[Applause]

3  
00:00:41,590 --> 00:00:14,160  
[Music]

4  
00:00:45,430 --> 00:00:43,590  
i muted you i did the same exact thing i

5  
00:00:47,430 --> 00:00:45,440  
did last year

6  
00:00:49,190 --> 00:00:47,440  
the 18 times we practiced this let's do

7  
00:00:52,790 --> 00:00:49,200  
it again

8  
00:01:01,180 --> 00:00:54,630  
hold on i have to poop

9  
00:01:07,830 --> 00:01:04,150  
[Music]

10  
00:01:09,830 --> 00:01:07,840  
[Applause]

11  
00:01:13,810 --> 00:01:09,840  
is your back working

12  
00:01:13,890 --> 00:01:13,820  
yeah i think so there you go

13  
00:01:15,830 --> 00:01:13,900

[Applause]

14

00:01:29,190 --> 00:01:15,840

[Music]

15

00:01:35,429 --> 00:01:32,469

we're going to do it one day i promise

16

00:01:38,390 --> 00:01:35,439

hey we are one tight ship over here we

17

00:01:40,149 --> 00:01:38,400

rehearsed it like literally 18 times i'm

18

00:01:42,310 --> 00:01:40,159

not i'm not exaggerating we're not

19

00:01:44,710 --> 00:01:42,320

exaggerating we did it 18 times we've

20

00:01:48,149 --> 00:01:44,720

been here since seven o'clock practicing

21

00:01:49,670 --> 00:01:48,159

that intro and it still didn't work

22

00:01:50,710 --> 00:01:49,680

and we and we did it the way that we

23

00:01:52,870 --> 00:01:50,720

decided we were going to do it because

24

00:01:54,389 --> 00:01:52,880

it worked for you yeah

25

00:01:56,550 --> 00:01:54,399

what changes

26  
00:01:58,709 --> 00:01:56,560  
then now to when you go live now i have

27  
00:02:01,510 --> 00:01:58,719  
to mute and then unmute

28  
00:02:04,230 --> 00:02:01,520  
it could be it's tricky it's tricky

29  
00:02:07,350 --> 00:02:04,240  
uh well we'll figure it out uh

30  
00:02:09,430 --> 00:02:07,360

49

00:03:00,630 --> 00:02:58,159

i sort of felt the bottom

50

00:03:01,509 --> 00:03:00,640

started i started from the top now i'm

51  
00:03:03,270 --> 00:03:01,519  
here

52  
00:03:05,110 --> 00:03:03,280  
we met in the middle

53  
00:03:07,270 --> 00:03:05,120  
yeah dude

54  
00:03:09,190 --> 00:03:07,280

55  
00:03:09,990 --> 00:03:09,200

56  
00:03:11,750 --> 00:03:10,000  
of

57  
00:03:13,350 --> 00:03:11,760  
uh and there were rascal flats were we

58  
00:03:21,270 --> 00:03:13,360  
seeing a rascal rascal flats the other

59  
00:03:26,949 --> 00:03:23,670  
movies and department stores yeah kids

60  
00:03:28,949 --> 00:03:26,959  
movies and department stores

61  
00:03:30,830 --> 00:03:28,959  
oh my god dude

62  
00:03:35,509 --> 00:03:30,840

64

00:03:39,670 --> 00:03:37,519

mess oh dude i'm right here dude i'm

65

00:03:43,670 --> 00:03:39,680

right here all right i need a second

66

00:03:45,910 --> 00:03:43,680

i lost my uh my my uh my game window of

67

00:03:48,550 --> 00:03:45,920

the the game we want to play the

68

00:03:49,990 --> 00:03:48,560

what alien movie is this oh yeah we're

69

00:03:52,470 --> 00:03:50,000

going to do another round of what what

70

00:03:53,750 --> 00:03:52,480

uh what alien movie is this and and and

71

00:03:54,869 --> 00:03:53,760

ben would you like to tell the people if

72

00:03:57,270 --> 00:03:54,879

they can win

73

00:03:58,390 --> 00:03:57,280

i cannot do dude

74

00:04:01,110 --> 00:03:58,400

you want me to tell them what they can

75

00:04:04,710 --> 00:04:01,120

win yes ladies and gentlemen you can win

76

00:04:10,149 --> 00:04:07,110

it's a little anti-climatic on my end

77

00:04:11,670 --> 00:04:10,159

yeah i mean we need sound effects i know

78

00:04:13,990 --> 00:04:11,680

because if i was to hit a button and

79

00:04:16,469 --> 00:04:14,000

like there was like the crowd went wild

80

00:04:22,310 --> 00:04:16,479

okay now i got it all right i've got it

81

00:04:26,230 --> 00:04:23,909

yeah dude did you hear the fart at the

82

00:04:27,189 --> 00:04:26,240

end i did if y'all didn't hear the fart

83

00:04:31,980 --> 00:04:27,199

at the end i'm gonna play it one more

84

00:04:38,230 --> 00:04:35,350

[Applause]

85

00:04:40,710 --> 00:04:38,240

anyway guys we're gonna show you five

86

00:04:44,150 --> 00:04:40,720

different photos from an alien movie and

87

00:04:46,230 --> 00:04:44,160

if you can the first person to to in the

88

00:04:49,270 --> 00:04:46,240

chat on the live stream and the youtube

89

00:04:50,950 --> 00:04:49,280

to type in what what movie that alien or

90

00:04:52,629 --> 00:04:50,960

that scene is from there's there's one

91

00:04:54,790 --> 00:04:52,639

tricky one in there if you can guess

92

00:04:56,310 --> 00:04:54,800

that the first person to guess that who

93

00:04:57,590 --> 00:04:56,320

gets the most out of the five it's an

94

00:04:58,870 --> 00:04:57,600

odd number

95

00:05:00,710 --> 00:04:58,880

whoever gets the most gets a free

96

00:05:02,070 --> 00:05:00,720

t-shirt we're gonna send you a t-shirt

97

00:05:04,150 --> 00:05:02,080

so

98

00:05:06,310 --> 00:05:04,160

that's fun

99

00:05:09,510 --> 00:05:06,320

um it's one at smith because you got

100

00:05:14,390 --> 00:05:13,110

we'll send you a chad smith t-shirt

101  
00:05:15,830 --> 00:05:14,400  
another one

102  
00:05:18,150 --> 00:05:15,840  
okay something happens to your original

103  
00:05:19,990 --> 00:05:18,160  
chad smith t-shirt dude yeah

104  
00:05:21,830 --> 00:05:20,000  
because it could be it could be

105  
00:05:24,390 --> 00:05:21,840  
honestly you know be fun if it was a

106  
00:05:26,390 --> 00:05:24,400  
t-shirt that like we're wearing now or

107  
00:05:27,590 --> 00:05:26,400  
the one the one with the nipple

108  
00:05:29,110 --> 00:05:27,600  
rip off

109  
00:05:31,029 --> 00:05:29,120  
i mean that one that one we need to put

110  
00:05:33,270 --> 00:05:31,039  
in a glass case i think that's a special

111  
00:05:34,310 --> 00:05:33,280  
one i know dude smells special that's

112  
00:05:37,510 --> 00:05:34,320  
for sure

113  
00:05:39,430 --> 00:05:37,520

um okay so guys the rules of the game

114

00:05:42,469 --> 00:05:39,440

first person to uh

115

00:05:45,670 --> 00:05:42,479

uh type in the chat which alien is or

116

00:05:48,150 --> 00:05:45,680

what movie this alien is from

117

00:05:51,749 --> 00:05:48,160

what alien movie is this

118

00:05:53,830 --> 00:05:51,759

name that alien movie yeah

119

00:05:57,189 --> 00:05:53,840

don't end the alien i mean you can just

120

00:05:58,070 --> 00:05:57,199

make sure you name the movie yeah

121

00:06:03,189 --> 00:05:58,080

okay

122

00:06:08,629 --> 00:06:05,749

no not a star wars

123

00:06:11,029 --> 00:06:08,639

it's star class it's not shrek it is

124

00:06:13,110 --> 00:06:11,039

star wars it's not the muppets who said

125

00:06:15,350 --> 00:06:13,120

shrek dude it's not guardians of the

126  
00:06:17,029 --> 00:06:15,360  
galaxy

127  
00:06:18,950 --> 00:06:17,039  
why just says he can't wait for nipple

128  
00:06:21,909 --> 00:06:18,960  
tuesday

129  
00:06:24,230 --> 00:06:21,919  
that's so why stargate spooky gets it

130  
00:06:26,390 --> 00:06:24,240  
oh that's a point for spooky hold on let

131  
00:06:28,790 --> 00:06:26,400  
me bust out my number two

132  
00:06:30,469 --> 00:06:28,800  
one point for spooky

133  
00:06:32,629 --> 00:06:30,479  
oh yeah get you get your number two

134  
00:06:34,309 --> 00:06:32,639  
pencil out bro we need we need a tally

135  
00:06:35,670 --> 00:06:34,319  
should i do like real numbers like

136  
00:06:37,510 --> 00:06:35,680  
arabic numbers or should i do roman

137  
00:06:38,550 --> 00:06:37,520  
numerals roman numerals roman numerals

138  
00:06:41,189 --> 00:06:38,560

only okay

139

00:06:42,950 --> 00:06:41,199

i got this okay spooky for one as long

140

00:06:44,150 --> 00:06:42,960

as we don't have to go past six also wes

141

00:06:47,670 --> 00:06:44,160

got it right

142

00:06:50,469 --> 00:06:47,680

hey there ain't no prizes for second

143

00:06:52,629 --> 00:06:50,479

place here jake got it right gordium got

144

00:06:56,469 --> 00:06:52,639

it right against like again and caps and

145

00:07:00,070 --> 00:06:58,629

it's actually the original movie

146

00:07:03,350 --> 00:07:00,080

stargate

147

00:07:06,309 --> 00:07:03,360

um spooky directed by a quentin

148

00:07:09,029 --> 00:07:07,350

no

149

00:07:10,870 --> 00:07:09,039

well what's the guy's name the uh the

150

00:07:12,629 --> 00:07:10,880

main actor this is this is the one that

151  
00:07:15,110 --> 00:07:12,639  
if you watch the special credits you see

152  
00:07:17,749 --> 00:07:15,120  
uh giorgio all young

153  
00:07:20,309 --> 00:07:17,759  
yes yeah all right

154  
00:07:23,430 --> 00:07:20,319  
oh my god yeah she was fresh back in the

155  
00:07:24,870 --> 00:07:23,440  
day you don't want to watch that

156  
00:07:26,550 --> 00:07:24,880  
all right yeah that's not it's not

157  
00:07:28,309 --> 00:07:26,560  
synced up it's getting a lot of air time

158  
00:07:31,510 --> 00:07:28,319  
all right let's keep going with the game

159  
00:07:33,510 --> 00:07:31,520  
uh number two

160  
00:07:36,390 --> 00:07:33,520  
all right yeah this is a good one deep

161  
00:07:39,510 --> 00:07:37,830  
i love their faces

162  
00:07:41,589 --> 00:07:39,520  
this is like this is like the equivalent

163  
00:07:43,510 --> 00:07:41,599

of today's like

164

00:07:45,350 --> 00:07:43,520

our parents trying to facetime

165

00:07:46,710 --> 00:07:45,360

i think everybody's

166

00:07:48,550 --> 00:07:46,720

crowding around

167

00:07:50,070 --> 00:07:48,560

travis green hey hold on one second

168

00:07:52,950 --> 00:07:50,080

travis green i'm gonna get back to you

169

00:07:54,710 --> 00:07:52,960

bro yes on all that stuff we got a

170

00:07:56,629 --> 00:07:54,720

message and we all know how shitty i am

171

00:07:58,790 --> 00:07:56,639

at getting back on private messages i'm

172

00:08:00,790 --> 00:07:58,800

sorry but travis i got you dude

173

00:08:02,710 --> 00:08:00,800

i haven't forgotten about your hats

174

00:08:04,550 --> 00:08:02,720

battery's not included greg

175

00:08:06,629 --> 00:08:04,560

travis dude freaking love that album

176

00:08:09,830 --> 00:08:06,639

i've been rocking that

177

00:08:11,990 --> 00:08:09,840

amazing gold music dude you had a great

178

00:08:13,909 --> 00:08:12,000

description of his music dude it's

179

00:08:16,390 --> 00:08:13,919

awesome yeah only my only problem with

180

00:08:17,909 --> 00:08:16,400

it is that there's not more songs on the

181

00:08:20,550 --> 00:08:17,919

ep or album

182

00:08:22,869 --> 00:08:20,560

freaking love it dude

183

00:08:24,869 --> 00:08:22,879

greg got the next one it was batteries

184

00:08:26,629 --> 00:08:24,879

not included

185

00:08:28,550 --> 00:08:26,639

greg you like how i did that game voice

186

00:08:31,029 --> 00:08:28,560

battery's not included

187

00:08:34,550 --> 00:08:31,039

oh yeah i do like that that's a point

188

00:08:40,949 --> 00:08:37,829

someone said apollo said sliderman

189

00:08:42,709 --> 00:08:40,959

slider one

190

00:08:44,790 --> 00:08:42,719

what is sliderman

191

00:08:46,389 --> 00:08:44,800

hey okay we didn't think about this but

192

00:08:48,470 --> 00:08:46,399

what happens if like a different person

193

00:08:50,790 --> 00:08:48,480

gets it each time

194

00:08:52,790 --> 00:08:50,800

all five times did we have a tie

195

00:08:53,829 --> 00:08:52,800

though yeah okay you know we'll cross

196

00:08:55,269 --> 00:08:53,839

that bridge when we get there then

197

00:08:57,350 --> 00:08:55,279

everybody gets a free shirt bonnie i

198

00:08:59,829 --> 00:08:57,360

love purple ring i'm saying it now if if

199

00:09:02,310 --> 00:08:59,839

there's if if one person

200

00:09:04,710 --> 00:09:02,320

if there's not a a a repeat then

201

00:09:07,590 --> 00:09:04,720

everybody gets free shirt

202

00:09:10,389 --> 00:09:07,600

you heard it here yeah uh kurt russell

203

00:09:12,310 --> 00:09:10,399

that was the yeah thank you uh [h\_\_h] i

204

00:09:14,230 --> 00:09:12,320

just um

205

00:09:15,110 --> 00:09:14,240

oh my gosh

206

00:09:20,150 --> 00:09:15,120

greg

207

00:09:22,150 --> 00:09:20,160

like the who's the main dude though the

208

00:09:24,550 --> 00:09:22,160

guy who like he's like the guy that eats

209

00:09:26,150 --> 00:09:24,560

the chicken the the [h\_\_h] guy he's in

210

00:09:28,070 --> 00:09:26,160

uh the office

211

00:09:30,070 --> 00:09:28,080

um what's that guy's name and battery's

212

00:09:32,070 --> 00:09:30,080

not included oh no we're talking about

213

00:09:34,070 --> 00:09:32,080

stargate oh

214

00:09:36,310 --> 00:09:34,080

it's like james spader

215

00:09:38,630 --> 00:09:36,320

just thought of it james spader hell

216

00:09:39,910 --> 00:09:38,640

yeah dude you did it

217

00:09:42,310 --> 00:09:39,920

dude

218

00:09:45,350 --> 00:09:42,320

also sliderman um

219

00:09:46,949 --> 00:09:45,360

i picture like a superhero

220

00:09:49,509 --> 00:09:46,959

but he's small

221

00:09:52,870 --> 00:09:49,519

a small cheeseburger superhuman

222

00:09:54,550 --> 00:09:52,880

you know but he has shoes

223

00:09:57,829 --> 00:09:54,560

but they're like slippery shoes because

224

00:09:59,590 --> 00:09:57,839

he fights crime yeah the sliderman yeah

225

00:10:01,350 --> 00:09:59,600

so like when something bad happens he

226

00:10:03,590 --> 00:10:01,360

slides in and he's like

227

00:10:06,630 --> 00:10:03,600

is there a crime going on here

228

00:10:09,430 --> 00:10:06,640

and the bad guys are like no

229

00:10:12,949 --> 00:10:11,350

see you guys see you guys later i guess

230

00:10:14,870 --> 00:10:12,959

bye

231

00:10:17,829 --> 00:10:14,880

okay oh yeah what's the next movie man

232

00:10:20,150 --> 00:10:17,839

purple radio purple okay

233

00:10:21,910 --> 00:10:20,160

next movie

234

00:10:25,350 --> 00:10:21,920

i would never have guessed this one this

235

00:10:29,750 --> 00:10:26,470

uh

236

00:10:34,550 --> 00:10:31,509

starman

237

00:10:35,990 --> 00:10:34,560

skyline skyline is a is a is a decent

238

00:10:38,630 --> 00:10:36,000

alien movie

239

00:10:41,910 --> 00:10:38,640

it's a good one

240

00:10:48,470 --> 00:10:44,790

i think that that's a

241

00:10:50,630 --> 00:10:48,480

an eastern european uh duffak attack oif

242

00:10:54,550 --> 00:10:50,640

the killer tomatoes i'm going to go

243

00:10:56,710 --> 00:10:54,560

ahead and take that mr crowley

244

00:10:59,269 --> 00:10:56,720

of it's okay

245

00:11:02,069 --> 00:10:59,279

hell yeah mr crowley one point for mr

246

00:11:04,470 --> 00:11:02,079

crowley all right we got two more

247

00:11:05,829 --> 00:11:04,480

we got two more and i think everybody's

248

00:11:07,670 --> 00:11:05,839

probably like in a private chat of their

249

00:11:08,470 --> 00:11:07,680

own they're like don't answer

250

00:11:10,310 --> 00:11:08,480

yeah

251

00:11:12,310 --> 00:11:10,320

we can all all get a shirt we all get

252

00:11:13,990 --> 00:11:12,320

t-shirts oh no do we have two more this

253

00:11:17,670 --> 00:11:14,000

is one and then one there's one more

254

00:11:20,310 --> 00:11:19,269

dude this one's this one's gonna be

255

00:11:21,750 --> 00:11:20,320

tough

256

00:11:23,430 --> 00:11:21,760

you think so this one's gonna be your

257

00:11:26,150 --> 00:11:23,440

early job

258

00:11:28,550 --> 00:11:26,160

melissa said what's eating gilbert grape

259

00:11:32,630 --> 00:11:28,560

what

260

00:11:38,310 --> 00:11:35,430

okay i i think we might have a winner

261

00:11:40,870 --> 00:11:38,320

jake the snake but you spelled you you

262

00:11:43,030 --> 00:11:40,880

spelled it you it's a c

263

00:11:45,269 --> 00:11:43,040

do we give it to him because josh is

264

00:11:46,949 --> 00:11:45,279

okay fine well right now if i'm taking a

265

00:11:49,269 --> 00:11:46,959

look at the at the playbook i'm looking

266

00:11:51,910 --> 00:11:49,279

at the keys right now and the v is very

267

00:11:55,110 --> 00:11:51,920

very close to the c so i can understand

268

00:11:56,550 --> 00:11:55,120

how the mistake happened now if the c

269

00:11:58,150 --> 00:11:56,560

happened to be like a p

270

00:12:00,150 --> 00:11:58,160

i wouldn't give it to him but given the

271

00:12:01,829 --> 00:12:00,160

circumstances yeah you're right right

272

00:12:03,269 --> 00:12:01,839

now in front i have to give it to jake

273

00:12:04,629 --> 00:12:03,279

i'm going to give it to jake so

274

00:12:06,550 --> 00:12:04,639

everybody gets a free shirt there's five

275

00:12:07,670 --> 00:12:06,560

that's uh well oh actually we have

276

00:12:09,509 --> 00:12:07,680

there's one

277

00:12:10,790 --> 00:12:09,519

one of you guys just messed it up for

278

00:12:12,710 --> 00:12:10,800

everybody

279

00:12:13,990 --> 00:12:12,720

which is awesome

280

00:12:16,470 --> 00:12:14,000

and [h\_\_h] up

281

00:12:18,870 --> 00:12:16,480

it's hilarious but also

282

00:12:21,670 --> 00:12:18,880

but also furthermore dude but also

283

00:12:24,389 --> 00:12:21,680

furthermore with this one this this baby

284

00:12:26,550 --> 00:12:24,399

poppa looks like nibbler my pug

285

00:12:29,829 --> 00:12:26,560

i think it's cute anyway all right next

286

00:12:34,790 --> 00:12:32,069

i i mean dude as soon as i saw it the

287

00:12:36,870 --> 00:12:34,800

only reason it was fresh on my mind

288

00:12:40,550 --> 00:12:36,880

is because i just watched this movie

289

00:12:41,829 --> 00:12:40,560

yeah debbie does dallas no wrong why

290

00:12:44,550 --> 00:12:41,839

wrong

291

00:12:47,990 --> 00:12:46,069

melissa says she won it let's check

292

00:12:50,069 --> 00:12:48,000

let's recheck she said she won let's

293

00:12:52,710 --> 00:12:50,079

let's make sure melissa it's it's not

294

00:12:53,950 --> 00:12:52,720

gilbert

295

00:12:59,350 --> 00:12:53,960

voldemort harry potter

296

00:13:00,389 --> 00:12:59,360

[Laughter]

