we joe and i both have daughters and uh

18

00:01:12,550 --> 00:01:07,119

we're

19

00:01:15,109 --> 00:01:12,560

20

00:01:16,469 --> 00:01:15,119

is yeah it's like it was cute baby poop

21

00:01:19,190 --> 00:01:16,479

and now it's like

22

00:01:21,109 --> 00:01:19,200

like like turds and stuff like it's like

23

00:01:23,510 --> 00:01:21,119

24

00:01:25,749 --> 00:01:23,520

25

00:01:28,310 --> 00:01:25,759

27

00:01:32,310 --> 00:01:30,400

35

00:01:52,469 --> 00:01:49,680

just

36

00:01:54,020 --> 00:01:52,479

real shiny for us tonight i love his

37

00:01:55,990 --> 00:01:54,030

shiny shower videos

38

00:01:57,749 --> 00:01:56,000

[Music]

39

00:02:03,030 --> 00:01:57,759

so

40

00:02:06,230 --> 00:02:03,040

those videos

41

00:02:08,070 --> 00:02:06,240

he's like he's shirtless he's glistening

42

00:02:09,589 --> 00:02:08,080

this is like behind the scenes like just

43

00:02:10,790 --> 00:02:09,599

say what's up you know we're talking

44

00:02:12,710 --> 00:02:10,800

about

45

00:02:15,430 --> 00:02:12,720

hey paul bunyan here

46

00:02:17,670 --> 00:02:15,440

how's everybody doing tonight

47

00:02:21,030 --> 00:02:17,680

he's got like a like a like a shower cap

48

00:02:23,030 --> 00:02:21,040

on and a loofah on a stick you know

49

00:02:25,030 --> 00:02:23,040

uh oh we got spooky in the house what's

50

00:02:27,030 --> 00:02:25,040

up brother

51  
00:02:28,070 --> 00:02:27,040  
dude

52  
00:02:29,190 --> 00:02:28,080  
uh

53  
00:02:30,949 --> 00:02:29,200  
dude what are you drinking tonight man

54  
00:02:33,350 --> 00:02:30,959  
what's what's that beer is that um i'm

55  
00:02:39,430 --> 00:02:33,360  
i'm drinking that that uh

56  
00:02:45,509 --> 00:02:42,869  
isn't that a that's a german uh uh uh

57  
00:02:48,550 --> 00:02:45,519  
sloppal it's a it's a german

58  
00:02:48,560 --> 00:02:53,110  
and everybody's talking about it

59  
00:03:00,949 --> 00:02:56,949  
no

60  
00:03:02,710 --> 00:03:00,959  
the time you're like you never had it

61  
00:03:04,550 --> 00:03:02,720  
they just started like distributing it

62  
00:03:06,710 --> 00:03:04,560  
down in our area

63  
00:03:09,670 --> 00:03:06,720

very recently and so i i picked up some

64

00:03:11,910 --> 00:03:09,680

and it is really good it is

65

00:03:13,509 --> 00:03:11,920

hell yeah well you cut out a lot during

66

00:03:14,949 --> 00:03:13,519

that there was it was pretty glitchy so

67

00:03:17,350 --> 00:03:14,959

i got a little bit of that something

68

00:03:18,710 --> 00:03:17,360

about it being not in texas and now now

69

00:03:21,509 --> 00:03:18,720

it is

70

00:03:24,470 --> 00:03:21,519

oh yeah can you hear me now

71

00:03:26,229 --> 00:03:24,480

i carry you just fine is it me

72

00:03:29,670 --> 00:03:26,239

i never know if it's saying anything

73

00:03:31,270 --> 00:03:29,680

important uh you can hear me perfectly

74

00:03:33,670 --> 00:03:31,280

uh willie said that was now that was

75

00:03:35,509 --> 00:03:33,680

very odd

76

00:03:36,710 --> 00:03:35,519

it's the it's the it's the letter

77

00:03:37,670 --> 00:03:36,720

agencies

78

00:03:38,789 --> 00:03:37,680

it's the

79

00:03:40,710 --> 00:03:38,799

odd

80

00:03:42,470 --> 00:03:40,720

they're tapping my my headphones right

81

00:03:49,509 --> 00:03:42,480

now yeah i did

82

00:03:54,550 --> 00:03:51,509

purple people leader uh headphones dude

83

00:03:56,070 --> 00:03:54,560

yeah dude oh yeah they're customs

84

00:03:57,670 --> 00:03:56,080

they are custom though like it was

85

00:04:00,390 --> 00:03:57,680

they're they're like very expensive

86

00:04:01,990 --> 00:04:00,400

right yeah like they made like they made

87

00:04:04,470 --> 00:04:02,000

them like

88

00:04:06,710 --> 00:04:04,480

they were like 375 bucks

89

00:04:08,229 --> 00:04:06,720

which is so bad it's so specific but

90

00:04:09,910 --> 00:04:08,239

yeah it's not it's like just enough

91

00:04:11,350 --> 00:04:09,920

where it's you know if it was 500 bucks

92

00:04:13,429 --> 00:04:11,360

it'd be like meh

93

00:04:15,670 --> 00:04:13,439

our our intro song sounds dope as [h\_\_h]

94

00:04:17,990 --> 00:04:15,680

in these hell yeah that's real good i

95

00:04:19,110 --> 00:04:18,000

like it i like it i like it a lot dude i

96

00:04:21,030 --> 00:04:19,120

want to play it again can we play it

97

00:04:22,310 --> 00:04:21,040

again let's play it again just a little

98

00:04:23,980 --> 00:04:22,320

bit

99

00:04:34,070 --> 00:04:23,990

it works for me

100

00:04:37,350 --> 00:04:34,080

[Music]

101

00:04:39,670 --> 00:04:37,360

dude i mean come on

102

00:04:41,670 --> 00:04:39,680

it's got fart noises in it it's great i

103

00:04:43,270 --> 00:04:41,680

like it dude so what's been going on in

104

00:04:45,909 --> 00:04:43,280

the world lately man

105

00:04:47,830 --> 00:04:45,919

oh my god lots of news no one's ever no

106

00:04:50,469 --> 00:04:47,840

one's heard about it yet it's very new

107

00:04:54,469 --> 00:04:50,479

it's breaking uh

108

00:04:55,670 --> 00:04:54,479

yesterday the georgia guide stones we've

109

00:04:58,310 --> 00:04:55,680

we've talked about the georgia

110

00:05:00,310 --> 00:04:58,320

guidestones on the podcast yeah

111

00:05:02,469 --> 00:05:00,320

somebody's like hey you know how i feel

112

00:05:05,029 --> 00:05:02,479

about your new world order

113

00:05:07,029 --> 00:05:05,039

yeah so if you guys haven't heard which

114

00:05:08,830 --> 00:05:07,039

is like highly unlikely if you're

115

00:05:12,550 --> 00:05:08,840

watching us right now georgia

116

00:05:15,670 --> 00:05:12,560

guidestones the the this this uh unnamed

117

00:05:18,870 --> 00:05:15,680

person funded this this construction of

118

00:05:21,749 --> 00:05:18,880

these monoliths there's four tablets

119

00:05:23,029 --> 00:05:21,759

that are like 10 feet tall 12 feet i

120

00:05:25,510 --> 00:05:23,039

don't know i don't know they're [h\_\_h]

121

00:05:26,710 --> 00:05:25,520

tall they're huge man made out of stone

122

00:05:28,310 --> 00:05:26,720

granite

123

00:05:30,870 --> 00:05:28,320

and uh

124

00:05:32,230 --> 00:05:30,880

chiseled on each side of these are these

125

00:05:35,430 --> 00:05:32,240

like rules

126

00:05:37,670 --> 00:05:35,440

uh on how to maintain

127

00:05:40,469 --> 00:05:37,680

a one world government one world order

128

00:05:41,830 --> 00:05:40,479

and it's like it goes into details about

129

00:05:43,029 --> 00:05:41,840

keeping the population down to a

130

00:05:45,909 --> 00:05:43,039

specific number

131

00:05:48,710 --> 00:05:45,919

and it's like hey you know uh

132

00:05:51,029 --> 00:05:48,720

don't shave your balls on on sundays

133

00:05:53,590 --> 00:05:51,039

uh that's a friday through saturday

134

00:05:55,830 --> 00:05:53,600

that's a friday only

135

00:05:57,350 --> 00:05:55,840

and uh yeah that's a lot a lot of weird

136

00:06:00,629 --> 00:05:57,360

a lot of weird [h\_\_\h]

137

00:06:01,830 --> 00:06:00,639

i've we've known about it for a while

138

00:06:04,230 --> 00:06:01,840

uh

139

00:06:06,629 --> 00:06:04,240

but i've never really like thought how

140

00:06:08,309 --> 00:06:06,639

weird it was until it got blown up

141

00:06:12,309 --> 00:06:08,319

yesterday dude

142

00:06:14,309 --> 00:06:12,319

um i can only uh oh here we go

143

00:06:16,390 --> 00:06:14,319

and honestly dude what do you think do

144

00:06:17,909 --> 00:06:16,400

you think this was an explosion or do

145

00:06:19,029 --> 00:06:17,919

you think it was a lightning strike do

146

00:06:22,150 --> 00:06:19,039

you think this is

147

00:06:24,790 --> 00:06:22,160

i think i think where it's built right i

148

00:06:26,950 --> 00:06:24,800

think there's like a dude who who like

149

00:06:30,230 --> 00:06:26,960

who lives there you know like he's been

150

00:06:32,309 --> 00:06:30,240

living there a long time right and like

151

00:06:34,150 --> 00:06:32,319

they didn't know they built that in like

152

00:06:35,350 --> 00:06:34,160

his yard he just never went back there

153

00:06:37,029 --> 00:06:35,360

and then like one day he was i want to

154

00:06:38,870 --> 00:06:37,039

go explore over here and he like walked

155

00:06:40,390 --> 00:06:38,880

through this forest and he was like

156

00:06:42,550 --> 00:06:40,400

what the hell is that

157

00:06:43,749 --> 00:06:42,560

and so he's like trying to get rid of it

158

00:06:44,710 --> 00:06:43,759

i think they built it on some dude's

159

00:06:46,950 --> 00:06:44,720

land

160

00:06:48,550 --> 00:06:46,960

dude it could be that's what i think

161

00:06:50,390 --> 00:06:48,560

mean oh hell no

162

00:06:52,790 --> 00:06:50,400

i don't know i don't know about this i

163

00:06:54,870 --> 00:06:52,800

put up with too much no i'm just kidding

164

00:06:57,589 --> 00:06:54,880

dude i don't know it could

165

00:06:59,430 --> 00:06:57,599

it could i don't know okay so yeah the

166

00:07:01,189 --> 00:06:59,440

easy answer is like yeah it just got

167

00:07:03,350 --> 00:07:01,199

struck by lightning but like the cool

168

00:07:05,909 --> 00:07:03,360

answer is like yeah dude like somebody

169

00:07:07,990 --> 00:07:05,919

was like we don't want people to

170

00:07:10,230 --> 00:07:08,000

to think like this in the future which

171

00:07:11,990 --> 00:07:10,240

or or they're covering it up because

172

00:07:14,150 --> 00:07:12,000

it's about to go down and people don't

173

00:07:16,070 --> 00:07:14,160

want evidence that it was planned right

174

00:07:17,110 --> 00:07:16,080

like this new world order [h\_\_\h] that's

175

00:07:20,550 --> 00:07:17,120

happened like

176

00:07:21,589 --> 00:07:20,560

a lot of people on tick tock are saying

177

00:07:23,189 --> 00:07:21,599

like

178

00:07:25,110 --> 00:07:23,199

we're going to a one world government

179

00:07:27,110 --> 00:07:25,120

like this we're living in the end times

180

00:07:28,870 --> 00:07:27,120

i mean that's like the the cynical way

181

00:07:30,629 --> 00:07:28,880

of looking at at the times right now i

182

00:07:32,309 --> 00:07:30,639

think just nobody likes change things

183

00:07:33,830 --> 00:07:32,319

are just changing way too fast way too

184

00:07:35,990 --> 00:07:33,840

frequently

185

00:07:37,830 --> 00:07:36,000

uh doesn't necessarily mean it's the the

186

00:07:38,710 --> 00:07:37,840

end of times that's just me personally

187

00:07:41,589 --> 00:07:38,720

but

188

00:07:42,469 --> 00:07:41,599

uh the the i like thinking about the

189

00:07:47,110 --> 00:07:42,479

the

190

00:07:47,990 --> 00:07:47,120

was fingers pointed at a uh a political

191

00:07:50,150 --> 00:07:48,000

figure

192

00:07:53,909 --> 00:07:50,160

i don't want to name names well i don't

193

00:07:58,629 --> 00:07:55,670

it's a political person who's been

194

00:08:00,469 --> 00:07:58,639

trying to like get get them uh get rid

195

00:08:02,309 --> 00:08:00,479

of them in the state of georgia and then

196

00:08:04,790 --> 00:08:02,319

stay to georgia for like a long time so

197

00:08:06,869 --> 00:08:04,800

everybody's like oh well this

198

00:08:08,469 --> 00:08:06,879

this lady's been talking about uh

199

00:08:09,830 --> 00:08:08,479

getting rid of him so let's ask her some

200

00:08:11,589 --> 00:08:09,840

questions i don't know what happened

201  
00:08:14,550 --> 00:08:11,599  
with that and then i saw on twitter i

202  
00:08:15,990 --> 00:08:14,560  
can't remember who uh said this but uh

203  
00:08:17,749 --> 00:08:16,000  
somebody said it looks like a lightning

204  
00:08:19,990 --> 00:08:17,759  
strike to me

205  
00:08:21,350 --> 00:08:20,000  
and if you watch the video like it looks

206  
00:08:26,550 --> 00:08:21,360  
it looks kind of like there's like this

207  
00:08:29,990 --> 00:08:28,790  
let's see what it looks like

208  
00:08:31,670 --> 00:08:30,000  
boo

209  
00:08:33,829 --> 00:08:31,680  
honestly to me it kind of looks like a

210  
00:08:36,550 --> 00:08:33,839  
missile coming from the bot like the top

211  
00:08:38,230 --> 00:08:36,560  
left it does it kind of does right i

212  
00:08:39,990 --> 00:08:38,240  
feel like we're watching like 911 all

213  
00:08:41,750 --> 00:08:40,000

over again like the the pentagon right

214

00:08:43,190 --> 00:08:41,760

like it just there's there's only one

215

00:08:45,590 --> 00:08:43,200

camera

216

00:08:49,829 --> 00:08:45,600

it's it it's really shitty

217

00:08:52,070 --> 00:08:49,839

it's the worst angle worst angle

218

00:08:53,670 --> 00:08:52,080

i mean

219

00:08:54,710 --> 00:08:53,680

i can't see the lightning that's a lot

220

00:08:58,550 --> 00:08:54,720

of smoke

221

00:09:00,790 --> 00:08:58,560

yeah unfortunately yeah this video you

222

00:09:02,230 --> 00:09:00,800

can't see the the lightning strike uh it

223

00:09:03,910 --> 00:09:02,240

would it might take me a while to find

224

00:09:05,750 --> 00:09:03,920

that specific video but it looks like

225

00:09:07,269 --> 00:09:05,760

somebody like drove an invisible truck

226

00:09:09,350 --> 00:09:07,279

into it

227

00:09:12,310 --> 00:09:09,360

it kind of does you know it's just like

228

00:09:13,670 --> 00:09:12,320

boom like it just freaking explodes out

229

00:09:15,590 --> 00:09:13,680

yeah

230

00:09:17,590 --> 00:09:15,600

it looks like this car okay so this car

231

00:09:18,710 --> 00:09:17,600

is kind of driving by the same time of

232

00:09:20,430 --> 00:09:18,720

night i guess because you could see like

233

00:09:23,829 --> 00:09:20,440

the smoke in the

234

00:09:25,590 --> 00:09:23,839

background oh [h\_\_h] like what the hell

235

00:09:26,949 --> 00:09:25,600

also who put that chain like chain link

236

00:09:30,630 --> 00:09:26,959

fence there that's not doing anything

237

00:09:32,310 --> 00:09:30,640

for anybody there's a huge gap or like

238

00:09:36,150 --> 00:09:32,320

it's like really small too you could

239

00:09:39,110 --> 00:09:37,910

gnomes do it that's the that's the kind

240

00:09:40,790 --> 00:09:39,120

of fence we're going to put around our

241

00:09:42,710 --> 00:09:40,800

yacht in the desert bro

242

00:09:45,670 --> 00:09:42,720

to keep people out yeah dude we're

243

00:09:49,829 --> 00:09:47,590

a trippy ship

244

00:09:52,150 --> 00:09:49,839

so like

245

00:09:54,790 --> 00:09:52,160

the smoke i don't know if it's windy i'm

246

00:09:57,430 --> 00:09:54,800

like trying to trying to get clues here

247

00:10:00,310 --> 00:09:57,440

but okay so first off

248

00:10:02,310 --> 00:10:00,320

fence too short short fence yeah way too

249

00:10:03,990 --> 00:10:02,320

short anybody can get through it anybody

250

00:10:06,550 --> 00:10:04,000

can just walk straight through man

251  
00:10:09,030 --> 00:10:06,560  
somebody with explosives could literally

252  
00:10:10,630 --> 00:10:09,040  
walk right up to it

253  
00:10:13,590 --> 00:10:10,640  
and there's there's there's security

254  
00:10:15,430 --> 00:10:13,600  
cameras but no gate i feel like bro i

255  
00:10:18,230 --> 00:10:15,440  
feel like somebody like

256  
00:10:20,870 --> 00:10:18,240  
had like a bazooka from from far away

257  
00:10:24,150 --> 00:10:20,880  
and like shot it and it was like

258  
00:10:26,150 --> 00:10:24,160  
it just like exploded it kind of looks

259  
00:10:29,110 --> 00:10:26,160  
like but like maybe instead of like a

260  
00:10:30,870 --> 00:10:29,120  
like like a real explosive like bazooka

261  
00:10:32,870 --> 00:10:30,880  
device it was still like a bazooka

262  
00:10:33,670 --> 00:10:32,880  
device with more of like a

263  
00:10:36,710 --> 00:10:33,680

uh

264

00:10:39,190 --> 00:10:36,720

you know like maybe like it's just heavy

265

00:10:40,949 --> 00:10:39,200

yeah it just shot like a ton like a

266

00:10:43,590 --> 00:10:40,959

tungsten uh

267

00:10:45,269 --> 00:10:43,600

projectile a big tungsten rod just

268

00:10:46,870 --> 00:10:45,279

shooting out of it yeah dude and then

269

00:10:48,550 --> 00:10:46,880

like they hit it that's what it looks

270

00:10:50,230 --> 00:10:48,560

like

271

00:10:52,150 --> 00:10:50,240

i know when i shoot a bottle rocket off

272

00:10:54,150 --> 00:10:52,160

it looks like that

273

00:10:55,910 --> 00:10:54,160

honestly it could be just a bottle

274

00:10:58,150 --> 00:10:55,920

rocket could it be a stray bottle rocket

275

00:11:00,470 --> 00:10:58,160

from a friendly neighbor who just went

276

00:11:02,710 --> 00:11:00,480

awry it's a big bottle rocket but you

277

00:11:04,150 --> 00:11:02,720

are in georgia so people were probably

278

00:11:07,190 --> 00:11:04,160

making their own bottle rockets out

279

00:11:08,550 --> 00:11:07,200

there what what if it was just it was

280

00:11:10,389 --> 00:11:08,560

just a uh

281

00:11:11,590 --> 00:11:10,399

it was just a stray bottle rocket dude

282

00:11:13,269 --> 00:11:11,600

that's what i'm i'm gonna stick with

283

00:11:14,630 --> 00:11:13,279

that i've never seen a bottle well i

284

00:11:16,550 --> 00:11:14,640

take that back

285

00:11:18,389 --> 00:11:16,560

there there was this guy down the street

286

00:11:21,590 --> 00:11:18,399

that that lit the shack on fire with a

287

00:11:24,630 --> 00:11:21,600

bottle rocket i used to know

288

00:11:25,990 --> 00:11:24,640

yeah they used to call fireman jim farm

289

00:11:27,430 --> 00:11:26,000

jim

290

00:11:29,590 --> 00:11:27,440

dude speaking of

291

00:11:32,150 --> 00:11:29,600

fireman fireman jim this guy looks like

292

00:11:33,509 --> 00:11:32,160

his his name is fireman jim uh

293

00:11:35,110 --> 00:11:33,519

what's up gary

294

00:11:36,470 --> 00:11:35,120

what's up dude

295

00:11:38,949 --> 00:11:36,480

gary what do you think dude what do you

296

00:11:41,110 --> 00:11:38,959

what do you think this is you think uh

297

00:11:43,590 --> 00:11:41,120

anything from a teenager to just an

298

00:11:45,590 --> 00:11:43,600

[h\_\_h]

299

00:11:47,430 --> 00:11:45,600

those are the one in the same sometimes

300

00:11:49,670 --> 00:11:47,440

yeah yeah true enough sounds like the

301

00:11:51,030 --> 00:11:49,680

same guy yeah i saw that

302

00:11:51,910 --> 00:11:51,040

i remember reading that article when

303

00:11:54,150 --> 00:11:51,920

that

304

00:11:56,790 --> 00:11:54,160

net was first put up and like

305

00:11:58,069 --> 00:11:56,800

all right that's kind of some weird ass

306

00:11:59,829 --> 00:11:58,079

[h\_\_\h] but

307

00:12:01,829 --> 00:11:59,839

then i probably forgot about it like

308

00:12:03,350 --> 00:12:01,839

everybody else you know you know what we

309

00:12:05,269 --> 00:12:03,360

really need to know is what color shirt

310

00:12:06,550 --> 00:12:05,279

the guy was wearing we could really put

311

00:12:08,949 --> 00:12:06,560

this together

312

00:12:10,230 --> 00:12:08,959

it wasn't it was probably blue

313

00:12:11,509 --> 00:12:10,240

people that's how people catch people

314

00:12:13,829 --> 00:12:11,519

right like

315

00:12:15,509 --> 00:12:13,839

what colors are was he wearing

316

00:12:17,430 --> 00:12:15,519

but check out the hat i just picked up

317

00:12:19,190 --> 00:12:17,440

today because i gotta walk around in the

318

00:12:20,710 --> 00:12:19,200

sun tomorrow dude that's pretty sick

319

00:12:22,310 --> 00:12:20,720

dude oh my god dude

320

00:12:24,230 --> 00:12:22,320

in the morning while it's still cool i

321

00:12:26,710 --> 00:12:24,240

can you know keep it up and just pop it

322

00:12:28,870 --> 00:12:26,720

down when the sun gets too hot oh god

323

00:12:30,389 --> 00:12:28,880

it's functional dude and like

324

00:12:31,750 --> 00:12:30,399

in the morning when it's real low and at

325

00:12:34,230 --> 00:12:31,760

night when it's real low you can just

326

00:12:35,990 --> 00:12:34,240

flip one side up oh yeah the side that

327

00:12:37,350 --> 00:12:36,000

you're not working on or i could be like

328

00:12:39,590 --> 00:12:37,360

you know kevin hart and just wear it

329

00:12:40,949 --> 00:12:39,600

sideways you're good

330

00:12:42,020 --> 00:12:40,959

honestly that looks dope you look like

331

00:12:43,829 --> 00:12:42,030

paddington bear dude

332

00:12:44,870 --> 00:12:43,839

[Laughter]

333

00:12:48,069 --> 00:12:44,880

sick

334

00:12:51,190 --> 00:12:48,079

yes yes hey how you been dude

335

00:12:53,910 --> 00:12:51,200

i'm pretty good man busy busy busy oh

336

00:12:57,190 --> 00:12:53,920

god busy i bet i bet hey we're in the

337

00:12:59,670 --> 00:12:57,200

same documentary dude i heard that yeah

338

00:13:02,310 --> 00:12:59,680

jody congratulations how are you doing

339

00:13:07,509 --> 00:13:04,310

it's literally like a like a four second

340

00:13:09,829 --> 00:13:07,519

a clip of me on totiwaba uh when i

341

00:13:12,550 --> 00:13:09,839

called in as little benjamin and and

342

00:13:14,310 --> 00:13:12,560

told of my my sleep paralysis story

343

00:13:16,069 --> 00:13:14,320

which i mean

344

00:13:18,470 --> 00:13:16,079

the the thing's still out i don't know

345

00:13:20,230 --> 00:13:18,480

i'm not saying i was abducted man

346

00:13:22,550 --> 00:13:20,240

it certainly looked like i was saying i

347

00:13:24,710 --> 00:13:22,560

was abducted in the film but you looked

348

00:13:26,629 --> 00:13:24,720

kind of kind of crazy though i look like

349

00:13:28,389 --> 00:13:26,639

a crazy person though you're like

350

00:13:30,389 --> 00:13:28,399

especially because they they cut in

351  
00:13:31,990 --> 00:13:30,399  
where she made this weird face like yeah

352  
00:13:33,750 --> 00:13:32,000  
dude whatever

353  
00:13:35,350 --> 00:13:33,760  
and the music's like very skeptical

354  
00:13:38,629 --> 00:13:35,360  
music it's like

355  
00:13:40,629 --> 00:13:38,639  
it's like the the little like

356  
00:13:42,949 --> 00:13:40,639  
it definitely i look like a [h\_\_h]

357  
00:13:45,030 --> 00:13:42,959  
crazy person that's for sure

358  
00:13:46,710 --> 00:13:45,040  
um you know what it's fine

359  
00:13:48,790 --> 00:13:46,720  
well

360  
00:13:50,710 --> 00:13:48,800  
i was pretty pretty much uh looked at as

361  
00:13:52,230 --> 00:13:50,720  
a crazy person until the government said

362  
00:13:52,700 --> 00:13:52,240  
yeah yeah like that that might have

363  
00:13:55,030 --> 00:13:52,710

happened

364

00:13:56,150 --> 00:13:55,040

[Laughter]

365

00:13:57,829 --> 00:13:56,160

yeah no no

366

00:13:59,430 --> 00:13:57,839

no yeah you were there yeah oh i was uh

367

00:14:00,470 --> 00:13:59,440

there was a guy in slacks yeah okay that

368

00:14:02,310 --> 00:14:00,480

checks out

369

00:14:04,069 --> 00:14:02,320

that's pretty much what happened no i i

370

00:14:06,069 --> 00:14:04,079

don't even think i would i told anybody

371

00:14:09,750 --> 00:14:06,079

unless i had at least

372

00:14:15,509 --> 00:14:10,629

uh

373

00:14:17,829 --> 00:14:15,519

what was the what was the filming like

374

00:14:20,629 --> 00:14:17,839

for that that to be uh

375

00:14:22,710 --> 00:14:20,639

they actually flew me to uh

376

00:14:24,550 --> 00:14:22,720

to roswell and i did my interview with

377

00:14:26,550 --> 00:14:24,560

there i actually met the ufo brothers

378

00:14:28,790 --> 00:14:26,560

while i was there

379

00:14:31,430 --> 00:14:28,800

and uh

380

00:14:34,230 --> 00:14:31,440

yeah so i mean it kind of kind of sucked

381

00:14:36,870 --> 00:14:34,240

so for me they flew me into that there's

382

00:14:38,710 --> 00:14:36,880

that little ass airport in roswell then

383

00:14:39,509 --> 00:14:38,720

there's an airport right in wasserall

384

00:14:42,470 --> 00:14:39,519

right

385

00:14:44,949 --> 00:14:42,480

but i was like the the hotel was far

386

00:14:45,829 --> 00:14:44,959

enough away where i couldn't hoof it but

387

00:14:51,189 --> 00:14:45,839

there was

388

00:14:53,110 --> 00:14:51,199

and the lift in town

389

00:14:54,310 --> 00:14:53,120

the only other person that did it was

390

00:14:55,990 --> 00:14:54,320

sick

391

00:14:57,590 --> 00:14:56,000

so i was literally sitting there for

392

00:15:00,470 --> 00:14:57,600

like two hours waiting for one of the

393

00:15:02,389 --> 00:15:00,480

production crew to come pick me up

394

00:15:04,230 --> 00:15:02,399

i just sat there i mean i got

395

00:15:06,790 --> 00:15:04,240

with my phone i pretty much

396

00:15:09,670 --> 00:15:06,800

run my whole company so i'm just i got

397

00:15:11,670 --> 00:15:09,680

emails to do anyways i got work

398

00:15:12,389 --> 00:15:11,680

just hanging out hanging at a roswell

399

00:15:14,150 --> 00:15:12,399

airport

400

00:15:16,629 --> 00:15:14,160

i mean talk about a monopoly on the

401  
00:15:19,670 --> 00:15:16,639  
system dude there's two dudes that

402  
00:15:21,430 --> 00:15:19,680  
drive uber and lyft bro

403  
00:15:23,509 --> 00:15:21,440  
there may be more but i mean that's the

404  
00:15:27,189 --> 00:15:23,519  
story i was getting at the time like the

405  
00:15:28,790 --> 00:15:27,199  
guy that does both is busy right now

406  
00:15:30,230 --> 00:15:28,800  
it's just one guy

407  
00:15:32,389 --> 00:15:30,240  
yeah

408  
00:15:34,870 --> 00:15:32,399  
i'm curious as to why he had both both

409  
00:15:36,150 --> 00:15:34,880  
abs like is there like well i always go

410  
00:15:38,710 --> 00:15:36,160  
back and forth i'm like one of those

411  
00:15:41,749 --> 00:15:38,720  
people that like if i didn't have usaa

412  
00:15:44,069 --> 00:15:41,759  
for everything now i'd before i had usaa

413  
00:15:46,790 --> 00:15:44,079

i would go through and just like price

414

00:15:48,150 --> 00:15:46,800

check everything so i always go to lyft

415

00:15:50,310 --> 00:15:48,160

and then i always go to uber see which

416

00:15:52,230 --> 00:15:50,320

one is cheaper at the time

417

00:15:53,590 --> 00:15:52,240

oh that might be why yeah like checking

418

00:15:54,870 --> 00:15:53,600

rates and stuff

419

00:15:56,790 --> 00:15:54,880

yeah because i'll be honest with you

420

00:15:59,110 --> 00:15:56,800

sometimes it's almost half the price on

421

00:16:00,629 --> 00:15:59,120

one or the other so i mean yeah it all

422

00:16:02,150 --> 00:16:00,639

depends on their availability because if

423

00:16:03,749 --> 00:16:02,160

there's just no cars they're like yeah

424

00:16:05,110 --> 00:16:03,759

it's gonna be like a hundred dollars

425

00:16:07,910 --> 00:16:05,120

then you go to the other app yeah we got

426

00:16:09,110 --> 00:16:07,920

15 cars it'll be like 13 you know so i'm

427

00:16:12,069 --> 00:16:09,120

like yeah

428

00:16:16,870 --> 00:16:15,189

so i uh if i was you go from uber and

429

00:16:19,670 --> 00:16:16,880

you're like i'm gonna go check lyft and

430

00:16:30,389 --> 00:16:19,680

you're like oh [h\_\_\h] it's the same guy

431

00:16:34,710 --> 00:16:32,870

if i was an uber driver and roswell i

432

00:16:35,350 --> 00:16:34,720

mean i'd have fun with it you know like

433

00:16:40,230 --> 00:16:35,360

i

434

00:16:42,310 --> 00:16:40,240

you know

435

00:16:46,790 --> 00:16:42,320

like a janet flight or

436

00:16:51,030 --> 00:16:48,150

i think i'd go the opposite way i'd get

437

00:16:52,870 --> 00:16:51,040

like one of those fake gold grills

438

00:16:54,550 --> 00:16:52,880

there's a big stupid dice in there just

439

00:16:55,590 --> 00:16:54,560

like everything pimped out with plush

440

00:17:00,389 --> 00:16:55,600

carpeting

441

00:17:01,590 --> 00:17:00,399

the most uncomfortable disco ball

442

00:17:03,350 --> 00:17:01,600

everything

443

00:17:07,590 --> 00:17:03,360

is jack garbage like too long like

444

00:17:11,270 --> 00:17:09,510

you could put an ice chest with yoo-hoo

445

00:17:12,710 --> 00:17:11,280

in it oh

446

00:17:14,549 --> 00:17:12,720

dude

447

00:17:16,549 --> 00:17:14,559

whoa whoa we gotta roll back a little

448

00:17:18,630 --> 00:17:16,559

bit that sounds like saying some some

449

00:17:20,789 --> 00:17:18,640

loving things over here thinking about

450

00:17:22,150 --> 00:17:20,799

me all day

451  
00:17:24,309 --> 00:17:22,160  
i hope you weren't pooping all day you

452  
00:17:27,350 --> 00:17:24,319  
don't have diarrhea do you

453  
00:17:28,710 --> 00:17:27,360  
big willy gary i was legit

454  
00:17:32,150 --> 00:17:28,720  
he was like he was on the toilet

455  
00:17:38,470 --> 00:17:32,950  
uh

456  
00:17:40,630 --> 00:17:38,480  
the shower so we you know he's you know

457  
00:17:41,590 --> 00:17:40,640  
he's still glistening

458  
00:17:44,470 --> 00:17:41,600  
um

459  
00:17:46,470 --> 00:17:44,480  
what uh so okay final thoughts before we

460  
00:17:48,470 --> 00:17:46,480  
move on to the next thing guys georgia

461  
00:17:49,909 --> 00:17:48,480  
georgia all right my final thought uh

462  
00:17:52,470 --> 00:17:49,919  
stop thinking about it all right let's

463  
00:17:56,230 --> 00:17:54,390

just someone someone said in the chat it

464

00:17:58,549 --> 00:17:56,240  
was just a distraction it's a it's

465

00:18:00,070 --> 00:17:58,559  
important news it's it's these are

466

00:18:01,990 --> 00:18:00,080  
somebody somebody did something somebody

467

00:18:03,909 --> 00:18:02,000  
did to make some stupid point it's

468

00:18:06,630 --> 00:18:03,919  
cancelled concert culture [h\_\_h] at

469

00:18:09,270 --> 00:18:06,640  
its finest so we just move on these are

470

00:18:11,430 --> 00:18:09,280  
not giving any these are stones that are

471

00:18:13,190 --> 00:18:11,440  
supposed to be like ancient scriptures

472

00:18:15,270 --> 00:18:13,200  
thousands of years from now so people

473

00:18:16,470 --> 00:18:15,280  
will know how to live

474

00:18:18,789 --> 00:18:16,480  
now what's going to end up happening is

475

00:18:21,029 --> 00:18:18,799  
we'll go extinct some some aliens will

476  
00:18:23,110 --> 00:18:21,039  
come down here and they'll be excavating

477  
00:18:25,669 --> 00:18:23,120  
like man these people are [h\_\_h] weird

478  
00:18:28,070 --> 00:18:26,870  
what they believed in they're gonna

479  
00:18:28,870 --> 00:18:28,080  
think this is what we believed in

480  
00:18:29,990 --> 00:18:28,880  
because it's the only thing that

481  
00:18:32,390 --> 00:18:30,000  
survived

482  
00:18:33,669 --> 00:18:32,400  
100

483  
00:18:35,669 --> 00:18:33,679  
also

484  
00:18:37,830 --> 00:18:35,679  
so not only like okay if we if we had

485  
00:18:39,830 --> 00:18:37,840  
just left them untouched

486  
00:18:41,190 --> 00:18:39,840  
somebody would think this was the the

487  
00:18:43,430 --> 00:18:41,200  
our stonehenge you know because it's

488  
00:18:45,830 --> 00:18:43,440

like aligned perfectly with the the the

489

00:18:47,590 --> 00:18:45,840

sun and like at certain times yeah but

490

00:18:50,070 --> 00:18:47,600

it's not that great because we have the

491

00:18:51,990 --> 00:18:50,080

technology to do that now

492

00:18:53,909 --> 00:18:52,000

i mean yeah on our iphones but if they

493

00:18:55,669 --> 00:18:53,919

didn't have a thousand years ago we just

494

00:18:57,909 --> 00:18:55,679

uncovered it yeah it would be like you

495

00:18:59,750 --> 00:18:57,919

know cool oh yeah that's just some

496

00:19:01,270 --> 00:18:59,760

[h\_\_h] with too much money yeah they

497

00:19:03,190 --> 00:19:01,280

just they just like ordered them on the

498

00:19:05,110 --> 00:19:03,200

back of a truck

499

00:19:06,630 --> 00:19:05,120

okay like he like went to the gravestone

500

00:19:10,789 --> 00:19:06,640

company goes okay so i went to

501  
00:19:13,270 --> 00:19:10,799  
gravestones but i want them really big

502  
00:19:14,870 --> 00:19:13,280  
the biggest ones you can make okay and i

503  
00:19:17,510 --> 00:19:14,880  
really want some funky [h\_\_h] written on

504  
00:19:18,789 --> 00:19:17,520  
the side i mean who whoever yeah whoever

505  
00:19:20,950 --> 00:19:18,799  
if that was a gravestone person they

506  
00:19:23,590 --> 00:19:20,960  
just retired after that project

507  
00:19:25,590 --> 00:19:23,600  
eight different languages please yeah

508  
00:19:28,150 --> 00:19:25,600  
dude oh yeah hell yeah

509  
00:19:29,990 --> 00:19:28,160  
so i wanted to add in closing or my

510  
00:19:32,310 --> 00:19:30,000  
closing thoughts joey you're you're st

511  
00:19:33,270 --> 00:19:32,320  
you've got you know but uh

512  
00:19:35,029 --> 00:19:33,280  
i thought it was weird that they

513  
00:19:36,710 --> 00:19:35,039

demolished the rest of it

514

00:19:39,270 --> 00:19:36,720

did you see that they demolished the

515

00:19:41,590 --> 00:19:39,280

rest of it see really the plan was let's

516

00:19:43,270 --> 00:19:41,600

let's pay this guy this crackhead 200

517

00:19:45,270 --> 00:19:43,280

bucks to go blow it up and then because

518

00:19:46,710 --> 00:19:45,280

they just didn't want it there and

519

00:19:48,230 --> 00:19:46,720

they're like okay well since it's

520

00:19:50,230 --> 00:19:48,240

slightly damaged let's just take the

521

00:19:53,190 --> 00:19:50,240

whole thing down

522

00:19:55,029 --> 00:19:53,200

i mean it was worth it that was the ploy

523

00:19:57,110 --> 00:19:55,039

just to get rid of it i think he was

524

00:19:59,110 --> 00:19:57,120

driving a toyota corolla i bet he had

525

00:20:00,630 --> 00:19:59,120

insurance on it whoever it was well it

526

00:20:02,390 --> 00:20:00,640

probably still drives corollas are

527

00:20:03,750 --> 00:20:02,400

indestructible

528

00:20:06,470 --> 00:20:03,760

that's i mean that's

529

00:20:08,390 --> 00:20:06,480

that's why it's the most common car dude

530

00:20:09,990 --> 00:20:08,400

yeah they'll never go out of style

531

00:20:11,669 --> 00:20:10,000

they'll never die dude just like those

532

00:20:13,270 --> 00:20:11,679

little toyota pickups

533

00:20:15,430 --> 00:20:13,280

like you got like in the 80s and they're

534

00:20:16,789 --> 00:20:15,440

still like coming down the road and [h\_\_\h]

