149

00:06:10,950 --> 00:06:04,479

151  
00:06:15,350 --> 00:06:13,600  
hell yeah dude so i'll never tell the

152  
00:06:18,390 --> 00:06:15,360  
other night i'm sitting here i'm

153  
00:06:21,830 --> 00:06:18,400  
chilling right and ben's like yo check

154  
00:06:24,710 --> 00:06:21,840  
this out um i found this dude

155  
00:06:25,670 --> 00:06:24,720  
and i opened it up i peeped it for a

156  
00:06:27,990 --> 00:06:25,680  
second

157  
00:06:29,909 --> 00:06:28,000  
and the name you know i was looking at

158  
00:06:33,749 --> 00:06:29,919  
and i was like hey

159  
00:06:34,950 --> 00:06:33,759  
his fez is familiar falls

160  
00:06:36,150 --> 00:06:34,960  
but i don't really know nothing about

161  
00:06:38,870 --> 00:06:36,160  
it's like it's like a name that you

162  
00:06:40,469 --> 00:06:38,880  
probably heard around and it was like it

163  
00:06:43,270 --> 00:06:40,479

rang a bell but it was like i don't know

164

00:06:46,070 --> 00:06:43,280

anything about this yeah anyways

165

00:06:49,350 --> 00:06:46,080

so pin sends me this this this uh alex

166

00:06:51,749 --> 00:06:49,360

collier dude and like he starts talking

167

00:06:54,150 --> 00:06:51,759

about like the history of like

168

00:06:55,990 --> 00:06:54,160

like the andromedans and like all kinds

169

00:06:58,309 --> 00:06:56,000

of crazy [h\_\_h] like where all this stuff

170

00:07:01,029 --> 00:06:58,319

is coming from and all these like et

171

00:07:04,950 --> 00:07:01,039

paces and stuff and we were like dude

172

00:07:06,950 --> 00:07:04,960

that [h\_\_h] reminds me of like episode one

173

00:07:09,270 --> 00:07:06,960

yes let's talk about it because it's

174

00:07:10,710 --> 00:07:09,280

gonna be freaking awesome

175

00:07:13,749 --> 00:07:10,720

i mean like dude

176

00:07:15,670 --> 00:07:13,759

i love the i miss the days when we just

177

00:07:17,589 --> 00:07:15,680

didn't know anything i mean not saying

178

00:07:21,270 --> 00:07:17,599

we know no no but like we know more

179

00:07:23,270 --> 00:07:21,280

stories and like certain people's uh

180

00:07:26,150 --> 00:07:23,280

stories that were famous are have been

181

00:07:28,230 --> 00:07:26,160

debunked since and dude honestly alex

182

00:07:29,430 --> 00:07:28,240

collier's story may be already debunked

183

00:07:31,510 --> 00:07:29,440

if we just don't know about it but it's

184

00:07:34,950 --> 00:07:31,520

a [h\_\_h] story

185

00:07:37,029 --> 00:07:34,960

uh but yeah the it starts out with uh

186

00:07:39,110 --> 00:07:37,039

well the first video i saw he's on on

187

00:07:41,749 --> 00:07:39,120

stage saying that

188

00:07:43,589 --> 00:07:41,759

uh the uh i want to do this every time

189

00:07:45,670 --> 00:07:43,599

not the pleiadians the

190

00:07:48,790 --> 00:07:45,680

yeah drama dione thank you i'm going to

191

00:07:51,270 --> 00:07:48,800

write this in large letters andromedans

192

00:07:54,390 --> 00:07:51,280

oh i've got in my nose uh andromedans

193

00:07:55,830 --> 00:07:54,400

contacted him years ago and he said he's

194

00:07:58,390 --> 00:07:55,840

not this is what i liked about it

195

00:08:01,270 --> 00:07:58,400

because he said i'm not the only one you

196

00:08:03,029 --> 00:08:01,280

know a lot of people in in ufology that

197

00:08:04,390 --> 00:08:03,039

come out with it with a really fantastic

198

00:08:06,150 --> 00:08:04,400

story they're saying like well i'm the

199

00:08:07,430 --> 00:08:06,160

only one that they talk to and like i'm

200

00:08:09,909 --> 00:08:07,440

cool [h\_\_\h]

201  
00:08:14,230 --> 00:08:09,919  
yeah i'm the coolest guy you got me

202  
00:08:16,710 --> 00:08:14,240  
gotta save the butterflies i mean

203  
00:08:18,790 --> 00:08:16,720  
you do it's a good idea

204  
00:08:21,430 --> 00:08:18,800  
you don't have to is that how you is

205  
00:08:23,749 --> 00:08:21,440  
that how we're gonna break into the the

206  
00:08:24,790 --> 00:08:23,759  
the speaking scene

207  
00:08:27,189 --> 00:08:24,800  
we have a

208  
00:08:28,629 --> 00:08:27,199  
a session on but saving the butterflies

209  
00:08:30,390 --> 00:08:28,639  
we're gonna we're gonna save the butter

210  
00:08:33,029 --> 00:08:30,400  
tonight we're gonna talk about saving

211  
00:08:35,110 --> 00:08:33,039  
the butterflies ladies and gentlemen

212  
00:08:37,029 --> 00:08:35,120  
thanks for showing up to our talk look

213  
00:08:38,310 --> 00:08:37,039

under your seats

214

00:08:41,990 --> 00:08:38,320

and you will see

215

00:08:43,909 --> 00:08:42,000

a real butterfly taped to the bottom

216

00:08:45,670 --> 00:08:43,919

we're trying to save butterflies it was

217

00:08:47,269 --> 00:08:45,680

just we just murdered like a thousand

218

00:08:49,990 --> 00:08:47,279

butterflies to tape into the bottom of

219

00:08:52,949 --> 00:08:50,000

people's chairs and they're like yeah

220

00:08:57,350 --> 00:08:56,389

it is we did okay it was humane

221

00:08:58,949 --> 00:08:57,360

it's like

222

00:09:01,829 --> 00:08:58,959

we ladies and gentlemen tonight is so

223

00:09:03,910 --> 00:09:01,839

special we found a thousand of the most

224

00:09:05,269 --> 00:09:03,920

endangered species of butterfly and we

225

00:09:07,030 --> 00:09:05,279

have taped one to the bottom of

226

00:09:08,630 --> 00:09:07,040

everyone's chair tonight let's give us a

227

00:09:11,910 --> 00:09:08,640

round of applause and everyone's like

228

00:09:14,150 --> 00:09:11,920

yeah we got a danger rare species

229

00:09:16,150 --> 00:09:14,160

butterfly thank you very much thank you

230

00:09:17,350 --> 00:09:16,160

very much good evening could you hear

231

00:09:19,350 --> 00:09:17,360

the could you hear the applause that

232

00:09:20,829 --> 00:09:19,360

time when i did it yeah okay cool

233

00:09:22,550 --> 00:09:20,839

because i changed a little

234

00:09:24,150 --> 00:09:22,560

setting yeah

235

00:09:25,829 --> 00:09:24,160

i mean the idea is like yeah we saved

236

00:09:28,470 --> 00:09:25,839

the butterflies but like we saved them

237

00:09:30,630 --> 00:09:28,480

for later for the show we did find them

238

00:09:33,509 --> 00:09:30,640

and we saved them we saved them for

239

00:09:37,910 --> 00:09:35,430

yes dude but yeah what i appreciate is

240

00:09:41,190 --> 00:09:37,920

that he he says i'm not the only one

241

00:09:44,550 --> 00:09:41,200

that says this that that the andromedans

242

00:09:47,430 --> 00:09:44,560

andromedas andromedans have contacted

243

00:09:48,710 --> 00:09:47,440

um he says i i've talked to other

244

00:09:50,389 --> 00:09:48,720

contactees that have talked to these

245

00:09:51,590 --> 00:09:50,399

people then we we all agree on a lot of

246

00:09:52,550 --> 00:09:51,600

the stuff there's some things that are

247

00:09:55,350 --> 00:09:52,560

different

248

00:09:57,269 --> 00:09:55,360

and a lot of the same stuff but uh

249

00:09:59,110 --> 00:09:57,279

what this partic particular video i'm

250

00:10:01,829 --> 00:09:59,120

talking about is is the

251  
00:10:03,829 --> 00:10:01,839  
the history the ancient history of earth

252  
00:10:04,710 --> 00:10:03,839  
in our galaxy our solar system and all

253  
00:10:06,949 --> 00:10:04,720  
that

254  
00:10:08,310 --> 00:10:06,959  
but he starts out with

255  
00:10:09,509 --> 00:10:08,320  
um

256  
00:10:12,389 --> 00:10:09,519  
with the uh

257  
00:10:14,949 --> 00:10:12,399  
with the idea that these andromeda

258  
00:10:17,509 --> 00:10:14,959  
entities are from the andromeda galaxy

259  
00:10:21,030 --> 00:10:17,519  
and they've been they've been like uh

260  
00:10:23,750 --> 00:10:21,040  
advanced civilization for like 40 000

261  
00:10:25,190 --> 00:10:23,760  
years or something like that yeah was

262  
00:10:27,430 --> 00:10:25,200  
that was that the correct number because

263  
00:10:29,509 --> 00:10:27,440

i kept back i kept running it back and

264

00:10:31,269 --> 00:10:29,519

some in one part he said millions of

265

00:10:33,509 --> 00:10:31,279

years old and then another he said 40

266

00:10:35,670 --> 00:10:33,519

000 years old it might be 40 million

267

00:10:38,630 --> 00:10:35,680

because i think prior to that he says

268

00:10:41,190 --> 00:10:38,640

that there's uh uh the the ancient like

269

00:10:43,509 --> 00:10:41,200

the builder race that came through

270

00:10:45,829 --> 00:10:43,519

and kind of founders the founders that's

271

00:10:47,750 --> 00:10:45,839

what it was yeah and then like they were

272

00:10:50,470 --> 00:10:47,760

just now they're just kind of like

273

00:10:52,470 --> 00:10:50,480

watching over [h\_\_h] right you know like

274

00:10:55,190 --> 00:10:52,480

it's like they don't really care but

275

00:10:57,030 --> 00:10:55,200

like they need like us to like take care

276  
00:10:59,110 --> 00:10:57,040  
of our [h\_\_h] so like things don't get out

