so tonight's going to be pretty chill

47

00:02:18,790 --> 00:02:17,280

um

48

00:02:21,430 --> 00:02:18,800

ben's a little sicky sick well not

49

00:02:23,270 --> 00:02:21,440

sticky sick just maybe it's

50

00:02:25,030 --> 00:02:23,280

maybe it's allergies it's over the i'm

51
00:02:28,550 --> 00:02:25,040
over the hill it was it was a sinus

52
00:02:31,270 --> 00:02:28,560
infection a sinus infection dude bad one

53
00:02:33,190 --> 00:02:31,280
i i hate getting

54
00:02:35,750 --> 00:02:33,200
infections in general but sinus

55
00:02:37,270 --> 00:02:35,760
infections really suck bro because i

56
00:02:38,390 --> 00:02:37,280
always thought like that doesn't sound

57
00:02:43,910 --> 00:02:38,400
bad

58
00:02:46,150 --> 00:02:43,920
once a year dude i usually get like this

59
00:02:48,070 --> 00:02:46,160
gnarly ear infection that turns into a

60
00:02:51,110 --> 00:02:48,080
sinus infection

61
00:02:52,630 --> 00:02:51,120
it sucks every year i get at least one

62
00:02:55,830 --> 00:02:52,640
you're terrible and then like your whole

63
00:02:58,149 --> 00:02:55,840

head just shuts down yeah you can't even

64

00:02:59,830 --> 00:02:58,159

breathe even if you wanted to try and

65

00:03:02,830 --> 00:02:59,840

then like you almost die in your sleep

66

00:03:08,550 --> 00:03:02,840

sometimes because yeah you know no

67

00:03:12,550 --> 00:03:10,550

so so you've had it so when you've when

68

00:03:14,309 --> 00:03:12,560

you have had one did you get the like

69

00:03:15,110 --> 00:03:14,319

the dizziness and like

70

00:03:16,550 --> 00:03:15,120

the

71

00:03:17,670 --> 00:03:16,560

body aches and stuff i thought i had

72

00:03:20,470 --> 00:03:17,680

covid

73

00:03:23,589 --> 00:03:20,480

yeah dude no no no no dude you can't get

74

00:03:26,070 --> 00:03:23,599

kovid anymore did you know that well i

75

00:03:28,710 --> 00:03:26,080

got all of the shots man i was going to

76

00:03:30,229 --> 00:03:28,720

be pissed if i got if i got kovitz well

77

00:03:33,430 --> 00:03:30,239

it's not because you got the shots dude

78

00:03:34,390 --> 00:03:33,440

it's because it just went away oh

79

00:03:35,830 --> 00:03:34,400

yeah

80

00:03:38,309 --> 00:03:35,840

there's gonna be a warning that pops up

81

00:03:44,550 --> 00:03:42,220

for accurate uh information on

82

00:03:46,630 --> 00:03:44,560

[Music]

83

00:03:48,070 --> 00:03:46,640

hey we might as well play the m m song

84

00:03:52,149 --> 00:03:48,080

or something

85

00:03:56,470 --> 00:03:53,830

i'm just kidding

86

00:03:58,309 --> 00:03:56,480

you totally still get it

87

00:03:59,509 --> 00:03:58,319

it's

88

00:04:00,390 --> 00:03:59,519

for real

89

00:04:05,110 --> 00:04:00,400

it's

90

00:04:06,160 --> 00:04:05,120

at the bottom they can add and then he

91

00:04:09,030 --> 00:04:06,170

told the truth

92

00:04:10,470 --> 00:04:09,040

[Laughter]

93

00:04:12,949 --> 00:04:10,480

hell yeah

94

00:04:14,949 --> 00:04:12,959

uh dude so tonight i thought maybe we

95

00:04:17,670 --> 00:04:14,959

could talk about

96

00:04:19,990 --> 00:04:17,680

time travel and stuff there's a lot of

97

00:04:20,949 --> 00:04:20,000

things that

98

00:04:23,270 --> 00:04:20,959

i like

99

00:04:26,150 --> 00:04:23,280

want to know about time travel so like

100

00:04:28,230 --> 00:04:26,160

this could be really helpful with uh

101

00:04:29,590 --> 00:04:28,240

with the listeners in the chat if you

102

00:04:30,870 --> 00:04:29,600

guys know anything about time travel

103

00:04:31,830 --> 00:04:30,880

maybe you can answer some of these

104

00:04:34,710 --> 00:04:31,840

questions

105

00:04:37,189 --> 00:04:34,720

but more importantly dude um there's

106

00:04:39,030 --> 00:04:37,199

like a real expert and i like to bring

107

00:04:42,230 --> 00:04:39,040

him in right now ladies and gentlemen mr

108

00:04:43,749 --> 00:04:42,240

michio kaku

109

00:04:45,749 --> 00:04:43,759

i'm just kidding you should have seen

110

00:04:48,870 --> 00:04:45,759

the look on your faces i was gonna i was

111

00:04:50,230 --> 00:04:48,880

gonna go with it you guys are dummies

112

00:04:51,909 --> 00:04:50,240

i'm just kidding i'm just kidding you

113

00:04:53,830 --> 00:04:51,919

guys are great no well would that be

114

00:04:56,150 --> 00:04:53,840

dope if we could get michukaku on the

115

00:04:57,830 --> 00:04:56,160

show how cool would that be that would

116

00:05:00,469 --> 00:04:57,840

be dope i heard that dude blew up his

117

00:05:02,950 --> 00:05:00,479

garage making a a [h__h]

118

00:05:04,950 --> 00:05:02,960

uh like super conductor

119

00:05:07,590 --> 00:05:04,960

battery or something or other in his in

120

00:05:09,110 --> 00:05:07,600

his garage when he was a kid oh [h__h]

