31:46,639

do extractions um co2 people talk about

2608

01:31:48,870 --> 01:31:48,159

that being the purest form but you're

2609

01:31:50,870 --> 01:31:48,880

still

2610

01:31:52,550 --> 01:31:50,880

introducing a diff another chemical and

2611

01:31:54,870 --> 01:31:52,560

oil is what we're extracting right

2612

01:31:59,910 --> 01:31:54,880

i saw this dude named brian uh use a

2613

01:32:03,189 --> 01:32:01,430

you know it's legal and it's like in

2614

01:32:06,310 --> 01:32:03,199

certain amounts they say that it's not

2615

01:32:07,590 --> 01:32:06,320

uh dangerous humans but like

2616

01:32:09,030 --> 01:32:07,600

they're still using butane to do those

2617

01:32:10,550 --> 01:32:09,040

things you know in a lot of cases it's

2618

01:32:12,229 --> 01:32:10,560

one of the cheapest ways to do it yeah

2619

01:32:14,870 --> 01:32:12,239

and it catches on fire

2620

01:32:15,910 --> 01:32:14,880

and they yeah and a lot of problems i

2621

01:32:17,350 --> 01:32:15,920

mean i haven't seen

2622

01:32:18,870 --> 01:32:17,360

a facility like where they do that but

2623

01:32:19,189 --> 01:32:18,880

yeah i imagine that it's more dangerous

2624

01:32:21,830 --> 01:32:19,199

than

2625

01:32:23,270 --> 01:32:21,840

ours which we use a patented process um

2626

01:32:24,830 --> 01:32:23,280

that's a zero solvent extraction so

2627

01:32:27,990 --> 01:32:24,840

basically it's

2628

01:32:30,229 --> 01:32:28,000

water coconut or mct oil depending on if

2629

01:32:32,629 --> 01:32:30,239

it's the capsules or the um

2630

01:32:34,229 --> 01:32:32,639

tincture because for the drops they use

2631

01:32:36,070 --> 01:32:34,239

mct because it doesn't harden

2632

01:32:38,070 --> 01:32:36,080

like at colder temperatures but for the

2633

01:32:38,709 --> 01:32:38,080

capsules we use coconut oil because it

2634

01:32:41,990 --> 01:32:38,719

does

2635

01:32:43,189 --> 01:32:42,000

get hard at um colder temperatures and

2636

01:32:43,510 --> 01:32:43,199

that's important because the capsules

2637

01:32:46,790 --> 01:32:43,520

then

2638

01:32:48,070 --> 01:32:46,800

they don't leak yeah yeah so as long as

2639

01:32:49,270 --> 01:32:48,080

you're not like storing it in the sun

2640

01:32:51,030 --> 01:32:49,280

and it's kind of like an

2641

01:32:52,790 --> 01:32:51,040

you're keeping in a cool dry place it'll

2642

01:32:54,870 --> 01:32:52,800

generally be solidified and everybody

2643

01:32:56,629 --> 01:32:54,880

likes coconut oil man yeah they do

2644

01:32:57,910 --> 01:32:56,639

they do and it's hard yeah and it

2645

01:32:59,350 --> 01:32:57,920

doesn't taste like coconut oil you guys

2646

01:33:01,030 --> 01:32:59,360

have taste well it's in a capsule anyway

2647

01:33:03,669 --> 01:33:01,040

so you can't really taste it anyway but

2648

01:33:04,470 --> 01:33:03,679

um but yeah so it's the either either

2649

01:33:06,470 --> 01:33:04,480

oil

2650

01:33:08,709 --> 01:33:06,480

water in the hemp and they're cooked

2651

01:33:11,189 --> 01:33:08,719

slow and low for like four days

2652

01:33:12,709 --> 01:33:11,199

like a brisket oh down in really small

2653

01:33:15,830 --> 01:33:12,719

batches

2654

01:33:17,270 --> 01:33:15,840

and then they they they all and what's

2655

01:33:18,629 --> 01:33:17,280

cool about the way that so it's a really

2656

01:33:20,149 --> 01:33:18,639

old-school way kind of make a can of

2657

01:33:22,229 --> 01:33:20,159

butter but what's cool about it

2658

01:33:23,590 --> 01:33:22,239

is as you're as you're doing that all of

2659

01:33:24,870 --> 01:33:23,600

the impurities if there are any there

2660

01:33:26,149 --> 01:33:24,880

shouldn't really be any and everything

2661

01:33:27,430 --> 01:33:26,159

is kind of tested

2662

01:33:29,430 --> 01:33:27,440

before it would go into this process

2663

01:33:31,110 --> 01:33:29,440

anyway so but

2664

01:33:32,870 --> 01:33:31,120

all impurities when you're doing this

2665

01:33:35,350 --> 01:33:32,880

kind of process chemically get

2666

01:33:36,310 --> 01:33:35,360

stuck in the water and then you remove

2667

01:33:37,750 --> 01:33:36,320

the water

2668

01:33:39,110 --> 01:33:37,760

so you and the impurities are all in the

2669

01:33:39,990 --> 01:33:39,120

water right and then you're left with

2670

01:33:42,390 --> 01:33:40,000

the oil

2671

01:33:43,189 --> 01:33:42,400

that's been um infused basically by the

2672

01:33:45,830 --> 01:33:43,199

hem

2673

01:33:46,550 --> 01:33:45,840

and so it's a super pure super clean

2674

01:33:49,110 --> 01:33:46,560

easy way

2675

01:33:50,390 --> 01:33:49,120

to to do it and you don't have to

2676
01:33:51,990 --> 01:33:50,400
introduce any other chemicals and what's

2677
01:33:53,590 --> 01:33:52,000
cool about it is it keeps all the

2678
01:33:57,030 --> 01:33:53,600
terpenes

2679
01:34:01,189 --> 01:33:59,510
it keeps all of the cannabinoids so

2680
01:34:01,750 --> 01:34:01,199
instead of having like an isolate which

2681
01:34:03,750 --> 01:34:01,760
would be

2682
01:34:05,910 --> 01:34:03,760
just like they would strip everything

2683
01:34:09,030 --> 01:34:05,920
away and it would be just cbd

2684
01:34:10,790 --> 01:34:09,040
you're getting t8 the the legal amount

2685
01:34:11,510 --> 01:34:10,800
of thc which is point three percent

2686
01:34:16,149 --> 01:34:11,520
you're getting

2687
01:34:18,070 --> 01:34:16,159
cbn cbc i mean there's a hundred and

2688
01:34:19,910 --> 01:34:18,080

there's over a hundred cannabinoids in

2689

01:34:20,870 --> 01:34:19,920

the hemp plant and that depends on

2690

01:34:21,910 --> 01:34:20,880

variety and those kind

2691

01:34:23,830 --> 01:34:21,920

you know it fluctuates depending on

2692

01:34:25,110 --> 01:34:23,840

variety and they're all at different um

2693

01:34:28,790 --> 01:34:25,120

percentages

2694

01:34:32,229 --> 01:34:28,800

um cbd being the highest in hemp so

2695

01:34:34,470 --> 01:34:32,239

full spectrum is important and it's

2696

01:34:35,590 --> 01:34:34,480

kind of generally agreed upon that it's

2697

01:34:40,229 --> 01:34:35,600

the most via

2698

01:34:41,990 --> 01:34:40,239

it works the best because of the

2699

01:34:44,870 --> 01:34:42,000

entourage effect which is a really

2700

01:34:45,990 --> 01:34:44,880

it's a term that was coined um basically

2701

01:34:47,990 --> 01:34:46,000

it means that all of the

2702

01:34:49,030 --> 01:34:48,000

cannabinoids are working best when

2703

01:34:50,709 --> 01:34:49,040

they're working together

2704

01:34:53,350 --> 01:34:50,719

so like when you isolate just the cbd

2705

01:34:54,629 --> 01:34:53,360

molecule it's not working as well

2706

01:34:54,950 --> 01:34:54,639

because it doesn't have his buddies to

2707

01:34:58,229 --> 01:34:54,960

like

2708

01:35:00,310 --> 01:34:58,239

they're working better together

2709

01:35:02,950 --> 01:35:00,320

it's almost like uh you've heard this

2710

01:35:05,189 --> 01:35:02,960

term junk dna when when people are

2711

01:35:06,149 --> 01:35:05,199

you know looking at uh yeah this is a

2712

01:35:09,270 --> 01:35:06,159

very specific

2713

01:35:11,109 --> 01:35:09,280

example okay but junk dna when people

2714

01:35:14,470 --> 01:35:11,119

are trying to there there was these

2715

01:35:15,350 --> 01:35:14,480

this little you know that what uh mummy

2716

01:35:17,910 --> 01:35:15,360

it was i don't know if you've heard of

2717

01:35:18,629 --> 01:35:17,920

this tiny little skeleton i'm not but

2718

01:35:19,910 --> 01:35:18,639

i'm listening

2719

01:35:22,229 --> 01:35:19,920

it's pretty cool it's like this little

2720

01:35:23,109 --> 01:35:22,239

nine-inch uh skeleton that they found in

2721

01:35:25,030 --> 01:35:23,119

the atacama

2722

01:35:26,790 --> 01:35:25,040

desert okay i hope i'm saying that right

2723

01:35:27,590 --> 01:35:26,800

yeah but it's like fully grown like

2724

01:35:29,109 --> 01:35:27,600

based off of

2725

01:35:30,790 --> 01:35:29,119

all the tests they've done it's this

2726

01:35:31,910 --> 01:35:30,800

tiny little full-grown person that's

2727

01:35:34,229 --> 01:35:31,920

like this beak

2728

01:35:35,430 --> 01:35:34,239

wow they've done dna tests on it and it

2729

01:35:38,149 --> 01:35:35,440

basically comes back

2730

01:35:39,109 --> 01:35:38,159

as human dna but with all this extra

2731

01:35:43,910 --> 01:35:39,119

junk dna

2732

01:35:47,910 --> 01:35:43,920

is just not in that specific

2733

01:35:51,270 --> 01:35:47,920

test but uh there's just certain uh

2734

01:35:53,430 --> 01:35:51,280

i guess uh variables that that

2735

01:35:55,270 --> 01:35:53,440

scientists that are into dna testing all

2736

01:35:57,590 --> 01:35:55,280

that stuff deem as

2737

01:35:58,950 --> 01:35:57,600

not important but sure it's kind of i'm

2738

01:35:59,510 --> 01:35:58,960

i'm just making that connection in my

2739

01:36:01,510 --> 01:35:59,520

brain that

2740

01:36:02,870 --> 01:36:01,520

yeah they they are important what if you

2741

01:36:03,910 --> 01:36:02,880

didn't have that then you'd have just

2742

01:36:05,270 --> 01:36:03,920

like right

2743

01:36:07,189 --> 01:36:05,280

no it's interesting to think about it in

2744

01:36:10,709 --> 01:36:07,199

that way that like yeah if if

2745

01:36:12,550 --> 01:36:10,719

humans were missing like an entire

2746

01:36:13,669 --> 01:36:12,560

like uh now we're talking about dna and

2747

01:36:15,030 --> 01:36:13,679

i'm gonna mess this up but you're

2748

01:36:16,790 --> 01:36:15,040

missing an entire uh

2749

01:36:18,470 --> 01:36:16,800

a section right like yeah you're

2750

01:36:19,669 --> 01:36:18,480

probably gonna come out a little funky i

2751
01:36:20,870 --> 01:36:19,679
mean maybe you still work and you'll

2752
01:36:21,350 --> 01:36:20,880
still be fine but you might have two

2753
01:36:23,189 --> 01:36:21,360
noses

2754
01:36:25,030 --> 01:36:23,199
right but you're not you're not uh

2755
01:36:25,990 --> 01:36:25,040
optimal right you're not in your optimal

2756
01:36:27,990 --> 01:36:26,000
state and so

2757
01:36:29,590 --> 01:36:28,000
yeah there's a you know and there's

2758
01:36:32,629 --> 01:36:29,600
reason i mean i think that

2759
01:36:34,629 --> 01:36:32,639
all of the different kinds uh or the

2760
01:36:36,149 --> 01:36:34,639
different extractions that are done are

2761
01:36:37,430 --> 01:36:36,159
important so the isolate's really

2762
01:36:38,149 --> 01:36:37,440
important for somebody like william who

2763
01:36:40,629 --> 01:36:38,159

asked that question

2764

01:36:42,070 --> 01:36:40,639

earlier because for him because he is

2765

01:36:42,950 --> 01:36:42,080

drug tested it's really important for

2766

01:36:45,510 --> 01:36:42,960

him that he

2767

01:36:46,870 --> 01:36:45,520

doesn't have any thc at this time for

2768

01:36:47,189 --> 01:36:46,880

him right that makes sense and some

2769

01:36:49,590 --> 01:36:47,199

people

2770

01:36:51,109 --> 01:36:49,600

are really thc averse or they have bad

2771

01:36:52,550 --> 01:36:51,119

reactions you know it's rare but like

2772

01:36:55,830 --> 01:36:52,560

some people really just like

2773

01:36:57,270 --> 01:36:55,840

can't handle thc and for them you know

2774

01:36:59,030 --> 01:36:57,280

there is an option for them which i

2775

01:36:59,830 --> 01:36:59,040

think is amazing and really important

2776

01:37:01,030 --> 01:36:59,840

and

2777

01:37:02,790 --> 01:37:01,040

it's not something that we provide but

2778

01:37:03,910 --> 01:37:02,800

there's lots of great companies that do

2779

01:37:05,750 --> 01:37:03,920

provide that and

2780

01:37:07,189 --> 01:37:05,760

it allows them to partake and they

2781

01:37:09,430 --> 01:37:07,199

probably need to take more

2782

01:37:10,629 --> 01:37:09,440

like maybe 10 milligrams works for you

2783

01:37:11,990 --> 01:37:10,639

for a certain thing and maybe with

2784

01:37:13,030 --> 01:37:12,000

isolate they'd have to take

2785

01:37:15,590 --> 01:37:13,040

a little bit more because they're not

2786

01:37:16,790 --> 01:37:15,600

getting that full cocktail of

2787

01:37:19,030 --> 01:37:16,800

cannabinoids

2788

01:37:20,070 --> 01:37:19,040

and all that stuff working together yeah

2789

01:37:22,070 --> 01:37:20,080

um and then

2790

01:37:24,390 --> 01:37:22,080

broad spectrum is kind of in the middle

2791

01:37:25,189 --> 01:37:24,400

and broad spectrum is kind of a maker's

2792

01:37:27,189 --> 01:37:25,199

blend

2793

01:37:29,189 --> 01:37:27,199

if you don't think of that way where

2794

01:37:31,590 --> 01:37:29,199

they kind of pick and choose

2795

01:37:32,229 --> 01:37:31,600

what terpenes or or what cannabinoids

2796

01:37:34,070 --> 01:37:32,239

they want

2797

01:37:36,390 --> 01:37:34,080

in the mixture a lot of times they're

2798

01:37:37,669 --> 01:37:36,400

thc free but not always so you kind of

2799

01:37:38,310 --> 01:37:37,679

have to be careful and make sure that

2800

01:37:39,830 --> 01:37:38,320

you know you're

2801
01:37:41,189 --> 01:37:39,840
you're getting a reputable source and

2802
01:37:42,629 --> 01:37:41,199
all those kind of things but they kind

2803
01:37:43,350 --> 01:37:42,639
of pick and choose and they do that to

2804
01:37:45,189 --> 01:37:43,360
kind of

2805
01:37:46,629 --> 01:37:45,199
they can tailor them for certain things

2806
01:37:49,430 --> 01:37:46,639
or you know like

2807
01:37:51,750 --> 01:37:49,440
maybe they have tailored cbn and cbd or

2808
01:37:54,390 --> 01:37:51,760
whatever for sleep or

2809
01:37:55,590 --> 01:37:54,400
cbg and something for gastro stuff or or

2810
01:37:57,270 --> 01:37:55,600
whatever those things are so they can

2811
01:37:58,950 --> 01:37:57,280
kind of tailor them that way so broad

2812
01:38:00,470 --> 01:37:58,960
spectrum is cool but you're still

2813
01:38:01,350 --> 01:38:00,480

stripping a lot of whey you know what i

2814

01:38:04,310 --> 01:38:01,360

mean and so

2815

01:38:05,189 --> 01:38:04,320

the efficacy of things um you know can

2816

01:38:07,510 --> 01:38:05,199

be

2817

01:38:09,030 --> 01:38:07,520

altered that way so all of our products

2818

01:38:11,189 --> 01:38:09,040

are full spectrum

2819

01:38:12,470 --> 01:38:11,199

as far as i'm concerned i haven't

2820

01:38:14,550 --> 01:38:12,480

noticed that there's

2821

01:38:15,669 --> 01:38:14,560

that there's any reason for them not to

2822

01:38:16,709 --> 01:38:15,679

be and like i said you're getting a lot

2823

01:38:18,310 --> 01:38:16,719

of extra stuff you're getting the

2824

01:38:19,590 --> 01:38:18,320

chlorophyll you're getting the vitamin e

2825

01:38:24,229 --> 01:38:19,600

you're getting the antioxidants

2826

01:38:28,149 --> 01:38:26,709

right but that's why our all of our

2827

01:38:28,709 --> 01:38:28,159

stuff looks different you know it's

2828

01:38:31,910 --> 01:38:28,719

green

2829

01:38:34,149 --> 01:38:31,920

yeah it is like a ninja turtle

2830

01:38:34,950 --> 01:38:34,159

totally yeah but it's green and that's

2831

01:38:36,470 --> 01:38:34,960

why like we

2832

01:38:38,229 --> 01:38:36,480

that's not removed you know so you're

2833

01:38:39,990 --> 01:38:38,239

getting like the everything that nature

2834

01:38:40,629 --> 01:38:40,000

intended like everything that this plant

2835

01:38:43,189 --> 01:38:40,639

intended

2836

01:38:44,070 --> 01:38:43,199

for you to take in yeah is present in

2837

01:38:45,669 --> 01:38:44,080

the oil that we

2838

01:38:48,149 --> 01:38:45,679

that we put in our products i love that

2839

01:38:50,470 --> 01:38:48,159

man i love that because like doesn't the

2840

01:38:52,470 --> 01:38:50,480

human body has more cannabinoid

2841

01:38:53,750 --> 01:38:52,480

receptors than any other type of

2842

01:38:56,629 --> 01:38:53,760

receptor

2843

01:38:58,149 --> 01:38:56,639

that's true well in certain areas like

2844

01:39:00,870 --> 01:38:58,159

in the brain for example

2845

01:39:01,750 --> 01:39:00,880

um so this is yeah so we have an entire

2846

01:39:04,310 --> 01:39:01,760

bodily system

2847

01:39:05,590 --> 01:39:04,320

called the endocannabinoid system or the

2848

01:39:07,109 --> 01:39:05,600

ecs

2849

01:39:08,870 --> 01:39:07,119

it's very interesting so like the same

2850

01:39:10,790 --> 01:39:08,880

way that you have a digestive tract

2851
01:39:12,470 --> 01:39:10,800
or a system where you have a um

2852
01:39:14,390 --> 01:39:12,480
endocrine system you have an

2853
01:39:15,750 --> 01:39:14,400
entire system called the endocannabinoid

2854
01:39:21,910 --> 01:39:15,760
system and we create

2855
01:39:29,350 --> 01:39:26,709
check your nose adamantium

2856
01:39:30,870 --> 01:39:29,360
there are two there are two they they

2857
01:39:32,790 --> 01:39:30,880
simulate two different receptors there's

2858
01:39:34,550 --> 01:39:32,800
cb1 and cb2 receptors

2859
01:39:35,830 --> 01:39:34,560
in the system sounds like a star wars

2860
01:39:37,750 --> 01:39:35,840
droid yeah

2861
01:39:39,990 --> 01:39:37,760
right the cb2 receptors are in your

2862
01:39:41,430 --> 01:39:40,000
periphery so they're like in your in

2863
01:39:44,629 --> 01:39:41,440

your gut they're in your

2864

01:39:46,550 --> 01:39:44,639

skin they're in your um

2865

01:39:48,070 --> 01:39:46,560

your muscular tissue so they kind of are

2866

01:39:49,430 --> 01:39:48,080

touching everything and like your immune

2867

01:39:52,950 --> 01:39:49,440

system that kind of thing and then

2868

01:39:56,070 --> 01:39:52,960

the cb1 receptors are in the brain and

2869

01:39:59,750 --> 01:39:56,080

they modulate different things right

2870

01:40:00,629 --> 01:39:59,760

and so cbd i think the main thing that

2871

01:40:03,750 --> 01:40:00,639

it's been

2872

01:40:04,870 --> 01:40:03,760

or excuse me the ecs the main thing that

2873

01:40:07,510 --> 01:40:04,880

it is kind of

2874

01:40:07,990 --> 01:40:07,520

that it does is it creates homeostasis

2875

01:40:09,910 --> 01:40:08,000

or it

2876

01:40:11,830 --> 01:40:09,920

it keeps your body in homeostasis so if

2877

01:40:14,390 --> 01:40:11,840

you are thinking about that like

2878

01:40:16,070 --> 01:40:14,400

it's let's say you're sick in your body

2879

01:40:17,990 --> 01:40:16,080

you need a fever to kind of burn that

2880

01:40:18,870 --> 01:40:18,000

off right so the ecs is the thing that

2881

01:40:20,229 --> 01:40:18,880

kicks on

2882

01:40:22,550 --> 01:40:20,239

and tells you that you need to run a

2883

01:40:23,590 --> 01:40:22,560

fever and then when it's done it's a

2884

01:40:25,350 --> 01:40:23,600

thing that tells you all right you need

2885

01:40:26,790 --> 01:40:25,360

to cool out and like stop and it's a

2886

01:40:28,149 --> 01:40:26,800

thing that tells you that you're hungry

2887

01:40:29,750 --> 01:40:28,159

and then when you're full it tells you

2888

01:40:30,470 --> 01:40:29,760

that you're not and so it's it's the

2889

01:40:32,550 --> 01:40:30,480

thing that's kind of

2890

01:40:33,990 --> 01:40:32,560

controlling balance in your body and so

2891

01:40:35,030 --> 01:40:34,000

when you think about cbd like that

2892

01:40:36,790 --> 01:40:35,040

and you think about how it's been

2893

01:40:38,229 --> 01:40:36,800

affecting you're like well yeah it's

2894

01:40:40,629 --> 01:40:38,239

balanced my sleep cycle

2895

01:40:43,270 --> 01:40:40,639

it's balanced my like mood swings or my

2896

01:40:44,950 --> 01:40:43,280

anxiety you know it's balancing you

2897

01:40:46,629 --> 01:40:44,960

and i think that that's like a really

2898

01:40:49,990 --> 01:40:46,639

important thing and

2899

01:40:53,109 --> 01:40:50,000

um and one of the most yeah it's really

2900

01:40:54,629 --> 01:40:53,119

cool yeah you know so there's this

2901

01:40:56,229 --> 01:40:54,639

theory or that there's this group of

2902

01:40:58,149 --> 01:40:56,239

thought and like there's some

2903

01:40:59,270 --> 01:40:58,159

some pre-clinical some stuff coming out

2904

01:41:01,270 --> 01:40:59,280

about how

2905

01:41:02,310 --> 01:41:01,280

you could since it is a full bodily

2906

01:41:03,750 --> 01:41:02,320

system right that

2907

01:41:05,510 --> 01:41:03,760

just like any system you could have

2908

01:41:06,790 --> 01:41:05,520

deficiency right like your endocrine

2909

01:41:08,310 --> 01:41:06,800

system isn't firing right or you have

2910

01:41:10,470 --> 01:41:08,320

parts of your endocrine system

2911

01:41:12,870 --> 01:41:10,480

thick pancreas doesn't work or whatever

2912

01:41:14,950 --> 01:41:12,880

and so there could be parts of your ecs

2913

01:41:16,229 --> 01:41:14,960

that aren't working and so if that's the

2914

01:41:17,669 --> 01:41:16,239

case they're saying

2915

01:41:20,229 --> 01:41:17,679

you know that there are a lot of things

2916

01:41:22,470 --> 01:41:20,239

that they think could be

2917

01:41:24,149 --> 01:41:22,480

ailments or illnesses that you could be

2918

01:41:24,470 --> 01:41:24,159

susceptible to if that's not working

2919

01:41:28,390 --> 01:41:24,480

like

2920

01:41:30,790 --> 01:41:28,400

ibs for example or migraines um and so

2921

01:41:32,149 --> 01:41:30,800

taking cbd as like a prophylactic or as

2922

01:41:33,590 --> 01:41:32,159

a preventative

2923

01:41:34,709 --> 01:41:33,600

like you know like the 10 minute gram

2924

01:41:35,270 --> 01:41:34,719

capsules that you're taking right now

2925

01:41:38,390 --> 01:41:35,280

like

2926

01:41:40,070 --> 01:41:38,400

that those could be really beneficial to

2927

01:41:41,109 --> 01:41:40,080

warrant ward off like because we don't

2928

01:41:42,310 --> 01:41:41,119

know you wouldn't know if you have a

2929

01:41:43,510 --> 01:41:42,320

deficiency in that especially because

2930