277  
00:11:01,110 --> 00:10:59,120  
of hand so they're like hey i'm trying

278  
00:11:04,310 --> 00:11:01,120  
not to like interfere but could you

279  
00:11:06,630 --> 00:11:04,320  
[h\_\_h] wake up over there yeah

280  
00:11:09,670 --> 00:11:06,640  
so what i remember is that the the uh

281  
00:11:10,870 --> 00:11:09,680  
the founders were the species or

282  
00:11:12,790 --> 00:11:10,880  
entities

283  
00:11:14,630 --> 00:11:12,800  
it doesn't really say that they're the

284  
00:11:18,310 --> 00:11:14,640  
the founders were uh like

285  
00:11:20,470 --> 00:11:18,320  
extraterrestrials but but this race that

286  
00:11:22,069 --> 00:11:20,480  
that built our galaxy

287  
00:11:24,310 --> 00:11:22,079  
to where it is and like what had the

288  
00:11:24,949 --> 00:11:24,320

ability to move planets and moons around

289

00:11:27,030 --> 00:11:24,959

and

290

00:11:30,069 --> 00:11:27,040

these little uh machines like these tiny

291

00:11:31,030 --> 00:11:30,079

machines could manipulate matter and

292

00:11:34,710 --> 00:11:31,040

that's

293

00:11:36,550 --> 00:11:34,720

what built uh like our our earth and our

294

00:11:38,949 --> 00:11:36,560

our solar system and it moved the earth

295

00:11:41,670 --> 00:11:38,959

into place and like perfectly like

296

00:11:43,110 --> 00:11:41,680

kind of set it up exactly to uh to to

297

00:11:44,150 --> 00:11:43,120

form life

298

00:11:46,870 --> 00:11:44,160

yeah

299

00:11:49,990 --> 00:11:46,880

is it was an art wasn't our moon like a

300

00:11:52,470 --> 00:11:50,000

moon from another solar system that was

301  
00:11:55,350 --> 00:11:52,480  
basically had like 21 planets in it and

302  
00:11:57,430 --> 00:11:55,360  
they took it from like the 18th planet

303  
00:11:59,430 --> 00:11:57,440  
it was the fourth moon of like the 18th

304  
00:12:01,509 --> 00:11:59,440  
planet and they brought it over here it

305  
00:12:02,310 --> 00:12:01,519  
was like an outpost

306  
00:12:03,750 --> 00:12:02,320  
dude

307  
00:12:05,509 --> 00:12:03,760  
that wasn't in the video i watched that

308  
00:12:07,990 --> 00:12:05,519  
is awesome though but i do remember he

309  
00:12:10,629 --> 00:12:08,000  
said that that um

310  
00:12:13,430 --> 00:12:10,639  
the andromedans or or other a lot of

311  
00:12:15,190 --> 00:12:13,440  
species do use moons hollowed out moons

312  
00:12:18,150 --> 00:12:15,200  
as spaceships like we were talking about

313  
00:12:20,230 --> 00:12:18,160

last week yeah but they hollowed out

314

00:12:22,310 --> 00:12:20,240

they hollowed out the moon and brought

315

00:12:24,389 --> 00:12:22,320

this biosphere and all these plants and

316

00:12:26,470 --> 00:12:24,399

animals with them to earth like 40

317

00:12:29,430 --> 00:12:26,480

million years ago right when like the

318

00:12:31,670 --> 00:12:29,440

explosion of the mammals and the uh the

319

00:12:32,629 --> 00:12:31,680

plants that were more uh complex than

320

00:12:34,230 --> 00:12:32,639

algae

321

00:12:35,990 --> 00:12:34,240

so like that's the date like that's like

322

00:12:37,190 --> 00:12:36,000

right around where the dinosaurs started

323

00:12:39,750 --> 00:12:37,200

showing up

324

00:12:41,509 --> 00:12:39,760

so i guess um so what do you what do you

325

00:12:44,310 --> 00:12:41,519

remember about the first species that

326  
00:12:46,069 --> 00:12:44,320  
they talk about that that drove the moon

327  
00:12:48,550 --> 00:12:46,079  
and parked it like an rv

328  
00:12:50,710 --> 00:12:48,560  
i don't really remember i forget which

329  
00:12:53,829 --> 00:12:50,720  
i can't remember if it was like the

330  
00:12:57,030 --> 00:12:53,839  
the the founders or s

331  
00:13:00,629 --> 00:12:57,040  
so the the idea was that like our planet

332  
00:13:03,509 --> 00:13:00,639  
has been uh has been colonized by 22

333  
00:13:05,910 --> 00:13:03,519  
different species at some point of its

334  
00:13:08,069 --> 00:13:05,920  
of its you know its existence and so

335  
00:13:09,350 --> 00:13:08,079  
that moon was actually brought here by

336  
00:13:13,030 --> 00:13:09,360  
one of them

337  
00:13:15,670 --> 00:13:13,040  
as like a sort of outpost type deal

338  
00:13:18,870 --> 00:13:15,680

and then he goes into like how the human

339

00:13:22,230 --> 00:13:18,880

beings like human species you know are

340

00:13:24,310 --> 00:13:22,240

actually from the the the lyrium star

341

00:13:26,710 --> 00:13:24,320

system like people don't realize that

342

00:13:28,389 --> 00:13:26,720

there's like multiple species in the

343

00:13:31,269 --> 00:13:28,399

lyrium system and a lot of them were

344

00:13:34,069 --> 00:13:31,279

humanoid species and depending on where

345

00:13:36,150 --> 00:13:34,079

they had to bolt out and go to kind of

346

00:13:38,069 --> 00:13:36,160

depended on like what their physical

347

00:13:39,750 --> 00:13:38,079

features look like because of what stars

348

00:13:42,389 --> 00:13:39,760

that they settled around and things like

349

00:13:43,670 --> 00:13:42,399

that so we're all very closely related

350

00:13:45,350 --> 00:13:43,680

but if we were to see each other we

351

00:13:47,590 --> 00:13:45,360

would think that we were aliens but

352

00:13:49,430 --> 00:13:47,600

little do we know we all come from like

353

00:13:52,069 --> 00:13:49,440

a like a a

354

00:13:54,310 --> 00:13:52,079

specific star system like we all come

355

00:13:57,829 --> 00:13:54,320

from different areas but there was like

356

00:14:00,949 --> 00:13:57,839

the 600 it was a 600 000 year war

357

00:14:02,710 --> 00:14:00,959

um uh when the alpha draconians uh

358

00:14:04,949 --> 00:14:02,720

started you know causing a bunch of

359

00:14:07,189 --> 00:14:04,959

ruckus in the in the galaxy so everybody

360

00:14:08,710 --> 00:14:07,199

had to split oh

361

00:14:10,389 --> 00:14:08,720

good i don't i don't think this was in

362

00:14:12,710 --> 00:14:10,399

the video i watched okay so he talks

363

00:14:15,350 --> 00:14:12,720

about how like the beginning of all this

364

00:14:19,350 --> 00:14:15,360

[h\_\_h] started and like how if we look at

365

00:14:22,230 --> 00:14:19,360

at black holes so he was saying that the

366

00:14:24,870 --> 00:14:22,240

oh [h\_\_h] there's so much to this okay

367

00:14:26,870 --> 00:14:24,880

so he was basically talking about how

368

00:14:29,509 --> 00:14:26,880

the reptilians the alpha draconians

369

00:14:31,670 --> 00:14:29,519

there's different species of them how

370

00:14:33,350 --> 00:14:31,680

like some have like the long tails with

371

00:14:36,150 --> 00:14:33,360

the big wings and those are considered

372

00:14:37,509 --> 00:14:36,160

like the royalty of the reptilians and

373

00:14:39,829 --> 00:14:37,519

then you have some that have like the

374

00:14:42,150 --> 00:14:39,839

shorter stubbier tails and those are

375

00:14:43,430 --> 00:14:42,160

like the warriors and he's basically

376

00:14:45,910 --> 00:14:43,440

like look dude they have like the

377

00:14:47,750 --> 00:14:45,920

strength of like 18 20 men you just

378

00:14:49,590 --> 00:14:47,760

don't [\h\_\_\h] with them like

379

00:14:50,870 --> 00:14:49,600

we've been told if you ever see one just

380

00:14:53,030 --> 00:14:50,880

stay away they're kind of like the

381

00:14:54,470 --> 00:14:53,040

bullies of the galaxy and he was like

382

00:14:57,030 --> 00:14:54,480

they were actually

383

00:14:59,189 --> 00:14:57,040

put here they were put in that star

384

00:15:01,670 --> 00:14:59,199

system um because it was the most

385

00:15:05,030 --> 00:15:01,680

habitable for them and they think that

386

00:15:08,069 --> 00:15:05,040

what happened was the the the

387

00:15:10,389 --> 00:15:08,079

alpha draconian line doesn't even know

388

00:15:11,990 --> 00:15:10,399

its own history the furthest back that

389

00:15:14,230 --> 00:15:12,000

they could trace it is that they were

390

00:15:16,069 --> 00:15:14,240

brought here from another

391

00:15:17,750 --> 00:15:16,079

universe they were brought here from

392

00:15:19,829 --> 00:15:17,760

another universe because they were

393

00:15:22,230 --> 00:15:19,839

causing a bunch of of ruckus where they

394

00:15:23,750 --> 00:15:22,240

were originally from skilled eggs yeah

395

00:15:26,949 --> 00:15:23,760

they rounded them up and they dropped

396

00:15:29,350 --> 00:15:26,959

them off at the star system and so they

397

00:15:31,269 --> 00:15:29,360

just kind of had to create technology

398

00:15:33,030 --> 00:15:31,279

they had to you know learn how to go to

399

00:15:35,350 --> 00:15:33,040

space they did all this stuff and then

400

00:15:37,829 --> 00:15:35,360

they started causing problems for people

401  
00:15:39,990 --> 00:15:37,839  
well since they are the big bullies of

402  
00:15:41,990 --> 00:15:40,000  
the galaxy nobody can really do anything

403  
00:15:43,910 --> 00:15:42,000  
about it you know so most of the time

404  
00:15:45,030 --> 00:15:43,920  
people just avoid it and try not to get

405  
00:15:46,870 --> 00:15:45,040  
in their way

406  
00:15:49,350 --> 00:15:46,880  
and so

407  
00:15:53,110 --> 00:15:49,360  
the andromedans might think that the

408  
00:15:56,310 --> 00:15:53,120  
best way to get rid of the reptilians is

409  
00:16:00,230 --> 00:15:56,320  
that when you're super negative or like

410  
00:16:02,949 --> 00:16:00,240  
space in general when it's a void

411  
00:16:05,910 --> 00:16:02,959  
like the negativity creates a pocket in

412  
00:16:07,829 --> 00:16:05,920  
this pocket it starts to bend space and

413  
00:16:09,509 --> 00:16:07,839

time with like light and [h\_\_\h] and so he

414

00:16:11,430 --> 00:16:09,519

was basically describing what a black

415

00:16:13,590 --> 00:16:11,440

hole is and he was like in every

416

00:16:15,749 --> 00:16:13,600

universe like there's all these black

417

00:16:18,470 --> 00:16:15,759

holes and black holes eventually suck up

418

00:16:19,749 --> 00:16:18,480

enough mass to where this sack gets so

419

00:16:22,069 --> 00:16:19,759

big

420

00:16:24,150 --> 00:16:22,079

what happens it explodes and it creates

421

00:16:27,110 --> 00:16:24,160

a whole other universe so all the black

422

00:16:29,910 --> 00:16:27,120

holes that we see in our universe are

423

00:16:31,590 --> 00:16:29,920

actually like tunnels to other universes

424

00:16:33,430 --> 00:16:31,600

that exist and if we could like just

425

00:16:35,590 --> 00:16:33,440

figure out how to go through

426

00:16:37,509 --> 00:16:35,600

we could get to them so that's how the

427

00:16:40,470 --> 00:16:37,519

draconians were brought here they were

428

00:16:43,110 --> 00:16:40,480

brought here dropped off now it gets

429

00:16:44,710 --> 00:16:43,120

crazy okay we'll we'll stop there yeah

430

00:16:45,990 --> 00:16:44,720

more into them let's let's dive in

431

00:16:47,430 --> 00:16:46,000

because you said a lot i want to dive in

432

00:16:51,030 --> 00:16:47,440

a couple of things so first thing was

433

00:16:53,590 --> 00:16:51,040

the uh the reptilian uh race uh of of

434

00:16:55,749 --> 00:16:53,600

aliens from a different uh universe

435

00:16:57,749 --> 00:16:55,759

right yeah so

436

00:17:01,110 --> 00:16:57,759

he said the one i think he said the

437

00:17:03,430 --> 00:17:01,120

first uh inhabitants like intelligent

438

00:17:04,549 --> 00:17:03,440

inhabitants of earth was a draconian

439

00:17:05,510 --> 00:17:04,559

species

440

00:17:07,669 --> 00:17:05,520

who

441

00:17:10,150 --> 00:17:07,679

created like they got here from a moon

442

00:17:11,909 --> 00:17:10,160

or the moon i'm not sure if that's right

443

00:17:13,669 --> 00:17:11,919

but they brought with them this

444

00:17:15,110 --> 00:17:13,679

biosphere of plants and animals and

445

00:17:16,470 --> 00:17:15,120

stuff to populate this earth they're

446

00:17:18,549 --> 00:17:16,480

like oh sweet

447

00:17:19,909 --> 00:17:18,559

land for grabs let's do this

448

00:17:22,150 --> 00:17:19,919

and they got there first so they were

449

00:17:24,230 --> 00:17:22,160

assigned to the earth i think maybe but

450

00:17:27,189 --> 00:17:24,240

they they started out underground and

451  
00:17:30,230 --> 00:17:27,199  
they made this biosphere underground

452  
00:17:31,990 --> 00:17:30,240  
until the uh surface was terraformed so

453  
00:17:34,150 --> 00:17:32,000  
that they could live on the surface yeah

454  
00:17:36,549 --> 00:17:34,160  
which makes me think like damn who like

455  
00:17:37,789 --> 00:17:36,559  
what are the oldest living like moving

456  
00:17:40,710 --> 00:17:37,799  
things our

457  
00:17:43,909 --> 00:17:40,720  
dinosaurs do yeah man and they say that

458  
00:17:45,110 --> 00:17:43,919  
they're about like 100 to 200 miles down

459  
00:17:49,270 --> 00:17:45,120  
yeah

460  
00:17:50,870 --> 00:17:49,280  
that's where they live which is weird

461  
00:17:52,549 --> 00:17:50,880  
right because then we get to talking

462  
00:17:54,950 --> 00:17:52,559  
about how like

463  
00:17:56,470 --> 00:17:54,960

aliens would hollow out these moons and

464

00:17:59,270 --> 00:17:56,480

[\h\_\_\h] and planets and they would just

465

00:18:00,950 --> 00:17:59,280

move them around like that's a thing

466

00:18:02,310 --> 00:18:00,960

you know and you know how last week we

467

00:18:04,230 --> 00:18:02,320

were talking about how like what if

468

00:18:06,549 --> 00:18:04,240

aliens just got smart enough and decided

469

00:18:08,710 --> 00:18:06,559

hmm a planet is like the most efficient

470

00:18:11,350 --> 00:18:08,720

way to just get around the galaxy dude

471

00:18:13,350 --> 00:18:11,360

it is crazy how much stuff that we were

472

00:18:15,990 --> 00:18:13,360

talking about last week

473

00:18:18,630 --> 00:18:16,000

this is showing up it's it's like it's

474

00:18:19,750 --> 00:18:18,640

like we [\h\_\_\h] predicted what it's not

475

00:18:21,750 --> 00:18:19,760

like we came up with this stuff

476

00:18:23,350 --> 00:18:21,760

ourselves but like we were somehow

477

00:18:25,029 --> 00:18:23,360

tuning in to

478

00:18:26,630 --> 00:18:25,039

i don't know dude like

479

00:18:29,190 --> 00:18:26,640

how do you know that this guy this guy

480

00:18:30,710 --> 00:18:29,200

was saying the exact same stuff i just i

481

00:18:31,830 --> 00:18:30,720

just heard about i mean i watched a

482

00:18:33,270 --> 00:18:31,840

little bit of the video but i didn't

483

00:18:34,789 --> 00:18:33,280

watch anything about the moon or

484

00:18:36,230 --> 00:18:34,799

anything like that so i didn't know

485

00:18:37,430 --> 00:18:36,240

until today like i told you earlier i

486

00:18:41,510 --> 00:18:37,440

only watched like five minutes of the

487

00:18:43,430 --> 00:18:41,520

video yeah but you're doing crazy so

488

00:18:45,270 --> 00:18:43,440

that there's a lot of stuff to unpack

489

00:18:48,070 --> 00:18:45,280

there too like within that there's the

490

00:18:51,029 --> 00:18:48,080

inner earth thing there's uh admirable

491

00:18:52,549 --> 00:18:51,039

admiral byrd who says he flew across

492

00:18:54,470 --> 00:18:52,559

antarctica and

493

00:18:57,270 --> 00:18:54,480

was

494

00:18:58,470 --> 00:18:57,280

taxied into this hollow earth and like

495

00:19:01,750 --> 00:18:58,480

flew over

496

00:19:03,750 --> 00:19:01,760

uh this green lush environment and then

497

00:19:06,150 --> 00:19:03,760

talked about how these entities that he

498

00:19:09,029 --> 00:19:06,160

encountered could zip uh from one pole

499

00:19:10,230 --> 00:19:09,039

to the next in in a matter of seconds

500

00:19:11,430 --> 00:19:10,240

dude

501  
00:19:13,430 --> 00:19:11,440  
and there could be there could be

502  
00:19:15,350 --> 00:19:13,440  
multiple species here

503  
00:19:18,310 --> 00:19:15,360  
right now we just wouldn't know it it's

504  
00:19:20,789 --> 00:19:18,320  
just that in in the the third density

505  
00:19:23,110 --> 00:19:20,799  
plane like they kind of just run [h\_\_h] so

