[Music]

2
00:00:44,310 --> 00:00:35,980
so

3
00:00:44,320 --> 00:00:48,549
[Music]

4
00:00:53,910 --> 00:00:50,709
oh boy

5
00:00:56,470 --> 00:00:53,920
what's up guys so this is like the after

6
00:00:57,350 --> 00:00:56,480
after party show right here that was a

7
00:00:58,869 --> 00:00:57,360
lot

8
00:01:01,029 --> 00:00:58,879
i just wanted to see if anybody wanted

9
00:01:03,510 --> 00:01:01,039
to hang out for a second

10
00:01:05,590 --> 00:01:03,520
i was on some uh different

11
00:01:08,149 --> 00:01:05,600
software there as mentioned not what i

12
00:01:09,990 --> 00:01:08,159
was normally doing

13
00:01:12,070 --> 00:01:10,000

sunny is in the background here looks

14

00:01:14,230 --> 00:01:12,080

like maybe i'll bring him on in and i'm

15

00:01:16,469 --> 00:01:14,240

trying to use and hey ansley what's up

16

00:01:18,469 --> 00:01:16,479

what's shaking i want to give people an

17

00:01:20,950 --> 00:01:18,479

option if they'd like they don't have to

18

00:01:22,950 --> 00:01:20,960

to maybe come on and chat for a second

19

00:01:25,030 --> 00:01:22,960

about anything obviously tonight we

20

00:01:26,789 --> 00:01:25,040

talked flat earth

21

00:01:28,789 --> 00:01:26,799

um i know not everybody was happy about

22

00:01:30,390 --> 00:01:28,799

that and that's okay guys i i i'm the

23

00:01:31,830 --> 00:01:30,400

kind of guy like i said and i told dave

24

00:01:33,030 --> 00:01:31,840

this backstage before we started i said

25

00:01:34,230 --> 00:01:33,040

someone came up to me and said guess

26

00:01:36,469 --> 00:01:34,240

what

27

00:01:37,350 --> 00:01:36,479

we're all made out from the waist down

28

00:01:39,749 --> 00:01:37,360

of

29

00:01:40,630 --> 00:01:39,759

we're all shrimp we're wall hamsters i

30

00:01:42,230 --> 00:01:40,640

don't care what it was it could be

31

00:01:43,670 --> 00:01:42,240

something so outlandish

32

00:01:46,149 --> 00:01:43,680

and i would sit down and be like give me

33

00:01:47,190 --> 00:01:46,159

your position i just want to know

34

00:01:49,510 --> 00:01:47,200

so

35

00:01:50,789 --> 00:01:49,520

for anybody that's in here

36

00:01:51,910 --> 00:01:50,799

i don't know how do you feel about that

37

00:01:53,670 --> 00:01:51,920

first of all i had a hard time keeping

38

00:01:57,429 --> 00:01:53,680

up with the chat because honestly the

39

00:01:58,389 --> 00:01:57,439

chat was on fire what'd you think sonny

40

00:02:00,789 --> 00:01:58,399

yeah

41

00:02:02,870 --> 00:02:00,799

that was good man

42

00:02:04,870 --> 00:02:02,880

yeah i i said something in chat too like

43

00:02:07,910 --> 00:02:04,880

hey i don't agree with him i love that

44

00:02:09,830 --> 00:02:07,920

guy dude he's a good guest it

45

00:02:12,390 --> 00:02:09,840

he makes good points see what i asked

46

00:02:14,550 --> 00:02:12,400

you to ask him about the windows

47

00:02:16,710 --> 00:02:14,560

he he he had an explanation for that and

48

00:02:18,070 --> 00:02:16,720

it made sense because i wasn't up high

49

00:02:21,190 --> 00:02:18,080

enough that i should have seen the

50

00:02:22,790 --> 00:02:21,200

curvature of the earth but i could see

51
00:02:24,949 --> 00:02:22,800
the curvature of the earth

52
00:02:27,270 --> 00:02:24,959
so if he's saying i was just seeing far

53
00:02:29,750 --> 00:02:27,280
and that's how it looked then

54
00:02:31,110 --> 00:02:29,760
he has the point

55
00:02:32,309 --> 00:02:31,120
like i said if anybody might be tuning

56
00:02:33,589 --> 00:02:32,319
in for the second this is just like an

57
00:02:36,070 --> 00:02:33,599
after show into the show if there's

58
00:02:37,350 --> 00:02:36,080
anybody wants to come in and and talk a

59
00:02:38,949 --> 00:02:37,360
little bit i'm not here to argue or

60
00:02:40,390 --> 00:02:38,959
fight but if you got any points or views

61
00:02:41,990 --> 00:02:40,400
that you think should be brought up this

62
00:02:44,309 --> 00:02:42,000
video would be right with that next

63
00:02:46,229 --> 00:02:44,319

video kind of same tag lines and stuff

64

00:02:47,830 --> 00:02:46,239

it'd be the same hashtag so maybe pop on

65

00:02:51,110 --> 00:02:47,840

if you'd like i don't know who this one

66

00:02:53,270 --> 00:02:51,120

is by the way this one it says my dudes

67

00:02:55,990 --> 00:02:53,280

you know what facebook user you are

68

00:02:58,790 --> 00:02:56,000

awesome my dudes i respect that i

69

00:03:00,229 --> 00:02:58,800

respect you my dude or facebook user

70

00:03:02,550 --> 00:03:00,239

and like i said um i'll also put the

71

00:03:05,110 --> 00:03:02,560

show link here in the man this can be

72

00:03:07,990 --> 00:03:05,120

risky sonny this can be risky i'm gonna

73

00:03:09,670 --> 00:03:08,000

put it in the chat guys oh jesus i just

74

00:03:11,190 --> 00:03:09,680

sent it out to every single thing i

75

00:03:12,869 --> 00:03:11,200

guess all right guys i'll change that up

76

00:03:14,229 --> 00:03:12,879

in a second i forgot this new thing

77

00:03:16,149 --> 00:03:14,239

we're like streaming to all of them now

78

00:03:19,910 --> 00:03:16,159

so like when i click one thing it sends

79

00:03:22,309 --> 00:03:19,920

it to all of them at once tammy i agree

80

00:03:24,949 --> 00:03:22,319

holy moly i was late but i i will

81

00:03:26,869 --> 00:03:24,959

re-watch it all yeah it was a lot tammy

82

00:03:28,869 --> 00:03:26,879

big shout out to uh

83

00:03:30,630 --> 00:03:28,879

chad for wrench

84

00:03:33,030 --> 00:03:30,640

dude i don't know how much i fell behind

85

00:03:33,910 --> 00:03:33,040

on it had been bad

86

00:03:36,390 --> 00:03:33,920

okay

87

00:03:38,390 --> 00:03:36,400

i didn't see one bad thing in chat so

88

00:03:40,229 --> 00:03:38,400

chad must have been all over it if there

89
00:03:42,229 --> 00:03:40,239
was some bad i've seen him deleting some

90
00:03:47,670 --> 00:03:42,239
stuff

91
00:03:51,509 --> 00:03:49,670
the facebook user once again says whoa

92
00:03:53,589 --> 00:03:51,519
it doesn't say my name i can use this to

93
00:03:55,830 --> 00:03:53,599
my advantage yes you can

94
00:03:57,190 --> 00:03:55,840
yes you very much so ken

95
00:03:58,550 --> 00:03:57,200
but yeah guys i only got about i'm gonna

96
00:04:00,309 --> 00:03:58,560
give her like 20 minutes i gotta get to

97
00:04:01,589 --> 00:04:00,319
bed i got work which is a good thing

98
00:04:03,910 --> 00:04:01,599
can't complain about that i'm happy to

99
00:04:06,550 --> 00:04:03,920
have work very excited about it but i

100
00:04:08,710 --> 00:04:06,560
figured if anybody up so it's sunny your

101
00:04:09,830 --> 00:04:08,720
position obviously you 100 last we

102
00:04:11,750 --> 00:04:09,840
chatted

103
00:04:13,830 --> 00:04:11,760
it's it's it's a sphere man it's it's a

104
00:04:15,350 --> 00:04:13,840
round globe ball what did did you bring

105
00:04:16,870 --> 00:04:15,360
up any questions that made you curious

106
00:04:19,830 --> 00:04:16,880
tonight are you still pretty much like

107
00:04:21,749 --> 00:04:19,840
yeah i respect them but i don't agree

108
00:04:24,790 --> 00:04:21,759
you remember when i told you i was

109
00:04:29,909 --> 00:04:26,710
and i

110
00:04:32,150 --> 00:04:29,919
i don't want to say he was on that show

111
00:04:35,189 --> 00:04:32,160
but man did he look familiar he might

112
00:04:37,510 --> 00:04:35,199
have been on this program that i watched

113
00:04:38,550 --> 00:04:37,520

okay they took a board

114

00:04:40,870 --> 00:04:38,560

uh

115

00:04:43,350 --> 00:04:40,880

and they painted on the board it was

116

00:04:45,990 --> 00:04:43,360

let's say like a sheet rock size wall so

117

00:04:48,390 --> 00:04:46,000

eight by four board yeah and they long

118

00:04:51,030 --> 00:04:48,400

ways they painted yellow

119

00:04:52,469 --> 00:04:51,040

white or it was white i'm sorry white

120

00:04:59,510 --> 00:04:52,479

red

121

00:05:01,110 --> 00:04:59,520

they put it in a boat and they started

122

00:05:03,510 --> 00:05:01,120

rowing and

123

00:05:04,790 --> 00:05:03,520

i i think it was a big lake too it

124

00:05:06,550 --> 00:05:04,800

wasn't even an ocean so it was a big

125

00:05:07,990 --> 00:05:06,560

huge lake

126
00:05:11,029 --> 00:05:08,000
it started rowing

127
00:05:12,550 --> 00:05:11,039
and as they rode you could see all the

128
00:05:13,909 --> 00:05:12,560
lines well then the bottom one

129
00:05:15,510 --> 00:05:13,919
disappeared

130
00:05:17,749 --> 00:05:15,520
you know and then it got to that yellow

131
00:05:19,990 --> 00:05:17,759
center one and then it kept going you

132
00:05:22,830 --> 00:05:20,000
know until all the lines were were gone

133
00:05:25,749 --> 00:05:22,840
and you could just see the one top

134
00:05:27,990 --> 00:05:25,759
line but that video he had planned

135
00:05:29,830 --> 00:05:28,000
behind him of the sailboat

136
00:05:31,749 --> 00:05:29,840
you could not see that sailboat and when

137
00:05:33,510 --> 00:05:31,759
he zoomed in

138
00:05:35,590 --> 00:05:33,520

the sailboat looked like it was coming

139

00:05:37,430 --> 00:05:35,600

up over the horizon and then when he

140

00:05:39,670 --> 00:05:37,440

zoomed out it went back down with the

141

00:05:41,670 --> 00:05:39,680

horizon he stuck his arm right in front

142

00:05:43,189 --> 00:05:41,680

of the video and that was just going

143

00:05:45,430 --> 00:05:43,199

back down so i didn't get to see it but

144

00:05:47,510 --> 00:05:45,440

i did get to see it zoom in and that

145

00:05:49,670 --> 00:05:47,520

sailboat didn't just look like it was

146

00:05:51,350 --> 00:05:49,680

appearing it looked like it was

147

00:05:52,950 --> 00:05:51,360

coming up

148

00:05:54,469 --> 00:05:52,960

because we talked about that before

149

00:05:55,830 --> 00:05:54,479

where i told you they have some cameras

150

00:05:58,150 --> 00:05:55,840

now where you can zoom in and they say

151
00:06:00,390 --> 00:05:58,160
you can see over the horizon that's

152
00:06:01,350 --> 00:06:00,400
almost what that looked like

153
00:06:03,590 --> 00:06:01,360
yeah

154
00:06:05,830 --> 00:06:03,600
and like i said for me there's

155
00:06:07,029 --> 00:06:05,840
it raises some questions based on i know

156
00:06:08,390 --> 00:06:07,039
a lot of people like

157
00:06:10,550 --> 00:06:08,400
tony if you're watching right now i

158
00:06:12,309 --> 00:06:10,560
totally missed your text i apologize i

159
00:06:14,150 --> 00:06:12,319
had like four screens it was weird how i

160
00:06:15,029 --> 00:06:14,160
had to do it and i had like four windows

161
00:06:16,870 --> 00:06:15,039
open

162
00:06:18,629 --> 00:06:16,880
to be able to stream separate one for

163
00:06:21,029 --> 00:06:18,639

him and i and then the one that i was

164

00:06:22,230 --> 00:06:21,039

keeping up with the chat and i totally

165

00:06:24,629 --> 00:06:22,240

missed your text about asking what he

166

00:06:25,749 --> 00:06:24,639

thinks the sun is or how it works um so

167

00:06:27,189 --> 00:06:25,759

