

A close-up photograph of a pig's face, looking directly at the camera. The pig has pink skin and dark eyes. The word "PANGLOSS" is superimposed over the pig's face in large, bold, white letters with a black outline. The letters are slightly shadowed, giving them a 3D appearance as if they are floating or attached to the pig's face. The background is dark and out of focus, showing some wooden structures.

00:00:31,930 --> 00:00:12,510
all right

3
00:00:43,140 --> 00:00:36,190
hey this is another episode

4
00:00:48,760 --> 00:00:45,010
[Applause]

5
00:00:48,770 --> 00:00:56,590
[Music]

6
00:01:01,069 --> 00:00:59,209
I'm feeling oh

7
00:01:02,270 --> 00:01:01,079
people's pants are coming off people's

8
00:01:05,630 --> 00:01:02,280
pants are coming off this is a pants

9
00:01:07,910 --> 00:01:05,640
free zone you know don't listen to call

10
00:01:11,690 --> 00:01:07,920
people with no pants on and look at

11
00:01:15,830 --> 00:01:11,700
right now I did it yeah we got 10 people

12
00:01:18,050 --> 00:01:15,840
total uh including Joe and myself no

13
00:01:21,050 --> 00:01:18,060

pants who else does not have pants on

14

00:01:24,170 --> 00:01:21,060

Welcome to the garage where pants are

15

00:01:24,969 --> 00:01:24,180

optional other times everybody knows it

16

00:01:27,050 --> 00:01:24,979

too everybody's talking about

17

00:01:28,609 --> 00:01:27,060

everybody's talking about it everybody's

18

00:01:31,210 --> 00:01:28,619

talking about like you know that place

19

00:01:34,180 --> 00:01:31,220

in the garage don't have to wear pants

20

00:01:35,450 --> 00:01:34,190

it's the uh it's the big topic you know

21

00:01:37,069 --> 00:01:35,460

[Music]

22

00:01:39,289 --> 00:01:37,079

and those are the only topics I really

23

00:01:41,450 --> 00:01:39,299

pay attention to are the topics

24

00:01:45,410 --> 00:01:41,460

involving pants

25

00:01:47,450 --> 00:01:45,420

what else is there S P 500 what is that

26
00:01:49,429 --> 00:01:47,460
we're worried about you're wearing pants

27
00:01:53,149 --> 00:01:49,439
or not all right yeah that's where the

28
00:01:55,910 --> 00:01:53,159
real party is political uh uh people

29
00:01:58,130 --> 00:01:55,920
taking advantage of the system you know

30
00:02:00,170 --> 00:01:58,140
we don't care leave it out of that leave

31
00:02:02,270 --> 00:02:00,180
it out of that uh you know what there's

32
00:02:04,069 --> 00:02:02,280
so many politics in pants unless you're

33
00:02:05,749 --> 00:02:04,079
Hillary Clinton right yeah because she's

34
00:02:07,069 --> 00:02:05,759
always wearing pants she's always what

35
00:02:12,940 --> 00:02:07,079
she's got she wears the pants in the

36
00:02:19,369 --> 00:02:16,930
[Music]

