

1  
00:00:06,070 --> 00:00:03,030  
and

2  
00:00:09,030 --> 00:00:06,080  
another one another one

3  
00:00:10,070 --> 00:00:09,040  
this is another episode ufo garage i'm

4  
00:00:12,390 --> 00:00:10,080  
ben and i'm joe

5  
00:00:13,270 --> 00:00:12,400  
and this is where we talk about ufos

6  
00:00:17,109 --> 00:00:13,280  
aliens

7  
00:00:18,710 --> 00:00:17,119  
and all things weird yeah

8  
00:00:20,870 --> 00:00:18,720  
here we go man that sounds like a

9  
00:00:24,150 --> 00:00:20,880  
question it's like uh episode

10  
00:00:25,750 --> 00:00:24,160  
65 55. i was going to say 1 million 1

11  
00:00:32,069 --> 00:00:25,760  
billion

12  
00:00:36,470 --> 00:00:34,709  
so so then this is uh this is a very

13  
00:00:38,549 --> 00:00:36,480

special uh special podcast

14

00:00:40,150 --> 00:00:38,559

yeah yeah it's also special because we

15

00:00:41,110 --> 00:00:40,160

have an awesome guest with us gary

16

00:00:44,389 --> 00:00:41,120

voorhees

17

00:00:47,029 --> 00:00:44,399

yeah the uh president of uapx the

18

00:00:49,510 --> 00:00:47,039

founder of uapx he was also

19

00:00:51,750 --> 00:00:49,520

uh the air fire controlman on the nimitz

20

00:00:52,470 --> 00:00:51,760

the famous one i mean the famous ufo

21

00:00:54,709 --> 00:00:52,480

incident

22

00:00:56,310 --> 00:00:54,719

that's happened in so many years uh just

23

00:00:57,670 --> 00:00:56,320

an all-around awesome dude

24

00:00:59,990 --> 00:00:57,680

glad to have you on today dude thanks

25

00:01:01,430 --> 00:01:00,000

thanks so much for joining us man

26

00:01:03,270 --> 00:01:01,440

hey no problem i've been looking forward

27

00:01:05,270 --> 00:01:03,280

to coming back hell yeah

28

00:01:06,870 --> 00:01:05,280

yeah so for those of you who aren't

29

00:01:09,830 --> 00:01:06,880

aware he was on episode

30

00:01:13,109 --> 00:01:09,840

30 and if you are aware then uh

31

00:01:14,550 --> 00:01:13,119

congratulations here he is again

32

00:01:16,390 --> 00:01:14,560

how you been man you've been doing good

33

00:01:18,390 --> 00:01:16,400

you're welcome so yeah i figured i would

34

00:01:21,670 --> 00:01:18,400

say thank you

35

00:01:25,990 --> 00:01:21,680

101 episode 120 after this

36

00:01:29,109 --> 00:01:26,000

yeah try to keep it prime

37

00:01:30,469 --> 00:01:29,119

yeah dude awesome man awesome

38

00:01:32,950 --> 00:01:30,479

how things have been going with you man

39

00:01:35,350 --> 00:01:32,960

yeah ah not too bad you know just just

40

00:01:40,230 --> 00:01:35,360

still doing the full-time gig with the

41

00:01:42,069 --> 00:01:40,240

cable company and uh you know uh

42

00:01:43,670 --> 00:01:42,079

trying to get the company up and running

43

00:01:46,710 --> 00:01:43,680

and some running smooth

44

00:01:47,350 --> 00:01:46,720

uh corona kind of put a put a halt on a

45

00:01:50,069 --> 00:01:47,360

lot of that

46

00:01:52,149 --> 00:01:50,079

so yeah yeah it worked out because we

47

00:01:53,109 --> 00:01:52,159

were able to do a lot of reorganization

48

00:01:56,389 --> 00:01:53,119

and kind of

49

00:01:57,990 --> 00:01:56,399

get things going smooth and uh you know

50

00:02:00,789 --> 00:01:58,000

there's just

51  
00:02:01,429 --> 00:02:00,799  
a bit of work going that needs to be put

52  
00:02:04,950 --> 00:02:01,439  
into it

53  
00:02:07,030 --> 00:02:04,960  
so yeah so what are you uh i mean so

54  
00:02:08,550 --> 00:02:07,040  
in this stage what stage would you say

55  
00:02:12,470 --> 00:02:08,560  
that you guys are at

56  
00:02:14,150 --> 00:02:12,480  
with the uh with the uapx i mean

57  
00:02:16,390 --> 00:02:14,160  
what are y'all looking for what do you

58  
00:02:17,910 --> 00:02:16,400  
all need i mean

59  
00:02:19,589 --> 00:02:17,920  
well we need a whole lot of everything

60  
00:02:22,070 --> 00:02:19,599  
mostly money yeah

61  
00:02:23,750 --> 00:02:22,080  
just like everything else but you know

62  
00:02:26,150 --> 00:02:23,760  
it's it's actually not as

63  
00:02:27,830 --> 00:02:26,160

bleak as it sounds uh yeah because like

64

00:02:30,309 --> 00:02:27,840

the donations help a lot because

65

00:02:31,990 --> 00:02:30,319

it's like uh that does the day-to-day

66

00:02:32,710 --> 00:02:32,000

stuff you know because we got renewals

67

00:02:39,110 --> 00:02:32,720

on

68

00:02:40,710 --> 00:02:39,120

the you know infrastructure with like

69

00:02:41,750 --> 00:02:40,720

the google suite and stuff like that we

70

00:02:45,190 --> 00:02:41,760

just decided to

71

00:02:46,949 --> 00:02:45,200

go with google suite and then

72

00:02:50,070 --> 00:02:46,959

hopefully eventually that'll be free for

73

00:02:51,670 --> 00:02:50,080

us but until we get a federal nonprofit

74

00:02:53,670 --> 00:02:51,680

status uh

75

00:02:58,229 --> 00:02:53,680

then uh i can't really apply for it

76

00:03:01,270 --> 00:03:00,070

yeah that's what i mean those those are

77

00:03:02,790 --> 00:03:01,280

little things that just pop

78

00:03:04,630 --> 00:03:02,800

up you know when you got we had a lot of

79

00:03:08,869 --> 00:03:04,640

people doing a lot of different things

80

00:03:10,309 --> 00:03:08,879

uh you know a lot of a lot a lot of

81

00:03:11,910 --> 00:03:10,319

a lot of different directions it was

82

00:03:13,350 --> 00:03:11,920

going in so

83

00:03:15,589 --> 00:03:13,360

kind of consolidate everything

84

00:03:17,430 --> 00:03:15,599

consolidated everything kind of

85

00:03:19,110 --> 00:03:17,440

you know flushed out the people that

86

00:03:20,470 --> 00:03:19,120

want to be there you know because we

87

00:03:22,309 --> 00:03:20,480

kind of have a

88

00:03:24,149 --> 00:03:22,319

you know strict media policy you know i

89

00:03:25,430 --> 00:03:24,159

don't want people you know running out

90

00:03:29,830 --> 00:03:25,440

promising you know we're gonna

91

00:03:32,630 --> 00:03:29,840

save the world right yeah yeah

92

00:03:33,830 --> 00:03:32,640

here you know it we found element 115.

93

00:03:37,270 --> 00:03:33,840

we found it

94

00:03:38,630 --> 00:03:37,280

yeah yeah no kidding but yeah so

95

00:03:40,630 --> 00:03:38,640

we're trying to keep it a you know real

96

00:03:41,190 --> 00:03:40,640

tight-knit group uh we want to get out

97

00:03:43,190 --> 00:03:41,200

there

98

00:03:44,550 --> 00:03:43,200

get on the water uh hopefully by the end

99

00:03:47,509 --> 00:03:44,560

of next year

100

00:03:48,789 --> 00:03:47,519

and uh you know i see that being our

101

00:03:52,149 --> 00:03:48,799

just our first venture

102

00:03:54,149 --> 00:03:52,159

uh you know i want to expand to

103

00:03:56,229 --> 00:03:54,159

you know maybe shore based skyhub

104

00:03:59,589 --> 00:03:56,239

installations all around that area

105

00:04:02,070 --> 00:03:59,599

yeah um i've been looking uh you know

106

00:04:04,149 --> 00:04:02,080

steve over there at sky hub the guy's

107

00:04:05,830 --> 00:04:04,159

outstanding if anybody's ever interested

108

00:04:07,030 --> 00:04:05,840

in that company or have any questions

109

00:04:09,670 --> 00:04:07,040

about them

110

00:04:10,710 --> 00:04:09,680

um that guy would literally walk you

111

00:04:12,390 --> 00:04:10,720

through a build

112

00:04:14,550 --> 00:04:12,400

if you ever wanted to build one of these

113

00:04:16,069 --> 00:04:14,560

hubs and i think

114

00:04:17,830 --> 00:04:16,079

i think he can't quote me because you

115

00:04:19,749 --> 00:04:17,840

have to talk to him about it but

116

00:04:22,390 --> 00:04:19,759

i'm pretty sure he said that he could

117

00:04:22,710 --> 00:04:22,400

get you a set a setup and a build for

118

00:04:25,430 --> 00:04:22,720

about

119

00:04:27,030 --> 00:04:25,440

300 bucks yeah man i've i've been

120

00:04:28,870 --> 00:04:27,040

looking into those sky hubs i was

121

00:04:30,790 --> 00:04:28,880

telling the wife i was like hey we

122

00:04:31,909 --> 00:04:30,800

we might uh have to do a little

123

00:04:33,510 --> 00:04:31,919

investing

124

00:04:36,070 --> 00:04:33,520

here and uh and pick up one of these

125

00:04:37,749 --> 00:04:36,080

skyhubs because they look really neat

126

00:04:40,390 --> 00:04:37,759

we want to we want to build two of these

127

00:04:41,270 --> 00:04:40,400

things with like a crapload of sensor

128

00:04:43,270 --> 00:04:41,280

packets

129

00:04:44,629 --> 00:04:43,280

packages like uh you know everything

130

00:04:47,189 --> 00:04:44,639

from you know

131

00:04:48,710 --> 00:04:47,199

all of our radiation detection systems

132

00:04:50,710 --> 00:04:48,720

all of you know and we want to automate

133

00:04:52,629 --> 00:04:50,720

as much as possible and since they have

134

00:04:53,670 --> 00:04:52,639

the ability and the software already to

135

00:04:55,670 --> 00:04:53,680

do that

136

00:04:57,189 --> 00:04:55,680

you know we're just you know we're

137

00:04:57,909 --> 00:04:57,199

probably going to sink a lot of money

138

00:05:01,350 --> 00:04:57,919

into

139

00:05:03,110 --> 00:05:01,360

two of these massive industrial sized

140

00:05:04,469 --> 00:05:03,120

sky hubs to stick on

141

00:05:06,629 --> 00:05:04,479

you know the forward and the aft

142

00:05:08,870 --> 00:05:06,639

sections of the portions of the ship

143

00:05:11,029 --> 00:05:08,880

and then with that out of the way you

144

00:05:12,950 --> 00:05:11,039

know that constantly recording data sets

145

00:05:14,230 --> 00:05:12,960

gps coordinates you know stuff like that

146

00:05:16,710 --> 00:05:14,240

and all that data

147

00:05:17,830 --> 00:05:16,720

you know um the precursor work that

148

00:05:21,110 --> 00:05:17,840

we're doing is gonna

149

00:05:25,350 --> 00:05:21,120

allow us to be able to as we're getting

150

00:05:27,830 --> 00:05:25,360

our data sets be able to

151  
00:05:29,749 --> 00:05:27,840  
get rid of information that's not what

152  
00:05:31,670 --> 00:05:29,759  
we're looking for you know so

153  
00:05:33,350 --> 00:05:31,680  
our precursor work is a lot you know

154  
00:05:36,150 --> 00:05:33,360  
we've got to get

155  
00:05:36,950 --> 00:05:36,160  
lists of ham radio operators we've got

156  
00:05:38,550 --> 00:05:36,960  
to get

157  
00:05:40,870 --> 00:05:38,560  
what what radio stations are in those

158  
00:05:42,150 --> 00:05:40,880  
areas uh weather phenomenon that's

159  
00:05:43,909 --> 00:05:42,160  
normal there

160  
00:05:45,749 --> 00:05:43,919  
uh satellites that are going to be going

161  
00:05:46,070 --> 00:05:45,759  
by at the time you know so we have all

162  
00:05:48,629 --> 00:05:46,080  
these

163  
00:05:49,670 --> 00:05:48,639

you know commercial air traffic military

164

00:05:51,350 --> 00:05:49,680

traffic

165

00:05:53,270 --> 00:05:51,360

you know all these different things to

166

00:05:56,309 --> 00:05:53,280

coordinate so that we don't have

167

00:05:58,230 --> 00:05:56,319

uh bad data yeah yeah yeah

168

00:05:59,510 --> 00:05:58,240

so we got a lot of groundwork to cover

169

00:06:03,590 --> 00:05:59,520

so that's where a lot of

170

00:06:06,309 --> 00:06:03,600

the time is being consumed with uh

171

00:06:07,830 --> 00:06:06,319

you know the downtime that we have now

172

00:06:08,950 --> 00:06:07,840

so hopefully by the time we get out

173

00:06:10,790 --> 00:06:08,960

there next year

174

00:06:13,110 --> 00:06:10,800

you know i mean this stuff's all going

175

00:06:14,710 --> 00:06:13,120

to be just thrown on the ship strapped

176

00:06:18,070 --> 00:06:14,720

down the sky hubs

177

00:06:20,790 --> 00:06:18,080

grab our binoculars grab uh you know

178

00:06:22,070 --> 00:06:20,800

mason's uh cool little binoculars and

179

00:06:24,710 --> 00:06:22,080

start uh

180

00:06:25,670 --> 00:06:24,720

start looking for weird [h\_\_h] in the sky

181

00:06:27,749 --> 00:06:25,680

yeah man

182

00:06:29,590 --> 00:06:27,759

yeah so i think we kind of we kind of

183

00:06:32,070 --> 00:06:29,600

glossed over this and you're explaining

184

00:06:35,189 --> 00:06:32,080

what we do but for those who don't know

185

00:06:38,309 --> 00:06:35,199

uh what what is uapx

186

00:06:41,590 --> 00:06:38,319

so upx is i was started by uh

187

00:06:43,510 --> 00:06:41,600

me k me and kevin we uh everybody knows

188

00:06:46,390 --> 00:06:43,520

kevin he's the face of this whole

189

00:06:49,029 --> 00:06:46,400

event i'm like the uh the lesser known

190

00:06:50,710 --> 00:06:49,039

guy behind him

191

00:06:52,230 --> 00:06:50,720

but i kind of like it like that you know

192

00:06:53,110 --> 00:06:52,240

because then i can kind of come back

193

00:06:55,670 --> 00:06:53,120

through and just like

194

00:06:57,189 --> 00:06:55,680

yeah yeah kevin's awesome you know yeah

195

00:07:01,430 --> 00:06:57,199

yeah look at look at kevin

196

00:07:04,070 --> 00:07:01,440

yeah i like you over here doing the work

197

00:07:07,029 --> 00:07:04,080

don't look at me yeah so yeah don't look

198

00:07:09,510 --> 00:07:07,039

at the guy behind the curtain

199

00:07:13,189 --> 00:07:09,520

no kevin kevin's absolutely outstanding

200

00:07:15,510 --> 00:07:13,199

and uh he's directly responsible for

201  
00:07:16,390 --> 00:07:15,520  
all of this because i mean without that

202  
00:07:19,189 --> 00:07:16,400  
that one

203  
00:07:21,430 --> 00:07:19,199  
phone call from him saying hey uh uh

204  
00:07:23,350 --> 00:07:21,440  
would you uh would you be the president

205  
00:07:25,189 --> 00:07:23,360  
of a company if i wanted to start it and

206  
00:07:27,110 --> 00:07:25,199  
i'm like no no but i'll be the vice

207  
00:07:28,550 --> 00:07:27,120  
president for you

208  
00:07:30,390 --> 00:07:28,560  
because i'll be honest with you that was

209  
00:07:33,990 --> 00:07:30,400  
like [h\_\_h] kevin you're

210  
00:07:37,110 --> 00:07:34,000  
nuts but then all of a sudden

211  
00:07:40,230 --> 00:07:37,120  
you end up getting you know uh

212  
00:07:41,510 --> 00:07:40,240  
all kinds of just crazy people involved

213  
00:07:44,550 --> 00:07:41,520

with this that i just

214

00:07:46,309 --> 00:07:44,560

never really thought would be coming

215

00:07:47,749 --> 00:07:46,319

together you know people like kevin got

216

00:07:51,510 --> 00:07:47,759

dr kevin knew

217

00:07:54,070 --> 00:07:51,520

michael hall uh dave altman uh

218

00:07:55,909 --> 00:07:54,080

see christopher altman which is actually

219

00:07:59,350 --> 00:07:55,919

a

220

00:08:01,830 --> 00:07:59,360

you know he's

221

00:08:03,830 --> 00:08:01,840

he's also uh you know a scientist that

222

00:08:06,790 --> 00:08:03,840

works with kevin canoes

223

00:08:07,990 --> 00:08:06,800

um i'm probably gonna butcher it but his

224

00:08:11,510 --> 00:08:08,000

name's uh

225

00:08:13,510 --> 00:08:11,520

matthew m zygus phd but he's a dark

226

00:08:15,830 --> 00:08:13,520

matter scientist and radiation

227

00:08:17,430 --> 00:08:15,840

expert in radiation detection bruce

228

00:08:19,189 --> 00:08:17,440

mcabee everybody knows him

229

00:08:21,189 --> 00:08:19,199

he's a consultant for us he's not going

230

00:08:22,790 --> 00:08:21,199

to be directly involved with the actual

231

00:08:25,110 --> 00:08:22,800

uh

232

00:08:27,189 --> 00:08:25,120

expedition due to you know poor health

233

00:08:29,189 --> 00:08:27,199

but he's going to

234

00:08:31,110 --> 00:08:29,199

be involved with a lot of the you know

235

00:08:34,230 --> 00:08:31,120

correlating data and

236

00:08:36,070 --> 00:08:34,240

uh doing a lot of the uh you know

237

00:08:37,909 --> 00:08:36,080

crunching numbers and things like that

238

00:08:39,430 --> 00:08:37,919

cool then of course

239

00:08:42,070 --> 00:08:39,440

i don't know if you guys have heard dave

240

00:08:44,230 --> 00:08:42,080

mason um but you should definitely check

241

00:08:44,790 --> 00:08:44,240

him out because he's he's a man up my

242

00:08:47,990 --> 00:08:44,800

alley

243

00:08:50,790 --> 00:08:48,000

uh you know self-made engineer uh

244

00:08:52,870 --> 00:08:50,800

works worked on you know everything from

245

00:08:55,910 --> 00:08:52,880

i mean talking about like big

246

00:08:57,990 --> 00:08:55,920

telescopes like you know observe

247

00:08:59,430 --> 00:08:58,000

observatory telescopes and things like

248

00:09:02,070 --> 00:08:59,440

that and uh

249

00:09:02,870 --> 00:09:02,080

he is he uh he's a co-founder of his own

250

00:09:06,230 --> 00:09:02,880

company a

251  
00:09:07,030 --> 00:09:06,240  
for-profit company where he they uh they

252  
00:09:10,389 --> 00:09:07,040  
take in

253  
00:09:13,990 --> 00:09:10,399  
uh repair or they and resell

254  
00:09:15,430 --> 00:09:14,000  
like really high-end test equipment and

255  
00:09:17,030 --> 00:09:15,440  
just any type of really high-end

256  
00:09:19,110 --> 00:09:17,040  
electronics or they just

257  
00:09:20,470 --> 00:09:19,120  
and they also just repair high-end

258  
00:09:22,870 --> 00:09:20,480  
electronics

259  
00:09:23,990 --> 00:09:22,880  
yeah so the guy is just i i love

260  
00:09:27,430 --> 00:09:24,000  
bullshitting with that guy

261  
00:09:31,190 --> 00:09:27,440  
he's he's endless hours of just

262  
00:09:33,269 --> 00:09:31,200  
what if yeah man

263  
00:09:34,710 --> 00:09:33,279

then we got uh preston dennett which is

264

00:09:36,870 --> 00:09:34,720

kind of you know

265

00:09:37,990 --> 00:09:36,880

prominent in the field which uh that

266

00:09:40,550 --> 00:09:38,000

poor guy uh

267

00:09:42,470 --> 00:09:40,560

i wish i knew who he was before i i was

268

00:09:44,470 --> 00:09:42,480

like trying to weed

269

00:09:47,110 --> 00:09:44,480

thing you know people in out of the

270

00:09:48,550 --> 00:09:47,120

company that didn't really

271

00:09:50,389 --> 00:09:48,560

need to be in the company not because

272

00:09:52,470 --> 00:09:50,399

they're not cool or not because they're

273

00:09:53,670 --> 00:09:52,480

you know but they didn't have a purpose

274

00:09:55,590 --> 00:09:53,680

in the

275

00:09:56,710 --> 00:09:55,600

grand scheme of the actual projects we

276

00:09:58,389 --> 00:09:56,720

were doing

277

00:10:00,550 --> 00:09:58,399

you know um and then of course we had

278

00:10:02,949 --> 00:10:00,560

chris doesn't he right isn't he a writer

279

00:10:04,550 --> 00:10:02,959

preston did it yeah yeah but he also is

280

00:10:07,750 --> 00:10:04,560

like the most foremost

281

00:10:10,790 --> 00:10:07,760

person on usos yes yeah

282

00:10:11,350 --> 00:10:10,800

the guy uh where's that little clicker

283

00:10:19,269 --> 00:10:11,360

thing

284

00:10:21,110 --> 00:10:19,279

go ahead bark again i have one too

285

00:10:22,790 --> 00:10:21,120

i got one of those ultrasonic things

286

00:10:26,790 --> 00:10:22,800

because i'm sick of embarking

287

00:10:28,630 --> 00:10:26,800

yeah well that's that's crazy

288

00:10:30,310 --> 00:10:28,640

so it just emits like a high frequency

289

00:10:32,710 --> 00:10:30,320

and they don't like it huh

290

00:10:35,110 --> 00:10:32,720

yeah mine's a little more old-school it

291

00:10:37,829 --> 00:10:35,120

shocks the [h\_\_h] out of them

292

00:10:39,910 --> 00:10:37,839

no yeah i can't i just can't do it i

293

00:10:41,670 --> 00:10:39,920

mean i mean i understand that it really

294

00:10:45,190 --> 00:10:41,680

doesn't permanently hurt him or anything

295

00:10:48,790 --> 00:10:45,200

but i you know when i saw this on a uh

296

00:10:50,150 --> 00:10:48,800

uh i'm a part of a like a cable group of

297

00:10:51,590 --> 00:10:50,160

guys where we all you know [h\_\_h] about

298

00:10:55,350 --> 00:10:51,600

our industry and

299

00:10:56,990 --> 00:10:55,360

stupid stupid stupid customers

300

00:10:59,350 --> 00:10:57,000

my internet's slow yeah

301  
00:11:01,190 --> 00:10:59,360

[Laughter]

302  
00:11:03,750 --> 00:11:01,200  
no right computer's slow not our

303  
00:11:06,550 --> 00:11:03,760  
internet yeah

304  
00:11:07,829 --> 00:11:06,560  
but uh you know it it just saw a video

305  
00:11:09,990 --> 00:11:07,839  
where the dog's just like

306  
00:11:11,110 --> 00:11:10,000  
barking his head off at the gate and

307  
00:11:12,630 --> 00:11:11,120  
he's just like you know cause like we

308  
00:11:14,150 --> 00:11:12,640  
have to work right next to these gates

309  
00:11:15,910 --> 00:11:14,160  
all the time the dogs are just like

310  
00:11:17,190 --> 00:11:15,920  
trying to chew at us through the gate

311  
00:11:18,550 --> 00:11:17,200  
barking yes and

312  
00:11:21,990 --> 00:11:18,560  
he just hit this thing and the dog's

313  
00:11:24,790 --> 00:11:22,000

just like hmm i don't like that

314

00:11:26,790 --> 00:11:24,800

that's kind of cool actually i mean it

315

00:11:28,550 --> 00:11:26,800

was only like 20 bucks so i was like

316

00:11:30,069 --> 00:11:28,560

if it doesn't work i'm only out 20 bucks

317

00:11:31,990 --> 00:11:30,079

yeah that's not bad at all yeah and

318

00:11:33,829 --> 00:11:32,000

before people destroy me all over the

319

00:11:34,710 --> 00:11:33,839

internet for saying i have a shot caller

320

00:11:38,389 --> 00:11:34,720

on my dog

321

00:11:39,829 --> 00:11:38,399

i tested it all myself first all right

322

00:11:42,470 --> 00:11:39,839

that's a testament right there yeah

323

00:11:44,389 --> 00:11:42,480

imagine do it live yeah i uh

324

00:11:46,069 --> 00:11:44,399

yeah it wasn't it was it wasn't fun we

325

00:11:47,269 --> 00:11:46,079

have ours uh bertie has one for

326

00:11:48,790 --> 00:11:47,279

you know when she's off leash we should

327

00:11:49,430 --> 00:11:48,800

yeah we should test it on on this

328

00:11:50,790 --> 00:11:49,440

episode

329

00:11:52,710 --> 00:11:50,800

i don't know man it's it's definitely

330

00:11:55,509 --> 00:11:52,720

not fun but at the same time

331

00:11:56,150 --> 00:11:55,519

i don't bark every 15 minutes so yeah

332

00:11:57,509 --> 00:11:56,160

you know

333

00:11:59,350 --> 00:11:57,519

well i mean that and people don't

334

00:12:00,710 --> 00:11:59,360

realize that it's not just a shock

335

00:12:01,590 --> 00:12:00,720

collar most of them have different

336

00:12:03,910 --> 00:12:01,600

levels they have

337

00:12:05,030 --> 00:12:03,920

a vibratory vibrator you know and

338

00:12:06,150 --> 00:12:05,040

there's even one that has like

339

00:12:07,670 --> 00:12:06,160

i don't know if you have it but it has

340

00:12:09,350 --> 00:12:07,680

like a little paddle that you know you

341

00:12:10,710 --> 00:12:09,360

put it right on there uh the bottom of

342

00:12:12,629 --> 00:12:10,720

their neck and it's got a little paddle

343

00:12:14,310 --> 00:12:12,639

that they don't like it just

344

00:12:16,470 --> 00:12:14,320

smacks them right in the adam's apple

345

00:12:19,750 --> 00:12:18,069

or whatever they have there you know i

346

00:12:22,710 --> 00:12:19,760

mean but they don't like it yeah

347

00:12:24,150 --> 00:12:22,720

you know so that's why i have to check

348

00:12:24,629 --> 00:12:24,160

out that little beep thing that's kind

349

00:12:27,350 --> 00:12:24,639

of cool

350

00:12:29,190 --> 00:12:27,360

yeah i don't have to get one yeah you

351

00:12:31,430 --> 00:12:29,200

you do lawn service right

352

00:12:32,949 --> 00:12:31,440

yeah yeah like yeah you're landscaping i

353

00:12:34,949 --> 00:12:32,959

don't know i'm sorry but this i call it

354

00:12:37,190 --> 00:12:34,959

lawn service

355

00:12:39,030 --> 00:12:37,200

it's all good i'm just a cable guy dude

356

00:12:40,230 --> 00:12:39,040

i mean

357

00:12:43,350 --> 00:12:40,240

i'm literally the guy you're always

358

00:12:46,710 --> 00:12:46,310

yeah but uh you know so uh you know so

359

00:12:50,550 --> 00:12:46,720

you gotta

360

00:12:53,269 --> 00:12:50,560

yeah that's the way where you want to

361

00:12:56,150 --> 00:12:53,279

kick the chihuahua across the yard

362

00:12:57,990 --> 00:12:56,160

yeah man yeah we uh we run into quite a

363

00:12:59,990 --> 00:12:58,000

quite a few animals

364

00:13:01,350 --> 00:13:00,000

chihuahuas punching chihuahuas out of

365

00:13:03,350 --> 00:13:01,360

there oh dude

366

00:13:04,629 --> 00:13:03,360

the little dogs are probably the worst

367

00:13:06,150 --> 00:13:04,639

you know and it's not that they're like

368

00:13:07,750 --> 00:13:06,160

bad bad it's just they're the ones that

369

00:13:10,550 --> 00:13:07,760

are the quickest to bite

370

00:13:12,230 --> 00:13:10,560

yeah yeah the the only dog i really

371

00:13:14,790 --> 00:13:12,240

won't mess with is a chow

372

00:13:17,030 --> 00:13:14,800

that chow is for some reason everybody's

373

00:13:19,110 --> 00:13:17,040

got that dog that they're just like

374

00:13:20,470 --> 00:13:19,120

not messing with that type of dog yeah

375

00:13:22,069 --> 00:13:20,480

i'll go up to a pit bull and i'll

376

00:13:24,150 --> 00:13:22,079

wrestle with the damn pit bull but

377

00:13:25,670 --> 00:13:24,160

you know a child comes out with that

378

00:13:27,269 --> 00:13:25,680

fluffy tail i'm like nope nope nope you

379

00:13:30,230 --> 00:13:27,279

need to put him

380

00:13:31,910 --> 00:13:30,240

put him up put him up you know i'm like

381

00:13:33,030 --> 00:13:31,920

there's there's an evil in that dog you

382

00:13:35,990 --> 00:13:33,040

need to put him up

383

00:13:37,590 --> 00:13:36,000

yes dude this is an evil net well what

384

00:13:39,110 --> 00:13:37,600

it is is they usually just attach

385

00:13:39,910 --> 00:13:39,120

themselves to somebody in the house and

386

00:13:43,189 --> 00:13:39,920

then they're like

387

00:13:47,110 --> 00:13:43,199

ultra protective over them so like my

388

00:13:49,509 --> 00:13:47,120

uh when i was a kid my uh my cousin

389

00:13:50,230 --> 00:13:49,519

had a chow and we were wrestling yeah we

390

00:13:51,670 --> 00:13:50,240

were like

391

00:13:53,829 --> 00:13:51,680

and i was really giving it to him like

392

00:13:56,870 --> 00:13:53,839

noogie style and he started crying

393

00:13:57,269 --> 00:13:56,880

and that dog just tore the heck out of

394

00:14:01,430 --> 00:13:57,279

me

395

00:14:06,069 --> 00:14:01,440

you know i'm like running up the hill

396

00:14:09,829 --> 00:14:07,910

the only dog that's ever like came after

397

00:14:12,310 --> 00:14:09,839

me was a schnauzer so i've never been a

398

00:14:14,310 --> 00:14:12,320

big fan of schnauzers

399

00:14:28,550 --> 00:14:14,320

i've gotten bit by two yeah right you're

400

00:14:33,590 --> 00:14:31,110

i just have three fluffy buttered corgis

401

00:14:40,150 --> 00:14:37,110

my wife's just to have two cameras

402

00:14:40,710 --> 00:14:40,160

uh no not i mean at one point i think we

403

00:14:42,949 --> 00:14:40,720

did like

404

00:14:44,310 --> 00:14:42,959

our computers or maybe it was a phone or

405

00:14:45,750 --> 00:14:44,320

something but yeah

406

00:14:47,590 --> 00:14:45,760

yeah we might have done that yeah we

407

00:14:48,150 --> 00:14:47,600

have just the uh the computer set up

408

00:14:50,550 --> 00:14:48,160

because

409

00:14:51,750 --> 00:14:50,560

i have yet to figure out how to get zoom

410

00:14:54,470 --> 00:14:51,760

from one computer

411

00:14:56,069 --> 00:14:54,480

output into the same computer uh in my

412

00:14:57,670 --> 00:14:56,079

recording software

413

00:14:59,910 --> 00:14:57,680

i'm just i've gotta figure that [\h\_\_\h] out

414

00:15:00,870 --> 00:14:59,920

but yeah we've actually got a gopro

415

00:15:02,870 --> 00:15:00,880

right next to you so

416

00:15:03,910 --> 00:15:02,880

that's where it's actually recording us

417

00:15:05,509 --> 00:15:03,920

and then uh

418

00:15:07,829 --> 00:15:05,519

we're recording the screen for you so we

419

00:15:08,550 --> 00:15:07,839

can like superimpose on to the video

420

00:15:10,550 --> 00:15:08,560

later

421

00:15:13,189 --> 00:15:10,560

well hopefully it's clear i got a pretty

422

00:15:15,670 --> 00:15:13,199

solid connection and this is supposed to

423

00:15:16,550 --> 00:15:15,680

film in high definition so yeah you you

424

00:15:18,790 --> 00:15:16,560

look pretty good

425

00:15:19,829 --> 00:15:18,800

yeah you're looking good man yeah that's

426

00:15:21,430 --> 00:15:19,839

just that uh

427

00:15:23,430 --> 00:15:21,440

like when you go online and like you

428

00:15:25,430 --> 00:15:23,440

know say they say what's the bare

429

00:15:27,509 --> 00:15:25,440

minimum i need to start a podcast and

430

00:15:31,910 --> 00:15:27,519

then they say well you can't go lower

431

00:15:35,189 --> 00:15:34,550

yes man dude i'll be plugging if i was a

432

00:15:37,990 --> 00:15:35,199

cable

433

00:15:38,550 --> 00:15:38,000

man i'd be like plugging into like the

434

00:15:41,590 --> 00:15:38,560

best

435

00:15:43,030 --> 00:15:41,600

that's probably at least yeah

436

00:15:45,030 --> 00:15:43,040

probably that should cost that [h\_\_h]