121

00:05:11,189 --> 00:05:09,120

yeah and then like

122

00:05:12,550 --> 00:05:11,199

mit or somebody was like hey that was

123

00:05:14,550 --> 00:05:12,560

badass he wanted to you want a

124

00:05:16,550 --> 00:05:14,560

scholarship and he was like hell yeah

125

00:05:18,710 --> 00:05:16,560

i'm only eight i'd love to have a

126

00:05:19,830 --> 00:05:18,720

scholarship to mit and we're like we

127

00:05:22,070 --> 00:05:19,840

just blew up your garage with a

128

00:05:23,110 --> 00:05:22,080

superconductor battery thingamabob of

129

00:05:24,870 --> 00:05:23,120

course we're gonna give you a

130

00:05:26,629 --> 00:05:24,880

scholarship

131

00:05:28,710 --> 00:05:26,639

he was only eight

132

00:05:30,230 --> 00:05:28,720

dude he was like really young oh my he's

133

00:05:32,070 --> 00:05:30,240

really young i think i'm totally

134

00:05:33,590 --> 00:05:32,080

exaggerating when i say eight

135

00:05:35,270 --> 00:05:33,600

but uh

136

00:05:37,189 --> 00:05:35,280

yeah he was really young

137

00:05:39,430 --> 00:05:37,199

dude that is awesome

138

00:05:41,830 --> 00:05:39,440

imagine like i didn't even know what mit

139

00:05:43,350 --> 00:05:41,840

was until i was in my 20s like

140

00:05:45,430 --> 00:05:43,360

yeah

141

00:05:47,270 --> 00:05:45,440

imagine being approached by mit like hey

142

00:05:51,670 --> 00:05:47,280

you want to like go to school here for

143

00:05:54,230 --> 00:05:51,680

free just because you're you're smart

144

00:05:56,629 --> 00:05:54,240

here's all this money now

145

00:05:58,070 --> 00:05:56,639

you learn things for us

146

00:05:59,670 --> 00:05:58,080

yeah can you can you

147

00:06:01,350 --> 00:05:59,680

even though even though you're coming

148

00:06:02,309 --> 00:06:01,360

here to learn stuff can you teach us

149

00:06:04,230 --> 00:06:02,319

stuff

150

00:06:06,070 --> 00:06:04,240

that would suck like you're smarter than

151
00:06:07,350 --> 00:06:06,080
everybody in the college and like you

152
00:06:08,550 --> 00:06:07,360
still have to pay money to go to the

153
00:06:10,150 --> 00:06:08,560
college even though you're the one

154
00:06:12,230 --> 00:06:10,160
teaching them stuff they're like this

155
00:06:14,390 --> 00:06:12,240
kid is brilliant

156
00:06:17,670 --> 00:06:14,400
what if there was like this secret uh

157
00:06:19,909 --> 00:06:17,680
university of professors that like in

158
00:06:21,590 --> 00:06:19,919
actuality they really need everyone's

159
00:06:23,270 --> 00:06:21,600
essays and tests

160
00:06:26,309 --> 00:06:23,280
so that they could

161
00:06:28,469 --> 00:06:26,319
submit your work so that they can pass

162
00:06:30,469 --> 00:06:28,479
their tests

163
00:06:31,749 --> 00:06:30,479

yes

164

00:06:34,070 --> 00:06:31,759

okay so

165

00:06:35,990 --> 00:06:34,080

did you get did you get 14 of these

166

00:06:38,550 --> 00:06:36,000

answers right or how many people how

167

00:06:40,710 --> 00:06:38,560

many kids showed up in your class this

168

00:06:42,629 --> 00:06:40,720

year what's the

169

00:06:45,990 --> 00:06:42,639

what's the average and

170

00:06:47,510 --> 00:06:46,000

i'm going down a rabbit hole

171

00:06:48,390 --> 00:06:47,520

they're using our homework for their

172

00:06:49,589 --> 00:06:48,400

homework

173

00:06:50,710 --> 00:06:49,599

yeah

174

00:06:53,029 --> 00:06:50,720

so

175

00:06:54,710 --> 00:06:53,039

dude i was thinking today man actually i

176

00:06:55,990 --> 00:06:54,720

was thinking yesterday

177

00:06:58,070 --> 00:06:56,000

i was like

178

00:06:59,830 --> 00:06:58,080

all right time travel right time travel

179

00:07:01,670 --> 00:06:59,840

is pretty crazy and there's so much that

180

00:07:03,510 --> 00:07:01,680

goes along with time travel

181

00:07:05,749 --> 00:07:03,520

but then people also talk about like

182

00:07:07,909 --> 00:07:05,759

teleportation are time travel and

183

00:07:09,830 --> 00:07:07,919

teleportation the same thing are they

184

00:07:11,430 --> 00:07:09,840

different because like

185

00:07:12,950 --> 00:07:11,440

i figured if they already teleported an

186

00:07:15,350 --> 00:07:12,960

atom that we already figured out time

187

00:07:16,950 --> 00:07:15,360

travel and if that's not the case then

188

00:07:18,469 --> 00:07:16,960

like maybe we're just wasting time with

189

00:07:21,270 --> 00:07:18,479

time travel because we already figured

190

00:07:23,189 --> 00:07:21,280

out teleportation but then i started

191

00:07:25,589 --> 00:07:23,199

thinking well dude what if you could

192

00:07:28,230 --> 00:07:25,599

only teleport one way unless you have

193

00:07:30,790 --> 00:07:28,240

another teleportation device right so if

194

00:07:32,469 --> 00:07:30,800

you teleported back in time you wouldn't

195

00:07:34,870 --> 00:07:32,479

be able to teleport back unless you were

196

00:07:36,550 --> 00:07:34,880

able to make the machine but time travel

197

00:07:39,110 --> 00:07:36,560

you could go back and then you could

198

00:07:41,510 --> 00:07:39,120

totally come back home if you wanted to

199

00:07:44,950 --> 00:07:41,520

so maybe it's not a waste of time but

200

00:07:46,469 --> 00:07:44,960

they're both very cool things

201
00:07:47,350 --> 00:07:46,479
yes you know

202
00:07:48,629 --> 00:07:47,360
so

203
00:07:50,150 --> 00:07:48,639
and and that

204
00:07:51,830 --> 00:07:50,160
i mean there's like diff so many

205
00:07:54,710 --> 00:07:51,840
different theories like

206
00:07:56,869 --> 00:07:54,720
i'm gravitating towards one like if you

207
00:07:59,110 --> 00:07:56,879
if time travel only exists if there's

208
00:08:01,029 --> 00:07:59,120
another device somewhere

209
00:08:03,350 --> 00:08:01,039
like there there are other options so

210
00:08:05,510 --> 00:08:03,360
like one theory suggests that like if

211
00:08:06,869 --> 00:08:05,520
even if you

212
00:08:09,029 --> 00:08:06,879
all you have to do is establish that

213
00:08:11,510 --> 00:08:09,039

first connection

214

00:08:14,309 --> 00:08:11,520

and then you can continue to go back in

215

00:08:15,670 --> 00:08:14,319

time as well as forward because once you

216

00:08:17,270 --> 00:08:15,680

have it there

217

00:08:19,110 --> 00:08:17,280

then you create a totally different

218

00:08:22,469 --> 00:08:19,120

paradox

219

00:08:24,950 --> 00:08:22,479

and then you can visit the the other uh

220

00:08:26,950 --> 00:08:24,960

device at any point in time because

221

00:08:28,629 --> 00:08:26,960

you've already made that connection i

222

00:08:31,589 --> 00:08:28,639

don't know if i'm explaining that right

223

00:08:34,550 --> 00:08:31,599

so then does that mean that if somebody

224

00:08:37,589 --> 00:08:34,560

invents a time machine in the future

225

00:08:39,990 --> 00:08:37,599

that a time machine has always existed

226

00:08:41,269 --> 00:08:40,000

from the beginning of time because

227

00:08:43,350 --> 00:08:41,279

technically you could go to the

228

00:08:45,110 --> 00:08:43,360

beginning of time in a time machine so

229

00:08:47,750 --> 00:08:45,120

even if you didn't create it at the

230

00:08:49,829 --> 00:08:47,760

beginning of time it still exists it's a

231

00:08:50,870 --> 00:08:49,839

real thing you just don't know about it

232

00:08:54,230 --> 00:08:50,880

yet

233

00:08:56,230 --> 00:08:54,240

dude you know so a time machine so

234

00:08:58,870 --> 00:08:56,240

that'd be crazy right because like since

235

00:09:00,630 --> 00:08:58,880

the birth of time whether it be god or

236

00:09:02,230 --> 00:09:00,640

whether it be the big bang whatever you

237

00:09:03,350 --> 00:09:02,240

want to call it that has created this

238

00:09:05,670 --> 00:09:03,360

universe

239

00:09:07,509 --> 00:09:05,680

a man's time machine has existed the

240

00:09:10,310 --> 00:09:07,519

entire time

241

00:09:12,070 --> 00:09:10,320

yeah right like somewhere somewhere some

242

00:09:14,310 --> 00:09:12,080

some dude

243

00:09:15,750 --> 00:09:14,320

but oh what if it's like this like this

244

00:09:18,710 --> 00:09:15,760

dude that's been working on time travel

245

00:09:20,150 --> 00:09:18,720

his entire life and it never works but

246

00:09:21,670 --> 00:09:20,160

like one day in the future his

247

00:09:23,590 --> 00:09:21,680

grandchildren

248

00:09:26,389 --> 00:09:23,600

hear this humming in the basement

249

00:09:29,190 --> 00:09:26,399

and they go downstairs and it's been

250

00:09:32,230 --> 00:09:29,200

activated only because the

251
00:09:35,110 --> 00:09:32,240
time machine in the future turned on it

252
00:09:37,910 --> 00:09:35,120
needed that link to turn on yeah

253
00:09:39,910 --> 00:09:37,920
so like it just it worked just not yet

254
00:09:42,470 --> 00:09:39,920
because the other one hasn't been

255
00:09:44,790 --> 00:09:42,480
created yet in the future

256
00:09:47,350 --> 00:09:44,800
but when it is created in the future

257
00:09:48,310 --> 00:09:47,360
it has to have like existed all through

258
00:09:50,310 --> 00:09:48,320
time

259
00:09:52,230 --> 00:09:50,320
okay so that's okay i remember what that

260
00:09:54,949 --> 00:09:52,240
other theory was so there is that theory

261
00:09:56,470 --> 00:09:54,959
that like you have to have one to to go

262
00:09:58,470 --> 00:09:56,480
back in time or whatever

263
00:10:00,790 --> 00:09:58,480

but the other one you kind of touched on

264

00:10:04,069 --> 00:10:00,800

at the beginning is time travel the same

265

00:10:05,269 --> 00:10:04,079

as um teleportation teleportation yeah

266

00:10:07,030 --> 00:10:05,279

so

267

00:10:09,430 --> 00:10:07,040

time and space

268

00:10:11,190 --> 00:10:09,440

are connected

269

00:10:13,590 --> 00:10:11,200

um

270

00:10:16,790 --> 00:10:13,600

but they don't have to be uh there is

271

00:10:19,030 --> 00:10:16,800

only time because of mass

272

00:10:20,790 --> 00:10:19,040

and uh in space

273

00:10:21,910 --> 00:10:20,800

like there's like time only exists in a

274

00:10:24,150 --> 00:10:21,920

bubble

275

00:10:26,870 --> 00:10:24,160

uh i'm trying to think this diagram that

276

00:10:28,710 --> 00:10:26,880

i saw recently but it was like it it all

277

00:10:30,069 --> 00:10:28,720

relies on time so if you can move faster

278

00:10:32,630 --> 00:10:30,079

than the speed of light then you don't

279

00:10:33,910 --> 00:10:32,640

need anything any other time travel

280

00:10:35,750 --> 00:10:33,920

device at all

281

00:10:37,990 --> 00:10:35,760

like if you can just travel

282

00:10:40,150 --> 00:10:38,000

and go really fast you don't need

283

00:10:41,829 --> 00:10:40,160

any other kind of propulsion or whatever

284

00:10:44,310 --> 00:10:41,839

so that would be as a human like if i

285

00:10:45,990 --> 00:10:44,320

could if i could somehow travel faster

286

00:10:49,350 --> 00:10:46,000

than the speed of light i wouldn't need

287

00:10:53,030 --> 00:10:49,360

a machine right yeah since i am a human

288

00:10:55,590 --> 00:10:53,040

i totally need a machine

289

00:10:57,269 --> 00:10:55,600

chill right machines is is it that like

290

00:10:59,509 --> 00:10:57,279

isn't that the catch yeah again the

291

00:11:01,110 --> 00:10:59,519

whole thing like if i can move faster

292

00:11:04,230 --> 00:11:01,120

than speed light i wouldn't need a time

293

00:11:06,949 --> 00:11:04,240

machine but then

294

00:11:07,750 --> 00:11:06,959

what is the what is the the limit of

295

00:11:17,030 --> 00:11:07,760

like

296

00:11:19,269 --> 00:11:17,040

exponentially faster than light or is it

297

00:11:21,670 --> 00:11:19,279

immediately faster than light like what

298

00:11:23,990 --> 00:11:21,680

is what is the gauge on faster than

299

00:11:27,350 --> 00:11:24,000

light and how does it

300

00:11:29,750 --> 00:11:27,360

can we measure that you know like

301

00:11:33,030 --> 00:11:29,760

like once you get over light

302

00:11:35,110 --> 00:11:33,040

right can can you go faster

303

00:11:36,230 --> 00:11:35,120

or are you just barely going faster than

304

00:11:38,150 --> 00:11:36,240

light

305

00:11:39,990 --> 00:11:38,160

i i think there's like

306

00:11:41,509 --> 00:11:40,000

been uh

307

00:11:43,990 --> 00:11:41,519

been studies like people have been

308

00:11:46,230 --> 00:11:44,000

trying to figure out mathematically how

309

00:11:48,150 --> 00:11:46,240

you can go like the numbers just don't

310

00:11:49,990 --> 00:11:48,160

work out that that's the speed limit of

311

00:11:51,750 --> 00:11:50,000

the universe but

312

00:11:54,069 --> 00:11:51,760

a lot of quantum physicists say sorry

313

00:11:54,829 --> 00:11:54,079

i've got that thing happening again

314

00:11:57,990 --> 00:11:54,839

that's

315

00:11:59,829 --> 00:11:58,000

gross yummy i'm sick y'all sorry about

316

00:12:01,829 --> 00:11:59,839

that

317

00:12:03,509 --> 00:12:01,839

so so quantum mechanics there are

318

00:12:06,310 --> 00:12:03,519

mathematical equations that don't have

319

00:12:07,910 --> 00:12:06,320

to rely on the of this uh

320

00:12:10,069 --> 00:12:07,920