37
00:02:22,070 --> 00:02:19,379
that was what's up man how's it going

38
00:02:23,690 --> 00:02:22,080

dude how's your week been good man uh it

39

00:02:26,089 --> 00:02:23,700

uh we were talking about it earlier but

40

00:02:27,110 --> 00:02:26,099

uh you know Texas has been in a freaking

41

00:02:29,869 --> 00:02:27,120

drought

42

00:02:33,229 --> 00:02:29,879

for all summer compared to last summer

43

00:02:35,449 --> 00:02:33,239

so I mean dude the rain came

44

00:02:38,089 --> 00:02:35,459

and again it's been nice pants have been

45

00:02:40,430 --> 00:02:38,099

off for most of it most of the time so

46

00:02:43,309 --> 00:02:40,440

dude I just man I feel so good when it

47

00:02:47,809 --> 00:02:43,319

rains man yeah dude finally it's a it's

48

00:02:49,670 --> 00:02:47,819

a cozy it's a cozy 95 super humidity you

49

00:02:51,710 --> 00:02:49,680

know what I'm saying yeah finally we got

50

00:02:54,229 --> 00:02:51,720

a break yeah it's like the inside of a

51
00:02:56,509 --> 00:02:54,239
walrus mouth man it's like just kind of

52
00:02:59,869 --> 00:02:56,519
a little salty a little little hot it's

53
00:03:02,390 --> 00:02:59,879
not back you know that's not bad love it

54
00:03:04,790 --> 00:03:02,400
dude love it but the rain's been missing

55
00:03:06,790 --> 00:03:04,800
you man right hasn't it

56
00:03:09,050 --> 00:03:06,800
it's going right around you right now

57
00:03:10,970 --> 00:03:09,060
yeah there's been I've been watching the

58
00:03:13,850 --> 00:03:10,980
freaking Doppler radar literally it

59
00:03:16,490 --> 00:03:13,860
would get to Georgetown and go and then

60
00:03:17,990 --> 00:03:16,500
go your way to East to Taylor

61
00:03:20,210 --> 00:03:18,000
yeah

62
00:03:23,270 --> 00:03:20,220
do you see the lightning behind me

63
00:03:24,530 --> 00:03:23,280

yeah I'm [\h__\h] jealous man God

64

00:03:27,949 --> 00:03:24,540

look at us dads talking about the

65

00:03:29,229 --> 00:03:27,959

weather it's rolling thunder oh it

66

00:03:34,089 --> 00:03:29,239

raining

67

00:03:36,949 --> 00:03:34,099

I'm coming through like a hurricane

68

00:03:38,210 --> 00:03:36,959

yeah dude so [\h__\h] out get me more of

69

00:03:48,350 --> 00:03:38,220

that

70

00:03:52,369 --> 00:03:50,390

dude I like my jam I liked when you you

71

00:03:54,250 --> 00:03:52,379

know when we were uh uh in band practice

72

00:03:57,289 --> 00:03:54,260

when you'd bring your pedal

73

00:04:00,050 --> 00:03:57,299

that Big Muff pedal dude on base dude

74

00:04:01,490 --> 00:04:00,060

sounds so sick I know too bad we never

75

00:04:03,410 --> 00:04:01,500

found like a like a weight like a song

76

00:04:06,430 --> 00:04:03,420

to actually use it I was gonna say

77

00:04:09,050 --> 00:04:06,440

nobody ever wanted me to use it

78

00:04:11,530 --> 00:04:09,060

you would bring it anyway

79

00:04:15,289 --> 00:04:13,670

and then and then the one day that I

80

00:04:18,170 --> 00:04:15,299

don't bring my pedal set up yeah

81

00:04:20,150 --> 00:04:18,180

everything's Out Of Tune

82

00:04:22,610 --> 00:04:20,160

well that's what was that was was good

83

00:04:25,010 --> 00:04:22,620

about you man it's like even though you

84

00:04:27,710 --> 00:04:25,020

were rarely in tune neither was I but uh

85

00:04:29,930 --> 00:04:27,720

you found those notes you know I mean if

86

00:04:32,390 --> 00:04:29,940

even if you didn't I mean you played you

87

00:04:34,310 --> 00:04:32,400

you brought such confidence to base

88

00:04:35,450 --> 00:04:34,320

playing that no one could tell the

89

00:04:36,469 --> 00:04:35,460

difference you know everybody was like

90

00:04:38,210 --> 00:04:36,479

God damn

91

00:04:40,670 --> 00:04:38,220

why is the band playing all the wrong

92

00:04:42,950 --> 00:04:40,680

notes I don't know but they look great

93

00:04:44,689 --> 00:04:42,960

especially that guy on the base

94

00:04:46,249 --> 00:04:44,699

why is the the bass player is the only

95

00:04:47,629 --> 00:04:46,259

one playing the correct notes the entire

96

00:04:49,249 --> 00:04:47,639

rest of the band is playing all the

97

00:04:50,810 --> 00:04:49,259

wrong notes yeah that's what I thought

98

00:04:53,030 --> 00:04:50,820

for sure everyone

99

00:04:54,650 --> 00:04:53,040

else that's in key is

100

00:04:57,230 --> 00:04:54,660

is off

101
00:04:58,790 --> 00:04:57,240
explainer he's just so confident I feel

102
00:05:01,730 --> 00:04:58,800
like the rest of the band is playing the

103
00:05:03,110 --> 00:05:01,740
wrong notes I believe it I believe him

104
00:05:04,909 --> 00:05:03,120
over everyone else he's gonna have a

105
00:05:08,390 --> 00:05:04,919
long talk with the rest of that rest of

106
00:05:10,909 --> 00:05:08,400
the group tonight and guarantee that

107
00:05:12,890 --> 00:05:10,919
and we did you did you let us have it

108
00:05:14,450 --> 00:05:12,900
we'll let you guys have it you know

109
00:05:17,770 --> 00:05:14,460
we're all playing the wrong notes except

110
00:05:22,129 --> 00:05:20,030
all right

111
00:05:24,230 --> 00:05:22,139
hell yeah dude that's what's up I could

112
00:05:27,350 --> 00:05:24,240

boom boom yep yep yep yep yep yep so

129

00:06:05,810 --> 00:06:03,300

what have we got on the agenda for

130

00:06:09,050 --> 00:06:05,820

tonight man I've got a few uh Tick Tock

131

00:06:10,969 --> 00:06:09,060

videos I think right yeah let's look at

132

00:06:12,830 --> 00:06:10,979

that yeah and then we were gonna go over

133

00:06:14,689 --> 00:06:12,840

some more George Van Tassel stuff we

134

00:06:16,070 --> 00:06:14,699

kind of got into it last week well we

135

00:06:17,810 --> 00:06:16,080

did get into it last week but I wanted

136

00:06:20,749 --> 00:06:17,820

to get into it a little bit more this

137

00:06:22,490 --> 00:06:20,759

week uh kind of rounded out talk about

138

00:06:25,909 --> 00:06:22,500

some stuff and then I want to hear about

139

00:06:27,350 --> 00:06:25,919

this experience you had watching nope

140

00:06:30,670 --> 00:06:27,360

yeah

141

00:06:33,529 --> 00:06:30,680

damn nope it gets

142

00:06:35,629 --> 00:06:33,539

crazy I guess because you said you

143

00:06:37,129 --> 00:06:35,639

didn't want to spoil it for me right you

144

00:06:39,290 --> 00:06:37,139

don't want to spoil that for me so we're

145

00:06:40,730 --> 00:06:39,300

not going to get like too too into the

146

00:06:43,490 --> 00:06:40,740

movie but I did want to get your

147

00:06:46,430 --> 00:06:43,500

thoughts on the movie and I wanted to

148

00:06:48,350 --> 00:06:46,440

pick your brain on maybe if anything uh

149

00:06:49,990 --> 00:06:48,360

special maybe popped out at you that you

150

00:06:53,629 --> 00:06:50,000

were like

151
00:06:55,430 --> 00:06:53,639
dude I have some homework absolutely bro

152
00:06:57,890 --> 00:06:55,440
yeah yes without I'm gonna try not to

153
00:07:01,249 --> 00:06:57,900
give any spoilers uh but yeah I'm stoked

154
00:07:02,689 --> 00:07:01,259
yeah so uh let's let's look at one of

155
00:07:04,370 --> 00:07:02,699
these Tick Tock videos let's get into it

156
00:07:06,890 --> 00:07:04,380
man let's see what we got

157
00:07:08,090 --> 00:07:06,900
um Everybody in the chat if you uh uh if

158
00:07:10,909 --> 00:07:08,100
you give a thumbs up a thumbs down

159
00:07:14,809 --> 00:07:10,919
letting us know if this looks real or

160
00:07:17,390 --> 00:07:14,819
fake to y'all uh let us know Joe what do

161
00:07:19,550 --> 00:07:17,400
you think well why is it it's playing

162
00:07:23,510 --> 00:07:19,560
like some country music

163
00:07:26,210 --> 00:07:23,520

okay I'm gonna I'm gonna mute that

164

00:07:33,230 --> 00:07:26,220

do you hear the music yeah why was it

165

00:07:38,290 --> 00:07:35,809

so video uh for those just listening uh

166

00:07:41,749 --> 00:07:38,300

it's a video from inside of a plane as a

167

00:07:44,089 --> 00:07:41,759

passenger on a passenger plane

168

00:07:46,850 --> 00:07:44,099

looks out the window and it looks like a

169

00:07:48,589 --> 00:07:46,860

Tic Tac a little a little I don't know

170

00:07:50,870 --> 00:07:48,599

if you look bigger than a dick it looked

171

00:07:52,490 --> 00:07:50,880

like it looked like it was uh it looks

172

00:07:56,809 --> 00:07:52,500

it looks like way bigger it looks like

173

00:07:59,029 --> 00:07:56,819

it's like uh like 500 miles away and

174

00:08:00,529 --> 00:07:59,039

it's the size of like uh like an

175

00:08:02,210 --> 00:08:00,539

aircraft carrier

176

00:08:04,430 --> 00:08:02,220

yeah it looks huge

177

00:08:05,749 --> 00:08:04,440

it looks huge

178

00:08:07,129 --> 00:08:05,759

um so I would imagine that they're

179

00:08:08,390 --> 00:08:07,139

flying it

180

00:08:10,850 --> 00:08:08,400

I guess you can't see an aircraft

181

00:08:12,890 --> 00:08:10,860

carrier from 500 uh

182

00:08:16,550 --> 00:08:12,900

500 miles away can you

183

00:08:19,369 --> 00:08:16,560

Oh no you're right well at that altitude

184

00:08:21,170 --> 00:08:19,379

I think the the hurricane yeah it's

185

00:08:22,689 --> 00:08:21,180

different there's no Horizon it's right

186

00:08:25,730 --> 00:08:22,699

in front of you

187

00:08:27,770 --> 00:08:25,740

if you can see okay oh that's a cool

188

00:08:30,110 --> 00:08:27,780

question the only reason we can't see so

189

00:08:32,690 --> 00:08:30,120

far right dude is because like it wanted

190

00:08:34,550 --> 00:08:32,700

either gets too small or two is because

191

00:08:35,870 --> 00:08:34,560

it's over the horizon and you can't see

192

00:08:37,430 --> 00:08:35,880

it what if you're out in space and

193

00:08:40,850 --> 00:08:37,440

you're just looking straight how many

194

00:08:42,290 --> 00:08:40,860

miles can you see straight dude dude we

195

00:08:44,510 --> 00:08:42,300

look up at the stars every night that's

196

00:08:46,190 --> 00:08:44,520

how far you could see dog

197

00:08:49,730 --> 00:08:46,200

so you can like

198

00:08:53,750 --> 00:08:49,740

you can see Millions but that's because

199

00:08:56,449 --> 00:08:53,760

yeah for like that's huge the stars are

200

00:08:58,790 --> 00:08:56,459

big though too big full like that's the

201
00:09:02,329 --> 00:08:58,800
thing is like so

202
00:09:05,750 --> 00:09:02,339
if if you only stop seeing things

203
00:09:08,269 --> 00:09:05,760
because they just get too small what if

204
00:09:11,030 --> 00:09:08,279
there's something like

205
00:09:13,130 --> 00:09:11,040
like not infinitely big but like a

206
00:09:14,329 --> 00:09:13,140
little smaller than infinitely big could

207
00:09:17,449 --> 00:09:14,339
you see it

208
00:09:19,310 --> 00:09:17,459
dude yes if it was right in front of you

209
00:09:21,290 --> 00:09:19,320
could you see it

210
00:09:23,990 --> 00:09:21,300
well or would they what do you mean

211
00:09:27,470 --> 00:09:24,000
right in front of you okay so like

212
00:09:29,210 --> 00:09:27,480
the reason we can't see things right too

213
00:09:31,190 --> 00:09:29,220

far is because it's on the other side of

214

00:09:33,410 --> 00:09:31,200

the earth like oh there's a curve so you

215

00:09:35,329 --> 00:09:33,420

can't like see straight right yeah but

216

00:09:37,970 --> 00:09:35,339

like if you were like just up in space

217

00:09:41,690 --> 00:09:37,980

and you just look straight ahead how far

218

00:09:43,730 --> 00:09:41,700

ahead could you see stuff you know I'd

219

00:09:46,190 --> 00:09:43,740

like to know that math like how far can

220

00:09:48,170 --> 00:09:46,200

you see like obviously light has

221

00:09:49,730 --> 00:09:48,180

something to do with it or like if you

222

00:09:51,949 --> 00:09:49,740

could just stare

223

00:09:54,470 --> 00:09:51,959

forever like you would see different

224

00:09:56,030 --> 00:09:54,480

things because it just changes well I

225

00:09:58,070 --> 00:09:56,040

would think that the further away you

226

00:10:02,530 --> 00:09:58,080

get the larger the object has to be so

227

00:10:07,310 --> 00:10:02,540

it's kind of like like a yeah uh and

228

00:10:10,250 --> 00:10:07,320

infinite uh exponential uh

229

00:10:12,050 --> 00:10:10,260

equation like so farther an object is

230

00:10:13,610 --> 00:10:12,060

like the larger it has to be to be like

231

00:10:14,449 --> 00:10:13,620

say it has to be consistent with like a

232

00:10:18,829 --> 00:10:14,459

quarter

233

00:10:20,750 --> 00:10:18,839

that's like the size of the Moon

234

00:10:22,550 --> 00:10:20,760

and then like the further away like so

235

00:10:24,650 --> 00:10:22,560

that's whatever two thousand three

236

00:10:26,329 --> 00:10:24,660

thousand miles away so yeah further an

237

00:10:28,190 --> 00:10:26,339

object gets like the larger it has to

238

00:10:30,650 --> 00:10:28,200

beat it it has to be consistent with a

239

00:10:33,710 --> 00:10:30,660

quarter that's what I'm saying if we

240

00:10:36,769 --> 00:10:33,720

assume if we're assuming that space is

241

00:10:40,190 --> 00:10:36,779

infinite and you have an object that's

242

00:10:42,650 --> 00:10:40,200

just a little bit smaller than infinite

243

00:10:45,290 --> 00:10:42,660

technically it's not infinite but it is

244

00:10:47,690 --> 00:10:45,300

the largest thing that you could get to

245

00:10:49,490 --> 00:10:47,700

almost be Infinity could you see it if

246

00:10:52,190 --> 00:10:49,500

it was standing right in front of you

247

00:10:54,170 --> 00:10:52,200

what is the universe standing right in

248

00:10:55,610 --> 00:10:54,180

front of us that's like the infinite

249

00:10:58,130 --> 00:10:55,620

right

250

00:11:00,290 --> 00:10:58,140

the universe yeah like the universe is

251
00:11:01,850 --> 00:11:00,300
kind of like yeah but then in size this

252
00:11:04,730 --> 00:11:01,860
is like the biggest you can get yeah but

253
00:11:06,829 --> 00:11:04,740
you can't you can't see inside of it

254
00:11:09,650 --> 00:11:06,839
it's infinite but that's what I'm saying

255
00:11:12,350 --> 00:11:09,660
so if something was a little bit smaller

256
00:11:16,310 --> 00:11:12,360
than infinite it's not infinite right it

257
00:11:18,410 --> 00:11:16,320
has a a size it can be measured because

258
00:11:22,910 --> 00:11:18,420
it's not infinite

259
00:11:24,710 --> 00:11:22,920
little smaller than infinite could you

260
00:11:27,769 --> 00:11:24,720
see it oh

261
00:11:31,009 --> 00:11:27,779
yes can you now see it because it's not

262
00:11:34,610 --> 00:11:31,019
infinite oh my God I like that so when

263
00:11:37,009 --> 00:11:34,620

there is definite uh uh dimensions on

264

00:11:40,190 --> 00:11:37,019

something then you can observe it but if

265

00:11:42,350 --> 00:11:40,200

there's no definite dimensions then you

266

00:11:44,210 --> 00:11:42,360

can't observe it is that what you're

267

00:11:46,069 --> 00:11:44,220

saying yeah like if it's just one

268

00:11:47,810 --> 00:11:46,079

dimension that's just right here our

269

00:11:50,870 --> 00:11:47,820

universe everything exists right here

270

00:11:52,490 --> 00:11:50,880

and it just goes on for Infinity but if

271

00:11:54,650 --> 00:11:52,500

something is just a little smaller than

272

00:11:56,870 --> 00:11:54,660

infinity it's not Infinity

273

00:12:00,470 --> 00:11:56,880

you know so then now you're like okay

274

00:12:03,710 --> 00:12:00,480

and if it's if it's not Infinity does

275

00:12:06,290 --> 00:12:03,720

that mean that it's allowed to

276

00:12:08,509 --> 00:12:06,300

[h__h] okay if it's not Infinity does that

277

00:12:11,930 --> 00:12:08,519

mean that it's allowed to physically

278

00:12:16,069 --> 00:12:14,210

in a physical form my mom used to drive

279

00:12:17,690 --> 00:12:16,079

an infinity

280

00:12:19,449 --> 00:12:17,700

okay hold on there might be something to

281

00:12:23,210 --> 00:12:19,459

this I like okay yeah

282

00:12:25,910 --> 00:12:23,220

if if it's not Infinity

283

00:12:29,030 --> 00:12:25,920

could it it can take on like a physical

284

00:12:31,329 --> 00:12:29,040

form but if it is infinity

285

00:12:34,850 --> 00:12:31,339

it's all

286

00:12:36,710 --> 00:12:34,860

energetic form right Infinity yes

287

00:12:39,290 --> 00:12:36,720

because if it's physical it has to have

288

00:12:43,269 --> 00:12:39,300

like a life cycle an end of some kind

289

00:12:46,310 --> 00:12:43,279

like it has to consume and then uh

290

00:12:47,930 --> 00:12:46,320

disperse waste and there's like a a

291

00:12:49,430 --> 00:12:47,940

start and an end

292

00:12:51,769 --> 00:12:49,440

I mean we're we're just kind of

293

00:12:54,170 --> 00:12:51,779

describing like like thermodynamics in a

294

00:12:56,210 --> 00:12:54,180

way where like if something were truly

295

00:13:00,129 --> 00:12:56,220

infinite it wouldn't abide by the rules

296

00:13:02,690 --> 00:13:00,139

of of of of thermodynamics and like uh

297

00:13:04,310 --> 00:13:02,700

conservation of energy or whatever so

298

00:13:06,410 --> 00:13:04,320

like if something was truly infinite it

299

00:13:08,150 --> 00:13:06,420

wouldn't be on the same wavelength the

300

00:13:12,530 --> 00:13:08,160

same frequency as

301
00:13:15,170 --> 00:13:12,540
is something that's uh like using energy

302
00:13:16,610 --> 00:13:15,180
uh and and then it's done like a battery

303
00:13:19,490 --> 00:13:16,620
like a battery's like a physical thing

304
00:13:21,470 --> 00:13:19,500
and it it stores energy for a little bit

305
00:13:23,750 --> 00:13:21,480
it uses it and then it's it's done until

306
00:13:26,690 --> 00:13:23,760
it like recharges

307
00:13:28,610 --> 00:13:26,700
am I gonna say am I on the same path

308
00:13:30,889 --> 00:13:28,620
nice

309
00:13:33,069 --> 00:13:30,899
I think you could be I was reading this

310
00:13:36,350 --> 00:13:33,079
comment Sun saver had said I could tell

311
00:13:38,090 --> 00:13:36,360
right between zero and infinity

312
00:13:41,150 --> 00:13:38,100
and like that's a whole nother thing

313
00:13:43,430 --> 00:13:41,160

right because dude thank you Crowley

314

00:13:43,970 --> 00:13:43,440

thanks brother hell yeah dude

315

00:13:50,269 --> 00:13:43,980

um

316

00:13:54,230 --> 00:13:50,279

yeah between zero and infinity right

317

00:13:56,150 --> 00:13:54,240

like zero to Infinity is a thing even

318

00:13:58,129 --> 00:13:56,160

like if you're using like whole numbers

319

00:14:01,069 --> 00:13:58,139

but then you go like

320

00:14:06,290 --> 00:14:01,079

into the decimal points right and zero

321

00:14:08,509 --> 00:14:06,300

to one but like zero point Infinity so

322

00:14:11,269 --> 00:14:08,519

like you can go like zero point infinity

323

00:14:12,949 --> 00:14:11,279

and never even make it to one

324

00:14:15,410 --> 00:14:12,959

you know Infinity like there's different

325

00:14:17,990 --> 00:14:15,420

kinds of Infinities oh okay yeah I love

326

00:14:19,190 --> 00:14:18,000

that yeah you know but I it hurts my

327