437

00:15:46,870 --> 00:15:45,040

costs money

438

00:15:48,389 --> 00:15:46,880

oh i mean i just you probably know about

439

00:15:49,189 --> 00:15:48,399

that back doors and like oh yeah you

440

00:15:51,350 --> 00:15:49,199

just plug it into

441

00:15:55,350 --> 00:15:51,360

the the lamp post and you get great

442

00:15:57,189 --> 00:15:55,360

great internet right

443

00:15:59,670 --> 00:15:57,199

big ass roll of wire coming from your

444

00:16:01,829 --> 00:15:59,680

truck yeah into your house

445

00:16:03,749 --> 00:16:01,839

yeah i got the cat six just running

446

00:16:05,829 --> 00:16:03,759

everywhere

447

00:16:06,949 --> 00:16:05,839

that's awesome man that's awesome but

448

00:16:08,949 --> 00:16:06,959

yeah so uh

449

00:16:11,189 --> 00:16:08,959

yeah so you're saying you have all these

450

00:16:12,870 --> 00:16:11,199

people that are on board with uapx that

451

00:16:15,829 --> 00:16:12,880

all have like specific

452

00:16:16,870 --> 00:16:15,839

uh uh interests and expertise in all

453

00:16:18,550 --> 00:16:16,880

these fields

454

00:16:19,829 --> 00:16:18,560

so i mean correct me if i'm wrong but

455

00:16:20,629 --> 00:16:19,839

you guys are looking at the science

456

00:16:22,870 --> 00:16:20,639

behind

457

00:16:23,829 --> 00:16:22,880

uh these propulsions that you guys have

458

00:16:25,509 --> 00:16:23,839

witnessed and

459

00:16:27,110 --> 00:16:25,519

and and you're you're really interested

460

00:16:28,949 --> 00:16:27,120

in the science right

461

00:16:30,710 --> 00:16:28,959

yeah uh that's what that was what we're

462

00:16:32,870 --> 00:16:30,720

focusing on you know anything else we

463

00:16:36,069 --> 00:16:32,880

find out it's just kind of a bonus

464

00:16:37,670 --> 00:16:36,079

yeah you mean uh you know we all have

465

00:16:39,749 --> 00:16:37,680

all of our theories and everything like

466

00:16:41,749 --> 00:16:39,759

that and everybody's got the the

467

00:16:43,350 --> 00:16:41,759

the more profound and then the most you

468

00:16:45,829 --> 00:16:43,360

know the more crazies

469

00:16:46,470 --> 00:16:45,839

theories and stuff like that but you

470

00:16:50,389 --> 00:16:46,480

know

471

00:16:52,710 --> 00:16:50,399

jason

472

00:16:53,590 --> 00:16:52,720

pj we're all part of the company pj does

473

00:16:56,949 --> 00:16:53,600

all of our uh

474

00:16:58,470 --> 00:16:56,959

he does our our website um he takes care

475

00:17:02,230 --> 00:16:58,480

of

476

00:17:04,230 --> 00:17:02,240

all rit stuff basically um

477

00:17:05,270 --> 00:17:04,240

you know i i take care of my own over

478

00:17:07,750 --> 00:17:05,280

here um

479

00:17:08,789 --> 00:17:07,760

but uh hopefully soon we're gonna have

480

00:17:11,750 --> 00:17:08,799

uh

481

00:17:12,230 --> 00:17:11,760

our own servers set up so that we can

482

00:17:14,870 --> 00:17:12,240

actually

483

00:17:16,789 --> 00:17:14,880

you know control all of our flow every

484

00:17:20,069 --> 00:17:16,799

in and out but

485

00:17:20,710 --> 00:17:20,079

um we got the uapx store so you'll be

486

00:17:23,829 --> 00:17:20,720

able to buy

487

00:17:25,270 --> 00:17:23,839

swag soon hopefully i gotta i gotta

488

00:17:27,189 --> 00:17:25,280

design that shirt for you man we gotta

489

00:17:29,029 --> 00:17:27,199

put that in the shop

490

00:17:31,510 --> 00:17:29,039

yeah yeah we're gonna we're gonna make

491

00:17:33,830 --> 00:17:31,520

sure that that's like uh the ufo garage

492

00:17:37,110 --> 00:17:33,840

uh special edition uapx shirt

493

00:17:38,710 --> 00:17:37,120

yeah yeah yeah but uh

494

00:17:40,310 --> 00:17:38,720

it comes with because there's little

495

00:17:42,230 --> 00:17:40,320

balls on the bottom of the shirt it was

496

00:17:42,950 --> 00:17:42,240

like beforehand i was like oh is pokemon

497

00:17:44,630 --> 00:17:42,960

gonna be okay

498

00:17:46,070 --> 00:17:44,640

it was like ah yeah they won't give a

499

00:17:49,270 --> 00:17:46,080

[h\_\_\h] and i'm like now i'm thinking man

500

00:17:52,230 --> 00:17:49,280

i should put my ufo crunch oh

501  
00:17:53,510 --> 00:17:52,240  
damn [h\_\_h] dude that was about that i was

502  
00:17:54,870 --> 00:17:53,520  
actually about to ask you is that a

503  
00:17:55,830 --> 00:17:54,880  
pokemon shirt i'm glad you kind of

504  
00:17:58,549 --> 00:17:55,840  
brought it up sure it is

505  
00:18:00,070 --> 00:17:58,559  
my pokemon shirt dude because i loved i

506  
00:18:00,950 --> 00:18:00,080  
love to keep messing with my wife and

507  
00:18:04,630 --> 00:18:00,960  
ask her

508  
00:18:06,530 --> 00:18:04,640  
do you mind or even or love

509  
00:18:09,830 --> 00:18:06,540  
being married to a pokemon master

510  
00:18:12,789 --> 00:18:09,840  
[Laughter]

511  
00:18:13,190 --> 00:18:12,799  
oh man man i used to love that on game

512  
00:18:17,830 --> 00:18:13,200  
boy

513  
00:18:19,669 --> 00:18:17,840

man i would sit there for hours

514

00:18:21,669 --> 00:18:19,679

and it would it was like the old school

515

00:18:23,110 --> 00:18:21,679

one too like where it had that big

516

00:18:25,029 --> 00:18:23,120

screen that you could flip down it would

517

00:18:28,230 --> 00:18:25,039

make it bigger and then

518

00:18:29,909 --> 00:18:28,240

the lights underneath of it yes

519

00:18:31,590 --> 00:18:29,919

get all the little accessories and you

520

00:18:32,230 --> 00:18:31,600

pop it off everywhere you have to have

521

00:18:34,230 --> 00:18:32,240

like a big

522

00:18:35,909 --> 00:18:34,240

bag it was like it was like it was like

523

00:18:36,789 --> 00:18:35,919

you have your gopro and all this

524

00:18:39,110 --> 00:18:36,799

accessories

525

00:18:40,070 --> 00:18:39,120

but it was it and just all of the things

526

00:18:44,150 --> 00:18:40,080

that actually made it

527

00:18:46,470 --> 00:18:44,160

usable yeah the extra big battery pack

528

00:18:47,190 --> 00:18:46,480

hell yeah the extended light that came

529

00:18:49,669 --> 00:18:47,200

with the

530

00:18:51,669 --> 00:18:49,679

the the the micro or the or whatever it

531

00:18:53,909 --> 00:18:51,679

was at the time it was some type of usb

532

00:18:55,590 --> 00:18:53,919

style port and then that stupid

533

00:18:57,669 --> 00:18:55,600

magnifier thing you had to put over the

534

00:18:59,830 --> 00:18:57,679

screen to actually see what was going on

535

00:19:00,789 --> 00:18:59,840

yes man yeah and one of the i remember

536

00:19:03,510 --> 00:19:00,799

one of the clips

537

00:19:04,789 --> 00:19:03,520

broke off the side so my screen would be

538

00:19:07,669 --> 00:19:04,799

lopsided

539

00:19:08,950 --> 00:19:07,679

so i would sit there and play it but

540

00:19:11,190 --> 00:19:08,960

that game was so fun

541

00:19:12,950 --> 00:19:11,200

and then i just thought i was hot [h\_\_h]