great question a lot of people bring up

168

00:06:29,670 --> 00:06:27,199

those questions i try to keep it simple

169

00:06:31,749 --> 00:06:29,680

to one thing why can we see so far i

170

00:06:32,710 --> 00:06:31,759

just want that answered i just want to

171

00:06:35,029 --> 00:06:32,720

know

172

00:06:36,790 --> 00:06:35,039

why we can see so far i want the

173

00:06:38,150 --> 00:06:36,800

refraction

174

00:06:39,430 --> 00:06:38,160

of the atmosphere explained to me a

175

00:06:42,950 --> 00:06:39,440

little better and i'm not saying that

176

00:06:44,790 --> 00:06:42,960

i'm sold 100 of flat earth

177

00:06:47,029 --> 00:06:44,800

but i i think there's question what i

178

00:06:48,390 --> 00:06:47,039

have an issue with is if there's truth

179

00:06:50,070 --> 00:06:48,400

oh what's happening we're let's bring in

180

00:06:51,510 --> 00:06:50,080

uh we got chris holm here we'll bring

181

00:06:54,230 --> 00:06:51,520

him hand brother

182

00:06:55,830 --> 00:06:54,240

yeah welcome to the after show what's

183

00:06:57,270 --> 00:06:55,840

happening hey what's up guys

184

00:06:59,029 --> 00:06:57,280

how's it going chris

185

00:07:00,230 --> 00:06:59,039

yeah um

186

00:07:02,629 --> 00:07:00,240

i thought it was an all-right show i

187

00:07:04,629 --> 00:07:02,639

mean i only cast the i don't hop the ass

188

00:07:06,950 --> 00:07:04,639

end but hopefully i could catch like the

189

00:07:09,189 --> 00:07:06,960

rest of it later i mean i

190

00:07:11,110 --> 00:07:09,199

i mean i've seen episodes of where you

191

00:07:13,189 --> 00:07:11,120

know dave goes on like the kill stream

192

00:07:14,550 --> 00:07:13,199

he gets destroyed and then he'll go on

193

00:07:16,870 --> 00:07:14,560

the dick show and he gets completely

194

00:07:19,270 --> 00:07:16,880

destroyed there i mean there are like

195

00:07:22,710 --> 00:07:19,280

minor things here and there but my deal

196

00:07:24,469 --> 00:07:22,720

is more of the the argument of you know

197

00:07:25,350 --> 00:07:24,479

can we debate it

198

00:07:26,790 --> 00:07:25,360

right

199

00:07:29,990 --> 00:07:26,800

and and that that's more where i'm

200

00:07:32,390 --> 00:07:30,000

coming from and i know that you and me

201
00:07:35,189 --> 00:07:32,400
uh will we talked about that when i came

202
00:07:36,710 --> 00:07:35,199
on your show the first time yeah

203
00:07:38,150 --> 00:07:36,720
and that that is all i want to see

204
00:07:40,230 --> 00:07:38,160
because i recognize my own ignorance

205
00:07:41,909 --> 00:07:40,240
guys i'm not i'm not a i'm not an astro

206
00:07:44,309 --> 00:07:41,919
a physicist i'm not i'm not someone

207
00:07:45,430 --> 00:07:44,319
who's just rock solid in science and

208
00:07:47,029 --> 00:07:45,440
understanding

209
00:07:48,790 --> 00:07:47,039
the relationship of the atmosphere and

210
00:07:49,990 --> 00:07:48,800
the layers and how it all breaks down

211
00:07:51,909 --> 00:07:50,000
these are things that i think are

212
00:07:53,909 --> 00:07:51,919
important these are things that i think

213
00:07:55,990 --> 00:07:53,919

people that are

214

00:07:58,390 --> 00:07:56,000

i guess the educators in these these

215

00:08:00,150 --> 00:07:58,400

areas should be willing to come forward

216

00:08:01,430 --> 00:08:00,160

and debate someone or have the

217

00:08:04,550 --> 00:08:01,440

conversation with someone like david

218

00:08:06,309 --> 00:08:04,560

weiss and and help all of us understand

219

00:08:08,629 --> 00:08:06,319

it a little better that's just my

220

00:08:09,990 --> 00:08:08,639

opinion and a lot of people say

221

00:08:11,189 --> 00:08:10,000

well you just shouldn't understand that

222

00:08:12,309 --> 00:08:11,199

the world is wrong that's the way it is

223

00:08:13,430 --> 00:08:12,319

and they'll give a couple reasons but

224

00:08:14,150 --> 00:08:13,440

then he brings up some points and you're

225

00:08:15,350 --> 00:08:14,160

like

226

00:08:16,550 --> 00:08:15,360

you know everybody throws up points that

227

00:08:17,749 --> 00:08:16,560

someone doesn't have the answer to and

228

00:08:18,869 --> 00:08:17,759

it's like why can't we just sit down and

229

00:08:20,309 --> 00:08:18,879

talk about it

230

00:08:21,589 --> 00:08:20,319

that was really my goal for tonight that

231

00:08:23,110 --> 00:08:21,599

was yeah there's a lot of conversations

232

00:08:24,869 --> 00:08:23,120

yeah there's a lot of what i call moving

233

00:08:26,390 --> 00:08:24,879

the goal post when you start getting

234

00:08:28,469 --> 00:08:26,400

close enough then you suddenly like move

235

00:08:31,110 --> 00:08:28,479

the goal post you shift it back

236

00:08:32,469 --> 00:08:31,120

and and i kind of get like i mean it's

237

00:08:34,310 --> 00:08:32,479

it's in every single debate you're going

238

00:08:36,230 --> 00:08:34,320

to see that happen where when you have

239

00:08:38,230 --> 00:08:36,240

skeptic versus believer it's going to be

240

00:08:39,430 --> 00:08:38,240

where the the when the believer like

241

00:08:41,509 --> 00:08:39,440

when they start to lose ground then

242

00:08:43,350 --> 00:08:41,519

they'll suddenly pull back like the the

243

00:08:45,509 --> 00:08:43,360

acid ion exp um

244

00:08:47,509 --> 00:08:45,519

argument of well if you don't believe

245

00:08:49,670 --> 00:08:47,519

aliens are visiting us then you don't

246

00:08:52,230 --> 00:08:49,680

believe alien life exists in the

247

00:08:53,990 --> 00:08:52,240

universe ever which is a strong straw

248

00:08:55,430 --> 00:08:54,000

man argument that sort of presented to

249

00:08:57,350 --> 00:08:55,440

the opposing view

250

00:08:58,870 --> 00:08:57,360

you know from one camp you know just as

251
00:09:00,630 --> 00:08:58,880
a way to sort of you know deflate their

252
00:09:02,230 --> 00:09:00,640
argument when that's not even the

253
00:09:04,470 --> 00:09:02,240
argument being made it's sort of making

254
00:09:05,269 --> 00:09:04,480
an argument that's besides the point

255
00:09:07,509 --> 00:09:05,279
and

256
00:09:09,829 --> 00:09:07,519
i'm i'm sure i see that happen a lot in

257
00:09:11,670 --> 00:09:09,839
flat earth of you know intentionally

258
00:09:14,870 --> 00:09:11,680
moving the goalpost throwing accusations

259
00:09:16,949 --> 00:09:14,880
of well if you can't give me ground on

260
00:09:18,710 --> 00:09:16,959
this then therefore i'm gonna pull that

261
00:09:20,310 --> 00:09:18,720
the rug out from under you completely

262
00:09:22,710 --> 00:09:20,320
type of argument and that that's just

263
00:09:25,190 --> 00:09:22,720

something that's just a sort of debating

264

00:09:27,509 --> 00:09:25,200

uh form that i

265

00:09:29,430 --> 00:09:27,519

it really irks me when i see it in these

266

00:09:30,470 --> 00:09:29,440

types of shows

267

00:09:33,350 --> 00:09:30,480

agreed

268

00:09:34,550 --> 00:09:33,360

uh now now if it's okay to ask uh chris

269

00:09:35,670 --> 00:09:34,560

i know that i put out that little poll

270

00:09:37,110 --> 00:09:35,680

before and i asked people you know where

271

00:09:38,230 --> 00:09:37,120

you have with it and you answered that

272

00:09:39,590 --> 00:09:38,240

you were flat earther now are you doing

273

00:09:40,790 --> 00:09:39,600

it just just to poke the bear a little

274

00:09:42,630 --> 00:09:40,800

bit is that something that you kind of

275

00:09:45,030 --> 00:09:42,640

subscribe to yourself

276

00:09:46,630 --> 00:09:45,040

well i mean i i respect the flat earth

277

00:09:48,070 --> 00:09:46,640

debate

278

00:09:49,829 --> 00:09:48,080

you know as the ma

279

00:09:51,990 --> 00:09:49,839

as the merit of you know i love

280

00:09:55,030 --> 00:09:52,000

conversation debate and argument

281

00:09:56,790 --> 00:09:55,040

but you know i mean i i'm i'm closer to

282

00:09:58,710 --> 00:09:56,800

the more the globe model i i guess i'm

283

00:09:59,590 --> 00:09:58,720

more of a globetrotter for me it works

284

00:10:02,550 --> 00:09:59,600

out

285

00:10:05,110 --> 00:10:02,560

because i i just it's just a it's just

286

00:10:06,470 --> 00:10:05,120

as a creative person it's a more open

287

00:10:09,110 --> 00:10:06,480

model

288

00:10:11,590 --> 00:10:09,120

for science fiction and stuff like that

289

00:10:14,069 --> 00:10:11,600

but i do recognize that there is

290

00:10:15,590 --> 00:10:14,079

i feel that there is some merit in the

291

00:10:17,829 --> 00:10:15,600

argument that some of the flat earth

292

00:10:19,430 --> 00:10:17,839

people do present which is why when i'm

293

00:10:20,470 --> 00:10:19,440

always whenever i always talk to you

294

00:10:22,710 --> 00:10:20,480

about how

295

00:10:24,310 --> 00:10:22,720

well outright proving it is like

296

00:10:26,870 --> 00:10:24,320

absolutely

297

00:10:29,110 --> 00:10:26,880

impossible to the average person

298

00:10:31,590 --> 00:10:29,120

you know working a nine-to-five job

299

00:10:33,750 --> 00:10:31,600

because we would have to get to a height

300

00:10:36,389 --> 00:10:33,760

that you know that no conventional craft

301
00:10:38,630 --> 00:10:36,399
can get you can't buy a ticket to go and

302
00:10:41,110 --> 00:10:38,640
see the earth even though they showed us

303
00:10:42,870 --> 00:10:41,120
like uh william shatner doing that type

304
00:10:45,990 --> 00:10:42,880
of stuff

305
00:10:47,509 --> 00:10:46,000
i mean william he didn't have a camera

306
00:10:49,910 --> 00:10:47,519
that was going from the beginning of the

307
00:10:51,910 --> 00:10:49,920
launch of the the end of the launch

308
00:10:53,910 --> 00:10:51,920
you know running 24 7. you know it was

309
00:10:55,990 --> 00:10:53,920
just the highlight wheels reels and so

310
00:10:58,829 --> 00:10:56,000
long as we get highlight reels there

311
00:11:02,630 --> 00:10:58,839
will always be questions

312
00:11:04,470 --> 00:11:02,640
yes now first for you sunny did it bring

313
00:11:06,310 --> 00:11:04,480

up because like i said before you told

314

00:11:07,750 --> 00:11:06,320

me you're like listen speaking of space

315

00:11:10,150 --> 00:11:07,760

guys let's let's throw up a space

316

00:11:11,829 --> 00:11:10,160

background here here we go speak but you

317

00:11:13,829 --> 00:11:11,839

said that you you were never into that

318

00:11:15,590 --> 00:11:13,839

right like that wasn't that wasn't one

319

00:11:16,550 --> 00:11:15,600

for you did this did he bring up

320

00:11:17,590 --> 00:11:16,560

anything that you think you're gonna

321

00:11:19,750 --> 00:11:17,600

take time to look at a little more

322

00:11:20,790 --> 00:11:19,760

tonight 509 by the way i did put a link

323

00:11:21,829 --> 00:11:20,800

if you'd like to hop in for a couple

324

00:11:23,430 --> 00:11:21,839

minutes i have about 10 minutes for i'm

325

00:11:24,389 --> 00:11:23,440

going to get out of here but did he

326

00:11:26,870 --> 00:11:24,399

bring up anything that you think you

327

00:11:28,470 --> 00:11:26,880