00:14:21,410 --> 00:14:19,200

brain

328

00:14:23,210 --> 00:14:21,420

um I know because like you could be yeah

329

00:14:25,490 --> 00:14:23,220

like you can be an Infinity something

330

00:14:26,449 --> 00:14:25,500

but never like one whole thing but I

331

00:14:29,990 --> 00:14:26,459

don't know now we're just like getting

332

00:14:31,250 --> 00:14:30,000

in uh semantics with like math and

333

00:14:34,310 --> 00:14:31,260

numbers that I just don't don't

334

00:14:37,069 --> 00:14:34,320

understand I can understand like too big

335

00:14:40,069 --> 00:14:37,079

and then like big enough for me to see

336

00:14:42,710 --> 00:14:40,079

and then two small

337

00:14:45,050 --> 00:14:42,720

so what is it what is it what is what

338

00:14:46,009 --> 00:14:45,060

are things that are infinite right so

339

00:14:48,110 --> 00:14:46,019

like

340

00:14:49,189 --> 00:14:48,120

supposedly space or whatever it's

341

00:14:51,829 --> 00:14:49,199

possible

342

00:14:54,250 --> 00:14:51,839

or like energy energy has to be infinite

343

00:14:57,949 --> 00:14:54,260

right yeah yeah

344

00:14:59,050 --> 00:14:57,959

right so it has it's like just be

345

00:15:00,769 --> 00:14:59,060

infinite

346

00:15:03,470 --> 00:15:00,779

I guess

347

00:15:06,470 --> 00:15:03,480

like I don't know like what are infinite

348

00:15:08,150 --> 00:15:06,480

things they're not like

349

00:15:09,949 --> 00:15:08,160

they're like they're not like physical

350

00:15:13,490 --> 00:15:09,959

objects so like if it's like a physical

351

00:15:16,370 --> 00:15:13,500

object it can never be infinite or is it

352

00:15:19,550 --> 00:15:16,380

something an infinite only within the

353

00:15:22,009 --> 00:15:19,560

confines of a universe like it's it's

354

00:15:23,509 --> 00:15:22,019

like uh like a toroidal shaper like it

355

00:15:25,189 --> 00:15:23,519

never ends you know like it's kind of

356

00:15:28,189 --> 00:15:25,199

like the infinity loop but like yes it

357

00:15:29,870 --> 00:15:28,199

exists and infinity inside of that Loop

358

00:15:31,550 --> 00:15:29,880

for sure but outside of that Loop

359

00:15:34,250 --> 00:15:31,560

there's all kinds of other [h__h] there's

360

00:15:36,110 --> 00:15:34,260

like you know like uh banana republics

361

00:15:37,269 --> 00:15:36,120

that people go and shop for clothes in

362

00:15:39,710 --> 00:15:37,279

but like

363

00:15:41,689 --> 00:15:39,720

we're like yes Infinity does exist

364

00:15:43,490 --> 00:15:41,699

inside of that Universe inside of that

365

00:15:46,310 --> 00:15:43,500

Loop so like

366

00:15:47,810 --> 00:15:46,320

now I don't know if if I'm making any

367

00:15:49,790 --> 00:15:47,820

sense but I mean if that if it's

368

00:15:52,370 --> 00:15:49,800

Infinity inside of that Loop inside of

369

00:15:53,689 --> 00:15:52,380

that Universe then you go outside of

370

00:15:58,550 --> 00:15:53,699

that

371

00:16:01,069 --> 00:15:58,560

too right because

372

00:16:03,530 --> 00:16:01,079

in Infinity like infinity plus two well

373

00:16:05,449 --> 00:16:03,540

Infinity can only exist inside of

374

00:16:08,389 --> 00:16:05,459

something that has existed for Infinity

375

00:16:12,050 --> 00:16:08,399

otherwise the inside Infinity would have

376

00:16:14,870 --> 00:16:12,060

never existed in the first place

377

00:16:17,410 --> 00:16:14,880

oh you know so if you have an internal

378

00:16:20,569 --> 00:16:17,420

universe and there's there's multiple

379

00:16:22,970 --> 00:16:20,579

infinite universes there has to be some

380

00:16:25,069 --> 00:16:22,980

sort of casing or like holding or like

381

00:16:27,889 --> 00:16:25,079

something that surrounds it and energy

382

00:16:31,790 --> 00:16:27,899

surrounding it that has been infinite as

383

00:16:33,710 --> 00:16:31,800

well otherwise there is an end to it

384

00:16:36,470 --> 00:16:33,720

fractal dude

385

00:16:39,110 --> 00:16:36,480

yeah

386

00:16:41,410 --> 00:16:39,120

dude I like that I like that let's keep

387

00:16:45,110 --> 00:16:41,420

that going what were we talking about

388

00:16:46,970 --> 00:16:45,120

how far infant Infinity can go like you

389

00:16:50,210 --> 00:16:46,980

can just like you can multiply Infinity

390

00:16:54,110 --> 00:16:50,220

like forever because it's infinite like

391

00:16:55,850 --> 00:16:54,120

it in itself can be infinite because the

392

00:17:00,410 --> 00:16:55,860

only reason okay the only reason we're

393

00:17:00,420 --> 00:17:03,530

yes

394

00:17:09,409 --> 00:17:06,470

because my mom drove Infinity once well

395

00:17:10,549 --> 00:17:09,419

no no because if we're humans right and

396

00:17:12,049 --> 00:17:10,559

we're sitting here and we're thinking

397

00:17:14,990 --> 00:17:12,059

and we're like Infinity

398

00:17:18,230 --> 00:17:15,000

that means like forever right like that

399

00:17:20,809 --> 00:17:18,240

like never stops forever and ever and

400

00:17:23,750 --> 00:17:20,819

ever but we can't even grasp the concept

401
00:17:25,669 --> 00:17:23,760
of win forever and ever is

402
00:17:27,710 --> 00:17:25,679
you know yeah when you think about it

403
00:17:29,870 --> 00:17:27,720
like you don't know like

404
00:17:32,090 --> 00:17:29,880
dude like how it's possible it's

405
00:17:35,150 --> 00:17:32,100
impossible to think of how long forever

406
00:17:37,130 --> 00:17:35,160
is so like in the span of like just our

407
00:17:39,909 --> 00:17:37,140
universe like

408
00:17:43,669 --> 00:17:39,919
being here

409
00:17:45,830 --> 00:17:43,679
they say like what 14 billion years old

410
00:17:52,850 --> 00:17:45,840
the universe

411
00:17:56,810 --> 00:17:52,860
old is the Hyundai viruses so if it

412
00:17:58,970 --> 00:17:56,820
started 14.7 if it started 13.7 billion

413
00:18:00,950 --> 00:17:58,980

years ago

414

00:18:02,870 --> 00:18:00,960

how the hell do we know it's infinite it

415

00:18:05,450 --> 00:18:02,880

just started

416

00:18:09,650 --> 00:18:05,460

you know it started but what did it

417

00:18:13,250 --> 00:18:09,660

start in like what it what is it that

418

00:18:16,070 --> 00:18:13,260

started this well this if this is what

419

00:18:18,110 --> 00:18:16,080

it is that started why is there no

420

00:18:21,110 --> 00:18:18,120

expiration date is that how Infinity

421

00:18:23,150 --> 00:18:21,120

starts does infinity start because

422

00:18:24,770 --> 00:18:23,160

Infinity can't start because in order to

423

00:18:28,310 --> 00:18:24,780

be Infinity it had to have always

424

00:18:34,610 --> 00:18:31,850

am I am I wrong no I don't I think I

425

00:18:36,169 --> 00:18:34,620

think you're it's making sense to me but

426

00:18:38,750 --> 00:18:36,179

that's like you're describing what

427

00:18:41,150 --> 00:18:38,760

Infinity is and I think it's like just

428

00:18:43,130 --> 00:18:41,160

something that we're not I'm not able to

429

00:18:45,049 --> 00:18:43,140

grasp it like it's just I get to a point

430

00:18:47,630 --> 00:18:45,059

where I'm like okay

431

00:18:51,169 --> 00:18:47,640

um that's enough

432

00:18:53,210 --> 00:18:51,179

um and like that's enough for me but I I

433

00:18:56,510 --> 00:18:53,220

feel like you're just saying it better

434

00:18:58,690 --> 00:18:56,520

like in a better way like I love it no

435

00:19:01,070 --> 00:18:58,700

let's do this

436

00:19:02,990 --> 00:19:01,080

yeah I guess the point is if the

437

00:19:07,130 --> 00:19:03,000

universe is infinite

438

00:19:10,010 --> 00:19:07,140

but it started 13.8 billion years ago

439

00:19:11,690 --> 00:19:10,020

it had a beginning so how could it be

440

00:19:14,390 --> 00:19:11,700

infinite I don't think that's right man

441

00:19:17,210 --> 00:19:14,400

I think the 13.7 billion years ago is

442

00:19:18,830 --> 00:19:17,220

like what we think it is because that's

443

00:19:21,049 --> 00:19:18,840

all we can detect and that's all that we

444

00:19:23,990 --> 00:19:21,059

can observe so like this portion of

445

00:19:25,990 --> 00:19:24,000

infinity came into existence it could it

446

00:19:28,789 --> 00:19:26,000

could be like where that intersection

447

00:19:31,909 --> 00:19:28,799

ends and that that looks like the ending

448

00:19:34,610 --> 00:19:31,919

of the road and a a fork on the road but

449

00:19:36,950 --> 00:19:34,620

in actuality who knows like it could

450

00:19:38,630 --> 00:19:36,960

have just been always there and it's

451

00:19:40,850 --> 00:19:38,640

just this this crossroad that we

452

00:19:43,310 --> 00:19:40,860

observed is doesn't necessarily like so

453

00:19:45,470 --> 00:19:43,320

like the idea the idea that a universe

454

00:19:47,750 --> 00:19:45,480

can come into an existence and then just

455

00:19:49,010 --> 00:19:47,760

completely disappear and other ones take

456

00:19:52,610 --> 00:19:49,020

its place

457

00:19:54,710 --> 00:19:52,620

they're existing in a in a frame of

458

00:19:56,750 --> 00:19:54,720

infinity not necessarily meaning the

459

00:20:00,110 --> 00:19:56,760

universe is infinite but the framework

460

00:20:03,049 --> 00:20:00,120

in which it exists is infinite in itself

461

00:20:05,390 --> 00:20:03,059

uh so like the code to the program the

462

00:20:09,110 --> 00:20:05,400

code has always existed

463

00:20:11,630 --> 00:20:09,120

uh the the language but the programs uh

464

00:20:13,190 --> 00:20:11,640

are are ever updating on a constant

465

00:20:14,750 --> 00:20:13,200

basis there's new ones there's smaller

466

00:20:17,810 --> 00:20:14,760

ones there's a lot of ones there's

467

00:20:19,730 --> 00:20:17,820

Windows 97 there's Chrome yeah there's

468

00:20:21,470 --> 00:20:19,740

Firefox

469

00:20:23,090 --> 00:20:21,480

all of them they take you to the same

470

00:20:25,190 --> 00:20:23,100

place they give you the same experience

471

00:20:28,250 --> 00:20:25,200

kinda a little different a little

472

00:20:30,110 --> 00:20:28,260

different a little different

473

00:20:31,909 --> 00:20:30,120

I'll tell you what dog face boy thank

474

00:20:33,650 --> 00:20:31,919

you so much man that's his number don't

475

00:20:35,750 --> 00:20:33,660

you know that Crowley talking about yeah

476

00:20:38,870 --> 00:20:35,760

there's like a bidding war going on yes

477

00:20:42,169 --> 00:20:38,880

I love that thank you guys so much

478

00:20:46,789 --> 00:20:42,179

hell yeah that's what's up boys

479

00:20:50,450 --> 00:20:46,799

uh okay so uh [\h__\h] where how did that

480

00:20:55,430 --> 00:20:52,370

oh we're talking about like uh distances

481

00:20:58,130 --> 00:20:55,440

and how how far away that oh yeah yeah

482

00:20:59,570 --> 00:20:58,140

look and how you could how uh a ship

483

00:21:01,970 --> 00:20:59,580

would look you wouldn't be able to see a

484

00:21:05,390 --> 00:21:01,980

ship from 500 miles away yeah

485

00:21:10,010 --> 00:21:05,400

speaking of ship uh this was an old this

486

00:21:11,890 --> 00:21:10,020

is an oldie but goodie uh UFO UFO UAP

487

00:21:15,110 --> 00:21:11,900

checks out Concord

488

00:21:16,730 --> 00:21:15,120

1976 I'll tell you what

489

00:21:17,810 --> 00:21:16,740

I want to hear what music they're

490

00:21:19,669 --> 00:21:17,820

they're doing

491

00:21:21,590 --> 00:21:19,679

um let's see

492

00:21:26,049 --> 00:21:21,600

peanuts

493

00:21:30,529 --> 00:21:28,070

what do you think of that video though

494

00:21:32,450 --> 00:21:30,539

dude that is weird man that is weird

495

00:21:35,029 --> 00:21:32,460

look at when he comes and looks at the

496

00:21:38,870 --> 00:21:35,039

looks at the uh the window it just flies

497

00:21:41,149 --> 00:21:38,880

under and it's like Hello uh what y'all

498

00:21:45,770 --> 00:21:41,159

doing in there you paid how much for

499

00:21:49,610 --> 00:21:45,780

these seats my God and then zips

500

00:21:51,890 --> 00:21:49,620

bro yeah that's a weird beard dude yeah

501
00:21:54,169 --> 00:21:51,900
that's I don't know

502
00:21:55,549 --> 00:21:54,179
okay so you ever seen that um it's crazy

503
00:21:57,289 --> 00:21:55,559
you ever seen that video of the truck

504
00:22:01,850 --> 00:21:57,299
driving down the road

505
00:22:05,990 --> 00:22:03,710
it's like a styrofoam box that falls out

506
00:22:07,970 --> 00:22:06,000
of the back of it no but because it's

507
00:22:09,950 --> 00:22:07,980
moving forward like the box kind of gets

508
00:22:11,630 --> 00:22:09,960
picked up by the wind and thrown back

509
00:22:13,970 --> 00:22:11,640
into the back of the truck

510
00:22:15,950 --> 00:22:13,980
oh that sounds satisfying yeah the

511
00:22:17,990 --> 00:22:15,960
styrofoam box falls out of the back of

512
00:22:19,909 --> 00:22:18,000
the truck tumbles and then pops right

513
00:22:21,110 --> 00:22:19,919

back in the back of the truck I'm

514

00:22:22,909 --> 00:22:21,120

wondering if it's something kind of like

515

00:22:24,649 --> 00:22:22,919

that where the planes flying and it just

516

00:22:27,289 --> 00:22:24,659

so happened there's like a piece of like

517

00:22:29,750 --> 00:22:27,299

debris coming in its path and it got

518

00:22:32,450 --> 00:22:29,760

sucked under the jet up and then hovered

519

00:22:34,610 --> 00:22:32,460

just because of like right how the wind

520

00:22:38,450 --> 00:22:34,620

is reacting right there and then zip

521

00:22:40,430 --> 00:22:38,460

back and yeah I I like I dude okay so

522

00:22:41,930 --> 00:22:40,440

let's let's watch the styrofoam box I

523

00:22:45,830 --> 00:22:41,940

think you're onto something with with

524

00:22:48,409 --> 00:22:45,840

like like wind uh physics

525

00:22:51,409 --> 00:22:48,419

okay

526

00:22:53,810 --> 00:22:51,419

yeah because when does stupid [h__\h] to

527

00:22:55,190 --> 00:22:53,820

things that that look insane to us but

528

00:22:57,409 --> 00:22:55,200

it's like actually if you break it down

529

00:22:59,270 --> 00:22:57,419

makes sense yeah

530

00:23:00,710 --> 00:22:59,280

check it out

531

00:23:02,810 --> 00:23:00,720

yeah this is crazy and then the Box

532

00:23:06,010 --> 00:23:02,820

falls out and then boom right back into

533

00:23:09,250 --> 00:23:06,020

it you know again it does it twice dude

534

00:23:12,049 --> 00:23:09,260

like it ranges itself exactly

535

00:23:13,549 --> 00:23:12,059

seriously also is it is there like a

536

00:23:16,310 --> 00:23:13,559

news team interviewing this guy like

537

00:23:18,710 --> 00:23:16,320

well I don't know I was driving

538

00:23:20,510 --> 00:23:18,720

uh is that who they're interviewing like

539

00:23:22,070 --> 00:23:20,520

the guy who's driving I guess I guess

540

00:23:24,049 --> 00:23:22,080

that's who it is

541

00:23:26,450 --> 00:23:24,059

I've never seen the person driving it

542

00:23:28,070 --> 00:23:26,460

he's like it took 15 years to train that

543

00:23:29,510 --> 00:23:28,080

box to do what it did and I'm so damn

544

00:23:31,070 --> 00:23:29,520

proud of that damn box seriously they

545

00:23:33,409 --> 00:23:31,080

did exactly what I taught it look

546

00:23:36,950 --> 00:23:33,419

obviously

547

00:23:40,310 --> 00:23:36,960

skilled enough to do that you know

548

00:23:43,730 --> 00:23:40,320

doesn't surprise me dude best best box

549

00:23:46,250 --> 00:23:43,740

delivers it's amazing so yeah I think

550

00:23:48,230 --> 00:23:46,260

that styrofoam thing maybe you might

551
00:23:51,169 --> 00:23:48,240
have something to do with uh with this

552
00:23:53,870 --> 00:23:51,179
little encounter now dude I don't know

553
00:23:56,210 --> 00:23:53,880
because I've I've never worked at a wind

554
00:23:58,490 --> 00:23:56,220
tunnel facility you know I have never

555
00:24:01,610 --> 00:23:58,500
tested the aerodynamics of a of a

556
00:24:05,390 --> 00:24:01,620
Concord you know so I wouldn't know but

557
00:24:07,850 --> 00:24:05,400
the airflow around it is like but I

558
00:24:09,169 --> 00:24:07,860
I mean I don't know I would assume like

559
00:24:11,210 --> 00:24:09,179
the wind is kind of like hitting those

560
00:24:13,850 --> 00:24:11,220
wings and like doing a little maybe

561
00:24:15,950 --> 00:24:13,860
maybe a little roll right to underneath

562
00:24:18,110 --> 00:24:15,960
those wings a little bit to give it that

563
00:24:19,610 --> 00:24:18,120

lift yeah it's still kind of a little

564

00:24:20,870 --> 00:24:19,620

thing like that so maybe like right

565

00:24:22,909 --> 00:24:20,880

there in that section there's like a

566

00:24:24,470 --> 00:24:22,919

little wind tunnel and it catches like a

567

00:24:25,490 --> 00:24:24,480

bag or something floating through I

568

00:24:27,529 --> 00:24:25,500

don't know that Concord is probably

569

00:24:29,690 --> 00:24:27,539

pretty high up

570

00:24:32,570 --> 00:24:29,700

it's like it gets sucked up by the draft

571

00:24:35,630 --> 00:24:32,580

of the plane yeah right and then it

572

00:24:38,630 --> 00:24:35,640

maybe gets shot up ah see

573

00:24:40,250 --> 00:24:38,640

it goes perpendicular to the plane dude

574

00:24:41,450 --> 00:24:40,260

I know it follows it right maybe it

575

00:24:44,210 --> 00:24:41,460

sticks to the plane through static

576

00:24:47,830 --> 00:24:44,220

electricity static electricity is real

577

00:24:50,090 --> 00:24:47,840

and it exists all over planes

578

00:24:51,409 --> 00:24:50,100

static electricity is totally I don't

579

00:24:54,830 --> 00:24:51,419

know why I said that was such conviction

580

00:24:56,570 --> 00:24:54,840

I believe it is I don't know about you I

581

00:24:57,770 --> 00:24:56,580

love you

582

00:25:01,130 --> 00:24:57,780

don't lose static

583

00:25:02,750 --> 00:25:01,140

okay all right I can I can see that's uh

584

00:25:05,510 --> 00:25:02,760

the static electricity and the wind

585

00:25:07,430 --> 00:25:05,520

foiling and I don't know I I think it's

586

00:25:09,830 --> 00:25:07,440

it's something to consider for sure but

587

00:25:11,270 --> 00:25:09,840

he checks out the window bro he wants to

588

00:25:12,830 --> 00:25:11,280

see what's going he wants to see what's

589

00:25:15,230 --> 00:25:12,840

up there dude he wants to know how many

590

00:25:17,390 --> 00:25:15,240

people are relaxing yeah that's what he

591

00:25:21,010 --> 00:25:17,400

said dude dude MJ Sedona thank you so

592

00:25:25,130 --> 00:25:21,020

much uh for the for the donation

593

00:25:27,470 --> 00:25:25,140

did you know that it's no longer UFO huh

594

00:25:31,730 --> 00:25:27,480

did you also know that it's no longer

595

00:25:33,310 --> 00:25:31,740

you AP what is it now Joe it is now drum

596

00:25:35,630 --> 00:25:33,320

roll please

597

00:25:37,250 --> 00:25:35,640

transmedium devices

598

00:25:39,289 --> 00:25:37,260

holy crap

599

00:25:41,510 --> 00:25:39,299

no that sounds like something you'd buy

600

00:25:43,789 --> 00:25:41,520

at your local sex shop right

601
00:25:45,890 --> 00:25:43,799