the speed of light but most of our

321

00:12:12,069 --> 00:12:10,079

equations do like that's just the thing

322

00:12:14,949 --> 00:12:12,079

that we calculated so

323

00:12:16,310 --> 00:12:14,959

i think anything's possible man yeah

324

00:12:18,069 --> 00:12:16,320

yeah

325

00:12:19,910 --> 00:12:18,079

so now back on the topic of

326

00:12:21,110 --> 00:12:19,920

teleportation

327

00:12:23,590 --> 00:12:21,120

right

328

00:12:26,550 --> 00:12:23,600

you have a device that you can

329

00:12:29,190 --> 00:12:26,560

hone in on something and then teleport

330

00:12:29,990 --> 00:12:29,200

it you can move it right i think they

331

00:12:31,829 --> 00:12:30,000

they

332

00:12:33,910 --> 00:12:31,839

was a chinese did some atoms or

333

00:12:36,230 --> 00:12:33,920

something teleported them to the moon oh

334

00:12:39,110 --> 00:12:36,240

yeah yeah but then those atoms just stay

335

00:12:42,150 --> 00:12:39,120

there at the moon how did they get back

336

00:12:44,389 --> 00:12:42,160

can you lock onto them from far far away

337

00:12:45,350 --> 00:12:44,399

like

338

00:12:46,870 --> 00:12:45,360

can

339

00:12:49,670 --> 00:12:46,880

that's that's where i'm thinking like

340

00:12:51,350 --> 00:12:49,680

okay teleportation right like that's

341

00:12:53,190 --> 00:12:51,360

that seems like something you'd have to

342

00:12:55,670 --> 00:12:53,200

have two

343

00:12:57,750 --> 00:12:55,680

two landing pads in order to make work

344

00:12:59,990 --> 00:12:57,760

right they're like talking to each other

345

00:13:01,910 --> 00:13:00,000

right to make that happen

346

00:13:04,710 --> 00:13:01,920

but i'm dumb so that could be completely

347

00:13:07,750 --> 00:13:04,720

wrong but

348

00:13:09,030 --> 00:13:07,760

dude i i think that

349

00:13:11,190 --> 00:13:09,040

well i don't know what happened to that

350

00:13:14,150 --> 00:13:11,200

that experiment like did they send the

351

00:13:15,350 --> 00:13:14,160

the part part part particulars back do

352

00:13:17,509 --> 00:13:15,360

you do you remember

353

00:13:18,870 --> 00:13:17,519

i think they're still there dude

354

00:13:22,389 --> 00:13:18,880

jesus dude i gotta blow my nose i'm

355

00:13:24,389 --> 00:13:22,399

sorry bro go for it man go for it

356

00:13:26,150 --> 00:13:24,399

well

357

00:13:27,350 --> 00:13:26,160

ben's gotta go blow his nose man he'll

358

00:13:29,350 --> 00:13:27,360

be right back though but what do you

359

00:13:31,590 --> 00:13:29,360

guys think what do you guys think dude

360

00:13:32,949 --> 00:13:31,600

is is there i i feel like there is

361

00:13:35,509 --> 00:13:32,959

there's totally a difference in

362

00:13:36,790 --> 00:13:35,519

teleportation but dude oh hold on i was

363

00:13:37,990 --> 00:13:36,800

reading a comment up here let me see

364

00:13:39,430 --> 00:13:38,000

what is it

365

00:13:42,790 --> 00:13:39,440

where'd it go where to go where to go

366

00:13:47,590 --> 00:13:45,670

alabama tide joe if we

367

00:13:50,069 --> 00:13:47,600

joe we all need to agree that if someone

368

00:13:52,790 --> 00:13:50,079

we know invents a time machine we would

369

00:13:54,870 --> 00:13:52,800

come back now and tell it yes i agree

370

00:13:57,829 --> 00:13:54,880

100 everybody in the chat everybody

371

00:13:59,590 --> 00:13:57,839

listening me you ben everybody dude if

372

00:14:01,750 --> 00:13:59,600

one of us comes up with a time machine

373

00:14:03,430 --> 00:14:01,760

which we won't but if we do

374

00:14:06,150 --> 00:14:03,440

definitely come back and tell the rest

375

00:14:07,350 --> 00:14:06,160

of us all right like no [h__h] you got

376
00:14:08,949 --> 00:14:07,360
you got it

377
00:14:10,629 --> 00:14:08,959
you got to let us know

378
00:14:12,230 --> 00:14:10,639
but like like make it make it a

379
00:14:13,189 --> 00:14:12,240
production like

380
00:14:14,470 --> 00:14:13,199
i don't know

381
00:14:16,470 --> 00:14:14,480
get a uh

382
00:14:18,150 --> 00:14:16,480
make sure there's smoke

383
00:14:21,509 --> 00:14:18,160
yeah like like

384
00:14:22,949 --> 00:14:21,519
maybe do like a couple magic tricks

385
00:14:23,910 --> 00:14:22,959
like try and

386
00:14:25,910 --> 00:14:23,920
like dress

387
00:14:28,550 --> 00:14:25,920
make your machine a phone booth

388
00:14:32,949 --> 00:14:28,560

oh dude

389

00:14:34,550 --> 00:14:32,959

love that that's it's original that's

390

00:14:36,389 --> 00:14:34,560

that's what that is isn't that what the

391

00:14:38,550 --> 00:14:36,399

tardis is the

392

00:14:40,949 --> 00:14:38,560

and um

393

00:14:42,150 --> 00:14:40,959

oh my gosh what [ʌ__ʌ] was that

394

00:14:42,949 --> 00:14:42,160

dude

395

00:14:44,629 --> 00:14:42,959

oh

396

00:14:48,629 --> 00:14:44,639

um

397

00:14:51,750 --> 00:14:48,639

i've got sick brain doctor love

398

00:14:54,389 --> 00:14:51,760

doctor doctor something strange dr

399

00:14:59,030 --> 00:14:54,399

strange no boom that's what it is is it

400

00:15:02,790 --> 00:15:00,629

is a telephone booth

401
00:15:05,829 --> 00:15:02,800
who's the uh who's the guy from marvel

402
00:15:08,629 --> 00:15:05,839
the doctor guy oh it's doctor who doc oh

403
00:15:11,509 --> 00:15:08,639
yeah doctor who there you go

404
00:15:13,189 --> 00:15:11,519
dr strange is that that uh

405
00:15:14,870 --> 00:15:13,199
cucumber guy

406
00:15:16,710 --> 00:15:14,880
i don't know

407
00:15:18,470 --> 00:15:16,720
i thought he was the superhero in marvel

408
00:15:21,590 --> 00:15:18,480
the the psychic guy that's the cucumber

409
00:15:23,590 --> 00:15:21,600
guy oh the cucumber guy okay i see i see

410
00:15:27,430 --> 00:15:23,600
all right all right

411
00:15:28,949 --> 00:15:27,440
yeah yeah it's all yeah hell yeah

412
00:15:30,949 --> 00:15:28,959
it's also from bill and ted that's

413
00:15:34,870 --> 00:15:30,959

that's where i was going with oh

414

00:15:38,230 --> 00:15:36,230

all right

415

00:15:41,030 --> 00:15:38,240

yeah boom i think

416

00:15:43,189 --> 00:15:41,040

i think man like

417

00:15:46,150 --> 00:15:43,199

and and then okay so like even if you

418

00:15:48,310 --> 00:15:46,160

were to be able to time travel right if

419

00:15:50,470 --> 00:15:48,320

you could travel through time and time

420

00:15:52,310 --> 00:15:50,480

travel is is really just what you're

421

00:15:53,829 --> 00:15:52,320

just you're not going to a different

422

00:15:55,269 --> 00:15:53,839

time technically like you're going to a

423

00:15:56,150 --> 00:15:55,279

different place

424

00:15:57,590 --> 00:15:56,160

right

425

00:16:00,550 --> 00:15:57,600

like and that's the way that people

426
00:16:03,189 --> 00:16:00,560
describe it even if that was a thing and

427
00:16:05,509 --> 00:16:03,199
you could time travel could your time

428
00:16:08,870 --> 00:16:05,519
travel through dimensions or is that

429
00:16:11,030 --> 00:16:08,880
like a whole nother level or layer to

430
00:16:13,670 --> 00:16:11,040
like traveling because are we just time

431
00:16:15,189 --> 00:16:13,680
traveling within our space and time or

432
00:16:17,110 --> 00:16:15,199
are we able to time travel through

433
00:16:19,749 --> 00:16:17,120
dimensions as well or is that like a

434
00:16:22,230 --> 00:16:19,759
whole nother like it's almost like

435
00:16:24,310 --> 00:16:22,240
teleportation is like the first thing we

436
00:16:26,710 --> 00:16:24,320
should figure out and then time travel

437
00:16:28,790 --> 00:16:26,720
would come next and then dimensional

438
00:16:30,230 --> 00:16:28,800

travel would come next

439

00:16:32,150 --> 00:16:30,240

i feel like

440

00:16:34,870 --> 00:16:32,160

figuring all this stuff out would would

441

00:16:37,350 --> 00:16:34,880

be very dangerous by like

442

00:16:38,949 --> 00:16:37,360

by practicing through just doing it just

443

00:16:40,550 --> 00:16:38,959

trying it just stretch it out like you

444

00:16:42,710 --> 00:16:40,560

would never see that time machine ever

445

00:16:44,470 --> 00:16:42,720

again like you're like oh oh

446

00:16:46,150 --> 00:16:44,480

it's gone but then whenever you talk

447

00:16:47,990 --> 00:16:46,160

about like dimensional travel then

448

00:16:49,749 --> 00:16:48,000

people are like oh but that's like light

449

00:16:52,150 --> 00:16:49,759

beings and like consciousness and like

450

00:16:53,910 --> 00:16:52,160

raise your vibrations dude it's like no

451
00:16:56,230 --> 00:16:53,920
i just want a machine like how do i make

452
00:16:58,790 --> 00:16:56,240
a machine to travel through dimensions

453
00:17:01,990 --> 00:16:58,800
that's what i want to do

454
00:17:03,189 --> 00:17:02,000
uh i i feel like

455
00:17:04,470 --> 00:17:03,199
okay so

456
00:17:06,949 --> 00:17:04,480
okay

457
00:17:09,189 --> 00:17:06,959
so saying the the traveling through

458
00:17:10,750 --> 00:17:09,199
dimensions thing that

459
00:17:13,110 --> 00:17:10,760
does that mean you believe in the

460
00:17:15,429 --> 00:17:13,120
multi-universe theory where there's like

461
00:17:16,390 --> 00:17:15,439
an unlimited amount of universes out

462
00:17:18,870 --> 00:17:16,400
there

463
00:17:20,309 --> 00:17:18,880

that contain every single

464

00:17:22,789 --> 00:17:20,319

action that we

465

00:17:24,470 --> 00:17:22,799

did or haven't made and and there is no

466

00:17:26,549 --> 00:17:24,480

time and like

467

00:17:28,390 --> 00:17:26,559

it's just like we're just like hopping

468

00:17:30,549 --> 00:17:28,400

from one dimension to another i think

469

00:17:32,710 --> 00:17:30,559

multi-universe theory is definitely real

470

00:17:34,870 --> 00:17:32,720

but like every universe that's in the

471

00:17:37,830 --> 00:17:34,880

multi-universe has like

472

00:17:39,669 --> 00:17:37,840

multi-dimensions to them as well

473

00:17:41,270 --> 00:17:39,679

you know so it doesn't matter what

474

00:17:42,789 --> 00:17:41,280

universe you're in in that specific

475

00:17:45,110 --> 00:17:42,799

universe you can still travel

476
00:17:46,870 --> 00:17:45,120
dimensionally through them yeah but then

477
00:17:50,789 --> 00:17:46,880
once you get to the dimensional level

478
00:17:54,470 --> 00:17:50,799
does the multi-universe even matter

479
00:17:57,110 --> 00:17:54,480
so if i i i feel like

480
00:17:58,789 --> 00:17:57,120
oh dude okay so this dimension is like

481
00:18:00,789 --> 00:17:58,799
very physical

482
00:18:02,710 --> 00:18:00,799
so what the next dimension is

483
00:18:04,789 --> 00:18:02,720
like more light

484
00:18:06,470 --> 00:18:04,799
spectrum kind of thing

485
00:18:08,310 --> 00:18:06,480
your body won't exist it's just your

486
00:18:09,830 --> 00:18:08,320
consciousness or or i don't know your

487
00:18:11,510 --> 00:18:09,840
aura or whatever

488
00:18:13,510 --> 00:18:11,520

yeah and then like what's but what's

489

00:18:14,630 --> 00:18:13,520

lower than like physical stuff i don't

490

00:18:16,150 --> 00:18:14,640

know does

491

00:18:18,470 --> 00:18:16,160

does it go back for like from like

492

00:18:19,830 --> 00:18:18,480

non-physical to physical to non-physical

493

00:18:21,669 --> 00:18:19,840

i don't know can you imagine a

494

00:18:23,590 --> 00:18:21,679

two-dimensional space though that would

495

00:18:25,990 --> 00:18:23,600

be total hell

496

00:18:27,990 --> 00:18:26,000

how would you ever find your wallet dude

497

00:18:31,990 --> 00:18:28,000

you wouldn't you put it you'd always

498

00:18:32,000 --> 00:18:36,150

i can't found my wallet

499

00:18:43,990 --> 00:18:37,909

try to hook your ass in two dimensions

500

00:18:48,470 --> 00:18:46,710

uh that's funny

501
00:18:51,510 --> 00:18:48,480
which is even a crazier thing to think

502
00:18:53,270 --> 00:18:51,520
about the two-dimensional world

503
00:18:54,710 --> 00:18:53,280
dude

504
00:18:55,990 --> 00:18:54,720
this may be a stupid question but i

505
00:18:57,350 --> 00:18:56,000
don't think i've ever even thought about

506
00:19:01,909 --> 00:18:57,360
it is there living things in the

507
00:19:04,789 --> 00:19:03,190
honestly i when i think of the

508
00:19:07,350 --> 00:19:04,799
two-dimensional world i don't i just

509
00:19:09,990 --> 00:19:07,360
think of cartoons yeah me too well what

510
00:19:12,150 --> 00:19:10,000
does what lives in the yeah what is the

511
00:19:15,430 --> 00:19:12,160
two dimension is it just because we

512
00:19:18,230 --> 00:19:15,440
observe it like i guess so like like

513
00:19:20,950 --> 00:19:18,240

like if you look at like a little uh

514

00:19:23,190 --> 00:19:20,960

like a little jeremy germ right it's on

515

00:19:24,070 --> 00:19:23,200

like that flat ass piece of glass and

516

00:19:26,310 --> 00:19:24,080

you're like damn that's pretty

517

00:19:28,230 --> 00:19:26,320

two-dimensional but then like

518

00:19:30,870 --> 00:19:28,240

down to his scale he's like man this

519

00:19:32,710 --> 00:19:30,880

place is huge

520

00:19:33,280 --> 00:19:32,720

he's like i'm so three-dimensional right

521

00:19:36,870 --> 00:19:33,290

now

522

00:19:39,350 --> 00:19:36,880

[Laughter]

