

1
00:00:04,070 --> 00:00:03,110
um all right yeah we're recording all

2
00:00:06,710 --> 00:00:04,080
right well hey

3
00:00:08,549 --> 00:00:06,720
this is another episode of ufo garage

4
00:00:12,070 --> 00:00:08,559
i'm gary i mean i'm ben

5
00:00:15,190 --> 00:00:12,080
and and i'm gary wait i'm joe i'm ben

6
00:00:17,750 --> 00:00:15,200
and i'm gary and i'm joe

7
00:00:19,910 --> 00:00:17,760
nope i'm gary yep that's gary and this

8
00:00:21,029 --> 00:00:19,920
is where we talk about ufos aliens and

9
00:00:22,470 --> 00:00:21,039
all things weird

10
00:00:25,750 --> 00:00:22,480
hey we just like to make things

11
00:00:27,910 --> 00:00:25,760
complicated you know so

12
00:00:28,950 --> 00:00:27,920
what's up gary how you doing today man

13
00:00:31,029 --> 00:00:28,960

and not too much

14

00:00:32,150 --> 00:00:31,039

just hollering in at you guys from

15

00:00:35,190 --> 00:00:32,160

catalina

16

00:00:35,910 --> 00:00:35,200

you know filming over here for an

17

00:00:45,190 --> 00:00:35,920

undisclosed

18

00:00:46,950 --> 00:00:45,200

so basically we won't be talking about

19

00:00:49,350 --> 00:00:46,960

that tonight right but uh yeah

20

00:00:50,709 --> 00:00:49,360

unfortunately you know nba and all that

21

00:00:53,590 --> 00:00:50,719

stuff you know

22

00:00:54,310 --> 00:00:53,600

yes yes but but you can give me your

23

00:00:56,229 --> 00:00:54,320

opinion

24

00:00:59,750 --> 00:00:56,239

on whether or not you think the secret

25

00:01:02,229 --> 00:00:59,760

space force is really part of the navy

26

00:01:03,510 --> 00:01:02,239

um it should be honestly all the forces

27

00:01:04,430 --> 00:01:03,520

should be part of the navy

28

00:01:09,429 --> 00:01:04,440

in my opinion

29

00:01:14,550 --> 00:01:12,789

so here sorry gary uh

30

00:01:15,990 --> 00:01:14,560

i was talking to joe before you came on

31

00:01:17,830 --> 00:01:16,000

and i was like dude i've got

32

00:01:19,910 --> 00:01:17,840

like rack in my brain about ideas for

33

00:01:21,910 --> 00:01:19,920

the t-shirt for uapx

34

00:01:23,190 --> 00:01:21,920

and i was like joe do you have any ideas

35

00:01:25,510 --> 00:01:23,200

and he just like popped out

36

00:01:26,870 --> 00:01:25,520

to tell gary your idea for the t-shirt

37

00:01:27,590 --> 00:01:26,880

so i'm thinking dude you'll have the

38

00:01:29,749 --> 00:01:27,600

ship

39

00:01:32,390 --> 00:01:29,759

right and everything's looking up at the

40

00:01:40,390 --> 00:01:32,400

sky and then there's a ufo underneath of

41

00:01:43,350 --> 00:01:40,400

your ship the whole time

42

00:01:44,950 --> 00:01:43,360

yeah that's actually not too bad of an

43

00:01:48,550 --> 00:01:44,960

idea

44

00:01:51,990 --> 00:01:50,870

just a little sketch i think that's it

45

00:01:55,910 --> 00:01:52,000

dude i don't know what you think

46

00:02:00,469 --> 00:01:59,510

hold on ah there we go i don't have all

47

00:02:03,510 --> 00:02:00,479

of you up

48

00:02:04,230 --> 00:02:03,520

yeah you should have us looking off the

49

00:02:06,389 --> 00:02:04,240

front

50

00:02:08,229 --> 00:02:06,399

yeah yeah having it just hide in the

51
00:02:10,070 --> 00:02:08,239
back like looking out at us like

52
00:02:12,309 --> 00:02:10,080
pointing last night

53
00:02:15,350 --> 00:02:12,319
yeah yeah i thought it'd be funny if

54
00:02:18,550 --> 00:02:15,360
like a dolphin was driving the ufo

55
00:02:20,309 --> 00:02:18,560
underneath yeah so

56
00:02:22,309 --> 00:02:20,319
so we're halfway there for your that

57
00:02:26,710 --> 00:02:22,319
t-shirt design

58
00:02:29,030 --> 00:02:26,720
um has the uh the 25th episode aired yet

59
00:02:29,910 --> 00:02:29,040
that comes out this week i think this

60
00:02:31,750 --> 00:02:29,920
coming tuesday

61
00:02:33,509 --> 00:02:31,760
see how well that does that was really

62
00:02:34,309 --> 00:02:33,519
good that was an awesome episode for

63
00:02:36,790 --> 00:02:34,319

sure

64

00:02:37,830 --> 00:02:36,800

yeah guys if you haven't uh checked out

65

00:02:41,190 --> 00:02:37,840

uh

66

00:02:43,830 --> 00:02:41,200

um what if tomorrow podcast

67

00:02:45,030 --> 00:02:43,840

i have like like 20 podcast names in my

68

00:02:47,190 --> 00:02:45,040

head at all times

69

00:02:48,949 --> 00:02:47,200

if you're uh if you guys haven't checked

70

00:02:50,070 --> 00:02:48,959

out what if tomorrow podcast definitely

71

00:02:51,589 --> 00:02:50,080

uh go check those guys

72

00:02:53,910 --> 00:02:51,599

out they're doing some pretty awesome

73

00:02:54,710 --> 00:02:53,920

stuff we actually did a little link up

74

00:02:57,910 --> 00:02:54,720

episode

75

00:02:59,589 --> 00:02:57,920

with them uh bob and gary

76

00:03:01,190 --> 00:02:59,599

um so check that out it's gonna be

77

00:03:02,550 --> 00:03:01,200

coming out this tuesday it's gonna be

78

00:03:04,470 --> 00:03:02,560

pretty sweet

79

00:03:05,830 --> 00:03:04,480

yeah yeah you guys were pretty cool let

80

00:03:08,710 --> 00:03:05,840

me tag along for that

81

00:03:09,509 --> 00:03:08,720

that was fun i enjoy it yeah that was

82

00:03:11,110 --> 00:03:09,519

that was fun

83

00:03:13,350 --> 00:03:11,120

i was thinking this thing was gonna be a

84

00:03:15,509 --> 00:03:13,360

show

85

00:03:17,270 --> 00:03:15,519

yeah i think because like all of us are

86

00:03:17,670 --> 00:03:17,280

pretty you know as different as we all

87

00:03:20,470 --> 00:03:17,680

are

88

00:03:21,830 --> 00:03:20,480

we're all pretty like-minded you know we

89

00:03:22,470 --> 00:03:21,840

all have different personalities but

90

00:03:23,830 --> 00:03:22,480

we're all

91

00:03:26,070 --> 00:03:23,840

like-minded when it comes to being

92

00:03:27,830 --> 00:03:26,080

open-minded about most things and

93

00:03:29,990 --> 00:03:27,840

you know we all have a commonality you

94

00:03:30,470 --> 00:03:30,000

know so there's something that links us

95

00:03:32,710 --> 00:03:30,480

all

96

00:03:34,070 --> 00:03:32,720

so it went pretty smooth i i thought i

97

00:03:35,910 --> 00:03:34,080

thought it went pretty good

98

00:03:37,270 --> 00:03:35,920

yeah yeah me too i was pleasantly

99

00:03:39,270 --> 00:03:37,280

surprised like yeah

100

00:03:40,949 --> 00:03:39,280

it was it was a good episode yeah what

101
00:03:59,270 --> 00:03:40,959
tomorrow podcast

102
00:04:02,789 --> 00:04:02,070
i was talking to william from uh bob

103
00:04:05,429 --> 00:04:02,799
from bob

104
00:04:06,149 --> 00:04:05,439
podcast yeah bearded brothers uh and

105
00:04:07,670 --> 00:04:06,159
this is just

106
00:04:09,670 --> 00:04:07,680
you guys already know this but just for

107
00:04:10,390 --> 00:04:09,680
listeners uh i was talking to william

108
00:04:11,990 --> 00:04:10,400
earlier

109
00:04:13,509 --> 00:04:12,000
i was like dude you're so good at asking

110
00:04:16,629 --> 00:04:13,519
questions man like

111
00:04:18,150 --> 00:04:16,639
you probably know just as much as anyone

112
00:04:20,550 --> 00:04:18,160
that you're talking to but

113
00:04:22,310 --> 00:04:20,560

you ask really good questions oh yeah

114

00:04:25,510 --> 00:04:22,320

he's good man

115

00:04:28,230 --> 00:04:25,520

and micah too i loved how you were

116

00:04:28,550 --> 00:04:28,240

gary like poking it like hey micah what

117

00:04:31,909 --> 00:04:28,560

the

118

00:04:33,350 --> 00:04:31,919

what's up dude well dude wasn't talking

119

00:04:35,830 --> 00:04:33,360

at all

120

00:04:37,350 --> 00:04:35,840

but when he does talk you you listen you

121

00:04:39,830 --> 00:04:37,360

listen closely right

122

00:04:40,550 --> 00:04:39,840

oh yeah if you you're gonna run a

123

00:04:44,469 --> 00:04:40,560

podcast

124

00:04:48,230 --> 00:04:46,390

you know but i i kind of like him to

125

00:04:51,110 --> 00:04:48,240

like kind of identify with him

126
00:04:52,950 --> 00:04:51,120
with the way that he thinks uh you know

127
00:04:53,510 --> 00:04:52,960
a lot of what he thinks about like with

128
00:04:55,270 --> 00:04:53,520
the

129
00:04:56,710 --> 00:04:55,280
you know how skeptical he is about some

130
00:05:00,870 --> 00:04:56,720
stuff it's

131
00:05:03,590 --> 00:05:00,880
i'm very similar in that aspect so

132
00:05:05,430 --> 00:05:03,600
yeah man yeah yeah that's like one of

133
00:05:07,990 --> 00:05:05,440
the biggest things is like uh

134
00:05:09,189 --> 00:05:08,000
uh you know we were always told ask the

135
00:05:11,909 --> 00:05:09,199
right question

136
00:05:13,430 --> 00:05:11,919
and dude sometimes that's so hard to do

137
00:05:15,510 --> 00:05:13,440
like when you have a million

138
00:05:17,510 --> 00:05:15,520

questions like sometimes we'll have a

139

00:05:19,110 --> 00:05:17,520

guest on and i'll think of

140

00:05:20,550 --> 00:05:19,120

something that i want to ask them and

141

00:05:21,749 --> 00:05:20,560

i'll think about it for like two weeks

142

00:05:23,029 --> 00:05:21,759

before they even come on

143

00:05:25,029 --> 00:05:23,039

and then when they get there i

144

00:05:29,430 --> 00:05:25,039

completely forget to ask what like what

145

00:05:32,950 --> 00:05:31,350

well just like when you walk into uh you

146

00:05:34,710 --> 00:05:32,960

know walk into the kitchen to grab

147

00:05:36,550 --> 00:05:34,720

something you will literally forget what

148

00:05:38,870 --> 00:05:36,560

you wanted to get and get something

149

00:05:40,390 --> 00:05:38,880

different walk out and then come back in

150

00:05:42,070 --> 00:05:40,400

and realize oh

151

00:05:43,830 --> 00:05:42,080

i forgot what i was going to get yeah

152

00:05:46,150 --> 00:05:43,840

exactly man yeah

153

00:05:50,390 --> 00:05:46,160

exactly like have you has anybody seen

154

00:05:57,510 --> 00:05:53,830

like you're holding it yeah

155

00:05:59,350 --> 00:05:57,520

yeah man but yeah dude we got into some

156

00:06:00,629 --> 00:05:59,360

really interesting questions on that

157

00:06:01,990 --> 00:06:00,639

show um

158

00:06:04,230 --> 00:06:02,000

one thing i don't know gary if you can

159

00:06:04,870 --> 00:06:04,240

talk about it but we haven't even gone

160

00:06:08,070 --> 00:06:04,880

in through

161

00:06:10,390 --> 00:06:08,080

like the significance of and

162

00:06:12,309 --> 00:06:10,400

stop me if if i'm crossing the border

163

00:06:14,550 --> 00:06:12,319

but you did say that you're in catalina

164

00:06:16,070 --> 00:06:14,560

and we're talking about the catalina

165

00:06:18,469 --> 00:06:16,080

island off of the shore of

166

00:06:19,110 --> 00:06:18,479

california so for those people that are

167

00:06:20,710 --> 00:06:19,120

listening

168

00:06:23,270 --> 00:06:20,720

that don't know the significance of that