542

00:19:15,270 --> 00:19:12,960

when i got the the blue

543

00:19:15,990 --> 00:19:15,280

like see-through one and you can see all

544

00:19:18,870 --> 00:19:16,000

the hardware

545

00:19:19,430 --> 00:19:18,880

inside i was like hell yeah that was

546

00:19:20,870 --> 00:19:19,440

great

547

00:19:22,470 --> 00:19:20,880

that was hot i mean that was that was

548

00:19:25,830 --> 00:19:22,480

like having the uh the yellow

549

00:19:28,150 --> 00:19:25,840

sony sports walkman yes only the rich

550

00:19:30,470 --> 00:19:28,160

kids had that stuff

551

00:19:31,669 --> 00:19:30,480

i had the g i had the gpx one i bought

552

00:19:34,070 --> 00:19:31,679

at the dollar store

553

00:19:34,870 --> 00:19:34,080

yes man well yeah i don't think i

554

00:19:38,070 --> 00:19:34,880

actually got

555

00:19:40,390 --> 00:19:38,080

uh that was my only console

556

00:19:42,310 --> 00:19:40,400

well i guess you could say like your

557

00:19:43,430 --> 00:19:42,320

gaming device or whatever that i ever

558

00:19:47,029 --> 00:19:43,440

had as a kid

559

00:19:49,270 --> 00:19:47,039

until like ps2 came out and then i

560

00:19:52,310 --> 00:19:49,280

and then i got a ps2 and i was like whoa

561

00:19:53,909 --> 00:19:52,320

this is amazing

562

00:19:56,230 --> 00:19:53,919

from a game from the original gameboy

563

00:19:58,230 --> 00:19:56,240

today yeah yeah man

564

00:19:59,669 --> 00:19:58,240

[h\_\_h] i was having the best time of my

565

00:20:01,750 --> 00:19:59,679

life man ncaa

566

00:20:03,590 --> 00:20:01,760

so gary you're kind of a gamer man

567

00:20:04,710 --> 00:20:03,600

what's uh what are you what are you into

568

00:20:05,990 --> 00:20:04,720

right now

569

00:20:08,070 --> 00:20:06,000

uh well i've been playing a lot of

570

00:20:11,350 --> 00:20:08,080

pavlov shack uh

571

00:20:12,870 --> 00:20:11,360

i just downloaded a new game um what the

572

00:20:16,149 --> 00:20:12,880

hell was it called it was uh

573

00:20:18,070 --> 00:20:16,159

it's uh but it's a fitness game on uh

574

00:20:20,310 --> 00:20:18,080

i got an oculus quest that i've been

575

00:20:22,950 --> 00:20:20,320

just playing the crap out of

576

00:20:24,549 --> 00:20:22,960

i want to play the star wars oh yeah

577

00:20:27,270 --> 00:20:24,559

yeah the the vader

578

00:20:28,870 --> 00:20:27,280

yeah i've got the first one of that and

579

00:20:30,549 --> 00:20:28,880

i haven't bought the rest of them yet

580

00:20:32,470 --> 00:20:30,559

he looks like he just came out with a

581

00:20:34,070 --> 00:20:32,480

new star wars one that has about three

582

00:20:38,390 --> 00:20:34,080

hours of content i think it is

583

00:20:40,549 --> 00:20:38,400

damn [h\_\_h] is it is the oculus its own

584

00:20:42,310 --> 00:20:40,559

uh console like the headset or do you

585

00:20:44,149 --> 00:20:42,320

have to plug it into it

586

00:20:46,630 --> 00:20:44,159

oh [h\_\_h] if you if you if you ever want

587

00:20:47,430 --> 00:20:46,640

uh like like i was a little hesitant to

588

00:20:48,789 --> 00:20:47,440

buy the quest

589

00:20:51,029 --> 00:20:48,799

because it wasn't it didn't have the

590

00:20:52,950 --> 00:20:51,039

resolution that the uh

591

00:20:54,789 --> 00:20:52,960

the the standalone with the wires that

592

00:20:57,830 --> 00:20:54,799

hooked your pc

593

00:20:58,950 --> 00:20:57,840

uh did but you know honestly after i got

594

00:21:00,549 --> 00:20:58,960

it i'm glad i did

595

00:21:02,070 --> 00:21:00,559

because being able to just sit in the

596

00:21:06,549 --> 00:21:02,080

middle of my living room and

597

00:21:09,270 --> 00:21:06,559

do vr and no wires just off the wi-fi

598

00:21:10,149 --> 00:21:09,280

yeah bam and then i've got a wi-fi six

599

00:21:12,710 --> 00:21:10,159

router

600

00:21:13,350 --> 00:21:12,720

so i've got that you know five gig back

601  
00:21:16,310 --> 00:21:13,360  
you know

602  
00:21:17,909 --> 00:21:16,320  
back channel so that's oh i actually use

603  
00:21:21,669 --> 00:21:17,919  
the virtual desktop and i

604  
00:21:25,029 --> 00:21:21,679  
i i run full uh you know desktop

605  
00:21:28,070 --> 00:21:25,039  
uh level games on that quest

606  
00:21:30,070 --> 00:21:28,080  
so awesome that's awesome i've always

607  
00:21:31,270 --> 00:21:30,080  
wanted to play skyrim on oculus

608  
00:21:33,430 --> 00:21:31,280  
dude yeah i think that would be

609  
00:21:34,470 --> 00:21:33,440  
something yeah it looks pretty cool

610  
00:21:36,950 --> 00:21:34,480  
it's it's one of those things i don't

611  
00:21:38,149 --> 00:21:36,960  
have time for i gotta play games that i

612  
00:21:40,789 --> 00:21:38,159  
can be in and out of

613  
00:21:41,350 --> 00:21:40,799

yeah no that's like years of your life

614

00:21:43,110 --> 00:21:41,360

like

615

00:21:44,789 --> 00:21:43,120

you could spend i mean i've been playing

616

00:21:45,830 --> 00:21:44,799

that game for like 10 years dude like

617

00:21:47,909 --> 00:21:45,840

yeah

618

00:21:49,510 --> 00:21:47,919

but the great thing is is like the uh

619

00:21:50,310 --> 00:21:49,520

they just came out with the newer

620

00:21:52,870 --> 00:21:50,320

version of it

621

00:21:55,590 --> 00:21:52,880

and it's like 10 times more powerful and

622

00:21:58,390 --> 00:21:55,600

it's got the same resolution as the uh

623

00:22:01,110 --> 00:21:58,400

the valve index i mean so the valve

624

00:22:03,029 --> 00:22:01,120

index costs like a thousand dollars yeah

625

00:22:04,230 --> 00:22:03,039

that's what you're paying for is like

626

00:22:06,310 --> 00:22:04,240

high-end hardware

627

00:22:08,070 --> 00:22:06,320

and that that beautiful resolution

628

00:22:10,070 --> 00:22:08,080

without the screen door effect

629

00:22:12,070 --> 00:22:10,080

yeah where where all of a sudden you

630

00:22:13,750 --> 00:22:12,080

know facebook comes out without the

631

00:22:16,149 --> 00:22:13,760

oculus 2

632

00:22:18,310 --> 00:22:16,159

they're the quest 2 and it's got like 10

633

00:22:21,110 --> 00:22:18,320

times more power than the original one

634

00:22:21,990 --> 00:22:21,120

and it's got the same resolution as the

635

00:22:25,190 --> 00:22:22,000

valve index

636

00:22:28,310 --> 00:22:25,200

yeah so it's like and it's wireless

637

00:22:29,669 --> 00:22:28,320

you know so definitely so that's that's

638

00:22:32,710 --> 00:22:29,679

really where it's going is that

639

00:22:35,909 --> 00:22:32,720

style of uh vr

640

00:22:37,430 --> 00:22:35,919

and uh there's actually a company that

641

00:22:39,510 --> 00:22:37,440

i forgot what the name of the damn

642

00:22:39,990 --> 00:22:39,520

company was but they uh they're doing a

643

00:22:44,070 --> 00:22:40,000

uh a

644

00:22:46,230 --> 00:22:44,080

a an alien ufo uh video game and it's

645

00:22:47,830 --> 00:22:46,240

actually gonna end up being

646

00:22:49,590 --> 00:22:47,840

let me see they just actually just

647

00:22:50,549 --> 00:22:49,600

messed me back so i'll be able to tell

648

00:22:52,789 --> 00:22:50,559

you real quick

649

00:22:53,990 --> 00:22:52,799

i just i just bought the new version of

650

00:22:57,350 --> 00:22:54,000

uh destroy all

651  
00:22:58,230 --> 00:22:57,360  
humans and it was so much fun it was

652  
00:23:00,310 --> 00:22:58,240  
great

653  
00:23:02,710 --> 00:23:00,320  
it's like it's exactly like the old one

654  
00:23:03,990 --> 00:23:02,720  
it's just newer new better graphics and

655  
00:23:05,590 --> 00:23:04,000  
like different colors

656  
00:23:07,270 --> 00:23:05,600  
is it super cool is it like a third

657  
00:23:08,070 --> 00:23:07,280  
person thing or is it what kind of you

658  
00:23:09,990 --> 00:23:08,080  
just like control

659  
00:23:12,230 --> 00:23:10,000  
this alien and like you can fly his

660  
00:23:14,470 --> 00:23:12,240  
little saucer around and you can like

661  
00:23:15,669 --> 00:23:14,480  
kill humans yeah you just destroy all

662  
00:23:18,230 --> 00:23:15,679  
humans that sounds dumb

663  
00:23:18,710 --> 00:23:18,240

yeah yeah you like you take their brains

664

00:23:20,950 --> 00:23:18,720

what

665

00:23:22,390 --> 00:23:20,960

it's tough it's cool it's pretty neat

666

00:23:23,029 --> 00:23:22,400

you can control them you can mind

667

00:23:24,870 --> 00:23:23,039

control them

668

00:23:26,470 --> 00:23:24,880

and stuff what it's pretty cool that

669

00:23:27,430 --> 00:23:26,480

sounds different but this game i was

670

00:23:30,549 --> 00:23:27,440

talking about uh

671

00:23:33,830 --> 00:23:30,559

end of the beginning by uh snake take

672

00:23:36,149 --> 00:23:33,840

llc but it's like a little indie game

673

00:23:39,029 --> 00:23:36,159

company that's making this uh

674

00:23:40,630 --> 00:23:39,039

game that's based around the grays they

675

00:23:41,830 --> 00:23:40,640

say you know that the greys are these

676

00:23:43,830 --> 00:23:41,840

big masterminds

677

00:23:45,750 --> 00:23:43,840

trying to you know manipulate the world

678

00:23:47,190 --> 00:23:45,760

and you have to defeat them you know and

679

00:23:49,110 --> 00:23:47,200

that's basically the premise of the

680

00:23:50,710 --> 00:23:49,120

entire game i i'm probably simplifying

681

00:23:51,029 --> 00:23:50,720

it way too much we got it created it's

682

00:23:53,590 --> 00:23:51,039

probably

683

00:23:56,390 --> 00:23:53,600

like the fox didn't even didn't even

684

00:23:58,789 --> 00:23:56,400

watch my trailer

685

00:24:00,149 --> 00:23:58,799

but it looked pretty pretty cool like

686

00:24:00,950 --> 00:24:00,159

you know something you could get into

687

00:24:02,789 --> 00:24:00,960

for a little while

688

00:24:04,390 --> 00:24:02,799

yeah hell yeah i'm looking i'm looking

689

00:24:06,230 --> 00:24:04,400

forward to being able to hopefully

690

00:24:07,510 --> 00:24:06,240

you know coax that guy into giving me

691

00:24:09,430 --> 00:24:07,520

the playable demo

692

00:24:10,950 --> 00:24:09,440

yeah yeah that'd be pretty sweet what

693

00:24:11,350 --> 00:24:10,960

about you ben what kind of games are you

694

00:24:13,510 --> 00:24:11,360

into

695

00:24:15,669 --> 00:24:13,520

oh man i haven't played video games in a

696

00:24:16,789 --> 00:24:15,679

while but i mean like i said skyrim dude

697

00:24:19,669 --> 00:24:16,799

like i've

698

00:24:20,710 --> 00:24:19,679

i've spent so many hours in skyrim i've

699

00:24:23,830 --> 00:24:20,720

tried like cod

700

00:24:26,230 --> 00:24:23,840

and i just my heart rate gets like my

701

00:24:28,710 --> 00:24:26,240

blood boils when i play

702

00:24:30,390 --> 00:24:28,720

games i'm like oh it kills me like i i i

703

00:24:32,070 --> 00:24:30,400

play modern warfare because it's like a

704

00:24:33,350 --> 00:24:32,080

game you can just pick up and drop just

705

00:24:36,070 --> 00:24:33,360

like all the other ones right

706

00:24:38,390 --> 00:24:36,080

yeah so on the pc i play world of

707

00:24:41,430 --> 00:24:38,400

warcraft and modern warfare

708

00:24:42,549 --> 00:24:41,440

uh yeah i'm into a lot of the uh like

709

00:24:46,149 --> 00:24:42,559

the city builders

710

00:24:48,870 --> 00:24:46,159

i love civilization uh surviving mars

711

00:24:50,549 --> 00:24:48,880

those tropico games i love that stuff i

712

00:24:53,909 --> 00:24:50,559

remember playing tropico dude

713

00:24:55,510 --> 00:24:53,919

yeah that's fun i love that uh i was at

714

00:24:56,789 --> 00:24:55,520

uh what was the one where you would

715

00:24:59,750 --> 00:24:56,799

build the cities

716

00:25:01,190 --> 00:24:59,760

uh back in the day sims sim city yeah

717

00:25:03,830 --> 00:25:01,200

sim city man oh

718

00:25:06,230 --> 00:25:03,840

that i tell you what man i was i used to

719

00:25:08,710 --> 00:25:06,240

spend hours on some city i know

720

00:25:10,549 --> 00:25:08,720

man you can turn it into god mode and

721

00:25:11,830 --> 00:25:10,559

start making tornadoes and stuff and

722

00:25:13,990 --> 00:25:11,840

hurricanes

723

00:25:15,669 --> 00:25:14,000

yeah that was cool that was cool i i

724

00:25:17,029 --> 00:25:15,679

used to always get into a roller coaster

725

00:25:18,870 --> 00:25:17,039

tycoon

726

00:25:20,390 --> 00:25:18,880

i never got into any of the spin-offs so

727

00:25:21,110 --> 00:25:20,400

that because there was a lot that just

728

00:25:27,350 --> 00:25:21,120

kind of

729

00:25:27,990 --> 00:25:27,360

came after that yep the only other one

730

00:25:30,310 --> 00:25:28,000

that's similar

731

00:25:31,750 --> 00:25:30,320

to that i did get into the uh you know

732

00:25:35,669 --> 00:25:31,760

playing zerg a lot

733

00:25:38,549 --> 00:25:35,679

with the uh starcraft the original one

734

00:25:40,149 --> 00:25:38,559

never got into the second one but hell

735

00:25:43,029 --> 00:25:40,159

yes

736

00:25:43,909 --> 00:25:43,039

stalker makes me think of fox star was

737

00:25:46,149 --> 00:25:43,919

it star fox

738

00:25:47,029 --> 00:25:46,159

yeah oh i played the crap out of the

739

00:25:50,230 --> 00:25:47,039

original that

740

00:25:50,710 --> 00:25:50,240

yeah battle toads man i love battle

741

00:25:54,070 --> 00:25:50,720

toads

742

00:25:56,230 --> 00:25:54,080

yes rampage

743

00:25:58,390 --> 00:25:56,240

all those old cool ones dude oh yeah

744

00:26:00,710 --> 00:25:58,400

yeah dude the ninja turtles and

745

00:26:01,430 --> 00:26:00,720

oh dude the ninja turtle game bro

746

00:26:02,870 --> 00:26:01,440

they're that

747

00:26:05,110 --> 00:26:02,880

did they have that at mr gaddies and

748

00:26:06,630 --> 00:26:05,120

taylor or something or they did they did

749

00:26:08,549 --> 00:26:06,640

have that at mr gaddy's

750

00:26:09,750 --> 00:26:08,559

they even had the battle toads there too

751  
00:26:12,310 --> 00:26:09,760  
my god so

752  
00:26:13,029 --> 00:26:12,320  
so dude what's your like out of all the

753  
00:26:15,510 --> 00:26:13,039  
all the

754  
00:26:16,630 --> 00:26:15,520  
the the gaming things like the consoles

755  
00:26:18,470 --> 00:26:16,640  
and stuff what's your what's your

756  
00:26:20,390 --> 00:26:18,480  
favorite like i mean i know like

757  
00:26:21,830 --> 00:26:20,400  
the newest stuff is the most badass and

758  
00:26:23,590 --> 00:26:21,840  
the coolest to look like

759  
00:26:25,510 --> 00:26:23,600  
honestly probably the quest hands down

760  
00:26:26,789 --> 00:26:25,520  
just because really how immersive it is

761  
00:26:29,110 --> 00:26:26,799  
you know it's like uh

762  
00:26:30,070 --> 00:26:29,120  
i'm like real excited about like new

763  
00:26:31,909 --> 00:26:30,080

some of the uh

764

00:26:34,950 --> 00:26:31,919

you know technology that's coming out in

765

00:26:36,710 --> 00:26:34,960

support of vr like there's gonna be a uh

766

00:26:38,070 --> 00:26:36,720

you know omnidirectional treadmill

767

00:26:40,710 --> 00:26:38,080

coming out that's only going to be like

768

00:26:42,789 --> 00:26:40,720

3 000 i mean it sounds like a lot of

769

00:26:46,390 --> 00:26:42,799

money but when it comes to those type of

770

00:26:48,390 --> 00:26:46,400

toys that's nothing right yeah

771

00:26:49,750 --> 00:26:48,400

dude i've seen the videos of that

772

00:26:52,070 --> 00:26:49,760

treadmill dude man what

773

00:26:53,350 --> 00:26:52,080

like how immersive that would be dude

774

00:26:55,510 --> 00:26:53,360

yeah i love that

775

00:26:56,470 --> 00:26:55,520

running around on another planet like in

776

00:26:59,029 --> 00:26:56,480

your living room

777

00:27:00,870 --> 00:26:59,039

oh i can't wait i mean that's shaq is a

778

00:27:03,269 --> 00:27:00,880

first person shooter on there and i

779

00:27:04,070 --> 00:27:03,279

i can't wait to hop on that thing and

780

00:27:06,549 --> 00:27:04,080

just

781

00:27:09,430 --> 00:27:06,559

run around so now you know where i'm

782

00:27:12,430 --> 00:27:09,440

where where i'm going to put my money

783

00:27:14,470 --> 00:27:12,440

i would love to play halo on uh

784

00:27:17,029 --> 00:27:14,480

omnidirectional treadmill and like the

785

00:27:19,190 --> 00:27:17,039

oculus hooked up dude oh my god

786

00:27:21,350 --> 00:27:19,200

well you can play uh you know

787

00:27:23,430 --> 00:27:21,360

two-dimensional games on the quest

788

00:27:25,830 --> 00:27:23,440

uh i mean but it's like basically you

789

00:27:26,149 --> 00:27:25,840

can just it's like basically playing it

790

00:27:29,350 --> 00:27:26,159

with

791

00:27:30,870 --> 00:27:29,360

an unlimited field of vision yeah

792

00:27:32,389 --> 00:27:30,880

yeah because like especially stuff like

793

00:27:33,510 --> 00:27:32,399

call of duty and stuff like that that

794

00:27:35,510 --> 00:27:33,520

has

795

00:27:37,350 --> 00:27:35,520

you know the support for the those

796

00:27:38,470 --> 00:27:37,360

curved screens and stuff like that

797

00:27:40,789 --> 00:27:38,480

should set for your

798

00:27:42,710 --> 00:27:40,799

fields that stuff works real great and

799

00:27:44,549 --> 00:27:42,720

you just you use the virtual desktop and

800

00:27:47,669 --> 00:27:44,559

you're basically playing it on a

801  
00:27:49,510 --> 00:27:47,679  
102 inch screen it's crazy dude

802  
00:27:51,669 --> 00:27:49,520  
this sounds awesome that's awesome like

803  
00:27:54,870 --> 00:27:51,679  
you know i see you over there

804  
00:27:56,630 --> 00:27:54,880  
i wonder i mean this might be uh i might

805  
00:27:58,230 --> 00:27:56,640  
be getting back into aliens for a second

806  
00:27:59,669 --> 00:27:58,240  
or ufos but man

807  
00:28:01,430 --> 00:27:59,679  
wouldn't you imagine like that would be

808  
00:28:03,430 --> 00:28:01,440  
like the optimal way to fly

809  
00:28:05,669 --> 00:28:03,440  
a ufo like without having to put

810  
00:28:07,909 --> 00:28:05,679  
windshields on your craft like

811  
00:28:09,830 --> 00:28:07,919  
totally immersive helmet that you can

812  
00:28:12,870 --> 00:28:09,840  
just it probably is immersive

813  
00:28:14,630 --> 00:28:12,880

but you know completely you know

814

00:28:16,470 --> 00:28:14,640

you stick your hands on these things and

815

00:28:19,750 --> 00:28:16,480

it just

816

00:28:21,350 --> 00:28:19,760

pops the images in your head yeah i mean

817

00:28:22,950 --> 00:28:21,360

that's even better yeah no wearable

818

00:28:24,310 --> 00:28:22,960

technology it's just like yeah you don't

819

00:28:25,590 --> 00:28:24,320

even you don't even need it because it's

820

00:28:27,669 --> 00:28:25,600

just

821

00:28:28,789 --> 00:28:27,679

it's part of the design you know you're

822

00:28:31,830 --> 00:28:28,799

yeah

823

00:28:35,750 --> 00:28:31,840

actually

824

00:28:37,830 --> 00:28:35,760

outside the ship as you're flying it

825

00:28:39,350 --> 00:28:37,840

like you're just aware of it in that in

826

00:28:40,870 --> 00:28:39,360

that dimensional space you know

827

00:28:43,669 --> 00:28:40,880

everything going on around it

828

00:28:45,350 --> 00:28:43,679

yeah you're just floating you're flying

829

00:28:45,669 --> 00:28:45,360

through space it's just you you don't

830

00:28:48,710 --> 00:28:45,679

see

831

00:28:50,470 --> 00:28:48,720

anything else but like stars yeah yeah

832

00:28:52,389 --> 00:28:50,480

that's you're just aware you just like

833

00:28:53,510 --> 00:28:52,399

have an awareness of how big you are as

834

00:28:55,750 --> 00:28:53,520

a ship and

835

00:28:57,750 --> 00:28:55,760

all the all the cameras that are around

836

00:29:00,310 --> 00:28:57,760

it which i'm sure is just like

837

00:29:02,470 --> 00:29:00,320

video sensors yeah we have to have a

838

00:29:05,510 --> 00:29:02,480

camera they probably don't

839

00:29:07,750 --> 00:29:05,520

you know you just fly around with this

840

00:29:12,070 --> 00:29:07,760

this like uh you know ability just to

841

00:29:14,230 --> 00:29:12,080

understand where you're at yeah man

842

00:29:15,830 --> 00:29:14,240

there's that uh that well i guess it's

843

00:29:17,350 --> 00:29:15,840

probably it's it's a few years old now

844

00:29:19,750 --> 00:29:17,360

but like the

845

00:29:21,110 --> 00:29:19,760

the glass technology like i was i was

846

00:29:22,389 --> 00:29:21,120

looking at some of that stuff that they

847

00:29:24,870 --> 00:29:22,399

were using it on like

848

00:29:26,470 --> 00:29:24,880

in cars you know how you're driving and

849

00:29:29,350 --> 00:29:26,480

like your windshield

850

00:29:30,549 --> 00:29:29,360

and then the separators the little

851

00:29:32,149 --> 00:29:30,559

dividers right there

852

00:29:33,830 --> 00:29:32,159

you can see right through them it's so

853

00:29:37,110 --> 00:29:33,840

cool yeah while you're driving

854

00:29:38,630 --> 00:29:37,120

yeah it's awesome which is yeah you know

855

00:29:40,470 --> 00:29:38,640

they got some pretty cool emerging

856

00:29:42,789 --> 00:29:40,480

technology especially with the whole

857

00:29:44,549 --> 00:29:42,799

you know like mind control tech i mean

858

00:29:46,389 --> 00:29:44,559

they've got like

859

00:29:48,149 --> 00:29:46,399

drones and stuff like that that you

860

00:29:50,549 --> 00:29:48,159

literally just can use your

861

00:29:51,909 --> 00:29:50,559

alpha or paid away or whatever yeah i

862

00:29:53,750 --> 00:29:51,919

don't know exactly how it works but you

863

00:29:55,350 --> 00:29:53,760

just put these little headsets on and it

864

00:29:58,470 --> 00:29:55,360

it's like an ekg and

865

00:30:00,710 --> 00:29:58,480

uses that readout to actually fly things

866

00:30:02,389 --> 00:30:00,720

and move things and robots and [h\_\_h] like

867

00:30:04,389 --> 00:30:02,399

that

868

00:30:05,990 --> 00:30:04,399

it's it's pretty amazing and i mean

869

00:30:07,909 --> 00:30:06,000

imagine that extrapolated by

870

00:30:09,269 --> 00:30:07,919

you know ten thousand years now you know

871

00:30:12,070 --> 00:30:09,279

how they fly things

872

00:30:13,029 --> 00:30:12,080

yeah yeah it's no surprise right and

873

00:30:15,269 --> 00:30:13,039

they're probably like

874

00:30:16,310 --> 00:30:15,279

uh a million light years away doing it

875

00:30:19,590 --> 00:30:16,320

too like

876

00:30:21,990 --> 00:30:19,600

the wi-fi is really good yeah

877

00:30:23,350 --> 00:30:22,000

they got their own hot spot yeah they

878

00:30:25,590 --> 00:30:23,360

carry it with them dude

879

00:30:26,789 --> 00:30:25,600

but yeah man like even like uh like dude

880

00:30:28,470 --> 00:30:26,799

like those sinks

881

00:30:30,389 --> 00:30:28,480

where like you brush your teeth and then

882

00:30:32,549 --> 00:30:30,399

you spit in the sink and the sink gives

883

00:30:33,350 --> 00:30:32,559

you a readout of like how your body's

884

00:30:37,669 --> 00:30:33,360

doing what

885

00:30:41,590 --> 00:30:39,669

what's going on your blood pressure all

886

00:30:42,549 --> 00:30:41,600

kinds of crazy [h\_\_h] just by your spit

887

00:30:44,149 --> 00:30:42,559

spitting in the sink

888

00:30:45,590 --> 00:30:44,159

that's it gives you like a readout on

889

00:30:46,950 --> 00:30:45,600

your on your marriage i mean

890

00:30:48,830 --> 00:30:46,960

above yourself there's no company that

891

00:30:50,230 --> 00:30:48,840

would be interested in that kind of

892

00:30:53,669 --> 00:30:50,240

metadata yeah right

893

00:30:55,190 --> 00:30:53,679

yeah yeah yeah yeah all of a sudden you

894

00:30:57,029 --> 00:30:55,200

get a little readout on your watch

895

00:30:58,549 --> 00:30:57,039

saying your health insurance has gone up

896

00:31:02,070 --> 00:30:58,559

four hundred dollars

897

00:31:04,549 --> 00:31:02,080

dude right yeah i know we read your spit

898

00:31:05,430 --> 00:31:04,559

and uh sorry your premium is sorry guy

899

00:31:07,750 --> 00:31:05,440

you're uh you're

900

00:31:09,830 --> 00:31:07,760

doomed for a heart attack in 37 minutes

901  
00:31:13,669 --> 00:31:09,840

oh i'm sorry guy

902  
00:31:16,549 --> 00:31:13,679

whoa we're gonna have to cancel your uh

903  
00:31:18,149 --> 00:31:16,559

surgery yeah just like imagine in the

904  
00:31:19,990 --> 00:31:18,159

future where like they're

905  
00:31:22,230 --> 00:31:20,000

like the company that's monitoring all

906  
00:31:24,710 --> 00:31:22,240

that they already sent a a

907  
00:31:25,909 --> 00:31:24,720

an ems to your house and you you look up

908  
00:31:27,350 --> 00:31:25,919

and there's an ems outside and you're

909  
00:31:30,149 --> 00:31:27,360

like oh lord

910  
00:31:31,509 --> 00:31:30,159

oh lord it's coming yeah you have a

911  
00:31:33,430 --> 00:31:31,519

heart attack

912  
00:31:35,350 --> 00:31:33,440

but honestly if we had that kind of

913  
00:31:37,029 --> 00:31:35,360

level of technology we wouldn't let our

914

00:31:37,509 --> 00:31:37,039

bodies get to that point unless you're

915

00:31:43,110 --> 00:31:37,519

like

916

00:31:44,950 --> 00:31:43,120

let no technology fix me up

917

00:31:46,389 --> 00:31:44,960

that's how i feel when i talk to my wife

918

00:31:48,389 --> 00:31:46,399

sometimes because we were watching that

919

00:31:50,310 --> 00:31:48,399

little thing on the spit in the sink

920

00:31:52,470 --> 00:31:50,320

and i was like i wouldn't even spit that

921

00:31:55,190 --> 00:31:52,480

tube and get my dna red like why would i

922

00:31:57,269 --> 00:31:55,200

just spit in some random ass sink

923

00:31:58,710 --> 00:31:57,279

i don't trust it i think i'm on the

924

00:32:00,789 --> 00:31:58,720

fence with you like that you know i

925

00:32:02,549 --> 00:32:00,799

won't do the 23andme or any of that

926

00:32:03,269 --> 00:32:02,559

stuff like afraid like where is this

927

00:32:06,389 --> 00:32:03,279

data going

928

00:32:06,870 --> 00:32:06,399

yeah who is exactly getting access to

929

00:32:09,509 --> 00:32:06,880

these

930

00:32:10,230 --> 00:32:09,519

data banks yeah you know and yeah you'll

931

00:32:15,190 --> 00:32:10,240

never know

932

00:32:16,630 --> 00:32:15,200

bought it for me for like my birthday

933

00:32:17,870 --> 00:32:16,640

and he was super excited because he's

934

00:32:20,710 --> 00:32:17,880

really into like

935

00:32:21,909 --> 00:32:20,720

ancestry.com and i didn't want to like

936

00:32:23,830 --> 00:32:21,919

disappoint him so i was like

937

00:32:25,750 --> 00:32:23,840

[h\_\_\h] my brother was like nope not

938

00:32:27,509 --> 00:32:25,760

doing it and then i was like dude

939

00:32:29,909 --> 00:32:27,519

but dad's really excited about this like

940

00:32:32,230 --> 00:32:29,919

just do it so we both did it and like

941

00:32:33,430 --> 00:32:32,240

sure enough like our cousin emailed us

942

00:32:35,350 --> 00:32:33,440

and she was like hey just saw that you

943

00:32:38,389 --> 00:32:35,360

popped up on my family tree

944

00:32:40,149 --> 00:32:38,399

oh my god you should have just like

945

00:32:43,190 --> 00:32:40,159

pretended to take it and then be like

946

00:32:44,870 --> 00:32:43,200

dad i didn't know we were african

947

00:32:45,860 --> 00:32:44,880

or had like one of your co-workers spit

948

00:32:48,470 --> 00:32:45,870

in it

949

00:32:51,509 --> 00:32:48,480

[Laughter]

950

00:32:52,950 --> 00:32:51,519

we're not related yeah all right it says

951  
00:32:56,389 --> 00:32:52,960  
here you're not the father

952  
00:32:58,149 --> 00:32:56,399  
explaining to you yeah oh man i feel

953  
00:33:01,669 --> 00:32:58,159  
like i was adopted now

954  
00:33:02,549 --> 00:33:01,679  
yeah man but that stuff's crazy i know

955  
00:33:04,470 --> 00:33:02,559  
uh

956  
00:33:05,590 --> 00:33:04,480  
one of those companies i think got

957  
00:33:07,990 --> 00:33:05,600  
busted for

958  
00:33:10,149 --> 00:33:08,000  
selling to third parties i think that

959  
00:33:10,950 --> 00:33:10,159  
was ancestry was it ancestry that's the

960  
00:33:13,830 --> 00:33:10,960  
one i did

961  
00:33:14,470 --> 00:33:13,840  
oh now your shit's sold to like dr evil

962  
00:33:17,669 --> 00:33:14,480  
and

963  
00:33:19,110 --> 00:33:17,679

now he knows like all your genetics yeah

964

00:33:20,310 --> 00:33:19,120

great it's kind of a scary thought when

965

00:33:21,990 --> 00:33:20,320

you think about it if a lot of people

966

00:33:24,149 --> 00:33:22,000

were to do that and you know there was

967

00:33:25,990 --> 00:33:24,159

like some nefarious like company who

968

00:33:27,909 --> 00:33:26,000

gathered all this data and it's like

969

00:33:29,269 --> 00:33:27,919

oh look we can now tell that the

970

00:33:32,630 --> 00:33:29,279

population

971

00:33:35,590 --> 00:33:32,640

is uh you know uh is

972

00:33:36,870 --> 00:33:35,600

you know susceptible to this and if we

973

00:33:38,230 --> 00:33:36,880

wanted to like you know

974

00:33:40,230 --> 00:33:38,240

what if they wanted to wipe i mean we

975

00:33:42,070 --> 00:33:40,240

could take this coronavirus thing like

976  
00:33:43,750 --> 00:33:42,080  
like right now just like as an example

977  
00:33:44,950 --> 00:33:43,760  
of what i get like rabbit holy

978  
00:33:46,710 --> 00:33:44,960  
conspiracy theory

979  
00:33:48,789 --> 00:33:46,720  
you know like all these people that spit

980  
00:33:50,630 --> 00:33:48,799  
in a [h\_\_h] cup how did they know that

981  
00:33:53,110 --> 00:33:50,640  
we would all be susceptible to this

982  
00:33:54,549 --> 00:33:53,120  
one random ass disease they were like oh

983  
00:33:56,230 --> 00:33:54,559  
and then the bilderberg meeting they

984  
00:33:58,870 --> 00:33:56,240  
were like hey we could try this new

985  
00:34:00,549 --> 00:33:58,880  
sarge cove in 19 thing want to try that

986  
00:34:02,470 --> 00:34:00,559  
out yeah [h\_\_h] do it and

987  
00:34:05,029 --> 00:34:02,480  
they're just they're they're killing

988  
00:34:09,030 --> 00:34:05,039

like they're they're killing like .1

989

00:34:12,550 --> 00:34:09,040

of the population it's it's just under 5

990

00:34:15,750 --> 00:34:12,560

worldwide oh oh okay

991

00:34:18,310 --> 00:34:15,760

yes that still smells like a lot

992

00:34:19,990 --> 00:34:18,320

i mean wait when you look at the numbers

993

00:34:22,790 --> 00:34:20,000

it really looks like oh my

994

00:34:23,430 --> 00:34:22,800

god you know but i'm not really sold on

995

00:34:25,909 --> 00:34:23,440

on like

996

00:34:26,550 --> 00:34:25,919

the response that we've had from it i

997

00:34:28,230 --> 00:34:26,560

mean

998

00:34:30,069 --> 00:34:28,240

you obviously if i go into an old

999

00:34:32,230 --> 00:34:30,079

person's house that's like

1000

00:34:33,510 --> 00:34:32,240

calf dead i'm gonna wear a mask and i'm

1001  
00:34:35,349 --> 00:34:33,520  
gonna you know but

1002  
00:34:36,950 --> 00:34:35,359  
like i'm going into that you know i'll

1003  
00:34:39,349 --> 00:34:36,960  
go into your house and it's like

1004  
00:34:41,270 --> 00:34:39,359  
um i don't see any babies i don't you

1005  
00:34:44,550 --> 00:34:41,280  
know well one of you has babies

1006  
00:34:48,790 --> 00:34:44,560  
yeah but uh you know

1007  
00:34:51,589 --> 00:34:48,800  
i don't know i just don't see the uh

1008  
00:34:53,190 --> 00:34:51,599  
the reason behind it you know i mean

1009  
00:34:54,550 --> 00:34:53,200  
it's just like you can cherry pick

1010  
00:34:56,470 --> 00:34:54,560  
all your readings or not but the

1011  
00:34:59,510 --> 00:34:56,480  
majority of the studies say that the

1012  
00:35:02,790 --> 00:34:59,520  
masks don't really work all that well

1013  
00:35:04,950 --> 00:35:02,800

i mean the the people that are

1014

00:35:05,829 --> 00:35:04,960

it's saving really isn't really a whole

1015

00:35:07,030 --> 00:35:05,839

lot but

1016

00:35:08,790 --> 00:35:07,040

you know i would get a lot of flack

1017

00:35:10,069 --> 00:35:08,800

about that because that's not a popular

1018

00:35:12,310 --> 00:35:10,079

opinion right now but

1019

00:35:13,990 --> 00:35:12,320

yeah yeah i would think that the heat of

1020

00:35:16,870 --> 00:35:14,000

this topic is kind of

1021

00:35:17,670 --> 00:35:16,880

kind of uh fizzled out a little bit so

1022

00:35:19,670 --> 00:35:17,680

it's not as

1023

00:35:20,870 --> 00:35:19,680

controversial i think a little bit i

1024

00:35:23,990 --> 00:35:20,880

don't know you know it's like

1025

00:35:26,790 --> 00:35:24,000

you know now that uh oh wait oh wait

1026  
00:35:28,390 --> 00:35:26,800  
well now that biden's uh hey guys guys

1027  
00:35:28,870 --> 00:35:28,400  
we gotta get our masks on biden's

1028  
00:35:31,349 --> 00:35:28,880  
president

1029  
00:35:32,790 --> 00:35:31,359  
oh [h\_\_h] that's right i forgot about that

1030  
00:35:35,510 --> 00:35:32,800  
yeah we've gotta we've gotta live

1031  
00:35:36,150 --> 00:35:35,520  
we've gotta live in our masks now yep

1032  
00:35:39,109 --> 00:35:36,160  
yep

1033  
00:35:40,790 --> 00:35:39,119  
all right or or the flip side or the

1034  
00:35:43,270 --> 00:35:40,800  
flip side because biden is now

1035  
00:35:44,470 --> 00:35:43,280  
you know president-elect uh i mean as

1036  
00:35:46,710 --> 00:35:44,480  
far as we know

1037  
00:35:48,069 --> 00:35:46,720  
that what i mean it could be that

1038  
00:35:49,510 --> 00:35:48,079

they've been uh

1039

00:35:50,950 --> 00:35:49,520

the statistics and all that stuff

1040

00:35:52,230 --> 00:35:50,960

they've just been waiting for the right

1041

00:35:54,069 --> 00:35:52,240

person to get elected and now they're

1042

00:35:55,430 --> 00:35:54,079

gonna start opening [h\_\_h] back up

1043

00:35:57,190 --> 00:35:55,440

and now it's gonna make you know the

1044

00:35:58,630 --> 00:35:57,200

democratic party look like the good guys

1045

00:36:00,069 --> 00:35:58,640

all of a sudden it's like all right you

1046

00:36:01,510 --> 00:36:00,079

know let's our heart goes out to all

1047

00:36:02,630 --> 00:36:01,520

those that have passed but it's time to

1048

00:36:06,550 --> 00:36:02,640

get back to business

1049

00:36:08,870 --> 00:36:06,560

right dude i heard uh i was listening to

1050

00:36:10,550 --> 00:36:08,880

biden talk the other day and he was

1051

00:36:13,750 --> 00:36:10,560

talking about the transfer

1052

00:36:17,109 --> 00:36:13,760

of power and he was like you know the

1053

00:36:19,589 --> 00:36:17,119

you know uh trump is is putting millions

1054

00:36:21,430 --> 00:36:19,599

of americans lives in danger because

1055

00:36:23,910 --> 00:36:21,440

if we can't get in the white house right

1056

00:36:25,910 --> 00:36:23,920

now we're falling behind on the plan

1057

00:36:27,910 --> 00:36:25,920

we need the plan and it was like your

1058

00:36:29,349 --> 00:36:27,920

whole [h\_\_h] thing was based on you

1059

00:36:32,310 --> 00:36:29,359

have this grand ass

1060

00:36:34,069 --> 00:36:32,320

plan that was gonna save everybody what

1061

00:36:35,430 --> 00:36:34,079

happened to your [h\_\_h] plan

1062

00:36:37,510 --> 00:36:35,440

why are you waiting to get in the white

1063

00:36:38,790 --> 00:36:37,520

house so you can get donald trump's plan

1064

00:36:39,990 --> 00:36:38,800

why do you want him to give it to you i

1065

00:36:42,470 --> 00:36:40,000

thought you already had a plan

1066

00:36:43,829 --> 00:36:42,480

that's what you told everybody right and

1067

00:36:44,950 --> 00:36:43,839

well let's just say he told everybody he

1068

00:36:46,790 --> 00:36:44,960

was gonna you know shut

1069

00:36:48,790 --> 00:36:46,800

everything down and everything like that

1070

00:36:50,069 --> 00:36:48,800

and this just saw in the news yesterday

1071

00:36:52,069 --> 00:36:50,079

he's like back peddling

1072

00:36:54,630 --> 00:36:52,079

yeah he's like we're not gonna shut down

1073

00:36:54,950 --> 00:36:54,640

the economy let me say this again we're

1074

00:36:57,670 --> 00:36:54,960

not

1075

00:36:59,750 --> 00:36:57,680

going to shut the economy with the

1076

00:37:01,430 --> 00:36:59,760

economy and we gotta we got boxes and in

1077

00:37:03,430 --> 00:37:01,440

there and then there's turtles and

1078

00:37:06,390 --> 00:37:03,440

the turtles needed to go wherever you

1079

00:37:09,109 --> 00:37:06,400

man don't shoot around

1080

00:37:10,710 --> 00:37:09,119

that was a spot spot-on impression i

1081

00:37:12,230 --> 00:37:10,720

know our governor just basically said

1082

00:37:14,310 --> 00:37:12,240

that we don't really care what the

1083

00:37:16,150 --> 00:37:14,320

president says about whoever it is we're

1084

00:37:17,430 --> 00:37:16,160

not shutting anything down again

1085

00:37:19,190 --> 00:37:17,440

yeah we're not gonna we're not gonna be

1086

00:37:20,950 --> 00:37:19,200

putting because i mean think about all

1087

00:37:23,829 --> 00:37:20,960

the lives that shutting down

1088

00:37:24,230 --> 00:37:23,839

all these small businesses destroyed i

1089

00:37:27,349 --> 00:37:24,240

mean

1090

00:37:29,430 --> 00:37:27,359

there's people in our field that

1091

00:37:30,390 --> 00:37:29,440

everybody knows ryan sprague right yeah

1092

00:37:33,430 --> 00:37:30,400

oh yeah

1093

00:37:35,670 --> 00:37:33,440

his primary job was a bartender yeah

1094

00:37:36,870 --> 00:37:35,680

yeah man yeah that dude was stressing

1095

00:37:38,390 --> 00:37:36,880

for a quick minute

1096

00:37:40,470 --> 00:37:38,400

i can't imagine dude i don't know how he

1097

00:37:42,470 --> 00:37:40,480

ended up in hawaii but you know

1098

00:37:43,829 --> 00:37:42,480

yeah i heard that on his last podcast he

1099

00:37:45,829 --> 00:37:43,839

was like chilling in hawaii right now

1100

00:37:48,710 --> 00:37:45,839

yeah

1101

00:37:50,790 --> 00:37:48,720

but i thought they didn't let nobody go

1102

00:37:52,950 --> 00:37:50,800

to hawaii

1103

00:37:54,230 --> 00:37:52,960

dude but uh yeah he but he and i know he

1104

00:37:56,470 --> 00:37:54,240

was stressing it there for a little

1105

00:37:59,589 --> 00:37:56,480

while too you know but everybody felt it

1106

00:38:02,310 --> 00:37:59,599

i mean oh yeah yeah man my

1107

00:38:04,069 --> 00:38:02,320

my field like exploded i could imagine

1108

00:38:05,430 --> 00:38:04,079

yours did too man like in the

1109

00:38:07,270 --> 00:38:05,440

cable everybody having to work from home

1110

00:38:09,670 --> 00:38:07,280

you were probably busy as [h\_\_h] oh yeah i

1111

00:38:10,150 --> 00:38:09,680

dude i have been just swamped with work

1112

00:38:12,069 --> 00:38:10,160

man

1113

00:38:13,829 --> 00:38:12,079

well i'll be dead honestly this first

1114

00:38:16,470 --> 00:38:13,839

happened i was like well

1115

00:38:16,870 --> 00:38:16,480

they're saying pandemic so i'm gonna go

1116

00:38:20,710 --> 00:38:16,880

ahead and

1117

00:38:23,750 --> 00:38:20,720

stay home since i have a lot of vacation

1118

00:38:26,710 --> 00:38:23,760

yes yes oh yeah hell yeah so

1119

00:38:27,420 --> 00:38:26,720

i think i i think i was home like five

1120

00:38:29,270 --> 00:38:27,430

weeks

1121

00:38:32,310 --> 00:38:29,280

[Music]