535

00:20:25,270 --> 00:20:16,799

like

536

00:20:27,029 --> 00:20:25,280

is badass it's all swerving this [h\_\_\h]

537

00:20:28,549 --> 00:20:27,039

it's getting way too much weight in the

538

00:20:30,470 --> 00:20:28,559

in the back yeah it's always got some

539

00:20:32,710 --> 00:20:30,480

[h\_\_h] stacked way too high in the back of

540

00:20:35,029 --> 00:20:32,720

them old ass toyota trucks it's all it's

541

00:20:38,549 --> 00:20:35,039

always got like a really old like walnut

542

00:20:40,230 --> 00:20:38,559

dresser from like the 80s that has like

543

00:20:42,149 --> 00:20:40,240

like stickers on the back and it's like

544

00:20:44,390 --> 00:20:42,159

tied down with bungee cords and that

545

00:20:46,230 --> 00:20:44,400

[h\_\_h] is swaying in the wind bro

546

00:20:47,350 --> 00:20:46,240

well that's just dude dude that's

547

00:20:48,950 --> 00:20:47,360

somebody that's gonna flip that they're

548

00:20:51,029 --> 00:20:48,960

going to sand it all down put it in

549

00:20:52,470 --> 00:20:51,039

there oh yeah they shone it you know man

550

00:20:54,070 --> 00:20:52,480

now this is not going to be a dresser

551  
00:20:55,750 --> 00:20:54,080  
from the 80s it's going to be a feng

552  
00:20:57,190 --> 00:20:55,760  
shui piece and something

553  
00:20:59,190 --> 00:20:57,200  
that's going to sell for a thousand

554  
00:21:00,950 --> 00:20:59,200  
dollars they always have that one chair

555  
00:21:02,870 --> 00:21:00,960  
hanging off the left side that's kind of

556  
00:21:03,990 --> 00:21:02,880  
swaying like off off the side of the

557  
00:21:05,990 --> 00:21:04,000  
truck

558  
00:21:06,690 --> 00:21:06,000  
dude got to be careful with those old

559  
00:21:08,630 --> 00:21:06,700  
toyotas

560  
00:21:09,830 --> 00:21:08,640  
[Laughter]

561  
00:21:12,230 --> 00:21:09,840  
but people who drive them are

562  
00:21:14,470 --> 00:21:12,240  
professionals usually you know they're

563  
00:21:16,870 --> 00:21:14,480

always professional had uh had one of

564

00:21:19,270 --> 00:21:16,880

those toyota trucks the tiny ones though

565

00:21:20,549 --> 00:21:19,280

right had it for like ever all the way

566

00:21:22,630 --> 00:21:20,559

up north you had it for like 20

567

00:21:25,029 --> 00:21:22,640

something years up north finally after

568

00:21:27,270 --> 00:21:25,039

like 10 years living in florida after 20

569

00:21:29,270 --> 00:21:27,280

years you know north you sold it to a

570

00:21:30,950 --> 00:21:29,280

junkyard that guy just like welded in

571

00:21:33,909 --> 00:21:30,960

some plates in the floorboards and kept

572

00:21:37,830 --> 00:21:33,919

driving it dude yeah like the little

573

00:21:40,870 --> 00:21:37,840

tiny single cab standard trucks yep yep

574

00:21:43,190 --> 00:21:40,880

the only thing radio yeah that's like 60

575

00:21:45,029 --> 00:21:43,200

on the speedometer

576

00:21:46,870 --> 00:21:45,039

those are great dude

577

00:21:49,110 --> 00:21:46,880

i love those trucks it only goes 60

578

00:21:51,350 --> 00:21:49,120

because it knows it's like we're we're

579

00:21:52,710 --> 00:21:51,360

only going to go on backwards

580

00:21:54,710 --> 00:21:52,720

today gentlemen

581

00:21:56,950 --> 00:21:54,720

yeah

582

00:21:58,630 --> 00:21:56,960

okay so uh

583

00:22:01,110 --> 00:21:58,640

oh joe did you make your piece on this

584

00:22:03,990 --> 00:22:01,120

on georgia guidestones

585

00:22:06,470 --> 00:22:04,000

oh oh yeah so so basically since they

586

00:22:09,350 --> 00:22:06,480

didn't roll them thousands of miles on

587

00:22:12,149 --> 00:22:09,360

logs and mined out quarries they're not

588

00:22:13,990 --> 00:22:12,159

important you just make new ones you

589

00:22:15,590 --> 00:22:14,000

know

590

00:22:17,669 --> 00:22:15,600

that yep

591

00:22:19,350 --> 00:22:17,679

standing ovation and now dude like he

592

00:22:21,430 --> 00:22:19,360

may be able to get it cheaper

593

00:22:22,789 --> 00:22:21,440

yeah honestly dude

594

00:22:24,549 --> 00:22:22,799

he probably got insurance on the damn

595

00:22:28,390 --> 00:22:24,559

things right yeah he was like you know

596

00:22:31,430 --> 00:22:29,750

maybe he's the same guy that put that

597

00:22:33,909 --> 00:22:31,440

[h\_\_h] in the desert

598

00:22:36,390 --> 00:22:33,919

yeah dude the obelisk oh my god he's

599

00:22:37,830 --> 00:22:36,400

just making just doing random [h\_\_h] all

600

00:22:38,630 --> 00:22:37,840

over the united states

601  
00:22:40,710 --> 00:22:38,640  
bro

602  
00:22:42,390 --> 00:22:40,720  
like the largest troll ever and just

603  
00:22:43,990 --> 00:22:42,400  
this guy probably just has [h\_\_h] you

604  
00:22:46,070 --> 00:22:44,000  
money right it's probably like bam

605  
00:22:47,270 --> 00:22:46,080  
magenta or a bam or one of the guys from

606  
00:22:49,350 --> 00:22:47,280  
jackass

607  
00:22:53,430 --> 00:22:49,360  
yes

608  
00:22:56,549 --> 00:22:53,440  
oh god uh okay uh so next thing that

609  
00:22:58,630 --> 00:22:56,559  
happened that no one's heard about yet

610  
00:22:59,750 --> 00:22:58,640  
uh oh well we'll save that one is the

611  
00:23:02,070 --> 00:22:59,760  
cern the

612  
00:23:04,070 --> 00:23:02,080  
particle accelerator started

613  
00:23:06,789 --> 00:23:04,080

yeah if it jumped us to a new reality i

614

00:23:09,110 --> 00:23:06,799

hope this one has lower gas prices

615

00:23:11,510 --> 00:23:09,120

yeah for sure for sure

616

00:23:14,070 --> 00:23:11,520

i it would be kind of cool man like

617

00:23:16,149 --> 00:23:14,080

like if they fired up cern this time and

618

00:23:18,630 --> 00:23:16,159

like [h\_\_h] just went back to normal you

619

00:23:20,470 --> 00:23:18,640

know like they just they just started

620

00:23:22,630 --> 00:23:20,480

making new episodes of 7th heaven and

621

00:23:24,630 --> 00:23:22,640

[h\_\_h] like [h\_\_h] everybody was just

622

00:23:26,710 --> 00:23:24,640

chilling

623

00:23:28,149 --> 00:23:26,720

you know like just hanging with your

624

00:23:30,230 --> 00:23:28,159

friends on the weekend we started having

625

00:23:31,510 --> 00:23:30,240

normal politicians again

626

00:23:33,029 --> 00:23:31,520

yeah yeah

627

00:23:34,870 --> 00:23:33,039

the ones that lied to us but we were

628

00:23:36,390 --> 00:23:34,880

cool with it because we couldn't catch

629

00:23:38,230 --> 00:23:36,400

them yeah

630

00:23:39,909 --> 00:23:38,240

they were like they were like fun lies

631

00:23:41,909 --> 00:23:39,919

they were like

632

00:23:43,590 --> 00:23:41,919

hey you know things are going good but

633

00:23:45,750 --> 00:23:43,600

don't look over here everything's still

634

00:23:47,350 --> 00:23:45,760

going good we don't you know nothing

635

00:23:48,630 --> 00:23:47,360

it's like all right

636

00:23:50,230 --> 00:23:48,640

maybe he's got a i just got a new

637

00:23:53,510 --> 00:23:50,240

computer yeah what am i complaining

638

00:23:54,710 --> 00:23:53,520

about look at this badass cell phone

639

00:23:56,070 --> 00:23:54,720

there's a lot of cool [h\_\_\h] that was

640

00:23:58,310 --> 00:23:56,080

covered out back i just want things to

641

00:23:59,990 --> 00:23:58,320

go back to normal

642

00:24:02,470 --> 00:24:00,000

i wanted to be the berenstein bears

643

00:24:04,789 --> 00:24:02,480

again you know i want c3po to have two

644

00:24:05,669 --> 00:24:04,799

gold legs again you know i just i miss

645

00:24:07,430 --> 00:24:05,679

it

646

00:24:09,190 --> 00:24:07,440

you've seen that uh that tic tac that's

647

00:24:11,110 --> 00:24:09,200

rolling around about the publisher

648

00:24:13,190 --> 00:24:11,120

clearinghouse how uh

649

00:24:14,710 --> 00:24:13,200

mcmahon never had anything to do with it

650

00:24:16,470 --> 00:24:14,720

and i'm like i remember that dude like

651  
00:24:19,269 --> 00:24:16,480  
standing outside with a [h\_\_h] check

652  
00:24:21,669 --> 00:24:19,279  
here you go your life has changed

653  
00:24:22,710 --> 00:24:21,679  
they were like i don't know one guy yeah

654  
00:24:24,149 --> 00:24:22,720  
right so

655  
00:24:26,230 --> 00:24:24,159  
uh

656  
00:24:27,510 --> 00:24:26,240  
do you remember publisher clearinghouse

657  
00:24:29,669 --> 00:24:27,520  
i no

658  
00:24:33,029 --> 00:24:29,679  
okay so publisher cooling house in the

659  
00:24:35,029 --> 00:24:33,039  
80s was uh basically this is sweepstakes

660  
00:24:37,430 --> 00:24:35,039  
and if you want it they'd send egg

661  
00:24:38,870 --> 00:24:37,440  
mcmahon out with a big ass check and

662  
00:24:40,549 --> 00:24:38,880  
like you'd be standing out you wouldn't

663  
00:24:42,470 --> 00:24:40,559

even know he's coming and

664

00:24:45,190 --> 00:24:42,480

surprise you with this big ass check

665

00:24:48,149 --> 00:24:45,200

right here's a million dollars boom

666

00:24:50,070 --> 00:24:48,159

apparently it never happened

667

00:24:53,269 --> 00:24:50,080

but there's like my whole generation

668

00:24:58,310 --> 00:24:54,950

everybody remembers it was it

669

00:25:00,470 --> 00:24:58,320

specifically ed mcmahon yeah yeah

670

00:25:02,549 --> 00:25:00,480

wait oh he does look familiar i'm ed

671

00:25:03,750 --> 00:25:02,559

mcmahon

672

00:25:05,909 --> 00:25:03,760

uh

673

00:25:08,310 --> 00:25:05,919

oh this one says johnny carson confirms

674

00:25:10,630 --> 00:25:08,320

it eggman egg egg

675

00:25:13,029 --> 00:25:10,640

ed mcmahon worked for public

676

00:25:15,110 --> 00:25:13,039

the eggman worked for publishing hell

677

00:25:16,549 --> 00:25:15,120

yeah yeah but according to published

678

00:25:20,149 --> 00:25:16,559

clearinghouse he never worked for them

679

00:25:21,669 --> 00:25:20,159

and he never did that oh yeah he's crazy

680

00:25:23,909 --> 00:25:21,679

i'm thinking about what am i thinking

681

00:25:26,470 --> 00:25:23,919

about there was like this uh

682

00:25:28,549 --> 00:25:26,480

there was this cartoon maybe it was like

683

00:25:30,470 --> 00:25:28,559

but that is just social media so all of

684

00:25:33,029 --> 00:25:30,480

it can be completely [h\_\_\h] too so

685

00:25:34,149 --> 00:25:33,039

take that for a grain of salt

686

00:25:36,070 --> 00:25:34,159

yeah

687

00:25:38,230 --> 00:25:36,080

i think i think social media is is one

688

00:25:40,470 --> 00:25:38,240

of those like uh

689

00:25:42,310 --> 00:25:40,480

neuro pathways in the collective brain

690

00:25:44,789 --> 00:25:42,320

where like if somebody points out

691

00:25:46,470 --> 00:25:44,799

something that they misremembered

692

00:25:48,870 --> 00:25:46,480

it also

693

00:25:50,950 --> 00:25:48,880

happens to anybody who who hears that

694

00:25:52,549 --> 00:25:50,960

too so like they're also i don't know i

695

00:25:53,909 --> 00:25:52,559

keep going back and forth i think a lot

696

00:25:55,669 --> 00:25:53,919

of it's people's

697

00:25:57,750 --> 00:25:55,679

misremembering stuff but the berenstain

698

00:25:58,710 --> 00:25:57,760

bears is the is the one that gets me

699

00:26:01,350 --> 00:25:58,720

from

700

00:26:03,830 --> 00:26:01,360

i don't know about the ed egg mcmahon

701  
00:26:06,470 --> 00:26:03,840  
but like the berenstain bear there's no

702  
00:26:08,870 --> 00:26:06,480  
[h\_\_\h] way it was the bears stained

703  
00:26:11,110 --> 00:26:08,880  
bears dude did i i always remember bears

704  
00:26:14,390 --> 00:26:11,120  
stein like as in there were you know

705  
00:26:16,789 --> 00:26:15,909  
like how do you how would that be

706  
00:26:18,549 --> 00:26:16,799  
spelled

707  
00:26:21,190 --> 00:26:18,559  
like just stein at the end baron

708  
00:26:23,190 --> 00:26:21,200  
berenstein berenstein

709  
00:26:24,950 --> 00:26:23,200  
berenstein bears

710  
00:26:27,350 --> 00:26:24,960  
but you know apparently not that that's

711  
00:26:28,789 --> 00:26:27,360  
how i remember it with the e i right and

712  
00:26:30,070 --> 00:26:28,799  
not the ai

713  
00:26:34,149 --> 00:26:30,080

yeah

714

00:26:36,549 --> 00:26:34,159

didn't they didn't they find uh uh uh

715

00:26:37,990 --> 00:26:36,559

new new nano ninu park particles that

716

00:26:39,750 --> 00:26:38,000

are like even smaller than like what

717

00:26:41,830 --> 00:26:39,760

they found before like they even broke

718

00:26:44,310 --> 00:26:41,840

it down even further yeah three new

719

00:26:45,750 --> 00:26:44,320

particles yeah yeah that's as far as

720

00:26:47,430 --> 00:26:45,760

i've read so far

721

00:26:49,510 --> 00:26:47,440

cool

722

00:26:51,750 --> 00:26:49,520

okay also i love how like short these

723

00:26:52,950 --> 00:26:51,760

articles are dude like wow there's no

724

00:26:54,630 --> 00:26:52,960

room in school

725

00:26:56,149 --> 00:26:54,640

they're still studying them

726

00:26:59,190 --> 00:26:56,159

you know i i feel like i feel like

727

00:27:03,350 --> 00:27:01,830

cern hub i i feel like they wasted money

728

00:27:05,029 --> 00:27:03,360

on the paint job i mean honestly like

729

00:27:06,549 --> 00:27:05,039

it's it's underground nobody's really

730

00:27:08,390 --> 00:27:06,559

going to see it you know it's that

731

00:27:10,789 --> 00:27:08,400

certainly like that great picture though

732

00:27:12,870 --> 00:27:10,799

you know yeah yeah but like you really

733

00:27:14,630 --> 00:27:12,880

gotta like

734

00:27:17,110 --> 00:27:14,640

you don't buy a house and then

735

00:27:21,269 --> 00:27:17,120

write the words house on it

736

00:27:24,470 --> 00:27:22,950

everybody knows like i know it's huge

737

00:27:27,269 --> 00:27:24,480

like you walk for miles you know where

738

00:27:30,630 --> 00:27:27,279

well mine says might says gary's house

739

00:27:32,470 --> 00:27:30,640

gary's having scary sounds yeah

740

00:27:35,909 --> 00:27:32,480

it's like it's like like permanent

741

00:27:39,350 --> 00:27:38,070

all janky across the window yeah that's

742

00:27:40,789 --> 00:27:39,360

what that's what they're gonna find a

743

00:27:42,470 --> 00:27:40,799

million years from now when we're all

744

00:27:45,110 --> 00:27:42,480

extinct is they're gonna find gary's

745

00:27:46,549 --> 00:27:45,120

house on a piece of pvc uh

746

00:27:48,630 --> 00:27:46,559

it's like it's like right above the

747

00:27:50,950 --> 00:27:48,640

garage it looks like andy from toy story

748

00:27:52,950 --> 00:27:50,960

wrote that [\h\_\_\h] up there with a crown

749

00:27:55,590 --> 00:27:52,960

it's on my storm storm shutters it's

750

00:27:57,350 --> 00:27:55,600

gary's house

751

00:27:58,870 --> 00:27:57,360

why is it like it's got like a little

752

00:28:00,630 --> 00:27:58,880

sign underneath somebody goes over the

753

00:28:03,269 --> 00:28:00,640

flashlight something's very wrong when

754

00:28:06,950 --> 00:28:03,279

he went down here

755

00:28:11,510 --> 00:28:09,350

the the artist seemed to

756

00:28:13,990 --> 00:28:11,520

to not really know how to spell all

757

00:28:15,669 --> 00:28:14,000

right he seemed to

758

00:28:18,230 --> 00:28:15,679

like for some reason just like it's just

759

00:28:20,870 --> 00:28:18,240

written very very bad

760

00:28:24,389 --> 00:28:20,880

i love that idea i love it the andy like

761

00:28:26,630 --> 00:28:25,430

this is like making fun of your

762

00:28:33,029 --> 00:28:26,640

reporters

763

00:28:35,110 --> 00:28:34,149

oh i missed that it sounded like

764

00:28:37,350 --> 00:28:35,120

somebody was coming through my front

765

00:28:38,950 --> 00:28:37,360

door my father-in-law is coming to drop

766

00:28:42,230 --> 00:28:38,960

off some luggage we're having a get

767

00:28:45,669 --> 00:28:42,240

together this weekend oh lucky

768

00:28:47,590 --> 00:28:45,679

sounds like beers and boring times oh

769

00:28:49,190 --> 00:28:47,600

yeah dude my

770

00:28:52,230 --> 00:28:49,200

lots of weather talk

771

00:28:54,950 --> 00:28:52,240

my daughter's getting uh uh baptized

772

00:28:57,029 --> 00:28:54,960

catholic baptism dude so

773

00:28:58,870 --> 00:28:57,039

it's a very uh

774

00:29:02,070 --> 00:28:58,880

i was baptized catholic

775

00:29:03,590 --> 00:29:02,080

yeah a four year barbecuing or what

776

00:29:05,110 --> 00:29:03,600

dude we're doing a brisket so that

777

00:29:06,950 --> 00:29:05,120

that's what jess is that's why she went

778

00:29:10,389 --> 00:29:06,960

to the uh the store she went to go get a

779

00:29:12,389 --> 00:29:10,399

brisket so where'd you get your loan

780

00:29:14,870 --> 00:29:12,399

dude we actually had to contact the bank

781

00:29:16,470 --> 00:29:14,880

today dude we were like look it's seven

782

00:29:18,310 --> 00:29:16,480

dollars a pound it's seven dollars a

783

00:29:19,590 --> 00:29:18,320

pound for prime right yeah it's crazy

784

00:29:21,029 --> 00:29:19,600

bro

785

00:29:23,350 --> 00:29:21,039

and then they have the nerve to put out

786

00:29:25,029 --> 00:29:23,360

the wagyu at like eight

787

00:29:26,549 --> 00:29:25,039

eight bucks a pound like are you kidding

788

00:29:29,190 --> 00:29:26,559

me dude like just just keep that just

789

00:29:30,549 --> 00:29:29,200

freeze it save it for the the recession

790

00:29:32,630 --> 00:29:30,559

later i don't know dude i've been i've

791

00:29:34,630 --> 00:29:32,640

been eating for the grass-fed grass

792

00:29:37,750 --> 00:29:34,640

finish because it's only like 50 cents

793

00:29:39,430 --> 00:29:37,760

more than a regular one so okay

794

00:29:41,590 --> 00:29:39,440

i tried cooking one

795

00:29:43,350 --> 00:29:41,600

uh okay before i

796

00:29:46,070 --> 00:29:43,360

what did you think of the grass fat

797

00:29:47,029 --> 00:29:46,080

i like it i i think it actually has that

798

00:29:49,990 --> 00:29:47,039

beef

799

00:29:52,470 --> 00:29:50,000

taste to it you know like you know it's

800

00:29:54,149 --> 00:29:52,480

it's uh

801  
00:29:55,750 --> 00:29:54,159  
when you when you go back to the cheap

802  
00:29:56,630 --> 00:29:55,760  
stuff because like we've been poor this

803  
00:29:58,710 --> 00:29:56,640  
month

804  
00:30:00,630 --> 00:29:58,720  
it's like this tastes like washed out

805  
00:30:01,430 --> 00:30:00,640  
beef what the [h\_\_h] is this

806  
00:30:02,470 --> 00:30:01,440  
yeah

807  
00:30:04,149 --> 00:30:02,480  
dude

808  
00:30:06,630 --> 00:30:04,159  
okay same

809  
00:30:09,269 --> 00:30:06,640  
uh same reaction with the beef flavor

810  
00:30:10,870 --> 00:30:09,279  
the chew is like more hearty but like

811  
00:30:12,070 --> 00:30:10,880  
for a brisket like i just i don't know i

812  
00:30:14,070 --> 00:30:12,080  
grew up on

813  
00:30:18,470 --> 00:30:14,080

louis miller's in taylor texas so i'm

814

00:30:23,750 --> 00:30:22,230

like the uh like if it's lean

815

00:30:24,630 --> 00:30:23,760

probably did it wrong

816

00:30:25,830 --> 00:30:24,640

yeah

817

00:30:27,830 --> 00:30:25,840

you gotta get you're gonna get that that

818

00:30:30,389 --> 00:30:27,840

chunky fat on the side that's where the

819

00:30:32,389 --> 00:30:30,399

flavor and the juice is oh and like

820

00:30:33,830 --> 00:30:32,399

these prices are getting so ridiculous

821

00:30:35,269 --> 00:30:33,840

anytime we actually have something with

822

00:30:38,389 --> 00:30:35,279

a good portion of meat with it we feel

823

00:30:42,789 --> 00:30:41,110

i mean you're not wrong no

824

00:30:45,590 --> 00:30:42,799

does muscle weigh more than fatter's as

825

00:30:47,990 --> 00:30:45,600

fat maybe yeah wait four times as much

826

00:30:48,950 --> 00:30:48,000

so then we okay all right well

827

00:30:50,630 --> 00:30:48,960

okay

828

00:30:52,870 --> 00:30:50,640

i don't know the grass fed it was good i

829

00:30:55,430 --> 00:30:52,880

just maybe you gotta cook it differently

830

00:30:56,789 --> 00:30:55,440

um anyway brisket yeah

831

00:30:58,870 --> 00:30:56,799

if it depends on what you're cooking

832

00:31:00,630 --> 00:30:58,880

he's doing brisket and just slow and low

833

00:31:02,470 --> 00:31:00,640

man looks like you would do just yeah

834

00:31:05,430 --> 00:31:02,480

for that [h\_\_h] definitely on the butt a

835

00:31:07,669 --> 00:31:05,440

little bit a little salt a lot of smoke

836

00:31:10,470 --> 00:31:07,679

definitely slower because it's naturally

837

00:31:12,549 --> 00:31:10,480

not as tender because of the lack of

838

00:31:14,710 --> 00:31:12,559

grain that's fed to it but like the

839

00:31:17,029 --> 00:31:14,720

grain fed is usually more tender because

840

00:31:19,909 --> 00:31:17,039

of the marbling that occurs it has a lot

841

00:31:23,669 --> 00:31:22,070

y'all are making me hungry yeah yeah i

842

00:31:26,070 --> 00:31:23,679

don't know i'm gonna have to disagree

843

00:31:27,750 --> 00:31:26,080

with you because i i the fatty taste i

844

00:31:29,590 --> 00:31:27,760

don't know maybe it's a good chef can

845

00:31:30,830 --> 00:31:29,600

make anything taste good so i mean yeah

846

00:31:32,789 --> 00:31:30,840

that's that's

847

00:31:35,110 --> 00:31:32,799

true cut your foot off and make the best

848

00:31:36,710 --> 00:31:35,120

broth i feel like i feel like i go for

849

00:31:38,870 --> 00:31:36,720

some joe foot soup i collect the

850

00:31:39,590 --> 00:31:38,880

seasonings they suck down in there dude

851

00:31:41,750 --> 00:31:39,600

it's

852

00:31:43,430 --> 00:31:41,760

so delicious i don't know yeah but the

853

00:31:46,470 --> 00:31:43,440

preparation is the key though i mean

854

00:31:47,750 --> 00:31:46,480

yeah you're gonna brine it i don't know

855

00:31:49,509 --> 00:31:47,760

what i'm gonna do we're gonna see what

856

00:31:51,590 --> 00:31:49,519

my wife comes back with if it is

857

00:31:54,470 --> 00:31:51,600

grass-fed i'll text you and let you ask

858

00:31:55,430 --> 00:31:54,480

you how you did yours because uh

859

00:31:59,750 --> 00:31:55,440

the

860

00:32:02,149 --> 00:31:59,760

it was a puck dude well it's going to

861

00:32:04,470 --> 00:32:02,159

have less uh it's going to be more lean

862

00:32:06,149 --> 00:32:04,480

so you might want to like introduce some

863

00:32:07,190 --> 00:32:06,159

fat to it if it doesn't have a good fat

864

00:32:08,950 --> 00:32:07,200

cap

865

00:32:10,870 --> 00:32:08,960

yeah so if it's is is going to be

866

00:32:13,990 --> 00:32:10,880

trimmed already do you get yours trimmed

867

00:32:16,470 --> 00:32:14,000

or the one it's it's yeah the ones that

868

00:32:18,950 --> 00:32:16,480

hgb are already trimmed those grass-fed

869

00:32:20,549 --> 00:32:18,960

ones so yeah unfortunately try to look

870

00:32:21,669 --> 00:32:20,559

for one that has a good fat cap if

871

00:32:23,669 --> 00:32:21,679

you're gonna if you're gonna do low and

872

00:32:25,269 --> 00:32:23,679

slow though yeah because all that fat

873

00:32:26,950 --> 00:32:25,279

it'll just

874

00:32:29,269 --> 00:32:26,960

have to melt into the meat the other

875

00:32:32,149 --> 00:32:29,279

half stupid keep it nice and safe it's

876

00:32:34,310 --> 00:32:32,159

like little little heat cushion you know

877

00:32:35,669 --> 00:32:34,320

oh yeah dude and then you just trim that

878

00:32:38,549 --> 00:32:35,679

[h\_\_h] off and

879

00:32:40,630 --> 00:32:38,559

or if it renders right just [h\_\_h] tear

880

00:32:43,269 --> 00:32:40,640

pieces off and eat it

881

00:32:45,590 --> 00:32:43,279

dude i i save all my tallow i freeze it

882

00:32:46,950 --> 00:32:45,600

for for broths and and and uh and

883

00:32:48,950 --> 00:32:46,960

cooking

884

00:32:50,470 --> 00:32:48,960

i'm stoked ben you and your family are

885

00:32:52,149 --> 00:32:50,480

gonna be chilling this weekend and i'm

886

00:32:53,350 --> 00:32:52,159

just gonna run in with my own plate and

887

00:32:59,110 --> 00:32:53,360

be like

888

00:33:02,149 --> 00:33:00,470

starting to think about a road trip

889

00:33:04,030 --> 00:33:02,159

somebody's having beef i'll be like yeah

890

00:33:07,669 --> 00:33:04,040

dude

891

00:33:09,430 --> 00:33:07,679

[Laughter]

