

Ben

Joe the UFO Garage dude

Eric Mitchell

1
00:00:06,869 --> 00:00:05,349

[Music]

2
00:00:08,870 --> 00:00:06,879

he's talking about what you were telling

3
00:00:11,270 --> 00:00:08,880

me the piezoelectric effect with the

4
00:00:12,150 --> 00:00:11,280

crystals this crystalline structure that

5
00:00:14,230 --> 00:00:12,160

makes

6
00:00:16,310 --> 00:00:14,240

up and dude i'm probably butchering this

7
00:00:19,029 --> 00:00:16,320

but the crystalline structure that makes

8
00:00:21,750 --> 00:00:19,039

up the pineal gland you can cause it to

9
00:00:23,830 --> 00:00:21,760

vibrate with your if you focus your

10
00:00:25,109 --> 00:00:23,840

energy enough and that

11
00:00:26,550 --> 00:00:25,119

do you think that's the sound that

12
00:00:27,910 --> 00:00:26,560

you're making is that because you've

13
00:00:31,509 --> 00:00:27,920

never said that

14

00:00:35,270 --> 00:00:31,519

but i'm just you butchered you butchered

15

00:00:37,030 --> 00:00:35,280

the hell out of that but yeah i mean

16

00:00:38,790 --> 00:00:37,040

yes

17

00:00:40,549 --> 00:00:38,800

i want you to be my next spokesman

18

00:00:43,670 --> 00:00:40,559

because everybody else is saying what is

19

00:00:47,029 --> 00:00:43,680

the potential basal ganglia and quantum

20

00:00:49,029 --> 00:00:47,039

this and you know not everyone gets

21

00:00:50,150 --> 00:00:49,039

but yeah i mean you know every cell in

22

00:00:52,470 --> 00:00:50,160

your body

23

00:00:55,430 --> 00:00:52,480

has a crystalline substance called

24

00:00:57,350 --> 00:00:55,440

magnetites and magnetites have a

25

00:01:00,150 --> 00:00:57,360

piezoelectric effect that cause an

26
00:01:01,029 --> 00:01:00,160
electromagnetic bubble around your cells

27
00:01:02,790 --> 00:01:01,039
so

28
00:01:04,310 --> 00:01:02,800
essentially this is the consciousness of

29
00:01:06,950 --> 00:01:04,320
your cell you ever skin your knee and

30
00:01:08,870 --> 00:01:06,960
have to go hang on guys i've got to fix

31
00:01:11,270 --> 00:01:08,880
the knee first and then i'll catch up

32
00:01:13,190 --> 00:01:11,280
with you no your cells know exactly what

33
00:01:15,109 --> 00:01:13,200
to do and they rep replicate because

34
00:01:17,429 --> 00:01:15,119
their consciousness their independent