01:41:44,070 --> 01:41:43,520

they don't test for those kind of things

2931

01:41:45,590 --> 01:41:44,080

at the doctor

2932

01:41:47,270 --> 01:41:45,600

right like traditional medicine it's

2933

01:41:48,310 --> 01:41:47,280

been really kept out you know it's only

2934

01:41:51,990 --> 01:41:48,320

in like 13

2935

01:41:54,310 --> 01:41:52,000

of medical um community like in

2936

01:41:55,270 --> 01:41:54,320

studies like in medical school

2937

01:41:57,270 --> 01:41:55,280

curriculum

2938

01:41:59,189 --> 01:41:57,280

it's only like 13 like that you even

2939

01:42:00,709 --> 01:41:59,199

learn that you have an ecs

2940

01:42:02,790 --> 01:42:00,719

so it's like not even in the medical

2941

01:42:04,709 --> 01:42:02,800

community at all think about like a big

2942

01:42:06,870 --> 01:42:04,719

chapter that they just didn't put in

2943

01:42:07,910 --> 01:42:06,880

yeah you would think i mean

2944

01:42:09,910 --> 01:42:07,920

systematically

2945

01:42:11,270 --> 01:42:09,920

cannabis has really been sort of tried

2946

01:42:12,950 --> 01:42:11,280

they've been really trying to like keep

2947

01:42:14,709 --> 01:42:12,960

it away and there's a lot of

2948

01:42:16,629 --> 01:42:14,719

we can get into like all of the

2949

01:42:17,510 --> 01:42:16,639

conspiracy right of why they're trying

2950

01:42:18,790 --> 01:42:17,520

to do that man

2951

01:42:20,870 --> 01:42:18,800

you're trying to sell more of those uh

2952

01:42:22,709 --> 01:42:20,880

those books you're reading out of the

2953

01:42:24,310 --> 01:42:22,719

paper right

2954

01:42:25,430 --> 01:42:24,320

right and the pharmaceutical companies

2955

01:42:27,910 --> 01:42:25,440

and all that so there's a lot of

2956

01:42:28,310 --> 01:42:27,920

politics right with with why maybe we

2957

01:42:29,750 --> 01:42:28,320

don't

2958

01:42:31,750 --> 01:42:29,760

know as much as we should about this

2959

01:42:33,669 --> 01:42:31,760

thing that's been around literally since

2960

01:42:34,870 --> 01:42:33,679

like the neolithic times

2961

01:42:36,629 --> 01:42:34,880

you know i've even thought about that

2962

01:42:37,750 --> 01:42:36,639

though yeah the pharmaceutical company

2963

01:42:39,189 --> 01:42:37,760

that's so like

2964

01:42:41,669 --> 01:42:39,199

yeah that should be an easy job we can

2965

01:42:43,350 --> 01:42:41,679

talk about that forever but um

2966

01:42:44,950 --> 01:42:43,360

yeah you know so like you could have you

2967

01:42:46,629 --> 01:42:44,960

can have a deficiency in your ecs and

2968

01:42:47,830 --> 01:42:46,639

like that could be why you have certain

2969

01:42:49,910 --> 01:42:47,840

ailments and like

2970

01:42:51,830 --> 01:42:49,920

that's literally not even on anybody's

2971

01:42:52,950 --> 01:42:51,840

radar and so the therapeutic effect of

2972

01:42:54,830 --> 01:42:52,960

taking cbd

2973

01:42:56,070 --> 01:42:54,840

people are having you know tremendous

2974

01:42:59,030 --> 01:42:56,080

anecdotal

2975

01:42:59,430 --> 01:42:59,040

you know um results with that because it

2976

01:43:02,229 --> 01:42:59,440

really

2977

01:43:03,109 --> 01:43:02,239

is helping with these things that like

2978

01:43:04,950 --> 01:43:03,119

modern

2979

01:43:06,310 --> 01:43:04,960

medicine kind of for whatever reason

2980

01:43:06,629 --> 01:43:06,320

like we just haven't been able to get

2981

01:43:09,990 --> 01:43:06,639

there

2982

01:43:12,149 --> 01:43:10,000

lot of ailments

2983

01:43:13,350 --> 01:43:12,159

like you know this happened in the 90s

2984

01:43:14,629 --> 01:43:13,360

and things but like cancer and like

2985

01:43:15,830 --> 01:43:14,639

these kind of things were like there

2986

01:43:16,229 --> 01:43:15,840

were just things that were just sort of

2987

01:43:18,149 --> 01:43:16,239

like

2988

01:43:20,310 --> 01:43:18,159

just that far out of reach you know that

2989

01:43:23,270 --> 01:43:20,320

like we just couldn't

2990

01:43:24,870 --> 01:43:23,280

figure out how to what the right medical

2991

01:43:27,109 --> 01:43:24,880

thing was for this and then

2992

01:43:29,189 --> 01:43:27,119

all of a sudden cannabis kind of starts

2993

01:43:31,669 --> 01:43:29,199

sneaking in and it's like wow like

2994

01:43:33,350 --> 01:43:31,679

cannabis is helping with like these

2995

01:43:35,270 --> 01:43:33,360

symptoms of aids or

2996

01:43:37,030 --> 01:43:35,280

cancer or these things that like they're

2997

01:43:38,070 --> 01:43:37,040

like how come all these hippies live so

2998

01:43:41,669 --> 01:43:38,080

long

2999

01:43:44,790 --> 01:43:41,679

right dude hippies live forever yeah

3000

01:43:46,390 --> 01:43:44,800

um and so it's so true

3001

01:43:47,590 --> 01:43:46,400

yeah and so that's like one of those

3002

01:43:49,189 --> 01:43:47,600

things that's kind of interesting that

3003

01:43:51,830 --> 01:43:49,199

like

3004

01:43:53,270 --> 01:43:51,840

it's kind of bridging the gap for these

3005

01:43:56,470 --> 01:43:53,280

things that like it doesn't

3006

01:43:56,790 --> 01:43:56,480

cure or you know prevent disease but

3007

01:43:59,109 --> 01:43:56,800

that

3008

01:44:00,629 --> 01:43:59,119

it can help with the symptoms of things

3009

01:44:01,510 --> 01:44:00,639

that you're experiencing because of that

3010

01:44:03,270 --> 01:44:01,520

thing or

3011

01:44:05,109 --> 01:44:03,280

you know that sort of thing like you

3012

01:44:06,629 --> 01:44:05,119

know for cancer patients

3013

01:44:08,709 --> 01:44:06,639

lose their appetite for example right

3014

01:44:10,870 --> 01:44:08,719

and so like people get prescribed

3015

01:44:12,310 --> 01:44:10,880

cannabis for that and stimulates their

3016

01:44:13,189 --> 01:44:12,320

appetite and so they'll eat and those

3017

01:44:14,870 --> 01:44:13,199

kind you know it's

3018

01:44:16,229 --> 01:44:14,880

it's working with those things and there

3019

01:44:18,229 --> 01:44:16,239

are clinical and pre-clinical

3020

01:44:19,830 --> 01:44:18,239

studies you know that i've shown those

3021

01:44:20,470 --> 01:44:19,840

those things especially for thc because

3022

01:44:22,310 --> 01:44:20,480

that's kind of

3023

01:44:23,590 --> 01:44:22,320

the only cannabinoid up until recently

3024

01:44:26,310 --> 01:44:23,600

that has been studied

3025

01:44:27,750 --> 01:44:26,320

um why can't it be both right like okay

3026

01:44:30,790 --> 01:44:27,760

we get you get this

3027

01:44:32,629 --> 01:44:30,800

crazy alien uh uh

3028

01:44:33,990 --> 01:44:32,639

injection of something that you get to

3029

01:44:37,189 --> 01:44:34,000

take care of whatever ailment

3030

01:44:38,390 --> 01:44:37,199

but also you can you could take cbd at

3031

01:44:40,629 --> 01:44:38,400

the same time like that

3032

01:44:41,830 --> 01:44:40,639

would be two things now you can right

3033

01:44:44,149 --> 01:44:41,840

and

3034

01:44:45,350 --> 01:44:44,159

what i mean what would be ideal is that

3035

01:44:48,550 --> 01:44:45,360

cannabis

3036

01:44:50,870 --> 01:44:48,560

becomes part of modern medicine

3037

01:44:51,830 --> 01:44:50,880

right and that like instead of like it

3038

01:44:53,189 --> 01:44:51,840

being considered and then

3039

01:44:55,030 --> 01:44:53,199

all of this is political right because

3040

01:44:56,870 --> 01:44:55,040

it's still schedule one i mean hemp

3041

01:44:59,350 --> 01:44:56,880

is not so cbd technically right now has

3042

01:45:01,189 --> 01:44:59,360

been decriminalized since with the 2018

3043

01:45:04,390 --> 01:45:01,199

farm bill so anything that has under

3044

01:45:06,229 --> 01:45:04,400

0.3 thc is federally legal

3045

01:45:07,750 --> 01:45:06,239

um certain states have like gone back on

3046

01:45:08,149 --> 01:45:07,760

that and made their own adjustments to

3047

01:45:11,189 --> 01:45:08,159

that

3048

01:45:14,149 --> 01:45:11,199

law um but for the most part most states

3049

01:45:16,470 --> 01:45:14,159

cbd is legal but phc yeah i mean you've

3050

01:45:18,390 --> 01:45:16,480

only got

3051

01:45:20,310 --> 01:45:18,400

what there's a little bit more than 30

3052

01:45:23,189 --> 01:45:20,320

states so a little more than half

3053

01:45:24,310 --> 01:45:23,199

right that have medical programs for

3054

01:45:26,229 --> 01:45:24,320

people who need it

3055

01:45:27,510 --> 01:45:26,239

but that's not all yet you know they're

3056

01:45:29,189 --> 01:45:27,520

supposed to have that

3057

01:45:30,870 --> 01:45:29,199

it's supposed to be federally well the

3058

01:45:32,950 --> 01:45:30,880

vote to be federally decriminalized was

3059

01:45:34,790 --> 01:45:32,960

in the house was supposed to be this

3060

01:45:36,550 --> 01:45:34,800

week or next week yeah i thought they

3061

01:45:38,070 --> 01:45:36,560

were supposed to happen they postponed

3062

01:45:39,990 --> 01:45:38,080

it till after the election so we'll see

3063

01:45:41,590 --> 01:45:40,000

what happened they postponed it

3064

01:45:43,270 --> 01:45:41,600

you know we'll see if they probably

3065

01:45:43,990 --> 01:45:43,280

might do that again dude if texas

3066

01:45:46,470 --> 01:45:44,000

legalizes

3067

01:45:47,830 --> 01:45:46,480

it don't you decide my weed i mean i'm

3068

01:45:51,830 --> 01:45:47,840

not trying to

3069

01:45:53,990 --> 01:45:51,840

down here but like i've never been a big

3070

01:45:56,070 --> 01:45:54,000

weed smoker like dude you you used to

3071

01:45:57,590 --> 01:45:56,080

have fun we still do but like

3072

01:45:59,350 --> 01:45:57,600

honestly like the benefits i think as

3073

01:46:01,109 --> 01:45:59,360

you age too like it's

3074

01:46:02,950 --> 01:46:01,119

it's different like you start wanting

3075

01:46:03,990 --> 01:46:02,960

those things for a different reason like

3076

01:46:05,990 --> 01:46:04,000

when you're young

3077

01:46:07,030 --> 01:46:06,000

you're smoking weed and drinking because

3078

01:46:08,550 --> 01:46:07,040

you're partying and having fun and

3079

01:46:09,510 --> 01:46:08,560

whatever as an adult you're like trying

3080

01:46:12,709 --> 01:46:09,520

to get rid of

3081

01:46:15,030 --> 01:46:12,719

your yeah life like

3082

01:46:15,910 --> 01:46:15,040

my anxiety my back you know all these

3083

01:46:17,270 --> 01:46:15,920

things and

3084

01:46:19,270 --> 01:46:17,280

you know that's what's really cool about

3085

01:46:21,270 --> 01:46:19,280

cbd because even as you age like a lot

3086

01:46:23,189 --> 01:46:21,280

of people do struggle with thc that it

3087

01:46:24,470 --> 01:46:23,199

creates paranoia or these kind of things

3088

01:46:26,950 --> 01:46:24,480

and so they

3089

01:46:28,470 --> 01:46:26,960

maybe once enjoyed smoking cannabis but

3090

01:46:30,229 --> 01:46:28,480

no longer really

3091

01:46:31,830 --> 01:46:30,239

are able to do that and cbd is great

3092

01:46:34,790 --> 01:46:31,840

because you can yeah and

3093

01:46:36,950 --> 01:46:34,800

you know like i'm not a super um a

3094

01:46:38,629 --> 01:46:36,960

cannabis user like i'm not a daily user

3095

01:46:40,149 --> 01:46:38,639

generally or anything like that but i do

3096

01:46:42,149 --> 01:46:40,159

like with the cbd

3097

01:46:43,350 --> 01:46:42,159

like i because i just never had a high

3098

01:46:45,830 --> 01:46:43,360

tolerance and like it just

3099

01:46:46,709 --> 01:46:45,840

you know like i never was able to like

3100

01:46:48,390 --> 01:46:46,719

do a lot of it

3101

01:46:49,830 --> 01:46:48,400

yeah you know what i mean what do you

3102

01:46:52,470 --> 01:46:49,840

say a lot of it

3103

01:46:53,189 --> 01:46:52,480

really tells that you don't really do

3104

01:46:55,109 --> 01:46:53,199

what do we

3105

01:46:57,030 --> 01:46:55,119

do and it's one of those things like i

3106

01:46:58,550 --> 01:46:57,040

mean i just like never smoked a ton i

3107

01:47:01,189 --> 01:46:58,560

grew up in colorado and

3108

01:47:02,310 --> 01:47:01,199

like it was just it was it's been not

3109

01:47:03,990 --> 01:47:02,320

legal but like it was always

3110

01:47:05,590 --> 01:47:04,000

decriminalized from the time that like i

3111

01:47:06,709 --> 01:47:05,600

was of age to smoke you know like you

3112

01:47:07,750 --> 01:47:06,719

could have an ounce on you and you

3113

01:47:09,350 --> 01:47:07,760

wouldn't be arrested

3114

01:47:11,109 --> 01:47:09,360

you know from the time that i was like

3115

01:47:13,830 --> 01:47:11,119

14. so

3116

01:47:15,030 --> 01:47:13,840

i just never really felt the urgency for

3117

01:47:16,470 --> 01:47:15,040

it like i don't think i smoked

3118

01:47:18,790 --> 01:47:16,480

cannabis for the first time till i was

3119

01:47:20,550 --> 01:47:18,800

like 21 and

3120

01:47:22,149 --> 01:47:20,560

and i i always enjoyed it or whatever

3121

01:47:24,790 --> 01:47:22,159

but like i never like i had friends

3122

01:47:26,310 --> 01:47:24,800

you know who could smoke a lot of pot

3123

01:47:27,510 --> 01:47:26,320

you know and i just like was never one

3124

01:47:29,430 --> 01:47:27,520

of those people like i just

3125

01:47:31,030 --> 01:47:29,440

i was never one of those people who like

3126

01:47:32,550 --> 01:47:31,040

it just affected me differently like we

3127

01:47:34,390 --> 01:47:32,560

all have different tolerances and like i

3128

01:47:36,550 --> 01:47:34,400

had a very low tolerance and so like

3129

01:47:38,629 --> 01:47:36,560

but with the cbd like i find that i can

3130

01:47:39,189 --> 01:47:38,639

partake and i get all the benefits that

3131

01:47:41,990 --> 01:47:39,199

i actually

3132

01:47:43,189 --> 01:47:42,000

want but i don't get the paranoia or i

3133

01:47:45,350 --> 01:47:43,199

don't get the like

3134

01:47:46,629 --> 01:47:45,360

the body like itchy feeling or those

3135

01:47:47,910 --> 01:47:46,639

kind of things that like a lot of people

3136

01:47:50,149 --> 01:47:47,920

are experiencing

3137

01:47:51,270 --> 01:47:50,159

here that's right that's paranoia right

3138

01:47:52,470 --> 01:47:51,280

you know that's what happened to me

3139

01:47:54,550 --> 01:47:52,480

because

3140

01:47:57,189 --> 01:47:54,560

i was one of those people that you

3141

01:48:00,709 --> 01:47:57,199

smoked weed all day all day

3142

01:48:03,270 --> 01:48:00,719

yeah yeah uh and then i

3143

01:48:03,990 --> 01:48:03,280

i i stopped right you know yeah i sure

3144

01:48:06,390 --> 01:48:04,000

had

3145

01:48:08,390 --> 01:48:06,400

adult [h__h] going on right now it's like

3146

01:48:12,310 --> 01:48:08,400

i gotta be responsible here

3147

01:48:15,270 --> 01:48:12,320

um and i stopped and then i

3148

01:48:16,229 --> 01:48:15,280

actually it was your product that i took

3149

01:48:18,550 --> 01:48:16,239

the cbd

3150

01:48:20,790 --> 01:48:18,560

and it wasn't my first time taking cbd

3151

01:48:24,870 --> 01:48:20,800

but it was my first time taking cbd

3152

01:48:27,990 --> 01:48:24,880

after i had stopped smoking you know thc

3153

01:48:29,830 --> 01:48:28,000

um you know for a while i took that

3154

01:48:31,270 --> 01:48:29,840

i took that 50 milligram pill that you

3155

01:48:33,350 --> 01:48:31,280

gave me

3156

01:48:34,709 --> 01:48:33,360

holy [h__\h] during the day or did you take

3157

01:48:36,550 --> 01:48:34,719

it at night it was at night

3158

01:48:37,910 --> 01:48:36,560

remember uh we were out at that lake

3159

01:48:40,550 --> 01:48:37,920

house oh yeah

3160

01:48:42,470 --> 01:48:40,560

yeah yeah i gotta go yeah i'd go for it

3161

01:48:42,950 --> 01:48:42,480

but it was the first time i had taken it

3162

01:48:46,149 --> 01:48:42,960

like

3163

01:48:47,189 --> 01:48:46,159

on uh uh while not ingesting any sort of

3164

01:48:50,390 --> 01:48:47,199

thc for

3165

01:48:51,189 --> 01:48:50,400

months sure and then i was just like i

3166

01:48:54,229 --> 01:48:51,199

was so

3167

01:48:57,350 --> 01:48:54,239

irritable and crabby and just like

3168

01:49:00,229 --> 01:48:57,360

yeah you know i work outside you know uh

3169

01:49:01,430 --> 01:49:00,239

you know i get the occasional like

3170

01:49:04,550 --> 01:49:01,440

soreness and like

3171

01:49:06,950 --> 01:49:04,560

yeah back pain i

3172

01:49:07,990 --> 01:49:06,960

couldn't sleep i was having the weirdest

3173

01:49:09,590 --> 01:49:08,000

dreams like

3174

01:49:12,629 --> 01:49:09,600

in the world like after i stopped

3175

01:49:14,790 --> 01:49:12,639

smoking and it was just so strange but

3176

01:49:16,229 --> 01:49:14,800

that first time that you gave me that 50

3177

01:49:18,790 --> 01:49:16,239

milligram capsule and i

3178

01:49:19,510 --> 01:49:18,800

i i didn't even know i went to sleep

3179

01:49:21,589 --> 01:49:19,520

like yeah

3180

01:49:23,270 --> 01:49:21,599

i was just like okay just float off

3181

01:49:27,270 --> 01:49:23,280

right i just floated off

3182

01:49:27,990 --> 01:49:27,280

and you're right i woke up fully charged

3183

01:49:30,709 --> 01:49:28,000

like i had

3184

01:49:31,669 --> 01:49:30,719

had the first good sleep since i was

3185

01:49:33,350 --> 01:49:31,679

like you're getting your rem

3186

01:49:34,709 --> 01:49:33,360

sleep like you're actually hitting your

3187

01:49:37,910 --> 01:49:34,719

sleep cycles and

3188

01:49:39,830 --> 01:49:37,920

i know it's that's i mean amazing for me

3189

01:49:41,510 --> 01:49:39,840

it's something that i think like a lot

3190

01:49:43,189 --> 01:49:41,520

of people like i i didn't think i

3191

01:49:43,669 --> 01:49:43,199

struggled with it and then i took it i'm

3192

01:49:46,070 --> 01:49:43,679

like

3193

01:49:47,189 --> 01:49:46,080

oh no i was actually tossing and turning

3194

01:49:48,550 --> 01:49:47,199

and like sore and

3195

01:49:50,470 --> 01:49:48,560

like things that i didn't realize that i

3196

01:49:52,390 --> 01:49:50,480

was and that for me has been

3197

01:49:54,550 --> 01:49:52,400

life-changing in so many ways like you

3198

01:49:56,950 --> 01:49:54,560

don't realize how restorative and like

3199

01:49:58,550 --> 01:49:56,960

regenerative sleep is until like you

3200

01:49:58,950 --> 01:49:58,560

really are getting it and then you're

3201

01:50:02,310 --> 01:49:58,960

like

3202

01:50:04,149 --> 01:50:02,320

to take it i don't feel tired at three

3203

01:50:05,669 --> 01:50:04,159

and the clock in the afternoon anymore

3204

01:50:07,270 --> 01:50:05,679

and i don't feel brain fog in the

3205

01:50:09,589 --> 01:50:07,280

morning when i wake up and like

3206

01:50:10,709 --> 01:50:09,599

you're just ready you know and it's like

3207

01:50:12,629 --> 01:50:10,719

it's balanced right like you're

3208

01:50:15,030 --> 01:50:12,639

balancing your sleep cycle

3209

01:50:16,470 --> 01:50:15,040

and that just it helps so much and like

3210

01:50:18,070 --> 01:50:16,480

we were talking about uh

3211

01:50:19,750 --> 01:50:18,080

the other day like on it just being

3212

01:50:20,149 --> 01:50:19,760

appropriate you know what i'm saying

3213

01:50:23,669 --> 01:50:20,159

like

3214

01:50:25,430 --> 01:50:23,679

weed right

3215

01:50:27,990 --> 01:50:25,440

there are those occasions where it's

3216

01:50:29,510 --> 01:50:28,000

just probably not appropriate for you to

3217

01:50:31,350 --> 01:50:29,520

just be stoned right

3218

01:50:33,350 --> 01:50:31,360

but you but like you would dinner with

3219

01:50:34,950 --> 01:50:33,360

the in-laws yeah you enjoy the uh you

3220

01:50:37,350 --> 01:50:34,960

enjoy the mellow feeling

3221

01:50:38,870 --> 01:50:37,360

you enjoy that you enjoy that right but

3222

01:50:40,229 --> 01:50:38,880

maybe it's not appropriate for you to be

3223

01:50:42,470 --> 01:50:40,239

stoned

3224

01:50:43,350 --> 01:50:42,480

take some cbd yeah and like you're

3225

01:50:46,390 --> 01:50:43,360

you're just

3226

01:50:48,870 --> 01:50:46,400

weird because

3227

01:50:50,390 --> 01:50:48,880

you like we were talking about like you

3228

01:50:52,149 --> 01:50:50,400

don't realize you have things that

3229

01:50:52,950 --> 01:50:52,159

bother you until you took it and you're

3230

01:50:54,470 --> 01:50:52,960

like whoa

3231

01:50:56,229 --> 01:50:54,480

i didn't realize that was bothering that

3232

01:50:57,910 --> 01:50:56,239

shoulder or yeah whatever it's almost

3233

01:50:59,270 --> 01:50:57,920

like you know people go to the doctor to

3234

01:51:01,430 --> 01:50:59,280

find out what's wrong with them

3235

01:51:03,510 --> 01:51:01,440

yeah you know but like if you just took

3236

01:51:05,510 --> 01:51:03,520

some cbd you would be like holy crap

3237

01:51:07,030 --> 01:51:05,520

i didn't realize my butt hurt yeah or

3238

01:51:09,750 --> 01:51:07,040

like that's what i could kind of sleep

3239

01:51:10,870 --> 01:51:09,760

or like yeah that's kind of what i meant

3240

01:51:11,669 --> 01:51:10,880

earlier about like it's like the

3241

01:51:14,310 --> 01:51:11,679

opposite of

3242

01:51:14,950 --> 01:51:14,320

a placebo because you take a placebo to

3243

01:51:17,030 --> 01:51:14,960

treat a

3244

01:51:18,229 --> 01:51:17,040

specific thing but you and also to trick

3245

01:51:19,189 --> 01:51:18,239

your brain into thinking that you're

3246

01:51:21,030 --> 01:51:19,199

better right yeah

3247

01:51:22,629 --> 01:51:21,040

yeah which i honestly i think it's like

3248

01:51:23,669 --> 01:51:22,639

probably the most powerful drug we have

3249

01:51:25,350 --> 01:51:23,679

is our brain but

3250

01:51:27,350 --> 01:51:25,360

at the same time like it's kind of the

3251

01:51:29,270 --> 01:51:27,360

opposite in fact that like

3252

01:51:31,109 --> 01:51:29,280

you kind of you know an hour 30 minutes

3253

01:51:35,589 --> 01:51:31,119

later you're like oh [\h__\h]

