1
00:00:12,070 --> 00:00:10,390
rodney letterman and his friend

2
00:00:14,629 --> 00:00:12,080
are walking on this trail and they're

3
00:00:17,830 --> 00:00:14,639
about a mile or two into their walk

4
00:00:19,109 --> 00:00:17,840
and i got this information from a police

5
00:00:21,189 --> 00:00:19,119
officer

6
00:00:22,870 --> 00:00:21,199
a deputy sheriff under under condition

7
00:00:24,550 --> 00:00:22,880
of anonymity

8
00:00:26,790 --> 00:00:24,560
so i think it's the real deal and he

9
00:00:30,070 --> 00:00:26,800
told me that

10
00:00:31,669 --> 00:00:30,080
rodney was having a asthma attack and he

11
00:00:33,590 --> 00:00:31,679
left his inhaler in a truck

12
00:00:35,030 --> 00:00:33,600
right he's 32 years old he's got asthma

13
00:00:36,630 --> 00:00:35,040

and it's acting up

14

00:00:38,549 --> 00:00:36,640

and he asks his friend he says hey man i

15

00:00:39,990 --> 00:00:38,559

screwed up i left my inhaler back in the

16

00:00:40,950 --> 00:00:40,000

truck could you run back and get it for

17

00:00:43,190 --> 00:00:40,960

me

18

00:00:44,470 --> 00:00:43,200

and friend says sure no sweat so his

19

00:00:46,869 --> 00:00:44,480

buddy runs back to the truck

20

00:00:49,270 --> 00:00:46,879

grabs the inhaler and is back within

21

00:00:52,310 --> 00:00:49,280

about 35 minutes or so

22

00:00:54,470 --> 00:00:52,320

gets back there's no rodney letterman

23

00:00:55,750 --> 00:00:54,480

all there is is his cell phone laying on

24

00:00:57,350 --> 00:00:55,760

the ground no

25

00:00:59,189 --> 00:00:57,360

dude i don't know about you man but my

26

00:00:59,750 --> 00:00:59,199

cell phone's either in my hand or in my

27

00:01:02,869 --> 00:00:59,760

pocket

28

00:01:03,910 --> 00:01:02,879

yep you know and uh and this is a grown

29

00:01:08,149 --> 00:01:03,920

man

30

00:01:11,270 --> 00:01:08,159

his buddy um

31

00:01:13,590 --> 00:01:11,280

and his friend uh the same age roughly

32

00:01:14,870 --> 00:01:13,600

calls the ranger station and says my

33

00:01:16,630 --> 00:01:14,880

buddy is just gone

34

00:01:19,030 --> 00:01:16,640

he says he was he was wheezing he's in

35

00:01:20,550 --> 00:01:19,040

no condition to be out walking around

36

00:01:22,070 --> 00:01:20,560

in this terrain because the terrain's

37

00:01:24,149 --> 00:01:22,080

rocky and and uh

38

00:01:25,670 --> 00:01:24,159

a lot of overgrowth and it's you know

39

00:01:28,149 --> 00:01:25,680

it's

40

00:01:29,670 --> 00:01:28,159

he was ill-equipped to be out there so

41

00:01:32,710 --> 00:01:29,680

they responded right away

42

00:01:33,749 --> 00:01:32,720

i mean a guy a guy on a quad drove up

43

00:01:35,190 --> 00:01:33,759

right away

44

00:01:37,030 --> 00:01:35,200

and got the story and got on a

45

00:01:38,789 --> 00:01:37,040

walkie-talkie and

46

00:01:40,310 --> 00:01:38,799

got there's a neighboring park on the

47

00:01:42,230 --> 00:01:40,320

other side of the road there's a road

48

00:01:44,550 --> 00:01:42,240

that divides the two parks

49

00:01:46,310 --> 00:01:44,560

on the west side is uh devil's dense

50

00:01:47,510 --> 00:01:46,320

state park which is in arkansas state

51

00:01:50,550 --> 00:01:47,520

park and on the right

52

00:01:51,990 --> 00:01:50,560

is the ozark national forest well they

53

00:01:54,149 --> 00:01:52,000

got they called the ozark national

54

00:01:55,830 --> 00:01:54,159