297

00:13:05,030 --> 00:13:00,399

ah

298

00:13:10,629 --> 00:13:07,590

got him his jacket's guy well it looks

299

00:13:12,550 --> 00:13:10,639

like we're giving away five shirts

300

00:13:14,470 --> 00:13:12,560

so there was no double ups

301

00:13:16,870 --> 00:13:14,480

no oh [h\_\_h] okay i actually like that

302

00:13:19,509 --> 00:13:16,880

more okay five free shirts boom okay you

303

00:13:22,230 --> 00:13:19,519

got the tally right yep all right uh

304

00:13:23,030 --> 00:13:22,240

well how do we reach these people

305

00:13:25,910 --> 00:13:23,040

okay

306

00:13:28,470 --> 00:13:25,920

what you have to do is you have to go

307

315

00:13:56,710 --> 00:13:53,680

it's so fun or

316

00:13:58,310 --> 00:13:56,720

um joe at ufo garagepodcast.com too

317

00:13:59,829 --> 00:13:58,320

318

00:14:02,389 --> 00:13:59,839

319

00:14:07,430 --> 00:14:02,399

checked your email ever always check it

320

00:14:12,230 --> 00:14:10,069

i sent you five thousand dollars just to

321

00:14:13,910 --> 00:14:12,240

see if you would check it and and it's

322

00:14:14,949 --> 00:14:13,920

gone it was on a time limit so i knew

323

00:14:16,710 --> 00:14:14,959

this out

324

00:14:18,310 --> 00:14:16,720

and it was fake

325

00:14:19,509 --> 00:14:18,320

nothing good like that ever happens to

326

00:14:21,900 --> 00:14:19,519

me

327

00:14:25,350 --> 00:14:21,910

be gone by tomorrow

328

00:14:27,590 --> 00:14:25,360

[Laughter]

329

00:14:30,550 --> 00:14:27,600

tax right off yes bonnie hey yeah shout

330

00:14:32,790 --> 00:14:30,560

out to bonnie uh bonnie's been uh uh

331

00:14:35,030 --> 00:14:32,800

emailing us some pretty good tips on she

332

00:14:37,990 --> 00:14:35,040

said you can write we could write off

333

00:14:39,350 --> 00:14:38,000

our um our alcohol consumption

334

00:14:41,670 --> 00:14:39,360

during the show

335

00:14:43,509 --> 00:14:41,680

and and i mean technically we are kind

336

00:14:45,910 --> 00:14:43,519

of doing a tasting you know and we're

337

00:14:48,069 --> 00:14:45,920

doing like a promotion of of these uh

338

00:14:49,430 --> 00:14:48,079

these beverages so i don't know

339

00:14:53,350 --> 00:14:49,440

i think it's smart

340

00:14:56,949 --> 00:14:53,360

some creepers wine dude

341

00:15:02,389 --> 00:14:58,949

342

00:15:03,750 --> 00:15:02,399

sauvignon bro do it again

343

00:15:06,310 --> 00:15:03,760

it's such a good one

344

00:15:12,629 --> 00:15:06,320

creeper just do creeper wine

345

00:15:12,639 --> 00:15:18,870

346

00:15:23,829 --> 00:15:20,949

that dude's so cool i love his videos

347

00:15:30,629 --> 00:15:27,110

every day's a new day homie

348

00:15:32,870 --> 00:15:30,639

every path has a new adventure

349

00:15:38,710 --> 00:15:32,880

as the natures whisper

350

00:15:43,829 --> 00:15:40,710

rise up

351  
00:15:45,189 --> 00:15:43,839  
and represent a

352  
00:15:47,350 --> 00:15:45,199  
work hard

353  
00:15:49,110 --> 00:15:47,360  
at chalegas

354  
00:15:51,829 --> 00:15:49,120  
for your familia

355  
00:15:54,550 --> 00:15:51,839  
for yourself

356  
00:15:57,590 --> 00:15:54,560  
this was bound about 12 years ago

357  
00:16:02,790 --> 00:15:57,600  
so i just got in there for pretense

358  
00:16:07,509 --> 00:16:05,749  
got to live life to the fullest eh

359  
00:16:09,350 --> 00:16:07,519  
if grapes could talk

360  
00:16:11,590 --> 00:16:09,360  
what would they say

361  
00:16:12,790 --> 00:16:11,600  
hey how you doing

362  
00:16:14,949 --> 00:16:12,800  
spouses

363  
00:16:17,910 --> 00:16:14,959

[h\_\_h] your video

364

00:16:20,150 --> 00:16:17,920

i'm gonna keep living my life

365

00:16:23,030 --> 00:16:20,160

either way it's always quality first

366

thingy and i'm gonna play that youtube

397

00:17:49,520 --> 00:17:48,640

the ufo video guys we got a ufo video we

398

00:17:51,430 --> 00:17:49,530

want a reaction

399

00:17:54,950 --> 00:17:51,440

[Music]

400

00:17:56,630 --> 00:17:54,960

um from what do you guys think of this

401  
00:17:59,750 --> 00:17:56,640  
this right here

402  
00:18:03,430 --> 00:17:59,760  
the thing that i'm about to show

403  
00:18:06,150 --> 00:18:03,440  
above men ufo spotted in sky above

404  
00:18:09,590 --> 00:18:06,160  
memphis eyewitness

405  
00:18:15,820 --> 00:18:09,600  
has normal reaction january 2nd 2020

406  
00:18:21,669 --> 00:18:17,669  
[Music]

407  
00:18:23,190 --> 00:18:21,679  
oh what is that y'all we finna die oh my

408  
00:18:24,150 --> 00:18:23,200  
god what is this

409  
00:18:37,190 --> 00:18:24,160  
y'all

410  
00:18:40,630 --> 00:18:39,110  
yeah you have two phones it might be

411  
00:18:44,870 --> 00:18:40,640  
some more coming because they've been

412  
00:18:48,789 --> 00:18:44,880  
coming in streaks what the [h\_\_\h] is that

413  
00:18:50,789 --> 00:18:48,799

oh what is that y'all we finna die oh is

414

00:18:52,470 --> 00:18:50,799

it like a looping thing yeah it's like a

415

00:18:53,990 --> 00:18:52,480

loop god that's a good loop and then

416

00:18:57,029 --> 00:18:54,000

there's like at the end like at one

417

00:18:59,270 --> 00:18:57,039

minute there's another view from like a

418

00:19:00,070 --> 00:18:59,280

different angle from a different camera

419

00:19:01,430 --> 00:19:00,080

uh

420

00:19:04,070 --> 00:19:01,440

yeah i mean

421

00:19:06,390 --> 00:19:04,080

come coming from tmz right i mean it is

422

00:19:07,990 --> 00:19:06,400

what it is yeah but also at the same

423

00:19:11,510 --> 00:19:08,000

time it's kind of humorous but at the

424

00:19:13,510 --> 00:19:11,520

same time it's like uh yeah

425

00:19:16,710 --> 00:19:13,520

those orange balls where the [h\_\_h] do

426  
00:19:19,830 --> 00:19:16,720  
they come from right big giant orange

427  
00:19:21,909 --> 00:19:19,840  
ball glowing balls where do they come

428  
00:19:23,110 --> 00:19:21,919  
from dude like i mean we've you know

429  
00:19:25,270 --> 00:19:23,120  
there's a lot of people that have seen

430  
00:19:26,070 --> 00:19:25,280  
those it's not like something that's

431  
00:19:35,590 --> 00:19:26,080  
like

432  
00:19:37,430 --> 00:19:35,600  
balls

433  
00:19:39,830 --> 00:19:37,440  
floating around in the sky pioneers

434  
00:19:42,470 --> 00:19:39,840  
wrote them from

435  
00:19:43,990 --> 00:19:42,480  
pioneer for miles

436  
00:19:45,830 --> 00:19:44,000  
so dude

437  
00:19:49,110 --> 00:19:45,840  
what's up sorry for burping right into

438  
00:19:51,350 --> 00:19:49,120

the microphone um the he uh

439

00:19:52,710 --> 00:19:51,360

the formation is is interesting also if

440

00:19:54,710 --> 00:19:52,720

you notice during the video they kind of

441

00:19:58,549 --> 00:19:54,720

change shape or

442

00:20:02,470 --> 00:20:00,630

i know you can't hear this i i changed

443

00:20:03,669 --> 00:20:02,480

it but like this one's like a more

444

00:20:06,149 --> 00:20:03,679

reddish

445

00:20:07,190 --> 00:20:06,159

it's so tough on these potato phones

446

00:20:08,549 --> 00:20:07,200

because

447

00:20:10,549 --> 00:20:08,559

like

448

00:20:12,470 --> 00:20:10,559

remember when i was explaining what i

449

00:20:14,710 --> 00:20:12,480

see out of my backyard looking at my

450

00:20:16,950 --> 00:20:14,720

flight path every night yeah the same

451

00:20:18,230 --> 00:20:16,960

exact time

452

00:20:20,470 --> 00:20:18,240

we were talking to jamie and brie about

453

00:20:21,669 --> 00:20:20,480

this uh on two on tuesday on top of

454

00:20:24,070 --> 00:20:21,679

tuesday

455

00:20:25,909 --> 00:20:24,080

um that like

456

00:20:27,590 --> 00:20:25,919

if if it's at a certain time of day

457

00:20:29,110 --> 00:20:27,600

and if you're just taking a video on

458

00:20:30,789 --> 00:20:29,120

your phone like you can't see that

459

00:20:33,909 --> 00:20:30,799

flashing light

460

00:20:35,750 --> 00:20:33,919

even on the br i have a brand new iphone

461

00:20:37,909 --> 00:20:35,760

like the best camera

462

00:20:40,630 --> 00:20:37,919

that iphone has right now and it sucks

463

00:20:42,630 --> 00:20:40,640

at night it's terrible at night sorry

464

00:20:44,230 --> 00:20:42,640

apple but it's bad

465

00:20:47,590 --> 00:20:44,240

and it's still like you can't really

466

00:20:49,510 --> 00:20:47,600

pick up that that android's pretty good

467

00:20:51,190 --> 00:20:49,520

it's way i've honestly i think i think

468

00:20:53,510 --> 00:20:51,200

maybe the android phone's way better

469

00:20:54,710 --> 00:20:53,520

honestly it is

470

00:20:56,310 --> 00:20:54,720

so

471

00:20:58,549 --> 00:20:56,320

because they make it and then apple just

472

00:20:59,430 --> 00:20:58,559

buys like this thing right under it yeah

473

00:21:00,950 --> 00:20:59,440

okay

474

00:21:03,270 --> 00:21:00,960

so the phone's better at that but it's

475

00:21:04,789 --> 00:21:03,280

not good at just intercommunicational

476  
00:21:07,110 --> 00:21:04,799  
things like if you send me a link and i

477  
00:21:08,710 --> 00:21:07,120  
want it on my computer i have to like

478  
00:21:11,750 --> 00:21:08,720  
write down the link

479  
00:21:13,990 --> 00:21:11,760  
mail it to myself physically pick it up

480  
00:21:16,149 --> 00:21:14,000  
from the post office in a po box that i

481  
00:21:18,710 --> 00:21:16,159  
have to set up and the p.o box waiting

482  
00:21:21,190 --> 00:21:18,720  
lines nine years long and then by the

483  
00:21:22,789 --> 00:21:21,200  
time i pick it up that paper because it

484  
00:21:24,630 --> 00:21:22,799  
was made out of a certain material has

485  
00:21:27,510 --> 00:21:24,640  
now dissolved because it was i didn't

486  
00:21:29,350 --> 00:21:27,520  
buy the climate controlled uh mail po

487  
00:21:32,149 --> 00:21:29,360  
box mailbox so by the time i get the

488  
00:21:34,390 --> 00:21:32,159

link that i want to show on the show

489

00:21:36,149 --> 00:21:34,400

it's gone but you know what apple did

490

00:21:38,710 --> 00:21:36,159

that to themselves because i can send it

491

00:21:41,270 --> 00:21:38,720

to everybody else in the world on any

492

00:21:43,669 --> 00:21:41,280

other device in the world except for an

493

00:21:47,750 --> 00:21:43,679

apple you are correct though because

494

00:21:49,110 --> 00:21:47,760

apple has decided to just not accept any

495

00:21:50,230 --> 00:21:49,120

uh there's some drama about this this

496

00:21:51,350 --> 00:21:50,240

past week i don't know if you knew about

497

00:21:53,830 --> 00:21:51,360

that but like

498

00:21:55,430 --> 00:21:53,840

there's like bullying going on and like

499

00:21:58,549 --> 00:21:55,440

uh like

500

00:22:01,110 --> 00:21:58,559

children age people

501  
00:22:03,430 --> 00:22:01,120  
younger than us uh like if you if you

502  
00:22:05,990 --> 00:22:03,440  
like get in a group text and you have

503  
00:22:07,830 --> 00:22:06,000  
like a green bubble and everyone else

504  
00:22:09,110 --> 00:22:07,840  
has an iphone and every you're the only

505  
00:22:11,830 --> 00:22:09,120  
one that has a

506  
00:22:14,390 --> 00:22:11,840  
uh uh an android you kind of [h\_\_h]

507  
00:22:17,029 --> 00:22:14,400  
ruin you do ruin the chat i mean i'm

508  
00:22:19,350 --> 00:22:17,039  
saying you because you have a so you do

509  
00:22:20,870 --> 00:22:19,360  
it's all you joe you're ruining every

510  
00:22:23,909 --> 00:22:20,880  
single group chat you've ever been a

511  
00:22:25,990 --> 00:22:23,919  
part of why because it's a green bubble

512  
00:22:27,590 --> 00:22:26,000  
yeah why did you ruin the chat so it's

513  
00:22:29,029 --> 00:22:27,600

like a psychological thing and it's also

514

00:22:32,390 --> 00:22:29,039

like an interconnective thing like you

515

00:22:34,470 --> 00:22:32,400

can't like it's not an imessage thing so

516

00:22:36,549 --> 00:22:34,480

i get it i get why kids are being

517

00:22:39,430 --> 00:22:36,559

bullied like it's really frustrating to

518

00:22:41,909 --> 00:22:39,440

do like any kind of like quick work like

519

00:22:43,430 --> 00:22:41,919

it's just it's like five extra steps i'm

520

00:22:45,350 --> 00:22:43,440

okay with it because that's gonna

521

00:22:48,470 --> 00:22:45,360

influence the next generation of punk

522

00:22:51,190 --> 00:22:49,190

so

523

00:22:53,669 --> 00:22:51,200

punk rock is born out of frustration i

524

00:22:55,270 --> 00:22:53,679

think you have a point um

525

00:22:56,549 --> 00:22:55,280

i i think you do have a really great

526

00:22:57,990 --> 00:22:56,559

point there because

527

00:22:59,909 --> 00:22:58,000

you just don't want to off yourself or

528

00:23:01,909 --> 00:22:59,919

anybody else so you take your aggression

529

00:23:04,149 --> 00:23:01,919

out on an instrument

530

00:23:06,230 --> 00:23:04,159

in society man you know who who takes

531

00:23:09,590 --> 00:23:06,240

their aggression out on on on just like

532

00:23:12,149 --> 00:23:09,600

the establishment dude is is old people

533

00:23:14,310 --> 00:23:12,159

in an att store telling them that like

534

00:23:15,990 --> 00:23:14,320

yeah well i don't think this is the way

535

00:23:17,830 --> 00:23:16,000

it should be and like the workers are

536

00:23:23,190 --> 00:23:17,840

there like man i'm just trying to help

537

00:23:28,310 --> 00:23:26,070

but my grandson has sent me photos of my

538

00:23:30,470 --> 00:23:28,320

granddaughter and it was on here

539

00:23:32,870 --> 00:23:30,480

yesterday and now you're telling me it's

540

00:23:36,470 --> 00:23:32,880

not damn it's in the cloud i it ain't

541

00:23:40,310 --> 00:23:38,070

it shouldn't be like that it should be

542

00:23:44,149 --> 00:23:40,320

meant for us it should be

543

00:23:44,950 --> 00:23:44,159

they should adapt their technology to us

544

00:23:51,990 --> 00:23:44,960

the

545

00:23:52,950 --> 00:23:52,000

hours like ma'am i can't do anything

546

00:23:54,870 --> 00:23:52,960

about

547

00:23:56,390 --> 00:23:54,880

that i didn't work

548

00:23:58,789 --> 00:23:56,400

i just work here i'm trying to sell you

549

00:23:59,750 --> 00:23:58,799

a damn phone i want i didn't want to go

550

00:24:02,070 --> 00:23:59,760

out

551  
00:24:05,190 --> 00:24:02,080

i want to go home

552  
00:24:07,029 --> 00:24:05,200

can i speak to the manager of the cloud

553  
00:24:09,510 --> 00:24:07,039

i don't know who that is

554  
00:24:11,750 --> 00:24:09,520

so it is so i was sitting there in line

555  
00:24:13,430 --> 00:24:11,760

and i was like i have an hour to do this

556  
00:24:15,430 --> 00:24:13,440

that was dumb of me i i should have

557  
00:24:16,870 --> 00:24:15,440

allocated more time i just wanted to

558  
00:24:18,310 --> 00:24:16,880

[h\_\_\h] i didn't want to i wanted to buy

559  
00:24:19,750 --> 00:24:18,320

a new phone because my screen has been

560  
00:24:23,269 --> 00:24:19,760

cracked for six months

561  
00:24:24,789 --> 00:24:23,279

i have had a spider spiderman phone damn

562  
00:24:26,230 --> 00:24:24,799

yeah six months can you believe that's

563  
00:24:28,390 --> 00:24:26,240

crazy

564

00:24:30,149 --> 00:24:28,400

you know on this on my android i've had

565

00:24:32,950 --> 00:24:30,159

it for like six years and the screen's

566

00:24:34,390 --> 00:24:32,960

fine

567

00:24:40,549 --> 00:24:34,400

oh so you weren't saying damn that's

568

00:24:43,590 --> 00:24:42,470

sorry dude

569

00:24:44,950 --> 00:24:43,600

you know who else takes out their

570

00:24:46,390 --> 00:24:44,960

frustration

571

00:24:51,830 --> 00:24:46,400

is diamond dave

572

00:24:51,840 --> 00:24:54,470

[h\_\_\h]