506  
00:19:25,350 --> 00:19:23,120  
like nobody gets in the way

507  
00:19:28,630 --> 00:19:25,360  
um they are meat eaters

508  
00:19:31,270 --> 00:19:28,640  
this is crazy right they

509  
00:19:34,630 --> 00:19:31,280  
they um we are

510  
00:19:36,230 --> 00:19:34,640  
we are like partially reptilian right so

511  
00:19:39,990 --> 00:19:36,240  
we kind of have a little bit of that

512  
00:19:43,029 --> 00:19:40,000  
blood in us reptilians are meat eaters

513  
00:19:45,270 --> 00:19:43,039

and they will eat humans um that's not

514

00:19:46,230 --> 00:19:45,280

to say that all of them are bad some are

515

00:19:48,310 --> 00:19:46,240

you know

516

00:19:51,270 --> 00:19:48,320

some are are good guys i guess you could

517

00:19:52,470 --> 00:19:51,280

say but they they are meat eaters um

518

00:19:55,350 --> 00:19:52,480

which is a

519

00:19:56,789 --> 00:19:55,360

low density food right and they will eat

520

00:20:01,029 --> 00:19:56,799

humans

521

00:20:01,990 --> 00:20:01,039

and the human he says has to be alive

522

00:20:09,669 --> 00:20:02,000

um

523

00:20:14,789 --> 00:20:09,679

kids

524

00:20:16,549 --> 00:20:14,799

it dude i mean

525

00:20:18,230 --> 00:20:16,559

what's what's the best kind of meat you

526

00:20:19,909 --> 00:20:18,240

know you're getting like veal or

527

00:20:21,350 --> 00:20:19,919

something you know what i'm saying like

528

00:20:24,950 --> 00:20:21,360

i've never had the only thing i've ever

529

00:20:26,230 --> 00:20:24,960

had is baby back ribs okay see you know

530

00:20:27,590 --> 00:20:26,240

like

531

00:20:30,390 --> 00:20:27,600

baby pigs

532

00:20:32,710 --> 00:20:30,400

baby cows like

533

00:20:35,110 --> 00:20:32,720

don't say baby pig it's all it's all

534

00:20:37,909 --> 00:20:35,120

delicious dude it's very like tender and

535

00:20:42,230 --> 00:20:37,919

juicy it tastes good like it's it's it's

536

00:20:45,270 --> 00:20:42,240

weird dude right it's weird but then

537

00:20:47,190 --> 00:20:45,280

this gets into like all like the yeah so

538

00:20:50,950 --> 00:20:47,200

that goes even further we're gonna keep

539

00:20:52,390 --> 00:20:50,960

it mainly to aliens right now yeah um

540

00:20:54,470 --> 00:20:52,400

but the idea

541

00:20:57,909 --> 00:20:54,480

that you know it was like what 32

542

00:20:58,710 --> 00:20:57,919

thousand kids go missing a year

543

00:20:59,590 --> 00:20:58,720

um

544

00:21:02,070 --> 00:20:59,600

and

545

00:21:03,909 --> 00:21:02,080

you know what better way to keep them

546

00:21:04,789 --> 00:21:03,919

from coming up here and just taking

547

00:21:07,750 --> 00:21:04,799

things

548

00:21:10,870 --> 00:21:07,760

well there are certain groups in power

549

00:21:13,270 --> 00:21:10,880

that know about this and so

550

00:21:15,350 --> 00:21:13,280

these kids go missing

551  
00:21:17,430 --> 00:21:15,360  
and we never see them again because

552  
00:21:19,750 --> 00:21:17,440  
they're being fed

553  
00:21:20,870 --> 00:21:19,760  
to them so they can underground caves

554  
00:21:23,510 --> 00:21:20,880  
yeah so

555  
00:21:25,669 --> 00:21:23,520  
underground bases and what have you and

556  
00:21:26,710 --> 00:21:25,679  
then they uh yeah so they don't come up

557  
00:21:28,230 --> 00:21:26,720  
here

558  
00:21:30,549 --> 00:21:28,240  
and cause a bunch of problems we keep

559  
00:21:33,909 --> 00:21:30,559  
them fed we keep them happy

560  
00:21:35,350 --> 00:21:33,919  
and they basically run everything they

561  
00:21:37,350 --> 00:21:35,360  
run the planet

562  
00:21:40,070 --> 00:21:37,360  
they you know have their hand in the

563  
00:21:41,669 --> 00:21:40,080

world how the world operates

564

00:21:43,190 --> 00:21:41,679

just so

565

00:21:44,710 --> 00:21:43,200

they won't cause

566

00:21:47,029 --> 00:21:44,720

any problems

567

00:21:48,149 --> 00:21:47,039

yeah right because they run the third

568

00:21:51,110 --> 00:21:48,159

density

569

00:21:52,630 --> 00:21:51,120

uh world and the whole thing of like

570

00:21:55,669 --> 00:21:52,640

humans ascending to fourth and fifth

571

00:21:58,310 --> 00:21:55,679

dimension like why is that so important

572

00:22:00,789 --> 00:21:58,320

well it's important because the

573

00:22:03,909 --> 00:22:00,799

reptilians are also a third density

574

00:22:05,990 --> 00:22:03,919

being so if humans were to ascend to

575

00:22:07,990 --> 00:22:06,000

fourth or fifth dimension

576  
00:22:10,310 --> 00:22:08,000  
they can't access it they can only

577  
00:22:12,149 --> 00:22:10,320  
access the fourth dimension mechanically

578  
00:22:14,149 --> 00:22:12,159  
which means that if we go fourth and

579  
00:22:15,750 --> 00:22:14,159  
fifth dimension they lose their power

580  
00:22:18,070 --> 00:22:15,760  
grip they lose their playground they

581  
00:22:20,070 --> 00:22:18,080  
lose their ability to just come in and

582  
00:22:22,149 --> 00:22:20,080  
feed whenever they want to because they

583  
00:22:23,830 --> 00:22:22,159  
have no access to us other than

584  
00:22:25,430 --> 00:22:23,840  
mechanically which means they don't have

585  
00:22:27,510 --> 00:22:25,440  
power over us anymore they don't have a

586  
00:22:29,510 --> 00:22:27,520  
power structure they don't have any way

587  
00:22:31,110 --> 00:22:29,520  
to control us

588  
00:22:33,430 --> 00:22:31,120

and that's how you do it you ascend to

589

00:22:35,110 --> 00:22:33,440

this fourth and fifth dimension

590

00:22:38,230 --> 00:22:35,120

above their their reach

591

00:22:40,390 --> 00:22:38,240

i love it i love it so much so that's

592

00:22:42,149 --> 00:22:40,400

the purpose of like kind of humanity

593

00:22:44,870 --> 00:22:42,159

and like he was rounding out the

594

00:22:47,990 --> 00:22:44,880

andromeda thing and they're like hey

595

00:22:49,669 --> 00:22:48,000

could you like could you move along like

596

00:22:52,070 --> 00:22:49,679

we're trying to get you to you know you

597

00:22:53,909 --> 00:22:52,080

guys keep doing dumb [h\_\_h] like listening

598

00:22:55,669 --> 00:22:53,919

to everything that they say and you're

599

00:22:57,510 --> 00:22:55,679

bringing your vibrations down instead of

600

00:22:58,950 --> 00:22:57,520

up and this is the only way to escape

601  
00:23:00,789 --> 00:22:58,960  
the prison

602  
00:23:02,310 --> 00:23:00,799  
dude

603  
00:23:03,990 --> 00:23:02,320  
so

604  
00:23:05,430 --> 00:23:04,000  
i don't want to go down another rabbit

605  
00:23:07,750 --> 00:23:05,440  
hole because we definitely could but the

606  
00:23:09,190 --> 00:23:07,760  
whole i was talking to big willy the

607  
00:23:10,630 --> 00:23:09,200  
other day and we were talking about this

608  
00:23:12,470 --> 00:23:10,640  
this dimension

609  
00:23:15,270 --> 00:23:12,480  
like uh

610  
00:23:16,549 --> 00:23:15,280  
transitioning into from 3d to 4d to 5d

611  
00:23:20,070 --> 00:23:16,559  
that everybody's been talking about this

612  
00:23:22,870 --> 00:23:20,080  
past summer well past year really uh

613  
00:23:24,870 --> 00:23:22,880

and we had that uh the

614

00:23:26,870 --> 00:23:24,880

the wonderful lady on uh a couple of

615

00:23:28,310 --> 00:23:26,880

weeks ago or a month ago and we talked

616

00:23:30,470 --> 00:23:28,320

about the same thing this dimension

617

00:23:32,630 --> 00:23:30,480

thing and what me and big willie had

618

00:23:34,630 --> 00:23:32,640

gotten stuck on where on the phone is

619

00:23:36,310 --> 00:23:34,640

like dude like

620

00:23:38,950 --> 00:23:36,320

i i don't think what people are saying

621

00:23:41,110 --> 00:23:38,960

is that you die and you you like you you

622

00:23:42,470 --> 00:23:41,120

you wake up in a new dimension i i think

623

00:23:44,230 --> 00:23:42,480

what they're trying to say is that you

624

00:23:46,549 --> 00:23:44,240

still like that version of you still

625

00:23:47,350 --> 00:23:46,559

lives in that dimension but the one that

626

00:23:49,750 --> 00:23:47,360

you

627

00:23:52,149 --> 00:23:49,760

vibrate and and uh

628

00:23:54,070 --> 00:23:52,159

ascend to you're just like like string

629

00:23:56,310 --> 00:23:54,080

theory popping over into a different

630

00:23:58,230 --> 00:23:56,320

reality like so you still exist you

631

00:24:00,149 --> 00:23:58,240

don't die you still exist but you now

632

00:24:02,870 --> 00:24:00,159

exist your consciousness consciousness

633

00:24:04,870 --> 00:24:02,880

now exists in a higher density so you

634

00:24:07,110 --> 00:24:04,880

don't have to mess with the ruckus you

635

00:24:08,470 --> 00:24:07,120

know like the yeah yeah does that make

636

00:24:10,070 --> 00:24:08,480

sense yeah

637

00:24:13,350 --> 00:24:10,080

yeah and and

638

00:24:14,870 --> 00:24:13,360

that's also like

639

00:24:17,750 --> 00:24:14,880

yeah because then you start thinking

640

00:24:20,390 --> 00:24:17,760

more collectively because he he went on

641

00:24:21,590 --> 00:24:20,400

to say that the andromedans they they

642

00:24:23,669 --> 00:24:21,600

basically

643

00:24:25,350 --> 00:24:23,679

their system is like a one world system

644

00:24:27,830 --> 00:24:25,360

like it has to be that's that's how

645

00:24:28,710 --> 00:24:27,840

they're all on the same page

646

00:24:30,310 --> 00:24:28,720

plus

647

00:24:32,230 --> 00:24:30,320

you know

648

00:24:33,590 --> 00:24:32,240

telepathic communication or whatever

649

00:24:36,070 --> 00:24:33,600

kind of communication you want to call

650

00:24:38,710 --> 00:24:36,080

it they're not using their words um they

651  
00:24:40,710 --> 00:24:38,720  
understand intent so like there's no

652  
00:24:42,549 --> 00:24:40,720  
like backstabbing or like anything like

653  
00:24:44,870 --> 00:24:42,559  
that because

654  
00:24:46,789 --> 00:24:44,880  
they are they're all like a hive mind

655  
00:24:48,870 --> 00:24:46,799  
basically like everybody kind of knows

656  
00:24:51,350 --> 00:24:48,880  
what everyone's thinking you know so

657  
00:24:52,789 --> 00:24:51,360  
yeah things become more docile because

658  
00:24:54,549 --> 00:24:52,799  
there's no

659  
00:24:56,950 --> 00:24:54,559  
um you can't be sneaky right if you're

660  
00:24:58,870 --> 00:24:56,960  
gonna be bad you gotta be sneaky

661  
00:25:00,710 --> 00:24:58,880  
and you can't be sneaky you know who's

662  
00:25:02,470 --> 00:25:00,720  
the most sneaky

663  
00:25:04,789 --> 00:25:02,480

reptilians

664

00:25:06,710 --> 00:25:04,799

they are they're extremely telepathic

665

00:25:09,029 --> 00:25:06,720

though very streaky yeah they're

666

00:25:10,310 --> 00:25:09,039

extremely telepathic um and they have

667

00:25:12,549 --> 00:25:10,320

two hearts

668

00:25:14,149 --> 00:25:12,559

one under each side of the armpit and

669

00:25:16,070 --> 00:25:14,159

the other weaknesses right above the

670

00:25:17,510 --> 00:25:16,080

growing they have a very large liver so

671

00:25:18,950 --> 00:25:17,520

if you want to damage them you have to

672

00:25:21,029 --> 00:25:18,960

damage them that way but you can't do it

673

00:25:22,549 --> 00:25:21,039

in hand-to-hand combat because you will

674

00:25:25,909 --> 00:25:22,559

die is that all the stuff that you

675

00:25:29,190 --> 00:25:25,919

learned from alex calling yeah

676

00:25:30,390 --> 00:25:29,200

very specific yeah so okay

677

00:25:32,390 --> 00:25:30,400

you mentioned this earlier when we were

678

00:25:34,310 --> 00:25:32,400

on the phone uh today like what's the

679

00:25:36,549 --> 00:25:34,320

difference between like i mean i think

680

00:25:37,430 --> 00:25:36,559

everybody's heard of david ike

681

00:25:38,789 --> 00:25:37,440

like

682

00:25:40,230 --> 00:25:38,799

he's been talking about reptilians and

683

00:25:43,510 --> 00:25:40,240

all this stuff like

684

00:25:46,230 --> 00:25:43,520

how do we know that alex collier is this

685

00:25:48,310 --> 00:25:46,240

is like he's talking to an uh andromeda

686

00:25:49,590 --> 00:25:48,320

and or whatever like i don't know who

687

00:25:50,870 --> 00:25:49,600

who started talking about this stuff

688

00:25:53,269 --> 00:25:50,880

first

689

00:25:54,310 --> 00:25:53,279

dude i'd have to dive into it a lot

690

00:25:55,029 --> 00:25:54,320

deeper

691

00:26:00,710 --> 00:25:55,039

to

692

00:26:03,510 --> 00:26:00,720

he's saying like hey i'm not the only

693

00:26:06,149 --> 00:26:03,520

other people yeah i mean yeah uh you

694

00:26:07,590 --> 00:26:06,159

know and it could it come

695

00:26:09,510 --> 00:26:07,600

they could be coming to the same

696

00:26:13,750 --> 00:26:09,520

conclusion from two different starting

697

00:26:15,110 --> 00:26:13,760

points right well you know uh alex could

698

00:26:18,470 --> 00:26:15,120

have had these

699

00:26:20,789 --> 00:26:18,480

connections and met andromedans and and

700

00:26:22,230 --> 00:26:20,799

david could have like just

701  
00:26:23,669 --> 00:26:22,240  
saw something funny one day i was like

702  
00:26:25,350 --> 00:26:23,679  
what the [h\_\_h] i started looking it was

703  
00:26:28,630 --> 00:26:25,360  
like wait a second the government did

704  
00:26:30,710 --> 00:26:28,640  
what they're run by who the aliens are

705  
00:26:32,710 --> 00:26:30,720  
where you know

706  
00:26:35,830 --> 00:26:32,720  
where are they and it was like my wife

707  
00:26:36,789 --> 00:26:35,840  
did what world order

708  
00:26:39,430 --> 00:26:36,799  
so

709  
00:26:41,269 --> 00:26:39,440  
i don't know they there there could be

710  
00:26:43,750 --> 00:26:41,279  
some connection i don't know i i do like

711  
00:26:46,149 --> 00:26:43,760  
i said i gotta look into it way more to

712  
00:26:48,630 --> 00:26:46,159  
to know anything about it but just the

713  
00:26:50,230 --> 00:26:48,640

story itself was like

714

00:26:52,630 --> 00:26:50,240

okay so i feel like you've been like

715

00:26:54,549 --> 00:26:52,640

skimmed over a bunch of stuff

716

00:26:57,029 --> 00:26:54,559

so that was kind of like like a gloss

717

00:26:58,310 --> 00:26:57,039

over really quick right like

718

00:26:59,110 --> 00:26:58,320

so

719

00:27:02,149 --> 00:26:59,120

do you

720

00:27:04,710 --> 00:27:02,159

video about the because i kind of want

721

00:27:07,190 --> 00:27:04,720

to i want to jump back to like

722

00:27:09,830 --> 00:27:07,200

how we explain the our galaxy was

723

00:27:12,230 --> 00:27:09,840

created with these tiny uh timeless

724

00:27:15,029 --> 00:27:12,240

machines and the the founders are called

725

00:27:16,549 --> 00:27:15,039

the patal the

726

00:27:17,350 --> 00:27:16,559

tall

727

00:27:18,470 --> 00:27:17,360

pop

728

00:27:20,149 --> 00:27:18,480

uh

729

00:27:22,149 --> 00:27:20,159

so it's i'm just reading my notes but

730

00:27:24,389 --> 00:27:22,159

the founders also known as the patal are

731

00:27:26,389 --> 00:27:24,399

a species that built our solar system to

732

00:27:29,269 --> 00:27:26,399

what it is today from small atomic

733

00:27:31,350 --> 00:27:29,279

replicating machines

734

00:27:34,149 --> 00:27:31,360

so like i guess they they can take any

735

00:27:36,470 --> 00:27:34,159

matter and like transmute it into

736

00:27:38,549 --> 00:27:36,480

another thing so if it's like mostly

737

00:27:41,029 --> 00:27:38,559

carbon they can turn it into silicone or

738

00:27:42,070 --> 00:27:41,039

vice versa yeah yeah yeah he talked

739

00:27:45,190 --> 00:27:42,080

about that

740

00:27:46,310 --> 00:27:45,200

so so did he say anything about uh

741

00:27:48,630 --> 00:27:46,320

like

742

00:27:49,909 --> 00:27:48,640

i know he mentioned we we have in our

743

00:27:51,990 --> 00:27:49,919

possession and i don't know who what he

744

00:27:53,350 --> 00:27:52,000

means by we but we he said we have in

745

00:27:55,830 --> 00:27:53,360

our possession these these these

746

00:27:57,590 --> 00:27:55,840

machines and they appear to be timeless

747

00:27:58,710 --> 00:27:57,600

and they're still working to this day so

748

00:27:59,830 --> 00:27:58,720

i don't know

749

00:28:01,350 --> 00:27:59,840

like

750

00:28:04,230 --> 00:28:01,360

does he know somebody with these

751  
00:28:05,830 --> 00:28:04,240  
machines somewhere i can't remember

752  
00:28:07,110 --> 00:28:05,840  
i can't remember

753  
00:28:09,110 --> 00:28:07,120  
but uh

754  
00:28:10,549 --> 00:28:09,120  
yeah i don't know i don't know i can't

755  
00:28:12,470 --> 00:28:10,559  
remember

756  
00:28:14,470 --> 00:28:12,480  
i just love the idea that there's like

757  
00:28:16,630 --> 00:28:14,480  
uh there's like this tiny floating

758  
00:28:18,310 --> 00:28:16,640  
machine out there just like

759  
00:28:20,470 --> 00:28:18,320  
spitting out

760  
00:28:22,310 --> 00:28:20,480  
it just spit out like

761  
00:28:26,710 --> 00:28:22,320  
they're like making planets out of like

762  
00:28:27,990 --> 00:28:26,720  
tiny little beads at a time yeah dude

763  
00:28:29,669 --> 00:28:28,000

i love that idea

764

00:28:31,510 --> 00:28:29,679

they like meet up at the bar later on in

765

00:28:34,470 --> 00:28:31,520

the evening like yeah i made like 12

766

00:28:38,070 --> 00:28:35,750

they've got like a little like a little

767

00:28:40,710 --> 00:28:38,080

hat that has like a siren or a little

768

00:28:42,710 --> 00:28:40,720

like a flashing hat during the day

769

00:28:44,630 --> 00:28:42,720

it's like

770

00:28:46,310 --> 00:28:44,640

and then like a little vest

771

00:28:50,710 --> 00:28:46,320

like a reflective vest and they all meet

772

00:28:53,430 --> 00:28:50,720

up it's uh uh claire's claire's bar

773

00:28:56,310 --> 00:28:53,440

down by the docks yeah dude

774

00:28:58,630 --> 00:28:56,320

um he was also saying that these um this

775

00:29:00,230 --> 00:28:58,640

this like negative group uh i and i

776

00:29:01,990 --> 00:29:00,240

didn't have a chance to really dig into

777

00:29:03,830 --> 00:29:02,000

it maybe he talked a little more about

778

00:29:05,190 --> 00:29:03,840

it in your video with the the orion

779

00:29:07,750 --> 00:29:05,200

group

780

00:29:09,350 --> 00:29:07,760

oh yeah right right uh he mentioned it

781

00:29:12,950 --> 00:29:09,360

but remind me

782

00:29:14,230 --> 00:29:12,960

uh i think it's like the

783

00:29:16,950 --> 00:29:14,240

i think it's the area where the alpha

784

00:29:18,710 --> 00:29:16,960

draconian has come from maybe like alpha

785

00:29:21,909 --> 00:29:18,720

centauri he was talking about some of

786

00:29:24,389 --> 00:29:21,919

the grays oh not all the grays are like

787

00:29:25,990 --> 00:29:24,399

negative but some of the grays are

788

00:29:28,310 --> 00:29:26,000

negative and they seem to have like the

789

00:29:30,950 --> 00:29:28,320

long noses which i haven't seen a photo

790

00:29:33,430 --> 00:29:30,960

of a long nose gray

791

00:29:35,029 --> 00:29:33,440

yeah that sounds fun

792

00:29:37,190 --> 00:29:35,039

apparently not apparently they're like

793

00:29:40,310 --> 00:29:37,200

not good dudes

794

00:29:42,630 --> 00:29:40,320

so like the grays they they separated

795

00:29:44,950 --> 00:29:42,640

like like a dolphin they fractured like

796

00:29:46,950 --> 00:29:44,960