forest and got the federal guys federal

55

00:01:58,950 --> 00:01:55,840

park rangers involved

56

00:01:59,590 --> 00:01:58,960

and within like 24 hours they had 2500

57

00:02:02,230 --> 00:01:59,600

people

58

00:02:04,069 --> 00:02:02,240

searching for rodney letterman they had

59

00:02:06,389 --> 00:02:04,079

aircraft they had helicopters

60

00:02:08,469 --> 00:02:06,399

with forward-looking infrared radar

61

00:02:10,309 --> 00:02:08,479

looking for a heat signature

62

00:02:13,750 --> 00:02:10,319

from the from the arkansas air national

63

00:02:17,190 --> 00:02:13,760

guard uh flying all over the place

64

00:02:21,030 --> 00:02:17,200

and the official search lasted a week

65

00:02:23,670 --> 00:02:21,040

and found nothing oh and we are bro

66

00:02:24,949 --> 00:02:23,680

the family paid for trackers and people

67

00:02:26,869 --> 00:02:24,959

to come in

68

00:02:28,630 --> 00:02:26,879

uh and that that search went through

69

00:02:31,750 --> 00:02:28,640

october

70

00:02:32,550 --> 00:02:31,760

and um i published the book in march of

71

00:02:33,990 --> 00:02:32,560

2018

72

00:02:35,509 --> 00:02:34,000

and i said as of the writing of this

73

00:02:36,309 --> 00:02:35,519

book nothing's been found of rodney

74

00:02:39,430 --> 00:02:36,319

letterman

75

00:02:41,830 --> 00:02:39,440

if something changes i'll let you know

76
00:02:43,110 --> 00:02:41,840
something changed there's an update okay

77
00:02:47,750 --> 00:02:43,120
definitely an update

78
00:02:50,070 --> 00:02:47,760
let's go dude march 2019

79
00:02:52,070 --> 00:02:50,080
there's a young couple walking up the

80
00:02:55,350 --> 00:02:52,080
butterfield trail

81
00:02:58,070 --> 00:02:55,360
and the woman says

82
00:03:00,630 --> 00:02:58,080
looks to her left and says to her friend

83
00:03:01,830 --> 00:03:00,640
is that an albino turtle

84
00:03:03,589 --> 00:03:01,840
and her friend's like what what are you

85
00:03:04,390 --> 00:03:03,599
talking about and he looks over and they

86
00:03:07,030 --> 00:03:04,400
walk over

87
00:03:07,910 --> 00:03:07,040
and here's this log you know maybe eight

88
00:03:09,990 --> 00:03:07,920

foot long

89

00:03:11,589 --> 00:03:10,000

and it's laying parallel with the trail

90

00:03:12,710 --> 00:03:11,599

it's like part of the trail you know

91

00:03:14,070 --> 00:03:12,720

it's the part that keeps you from

92

00:03:16,550 --> 00:03:14,080

wandering off right

93

00:03:18,309 --> 00:03:16,560

so they got these logs like things and

94

00:03:20,149 --> 00:03:18,319

split rail fences and the like

95

00:03:22,149 --> 00:03:20,159

but here's this eight-foot log and right

96

00:03:25,830 --> 00:03:22,159

dead center of this log

97

00:03:27,670 --> 00:03:25,840

is this football shaped white object

98

00:03:29,589 --> 00:03:27,680

okay and a guy walks over and picks it

99

00:03:33,430 --> 00:03:29,599

up and looks at it and realizes

100

00:03:35,270 --> 00:03:33,440

it's a human bone and it's the skull cap

101

00:03:37,270 --> 00:03:35,280

of rodney letterman verified by the

102

00:03:38,710 --> 00:03:37,280

bartlesville oklahoma medical examiner

103

00:03:42,229 --> 00:03:38,720

what

104

00:03:43,670 --> 00:03:42,239

i read the story the

105

00:03:46,070 --> 00:03:43,680

first thing crossed my mind i think back

106

00:03:49,110 --> 00:03:46,080

to you know when i was a prosecutor and