573

00:25:00,630 --> 00:24:57,269

i started it didn't upload

574

00:25:03,029 --> 00:25:00,640

oh damn it i i clicked the button damn i

575

00:25:04,549 --> 00:25:03,039

was trying to segue did you feel that

576

00:25:07,830 --> 00:25:04,559

yeah i did that was that was such a

577

00:25:09,909 --> 00:25:07,840

great segue i clicked add video clip

578

00:25:11,909 --> 00:25:09,919

um if you guys are wondering oh it's

579

00:25:16,630 --> 00:25:11,919

it's because it's a

580

00:25:19,110 --> 00:25:16,640

video format that uh streaming doesn't

581

00:25:21,510 --> 00:25:19,120

[h\_\_\h] upload again the connectivity

582

00:25:24,070 --> 00:25:21,520

issues i guess we could segue this

583

00:25:26,149 --> 00:25:24,080

particular frustration into one of the

584

00:25:28,310 --> 00:25:26,159

topics we wanted to talk about tonight

585

00:25:29,990 --> 00:25:28,320

all right if you want to do that well i

586

00:25:32,149 --> 00:25:30,000

mean i could start setting this stuff up

587

00:25:33,510 --> 00:25:32,159

if if you i would really want to i

588

00:25:35,590 --> 00:25:33,520

really want to show you the time of day

589

00:25:37,830 --> 00:25:35,600

video dude so maybe i really want to see

590

00:25:39,990 --> 00:25:37,840

it yeah okay absolutely so maybe you can

591

00:25:41,430 --> 00:25:40,000

set up the premise okay so are we going

592

00:25:43,190 --> 00:25:41,440

to talk about the future

593

00:25:44,470 --> 00:25:43,200

yes okay

594

00:25:46,070 --> 00:25:44,480

so we're talking about the future i

595

00:25:47,750 --> 00:25:46,080

really want to kind of get into this and

596

00:25:49,669 --> 00:25:47,760

i want you guys to like kind of throw in

597

00:25:51,110 --> 00:25:49,679

some ideas like

598

00:25:52,870 --> 00:25:51,120

you know it's going to be goofy

599

00:25:54,230 --> 00:25:52,880

obviously but like really really like i

600

00:25:57,110 --> 00:25:54,240

want to think about it like it's going

601  
00:25:58,870 --> 00:25:57,120  
to be so crazy uh you know we talk about

602  
00:26:00,549 --> 00:25:58,880  
our grandparents

603  
00:26:02,390 --> 00:26:00,559  
you know some of you out there are older

604  
00:26:03,990 --> 00:26:02,400  
you know what i'm saying uh like y'all's

605  
00:26:06,630 --> 00:26:04,000  
grandparents i mean like we're talking

606  
00:26:09,590 --> 00:26:06,640  
like two three generations ago like how

607  
00:26:12,710 --> 00:26:09,600  
different stuff is from then

608  
00:26:14,630 --> 00:26:12,720  
to like right now i mean we have people

609  
00:26:17,190 --> 00:26:14,640  
alive today that uh didn't even have

610  
00:26:18,710 --> 00:26:17,200  
electricity and then like we're in space

611  
00:26:20,710 --> 00:26:18,720  
like the james webb just launched you

612  
00:26:23,590 --> 00:26:20,720  
know what i'm saying like it's crazy to

613  
00:26:25,029 --> 00:26:23,600

see like the change in that and you know

614

00:26:26,070 --> 00:26:25,039

it's like what are what are we going to

615

00:26:30,470 --> 00:26:26,080

be seeing

616

00:26:32,149 --> 00:26:30,480

in the next like four generations like

617

00:26:33,990 --> 00:26:32,159

ahead of us it's going to be really

618

00:26:37,110 --> 00:26:34,000

crazy and the topic came up because i

619

00:26:40,310 --> 00:26:38,950

there's people out there that are you

620

00:26:41,669 --> 00:26:40,320

know

621

00:26:43,669 --> 00:26:41,679

there's there's

622

00:26:45,510 --> 00:26:43,679

energy secrets and all this stuff that

623

00:26:47,190 --> 00:26:45,520

we're all interested in the propulsion

624

00:26:49,190 --> 00:26:47,200

technology like

625

00:26:52,149 --> 00:26:49,200

just the technology in general like how

626  
00:26:54,470 --> 00:26:52,159  
how it could really change the world and

627  
00:26:55,669 --> 00:26:54,480  
i was thinking about how you know

628  
00:26:57,909 --> 00:26:55,679  
over time

629  
00:27:00,149 --> 00:26:57,919  
these highly highly guarded secrets that

630  
00:27:02,230 --> 00:27:00,159  
like nobody knows about it's just going

631  
00:27:03,909 --> 00:27:02,240  
to be so common that like you're a

632  
00:27:06,149 --> 00:27:03,919  
mechanic right

633  
00:27:07,990 --> 00:27:06,159  
and you're working on like anti-gravity

634  
00:27:11,029 --> 00:27:08,000  
technology like it's just like

635  
00:27:12,950 --> 00:27:11,039  
yeah i i went to like a six-month school

636  
00:27:14,710 --> 00:27:12,960  
and i learned how to do anti-gravity

637  
00:27:16,470 --> 00:27:14,720  
technology you know

638  
00:27:17,669 --> 00:27:16,480

like we're talking like generations from

639

00:27:19,350 --> 00:27:17,679

now dude

640

00:27:21,110 --> 00:27:19,360

and like right now it's like a huge

641

00:27:22,630 --> 00:27:21,120

secret and people are in their basement

642

00:27:24,710 --> 00:27:22,640

putting like [h\_\_h] magnets through

643

00:27:25,909 --> 00:27:24,720

like copper tubes and [h\_\_h] and like

644

00:27:27,750 --> 00:27:25,919

trying to like

645

00:27:29,750 --> 00:27:27,760

make electricity come out of the sky and

646

00:27:31,750 --> 00:27:29,760

like it's working it's like but what

647

00:27:33,110 --> 00:27:31,760

what is that like it's crazy to think

648

00:27:35,350 --> 00:27:33,120

about the missing link

649

00:27:37,909 --> 00:27:35,360

and whenever that shift comes to that

650

00:27:39,110 --> 00:27:37,919

type of technology like is the world

651  
00:27:41,110 --> 00:27:39,120  
going to like

652  
00:27:44,470 --> 00:27:41,120  
what's it gonna do i'm so interested to

653  
00:27:47,430 --> 00:27:44,480  
know what it's gonna do for sure

654  
00:27:49,669 --> 00:27:47,440  
so the uh

655  
00:27:50,470 --> 00:27:49,679  
the juxtaposition between

656  
00:27:51,909 --> 00:27:50,480  
uh

657  
00:27:55,430 --> 00:27:51,919  
right now

658  
00:27:57,590 --> 00:27:55,440  
you go to uh get your oil changed not a

659  
00:27:59,590 --> 00:27:57,600  
lot of people want to do get their oil

660  
00:28:01,830 --> 00:27:59,600  
change on their car like it's such a

661  
00:28:03,190 --> 00:28:01,840  
like a manual like messy thing and you

662  
00:28:05,110 --> 00:28:03,200  
don't know what to do with the oil

663  
00:28:06,470 --> 00:28:05,120

afterwards

664

00:28:08,310 --> 00:28:06,480

do you think there's an equivalent

665

00:28:11,669 --> 00:28:08,320

that's going to be just like that in the

666

00:28:13,909 --> 00:28:11,679

future with uh if we were ever

667

00:28:16,149 --> 00:28:13,919

handed some technology that was like

668

00:28:17,190 --> 00:28:16,159

safe enough for like dummies like us to

669

00:28:19,510 --> 00:28:17,200

work with

670

00:28:22,870 --> 00:28:19,520

and like do maintenance on like

671

00:28:25,990 --> 00:28:22,880

is that maintenance gonna be able to be

672

00:28:28,789 --> 00:28:26,000

performed by the the regular household

673

00:28:31,190 --> 00:28:28,799

dad like us like

674

00:28:33,750 --> 00:28:31,200

is it uh or or do you have to take it to

675

00:28:36,630 --> 00:28:33,760

a like a mercedes dealership where they

676

00:28:40,470 --> 00:28:36,640

charge four million dollars to get your

677

00:28:41,510 --> 00:28:40,480

uh uh turn signal fluid uh replaced

678

00:28:43,590 --> 00:28:41,520

yeah

679

00:28:45,110 --> 00:28:43,600

i don't know man i always think of like

680

00:28:47,269 --> 00:28:45,120

you know

681

00:28:48,710 --> 00:28:47,279

like a sci-fi movie right

682

00:28:50,389 --> 00:28:48,720

you always see some guy walking around

683

00:28:52,950 --> 00:28:50,399

the ship he's like yeah i gotta replace

684

00:28:54,470 --> 00:28:52,960

the phaser cannon manifolds and like you

685

00:28:56,149 --> 00:28:54,480

know [h\_\_h] that's like particle beam

686

00:28:58,230 --> 00:28:56,159

energy and [h\_\_h] like he's like yeah it's

687

00:29:00,470 --> 00:28:58,240

gonna take me about three hours you know

688

00:29:04,310 --> 00:29:00,480

yeah you're like what like that's so

689

00:29:06,149 --> 00:29:04,320

crazy that like what do you mean like

690

00:29:07,510 --> 00:29:06,159

how did you know like you must be really

691

00:29:08,630 --> 00:29:07,520

really smart right but they're not

692

00:29:11,350 --> 00:29:08,640

they're just like the regular blue

693

00:29:13,750 --> 00:29:11,360

collar guys like and those in those

694

00:29:15,909 --> 00:29:13,760

times you know like how much smarter

695

00:29:17,590 --> 00:29:15,919

they are like if a regular blue collar

696

00:29:19,750 --> 00:29:17,600

guy came from like

697

00:29:21,190 --> 00:29:19,760

that time it came to us and was talking

698

00:29:24,070 --> 00:29:21,200

to us about that like we would

699

00:29:24,950 --> 00:29:24,080

understand but we would be like i i just

700

00:29:28,230 --> 00:29:24,960

don't

701

00:29:31,590 --> 00:29:28,240

guess or like the math behind it so it

702

00:29:33,669 --> 00:29:31,600

doesn't make sense so it'd be hard to do

703

00:29:36,389 --> 00:29:33,679

i i think what what's going to happen in

704

00:29:38,710 --> 00:29:36,399

the future is that

705

00:29:40,710 --> 00:29:38,720

actually let me back back up the reason

706

00:29:42,230 --> 00:29:40,720

why we haven't been handed this

707

00:29:45,110 --> 00:29:42,240

i i believe that the reason why we

708

00:29:46,310 --> 00:29:45,120

haven't been handed this technology yet

709

00:29:47,269 --> 00:29:46,320

is because

710

00:29:49,350 --> 00:29:47,279

what is

711

00:29:52,310 --> 00:29:49,360

what could really transport our

712

00:29:54,630 --> 00:29:52,320

civilization into the next era

713

00:29:56,630 --> 00:29:54,640

is very dangerous and could bring us

714

00:29:58,950 --> 00:29:56,640

back into the next ice age

715

00:30:01,029 --> 00:29:58,960

or the next uh dark age

716

00:30:03,990 --> 00:30:01,039

so it's like this all right

717

00:30:06,310 --> 00:30:04,000

how smart and responsible is the mass

718

00:30:09,510 --> 00:30:06,320

public right now like can we just like

719

00:30:11,510 --> 00:30:09,520

hand them over a possible

720

00:30:13,269 --> 00:30:11,520

really destructive device because enough

721

00:30:17,830 --> 00:30:13,279

power to power

722

00:30:18,710 --> 00:30:17,840

an entire city in the size of a marble

723

00:30:20,310 --> 00:30:18,720

i mean

724

00:30:22,149 --> 00:30:20,320

you gotta kind of be careful with that

725

00:30:23,990 --> 00:30:22,159

you can't drop that like you gotta you

726

00:30:27,269 --> 00:30:24,000

gotta hand it off to somebody without

727

00:30:30,470 --> 00:30:27,279

butter hands right yeah but but say we

728

00:30:32,789 --> 00:30:30,480

further that technology where we

729

00:30:35,669 --> 00:30:32,799

make it safe somehow that's even like a

730

00:30:37,590 --> 00:30:35,679

more impressive uh technology to me if

731

00:30:40,630 --> 00:30:37,600

you could take something so powerful and

732

00:30:41,669 --> 00:30:40,640

also nerf it to where dummies like

733

00:30:42,950 --> 00:30:41,679

myself

734

00:30:47,029 --> 00:30:42,960

won't drop it

735

00:30:49,269 --> 00:30:47,039

or or or mess up or do you know put uh

736

00:30:51,269 --> 00:30:49,279

unleaded instead of supreme

737

00:30:52,789 --> 00:30:51,279

in whatever

738

00:30:54,230 --> 00:30:52,799

whatever analogous

739

00:30:55,590 --> 00:30:54,240

analogy that is

740

00:30:57,430 --> 00:30:55,600

and it'd be

741

00:30:59,430 --> 00:30:57,440

useful you could still use whatever and

742

00:31:02,310 --> 00:30:59,440

it won't explode and like destroy an

743

00:31:04,789 --> 00:31:02,320

entire town that's the most important i

744

00:31:06,630 --> 00:31:04,799

think or most exciting technology it's

745

00:31:08,789 --> 00:31:06,640

like okay let's get past the fact that

746

00:31:11,029 --> 00:31:08,799

this stuff exists

747

00:31:14,070 --> 00:31:11,039

what prevents people from

748

00:31:15,269 --> 00:31:14,080

harming themselves that's cool

749

00:31:16,470 --> 00:31:15,279

it's almost like if you think about the

750

00:31:21,110 --> 00:31:16,480

internet

751

00:31:22,470 --> 00:31:21,120

actually is and can be

752

00:31:24,389 --> 00:31:22,480

you know and they were like how are we

753

00:31:25,750 --> 00:31:24,399

gonna roll this out without destroying

754

00:31:27,509 --> 00:31:25,760

everything and

755

00:31:28,870 --> 00:31:27,519

somebody was like

756

00:31:31,190 --> 00:31:28,880

i don't know

757

00:31:32,710 --> 00:31:31,200

put like videos of like cats and like

758

00:31:34,549 --> 00:31:32,720

tits on it and then give them like a

759

00:31:36,070 --> 00:31:34,559

platform that they can all hop on and

760

00:31:38,149 --> 00:31:36,080

argue with each other like they're going

761

00:31:39,909 --> 00:31:38,159

to be so busy with dumb [h\_\_h] and

762

00:31:41,190 --> 00:31:39,919

touching their wieners that nobody's

763

00:31:43,509 --> 00:31:41,200

really going to want to go in and do

764

00:31:45,909 --> 00:31:43,519

like some dangerous [h\_\_h] you know

765

00:31:48,149 --> 00:31:45,919

like yeah i say that there is people out

766

00:31:49,430 --> 00:31:48,159

there like that right but

767

00:31:51,590 --> 00:31:49,440

for the most part

768

00:31:53,350 --> 00:31:51,600

i have no interest in going in and

769

00:31:56,710 --> 00:31:53,360

learning how to code and break into

770

00:31:58,950 --> 00:31:56,720

something and [h\_\_h] all that jazz like

771

00:32:02,310 --> 00:31:58,960

too much not interested

772

00:32:03,830 --> 00:32:02,320

the boobs cool love it the cat videos

773

00:32:04,710 --> 00:32:03,840

i mean they're all right why not you

774

00:32:06,950 --> 00:32:04,720

know

775

00:32:08,230 --> 00:32:06,960

i mean platform

776

00:32:09,750 --> 00:32:08,240

hold on hold on i know how you feel

777

00:32:13,350 --> 00:32:09,760

about boobs and cats but what about the

778

00:32:15,110 --> 00:32:13,360

dog videos though yeah they're cute

779

00:32:17,840 --> 00:32:15,120

are they cuter than both of boobs and

780

00:32:19,909 --> 00:32:17,850

cats combined though

781

00:32:22,789 --> 00:32:19,919

[Music]