the transmedium device damn give me two

602
00:25:48,649 --> 00:25:45,900
I want two of them it can take on

603
00:25:52,909 --> 00:25:50,510
so

604
00:25:54,470 --> 00:25:52,919
I mean wait is that real is that is that

605
00:25:56,330 --> 00:25:54,480
what the who's calling it that is that

606
00:25:58,010 --> 00:25:56,340
the government is that like a it's a new

607
00:26:00,169 --> 00:25:58,020
thing a new term for like the full yet

608
00:26:03,350 --> 00:26:00,179
for your request yep that's the new term

609
00:26:06,350 --> 00:26:03,360
man trans medium devices I like that no

610
00:26:08,510 --> 00:26:06,360
that sounds that sounds way cooler than

611
00:26:10,330 --> 00:26:08,520
uh I still don't even know what UAP

612
00:26:12,769 --> 00:26:10,340
stands for dude we were like it's either

613
00:26:16,070 --> 00:26:12,779

Ariel or yeah

614

00:26:17,330 --> 00:26:16,080

it is uh dude we're we're about a year

615

00:26:22,250 --> 00:26:17,340

away from them being called the

616

00:26:25,970 --> 00:26:24,649

I mean

617

00:26:27,169 --> 00:26:25,980

I feel like we've already had them

618

00:26:30,409 --> 00:26:27,179

forever

619

00:26:32,810 --> 00:26:30,419

also Crowley Crowley and dogface boys uh

620

00:26:34,490 --> 00:26:32,820

dog face boy

621

00:26:36,289 --> 00:26:34,500

still at it

622

00:26:37,669 --> 00:26:36,299

thank you

623

00:26:40,430 --> 00:26:37,679

I love this

624

00:26:42,230 --> 00:26:40,440

yeah this battle that's going on yes me

625

00:26:44,630 --> 00:26:42,240

too uh

626

00:26:47,090 --> 00:26:44,640

continuing transfunction or Joe

627

00:26:48,830 --> 00:26:47,100

remind me what that is so it's from it's

628

00:26:51,230 --> 00:26:48,840

from the movie Back to the Future No

629

00:26:54,289 --> 00:26:51,240

it's it's it's from Dude Where's My Car

630

00:26:56,210 --> 00:26:54,299

oh my God I'm sorry

631

00:26:57,470 --> 00:26:56,220

I was just I totally knew that just

632

00:26:59,690 --> 00:26:57,480

testing your knowledge you totally

633

00:27:01,610 --> 00:26:59,700

totally totally the flux capacitor isn't

634

00:27:03,409 --> 00:27:01,620

Back to the Future

635

00:27:07,730 --> 00:27:03,419

and I think it like runs off what is it

636

00:27:09,169 --> 00:27:07,740

gigajoules gigawatts giggle joules oh

637

00:27:10,190 --> 00:27:09,179

give it tools is like a real measurement

638

00:27:11,810 --> 00:27:10,200

but I can't remember what is it

639

00:27:14,870 --> 00:27:11,820

gigawatts gig controls are they're

640

00:27:18,110 --> 00:27:17,210

no but yeah dude I I think that that's

641

00:27:23,630 --> 00:27:18,120

it's

642

00:27:25,850 --> 00:27:23,640

uh

643

00:27:27,529 --> 00:27:25,860

do you think it's unhelpful or do you

644

00:27:29,210 --> 00:27:27,539

think it's like hey you just gotta keep

645

00:27:30,649 --> 00:27:29,220

up with it like it's your responsibility

646

00:27:32,690 --> 00:27:30,659

to keep up with it like the new

647

00:27:34,370 --> 00:27:32,700

terminology and stuff that that is just

648

00:27:39,890 --> 00:27:34,380

coming out like it's changing all the

649

00:27:42,890 --> 00:27:39,900

time you literally have to yeah well I I

650

00:27:45,110 --> 00:27:42,900

would so my first impression is that's a

651
00:27:48,350 --> 00:27:45,120
way better name than UAP I [\h__\h] hate

652
00:27:50,390 --> 00:27:48,360
that it replaced UFO like UFO just rolls

653
00:27:53,149 --> 00:27:50,400
off but didn't like the British like

654
00:27:55,370 --> 00:27:53,159
like the the the British agency started

655
00:27:56,990 --> 00:27:55,380
calling it UAP like back in the 60s

656
00:27:59,090 --> 00:27:57,000
didn't they and that's the reason

657
00:28:01,250 --> 00:27:59,100
they've been using UAP and they've been

658
00:28:03,529 --> 00:28:01,260
using UAP behind the doors for all these

659
00:28:05,690 --> 00:28:03,539
years it just now started coming out to

660
00:28:07,610 --> 00:28:05,700
the public that oh we're calling it UAP

661
00:28:09,470 --> 00:28:07,620
which is that's why it was such a big

662
00:28:11,149 --> 00:28:09,480
deal because now all these like foil

663
00:28:13,850 --> 00:28:11,159

requests and stuff could be made oh

664

00:28:16,490 --> 00:28:13,860

you're using that terminology for all

665

00:28:18,890 --> 00:28:16,500

these years okay actually yes we do have

666

00:28:20,930 --> 00:28:18,900

a file on that so now it makes you want

667

00:28:22,490 --> 00:28:20,940

to know like what the trans medium

668

00:28:24,710 --> 00:28:22,500

devices

669

00:28:26,690 --> 00:28:24,720

um for your requests you could file you

670

00:28:28,610 --> 00:28:26,700

know that so well I was going to say is

671

00:28:30,169 --> 00:28:28,620

like First Impressions

672

00:28:33,710 --> 00:28:30,179

um stop changing the [h__h] name but

673

00:28:36,110 --> 00:28:33,720

second when when I I'm thinking about it

674

00:28:37,390 --> 00:28:36,120

so it's very specific trans medium

675

00:28:43,310 --> 00:28:37,400

devices

676
00:28:45,230 --> 00:28:43,320
means that someone knows that it is uh

677
00:28:47,090 --> 00:28:45,240
It Whatever It Is the phenomenon

678
00:28:53,750 --> 00:28:47,100
phenomena

679
00:28:57,110 --> 00:28:53,760
perception of this reality it's

680
00:28:58,909 --> 00:28:57,120
transmedium it doesn't so I I I think

681
00:29:01,669 --> 00:28:58,919
that maybe it's it's more terrestrial

682
00:29:05,330 --> 00:29:01,679
like oh it could be land sea or you know

683
00:29:06,649 --> 00:29:05,340
land sea air but I'm thinking dude it's

684
00:29:07,850 --> 00:29:06,659
interdimensional like it's

685
00:29:09,950 --> 00:29:07,860
interdimensional it sounds

686
00:29:12,710 --> 00:29:09,960
interdimensional to me like they

687
00:29:14,149 --> 00:29:12,720
somebody knows that that's what it is

688
00:29:16,010 --> 00:29:14,159

and that's what we're dealing with and

689

00:29:18,889 --> 00:29:16,020

it's just it's just a little little

690

00:29:21,070 --> 00:29:18,899

sugar on top of that cupcake

691

00:29:24,590 --> 00:29:21,080

yeah uh

692

00:29:28,250 --> 00:29:24,600

trans medium devices

693

00:29:31,370 --> 00:29:28,260

notice it's just devices right it's not

694

00:29:34,070 --> 00:29:31,380

a trans medium uh beings or anything

695

00:29:36,529 --> 00:29:34,080

having to do with like who or what or

696

00:29:40,430 --> 00:29:36,539

where we're just talking about the

697

00:29:42,110 --> 00:29:40,440

device right and then also like oh if

698

00:29:44,090 --> 00:29:42,120

this is a transmutative device so you're

699

00:29:46,010 --> 00:29:44,100

trying to tell us that you've created a

700

00:29:47,930 --> 00:29:46,020

trans medium device that doesn't allow

701

00:29:50,450 --> 00:29:47,940

humans to be in it that's why you've

702

00:29:52,850 --> 00:29:50,460

man-made this word up called device you

703

00:29:55,450 --> 00:29:52,860

know is that why you called it that oh

704

00:29:59,029 --> 00:29:55,460

you know it's unmanned it's unmanned

705

00:30:02,710 --> 00:29:59,039

yeah sorry oh

706

00:30:11,269 --> 00:30:07,250

device insinuates an unmanned drone and

707

00:30:15,289 --> 00:30:11,279

drone not not the quadcopter uh or or uh

708

00:30:16,970 --> 00:30:15,299

death uh Angel whatever they're called

709

00:30:19,430 --> 00:30:16,980

it just means something that's that's

710

00:30:21,070 --> 00:30:19,440

controlled uh without a human a human

711

00:30:24,169 --> 00:30:21,080

body in it or or

712

00:30:27,529 --> 00:30:24,179

uh doesn't have to be human I guess

713

00:30:29,990 --> 00:30:27,539

so device is anything uh non-biological

714

00:30:31,010 --> 00:30:30,000

right wouldn't you think

715

00:30:33,710 --> 00:30:31,020

oh

716

00:30:37,250 --> 00:30:33,720

kind of like this next video bin Jim

717

00:30:39,710 --> 00:30:37,260

says ceramic Nano composite is real

718

00:30:41,870 --> 00:30:39,720

science or fake

719

00:30:44,810 --> 00:30:41,880

hmm

720

00:30:47,690 --> 00:30:44,820

now okay I I know I know that there was

721

00:30:51,409 --> 00:30:47,700

a guy who made these uh little ceramic

722

00:30:52,970 --> 00:30:51,419

plates and like put algae on them and it

723

00:30:54,889 --> 00:30:52,980

was crazy because it would like grow and

724

00:30:56,810 --> 00:30:54,899

produce energy like in this little box I

725

00:30:58,909 --> 00:30:56,820

think it was called Bloom Box

726

00:31:01,610 --> 00:30:58,919

um now you could be completely way off

727

00:31:04,130 --> 00:31:01,620

in ceramic Nano composite

728

00:31:05,690 --> 00:31:04,140

is not at all I'm just taking those

729

00:31:09,230 --> 00:31:05,700

words individually and piecing them

730

00:31:11,870 --> 00:31:11,210

I'd be at all what this is

731

00:31:13,789 --> 00:31:11,880

um

732

00:31:16,250 --> 00:31:13,799

but he made these little ceramic plates

733

00:31:18,230 --> 00:31:16,260

he would paint theology on them and then

734

00:31:21,710 --> 00:31:18,240

they went inside this little box and

735

00:31:24,110 --> 00:31:21,720

airflow would generate energy

736

00:31:27,110 --> 00:31:24,120

um and the sunlight and it was it's kind

737

00:31:30,830 --> 00:31:27,120

of crazy because I think it was uh

738

00:31:33,169 --> 00:31:30,840

FedEx bot FedEx bought two of these

739

00:31:37,070 --> 00:31:33,179

boxes and ran it on their facility

740

00:31:39,350 --> 00:31:37,080

and had a complete like rooftop solar

741

00:31:42,769 --> 00:31:39,360

assembly and still cut their energy bill

742

00:31:45,289 --> 00:31:42,779

by like 200 percent what oh so like it

743

00:31:46,789 --> 00:31:45,299

is like this ceramic technology that's

744

00:31:48,590 --> 00:31:46,799

being used but I don't know if that's

745

00:31:52,610 --> 00:31:48,600

what he's talking about so I don't know

746

00:31:54,049 --> 00:31:52,620

if it's real or fake it could be real

747

00:31:55,370 --> 00:31:54,059

I feel like I'm mixing up something that

748

00:31:57,409 --> 00:31:55,380

you told me a couple years ago about

749

00:31:59,210 --> 00:31:57,419

graphene when it was like about to pop

750

00:32:00,710 --> 00:31:59,220

off and then things died down because

751

00:32:04,789 --> 00:32:00,720

it's really expensive to make and we

752

00:32:07,310 --> 00:32:04,799

can't find a a a mass production medium

753

00:32:10,070 --> 00:32:07,320

for it but graphene was was supposed to

754

00:32:13,190 --> 00:32:10,080

supposedly uh gonna be one of those

755

00:32:16,970 --> 00:32:13,200

those uh new Innovations to not only

756

00:32:19,909 --> 00:32:16,980

store electricity and power but to uh

757

00:32:21,470 --> 00:32:19,919

but to harness it as well like uh and I

758

00:32:23,330 --> 00:32:21,480

remember you you were talking about like

759

00:32:26,950 --> 00:32:23,340

yeah there's some company that is

760

00:32:31,190 --> 00:32:29,690

no this was different this is uh this is

761

00:32:32,450 --> 00:32:31,200

a different guy I I forget the the

762

00:32:35,570 --> 00:32:32,460

dude's name

763

00:32:37,789 --> 00:32:35,580

um but he called him Bloom boxes it was

764

00:32:41,149 --> 00:32:37,799

pretty interesting like

765

00:32:44,450 --> 00:32:41,159

dope and like they're like little cubes

766

00:32:46,190 --> 00:32:44,460

and like two of them

767

00:32:48,889 --> 00:32:46,200

like one of them could run like a

768

00:32:50,690 --> 00:32:48,899

typical Japanese home and like four of

769

00:32:51,769 --> 00:32:50,700

them could run like a typical like us

770

00:32:55,630 --> 00:32:51,779

home

771

00:32:59,090 --> 00:32:55,640

uh is that because just uh

772

00:33:01,070 --> 00:32:59,100

Americans use oh dude yeah so much power

773

00:33:02,690 --> 00:33:01,080

with like blending their smoothies and

774

00:33:04,250 --> 00:33:02,700

like we just use a lot of blenders yeah

775

00:33:06,590 --> 00:33:04,260

we just use a lot of energy that's where

776

00:33:09,470 --> 00:33:06,600

it's going AC and blenders man

777

00:33:13,130 --> 00:33:09,480

but yeah that's uh that's it that's kind

778

00:33:15,649 --> 00:33:13,140

of cool yeah uh micro grid platform

779

00:33:17,330 --> 00:33:15,659

it's somehow like harness energy from

780

00:33:19,909 --> 00:33:17,340

the Sun grows algae on these little

781

00:33:22,870 --> 00:33:19,919

ceramic plates and then like by the wind

782

00:33:26,090 --> 00:33:22,880

blowing through it it generates energy

783

00:33:28,310 --> 00:33:26,100

is too much science look

784

00:33:30,710 --> 00:33:28,320

s like they're they're treading on uh

785

00:33:32,450 --> 00:33:30,720

you know copyright here with uh to the

786

00:33:35,649 --> 00:33:32,460

farts Academy with this Certified gas

787

00:33:38,870 --> 00:33:35,659

notion we're gonna have to send them a

788

00:33:41,210 --> 00:33:38,880

seasoned assist we're collaborating with

789

00:33:43,009 --> 00:33:41,220

our partners to use responsibly procure

790

00:33:44,210 --> 00:33:43,019

natural gas and curb methane emissions

791

00:33:46,370 --> 00:33:44,220

excuse me

792

00:33:50,690 --> 00:33:46,380

uh that sounds exactly like to the farts

793

00:33:55,850 --> 00:33:53,330

yo maybe we should ask them if they want

794

00:33:57,289 --> 00:33:55,860

to collab honestly hey you know we have

795

00:33:59,330 --> 00:33:57,299

a really good business model we think

796

00:34:00,889 --> 00:33:59,340

might fit with you guys absolutely this

797

00:34:03,169 --> 00:34:00,899

is a this is a real opportunity for you

798

00:34:05,029 --> 00:34:03,179

guys and I hope you're listening uh so

799

00:34:07,070 --> 00:34:05,039

we could build the table table longer

800

00:34:09,050 --> 00:34:07,080

not the fence taller well we're going

801
00:34:09,950 --> 00:34:09,060
down a tangent here because bimjim says

802
00:34:11,389 --> 00:34:09,960
no

803
00:34:14,230 --> 00:34:11,399
um this is a new material that can

804
00:34:18,589 --> 00:34:14,240
replace titanium Alloys and jet engines

805
00:34:20,510 --> 00:34:18,599
so way off again but uh great

806
00:34:22,669 --> 00:34:20,520
conversation starter you know ceramic

807
00:34:24,589 --> 00:34:22,679
Nano composite that makes

808
00:34:25,669 --> 00:34:24,599
I guess that makes sense

809
00:34:27,550 --> 00:34:25,679
yeah

810
00:34:29,409 --> 00:34:27,560
um so abstract

811
00:34:31,490 --> 00:34:29,419
uh

812
00:34:32,869 --> 00:34:31,500
membrane technologies have broad

813
00:34:34,310 --> 00:34:32,879

applications and the removal of

814

00:34:36,470 --> 00:34:34,320

contaminants from drinking water and

815

00:34:39,169 --> 00:34:36,480

wastewater uh

816

00:34:42,770 --> 00:34:39,179

uh in recent decades ceramic membrane

817

00:34:45,369 --> 00:34:42,780

has made rapid progress into and in

818

00:34:47,450 --> 00:34:45,379

industrial municip Municipal Jesus

819

00:34:50,869 --> 00:34:47,460

wastewater treatment and drinking water

820

00:34:52,430 --> 00:34:50,879

treatment uh owing to there had been

821

00:34:56,810 --> 00:34:52,440

advantageous properties over

822

00:35:00,950 --> 00:34:56,820

conventional polymeric membrane lots of

823

00:35:02,450 --> 00:35:00,960

smart words dude okay so obviously Bim

824

00:35:04,490 --> 00:35:02,460

Jam we need we need more time but I

825

00:35:06,710 --> 00:35:04,500

think it's real bro if your question is

826

00:35:08,390 --> 00:35:06,720

if it's a real science or fake hell yeah

827

00:35:10,010 --> 00:35:08,400

it's real I think it is because he's

828

00:35:12,050 --> 00:35:10,020

saying this is a new material that can

829

00:35:13,130 --> 00:35:12,060

replace titanium Alloys and jet engines

830

00:35:15,290 --> 00:35:13,140

yeah

831

00:35:17,270 --> 00:35:15,300

so the answer it is real that's what

832

00:35:19,130 --> 00:35:17,280

they're doing with it which is pretty

833

00:35:20,750 --> 00:35:19,140

cool because though they put ceramic

834

00:35:22,730 --> 00:35:20,760

plates like on the front of like the

835

00:35:25,849 --> 00:35:22,740

space shuttle and stuff yeah it's like

836

00:35:28,970 --> 00:35:25,859

is that like re-entry yeah so it must be

837

00:35:32,150 --> 00:35:28,980

like the same well no if it's new it's

838

00:35:33,470 --> 00:35:32,160

it's it's more ceramic

839

00:35:35,870 --> 00:35:33,480

you know

840

00:35:38,329 --> 00:35:35,880

it's like

841

00:35:42,290 --> 00:35:38,339

you know like it's it's new so like you

842

00:35:45,290 --> 00:35:42,300

know the ceramic is is it's like Nano

843

00:35:49,310 --> 00:35:45,300

and it's and it goes on the engines

844

00:35:52,310 --> 00:35:49,320

Nano means new right we didn't know that

845

00:35:56,150 --> 00:35:52,320

no means uh uh

846

00:36:02,210 --> 00:35:59,390

small but it's newer uh I've got a good

847

00:36:04,190 --> 00:36:02,220

comment on Corrales

848

00:36:08,390 --> 00:36:04,200

a bucket of lube

849

00:36:10,430 --> 00:36:08,400

[Laughter]

850

00:36:11,870 --> 00:36:10,440

dog Facebook couldn't bring a pillow

851

00:36:14,750 --> 00:36:11,880

last time so we were moving up in the

852

00:36:21,349 --> 00:36:19,250

oh my God Alabama Tide Roll did you just

853

00:36:23,150 --> 00:36:21,359

get in here or what no he's been in here

854

00:36:25,730 --> 00:36:23,160

before everybody dude who's the first

855

00:36:27,290 --> 00:36:25,740

was he yeah I just yeah I clicked over

856

00:36:28,550 --> 00:36:27,300

on my comments I didn't see them yet

857

00:36:31,790 --> 00:36:28,560

what's up dude

858

00:36:34,310 --> 00:36:31,800

hell yeah two weeks man two weeks

859

00:36:36,710 --> 00:36:34,320

is that one two weeks Alabama time I'm

860

00:36:39,470 --> 00:36:36,720

sorry Alabama tied but I am sporting uh

861

00:36:41,329 --> 00:36:39,480

my wife's uh mug uh it has no reflection

862

00:36:43,670 --> 00:36:41,339

on my uh

863

00:36:45,410 --> 00:36:43,680

loyalty to any team it's just the only

864

00:36:47,150 --> 00:36:45,420

cup that was available to drink water

865

00:36:48,650 --> 00:36:47,160

from so you should be drinking water

866

00:36:50,750 --> 00:36:48,660

from that dude you're not from Alabama

867

00:36:53,089 --> 00:36:50,760

it does taste very you don't have any

868

00:36:56,810 --> 00:36:53,099

relations with your sisters it tastes

869

00:36:58,730 --> 00:36:56,820

very clean and and uh I don't know it

870

00:37:00,410 --> 00:36:58,740

tastes prosperous

871

00:37:03,109 --> 00:37:00,420

laughs

872

00:37:05,210 --> 00:37:03,119

cost enough I'm sure better be

873

00:37:07,370 --> 00:37:05,220

prosperous dude this is probably like a

874

00:37:09,950 --> 00:37:07,380

50 Yeti

875

00:37:12,410 --> 00:37:09,960

yo you weren't for every uh enrollment

876
00:37:13,550 --> 00:37:12,420
yeah every semester you enroll you get a

877
00:37:13,940 --> 00:37:13,560
new cup and it just gets bigger and

878
00:37:15,950 --> 00:37:13,950
bigger

879
00:37:22,250 --> 00:37:15,960
[Laughter]