169

00:06:26,150 --> 00:06:23,280

place could you maybe speak to like

170

00:06:26,870 --> 00:06:26,160

why you guys like why someone would be

171

00:06:31,510 --> 00:06:26,880

interested

172

00:06:35,830 --> 00:06:31,520

in going there well back in 2004

173

00:06:37,189 --> 00:06:35,840

in double 04 uh they uh

174

00:06:39,189 --> 00:06:37,199

there were a bunch of sailors that were

175

00:06:40,950 --> 00:06:39,199

off the coast of this island that saw

176

00:06:43,110 --> 00:06:40,960

a bunch of little funny little

177

00:06:47,189 --> 00:06:43,120

tic-tac-shaped objects fly around

178

00:06:51,270 --> 00:06:48,950

yeah we were off the coast of catalina

179

00:06:52,469 --> 00:06:51,280

island when uh we actually tracked a lot

180

00:06:55,670 --> 00:06:52,479

of those ufos

181

00:06:57,749 --> 00:06:55,680

uh back in 204 um

182

00:06:59,189 --> 00:06:57,759

and then the island itself i mean i mean

183

00:07:01,670 --> 00:06:59,199

i've been talking to locals

184

00:07:02,629 --> 00:07:01,680

all day long every locals has a

185

00:07:04,950 --> 00:07:02,639

story

186

00:07:05,830 --> 00:07:04,960

every single i mean literally how it

187

00:07:08,469 --> 00:07:05,840

goes they say

188

00:07:09,029 --> 00:07:08,479

is if you live here long enough like

189

00:07:10,950 --> 00:07:09,039

months

190

00:07:12,070 --> 00:07:10,960

if you're here at least a month you're

191

00:07:13,909 --> 00:07:12,080

gonna see something

192

00:07:16,070 --> 00:07:13,919

it doesn't matter who you are what you

193

00:07:19,110 --> 00:07:16,080

believe you live here

194

00:07:21,510 --> 00:07:19,120

you will see something so it

195

00:07:22,230 --> 00:07:21,520

seems to be a bit of a hot spot for

196

00:07:25,510 --> 00:07:22,240

being able to

197

00:07:27,990 --> 00:07:25,520

see ufos damn okay

198

00:07:29,350 --> 00:07:28,000

so catalina island when most people if

199

00:07:31,830 --> 00:07:29,360

they don't know what this is

200

00:07:33,270 --> 00:07:31,840

i think of oh it's a tiny little island

201
00:07:34,629 --> 00:07:33,280
that you have to take a ferry to and no

202
00:07:35,749 --> 00:07:34,639
one lives there and it's like there's a

203
00:07:37,589 --> 00:07:35,759
couple of resorts

204
00:07:39,350 --> 00:07:37,599
this sounds like it's i mean my wife's

205
00:07:41,589 --> 00:07:39,360
been there so i i know personally

206
00:07:42,790 --> 00:07:41,599
yeah first you don't know like it's huge

207
00:07:45,909 --> 00:07:42,800
right like people actually

208
00:07:48,469 --> 00:07:45,919
well it's a it's an eight mile island

209
00:07:49,270 --> 00:07:48,479
so i mean it's a pretty big island and

210
00:07:52,390 --> 00:07:49,280
there's a

211
00:07:54,710 --> 00:07:52,400
one mile

212
00:07:55,430 --> 00:07:54,720
city right when you come in called

213
00:07:57,350 --> 00:07:55,440

avalon

214

00:07:58,469 --> 00:07:57,360

and then there's also another decently

215

00:08:00,309 --> 00:07:58,479

sized city

216

00:08:01,990 --> 00:08:00,319

over in a place called two harbors which

217

00:08:04,230 --> 00:08:02,000

is basically there's

218

00:08:05,510 --> 00:08:04,240

two when you look at catalina there's a

219

00:08:07,430 --> 00:08:05,520

indentation with two

220

00:08:08,950 --> 00:08:07,440

two harbors at the northern side and in

221

00:08:10,950 --> 00:08:08,960

between there there's a town

222

00:08:12,629 --> 00:08:10,960

yeah it's kind of like a peanut right

223

00:08:15,350 --> 00:08:12,639

yeah

224

00:08:16,869 --> 00:08:15,360

so that two harbors is a lot smaller but

225

00:08:18,230 --> 00:08:16,879

there's around 5 000 people that live

226

00:08:20,790 --> 00:08:18,240

here

227

00:08:22,390 --> 00:08:20,800

yeah so like it's it's it's significant

228

00:08:23,990 --> 00:08:22,400

like when you people think of island you

229

00:08:27,589 --> 00:08:24,000

think of like this desolate

230

00:08:29,830 --> 00:08:27,599

place but it's like yeah it's got like

231

00:08:33,110 --> 00:08:29,840

cattle there's buildings and

232

00:08:35,029 --> 00:08:33,120

infrastructures buffalo there's buffalo

233

00:08:35,589 --> 00:08:35,039

here but there's not there's no exports

234

00:08:38,949 --> 00:08:35,599

here

235

00:08:41,430 --> 00:08:38,959

it's a it's mostly a uh preserve

236

00:08:42,550 --> 00:08:41,440

yeah the most of the island it's owned

237

00:08:46,150 --> 00:08:42,560

by the

238

00:08:49,030 --> 00:08:46,160

wrigley family from wrigley gum

239

00:08:50,710 --> 00:08:49,040

they own the whole island damn i didn't

240

00:08:53,430 --> 00:08:50,720

know that well i didn't know that

241

00:08:54,310 --> 00:08:53,440

yeah that's crazy that sounds fresh dog

242

00:08:58,870 --> 00:08:54,320

uh

243

00:09:03,190 --> 00:09:01,030

my brother-in-law has a story a bunch of

244

00:09:05,990 --> 00:09:03,200

his friends uh went to catalina

245

00:09:08,150 --> 00:09:06,000

for the weekend and camped on uh they

246

00:09:10,389 --> 00:09:08,160

were just like let's just go

247

00:09:11,990 --> 00:09:10,399

and camp somewhere and they just found

248

00:09:14,150 --> 00:09:12,000

like this spot

249

00:09:15,430 --> 00:09:14,160

off of the highway i don't know they

250

00:09:17,670 --> 00:09:15,440

walked they said they walked for a

251
00:09:19,509 --> 00:09:17,680
little bit

252
00:09:21,350 --> 00:09:19,519
and they just camped and then they woke

253
00:09:23,990 --> 00:09:21,360
up in the middle of the night

254
00:09:24,550 --> 00:09:24,000
to like this rustling uh around their

255
00:09:26,150 --> 00:09:24,560
tents

256
00:09:27,670 --> 00:09:26,160
and all of them started to be like hey

257
00:09:31,350 --> 00:09:27,680
do you guys hear that

258
00:09:31,750 --> 00:09:31,360
so they go out like one like two dudes i

259
00:09:33,190 --> 00:09:31,760
think

260
00:09:37,269 --> 00:09:33,200
there's like two tents and they went out

261
00:09:40,150 --> 00:09:37,279
and it turned out to be cattle like

262
00:09:40,630 --> 00:09:40,160
the buffalo yeah dude yeah sorry buffalo

263
00:09:43,030 --> 00:09:40,640

dude

264

00:09:43,750 --> 00:09:43,040

they roam wild straight across this

265

00:09:45,990 --> 00:09:43,760

whole area

266

00:09:47,590 --> 00:09:46,000

i mean the whole island is just their

267

00:09:48,949 --> 00:09:47,600

refuge they just go wherever the hell

268

00:09:49,829 --> 00:09:48,959

they

269

00:09:51,750 --> 00:09:49,839

you got want be and you got to be

270

00:09:51,990 --> 00:09:51,760

careful with them too i mean we had one

271

00:09:54,630 --> 00:09:52,000

uh

272

00:09:55,910 --> 00:09:54,640

charged through the set today oh damn

273

00:09:58,550 --> 00:09:55,920

like it actually almost

274

00:09:59,910 --> 00:09:58,560

i you i came close to getting

275

00:10:01,509 --> 00:09:59,920

trampled today

276

00:10:03,350 --> 00:10:01,519

and then there was that there was a lady

277

00:10:05,190 --> 00:10:03,360

that actually uh

278

00:10:06,949 --> 00:10:05,200

somebody uh somebody actually snatched

279

00:10:08,310 --> 00:10:06,959

her up before she went and she wished

280

00:10:09,509 --> 00:10:08,320

she she was running she didn't know

281

00:10:11,990 --> 00:10:09,519

where they were

282

00:10:13,430 --> 00:10:12,000

and he happened to see which way they

283

00:10:16,150 --> 00:10:13,440

were coming and she would have ran

284

00:10:18,550 --> 00:10:16,160

right into the damn things oh man yeah

285

00:10:20,230 --> 00:10:18,560

he snatched her up so that's crazy

286

00:10:22,389 --> 00:10:20,240

they've saved her life in that situation

287

00:10:25,509 --> 00:10:22,399

because these animals are like

288

00:10:28,550 --> 00:10:25,519

well over 500 to a thousand pounds

289

00:10:31,750 --> 00:10:28,560

they'll run you over you're done

290

00:10:33,509 --> 00:10:31,760

oh yeah and the game over yeah man those

291

00:10:35,269 --> 00:10:33,519

things will like flip your car

292

00:10:37,350 --> 00:10:35,279

and all kinds of stuff you're not even

293

00:10:38,550 --> 00:10:37,360

safe inside of your car sometimes

294

00:10:39,910 --> 00:10:38,560

yeah i'm gonna see if they can give me

295

00:10:40,949 --> 00:10:39,920

the clip of it but apparently they

296

00:10:42,630 --> 00:10:40,959

actually had me filmed

297

00:10:45,990 --> 00:10:42,640

where i realized that i was gonna get

298

00:10:47,269 --> 00:10:46,000

run over and i hauled out

299

00:10:49,430 --> 00:10:47,279

funniest thing they've seen in a long

300

00:10:51,990 --> 00:10:49,440

time yeah it's awesome

301
00:10:55,590 --> 00:10:52,000
that's awesome it was like comics it was

302
00:10:58,630 --> 00:10:57,350
there's like a i think there's a place

303
00:11:00,710 --> 00:10:58,640
like up in the arctic

304
00:11:02,230 --> 00:11:00,720
where like polar bears just roam around

305
00:11:03,590 --> 00:11:02,240
everywhere and they were saying that

306
00:11:05,670 --> 00:11:03,600
like nobody in the city

307
00:11:06,870 --> 00:11:05,680
ever locks their doors and it's like a

308
00:11:09,350 --> 00:11:06,880
public safety

309
00:11:09,910 --> 00:11:09,360
issue where like if you lock your doors

310
00:11:11,350 --> 00:11:09,920
somebody

311
00:11:12,870 --> 00:11:11,360
like runs into the chance of like

312
00:11:13,990 --> 00:11:12,880
getting eaten by polar bears so

313
00:11:16,949 --> 00:11:14,000

everybody leaves their doors

314

00:11:18,949 --> 00:11:16,959

unlocked at all times and everybody just

315

00:11:23,269 --> 00:11:18,959

is cool about it because they know like

316

00:11:25,110 --> 00:11:23,279

hey and they open outwards

317

00:11:26,389 --> 00:11:25,120

right because they can't be pushed in by

318

00:11:29,430 --> 00:11:26,399

a polar bear right yeah

319

00:11:31,110 --> 00:11:29,440

yeah outwards yeah yeah it's crazy those

320

00:11:34,069 --> 00:11:31,120

are all good ideas

321

00:11:34,389 --> 00:11:34,079

yeah you have to pull it smart man

322

00:11:38,150 --> 00:11:34,399

people

323

00:11:39,350 --> 00:11:38,160

you needed some privacy

324

00:11:41,990 --> 00:11:39,360

[Music]

325

00:11:43,590 --> 00:11:42,000

yeah right you're making some babies up

326
00:11:45,590 --> 00:11:43,600
there

327
00:11:46,870 --> 00:11:45,600
mike sorry to interrupt but

328
00:11:51,190 --> 00:11:46,880
polar bear sorry

329
00:11:52,550 --> 00:11:51,200
what can i say i just entered you gary

330
00:11:54,790 --> 00:11:52,560
i'll be out here as soon as polar bear

331
00:11:56,389 --> 00:11:54,800
leaves yeah

332
00:11:58,830 --> 00:11:56,399
i just pictured you like a drink in your

333
00:12:00,150 --> 00:11:58,840
hand gary like walking

334
00:12:01,910 --> 00:12:00,160
[Applause]