782

00:32:23,830 --> 00:32:22,799

i'm more of a dog guy

783

00:32:30,630 --> 00:32:23,840

damn

784

00:32:33,110 --> 00:32:32,230

mr crowley thank you for that super chat

785

00:32:35,350 --> 00:32:33,120

brother

786

00:32:36,950 --> 00:32:35,360

oh yeah thanks dude

787

00:32:40,710 --> 00:32:36,960

hell yeah

788

00:32:43,029 --> 00:32:40,720

um i i've missed so many chats um let's

789

00:32:45,750 --> 00:32:43,039

see

790

00:32:49,509 --> 00:32:45,760

uh [h\_\_h] chaos feel bad for those

791

00:32:51,909 --> 00:32:49,519

aliens already josh yeah and josh

792

00:32:53,669 --> 00:32:51,919

yeah so um

793

00:32:55,830 --> 00:32:53,679

so like what do you if you if you were

794

00:32:57,029 --> 00:32:55,840

to picture like a scene in your life 20

795

00:32:59,190 --> 00:32:57,039

years from now

796

00:33:00,149 --> 00:32:59,200

what would that look like had we let's

797

00:33:02,789 --> 00:33:00,159

say

798

00:33:04,710 --> 00:33:02,799

20 years from now

799

00:33:06,549 --> 00:33:04,720

this is the scene you're setting up and

800

00:33:08,070 --> 00:33:06,559

let's back up and say that we're given

801  
00:33:11,190 --> 00:33:08,080  
as a society

802  
00:33:12,389 --> 00:33:11,200  
a trickle of this this technology five

803  
00:33:14,710 --> 00:33:12,399  
years from now

804  
00:33:15,990 --> 00:33:14,720  
so that gives us 15 years to not blow

805  
00:33:17,750 --> 00:33:16,000  
ourselves up

806  
00:33:19,269 --> 00:33:17,760  
and everybody fight each other or

807  
00:33:22,230 --> 00:33:19,279  
whatever

808  
00:33:23,750 --> 00:33:22,240  
do you my question is 20 years from now

809  
00:33:26,230 --> 00:33:23,760  
do you think all the billionaire

810  
00:33:28,310 --> 00:33:26,240  
billionaires have left and are living

811  
00:33:30,549 --> 00:33:28,320  
somewhere else and just to let us figure

812  
00:33:32,149 --> 00:33:30,559  
it out and just to see what happens and

813  
00:33:34,310 --> 00:33:32,159

then if it doesn't work out they just

814

00:33:36,950 --> 00:33:34,320

rebuild society and move into a

815

00:33:40,389 --> 00:33:36,960

different skin suit 15 years from now

816

00:33:41,669 --> 00:33:40,399

yeah well 15 years from the time they

817

00:33:43,909 --> 00:33:41,679

hand us this

818

00:33:46,230 --> 00:33:43,919

the technology so like we are unaware of

819

00:33:48,149 --> 00:33:46,240

it for five years and then they they

820

00:33:50,710 --> 00:33:48,159

start trickling it

821

00:33:52,389 --> 00:33:50,720

or sorry that we're unaware of it uh

822

00:33:55,190 --> 00:33:52,399

when they give us the technology and for

823

00:33:58,310 --> 00:33:55,200

five years they trickle day as an alias

824

00:34:00,310 --> 00:33:58,320

trickle the uh technology to us and by

825

00:34:03,750 --> 00:34:00,320

that fifth year it's like oh [h\_\_h] now we

826

00:34:07,110 --> 00:34:03,760

have all the keys to destroy ourselves

827

00:34:08,230 --> 00:34:07,120

or move ourselves into the next paradigm

828

00:34:10,629 --> 00:34:08,240

and then

829

00:34:12,869 --> 00:34:10,639

all of the billionaires and the leaders

830

00:34:14,149 --> 00:34:12,879

of the world leave to let us figure it

831

00:34:15,829 --> 00:34:14,159

out because now it's like kind of

832

00:34:18,230 --> 00:34:15,839

dangerous and they don't they don't

833

00:34:20,470 --> 00:34:18,240

really know what's going to happen

834

00:34:22,550 --> 00:34:20,480

i wouldn't say 15 years i might say like

835

00:34:23,909 --> 00:34:22,560

150 years

836

00:34:25,829 --> 00:34:23,919

yeah because i think they would know

837

00:34:28,149 --> 00:34:25,839

about the technology and then they would

838

00:34:30,470 --> 00:34:28,159

say okay it's time to trickle this out

839

00:34:32,069 --> 00:34:30,480  
until it becomes like so like just

840

00:34:34,389 --> 00:34:32,079  
common knowledge that now they have a

841

00:34:36,230 --> 00:34:34,399  
workforce to build all this stuff

842

00:34:37,750 --> 00:34:36,240  
right okay

843

00:34:40,950 --> 00:34:37,760  
and then and then

844

00:34:42,069 --> 00:34:40,960  
then they all go off and and leave but i

845

00:34:43,990 --> 00:34:42,079  
think they'll have some sort of

846

00:34:46,710 --> 00:34:44,000  
workforce to put it together it depends

847

00:34:49,270 --> 00:34:46,720  
right if it's like one or two big ships

848

00:34:50,389 --> 00:34:49,280  
like maybe not maybe like the military

849

00:34:52,310 --> 00:34:50,399  
has enough

850

00:34:54,389 --> 00:34:52,320  
uh people in it to put something like

851

00:34:57,190 --> 00:34:54,399

that together sure why not but like if

852

00:34:58,950 --> 00:34:57,200

if you were like okay

853

00:35:00,790 --> 00:34:58,960

uh

854

00:35:02,230 --> 00:35:00,800

what if what if what if there was like a

855

00:35:04,790 --> 00:35:02,240

price point on it right like what if it

856

00:35:06,390 --> 00:35:04,800

became like this thing where

857

00:35:08,470 --> 00:35:06,400

you could you could build your own ship

858

00:35:09,750 --> 00:35:08,480

and leave

859

00:35:12,069 --> 00:35:09,760

because so many people would then know

860

00:35:13,589 --> 00:35:12,079

how to create a flying vehicle of some

861

00:35:15,190 --> 00:35:13,599

kind that you would think that it would

862

00:35:16,550 --> 00:35:15,200

eventually turn into like a dealership

863

00:35:17,990 --> 00:35:16,560

type of situation

864

00:35:19,589 --> 00:35:18,000

where people start building these things

865

00:35:20,790 --> 00:35:19,599

and then they start selling these things

866

00:35:22,390 --> 00:35:20,800

and then people start buying these

867

00:35:23,750 --> 00:35:22,400

things and before you know it there's

868

00:35:25,109 --> 00:35:23,760

like these little hovering

869

00:35:28,230 --> 00:35:25,119

things everywhere i think like in the

870

00:35:29,829 --> 00:35:28,240

next like 150 to 200 years like sure why

871

00:35:32,870 --> 00:35:29,839

not you know it'd be kind of like that

872

00:35:35,349 --> 00:35:32,880

weird time in like the early 2000s where

873

00:35:36,950 --> 00:35:35,359

like not everybody had a cell phone just

874

00:35:39,430 --> 00:35:36,960

quite yet but like there was a lot of

875

00:35:41,109 --> 00:35:39,440

people that started having cell phones

876

00:35:43,430 --> 00:35:41,119

and it was almost like you were like it

877

00:35:45,829 --> 00:35:43,440

was like society pressured you into

878

00:35:47,190 --> 00:35:45,839

having to own a cell phone at some point

879

00:35:49,589 --> 00:35:47,200

yeah you know i think that's kind of

880

00:35:51,430 --> 00:35:49,599

like how it's going to happen like

881

00:35:53,190 --> 00:35:51,440

you're that it's just going to move you

882

00:35:56,069 --> 00:35:53,200

to where like you're pressured into it

883

00:35:58,790 --> 00:35:56,079

like to just get whatever it is to stay

884

00:36:00,310 --> 00:35:58,800

connected or stay up to date

885

00:36:01,990 --> 00:36:00,320

you know

886

00:36:03,510 --> 00:36:02,000

so do you

887

00:36:04,950 --> 00:36:03,520

this you're making me think of a lot of

888

00:36:06,310 --> 00:36:04,960

thoughts joe

889

00:36:11,030 --> 00:36:06,320

joe

890

00:36:14,150 --> 00:36:12,790

everybody knows that

891

00:36:15,270 --> 00:36:14,160

everybody knows the kitkat's full of

892

00:36:16,870 --> 00:36:15,280

brain juice

893

00:36:18,310 --> 00:36:16,880

that's right

894

00:36:21,109 --> 00:36:18,320

not like actual brain jesus like it

895

00:36:24,550 --> 00:36:21,119

helps your brain to to make more juices

896

00:36:28,630 --> 00:36:24,560

more brain juice i got this root beer

897

00:36:30,390 --> 00:36:28,640

yeah for uh for it's to oil the machine

898

00:36:33,750 --> 00:36:30,400

so uh

899

00:36:38,550 --> 00:36:36,310

i the the the recent one the first

900

00:36:40,470 --> 00:36:38,560

question i asked was five you know 20

901  
00:36:43,270 --> 00:36:40,480  
years from now what if that whole

902  
00:36:46,069 --> 00:36:43,280  
scenario where like hey let's slowly

903  
00:36:47,430 --> 00:36:46,079  
trickle this technology and let's leave

904  
00:36:49,349 --> 00:36:47,440  
earth and

905  
00:36:51,270 --> 00:36:49,359  
so to to save ourselves so we don't

906  
00:36:53,030 --> 00:36:51,280  
ourselves get blown up

907  
00:36:54,870 --> 00:36:53,040  
because this stuff is really powerful

908  
00:36:56,470 --> 00:36:54,880  
what if that actually happened a few

909  
00:36:58,150 --> 00:36:56,480  
thousand years ago and we're in the

910  
00:37:01,430 --> 00:36:58,160  
middle of that trickle

911  
00:37:03,829 --> 00:37:01,440  
and we're closing in on the

912  
00:37:07,109 --> 00:37:03,839  
almost hey they've almost got all the

913  
00:37:08,950 --> 00:37:07,119

keys to to this puzzle to either destroy

914

00:37:11,670 --> 00:37:08,960

themselves or

915

00:37:13,750 --> 00:37:11,680

go into this like

916

00:37:15,670 --> 00:37:13,760

new technology

917

00:37:17,270 --> 00:37:15,680

does that make sense like

918

00:37:19,670 --> 00:37:17,280

it could either happen 20 years from now

919

00:37:21,349 --> 00:37:19,680

or it started like that concept right

920

00:37:24,470 --> 00:37:21,359

like it started it started a long time

921

00:37:26,470 --> 00:37:24,480

ago a long ass time ago they're like hey

922

00:37:28,470 --> 00:37:26,480

we would love for you guys to take care

923

00:37:31,109 --> 00:37:28,480

of the planet we know that you guys have

924

00:37:33,030 --> 00:37:31,119

potential let's try you guys out and

925

00:37:34,950 --> 00:37:33,040

we we we made it

926  
00:37:36,230 --> 00:37:34,960  
past level one we made it past level two

927  
00:37:37,510 --> 00:37:36,240  
we made it past level three and they

928  
00:37:38,630 --> 00:37:37,520  
start and they're like okay let's start

929  
00:37:40,550 --> 00:37:38,640  
trickling in

930  
00:37:41,990 --> 00:37:40,560  
the uh the technology so they can kind

931  
00:37:45,190 --> 00:37:42,000  
of take care of themselves so we don't

932  
00:37:49,750 --> 00:37:47,670  
and and clean up their messes

933  
00:37:51,030 --> 00:37:49,760  
you can't just give you know a

934  
00:37:53,270 --> 00:37:51,040  
civilization

935  
00:37:55,910 --> 00:37:53,280  
the highest technology in the universe

936  
00:37:58,069 --> 00:37:55,920  
and then just pop out because you've now

937  
00:38:01,190 --> 00:37:58,079  
lost your biggest resource

938  
00:38:02,870 --> 00:38:01,200

the the planet right like the the

939

00:38:06,230 --> 00:38:02,880

yeah i would have to believe that the

940

00:38:07,750 --> 00:38:06,240

planet the planet earth where we are in

941

00:38:10,150 --> 00:38:07,760

our solar system

942

00:38:12,950 --> 00:38:10,160

and our relationship with the earth is

943

00:38:14,950 --> 00:38:12,960

the most valuable resource i don't know

944

00:38:16,710 --> 00:38:14,960

maybe there are technologies out there

945

00:38:18,790 --> 00:38:16,720

that we have we can't even fathom that

946

00:38:21,190 --> 00:38:18,800

could just create this stuff or like

947

00:38:22,069 --> 00:38:21,200

move planets or move moons or whatever

948

00:38:23,829 --> 00:38:22,079

but

949

00:38:25,510 --> 00:38:23,839

it kind of makes me think of like the

950

00:38:26,950 --> 00:38:25,520

idea of

951  
00:38:28,710 --> 00:38:26,960  
you know

952  
00:38:30,230 --> 00:38:28,720  
we have these like physical ships and

953  
00:38:32,230 --> 00:38:30,240  
they were like we also have like this

954  
00:38:34,630 --> 00:38:32,240  
like energy thing that like they don't

955  
00:38:38,069 --> 00:38:34,640  
need ships or whatever right

956  
00:38:41,990 --> 00:38:38,079  
um and and whatever you think it is

957  
00:38:44,069 --> 00:38:42,000  
um i would say in the in like our future

958  
00:38:47,190 --> 00:38:44,079  
at some point

959  
00:38:49,670 --> 00:38:47,200  
if we were to survive right i mean

960  
00:38:51,910 --> 00:38:49,680  
becoming a light being

961  
00:38:55,349 --> 00:38:51,920  
is probably going to be a a pretty a

962  
00:38:57,430 --> 00:38:55,359  
pretty long time before we ever achieve

963  
00:39:00,870 --> 00:38:57,440

that unless you die right and maybe

964

00:39:04,230 --> 00:39:00,880

that's maybe that's part of it but as a

965

00:39:06,470 --> 00:39:04,240

continuing species at some point

966

00:39:08,950 --> 00:39:06,480

you know if you live that long you'd

967

00:39:10,630 --> 00:39:08,960

have to leave your planet at some point

968

00:39:11,670 --> 00:39:10,640

right

969

00:39:13,190 --> 00:39:11,680

so

970

00:39:15,190 --> 00:39:13,200

even if you weren't like a light being

971

00:39:17,030 --> 00:39:15,200

or something like that you would still

972

00:39:19,430 --> 00:39:17,040

hopefully develop the technology to

973

00:39:20,950 --> 00:39:19,440

leave your planet or at least hover

974

00:39:22,870 --> 00:39:20,960

above it because you can't live there

975

00:39:24,870 --> 00:39:22,880

anymore well

976

00:39:27,349 --> 00:39:24,880

i skipped from like terrestrial to light

977

00:39:28,710 --> 00:39:27,359

being in my head so like

978

00:39:30,630 --> 00:39:28,720

are you talking about like in between

979

00:39:32,470 --> 00:39:30,640

that like at some point you do have to

980

00:39:34,470 --> 00:39:32,480

leave your planet like yeah maybe that's

981

00:39:35,910 --> 00:39:34,480

a stepping stone like at some point like

982

00:39:39,430 --> 00:39:35,920

humans we're gonna have to leave our

983

00:39:41,430 --> 00:39:39,440

planet right and then

984

00:39:44,870 --> 00:39:41,440

so then you have a physical craft flying

985

00:39:46,230 --> 00:39:44,880

around in space right yeah so that's

986

00:39:48,310 --> 00:39:46,240

that's that's what i'm saying is like

987

00:39:50,069 --> 00:39:48,320

you know we're not like like beings i

988

00:39:51,829 --> 00:39:50,079

guess like unless you die and then you

989

00:39:54,950 --> 00:39:51,839

can do whatever you want to

990

00:39:56,470 --> 00:39:54,960

um so i've been told um but

991

00:39:58,390 --> 00:39:56,480

you know

992

00:40:01,750 --> 00:39:58,400

the idea that we're not seeing physical

993

00:40:04,069 --> 00:40:01,760

craft uh is is is kind of wild

994

00:40:06,790 --> 00:40:04,079

to me because like even us we're gonna

995

00:40:08,230 --> 00:40:06,800

have to do that at some point we'll have

996

00:40:10,950 --> 00:40:08,240

to figure it out

997

00:40:13,190 --> 00:40:10,960

yeah maybe not i don't know do you do

998

00:40:14,790 --> 00:40:13,200

you think if so man

999

00:40:15,990 --> 00:40:14,800

i have so much more to say that i just

1000

00:40:18,470 --> 00:40:16,000

want to get this thought out of my head

1001  
00:40:19,349 --> 00:40:18,480  
like you said you would think that there

1002  
00:40:21,990 --> 00:40:19,359  
would be

1003  
00:40:24,069 --> 00:40:22,000  
nuts and bolts craft out there as we're

1004  
00:40:25,750 --> 00:40:24,079  
figuring this stuff out like there's so

1005  
00:40:27,670 --> 00:40:25,760  
are you implying that

1006  
00:40:29,109 --> 00:40:27,680  
like the idea that there's

1007  
00:40:31,670 --> 00:40:29,119  
this this on

1008  
00:40:33,510 --> 00:40:31,680  
people living on earth like this

1009  
00:40:35,510 --> 00:40:33,520  
really smart group of people i mean

1010  
00:40:37,990 --> 00:40:35,520  
we've talked about this before but like

1011  
00:40:39,270 --> 00:40:38,000  
they actually have the knowledge to to

1012  
00:40:41,030 --> 00:40:39,280  
build these things and they've been

1013  
00:40:42,230 --> 00:40:41,040

building these things for hundreds of

1014

00:40:43,109 --> 00:40:42,240

years

1015

00:40:44,790 --> 00:40:43,119

and

1016

00:40:47,109 --> 00:40:44,800

you know they're the ones that showed up

1017

00:40:48,950 --> 00:40:47,119

in the um the aurora incidents that were

1018

00:40:52,470 --> 00:40:48,960

like partying in that vessel that was

1019

00:40:54,150 --> 00:40:52,480

like a steampunk type [h\_\_h] ship

1020

00:40:56,710 --> 00:40:54,160

and and they're just been slowly

1021

00:40:57,990 --> 00:40:56,720

perfecting it over the years and like

1022

00:40:59,349 --> 00:40:58,000

they've just been

1023

00:41:01,430 --> 00:40:59,359

kind of hanging out in the background

1024

00:41:03,670 --> 00:41:01,440

and then they would leave earth at like

1025

00:41:06,309 --> 00:41:03,680

turmoil times where like maybe during

1026

00:41:08,950 --> 00:41:06,319

world war ii where they thought no could

1027

00:41:11,750 --> 00:41:08,960

be a nuclear thing here let's they've

1028

00:41:14,309 --> 00:41:11,760

already popped off like [\h\_\_\h] 36 this

1029

00:41:17,030 --> 00:41:14,319

year let's go ahead get out yeah it was

1030

00:41:19,430 --> 00:41:17,040

a quiet period and then

1031

00:41:21,349 --> 00:41:19,440

no well actually i'll take that back as

1032

00:41:24,309 --> 00:41:21,359

49 was like

1033

00:41:26,069 --> 00:41:24,319

or it got real busy yeah once the bomb

1034

00:41:28,069 --> 00:41:26,079

started going off it got real busy yeah

1035

00:41:30,470 --> 00:41:28,079

so they came back so that's like the

1036

00:41:32,790 --> 00:41:30,480

opposite that i would think that a and

1037

00:41:34,630 --> 00:41:32,800

an off-world civilization

1038

00:41:36,470 --> 00:41:34,640

would do they would come back and

1039

00:41:38,710 --> 00:41:36,480

witness it and i think that's what we're

1040

00:41:40,550 --> 00:41:38,720

we are witnessing is them they're

1041

00:41:42,069 --> 00:41:40,560

interested in whatever's going on over

1042

00:41:44,550 --> 00:41:42,079

here dude

1043

00:41:46,069 --> 00:41:44,560

um but anyway

1044

00:41:47,750 --> 00:41:46,079

can you imagine what would happen dude

1045

00:41:49,990 --> 00:41:47,760

like if if we

1046

00:41:51,589 --> 00:41:50,000

if okay so like with this with the new

1047

00:41:53,829 --> 00:41:51,599

telescope that we have out can you

1048

00:41:56,069 --> 00:41:53,839

imagine if it picked up a [h\_\_\h]

1049

00:41:57,349 --> 00:41:56,079

nuclear bomb on a on a like a really far

1050

00:41:59,510 --> 00:41:57,359

away planet like it picked up the

1051  
00:42:01,190 --> 00:41:59,520  
signature of a really powerful bomb that

1052  
00:42:02,790 --> 00:42:01,200  
went off

1053  
00:42:04,309 --> 00:42:02,800  
don't tell me nobody's gonna be [h\_\_h]

1054  
00:42:06,309 --> 00:42:04,319  
interested in going and checking out

1055  
00:42:08,550 --> 00:42:06,319  
what that was right

1056  
00:42:10,309 --> 00:42:08,560  
you know well also i don't i'm not smart

1057  
00:42:11,829 --> 00:42:10,319  
enough to answer this question but like

1058  
00:42:14,710 --> 00:42:11,839  
how do we know the difference between a

1059  
00:42:17,109 --> 00:42:14,720  
a data signature between a supernova and

1060  
00:42:18,309 --> 00:42:17,119  
or or any kind of celestial

1061  
00:42:20,309 --> 00:42:18,319  
explainable

1062  
00:42:22,710 --> 00:42:20,319  
explosion that happens every second of

1063  
00:42:25,190 --> 00:42:22,720

every day in in the galaxy how do we

1064

00:42:26,950 --> 00:42:25,200

separate that from from a nuclear bomb

1065

00:42:30,470 --> 00:42:26,960

that goes off on a tiny tiny speck of

1066

00:42:32,790 --> 00:42:30,480

dust like billions of miles away i do

1067

00:42:34,309 --> 00:42:32,800

not have the answer for that but i would

1068

00:42:36,790 --> 00:42:34,319

assume like

1069

00:42:38,230 --> 00:42:36,800

every sound has a different frequency

1070

00:42:40,230 --> 00:42:38,240

you know like those people who set up

1071

00:42:41,670 --> 00:42:40,240

cameras in the woods there's like

1072

00:42:43,349 --> 00:42:41,680

there's like a million things that sound

1073

00:42:44,630 --> 00:42:43,359

exactly alike but they're able to pick

1074

00:42:46,790 --> 00:42:44,640

it out because

1075

00:42:48,069 --> 00:42:46,800

the weight difference the the you know

1076  
00:42:50,870 --> 00:42:48,079  
like just there's so many different

1077  
00:42:52,470 --> 00:42:50,880  
factors that like that the sound

1078  
00:42:54,390 --> 00:42:52,480  
is is what they're looking at and

1079  
00:42:56,390 --> 00:42:54,400  
they're like oh yeah i can tell that's

1080  
00:42:59,430 --> 00:42:56,400  
this maybe it's the same thing with like

1081  
00:43:02,230 --> 00:42:59,440  
signatures from from nuclear bombs yeah

1082  
00:43:04,710 --> 00:43:02,240  
maybe it produces a certain type of of

1083  
00:43:07,349 --> 00:43:04,720  
light that's only i'm pretty sure that's

1084  
00:43:10,069 --> 00:43:07,359  
exactly how it works probably because

1085  
00:43:11,430 --> 00:43:10,079  
that's because what it uh images from

1086  
00:43:14,069 --> 00:43:11,440  
the hubble space

1087  
00:43:16,550 --> 00:43:14,079  
telescope aren't the images that we see

1088  
00:43:18,630 --> 00:43:16,560

it's literally it's just data of of

1089

00:43:19,589 --> 00:43:18,640

spectrum waves

1090

00:43:24,309 --> 00:43:19,599

and then

1091

00:43:25,589 --> 00:43:24,319

render artists put together and overlay

1092

00:43:31,270 --> 00:43:25,599

those

1093

00:43:33,990 --> 00:43:31,280

and make an image like like the photo of

1094

00:43:35,750 --> 00:43:34,000

uh like the fingers of creation

1095

00:43:38,230 --> 00:43:35,760

but that's not somebody like

1096

00:43:39,990 --> 00:43:38,240

got it like that's not how it works it's

1097

00:43:41,990 --> 00:43:40,000

way more complicated than that i don't

1098

00:43:43,190 --> 00:43:42,000

think you can really see it can you

1099

00:43:44,470 --> 00:43:43,200

because it's in so many different light

1100

00:43:45,990 --> 00:43:44,480

spectrums it probably just looks like a

1101  
00:43:48,550 --> 00:43:46,000  
glowing

1102  
00:43:50,069 --> 00:43:48,560  
cloud maybe because we can only see that

1103  
00:43:51,750 --> 00:43:50,079  
spectrum

1104  
00:43:53,589 --> 00:43:51,760  
oh my god dude i'm going off on a rabbit

1105  
00:43:55,109 --> 00:43:53,599  
hole in my brain right now because i'm

1106  
00:43:56,550 --> 00:43:55,119  
like afraid to bring it up because it's

1107  
00:43:59,270 --> 00:43:56,560  
like not a thought that i've finished

1108  
00:44:03,349 --> 00:44:00,630  
but can you imagine if you like flew

1109  
00:44:04,790 --> 00:44:03,359  
next to that yeah like even like like

1110  
00:44:06,790 --> 00:44:04,800  
you wouldn't even realize how beautiful

1111  
00:44:08,790 --> 00:44:06,800  
it it it is

1112  
00:44:10,069 --> 00:44:08,800  
yeah yeah you'd fly by it might even

1113  
00:44:11,829 --> 00:44:10,079

just look like a black cloud with a

1114

00:44:13,190 --> 00:44:11,839

bunch of like a whole bunch of stars in

1115

00:44:15,510 --> 00:44:13,200

it right because it's just like a

1116

00:44:18,230 --> 00:44:15,520

birthing place for stars but we can only

1117

00:44:20,470 --> 00:44:18,240

see the star because that's within our

1118

00:44:22,550 --> 00:44:20,480

light spectrum but the cloud itself that

1119

00:44:24,069 --> 00:44:22,560

[h\_\_h] beautiful thing yeah i wouldn't

1120

00:44:27,829 --> 00:44:24,079

even be able to see it

1121

00:44:29,190 --> 00:44:27,839

though it would just be like a gray mist

1122

00:44:31,349 --> 00:44:29,200

then we'd be like oh

1123

00:44:33,349 --> 00:44:31,359

man damn that's a great house that's

1124

00:44:34,790 --> 00:44:33,359

like that's a great ass

1125

00:44:36,470 --> 00:44:34,800

if you got abducted right can you

1126  
00:44:38,230 --> 00:44:36,480  
imagine the scenario where like you you

1127  
00:44:39,829 --> 00:44:38,240  
get abducted and like they're actually

1128  
00:44:41,750 --> 00:44:39,839  
nice to you

1129  
00:44:43,349 --> 00:44:41,760  
and um they're like hey what do you want

1130  
00:44:45,270 --> 00:44:43,359  
to see and you're like i want to go see

1131  
00:44:46,630 --> 00:44:45,280  
the fingers of god yeah and they're like

1132  
00:44:49,270 --> 00:44:46,640  
okay cool we'll show you and then you

1133  
00:44:51,589 --> 00:44:49,280  
get there and it sucks like

1134  
00:44:53,430 --> 00:44:51,599  
i want to see the pillars of creation

1135  
00:44:57,190 --> 00:44:53,440  
it just looks like a couple of stars

1136  
00:45:01,990 --> 00:44:59,349  
dave from space.radio thank you for that

1137  
00:45:05,750 --> 00:45:02,000  
super chat brother oh yeah he says for

1138  
00:45:09,349 --> 00:45:05,760

hair ties and clips

1139

00:45:10,309 --> 00:45:09,359

ties and clip i've got i've got a hair

1140

00:45:14,860 --> 00:45:10,319

band

1141

00:45:18,550 --> 00:45:14,870

you're gay

1142

00:45:22,390 --> 00:45:20,309

there we go dave this is for you buddy

1143

00:45:24,309 --> 00:45:22,400

thank you for that super chat bro you

1144

00:45:25,829 --> 00:45:24,319

just gotta you gotta tie it up in a knot

1145

00:45:27,750 --> 00:45:25,839

with your own hair

1146

00:45:30,790 --> 00:45:27,760

yeah we're gonna be able to do that with

1147

00:45:32,630 --> 00:45:30,800

my dreads but yeah that was the coolest

1148

00:45:33,990 --> 00:45:32,640

oh that's that's not as cool as i

1149

00:45:35,910 --> 00:45:34,000

thought it was gonna be

1150

00:45:37,910 --> 00:45:35,920

no

1151

00:45:40,790 --> 00:45:37,920

it's gotta go lower dude so it looks

1152

00:45:42,950 --> 00:45:40,800

like you do kung fu

1153

00:45:44,870 --> 00:45:42,960

it'd be different

1154

00:45:46,309 --> 00:45:44,880

we got on that rascal flats conversation

1155

00:45:47,349 --> 00:45:46,319

the other day because i told ben now his

1156

00:45:49,510 --> 00:45:47,359

hair is growing out it looks like he

1157

00:45:55,620 --> 00:45:49,520

plays for rascal flats and then we start

1158

00:46:00,150 --> 00:45:57,030

[Laughter]