3254

01:51:37,669 --> 01:51:35,599

oh yeah

3255

01:51:38,870 --> 01:51:37,679

yeah i mean i yeah i love to think of it

3256

01:51:40,550 --> 01:51:38,880

that way that like it's

3257

01:51:42,709 --> 01:51:40,560

it's just kind of taking away all the

3258

01:51:46,390 --> 01:51:42,719

things that are keeping us from

3259

01:51:48,470 --> 01:51:46,400

being fully fully functioning right like

3260

01:51:50,390 --> 01:51:48,480

we live in a pretty i mean especially

3261

01:51:52,709 --> 01:51:50,400

like right now things are a

3262

01:51:54,390 --> 01:51:52,719

mess and like it's it's a struggle for

3263

01:51:56,550 --> 01:51:54,400

everyone and

3264

01:51:57,830 --> 01:51:56,560

even you know like in different ways

3265

01:51:58,310 --> 01:51:57,840

like we're all struggling in different

3266

01:51:59,350 --> 01:51:58,320

ways and

3267

01:52:00,950 --> 01:51:59,360

there are different things that are

3268

01:52:01,830 --> 01:52:00,960

setting different people off and it you

3269

01:52:03,910 --> 01:52:01,840

know it's

3270

01:52:05,189 --> 01:52:03,920

it's hard it's a hard world we're living

3271

01:52:07,750 --> 01:52:05,199

in like in this moment

3272

01:52:08,470 --> 01:52:07,760

and you know the modern ages it's hard

3273

01:52:11,270 --> 01:52:08,480

anyway the

3274

01:52:12,709 --> 01:52:11,280

the lack of like privacy and that like

3275

01:52:13,830 --> 01:52:12,719

you have to be tuned in all the time and

3276

01:52:14,950 --> 01:52:13,840

that like everybody knows that you've

3277

01:52:15,350 --> 01:52:14,960

got your phone on you so if you don't

3278

01:52:17,109 --> 01:52:15,360

answer

3279

01:52:18,550 --> 01:52:17,119

like there's stresses that like people

3280

01:52:21,030 --> 01:52:18,560

haven't had to live with

3281

01:52:22,470 --> 01:52:21,040

that's a big stressor for me i think

3282

01:52:25,430 --> 01:52:22,480

it's a stress for everyone like

3283

01:52:25,990 --> 01:52:25,440

you're so accessible and that's only

3284

01:52:29,109 --> 01:52:26,000

true of

3285

01:52:29,990 --> 01:52:29,119

of the now of like right now and so cbd

3286

01:52:33,030 --> 01:52:30,000

really does help

3287

01:52:34,550 --> 01:52:33,040

kind of alleviate those pressures

3288

01:52:36,790 --> 01:52:34,560

because like you're not

3289

01:52:38,149 --> 01:52:36,800

feeling pressure in here like everything

3290

01:52:39,589 --> 01:52:38,159

in here is kind of

3291

01:52:41,510 --> 01:52:39,599

focused and working the way that it

3292

01:52:43,030 --> 01:52:41,520

should and it allows you to tackle your

3293

01:52:44,790 --> 01:52:43,040

day in the way that you need to or your

3294

01:52:46,629 --> 01:52:44,800

or your night like it allows you to

3295

01:52:48,470 --> 01:52:46,639

get that sleep that you need and yeah

3296

01:52:51,189 --> 01:52:48,480

it's um it's been pretty

3297

01:52:51,990 --> 01:52:51,199

i mean i haven't had anybody i i welcome

3298

01:52:53,750 --> 01:52:52,000

the moment

3299

01:52:55,109 --> 01:52:53,760

and i look forward to that but i haven't

3300

01:52:56,070 --> 01:52:55,119

had the conversation with somebody yet

3301

01:52:57,830 --> 01:52:56,080

where they're like

3302

01:52:59,510 --> 01:52:57,840

you know it didn't work for me or i

3303

01:53:00,310 --> 01:52:59,520

didn't feel anything or i didn't notice

3304

01:53:01,669 --> 01:53:00,320

anything and

3305

01:53:03,910 --> 01:53:01,679

you know part of that like i think

3306

01:53:04,950 --> 01:53:03,920

people there's a lot of buzz around cbd

3307

01:53:06,470 --> 01:53:04,960

and i think that that can be

3308

01:53:08,229 --> 01:53:06,480

really off-putting you know people like

3309

01:53:11,350 --> 01:53:08,239

oh it's a fad or

3310

01:53:12,390 --> 01:53:11,360

it's it's it's it creates stress right

3311

01:53:13,510 --> 01:53:12,400

and they're like oh there's just like

3312

01:53:14,709 --> 01:53:13,520

it's too much and there's too much

3313

01:53:16,149 --> 01:53:14,719

information and

3314

01:53:18,390 --> 01:53:16,159

there's too much stuff out there that

3315

01:53:20,310 --> 01:53:18,400

like it kind of paralyzes us and i think

3316

01:53:22,070 --> 01:53:20,320

that's true of a lot of things but

3317

01:53:23,589 --> 01:53:22,080

um yeah it's like having too many

3318

01:53:25,750 --> 01:53:23,599

options and then like yeah

3319

01:53:26,709 --> 01:53:25,760

[h__h] it i won't buy it or i won't try it

3320

01:53:28,950 --> 01:53:26,719

not buy it i meant

3321

01:53:30,390 --> 01:53:28,960

you know try it out like my wife's mom

3322

01:53:34,149 --> 01:53:30,400

is super

3323

01:53:37,109 --> 01:53:34,159

amped all the time about

3324

01:53:39,189 --> 01:53:37,119

anything literally anything she is just

3325

01:53:41,830 --> 01:53:39,199

completely amped all the time

3326

01:53:42,550 --> 01:53:41,840

uh we actually gave her uh a 50

3327

01:53:45,270 --> 01:53:42,560

milligram

3328

01:53:46,390 --> 01:53:45,280

oh yeah and she took it she was like is

3329

01:53:47,830 --> 01:53:46,400

it gonna make what was it gonna make me

3330

01:53:49,910 --> 01:53:47,840

feel like like well i don't know i don't

3331

01:53:51,830 --> 01:53:49,920

know if i should take this and like am i

3332

01:53:53,910 --> 01:53:51,840

am i gonna be like hi and all this stuff

3333

01:53:54,709 --> 01:53:53,920

we're like just take it and see what

3334

01:53:57,030 --> 01:53:54,719

happens

3335

01:53:58,310 --> 01:53:57,040

and so she took it and she was like whoa

3336

01:54:01,189 --> 01:53:58,320

she was like i had a

3337

01:54:01,990 --> 01:54:01,199

i had a really i was so relaxed yeah

3338

01:54:05,030 --> 01:54:02,000

because she's so

3339

01:54:07,669 --> 01:54:05,040

just wired constantly

3340

01:54:08,629 --> 01:54:07,679

and yeah she was pretty relaxed she said

3341

01:54:11,430 --> 01:54:08,639

yeah that's cool

3342

01:54:12,950 --> 01:54:11,440

i um i love these like hearing these

3343

01:54:14,950 --> 01:54:12,960

things because it's

3344

01:54:16,470 --> 01:54:14,960

i i haven't had anybody who's like uh it

3345

01:54:18,229 --> 01:54:16,480

didn't work and sometimes that can be on

3346

01:54:19,430 --> 01:54:18,239

dose you know the dosing was a little

3347

01:54:20,550 --> 01:54:19,440

off because everybody's body is

3348

01:54:22,229 --> 01:54:20,560

different like you need

3349

01:54:24,149 --> 01:54:22,239

like you're taking 20 milligrams and you

3350

01:54:24,709 --> 01:54:24,159

were sleeping great like 20 milligrams

3351

01:54:26,229 --> 01:54:24,719

doesn't

3352

01:54:27,750 --> 01:54:26,239

give me the sleep that a 50 does you

3353

01:54:29,830 --> 01:54:27,760

know so we all have different

3354

01:54:31,189 --> 01:54:29,840

different dosing that we need like like

3355

01:54:32,470 --> 01:54:31,199

this it's the same way with thc

3356

01:54:33,589 --> 01:54:32,480

everybody has a different tolerance to

3357

01:54:35,189 --> 01:54:33,599

that you know so

3358

01:54:37,030 --> 01:54:35,199

and different ailments right like some

3359

01:54:39,109 --> 01:54:37,040

people have really extreme chronic pain

3360

01:54:41,750 --> 01:54:39,119

and like they can take a lot more cbd

3361

01:54:43,750 --> 01:54:41,760

because their their threshold is so much

3362

01:54:45,510 --> 01:54:43,760

higher than like where i'm at with my

3363

01:54:47,270 --> 01:54:45,520

what i'm experiencing right you know so

3364

01:54:47,510 --> 01:54:47,280

it has to be tailored to the individual

3365

01:54:54,390 --> 01:54:47,520

i

3366

01:54:55,990 --> 01:54:54,400

dose for you yeah you know

3367

01:54:58,070 --> 01:54:56,000

and that like that's something that i

3368

01:55:00,470 --> 01:54:58,080

you know with our company i always like

3369

01:55:02,709 --> 01:55:00,480

try to make myself very available to

3370

01:55:04,470 --> 01:55:02,719

people and i always like you know i

3371

01:55:05,750 --> 01:55:04,480

let them know that like if they have

3372

01:55:07,669 --> 01:55:05,760

questions or something's not working for

3373

01:55:09,589 --> 01:55:07,679

them to reach out because i'm

3374

01:55:11,189 --> 01:55:09,599

i know i'm not an expert and this isn't

3375

01:55:12,870 --> 01:55:11,199

a one size fits all and it's definitely

3376

01:55:16,070 --> 01:55:12,880

not a miracle or a cure

3377

01:55:16,629 --> 01:55:16,080

but you can tailor this to you in a way

3378

01:55:19,109 --> 01:55:16,639

that

3379

01:55:21,109 --> 01:55:19,119

will help and you know kind of helps do

3380

01:55:22,790 --> 01:55:21,119

what what you need it to do you know and

3381

01:55:23,910 --> 01:55:22,800

i think part of that is expectations you

3382

01:55:24,870 --> 01:55:23,920

know some people come into this and

3383

01:55:26,390 --> 01:55:24,880

they're like

3384

01:55:28,390 --> 01:55:26,400

oh it's going to fix everything you know

3385

01:55:30,149 --> 01:55:28,400

which it kind of gives that impression

3386

01:55:30,709 --> 01:55:30,159

because there is a very long list of

3387

01:55:33,189 --> 01:55:30,719

things

3388

01:55:34,470 --> 01:55:33,199

that seeming seem unrelated until you

3389

01:55:35,910 --> 01:55:34,480

kind of learn about the

3390

01:55:37,830 --> 01:55:35,920

endocannabinoid system and all the

3391

01:55:39,669 --> 01:55:37,840

things that it touches but

3392

01:55:41,589 --> 01:55:39,679

you know it seems unrelated it's like oh

3393

01:55:42,310 --> 01:55:41,599

it's a one size fits all you just

3394

01:55:43,589 --> 01:55:42,320

whatever and

3395

01:55:44,870 --> 01:55:43,599

that's not really the case i always like

3396

01:55:45,990 --> 01:55:44,880

to tell people to like really think

3397

01:55:47,669 --> 01:55:46,000

about why you want to take

3398

01:55:48,790 --> 01:55:47,679

it you know like what is the thing that

3399

01:55:50,070 --> 01:55:48,800

you're struggling with that you want to

3400

01:55:52,950 --> 01:55:50,080

take it for and then

3401
01:55:53,510 --> 01:55:52,960
create reasonable expectations based on

3402
01:55:56,790 --> 01:55:53,520
that thing

3403
01:55:57,830 --> 01:55:56,800
yeah absolutely um uh i have a question

3404
01:55:59,430 --> 01:55:57,840
so just

3405
01:56:01,510 --> 01:55:59,440
based off of that point three so the

3406
01:56:03,669 --> 01:56:01,520
point three thc right like yeah

3407
01:56:05,589 --> 01:56:03,679
i guess i guess that would depend on the

3408
01:56:08,790 --> 01:56:05,599
test you're taking right like

3409
01:56:11,830 --> 01:56:08,800
is the test so accurate that it can

3410
01:56:13,510 --> 01:56:11,840
kind of miss that point three do we know

3411
01:56:15,189 --> 01:56:13,520
obviously not that are you talking about

3412
01:56:16,629 --> 01:56:15,199
if you were to be drug tested yeah are

3413
01:56:17,270 --> 01:56:16,639

you picking up that walmart one off the

3414

01:56:19,030 --> 01:56:17,280

shelf

3415

01:56:20,629 --> 01:56:19,040

yeah exactly right so the drug test has

3416

01:56:23,510 --> 01:56:20,639

a threshold okay so like

3417

01:56:24,229 --> 01:56:23,520

it will pick up to a certain percentage

3418

01:56:29,830 --> 01:56:24,239

in your

3419

01:56:33,030 --> 01:56:29,840

this sits in a fat cell right

3420

01:56:36,629 --> 01:56:33,040

so um so so

3421

01:56:39,750 --> 01:56:36,639

i cannot say with absolute

3422

01:56:41,189 --> 01:56:39,760

absolute certainty i would say that um

3423

01:56:42,470 --> 01:56:41,199

you know you would have to look at you

3424

01:56:43,510 --> 01:56:42,480

would have to see like okay what's the

3425

01:56:45,430 --> 01:56:43,520

percentage

3426

01:56:47,109 --> 01:56:45,440

that like a drug test is picking up on

3427

01:56:47,750 --> 01:56:47,119

and it would there would be all kinds of

3428

01:56:49,669 --> 01:56:47,760

things that

3429

01:56:51,350 --> 01:56:49,679

that adjust this right like how often

3430

01:56:54,870 --> 01:56:51,360

are you taking cbd

3431

01:56:56,310 --> 01:56:54,880

how you know like what's your how often

3432

01:56:59,270 --> 01:56:56,320

you work out what's your weight

3433

01:57:01,109 --> 01:56:59,280

like all of these things would factor in

3434

01:57:01,589 --> 01:57:01,119

to it so like it's a hard thing because

3435

01:57:03,510 --> 01:57:01,599

like

3436

01:57:06,149 --> 01:57:03,520

opioids and alcohol are in your system

3437

01:57:07,990 --> 01:57:06,159

for like 24 hours right like and they

3438

01:57:09,350 --> 01:57:08,000

they just come right out as you drink

3439

01:57:11,510 --> 01:57:09,360

water you know

3440

01:57:13,030 --> 01:57:11,520

but because that's lives in your fat

3441

01:57:14,550 --> 01:57:13,040

cells it can be in there for up to a

3442

01:57:16,229 --> 01:57:14,560

month right oh yeah

3443

01:57:17,910 --> 01:57:16,239

and so like you would have a build up

3444

01:57:19,990 --> 01:57:17,920

depending on how often and how much

3445

01:57:23,109 --> 01:57:20,000

you're taking and so like

3446

01:57:23,990 --> 01:57:23,119

i would say that with um with with with

3447

01:57:26,070 --> 01:57:24,000

that particular

3448

01:57:27,030 --> 01:57:26,080

thing being drug tested thanks dude i

3449

01:57:29,030 --> 01:57:27,040

would say just

3450

01:57:31,430 --> 01:57:29,040

no thc is right for you because it's

3451
01:57:33,510 --> 01:57:31,440
smart just being responsible

3452
01:57:34,629 --> 01:57:33,520
yeah you you really don't want to want

3453
01:57:36,870 --> 01:57:34,639
to mess with that

3454
01:57:38,390 --> 01:57:36,880
and you know we we don't we don't

3455
01:57:40,550 --> 01:57:38,400
provide a a

3456
01:57:41,910 --> 01:57:40,560
a product for people who need that but

3457
01:57:43,270 --> 01:57:41,920
there's lots of great products out there

3458
01:57:45,109 --> 01:57:43,280
for people who do and

3459
01:57:46,629 --> 01:57:45,119
it is by far the best choice for them to

3460
01:57:49,510 --> 01:57:46,639
just go with a with a

3461
01:57:49,910 --> 01:57:49,520
um we kind of equated it too right it's

3462
01:57:52,390 --> 01:57:49,920
it's

3463
01:57:54,070 --> 01:57:52,400

kind of like if you were to eat a a

3464

01:57:56,390 --> 01:57:54,080

poppy seed bagel and then you had to

3465

01:57:58,470 --> 01:57:56,400

take a drug test how you'd you could

3466

01:57:59,430 --> 01:57:58,480

you could test positive for opioids

3467

01:58:01,750 --> 01:57:59,440

opioids

3468

01:58:03,350 --> 01:58:01,760

like and like that's ridiculous right

3469

01:58:04,629 --> 01:58:03,360

that you could like it could be that

3470

01:58:07,270 --> 01:58:04,639

simple of a thing but

3471

01:58:08,790 --> 01:58:07,280

it does you know it does happen and so i

3472

01:58:10,870 --> 01:58:08,800

i'm just always like

3473

01:58:12,149 --> 01:58:10,880

want to be very i'm always very open and

3474

01:58:14,390 --> 01:58:12,159

honest about that that like

3475

01:58:16,229 --> 01:58:14,400

our products are amazing but it's not

3476
01:58:16,790 --> 01:58:16,239
for somebody who needs that specific

3477
01:58:19,830 --> 01:58:16,800
thing

3478
01:58:22,790 --> 01:58:19,840
right now right well

3479
01:58:24,390 --> 01:58:22,800
dude i mean uh i know dan's excited for

3480
01:58:26,550 --> 01:58:24,400
that mango smoothie yeah

3481
01:58:28,229 --> 01:58:26,560
thank you he's actually not the only

3482
01:58:30,229 --> 01:58:28,239
person who said something you know it is

3483
01:58:31,830 --> 01:58:30,239
it is an amazing smoothies um

3484
01:58:33,430 --> 01:58:31,840
and it's on our blog on our website if

3485
01:58:34,790 --> 01:58:33,440
anybody's interested in checking that

3486
01:58:37,510 --> 01:58:34,800
out but it's basically

3487
01:58:39,669 --> 01:58:37,520
you take the drops and you it's mango

3488
01:58:40,229 --> 01:58:39,679

banana and mangoes have mercy so you get

3489

01:58:42,229 --> 01:58:40,239

like that

3490

01:58:44,870 --> 01:58:42,239

terpene you get them terpenes you've got

3491

01:58:46,790 --> 01:58:44,880

terp going um but it's mango and banana

3492

01:58:50,550 --> 01:58:46,800

and some coconut water

3493

01:58:51,990 --> 01:58:50,560

and then the cbd and that's i think it

3494

01:58:56,470 --> 01:58:52,000

like a little pinch of salt i might have

3495

01:58:59,510 --> 01:58:58,709

yeah and it uh but it is it's delicious

3496

01:59:01,750 --> 01:58:59,520

it's one of my

3497

01:59:03,350 --> 01:59:01,760

favorite recipes that we've made with

3498

01:59:04,629 --> 01:59:03,360

the cbd so far and

3499

01:59:06,310 --> 01:59:04,639

um that's something that we're like

3500

01:59:07,510 --> 01:59:06,320

really excited about doing is like

3501
01:59:08,790 --> 01:59:07,520
teaching people how to use it you know

3502
01:59:10,149 --> 01:59:08,800
because i think there's a lot of that

3503
01:59:12,149 --> 01:59:10,159
too where people are

3504
01:59:13,430 --> 01:59:12,159
nervous about taking cbd because they

3505
01:59:15,350 --> 01:59:13,440
don't really know they're like

3506
01:59:17,030 --> 01:59:15,360
oh there's so many products right

3507
01:59:18,790 --> 01:59:17,040
there's like yeah topicals there's

3508
01:59:20,870 --> 01:59:18,800
tinctures there's

3509
01:59:22,070 --> 01:59:20,880
capsules there's topic or i said

3510
01:59:23,990 --> 01:59:22,080
topicals already but like

3511
01:59:25,510 --> 01:59:24,000
depositories right no there's like a

3512
01:59:27,109 --> 01:59:25,520
thousand different things right there's

3513
01:59:28,229 --> 01:59:27,119

there's the pre-rolls right like there's

3514

01:59:29,990 --> 01:59:28,239

the the rollies like

3515

01:59:31,910 --> 01:59:30,000

for smoking and so i think that people

3516

01:59:33,109 --> 01:59:31,920

get a little bit like concerned about

3517

01:59:35,189 --> 01:59:33,119

that and

3518

01:59:36,149 --> 01:59:35,199

i think and i i mean actually i can just

3519

01:59:38,149 --> 01:59:36,159

like kind of

3520

01:59:39,910 --> 01:59:38,159

line that out for people right now but

3521

01:59:41,270 --> 01:59:39,920

you know there's nothing

3522

01:59:42,629 --> 01:59:41,280

yeah i think that the capsules are a

3523

01:59:43,430 --> 01:59:42,639

great place for people who are kind of

3524

01:59:45,669 --> 01:59:43,440

like

3525

01:59:47,589 --> 01:59:45,679

i don't know how to administer you know

3526

01:59:49,750 --> 01:59:47,599

administration is kind of like a

3527

01:59:51,270 --> 01:59:49,760

source of anxiety the capsules are great

3528

01:59:51,669 --> 01:59:51,280

because they're perfectly dosed so you

3529

01:59:53,430 --> 01:59:51,679

know

3530

01:59:55,109 --> 01:59:53,440

exactly what you're taking every time

3531

01:59:56,709 --> 01:59:55,119

yeah and

3532

01:59:57,990 --> 01:59:56,719

you don't have to if you're already

3533

01:59:59,270 --> 01:59:58,000

taking vitamins or you're kind of

3534

02:00:01,750 --> 01:59:59,280

already on a wellness

3535

02:00:03,270 --> 02:00:01,760

program like they fall right into that

3536

02:00:04,629 --> 02:00:03,280

um they're great for like uh i think

3537

02:00:05,990 --> 02:00:04,639

they're really good for

3538

02:00:07,270 --> 02:00:06,000

for an older community where they're

3539

02:00:08,790 --> 02:00:07,280

already taking pills you know and so

3540

02:00:09,750 --> 02:00:08,800

like it already falls into kind of their

3541

02:00:10,790 --> 02:00:09,760

regimen of course

3542

02:00:11,750 --> 02:00:10,800

you know you need to consult with your

3543

02:00:12,870 --> 02:00:11,760

doctor and make sure that you're not

3544

02:00:16,229 --> 02:00:12,880

taking anything that like

3545

02:00:17,750 --> 02:00:16,239

directly would interact um but

3546

02:00:19,030 --> 02:00:17,760

you know those are really nice and it's

3547

02:00:19,750 --> 02:00:19,040

a great place to start for people who

3548

02:00:22,790 --> 02:00:19,760

are kind of like

3549

02:00:23,189 --> 02:00:22,800

oh i don't know what exactly you know

3550

02:00:26,790 --> 02:00:23,199

it's

3551
02:00:29,109 --> 02:00:26,800
then we have the drops which are great

3552
02:00:29,830 --> 02:00:29,119
because they're super customizable like

3553
02:00:32,950 --> 02:00:29,840
if you

3554
02:00:34,310 --> 02:00:32,960
need seven milligrams of thc or excuse

3555
02:00:36,310 --> 02:00:34,320
me of cbd you need

3556
02:00:37,990 --> 02:00:36,320
seven you know you can get that with the

3557
02:00:40,149 --> 02:00:38,000
drops you can get exactly seven

3558
02:00:41,510 --> 02:00:40,159
yeah um which is nice because you really

3559
02:00:42,950 --> 02:00:41,520
want to find like where your perfect

3560
02:00:44,310 --> 02:00:42,960
dose is there's no reason to take

3561
02:00:46,070 --> 02:00:44,320
more because it's just like anything

3562
02:00:47,430 --> 02:00:46,080
like you can't

3563
02:00:48,550 --> 02:00:47,440

if you take more you don't necessarily

3564

02:00:49,750 --> 02:00:48,560

get more benefit you know what i mean

3565

02:00:51,910 --> 02:00:49,760

like you want to take

3566

02:00:53,350 --> 02:00:51,920

exactly what's the right dose for you

3567

02:00:53,669 --> 02:00:53,360

also that's the right thing to do for

3568

02:01:03,589 --> 02:00:53,679

you

3569

02:01:04,229 --> 02:01:03,599

know there's a bell shape to that where

3570

02:01:06,470 --> 02:01:04,239

like

3571

02:01:08,070 --> 02:01:06,480

you don't necessarily get more benefit

3572

02:01:10,390 --> 02:01:08,080

it's just like you know you can't get

3573

02:01:12,390 --> 02:01:10,400

more high for example with thc like

3574

02:01:14,070 --> 02:01:12,400

that's a common joke but it's like

3575

02:01:15,430 --> 02:01:14,080

you know like whatever that like place

3576

02:01:17,109 --> 02:01:15,440

is for you you can't get like

3577

02:01:18,629 --> 02:01:17,119

there's no beyond that you're just like

3578

02:01:19,270 --> 02:01:18,639

that's how high you are like taking

3579

02:01:22,950 --> 02:01:19,280

vitamin c

3580

02:01:24,870 --> 02:01:22,960

you just pick it up pee it out right

3581

02:01:26,950 --> 02:01:24,880

yeah same kind of idea you feel really

3582

02:01:30,470 --> 02:01:26,960

good though or to kill you

3583

02:01:33,750 --> 02:01:30,480

right yeah and so but i

3584

02:01:35,430 --> 02:01:33,760

i i'm juggling a whole jug of milk

3585

02:01:37,589 --> 02:01:35,440

yeah right same thing you could die from

3586

02:01:41,430 --> 02:01:37,599

that right too much water

3587

02:01:41,830 --> 02:01:41,440

yeah but yeah the drops are great

3588

02:01:43,669 --> 02:01:41,840

because

3589

02:01:44,950 --> 02:01:43,679

you also like they're super customizable

3590

02:01:47,109 --> 02:01:44,960

with dosing but also

3591

02:01:48,070 --> 02:01:47,119

you can put them in drink and beverages

3592

02:01:49,669 --> 02:01:48,080

and there's a whole

3593

02:01:51,669 --> 02:01:49,679

you can put literally anything but you

3594

02:01:53,430 --> 02:01:51,679

can put it in foods they also like if

3595

02:01:55,350 --> 02:01:53,440

you are taking it because

3596

02:01:56,470 --> 02:01:55,360

you want faster effects right because

3597

02:01:57,830 --> 02:01:56,480

the the

3598

02:01:59,750 --> 02:01:57,840

capsules like you guys kind of already

3599

02:02:02,310 --> 02:01:59,760

said they take maybe 30 minutes

3600

02:02:04,229 --> 02:02:02,320

to kind of start working but with the

3601
02:02:05,189 --> 02:02:04,239
and they go through the liver like first

3602
02:02:06,629 --> 02:02:05,199
pass right

3603
02:02:07,830 --> 02:02:06,639
so there's like certain things that are

3604
02:02:08,550 --> 02:02:07,840
kind of taken out when they hit the

3605
02:02:10,629 --> 02:02:08,560
liver

3606
02:02:12,229 --> 02:02:10,639
um so they're not quite as bioavailable

3607
02:02:13,990 --> 02:02:12,239
as other things but like with the drops

3608
02:02:15,910 --> 02:02:14,000
if you hold them under your tongue right

3609
02:02:18,149 --> 02:02:15,920
they go through that blood vessel in

3610
02:02:19,669 --> 02:02:18,159
your in the membrane there and they go

3611
02:02:21,910 --> 02:02:19,679
directly into the bloodstream so you're

3612
02:02:23,589 --> 02:02:21,920
kind of skipping the liver first pass

3613
02:02:25,189 --> 02:02:23,599

and they're going so you're getting a

3614

02:02:27,350 --> 02:02:25,199

quicker onset maybe

3615

02:02:28,950 --> 02:02:27,360

10 15 minutes so it's not waiting as

3616

02:02:30,070 --> 02:02:28,960

long yeah um and then you're still

3617

02:02:31,510 --> 02:02:30,080

swallowing it right so you're still

3618

02:02:31,990 --> 02:02:31,520

getting like the gastro stuff but i

3619

02:02:34,070 --> 02:02:32,000

think for people

3620

02:02:35,669 --> 02:02:34,080

who who have gastro stuff the capsules

3621

02:02:37,669 --> 02:02:35,679

are great because it really gets

3622

02:02:39,189 --> 02:02:37,679

in there down there like and it's really

3623

02:02:40,550 --> 02:02:39,199

working before it's getting absorbed and

3624

02:02:41,270 --> 02:02:40,560

so you can really get it a lot further

3625

02:02:42,790 --> 02:02:41,280

into your

3626

02:02:44,550 --> 02:02:42,800

intestinal tract and like that kind of

3627

02:02:47,430 --> 02:02:44,560

thing um

3628

02:02:48,950 --> 02:02:47,440

but yeah the and then we have um the

3629

02:02:51,350 --> 02:02:48,960

rollies which

3630

02:02:53,030 --> 02:02:51,360

are you know they're hemp pre-rolls like

3631

02:02:55,030 --> 02:02:53,040

uh they're like a hemp joint they're

3632

02:02:56,470 --> 02:02:55,040

they smell like weed dude well i mean

3633

02:02:57,830 --> 02:02:56,480

they are but they don't there's nothing

3634

02:03:00,070 --> 02:02:57,840

happened i mean it wasn't like

3635

02:03:01,750 --> 02:03:00,080

it's not it's the same i mean they're

3636

02:03:02,149 --> 02:03:01,760

they're the same plant family right so

3637

02:03:04,390 --> 02:03:02,159

like

3638

02:03:05,589 --> 02:03:04,400

cannabis sativa there's two there's two

3639

02:03:07,350 --> 02:03:05,599

plants in that group

3640

02:03:08,870 --> 02:03:07,360

one of which is cannabis which is it has

3641

02:03:09,430 --> 02:03:08,880

the thc and gets you high the other is

3642

02:03:11,030 --> 02:03:09,440

hemp

3643

02:03:12,709 --> 02:03:11,040

so they're very similar the flowers are

3644

02:03:14,950 --> 02:03:12,719

similar the smells are similar

3645

02:03:17,030 --> 02:03:14,960

the proportions are just different as

3646

02:03:19,830 --> 02:03:17,040

far as the cannabinoids that are

3647

02:03:21,109 --> 02:03:19,840

readily available and with the pre-rolls

3648

02:03:23,830 --> 02:03:21,119

are great because

3649

02:03:25,910 --> 02:03:23,840

people who need an immediate onset right

3650

02:03:28,790 --> 02:03:25,920

you're talking 30 seconds to 5 minutes

3651
02:03:30,629 --> 02:03:28,800
so people who have panic that's great

3652
02:03:31,430 --> 02:03:30,639
right like you can get immediate relief

3653
02:03:34,070 --> 02:03:31,440
if you feel

3654
02:03:35,430 --> 02:03:34,080
that kind of stress um they're great for

3655
02:03:36,950 --> 02:03:35,440
migraines right like you need

3656
02:03:38,550 --> 02:03:36,960
immediate relief from migraines

3657
02:03:42,550 --> 02:03:38,560
menstrual cramps is another one

3658