335
00:12:04,150 --> 00:12:01,920
here let me uh let me correct your form

336
00:12:06,310 --> 00:12:04,160
a little bit you're a little off yeah

337
00:12:07,670 --> 00:12:06,320
don't mind me see what you want to do

338
00:12:15,190 --> 00:12:07,680

with your hips is uh

339

00:12:20,949 --> 00:12:18,389

you're doing it all wrong oh man that

340

00:12:23,990 --> 00:12:20,959

would be weird

341

00:12:26,550 --> 00:12:24,000

that's uh north like that

342

00:12:28,310 --> 00:12:26,560

though uh the northern lights that's

343

00:12:29,430 --> 00:12:28,320

that's a phenomenon that's always

344

00:12:31,110 --> 00:12:29,440

intrigued me

345

00:12:32,550 --> 00:12:31,120

and it's on my bucket list to go up and

346

00:12:35,350 --> 00:12:32,560

see them i've kind of

347

00:12:36,230 --> 00:12:35,360

kind of seen them like far south like

348

00:12:37,829 --> 00:12:36,240

towards uh

349

00:12:39,269 --> 00:12:37,839

you can kind of see them down in like

350

00:12:41,509 --> 00:12:39,279

seattle area

351

00:12:43,190 --> 00:12:41,519

oh yeah not like but not like not like

352

00:12:44,629 --> 00:12:43,200

it is up north north so you know i want

353

00:12:47,110 --> 00:12:44,639

to go up north and like

354

00:12:48,069 --> 00:12:47,120

see the full sky going crazy

355

00:12:50,470 --> 00:12:48,079

with them

356

00:12:52,310 --> 00:12:50,480

dude yeah that would be awesome

357

00:12:54,150 --> 00:12:52,320

definitely a bucket list

358

00:12:55,509 --> 00:12:54,160

yeah you're definitely like take some

359

00:12:58,550 --> 00:12:55,519

shrooms and go up there

360

00:12:59,430 --> 00:12:58,560

oh my god dude and then a polar bear

361

00:13:01,670 --> 00:12:59,440

comes up

362

00:13:03,670 --> 00:13:01,680

with a with a drink in his hand he's

363

00:13:06,949 --> 00:13:03,680

like yeah man

364

00:13:10,230 --> 00:13:06,959

i remember my first round

365

00:13:12,550 --> 00:13:10,240

it's not a coke it's a ramen coke

366

00:13:14,150 --> 00:13:12,560

coke dude yeah you know with the coke

367

00:13:23,910 --> 00:13:14,160

the coca cola bears

368

00:13:28,550 --> 00:13:26,870

my grandma used to collect those things

369

00:13:30,550 --> 00:13:28,560

like they had like the collectible

370

00:13:32,069 --> 00:13:30,560

coca-cola stuff and it was almost

371

00:13:33,990 --> 00:13:32,079

christmas time they'd be list those

372

00:13:36,389 --> 00:13:34,000

polar bears some of those old ice

373

00:13:37,590 --> 00:13:36,399

chests and are you know actual the

374

00:13:38,310 --> 00:13:37,600

actual ones that they're in good

375

00:13:40,069 --> 00:13:38,320

condition

376

00:13:42,389 --> 00:13:40,079

are actually worth quite a bit of money

377

00:13:45,110 --> 00:13:42,399

yeah man thousands of dollars man

378

00:13:45,509 --> 00:13:45,120

i've got a dr pepper uh ice chest that's

379

00:13:48,550 --> 00:13:45,519

like

380

00:13:50,150 --> 00:13:48,560

from the 60s dude that's pretty

381

00:13:54,710 --> 00:13:50,160

dope i don't know if you're working

382

00:13:58,470 --> 00:13:56,710

i think the best ice chest ever made was

383

00:14:00,870 --> 00:13:58,480

that like that aluminum

384

00:14:01,590 --> 00:14:00,880

corona ice chest that you saw all over

385

00:14:04,310 --> 00:14:01,600

the place

386

00:14:05,750 --> 00:14:04,320

yeah everybody that has one it still has

387

00:14:08,150 --> 00:14:05,760

one and it's all beat the hell

388

00:14:11,670 --> 00:14:08,160

but the bottle opener's falling off but

389

00:14:15,829 --> 00:14:13,189

these guys knew what they were doing

390

00:14:19,350 --> 00:14:15,839

play it planned

391

00:14:20,790 --> 00:14:19,360

obsolescence obsolescence there's a term

392

00:14:22,230 --> 00:14:20,800

it's like when people make stuff they

393

00:14:23,829 --> 00:14:22,240

like make it to break in a certain

394

00:14:26,069 --> 00:14:23,839

amount of time

395

00:14:27,590 --> 00:14:26,079

like yeah that was built back in the 50s

396

00:14:29,350 --> 00:14:27,600

is like or 60s

397

00:14:30,629 --> 00:14:29,360

well back then they just built to

398

00:14:32,230 --> 00:14:30,639

build it they didn't ever

399

00:14:34,150 --> 00:14:32,240

if they broke they're like oh

400

00:14:35,670 --> 00:14:34,160

god no no no make that uh make that a

401
00:14:37,350 --> 00:14:35,680
bit better than that that's gonna

402
00:14:38,790 --> 00:14:37,360
break what the you thinking yeah

403
00:14:41,350 --> 00:14:38,800
now it's like

404
00:14:43,030 --> 00:14:41,360
uh interview it for five years so that

405
00:14:46,150 --> 00:14:43,040
they have to buy a new one

406
00:14:49,030 --> 00:14:46,160
yeah yeah or maybe

407
00:14:50,550 --> 00:14:49,040
make it like only only uh workable by

408
00:14:52,230 --> 00:14:50,560
this tiny little piece that's made out

409
00:14:53,030 --> 00:14:52,240
of like really shitty plastic and if

410
00:14:56,629 --> 00:14:53,040
that breaks yeah

411
00:14:58,069 --> 00:14:56,639
yeah yeah i'm gonna make your uh your

412
00:14:59,829 --> 00:14:58,079
shifting uh uh

413
00:15:02,230 --> 00:14:59,839

a little piece that connects all your

414

00:15:04,870 --> 00:15:02,240

shift your shifting uh cables with a

415

00:15:06,629 --> 00:15:04,880

nylon so that you have to buy a

416

00:15:08,069 --> 00:15:06,639

new one at sixty thousand miles and it's

417

00:15:09,750 --> 00:15:08,079

gonna be panning out you can't drive

418

00:15:12,150 --> 00:15:09,760

your car

419

00:15:15,030 --> 00:15:12,160

exactly i had a saturn where like there

420

00:15:18,949 --> 00:15:15,040

was like this little nylon piece

421

00:15:20,710 --> 00:15:18,959

that uh broke and it wasn't the pro

422

00:15:22,710 --> 00:15:20,720

clutch cable just this little piece and

423

00:15:25,350 --> 00:15:22,720

it's like son of a

424

00:15:26,710 --> 00:15:25,360

oh that sucks man there's this youtube

425

00:15:28,790 --> 00:15:26,720

channel that i watch

426

00:15:29,910 --> 00:15:28,800

and this dude like he goes and like

427

00:15:31,509 --> 00:15:29,920

finds like

428

00:15:33,590 --> 00:15:31,519

like he found like these lighters and

429

00:15:34,790 --> 00:15:33,600

stuff like on like old battlefields from

430

00:15:36,790 --> 00:15:34,800

like world war one

431

00:15:38,870 --> 00:15:36,800

and and like he'll just take all

432

00:15:40,790 --> 00:15:38,880

this old stuff and toys that he finds

433

00:15:43,509 --> 00:15:40,800

they're all rusted and like look like

434

00:15:44,710 --> 00:15:43,519

crap and like he restores them to like

435

00:15:47,110 --> 00:15:44,720

perfect condition

436

00:15:47,749 --> 00:15:47,120

it's just crazy like how good of

437

00:15:49,749 --> 00:15:47,759

condition

438

00:15:51,590 --> 00:15:49,759

and all that stuff is still in it's just

439

00:15:52,069 --> 00:15:51,600

got a little rust on it and it all still

440

00:15:53,509 --> 00:15:52,079

works

441

00:15:54,710 --> 00:15:53,519

if there's enough material there you can

442

00:15:56,150 --> 00:15:54,720

definitely do that but some of that

443

00:15:57,749 --> 00:15:56,160

stuff's just getting rusted out

444

00:15:59,670 --> 00:15:57,759

yeah yeah i guarantee you just go right

445

00:16:02,310 --> 00:15:59,680

through it

446

00:16:03,189 --> 00:16:02,320

got like 5 000 videos that didn't work

447

00:16:05,189 --> 00:16:03,199

you got 50

448

00:16:11,910 --> 00:16:05,199

50 of the same lighter like two of them

449

00:16:15,030 --> 00:16:13,910

it works really it really is like 50 of

450

00:16:16,629 --> 00:16:15,040

them in all different shapes and he's

451
00:16:19,749 --> 00:16:16,639
just showing you

452
00:16:23,350 --> 00:16:19,759
that right right hey

453
00:16:25,829 --> 00:16:23,360
real quick just to segue into uh an idea

454
00:16:28,310 --> 00:16:25,839
that i've been thinking about is we're

455
00:16:30,870 --> 00:16:28,320
talking about playing obsolescence

456
00:16:32,310 --> 00:16:30,880
going back to something that uh and gary

457
00:16:34,829 --> 00:16:32,320
angio i mean i'd love to hear both of

458
00:16:37,910 --> 00:16:34,839
your thoughts about this

459
00:16:41,269 --> 00:16:37,920
um uh uh

460
00:16:42,310 --> 00:16:41,279
when the term yeah these ufo crafts that

461
00:16:44,870 --> 00:16:42,320
have been found

462
00:16:46,949 --> 00:16:44,880
are were a part of a an arc

463
00:16:49,910 --> 00:16:46,959

archaeological dig

464

00:16:52,629 --> 00:16:49,920

uh bob lazar famous he said famously

465

00:16:54,710 --> 00:16:52,639

said that on the joe rogan podcast

466

00:16:56,470 --> 00:16:54,720

i for one think it was a freudian slip

467

00:16:56,949 --> 00:16:56,480

he like didn't really want to say that

468

00:16:59,590 --> 00:16:56,959

and like

469

00:17:01,110 --> 00:16:59,600

like but that's out in the open now do

470

00:17:02,629 --> 00:17:01,120

you guys like

471

00:17:04,949 --> 00:17:02,639

when you when you when you say

472

00:17:05,829 --> 00:17:04,959

archaeological dig and then oh like

473

00:17:08,710 --> 00:17:05,839

it works

474

00:17:09,590 --> 00:17:08,720

does that mean it's it's it's so

475

00:17:12,309 --> 00:17:09,600

advanced that

476
00:17:14,230 --> 00:17:12,319
all you have to do is basically rub some

477
00:17:15,829 --> 00:17:14,240
rust on it and it still works

478
00:17:17,750 --> 00:17:15,839
does that kind of fall on the same kind

479
00:17:20,949 --> 00:17:17,760
of idea

480
00:17:21,829 --> 00:17:20,959
think that if something like that were

481
00:17:25,110 --> 00:17:21,839
to happen

482
00:17:26,630 --> 00:17:25,120
uh like with the tsar my personal

483
00:17:29,430 --> 00:17:26,640
feeling is that

484
00:17:30,230 --> 00:17:29,440
you know like there's some truth to his

485
00:17:33,430 --> 00:17:30,240
story

486
00:17:34,470 --> 00:17:33,440
and then he got wrapped up in the media

487
00:17:36,549 --> 00:17:34,480
height

488
00:17:39,029 --> 00:17:36,559

and you know would get that because you

489

00:17:40,390 --> 00:17:39,039

get that feeling sometimes like when you

490

00:17:41,830 --> 00:17:40,400

when you're part of an event or

491

00:17:42,950 --> 00:17:41,840

something like that you know it's like

492

00:17:44,150 --> 00:17:42,960

when you've already said all the

493

00:17:47,029 --> 00:17:44,160

information you have

494

00:17:49,029 --> 00:17:47,039

people are kind of are you sure there's

495

00:17:51,830 --> 00:17:49,039

nothing else

496

00:17:53,510 --> 00:17:51,840

yeah yeah that's it i'm

497

00:17:55,830 --> 00:17:53,520

sorry what do you want me to say

498

00:17:57,270 --> 00:17:55,840

yeah that's how i am but you know i can

499

00:18:00,070 --> 00:17:57,280

see how like

500

00:18:00,710 --> 00:18:00,080

especially if you like the attention um

501
00:18:02,630 --> 00:18:00,720
you know

502
00:18:04,710 --> 00:18:02,640
you kind of might feel obligated to

503
00:18:05,909 --> 00:18:04,720
maybe embellish it a little bit or

504
00:18:08,310 --> 00:18:05,919
something like that

505
00:18:10,310 --> 00:18:08,320
it's just human human nature right like

506
00:18:13,350 --> 00:18:10,320
i think in certain situations it is

507
00:18:13,990 --> 00:18:13,360
but yeah it's not helping this field to

508
00:18:16,470 --> 00:18:14,000
do that

509
00:18:18,310 --> 00:18:16,480
you know it's like it's just like when i

510
00:18:20,549 --> 00:18:18,320
first went on the record about this

511
00:18:21,350 --> 00:18:20,559
i told everything that i knew from my

512
00:18:24,070 --> 00:18:21,360
perspective

513
00:18:25,110 --> 00:18:24,080

without talking to anybody else now in

514

00:18:26,789 --> 00:18:25,120

my opinion

515

00:18:28,390 --> 00:18:26,799

somebody on the boat told me that there

516

00:18:30,150 --> 00:18:28,400

was an underwater you know

517

00:18:31,669 --> 00:18:30,160

we had an underwater track and then we

518

00:18:34,310 --> 00:18:31,679

tracked it under water

519

00:18:35,190 --> 00:18:34,320

knots i mean somebody specifically told

520

00:18:38,230 --> 00:18:35,200

me that

521

00:18:40,390 --> 00:18:38,240

and then come to find out that that

522

00:18:42,070 --> 00:18:40,400

person

523

00:18:43,669 --> 00:18:42,080

i couldn't i couldn't verify it from

524

00:18:45,029 --> 00:18:43,679

that person he didn't want to talk about

525

00:18:46,789 --> 00:18:45,039

it yeah

526

00:18:48,870 --> 00:18:46,799

he was like no i don't want to be a part

527

00:18:50,710 --> 00:18:48,880

of this

528

00:18:52,390 --> 00:18:50,720

and then talking with other people you

529

00:18:52,789 --> 00:18:52,400

know i could never substantiate i could

530

00:18:55,590 --> 00:18:52,799

never

531

00:18:57,350 --> 00:18:55,600

verify it personally so i went and

532

00:18:58,950 --> 00:18:57,360

redacted i go look you know

533

00:19:00,789 --> 00:18:58,960

this was secondhand information that i

534

00:19:02,630 --> 00:19:00,799

got from another shipmate on board

535

00:19:04,390 --> 00:19:02,640

i can't validate it i know it didn't

536

00:19:06,150 --> 00:19:04,400

come from but i do know it didn't come

537

00:19:08,390 --> 00:19:06,160

from our ship

538

00:19:09,750 --> 00:19:08,400

because in order for us to track

539

00:19:09,990 --> 00:19:09,760

something under the water like that we

540

00:19:15,830 --> 00:19:10,000

have

541

00:19:17,270 --> 00:19:15,840

thing it's like we call it the tail or

542

00:19:19,510 --> 00:19:17,280

you know it it

543

00:19:21,510 --> 00:19:19,520

drags behind the ship and it has a bunch

544

00:19:23,029 --> 00:19:21,520

of sonar buoys on it and that's how you

545

00:19:25,110 --> 00:19:23,039

we we track a bunch of stuff

546

00:19:26,470 --> 00:19:25,120

under the water and that's how we can

547

00:19:28,150 --> 00:19:26,480

determine speed and stuff like that

548

00:19:29,110 --> 00:19:28,160

because it's multiple sonar release you

549

00:19:31,510 --> 00:19:29,120

know so

550

00:19:32,789 --> 00:19:31,520

cool but we didn't have our tail in the

551
00:19:34,549 --> 00:19:32,799
water so it wasn't

552
00:19:37,270 --> 00:19:34,559
us that would have tracked it under the

553
00:19:40,549 --> 00:19:37,280
water so if we had tracks

554
00:19:41,909 --> 00:19:40,559
they weren't coming from our ship so um

555
00:19:44,070 --> 00:19:41,919
that's the only thing that i could have

556
00:19:45,430 --> 00:19:44,080
verified i can't verify that

557
00:19:48,470 --> 00:19:45,440
none of the other ships didn't have

558
00:19:51,750 --> 00:19:50,150
you know so i have no idea where the guy

559
00:19:53,029 --> 00:19:51,760
got the information you know it was

560
00:19:55,270 --> 00:19:53,039
relayed to me that way

561
00:19:56,549 --> 00:19:55,280
and i related the same way i i got it

562
00:19:58,150 --> 00:19:56,559
but you know i was just telling the

563
00:20:01,190 --> 00:19:58,160

story as i knew it at the time

564

00:20:02,549 --> 00:20:01,200

and then yeah you know but i always had

565

00:20:04,789 --> 00:20:02,559

but uh that's uh

566

00:20:05,990 --> 00:20:04,799

so we ended up having to reject that and

567

00:20:08,630 --> 00:20:06,000

ironically when when

568

00:20:10,870 --> 00:20:08,640

i was on the history channel uh on the

569

00:20:14,070 --> 00:20:10,880

unidentified episode they kind of

570

00:20:15,510 --> 00:20:14,080

glazed over that and like right after i

571

00:20:16,950 --> 00:20:15,520

said you know told them about it because

572

00:20:19,110 --> 00:20:16,960

they asked me about that i

573

00:20:20,789 --> 00:20:19,120

said you know you know that's the caveat

574

00:20:21,510 --> 00:20:20,799

with that is i can't i haven't been able

575

00:20:23,270 --> 00:20:21,520

to verify

576

00:20:25,029 --> 00:20:23,280

whether that's actually true or not it's

577

00:20:27,830 --> 00:20:25,039

not first-hand knowledge

578

00:20:29,270 --> 00:20:27,840

it's not good tv yeah all that just

579

00:20:31,029 --> 00:20:29,280

ended up on cutting room floor and they

580

00:20:39,110 --> 00:20:31,039

just have me saying oh yes went

581

00:20:43,669 --> 00:20:42,230

yeah so you know it was uh you know

582

00:20:45,909 --> 00:20:43,679

that was the only thing about that

583

00:20:48,310 --> 00:20:45,919

episode that i i personally

584

00:20:49,669 --> 00:20:48,320

kind of didn't like but you know i

585

00:20:51,110 --> 00:20:49,679

understand you know you got to make

586

00:20:52,870 --> 00:20:51,120

they they're out to make money they're

587

00:20:55,430 --> 00:20:52,880

not outside they're not to entertain

588

00:20:57,669 --> 00:20:55,440

make money they and then the rest of

589

00:20:59,909 --> 00:20:57,679

it's kind of

590

00:21:00,950 --> 00:20:59,919

you know let's let's fit everything into

591

00:21:03,830 --> 00:21:00,960

the narrative

592

00:21:05,830 --> 00:21:03,840

yeah but but i'd say i'd say everything

593

00:21:06,310 --> 00:21:05,840

else about that entire episode was spot

594

00:21:07,430 --> 00:21:06,320

on

595

00:21:09,510 --> 00:21:07,440

you know they made they didn't make me

596

00:21:10,870 --> 00:21:09,520

look stupid so i was pretty happy

597

00:21:13,990 --> 00:21:10,880

overall though

598

00:21:16,390 --> 00:21:14,000

yeah so that's good man um

599

00:21:18,149 --> 00:21:16,400

yeah so you said a lot of really

600

00:21:20,230 --> 00:21:18,159

interesting things i want to hit on but

601
00:21:21,909 --> 00:21:20,240
joe i feel like you had you were gonna

602
00:21:24,070 --> 00:21:21,919
hit on so i don't wanna

603
00:21:26,789 --> 00:21:24,080
oh no i was just gonna ask you if you've

604
00:21:30,390 --> 00:21:26,799
ever had catalina dressing

605
00:21:33,190 --> 00:21:30,400
i have um it's pretty good

606
00:21:33,909 --> 00:21:33,200
my favorite recipe for it is slice up

607
00:21:36,950 --> 00:21:33,919
some big

608
00:21:39,190 --> 00:21:36,960
fat steak tomatoes nice slices

609
00:21:40,789 --> 00:21:39,200
thick slices put them onto a plate a

610
00:21:42,149 --> 00:21:40,799
little bit of salt on top of that a

611
00:21:46,950 --> 00:21:42,159
little catalina dressing

612
00:21:49,750 --> 00:21:46,960
oh yeah especially in a hot summer day

613
00:21:50,390 --> 00:21:49,760

it's really good i make this taco salad

614

00:21:52,390 --> 00:21:50,400

with it

615

00:21:55,750 --> 00:21:52,400

it's really good it's got like fritos

616

00:21:58,789 --> 00:21:55,760

and like beans and lettuce

617

00:22:00,710 --> 00:21:58,799

tomatoes and cheese the chili cheese

618

00:22:01,830 --> 00:22:00,720

fritos and that i bet you that would

619

00:22:03,909 --> 00:22:01,840

step it up a notch

620

00:22:06,310 --> 00:22:03,919

hell yeah hell yeah get me hungry what

621

00:22:07,909 --> 00:22:06,320

the what what's catalina dressing bro

622

00:22:09,990 --> 00:22:07,919

oh dude it's amazing you don't know what

623

00:22:11,590 --> 00:22:10,000

catalina dressing is it's made from the

624

00:22:13,510 --> 00:22:11,600

catalins

625

00:22:15,270 --> 00:22:13,520

yeah i feel like you're about to tell me

626
00:22:17,190 --> 00:22:15,280
it's like made out of uh like hot

627
00:22:19,430 --> 00:22:17,200
freshly ground catalins

628
00:22:21,029 --> 00:22:19,440
[Laughter]

629
00:22:25,350 --> 00:22:21,039
a little bit of buff a little bit of

630
00:22:31,990 --> 00:22:28,950
little mountain buffalo oysters oh yeah

631
00:22:34,149 --> 00:22:32,000
oh my god my uncle

632
00:22:35,270 --> 00:22:34,159
was was a jokester growing up and he had

633
00:22:41,510 --> 00:22:35,280
me when i was like

634
00:22:42,710 --> 00:22:41,520
seven or eight uh try turkey fries

635
00:22:44,950 --> 00:22:42,720
i thought you were about to say mountain

636
00:22:47,270 --> 00:22:44,960
oysters

637
00:22:48,789 --> 00:22:47,280
well they were on the menu as well and

638
00:22:51,029 --> 00:22:48,799

he said hey

639

00:22:51,990 --> 00:22:51,039

he was like i was like seven or eight he

640

00:22:54,310 --> 00:22:52,000

goes you can have

641

00:22:55,350 --> 00:22:54,320

uh mountain oysters or turkey fries

642

00:22:56,710 --> 00:22:55,360

which one sounds better

643

00:22:58,470 --> 00:22:56,720

this is the only two things you can

644

00:23:02,149 --> 00:22:58,480

order and i'm like really

645

00:23:05,029 --> 00:23:02,159

oh damn okay you just want to put nuts

646

00:23:11,350 --> 00:23:08,870

but like i was so mad for like so long

647

00:23:12,789 --> 00:23:11,360

now that i'm an uncle i'm like dude i

648

00:23:15,669 --> 00:23:12,799

would totally do that

649

00:23:16,190 --> 00:23:15,679

oh yeah i had a niece i have a knee so i

650

00:23:18,710 --> 00:23:16,200

couldn't do that

651
00:23:32,630 --> 00:23:18,720

[Laughter]