1159

00:46:03,109 --> 00:46:00,160

oh not alone this is for you dave thanks

1160

00:46:04,470 --> 00:46:03,119

for that super chat bro

1161

00:46:06,550 --> 00:46:04,480

you know

1162

00:46:08,630 --> 00:46:06,560

do something silly for just to repay you

1163

00:46:11,990 --> 00:46:08,640

for that you know i like it are you

1164

00:46:15,270 --> 00:46:12,000

gonna leave it the rest of the show yes

1165

00:46:17,270 --> 00:46:15,280

talk like this

1166

00:46:19,670 --> 00:46:17,280

damn what were we talking about i forgot

1167

00:46:21,589 --> 00:46:19,680

i i feel like i had so much to say dude

1168

00:46:23,510 --> 00:46:21,599

like oh no we were talking about like if

1169

00:46:26,150 --> 00:46:23,520

an alien took you to like the coolest

1170

00:46:28,069 --> 00:46:26,160

like a spot that you wanted to go and it

1171

00:46:30,309 --> 00:46:28,079

sucks

1172

00:46:31,750 --> 00:46:30,319

oh this is the thing i i i was saying i

1173

00:46:33,670 --> 00:46:31,760

don't have i haven't

1174

00:46:35,990 --> 00:46:33,680

formulated a proper opinion about this

1175

00:46:37,910 --> 00:46:36,000

yet but like you know how

1176  
00:46:39,030 --> 00:46:37,920  
buzz aldrin and all the astronauts get

1177  
00:46:41,510 --> 00:46:39,040  
back from space and they're kind of

1178  
00:46:42,950 --> 00:46:41,520  
weird about like answering questions and

1179  
00:46:44,630 --> 00:46:42,960  
buzz aldrin will like punch you in the

1180  
00:46:47,270 --> 00:46:44,640  
face if you ask him if he'd been to the

1181  
00:46:49,030 --> 00:46:47,280  
moon and like they they won't swear on

1182  
00:46:51,109 --> 00:46:49,040  
live television that they've actually

1183  
00:46:54,230 --> 00:46:51,119  
been to the moon like they won't do it

1184  
00:46:55,750 --> 00:46:54,240  
yeah don't you think that's weird like

1185  
00:46:58,230 --> 00:46:55,760  
anyway

1186  
00:46:58,950 --> 00:46:58,240  
the specific part about that is that

1187  
00:47:02,550 --> 00:46:58,960  
they

1188  
00:47:05,270 --> 00:47:02,560

there's been some weird uh

1189

00:47:08,309 --> 00:47:05,280

encount and

1190

00:47:10,710 --> 00:47:08,319

recountings of do you see stars in space

1191

00:47:12,630 --> 00:47:10,720

or do you not see stars in space

1192

00:47:13,430 --> 00:47:12,640

let's see stars

1193

00:47:16,470 --> 00:47:13,440

so

1194

00:47:18,950 --> 00:47:16,480

but like if you're in space do you see

1195

00:47:20,309 --> 00:47:18,960

stars

1196

00:47:21,990 --> 00:47:20,319

but they said

1197

00:47:23,510 --> 00:47:22,000

haven't they said yeah you see a [h\_\_h]