want to look into a little more

328

00:11:30,150 --> 00:11:28,480

yeah like i told you that camera that

329

00:11:31,269 --> 00:11:30,160

camera shot man

330

00:11:32,949 --> 00:11:31,279

it's like that but it came out of

331

00:11:35,910 --> 00:11:32,959

nowhere i got to look up some more stuff

332

00:11:36,630 --> 00:11:35,920

like that i i got to see how far we can

333

00:11:38,389 --> 00:11:36,640

see

334

00:11:40,470 --> 00:11:38,399

because

335

00:11:42,870 --> 00:11:40,480

yeah that was pretty that was decent man

336

00:11:44,310 --> 00:11:42,880

that was nice

337

00:11:46,230 --> 00:11:44,320

that that was something i didn't think

338

00:11:47,990 --> 00:11:46,240

you'd see that boat there's i would have

339

00:11:49,910 --> 00:11:48,000

told you there's no way you're gonna see

340

00:11:52,310 --> 00:11:49,920

that boat without climbing up on a

341

00:11:54,629 --> 00:11:52,320

mountain and doing that shot

342

00:11:57,590 --> 00:11:54,639

but they did that from the shore

343

00:11:59,110 --> 00:11:57,600

that's what was impressive

344

00:12:01,030 --> 00:11:59,120

well this is what chad's bringing up

345

00:12:03,430 --> 00:12:01,040

he's saying even if it wasn't

346

00:12:05,190 --> 00:12:03,440

even if it was uninterrupted footage

347

00:12:07,990 --> 00:12:05,200

there's always an answer to dismiss it

348

00:12:08,790 --> 00:12:08,000

they'll say it is fisheye lens

349

00:12:10,870 --> 00:12:08,800

and

350

00:12:12,230 --> 00:12:10,880

but i mean that's where like ben messing

351

00:12:14,870 --> 00:12:12,240

around with different lenses and stuff

352

00:12:17,030 --> 00:12:14,880

that stuff does matter it is

353

00:12:18,710 --> 00:12:17,040

warping the perception it's warping the

354

00:12:20,870 --> 00:12:18,720

reality in some sense it's giving you

355

00:12:24,230 --> 00:12:20,880

literally a lens to look through so i

356

00:12:25,350 --> 00:12:24,240

think the lens is very important um and

357

00:12:27,509 --> 00:12:25,360

that's kind of what you and i hit on

358

00:12:30,470 --> 00:12:27,519

that time sunny about the convex lens

359

00:12:31,990 --> 00:12:30,480

versus you know using now uh

360

00:12:33,509 --> 00:12:32,000

maybe i'm did i read that wrong is a

361

00:12:35,509 --> 00:12:33,519

fish eyes len is that supposed to be

362

00:12:37,269 --> 00:12:35,519

standard where there's no curve or bend

363

00:12:39,030 --> 00:12:37,279

to it is that is that correct

364

00:12:41,030 --> 00:12:39,040

well i thought it had a band a fisheye

365

00:12:42,629 --> 00:12:41,040

lens dude you guys know that cameras can

366

00:12:44,150 --> 00:12:42,639

have more than one lens and you can have

367

00:12:45,990 --> 00:12:44,160

more than one camera

368

00:12:47,990 --> 00:12:46,000

i mean that that whole well those such

369

00:12:49,990 --> 00:12:48,000

and such as a lens yeah that that that's

370

00:12:52,470 --> 00:12:50,000

a cut that's a that's a cut if you're

371

00:12:54,150 --> 00:12:52,480

switching to a different lens i mean

372

00:12:56,629 --> 00:12:54,160

you can have different we have the

373

00:12:58,230 --> 00:12:56,639

technology to have a

374

00:12:59,910 --> 00:12:58,240

different type of that we can have an

375

00:13:01,190 --> 00:12:59,920

adequate setup

376

00:13:02,710 --> 00:13:01,200

you know i mean i'm not trying to be

377

00:13:04,629 --> 00:13:02,720

completely dismissive

378

00:13:07,350 --> 00:13:04,639

but it's just the sort of thing is that

379

00:13:09,350 --> 00:13:07,360

is it that sort of that you know well

380

00:13:11,269 --> 00:13:09,360

you're putting a a limitation on

381

00:13:13,430 --> 00:13:11,279

something that clearly we have a

382

00:13:14,389 --> 00:13:13,440

workaround on

383

00:13:16,150 --> 00:13:14,399

yeah

384

00:13:17,590 --> 00:13:16,160

no it it but that's i guess that's part

385

00:13:18,629 --> 00:13:17,600

of the um sorry i'm just messing with

386

00:13:20,389 --> 00:13:18,639

some of these ones i had the background

387

00:13:21,829 --> 00:13:20,399

i have never checked them all out so

388

00:13:23,829 --> 00:13:21,839

the um

389

00:13:25,829 --> 00:13:23,839

with with the lens stuff though i guess

390

00:13:26,790 --> 00:13:25,839

that you kind of almost have to do

391

00:13:28,710 --> 00:13:26,800

you're going back to what you talked

392

00:13:30,470 --> 00:13:28,720

about like there's a limitation on what

393

00:13:32,470 --> 00:13:30,480

you the individual can do i mean he went

394

00:13:34,629 --> 00:13:32,480

about a 900 camera i don't think that

395

00:13:36,870 --> 00:13:34,639

everybody's out there willing to just go

396

00:13:38,790 --> 00:13:36,880

buy a 900 camera just to see if indeed

397

00:13:40,949 --> 00:13:38,800

can you see too far

398

00:13:42,949 --> 00:13:40,959

and if you can if there is an actual

399

00:13:45,590 --> 00:13:42,959

answer because i know it might seem

400

00:13:48,310 --> 00:13:45,600

silly but i can see how refraction or

401
00:13:49,509 --> 00:13:48,320
lighting of the moisture could project

402
00:13:50,790 --> 00:13:49,519
an image

403
00:13:52,069 --> 00:13:50,800
all right now i don't understand

404
00:13:53,350 --> 00:13:52,079
everything to it

405
00:13:54,949 --> 00:13:53,360
but if they were to explain it to me

406
00:13:56,870 --> 00:13:54,959
like i was five

407
00:13:58,629 --> 00:13:56,880
maybe i would grasp it how we could you

408
00:14:00,470 --> 00:13:58,639
know mirage almost works in a sense like

409
00:14:02,629 --> 00:14:00,480
that where you're seeing something that

410
00:14:04,150 --> 00:14:02,639
isn't there so

411
00:14:05,910 --> 00:14:04,160
in that sense is that what we're seeing

412
00:14:09,189 --> 00:14:05,920
is that why we're seeing so far out

413
00:14:12,550 --> 00:14:10,710

well

414

00:14:15,030 --> 00:14:12,560

a mirage is a reflection

415

00:14:16,389 --> 00:14:15,040

all right so what is it a reflecting

416

00:14:17,829 --> 00:14:16,399

then that would establish that there was

417

00:14:20,310 --> 00:14:17,839

oh but there would be something out

418

00:14:22,389 --> 00:14:20,320

there for it to reflect off of

419

00:14:24,550 --> 00:14:22,399

now when we see the mirages in the

420

00:14:25,990 --> 00:14:24,560

desert there's like basically it's

421

00:14:29,110 --> 00:14:26,000

reflecting the the

422

00:14:30,629 --> 00:14:29,120

um the the the sky above so that's why

423

00:14:33,030 --> 00:14:30,639

it looks like water

424

00:14:35,509 --> 00:14:33,040

because of the ripple of the the air

425

00:14:38,069 --> 00:14:35,519

uh being manipulated by the heat and all

426
00:14:39,590 --> 00:14:38,079
that [\h__\h] but the thing is is that with

427
00:14:41,189 --> 00:14:39,600
with that force that that reflection

428
00:14:42,389 --> 00:14:41,199
reflection whatever the hell it is that

429
00:14:43,189 --> 00:14:42,399
you call it

430
00:14:46,870 --> 00:14:43,199
it's

431
00:14:48,870 --> 00:14:46,880
we're even seeing anything out there

432
00:14:50,870 --> 00:14:48,880
that i think is sort of you know we

433
00:14:52,629 --> 00:14:50,880
should we should focus on on you know

434
00:14:54,870 --> 00:14:52,639
why are we even seeing anything out

435
00:14:56,310 --> 00:14:54,880
there when we shouldn't technically be

436
00:14:59,269 --> 00:14:56,320
seeing anything

437
00:15:00,710 --> 00:14:59,279
since you know uh atmospheric

438
00:15:02,310 --> 00:15:00,720

density or whatever the hell it is

439

00:15:04,470 --> 00:15:02,320

whatever that should be obstructing our

440

00:15:08,150 --> 00:15:04,480

view why isn't our view as obstructed as

441

00:15:09,990 --> 00:15:08,160

it should be as we're told

442

00:15:12,389 --> 00:15:10,000

that's my big thing is like i said for

443

00:15:13,670 --> 00:15:12,399

that and then the gravity thing which i

444

00:15:16,230 --> 00:15:13,680

mean

445

00:15:17,910 --> 00:15:16,240

i think there's something to

446

00:15:20,069 --> 00:15:17,920

even history which you can look at on

447

00:15:21,910 --> 00:15:20,079

wikipedia google which we could say is a

448

00:15:24,470 --> 00:15:21,920

bit you know censored

449

00:15:26,790 --> 00:15:24,480

um that shows people that were making

450

00:15:29,590 --> 00:15:26,800

basically essentially anti-gravity

451
00:15:31,590 --> 00:15:29,600
crafts using electromagnetic

452
00:15:32,550 --> 00:15:31,600
field and either a positive or negative

453
00:15:34,389 --> 00:15:32,560
charge

454
00:15:35,910 --> 00:15:34,399
to make things work

455
00:15:37,269 --> 00:15:35,920
so i do have questions about that we

456
00:15:38,550 --> 00:15:37,279
didn't even get into other stuff like

457
00:15:40,310 --> 00:15:38,560
the fact that he thinks there's no

458
00:15:41,749 --> 00:15:40,320
satellites there's there's never been

459
00:15:43,350 --> 00:15:41,759
any how about did sonny were you in

460
00:15:45,110 --> 00:15:43,360
there and he said there's there's uh

461
00:15:48,310 --> 00:15:45,120
nuclear bombs aren't real that's never

462
00:15:51,430 --> 00:15:49,670
yeah

463
00:15:52,710 --> 00:15:51,440

is that a lie i think i'm pretty sure

464

00:15:54,230 --> 00:15:52,720

those are real

465

00:15:55,829 --> 00:15:54,240

well one of the things one of the things

466

00:15:57,189 --> 00:15:55,839

that i do feel is a good argument and

467

00:15:59,590 --> 00:15:57,199

i'll bring this up

468

00:16:01,590 --> 00:15:59,600

is the we have the iss the international

469

00:16:03,910 --> 00:16:01,600

space station and with all the space

470

00:16:05,509 --> 00:16:03,920

junk from 1980 you know every single

471

00:16:07,990 --> 00:16:05,519

cable channel launched the satellite

472

00:16:10,870 --> 00:16:08,000

into there why isn't the why isn't this

473

00:16:11,990 --> 00:16:10,880

guy's full chock full of space junk all

474

00:16:14,629 --> 00:16:12,000

over the place

475

00:16:16,550 --> 00:16:14,639

and that stuff doesn't always fall down

476
00:16:18,230 --> 00:16:16,560
you know i mean those guys should have

477
00:16:19,829 --> 00:16:18,240
you know nuts and bolts exploding

478
00:16:20,790 --> 00:16:19,839
through their throats every single

479
00:16:22,870 --> 00:16:20,800
minute

480
00:16:25,269 --> 00:16:22,880
and and it's like if it's as congested

481
00:16:27,590 --> 00:16:25,279
as we're told that it is

482
00:16:29,509 --> 00:16:27,600
and the thing is is i know i think there

483
00:16:31,990 --> 00:16:29,519
was some footage of like a satellite

484
00:16:33,590 --> 00:16:32,000
hitting one of the iss things and i i

485
00:16:36,310 --> 00:16:33,600
don't know if it was a dramatic

486
00:16:38,949 --> 00:16:36,320
recreation or if it was any i i don't

487
00:16:40,310 --> 00:16:38,959
know what that what was this because i

488
00:16:42,310 --> 00:16:40,320

saw it you know casually flipping

489

00:16:43,910 --> 00:16:42,320

through spacebook facebook is like oh

490

00:16:45,910 --> 00:16:43,920

man that looks fake as [h__h]