652
00:23:38,789 --> 00:23:36,390
but yeah dude like uh so back to like

653
00:23:40,470 --> 00:23:38,799
we i feel like we're gary i think you're

654
00:23:43,350 --> 00:23:40,480
about to say something

655
00:23:44,149 --> 00:23:43,360
and maybe maybe it was like a personal

656
00:23:49,750 --> 00:23:44,159
uh

657
00:23:52,789 --> 00:23:49,760
maybe not going too far into like the

658
00:23:56,310 --> 00:23:52,799
lazar story like your thoughts on

659
00:23:56,630 --> 00:23:56,320
uh i don't know maybe it's a speculation

660
00:23:58,549 --> 00:23:56,640
but

661
00:24:00,710 --> 00:23:58,559
finding something as an ocular

662
00:24:02,070 --> 00:24:00,720
archaeological dig

663
00:24:03,510 --> 00:24:02,080

i think if it was advanced enough

664

00:24:05,190 --> 00:24:03,520

technology that it really wouldn't

665

00:24:07,110 --> 00:24:05,200

matter that it's old and

666

00:24:09,750 --> 00:24:07,120

uh if as long as the power source was

667

00:24:13,269 --> 00:24:09,760

viable and the circuitry wasn't corroded

668

00:24:14,789 --> 00:24:13,279

it would still work yeah well now that

669

00:24:15,269 --> 00:24:14,799

you say that it makes sense it's like i

670

00:24:19,909 --> 00:24:15,279

mean that's

671

00:24:22,950 --> 00:24:21,830

well it's a good thing you you right

672

00:24:24,470 --> 00:24:22,960

here man exactly

673

00:24:26,549 --> 00:24:24,480

exactly it was like i was going to say

674

00:24:30,470 --> 00:24:26,559

it and then you said it and then

675

00:24:34,789 --> 00:24:32,630

i totally agree dude like it's it's uh

676

00:24:37,669 --> 00:24:34,799

it's what's that uh

677

00:24:38,950 --> 00:24:37,679

uh matthew matthew darwin remember when

678

00:24:41,909 --> 00:24:38,960

we had him on the show

679

00:24:43,909 --> 00:24:41,919

yeah and he had talked about he was

680

00:24:47,190 --> 00:24:43,919

hanging out with those drunk guys

681

00:24:48,789 --> 00:24:47,200

and they told him about it

682

00:24:50,950 --> 00:24:48,799

it was something that they were telling

683

00:24:53,430 --> 00:24:50,960

him that there there was a

684

00:24:54,230 --> 00:24:53,440

site where it's like out in this

685

00:24:56,230 --> 00:24:54,240

mountain range

686

00:24:57,750 --> 00:24:56,240

there's like a bunch of granite and

687

00:24:59,990 --> 00:24:57,760

and it's bored out

688

00:25:02,470 --> 00:25:00,000

and they're able to open it and put that

689

00:25:04,710 --> 00:25:02,480

stuff in this granite mountain

690

00:25:05,909 --> 00:25:04,720

and there's like christmas they were

691

00:25:09,510 --> 00:25:05,919

sealing it off

692

00:25:11,269 --> 00:25:09,520

stuff and put in there

693

00:25:13,990 --> 00:25:11,279

and it might be because of the radiation

694

00:25:15,909 --> 00:25:14,000

it puts off i mean

695

00:25:17,190 --> 00:25:15,919

honestly look at jim look at look at

696

00:25:19,990 --> 00:25:17,200

look at that jim uh

697

00:25:21,669 --> 00:25:20,000

look at uh john burroughs you know he's

698

00:25:22,310 --> 00:25:21,679

one of the very first veterans to get

699

00:25:24,710 --> 00:25:22,320

100

700

00:25:25,750 --> 00:25:24,720

disability due to direct contact with

701
00:25:28,710 --> 00:25:25,760
the ufo

702
00:25:30,470 --> 00:25:28,720
yeah um you know he got really sick a

703
00:25:34,149 --> 00:25:30,480
lot of those guys did

704
00:25:35,669 --> 00:25:34,159
um so maybe they were they were doing it

705
00:25:37,990 --> 00:25:35,679
for a safety reason like

706
00:25:39,350 --> 00:25:38,000
like okay this uh this reactor

707
00:25:40,230 --> 00:25:39,360
whatever the it is it's like

708
00:25:42,149 --> 00:25:40,240
leaking this

709
00:25:46,070 --> 00:25:42,159
crazy poisonous let's just

710
00:25:50,870 --> 00:25:49,029
well hold on i was gonna say uh didn't

711
00:25:51,830 --> 00:25:50,880
didn't john mccain help him get that

712
00:25:56,789 --> 00:25:51,840
full

713
00:25:58,870 --> 00:25:56,799

because yeah i think he had something to

714

00:26:00,789 --> 00:25:58,880

do with it yeah i think he had to like

715

00:26:02,549 --> 00:26:00,799

pull some strings because like he was

716

00:26:04,789 --> 00:26:02,559

having a hard time nobody would listen

717

00:26:06,390 --> 00:26:04,799

to him oh yeah he dude and i think

718

00:26:09,830 --> 00:26:06,400

i know i know he got i know he got

719

00:26:12,789 --> 00:26:09,840

political help to get it done

720

00:26:14,470 --> 00:26:12,799

so it you know i i was never that close

721

00:26:16,630 --> 00:26:14,480

and it always made me wonder if like

722

00:26:18,390 --> 00:26:16,640

if mccain ever had his own experience

723

00:26:20,950 --> 00:26:18,400

like once he heard about it he was like

724

00:26:22,070 --> 00:26:20,960

you know what we need to we need to do

725

00:26:23,909 --> 00:26:22,080

something about this

726

00:26:25,990 --> 00:26:23,919

i feel like i've heard a story of mccain

727

00:26:27,909 --> 00:26:26,000

being involved with some sort of siding

728

00:26:29,669 --> 00:26:27,919

i've never heard any story about it but

729

00:26:31,110 --> 00:26:29,679

i can definitely see

730

00:26:33,029 --> 00:26:31,120

like with his attitude with the

731

00:26:34,789 --> 00:26:33,039

environment and yeah

732

00:26:36,390 --> 00:26:34,799

you know with the things that he has

733

00:26:38,950 --> 00:26:36,400

said you know i can see

734

00:26:41,909 --> 00:26:38,960

something in the truth in that because i

735

00:26:44,390 --> 00:26:41,919

know like with myself it's just like

736

00:26:46,230 --> 00:26:44,400

i'm not ever i've never been overly

737

00:26:48,470 --> 00:26:46,240

concerned with like

738

00:26:49,430 --> 00:26:48,480

farming or growing my own food or being

739

00:26:51,669 --> 00:26:49,440

self-sufficient

740

00:26:53,750 --> 00:26:51,679

or anything like that but lately you

741

00:26:55,990 --> 00:26:53,760

know ever

742

00:26:57,590 --> 00:26:56,000

you know as each year goes on i don't

743

00:26:58,070 --> 00:26:57,600

know it's just getting older and wiser

744

00:27:00,630 --> 00:26:58,080

but i

745

00:27:01,269 --> 00:27:00,640

definitely get i'm like now i'm like

746

00:27:03,590 --> 00:27:01,279

hardcore

747

00:27:05,110 --> 00:27:03,600

to permaculture and and wanting you know

748

00:27:08,070 --> 00:27:05,120

i'm literally going to be starting to

749

00:27:10,230 --> 00:27:08,080

film my entire property as i transform

750

00:27:12,789 --> 00:27:10,240

it into this permaculture

751
00:27:14,230 --> 00:27:12,799
property and you know once i once i get

752
00:27:16,470 --> 00:27:14,240
the proof of concept and get all the

753
00:27:18,549 --> 00:27:16,480
skills down to make this entire yard

754
00:27:20,549 --> 00:27:18,559
this beautiful permaculture thing

755
00:27:21,830 --> 00:27:20,559
and you know and uh because i you know

756
00:27:23,750 --> 00:27:21,840
everything in florida's flat

757
00:27:24,870 --> 00:27:23,760
i'm going to use like a raised cistern

758
00:27:27,029 --> 00:27:24,880
system

759
00:27:27,990 --> 00:27:27,039
and you know to collect rain water and

760
00:27:31,830 --> 00:27:28,000
then

761
00:27:33,430 --> 00:27:31,840
course i'm right on the canal so i can

762
00:27:34,070 --> 00:27:33,440
use a little solar powered pump if i

763
00:27:37,830 --> 00:27:34,080

don't have any

764

00:27:40,950 --> 00:27:37,840

rain water that's good yeah oh yeah

765

00:27:44,870 --> 00:27:40,960

joe went to school for this yeah uh

766

00:27:49,669 --> 00:27:47,909

i had to uh there's certain people that

767

00:27:52,630 --> 00:27:49,679

will teach classes on it

768

00:27:53,029 --> 00:27:52,640

and so i went and got like a well i got

769

00:27:56,789 --> 00:27:53,039

two

770

00:28:00,310 --> 00:27:56,799

certifications in in permaculture and

771

00:28:01,029 --> 00:28:00,320

it's like a little over 200 hours or

772

00:28:03,590 --> 00:28:01,039

something

773

00:28:05,430 --> 00:28:03,600

i don't know wow yeah i got about that

774

00:28:08,789 --> 00:28:05,440

in into studying on it

775

00:28:09,669 --> 00:28:08,799

yeah it's it's like it's super cool man

776

00:28:10,950 --> 00:28:09,679

i love that

777

00:28:13,909 --> 00:28:10,960

let me put it this way the project when

778

00:28:17,669 --> 00:28:13,919

i get home is to start uh

779

00:28:21,430 --> 00:28:17,679

building a uh the double barrel biochar

780

00:28:22,070 --> 00:28:21,440

uh maker yeah uh so i'm i wanna i wanna

781

00:28:23,669 --> 00:28:22,080

try to uh

782

00:28:25,430 --> 00:28:23,679

try my hand and they can buy a charge

783

00:28:27,029 --> 00:28:25,440

it's like the one thing about eventually

784

00:28:27,830 --> 00:28:27,039

i wanna start farming for myself and

785

00:28:30,789 --> 00:28:27,840

quit my job

786

00:28:31,830 --> 00:28:30,799

and being able to like provide a lot of

787

00:28:33,830 --> 00:28:31,840

different products

788

00:28:35,909 --> 00:28:33,840

from uh because eventually i want to buy

789

00:28:37,110 --> 00:28:35,919

like uh you know maybe like an acre prop

790

00:28:40,950 --> 00:28:37,120

piece of property

791

00:28:44,389 --> 00:28:40,960

or maybe a couple of acres at least

792

00:28:45,669 --> 00:28:44,399

and uh start doing it you know if i only

793

00:28:47,909 --> 00:28:45,679

have

794

00:28:49,510 --> 00:28:47,919

time and money to for one acre i'll

795

00:28:50,870 --> 00:28:49,520

start doing like a quarter acre at a

796

00:28:53,110 --> 00:28:50,880

time and then

797

00:28:54,630 --> 00:28:53,120

once i've developed all my skill sets

798

00:28:56,549 --> 00:28:54,640

you have already

799

00:28:58,389 --> 00:28:56,559

i want to actually invite people to come

800

00:29:01,029 --> 00:28:58,399

onto the property and teach them

801
00:29:02,789 --> 00:29:01,039
you know how to do it and then that way

802
00:29:04,630 --> 00:29:02,799
so you could see the different stages of

803
00:29:05,510 --> 00:29:04,640
the permaculture too by doing it oh

804
00:29:07,269 --> 00:29:05,520
definitely

805
00:29:09,750 --> 00:29:07,279
across the property so that i always

806
00:29:11,590 --> 00:29:09,760
have a project going on

807
00:29:13,590 --> 00:29:11,600
yeah and then you know and you like

808
00:29:15,590 --> 00:29:13,600
free-range turkeys chickens and

809
00:29:18,070 --> 00:29:15,600
like that throughout the property

810
00:29:19,909 --> 00:29:18,080
yeah you know you'll probably find that

811
00:29:21,029 --> 00:29:19,919
once you start putting the system

812
00:29:23,110 --> 00:29:21,039
together

813
00:29:24,070 --> 00:29:23,120

uh you'll probably start finding that

814

00:29:27,830 --> 00:29:24,080

like

815

00:29:29,990 --> 00:29:27,840

your head you think

816

00:29:31,269 --> 00:29:30,000

that like you use all this space and

817

00:29:31,830 --> 00:29:31,279

then when you start implementing

818

00:29:34,870 --> 00:29:31,840

everything

819

00:29:37,909 --> 00:29:34,880

you realize how compact and like

820

00:29:39,110 --> 00:29:37,919

uh like very like i don't know just very

821

00:29:41,909 --> 00:29:39,120

compact and like

822

00:29:43,990 --> 00:29:41,919

very useful everything is it's it's it's

823

00:29:46,549 --> 00:29:44,000

it's a really cool thing to do and

824

00:29:47,430 --> 00:29:46,559

like it's almost like your surrounding

825

00:29:50,710 --> 00:29:47,440

house

826

00:29:53,669 --> 00:29:50,720

with like you know you could use like 30

827

00:29:53,990 --> 00:29:53,679

40 feet on either side of your house and

828

00:29:56,149 --> 00:29:54,000

like

829

00:29:57,510 --> 00:29:56,159

literally in one acre you can produce

830

00:30:00,710 --> 00:29:57,520

more nutrients than

831

00:30:01,029 --> 00:30:00,720

a 100 acre monoculture system you know

832

00:30:07,190 --> 00:30:01,039

it's

833

00:30:10,789 --> 00:30:09,190

yeah vertical too you know for people in

834

00:30:12,470 --> 00:30:10,799

apartments and stuff like that but

835

00:30:14,389 --> 00:30:12,480

you know if you try if you do some of

836

00:30:16,630 --> 00:30:14,399

the aquaponics in these small ponds

837

00:30:18,549 --> 00:30:16,640

too you know you do do a series of small

838

00:30:21,350 --> 00:30:18,559

ponds i mean you could actually

839

00:30:22,230 --> 00:30:21,360

grow your lettuces and your your

840

00:30:24,230 --> 00:30:22,240

sometimes even

841

00:30:25,430 --> 00:30:24,240

you know some of the root vegetables too

842

00:30:27,750 --> 00:30:25,440

as long as it's not too

843

00:30:29,669 --> 00:30:27,760

too deep but you know you can grow a lot

844

00:30:30,230 --> 00:30:29,679

of stuff right in these little shallow

845

00:30:31,909 --> 00:30:30,240

ponds

846

00:30:33,430 --> 00:30:31,919

throughout your entire property and you

847

00:30:34,470 --> 00:30:33,440

do that on a quarter acre without no

848

00:30:35,510 --> 00:30:34,480

problem

849

00:30:37,990 --> 00:30:35,520

you know if you want to go straight

850

00:30:39,590 --> 00:30:38,000

hydroponics then you can produce enough

851
00:30:42,870 --> 00:30:39,600
food for your whole family

852
00:30:45,830 --> 00:30:42,880
i know man a couple of meters

853
00:30:47,750 --> 00:30:45,840
i knew a guy i knew a guy who was trying

854
00:30:50,310 --> 00:30:47,760
to grow these strawberries

855
00:30:51,590 --> 00:30:50,320
and he was like man he was like happy

856
00:30:54,230 --> 00:30:51,600
strawberries man

857
00:30:55,029 --> 00:30:54,240
yeah well he had this he had this fish

858
00:30:58,070 --> 00:30:55,039
tank

859
00:31:01,190 --> 00:30:58,080
his little aquaponics setup and from the

860
00:31:02,389 --> 00:31:01,200
the water in the fish tank he would pump

861
00:31:06,149 --> 00:31:02,399
it

862
00:31:06,870 --> 00:31:06,159
and he had these gutters on the

863
00:31:09,509 --> 00:31:06,880

greenhouse

864