523

00:19:41,190 --> 00:19:39,360

i'm moving so freely

524

00:19:43,190 --> 00:19:41,200

and there's so many of us there's

525

00:19:44,470 --> 00:19:43,200

hundreds of thousands of us fitting in

526
00:19:46,470 --> 00:19:44,480
here

527
00:19:48,470 --> 00:19:46,480
how do we how do we do this we're so

528
00:19:52,390 --> 00:19:48,480
three-dimensional right now you squish

529
00:19:54,470 --> 00:19:52,400
that piece of glass on us so hard

530
00:19:56,310 --> 00:19:54,480
you smush two this is some glass and

531
00:19:58,630 --> 00:19:56,320
they're still like wee

532
00:20:01,029 --> 00:19:58,640
like they're not even like

533
00:20:05,750 --> 00:20:01,039
like how big is the gap between two flat

534
00:20:09,909 --> 00:20:07,510
big enough for a dance floor for germs

535
00:20:12,070 --> 00:20:09,919
man i know dude they love that [\h__\h] it's

536
00:20:13,669 --> 00:20:12,080
almost like germs like

537
00:20:15,669 --> 00:20:13,679
like being in between two pieces of

538
00:20:17,029 --> 00:20:15,679

glass more than they like being out in

539

00:20:18,470 --> 00:20:17,039

nature dude

540

00:20:20,149 --> 00:20:18,480

yeah they like

541

00:20:22,230 --> 00:20:20,159

that's why they keep so many of them in

542

00:20:23,669 --> 00:20:22,240

those tubes

543

00:20:25,510 --> 00:20:23,679

yeah

544

00:20:27,110 --> 00:20:25,520

do you think uh you think it any

545

00:20:29,990 --> 00:20:27,120

scientists or

546

00:20:32,070 --> 00:20:30,000

or whatever charge charge them rent

547

00:20:34,070 --> 00:20:32,080

for test tube

548

00:20:35,270 --> 00:20:34,080

they should you know you should go all

549

00:20:37,190 --> 00:20:35,280

right

550

00:20:39,990 --> 00:20:37,200

you guys can stay here

551
00:20:42,950 --> 00:20:40,000
but you got to give us two anti-cancer

552
00:20:45,430 --> 00:20:42,960
sales a week that's the deal

553
00:20:46,710 --> 00:20:45,440
and they're like

554
00:20:49,669 --> 00:20:46,720
okay

555
00:20:50,710 --> 00:20:49,679
and

556
00:20:52,470 --> 00:20:50,720
i mean

557
00:20:54,310 --> 00:20:52,480
between these two pieces of glass is

558
00:20:55,270 --> 00:20:54,320
like the largest piece of property we

559
00:20:57,510 --> 00:20:55,280
found

560
00:20:59,830 --> 00:20:57,520
so far so you gotta kind of buy the

561
00:21:03,350 --> 00:20:59,840
tentacles but you know

562
00:21:05,430 --> 00:21:03,360
we're gonna go with it potentials yeah

563
00:21:09,669 --> 00:21:05,440

oh my god yes

564

00:21:11,029 --> 00:21:09,679

um um let's see michael gutierrez said

565

00:21:14,789 --> 00:21:11,039

uh

566

00:21:17,270 --> 00:21:14,799

i heard that fish are in the

567

00:21:18,630 --> 00:21:17,280

two-dimensional world

568

00:21:20,630 --> 00:21:18,640

i don't know what that's all about but i

569

00:21:23,270 --> 00:21:20,640

like it

570

00:21:27,110 --> 00:21:23,280

it almost seems but like then

571

00:21:29,029 --> 00:21:27,120

what if oh dude what if your eyes saw

572

00:21:30,390 --> 00:21:29,039

two-dimensional right like what if when

573

00:21:32,070 --> 00:21:30,400

you looked at everything

574

00:21:35,110 --> 00:21:32,080

it just looked like it was on like a

575

00:21:37,750 --> 00:21:35,120

flat sheet of paper so like your reality

576
00:21:39,590 --> 00:21:37,760
was flat but you actually lived in a

577
00:21:41,190 --> 00:21:39,600
three-dimensional reality

578
00:21:43,190 --> 00:21:41,200
like what if that's what we're

579
00:21:44,870 --> 00:21:43,200
experiencing right now like we're

580
00:21:46,870 --> 00:21:44,880
looking at a three-dimensional reality

581
00:21:49,510 --> 00:21:46,880
but really we're living in like a

582
00:21:51,270 --> 00:21:49,520
multi-dimensional space

583
00:21:52,630 --> 00:21:51,280
i think we are

584
00:21:55,190 --> 00:21:52,640
i think so dude just don't have the

585
00:21:56,789 --> 00:21:55,200
sensors to to

586
00:22:04,470 --> 00:21:56,799
to

587
00:22:08,390 --> 00:22:06,230
like we're we're looking uh

588
00:22:11,590 --> 00:22:08,400

we're trying to take a photo

589

00:22:13,830 --> 00:22:11,600

uh we're trying to take a a a video with

590

00:22:16,789 --> 00:22:13,840

a uh with a film camera

591

00:22:21,750 --> 00:22:16,799

you know like like an old school like

592

00:22:23,909 --> 00:22:21,760

polaroid yeah trying to take a 4k video

593

00:22:26,710 --> 00:22:23,919

god dude my brain's mushed i'm sorry i'm

594

00:22:29,190 --> 00:22:26,720

sorry

595

00:22:31,029 --> 00:22:29,200

enzo came up with a good point um so the

596

00:22:33,190 --> 00:22:31,039

example we had about the germs they have

597

00:22:35,510 --> 00:22:33,200

to like pay rent to live in between the

598

00:22:37,669 --> 00:22:35,520

two pieces of glass

599

00:22:40,789 --> 00:22:37,679

he said blow that up uh blow that

600

00:22:42,630 --> 00:22:40,799

example up to our size do we owe rent to

601
00:22:43,430 --> 00:22:42,640
whoever owns the galaxy

602
00:22:46,390 --> 00:22:43,440
oh

603
00:22:47,990 --> 00:22:46,400
dude that's a good one

604
00:22:50,549 --> 00:22:48,000
that's a dude

605
00:22:51,830 --> 00:22:50,559
and dude like whoever owns the guy like

606
00:22:52,870 --> 00:22:51,840
okay

607
00:22:57,830 --> 00:22:52,880
say

608
00:23:00,070 --> 00:22:57,840
in the germ world right

609
00:23:01,990 --> 00:23:00,080
say they found oh

610
00:23:04,710 --> 00:23:02,000
say they were smart enough to invent

611
00:23:08,549 --> 00:23:06,549
i don't have any paper on my desk i

612
00:23:10,470 --> 00:23:08,559
actually cleaned it man

613
00:23:11,590 --> 00:23:10,480

there's nothing over here

614

00:23:16,390 --> 00:23:11,600

what

615

00:23:17,750 --> 00:23:16,400

to figure out a time machine right

616

00:23:19,350 --> 00:23:17,760

and germs

617

00:23:21,430 --> 00:23:19,360

could now teleport back and forth

618

00:23:26,230 --> 00:23:21,440

through time would that even matter to

619

00:23:30,149 --> 00:23:27,750

dude it might be happening it might be

620

00:23:31,350 --> 00:23:30,159

happening right now i know

621

00:23:32,789 --> 00:23:31,360

as we speak

622

00:23:33,990 --> 00:23:32,799

we're finding out more and more every

623

00:23:34,870 --> 00:23:34,000

day like

624

00:23:36,630 --> 00:23:34,880

what

625

00:23:38,950 --> 00:23:36,640

we just found out a couple years ago

626

00:23:41,350 --> 00:23:38,960

that there are like neuron type cells in

627

00:23:43,669 --> 00:23:41,360

our heart and our stomach and like our

628

00:23:46,149 --> 00:23:43,679

other organs like what did they like

629

00:23:47,110 --> 00:23:46,159

they have communication

630

00:23:49,190 --> 00:23:47,120

yeah

631

00:23:51,750 --> 00:23:49,200

neuron the same cells that live in your

632

00:23:54,230 --> 00:23:51,760

brain that help you connect

633

00:23:55,029 --> 00:23:54,240

things to other things dude

634

00:24:01,430 --> 00:23:55,039

like

635

00:24:03,029 --> 00:24:01,440

maybe there's cells that if you're close

636

00:24:06,470 --> 00:24:03,039

to somebody or if you're in love with

637

00:24:09,269 --> 00:24:06,480

somebody maybe you share communication

638

00:24:13,110 --> 00:24:09,279

cells and like there's like this uh

639

00:24:14,149 --> 00:24:13,120

um quantum entanglement type action

640

00:24:16,390 --> 00:24:14,159

happening

641

00:24:18,630 --> 00:24:16,400

and they're like sharing energy you know

642

00:24:19,750 --> 00:24:18,640

that'd be cool dude yeah or like if

643

00:24:22,470 --> 00:24:19,760

you're really vibing with somebody

644

00:24:23,990 --> 00:24:22,480

having a great conversation

645

00:24:25,430 --> 00:24:24,000

yeah you know

646

00:24:31,590 --> 00:24:25,440

if we came up

647

00:24:33,750 --> 00:24:31,600

do you think it would only affect

648

00:24:38,230 --> 00:24:33,760

our reality or would it affect

649

00:24:41,830 --> 00:24:39,590

like when i was thinking about like the

650

00:24:44,390 --> 00:24:41,840

germs and if they were able to like time

651
00:24:46,710 --> 00:24:44,400
travel would it even affect us like what

652
00:24:48,630 --> 00:24:46,720
would happen to us like yeah does it

653
00:24:51,350 --> 00:24:48,640
even matter like like if there's like

654
00:24:53,510 --> 00:24:51,360
this giant thing the scalable like thing

655
00:24:55,350 --> 00:24:53,520
that exists out there we never kind of

656
00:24:56,870 --> 00:24:55,360
like in the eternal's how like there's

657
00:24:59,190 --> 00:24:56,880
like a massive like

658
00:25:01,909 --> 00:24:59,200
god dude right but like we just don't

659
00:25:03,669 --> 00:25:01,919
realize he's there but like if we like

660
00:25:05,110 --> 00:25:03,679
invented time machines would he be like

661
00:25:06,950 --> 00:25:05,120
wait no

662
00:25:07,669 --> 00:25:06,960
like stopper

663
00:25:09,669 --> 00:25:07,679

wait

664

00:25:11,110 --> 00:25:09,679

you can't do that

665

00:25:13,640 --> 00:25:11,120

like yeah we're going back to time to

666

00:25:17,510 --> 00:25:13,650

where you don't exist uh

667

00:25:22,549 --> 00:25:20,149

see even i feel like the eternal's um i

668

00:25:25,909 --> 00:25:22,559

mean i love that dude that is awesome

669

00:25:27,190 --> 00:25:25,919

that uh that plot and the visual

670

00:25:28,549 --> 00:25:27,200

but i think at the scale we're talking

671

00:25:31,190 --> 00:25:28,559

about like

672

00:25:33,669 --> 00:25:31,200

rock man have has to be like

673

00:25:36,789 --> 00:25:33,679

maybe a thousand times bigger than what

674

00:25:38,630 --> 00:25:36,799

they show like yeah it's gonna be huge

675

00:25:39,669 --> 00:25:38,640

yeah for that comparison to work but i

676

00:25:41,350 --> 00:25:39,679

think you're onto stuff that they're

677

00:25:44,070 --> 00:25:41,360

like i don't think it would matter

678

00:25:49,430 --> 00:25:46,549

like would you affect his reality

679

00:25:51,430 --> 00:25:49,440

i don't think so like and then like dude

680

00:25:53,510 --> 00:25:51,440

the size of that like i don't know i

681

00:25:55,830 --> 00:25:53,520

don't know like maybe that's not even a

682

00:25:57,350 --> 00:25:55,840

fair comparison like the size of him and

683

00:25:59,510 --> 00:25:57,360

you just time traveling back and forth

684

00:26:01,669 --> 00:25:59,520

would that even matter but like space is

685

00:26:04,470 --> 00:26:01,679

pretty big so like i guess if it fits in

686

00:26:07,190 --> 00:26:04,480

space it's it's reality would be

687

00:26:08,149 --> 00:26:07,200

affected in some way no matter how big

688

00:26:10,789 --> 00:26:08,159

it is

689

00:26:13,750 --> 00:26:10,799

yeah right but like [h__h] like what if it

690

00:26:15,029 --> 00:26:13,760

was so big what if it was so big dude

691

00:26:17,909 --> 00:26:15,039

right that

692

00:26:20,070 --> 00:26:17,919

piece of his leg is like

693

00:26:21,669 --> 00:26:20,080

floating out next to earth but if you

694

00:26:23,269 --> 00:26:21,679

time travel to like the beginning of

695

00:26:25,830 --> 00:26:23,279

time you would just be getting to like

696

00:26:27,750 --> 00:26:25,840

his shoulder because he's so big like

697

00:26:33,029 --> 00:26:27,760