491

00:16:48,470 --> 00:16:45,920

and then and then it's it's just one of

492

00:16:50,710 --> 00:16:48,480

those those you know things is that

493

00:16:53,509 --> 00:16:50,720

you know we should we could track the

494

00:16:56,550 --> 00:16:53,519

the freaking black knight satellite

495

00:16:59,030 --> 00:16:56,560

yet somehow you know we know

496

00:17:01,030 --> 00:16:59,040

it's always clear skies whatever the iss

497

00:17:02,790 --> 00:17:01,040

is up and about and stuff like that and

498

00:17:05,110 --> 00:17:02,800

and it's just one of those those things

499

00:17:07,590 --> 00:17:05,120

that you know i mean again i i'm still a

500

00:17:09,189 --> 00:17:07,600

globe [h__h] i haven't given that up

501
00:17:11,189 --> 00:17:09,199
but these are still questions that i'm

502
00:17:13,750 --> 00:17:11,199
that i'm still asking like well why

503
00:17:15,669 --> 00:17:13,760
isn't x y z and z

504
00:17:16,870 --> 00:17:15,679
and such

505
00:17:18,549 --> 00:17:16,880
yeah and that's kind of one of the

506
00:17:19,669 --> 00:17:18,559
questions that anne's asking here she

507
00:17:21,350 --> 00:17:19,679
said she missed

508
00:17:22,949 --> 00:17:21,360
she said wait i missed a bunch but if he

509
00:17:24,630 --> 00:17:22,959
thinks the earth is flat

510
00:17:26,470 --> 00:17:24,640
then does he think all the other planets

511
00:17:27,829 --> 00:17:26,480
are flat as well what about the moon and

512
00:17:29,270 --> 00:17:27,839
the sun and the stars you'd have to go

513
00:17:31,270 --> 00:17:29,280

back and watch a little bit he did hit

514

00:17:32,870 --> 00:17:31,280

on that and far's perspective i even

515

00:17:33,990 --> 00:17:32,880

showed a little video he had like four

516

00:17:35,750 --> 00:17:34,000

things lined up he's like hey is it

517

00:17:37,270 --> 00:17:35,760

round is it flat what do you think

518

00:17:38,870 --> 00:17:37,280

and i agree with that he agrees that you

519

00:17:40,789 --> 00:17:38,880

should never look at

520

00:17:41,750 --> 00:17:40,799

you know he uses lights saying you

521

00:17:43,909 --> 00:17:41,760

shouldn't look at the lights to judge

522

00:17:45,190 --> 00:17:43,919

your floor there's truth in that but you

523

00:17:46,630 --> 00:17:45,200

know that people used to look at the

524

00:17:48,470 --> 00:17:46,640

water on the ground

525

00:17:49,830 --> 00:17:48,480

different aztec cultures and stuff to

526

00:17:51,029 --> 00:17:49,840

lay out the map system so they didn't

527

00:17:52,630 --> 00:17:51,039

have to stare at the sun they would use

528

00:17:53,510 --> 00:17:52,640

it just reflect down

529

00:17:54,390 --> 00:17:53,520

um

530

00:18:12,070 --> 00:17:54,400

i

531

00:18:13,669 --> 00:18:12,080

and

532

00:18:15,110 --> 00:18:13,679

what he believes in is what he believes

533

00:18:18,789 --> 00:18:15,120

in now i i don't think he could ever be

534

00:18:22,870 --> 00:18:20,150

go ahead sonny yeah jump in any time

535

00:18:26,870 --> 00:18:24,549

you know the video that i just put and

536

00:18:29,669 --> 00:18:26,880

did i put on ufo garage i put it on

537

00:18:31,750 --> 00:18:29,679

paranormal chop shop group the video

538

00:18:34,230 --> 00:18:31,760

that i took what was yesterday morning

539

00:18:36,710 --> 00:18:34,240

thing going over the house and going

540

00:18:38,710 --> 00:18:36,720

under the wire and yeah yeah okay

541

00:18:40,830 --> 00:18:38,720

that was cool that was clearly something

542

00:18:43,990 --> 00:18:40,840

in space you know that

543

00:18:46,150 --> 00:18:44,000

so what i missed is if he explained

544

00:18:47,750 --> 00:18:46,160

anything like that is why is that thing

545

00:18:50,070 --> 00:18:47,760

floating over and what does it do just

546

00:18:51,669 --> 00:18:50,080

turn around and come back or

547

00:18:54,230 --> 00:18:51,679

how does it get back over there and come

548

00:18:56,470 --> 00:18:54,240

back the same way if

549

00:18:57,270 --> 00:18:56,480

that's what that was you know

550

00:18:58,950 --> 00:18:57,280

correct me if i'm wrong because

551
00:19:01,270 --> 00:18:58,960
sometimes when i'm doing the show and i

552
00:19:03,110 --> 00:19:01,280
look back at stuff i'm always like crap

553
00:19:04,549 --> 00:19:03,120
i miss somebody saying that or i hear

554
00:19:05,270 --> 00:19:04,559
like i didn't quite understand the guess

555
00:19:07,350 --> 00:19:05,280
and

556
00:19:08,470 --> 00:19:07,360
whatever but i i could be wrong but

557
00:19:10,549 --> 00:19:08,480
maybe i didn't formulate the question

558
00:19:12,390 --> 00:19:10,559
very well but i was trying to ask him

559
00:19:14,870 --> 00:19:12,400
because if i'm wrong i've heard him say

560
00:19:16,710 --> 00:19:14,880
that that we can only go up 73 miles i

561
00:19:17,990 --> 00:19:16,720
believe is what he thinks that the the

562
00:19:20,390 --> 00:19:18,000
rough

563
00:19:21,510 --> 00:19:20,400

roof could be the the firm of it

564

00:19:22,789 --> 00:19:21,520

um

565

00:19:24,150 --> 00:19:22,799

which i'm surprised didn't even bring

566

00:19:25,990 --> 00:19:24,160

that i don't think he used that term

567

00:19:26,710 --> 00:19:26,000

once tonight i was impressed

568

00:19:28,070 --> 00:19:26,720

but

569

00:19:29,590 --> 00:19:28,080

if that's the case i was trying to ask i

570

00:19:31,510 --> 00:19:29,600

was like well if the sun is directly

571

00:19:33,909 --> 00:19:31,520

over my head in michigan

572

00:19:35,430 --> 00:19:33,919

and you're in texas and you're in part

573

00:19:37,029 --> 00:19:35,440

of canada like if we split up those

574

00:19:39,350 --> 00:19:37,039

three distances

575

00:19:41,350 --> 00:19:39,360

how does the sun always look like it's

576

00:19:43,029 --> 00:19:41,360

how are we all getting high noon

577

00:19:44,470 --> 00:19:43,039

and i understand the rotation of like

578

00:19:45,909 --> 00:19:44,480

the times and the seasons and all that

579

00:19:47,590 --> 00:19:45,919

stuff but that's what i was trying to

580

00:19:50,150 --> 00:19:47,600

ask is

581

00:19:52,789 --> 00:19:50,160

how are we all getting high noon

582

00:19:54,470 --> 00:19:52,799

if it on that flat model

583

00:19:56,230 --> 00:19:54,480

the way it's rotating it'd only be high

584

00:19:57,430 --> 00:19:56,240

noon at certain parts of the country and

585

00:19:59,110 --> 00:19:57,440

i could be wrong did you guys notice

586

00:20:00,150 --> 00:19:59,120

something else that he answered that

587

00:20:01,110 --> 00:20:00,160

what do you mean what are you talking

588

00:20:03,590 --> 00:20:01,120

about

589

00:20:05,110 --> 00:20:03,600

so cause we're all in if we were look at

590

00:20:07,110 --> 00:20:05,120

that we're all in different time zones

591

00:20:09,270 --> 00:20:07,120

so we'd be all getting a high noon at

592

00:20:10,470 --> 00:20:09,280

noon i mean i don't get high noon at two

593

00:20:11,990 --> 00:20:10,480

o'clock

594

00:20:13,350 --> 00:20:12,000

that is fair that is fair i guess i

595

00:20:15,110 --> 00:20:13,360

should pick someone at my same time so

596

00:20:16,710 --> 00:20:15,120

sonny and i sonny's in florida i'm in

597

00:20:17,990 --> 00:20:16,720

michigan yeah if we all look at it for

598

00:20:20,470 --> 00:20:18,000

the time it's going to come off

599

00:20:22,549 --> 00:20:20,480

different because you're in noon i'm two

600

00:20:24,310 --> 00:20:22,559

o'clock you know um sonny wherever you

601
00:20:26,710 --> 00:20:24,320
let's for this hypothetical let's say

602
00:20:28,230 --> 00:20:26,720
you're you're five o'clock five p.m you

603
00:20:30,390 --> 00:20:28,240
know we're all gonna see it at different

604
00:20:31,669 --> 00:20:30,400
positions so i mean i i get kind of what

605
00:20:33,750 --> 00:20:31,679
you're trying to say

606
00:20:35,830 --> 00:20:33,760
but i think that's kind of uh we're

607
00:20:38,310 --> 00:20:35,840
already poking holes in it type of thing

608
00:20:39,990 --> 00:20:38,320
right and well i guess it was mainly for

609
00:20:41,350 --> 00:20:40,000
how his model went up i guess that's

610
00:20:43,909 --> 00:20:41,360
what i was trying to say is that he had

611
00:20:45,990 --> 00:20:43,919
it rotating only one specific spot of

612
00:20:47,990 --> 00:20:46,000
the united states or even he mentioned

613
00:20:49,510 --> 00:20:48,000

like specific part of australia and i

614

00:20:51,110 --> 00:20:49,520

was trying to say

615

00:20:52,230 --> 00:20:51,120

that was one of my questions i guess and

616

00:20:53,750 --> 00:20:52,240

i get if you're talking about how it's

617

00:20:55,350 --> 00:20:53,760

spinning or you know i should do it this

618

00:20:56,390 --> 00:20:55,360

way if it's spinning in that that

619

00:20:57,750 --> 00:20:56,400

pattern

620

00:20:59,270 --> 00:20:57,760

and i get what you're saying to the time

621

00:21:00,789 --> 00:20:59,280

zones you're absolutely right i didn't

622

00:21:01,990 --> 00:21:00,799

take that into account but i guess what

623

00:21:03,270 --> 00:21:02,000

i'm saying is between michigan and

624

00:21:04,870 --> 00:21:03,280

florida

625

00:21:07,029 --> 00:21:04,880

if it looks like it's above my head in

626

00:21:09,350 --> 00:21:07,039

michigan right above my head

627

00:21:11,590 --> 00:21:09,360

does it look like it's right above

628

00:21:13,270 --> 00:21:11,600

you know lewis's head as well

629

00:21:15,110 --> 00:21:13,280

but then by that model

630

00:21:16,630 --> 00:21:15,120

every single time we go into an airplane

631

00:21:18,470 --> 00:21:16,640

we should be able to see the sun off

632

00:21:19,990 --> 00:21:18,480

someplace in the distance

633

00:21:22,230 --> 00:21:20,000

somewhere lighting up something

634

00:21:25,350 --> 00:21:22,240

illuminating something and i think uh

635

00:21:27,430 --> 00:21:25,360

what was i think uh i heard one argument

636

00:21:29,669 --> 00:21:27,440

that well when the sun dips down you

637

00:21:31,830 --> 00:21:29,679

know underneath the the

638

00:21:33,190 --> 00:21:31,840

the firmament or the flat whatever the

639

00:21:35,110 --> 00:21:33,200

hell it is to

640

00:21:37,190 --> 00:21:35,120

when it when it's nighttime then should

641

00:21:38,870 --> 00:21:37,200

the sun turn off for everybody

642

00:21:39,830 --> 00:21:38,880

but it doesn't you know because we can

643

00:21:41,270 --> 00:21:39,840

like

644

00:21:43,830 --> 00:21:41,280

go up to a

645

00:21:45,029 --> 00:21:43,840

thing in you know in africa and say hey

646

00:21:46,390 --> 00:21:45,039

are you guys seeing the sun it's like

647

00:21:48,390 --> 00:21:46,400

yeah we're seeing the sun well we're not

648

00:21:49,510 --> 00:21:48,400

seeing it here type of thing so i i i

649

00:21:51,350 --> 00:21:49,520

understand that

650

00:21:52,390 --> 00:21:51,360

there's a bit of holes in there and

651
00:21:53,510 --> 00:21:52,400
go ahead

652
00:21:56,070 --> 00:21:53,520
sunny

653
00:21:57,669 --> 00:21:56,080
yeah and also with alaska it never gets

654
00:21:59,350 --> 00:21:57,679
dark there in the summertime and that's

655
00:22:00,630 --> 00:21:59,360
because

656
00:22:03,430 --> 00:22:00,640
we're spinning and that's where the

657
00:22:05,430 --> 00:22:03,440
sun's at and yeah if it was flat they

658
00:22:07,669 --> 00:22:05,440
would lose their sun if that sun had to

659
00:22:09,510 --> 00:22:07,679
provide it for someone else you know i

660
00:22:11,190 --> 00:22:09,520
mean if it i still don't understand how

661
00:22:13,350 --> 00:22:11,200
he thinks the sun goes from one side to

662
00:22:15,430 --> 00:22:13,360
the other eye

663
00:22:17,669 --> 00:22:15,440

all right there's a lot to take in i

664

00:22:19,190 --> 00:22:17,679

think that it to me if nothing else okay

665

00:22:21,430 --> 00:22:19,200

gonna be honest with another thing i was

666

00:22:22,710 --> 00:22:21,440

talking to ben about it uh off the air

667

00:22:25,110 --> 00:22:22,720

one time we were saying i was like all

668

00:22:26,230 --> 00:22:25,120

right so like aliens everybody's on

669

00:22:27,350 --> 00:22:26,240

board with those right now right like

670

00:22:28,390 --> 00:22:27,360

everybody's like yeah they're here

671

00:22:29,990 --> 00:22:28,400

they're real

672

00:22:31,430 --> 00:22:30,000

and i was like it's not edgy enough

673

00:22:33,430 --> 00:22:31,440

anymore man i was like what's the next

674

00:22:35,510 --> 00:22:33,440

thing and i was like flat earth's kind

675

00:22:36,789 --> 00:22:35,520

of edgy like that's you know what i mean

676

00:22:38,470 --> 00:22:36,799

i'm not saying just the idea that i'm

677

00:22:40,549 --> 00:22:38,480

not interested in it

678

00:22:41,990 --> 00:22:40,559

i am interested in what you brought up

679

00:22:43,990 --> 00:22:42,000

chris which is i

680

00:22:45,750 --> 00:22:44,000

love the

681

00:22:48,070 --> 00:22:45,760

passion behind the argument and the

682

00:22:50,230 --> 00:22:48,080

willingness to want to have

683

00:22:52,549 --> 00:22:50,240

a very in-depth

684

00:22:53,669 --> 00:22:52,559

conversation and defense of their own

685

00:22:56,549 --> 00:22:53,679

position

686

00:22:57,990 --> 00:22:56,559

and to be fair this is where i think the

687

00:22:59,990 --> 00:22:58,000

science community or however you want a

688

00:23:01,350 --> 00:23:00,000

word has got to step up if these guys

689

00:23:02,630 --> 00:23:01,360

are willing to have these sit downs

690

00:23:05,190 --> 00:23:02,640

these interviews

691

00:23:06,390 --> 00:23:05,200

step up what like that that's bothersome

692

00:23:08,070 --> 00:23:06,400

to me right there i'll tell you that

693

00:23:10,870 --> 00:23:08,080

right now the problem that they come up

694

00:23:12,549 --> 00:23:10,880

with is all of our science targets are

695

00:23:14,470 --> 00:23:12,559

are that they have well they're just

696

00:23:16,470 --> 00:23:14,480

going to scream at me and bully me off

697

00:23:18,549 --> 00:23:16,480

it's like well tough [h__\h]

698

00:23:20,470 --> 00:23:18,559

you got to stick up i mean just because

699

00:23:22,710 --> 00:23:20,480

and it's that whole anti-bullying

700

00:23:24,310 --> 00:23:22,720

[h__\h] that's going through all of our

701

00:23:26,950 --> 00:23:24,320

schools and stuff where it's like well

702

00:23:28,870 --> 00:23:26,960

i'm afraid of of confrontation it's like

703

00:23:31,350 --> 00:23:28,880

you you're taking a position and you're

704

00:23:33,190 --> 00:23:31,360

not making an argument or defending it

705

00:23:35,669 --> 00:23:33,200

and you're just dismissing and blocking

706

00:23:38,310 --> 00:23:35,679

anyone that comes differently it's it's

707

00:23:39,909 --> 00:23:38,320

like that's not a position of strength

708

00:23:41,909 --> 00:23:39,919

you know if you want

709

00:23:43,510 --> 00:23:41,919

people to rally behind you and all this

710

00:23:46,630 --> 00:23:43,520

stuff um you have to show a position of

711

00:23:48,470 --> 00:23:46,640

strength because why the [h__h] do do we

712

00:23:52,789 --> 00:23:48,480

all listen to

713

00:23:54,470 --> 00:23:52,799

and [\h__\h] like this because he's making

714

00:23:57,750 --> 00:23:54,480

up everything from a position of

715

00:23:59,909 --> 00:23:57,760

strength yeah he he's he's adult but

716

00:24:01,909 --> 00:23:59,919

still i mean he's coming from a position

717

00:24:03,669 --> 00:24:01,919

of strength on all this stuff and people

718

00:24:04,870 --> 00:24:03,679

naturally riley behind that as much as

719

00:24:06,630 --> 00:24:04,880

we want to

720

00:24:08,310 --> 00:24:06,640

and and i'm going off off the rails and

721

00:24:09,990 --> 00:24:08,320

as much as we want to dismiss you know

722

00:24:12,549 --> 00:24:10,000

gender transformation whatever the hell

723

00:24:15,430 --> 00:24:12,559

it is is it the thing is is that

724

00:24:16,870 --> 00:24:15,440

we we respect that position we respect

725

00:24:20,230 --> 00:24:16,880

you know someone who

726

00:24:22,070 --> 00:24:20,240

who uh takes that that position and and

727

00:24:23,510 --> 00:24:22,080

defends it adamantly and stuff like this

728

00:24:24,710 --> 00:24:23,520

and with these scientists not willing to

729

00:24:26,149 --> 00:24:24,720

go into it

730

00:24:27,750 --> 00:24:26,159

i mean they're they're not going into it

731

00:24:29,110 --> 00:24:27,760

because they're scared

732

00:24:30,870 --> 00:24:29,120

you know they're afraid of being yelled

733

00:24:33,430 --> 00:24:30,880

at and stuff like this and also they try

734

00:24:35,669 --> 00:24:33,440

to act as though it is a position of

735

00:24:37,909 --> 00:24:35,679

strength not to give these people air

736

00:24:39,830 --> 00:24:37,919

because it's like well i'm above that

737

00:24:41,830 --> 00:24:39,840

it's below me

738

00:24:44,149 --> 00:24:41,840

well saying that everything is below you

739

00:24:46,789 --> 00:24:44,159

that's why people hate you because

740

00:24:48,549 --> 00:24:46,799

you're not relatable you're not

741

00:24:50,710 --> 00:24:48,559

you're not accessible

742

00:24:51,830 --> 00:24:50,720

and and coming this whole ivory tower

743

00:24:53,750 --> 00:24:51,840

[h__\h]