1122

00:38:33,990 --> 00:38:32,320

yeah that's badass oh yeah yeah so

1123

00:38:35,030 --> 00:38:34,000

yeah the company came out because they

1124

00:38:35,349 --> 00:38:35,040

didn't because they were getting a lot

1125

00:38:37,190 --> 00:38:35,359

of

1126  
00:38:38,390 --> 00:38:37,200  
flack because it was basically business

1127  
00:38:40,630 --> 00:38:38,400  
as usual it's like

1128  
00:38:42,069 --> 00:38:40,640  
if you die you die oh well get out there

1129  
00:38:45,430 --> 00:38:42,079  
and fix the cable

1130  
00:38:45,990 --> 00:38:45,440  
oh yeah man just just just let us know

1131  
00:38:49,430 --> 00:38:46,000  
if they don't let

1132  
00:38:52,870 --> 00:38:49,440  
you in the house yes i know our company

1133  
00:38:53,829 --> 00:38:52,880  
like when it when it when things seem to

1134  
00:38:55,510 --> 00:38:53,839  
be crazy

1135  
00:38:56,870 --> 00:38:55,520  
they were like it was like a wednesday

1136  
00:38:59,430 --> 00:38:56,880  
and they were like okay

1137  
00:39:00,069 --> 00:38:59,440  
we're shutting it down and then so that

1138  
00:39:01,990 --> 00:39:00,079

was wednesday

1139

00:39:03,829 --> 00:39:02,000

thursday friday and then by saturday

1140

00:39:05,910 --> 00:39:03,839

they were like

1141

00:39:07,349 --> 00:39:05,920

you guys all need to come to work monday

1142

00:39:08,150 --> 00:39:07,359

go ahead just come back we're all just

1143

00:39:09,829 --> 00:39:08,160

going to come back you know what if

1144

00:39:11,510 --> 00:39:09,839

somebody gets sick we'll just get tested

1145

00:39:13,349 --> 00:39:11,520

and we'll we'll play it by ear but until

1146

00:39:15,190 --> 00:39:13,359

then we get [h\_\_h] we got [h\_\_h] to do yeah

1147

00:39:18,390 --> 00:39:15,200

let's go because we all have to eat

1148

00:39:20,950 --> 00:39:18,400

yeah exactly exactly i kind of like

1149

00:39:22,310 --> 00:39:20,960

food yeah you know i like to wipe my ass

1150

00:39:24,790 --> 00:39:22,320

when toilet paper is available

1151

00:39:26,230 --> 00:39:24,800

yeah absolutely yeah i just i saw that

1152

00:39:27,670 --> 00:39:26,240

this meme the other day

1153

00:39:29,750 --> 00:39:27,680

kind of cracked me up it was like any

1154

00:39:30,790 --> 00:39:29,760

job that puts food on the table is

1155

00:39:33,270 --> 00:39:30,800

essential

1156

00:39:34,630 --> 00:39:33,280

it's like once yeah yeah of course it is

1157

00:39:36,790 --> 00:39:34,640

yeah be right back

1158

00:39:37,829 --> 00:39:36,800

yeah man but yeah this whole whole

1159

00:39:40,310 --> 00:39:37,839

thing's been just

1160

00:39:41,589 --> 00:39:40,320

just nuts it's throwing a kink in a lot

1161

00:39:45,190 --> 00:39:41,599

of people's plans i know

1162

00:39:48,470 --> 00:39:45,200

here in austin dude i mean our like

1163

00:39:51,910 --> 00:39:48,480

the the city's economy is based off of

1164

00:39:55,430 --> 00:39:51,920

restaurants you know uh bars and

1165

00:39:57,750 --> 00:39:55,440

live music that's what we thrive on

1166

00:39:58,470 --> 00:39:57,760

it's known for its you know nightlife

1167

00:40:00,710 --> 00:39:58,480

yep yep

1168

00:40:02,710 --> 00:40:00,720

and it's almost like uh like i'm sure

1169

00:40:04,150 --> 00:40:02,720

downtown san diego took a big hit you

1170

00:40:06,710 --> 00:40:04,160

know with fifth street yeah

1171

00:40:07,270 --> 00:40:06,720

it was like the spot i mean i know like

1172

00:40:10,150 --> 00:40:07,280

our our

1173

00:40:10,790 --> 00:40:10,160

our cities were here in florida we were

1174

00:40:13,589 --> 00:40:10,800

i mean we're

1175

00:40:14,710 --> 00:40:13,599

tourists towards central definitely you

1176  
00:40:15,430 --> 00:40:14,720  
know all of a sudden you know they're

1177  
00:40:17,190 --> 00:40:15,440  
saying oh

1178  
00:40:19,589 --> 00:40:17,200  
hot spot you know don't go to florida

1179  
00:40:21,270 --> 00:40:19,599  
you know and then nobody came here so

1180  
00:40:22,790 --> 00:40:21,280  
we've got a lot of restaurants that went

1181  
00:40:24,230 --> 00:40:22,800  
out of business we got a lot of small

1182  
00:40:27,430 --> 00:40:24,240  
businesses that are just

1183  
00:40:30,069 --> 00:40:27,440  
packed up done yep you know yep

1184  
00:40:31,990 --> 00:40:30,079  
a lot of our family businesses and

1185  
00:40:34,870 --> 00:40:32,000  
restaurants that have been here for

1186  
00:40:36,230 --> 00:40:34,880  
40 plus years they're gone like they're

1187  
00:40:39,270 --> 00:40:36,240  
just not here anymore

1188  
00:40:42,230 --> 00:40:39,280

it sucks it's a real bumner yeah and

1189

00:40:43,510 --> 00:40:42,240

in the middle of it austin austin the

1190

00:40:45,430 --> 00:40:43,520

election austin

1191

00:40:46,790 --> 00:40:45,440

decided we wanted to raise everybody's

1192

00:40:49,589 --> 00:40:46,800

[h\_\_\h] taxes

1193

00:40:51,510 --> 00:40:49,599

too so it's like okay everybody's out of

1194

00:40:52,069 --> 00:40:51,520

a job nobody's got any work nobody's got

1195

00:40:54,790 --> 00:40:52,079

an income

1196

00:40:56,309 --> 00:40:54,800

going yeah let's build a [h\_\_\h] train

1197

00:40:59,670 --> 00:40:56,319

through the city right well

1198

00:41:02,230 --> 00:40:59,680

cool yeah didn't the stimulus check

1199

00:41:02,710 --> 00:41:02,240

take care of that oh yeah totally man

1200

00:41:04,829 --> 00:41:02,720

yeah

1201  
00:41:06,150 --> 00:41:04,839  
i've still got money left over from that

1202  
00:41:08,550 --> 00:41:06,160  
twelve

1203  
00:41:09,910 --> 00:41:08,560  
anymore right no no no i heard i heard

1204  
00:41:12,790 --> 00:41:09,920  
that you don't have to pay your rent

1205  
00:41:14,150 --> 00:41:12,800  
you got stimulus is that the utility you

1206  
00:41:14,950 --> 00:41:14,160  
don't have to pay your utilities anymore

1207  
00:41:17,349 --> 00:41:14,960  
either i heard

1208  
00:41:19,430 --> 00:41:17,359  
yeah it's just uh it's all free yeah

1209  
00:41:20,870 --> 00:41:19,440  
everything's free

1210  
00:41:23,430 --> 00:41:20,880  
biden's president now so it's free

1211  
00:41:25,829 --> 00:41:23,440  
everything's free yeah oh yeah hey

1212  
00:41:27,349 --> 00:41:25,839  
equipment you know that's that's a nice

1213  
00:41:31,829 --> 00:41:27,359

guitar you have there i think

1214

00:41:35,190 --> 00:41:33,910  
or at least or at least cut it in half

1215

00:41:38,309 --> 00:41:35,200  
and give half to gary

1216

00:41:39,270 --> 00:41:38,319  
right so it can be equal he's got to be

1217

00:41:40,710 --> 00:41:39,280  
fair

1218

00:41:42,710 --> 00:41:40,720  
yeah well it doesn't matter i can't

1219

00:41:44,150 --> 00:41:42,720  
argue with that logic i mean

1220

00:41:46,870 --> 00:41:44,160  
it doesn't matter if she worked your ass

1221

00:41:49,910 --> 00:41:46,880  
off paid for it in cash

1222

00:41:50,870 --> 00:41:49,920  
yeah oh yes dude where wasn't you that

1223

00:41:54,550 --> 00:41:50,880  
was telling me that

1224

00:41:57,190 --> 00:41:54,560  
uh at car dealerships like people

1225

00:41:57,910 --> 00:41:57,200  
people assume that if you go and pay

1226

00:42:00,069 --> 00:41:57,920

cash

1227

00:42:02,069 --> 00:42:00,079

that it's better but actually they end

1228

00:42:04,069 --> 00:42:02,079

up [h\_\_h] you more if you go in and pay

1229

00:42:06,309 --> 00:42:04,079

cash because they want you to finance

1230

00:42:07,670 --> 00:42:06,319

now was it you that was telling me that

1231

00:42:09,349 --> 00:42:07,680

man it could have been but it doesn't

1232

00:42:13,910 --> 00:42:09,359

sound good on the uh

1233

00:42:21,510 --> 00:42:13,920

apr it all depends on the apr for sure

1234

00:42:24,790 --> 00:42:23,750

it really all depends i mean if you buy

1235

00:42:27,109 --> 00:42:24,800

a new vehicle

1236

00:42:28,710 --> 00:42:27,119

then you're better off financing and if

1237

00:42:29,750 --> 00:42:28,720

you buy a used vehicle you're better off

1238

00:42:31,990 --> 00:42:29,760

paying cash because

1239

00:42:33,829 --> 00:42:32,000

they can actually negotiate with you on

1240

00:42:35,349 --> 00:42:33,839

the price of a used vehicle where they

1241

00:42:37,030 --> 00:42:35,359

can't negotiate you with you on the

1242

00:42:39,750 --> 00:42:37,040

price of a new vehicle

1243

00:42:41,349 --> 00:42:39,760

yeah i'm a man i'm i'm kind of in this

1244

00:42:42,870 --> 00:42:41,359

in between where i'm i'm looking at

1245

00:42:46,470 --> 00:42:42,880

getting a truck

1246

00:42:47,990 --> 00:42:46,480

and uh i won't buy a another new vehicle

1247

00:42:50,230 --> 00:42:48,000

yeah obviously go get yourself something

1248

00:42:52,390 --> 00:42:50,240

five years old pull it right off the lot

1249

00:42:53,990 --> 00:42:52,400

yep you're gonna pay half the price for

1250

00:42:55,270 --> 00:42:54,000

it and probably get

1251  
00:42:56,950 --> 00:42:55,280  
way more options than you would have

1252  
00:42:58,710 --> 00:42:56,960  
been able to afford on a new one yeah

1253  
00:43:00,470 --> 00:42:58,720  
man well i'm starting i'm

1254  
00:43:02,390 --> 00:43:00,480  
trying to start my own business it's

1255  
00:43:03,270 --> 00:43:02,400  
called brother nature brother nature and

1256  
00:43:04,950 --> 00:43:03,280  
uh

1257  
00:43:06,630 --> 00:43:04,960  
i'm looking for a looking for a work

1258  
00:43:08,390 --> 00:43:06,640  
truck and i'm kind of

1259  
00:43:10,150 --> 00:43:08,400  
in this go get yourself a good dually

1260  
00:43:12,069 --> 00:43:10,160  
diesel it'll last forever

1261  
00:43:13,430 --> 00:43:12,079  
yeah you take care of it yep that's what

1262  
00:43:14,870 --> 00:43:13,440  
i was thinking that's what i was

1263  
00:43:17,829 --> 00:43:14,880

thinking about julie

1264

00:43:18,230 --> 00:43:17,839

that means there's more tires right yes

1265

00:43:20,950 --> 00:43:18,240

yep

1266

00:43:21,829 --> 00:43:20,960

more surface he can haul more uh

1267

00:43:25,349 --> 00:43:21,839

nature's

1268

00:43:27,510 --> 00:43:25,359

whatever he's hollering and all more

1269

00:43:29,750 --> 00:43:27,520

nature they can haul more nature

1270

00:43:31,990 --> 00:43:29,760

dude that's that's the slogan we all

1271

00:43:36,069 --> 00:43:32,000

more nature

1272

00:43:53,430 --> 00:43:39,900

we do nature and stuff yeah your job

1273

00:43:58,309 --> 00:43:56,950

yeah nature done right i mean you know

1274

00:44:00,150 --> 00:43:58,319

what i do now is uh

1275

00:44:02,790 --> 00:44:00,160

man it's it's actually it it's probably

1276

00:44:05,990 --> 00:44:02,800

a lot more construction

1277

00:44:08,390 --> 00:44:06,000

uh the landscaping is just the

1278

00:44:10,150 --> 00:44:08,400

the end part of our construction you

1279

00:44:10,950 --> 00:44:10,160

know okay so you do the actually the

1280

00:44:12,950 --> 00:44:10,960

actual

1281

00:44:15,910 --> 00:44:12,960

lan you know putting in like the raised

1282

00:44:17,910 --> 00:44:15,920

flower beds oh yeah the the features

1283

00:44:19,430 --> 00:44:17,920

and uh oh yeah that's awesome yeah

1284

00:44:20,790 --> 00:44:19,440

that's that's real landscaping right

1285

00:44:23,030 --> 00:44:20,800

there we did a uh

1286

00:44:25,349 --> 00:44:23,040

we like we uh we did it was like a four

1287

00:44:29,030 --> 00:44:25,359

year project where we did a uh

1288

00:44:32,470 --> 00:44:29,040

man it was probably like 150 yards

1289

00:44:34,550 --> 00:44:32,480

up a cliff like a big ass waterfall

1290

00:44:36,069 --> 00:44:34,560

yeah a big ass waterfall off the side of

1291

00:44:37,990 --> 00:44:36,079

a cliff and each

1292

00:44:40,470 --> 00:44:38,000

little piece was all dug out with you

1293

00:44:43,190 --> 00:44:40,480

know bobcats and we had cranes and stuff

1294

00:44:45,109 --> 00:44:43,200

that sounds outstanding oh dude it's

1295

00:44:45,670 --> 00:44:45,119

pretty epic like when we finish a

1296

00:44:47,750 --> 00:44:45,680

project

1297

00:44:49,190 --> 00:44:47,760

it's it's massive is that the one with

1298

00:44:50,790 --> 00:44:49,200

the the river going through

1299

00:44:52,630 --> 00:44:50,800

or is that different yeah i showed it to

1300

00:44:54,230 --> 00:44:52,640

you so the one that yeah it starts at

1301  
00:44:54,790 --> 00:44:54,240  
the top of the hill at the guy's shop

1302  
00:44:56,710 --> 00:44:54,800  
and then it

1303  
00:44:59,270 --> 00:44:56,720  
goes all the way down it's pretty badass

1304  
00:45:01,190 --> 00:44:59,280  
and easy cascading waterfall type deal

1305  
00:45:03,349 --> 00:45:01,200  
yeah yeah it's cool it's awesome it's

1306  
00:45:04,069 --> 00:45:03,359  
got like three separate holding pools

1307  
00:45:06,470 --> 00:45:04,079  
with like these

1308  
00:45:07,750 --> 00:45:06,480  
massive pumps that we installed in them

1309  
00:45:09,510 --> 00:45:07,760  
and you know it's it's

1310  
00:45:11,109 --> 00:45:09,520  
it's pretty neat it's pretty neat but

1311  
00:45:12,230 --> 00:45:11,119  
you know everything is just i'll have to

1312  
00:45:15,270 --> 00:45:12,240  
amend that

1313  
00:45:17,990 --> 00:45:15,280

we make nature for you we make nature

1314

00:45:19,430 --> 00:45:18,000

exactly man some of my favorite times

1315

00:45:21,670 --> 00:45:19,440

doing that though is like when i get to

1316

00:45:23,510 --> 00:45:21,680

make trails like nature trails and [h\_\_h]

1317

00:45:24,630 --> 00:45:23,520

yeah like we'll just go clear out like

1318

00:45:26,309 --> 00:45:24,640

cedar trees

1319

00:45:28,230 --> 00:45:26,319

and then we'll you know we'll make uh

1320

00:45:30,309 --> 00:45:28,240

we'll mulch it all and then we'll make

1321

00:45:30,630 --> 00:45:30,319

these cool paths like through people's

1322

00:45:34,790 --> 00:45:30,640

like

1323

00:45:37,510 --> 00:45:34,800

if they have acreage and stuff

1324

00:45:39,190 --> 00:45:37,520

i love making trails it's so much fun

1325

00:45:41,190 --> 00:45:39,200

would be funny is if you like remove

1326  
00:45:42,630 --> 00:45:41,200  
those cedar trees and then use the chips

1327  
00:45:45,510 --> 00:45:42,640  
from that

1328  
00:45:47,190 --> 00:45:45,520  
and charge them again for the past yeah

1329  
00:45:48,630 --> 00:45:47,200  
yeah well i mean that's kind of how it

1330  
00:45:49,910 --> 00:45:48,640  
goes because it's like i have all this

1331  
00:45:51,190 --> 00:45:49,920  
[h\_\_h] i need to get rid of it what do you

1332  
00:45:53,190 --> 00:45:51,200  
want to do with it

1333  
00:45:54,309 --> 00:45:53,200  
let's uh let's make a hiking path okay

1334  
00:45:56,470 --> 00:45:54,319  
here we go

1335  
00:45:58,390 --> 00:45:56,480  
you gotta pay me for the path so but

1336  
00:46:00,309 --> 00:45:58,400  
yeah i got a big cedar tree in my yard

1337  
00:46:02,390 --> 00:46:00,319  
that's gonna be going away right after

1338  
00:46:05,750 --> 00:46:02,400

taxi i'm clear-cutting my property

1339

00:46:06,309 --> 00:46:05,760

yeah man yeah uh cedar cedars cedar's

1340

00:46:09,109 --> 00:46:06,319

cool

1341

00:46:09,990 --> 00:46:09,119

um especially if you have like uh you

1342

00:46:13,270 --> 00:46:10,000

know like uh

1343

00:46:15,430 --> 00:46:13,280

guinea pigs you know hamsters is you can

1344

00:46:16,390 --> 00:46:15,440

put it in their cage

1345

00:46:18,470 --> 00:46:16,400

that's not where i thought you were

1346

00:46:19,990 --> 00:46:18,480

going with that no other than that i was

1347

00:46:21,589 --> 00:46:20,000

i was waiting for something super cool

1348

00:46:23,270 --> 00:46:21,599

and interesting

1349

00:46:24,870 --> 00:46:23,280

no they could piss and [h\_\_h] all over it

1350

00:46:27,190 --> 00:46:24,880

yeah that's awesome

1351  
00:46:29,030 --> 00:46:27,200  
because other than that just gives you

1352  
00:46:32,230 --> 00:46:29,040  
allergies

1353  
00:46:33,750 --> 00:46:32,240  
so [h\_\_h] it yeah dude

1354  
00:46:35,670 --> 00:46:33,760  
somebody's gonna be allergic to guinea

1355  
00:46:38,230 --> 00:46:35,680  
pigs and cedar dead cedar

1356  
00:46:39,430 --> 00:46:38,240  
that's a shitty house to live in i can't

1357  
00:46:42,550 --> 00:46:39,440  
live in here

1358  
00:46:44,069 --> 00:46:42,560  
i got all these guinea pigs i was just

1359  
00:46:44,870 --> 00:46:44,079  
listening to your boys over there and

1360  
00:46:47,750 --> 00:46:44,880  
what if

1361  
00:46:49,030 --> 00:46:47,760  
uh yeah they were they did that uh that

1362  
00:46:50,950 --> 00:46:49,040  
episode of admiral bird

1363  
00:46:52,550 --> 00:46:50,960

and then you know i kind of i've heard

1364

00:46:54,150 --> 00:46:52,560

the story before but i never

1365

00:46:56,069 --> 00:46:54,160

i didn't really pay much attention to it

1366

00:46:57,589 --> 00:46:56,079

but then i was like listening to

1367

00:46:59,589 --> 00:46:57,599

all the research they did on it and i'm

1368

00:47:00,870 --> 00:46:59,599

thinking to myself wait a minute you

1369

00:47:03,349 --> 00:47:00,880

know

1370

00:47:05,190 --> 00:47:03,359

that actually kind of makes sense you

1371

00:47:05,750 --> 00:47:05,200

know i even whether parallel dimension

1372

00:47:07,430 --> 00:47:05,760

or

1373

00:47:09,109 --> 00:47:07,440

hollow earth either way if they got that

1374

00:47:10,069 --> 00:47:09,119

kind of advanced technology they could

1375

00:47:12,710 --> 00:47:10,079

stop us from

1376  
00:47:13,190 --> 00:47:12,720  
you know seeing or doing anything really

1377  
00:47:16,630 --> 00:47:13,200  
yeah

1378  
00:47:19,270 --> 00:47:16,640  
but you know a uh a peril

1379  
00:47:20,549 --> 00:47:19,280  
of the parallel race theory i guess it's

1380  
00:47:21,270 --> 00:47:20,559  
called or something like that where

1381  
00:47:24,630 --> 00:47:21,280  
there's a

1382  
00:47:26,630 --> 00:47:24,640  
whole other race of people living in

1383  
00:47:28,150 --> 00:47:26,640  
same place we are just so advanced that

1384  
00:47:30,710 --> 00:47:28,160  
we have no idea that they're here

1385  
00:47:32,470 --> 00:47:30,720  
yeah yeah yep that could make sense

1386  
00:47:34,150 --> 00:47:32,480  
because a lot of these uh

1387  
00:47:35,670 --> 00:47:34,160  
explain why the ships change you know

1388  
00:47:38,790 --> 00:47:35,680

have different shapes

1389

00:47:40,950 --> 00:47:38,800

you know over the centuries absolutely

1390

00:47:42,549 --> 00:47:40,960

changed in use you know i mean we don't

1391

00:47:45,750 --> 00:47:42,559

have the same cars all the time

1392

00:47:46,069 --> 00:47:45,760

yeah yeah man you know it's it's crazy

1393

00:47:50,069 --> 00:47:46,079

because

1394

00:47:52,870 --> 00:47:50,079

whenever some people talk about how uh

1395

00:47:53,750 --> 00:47:52,880

like they'll go they'll go certain

1396

00:47:57,510 --> 00:47:53,760

places

1397

00:47:59,430 --> 00:47:57,520

and they'll just be like i know uh

1398

00:48:00,790 --> 00:47:59,440

jocelyn had that story where she hopped

1399

00:48:02,309 --> 00:48:00,800

the fence

1400

00:48:03,990 --> 00:48:02,319

and all her friends were like jocelyn

1401  
00:48:05,670 --> 00:48:04,000  
where are you at and then she was like

1402  
00:48:05,990 --> 00:48:05,680  
taking those pictures for like 10 20

1403  
00:48:07,270 --> 00:48:06,000  
minutes

1404  
00:48:08,309 --> 00:48:07,280  
yeah and then she hopped the fence and

1405  
00:48:10,390 --> 00:48:08,319  
they were like you've been gone for

1406  
00:48:12,069 --> 00:48:10,400  
three hours and she was like what

1407  
00:48:13,670 --> 00:48:12,079  
i just went over the fence and took

1408  
00:48:14,950 --> 00:48:13,680  
these pictures yeah and they were like

1409  
00:48:15,990 --> 00:48:14,960  
no you've been gone for three hours and

1410  
00:48:17,430 --> 00:48:16,000  
they ended up calling the sheriff's

1411  
00:48:19,190 --> 00:48:17,440  
department and everything and they were

1412  
00:48:20,470 --> 00:48:19,200  
looking for and they couldn't find her

1413  
00:48:21,910 --> 00:48:20,480

and then she just popped out she was

1414

00:48:22,870 --> 00:48:21,920

like i've literally been gone for like

1415

00:48:24,470 --> 00:48:22,880

10 minutes

1416

00:48:26,470 --> 00:48:24,480

yeah and she was like you know maybe in

1417

00:48:28,230 --> 00:48:26,480

this area you know maybe there is some

1418

00:48:29,750 --> 00:48:28,240

sort of like you know this parallel

1419

00:48:32,069 --> 00:48:29,760

universe where you just kind of

1420

00:48:33,589 --> 00:48:32,079

slip through time and then you slip back

1421

00:48:35,829 --> 00:48:33,599

through it you know maybe that

1422

00:48:37,829 --> 00:48:35,839

accounts for just strange [h\_\_h] happening

1423

00:48:38,790 --> 00:48:37,839

you know like admiral bird story he's

1424

00:48:40,069 --> 00:48:38,800

flying over

1425

00:48:42,230 --> 00:48:40,079

you know the arctic and then all of a

1426

00:48:44,710 --> 00:48:42,240

sudden it's like oh hey look at all

1427

00:48:46,390 --> 00:48:44,720

these trees and all this crazy [\h\_\_\h]

1428

00:48:48,630 --> 00:48:46,400

you know there's green there's water

1429

00:48:50,470 --> 00:48:48,640

everywhere what did you mean who's to

1430

00:48:52,309 --> 00:48:50,480

say maybe he didn't fly through this

1431

00:48:54,549 --> 00:48:52,319

little parallel dimension you know

1432

00:48:56,790 --> 00:48:54,559

right just did you guys see uh that

1433

00:48:58,710 --> 00:48:56,800

movie the phenomenon that just came out

1434

00:49:00,390 --> 00:48:58,720

yeah i just finished it last night yeah

1435

00:49:03,349 --> 00:49:00,400

yeah i just say after i

1436

00:49:05,190 --> 00:49:03,359

heard about it on uh ryan's podcast i

1437

00:49:07,510 --> 00:49:05,200

was like i gotta go check that out and

1438

00:49:09,990 --> 00:49:07,520

you know other than you know dealing

1439

00:49:12,470 --> 00:49:10,000

with looking at fravor again

1440

00:49:14,309 --> 00:49:12,480

yeah i mean it was a it was a very

1441

00:49:14,950 --> 00:49:14,319

interesting documentary because it it

1442

00:49:17,109 --> 00:49:14,960

actually it's

1443

00:49:18,950 --> 00:49:17,119

it went through like these historical

1444

00:49:21,990 --> 00:49:18,960

big historical events

1445

00:49:22,790 --> 00:49:22,000

um you know it wasn't all uh this is

1446

00:49:24,390 --> 00:49:22,800

what i think

1447

00:49:26,390 --> 00:49:24,400

you know it was more like here's what

1448

00:49:27,750 --> 00:49:26,400

happened here's what we have and here's

1449

00:49:29,670 --> 00:49:27,760

what we know

1450

00:49:31,910 --> 00:49:29,680

yeah that's that's really what i liked

1451

00:49:34,309 --> 00:49:31,920

about it is it wasn't going

1452

00:49:35,990 --> 00:49:34,319

too far beyond it but then what kind of

1453

00:49:37,190 --> 00:49:36,000

scared me about the movie is just all

1454

00:49:39,670 --> 00:49:37,200

these important people

1455

00:49:41,270 --> 00:49:39,680

just being so cryptic about yeah well

1456

00:49:42,549 --> 00:49:41,280

man i don't think even uh

1457

00:49:44,309 --> 00:49:42,559

you know i don't think it's even seen

1458

00:49:44,710 --> 00:49:44,319

the light of day yet and like the what

1459

00:49:49,109 --> 00:49:44,720

the

1460

00:49:52,470 --> 00:49:50,790

it's like when i talk to lou you know

1461

00:49:53,910 --> 00:49:52,480

and lose like all cryptic about

1462

00:49:55,349 --> 00:49:53,920

everything all the time you know he's

1463

00:49:57,109 --> 00:49:55,359

just like i'm like so what do you think

1464

00:49:59,190 --> 00:49:57,119

lou

1465

00:50:00,790 --> 00:49:59,200

uh well this is our conversation it's

1466

00:50:02,710 --> 00:50:00,800

like uh i hopped on uh

1467

00:50:04,549 --> 00:50:02,720

that uh the app signal right and it's

1468

00:50:06,710 --> 00:50:04,559

like a super you know supposed to be a

1469

00:50:08,230 --> 00:50:06,720

super secure app you can talk back and

1470

00:50:09,030 --> 00:50:08,240

forth without getting intercepted and

1471

00:50:12,710 --> 00:50:09,040

it's all that stuff

1472

00:50:14,630 --> 00:50:12,720

i doubt it's perfectly secure but

1473

00:50:16,790 --> 00:50:14,640

yeah like i was on there for like a half

1474

00:50:18,950 --> 00:50:16,800

a minute lou pops on his hey welcome to

1475

00:50:22,470 --> 00:50:18,960

signal

1476  
00:50:26,069 --> 00:50:24,470  
and i guess anybody that you have you

1477  
00:50:26,630 --> 00:50:26,079  
have your contact information in there

1478  
00:50:29,030 --> 00:50:26,640  
that's

1479  
00:50:30,390 --> 00:50:29,040  
on it it'll pop up for you so it must

1480  
00:50:30,950 --> 00:50:30,400  
have popped up telling them that i was

1481  
00:50:33,910 --> 00:50:30,960  
on there

1482  
00:50:35,190 --> 00:50:33,920  
yeah yeah yeah so and uh so i was like

1483  
00:50:36,870 --> 00:50:35,200  
hey so is this as uh

1484  
00:50:38,630 --> 00:50:36,880  
secure as you thank you is it it's

1485  
00:50:40,870 --> 00:50:38,640  
pretty damn secure i'm like all right

1486  
00:50:44,069 --> 00:50:40,880  
well that's that's about as

1487  
00:50:47,349 --> 00:50:44,079  
good uh endorsement as i can get right

1488  
00:50:48,950 --> 00:50:47,359

is it secure absolutely [h\_\_h] it let's do

1489

00:50:52,150 --> 00:50:48,960

it

1490

00:50:53,589 --> 00:50:52,160

i love that dude yeah the the ending was

1491

00:50:55,349 --> 00:50:53,599

interesting like yeah they're talking

1492

00:50:57,270 --> 00:50:55,359

about just it's

1493

00:50:58,549 --> 00:50:57,280

the the conversation is always like how

1494

00:50:59,349 --> 00:50:58,559

has the government been able to keep

1495

00:51:00,790 --> 00:50:59,359

this secret

1496

00:51:02,630 --> 00:51:00,800

and and i mean we've talked about this

1497

00:51:04,309 --> 00:51:02,640

on the last couple of episodes but like

1498

00:51:05,910 --> 00:51:04,319

man when you're when you're threatened

1499

00:51:07,670 --> 00:51:05,920

with your family's life like yeah

1500

00:51:08,950 --> 00:51:07,680

i feel like people can't just simple

1501  
00:51:11,670 --> 00:51:08,960  
fact that if you

1502  
00:51:12,950 --> 00:51:11,680  
knew exactly what it was and he'd be

1503  
00:51:14,309 --> 00:51:12,960  
like like i said before

1504  
00:51:16,230 --> 00:51:14,319  
i think i was on your show when i said

1505  
00:51:18,069 --> 00:51:16,240  
it the first time it's like uh well

1506  
00:51:20,549 --> 00:51:18,079  
if i find out what it is and i say oh

1507  
00:51:23,109 --> 00:51:20,559  
[h\_\_\h] i i can't tell people that

1508  
00:51:24,309 --> 00:51:23,119  
dude yeah you wouldn't even know how to

1509  
00:51:26,230 --> 00:51:24,319  
explain it

1510  
00:51:28,230 --> 00:51:26,240  
see the thing is is like everybody's in

1511  
00:51:30,549 --> 00:51:28,240  
this field generally is either

1512  
00:51:31,349 --> 00:51:30,559  
absolutely bat-shit crazy or really

1513  
00:51:33,190 --> 00:51:31,359

intelligent

1514

00:51:34,710 --> 00:51:33,200

i mean they're and it's hard to tell in

1515

00:51:37,670 --> 00:51:34,720

between yeah because

1516

00:51:39,430 --> 00:51:37,680

there's so many outstanding and just

1517

00:51:41,750 --> 00:51:39,440

super intelligent people

1518

00:51:43,190 --> 00:51:41,760

and just some of them are that [ʌ\_\_ʌ]

