AIRSHIP?

1
00:00:00,100 --> 00:00:07,590

[Music]

2
00:00:11,910 --> 00:00:08,950

we should start out with

3
00:00:13,910 --> 00:00:11,920

is this so-called mystery airship wave

4
00:00:17,349 --> 00:00:13,920

of 1897.

5
00:00:19,189 --> 00:00:17,359

it actually started november 18 1896 a

6
00:00:21,109 --> 00:00:19,199

little bit earlier but it's always been

7
00:00:22,310 --> 00:00:21,119

known within ufology all over it's

8
00:00:25,990 --> 00:00:22,320

always been known

9
00:00:29,029 --> 00:00:26,000

as the the 1897 mystery airship wave

10
00:00:29,429 --> 00:00:29,039

and basically over sacramento what

11
00:00:32,389 --> 00:00:29,439

people

12
00:00:34,150 --> 00:00:32,399

reported seeing is kind of this long

13
00:00:36,470 --> 00:00:34,160

cigar-shaped craft

14

00:00:38,389 --> 00:00:36,480

there were reports of wings on either

15

00:00:41,190 --> 00:00:38,399

side with a strange rudder

16

00:00:42,069 --> 00:00:41,200

and then there was a gondola but what's

17

00:00:44,709 --> 00:00:42,079

interesting in

18

00:00:46,630 --> 00:00:44,719

like 95 of the percent of these reports

19

00:00:49,430 --> 00:00:46,640

they're always at night

20

00:00:50,790 --> 00:00:49,440

and uh they reported these beaming

21

00:00:52,549 --> 00:00:50,800

spotlights coming down

22

00:00:54,389 --> 00:00:52,559

on the city below and so it was an

23

00:00:55,750 --> 00:00:54,399

absolute chaos below

24

00:00:58,150 --> 00:00:55,760

there were people running through the

25

00:00:59,349 --> 00:00:58,160

streets uh covered wagons were being

26

00:01:01,750 --> 00:00:59,359

tipped over

27

00:01:03,590 --> 00:01:01,760

horses were bolting from side to side it

28

00:01:05,590 --> 00:01:03,600

was just absolute chaos because no one

29

00:01:07,830 --> 00:01:05,600

had seen anything like this before

30

00:01:09,109 --> 00:01:07,840

and who has the technology to have these

31

00:01:12,070 --> 00:01:09,119

beaming spotlights

32

00:01:13,190 --> 00:01:12,080

coming down back in 1896 this is before

33

00:01:16,950 --> 00:01:13,200

the wright brothers

34

00:01:18,230 --> 00:01:16,960

yeah december 17th uh 1903 at kitty hawk

35

00:01:20,070 --> 00:01:18,240

north carolina so

36

00:01:21,590 --> 00:01:20,080

this was going on before the wright

37

00:01:22,950 --> 00:01:21,600

brothers even flew now here's what's

38

00:01:25,990 --> 00:01:22,960

interesting if you

39

00:01:27,590 --> 00:01:26,000

read the reference works and all the

40

00:01:31,109 --> 00:01:27,600

newspaper clippings

41

00:01:33,990 --> 00:01:31,119

going from the west coast to ohio

42

00:01:35,910 --> 00:01:34,000

i mean there were literally hundreds of

43

00:01:38,149 --> 00:01:35,920

newspaper reports of this mystery

44

00:01:38,950 --> 00:01:38,159

airship wave different configurations as

45

00:01:41,749 --> 00:01:38,960

well

46

00:01:43,590 --> 00:01:41,759

but they reported generally we talked

47

00:01:46,789 --> 00:01:43,600

about the light shining down

48

00:01:49,030 --> 00:01:46,799

uh there were reports of anchors being

49

00:01:50,310 --> 00:01:49,040

lowered from these craft there were

50

00:01:53,030 --> 00:01:50,320

reports of big

51
00:01:55,670 --> 00:01:53,040
black dogs on the top deck of these

52
00:01:58,789 --> 00:01:55,680
ships there were reports of

53
00:02:00,230 --> 00:01:58,799
well-dressed eccentric inventors

54
00:02:02,149 --> 00:02:00,240
that were on the top deck of these

55
00:02:04,789 --> 00:02:02,159
crowds with monocles

56
00:02:06,389 --> 00:02:04,799
yeah they were reports of laughter

57
00:02:07,270 --> 00:02:06,399
coming from these craft and we have

58
00:02:10,309 --> 00:02:07,280
reports

59
00:02:11,510 --> 00:02:10,319
of these things landing and then the the

60
00:02:13,589 --> 00:02:11,520
people that came

61
00:02:16,070 --> 00:02:13,599
out of these craft they were wearing

62
00:02:19,110 --> 00:02:16,080
smoke colored glasses and they requested

63
00:02:22,309 --> 00:02:19,120

water wow works

64

00:02:26,150 --> 00:02:22,319

okay so we got to think you know

65

00:02:28,150 --> 00:02:26,160

does this sound like a alien technology

66

00:02:30,390 --> 00:02:28,160

or does this sound a whole lot

67

00:02:31,910 --> 00:02:30,400

closer to home it definitely sounds

68

00:02:34,390 --> 00:02:31,920

close to home that's for sure

69

00:02:35,350 --> 00:02:34,400

it sounds close to home that's right uh

70

00:02:38,710 --> 00:02:35,360

and then the thing is

71

00:02:41,430 --> 00:02:38,720

um a lot of these craft it appears

72

00:02:43,589 --> 00:02:41,440

started with a group called the sonora

73

00:02:46,869 --> 00:02:43,599

arrow club that was financed by

74

00:02:47,750 --> 00:02:46,879

a mysterious group known as nimza and i

75

00:02:50,470 --> 00:02:47,760

want to give

76

00:02:52,550 --> 00:02:50,480

credit to the book called origin the

77

00:02:53,270 --> 00:02:52,560

19th century emergence of the 20th

78

00:02:56,470 --> 00:02:53,280

century

79

00:02:57,670 --> 00:02:56,480

uh civilization by mr bosley walter

80

00:02:59,509 --> 00:02:57,680

bosley has done a

81

00:03:00,710 --> 00:02:59,519

very good job pinning this all together

82

00:03:04,309 --> 00:03:00,720

he he has done a

83

00:03:06,149 --> 00:03:04,319

just a great job wow man you know this

84

00:03:08,149 --> 00:03:06,159

reminds me i mean we've got a very

85

00:03:09,190 --> 00:03:08,159

famous airship uh case right here in

86

00:03:11,750 --> 00:03:09,200

texas in aurora

87

00:03:13,190 --> 00:03:11,760

texas right that's right yeah yeah and

88

00:03:13,430 --> 00:03:13,200

you know i'm looking at this image and

89

00:03:18,470 --> 00:03:13,440

it

90

00:03:19,509 --> 00:03:18,480

yeah kind of a steampunk feel like how

91

00:03:22,309 --> 00:03:19,519

you've ever seen uh

92

00:03:24,550 --> 00:03:22,319

wild wild west with will smith you know

93

00:03:26,149 --> 00:03:24,560

like that that crazy inventor guy i mean

94

00:03:27,030 --> 00:03:26,159

it looks like something that he would

95

00:03:29,270 --> 00:03:27,040

have invented

96

00:03:31,110 --> 00:03:29,280

it's it's exactly it's really cool i

97

00:03:34,070 --> 00:03:31,120

love it with the bat wings