744

00:24:55,750 --> 00:24:53,760

it's just it's just rather obnoxious and

745

00:24:56,630 --> 00:24:55,760

i do feel like it it's hurting us in a

746

00:24:59,990 --> 00:24:56,640

way

747

00:25:01,990 --> 00:25:00,000

we can get an adamant flat earther and

748

00:25:03,990 --> 00:25:02,000

an adamant uh

749

00:25:06,390 --> 00:25:04,000

whatever else

750

00:25:07,430 --> 00:25:06,400

none yeah and we can get them in a room

751

00:25:09,350 --> 00:25:07,440

and have them have a friendly

752

00:25:11,029 --> 00:25:09,360

conversation and even if they don't

753

00:25:12,149 --> 00:25:11,039

prove or disprove anything there could

754

00:25:14,789 --> 00:25:12,159

be you know

755

00:25:16,870 --> 00:25:14,799

there might be merit to both sides and

756

00:25:19,190 --> 00:25:16,880

to the arguments because there are some

757

00:25:21,110 --> 00:25:19,200

arguments that i do feel are very good

758

00:25:23,510 --> 00:25:21,120

arguments

759

00:25:25,269 --> 00:25:23,520

and instead the response is well

760

00:25:27,669 --> 00:25:25,279

you know it's like

761

00:25:29,669 --> 00:25:27,679

well you're just dumb type of thing it's

762

00:25:31,430 --> 00:25:29,679

sort of an accusation and a dismissal

763

00:25:33,909 --> 00:25:31,440

and not really an answer

764

00:25:35,990 --> 00:25:33,919

and we're not here because we want

765

00:25:38,630 --> 00:25:36,000

you know we want to be right

766

00:25:40,789 --> 00:25:38,640

or or we're here because we want answers

767

00:25:43,029 --> 00:25:40,799

even if if you know our theories and

768

00:25:44,630 --> 00:25:43,039

stuff are wrong we want to know what the

769

00:25:46,230 --> 00:25:44,640

correct answer is we you know we're

770

00:25:47,590 --> 00:25:46,240

curious that's like the key word that

771

00:25:49,029 --> 00:25:47,600

you're saying so the cornerstone is

772

00:25:50,390 --> 00:25:49,039

we're curious

773

00:25:51,909 --> 00:25:50,400

type of thing

774

00:25:53,590 --> 00:25:51,919

and i i told him that when he first

775

00:25:55,029 --> 00:25:53,600

started i said the conversation no

776

00:25:57,430 --> 00:25:55,039

matter what it is two polarizing things

777

00:25:59,430 --> 00:25:57,440

it could be anything political whatever

778

00:26:01,269 --> 00:25:59,440

and it's it happens in such a

779

00:26:02,710 --> 00:26:01,279

disingenuous manner they're like oh you

780

00:26:04,230 --> 00:26:02,720

believe in the flat earth oh and they

781

00:26:06,630 --> 00:26:04,240

just relate it to something else or you

782

00:26:08,230 --> 00:26:06,640

believe in the the globe oh you're such

783

00:26:10,070 --> 00:26:08,240

an idiot it's like

784

00:26:11,750 --> 00:26:10,080

i would like to see it come down like

785

00:26:14,470 --> 00:26:11,760

you're saying just said let's have an

786

00:26:16,630 --> 00:26:14,480

educated conversation because i enjoy

787

00:26:18,230 --> 00:26:16,640

educated well thought out give and take

788

00:26:20,870 --> 00:26:18,240

conversations and they don't even have

789

00:26:21,750 --> 00:26:20,880

to agree but if they just have that i i

790

00:26:23,750 --> 00:26:21,760

love it

791

00:26:25,669 --> 00:26:23,760

and i to be fair guys i talked to david

792

00:26:27,909 --> 00:26:25,679

after we ended

793

00:26:29,990 --> 00:26:27,919

and uh i did

794

00:26:32,789 --> 00:26:30,000

say and he's open to it i said i got a

795

00:26:34,630 --> 00:26:32,799

buddy who's who teaches and he's an

796

00:26:35,669 --> 00:26:34,640

earth and science teacher he'd probably

797

00:26:37,110 --> 00:26:35,679

be willing one there's another one i'd

798

00:26:38,070 --> 00:26:37,120

look at as a professor and i asked him i

799

00:26:40,310 --> 00:26:38,080

said would you ever be willing to come

800

00:26:42,310 --> 00:26:40,320

back and he said absolutely so if i can

801
00:26:43,830 --> 00:26:42,320
set that up i would i would love to do

802
00:26:44,789 --> 00:26:43,840
that and do one with them do one with

803
00:26:45,909 --> 00:26:44,799
him separate so if we pee at the

804
00:26:47,350 --> 00:26:45,919
beginning people want to watch and say

805
00:26:48,870 --> 00:26:47,360
hey you guys can go watch their separate

806
00:26:51,029 --> 00:26:48,880
videos as to why they believe why they

807
00:26:53,430 --> 00:26:51,039
don't and then that one we do will just

808
00:26:54,630 --> 00:26:53,440
be them sitting down to just here's some

809
00:26:56,070 --> 00:26:54,640
here are the top 10 things we're going

810
00:26:57,590 --> 00:26:56,080
to go over and just let them have the

811
00:26:59,190 --> 00:26:57,600
conversation now that we can keep up

812
00:27:00,789 --> 00:26:59,200
with the chat because

813
00:27:03,350 --> 00:27:00,799

we needed more wrenches in there i feel

814

00:27:04,950 --> 00:27:03,360

bad ben joe if you guys are watching get

815

00:27:06,549 --> 00:27:04,960

throw some wrenches to people i can't

816

00:27:08,290 --> 00:27:06,559

hand them out i can't give i can't give

817

00:27:10,950 --> 00:27:08,300

wrenches out i only can go live for you

818

00:27:13,350 --> 00:27:10,960

[Laughter]