00:31:11,830 --> 00:31:09,519

well he ended up lining lining it with

865

00:31:15,110 --> 00:31:11,840

like lava rocks and then put like a

866

00:31:16,549 --> 00:31:15,120

a husk from like coconut in there and he

867

00:31:19,190 --> 00:31:16,559

planted the strawberries

868

00:31:20,789 --> 00:31:19,200

up in the gutters and they were massive

869

00:31:21,990 --> 00:31:20,799

and so he pumped this water that was

870

00:31:23,830 --> 00:31:22,000

from his fish tank

871

00:31:25,430 --> 00:31:23,840

up to the top and that's where it would

872

00:31:26,950 --> 00:31:25,440

start and it would go through and it

873

00:31:28,710 --> 00:31:26,960

would fertilize and water

874

00:31:30,230 --> 00:31:28,720

all the strawberries and then it would

875

00:31:31,590 --> 00:31:30,240

drip down and it would go into a

876

00:31:32,389 --> 00:31:31,600

separate system that watered the

877

00:31:33,990 --> 00:31:32,399

greenhouse

878

00:31:35,750 --> 00:31:34,000

and then catch that water and it would

879

00:31:36,789 --> 00:31:35,760

run back down into these filtration

880

00:31:39,990 --> 00:31:36,799

tanks

881

00:31:41,590 --> 00:31:40,000

and then go back down into the fish pond

882

00:31:44,950 --> 00:31:41,600

and it was just so cool he was able to

883

00:31:47,269 --> 00:31:44,960

use that water like four times before

884

00:31:49,190 --> 00:31:47,279

went back to the fish pond you know yeah

885

00:31:50,470 --> 00:31:49,200

that's pretty that's pretty badass

886

00:31:53,190 --> 00:31:50,480

yeah that's definitely stuff that i

887

00:31:54,950 --> 00:31:53,200

wanted to get into you too yeah um

888

00:31:56,230 --> 00:31:54,960

the permaculture thing with the property

889

00:31:59,509 --> 00:31:56,240

is kind of like

890

00:32:01,830 --> 00:31:59,519

you know the the the second step

891

00:32:03,590 --> 00:32:01,840

uh the garden with the raised flower

892

00:32:05,750 --> 00:32:03,600

beds stuff like that

893

00:32:07,830 --> 00:32:05,760

perfecting the growing skills and

894

00:32:10,070 --> 00:32:07,840

perfecting how to how to build good soil

895

00:32:12,230 --> 00:32:10,080

and compost and all that stuff

896

00:32:13,590 --> 00:32:12,240

you know i mean it's sound i mean the

897

00:32:16,230 --> 00:32:13,600

compost is like

898

00:32:17,909 --> 00:32:16,240

the easiest thing to do but also the

899

00:32:21,029 --> 00:32:17,919

easiest thing to screw up

900

00:32:23,110 --> 00:32:21,039

it is it really is so you know

901
00:32:24,310 --> 00:32:23,120
you know then you know like not all

902
00:32:26,950 --> 00:32:24,320
green material

903
00:32:28,230 --> 00:32:26,960
is made and not all brown material is

904
00:32:29,750 --> 00:32:28,240
treated equally so

905
00:32:31,350 --> 00:32:29,760
it's just like if you put sawdust a

906
00:32:33,190 --> 00:32:31,360
bunch of sawdust in there and you put

907
00:32:34,310 --> 00:32:33,200
way too much brown because sawdust has

908
00:32:37,509 --> 00:32:34,320
got like a

909
00:32:40,549 --> 00:32:37,519
ridiculous ratio versus

910
00:32:43,190 --> 00:32:40,559
you know leaves yeah you know for carbon

911
00:32:43,830 --> 00:32:43,200
you know and so it's like you get you

912
00:32:45,110 --> 00:32:43,840
gotta you

913
00:32:48,230 --> 00:32:45,120

definitely know what you're throwing in

914

00:32:48,630 --> 00:32:48,240

there so in my in my compost i just made

915

00:32:52,389 --> 00:32:48,640

was

916

00:32:55,509 --> 00:32:52,399

uh all leafy greens and

917

00:32:56,950 --> 00:32:55,519

just straight leaves yeah i just figured

918

00:32:58,870 --> 00:32:56,960

for the simplest thing

919

00:33:00,950 --> 00:32:58,880

and then for the first raised flower bed

920

00:33:02,630 --> 00:33:00,960

that i that i built for my wife

921

00:33:03,990 --> 00:33:02,640

she wants to grow some tomatoes here

922

00:33:07,269 --> 00:33:04,000

soon um

923

00:33:09,590 --> 00:33:07,279

what i did is i'd used

924

00:33:10,710 --> 00:33:09,600

two by sixes and created a raised flower

925

00:33:13,350 --> 00:33:10,720

bed

926
00:33:14,310 --> 00:33:13,360
half halfway up pretty much with like

927
00:33:16,470 --> 00:33:14,320
sticks

928
00:33:17,750 --> 00:33:16,480
branches leaves stuff like that and then

929
00:33:19,269 --> 00:33:17,760
i'm gonna when i get back

930
00:33:21,190 --> 00:33:19,279
i'm actually gonna fill the rest with

931
00:33:23,509 --> 00:33:21,200
compost that way i didn't have to fill

932
00:33:26,070 --> 00:33:23,519
the entire box up with compost

933
00:33:26,710 --> 00:33:26,080
yeah definitely that and then that'll

934
00:33:29,509 --> 00:33:26,720
actually give it

935
00:33:31,190 --> 00:33:29,519
new nutrients for later on and then i

936
00:33:34,310 --> 00:33:31,200
put the compost on the top

937
00:33:36,389 --> 00:33:34,320
throw another layer of leaves on top as

938
00:33:38,470 --> 00:33:36,399

a you know just like or actually i think

939

00:33:40,070 --> 00:33:38,480

i might just put pine needles on top

940

00:33:41,830 --> 00:33:40,080

and then have her plant in that that

941

00:33:44,789 --> 00:33:41,840

should that should

942

00:33:45,269 --> 00:33:44,799

boom those tomatoes should taste good oh

943

00:33:47,430 --> 00:33:45,279

yeah

944

00:33:50,149 --> 00:33:47,440

the coolest thing dude like my favorite

945

00:33:53,509 --> 00:33:50,159

thing about permaculture is that

946

00:33:56,310 --> 00:33:53,519

like nature is your best teacher

947

00:33:57,190 --> 00:33:56,320

you know like observing what's going on

948

00:33:59,990 --> 00:33:57,200

around you

949

00:34:01,830 --> 00:34:00,000

and seeing like how nature does it and

950

00:34:04,830 --> 00:34:01,840

then just implementing that

951
00:34:07,110 --> 00:34:04,840
on your whole system like the idea of

952
00:34:10,470 --> 00:34:07,120
permaculture of like

953
00:34:13,750 --> 00:34:10,480
high uh labor input

954
00:34:16,629 --> 00:34:13,760
in the beginning to have almost zero

955
00:34:18,069 --> 00:34:16,639
zero labor input like in the end yeah

956
00:34:21,030 --> 00:34:18,079
now you see where i want to get to

957
00:34:22,069 --> 00:34:21,040
it's just fascinating and if you just

958
00:34:24,869 --> 00:34:22,079
let nature do

959
00:34:25,270 --> 00:34:24,879
what it does naturally you don't have to

960
00:34:26,950 --> 00:34:25,280
work

961
00:34:29,109 --> 00:34:26,960
at it you go to the woods and it's doing

962
00:34:31,349 --> 00:34:29,119
just fine without your help

963
00:34:33,190 --> 00:34:31,359

you know so yeah mom's lungs are

964

00:34:38,389 --> 00:34:33,200

overrated

965

00:34:39,990 --> 00:34:38,399

a waste of space

966

00:34:41,510 --> 00:34:40,000

unless you need a place unless you would

967

00:34:43,829 --> 00:34:41,520

need a place for your kids

968

00:34:45,349 --> 00:34:43,839

to like play i can understand that then

969

00:34:46,629 --> 00:34:45,359

that's about the only thing i can think

970

00:34:47,589 --> 00:34:46,639

of because like in the center of the

971

00:34:49,589 --> 00:34:47,599

property

972

00:34:51,030 --> 00:34:49,599

i'm going to actually build a playhouse

973

00:34:53,190 --> 00:34:51,040

and it's going to be like a little a

974

00:34:55,589 --> 00:34:53,200

little like park for my daughter

975

00:34:57,270 --> 00:34:55,599

yeah you know and and then all around it

976
00:34:58,710 --> 00:34:57,280
is going to be the permaculture

977
00:35:01,109 --> 00:34:58,720
you know and i'm going to i'm going to

978
00:35:02,390 --> 00:35:01,119
have the you know the race cistern

979
00:35:04,470 --> 00:35:02,400
and then that's going to come down to a

980
00:35:06,230 --> 00:35:04,480
small pond and i'm going to taper the

981
00:35:07,990 --> 00:35:06,240
tape to the landscape to keep going down

982
00:35:08,870 --> 00:35:08,000
and curve around my property so that it

983
00:35:10,470 --> 00:35:08,880
goes around

984
00:35:11,910 --> 00:35:10,480
so it doesn't disrupt the rest of the

985
00:35:12,710 --> 00:35:11,920
rest of the things i want to do in the

986
00:35:14,150 --> 00:35:12,720
property

987
00:35:15,990 --> 00:35:14,160
yeah i only have a quarter acre that i'm

988
00:35:18,069 --> 00:35:16,000

working with but you know it's

989

00:35:20,230 --> 00:35:18,079

still going to work just yeah you can do

990

00:35:20,950 --> 00:35:20,240

a lot you can do a lot with a quarter

991

00:35:22,630 --> 00:35:20,960

acre

992

00:35:24,470 --> 00:35:22,640

i mean you could literally feed your

993

00:35:26,550 --> 00:35:24,480

family on a quarter acre

994

00:35:27,510 --> 00:35:26,560

yeah yeah without it without a problem

995

00:35:29,510 --> 00:35:27,520

at all

996

00:35:30,870 --> 00:35:29,520

yeah yeah think about much stuff you

997

00:35:34,150 --> 00:35:30,880

could teach your

998

00:35:35,990 --> 00:35:34,160

daughter rather than like hey

999

00:35:39,349 --> 00:35:36,000

there's a bunch of grass do you know

1000

00:35:42,950 --> 00:35:41,750

well well the dream is eventually have a

1001
00:35:46,550 --> 00:35:42,960
full functioning

1002
00:35:49,430 --> 00:35:46,560
you know completely

1003
00:35:49,750 --> 00:35:49,440
you know i guess to use the trendy word

1004
00:35:53,750 --> 00:35:49,760
an

1005
00:35:57,030 --> 00:35:53,760
hormones

1006
00:36:00,710 --> 00:35:57,040
no you know no injecting

1007
00:36:01,910 --> 00:36:00,720
anything in anything non-soy-based foods

1008
00:36:03,430 --> 00:36:01,920
for you know because you still have to

1009
00:36:04,230 --> 00:36:03,440
supplement your chickens you can't just

1010
00:36:07,270 --> 00:36:04,240
eat

1011
00:36:09,190 --> 00:36:07,280
grass unfortunately but yeah they gotta

1012
00:36:11,349 --> 00:36:09,200
have some protein too

1013
00:36:12,550 --> 00:36:11,359

yeah they don't get very big unless they

1014

00:36:17,589 --> 00:36:12,560

you know

1015

00:36:18,310 --> 00:36:17,599

in florida luckily we have a lot of bugs

1016

00:36:20,150 --> 00:36:18,320

but

1017

00:36:21,829 --> 00:36:20,160

you know still it's you know you're

1018

00:36:24,390 --> 00:36:21,839

gonna be moving these coops around

1019

00:36:25,349 --> 00:36:24,400

you know so and i'm gonna do that that

1020

00:36:27,030 --> 00:36:25,359

technique where

1021

00:36:28,710 --> 00:36:27,040

you know they have the the coops and

1022

00:36:30,310 --> 00:36:28,720

then they actually move from place to

1023

00:36:31,589 --> 00:36:30,320

place throughout the property so that

1024

00:36:32,550 --> 00:36:31,599

you never have to worry about cleaning

1025

00:36:34,310 --> 00:36:32,560

up the

1026

00:36:36,069 --> 00:36:34,320

you never and the itself actually

1027

00:36:37,270 --> 00:36:36,079

starts building up the soil

1028

00:36:38,950 --> 00:36:37,280

you know if you really don't want it

1029

00:36:40,150 --> 00:36:38,960

there then you can just i mean every day

1030

00:36:41,030 --> 00:36:40,160

you're moving it so there's not really

1031

00:36:43,910 --> 00:36:41,040

enough

1032

00:36:45,109 --> 00:36:43,920

there to worry about you know so you

1033

00:36:47,109 --> 00:36:45,119

know it's kind of like a

1034

00:36:48,870 --> 00:36:47,119

and then they got a fresh place to graze

1035

00:36:50,150 --> 00:36:48,880

and eat bugs and like that you

1036

00:36:52,550 --> 00:36:50,160

throw out a little bit of

1037

00:36:53,430 --> 00:36:52,560

you know maybe some corn or you know

1038

00:36:55,430 --> 00:36:53,440

whatever you know

1039

00:36:57,670 --> 00:36:55,440

some sunflower seeds you know whatever

1040

00:36:59,910 --> 00:36:57,680

you want to you know

1041

00:37:01,670 --> 00:36:59,920

get over uh one of the one of the

1042

00:37:03,750 --> 00:37:01,680

biggest mistakes that people make with

1043

00:37:06,790 --> 00:37:03,760

chickens and like their poultry

1044

00:37:08,630 --> 00:37:06,800

in general is they think that you know

1045

00:37:10,150 --> 00:37:08,640

the more that they crap the better that

1046

00:37:11,750 --> 00:37:10,160

their soil is going to be

1047

00:37:13,670 --> 00:37:11,760

but what happens with poultry is their

1048

00:37:15,990 --> 00:37:13,680

crap is like really salty

1049

00:37:17,829 --> 00:37:16,000

so you actually end up like over salting

1050

00:37:19,829 --> 00:37:17,839

the soil and drying it out

1051
00:37:31,589 --> 00:37:19,839
so it's very important to move them you

1052
00:37:36,230 --> 00:37:35,109
yes dude but uh yeah man i love the i

1053
00:37:39,190 --> 00:37:36,240
love the permaculture

1054
00:37:40,630 --> 00:37:39,200
system it's uh man it's it's so

1055
00:37:42,950 --> 00:37:40,640
fascinating yeah

1056
00:37:46,710 --> 00:37:42,960
yeah did you did you ever check out uh

1057
00:37:50,150 --> 00:37:49,030
spot this fire was a survival podcast oh

1058
00:37:51,670 --> 00:37:50,160
that podcast

1059
00:37:53,270 --> 00:37:51,680
i haven't checked it out yet i haven't

1060
00:37:55,030 --> 00:37:53,280
checked it out yeah this guy is

1061
00:37:56,710 --> 00:37:55,040
this guy's on point with a lot of that

1062
00:37:59,990 --> 00:37:56,720
stuff and like if you go

1063
00:38:03,990 --> 00:38:00,000

to his uh if you go to

1064

00:38:08,790 --> 00:38:04,000

because he uses uh what's that library

1065

00:38:12,230 --> 00:38:08,800

uh app that's like it's it's like a

1066

00:38:13,589 --> 00:38:12,240

no it's it's it's like a i linked it to

1067

00:38:17,510 --> 00:38:13,599

you guys before it's like a

1068

00:38:21,190 --> 00:38:17,520

a youtube style uh

1069

00:38:21,750 --> 00:38:21,200

website but uh he's got a bunch of stuff

1070

00:38:24,550 --> 00:38:21,760

up there

1071

00:38:25,750 --> 00:38:24,560

uh and like tons of permaculture stuff

1072

00:38:27,829 --> 00:38:25,760

tons of

1073

00:38:29,109 --> 00:38:27,839

you know anything you could possibly

1074

00:38:31,270 --> 00:38:29,119