880
00:37:27,589 --> 00:37:23,930
do you like it

881
00:37:28,910 --> 00:37:27,599
dude oh he's predicting 63-0

882
00:37:31,550 --> 00:37:28,920
I don't think it's gonna be that bad

883
00:37:33,849 --> 00:37:31,560
dude I think it's gonna be like maybe 40

884
00:37:36,589 --> 00:37:33,859
something at 20 something

885
00:37:38,569 --> 00:37:36,599
those are my guesses which isn't too bad

886
00:37:39,849 --> 00:37:38,579
all right that's not that bad I'm

887
00:37:45,050 --> 00:37:39,859
wondering

888
00:37:49,069 --> 00:37:46,790

okay let's get through let's get we got

889

00:37:52,910 --> 00:37:49,079

one more we got two more uh videos

890

00:37:55,370 --> 00:37:52,920

YouTube videos or uh UFO videos from

891

00:37:58,490 --> 00:37:55,380

Tick Tock that I downloaded uh and they

892

00:37:59,810 --> 00:37:58,500

they do show the publisher so hopefully

893

00:38:01,730 --> 00:37:59,820

don't take me down for that copyright

894

00:38:04,910 --> 00:38:01,740

you know what I'm saying but look at

895

00:38:07,250 --> 00:38:04,920

this dude isn't that weird little or

896

00:38:10,849 --> 00:38:07,260

with like a you know there's like that

897

00:38:13,910 --> 00:38:10,859

that story that uh Navy personnel has

898

00:38:16,190 --> 00:38:13,920

said there's a video that exists of a

899

00:38:18,470 --> 00:38:16,200

cube inside of a sphere this looks like

900

00:38:21,230 --> 00:38:18,480

yeah this looks a lot like what uh what

901
00:38:23,390 --> 00:38:21,240
they're talking about man yeah it does

902
00:38:25,970 --> 00:38:23,400
it looks spooky

903
00:38:29,870 --> 00:38:25,980
it's pretty strange dude not a spooky

904
00:38:32,150 --> 00:38:29,880
spooky Morales but uh it's spooky look

905
00:38:34,010 --> 00:38:32,160
at this dude it is spooky also I feel

906
00:38:35,329 --> 00:38:34,020
like we've seen clips of this in the

907
00:38:38,450 --> 00:38:35,339
past but this is like the best one I've

908
00:38:39,890 --> 00:38:38,460
seen so far and and I think the one

909
00:38:43,010 --> 00:38:39,900
thought was that that object was

910
00:38:44,930 --> 00:38:43,020
actually standing still in the sky yeah

911
00:38:47,270 --> 00:38:44,940
and the plane's just moving really fast

912
00:38:50,690 --> 00:38:47,280
so that's also an interesting point it's

913
00:38:54,550 --> 00:38:50,700

like stationary it's actually not moving

914

00:38:57,650 --> 00:38:56,329

you think that's real or you think

915

00:39:00,349 --> 00:38:57,660

that's CGI

916

00:39:02,089 --> 00:39:00,359

somebody spent a lot of time on that but

917

00:39:04,370 --> 00:39:02,099

like like if it zoomed in it was Nick

918

00:39:06,829 --> 00:39:04,380

Cage's face like obviously we would know

919

00:39:08,630 --> 00:39:06,839

it would be hilarious and it was like

920

00:39:10,250 --> 00:39:08,640

it's like a skull on fire and then like

921

00:39:11,810 --> 00:39:10,260

but did you zoom in on that or is that

922

00:39:13,190 --> 00:39:11,820

in the video or they zoom in that that's

923

00:39:17,270 --> 00:39:13,200

in the video that they zoomed in yeah

924

00:39:19,849 --> 00:39:17,280

yeah dude that's that's strange

925

00:39:22,670 --> 00:39:19,859

yeah that's really strange looks kind of

926

00:39:26,150 --> 00:39:22,680

like his goal right like Nick Cage Skull

927

00:39:28,250 --> 00:39:26,160

Man kind of kind of I can see I can see

928

00:39:31,790 --> 00:39:28,260

how you're how you're getting that yeah

929

00:39:33,710 --> 00:39:31,800

oh snap oh I gotta I gotta share my uh

930

00:39:35,870 --> 00:39:33,720

uh audio for this one we're gonna

931

00:39:37,370 --> 00:39:35,880

continue down for copyright but you know

932

00:39:40,490 --> 00:39:37,380

it's sort of it I think

933

00:39:43,750 --> 00:39:40,500

it's rainy day I'm actually gonna skip

934

00:39:46,190 --> 00:39:43,760

it forward a little bit

935

00:39:47,810 --> 00:39:46,200

okay the little guy the little yellow

936

00:39:50,630 --> 00:39:47,820

guy is hilarious

937

00:39:54,349 --> 00:39:50,640

Chuck E cheese

938

00:39:59,690 --> 00:39:54,359

to to

939

00:40:01,970 --> 00:39:59,700

somebody's basement and their wife is so

940

00:40:04,130 --> 00:40:01,980

pissed right now it is it's someone's

941

00:40:05,810 --> 00:40:04,140

basement dude you know his wife was so

942

00:40:08,329 --> 00:40:05,820

pissed and as soon as his channel

943

00:40:10,790 --> 00:40:08,339

started like popping off he like rubbed

944

00:40:13,130 --> 00:40:10,800

it in her face yeah I told you this was

945

00:40:15,470 --> 00:40:13,140

a good investment yeah I told you buying

946

00:40:18,349 --> 00:40:15,480

old animatronics from the early 90s was

947

00:40:21,410 --> 00:40:18,359

gonna be a top selling hit all right

948

00:40:24,250 --> 00:40:21,420

yeah it totally worked track just killed

949

00:40:29,630 --> 00:40:27,230

the whole video is it's amazing dude

950

00:40:32,630 --> 00:40:29,640

like he he like uh programs each

951
00:40:34,430 --> 00:40:32,640
character to like Sing a a verse and

952
00:40:35,690 --> 00:40:34,440
like the bass players like getting it

953
00:40:38,510 --> 00:40:35,700
dude when there's like another verse

954
00:40:40,849 --> 00:40:38,520
there's another artist on there that has

955
00:40:43,849 --> 00:40:40,859
a verse and it's it's spot on dude so

956
00:40:45,829 --> 00:40:43,859
good dude yeah no it's it's hilarious

957
00:40:47,990 --> 00:40:45,839
it's hilarious I love that I think it's

958
00:40:51,410 --> 00:40:48,000
I think it's a brilliant idea

959
00:40:54,349 --> 00:40:51,420
so anyway that's all my my UFO videos

960
00:40:56,329 --> 00:40:54,359
um what's next dude do we want to uh

961
00:40:57,890 --> 00:40:56,339
let's hop into the Van Tassel stuff a

962
00:41:00,410 --> 00:40:57,900
little bit let's do it bro

963
00:41:01,970 --> 00:41:00,420

uh it was funny because I remember

964

00:41:04,609 --> 00:41:01,980

um he was talking about something about

965

00:41:09,290 --> 00:41:04,619

how like within every

966

00:41:15,230 --> 00:41:13,970

basically energy Flows In Like a cube

967

00:41:18,050 --> 00:41:15,240

shape

968

00:41:20,630 --> 00:41:18,060

within everything and I thought that was

969

00:41:22,310 --> 00:41:20,640

interesting that like wait wait for for

970

00:41:24,530 --> 00:41:22,320

people that that haven't that aren't

971

00:41:27,370 --> 00:41:24,540

caught up so last week we talked about

972

00:41:32,030 --> 00:41:27,380

George Van Tassel uh this dude from uh

973

00:41:36,410 --> 00:41:32,040

1953 uh basically the Godfather of of

974

00:41:39,170 --> 00:41:36,420

UFO conferences see as a UFO experience

975

00:41:41,230 --> 00:41:39,180

with with he has like a close encounter

976
00:41:44,210 --> 00:41:41,240
of the Third Kind meets these aliens

977
00:41:46,010 --> 00:41:44,220
they give them these equations and then

978
00:41:47,270 --> 00:41:46,020
they and then he starts channeling these

979
00:41:49,790 --> 00:41:47,280
these aliens

980
00:41:52,550 --> 00:41:49,800
and uh that's where we left off right

981
00:41:53,870 --> 00:41:52,560
yeah yeah they give him the basically

982
00:42:00,050 --> 00:41:53,880
the

983
00:42:02,050 --> 00:42:00,060
orgasmatron dude

984
00:42:04,970 --> 00:42:02,060
or you go in there and

985
00:42:08,030 --> 00:42:04,980
the crazy orgasms well that's what I

986
00:42:11,210 --> 00:42:10,069
why everybody's so so stoked on it bro

987
00:42:14,630 --> 00:42:11,220
like that's why that's why everybody

988
00:42:16,670 --> 00:42:14,640

loves aliens in the 60s

989

00:42:19,130 --> 00:42:16,680

everybody's going this orgasmatron out

990

00:42:22,490 --> 00:42:19,140

in the desert you know oh my gosh it's

991

00:42:26,170 --> 00:42:23,990

she doesn't know that I know but I'm

992

00:42:28,790 --> 00:42:26,180

okay with it

993

00:42:31,250 --> 00:42:28,800

uh no so it's called the Integratron

994

00:42:33,290 --> 00:42:31,260

right and they gave him uh these Like

995

00:42:35,569 --> 00:42:33,300

These Blueprints are like the the

996

00:42:38,630 --> 00:42:35,579

formulas to build this Integratron which

997

00:42:42,050 --> 00:42:38,640

is this building and it's made of like

998

00:42:44,510 --> 00:42:42,060

all like wood and it's built like a

999

00:42:47,569 --> 00:42:44,520

geodesic dome and the only metal is on

1000

00:42:48,470 --> 00:42:47,579

the outside and have this giant hole in

1001
00:42:50,510 --> 00:42:48,480
the top

1002
00:42:53,150 --> 00:42:50,520
and then there was a hole in the middle

1003
00:42:55,370 --> 00:42:53,160
of it that ran down to like like a

1004
00:42:56,569 --> 00:42:55,380
natural spring that was going underneath

1005
00:42:58,370 --> 00:42:56,579
of the building

1006
00:43:00,530 --> 00:42:58,380
and so at certain times it would create

1007
00:43:02,930 --> 00:43:00,540
like this heavy heavy amount of energy

1008
00:43:04,990 --> 00:43:02,940
this high amount of energy and it was

1009
00:43:08,030 --> 00:43:05,000
supposed to be a regenerative

1010
00:43:10,430 --> 00:43:08,040
uh uh facility where you could go in

1011
00:43:14,150 --> 00:43:10,440
there and you could use this energy to

1012
00:43:15,890 --> 00:43:14,160
regenerate the cells in your body

1013
00:43:18,170 --> 00:43:15,900

um and basically make them become

1014

00:43:21,410 --> 00:43:18,180

younger or like you know stop you from

1015

00:43:23,990 --> 00:43:21,420

aging as fast right so these beings that

1016

00:43:25,910 --> 00:43:24,000

that George Van Tassel had met he was

1017

00:43:27,829 --> 00:43:25,920

saying that like you know in Earth years

1018

00:43:30,170 --> 00:43:27,839

they were like seven to nine hundred

1019

00:43:32,150 --> 00:43:30,180

years old and you know they knew about

1020

00:43:33,950 --> 00:43:32,160

this types of stuff so you know they

1021

00:43:35,630 --> 00:43:33,960

they gave them the you know the

1022

00:43:37,910 --> 00:43:35,640

information hey you can build this right

1023

00:43:41,210 --> 00:43:37,920

so George ends up building this whole

1024

00:43:42,470 --> 00:43:41,220

thing and the day before he gets to turn

1025

00:43:45,770 --> 00:43:42,480

it on

1026

00:43:47,109 --> 00:43:45,780

he dies clamp

1027

00:43:55,910 --> 00:43:47,119

s

1028

00:44:00,069 --> 00:43:55,920

before he died he wrote a whole bunch of

1029

00:44:02,030 --> 00:44:00,079

interesting like physics books and like

1030

00:44:03,170 --> 00:44:02,040

some books

1031

00:44:05,150 --> 00:44:03,180

I don't know

1032

00:44:07,309 --> 00:44:05,160

um

1033

00:44:09,950 --> 00:44:07,319

I guess I guess what we're talking about

1034

00:44:11,390 --> 00:44:09,960

is this this this specific book that

1035

00:44:13,970 --> 00:44:11,400

we've kind of gotten into a little bit

1036

00:44:17,110 --> 00:44:13,980

which is the uh you have you have that

1037

00:44:18,550 --> 00:44:17,120

photo pulled up of it uh

1038

00:44:21,650 --> 00:44:18,560

[Music]

1039

00:44:23,990 --> 00:44:21,660

it's called the the Council of seven

1040

00:44:25,790 --> 00:44:24,000

lights and there's a lot of interesting

1041

00:44:27,530 --> 00:44:25,800

things in there man it like really

1042

00:44:30,290 --> 00:44:27,540

appealed to me like when I started

1043

00:44:32,990 --> 00:44:30,300

diving into it because it was like

1044

00:44:35,210 --> 00:44:33,000

it was like things that I felt you know

1045

00:44:37,849 --> 00:44:35,220

this whole time and then like this book

1046

00:44:39,710 --> 00:44:37,859

just kind of said it and I was like whoa

1047

00:44:41,630 --> 00:44:39,720

that's pretty interesting it's cool how

1048

00:44:43,430 --> 00:44:41,640

it like kind of spoke to me and it

1049

00:44:44,390 --> 00:44:43,440

basically says like hey I'm writing this

1050

00:44:47,390 --> 00:44:44,400

book

1051

00:44:50,089 --> 00:44:47,400

um not to like favor one side or the

1052

00:44:52,309 --> 00:44:50,099

other and if you feel like

1053

00:44:55,309 --> 00:44:52,319

um you're leaning one side or the other

1054

00:44:57,710 --> 00:44:55,319

it might just be your own bias

1055

00:45:00,950 --> 00:44:57,720

um towards a particular side and he's

1056

00:45:02,329 --> 00:45:00,960

basically talking about how religion and

1057

00:45:04,250 --> 00:45:02,339

science

1058

00:45:09,550 --> 00:45:04,260

um go together like there are two pieces

1059

00:45:15,170 --> 00:45:13,370

yes they are right you know yeah but

1060

00:45:19,030 --> 00:45:15,180

they're also wrong and the science

1061

00:45:22,430 --> 00:45:19,040

people are right but they're also wrong

1062

00:45:26,390 --> 00:45:22,440

and how like the two ideas

1063

00:45:31,790 --> 00:45:29,690

and that's kind of like how you figure

1064

00:45:34,730 --> 00:45:31,800

it out right there is a component to

1065

00:45:37,910 --> 00:45:34,740

both that exists that makes this

1066

00:45:41,329 --> 00:45:37,920

mechanism run and for us our problem is

1067

00:45:43,970 --> 00:45:41,339

that we've separated it you know yeah

1068

00:45:46,430 --> 00:45:43,980

recently it's just been separate you

1069

00:45:47,450 --> 00:45:46,440

know and and it needs to be brought back

1070

00:45:49,670 --> 00:45:47,460

together

1071

00:45:50,990 --> 00:45:49,680

so I thought that that was like pretty

1072

00:45:53,809 --> 00:45:51,000

interesting you know because I always

1073

00:45:57,320 --> 00:45:53,819

thought you know like in my head my

1074

00:46:04,069 --> 00:46:02,329

[Laughter]