1198

00:47:25,990 --> 00:47:23,520

load of stars

1199

00:47:27,910 --> 00:47:26,000

see but i've also seen interviews where

1200

00:47:29,750 --> 00:47:27,920

people were astronauts say they have

1201

00:47:31,990 --> 00:47:29,760

they didn't see stars on the way to the

1202

00:47:33,589 --> 00:47:32,000

moon

1203

00:47:35,349 --> 00:47:33,599

mr crowley thank you for that super chat

1204

00:47:38,309 --> 00:47:35,359

bro he says come on people i support

1205

00:47:40,470 --> 00:47:38,319

these two turds

1206

00:47:43,109 --> 00:47:40,480

we're turds you're a turd you're dirt

1207

00:47:44,790 --> 00:47:43,119

dude and you smell like one too

1208

00:47:46,230 --> 00:47:44,800

no i'm kidding i love you dude thank you

1209

00:47:47,349 --> 00:47:46,240

for that man

1210

00:47:48,630 --> 00:47:47,359

um

1211

00:47:51,670 --> 00:47:48,640

i think these astronauts need to get

1212

00:47:53,349 --> 00:47:51,680

their [h\_\_h] together that's what i think

1213

00:47:55,750 --> 00:47:53,359

i'm gonna write a strongly worded letter

1214

00:47:57,910 --> 00:47:55,760

to nasa tomorrow without without going

1215

00:48:00,710 --> 00:47:57,920

too far down that rabbit hole like about

1216

00:48:02,470 --> 00:48:00,720

like you know anti-moon people i'm not i

1217

00:48:03,910 --> 00:48:02,480

don't fall into that category but i do

1218

00:48:05,750 --> 00:48:03,920

think it's weird if you watch a

1219

00:48:07,430 --> 00:48:05,760

compilation of interviews with

1220

00:48:09,990 --> 00:48:07,440

astronauts

1221

00:48:11,670 --> 00:48:10,000

like kind of canceling each other out

1222

00:48:13,589 --> 00:48:11,680

when they're talking about do you see

1223

00:48:15,030 --> 00:48:13,599

stars in space or do you not see stars

1224

00:48:17,990 --> 00:48:15,040

in space

1225

00:48:20,710 --> 00:48:18,000

doesn't it depend like on what's

1226

00:48:22,950 --> 00:48:20,720

i mean

1227

00:48:25,910 --> 00:48:22,960

oh the sunset ever says the sunlight

1228

00:48:27,910 --> 00:48:25,920

drowns them out same as daytime on earth

1229

00:48:29,910 --> 00:48:27,920

but wouldn't that be like exactly

1230

00:48:32,390 --> 00:48:29,920

but like wouldn't that atmosphere play a

1231

00:48:35,829 --> 00:48:32,400

lot in that too because like

1232

00:48:38,470 --> 00:48:35,839

i mean yeah it's daytime you can't see

1233

00:48:40,549 --> 00:48:38,480

obviously but like the sky still kind of

1234

00:48:43,109 --> 00:48:40,559

looks bluish and like you're having a

1235

00:48:46,309 --> 00:48:43,119

look through like this it's a very thin

1236

00:48:48,390 --> 00:48:46,319

layer obviously but like you can't like

1237

00:48:50,790 --> 00:48:48,400

stand on a layer it's like [h\_\_\h] a

1238

00:48:53,030 --> 00:48:50,800

mile long like it's huge i mean it's big

1239

00:48:53,750 --> 00:48:53,040

in like perspectives like a person but

1240

00:48:55,430 --> 00:48:53,760

like

1241

00:48:57,589 --> 00:48:55,440

i don't know does it make it harder to

1242

00:48:59,829 --> 00:48:57,599

see

1243

00:49:02,069 --> 00:48:59,839

the atmosphere it could be yeah maybe

1244

00:49:04,950 --> 00:49:02,079

the atmosphere like reflects light off

1245

00:49:07,030 --> 00:49:04,960

of it and then that like it's almost

1246

00:49:07,829 --> 00:49:07,040

uh yeah

1247

00:49:16,069 --> 00:49:07,839

it's

1248

00:49:18,069 --> 00:49:16,079

have been

1249

00:49:20,069 --> 00:49:18,079

around the moon

1250

00:49:21,750 --> 00:49:20,079

maybe not landed on the moon but the the

1251  
00:49:28,230 --> 00:49:21,760  
moon

1252  
00:49:30,790 --> 00:49:28,240  
they never saw stars the whole trip dude

1253  
00:49:32,790 --> 00:49:30,800  
i'm telling you man everybody knows if

1254  
00:49:34,549 --> 00:49:32,800  
you'll give me a second i can try to

1255  
00:49:36,470 --> 00:49:34,559  
find a video with somebody saying that

1256  
00:49:38,790 --> 00:49:36,480  
but that's fine

1257  
00:49:42,549 --> 00:49:38,800  
everybody knows that if you're gonna

1258  
00:49:44,630 --> 00:49:42,559  
have a nice sky you gotta have stars

1259  
00:49:46,390 --> 00:49:44,640  
and you gotta

1260  
00:49:48,790 --> 00:49:46,400  
otherwise do you might as well just be

1261  
00:49:50,870 --> 00:49:48,800  
under your own blanket

1262  
00:49:53,910 --> 00:49:50,880  
tammy says no astronauts say they don't

1263  
00:49:55,750 --> 00:49:53,920

1267

00:50:03,750 --> 00:50:02,160

don't see any stars

1268

00:50:06,069 --> 00:50:03,760

if diamond dave has a website oh

1366

00:54:07,030 --> 00:54:04,960

oh my god that'd be so great if that's

1367

00:54:08,950 --> 00:54:07,040

like in the merchandise like you buy a

1368

00:54:12,309 --> 00:54:08,960

pair of diamond dave and ninja judy chop

1369

00:54:15,190 --> 00:54:13,670

numbers

1370

00:54:17,109 --> 00:54:15,200

but they're like handmade that would be

1371

00:54:17,990 --> 00:54:17,119

like an etsy thing i would i would think

1372

00:54:20,069 --> 00:54:18,000

you know

1373

00:54:22,390 --> 00:54:20,079

that's awesome

1374

00:54:24,790 --> 00:54:22,400

um that wouldn't that would hurt

1375

00:54:26,549 --> 00:54:24,800

yeah [h\_\_h] yeah especially

1376

00:54:29,109 --> 00:54:26,559

what's full like what are they full of

1377

00:54:31,990 --> 00:54:29,119

like rocks dude probably put sand in it

1378

00:54:34,829 --> 00:54:32,000

or something oh my god yeah

1379

00:54:37,190 --> 00:54:34,839

why thank you for that super chat bro

1380

00:54:38,470 --> 00:54:37,200

y'all's good

1381

00:54:41,109 --> 00:54:38,480

hell yeah

1382

00:54:43,349 --> 00:54:41,119

yeah like rocks or sand

1383

00:54:46,069 --> 00:54:43,359

those are i mean it's it's

1384

00:54:48,950 --> 00:54:46,079

it's not a toy it's solid it's solid

1385

00:54:51,109 --> 00:54:48,960

it's a solid weapon if you think about

1386

00:54:55,589 --> 00:54:54,230

oh i rendered what

1387

00:54:58,549 --> 00:54:55,599

rendered

1388

00:54:59,910 --> 00:54:58,559

useless what's a pollock

1389

00:55:01,190 --> 00:54:59,920

i don't know

1390

00:55:03,270 --> 00:55:01,200

i have no idea

1391

00:55:05,750 --> 00:55:03,280

this is like what

1392

00:55:06,789 --> 00:55:05,760

like eating the scraps at the end of the

1393

00:55:07,829 --> 00:55:06,799

soup

1394

00:55:09,910 --> 00:55:07,839

like

1395

00:55:11,430 --> 00:55:09,920

my super stamp the soup was damn good

1396

00:55:13,510 --> 00:55:11,440

man those are the best parts this is

1397

00:55:15,190 --> 00:55:13,520

where all the seasoning is at i'm here

1398

00:55:17,990 --> 00:55:15,200

now the good the juices and [h\_\_h] are at

1399

00:55:20,390 --> 00:55:18,000

the bottom that's true

1400

00:55:22,710 --> 00:55:20,400

do you think aliens have a form of soup

1401

00:55:24,870 --> 00:55:22,720

or do you think it's all just like

1402

00:55:26,870 --> 00:55:24,880

it could be like okay think about like

1403

00:55:28,789 --> 00:55:26,880

what aliens eat

1404

00:55:30,150 --> 00:55:28,799

do you think it's that there's no way

1405

00:55:31,829 --> 00:55:30,160

there is barbaric because they don't

1406

00:55:34,710 --> 00:55:31,839

have big mouths right they don't eat

1407

00:55:37,670 --> 00:55:34,720

like chicken legs or bones well i feel

1408

00:55:39,829 --> 00:55:37,680

like all they eat is soup it's like

1409

00:55:41,750 --> 00:55:39,839

it's like a straw with like liquid going

1410

00:55:44,390 --> 00:55:41,760

which which aliens are we talking about

1411

00:55:46,390 --> 00:55:44,400

i'm talking about grays right now

1412

00:55:49,190 --> 00:55:46,400

if we're talking about mantis

1413

00:55:52,390 --> 00:55:49,200

different story right

1414

00:55:54,549 --> 00:55:52,400

grace do they eat do they crazy do they

1415

00:55:57,030 --> 00:55:54,559

do you eat

1416

00:55:59,589 --> 00:55:57,040

let us know let us know if there's a

1417

00:56:03,589 --> 00:55:59,599

gray in the chat let me know

1418

00:56:05,510 --> 00:56:03,599

just just type yes or no do you eat

1419

00:56:07,990 --> 00:56:05,520

do they eat there's like an snl there's

1420

00:56:10,950 --> 00:56:08,000

that snl skin it's like they're training

1421

00:56:12,390 --> 00:56:10,960

uh people uh to work at like cinnabun at

1422

00:56:14,069 --> 00:56:12,400

an airport

1423

00:56:17,510 --> 00:56:14,079

and everybody's like

1424

00:56:19,589 --> 00:56:17,520

welcome to cinnabon do you eat

1425

00:56:21,670 --> 00:56:19,599

let's not say that let's not make the

1426

00:56:24,309 --> 00:56:21,680

customer uncomfortable probably not do

1427

00:56:27,190 --> 00:56:25,589

i don't know if you meant to say that

1428

00:56:29,829 --> 00:56:27,200

but that was uh

1429

00:56:31,910 --> 00:56:29,839

no i didn't really

1430

00:56:32,789 --> 00:56:31,920

that was a quote you didn't meet a quote

1431

00:56:34,470 --> 00:56:32,799

uh

1432

00:56:36,230 --> 00:56:34,480

tammy that's that's that's what i'm

1433

00:56:37,829 --> 00:56:36,240

thinking like aren't they supposed to be

1434

00:56:39,990 --> 00:56:37,839

like the robots

1435

00:56:45,270 --> 00:56:40,000

yeah so they would eat soup why would

1436

00:56:48,549 --> 00:56:45,280

they eat soup robots don't like to eat

1437

00:56:51,670 --> 00:56:48,559

tell me oil isn't a soup it's not

1438

00:56:53,430 --> 00:56:51,680

it's more like a cough syrup it's liquid

1439

00:56:57,430 --> 00:56:53,440

it's full of nutrients

1440

00:57:01,349 --> 00:56:59,190

nah

1441

00:57:04,150 --> 00:57:01,359

that's a damn soup dude don't tell me

1442

00:57:05,910 --> 00:57:04,160

otherwise that's a damn soup i disagree

1443

00:57:08,470 --> 00:57:05,920

i i think soups have to have some sort

1444

00:57:11,910 --> 00:57:08,480

of chunkiness in it and oil chunky oil

1445

00:57:15,190 --> 00:57:11,920

is never good okay well answer me this

1446

00:57:16,630 --> 00:57:15,200

is the ocean one big soup

1447

00:57:19,270 --> 00:57:16,640

i mean yeah

1448

00:57:21,349 --> 00:57:19,280

salty chunky

1449

00:57:23,349 --> 00:57:21,359

full of flavor

1450

00:57:24,150 --> 00:57:23,359

definitely a fish soup

1451

00:57:25,990 --> 00:57:24,160

yeah

1452

00:57:27,750 --> 00:57:26,000

dude you know would be crazy like i

1453

00:57:30,710 --> 00:57:27,760

would like to go all across the world

1454

00:57:34,710 --> 00:57:30,720

and get like a cup and like taste every

1455

00:57:37,829 --> 00:57:36,069

what do you think galveston tastes like

1456

00:57:40,710 --> 00:57:37,839

galveston ah

1457

00:57:42,630 --> 00:57:40,720

tastes terrible looking like rust and

1458

00:57:45,510 --> 00:57:42,640

ass

1459

00:57:48,069 --> 00:57:45,520

rust [h\_\_h] and toenails that's what

1460

00:57:49,829 --> 00:57:48,079

that's that's what a gallon water tank

1461

00:57:52,870 --> 00:57:49,839

and oil yeah

1462

00:57:55,109 --> 00:57:52,880

yeah real oily really but like wouldn't

1463

00:57:57,349 --> 00:57:55,119

that be cool like you go to like the

1464

00:57:58,950 --> 00:57:57,359

indian ocean the atlantic ocean pacific

1465

00:57:59,990 --> 00:57:58,960

ocean you know you go to or the arctic

1466

00:58:00,870 --> 00:58:00,000

ocean you go to all these different

1467

00:58:02,309 --> 00:58:00,880

oceans

1468

00:58:03,990 --> 00:58:02,319

and you drink the water and see what it

1469

00:58:05,190 --> 00:58:04,000

tastes like like does it taste different

1470

00:58:08,470 --> 00:58:05,200

is it different

1471

00:58:11,990 --> 00:58:08,480

dude okay you know you you've seen uh a

1472

00:58:13,589 --> 00:58:12,000

live watch right with uh yeah uh bill

1473

00:58:15,030 --> 00:58:13,599

steve zusu

1474

00:58:16,549 --> 00:58:15,040

willing to foe

1475

00:58:20,069 --> 00:58:16,559

but great cast

1476

00:58:22,549 --> 00:58:20,079

just in general yeah oh my god

1477

00:58:24,470 --> 00:58:22,559

russell crowe look just just picture

1478

00:58:27,190 --> 00:58:24,480

this ufo garage

1479

00:58:29,109 --> 00:58:27,200

expedition uh

1480

00:58:33,510 --> 00:58:29,119

boat right

1481

00:58:38,789 --> 00:58:36,309

ocean expedition ocean expedition but

1482

00:58:40,309 --> 00:58:38,799

it's on stilts and the desert very dry

1483

00:58:41,750 --> 00:58:40,319

and we're just partying and drinking the

1484

00:58:43,430 --> 00:58:41,760

whole time

1485

00:58:44,789 --> 00:58:43,440

we're bringing the animals we do get

1486

00:58:48,829 --> 00:58:44,799

high

1487

00:58:52,870 --> 00:58:51,829

uh only like two people know about that

1488

00:58:55,510 --> 00:58:52,880

joke

1489

00:58:58,230 --> 00:58:56,950

pirate ship in the desert who knows

1490

00:59:01,829 --> 00:58:58,240

about that

1491

00:59:04,789 --> 00:59:01,839

raise your hand in the chat uh but

1492

00:59:08,549 --> 00:59:04,799

picture this dude we we go

1493

00:59:11,670 --> 00:59:08,559

to every all of the the seas

1494

00:59:12,470 --> 00:59:11,680

we taste and we taste it

1495

00:59:13,430 --> 00:59:12,480

yeah

1496

00:59:14,789 --> 00:59:13,440

you know

1497

00:59:17,190 --> 00:59:14,799

yeah

1498

00:59:19,589 --> 00:59:17,200

think about it hey we can talk to gary

1499

00:59:21,349 --> 00:59:19,599

maybe gary will let us ride on his uapx

1500

00:59:24,150 --> 00:59:21,359

boat and we can take that to all the

1501  
00:59:26,150 --> 00:59:24,160  
different oceans and we can disguise

1502  
00:59:27,510 --> 00:59:26,160  
our intentions on wanting to find ufos

1503  
00:59:29,670 --> 00:59:27,520  
but in reality we just want to taste

1504  
00:59:33,670 --> 00:59:29,680  
different parts of the ocean look we're

1505  
00:59:35,510 --> 00:59:33,680  
just trying to figure out what

1506  
00:59:37,510 --> 00:59:35,520  
what ocean

1507  
00:59:39,589 --> 00:59:37,520  
tastes better yeah

1508  
00:59:41,510 --> 00:59:39,599  
this is a cooking show it's a simple pro

1509  
00:59:45,109 --> 00:59:41,520  
it's a simple simple premise everybody's

1510  
00:59:50,630 --> 00:59:47,990  
masterchef master chef junior

1511  
00:59:53,109 --> 00:59:50,640  
great shows why not

1512  
00:59:54,549 --> 00:59:53,119  
mix a little bit of adventure with two

1513  
00:59:57,430 --> 00:59:54,559

dudes

1514

00:59:59,430 --> 00:59:57,440

looking for aliens but also secretly

1515

01:00:01,030 --> 00:59:59,440

tasting the ocean

1516

01:00:03,589 --> 01:00:01,040

for its

1517

01:00:05,589 --> 01:00:03,599

uh edible qualities and then dude like

1518

01:00:07,829 --> 01:00:05,599

every weekend like

1519

01:00:09,190 --> 01:00:07,839

we could go to that ocean and we'll take

1520

01:00:10,549 --> 01:00:09,200

buckets with us and then we'll bring

1521

01:00:12,309 --> 01:00:10,559

them home and we can put it in bottles

1522

01:00:14,069 --> 01:00:12,319

and sell it we'll desalinate it and then

1523

01:00:16,470 --> 01:00:14,079

we'll sell it and then we'll sell it

1524

01:00:18,789 --> 01:00:16,480

like as a pack where you can buy ocean

1525

01:00:21,190 --> 01:00:18,799

water and you actually can get cooking

1526  
01:00:22,710 --> 01:00:21,200  
salt made from the salt from that ocean

1527  
01:00:26,309 --> 01:00:22,720  
in that specific part of the world

1528  
01:00:31,750 --> 01:00:28,789  
you just described an art an art project

1529  
01:00:36,150 --> 01:00:31,760  
my friend you desalinate the water and

1530  
01:00:39,589 --> 01:00:36,160  
then you use that same salt to re-salt

1531  
01:00:43,510 --> 01:00:41,430  
and then you drink the water that it

1532  
01:00:46,630 --> 01:00:43,520  
originally came from

1533  
01:00:48,549 --> 01:00:46,640  
that's i mean that's efficiency you know

1534  
01:00:50,549 --> 01:00:48,559  
it's uh

1535  
01:00:52,710 --> 01:00:50,559  
efficiency

1536  
01:00:53,510 --> 01:00:52,720  
sea fish ocean

1537  
01:00:55,190 --> 01:00:53,520  
ah

1538  
01:00:58,390 --> 01:00:55,200

definitely

1539

01:01:01,510 --> 01:00:58,400

for sharks for sharks yeah yeah

1540

01:01:03,349 --> 01:01:01,520

yeah i see i uh uh i don't i can't think

1541

01:01:05,190 --> 01:01:03,359

of anything sorry well your ideas are

1542

01:01:07,109 --> 01:01:05,200

just bubbling up to the surface

1543

01:01:08,150 --> 01:01:07,119

and stop it

1544

01:01:12,150 --> 01:01:08,160

uh

1545

01:01:12,870 --> 01:01:12,160

you wanted to show

1546

01:01:16,390 --> 01:01:12,880

me

1547

01:01:19,349 --> 01:01:16,400

us all of us i i so i downloaded it

1548

01:01:22,470 --> 01:01:19,359

um so i tried to upload it

1549

01:01:23,670 --> 01:01:22,480

didn't work it was too big

1550

01:01:25,910 --> 01:01:23,680

uh so

1551

01:01:27,910 --> 01:01:25,920

yeah i could try again though if if if

1552

01:01:30,230 --> 01:01:27,920

maybe we could play the minute long uh

1553

01:01:32,230 --> 01:01:30,240

it's it's it's been an hour so we can

1554

01:01:33,670 --> 01:01:32,240

we can do that if you want to play the

1555

01:01:40,549 --> 01:01:33,680

the

1556

01:01:42,230 --> 01:01:40,559

podcast video let's try it okay hey

1557

01:01:44,549 --> 01:01:42,240

we'll be right back after these messages

1558

01:01:47,190 --> 01:01:44,559

we'll be right back after these messages

1559

01:01:52,830 --> 01:01:49,829

give me a minute are you gonna

1560

01:01:57,280 --> 01:01:52,840

now we'll be back after these messages

1561

01:02:00,070 --> 01:01:57,290

[Music]

1562

01:02:00,760 --> 01:02:00,080

[Applause]

1563

01:02:02,220 --> 01:02:00,770

[Music]

1564

01:02:12,380 --> 01:02:02,230

[Applause]

1565

01:02:43,029 --> 01:02:25,270

[Music]

1566

01:02:43,039 --> 01:02:46,800

boom

1567

01:02:46,810 --> 01:02:54,950

[Music]