1519

00:51:44,790 --> 00:51:43,200

crazy no offense to

1520

00:51:48,150 --> 00:51:44,800

well actually offense them they can have

1521

00:51:52,549 --> 00:51:51,270

but uh but uh you know

1522

00:51:54,710 --> 00:51:52,559

every phenomenon that i've never

1523

00:51:56,309 --> 00:51:54,720

experienced i'm on the fence about

1524

00:51:57,990 --> 00:51:56,319

that's just how it goes i mean it's just

1525

00:51:59,430 --> 00:51:58,000

you know i don't expect anybody to even

1526

00:52:00,230 --> 00:51:59,440

believe my phenomenon if it never

1527

00:52:02,549 --> 00:52:00,240

happened to them

1528

00:52:03,270 --> 00:52:02,559

you know so i'm here i got a story you

1529

00:52:05,829 --> 00:52:03,280

want to hear it

1530

00:52:06,950 --> 00:52:05,839

cool all right this is what happened and

1531

00:52:08,390 --> 00:52:06,960

then oh wow

1532

00:52:10,549 --> 00:52:08,400

so that really happened yep really

1533

00:52:13,430 --> 00:52:10,559

happened

1534

00:52:15,109 --> 00:52:13,440

all right okay but you know they're not

1535

00:52:16,150 --> 00:52:15,119

going to believe you don't really unless

1536

00:52:18,069 --> 00:52:16,160

they're like

1537

00:52:19,589 --> 00:52:18,079

really really want to believe it you

1538

00:52:21,430 --> 00:52:19,599

know so yeah absolutely

1539

00:52:23,030 --> 00:52:21,440

unfortunate yeah that's the unfortunate

1540

00:52:25,109 --> 00:52:23,040

truth about everything is people believe

1541

00:52:27,670 --> 00:52:25,119

anything if they want to or if they're

1542

00:52:28,230 --> 00:52:27,680

scared of it yeah yeah we were talking

1543

00:52:30,069 --> 00:52:28,240

about the

1544

00:52:32,710 --> 00:52:30,079

the two categories of people there's

1545

00:52:35,030 --> 00:52:32,720

like either yeah

1546

00:52:37,589 --> 00:52:35,040

yeah that's all that it was like there's

1547

00:52:39,990 --> 00:52:37,599

like the the people who just really just

1548

00:52:41,829 --> 00:52:40,000

don't care at all right and then there's

1549

00:52:44,150 --> 00:52:41,839

the people who uh

1550

00:52:46,549 --> 00:52:44,160

who just don't know anything about it uh

1551  
00:52:49,030 --> 00:52:46,559  
and it's never really crossed their mind

1552  
00:52:51,109 --> 00:52:49,040  
but if they did hear about it they would

1553  
00:52:53,910 --> 00:52:51,119  
fall into that i probably don't care

1554  
00:52:56,309 --> 00:52:53,920  
category anyway so it's so hard to like

1555  
00:52:58,549 --> 00:52:56,319  
break into that third category of like

1556  
00:53:00,790 --> 00:52:58,559  
how do you get people to care about this

1557  
00:53:01,430 --> 00:53:00,800  
uh this subject it has to affect their

1558  
00:53:03,510 --> 00:53:01,440  
bubble

1559  
00:53:05,349 --> 00:53:03,520  
yeah basically i mean i mean let me be

1560  
00:53:06,870 --> 00:53:05,359  
this way what would put a gun in your

1561  
00:53:09,430 --> 00:53:06,880  
guys's hands

1562  
00:53:10,390 --> 00:53:09,440  
uh somebody trying to harm my family or

1563  
00:53:12,309 --> 00:53:10,400

you know

1564

00:53:14,390 --> 00:53:12,319

break into my house in your bubble yeah

1565

00:53:16,150 --> 00:53:14,400

coming into my bubble oh yeah yeah

1566

00:53:18,390 --> 00:53:16,160

that's what i'm saying you will not be

1567

00:53:19,990 --> 00:53:18,400

moved to violence or change until your

1568

00:53:22,069 --> 00:53:20,000

bubble was busted

1569

00:53:23,910 --> 00:53:22,079

and so all these people have lost jobs

1570

00:53:25,750 --> 00:53:23,920

all these people that have

1571

00:53:27,109 --> 00:53:25,760

had their bubble busted because of like

1572

00:53:28,470 --> 00:53:27,119

what's going on

1573

00:53:31,349 --> 00:53:28,480

they're the ones that are screaming for

1574

00:53:34,069 --> 00:53:31,359

change where me you know i'm a

1575

00:53:36,150 --> 00:53:34,079

middle-class person that was essential

1576

00:53:37,829 --> 00:53:36,160

so i didn't lose my job

1577

00:53:39,510 --> 00:53:37,839

i'm a disabled vet so i got a little bit

1578

00:53:41,430 --> 00:53:39,520

extra income

1579

00:53:43,270 --> 00:53:41,440

i wasn't hurt by this at all in any way

1580

00:53:43,750 --> 00:53:43,280

shape or form yeah my life's actually

1581

00:53:46,390 --> 00:53:43,760

pretty

1582

00:53:46,790 --> 00:53:46,400

yeah i mean i'm not you know we're we're

1583

00:53:49,030 --> 00:53:46,800

not

1584

00:53:49,829 --> 00:53:49,040

eating out every night but you know

1585

00:53:51,589 --> 00:53:49,839

where

1586

00:53:53,109 --> 00:53:51,599

you know if i want to buy a pizza i

1587

00:53:55,829 --> 00:53:53,119

don't have to look at the account

1588

00:53:56,950 --> 00:53:55,839

right yeah definitely definitely a lot

1589

00:53:58,710 --> 00:53:56,960

of people are

1590

00:54:00,230 --> 00:53:58,720

out there that yeah they don't know

1591

00:54:02,710 --> 00:54:00,240

where their next

1592

00:54:05,430 --> 00:54:02,720

meal is coming from yeah just well if

1593

00:54:08,069 --> 00:54:05,440

they do bushcraft they would

1594

00:54:09,510 --> 00:54:08,079

yeah yeah yeah living in a city is not

1595

00:54:11,670 --> 00:54:09,520

uh if it ever comes to

1596

00:54:12,549 --> 00:54:11,680

bushcraft lifestyle it's gonna be tough

1597

00:54:14,470 --> 00:54:12,559

for people to

1598

00:54:15,589 --> 00:54:14,480

this is this is this is one of those

1599

00:54:17,349 --> 00:54:15,599

things that happened

1600

00:54:19,589 --> 00:54:17,359

where i bet a lot of people were like

1601  
00:54:22,950 --> 00:54:19,599  
[h\_\_\h] i should learn some sort of

1602  
00:54:23,990 --> 00:54:22,960  
trade of some kind i should learn how to

1603  
00:54:27,270 --> 00:54:24,000  
start a fire

1604  
00:54:27,910 --> 00:54:27,280  
yeah yeah yep yep because we were

1605  
00:54:29,910 --> 00:54:27,920  
talking about

1606  
00:54:31,109 --> 00:54:29,920  
back to the days when i could change my

1607  
00:54:33,030 --> 00:54:31,119  
own oil yeah

1608  
00:54:34,470 --> 00:54:33,040  
yeah you know that makes me think of

1609  
00:54:36,069 --> 00:54:34,480  
netflix when when the

1610  
00:54:38,309 --> 00:54:36,079  
pandemic first started happening and

1611  
00:54:40,390 --> 00:54:38,319  
like it was the

1612  
00:54:42,150 --> 00:54:40,400  
nationwide lockdown one of the most

1613  
00:54:45,030 --> 00:54:42,160

popular shows on netflix was called

1614

00:54:46,309 --> 00:54:45,040

alone and it was a survival show that's

1615

00:54:47,829 --> 00:54:46,319

been on for years

1616

00:54:50,069 --> 00:54:47,839

but it was like just recently i guess

1617

00:54:52,390 --> 00:54:50,079

the most recent season that netflix

1618

00:54:53,589 --> 00:54:52,400

picked up and man i binged watched that

1619

00:54:55,109 --> 00:54:53,599

and it's i mean

1620

00:54:57,430 --> 00:54:55,119

have you heard of the show at all or

1621

00:54:57,910 --> 00:54:57,440

yeah i've always wanted to be on it i'd

1622

00:54:59,910 --> 00:54:57,920

love

1623

00:55:01,109 --> 00:54:59,920

like you know other than the fact that

1624

00:55:03,349 --> 00:55:01,119

like if

1625

00:55:04,230 --> 00:55:03,359

i was ever on that show before i became

1626  
00:55:06,470 --> 00:55:04,240  
a family man

1627  
00:55:07,349 --> 00:55:06,480  
i could have so done that forever now

1628  
00:55:08,950 --> 00:55:07,359  
i'd be all like

1629  
00:55:10,950 --> 00:55:08,960  
i miss my wife i want to see my little

1630  
00:55:13,589 --> 00:55:10,960  
baby yeah like that that that would

1631  
00:55:15,990 --> 00:55:13,599  
drive me crazy now

1632  
00:55:17,430 --> 00:55:16,000  
prior to prior to that dude i could have

1633  
00:55:18,549 --> 00:55:17,440  
lived out there for years and like yo

1634  
00:55:20,470 --> 00:55:18,559  
yeah i'm alone

1635  
00:55:22,150 --> 00:55:20,480  
oh yeah that's i mean that's how that

1636  
00:55:23,910 --> 00:55:22,160  
guy won it

1637  
00:55:25,190 --> 00:55:23,920  
right like i can't remember if that guy

1638  
00:55:26,950 --> 00:55:25,200

had a family i don't think he did though

1639

00:55:29,349 --> 00:55:26,960

i think it was just him but like

1640

00:55:30,789 --> 00:55:29,359

everybody else that was like almost

1641

00:55:32,549 --> 00:55:30,799

there they just

1642

00:55:34,390 --> 00:55:32,559

totally broke down like i gotta go home

1643

00:55:36,549 --> 00:55:34,400

and see my kids and yeah

1644

00:55:37,510 --> 00:55:36,559

i mean and it's crazy seeing how that

1645

00:55:40,309 --> 00:55:37,520

that affects

1646

00:55:41,510 --> 00:55:40,319

uh your psyche like you you you think

1647

00:55:43,109 --> 00:55:41,520

like before you even

1648

00:55:44,710 --> 00:55:43,119

like you're daydreaming about it like oh

1649

00:55:46,950 --> 00:55:44,720

i could last three months but

1650

00:55:48,470 --> 00:55:46,960

if you actually get out there oh [h\_\_h] i

1651  
00:55:50,950 --> 00:55:48,480  
i'm just talking to people

1652  
00:55:51,910 --> 00:55:50,960  
like the the show the show is over and

1653  
00:55:53,510 --> 00:55:51,920  
that dude was still

1654  
00:55:54,309 --> 00:55:53,520  
hanging out they were like where's mike

1655  
00:55:55,589 --> 00:55:54,319  
and they were like i don't know he

1656  
00:55:58,309 --> 00:55:55,599  
[h\_\_\h] stayed out

1657  
00:56:00,950 --> 00:55:58,319  
he's still out he didn't come home i'd

1658  
00:56:02,870 --> 00:56:00,960  
be just too busy just

1659  
00:56:04,549 --> 00:56:02,880  
getting everything i need to live i mean

1660  
00:56:06,630 --> 00:56:04,559  
i mean every day you gotta be

1661  
00:56:08,309 --> 00:56:06,640  
you know from donna dawn to dusk yeah

1662  
00:56:12,789 --> 00:56:08,319  
just to live comfortably so

1663  
00:56:14,390 --> 00:56:12,799

yeah what uh what climate would you

1664

00:56:15,990 --> 00:56:14,400

rather would you rather be in a colder

1665

00:56:18,710 --> 00:56:16,000

climate or a a hot

1666

00:56:19,670 --> 00:56:18,720

arid climate like a desert versus colder

1667

00:56:22,870 --> 00:56:19,680

all day long

1668

00:56:24,390 --> 00:56:22,880

yeah um you know i mean i don't really i

1669

00:56:25,589 --> 00:56:24,400

wouldn't look forward to the summers if

1670

00:56:29,910 --> 00:56:25,599

i had to do bushcraft

1671

00:56:30,950 --> 00:56:29,920

but you know just general living like we

1672

00:56:33,589 --> 00:56:30,960

do now i would

1673

00:56:35,109 --> 00:56:33,599

much rather be in the north oh yeah yeah

1674

00:56:37,910 --> 00:56:35,119

i i just imagine like

1675

00:56:38,630 --> 00:56:37,920

dude you can't get cooler like if you're

1676

00:56:40,390 --> 00:56:38,640

in hot

1677

00:56:41,910 --> 00:56:40,400

like a hot environment you can't like

1678

00:56:42,549 --> 00:56:41,920

cool yourself down unless there's like

1679

00:56:43,990 --> 00:56:42,559

water

1680

00:56:46,150 --> 00:56:44,000

or you know you take all your clothes

1681

00:56:48,069 --> 00:56:46,160

off and you're still hot yeah yeah

1682

00:56:49,510 --> 00:56:48,079

but in the cold you can make yourself

1683

00:56:54,549 --> 00:56:49,520

warm you can make a fire you can eat a

1684

00:56:58,470 --> 00:56:56,710

whatever gets you warm you know i think

1685

00:57:00,150 --> 00:56:58,480

like three people out of that season

1686

00:57:02,789 --> 00:57:00,160

burnt their house down

1687

00:57:03,190 --> 00:57:02,799

they were like well uh at least i'm warm

1688

00:57:06,870 --> 00:57:03,200

yeah

1689

00:57:11,589 --> 00:57:08,390

computer we need to plug it in because

1690

00:57:15,910 --> 00:57:14,230

that yeah yesterday too but this time i

1691

00:57:19,430 --> 00:57:15,920

actually took it out of the backpack

1692

00:57:22,150 --> 00:57:19,440

i just forgot to plug it in oh uh

1693

00:57:22,549 --> 00:57:22,160

and ben make sure you give joe that link

1694

00:57:25,430 --> 00:57:22,559

on

1695

00:57:27,109 --> 00:57:25,440

uh that i sent you for that podcast that

1696

00:57:28,230 --> 00:57:27,119

was oh you don't want to plug it on your

1697

00:57:30,710 --> 00:57:28,240

podcast but

1698

00:57:32,230 --> 00:57:30,720

oh i'm serious i wasn't just uh shooting

1699

00:57:32,950 --> 00:57:32,240

that to you dude that dude's [h\_\_\h]