1075

00:46:06,890 --> 00:46:04,079

professional football team who like oh

1076
00:46:09,589 --> 00:46:06,900
you idiot you're so bad you can sit on

1077
00:46:13,250 --> 00:46:09,599
your couch eating Cheetos what an idiot

1078
00:46:15,670 --> 00:46:13,260
that was a terrible play yeah yeah so

1079
00:46:19,010 --> 00:46:15,680
but I feel the same way though yeah yeah

1080
00:46:20,809 --> 00:46:19,020
no exactly like instead of instead of

1081
00:46:23,450 --> 00:46:20,819
like one side being like

1082
00:46:26,210 --> 00:46:23,460
I told you God is real you can't explain

1083
00:46:27,890 --> 00:46:26,220
it or the other side being like I told

1084
00:46:31,790 --> 00:46:27,900
you God's fake I could totally explain

1085
00:46:35,270 --> 00:46:31,800
it like that's not the point to explain

1086
00:46:37,130 --> 00:46:35,280
if God is real or not or exists or does

1087
00:46:40,190 --> 00:46:37,140
it exist like

1088
00:46:42,410 --> 00:46:40,200

I think the the experience is the

1089

00:46:44,150 --> 00:46:42,420

existence as a whole

1090

00:46:47,150 --> 00:46:44,160

like I'm almost to the point where like

1091

00:46:48,829 --> 00:46:47,160

who cares right yeah I don't know I

1092

00:46:51,890 --> 00:46:48,839

don't care who's in charge I just you

1093

00:46:55,069 --> 00:46:51,900

know how can we level up this life you

1094

00:46:56,750 --> 00:46:55,079

know uh which I

1095

00:46:58,250 --> 00:46:56,760

that's that's more of like a personal

1096

00:46:59,870 --> 00:46:58,260

thing but I I did find it very

1097

00:47:01,550 --> 00:46:59,880

interesting how like he was like yeah

1098

00:47:04,430 --> 00:47:01,560

they're both right and they're both

1099

00:47:07,069 --> 00:47:04,440

wrong at the same time I like that I

1100

00:47:09,109 --> 00:47:07,079

like the perspective also like the about

1101

00:47:13,069 --> 00:47:09,119

the God thing it's like I mean this is

1102

00:47:18,589 --> 00:47:14,990

a lot of there's a lot of talk right now

1103

00:47:19,910 --> 00:47:18,599

uh on Twitter about like ufology as a

1104

00:47:22,250 --> 00:47:19,920

whole like the community being like

1105

00:47:24,109 --> 00:47:22,260

maybe like a cult religion or whatever

1106

00:47:26,870 --> 00:47:24,119

and I never really gave it much thought

1107

00:47:29,870 --> 00:47:26,880

until until recently like

1108

00:47:32,210 --> 00:47:29,880

it makes sense because dude sometimes it

1109

00:47:34,370 --> 00:47:32,220

can kind of feel like

1110

00:47:38,390 --> 00:47:34,380

people want you to think a certain way

1111

00:47:42,109 --> 00:47:38,400

about like the origins of of of of where

1112

00:47:44,569 --> 00:47:42,119

we come from and who's who's uh who's

1113

00:47:46,730 --> 00:47:44,579

the good side and who's the bad side but

1114

00:47:48,230 --> 00:47:46,740

like I'm in a place where like I don't

1115

00:47:50,329 --> 00:47:48,240

like I'm curious about it I would like

1116

00:47:52,130 --> 00:47:50,339

to know what the truth is but like man

1117

00:47:55,010 --> 00:47:52,140

it just seems like whoever's telling you

1118

00:47:57,530 --> 00:47:55,020

that has a some skin in the game right

1119

00:47:59,990 --> 00:47:57,540

now it just seems too hot so like

1120

00:48:02,150 --> 00:48:00,000

I like I like what you said like I'm

1121

00:48:03,290 --> 00:48:02,160

more interested in

1122

00:48:04,670 --> 00:48:03,300

um you know if you're not gonna give me

1123

00:48:09,950 --> 00:48:04,680

the actual truth of like where we come

1124

00:48:11,390 --> 00:48:09,960

from Who We Are uh what's our purpose if

1125

00:48:13,609 --> 00:48:11,400

we're not gonna actually learn the truth

1126

00:48:16,670 --> 00:48:13,619

about that I'd learn how to I'd love to

1127

00:48:19,849 --> 00:48:16,680

learn how to uh improve our lives

1128

00:48:23,809 --> 00:48:19,859

somehow uh understand the universe in a

1129

00:48:28,130 --> 00:48:23,819

way that can benefit uh our

1130

00:48:30,410 --> 00:48:28,140

uh trajectory or pursuit of of happiness

1131

00:48:31,910 --> 00:48:30,420

yeah dude it like it almost makes me

1132

00:48:34,550 --> 00:48:31,920

think like

1133

00:48:36,410 --> 00:48:34,560

what if you decided that like I'm not

1134

00:48:39,290 --> 00:48:36,420

gonna try and figure that out I'm just

1135

00:48:43,190 --> 00:48:39,300

gonna level up this life and make this

1136

00:48:45,890 --> 00:48:43,200

experience as epic as possible right and

1137

00:48:47,630 --> 00:48:45,900

then the people that know the truth you

1138

00:48:49,910 --> 00:48:47,640

know those things out there those beings

1139

00:48:52,069 --> 00:48:49,920

whatever like they're like

1140

00:48:53,809 --> 00:48:52,079

or like even the powers that be here on

1141

00:48:56,750 --> 00:48:53,819

Earth maybe they're like

1142

00:48:58,490 --> 00:48:56,760

yo this guy is killing it he's killing

1143

00:49:00,470 --> 00:48:58,500

it so much we should tell him the truth

1144

00:49:01,849 --> 00:49:00,480

now you know like what if that's like

1145

00:49:05,530 --> 00:49:01,859

the goal where you're supposed to just

1146

00:49:07,670 --> 00:49:05,540

like do it and then they're like oh

1147

00:49:09,109 --> 00:49:07,680

like you're not gonna get the full story

1148

00:49:12,050 --> 00:49:09,119

until you win the game like you're not

1149

00:49:14,329 --> 00:49:12,060

gonna understand the full the full

1150

00:49:16,309 --> 00:49:14,339

picture you're not gonna get the the end

1151

00:49:18,410 --> 00:49:16,319

credit scene the post-credits scene

1152

00:49:21,109 --> 00:49:18,420

until you beat the game man yeah the

1153

00:49:24,349 --> 00:49:21,119

only way to beat the game is stop paying

1154

00:49:25,670 --> 00:49:24,359

attention like what it is like it maybe

1155

00:49:27,589 --> 00:49:25,680

I get to a certain point where you're

1156

00:49:30,170 --> 00:49:27,599

like okay I'm Gonna Keep playing that

1157

00:49:31,430 --> 00:49:30,180

game you know yeah I feel like you got

1158

00:49:33,410 --> 00:49:31,440

to get to a point where you're just okay

1159

00:49:35,270 --> 00:49:33,420

with the level that you're at and then

1160

00:49:37,849 --> 00:49:35,280

focus on

1161

00:49:40,609 --> 00:49:37,859

on on your life and making your life

1162

00:49:42,050 --> 00:49:40,619

awesome as possible and like I don't

1163

00:49:44,690 --> 00:49:42,060

know that Journey this goes back to that

1164

00:49:47,150 --> 00:49:44,700

Journey right like it's a quest of

1165

00:49:48,410 --> 00:49:47,160

figuring out all these questions but I'm

1166

00:49:50,390 --> 00:49:48,420

in a place where I'm like I'm kind of

1167

00:49:52,870 --> 00:49:50,400

good with with most of those questions

1168

00:49:55,130 --> 00:49:52,880

dude

1169

00:49:56,150 --> 00:49:55,140

I just want to figure some [h__\h] out to

1170

00:50:12,470 --> 00:49:56,160

like

1171

00:50:15,109 --> 00:50:12,480

aching in pain that'd be cool yes yes

1172

00:50:16,910 --> 00:50:15,119

yeah dude living your best life you know

1173

00:50:18,770 --> 00:50:16,920

living your best life manifest

1174

00:50:22,010 --> 00:50:18,780

manifesting is a cool one too it's like

1175

00:50:23,809 --> 00:50:22,020

oh man that that's another like I think

1176
00:50:25,670 --> 00:50:23,819
that might be one of the biggest points

1177
00:50:28,390 --> 00:50:25,680
in the game is like manifesting like

1178
00:50:32,150 --> 00:50:28,400
it's [h__h] real dude it's crazy

1179
00:50:34,790 --> 00:50:32,160
it's pretty wild man

1180
00:50:36,710 --> 00:50:34,800
um yeah so the book is just full of

1181
00:50:40,309 --> 00:50:36,720
stuff like that

1182
00:50:43,010 --> 00:50:40,319
um he also talks about how within the

1183
00:50:46,790 --> 00:50:43,020
universe that we live in

1184
00:50:50,150 --> 00:50:46,800
every thought that you have has already

1185
00:50:52,910 --> 00:50:50,160
existed somewhere else even if it's not

1186
00:50:55,609 --> 00:50:52,920
on this planet that thought that

1187
00:50:59,870 --> 00:50:55,619
Innovation that creativity

1188
00:51:02,630 --> 00:50:59,880

everything has already existed and will

1189

00:51:06,589 --> 00:51:02,640

always exist even when you have a new

1190

00:51:09,430 --> 00:51:06,599

thought because all the information is

1191

00:51:13,670 --> 00:51:09,440

already stored within the universe right

1192

00:51:16,309 --> 00:51:13,680

so the idea of meditating right and

1193

00:51:18,049 --> 00:51:16,319

maybe quieting the mind turning the mind

1194

00:51:20,329 --> 00:51:18,059

off is because the mind is always

1195

00:51:22,849 --> 00:51:20,339

thinking of stuff but when the mind is

1196

00:51:25,010 --> 00:51:22,859

always thinking it's very rarely coming

1197

00:51:27,290 --> 00:51:25,020

up with Solutions or like you know it's

1198

00:51:29,390 --> 00:51:27,300

it's overworking itself or it's not to

1199

00:51:32,030 --> 00:51:29,400

its full potential right but a lot of

1200

00:51:33,770 --> 00:51:32,040

times whenever you you know like in the

1201

00:51:35,390 --> 00:51:33,780

minimum in Black where he tells them

1202

00:51:37,250 --> 00:51:35,400

sometimes he's gonna have a piece of pie

1203

00:51:38,390 --> 00:51:37,260

you know because he's always thinking

1204

00:51:41,750 --> 00:51:38,400

and he sits down and has a piece of pie

1205

00:51:43,309 --> 00:51:41,760

and he's like holy crap it's because he

1206

00:51:45,290 --> 00:51:43,319

shut up

1207

00:51:47,450 --> 00:51:45,300

and he let the universe talk and the

1208

00:51:50,930 --> 00:51:47,460

universe is always giving you answers

1209

00:51:52,609 --> 00:51:50,940

and ideas and thoughts

1210

00:51:54,230 --> 00:51:52,619

um because that's what it is it's a

1211

00:51:56,690 --> 00:51:54,240

giant Library that's part of its

1212

00:51:59,510 --> 00:51:56,700

existence is for you to tap into it and

1213

00:52:02,210 --> 00:51:59,520

understand it so the quieter you are the

1214

00:52:03,890 --> 00:52:02,220

more information you learn

1215

00:52:06,770 --> 00:52:03,900

from everything that's always already

1216

00:52:09,109 --> 00:52:06,780

existed you know what I'm saying yeah

1217

00:52:10,670 --> 00:52:09,119

so like I thought that was really

1218

00:52:12,230 --> 00:52:10,680

interesting too because we've had that

1219

00:52:14,270 --> 00:52:12,240

conversation that like there's no such

1220

00:52:16,790 --> 00:52:14,280

thing as an original idea but it just

1221

00:52:19,190 --> 00:52:16,800

kind of died there right right this adds

1222

00:52:20,630 --> 00:52:19,200

on a whole new level of like oh it's

1223

00:52:24,109 --> 00:52:20,640

because

1224

00:52:26,990 --> 00:52:24,119

all of that is already existing in like

1225

00:52:29,329 --> 00:52:27,000

a a library of information of the

1226

00:52:31,190 --> 00:52:29,339

universe or the space that you're living

1227

00:52:32,930 --> 00:52:31,200

in you know I think some people would

1228

00:52:34,790 --> 00:52:32,940

call it the akashic records akashic

1229

00:52:37,609 --> 00:52:34,800

record okay yeah you know I was hoping I

1230

00:52:40,490 --> 00:52:37,619

was saying that right so yeah

1231

00:52:43,730 --> 00:52:40,500

Uh crap there was like two things I was

1232

00:52:46,069 --> 00:52:43,740

trying to add uh gravitate towards so

1233

00:52:48,589 --> 00:52:46,079

the first thing was uh

1234

00:52:51,589 --> 00:52:48,599

now we're talk we're getting into two

1235

00:52:52,730 --> 00:52:51,599

ideas of like the multi-universe theory

1236

00:52:55,549 --> 00:52:52,740

and back to what we were talking about

1237

00:52:58,069 --> 00:52:55,559

the beginning of the episode with uh

1238

00:53:00,410 --> 00:52:58,079

infinite time where like yes infinite

1239

00:53:03,470 --> 00:53:00,420

Infinity does exist within this one

1240

00:53:05,690 --> 00:53:03,480

bubble of of our existence who knows if

1241

00:53:07,970 --> 00:53:05,700

we're able to escape it so why not just

1242

00:53:11,990 --> 00:53:07,980

you know go along with the river go go

1243

00:53:13,970 --> 00:53:12,000

along with the uh the stream so uh

1244

00:53:16,430 --> 00:53:13,980

everything that has happened and will

1245

00:53:20,089 --> 00:53:16,440

happen is happening presently right now

1246

00:53:23,630 --> 00:53:20,099

we're just tuning into a frequency

1247

00:53:26,950 --> 00:53:23,640

and our hard our our bodies our brains

1248

00:53:29,930 --> 00:53:26,960

our experience is on this specific

1249

00:53:32,210 --> 00:53:29,940

trajectory and there's not a lot we can

1250

00:53:33,650 --> 00:53:32,220

do about it as far as physically being

1251

00:53:36,349 --> 00:53:33,660

somewhere else

1252

00:53:38,210 --> 00:53:36,359

uh but but mentally if you just shut the

1253

00:53:40,849 --> 00:53:38,220

[h__h] up every now and then and just

1254

00:53:43,670 --> 00:53:40,859

listen to to the universe and just let

1255

00:53:46,190 --> 00:53:43,680

let those answers come I mean there's no

1256

00:53:49,970 --> 00:53:46,200

wonder why people think that when

1257

00:53:52,250 --> 00:53:49,980

meditation or prayer uh What uh those

1258

00:53:55,609 --> 00:53:52,260

practices go into place you suddenly

1259

00:53:58,670 --> 00:53:55,619

Reach This level of understanding where

1260

00:54:01,010 --> 00:53:58,680

like maybe you have communion with with

1261

00:54:02,690 --> 00:54:01,020

with gods or or let's say aliens

1262

00:54:04,609 --> 00:54:02,700

whatever I think that's just been

1263

00:54:06,589 --> 00:54:04,619

happening for a long time I think

1264

00:54:08,630 --> 00:54:06,599

there's something super interesting

1265

00:54:11,450 --> 00:54:08,640

about everybody's saying the same exact

1266

00:54:13,430 --> 00:54:11,460

thing for forever and we're just we're

1267

00:54:15,109 --> 00:54:13,440

just like arguing over the semantics and

1268

00:54:17,150 --> 00:54:15,119

like who the who when and what we want

1269

00:54:20,089 --> 00:54:17,160

to call it yeah well we want to call it

1270

00:54:21,890 --> 00:54:20,099

yeah MJ Sedona says the universe always

1271

00:54:25,210 --> 00:54:21,900

gives it to you but there are rules

1272

00:54:29,089 --> 00:54:25,220

first you have to ask for the answers

1273

00:54:32,450 --> 00:54:29,099

then you have to listen to what they say

1274

00:54:36,829 --> 00:54:35,150

which which is kind of like

1275

00:54:43,849 --> 00:54:36,839

it kind of brings it like full circle

1276

00:54:50,210 --> 00:54:46,130

Hitchhiker's Guide to the Galaxy

1277

00:54:52,370 --> 00:54:50,220

yeah where they ask the machine 42 yep

1278

00:54:54,049 --> 00:54:52,380

42 what is it what is the answer what

1279

00:54:56,630 --> 00:54:54,059

does it take like like millions of years

1280

00:54:59,990 --> 00:54:56,640

yeah what is the what is the answer to

1281

00:55:01,730 --> 00:55:00,000

the universe life and everything and the

1282

00:55:04,010 --> 00:55:01,740

answer is 42

1283

00:55:06,770 --> 00:55:04,020

and the idea that like first you have to

1284

00:55:08,510 --> 00:55:06,780

ask the ant ask for the answers and then

1285

00:55:10,670 --> 00:55:08,520

you have to listen to what they say like

1286

00:55:12,470 --> 00:55:10,680

it's kind of weird because like if

1287

00:55:15,650 --> 00:55:12,480

you're asking these questions you're

1288

00:55:18,770 --> 00:55:15,660

asking them from like a human experience

1289

00:55:20,870 --> 00:55:18,780

you know yeah yeah you're not you know

1290

00:55:22,670 --> 00:55:20,880

maybe you could ask the universe hey

1291

00:55:25,670 --> 00:55:22,680

could could you could you show me a

1292

00:55:27,410 --> 00:55:25,680

perspective from a different species or

1293

00:55:29,210 --> 00:55:27,420

something or like you know like what

1294

00:55:31,069 --> 00:55:29,220

could you show me a perspective from

1295

00:55:32,390 --> 00:55:31,079

your perspective

1296

00:55:34,190 --> 00:55:32,400

that is

1297

00:55:38,030 --> 00:55:34,200

you know I think that's called a DMT

1298

00:55:39,470 --> 00:55:38,040

experience yeah or yeah yeah or indeed

1299

00:55:41,329 --> 00:55:39,480

mushrooms somewhere near-death

1300