so some of them went on to like be cool

797

00:29:50,230 --> 00:29:46,960

and some of them broke off and started

798

00:29:52,710 --> 00:29:50,240

working for like you know the evil doers

799

00:29:53,750 --> 00:29:52,720

ah yes yes um

800

00:29:59,190 --> 00:29:53,760

yes

801  
00:30:01,510 --> 00:29:59,200  
evildoers like a guru grew from um

802  
00:30:03,590 --> 00:30:01,520  
it's despicable me

803  
00:30:05,669 --> 00:30:03,600  
i'm not finding any long-nosed grey

804  
00:30:07,430 --> 00:30:05,679  
aliens but um

805  
00:30:09,350 --> 00:30:07,440  
i hope that it's like a

806  
00:30:12,470 --> 00:30:09,360  
like a squidward type i don't think

807  
00:30:14,310 --> 00:30:12,480  
anytime type deal no okay no

808  
00:30:18,549 --> 00:30:14,320  
just

809  
00:30:20,870 --> 00:30:18,559  
nope i don't think so what i had my my

810  
00:30:22,710 --> 00:30:20,880  
notes was uh that the first colony was a

811  
00:30:25,269 --> 00:30:22,720  
reptilian outpost

812  
00:30:28,310 --> 00:30:25,279  
uh established by the c car and

813  
00:30:31,830 --> 00:30:28,320

bioengineered from cast reptilians later

814

00:30:33,110 --> 00:30:31,840

alliances from orion and capella

815

00:30:35,830 --> 00:30:33,120

they set up

816

00:30:38,310 --> 00:30:35,840

um i'll have it in my phone sorry uh but

817

00:30:39,990 --> 00:30:38,320

they set up these treaties so like start

818

00:30:42,389 --> 00:30:40,000

start i feel like we're going all over

819

00:30:45,510 --> 00:30:42,399

the place but hey this is

820

00:30:46,870 --> 00:30:45,520

welcome to true form to like

821

00:30:49,190 --> 00:30:46,880

yeah or

822

00:30:51,510 --> 00:30:49,200

old school but uh

823

00:30:54,470 --> 00:30:51,520

when this this outpost this reptilian

824

00:30:55,590 --> 00:30:54,480

outpost in the earth uh got bigger all

825

00:30:57,350 --> 00:30:55,600

these other

826

00:30:59,990 --> 00:30:57,360

entities including like

827

00:31:03,350 --> 00:31:00,000

uh like grays and and other

828

00:31:04,950 --> 00:31:03,360

species came to earth to to say hey like

829

00:31:06,630 --> 00:31:04,960

you know we kind of got an assignment

830

00:31:07,909 --> 00:31:06,640

too that come check it out and like how

831

00:31:09,269 --> 00:31:07,919

you guys doing can we stay here for a

832

00:31:11,590 --> 00:31:09,279

little bit too or

833

00:31:13,029 --> 00:31:11,600

whatever so like as more and more

834

00:31:15,509 --> 00:31:13,039

entities started showing up to earth

835

00:31:18,310 --> 00:31:15,519

there are like treaties and agreements

836

00:31:20,389 --> 00:31:18,320

uh trade routes and trade agreements

837

00:31:22,389 --> 00:31:20,399

between all of these these entities and

838

00:31:24,070 --> 00:31:22,399

i guess they're still going on today but

839

00:31:26,950 --> 00:31:24,080

it happened like it started like

840

00:31:29,830 --> 00:31:26,960

millions of years a long ass time ago

841

00:31:31,909 --> 00:31:29,840

yeah millions millions dude that might

842

00:31:33,269 --> 00:31:31,919

have been how we got the moon actually

843

00:31:35,350 --> 00:31:33,279

was through one of those little trade

844

00:31:37,430 --> 00:31:35,360

agreements because he said like

845

00:31:38,870 --> 00:31:37,440

like if you really go to the moon like

846

00:31:40,789 --> 00:31:38,880

there's [h\_\_h] everywhere like there's

847

00:31:42,950 --> 00:31:40,799

just there's there's like monoliths and

848

00:31:45,750 --> 00:31:42,960

like markings and all kinds of [h\_\_h] and

849

00:31:48,710 --> 00:31:45,760

now there's like four different

850

00:31:51,029 --> 00:31:48,720

beings that have specific bases on the

851  
00:31:51,990 --> 00:31:51,039  
moon on the backside

852  
00:31:54,389 --> 00:31:52,000  
yeah

853  
00:31:58,230 --> 00:31:54,399  
that's

854  
00:32:00,789 --> 00:31:58,240  
wonder if it's like it's like the same

855  
00:32:02,950 --> 00:32:00,799  
concept as the millennium falcon

856  
00:32:05,509 --> 00:32:02,960  
we're like or like it's not the

857  
00:32:07,269 --> 00:32:05,519  
prettiest of spaceships but hey

858  
00:32:09,590 --> 00:32:07,279  
it could it could travel the galaxy in

859  
00:32:11,350 --> 00:32:09,600  
12 parsecs you're right dude hell yeah i

860  
00:32:13,590 --> 00:32:11,360  
said that it's a different it's got to

861  
00:32:14,870 --> 00:32:13,600  
be a different number

862  
00:32:18,470 --> 00:32:14,880  
somebody in the chat helped me out with

863  
00:32:22,149 --> 00:32:20,389

the millennium falcon somebody's gotta

864

00:32:23,430 --> 00:32:22,159

know it

865

00:32:25,350 --> 00:32:23,440

oh dude

866

00:32:27,830 --> 00:32:25,360

uh

867

00:32:30,070 --> 00:32:27,840

but wow i love that idea like somebody

868

00:32:31,990 --> 00:32:30,080

had like took the moon as a spaceship

869

00:32:33,909 --> 00:32:32,000

parked it here and now it's like they

870

00:32:35,029 --> 00:32:33,919

moved it into place where like hey yeah

871

00:32:36,389 --> 00:32:35,039

we're gonna park here but it's also

872

00:32:37,830 --> 00:32:36,399

gonna help the planet with all this

873

00:32:39,430 --> 00:32:37,840

other stuff so we're gonna keep it there

874

00:32:40,950 --> 00:32:39,440

and like the treaty was like okay well

875

00:32:43,509 --> 00:32:40,960

all right all right cool but we can come

876

00:32:45,430 --> 00:32:43,519

and hang out on the ship when we need to

877

00:32:47,830 --> 00:32:45,440

stop and get food

878

00:32:48,789 --> 00:32:47,840

hopefully not human food as

879

00:32:51,110 --> 00:32:48,799

food

880

00:32:54,070 --> 00:32:51,120

well the the moon apparently isn't set

881

00:32:56,870 --> 00:32:54,080

up for like permanent establishment it's

882

00:33:00,149 --> 00:32:56,880

more like a stopping post but mars

883

00:33:02,389 --> 00:33:00,159

apparently was and we've also apparently

884

00:33:04,710 --> 00:33:02,399

had a colony up there and it's been

885

00:33:07,110 --> 00:33:04,720

overtaken and overrun and there's an

886

00:33:09,669 --> 00:33:07,120

underground base that's like 46 miles

887

00:33:12,710 --> 00:33:09,679

long and there's over 30 000 reptilians

888

00:33:14,549 --> 00:33:12,720

in it now oh my god yeah we've been

889

00:33:16,470 --> 00:33:14,559

taken out and they were saying that like

890

00:33:18,070 --> 00:33:16,480

like this ascension process and like the

891

00:33:20,870 --> 00:33:18,080

[h\_\_h] like that that like they're

892

00:33:21,669 --> 00:33:20,880

teaching us like some of the dudes like

893

00:33:23,669 --> 00:33:21,679

aren't

894

00:33:25,269 --> 00:33:23,679

as cool as we think like the pleiadians

895

00:33:27,269 --> 00:33:25,279

like some of them are like i don't want

896

00:33:29,029 --> 00:33:27,279

to do that [h\_\_h] and so they just didn't

897

00:33:31,350 --> 00:33:29,039

do it like they didn't come down here

898

00:33:33,909 --> 00:33:31,360

and do their job so like that's why the

899

00:33:35,029 --> 00:33:33,919

andromedans were like uh okay

900

00:33:36,630 --> 00:33:35,039

here we go

901  
00:33:37,430 --> 00:33:36,640  
we're gonna help out just a little bit

902  
00:33:40,149 --> 00:33:37,440  
okay

903  
00:33:42,389 --> 00:33:40,159  
um but now what they did what they did

904  
00:33:45,269 --> 00:33:42,399  
is the some of the greys have done this

905  
00:33:48,389 --> 00:33:45,279  
because apparently we didn't even meet

906  
00:33:50,549 --> 00:33:48,399  
the grays until the 1930s

907  
00:33:52,230 --> 00:33:50,559  
interesting that's how recently like

908  
00:33:55,430 --> 00:33:52,240  
that we met the greys was actually in

909  
00:33:58,630 --> 00:33:55,440  
the 1930s and so they said that in order

910  
00:34:01,669 --> 00:33:58,640  
to like manipulate the the progression

911  
00:34:04,070 --> 00:34:01,679  
of like our species like the pleiadians

912  
00:34:06,710 --> 00:34:04,080  
and the grays have been going back in

913  
00:34:09,589 --> 00:34:06,720

time and manipulating small things that

914

00:34:11,030 --> 00:34:09,599

is currently changing our future today

915

00:34:12,550 --> 00:34:11,040

to manipulate it so they've been just

916

00:34:14,069 --> 00:34:12,560

like going back and forth they're like

917

00:34:15,510 --> 00:34:14,079

all those [\h\_\_\h] went we're gonna go

918

00:34:17,589 --> 00:34:15,520

too we gotta go back even further and

919

00:34:19,190 --> 00:34:17,599

change something and they gotta keep

920

00:34:21,669 --> 00:34:19,200

going back and they've been messing with

921

00:34:25,589 --> 00:34:21,679

history and so that's why they're saying

922

00:34:27,510 --> 00:34:25,599

look we need to get all species out of

923

00:34:29,510 --> 00:34:27,520

like our progression and we need to like

924

00:34:31,030 --> 00:34:29,520

kind of take a hold on [\h\_\_\h] and say look

925

00:34:32,470 --> 00:34:31,040

nope this is ours this is our

926  
00:34:33,829 --> 00:34:32,480  
sovereignty talking about what's going

927  
00:34:35,349 --> 00:34:33,839  
to us yeah

928  
00:34:37,030 --> 00:34:35,359  
like we need to tell everybody to go

929  
00:34:39,349 --> 00:34:37,040  
away because apparently like even the

930  
00:34:41,829 --> 00:34:39,359  
grays if you say nope we don't want your

931  
00:34:43,669 --> 00:34:41,839  
interaction that they will

932  
00:34:46,230 --> 00:34:43,679  
they're they're like they have to leave

933  
00:34:48,230 --> 00:34:46,240  
it's like some kind of law that they

934  
00:34:49,909 --> 00:34:48,240  
have yeah yeah i remember him saying

935  
00:34:51,510 --> 00:34:49,919  
something about that and

936  
00:34:53,030 --> 00:34:51,520  
yeah like all you have to do is is be

937  
00:34:54,790 --> 00:34:53,040  
very forceful and say hey look i don't

938  
00:34:57,349 --> 00:34:54,800

want you here i don't i don't approve of

939

00:34:59,030 --> 00:34:57,359

this and they like by law have to stop

940

00:35:01,349 --> 00:34:59,040

because they had originally approached

941

00:35:03,510 --> 00:35:01,359

the germans and the germans said no

942

00:35:05,829 --> 00:35:03,520

thank you you can leave because they had

943

00:35:10,069 --> 00:35:05,839

already contacted who was at the

944

00:35:12,069 --> 00:35:10,079

anunnakis or no no no the the

945

00:35:15,190 --> 00:35:12,079

nib

946

00:35:20,470 --> 00:35:18,069

yeah yeah yeah i did it i did it dude

947

00:35:23,190 --> 00:35:20,480

the neburians

948

00:35:25,589 --> 00:35:23,200

and those dudes were around during like

949

00:35:26,790 --> 00:35:25,599

ancient egypt so you would say like

950

00:35:28,310 --> 00:35:26,800

something that like happened that was

951  
00:35:30,069 --> 00:35:28,320  
really cool is that like you see these

952  
00:35:31,829 --> 00:35:30,079  
periods in history where like there's

953  
00:35:33,589 --> 00:35:31,839  
like this great explosion of awesome

954  
00:35:36,069 --> 00:35:33,599  
[h\_\_h] that happens and then you start to

955  
00:35:38,950 --> 00:35:36,079  
see these like really dark down turn

956  
00:35:40,470 --> 00:35:38,960  
period in times and he said that like at

957  
00:35:42,870 --> 00:35:40,480  
the beginning of cultures a lot of times

958  
00:35:45,109 --> 00:35:42,880  
there won't be a lot of e.t um

959  
00:35:46,550 --> 00:35:45,119  
interaction because at that point

960  
00:35:48,470 --> 00:35:46,560  
there's a lot of like free thought

961  
00:35:49,750 --> 00:35:48,480  
freedom there's like a renaissance if

962  
00:35:52,390 --> 00:35:49,760  
you will you know what i'm saying of

963  
00:35:55,430 --> 00:35:52,400

ideas and thoughts going on and you have

964

00:35:57,430 --> 00:35:55,440

the uh free will to express all of that

965

00:36:00,069 --> 00:35:57,440

but the minute that there is some sort

966

00:36:02,230 --> 00:36:00,079

of intervention with one of these beings

967

00:36:03,589 --> 00:36:02,240

the governments turn to like monarchies

968

00:36:06,230 --> 00:36:03,599

and things like that and then

969

00:36:07,750 --> 00:36:06,240

governments start to take over and then

970

00:36:09,589 --> 00:36:07,760

they get really huge and then the

971

00:36:12,230 --> 00:36:09,599

population starts to starve and

972

00:36:14,710 --> 00:36:12,240

everybody starts to die and then finally

973

00:36:17,829 --> 00:36:14,720

that civilization crashes and the people

974

00:36:19,349 --> 00:36:17,839

have freedom to do kind of what they

975

00:36:21,349 --> 00:36:19,359

want to again he was like the

976

00:36:23,510 --> 00:36:21,359

interesting thing was like we noticed

977

00:36:25,589 --> 00:36:23,520

this around the time of like the birth

978

00:36:27,430 --> 00:36:25,599

of the united states and its progress

979

00:36:30,390 --> 00:36:27,440

how it happened so fast and then all of

980

00:36:32,710 --> 00:36:30,400

a sudden up nope we got tripped up by

981

00:36:35,430 --> 00:36:32,720

like money and like the banks and all

982

00:36:37,750 --> 00:36:35,440

that [h\_\_h] capitalism which are no not

983

00:36:39,430 --> 00:36:37,760

capitalism we know the difference been

984

00:36:42,550 --> 00:36:39,440

i've taught you better than that god

985

00:36:45,270 --> 00:36:42,560

damn it um and all these institutions

986

00:36:47,349 --> 00:36:45,280

that were then put in society you know

987

00:36:49,190 --> 00:36:47,359

that we'd still live by today they're

988

00:36:50,310 --> 00:36:49,200

all controlled it's all system of

989

00:36:52,150 --> 00:36:50,320

control

990

00:36:54,390 --> 00:36:52,160

and so

991

00:36:55,990 --> 00:36:54,400

because it's getting shitty i think it's

992

00:36:58,550 --> 00:36:56,000

already i think they're already back and

993

00:37:00,950 --> 00:36:58,560

that's why things are shitty

994

00:37:01,990 --> 00:37:00,960

whoa oh so you think so you're saying

995

00:37:03,670 --> 00:37:02,000

that uh

996

00:37:05,910 --> 00:37:03,680

that the entities are allowed to come

997

00:37:07,109 --> 00:37:05,920

back once things start to get really

998

00:37:08,790 --> 00:37:07,119

really good

999

00:37:11,190 --> 00:37:08,800

and once they come here things start to

1000

00:37:13,349 --> 00:37:11,200

get kind of shitty they'll come here and

1001  
00:37:15,589 --> 00:37:13,359  
they'll try to do certain things like

1002  
00:37:16,470 --> 00:37:15,599  
what was it uh um

1003  
00:37:18,390 --> 00:37:16,480  
uh

1004  
00:37:19,910 --> 00:37:18,400  
damn it what's that dude's name where

1005  
00:37:24,310 --> 00:37:19,920  
they supposedly like

1006  
00:37:26,710 --> 00:37:24,320  
made it made a treaty no um [h\_\_\h]

1007  
00:37:29,670 --> 00:37:26,720  
lois and clark no

1008  
00:37:31,750 --> 00:37:29,680  
buzz lightyear no

1009  
00:37:32,870 --> 00:37:31,760  
i give up

1010  
00:37:34,710 --> 00:37:32,880  
i don't know

1011  
00:37:38,470 --> 00:37:34,720  
eisenhower thank you

1012  
00:37:42,310 --> 00:37:40,710  
like there's certain people

1013  
00:37:44,390 --> 00:37:42,320

okay so like there's there's certain

1014

00:37:46,230 --> 00:37:44,400

times where like it's basically it's

1015

00:37:50,069 --> 00:37:46,240

basically selling out

1016

00:37:52,150 --> 00:37:50,079

right so the issue with like the grays

1017

00:37:54,150 --> 00:37:52,160

is that they've

1018

00:37:56,630 --> 00:37:54,160

technologically manipulated themselves

1019

00:37:59,589 --> 00:37:56,640

so much that they're like dying out and

1020

00:38:01,510 --> 00:37:59,599

their their hybridization efforts

1021

00:38:03,430 --> 00:38:01,520

aren't working the way that they want

1022

00:38:05,670 --> 00:38:03,440

them to

1023

00:38:10,470 --> 00:38:05,680

and so a lot of times like they will

1024

00:38:13,510 --> 00:38:10,480

trade uh you know technologies and the

1025

00:38:15,589 --> 00:38:13,520

humans right if you sell out to that

1026

00:38:18,390 --> 00:38:15,599

then you give them a little bit of power

1027

00:38:20,550 --> 00:38:18,400

to actually be here because now you've

1028

00:38:22,630 --> 00:38:20,560

made an agreement with them and you've

1029

00:38:24,790 --> 00:38:22,640

allowed them to come here so they slowly

1030

00:38:28,069 --> 00:38:24,800

but surely start to come here and

1031

00:38:30,390 --> 00:38:28,079

extract resources from the planet to the

1032

00:38:32,069 --> 00:38:30,400

point to where they own it so the more

1033

00:38:34,390 --> 00:38:32,079

people throughout history who accept

1034

00:38:35,990 --> 00:38:34,400

these gifts and [h\_\_\h] like that from them

1035

00:38:38,069 --> 00:38:36,000

they're allowing them to come here and

1036

00:38:40,710 --> 00:38:38,079

have more control over us instead of us

1037

00:38:43,589 --> 00:38:40,720

saying no thank you you can wait up

1038

00:38:44,470 --> 00:38:43,599

there we'll be there in the next million

1039

00:38:45,430 --> 00:38:44,480

years

1040

00:38:49,270 --> 00:38:45,440

whoa

1041

00:38:50,470 --> 00:38:49,280

dude i had so many ideas um so

1042

00:38:52,790 --> 00:38:50,480

so

1043

00:38:54,069 --> 00:38:52,800

this is very religious in a way if you

1044

00:38:55,670 --> 00:38:54,079

think about it because it's like don't

1045

00:38:57,670 --> 00:38:55,680

make the deal with the devil every

1046

00:39:00,230 --> 00:38:57,680

government every religion started with

1047

00:39:01,670 --> 00:39:00,240

some sort of like et intervention that

1048

00:39:03,349 --> 00:39:01,680

humans then

1049

00:39:04,550 --> 00:39:03,359

followed and it caused complete

1050

00:39:07,670 --> 00:39:04,560

destruction

1051

00:39:09,829 --> 00:39:07,680

at the at the expense of humans you know

1052

00:39:11,349 --> 00:39:09,839

and they got all the profits even though

1053

00:39:13,430 --> 00:39:11,359

what we got fire

1054

00:39:15,270 --> 00:39:13,440

you know what i'm saying i mean

1055

00:39:17,510 --> 00:39:15,280

and then we got like swords

1056

00:39:19,750 --> 00:39:17,520

and then we got like technology to like

1057

00:39:22,230 --> 00:39:19,760

blow bombs up you know blow the earth up

1058

00:39:23,349 --> 00:39:22,240

with nuclear weapons you know

1059

00:39:25,030 --> 00:39:23,359

dude

1060

00:39:28,150 --> 00:39:25,040

you know we got the banking system we

1061

00:39:30,950 --> 00:39:28,160

got monarchies we got famines we got

1062

00:39:32,710 --> 00:39:30,960

central banking systems thanks a lot

1063

00:39:34,230 --> 00:39:32,720

aliens

1064

00:39:37,990 --> 00:39:34,240

that was the gift

1065

00:39:40,230 --> 00:39:38,000

and then we got these [\h\_\_\h] living

1066

00:39:41,990 --> 00:39:40,240

200 miles below us that just come up and

1067

00:39:43,990 --> 00:39:42,000

eat kids whenever the [\h\_\_\h] they want i

1068

00:39:46,069 --> 00:39:44,000

think they all need to go to [\h\_\_\h] home

1069

00:39:47,910 --> 00:39:46,079

you know my question so like do the did

1070

00:39:50,230 --> 00:39:47,920

the aliens necessarily have to come from

1071

00:39:51,829 --> 00:39:50,240

space or can they come from beneath the

1072

00:39:55,750 --> 00:39:51,839

earth

1073

00:39:57,910 --> 00:39:55,760

space

1074

00:40:00,069 --> 00:39:57,920

the reptilians are doing it through

1075

00:40:02,069 --> 00:40:00,079

space i mean they're like flying [\h\_\_\h]