ever want to know

1075

00:38:33,190 --> 00:38:31,280

he's got resources right on his channel

1076

00:38:36,150 --> 00:38:33,200

because he's literally

1077

00:38:38,390 --> 00:38:36,160

given up the the corporate life where he

1078

00:38:40,150 --> 00:38:38,400

was making good money to just go out he

1079

00:38:42,790 --> 00:38:40,160

bought he got out of the city

1080

00:38:43,349 --> 00:38:42,800

he got himself a farm going he sells

1081

00:38:46,230 --> 00:38:43,359

eggs

1082

00:38:47,190 --> 00:38:46,240

he raises his livestock for poultry

1083

00:38:50,150 --> 00:38:47,200

livestock

1084

00:38:51,109 --> 00:38:50,160

i think it's i think his primary source

1085

00:38:54,390 --> 00:38:51,119

is uh

1086

00:38:56,230 --> 00:38:54,400

quail eggs oh that's cool so

1087

00:38:57,510 --> 00:38:56,240

that's cool i know like on my property i

1088

00:39:00,870 --> 00:38:57,520

want to do some ducks

1089

00:39:03,030 --> 00:39:00,880

some quails maybe some guinea hens uh

1090

00:39:04,069 --> 00:39:03,040

you know stuff that these guinea hens

1091

00:39:06,870 --> 00:39:04,079

are

1092

00:39:08,150 --> 00:39:06,880

hilarious by the way oh yeah and they

1093

00:39:09,670 --> 00:39:08,160

have the best jokes

1094

00:39:11,270 --> 00:39:09,680

yeah give me a second i gotta get a

1095

00:39:14,310 --> 00:39:11,280

battery for my phone

1096

00:39:16,950 --> 00:39:14,320

yeah go for it we went out to

1097

00:39:17,829 --> 00:39:16,960

uh the what's the wine tasting place

1098

00:39:19,510 --> 00:39:17,839

fredericksburg

1099

00:39:21,990 --> 00:39:19,520

and there was guinea heads and they were

1100

00:39:25,270 --> 00:39:22,000

like come up and like

1101

00:39:31,349 --> 00:39:29,030

yeah my grandpa has a bunch of them

1102

00:39:33,589 --> 00:39:31,359

yeah they're funny yeah they're they are

1103

00:39:36,310 --> 00:39:33,599

annoying though too

1104

00:39:38,550 --> 00:39:36,320

like how loud they are there's a lot if

1105

00:39:39,990 --> 00:39:38,560

you have a lot of them it gets bad

1106

00:39:41,910 --> 00:39:40,000

dude one of my one of my favorite

1107

00:39:42,630 --> 00:39:41,920

stories is that story of the the

1108

00:39:46,390 --> 00:39:42,640

fisherman

1109

00:39:49,030 --> 00:39:46,400

is hanging out with his family

1110

00:39:50,790 --> 00:39:49,040

and he's just catching some fish and the

1111

00:39:52,150 --> 00:39:50,800

businessman says you know he's like hey

1112

00:39:53,190 --> 00:39:52,160

you got a really good thing going on

1113

00:39:55,109 --> 00:39:53,200

here he's like

1114

00:39:56,790 --> 00:39:55,119

we should like partner up i can help you

1115

00:39:59,030 --> 00:39:56,800

out the fisherman's like well why would

1116

00:40:00,950 --> 00:39:59,040

i want to do that the businessman's like

1117

00:40:02,550 --> 00:40:00,960

so that way you can make a lot of money

1118

00:40:04,150 --> 00:40:02,560

you know you can sell all these fish

1119

00:40:05,910 --> 00:40:04,160

you can start your own little business

1120

00:40:07,030 --> 00:40:05,920

and then by the time you get really old

1121

00:40:09,109 --> 00:40:07,040

you can retire

1122

00:40:10,790 --> 00:40:09,119

and then you can just hang out here and

1123

00:40:12,390 --> 00:40:10,800

be with your family and fish

1124

00:40:15,349 --> 00:40:12,400

and the fisherman looks at him and he's

1125

00:40:17,349 --> 00:40:15,359

like that's what i'm doing

1126

00:40:18,710 --> 00:40:17,359

right now why would i want to do all

1127

00:40:21,829 --> 00:40:18,720

that one

1128

00:40:24,069 --> 00:40:21,839

yeah well i want to go through all that

1129

00:40:26,069 --> 00:40:24,079

but i'm already doing that

1130

00:40:27,829 --> 00:40:26,079

yeah that's that's that's the goal uh

1131

00:40:29,589 --> 00:40:27,839

honestly the goal is to basically have

1132

00:40:30,630 --> 00:40:29,599

the family out on the farm honestly i've

1133

00:40:33,030 --> 00:40:30,640

got my

1134

00:40:35,109 --> 00:40:33,040

a lot of my uh a lot of my family pretty

1135

00:40:38,230 --> 00:40:35,119

excited about doing this

1136

00:40:39,990 --> 00:40:38,240

you know and it's it's something that

1137

00:40:41,990 --> 00:40:40,000

you know it means the world to me to be

1138

00:40:42,630 --> 00:40:42,000

able to spend good quality time with my

1139

00:40:44,710 --> 00:40:42,640

family

1140

00:40:46,309 --> 00:40:44,720

and my you know my daughter and raise

1141

00:40:47,750 --> 00:40:46,319

her in a good wholesome environment

1142

00:40:50,069 --> 00:40:47,760

where she can learn

1143

00:40:50,950 --> 00:40:50,079

practical skills on top of the

1144

00:40:53,270 --> 00:40:50,960

that they're going to teach her in

1145

00:40:54,470 --> 00:40:53,280

public school yeah and honestly i think

1146

00:40:56,710 --> 00:40:54,480

the only reason i'm even gonna send her

1147

00:40:59,510 --> 00:40:56,720

to public school for a little while

1148

00:41:00,790 --> 00:40:59,520

i didn't need that ice cube but uh the

1149

00:41:02,230 --> 00:41:00,800

only reason i'm even the center for the

1150

00:41:04,150 --> 00:41:02,240

public school for a little while is just

1151
00:41:05,430 --> 00:41:04,160
socializing so she can get some social

1152
00:41:07,510 --> 00:41:05,440
interaction because she's

1153
00:41:08,950 --> 00:41:07,520
my oldest daughter doesn't live with us

1154
00:41:11,030 --> 00:41:08,960
and she doesn't really have

1155
00:41:12,150 --> 00:41:11,040
a whole lot of interaction with siblings

1156
00:41:14,230 --> 00:41:12,160
so

1157
00:41:15,750 --> 00:41:14,240
um you know she's got cousins and stuff

1158
00:41:17,430 --> 00:41:15,760
that come over all the time but

1159
00:41:19,510 --> 00:41:17,440
it's not the same you know i want her to

1160
00:41:21,750 --> 00:41:19,520
have some real social interaction

1161
00:41:22,710 --> 00:41:21,760
you know have to deal with being picked

1162
00:41:24,950 --> 00:41:22,720
on

1163
00:41:26,230 --> 00:41:24,960

you know getting best friends you know

1164

00:41:29,190 --> 00:41:26,240

the whole nine yards and you're not

1165

00:41:32,390 --> 00:41:29,200

gonna do that with home school

1166

00:41:32,870 --> 00:41:32,400

definitely not well dude i'm telling you

1167

00:41:36,630 --> 00:41:32,880

man

1168

00:41:38,870 --> 00:41:36,640

uh if uh if you ever want to

1169

00:41:40,309 --> 00:41:38,880

leave florida or whatever you should

1170

00:41:43,270 --> 00:41:40,319

come out to texas

1171

00:41:43,670 --> 00:41:43,280

we'll go out to west texas we can buy

1172

00:41:50,710 --> 00:41:43,680

like

1173

00:41:56,470 --> 00:41:54,870

permaculture our asses off out there man

1174

00:41:58,069 --> 00:41:56,480

was that jameson or what was that guy's

1175

00:42:01,109 --> 00:41:58,079

name did the the the

1176

00:42:05,109 --> 00:42:01,119

the oasis in the desert

1177

00:42:08,230 --> 00:42:05,119

oh yeah uh uh uh jeff lawton

1178

00:42:09,430 --> 00:42:08,240

lawton that's it yeah yeah yeah a lot of

1179

00:42:10,870 --> 00:42:09,440

his techniques are the

1180

00:42:12,470 --> 00:42:10,880

kind of the techniques that i'm i'm

1181

00:42:13,910 --> 00:42:12,480

heavily relying on

1182

00:42:15,670 --> 00:42:13,920

you know because the guy is just very

1183

00:42:19,030 --> 00:42:15,680

practical you know it's like

1184

00:42:20,870 --> 00:42:19,040

instead of worrying about like

1185

00:42:22,950 --> 00:42:20,880

you know he goes and figures out what's

1186

00:42:24,790 --> 00:42:22,960

wrong with the land and then figures out

1187

00:42:27,270 --> 00:42:24,800

what can i do to make it better what

1188

00:42:30,710 --> 00:42:27,280

what can i do to you know like

1189

00:42:33,990 --> 00:42:30,720

uh you know his knowledge of like plants

1190

00:42:35,270 --> 00:42:34,000

that will desalinate land uh you know

1191

00:42:37,430 --> 00:42:35,280

plants that will

1192

00:42:39,589 --> 00:42:37,440

uh bring certain type of nutrients to

1193

00:42:41,589 --> 00:42:39,599

the to the to the ground around it

1194

00:42:43,589 --> 00:42:41,599

you know the way you use arms to start

1195

00:42:45,109 --> 00:42:43,599

saturating the ground with natural

1196

00:42:47,190 --> 00:42:45,119

you know you know the natural occurring

1197

00:42:49,990 --> 00:42:47,200

rainfall you know all those

1198

00:42:51,670 --> 00:42:50,000

you know he's thought so deeply about

1199

00:42:54,630 --> 00:42:51,680

exactly how to do that

1200

00:42:55,990 --> 00:42:54,640

you know it impressed me to no end and

1201
00:42:59,109 --> 00:42:56,000
years

1202
00:43:00,470 --> 00:42:59,119
yeah and he when you look at it it's

1203
00:43:03,829 --> 00:43:00,480
like yeah

1204
00:43:06,550 --> 00:43:03,839
duh i mean duh but then you're like

1205
00:43:07,670 --> 00:43:06,560
i would have never figured that out his

1206
00:43:10,790 --> 00:43:07,680
knowledge on uh

1207
00:43:11,670 --> 00:43:10,800
like microclimates is is fascinating

1208
00:43:13,829 --> 00:43:11,680
dude like you don't

1209
00:43:14,870 --> 00:43:13,839
ever think about a microclimate but like

1210
00:43:17,190 --> 00:43:14,880
how important

1211
00:43:18,710 --> 00:43:17,200
it is in certain situations especially

1212
00:43:20,870 --> 00:43:18,720
like if you're like in a desert type

1213
00:43:21,589 --> 00:43:20,880

situation a microclimate it's pretty

1214

00:43:23,270 --> 00:43:21,599

important

1215

00:43:25,190 --> 00:43:23,280

you know i mean you could be anywhere

1216

00:43:27,510 --> 00:43:25,200

and it's really really important but

1217

00:43:28,309 --> 00:43:27,520

it's just cool to be able to implement

1218

00:43:31,589 --> 00:43:28,319

that

1219

00:43:32,870 --> 00:43:31,599

like you know you you implement 20 micro

1220

00:43:35,349 --> 00:43:32,880

climate spaces

1221

00:43:36,470 --> 00:43:35,359

on your one acre space and you've you've

1222

00:43:39,430 --> 00:43:36,480

created like

1223

00:43:39,990 --> 00:43:39,440

20 different types of areas that you can

1224

00:43:42,230 --> 00:43:40,000

do all

1225

00:43:43,750 --> 00:43:42,240

kinds of stuff in you know most

1226

00:43:44,710 --> 00:43:43,760

definitely because like i actually had

1227

00:43:47,589 --> 00:43:44,720

this idea way

1228

00:43:48,150 --> 00:43:47,599

before like i decided to do permaculture

1229

00:43:51,030 --> 00:43:48,160

i was going to

1230

00:43:53,430 --> 00:43:51,040

build a greenhouse right and have sub

1231

00:43:55,750 --> 00:43:53,440

climates within that greenhouse because

1232

00:43:57,510 --> 00:43:55,760

i love blueberries but growing a

1233

00:43:59,510 --> 00:43:57,520

blueberry bush

1234

00:44:01,430 --> 00:43:59,520

is a northern thing you know it needs a

1235

00:44:03,270 --> 00:44:01,440

nice cool dry

1236

00:44:05,670 --> 00:44:03,280

humid free environment to really produce

1237

00:44:09,589 --> 00:44:05,680

really good tasting blueberries

1238

00:44:13,510 --> 00:44:09,599

but you know here i am in sandy

1239

00:44:14,550 --> 00:44:13,520

limestone iron

1240

00:44:19,270 --> 00:44:14,560

clay

1241

00:44:20,950 --> 00:44:19,280

florida yeah it's like yeah well

1242

00:44:21,990 --> 00:44:20,960

and then so i had this idea to make a

1243

00:44:23,510 --> 00:44:22,000

greenhouse with all these different

1244

00:44:25,270 --> 00:44:23,520

microclimates i can grow whatever the

1245

00:44:26,150 --> 00:44:25,280

hell i want kind of like a biodome type

1246

00:44:29,349 --> 00:44:26,160

thing right

1247

00:44:31,190 --> 00:44:29,359

yeah and uh and it was like that's

1248

00:44:34,790 --> 00:44:31,200

actually where i got the idea

1249

00:44:38,069 --> 00:44:34,800

i love that movie but uh

1250

00:44:40,230 --> 00:44:38,079

uh you know the purple sticky punch

1251

00:44:41,190 --> 00:44:40,240

yeah you know the idea of doing the

1252

00:44:44,150 --> 00:44:41,200

permaculture

1253

00:44:46,470 --> 00:44:44,160

was it grabbed me more because you know

1254

00:44:49,990 --> 00:44:46,480

i saw what he was able to do with this

1255

00:44:52,230 --> 00:44:50,000

this super salted horrible

1256

00:44:53,990 --> 00:44:52,240

garbage land that have been over farmed

1257

00:44:55,349 --> 00:44:54,000

and stripped of all of its nutrients

1258

00:44:58,470 --> 00:44:55,359

it's basically just

1259

00:45:02,790 --> 00:44:58,480

silicate dirt that had no nothing in it

1260

00:45:03,109 --> 00:45:02,800

yeah yeah turn it into an oasis dude

1261

00:45:05,750 --> 00:45:03,119

like

1262

00:45:06,710 --> 00:45:05,760

yeah dude it's amazing you know it's

1263

00:45:08,630 --> 00:45:06,720

still going

1264

00:45:10,390 --> 00:45:08,640

yeah i remember when you showed that to

1265

00:45:12,230 --> 00:45:10,400

me joe like last year

1266

00:45:13,510 --> 00:45:12,240

i i mean i'm still amazed every now and

1267

00:45:15,829 --> 00:45:13,520

then i'll see them

1268

00:45:17,030 --> 00:45:15,839

on facebook or something or or tick tock

1269

00:45:19,829 --> 00:45:17,040

like this guy

1270

00:45:20,710 --> 00:45:19,839

turned this desert into this amazing

1271

00:45:23,270 --> 00:45:20,720

place and

1272

00:45:25,270 --> 00:45:23,280

i was like that's gotta be a hoax and

1273

00:45:27,750 --> 00:45:25,280

joe you were like no no it's

1274

00:45:28,470 --> 00:45:27,760

possible it takes a really long time

1275

00:45:32,230 --> 00:45:28,480

yeah takes

1276

00:45:33,190 --> 00:45:32,240

money and time yeah you gotta remember

1277

00:45:35,750 --> 00:45:33,200

this dude was

1278

00:45:38,710 --> 00:45:35,760

that he's the pinnacle of this field so

1279

00:45:41,910 --> 00:45:38,720

when he had backers it was moneybackers

1280

00:45:44,230 --> 00:45:41,920

right you know so i mean we were talking

1281

00:45:47,829 --> 00:45:44,240