00:55:43,010 --> 00:55:41,339

experience or stuff like that so you

1301
00:55:45,970 --> 00:55:43,020
then you have to be careful with what

1302
00:55:48,230 --> 00:55:45,980
you ask for right because you know

1303
00:55:49,490 --> 00:55:48,240
you know you don't want to you don't

1304
00:55:51,049 --> 00:55:49,500
want to be like hey could you show me

1305
00:55:54,109 --> 00:55:51,059
what the universe is like from your

1306
00:55:55,250 --> 00:55:54,119
perspective and then you wake up and you

1307
00:55:57,770 --> 00:55:55,260
wake up and there's bright lights

1308
00:55:59,809 --> 00:55:57,780
everywhere and your wife is like it's

1309
00:56:02,089 --> 00:55:59,819
3am you went into cardiac arrest and

1310
00:56:05,990 --> 00:56:04,549
experience the universe they gave it to

1311
00:56:08,390 --> 00:56:06,000
me it was on the whale well you know

1312
00:56:11,450 --> 00:56:08,400
wanted but like I [h__h] I experienced it

1313
00:56:13,910 --> 00:56:11,460

you know you know what I find funny with

1314

00:56:16,910 --> 00:56:13,920

with that that scenario like asking the

1315

00:56:19,730 --> 00:56:16,920

universe hey just show me what what the

1316

00:56:20,990 --> 00:56:19,740

truth is from your experience it would

1317

00:56:22,849 --> 00:56:21,000

say and

1318

00:56:25,609 --> 00:56:22,859

without giving like taking your entire

1319

00:56:29,510 --> 00:56:25,619

life to show you those those answers

1320

00:56:31,069 --> 00:56:29,520

like it would probably only choose to

1321

00:56:32,329 --> 00:56:31,079

take up hey you know I'm gonna I'm not

1322

00:56:34,010 --> 00:56:32,339

gonna freak this guy out I'm gonna only

1323

00:56:34,730 --> 00:56:34,020

take up like maybe 15 minutes of his

1324

00:56:37,130 --> 00:56:34,740

time

1325

00:56:38,870 --> 00:56:37,140

and how much can you can you pack into

1326

00:56:42,890 --> 00:56:38,880

those 15 minutes universe is so

1327

00:56:46,130 --> 00:56:42,900

considerate you know is very nice how

1328

00:56:47,630 --> 00:56:46,140

much can you realistically fit in how do

1329

00:56:48,890 --> 00:56:47,640

you communicate what you need to

1330

00:56:50,870 --> 00:56:48,900

communicate

1331

00:56:52,609 --> 00:56:50,880

and uh how much are you gonna remember

1332

00:56:55,370 --> 00:56:52,619

afterwards you just have to be very

1333

00:56:58,309 --> 00:56:55,380

specific universe but can you show me

1334

00:57:00,530 --> 00:56:58,319

all of this you would say you would go

1335

00:57:02,390 --> 00:57:00,540

like this you would say universe could

1336

00:57:05,510 --> 00:57:02,400

you show me

1337

00:57:12,349 --> 00:57:05,520

um all of this from your perspective

1338

00:57:17,510 --> 00:57:14,870

oh specific so you don't have to be in a

1339

00:57:19,130 --> 00:57:17,520

car accident this week okay you asked

1340

00:57:21,710 --> 00:57:19,140

specifically will be nice we'll be nice

1341

00:57:24,410 --> 00:57:21,720

guys guys calm down

1342

00:57:26,150 --> 00:57:24,420

I was gonna say like it's almost like

1343

00:57:28,089 --> 00:57:26,160

asking somebody who's who's a really big

1344

00:57:31,670 --> 00:57:28,099

Game of Thrones fan to explain

1345

00:57:33,230 --> 00:57:31,680

all eight seasons in 15 minutes you'll

1346

00:57:36,410 --> 00:57:33,240

be like hold on hold on I need a slight

1347

00:57:38,870 --> 00:57:36,420

deck I need visuals I I uh how do you

1348

00:57:41,390 --> 00:57:38,880

tell that story yeah 15 minutes like

1349

00:57:42,770 --> 00:57:41,400

it's really hard also

1350

00:57:46,430 --> 00:57:42,780

imagine

1351
00:57:48,049 --> 00:57:46,440
like prayer or meditation or or you know

1352
00:57:50,630 --> 00:57:48,059
some say a shortcut is like taking

1353
00:57:52,910 --> 00:57:50,640
taking like a drug like DMT or or

1354
00:57:54,170 --> 00:57:52,920
psilocybin but like the universe is like

1355
00:57:56,809 --> 00:57:54,180
hold on wait wait that question is

1356
00:57:58,309 --> 00:57:56,819
really badass but give me like two hours

1357
00:58:00,470 --> 00:57:58,319
okay I'll get back to you I gotta

1358
00:58:01,809 --> 00:58:00,480
prepare I gotta prepare some slides get

1359
00:58:04,069 --> 00:58:01,819
back to you in a second

1360
00:58:07,430 --> 00:58:04,079
and that's why sometimes trips take

1361
00:58:08,750 --> 00:58:07,440
longer yeah you know like mushroom trips

1362
00:58:12,530 --> 00:58:08,760
sometimes take like an hour for you to

1363
00:58:14,690 --> 00:58:12,540

like digest and [h__\h] yep yeah dude uh so

1364

00:58:17,510 --> 00:58:14,700

Crowley says UFO garage please don't

1365

00:58:20,270 --> 00:58:17,520

tell what Simon and I have supered I

1366

00:58:24,530 --> 00:58:22,849

I won't tell you I won't tell you the

1367

00:58:26,990 --> 00:58:24,540

amount but I can say between the tunia

1368

00:58:27,890 --> 00:58:27,000

Tulia there's like there's 15 of them so

1369

00:58:29,809 --> 00:58:27,900

far

1370

00:58:32,150 --> 00:58:29,819

I can't say anything but like thank you

1371

00:58:34,670 --> 00:58:32,160

guys like that was hilarious I I

1372

00:58:37,849 --> 00:58:34,680

honestly think they've earned a shirt

1373

00:58:41,089 --> 00:58:37,859

like I mean oh that's 100 yeah and MJ

1374

00:58:44,210 --> 00:58:41,099

Sedona threw a 20 in right off the bat

1375

00:58:46,609 --> 00:58:44,220

she gets one too she gets a shirt so uh

1376

00:58:49,370 --> 00:58:46,619

I'm writing this down hold on

1377

00:58:50,630 --> 00:58:49,380

thank you guys so much I mean yeah I

1378

00:58:53,870 --> 00:58:50,640

mean it's the

1379

00:58:55,750 --> 00:58:53,880

the least you know we could do is send

1380

00:58:58,250 --> 00:58:55,760

you on a shirt man so y'all pick one out

1381

00:59:00,650 --> 00:58:58,260

and uh let us let us know what y'all

1382

00:59:02,990 --> 00:59:00,660

want it's freaking awesome thank you all

1383

00:59:07,549 --> 00:59:06,049

uh I am a sucker for sending out free

1384

00:59:10,609 --> 00:59:07,559

shirts

1385

00:59:13,010 --> 00:59:10,619

um so uh I've sent out so many free

1386

00:59:16,990 --> 00:59:13,020

shirts hey give me one second dude hold

1387

00:59:25,609 --> 00:59:22,309

oh I removed myself and not Joe

1388

00:59:28,549 --> 00:59:25,619

what a what a silly guy

1389

00:59:30,650 --> 00:59:28,559

um guys I'm uh I'm having a great time

1390

00:59:31,970 --> 00:59:30,660

tonight who's who's uh who's drinking

1391

00:59:33,890 --> 00:59:31,980

beer is anybody drinking beer tonight

1392

00:59:38,210 --> 00:59:33,900

I'm drinking red wine

1393

00:59:41,030 --> 00:59:39,710

um let me know what y'all uh y'all are

1394

00:59:43,849 --> 00:59:41,040

sipping on tonight you know it's a

1395

00:59:44,750 --> 00:59:43,859

Thursday night let's not get crazy

1396

00:59:46,370 --> 00:59:44,760

um

1397

00:59:49,430 --> 00:59:46,380

you know we're not we're not uh taking

1398

00:59:50,630 --> 00:59:49,440

shots of banana uh 99 Bananas but we're

1399

00:59:52,730 --> 00:59:50,640

we're having a good time talking about

1400

00:59:54,770 --> 00:59:52,740

UFOs aliens and it's just like a bunch

1401
00:59:56,450 --> 00:59:54,780
of weird [h__h] like time travel and like

1402
00:59:58,130 --> 00:59:56,460
infinity and stuff this is what I'd like

1403
01:00:00,109 --> 00:59:58,140
to talk about this yeah there's so much

1404
01:00:01,609 --> 01:00:00,119
going on in the world like I just I I

1405
01:00:03,650 --> 01:00:01,619
want to break every now and I like to

1406
01:00:06,410 --> 01:00:03,660
have fun and talk about some [h__h] that

1407
01:00:08,329 --> 01:00:06,420
yeah yeah no I'm interested in it I've

1408
01:00:11,030 --> 01:00:08,339
talked about it before but like

1409
01:00:13,250 --> 01:00:11,040
man sometimes it's good to be done yet

1410
01:00:14,829 --> 01:00:13,260
yeah I'm not done yet dude because it's

1411
01:00:21,789 --> 01:00:14,839
Infinity

1412
01:00:26,089 --> 01:00:24,410
oh dude man you know like some of those

1413
01:00:28,910 --> 01:00:26,099

nice cars like the Infinities and [h__\h]

1414

01:00:31,010 --> 01:00:28,920

they used to have like the the uh

1415

01:00:33,289 --> 01:00:31,020

you know like the manual clocks in there

1416

01:00:35,510 --> 01:00:33,299

with the arms and [h__\h] right it had a

1417

01:00:36,530 --> 01:00:35,520

full clock and the bag phone bro you

1418

01:00:38,150 --> 01:00:36,540

were talking about the bag from the last

1419

01:00:40,309 --> 01:00:38,160

show we did

1420

01:00:42,710 --> 01:00:40,319

for a

1421

01:00:44,569 --> 01:00:42,720

I knew a couple of people whose parents

1422

01:00:46,490 --> 01:00:44,579

had those cars and sometimes they would

1423

01:00:49,010 --> 01:00:46,500

try to flex full and they'd be like look

1424

01:00:51,589 --> 01:00:49,020

at this well this one's got the so it

1425

01:00:53,990 --> 01:00:51,599

has the arms I'm like well my mom drives

1426

01:00:55,970 --> 01:00:54,000

a [h__h] 93 Suburban and it's digital

1427

01:00:57,950 --> 01:00:55,980

well that [h__h] ain't tight

1428

01:01:01,309 --> 01:00:57,960

I gotta [h__h] read that I don't even

1429

01:01:14,289 --> 01:01:03,890

oh we're closing the dark it don't

1430

01:01:14,299 --> 01:01:19,329

is that a new

1431

01:01:24,230 --> 01:01:21,589

it has a little light behind it that

1432

01:01:26,510 --> 01:01:24,240

means it's fancy dude it just turns on

1433

01:01:28,670 --> 01:01:26,520

like a regular we should have put that

1434

01:01:30,890 --> 01:01:28,680

[h__h] on your wrist it's all small and

1435

01:01:32,630 --> 01:01:30,900

they charge you 8 000 extra dollars for

1436

01:01:34,670 --> 01:01:32,640

that [h__h] yeah I could you could have

1437

01:01:38,510 --> 01:01:34,680

glued you could have glued a Fossil

1438

01:01:41,150 --> 01:01:38,520

watch to it's a little watched here

1439

01:01:43,190 --> 01:01:41,160

like go to any any participating Chuck E

1440

01:01:46,670 --> 01:01:43,200

cheese you can get a watch from a bubble

1441

01:01:48,470 --> 01:01:46,680

machine and tape that [h__h]

1442

01:01:49,849 --> 01:01:48,480

I don't know why I said Chuck E cheese I

1443

01:01:51,770 --> 01:01:49,859

don't know Chucky do they give away

1444

01:01:52,789 --> 01:01:51,780

watches there in the bubble machines I

1445

01:01:55,609 --> 01:01:52,799

don't know yeah dude Chuck E cheese

1446

01:01:59,329 --> 01:01:55,619

watches yeah I used to have one dude

1447

01:02:00,530 --> 01:01:59,339

um David Kelly says my mom swear she saw

1448

01:02:02,930 --> 01:02:00,540

a dragon

1449

01:02:05,930 --> 01:02:02,940

I think it was a pterodactyl but I

1450

01:02:08,690 --> 01:02:05,940

didn't see it oh we need to know more

1451

01:02:11,329 --> 01:02:08,700

about that was this uh was this recently

1452

01:02:12,890 --> 01:02:11,339

was this like a couple hundred thousand

1453

01:02:15,770 --> 01:02:12,900

years ago

1454

01:02:18,829 --> 01:02:15,780

when was this time where was this time

1455

01:02:20,809 --> 01:02:18,839

portals exist we all know it stop and

1456

01:02:23,510 --> 01:02:20,819

lying to yourself

1457

01:02:25,190 --> 01:02:23,520

when was it where was it

1458

01:02:27,349 --> 01:02:25,200

and has your mom ever been in the

1459

01:02:30,950 --> 01:02:27,359

Sturgis Motorcycle Rally

1460

01:02:35,329 --> 01:02:30,960

there's three key things we need to know

1461

01:02:39,049 --> 01:02:35,339

uh dragons dude think about this bro

1462

01:02:42,950 --> 01:02:39,059

picture a Tyrannosaurus Rex

1463

01:02:45,890 --> 01:02:42,960

like the wings skeleton little tiny arms

1464

01:02:48,890 --> 01:02:45,900

one of those little tiny arms were

1465

01:02:51,230 --> 01:02:48,900

actually little tiny wings instead so

1466

01:02:53,329 --> 01:02:51,240

like you know vestigial wings like we

1467

01:02:56,510 --> 01:02:53,339

think this T-Rex is like such a badass

1468

01:02:58,250 --> 01:02:56,520

and they look so badass but like okay

1469

01:03:00,589 --> 01:02:58,260

I agree they're probably like one of the

1470

01:03:03,829 --> 01:03:00,599

top predators they're they're jowls and

1471

01:03:05,030 --> 01:03:03,839

their teeth uh uh say this like they

1472

01:03:06,589 --> 01:03:05,040

were meant for they were killing

1473

01:03:07,910 --> 01:03:06,599

machines but what if they look goofy as

1474

01:03:08,829 --> 01:03:07,920

[h__\h] what if they have the little tiny

1475

01:03:12,890 --> 01:03:08,839

little

1476

01:03:15,829 --> 01:03:12,900

tiny wings instead yeah like uh uh I

1477

01:03:19,630 --> 01:03:15,839

have the perfect photo uh uh the guy

1478

01:03:25,190 --> 01:03:19,640

from A Bug's Life oh yeah uh Hamlet

1479

01:03:29,450 --> 01:03:26,809

it's like what if T-Rex the most

1480

01:03:32,089 --> 01:03:29,460

terrifying Predator ever to roam the

1481

01:03:34,910 --> 01:03:32,099

Earth actually look kind of goofy you

1482

01:03:36,530 --> 01:03:34,920

know I love that thought

1483

01:03:40,030 --> 01:03:36,540

you always jump off of things and just

1484

01:03:45,650 --> 01:03:43,970

like they're very clumsy like that yeah

1485

01:03:47,450 --> 01:03:45,660

like it would take him a couple tries

1486

01:03:50,950 --> 01:03:47,460

it's kind of like how buzzards when they

1487

01:03:53,750 --> 01:03:50,960

try to fly they hop a few times

1488

01:03:57,710 --> 01:03:53,760

like buzzards like they're they're like

1489

01:03:59,750 --> 01:03:57,720

they're the pajama wearing uh uh birds

1490

01:04:01,549 --> 01:03:59,760

of the bird world like they wear pajamas

1491

01:04:04,849 --> 01:04:01,559

that are too big for them dude yeah

1492

01:04:06,890 --> 01:04:04,859

they're little a little clumsy speaking

1493

01:04:09,109 --> 01:04:06,900

of buzzards and dinosaurs you remember

1494

01:04:11,210 --> 01:04:09,119

that episode four of Buzz Buzzard on the

1495

01:04:14,210 --> 01:04:11,220

Looney Tunes whenever he he was uh he

1496

01:04:16,010 --> 01:04:14,220

was gonna eat that dinosaur and and he

1497

01:04:17,870 --> 01:04:16,020

saw his tail and he goes and he like

1498

01:04:19,609 --> 01:04:17,880

tries to like salt and pepper it and

1499

01:04:21,170 --> 01:04:19,619

then the dinosaur turns around

1500

01:04:22,970 --> 01:04:21,180

he was like what the hell are you doing

1501

01:04:25,190 --> 01:04:22,980

he was like hey he's like I'm about to

1502

01:04:26,349 --> 01:04:25,200

eat dinner and the dinosaur like swings

1503

01:04:28,730 --> 01:04:26,359

them off

1504

01:04:30,890 --> 01:04:28,740

that's funny I don't know I could visit

1505

01:04:33,289 --> 01:04:30,900

I can visualize it though

1506

01:04:35,750 --> 01:04:33,299

I love that buzzer dude he would crack

1507

01:04:38,510 --> 01:04:35,760

me up so much was there dinosaurs and

1508

01:04:48,670 --> 01:04:38,520

Looney Tunes that's awesome yeah

1509

01:04:54,470 --> 01:04:51,530

well these are dinosaurs remember the

1510

01:04:56,809 --> 01:04:54,480

intro animation and uh Jurassic world

1511

01:05:00,849 --> 01:04:56,819

he's like these are dharasawa Donna

1512

01:05:03,789 --> 01:05:00,859

sauce dinosaurs were here

1513

01:05:06,849 --> 01:05:03,799

the mosquitoes was filled with dinosaur

1514

01:05:09,470 --> 01:05:06,859

DNA dinosaur jizz

1515

01:05:10,970 --> 01:05:09,480

I didn't say it

1516

01:05:16,730 --> 01:05:10,980

dinosaur

1517

01:05:22,190 --> 01:05:20,690

is it t-u-n-e or t-o-o-n

1518

01:05:24,770 --> 01:05:22,200

that's a Mandela effect thing because I

1519

01:05:27,430 --> 01:05:24,780

thought it was t-o-o-n-s yeah me too

1520

01:05:30,230 --> 01:05:27,440

like it would make sense yeah it's

1521

01:05:32,630 --> 01:05:30,240

t-u-n-e-s I don't feel like that's right

1522

01:05:35,630 --> 01:05:32,640

I don't think right yeah

1523

01:05:38,089 --> 01:05:35,640

yeah it's t-u-n why would it be that why

1524

01:05:40,490 --> 01:05:38,099

would it be Tunes t-u-n-e-s because they

1525

01:05:42,789 --> 01:05:40,500

used to be musicals

1526

01:05:45,230 --> 01:05:42,799

before they introduced

1527

01:05:46,820 --> 01:05:45,240

voiceovers in the cartoons that actually

1528

01:05:49,840 --> 01:05:46,830

makes sense like yeah

1529

01:05:51,589 --> 01:05:49,850

[Laughter]