he's so big he's actually extending

698

00:26:38,070 --> 00:26:34,950

and like boy

699

00:26:39,269 --> 00:26:38,080

yeah dude that's a big ass boy yeah

700

00:26:41,190 --> 00:26:39,279

because

701
00:26:42,470 --> 00:26:41,200
even right now like if we just saw

702
00:26:45,350 --> 00:26:42,480
something really big

703
00:26:47,190 --> 00:26:45,360
and we drove next to it for like 20 days

704
00:26:49,830 --> 00:26:47,200
that was like time traveling just like

705
00:26:52,789 --> 00:26:49,840
to the future it just took you 20

706
00:26:56,310 --> 00:26:52,799
time traveling days to get to his foot

707
00:26:58,950 --> 00:26:56,320
or his knee yeah you know well if you

708
00:27:00,470 --> 00:26:58,960
if you uh

709
00:27:03,750 --> 00:27:00,480
went along

710
00:27:05,510 --> 00:27:03,760
his body and also increased in mass

711
00:27:07,350 --> 00:27:05,520
and you really would be time traveling

712
00:27:09,269 --> 00:27:07,360
because

713
00:27:11,750 --> 00:27:09,279

as you move

714

00:27:14,070 --> 00:27:11,760

like the closer to the speed of light

715

00:27:16,230 --> 00:27:14,080

like time stand still

716

00:27:17,909 --> 00:27:16,240

uh for you but is very fast for

717

00:27:20,070 --> 00:27:17,919

everybody else so it's kind of slow for

718

00:27:21,990 --> 00:27:20,080

you not stand still but like very slow

719

00:27:24,389 --> 00:27:22,000

to you but to everybody else because

720

00:27:26,470 --> 00:27:24,399

you're going so fast like thousands of

721

00:27:28,389 --> 00:27:26,480

years go by thousands of years go by but

722

00:27:33,110 --> 00:27:28,399

if you scale up your mass at the same

723

00:27:37,110 --> 00:27:35,190

i like how your nose is kind of like

724

00:27:39,110 --> 00:27:37,120

he's kind of clogged so you give like

725

00:27:41,430 --> 00:27:39,120

that old school version of like what a

726

00:27:43,909 --> 00:27:41,440

nerd is and you're talking about

727

00:27:45,830 --> 00:27:43,919

the space and time and uh

728

00:27:48,310 --> 00:27:45,840

it's so weird like it gets stuck it

729

00:27:51,029 --> 00:27:48,320

doesn't go down my nose it just goes in

730

00:27:52,310 --> 00:27:51,039

the back of my dank throat

731

00:27:53,430 --> 00:27:52,320

gall

732

00:27:55,830 --> 00:27:53,440

go

733

00:27:58,230 --> 00:27:55,840

so anyway

734

00:28:02,710 --> 00:27:59,909

i was gonna say i wonder what would

735

00:28:04,389 --> 00:28:02,720

happen if if you scale up in size and

736

00:28:08,549 --> 00:28:04,399

mass at the same time okay i'm going to

737

00:28:14,070 --> 00:28:12,470

let's keep tabs let's keep tabs man

738

00:28:15,350 --> 00:28:14,080

all right what do we got going on in the

739

00:28:17,190 --> 00:28:15,360

chat man

740

00:28:21,029 --> 00:28:17,200

let's see here

741

00:28:24,630 --> 00:28:21,990

let's see

742

00:28:26,549 --> 00:28:24,640

joe what if we went back in time

743

00:28:30,389 --> 00:28:26,559

past the creation of all things or

744

00:28:31,909 --> 00:28:30,399

forward past the end dude i have thought

745

00:28:37,110 --> 00:28:31,919

about that too

746

00:28:39,110 --> 00:28:37,120

okay so here's the thing though right

747

00:28:41,830 --> 00:28:39,120

if if

748

00:28:42,950 --> 00:28:41,840

i think time would have to

749

00:28:45,430 --> 00:28:42,960

have a

750

00:28:46,389 --> 00:28:45,440

a beginning of of some sort right

751
00:28:50,310 --> 00:28:46,399
because

752
00:28:52,870 --> 00:28:50,320
if if we went back in time past the

753
00:28:54,149 --> 00:28:52,880
creation of all things then that means

754
00:28:56,149 --> 00:28:54,159
that the time machine could never have

755
00:28:57,909 --> 00:28:56,159
been created in the first place that's

756
00:29:00,230 --> 00:28:57,919
why i think i think this like initial

757
00:29:03,029 --> 00:29:00,240
time has to like exist for you to be

758
00:29:03,990 --> 00:29:03,039
able to to maybe move it or or space

759
00:29:09,830 --> 00:29:04,000
whatever

760
00:29:14,950 --> 00:29:12,230
okay so that's gonna break down into

761
00:29:17,510 --> 00:29:14,960
does has everything always existed or is

762
00:29:19,269 --> 00:29:17,520
are things constantly being created to

763
00:29:21,190 --> 00:29:19,279

the point to where we just can't see it

764

00:29:22,789 --> 00:29:21,200

yet right because we can only see

765

00:29:24,710 --> 00:29:22,799

um you know

766

00:29:26,070 --> 00:29:24,720

up to a certain point of the universe we

767

00:29:27,990 --> 00:29:26,080

can only see how big it is up to a

768

00:29:29,830 --> 00:29:28,000

certain point after that we have no idea

769

00:29:31,029 --> 00:29:29,840

what's out there now hopefully we'll be

770

00:29:33,750 --> 00:29:31,039

able to like

771

00:29:36,070 --> 00:29:33,760

map it a little bit further with the new

772

00:29:38,310 --> 00:29:36,080

telescope that we have coming out

773

00:29:40,549 --> 00:29:38,320

and that'll be pretty sweet to be able

774

00:29:41,590 --> 00:29:40,559

to map it and see how big the universe

775

00:29:43,269 --> 00:29:41,600

is

776

00:29:46,230 --> 00:29:43,279

a little bit more i don't know if we'll

777

00:29:47,269 --> 00:29:46,240

ever get to the end but but if space

778

00:29:48,549 --> 00:29:47,279

curves

779

00:29:51,029 --> 00:29:48,559

to where

780

00:29:52,950 --> 00:29:51,039

the light will never actually

781

00:29:55,190 --> 00:29:52,960

reach the horizon

782

00:29:57,269 --> 00:29:55,200

that we can see over then we'll never

783

00:29:59,990 --> 00:29:57,279

know what's on the other side so i don't

784

00:30:02,389 --> 00:30:00,000

know if you can even get to the end

785

00:30:04,549 --> 00:30:02,399

but the beginning i don't know that has

786

00:30:06,149 --> 00:30:04,559

to imply that there's a beginning if it

787

00:30:10,470 --> 00:30:06,159

always existed

788

00:30:13,269 --> 00:30:10,480

somewhere so i think that's a big

789

00:30:18,070 --> 00:30:13,279

question has it always existed or did it

790

00:30:21,029 --> 00:30:19,669

are you asking me or is are you asking

791

00:30:23,190 --> 00:30:21,039

the chat that

792

00:30:25,029 --> 00:30:23,200

no no no i was going over what alabama

793

00:30:26,950 --> 00:30:25,039

tide said he said what what if we went

794

00:30:28,230 --> 00:30:26,960

back into the past

795

00:30:29,990 --> 00:30:28,240

um

796

00:30:31,510 --> 00:30:30,000

past the creation of all things so

797

00:30:34,230 --> 00:30:31,520

before anything created what if we went

798

00:30:36,070 --> 00:30:34,240

back before that time oh cool and that

799

00:30:38,389 --> 00:30:36,080

would be cool but i don't know if you

800

00:30:40,470 --> 00:30:38,399

can if nothing's been great if nothing's

801
00:30:41,430 --> 00:30:40,480
there

802
00:30:42,549 --> 00:30:41,440
i think we were talking about this

803
00:30:44,870 --> 00:30:42,559
before like

804
00:30:47,110 --> 00:30:44,880
um the theory that like you know the big

805
00:30:49,110 --> 00:30:47,120
bang which has been proven some

806
00:30:50,389 --> 00:30:49,120
scientists still don't believe you know

807
00:30:52,389 --> 00:30:50,399
some people said there's not enough

808
00:30:54,950 --> 00:30:52,399
evidence yet

809
00:30:56,870 --> 00:30:54,960
like even if there is a beginning

810
00:30:59,750 --> 00:30:56,880
that doesn't mean that there wasn't a

811
00:31:01,830 --> 00:30:59,760
before the beginning and

812
00:31:03,990 --> 00:31:01,840
that's just our universe so if there's

813
00:31:06,310 --> 00:31:04,000

other universes then time does exist

814

00:31:08,789 --> 00:31:06,320

outside of our universe so maybe it was

815

00:31:11,190 --> 00:31:08,799

created by a larger universe and we're

816

00:31:14,070 --> 00:31:11,200

inside of a larger universe that it's

817

00:31:14,870 --> 00:31:14,080

kind of like a russian doll set you know

818

00:31:16,230 --> 00:31:14,880

so

819

00:31:17,909 --> 00:31:16,240

just because

820

00:31:19,110 --> 00:31:17,919

time for our universe does have a

821

00:31:20,470 --> 00:31:19,120

beginning

822

00:31:21,830 --> 00:31:20,480

and an end

823

00:31:22,710 --> 00:31:21,840

apparently

824

00:31:24,230 --> 00:31:22,720

um

825

00:31:26,950 --> 00:31:24,240

you know like i just like think of it

826

00:31:29,750 --> 00:31:26,960

like a a globulous ball

827

00:31:31,350 --> 00:31:29,760

yeah another globulous ball like like a

828

00:31:33,029 --> 00:31:31,360

mitochondria inside of a cell like

829

00:31:35,269 --> 00:31:33,039

there's all this other

830

00:31:37,909 --> 00:31:35,279

it's crazy things going on

831

00:31:39,350 --> 00:31:37,919

uh and all it's all a part of one little

832

00:31:41,669 --> 00:31:39,360

organism

833

00:31:44,070 --> 00:31:41,679

i think i think if you

834

00:31:45,909 --> 00:31:44,080

i think if you went to the very end so

835

00:31:47,750 --> 00:31:45,919

i'm still not sure about the beginning

836

00:31:50,149 --> 00:31:47,760

part like i think like there would have

837

00:31:53,269 --> 00:31:50,159

to be a beginning somewhere in order to

838

00:31:56,470 --> 00:31:53,279

to make this time travel thing work

839

00:31:58,389 --> 00:31:56,480

but if you went to the very end like if

840

00:31:59,430 --> 00:31:58,399

space is curved

841

00:32:06,630 --> 00:31:59,440

if it's

842

00:32:09,269 --> 00:32:06,640

and it's an expanding ball

843

00:32:11,430 --> 00:32:09,279

before it expands at two points you you

844

00:32:13,110 --> 00:32:11,440

would have where you could meet so you

845

00:32:14,950 --> 00:32:13,120

go around the ball and you would

846

00:32:17,509 --> 00:32:14,960

eventually go back

847

00:32:19,669 --> 00:32:17,519

to the beginning and circle your way

848

00:32:21,509 --> 00:32:19,679

back around to current time like if you

849

00:32:24,870 --> 00:32:21,519

went to the very end you might circle

850

00:32:26,710 --> 00:32:24,880

back on yourself but if it's expanding

851
00:32:28,470 --> 00:32:26,720
you may never

852
00:32:30,230 --> 00:32:28,480
turn back around on yourself because

853
00:32:32,870 --> 00:32:30,240
those two points are getting further and

854
00:32:35,269 --> 00:32:32,880
further away it's creating new space as

855
00:32:37,509 --> 00:32:35,279
the balloon expands so you're constantly

856
00:32:38,549 --> 00:32:37,519
traveling and never able to reach the

857
00:32:41,430 --> 00:32:38,559
end

858
00:32:44,549 --> 00:32:41,440
because it's always expanding oh

859
00:32:48,310 --> 00:32:44,559
[h__\h] yeah that's cool

860
00:32:50,149 --> 00:32:48,320
how fast does it expand like

861
00:32:51,990 --> 00:32:50,159
is space expanding faster than the speed

862
00:32:54,310 --> 00:32:52,000
of light

863
00:32:56,789 --> 00:32:54,320

how fast does that [h__h] go you know how

864

00:32:57,509 --> 00:32:56,799

fast in space dude how fast does space

865

00:33:00,310 --> 00:32:57,519

go

866

00:33:01,909 --> 00:33:00,320

does anybody have a space ghost

867

00:33:04,310 --> 00:33:01,919

pretty fast dude

868

00:33:05,830 --> 00:33:04,320

anybody in the chat know how fast uh

869

00:33:06,710 --> 00:33:05,840

space goes i'm gonna google it really