819

00:27:15,269 --> 00:27:13,360

ben won't give me a wrench

820

00:27:17,110 --> 00:27:15,279

ben will give you a wrench

821

00:27:19,029 --> 00:27:17,120

no he knows i'll hit someone with it he

822

00:27:20,950 --> 00:27:19,039

don't trust me

823

00:27:22,950 --> 00:27:20,960

oh man uh thank you very much by the way

824

00:27:23,990 --> 00:27:22,960

melissa i am excited guys i didn't even

825

00:27:25,669 --> 00:27:24,000

get to talk about that to be getting an

826

00:27:27,510 --> 00:27:25,679

episode dang it i forgot it was all

827

00:27:29,350 --> 00:27:27,520

frazzled we were dude we were struggling

828

00:27:30,549 --> 00:27:29,360

for like 20 minutes to get started it

829

00:27:32,789 --> 00:27:30,559

was bad

830

00:27:34,230 --> 00:27:32,799

um melissa says she needs a wrench heck

831

00:27:36,149 --> 00:27:34,240

yeah we've seen what you can do in

832

00:27:38,389 --> 00:27:36,159

steve's and steve's channel

833

00:27:39,430 --> 00:27:38,399

but the um yeah guys i'm excited excited

834

00:27:42,149 --> 00:27:39,440

if anybody's checking this out for some

835

00:27:43,350 --> 00:27:42,159

reason um yeah sorry man second weekend

836

00:27:45,269 --> 00:27:43,360

of december that's gonna be that's gonna

837

00:27:47,510 --> 00:27:45,279

be good times jon hudson and then jama

838

00:27:49,590 --> 00:27:47,520

jade uh which melissa i believe you know

839

00:27:51,350 --> 00:27:49,600

gemma jade probably i would assume right

840

00:27:52,389 --> 00:27:51,360

and um it's gonna be good times it's

841

00:27:53,909 --> 00:27:52,399

gonna be a lot more like what we did

842

00:27:54,870 --> 00:27:53,919

last week having

843

00:27:55,909 --> 00:27:54,880

we're still playing it all out but

844

00:27:58,149 --> 00:27:55,919

there's definitely a lot more

845

00:27:59,909 --> 00:27:58,159

interaction with the listeners bringing

846

00:28:01,430 --> 00:27:59,919

them on i'm really excited for that

847

00:28:03,269 --> 00:28:01,440

aspect of it like call me up tell me

848

00:28:04,710 --> 00:28:03,279

about the time that you've seen that you

849

00:28:06,549 --> 00:28:04,720

know crazy thing that you couldn't

850

00:28:08,789 --> 00:28:06,559

explain in this guy you know

851

00:28:10,149 --> 00:28:08,799

she's got a great she's got a great uh

852

00:28:12,070 --> 00:28:10,159

i'm really interested in getting her

853

00:28:13,510 --> 00:28:12,080

book and i would love to reach out and

854

00:28:15,350 --> 00:28:13,520

talk to her about faye and stuff like

855

00:28:16,710 --> 00:28:15,360

that because 100

856

00:28:18,549 --> 00:28:16,720

that that's one of those things that i'm

857

00:28:20,230 --> 00:28:18,559

really getting into

858

00:28:21,430 --> 00:28:20,240

i love the face stuff a little bit i've

859

00:28:22,870 --> 00:28:21,440

been getting into it like it's like i

860

00:28:24,630 --> 00:28:22,880

mean i got a lot of scottish in me and

861

00:28:26,389 --> 00:28:24,640

stuff that's where my family's from and

862

00:28:27,269 --> 00:28:26,399

and a lot of irish too so there's a lot

863

00:28:30,630 --> 00:28:27,279

of that

864

00:28:33,029 --> 00:28:30,640

background in that area anyways um and

865

00:28:34,950 --> 00:28:33,039

it is fascinating to me that all around

866

00:28:37,750 --> 00:28:34,960

the world even if it's not exactly the

867

00:28:39,029 --> 00:28:37,760

same there's these legends you know the

868

00:28:40,870 --> 00:28:39,039

lore of

869

00:28:42,470 --> 00:28:40,880

of the fairy creatures or something in

870

00:28:44,549 --> 00:28:42,480

the woods you know

871

00:28:46,470 --> 00:28:44,559

and to me it's it's i don't know man

872

00:28:48,070 --> 00:28:46,480

it's so curious like that um what's the

873

00:28:49,430 --> 00:28:48,080

name of that forest in japan have you

874

00:28:51,110 --> 00:28:49,440

ever heard of this forest yeah the

875

00:28:52,789 --> 00:28:51,120

suicide forest i i forget what it's

876

00:28:54,630 --> 00:28:52,799

called but it's

877

00:28:59,510 --> 00:28:54,640

it's it's basically famous for being the

878

00:29:02,470 --> 00:29:00,950

yeah i remember when logan paul went

879

00:29:04,149 --> 00:29:02,480

down he was either one of the fall

880

00:29:06,070 --> 00:29:04,159

brothers went down there you know had

881

00:29:08,070 --> 00:29:06,080

some antics and supposedly they found a

882

00:29:09,909 --> 00:29:08,080

body and then like teabagged it or some

883

00:29:11,510 --> 00:29:09,919

[h__h] like that oh geez and we're just

884

00:29:13,350 --> 00:29:11,520

being absolutely belligerent to the

885

00:29:15,430 --> 00:29:13,360

people in the culture and and had like a

886

00:29:17,350 --> 00:29:15,440

huge push back on that

887

00:29:19,750 --> 00:29:17,360

but you know i mean it is a real thing

888

00:29:22,389 --> 00:29:19,760

and i know it's more of a uh sort of uh

889

00:29:23,669 --> 00:29:22,399

macabre tourist spot but you know i mean

890

00:29:26,470 --> 00:29:23,679

the fact that there is so much of it

891

00:29:27,669 --> 00:29:26,480

there it is rather fascinating

892

00:29:30,389 --> 00:29:27,679

yeah

893

00:29:32,549 --> 00:29:30,399

no that is something that you i mean

894

00:29:35,830 --> 00:29:32,559

is that something that uh on your own

895

00:29:37,590 --> 00:29:35,840

art has asian culture or japanese uh

896

00:29:39,510 --> 00:29:37,600

culture affected your art in some way do

897

00:29:42,549 --> 00:29:39,520

you think a little bit yeah i mean the

898

00:29:44,789 --> 00:29:42,559

every single um cult every single uh

899

00:29:46,950 --> 00:29:44,799

culture has their own you know set of

900

00:29:49,350 --> 00:29:46,960

mantras their own cast of monsters and

901
00:29:51,830 --> 00:29:49,360
and stuff like that and the asian and

902
00:29:52,950 --> 00:29:51,840
filipino and more of the

903
00:29:55,909 --> 00:29:52,960
of the

904
00:29:57,669 --> 00:29:55,919
pacific islander type of of

905
00:29:59,990 --> 00:29:57,679
of creatures and stuff like they're all

906
00:30:01,510 --> 00:30:00,000
endlessly fascinating and some of them

907
00:30:03,669 --> 00:30:01,520
are so much drastically different than

908
00:30:05,029 --> 00:30:03,679
what we have i mean because everything

909
00:30:06,549 --> 00:30:05,039
you know you go to all the continents

910
00:30:08,630 --> 00:30:06,559
you're going to find a variant of

911
00:30:10,389 --> 00:30:08,640
bigfoot you're going to find a variant

912
00:30:11,750 --> 00:30:10,399
of a dragon you're going to find a

913
00:30:13,430 --> 00:30:11,760

variant of giants you're going to find a

914

00:30:14,549 --> 00:30:13,440

variant of

915

00:30:17,430 --> 00:30:14,559

sort of

916

00:30:19,430 --> 00:30:17,440

gray hag type sleep paralysis creature

917

00:30:21,350 --> 00:30:19,440

type of thing and they have those as

918

00:30:23,750 --> 00:30:21,360

well but those are so theirs are so

919

00:30:24,950 --> 00:30:23,760

vastly different oh and by the way i got

920

00:30:26,710 --> 00:30:24,960

to point this out every single time i

921

00:30:28,710 --> 00:30:26,720

mentioned bigfoot there there are no

922

00:30:31,909 --> 00:30:28,720

bigfoots in freaking hawaii apparently

923

00:30:33,750 --> 00:30:31,919

they're they're bad swimmers

924

00:30:35,190 --> 00:30:33,760

there was um who was that one that lin

925

00:30:36,710 --> 00:30:35,200

had on you remember that sonny she had

926

00:30:39,190 --> 00:30:36,720

somebody on it

927

00:30:41,190 --> 00:30:39,200

maybe a month ago he was from hawaii and

928

00:30:43,909 --> 00:30:41,200

he had a lot of really interesting

929

00:30:47,029 --> 00:30:43,919

lore related to to hawaii yeah they have

930

00:30:48,830 --> 00:30:47,039

the menehune yeah mm-hmm

931

00:30:52,070 --> 00:30:48,840

and then didn't you have

932

00:30:53,350 --> 00:30:52,080

leprechauns right which is but like

933

00:30:55,029 --> 00:30:53,360

i mean they're all kind of creepy a

934

00:30:59,990 --> 00:30:55,039

little bit

935

00:31:02,789 --> 00:31:00,000

maybe allegedly could how do we know

936

00:31:03,909 --> 00:31:02,799

that's honey allegedly allegedly well i

937

00:31:06,149 --> 00:31:03,919

don't want to say that for you that's

938

00:31:06,870 --> 00:31:06,159

your story that's that's something

939

00:31:09,750 --> 00:31:06,880

that's

940

00:31:11,509 --> 00:31:09,760

something climbing that cliff

941

00:31:12,630 --> 00:31:11,519

yeah everything's creepy to you big

942

00:31:13,509 --> 00:31:12,640

willy

943

00:31:22,870 --> 00:31:13,519

i

944

00:31:26,070 --> 00:31:22,880

beard that's red for me

945

00:31:27,909 --> 00:31:26,080

it's only the beard i don't snatch souls

946

00:31:29,750 --> 00:31:27,919

i just bring i don't know the effects of

947

00:31:31,590 --> 00:31:29,760

what a redhead brings the table without

948

00:31:33,509 --> 00:31:31,600

without the soul snatching and if i did

949

00:31:34,549 --> 00:31:33,519

i'd repair your soul and give it back

950

00:31:39,750 --> 00:31:34,559

right

951
00:31:42,549 --> 00:31:41,350
oh man

952
00:31:43,830 --> 00:31:42,559
heck yeah

953
00:31:45,430 --> 00:31:43,840
we'll tell you what guys if no one else

954
00:31:46,789 --> 00:31:45,440
wants to jump on if nobody else has it

955
00:31:48,310 --> 00:31:46,799
anyone added that i just wanted to see

956
00:31:49,990 --> 00:31:48,320
if anybody wanted to

957
00:31:51,430 --> 00:31:50,000
you know say hey guys you totally missed

958
00:31:52,789 --> 00:31:51,440
this you should have asked this and i

959
00:31:54,549 --> 00:31:52,799
know there was tons of stuff we could

960
00:31:56,470 --> 00:31:54,559
have we could have uh

961
00:31:57,590 --> 00:31:56,480
we could have hit him on um i was kind

962
00:31:59,190 --> 00:31:57,600
of taking it easy on him in the

963
00:32:01,269 --> 00:31:59,200

beginning there i probably should have

964

00:32:03,110 --> 00:32:01,279

gone a little harder on him but

965

00:32:04,149 --> 00:32:03,120

he says he says he was telling me did

966

00:32:05,509 --> 00:32:04,159

you guys hear when he leaned and he was

967

00:32:07,190 --> 00:32:05,519

like it's okay william i know you're a

968

00:32:08,549 --> 00:32:07,200

flat earther you're safe with me and

969

00:32:12,870 --> 00:32:08,559

then you like leaned back out and kept

970

00:32:12,880 --> 00:32:16,470

made me laugh

971

00:32:20,310 --> 00:32:18,230

i'll go ahead sonny

972

00:32:23,029 --> 00:32:20,320

oh no go ahead go ahead

973

00:32:23,990 --> 00:32:23,039

oh i was just gonna say i i i think i

974

00:32:25,509 --> 00:32:24,000

enjoy

975

00:32:27,909 --> 00:32:25,519

um

976
00:32:29,990 --> 00:32:27,919
discussing anything that's it's

977
00:32:31,750 --> 00:32:30,000
outlandish and

978
00:32:34,549 --> 00:32:31,760
one can definitely say

979
00:32:36,230 --> 00:32:34,559
uh flat earth is outlandish but like i

980
00:32:37,110 --> 00:32:36,240
said i think if it wasn't the word flat

981
00:32:38,789 --> 00:32:37,120
earth i guess that's what i was trying

982
00:32:40,789 --> 00:32:38,799
to head out a little bit if it was

983
00:32:43,430 --> 00:32:40,799
something else

984
00:32:44,310 --> 00:32:43,440
but it was relative to this without that

985
00:32:46,230 --> 00:32:44,320
term

986
00:32:47,110 --> 00:32:46,240
i think people would at least hear it

987
00:32:48,710 --> 00:32:47,120
out

988
00:32:50,630 --> 00:32:48,720

and what got me back on board was the

989

00:32:52,230 --> 00:32:50,640

whole psyops crap that was going on with

990

00:32:53,509 --> 00:32:52,240

the flatter society website it's

991

00:32:54,710 --> 00:32:53,519

ridiculous they're wet they put out a

992

00:32:56,389 --> 00:32:54,720

video every week that it proves the

993

00:32:57,830 --> 00:32:56,399

earth's round they say right across

994

00:33:00,149 --> 00:32:57,840

their headline we have members all

995

00:33:01,750 --> 00:33:00,159

across the globe

996

00:33:03,669 --> 00:33:01,760

all around the globe all around the

997

00:33:05,110 --> 00:33:03,679

globe thank you thank you very much so

998

00:33:09,350 --> 00:33:05,120

it's like

999

00:33:11,350 --> 00:33:09,360

at other stuff we know they've covered

1000

00:33:13,750 --> 00:33:11,360

up stuff in relation to crafts that have

1001
00:33:16,470 --> 00:33:13,760
crashed alien possibly even bodies i

1002
00:33:18,230 --> 00:33:16,480
would say for sure um and and there's

1003
00:33:19,669 --> 00:33:18,240
other areas that what they've done to

1004
00:33:21,590 --> 00:33:19,679
their own people what they've done on

1005
00:33:23,590 --> 00:33:21,600
american citizens canadian

1006
00:33:25,190 --> 00:33:23,600
citizens south america

1007
00:33:26,789 --> 00:33:25,200
this is stuff that's been going on and

1008
00:33:29,430 --> 00:33:26,799
has even been released through like the

1009
00:33:31,750 --> 00:33:29,440
freedom of information act

1010
00:33:33,990 --> 00:33:31,760
why is it so far-fetched to believe this

1011
00:33:36,310 --> 00:33:34,000
one yeah i mean there is that sort of

1012
00:33:37,590 --> 00:33:36,320
issue of presumed trust

1013
00:33:38,789 --> 00:33:37,600

yeah we should trust these people

1014

00:33:40,789 --> 00:33:38,799

because they are the absolute

1015

00:33:43,269 --> 00:33:40,799

authorities and and because of that you

1016

00:33:44,950 --> 00:33:43,279

know we have to basically give them all

1017

00:33:47,110 --> 00:33:44,960

of our they they

1018

00:33:49,750 --> 00:33:47,120

they haven't earned it but for some

1019

00:33:51,590 --> 00:33:49,760

reason they're entitled to it and even

1020

00:33:54,389 --> 00:33:51,600

though there have been various instances

1021

00:33:57,110 --> 00:33:54,399

of the government doing nefarious things

1022

00:33:59,990 --> 00:33:57,120

in the past be it mk ultra or the

1023

00:34:02,389 --> 00:34:00,000

tuskegee experiments etc you know but

1024

00:34:04,389 --> 00:34:02,399

for some reason we have to believe at

1025

00:34:06,470 --> 00:34:04,399

all times that they have our best

1026

00:34:08,550 --> 00:34:06,480

interest in mind and we have to you know

1027

00:34:10,470 --> 00:34:08,560

bend over and take it from them no

1028

00:34:12,790 --> 00:34:10,480

matter what you know and if we don't

1029

00:34:15,109 --> 00:34:12,800

then we're anti-american and i think

1030

00:34:16,550 --> 00:34:15,119

just my personal side here i think a

1031

00:34:19,349 --> 00:34:16,560