1700

00:57:35,829 --> 00:57:32,960

spot on

1701

00:57:36,470 --> 00:57:35,839

yeah well tell me about it i mean oh

1702

00:57:38,710 --> 00:57:36,480

that's uh

1703

00:57:41,190 --> 00:57:38,720

so this is this dude he's like you know

1704

00:57:43,030 --> 00:57:41,200

he's a general survivalist you know

1705

00:57:44,630 --> 00:57:43,040

and like bush guy and kind of guy where

1706

00:57:47,750 --> 00:57:44,640

he went and decided that

1707

00:57:48,230 --> 00:57:47,760

he's gonna buy some acreage live out

1708

00:57:50,950 --> 00:57:48,240

there

1709

00:57:51,589 --> 00:57:50,960

and figure out a way to make money and

1710

00:57:52,950 --> 00:57:51,599

so

1711

00:57:55,109 --> 00:57:52,960

now granted i mean there's there's

1712

00:57:57,270 --> 00:57:55,119

there's an actual plan behind it

1713

00:57:59,750 --> 00:57:57,280

but it's just you know he was sick of

1714

00:58:01,190 --> 00:57:59,760

doing the day-to-day grind and it's like

1715

00:58:01,990 --> 00:58:01,200

all right there's got to be something

1716

00:58:03,990 --> 00:58:02,000

better

1717

00:58:05,510 --> 00:58:04,000

so the dude's like you know he'll he'll

1718

00:58:07,990 --> 00:58:05,520

basically he's giving you

1719

00:58:09,030 --> 00:58:08,000

all the information you need to roll off

1720

00:58:12,710 --> 00:58:09,040

grid

1721

00:58:14,710 --> 00:58:12,720

know

1722

00:58:16,390 --> 00:58:14,720

he doesn't he doesn't subscribe

1723

00:58:18,230 --> 00:58:16,400

necessarily to be like you know

1724

00:58:19,510 --> 00:58:18,240

straight hippy off the grid type

1725

00:58:21,670 --> 00:58:19,520

situation but

1726

00:58:23,589 --> 00:58:21,680

he's like look you know you don't have

1727

00:58:26,789 --> 00:58:23,599

to you can fight the government without

1728

00:58:30,309 --> 00:58:26,799

fighting the government yeah just live

1729

00:58:32,230 --> 00:58:30,319

without them yeah you know

1730

00:58:33,829 --> 00:58:32,240

it's like yeah you still have to follow

1731

00:58:35,670 --> 00:58:33,839

the laws and you know i get a lot of

1732

00:58:36,950 --> 00:58:35,680

flack for saying that he says this you

1733

00:58:37,349 --> 00:58:36,960

know he's like i get a lot of flack for

1734

00:58:40,630 --> 00:58:37,359

saying

1735

00:58:42,549 --> 00:58:40,640

you still have to obey the laws but

1736

00:58:44,789 --> 00:58:42,559

live for places where you can you know

1737

00:58:47,829 --> 00:58:44,799

necessarily they're not enforced

1738

00:58:49,430 --> 00:58:47,839

like montana go to montana oh yeah

1739

00:58:50,870 --> 00:58:49,440

i think he actually lives over there in

1740

00:58:52,710 --> 00:58:50,880

texas yeah

1741

00:58:55,190 --> 00:58:52,720

yeah there's some places out here man i

1742

00:58:56,630 --> 00:58:55,200

mean like it the further like i know the

1743

00:59:00,390 --> 00:58:56,640

further west you go

1744

00:59:03,270 --> 00:59:00,400

i mean dude the regulations and and

1745

00:59:03,670 --> 00:59:03,280

i mean stuff like that is just it's

1746

00:59:05,750 --> 00:59:03,680

almost

1747

00:59:07,829 --> 00:59:05,760

non-existent because there's nobody out

1748

00:59:09,349 --> 00:59:07,839

there i mean they're selling like

1749

00:59:11,670 --> 00:59:09,359

like you know you could buy like a

1750

00:59:13,430 --> 00:59:11,680

thousand well you okay say you wanted to

1751

00:59:15,349 --> 00:59:13,440

buy like 500 acres out there

1752

00:59:17,270 --> 00:59:15,359

you could probably get it for like eight

1753

00:59:19,109 --> 00:59:17,280

grand i mean

1754

00:59:20,549 --> 00:59:19,119

yeah it's it's just there's there's

1755

00:59:22,549 --> 00:59:20,559

nothing developed there there's no

1756

00:59:23,589 --> 00:59:22,559

structure there's no infrastructure

1757

00:59:26,549 --> 00:59:23,599

there's no electric

1758

00:59:27,750 --> 00:59:26,559

there's no yeah you'd be poop pooping in

1759

00:59:29,670 --> 00:59:27,760

a hole for sure

1760

00:59:31,349 --> 00:59:29,680

yeah definitely but you know you could

1761

00:59:33,030 --> 00:59:31,359

but you can hunt out there i mean

1762

00:59:34,470 --> 00:59:33,040

there's all kinds of like deer and stuff

1763

00:59:35,270 --> 00:59:34,480

i mean you're out in that like big bend

1764

00:59:37,109 --> 00:59:35,280

area

1765

00:59:39,270 --> 00:59:37,119

you know so i mean there's all kinds of

1766

00:59:41,190 --> 00:59:39,280

stuff that you know you can do out there

1767

00:59:42,630 --> 00:59:41,200

and then there is a rainy season so if

1768

00:59:44,710 --> 00:59:42,640

you know how to like you know

1769

00:59:46,470 --> 00:59:44,720

harvest and capture your water and stuff

1770

00:59:48,230 --> 00:59:46,480

like that you could pretty

1771

00:59:49,270 --> 00:59:48,240

pretty uh you could set yourself up

1772

00:59:50,950 --> 00:59:49,280

pretty good out there that's what this

1773

00:59:52,150 --> 00:59:50,960

guy's all about is just setting up a

1774

00:59:54,789 --> 00:59:52,160

sustainable life

1775

00:59:55,750 --> 00:59:54,799

you know i mean he's he does uh i guess

1776

00:59:58,069 --> 00:59:55,760

he gets probably

1777

00:59:59,430 --> 00:59:58,079

he does a lot of different things for he

1778

01:00:01,270 --> 00:59:59,440

does a lot of different things to get

1779

01:00:04,069 --> 01:00:01,280

multiple different incomes

1780

01:00:06,150 --> 01:00:04,079

you know he's basically uh dipping his

1781

01:00:06,710 --> 01:00:06,160

hand in any pot he can to try to make

1782

01:00:08,630 --> 01:00:06,720

money

1783

01:00:09,910 --> 01:00:08,640

but in in the long run he ends up making

1784

01:00:11,349 --> 01:00:09,920

quite a bit and then

1785

01:00:13,349 --> 01:00:11,359

he ends up putting on these like

1786

01:00:15,030 --> 01:00:13,359

workshops on his property where he

1787

01:00:15,430 --> 01:00:15,040

invites other guys that are like you

1788

01:00:17,349 --> 01:00:15,440

know

1789

01:00:18,549 --> 01:00:17,359

this guy's a bushmaster expert this

1790

01:00:21,589 --> 01:00:18,559

guy's uh

1791

01:00:23,750 --> 01:00:21,599

aquaponics expert this guy's a comp

1792

01:00:25,829 --> 01:00:23,760

compost expert yeah you know yeah and

1793

01:00:26,950 --> 01:00:25,839

then he invites these guys into these

1794

01:00:29,670 --> 01:00:26,960

workshops and then

1795

01:00:30,870 --> 01:00:29,680

sells like at 800 a ticket for you to

1796

01:00:32,710 --> 01:00:30,880

basically

1797

01:00:34,150 --> 01:00:32,720

spend a whole crapload of time out on

1798

01:00:34,870 --> 01:00:34,160

this property and learn how to do all

1799

01:00:37,829 --> 01:00:34,880

this stuff

1800

01:00:38,150 --> 01:00:37,839

yeah that stuff is super cool i studied

1801

01:00:43,109 --> 01:00:38,160

uh

1802

01:00:45,829 --> 01:00:43,119

there's a guy's name is is jeff lawton

1803

01:00:47,030 --> 01:00:45,839

and he actually went out to israel in

1804

01:00:50,150 --> 01:00:47,040

like one of the most

1805

01:00:52,710 --> 01:00:50,160

barren just dusty ass places

1806

01:00:53,349 --> 01:00:52,720

and he's into this yeah he's talking he

1807

01:00:55,270 --> 01:00:53,359

set up

1808

01:00:57,109 --> 01:00:55,280

like it was like a five-year project and

1809

01:01:00,150 --> 01:00:57,119

he turned just sand

1810

01:01:00,470 --> 01:01:00,160

into [h\_\_h] trees and like just you

1811

01:01:03,030 --> 01:01:00,480

know

1812

01:01:03,910 --> 01:01:03,040

all kinds of bushes with food and

1813

01:01:06,150 --> 01:01:03,920

perennial

1814

01:01:06,950 --> 01:01:06,160

edibles and just it was awesome how he

1815

01:01:08,870 --> 01:01:06,960

did

1816

01:01:10,390 --> 01:01:08,880

i just caught an episode of joe rogan

1817

01:01:10,950 --> 01:01:10,400

where they were talking about the amazon

1818

01:01:13,510 --> 01:01:10,960

and that

1819

01:01:14,950 --> 01:01:13,520

magic dirt that like they made they

1820

01:01:16,870 --> 01:01:14,960

created there they said yeah

1821

01:01:18,309 --> 01:01:16,880

no idea how they got the bacteria and

1822

01:01:19,349 --> 01:01:18,319

everything that worked like that yep

1823

01:01:22,309 --> 01:01:19,359

that biochar

1824

01:01:24,950 --> 01:01:22,319

mr the barrio yeah exactly dude that

1825

01:01:26,549 --> 01:01:24,960

[h\_\_h] is crazy because i guess apparently

1826

01:01:28,870 --> 01:01:26,559

from what they're looking at now is that

1827

01:01:32,150 --> 01:01:28,880

the amazon rainforest

1828

01:01:34,390 --> 01:01:32,160

was man-made yeah it's a man-made area

1829

01:01:36,069 --> 01:01:34,400

what yeah because the certain trees and

1830

01:01:37,270 --> 01:01:36,079

stuff that were out there they were they

1831

01:01:39,510 --> 01:01:37,280

they found them that they're actually

1832

01:01:41,349 --> 01:01:39,520

cultivated yeah what they were

1833

01:01:43,109 --> 01:01:41,359

is this the one with graham hancock that

1834

01:01:44,950 --> 01:01:43,119

was a couple or is this recent

1835

01:01:46,789 --> 01:01:44,960

uh yeah it was graham hancock that was

1836

01:01:49,510 --> 01:01:46,799

with him they were talking about it yup

1837

01:01:50,390 --> 01:01:49,520

dude yeah it was happy i i started

1838

01:01:53,670 --> 01:01:50,400

actually kind of like

1839

01:01:55,029 --> 01:01:53,680

what do you mean they made soil and it's

1840

01:01:57,270 --> 01:01:55,039

like yeah because like

1841

01:01:59,190 --> 01:01:57,280

it should just be a desert there if if

1842

01:02:01,349 --> 01:01:59,200

they hadn't done this biochar thing

1843

01:02:05,270 --> 01:02:01,359

there would be no amazon rainforest

1844

01:02:06,789 --> 01:02:05,280

right because like yeah apparently

1845

01:02:08,630 --> 01:02:06,799

where they have this buyer chart it's

1846

01:02:10,630 --> 01:02:08,640

stuff's like worth like

1847

01:02:12,390 --> 01:02:10,640

you know a thousand dollars an inch or a

1848

01:02:13,670 --> 01:02:12,400

square foot or some [h\_\_h] like that it's

1849

01:02:17,510 --> 01:02:13,680

like

1850

01:02:19,430 --> 01:02:17,520

it's some pretty incredible stuff what

1851

01:02:22,789 --> 01:02:19,440

they're claiming is that

1852

01:02:24,069 --> 01:02:22,799

you know most uh you know the recent

1853

01:02:25,750 --> 01:02:24,079

studies that we've done we've always

1854

01:02:27,589 --> 01:02:25,760

considered it to be like uh

1855

01:02:29,589 --> 01:02:27,599

you know just nobody lived in the amazon

1856

01:02:31,430 --> 01:02:29,599

rainforest it's just been untouched for

1857

01:02:33,190 --> 01:02:31,440

millions of years but come to find out

1858

01:02:35,349 --> 01:02:33,200

that's not true

1859

01:02:36,630 --> 01:02:35,359

there was a they had like 50 million

1860

01:02:38,309 --> 01:02:36,640

people live there at one point

1861

01:02:39,910 --> 01:02:38,319

yeah there was a spanish explorer who

1862

01:02:41,910 --> 01:02:39,920

came over here and noticed that there

1863

01:02:43,589 --> 01:02:41,920

were all these cities and people living

1864

01:02:45,589 --> 01:02:43,599

in the amazon rainforest

1865

01:02:47,190 --> 01:02:45,599

well after you know like you know a

1866

01:02:49,670 --> 01:02:47,200

hundred years or so past

1867

01:02:51,349 --> 01:02:49,680

the next settlers came in to go check it

1868

01:02:52,950 --> 01:02:51,359

out and they were like oh this guy

1869

01:02:54,309 --> 01:02:52,960

must have just lied or whatever but what

1870

01:02:55,029 --> 01:02:54,319

happened was the spanish had brought

1871

01:02:58,230 --> 01:02:55,039

small

1872

01:03:00,069 --> 01:02:58,240

lived there

1873

01:03:01,829 --> 01:03:00,079

it just decimated them so then

1874

01:03:03,349 --> 01:03:01,839

everything started growing over and they

1875

01:03:05,750 --> 01:03:03,359

never found the cities and that's

1876  
01:03:06,870 --> 01:03:05,760  
and that's why what it did they're using

1877  
01:03:09,589 --> 01:03:06,880  
uh lidar

1878  
01:03:10,230 --> 01:03:09,599  
they're using uh the lidar and they're

1879  
01:03:12,789 --> 01:03:10,240  
seeing

1880  
01:03:13,430 --> 01:03:12,799  
these structures underneath all the you

1881  
01:03:15,349 --> 01:03:13,440  
know the

1882  
01:03:16,950 --> 01:03:15,359  
the canopy they're actually just getting

1883  
01:03:19,029 --> 01:03:16,960  
straight through the canopy and

1884  
01:03:20,710 --> 01:03:19,039  
seeing all these crazy structures all

1885  
01:03:22,870 --> 01:03:20,720  
over the amazon

1886  
01:03:24,950 --> 01:03:22,880  
yeah that stuff is awesome you know i

1887  
01:03:27,190 --> 01:03:24,960  
use a there's a

1888  
01:03:27,990 --> 01:03:27,200

there's a product it's called humates

1889

01:03:34,069 --> 01:03:28,000

and

1890

01:03:34,470 --> 01:03:34,079

it's really an excrement no no no it's

1891

01:03:36,710 --> 01:03:34,480

uh

1892

01:03:37,829 --> 01:03:36,720

it's a it's a it's actually a layer of

1893

01:03:39,910 --> 01:03:37,839

ancient dirt

1894

01:03:41,829 --> 01:03:39,920

that was around like whenever the

1895

01:03:42,789 --> 01:03:41,839

dinosaurs and everything was around when

1896

01:03:45,029 --> 01:03:42,799

there was a

1897

01:03:47,430 --> 01:03:45,039

dinosaur poop so yeah probably cool

1898

01:03:47,910 --> 01:03:47,440

probably but all the bacteria and stuff

1899

01:03:49,510 --> 01:03:47,920

and

1900

01:03:51,589 --> 01:03:49,520

you know the oxygen content was really

1901

01:03:52,870 --> 01:03:51,599

high carbon content was really high

1902

01:03:55,910 --> 01:03:52,880

that's why plants and everything were

1903

01:03:56,630 --> 01:03:55,920

just massive so all the stuff that those

1904

01:03:59,270 --> 01:03:56,640

plants

1905

01:04:01,029 --> 01:03:59,280

fed on in those days is still trapped in

1906

01:04:03,109 --> 01:04:01,039

this layer of ancient dirt

1907

01:04:04,950 --> 01:04:03,119

so they'll go and they'll dig it out and

1908

01:04:06,549 --> 01:04:04,960

so all the microbial life and stuff that

1909

01:04:08,870 --> 01:04:06,559

was around during that time

1910

01:04:09,910 --> 01:04:08,880

we can use it currently today on our

1911

01:04:12,549 --> 01:04:09,920

plants and

1912

01:04:14,309 --> 01:04:12,559

holy [h\_\_\h] does it work man it's it's

1913

01:04:16,549 --> 01:04:14,319

amazing sounds like it's similar to that

1914

01:04:16,950 --> 01:04:16,559

biocharge that's that's kind of what it

1915

01:04:21,109 --> 01:04:16,960

is

1916

01:04:22,069 --> 01:04:21,119

they got a good idea how they actually

1917

01:04:23,750 --> 01:04:22,079

made that stuff

1918

01:04:26,230 --> 01:04:23,760

but they don't understand how they

1919

01:04:28,870 --> 01:04:26,240

cultivated like the bacteria i guess

1920

01:04:29,430 --> 01:04:28,880

that's from you know yeah i mean because

1921

01:04:31,029 --> 01:04:29,440

i mean

1922

01:04:32,950 --> 01:04:31,039

looking through a lot of the soil books

1923

01:04:35,430 --> 01:04:32,960

that i got you know i mean it's it's

1924

01:04:36,950 --> 01:04:35,440

it's a to do to get a good compost you

1925

01:04:38,789 --> 01:04:36,960

know i mean it's not just uh

1926

01:04:40,950 --> 01:04:38,799

i'm gonna throw some freaking leaves on

1927

01:04:43,270 --> 01:04:40,960

top of you some and then throw some oils

1928

01:04:44,230 --> 01:04:43,280

some some some rotten fruit on top and

1929

01:04:46,150 --> 01:04:44,240

it's gonna be good no

1930

01:04:48,390 --> 01:04:46,160

yeah no it's there's like a there's a

1931

01:04:50,549 --> 01:04:48,400

thing to it yeah there's a science to it

1932

01:04:51,589 --> 01:04:50,559

yeah yep yeah just think it's talking

1933

01:04:53,270 --> 01:04:51,599

about soil uh

1934

01:04:55,270 --> 01:04:53,280

man i was cleaning my gutters out

1935

01:04:55,750 --> 01:04:55,280

yesterday and just that's good stuff

1936

01:04:59,029 --> 01:04:55,760

right there

1937

01:04:59,910 --> 01:04:59,039

well dude i had no idea like maybe you

1938

01:05:02,630 --> 01:04:59,920

can answer this joe

1939

01:05:04,069 --> 01:05:02,640

or gary but like there's dirt in there

1940

01:05:06,230 --> 01:05:04,079

it's not just leaves but there's

1941

01:05:07,190 --> 01:05:06,240

dirt at the bottom like really rich

1942

01:05:09,589 --> 01:05:07,200

looking stuff

1943

01:05:10,230 --> 01:05:09,599

man i'll break it down for you

1944

01:05:12,950 --> 01:05:10,240

everything

1945

01:05:13,750 --> 01:05:12,960

breaks down to dirt that's that it

1946

01:05:15,510 --> 01:05:13,760

basically

1947

01:05:17,270 --> 01:05:15,520

you just think of that as not dirtis but

1948

01:05:19,430 --> 01:05:17,280

it's bio matter

1949

01:05:20,630 --> 01:05:19,440

you know so like it was a lie break down

1950

01:05:21,990 --> 01:05:20,640

to that and you probably found

1951

01:05:24,230 --> 01:05:22,000

earthworms up there too which

1952

01:05:25,910 --> 01:05:24,240

was crazy huh there was like a billion

1953

01:05:29,109 --> 01:05:25,920

little tiny bugs and like

1954

01:05:30,950 --> 01:05:29,119

big bugs and like yeah it was a lie

1955

01:05:32,390 --> 01:05:30,960

and then also too you got to think about

1956

01:05:34,069 --> 01:05:32,400

it i mean there's all this dust

1957

01:05:35,430 --> 01:05:34,079

and stuff in the atmosphere and so when

1958

01:05:37,510 --> 01:05:35,440

it does rain that rain

1959

01:05:39,750 --> 01:05:37,520

captures that and turns a little bit

1960

01:05:41,670 --> 01:05:39,760

muddy so it'll run into your

1961

01:05:43,430 --> 01:05:41,680

off of your roof which is dirty and

1962

01:05:44,069 --> 01:05:43,440

dusty and then down into your gutters

1963

01:05:46,309 --> 01:05:44,079

which is

1964

01:05:47,190 --> 01:05:46,319

dirty and dusty and i've got a metal

1965

01:05:49,029 --> 01:05:47,200

roof

1966

01:05:51,190 --> 01:05:49,039

yeah so it probably slides off a lot

1967

01:05:52,630 --> 01:05:51,200

easier on off that metal roof so yeah

1968

01:05:54,470 --> 01:05:52,640

if you want to start a compost barrel

1969

01:05:55,910 --> 01:05:54,480

that's a good some good stuff to start

1970

01:05:59,109 --> 01:05:55,920

it off with that and some

1971

01:06:01,349 --> 01:05:59,119

some good rotten food yeah yeah

1972

01:06:04,150 --> 01:06:01,359

well my whole backyard is like full of

1973

01:06:06,309 --> 01:06:04,160

this like really rich soil like uh

1974

01:06:07,430 --> 01:06:06,319

leaf comp i don't know if it's compost

1975

01:06:11,190 --> 01:06:07,440

yet but yeah dude

1976

01:06:15,589 --> 01:06:11,200

i'm definitely gonna use it sand

1977

01:06:21,589 --> 01:06:19,750

and uh yeah some dog poops

1978

01:06:22,870 --> 01:06:21,599

that's about it so that's that's good

1979

01:06:26,789 --> 01:06:22,880

for uh fruits

1980

01:06:28,470 --> 01:06:26,799

fruit trees oranges lemons limes

1981

01:06:30,870 --> 01:06:28,480

anything that doesn't have to you know

1982

01:06:34,150 --> 01:06:30,880

hold anything in the soil yeah

1983

01:06:36,789 --> 01:06:34,160

cantaloupe cantaloupe loves sandy soil

1984

01:06:38,309 --> 01:06:36,799

yeah so i guess so we're talking about

1985

01:06:39,910 --> 01:06:38,319

like the difference between i never

1986

01:06:41,829 --> 01:06:39,920

knew this but like i always thought like

1987

01:06:42,789 --> 01:06:41,839

sand was just really dry dirt but

1988

01:06:44,230 --> 01:06:42,799

apparently i

1989

01:06:46,150 --> 01:06:44,240

i mean this is such like you learn this

1990

01:06:48,230 --> 01:06:46,160

it's really really really little rocks

1991

01:06:50,230 --> 01:06:48,240

yeah yeah so there's there's no way you

1992

01:06:50,710 --> 01:06:50,240

can turn sand back into soil right like

1993

01:06:54,390 --> 01:06:50,720

you need

1994

01:06:56,870 --> 01:06:54,400

carbon you can introduce biomass to it

1995

01:06:58,230 --> 01:06:56,880

like like say if you get like a river

1996

01:06:59,750 --> 01:06:58,240

near you or something like that like

1997

01:07:00,309 --> 01:06:59,760

i've got a canal right behind my house

1998

01:07:02,630 --> 01:07:00,319

so like

1999

01:07:06,069 --> 01:07:02,640

the best my best source of like some

2000

01:07:08,150 --> 01:07:06,079

biomatter is basically just

2001  
01:07:09,910 --> 01:07:08,160  
like muck out the crap at the bottom of

2002  
01:07:12,309 --> 01:07:09,920  
that lake and then i can actually

2003  
01:07:14,230 --> 01:07:12,319  
mix that with it and it'll turn into

2004  
01:07:16,549 --> 01:07:14,240  
regular dirt

2005  
01:07:18,470 --> 01:07:16,559  
nice yeah it turns into like a uh so you

2006  
01:07:20,470 --> 01:07:18,480  
have like your you know your clays

2007  
01:07:22,230 --> 01:07:20,480  
your thick soils then you have your

2008  
01:07:23,510 --> 01:07:22,240  
lighter soils and then when you start

2009  
01:07:25,589 --> 01:07:23,520  
mixing that sand

2010  
01:07:27,029 --> 01:07:25,599  
into your soils then you create what's

2011  
01:07:28,950 --> 01:07:27,039  
called like a loam

2012  
01:07:31,109 --> 01:07:28,960  
which is like a sandy loam which is

2013  
01:07:32,470 --> 01:07:31,119

still soiled and kind of clay-ish

2014

01:07:34,789 --> 01:07:32,480

but it's got a lot of space i don't know

2015

01:07:35,190 --> 01:07:34,799

much in clay though yeah it's it's it's

2016

01:07:40,230 --> 01:07:35,200

tough

2017

01:07:42,230 --> 01:07:40,240

there's a lot of that down here too yeah

2018

01:07:44,390 --> 01:07:42,240

that's that's good for like huge culture

2019

01:07:45,589 --> 01:07:44,400

type stuff where you like stack stack

2020

01:07:47,990 --> 01:07:45,599

logs and plants

2021

01:07:49,510 --> 01:07:48,000

into the logs and let the logs break

2022

01:07:51,589 --> 01:07:49,520

down over time it's like almost like a

2023

01:07:52,950 --> 01:07:51,599

natural compost on its own yeah and

2024

01:07:53,829 --> 01:07:52,960

that's how they like grow stuff in the

2025

01:07:55,910 --> 01:07:53,839

rain forest

2026

01:07:57,910 --> 01:07:55,920

is they'll build these giant piles of

2027

01:07:59,190 --> 01:07:57,920

logs and then they'll plant on top of

2028

01:08:00,950 --> 01:07:59,200

the logs and they'll grow

2029

01:08:02,789 --> 01:08:00,960

like all kinds of food out of the logs

2030

01:08:04,309 --> 01:08:02,799

and slowly but surely it breaks down and

2031

01:08:06,069 --> 01:08:04,319

then they rake it out and it turns into

2032

01:08:06,950 --> 01:08:06,079

good soil that's super cool it's pretty

2033

01:08:09,109 --> 01:08:06,960

badass

2034

01:08:10,630 --> 01:08:09,119

uh have you guys seen the the netflix i

2035

01:08:11,190 --> 01:08:10,640

mean again with the netflix but it's

2036

01:08:15,029 --> 01:08:11,200

called

2037

01:08:16,470 --> 01:08:15,039

kiss the ground uh now yeah

2038

01:08:18,470 --> 01:08:16,480

it's like pretty much what we're talking

2039

01:08:20,950 --> 01:08:18,480

about but it kind of like

2040

01:08:22,470 --> 01:08:20,960

speaks about the dust bowl back in i

2041

01:08:22,870 --> 01:08:22,480

can't i can't remember what what year

2042

01:08:24,390 --> 01:08:22,880

but

2043

01:08:26,149 --> 01:08:24,400

great depression yeah yeah in the

2044

01:08:28,550 --> 01:08:26,159

midwest yes

2045

01:08:29,990 --> 01:08:28,560

yeah so like just over tilling and and

2046

01:08:33,430 --> 01:08:30,000

then all this dry

2047

01:08:35,269 --> 01:08:33,440

nutri uh uh nutri and less

2048

01:08:37,749 --> 01:08:35,279

dirt it's just all up in the air and

2049

01:08:39,590 --> 01:08:37,759

we're just ruining all the farmland and

2050

01:08:41,829 --> 01:08:39,600

it's like they're talking about the co2

2051

01:08:42,309 --> 01:08:41,839

emissions that's so popular in politics

2052

01:08:43,829 --> 01:08:42,319

right now

2053

01:08:46,309 --> 01:08:43,839

oh it started off with the drought

2054

01:08:49,189 --> 01:08:46,319

though yeah okay so like just

2055

01:08:49,590 --> 01:08:49,199

less rain and just over over farming the

2056

01:08:51,990 --> 01:08:49,600

like

2057

01:08:54,070 --> 01:08:52,000

mono cultures they farmed the [h\_\_h] out

2058

01:08:55,910 --> 01:08:54,080

of it yeah the bread basket wasn't so

2059

01:08:57,749 --> 01:08:55,920

pretty back then

2060

01:09:00,070 --> 01:08:57,759

definitely not definitely not it was

2061

01:09:02,630 --> 01:09:00,080

toast that's why they had bread lines

2062

01:09:04,149 --> 01:09:02,640

yeah yeah yeah yeah but it's a good

2063

01:09:05,669 --> 01:09:04,159

documentary it's like exactly what we're

2064

01:09:06,309 --> 01:09:05,679

talking about right now yeah and that's

2065

01:09:07,829 --> 01:09:06,319

why they

2066

01:09:09,590 --> 01:09:07,839

like if you look at the highways that's

2067

01:09:11,189 --> 01:09:09,600

why they have the giant swells on the

2068

01:09:13,430 --> 01:09:11,199

side of the highways now because during

2069

01:09:15,590 --> 01:09:13,440

rains they capture and they harvest

2070

01:09:17,349 --> 01:09:15,600

rain water so even if there is another

2071

01:09:19,430 --> 01:09:17,359

drought that comes about

2072

01:09:21,189 --> 01:09:19,440

the side of the roads are usually always

2073

01:09:22,470 --> 01:09:21,199

somewhat kind of green

2074

01:09:24,229 --> 01:09:22,480

and it keeps the roads from being

2075

01:09:25,110 --> 01:09:24,239

covered up by the dust and all that

2076

01:09:26,309 --> 01:09:25,120

stuff

2077

01:09:27,669 --> 01:09:26,319

yeah yeah you were telling me about that

2078

01:09:28,870 --> 01:09:27,679

that's super cool yeah you were like

2079

01:09:30,470 --> 01:09:28,880

have you ever noticed by

2080

01:09:32,070 --> 01:09:30,480

like everything else is really dry but

2081

01:09:34,870 --> 01:09:32,080

the sides of the highways are like

2082

01:09:35,110 --> 01:09:34,880

really green and lush and the next time

2083

01:09:38,149 --> 01:09:35,120

i

2084

01:09:40,229 --> 01:09:38,159

everywhere you go

2085

01:09:42,550 --> 01:09:40,239

it's so green on the side of the road

2086

01:09:43,269 --> 01:09:42,560

yup yeah it's crazy and everything else

2087

01:09:45,110 --> 01:09:43,279

is brown

2088

01:09:47,269 --> 01:09:45,120

yeah but so what do we get on a time

2089

01:09:48,709 --> 01:09:47,279

here i i lose track of time when i start

2090

01:09:50,149 --> 01:09:48,719

[h\_\_\h] with you guys yeah me too i

2091

01:09:53,269 --> 01:09:50,159

don't even know uh we got about an

2092

01:09:54,950 --> 01:09:53,279

hour left on video so i mean yeah it's

2093

01:09:57,590 --> 01:09:54,960

pretty much open for us i mean

2094

01:09:59,110 --> 01:09:57,600

uh wha what are what are you what are

2095

01:10:00,149 --> 01:09:59,120

you thinking you good for a little bit

2096

01:10:02,310 --> 01:10:00,159

longer

2097

01:10:04,470 --> 01:10:02,320

uh let's see how long i'm getting the

2098

01:10:07,510 --> 01:10:04,480

text message asking uh how much longer

2099

01:10:10,550 --> 01:10:07,520

okay we can hop off whenever and

2100

01:10:11,110 --> 01:10:10,560

uh yeah man this is just a a good a good

2101

01:10:12,950 --> 01:10:11,120

catch up

2102

01:10:14,950 --> 01:10:12,960

just kind of shooting the [h\_\_h] oh yeah

2103

01:10:17,110 --> 01:10:14,960

you gotta hear about your uapx stuff

2104

01:10:18,790 --> 01:10:17,120

uh you gotta you got an actual question

2105

01:10:20,149 --> 01:10:18,800

more more pointed questions or anything

2106

01:10:21,350 --> 01:10:20,159

like that or anything you want to pick

2107

01:10:23,189 --> 01:10:21,360

my brain about

2108

01:10:24,790 --> 01:10:23,199

i i have a question about so at the

2109

01:10:26,149 --> 01:10:24,800

beginning you you mentioned the the

2110

01:10:28,149 --> 01:10:26,159

arrays and i think we talked about this

2111

01:10:30,630 --> 01:10:28,159

before i'm i'm blanking on the name

2112

01:10:33,030 --> 01:10:30,640

uh but the phase arrays yeah so so

2113

01:10:36,630 --> 01:10:33,040

you're tracking things in the sky

2114

01:10:38,149 --> 01:10:36,640

uh uh without any moving parts yeah so

2115

01:10:39,669 --> 01:10:38,159

you're gonna be i mean the whole

2116

01:10:41,750 --> 01:10:39,679

expedition is you're you're

2117

01:10:43,910 --> 01:10:41,760

getting a ship and and attaching these

2118

01:10:45,590 --> 01:10:43,920

arrays have you picked a location in the

2119

01:10:47,590 --> 01:10:45,600

ocean or which ocean you're going to go

2120

01:10:48,950 --> 01:10:47,600

uh it's going to be along the same area

2121

01:10:51,189 --> 01:10:48,960

that we're at and

2122

01:10:53,110 --> 01:10:51,199

we don't know i'm not sure certain yet

2123

01:10:55,189 --> 01:10:53,120

we'll be able to get the phaseraid yet

2124

01:10:56,790 --> 01:10:55,199

uh but you know if if we can get them

2125

01:10:58,470 --> 01:10:56,800

that'd be awesome if not we're still

2126

01:11:00,790 --> 01:10:58,480

going out there to get you know

2127

01:11:02,950 --> 01:11:00,800

together as much intel as we can and

2128

01:11:06,070 --> 01:11:02,960

much information and scientific data

2129

01:11:09,669 --> 01:11:06,080

and do basically just uh you know

2130

01:11:11,030 --> 01:11:09,679

if we can actually find these track them

2131

01:11:13,830 --> 01:11:11,040

videotape them

2132

01:11:14,229 --> 01:11:13,840

uh be able to see them unflair and you

2133

01:11:16,470 --> 01:11:14,239

know

2134

01:11:17,750 --> 01:11:16,480

be able to actually have like uh you

2135

01:11:22,070 --> 01:11:17,760

know

2136

01:11:23,990 --> 01:11:22,080

unfortunately only the military

2137

01:11:25,510 --> 01:11:24,000

themselves have

2138

01:11:27,430 --> 01:11:25,520

um you know because it's like

2139

01:11:29,830 --> 01:11:27,440

everybody's like well you know

2140

01:11:31,270 --> 01:11:29,840

that video was only a snippet and this

2141

01:11:31,750 --> 01:11:31,280

and that you know that's all there is

2142

01:11:34,630 --> 01:11:31,760

i'm like

2143

01:11:36,790 --> 01:11:34,640

how could that be all there is i mean

2144

01:11:38,310 --> 01:11:36,800

it's like literally terabytes worth of

2145

01:11:41,030 --> 01:11:38,320

information that's been

2146

01:11:42,790 --> 01:11:41,040

taken off of ships over like you know

2147

01:11:46,390 --> 01:11:42,800

dozens and dozens of years

2148

01:11:47,830 --> 01:11:46,400

every single uh you know a military

2149

01:11:49,590 --> 01:11:47,840

aircraft from you know

2150

01:11:52,149 --> 01:11:49,600

as soon as we started with jets they all

2151  
01:11:54,470 --> 01:11:52,159  
have gun cameras you know they all have

2152  
01:11:56,630 --> 01:11:54,480  
you know pods they uh not all of them

2153  
01:11:57,110 --> 01:11:56,640  
have pods which is the flear pods but

2154  
01:12:00,709 --> 01:11:57,120  
you know

2155  
01:12:02,709 --> 01:12:00,719  
have clear pods uh

2156  
01:12:03,990 --> 01:12:02,719  
you know there's no way in hell that

2157  
01:12:07,270 --> 01:12:04,000  
they can tell me that

2158  
01:12:09,270 --> 01:12:07,280  
they don't have a metric ass ton

2159  
01:12:10,790 --> 01:12:09,280  
of just raw data that they've gone

2160  
01:12:12,070 --> 01:12:10,800  
through so

2161  
01:12:15,189 --> 01:12:12,080  
they can tell me that they don't know

2162  
01:12:16,790 --> 01:12:15,199  
what they are i'll believe that

2163  
01:12:18,229 --> 01:12:16,800

but they can't tell me that they don't

2164

01:12:21,990 --> 01:12:18,239

have a good idea

2165

01:12:24,870 --> 01:12:22,000

of like the existence of this stuff

2166

01:12:26,229 --> 01:12:24,880

yeah i think you know i mean the fact

2167

01:12:28,149 --> 01:12:26,239

that that

2168

01:12:29,590 --> 01:12:28,159

you know they they go into these you

2169

01:12:33,910 --> 01:12:29,600

know

2170

01:12:35,830 --> 01:12:33,920

basically ufos hey look over there

2171

01:12:40,870 --> 01:12:35,840

the the orange man is saying something

2172

01:12:46,149 --> 01:12:43,430

ufo ufo ufo oh yeah look at it i didn't

2173

01:12:48,870 --> 01:12:46,159

forgot where he was again

2174

01:12:50,070 --> 01:12:48,880

yeah there's a lot of a lot of

2175

01:12:52,229 --> 01:12:50,080

distraction

2176

01:12:53,750 --> 01:12:52,239

hey well it's like it gets disseminated

2177

01:12:56,470 --> 01:12:53,760

right at the you know

2178

01:12:58,470 --> 01:12:56,480

hey you know these videos are absolutely

2179

01:12:59,669 --> 01:12:58,480

real oh corona virus everybody's gonna

2180

01:13:02,550 --> 01:12:59,679

die

2181

01:13:03,270 --> 01:13:02,560

yeah i mean talk about like interesting

2182

01:13:06,709 --> 01:13:03,280

timing with

2183

01:13:09,350 --> 01:13:06,719

with the soft disclosure and then this

2184

01:13:09,750 --> 01:13:09,360

i mean i'm not saying that corona is a

2185

01:13:11,830 --> 01:13:09,760

total

2186

01:13:14,149 --> 01:13:11,840

distraction but i mean it's it has

2187

01:13:17,750 --> 01:13:14,159

distracted away from the public

2188

01:13:19,750 --> 01:13:17,760

digging into this ufo uh

2189

01:13:20,870 --> 01:13:19,760

you know the pentagon coming out and and

2190

01:13:22,709 --> 01:13:20,880

all that stuff that's been happening

2191

01:13:25,510 --> 01:13:22,719

over the couple of years it's like

2192

01:13:27,669 --> 01:13:25,520

uh even down to like politics it's like

2193

01:13:29,590 --> 01:13:27,679

totally distracting us away from

2194

01:13:30,790 --> 01:13:29,600

i don't know one of the most important

2195

01:13:33,590 --> 01:13:30,800

answers that we've got

2196

01:13:34,550 --> 01:13:33,600

stories in in human history man yeah

2197

01:13:37,750 --> 01:13:34,560

absolutely

2198

01:13:39,830 --> 01:13:37,760

well i mean just just the fact that

2199

01:13:41,270 --> 01:13:39,840

you know this technology exists is kind

2200

01:13:44,390 --> 01:13:41,280

of important to human history

2201

01:13:47,030 --> 01:13:44,400

because even if it is a if it's ours or

2202

01:13:49,030 --> 01:13:47,040

say if it is a you know a parallel

2203

01:13:51,350 --> 01:13:49,040

culture

2204

01:13:52,149 --> 01:13:51,360

then you know they're living right next

2205

01:13:55,030 --> 01:13:52,159

door to us

2206

01:13:56,229 --> 01:13:55,040

you know hey throw us a bone a little

2207

01:13:57,430 --> 01:13:56,239

bit more than you know what we've been

2208

01:13:59,830 --> 01:13:57,440

able to figure out

2209

01:14:01,110 --> 01:13:59,840

right yeah that parallel stuff i've got

2210

01:14:02,790 --> 01:14:01,120

to listen to that episode but

2211

01:14:05,990 --> 01:14:02,800

man my my brain's going all kinds of

2212

01:14:08,630 --> 01:14:06,000

crazy with with ideas

2213

01:14:09,350 --> 01:14:08,640

is that is i mean for what they were

2214

01:14:10,790 --> 01:14:09,360

said

2215

01:14:12,550 --> 01:14:10,800

yeah you i'm sure you're going to want

2216

01:14:15,189 --> 01:14:12,560

you listen to it anyways yeah like right

2217

01:14:18,390 --> 01:14:15,199

now i listen to you guys

2218

01:14:19,189 --> 01:14:18,400

them what if tomorrow yeah yeah the what

2219

01:14:22,550 --> 01:14:19,199

if tomorrow

2220

01:14:24,630 --> 01:14:22,560

uh ryan and uh

2221

01:14:26,709 --> 01:14:24,640

the uh that that one i sent you a link

2222

01:14:28,229 --> 01:14:26,719

to that's all i'm listening to right now

2223

01:14:30,229 --> 01:14:28,239

that guy that guy dude you'll never

2224

01:14:31,669 --> 01:14:30,239

catch up just just listen to him and

2225

01:14:33,110 --> 01:14:31,679

then cherry-pick what you want to know

2226

01:14:35,669 --> 01:14:33,120

about what he knows

2227

01:14:36,470 --> 01:14:35,679

yeah because dude does like three four

2228

01:14:38,390 --> 01:14:36,480

episodes

2229

01:14:40,470 --> 01:14:38,400

like sometimes he does like two three of

2230

01:14:42,149 --> 01:14:40,480

them a day damn

2231

01:14:43,910 --> 01:14:42,159

that's insane that's awesome well he

2232

01:14:48,310 --> 01:14:43,920

just he just hops on he's like hey

2233

01:14:54,630 --> 01:14:50,310

our record is three a day get out the

2234

01:14:58,390 --> 01:14:54,640

damn cities get out the damn cities

2235

01:15:01,430 --> 01:14:58,400

yes dude so man so for uapx

2236

01:15:03,510 --> 01:15:01,440

uh you guys think maybe in the future

2237

01:15:05,350 --> 01:15:03,520

if it ever gets to that point would you

2238

01:15:12,630 --> 01:15:05,360

guys ever consider like making your

2239

01:15:18,149 --> 01:15:15,910

i i would uh uh if elon is listening

2240

01:15:19,510 --> 01:15:18,159

or ever listens to this i would say uh

2241

01:15:22,830 --> 01:15:19,520

yeah i am definitely interested in

2242

01:15:26,550 --> 01:15:22,840

having our own uapx satellite

2243

01:15:28,070 --> 01:15:26,560

donated to us hell yeah

2244

01:15:29,830 --> 01:15:28,080

uh i tell you what if we ever get big

2245

01:15:30,950 --> 01:15:29,840

enough to be able to afford a satellite

2246

01:15:33,669 --> 01:15:30,960

you'd best

2247

01:15:34,070 --> 01:15:33,679

damn well believe we will have one but

2248

01:15:37,990 --> 01:15:34,080

you know

2249

01:15:40,070 --> 01:15:38,000

i'm a big fan of utilizing all tools

2250

01:15:42,870 --> 01:15:40,080

available you know i'm not going to be

2251

01:15:44,950 --> 01:15:42,880

biased just because of technology

2252

01:15:46,709 --> 01:15:44,960

you know a lot of people you know i'm

2253

01:15:48,470 --> 01:15:46,719

not worried about spiritual side of all

2254

01:15:51,110 --> 01:15:48,480

this right now that's that we've got

2255

01:15:52,470 --> 01:15:51,120

plenty of people that are handling that

2256

01:15:54,310 --> 01:15:52,480

i mean i i mean there's

2257

01:15:55,910 --> 01:15:54,320

yeah yeah and i've got some i've got

2258

01:15:56,310 --> 01:15:55,920

some some people some you know we we

2259

01:15:58,229 --> 01:15:56,320

both

2260

01:16:00,390 --> 01:15:58,239

know we've got mutual friends in this

2261

01:16:03,270 --> 01:16:00,400

that you know that's their thing

2262

01:16:04,229 --> 01:16:03,280

you know that's like 90 of it yeah yeah

2263

01:16:07,189 --> 01:16:04,239

well not that

2264

01:16:09,270 --> 01:16:07,199

yeah so yeah and you know i i respect

2265

01:16:10,950 --> 01:16:09,280

that just because i do have my own faith

2266

01:16:12,870 --> 01:16:10,960

and you know i mean that's just it you

2267

01:16:15,510 --> 01:16:12,880

know i can't say that they

2268

01:16:17,270 --> 01:16:15,520

didn't meet uh zeta reticuli and been

2269

01:16:19,590 --> 01:16:17,280

having sex with them for years

2270

01:16:20,709 --> 01:16:19,600

i i can't say that they haven't yeah i

2271

01:16:23,910 --> 01:16:20,719

don't know

2272

01:16:24,870 --> 01:16:23,920

but it didn't happen to me so i've just

2273

01:16:28,310 --> 01:16:24,880

got to say okay

2274

01:16:30,870 --> 01:16:28,320

well good for you yeah

2275

01:16:32,149 --> 01:16:30,880

i mean what can you say you know it's

2276

01:16:32,470 --> 01:16:32,159

just yeah it's kind of one of those

2277

01:16:34,550 --> 01:16:32,480

things

2278

01:16:35,830 --> 01:16:34,560

it's a great some great stories but i

2279

01:16:37,910 --> 01:16:35,840

don't

2280

01:16:39,110 --> 01:16:37,920

i love listening to them all because

2281

01:16:41,030 --> 01:16:39,120

yeah i find in

2282

01:16:43,590 --> 01:16:41,040

even the most far-fetched story there's

2283

01:16:45,189 --> 01:16:43,600

always some type of kernel of truth

2284

01:16:47,430 --> 01:16:45,199

and even if that truth is that they're

2285

01:16:50,550 --> 01:16:47,440

crazy but you know

2286

01:16:52,149 --> 01:16:50,560

yeah oh yeah so you know i i poke fun a

2287

01:16:54,070 --> 01:16:52,159

little bit of it but you know it's

2288

01:16:56,149 --> 01:16:54,080

it's you know i don't want them not to

2289

01:17:00,870 --> 01:16:56,159

come forward because

2290

01:17:05,750 --> 01:17:02,950

something happened to them but it wasn't

2291

01:17:08,630 --> 01:17:05,760

quite what they understood it was

2292

01:17:09,990 --> 01:17:08,640

you know because like the uh the owl man

2293

01:17:12,070 --> 01:17:10,000

kind of got me thinking about the

2294

01:17:13,189 --> 01:17:12,080

phenomenon of being abducted and stuff

2295

01:17:15,110 --> 01:17:13,199

like that

2296

01:17:16,229 --> 01:17:15,120

and i'm sure you guys he's so big in

2297

01:17:18,870 --> 01:17:16,239

this field at this point

2298

01:17:20,630 --> 01:17:18,880

yeah yeah if they can make you feel like

2299

01:17:23,669 --> 01:17:20,640

you are only seeing owls

2300

01:17:26,149 --> 01:17:23,679

instead of aliens yeah who says

2301

01:17:27,750 --> 01:17:26,159

they can't really you know impress you

2302

01:17:29,990 --> 01:17:27,760

know do some type of inception

2303

01:17:30,790 --> 01:17:30,000

[\h\_\_\h] on you that you know you think uh

2304

01:17:32,390 --> 01:17:30,800

well you know

2305

01:17:34,149 --> 01:17:32,400

i've been in this loving relationship

2306

01:17:35,270 --> 01:17:34,159

with an alien for years when in reality

2307

01:17:38,470 --> 01:17:35,280

you've been sitting on a [\h\_\_\h]