870

00:33:07,990 --> 00:33:06,720

quick

871

00:33:10,549 --> 00:33:08,000

let me google

872

00:33:13,590 --> 00:33:10,559

also uh roach tales thanks for the super

873

00:33:15,669 --> 00:33:13,600

chat oh uh he asked

874

00:33:18,230 --> 00:33:15,679

uh oh we were talking about big rock boy

875

00:33:21,669 --> 00:33:18,240

is he the center of the universe if not

876

00:33:25,350 --> 00:33:22,789

do you have any thoughts about that joe

877

00:33:26,710 --> 00:33:25,360

i mean i i'll all i know about the like

878

00:33:29,509 --> 00:33:26,720

the center of the universe is like

879

00:33:33,190 --> 00:33:29,519

they're supposed to be supposedly

880

00:33:35,269 --> 00:33:33,200

uh a super massive black hole

881

00:33:38,470 --> 00:33:35,279

in the center of the universe

882

00:33:39,990 --> 00:33:38,480

yeah or i think a galaxy

883

00:33:42,070 --> 00:33:40,000

i think you're thinking galaxy okay

884

00:33:44,549 --> 00:33:42,080

galaxies have super massive black holes

885

00:33:46,230 --> 00:33:44,559

so not universe then not universe

886

00:33:47,750 --> 00:33:46,240

universe like

887

00:33:49,110 --> 00:33:47,760

we just we don't know

888

00:33:50,870 --> 00:33:49,120

we don't know how big it is we don't

889

00:33:52,870 --> 00:33:50,880

know like that's kind of the whole thing

890

00:33:54,630 --> 00:33:52,880

over it like starts and ends

891

00:33:55,990 --> 00:33:54,640

so there's a lot of black holes out

892

00:34:04,070 --> 00:33:56,000

there

893

00:34:05,830 --> 00:34:04,080

i think it's like a big toroidal

894

00:34:06,870 --> 00:34:05,840

it could be it could be i always think

895

00:34:09,109 --> 00:34:06,880

too like

896

00:34:11,750 --> 00:34:09,119

if the big bang was so big maybe it just

897

00:34:13,909 --> 00:34:11,760

like releases giant flash

898

00:34:15,510 --> 00:34:13,919

um and you can't see through it to the

899

00:34:17,669 --> 00:34:15,520

other side so like we don't know what's

900

00:34:18,950 --> 00:34:17,679

on the other side of it because

901
00:34:22,069 --> 00:34:18,960
we're still having to look through all

902
00:34:24,149 --> 00:34:22,079
this gas and light of this explosion of

903
00:34:25,589 --> 00:34:24,159
everything that ever existed all at one

904
00:34:27,030 --> 00:34:25,599
time like you know what i'm saying you

905
00:34:29,669 --> 00:34:27,040
try to look back and it's probably

906
00:34:32,869 --> 00:34:29,679
pretty fuzzy but like what if you did go

907
00:34:35,109 --> 00:34:32,879
back to the big bang and

908
00:34:36,710 --> 00:34:35,119
little did we know all you had to do was

909
00:34:40,149 --> 00:34:36,720
go on the other side of it like there

910
00:34:42,869 --> 00:34:40,159
was no go into it or go you know

911
00:34:44,869 --> 00:34:42,879
uh around it or have to you know time

912
00:34:47,669 --> 00:34:44,879
travel into like what if you just went

913
00:34:50,149 --> 00:34:47,679

past it like you just flew past it

914

00:34:53,109 --> 00:34:50,159

and you saw an entirely

915

00:34:54,710 --> 00:34:53,119

new empty space or reality that existed

916

00:34:57,270 --> 00:34:54,720

because two

917

00:35:01,349 --> 00:34:57,280

two uh you know say two universes

918

00:35:05,270 --> 00:35:01,359

collided in this giant wave of space

919

00:35:07,510 --> 00:35:05,280

and created the big bang like who knows

920

00:35:08,710 --> 00:35:07,520

so i think did you say just that did you

921

00:35:11,030 --> 00:35:08,720

say that a little bit earlier because

922

00:35:13,190 --> 00:35:11,040

now it clicked for me because like

923

00:35:15,190 --> 00:35:13,200

no one's physically gone past

924

00:35:16,470 --> 00:35:15,200

the edge of the universe or like the

925

00:35:17,750 --> 00:35:16,480

beginning right

926
00:35:19,270 --> 00:35:17,760
yeah you wouldn't know what's on the

927
00:35:21,589 --> 00:35:19,280
other side unless you physically went

928
00:35:24,150 --> 00:35:21,599
there because yeah we can only look

929
00:35:26,790 --> 00:35:24,160
using light that's

930
00:35:29,670 --> 00:35:26,800
i guess if it's if it shoots out like if

931
00:35:31,750 --> 00:35:29,680
if it was a center point and it shot out

932
00:35:35,430 --> 00:35:31,760
in all directions like like a like a

933
00:35:38,069 --> 00:35:35,440
sphere you know yeah and it did explode

934
00:35:39,990 --> 00:35:38,079
like maybe and then you can kind of

935
00:35:42,150 --> 00:35:40,000
track it and find the center of where

936
00:35:43,670 --> 00:35:42,160
that exploded but if two things hit each

937
00:35:45,670 --> 00:35:43,680
other like a wave

938
00:35:47,910 --> 00:35:45,680

and then bounced away

939

00:35:49,829 --> 00:35:47,920

there would be like this huge like it

940

00:35:52,550 --> 00:35:49,839

would be a projectile in a certain

941

00:35:54,230 --> 00:35:52,560

direction you know it wouldn't be even

942

00:35:56,150 --> 00:35:54,240

everywhere so what if you were able to

943

00:35:58,870 --> 00:35:56,160

just find where

944

00:36:00,710 --> 00:35:58,880

they collapsed or touched or banged and

945

00:36:02,390 --> 00:36:00,720

like went to the other side

946

00:36:05,990 --> 00:36:02,400

yeah

947

00:36:12,790 --> 00:36:08,550

i just i just pictured like

948

00:36:15,430 --> 00:36:12,800

you dropping like some eggs on a pancake

949

00:36:16,790 --> 00:36:15,440

that kind of wave motion you know

950

00:36:18,710 --> 00:36:16,800

that's exactly what it is making

951
00:36:20,710 --> 00:36:18,720
breakfast

952
00:36:22,630 --> 00:36:20,720
see joe are you saying that our universe

953
00:36:23,510 --> 00:36:22,640
is

954
00:36:27,589 --> 00:36:23,520
devon

955
00:36:29,589 --> 00:36:27,599
devouring an old universe crazy cool

956
00:36:31,349 --> 00:36:29,599
well maybe not even devouring an old

957
00:36:33,990 --> 00:36:31,359
universe like maybe literally just

958
00:36:36,470 --> 00:36:34,000
bumping into it you know like what if

959
00:36:38,470 --> 00:36:36,480
what if uh what if our universe carries

960
00:36:41,430 --> 00:36:38,480
like some some mass to it what if it's

961
00:36:43,270 --> 00:36:41,440
what if our universe is like um

962
00:36:46,230 --> 00:36:43,280
maybe like uh

963
00:36:47,990 --> 00:36:46,240

oil and water right like her universe is

964

00:36:50,150 --> 00:36:48,000

just floating around like some oil like

965

00:36:53,270 --> 00:36:50,160

a little bubble and we run into another

966

00:36:54,870 --> 00:36:53,280

universe and maybe it maybe it sometimes

967

00:36:57,589 --> 00:36:54,880

you know

968

00:36:59,510 --> 00:36:57,599

combines into one giant universe maybe

969

00:37:01,510 --> 00:36:59,520

they collide and one of them kind of

970

00:37:03,829 --> 00:37:01,520

explodes and turns into a bunch of

971

00:37:06,390 --> 00:37:03,839

little bitty tiny universes you know

972

00:37:08,950 --> 00:37:06,400

maybe one time they uh they collide in

973

00:37:11,829 --> 00:37:08,960

another top third bubble universe pops

974

00:37:15,030 --> 00:37:11,839

up on top of it like who knows i have no

975

00:37:18,150 --> 00:37:16,630

dude

976
00:37:19,910 --> 00:37:18,160
i love that

977
00:37:21,510 --> 00:37:19,920
i was looking i was looking for a crow a

978
00:37:25,190 --> 00:37:21,520
crowd sound because we've got a new

979
00:37:31,270 --> 00:37:25,860
yes sir

980
00:37:36,150 --> 00:37:33,910
oh yeah there you go did you hear it

981
00:37:39,750 --> 00:37:36,160
did you hear that

982
00:37:43,589 --> 00:37:41,430
i heard that too

983
00:37:45,670 --> 00:37:43,599
i've got many more of those

984
00:37:49,589 --> 00:37:45,680
thanks for thanks for that alabama time

985
00:37:52,230 --> 00:37:49,599
hell yeah that's what's up let's see uh

986
00:37:53,910 --> 00:37:52,240
arlene says oh my god i saw a comment

987
00:37:56,470 --> 00:37:53,920
thread with two guys arguing about

988
00:37:58,230 --> 00:37:56,480

whether or not the universe was flat i

989

00:37:59,750 --> 00:37:58,240

couldn't even get upset because they

990

00:38:01,829 --> 00:37:59,760

were just bonkers

991

00:38:03,430 --> 00:38:01,839

yeah i don't know you know sometimes you

992

00:38:06,230 --> 00:38:03,440

get into like chat rooms and people are

993

00:38:08,230 --> 00:38:06,240

having those conversations you're like

994

00:38:09,349 --> 00:38:08,240

[h__\h] if i know

995

00:38:11,829 --> 00:38:09,359

who knows

996

00:38:19,670 --> 00:38:11,839

is it flat i don't know could be

997

00:38:24,150 --> 00:38:21,910

like on top of like looking down on a

998

00:38:25,829 --> 00:38:24,160

like on a flat a flat earth like just

999

00:38:27,589 --> 00:38:25,839

like on a surface like everything looks

1000

00:38:30,630 --> 00:38:27,599

flat if you're standing on top of it

1001

00:38:33,750 --> 00:38:30,640

looking oh got it just yeah except for

1002

00:38:35,510 --> 00:38:33,760

like a mountain or a big-ass hill mouths

1003

00:38:37,270 --> 00:38:35,520

don't they don't look flat from the

1004

00:38:41,270 --> 00:38:37,280

mountains look the opposite of flat dude

1005

00:38:45,910 --> 00:38:43,750

let's see

1006

00:38:47,829 --> 00:38:45,920

if the earth is flat then the universe

1007

00:38:49,990 --> 00:38:47,839

must be two i don't know how long we got

1008

00:38:54,390 --> 00:38:50,000

here but we're gonna go there

1009

00:38:57,109 --> 00:38:55,109

so

1010

00:38:59,270 --> 00:38:57,119

we do live if that was the case we would

1011

00:39:02,150 --> 00:38:59,280

live in a two-dimensional universe is

1012

00:39:03,589 --> 00:39:02,160

that that's not correct right

1013

00:39:05,589 --> 00:39:03,599

that would be more like they don't mean

1014

00:39:06,470 --> 00:39:05,599

flat like flat flat they're like it's

1015

00:39:08,630 --> 00:39:06,480

just

1016

00:39:11,510 --> 00:39:08,640

well then that would be like okay is uh

1017

00:39:13,589 --> 00:39:11,520

is a chess board a two-dimensional

1018

00:39:15,190 --> 00:39:13,599

it's like a two-dimensional surface i

1019

00:39:17,109 --> 00:39:15,200

don't think you move on

1020

00:39:19,109 --> 00:39:17,119

but the pieces themselves are

1021

00:39:20,550 --> 00:39:19,119

three-dimensional

1022

00:39:22,390 --> 00:39:20,560

i think i'm missing interpreting the

1023

00:39:24,550 --> 00:39:22,400

word flat like

1024

00:39:26,630 --> 00:39:24,560

i don't think they mean like

1025

00:39:28,069 --> 00:39:26,640

two-dimensional

1026

00:39:31,109 --> 00:39:28,079

maybe maybe they should change it to

1027

00:39:34,310 --> 00:39:32,390

yeah dude

1028

00:39:37,910 --> 00:39:34,320

well no because some of them think it is

1029

00:39:40,550 --> 00:39:37,920

flat it's just on the back of a turtle

1030

00:39:42,710 --> 00:39:40,560

there should be i don't i mean that i

1031

00:39:45,589 --> 00:39:42,720

love that one that one's great me too i

1032

00:39:47,670 --> 00:39:45,599

like the turtle theory i picture like it

1033

00:39:49,190 --> 00:39:47,680

i wish more flat earth earthers would go

1034

00:39:51,030 --> 00:39:49,200

with that because that's something we

1035

00:39:53,349 --> 00:39:51,040