02:03:45,750 --> 02:03:42,560
personally girls i know you know and um

3659
02:03:48,470 --> 02:03:45,760
ladies for the ladies

3660
02:03:49,030 --> 02:03:48,480
it's a ladies night so some guys that i

3661
02:03:52,950 --> 02:03:49,040
know

3662
02:03:54,870 --> 02:03:52,960
those kind of things and also like the

3663
02:03:56,629 --> 02:03:54,880

rollies are great like some people

3664

02:03:58,229 --> 02:03:56,639

like to smoke they don't want us or and

3665

02:04:00,069 --> 02:03:58,239

they have the same problem like i

3666

02:04:01,910 --> 02:04:00,079

like i said like i have with thc like i

3667

02:04:02,629 --> 02:04:01,920

just i can't enjoy it the same way that

3668

02:04:04,550 --> 02:04:02,639

other people do

3669

02:04:05,910 --> 02:04:04,560

right and so the cbd for me i can

3670

02:04:07,990 --> 02:04:05,920

partake and have fun and like

3671

02:04:09,189 --> 02:04:08,000

enjoy the smoking experience without

3672

02:04:12,390 --> 02:04:09,199

having to smoke

3673

02:04:13,350 --> 02:04:12,400

cannabis it helped me so much like when

3674

02:04:15,510 --> 02:04:13,360

i was

3675

02:04:16,950 --> 02:04:15,520

like i just i just wanted to smoke a

3676

02:04:18,470 --> 02:04:16,960

bowl or something you know when i

3677

02:04:21,510 --> 02:04:18,480

stopped smoking

3678

02:04:21,990 --> 02:04:21,520

though the the the like rolling a joint

3679

02:04:25,270 --> 02:04:22,000

out of

3680

02:04:26,629 --> 02:04:25,280

it like

3681

02:04:28,950 --> 02:04:26,639

it kind of took care of that little

3682

02:04:32,069 --> 02:04:28,960

craving that like no totally

3683

02:04:33,030 --> 02:04:32,079

it actually has been like uh in clinical

3684

02:04:35,510 --> 02:04:33,040

studies like they've

3685

02:04:36,310 --> 02:04:35,520

been able like people have had success

3686

02:04:38,310 --> 02:04:36,320

like stop

3687

02:04:39,830 --> 02:04:38,320

like who want to stop smoking cigarettes

3688

02:04:40,390 --> 02:04:39,840

like they kind of bridge that gap and

3689

02:04:42,229 --> 02:04:40,400

yes

3690

02:04:44,310 --> 02:04:42,239

well they also like have been shown in

3691

02:04:46,390 --> 02:04:44,320

in some studies to help with addiction

3692

02:04:48,069 --> 02:04:46,400

anyway and so like they with the

3693

02:04:49,750 --> 02:04:48,079

neurotransmitting that happens with

3694

02:04:51,189 --> 02:04:49,760

addiction in the brain like they're able

3695

02:04:53,830 --> 02:04:51,199

they like

3696

02:04:54,709 --> 02:04:53,840

modulate that thing and kind of slow

3697

02:04:56,470 --> 02:04:54,719

that like

3698

02:04:57,910 --> 02:04:56,480

craving thing that you're talking about

3699

02:04:59,510 --> 02:04:57,920

is the best way i guess that i can

3700

02:05:00,629 --> 02:04:59,520

describe it and so they also help with

3701

02:05:01,990 --> 02:05:00,639

that so they're great for people who

3702

02:05:03,350 --> 02:05:02,000

smoke cigarettes and want to stop

3703

02:05:04,550 --> 02:05:03,360

they're great for people who just want

3704

02:05:05,430 --> 02:05:04,560

to be a part of that kind of smoking

3705

02:05:08,709 --> 02:05:05,440

culture

3706

02:05:09,030 --> 02:05:08,719

right and then they're also great just

3707

02:05:13,830 --> 02:05:09,040

for

3708

02:05:15,669 --> 02:05:13,840

all there's so much studies that have

3709

02:05:17,910 --> 02:05:15,679

been done and uh obviously

3710

02:05:19,830 --> 02:05:17,920

you're more of an expert than we are on

3711

02:05:20,629 --> 02:05:19,840

on this particular talking i'm not an

3712

02:05:24,069 --> 02:05:20,639

expert and

3713

02:05:25,350 --> 02:05:24,079

nothing here disclaimer disclaimer

3714

02:05:28,229 --> 02:05:25,360

they're uh we are

3715

02:05:28,629 --> 02:05:28,239

not experts but uh i guess my point is

3716

02:05:36,149 --> 02:05:28,639

like

3717

02:05:38,310 --> 02:05:36,159

bad you know health thing i guess if

3718

02:05:41,189 --> 02:05:38,320

you're smoking something right like

3719

02:05:41,510 --> 02:05:41,199

anything combustible is gonna be bad for

3720

02:05:44,069 --> 02:05:41,520

you

3721

02:05:45,830 --> 02:05:44,079

so it's actually so it's actually

3722

02:05:46,950 --> 02:05:45,840

interesting and i i read a study

3723

02:05:50,229 --> 02:05:46,960

recently

3724

02:05:52,310 --> 02:05:50,239

that uh was about and like i don't have

3725

02:05:54,629 --> 02:05:52,320

the numbers and whatever but

3726

02:05:55,750 --> 02:05:54,639

you know that they have found that like

3727

02:05:58,790 --> 02:05:55,760

when you well this is

3728

02:06:00,069 --> 02:05:58,800

this uh this number isn't on here um but

3729

02:06:02,149 --> 02:06:00,079

they have found that

3730

02:06:04,149 --> 02:06:02,159

so they've like studied people who have

3731

02:06:05,750 --> 02:06:04,159

been long-time cannabis users and not

3732

02:06:07,750 --> 02:06:05,760

like specifically about cbd but people

3733

02:06:10,550 --> 02:06:07,760

who are long-term cannabis users

3734

02:06:11,109 --> 02:06:10,560

and what kind of ailments like do they

3735

02:06:13,030 --> 02:06:11,119

have

3736

02:06:14,470 --> 02:06:13,040

because of this thing like they studied

3737

02:06:16,629 --> 02:06:14,480

a group of people who are heavy

3738

02:06:18,550 --> 02:06:16,639

long like life cannabis users and then

3739

02:06:19,669 --> 02:06:18,560

people who never use cannabis right and

3740

02:06:20,950 --> 02:06:19,679

they kind of looked at them across the

3741

02:06:23,350 --> 02:06:20,960

board they're like okay

3742

02:06:24,069 --> 02:06:23,360

what things do the cannabis users have

3743

02:06:26,629 --> 02:06:24,079

um that's

3744

02:06:27,669 --> 02:06:26,639

that is obviously like what are we what

3745

02:06:29,270 --> 02:06:27,679

are the trends that we're seeing with

3746

02:06:31,430 --> 02:06:29,280

these people a sweet tooth

3747

02:06:32,629 --> 02:06:31,440

there were none they didn't have an ex

3748

02:06:35,830 --> 02:06:32,639

extra ed like

3749

02:06:37,030 --> 02:06:35,840

uh copd or uh

3750

02:06:37,990 --> 02:06:37,040

obesity which would be something you

3751
02:06:39,270 --> 02:06:38,000
know with the munchies that we're kind

3752
02:06:40,870 --> 02:06:39,280
of talking about

3753
02:06:42,550 --> 02:06:40,880
right like none of nothing that you

3754
02:06:44,870 --> 02:06:42,560
would kind of expect no no

3755
02:06:45,990 --> 02:06:44,880
cardiovascular things and the lung thing

3756
02:06:47,430 --> 02:06:46,000
is huge like no

3757
02:06:49,589 --> 02:06:47,440
kind of adverse things to the lungs the

3758
02:06:51,750 --> 02:06:49,599
only thing that they did say was

3759
02:06:53,830 --> 02:06:51,760
periodontic which is teeth because it

3760
02:06:54,709 --> 02:06:53,840
does create dry mouth in a lot of cases

3761
02:06:56,550 --> 02:06:54,719
a lot of people that's like

3762
02:06:57,830 --> 02:06:56,560
one of the major things with any sort of

3763
02:06:58,950 --> 02:06:57,840

cannabis product even like with the

3764

02:07:00,550 --> 02:06:58,960

drops and stuff i can

3765

02:07:01,910 --> 02:07:00,560

sometimes notice that i feel like that

3766

02:07:02,790 --> 02:07:01,920

dry mouth experience even if i don't

3767

02:07:04,709 --> 02:07:02,800

smoke it

3768

02:07:06,870 --> 02:07:04,719

um and so like if you are a cannabis

3769

02:07:08,069 --> 02:07:06,880

user take care of your teeth

3770

02:07:10,709 --> 02:07:08,079

that's kind of the only thing that they

3771

02:07:12,149 --> 02:07:10,719

noticed was a trend that they could find

3772

02:07:14,629 --> 02:07:12,159

with them as far as like

3773

02:07:16,709 --> 02:07:14,639

long-term use and like what kind of

3774

02:07:18,310 --> 02:07:16,719

adverse things had happened

3775

02:07:19,750 --> 02:07:18,320

and maybe their houses were painted

3776

02:07:21,589 --> 02:07:19,760

cooler colors uh

3777

02:07:23,270 --> 02:07:21,599

you know they're like right they were

3778

02:07:25,830 --> 02:07:23,280

just generally happier interesting

3779

02:07:27,750 --> 02:07:25,840

interiors the question what is

3780

02:07:30,229 --> 02:07:27,760

periodontic does that mean like

3781

02:07:31,030 --> 02:07:30,239

mouth health yeah just and like yeah so

3782

02:07:33,510 --> 02:07:31,040

like gum

3783

02:07:34,709 --> 02:07:33,520

gum and teeth health gotcha so like that

3784

02:07:35,189 --> 02:07:34,719

was kind of the only thing that they

3785

02:07:37,350 --> 02:07:35,199

noticed

3786

02:07:39,350 --> 02:07:37,360

was a trend as far as like something

3787

02:07:40,149 --> 02:07:39,360

that they all kind of were experiencing

3788

02:07:42,870 --> 02:07:40,159

or what

3789

02:07:43,350 --> 02:07:42,880

not all but like you know a large amount

3790

02:07:45,750 --> 02:07:43,360

of them

3791

02:07:47,350 --> 02:07:45,760

were experiencing like obviously effects

3792

02:07:48,149 --> 02:07:47,360

of dry mouth and like what that kind of

3793

02:07:51,350 --> 02:07:48,159

leads to

3794

02:07:52,790 --> 02:07:51,360

yeah yeah yeah so that was kind of the

3795

02:07:54,470 --> 02:07:52,800

only thing that they noticed

3796

02:07:55,830 --> 02:07:54,480

and so that's kind of an interesting

3797

02:07:58,069 --> 02:07:55,840

thing to your question like

3798

02:07:59,109 --> 02:07:58,079

how like does the combustion and stuff

3799

02:08:01,030 --> 02:07:59,119

and like when you're

3800

02:08:02,550 --> 02:08:01,040

like there's like for example we use

3801

02:08:05,109 --> 02:08:02,560

hemp wicks at home for

3802

02:08:06,550 --> 02:08:05,119

smoking because then you don't have the

3803

02:08:07,669 --> 02:08:06,560

like butane from the lighter like those

3804

02:08:09,430 --> 02:08:07,679

are the things like then you're getting

3805

02:08:10,790 --> 02:08:09,440

the chemicals on the stuff that like is

3806

02:08:12,709 --> 02:08:10,800

actually really bad for your lungs

3807

02:08:13,750 --> 02:08:12,719

or you're using matches to sulfur you

3808

02:08:15,030 --> 02:08:13,760

know you're getting those things in here

3809

02:08:16,149 --> 02:08:15,040

long as they like aren't really supposed

3810

02:08:18,629 --> 02:08:16,159

to be there

3811

02:08:20,149 --> 02:08:18,639

and so with the um with the hemp wicks

3812

02:08:22,310 --> 02:08:20,159

you don't really get that and then

3813

02:08:23,430 --> 02:08:22,320

so yeah those are awesome i love those

3814

02:08:25,990 --> 02:08:23,440

yeah they're really nice

3815

02:08:26,629 --> 02:08:26,000

pimp wicks yeah like candles yeah it's

3816

02:08:29,750 --> 02:08:26,639

like a

3817

02:08:30,550 --> 02:08:29,760

candle wick uh with wax on it but it's

3818

02:08:33,109 --> 02:08:30,560

made out of hemp

3819

02:08:33,669 --> 02:08:33,119

and you just light it and then let that

3820

02:08:35,189 --> 02:08:33,679

burn

3821

02:08:37,189 --> 02:08:35,199

whatever you're doing instead of instead

3822

02:08:39,270 --> 02:08:37,199

of inhaling like the butane that's

3823

02:08:40,390 --> 02:08:39,280

coming off of the lighter or the sulfur

3824

02:08:42,629 --> 02:08:40,400

off of a match

3825

02:08:44,310 --> 02:08:42,639

so it's a lot better for for what you're

3826
02:08:45,750 --> 02:08:44,320
taking you can even use it for fireworks

3827
02:08:47,910 --> 02:08:45,760
but they haven't found that like the

3828
02:08:51,109 --> 02:08:47,920
lung stuff that like because there's no

3829
02:08:51,910 --> 02:08:51,119
there's no tar like it doesn't have the

3830
02:08:54,709 --> 02:08:51,920
same thing and

3831
02:08:55,669 --> 02:08:54,719
like it's a actually uh a bronchial

3832
02:08:58,149 --> 02:08:55,679
dilator

3833
02:08:59,109 --> 02:08:58,159
and so like for people with asthma like

3834
02:09:03,430 --> 02:08:59,119
michael phelps

3835
02:09:06,229 --> 02:09:03,440
realize it's a bronchial dilator

3836
02:09:08,069 --> 02:09:06,239
yeah wow um and so there's a lot and it

3837
02:09:10,390 --> 02:09:08,079
yeah it's neuroprotectant like

3838
02:09:11,669 --> 02:09:10,400

it's good for kobe stings what's that it

3839

02:09:13,669 --> 02:09:11,679

can cure cozy

3840

02:09:15,430 --> 02:09:13,679

that's what we're saying straight up

3841

02:09:17,350 --> 02:09:15,440

there have been studies done in canada

3842

02:09:19,109 --> 02:09:17,360

and like there's only like hurdles

3843

02:09:20,950 --> 02:09:19,119

and so like this is there obviously

3844

02:09:22,310 --> 02:09:20,960

needs to be more research that is done

3845

02:09:25,350 --> 02:09:22,320

but it is interesting

3846

02:09:27,830 --> 02:09:25,360

to look at that cannabis treatment

3847

02:09:28,870 --> 02:09:27,840

could actually be something used for

3848

02:09:32,390 --> 02:09:28,880

covid

3849

02:09:33,830 --> 02:09:32,400

dude weed fixes everything there is

3850

02:09:35,510 --> 02:09:33,840

so they basically there's two different

3851

02:09:37,109 --> 02:09:35,520

things one of which is that like it's a

3852

02:09:37,830 --> 02:09:37,119

bronchial dilator the other thing is

3853

02:09:41,430 --> 02:09:37,840

that it

3854

02:09:43,830 --> 02:09:41,440

modulates

3855

02:09:45,189 --> 02:09:43,840

the receptor right so like receptors you

3856

02:09:46,629 --> 02:09:45,199

can think of them as a lock and then

3857

02:09:48,310 --> 02:09:46,639

like uh the thing that comes in would be

3858

02:09:49,750 --> 02:09:48,320

the key like cbd or

3859

02:09:51,830 --> 02:09:49,760

covet or whatever thing is that would

3860

02:09:55,430 --> 02:09:51,840

like turn that lock right

3861

02:09:57,109 --> 02:09:55,440

so it modulates the receptor so

3862

02:09:59,109 --> 02:09:57,119

you've got a cannabinoid in here right

3863

02:10:01,109 --> 02:09:59,119

it's modulating this lock

3864

02:10:02,310 --> 02:10:01,119

and it makes it so that the covid can't

3865

02:10:04,629 --> 02:10:02,320

get in

3866

02:10:05,669 --> 02:10:04,639

that's and that's cool there's one study

3867

02:10:07,669 --> 02:10:05,679

so like i want to be

3868

02:10:09,350 --> 02:10:07,679

heard of your fault i want to be very

3869

02:10:11,510 --> 02:10:09,360

like up front that more

3870

02:10:13,030 --> 02:10:11,520

more more research needs to be done but

3871

02:10:14,629 --> 02:10:13,040

those things have

3872

02:10:16,229 --> 02:10:14,639

they are out there you can look them up

3873

02:10:17,589 --> 02:10:16,239

and that those those are true studies

3874

02:10:19,270 --> 02:10:17,599

they were like the only bad thing about

3875

02:10:21,430 --> 02:10:19,280

canada is that it makes some cough

3876

02:10:22,950 --> 02:10:21,440

everywhere

3877

02:10:24,390 --> 02:10:22,960

which doesn't help right and i don't

3878

02:10:25,830 --> 02:10:24,400

know i don't know how they administered

3879

02:10:27,030 --> 02:10:25,840

it i don't know how they administered it

3880

02:10:30,069 --> 02:10:27,040

if it was like whatever

3881

02:10:31,189 --> 02:10:30,079

like well he's safe yeah he's coughing

3882

02:10:34,550 --> 02:10:31,199

but like that's how you know

3883

02:10:36,149 --> 02:10:34,560

it's working it's working okay i have a

3884

02:10:38,629 --> 02:10:36,159

i have kind of an out there

3885

02:10:40,069 --> 02:10:38,639

idea this might be i might be digging

3886

02:10:42,229 --> 02:10:40,079

deep into the like you know

3887

02:10:43,750 --> 02:10:42,239

the realm of aliens and stuff but you

3888

02:10:46,149 --> 02:10:43,760

know this the podcast is about

3889

02:10:48,149 --> 02:10:46,159

but it's also like expanding the mind

3890

02:10:53,270 --> 02:10:48,159

and being in a state to where you're

3891

02:10:57,990 --> 02:10:53,280

yes no one can hear you screaming spots

3892

02:11:04,550 --> 02:11:01,030

but so like um okay

3893

02:11:06,870 --> 02:11:04,560

so uh cannabis is obviously a

3894

02:11:11,910 --> 02:11:06,880

mind-altering drug as you said as same

3895

02:11:16,149 --> 02:11:14,790

the other 100 plus are not you need to

3896

02:11:16,550 --> 02:11:16,159

be in here on every podcast so you can

3897

02:11:21,109 --> 02:11:16,560

kind of

3898

02:11:24,149 --> 02:11:21,119

be your fact checker yeah or young jamie

3899

02:11:27,430 --> 02:11:24,159

or young bailey dude

3900

02:11:28,950 --> 02:11:27,440

yeah so just mind altering even when you

3901

02:11:30,470 --> 02:11:28,960

uh you know there's all kinds of

3902

02:11:32,229 --> 02:11:30,480

everybody said like well the government

3903

02:11:33,830 --> 02:11:32,239

doesn't want us to open our mind but

3904

02:11:35,830 --> 02:11:33,840

i feel like it's even further with the

3905

02:11:37,510 --> 02:11:35,840

cbd stuff because it's like

3906

02:11:39,350 --> 02:11:37,520

we're putting our minds and our bodies

3907

02:11:42,709 --> 02:11:39,360

in a state to where we're comfortable

3908

02:11:44,229 --> 02:11:42,719

and not uh distracted by

3909

02:11:46,069 --> 02:11:44,239

some of the stuff that we've mentioned

3910

02:11:47,669 --> 02:11:46,079

already in this podcast so now we have

3911

02:11:49,030 --> 02:11:47,679

time to think about like you know what

3912

02:11:51,350 --> 02:11:49,040

i'm paying too much taxes

3913

02:11:53,270 --> 02:11:51,360

well i think right yeah no i think that

3914

02:11:55,350 --> 02:11:53,280

like it also is it's

3915

02:11:57,109 --> 02:11:55,360

masking the things that like joe kind of

3916

02:11:59,750 --> 02:11:57,119

talked about this earlier that like

3917

02:12:00,870 --> 02:11:59,760

they you know they let us see what we

3918

02:12:03,589 --> 02:12:00,880

want to see

3919

02:12:04,550 --> 02:12:03,599

right and um you know they are

3920

02:12:06,550 --> 02:12:04,560

controlling

3921

02:12:08,390 --> 02:12:06,560

or have have tried to control the

3922

02:12:11,189 --> 02:12:08,400

narrative of cannabis right like

3923

02:12:12,870 --> 02:12:11,199

cannabis in the uh in the world was

3924

02:12:17,109 --> 02:12:12,880

extremely wide used

3925

02:12:20,390 --> 02:12:17,119

in prior to basically the 1970s

3926

02:12:21,589 --> 02:12:20,400

just like it in the u.s was the us it

3927

02:12:23,189 --> 02:12:21,599

was grown it was

3928

02:12:25,350 --> 02:12:23,199

literally if you came to the us and you

3929

02:12:28,870 --> 02:12:25,360

colonized you were required

3930

02:12:31,030 --> 02:12:28,880

by henry like king henry to grow

3931

02:12:33,430 --> 02:12:31,040

like all colonizers were required to

3932

02:12:35,589 --> 02:12:33,440

grow a hundred hemp plants

3933

02:12:37,109 --> 02:12:35,599

100 ham plants like every house was

3934

02:12:39,510 --> 02:12:37,119

required to do that

3935

02:12:40,870 --> 02:12:39,520

and so and well hemp was one of the

3936

02:12:42,870 --> 02:12:40,880

biggest commodities in every but

3937

02:12:44,390 --> 02:12:42,880

russia interestingly enough because this

3938

02:12:45,990 --> 02:12:44,400

plant grows like a weed

3939

02:12:47,589 --> 02:12:46,000

uh it could grow in russia which is like

3940

02:12:48,069 --> 02:12:47,599

so cold and you know you would think

3941

02:12:50,950 --> 02:12:48,079

really

3942

02:12:52,709 --> 02:12:50,960

inhospitable for for a plant to grow um

3943

02:12:54,229 --> 02:12:52,719

but they were like the largest producer

3944

02:12:56,470 --> 02:12:54,239

of hemp at that time and so

3945

02:12:57,350 --> 02:12:56,480

all of the other countries were trying

3946

02:13:00,229 --> 02:12:57,360

to like not

3947

02:13:02,390 --> 02:13:00,239

need not need russia right like not

3948

02:13:03,669 --> 02:13:02,400

depend on russia for that thing and so

3949

02:13:05,510 --> 02:13:03,679

as the colonies were happening they were

3950

02:13:07,350 --> 02:13:05,520

like you got a girl hemp and send it

3951
02:13:09,589 --> 02:13:07,360
back to us and so what would happen is

3952
02:13:10,709 --> 02:13:09,599
america you know would grow this hemp

3953
02:13:12,550 --> 02:13:10,719
and they'd send it back and then they

3954
02:13:13,910 --> 02:13:12,560
would have to buy back the goods that

3955
02:13:15,750 --> 02:13:13,920
were being made with the hemp which is

3956
02:13:17,669 --> 02:13:15,760
crazy to think about but like

3957
02:13:19,030 --> 02:13:17,679
hemp is a really unique plant and like

3958
02:13:21,189 --> 02:13:19,040
we've been talking a lot about the

3959
02:13:22,069 --> 02:13:21,199
therapeutic properties right but hemp as

3960
02:13:23,990 --> 02:13:22,079
a plant is

3961
02:13:25,109 --> 02:13:24,000
one of the most unique plants on the

3962
02:13:27,910 --> 02:13:25,119
planet because it

3963
02:13:28,790 --> 02:13:27,920

is the only plant that can house you

3964

02:13:30,790 --> 02:13:28,800

heal you

3965

02:13:32,790 --> 02:13:30,800

feed you and clothe you like you can do

3966

02:13:35,030 --> 02:13:32,800

you and not only just that like you can

3967

02:13:37,430 --> 02:13:35,040

transport you henry ford's first model t

3968

02:13:38,870 --> 02:13:37,440

was made out of him you can literally

3969

02:13:40,470 --> 02:13:38,880

make anything out of hemp and like

3970

02:13:41,270 --> 02:13:40,480

that's not an exaggeration it really

3971

02:13:43,589 --> 02:13:41,280

could

3972

02:13:45,189 --> 02:13:43,599

change i think that this is a there's an

3973

02:13:46,390 --> 02:13:45,199

agricultural revolution that's happening

3974

02:13:47,589 --> 02:13:46,400

right now and like it's going to be

3975

02:13:49,430 --> 02:13:47,599

tremendous to see

3976

02:13:51,669 --> 02:13:49,440

all the things that happen but you know

3977

02:13:54,229 --> 02:13:51,679

there's all kinds of statistics like

3978

02:13:55,589 --> 02:13:54,239

air quality for example like an acre of

3979

02:13:58,149 --> 02:13:55,599

hemp

3980

02:14:00,149 --> 02:13:58,159

creates more oxygen than 25 acres of a

3981

02:14:03,430 --> 02:14:00,159

forest a forest

3982

02:14:04,310 --> 02:14:03,440

in a grow cycle no it's a statistic that

3983

02:14:08,310 --> 02:14:04,320

you can look up

3984

02:14:10,629 --> 02:14:08,320

absolutely one acre of hemp

3985

02:14:11,830 --> 02:14:10,639

requires half of the water of an acre of

3986

02:14:15,030 --> 02:14:11,840

cotton

3987

02:14:17,430 --> 02:14:15,040

it creates one acre of hemp creates more

3988

02:14:18,790 --> 02:14:17,440

four times or the same amount of paper

3989

02:14:21,830 --> 02:14:18,800

as four

3990

02:14:24,830 --> 02:14:21,840

acres of trees yep water and it

3991

02:14:27,109 --> 02:14:24,840

regenerates the soil

3992

02:14:28,470 --> 02:14:27,119

yeah like how do you

3993

02:14:29,589 --> 02:14:28,480

there's a term for that hold on i did

3994

02:14:30,310 --> 02:14:29,599

write it down because it's a hard one to

3995

02:14:33,310 --> 02:14:30,320

remember

3996

02:14:34,470 --> 02:14:33,320

terpene aluminum it's called it's called

3997

02:14:37,510 --> 02:14:34,480

phytoremediation

3998

02:14:39,589 --> 02:14:37,520

another plant that do this but they

3999

02:14:42,470 --> 02:14:39,599

basically pull impurities

4000

02:14:43,350 --> 02:14:42,480

out of the soil and they did this they

4001

02:14:44,870 --> 02:14:43,360

grew it in

4002

02:14:46,709 --> 02:14:44,880

chernobyl they've been growing it in

4003

02:14:49,510 --> 02:14:46,719

chernobyl there was a hole in the early

4004

02:14:51,270 --> 02:14:49,520

2000s i think they did a project there

4005

02:14:53,430 --> 02:14:51,280

growing hemp there because it would

4006

02:14:55,030 --> 02:14:53,440

literally pull the radioactive elements

4007

02:14:56,390 --> 02:14:55,040

out of the soil and then they would

4008

02:14:57,830 --> 02:14:56,400

destroy the plants and they plant them

4009

02:14:58,870 --> 02:14:57,840

again and like they were cleaning the

4010

02:15:01,669 --> 02:14:58,880

soil using hemp

4011

02:15:02,950 --> 02:15:01,679

wood and it's but that was some crazy

4012

02:15:06,310 --> 02:15:02,960

weed man yeah

4013

02:15:09,589 --> 02:15:06,320

yeah this is just radioactive

4014

02:15:11,430 --> 02:15:09,599

nobody nobody part took this

4015

02:15:12,709 --> 02:15:11,440

will [h__\h] kill you this train is

4016

02:15:16,069 --> 02:15:12,719

called chernobyl oh

4017

02:15:17,830 --> 02:15:16,079

yeah yeah that's pretty much it

4018

02:15:19,510 --> 02:15:17,840

it should make you funky this [h__\h] is

4019

02:15:21,990 --> 02:15:19,520

the bomb

4020

02:15:23,350 --> 02:15:22,000

but yeah it's a it's an incredible plant

4021

02:15:25,750 --> 02:15:23,360

that has

4022

02:15:27,270 --> 02:15:25,760

all of this opportunity to do way more

4023

02:15:28,470 --> 02:15:27,280

things than just like the therapeutic

4024

02:15:29,430 --> 02:15:28,480

properties and you know those things are

4025

02:15:32,629 --> 02:15:29,440

just being studied you know

4026

02:15:35,510 --> 02:15:32,639

the 2018 farm bill being passed really

4027

02:15:35,990 --> 02:15:35,520

has been a catalyst for the for you know

4028

02:15:37,430 --> 02:15:36,000

it's been 80

4029

02:15:39,030 --> 02:15:37,440

years since anybody has been able to

4030

02:15:40,870 --> 02:15:39,040

grow and studying

4031

02:15:42,629 --> 02:15:40,880

cannabis at all has been an extreme

4032

02:15:43,030 --> 02:15:42,639

struggle until now and now they're able

4033

02:15:47,350 --> 02:15:43,040

to

4034

02:15:48,310 --> 02:15:47,360

study the other minor cannabinoids you

4035

02:15:50,470 --> 02:15:48,320

know like cbg

4036

02:15:52,470 --> 02:15:50,480

is a huge one that's like you know kind

4037

02:15:53,030 --> 02:15:52,480

of exploding right now because people

4038

02:15:54,709 --> 02:15:53,040

are kind of

4039

02:15:56,229 --> 02:15:54,719

realizing that you know it has a ton of

4040

02:15:59,030 --> 02:15:56,239

medicinal properties

4041

02:16:00,310 --> 02:15:59,040

and cbn and cbc like there's all these

4042

02:16:02,550 --> 02:16:00,320

other cannabinoids that

4043

02:16:03,990 --> 02:16:02,560

we don't even fully understand the

4044

02:16:06,470 --> 02:16:04,000

therapeutic effects that

4045

02:16:07,669 --> 02:16:06,480

they may have and so there's a there's a

4046

02:16:10,069 --> 02:16:07,679

revolution happening

4047

02:16:11,030 --> 02:16:10,079

with hemp that is it has the potential

4048

02:16:14,790 --> 02:16:11,040

to change the world

4049

02:16:17,030 --> 02:16:14,800

if the pharmaceutical company can't

4050

02:16:18,069 --> 02:16:17,040

find a way to shut it down yeah i mean i

4051

02:16:20,069 --> 02:16:18,079

i just love the fact

4052

02:16:21,750 --> 02:16:20,079

that like it's we the people that are

4053

02:16:23,669 --> 02:16:21,760

doing it right now it feels like

4054

02:16:25,430 --> 02:16:23,679

it's less i mean yes it's a business

4055

02:16:28,470 --> 02:16:25,440

well i mean but it's it's not

4056

02:16:28,950 --> 02:16:28,480

you know monsanto i love that that's not

4057

02:16:30,550 --> 02:16:28,960

happening

4058

02:16:32,469 --> 02:16:30,560

it seems yeah i mean there are there are

4059

02:16:36,150 --> 02:16:32,479

companies you know like there is

4060

02:16:39,429 --> 02:16:36,160

one epilex is the only pharmaceutically

4061

02:16:41,990 --> 02:16:39,439

or fda approved well it's

4062

02:16:44,790 --> 02:16:42,000

for seizures and uh okay well now it