892

00:33:11,190 --> 00:33:09,440

i was like talking to your father-in-law

893

00:33:12,549 --> 00:33:11,200

hey bro can i can i borrow that baby

894

00:33:14,230 --> 00:33:12,559

spoon real quick i'm just making a play

895

00:33:16,149 --> 00:33:14,240

i'll be out of here real quick

896

00:33:18,149 --> 00:33:16,159

i'll leave you could do that and

897

00:33:20,470 --> 00:33:18,159

everybody would be [h\_\_h] stoned i

898

00:33:26,230 --> 00:33:20,480

covered my flip-flops joe was here i got

899

00:33:29,990 --> 00:33:28,149

i don't stress about a plant-based diet

900

00:33:31,509 --> 00:33:30,000

by the way they see somebody yeah you

901  
00:33:33,110 --> 00:33:31,519  
always have that one person that makes

902  
00:33:34,870 --> 00:33:33,120  
the comment of plant-based is the way

903  
00:33:36,870 --> 00:33:34,880  
for me it's not a bad way to go and

904  
00:33:38,950 --> 00:33:36,880  
honestly right now if you're on a budget

905  
00:33:41,029 --> 00:33:38,960  
that is the way to go

906  
00:33:42,789 --> 00:33:41,039  
yeah i think we

907  
00:33:44,389 --> 00:33:42,799  
eat a lot of vegetarian meals we're not

908  
00:33:46,310 --> 00:33:44,399  
vegetarians but there's a lot of

909  
00:33:48,230 --> 00:33:46,320  
vegetarian meals that we do like like i

910  
00:33:51,269 --> 00:33:48,240  
know every time i do curry it's always a

911  
00:33:54,070 --> 00:33:51,279  
vegetarian curry with tofu so

912  
00:33:55,269 --> 00:33:54,080  
yeah dude tofu

913  
00:33:56,789 --> 00:33:55,279

i don't know man

914

00:33:58,870 --> 00:33:56,799

i haven't maybe i haven't had it cooked

915

00:33:59,990 --> 00:33:58,880

right yet but me either dude you know

916

00:34:01,990 --> 00:34:00,000

what i don't know what's there to cook

917

00:34:04,950 --> 00:34:02,000

just get some extra firm and it's the

918

00:34:06,710 --> 00:34:04,960

same consistency as like freaking an egg

919

00:34:09,030 --> 00:34:06,720

like like when you make scrambled eggs

920

00:34:10,869 --> 00:34:09,040

it's that same consistency except

921

00:34:12,470 --> 00:34:10,879

a little a little thicker

922

00:34:14,310 --> 00:34:12,480

and then it just takes the taste of

923

00:34:16,950 --> 00:34:14,320

whatever you put it in so it's good for

924

00:34:19,510 --> 00:34:16,960

stews sauces some people just like to

925

00:34:21,829 --> 00:34:19,520

like make slice it and cook it in

926  
00:34:22,790 --> 00:34:21,839  
seasonings but basically it just picks

927  
00:34:25,349 --> 00:34:22,800  
up

928  
00:34:26,710 --> 00:34:25,359  
the flavor or whatever it's in

929  
00:34:30,149 --> 00:34:26,720  
dude

930  
00:34:37,589 --> 00:34:30,159  
it's like cooking on some steak

931  
00:34:40,230 --> 00:34:38,629  
there was this person that was like

932  
00:34:43,030 --> 00:34:40,240  
pretending to be like

933  
00:34:44,869 --> 00:34:43,040  
socially conscious and [h\_\_h] like that

934  
00:34:47,270 --> 00:34:44,879  
never had tofu said oh can you cook this

935  
00:34:49,270 --> 00:34:47,280  
tofu for me yeah sure i just got done

936  
00:34:51,030 --> 00:34:49,280  
cooking burgers so there's this big mess

937  
00:34:53,030 --> 00:34:51,040  
of [h\_\_h] just

938  
00:34:56,629 --> 00:34:53,040

grease from the bread and grease so i

939

00:34:57,990 --> 00:34:56,639

cooked tofu inside the burger juice

940

00:34:59,510 --> 00:34:58,000

all the grease with the burger and i

941

00:35:03,589 --> 00:34:59,520

gave it to them and they're like oh my

942

00:35:05,750 --> 00:35:03,599

god i never realized how good tofu

943

00:35:08,790 --> 00:35:05,760

yes

944

00:35:10,550 --> 00:35:08,800

got him and you never will

945

00:35:11,349 --> 00:35:10,560

yeah you'll never have that good of tofu

946

00:35:13,990 --> 00:35:11,359

again

947

00:35:16,790 --> 00:35:14,000

there's something about natural fats and

948

00:35:19,750 --> 00:35:16,800

amino acids that only exist in animals

949

00:35:21,190 --> 00:35:19,760

that that process other grasses and

950

00:35:24,310 --> 00:35:21,200

vegetables right like you're just not

951  
00:35:25,990 --> 00:35:24,320  
going to get that nutrients

952  
00:35:27,510 --> 00:35:26,000  
so i don't know i'm never going

953  
00:35:29,670 --> 00:35:27,520  
vegetarian i do like a vegetarian

954  
00:35:30,950 --> 00:35:29,680  
vegetable you know i i think that i

955  
00:35:33,190 --> 00:35:30,960  
could do it for a while but i don't

956  
00:35:35,349 --> 00:35:33,200  
think i could ever be like a vegetarian

957  
00:35:37,430 --> 00:35:35,359  
vegetarian because i really do enjoy a

958  
00:35:39,910 --> 00:35:37,440  
good steak but we don't eat a ton of red

959  
00:35:40,710 --> 00:35:39,920  
meat either we do vary our diet a lot

960  
00:35:44,790 --> 00:35:40,720  
you know

961  
00:35:46,310 --> 00:35:44,800  
that happens

962  
00:35:48,310 --> 00:35:46,320  
yeah dude you're gonna end up being just

963  
00:35:50,390 --> 00:35:48,320

a lot of chicken

964

00:35:53,109 --> 00:35:50,400

you have to start saving it man for like

965

00:35:54,710 --> 00:35:53,119

special occasions holidays and festivals

966

00:36:00,069 --> 00:35:54,720

yeah you were like all right somebody go

967

00:36:03,829 --> 00:36:02,150

no not goat meat man i mean i spent a

968

00:36:07,109 --> 00:36:03,839

lot of time in the middle east oh it's

969

00:36:08,550 --> 00:36:07,119

delicious joke about that's shit's good

970

00:36:10,790 --> 00:36:08,560

hell yeah

971

00:36:12,790 --> 00:36:10,800

dude goat meat like in indian indian

972

00:36:14,630 --> 00:36:12,800

food like in a curry [h\_\_h] delicious

973

00:36:17,349 --> 00:36:14,640

dude

974

00:36:18,950 --> 00:36:17,359

goat shawarma uh

975

00:36:20,550 --> 00:36:18,960

you know

976

00:36:23,829 --> 00:36:20,560

there's all kinds of stuff that made out

977

00:36:26,069 --> 00:36:23,839

ago goat cheese on for pizzas is amazing

978

00:36:27,910 --> 00:36:26,079

you know uh

979

00:36:30,310 --> 00:36:27,920

pretty much anything you order in the

980

00:36:31,670 --> 00:36:30,320

middle east is going to be goat so

981

00:36:36,069 --> 00:36:31,680

it's

982

00:36:38,470 --> 00:36:36,079

or lamb

983

00:36:40,950 --> 00:36:38,480

okay i've got a question guys uh

984

00:36:44,310 --> 00:36:40,960

so if okay

985

00:36:46,550 --> 00:36:44,320

if we were to become some kind of

986

00:36:48,870 --> 00:36:46,560

society right like after uh like an

987

00:36:51,030 --> 00:36:48,880

apocalypse right like we we have to take

988

00:36:52,790 --> 00:36:51,040

care of our own we go underground maybe

989

00:36:55,750 --> 00:36:52,800

we have like tunnels underground and

990

00:36:58,310 --> 00:36:55,760

like we've like we're so much prepared

991

00:37:01,190 --> 00:36:58,320

and there are no livestock there's no

992

00:37:03,510 --> 00:37:01,200

meats and there's only like what we can

993

00:37:05,910 --> 00:37:03,520

grow underground like maybe say we have

994

00:37:07,510 --> 00:37:05,920

an aquaponics system where we can grow

995

00:37:11,829 --> 00:37:07,520

uh

996

00:37:14,150 --> 00:37:11,839

it's a certain type of soy soy yes so

997

00:37:16,230 --> 00:37:14,160

like if we grow soy like you'd be

998

00:37:18,310 --> 00:37:16,240

growing amino acids and proteins you

999

00:37:19,109 --> 00:37:18,320

wouldn't be growing soy underground not

1000

00:37:20,390 --> 00:37:19,119

much

1001

00:37:22,230 --> 00:37:20,400

grow lights and things like that if you

1002

00:37:23,750 --> 00:37:22,240

had a full aquaponics with grow lights

1003

00:37:25,430 --> 00:37:23,760

and everything like that you could you

1004

00:37:27,750 --> 00:37:25,440

could get away with a lot of leafy stuff

1005

00:37:29,670 --> 00:37:27,760

stuff that grows quick but long-term

1006

00:37:31,510 --> 00:37:29,680

crops would would suffer

1007

00:37:33,670 --> 00:37:31,520

yeah probably be eating more bugs than

1008

00:37:35,430 --> 00:37:33,680

anything oh dude i was gonna say like

1009

00:37:37,030 --> 00:37:35,440

ants and crickets and [h\_\_h] dude yeah

1010

00:37:39,270 --> 00:37:37,040

well because nothing can replace the

1011

00:37:40,069 --> 00:37:39,280

proteins from fats i mean that's it i

1012

00:37:45,270 --> 00:37:40,079

mean

1013

00:37:47,030 --> 00:37:45,280

beans and things like that for to

1014

00:37:49,349 --> 00:37:47,040

replace proteins but it's not the same

1015

00:37:51,670 --> 00:37:49,359

type of proteins as there are in animal

1016

00:37:54,150 --> 00:37:51,680

fats and your body doesn't utilize them

1017

00:37:55,829 --> 00:37:54,160

in the same way

1018

00:37:58,630 --> 00:37:55,839

dude all right well

1019

00:38:01,910 --> 00:37:59,990

i'm currently trying to get back on the

1020

00:38:03,990 --> 00:38:01,920

wagon for keto right now so i can lose

1021

00:38:06,310 --> 00:38:04,000

some weight we got some production

1022

00:38:12,150 --> 00:38:06,320

things coming up soon and i'm getting i

1023

00:38:16,310 --> 00:38:14,390

starting to get a little chubby

1024

00:38:21,270 --> 00:38:16,320

got the beer covered the double triple

1025

00:38:24,790 --> 00:38:22,550

thinking of like

1026

00:38:26,470 --> 00:38:24,800

proteins and like eating bugs

1027

00:38:28,710 --> 00:38:26,480

i just watched dumb and dumber and they

1028

00:38:31,589 --> 00:38:28,720

have a worm farm

1029

00:38:33,270 --> 00:38:31,599

we're in farms dude protein right there

1030

00:38:34,950 --> 00:38:33,280

yeah worms aren't that bad especially

1031

00:38:37,270 --> 00:38:34,960

toasted mealworms they're crunchy it's

1032

00:38:38,950 --> 00:38:37,280

just like eating like a snack i mean

1033

00:38:41,589 --> 00:38:38,960

generally i've had candied ones that are

1034

00:38:44,710 --> 00:38:41,599

really good i've had ants i've eaten

1035

00:38:47,829 --> 00:38:44,720

scorpions i've eaten snakes i've eaten

1036

00:38:51,270 --> 00:38:49,510

basically if you've ever seen it on a

1037

00:38:55,270 --> 00:38:51,280

weird asian market or a weird middle

1038

00:38:57,270 --> 00:38:55,280

eastern market i've probably eaten it

1039

00:38:59,109 --> 00:38:57,280

dude like out here eating one of those

1040

00:39:00,790 --> 00:38:59,119

night fish with a little gong on its

1041

00:39:03,030 --> 00:39:00,800

face you know like with a little light

1042

00:39:06,470 --> 00:39:03,040

bulb dude i wanna i don't know what that

1043

00:39:07,990 --> 00:39:06,480

that language tastes like anglers

1044

00:39:09,349 --> 00:39:08,000

yes

1045

00:39:10,630 --> 00:39:09,359

i wonder if it tastes like starburst i

1046

00:39:12,390 --> 00:39:10,640

bet it does it probably tastes like

1047

00:39:14,150 --> 00:39:12,400

bones i don't think there's a whole lot

1048

00:39:15,750 --> 00:39:14,160

of meat on that one what if it's like

1049

00:39:17,430 --> 00:39:15,760

super fruity and delicious though it's

1050

00:39:19,670 --> 00:39:17,440

like it's so fun

1051

00:39:21,750 --> 00:39:19,680

tastes like a starburst

1052

00:39:23,829 --> 00:39:21,760

animal ever yeah

1053

00:39:26,470 --> 00:39:23,839

oh my goodness

1054

00:39:30,310 --> 00:39:26,480

so fruity

1055

00:39:32,790 --> 00:39:30,320

okay uh next one boys uh wait you didn't

1056

00:39:35,430 --> 00:39:32,800

give me your thoughts on cern dude oh

1057

00:39:39,109 --> 00:39:35,440

well me yeah concerned

1058

00:39:41,190 --> 00:39:39,119

oh my god you gotta get

1059

00:39:43,670 --> 00:39:41,200

out of here

1060

00:39:45,829 --> 00:39:43,680

so i think i think the cern thing dude

1061

00:39:47,910 --> 00:39:45,839

like talk to me like six months ago i'd

1062

00:39:51,670 --> 00:39:47,920

be all about it but now

1063

00:39:53,190 --> 00:39:51,680

i'm more i'm more of a thing where like

1064

00:39:55,589 --> 00:39:53,200

did we

1065

00:39:57,190 --> 00:39:55,599

by uh cern doing whatever it's doing did

1066

00:39:59,430 --> 00:39:57,200

we open up a black hole do we change

1067

00:40:01,510 --> 00:39:59,440

dimensions well we're still here so they

1068

00:40:03,990 --> 00:40:01,520

already turned it on right well well

1069

00:40:06,150 --> 00:40:04,000

here's the the there's the the the flip

1070

00:40:07,349 --> 00:40:06,160

side to that is if you change dimensions

1071

00:40:09,030 --> 00:40:07,359

consciously

1072

00:40:11,109 --> 00:40:09,040

if you believe in the multiverse you

1073

00:40:11,910 --> 00:40:11,119

would never know that you switched into

1074

00:40:18,230 --> 00:40:11,920

a

1075

00:40:21,190 --> 00:40:18,240

we still exist but you just like the

1076

00:40:22,950 --> 00:40:21,200

main character like player one

1077

00:40:25,430 --> 00:40:22,960

upgraded

1078

00:40:27,109 --> 00:40:25,440

to whatever new and yeah so you slide

1079

00:40:28,790 --> 00:40:27,119

into the dimension where everything's

1080

00:40:30,950 --> 00:40:28,800

[h\_\_\h] up

1081

00:40:33,030 --> 00:40:30,960

i don't know so that's that's that's

1082

00:40:34,710 --> 00:40:33,040

not to mention but the uh the reality

1083

00:40:36,309 --> 00:40:34,720

where everything's [h\_\_\h] up you gotta

1084

00:40:37,589 --> 00:40:36,319

go go through a red light and realize

1085

00:40:40,950 --> 00:40:37,599

it's actually a green light in this

1086

00:40:42,630 --> 00:40:40,960

dimension or this reality yeah

1087

00:40:44,230 --> 00:40:42,640

well how do you know uh universe is

1088

00:40:46,230 --> 00:40:44,240

[h\_\_h] up right like well that's just it

1089

00:40:48,230 --> 00:40:46,240

the question is if you do switch to the

1090

00:40:51,030 --> 00:40:48,240

new reality do most of your memories

1091

00:40:52,230 --> 00:40:51,040

switch with it does it just overlay over

1092

00:40:55,109 --> 00:40:52,240

your old memories and that's actually

1093

00:40:57,750 --> 00:40:55,119

what the mandala effect is

1094

00:40:59,990 --> 00:40:57,760

dude i think i think it's this this idea

1095

00:41:02,630 --> 00:41:00,000

of the player one so like the main

1096

00:41:04,710 --> 00:41:02,640

character is is your present the there's

1097

00:41:06,630 --> 00:41:04,720

no like time doesn't exist there's only

1098

00:41:08,630 --> 00:41:06,640

the present and

1099

00:41:10,309 --> 00:41:08,640

your main player whatever saved game

1100

00:41:13,270 --> 00:41:10,319

you're playing with

1101  
00:41:16,550 --> 00:41:13,280  
is the deciding factor on who we are who

1102  
00:41:19,030 --> 00:41:16,560  
i am so like yes multiverses exist but

1103  
00:41:20,550 --> 00:41:19,040  
like we skip multiverses

1104  
00:41:21,829 --> 00:41:20,560  
some could say every time we go to sleep

1105  
00:41:25,030 --> 00:41:21,839  
and wake up

1106  
00:41:26,230 --> 00:41:25,040  
or uh oh my baby's crying sorry well

1107  
00:41:28,550 --> 00:41:26,240  
every time you make a decision

1108  
00:41:31,190 --> 00:41:28,560  
technically you're in a new universe

1109  
00:41:33,109 --> 00:41:31,200  
yes do 100

1110  
00:41:35,190 --> 00:41:33,119  
every time your cell divides every

1111  
00:41:36,950 --> 00:41:35,200  
single time anything happens in the

1112  
00:41:39,670 --> 00:41:36,960  
physical world you could be creating an

1113  
00:41:42,069 --> 00:41:39,680

entirely alternate universe

1114

00:41:44,069 --> 00:41:42,079

yup brb boys

1115

00:41:45,430 --> 00:41:44,079

oh yeah you're you're by yourself yeah

1116

00:41:49,109 --> 00:41:45,440

yeah

1117

00:41:50,870 --> 00:41:49,119

right now dude nice so he's got to go

1118

00:41:53,510 --> 00:41:50,880

he's got to go take care of it that's a

1119

00:41:55,510 --> 00:41:53,520

little earlier in a day for you guys

1120

00:41:57,349 --> 00:41:55,520

uh yeah yeah i guess it's only it's only

1121

00:41:58,790 --> 00:41:57,359

nine o'clock yeah

1122

00:42:00,150 --> 00:41:58,800

it's like almost 10 here everything in

1123

00:42:01,349 --> 00:42:00,160

here is closed

1124

00:42:03,030 --> 00:42:01,359

yeah

1125

00:42:06,790 --> 00:42:03,040

i lived super rural they were all closed

1126

00:42:10,390 --> 00:42:08,710

well yeah dude no i i agree with you

1127

00:42:12,309 --> 00:42:10,400

like that idea that like every time a

1128

00:42:14,550 --> 00:42:12,319

cell multiplies like who's to say like

1129

00:42:16,870 --> 00:42:14,560

you know you're creating some other

1130

00:42:18,630 --> 00:42:16,880

whole new universe somewhere i got a

1131

00:42:20,550 --> 00:42:18,640

feeling that you know just from even

1132

00:42:22,069 --> 00:42:20,560

from the start of the big bang you know

1133

00:42:24,069 --> 00:42:22,079

when the first particle came into

1134

00:42:25,190 --> 00:42:24,079

existence that's when

1135

00:42:27,109 --> 00:42:25,200

with

1136

00:42:28,550 --> 00:42:27,119

the only way reality can be sustained is

1137

00:42:31,030 --> 00:42:28,560

the fact that there's

1138

00:42:33,030 --> 00:42:31,040

multiple realities

1139

00:42:34,470 --> 00:42:33,040

the possibility of anything happening

1140

00:42:36,150 --> 00:42:34,480

you know the particle could have been

1141

00:42:38,150 --> 00:42:36,160

any type of particle

1142

00:42:39,990 --> 00:42:38,160

so what makes it that particle because

1143

00:42:41,910 --> 00:42:40,000

it's in this reality which means there's

1144

00:42:44,150 --> 00:42:41,920

an infinite amount of other realities to

1145

00:42:45,750 --> 00:42:44,160

support all of the other options there

1146

00:42:47,190 --> 00:42:45,760

could have been

1147

00:42:50,309 --> 00:42:47,200

yeah yeah

1148

00:42:52,309 --> 00:42:50,319

and like just the idea of like the the

1149

00:42:54,150 --> 00:42:52,319

conditions for it to happen like if we

1150

00:42:55,910 --> 00:42:54,160

look at everything there's like a

1151  
00:42:58,230 --> 00:42:55,920  
certain kind of format like almost like

1152  
00:43:00,950 --> 00:42:58,240  
a seed right like

1153  
00:43:03,190 --> 00:43:00,960  
you know there's a flower and it creates

1154  
00:43:05,349 --> 00:43:03,200  
a seed and the seed falls off it goes in

1155  
00:43:07,510 --> 00:43:05,359  
the dirt and then all of a sudden starts

1156  
00:43:09,910 --> 00:43:07,520  
growing and like there's this cycle and

1157  
00:43:13,030 --> 00:43:09,920  
it's like okay so like if this universe

1158  
00:43:15,430 --> 00:43:13,040  
exists what what are the like

1159  
00:43:17,510 --> 00:43:15,440  
what are the the the elements necessary

1160  
00:43:19,829 --> 00:43:17,520  
for this to continue to exist like is

1161  
00:43:22,790 --> 00:43:19,839  
our is our universe

1162  
00:43:25,670 --> 00:43:22,800  
well is our universe just a uh a a

1163  
00:43:28,470 --> 00:43:25,680

growing flower that will produce a seed

1164

00:43:30,550 --> 00:43:28,480

of another universe of some type like

1165

00:43:31,750 --> 00:43:30,560

what's the lifestyle of it you know

1166

00:43:32,870 --> 00:43:31,760

that's another theory is that we

1167

00:43:35,030 --> 00:43:32,880

basically

1168

00:43:37,190 --> 00:43:35,040

ballooned off of another universe you

1169

00:43:39,430 --> 00:43:37,200

know basically through through the

1170

00:43:41,910 --> 00:43:39,440

product of a black hole the big bang was

1171

00:43:42,790 --> 00:43:41,920

actually what the uh you know us looking

1172

00:43:44,790 --> 00:43:42,800

at the

1173

00:43:48,069 --> 00:43:44,800

all of the matter coming through the

1174

00:43:53,109 --> 00:43:51,349

it's is is it like you think it's

1175

00:43:55,510 --> 00:43:53,119

possible that like when that when that

1176  
00:43:59,109 --> 00:43:55,520  
did happen like maybe like we're inside

1177  
00:44:03,990 --> 00:44:02,069  
like we're inside of it looking out and

1178  
00:44:06,390 --> 00:44:04,000  
for us you know it's expanding or

1179  
00:44:07,910 --> 00:44:06,400  
whatever but i like like i would assume

1180  
00:44:09,910 --> 00:44:07,920  
like the black holes they they

1181  
00:44:12,069 --> 00:44:09,920  
eventually get bigger and bigger

1182  
00:44:13,829 --> 00:44:12,079  
right i think we won't really know until

1183  
00:44:15,349 --> 00:44:13,839  
we can traverse a black hole and see

1184  
00:44:17,030 --> 00:44:15,359  
what's on the other side because like if

1185  
00:44:18,710 --> 00:44:17,040  
we roll through a black hole and there's

1186  
00:44:20,710 --> 00:44:18,720  
a whole another universe through the

1187  
00:44:22,470 --> 00:44:20,720  
black hole that's being fed by the

1188  
00:44:24,790 --> 00:44:22,480

matter coming from this universe that

1189

00:44:25,510 --> 00:44:24,800

means that every black hole that there's

1190

00:44:31,990 --> 00:44:25,520

a

1191

00:44:33,190 --> 00:44:32,000

everything out of our universe right now

1192

00:44:35,510 --> 00:44:33,200

into

1193

00:44:37,990 --> 00:44:35,520

alternate universes so it would be like

1194

00:44:40,069 --> 00:44:38,000

a russian doll just a black hole

1195

00:44:42,470 --> 00:44:40,079

basically inside of a black hole inside

1196

00:44:44,390 --> 00:44:42,480

of a black hole inside of a black hole

1197

00:44:46,069 --> 00:44:44,400

but who started the first black hole

1198

00:44:48,150 --> 00:44:46,079

right right yeah

1199

00:44:50,390 --> 00:44:48,160

yeah and what is what is what is the

1200

00:44:53,430 --> 00:44:50,400

primary or is everything coming off of

1201  
00:44:55,670 --> 00:44:53,440  
us or is it you know vice versa you know

1202  
00:44:59,109 --> 00:44:55,680  
yeah yeah and it

1203  
00:45:01,670 --> 00:45:00,230  
yeah

1204  
00:45:03,270 --> 00:45:01,680  
it starts to hurt your brain after a

1205  
00:45:07,349 --> 00:45:03,280  
while dude i know it's just like you

1206  
00:45:09,750 --> 00:45:07,359  
can't even you can't even and and like

1207  
00:45:13,030 --> 00:45:09,760  
what what is that what is that uh uh

1208  
00:45:14,550 --> 00:45:13,040  
what is that one that law is it

1209  
00:45:17,270 --> 00:45:14,560  
crowley

1210  
00:45:20,069 --> 00:45:17,280  
goulash i'm uh

1211  
00:45:21,109 --> 00:45:20,079  
we don't we made hungarian goulash but i

1212  
00:45:32,630 --> 00:45:21,119  
i

1213  
00:45:37,430 --> 00:45:32,640

outcomes razor

1214

00:45:39,109 --> 00:45:37,440

we when we're looking at this situation

1215

00:45:41,349 --> 00:45:39,119

and like how you break that down like we

1216

00:45:43,589 --> 00:45:41,359

just did right black holes instead of

1217

00:45:46,390 --> 00:45:43,599

black holes inside of black holes like

1218

00:45:50,309 --> 00:45:46,400

is there a occam's razor solution to

1219

00:45:52,790 --> 00:45:51,349

um

1220

00:45:54,710 --> 00:45:52,800

it's it's hard to have an outcome

1221

00:45:55,430 --> 00:45:54,720

solution to like something you don't

1222

00:46:00,550 --> 00:45:55,440

know

1223

00:46:03,109 --> 00:46:00,560

the big bang so that's really kind of

1224

00:46:05,750 --> 00:46:03,119

hard like basically we know all of this

1225

00:46:07,510 --> 00:46:05,760

matter came from the single point

1226

00:46:10,390 --> 00:46:07,520

and started going out

1227

00:46:12,630 --> 00:46:10,400

and coalesced into reality or

1228

00:46:15,430 --> 00:46:12,640

into other into all of our elementary

1229

00:46:17,670 --> 00:46:15,440

particles and uh and then into our

1230

00:46:19,030 --> 00:46:17,680

elements and then into our comp you know

1231

00:46:23,829 --> 00:46:19,040

complex

1232

00:46:26,470 --> 00:46:23,839

hydrogen and helium and you know and

1233

00:46:27,270 --> 00:46:26,480

then started forming clusters gas clouds

1234

00:46:29,190 --> 00:46:27,280

then

1235

00:46:30,950 --> 00:46:29,200

planets and

1236

00:46:32,150 --> 00:46:30,960

you know carbon started sticking to each

1237

00:46:35,670 --> 00:46:32,160

other making

1238

00:46:41,270 --> 00:46:36,550

yes

1239

00:46:43,670 --> 00:46:41,280

confused damn it i don't understand what

1240

00:46:45,829 --> 00:46:43,680

the [h\_\_h] happened at cern dumb it down

1241

00:46:47,670 --> 00:46:45,839

to us to a seventh grade level first of

1242

00:46:49,829 --> 00:46:47,680

all i just i just turned it on and

1243

00:46:50,870 --> 00:46:49,839

everybody got worried

1244

00:46:52,309 --> 00:46:50,880

yeah

1245

00:46:54,630 --> 00:46:52,319

because what they're doing is they're

1246

00:46:57,270 --> 00:46:54,640

taking particles and speeding them to

1247

00:46:58,390 --> 00:46:57,280

near light speeds and then smashing them

1248

00:47:00,470 --> 00:46:58,400

together

1249

00:47:02,150 --> 00:47:00,480

now you do that and some people feel

1250

00:47:04,230 --> 00:47:02,160

like you could create there's a they've

1251

00:47:05,990 --> 00:47:04,240

actually created many black holes

1252

00:47:08,069 --> 00:47:06,000

they've you know there's all kinds of

1253

00:47:09,349 --> 00:47:08,079

crazy [h\_\_\h] that happens inside that that

1254

00:47:11,750 --> 00:47:09,359

collider

1255

00:47:13,750 --> 00:47:11,760

so you know the the amount of energy

1256

00:47:15,990 --> 00:47:13,760

that's released from two atoms colliding

1257

00:47:17,990 --> 00:47:16,000

it's actually pretty immense

1258

00:47:20,470 --> 00:47:18,000

so it's it's it's

1259

00:47:21,990 --> 00:47:20,480

and then they basically just record

1260

00:47:23,990 --> 00:47:22,000

it's like i don't know what this is made

1261

00:47:25,750 --> 00:47:24,000

of so they just smash it and then trying

1262

00:47:27,750 --> 00:47:25,760

to find new [h\_\_\h]

1263

00:47:30,549 --> 00:47:27,760

and since they just installed a whole

1264

00:47:32,950 --> 00:47:30,559

new upgraded suite and sensors to try to

1265

00:47:35,430 --> 00:47:32,960

uh they're even more accurate than they

1266

00:47:36,790 --> 00:47:35,440

ever have been which that's the point of

1267

00:47:38,790 --> 00:47:36,800

doing upgrades

1268

00:47:40,470 --> 00:47:38,800

you gotta do upgrades that's the point

1269

00:47:43,270 --> 00:47:40,480

right yeah

1270

00:47:45,349 --> 00:47:43,280

windows 99

1271

00:47:47,430 --> 00:47:45,359

yeah so they actually are looking for

1272

00:47:49,670 --> 00:47:47,440

elementary particles that we don't we've

1273

00:47:51,990 --> 00:47:49,680

never seen before by smashing the [h\_\_h]

1274

00:47:54,069 --> 00:47:52,000

out of atoms

1275

00:47:57,190 --> 00:47:54,079

like we're discovering new things that

1276

00:48:01,190 --> 00:47:57,200

don't exist in our reality yet

1277

00:48:06,309 --> 00:48:02,470

because if they didn't exist they

1278

00:48:08,710 --> 00:48:06,319

wouldn't be there to begin with to smash

1279

00:48:10,710 --> 00:48:08,720

so if you smash them put it there

1280

00:48:12,150 --> 00:48:10,720

is it can we can we say smoosh instead i

1281

00:48:13,910 --> 00:48:12,160

wonder if they can smoosh it we can

1282

00:48:15,990 --> 00:48:13,920

smash it smoosh it we can kiss it

1283

00:48:17,910 --> 00:48:16,000

whatever whatever makes you feel better

1284

00:48:19,589 --> 00:48:17,920

but do they only exist because we have

1285

00:48:21,030 --> 00:48:19,599

observed them

1286

00:48:23,750 --> 00:48:21,040

well no i think you're thinking light

1287

00:48:25,750 --> 00:48:23,760

particles and and the uh

1288

00:48:27,190 --> 00:48:25,760

the experiment where they check to see

1289

00:48:29,829 --> 00:48:27,200

whether it's a particle or a wave the

1290

00:48:32,069 --> 00:48:29,839

split the blind this one's yes

1291

00:48:34,230 --> 00:48:32,079

is it is there is there like i mean it

1292

00:48:37,270 --> 00:48:34,240

seems like if that is happening with

1293

00:48:39,510 --> 00:48:37,280

light um could and it and it took a long

1294

00:48:41,349 --> 00:48:39,520

time to figure that out is

1295

00:48:43,510 --> 00:48:41,359

is it possible that there's like other

1296

00:48:46,870 --> 00:48:43,520

particles that act in a strange manner

1297

00:48:48,870 --> 00:48:46,880

that we just have no idea yet so like

1298

00:48:51,109 --> 00:48:48,880

it could be like kind of i guess like

1299

00:48:52,790 --> 00:48:51,119

you know like maybe there's another one

1300

00:48:53,829 --> 00:48:52,800

technically you're just a wave form that

1301

00:48:56,390 --> 00:48:53,839

if he

1302

00:48:57,670 --> 00:48:56,400

shifted at all you'd not exist so dude i

1303

00:49:00,950 --> 00:48:57,680

know i'm just still i'm just you're

1304

00:49:03,270 --> 00:49:00,960

literally 90 you're literally 99.9

1305

00:49:05,030 --> 00:49:03,280

nothing

1306

00:49:06,470 --> 00:49:05,040

that's the nicest thing anybody's ever

1307

00:49:10,790 --> 00:49:06,480

said

1308

00:49:15,270 --> 00:49:12,790

oh dude yes

1309

00:49:16,470 --> 00:49:15,280

the odds are so crazy dude like what are

1310

00:49:18,870 --> 00:49:16,480

the odds

1311

00:49:20,710 --> 00:49:18,880

like spooky wouldn't it be crazy like in

1312

00:49:22,950 --> 00:49:20,720

the future you know right now i was like

1313

00:49:24,870 --> 00:49:22,960

what are the odds that you exist right

1314

00:49:27,109 --> 00:49:24,880

now right like they're actually really

1315

00:49:28,870 --> 00:49:27,119

really bad

1316

00:49:30,549 --> 00:49:28,880

they're pretty bad they're pretty bad

1317

00:49:32,390 --> 00:49:30,559

but that's based off of what we know

1318

00:49:34,870 --> 00:49:32,400

right now right like

1319

00:49:36,549 --> 00:49:34,880

the odds of us ever being created and

1320

00:49:38,309 --> 00:49:36,559

being able to have this conversation are

1321

00:49:40,309 --> 00:49:38,319

so high you could have won the lottery

1322

00:49:42,950 --> 00:49:40,319

so many times over

1323

00:49:44,069 --> 00:49:42,960

i mean it's such a ridiculous number

1324

00:49:46,390 --> 00:49:44,079

that

1325

00:49:48,309 --> 00:49:46,400

it would make the lottery like oh i won

1326

00:49:50,549 --> 00:49:48,319

the lottery oh that's no big deal

1327

00:49:53,109 --> 00:49:50,559

i was creating every day

1328

00:49:54,950 --> 00:49:53,119

i was created there's the lottery oh

1329

00:49:55,829 --> 00:49:54,960

i need to be winning the lottery more

1330

00:50:00,309 --> 00:49:55,839

yeah

1331

00:50:00,319 --> 00:50:03,270

it's very uh

1332

00:50:06,390 --> 00:50:05,190

it's it's very frustrating but it's also

1333

00:50:08,309 --> 00:50:06,400

very cool

1334

00:50:10,549 --> 00:50:08,319

um because there's so much that you

1335

00:50:12,309 --> 00:50:10,559

don't know you know it'd be so cool to

1336

00:50:13,430 --> 00:50:12,319

just know

1337

00:50:15,430 --> 00:50:13,440

it would be

1338

00:50:18,790 --> 00:50:15,440

super cool to know scientists

1339

00:50:19,750 --> 00:50:18,800

i i know i know i know and i and and i

1340

00:50:20,870 --> 00:50:19,760

wish

1341

00:50:23,510 --> 00:50:20,880

here's the thing though we have

1342

00:50:25,030 --> 00:50:23,520

scientists and and i you know it'd be

1343

00:50:26,069 --> 00:50:25,040

cool if like i was a scientist because

1344

00:50:27,750 --> 00:50:26,079

then i could just figure it out for

1345

00:50:30,069 --> 00:50:27,760

myself but like

1346

00:50:32,870 --> 00:50:30,079

even then yeah i am a doctor scientist

1347

00:50:34,549 --> 00:50:32,880

yeah yeah for sure but even even then

1348

00:50:36,150 --> 00:50:34,559

you know uh

1349

00:50:38,150 --> 00:50:36,160

it's still too slow

1350

00:50:40,630 --> 00:50:38,160

right the the mind is just such a

1351

00:50:41,910 --> 00:50:40,640

curious thing that it's not a bad thing

1352

00:50:44,069 --> 00:50:41,920

it's such a good thing that we have

1353

00:50:46,069 --> 00:50:44,079

scientists but like at the same time

1354

00:50:47,589 --> 00:50:46,079

it's like

1355

00:50:49,589 --> 00:50:47,599

with a super curious mind you're just

1356

00:50:51,750 --> 00:50:49,599

like you wish you you wish you knew like

1357

00:50:55,670 --> 00:50:51,760

you know that you're going to die

1358

00:50:57,430 --> 00:50:55,680

not having some cool answers right or

1359

00:50:59,589 --> 00:50:57,440

i don't know maybe it's just the time

1360

00:51:01,829 --> 00:50:59,599

that we live in right did the ancients

1361

00:51:03,270 --> 00:51:01,839

ever think like man in the future no

1362

00:51:04,150 --> 00:51:03,280

they didn't i'm gonna i'm gonna drive a

1363

00:51:05,510 --> 00:51:04,160

car

1364

00:51:07,030 --> 00:51:05,520

with the engines

1365

00:51:08,950 --> 00:51:07,040

you know i'm gonna miss out on driving a

1366

00:51:10,630 --> 00:51:08,960

car what a bummer like and there's

1367

00:51:11,990 --> 00:51:10,640

things that i don't even know like that

1368

00:51:13,750 --> 00:51:12,000

are gonna exist in the future i'm

1369

00:51:15,510 --> 00:51:13,760

totally gonna miss out on it dude and

1370

00:51:16,790 --> 00:51:15,520

like the thing that sucks is like i'm

1371

00:51:18,150 --> 00:51:16,800

gonna miss out on the [h\_\_h] that we do

1372

00:51:22,390 --> 00:51:18,160

know about like i'm never gonna drive a

1373

00:51:24,470 --> 00:51:22,400

flying car like what a bummer you know

1374

00:51:26,549 --> 00:51:24,480

and i know you exist you could man i

1375

00:51:28,870 --> 00:51:26,559

know what you said smoke some dmt let's

1376

00:51:30,309 --> 00:51:28,880

go dude i mean yeah

1377

00:51:31,670 --> 00:51:30,319

that's better than a flying car dude

1378

00:51:33,430 --> 00:51:31,680

you're like who needs more of an

1379

00:51:34,309 --> 00:51:33,440

internal trip brother

1380

00:51:38,470 --> 00:51:34,319

do it

1381

00:51:40,630 --> 00:51:38,480

sure that's pretty self-contained

1382

00:51:42,470 --> 00:51:40,640

it's so bad it's way cheaper and you

1383

00:51:43,990 --> 00:51:42,480

know you don't have to buy insurance

1384

00:51:46,390 --> 00:51:44,000

there's a whole thing with flying cars

1385

00:51:48,470 --> 00:51:46,400

right you gotta like check with uh

1386

00:51:50,630 --> 00:51:48,480

faa and

1387

00:51:52,790 --> 00:51:50,640

you gotta learn how to do stuff you know

1388

00:51:55,030 --> 00:51:52,800

if you're han solo

1389

00:51:56,950 --> 00:51:55,040

no dude he he crossed the galaxy in 12

1390

00:51:59,270 --> 00:51:56,960

part under 12 parsecs

1391

00:52:01,349 --> 00:51:59,280

i don't that's not that was the uh the

1392

00:52:04,150 --> 00:52:01,359

something run i can't remember what it

1393

00:52:05,270 --> 00:52:04,160

was

1394

00:52:07,270 --> 00:52:05,280

uh

1395

00:52:09,990 --> 00:52:07,280

okay there was one more thing in the

1396

00:52:12,069 --> 00:52:10,000

news uh joe i i don't think i pulled it

1397

00:52:14,150 --> 00:52:12,079

up can you remember what it was it was

1398

00:52:16,950 --> 00:52:14,160

weird did we did you guys talk about

1399

00:52:19,990 --> 00:52:16,960

this while i was uh putting

1400

00:52:22,870 --> 00:52:20,000

no the ukrainian mathematician yeah uh

1401  
00:52:24,309 --> 00:52:22,880  
fat base sent us this uh yeah this was

1402  
00:52:25,990 --> 00:52:24,319  
pretty cool this was basically just

1403  
00:52:27,510 --> 00:52:26,000  
talking about like the different

1404  
00:52:29,430 --> 00:52:27,520  
dimensions that we have and stuff

1405  
00:52:30,790 --> 00:52:29,440  
there's like a small little portion like

1406  
00:52:32,630 --> 00:52:30,800  
most of it's just

1407  
00:52:35,190 --> 00:52:32,640  
talky talky talk but

1408  
00:52:36,549 --> 00:52:35,200  
uh let's see uh they were basically

1409  
00:52:38,230 --> 00:52:36,559  
talking about how like in the third

1410  
00:52:40,470 --> 00:52:38,240  
space the most efficient way to pack

1411  
00:52:41,990 --> 00:52:40,480  
spheres is in like a pyramid arrangement

1412  
00:52:43,270 --> 00:52:42,000  
this chick figured out

1413  
00:52:44,790 --> 00:52:43,280

how to do it

1414

00:52:46,390 --> 00:52:44,800

more efficiently

1415

00:52:48,390 --> 00:52:46,400

and she

1416

00:52:51,190 --> 00:52:48,400

let's see what they say uh it's calling

1417

00:52:52,950 --> 00:52:51,200

work being a pyramid

1418

00:52:53,990 --> 00:52:52,960

cohen worked with the

1419

00:52:55,670 --> 00:52:54,000

uh

1420

00:52:57,030 --> 00:52:55,680

villas

1421

00:53:00,230 --> 00:52:57,040

koska

1422

00:53:02,230 --> 00:53:00,240

something like beyond me yeah

1423

00:53:04,790 --> 00:53:02,240

and uh she was basically saying that

1424

00:53:06,150 --> 00:53:04,800

they extended the results because

1425

00:53:09,109 --> 00:53:06,160

they're always looking for more more

1426

00:53:12,710 --> 00:53:09,119

dimensions this is old news i'm sure but

1427

00:53:15,270 --> 00:53:12,720

the result was they found 24 dimensional

1428

00:53:18,230 --> 00:53:15,280

spaces what if instead of a pyramid

1429

00:53:20,790 --> 00:53:18,240

shape it was the shape of boobs dude

1430

00:53:23,109 --> 00:53:20,800

it could be infinite right it's infinite

1431

00:53:25,190 --> 00:53:23,119

infinite man it's it's a fibonacci

1432

00:53:27,270 --> 00:53:25,200

sequence in in there man it's natural i

1433

00:53:29,910 --> 00:53:27,280

think that would uh that would be some

1434

00:53:31,990 --> 00:53:29,920

uh some intergalactic uh child support

1435

00:53:33,589 --> 00:53:32,000

or something would end up happening dude

1436

00:53:37,589 --> 00:53:33,599

that would be a bummer

1437

00:53:39,270 --> 00:53:37,599

that's it's kind of cool because you

1438

00:53:40,630 --> 00:53:39,280

know

1439

00:53:42,470 --> 00:53:40,640

i assume

1440

00:53:44,150 --> 00:53:42,480

it seems like they have like a good

1441

00:53:45,829 --> 00:53:44,160

understanding like all the people who

1442

00:53:47,349 --> 00:53:45,839

are who are doing the science are like

1443

00:53:50,150 --> 00:53:47,359

we have an understanding like it seems

1444

00:53:51,589 --> 00:53:50,160

like they're kind of still like

1445

00:53:53,670 --> 00:53:51,599

they're obviously still working on it

1446

00:53:55,990 --> 00:53:53,680

right so they don't know for sure so

1447

00:53:58,870 --> 00:53:56,000

when you hear them say like yeah so far

1448

00:54:00,069 --> 00:53:58,880

we've discovered two of those guys

1449

00:54:01,589 --> 00:54:00,079

like

1450

00:54:03,670 --> 00:54:01,599

they're just sitting in a room trying to

1451

00:54:05,750 --> 00:54:03,680

beat each other i mean that's really i

1452

00:54:07,349 --> 00:54:05,760

mean literally like oh yeah you think

1453

00:54:08,829 --> 00:54:07,359

you got a lot of dimensions check this i

1454

00:54:12,470 --> 00:54:08,839

just i just found

1455

00:54:14,549 --> 00:54:12,480

24. right yeah yeah and i use the cone

1456

00:54:15,910 --> 00:54:14,559

just like madonna all right

1457

00:54:18,150 --> 00:54:15,920

what

1458

00:54:20,390 --> 00:54:18,160

i use

1459

00:54:23,190 --> 00:54:20,400

so 24 dimensions is too many dimensions

1460

00:54:25,829 --> 00:54:23,200

it's too many whether it's whether like

1461

00:54:27,190 --> 00:54:25,839

i mean i guess like it it uh

1462

00:54:28,790 --> 00:54:27,200

it's like

1463

00:54:30,630 --> 00:54:28,800

yeah it's just like competition but at

1464

00:54:32,309 --> 00:54:30,640

the same time like all these people are

1465

00:54:33,750 --> 00:54:32,319

finding dimensions

1466

00:54:36,470 --> 00:54:33,760

like it

1467

00:54:39,589 --> 00:54:36,480

how many doors does that open up is it

1468

00:54:42,390 --> 00:54:39,599

even worth it to find out that we have

1469

00:54:44,150 --> 00:54:42,400

like a million dimensions like does it

1470

00:54:46,150 --> 00:54:44,160

matter how many dimensions we have we

1471

00:54:48,390 --> 00:54:46,160

can't even figure this one out

1472

00:54:50,309 --> 00:54:48,400

yet like i mean is it is it good stuff

1473

00:54:52,150 --> 00:54:50,319

that you need to know like to put on the

1474

00:54:54,069 --> 00:54:52,160

shelf right because that's you're

1475

00:54:55,829 --> 00:54:54,079

striving for that obviously but like do

1476  
00:54:57,349 --> 00:54:55,839  
we need to spend time looking for more

1477  
00:54:59,589 --> 00:54:57,359  
dimensions when we already know that

1478  
00:55:02,230 --> 00:54:59,599  
like okay we did find five and now we

1479  
00:55:03,030 --> 00:55:02,240  
found 11. oh [h\_\_h] now we know there's 24