1568

01:02:58,950 --> 01:02:57,910

all right i liked it what do you think

1569

01:03:00,789 --> 01:02:58,960

i mean

1570

01:03:03,589 --> 01:03:00,799

yeah it's still not let me upload it i

1571

01:03:05,029 --> 01:03:03,599

think it's just too large of a file oh

1572

01:03:06,870 --> 01:03:05,039

no i was talking about the intermission

1573

01:03:08,870 --> 01:03:06,880

i think it went well oh the intermission

1574

01:03:11,430 --> 01:03:08,880

yeah it didn't go well it went good i

1575

01:03:14,390 --> 01:03:11,440

think yeah no good hey that song slaps

1576

01:03:16,630 --> 01:03:14,400

in your car by the way dude yeah the mix

1577

01:03:18,710 --> 01:03:16,640

that uh yeah that makes of that track is

1578

01:03:22,710 --> 01:03:18,720

sick it's a banger for sure

1579

01:03:25,750 --> 01:03:24,549

it's only a one minute thing you know

1580

01:03:27,750 --> 01:03:25,760

yeah i don't know

1581

01:03:29,670 --> 01:03:27,760

okay so i mean without watching the

1582

01:03:30,630 --> 01:03:29,680

video

1583

01:03:34,470 --> 01:03:30,640

uh

1584

01:03:35,750 --> 01:03:34,480

let's talk about it take me i'm not

1585

01:03:37,910 --> 01:03:35,760

gonna tell you dude no i'm gonna sound

1586

01:03:39,910 --> 01:03:37,920

like an idiot

1587

01:03:42,309 --> 01:03:39,920

put me on the road we sound like an

1588

01:03:44,549 --> 01:03:42,319

idiot that's that's fine but like i need

1589

01:03:45,910 --> 01:03:44,559

to watch it one more time and then i can

1590

01:03:49,990 --> 01:03:45,920

talk about it

1591

01:03:53,589 --> 01:03:50,000

so i can do that really quick uh who who

1592

01:03:54,549 --> 01:03:53,599

uh who made the post about uh oh yes

1593

01:03:56,829 --> 01:03:54,559

yeah

1594

01:04:00,150 --> 01:03:56,839

about the james webb

1595

01:04:01,829 --> 01:04:00,160

yes talk about that

1596

01:04:04,630 --> 01:04:01,839

hell yeah dude

1597

01:04:07,109 --> 01:04:04,640

yeah uh night geezer night geezer on

1598

01:04:09,029 --> 01:04:07,119

twitter twitter

1599

01:04:11,910 --> 01:04:09,039

great post i thought this was super

1600

01:04:13,990 --> 01:04:11,920

passionate fascinating fascinating

1601  
01:04:16,870 --> 01:04:14,000  
fascinating

1602  
01:04:17,910 --> 01:04:16,880  
uh the question is from nightgazer on uh

1603  
01:04:19,670 --> 01:04:17,920  
twitter

1604  
01:04:22,710 --> 01:04:19,680  
do you think the public will be

1605  
01:04:23,990 --> 01:04:22,720  
immediately notified if the james webb

1606  
01:04:26,549 --> 01:04:24,000  
telescope

1607  
01:04:29,910 --> 01:04:26,559  
spots an alien mega structure and look

1608  
01:04:32,470 --> 01:04:29,920  
at this rendering dude

1609  
01:04:34,630 --> 01:04:32,480  
yeah look at that pretty sweet

1610  
01:04:39,190 --> 01:04:34,640  
it's like a dyson sphere that's a big

1611  
01:04:40,549 --> 01:04:39,200  
old damn hot ass ball of gas man dude i

1612  
01:04:43,349 --> 01:04:40,559  
mean technically

1613  
01:04:44,950 --> 01:04:43,359

at that point those dudes are pioneers

1614

01:04:46,870 --> 01:04:44,960

right yeah

1615

01:04:48,230 --> 01:04:46,880

and they're literally riding riding it

1616

01:04:51,430 --> 01:04:48,240

for miles

1617

01:04:56,230 --> 01:04:51,440

so

1618

01:05:00,230 --> 01:04:56,240

i love how our jokes come full circle in

1619

01:05:04,150 --> 01:05:02,870

this is a pioneering space

1620

01:05:07,670 --> 01:05:04,160

that's

1621

01:05:12,470 --> 01:05:10,230

you know you know what broke my brain

1622

01:05:15,990 --> 01:05:12,480

you know what i'm i'm kind of i'm i'm a

1623

01:05:19,670 --> 01:05:17,910

yes like

1624

01:05:21,190 --> 01:05:19,680

sorry i waved my hands like stop keep

1625

01:05:22,789 --> 01:05:21,200

going

1626

01:05:25,670 --> 01:05:22,799

is that these advanced civilizations

1627

01:05:27,029 --> 01:05:25,680

they do they took our idea

1628

01:05:29,109 --> 01:05:27,039

yeah dude

1629

01:05:31,349 --> 01:05:29,119

we totally came up with this

1630

01:05:34,549 --> 01:05:31,359

dude think about this though are we

1631

01:05:38,069 --> 01:05:34,559

ourselves a living on this planet not

1632

01:05:41,109 --> 01:05:38,079

riding a ball of gas through the through

1633

01:05:42,789 --> 01:05:41,119

the galaxy for a mile

1634

01:05:47,750 --> 01:05:42,799

we are

1635

01:05:52,870 --> 01:05:47,760

dude we've been riding this damn ball

1636

01:05:56,549 --> 01:05:55,109

dude you know if you think about it like

1637

01:05:58,710 --> 01:05:56,559

it'd be crazy because like living on

1638

01:06:01,270 --> 01:05:58,720

earth imagine something like that was

1639

01:06:03,430 --> 01:06:01,280

actually around our sun right

1640

01:06:05,510 --> 01:06:03,440

would you even be able to see it what if

1641

01:06:07,430 --> 01:06:05,520

i had already one that's there dude

1642

01:06:11,430 --> 01:06:07,440

there's one of these around our sun

1643

01:06:15,510 --> 01:06:13,829

yeah like it's like a like a deflector

1644

01:06:17,270 --> 01:06:15,520

mechanism like

1645

01:06:18,630 --> 01:06:17,280

we don't see it

1646

01:06:19,990 --> 01:06:18,640

because it's like

1647

01:06:21,750 --> 01:06:20,000

like i have a bunch of like studio

1648

01:06:24,230 --> 01:06:21,760

lights

1649

01:06:25,990 --> 01:06:24,240

uh that like have like deflectors

1650

01:06:28,950 --> 01:06:26,000

like little cans

1651

01:06:31,589 --> 01:06:28,960

that project the the light and they

1652

01:06:33,349 --> 01:06:31,599

focus the light like what if that is the

1653

01:06:35,750 --> 01:06:33,359

shape of the structure maybe not like an

1654

01:06:39,270 --> 01:06:35,760

all-encompassing very oh let me get this

1655

01:06:41,190 --> 01:06:39,280

on myself but also a uh

1656

01:06:43,029 --> 01:06:41,200

a defensive like

1657

01:06:44,789 --> 01:06:43,039

uh way to like

1658

01:06:47,349 --> 01:06:44,799

bounce it off to

1659

01:06:48,789 --> 01:06:47,359

to not like a camouflage in a way

1660

01:06:51,430 --> 01:06:48,799

does that make sense i feel like i'm

1661

01:06:52,549 --> 01:06:51,440

stumbling over my words no not at all

1662

01:06:55,029 --> 01:06:52,559

uh

1663

01:06:57,109 --> 01:06:55,039

but the structure maybe it's not a a

1664

01:06:59,670 --> 01:06:57,119

circle that completely consumes the

1665

01:07:03,190 --> 01:06:59,680

power source but also

1666

01:07:05,270 --> 01:07:03,200

maybe it it it also reflects back to to

1667

01:07:06,470 --> 01:07:05,280

us so we don't realize that it's

1668

01:07:08,789 --> 01:07:06,480

happening

1669

01:07:10,549 --> 01:07:08,799

because like if

1670

01:07:12,549 --> 01:07:10,559

like we could probably send as a

1671

01:07:15,349 --> 01:07:12,559

civilization send some nukes out and

1672

01:07:16,630 --> 01:07:15,359

like try to [h\_\_h] them up but they're

1673

01:07:18,710 --> 01:07:16,640

it's like somebody was trying to mess

1674

01:07:20,630 --> 01:07:18,720

with our son right yeah but if they

1675

01:07:22,710 --> 01:07:20,640

didn't even want the drama they could be

1676

01:07:24,870 --> 01:07:22,720

like hey let's just not even let them

1677

01:07:27,029 --> 01:07:24,880

know that we're here

1678

01:07:33,349 --> 01:07:27,039

what if stars are like just the windows

1679

01:07:37,270 --> 01:07:35,589

holy [h\_\_h] and you just did you just see

1680

01:07:39,910 --> 01:07:37,280

like a little cracks of light through

1681

01:07:41,510 --> 01:07:39,920

these big ass windows

1682

01:07:43,190 --> 01:07:41,520

because we're so tiny

1683

01:07:46,309 --> 01:07:43,200

like they're so huge

1684

01:07:48,950 --> 01:07:46,319

dude wait a minute wait a minute

1685

01:07:50,549 --> 01:07:48,960

this dovetails remember i said i didn't

1686

01:07:52,390 --> 01:07:50,559

want to say the thing

1687

01:07:54,630 --> 01:07:52,400

because i haven't formulated an opinion

1688

01:07:55,589 --> 01:07:54,640

about it yet yeah

1689

01:07:57,029 --> 01:07:55,599

that

1690

01:07:59,510 --> 01:07:57,039

totally

1691

01:08:01,109 --> 01:07:59,520

coincides with this thought

1692

01:08:03,270 --> 01:08:01,119

well it happened for a reason that means

1693

01:08:05,910 --> 01:08:03,280

you got to talk about it now okay well

1694

01:08:07,510 --> 01:08:05,920

i'm going to sound like a dummy

1695

01:08:09,430 --> 01:08:07,520

all right when does that ever stop me

1696

01:08:10,789 --> 01:08:09,440

okay i'm so

1697

01:08:11,990 --> 01:08:10,799

i just thought we were really small and

1698

01:08:13,829 --> 01:08:12,000

we were looking through windows of

1699

01:08:15,910 --> 01:08:13,839

really really big guys

1700

01:08:18,070 --> 01:08:15,920

i think you're going to be all right

1701

01:08:20,229 --> 01:08:18,080

the big guys game

1702

01:08:21,590 --> 01:08:20,239

doesn't rock with being the small guy

1703

01:08:26,070 --> 01:08:21,600

sometimes

1704

01:08:30,149 --> 01:08:26,080

guy in a big guy's world

1705

01:08:33,669 --> 01:08:30,159

anyway uh this this this thought that

1706

01:08:35,990 --> 01:08:33,679

our sun and the stars and everything the

1707

01:08:38,709 --> 01:08:36,000

reason why we don't see stars

1708

01:08:40,470 --> 01:08:38,719

is because we are

1709

01:08:41,590 --> 01:08:40,480

in a

1710

01:08:43,910 --> 01:08:41,600

lens

1711

01:08:46,630 --> 01:08:43,920

type shape that we just don't we can't

1712

01:08:49,349 --> 01:08:46,640

fathom yet you know how like lenses and

1713

01:08:50,870 --> 01:08:49,359

different shaped convex concave lenses

1714

01:08:53,269 --> 01:08:50,880

can alter

1715

01:08:55,430 --> 01:08:53,279

our visible understanding of the world

1716

01:08:57,829 --> 01:08:55,440

can create illusions

1717

01:09:01,269 --> 01:08:57,839

like fun mirrors and like you know the

1718

01:09:03,590 --> 01:09:01,279

yeah the carnival or or or microscopes

1719

01:09:07,349 --> 01:09:03,600

or telescopes

1720

01:09:11,510 --> 01:09:07,359

we're bending light in a way that pers

1721

01:09:13,349 --> 01:09:11,520

that change our perception of reality

1722

01:09:14,950 --> 01:09:13,359

i'm just trying to set up this thing so

1723

01:09:16,550 --> 01:09:14,960

i don't sound like a crazy person

1724

01:09:18,390 --> 01:09:16,560

because i think this is actually there's

1725

01:09:20,229 --> 01:09:18,400

there's something to it

1726

01:09:21,590 --> 01:09:20,239

so we're talking about the subject of

1727

01:09:23,030 --> 01:09:21,600

bending light

1728

01:09:25,510 --> 01:09:23,040

what bends light

1729

01:09:27,189 --> 01:09:25,520

it's it's it's matter it's it's large

1730

01:09:30,950 --> 01:09:27,199

things big

1731

01:09:34,630 --> 01:09:30,960

gravity all the gas gravitas right and

1732

01:09:36,950 --> 01:09:34,640

then also like glass things that are

1733

01:09:39,829 --> 01:09:36,960

that are in a certain shape

1734

01:09:42,789 --> 01:09:39,839

so we know that there's a shape prism

1735

01:09:44,149 --> 01:09:42,799

so we we know that shapes of something

1736

01:09:45,590 --> 01:09:44,159

doesn't have to be glass it could be

1737

01:09:47,110 --> 01:09:45,600

something else

1738

01:09:48,390 --> 01:09:47,120

shapes and

1739

01:09:50,550 --> 01:09:48,400

uh gravity

1740

01:09:52,789 --> 01:09:50,560

uh alter light

1741

01:09:55,270 --> 01:09:52,799

and what we see is light is truth if we

1742

01:09:57,669 --> 01:09:55,280

could see it we believe it right

1743

01:09:59,510 --> 01:09:57,679

so i mean look at like go to this james

1744

01:10:01,270 --> 01:09:59,520

webb telescope live feed right now like

1745

01:10:03,270 --> 01:10:01,280

all we're seeing is [h\_\_\h] 3d

1746

01:10:06,709 --> 01:10:03,280

renderings we're not seeing [h\_\_\h] like

1747

01:10:08,950 --> 01:10:06,719

yeah come on people like this is so dumb

1748

01:10:10,630 --> 01:10:08,960

so back to like

1749

01:10:13,590 --> 01:10:10,640

light per

1750

01:10:14,709 --> 01:10:13,600

perceived through a lens

1751  
01:10:17,990 --> 01:10:14,719  
is that

1752  
01:10:20,550 --> 01:10:18,000  
are we seeing a sun are we seeing stars

1753  
01:10:21,510 --> 01:10:20,560  
in their actual form or

1754  
01:10:25,430 --> 01:10:21,520  
is

1755  
01:10:28,950 --> 01:10:25,440  
our perception of the earth and space

1756  
01:10:30,630 --> 01:10:28,960  
being perceived from this shape

1757  
01:10:33,910 --> 01:10:30,640  
that is our

1758  
01:10:37,669 --> 01:10:33,920  
our physical or or mental structure

1759  
01:10:40,070 --> 01:10:37,679  
so this thought is that the sun is a

1760  
01:10:41,590 --> 01:10:40,080  
window a black hole that we're seeing

1761  
01:10:43,030 --> 01:10:41,600  
through a different dimension like it's

1762  
01:10:45,590 --> 01:10:43,040  
kind of crazy it gets crazy at this

1763  
01:10:47,270 --> 01:10:45,600

point where like like the sun's not

1764

01:10:49,270 --> 01:10:47,280

actually putting off heat it's just like

1765

01:10:51,189 --> 01:10:49,280

a bunch of energy like it's not hot like

1766

01:10:53,590 --> 01:10:51,199

what is it burning like

1767

01:10:55,270 --> 01:10:53,600

where is that going like

1768

01:11:00,390 --> 01:10:55,280

it's like sucking something from like

1769

01:11:05,830 --> 01:11:03,270

yes oh my god you just saved me there

1770

01:11:08,470 --> 01:11:05,840

that's exactly what it is like

1771

01:11:10,709 --> 01:11:08,480

the idea is that that the sun is sucking

1772

01:11:12,950 --> 01:11:10,719

energy from a different dimension and

1773

01:11:14,709 --> 01:11:12,960

and and pushing it into our dimension

1774

01:11:17,189 --> 01:11:14,719

it's not actually a physical thing

1775

01:11:20,070 --> 01:11:17,199

burning these these chemicals or these

1776

01:11:20,790 --> 01:11:20,080

or whatever helium and hydrogen

1777

01:11:24,070 --> 01:11:20,800

like

1778

01:11:26,870 --> 01:11:24,080

or maybe or or maybe maybe it is because

1779

01:11:29,350 --> 01:11:26,880

it all exists in another dimension and

1780

01:11:31,830 --> 01:11:29,360

that's just expelling the energy you

1781

01:11:33,110 --> 01:11:31,840

know uh-huh

1782

01:11:35,910 --> 01:11:33,120

what if at the

1783

01:11:38,229 --> 01:11:35,920

center of every black hole

1784

01:11:41,030 --> 01:11:38,239

is a sun you're just not looking at it

1785

01:11:43,189 --> 01:11:41,040

in the right angle like we we just so

1786

01:11:45,750 --> 01:11:43,199

happen to be in the gravitational field

1787

01:11:47,030 --> 01:11:45,760

of our sun so we see it at the right

1788

01:11:48,149 --> 01:11:47,040

angle it's like looking through an

1789

01:11:50,470 --> 01:11:48,159

hourglass

1790

01:11:51,990 --> 01:11:50,480

like you don't see the other side very

1791

01:11:54,790 --> 01:11:52,000

well

1792

01:11:57,030 --> 01:11:54,800

with the convex and convex shape put

1793

01:11:59,350 --> 01:11:57,040

together

1794

01:12:01,350 --> 01:11:59,360

it's such a massive scale like you're

1795

01:12:04,470 --> 01:12:01,360

talking like from being able to see like

1796

01:12:07,110 --> 01:12:04,480

from way outside our solar system right

1797

01:12:09,430 --> 01:12:08,550

i mean there's like there's photos of

1798

01:12:11,030 --> 01:12:09,440

like

1799

01:12:12,229 --> 01:12:11,040

of them turning around taking pictures

1800

01:12:14,310 --> 01:12:12,239

of the sun

1801

01:12:16,790 --> 01:12:14,320

from like planets far out they're like

1802

01:12:18,310 --> 01:12:16,800

yep that is the sun it's pretty small

1803

01:12:20,630 --> 01:12:18,320

from out here and you're like well

1804

01:12:23,030 --> 01:12:20,640

that's pretty crazy so like on a

1805

01:12:23,910 --> 01:12:23,040

way bigger scale like if you were like

1806

01:12:25,430 --> 01:12:23,920

on the

1807

01:12:26,550 --> 01:12:25,440

well i don't know because then it

1808

01:12:28,790 --> 01:12:26,560

wouldn't matter then you wouldn't even

1809

01:12:31,030 --> 01:12:28,800

see our son

1810

01:12:33,350 --> 01:12:31,040

so there's a there's a recent video of

1811

01:12:35,350 --> 01:12:33,360

the sun recently that was pretty dope oh

1812

01:12:45,590 --> 01:12:35,360

yeah all in black and white yeah it

1813

01:12:51,669 --> 01:12:47,990

i'm trying it's so good dude it's like

1814

01:12:55,990 --> 01:12:51,679

hey this is a giant ball again the sun

1815

01:13:00,070 --> 01:12:56,000

in 4k view by masses uh masses

1816

01:13:04,790 --> 01:13:01,910

god damn it

1817

01:13:07,430 --> 01:13:04,800

ads

1818

01:13:11,669 --> 01:13:07,440

sunsaver says the sun is a giant ball of

1819

01:13:14,390 --> 01:13:11,679

water with metallic hydrogen at the core

1820

01:13:15,830 --> 01:13:14,400

i'm not smart enough to understand that

1821

01:13:19,189 --> 01:13:15,840

but i do know

1822

01:13:24,630 --> 01:13:23,270

wait what are we gonna say donuts oh no

1823

01:13:25,990 --> 01:13:24,640

i don't know i was just say something i

1824

01:13:27,990 --> 01:13:26,000

was gonna say

1825

01:13:29,910 --> 01:13:28,000

i don't know if the sun is water but i

1826

01:13:34,070 --> 01:13:29,920

do know that if i spray water on the

1827

01:13:38,709 --> 01:13:36,950

and it's in the sun is way hotter

1828

01:13:40,709 --> 01:13:38,719

dude the sun is

1829

01:13:41,590 --> 01:13:40,719

could we prove that the sun is not cold

1830

01:13:44,390 --> 01:13:41,600

dude

1831

01:13:45,510 --> 01:13:44,400

i don't think we can

1832

01:13:47,030 --> 01:13:45,520

i don't think it's scientific have you

1833

01:13:49,189 --> 01:13:47,040

touched it

1834

01:13:52,470 --> 01:13:49,199

yeah remember when luke called in

1835

01:13:54,310 --> 01:13:52,480

and said question hot take

1836

01:13:55,750 --> 01:13:54,320

sudden it's cold and then you like hung

1837

01:13:58,229 --> 01:13:55,760

up

1838

01:14:00,229 --> 01:13:58,239

the sun is cold it's in space

1839

01:14:02,149 --> 01:14:00,239

everything in space is cold it just

1840

01:14:04,630 --> 01:14:02,159

depends on where you are in relation to

1841

01:14:07,030 --> 01:14:04,640

the sun that's right is it cold yeah it

1842

01:14:08,870 --> 01:14:07,040

is cold if you're liking cold like just

1843

01:14:11,750 --> 01:14:08,880

just out of like the neighborhood yeah

1844

01:14:13,510 --> 01:14:11,760

it's cold as [h\_\_h] dude

1845

01:14:16,229 --> 01:14:13,520

look at this

1846

01:14:17,420 --> 01:14:16,239

you see the milky ways

1847

01:14:20,149 --> 01:14:17,430

that's insane

1848

01:14:21,510 --> 01:14:20,159

[Music]

1849

01:14:24,950 --> 01:14:21,520

you're talking about in sync right

1850

01:14:26,310 --> 01:14:24,960

that's the band no insane oh insane yeah

1851  
01:14:29,990 --> 01:14:26,320  
must be a new one

1852  
01:14:33,630 --> 01:14:32,550  
talk about icp dog

1853  
01:14:38,709 --> 01:14:33,640  
not really

1854  
01:14:41,510 --> 01:14:38,719  
[Music]

1855  
01:14:43,189 --> 01:14:41,520  
like what is that is that the sun

1856  
01:14:44,709 --> 01:14:43,199  
is that another sun

1857  
01:14:47,030 --> 01:14:44,719  
so it says flying through the sun's

1858  
01:14:55,850 --> 01:14:47,040  
corona

1859  
01:15:02,709 --> 01:14:59,430  
[Music]

1860  
01:15:04,950 --> 01:15:02,719  
also the speed says 119 kilometers per

1861  
01:15:06,870 --> 01:15:04,960  
second

1862  
01:15:09,270 --> 01:15:06,880  
that's like like 20 miles an hour right

1863  
01:15:11,189 --> 01:15:09,280

yeah that's pretty fast no

1864

01:15:13,590 --> 01:15:11,199

you fall just says our sun is so cold

1865

01:15:17,830 --> 01:15:13,600

and pathetic a bunch of light spews from

1866

01:15:21,030 --> 01:15:19,510

i wonder if the sun is like floating

1867

01:15:22,070 --> 01:15:21,040

through space like [h\_\_h] it's cold out

1868

01:15:25,350 --> 01:15:22,080

here

1869

01:15:26,950 --> 01:15:25,360

even though he's hot tammy says this

1870

01:15:31,189 --> 01:15:26,960

doesn't sound like dumb stuff it sounds

1871

01:15:31,199 --> 01:15:36,310

uh melissa says pot licker

1872

01:15:40,070 --> 01:15:37,830

always got to have the encouragement you

1873

01:15:41,990 --> 01:15:40,080

know i you know i have to put some

1874

01:15:44,310 --> 01:15:42,000

positivity out there i mean even if it's

1875

01:15:46,630 --> 01:15:44,320

stroking our ego i do appreciate it

1876

01:15:48,709 --> 01:15:46,640

because you know sometimes

1877

01:15:51,350 --> 01:15:48,719

i don't know i'm gonna go down there's

1878

01:15:53,510 --> 01:15:51,360

rabbit holes uranus is further from the

1879

01:15:55,430 --> 01:15:53,520

sun the neptune but the temperature is

1880

01:16:00,709 --> 01:15:55,440

hotter how is that i think it has

1881

01:16:06,950 --> 01:16:03,030

i think

1882

01:16:09,750 --> 01:16:06,960

the moon gives off cold light like that

1883

01:16:14,229 --> 01:16:09,760

i where what was the one oh uranus

1884

01:16:16,790 --> 01:16:14,239

melissa goodness pronounced uranus dude

1885

01:16:18,630 --> 01:16:16,800

oh my god

1886

01:16:22,229 --> 01:16:18,640

you should i'm the one that pronounced

1887

01:16:24,310 --> 01:16:22,239

it wrong it wasn't her fault

1888

01:16:28,630 --> 01:16:24,320

uh i'm gonna google this

1889

01:16:30,070 --> 01:16:28,640

uranus is father of the sun

1890

01:16:32,310 --> 01:16:30,080

and neptune

1891

01:16:34,310 --> 01:16:32,320

but

1892

01:16:36,310 --> 01:16:34,320

i'm just i'm just being silly your

1893

01:16:38,470 --> 01:16:36,320

uranus is farther from the sun than

1894

01:16:40,709 --> 01:16:38,480

neptune but the temp is hotter how is

1895

01:16:42,229 --> 01:16:40,719

that oh yeah good question

1896

01:16:43,669 --> 01:16:42,239

it's like the atmosphere right it's like

1897

01:16:45,590 --> 01:16:43,679

the lensing thing

1898

01:16:47,110 --> 01:16:45,600

you said you lost me at lens earlier

1899

01:16:49,510 --> 01:16:47,120

it's like

1900

01:16:52,390 --> 01:16:49,520

you hold up a magnifying glass in in the

1901

01:16:55,430 --> 01:16:52,400

regular sun that doesn't ouch ouch us uh

1902

01:16:57,990 --> 01:16:55,440

and it can like burn stuff right like a

1903

01:16:59,510 --> 01:16:58,000

it has to do something with that right

1904

01:17:02,790 --> 01:16:59,520

going back to that like

1905

01:17:04,950 --> 01:17:02,800

main thing that i i fully haven't like

1906

01:17:06,630 --> 01:17:04,960

constructed an opinion about and i don't

1907

01:17:09,270 --> 01:17:06,640

know enough about that's why i didn't

1908

01:17:11,750 --> 01:17:09,280

even want to bring it up but yeah

1909

01:17:13,189 --> 01:17:11,760

that's i i found the answer

1910

01:17:14,790 --> 01:17:13,199

scientists aren't completely sure why

1911

01:17:17,030 --> 01:17:14,800

uranus reaches such cold temperatures

1912

01:17:19,110 --> 01:17:17,040

despite being so much closer to the sun

1913

01:17:21,030 --> 01:17:19,120

than neptune by way of comparison

1914

01:17:23,110 --> 01:17:21,040

scientists think neptune's atmosphere

1915

01:17:25,430 --> 01:17:23,120

helps to retain heat from its

1916

01:17:27,750 --> 01:17:25,440

hot core leading to warmer temperature

1917

01:17:29,350 --> 01:17:27,760

than would otherwise be expected

1918

01:17:30,470 --> 01:17:29,360

so there we go all right we learned some

1919

01:17:33,350 --> 01:17:30,480

[h\_\_h] tonight

1920

01:17:36,310 --> 01:17:33,360

wait so neptune is hotter or colder

1921

01:17:37,830 --> 01:17:36,320

no uh uranus is closer to the sun than

1922

01:17:41,189 --> 01:17:37,840

neptune

1923

01:17:42,830 --> 01:17:41,199

okay no way wait i'm sorry

1924

01:17:49,750 --> 01:17:42,840

it's the other way

1925

01:17:53,510 --> 01:17:52,229

uranus is first yeah and then neptune i

1926

01:17:55,350 --> 01:17:53,520

had to do the planets in my head for a

1927

01:17:56,470 --> 01:17:55,360

second yeah

1928

01:17:59,590 --> 01:17:56,480

hold on

1929

01:18:00,950 --> 01:17:59,600

uranus is first neptune's next neptune

1930

01:18:03,510 --> 01:18:00,960

is hotter

1931

01:18:05,110 --> 01:18:03,520

than uranus even though it's further

1932

01:18:07,430 --> 01:18:05,120

away from the sun and they say it's

1933

01:18:09,350 --> 01:18:07,440

because the atmosphere helps it retain

1934

01:18:12,470 --> 01:18:09,360

heat from its core

1935

01:18:14,229 --> 01:18:12,480

and that's probably why it's hotter than

1936

01:18:17,750 --> 01:18:14,239

the one closer to the sun

1937

01:18:18,870 --> 01:18:17,760

so i know for a fact that sunsaver is uh

1938

01:18:20,470 --> 01:18:18,880

uh

1939

01:18:21,910 --> 01:18:20,480

he knows a lot about i mean without

1940

01:18:24,310 --> 01:18:21,920

telling too much i mean we've been

1941

01:18:26,070 --> 01:18:24,320

trying to get him on the podcast to

1942

01:18:27,990 --> 01:18:26,080

give us some of his background but he's

1943

01:18:30,229 --> 01:18:28,000

a scientist he actually notices what

1944

01:18:32,390 --> 01:18:30,239

he's talking about says jill

1945

01:18:34,229 --> 01:18:32,400

sun saber says geothermal or

1946

01:18:37,189 --> 01:18:34,239

gravitational heating

1947

01:18:40,470 --> 01:18:37,199

from within uranus

1948

01:18:44,310 --> 01:18:40,480

now i like you all he spelled uranus

1949

01:18:46,149 --> 01:18:44,320

is it correct or is that or was it

1950

01:18:47,270 --> 01:18:46,159

the other one was it correct

1951

01:18:51,350 --> 01:18:47,280

i don't know

1952

01:18:53,030 --> 01:18:51,360

so it could be it could be geothermal

1953

01:18:54,950 --> 01:18:53,040

i think melissa i think that was a great

1954

01:18:56,790 --> 01:18:54,960

question like how like how could you be

1955

01:18:59,270 --> 01:18:56,800

closer to the sun

1956

01:19:02,790 --> 01:18:59,280

but be colder older dude well same thing

1957

01:19:04,390 --> 01:19:02,800

about mars right like mars is closer

1958

01:19:07,430 --> 01:19:04,400

oh wait

1959

01:19:08,630 --> 01:19:07,440

no it's it's after us it's further but

1960

01:19:09,910 --> 01:19:08,640

like

1961

01:19:12,310 --> 01:19:09,920

the it's

1962

01:19:14,790 --> 01:19:12,320

it can be hotter and it can be colder it

1963

01:19:16,229 --> 01:19:14,800

can be hotter yeah okay that's it thank

1964

01:19:18,229 --> 01:19:16,239

you for that save

1965

01:19:20,390 --> 01:19:18,239

but it's it's because the atmosphere is

1966

01:19:21,830 --> 01:19:20,400

thin like it doesn't it doesn't retain

1967

01:19:24,390 --> 01:19:21,840

it's like it doesn't have good

1968

01:19:25,669 --> 01:19:24,400

insulation dude and and i think that the

1969

01:19:27,189 --> 01:19:25,679

whole like

1970

01:19:28,950 --> 01:19:27,199

uh

1971

01:19:30,950 --> 01:19:28,960

the rotation probably has a lot to do

1972

01:19:33,750 --> 01:19:30,960

with it too like one side doesn't see

1973

01:19:37,110 --> 01:19:33,760

the sun as often it's colder you know

1974

01:19:38,630 --> 01:19:37,120

science stuff yeah yeah that's right

1975

01:19:40,790 --> 01:19:38,640

bree and jamie it is bottomless

1976

01:19:42,229 --> 01:19:40,800

thursdays every thursdays we don't wear

1977

01:19:43,910 --> 01:19:42,239

pants

1978

01:19:45,590 --> 01:19:43,920

yeah we've been doing that since the

1979

01:19:46,550 --> 01:19:45,600

beginning of the show

1980

01:19:48,950 --> 01:19:46,560

yeah

1981

01:19:51,990 --> 01:19:48,960

we've never wear worn pants even we were

1982

01:19:52,000 --> 01:19:54,950

yeah no we didn't

1983

01:19:58,709 --> 01:19:57,750

it it it actually helped us think

1984

01:20:03,030 --> 01:19:58,719

it did

1985

01:20:04,790 --> 01:20:03,040

yeah dude marlena i want an espresso too

1986

01:20:06,709 --> 01:20:04,800

i could go for some coffee right now for

1987

01:20:10,629 --> 01:20:06,719

sure yeah it's because you're not having

1988

01:20:12,550 --> 01:20:10,639

any wine tonight dude hello that's i i

1989

01:20:14,470 --> 01:20:12,560

feel like you're you're

1990

01:20:17,189 --> 01:20:14,480

i was in i was like man i was just like

1991

01:20:18,790 --> 01:20:17,199

in a rush today like when i like when i

1992

01:20:20,390 --> 01:20:18,800

texted you i was like hey i'm setting up

1993

01:20:23,030 --> 01:20:20,400

you want to hop on i was like literally

1994

01:20:24,390 --> 01:20:23,040

just pulling in oh [h\_\_\h] well i would

1995

01:20:26,310 --> 01:20:24,400

have waited

1996

01:20:28,229 --> 01:20:26,320

well i mean we had stuff to do and

1997

01:20:29,110 --> 01:20:28,239

obviously we still

1998

01:20:30,870 --> 01:20:29,120

couldn't

1999

01:20:33,189 --> 01:20:30,880

have enough time yeah we didn't have

2000

01:20:35,270 --> 01:20:33,199

enough time so it's all good it's all

2001

01:20:36,950 --> 01:20:35,280

good yeah we'll get it next time bro

2002

01:20:39,030 --> 01:20:36,960

we'll get it next time i mean i don't

2003

01:20:41,430 --> 01:20:39,040

know will there be a next time no yeah

2004

01:20:43,669 --> 01:20:41,440

there's always the next time dude

2005

01:20:44,550 --> 01:20:43,679

why putting that bad juju on

2006

01:20:47,830 --> 01:20:44,560

ah

2007

01:20:50,390 --> 01:20:47,840

[h\_\_\h] dude

2008

01:20:54,229 --> 01:20:50,400

i don't know why i said it like that

2009

01:20:56,390 --> 01:20:54,239

i need to get a chair [h\_\_\h] it back hurts

2010

01:20:57,590 --> 01:20:56,400

i tried to get a chair um i don't know

2011

01:20:59,189 --> 01:20:57,600

if you can see it behind try to get this

2012

01:21:01,189 --> 01:20:59,199

chair but it doesn't work you know i

2013

01:21:05,030 --> 01:21:01,199

have two extra office chairs that are

2014

01:21:06,070 --> 01:21:05,040

just sitting in the in the in my garage

2015

01:21:11,189 --> 01:21:06,080

come

2016

01:21:14,550 --> 01:21:11,199

chair i tried this the other day look

2017

01:21:17,669 --> 01:21:14,560

hold on it's the one you used to sit in

2018

01:21:19,830 --> 01:21:17,679

oh no now i'm sad

2019

01:21:21,910 --> 01:21:19,840

we used to do the podcast together in

2020

01:21:23,510 --> 01:21:21,920

the same room now oh man those were the

2021

01:21:25,350 --> 01:21:23,520

days we got to go back we got to get

2022

01:21:26,830 --> 01:21:25,360

back to it

2023

01:21:31,990 --> 01:21:26,840

oh my god look at this

2024

01:21:35,270 --> 01:21:32,950

oh

2025

01:21:37,990 --> 01:21:35,280

[h\_\_h] that's way better dude that's way

2026

01:21:41,189 --> 01:21:39,590

just zoom in on can you zoom in on your

2027

01:21:45,189 --> 01:21:41,199

camera

2028

01:21:47,510 --> 01:21:45,199

it's way better

2029

01:21:49,510 --> 01:21:47,520

i love that

2030

01:21:50,950 --> 01:21:49,520

you look you look like a you look like a

2031

01:21:53,270 --> 01:21:50,960

damn uh

2032

01:21:54,550 --> 01:21:53,280

a character from the little mermaid dude

2033

01:21:58,709 --> 01:21:54,560

you should be you should be like the

2034

01:21:58,719 --> 01:22:04,390

that could be taken sexually

2035

01:22:04,400 --> 01:22:06,950

okay

2036

01:22:17,350 --> 01:22:09,350

that's way better

2037

01:22:18,950 --> 01:22:17,360

clam oh yeah can you can you hear my

2038

01:22:21,669 --> 01:22:18,960

chair though

2039

01:22:22,830 --> 01:22:21,679

i could but now you're good

2040

01:22:25,669 --> 01:22:22,840

all

2041

01:22:27,110 --> 01:22:25,679

right yeah dude well i mean

2042

01:22:28,870 --> 01:22:27,120

if everybody's cool with it i'm cool

2043

01:22:31,990 --> 01:22:28,880

with it now you're way more comfortable

2044

01:22:33,350 --> 01:22:32,000

than i am i'm so comfy right now damn it

2045

01:22:35,430 --> 01:22:33,360

i just didn't think it was gonna work

2046

01:22:37,350 --> 01:22:35,440

you know the dynamic i mean we you know

2047

01:22:39,590 --> 01:22:37,360

we're so uptight that i just i thought

2048

01:22:42,229 --> 01:22:39,600

maybe this is a little too free for us

2049

01:22:45,030 --> 01:22:42,239

dude i [h\_\_\h] love it

2050

01:22:46,030 --> 01:22:45,040

oh damn it champ caught us caught me i

2051

01:22:47,669 --> 01:22:46,040

am wearing pants

2052

01:22:49,830 --> 01:22:47,679

[Music]