1076  
00:40:03,430 --> 00:40:02,079  
through space apparently they're like

1077  
00:40:06,630 --> 00:40:03,440  
three-dimensional beings with

1078  
00:40:09,589 --> 00:40:06,640  
four-dimensional capabilities dude

1079  
00:40:11,510 --> 00:40:09,599  
mechanical four-dimensional capabilities

1080  
00:40:13,670 --> 00:40:11,520  
oh that was what i was going to say uh

1081  
00:40:15,990 --> 00:40:13,680  
sorry to like backtrack but you were

1082  
00:40:18,390 --> 00:40:16,000  
talking about uh the grays and how uh

1083  
00:40:20,470 --> 00:40:18,400  
alex collier was saying that the greys

1084  
00:40:22,870 --> 00:40:20,480  
uh started traveling back in time and

1085  
00:40:25,430 --> 00:40:22,880  
changing stuff to like

1086  
00:40:27,589 --> 00:40:25,440  
get us on a trajectory to raise our

1087  
00:40:29,589 --> 00:40:27,599  
vibration right in a good way

1088  
00:40:31,829 --> 00:40:29,599

so they they have abducted people right

1089

00:40:33,030 --> 00:40:31,839

does he does he say like admit that yeah

1090

00:40:34,870 --> 00:40:33,040

yeah they they

1091

00:40:36,470 --> 00:40:34,880

no no he didn't say it was in a good way

1092

00:40:37,990 --> 00:40:36,480

okay so he didn't say it was good yeah

1093

00:40:39,990 --> 00:40:38,000

he was just saying that like certain

1094

00:40:42,550 --> 00:40:40,000

species have been known to go back into

1095

00:40:45,190 --> 00:40:42,560

time to basically manipulate the

1096

00:40:47,589 --> 00:40:45,200

trajectory of our evolution and their

1097

00:40:51,349 --> 00:40:47,599

favor whatever that favor may be

1098

00:40:52,390 --> 00:40:51,359

okay so does he did he ever uh

1099

00:40:53,829 --> 00:40:52,400

like mention

1100

00:40:55,589 --> 00:40:53,839

the fact that like

1101  
00:40:59,670 --> 00:40:55,599  
well a lot of people say that the grays

1102  
00:41:02,230 --> 00:40:59,680  
are like bio can uh they're like half a

1103  
00:41:04,069 --> 00:41:02,240  
living half robot did he yeah did he

1104  
00:41:06,790 --> 00:41:04,079  
mention that at all he didn't mention

1105  
00:41:08,069 --> 00:41:06,800  
that he didn't mention that um he said

1106  
00:41:09,349 --> 00:41:08,079  
that you know

1107  
00:41:12,150 --> 00:41:09,359  
uh

1108  
00:41:14,950 --> 00:41:12,160  
that they do have different purposes and

1109  
00:41:17,430 --> 00:41:14,960  
they are all definitely different so

1110  
00:41:19,030 --> 00:41:17,440  
those types of greys may fit in a

1111  
00:41:21,190 --> 00:41:19,040  
certain category

1112  
00:41:22,710 --> 00:41:21,200  
of grays i guess

1113  
00:41:25,030 --> 00:41:22,720

you know what i was thinking about uh

1114

00:41:25,910 --> 00:41:25,040

today is that

1115

00:41:27,990 --> 00:41:25,920

like

1116

00:41:30,550 --> 00:41:28,000

if we can if we agree that there are

1117

00:41:32,870 --> 00:41:30,560

multiple gray species maybe maybe some

1118

00:41:35,190 --> 00:41:32,880

are tan or whatever beige

1119

00:41:37,030 --> 00:41:35,200

like goo people from from south park

1120

00:41:38,630 --> 00:41:37,040

they have all that they maybe some of

1121

00:41:40,069 --> 00:41:38,640

them have agendas maybe some of them

1122

00:41:41,670 --> 00:41:40,079

don't maybe some of them are good maybe

1123

00:41:42,990 --> 00:41:41,680

some of them are bad

1124

00:41:44,630 --> 00:41:43,000

some of them might be

1125

00:41:46,550 --> 00:41:44,640

biotechnology

1126  
00:41:47,270 --> 00:41:46,560  
uh but like

1127  
00:42:04,710 --> 00:41:47,280  
i

1128  
00:42:06,230 --> 00:42:04,720  
they're

1129  
00:42:08,309 --> 00:42:06,240  
a lot of experiencers aren't able to

1130  
00:42:10,790 --> 00:42:08,319  
like go into super super detail about

1131  
00:42:11,510 --> 00:42:10,800  
like okay whether their uh

1132  
00:42:13,990 --> 00:42:11,520  
uh

1133  
00:42:15,510 --> 00:42:14,000  
brow line was three

1134  
00:42:17,349 --> 00:42:15,520  
centimeters above the whatever so that

1135  
00:42:19,829 --> 00:42:17,359  
would lead you to believe that their

1136  
00:42:21,829 --> 00:42:19,839  
skull makeup was this or whatever like

1137  
00:42:24,069 --> 00:42:21,839  
right yeah it's not very it's not a very

1138  
00:42:25,510 --> 00:42:24,079

scientific observation with like

1139

00:42:27,510 --> 00:42:25,520

like testing and like measurements and

1140

00:42:29,670 --> 00:42:27,520

things it's just like a feeling or

1141

00:42:31,750 --> 00:42:29,680

except for skinny bob except for skinny

1142

00:42:33,190 --> 00:42:31,760

bob that that one we do have evidence

1143

00:42:34,309 --> 00:42:33,200

yeah dude

1144

00:42:35,829 --> 00:42:34,319

that's i

1145

00:42:37,510 --> 00:42:35,839

i think it's real

1146

00:42:39,030 --> 00:42:37,520

i think it is i'm back to thinking it's

1147

00:42:40,069 --> 00:42:39,040

real

1148

00:42:41,589 --> 00:42:40,079

okay

1149

00:42:42,710 --> 00:42:41,599

we didn't uh

1150

00:42:44,550 --> 00:42:42,720

didn't uh

1151

00:42:46,470 --> 00:42:44,560

it was that the uh

1152

00:42:48,069 --> 00:42:46,480

who's that that like british dude or

1153

00:42:49,990 --> 00:42:48,079

whatever didn't he have like the guy who

1154

00:42:50,790 --> 00:42:50,000

supposedly created skinny bob on his

1155

00:42:52,150 --> 00:42:50,800

show

1156

00:42:53,670 --> 00:42:52,160

what when

1157

00:42:55,910 --> 00:42:53,680

i don't know it was like a few months

1158

00:42:58,950 --> 00:42:55,920

ago what

1159

00:43:00,630 --> 00:42:58,960

he was like real real hot lately like

1160

00:43:02,390 --> 00:43:00,640

he's like an irish or a british dude i

1161

00:43:04,150 --> 00:43:02,400

forgot he runs like a ufo channel or

1162

00:43:05,829 --> 00:43:04,160

something like that i forgot i forget

1163

00:43:07,750 --> 00:43:05,839

the dude's name so the guy that he had

1164

00:43:09,510 --> 00:43:07,760

on is claiming that he created skinny

1165

00:43:12,390 --> 00:43:09,520

blog supposedly

1166

00:43:14,550 --> 00:43:12,400

supposedly so i gotta find that

1167

00:43:16,710 --> 00:43:14,560

i have to watch it we'll see skinny bob

1168

00:43:19,510 --> 00:43:16,720

follows us on twitter

1169

00:43:21,589 --> 00:43:19,520

yeah like like like some people say he

1170

00:43:24,630 --> 00:43:21,599

might be the the real skinny bob

1171

00:43:26,150 --> 00:43:24,640

um i don't know seems pretty legit to me

1172

00:43:28,710 --> 00:43:26,160

yeah i mean what else better what do you

1173

00:43:32,790 --> 00:43:30,390

we call them sb you know for sure

1174

00:43:36,470 --> 00:43:32,800

because we're tight like that so

1175

00:43:37,910 --> 00:43:36,480

dude what if oh [h\_\_\h] so you know how

1176

00:43:39,750 --> 00:43:37,920

like in that skinny bob footage they

1177

00:43:41,829 --> 00:43:39,760

claim that it was like the kgb and stuff

1178

00:43:44,150 --> 00:43:41,839

like that it was like you know

1179

00:43:45,030 --> 00:43:44,160

super long ass time ago

1180

00:43:46,710 --> 00:43:45,040

and

1181

00:43:48,309 --> 00:43:46,720

they got pissed because there was

1182

00:43:49,829 --> 00:43:48,319

cameras they were recording and they

1183

00:43:51,670 --> 00:43:49,839

weren't supposed to so they had to like

1184

00:43:52,630 --> 00:43:51,680

renegotiate and they decided not to make

1185

00:43:54,710 --> 00:43:52,640

a deal

1186

00:43:57,030 --> 00:43:54,720

and then they and then they came over to

1187

00:43:58,150 --> 00:43:57,040

the united states

1188

00:43:59,750 --> 00:43:58,160

and they were like yeah you can take

1189

00:44:01,109 --> 00:43:59,760

some people give us some of that badass

1190

00:44:01,990 --> 00:44:01,119

technology and they're like all right

1191

00:44:03,990 --> 00:44:02,000

cool

1192

00:44:05,750 --> 00:44:04,000

so you think so wait where did that

1193

00:44:07,750 --> 00:44:05,760

timeline come from because i don't know

1194

00:44:09,430 --> 00:44:07,760

cool i love that yeah i'm just thinking

1195

00:44:10,230 --> 00:44:09,440

i don't know like i'm thinking like what

1196

00:44:13,990 --> 00:44:10,240

if

1197

00:44:16,309 --> 00:44:14,000

and the germans were like no i'm good

1198

00:44:18,069 --> 00:44:16,319

and then later on down the road they

1199

00:44:19,349 --> 00:44:18,079

were like okay who else can we approach

1200

00:44:21,589 --> 00:44:19,359

the russians

1201

00:44:23,430 --> 00:44:21,599

and they were like yes we'll do it and

1202

00:44:24,790 --> 00:44:23,440

then they're like okay here we go and

1203

00:44:27,030 --> 00:44:24,800

then they filmed them and then they were

1204

00:44:28,150 --> 00:44:27,040

like wait a second i can't [\h\_\_\h] trust

1205

00:44:29,750 --> 00:44:28,160

you

1206

00:44:31,589 --> 00:44:29,760

all right let's go check these guys out

1207

00:44:33,109 --> 00:44:31,599

the united states the united states was

1208

00:44:36,150 --> 00:44:33,119

like

1209

00:44:37,430 --> 00:44:36,160

yeah take people i don't care

1210

00:44:39,430 --> 00:44:37,440

i'm trying to learn how to fly through

1211

00:44:41,990 --> 00:44:39,440

space baby so does that mean that if

1212

00:44:44,710 --> 00:44:42,000

they approached another uh superpower of

1213

00:44:46,069 --> 00:44:44,720

the world or whatever in the the early

1214

00:44:47,510 --> 00:44:46,079

30s

1215

00:44:51,430 --> 00:44:47,520

did that does that mean that they said

1216

00:44:53,270 --> 00:44:51,440

no to their gifts gift gifts gifts

1217

00:44:56,230 --> 00:44:53,280

and then we said yes and we'll take that

1218

00:44:57,270 --> 00:44:56,240

[h\_\_h] yeah yeah we said yes cindy says

1219

00:45:02,550 --> 00:44:57,280

and now we have

1220

00:45:03,829 --> 00:45:02,560

velcro is pretty dope i don't know not

1221

00:45:05,030 --> 00:45:03,839

worth it i don't think oh they're

1222

00:45:08,950 --> 00:45:05,040

buttons

1223

00:45:10,150 --> 00:45:08,960

by an alien i can't say you know what if

1224

00:45:14,870 --> 00:45:10,160

i was taking out anything i might be

1225

00:45:19,109 --> 00:45:17,270

you know the badass led lights i got

1226

00:45:19,910 --> 00:45:19,119

don't need them don't need them don't

1227

00:45:21,750 --> 00:45:19,920

need them

1228

00:45:24,069 --> 00:45:21,760

like vibes are good but and honestly if

1229

00:45:26,470 --> 00:45:24,079

i didn't have a flat screen tv and led

1230

00:45:28,550 --> 00:45:26,480

light lights every [h\_\_\h] place i went

1231

00:45:30,630 --> 00:45:28,560

to i'd probably know how to meditate and

1232

00:45:32,710 --> 00:45:30,640

ascend to the fifth dimension by now oh

1233

00:45:34,390 --> 00:45:32,720

[h\_\_\h] and that's what the media is it's

1234

00:45:36,710 --> 00:45:34,400

it's like another controlled system that

1235

00:45:38,790 --> 00:45:36,720

keeps you at a low vibratory frequency

1236

00:45:41,190 --> 00:45:38,800

so that way you can't ascend

1237

00:45:43,910 --> 00:45:41,200

well i think like yeah like news cycles

1238

00:45:46,630 --> 00:45:43,920

they they they exist off of fear

1239

00:45:47,589 --> 00:45:46,640

yeah so fear is like a low vibration

1240

00:45:49,750 --> 00:45:47,599

uh

1241

00:45:51,990 --> 00:45:49,760

kind of path or whatever that i feel

1242

00:45:53,829 --> 00:45:52,000

like it literally

1243

00:45:56,150 --> 00:45:53,839

if we if if we think of like the brain

1244

00:45:58,630 --> 00:45:56,160

is a machine if you vibrate it at a

1245

00:46:00,550 --> 00:45:58,640

certain frequency you're gonna admit

1246

00:46:02,710 --> 00:46:00,560

some type of chemical like

1247

00:46:04,069 --> 00:46:02,720

to make you stressed out or in a shitty

1248

00:46:05,589 --> 00:46:04,079

mood

1249

00:46:06,790 --> 00:46:05,599

like yeah i think there's something to

1250

00:46:09,030 --> 00:46:06,800

it man

1251

00:46:11,750 --> 00:46:09,040

definitely man and all that negativity

1252

00:46:14,390 --> 00:46:11,760

like it it eventually like gets so heavy

1253

00:46:16,470 --> 00:46:14,400

because it's it's very dense so like the

1254

00:46:17,510 --> 00:46:16,480

negativity you know it starts to create

1255

00:46:21,190 --> 00:46:17,520

pockets

1256

00:46:23,109 --> 00:46:21,200

universe

1257

00:46:27,270 --> 00:46:23,119

where all this negative mask gets

1258

00:46:33,670 --> 00:46:30,150

yeah all likes so we are kind of like in

1259

00:46:36,390 --> 00:46:33,680

a weird way like uh um

1260

00:46:38,950 --> 00:46:36,400

we're almost like a sacrificial lamb

1261

00:46:40,150 --> 00:46:38,960

that needs to like wake up right because

1262

00:46:43,190 --> 00:46:40,160

right now

1263

00:46:44,630 --> 00:46:43,200

they're containing most of them here

1264

00:46:47,190 --> 00:46:44,640

because they know that we're just a

1265

00:46:48,790 --> 00:46:47,200

reliable food source they can live here

1266

00:46:50,470 --> 00:46:48,800

they can do whatever they want to so

1267

00:46:53,270 --> 00:46:50,480

they stay here they're contained they're

1268

00:46:55,589 --> 00:46:53,280

not like traveling outside trying to do

1269

00:46:57,589 --> 00:46:55,599

other [h\_\_h] to like other galaxies and

1270

00:47:00,150 --> 00:46:57,599

civilizations they know they got it good

1271

00:47:02,470 --> 00:47:00,160

here so like there's you know the

1272

00:47:04,470 --> 00:47:02,480

andromedans were like

1273

00:47:06,630 --> 00:47:04,480

yeah we're kind of keeping them here so

1274

00:47:08,230 --> 00:47:06,640

like maybe their negativity will get so

1275

00:47:10,230 --> 00:47:08,240

bad that they'll just kind of suck

1276

00:47:12,309 --> 00:47:10,240

themselves into their own black hole and

1277

00:47:13,670 --> 00:47:12,319

transport themselves into another

1278

00:47:16,150 --> 00:47:13,680

universe so we don't have to deal with

1279

00:47:19,270 --> 00:47:16,160

them anymore the issue is that you guys

1280

00:47:21,670 --> 00:47:19,280

live there as well so you need to ascend

1281

00:47:23,510 --> 00:47:21,680

so that way you're not on the same plane

1282

00:47:25,670 --> 00:47:23,520

as them when they do decide to

1283

00:47:29,030 --> 00:47:25,680

self-destruct and suck themselves into

1284

00:47:29,040 --> 00:47:33,670

said so it's tribution

1285

00:47:39,910 --> 00:47:36,630

i'm stuck on the pocket thing

1286

00:47:41,030 --> 00:47:39,920

so so back to the alex collier thing

1287

00:47:43,030 --> 00:47:41,040

i wrote it in my phone so i'm not

1288

00:47:44,710 --> 00:47:43,040

looking at it but he he mentioned that

1289

00:47:47,589 --> 00:47:44,720

um when the

1290

00:47:50,630 --> 00:47:47,599

uh when the builders the founders

1291

00:47:52,390 --> 00:47:50,640

came here to create our our solar system

1292

00:47:54,950 --> 00:47:52,400

within our galaxy they

1293

00:47:56,950 --> 00:47:54,960

uh set up 11

1294

00:47:58,069 --> 00:47:56,960

uh wormholes

1295

00:47:58,950 --> 00:47:58,079

so i don't know if that's the same thing

1296

00:48:01,349 --> 00:47:58,960

as what you're talking about with the

1297

00:48:02,470 --> 00:48:01,359

black holes but like wormholes i think

1298

00:48:04,230 --> 00:48:02,480

it may be is because you were talking

1299

00:48:06,470 --> 00:48:04,240

about that's how they traveled it's how

1300

00:48:08,150 --> 00:48:06,480

they travel yeah so they're creating

1301  
00:48:10,549 --> 00:48:08,160  
galaxies and [\h\_\_\h] through those

1302  
00:48:12,710 --> 00:48:10,559  
wormholes so it's so one thing i i in my

1303  
00:48:13,990 --> 00:48:12,720  
notes that i wrote out was that um alex

1304  
00:48:17,190 --> 00:48:14,000  
alex collier if you guys are just

1305  
00:48:19,829 --> 00:48:17,200  
joining us and we're talking about uh uh

1306  
00:48:23,510 --> 00:48:19,839  
we just found this dude cool cool stuff

1307  
00:48:25,349 --> 00:48:23,520  
uh so 11 wormholes that connect uh to

1308  
00:48:27,030 --> 00:48:25,359  
different spots within our galaxy and

1309  
00:48:28,390 --> 00:48:27,040  
there's like a couple that connect to

1310  
00:48:31,430 --> 00:48:28,400  
different

1311  
00:48:33,750 --> 00:48:31,440  
uh galaxies so like they're they're like

1312  
00:48:35,829 --> 00:48:33,760  
highways to travel between different

1313  
00:48:37,510 --> 00:48:35,839

spots within our galaxy but also there's

1314

00:48:39,510 --> 00:48:37,520

like a couple out there

1315

00:48:42,710 --> 00:48:39,520

go to other places so they go to other

1316

00:48:44,390 --> 00:48:42,720

universes universes

1317

00:48:45,750 --> 00:48:44,400

because that's how the reptilians got

1318

00:48:47,190 --> 00:48:45,760

here in the first place is they were

1319

00:48:50,150 --> 00:48:47,200

pushed through

1320

00:48:52,230 --> 00:48:50,160

a hole to this universe

1321

00:48:54,630 --> 00:48:52,240

so some other universe got so fed up

1322

00:48:55,990 --> 00:48:54,640

with the reptiles that they were like

1323

00:49:02,710 --> 00:48:56,000

hey

1324

00:49:04,790 --> 00:49:02,720

this is a one-way tube you knew this and

1325

00:49:06,710 --> 00:49:04,800

then yeah and then you went ahead and

1326

00:49:08,230 --> 00:49:06,720

left your cart in the parking lot of

1327

00:49:10,230 --> 00:49:08,240

h-e-b

1328

00:49:11,430 --> 00:49:10,240

you left your damn cart i'm so dang

1329

00:49:12,870 --> 00:49:11,440

tired of it

1330

00:49:14,549 --> 00:49:12,880

yeah

1331

00:49:16,710 --> 00:49:14,559

those people do need to be pushed into

1332

00:49:18,710 --> 00:49:16,720

black holes though by the way

1333

00:49:20,870 --> 00:49:18,720

you leave your god if you leave your

1334

00:49:23,430 --> 00:49:20,880

damn shopping cart in the parking lot

1335

00:49:25,510 --> 00:49:23,440

not in the designated spot you're a

1336

00:49:27,349 --> 00:49:25,520

terrible person dude

1337

00:49:28,390 --> 00:49:27,359

the next time that we have lou elizondo

1338

00:49:31,270 --> 00:49:28,400

on

1339

00:49:32,309 --> 00:49:31,280

we should just talk we should just like

1340

00:49:33,109 --> 00:49:32,319

tell this

1341

00:49:37,750 --> 00:49:33,119

this

1342

00:49:39,990 --> 00:49:37,760

just ask him questions through

1343

00:49:42,230 --> 00:49:40,000

so these reptilians right

1344

00:49:44,230 --> 00:49:42,240

like they got pushed here from another

1345

00:49:48,549 --> 00:49:44,240

universe through a black hole i haven't

1346

00:49:51,430 --> 00:49:50,069

yes dude

1347

00:49:53,990 --> 00:49:51,440

so the

1348

00:49:55,910 --> 00:49:54,000

the long nose graves those guys aren't

1349

00:49:57,270 --> 00:49:55,920

that cool right

1350

00:50:05,430 --> 00:49:57,280

no comment

1351  
00:50:07,750 --> 00:50:05,440  
deny that the average nose is five

1352  
00:50:09,430 --> 00:50:07,760  
inches six inches six inches what i want

1353  
00:50:10,630 --> 00:50:09,440  
to show you is this triangle that i'm

1354  
00:50:12,870 --> 00:50:10,640  
drawing

1355  
00:50:16,720 --> 00:50:12,880  
no no no you're not getting away from it

1356  
00:50:18,309 --> 00:50:16,730  
that easy okay i want to know

1357  
00:50:19,910 --> 00:50:18,319  
[Laughter]