1480  
00:55:04,870 --> 00:55:03,040  
but

1481  
00:55:06,390 --> 00:55:04,880  
unless we can get to them

1482  
00:55:08,789 --> 00:55:06,400  
i think it's getting to the point to

1483  
00:55:11,190 --> 00:55:08,799  
improve and prove infinity

1484  
00:55:12,549 --> 00:55:11,200  
if you can prove for infinity i think

1485  
00:55:14,549 --> 00:55:12,559  
that

1486  
00:55:16,230 --> 00:55:14,559  
it starts to make

1487  
00:55:18,309 --> 00:55:16,240  
gradual sense that it may be part of the

1488  
00:55:20,789 --> 00:55:18,319

latticework of reality

1489

00:55:22,630 --> 00:55:20,799

um so well i'm not going to

1490

00:55:24,069 --> 00:55:22,640

go too far into that that that's

1491

00:55:26,230 --> 00:55:24,079

starting to get into

1492

00:55:28,230 --> 00:55:26,240

unentertaining stuff but that makes

1493

00:55:30,870 --> 00:55:28,240

sense though it puts a purpose to

1494

00:55:33,750 --> 00:55:30,880

figuring out why we need to know how

1495

00:55:36,549 --> 00:55:33,760

many dimensions there are and are they

1496

00:55:38,069 --> 00:55:36,559

infinity because if if if it you know

1497

00:55:39,430 --> 00:55:38,079

you know like i was saying like well if

1498

00:55:41,430 --> 00:55:39,440

you can't figure out every dimension

1499

00:55:43,670 --> 00:55:41,440

they figure out they can actually

1500

00:55:45,670 --> 00:55:43,680

this they can figure out like a

1501  
00:55:48,069 --> 00:55:45,680  
different aspect of the way reality

1502  
00:55:50,309 --> 00:55:48,079  
works you know so uh the way an atom

1503  
00:55:51,430 --> 00:55:50,319  
interacts with each other subatomically

1504  
00:55:52,950 --> 00:55:51,440  
uh

1505  
00:55:55,430 --> 00:55:52,960  
whether it can

1506  
00:55:58,390 --> 00:55:55,440  
atomically subatomically you know macro

1507  
00:56:00,870 --> 00:55:58,400  
micro everything it basically will start

1508  
00:56:03,589 --> 00:56:00,880  
piecing that that

1509  
00:56:05,349 --> 00:56:03,599  
that picture together further further

1510  
00:56:06,630 --> 00:56:05,359  
and further it's it's like it's like if

1511  
00:56:09,109 --> 00:56:06,640  
you take your camera out and you got

1512  
00:56:12,069 --> 00:56:09,119  
that uh that that

1513  
00:56:13,270 --> 00:56:12,079

special like my i just got a pixel six

1514

00:56:14,710 --> 00:56:13,280

and that you know you could take those

1515

00:56:15,829 --> 00:56:14,720

pictures where you just take a shitload

1516

00:56:16,710 --> 00:56:15,839

of pictures and it stitches them

1517

00:56:18,710 --> 00:56:16,720

together

1518

00:56:19,910 --> 00:56:18,720

cool that's basically what they're doing

1519

00:56:22,069 --> 00:56:19,920

is they're taking

1520

00:56:24,150 --> 00:56:22,079

all these mathematical pictures you know

1521

00:56:25,990 --> 00:56:24,160

people people at cern checking for

1522

00:56:27,990 --> 00:56:26,000

particles these people looking for

1523

00:56:30,150 --> 00:56:28,000

dimensions uh you know people looking

1524

00:56:31,829 --> 00:56:30,160

for dark matter speaking of two of the

1525

00:56:33,270 --> 00:56:31,839

scientists working for a dark matter in

1526

00:56:35,190 --> 00:56:33,280

the united states are on my team right

1527

00:56:36,950 --> 00:56:35,200

now you know

1528

00:56:38,549 --> 00:56:36,960

the they uh

1529

00:56:40,230 --> 00:56:38,559

they're all stitching together these

1530

00:56:41,829 --> 00:56:40,240

pictures to make

1531

00:56:43,990 --> 00:56:41,839

to for a better understanding of

1532

00:56:45,910 --> 00:56:44,000

everything you know where it doesn't it

1533

00:56:48,549 --> 00:56:45,920

doesn't immediately

1534

00:56:50,470 --> 00:56:48,559

coalesce exactly why this is important

1535

00:56:52,710 --> 00:56:50,480

but this work could end up being super

1536

00:56:55,030 --> 00:56:52,720

important for something somebody else is

1537

00:56:56,549 --> 00:56:55,040

theorizing yeah

1538

00:57:00,309 --> 00:56:56,559

same uh same thing with like the the

1539

00:57:03,190 --> 00:57:00,319

mars rover and uh james webb's telescope

1540

00:57:05,030 --> 00:57:03,200

like stitching together images based off

1541

00:57:07,589 --> 00:57:05,040

of of

1542

00:57:10,069 --> 00:57:07,599

algorithms programs and computer stuff

1543

00:57:13,750 --> 00:57:10,079

like it's so fascinating like

1544

00:57:16,230 --> 00:57:13,760

they just googled it

1545

00:57:18,150 --> 00:57:16,240

i just googled the word uh algorithm and

1546

00:57:19,589 --> 00:57:18,160

they just they just used the ai from

1547

00:57:21,510 --> 00:57:19,599

google

1548

00:57:22,710 --> 00:57:21,520

yeah

1549

00:57:25,030 --> 00:57:22,720

like

1550

00:57:27,349 --> 00:57:25,040

didn't get right just hit the james whip

1551  
00:57:28,789 --> 00:57:27,359  
like blow a hole through it they what

1552  
00:57:30,549 --> 00:57:28,799  
happened

1553  
00:57:32,549 --> 00:57:30,559  
to meteorite like went

1554  
00:57:34,390 --> 00:57:32,559  
through and hit and hit the james webb

1555  
00:57:35,990 --> 00:57:34,400  
and they were like it's okay

1556  
00:57:37,349 --> 00:57:36,000  
yeah it's fine but we did get hit by a

1557  
00:57:39,670 --> 00:57:37,359  
little bit we're gonna miss you know

1558  
00:57:40,450 --> 00:57:39,680  
we're missing two parsecs now but you

1559  
00:57:41,589 --> 00:57:40,460  
know it's all right

1560  
00:57:43,670 --> 00:57:41,599  
[Music]

1561  
00:57:46,069 --> 00:57:43,680  
so it's it's a micro meteoroid i'm

1562  
00:57:48,870 --> 00:57:46,079  
reading this uh which has damaged one of

1563  
00:57:51,589 --> 00:57:48,880

the 18 beryllium gold segments that make

1564

00:57:54,230 --> 00:57:51,599

up its 6.5 meter mirror so it's like

1565

00:57:56,630 --> 00:57:54,240

think of like space dust but it's moving

1566

00:57:57,990 --> 00:57:56,640

so damn fast

1567

00:58:00,870 --> 00:57:58,000

and

1568

00:58:02,789 --> 00:58:00,880

uh james well we're moving 63 million

1569

00:58:05,349 --> 00:58:02,799

miles an hour through the universe well

1570

00:58:07,829 --> 00:58:05,359

yeah it's all relative like

1571

00:58:08,870 --> 00:58:07,839

dust could be sit and still just be like

1572

00:58:10,470 --> 00:58:08,880

um

1573

00:58:12,150 --> 00:58:10,480

i'm [h\_\_\h] hating that's why i always

1574

00:58:13,829 --> 00:58:12,160

kind of laugh when people talk about

1575

00:58:15,349 --> 00:58:13,839

like can't they just calculate the you

1576

00:58:17,190 --> 00:58:15,359

know where they are versus every

1577

00:58:21,190 --> 00:58:17,200

everywhere else i go well we're moving

1578

00:58:23,030 --> 00:58:21,200

63 million miles a second so

1579

00:58:25,589 --> 00:58:23,040

there's a lot of zeros you know it takes

1580

00:58:28,309 --> 00:58:25,599

a long time a lot of paper yeah

1581

00:58:31,510 --> 00:58:28,319

i mean those stars are also moving

1582

00:58:33,670 --> 00:58:31,520

everything is moving

1583

00:58:35,589 --> 00:58:33,680

everything so if

1584

00:58:38,789 --> 00:58:35,599

what's crazy is like there is no

1585

00:58:40,870 --> 00:58:38,799

constant and no maybe there's one one

1586

00:58:43,030 --> 00:58:40,880

constant in within

1587

00:58:46,069 --> 00:58:43,040

one universe because whoever did the

1588

00:58:48,069 --> 00:58:46,079

great sneeze that made us

1589

00:58:49,589 --> 00:58:48,079

dude right because like that would be

1590

00:58:50,630 --> 00:58:49,599

the ultimate constant right because

1591

00:58:52,470 --> 00:58:50,640

there's like

1592

00:58:54,630 --> 00:58:52,480

but everything else it's all relative to

1593

00:58:57,109 --> 00:58:54,640

each other like our perception of time

1594

00:58:58,710 --> 00:58:57,119

and space is is relative to

1595

00:59:01,589 --> 00:58:58,720

i love that book

1596

00:59:03,109 --> 00:59:01,599

our sneeze you know ah dude i love that

1597

00:59:04,390 --> 00:59:03,119

i love thinking about that kind of stuff

1598

00:59:07,030 --> 00:59:04,400

yeah

1599

00:59:08,950 --> 00:59:07,040

uh but yes uh james

1600

00:59:11,589 --> 00:59:08,960

james webb telescope is fine it's just

1601  
00:59:12,789 --> 00:59:11,599  
had a little bit of dust on there

1602  
00:59:14,549 --> 00:59:12,799  
call some uh

1603  
00:59:16,549 --> 00:59:14,559  
call a window cleaner

1604  
00:59:18,390 --> 00:59:16,559  
yeah dude yeah triple a will go out

1605  
00:59:20,150 --> 00:59:18,400  
there and fix it oh dude

1606  
00:59:22,710 --> 00:59:20,160  
they paid for it it's paid for so they

1607  
00:59:24,950 --> 00:59:22,720  
have to that would be an amazing service

1608  
00:59:26,789 --> 00:59:24,960  
by the way elon musk if if you want to

1609  
00:59:28,470 --> 00:59:26,799  
partner let me know hit me up uh but

1610  
00:59:30,309 --> 00:59:28,480  
yeah like a like a repair drive over

1611  
00:59:34,549 --> 00:59:30,319  
there in his uh roadster

1612  
00:59:37,349 --> 00:59:35,990  
you're gonna have to have space

1613  
00:59:38,870 --> 00:59:37,359

mechanics at some point you know what

1614

00:59:40,950 --> 00:59:38,880

i'm saying it's gonna be a very big

1615

00:59:42,390 --> 00:59:40,960

industry at some point space mechanics

1616

00:59:44,069 --> 00:59:42,400

are gonna be just like your local

1617

00:59:45,990 --> 00:59:44,079

mechanic down the street at some point

1618

00:59:48,870 --> 00:59:46,000

we might as well get started let's do it

1619

00:59:51,510 --> 00:59:48,880

space hotels come on i saw it last year

1620

00:59:52,789 --> 00:59:51,520

super bowl there was only one and uh

1621

00:59:54,309 --> 00:59:52,799

yeah it was like the very first

1622

00:59:55,750 --> 00:59:54,319

commercial on super bowl where they were

1623

00:59:57,670 --> 00:59:55,760

talking about the space hotel and it

1624

00:59:58,789 --> 00:59:57,680

didn't air at all

1625

01:00:00,789 --> 00:59:58,799

anymore

1626

01:00:03,430 --> 01:00:00,799

and i thought it was pretty secretive

1627

01:00:04,710 --> 01:00:03,440

and like weird but yeah it's coming it's

1628

01:00:08,230 --> 01:00:04,720

coming space mechanics you're going to

1629

01:00:10,390 --> 01:00:08,240

need them all i want to see is is like

1630

01:00:11,750 --> 01:00:10,400

looking at a live feed of the james webb

1631

01:00:13,430 --> 01:00:11,760

telescope

1632

01:00:15,670 --> 01:00:13,440

or something similar and then seeing

1633

01:00:17,589 --> 01:00:15,680

joe's mug coming up with the squeegee

1634

01:00:20,549 --> 01:00:17,599

and like cleaning the windshield off of

1635

01:00:22,150 --> 01:00:20,559

off of the camera like dude

1636

01:00:24,710 --> 01:00:22,160

that would be a fun day

1637

01:00:26,950 --> 01:00:24,720

yeah yeah i'll be the face of it

1638

01:00:28,390 --> 01:00:26,960

i would i think you could be the face of

1639

01:00:29,750 --> 01:00:28,400

of of sp

1640

01:00:31,030 --> 01:00:29,760

uh yeah

1641

01:00:33,270 --> 01:00:31,040

dude

1642

01:00:35,670 --> 01:00:33,280

go to this hotel in space because i

1643

01:00:39,589 --> 01:00:35,680

liked it

1644

01:00:43,589 --> 01:00:39,599

slogan can be

1645

01:00:45,510 --> 01:00:43,599

do you have a broken down spaceship

1646

01:00:47,030 --> 01:00:45,520

thumbs are up the whole time well don't

1647

01:00:50,309 --> 01:00:47,040

worry even if it breaks down we give you

1648

01:00:51,750 --> 01:00:50,319

good apr on a new spaceship that's right

1649

01:00:53,589 --> 01:00:51,760

it's your apr

1650

01:00:55,030 --> 01:00:53,599

uh come and get it all right

1651

01:00:56,789 --> 01:00:55,040

the rest of the commercial is just me

1652

01:00:59,349 --> 01:00:56,799

and joe high fiving over and over and

1653

01:01:01,910 --> 01:00:59,359

over and over again

1654

01:01:03,910 --> 01:01:01,920

8080 style with the legs up and

1655

01:01:05,510 --> 01:01:03,920

everything at the end

1656

01:01:07,030 --> 01:01:05,520

yes dude

1657

01:01:09,109 --> 01:01:07,040

you know we should we should we should

1658

01:01:11,430 --> 01:01:09,119

start a website where you can pre-order

1659

01:01:13,990 --> 01:01:11,440

spaceships we'll design the spaceships

1660

01:01:17,670 --> 01:01:14,000

you can pre-order spaceships um they get

1661

01:01:22,150 --> 01:01:19,589

well we got we got two options we got

1662

01:01:24,069 --> 01:01:22,160

the toilet shape we got the

1663

01:01:24,950 --> 01:01:24,079

the dick shape and we got the boob shape

1664

01:01:26,870 --> 01:01:24,960

okay the

1665

01:01:29,270 --> 01:01:26,880

three options the catch is right the

1666

01:01:30,950 --> 01:01:29,280

catch is we're not saying you know

1667

01:01:32,870 --> 01:01:30,960

that spaceships exist we're saying that

1668

01:01:35,750 --> 01:01:32,880

when they exist you can totally order

1669

01:01:39,990 --> 01:01:35,760

one from us so you can pre-order now and

1670

01:01:43,829 --> 01:01:41,670

uh you know they become available we'll

1671

01:01:47,349 --> 01:01:43,839

get one too we only accept crypto we're

1672

01:01:49,910 --> 01:01:47,359

called this we're called the space dudes

1673

01:01:52,390 --> 01:01:49,920

space dudes

1674

01:01:54,950 --> 01:01:52,400

blowing up i mean selling selling future

1675

01:01:56,870 --> 01:01:54,960

blueprints to a spaceship is just like i

1676  
01:01:58,630 --> 01:01:56,880  
feel like it's the same thing as some of

1677  
01:02:00,870 --> 01:01:58,640  
these cryptocurrency coins i don't want

1678  
01:02:02,309 --> 01:02:00,880  
to talk about cryptogram

1679  
01:02:04,710 --> 01:02:02,319  
i'm just making an analogy i'm just

1680  
01:02:06,870 --> 01:02:04,720  
saying it's just a bunch of floof

1681  
01:02:08,390 --> 01:02:06,880  
sometimes that's i'm not saying at all

1682  
01:02:09,910 --> 01:02:08,400  
crypto is it's just like something like

1683  
01:02:12,069 --> 01:02:09,920  
banana coin earlier

1684  
01:02:14,069 --> 01:02:12,079  
stop people making up watch me yeah

1685  
01:02:15,670 --> 01:02:14,079  
listen do not make fun of my pizza coins

1686  
01:02:16,789 --> 01:02:15,680  
please

1687  
01:02:18,549 --> 01:02:16,799  
dude

1688  
01:02:22,789 --> 01:02:18,559

if you had a corn i'd buy two more

1689

01:02:24,470 --> 01:02:22,799

pizzas away from getting a full coin so

1690

01:02:26,390 --> 01:02:24,480

you gotta get more slices dude you guys

1691

01:02:28,230 --> 01:02:26,400

get to work for that though

1692

01:02:29,750 --> 01:02:28,240

it's it's crazy in this day and age like

1693

01:02:31,510 --> 01:02:29,760

you're people are spending like six

1694

01:02:33,589 --> 01:02:31,520

figures on like

1695

01:02:35,750 --> 01:02:33,599

pictures of bananas and [h\_\_h] like it's

1696

01:02:38,710 --> 01:02:35,760

crazy you're talking to the uh

1697

01:02:40,470 --> 01:02:38,720

yeah the nfts yeah you're like what

1698

01:02:43,190 --> 01:02:40,480

are you serious

1699

01:02:45,190 --> 01:02:43,200

yeah i painted this last night [h\_\_h]

1700

01:02:47,430 --> 01:02:45,200

[h\_\_h] you know i got some nfts some

1701

01:02:50,150 --> 01:02:47,440

people want to buy them uh you know all

1702

01:02:54,150 --> 01:02:50,160

the proceeds go to uapx

1703

01:02:57,910 --> 01:02:55,829

i don't know what that means i don't

1704

01:03:00,789 --> 01:02:57,920

know what it all mean i don't get it

1705

01:03:02,630 --> 01:03:00,799

alright so an nft is basically a picture

1706

01:03:04,870 --> 01:03:02,640

that the all of the data for the picture

1707

01:03:06,870 --> 01:03:04,880

is encrypted into a blockchain and that

1708

01:03:10,150 --> 01:03:06,880

blockchain then will

1709

01:03:12,710 --> 01:03:10,160

basically enable it to be a unique piece

1710

01:03:16,390 --> 01:03:12,720

so they'll do a limited edition say okay

1711

01:03:18,549 --> 01:03:16,400

i'm making five prints of this digital

1712

01:03:20,549 --> 01:03:18,559

image and it'll never be reproduced

1713

01:03:22,470 --> 01:03:20,559

again because it's on a blockchain and

1714

01:03:24,470 --> 01:03:22,480

it and unless you can verify the

1715

01:03:25,750 --> 01:03:24,480

blockchain

1716

01:03:27,670 --> 01:03:25,760

it's not real

1717

01:03:29,190 --> 01:03:27,680

so how do you show it off like how do

1718

01:03:30,549 --> 01:03:29,200

you be like hey i got this you don't

1719

01:03:32,549 --> 01:03:30,559

have it in your house yeah but you have

1720

01:03:34,549 --> 01:03:32,559

like a digital wallet and you just show

1721

01:03:36,230 --> 01:03:34,559

the nft off or i mean you can you can

1722

01:03:37,670 --> 01:03:36,240

print and copy it all over the place but

1723

01:03:39,750 --> 01:03:37,680

because it can be verified with a

1724

01:03:41,430 --> 01:03:39,760

blockchain nobody can actually steal it

1725

01:03:43,670 --> 01:03:41,440

okay well that was the easiest

1726

01:03:46,309 --> 01:03:43,680

explanation and i completely understand

1727

01:03:48,069 --> 01:03:46,319

it now actually like i knew some pieces

1728

01:03:50,470 --> 01:03:48,079

of it but i didn't know those missing

1729

01:03:51,910 --> 01:03:50,480

pieces yeah okay

1730

01:03:52,950 --> 01:03:51,920

okay

1731

01:03:59,990 --> 01:03:52,960

uh

1732

01:04:04,390 --> 01:04:02,870

our focus right like as a species and we

1733

01:04:07,029 --> 01:04:04,400

talk about like all these

1734

01:04:08,870 --> 01:04:07,039

things mostly masturbation

1735

01:04:10,829 --> 01:04:08,880

see that's what we should be spending

1736

01:04:14,549 --> 01:04:10,839

most of it

1737

01:04:14,559 --> 01:04:18,470

what else important

1738

01:04:23,430 --> 01:04:21,750

it's literally the most important thing

1739

01:04:25,430 --> 01:04:23,440

i love how we go super deep and talk

1740

01:04:29,029 --> 01:04:25,440

about like the the beginnings of the

1741

01:04:31,349 --> 01:04:29,039

universe and the right to masturbation

1742

01:04:34,150 --> 01:04:31,359

it's how i mean it's it's it's it's

1743

01:04:35,349 --> 01:04:34,160

imperative to the survival of the human

1744

01:04:37,190 --> 01:04:35,359

species

1745

01:04:39,430 --> 01:04:37,200

i mean not not like blowing one into a

1746

01:04:41,190 --> 01:04:39,440

sock obviously right but like you know

1747

01:04:44,069 --> 01:04:41,200

sex

1748

01:04:45,349 --> 01:04:44,079

if we took what pornhub makes in like

1749

01:04:46,950 --> 01:04:45,359

one month

1750

01:04:50,150 --> 01:04:46,960

i could probably run my entire company

1751

01:04:53,430 --> 01:04:51,910

dude seriously i think everybody's

1752

01:04:56,069 --> 01:04:53,440

trying to get that pornhub money and

1753

01:04:59,190 --> 01:04:56,079

what's crazy bro is like they make that

1754

01:05:00,630 --> 01:04:59,200

money and you can watch it for free like

1755

01:05:01,670 --> 01:05:00,640

that's great they're making that money

1756

01:05:03,430 --> 01:05:01,680

and they're still making the money

1757

01:05:05,750 --> 01:05:03,440

they're like yeah watch as many free

1758

01:05:08,069 --> 01:05:05,760

videos as you want you're like

1759

01:05:10,710 --> 01:05:08,079

i don't know i want that i want that

1760

01:05:12,710 --> 01:05:10,720

quality video that doesn't even matter

1761

01:05:15,829 --> 01:05:12,720

to my eye you know i want that really

1762

01:05:20,630 --> 01:05:15,839

high quality [h\_\_h]

1763

01:05:20,640 --> 01:05:25,510

yeah man it's crazy

1764

01:05:30,309 --> 01:05:28,069

okay so

1765

01:05:32,150 --> 01:05:30,319

uh let's okay i'm trying to keep on

1766

01:05:33,750 --> 01:05:32,160

track on this idea

1767

01:05:37,349 --> 01:05:33,760

maybe like trying to get better at this

1768

01:05:39,589 --> 01:05:37,359

maybe you apx right for every donation

1769

01:05:41,990 --> 01:05:39,599

you get uh you know what kind of

1770

01:05:45,109 --> 01:05:43,670

you get a little video you know what i'm

1771

01:05:50,390 --> 01:05:45,119

saying

1772

01:05:55,190 --> 01:05:52,710

you gotta you gotta hire some uh

1773

01:05:57,460 --> 01:05:55,200

smr or whatever they call it the uh you

1774

01:05:59,990 --> 01:05:57,470

apax

1775

01:06:03,990 --> 01:06:00,000

[Music]

1776

01:06:06,549 --> 01:06:04,000

uh only fans girls y'all

1777

01:06:07,750 --> 01:06:06,559

you get ten percent they keep the rest i

1778

01:06:09,029 --> 01:06:07,760

don't know i'm not gonna

1779

01:06:10,630 --> 01:06:09,039

not just the women whoever wants to

1780

01:06:11,910 --> 01:06:10,640

listen to you you i don't care what you

1781

01:06:14,710 --> 01:06:11,920

call yourself you wanna listen to it and

1782

01:06:16,390 --> 01:06:14,720

pay for it i'll sit here and just know

1783

01:06:19,990 --> 01:06:16,400

all night for you

1784

01:06:24,789 --> 01:06:21,910

i hate asmrs

1785

01:06:25,829 --> 01:06:24,799

i hate it it drives me red

1786

01:06:27,510 --> 01:06:25,839

crowley

1787

01:06:31,029 --> 01:06:27,520

i'm pretty sure these two could power

1788

01:06:35,510 --> 01:06:32,390

yeah

1789

01:06:37,829 --> 01:06:35,520

you apx xxx dude

1790

01:06:40,150 --> 01:06:37,839

oh my god my scientists are running for

1791

01:06:42,470 --> 01:06:40,160

the hills at this point

1792

01:06:44,309 --> 01:06:42,480

but the money is rolling into the bank

1793

01:06:46,789 --> 01:06:44,319

account so keep it going you know what

1794

01:06:49,270 --> 01:06:46,799

i'm saying people don't like science

1795

01:06:51,510 --> 01:06:49,280

they like porno you know

1796

01:06:54,069 --> 01:06:51,520

if there's a way we can mix science and

1797

01:06:55,589 --> 01:06:54,079

porno together so well like like like

1798

01:06:58,069 --> 01:06:55,599

ben and i it

1799

01:07:00,230 --> 01:06:58,079

can be rolling in the dough i mean

1800

01:07:01,750 --> 01:07:00,240

it's an idea i think every i think you

1801  
01:07:04,150 --> 01:07:01,760  
should pretty much you should find some

1802  
01:07:06,069 --> 01:07:04,160  
of the hottest porn stars right now

1803  
01:07:09,270 --> 01:07:06,079  
right and then you should let them wear

1804  
01:07:12,549 --> 01:07:09,280  
you apx logos and like hats like they're

1805  
01:07:14,230 --> 01:07:12,559  
working on on like uh cameras and stuff

1806  
01:07:15,990 --> 01:07:14,240  
and like they're like scientists and

1807  
01:07:19,270 --> 01:07:16,000  
like you know there's like a hot session

1808  
01:07:21,349 --> 01:07:19,280  
in the uapx uh you know

1809  
01:07:23,109 --> 01:07:21,359  
you know my guys uh i'm not sure they're

1810  
01:07:24,710 --> 01:07:23,119  
gonna approve that one i mean we're

1811  
01:07:26,630 --> 01:07:24,720  
having a hard time like because we've

1812  
01:07:29,029 --> 01:07:26,640  
had such a bad taste in our mouths when

1813  
01:07:29,990 --> 01:07:29,039

it comes to hollywood

1814

01:07:32,150 --> 01:07:30,000

i mean

1815

01:07:34,470 --> 01:07:32,160

dude ben and i will film it you know

1816

01:07:35,910 --> 01:07:34,480

oh i bet you would we'll film it you

1817

01:07:39,750 --> 01:07:35,920

know it's

1818

01:07:41,670 --> 01:07:39,760

for science it is for science just for

1819

01:07:43,190 --> 01:07:41,680

science you know

1820

01:07:44,390 --> 01:07:43,200

we're doing it for science that's what

1821

01:07:47,270 --> 01:07:44,400

people don't understand

1822

01:07:49,109 --> 01:07:47,280

i thought that was stripping

1823

01:07:50,390 --> 01:07:49,119

no that's just how you you get through

1824

01:07:53,029 --> 01:07:50,400

that grad school

1825

01:07:55,109 --> 01:07:53,039

to become a scientist right and then

1826  
01:07:59,670 --> 01:07:55,119  
realize you make more money there

1827  
01:08:01,990 --> 01:08:00,549  
okay

1828  
01:08:03,990 --> 01:08:02,000  
you know what let's discuss this it's

1829  
01:08:05,270 --> 01:08:04,000  
good

1830  
01:08:06,870 --> 01:08:05,280  
we're on the street

1831  
01:08:08,069 --> 01:08:06,880  
cassie says it's a good idea so i'd

1832  
01:08:09,270 --> 01:08:08,079  
support yes

1833  
01:08:11,589 --> 01:08:09,280  
okay

1834  
01:08:14,150 --> 01:08:11,599  
but i do have a question involving like

1835  
01:08:15,829 --> 01:08:14,160  
spacex and like the the the

1836  
01:08:17,749 --> 01:08:15,839  
the uh

1837  
01:08:19,990 --> 01:08:17,759  
trajectory of

1838  
01:08:21,669 --> 01:08:20,000

this expedition to mars like why is it

1839

01:08:23,349 --> 01:08:21,679

such a big deal and

1840

01:08:25,910 --> 01:08:23,359

why would we not spend the money that

1841

01:08:28,229 --> 01:08:25,920

we're spending on getting to mars on

1842

01:08:29,749 --> 01:08:28,239

like stuff that maybe we could try to

1843

01:08:31,590 --> 01:08:29,759

[h\_\_h] out of here before we [h\_\_h]

1844

01:08:34,470 --> 01:08:31,600

everything up

1845

01:08:35,749 --> 01:08:34,480

so there's like there's like two schools

1846

01:08:37,430 --> 01:08:35,759

i'm just gonna pour my money into

1847

01:08:38,950 --> 01:08:37,440

getting the hell out of here i'm gonna

1848

01:08:40,870 --> 01:08:38,960

go to this other planet that's already

1849

01:08:43,110 --> 01:08:40,880

been [h\_\_h] up

1850

01:08:44,550 --> 01:08:43,120

at least i'll own this whole planet yeah

1851

01:08:46,229 --> 01:08:44,560

this would be mine

1852

01:08:47,749 --> 01:08:46,239

i mean it's gotta be something like that

1853

01:08:50,149 --> 01:08:47,759

right

1854

01:08:54,709 --> 01:08:50,159

yeah he's gonna he's gonna rename mars

1855

01:08:58,709 --> 01:08:57,030

planet musk

1856

01:09:00,309 --> 01:08:58,719

don't go in there you need deodorant if

1857

01:09:04,470 --> 01:09:00,319

you're the only person that can get

1858

01:09:06,950 --> 01:09:04,480

there do you need a a military defense

1859

01:09:08,309 --> 01:09:06,960

well that's just it you won't always be

1860

01:09:10,470 --> 01:09:08,319

the only person that can get there

1861

01:09:11,749 --> 01:09:10,480

unless like humanity destroys itself

1862

01:09:12,950 --> 01:09:11,759

before it can

1863

01:09:15,030 --> 01:09:12,960

but

1864

01:09:16,709 --> 01:09:15,040

yeah i mean when it comes down to it

1865

01:09:18,829 --> 01:09:16,719

um

1866

01:09:22,149 --> 01:09:18,839

the first people that go there are gonna

1867

01:09:24,390 --> 01:09:22,159

die i guarantee it the first the first

1868

01:09:26,309 --> 01:09:24,400

colony is not going to work well i mean

1869

01:09:27,910 --> 01:09:26,319

everybody's going to

1870

01:09:30,470 --> 01:09:27,920

no i mean like quicker they'll probably

1871

01:09:32,229 --> 01:09:30,480

crash into the side of the planet

1872

01:09:34,070 --> 01:09:32,239

or get down there and just realize oh

1873

01:09:36,390 --> 01:09:34,080

man terraform is gonna take a lot longer

1874

01:09:38,950 --> 01:09:36,400

than we thought like damn this is nice

1875

01:09:40,630 --> 01:09:38,960

out there with a rake like guys it's way

1876

01:09:42,470 --> 01:09:40,640

harder yeah i don't think it's gonna be

1877

01:09:44,870 --> 01:09:42,480

being like uh what's that one movie with

1878

01:09:45,990 --> 01:09:44,880

uh where he's potato farming with his

1879

01:09:55,510 --> 01:09:46,000

own poop

1880

01:10:00,070 --> 01:09:58,149

uh it's a great movie but i feel like

1881

01:10:03,189 --> 01:10:00,080

it's it's very like

1882

01:10:04,870 --> 01:10:03,199

realistic like like nitrogen poop

1883

01:10:06,470 --> 01:10:04,880

there's there's all this kind of there's

1884

01:10:08,709 --> 01:10:06,480

a stuffed and poop right like you just

1885

01:10:11,590 --> 01:10:08,719

put it in the soil man

1886

01:10:14,790 --> 01:10:11,600

smart yeah

1887

01:10:17,510 --> 01:10:14,800

poop is smart dude dude see you get it

1888

01:10:18,790 --> 01:10:17,520

actually the biome in poop is smart not

1889

01:10:21,669 --> 01:10:18,800

poop itself

1890

01:10:23,270 --> 01:10:21,679

poop is done that's even smarter dude we

1891

01:10:25,910 --> 01:10:23,280

need to make a shirt poop is dumb but

1892

01:10:27,910 --> 01:10:25,920

the biome inside of poop is smart

1893

01:10:29,669 --> 01:10:27,920

gary voorhees

1894

01:10:31,030 --> 01:10:29,679

it'll be the official garyvov shirt it's

1895

01:10:32,870 --> 01:10:31,040

kind of like it's kind of like the soil

1896

01:10:34,950 --> 01:10:32,880

from the amazon man i mean it's not

1897

01:10:36,550 --> 01:10:34,960

really the soil it's what's in the soil

1898

01:10:40,960 --> 01:10:36,560

yeah

1899

01:10:42,310 --> 01:10:40,970

much to munch on dude

1900

01:10:44,070 --> 01:10:42,320

[Music]