can all rally behind yeah we're on the

1036

00:39:57,990 --> 00:39:53,359

back of a turtle his name's ezeziel he's

1037

00:40:02,390 --> 00:40:00,310

oh star dust thanks

1038

00:40:04,550 --> 00:40:02,400

if it was a massive if it was a massive

1039

00:40:06,710 --> 00:40:04,560

turtle it could munch on stardust like

1040

00:40:09,190 --> 00:40:06,720

uh like like algae

1041

00:40:11,270 --> 00:40:09,200

you know in in the ocean just floating

1042

00:40:14,630 --> 00:40:11,280

around out in the ocean

1043

00:40:16,390 --> 00:40:14,640

dude yeah so what do you think man do

1044

00:40:19,109 --> 00:40:16,400

you think they're all different

1045

00:40:20,630 --> 00:40:19,119

uh time travel teleportation and

1046

00:40:22,710 --> 00:40:20,640

dimensional

1047

00:40:24,309 --> 00:40:22,720

shifting i think they're all

1048

00:40:30,150 --> 00:40:24,319

connected

1049

00:40:31,829 --> 00:40:30,160

it's like you wouldn't have the ps5

1050

00:40:34,309 --> 00:40:31,839

without the atari

1051

00:40:37,430 --> 00:40:34,319

there were stages in between that

1052

00:40:41,510 --> 00:40:37,440

yes it's video games but the video games

1053

00:40:43,349 --> 00:40:41,520

now are so much more immersive

1054

00:40:45,589 --> 00:40:43,359

so it'd kind of be the same thing with

1055

00:40:46,950 --> 00:40:45,599

with teleportation time travel and

1056

00:40:48,470 --> 00:40:46,960

dimensional

1057

00:40:52,710 --> 00:40:48,480

shifting

1058

00:40:54,470 --> 00:40:52,720

yeah i i guess travel travel is uh just

1059

00:40:56,230 --> 00:40:54,480

from getting from point a to point b

1060

00:40:59,430 --> 00:40:56,240

right yeah

1061

00:41:01,430 --> 00:40:59,440

that's all it is but if point a is

1062

00:41:03,109 --> 00:41:01,440

on a different dimension as b like

1063

00:41:05,670 --> 00:41:03,119

physically on top of it just in a

1064

00:41:08,950 --> 00:41:05,680

different lens

1065

00:41:10,870 --> 00:41:08,960

is it in a new place or in a new time

1066

00:41:13,109 --> 00:41:10,880

it's in a new dimension or a new

1067

00:41:17,030 --> 00:41:13,119

dimension so that's like in between

1068

00:41:20,230 --> 00:41:17,040

space so i think place in time you know

1069

00:41:23,109 --> 00:41:20,240

uh teleportation time travel can go

1070

00:41:24,950 --> 00:41:23,119

together but then like dimension

1071

00:41:27,430 --> 00:41:24,960

that's like

1072

00:41:30,870 --> 00:41:27,440

is dim is that other dimension part of

1073

00:41:33,930 --> 00:41:30,880

your time space

1074

00:41:35,349 --> 00:41:33,940

or is it part of its own time space

1075

00:41:36,790 --> 00:41:35,359

[Music]

1076

00:41:39,270 --> 00:41:36,800

you know

1077

00:41:41,190 --> 00:41:39,280

dude i'm thinking of interstellar where

1078

00:41:44,309 --> 00:41:41,200

or um

1079

00:41:46,470 --> 00:41:44,319

matthew yeah our buddy matthew is

1080

00:41:48,630 --> 00:41:46,480

matthew he's like floating through that

1081

00:41:50,950 --> 00:41:48,640

trippy

1082

00:41:52,870 --> 00:41:50,960

in between world man and like space or

1083

00:41:54,550 --> 00:41:52,880

time and space just don't exist

1084

00:41:55,510 --> 00:41:54,560

yeah and the

1085

00:41:59,430 --> 00:41:55,520

i

1086

00:42:01,990 --> 00:41:59,440

breakdown of that scene

1087

00:42:03,670 --> 00:42:02,000

that what he's interacting with are

1088

00:42:05,750 --> 00:42:03,680

these interdimensional beings that are

1089

00:42:09,109 --> 00:42:05,760

allowing him to

1090

00:42:12,069 --> 00:42:09,119

to travel the like the audience is his

1091

00:42:13,910 --> 00:42:12,079

body doesn't really exist like it's just

1092

00:42:16,470 --> 00:42:13,920

for the audience to realize what's

1093

00:42:17,910 --> 00:42:16,480

what's happening right right but what is

1094

00:42:20,470 --> 00:42:17,920

actually happening is that these

1095

00:42:22,069 --> 00:42:20,480

interdimensional beings are guiding him

1096

00:42:23,349 --> 00:42:22,079

his consciousness

1097

00:42:25,270 --> 00:42:23,359

back in time and through different

1098

00:42:28,150 --> 00:42:25,280

dimensions to be able to communicate

1099

00:42:29,829 --> 00:42:28,160

with his daughter in the past so like

1100

00:42:32,069 --> 00:42:29,839

he's physically not in there like

1101
00:42:34,630 --> 00:42:32,079
touching [\h__\h] and moving things yeah

1102
00:42:36,790 --> 00:42:34,640
like his consciousness is and does move

1103
00:42:39,109 --> 00:42:36,800
like sand in some ways and like makes

1104
00:42:41,190 --> 00:42:39,119
himself fall over and stuff

1105
00:42:41,990 --> 00:42:41,200
but uh i think i thought that was pretty

1106
00:42:43,109 --> 00:42:42,000
cool

1107
00:42:45,270 --> 00:42:43,119
yeah the way that they're able to

1108
00:42:46,550 --> 00:42:45,280
connect them for sure

1109
00:42:48,790 --> 00:42:46,560
and i think

1110
00:42:51,430 --> 00:42:48,800
i think if you're gonna

1111
00:42:53,670 --> 00:42:51,440
if you're gonna teleport you know you

1112
00:42:56,790 --> 00:42:53,680
can't time travel right but if you can

1113
00:42:59,270 --> 00:42:56,800

time travel then you can also teleport

1114

00:43:00,230 --> 00:42:59,280

and the same thing goes with dimensional

1115

00:43:02,390 --> 00:43:00,240

moving

1116

00:43:04,710 --> 00:43:02,400

if you can move dimensionally then you

1117

00:43:06,950 --> 00:43:04,720

can also time travel and you can also

1118

00:43:08,630 --> 00:43:06,960

teleport but i don't think you can get

1119

00:43:10,870 --> 00:43:08,640

to the last

1120

00:43:12,790 --> 00:43:10,880

dimensional shifting part with just

1121

00:43:14,710 --> 00:43:12,800

teleportation you may be like [h__\h] i'm

1122

00:43:16,710 --> 00:43:14,720

on to something hopefully one of these

1123

00:43:17,910 --> 00:43:16,720

days we'll be able to move dimensions

1124

00:43:19,829 --> 00:43:17,920

right

1125

00:43:22,150 --> 00:43:19,839

and it's not until you reach that final

1126
00:43:24,790 --> 00:43:22,160
step and then once you're able to travel

1127
00:43:26,470 --> 00:43:24,800
past dimensions like what's next dude

1128
00:43:28,550 --> 00:43:26,480
like when you get into like that fourth

1129
00:43:31,510 --> 00:43:28,560
fifth dimensional realm and you're able

1130
00:43:33,670 --> 00:43:31,520
to travel down and up through dimensions

1131
00:43:35,670 --> 00:43:33,680
like what's next

1132
00:43:36,710 --> 00:43:35,680
like where do you go whenever you're

1133
00:43:38,710 --> 00:43:36,720
already

1134
00:43:40,950 --> 00:43:38,720
one with the universe you are the

1135
00:43:43,109 --> 00:43:40,960
universe you are everything that has

1136
00:43:45,589 --> 00:43:43,119
ever been and ever will be you're

1137
00:43:47,589 --> 00:43:45,599
connected to all source and you can

1138
00:43:48,950 --> 00:43:47,599

travel through any dimension you'll want

1139

00:43:51,990 --> 00:43:48,960

to like

1140

00:43:53,750 --> 00:43:52,000

what next what next is that it

1141

00:43:56,790 --> 00:43:53,760

because there's no way that as a human

1142

00:43:59,589 --> 00:43:56,800

being our feeble minds can even concept

1143

00:44:01,990 --> 00:43:59,599

grasp the concept of what happens next

1144

00:44:02,870 --> 00:44:02,000

and and yet we think that like oh

1145

00:44:04,069 --> 00:44:02,880

dude

1146

00:44:08,470 --> 00:44:04,079

we're shifting

1147

00:44:10,710 --> 00:44:08,480

dimension like that's just the way it is

1148

00:44:15,030 --> 00:44:10,720

okay but when we get there that's not

1149

00:44:17,750 --> 00:44:15,040

all that there is probably right right

1150

00:44:20,309 --> 00:44:17,760

there's got to be like is there more

1151

00:44:23,190 --> 00:44:20,319

it makes me think like if there are

1152

00:44:24,710 --> 00:44:23,200

multiple species of alien with

1153

00:44:26,390 --> 00:44:24,720

with this technology maybe there's

1154

00:44:27,589 --> 00:44:26,400

different tiers like you're saying like

1155

00:44:29,109 --> 00:44:27,599

just because you have one of those

1156

00:44:30,950 --> 00:44:29,119

technologies doesn't mean you have the

1157

00:44:32,950 --> 00:44:30,960

other

1158

00:44:35,510 --> 00:44:32,960

but maybe there's a few or maybe just

1159

00:44:36,470 --> 00:44:35,520

one that have mastered all of them

1160

00:44:39,190 --> 00:44:36,480

you know

1161

00:44:40,710 --> 00:44:39,200

yeah totally and they're like they're

1162

00:44:42,150 --> 00:44:40,720

they're at a point in their their

1163

00:44:43,510 --> 00:44:42,160

evolution

1164

00:44:45,270 --> 00:44:43,520

maybe that's why it happens the way it

1165

00:44:47,510 --> 00:44:45,280

does like nobody's just given this stuff

1166

00:44:50,790 --> 00:44:47,520

in a short amount of time like it

1167

00:44:52,710 --> 00:44:50,800

you gotta be you gotta

1168

00:44:55,270 --> 00:44:52,720

come from where you come from if

1169

00:44:57,109 --> 00:44:55,280

i can i think any any being i guess

1170

00:45:00,470 --> 00:44:57,119

maybe starts out

1171

00:45:02,230 --> 00:45:00,480

fighting war famine stuff like that

1172

00:45:05,190 --> 00:45:02,240

and then the more technologically you

1173

00:45:07,270 --> 00:45:05,200

get the more chill you are

1174

00:45:08,870 --> 00:45:07,280

the more nice you get yeah so maybe

1175

00:45:11,910 --> 00:45:08,880

those beings that

1176

00:45:13,589 --> 00:45:11,920

have control all of

1177

00:45:15,829 --> 00:45:13,599

did you say there was three till it was

1178

00:45:17,750 --> 00:45:15,839

a teleportation time travel and

1179

00:45:19,829 --> 00:45:17,760

dimensional travel yeah so if you've

1180

00:45:21,190 --> 00:45:19,839

mastered all three of those

1181

00:45:23,829 --> 00:45:21,200

either you're searching for the next

1182

00:45:25,910 --> 00:45:23,839

thing or by that time like your species

1183

00:45:29,589 --> 00:45:25,920

is just like hey dude let's just hang

1184

00:45:31,670 --> 00:45:29,599

out and help other other civilizations

1185

00:45:36,230 --> 00:45:31,680

get to where they need to go

1186

00:45:42,230 --> 00:45:38,309

right yeah and then so that's where my

1187

00:45:43,510 --> 00:45:42,240

question of okay once we're all there

1188

00:45:45,430 --> 00:45:43,520

what next

1189

00:45:46,950 --> 00:45:45,440

we all just hang out in this

1190

00:45:48,630 --> 00:45:46,960

in this higher dimension together like

1191

00:45:51,030 --> 00:45:48,640

we're [h__\h] chilling and everything's

1192

00:45:52,550 --> 00:45:51,040

cool and we can't eat barbecue and like

1193

00:45:53,910 --> 00:45:52,560

[h__\h] have sex

1194

00:46:04,470 --> 00:45:53,920

like

1195

00:46:05,430 --> 00:46:04,480

we made it no you wouldn't be able to

1196

00:46:08,150 --> 00:46:05,440

talk

1197

00:46:09,430 --> 00:46:08,160

oh you're telepathically

1198

00:46:11,430 --> 00:46:09,440

like there'd be no jokes because

1199

00:46:12,829 --> 00:46:11,440

everybody knows the punchline

1200

00:46:15,270 --> 00:46:12,839

would

1201
00:46:16,390 --> 00:46:15,280
suck like guess what

1202
00:46:24,630 --> 00:46:16,400
i know i

1203
00:46:28,710 --> 00:46:26,470
[h__\h] [h__\h]