2308

01:17:39,830 --> 01:17:38,480

cold slab being you know [\h\_\_\h] poked and

2309

01:17:41,990 --> 01:17:39,840

prodded and cut apart

2310

01:17:43,350 --> 01:17:42,000

and you know what it's so horrendous

2311

01:17:45,030 --> 01:17:43,360

what they're doing to you they give you

2312

01:17:47,110 --> 01:17:45,040

these beautiful little memories

2313

01:17:48,709 --> 01:17:47,120

right wonderful time travel in the

2314

01:17:51,750 --> 01:17:48,719

galaxy with blue people

2315

01:17:53,189 --> 01:17:51,760

i have no idea you know but or it really

2316

01:17:54,550 --> 01:17:53,199

could be that they were traveling the

2317

01:17:57,669 --> 01:17:54,560

damn galaxy with blue people

2318

01:18:01,669 --> 01:17:57,679

but either way i think that these

2319

01:18:04,470 --> 01:18:01,679

stories uh help with everything from

2320

01:18:05,430 --> 01:18:04,480

you know you know uh we need to pay

2321

01:18:07,350 --> 01:18:05,440

attention to people

2322

01:18:08,870 --> 01:18:07,360

like that we need to pay attention to

2323

01:18:10,709 --> 01:18:08,880

all of the stories

2324

01:18:15,350 --> 01:18:10,719

even if they end up being completely

2325

01:18:18,470 --> 01:18:16,790

yeah because i mean those i need

2326

01:18:20,310 --> 01:18:18,480

attention people eventually

2327

01:18:21,910 --> 01:18:20,320

kind of weed themselves out yeah you

2328

01:18:26,550 --> 01:18:21,920

know yeah

2329

01:18:29,669 --> 01:18:26,560

you know they really do and uh

2330

01:18:33,830 --> 01:18:29,679

it's it's just

2331

01:18:36,310 --> 01:18:33,840

perspective because even my story

2332

01:18:37,189 --> 01:18:36,320

to a normal person is like dude did that

2333

01:18:40,310 --> 01:18:37,199

really happen

2334

01:18:41,350 --> 01:18:40,320

nah not really really you know yeah yeah

2335

01:18:42,950 --> 01:18:41,360

attract unknowns

2336

01:18:45,110 --> 01:18:42,960

so there's like aliens like i have no

2337

01:18:45,750 --> 01:18:45,120

idea we just tracked unknowns you know

2338

01:18:47,430 --> 01:18:45,760

yeah

2339

01:18:48,870 --> 01:18:47,440

they're real unknown crafts doing like

2340

01:18:50,310 --> 01:18:48,880

ridiculous things

2341

01:18:53,270 --> 01:18:50,320

just like you see in the movies you know

2342

01:18:57,590 --> 01:18:53,280

but yeah without without the doors

2343

01:18:59,910 --> 01:18:57,600

yeah yeah no alien probes and no doors

2344

01:19:00,870 --> 01:18:59,920

we just saw some amazing amazing things

2345

01:19:03,669 --> 01:19:00,880

you know

2346

01:19:04,630 --> 01:19:03,679

and uh the story itself is so benign but

2347

01:19:08,470 --> 01:19:04,640

yet

2348

01:19:10,870 --> 01:19:08,480

the implications of an object

2349

01:19:11,910 --> 01:19:10,880

coming into our atmosphere literally

2350

01:19:14,870 --> 01:19:11,920

just

2351

01:19:17,030 --> 01:19:14,880

unimpeded we've got the most advanced

2352

01:19:18,790 --> 01:19:17,040

military on the damn planet and we're

2353

01:19:22,229 --> 01:19:18,800

just kind of like

2354

01:19:25,270 --> 01:19:22,239

we can't do anything yes yeah

2355

01:19:27,110 --> 01:19:25,280

so uh what you doing well we're gonna

2356

01:19:28,070 --> 01:19:27,120

we're gonna fly right at you and hope

2357

01:19:32,630 --> 01:19:28,080

that something

2358

01:19:36,390 --> 01:19:35,270

yeah man so yeah i know i totally agree

2359

01:19:39,750 --> 01:19:36,400

i'm not jealous of your

2360

01:19:40,470 --> 01:19:39,760

technology no okay bye yeah yeah no

2361

01:19:41,830 --> 01:19:40,480

kidding

2362

01:19:43,430 --> 01:19:41,840

you know it's like they come a couple of

2363

01:19:44,709 --> 01:19:43,440

statements fraber said that always kind

2364

01:19:46,950 --> 01:19:44,719

of uh

2365

01:19:49,030 --> 01:19:46,960

it kind of summed up his personality for

2366

01:19:49,990 --> 01:19:49,040

me is like because like the one of the

2367

01:19:52,229 --> 01:19:50,000

very very most

2368

01:19:54,709 --> 01:19:52,239

truthful statements i ever saw that man

2369

01:19:58,310 --> 01:19:54,719

saves when he was describing

2370

01:20:00,790 --> 01:19:58,320

his feelings for what he did when he saw

2371

01:20:03,830 --> 01:20:00,800

it like i'm gonna go check this out like

2372

01:20:06,550 --> 01:20:03,840

he was excited to dog

2373

01:20:08,550 --> 01:20:06,560

fight this thing and it's like that's

2374

01:20:11,030 --> 01:20:08,560

about one of the few things i know for

2375

01:20:12,950 --> 01:20:11,040

absolute certain that that guy was 100

2376

01:20:15,590 --> 01:20:12,960

on i give him

2377

01:20:18,950 --> 01:20:15,600

the [h\_\_\h] i salute you sir because

2378

01:20:21,590 --> 01:20:18,960

that is insane yeah i

2379

01:20:22,950 --> 01:20:21,600

let's say i am going to take my far less

2380

01:20:26,229 --> 01:20:22,960

superior

2381

01:20:27,750 --> 01:20:26,239

pos 64 chevelle over here and i'm gonna

2382

01:20:30,950 --> 01:20:27,760

drag race your

2383

01:20:32,229 --> 01:20:30,960

you know 326 souped up you know whatever

2384

01:20:35,750 --> 01:20:32,239

whatever whatever

2385

01:20:39,669 --> 01:20:35,760

you know awesome body brand spanking new

2386

01:20:42,310 --> 01:20:39,679

uh you know million mile an hour

2387

01:20:43,750 --> 01:20:42,320

yeah jeez and i'm not gonna do it

2388

01:20:47,030 --> 01:20:43,760

without weapons

2389

01:20:48,550 --> 01:20:47,040

yeah yeah that's the craziest part like

2390

01:20:50,149 --> 01:20:48,560

i know when i listen to that story it's

2391

01:20:53,110 --> 01:20:50,159

like it's like

2392

01:20:54,550 --> 01:20:53,120

yeah we we uh you know they sent them

2393

01:20:55,590 --> 01:20:54,560

out to go check it out it's like but

2394

01:20:58,950 --> 01:20:55,600

they didn't have any

2395

01:21:01,430 --> 01:20:58,960

any like missiles or guns or or

2396

01:21:03,189 --> 01:21:01,440

anything they didn't have nothing yeah

2397

01:21:05,590 --> 01:21:03,199

no

2398

01:21:07,189 --> 01:21:05,600

missiles which are basically just dummy

2399

01:21:09,990 --> 01:21:07,199

missiles on the ends for weight

2400

01:21:11,030 --> 01:21:10,000

yeah dude yeah i didn't know that part

2401

01:21:14,870 --> 01:21:11,040

no no they didn't have

2402

01:21:16,470 --> 01:21:14,880

anything damn that's crazy yeah so

2403

01:21:18,870 --> 01:21:16,480

yeah so i mean i'm going to give that

2404

01:21:20,070 --> 01:21:18,880

guy he's got the uh he's got the

2405

01:21:22,470 --> 01:21:20,080

uh i'm going to give go ahead and give

2406

01:21:24,550 --> 01:21:22,480

him the award for the the most nut sack

2407

01:21:28,070 --> 01:21:24,560

in the world

2408

01:21:29,990 --> 01:21:28,080

that's savvy ban i can't imagine

2409

01:21:31,750 --> 01:21:30,000

you know i mean i wasn't freaked out on

2410

01:21:33,030 --> 01:21:31,760

the boat but i'm on the boat

2411

01:21:35,830 --> 01:21:33,040

you know i'm seeing these things at a

2412

01:21:37,830 --> 01:21:35,840

distance i'm seeing a cool little light

2413

01:21:39,189 --> 01:21:37,840

on the horizon and you know the whole

2414

01:21:41,270 --> 01:21:39,199

sudden light just blew

2415

01:21:42,629 --> 01:21:41,280

over here oh that's super cool nowhere

2416

01:21:44,950 --> 01:21:42,639

near me i'm not

2417

01:21:46,229 --> 01:21:44,960

feeling any type of you know i'm not

2418

01:21:47,750 --> 01:21:46,239

feeling any type of

2419

01:21:50,070 --> 01:21:47,760

anything about it other than that's

2420

01:21:51,590 --> 01:21:50,080

super cool yeah and when i saw the

2421

01:21:52,790 --> 01:21:51,600

honestly the only time i got a little

2422

01:21:54,310 --> 01:21:52,800

freaked out was

2423

01:21:56,310 --> 01:21:54,320

the first couple of moments to see in

2424

01:21:58,709 --> 01:21:56,320

the video itself

2425

01:21:59,430 --> 01:21:58,719

it's like it's kind of when it hit home

2426

01:22:00,709 --> 01:21:59,440

like before

2427

01:22:02,870 --> 01:22:00,719

before that it was almost like a little

2428

01:22:04,950 --> 01:22:02,880

game like can i catch it can i get

2429

01:22:06,149 --> 01:22:04,960

can i see it you know is it you know and

2430

01:22:07,990 --> 01:22:06,159

then a lot of time you get up there and

2431

01:22:08,950 --> 01:22:08,000

you'd be just nothing here it's too far

2432

01:22:10,229 --> 01:22:08,960

away and

2433

01:22:11,990 --> 01:22:10,239

you know and then you know all of a

2434

01:22:13,990 --> 01:22:12,000

sudden you see the video and it's like

2435

01:22:15,270 --> 01:22:14,000

your brain goes numb your body goes a

2436

01:22:16,950 --> 01:22:15,280

little cold

2437

01:22:18,870 --> 01:22:16,960

you kind of get a little calm and you

2438

01:22:20,470 --> 01:22:18,880

care hey you ever get in trouble

2439

01:22:22,950 --> 01:22:20,480

or you do something and then just

2440

01:22:24,790 --> 01:22:22,960

realize the level of trouble you're in

2441

01:22:26,470 --> 01:22:24,800

like your whole body has that weird

2442

01:22:28,870 --> 01:22:26,480

feeling to it yeah like

2443

01:22:29,750 --> 01:22:28,880

i immediately had that feeling or like

2444

01:22:31,350 --> 01:22:29,760

when you were

2445

01:22:33,510 --> 01:22:31,360

when you realized you did something

2446

01:22:36,390 --> 01:22:33,520

really bad yeah it's like oh

2447

01:22:36,870 --> 01:22:36,400

crap my relationship's over because of

2448

01:22:39,669 --> 01:22:36,880

this

2449

01:22:41,350 --> 01:22:39,679

yeah it's like yeah that cold feeling

2450

01:22:41,830 --> 01:22:41,360

your whole body gets yeah that's how i

2451

01:22:43,189 --> 01:22:41,840

felt

2452

01:22:45,110 --> 01:22:43,199

watching the first couple of moments of

2453

01:22:50,390 --> 01:22:45,120

this it's like the realization that this

2454

01:22:52,709 --> 01:22:50,400

is a real ufo and uh

2455

01:22:53,750 --> 01:22:52,719

it's not a bit like an out-of-body just

2456

01:22:55,590 --> 01:22:53,760

like oh

2457

01:22:57,750 --> 01:22:55,600

well all right well yeah i mean it

2458

01:23:00,950 --> 01:22:57,760

wasn't until we yeah i didn't really

2459

01:23:02,550 --> 01:23:00,960

pay the attention it needed until the

2460

01:23:04,390 --> 01:23:02,560

second time we watched it through

2461

01:23:06,790 --> 01:23:04,400

and yeah after that i'm like i gotta get

2462

01:23:08,550 --> 01:23:06,800

this on a zip trap

2463

01:23:10,550 --> 01:23:08,560

i mean i wasn't even running very far

2464

01:23:11,910 --> 01:23:10,560

but you know grabbed that zip this by

2465

01:23:14,870 --> 01:23:11,920

the time i was gone back it's

2466

01:23:17,590 --> 01:23:14,880

it's gone yeah i'm like [\h\_\_\h] those

2467

01:23:20,310 --> 01:23:17,600

[\h\_\_\h] and khakis man

2468

01:23:20,950 --> 01:23:20,320

yeah man well this was pulled off the

2469

01:23:23,350 --> 01:23:20,960

server

2470

01:23:24,070 --> 01:23:23,360

uh so i mean this is before you know any

2471

01:23:27,430 --> 01:23:24,080

of the uh the

2472

01:23:29,270 --> 01:23:27,440

the men in khakis oh gotcha damn

2473

01:23:30,709 --> 01:23:29,280

dude so i bet you i mean i'm just

2474

01:23:31,189 --> 01:23:30,719

speculating but you know we're talking

2475

01:23:34,149 --> 01:23:31,199

about the

2476

01:23:35,270 --> 01:23:34,159

the multi uh uh world thing where

2477

01:23:37,110 --> 01:23:35,280

there's like another

2478

01:23:39,189 --> 01:23:37,120

civilization living right next door to

2479

01:23:40,709 --> 01:23:39,199

us maybe you know they saw what was

2480

01:23:42,709 --> 01:23:40,719

gonna happen and they just

2481

01:23:44,229 --> 01:23:42,719

a hand slip through the time to continue

2482

01:23:46,709 --> 01:23:44,239

them and grab that disc and

2483

01:23:47,510 --> 01:23:46,719

put it back right right into their own

2484

01:23:49,350 --> 01:23:47,520

world

2485

01:23:51,110 --> 01:23:49,360

who knows yeah well if they did that

2486

01:23:54,070 --> 01:23:51,120

then [h\_\_\h] why'd they have to let the

2487

01:23:57,189 --> 01:23:55,590

yeah why why'd they have to make our

2488

01:23:58,950 --> 01:23:57,199

political situation i mean

2489

01:24:00,550 --> 01:23:58,960

what what was it that sparked that you

2490

01:24:02,550 --> 01:24:00,560

know it's like if time travel

2491

01:24:04,310 --> 01:24:02,560

really is is real it's like really you

2492

01:24:06,950 --> 01:24:04,320

guys are going to let that happen

2493

01:24:08,790 --> 01:24:06,960

seriously there was a joke that he

2494

01:24:09,270 --> 01:24:08,800

freaking ran the first time he ran never

2495

01:24:12,550 --> 01:24:09,280

mind

2496

01:24:13,910 --> 01:24:12,560

this time you know oh i know it's like i

2497

01:24:14,629 --> 01:24:13,920

remember when he was like oh i'm going

2498

01:24:16,229 --> 01:24:14,639

to run for president

2499

01:24:19,910 --> 01:24:16,239

i'm like oh you know this guy's this

2500

01:24:23,430 --> 01:24:21,510

next time next thing you know it's like

2501

01:24:27,110 --> 01:24:23,440

oh he he he's he's he's

2502

01:24:28,950 --> 01:24:27,120

he's he what he won oh wait

2503

01:24:30,629 --> 01:24:28,960

but it was like a perfect storm you know

2504

01:24:32,310 --> 01:24:30,639

hillary got all that bad press

2505

01:24:34,149 --> 01:24:32,320

i mean everybody found out that their

2506

01:24:34,950 --> 01:24:34,159

family killed everybody and you know i

2507

01:24:37,990 --> 01:24:34,960

mean

2508

01:24:39,990 --> 01:24:38,000

then all that body camera data yeah that

2509

01:24:42,550 --> 01:24:40,000

body count man

2510

01:24:44,390 --> 01:24:42,560

allegedly oh right yes legitimately

2511

01:24:44,950 --> 01:24:44,400

allegedly we don't want to be on the

2512

01:24:48,790 --> 01:24:44,960

list

2513

01:24:51,510 --> 01:24:48,800

yeah yeah no definitely not

2514

01:24:52,070 --> 01:24:51,520

i get too much stuff to do a lot of

2515

01:24:53,830 --> 01:24:52,080

stuff

2516

01:24:55,750 --> 01:24:53,840

we got a lot of permaculture to do yeah

2517

01:25:02,709 --> 01:24:55,760

man for sure we got to figure out how to

2518

01:25:07,189 --> 01:25:05,110

man i don't know dude but yeah that that

2519

01:25:09,030 --> 01:25:07,199

i could only i can only imagine man that

2520

01:25:12,550 --> 01:25:09,040

had to have been like uh

2521

01:25:15,750 --> 01:25:12,560

almost like paradigm shifting in a way

2522

01:25:16,870 --> 01:25:15,760

to like see that for the first time like

2523

01:25:19,830 --> 01:25:16,880

you know like you were saying it was

2524

01:25:22,870 --> 01:25:19,840

just kind of this feeling came over you

2525

01:25:24,709 --> 01:25:22,880

that uh i don't know man i i just

2526

01:25:26,470 --> 01:25:24,719

i couldn't imagine you know it's it's

2527

01:25:28,629 --> 01:25:26,480

different for me because you know i saw

2528

01:25:29,910 --> 01:25:28,639

it on the news i've seen the video clips

2529

01:25:32,950 --> 01:25:29,920

and it's like whoa

2530

01:25:34,550 --> 01:25:32,960

that's really cool but being like a

2531

01:25:36,790 --> 01:25:34,560

person who is like

2532

01:25:37,910 --> 01:25:36,800

involved with it tracking it and like

2533

01:25:39,510 --> 01:25:37,920

you're saying yeah it was just this

2534

01:25:40,709 --> 01:25:39,520

shiny little thing on the horizon and

2535

01:25:42,390 --> 01:25:40,719

then actually

2536

01:25:43,990 --> 01:25:42,400

never never thinking this would ever see

2537

01:25:45,189 --> 01:25:44,000

the light of day exactly

2538

01:25:47,110 --> 01:25:45,199

and then all of a sudden you're like

2539

01:25:48,629 --> 01:25:47,120

holy [h\_\_\h] i'll be honest with you the

2540

01:25:51,030 --> 01:25:48,639

whole time i was kind of waiting for

2541

01:25:53,590 --> 01:25:51,040

them just to come on board and be like

2542

01:25:54,149 --> 01:25:53,600

[h\_\_\h] give us everything you got

2543

01:25:57,350 --> 01:25:54,159

you know

2544

01:25:58,790 --> 01:25:57,360

didn't like that it wasn't even anything

2545

01:26:01,270 --> 01:25:58,800

dramatic like that it's just like yeah

2546

01:26:02,950 --> 01:26:01,280

we need all your tapes

2547

01:26:04,629 --> 01:26:02,960

there's anything make sure that they get

2548

01:26:07,750 --> 01:26:04,639

recorded they're over okay

2549

01:26:10,229 --> 01:26:07,760

thanks have a nice day and then

2550

01:26:11,910 --> 01:26:10,239

you know no no evil overlords no you

2551

01:26:13,510 --> 01:26:11,920

know i've got no knocks on the door

2552

01:26:14,390 --> 01:26:13,520

telling me to stop talking about it or

2553

01:26:16,709 --> 01:26:14,400

anything like that

2554

01:26:18,390 --> 01:26:16,719

so no reptilian it makes you it makes

2555

01:26:21,669 --> 01:26:18,400

you wonder like

2556

01:26:24,390 --> 01:26:21,679

it's those those guys you know like

2557

01:26:26,390 --> 01:26:24,400

at home base they're like okay look we

2558

01:26:28,070 --> 01:26:26,400

gotta go there we gotta get these films

2559

01:26:29,030 --> 01:26:28,080

when you get there make sure you [h\_\_h]

2560

01:26:30,629 --> 01:26:29,040

play it cool

2561

01:26:32,310 --> 01:26:30,639

we don't want anybody knowing that this

2562

01:26:33,750 --> 01:26:32,320

is a big deal yeah right then they show

2563

01:26:35,030 --> 01:26:33,760

up to you and they're like hey yeah we

2564

01:26:36,790 --> 01:26:35,040

need to get those tapes from you if

2565

01:26:37,270 --> 01:26:36,800

there's anything else just record over

2566

01:26:39,189 --> 01:26:37,280

it

2567

01:26:40,390 --> 01:26:39,199

thank you have a nice day yeah they get

2568

01:26:42,390 --> 01:26:40,400

that stuff

2569

01:26:43,750 --> 01:26:42,400

you know they come back to the to home

2570

01:26:45,669 --> 01:26:43,760

base and they're like we got it

2571

01:26:47,189 --> 01:26:45,679

we got it we got the information we got

2572

01:26:47,750 --> 01:26:47,199

everything and they're all celebrating

2573

01:27:03,430 --> 01:26:47,760

and [h\_\_h]

2574

01:27:07,270 --> 01:27:06,070

yeah did just like give us it over any

2575

01:27:09,030 --> 01:27:07,280

time maybe you didn't even have to play

2576

01:27:10,870 --> 01:27:09,040

it cool you could have been like

2577

01:27:12,629 --> 01:27:10,880

freaking out we still had to give it to

2578

01:27:16,070 --> 01:27:12,639

you as i'm ordered soon as

2579

01:27:18,070 --> 01:27:16,080

he said turn it over there you go

2580

01:27:20,550 --> 01:27:18,080

yeah leavenworth's not uh you know that

2581

01:27:23,430 --> 01:27:20,560

that color is not my suit

2582

01:27:23,750 --> 01:27:23,440

yeah right yeah yeah so no thanks you

2583

01:27:25,830 --> 01:27:23,760

know

2584

01:27:27,750 --> 01:27:25,840

and uh i remember when that when kevin

2585

01:27:29,110 --> 01:27:27,760

that uh convinced me to come out about

2586

01:27:32,310 --> 01:27:29,120

this and

2587

01:27:34,470 --> 01:27:32,320

uh you know it was kind of like

2588

01:27:35,750 --> 01:27:34,480

it was a big decision because you know i

2589

01:27:37,030 --> 01:27:35,760

do have to worry about my family and

2590

01:27:38,709 --> 01:27:37,040

stuff like that and you always hear

2591

01:27:40,550 --> 01:27:38,719

these stories about the men in black and

2592

01:27:42,229 --> 01:27:40,560

how the government really busts down on

2593

01:27:44,149 --> 01:27:42,239

guys to do this and

2594

01:27:45,270 --> 01:27:44,159

i haven't really found that be to be the

2595

01:27:47,189 --> 01:27:45,280

case i mean i

2596

01:27:48,470 --> 01:27:47,199

apparently i just not that important

2597

01:27:50,229 --> 01:27:48,480

which is cool with me

2598

01:27:51,910 --> 01:27:50,239

that's fine i don't really want that

2599

01:27:53,590 --> 01:27:51,920

kind of attention but

2600

01:27:55,270 --> 01:27:53,600

you know i hear about you know people

2601  
01:27:58,149 --> 01:27:55,280  
like bob lazar where their lives were

2602  
01:28:01,350 --> 01:27:58,159  
ruined by this and stuff and i'm like

2603  
01:28:03,110 --> 01:28:01,360  
you know to be fair i mean

2604  
01:28:05,110 --> 01:28:03,120  
the things that they were saying though

2605  
01:28:07,030 --> 01:28:05,120  
i mean

2606  
01:28:08,229 --> 01:28:07,040  
you know it's like oh yeah we got nine

2607  
01:28:10,229 --> 01:28:08,239  
discs

2608  
01:28:12,070 --> 01:28:10,239  
and we fly them regularly yeah that's

2609  
01:28:14,870 --> 01:28:12,080  
quite different than uh

2610  
01:28:16,950 --> 01:28:14,880  
you know i saw some type of object that

2611  
01:28:17,430 --> 01:28:16,960  
was really really fast and really really

2612  
01:28:21,510 --> 01:28:17,440  
slow

2613  
01:28:24,790 --> 01:28:21,520

yeah yeah yeah it did

2614

01:28:26,830 --> 01:28:24,800

what was it no clue i know yeah

2615

01:28:27,990 --> 01:28:26,840

they're probably like yeah this guy's

2616

01:28:30,629 --> 01:28:28,000

good

2617

01:28:31,590 --> 01:28:30,639

yeah so you know and i'm not taking

2618

01:28:34,550 --> 01:28:31,600

anything away from the guy

2619

01:28:35,830 --> 01:28:34,560

because you know some some parts of the

2620

01:28:38,629 --> 01:28:35,840

story kind of

2621

01:28:40,870 --> 01:28:38,639

kind of don't add up for me but some

2622

01:28:42,310 --> 01:28:40,880

parts really do that are a little scary

2623

01:28:43,910 --> 01:28:42,320

you know about his description of

2624

01:28:47,030 --> 01:28:43,920

biometric readers

2625

01:28:49,110 --> 01:28:47,040

yeah you know uh

2626

01:28:50,310 --> 01:28:49,120

i think things of that nature that are

2627

01:28:52,310 --> 01:28:50,320

uh you know

2628

01:28:54,149 --> 01:28:52,320

some some of the technology described

2629

01:28:56,790 --> 01:28:54,159

from back then they're just

2630

01:28:58,229 --> 01:28:56,800

now only filtering into the mainstream

2631

01:28:59,990 --> 01:28:58,239

you know i can very well

2632

01:29:01,750 --> 01:29:00,000

say you know that's you know a lot of

2633

01:29:03,990 --> 01:29:01,760

that technology definitely was probably

2634

01:29:05,669 --> 01:29:04,000

employed on that base

2635

01:29:07,669 --> 01:29:05,679

yeah but i don't i can't say that it

2636

01:29:08,310 --> 01:29:07,679

wasn't developed by us though you know i

2637

01:29:10,950 --> 01:29:08,320

mean

2638

01:29:13,830 --> 01:29:10,960

right right you know he you know he i

2639

01:29:16,709 --> 01:29:13,840

don't think he ever said he saw an alien

2640

01:29:17,590 --> 01:29:16,719

he only saw the technology so i mean

2641

01:29:20,950 --> 01:29:17,600

this could be

2642

01:29:22,790 --> 01:29:20,960

you know earth to his inhabitants that

2643

01:29:24,470 --> 01:29:22,800

you know are living here is technology

2644

01:29:26,550 --> 01:29:24,480

they could still be human

2645

01:29:29,189 --> 01:29:26,560

they just could be just you know they

2646

01:29:32,149 --> 01:29:29,199

were the survivors of the last catechism

2647

01:29:33,189 --> 01:29:32,159

yeah you know there's there's a lot of

2648

01:29:34,950 --> 01:29:33,199

different things

2649

01:29:36,950 --> 01:29:34,960

i told you guys i just never stopped

2650

01:29:38,870 --> 01:29:36,960

with the whole hypothesis thing you know

2651  
01:29:40,229 --> 01:29:38,880  
oh i know that's that's been the latest

2652  
01:29:41,990 --> 01:29:40,239  
one that's really been sticking in my

2653  
01:29:44,149 --> 01:29:42,000  
brain lately is that there's another set

2654  
01:29:46,149 --> 01:29:44,159  
of human humanoids living on this planet

2655  
01:29:47,270 --> 01:29:46,159  
i'm not really even saying reptilian i'm

2656  
01:29:49,910 --> 01:29:47,280  
thinking more like

2657  
01:29:50,310 --> 01:29:49,920  
us yeah yeah definitely just like us

2658  
01:29:51,590 --> 01:29:50,320  
yeah

2659  
01:29:53,510 --> 01:29:51,600  
you know and i mean because that'd be

2660  
01:29:55,430 --> 01:29:53,520  
the only reason they'd really have a

2661  
01:29:56,870 --> 01:29:55,440  
vested interest in us and not just wipe

2662  
01:29:58,550 --> 01:29:56,880  
us the [h\_\_\h] out

2663  
01:29:59,990 --> 01:29:58,560

yeah because i mean the only way that i

2664

01:30:03,590 --> 01:30:00,000

could see

2665

01:30:06,709 --> 01:30:03,600

a prominent civilization

2666

01:30:08,950 --> 01:30:06,719

that was that advanced not just saying

2667

01:30:10,390 --> 01:30:08,960

yeah these monkeys are about to destroy

2668

01:30:11,110 --> 01:30:10,400

this whole world so we're just going to

2669

01:30:13,110 --> 01:30:11,120

go ahead and just

2670

01:30:14,550 --> 01:30:13,120

you know spray the roach spray out throw

2671

01:30:17,750 --> 01:30:14,560

the bait traps and

2672

01:30:19,830 --> 01:30:17,760

right you know

2673

01:30:21,030 --> 01:30:19,840

these ones scroll down into the mountain

2674

01:30:25,510 --> 01:30:21,040

hey carl go get the

2675

01:30:28,310 --> 01:30:25,520

go get the snake i like the idea that uh

2676  
01:30:28,950 --> 01:30:28,320  
that that bigfoot and the grays like had

2677  
01:30:31,030 --> 01:30:28,960  
sex

2678  
01:30:34,070 --> 01:30:31,040  
and that's where we are like we're just

2679  
01:30:35,669 --> 01:30:34,080  
a mixture of bigfoot and the grays yes

2680  
01:30:37,990 --> 01:30:35,679  
like we'll take a little this dna a

2681  
01:30:39,590 --> 01:30:38,000  
little that dna we'll mix it up you know

2682  
01:30:41,270 --> 01:30:39,600  
throw it in a centrifuge

2683  
01:30:43,430 --> 01:30:41,280  
what do you got well this one's big and

2684  
01:30:46,950 --> 01:30:43,440  
hairy that would be funny if you [h\_\_\h]