1901

01:10:46,149 --> 01:10:44,080

okay really quick poop is dumb what was

1902

01:10:48,870 --> 01:10:46,159

the rest of it poop is dumb

1903

01:10:51,189 --> 01:10:48,880

with the mic but the biome is smart it's

1904

01:10:52,149 --> 01:10:51,199

the bot all right it's the biome

1905

01:10:53,110 --> 01:10:52,159

that's

1906

01:10:54,229 --> 01:10:53,120

all right we're gonna work we're gonna

1907

01:10:55,430 --> 01:10:54,239

workshop this yeah you're gonna have to

1908

01:10:57,510 --> 01:10:55,440

work that

1909

01:10:59,430 --> 01:10:57,520

that doesn't sound good at all

1910

01:11:02,709 --> 01:10:59,440

it's probably completely wrong i would

1911

01:11:06,390 --> 01:11:02,719

say the microbes are right

1912

01:11:08,870 --> 01:11:06,400

who's dumb but the microbes are smart

1913

01:11:10,229 --> 01:11:08,880

i love it okay so all right

1914

01:11:12,070 --> 01:11:10,239

i gotta get to the root of this guys

1915

01:11:13,510 --> 01:11:12,080

because like

1916

01:11:15,910 --> 01:11:13,520

there's like school two schools of

1917

01:11:18,390 --> 01:11:15,920

thought it's like one one's like this

1918

01:11:22,149 --> 01:11:18,400

over uh this public

1919

01:11:23,990 --> 01:11:22,159

statement where like oh by doing this uh

1920

01:11:27,030 --> 01:11:24,000

uh trying to get to mars and doing all

1921

01:11:29,990 --> 01:11:27,040

this this science and and engineering

1922

01:11:31,830 --> 01:11:30,000

we're inspiring the youth to to continue

1923

01:11:33,189 --> 01:11:31,840

this search for the great beyond

1924

01:11:35,350 --> 01:11:33,199

something bigger than ourselves like

1925

01:11:37,750 --> 01:11:35,360

that's great that seems like so hopeful

1926

01:11:40,149 --> 01:11:37,760

yeah the cynic in all of us i think is

1927

01:11:41,350 --> 01:11:40,159

thinking like exactly what you said gary

1928

01:11:43,510 --> 01:11:41,360

i think a lot of people are thinking

1929

01:11:45,430 --> 01:11:43,520

like oh no you just want like an escape

1930

01:11:47,990 --> 01:11:45,440

route you ain't going to mars we ain't

1931

01:11:50,229 --> 01:11:48,000

going to mars oh no no make a whole lot

1932

01:11:52,709 --> 01:11:50,239

more money well yeah i mean but the

1933

01:11:55,430 --> 01:11:52,719

thing is though dude right is like even

1934

01:11:57,350 --> 01:11:55,440

if we do save the planet like you still

1935

01:11:59,189 --> 01:11:57,360

want to learn how to go to other planets

1936

01:12:00,709 --> 01:11:59,199

i say we let the planet get right to the

1937

01:12:02,630 --> 01:12:00,719

brink right so they all feel like they

1938

01:12:04,630 --> 01:12:02,640

have to leave and we get rid of all

1939

01:12:06,310 --> 01:12:04,640

those [h\_\_h] douchebags and then we

1940

01:12:07,590 --> 01:12:06,320

save the planet and we're like why'd you

1941

01:12:09,110 --> 01:12:07,600

leave

1942

01:12:10,870 --> 01:12:09,120

oh yeah oh

1943

01:12:13,030 --> 01:12:10,880

sorry and they're like [h\_\_h] in their

1944

01:12:15,270 --> 01:12:13,040

own potato soil

1945

01:12:17,189 --> 01:12:15,280

they're all dying on mars because oh you

1946

01:12:19,750 --> 01:12:17,199

want us to give you more fuel to get

1947

01:12:21,990 --> 01:12:19,760

back to earth no sorry dude they got

1948

01:12:24,470 --> 01:12:22,000

plenty of fuel we don't use fuel anymore

1949

01:12:26,310 --> 01:12:24,480

we we uh jesus exists often yeah we just

1950

01:12:28,470 --> 01:12:26,320

we figured out that we could just

1951

01:12:30,870 --> 01:12:28,480

manifest it with our minds and we don't

1952

01:12:32,229 --> 01:12:30,880

have to do anything anymore

1953

01:12:35,510 --> 01:12:32,239

so

1954

01:12:36,950 --> 01:12:35,520

that's where the true technology is man

1955

01:12:38,229 --> 01:12:36,960

in your mind

1956

01:12:40,950 --> 01:12:38,239

some people

1957

01:12:42,310 --> 01:12:40,960

manifesting thoughts the stuff with your

1958

01:12:43,669 --> 01:12:42,320

mind i think it's true i think it's

1959

01:12:46,070 --> 01:12:43,679

possible

1960

01:12:54,790 --> 01:12:46,080

i've done it

1961

01:12:57,990 --> 01:12:56,149

you said he was cool dude right yeah

1962

01:12:59,590 --> 01:12:58,000

yeah dude he had me in stitches the

1963

01:13:00,790 --> 01:12:59,600

whole time he was there he was making

1964

01:13:02,470 --> 01:13:00,800

fun of our producer

1965

01:13:04,950 --> 01:13:02,480

[Music]

1966

01:13:06,790 --> 01:13:04,960

oh [h\_\_h] that's right

1967

01:13:09,189 --> 01:13:06,800

yeah yeah we're gonna go down that story

1968

01:13:12,630 --> 01:13:09,199

line though yeah

1969

01:13:15,990 --> 01:13:12,640

oh my god yeah he was a trip uh and uh

1970

01:13:17,030 --> 01:13:16,000

matthew uh chidagus and uh

1971

01:13:19,510 --> 01:13:17,040

kevin

1972

01:13:21,750 --> 01:13:19,520

and uh yeah a lot of the guys on my team

1973

01:13:23,750 --> 01:13:21,760

were real big fans i mean hell i i grew

1974

01:13:26,470 --> 01:13:23,760

up watching the guy on tv my mom was a

1975

01:13:27,350 --> 01:13:26,480

big star trek fan so

1976

01:13:28,390 --> 01:13:27,360

i

1977

01:13:29,430 --> 01:13:28,400

always

1978

01:13:31,990 --> 01:13:29,440

watched him

1979

01:13:34,070 --> 01:13:32,000

every week

1980

01:13:36,630 --> 01:13:34,080

that's pretty good

1981

01:13:39,990 --> 01:13:37,910

yeah

1982

01:13:41,270 --> 01:13:40,000

he's always an inspiration you know if i

1983

01:13:43,189 --> 01:13:41,280

was smarter i would have went and you

1984

01:13:46,390 --> 01:13:43,199

know got a doctorate and become an

1985

01:13:48,090 --> 01:13:46,400

actual scientist but instead i just

1986

01:13:51,110 --> 01:13:48,100

begged something to join me

1987

01:13:53,510 --> 01:13:51,120

[Laughter]

1988

01:13:55,270 --> 01:13:53,520

i mean hey you know it's not too bad you

1989

01:13:57,189 --> 01:13:55,280

know it's pretty no but i feel like

1990

01:13:58,470 --> 01:13:57,199

you're doing pretty good you did pretty

1991

01:14:01,590 --> 01:13:58,480

good you had two scientists studying

1992

01:14:03,350 --> 01:14:01,600

dark matter yeah we actually just uh we

1993

01:14:05,189 --> 01:14:03,360

just got two new physicists on board so

1994

01:14:07,430 --> 01:14:05,199

we have a total of four physicists

1995

01:14:09,750 --> 01:14:07,440

working with uapx now

1996

01:14:12,310 --> 01:14:09,760

uh you can check out the website thereby

1997

01:14:14,470 --> 01:14:12,320

pio's profiles

1998

01:14:16,870 --> 01:14:14,480

it's not all white guys now we have we

1999

01:14:19,189 --> 01:14:16,880

have one woman

2000

01:14:22,470 --> 01:14:19,199

nice very nice

2001

01:14:25,510 --> 01:14:22,480

cecilia uh levy uh it's his uh doctor

2002

01:14:28,550 --> 01:14:25,520

cecilia levy she uh she just joined us

2003

01:14:31,189 --> 01:14:28,560

and uh then uh plot

2004

01:14:32,790 --> 01:14:31,199

he uh and sorry if i killed your last

2005

01:14:34,790 --> 01:14:32,800

name guy but

2006

01:14:36,950 --> 01:14:34,800

they uh they're they're also physicists

2007

01:14:39,030 --> 01:14:36,960

one was a student of kevin knuts at one

2008

01:14:40,550 --> 01:14:39,040

point and uh the other one works with

2009

01:14:43,270 --> 01:14:40,560

matthew so

2010

01:14:45,510 --> 01:14:43,280

um

2011

01:14:49,430 --> 01:14:45,520

heck yeah dude so you got some new team

2012

01:14:51,830 --> 01:14:49,440

members well she's she's proven to be uh

2013

01:14:53,590 --> 01:14:51,840

a very very valuable team member so far

2014

01:14:55,510 --> 01:14:53,600

because she literally like we're all

2015

01:14:56,790 --> 01:14:55,520

over here going oh well this is that and

2016

01:14:58,550 --> 01:14:56,800

then she just comes out of left field

2017

01:15:00,149 --> 01:14:58,560

yeah well won't we just do this well

2018

01:15:02,550 --> 01:15:00,159

that's just because that makes more

2019

01:15:03,830 --> 01:15:02,560

sense that's why we don't do that

2020

01:15:06,709 --> 01:15:03,840

and then we all have to we all have to

2021

01:15:10,390 --> 01:15:06,719

just stop and just

2022

01:15:12,470 --> 01:15:10,400

suck in that humble pie

2023

01:15:14,709 --> 01:15:12,480

it's not the best and they're just like

2024

01:15:16,709 --> 01:15:14,719

yeah yeah we got to do all three we do

2025

01:15:18,390 --> 01:15:16,719

all that yeah because like uh you know

2026

01:15:19,830 --> 01:15:18,400

there's an upcoming event that we're all

2027

01:15:22,149 --> 01:15:19,840

you know stressing about getting a you

2028

01:15:23,830 --> 01:15:22,159

know an experiment together to go do and

2029

01:15:25,990 --> 01:15:23,840

and uh she's like well why don't we just

2030

01:15:27,510 --> 01:15:26,000

offer our scientific know-how

2031

01:15:28,950 --> 01:15:27,520

about what they're doing already and i'm

2032

01:15:30,470 --> 01:15:28,960

like

2033

01:15:33,350 --> 01:15:30,480

that's a good idea because we don't have

2034

01:15:35,510 --> 01:15:33,360

time for an event right now

2035

01:15:36,709 --> 01:15:35,520

yeah we don't have time to plan an

2036

01:15:38,950 --> 01:15:36,719

experiment

2037

01:15:43,270 --> 01:15:38,960

so

2038

01:15:45,990 --> 01:15:43,280

the horizon as far as like experiments

2039

01:15:48,470 --> 01:15:46,000

are you guys uh i know these like you

2040

01:15:51,750 --> 01:15:48,480

you can't talk about something

2041

01:15:54,070 --> 01:15:51,760

um well we will not be appearing in

2042

01:15:57,030 --> 01:15:54,080

whatever the hell comes after a tear in

2043

01:16:01,669 --> 01:15:59,030

we decided not to go that direction

2044

01:16:08,229 --> 01:16:04,870

but we are you know we're developing uh

2045

01:16:11,189 --> 01:16:08,239

with uh ron ulsch of the ufo depth

2046

01:16:13,669 --> 01:16:11,199

system he's uh he's assisting us in

2047

01:16:15,510 --> 01:16:13,679

developing a new standalone system that

2048

01:16:17,990 --> 01:16:15,520

we're actually going to incorporate

2049

01:16:19,669 --> 01:16:18,000

a whole slew of camera systems with

2050

01:16:21,750 --> 01:16:19,679

different types of color filters

2051

01:16:23,990 --> 01:16:21,760

different types of light filters

2052

01:16:24,950 --> 01:16:24,000

try to get a multi-spectral picture of

2053

01:16:27,350 --> 01:16:24,960

whatever

2054

01:16:29,510 --> 01:16:27,360

the ufo depth tracks

2055

01:16:31,030 --> 01:16:29,520

every camera will track with it

2056

01:16:33,270 --> 01:16:31,040

including flare

2057

01:16:34,950 --> 01:16:33,280

and all the dsl cameras with all the

2058

01:16:36,390 --> 01:16:34,960

different color filters and different

2059

01:16:37,750 --> 01:16:36,400

light filters

2060

01:16:38,709 --> 01:16:37,760

uh so

2061

01:16:40,070 --> 01:16:38,719

cool

2062

01:16:41,590 --> 01:16:40,080

yeah that's one of the things we're

2063

01:16:43,430 --> 01:16:41,600

developing and then

2064

01:16:44,950 --> 01:16:43,440

we've got some some

2065

01:16:46,790 --> 01:16:44,960

cool gadgets that are being developed

2066

01:16:49,110 --> 01:16:46,800

for the osiris one

2067

01:16:51,030 --> 01:16:49,120

that will actually be able to pinpoint

2068

01:16:53,430 --> 01:16:51,040

any type of rf signal

2069

01:16:55,110 --> 01:16:53,440

where it is and give us a map

2070

01:16:57,510 --> 01:16:55,120

so we can drive there

2071

01:16:58,790 --> 01:16:57,520

yeah so he's got some he's got some cool

2072

01:17:01,750 --> 01:16:58,800

things under her eyes and we're looking

2073

01:17:03,910 --> 01:17:01,760

at uh i know i know jeremy's like super

2074

01:17:06,149 --> 01:17:03,920

hyped up about trying to get a uh a

2075

01:17:08,709 --> 01:17:06,159

passive radar system too

2076

01:17:13,030 --> 01:17:08,719

um yeah

2077

01:17:14,310 --> 01:17:13,040

and uh then we're also looking to put uh

2078

01:17:21,510 --> 01:17:14,320

uh

2079

01:17:23,270 --> 01:17:21,520

actually developing an ads or like a

2080

01:17:25,430 --> 01:17:23,280

an automated system to track everything

2081

01:17:27,030 --> 01:17:25,440

and going over our head and record it

2082

01:17:28,790 --> 01:17:27,040

so we don't have to just keep going on

2083

01:17:30,709 --> 01:17:28,800

our phones going oh is that a plane

2084

01:17:32,550 --> 01:17:30,719

above us or whatever oh yeah

2085

01:17:34,709 --> 01:17:32,560

you know you know it would be nice

2086

01:17:36,229 --> 01:17:34,719

it'll actually track all that data real

2087

01:17:37,830 --> 01:17:36,239

time and it doesn't require like an

2088

01:17:41,030 --> 01:17:37,840

internet access or anything it just will

2089

01:17:42,790 --> 01:17:41,040

do it anyways using transponder yeah so

2090

01:17:45,350 --> 01:17:42,800

it's like

2091

01:17:47,750 --> 01:17:45,360

it you know it's we've got some

2092

01:17:49,510 --> 01:17:47,760

pretty cool stuff being developed right

2093

01:17:52,870 --> 01:17:49,520

now because we learned a lot of lessons

2094

01:18:00,149 --> 01:17:56,070

the the our first expedition so

2095

01:18:01,510 --> 01:18:00,159

do okay i have a dream about uapx and

2096

01:18:03,590 --> 01:18:01,520

here it is i'm just going to give it to

2097

01:18:06,229 --> 01:18:03,600

you you know take you know take it as

2098

01:18:10,390 --> 01:18:06,239

far as you want but i think you you guys

2099

01:18:11,990 --> 01:18:10,400

should put a uh a a station on the moon

2100

01:18:13,270 --> 01:18:12,000

and look down to earth that would be

2101

01:18:14,709 --> 01:18:13,280

cool

2102

01:18:16,280 --> 01:18:14,719

how is that possible i would love to

2103

01:18:18,229 --> 01:18:16,290

look down on you

2104

01:18:20,550 --> 01:18:18,239

[Laughter]

2105

01:18:22,470 --> 01:18:20,560

no but uh i i would love to man but i

2106

01:18:23,990 --> 01:18:22,480

mean

2107

01:18:25,350 --> 01:18:24,000

dude we can't afford to put a satellite

2108

01:18:27,430 --> 01:18:25,360

up never mind [h\_\_h] get anything on

2109

01:18:29,430 --> 01:18:27,440

the moon

2110

01:18:31,750 --> 01:18:29,440

that's my thought process like skip the

2111

01:18:33,910 --> 01:18:31,760

satellite every that's child's play dude

2112

01:18:35,430 --> 01:18:33,920

go to the straight to the moon dude yeah

2113

01:18:36,790 --> 01:18:35,440

dude yeah we ain't got that kind of

2114

01:18:38,870 --> 01:18:36,800

budget man

2115

01:18:42,070 --> 01:18:38,880

hey man i got a couple of these left

2116

01:18:48,070 --> 01:18:44,790

rubber is cheaper than rocket fuel so i

2117

01:18:50,390 --> 01:18:48,080

propose at the slingshot method a

2118

01:18:53,270 --> 01:18:50,400

massive slingshot

2119

01:18:55,510 --> 01:18:53,280

with a like i hit a giant like space

2120

01:18:57,270 --> 01:18:55,520

hamster ball and you time it just right

2121

01:18:59,189 --> 01:18:57,280

you put one of your scientists maybe the

2122

01:19:00,870 --> 01:18:59,199

new lady scientist in there she's you

2123

01:19:02,790 --> 01:19:00,880

know no

2124

01:19:04,470 --> 01:19:02,800

no no she's too important pick one of

2125

01:19:05,180 --> 01:19:04,480

the other scientists and it would have

2126

01:19:14,870 --> 01:19:05,190

to be me

2127

01:19:18,229 --> 01:19:16,709

they're like all right gary

2128

01:19:21,030 --> 01:19:18,239

gotta answer some emails i'm gonna need

2129

01:19:23,830 --> 01:19:21,040

you to get inside of this giants

2130

01:19:25,750 --> 01:19:23,840

new welcome our newest member email guys

2131

01:19:28,229 --> 01:19:25,760

awesome hold on we got a question here

2132

01:19:32,790 --> 01:19:29,669

if you

2133

01:19:35,110 --> 01:19:32,800

direct message uh jeremy mcgowan or the

2134

01:19:37,510 --> 01:19:35,120

osiris on twitter he can tell you the

2135

01:19:38,950 --> 01:19:37,520

exact frequencies i don't know about uap

2136

01:19:40,709 --> 01:19:38,960

but those are the frequencies that like

2137

01:19:41,590 --> 01:19:40,719

travis taylor and

2138

01:19:43,910 --> 01:19:41,600

uh

2139

01:19:46,390 --> 01:19:43,920

lou elizondo and a lot of these guys are

2140

01:19:47,669 --> 01:19:46,400

all looking for when this stuff happens

2141

01:19:49,270 --> 01:19:47,679

tell me more about these frequencies

2142

01:19:51,750 --> 01:19:49,280

what does that uh explain more about

2143

01:19:53,990 --> 01:19:51,760

that uh there's certain frequencies that

2144

01:19:55,430 --> 01:19:54,000

we were given that uh are within a

2145

01:19:56,950 --> 01:19:55,440

certain range

2146

01:19:59,350 --> 01:19:56,960

uh and

2147

01:20:01,910 --> 01:19:59,360

those frequencies see seem to be

2148

01:20:04,229 --> 01:20:01,920

active when there's uh you know uap

2149

01:20:06,149 --> 01:20:04,239

activity going on are these are these

2150

01:20:07,830 --> 01:20:06,159

radio frequencies are they like yeah are

2151  
01:20:08,550 --> 01:20:07,840  
spectrums okay

2152  
01:20:12,629 --> 01:20:08,560  
yeah

2153  
01:20:14,070 --> 01:20:12,639  
so so like that means that there's

2154  
01:20:17,270 --> 01:20:14,080  
something in our atmosphere that's

2155  
01:20:19,189 --> 01:20:17,280  
emitting a frequency within a a spectrum

2156  
01:20:21,030 --> 01:20:19,199  
that's that has some type of signature

2157  
01:20:21,910 --> 01:20:21,040  
that's like consistent

2158  
01:20:22,709 --> 01:20:21,920  
that

2159  
01:20:25,110 --> 01:20:22,719  
uh

2160  
01:20:27,350 --> 01:20:25,120  
that other people have tracked with

2161  
01:20:28,550 --> 01:20:27,360  
with phenomenon

2162  
01:20:30,550 --> 01:20:28,560  
yes

2163  
01:20:33,030 --> 01:20:30,560

and the the the big dogs those are those

2164

01:20:36,950 --> 01:20:33,040

are the guys that are

2165

01:20:41,510 --> 01:20:36,960

1.21 gigawatts i love that

2166

01:20:46,070 --> 01:20:43,110

the question down to the local store

2167

01:20:48,149 --> 01:20:46,080

pick up some plutonium

2168

01:20:50,070 --> 01:20:48,159

oh i love that movie

2169

01:20:52,709 --> 01:20:50,080

dude i feel like i feel like it uh

2170

01:20:54,149 --> 01:20:52,719

plutonium uh i don't know

2171

01:20:57,270 --> 01:20:54,159

you've heard like these stories about

2172

01:20:58,790 --> 01:20:57,280

like uh dmt like being existing and all

2173

01:21:01,669 --> 01:20:58,800

like almost like there's like a trace

2174

01:21:03,830 --> 01:21:01,679

amount in all living uh plants

2175

01:21:06,390 --> 01:21:03,840

i wonder if like the same thing about

2176

01:21:08,709 --> 01:21:06,400

like plutonium or something like is is

2177

01:21:10,550 --> 01:21:08,719

volatile or or powerful

2178

01:21:12,709 --> 01:21:10,560

that could be good used for good or bad

2179

01:21:14,950 --> 01:21:12,719

is like just exist in all matter like

2180

01:21:16,470 --> 01:21:14,960

there's a trace amount in all matter i

2181

01:21:17,669 --> 01:21:16,480

like that idea well i don't know so much

2182

01:21:19,270 --> 01:21:17,679

about that but everything's made of

2183

01:21:20,870 --> 01:21:19,280

electrons and

2184

01:21:22,390 --> 01:21:20,880

yeah you know particles so i mean those

2185

01:21:24,149 --> 01:21:22,400

particles are all the same and no matter

2186

01:21:27,189 --> 01:21:24,159

what you're looking at so technically

2187

01:21:29,750 --> 01:21:28,709

but

2188

01:21:32,149 --> 01:21:29,760

that's

2189

01:21:35,669 --> 01:21:32,159

i'm giving i'm giving you a very stretch

2190

01:21:38,950 --> 01:21:37,200

thank you for clarifying dude

2191

01:21:41,030 --> 01:21:38,960

[Music]

2192

01:21:43,270 --> 01:21:41,040

all matters made of the same [h\_\_h] so

2193

01:21:45,189 --> 01:21:43,280

technically you're right

2194

01:21:46,709 --> 01:21:45,199

i mean you could say that that's like

2195

01:21:49,510 --> 01:21:46,719

every you could answer that to

2196

01:21:54,550 --> 01:21:52,149

no dude some things are wrong

2197

01:21:56,470 --> 01:21:54,560

you ever seen uranium glass that stuff

2198

01:21:59,830 --> 01:21:56,480

is badass

2199

01:22:04,629 --> 01:22:01,590

yeah check check that stuff out that

2200

01:22:06,470 --> 01:22:04,639

stuff is cool as [h\_\_h] it's basically a

2201

01:22:08,629 --> 01:22:06,480

glass that's made here with uranium

2202

01:22:11,030 --> 01:22:08,639

powder uh there was a period of time

2203

01:22:13,350 --> 01:22:11,040

that they made it a lot

2204

01:22:15,030 --> 01:22:13,360

but people get sick

2205

01:22:16,390 --> 01:22:15,040

so

2206

01:22:18,550 --> 01:22:16,400

well you couldn't eat off it i mean you

2207

01:22:20,629 --> 01:22:18,560

can look at it's not like you can handle

2208

01:22:22,550 --> 01:22:20,639

it and you can you can you can have it

2209

01:22:24,390 --> 01:22:22,560

it's not gonna kill you it's not so

2210

01:22:26,070 --> 01:22:24,400

radioactive that it's gonna hurt you but

2211

01:22:28,390 --> 01:22:26,080

if you like eating off of it and [h\_\_h]

2212

01:22:30,790 --> 01:22:28,400

like that and pieces chip off and you're

2213

01:22:32,790 --> 01:22:30,800

consuming that stuff that's that's no

2214

01:22:35,030 --> 01:22:32,800

good kind of like

2215

01:22:38,709 --> 01:22:35,040

it's just a psa if you have a teflon pan

2216

01:22:40,709 --> 01:22:38,719

it's peeling throw that [h\_\_h] away

2217

01:22:43,030 --> 01:22:40,719

also another piano and also if you're

2218

01:22:44,709 --> 01:22:43,040

consuming glass no matter whether it's

2219

01:22:46,229 --> 01:22:44,719

made of uranium or not you probably

2220

01:22:48,229 --> 01:22:46,239

shouldn't well i'm talking about just

2221

01:22:49,669 --> 01:22:48,239

like even the little scrapes like when

2222

01:22:51,110 --> 01:22:49,679

you're straight when you scrape a plate

2223

01:22:52,310 --> 01:22:51,120

you know a little piece of that plate

2224

01:22:54,070 --> 01:22:52,320

comes off

2225

01:22:56,070 --> 01:22:54,080

and i mean after a certain amount of

2226

01:22:57,990 --> 01:22:56,080

time you're consuming the plutonium

2227

01:22:59,590 --> 01:22:58,000

inside so

2228

01:23:00,870 --> 01:22:59,600

now i'm sure it's going to take you know

2229

01:23:02,149 --> 01:23:00,880

a couple years to really feel the

2230

01:23:03,669 --> 01:23:02,159

effects of it but i'm sure it's not

2231

01:23:04,830 --> 01:23:03,679

going to help that tumor growth that's

2232

01:23:07,590 --> 01:23:04,840

already there you

2233

01:23:08,950 --> 01:23:07,600

know from all the other [h\_\_\h] yeah

2234

01:23:10,149 --> 01:23:08,960

seriously

2235

01:23:16,149 --> 01:23:10,159

yeah

2236

01:23:23,590 --> 01:23:20,629

uh so what oh okay so honestly i was

2237

01:23:26,050 --> 01:23:23,600

going to ask what's teflon is it like

2238

01:23:29,590 --> 01:23:26,060

tape bro

2239

01:23:32,950 --> 01:23:31,430

everybody talking like tupperware like

2240

01:23:34,950 --> 01:23:32,960

we just had plates

2241

01:23:36,550 --> 01:23:34,960

no teflon is a coating that they put on

2242

01:23:39,030 --> 01:23:36,560

a pan to make it non-stick it was

2243

01:23:40,229 --> 01:23:39,040

developed by nasa

2244

01:23:42,470 --> 01:23:40,239

and uh

2245

01:23:45,430 --> 01:23:42,480

it was a 3m that made it i've eaten so

2246

01:23:46,790 --> 01:23:45,440

much teflon it's also primarily it gives

2247

01:23:49,430 --> 01:23:46,800

you the [h\_\_\h]

2248

01:23:51,510 --> 01:23:49,440

i [h\_\_\h] so much because all your pants

2249

01:23:53,669 --> 01:23:51,520

have teflon on them dude

2250

01:23:55,590 --> 01:23:53,679

basically people that cook everything on

2251  
01:23:57,910 --> 01:23:55,600  
super high heat tend to end up having

2252  
01:24:00,310 --> 01:23:57,920  
teflon peel or if you use metal on

2253  
01:24:02,470 --> 01:24:00,320  
teflon it'll like scratch the surface

2254  
01:24:04,310 --> 01:24:02,480  
once the surface is scratched then it'll

2255  
01:24:06,550 --> 01:24:04,320  
oxidize underneath and it'll start to

2256  
01:24:08,709 --> 01:24:06,560  
lift and so you get these teflon flakes

2257  
01:24:10,870 --> 01:24:08,719  
all over the place those teflon flakes

2258  
01:24:12,470 --> 01:24:10,880  
after a while can be toxic

2259  
01:24:13,750 --> 01:24:12,480  
and it actually will give you the shits

2260  
01:24:16,070 --> 01:24:13,760  
too so

2261  
01:24:17,590 --> 01:24:16,080  
crowley says teflon is why we have small

2262  
01:24:19,669 --> 01:24:17,600  
penises

2263  
01:24:21,510 --> 01:24:19,679

no that's just how you were born crowley

2264

01:24:23,430 --> 01:24:21,520

calm down you can't lump us don't lump

2265

01:24:28,950 --> 01:24:23,440

us all into your your small penis

2266

01:24:32,950 --> 01:24:31,030

wait crowley said wait i mean you i mean

2267

01:24:35,390 --> 01:24:32,960

you guys

2268

01:24:39,270 --> 01:24:35,400

no yeah nobody no

2269

01:24:42,550 --> 01:24:40,629

i remember you were telling us the story

2270

01:24:43,910 --> 01:24:42,560

about all the teflon pans you used to

2271

01:24:45,270 --> 01:24:43,920

have in your house remember that one

2272

01:24:46,229 --> 01:24:45,280

time crowley you were telling us about

2273

01:24:48,790 --> 01:24:46,239

that

2274

01:24:49,910 --> 01:24:48,800

it's on you man

2275

01:24:51,430 --> 01:24:49,920

thanks mom

2276

01:24:53,350 --> 01:24:51,440

yeah i don't know why all these pants

2277

01:24:56,870 --> 01:24:53,360

keep peeling

2278

01:24:58,390 --> 01:24:56,880

what temperature do you cook at high

2279

01:25:00,310 --> 01:24:58,400

everything high

2280

01:25:02,550 --> 01:25:00,320

well with teflon pans you don't have to

2281

01:25:05,270 --> 01:25:02,560

cook it at a higher temperature anyways

2282

01:25:06,470 --> 01:25:05,280

it distributes heat very well so you end

2283

01:25:07,990 --> 01:25:06,480

up actually being able to cook at a

2284

01:25:09,750 --> 01:25:08,000

lower temperature and get the same

2285

01:25:13,910 --> 01:25:09,760

results

2286

01:25:18,390 --> 01:25:16,550

is that pepper nah that's definitely

2287

01:25:20,870 --> 01:25:18,400

definitely

2288

01:25:22,870 --> 01:25:20,880

a little bit crunchy everybody in this

2289

01:25:25,030 --> 01:25:22,880

channel that grew up poor has eaten tons

2290

01:25:26,870 --> 01:25:25,040

of teflon

2291

01:25:29,590 --> 01:25:26,880

because i tell you what you know i mean

2292

01:25:31,350 --> 01:25:29,600

your parents weren't buying circulon

2293

01:25:33,030 --> 01:25:31,360

they were buying that cheap dollar store

2294

01:25:35,910 --> 01:25:33,040

teflon pan that as soon as you hit

2295

01:25:38,390 --> 01:25:35,920

medium heat it starts to peel uh-huh

2296

01:25:40,870 --> 01:25:38,400

uh-huh that's for sure yeah

2297

01:25:43,270 --> 01:25:40,880

and uh still to this day i'm not gonna

2298

01:25:45,590 --> 01:25:43,280

say who has a teflon pan in their hand

2299

01:25:47,270 --> 01:25:45,600

in their house but somebody i know has a

2300

01:25:48,629 --> 01:25:47,280

teflon pan in their house for sure and

2301

01:25:50,629 --> 01:25:48,639

that's me

2302

01:25:51,990 --> 01:25:50,639

everybody does

2303

01:25:53,669 --> 01:25:52,000

depending on the quality of the pan

2304

01:25:57,750 --> 01:25:53,679

that's how how much abuse you can give

2305

01:26:00,550 --> 01:25:57,760

it yeah yeah oh mine are mine are abused

2306

01:26:01,750 --> 01:26:00,560

mine are like years old but you know

2307

01:26:03,990 --> 01:26:01,760

take care of them they'll last a

2308

01:26:05,590 --> 01:26:04,000

lifetime but i mean that's that's just

2309

01:26:08,229 --> 01:26:05,600

it nobody does

2310

01:26:10,790 --> 01:26:08,239

yeah no they scratch too easy sometimes

2311

01:26:12,870 --> 01:26:10,800

a fork is right there whenever uh

2312

01:26:14,790 --> 01:26:12,880

whenever the spatula is across the room

2313

01:26:16,629 --> 01:26:14,800

or it's in the sink and the fork that's

2314

01:26:18,790 --> 01:26:16,639

sitting right there is a tough one i

2315

01:26:21,189 --> 01:26:18,800

know i know it's such a it's such a

2316

01:26:23,189 --> 01:26:21,199

tough tough choice to make but now

2317

01:26:25,030 --> 01:26:23,199

learning about uh

2318

01:26:26,390 --> 01:26:25,040

teflon poisoning

2319

01:26:29,189 --> 01:26:26,400

i think i'm going to have a different

2320

01:26:31,669 --> 01:26:29,199

outlook on this whole situation now tied

2321

01:26:34,310 --> 01:26:31,679

i would have no if an idea if there's a

2322

01:26:36,950 --> 01:26:34,320

base in the arctic that's literally a

2323

01:26:39,189 --> 01:26:36,960

conspiracy theory there's a conspiracy

2324

01:26:41,430 --> 01:26:39,199

theory that either there's a

2325

01:26:44,310 --> 01:26:41,440

uap base in the arctic or the nazis have

2326

01:26:45,990 --> 01:26:44,320

uap technology in any arctic there's all

2327

01:26:47,910 --> 01:26:46,000

kinds of weird [\h\_\_\h] about the arctic

2328

01:26:49,590 --> 01:26:47,920

because there's nobody there except for

2329

01:26:51,830 --> 01:26:49,600

a couple a handful of researchers and

2330

01:26:56,310 --> 01:26:51,840

it's illegal to go there so and the

2331

01:26:59,750 --> 01:26:58,070

but it's illegal for a lot of good

2332

01:27:02,550 --> 01:26:59,760

reasons though because you pretty much

2333

01:27:04,070 --> 01:27:02,560

just die there i mean it's

2334

01:27:05,669 --> 01:27:04,080

yeah it's like going out in the middle

2335

01:27:06,470 --> 01:27:05,679

of death valley and just kind of hanging

2336

01:27:08,629 --> 01:27:06,480

out

2337

01:27:11,189 --> 01:27:08,639

yeah not a good place to be it's just

2338

01:27:13,590 --> 01:27:11,199

not a good idea to do that but

2339

01:27:15,910 --> 01:27:13,600

it's it's i mean like even though like

2340

01:27:18,629 --> 01:27:15,920

it's hard to go like it's it it's hard

2341

01:27:20,310 --> 01:27:18,639

to be there right there's

2342

01:27:21,350 --> 01:27:20,320

conspiracy theory i got emailed the

2343

01:27:24,070 --> 01:27:21,360

other day

2344

01:27:25,750 --> 01:27:24,080

uh they told me that uh nazis invented

2345

01:27:28,950 --> 01:27:25,760

time travel during world war ii went

2346

01:27:31,270 --> 01:27:28,960

into the future got ufos and came back

2347

01:27:33,270 --> 01:27:31,280

and by the time they got back they had

2348

01:27:35,030 --> 01:27:33,280

already lost the war so they hid out in

2349

01:27:36,790 --> 01:27:35,040

antarctica

2350

01:27:38,629 --> 01:27:36,800

you're like wait they time traveled you

2351

01:27:40,709 --> 01:27:38,639

said yeah yeah

2352

01:27:43,510 --> 01:27:40,719

they should have went back to uh before

2353

01:27:45,270 --> 01:27:43,520

they lost the war then right

2354

01:27:46,870 --> 01:27:45,280

you would think right

2355

01:27:48,310 --> 01:27:46,880

maybe they maybe they went ahead and

2356

01:27:49,750 --> 01:27:48,320

said you know what maybe maybe this

2357

01:27:52,950 --> 01:27:49,760

isn't the way maybe we should just start

2358

01:27:57,110 --> 01:27:55,110

just take it over with money yeah

2359

01:27:59,030 --> 01:27:57,120

seriously we'll do that and uh hang out

2360

01:28:00,870 --> 01:27:59,040

in argentina want to do that they're

2361

01:28:02,870 --> 01:28:00,880

like that sounds awesome

2362

01:28:04,229 --> 01:28:02,880

yeah and we'll hide all of our [h\_\_h] down

2363

01:28:07,189 --> 01:28:04,239

in antarctica

2364

01:28:09,270 --> 01:28:07,199

because nobody can go there

2365

01:28:12,790 --> 01:28:09,280

some of those things man like with

2366

01:28:17,030 --> 01:28:14,390

like it sucks that you can't just go

2367

01:28:18,470 --> 01:28:17,040

there right like you'd have to be like

2368

01:28:20,709 --> 01:28:18,480

you'd have to be like a serious

2369

01:28:23,430 --> 01:28:20,719

professional it's like seriously a lot

2370

01:28:25,510 --> 01:28:23,440

larger than most people realize i mean

2371

01:28:27,590 --> 01:28:25,520

you can't i mean you can't fly you can

2372

01:28:29,750 --> 01:28:27,600

fly over but if like

2373

01:28:33,030 --> 01:28:29,760

it would take almost all your gas to fly

2374

01:28:34,629 --> 01:28:33,040

over it and in like a 747 yeah so i mean

2375

01:28:37,350 --> 01:28:34,639

and it's

2376

01:28:39,270 --> 01:28:37,360

it's a big [h\_\_h] place

2377

01:28:42,070 --> 01:28:39,280

because when you look at the map

2378

01:28:43,110 --> 01:28:42,080

you know the normal map that's not a

2379

01:28:44,950 --> 01:28:43,120

that's not

2380

01:28:47,350 --> 01:28:44,960

an accurate representation

2381

01:28:49,750 --> 01:28:47,360

of size at all in any way shape or form

2382

01:28:51,030 --> 01:28:49,760

like the world doesn't actually look

2383

01:28:55,350 --> 01:28:51,040

like that

2384

01:28:58,870 --> 01:28:55,360

right shapes different sizes yeah yeah

2385

01:29:01,990 --> 01:28:58,880

africa is all small and [h\_\_h]