4063

02:16:49,830 --> 02:16:48,150

it's there's a couple of extreme um

4064

02:16:52,150 --> 02:16:49,840

forms of seizure that happen in young

4065

02:16:53,509 --> 02:16:52,160

kids um charlotte figgy is like she was

4066

02:16:54,150 --> 02:16:53,519

like kind of poster child for that in

4067

02:16:57,190 --> 02:16:54,160

the early

4068

02:16:58,709 --> 02:16:57,200

2000s or whatever um and

4069

02:17:00,549 --> 02:16:58,719

you know there's so there is an fda

4070

02:17:03,669 --> 02:17:00,559

approved drug that you know they

4071

02:17:05,030 --> 02:17:03,679

they did you know farm take

4072

02:17:06,469 --> 02:17:05,040

uh the farm that made it it's called

4073

02:17:07,669 --> 02:17:06,479

charlotte's web and they worked with the

4074

02:17:08,709 --> 02:17:07,679

pharmaceutical company and made this

4075

02:17:11,750 --> 02:17:08,719

thing that like

4076

02:17:14,070 --> 02:17:11,760

literally stops charlotte seizures

4077

02:17:15,990 --> 02:17:14,080

in kids that like are seizing a constant

4078

02:17:16,950 --> 02:17:16,000

seize you know what i mean like multiple

4079

02:17:18,629 --> 02:17:16,960

a day

4080

02:17:20,070 --> 02:17:18,639

no they're just all day yeah like all

4081

02:17:22,469 --> 02:17:20,080

the time but we'll not change it but she

4082

02:17:24,549 --> 02:17:22,479

unfortunately died this year

4083

02:17:25,830 --> 02:17:24,559

yeah they say from covid complications

4084

02:17:28,150 --> 02:17:25,840

but you know like she

4085

02:17:30,549 --> 02:17:28,160

i mean what a beautiful incredible human

4086

02:17:33,270 --> 02:17:30,559

she was like and just like such a

4087

02:17:34,950 --> 02:17:33,280

such a shy like just shining like so

4088

02:17:37,030 --> 02:17:34,960

bright you know what i mean and like she

4089

02:17:38,629 --> 02:17:37,040

she did a lot for him but like it we

4090

02:17:39,910 --> 02:17:38,639

wouldn't be where we are without like

4091

02:17:41,349 --> 02:17:39,920

the things that she did and her family

4092

02:17:41,990 --> 02:17:41,359

did and you know charlotte's web did

4093

02:17:44,150 --> 02:17:42,000

with them and

4094

02:17:45,429 --> 02:17:44,160

it's a big it's a really cool thing they

4095

02:17:48,389 --> 02:17:45,439

created an entire movement

4096

02:17:49,349 --> 02:17:48,399

you know and now we're here waiting you

4097

02:17:52,389 --> 02:17:49,359

know for the future

4098

02:17:52,870 --> 02:17:52,399

and i mean as soon as we figure out

4099

02:17:56,950 --> 02:17:52,880

which

4100

02:17:59,349 --> 02:17:56,960

cannabinoids like can make boners

4101
02:18:00,950 --> 02:17:59,359
it's gonna be it's legalizing what if

4102
02:18:03,509 --> 02:18:00,960
there's one that's like instant

4103
02:18:05,270 --> 02:18:03,519
orgasm yeah whatever don't you know like

4104
02:18:07,429 --> 02:18:05,280
instead of like having to take viagra if

4105
02:18:09,589 --> 02:18:07,439
you could take like a a right

4106
02:18:10,870 --> 02:18:09,599
it would be over dude whatever we could

4107
02:18:12,469 --> 02:18:10,880
give rich white men

4108
02:18:14,629 --> 02:18:12,479
to really steal the deal like that's

4109
02:18:16,469 --> 02:18:14,639
what we're looking for

4110
02:18:18,870 --> 02:18:16,479
as your biggest consumer don't hate them

4111
02:18:21,509 --> 02:18:18,880
too much i don't buy your boner pills

4112
02:18:22,549 --> 02:18:21,519
immediately redeemers for everyone

4113
02:18:25,669 --> 02:18:22,559

that's right

4114

02:18:27,910 --> 02:18:25,679

so but yeah

4115

02:18:29,589 --> 02:18:27,920

that's that yeah we're open we're open

4116

02:18:30,549 --> 02:18:29,599

to that hey so now that i've given you

4117

02:18:33,589 --> 02:18:30,559

the idea

4118

02:18:36,230 --> 02:18:33,599

maybe it's my best song i'll be sure

4119

02:18:37,509 --> 02:18:36,240

to to let you know that i'll put you in

4120

02:18:39,509 --> 02:18:37,519

the i don't need it but

4121

02:18:41,669 --> 02:18:39,519

i'll i'll be your memo or whatever that

4122

02:18:44,709 --> 02:18:41,679

could be your hamster this was sort of

4123

02:18:46,309 --> 02:18:44,719

the sort of joe's idea on a podcast

4124

02:18:47,830 --> 02:18:46,319

all i'm saying is that but before the

4125

02:18:51,030 --> 02:18:47,840

time i hit like

4126
02:18:51,990 --> 02:18:51,040
50 you know maybe see if you can get

4127
02:18:53,910 --> 02:18:52,000
that working

4128
02:18:55,589 --> 02:18:53,920
you know yeah using you just do what i

4129
02:18:58,389 --> 02:18:55,599
can using crispr

4130
02:18:59,030 --> 02:18:58,399
you can select different cannabinoids

4131
02:19:00,469 --> 02:18:59,040
right

4132
02:19:02,309 --> 02:19:00,479
funny enough it's actually called i know

4133
02:19:08,469 --> 02:19:02,319
it it's called uh cannabinoid b

4134
02:19:11,589 --> 02:19:09,990
no i think that's the newest one that he

4135
02:19:14,709 --> 02:19:11,599
just came out of studying yeah

4136
02:19:18,309 --> 02:19:14,719
so in this in this whole realm of thing

4137
02:19:20,469 --> 02:19:18,319
uh things we're very familiar with thc

4138
02:19:21,830 --> 02:19:20,479

uh cbd is becoming pretty common right

4139

02:19:22,309 --> 02:19:21,840

it's in the limelight it's been studied

4140

02:19:24,309 --> 02:19:22,319

the most

4141

02:19:27,110 --> 02:19:24,319

and other than you were talking about a

4142

02:19:30,230 --> 02:19:27,120

new kind of thing that may be

4143

02:19:30,629 --> 02:19:30,240

cbg yep cbg yeah we might start uh it's

4144

02:19:32,950 --> 02:19:30,639

not

4145

02:19:34,790 --> 02:19:32,960

new right so all the cannabinoids that

4146

02:19:37,190 --> 02:19:34,800

are in this plant have existed since the

4147

02:19:39,509 --> 02:19:37,200

beginning of this plant existing right

4148

02:19:40,870 --> 02:19:39,519

um but we now that we're able to study

4149

02:19:44,230 --> 02:19:40,880

the plant are learning about them

4150

02:19:47,190 --> 02:19:44,240

and cbg is really really neat because

4151
02:19:47,990 --> 02:19:47,200
it is the they call it the mother of all

4152
02:19:52,550 --> 02:19:48,000
cannabinoids

4153
02:19:56,710 --> 02:19:52,560
thing so like if you think of it as a

4154
02:19:58,230 --> 02:19:56,720
as a embryo right all of them start out

4155
02:20:00,870 --> 02:19:58,240
as cbg and then

4156
02:20:01,990 --> 02:20:00,880
they grow from all you all the other

4157
02:20:05,270 --> 02:20:02,000
cannabinoids kind of come

4158
02:20:06,790 --> 02:20:05,280
from from cbg and so people are really

4159
02:20:09,429 --> 02:20:06,800
excited about that because

4160
02:20:11,510 --> 02:20:09,439
in theory it could hold tremendous

4161
02:20:12,950 --> 02:20:11,520
properties right like if all of the

4162
02:20:14,389 --> 02:20:12,960
therapeutic properties that are in all

4163
02:20:15,030 --> 02:20:14,399

these other cannabinoids come from one

4164

02:20:16,710 --> 02:20:15,040

category

4165

02:20:18,309 --> 02:20:16,720

like there's a lot of there's a lot of

4166

02:20:19,030 --> 02:20:18,319

potential there it's like the higgs

4167

02:20:21,510 --> 02:20:19,040

boson

4168

02:20:24,630 --> 02:20:21,520

of cannabinoids or or like what's that

4169

02:20:26,230 --> 02:20:24,640

uh it's like stem cell like a stem cell

4170

02:20:28,309 --> 02:20:26,240

i don't know anything about stem cell

4171

02:20:31,429 --> 02:20:28,319

but

4172

02:20:32,790 --> 02:20:31,439

yes there's like

4173

02:20:34,389 --> 02:20:32,800

exactly that's exactly what it is it is

4174

02:20:36,230 --> 02:20:34,399

the stem cell right so it's the thing

4175

02:20:38,309 --> 02:20:36,240

that all the cannabis grow from so in it

4176

02:20:41,429 --> 02:20:38,319

and it's the base molecule

4177

02:20:42,870 --> 02:20:41,439

right it's cannabis base molecules cbg

4178

02:20:45,270 --> 02:20:42,880

and so people are they're calling it the

4179

02:20:45,990 --> 02:20:45,280

rolls-royce because it's expensive to

4180

02:20:48,870 --> 02:20:46,000

produce

4181

02:20:49,910 --> 02:20:48,880

because like high quantities right

4182

02:20:52,630 --> 02:20:49,920

because the problem is

4183

02:20:53,349 --> 02:20:52,640

as as a as a hemp plant grows or

4184

02:20:55,750 --> 02:20:53,359

cannabis

4185

02:20:56,630 --> 02:20:55,760

plant grows all these other cannabinoids

4186

02:20:58,309 --> 02:20:56,640

start to

4187

02:20:59,830 --> 02:20:58,319

sprout up and then the percentages are

4188

02:21:02,309 --> 02:20:59,840

changing right and so

4189

02:21:03,110 --> 02:21:02,319

in hemp for example cbd is the highest

4190

02:21:08,710 --> 02:21:03,120

percentage

4191

02:21:11,110 --> 02:21:08,720

generally um cannabinoid and in

4192

02:21:12,790 --> 02:21:11,120

cannabis thc is generally the highest

4193

02:21:14,469 --> 02:21:12,800

and of course there's tons of breeding

4194

02:21:17,030 --> 02:21:14,479

like that's a huge thing that like

4195

02:21:18,150 --> 02:21:17,040

as a whole take hours you know talk

4196

02:21:20,389 --> 02:21:18,160

about that but like

4197

02:21:22,389 --> 02:21:20,399

so they're they're adjusting why you got

4198

02:21:24,870 --> 02:21:22,399

the you know when they're adjusting

4199

02:21:25,670 --> 02:21:24,880

they're adjusting the levels right like

4200

02:21:31,030 --> 02:21:25,680

the

4201

02:21:33,030 --> 02:21:31,040

you know what i mean like

4202

02:21:34,070 --> 02:21:33,040

that had like five percent thc like

4203

02:21:35,670 --> 02:21:34,080

you're talking like they're

4204

02:21:37,110 --> 02:21:35,680

they're brands and like this is an up

4205

02:21:37,750 --> 02:21:37,120

this is a high percentage but like up

4206

02:21:40,469 --> 02:21:37,760

near 40

4207

02:21:41,030 --> 02:21:40,479

thc that's crazy it's so hot you know

4208

02:21:42,870 --> 02:21:41,040

and like

4209

02:21:44,630 --> 02:21:42,880

your averages your average is somewhere

4210

02:21:46,550 --> 02:21:44,640

between 13 and 30

4211

02:21:48,309 --> 02:21:46,560

probably so like you're talking like a

4212

02:21:50,790 --> 02:21:48,319

very high thc strain so

4213

02:21:52,070 --> 02:21:50,800

they're growing different varieties for

4214

02:21:55,349 --> 02:21:52,080

different things

4215

02:21:56,469 --> 02:21:55,359

but in general cbg is how the plant

4216

02:21:58,550 --> 02:21:56,479

starts out and so

4217

02:22:00,070 --> 02:21:58,560

you have to harvest early right so

4218

02:22:00,630 --> 02:22:00,080

that's one part so you're harvesting

4219

02:22:03,110 --> 02:22:00,640

before

4220

02:22:03,830 --> 02:22:03,120

flowers are like full term this is stem

4221

02:22:05,510 --> 02:22:03,840

cells right here

4222

02:22:07,030 --> 02:22:05,520

this is like it didn't know i mean it is

4223

02:22:09,389 --> 02:22:07,040

it i mean that it is the

4224

02:22:10,550 --> 02:22:09,399

beginning yeah and so like

4225

02:22:13,270 --> 02:22:10,560

decarboxylation

4226
02:22:14,230 --> 02:22:13,280
happens which is basically it happens

4227
02:22:16,710 --> 02:22:14,240
with heat so like

4228
02:22:19,670 --> 02:22:16,720
all all cannabinoids you know they start

4229
02:22:22,950 --> 02:22:19,680
out as an acidic form so it's like cbda

4230
02:22:25,429 --> 02:22:22,960
and then decarboxylation happens and you

4231
02:22:27,190 --> 02:22:25,439
like and the fast way to do that is with

4232
02:22:30,469 --> 02:22:27,200
heat right so like

4233
02:22:32,950 --> 02:22:30,479
if you if there's cbda in the rollies

4234
02:22:34,230 --> 02:22:32,960
which there is and you light it and you

4235
02:22:37,830 --> 02:22:34,240
smoke it right you're

4236
02:22:38,630 --> 02:22:37,840
you're and you activate and then it

4237
02:22:40,630 --> 02:22:38,640
becomes so it's

4238
02:22:41,990 --> 02:22:40,640

in the acidic form it's inactive and

4239

02:22:44,150 --> 02:22:42,000

then when you heat it up and

4240

02:22:45,590 --> 02:22:44,160

you decarb it you are activating that

4241

02:22:48,389 --> 02:22:45,600

cannabinoid and so you're getting

4242

02:22:49,670 --> 02:22:48,399

that that percentage of whatever the the

4243

02:22:51,190 --> 02:22:49,680

cbda is so

4244

02:22:53,190 --> 02:22:51,200

cool that's yeah that's kind of

4245

02:22:57,110 --> 02:22:53,200

interesting um

4246

02:23:00,309 --> 02:22:57,120

but so all what are we talking about

4247

02:23:00,550 --> 02:23:00,319

stem cells stem cells yeah so oh yeah so

4248

02:23:03,910 --> 02:23:00,560

it's

4249

02:23:04,230 --> 02:23:03,920

early which means that your plants

4250

02:23:05,830 --> 02:23:04,240

aren't

4251
02:23:07,429 --> 02:23:05,840
full term so like maybe you have to

4252
02:23:08,630 --> 02:23:07,439
harvest like they say like maybe six

4253
02:23:09,830 --> 02:23:08,640
weeks instead of eight weeks so you're

4254
02:23:11,910 --> 02:23:09,840
missing a two week

4255
02:23:12,870 --> 02:23:11,920
which the growth cycle for these things

4256
02:23:14,710 --> 02:23:12,880
is only an

4257
02:23:16,550 --> 02:23:14,720
eight week cycle i'm like only thinking

4258
02:23:17,429 --> 02:23:16,560
in trimesters right growing from this

4259
02:23:20,630 --> 02:23:17,439
big

4260
02:23:21,429 --> 02:23:20,640
to full term in eight weeks yeah two

4261
02:23:22,630 --> 02:23:21,439
months that's why

4262
02:23:24,469 --> 02:23:22,640
the nickname was weed right because it

4263
02:23:26,150 --> 02:23:24,479

grows so fast yeah and so

4264

02:23:27,510 --> 02:23:26,160

in two weeks time there's a lot of

4265

02:23:27,990 --> 02:23:27,520

growth that happens in two years time

4266

02:23:29,590 --> 02:23:28,000

right

4267

02:23:30,710 --> 02:23:29,600

and so harvesting that earlier your

4268

02:23:32,150 --> 02:23:30,720

plants are a lot smaller so you're

4269

02:23:35,190 --> 02:23:32,160

having a harder smaller so you're not

4270

02:23:36,710 --> 02:23:35,200

harvesting as much biomass um to be made

4271

02:23:38,070 --> 02:23:36,720

into oil and then the other thing

4272

02:23:39,990 --> 02:23:38,080

that you're struggling with is like

4273

02:23:40,950 --> 02:23:40,000

there's percentages right and if cbd is

4274

02:23:43,110 --> 02:23:40,960

the highest percentage

4275

02:23:45,190 --> 02:23:43,120

maybe your cbg percentage is only like

4276

02:23:47,590 --> 02:23:45,200

three percent so it takes a lot more

4277

02:23:48,550 --> 02:23:47,600

biomass to create an oil that's high in

4278

02:23:50,550 --> 02:23:48,560

cbg

4279

02:23:52,309 --> 02:23:50,560

so there's a lot of things about the cvg

4280

02:23:54,550 --> 02:23:52,319

um that are

4281

02:23:56,870 --> 02:23:54,560

that are hard but there's a lot they're

4282

02:23:57,349 --> 02:23:56,880

coming out with a lot of stuff about cbg

4283

02:23:58,790 --> 02:23:57,359

right now

4284

02:24:00,950 --> 02:23:58,800

like i said it's kind of like the one

4285

02:24:02,309 --> 02:24:00,960

that's buzzing right now like cbd

4286

02:24:04,469 --> 02:24:02,319

obviously there's still research being

4287

02:24:05,990 --> 02:24:04,479

done and like it's really holding strong

4288

02:24:06,550 --> 02:24:06,000

but now people are like oh there's this

4289

02:24:08,550 --> 02:24:06,560

other

4290

02:24:10,150 --> 02:24:08,560

what what's going on over here and they

4291

02:24:10,950 --> 02:24:10,160

basically they're finding that for

4292

02:24:12,469 --> 02:24:10,960

gastro

4293

02:24:14,630 --> 02:24:12,479

issues like anybody who's struggling

4294

02:24:17,830 --> 02:24:14,640

with something like ibs or crohn's or

4295

02:24:19,990 --> 02:24:17,840

or that kind of thing cbg has been

4296

02:24:21,670 --> 02:24:20,000

more effective or you know and like

4297

02:24:23,429 --> 02:24:21,680

obviously this we're talking in blanket

4298

02:24:25,670 --> 02:24:23,439

terms and we are not doctors

4299

02:24:28,070 --> 02:24:25,680

but we're doctor scientists how many

4300

02:24:31,830 --> 02:24:28,080

times do you think you two are

4301
02:24:35,349 --> 02:24:31,840
um but it is it is proving

4302
02:24:36,070 --> 02:24:35,359
to be very beneficial for gastro stuff

4303
02:24:38,790 --> 02:24:36,080
it also

4304
02:24:40,309 --> 02:24:38,800
like thc has been proving to be very

4305
02:24:42,469 --> 02:24:40,319
good for glaucoma

4306
02:24:44,070 --> 02:24:42,479
which is something that cbd doesn't

4307
02:24:47,349 --> 02:24:44,080
really help with

4308
02:24:49,830 --> 02:24:47,359
um but thc and cbg do

4309
02:24:51,590 --> 02:24:49,840
help with glaucoma and then in like

4310
02:24:52,469 --> 02:24:51,600
anecdotally people are kind of saying

4311
02:24:54,790 --> 02:24:52,479
that with

4312
02:24:56,630 --> 02:24:54,800
cbg that it's like where cbd kind of

4313
02:24:59,750 --> 02:24:56,640

like makes you feel

4314

02:25:00,630 --> 02:24:59,760

like a little chilled out that it's more

4315

02:25:02,389 --> 02:25:00,640

of like a

4316

02:25:04,309 --> 02:25:02,399

stimula you know like you're feeling a

4317

02:25:04,950 --> 02:25:04,319

little bit more invigorated with cbg so

4318

02:25:08,150 --> 02:25:04,960

like

4319

02:25:09,510 --> 02:25:08,160

you got

4320

02:25:11,590 --> 02:25:09,520

stuff to do and you're trying to you

4321

02:25:13,429 --> 02:25:11,600

know get your get your vibe on but like

4322

02:25:15,349 --> 02:25:13,439

you need the focus or the whatever

4323

02:25:16,790 --> 02:25:15,359

it also helps with anxiety you know it

4324

02:25:19,429 --> 02:25:16,800

already kind of also

4325

02:25:22,070 --> 02:25:19,439

so is there other things is there a

4326
02:25:25,670 --> 02:25:22,080
indica sativa connection between cbd

4327
02:25:30,070 --> 02:25:25,680
and cbt or is there like i mean all

4328
02:25:33,190 --> 02:25:30,080
all cannabis sativa is like the blanket

4329
02:25:36,469 --> 02:25:33,200
for cannabis and hemp and then

4330
02:25:38,150 --> 02:25:36,479
with cbg and cbd no like that there's

4331
02:25:39,670 --> 02:25:38,160
not necessarily that distinction but i

4332
02:25:41,670 --> 02:25:39,680
think as far as like if people want to

4333
02:25:44,950 --> 02:25:41,680
think about it like that like

4334
02:25:45,510 --> 02:25:44,960
that like if cbd were the indica of the

4335
02:25:49,670 --> 02:25:45,520
two

4336
02:25:51,830 --> 02:25:49,680
and like cbg were the um

4337
02:25:53,830 --> 02:25:51,840
or excuse me i said that wrong the cbd

4338
02:25:55,510 --> 02:25:53,840

were no yeah cbd was more like the

4339

02:25:57,510 --> 02:25:55,520

mellow indica

4340

02:25:58,550 --> 02:25:57,520

and the cbg is kind of more active

4341

02:26:01,750 --> 02:25:58,560

daytime

4342

02:26:03,349 --> 02:26:01,760

kind of stuff right what's oh yeah yeah

4343

02:26:05,030 --> 02:26:03,359

i'm like looking at him in the eyes and

4344

02:26:05,990 --> 02:26:05,040

like i'm just like wait what's this i

4345

02:26:08,230 --> 02:26:06,000

was having trouble too

4346

02:26:09,590 --> 02:26:08,240

no right so if you wanted to think of

4347

02:26:11,750 --> 02:26:09,600

cbg as more of a

4348

02:26:13,510 --> 02:26:11,760

the sativa like i think that's an okay

4349

02:26:14,710 --> 02:26:13,520

way to think of like how they affect you

4350

02:26:15,750 --> 02:26:14,720

and i think that that's good terms for

4351

02:26:18,150 --> 02:26:15,760

people who are but that's

4352

02:26:18,790 --> 02:26:18,160

not what it is but like as far as the

4353

02:26:23,349 --> 02:26:18,800

like

4354

02:26:25,750 --> 02:26:23,359

whether they make you feel sure

4355

02:26:27,190 --> 02:26:25,760

and i think i anecdotally like have like

4356

02:26:29,910 --> 02:26:27,200

that has been my experience like when

4357

02:26:30,389 --> 02:26:29,920

i take cbg during the day and i do feel

4358

02:26:32,150 --> 02:26:30,399

like

4359

02:26:34,469 --> 02:26:32,160

i have the mental clarity and those

4360

02:26:37,510 --> 02:26:34,479

things that i get from cbd

4361

02:26:39,190 --> 02:26:37,520

but i don't feel tired like i'm not like

4362

02:26:42,230 --> 02:26:39,200

when i take cbd

4363

02:26:43,510 --> 02:26:42,240

like i do feel like in a like if i'm in

4364

02:26:45,429 --> 02:26:43,520

a relaxed state like

4365

02:26:47,030 --> 02:26:45,439

i'm definitely like ready to cruise you

4366

02:26:48,309 --> 02:26:47,040

know to bed um

4367

02:26:49,830 --> 02:26:48,319

but with cbd i don't really feel that

4368

02:26:50,950 --> 02:26:49,840

way like i can take it all day i can

4369

02:26:52,550 --> 02:26:50,960

even have had like

4370

02:26:54,150 --> 02:26:52,560

you know been up early or whatever and

4371

02:26:55,429 --> 02:26:54,160

like i don't really feel like affected

4372

02:26:57,510 --> 02:26:55,439

by it but like if i take

4373

02:26:59,429 --> 02:26:57,520

50 milligrams of cbd during the day i'm

4374

02:27:00,070 --> 02:26:59,439

going to bed but if i take 50 milligrams

4375

02:27:02,550 --> 02:27:00,080

to bg

4376
02:27:03,830 --> 02:27:02,560
like i can be up all day doing my thing

4377
02:27:05,110 --> 02:27:03,840
whatever and so like

4378
02:27:06,790 --> 02:27:05,120
that's in my experience and it's

4379
02:27:07,590 --> 02:27:06,800
anecdotaly like the experience that a

4380
02:27:10,710 --> 02:27:07,600
lot of people are having

4381
02:27:12,230 --> 02:27:10,720
yeah um so i think that it's it is

4382
02:27:14,309 --> 02:27:12,240
proving to maybe be better for like a

4383
02:27:15,190 --> 02:27:14,319
daytime use than the cbd for a lot of

4384
02:27:16,790 --> 02:27:15,200
people and

4385
02:27:19,349 --> 02:27:16,800
like i said it really needs to be

4386
02:27:21,990 --> 02:27:19,359
tailored to you but if you have gastro

4387
02:27:23,990 --> 02:27:22,000
issues i would say cbg is much better

4388
02:27:27,110 --> 02:27:24,000

suited for the thing that you need

4389

02:27:29,110 --> 02:27:27,120

for sure and there's lots of other like

4390

02:27:30,469 --> 02:27:29,120

you know cannabinoids that are all i

4391

02:27:32,070 --> 02:27:30,479

mean there's hundreds of them but the

4392

02:27:33,190 --> 02:27:32,080

cbn i think is another one that's

4393

02:27:35,270 --> 02:27:33,200

interesting like it's

4394

02:27:36,950 --> 02:27:35,280

it's actually what happens when like old

4395

02:27:38,230 --> 02:27:36,960

weed you know like people kind of talk

4396

02:27:38,550 --> 02:27:38,240

about how old we'd like to talk about

4397

02:27:40,150 --> 02:27:38,560

she's

4398

02:27:41,429 --> 02:27:40,160

super tired no like it's been sitting

4399

02:27:42,070 --> 02:27:41,439

out or like you've had it for a long

4400

02:27:44,150 --> 02:27:42,080

time

4401

02:27:45,830 --> 02:27:44,160

and you just like get really like it

4402

02:27:47,429 --> 02:27:45,840

makes you just like instantly tired and

4403

02:27:48,870 --> 02:27:47,439

so they're talking about cbn as being

4404

02:27:51,349 --> 02:27:48,880

like maybe it's like going to be the

4405

02:27:53,990 --> 02:27:51,359

cannabinoid that's like really for sleep

4406

02:27:55,270 --> 02:27:54,000

you know oh that's a new one well i mean

4407

02:28:01,429 --> 02:27:55,280

it's not

4408

02:28:02,469 --> 02:28:01,439

maybe being newly studied yeah you know

4409

02:28:04,389 --> 02:28:02,479

and so yeah

4410

02:28:06,070 --> 02:28:04,399

it's gonna be really cool to see what

4411

02:28:06,630 --> 02:28:06,080

all these different candidoids do but

4412

02:28:08,389 --> 02:28:06,640

yeah we

4413

02:28:10,309 --> 02:28:08,399

so there's cbg in the pre-rolls right we

4414

02:28:11,030 --> 02:28:10,319

do there's a we have a maker's blend for

4415

02:28:12,710 --> 02:28:11,040

those that

4416

02:28:14,150 --> 02:28:12,720

you know they blend at the farm and they

4417

02:28:15,910 --> 02:28:14,160

have g in them

4418

02:28:17,830 --> 02:28:15,920

yeah so it's it's not a half and half

4419

02:28:21,270 --> 02:28:17,840

but it's it's pretty close to like

4420

02:28:23,750 --> 02:28:21,280

it's maybe two thirds cbd and a third

4421

02:28:25,670 --> 02:28:23,760

cbg i have a question and yes is there

4422

02:28:26,710 --> 02:28:25,680

someone do you have a lab with white

4423

02:28:29,510 --> 02:28:26,720

coats

4424

02:28:30,870 --> 02:28:29,520

of some sort we don't but our extractors

4425

02:28:32,710 --> 02:28:30,880

it's a gmp

4426

02:28:33,910 --> 02:28:32,720

compliant facility where like so that

4427

02:28:35,830 --> 02:28:33,920

means it's food grade right

4428

02:28:36,950 --> 02:28:35,840

they have to wear coats and they have to

4429

02:28:39,510 --> 02:28:36,960

wear the coats

4430

02:28:40,309 --> 02:28:39,520

um so everything is done yeah so

4431

02:28:41,830 --> 02:28:40,319

everything is done

4432

02:28:43,349 --> 02:28:41,840

like in the extraction process in a

4433

02:28:43,670 --> 02:28:43,359

sterile environment obviously our hemp

4434

02:28:45,670 --> 02:28:43,680

bro

4435

02:28:47,349 --> 02:28:45,680

our hemp plants are sun grown so they're

4436

02:28:49,030 --> 02:28:47,359

grown outdoors i love it

4437

02:28:50,550 --> 02:28:49,040

uh yeah no i think it makes a big

4438

02:28:54,309 --> 02:28:50,560

difference there is something

4439

02:28:57,990 --> 02:28:54,319

about your your i mean

4440

02:29:01,030 --> 02:28:58,000

cannabis i i mean all plants in general

4441

02:29:01,990 --> 02:29:01,040

but like cannabis specifically i feel

4442

02:29:04,070 --> 02:29:02,000

like there is a

4443

02:29:05,030 --> 02:29:04,080

huge difference in something that was

4444

02:29:08,230 --> 02:29:05,040

grown

4445

02:29:11,190 --> 02:29:08,240

in the soil the elements in the elements

4446

02:29:11,990 --> 02:29:11,200

you've got the air the sun the dirt that

4447

02:29:14,070 --> 02:29:12,000

you just

4448

02:29:15,349 --> 02:29:14,080

don't get hydroponically right if you

4449

02:29:16,870 --> 02:29:15,359

just put a bunch of nutrients in and i'm

4450

02:29:17,270 --> 02:29:16,880

not saying like hydroponic stuff it

4451

02:29:19,110 --> 02:29:17,280

works

4452

02:29:20,469 --> 02:29:19,120

it's beautiful and it comes out great

4453

02:29:22,150 --> 02:29:20,479

for space but there's no

4454

02:29:23,429 --> 02:29:22,160

right like nothing affects the leaves

4455

02:29:25,190 --> 02:29:23,439

negatively like you don't have any

4456

02:29:25,750 --> 02:29:25,200

there's no wind there's no rain there's

4457

02:29:27,510 --> 02:29:25,760

no

4458

02:29:29,910 --> 02:29:27,520

inclement weather weather but there's

4459

02:29:32,309 --> 02:29:29,920

something about a plant that like

4460

02:29:33,590 --> 02:29:32,319

fought the inclement weather and that

4461

02:29:34,550 --> 02:29:33,600

comes out you know what i mean like it's

4462

02:29:36,309 --> 02:29:34,560

just

4463

02:29:37,830 --> 02:29:36,319

jeans but like the vitality of that

4464

02:29:39,190 --> 02:29:37,840

right like you're talking about like

4465

02:29:40,550 --> 02:29:39,200

all right this plant has some staying

4466

02:29:42,710 --> 02:29:40,560

power and i think that that's a real

4467

02:29:44,630 --> 02:29:42,720

thing that like you can

4468

02:29:45,910 --> 02:29:44,640

you can quantify you can taste yeah you

4469

02:29:47,110 --> 02:29:45,920

can you know like that it's like this

4470

02:29:48,790 --> 02:29:47,120

plant went through some [h__h]