reason that a lot of the whole flat

1032

00:34:21,990 --> 00:34:19,359

earth stuff got a lot of the

1033

00:34:23,669 --> 00:34:22,000

the you know uh

1034

00:34:25,270 --> 00:34:23,679

hate that it did from mainstream was

1035

00:34:27,510 --> 00:34:25,280

because a lot of the people that it was

1036

00:34:29,909 --> 00:34:27,520

gravitating a lot of these uh

1037

00:34:32,829 --> 00:34:29,919

uh i would say more christian more chad

1038

00:34:36,389 --> 00:34:32,839

type individuals a sort of beer drinking

1039

00:34:37,270 --> 00:34:36,399

uh pick up truck wearing you know uh

1040

00:34:39,589 --> 00:34:37,280

people

1041

00:34:40,869 --> 00:34:39,599

that when [h__\h] goes to you're not gonna

1042

00:34:42,230 --> 00:34:40,879

go to the government you're gonna go to

1043

00:34:43,829 --> 00:34:42,240

these guys for answers you're gonna go

1044

00:34:45,589 --> 00:34:43,839

to these guys for

1045

00:34:48,389 --> 00:34:45,599

for a structure and stuff like that

1046

00:34:49,829 --> 00:34:48,399

because you want to you know because

1047

00:34:51,669 --> 00:34:49,839

they've shown themselves to be you know

1048

00:34:53,349 --> 00:34:51,679

independent and reliable and stuff like

1049

00:34:55,510 --> 00:34:53,359

that and because it was attracting that

1050

00:34:57,750 --> 00:34:55,520

quote unquote type i think that's why

1051

00:35:00,310 --> 00:34:57,760

flat earth you know they the

1052

00:35:02,950 --> 00:35:00,320

mainstream came hard into it because

1053

00:35:04,950 --> 00:35:02,960

mainstream is it's a bunch of nerds they

1054

00:35:06,390 --> 00:35:04,960

didn't earn it they were appointed it

1055

00:35:08,390 --> 00:35:06,400

and no matter how hard they tried they

1056

00:35:09,910 --> 00:35:08,400

will never be cool these these are

1057

00:35:12,150 --> 00:35:09,920

people who have to put themselves in

1058

00:35:14,390 --> 00:35:12,160

front of you to make you like them

1059

00:35:15,990 --> 00:35:14,400

when in all honesty in high school they

1060

00:35:17,750 --> 00:35:16,000

would have been stuffed in a locker and

1061

00:35:19,030 --> 00:35:17,760

and they would have had to sit alone at

1062

00:35:21,510 --> 00:35:19,040

the at the lunch table and stuff like

1063

00:35:23,829 --> 00:35:21,520

that but it's just this sort of you know

1064

00:35:26,069 --> 00:35:23,839

obnoxiousness that i sort of feel like

1065

00:35:27,910 --> 00:35:26,079

is extending into you know our

1066

00:35:30,310 --> 00:35:27,920

mainstream culture basically

1067

00:35:32,310 --> 00:35:30,320

social media has turned all of us into

1068

00:35:36,069 --> 00:35:32,320

into basically the world has now become

1069

00:35:39,670 --> 00:35:37,589

i could see that right it is all about

1070

00:35:41,510 --> 00:35:39,680

the ratings everything's

1071

00:35:43,510 --> 00:35:41,520

you know when i got changed around that

1072

00:35:45,430 --> 00:35:43,520

was that was a massive issue when the

1073

00:35:46,710 --> 00:35:45,440

media changed some of that stuff from

1074

00:35:48,150 --> 00:35:46,720

uh what did you guys think though

1075

00:35:49,270 --> 00:35:48,160

because ben always he just he's never

1076
00:35:52,069 --> 00:35:49,280
told me to do this but i know he always

1077
00:35:53,270 --> 00:35:52,079
try so i got you ben what what do uh

1078
00:35:54,150 --> 00:35:53,280
what did you guys think of his answer

1079
00:35:56,870 --> 00:35:54,160
were you guys in the room and he gave

1080
00:35:58,950 --> 00:35:56,880
his answer on aliens

1081
00:36:00,390 --> 00:35:58,960
but what no i i missed it i would have

1082
00:36:02,310 --> 00:36:00,400
that's okay i know it was kind of early

1083
00:36:03,990 --> 00:36:02,320
on it was early on so he he brought that

1084
00:36:05,270 --> 00:36:04,000
one up pretty quick

1085
00:36:08,790 --> 00:36:05,280
is that when he said they came from the

1086
00:36:14,390 --> 00:36:08,800
outer ring the outer space i mean yeah

1087
00:36:16,630 --> 00:36:15,750
but what did you think of that i mean is

1088
00:36:21,270 --> 00:36:16,640

that

1089

00:36:23,510 --> 00:36:21,280

crafts get here so easy

1090

00:36:25,430 --> 00:36:23,520

we're sort of like already like looking

1091

00:36:27,109 --> 00:36:25,440

for an alternative means of explaining

1092

00:36:28,550 --> 00:36:27,119

aliens already

1093

00:36:30,310 --> 00:36:28,560

because we're starting to believe that

1094

00:36:32,390 --> 00:36:30,320

you know i mean just look at the rise in

1095

00:36:34,630 --> 00:36:32,400

ultra-terrestrials and stuff like that

1096

00:36:37,109 --> 00:36:34,640

the ultra-terrestrial hypothesis the the

1097

00:36:39,270 --> 00:36:37,119

extraterrestrial hypothesis you know

1098

00:36:41,190 --> 00:36:39,280

it's it's still out there but you know

1099

00:36:43,510 --> 00:36:41,200

we have this sort of because the the

1100

00:36:46,390 --> 00:36:43,520

planets are so far apart and so vast

1101
00:36:48,950 --> 00:36:46,400
that if these people can bend time and

1102
00:36:50,870 --> 00:36:48,960
space to come and get to us

1103
00:36:52,790 --> 00:36:50,880
you know from these vast

1104
00:36:54,230 --> 00:36:52,800
uh lands and stuff like that you know

1105
00:36:55,829 --> 00:36:54,240
it's like well why are they making so

1106
00:36:57,670 --> 00:36:55,839
many screw-ups and stuff like that if

1107
00:36:58,550 --> 00:36:57,680
they can bend the time and space again

1108
00:37:00,470 --> 00:36:58,560
time

1109
00:37:02,550 --> 00:37:00,480
so they can just show up when and

1110
00:37:04,150 --> 00:37:02,560
wherever they want do their thing and

1111
00:37:06,069 --> 00:37:04,160
then go back to it

1112
00:37:08,310 --> 00:37:06,079
but because we keep seeing you know a

1113
00:37:09,270 --> 00:37:08,320

trail and stuff like that everywhere you

1114

00:37:10,630 --> 00:37:09,280

know

1115

00:37:12,069 --> 00:37:10,640

and then i think there are alternatives

1116

00:37:13,510 --> 00:37:12,079

series that like a lot of these people

1117

00:37:15,190 --> 00:37:13,520

they could be from you know quote

1118

00:37:17,349 --> 00:37:15,200

unquote the inner earth

1119

00:37:18,550 --> 00:37:17,359

or or some type of and i think that sort

1120

00:37:19,430 --> 00:37:18,560

of lends

1121

00:37:22,069 --> 00:37:19,440

to

1122

00:37:23,190 --> 00:37:22,079

um the flat earth as well because you

1123

00:37:25,349 --> 00:37:23,200

know well

1124

00:37:27,030 --> 00:37:25,359

what else i mean if the earth is flat

1125

00:37:28,870 --> 00:37:27,040

then of course there's going to be an in

1126
00:37:31,589 --> 00:37:28,880
inner there's going to be stuff you know

1127
00:37:33,270 --> 00:37:31,599
under the surface you know that other

1128
00:37:36,950 --> 00:37:33,280
stuff can come out of

1129
00:37:39,190 --> 00:37:36,960
type of thing so the the the inner earth

1130
00:37:40,950 --> 00:37:39,200
you know usos and stuff like that i can

1131
00:37:43,109 --> 00:37:40,960
see that being you know flat earth

1132
00:37:44,230 --> 00:37:43,119
friendly as well

1133
00:37:46,550 --> 00:37:44,240
now what did you guys think of him

1134
00:37:48,069 --> 00:37:46,560
bringing up admiral byrd and using that

1135
00:37:49,750 --> 00:37:48,079
as part of his

1136
00:37:51,270 --> 00:37:49,760
evidence or

1137
00:37:52,950 --> 00:37:51,280
proof of

1138
00:37:55,270 --> 00:37:52,960

there being this extraterrestrial or

1139

00:37:56,710 --> 00:37:55,280

this extra territory yeah i i don't know

1140

00:37:58,710 --> 00:37:56,720

about that i know that

1141

00:38:00,390 --> 00:37:58,720

bird was more of a hollow earth thing

1142

00:38:02,550 --> 00:38:00,400

but i don't know if hollow earth and

1143

00:38:04,230 --> 00:38:02,560

flat earth are sort of

1144

00:38:05,910 --> 00:38:04,240

uh cannibalizing each other now you're

1145

00:38:07,670 --> 00:38:05,920

gonna have to explain that to me

1146

00:38:09,589 --> 00:38:07,680

so um the kind of the background with

1147

00:38:12,630 --> 00:38:09,599

that and it's something that i believe

1148

00:38:13,910 --> 00:38:12,640

not always but like in in the in the um

1149

00:38:15,349 --> 00:38:13,920

i don't want to say all of you apology

1150

00:38:17,030 --> 00:38:15,359

but like ben and joe hit on this quite a

1151
00:38:19,030 --> 00:38:17,040
bit essentially and you guys forget this

1152
00:38:20,470 --> 00:38:19,040
wrong somehow apologize i believe forgot

1153
00:38:23,750 --> 00:38:20,480
the right person here

1154
00:38:25,349 --> 00:38:23,760
is that uh he he went out on a um he was

1155
00:38:27,589 --> 00:38:25,359
trying to navigate to something he was

1156
00:38:29,430 --> 00:38:27,599
doing he was already out there uh they

1157
00:38:31,349 --> 00:38:29,440
were supposed to go to the north pole

1158
00:38:32,550 --> 00:38:31,359
or antarctica excuse me when they

1159
00:38:34,630 --> 00:38:32,560
believed that there was chance that

1160
00:38:36,630 --> 00:38:34,640
maybe the nazis had fled there a little

1161
00:38:38,390 --> 00:38:36,640
bit with some of the u-boats as well as

1162
00:38:40,069 --> 00:38:38,400
to south america so they would clean up

1163
00:38:42,630 --> 00:38:40,079

some of the remnants of those left over

1164

00:38:45,030 --> 00:38:42,640

from world war world war ii

1165

00:38:47,510 --> 00:38:45,040

and he gets his butt kicked essentially

1166

00:38:48,950 --> 00:38:47,520

and got sent home and said that listen

1167

00:38:50,870 --> 00:38:48,960

we need a lot more than what i was sent

1168

00:38:51,670 --> 00:38:50,880

with but in that process at one point

1169

00:38:54,230 --> 00:38:51,680

too

1170

00:38:55,190 --> 00:38:54,240

he was flying his plane

1171

00:38:56,870 --> 00:38:55,200

and

1172

00:38:58,790 --> 00:38:56,880

he's all the stuff starts going off he

1173

00:39:00,390 --> 00:38:58,800

can't because obviously you know your

1174

00:39:01,750 --> 00:39:00,400

your compass doesn't work very well up

1175

00:39:02,870 --> 00:39:01,760

there but it's gyroscope and some other

1176

00:39:04,710 --> 00:39:02,880

things shut off

1177

00:39:07,190 --> 00:39:04,720

and he gets all of a sudden

1178

00:39:08,630 --> 00:39:07,200

he's flying he said it was like snow

1179

00:39:10,630 --> 00:39:08,640

caps and all this stuff and then it was

1180

00:39:12,150 --> 00:39:10,640

like foggy if i remember correctly and

1181

00:39:13,670 --> 00:39:12,160

his his diary

1182

00:39:16,310 --> 00:39:13,680

then it was like tropical stuff and he

1183

00:39:19,190 --> 00:39:16,320

ran into the venusians and yeah etcetera

1184

00:39:21,190 --> 00:39:19,200

and adventure ensued and yeah the the

1185

00:39:23,030 --> 00:39:21,200

who are they called not the venusians it

1186

00:39:24,950 --> 00:39:23,040

might be the same term but the

1187

00:39:26,230 --> 00:39:24,960

like the i was going to say the nordics

1188

00:39:27,910 --> 00:39:26,240

but

1189

00:39:29,109 --> 00:39:27,920
specifically the venusians in the

1190

00:39:30,950 --> 00:39:29,119
resistance

1191

00:39:32,069 --> 00:39:30,960
and essentially

1192

00:39:33,829 --> 00:39:32,079
that's

1193

00:39:37,510 --> 00:39:33,839
when he went back and asked for

1194

00:39:38,790 --> 00:39:37,520
information too and why he couldn't

1195

00:39:40,870 --> 00:39:38,800
have more information on what was going

1196

00:39:42,470 --> 00:39:40,880
on being the admiral of the entire fleet

1197

00:39:44,790 --> 00:39:42,480
at that time they told him that was that

1198

00:39:45,589 --> 00:39:44,800
uh i was above his need to know

1199

00:39:47,030 --> 00:39:45,599
why

1200

00:39:49,430 --> 00:39:47,040
what was going on in antarctica and some

1201

00:39:51,190 --> 00:39:49,440

of that so i don't know i i think there

1202

00:39:52,790 --> 00:39:51,200

is something to that treaty and they

1203

00:39:55,349 --> 00:39:52,800

don't play around with it if you guys go

1204

00:39:57,030 --> 00:39:55,359

watch a video it's called um

1205

00:39:58,790 --> 00:39:57,040

sorry you can't go to antarctica

1206

00:40:00,230 --> 00:39:58,800

antarctica's closed i believe you type

1207

00:40:02,069 --> 00:40:00,240

in those exact words that'll actually

1208

00:40:03,910 --> 00:40:02,079

pull it out for you or you can go on

1209

00:40:06,630 --> 00:40:03,920

dave's app for three dollars i'm just

1210

00:40:07,910 --> 00:40:06,640

kidding um but it is on his app i will

1211

00:40:10,069 --> 00:40:07,920

admit if you're trying to find flat air

1212

00:40:11,030 --> 00:40:10,079

stuff they've saved some time for you of

1213

00:40:13,030 --> 00:40:11,040

course

1214

00:40:15,190 --> 00:40:13,040

but in the video he this guy was a

1215

00:40:16,069 --> 00:40:15,200

lawyer he's an actual lawyer and he and

1216

00:40:17,910 --> 00:40:16,079

this is what i appreciate about what he

1217

00:40:18,710 --> 00:40:17,920

did he was an expert in his area of work

1218

00:40:21,349 --> 00:40:18,720

right

1219

00:40:23,829 --> 00:40:21,359

and he went through all the the

1220

00:40:25,750 --> 00:40:23,839

legal jargon of it and they said it will

1221

00:40:27,030 --> 00:40:25,760

be anywhere from 250 000 to a couple

1222

00:40:29,349 --> 00:40:27,040

million depending on where you're at in

1223

00:40:32,790 --> 00:40:29,359

the world trying to do an expedition

1224

00:40:34,550 --> 00:40:32,800

to south or to antarctica independently

1225

00:40:35,990 --> 00:40:34,560

of traveling with their scientific

1226

00:40:37,430 --> 00:40:36,000

science team

1227

00:40:39,190 --> 00:40:37,440

and what they'll do is they'll approve a

1228

00:40:40,710 --> 00:40:39,200

lot of your permits

1229

00:40:42,870 --> 00:40:40,720

and it takes a year year and a half or

1230

00:40:43,910 --> 00:40:42,880

whatever and once they do that once you

1231

00:40:45,589 --> 00:40:43,920

get to the time of the trip they'll

1232

00:40:47,430 --> 00:40:45,599

cancel the permits at the end and

1233

00:40:49,670 --> 00:40:47,440

they'll keep your money they won't give

1234

00:40:51,829 --> 00:40:49,680

it back either that or they'll go or

1235

00:40:53,910 --> 00:40:51,839

they'll take you or you get to see what

1236

00:40:55,270 --> 00:40:53,920

they show you type of thing

1237

00:40:57,589 --> 00:40:55,280

you know you're never going to go beyond

1238

00:40:59,190 --> 00:40:57,599

the velvet ropes type of [h__\h] right i

1239

00:41:00,950 --> 00:40:59,200

mean you know you know and and there's a