2386

01:29:05,510 --> 01:29:02,000

uh is the kecksburg the the the glock or

2387

01:29:07,590 --> 01:29:05,520

is that the uh where the bell landed

2388

01:29:10,790 --> 01:29:07,600

i can't i can't i get them all mixed up

2389

01:29:12,709 --> 01:29:10,800

i don't care no

2390

01:29:14,870 --> 01:29:12,719

wasn't that the thing that wasn't that

2391

01:29:16,149 --> 01:29:14,880

that acorn thing in michigan that's what

2392

01:29:18,790 --> 01:29:16,159

i was thinking

2393

01:29:21,750 --> 01:29:18,800

and then the the glock

2394

01:29:24,870 --> 01:29:21,760

the glock or the bell yeah uh

2395

01:29:27,030 --> 01:29:24,880

it was a was the technically it was

2396

01:29:29,830 --> 01:29:27,040

supposed to be either an anti-gravity

2397

01:29:31,830 --> 01:29:29,840

device or it was a time traveling device

2398

01:29:33,270 --> 01:29:31,840

they they don't know but either way a

2399

01:29:35,910 --> 01:29:33,280

lot of scientists got killed because of

2400

01:29:39,110 --> 01:29:35,920

the radioactive energy coming off of it

2401

01:29:42,310 --> 01:29:39,120

yeah it's interesting uh is it uh is it

2402

01:29:45,990 --> 01:29:42,320

the same machine or is it inspired you

2403

01:29:48,390 --> 01:29:46,000

know is it an inspired uh

2404

01:29:49,270 --> 01:29:48,400

machine

2405

01:29:52,709 --> 01:29:49,280

yeah

2406

01:29:53,990 --> 01:29:52,719

one was picked up by the military hella

2407

01:29:55,669 --> 01:29:54,000

quick too

2408

01:29:57,350 --> 01:29:55,679

like i mean it was the same night that

2409

01:29:58,709 --> 01:29:57,360

it landed they were there they were i

2410

01:29:59,990 --> 01:29:58,719

mean it was like they were just i mean

2411

01:30:01,270 --> 01:30:00,000

then again it was in a time when they

2412

01:30:03,830 --> 01:30:01,280

could track it coming in from the

2413

01:30:05,990 --> 01:30:03,840

atmosphere so yeah

2414

01:30:07,350 --> 01:30:06,000

yeah that's a that's a that's a that's a

2415

01:30:09,590 --> 01:30:07,360

weird one man

2416

01:30:12,070 --> 01:30:09,600

all the all the different shapes and

2417

01:30:13,669 --> 01:30:12,080

sizes of the things that like you know

2418

01:30:15,990 --> 01:30:13,679

have been reported

2419

01:30:17,510 --> 01:30:16,000

are are are pretty neat you know

2420

01:30:18,709 --> 01:30:17,520

remember just i mean

2421

01:30:20,149 --> 01:30:18,719

it doesn't really you can't really be

2422

01:30:21,910 --> 01:30:20,159

surprised that there's a multitude of

2423

01:30:22,709 --> 01:30:21,920

shapes and sizes and different things

2424

01:30:24,870 --> 01:30:22,719

because

2425

01:30:27,510 --> 01:30:24,880

you've got all these different aspects

2426  
01:30:30,390 --> 01:30:27,520  
to the phenomena we got mental illness

2427  
01:30:33,110 --> 01:30:30,400  
you've got the fact that you know

2428  
01:30:35,750 --> 01:30:33,120  
these aren't going to stay the same

2429  
01:30:37,189 --> 01:30:35,760  
for 10 000 years yeah i mean there's

2430  
01:30:38,470 --> 01:30:37,199  
gonna be some things that might stay

2431  
01:30:39,510 --> 01:30:38,480  
similar but

2432  
01:30:42,070 --> 01:30:39,520  
you know

2433  
01:30:43,510 --> 01:30:42,080  
we don't our cars don't look the same

2434  
01:30:45,669 --> 01:30:43,520  
you know why would their well their

2435  
01:30:46,830 --> 01:30:45,679  
vehicles look the same after overtime

2436  
01:30:48,470 --> 01:30:46,840  
uh-huh

2437  
01:30:49,750 --> 01:30:48,480  
so

2438  
01:30:52,310 --> 01:30:49,760

yeah

2439

01:30:55,350 --> 01:30:52,320

that's that's that's one of my biggest

2440

01:30:58,390 --> 01:30:55,360

assumptions to why like you see certain

2441

01:30:59,669 --> 01:30:58,400

models within certain eras of throughout

2442

01:31:02,149 --> 01:30:59,679

the you know

2443

01:31:04,870 --> 01:31:02,159

ufo history you see more of a certain

2444

01:31:07,030 --> 01:31:04,880

type of something like it could be just

2445

01:31:09,590 --> 01:31:07,040

changing models could be completely

2446

01:31:10,950 --> 01:31:09,600

different things could be

2447

01:31:12,629 --> 01:31:10,960

that plus you just have a lot of

2448

01:31:14,470 --> 01:31:12,639

different things going on you know one

2449

01:31:15,990 --> 01:31:14,480

yeah an orb could literally just be the

2450

01:31:18,070 --> 01:31:16,000

reflection off of something then you

2451  
01:31:19,830 --> 01:31:18,080  
just like oh my god it's a [h\_\_h] orb i

2452  
01:31:20,950 --> 01:31:19,840  
never thought i'd see one but really

2453  
01:31:22,550 --> 01:31:20,960  
it's a

2454  
01:31:23,750 --> 01:31:22,560  
lensing effect though you know or

2455  
01:31:26,149 --> 01:31:23,760  
something

2456  
01:31:27,830 --> 01:31:26,159  
or uh or earth lights or

2457  
01:31:29,510 --> 01:31:27,840  
or you know i mean there could be all

2458  
01:31:31,510 --> 01:31:29,520  
kinds of natural things like i'm pretty

2459  
01:31:32,790 --> 01:31:31,520  
sure the martha lights are our natural

2460  
01:31:34,550 --> 01:31:32,800  
phenomena

2461  
01:31:36,790 --> 01:31:34,560  
um

2462  
01:31:38,790 --> 01:31:36,800  
you know i mean just mean less than less

2463  
01:31:40,709 --> 01:31:38,800

than 100 miles away they're fracking and

2464

01:31:43,510 --> 01:31:40,719

there's like clouds of methane killing

2465

01:31:46,229 --> 01:31:43,520

animals and [h\_\_h] the mortality rate

2466

01:31:48,229 --> 01:31:46,239

of children is like through the roof and

2467

01:31:49,590 --> 01:31:48,239

it's probably odessa texas is probably

2468

01:31:51,990 --> 01:31:49,600

one of the biggest [h\_\_h] holes you could

2469

01:31:54,070 --> 01:31:52,000

ever possibly ever go to i'll agree with

2470

01:31:56,310 --> 01:31:54,080

that part yeah i would never live

2471

01:31:58,550 --> 01:31:56,320

anywhere near the odessa in the odessa

2472

01:32:00,950 --> 01:31:58,560

area because of all that fracking

2473

01:32:01,990 --> 01:32:00,960

uh but but i mean the marvel lights i

2474

01:32:04,070 --> 01:32:02,000

mean that's the one thing that we can

2475

01:32:07,030 --> 01:32:04,080

say that have been around for a long

2476  
01:32:09,590 --> 01:32:07,040  
time way before the marvel lights i mean

2477  
01:32:12,070 --> 01:32:09,600  
and some of those things you know like

2478  
01:32:13,990 --> 01:32:12,080  
that whole areas you know it's you've

2479  
01:32:16,229 --> 01:32:14,000  
got all these natural gas deposits

2480  
01:32:18,070 --> 01:32:16,239  
you've got yeah all this uh logic

2481  
01:32:19,990 --> 01:32:18,080  
problems caverns you've got all kinds of

2482  
01:32:21,030 --> 01:32:20,000  
crazy [h\_\_\h] there that's geologically

2483  
01:32:22,709 --> 01:32:21,040  
could be

2484  
01:32:23,590 --> 01:32:22,719  
causing all these problems it's a lot

2485  
01:32:28,149 --> 01:32:23,600  
more

2486  
01:32:30,550 --> 01:32:28,159  
and caves and all kinds of stuff out

2487  
01:32:32,870 --> 01:32:30,560  
there i have to see them for myself to

2488  
01:32:35,510 --> 01:32:32,880

really kind of get a feel for them and

2489

01:32:37,510 --> 01:32:35,520

that's a long term study thing yeah

2490

01:32:40,550 --> 01:32:37,520

yeah it definitely is

2491

01:32:41,990 --> 01:32:40,560

i mean they've done so many studies they

2492

01:32:44,229 --> 01:32:42,000

they've done they've done a lot of

2493

01:32:45,830 --> 01:32:44,239

studies and it's it's they're always

2494

01:32:47,750 --> 01:32:45,840

silly though man like every time they

2495

01:32:49,430 --> 01:32:47,760

come out yeah there's like that's one

2496

01:32:51,830 --> 01:32:49,440

thing i get irritated with these

2497

01:32:53,350 --> 01:32:51,840

documentaries i mean i mean even with

2498

01:32:55,110 --> 01:32:53,360

ours you know i mean people have to

2499

01:32:57,669 --> 01:32:55,120

realize we're only there for five days

2500

01:33:00,550 --> 01:32:57,679

and only four days of actual good

2501  
01:33:02,310 --> 01:33:00,560  
data recording yeah you know so and even

2502  
01:33:03,350 --> 01:33:02,320  
that is

2503  
01:33:08,950 --> 01:33:03,360  
you know

2504  
01:33:11,270 --> 01:33:08,960  
going on because of the production so

2505  
01:33:12,950 --> 01:33:11,280  
yeah you know and it's like if you move

2506  
01:33:14,950 --> 01:33:12,960  
my [h\_\_h] camera one more time for a

2507  
01:33:16,629 --> 01:33:14,960  
better shot i'm gonna thump you you know

2508  
01:33:18,629 --> 01:33:16,639  
it's just like

2509  
01:33:19,590 --> 01:33:18,639  
i mean with with these things it's kind

2510  
01:33:20,790 --> 01:33:19,600  
of like

2511  
01:33:24,629 --> 01:33:20,800  
what is

2512  
01:33:27,030 --> 01:33:24,639  
okay you guys have been studying it for

2513  
01:33:29,750 --> 01:33:27,040

all this time now how many times are you

2514

01:33:30,870 --> 01:33:29,760

gonna tell us it could be car lights in

2515

01:33:32,310 --> 01:33:30,880

the sky

2516

01:33:33,750 --> 01:33:32,320

how many times are you gonna tell me

2517

01:33:35,030 --> 01:33:33,760

that it could be

2518

01:33:36,470 --> 01:33:35,040

lanterns

2519

01:33:38,550 --> 01:33:36,480

like people have been seeing these for

2520

01:33:41,270 --> 01:33:38,560

hundreds of years like and you guys do

2521

01:33:42,870 --> 01:33:41,280

scientific studies and keep saying this

2522

01:33:45,750 --> 01:33:42,880

phenomenon because i mean it generally

2523

01:33:46,550 --> 01:33:45,760

only happens in one area right

2524

01:33:49,189 --> 01:33:46,560

yeah

2525

01:33:51,189 --> 01:33:49,199

so

2526

01:33:52,950 --> 01:33:51,199

if they basically set up permanent

2527

01:33:54,070 --> 01:33:52,960

research stations in three different

2528

01:33:55,590 --> 01:33:54,080

points on

2529

01:33:57,030 --> 01:33:55,600

three you know three different sides of

2530

01:33:58,950 --> 01:33:57,040

that area they can actually try to

2531

01:34:01,189 --> 01:33:58,960

figure out exactly where those lights

2532

01:34:03,430 --> 01:34:01,199

manifest and just kind of start coming

2533

01:34:06,149 --> 01:34:03,440

in closer and closer and closer

2534

01:34:08,070 --> 01:34:06,159

and if it's in one particular area

2535

01:34:09,350 --> 01:34:08,080

they just be right the [h\_\_h] underneath

2536

01:34:11,189 --> 01:34:09,360

these things when they happen so they

2537

01:34:13,430 --> 01:34:11,199

can get a better idea but

2538

01:34:15,350 --> 01:34:13,440

nobody's ever taking that kind of i mean

2539

01:34:16,229 --> 01:34:15,360

between private property and things like

2540

01:34:20,229 --> 01:34:16,239

that

2541

01:34:21,830 --> 01:34:20,239

interest in them because they're

2542

01:34:23,750 --> 01:34:21,840

you know honestly kind of boring other

2543

01:34:26,550 --> 01:34:23,760

than just staying for the it's like a

2544

01:34:27,830 --> 01:34:26,560

it's like a tourist attraction

2545

01:34:29,590 --> 01:34:27,840

we talk about the martha lights right

2546

01:34:34,149 --> 01:34:29,600

now we are

2547

01:34:37,030 --> 01:34:36,149

yeah i've seen them

2548

01:34:39,910 --> 01:34:37,040

uh

2549

01:34:42,790 --> 01:34:39,920

my wife who is is not a believer

2550

01:34:47,430 --> 01:34:42,800

but is very she's open to it she saw

2551

01:34:49,430 --> 01:34:47,440

them and was like i don't know

2552

01:34:51,830 --> 01:34:49,440

that's why i say it's worth checking out

2553

01:34:53,510 --> 01:34:51,840

but i i'm not gonna

2554

01:34:55,430 --> 01:34:53,520

i'm not gonna throw the resources at it

2555

01:34:57,430 --> 01:34:55,440

we thought about bringing the osiris

2556

01:35:01,430 --> 01:34:57,440

over there and just kind of doing a a

2557

01:35:03,270 --> 01:35:01,440

part-time investigation on it but uh

2558

01:35:05,189 --> 01:35:03,280

then it was too close to that [h\_\_h]

2559

01:35:07,030 --> 01:35:05,199

odessa so

2560

01:35:09,510 --> 01:35:07,040

oh oh what are you talking about that's

2561

01:35:10,790 --> 01:35:09,520

a [h\_\_h] fire man

2562

01:35:13,510 --> 01:35:10,800

yeah i don't want to accidentally roll

2563

01:35:16,229 --> 01:35:13,520

through a [h\_\_h] methane cloud

2564

01:35:18,310 --> 01:35:16,239

oh you talking about swamp gas

2565

01:35:19,990 --> 01:35:18,320

i used to live there it smelled like

2566

01:35:21,510 --> 01:35:20,000

farts and there were sandstorms all the

2567

01:35:23,109 --> 01:35:21,520

time and then when there were sand

2568

01:35:25,350 --> 01:35:23,119

storms and it was just like really

2569

01:35:26,629 --> 01:35:25,360

painful stingy farts flying through the

2570

01:35:29,270 --> 01:35:26,639

air

2571

01:35:31,189 --> 01:35:29,280

and and like painful stealing parts

2572

01:35:32,870 --> 01:35:31,199

alabama uh

2573

01:35:34,790 --> 01:35:32,880

it depends on the mental illness you

2574

01:35:36,709 --> 01:35:34,800

know i mean if they have ptsd i'm not

2575

01:35:39,830 --> 01:35:36,719

going to discount them but if they have

2576  
01:35:43,270 --> 01:35:39,840  
schizophrenia then i might go ahead and

2577  
01:35:44,550 --> 01:35:43,280  
put a little pin in that you know so it

2578  
01:35:46,390 --> 01:35:44,560  
depends it depends on the mental

2579  
01:35:47,990 --> 01:35:46,400  
disorder we're talking about somebody

2580  
01:35:49,669 --> 01:35:48,000  
with bipolar can still see something

2581  
01:35:51,109 --> 01:35:49,679  
cool you know somebody with

2582  
01:35:52,229 --> 01:35:51,119  
schizophrenia sees a lot of things that

2583  
01:35:52,940 --> 01:35:52,239  
are cool

2584  
01:35:55,590 --> 01:35:52,950  
you know so

2585  
01:35:57,189 --> 01:35:55,600  
[Laughter]

2586  
01:35:58,470 --> 01:35:57,199  
or a lot of things that aren't cool you

2587  
01:36:01,910 --> 01:35:58,480  
know so i mean

2588  
01:36:04,310 --> 01:36:01,920

it really all depends on the situation

2589

01:36:06,390 --> 01:36:04,320

but we we all have to admit that there's

2590

01:36:08,390 --> 01:36:06,400

a lot of mental illness involved in this

2591

01:36:11,590 --> 01:36:08,400

in this world you know and

2592

01:36:13,350 --> 01:36:11,600

you know it's just it's just a byproduct

2593

01:36:14,629 --> 01:36:13,360

i mean because i mean there's always

2594

01:36:17,109 --> 01:36:14,639

going to be the argument well did the

2595

01:36:19,510 --> 01:36:17,119

mental illness cause the problem or was

2596

01:36:21,590 --> 01:36:19,520

the problem caused or was it or was the

2597

01:36:23,750 --> 01:36:21,600

mental illness caused by

2598

01:36:25,510 --> 01:36:23,760

what they saw you know yeah or what

2599

01:36:26,790 --> 01:36:25,520

happened to them you know

2600

01:36:28,550 --> 01:36:26,800

so i mean

2601

01:36:30,709 --> 01:36:28,560

it's sensitive that's why i don't really

2602

01:36:32,709 --> 01:36:30,719

i don't i don't make fun of them at all

2603

01:36:33,750 --> 01:36:32,719

i just say we have to acknowledge it

2604

01:36:35,990 --> 01:36:33,760

absolutely

2605

01:36:38,709 --> 01:36:36,000

yeah i think it's it's also just curious

2606

01:36:41,830 --> 01:36:38,719

to me because uh it

2607

01:36:43,430 --> 01:36:41,840

there's like gradients right like

2608

01:36:45,990 --> 01:36:43,440

there's not it's not black and white

2609

01:36:47,590 --> 01:36:46,000

there's so much gray area with with that

2610

01:36:49,830 --> 01:36:47,600

term right so

2611

01:36:52,629 --> 01:36:49,840

it's hard it's hard that's why we really

2612

01:36:55,270 --> 01:36:52,639

gotta that's why we take a a scientific

2613

01:36:57,189 --> 01:36:55,280

approach to the uap phenomenon because

2614

01:36:58,629 --> 01:36:57,199

in reality the nuts and bolts part is

2615

01:37:00,709 --> 01:36:58,639

the only thing that we can actually

2616

01:37:01,910 --> 01:37:00,719

measure so that's what we that's what we

2617

01:37:03,109 --> 01:37:01,920

search for

2618

01:37:04,790 --> 01:37:03,119

you know there's plenty of people

2619

01:37:06,310 --> 01:37:04,800

working on consciousness there's plenty

2620

01:37:07,910 --> 01:37:06,320

of people working on some of the other

2621

01:37:09,750 --> 01:37:07,920

stuff that

2622

01:37:11,830 --> 01:37:09,760

frankly just cannot be measured you can

2623

01:37:13,910 --> 01:37:11,840

only see the effects of rather than

2624

01:37:15,350 --> 01:37:13,920

measure measure them

2625

01:37:16,149 --> 01:37:15,360

so

2626

01:37:18,310 --> 01:37:16,159

yeah

2627

01:37:26,550 --> 01:37:18,320

somebody's little for fur baby running

2628

01:37:30,310 --> 01:37:27,910

i've been having weird like internet

2629

01:37:32,709 --> 01:37:30,320

problems lately and so like when i fully

2630

01:37:34,709 --> 01:37:32,719

close my door like it keeps cutting me

2631

01:37:36,870 --> 01:37:34,719

out but if i like leave it cracked then

2632

01:37:38,229 --> 01:37:36,880

it works and like i don't know and for

2633

01:37:40,950 --> 01:37:38,239

the past couple of weeks that's whatever

2634

01:37:43,350 --> 01:37:40,960

you're made of is your house uh

2635

01:37:45,830 --> 01:37:43,360

has aluminum studs or does it have wood

2636

01:37:48,470 --> 01:37:45,840

studs oh bro it's all wood it was built

2637

01:37:51,109 --> 01:37:48,480

in the 80s i mean all right it's

2638

01:37:53,590 --> 01:37:51,119

pretty much lead paints in that wall

2639

01:37:55,910 --> 01:37:53,600

that's true yeah

2640

01:37:58,070 --> 01:37:55,920

that is very true i actually had a lady

2641

01:38:01,189 --> 01:37:58,080

one time like she put a router up on the

2642

01:38:03,510 --> 01:38:01,199

wall and like says i don't know i i get

2643

01:38:04,950 --> 01:38:03,520

i get perfect internet in this room

2644

01:38:06,709 --> 01:38:04,960

everywhere else in the house i don't get

2645

01:38:07,910 --> 01:38:06,719

any internet and then you go on the

2646

01:38:10,470 --> 01:38:07,920

other side of the wall and there's just

2647

01:38:12,390 --> 01:38:10,480

like big ass mirror on the wall right

2648

01:38:14,149 --> 01:38:12,400

normally a mirror is not going to cause

2649

01:38:16,950 --> 01:38:14,159

a problem with wi-fi but this was an

2650

01:38:17,910 --> 01:38:16,960

antique this was an antique mirror

2651  
01:38:18,950 --> 01:38:17,920  
and the

2652  
01:38:20,390 --> 01:38:18,960  
mirrors

2653  
01:38:22,229 --> 01:38:20,400  
had the lead

2654  
01:38:24,629 --> 01:38:22,239  
in the backing

2655  
01:38:28,550 --> 01:38:24,639  
so she effectively cut the wi-fi off for

2656  
01:38:33,350 --> 01:38:31,669  
that is crazy

2657  
01:38:34,790 --> 01:38:33,360  
we put her we put a router in the attic

2658  
01:38:36,790 --> 01:38:34,800  
all of a sudden she had internet in the

2659  
01:38:39,270 --> 01:38:36,800  
whole house again

2660  
01:38:40,310 --> 01:38:39,280  
that's awesome just put it on the ground

2661  
01:38:41,830 --> 01:38:40,320  
i don't know if you could do it i don't

2662  
01:38:43,830 --> 01:38:41,840  
know how hot it gets

2663  
01:38:45,270 --> 01:38:43,840

your neck of the woods but they had a

2664

01:38:47,030 --> 01:38:45,280

fan in their attic so it never really

2665

01:38:50,790 --> 01:38:47,040

gets that hot up there

2666

01:38:54,149 --> 01:38:50,800

yeah uh my upstairs with the ac in the

2667

01:38:56,629 --> 01:38:54,159

summertime gets around like 75 even

2668

01:38:58,629 --> 01:38:56,639

though my ac set you know

2669

01:39:01,830 --> 01:38:58,639

centigrade or are we talking fahrenheit

2670

01:39:03,750 --> 01:39:01,840

fahrenheit yeah so i mean

2671

01:39:05,990 --> 01:39:03,760

it's not that's hot to me i can't sleep

2672

01:39:08,550 --> 01:39:06,000

with 25 do i yeah i'm talking about for

2673

01:39:10,070 --> 01:39:08,560

your router to operate because

2674

01:39:11,189 --> 01:39:10,080

the higher your router is the better

2675

01:39:13,430 --> 01:39:11,199

service throughout your home you're

2676

01:39:15,030 --> 01:39:13,440

going to have i bet my attic is hot as

2677

01:39:17,030 --> 01:39:15,040

[h\_\_\h]

2678

01:39:18,550 --> 01:39:17,040

but it's really up to you

2679

01:39:20,470 --> 01:39:18,560

my addict does that well you say you had

2680

01:39:22,229 --> 01:39:20,480

a fan and you're at it dude my attic i

2681

01:39:24,950 --> 01:39:22,239

went up there i mean my

2682

01:39:28,149 --> 01:39:24,960

my attic probably gets over probably 130

2683

01:39:30,629 --> 01:39:28,159

degrees in the summer 100 yeah

2684

01:39:32,390 --> 01:39:30,639

yeah yeah yeah you can melt plastic up

2685

01:39:34,310 --> 01:39:32,400

in my attic easy

2686

01:39:37,030 --> 01:39:34,320

yeah unfortunately i live in florida

2687

01:39:38,950 --> 01:39:37,040

which is basically hot and sticky so and

2688

01:39:40,390 --> 01:39:38,960

lately it's dude the heat index has been

2689

01:39:43,510 --> 01:39:40,400

getting up to like a hundred and six

2690

01:39:44,790 --> 01:39:43,520

here it's ridiculous that's two let's

2691

01:39:46,950 --> 01:39:44,800

say hey how do you think i got this

2692

01:39:48,629 --> 01:39:46,960

fancy hat you could hit yeah i heard you

2693

01:39:49,590 --> 01:39:48,639

could cook a brisket up in your attic

2694

01:39:51,669 --> 01:39:49,600

man

2695

01:39:57,109 --> 01:39:51,679

well technically it would take a hell of

2696

01:40:00,070 --> 01:39:58,629

aged brisket

2697

01:40:03,189 --> 01:40:00,080

i'm pretty sure to be eaten by all the

2698

01:40:04,709 --> 01:40:03,199

critters that are living up there

2699

01:40:06,470 --> 01:40:04,719

hey man it's gonna have a good bark on

2700

01:40:09,610 --> 01:40:06,480

it though hey man i'll tell you what

2701

01:40:15,750 --> 01:40:13,109

[Laughter]

2702

01:40:17,109 --> 01:40:15,760

i have raccoons raccoons they have uh

2703

01:40:19,990 --> 01:40:17,119

high tastes

2704

01:40:23,830 --> 01:40:20,000

you ever you ever had a brisket stuffed

2705

01:40:28,070 --> 01:40:26,070

how do we merge those two together you

2706

01:40:29,590 --> 01:40:28,080

let the raccoon eat the brisket and

2707

01:40:31,510 --> 01:40:29,600

stuff himself and then you eat the

2708

01:40:34,149 --> 01:40:31,520

raccoon

2709

01:40:35,510 --> 01:40:34,159

honestly i i'm down

2710

01:40:37,590 --> 01:40:35,520

so what happens when you finish eating a

2711

01:40:40,070 --> 01:40:37,600

raccoon and somebody cooks you

2712

01:40:44,709 --> 01:40:40,080

well let's just hope that doesn't happen

2713

01:40:44,719 --> 01:40:47,350

delicacy

2714

01:40:53,109 --> 01:40:51,430

that's called cannibalism folks

2715

01:40:55,030 --> 01:40:53,119

what if one of the data points we find

2716

01:40:56,950 --> 01:40:55,040

out about like alien abductions is like

2717

01:40:59,510 --> 01:40:56,960

everybody that's ever been abducted has

2718

01:41:01,189 --> 01:40:59,520

had a really great meal the night before

2719

01:41:02,870 --> 01:41:01,199

they were abducted they were like oh

2720

01:41:05,510 --> 01:41:02,880

actually now that you mentioned it i had

2721

01:41:10,390 --> 01:41:05,520

tiramisu i had like like doc it was

2722

01:41:13,910 --> 01:41:11,669

yeah

2723

01:41:15,270 --> 01:41:13,920

it's crazy okay okay well now we got

2724

01:41:16,870 --> 01:41:15,280

something that'd be that'd be nuts

2725

01:41:19,990 --> 01:41:16,880

what's on the menu tonight oh we have

2726

01:41:22,229 --> 01:41:20,000

some shrimp stuffed human and some filet

2727

01:41:24,550 --> 01:41:22,239

mignon stuffed human

2728

01:41:25,430 --> 01:41:24,560

i mean dude

2729

01:41:28,390 --> 01:41:25,440

oh and

2730

01:41:31,189 --> 01:41:28,400

and cow heart and liver

2731

01:41:33,830 --> 01:41:31,199

yum the delicacy they're sourced

2732

01:41:36,149 --> 01:41:33,840

naturally uh separately this one's name

2733

01:41:37,910 --> 01:41:36,159

was molly and they're like

2734

01:41:41,189 --> 01:41:37,920

we left the rest of her in a field to

2735

01:41:43,350 --> 01:41:41,199

rot oh gosh

2736

01:41:44,629 --> 01:41:43,360

and they're like oh that was nice

2737

01:41:53,270 --> 01:41:44,639

and they're like don't worry it was on

2738

01:41:58,470 --> 01:41:55,750

oh oh that's nice

2739

01:42:00,310 --> 01:41:58,480

what's from dessert

2740

01:42:02,390 --> 01:42:00,320

imagine if like beef was the only thing

2741

01:42:04,470 --> 01:42:02,400

that is unique to our world and that's

2742

01:42:07,510 --> 01:42:04,480

really why they keep coming here i mean

2743

01:42:10,470 --> 01:42:07,520

i would get it it makes sense to me [h\_\_\h]

2744

01:42:12,550 --> 01:42:10,480

i was jacking up all the prices so stop

2745

01:42:14,390 --> 01:42:12,560

stop surprised at the

2746

01:42:16,149 --> 01:42:14,400

uh alabama i wouldn't be surprised if

2747

01:42:17,830 --> 01:42:16,159

the black triangles are ours because

2748

01:42:21,270 --> 01:42:17,840

they don't they don't really act very

2749

01:42:24,149 --> 01:42:22,629

they just hover they find it they like

2750

01:42:26,830 --> 01:42:24,159

hover there like people see them all the

2751  
01:42:29,270 --> 01:42:26,840  
[h\_\_\h] time they keep showing up over

2752  
01:42:31,350 --> 01:42:29,280  
people yeah at least the other ones are

2753  
01:42:32,629 --> 01:42:31,360  
like you know doing their own business

2754  
01:42:34,229 --> 01:42:32,639  
out in the middle of the ocean and [h\_\_\h]

2755  
01:42:35,430 --> 01:42:34,239  
and like going so fast you can't see

2756  
01:42:37,510 --> 01:42:35,440  
them

2757  
01:42:39,669 --> 01:42:37,520  
i could almost see through it

2758  
01:42:41,350 --> 01:42:39,679  
no that big black triangle no i saw that

2759  
01:42:43,590 --> 01:42:41,360  
[h\_\_\h] it was huge

2760  
01:42:45,669 --> 01:42:43,600  
ryan sprague that was his uh encounter

2761  
01:42:47,669 --> 01:42:45,679  
too it was a silent big ass black

2762  
01:42:48,550 --> 01:42:47,679  
triangle going over a lake

2763  
01:42:51,189 --> 01:42:48,560

yeah

2764

01:42:54,470 --> 01:42:51,199

you jamming up to some [h\_\_h] tunes and

2765

01:42:58,430 --> 01:42:54,480

green day yep exactly i love that story

2766

01:42:58,440 --> 01:43:02,390

[Laughter]

2767

01:43:07,270 --> 01:43:03,990

around that time what it had to be the

2768

01:43:08,950 --> 01:43:07,280

dookie album yep or nimrod

2769

01:43:09,830 --> 01:43:08,960

no it could have been imran but nobody

2770

01:43:12,709 --> 01:43:09,840

was listening to that they were

2771

01:43:14,790 --> 01:43:12,719

listening to dookie yeah yeah he was hot

2772

01:43:16,149 --> 01:43:14,800

you know you know fun fact green day

2773

01:43:19,030 --> 01:43:16,159

went in

2774

01:43:20,310 --> 01:43:19,040

sat down recorded that entire album like

2775

01:43:22,229 --> 01:43:20,320

in one day

2776

01:43:23,350 --> 01:43:22,239

it was a great album

2777

01:43:24,870 --> 01:43:23,360

they were all hot

2778

01:43:26,120 --> 01:43:24,880

[h\_\_h] if i was on fire like that i would

2779

01:43:27,990 --> 01:43:26,130

have kept recording too

2780

01:43:30,390 --> 01:43:28,000

[Music]

2781

01:43:32,149 --> 01:43:30,400

i feel like as as musicians right like

2782

01:43:34,070 --> 01:43:32,159

joe like when we go to the studio like

2783

01:43:35,830 --> 01:43:34,080

we we've been practic

2784

01:43:37,750 --> 01:43:35,840

we used to

2785

01:43:40,149 --> 01:43:37,760

we've been practicing those songs for

2786

01:43:42,149 --> 01:43:40,159

like years and like the day we actually

2787

01:43:44,310 --> 01:43:42,159

go like we're so good at those [h\_\_h]

2788

01:43:46,550 --> 01:43:44,320

songs like it's just we could get high

2789

01:43:47,430 --> 01:43:46,560

and have a great time

2790

01:43:50,310 --> 01:43:47,440

i don't know what you're talking about

2791

01:43:53,590 --> 01:43:50,320

i've never been a drug in my life

2792

01:43:56,310 --> 01:43:53,600

i i mean i'm never inhaled

2793

01:43:58,470 --> 01:43:56,320

never inhaled you know

2794

01:44:00,470 --> 01:43:58,480

is this still a drug if you if you don't

2795

01:44:02,229 --> 01:44:00,480

take it orally well the only way you can

2796

01:44:03,750 --> 01:44:02,239

prove anything with me is a spinal tap

2797

01:44:07,590 --> 01:44:03,760

and if you get that close to me you're

2798

01:44:12,870 --> 01:44:09,830

that would not be fun god that would

2799

01:44:14,229 --> 01:44:12,880

suck so bad don't get close to my butt

2800

01:44:16,310 --> 01:44:14,239

carry on i don't know they put you to

2801  
01:44:18,310 --> 01:44:16,320  
sleep when you do that is that a sleepy

2802  
01:44:20,470 --> 01:44:18,320  
thing i i might start tripping balls

2803  
01:44:21,990 --> 01:44:20,480  
they do a spinal chap

2804  
01:44:24,870 --> 01:44:22,000  
they're gonna we're gonna we're gonna

2805  
01:44:26,550 --> 01:44:24,880  
release a lot of chemicals in there man

2806  
01:44:29,350 --> 01:44:26,560  
well they say that if like you're you

2807  
01:44:31,270 --> 01:44:29,360  
know a little chunkier like me

2808  
01:44:33,430 --> 01:44:31,280  
that that stuff gets stored in your fat

2809  
01:44:35,109 --> 01:44:33,440  
and like if you if you lose a bunch of

2810  
01:44:37,189 --> 01:44:35,119  
weight you can start like

2811  
01:44:39,830 --> 01:44:37,199  
mildly having like

2812  
01:44:40,950 --> 01:44:39,840  
flashbacks because of it oh yeah yeah

2813  
01:44:43,030 --> 01:44:40,960

that's a thing

2814

01:44:44,310 --> 01:44:43,040

or like you crack your neck right joe

2815

01:44:46,870 --> 01:44:44,320

like you gotta crack your back or

2816

01:44:48,709 --> 01:44:46,880

something yeah i've heard like yeah it

2817

01:44:51,669 --> 01:44:48,719

stores like kind of in pockets of the

2818

01:44:53,750 --> 01:44:51,679

spinal cord i don't know you know

2819

01:44:56,070 --> 01:44:53,760

it's i don't know it's great do that

2820

01:44:58,470 --> 01:44:56,080

that one time oh maybe i shouldn't say

2821

01:45:00,790 --> 01:44:58,480

this on at the end i know you don't want

2822

01:45:03,990 --> 01:45:00,800

to but anyway like i swear that okay

2823

01:45:05,189 --> 01:45:04,000

yeah i'll say that story for for later

2824

01:45:07,510 --> 01:45:05,199

that story for an after hours

2825

01:45:09,430 --> 01:45:07,520

conversation okay yeah

2826

01:45:12,310 --> 01:45:09,440

album and we finally sit down for beers

2827

01:45:15,030 --> 01:45:12,320

one day i know right it's big enough

2828

01:45:17,430 --> 01:45:15,040

you guys should come up to uh freaking

2829

01:45:18,870 --> 01:45:17,440

vernal utah up in september we're gonna

2830

01:45:22,629 --> 01:45:18,880

the whole team's gonna be up there in

2831

01:45:25,189 --> 01:45:22,639

vernal utah for phenomicon

2832

01:45:27,870 --> 01:45:25,199

what are the two what are the dates yeah

2833

01:45:29,830 --> 01:45:27,880

september something into something

2834

01:45:31,750 --> 01:45:29,840

nice

2835

01:45:33,590 --> 01:45:31,760

it's because i have an anniversary it's

2836

01:45:37,030 --> 01:45:33,600

just like phenomenon but khan at the end

2837

01:45:38,229 --> 01:45:37,040

instead phenomecon

2838

01:45:39,350 --> 01:45:38,239

i think it's at the beginning of the

2839

01:45:44,470 --> 01:45:39,360

month

2840

01:45:46,390 --> 01:45:44,480

september yeah

2841

01:45:48,470 --> 01:45:46,400

absolutely

2842

01:45:50,149 --> 01:45:48,480

utah is pretty badass

2843

01:45:51,669 --> 01:45:50,159

well i'm gonna warn you now it's like if

2844

01:45:53,990 --> 01:45:51,679

you're gonna fly into salt lake it's

2845

01:45:56,550 --> 01:45:54,000

like a three-hour drive

2846

01:46:00,629 --> 01:45:56,560

is it from from from salt lake to the

2847

01:46:02,550 --> 01:46:00,639

mormon uh to vernal oh i thought is is

2848

01:46:03,750 --> 01:46:02,560

it not taking place in a mormon uh

2849

01:46:05,830 --> 01:46:03,760

community

2850

01:46:08,790 --> 01:46:05,840

what was it all utah mormon

2851

01:46:09,910 --> 01:46:08,800

that's where i was that's right

2852

01:46:13,109 --> 01:46:09,920

actually this is this is right in the

2853

01:46:15,590 --> 01:46:13,119

middle of uh uh yeah indian reservation

2854

01:46:17,990 --> 01:46:15,600

territory oh even wait that's so much

2855

01:46:20,149 --> 01:46:18,000

cooler oh my god no the place is pretty

2856

01:46:22,709 --> 01:46:20,159

dope but we've i've been out there when

2857

01:46:25,189 --> 01:46:22,719

we were uh when we were filming

2858

01:46:28,709 --> 01:46:25,199

at uh skinwalker we you know that's

2859

01:46:34,229 --> 01:46:32,070

dude uh so skinwalker um

2860

01:46:36,629 --> 01:46:34,239

i can talk about it now

2861

01:46:39,189 --> 01:46:36,639

oh okay i i was wondering yeah our

2862

01:46:41,109 --> 01:46:39,199

episode aired uh it was uh season three

2863

01:46:41,830 --> 01:46:41,119

episode two for those that hadn't seen

2864

01:46:43,830 --> 01:46:41,840

it

2865

01:46:47,510 --> 01:46:43,840

me me jeremy and jason went out to the

2866

01:46:50,070 --> 01:46:47,520

ranch and jason will never go back

2867

01:46:52,950 --> 01:46:50,080

season three episode two

2868

01:46:55,830 --> 01:46:52,960

jeremy you and jeremy mcgowan

2869

01:46:58,070 --> 01:46:55,840

and jason turner jason turner so

2870

01:46:59,910 --> 01:46:58,080

so what happened dude

2871

01:47:02,709 --> 01:46:59,920

so we went out there and we had a lot of

2872

01:47:05,590 --> 01:47:02,719

uh a lot of electromagnetic anomalies uh

2873

01:47:07,750 --> 01:47:05,600

we actually saw a uap in

2874

01:47:09,669 --> 01:47:07,760

in the flash like [h\_\_h] right there

2875

01:47:13,270 --> 01:47:09,679

like the first time i got to see it that

2876

01:47:14,229 --> 01:47:13,280

close like you know forever close

2877

01:47:16,629 --> 01:47:14,239

you know

2878

01:47:18,070 --> 01:47:16,639

so that was uh that dude

2879

01:47:20,070 --> 01:47:18,080

if you watch the episode you'll see my

2880

01:47:23,030 --> 01:47:20,080

face i'm like

2881

01:47:27,109 --> 01:47:23,040

so yeah am i am

2882

01:47:30,070 --> 01:47:27,119

i seeing this thing right you know so uh

2883

01:47:31,120 --> 01:47:30,080

but uh yeah i got bleeped i get believed

2884

01:47:32,790 --> 01:47:31,130

during everything i do

2885

01:47:35,430 --> 01:47:32,800

[Laughter]

