1
00:00:00,100 --> 00:00:09,030

[Music]

2
00:00:13,430 --> 00:00:10,549

so i knelt down and i'm

3
00:00:15,190 --> 00:00:13,440

tying my shoelace and i felt this rumble

4
00:00:17,430 --> 00:00:15,200

on the top of my head

5
00:00:19,269 --> 00:00:17,440

and uh at first i thought you know you

6
00:00:20,550 --> 00:00:19,279

know you're at the urinal or something

7
00:00:22,150 --> 00:00:20,560

like that and you get the chills in your

8
00:00:24,390 --> 00:00:22,160

damn shoulders

9
00:00:26,470 --> 00:00:24,400

yeah i thought some kind of odd episode

10
00:00:28,390 --> 00:00:26,480

was you know beginning to happen there

11
00:00:30,070 --> 00:00:28,400

with that but all of a sudden it was

12
00:00:32,549 --> 00:00:30,080

like somebody

13
00:00:34,470 --> 00:00:32,559

turned the volume all the way up and if

14

00:00:37,030 --> 00:00:34,480

you ever stood in front of like a

15

00:00:38,869 --> 00:00:37,040

rock and roll you know speaker during a

16

00:00:39,270 --> 00:00:38,879

concert you feel that vibration in your

17

00:00:41,910 --> 00:00:39,280

chest

18

00:00:42,869 --> 00:00:41,920

yeah if you can only imagine that times

19

00:00:45,350 --> 00:00:42,879

a million

20

00:00:46,389 --> 00:00:45,360

being applied to your brain i mean i hit

21

00:00:49,430 --> 00:00:46,399

the damn ground

22

00:00:51,110 --> 00:00:49,440

boom you know and the only thought that

23

00:00:53,350 --> 00:00:51,120

i could force through my mind was

24

00:00:55,029 --> 00:00:53,360

oh my god i'm being killed this thing

25

00:00:58,310 --> 00:00:55,039

whatever is killing me

26
00:00:59,189 --> 00:00:58,320
you know and i knew that i was throwing

27
00:01:00,869 --> 00:00:59,199
up

28
00:01:02,869 --> 00:01:00,879
i was trying to observe you know that's

29
00:01:05,350 --> 00:01:02,879
what you do and even if

30
00:01:06,630 --> 00:01:05,360
if you're in a car accident everything

31
00:01:09,270 --> 00:01:06,640
seems to slow down

32
00:01:10,149 --> 00:01:09,280
and you're observing oh my god i am so

33
00:01:13,190 --> 00:01:10,159
screwed right now

34
00:01:14,070 --> 00:01:13,200
right right in such a slow motion so my

35
00:01:15,510 --> 00:01:14,080
sense is we're

36
00:01:17,190 --> 00:01:15,520
just trying to pick up as much

37
00:01:20,310 --> 00:01:17,200
information as possible

38
00:01:22,310 --> 00:01:20,320

so i know that i was throwing up

39

00:01:24,550 --> 00:01:22,320

because my throat was open for a long

40

00:01:27,830 --> 00:01:24,560

period of time like three times in a row

41

00:01:31,590 --> 00:01:27,840

so i know i was throwing up um but

42

00:01:34,630 --> 00:01:31,600

other than that all i could do is just

43

00:01:36,550 --> 00:01:34,640

holy crap you know how do you articulate

44

00:01:40,149 --> 00:01:36,560

that how do you explain

45

00:01:41,030 --> 00:01:40,159

you know that and it wasn't but 10 15

46

00:01:43,350 --> 00:01:41,040

seconds

47

00:01:45,350 --> 00:01:43,360

i pushed myself off the ground and i

48

00:01:47,190 --> 00:01:45,360

felt as if a magnet

49

00:01:48,870 --> 00:01:47,200

was kind of swaying me back and forth

50

00:01:49,510 --> 00:01:48,880

you know like a magnet above you and

51

00:01:51,990 --> 00:01:49,520

you're the

52

00:01:53,670 --> 00:01:52,000

opposing you know force and i was

53

00:01:54,630 --> 00:01:53,680

sliding a little bit back and forth but

54

00:01:56,789 --> 00:01:54,640

i picked myself

55

00:02:08,150 --> 00:01:56,799

up and i looked above me and the object