1240

00:41:03,589 --> 00:41:00,960

lot of real-world political stuff that

1241

00:41:05,270 --> 00:41:03,599

happens that leads credence to those uh

1242

00:41:07,349 --> 00:41:05,280

antarctic conspiracies and stuff like

1243

00:41:09,750 --> 00:41:07,359

that and i i totally get it but i do

1244

00:41:11,829 --> 00:41:09,760

love the idea that you know that that

1245

00:41:13,750 --> 00:41:11,839

you know that we have these penguin

1246

00:41:16,710 --> 00:41:13,760

overlords who are sort of you know

1247

00:41:21,510 --> 00:41:16,720

dictating us that after the the

1248

00:41:23,190 --> 00:41:21,520

after the trump victory character was

1249

00:41:24,710 --> 00:41:23,200

secretary kerry had to go down there and

1250

00:41:26,069 --> 00:41:24,720

he came back with a black eye because

1251

00:41:28,870 --> 00:41:26,079

one of the penguins punched him in the

1252

00:41:30,710 --> 00:41:28,880

face you know how could you let him win

1253

00:41:33,430 --> 00:41:30,720

he told you who was supposed to win how

1254

00:41:37,270 --> 00:41:34,870

yeah because it got punched in the eye

1255

00:41:39,510 --> 00:41:37,280

by uh by uh one of the penguin overlords

1256

00:41:41,270 --> 00:41:39,520

type of thing uh i can totally see that

1257

00:41:42,069 --> 00:41:41,280

happening what's this question here what

1258

00:41:45,589 --> 00:41:42,079

if

1259

00:41:48,710 --> 00:41:45,599

loop where 2d

1260

00:41:54,309 --> 00:41:52,790

ending stacking one um like a pyramid

1261

00:41:55,270 --> 00:41:54,319

um

1262

00:42:11,270 --> 00:41:55,280

i

1263

00:42:12,950 --> 00:42:11,280

humans

1264

00:42:14,870 --> 00:42:12,960

is that like the fourth dimension would

1265

00:42:17,829 --> 00:42:14,880

just appear to you because you

1266

00:42:19,510 --> 00:42:17,839

can't we cannot perceive it so we would

1267

00:42:22,550 --> 00:42:19,520

not see how it operates so we would

1268

00:42:24,470 --> 00:42:22,560

therefore appear or in front of you

1269

00:42:26,069 --> 00:42:24,480

essentially there's a couple videos on

1270

00:42:27,829 --> 00:42:26,079

youtube that try to explain like the

1271

00:42:28,710 --> 00:42:27,839

different dimensions how they break down

1272

00:42:29,589 --> 00:42:28,720

but i don't know do you guys think

1273

00:42:31,349 --> 00:42:29,599

there's a better way of answering

1274

00:42:33,670 --> 00:42:31,359

champ's question there yeah it's

1275

00:42:35,270 --> 00:42:33,680

something out there called flat land you

1276

00:42:37,589 --> 00:42:35,280

and it's not related to flat earth it's

1277

00:42:39,990 --> 00:42:37,599

just a it's just a hypothetical model

1278

00:42:41,829 --> 00:42:40,000

that's used to explain you know 2d to 3d

1279

00:42:43,430 --> 00:42:41,839

and how things work out there that what

1280

00:42:45,030 --> 00:42:43,440

we see is a sphere they would see the

1281

00:42:45,990 --> 00:42:45,040

only the edges and perceive it as a

1282

00:42:47,829 --> 00:42:46,000

circle

1283

00:42:49,109 --> 00:42:47,839

and things like that

1284

00:42:51,670 --> 00:42:49,119

yeah

1285

00:42:53,349 --> 00:42:51,680

i don't know like i said to me i think

1286

00:42:55,109 --> 00:42:53,359

with i don't know if they wanted to put

1287

00:42:56,710 --> 00:42:55,119

the thing to bed i'm sure they could is

1288

00:42:58,950 --> 00:42:56,720

my point i guess if they really wanted

1289

00:43:00,790 --> 00:42:58,960

this done and over with i feel like they

1290

00:43:01,750 --> 00:43:00,800

have the resources to come out and and

1291

00:43:03,190 --> 00:43:01,760

like they're saying right here they're

1292

00:43:04,950 --> 00:43:03,200

talking about i think there are cruises

1293

00:43:07,430 --> 00:43:04,960

to antarctica but not specifically to

1294

00:43:09,349 --> 00:43:07,440

the research bases there yeah

1295

00:43:10,230 --> 00:43:09,359

excuse me um which by the way guys if

1296

00:43:11,270 --> 00:43:10,240

everybody wasn't there that was

1297

00:43:12,710 --> 00:43:11,280

challenging him with great questions

1298

00:43:14,470 --> 00:43:12,720

that was all about that i mean he wants

1299

00:43:16,230 --> 00:43:14,480

those two i'll give him that credit i

1300

00:43:17,349 --> 00:43:16,240

mean i don't necessarily think everybody

1301

00:43:19,430 --> 00:43:17,359

agrees with his answers but he

1302

00:43:20,950 --> 00:43:19,440

definitely welcomes the questions

1303

00:43:22,550 --> 00:43:20,960

um

1304

00:43:24,829 --> 00:43:22,560

he definitely welcomes them even if he

1305

00:43:26,550 --> 00:43:24,839

puts on the glasses it says cool story

1306

00:43:28,230 --> 00:43:26,560

bro yeah

1307

00:43:30,710 --> 00:43:28,240

and he's always got it he's always got

1308

00:43:33,430 --> 00:43:30,720

an answer you know even if it's just you

1309

00:43:34,950 --> 00:43:33,440

know hey go to my app type of thing

1310

00:43:37,190 --> 00:43:34,960

you know he's always i at least

1311

00:43:39,750 --> 00:43:37,200

respected he at least shows up you know

1312

00:43:41,190 --> 00:43:39,760

he does he does show up and i mean god i

1313

00:43:42,150 --> 00:43:41,200

think he did i was his fourth interview

1314

00:43:44,390 --> 00:43:42,160

of the day

1315

00:43:46,150 --> 00:43:44,400

so i mean if you're a podcaster out

1316

00:43:48,309 --> 00:43:46,160

there or something you know reach out to

1317

00:43:50,230 --> 00:43:48,319

him it took a while i had to book him

1318

00:43:52,630 --> 00:43:50,240

like a month and a half out

1319

00:43:53,829 --> 00:43:52,640

or maybe more but he's willing to

1320

00:43:55,589 --> 00:43:53,839

usually come on and hang out with you

1321

00:43:57,750 --> 00:43:55,599

and chat and i think that if you're

1322

00:43:58,870 --> 00:43:57,760

someone who who can be a bit you know

1323

00:44:00,150 --> 00:43:58,880

like chris famous you'd be a great one

1324

00:44:01,109 --> 00:44:00,160

to interview him far as being a little

1325

00:44:02,230 --> 00:44:01,119

more

1326

00:44:04,069 --> 00:44:02,240

uh

1327

00:44:05,349 --> 00:44:04,079

to the to the point on it you know i'm

1328

00:44:06,870 --> 00:44:05,359

usually a little too nice with people

1329

00:44:08,069 --> 00:44:06,880

but i like to hear them i hear them out

1330

00:44:09,910 --> 00:44:08,079

with his thing it's a little different

1331

00:44:11,510 --> 00:44:09,920

because it's not exactly an interview

1332

00:44:13,190 --> 00:44:11,520

process he needs someone who's going to

1333

00:44:14,790 --> 00:44:13,200

challenge him a little more yeah i would

1334

00:44:16,790 --> 00:44:14,800

love to in the future i would love to

1335

00:44:18,790 --> 00:44:16,800

talk to him you know but i wouldn't

1336

00:44:21,030 --> 00:44:18,800

debate flat earth with him i just want

1337

00:44:23,109 --> 00:44:21,040

to talk to him about the the structure

1338

00:44:25,510 --> 00:44:23,119

of the debate and why

1339

00:44:27,670 --> 00:44:25,520

it's a no-no topic and and it's more of

1340

00:44:30,069 --> 00:44:27,680

the merits of the conversation than

1341

00:44:32,069 --> 00:44:30,079

the actual conversation itself

1342

00:44:33,670 --> 00:44:32,079

yeah that's where i would go with it

1343

00:44:35,670 --> 00:44:33,680

by the way i am seeing quite a few new

1344

00:44:36,870 --> 00:44:35,680

people in here um you guys thank you for

1345

00:44:39,030 --> 00:44:36,880

checking out the channel if you hopped

1346

00:44:40,630 --> 00:44:39,040

on if you wouldn't mind liking the video

1347

00:44:42,309 --> 00:44:40,640

or i'm sorry liking the channel and

1348

00:44:43,990 --> 00:44:42,319

maybe subscribing that'd be awesome ben

1349

00:44:45,589 --> 00:44:44,000

and joe this is the ben and joe's show

1350

00:44:47,270 --> 00:44:45,599

the ufo garage podcast where they're all

1351

00:44:49,510 --> 00:44:47,280

about aliens ufos

1352

00:44:51,030 --> 00:44:49,520

and all things weird i'd really

1353

00:44:52,870 --> 00:44:51,040

appreciate that

1354

00:44:54,230 --> 00:44:52,880

um but yeah i can't thank you for

1355

00:44:55,589 --> 00:44:54,240

anything else and i know i gotta i

1356

00:44:57,670 --> 00:44:55,599

should have gone to bed about 20 minutes

1357

00:44:59,750 --> 00:44:57,680

ago anyways uh but

1358

00:45:01,109 --> 00:44:59,760

i got nothing more here we are right

1359

00:45:02,790 --> 00:45:01,119

yeah me either

1360

00:45:05,670 --> 00:45:02,800

chad my goodness sonny do you have

1361

00:45:08,230 --> 00:45:05,680

anything you want to add to this

1362

00:45:09,750 --> 00:45:08,240

no man no that was good um other than uh

1363

00:45:12,230 --> 00:45:09,760

if you get that guy back on i want to

1364

00:45:14,309 --> 00:45:12,240

know because i want to see it again

1365

00:45:15,670 --> 00:45:14,319

or i'm gonna have to go look because

1366

00:45:17,829 --> 00:45:15,680

i'm gonna have to go at least watch the

1367

00:45:20,309 --> 00:45:17,839

first 15 minutes i missed or whatever it

1368

00:45:22,470 --> 00:45:20,319

was because yeah

1369

00:45:24,150 --> 00:45:22,480

hey sonny before you go yeah should i

1370

00:45:25,270 --> 00:45:24,160

pet your dog nobody

1371

00:45:28,309 --> 00:45:25,280

all right i want to put your dog on the

1372

00:45:31,270 --> 00:45:29,990

she's stuffed i didn't want to bury her

1373

00:45:32,870 --> 00:45:31,280

when she passed away i didn't want to

1374

00:45:33,670 --> 00:45:32,880

get rid of her so that's just a stuff

1375

00:45:35,589 --> 00:45:33,680

dog

1376

00:45:37,829 --> 00:45:35,599

okay cool then she doesn't fight no not

1377

00:45:41,829 --> 00:45:37,839

really not really she's alive guys

1378

00:45:46,550 --> 00:45:42,870

whatever daylight time

1386

00:46:02,790 --> 00:46:00,720

yeah

1387

00:46:03,829 --> 00:46:02,800

6 p.m pdt

1388

00:46:05,510 --> 00:46:03,839

chris

1389

00:46:07,349 --> 00:46:05,520

you know find me on on

1393

00:46:17,990 --> 00:46:14,640

instagram at conspire theory underscore

1394

00:46:20,069 --> 00:46:18,000

between all the words or twitter at just

1395

00:46:20,870 --> 00:46:20,079

conspire theory all one word and i'll be

1396

00:46:23,430 --> 00:46:20,880

there

1397

00:46:24,790 --> 00:46:23,440

100 and i feel bad i totally knew that

1398

00:46:26,230 --> 00:46:24,800

part i was gonna do that part for you

1399

00:46:27,349 --> 00:46:26,240

what i was gonna say is what time zone

1400

00:46:28,390 --> 00:46:27,359

are you in i'm sorry i didn't want you

1401

00:46:32,150 --> 00:46:28,400

to think i didn't know what your name

1402

00:46:35,270 --> 00:46:33,430

because you're are we in the same or

1403

00:46:37,750 --> 00:46:35,280

you're one hour behind yeah i think i

1404

00:46:40,790 --> 00:46:37,760

don't i i forget i i don't know it's 12

1405

00:46:42,550 --> 00:46:40,800

23 am here for me so but okay i'm one

1406

00:46:43,670 --> 00:46:42,560

hour behind sunday night we're talking

1407

00:46:45,910 --> 00:46:43,680

about today for us like some of the

1408

00:46:47,670 --> 00:46:45,920

mandela effect stuff i swear guys and

1409

00:46:49,030 --> 00:46:47,680

now i guess i'm wrong i've got to eat

1410

00:46:51,270 --> 00:46:49,040

crow on this

1411

00:46:53,670 --> 00:46:51,280

but i swear it used to be called

1412

00:46:56,550 --> 00:46:53,680

eastern central time zone

1413

00:46:59,670 --> 00:46:56,560

and there's no such thing mine was

1414

00:47:02,470 --> 00:46:59,680

specific pacific standard time zone and

1415

00:47:03,750 --> 00:47:02,480

now it's pdt

1416

00:47:05,270 --> 00:47:03,760

that's why i was asking chris do you

1417

00:47:07,430 --> 00:47:05,280

remember something else yeah that's

1418

00:47:09,510 --> 00:47:07,440

weird for you i think a lot of the i

1419

00:47:11,589 --> 00:47:09,520

just another my own conspiracy theory i

1420

00:47:14,230 --> 00:47:11,599

think a lot of the mandela effect stuff

1421

00:47:16,150 --> 00:47:14,240

is just to cover for google rewriting

1422

00:47:18,230 --> 00:47:16,160

our history and [h__h] like that because

1423

00:47:20,630 --> 00:47:18,240

where do we go to find this [h__h] out we

1424

00:47:21,990 --> 00:47:20,640

we pop up the google and say hey google

1425

00:47:23,510 --> 00:47:22,000

tell me what i'm supposed to know it's

1426

00:47:25,349 --> 00:47:23,520

like well this is what you should think

1427

00:47:26,790 --> 00:47:25,359

this because they're redefining the

1428

00:47:29,109 --> 00:47:26,800

words all the goddamn time and

1429

00:47:31,030 --> 00:47:29,119

redefining everything and it's like now

1430

00:47:32,950 --> 00:47:31,040

i think racism has been rewritten as

1431

00:47:35,190 --> 00:47:32,960

well as you know uh fascist and all this

1432

00:47:36,710 --> 00:47:35,200

stuff like yeah just to say what they

1433

00:47:38,470 --> 00:47:36,720

want it to mean when they're screaming

1434

00:47:40,710 --> 00:47:38,480

it at people that protests and [h__h] like

1435

00:47:43,670 --> 00:47:40,720

that and it's just rather obnoxious but

1436

00:47:46,549 --> 00:47:43,680

anyways i i think that's that's how most

1437

00:47:48,230 --> 00:47:46,559

of mandela is explained away but as far

1438

00:47:49,750 --> 00:47:48,240

as the other stuff yeah i do think that

1439

00:47:51,030 --> 00:47:49,760

is pretty spooky

1440

00:47:52,390 --> 00:47:51,040

thank you

1441

00:47:53,990 --> 00:47:52,400

all right gentlemen well i'm gonna get

1442

00:47:55,510 --> 00:47:54,000

you guys out of here thank you for

1443

00:47:56,790 --> 00:47:55,520

hopping on thank you for those that were

1444

00:47:58,470 --> 00:47:56,800

in the chat tonight and if you like i

1445

00:48:00,069 --> 00:47:58,480

said you're watching this video don't

1446

00:48:01,510 --> 00:48:00,079

forget if you haven't yet to hit like

1447

00:48:02,870 --> 00:48:01,520

and subscribe and ring the bell that way

1448

00:48:04,549 --> 00:48:02,880

you're notified even if i go live with

1449

00:48:06,069 --> 00:48:04,559

zoom which will probably never ever

1450

00:48:07,829 --> 00:48:06,079

happen again but if for some reason i do

1451

00:48:09,430 --> 00:48:07,839

it will let you know

1452

00:48:10,710 --> 00:48:09,440

and like we said you can check out the

1453

00:48:12,710 --> 00:48:10,720

two gentlemen i have with me here and

1454

00:48:14,390 --> 00:48:12,720

the places they have mentioned and we

1455

00:48:16,790 --> 00:48:14,400