2886

01:47:37,750 --> 01:47:35,440

i lo i love dude that's that that's so

2887

01:47:41,830 --> 01:47:37,760

on brand dude never change i love that

2888

01:47:44,070 --> 01:47:43,030

do it

2889

01:47:49,109 --> 01:47:44,080

you know

2890

01:47:54,229 --> 01:47:52,149

another shirt that says bleep on it i've

2891

01:47:55,590 --> 01:47:54,239

met george knapp on a number of cases

2892

01:47:57,750 --> 01:47:55,600

actually the last time i talked to

2893

01:48:01,430 --> 01:47:57,760

george was at the seu conference in

2894

01:48:05,270 --> 01:48:01,440

georgia this uh just a month ago

2895

01:48:07,590 --> 01:48:05,280

nice so the uh he's very very uh very

2896

01:48:09,990 --> 01:48:07,600

magnanimous he came up he uh you know

2897

01:48:11,510 --> 01:48:10,000

thanked us for you know the presentation

2898

01:48:13,350 --> 01:48:11,520

and then say

2899

01:48:16,310 --> 01:48:13,360

you know congratulations on you know

2900

01:48:18,310 --> 01:48:16,320

what we've gotten accomplished so far so

2901

01:48:20,470 --> 01:48:18,320

uh that's awesome that's like it's like

2902

01:48:22,310 --> 01:48:20,480

receiving a trophy like an award i'll

2903

01:48:25,030 --> 01:48:22,320

tell you what dude anybody who's anybody

2904

01:48:28,229 --> 01:48:25,040

was at the scu conference i mean that if

2905

01:48:29,350 --> 01:48:28,239

you're serious about uap studies

2906

01:48:31,109 --> 01:48:29,360

honestly

2907

01:48:32,629 --> 01:48:31,119

pay the [h\_\_h] money and go there if

2908

01:48:34,790 --> 01:48:32,639

you want to actually rub bubbles with

2909

01:48:35,910 --> 01:48:34,800

the real people doing the work in this

2910

01:48:37,669 --> 01:48:35,920

field

2911

01:48:39,189 --> 01:48:37,679

everybody who was everybody was there

2912

01:48:41,430 --> 01:48:39,199

what is it called

2913

01:48:44,709 --> 01:48:41,440

the the scu conference

2914

01:48:46,790 --> 01:48:44,719

s-e-u s-c-u

2915

01:48:48,390 --> 01:48:46,800

if you go to my website they're on our

2916

01:48:50,950 --> 01:48:48,400

affiliate page they're the only ones

2917

01:48:53,109 --> 01:48:50,960

with a link on our affiliate page so

2918

01:48:55,430 --> 01:48:53,119

uh but they're uh

2919

01:48:57,510 --> 01:48:55,440

they they are a scientific coalition

2920

01:49:01,510 --> 01:48:57,520

that's just

2921

01:49:03,510 --> 01:49:01,520

they do nothing but study uap

2922

01:49:05,510 --> 01:49:03,520

so basically they're kind of like the uh

2923

01:49:07,270 --> 01:49:05,520

the analyzation

2924

01:49:09,270 --> 01:49:07,280

where where the where we collect

2925

01:49:10,709 --> 01:49:09,280

information and we analyze it well we've

2926

01:49:14,470 --> 01:49:10,719

actually partnered with them to help

2927

01:49:15,669 --> 01:49:14,480

analyze our information oh nice so you

2928

01:49:18,149 --> 01:49:15,679

know they have a collection of

2929

01:49:19,030 --> 01:49:18,159

scientists and and and professionals

2930

01:49:19,990 --> 01:49:19,040

that

2931

01:49:22,470 --> 01:49:20,000

uh

2932

01:49:24,709 --> 01:49:22,480

do do professional studies and they have

2933

01:49:27,350 --> 01:49:24,719

a crapload of information they even did

2934

01:49:30,310 --> 01:49:27,360

an analysis on the nimitz encounter

2935

01:49:31,750 --> 01:49:30,320

that's very very ridiculously in-depth

2936

01:49:33,270 --> 01:49:31,760

so

2937

01:49:34,629 --> 01:49:33,280

really cool

2938

01:49:36,390 --> 01:49:34,639

yeah so if you're if you're looking for

2939

01:49:38,870 --> 01:49:36,400

the real science of things the scu

2940

01:49:40,950 --> 01:49:38,880

conference was worth every penny

2941

01:49:42,390 --> 01:49:40,960

you know you would have met er yeah i

2942

01:49:44,790 --> 01:49:42,400

think the only person that didn't show

2943

01:49:46,950 --> 01:49:44,800

up was lou and sean

2944

01:49:51,589 --> 01:49:46,960

so

2945

01:49:54,629 --> 01:49:51,599

we uh uh well i i saw i saw that uh amy

2946

01:49:56,470 --> 01:49:54,639

from uh well alien girl was was at a

2947

01:49:58,870 --> 01:49:56,480

conference recently

2948

01:50:00,629 --> 01:49:58,880

that was the 75th anniversary that they

2949

01:50:01,830 --> 01:50:00,639

did over in uh

2950

01:50:02,950 --> 01:50:01,840

roswell

2951  
01:50:04,310 --> 01:50:02,960  
okay

2952  
01:50:05,510 --> 01:50:04,320  
yeah sure

2953  
01:50:07,669 --> 01:50:05,520  
what was that

2954  
01:50:09,510 --> 01:50:07,679  
that was just that was a festival slash

2955  
01:50:11,750 --> 01:50:09,520  
khan kind of like a bunch of the

2956  
01:50:13,990 --> 01:50:11,760  
different events happening all over oh

2957  
01:50:15,990 --> 01:50:14,000  
the like the the anniversary of the the

2958  
01:50:17,030 --> 01:50:16,000  
crash event yeah yeah it was the 75th

2959  
01:50:20,470 --> 01:50:17,040  
anniversary

2960  
01:50:22,310 --> 01:50:20,480  
it's in july yeah hell yeah

2961  
01:50:24,310 --> 01:50:22,320  
i got it i got an email to get invited

2962  
01:50:26,629 --> 01:50:24,320  
to go to that and then i heard nothing

2963  
01:50:27,910 --> 01:50:26,639

back from him so i don't

2964

01:50:29,030 --> 01:50:27,920

i don't know what happened with that but

2965

01:50:30,070 --> 01:50:29,040

i was actually kind of looking forward

2966

01:50:31,990 --> 01:50:30,080

to that one i wanted to go back to

2967

01:50:34,070 --> 01:50:32,000

roswell because i did uh

2968

01:50:35,430 --> 01:50:34,080

for them for that documentary that we

2969

01:50:37,030 --> 01:50:35,440

were just in you know i did that

2970

01:50:38,870 --> 01:50:37,040

interview and i got to go there but i

2971

01:50:41,030 --> 01:50:38,880

got stuck in my hotel room i had no car

2972

01:50:42,550 --> 01:50:41,040

i couldn't really go see anything i

2973

01:50:44,149 --> 01:50:42,560

could see the mcdonald's across the

2974

01:50:47,669 --> 01:50:44,159

street that was you know had they shaped

2975

01:50:49,669 --> 01:50:47,679

like a ufo that's about it it was a trip

2976

01:50:53,510 --> 01:50:49,679

yeah i think i think you were coming

2977

01:50:58,790 --> 01:50:55,750

i had to record like 12 takes in front

2978

01:50:59,830 --> 01:50:58,800

of that damn mcdonald's oh yeah

2979

01:51:09,270 --> 01:50:59,840

yeah

2980

01:51:12,390 --> 01:51:09,280

documentary that um

2981

01:51:14,470 --> 01:51:12,400

yeah he they went to roswell

2982

01:51:17,109 --> 01:51:14,480

yeah logan ryan did a really really good

2983

01:51:18,790 --> 01:51:17,119

presentation at the su conference um

2984

01:51:20,790 --> 01:51:18,800

here towards the end of the year all of

2985

01:51:22,870 --> 01:51:20,800

the presentations that were there at the

2986

01:51:25,270 --> 01:51:22,880

suv conference will be on their youtube

2987

01:51:26,709 --> 01:51:25,280

channel for free for everybody to watch

2988

01:51:28,870 --> 01:51:26,719

oh nice

2989

01:51:30,550 --> 01:51:28,880

it's in the paywall right now uh it's

2990

01:51:32,790 --> 01:51:30,560

only available for those that paid for

2991

01:51:34,870 --> 01:51:32,800

the conference right now but it's not a

2992

01:51:38,229 --> 01:51:34,880

cheap conference so that makes sense

2993

01:51:39,750 --> 01:51:38,239

good for them i i think [\h\_\_\h] i mean

2994

01:51:41,669 --> 01:51:39,760

but it's nice because it's a small

2995

01:51:43,189 --> 01:51:41,679

conference it's not like

2996

01:51:44,870 --> 01:51:43,199

it's not like thousands of people you

2997

01:51:46,709 --> 01:51:44,880

know it's hundreds of people like yeah

2998

01:51:49,030 --> 01:51:46,719

like yeah

2999

01:51:50,870 --> 01:51:49,040

yeah not getting to enjoy it

3000

01:51:52,709 --> 01:51:50,880

right like i didn't i didn't know who to

3001

01:51:55,510 --> 01:51:52,719

talk to first i mean it was like it

3002

01:51:57,589 --> 01:51:55,520

literally was the who's who i mean i was

3003

01:52:00,790 --> 01:51:57,599

like ah yeah i mean

3004

01:52:02,709 --> 01:52:00,800

you holy crap you know i i i like the

3005

01:52:05,109 --> 01:52:02,719

idea of like okay if you're spending

3006

01:52:07,030 --> 01:52:05,119

your time on something that you are

3007

01:52:09,270 --> 01:52:07,040

passionate about and believe in and are

3008

01:52:11,750 --> 01:52:09,280

like good at it she could pay for your

3009

01:52:13,510 --> 01:52:11,760

time man like

3010

01:52:17,030 --> 01:52:13,520

i don't understand why everybody like

3011

01:52:18,870 --> 01:52:17,040

expects everything to be free like ah

3012

01:52:21,109 --> 01:52:18,880

but i love that they're they're kind of

3013

01:52:22,870 --> 01:52:21,119

like holding out for for that pay wall

3014

01:52:24,709 --> 01:52:22,880

or whatever i love that i support that

3015

01:52:26,390 --> 01:52:24,719

for sure

3016

01:52:28,149 --> 01:52:26,400

me too yeah

3017

01:52:29,750 --> 01:52:28,159

yeah i think it's definitely worth a

3018

01:52:31,750 --> 01:52:29,760

little bit it's so much time and effort

3019

01:52:34,149 --> 01:52:31,760

that you got to put into something yeah

3020

01:52:36,550 --> 01:52:34,159

and you know it's it's it's hard man

3021

01:52:38,310 --> 01:52:36,560

it's hard it's hard to make stuff look

3022

01:52:39,669 --> 01:52:38,320

good and sound good yeah your time is

3023

01:52:42,149 --> 01:52:39,679

valuable

3024

01:52:44,310 --> 01:52:42,159

yeah man it's like i'm so sick of like

3025

01:52:46,709 --> 01:52:44,320

well dude what do you think of my uh

3026

01:52:49,189 --> 01:52:46,719

like so i've got everything set up for

3027

01:52:50,390 --> 01:52:49,199

my podcast but i like i still don't have

3028

01:52:53,350 --> 01:52:50,400

an intro

3029

01:52:55,510 --> 01:52:53,360

song and i uh

3030

01:52:57,350 --> 01:52:55,520

i'm getting a lot of anxiety about doing

3031

01:52:59,510 --> 01:52:57,360

like the editing and [h\_\_\h] like that so

3032

01:53:01,270 --> 01:52:59,520

like even stuff that i've already filmed

3033

01:53:02,390 --> 01:53:01,280

i'm just got like all this raw footage

3034

01:53:04,390 --> 01:53:02,400

and just

3035

01:53:06,390 --> 01:53:04,400

don't know what to do with it at all

3036

01:53:08,790 --> 01:53:06,400

dude yeah

3037

01:53:10,629 --> 01:53:08,800

regarding the music dude

3038

01:53:13,350 --> 01:53:10,639

isaac yeah that was me guilt tripping

3039

01:53:14,229 --> 01:53:13,360

you i could help you out there

3040

01:53:15,589 --> 01:53:14,239

could you

3041

01:53:16,550 --> 01:53:15,599

it's almost like i asked you to do that

3042

01:53:18,550 --> 01:53:16,560

months

3043

01:53:20,950 --> 01:53:18,560

it's almost like you asked you like six

3044

01:53:22,629 --> 01:53:20,960

months ago

3045

01:53:24,470 --> 01:53:22,639

it doesn't feel like that

3046

01:53:26,070 --> 01:53:24,480

well there's no rush on it because it's

3047

01:53:28,870 --> 01:53:26,080

not like i've been dragging my feet on

3048

01:53:29,830 --> 01:53:28,880

my podcast anyways so i just finished i

3049

01:53:32,950 --> 01:53:29,840

paid a

3050

01:53:35,270 --> 01:53:32,960

graphic artist uh to do do my banners

3051

01:53:36,950 --> 01:53:35,280

and things like that and

3052

01:53:39,189 --> 01:53:36,960

if you look at uh if you look at my

3053

01:53:41,189 --> 01:53:39,199

channel now it's it's it's changed space

3054

01:53:43,189 --> 01:53:41,199

artists oddities

3055

01:53:44,709 --> 01:53:43,199

and uh that's like when i was in your

3056

01:53:46,229 --> 01:53:44,719

chat earlier

3057

01:53:47,990 --> 01:53:46,239

you were like oh hey space oddity say

3058

01:53:50,070 --> 01:53:48,000

that i know i always forget i'm sorry

3059

01:53:51,280 --> 01:53:50,080

yeah yeah it doesn't say gary phillip

3060

01:53:52,830 --> 01:53:51,290

voorhees jr anymore

3061

01:53:55,510 --> 01:53:52,840

[Laughter]

3062

01:53:56,470 --> 01:53:55,520

yeah just to say your name

3063

01:53:57,910 --> 01:53:56,480

yeah

3064

01:54:00,550 --> 01:53:57,920

i kind of like it it's funny because

3065

01:54:02,149 --> 01:54:00,560

it's like it's you get treated way

3066

01:54:03,910 --> 01:54:02,159

different when you roll into the chat in

3067

01:54:05,280 --> 01:54:03,920

your space oddities instead of gary

3068

01:54:07,430 --> 01:54:05,290

voorhees

3069

01:54:09,109 --> 01:54:07,440

[Laughter]

3070

01:54:10,470 --> 01:54:09,119

who's this clown shoe

3071

01:54:11,990 --> 01:54:10,480

is it a negative thing or is it a

3072

01:54:14,790 --> 01:54:12,000

positive this guy doesn't know anything

3073

01:54:17,030 --> 01:54:14,800

what's a straight up negative thing

3074

01:54:21,589 --> 01:54:17,040

i didn't realize how nice people were to

3075

01:54:25,350 --> 01:54:23,510

space oddities doesn't know anything

3076

01:54:27,189 --> 01:54:25,360

just another just another armchair

3077

01:54:28,950 --> 01:54:27,199

quarterback

3078

01:54:31,270 --> 01:54:28,960

at one point in every every every

3079

01:54:34,550 --> 01:54:31,280

everything that i go on to to to check

3080

01:54:37,030 --> 01:54:34,560

out i have to this is gary voorhees

3081

01:54:38,870 --> 01:54:37,040

after this i have to plainly say it so

3082

01:54:42,629 --> 01:54:38,880

that people will start being nice to me

3083

01:54:45,030 --> 01:54:44,070

this is what this is what i found that's

3084

01:54:48,229 --> 01:54:45,040

not you

3085

01:54:52,470 --> 01:54:48,239

no no just type in gary voorhees

3086

01:54:56,390 --> 01:54:53,750

um

3087

01:54:59,990 --> 01:54:56,400

so is that a bald chin oh they're just

3088

01:55:01,270 --> 01:55:00,000

yeah so marnie's gonna subscribes is

3089

01:55:03,350 --> 01:55:01,280

all right

3090

01:55:04,709 --> 01:55:03,360

oh dude i love this oh you can't guys

3091

01:55:09,109 --> 01:55:04,719

can't see this

3092

01:55:13,430 --> 01:55:12,390

the cow bro you like it

3093

01:55:16,550 --> 01:55:13,440

yes

3094

01:55:18,550 --> 01:55:16,560

i love it oh my god

3095

01:55:21,189 --> 01:55:18,560

yeah then i just got random [h\_\_h] there

3096

01:55:23,350 --> 01:55:21,199

i've i've had there already you know

3097

01:55:25,830 --> 01:55:23,360

laundry with carrie

3098

01:55:29,189 --> 01:55:25,840

yeah i got so bored doing laundry i was

3099

01:55:31,270 --> 01:55:29,199

like oh my god so i went live

3100

01:55:33,990 --> 01:55:31,280

i love the [h\_\_h]

3101

01:55:35,430 --> 01:55:34,000

thumbnail it's so funny

3102

01:55:39,270 --> 01:55:35,440

yeah i try to get that's the only thing

3103

01:55:40,149 --> 01:55:39,280

i can get creative with so that's uh

3104

01:55:41,990 --> 01:55:40,159

dude

3105

01:55:43,830 --> 01:55:42,000

that's amazing i love i think i just

3106

01:55:45,030 --> 01:55:43,840

took my call of duty off there i used to

3107

01:55:46,629 --> 01:55:45,040

have a bunch of

3108

01:55:48,950 --> 01:55:46,639

bunch of uh

3109

01:55:52,470 --> 01:55:48,960

of streams of me uh playing call of duty

3110

01:55:55,990 --> 01:55:53,990

well my wife used to like watching me

3111

01:55:57,589 --> 01:55:56,000

play and the the easiest way for her to

3112

01:56:00,550 --> 01:55:57,599

watch it is if it was streaming on my

3113

01:56:01,910 --> 01:56:00,560

channel

3114

01:56:03,350 --> 01:56:01,920

it would just stay up there since nobody

3115

01:56:05,430 --> 01:56:03,360

went to my channel anyways it didn't

3116

01:56:07,669 --> 01:56:05,440

matter yeah yeah you just leave it up

3117

01:56:10,229 --> 01:56:07,679

there let it hang out

3118

01:56:13,830 --> 01:56:10,239

that's awesome dude

3119

01:56:16,470 --> 01:56:13,840

oh man uh well dude uh we're ending our

3120

01:56:18,709 --> 01:56:16,480

uh getting close to our our our end of

3121

01:56:21,350 --> 01:56:18,719

the night dude is there uh

3122

01:56:24,149 --> 01:56:21,360

what are we uh what's happening next for

3123

01:56:26,149 --> 01:56:24,159

gary voorhees dude other than other than

3124

01:56:28,310 --> 01:56:26,159

helping me out with my my awesome

3125

01:56:34,709 --> 01:56:28,320

company

3126  
01:56:36,709 --> 01:56:34,719  
we're just transitioning just uh because

3127  
01:56:38,550 --> 01:56:36,719  
uh kevin day actually left the company

3128  
01:56:41,589 --> 01:56:38,560  
uh to

3129  
01:56:43,270 --> 01:56:41,599  
kind of go do his own thing

3130  
01:56:46,149 --> 01:56:43,280  
so we're moving it from oregon to

3131  
01:56:48,149 --> 01:56:46,159  
florida just uh for you know legal

3132  
01:56:54,390 --> 01:56:48,159  
reasons and [h\_\_h] like that sure but

3133  
01:56:57,990 --> 01:56:55,750  
going to sea world with my family

3134  
01:57:00,310 --> 01:56:58,000  
tomorrow oh hell yeah that's gonna be

3135  
01:57:02,229 --> 01:57:00,320  
really awesome oh dude so seaworld did

3136  
01:57:05,910 --> 01:57:02,239  
this sick ass thing where like gave

3137  
01:57:07,350 --> 01:57:05,920  
veterans four free tickets for before uh

3138  
01:57:08,870 --> 01:57:07,360

the holiday you know there was like a

3139

01:57:10,870 --> 01:57:08,880

holiday special

3140

01:57:12,870 --> 01:57:10,880

so i was like yeah i'll take four free

3141

01:57:15,910 --> 01:57:12,880

tickets

3142

01:57:17,750 --> 01:57:15,920

so of course dude

3143

01:57:20,629 --> 01:57:17,760

so we're heading over to sea world

3144

01:57:21,750 --> 01:57:20,639

tomorrow and then uh

3145

01:57:24,390 --> 01:57:21,760

then i gotta do a bunch of legal

3146

01:57:26,709 --> 01:57:24,400

documents and

3147

01:57:28,950 --> 01:57:26,719

crap

3148

01:57:31,350 --> 01:57:28,960

after that but mostly we're doing a lot

3149

01:57:33,510 --> 01:57:31,360

of restructuring and developing of new

3150

01:57:35,109 --> 01:57:33,520

technology getting geared up for our

3151

01:57:36,870 --> 01:57:35,119

next expedition

3152

01:57:39,589 --> 01:57:36,880

um we've got some exciting things on the

3153

01:57:41,589 --> 01:57:39,599

horizons you know can't talk about them

3154

01:57:42,870 --> 01:57:41,599

things are being hammered out deals are

3155

01:57:45,109 --> 01:57:42,880

being talked

3156

01:57:46,310 --> 01:57:45,119

things are being spoken about uh you

3157

01:57:47,189 --> 01:57:46,320

know so

3158

01:57:50,070 --> 01:57:47,199

um

3159

01:57:53,030 --> 01:57:50,080

we're doing really good uh

3160

01:57:54,629 --> 01:57:53,040

i don't think you're to see we're

3161

01:57:56,950 --> 01:57:54,639

if you notice we kind of went kind of

3162

01:57:59,109 --> 01:57:56,960

quiet for the most part and it's also

3163

01:58:01,109 --> 01:57:59,119

because we've been working yeah uh yeah

3164

01:58:03,990 --> 01:58:01,119

you know you know matthew spent the the

3165

01:58:07,109 --> 01:58:04,000

eight the last eight months uh

3166

01:58:08,550 --> 01:58:07,119

uh developing his own ai algorithm our

3167

01:58:10,870 --> 01:58:08,560

software to

3168

01:58:13,990 --> 01:58:10,880

search all of our data all the videos

3169

01:58:15,030 --> 01:58:14,000

and data and stuff like that um you know

3170

01:58:17,669 --> 01:58:15,040

we've

3171

01:58:21,030 --> 01:58:17,679

whittled down that 600 hours of clear

3172

01:58:23,270 --> 01:58:21,040

data down to like 20 something hours

3173

01:58:25,350 --> 01:58:23,280

of actual uh you know objects we don't

3174

01:58:27,189 --> 01:58:25,360

know whether they're anomalous yet

3175

01:58:30,470 --> 01:58:27,199

but you know there was no way we were

3176

01:58:32,709 --> 01:58:30,480

going to be able to go through 600 hours

3177

01:58:35,270 --> 01:58:32,719

and catch every little object so yeah

3178

01:58:37,589 --> 01:58:35,280

for sure matthew's

3179

01:58:40,310 --> 01:58:37,599

eight eight to ten months just hand

3180

01:58:43,510 --> 01:58:40,320

developing from scratch

3181

01:58:45,990 --> 01:58:43,520

a ai program to search

3182

01:58:49,270 --> 01:58:46,000

the entire hour-long video

3183

01:58:50,950 --> 01:58:49,280

for any type of anomalous objects

3184

01:58:52,709 --> 01:58:50,960

they could be a firefly they could be

3185

01:58:54,790 --> 01:58:52,719

anything but it could be a fart it could

3186

01:58:57,750 --> 01:58:54,800

be anything right

3187

01:59:00,629 --> 01:58:57,760

yeah and then he also adapted it for

3188

01:59:03,109 --> 01:59:00,639

uh regular video too so we were able to

3189

01:59:06,629 --> 01:59:03,119

use it on our ufo dap

3190

01:59:08,870 --> 01:59:06,639

uh video shots too so all of our actual

3191

01:59:10,629 --> 01:59:08,880

visual stuff that we got has been able

3192

01:59:11,750 --> 01:59:10,639

to have been filtered through this thing

3193

01:59:13,910 --> 01:59:11,760

too

3194

01:59:16,390 --> 01:59:13,920

so i mean it's it's it's honestly

3195

01:59:18,709 --> 01:59:16,400

amazing what's been accomplished so far

3196

01:59:19,830 --> 01:59:18,719

but it takes time and effort and it's

3197

01:59:23,350 --> 01:59:19,840

like uh

3198

01:59:26,709 --> 01:59:23,360

star hub what about star hub i don't

3199

01:59:29,589 --> 01:59:26,719

i'm not familiar with what a star hub is

3200

01:59:34,550 --> 01:59:32,229

no it's dude startup it's the

3201

01:59:35,150 --> 01:59:34,560

it's the the leading technology right

3202

01:59:36,550 --> 01:59:35,160

like uh

3203

01:59:38,070 --> 01:59:36,560

[Music]

3204

01:59:39,669 --> 01:59:38,080

it's the game cast

3205

01:59:41,830 --> 01:59:39,679

like this

3206

01:59:44,149 --> 01:59:41,840

it's like the gamecube dude

3207

01:59:45,109 --> 01:59:44,159

oh really i'll just go back to the hub

3208

01:59:47,510 --> 01:59:45,119

like

3209

01:59:49,750 --> 01:59:47,520

yeah skyhub i think skyhub doesn't exist

3210

01:59:52,709 --> 01:59:49,760

anymore they're actually called uh

3211

01:59:57,030 --> 01:59:52,719

uh sky 360 now and it's based out of

3212

01:59:59,669 --> 01:59:58,629

yeah

3213

02:00:01,750 --> 01:59:59,679

dude so

3214

02:00:03,990 --> 02:00:01,760

dude that's awesome so big things

3215

02:00:07,189 --> 02:00:04,000

happening you know it like something you

3216

02:00:08,950 --> 02:00:07,199

said is yeah we we've been quiet because

3217

02:00:11,109 --> 02:00:08,960

we've been freaking working

3218

02:00:13,189 --> 02:00:11,119

it's so hard to put out content

3219

02:00:15,510 --> 02:00:13,199

or or just say what's up to people that

3220

02:00:18,149 --> 02:00:15,520

are interested in what you're doing

3221

02:00:19,750 --> 02:00:18,159

and also do your job yeah and also do

3222

02:00:21,589 --> 02:00:19,760

your like day job that actually like

3223

02:00:23,589 --> 02:00:21,599

makes money right like you you're like

3224

02:00:24,870 --> 02:00:23,599

i've been off of social media i mean you

3225

02:00:27,669 --> 02:00:24,880

hadn't even really seen me on any

3226

02:00:29,910 --> 02:00:27,679

podcasts in a while you know i just just

3227

02:00:31,589 --> 02:00:29,920

had a strong time yeah

3228

02:00:33,270 --> 02:00:31,599

and you've got your own damn life you've

3229

02:00:35,350 --> 02:00:33,280

got your own family that you're taking

3230

02:00:37,910 --> 02:00:35,360

care of dude you're a busy dude and

3231

02:00:39,270 --> 02:00:37,920

you're doing this out of your own

3232

02:00:41,189 --> 02:00:39,280

super important

3233

02:00:42,470 --> 02:00:41,199

go buy our merch we have merch on our

3234

02:00:45,270 --> 02:00:42,480

website now yeah

3235

02:00:49,109 --> 02:00:45,280

[Laughter]

3236

02:00:51,669 --> 02:00:49,119

you want a uapx mug we got you we got it

3237

02:00:53,910 --> 02:00:51,679

we've got the uapx mug

3238

02:00:57,750 --> 02:00:53,920

do you need some uh we've got a limited

3239

02:01:00,229 --> 02:00:57,760

edition uh a tear uh a tear in the sky

3240

02:01:02,229 --> 02:01:00,239

uh uh t-shirts uh like just like the

3241

02:01:06,149 --> 02:01:02,239

ones we wore in the movie

3242

02:01:09,270 --> 02:01:06,159

oh no [h\_\_h] yeah but then we got

3243

02:01:11,430 --> 02:01:09,280

then we got cooler ones

3244

02:01:13,669 --> 02:01:11,440

so that's that's it

3245

02:01:15,910 --> 02:01:13,679

you like the new logo i love the new

3246

02:01:17,109 --> 02:01:15,920

logo dude yeah

3247

02:01:18,709 --> 02:01:17,119

yes

3248

02:01:20,229 --> 02:01:18,719

i thought about the future yeah we're

3249

02:01:23,270 --> 02:01:20,239

about to have another redesign on our

3250

02:01:26,390 --> 02:01:23,280

website too um

3251  
02:01:28,149 --> 02:01:26,400  
it's gonna look pretty sick real smooth

3252  
02:01:29,189 --> 02:01:28,159  
easy to look at

3253  
02:01:30,950 --> 02:01:29,199  
but

3254  
02:01:32,790 --> 02:01:30,960  
that's all the [h\_\_\h] that i'd want to buy

3255  
02:01:33,990 --> 02:01:32,800  
so that's why i put it in there

3256  
02:01:35,830 --> 02:01:34,000  
hell yeah

3257  
02:01:38,229 --> 02:01:35,840  
what's it say on the sleeve is that that

3258  
02:01:41,189 --> 02:01:38,239  
it's an american flag oh my god dude

3259  
02:01:43,189 --> 02:01:41,199  
that's sick okay yeah yeah very clean uh

3260  
02:01:45,510 --> 02:01:43,199  
yeah that's that's that's that's that's

3261  
02:01:47,510 --> 02:01:45,520  
the design that we used in the movie

3262  
02:01:48,629 --> 02:01:47,520  
that's so dope i want it

3263  
02:01:50,950 --> 02:01:48,639

i won't

3264

02:01:53,109 --> 02:01:50,960

oh i like that and it has actually the

3265

02:01:55,589 --> 02:01:53,119

classic logo that we had on the on that

3266

02:01:57,430 --> 02:01:55,599

shirt too i love it

3267

02:02:00,709 --> 02:01:57,440

it's pretty sweet dude

3268

02:02:06,470 --> 02:02:00,719

i like that dad heck yeah get your mugs

3269

02:02:10,070 --> 02:02:08,390

ironically i've been really surprised

3270

02:02:12,229 --> 02:02:10,080

because i kind of like

3271

02:02:13,430 --> 02:02:12,239

didn't put up a store for a long time

3272

02:02:14,470 --> 02:02:13,440

because i was like yeah you know it's

3273

02:02:16,790 --> 02:02:14,480

not going to bring in a whole lot of

3274

02:02:18,709 --> 02:02:16,800

money well it's actually paying for our

3275

02:02:20,709 --> 02:02:18,719

google accounts so

3276

02:02:23,109 --> 02:02:20,719

because we use google suites that's

3277

02:02:25,109 --> 02:02:23,119

right like i'm like [\h\_\_\h]