1358  
00:50:21,349 --> 00:50:19,920  
did i show you the circle inside of it

1359  
00:50:23,430 --> 00:50:21,359  
yes

1360  
00:50:24,790 --> 00:50:23,440  
what about the square

1361  
00:50:26,470 --> 00:50:24,800  
yeah yeah

1362  
00:50:29,670 --> 00:50:26,480  
damn it dude he's like damn there's only

1363  
00:50:31,670 --> 00:50:29,680

three shapes to this i'm out of

1364

00:50:33,829 --> 00:50:31,680

i got i don't know i'm not allowed to

1365

00:50:35,190 --> 00:50:33,839

draw anything else i don't know no more

1366

00:50:36,630 --> 00:50:35,200

shapes

1367

00:50:37,910 --> 00:50:36,640

he's like those are my three favorite

1368

00:50:39,349 --> 00:50:37,920

ones

1369

00:50:41,190 --> 00:50:39,359

because they all fit inside of each

1370

00:50:44,790 --> 00:50:41,200

other

1371

00:50:47,750 --> 00:50:46,549

i loved that that he did that it was so

1372

00:50:49,030 --> 00:50:47,760

freaking cool

1373

00:50:51,589 --> 00:50:49,040

yeah yeah

1374

00:50:54,390 --> 00:50:51,599

it was like such a it was like a

1375

00:50:56,870 --> 00:50:54,400

a very third eye moment you know yeah

1376

00:50:58,870 --> 00:50:56,880

third eye blind that should have

1377

00:51:00,230 --> 00:50:58,880

saw this uh song by third eye blind

1378

00:51:02,150 --> 00:51:00,240

should have been playing while he was

1379

00:51:03,829 --> 00:51:02,160

drawing that isn't that kind of a cool

1380

00:51:05,829 --> 00:51:03,839

name now that you know about the third

1381

00:51:11,030 --> 00:51:05,839

eye

1382

00:51:12,950 --> 00:51:11,040

just cut off until literally just now

1383

00:51:13,910 --> 00:51:12,960

when you said it i just don't got it

1384

00:51:14,790 --> 00:51:13,920

yeah

1385

00:51:17,349 --> 00:51:14,800

whoa

1386

00:51:18,309 --> 00:51:17,359

okay dudes like

1387

00:51:21,430 --> 00:51:18,319

so

1388

00:51:22,390 --> 00:51:21,440

if the reptilians are here to cut us off

1389

00:51:24,309 --> 00:51:22,400  
from

1390

00:51:26,790 --> 00:51:24,319  
ascending to the next dimension does

1391

00:51:28,790 --> 00:51:26,800  
that mean that like

1392

00:51:30,950 --> 00:51:28,800  
like everybody that's putting shitty

1393

00:51:33,270 --> 00:51:30,960  
stuff out there and like

1394

00:51:34,870 --> 00:51:33,280  
uh laws and and

1395

00:51:37,589 --> 00:51:34,880  
like allowing shitty stuff to happen

1396

00:51:40,309 --> 00:51:37,599  
like corporations like poisoning the the

1397

00:51:42,309 --> 00:51:40,319  
ground water and like you know the evil

1398

00:51:43,990 --> 00:51:42,319  
[h\_\_h] that happens behind closed doors

1399

00:51:44,870 --> 00:51:44,000  
the the really rich people of the earth

1400

00:51:46,390 --> 00:51:44,880  
like

1401  
00:51:47,750 --> 00:51:46,400  
that just leads me down this path of

1402  
00:51:50,470 --> 00:51:47,760  
like man

1403  
00:51:51,990 --> 00:51:50,480  
they have meetings uh like once a month

1404  
00:51:54,710 --> 00:51:52,000  
or something right like and then it just

1405  
00:51:56,630 --> 00:51:54,720  
goes down like the illuminati it's like

1406  
00:51:58,230 --> 00:51:56,640  
okay well it's all clicking and it's all

1407  
00:52:00,470 --> 00:51:58,240  
right well you know it doesn't it

1408  
00:52:02,710 --> 00:52:00,480  
doesn't even have to go that far right

1409  
00:52:05,190 --> 00:52:02,720  
it really is kind of an individualistic

1410  
00:52:06,069 --> 00:52:05,200  
journey right because uh

1411  
00:52:07,910 --> 00:52:06,079  
we

1412  
00:52:09,670 --> 00:52:07,920  
the people at top at the top may have

1413  
00:52:11,030 --> 00:52:09,680

these meetings and there would be like

1414

00:52:12,309 --> 00:52:11,040

seven of them and they're like yeah

1415

00:52:14,069 --> 00:52:12,319

whatever just [h\_\_h] throw it in the

1416

00:52:16,950 --> 00:52:14,079

river right just draw some [h\_\_h] and then

1417

00:52:19,030 --> 00:52:16,960

like we we see that and like you know

1418

00:52:21,109 --> 00:52:19,040

we like

1419

00:52:23,270 --> 00:52:21,119

unwrap some [h\_\_h] like our gum while

1420

00:52:24,790 --> 00:52:23,280

we're walking and then like [h\_\_h] it it

1421

00:52:26,230 --> 00:52:24,800

slips you're like oops

1422

00:52:27,510 --> 00:52:26,240

you know what i'm saying like you just

1423

00:52:29,190 --> 00:52:27,520

don't think about it right but you're

1424

00:52:30,829 --> 00:52:29,200

doing all these negative things and not

1425

00:52:33,990 --> 00:52:30,839

even thinking about it

1426

00:52:37,270 --> 00:52:34,000

um and so it's not so much that like

1427

00:52:39,510 --> 00:52:37,280

it's their fault right it's like

1428

00:52:41,829 --> 00:52:39,520

monkey see monkey do like you just get

1429

00:52:43,589 --> 00:52:41,839

the negative attitude and then you stack

1430

00:52:45,430 --> 00:52:43,599

on well i don't give a [h\_\_h] and then you

1431

00:52:47,430 --> 00:52:45,440

stack on more negative [h\_\_h] and you

1432

00:52:49,990 --> 00:52:47,440

start desensitizing yourself to things

1433

00:52:52,069 --> 00:52:50,000

like you know certain types of violences

1434

00:52:54,549 --> 00:52:52,079

and and all kinds of [h\_\_h] so then you

1435

00:52:56,630 --> 00:52:54,559

become real desensitized you become very

1436

00:52:58,470 --> 00:52:56,640

heavy you can become very dense you're

1437

00:53:00,309 --> 00:52:58,480

not a very light thinker you know what

1438

00:53:01,990 --> 00:53:00,319

i'm saying you're not staying positive

1439

00:53:03,990 --> 00:53:02,000

and that's how it just brings you down

1440

00:53:05,990 --> 00:53:04,000

you you you kind of are like what you

1441

00:53:07,750 --> 00:53:06,000

consume all the time and you know if

1442

00:53:09,750 --> 00:53:07,760

you're you know it just kind of depends

1443

00:53:11,349 --> 00:53:09,760

on like what you're into you know like

1444

00:53:14,390 --> 00:53:11,359

some people just hold a more negative

1445

00:53:16,069 --> 00:53:14,400

vibration without even realizing it yeah

1446

00:53:17,589 --> 00:53:16,079

so it's not necessarily like a planned

1447

00:53:19,670 --> 00:53:17,599

thing it's just it's almost like i'm

1448

00:53:21,990 --> 00:53:19,680

gonna go back to religion man it's like

1449

00:53:24,069 --> 00:53:22,000

in christianity they teach that all

1450

00:53:26,630 --> 00:53:24,079

humans are innately evil like that's why

1451  
00:53:28,710 --> 00:53:26,640  
you try to baptize babies before they're

1452  
00:53:30,549 --> 00:53:28,720  
even like they even know that they have

1453  
00:53:32,710 --> 00:53:30,559  
a face and they're a human with a body

1454  
00:53:35,510 --> 00:53:32,720  
and stuff like to try to save their soul

1455  
00:53:38,309 --> 00:53:35,520  
and like it just yeah i i think that

1456  
00:53:39,990 --> 00:53:38,319  
makes sense for me is because like not

1457  
00:53:42,309 --> 00:53:40,000  
doesn't mean for me that that every

1458  
00:53:44,150 --> 00:53:42,319  
human's innately like gonna make bad

1459  
00:53:45,270 --> 00:53:44,160  
choices but i guess it's it's what

1460  
00:53:47,030 --> 00:53:45,280  
you're saying like

1461  
00:53:48,710 --> 00:53:47,040  
you make one you make another and it

1462  
00:53:50,630 --> 00:53:48,720  
feels good and you're like

1463  
00:53:52,790 --> 00:53:50,640

i'm lazy and let's just do this

1464

00:53:54,870 --> 00:53:52,800

or it just becomes part of culture right

1465

00:53:56,950 --> 00:53:54,880

or culture yeah he made a reference that

1466

00:53:59,030 --> 00:53:56,960

like you see something like you know

1467

00:54:00,069 --> 00:53:59,040

like there's a murder today blah blah

1468

00:54:01,990 --> 00:54:00,079

blah

1469

00:54:03,990 --> 00:54:02,000

some some street it's on the news you're

1470

00:54:06,309 --> 00:54:04,000

like man that's unfortunate right what's

1471

00:54:08,470 --> 00:54:06,319

on channel seven like

1472

00:54:11,589 --> 00:54:08,480

yeah like shoot so that maybe that's the

1473

00:54:13,829 --> 00:54:11,599

definition of free will is like saying

1474

00:54:15,829 --> 00:54:13,839

hey yeah i can't really like become a

1475

00:54:17,829 --> 00:54:15,839

millionaire tomorrow but i can choose to

1476  
00:54:20,630 --> 00:54:17,839  
not surround myself with negativity all

1477  
00:54:21,990 --> 00:54:20,640  
day and like like lean into gossip and

1478  
00:54:23,510 --> 00:54:22,000  
[h\_\_\h]

1479  
00:54:25,270 --> 00:54:23,520  
yeah it's like a personal thing that you

1480  
00:54:27,910 --> 00:54:25,280  
could do you know individually right

1481  
00:54:29,109 --> 00:54:27,920  
raising your vibration if we all did it

1482  
00:54:31,270 --> 00:54:29,119  
individually it would become

1483  
00:54:33,270 --> 00:54:31,280  
collectively and then

1484  
00:54:35,109 --> 00:54:33,280  
you have a you know higher vibration but

1485  
00:54:36,950 --> 00:54:35,119  
i mean like you know

1486  
00:54:39,030 --> 00:54:36,960  
some people it's easier for some people

1487  
00:54:40,309 --> 00:54:39,040  
than it is for others right

1488  
00:54:42,150 --> 00:54:40,319

it doesn't mean that if you want to have

1489

00:54:43,990 --> 00:54:42,160

a high vibration you got to become like

1490

00:54:45,190 --> 00:54:44,000

a vegan right you can still eat meat if

1491

00:54:47,190 --> 00:54:45,200

you want to it's gonna be a little more

1492

00:54:49,270 --> 00:54:47,200

difficult yeah it's gonna be a little

1493

00:54:51,030 --> 00:54:49,280

more a little more difficult right

1494

00:54:52,549 --> 00:54:51,040

because it's a low vibrational food but

1495

00:54:54,390 --> 00:54:52,559

it doesn't mean that you can't do it it

1496

00:54:56,710 --> 00:54:54,400

seems more of like a mindset type thing

1497

00:54:57,510 --> 00:54:56,720

than anything yeah if you ask me

1498

00:55:00,710 --> 00:54:57,520

you know

1499

00:55:04,309 --> 00:55:00,720

dude it's crazy just i thought uh i used

1500

00:55:07,910 --> 00:55:04,319

to eat a lot of steak like a lot dude uh

1501

00:55:10,390 --> 00:55:07,920

and and i i guess like past like six

1502

00:55:12,390 --> 00:55:10,400

months or whatever shit's gonna go been

1503

00:55:14,470 --> 00:55:12,400

going really good like my daughter was

1504

00:55:16,710 --> 00:55:14,480

more you know like i feel like i've been

1505

00:55:19,190 --> 00:55:16,720

just like really positive last like six

1506

00:55:21,190 --> 00:55:19,200

months or so and i've really eaten like

1507

00:55:23,030 --> 00:55:21,200

way less meat because i haven't even

1508

00:55:24,549 --> 00:55:23,040

like craved it like i haven't wanted it

1509

00:55:26,309 --> 00:55:24,559

like at all

1510

00:55:28,390 --> 00:55:26,319

yeah like i'll eat maybe a steak like

1511

00:55:30,390 --> 00:55:28,400

every like maybe like once a month yeah

1512

00:55:32,789 --> 00:55:30,400

and it's very good i don't even like i

1513

00:55:34,870 --> 00:55:32,799

don't even crave barbecue anymore which

1514

00:55:37,190 --> 00:55:34,880

that used to be my freaking

1515

00:55:39,430 --> 00:55:37,200

uh you know crutch like i

1516

00:55:41,510 --> 00:55:39,440

love barbecue but yeah i don't know it's

1517

00:55:42,549 --> 00:55:41,520

an interesting thing that i've noticed

1518

00:55:43,910 --> 00:55:42,559

but like

1519

00:55:45,829 --> 00:55:43,920

i don't know just thinking about like

1520

00:55:47,589 --> 00:55:45,839

eating a steak right now sounds awesome

1521

00:55:49,750 --> 00:55:47,599

i would love to have a steak but like i

1522

00:55:51,349 --> 00:55:49,760

don't yeah i don't like constantly like

1523

00:55:53,670 --> 00:55:51,359

creating all the time like i used to

1524

00:55:55,109 --> 00:55:53,680

yeah yeah yeah

1525

00:55:56,470 --> 00:55:55,119

maybe there's something to do with it i

1526  
00:55:57,430 --> 00:55:56,480  
don't think i'll ever become vegan

1527  
00:55:59,270 --> 00:55:57,440  
though

1528  
00:56:02,549 --> 00:55:59,280  
no hell no

1529  
00:56:04,950 --> 00:56:02,559  
the [h\_\_\h]

1530  
00:56:07,190 --> 00:56:04,960  
that's some low dimensional vibrational

1531  
00:56:09,349 --> 00:56:07,200  
[h\_\_\h] dude do you like to like choose to

1532  
00:56:10,789 --> 00:56:09,359  
only like i'm not going to even think

1533  
00:56:12,630 --> 00:56:10,799  
about it like

1534  
00:56:14,470 --> 00:56:12,640  
maybe you're like so far against the

1535  
00:56:16,710 --> 00:56:14,480  
like cross the line that there's no

1536  
00:56:18,789 --> 00:56:16,720  
vibration yeah you're so negative about

1537  
00:56:21,750 --> 00:56:18,799  
your veganism

1538  
00:56:23,349 --> 00:56:21,760

towards everybody else

1539

00:56:25,109 --> 00:56:23,359

the moment you start

1540

00:56:26,069 --> 00:56:25,119

talking about it

1541

00:56:29,190 --> 00:56:26,079

um

1542

00:56:31,510 --> 00:56:29,200

at the thanksgiving table

1543

00:56:33,349 --> 00:56:31,520

listen to me [h\_\_h] my vibrations are so

1544

00:56:36,150 --> 00:56:33,359

high right now

1545

00:56:37,990 --> 00:56:36,160

you can't even hang

1546

00:56:41,589 --> 00:56:38,000

mom

1547

00:56:44,150 --> 00:56:41,599

[Laughter]

1548

00:56:46,630 --> 00:56:44,160

you know [h\_\_h] about vibrations do you

1549

00:56:47,750 --> 00:56:46,640

now hand me that turkey turkey gravy

1550

00:56:49,510 --> 00:56:47,760

yeah

1551  
00:56:51,190 --> 00:56:49,520  
dude turkey gravy is the best gravy i'm

1552  
00:56:52,870 --> 00:56:51,200  
sorry but it is

1553  
00:56:56,470 --> 00:56:52,880  
it's so good

1554  
00:56:58,390 --> 00:56:56,480  
oh gosh darn good that's right uh

1555  
00:57:00,789 --> 00:56:58,400  
dude we're at the top of we made it an

1556  
00:57:02,549 --> 00:57:00,799  
hour uh do you want to look at some more

1557  
00:57:04,470 --> 00:57:02,559  
uh i forgot to even show some of these

1558  
00:57:06,710 --> 00:57:04,480  
photos man yeah we could show a couple

1559  
00:57:09,990 --> 00:57:06,720  
of photos these photos man

1560  
00:57:14,069 --> 00:57:10,000  
of joe's uh butthole

1561  
00:57:14,079 --> 00:57:19,990  
so that's the dude that's the man

1562  
00:57:24,789 --> 00:57:21,910  
he took this picture at the mall

1563  
00:57:27,109 --> 00:57:24,799

it's his linkedin profile

1564

00:57:29,430 --> 00:57:27,119

those are the uh

1565

00:57:33,030 --> 00:57:29,440

i'm gonna do it again i cannot andromeda

1566

00:57:34,870 --> 00:57:33,040

geez man supposedly dragons yeah hell i

1567

00:57:36,950 --> 00:57:34,880

know some are somewhere like silverish

1568

00:57:41,510 --> 00:57:36,960

some are blue with a uh like a very

1569

00:57:42,710 --> 00:57:41,520

sneaky yet sexy smile i don't know

1570

00:57:44,950 --> 00:57:42,720

uh

1571

00:57:48,710 --> 00:57:44,960

that's a goo person

1572

00:57:50,789 --> 00:57:48,720

from south park it has to be dude

1573

00:57:52,950 --> 00:57:50,799

he looks like he he sells peanut butter

1574

00:57:55,270 --> 00:57:52,960

is that the bill are those the builders

1575

00:57:57,349 --> 00:57:55,280

they do you guys uh do you like chunky

1576

00:57:59,829 --> 00:57:57,359

or smooth

1577

00:58:04,710 --> 00:57:59,839

it might oh no i i could be a it could

1578

00:58:11,030 --> 00:58:08,870

the the uh see this is what always like

1579

00:58:13,510 --> 00:58:11,040

messes me up right

1580

00:58:15,030 --> 00:58:13,520

the last picture was a blue and a silver

1581

00:58:16,549 --> 00:58:15,040

thing

1582

00:58:19,589 --> 00:58:16,559

the next picture

1583

00:58:21,589 --> 00:58:19,599

is this mini-me looking thing like hey

1584

00:58:22,870 --> 00:58:21,599

are they that different

1585

00:58:24,710 --> 00:58:22,880

you know

1586

00:58:26,069 --> 00:58:24,720

not really dude

1587

00:58:29,270 --> 00:58:26,079

they just look like they're definitely

1588

00:58:31,430 --> 00:58:29,280

from two separate places right big eyes

1589

00:58:32,549 --> 00:58:31,440

yeah

1590

00:58:34,630 --> 00:58:32,559

i don't know this guy looks like he

1591

00:58:36,230 --> 00:58:34,640

wants to sell me a car

1592

00:58:38,150 --> 00:58:36,240

with his turtleneck i don't know i'm

1593

00:58:39,910 --> 00:58:38,160

just i'm focusing on well they actually

1594

00:58:41,750 --> 00:58:39,920

have turtlenecks too maybe they are from

1595

00:58:43,670 --> 00:58:41,760

the same place

1596

00:58:46,150 --> 00:58:43,680

i don't know they seem nice all of them

1597

00:58:49,109 --> 00:58:46,160

it's kind of like in the first batman

1598

00:58:51,670 --> 00:58:49,119

you know how like how like uh uh the

1599

00:58:53,349 --> 00:58:51,680

joker you know he paints his face

1600

00:58:54,870 --> 00:58:53,359

to like

1601  
00:58:57,190 --> 00:58:54,880  
face color

1602  
00:58:59,349 --> 00:58:57,200  
you know jack nicholson how he like yeah

1603  
00:59:01,349 --> 00:58:59,359  
his his face is white you know but like

1604  
00:59:03,030 --> 00:59:01,359  
he has to paint his face like regular

1605  
00:59:05,589 --> 00:59:03,040  
face color pigment

1606  
00:59:06,950 --> 00:59:05,599  
um so he fits in with everybody else

1607  
00:59:08,309 --> 00:59:06,960  
when he's out in public

1608  
00:59:10,789 --> 00:59:08,319  
i don't think i watched that movie then

1609  
00:59:13,349 --> 00:59:10,799  
dude yeah is that like an old the old

1610  
00:59:15,589 --> 00:59:13,359  
jack nicholson batman where he's yeah

1611  
00:59:18,309 --> 00:59:15,599  
where he's the where he's the joker yeah

1612  
00:59:20,150 --> 00:59:18,319  
he falls into that that tub and then

1613  
00:59:22,150 --> 00:59:20,160

like when he gets out his face is all

1614

00:59:24,470 --> 00:59:22,160

like white and [h\_\_h]

