

MOVIE REVIEW

COSMOS

1
00:00:03,390 --> 00:00:01,510
yeah we gotta we got a movie to review

2
00:00:06,389 --> 00:00:03,400
dude are you ready bro

3
00:00:08,629 --> 00:00:06,399
cosmos no poop scene two hours and eight

4
00:00:10,549 --> 00:00:08,639
minutes into the movie no poop scene it

5
00:00:13,030 --> 00:00:10,559
is so well shot

6
00:00:15,430 --> 00:00:13,040
it is it like is so beautiful the

7
00:00:16,790 --> 00:00:15,440
cinematography the cinematic language

8
00:00:19,429 --> 00:00:16,800
they knew what they were doing these

9
00:00:22,950 --> 00:00:19,439
filmmakers are [h__h] top-notch holy

10
00:00:25,269 --> 00:00:22,960
[h__h] the actors the script oh

11
00:00:26,950 --> 00:00:25,279
dude such a great film it's british okay

12
00:00:28,710 --> 00:00:26,960
so what most people don't know about

13
00:00:31,830 --> 00:00:28,720

cosmos is that

14

00:00:32,630 --> 00:00:31,840

cosmos is a sequel

15

00:00:34,150 --> 00:00:32,640

to

16

00:00:36,150 --> 00:00:34,160

those kids they make that doggy

17

00:00:39,910 --> 00:00:36,160

spaceship and they fly to space we talk

18

00:00:41,750 --> 00:00:39,920

about explorers explorers yes this is

19

00:00:43,990 --> 00:00:41,760

those fools growing up

20

00:00:46,709 --> 00:00:44,000

the explorers growing up dude they all

21

00:00:48,229 --> 00:00:46,719

like work at mit and harvard except for

22

00:00:49,750 --> 00:00:48,239

like they're in europe or whatever so

23

00:00:51,270 --> 00:00:49,760

whatever that means are you showing the

24

00:00:52,790 --> 00:00:51,280

end of the movie at the beginning or the

25

00:00:55,110 --> 00:00:52,800

review should i not do that have you

26

00:00:57,029 --> 00:00:55,120

started the review yet three dudes and

27

00:00:58,470 --> 00:00:57,039

amateur astronomers they go out to this

28

00:01:00,630 --> 00:00:58,480

field we don't know why

29

00:01:02,549 --> 00:01:00,640

all three of them are just uh

30

00:01:04,149 --> 00:01:02,559

zany

31

00:01:06,149 --> 00:01:04,159

computer scientist guy looking at

32

00:01:07,510 --> 00:01:06,159

satellites as they're tracking this

33

00:01:09,109 --> 00:01:07,520

satellite

34

00:01:11,990 --> 00:01:09,119

they come across some

35

00:01:14,390 --> 00:01:12,000

an anomaly they find this pulse homeboy

36

00:01:16,469 --> 00:01:14,400

in the middle sends out a a recorded

37

00:01:18,950 --> 00:01:16,479

message they hit his [h__\h] right it comes

38

00:01:20,310 --> 00:01:18,960

back to him he records it keeps it all

39

00:01:22,310 --> 00:01:20,320

saved

40

00:01:23,910 --> 00:01:22,320

takes a nap

41

00:01:25,590 --> 00:01:23,920

while he's in this nap dude yeah there's

42

00:01:27,109 --> 00:01:25,600

a lot of napping in this yeah the guy's

43

00:01:28,710 --> 00:01:27,119

napping and all of a sudden this

44

00:01:29,910 --> 00:01:28,720

frequency like pops up again and he

45

00:01:31,510 --> 00:01:29,920

hears it and he's like whoa what the

46

00:01:33,350 --> 00:01:31,520

hell is that so then he starts like

47

00:01:35,190 --> 00:01:33,360

recording all this [h__h] they end up like

48

00:01:36,870 --> 00:01:35,200

hooking up all these like uh these

49

00:01:39,510 --> 00:01:36,880

little antennas trying to triangulate

50

00:01:42,310 --> 00:01:39,520

this position you're scared in the sky

51
00:01:45,190 --> 00:01:42,320
[h__h] starts to fry everything fries

52
00:01:46,789 --> 00:01:45,200
after this this blackout this surge

53
00:01:49,990 --> 00:01:46,799
that all the data that they've they've

54
00:01:52,069 --> 00:01:50,000
recorded is gonna be poof gone

55
00:01:54,310 --> 00:01:52,079
like to save all this data like they

56
00:01:57,429 --> 00:01:54,320
have to like race across town they get

57
00:01:59,109 --> 00:01:57,439
to geraldo's hou uh place of work and

58
00:02:02,600 --> 00:01:59,119
they charge the battery yeah and there's