4471

02:29:50,630 --> 02:29:48,800

nothing was in a windstorm and it just

4472

02:29:52,710 --> 02:29:50,640

like stood back up you know like

4473

02:29:54,150 --> 02:29:52,720

that's what's up you know so i do think

4474

02:29:54,790 --> 02:29:54,160

that there's something special about sun

4475

02:29:56,230 --> 02:29:54,800

grown and like

4476

02:29:58,150 --> 02:29:56,240

there's nothing scientifically that

4477

02:30:00,870 --> 02:29:58,160

proves that but like

4478

02:30:01,349 --> 02:30:00,880

you know that's i think it's unique and

4479

02:30:03,190 --> 02:30:01,359

there's

4480

02:30:04,790 --> 02:30:03,200

so much colorado sunshine you know the

4481

02:30:07,830 --> 02:30:04,800

it's just like smiling on those

4482

02:30:10,230 --> 02:30:07,840

girls colorado the sunshine all day man

4483

02:30:11,190 --> 02:30:10,240

and they just they're beautiful and um

4484

02:30:12,790 --> 02:30:11,200

yeah i mean it's

4485

02:30:14,469 --> 02:30:12,800

it's pretty neat and also i think

4486

02:30:15,750 --> 02:30:14,479

rainwater and it doesn't rain a ton in

4487

02:30:16,550 --> 02:30:15,760

colorado but they do get that and

4488

02:30:18,950 --> 02:30:16,560

there's

4489

02:30:19,670 --> 02:30:18,960
nutrients from soil that is like out

4490

02:30:20,950 --> 02:30:19,680
there and like

4491

02:30:22,389 --> 02:30:20,960
coconut oil is great for them and all

4492

02:30:23,030 --> 02:30:22,399
that stuff but there's there's something

4493

02:30:26,070 --> 02:30:23,040
about

4494

02:30:28,630 --> 02:30:26,080
like them being of the earth

4495

02:30:29,670 --> 02:30:28,640
that i think is special it's like where

4496

02:30:31,910 --> 02:30:29,680
they came from

4497

02:30:33,590 --> 02:30:31,920
it's it's like it's it's like bro also

4498

02:30:35,429 --> 02:30:33,600
along the same lines of what we were

4499

02:30:36,630 --> 02:30:35,439
talking about earlier like the junk dna

4500

02:30:40,950 --> 02:30:36,640
versus like all these can

4501
02:30:45,110 --> 02:30:42,870
bananas that we think are like you know

4502
02:30:46,389 --> 02:30:45,120
useless but when you don't have that you

4503
02:30:48,469 --> 02:30:46,399
notice a difference

4504
02:30:50,389 --> 02:30:48,479
yeah no and that that's a real full

4505
02:30:50,790 --> 02:30:50,399
circle that's a real thing yeah that you

4506
02:30:52,870 --> 02:30:50,800
just

4507
02:30:53,990 --> 02:30:52,880
you you you straight up can tell like if

4508
02:30:55,910 --> 02:30:54,000
you take an eye so like if you were to

4509
02:30:58,830 --> 02:30:55,920
take an isolate even a really good one

4510
02:31:00,870 --> 02:30:58,840
now that you have taken off this this

4511
02:31:02,389 --> 02:31:00,880
impeccable full spectrum cbd from

4512
02:31:04,870 --> 02:31:02,399
redeemer small batch

4513
02:31:06,070 --> 02:31:04,880

you would notice a difference for sure i

4514

02:31:06,550 --> 02:31:06,080

just thought of something really cool

4515

02:31:08,790 --> 02:31:06,560

too

4516

02:31:09,990 --> 02:31:08,800

after all i was saying that yeah that

4517

02:31:14,309 --> 02:31:10,000

name really funny

4518

02:31:16,790 --> 02:31:14,319

um you know people think of gmo like

4519

02:31:18,070 --> 02:31:16,800

as bad right but like if you have an

4520

02:31:20,550 --> 02:31:18,080

heirloom tomato

4521

02:31:21,349 --> 02:31:20,560

like that's genetically modified like

4522

02:31:23,750 --> 02:31:21,359

you you

4523

02:31:24,550 --> 02:31:23,760

you personally modified that it's

4524

02:31:26,790 --> 02:31:24,560

genetics

4525

02:31:28,710 --> 02:31:26,800

to grow that way it doesn't necessarily

4526

02:31:30,710 --> 02:31:28,720

mean i injected some [h__h] in it

4527

02:31:32,550 --> 02:31:30,720

and now it genetically modified it

4528

02:31:33,830 --> 02:31:32,560

you're genetically modifying it

4529

02:31:35,030 --> 02:31:33,840

by the way you breed it like

4530

02:31:35,590 --> 02:31:35,040

crossbreeding and that kind of thing

4531

02:31:38,150 --> 02:31:35,600

right

4532

02:31:39,110 --> 02:31:38,160

you're genetically modifying it yourself

4533

02:31:42,150 --> 02:31:39,120

that's how like

4534

02:31:44,550 --> 02:31:42,160

the green organics industry

4535

02:31:46,150 --> 02:31:44,560

gets away with like theft by stealing

4536

02:31:47,110 --> 02:31:46,160

all your [h__h] money by you having to

4537

02:31:49,349 --> 02:31:47,120

pay 20

4538

02:31:50,469 --> 02:31:49,359

for like an organic piece of cabbage or

4539

02:31:52,870 --> 02:31:50,479

some [h__h] right

4540

02:31:55,190 --> 02:31:52,880

it's like that's there's really only

4541

02:31:57,910 --> 02:31:55,200

like nine things that are grown like

4542

02:31:59,349 --> 02:31:57,920

in a lab gmo wise and that's what people

4543

02:32:00,230 --> 02:31:59,359

are worried about but not everything is

4544

02:32:03,750 --> 02:32:00,240

like that

4545

02:32:06,309 --> 02:32:03,760

anyways back to what i was getting at uh

4546

02:32:06,870 --> 02:32:06,319

can of bananas right yeah we need to

4547

02:32:10,630 --> 02:32:06,880

somehow

4548

02:32:13,110 --> 02:32:10,640

genetically um put put cannabis

4549

02:32:14,950 --> 02:32:13,120

in bananas because i love bananas and i

4550

02:32:16,790 --> 02:32:14,960

would love to eat a can of banana

4551

02:32:18,389 --> 02:32:16,800

i want to see a can of banana and a

4552

02:32:19,830 --> 02:32:18,399

pajama can of banana

4553

02:32:21,830 --> 02:32:19,840

like what if you just saw like this

4554

02:32:23,670 --> 02:32:21,840

beautiful female hemp plant and it just

4555

02:32:25,429 --> 02:32:23,680

like it had flowers but it also just had

4556

02:32:29,030 --> 02:32:25,439

like bunches of bananas

4557

02:32:29,349 --> 02:32:29,040

i love it awesome i love it yeah we need

4558

02:32:32,389 --> 02:32:29,359

it

4559

02:32:35,349 --> 02:32:32,399

love that okay you said something

4560

02:32:35,670 --> 02:32:35,359

dude it's such an interesting thing as i

4561

02:32:37,590 --> 02:32:35,680

guess

4562

02:32:39,510 --> 02:32:37,600

this whole thing uh just a few minutes

4563

02:32:42,710 --> 02:32:39,520

ago started off on me asking like

4564

02:32:45,990 --> 02:32:42,720

just the effects of of him and

4565

02:32:48,389 --> 02:32:46,000

and uh cannabis has on us

4566

02:32:49,190 --> 02:32:48,399

and how we've been kind of like shown

4567

02:32:51,429 --> 02:32:49,200

it's all

4568

02:32:52,230 --> 02:32:51,439

uh i don't know what you call like

4569

02:32:55,590 --> 02:32:52,240

politically

4570

02:32:59,190 --> 02:32:55,600

yeah or whatever yeah smoking mirrors

4571

02:33:00,950 --> 02:32:59,200

um yeah like the uh the reason

4572

02:33:02,389 --> 02:33:00,960

that oh my gosh i just forgot what i was

4573

02:33:04,630 --> 02:33:02,399

gonna say [h__h] oh

4574

02:33:06,710 --> 02:33:04,640

okay it was something is it about it was

4575

02:33:09,910 --> 02:33:06,720

something you were saying can a banana

4576

02:33:12,630 --> 02:33:09,920

can of bananas and then oh

4577

02:33:14,309 --> 02:33:12,640

damn it had a good point smoking mirrors

4578

02:33:17,429 --> 02:33:14,319

yeah

4579

02:33:20,309 --> 02:33:17,439

the veil genetically modified oh we're

4580

02:33:23,349 --> 02:33:20,319

getting close

4581

02:33:26,550 --> 02:33:23,359

i lost it i lost it guys oh

4582

02:33:27,830 --> 02:33:26,560

man i'll think about it hey here's the

4583

02:33:30,630 --> 02:33:27,840

thing i would like to ask

4584

02:33:32,389 --> 02:33:30,640

yes the cbd make you uh forgetful like

4585

02:33:34,150 --> 02:33:32,399

you would smoke weed and be forgetful

4586

02:33:37,590 --> 02:33:34,160

about stuff so it does affect

4587

02:33:40,790 --> 02:33:37,600

so that there is like um

4588

02:33:43,910 --> 02:33:40,800

some stuff out there that it could

4589

02:33:46,790 --> 02:33:43,920

affect short-term memory

4590

02:33:50,950 --> 02:33:46,800

uh everybody's looking at me i have the

4591

02:33:55,190 --> 02:33:54,070

like the loss of like time and like

4592

02:33:58,230 --> 02:33:55,200

those kind of things

4593

02:34:00,630 --> 02:33:58,240

no you know like but i

4594

02:34:01,670 --> 02:34:00,640

they there's like um there's a thing

4595

02:34:03,349 --> 02:34:01,680

like that with the

4596

02:34:05,910 --> 02:34:03,359

short like if you were to stop taking it

4597

02:34:07,270 --> 02:34:05,920

for a very small length of time that

4598

02:34:09,270 --> 02:34:07,280

like that would come back

4599

02:34:10,950 --> 02:34:09,280

basically right yeah like it's like a

4600

02:34:12,550 --> 02:34:10,960

short it's not like

4601
02:34:14,389 --> 02:34:12,560
it's gone forever or like that you've

4602
02:34:16,070 --> 02:34:14,399
lost it it's just that like

4603
02:34:17,270 --> 02:34:16,080
oh i'll stop taking it for three days

4604
02:34:18,550 --> 02:34:17,280
and then i'll remember that thing that i

4605
02:34:19,110 --> 02:34:18,560
did on thursday that i can't remember

4606
02:34:22,630 --> 02:34:19,120
right now

4607
02:34:25,510 --> 02:34:22,640
ut did a study recently where they were

4608
02:34:27,429 --> 02:34:25,520
talking about the memory loss and how

4609
02:34:30,230 --> 02:34:27,439
cannabis use

4610
02:34:31,830 --> 02:34:30,240
actually improved it long term made your

4611
02:34:33,110 --> 02:34:31,840
memory a lot better

4612
02:34:34,950 --> 02:34:33,120
and it helped people with like

4613
02:34:36,469 --> 02:34:34,960

alzheimer's they proved that well i mean

4614

02:34:37,910 --> 02:34:36,479

yeah it's helping people tremendously

4615

02:34:40,309 --> 02:34:37,920

with alzheimer's yeah

4616

02:34:41,830 --> 02:34:40,319

it's coming out it's a neuroprotectant

4617

02:34:44,870 --> 02:34:41,840

um

4618

02:34:46,950 --> 02:34:44,880

cannabis and cbd especially and and cbg

4619

02:34:48,070 --> 02:34:46,960

are neuroprotectant and so not only with

4620

02:34:49,830 --> 02:34:48,080

like

4621

02:34:51,349 --> 02:34:49,840

the neurotransmitting that's happening

4622

02:34:52,870 --> 02:34:51,359

in your brain but also like people who

4623

02:34:54,630 --> 02:34:52,880

are having um

4624

02:34:56,710 --> 02:34:54,640

nerve pain who have like neuropathy and

4625

02:34:57,190 --> 02:34:56,720

that kind of thing like it is a it

4626
02:34:58,790 --> 02:34:57,200
literally

4627
02:35:00,230 --> 02:34:58,800
coats your nerves you know what i mean

4628
02:35:01,429 --> 02:35:00,240
it's neurogenerative

4629
02:35:03,429 --> 02:35:01,439
and those kind of things so like people

4630
02:35:06,630 --> 02:35:03,439
are experiencing like those kind of

4631
02:35:09,270 --> 02:35:06,640
nerve um damaged

4632
02:35:11,030 --> 02:35:09,280
ailments like they're they're just go in

4633
02:35:13,830 --> 02:35:11,040
there and give it a squeeze

4634
02:35:14,309 --> 02:35:13,840
yeah just give it a little huh yeah but

4635
02:35:16,070 --> 02:35:14,319
it is

4636
02:35:18,790 --> 02:35:16,080
it's helping with that stuff i mean i

4637
02:35:19,990 --> 02:35:18,800
mean it's it feels overwhelming i think

4638
02:35:21,670 --> 02:35:20,000

that for a lot of people

4639

02:35:22,790 --> 02:35:21,680

like like all the things we've been

4640

02:35:23,910 --> 02:35:22,800

talking about on the show people are

4641

02:35:26,070 --> 02:35:23,920

like

4642

02:35:27,110 --> 02:35:26,080

no way that it does all of these things

4643

02:35:28,630 --> 02:35:27,120

you know and it

4644

02:35:29,910 --> 02:35:28,640

it does feel that like that sometimes

4645

02:35:30,710 --> 02:35:29,920

when you think about it you're like how

4646

02:35:34,070 --> 02:35:30,720

could it

4647

02:35:35,670 --> 02:35:34,080

seemingly help with all these it's weird

4648

02:35:37,510 --> 02:35:35,680

things that feel unrelated it's weird

4649

02:35:38,790 --> 02:35:37,520

but when you look at the ecs and like

4650

02:35:40,630 --> 02:35:38,800

i don't have a picture with me to show

4651
02:35:42,550 --> 02:35:40,640
the camera but when you look at all of

4652
02:35:44,309 --> 02:35:42,560
the places that it's touching like this

4653
02:35:47,910 --> 02:35:44,319
that the system is touching you're like

4654
02:35:49,750 --> 02:35:47,920
oh well it's in all of your systems um

4655
02:35:51,270 --> 02:35:49,760
but the safety profile like compared to

4656
02:35:52,870 --> 02:35:51,280
pharmaceuticals is so different because

4657
02:35:56,469 --> 02:35:52,880
you don't have the

4658
02:35:57,990 --> 02:35:56,479
um like with opioids like a lot of the

4659
02:35:59,830 --> 02:35:58,000
the receptors for that live in your

4660
02:36:02,070 --> 02:35:59,840
brain stem right which

4661
02:36:03,510 --> 02:36:02,080
controls respiration which is a big

4662
02:36:05,270 --> 02:36:03,520
problem that's how people overdose like

4663
02:36:06,630 --> 02:36:05,280

that's a major issue they stop breathing

4664

02:36:08,950 --> 02:36:06,640

when they take too many opiates

4665

02:36:09,670 --> 02:36:08,960

oh opiates okay yeah yeah and so with

4666

02:36:11,750 --> 02:36:09,680

cbd

4667

02:36:13,590 --> 02:36:11,760

or can the ecs like where those

4668

02:36:15,110 --> 02:36:13,600

receptors are they are in your brain and

4669

02:36:17,910 --> 02:36:15,120

they're all over your body but you have

4670

02:36:19,590 --> 02:36:17,920

none in your brain stem and so the

4671

02:36:22,469 --> 02:36:19,600

safety profile is just like

4672

02:36:23,590 --> 02:36:22,479

off the charts and so i like to tell

4673

02:36:26,070 --> 02:36:23,600

people that like

4674

02:36:26,630 --> 02:36:26,080

if all of this feels overwhelming you

4675

02:36:29,750 --> 02:36:26,640

know

4676

02:36:30,469 --> 02:36:29,760

the the side effects of this the laundry

4677

02:36:33,190 --> 02:36:30,479

list is

4678

02:36:34,830 --> 02:36:33,200

so short you know compared to any farm

4679

02:36:36,150 --> 02:36:34,840

like even advil or like things that we

4680

02:36:38,389 --> 02:36:36,160

take all the time

4681

02:36:39,750 --> 02:36:38,399

or like any anything that you take all

4682

02:36:40,950 --> 02:36:39,760

the time you know like whatever you have

4683

02:36:42,630 --> 02:36:40,960

in your medicine cabinet like the

4684

02:36:44,950 --> 02:36:42,640

laundry list is so small it's like

4685

02:36:46,070 --> 02:36:44,960

you might experience dizziness you might

4686

02:36:49,190 --> 02:36:46,080

get sleepy

4687

02:36:49,830 --> 02:36:49,200

you might oh no yeah like no but the

4688

02:36:53,270 --> 02:36:49,840

list is so

4689

02:36:55,670 --> 02:36:53,280

short and you know it's like if you do

4690

02:36:57,670 --> 02:36:55,680

have an ailment that is affecting you

4691

02:36:59,670 --> 02:36:57,680

negatively and we all do like even ones

4692

02:37:02,790 --> 02:36:59,680

that we don't even realize that we do

4693

02:37:04,790 --> 02:37:02,800

you know this is a safe trial

4694

02:37:06,070 --> 02:37:04,800

like this is a thing that you can try to

4695

02:37:07,910 --> 02:37:06,080

like take care of

4696

02:37:09,510 --> 02:37:07,920

whatever it is that maybe is ailing you

4697

02:37:11,429 --> 02:37:09,520

and not take care of it or

4698

02:37:12,469 --> 02:37:11,439

cure it or whatever but it might help

4699

02:37:13,750 --> 02:37:12,479

with the symptoms that you're

4700

02:37:15,830 --> 02:37:13,760

experiencing or

4701
02:37:17,429 --> 02:37:15,840
or that kind of thing and you know i

4702
02:37:17,990 --> 02:37:17,439
just try to i always want to tell people

4703
02:37:21,110 --> 02:37:18,000
like

4704
02:37:23,510 --> 02:37:21,120
it's a it's a small risk as far as

4705
02:37:24,150 --> 02:37:23,520
what maybe the negative side effects

4706
02:37:27,510 --> 02:37:24,160
would be

4707
02:37:30,710 --> 02:37:27,520
right and a lot of them come from bad

4708
02:37:32,070 --> 02:37:30,720
bad um products you know like

4709
02:37:33,670 --> 02:37:32,080
dizziness and getting sick and those

4710
02:37:35,030 --> 02:37:33,680
kind of things in general those things

4711
02:37:35,910 --> 02:37:35,040
are because you didn't have a product

4712
02:37:37,670 --> 02:37:35,920
that you know

4713
02:37:38,950 --> 02:37:37,680

you could trust yeah somebody sold you

4714

02:37:40,070 --> 02:37:38,960

snake oil and like that's what's

4715

02:37:41,190 --> 02:37:40,080

happening to people and like when you

4716

02:37:42,790 --> 02:37:41,200

read the stories about like

4717

02:37:45,270 --> 02:37:42,800

a ton of people who got sick from like

4718

02:37:47,349 --> 02:37:45,280

some cbd product it's because it was not

4719

02:37:48,230 --> 02:37:47,359

a cbd product not a real one not one

4720

02:37:49,670 --> 02:37:48,240

that was

4721

02:37:51,429 --> 02:37:49,680

made with care and like all the things

4722

02:37:52,150 --> 02:37:51,439

yeah it was like the spice of seaweed

4723

02:37:53,910 --> 02:37:52,160

you know and so

4724

02:37:55,990 --> 02:37:53,920

right that's exactly that is exactly

4725

02:37:57,750 --> 02:37:56,000

right and it's it's horrible and it's

4726
02:37:58,790 --> 02:37:57,760
because it's such in such a gray area

4727
02:38:00,070 --> 02:37:58,800
right now but like

4728
02:38:01,910 --> 02:38:00,080
if you go to a company and they have

4729
02:38:03,510 --> 02:38:01,920
coas and they can prove to you like this

4730
02:38:05,429 --> 02:38:03,520
is what is in our product

4731
02:38:07,349 --> 02:38:05,439
you know you should it's a risk that i

4732
02:38:10,389 --> 02:38:07,359
think is willing to take because we

4733
02:38:10,790 --> 02:38:10,399
this is a this is a rough time and we we

4734
02:38:14,070 --> 02:38:10,800
all

4735
02:38:17,830 --> 02:38:14,080
little

4736
02:38:20,230 --> 02:38:17,840
know everything that's happening

4737
02:38:21,429 --> 02:38:20,240
inside of us and outside of us you know

4738
02:38:22,950 --> 02:38:21,439

because i mean you look at like

4739

02:38:24,790 --> 02:38:22,960

over-the-counter stuff or like stuff

4740

02:38:26,550 --> 02:38:24,800

that gets prescribed to you and

4741

02:38:28,550 --> 02:38:26,560

you like look at the list of stuff that

4742

02:38:29,590 --> 02:38:28,560

could happen it's like a trifle and

4743

02:38:31,590 --> 02:38:29,600

you're like it's like a triathlon you're

4744

02:38:34,550 --> 02:38:31,600

like whoa you mean like like unraveled

4745

02:38:35,270 --> 02:38:34,560

yeah it's like a cbs it's like it's like

4746

02:38:37,670 --> 02:38:35,280

a cvs

4747

02:38:39,590 --> 02:38:37,680

you say yeah you may have sleeplessness

4748

02:38:41,030 --> 02:38:39,600

your eyes might bleed your dick might

4749

02:38:41,990 --> 02:38:41,040

fall off you're gonna have explosive

4750

02:38:43,670 --> 02:38:42,000

diarrhea

4751
02:38:45,510 --> 02:38:43,680
you could you know like whatever you

4752
02:38:46,950 --> 02:38:45,520
couldn't become suicidal like

4753
02:38:48,790 --> 02:38:46,960
you're like you could drive your car

4754
02:38:50,230 --> 02:38:48,800
asleep you're like dude like my neck

4755
02:38:51,990 --> 02:38:50,240
just hurts a little bit like why don't i

4756
02:38:54,309 --> 02:38:52,000
wanna like become suicidal because

4757
02:38:55,590 --> 02:38:54,319
my neck hurts back to risk reward as

4758
02:38:57,030 --> 02:38:55,600
you're saying yeah yeah

4759
02:38:59,190 --> 02:38:57,040
also i remember what i was going to say

4760
02:39:00,870 --> 02:38:59,200
oh yes so the uh

4761
02:39:02,469 --> 02:39:00,880
it kind of rolls into this this this

4762
02:39:04,710 --> 02:39:02,479
media construent

4763
02:39:05,830 --> 02:39:04,720

of how gmo has been portrayed in the

4764

02:39:07,990 --> 02:39:05,840

media like

4765

02:39:10,230 --> 02:39:08,000

i you did this motion of like a needle

4766

02:39:11,510 --> 02:39:10,240

going into a molecule like that's not

4767

02:39:13,910 --> 02:39:11,520

how gmo's

4768

02:39:15,030 --> 02:39:13,920

done dude like talking about tomatoes

4769

02:39:18,950 --> 02:39:15,040

all the way up to

4770

02:39:21,270 --> 02:39:18,960

uh hemp and and uh you know cannabis

4771

02:39:23,110 --> 02:39:21,280

thank you but like yeah it's not there's

4772

02:39:26,150 --> 02:39:23,120

no needle involved like that's

4773

02:39:28,150 --> 02:39:26,160

something that the news made up so like

4774

02:39:31,110 --> 02:39:28,160

like when you look at like jumo corn

4775

02:39:34,389 --> 02:39:31,120

right the genetic modification process

4776

02:39:36,950 --> 02:39:34,399

to that isn't that this

4777

02:39:37,910 --> 02:39:36,960

corn is like genetically modified

4778

02:39:41,030 --> 02:39:37,920

jamaican

4779

02:39:43,030 --> 02:39:41,040

it's it's genetically modified to sit in

4780

02:39:45,910 --> 02:39:43,040

a vat of roundup

4781

02:39:46,389 --> 02:39:45,920

for ground up ready for for a week and

4782

02:39:48,790 --> 02:39:46,399

then

4783

02:39:50,790 --> 02:39:48,800

when they plant it weeds don't get to it

4784

02:39:51,349 --> 02:39:50,800

because it's sat in a vat of roundup for

4785

02:39:52,790 --> 02:39:51,359

a week

4786

02:39:55,030 --> 02:39:52,800

also that's what it's genetically

4787

02:39:55,750 --> 02:39:55,040

modified for it's not modified for right

4788

02:39:57,910 --> 02:39:55,760

or to be

4789

02:39:59,349 --> 02:39:57,920

like yeah pest pest resistant pest

4790

02:40:00,790 --> 02:39:59,359

resistant and stuff like that and that's

4791

02:40:02,469 --> 02:40:00,800

like something with hemp that's really

4792

02:40:02,950 --> 02:40:02,479

interesting is that like the trichomes

4793

02:40:05,429 --> 02:40:02,960

so like

4794

02:40:05,990 --> 02:40:05,439

the where where the cbd and all the

4795

02:40:07,349 --> 02:40:06,000

cannabinoids

4796

02:40:09,830 --> 02:40:07,359

are in which is in the flowers where

4797

02:40:11,190 --> 02:40:09,840

those trichomes are that's actually like

4798

02:40:13,510 --> 02:40:11,200

a pest deterrent

4799

02:40:14,870 --> 02:40:13,520

and so plants already have these things

4800

02:40:17,349 --> 02:40:14,880

and so like by

4801
02:40:18,230 --> 02:40:17,359
genetically modifying them or growing uh

4802
02:40:20,469 --> 02:40:18,240
you know like

4803
02:40:21,269 --> 02:40:20,479
changing a strain to be higher in cbg or

4804
02:40:22,630 --> 02:40:21,279
whatever like

4805
02:40:24,150 --> 02:40:22,640
you're actually just enhancing something

4806
02:40:25,670 --> 02:40:24,160
that the plant already is capable of

4807
02:40:25,990 --> 02:40:25,680
doing right now like you're just giving

4808
02:40:31,750 --> 02:40:26,000
it

4809
02:40:40,389 --> 02:40:31,760
bugs bugs just get stoned and they give

4810
02:40:44,710 --> 02:40:42,630
well i'll say this so also genetically

4811
02:40:47,990 --> 02:40:44,720
modified also means

4812
02:40:50,389 --> 02:40:48,000
not just in our day and age but the

4813
02:40:52,469 --> 02:40:50,399

corn itself we were talking about corn

4814

02:40:54,790 --> 02:40:52,479

used to only have like

4815

02:40:55,990 --> 02:40:54,800

six or eight kernels on it genetically

4816

02:40:57,510 --> 02:40:56,000

modified just means like and it

4817

02:41:00,150 --> 02:40:57,520

originally grew blue

4818

02:41:01,349 --> 02:41:00,160

yeah it wasn't yellow yeah and it was

4819

02:41:03,269 --> 02:41:01,359

like a little tiny

4820

02:41:04,790 --> 02:41:03,279

kind of wheat looking thing and then

4821

02:41:06,389 --> 02:41:04,800

even just selected

4822

02:41:08,870 --> 02:41:06,399

more and more kernels and then like oh

4823

02:41:11,910 --> 02:41:08,880

[h__h] now we have a damn cup even even

4824