1615

00:59:27,750 --> 00:59:24,480

and then so he ends up like having to

1616

00:59:29,270 --> 00:59:27,760

like paint skin color on his face and so

1617

00:59:30,710 --> 00:59:29,280

like when he sweats and he's going all

1618

00:59:32,309 --> 00:59:30,720

crazy and [h\_\_h] you can see it like

1619

00:59:34,069 --> 00:59:32,319

wiping off and so you see the white

1620

00:59:36,710 --> 00:59:34,079

poking through it makes it look all

1621

00:59:38,470 --> 00:59:36,720

crazy and stuff yeah dude cool i need to

1622

00:59:40,789 --> 00:59:38,480

watch that move yeah with bruce willis

1623

00:59:43,430 --> 00:59:40,799

and yeah bruce willis has set it down

1624

00:59:46,390 --> 00:59:43,440

but yeah he's about he's batman

1625

00:59:48,950 --> 00:59:46,400

okay not gonna watch that movie

1626

00:59:55,270 --> 00:59:48,960

i missed i've missed a lot

1627

01:00:00,630 --> 00:59:57,910

is this this one remember fifth element

1628

01:00:03,109 --> 01:00:00,640

oh you're like you weren't looking that

1629

01:00:04,950 --> 01:00:03,119

uh that is not her she reminds me of the

1630

01:00:06,230 --> 01:00:04,960

the the the that's all for the that's a

1631

01:00:11,109 --> 01:00:06,240

boy

1632

01:00:19,589 --> 01:00:11,119

this was a chick she's wearing makeup no

1633

01:00:19,599 --> 01:00:23,750

sorry i'm looking at uh

1634

01:00:30,390 --> 01:00:25,829

uh i'm sorry dude it's michael keaton my

1635

01:00:35,589 --> 01:00:31,349

is

1636

01:00:37,589 --> 01:00:35,599

fellow

1637

01:00:41,030 --> 01:00:37,599

oh wait wait don't

1638

01:00:44,230 --> 01:00:41,040

last time we played something on youtube

1639

01:00:47,589 --> 01:00:44,240

ah censorship um anyway

1640

01:00:50,470 --> 01:00:47,599

what's next oh is that all i got oh

1641

01:00:53,190 --> 01:00:50,480

okay so this is uh uh a

1642

01:00:57,030 --> 01:00:53,200

a star constellation

1643

01:00:58,870 --> 01:00:57,040

of andromeda andromedon uh stars which

1644

01:01:00,309 --> 01:00:58,880

is kind of cool i don't know

1645

01:01:01,510 --> 01:01:00,319

but i thought it was cool

1646

01:01:03,910 --> 01:01:01,520

it says the

1647

01:01:07,430 --> 01:01:03,920

tr triangulum i just love that word

1648

01:01:07,440 --> 01:01:11,990

case

1649

01:01:16,150 --> 01:01:14,230

is that uh so like when you flip it is

1650

01:01:19,030 --> 01:01:16,160

it

1651

01:01:22,710 --> 01:01:19,040

is that is that looking back at earth

1652

01:01:27,510 --> 01:01:24,870

is that uh

1653

01:01:29,430 --> 01:01:27,520

is that orion's belt right there right

1654

01:01:33,349 --> 01:01:29,440

is that the if you like if you flip it

1655

01:01:35,670 --> 01:01:33,359

that's the that's the guy right oh uh i

1656

01:01:37,430 --> 01:01:35,680

don't think because it's so because

1657

01:01:38,630 --> 01:01:37,440

ryan's belt is like horizontal and then

1658

01:01:40,950 --> 01:01:38,640

he's like he has a bow i don't think

1659

01:01:43,829 --> 01:01:40,960

this is all right yeah but like if you

1660

01:01:46,309 --> 01:01:43,839

if you if you look at it like this

1661

01:01:48,150 --> 01:01:46,319

i mean yeah there's three stars there

1662

01:01:49,990 --> 01:01:48,160

and he's totally holding something in

1663

01:01:51,510 --> 01:01:50,000

front of him right

1664

01:01:54,309 --> 01:01:51,520

i think you could be right i don't know

1665

01:01:55,589 --> 01:01:54,319

though i i have no i i have no idea

1666

01:01:57,829 --> 01:01:55,599

maybe it's not saying

1667

01:01:59,270 --> 01:01:57,839

from their perspective

1668

01:02:00,470 --> 01:01:59,280

that's what i was thinking it was like

1669

01:02:02,630 --> 01:02:00,480

looking back at her from their

1670

01:02:04,069 --> 01:02:02,640

perspective maybe dude

1671

01:02:06,309 --> 01:02:04,079

[h\_\_h] all right we don't know enough but

1672

01:02:09,029 --> 01:02:06,319

that's a zoomed out version it's uh in

1673

01:02:10,470 --> 01:02:09,039

caso cassiopeia

1674

01:02:11,589 --> 01:02:10,480

castle p p

1675

01:02:13,190 --> 01:02:11,599

p

1676

01:02:14,309 --> 01:02:13,200

and then

1677

01:02:16,390 --> 01:02:14,319

i mean

1678

01:02:18,470 --> 01:02:16,400

dude it'd be totally cool if she came

1679

01:02:20,230 --> 01:02:18,480

and hung out with us

1680

01:02:23,589 --> 01:02:20,240

all i'm saying is that all the pictures

1681

01:02:28,390 --> 01:02:26,069

yeah well they just ask uh alex collier

1682

01:02:30,069 --> 01:02:28,400

what they look like

1683

01:02:31,190 --> 01:02:30,079

i don't know why they don't why are they

1684

01:02:33,270 --> 01:02:31,200

all these different

1685

01:02:34,789 --> 01:02:33,280

interpretations of what they look like

1686

01:02:36,789 --> 01:02:34,799

come on dude

1687

01:02:37,829 --> 01:02:36,799

if we've seen them we should have a

1688

01:02:43,990 --> 01:02:37,839

picture

1689

01:02:45,510 --> 01:02:44,000

reason why we don't have like

1690

01:02:48,630 --> 01:02:45,520

crystal clear photos other than skinny

1691

01:02:50,789 --> 01:02:48,640

bob of aliens is because of that whole

1692

01:02:53,750 --> 01:02:50,799

time manipulation thing within if any

1693

01:02:57,670 --> 01:02:53,760

photo comes out any clear photo of you

1694

01:02:59,029 --> 01:02:57,680

of ufos or craft or et comes out like

1695

01:03:00,470 --> 01:02:59,039

we're they're gonna know about it and

1696

01:03:04,069 --> 01:03:00,480

change time right

1697

01:03:06,069 --> 01:03:04,079

i mean yeah

1698

01:03:09,109 --> 01:03:06,079

it could but they could also just stand

1699

01:03:11,349 --> 01:03:09,119

still for a second you know

1700

01:03:13,589 --> 01:03:11,359

well in that timeline they they probably

1701

01:03:16,150 --> 01:03:13,599

did let it happen

1702

01:03:18,230 --> 01:03:16,160

and then we're in the timeline where

1703

01:03:20,549 --> 01:03:18,240

they fixed it

1704

01:03:22,309 --> 01:03:20,559

oh we're only conscious in that timeline

1705

01:03:25,190 --> 01:03:22,319

yeah that's possible

1706

01:03:27,109 --> 01:03:25,200

like that timeline still exists but like

1707

01:03:29,829 --> 01:03:27,119

any time you change time i guess with

1708

01:03:31,270 --> 01:03:29,839

that theory like of

1709

01:03:33,910 --> 01:03:31,280

there's probably a name for it but like

1710

01:03:36,069 --> 01:03:33,920

it still goes on there like it still

1711

01:03:38,390 --> 01:03:36,079

happens and who knows what happened

1712

01:03:41,270 --> 01:03:38,400

after everybody saw a photo of

1713

01:03:43,109 --> 01:03:41,280

the an alien or ufo like clearly yeah

1714

01:03:44,789 --> 01:03:43,119

you know maybe maybe we'll

1715

01:03:46,470 --> 01:03:44,799

live that out and then just see what

1716

01:03:48,549 --> 01:03:46,480

happens but it'll be dope i'd like to

1717

01:03:50,710 --> 01:03:48,559

get a picture of anything clearly that'd

1718

01:03:52,390 --> 01:03:50,720

be so cool dude

1719

01:03:53,670 --> 01:03:52,400

that'd be so cool if they're made out of

1720

01:03:55,510 --> 01:03:53,680

light though it's really hard to capture

1721

01:03:59,349 --> 01:03:55,520

like it's hard to take photos of of

1722

01:04:01,510 --> 01:03:59,359

light yeah to see thee more clearly

1723

01:04:04,549 --> 01:04:01,520

to hear thee

1724

01:04:07,109 --> 01:04:04,559

more near more gooder

1725

01:04:08,630 --> 01:04:07,119

wait that's actually good what is that

1726

01:04:11,510 --> 01:04:08,640

is that is it a poem

1727

01:04:14,150 --> 01:04:11,520

it's a song but it's also

1728

01:04:16,309 --> 01:04:14,160

a quote from uh

1729

01:04:19,109 --> 01:04:16,319

uh meet the parents

1730

01:04:20,630 --> 01:04:19,119

when he's sitting at the at the table

1731

01:04:22,470 --> 01:04:20,640

and they're like greg you want to say a

1732

01:04:24,230 --> 01:04:22,480

prayer they're like oh

1733

01:04:27,589 --> 01:04:24,240

greg's jewish dad and he's like no no

1734

01:04:29,430 --> 01:04:27,599

it's cool i mean you know we still pray

1735

01:04:32,870 --> 01:04:29,440

he's like thank you

1736

01:04:36,150 --> 01:04:34,710

he's like we hope to

1737

01:04:39,430 --> 01:04:36,160

uh

1738

01:04:45,270 --> 01:04:39,440

to see these see thee more nearly

1739

01:04:50,470 --> 01:04:46,069

more

1740

01:04:54,390 --> 01:04:53,349

yeah it's like the best that's the best

1741

01:04:56,870 --> 01:04:54,400

uh

1742

01:04:58,470 --> 01:04:56,880

like when when like the person doing the

1743

01:05:00,950 --> 01:04:58,480

prayer doesn't know

1744

01:05:02,870 --> 01:05:00,960

like the like it's all like repetitive

1745

01:05:04,390 --> 01:05:02,880

stuff you know like

1746

01:05:06,150 --> 01:05:04,400

like you know it when the person's like

1747

01:05:08,950 --> 01:05:06,160

not like this is my first time or maybe

1748

01:05:11,349 --> 01:05:08,960

i don't do it often yeah

1749

01:05:13,109 --> 01:05:11,359

i hate that like sometimes i'll go to

1750

01:05:15,029 --> 01:05:13,119

family functions like

1751

01:05:17,109 --> 01:05:15,039

joe you want to say that prayer i'm like

1752

01:05:20,069 --> 01:05:17,119

say my mom does that to me all the time

1753

01:05:22,549 --> 01:05:20,079

bro i'm like no

1754

01:05:24,789 --> 01:05:22,559

she did it uh to me during thanksgiving

1755

01:05:26,069 --> 01:05:24,799

one year and i like i like made a big

1756

01:05:28,309 --> 01:05:26,079

deal out of it i didn't like i didn't

1757

01:05:30,710 --> 01:05:28,319

get mad i was just like i was like i

1758

01:05:33,349 --> 01:05:30,720

showered down on it i was like

1759

01:05:36,870 --> 01:05:33,359

good lord

1760

01:05:38,789 --> 01:05:36,880

we come here today

1761

01:05:41,190 --> 01:05:38,799

like she had guests over that like like

1762

01:05:43,510 --> 01:05:41,200

none of us knew that she was like

1763

01:05:44,309 --> 01:05:43,520

i'm having it was the woman that made

1764

01:05:47,190 --> 01:05:44,319

that

1765

01:05:48,870 --> 01:05:47,200

sewed her custom drapery like her sheep

1766

01:05:50,630 --> 01:05:48,880

so she was like a friend of a friend

1767

01:05:52,630 --> 01:05:50,640

that was like lonely for the

1768

01:05:55,670 --> 01:05:52,640

thanksgiving she was a very nice lady

1769

01:05:57,670 --> 01:05:55,680

but she was very embarrassed

1770

01:06:02,069 --> 01:05:57,680

she she hasn't asked me to do it uh ever

1771

01:06:07,349 --> 01:06:05,270

on one of the sides of my family dude we

1772

01:06:09,190 --> 01:06:07,359

they always like bust out like at

1773

01:06:11,829 --> 01:06:09,200

christmas time they always bust out like

1774

01:06:12,710 --> 01:06:11,839

these these uh

1775

01:06:17,109 --> 01:06:12,720

little

1776

01:06:20,309 --> 01:06:17,119

gotta read them and every year i always

1777

01:06:23,349 --> 01:06:20,319

change words to like star wars format

1778

01:06:28,470 --> 01:06:26,309

yeah i mean like yoda format

1779

01:06:30,470 --> 01:06:28,480

yeah i just i dude i do everything like

1780

01:06:33,670 --> 01:06:30,480

in in star wars i talk about like the

1781

01:06:36,789 --> 01:06:33,680

evil empire

1782

01:06:38,549 --> 01:06:36,799

i talk about like like like tatooine

1783

01:06:40,710 --> 01:06:38,559

and like all these different places like

1784

01:06:42,789 --> 01:06:40,720

when they talk about being in heaven or

1785

01:06:44,309 --> 01:06:42,799

is like you know like whatever so give

1786

01:06:46,710 --> 01:06:44,319

me examples so like you get like you get

1787

01:06:48,870 --> 01:06:46,720

like an excerpt from the bible it's like

1788

01:06:50,470 --> 01:06:48,880

yeah it'll talk about like it'll it'll

1789

01:06:52,230 --> 01:06:50,480

kind of be like say like it'll talk

1790

01:06:53,349 --> 01:06:52,240

about like punches pilate or whatever

1791

01:06:54,950 --> 01:06:53,359

it'll be talking about like they're

1792

01:06:55,910 --> 01:06:54,960

about to put jesus to death and stuff

1793

01:06:57,190 --> 01:06:55,920

like that

1794

01:06:59,430 --> 01:06:57,200

you know and i'll talk about like the

1795

01:07:01,750 --> 01:06:59,440

emperor and like how the rebellion needs

1796

01:07:05,029 --> 01:07:01,760

to stand up um

1797

01:07:08,069 --> 01:07:05,039

you know to the to the empire

1798

01:07:10,630 --> 01:07:08,079

it's just a genius yeah

1799

01:07:12,789 --> 01:07:10,640

yeah i love that so much dude i might i

1800

01:07:15,270 --> 01:07:12,799

might uh

1801

01:07:17,109 --> 01:07:15,280

i might have to uh steal that or

1802

01:07:18,630 --> 01:07:17,119

maybe we'll combine our thanksgiving so

1803

01:07:19,990 --> 01:07:18,640

we can

1804

01:07:21,750 --> 01:07:20,000

be so funny

1805

01:07:23,109 --> 01:07:21,760

like

1806

01:07:25,510 --> 01:07:23,119

i wanted i want to do

1807

01:07:28,390 --> 01:07:25,520

yoda's voice and read off

1808

01:07:31,029 --> 01:07:28,400

read off a a script scripture

1809

01:07:33,510 --> 01:07:31,039

see i don't even know the terms of the

1810

01:07:35,349 --> 01:07:33,520

yeah there's some the palms psalms

1811

01:07:37,270 --> 01:07:35,359

psalms scriptures i think they're

1812

01:07:38,630 --> 01:07:37,280

different psalms are like songs psalms

1813

01:07:40,950 --> 01:07:38,640

are songs

1814

01:07:43,510 --> 01:07:40,960

those are those are hymns and they can

1815

01:07:45,430 --> 01:07:43,520

be found in the hymnal

1816

01:07:49,829 --> 01:07:45,440

what are psalms though

1817

01:07:53,109 --> 01:07:49,839

psalms are the things that they say um

1818

01:07:55,910 --> 01:07:54,390

so they do

1819

01:07:58,470 --> 01:07:55,920

the uh what was the first one that we

1820

01:08:00,950 --> 01:07:58,480

said it was these no not psalms it was

1821

01:08:03,349 --> 01:08:00,960

the scripture scripture yeah they read

1822

01:08:05,029 --> 01:08:03,359

from the scripture and then they they do

1823

01:08:09,510 --> 01:08:05,039

they do the psalm

1824

01:08:14,549 --> 01:08:13,190

hell yeah hell yeah it makes total sense

1825

01:08:17,910 --> 01:08:14,559

it's not going to think about it thank

1826

01:08:22,550 --> 01:08:19,590

all right well um

1827

01:08:24,390 --> 01:08:22,560

well we need to like get more

1828

01:08:27,510 --> 01:08:24,400

like we need to dive into this way

1829

01:08:29,430 --> 01:08:27,520

deeper and do a another episode well if

1830

01:08:31,669 --> 01:08:29,440

we can get uh if we could even email us

1831

01:08:33,349 --> 01:08:31,679

back then um you know we won't have a

1832

01:08:36,070 --> 01:08:33,359

situation like we did uh with chris

1833

01:08:38,789 --> 01:08:36,080

spledso or we did an episode on him and

1834

01:08:40,229 --> 01:08:38,799

then met him we missed it we got a bunch

1835

01:08:43,590 --> 01:08:40,239

of stuff wrong

1836

01:08:45,669 --> 01:08:43,600

oh we got it all right dude we did

1837

01:08:47,030 --> 01:08:45,679

we were just

1838

01:08:52,550 --> 01:08:47,040

very

1839

01:08:53,829 --> 01:08:52,560

that's but it's true it wasn't it's not

1840

01:08:55,430 --> 01:08:53,839

wrong

1841

01:08:56,870 --> 01:08:55,440

we just yeah we were having fun with it

1842

01:08:58,709 --> 01:08:56,880

we just didn't know we didn't know how

1843

01:09:00,229 --> 01:08:58,719

big of a deal it was

1844

01:09:02,630 --> 01:09:00,239

oh

1845

01:09:08,070 --> 01:09:02,640

he was alone

1846

01:09:11,990 --> 01:09:10,390

i had like a like dayquil or nyquil

1847

01:09:13,189 --> 01:09:12,000

during the day well i didn't have any

1848

01:09:15,349 --> 01:09:13,199

day cool

1849

01:09:17,349 --> 01:09:15,359

and so i drank some nyquil because like

1850

01:09:18,950 --> 01:09:17,359

i was getting all stuffy like in that

1851  
01:09:20,950 --> 01:09:18,960  
episode you can hear me like sniffing a

1852  
01:09:23,349 --> 01:09:20,960  
lot and i was getting real stuffy so

1853  
01:09:25,030 --> 01:09:23,359  
like and then on top of the beers that i

1854  
01:09:27,269 --> 01:09:25,040  
had so like

1855  
01:09:28,950 --> 01:09:27,279  
[h\_\_h] didn't we get high or no i don't

1856  
01:09:30,789 --> 01:09:28,960  
know if we hit it or not maybe we could

1857  
01:09:32,390 --> 01:09:30,799  
we got we definitely got the giggles

1858  
01:09:33,669 --> 01:09:32,400  
though

1859  
01:09:34,390 --> 01:09:33,679  
we've only been high for like two

1860  
01:09:35,829 --> 01:09:34,400  
episodes

1861  
01:09:37,590 --> 01:09:35,839  
and i think that might

1862  