1204
00:46:31,829 --> 00:46:28,720
it's like i can do everything but i

1205
00:46:33,430 --> 00:46:31,839
can't do anything at the same time you

1206
00:46:36,150 --> 00:46:33,440
know how irritating that is to be able

1207
00:46:37,510 --> 00:46:36,160
to do anything but not be able to do

1208
00:46:39,109 --> 00:46:37,520
anything

1209
00:46:41,190 --> 00:46:39,119
that's kind of

1210
00:46:42,870 --> 00:46:41,200
that's the catch-22 right that's the

1211
00:46:44,150 --> 00:46:42,880
thing that's the feeling that i get from

1212
00:46:46,309 --> 00:46:44,160
a lot of people

1213
00:46:49,349 --> 00:46:46,319

yeah like it seems tight to be able to

1214

00:46:51,430 --> 00:46:49,359

like yeah like shift into like

1215

00:46:53,430 --> 00:46:51,440

somewhere

1216

00:46:55,589 --> 00:46:53,440

but like is that all you're doing is

1217

00:46:57,430 --> 00:46:55,599

just shifting and like helping people

1218

00:46:58,950 --> 00:46:57,440

and [h__h]

1219

00:47:01,030 --> 00:46:58,960

it's like i'm gonna shift here and go

1220

00:47:03,829 --> 00:47:01,040

help this dude

1221

00:47:05,670 --> 00:47:03,839

yeah i'll be right back

1222

00:47:07,270 --> 00:47:05,680

and like you're gone for like 150 years

1223

00:47:09,109 --> 00:47:07,280

but then you come back and you're like

1224

00:47:10,870 --> 00:47:09,119

it was a long day of work you know it

1225

00:47:13,670 --> 00:47:10,880

was like no biggie because it doesn't

1226

00:47:15,510 --> 00:47:13,680

exist man i don't know dude

1227

00:47:17,510 --> 00:47:15,520

i don't know

1228

00:47:19,990 --> 00:47:17,520

tammy says that's why we come to earth

1229

00:47:21,670 --> 00:47:20,000

for adventures and emotions and the

1230

00:47:24,069 --> 00:47:21,680

senses

1231

00:47:26,630 --> 00:47:24,079

then why do we need to ooh tammy you

1232

00:47:30,630 --> 00:47:26,640

just you just made me think of something

1233

00:47:32,309 --> 00:47:30,640

what if this is the final stage to where

1234

00:47:34,309 --> 00:47:32,319

like after you mastered all three

1235

00:47:35,910 --> 00:47:34,319

they're like what's next oh you could go

1236

00:47:38,870 --> 00:47:35,920

be a human

1237

00:47:41,270 --> 00:47:38,880

that's [h__\h] terrifying yeah

1238

00:47:42,870 --> 00:47:41,280

yeah you could be a human in like in the

1239

00:47:45,190 --> 00:47:42,880

year 2020

1240

00:47:47,510 --> 00:47:45,200

that'd be cool right

1241

00:47:49,349 --> 00:47:47,520

oh my god and since time and space don't

1242

00:47:50,150 --> 00:47:49,359

exist to those

1243

00:48:00,790 --> 00:47:50,160

the

1244

00:48:03,670 --> 00:48:00,800

it look at rings of something i like it

1245

00:48:05,190 --> 00:48:03,680

the sense what time funyuns

1246

00:48:06,470 --> 00:48:05,200

maybe maybe they're like this is like

1247

00:48:08,790 --> 00:48:06,480

the next thing

1248

00:48:10,630 --> 00:48:08,800

where they they just re incarnate into

1249

00:48:11,589 --> 00:48:10,640

a human at different

1250

00:48:14,309 --> 00:48:11,599

points

1251

00:48:17,190 --> 00:48:14,319

this is just like the uh uh

1252

00:48:19,349 --> 00:48:17,200

it's it's like the universal playground

1253

00:48:21,670 --> 00:48:19,359

people just come here to give it a shot

1254

00:48:24,150 --> 00:48:21,680

yeah like it's hard you could you could

1255

00:48:25,109 --> 00:48:24,160

come back to 1987.

1256

00:48:26,390 --> 00:48:25,119

damn

1257

00:48:27,430 --> 00:48:26,400

that would be tight that's when i was

1258

00:48:33,190 --> 00:48:27,440

born

1259

00:48:34,309 --> 00:48:33,200

rejoiced they were all like

1260

00:48:36,630 --> 00:48:34,319

yeah yay

1261

00:48:38,630 --> 00:48:36,640

did they they did that

1262

00:48:40,710 --> 00:48:38,640

on the day i was born dude all the

1263

00:48:43,190 --> 00:48:40,720

nurses gathered around

1264

00:48:44,870 --> 00:48:43,200

gazed the wide wonder and they yeah what

1265

00:48:45,829 --> 00:48:44,880

they had found

1266

00:48:47,910 --> 00:48:45,839

yeah

1267

00:48:49,510 --> 00:48:47,920

that nurse spoke up and said leave this

1268

00:48:50,710 --> 00:48:49,520

one i won't alone

1269

00:48:52,230 --> 00:48:50,720

you know she could tell right away that

1270

00:48:56,110 --> 00:48:52,240

i was bad to the bone

1271

00:48:59,349 --> 00:48:57,990

[Music]

1272

00:49:04,230 --> 00:48:59,359

back to the ball

1273

00:49:09,349 --> 00:49:07,349

were there three wise men at your birth

1274

00:49:12,870 --> 00:49:09,359

no there was three not smart guys at my

1275

00:49:18,470 --> 00:49:15,030

well like these guys wise men we're like

1276

00:49:20,549 --> 00:49:18,480

why is asses my asses come on back after

1277

00:49:22,790 --> 00:49:20,559

you these guys are dumb as [h__h] come on

1278

00:49:25,990 --> 00:49:22,800

over here look at this look at this baby

1279

00:49:28,630 --> 00:49:26,000

over here so hairy oh my god yeah

1280

00:49:30,630 --> 00:49:28,640

oh yeah well dude uh that's gonna be it

1281

00:49:32,230 --> 00:49:30,640

for me on my time travel questions we've

1282

00:49:35,030 --> 00:49:32,240

got a few more maybe we'll get into them

1283

00:49:37,349 --> 00:49:35,040

on thursday with smiles smiles is coming

1284

00:49:39,109 --> 00:49:37,359

on thursday freaking stoked can't wait

1285

00:49:40,470 --> 00:49:39,119

to talk to that dude it's gonna be epic

1286

00:49:42,309 --> 00:49:40,480

he's gonna tell us all about anomaly

1287

00:49:44,309 --> 00:49:42,319

archives and what he's been up to lately

1288

00:49:47,030 --> 00:49:44,319

dude's been pretty busy so i can't wait

1289

00:49:49,030 --> 00:49:47,040

to get into it smiles and anomaly

1290

00:49:52,069 --> 00:49:49,040

archives is also the people that we're

1291

00:49:54,790 --> 00:49:52,079

donating to this quarter so you guys

1292

00:49:56,790 --> 00:49:54,800

you listen up now okay you listen up

1293

00:49:58,950 --> 00:49:56,800

here because you know when you go to the

1294

00:50:00,710 --> 00:49:58,960

website anytime you purchase a t-shirt

1295

00:50:01,670 --> 00:50:00,720

or you throw in a super chat anything

1296

00:50:04,549 --> 00:50:01,680

like that

1297

00:50:06,309 --> 00:50:04,559

20 of it all gets donated to anomaly

1298

00:50:08,230 --> 00:50:06,319

archives this quarter so we're trying to

1299

00:50:11,190 --> 00:50:08,240

help them find a new home trying to help

1300

00:50:13,990 --> 00:50:11,200

them open back up um ben and i went

1301

00:50:16,150 --> 00:50:14,000

wanted it made such a impact

1302

00:50:18,230 --> 00:50:16,160

on us dude the impression that like we

1303

1356

00:52:37,270 --> 00:52:35,359

at all oh that's right because he was

1357

00:52:38,630 --> 00:52:37,280

like hey guys probably not a good time

1358

00:52:41,030 --> 00:52:38,640

to come

1359

00:52:43,190 --> 00:52:41,040

yeah and we didn't get the message until

1360

00:52:44,829 --> 00:52:43,200

after we showed up with microphones and

1361

00:52:47,109 --> 00:52:44,839

cameras it was like let's do an

1362

00:52:49,270 --> 00:52:47,119

interview he was so nice to take us

1363

00:52:50,630 --> 00:52:49,280

around and then we got home and we like

1364

00:52:52,230 --> 00:52:50,640

looked at the messages and he was like

1365

00:52:53,990 --> 00:52:52,240

no i don't think i can do it today

1366

00:52:56,380 --> 00:52:54,000

fellas maybe let's pick another time

1367

00:52:57,750 --> 00:52:56,390

we're like oh we're such [h__\h]

1368

00:52:59,349 --> 00:52:57,760

[Laughter]

1369

00:53:02,470 --> 00:52:59,359

to him it probably seemed like oh yeah

1370

00:53:03,510 --> 00:53:02,480

[h__\h] it let's just go we'll be fine

1371

00:53:05,510 --> 00:53:03,520

yes

1372

00:53:08,390 --> 00:53:05,520

uh anyways thursday's gonna be exciting

1373

00:53:09,910 --> 00:53:08,400

man so yeah y'all coming uh and check it

1374

00:53:11,109 --> 00:53:09,920

out yeah

1375

00:53:13,349 --> 00:53:11,119

yeah yeah

1376

00:53:16,790 --> 00:53:13,359

that's it for me man anything uh from

1377

00:53:20,230 --> 00:53:16,800

you um well hopefully i'll be uh better

1378

00:53:21,109 --> 00:53:20,240

on thursday i am uh you know i i went to

1379

00:53:23,030 --> 00:53:21,119

the

1380

00:53:25,109 --> 00:53:23,040

oh i was sick all weekend

1381

00:53:26,630 --> 00:53:25,119

and uh i was at a bachelor buddies

1382

00:53:29,750 --> 00:53:26,640

bachelor party and i've been wanting

1383

00:53:31,589 --> 00:53:29,760

some red wine so bad so hopefully

1384

00:53:33,670 --> 00:53:31,599

i can have a little bit of red wine

1385

00:53:36,150 --> 00:53:33,680

nice little silly goose juice maybe you

1386

00:53:37,670 --> 00:53:36,160

and i can have a couple giggles

1387

00:53:41,430 --> 00:53:37,680

i'm down some laughs and talk about

1388

00:53:44,230 --> 00:53:41,440

yellows and islands i'm down

1389

00:53:46,069 --> 00:53:44,240

uh smile says he won't be able to stay

1390

00:53:47,349 --> 00:53:46,079

for the full three hours

1391

00:53:49,109 --> 00:53:47,359

but uh

1392

00:53:51,349 --> 00:53:49,119

let's uh

1393

00:53:53,670 --> 00:53:51,359

let's just let time run away from us to

1394

00:53:54,710 --> 00:53:53,680

where we end up being on for three hours

1395

00:53:56,790 --> 00:53:54,720

anyways

1396

00:53:58,630 --> 00:53:56,800

right i love that

1397

00:54:00,390 --> 00:53:58,640

no we'll see how long he can stay on so

1398

00:54:02,230 --> 00:54:00,400

we can get some like some some some

1399

00:54:04,069 --> 00:54:02,240

pretty good questions out

1400

00:54:06,470 --> 00:54:04,079

um within the the time limit that we

1401
00:54:07,990 --> 00:54:06,480
have with him so i'm stoked so all right

1402
00:54:11,170 --> 00:54:08,000
guys well

1403
00:54:12,470 --> 00:54:11,180
that's uh that's it for me

1404
00:54:14,710 --> 00:54:12,480
[Music]

1405
00:54:16,630 --> 00:54:14,720
i think uh i think that's the end

1406
00:54:18,710 --> 00:54:16,640
that's what that sound means here it

1407
00:54:21,829 --> 00:54:18,720
goes

1408
00:54:21,839 --> 00:54:27,140
that's right it was another episode

1409
00:54:30,870 --> 00:54:28,390
[Music]

1410
00:54:38,810 --> 00:54:30,880
we're gonna see you all on thursday

1411
00:54:45,300 --> 00:54:43,589
[Music]