02:41:15,510 --> 02:41:11,920

current day current day bananas

4825

02:41:17,910 --> 02:41:15,520

um they bananas went extinct in the 60s

4826
02:41:18,950 --> 02:41:17,920
and they genetically started growing

4827
02:41:20,870 --> 02:41:18,960
them to be this

4828
02:41:22,389 --> 02:41:20,880
banana republicans this you know this

4829
02:41:26,070 --> 02:41:22,399
this chiquita banana thing

4830
02:41:27,910 --> 02:41:26,080
right trousers back to pants

4831
02:41:30,550 --> 02:41:27,920
all comes back to pants which i am not

4832
02:41:31,750 --> 02:41:30,560
wearing by the way he's not he's not

4833
02:41:34,070 --> 02:41:31,760
working

4834
02:41:34,790 --> 02:41:34,080
no but yeah dude i mean it's it's it's

4835
02:41:40,150 --> 02:41:34,800
crazy

4836
02:41:41,670 --> 02:41:40,160
this is i'm just gonna sit this is gonna

4837
02:41:43,990 --> 02:41:41,680
sound dumb but uh

4838
02:41:46,070 --> 02:41:44,000

so because everything that we kind of

4839

02:41:47,590 --> 02:41:46,080

know and eat and are able to sustain our

4840

02:41:49,830 --> 02:41:47,600

bodies on nowadays are

4841

02:41:50,630 --> 02:41:49,840

genetically modified to suit our needs

4842

02:41:52,870 --> 02:41:50,640

and like

4843

02:41:54,950 --> 02:41:52,880

abundance and we have enough and it

4844

02:41:56,309 --> 02:41:54,960

takes up so little space and we're like

4845

02:41:59,269 --> 02:41:56,319

able to eat and not only

4846

02:41:59,990 --> 02:41:59,279

enjoy stuff but like i feel like hemp

4847

02:42:03,110 --> 02:42:00,000

and

4848

02:42:03,990 --> 02:42:03,120

cannabis was already just good like it

4849

02:42:06,550 --> 02:42:04,000

was already just

4850

02:42:07,110 --> 02:42:06,560

perfect for us which which makes me

4851

02:42:09,910 --> 02:42:07,120

think like

4852

02:42:12,630 --> 02:42:09,920

well it is really interesting to think

4853

02:42:15,429 --> 02:42:12,640

about that like you have a bodily system

4854

02:42:16,950 --> 02:42:15,439

like an actual bodily system that is

4855

02:42:18,710 --> 02:42:16,960

perfectly designed to

4856

02:42:20,150 --> 02:42:18,720

intake like you already have your own

4857

02:42:21,269 --> 02:42:20,160

endo which means of the body

4858

02:42:23,910 --> 02:42:21,279

cannabinoids

4859

02:42:25,510 --> 02:42:23,920

like you have two of them for each other

4860

02:42:29,429 --> 02:42:25,520

we got them right and then

4861

02:42:32,630 --> 02:42:29,439

there's a plant out there that is

4862

02:42:35,750 --> 02:42:32,640

exactly designed for that system for you

4863

02:42:37,750 --> 02:42:35,760

yeah you know and yeah i mean it's uh it

4864

02:42:41,269 --> 02:42:37,760

certainly does not perform miracles

4865

02:42:44,389 --> 02:42:41,279

but it is extraordinary that it's here

4866

02:42:45,110 --> 02:42:44,399

and that it is capable of providing so

4867

02:42:47,510 --> 02:42:45,120

much

4868

02:42:49,349 --> 02:42:47,520

to the human experience it's almost like

4869

02:42:52,150 --> 02:42:49,359

something planted it for us

4870

02:42:53,590 --> 02:42:52,160

boom that's where i was going no yeah no

4871

02:42:55,349 --> 02:42:53,600

it's definitely in space somewhere

4872

02:42:57,670 --> 02:42:55,359

it is it was brought here for sure i

4873

02:43:00,870 --> 02:42:57,680

think it was seated by a meteor

4874

02:43:03,590 --> 02:43:00,880

sent from dundo

4875

02:43:04,150 --> 02:43:03,600

star system that's to the left right

4876
02:43:09,190 --> 02:43:04,160
exactly

4877
02:43:11,910 --> 02:43:09,200
you look up and it's civilization

4878
02:43:14,070 --> 02:43:11,920
and yeah it just it seems like too much

4879
02:43:16,230 --> 02:43:14,080
of a coincidence it's almost to me it's

4880
02:43:18,309 --> 02:43:16,240
it's analogous to how perfect the moon

4881
02:43:21,030 --> 02:43:18,319
is for our planet like it just makes

4882
02:43:22,150 --> 02:43:21,040
too much sense i mean there's no bad

4883
02:43:24,469 --> 02:43:22,160
side effects of the moon

4884
02:43:25,349 --> 02:43:24,479
right there's no bad side effects to

4885
02:43:27,190 --> 02:43:25,359
weed man

4886
02:43:28,870 --> 02:43:27,200
it's the perfect it's it's it's a

4887
02:43:30,550 --> 02:43:28,880
perfect plant i mean it's a perfect

4888
02:43:33,510 --> 02:43:30,560

plant and like to think about

4889

02:43:35,190 --> 02:43:33,520

like taking a plant like if we go to

4890

02:43:36,790 --> 02:43:35,200

mars and we do this thing and we're

4891

02:43:39,670 --> 02:43:36,800

going into space

4892

02:43:40,469 --> 02:43:39,680

right it is if you could take one plant

4893

02:43:42,389 --> 02:43:40,479

with you

4894

02:43:44,389 --> 02:43:42,399

like even just the like laundry list of

4895

02:43:45,990 --> 02:43:44,399

things that we said earlier that like

4896

02:43:47,190 --> 02:43:46,000

how much oxygen it creates

4897

02:43:48,790 --> 02:43:47,200

that it creates food that you can

4898

02:43:50,230 --> 02:43:48,800

literally make anything out of it from

4899

02:43:52,550 --> 02:43:50,240

clothes and paper to

4900

02:43:53,750 --> 02:43:52,560

cement and metal structures you know

4901
02:43:54,550 --> 02:43:53,760
like you can make all the stuff out of

4902
02:43:57,750 --> 02:43:54,560
hand like if you

4903
02:43:59,990 --> 02:43:57,760
take one plant to space it's the one

4904
02:44:01,190 --> 02:44:00,000
dude you know elon musk is gonna that's

4905
02:44:03,030 --> 02:44:01,200
a great point yeah

4906
02:44:04,230 --> 02:44:03,040
no it is it's the one and it like not

4907
02:44:06,150 --> 02:44:04,240
only like and like

4908
02:44:07,349 --> 02:44:06,160
nasa's [h__\h] around with celery right

4909
02:44:09,190 --> 02:44:07,359
now up in his place

4910
02:44:10,469 --> 02:44:09,200
oh and it's like water but you can eat

4911
02:44:13,349 --> 02:44:10,479
the seeds and like seeds

4912
02:44:15,110 --> 02:44:13,359
the seeds are fatty acids like omega-3s

4913
02:44:16,870 --> 02:44:15,120

which is like so vital to humans and

4914

02:44:18,870 --> 02:44:16,880

then it's also protein so like

4915

02:44:20,389 --> 02:44:18,880

you could have and you can make a ton

4916

02:44:22,309 --> 02:44:20,399

you can make hemp milk like you can make

4917

02:44:25,190 --> 02:44:22,319

so much stuff out of the seeds and wait

4918

02:44:26,389 --> 02:44:25,200

they have the seeds have nipples yeah

4919

02:44:28,550 --> 02:44:26,399

you didn't know

4920

02:44:29,510 --> 02:44:28,560

uh wow then i thought you i thought you

4921

02:44:33,590 --> 02:44:29,520

knew yes

4922

02:44:36,070 --> 02:44:33,600

no hemp nips never heard of it

4923

02:44:37,590 --> 02:44:36,080

um so yeah i mean like if you were to

4924

02:44:39,510 --> 02:44:37,600

take a single plant like it

4925

02:44:40,550 --> 02:44:39,520

it does provide so much because this was

4926

02:44:41,990 --> 02:44:40,560

a question that like we were kind of

4927

02:44:43,429 --> 02:44:42,000

joking about when we were talking about

4928

02:44:45,110 --> 02:44:43,439

me coming on the show like yeah

4929

02:44:46,870 --> 02:44:45,120

and i started thinking about that like

4930

02:44:47,990 --> 02:44:46,880

okay like what does that actually look

4931

02:44:48,469 --> 02:44:48,000

like or what would that actually mean

4932

02:44:58,630 --> 02:44:48,479

like

4933

02:44:59,990 --> 02:44:58,640

it could literally purify all the air of

4934

02:45:01,990 --> 02:45:00,000

a space station or like

4935

02:45:03,590 --> 02:45:02,000

whatever kind of structure is out there

4936

02:45:05,830 --> 02:45:03,600

right like it would provide

4937

02:45:07,590 --> 02:45:05,840

purity to the soil so that like the soil

4938

02:45:08,070 --> 02:45:07,600

could be regenerative for other things

4939

02:45:10,230 --> 02:45:08,080

and like

4940

02:45:11,990 --> 02:45:10,240

because you talk like with certain crops

4941

02:45:13,269 --> 02:45:12,000

right like you can't grow certain crops

4942

02:45:14,870 --> 02:45:13,279

for an extended period of time because

4943

02:45:16,790 --> 02:45:14,880

of the way that they affect the soil

4944

02:45:17,750 --> 02:45:16,800

and so like you could grow corn and like

4945

02:45:18,870 --> 02:45:17,760

the way that effects and then you could

4946

02:45:21,269 --> 02:45:18,880

grow hemp and it would

4947

02:45:22,710 --> 02:45:21,279

fix the soil you know like so there's so

4948

02:45:25,590 --> 02:45:22,720

much stuff about it

4949

02:45:26,830 --> 02:45:25,600

that like it's the space plant man like

4950

02:45:29,670 --> 02:45:26,840

that's weird

4951

02:45:31,429 --> 02:45:29,680

yeah but also like and

4952

02:45:33,590 --> 02:45:31,439

also the euphoric effect right like

4953

02:45:35,110 --> 02:45:33,600

right everybody's everybody like vice is

4954

02:45:35,750 --> 02:45:35,120

important and we all need like this

4955

02:45:37,510 --> 02:45:35,760

little time

4956

02:45:38,870 --> 02:45:37,520

sort of reprieve from everything that's

4957

02:45:40,469 --> 02:45:38,880

why we drink why we smoke cigarettes

4958

02:45:42,870 --> 02:45:40,479

it's all the stuff right like everybody

4959

02:45:46,710 --> 02:45:42,880

we all just kind of want this like

4960

02:45:49,429 --> 02:45:46,720

whatever this this glaze over things and

4961

02:45:51,110 --> 02:45:49,439

it does that but it's safe right like

4962

02:45:52,630 --> 02:45:51,120

nobody's ever overdosed from it nobody's

4963

02:45:54,469 --> 02:45:52,640

ever died from it nobody like

4964

02:45:55,910 --> 02:45:54,479

it's it's so safe and like if you were

4965

02:45:56,550 --> 02:45:55,920

gonna take something like this space

4966

02:45:58,630 --> 02:45:56,560

alcohol is

4967

02:45:59,830 --> 02:45:58,640

not the thing right you know to take

4968

02:46:01,349 --> 02:45:59,840

with a bunch of people who are like

4969

02:46:01,910 --> 02:46:01,359

trapped on a thing like somebody's going

4970

02:46:03,670 --> 02:46:01,920

to figure it

4971

02:46:04,870 --> 02:46:03,680

out delicate [h__h] you can't believe

4972

02:46:05,349 --> 02:46:04,880

people stress and they're not going to

4973

02:46:07,269 --> 02:46:05,359

be like

4974

02:46:08,630 --> 02:46:07,279

oh my god did i do this am i stuck on

4975

02:46:10,150 --> 02:46:08,640

mars you know like and it's great

4976

02:46:11,910 --> 02:46:10,160

because there's some cbd it's

4977

02:46:13,750 --> 02:46:11,920

you know it's edible right because in an

4978

02:46:16,469 --> 02:46:13,760

oxygenated environment uh

4979

02:46:18,070 --> 02:46:16,479

a flammable substance is not very safe

4980

02:46:19,510 --> 02:46:18,080

but you get all the same effects and you

4981

02:46:20,790 --> 02:46:19,520

can eat it right that's where matt damon

4982

02:46:22,469 --> 02:46:20,800

[h__h] up he was up there growing

4983

02:46:25,349 --> 02:46:22,479

potatoes for six months when he could

4984

02:46:26,790 --> 02:46:25,359

have been growing him dude

4985

02:46:28,870 --> 02:46:26,800

and say there's like a hole in one of

4986

02:46:29,190 --> 02:46:28,880

the bio domes right what are we going to

4987

02:46:33,510 --> 02:46:29,200

do

4988

02:46:34,389 --> 02:46:33,520

and like put some glue on it yeah

4989

02:46:37,510 --> 02:46:34,399

what are you going to patch it with

4990

02:46:39,830 --> 02:46:37,520

potatoes you can make plastic out of it

4991

02:46:41,349 --> 02:46:39,840

yup plastic plaster that thing you can

4992

02:46:44,469 --> 02:46:41,359

make concrete you can

4993

02:46:46,309 --> 02:46:44,479

make everything and like like fiberglass

4994

02:46:48,309 --> 02:46:46,319

i feel like it would be the same kind of

4995

02:46:50,150 --> 02:46:48,319

structural integrity right have like

4996

02:46:50,870 --> 02:46:50,160

created a metal out of it that's like

4997

02:46:52,870 --> 02:46:50,880

this strong

4998

02:46:54,150 --> 02:46:52,880

like they make it out of a resin i don't

4999

02:46:55,510 --> 02:46:54,160

i don't know enough about the science of

5000

02:46:56,389 --> 02:46:55,520

like how this do it there is a company

5001

02:46:59,269 --> 02:46:56,399

that's making like

5002

02:47:00,150 --> 02:46:59,279

military-grade metal out of him what yes

5003

02:47:02,469 --> 02:47:00,160

and that's cool

5004

02:47:03,510 --> 02:47:02,479

it's crazy like all the things and like

5005

02:47:04,870 --> 02:47:03,520

we've been like i said talk about

5006

02:47:08,150 --> 02:47:04,880

medicinal stuff but like

5007

02:47:09,429 --> 02:47:08,160

there's so much that hemp is capable of

5008

02:47:11,590 --> 02:47:09,439

creating you would have lost world war

5009

02:47:13,990 --> 02:47:11,600

two had it not been for him hey mine i

5010

02:47:15,030 --> 02:47:14,000

think you got something right there yeah

5011

02:47:18,070 --> 02:47:15,040

no it's absolutely

5012

02:47:20,309 --> 02:47:18,080

yeah they made everything

5013

02:47:22,230 --> 02:47:20,319

out of this sales all of the rope all

5014

02:47:23,750 --> 02:47:22,240

the everything for the boats yeah i mean

5015

02:47:26,870 --> 02:47:23,760

it's it's crazy and also like

5016

02:47:29,990 --> 02:47:26,880

hemp up until like 19

5017

02:47:31,510 --> 02:47:30,000

like the 1930s like in the us

5018

02:47:33,349 --> 02:47:31,520

you could usually you could literally

5019

02:47:35,110 --> 02:47:33,359

use it as a form of

5020

02:47:37,030 --> 02:47:35,120

currency you could pay your debt with it

5021

02:47:38,630 --> 02:47:37,040

you could pay your taxes with it like

5022

02:47:40,950 --> 02:47:38,640

it's crazy like you're the richest man

5023

02:47:42,870 --> 02:47:40,960

in the world

5024

02:47:44,070 --> 02:47:42,880

yeah i mean it's pretty it's pretty

5025

02:47:45,030 --> 02:47:44,080

incredible and

5026
02:47:47,269 --> 02:47:45,040
i think we're just scratching the

5027
02:47:47,990 --> 02:47:47,279
surface of what i mean it could

5028
02:47:49,590 --> 02:47:48,000
revolutionize

5029
02:47:51,510 --> 02:47:49,600
everything if everything that is on the

5030
02:47:52,469 --> 02:47:51,520
planet that we make out of plastic right

5031
02:47:53,590 --> 02:47:52,479
now

5032
02:47:56,070 --> 02:47:53,600
was made out of hemp and it could

5033
02:47:57,510 --> 02:47:56,080
biodegrade in 90 days think about that

5034
02:47:59,110 --> 02:47:57,520
think about the think about the effects

5035
02:48:00,389 --> 02:47:59,120
of that and like it has a growth cycle

5036
02:48:01,269 --> 02:48:00,399
of eight weeks so think about how much

5037
02:48:03,349 --> 02:48:01,279
hemp you can grow

5038
02:48:05,190 --> 02:48:03,359

right you know and like all of the

5039

02:48:08,230 --> 02:48:05,200

different i mean it's

5040

02:48:10,950 --> 02:48:08,240

the problem yeah the problem is that

5041

02:48:12,630 --> 02:48:10,960

our government and the world government

5042

02:48:15,269 --> 02:48:12,640

runs off of the petrodollar

5043

02:48:16,630 --> 02:48:15,279

yep and there's no way they're gonna be

5044

02:48:17,510 --> 02:48:16,640

like you know what i've made enough

5045

02:48:19,670 --> 02:48:17,520

money

5046

02:48:21,110 --> 02:48:19,680

yeah no definitely not and it's so crazy

5047

02:48:24,230 --> 02:48:21,120

that we're looking for

5048

02:48:27,750 --> 02:48:24,240

for uh you know new

5049

02:48:31,190 --> 02:48:27,760

new ways of of of of making fuel

5050

02:48:33,110 --> 02:48:31,200

and new propulsion you know you know

5051

02:48:34,389 --> 02:48:33,120

right there it's like dude this this

5052

02:48:35,750 --> 02:48:34,399

thing that you're looking for has been

5053

02:48:38,550 --> 02:48:35,760

growing for millions of years

5054

02:48:39,030 --> 02:48:38,560

yeah literally yeah so what's the one

5055

02:48:42,150 --> 02:48:39,040

thing

5056

02:48:43,429 --> 02:48:42,160

that it would just change like we've

5057

02:48:45,750 --> 02:48:43,439

already stated like

5058

02:48:47,590 --> 02:48:45,760

i mean probably a hundred different ways

5059

02:48:49,590 --> 02:48:47,600

that it's beneficial to not only the

5060

02:48:51,429 --> 02:48:49,600

human race but also like

5061

02:48:53,590 --> 02:48:51,439

our the our industry you know that's

5062

02:48:56,710 --> 02:48:53,600

what humans do we make stuff right

5063

02:48:59,910 --> 02:48:56,720

so what it what would you think would

5064

02:49:00,550 --> 02:48:59,920

push it over the edge to be available to

5065

02:49:04,070 --> 02:49:00,560

everybody

5066

02:49:06,389 --> 02:49:04,080

the the the catch to that the boner pill

5067

02:49:07,670 --> 02:49:06,399

that's what's gonna change it i swear i

5068

02:49:08,469 --> 02:49:07,680

mean that's how we get everybody on

5069

02:49:10,550 --> 02:49:08,479

board i guess

5070

02:49:12,150 --> 02:49:10,560

so we gotta do what we gotta do but then

5071

02:49:14,070 --> 02:49:12,160

there's like there's also a double-edged

5072

02:49:16,630 --> 02:49:14,080

sword there because like once it's

5073

02:49:17,349 --> 02:49:16,640

you know the most valuable commodity

5074

02:49:18,950 --> 02:49:17,359

well i'm like

5075

02:49:20,550 --> 02:49:18,960

i don't think that it like think about

5076
02:49:21,750 --> 02:49:20,560
it because it's not like this thing that

5077
02:49:23,349 --> 02:49:21,760
has to be made in a lab

5078
02:49:24,870 --> 02:49:23,359
like you're it's like a crop that's

5079
02:49:26,710 --> 02:49:24,880
being grown outside and

5080
02:49:28,230 --> 02:49:26,720
the thing that's like actually being

5081
02:49:29,030 --> 02:49:28,240
like the thing that's actually being

5082
02:49:31,429 --> 02:49:29,040
made

5083
02:49:32,230 --> 02:49:31,439
into the concrete and the plastic and

5084
02:49:34,710 --> 02:49:32,240
the stuff

5085
02:49:36,309 --> 02:49:34,720
is the byproduct like nobody is using

5086
02:49:37,510 --> 02:49:36,319
the stocks like that's what's getting

5087
02:49:40,630 --> 02:49:37,520
made into this stuff so it's

5088
02:49:42,309 --> 02:49:40,640

actually waste yeah so like that's what

5089

02:49:44,870 --> 02:49:42,319

else is crazy is that like

5090

02:49:46,710 --> 02:49:44,880

this this hemp stocks are like that fire

5091

02:49:48,230 --> 02:49:46,720

they're so fibrous like you cannot break

5092

02:49:50,710 --> 02:49:48,240

one if you tried yeah

5093

02:49:51,910 --> 02:49:50,720

and that's what's getting made into all

5094

02:49:52,950 --> 02:49:51,920

of these other things that we're talking

5095

02:49:54,790 --> 02:49:52,960

about right they take the

5096

02:49:55,830 --> 02:49:54,800

the leaves and the flowers and all that

5097

02:49:57,269 --> 02:49:55,840

stuff and that's what's being used

5098

02:49:59,269 --> 02:49:57,279

medicinally

5099

02:50:01,030 --> 02:49:59,279

everything else is it just uh like

5100

02:50:03,030 --> 02:50:01,040

literally gets ground up and made into

5101
02:50:04,389 --> 02:50:03,040
mulch or like whatever and it's like

5102
02:50:06,309 --> 02:50:04,399
there's just so much opportunity and

5103
02:50:09,429 --> 02:50:06,319
you're right like it's a it's a it's a

5104
02:50:10,630 --> 02:50:09,439
um capitalism issue right like we're

5105
02:50:12,389 --> 02:50:10,640
talking about like

5106
02:50:13,670 --> 02:50:12,399
okay we can't make enough money on that

5107
02:50:16,309 --> 02:50:13,680
compared to oil

5108
02:50:18,309 --> 02:50:16,319
but think about like if we were to

5109
02:50:21,349 --> 02:50:18,319
secede from this sort of like

5110
02:50:21,990 --> 02:50:21,359
the oil race and the us or you know just

5111
02:50:23,830 --> 02:50:22,000
decided like

5112
02:50:25,990 --> 02:50:23,840
you know what we're just gonna make all

5113
02:50:26,950 --> 02:50:26,000

the same stuff out of hemp like as a as

5114

02:50:48,550 --> 02:50:26,960

a

5115

02:50:49,750 --> 02:50:48,560

they're

5116

02:50:52,070 --> 02:50:49,760

right that's why there are

5117

02:50:54,070 --> 02:50:52,080

pharmaceutical stuff coming out that's

5118

02:50:55,910 --> 02:50:54,080

like kind of wishy-washy

5119

02:50:58,469 --> 02:50:55,920

and some stuff that's happening because

5120

02:51:01,510 --> 02:50:58,479

they re you know it's

5121

02:51:03,750 --> 02:51:01,520

it's it's gonna be hard to stop like

5122

02:51:05,510 --> 02:51:03,760

i'm telling you like this thing is

5123

02:51:07,429 --> 02:51:05,520

rolling down a hill

5124

02:51:09,429 --> 02:51:07,439

and it'll be interesting to see what

5125

02:51:10,790 --> 02:51:09,439

happens because there's a lot up in the

5126
02:51:11,910 --> 02:51:10,800
air right now and there's so much

5127
02:51:14,710 --> 02:51:11,920
opportunity and

5128
02:51:15,750 --> 02:51:14,720
it'll be interesting to see yeah what

5129
02:51:18,070 --> 02:51:15,760
what happens because

5130
02:51:20,389 --> 02:51:18,080
it's i don't know that you can stop this

5131
02:51:22,469 --> 02:51:20,399
sort of snowball that's just like

5132
02:51:24,469 --> 02:51:22,479
yeah on its way down like the biggest

5133
02:51:26,950 --> 02:51:24,479
hill yeah

5134
02:51:27,670 --> 02:51:26,960
big old wee ball rolling down a damn

5135
02:51:31,190 --> 02:51:27,680
house yeah

5136
02:51:33,429 --> 02:51:31,200
uh-huh so would you if if uh if texas

5137
02:51:35,190 --> 02:51:33,439
okay so actually i did research this

5138
02:51:38,230 --> 02:51:35,200

before you came over there's uh

5139

02:51:40,950 --> 02:51:38,240

there in killeen texas there was a a

5140

02:51:42,870 --> 02:51:40,960

deed it was like a big bid for some

5141

02:51:45,590 --> 02:51:42,880

farmers out in killeen texas

5142

02:51:47,110 --> 02:51:45,600

to grow hemp specifically for cbd did

5143

02:51:48,309 --> 02:51:47,120

you did you hear about this or did you

5144

02:51:51,190 --> 02:51:48,319

know about this draw

5145

02:51:52,550 --> 02:51:51,200

i don't know it's like a trial thing so

5146

02:51:53,510 --> 02:51:52,560

well there's a lot of farms that are

5147

02:51:56,150 --> 02:51:53,520

going hemp

5148

02:51:56,790 --> 02:51:56,160

um oh already in texas yeah this is the

5149

02:51:59,590 --> 02:51:56,800

first year

5150

02:51:59,990 --> 02:51:59,600

there's a couple outside of austin yeah

5151
02:52:03,510 --> 02:52:00,000
in dripping

5152
02:52:05,190 --> 02:52:03,520
springs hemp is one um

5153
02:52:06,870 --> 02:52:05,200
but there's a lot of companies that are

5154
02:52:09,030 --> 02:52:06,880
growing hemp here in texas for the first

5155
02:52:11,590 --> 02:52:09,040
time in 80 years it's pretty exciting

5156
02:52:12,630 --> 02:52:11,600
um i think that there's only the

5157
02:52:14,550 --> 02:52:12,640
everything is a little hard

5158
02:52:16,550 --> 02:52:14,560
like i said there's a gray area and not

5159
02:52:18,389 --> 02:52:16,560
every state texas is one of them that

5160
02:52:19,750 --> 02:52:18,399
doesn't really have the infrastructure

5161
02:52:21,269 --> 02:52:19,760
in place yet for

5162
02:52:22,790 --> 02:52:21,279
what they need you know what i mean like

5163
02:52:24,070 --> 02:52:22,800

colorado everything is set up they've

5164

02:52:24,790 --> 02:52:24,080

got all the regulations and all the

5165

02:52:27,510 --> 02:52:24,800

stuff and

5166

02:52:29,190 --> 02:52:27,520

though maybe it isn't perfect and it it

5167

02:52:31,429 --> 02:52:29,200

it isn't necessarily easy for

5168

02:52:32,550 --> 02:52:31,439

all all points in the process they have

5169

02:52:34,469 --> 02:52:32,560

that stuff in place and

5170

02:52:35,510 --> 02:52:34,479

in a lot of states they're trying to

5171

02:52:36,790 --> 02:52:35,520

catch up because it's like it's

5172

02:52:37,269 --> 02:52:36,800