3278

02:02:27,589 --> 02:02:25,119

keep it rolling it's like 50 bucks a

3279

02:02:29,750 --> 02:02:27,599

month for like two account like three

3280

02:02:33,510 --> 02:02:29,760

three emails man is that how cheap dude

3281

02:02:35,669 --> 02:02:33,520

oh dude it's like 18 18 a month per

3282

02:02:38,550 --> 02:02:35,679

user because we have the business one

3283

02:02:40,870 --> 02:02:38,560

yeah and so it's like and you know now

3284

02:02:43,109 --> 02:02:40,880

we're growing and i'm like oh my god oh

3285

02:02:44,550 --> 02:02:43,119

i gotta make another email address oh no

3286

02:02:47,189 --> 02:02:44,560

yes

3287

02:02:49,270 --> 02:02:47,199

another 18 bucks oh [\h\_\_\h] i gotta sell

3288

02:02:53,589 --> 02:02:49,280

more shirts that's how tight our budget

3289

02:02:54,790 --> 02:02:53,599

is 18 makes me cringe yeah dude

3290

02:02:56,870 --> 02:02:54,800

gosh

3291

02:03:00,070 --> 02:02:56,880

some people have to realize that

3292

02:03:00,950 --> 02:03:00,080

we didn't make any money off the movie

3293

02:03:03,669 --> 02:03:00,960

yeah

3294

02:03:05,189 --> 02:03:03,679

so did you guys know no like individual

3295

02:03:07,669 --> 02:03:05,199

checks for appearances or anything like

3296

02:03:08,790 --> 02:03:07,679

that or residual like royalties we got

3297

02:03:10,310 --> 02:03:08,800

per diem

3298

02:03:11,750 --> 02:03:10,320

um

3299

02:03:13,430 --> 02:03:11,760

we got flown out there you know they

3300

02:03:15,910 --> 02:03:13,440

paid for our travel

3301

02:03:18,070 --> 02:03:15,920

they brought snacks and [h\_\_h] yeah yeah

3302

02:03:19,430 --> 02:03:18,080

that's what's tough right with with

3303

02:03:21,189 --> 02:03:19,440

these uh

3304

02:03:23,430 --> 02:03:21,199

these projects right that get the

3305

02:03:26,229 --> 02:03:23,440

information out right like

3306

02:03:27,109 --> 02:03:26,239

sorta it's well i don't wanna

3307

02:03:29,589 --> 02:03:27,119

yeah

3308

02:03:31,030 --> 02:03:29,599

i'm trying to stay with you it gives it

3309

02:03:32,790 --> 02:03:31,040

gives us uh

3310

02:03:34,709 --> 02:03:32,800

you know people people that have never

3311

02:03:36,790 --> 02:03:34,719

didn't know who they were are going to

3312

02:03:38,629 --> 02:03:36,800

see that you know even if they just

3313

02:03:40,709 --> 02:03:38,639

happen to be on you know amazon like hey

3314

02:03:42,390 --> 02:03:40,719

this one's free let's check this out

3315

02:03:43,430 --> 02:03:42,400

well that's kind of right i don't even

3316

02:03:45,189 --> 02:03:43,440

know who these people i've never even

3317

02:03:46,870 --> 02:03:45,199

heard of these people before

3318

02:03:48,149 --> 02:03:46,880

you know and that's that's the really

3319

02:03:50,149 --> 02:03:48,159

the market that we're shooting at for

3320

02:03:52,149 --> 02:03:50,159

that with with the movie yeah and

3321

02:03:55,430 --> 02:03:52,159

believe it or not we got like

3322

02:03:57,350 --> 02:03:55,440

when we did skinwalker uh the uh

3323

02:04:00,709 --> 02:03:57,360

our our email address was on the back of

3324

02:04:02,629 --> 02:04:00,719

the osiris just from that we got like so

3325

02:04:04,870 --> 02:04:02,639

when when the movie launched we got like

3326

02:04:05,990 --> 02:04:04,880

a little uptick you know we got a little

3327

02:04:07,830 --> 02:04:06,000

little

3328

02:04:10,629 --> 02:04:07,840

update you know

3329

02:04:13,390 --> 02:04:10,639

when when we were aired on

3330

02:04:15,669 --> 02:04:13,400

the history channel oh my god it was

3331

02:04:17,669 --> 02:04:15,679

ridiculous i mean i was i got like a

3332

02:04:19,990 --> 02:04:17,679

thousand emails a day for like three

3333

02:04:22,470 --> 02:04:20,000

weeks

3334

02:04:24,709 --> 02:04:22,480

yeah it was ridiculous dude just

3335

02:04:26,229 --> 02:04:24,719

ridiculous so people asking you like

3336

02:04:28,950 --> 02:04:26,239

like to check out the model on their

3337

02:04:30,709 --> 02:04:28,960

back early no dude it's just because you

3338

02:04:32,310 --> 02:04:30,719

know the way they cut everything people

3339

02:04:33,910 --> 02:04:32,320

get different ideas about what's

3340

02:04:35,430 --> 02:04:33,920

actually going on and stuff like that so

3341

02:04:37,510 --> 02:04:35,440

i had like people that thought we were

3342

02:04:39,430 --> 02:04:37,520

using the osiris to launch the rockets

3343

02:04:41,270 --> 02:04:39,440

during the episode it's like no

3344

02:04:44,149 --> 02:04:41,280

the osiris is already on the other side

3345

02:04:45,750 --> 02:04:44,159

of the property you know

3346

02:04:47,589 --> 02:04:45,760

because uh you know we had weird [h\_\_h]

3347

02:04:49,350 --> 02:04:47,599

happen with the osiris where every time

3348

02:04:51,430 --> 02:04:49,360

we went to go launch a rocket like right

3349

02:04:53,189 --> 02:04:51,440

before the launch all of a sudden all

3350

02:04:55,109 --> 02:04:53,199

the systems in the osiris would just go

3351

02:04:56,950 --> 02:04:55,119

dead oh [h\_\_h]

3352

02:04:57,910 --> 02:04:56,960

yeah so we had some of that weird [h\_\_h]

3353

02:05:01,030 --> 02:04:57,920

happen

3354

02:05:04,550 --> 02:05:01,040

uh jason jason had a seizure

3355

02:05:06,950 --> 02:05:04,560

on set oh yeah well we were filming so

3356

02:05:08,470 --> 02:05:06,960

and had to you know the second day he

3357

02:05:09,990 --> 02:05:08,480

didn't come back he actually finished

3358

02:05:12,550 --> 02:05:10,000

his interview

3359

02:05:13,350 --> 02:05:12,560

in the uh in a green screen

3360

02:05:14,470 --> 02:05:13,360

wow

3361

02:05:16,229 --> 02:05:14,480

what

3362

02:05:17,189 --> 02:05:16,239

he just wouldn't go back because because

3363

02:05:19,750 --> 02:05:17,199

the

3364

02:05:22,470 --> 02:05:19,760

whatever happened

3365

02:05:24,550 --> 02:05:22,480

obviously was traumatic right like

3366

02:05:26,629 --> 02:05:24,560

yeah dude that's oh

3367

02:05:28,470 --> 02:05:26,639

that's some interesting stuff man yeah

3368

02:05:30,069 --> 02:05:28,480

dude dude one step foot on the property

3369

02:05:33,189 --> 02:05:30,079

again matter of fact he was actually

3370

02:05:34,629 --> 02:05:33,199

gonna go to phenomicon but a after

3371

02:05:37,109 --> 02:05:34,639

you know talking it over with his wife

3372

02:05:38,629 --> 02:05:37,119

he's just like you know on when when he

3373

02:05:41,589 --> 02:05:38,639

was uh

3374

02:05:42,390 --> 02:05:41,599

on set with us for the

3375

02:05:49,270 --> 02:05:42,400

uh

3376

02:05:51,750 --> 02:05:49,280

we're sitting doing this like really

3377

02:05:52,470 --> 02:05:51,760

kind of cool little night scene right

3378

02:05:56,149 --> 02:05:52,480

and

3379

02:05:57,669 --> 02:05:56,159

the scene was done we're just like

3380

02:05:59,270 --> 02:05:57,679

laughing and [h\_\_h] like that right he was

3381

02:06:04,149 --> 02:05:59,280

like i got him laughing so hard he

3382

02:06:07,430 --> 02:06:05,910

so he had to go home and have hernia

3383

02:06:09,270 --> 02:06:07,440

surgery you know and then we go to

3384

02:06:11,510 --> 02:06:09,280

skinwalker and a guy has a seizure and

3385

02:06:13,189 --> 02:06:11,520

missing time you know like right after

3386

02:06:16,390 --> 02:06:13,199

that event happened like i guess he

3387

02:06:18,390 --> 02:06:16,400

called his wife for like 12 minutes that

3388

02:06:19,830 --> 02:06:18,400

he doesn't remember nobody remembers him

3389

02:06:22,069 --> 02:06:19,840

using the phone

3390

02:06:24,709 --> 02:06:22,079

nobody knows where he did it but his

3391

02:06:26,790 --> 02:06:24,719

wife knows and the log is in there but

3392

02:06:28,390 --> 02:06:26,800

he's got like 10 or 12 minutes of

3393

02:06:29,510 --> 02:06:28,400

missing time

3394

02:06:31,270 --> 02:06:29,520

you know

3395

02:06:32,950 --> 02:06:31,280

yeah i mean it's just

3396

02:06:35,270 --> 02:06:32,960

hey you know what they say

3397

02:06:37,109 --> 02:06:35,280

you know time uh time doesn't exist if

3398

02:06:40,550 --> 02:06:37,119

you're having fun

3399

02:06:45,270 --> 02:06:42,790

i mean i think we're out of something

3400

02:06:47,109 --> 02:06:45,280

there i don't know oh damn gary's got

3401

02:06:49,350 --> 02:06:47,119

some jokes

3402

02:06:50,870 --> 02:06:49,360

yeah but uh you know it's uh yeah we

3403

02:06:52,069 --> 02:06:50,880

didn't make any money off the back end

3404

02:06:53,270 --> 02:06:52,079

of that movie we're not getting any

3405

02:06:54,149 --> 02:06:53,280

money for

3406

02:06:57,510 --> 02:06:54,159

uh

3407

02:06:59,510 --> 02:06:57,520

if you buy the movie um we don't receive

3408

02:07:00,629 --> 02:06:59,520

anything royalties no nothing from the

3409

02:07:02,149 --> 02:07:00,639

movie so

3410

02:07:03,669 --> 02:07:02,159

um matter of fact if you go to their

3411

02:07:05,750 --> 02:07:03,679

website and that little that little

3412

02:07:06,870 --> 02:07:05,760

donate click that's only for them that's

3413

02:07:09,669 --> 02:07:06,880

not for us

3414

02:07:13,589 --> 02:07:09,679

so wait till it's free

3415

02:07:15,830 --> 02:07:13,599

i think it's only three bucks now so

3416

02:07:17,270 --> 02:07:15,840

so i mean it goes in it's entertaining

3417

02:07:18,629 --> 02:07:17,280

man it's a great it's it's a great

3418

02:07:21,350 --> 02:07:18,639

little flick to watch you know if you

3419

02:07:24,069 --> 02:07:21,360

just want to introduce somebody to it

3420

02:07:26,390 --> 02:07:24,079

not bad you know yeah for sure

3421

02:07:27,990 --> 02:07:26,400

well that's good man i'm i'm glad to

3422

02:07:29,589 --> 02:07:28,000

hear that things are

3423

02:07:32,229 --> 02:07:29,599

are going good

3424

02:07:34,390 --> 02:07:32,239

progress is being made i mean that's you

3425

02:07:35,910 --> 02:07:34,400

know that's what it's all about i'd say

3426

02:07:38,470 --> 02:07:35,920

we got good progress you know we got

3427

02:07:40,870 --> 02:07:38,480

full you know four physicists on board

3428

02:07:42,950 --> 02:07:40,880

we got jeremy me uh you know we still

3429

02:07:43,990 --> 02:07:42,960

got chris altman uh running around there

3430

02:07:45,830 --> 02:07:44,000

too and

3431

02:07:48,790 --> 02:07:45,840

chris altman not to be mistaken with

3432

02:07:49,830 --> 02:07:48,800

dave altman but we won't go there

3433

02:07:51,189 --> 02:07:49,840

um

3434

02:07:56,870 --> 02:07:51,199

let's see what did i think about the

3435

02:08:00,709 --> 02:07:58,069

how did you know i watched that the

3436

02:08:03,669 --> 02:08:00,719

other night for the first time

3437

02:08:05,510 --> 02:08:03,679

i fell asleep halfway through it and

3438

02:08:07,990 --> 02:08:05,520

his [h\_\_h] was just like making my

3439

02:08:09,270 --> 02:08:08,000

head hurt

3440

02:08:13,189 --> 02:08:09,280

not that i don't think that there might

3441

02:08:14,870 --> 02:08:13,199

be something to see e5 i just think that

3442

02:08:18,470 --> 02:08:14,880

he's gotten a little greedy in the last

3443

02:08:26,470 --> 02:08:20,390

i can get down with that

3444

02:08:30,149 --> 02:08:28,149

i think he was really doing something

3445

02:08:32,390 --> 02:08:30,159

special when he first started and then

3446

02:08:34,709 --> 02:08:32,400

just kind of

3447

02:08:37,430 --> 02:08:34,719

went downhill from there

3448

02:08:40,470 --> 02:08:37,440

i can feel that for sure yeah

3449

02:08:41,270 --> 02:08:40,480

yeah it's it's it's a little weird it's

3450

02:08:42,709 --> 02:08:41,280

like

3451

02:08:44,790 --> 02:08:42,719

you're you're charging a lot of money

3452

02:08:46,950 --> 02:08:44,800

for something that like some people will

3453

02:08:48,149 --> 02:08:46,960

take you out to do for free and like and

3454

02:08:49,669 --> 02:08:48,159

you know

3455

02:08:51,990 --> 02:08:49,679

it's really strange

3456

02:08:54,310 --> 02:08:52,000

you know if he ever hears this or hears

3457

02:08:56,629 --> 02:08:54,320

my opinion on it you know i you know if

3458

02:08:59,430 --> 02:08:56,639

he wants to take me out and invite me to

3459

02:09:03,430 --> 02:08:59,440

a ce5 i'd always be willing to go out

3460

02:09:08,390 --> 02:09:05,750

but then again if he brings me out i'll

3461

02:09:10,310 --> 02:09:08,400

bring him out you know

3462

02:09:11,990 --> 02:09:10,320

yeah so yeah

3463

02:09:13,669 --> 02:09:12,000

i mean i feel like and steven grew if

3464

02:09:17,830 --> 02:09:13,679

you're listening dude if you take me out

3465

02:09:22,470 --> 02:09:20,790

[Laughter]

3466

02:09:23,350 --> 02:09:22,480

some really cool looking underwear yeah

3467

02:09:25,189 --> 02:09:23,360

dude

3468

02:09:28,629 --> 02:09:25,199

we'll go shopping we'll go to target and

3469

02:09:30,709 --> 02:09:28,639

we'll get you some cool undies dude

3470

02:09:31,750 --> 02:09:30,719

you need use some chatty daddy uh uh

3471

02:09:33,510 --> 02:09:31,760

underwear

3472

02:09:34,870 --> 02:09:33,520

have you seen those

3473

02:09:36,390 --> 02:09:34,880

yeah no

3474

02:09:38,709 --> 02:09:36,400

from the chad smith podcast they have

3475

02:09:41,109 --> 02:09:38,719

the the chatty daddy underwear dude it's

3476

02:09:43,109 --> 02:09:41,119

on the top of the website no

3477

02:09:44,470 --> 02:09:43,119

no i have not seen it this is basically

3478

02:09:46,229 --> 02:09:44,480

yeah it's awesome

3479

02:09:49,189 --> 02:09:46,239

yeah i'll be dead honest with you about

3480

02:09:52,149 --> 02:09:49,199

hollywood man i the only production i

3481

02:09:55,990 --> 02:09:52,159

was ever on that i actually liked the

3482

02:09:57,910 --> 02:09:56,000

outcome was the skinwalker episode

3483

02:09:59,430 --> 02:09:57,920

uh the way the way that they filmed the

3484

02:10:00,550 --> 02:09:59,440

whole time i mean

3485

02:10:06,229 --> 02:10:00,560

it

3486

02:10:08,229 --> 02:10:06,239

on the ranch um they don't really get

3487

02:10:11,589 --> 02:10:08,239

in your face i mean they're all cameras

3488

02:10:13,430 --> 02:10:11,599

are always present but it's it's a very

3489

02:10:16,310 --> 02:10:13,440

natural thing

3490

02:10:18,310 --> 02:10:16,320

they never told me what to say or

3491

02:10:22,629 --> 02:10:18,320

how to say it they made me

3492

02:10:24,950 --> 02:10:22,639

pick up a rocket twice though

3493

02:10:26,830 --> 02:10:24,960

oh i'm sure dave altman saved the movie

3494

02:10:29,350 --> 02:10:26,840

he is amazing

3495

02:10:31,430 --> 02:10:29,360

whatever [h\_\_h] dave allman

3496

02:10:33,189 --> 02:10:31,440

well

3497

02:10:34,550 --> 02:10:33,199

you heard it here first so you look

3498

02:10:35,990 --> 02:10:34,560

around

3499

02:10:37,510 --> 02:10:36,000

i have no problem with anybody else

3500

02:10:39,109 --> 02:10:37,520

that's ever left my company but [h\_\_h]

3501

02:10:40,069 --> 02:10:39,119

dave altman

3502

02:10:46,069 --> 02:10:40,079

dude

3503

02:10:49,510 --> 02:10:46,079

uh he's got his own he's got his own

3504

02:10:50,550 --> 02:10:49,520

deal and so he he can go do his own deal

3505

02:10:52,790 --> 02:10:50,560

um

3506

02:10:55,189 --> 02:10:52,800

what one question dude so uh jeremy

3507

02:10:57,910 --> 02:10:55,199

corbell has a uh a documentary about

3508

02:11:00,149 --> 02:10:57,920

skinwalker that i've i just i honestly i

3509

02:11:02,229 --> 02:11:00,159

[h\_\_\h] love that flick dude it's a

3510

02:11:04,790 --> 02:11:02,239

great dog be honest with you how

3511

02:11:06,870 --> 02:11:04,800

accurate is it in real life to to that

3512

02:11:09,580 --> 02:11:06,880

dog

3513

02:11:10,870 --> 02:11:09,590

i fell asleep during it

3514

02:11:13,189 --> 02:11:10,880

[Laughter]

3515

02:11:15,589 --> 02:11:13,199

was this after before we're actually

3516

02:11:18,229 --> 02:11:15,599

watching his own movie it was before i

3517

02:11:20,950 --> 02:11:18,239

fell asleep to her mind too

3518

02:11:30,149 --> 02:11:22,870

so well i was there so i mean it was

3519

02:11:33,510 --> 02:11:31,510

i just couldn't stay awake during his

3520

02:11:35,750 --> 02:11:33,520

movie and i mean i'm sure it was you

3521

02:11:37,750 --> 02:11:35,760

know well thought of i mean he's uh you

3522

02:11:38,709 --> 02:11:37,760

know he's insightful you know he tries

3523

02:11:45,189 --> 02:11:38,719

to be

3524

02:11:47,430 --> 02:11:45,199

you know try to portray you know

3525

02:11:49,189 --> 02:11:47,440

a lot of emotion when it comes to it all

3526

02:11:53,350 --> 02:11:49,199

and you know

3527

02:11:56,149 --> 02:11:53,360

he he seems to put a a good foot forward

3528

02:11:57,910 --> 02:11:56,159

but i i i didn't particularly enjoy it

3529

02:11:59,189 --> 02:11:57,920

myself so

3530

02:12:00,470 --> 02:11:59,199

dude i

3531

02:12:02,390 --> 02:12:00,480

i loved it dude because it was like the

3532

02:12:04,149 --> 02:12:02,400

first time i had ever heard of

3533

02:12:05,669 --> 02:12:04,159

skinwalker ranch and now it's like a

3534

02:12:08,310 --> 02:12:05,679

like a huge thing like everybody knows

3535

02:12:10,229 --> 02:12:08,320

about it i mean i

3536

02:12:12,790 --> 02:12:10,239

my buddy gary's been there like that's

3537

02:12:14,470 --> 02:12:12,800

crazy so that's what i was curious about

3538

02:12:16,950 --> 02:12:14,480

like going from like watching the

3539

02:12:19,109 --> 02:12:16,960

documentary like how true is it in real

3540

02:12:21,189 --> 02:12:19,119

life to what's portrayed in that

3541

02:12:22,870 --> 02:12:21,199

documentary i mean we hear about well

3542

02:12:24,310 --> 02:12:22,880

it's it's just weird you know the one

3543

02:12:25,910 --> 02:12:24,320

thing i can say about it is the

3544

02:12:27,990 --> 02:12:25,920

radiation and the weird magnetic

3545

02:12:30,069 --> 02:12:28,000

anomalies are 100

3546

02:12:32,790 --> 02:12:30,079

and i mean they can attribute to a lot

3547

02:12:35,270 --> 02:12:32,800

of the power issues uh you know i mean

3548

02:12:36,950 --> 02:12:35,280

they've got you know uap to just appear

3549

02:12:38,790 --> 02:12:36,960

in the sky i mean like i said it was the

3550

02:12:40,629 --> 02:12:38,800

first time i ever you know we tracked

3551

02:12:42,870 --> 02:12:40,639

them i saw them at

3552

02:12:45,430 --> 02:12:42,880

tremendous distance through

3553

02:12:46,310 --> 02:12:45,440

crazy magnified big eyes on the side of

3554

02:12:47,189 --> 02:12:46,320

a ship

3555

02:12:49,189 --> 02:12:47,199

yeah

3556

02:12:51,189 --> 02:12:49,199

nothing like what i saw this thing is

3557

02:12:52,709 --> 02:12:51,199

sitting at like i mean it was right

3558

02:12:55,430 --> 02:12:52,719

there just hanging in the air i mean it

3559

02:12:57,830 --> 02:12:55,440

just hey guys check me out i'm a [h\_\_h]

3560

02:12:59,030 --> 02:12:57,840

uap i'm just gonna sit right here and

3561

02:13:01,830 --> 02:12:59,040

[h\_\_h]

3562

02:13:03,990 --> 02:13:01,840

tease you guys like the cocktails i am

3563

02:13:06,550 --> 02:13:04,000

it looked the same it looked very the

3564

02:13:08,709 --> 02:13:06,560

same as the the tic tac did you know the

3565

02:13:10,390 --> 02:13:08,719

the description that the pilots gave of

3566

02:13:12,470 --> 02:13:10,400

exactly what the tic tac looked like and

3567

02:13:15,589 --> 02:13:12,480

the coloring you know it looks like this

3568

02:13:18,470 --> 02:13:15,599

like off-white kind of metallic-y shiny

3569

02:13:20,629 --> 02:13:18,480

thing you know so

3570

02:13:23,109 --> 02:13:20,639

yeah it was uh are you viewing it

3571

02:13:24,709 --> 02:13:23,119

through a camera or is this like in real

3572

02:13:27,669 --> 02:13:24,719

just your eyes it was close enough just

3573

02:13:29,669 --> 02:13:27,679

to see with my eyes oh okay yeah yeah

3574

02:13:31,589 --> 02:13:29,679

it's it was that close and i mean i

3575

02:13:33,990 --> 02:13:31,599

looked at it through binoculars too and

3576

02:13:35,830 --> 02:13:34,000

it was yeah you know it was amazing like

3577

02:13:37,750 --> 02:13:35,840

just regular binoculars it was like oh

3578

02:13:39,589 --> 02:13:37,760

wow you know and it i hadn't seen

3579

02:13:41,830 --> 02:13:39,599

anything like that since the tic tac

3580

02:13:44,069 --> 02:13:41,840

encounter yeah that's you know when you

3581

02:13:46,310 --> 02:13:44,079

when you saw the flear and you saw uh

3582

02:13:47,830 --> 02:13:46,320

you know the the light emanating off

3583

02:13:50,069 --> 02:13:47,840

these things at a distance it was that

3584

02:13:51,510 --> 02:13:50,079

same light you know yeah yeah kind of

3585

02:13:53,910 --> 02:13:51,520

yeah kind of kind of pearlescent a

3586

02:13:56,229 --> 02:13:53,920

little bit but not really

3587

02:13:57,669 --> 02:13:56,239

more of like a led diffused light kind

3588

02:13:59,270 --> 02:13:57,679

of thing you know where the light just

3589

02:14:01,750 --> 02:13:59,280

seems to come from all directions at the

3590

02:14:05,030 --> 02:14:01,760

same time that you know yeah

3591

02:14:09,430 --> 02:14:05,040

okay so focus like on like the image

3592

02:14:11,750 --> 02:14:09,440

like can you f sorry uh like can you

3593

02:14:14,470 --> 02:14:11,760

were you able to make out like at a

3594

02:14:16,470 --> 02:14:14,480

focused range like the details of this

3595

02:14:18,390 --> 02:14:16,480

craft or was it like kind of just all

3596

02:14:20,629 --> 02:14:18,400

over the place i think it was reflecting

3597

02:14:22,470 --> 02:14:20,639

too much light to really be able to take

3598

02:14:24,550 --> 02:14:22,480

a really good shot of it i know they got

3599

02:14:26,629 --> 02:14:24,560

it on like three different cameras you

3600

02:14:28,310 --> 02:14:26,639

know i would love to get the d you know

3601

02:14:30,709 --> 02:14:28,320

all three of those footage so it could

3602

02:14:32,550 --> 02:14:30,719

be triangulated so we could really see

3603

02:14:34,390 --> 02:14:32,560

where how far away it was and all that

3604

02:14:35,910 --> 02:14:34,400

stuff but that's all you know that's all

3605

02:14:37,030 --> 02:14:35,920

their data so

3606

02:14:38,950 --> 02:14:37,040

um

3607

02:14:41,109 --> 02:14:38,960

the reason the reason i ask is because

3608

02:14:43,830 --> 02:14:41,119

like not only a camera but our human

3609

02:14:47,589 --> 02:14:43,840

eyes it takes a bit to focus and if a

3610

02:14:50,310 --> 02:14:47,599

move if an object is truly transversing

3611

02:14:52,790 --> 02:14:50,320

space and time and vibrating

3612

02:14:55,350 --> 02:14:52,800

at a non-uh

3613

02:14:58,310 --> 02:14:55,360

linear pattern like you can't focus dude

3614

02:14:59,669 --> 02:14:58,320

it's all light like everything

3615

02:15:01,430 --> 02:14:59,679

we got to run a theory that they might

3616

02:15:03,750 --> 02:15:01,440

have a plasma sheath around them that's

3617

02:15:06,229 --> 02:15:03,760

strong enough to actually bend uh you

3618

02:15:07,750 --> 02:15:06,239

know the space around it so if it's

3619

02:15:09,589 --> 02:15:07,760

actually bending space-time then it

3620

02:15:10,950 --> 02:15:09,599

would also bend light just like a black

3621

02:15:15,109 --> 02:15:10,960

hole would

3622

02:15:16,950 --> 02:15:15,119

100 dad 100 and uh roll tide that movie

3623

02:15:19,510 --> 02:15:16,960

[h\_\_\h] me up

3624

02:15:28,069 --> 02:15:19,520

the the fourth kind oh dude roll tide

3625

02:15:32,069 --> 02:15:30,069

you don't know nothing

3626

02:15:34,629 --> 02:15:32,079

yeah that i watched that movie and i i

3627

02:15:36,709 --> 02:15:34,639

got the heebie jeebies from that movie

3628

02:15:38,229 --> 02:15:36,719

but uh you know but now now that i've

3629

02:15:40,470 --> 02:15:38,239

been dealing with hollywood i'm not as

3630

02:15:42,950 --> 02:15:40,480

hbgb about it i'm like all right so how

3631

02:15:44,470 --> 02:15:42,960

much of that was actually real

3632

02:15:46,709 --> 02:15:44,480

you know

3633

02:15:48,790 --> 02:15:46,719

but uh if anybody wonders like what what

3634

02:15:50,790 --> 02:15:48,800

our opinions on the movie are we did do

3635

02:15:52,390 --> 02:15:50,800

a round table right after it and if you

3636

02:15:54,950 --> 02:15:52,400

go to our website there's actually a

3637

02:15:57,030 --> 02:15:54,960

link right to the round table discussion

3638

02:15:59,669 --> 02:15:57,040

about we had the entire team get

3639

02:16:01,510 --> 02:15:59,679

together and discuss the movie uh a tear

3640

02:16:03,270 --> 02:16:01,520

in the sky

3641

02:16:05,910 --> 02:16:03,280

so

3642

02:16:08,390 --> 02:16:05,920

love it dude yeah yeah dude everybody

3643

02:16:12,709 --> 02:16:08,400

else calls it a tear i call it a tear i

3644

02:16:16,709 --> 02:16:15,430

uh okay um dude

3645

02:16:21,350 --> 02:16:16,719

man

3646

02:16:22,870 --> 02:16:21,360

i i uh i know it's 10 30 it's 10 33

3647

02:16:24,470 --> 02:16:22,880

um bro

3648

02:16:26,629 --> 02:16:24,480

great catching up with you isn't your

3649

02:16:28,709 --> 02:16:26,639

kid asleep yet

3650

02:16:30,790 --> 02:16:28,719

it's a it's it's a sleep or is she

3651  
02:16:32,549 --> 02:16:30,800  
taking it or is she taking advantage of

3652  
02:16:34,389 --> 02:16:32,559  
the fact that you're in here

3653  
02:16:36,389 --> 02:16:34,399  
well my wife is back home from the

3654  
02:16:39,429 --> 02:16:36,399  
grocery store she finally got back and

3655  
02:16:41,509 --> 02:16:39,439  
she bought the best brisket ever today

3656  
02:16:44,309 --> 02:16:41,519  
so stoked she got it she got a prime and

3657  
02:16:45,669 --> 02:16:44,319  
the marbling looks rich oh dude

3658  
02:16:47,669 --> 02:16:45,679  
nice nice nice

3659  
02:16:49,270 --> 02:16:47,679  
but uh well actually how old's your kid

3660  
02:16:52,309 --> 02:16:49,280  
now with like one

3661  
02:16:53,349 --> 02:16:52,319  
nine months nine months yeah and joe's

3662  
02:16:55,429 --> 02:16:53,359  
uh

3663  
02:16:57,509 --> 02:16:55,439

how old does cendrix know like two and a

3664

02:17:01,349 --> 02:16:57,519

half two oh wow

3665

02:17:02,230 --> 02:17:01,359

already [h\_\_h] yeah about to turn four

3666

02:17:03,190 --> 02:17:02,240

nice

3667

02:17:05,349 --> 02:17:03,200

dude

3668

02:17:07,429 --> 02:17:05,359

is she is she like uh smarter than you

3669

02:17:10,309 --> 02:17:07,439

yet or is that oh she already yeah she's

3670

02:17:12,870 --> 02:17:10,319

already smarter than me yeah

3671

02:17:15,190 --> 02:17:12,880

the other day she's like uh

3672

02:17:16,870 --> 02:17:15,200

he gives me like an empty bowl it's like

3673

02:17:17,990 --> 02:17:16,880

oh yeah yeah

3674

02:17:22,870 --> 02:17:18,000

it's empty

3675

02:17:27,270 --> 02:17:25,110

oh like yeah she's too smart for her own

3676

02:17:29,669 --> 02:17:27,280

good she she kills me

3677

02:17:30,950 --> 02:17:29,679

mine's making noises right now

3678

02:17:33,030 --> 02:17:30,960

here

3679

02:17:35,990 --> 02:17:33,040

mine is extrapolating to taking over the

3680

02:17:40,790 --> 02:17:38,230

she's she's getting like allergies and

3681

02:17:42,469 --> 02:17:40,800

she has these little

3682

02:17:44,150 --> 02:17:42,479

little coughing phase oh wait wait until

3683

02:17:47,270 --> 02:17:44,160

she starts saying stuff that's like

3684

02:17:48,950 --> 02:17:47,280

super deep and sweet like right before i

3685

02:17:50,629 --> 02:17:48,960

went to the seu conference we're all

3686

02:17:52,070 --> 02:17:50,639

like cuddling on the couch me and my

3687

02:17:54,230 --> 02:17:52,080

wife just spending a little bit of time

3688

02:17:56,150 --> 02:17:54,240

before i left and she comes running up

3689

02:17:57,910 --> 02:17:56,160

and gets on on my wife's lap and it's

3690

02:17:59,990 --> 02:17:57,920

like i'm going to get up here because i

3691

02:18:02,790 --> 02:18:00,000

love you guys and we're a family and i'm

3692

02:18:04,309 --> 02:18:02,800

like oh oh right now it feels

3693

02:18:06,150 --> 02:18:04,319

like right out of nowhere you know it's

3694

02:18:07,750 --> 02:18:06,160

like oh that's awesome

3695

02:18:10,469 --> 02:18:07,760

that's the family heart strings right

3696

02:18:11,990 --> 02:18:10,479

there love it yeah she uh

3697

02:18:13,509 --> 02:18:12,000

yeah she's been all about cuddling

3698

02:18:16,389 --> 02:18:13,519

lately and it's been like [h\_\_h]

3699

02:18:19,669 --> 02:18:17,990

cuddles you gotta keep only panels when

3700

02:18:21,990 --> 02:18:19,679

they come only parents only parents will

3701

02:18:22,870 --> 02:18:22,000

understand that

3702

02:18:27,589 --> 02:18:22,880

my

3703

02:18:29,910 --> 02:18:27,599

face you she likes to face the world so

3704

02:18:33,349 --> 02:18:29,920

like i'm like trying to like just just

3705

02:18:35,669 --> 02:18:33,359

hold me and she's like no dad i wanna i

3706

02:18:39,990 --> 02:18:35,679

wanna watch walk me and i wanna face

3707

02:18:43,910 --> 02:18:41,990

just just take care of this [h\_\_h] for me

3708

02:18:45,669 --> 02:18:43,920

please i'm basically just like

3709

02:18:46,469 --> 02:18:45,679

i'm a human uh

3710

02:18:47,349 --> 02:18:46,479

uh

3711

02:18:48,309 --> 02:18:47,359

like a

3712

02:18:50,709 --> 02:18:48,319

uh

3713

02:18:52,629 --> 02:18:50,719

automobile i just take her and and

3714

02:18:54,709 --> 02:18:52,639

introduce her to like different things

3715

02:18:56,469 --> 02:18:54,719

in the house to keep her interested she

3716

02:18:58,389 --> 02:18:56,479

does not want to snuggle only when she's

3717

02:19:00,150 --> 02:18:58,399

like i wake her up in the morning oh so

3718

02:19:02,629 --> 02:19:00,160

it's the best this is

3719

02:19:05,190 --> 02:19:02,639

i spent 11 weeks off when she was born

3720

02:19:07,270 --> 02:19:05,200

and dude i just forget hey like when she

3721

02:19:08,709 --> 02:19:07,280

was a baby like a wee little baby man

3722

02:19:10,709 --> 02:19:08,719

you know especially on my days off and

3723

02:19:12,709 --> 02:19:10,719

my wife was working you know just strap

3724

02:19:14,870 --> 02:19:12,719

her right to my chest we'd go we'd go

3725

02:19:16,389 --> 02:19:14,880

everywhere we'd we we'd go like

3726

02:19:18,709 --> 02:19:16,399

universal city walk and we should be

3727

02:19:20,389 --> 02:19:18,719

humping around there having fun we do i

3728

02:19:22,309 --> 02:19:20,399

mean no matter where we went it was just

3729

02:19:24,709 --> 02:19:22,319

me and her just [h\_\_\h]

3730

02:19:26,389 --> 02:19:24,719

hanging out and it was uh it's it's been

3731

02:19:28,150 --> 02:19:26,399

a trip because i didn't get a lot of

3732

02:19:30,070 --> 02:19:28,160

time with my oldest daughter especially

3733

02:19:32,150 --> 02:19:30,080

when she was this age so

3734

02:19:34,709 --> 02:19:32,160

uh it

3735

02:19:36,870 --> 02:19:34,719

it's been amazing

3736

02:19:40,469 --> 02:19:36,880

watching her grow and

3737

02:19:42,150 --> 02:19:40,479

learn and develop and you know they say

3738

02:19:44,070 --> 02:19:42,160

they're going to blow your mind every

3739

02:19:46,629 --> 02:19:44,080

day by saying something you didn't

3740

02:19:49,510 --> 02:19:46,639

realize that they understand

3741

02:19:50,389 --> 02:19:49,520

ah i cannot wait for that oh dude it is

3742

02:19:52,230 --> 02:19:50,399

crazy

3743

02:19:53,750 --> 02:19:52,240

yeah and the more and just remember the

3744

02:19:55,030 --> 02:19:53,760

more time you spend with them the better

3745

02:19:57,349 --> 02:19:55,040

developing the

3746

02:19:59,990 --> 02:19:57,359

development that they will have

3747

02:20:02,870 --> 02:20:00,000

so don't don't miss out on any type of

3748

02:20:04,870 --> 02:20:02,880

play-doh time or lego time or if they

3749

02:20:06,309 --> 02:20:04,880

want to play if they want a [\h\_\_\h] tea

3750

02:20:08,150 --> 02:20:06,319

party you go make some [\h\_\_\h] tea and

3751

02:20:09,510 --> 02:20:08,160

you have a tea party you know

3752

02:20:10,309 --> 02:20:09,520

yeah that's one of her favorite things

3753

02:20:11,910 --> 02:20:10,319

to do

3754

02:20:13,990 --> 02:20:11,920

i just said i just had to go pick her an

3755

02:20:18,710 --> 02:20:14,000

outfit out for because she wants to look

3756

02:20:22,309 --> 02:20:19,670

all right

3757

02:20:24,309 --> 02:20:22,319

so you got all kinds of fads to look for

it's been two years i mean you know this

02:24:25,030 --> 02:24:23,680

that's the way it goes this is what

3857

02:24:27,190 --> 02:24:25,040

happens when you have too many lima

3858

02:24:28,710 --> 02:24:27,200

beans in your pocket i got 12 of them

3859

02:24:30,309 --> 02:24:28,720

and they're well really warm and i've

3860

02:24:32,469 --> 02:24:30,319

been kind of warming them up this whole

3861

02:24:34,870 --> 02:24:32,479

show got 12 lima beans you know a lot of

3862

02:24:36,469 --> 02:24:34,880

[h\_\_\h] in here

3863

02:24:38,630 --> 02:24:36,479

you get a little shiny a little lima

3864

02:24:40,230 --> 02:24:38,640

bean that's joe lying hungry

3865

02:24:43,030 --> 02:24:40,240

take a shower

3866

02:24:44,550 --> 02:24:43,040

go to work put those limo beans on

3867

02:24:45,990 --> 02:24:44,560

on your nipples and you'll get to keep

3868

02:24:48,630 --> 02:24:46,000

this after everybody's having a good

3869

02:24:51,030 --> 02:24:48,640

time all right

3870

02:24:54,710 --> 02:24:51,040

all right this has been another episode