2685  
01:30:51,669 --> 01:30:50,070  
oh man dude yes yes

2686  
01:30:53,669 --> 01:30:51,679  
i like i like thinking about like you

2687  
01:30:55,270 --> 01:30:53,679  
know it's it's the the powers that be

2688  
01:30:57,270 --> 01:30:55,280

like to put it like in our face

2689

01:30:58,470 --> 01:30:57,280

and i always like to think of the idea

2690

01:31:00,470 --> 01:30:58,480

of vampires right like

2691

01:31:01,669 --> 01:31:00,480

they're not human and they live for a

2692

01:31:03,669 --> 01:31:01,679

really long time and

2693

01:31:05,510 --> 01:31:03,679

for some reason they're always rich as

2694

01:31:07,669 --> 01:31:05,520

[h\_\_\h]

2695

01:31:08,950 --> 01:31:07,679

like what do they do i'll be honest with

2696

01:31:11,669 --> 01:31:08,960

you if i had

2697

01:31:12,149 --> 01:31:11,679

forever to figure out how to make money

2698

01:31:16,070 --> 01:31:12,159

i

2699

01:31:18,870 --> 01:31:16,080

set myself

2700

01:31:20,470 --> 01:31:18,880

up i'd insulate myself i'd you know make

2701

01:31:22,550 --> 01:31:20,480

sure i had a lot of people

2702

01:31:23,910 --> 01:31:22,560

paid a lot of money to make sure you

2703

01:31:26,070 --> 01:31:23,920

never know about me

2704

01:31:27,669 --> 01:31:26,080

right yeah that's that's like the one

2705

01:31:30,229 --> 01:31:27,679

situation where like

2706

01:31:31,270 --> 01:31:30,239

being able to actually maybe save five

2707

01:31:32,870 --> 01:31:31,280

ten bucks a week

2708

01:31:37,189 --> 01:31:32,880

is like beneficial because you have

2709

01:31:40,550 --> 01:31:39,350

yeah yeah yeah they're like stupid

2710

01:31:43,910 --> 01:31:40,560

humans only get like what

2711

01:31:44,790 --> 01:31:43,920

60 years 50 years maybe to save up and

2712

01:31:46,310 --> 01:31:44,800

like

2713

01:31:48,070 --> 01:31:46,320

there'll be a whole cabal of them and

2714

01:31:49,669 --> 01:31:48,080

like look at these idiots they find all

2715

01:31:53,270 --> 01:31:49,679

this gold for us okay let's kill them

2716

01:31:56,709 --> 01:31:54,870

but that that's vampires but they're

2717

01:31:58,470 --> 01:31:56,719

actual just their aliens that look just

2718

01:32:01,270 --> 01:31:58,480

like us man yeah i don't know

2719

01:32:01,910 --> 01:32:01,280

yeah man oh that's kind of cool [h\_\_\h]

2720

01:32:03,669 --> 01:32:01,920

really

2721

01:32:06,870 --> 01:32:03,679

yeah what they don't say is that they

2722

01:32:09,910 --> 01:32:06,880

the the greys used to wear capes

2723

01:32:11,669 --> 01:32:09,920

yes that'd be hilarious they weren't

2724

01:32:14,709 --> 01:32:11,679

really and it's really just a bio suit

2725

01:32:21,750 --> 01:32:14,719

but underneath they got fangs

2726

01:32:30,790 --> 01:32:24,950

no dead humans

2727

01:32:34,470 --> 01:32:33,110

yeah that's it that's that's enough to

2728

01:32:37,430 --> 01:32:34,480

scare you for a while

2729

01:32:38,790 --> 01:32:37,440

yeah right seriously yeah so that's

2730

01:32:39,990 --> 01:32:38,800

actually kind of the complexes that

2731

01:32:42,070 --> 01:32:40,000

we're actually trying to

2732

01:32:43,990 --> 01:32:42,080

kind of think over to in the company

2733

01:32:47,990 --> 01:32:44,000

because doing this type of research

2734

01:32:49,189 --> 01:32:48,000

no matter what you do if we do find if

2735

01:32:51,830 --> 01:32:49,199

basically the only time we're going to

2736

01:32:54,470 --> 01:32:51,840

be left alone is if we find nothing

2737

01:32:57,030 --> 01:32:54,480

but should we ever find something we're

2738

01:32:59,430 --> 01:32:57,040

either going to run into whatever it is

2739

01:33:01,510 --> 01:32:59,440

and the government or just the

2740

01:33:03,270 --> 01:33:01,520

government

2741

01:33:04,550 --> 01:33:03,280

no matter what there's one thing we're

2742

01:33:05,990 --> 01:33:04,560

going to eventually run into the

2743

01:33:09,270 --> 01:33:06,000

government unless we just find

2744

01:33:11,590 --> 01:33:09,280

nothing at all yeah which i'm gonna be

2745

01:33:13,430 --> 01:33:11,600

you know since we already have something

2746

01:33:16,070 --> 01:33:13,440

i don't think that's gonna happen

2747

01:33:17,030 --> 01:33:16,080

you know so yeah and of course you know

2748

01:33:19,510 --> 01:33:17,040

if we

2749

01:33:20,709 --> 01:33:19,520

you know strike pay dirt they're awesome

2750

01:33:22,790 --> 01:33:20,719

if we don't then

2751

01:33:24,229 --> 01:33:22,800

it just back to the drawing board

2752

01:33:26,229 --> 01:33:24,239

recalculate figure out what we're going

2753

01:33:28,950 --> 01:33:26,239

to do i want to put

2754

01:33:31,590 --> 01:33:28,960

uh i want to put sky hubs on commercial

2755

01:33:33,990 --> 01:33:31,600

fishing ships i want to put sky hubs on

2756

01:33:34,709 --> 01:33:34,000

uh you know locals properties that will

2757

01:33:37,669 --> 01:33:34,719

allow us

2758

01:33:38,629 --> 01:33:37,679

all around catalina on the baja on the

2759

01:33:39,910 --> 01:33:38,639

coast

2760

01:33:41,669 --> 01:33:39,920

you know a lot of those hippies would

2761

01:33:42,870 --> 01:33:41,679

love that yeah you can put one at my

2762

01:33:45,030 --> 01:33:42,880

house

2763

01:33:45,990 --> 01:33:45,040

yeah no [\h\_\_h] oh yeah mine too man i'll

2764

01:33:48,950 --> 01:33:46,000

sign up yep

2765

01:33:50,070 --> 01:33:48,960

hey soon as you pay for the parts i'll

2766

01:33:52,390 --> 01:33:50,080

start saving now

2767

01:33:54,310 --> 01:33:52,400

yeah uh if you actually go to their

2768

01:33:56,070 --> 01:33:54,320

website they'll they have a link to all

2769

01:33:56,470 --> 01:33:56,080

the parts you need to make a basic sky

2770

01:33:58,149 --> 01:33:56,480

hub

2771

01:33:59,750 --> 01:33:58,159

and it shows you how to build it too

2772

01:34:02,790 --> 01:33:59,760

it's cool awesome yeah yeah

2773

01:34:04,790 --> 01:34:02,800

breakdown all the software is uh

2774

01:34:06,390 --> 01:34:04,800

it's all it's all free you know they're

2775

01:34:08,470 --> 01:34:06,400

everything is is shareware

2776

01:34:10,070 --> 01:34:08,480

or yeah i guess uh i don't know what any

2777

01:34:13,270 --> 01:34:10,080

of it is but

2778

01:34:14,950 --> 01:34:13,280

yeah um but basically it's all the

2779

01:34:17,189 --> 01:34:14,960

directions to make yourself a little

2780

01:34:20,550 --> 01:34:17,199

magic box that scans the sky

2781

01:34:22,229 --> 01:34:20,560

cool and the more you have in your yard

2782

01:34:24,470 --> 01:34:22,239

preferably at least three of them

2783

01:34:25,910 --> 01:34:24,480

eventually you put them in different

2784

01:34:27,350 --> 01:34:25,920

portions of your yards they can actually

2785

01:34:30,709 --> 01:34:27,360

start triangulating

2786

01:34:32,470 --> 01:34:30,719

yeah things and then you know the entire

2787

01:34:33,910 --> 01:34:32,480

network would be able to once there's

2788

01:34:36,870 --> 01:34:33,920

enough of them we'll be able to

2789

01:34:38,550 --> 01:34:36,880

correlate data between each other too

2790

01:34:40,229 --> 01:34:38,560

because it's going to be connected to

2791

01:34:42,870 --> 01:34:40,239

the skyhub network

2792

01:34:43,990 --> 01:34:42,880

yeah so when you get your own little

2793

01:34:45,910 --> 01:34:44,000

skyhub thing

2794

01:34:47,189 --> 01:34:45,920

is that something that you would have to

2795

01:34:49,750 --> 01:34:47,199

take the data off

2796

01:34:50,390 --> 01:34:49,760

and then and then send it into like

2797

01:34:53,189 --> 01:34:50,400

skyhub

2798

01:34:54,149 --> 01:34:53,199

or is it kind of like setting feed right

2799

01:34:55,990 --> 01:34:54,159

into their server

2800

01:34:57,510 --> 01:34:56,000

okay cool cool yeah because i know i

2801

01:34:58,390 --> 01:34:57,520

used to have that little seti thing on

2802

01:35:00,390 --> 01:34:58,400

my computer

2803

01:35:01,830 --> 01:35:00,400

where it would scan the skies you know

2804

01:35:03,669 --> 01:35:01,840

but you didn't have to do anything it

2805

01:35:04,790 --> 01:35:03,679

just scanned it for you or whatever and

2806

01:35:06,950 --> 01:35:04,800

it would send the data

2807

01:35:08,149 --> 01:35:06,960

like right back to them so i didn't know

2808

01:35:10,790 --> 01:35:08,159

if it was the

2809

01:35:12,390 --> 01:35:10,800

kind of the same concept but i mean yeah

2810

01:35:14,950 --> 01:35:12,400

that makes more sense

2811

01:35:17,189 --> 01:35:14,960

for sure but yeah if you look in the uh

2812

01:35:20,229 --> 01:35:17,199

chat

2813

01:35:22,470 --> 01:35:20,239

that's the uh the link for skyhub cool

2814

01:35:23,270 --> 01:35:22,480

we'll post that on the page hell yeah

2815

01:35:26,149 --> 01:35:23,280

nice

2816

01:35:27,350 --> 01:35:26,159

and then we'll also post some uapx um

2817

01:35:30,870 --> 01:35:27,360

stuff on the page too

2818

01:35:33,430 --> 01:35:30,880

hell yeah dude so awesome

2819

01:35:34,629 --> 01:35:33,440

yeah now we have a uh you'll see a if

2820

01:35:37,189 --> 01:35:34,639

when you go to our page

2821

01:35:38,709 --> 01:35:37,199

uh the uapx page you're gonna see like a

2822

01:35:42,149 --> 01:35:38,719

thing at the top that says

2823

01:35:43,830 --> 01:35:42,159

you know that is the demo story

2824

01:35:45,590 --> 01:35:43,840

because uh we're still in the process of

2825

01:35:49,030 --> 01:35:45,600

creating the store so

2826

01:35:50,390 --> 01:35:49,040

oh cool uh but

2827

01:35:51,669 --> 01:35:50,400

everything else is up there that you can

2828

01:35:53,189 --> 01:35:51,679

look at you can look at all the team

2829

01:35:56,229 --> 01:35:53,199

members what they do

2830

01:35:56,550 --> 01:35:56,239

uh you know we've just kind of rewrote

2831

01:36:01,430 --> 01:35:56,560

the

2832

01:36:03,030 --> 01:36:01,440

just to be more in line with uh

2833

01:36:06,470 --> 01:36:03,040

scientific adventures that we

2834

01:36:08,470 --> 01:36:06,480

are trying to endeavor on um

2835

01:36:09,750 --> 01:36:08,480

yeah we're trying to attract research

2836

01:36:12,870 --> 01:36:09,760

grants and you know

2837

01:36:16,390 --> 01:36:12,880

you know money from sources that are

2838

01:36:16,950 --> 01:36:16,400

uh of academic nature so you know we're

2839

01:36:19,669 --> 01:36:16,960

trying to

2840

01:36:21,030 --> 01:36:19,679

really push the fact that we are not

2841

01:36:22,390 --> 01:36:21,040

looking for little green men we're

2842

01:36:25,510 --> 01:36:22,400

looking to

2843

01:36:26,390 --> 01:36:25,520

study the unidentified flying object

2844

01:36:30,149 --> 01:36:26,400

phenomenon

2845

01:36:32,629 --> 01:36:30,159

that we encountered in 2004 you know so

2846

01:36:35,109 --> 01:36:32,639

that's the important message that we're

2847

01:36:37,830 --> 01:36:35,119

trying to push

2848

01:36:38,550 --> 01:36:37,840

hell yeah yep that's a great message to

2849

01:36:40,550 --> 01:36:38,560

push yeah

2850

01:36:42,070 --> 01:36:40,560

because i mean that's exciting that's

2851  
01:36:43,830 --> 01:36:42,080  
important that's important because most

2852  
01:36:44,629 --> 01:36:43,840  
people think yeah little green men but

2853  
01:36:46,790 --> 01:36:44,639  
it's like

2854  
01:36:48,229 --> 01:36:46,800  
well we're trying to figure out yeah we

2855  
01:36:49,109 --> 01:36:48,239  
can get to the little green men [h\_\_h]

2856  
01:36:51,109 --> 01:36:49,119  
later

2857  
01:36:52,629 --> 01:36:51,119  
right now we just want to figure out if

2858  
01:36:53,350 --> 01:36:52,639  
it's if it's if it's little green men

2859  
01:36:55,590 --> 01:36:53,360  
it'll come up

2860  
01:36:57,189 --> 01:36:55,600  
in the process of the investigation

2861  
01:36:59,350 --> 01:36:57,199  
exactly so i mean

2862  
01:37:01,189 --> 01:36:59,360  
and if it comes up then you know hey if

2863  
01:37:03,030 --> 01:37:01,199

i get on here and i just you know keep

2864

01:37:05,189 --> 01:37:03,040

saying we haven't found anything for you

2865

01:37:07,830 --> 01:37:05,199

know 13 years but we seem to have

2866

01:37:10,149 --> 01:37:07,840

crazy funding well we found something

2867

01:37:14,310 --> 01:37:10,159

i'm not allowed to tell you

2868

01:37:17,510 --> 01:37:14,320

yeah if it is not but i will promise

2869

01:37:19,030 --> 01:37:17,520

if at all possible all of our scientific

2870

01:37:21,990 --> 01:37:19,040

data will be

2871

01:37:23,990 --> 01:37:22,000

free for peer review uh basically once

2872

01:37:24,550 --> 01:37:24,000

we get the data we'll analyze it once we

2873

01:37:27,750 --> 01:37:24,560

have it

2874

01:37:28,310 --> 01:37:27,760

all organized and done up nicely in an

2875

01:37:30,629 --> 01:37:28,320

actual

2876

01:37:32,550 --> 01:37:30,639

you know and uh kevin knuth and the

2877

01:37:34,149 --> 01:37:32,560

other scientists are gonna

2878

01:37:36,629 --> 01:37:34,159

do their thing because they're you know

2879

01:37:38,470 --> 01:37:36,639

professionally trained and all that

2880

01:37:40,149 --> 01:37:38,480

yeah so they know they know how to they

2881

01:37:42,070 --> 01:37:40,159

know how to take that data and turn it

2882

01:37:44,149 --> 01:37:42,080

into actual research

2883

01:37:45,590 --> 01:37:44,159

uh i'll be honest with you i'm kind of

2884

01:37:46,470 --> 01:37:45,600

tagging along with a lot of this stuff

2885

01:37:48,709 --> 01:37:46,480

with those guys

2886

01:37:51,030 --> 01:37:48,719

you know i might have the intellect

2887

01:37:52,870 --> 01:37:51,040

enough to understand the basics of a lot

2888

01:37:54,870 --> 01:37:52,880

of this stuff that they're doing

2889

01:37:56,310 --> 01:37:54,880

but you know that's why we have kevin uh

2890

01:37:58,790 --> 01:37:56,320

kevin knuth is just

2891

01:37:59,750 --> 01:37:58,800

uh he's a he's a pretty amazing person

2892

01:38:02,070 --> 01:37:59,760

and

2893

01:38:04,149 --> 01:38:02,080

uh as for a head scientist i couldn't

2894

01:38:06,390 --> 01:38:04,159

ask for a better one so

2895

01:38:07,590 --> 01:38:06,400

that's awesome with that being said i

2896

01:38:09,590 --> 01:38:07,600

think we got to wrap it up

2897

01:38:11,109 --> 01:38:09,600

yeah for sure cool man yeah no worries

2898

01:38:12,709 --> 01:38:11,119

yeah thank you so much dude

2899

01:38:14,629 --> 01:38:12,719

hell yeah great to catch up with you man

2900

01:38:17,590 --> 01:38:14,639

you guys haven't had me back on

2901

01:38:18,790 --> 01:38:17,600

oh yeah and uh i uh i love this this

2902

01:38:20,950 --> 01:38:18,800

type of stuff

2903

01:38:22,470 --> 01:38:20,960

so yeah man yeah because you go on these

2904

01:38:23,910 --> 01:38:22,480

uh these big shows and like i said

2905

01:38:26,629 --> 01:38:23,920

before you know you always have to you

2906

01:38:29,430 --> 01:38:26,639

know mind your p's and q's

2907

01:38:31,030 --> 01:38:29,440

stuff like that you know uh but i know

2908

01:38:33,189 --> 01:38:31,040

we've had a lot of conversations

2909

01:38:35,109 --> 01:38:33,199

since our you know since i came on the

2910

01:38:36,550 --> 01:38:35,119

podcast definitely

2911

01:38:37,910 --> 01:38:36,560

yeah so i can't i look forward to

2912

01:38:38,310 --> 01:38:37,920

working with you guys in the future and

2913

01:38:40,790 --> 01:38:38,320

you know

2914

01:38:41,830 --> 01:38:40,800

when you do finally get that that shirt

2915

01:38:44,070 --> 01:38:41,840

designed for us

2916

01:38:45,430 --> 01:38:44,080

i'll submit it to the yeah board and see

2917

01:38:47,189 --> 01:38:45,440

if they like it and

2918

01:38:49,030 --> 01:38:47,199

they like it i'll also submit the idea

2919

01:38:50,870 --> 01:38:49,040

to put you guys this podcast as a

2920

01:38:53,189 --> 01:38:50,880

contributor to the to the company

2921

01:38:54,709 --> 01:38:53,199

hell yeah cool that would be awesome man

2922

01:38:57,030 --> 01:38:54,719

i can't promise it because i am

2923

01:39:01,030 --> 01:38:57,040

literally only one of the board members

2924

01:39:02,470 --> 01:39:01,040

you're the president dude yeah

2925

01:39:04,709 --> 01:39:02,480

that only that only means i got two

2926

01:39:05,750 --> 01:39:04,719

votes instead of one

2927

01:39:08,149 --> 01:39:05,760

you just got to take the blame for

2928

01:39:10,229 --> 01:39:08,159

everything oh yeah oh yeah

2929

01:39:11,669 --> 01:39:10,239

yeah the brunt of it why haven't

2930

01:39:13,510 --> 01:39:11,679

anything happened with this company well

2931

01:39:15,590 --> 01:39:13,520

we'll see what happened was is i have to

2932

01:39:18,790 --> 01:39:15,600

work

2933

01:39:20,550 --> 01:39:18,800

see what happens take it easy guys yeah

2934

01:39:23,189 --> 01:39:20,560

man you too man you got any more

2935

01:39:25,030 --> 01:39:23,199

questions i think we're good man i think

2936

01:39:25,990 --> 01:39:25,040

we're good if anybody has any questions

2937

01:39:28,070 --> 01:39:26,000

though uh

2938

01:39:29,590 --> 01:39:28,080

outside of what we talked about post it

2939

01:39:31,270 --> 01:39:29,600

on the page and we can always get older

2940

01:39:33,109 --> 01:39:31,280

gary and you know gary's on the page

2941

01:39:35,669 --> 01:39:33,119

too so definitely have a direct linkedin

2942

01:39:38,830 --> 01:39:35,679

with us uh you can actually find me

2943

01:39:40,149 --> 01:39:38,840

and pj and jason on twitter at pretty

2944

01:39:41,990 --> 01:39:40,159

much

2945

01:39:44,790 --> 01:39:42,000

there's always one of us you know

2946

01:39:46,870 --> 01:39:44,800

ranting and raving on there so i mean

2947

01:39:49,109 --> 01:39:46,880

i haven't been on there as much but uh i

2948

01:39:51,030 --> 01:39:49,119

know pj stays pretty active

2949

01:39:52,310 --> 01:39:51,040

jason takes breaks like i do he gets a

2950

01:39:54,550 --> 01:39:52,320

little burnt out

2951

01:39:56,870 --> 01:39:54,560

my facebook's now private so if you're

2952

01:39:58,870 --> 01:39:56,880

still part of my facebook community

2953

01:40:01,270 --> 01:39:58,880

okay you're one of the lucky ones

2954

01:40:01,990 --> 01:40:01,280

because i i purged like 3 000 people off

2955

01:40:05,189 --> 01:40:02,000

of that

2956

01:40:07,430 --> 01:40:05,199

yes i made it oh yeah

2957

01:40:08,550 --> 01:40:07,440

awesome man it's generally people i only

2958

01:40:11,510 --> 01:40:08,560

actually know

2959

01:40:12,550 --> 01:40:11,520

so yeah oh yeah dude that's good man all

2960

01:40:14,470 --> 01:40:12,560

right take it easy guys

2961

01:40:15,830 --> 01:40:14,480

all right billy yeah thanks again man

2962

01:40:17,750 --> 01:40:15,840

more than likely your new job oh thanks

2965

01:40:22,629 --> 01:40:21,119

man i appreciate you brother

2966

01:40:27,990 --> 01:40:22,639

take it easy yeah all right talk to you

2967

01:40:32,629 --> 01:40:31,109

awesome sweet yeah dude that's good

2968

01:40:34,149 --> 01:40:32,639

stuff man it's always good talking to

2969

01:40:36,629 --> 01:40:34,159

gary love that guy man

2970

01:40:37,430 --> 01:40:36,639

yeah so cool it's always just so chill

2971

01:40:40,709 --> 01:40:37,440

it's so chill

2972

01:40:44,070 --> 01:40:40,719

he's just got uh it's such an a unique

2973

01:40:45,189 --> 01:40:44,080

perspective i mean yeah uh i love that

2974

01:40:49,109 --> 01:40:45,199

he's a gamer too

2975

01:40:51,510 --> 01:40:49,119

like yeah man i want to buy an oculus

2976

01:40:53,669 --> 01:40:51,520

now man [h\_\_h]

2977

01:40:54,950 --> 01:40:53,679

i know man it looks cool but yeah that

2978

01:40:57,830 --> 01:40:54,960

was uh that was a cool

2979

01:40:58,790 --> 01:40:57,840

cool podcast yeah man uh video games

2980

01:41:01,669 --> 01:40:58,800

aliens

2981

01:41:02,070 --> 01:41:01,679

uh soil i love dude that was my favorite

2982

01:41:04,149 --> 01:41:02,080

part

2983

01:41:05,270 --> 01:41:04,159

ancient cultures yeah i love talking

2984

01:41:07,910 --> 01:41:05,280

about that soil stuff

2985

01:41:09,189 --> 01:41:07,920

dimensions oh yeah that's good stuff man

2986

01:41:11,189 --> 01:41:09,199

yeah i always enjoy

2987

01:41:12,229 --> 01:41:11,199

enjoy talking to gary for sure he's a

2988

01:41:14,229 --> 01:41:12,239

really cool dude

2989

01:41:15,430 --> 01:41:14,239

so definitely everybody go and uh check

2990

01:41:19,430 --> 01:41:15,440

out uh

2991

01:41:21,430 --> 01:41:19,440

uap expeditions um it's it's a really

2992

01:41:22,830 --> 01:41:21,440

cool thing that they're doing over there

2993

01:41:26,550 --> 01:41:22,840

also uap

2994

01:41:28,070 --> 01:41:26,560

expedition.org uap expedition.org

2995

01:41:29,510 --> 01:41:28,080

check that out it's some really cool

2996

01:41:31,910 --> 01:41:29,520

stuff that they're doing over there and

2997

01:41:33,830 --> 01:41:31,920

also you heard us talking about sky hub

2998

01:41:37,109 --> 01:41:33,840

check them out i mean you can actually

2999

01:41:39,510 --> 01:41:37,119

build one of these uh little uh

3000

01:41:41,430 --> 01:41:39,520

sky watchers man it's really really

3001  
01:41:42,390 --> 01:41:41,440  
badass i was looking at it the other day

3002  
01:41:43,750 --> 01:41:42,400  
trying to see like

3003  
01:41:45,590 --> 01:41:43,760  
how much it would cost to build

3004  
01:41:47,750 --> 01:41:45,600  
something and i think the model that

3005  
01:41:49,430 --> 01:41:47,760  
i was wanting to build was like 600

3006  
01:41:50,790 --> 01:41:49,440  
bucks that's not bad at all

3007  
01:41:52,629 --> 01:41:50,800  
it's not bad you're gonna say six

3008  
01:41:53,750 --> 01:41:52,639  
thousand dollars no no no and he was

3009  
01:41:56,149 --> 01:41:53,760  
right you really can

3010  
01:41:57,510 --> 01:41:56,159  
probably build one for close to three to

3011  
01:41:59,350 --> 01:41:57,520  
four hundred bucks

3012  
01:42:00,709 --> 01:41:59,360  
and well if you need three of them then

3013  
01:42:02,470 --> 01:42:00,719

okay that's gonna add up but

3014

01:42:04,390 --> 01:42:02,480

yeah yeah but you can start with one

3015

01:42:05,189 --> 01:42:04,400

yeah you know and just have it scan the

3016

01:42:07,270 --> 01:42:05,199

sky and then

3017

01:42:09,109 --> 01:42:07,280

slowly but surely next year maybe add

3018

01:42:11,109 --> 01:42:09,119

another one and then that third one

3019

01:42:12,950 --> 01:42:11,119

now you can start triangulating stuff

3020

01:42:14,229 --> 01:42:12,960

does it does it do we know if it takes

3021

01:42:16,629 --> 01:42:14,239

photos or is it just

3022

01:42:19,270 --> 01:42:16,639

is it is it video it's video yeah it's

3023

01:42:20,629 --> 01:42:19,280

it's like 360 video of the sky

3024

01:42:23,350 --> 01:42:20,639

so you need to put on like your roof or

3025

01:42:24,390 --> 01:42:23,360

something uh you don't necessarily have

3026

01:42:26,470 --> 01:42:24,400

to it'd be better

3027

01:42:28,629 --> 01:42:26,480

if it was like kind of in a more open

3028

01:42:32,070 --> 01:42:28,639

area so yeah your roof would be awesome

3029

01:42:33,750 --> 01:42:32,080

yeah but uh yeah i mean it it'll it'll

3030

01:42:35,830 --> 01:42:33,760

even if you have to just put it in your

3031

01:42:38,229 --> 01:42:35,840

backyard i mean it's still gonna scan

3032

01:42:39,990 --> 01:42:38,239

the sky dude we should have had one set

3033

01:42:41,109 --> 01:42:40,000

up this past week after all the weird

3034

01:42:43,990 --> 01:42:41,119

stuff that's been happening

3035

01:42:45,189 --> 01:42:44,000

hey yeah this has been some wild stuff

3036

01:42:48,550 --> 01:42:45,199

for sure yeah but

3037

01:42:50,310 --> 01:42:48,560

yeah yep so guys uh i think uh

3038

01:42:51,590 --> 01:42:50,320

well by the time y'all hear this one

3039

01:42:52,229 --> 01:42:51,600

because i guess we'll release it yeah

3040

01:42:54,390 --> 01:42:52,239

we'll probably

3041

01:42:56,470 --> 01:42:54,400

release this on on thanksgiving or yep

3042

01:42:57,669 --> 01:42:56,480

or maybe early next week we will have

3043

01:43:00,629 --> 01:42:57,679

just gotten back

3044

01:43:00,950 --> 01:43:00,639

from uh seeing our buddy eric mitchell

3045

01:43:02,950 --> 01:43:00,960

yeah

3046

01:43:05,510 --> 01:43:02,960

i'm gonna go do some filming get some uh

3047

01:43:07,990 --> 01:43:05,520

some some some documentary stuff going

3048

01:43:08,870 --> 01:43:08,000

um super excited about this trip man i

3049