about like uh it was sand

1282

00:45:51,349 --> 00:45:47,839

sand yeah it was it was actually sand

1283

00:45:53,109 --> 00:45:51,359

salted sand i mean there's like

1284

00:45:54,950 --> 00:45:53,119

the worst day was the worst of the worst

1285

00:45:58,069 --> 00:45:54,960

situation you could have to grow

1286

00:45:59,910 --> 00:45:58,079

anything in yeah you know

1287

00:46:01,750 --> 00:45:59,920

as i'm thinking about this and i'm just

1288

00:46:02,870 --> 00:46:01,760

enjoying hearing you guys

1289

00:46:04,790 --> 00:46:02,880

actually know what the hell you're

1290

00:46:05,910 --> 00:46:04,800

talking about like i don't know i'm just

1291

00:46:07,910 --> 00:46:05,920

enjoying listening

1292

00:46:10,230 --> 00:46:07,920

but i had this idea and i don't know how

1293

00:46:11,510 --> 00:46:10,240

much time we have left joe i know you

1294

00:46:14,069 --> 00:46:11,520

yeah you got something i got another

1295

00:46:16,230 --> 00:46:14,079

like 15 20. okay cool but i just

1296

00:46:17,670 --> 00:46:16,240

i have this this this idea i want to put

1297

00:46:18,470 --> 00:46:17,680

out there it's not a question it's just

1298

00:46:21,589 --> 00:46:18,480

a thought

1299

00:46:22,630 --> 00:46:21,599

but like i feel like you don't have to

1300

00:46:25,670 --> 00:46:22,640

have an interest

1301

00:46:27,670 --> 00:46:25,680

in uh the beyond to

1302

00:46:28,870 --> 00:46:27,680

be interested in this that we're talking

1303

00:46:30,630 --> 00:46:28,880

about right now this

1304

00:46:31,990 --> 00:46:30,640

this is something i think everybody

1305

00:46:33,270 --> 00:46:32,000

should do and

1306

00:46:34,870 --> 00:46:33,280

if you're worried about whether you know

1307

00:46:36,710 --> 00:46:34,880

what you're doing or not who gives a

1308

00:46:39,190 --> 00:46:36,720

go throw some seeds in the ground

1309

00:46:40,630 --> 00:46:39,200

yeah yeah you know because that's that

1310

00:46:42,230 --> 00:46:40,640

we can even bring and

1311

00:46:43,990 --> 00:46:42,240

bring in politics and i don't like to

1312

00:46:45,589 --> 00:46:44,000

talk about politics but

1313

00:46:47,750 --> 00:46:45,599

everybody's talking about sovereignty

1314

00:46:49,430 --> 00:46:47,760

and being being uh you know

1315

00:46:51,030 --> 00:46:49,440

liberty and being able to to have

1316

00:46:55,030 --> 00:46:51,040

freedom what is

1317

00:46:56,470 --> 00:46:55,040

more uh eligible for freedom than the

1318

00:46:59,349 --> 00:46:56,480

fact that you can self-sustain

1319

00:47:01,030 --> 00:46:59,359

and is it oh the one the one the one

1320

00:47:03,270 --> 00:47:01,040

comment that jack spearkey

1321

00:47:04,150 --> 00:47:03,280

said that like really kind of triggered

1322

00:47:06,230 --> 00:47:04,160

me and

1323

00:47:07,190 --> 00:47:06,240

i was like you know what it's

1324

00:47:09,349 --> 00:47:07,200

right

1325

00:47:10,550 --> 00:47:09,359

is if you don't like what the government

1326

00:47:11,829 --> 00:47:10,560

does to you

1327

00:47:13,030 --> 00:47:11,839

the best way to fight the government

1328

00:47:13,670 --> 00:47:13,040

because you're not going to fight the

1329

00:47:14,710 --> 00:47:13,680

government

1330

00:47:16,470 --> 00:47:14,720

they're going to still do whatever the

1331

00:47:17,829 --> 00:47:16,480

they want and then if you get in

1332

00:47:19,270 --> 00:47:17,839

their way

1333

00:47:20,870 --> 00:47:19,280

well who the is going to build a

1334

00:47:22,549 --> 00:47:20,880

highway

1335

00:47:24,069 --> 00:47:22,559

they're just going to run over you but

1336

00:47:27,030 --> 00:47:24,079

the best way to fight the government

1337

00:47:28,870 --> 00:47:27,040

is to not need them so if you don't need

1338

00:47:30,069 --> 00:47:28,880

them for your food you don't need them

1339

00:47:32,790 --> 00:47:30,079

for your meat you don't

1340

00:47:34,870 --> 00:47:32,800

need them for your day-to-day substance

1341

00:47:35,349 --> 00:47:34,880

other than just paying your tax land tax

1342

00:47:38,150 --> 00:47:35,359

or i

1343

00:47:39,990 --> 00:47:38,160

i like to call it the the rent from the

1344

00:47:43,109 --> 00:47:40,000

government my property

1345

00:47:44,790 --> 00:47:43,119

yeah that's what it is yeah yeah

1346

00:47:46,230 --> 00:47:44,800

no no it's a homeowner no one's a

1347

00:47:48,390 --> 00:47:46,240

homeowner man

1348

00:47:50,390 --> 00:47:48,400

yeah no you don't own property united

1349

00:47:52,230 --> 00:47:50,400

government

1350

00:47:53,829 --> 00:47:52,240

well you know what we are paying for

1351

00:47:55,430 --> 00:47:53,839

what's what's funny about that is that

1352

00:47:58,230 --> 00:47:55,440

the government's not supposed to

1353

00:47:59,990 --> 00:47:58,240

own land and that's not but they get

1354

00:48:01,109 --> 00:48:00,000

around that by saying it's just a tax on

1355

00:48:02,790 --> 00:48:01,119

your land but you get

1356

00:48:04,630 --> 00:48:02,800

if you don't pay it guess what happens

1357

00:48:06,549 --> 00:48:04,640

yeah it's not like it's not i mean

1358

00:48:07,990 --> 00:48:06,559

the best case scenario they throw a lien

1359

00:48:09,349 --> 00:48:08,000

on the property and you can get to keep

1360

00:48:10,470 --> 00:48:09,359

it but most of the time

1361

00:48:12,390 --> 00:48:10,480

they're just going to sell it at an

1362

00:48:12,870 --> 00:48:12,400

auction and you're asked out well that's

1363

00:48:16,309 --> 00:48:12,880

that's

1364

00:48:17,190 --> 00:48:16,319

massive military like you don't have to

1365

00:48:19,829 --> 00:48:17,200

own

1366

00:48:21,670 --> 00:48:19,839

you can just monopolize a territory

1367

00:48:24,230 --> 00:48:21,680

through show of force

1368

00:48:24,710 --> 00:48:24,240

oh yeah that's all it is that's all it

1369

00:48:26,470 --> 00:48:24,720

is

1370

00:48:28,790 --> 00:48:26,480

but yeah you're right the the less you

1371

00:48:29,829 --> 00:48:28,800

need them that's the best way to

1372

00:48:31,910 --> 00:48:29,839

possibly fight it

1373

00:48:33,990 --> 00:48:31,920

and if you don't need the supermarket

1374

00:48:35,990 --> 00:48:34,000

you don't need the mass media

1375

00:48:39,990 --> 00:48:36,000

you know because like definitely don't

1376

00:48:43,430 --> 00:48:41,670

he made a point that shy of them

1377

00:48:45,270 --> 00:48:43,440

storming his property and telling him

1378

00:48:46,630 --> 00:48:45,280

he's no longer free

1379

00:48:48,309 --> 00:48:46,640

it doesn't really matter what what

1380

00:48:49,349 --> 00:48:48,319

president's in office it doesn't matter

1381

00:48:51,270 --> 00:48:49,359

their policies

1382

00:48:52,710 --> 00:48:51,280

it doesn't matter anything because he is

1383

00:48:55,430 --> 00:48:52,720

self-sustaining

1384

00:48:57,510 --> 00:48:55,440

yep yep yes sir you don't have to get

1385

00:48:58,790 --> 00:48:57,520

caught up in that

1386

00:49:00,390 --> 00:48:58,800

yeah the government wouldn't want us to

1387

00:49:01,270 --> 00:49:00,400

be that way because they're going to be

1388

00:49:03,670 --> 00:49:01,280

losing out on

1389

00:49:04,870 --> 00:49:03,680

you know millions of dollars from you in

1390

00:49:06,950 --> 00:49:04,880

your lifetime

1391

00:49:08,790 --> 00:49:06,960

yeah if i'm if i'm over here and i got

1392

00:49:10,950 --> 00:49:08,800

this organic farm and i'm going over to

1393

00:49:12,710 --> 00:49:10,960

the organic beef farm and saying hey man

1394

00:49:14,390 --> 00:49:12,720

i got all these uh you know you want

1395

00:49:16,150 --> 00:49:14,400

some duck eggs or you know

1396

00:49:18,549 --> 00:49:16,160

this is what i got you know what do you

1397

00:49:20,390 --> 00:49:18,559

want to trade

1398

00:49:22,150 --> 00:49:20,400

there's literally nothing illegal about

1399

00:49:23,829 --> 00:49:22,160

doing that i can trade all the beef i

1400

00:49:25,990 --> 00:49:23,839

want for all the

1401
00:49:27,109 --> 00:49:26,000
poultry that they can handle and back

1402
00:49:28,870 --> 00:49:27,119
and forth

1403
00:49:30,390 --> 00:49:28,880
don't sell milk though because that is

1404
00:49:33,670 --> 00:49:30,400
illegal apparently like

1405
00:49:35,990 --> 00:49:33,680
it's missing it's illegal to sell

1406
00:49:37,270 --> 00:49:36,000
unpasteurized milk it's not illegal to

1407
00:49:40,390 --> 00:49:37,280
give it away though

1408
00:49:42,309 --> 00:49:40,400
hey there you go this is like

1409
00:49:43,990 --> 00:49:42,319
there's a lot of the gift of this

1410
00:49:47,430 --> 00:49:44,000
beautiful freshly squeezed

1411
00:49:49,190 --> 00:49:47,440
milk yeah you know it's

1412
00:49:53,030 --> 00:49:49,200
would you like to give me a couple of

1413
00:49:56,549 --> 00:49:54,630

yeah thank you for that gift sir i'll

1414

00:49:57,910 --> 00:49:56,559

give you that you give me this that's

1415

00:50:00,069 --> 00:49:57,920

right that's right and we're not even

1416

00:50:02,790 --> 00:50:00,079

bartering i'm giving him a gift

1417

00:50:04,230 --> 00:50:02,800

that's right that sounds way more uh

1418

00:50:06,710 --> 00:50:04,240

respectable than

1419

00:50:08,549 --> 00:50:06,720

than oh i've got some bitcoin or

1420

00:50:11,510 --> 00:50:08,559

i've got a piece of

1421

00:50:12,870 --> 00:50:11,520

metal that people killed themselves to

1422

00:50:14,630 --> 00:50:12,880

try to find

1423

00:50:16,470 --> 00:50:14,640

that's the other thing though is you

1424

00:50:18,069 --> 00:50:16,480

know you kind of scoff at that

1425

00:50:19,829 --> 00:50:18,079

but everything's going to go to a

1426

00:50:21,990 --> 00:50:19,839

digital currency guy i mean they're

1427

00:50:23,589 --> 00:50:22,000

already talking about fedcoin

1428

00:50:25,750 --> 00:50:23,599

that's a federal currency that they're

1429

00:50:27,430 --> 00:50:25,760

getting i saw that i fully believe that

1430

00:50:28,470 --> 00:50:27,440

i'm not i'm not talking at all i

1431

00:50:31,030 --> 00:50:28,480

just think it's like right

1432

00:50:32,790 --> 00:50:31,040

i've been rather i wouldn't i wouldn't

1433

00:50:35,270 --> 00:50:32,800

say go down and sink you know

1434

00:50:37,109 --> 00:50:35,280

ten thousand dollars into bitcoin but

1435

00:50:38,069 --> 00:50:37,119

you know i would say at least look into

1436

00:50:40,069 --> 00:50:38,079

it get to know it

1437

00:50:41,349 --> 00:50:40,079

understand it get yourself a little wall

1438

00:50:42,309 --> 00:50:41,359

and you know get yourself a digital

1439

00:50:44,549 --> 00:50:42,319

wallet

1440

00:50:45,430 --> 00:50:44,559

you know uh maybe buy a little bit use a

1441

00:50:48,470 --> 00:50:45,440

little bit see

1442

00:50:50,549 --> 00:50:48,480

see how viable it is and you'll notice

1443

00:50:52,390 --> 00:50:50,559

that you know you can use it like

1444

00:50:55,190 --> 00:50:52,400

anything else you know and then

1445

00:50:57,109 --> 00:50:55,200

of course you know if you acquire it in

1446

00:50:59,910 --> 00:50:57,119

a way that which is not recorded

1447

00:51:01,430 --> 00:50:59,920

then they don't know what you have

1448

00:51:02,470 --> 00:51:01,440

there's no way for them to track what

1449

00:51:04,069 --> 00:51:02,480

you have

1450

00:51:06,390 --> 00:51:04,079

you know if like you say you use you

1451
00:51:09,109 --> 00:51:06,400
know that pirate coin

1452
00:51:09,990 --> 00:51:09,119
or you know if you use ethernet or you

1453
00:51:13,589 --> 00:51:10,000
know any of these

1454
00:51:15,670 --> 00:51:13,599
coins like say i uh you know

1455
00:51:17,510 --> 00:51:15,680
i put up a podcast and say hey you know

1456
00:51:19,270 --> 00:51:17,520
you want to support my podcast you know

1457
00:51:21,349 --> 00:51:19,280
you can give me

1458
00:51:22,549 --> 00:51:21,359
i accept cryptocurrency let me know what

1459
00:51:24,630 --> 00:51:22,559
you want to give me and

1460
00:51:25,589 --> 00:51:24,640
i'll give you my link and then they can

1461
00:51:27,829 --> 00:51:25,599
just send you send you some

1462
00:51:29,750 --> 00:51:27,839
cryptocurrencies straight to your wallet

1463
00:51:31,270 --> 00:51:29,760

there you mean transactions there but it

1464

00:51:33,910 --> 00:51:31,280

doesn't know who's sending who

1465

00:51:35,990 --> 00:51:33,920

what or how much it's just that they see

1466

00:51:37,589 --> 00:51:36,000

that there's a transaction there

1467

00:51:39,190 --> 00:51:37,599

you know there's no way there's no way

1468

00:51:41,030 --> 00:51:39,200

to track that kind of currency which is

1469

00:51:43,190 --> 00:51:41,040

why they don't really want to use it

1470

00:51:44,549 --> 00:51:43,200

right i think that's where it's going

1471

00:51:48,549 --> 00:51:44,559

for sure um

1472

00:51:49,589 --> 00:51:48,559

i guess i in my gut i just feel like the

1473

00:51:52,630 --> 00:51:49,599

better solution

1474

00:51:55,349 --> 00:51:52,640

for humanity is to

1475

00:51:57,030 --> 00:51:55,359

is to really look at like what what's

1476
00:51:58,710 --> 00:51:57,040
the most valuable

1477
00:52:00,069 --> 00:51:58,720
thing in your life i think it's time

1478
00:52:04,390 --> 00:52:00,079
right like and and

1479
00:52:06,549 --> 00:52:04,400
the for me yes the fruits of your time

1480
00:52:07,510 --> 00:52:06,559
so what can you offer your fellow man is

1481
00:52:10,549 --> 00:52:07,520
it information

1482
00:52:13,190 --> 00:52:10,559
is it is it uh guidance it or is it a

1483
00:52:14,549 --> 00:52:13,200
a physical thing like how do we equate

1484
00:52:16,549 --> 00:52:14,559
that i think that is

1485
00:52:17,990 --> 00:52:16,559
man it's never going to happen but and

1486
00:52:19,910 --> 00:52:18,000
i'd love to go back to the barter system

1487
00:52:21,589 --> 00:52:19,920
[Music]