federally legal people are growing it

5173

02:52:39,269 --> 02:52:37,279

and it's like

5174

02:52:41,590 --> 02:52:39,279

okay we gotta like make some regulations

5175

02:52:43,510 --> 02:52:41,600

you know and so it's kind of happening

5176
02:52:44,870 --> 02:52:43,520
backwards but there is

5177
02:52:47,190 --> 02:52:44,880
i think i i read a statistic that i

5178
02:52:50,070 --> 02:52:47,200
think that there's like 4 000 acres

5179
02:52:51,110 --> 02:52:50,080
um of hemp being grown in color or in

5180
02:52:53,670 --> 02:52:51,120
texas this year

5181
02:52:54,309 --> 02:52:53,680
which is not a ton when you think about

5182
02:52:57,030 --> 02:52:54,319
how

5183
02:52:57,590 --> 02:52:57,040
large texas is but it is happening here

5184
02:53:00,870 --> 02:52:57,600
there is

5185
02:53:02,790 --> 02:53:00,880
one medical and maybe this is more like

5186
02:53:04,230 --> 02:53:02,800
the the thing that you're talking about

5187
02:53:05,590 --> 02:53:04,240
and it might like

5188
02:53:06,469 --> 02:53:05,600

there are different jurisdictions and

5189

02:53:08,710 --> 02:53:06,479

different rules everything it was

5190

02:53:10,630 --> 02:53:08,720

specifically him like non-psychoactive

5191

02:53:12,950 --> 02:53:10,640

no no flower i wonder if it's being

5192

02:53:14,389 --> 02:53:12,960

grown for and maybe it's for like

5193

02:53:16,550 --> 02:53:14,399

there's like rules about like stuff

5194

02:53:18,950 --> 02:53:16,560

that's being grown for like specific

5195

02:53:19,750 --> 02:53:18,960

um like studies or whatever that like it

5196

02:53:21,750 --> 02:53:19,760

has to be like

5197

02:53:23,110 --> 02:53:21,760

a certain kind of could be or it's for

5198

02:53:24,870 --> 02:53:23,120

military

5199

02:53:26,309 --> 02:53:24,880

it's right next to fort hood yeah i

5200

02:53:27,590 --> 02:53:26,319

don't know exactly what it is that

5201

02:53:28,550 --> 02:53:27,600

you're that specific thing that you're

5202

02:53:29,990 --> 02:53:28,560

talking about

5203

02:53:31,670 --> 02:53:30,000

it was in the news the government will

5204

02:53:35,030 --> 02:53:31,680

figure out a way to make bombs out of

5205

02:53:35,590 --> 02:53:35,040

hemp oh no which might chill everybody

5206

02:53:40,950 --> 02:53:35,600

out though

5207

02:53:45,670 --> 02:53:42,550

this is a piece check this out all right

5208

02:53:47,910 --> 02:53:45,680

so 2020 was pretty shitty until

5209

02:53:49,030 --> 02:53:47,920

hemp bomb yeah and everybody was super

5210

02:53:52,950 --> 02:53:49,040

chill as [h__\h]

5211

02:53:56,309 --> 02:53:52,960

yeah it was great yeah yes man

5212

02:53:57,190 --> 02:53:56,319

yes yeah i did but yeah we'll see i mean

5213

02:54:01,349 --> 02:53:57,200

the

5214

02:54:02,870 --> 02:54:01,359

been in effect well

5215

02:54:04,309 --> 02:54:02,880

on and off for the last like month and a

5216

02:54:04,950 --> 02:54:04,319

half is supposed to have been final

5217

02:54:07,830 --> 02:54:04,960

decision

5218

02:54:09,030 --> 02:54:07,840

sometime today uh we've been in here for

5219

02:54:12,950 --> 02:54:09,040

a while

5220

02:54:16,070 --> 02:54:12,960

so i may have came out it may have said

5221

02:54:18,710 --> 02:54:16,080

that sure yeah so yeah

5222

02:54:19,349 --> 02:54:18,720

check it there's a pokemon yeah there's

5223

02:54:22,469 --> 02:54:19,359

a guy

5224

02:54:25,750 --> 02:54:22,479

that uh at my local vape store

5225

02:54:27,110 --> 02:54:25,760

who also sells the flower and he was

5226
02:54:30,469 --> 02:54:27,120
talking about

5227
02:54:33,910 --> 02:54:30,479
how this new law would affect that

5228
02:54:35,030 --> 02:54:33,920
you can't have it in like a vaporizable

5229
02:54:41,830 --> 02:54:35,040
form

5230
02:54:43,110 --> 02:54:41,840
sell it in a jar right and well and see

5231
02:54:46,150 --> 02:54:43,120
this is one of the problems

5232
02:54:48,309 --> 02:54:46,160
is that with with this

5233
02:54:49,429 --> 02:54:48,319
kind of i think gross overreach with

5234
02:54:52,070 --> 02:54:49,439
what's happening is that

5235
02:54:53,190 --> 02:54:52,080
if it is banned and this bans does stand

5236
02:54:55,030 --> 02:54:53,200
what's going to happen is that people

5237
02:54:56,710 --> 02:54:55,040
are going to be mislabeling their things

5238
02:54:58,630 --> 02:54:56,720

so that they can skirt the rules and

5239

02:54:59,750 --> 02:54:58,640

they can you know which is not good for

5240

02:55:00,550 --> 02:54:59,760

consumers it's not good for the

5241

02:55:03,030 --> 02:55:00,560

companies that

5242

02:55:04,710 --> 02:55:03,040

are being required to that when you know

5243

02:55:05,190 --> 02:55:04,720

the better thing is that like things are

5244

02:55:06,790 --> 02:55:05,200

just

5245

02:55:08,150 --> 02:55:06,800

correctly labeled consumers know exactly

5246

02:55:09,510 --> 02:55:08,160

what they're getting and what it's for

5247

02:55:12,550 --> 02:55:09,520

and like whatever so

5248

02:55:14,150 --> 02:55:12,560

yes that so like our our rollies if this

5249

02:55:16,630 --> 02:55:14,160

hemp band stands

5250

02:55:18,230 --> 02:55:16,640

we wouldn't be able to sell those as a

5251
02:55:21,510 --> 02:55:18,240
texas company

5252
02:55:23,750 --> 02:55:21,520
at all but you know we're growing some

5253
02:55:26,070 --> 02:55:23,760
would you put it in a jar of people yeah

5254
02:55:28,630 --> 02:55:26,080
i mean we're growing smokable hemp now

5255
02:55:29,990 --> 02:55:28,640
and um at the farm like we we did that

5256
02:55:32,230 --> 02:55:30,000
last year for these but we didn't

5257
02:55:33,750 --> 02:55:32,240
do like nugs you know what i mean yeah

5258
02:55:34,230 --> 02:55:33,760
we weren't ready and like we didn't have

5259
02:55:36,790 --> 02:55:34,240
the

5260
02:55:37,269 --> 02:55:36,800
we just weren't ready to do it and so um

5261
02:55:38,630 --> 02:55:37,279
this year

5262
02:55:40,070 --> 02:55:38,640
like there are some strings being grown

5263
02:55:41,429 --> 02:55:40,080

for that which we're really super

5264

02:55:43,190 --> 02:55:41,439

excited to be able to roll out that

5265

02:55:46,309 --> 02:55:43,200

product after harvest this year

5266

02:55:47,269 --> 02:55:46,319

um but we would be able to do that and

5267

02:55:49,110 --> 02:55:47,279

basically you just

5268

02:55:50,950 --> 02:55:49,120

don't put on any of the packaging that

5269

02:55:53,830 --> 02:55:50,960

it's for smoking

5270

02:55:55,590 --> 02:55:53,840

yes and that's kind of like the loophole

5271

02:55:56,630 --> 02:55:55,600

or the you know workaround for that

5272

02:55:58,230 --> 02:55:56,640

right like

5273

02:55:59,830 --> 02:55:58,240

you know because you could use it in tea

5274

02:56:01,190 --> 02:55:59,840

you could use it in food and like what

5275

02:56:02,790 --> 02:56:01,200

the consumer does with it after it's

5276

02:56:03,349 --> 02:56:02,800

purchased is up to the consumer you know

5277

02:56:04,790 --> 02:56:03,359

so like

5278

02:56:07,110 --> 02:56:04,800

but like that is something that is true

5279

02:56:08,950 --> 02:56:07,120

like with with hemp

5280

02:56:10,070 --> 02:56:08,960

buds is that you can use them for all

5281

02:56:10,790 --> 02:56:10,080

those other things right you can put

5282

02:56:12,230 --> 02:56:10,800

them in tea

5283

02:56:13,670 --> 02:56:12,240

you can make them you can put them in

5284

02:56:14,950 --> 02:56:13,680

food you know like you can do all that

5285

02:56:16,389 --> 02:56:14,960

you can make them in a butter

5286

02:56:18,150 --> 02:56:16,399

like a little nice cream the same way

5287

02:56:21,349 --> 02:56:18,160

the same you know the same way that

5288

02:56:22,469 --> 02:56:21,359

people do with uh with cannabis for

5289

02:56:24,230 --> 02:56:22,479

you know they make weed butter and make

5290

02:56:25,429 --> 02:56:24,240

cookies or do whatever in places where

5291

02:56:29,830 --> 02:56:25,439

that is legal

5292

02:56:30,630 --> 02:56:29,840

um but yeah so i mean it's a workaround

5293

02:56:33,590 --> 02:56:30,640

to a

5294

02:56:35,030 --> 02:56:33,600

to like i said i think a ruling that is

5295

02:56:36,950 --> 02:56:35,040

a little bit of an overreach

5296

02:56:38,710 --> 02:56:36,960

and you know it's disappointing because

5297

02:56:40,150 --> 02:56:38,720

it's a huge it's a huge opportunity for

5298

02:56:42,710 --> 02:56:40,160

texas farmers and for

5299

02:56:43,429 --> 02:56:42,720

texas you know texas ag and also texas

5300

02:56:46,710 --> 02:56:43,439

like

5301
02:56:48,309 --> 02:56:46,720
of a billion

5302
02:56:50,389 --> 02:56:48,319
multi-billion dollar industry which is

5303
02:56:51,750 --> 02:56:50,399
like right that doesn't

5304
02:56:53,590 --> 02:56:51,760
that's not good for that's not good for

5305
02:56:57,030 --> 02:56:53,600
anyone not ever you know

5306
02:56:59,030 --> 02:56:57,040
um so i'm i'm hopeful that

5307
02:57:00,790 --> 02:56:59,040
you know this that it'll get worked out

5308
02:57:02,230 --> 02:57:00,800
i think that the you know people are

5309
02:57:03,510 --> 02:57:02,240
working really hard to make change and

5310
02:57:04,870 --> 02:57:03,520
like that's been happening for a long

5311
02:57:07,349 --> 02:57:04,880
time and if it doesn't

5312
02:57:09,750 --> 02:57:07,359
there will be lots of people you know

5313
02:57:12,389 --> 02:57:09,760

and us included you know that like are

5314

02:57:13,429 --> 02:57:12,399

fighting to make sure that like we can

5315

02:57:15,429 --> 02:57:13,439

make that happen

5316

02:57:17,429 --> 02:57:15,439

you know because it's something that

5317

02:57:18,550 --> 02:57:17,439

like we as consumers deserve to have you

5318

02:57:20,710 --> 02:57:18,560

know and like it's just

5319

02:57:21,910 --> 02:57:20,720

yeah if it if it's that they don't have

5320

02:57:23,349 --> 02:57:21,920

the infrastructure in place that they

5321

02:57:24,230 --> 02:57:23,359

need then that's what they need to do

5322

02:57:25,429 --> 02:57:24,240

right they need to put the

5323

02:57:26,630 --> 02:57:25,439

infrastructure in place and get the

5324

02:57:27,349 --> 02:57:26,640

regulations in place that need to be

5325

02:57:29,190 --> 02:57:27,359

there

5326

02:57:30,790 --> 02:57:29,200

and that's fine like we have you know

5327

02:57:32,150 --> 02:57:30,800

it's better it's better to have

5328

02:57:33,429 --> 02:57:32,160

regulation and that's like why

5329

02:57:35,750 --> 02:57:33,439

you can trust things that are coming out

5330

02:57:37,910 --> 02:57:35,760

of colorado or other places because

5331

02:57:39,269 --> 02:57:37,920

they have the infrastructure and the

5332

02:57:41,030 --> 02:57:39,279

regulation that

5333

02:57:42,630 --> 02:57:41,040

makes it so that you know that like

5334

02:57:45,110 --> 02:57:42,640

things were grown without

5335

02:57:46,870 --> 02:57:45,120

pesticides and things you know there are

5336

02:57:49,110 --> 02:57:46,880

rules to extraction and though like

5337

02:57:50,550 --> 02:57:49,120

there are maybe extraction styles that

5338

02:57:51,910 --> 02:57:50,560

are better than others as far as like

5339

02:57:54,230 --> 02:57:51,920

what's good for consumers

5340

02:57:56,070 --> 02:57:54,240

no beauty they're all well but there are

5341

02:57:56,710 --> 02:57:56,080

they say it's legal like it's legal

5342

02:57:59,990 --> 02:57:56,720

because they're

5343

02:58:01,510 --> 02:58:00,000

like it's a it's a an appropriate limit

5344

02:58:03,110 --> 02:58:01,520

for human consumption or whatever the

5345

02:58:04,309 --> 02:58:03,120

thing is like there's a

5346

02:58:05,990 --> 02:58:04,319

you're allowed to have some amount of

5347

02:58:07,590 --> 02:58:06,000

butane or something it's kind of like

5348

02:58:09,590 --> 02:58:07,600

mercury that like is in

5349

02:58:10,950 --> 02:58:09,600

everything vaccines yeah and vaccines

5350

02:58:13,190 --> 02:58:10,960

like there's a it's kind of like the

5351

02:58:15,750 --> 02:58:13,200

acceptable amount of like rat feces

5352

02:58:16,790 --> 02:58:15,760

right like during shipping for food and

5353

02:58:18,469 --> 02:58:16,800

stuff yeah

5354

02:58:19,910 --> 02:58:18,479

so like it's the same kind of idea with

5355

02:58:21,510 --> 02:58:19,920

the butane but so

5356

02:58:23,030 --> 02:58:21,520

there are regulations for that thing in

5357

02:58:24,710 --> 02:58:23,040

like a lot of states because it was

5358

02:58:27,110 --> 02:58:24,720

federally legalized and everybody's like

5359

02:58:28,469 --> 02:58:27,120

oh we don't have any rules about like

5360

02:58:31,190 --> 02:58:28,479

how this needs to be done and

5361

02:58:31,990 --> 02:58:31,200

so i'm i'm excited about regulation and

5362

02:58:33,429 --> 02:58:32,000

the way that

5363

02:58:35,349 --> 02:58:33,439

it weeds out people who are doing it the

5364

02:58:36,550 --> 02:58:35,359

wrong way and aren't taking care of the

5365

02:58:37,030 --> 02:58:36,560

stuff that they need to take care of

5366

02:58:39,190 --> 02:58:37,040

which is

5367

02:58:40,389 --> 02:58:39,200

ultimately the consumer you know and

5368

02:58:41,269 --> 02:58:40,399

nobody should be putting out a bad

5369

02:58:43,750 --> 02:58:41,279

product that is

5370

02:58:45,590 --> 02:58:43,760

not helping people or is actually doing

5371

02:58:47,830 --> 02:58:45,600

the opposite which is hurting people

5372

02:58:49,269 --> 02:58:47,840

you know and so i i welcome regulation

5373

02:58:50,469 --> 02:58:49,279

and if that's the thing that needs to be

5374

02:58:51,349 --> 02:58:50,479

done that's the thing that needs to be

5375

02:58:53,349 --> 02:58:51,359

done

5376

02:58:56,150 --> 02:58:53,359

oh yeah i feel like that's a refreshing

5377

02:58:58,150 --> 02:58:56,160

kind of uh point of view i feel like

5378

02:59:00,870 --> 02:58:58,160

in texas especially with this subject

5379

02:59:03,429 --> 02:59:00,880

it's like wild wild west

5380

02:59:03,910 --> 02:59:03,439

get it while you can but no it's it's i

5381

02:59:07,510 --> 02:59:03,920

mean i

5382

02:59:09,269 --> 02:59:07,520

you trust the source you're getting it

5383

02:59:10,070 --> 02:59:09,279

from and you know like that kind of

5384

02:59:12,309 --> 02:59:10,080

thing like

5385

02:59:14,550 --> 02:59:12,319

hell yeah buy it up buy as many as you

5386

02:59:16,469 --> 02:59:14,560

can and have fun and like

5387

02:59:18,070 --> 02:59:16,479

do what do what you got to do because

5388

02:59:20,389 --> 02:59:18,080

yeah like there is

5389

02:59:21,510 --> 02:59:20,399

this thing looming that might take that

5390

02:59:23,429 --> 02:59:21,520

away from you

5391

02:59:24,710 --> 02:59:23,439

you know but but you as at the end of

5392

02:59:27,429 --> 02:59:24,720

the day as a as a

5393

02:59:28,710 --> 02:59:27,439

as a business right like i want to make

5394

02:59:29,910 --> 02:59:28,720

sure that we're doing right by our

5395

02:59:32,150 --> 02:59:29,920

customers and

5396

02:59:34,230 --> 02:59:32,160

that not just we are but that like if

5397

02:59:34,710 --> 02:59:34,240

you go out and you buy cbd off of a

5398

02:59:36,150 --> 02:59:34,720

shelf

5399

02:59:37,990 --> 02:59:36,160

that like you can pick any one of those

5400

02:59:40,550 --> 02:59:38,000

products and you can you can

5401

02:59:42,469 --> 02:59:40,560

guarantee that they have what they say

5402

02:59:43,429 --> 02:59:42,479

is in them on the label you know you

5403

02:59:46,630 --> 02:59:43,439

deserve that as a

5404

02:59:48,150 --> 02:59:46,640

consumer and that's our job to provide

5405

02:59:50,070 --> 02:59:48,160

that and so i welcome

5406

02:59:51,190 --> 02:59:50,080

that type of regulation because it weeds

5407

02:59:52,469 --> 02:59:51,200

out people who are

5408

02:59:54,150 --> 02:59:52,479

who are just trying to make money and

5409

02:59:56,150 --> 02:59:54,160

aren't doing things the right way and

5410

02:59:58,469 --> 02:59:56,160

you know it's good for us because

5411

02:59:59,349 --> 02:59:58,479

it gets rid of that and then the the

5412

03:00:00,870 --> 02:59:59,359

sort of there's a

5413

03:00:03,510 --> 03:00:00,880

mental shift right where people are like

5414

03:00:05,269 --> 03:00:03,520

okay cbd was like this kind of weird

5415

03:00:06,150 --> 03:00:05,279

gray area that like nobody trusted in

5416

03:00:09,349 --> 03:00:06,160

like whatever

5417

03:00:11,030 --> 03:00:09,359

and now it's like there's there's

5418

03:00:12,309 --> 03:00:11,040

regulation and rules and like i can

5419

03:00:12,790 --> 03:00:12,319

trust the products that i see in front

5420

03:00:14,950 --> 03:00:12,800

of me

5421

03:00:15,830 --> 03:00:14,960

you know and that's that's that's what

5422

03:00:17,670 --> 03:00:15,840

we want and i

5423

03:00:18,950 --> 03:00:17,680

we try to be really open open and honest

5424

03:00:20,630 --> 03:00:18,960

and i appreciate being able to be on

5425

03:00:22,630 --> 03:00:20,640

here with you guys so much to kind of

5426
03:00:24,469 --> 03:00:22,640
help with education and because i think

5427
03:00:25,990 --> 03:00:24,479
a lot of people are standoffish to it

5428
03:00:27,830 --> 03:00:26,000
because they don't

5429
03:00:29,349 --> 03:00:27,840
fully understand it and they don't trust

5430
03:00:30,550 --> 03:00:29,359
and i understand that you know like as a

5431
03:00:32,469 --> 03:00:30,560
consumer especially with

5432
03:00:33,830 --> 03:00:32,479
something that you're ingesting and

5433
03:00:34,790 --> 03:00:33,840
taking into your body that you're not

5434
03:00:37,349 --> 03:00:34,800
really sure

5435
03:00:38,230 --> 03:00:37,359
that it's safe that it's gonna work all

5436
03:00:41,590 --> 03:00:38,240
those things like it's

5437
03:00:43,030 --> 03:00:41,600
really important to have that trust and

5438
03:00:44,630 --> 03:00:43,040

you know that's that's the kind of

5439

03:00:45,990 --> 03:00:44,640

rapport we're trying to build with

5440

03:00:48,150 --> 03:00:46,000

the people who are using our products

5441

03:00:48,870 --> 03:00:48,160

that they can yeah and if they have

5442

03:00:50,469 --> 03:00:48,880

questions

5443

03:00:52,070 --> 03:00:50,479

they can fire off and ask you know we

5444

03:00:53,750 --> 03:00:52,080

have yeah we're totally accessible

5445

03:00:54,950 --> 03:00:53,760

through our instagram our facebook we

5446

03:00:56,710 --> 03:00:54,960

have an email address you know on a

5447

03:00:58,469 --> 03:00:56,720

website and like i welcome

5448

03:01:00,150 --> 03:00:58,479

consumers to ask questions because

5449

03:01:01,910 --> 03:01:00,160

that's what they should do

5450

03:01:03,110 --> 03:01:01,920

if you're not sure and you want you want

5451
03:01:04,550 --> 03:01:03,120
something you want to bring something

5452
03:01:06,150 --> 03:01:04,560
into your life ask questions and make it

5453
03:01:07,269 --> 03:01:06,160
happen you know because i love that

5454
03:01:09,190 --> 03:01:07,279
you deserve that you know and you

5455
03:01:10,870 --> 03:01:09,200
deserve for the company to to give you

5456
03:01:11,830 --> 03:01:10,880
the time that you need to like make the

5457
03:01:13,590 --> 03:01:11,840
right choice for you

5458
03:01:15,269 --> 03:01:13,600
you know that's what we're doing and you

5459
03:01:17,190 --> 03:01:15,279
know we have our mantras take care

5460
03:01:18,389 --> 03:01:17,200
and we try to do that in all aspects of

5461
03:01:20,389 --> 03:01:18,399
our process

5462
03:01:21,590 --> 03:01:20,399
from the time that the stuff is grown

5463
03:01:22,790 --> 03:01:21,600

you know that my family is growing it

5464

03:01:23,510 --> 03:01:22,800

they're taking extreme care of those

5465

03:01:25,110 --> 03:01:23,520

plants

5466

03:01:27,429 --> 03:01:25,120

taking care of it at the extraction

5467

03:01:29,190 --> 03:01:27,439

we're taking care of it for distribution

5468

03:01:30,469 --> 03:01:29,200

and we want to take care of you you know

5469

03:01:33,190 --> 03:01:30,479

and so that's

5470

03:01:33,590 --> 03:01:33,200

that's really really important to us and

5471

03:01:37,670 --> 03:01:33,600

i

5472

03:01:38,230 --> 03:01:37,680

cannabis thing rolling and you know

5513

03:02:56,070 --> 03:02:53,840

get your government out of it joe

5514

03:02:58,309 --> 03:02:56,080

jorgensen 2020 libertarian party

5515

03:02:59,990 --> 03:02:58,319

um and uh that's that's my own personal

5516

03:03:01,349 --> 03:03:00,000

plug sorry

5517

03:03:03,349 --> 03:03:01,359

gotta get it out while you're wearing

5518

03:03:03,990 --> 03:03:03,359

gold and black she's she's an amazing

5519

03:03:05,670 --> 03:03:04,000

woman

5520

03:03:07,349 --> 03:03:05,680

oh that's all i'm gonna say just check

5521

03:03:09,990 --> 03:03:07,359

her out you know um

5522

03:03:11,990 --> 03:03:10,000

uh yeah once again this has been awesome

5523

03:03:13,670 --> 03:03:12,000

dude i'm super stoked that you were able

5524

03:03:15,670 --> 03:03:13,680

to make it yeah i mean and able to just

5525

03:03:17,110 --> 03:03:15,680

talk about it man and kind of clear the

5526

03:03:19,110 --> 03:03:17,120

air on stuff and answer

5527

03:03:20,389 --> 03:03:19,120

questions for everybody yeah i'm sure

5528

03:03:21,030 --> 03:03:20,399

everybody's gonna be pretty stoked

5529

03:03:23,349 --> 03:03:21,040

because yeah

5530

03:03:25,510 --> 03:03:23,359

i had fun i i loved it and i love the

5531

03:03:27,110 --> 03:03:25,520

show you know you guys are fun and i

5532

03:03:28,630 --> 03:03:27,120

it's fun to talk about these things and

5533

03:03:29,590 --> 03:03:28,640

kind of think about them in these larger

5534

03:03:33,429 --> 03:03:29,600

kind of

5535

03:03:35,269 --> 03:03:33,439

at everything you know oh yeah

5536

03:03:36,710 --> 03:03:35,279

and there's so much conspiracy with

5537

03:03:37,429 --> 03:03:36,720

cannabis which we didn't even get into

5538

03:03:41,030 --> 03:03:37,439

we could do

5539

03:03:43,349 --> 03:03:41,040

the history of cannabis

5540

03:03:44,150 --> 03:03:43,359

we'll definitely have to do that we'll

5541

03:03:46,550 --> 03:03:44,160

we'll have you back

5542

03:03:47,269 --> 03:03:46,560

on we'll do like an update in the next

5543

03:03:49,030 --> 03:03:47,279

couple months

5544

03:03:50,469 --> 03:03:49,040

see kind of where everything's at and

5545

03:03:52,309 --> 03:03:50,479

we'll get into the

5546

03:03:53,830 --> 03:03:52,319

conspiracy yeah i know i'd like that

5547

03:03:55,910 --> 03:03:53,840

because we could do like a little

5548

03:03:57,429 --> 03:03:55,920

history lesson and really like dive into

5549

03:03:59,110 --> 03:03:57,439

like where because you know there's a

5550

03:03:59,429 --> 03:03:59,120

lot of racial history there's a lot of

5551

03:04:02,710 --> 03:03:59,439

like

5552

03:04:04,790 --> 03:04:02,720

blatantly ignoring science

5553

03:04:06,469 --> 03:04:04,800

on purpose and those kind of things yeah

5554

03:04:08,230 --> 03:04:06,479

so i think that it could

5555

03:04:10,870 --> 03:04:08,240

like i think that could be a like i said

5556

03:04:12,870 --> 03:04:10,880

a whole podcast in it of itself

5557

03:04:14,790 --> 03:04:12,880

episode one right no i love it this is

5558

03:04:17,910 --> 03:04:14,800

ready for small batch season one yeah

5559

03:04:20,790 --> 03:04:17,920

yes yes i'll be back oh yeah

5560

03:04:22,550 --> 03:04:20,800

awesome i love it man well hey dude you

5561