01:09:38,950 --> 01:09:37,600  
if any one of the ones i would it might

1863  
01:09:39,990 --> 01:09:38,960

have been one that might have been the

1864

01:09:43,110 --> 01:09:40,000

one yeah

1865

01:09:43,829 --> 01:09:43,120

it is because we did the whole uh

1866

01:09:45,030 --> 01:09:43,839

uh

1867

01:09:47,669 --> 01:09:45,040

the mispronunciation the

1868

01:09:49,669 --> 01:09:47,679

mispronunciation stuff

1869

01:09:51,269 --> 01:09:49,679

we laughed way too hard yeah that's what

1870

01:09:53,110 --> 01:09:51,279

it was yeah it was that one and then we

1871

01:09:59,350 --> 01:09:53,120

were talking about the pizza the

1872

01:10:04,550 --> 01:10:03,270

like when you listen back it's like okay

1873

01:10:07,189 --> 01:10:04,560

dude we were definitely hyped for that

1874

01:10:08,790 --> 01:10:07,199

one yeah yeah i see where this is going

1875

01:10:10,630 --> 01:10:08,800

and i'm excited

1876

01:10:13,110 --> 01:10:10,640

i can't see i can't wait to see what

1877

01:10:15,430 --> 01:10:13,120

these fellas develop into

1878

01:10:18,310 --> 01:10:15,440

hell yeah 45 minutes into it really okay

1879

01:10:20,870 --> 01:10:18,320

okay okay let's talk about

1880

01:10:22,709 --> 01:10:20,880

the chris bledsoe story

1881

01:10:25,189 --> 01:10:22,719

all right so alex collier if you're

1882

01:10:29,990 --> 01:10:25,199

listening dude which you know

1883

01:10:34,630 --> 01:10:32,310

great it's fun it's fun to listen to it

1884

01:10:37,350 --> 01:10:34,640

is fun as [h\_\_h] i don't know if what he

1885

01:10:40,229 --> 01:10:37,360

said is true at all but it's so much fun

1886

01:10:44,149 --> 01:10:40,239

to listen to and sometimes you need a

1887

01:10:45,350 --> 01:10:44,159

break uh you know like from all the

1888

01:10:47,510 --> 01:10:45,360

from all the

1889

01:10:49,350 --> 01:10:47,520

stuff the stuff that's like actually

1890

01:10:51,189 --> 01:10:49,360

happening i did that in air quotes for

1891

01:10:53,189 --> 01:10:51,199

those just listening yeah the news the

1892

01:10:54,630 --> 01:10:53,199

new cycle that's happening now it's like

1893

01:10:56,470 --> 01:10:54,640

ah man

1894

01:10:58,870 --> 01:10:56,480

i just want to have fun and like talk

1895

01:11:01,510 --> 01:10:58,880

about like cracked out [h\_\_h] that like

1896

01:11:03,669 --> 01:11:01,520

like like inspires ideas and stuff you

1897

01:11:05,189 --> 01:11:03,679

know yeah dude yeah because like now

1898

01:11:07,430 --> 01:11:05,199

i've been seeing that new article like

1899

01:11:09,510 --> 01:11:07,440

the pentagon released like 1500 pages of

1900

01:11:11,830 --> 01:11:09,520

stuff and like the big thing is like the

1901

01:11:14,470 --> 01:11:11,840

physical evidence that leaves and like

1902

01:11:16,709 --> 01:11:14,480

how people have had like radiation burns

1903

01:11:19,030 --> 01:11:16,719

and loss of hair and eyesight

1904

01:11:21,669 --> 01:11:19,040

malfunctioning it's like no yeah no [h\_\_h]

1905

01:11:23,990 --> 01:11:21,679

again like

1906

01:11:26,390 --> 01:11:24,000

people have been experiencers have been

1907

01:11:27,830 --> 01:11:26,400

saying that

1908

01:11:29,669 --> 01:11:27,840

i don't know it's it's like one of those

1909

01:11:30,470 --> 01:11:29,679

catch-22s it's like i'm really happy

1910

01:11:32,149 --> 01:11:30,480

that

1911

01:11:34,229 --> 01:11:32,159

there's some vindication happening like

1912

01:11:36,070 --> 01:11:34,239

finally yeah yeah

1913

01:11:37,750 --> 01:11:36,080

but then it's like are we all just gonna

1914

01:11:38,870 --> 01:11:37,760

grab one of the most obvious [h\_\_h]

1915

01:11:39,750 --> 01:11:38,880

possible

1916

01:11:41,270 --> 01:11:39,760

like

1917

01:11:43,510 --> 01:11:41,280

hey you know how people have been saying

1918

01:11:45,750 --> 01:11:43,520

this for a long ass time

1919

01:11:47,270 --> 01:11:45,760

here it is like it's almost just like a

1920

01:11:48,709 --> 01:11:47,280

thing that you have to like hold up in

1921

01:11:50,229 --> 01:11:48,719

front of your friends like that's all

1922

01:11:52,070 --> 01:11:50,239

these pentagon reports are they're like

1923

01:11:54,229 --> 01:11:52,080

look the pentagon said it like it's it's

1924

01:11:56,630 --> 01:11:54,239

like the only leverage that you get now

1925

01:11:58,709 --> 01:11:56,640

right yeah you it's still the same [h\_\_h]

1926

01:12:00,470 --> 01:11:58,719

you've been talking about for years now

1927

01:12:03,990 --> 01:12:00,480

you just get to hold up a piece of paper

1928

01:12:05,350 --> 01:12:04,000

it's like yeah the pentagon said it too

1929

01:12:07,510 --> 01:12:05,360

also and then your friends think you're

1930

01:12:09,669 --> 01:12:07,520

dumb even more because they're like what

1931

01:12:11,430 --> 01:12:09,679

the [h\_\_\h] do you know about the pentagon

1932

01:12:12,630 --> 01:12:11,440

and you're like well let me

1933

01:12:15,430 --> 01:12:12,640

nothing i'm just saying that they wrote

1934

01:12:19,110 --> 01:12:16,790

i know you don't get lost in the parking

1935

01:12:20,870 --> 01:12:19,120

lot they don't find that very funny

1936

01:12:22,470 --> 01:12:20,880

they will [h\_\_\h] escort you out there

1937

01:12:24,390 --> 01:12:22,480

real fast especially if they know you

1938

01:12:26,390 --> 01:12:24,400

don't know where you're going

1939

01:12:29,189 --> 01:12:26,400

if you're driving a suspiciously brown

1940

01:12:31,830 --> 01:12:29,199

vehicle like a very rusted vehicle that

1941

01:12:33,910 --> 01:12:31,840

is also a van making very loud noises

1942

01:12:35,910 --> 01:12:33,920

they will find you immediately yeah they

1943

01:12:39,189 --> 01:12:35,920

follow the smoke trail dude there's

1944

01:12:40,550 --> 01:12:39,199

another rusted out br brown van

1945

01:12:42,630 --> 01:12:40,560

that's uh

1946

01:12:46,070 --> 01:12:42,640

uh driving in circles and they keep

1947

01:12:46,950 --> 01:12:46,080

looking out the window at us like

1948

01:12:51,430 --> 01:12:46,960

it's just

1949

01:12:54,630 --> 01:12:51,440

painting the lone rangers on the side

1950

01:12:58,630 --> 01:12:54,640

it says inconspicuous it's

1951

01:13:02,790 --> 01:12:59,830

i think they think that their windows

1952

01:13:05,750 --> 01:13:02,800

are a lot more tinted than they know

1953

01:13:08,950 --> 01:13:05,760

like the windows are like rolled down

1954

01:13:15,110 --> 01:13:11,270

anybody see us

1955

01:13:20,470 --> 01:13:18,709

uh we're looking for aliens

1956

01:13:21,830 --> 01:13:20,480

right here i'm here to talk to that

1957

01:13:25,430 --> 01:13:21,840

[h\_\_\h] guy that keeps writing these

1958

01:13:30,470 --> 01:13:27,910

like i i mean yeah i do i want to talk

1959

01:13:32,229 --> 01:13:30,480

to the guy there's got to be one guy

1960

01:13:33,189 --> 01:13:32,239

that's in charge of okay send it to

1961

01:13:35,590 --> 01:13:33,199

stanley

1962

01:13:36,870 --> 01:13:35,600

he'll make it okay we're we're we're

1963

01:13:38,870 --> 01:13:36,880

letting this out everybody we're in the

1964

01:13:41,590 --> 01:13:38,880

greens okay send it to us so like okay

1965

01:13:43,830 --> 01:13:41,600

so like they say okay look

1966

01:13:44,830 --> 01:13:43,840

there's stuff in the sky

1967

01:13:47,750 --> 01:13:44,840

low

1968

01:13:49,270 --> 01:13:47,760

observables don't you know

1969

01:13:50,550 --> 01:13:49,280

yeah they're there they're in the air

1970

01:13:52,229 --> 01:13:50,560

space

1971

01:13:53,750 --> 01:13:52,239

we've gotta fight it up not the generals

1972

01:13:55,830 --> 01:13:53,760

they're not right and now and now we get

1973

01:13:57,110 --> 01:13:55,840

the next one it's like

1974

01:13:59,270 --> 01:13:57,120

you remember that [h\_\_h] we said was

1975

01:14:01,430 --> 01:13:59,280

flying in the sky

1976

01:14:03,270 --> 01:14:01,440

well now you lose your hair if you get

1977

01:14:05,189 --> 01:14:03,280

close to them and you get radiation

1978

01:14:08,470 --> 01:14:05,199

burns and it's like i have like this

1979

01:14:09,669 --> 01:14:08,480

universal brain drama okay

1980

01:14:11,669 --> 01:14:09,679

so like

1981

01:14:13,430 --> 01:14:11,679

we need to get that report that's like

1982

01:14:16,149 --> 01:14:13,440

okay

1983

01:14:18,630 --> 01:14:16,159

we saw one this is where it came from

1984

01:14:21,270 --> 01:14:18,640

and this is what it looked like

1985

01:14:22,550 --> 01:14:21,280

so that's the one we need yeah yeah we

1986

01:14:26,950 --> 01:14:22,560

saw one

1987

01:14:29,669 --> 01:14:26,960

we we saw

1988

01:14:31,030 --> 01:14:29,679

something it doesn't matter they could

1989

01:14:32,630 --> 01:14:31,040

be like i don't know what the [h\_\_h] it

1990

01:14:34,470 --> 01:14:32,640

was

1991

01:14:37,189 --> 01:14:34,480

but it came at a spaceship

1992

01:14:38,870 --> 01:14:37,199

right or like it it uh teleported in

1993

01:14:39,990 --> 01:14:38,880

front of me like whatever we just need

1994

01:14:41,430 --> 01:14:40,000

to hear

1995

01:14:44,390 --> 01:14:41,440

we saw one

1996

01:14:46,630 --> 01:14:44,400

or just written in plain english

1997

01:14:48,950 --> 01:14:46,640

like yeah

1998

01:14:51,910 --> 01:14:48,960

yeah yeah yeah here's the photo this is

1999

01:14:56,390 --> 01:14:53,990

the two most important documents in

2000

01:15:00,070 --> 01:14:56,400

united states history we the people

2001

01:15:04,070 --> 01:15:01,270

yeah they're going to be right next to

2002

01:15:07,590 --> 01:15:05,750

that's a great sequel and then the day

2003

01:15:09,430 --> 01:15:07,600

that they released uh that they saw an

2004

01:15:11,270 --> 01:15:09,440

alien then you'll know that you're in

2005

01:15:12,790 --> 01:15:11,280

that timeline

2006

01:15:14,870 --> 01:15:12,800

that the grays weren't allowed to go

2007

01:15:16,630 --> 01:15:14,880

back and change time because they

2008

01:15:20,070 --> 01:15:16,640

allowed us to see it

2009

01:15:22,229 --> 01:15:20,080

yeah so real quick before we move on uh

2010

01:15:24,550 --> 01:15:22,239

is that report you were talking about

2011

01:15:26,870 --> 01:15:24,560

the 1500 page report that was released

2012

01:15:28,470 --> 01:15:26,880

recently like a couple weeks ago yeah

2013

01:15:30,950 --> 01:15:28,480

about the radiation burns and like the

2014

01:15:32,390 --> 01:15:30,960

uh the the pregnancy

2015

01:15:35,990 --> 01:15:32,400

yeah yeah so

2016

01:15:39,030 --> 01:15:36,000

it was reportedly released uh via foia

2017

01:15:42,229 --> 01:15:39,040

request from the pentagon to the sun in

2018

01:15:44,070 --> 01:15:42,239

this news outlet but the report itself

2019

01:15:46,870 --> 01:15:44,080

you can't find it online i even tweeted

2020

01:15:49,189 --> 01:15:46,880

about it uh and a couple people sent me

2021

01:15:50,950 --> 01:15:49,199

some uh uh some links that are not i

2022

01:15:52,709 --> 01:15:50,960

mean

2023

01:15:54,070 --> 01:15:52,719

they're not the 1500 page report there

2024

01:15:55,510 --> 01:15:54,080

was a couple and i do hey if you're

2025

01:15:57,830 --> 01:15:55,520

listening and you did send me that thank

2026

01:15:59,189 --> 01:15:57,840

you uh but i mean

2027

01:16:22,630 --> 01:15:59,199

i

2028

01:16:24,070 --> 01:16:22,640

80s

2029

01:16:25,510 --> 01:16:24,080

anyways the pentagon came out of the

2030

01:16:27,270 --> 01:16:25,520

report and it says exactly what george

2031

01:16:28,790 --> 01:16:27,280

knapp said in the 80s now this is why

2032

01:16:30,790 --> 01:16:28,800

it's before he waited like we wouldn't

2033

01:16:32,390 --> 01:16:30,800

like jeremy corbell mode

2034

01:16:34,149 --> 01:16:32,400

he was like i got some [h\_\_h] to say

2035

01:16:36,709 --> 01:16:34,159

everybody shut the [h\_\_h] up and listen to

2036

01:16:38,070 --> 01:16:36,719

me i got this sweet ass beard and i want

2037

01:16:39,830 --> 01:16:38,080

to tell you something through it all

2038

01:16:41,750 --> 01:16:39,840

right he's so well he's

2039

01:16:44,149 --> 01:16:41,760

he's such he's such a well-spoken dude

2040

01:16:46,070 --> 01:16:44,159

he's so well also uh did you see his

2041

01:16:47,830 --> 01:16:46,080

background in the video like

2042

01:16:50,550 --> 01:16:47,840

bro dope background you got that

2043

01:16:53,910 --> 01:16:50,560

typewriter and the big ass safe bro that

2044

01:16:56,550 --> 01:16:55,189

he's like as soon as i get off this

2045

01:16:59,030 --> 01:16:56,560

interview i'm gonna type some [h\_\_h] and

2046

01:17:01,590 --> 01:16:59,040

put it in that safe

2047

01:17:04,550 --> 01:17:01,600

today i

2048

01:17:07,990 --> 01:17:04,560

dear diary we saw one it's me

2049

01:17:13,750 --> 01:17:10,790

2050

01:17:13,760 --> 01:17:18,149

2051  
01:17:21,669 --> 01:17:20,630  
800 years in the in the future somebody

2052  
01:17:24,630 --> 01:17:21,679  
finds

2053  
01:17:27,270 --> 01:17:24,640  
that safe and they crack it open and

2054  
01:17:29,669 --> 01:17:27,280  
they look at there's thousands of pages

2055  
01:17:33,430 --> 01:17:29,679  
and they're like

2056  
01:17:38,709 --> 01:17:35,590  
hey

2057  
01:17:40,149 --> 01:17:38,719

sweet baby

2060  
01:17:47,669 --> 01:17:46,480  
jc i was talking about aliens today

2061  
01:17:49,750 --> 01:17:47,679  
and uh

2062  
01:17:53,430 --> 01:17:49,760  
i told him i did it

2063  
01:17:54,709 --> 01:17:53,440

i saw him dude i i just yeah

2064

01:17:56,310 --> 01:17:54,719

2069

01:18:13,750 --> 01:18:06,840

hey baby hey

2070

01:18:13,760 --> 01:18:17,030

what are you dorks off to

2071

01:18:19,270 --> 01:18:17,830

hey

2072

01:18:21,030 --> 01:18:19,280

nothing man we just wanted we just

2073

01:18:22,950 --> 01:18:21,040

wanted to talk to you we just wanted you

2074

01:18:24,470 --> 01:18:22,960

to come on our podcast we've been

2075

01:18:26,149 --> 01:18:24,480

wanting to hang out and talk about your

2076

01:18:27,990 --> 01:18:26,159

movies and [\h\_\_\h] just want to talk about

2077

01:18:29,910 --> 01:18:28,000

aliens and [\h\_\_\h]

2078

01:18:30,870 --> 01:18:29,920

just talk to us about aliens

2079

01:18:33,189 --> 01:18:30,880

hey

2080

01:18:38,070 --> 01:18:33,199

you come on and talk to us about aliens

2081

01:18:44,070 --> 01:18:40,550

what does it mean may stand for mixed

2082

01:18:46,790 --> 01:18:44,080

martial arts mixed martial arts okay

2083

01:18:48,470 --> 01:18:46,800

so it's out of order

2084

01:18:50,790 --> 01:18:48,480

you don't you don't know what you don't

2085

01:18:55,110 --> 01:18:50,800

know what's coming first

2086

01:18:58,790 --> 01:18:56,870

that was not a planned joke or anything

2087

01:19:00,550 --> 01:18:58,800

i'm just literally just saying [\h\_\_\h]

2088

01:19:01,830 --> 01:19:00,560

that's [h\_\_\h] dumb yeah i'm out of

2089

01:19:04,310 --> 01:19:01,840

ideas

2090

01:19:11,350 --> 01:19:04,320

hell yeah dude all right uh

2091

01:19:16,470 --> 01:19:13,750

all right uh dude this was fun man uh

2092

01:19:18,709 --> 01:19:16,480

let's see if alex colyer gets back to us

2093

01:19:20,630 --> 01:19:18,719

we sent many emails today

2094

01:19:22,390 --> 01:19:20,640

we warned him that we would do this show

2095

01:19:24,470 --> 01:19:22,400

about him um

2096

01:19:25,910 --> 01:19:24,480

and well

2097

01:19:28,149 --> 01:19:25,920

you know we did he didn't get back to us

2098

01:19:29,910 --> 01:19:28,159

so we may have got some stuff wrong we

2099

01:19:31,669 --> 01:19:29,920

sent him a warning email that we will be

2100

01:19:34,149 --> 01:19:31,679

sending him many emails before we sent

2101

01:19:37,590 --> 01:19:34,159

them any emails and then and then i will

2102

01:19:39,669 --> 01:19:37,600

send him a very nice soft soft paper

2103

01:19:41,669 --> 01:19:39,679

letter

2104

01:19:43,669 --> 01:19:41,679

uh it'll be very strongly worded but

2105

01:19:46,709 --> 01:19:43,679

it'll be nice

2106

01:19:47,830 --> 01:19:46,719

and it smells good too it smelled good

2107

01:19:49,510 --> 01:19:47,840

oh yeah

2108

01:19:51,189 --> 01:19:49,520

all right dude

2109

01:19:53,510 --> 01:19:51,199

all right bro i'll uh i'll see you on

2110

01:19:55,669 --> 01:19:53,520

2118

01:20:18,070 --> 01:20:12,560

this has been it has been i think

2119

01:20:20,550 --> 01:20:19,110

he knows

2120

01:20:23,189 --> 01:20:20,560