1488
00:52:23,589 --> 00:52:21,599

well there's nothing stopping you man i

1489

00:52:25,910 --> 00:52:23,599

mean honestly there's a lot of uh

1490

00:52:28,230 --> 00:52:25,920

a lot of communities i mean in all kinds

1491

00:52:30,069 --> 00:52:28,240

of places especially places like texas

1492

00:52:31,990 --> 00:52:30,079

where you know you i mean you get on the

1493

00:52:33,829 --> 00:52:32,000

thing you just you know garbage facebook

1494

00:52:35,910 --> 00:52:33,839

and and just type in you know

1495

00:52:38,630 --> 00:52:35,920

permaculture you know in austin

1496

00:52:39,349 --> 00:52:38,640

you know and you'll just you see

1497

00:52:41,109 --> 00:52:39,359

whatever

1498

00:52:43,589 --> 00:52:41,119

pops up there i mean i i think in

1499

00:52:45,430 --> 00:52:43,599

florida there's like 15 different groups

1500

00:52:46,630 --> 00:52:45,440

for permaculture and they're constantly

1501
00:52:47,990 --> 00:52:46,640
trading stuff like

1502
00:52:49,910 --> 00:52:48,000
you know there's like i saw a lady on

1503
00:52:51,510 --> 00:52:49,920
today's you got i got this specific type

1504
00:52:53,109 --> 00:52:51,520
of a globby and i'm looking for these

1505
00:52:55,510 --> 00:52:53,119
other guavas i've got

1506
00:52:56,630 --> 00:52:55,520
15 ready ready to go in planners to

1507
00:53:00,390 --> 00:52:56,640
trade you know

1508
00:53:01,829 --> 00:53:00,400
yeah so there's a constant community for

1509
00:53:03,109 --> 00:53:01,839
just about anything you want to do for

1510
00:53:05,670 --> 00:53:03,119
the viruses

1511
00:53:06,710 --> 00:53:05,680
one of the people that i that i uh i i

1512
00:53:10,309 --> 00:53:06,720
studied with

1513
00:53:13,510 --> 00:53:10,319

they they went to go help uh

1514

00:53:13,990 --> 00:53:13,520

put in some some some beds for uh the

1515

00:53:17,030 --> 00:53:14,000

next

1516

00:53:19,589 --> 00:53:17,040

growing season and they traded them uh

1517

00:53:20,790 --> 00:53:19,599

like a geodesic dome that they were able

1518

00:53:23,109 --> 00:53:20,800

to put a tarp over

1519

00:53:24,630 --> 00:53:23,119

and use for whatever purposes they

1520

00:53:26,230 --> 00:53:24,640

wanted to use it for but they were

1521

00:53:29,349 --> 00:53:26,240

always trading stuff like

1522

00:53:29,829 --> 00:53:29,359

they would build yurts and just go and

1523

00:53:31,190 --> 00:53:29,839

help

1524

00:53:32,630 --> 00:53:31,200

people out and then they would trade

1525

00:53:33,670 --> 00:53:32,640

them you got skill sets you know that's

1526

00:53:35,030 --> 00:53:33,680

why i want to try to

1527

00:53:36,630 --> 00:53:35,040

you know i want to perfect making the

1528

00:53:37,990 --> 00:53:36,640

biochar so that i can sell that to the

1529

00:53:39,589 --> 00:53:38,000

people that need to supplement

1530

00:53:41,270 --> 00:53:39,599

there because not everybody needs

1531

00:53:43,109 --> 00:53:41,280

biochar because i mean biochar is not

1532

00:53:44,710 --> 00:53:43,119

good for every situation

1533

00:53:46,549 --> 00:53:44,720

it's good for building soil in certain

1534

00:53:47,990 --> 00:53:46,559

situations and certain

1535

00:53:49,510 --> 00:53:48,000

certain vegetables you gotta you gotta

1536

00:53:50,150 --> 00:53:49,520

do your research to see what it's good

1537

00:53:52,470 --> 00:53:50,160

for

1538

00:53:53,270 --> 00:53:52,480

but in general it's a good thing to have

1539

00:53:55,990 --> 00:53:53,280

on hand

1540

00:53:56,710 --> 00:53:56,000

for that purpose yeah um you know

1541

00:53:59,510 --> 00:53:56,720

between that

1542

00:54:01,270 --> 00:53:59,520

and some good compost you know so my

1543

00:54:02,549 --> 00:54:01,280

compost that i make now is just gonna be

1544

00:54:04,470 --> 00:54:02,559

for my own personal use

1545

00:54:05,990 --> 00:54:04,480

but like once we get onto some property

1546

00:54:06,470 --> 00:54:06,000

you know i'll probably have like six

1547

00:54:08,950 --> 00:54:06,480

seven

1548

00:54:10,230 --> 00:54:08,960

eight nine ten compost piles going at

1549

00:54:13,109 --> 00:54:10,240

any one time

1550

00:54:13,670 --> 00:54:13,119

just just to keep that rotating maybe

1551
00:54:16,150 --> 00:54:13,680
even have

1552
00:54:17,670 --> 00:54:16,160
excess to sell you know so selling

1553
00:54:20,390 --> 00:54:17,680
compost selling biochar

1554
00:54:20,950 --> 00:54:20,400
selling eggs selling livestock selling

1555
00:54:24,150 --> 00:54:20,960
you know

1556
00:54:26,470 --> 00:54:24,160
come in and you say yeah i want to

1557
00:54:28,150 --> 00:54:26,480
eat some of your fresh loyal grace cheek

1558
00:54:30,150 --> 00:54:28,160
chicken but i don't want to kill it

1559
00:54:31,430 --> 00:54:30,160
all right well for an extra 10 bucks

1560
00:54:34,710 --> 00:54:31,440
i'll slaughter it for you

1561
00:54:36,549 --> 00:54:34,720
you know yeah throw in an extra five and

1562
00:54:39,190 --> 00:54:36,559
i'll i'll even take feathers off

1563
00:54:41,829 --> 00:54:39,200

for you know

1564

00:54:44,069 --> 00:54:41,839

that's the worst part right well i think

1565

00:54:45,990 --> 00:54:44,079

if you just put it with a hot water bath

1566

00:54:47,109 --> 00:54:46,000

and then they just kind of come right

1567

00:54:50,230 --> 00:54:47,119

out come out

1568

00:54:51,829 --> 00:54:50,240

yeah yeah there's a whole there's a

1569

00:54:52,390 --> 00:54:51,839

bunch of techniques for it i mean that's

1570

00:54:53,670 --> 00:54:52,400

you know

1571

00:54:55,670 --> 00:54:53,680

and that's what's up i think that's

1572

00:54:57,589 --> 00:54:55,680

what's been exciting to me about this

1573

00:55:00,150 --> 00:54:57,599

whole process because it's like every

1574

00:55:00,710 --> 00:55:00,160

everything that i run into there's like

1575

00:55:03,030 --> 00:55:00,720

already

1576
00:55:05,270 --> 00:55:03,040
so many established ways to make it and

1577
00:55:07,030 --> 00:55:05,280
to make it you know you you just

1578
00:55:08,630 --> 00:55:07,040
gotta learn them and for me you know

1579
00:55:10,470 --> 00:55:08,640
that's like i love

1580
00:55:12,870 --> 00:55:10,480
learning new things and this is

1581
00:55:14,870 --> 00:55:12,880
something that i can learn that actually

1582
00:55:16,390 --> 00:55:14,880
will sustain me and my family will keep

1583
00:55:19,349 --> 00:55:16,400
us healthy

1584
00:55:20,630 --> 00:55:19,359
keep us happy you know tomorrow with

1585
00:55:23,990 --> 00:55:20,640
solar flare hits and

1586
00:55:26,390 --> 00:55:24,000
burns out the entire electrical grid i

1587
00:55:28,789 --> 00:55:26,400
i have at least enough skill set to

1588
00:55:31,829 --> 00:55:28,799

start planting and i have enough seeds

1589

00:55:32,789 --> 00:55:31,839

to get us going you know so and and i

1590

00:55:39,829 --> 00:55:32,799

know enough

1591

00:55:41,829 --> 00:55:39,839

to not completely it up i may not

1592

00:55:43,430 --> 00:55:41,839

have any of the phs right i mean i have

1593

00:55:45,349 --> 00:55:43,440

the soil just right but i know what

1594

00:55:47,750 --> 00:55:45,359

should go into a good

1595

00:55:50,710 --> 00:55:47,760

i actually accidentally in the well

1596

00:55:50,720 --> 00:55:55,349

well everybody got this terry died

1597

00:55:59,829 --> 00:55:57,670

you restarted you didn't make it to

1598

00:56:03,030 --> 00:55:59,839

oregon

1599

00:56:05,349 --> 00:56:03,040

but so just building off of that uh

1600

00:56:06,309 --> 00:56:05,359

both of you i mean both yeah i feel like

1601
00:56:09,349 --> 00:56:06,319
i'm just

1602
00:56:11,430 --> 00:56:09,359
list listening to two you know

1603
00:56:13,349 --> 00:56:11,440
very educated people on this topic talk

1604
00:56:16,309 --> 00:56:13,359
and i'm like saying goofy but

1605
00:56:17,030 --> 00:56:16,319
also i'm thinking like man you know as a

1606
00:56:20,150 --> 00:56:17,040
as a

1607
00:56:22,789 --> 00:56:20,160
a man in america in 2021

1608
00:56:23,829 --> 00:56:22,799
i think i'm constantly looking for for

1609
00:56:26,870 --> 00:56:23,839
ways to

1610
00:56:29,349 --> 00:56:26,880
to feed that that

1611
00:56:30,630 --> 00:56:29,359
i don't know that that deep-seated i

1612
00:56:33,510 --> 00:56:30,640
want to

1613
00:56:35,109 --> 00:56:33,520

provide and and i tell you what nothing

1614

00:56:37,270 --> 00:56:35,119

will feed that more than

1615

00:56:39,109 --> 00:56:37,280

walking up to a family member's house

1616

00:56:42,230 --> 00:56:39,119

that's not your immediate family

1617

00:56:44,630 --> 00:56:42,240

with a box full of food saying hey i had

1618

00:56:46,150 --> 00:56:44,640

so much extra that i can even

1619

00:56:49,829 --> 00:56:46,160

provide for your family

1620

00:56:53,109 --> 00:56:49,839

yeah talk about confidence yeah yeah

1621

00:56:55,430 --> 00:56:53,119

that's yeah that's that is that's

1622

00:56:57,109 --> 00:56:55,440

swagger dude that is swagger right there

1623

00:56:59,670 --> 00:56:57,119

and it's really cool because with

1624

00:57:02,549 --> 00:56:59,680

permaculture it's something that

1625

00:57:04,630 --> 00:57:02,559

you never stop learning you know it's

1626
00:57:06,630 --> 00:57:04,640
it's continuously learning

1627
00:57:07,990 --> 00:57:06,640
something like i learned something new

1628
00:57:10,789 --> 00:57:08,000
every single day

1629
00:57:12,069 --> 00:57:10,799
uh just with your basic landscaping but

1630
00:57:15,270 --> 00:57:12,079
you know it's it's it's

1631
00:57:17,670 --> 00:57:15,280
uh yeah man you're always gonna learn

1632
00:57:18,549 --> 00:57:17,680
something every day and and the whole

1633
00:57:20,789 --> 00:57:18,559
thing is too

1634
00:57:21,750 --> 00:57:20,799
is you know i run across this a lot is

1635
00:57:25,589 --> 00:57:21,760
like

1636
00:57:27,190 --> 00:57:25,599
it's a gardening is a science experiment

1637
00:57:28,069 --> 00:57:27,200
that's all it is you're constantly

1638
00:57:29,750 --> 00:57:28,079

experimenting

1639

00:57:31,430 --> 00:57:29,760

and just because it worked here doesn't

1640

00:57:33,589 --> 00:57:31,440

mean it's going to work here it's

1641

00:57:35,030 --> 00:57:33,599

always you're always experimenting and

1642

00:57:37,589 --> 00:57:35,040

you're always going to fail

1643

00:57:39,510 --> 00:57:37,599

stuff's always going to die and stuff is

1644

00:57:43,190 --> 00:57:39,520

always not going to go correct

1645

00:57:46,470 --> 00:57:43,200

that's just the way it is yeah oh yeah

1646

00:57:49,109 --> 00:57:46,480

my wife actually planted some uh

1647

00:57:50,230 --> 00:57:49,119

a while ago and then she left them

1648

00:57:52,230 --> 00:57:50,240

outside it's like

1649

00:57:54,630 --> 00:57:52,240

cold out right now it's like in the

1650

00:57:55,750 --> 00:57:54,640

50s it's not freezing yet so i mean

1651
00:57:57,990 --> 00:57:55,760
but you know so they're never going to

1652
00:57:59,990 --> 00:57:58,000
germinate outside inside and

1653
00:58:01,589 --> 00:58:00,000
start spraying them with some water and

1654
00:58:03,190 --> 00:58:01,599
stuff and they finally just sprouted the

1655
00:58:05,990 --> 00:58:03,200
other day you should have seen

1656
00:58:07,670 --> 00:58:06,000
i mean honestly her face when she saw

1657
00:58:09,910 --> 00:58:07,680
that she had sprouts guy

1658
00:58:11,750 --> 00:58:09,920
i mean you can't replicate that kind of

1659
00:58:15,270 --> 00:58:11,760
happiness like look

1660
00:58:17,349 --> 00:58:15,280
i've grown something and it's like good

1661
00:58:18,789 --> 00:58:17,359
you know and you know it's it's it's

1662
00:58:20,230 --> 00:58:18,799
such a amazing

1663
00:58:22,390 --> 00:58:20,240

feeling to get that first you know

1664

00:58:26,390 --> 00:58:22,400

that's the first of the voorhees farms

1665

00:58:32,069 --> 00:58:28,309

got a nice little roll off the tongue

1666

00:58:37,270 --> 00:58:34,230

my original plan was to be dr vice

1667

00:58:39,109 --> 00:58:37,280

vortis so

1668

00:58:40,309 --> 00:58:39,119

but you know maybe someday i'll become a

1669

00:58:43,430 --> 00:58:40,319

doctor

1670

00:58:49,910 --> 00:58:43,440

so you're halfway true enough

1671

00:58:52,309 --> 00:58:49,920

sure enough cheers you're overqualified

1672

00:58:54,230 --> 00:58:52,319

heard that too many times

1673

00:58:56,069 --> 00:58:54,240

and then when people ask you why you

1674

00:58:56,710 --> 00:58:56,079

don't know something about science

1675

00:58:59,109 --> 00:58:56,720

you're like

1676
00:59:00,950 --> 00:58:59,119
well because i'm also a doctor so i had

1677
00:59:08,549 --> 00:59:00,960
to like train doctor stuff

1678
00:59:12,309 --> 00:59:10,549
yeah yeah it's kind of like this

1679
00:59:12,950 --> 00:59:12,319
reflected that plane is really good at

1680
00:59:15,589 --> 00:59:12,960
flying

1681
00:59:16,789 --> 00:59:15,599
and a boat's really good at being a boat

1682
00:59:18,950 --> 00:59:16,799
but playing boats

1683
00:59:21,190 --> 00:59:18,960
not good at either but it can do both

1684
00:59:23,750 --> 00:59:21,200
yeah

1685
00:59:26,710 --> 00:59:23,760
exactly it sounds like something you'd

1686
00:59:30,390 --> 00:59:26,720
find on catalina island

1687
00:59:37,990 --> 00:59:34,069
yes oh my god that's awesome

1688
00:59:40,309 --> 00:59:38,000

oh man that's so good that's so good

1689

00:59:41,670 --> 00:59:40,319

hell yeah man well i feel like that's a

1690

00:59:44,870 --> 00:59:41,680

good like

1691

00:59:47,829 --> 00:59:44,880

full circle way to way to end you guys

1692

00:59:48,710 --> 00:59:47,839

that was a good one man gary i'm so

1693

00:59:51,670 --> 00:59:48,720

glad he called man

1694

00:59:53,030 --> 00:59:51,680

i was like joe and i were just uh

1695

00:59:54,390 --> 00:59:53,040

filming this thing for the the

1696

00:59:56,069 --> 00:59:54,400

documentary and

1697

00:59:57,990 --> 00:59:56,079

i was like i got it on film too it's

1698

01:00:00,870 --> 00:59:58,000

gonna be kind of cool

1699

01:00:02,230 --> 01:00:00,880

put it in the documentary i'm like hey

1700

01:00:05,589 --> 01:00:02,240

uh

1701

01:00:06,470 --> 01:00:05,599

we're just going so that was i'm glad

1702

01:00:08,630 --> 01:00:06,480

you called man

1703

01:00:11,430 --> 01:00:08,640

it's awesome well you know i just we

1704

01:00:14,069 --> 01:00:11,440

just got back from philbin and uh

1705

01:00:15,190 --> 01:00:14,079

put the put the rum on the counter and i

1706

01:00:16,549 --> 01:00:15,200

popped open facebook

1707

01:00:18,069 --> 01:00:16,559

it's all that i'm like trying to figure

1708

01:00:19,589 --> 01:00:18,079

out the time difference i'm like

1709

01:00:20,069 --> 01:00:19,599

i'm like in the different time zone what

1710

01:00:24,470 --> 01:00:20,079

what

1711

01:00:25,750 --> 01:00:24,480

where they're at but

1712

01:00:27,190 --> 01:00:25,760

they're like oh they haven't been

1713

01:00:28,870 --> 01:00:27,200

on yet all right cool i'll call them see

1714

01:00:31,910 --> 01:00:28,880

if he's see if he's done it yet

1715

01:00:33,349 --> 01:00:31,920

oh yeah yeah man it's awesome

1716

01:00:35,109 --> 01:00:33,359

definitely no i love coming out with you

1717

01:00:37,190 --> 01:00:35,119

guys you guys are a trip so

1718

01:00:38,150 --> 01:00:37,200

hell yeah and i love that we like just

1719

01:00:40,069 --> 01:00:38,160

spent like

1720

01:00:41,750 --> 01:00:40,079

a good amount of time talking about

1721

01:00:42,870 --> 01:00:41,760

something that i feel like a lot of

1722

01:00:46,069 --> 01:00:42,880

people would benefit

1723

01:00:48,230 --> 01:00:46,079

from learning about well i think i think

1724

01:00:49,589 --> 01:00:48,240

i think it directly ties into the

1725

01:00:52,470 --> 01:00:49,599

subject to the simple fact

1726

01:00:52,950 --> 01:00:52,480

that it seems to be a pretty popular

1727

01:00:56,069 --> 01:00:52,960

amongst

1728

01:00:57,910 --> 01:00:56,079

experiencers and with people that

1729

01:00:59,190 --> 01:00:57,920

that seem to have had any type of

1730

01:01:00,950 --> 01:00:59,200

contact

1731

01:01:02,950 --> 01:01:00,960

that they have that that overwhelming

1732

01:01:05,910 --> 01:01:02,960

desire to

1733

01:01:07,270 --> 01:01:05,920

start to heal the planet and to do these

1734

01:01:10,390 --> 01:01:07,280

types of things

1735

01:01:12,309 --> 01:01:10,400

and like i'm all for technology except

1736

01:01:13,829 --> 01:01:12,319

for technology that's destructive to the

1737

01:01:15,910 --> 01:01:13,839

environment you know so

1738

01:01:17,349 --> 01:01:15,920

if you can if we yeah we could be the

1739

01:01:19,589 --> 01:01:17,359

most advanced civilization

1740

01:01:21,349 --> 01:01:19,599

in the entire galaxy as long as we're

1741

01:01:23,430 --> 01:01:21,359

not destroying what's around us

1742

01:01:24,789 --> 01:01:23,440

you know so if you create a new

1743

01:01:27,829 --> 01:01:24,799

microchip but

1744

01:01:29,670 --> 01:01:27,839

it's the you know fastest bestest

1745

01:01:30,309 --> 01:01:29,680

microchip that's ever been invented and

1746

01:01:35,990 --> 01:01:30,319

it's gonna

1747

01:01:38,309 --> 01:01:36,000

but the byproduct of making this one

1748

01:01:40,470 --> 01:01:38,319

chip is that there's one chemical that

1749

01:01:42,150 --> 01:01:40,480

if we let it get out it's going to

1750

01:01:44,069 --> 01:01:42,160

destroy our entire environment like

1751

01:01:46,390 --> 01:01:44,079

it'll destroy our whole planet

1752

01:01:47,270 --> 01:01:46,400

yeah right now in our current situation

1753

01:01:50,710 --> 01:01:47,280

we would still

1754

01:01:53,030 --> 01:01:50,720

produce that chip absolutely yup

1755

01:01:53,990 --> 01:01:53,040

we should we should figure out how to

1756

01:01:55,589 --> 01:01:54,000

not

1757

01:01:57,430 --> 01:01:55,599

predict we have the technology for the

1758

01:02:00,630 --> 01:01:57,440

chip we need to figure out how to do it

1759

01:02:03,829 --> 01:02:00,640

safely and then mass-produce it you know

1760

01:02:05,430 --> 01:02:03,839

we should you know so i think that

1761

01:02:06,710 --> 01:02:05,440

scientists need to be a hell of a lot

1762

01:02:07,750 --> 01:02:06,720

more responsible with their

1763

01:02:10,710 --> 01:02:07,760

pharmaceuticals

1764

01:02:11,750 --> 01:02:10,720

and production of all of our technology

1765

01:02:15,270 --> 01:02:11,760

so that we can

1766

01:02:18,950 --> 01:02:15,280

advance without destroying ourselves

1767

01:02:21,109 --> 01:02:18,960

absolutely so there's your ufo tie-in

1768

01:02:22,630 --> 01:02:21,119

absolutely man yeah no that was

1769

01:02:23,270 --> 01:02:22,640

beautiful i couldn't have said it better

1770

01:02:25,990 --> 01:02:23,280

myself

1771

01:02:26,789 --> 01:02:26,000

yeah seriously like i have nothing else

1772

01:02:30,470 --> 01:02:26,799

to add to that

1773

01:02:34,309 --> 01:02:30,480

because that is literally well then i

1774

01:02:36,470 --> 01:02:34,319

i bid you a dude

1775

01:02:38,549 --> 01:02:36,480

gary thank you so much brother man that

1776

01:02:41,510 --> 01:02:38,559

it's always fun talking to you bro

1777

01:02:42,309 --> 01:02:41,520

take it easy in touch don't be strangers

1778

01:02:44,230 --> 01:02:42,319

definitely man

1779

01:02:45,670 --> 01:02:44,240

sounds good hey we'll make that t-shirt

1780

01:02:46,230 --> 01:02:45,680

happen now that we we know you're on

1781

01:02:48,309 --> 01:02:46,240

board

1782

01:02:50,309 --> 01:02:48,319

all right i appreciate it it may end up

1783

01:02:53,430 --> 01:02:50,319

being the only t-shirt that we ever have

1784

01:02:55,190 --> 01:02:53,440

but oh yeah

1785

01:02:57,109 --> 01:02:55,200

but yeah definitely looking forward to

1786

01:02:57,430 --> 01:02:57,119

that i'll uh no matter what i'll at

1787

01:03:00,870 --> 01:02:57,440

least

1788

01:03:04,069 --> 01:03:00,880

make one one production run of it yes

1789

01:03:05,270 --> 01:03:04,079

yes yes bro and if not

1790

01:03:06,550 --> 01:03:05,280

i don't even care if everybody else

1791

01:03:10,950 --> 01:03:06,560

hates it i'm still going to make it

1792

01:03:12,549 --> 01:03:10,960

[Laughter]

1793

01:03:28,950 --> 01:03:12,559

i i would i'm going to straight pimp

1794

01:03:36,230 --> 01:03:32,630

serve you know answers in general so

1795

01:03:37,750 --> 01:03:36,240

so i decided so but yeah all right man

1796

01:03:39,430 --> 01:03:37,760

good night guys hey you're my daughter

1797

01:03:41,750 --> 01:03:39,440

it's important man get to it

1798

01:03:42,870 --> 01:03:41,760

get on it sounds good man thanks thanks

1799

01:03:43,910 --> 01:03:42,880

for taking some time with me i

1800

01:03:48,870 --> 01:03:43,920

appreciate it no

1801

01:03:50,309 --> 01:03:48,880

problem man dude any time

1802

01:03:52,470 --> 01:03:50,319

we'll talk to you later brother all