2053

01:22:50,709 --> 01:22:49,840

i'm a liar damn it

2054

01:22:52,870 --> 01:22:50,719

uh

2055

01:22:54,950 --> 01:22:52,880

that one time i was abducted i i'm

2056

01:22:58,709 --> 01:22:54,960

assuming this is jamie she said i poop

2057

01:23:03,910 --> 01:23:02,470

i hope so oh my god dude that's so funny

2058

01:23:07,270 --> 01:23:03,920

um

2059

01:23:09,030 --> 01:23:07,280

yeah dude this is way better i love this

2060

01:23:10,390 --> 01:23:09,040

this is how this this is how we do the

2061

01:23:11,910 --> 01:23:10,400

podcast from

2062

01:23:13,990 --> 01:23:11,920

from now on

2063

01:23:17,510 --> 01:23:14,000

i'm gonna have very like

2064

01:23:19,189 --> 01:23:17,520

very relaxed positions most of the time

2065

01:23:27,110 --> 01:23:19,199

i'm gonna be like dude those are

2066

01:23:31,990 --> 01:23:29,110

we actually

2067

01:23:37,990 --> 01:23:34,470

we've had that disagreement like 14

2068

01:23:40,070 --> 01:23:38,000

times like which one are they

2069

01:23:42,629 --> 01:23:40,080

like i just like my

2070

01:23:44,149 --> 01:23:42,639

oh my god ugh

2071

01:23:47,669 --> 01:23:44,159

it's all good you know

2072

01:23:52,310 --> 01:23:50,149

so we don't ride

2073

01:23:54,709 --> 01:23:52,320

so we didn't have the tick tock video

2074

01:23:57,430 --> 01:23:54,719

uh yeah it's just it's uh it won't i

2075

01:23:59,350 --> 01:23:57,440

can't upload it to streamierd i i think

2076

01:24:05,590 --> 01:23:59,360

our conversation is better than the tick

2077

01:24:08,550 --> 01:24:06,790

yeah

2078

01:24:10,950 --> 01:24:08,560

no i mean dude

2079

01:24:12,470 --> 01:24:10,960

this video is sick dude i mean our

2080

01:24:14,629 --> 01:24:12,480

commerce we we're just don't think we

2081

01:24:16,229 --> 01:24:14,639

you don't think we did it better we do i

2082

01:24:18,149 --> 01:24:16,239

mean

2083

01:24:19,910 --> 01:24:18,159

if we were to break it down it might be

2084

01:24:22,470 --> 01:24:19,920

more entertaining

2085

01:24:24,070 --> 01:24:22,480

but this dude just spitting facts just

2086

01:24:26,950 --> 01:24:24,080

left and right

2087

01:24:28,870 --> 01:24:26,960

he goes into like esoteric like

2088

01:24:31,030 --> 01:24:28,880

consciousness and that like

2089

01:24:35,030 --> 01:24:31,040

uh

2090

01:24:37,590 --> 01:24:35,040

quantum physics

2091

01:24:39,270 --> 01:24:37,600

and just like lays it down basically the

2092

01:24:42,790 --> 01:24:39,280

the the idea

2093

01:24:46,070 --> 01:24:42,800

is the universe is all about you and

2094

01:24:48,470 --> 01:24:46,080

yeah without consciousness the universe

2095

01:24:50,709 --> 01:24:48,480

wouldn't exist bathe and

2096

01:24:54,550 --> 01:24:50,719

a lot of it is based on on a

2097

01:24:56,830 --> 01:24:54,560

mathematical equation which i think

2098

01:24:59,990 --> 01:24:56,840

could be flawed

2099

01:25:03,270 --> 01:25:00,000

um i i recently

2100

01:25:04,790 --> 01:25:03,280

read this article about um it's like one

2101

01:25:06,950 --> 01:25:04,800

over three

2102

01:25:09,189 --> 01:25:06,960

is equal to point three three three

2103

01:25:10,550 --> 01:25:09,199

three three three two infinity

2104

01:25:12,310 --> 01:25:10,560

but if you

2105

01:25:14,390 --> 01:25:12,320

times three times one which is the

2106

01:25:16,870 --> 01:25:14,400

reverse in mathematics right like to to

2107

01:25:18,310 --> 01:25:16,880

equal it's like it's like an algebraic

2108

01:25:20,229 --> 01:25:18,320

equation

2109

01:25:21,750 --> 01:25:20,239

then three equals three so like those

2110

01:25:23,750 --> 01:25:21,760

they're not equal to each other so

2111

01:25:25,830 --> 01:25:23,760

what's the difference there

2112

01:25:30,390 --> 01:25:25,840

basically the end of that equation is

2113

01:25:32,470 --> 01:25:30,400

that that one equals 0.99999

2114

01:25:33,510 --> 01:25:32,480

if i know it doesn't make sense

2115

01:25:35,669 --> 01:25:33,520

um

2116

01:25:37,510 --> 01:25:35,679

but if i was better prepared i would

2117

01:25:38,550 --> 01:25:37,520

pull up the video i just i can't i don't

2118

01:25:42,550 --> 01:25:38,560

know how to figure out how to get it

2119

01:25:44,110 --> 01:25:42,560

from my phone to joe's galaxy s quest

2120

01:25:45,990 --> 01:25:44,120

galaxy quest

2121

01:25:48,709 --> 01:25:46,000

x954

2122

01:25:50,310 --> 01:25:48,719

back to my computer and then live on

2123

01:25:51,590 --> 01:25:50,320

stream yard because streamyard doesn't

2124

01:25:54,470 --> 01:25:51,600

like

2125

01:25:56,709 --> 01:25:54,480

anything you just sent it to me dude

2126

01:25:58,629 --> 01:25:56,719

i mean honestly i bet if i could just

2127

01:26:02,550 --> 01:25:58,639

send send it to you it would probably

2128

01:26:04,629 --> 01:26:02,560

just show up automatically it would work

2129

01:26:05,750 --> 01:26:04,639

uh but anyway it got me thinking about

2130

01:26:06,830 --> 01:26:05,760

like

2131

01:26:08,629 --> 01:26:06,840

is

2132

01:26:11,750 --> 01:26:08,639

mathematics

2133

01:26:13,590 --> 01:26:11,760

flawed in in some ways like the way we

2134

01:26:15,990 --> 01:26:13,600

the way the way

2135

01:26:18,149 --> 01:26:16,000

i don't know math i'm bad at it but when

2136

01:26:20,149 --> 01:26:18,159

i see stuff like that it's like it

2137

01:26:21,990 --> 01:26:20,159

questions a lot of the principles it's

2138

01:26:22,950 --> 01:26:22,000

it's fun i love talking about that kind

2139

01:26:25,430 --> 01:26:22,960

of stuff

2140

01:26:26,790 --> 01:26:25,440

yeah yeah man it's such like a hard

2141

01:26:29,030 --> 01:26:26,800

thing because it's always something like

2142

01:26:30,629 --> 01:26:29,040

you're like wow that's fascinating but

2143

01:26:35,189 --> 01:26:30,639

like

2144

01:26:37,350 --> 01:26:35,199

know if it's real but you're also not

2145

01:26:39,669 --> 01:26:37,360

smart enough to like figure out if it's

2146

01:26:41,030 --> 01:26:39,679

fake either you're like yes how did you

2147

01:26:42,470 --> 01:26:41,040

even come up with that and you're like

2148

01:26:44,229 --> 01:26:42,480

god damn it dude

2149

01:26:48,709 --> 01:26:44,239

i don't even know the real math how am i

2150

01:26:52,550 --> 01:26:50,790

yeah and that's why i mean

2151

01:26:54,709 --> 01:26:52,560

we've never been afraid of like being

2152

01:26:57,350 --> 01:26:54,719

too dumb to talk about something but

2153

01:26:59,990 --> 01:26:57,360

like for in this specific instance also

2154

01:27:01,910 --> 01:27:00,000

it says this video is too long to send

2155

01:27:02,870 --> 01:27:01,920

to you oh

2156

01:27:05,430 --> 01:27:02,880

dude

2157

01:27:07,350 --> 01:27:05,440

real sweet ass green bubbles

2158

01:27:11,030 --> 01:27:07,360

green is tight

2159

01:27:12,470 --> 01:27:11,040

um mr crowley dude i agree science rules

2160

01:27:14,790 --> 01:27:12,480

math sucks

2161

01:27:15,990 --> 01:27:14,800

i was pretty good at science like i

2162

01:27:16,950 --> 01:27:16,000

could pass

2163

01:27:18,870 --> 01:27:16,960

uh

2164

01:27:21,110 --> 01:27:18,880

most of my physics tests

2165

01:27:21,990 --> 01:27:21,120

and completely bomb

2166

01:27:23,669 --> 01:27:22,000

uh

2167

01:27:25,750 --> 01:27:23,679

my math tests

2168

01:27:27,430 --> 01:27:25,760

like 56 was harder but it was cooler

2169

01:27:33,669 --> 01:27:27,440

because like it explained how [h\_\_h]

2170

01:27:37,830 --> 01:27:35,510

2171

01:27:40,550 --> 01:27:37,840

2175

01:27:55,510 --> 01:27:53,110

this text message

2176

01:27:58,229 --> 01:27:55,520

uh i'm

2177

01:28:00,629 --> 01:27:58,239

2178

01:28:03,750 --> 01:28:00,639

one more i don't think he's gonna do it

2186

01:28:25,910 --> 01:28:22,239

though who's the guy who plays the army

2187

01:28:27,270 --> 01:28:25,920

2202

01:29:18,390 --> 01:29:13,360

2220

01:30:00,950 --> 01:29:59,280

2225

01:30:12,629 --> 01:30:10,000

it's a big seller

2226

01:30:14,629 --> 01:30:12,639

it's a huge seller the second shirt is

2227

01:30:15,750 --> 01:30:14,639

2229

01:30:19,510 --> 01:30:18,320

i like that cool gordiums

2230

01:30:21,030 --> 01:30:19,520

actually no it's thirsty blur's day

2232

01:30:26,229 --> 01:30:22,960

gordium came up with this idea all

2233

01:30:28,470 --> 01:30:26,239

proceeds actually go to gordium if some

2234

01:30:30,390 --> 01:30:28,480

[Music]

2241

01:30:47,990 --> 01:30:44,880

dollars off of it

2245

01:30:56,310 --> 01:30:54,560

and that helps

2246

01:30:57,669 --> 01:30:56,320

but also you know what's even cooler is

2247

01:30:59,510 --> 01:30:57,679

that people are wearing our shirts

2248

01:31:01,030 --> 01:30:59,520

that's a dope logo

2312

01:33:36,390 --> 01:33:34,840

jasmine

2313

01:33:38,790 --> 01:33:36,400

uh

2314

01:33:40,470 --> 01:33:38,800

anyway this this chair dude i don't know

2315

01:33:43,350 --> 01:33:40,480

if it's good for me

2316

01:33:45,830 --> 01:33:43,360

yeah you seem sleepy now yeah it means

2317

01:33:48,709 --> 01:33:45,840

i'm sorry this chair made me lazy

2318

01:33:50,470 --> 01:33:48,719

like all the ideas i had like just kind

2319

01:33:52,229 --> 01:33:50,480

of flew out of my brain once i sat in

2320

01:33:53,430 --> 01:33:52,239

this chair it was like all right time to

2321

01:33:55,110 --> 01:33:53,440

relax

2322

01:33:56,790 --> 01:33:55,120

yeah maybe maybe i can't have a good

2323

01:33:59,669 --> 01:33:56,800

chair maybe i got to leave this chair

2324

01:34:01,350 --> 01:33:59,679

behind what i think you did is not drink

2325

01:34:03,030 --> 01:34:01,360

enough wine

2326

01:34:05,510 --> 01:34:03,040

that's i mean that's that's that's part

2327

01:34:06,709 --> 01:34:05,520

of it but but i mean this chair dude

2328

01:34:09,030 --> 01:34:06,719

it's like

2329

01:34:10,629 --> 01:34:09,040

it's so comfy and i don't want you to

2330

01:34:12,149 --> 01:34:10,639

ever leave that chair next episode do

2331

01:34:13,750 --> 01:34:12,159

you have to be in that chair i can

2332

01:34:14,870 --> 01:34:13,760

literally just sit here dude and just

2333

01:34:16,870 --> 01:34:14,880

like

2334

01:34:19,110 --> 01:34:16,880

i mean i have a pretty comfortable chair

2335

01:34:20,870 --> 01:34:19,120

i could bring over

2336

01:34:22,709 --> 01:34:20,880

like you're comfortable it's too

2337

01:34:25,030 --> 01:34:22,719

comfortable i think the next time you

2338

01:34:26,950 --> 01:34:25,040

see me i'm gonna beat a recliner

2339

01:34:29,430 --> 01:34:26,960

i'm gonna move my recliner in here your

2340

01:34:32,070 --> 01:34:29,440

camera's just like over your face

2341

01:34:34,470 --> 01:34:32,080

i think i'm at a dentist appointment

2342

01:34:36,149 --> 01:34:34,480

just talk that was sweet

2343

01:34:39,350 --> 01:34:36,159

dude i could i could decorate my

2344

01:34:42,310 --> 01:34:39,360

recliner like the inside of a rocket

2345

01:34:44,550 --> 01:34:42,320

ship like a like a or a med bed

2346

01:34:46,550 --> 01:34:44,560

dude and then i could yeah i would have

2347

01:34:49,510 --> 01:34:46,560

i would have this sick ass background

2348

01:34:51,350 --> 01:34:49,520

and my hair i could let it hang

2349

01:34:53,669 --> 01:34:51,360

that'd be sweet dude you could like hook

2350

01:34:55,590 --> 01:34:53,679

up a bunch of tubes

2351

01:34:57,830 --> 01:34:55,600

i'm gonna do nostrils

2352

01:34:59,669 --> 01:34:57,840

i'm gonna do it one of these days

2353

01:35:01,189 --> 01:34:59,679

did you like pump

2354

01:35:04,310 --> 01:35:01,199

turkey gravy

2355

01:35:08,629 --> 01:35:06,390

i've been waiting for an apparatus where

2356

01:35:10,390 --> 01:35:08,639

i can pump turkey gravy straight into my

2357

01:35:12,070 --> 01:35:10,400

gullet dude

2358

01:35:13,510 --> 01:35:12,080

i like turkey gravy

2359

01:35:15,270 --> 01:35:13,520

hey can i show you one more thing you

2360

01:35:17,109 --> 01:35:15,280

can show me one more thing and i think i

2361

01:35:19,109 --> 01:35:17,119

think then we got to stop wasting

2362

01:35:20,390 --> 01:35:19,119

everybody's time yes yeah all right we

2363

01:35:22,790 --> 01:35:20,400

are back

2364

01:35:25,030 --> 01:35:22,800

well you have to leave oh god damn it

2365

01:35:27,590 --> 01:35:25,040

he's got to leave uh yeah guys this

2366

01:35:30,070 --> 01:35:27,600

chair has completely messed me up like

2367

01:35:32,149 --> 01:35:30,080

100 like i'm so

2368

01:35:34,310 --> 01:35:32,159

so out of it right now this chair made

2369

01:35:35,830 --> 01:35:34,320

me sleepy but now i can't get out of it

2370

01:35:38,149 --> 01:35:35,840

i'm gonna have to move everything again

2371

01:35:41,030 --> 01:35:38,159

ben's back hell yeah what's he doing i

2372

01:35:43,590 --> 01:35:41,040

2381

01:36:05,830 --> 01:36:04,560

jess's grandmother

2382

01:36:09,669 --> 01:36:05,840

because it turns colors oh that's how

2384

01:36:19,350 --> 01:36:17,830

that's pretty awesome

2385

01:36:21,590 --> 01:36:19,360

where do you keep it

2386

01:36:23,030 --> 01:36:21,600

in in my new space

2387

01:36:24,629 --> 01:36:23,040

the other

2388

01:36:27,109 --> 01:36:24,639

room

2389

01:36:31,590 --> 01:36:27,119

like the other side i had it behind here

2390

01:36:33,030 --> 01:36:31,600

and then i uh re-evaluated

2391

01:36:38,390 --> 01:36:33,040

ah

2392

01:36:41,030 --> 01:36:38,400

been

2462

01:40:01,830 --> 01:39:59,920

a fun night

2463

01:40:02,629 --> 01:40:01,840

it has been it's been relaxing it's been

2464

01:40:09,270 --> 01:40:02,639

a

2465

01:40:12,070 --> 01:40:09,280

i'm serious like next next week let's go

2466

01:40:12,870 --> 01:40:12,080

let's go comfy chairs comfy chairs dude

2467

01:40:15,189 --> 01:40:12,880

i don't know if we're going to be able

2468

01:40:17,270 --> 01:40:15,199

to make it okay it's a 10-minute

2469

01:40:19,430 --> 01:40:17,280

10-minute episode

2470

01:40:20,790 --> 01:40:19,440

and then we just we just fall right into

2471

01:40:23,870 --> 01:40:20,800

nap and

2472

01:40:25,830 --> 01:40:23,880

if i drink wine in a comfy chair

2473

01:40:27,189 --> 01:40:25,840

[Music]

2474

01:40:29,030 --> 01:40:27,199

let's see how long we can make it before

2475

01:40:29,830 --> 01:40:29,040

we go to sleep and just keep the stream

2476

01:40:32,070 --> 01:40:29,840

running

2477

01:40:34,149 --> 01:40:32,080

let's do it and just see what happens

2478

01:40:35,750 --> 01:40:34,159

yeah dude because the best conversations

2479

01:40:37,109 --> 01:40:35,760

actually happen in the chat not even in

2480

01:40:41,430 --> 01:40:37,119

our show

2481

01:40:43,590 --> 01:40:41,440

comfy chair comfy chair wednesdays yeah

2482

01:40:45,510 --> 01:40:43,600

we like add another day just like so we

2483

01:40:47,189 --> 01:40:45,520

could take a nap

2484

01:40:49,270 --> 01:40:47,199

like babe like you tell we tell our

2485

01:40:52,870 --> 01:40:49,280

wives like hey i got a show and then we

2486

01:40:57,350 --> 01:40:52,880

actually just give me a nap

2487

01:41:00,629 --> 01:40:59,350

that's pretty genius like you like wake

2488

01:41:05,189 --> 01:41:00,639

up and you're like

2489

01:41:07,189 --> 01:41:05,199

oh i made like 200 bucks in super chats

2490

01:41:10,070 --> 01:41:07,199

i always i always wish i could make

2491

01:41:10,950 --> 01:41:10,080

money while i sleep

2492

01:41:13,189 --> 01:41:10,960

right

2493

01:41:16,310 --> 01:41:13,199

oh dude

2494

01:41:19,510 --> 01:41:16,320

pushing the boundaries oh my god love it

2495

01:41:21,590 --> 01:41:19,520

well all right dude that's it for me uh

2496

01:41:23,270 --> 01:41:21,600

is it for me that's it for you i'm about

2497

01:41:25,109 --> 01:41:23,280

to go make some french toast that's it

2498

01:41:26,870 --> 01:41:25,119

for everybody else i'm hungry as well

2499

01:41:29,510 --> 01:41:26,880

you have to go get me some food take a

2500

01:41:31,270 --> 01:41:29,520

bath and i'll probably take a nap which

2501

01:41:33,270 --> 01:41:31,280

more than likely just turn into sleep

2502

01:41:35,270 --> 01:41:33,280

dude if we i'm about to take a bath too

2503

01:41:37,350 --> 01:41:35,280

do you want to stream or stream live

2504

01:41:39,430 --> 01:41:37,360

live stream our baths and bubbles yeah

2505

01:41:40,950 --> 01:41:39,440

yeah just hang out in bubble bath you

2506

01:41:42,950 --> 01:41:40,960

want to hop back on a couple minutes and

2507

01:41:44,870 --> 01:41:42,960

do a live stream bath time no because i

2508

01:41:46,310 --> 01:41:44,880

will drop my computer in the water i

2509

01:41:47,590 --> 01:41:46,320

already know it why would you live

2510

01:41:49,350 --> 01:41:47,600

stream on a computer just do it with

2511

01:41:52,470 --> 01:41:49,360

your phone oh my phone no because i

2512

01:41:54,310 --> 01:41:52,480

would drop my phone in the water oh okay

2513

01:41:56,149 --> 01:41:54,320

although it might survive because i have

2514

01:41:58,550 --> 01:41:56,159

a android

2515

01:41:58,560 --> 01:42:03,270

mine would send me back to 1955.

2516

01:42:07,750 --> 01:42:06,070

oh man all right dude i'm out of here

2517

01:42:10,920 --> 01:42:07,760

all right bro

2518

01:42:14,070 --> 01:42:10,930

this has been another episode

2519

01:42:16,629 --> 01:42:14,080

[Laughter]

2520

01:42:19,669 --> 01:42:16,639

let's see all tuesday man if anybody

2521

01:42:22,390 --> 01:42:19,679

wants to come get topless with us um

2522

01:42:24,149 --> 01:42:22,400

yeah we have no we have no guests no one

2523

01:42:25,990 --> 01:42:24,159

2524

01:42:26,870 --> 01:42:26,000