1530

01:05:52,970 --> 01:05:51,599

[Music]

1531

01:05:53,990 --> 01:05:52,980

big brain fart

1532

01:05:56,809 --> 01:05:54,000

um

1533

01:05:58,849 --> 01:05:56,819

cartoons and dinosaurs uh

1534

01:06:01,130 --> 01:05:58,859

fruity uh the pebble Fruity Pebbles guys

1535

01:06:03,950 --> 01:06:01,140

yeah The Flintstones Flintstones thank

1536

01:06:07,069 --> 01:06:05,190

is this the one you're talking about

1537

01:06:08,830 --> 01:06:07,079

[Music]

1538

01:06:10,910 --> 01:06:08,840

nah

1539

01:06:13,849 --> 01:06:10,920

[Music]

1540

01:06:19,190 --> 01:06:13,859

God no the Buzz Buzzard

1541

01:06:28,549 --> 01:06:23,470

Dinosaur episode

1542

01:06:30,810 --> 01:06:28,559

really just here it is I want to see

1543

01:06:39,910 --> 01:06:30,820

what you're talking about this one yeah

1544

01:06:44,230 --> 01:06:39,920

[Music]

1545

01:06:44,240 --> 01:06:50,690

oh my God why is Bugs Bunny half okay

1546

01:06:57,370 --> 01:06:54,710

oh here my baby she's uh she's waking up

1547

01:07:00,170 --> 01:06:57,380

Jessica we're trying to do a show

1548

01:07:02,289 --> 01:07:00,180

[Laughter]

1549

01:07:06,589 --> 01:07:02,299

go tell her hey hey

1550

01:07:09,829 --> 01:07:06,599

Evelyn be quiet I'm trying to do a show

1551

01:07:11,630 --> 01:07:09,839

she'll she'll get it hey hush

1552

01:07:14,630 --> 01:07:11,640

hush

1553

01:07:16,130 --> 01:07:14,640

keep it down in here what are you a baby

1554

01:07:19,549 --> 01:07:16,140

doll

1555

01:07:22,670 --> 01:07:19,559

I just think I am a baby dad

1556

01:07:24,049 --> 01:07:22,680

ah oh damn George Van Tassel how did we

1557

01:07:26,510 --> 01:07:24,059

get all the way on Looney Tunes and

1558

01:07:27,109 --> 01:07:26,520

dinosaurs I don't know man

1559

01:07:29,210 --> 01:07:27,119

um

1560

01:07:31,789 --> 01:07:29,220

but we should get back to that so

1561

01:07:34,490 --> 01:07:31,799

so uh it's because we still got to talk

1562

01:07:36,470 --> 01:07:34,500

about nope yeah okay we'll kind of wrap

1563

01:07:37,849 --> 01:07:36,480

this up a little bit but I I just I I

1564

01:07:39,170 --> 01:07:37,859

just kind of want to talk about like a

1565

01:07:40,670 --> 01:07:39,180

little bit of this book

1566

01:07:44,750 --> 01:07:40,680

um he also said something else that was

1567

01:07:45,710 --> 01:07:44,760

really cool he was talking about how

1568

01:07:47,390 --> 01:07:45,720

um

1569

01:07:51,589 --> 01:07:47,400

in the Bible the way that everything's

1570

01:07:55,730 --> 01:07:51,599

lined up uh you know at the end uh well

1571

01:07:58,670 --> 01:07:55,740

Eve comes after Adam right she's she's

1572

01:08:00,349 --> 01:07:58,680

like made after Adam are you saying that

1573

01:08:03,770 --> 01:08:00,359

there was like a difference dude there's

1574

01:08:05,390 --> 01:08:03,780

a difference in like the Creator and

1575

01:08:08,029 --> 01:08:05,400

then there's a difference in that guy

1576

01:08:10,730 --> 01:08:08,039

and then like

1577

01:08:12,289 --> 01:08:10,740

what you would consider our Lord right

1578

01:08:14,750 --> 01:08:12,299

our God

1579

01:08:17,150 --> 01:08:14,760

they're like two different things and

1580

01:08:20,030 --> 01:08:17,160

how like there was this race of people

1581

01:08:22,849 --> 01:08:20,040

called the adamus people

1582

01:08:24,829 --> 01:08:22,859

that were like God's people and they

1583

01:08:27,349 --> 01:08:24,839

came down to earth

1584

01:08:29,390 --> 01:08:27,359

and there was an animal here

1585

01:08:34,550 --> 01:08:29,400

that was

1586

01:08:38,630 --> 01:08:34,560

they called them the eve race right

1587

01:08:41,809 --> 01:08:38,640

um and so Adam and Eve the Adamas people

1588

01:08:43,550 --> 01:08:41,819

mated with the eve people to create

1589

01:08:47,390 --> 01:08:43,560

humans

1590

01:08:49,970 --> 01:08:47,400

so a lot like the Bible says like the uh

1591

01:08:54,169 --> 01:08:49,980

Nephilim came to Earth

1592

01:08:58,130 --> 01:08:54,179

mated or sorry uh fallen angels mated

1593

01:09:01,970 --> 01:08:58,140

with humans ladies lady very nice ladies

1594

01:09:04,430 --> 01:09:01,980

yeah nicely uh created the Nephilim

1595

01:09:07,669 --> 01:09:04,440

and then and that's why the the flood

1596

01:09:10,249 --> 01:09:07,679

the Noah's flood it was like wiping out

1597

01:09:13,970 --> 01:09:10,259

all the well see I think it goes further

1598

01:09:17,990 --> 01:09:13,980

than that dude I think that the that the

1599

01:09:21,169 --> 01:09:18,000

uh the adamus race comes down here mates

1600

01:09:22,849 --> 01:09:21,179

with the eve race which is we're still

1601
01:09:26,510 --> 01:09:22,859
animals at this point mind you right

1602
01:09:28,070 --> 01:09:26,520
we're just the highest form of animal on

1603
01:09:33,249 --> 01:09:28,080
the planet

1604
01:09:42,130 --> 01:09:33,259
um and sorry we're gonna get a shout out

1605
01:09:48,050 --> 01:09:46,010
thank you so this

1606
01:09:50,510 --> 01:09:48,060
this indominus race comes down mates

1607
01:09:53,150 --> 01:09:50,520
with the eve people right and then they

1608
01:09:55,910 --> 01:09:53,160
create this new being

1609
01:09:58,910 --> 01:09:55,920
um and the adamus people realize that

1610
01:10:01,370 --> 01:09:58,920
this new being could be very dangerous

1611
01:10:03,470 --> 01:10:01,380
because they were still animals the E

1612
01:10:06,290 --> 01:10:03,480
people were still animals so when they

1613
01:10:09,290 --> 01:10:06,300

bred with the humans they had humanistic

1614

01:10:11,270 --> 01:10:09,300

qualities but they also had the ability

1615

01:10:15,830 --> 01:10:11,280

to flip

1616

01:10:18,770 --> 01:10:15,840

and become an animal and so this is uh

1617

01:10:20,750 --> 01:10:18,780

uh damn it who are the who are the two

1618

01:10:23,149 --> 01:10:20,760

brothers Cain and Abel Cain and Abel

1619

01:10:25,370 --> 01:10:23,159

yeah the delicious chicken from Adam and

1620

01:10:26,810 --> 01:10:25,380

Eve and one of the brothers murders the

1621

01:10:28,850 --> 01:10:26,820

other brother and this was one of the

1622

01:10:32,630 --> 01:10:28,860

first times that the indominus people

1623

01:10:35,570 --> 01:10:32,640

realized that the animalistic nature of

1624

01:10:40,010 --> 01:10:35,580

of the eve people it's coming through in

1625

01:10:42,890 --> 01:10:40,020

their genetics and so Hugh was another

1626
01:10:45,890 --> 01:10:42,900
word for like uh like a dangerous animal

1627
01:10:48,290 --> 01:10:45,900
like a tiger right you know what that

1628
01:10:50,209 --> 01:10:48,300
means right sorry

1629
01:10:50,700 --> 01:10:50,219
thank you all right I just want to make

1630
01:10:53,930 --> 01:10:50,710
sure you remember

1631
01:11:01,149 --> 01:10:57,649
but the Adamas people were known as man

1632
01:11:04,970 --> 01:11:01,159
right and Eve was like original

1633
01:11:08,930 --> 01:11:04,980
earthlings and the dominance

1634
01:11:11,090 --> 01:11:08,940
was was this uh genetic culmination of

1635
01:11:14,330 --> 01:11:11,100
of you know from those from the heavens

1636
01:11:16,430 --> 01:11:14,340
that came the man of the the men of God

1637
01:11:18,770 --> 01:11:16,440
basically because God is a is a

1638
01:11:21,290 --> 01:11:18,780

different person than the Creator so

1639

01:11:23,149 --> 01:11:21,300

these men of God adamus came down here

1640

01:11:25,490 --> 01:11:23,159

made it with Eve

1641

01:11:27,770 --> 01:11:25,500

Q which was a word that they would use

1642

01:11:31,550 --> 01:11:27,780

for like a dangerous animal like a tiger

1643

01:11:35,750 --> 01:11:31,560

and they were considered man so the

1644

01:11:38,209 --> 01:11:35,760

human race was then born from the adamus

1645

01:11:41,270 --> 01:11:38,219

people coming to Earth and mating with

1646

01:11:43,669 --> 01:11:41,280

the eve people that existed already to

1647

01:11:44,990 --> 01:11:43,679

combine and create the human

1648

01:11:47,270 --> 01:11:45,000

right

1649

01:11:50,630 --> 01:11:47,280

oh dude and that explains our dual

1650

01:11:52,370 --> 01:11:50,640

nature of like were pacifists and like

1651
01:11:54,590 --> 01:11:52,380
we want to be problem solvers and we

1652
01:11:57,410 --> 01:11:54,600
want to do good but we also have the

1653
01:11:58,310 --> 01:11:57,420
animalistic Tendencies to fly off the

1654
01:12:01,070 --> 01:11:58,320
handle

1655
01:12:04,070 --> 01:12:01,080
to kill to do things that aren't

1656
01:12:06,590 --> 01:12:04,080
necessarily appropriate but they're only

1657
01:12:09,110 --> 01:12:06,600
not appropriate because we're not in our

1658
01:12:11,290 --> 01:12:09,120
animalistic element right

1659
01:12:14,689 --> 01:12:11,300
because if you were out in the jungle

1660
01:12:16,669 --> 01:12:14,699
into opposing things meat they're gonna

1661
01:12:19,070 --> 01:12:16,679
fight and one of them is gonna kill the

1662
01:12:21,110 --> 01:12:19,080
other and win and eat it and take it off

1663
01:12:24,110 --> 01:12:21,120

and that's the Victor and such is the

1664

01:12:25,729 --> 01:12:24,120

cycle of life there's no manners in the

1665

01:12:28,610 --> 01:12:25,739

jungle you're not gonna be like oh

1666

01:12:30,830 --> 01:12:28,620

excuse me right excuse me but if you go

1667

01:12:32,810 --> 01:12:30,840

to the ATM and you pull out money and

1668

01:12:34,790 --> 01:12:32,820

somebody mugs you steals your money and

1669

01:12:37,250 --> 01:12:34,800

stabs you and kills you

1670

01:12:42,770 --> 01:12:37,260

they're evil

1671

01:12:46,310 --> 01:12:42,780

amongst humans but if we were in nature

1672

01:12:48,709 --> 01:12:46,320

and that animal saw that a resource that

1673

01:12:50,510 --> 01:12:48,719

another animal had it would provide that

1674

01:12:53,330 --> 01:12:50,520

resource it's your survival correctly

1675

01:12:56,570 --> 01:12:53,340

and that's the way nature works right

1676
01:12:59,630 --> 01:12:56,580
but because of our higher intelligence

1677
01:13:02,390 --> 01:12:59,640
our our man's side

1678
01:13:05,209 --> 01:13:02,400
it's a conflict and it's a it's it's an

1679
01:13:07,550 --> 01:13:05,219
evil now it's it's negative because

1680
01:13:10,490 --> 01:13:07,560
we're not primitive like that we don't

1681
01:13:14,930 --> 01:13:10,500
have to follow those rules we have a

1682
01:13:16,870 --> 01:13:14,940
higher level of society that we live in

1683
01:13:19,189 --> 01:13:16,880
and we're stuck in between

1684
01:13:23,390 --> 01:13:19,199
wow because we come from two completely

1685
01:13:28,610 --> 01:13:26,330
Okay so

1686
01:13:31,669 --> 01:13:28,620
[h__\h] I feel like there's a lot of uh

1687
01:13:38,270 --> 01:13:35,510
comments like having to do with with

1688
01:13:41,990 --> 01:13:38,280

like nature versus nurture good versus

1689

01:13:44,090 --> 01:13:42,000

evil survival of the fittest there's so

1690

01:13:46,490 --> 01:13:44,100

much wrapped up in that maybe there is

1691

01:13:47,990 --> 01:13:46,500

like socioeconomics involved but at the

1692

01:13:51,290 --> 01:13:48,000

beginning when everybody had a clean

1693

01:13:54,050 --> 01:13:51,300

slate and we were all just here

1694

01:13:55,790 --> 01:13:54,060

like where's the economics in that you

1695

01:13:57,590 --> 01:13:55,800

may have just been born economics is

1696

01:13:59,270 --> 01:13:57,600

survival though at that point like yeah

1697

01:14:00,709 --> 01:13:59,280

you were born in the desert that's the

1698

01:14:02,689 --> 01:14:00,719

card you were dealt you were born in the

1699

01:14:05,209 --> 01:14:02,699

forest those are the cards you dealt you

1700

01:14:09,110 --> 01:14:05,219

know you were born in the tundra you

1701

01:14:11,390 --> 01:14:09,120

were born uh in the jungle

1702

01:14:14,149 --> 01:14:11,400

those are your economics

1703

01:14:16,250 --> 01:14:14,159

so now in modern times it's like you

1704

01:14:17,450 --> 01:14:16,260

were born in a bad neighborhood yeah

1705

01:14:20,450 --> 01:14:17,460

well you were born in a good

1706

01:14:22,850 --> 01:14:20,460

neighborhood well it kind of depends on

1707

01:14:24,050 --> 01:14:22,860

the resources that you know because I

1708

01:14:27,050 --> 01:14:24,060

know a lot of people that grew up in

1709

01:14:30,169 --> 01:14:27,060

poor ass neighborhoods that like

1710

01:14:31,669 --> 01:14:30,179

our [h__h] brilliant right and then

1711

01:14:32,990 --> 01:14:31,679

like you take somebody who's like Highly

1712

01:14:34,490 --> 01:14:33,000

Educated from like a really good

1713

01:14:37,010 --> 01:14:34,500

neighborhood and they don't understand

1714

01:14:38,330 --> 01:14:37,020

how to function in real life yeah so you

1715

01:14:42,590 --> 01:14:38,340

know there's two different skills that

1716

01:14:44,689 --> 01:14:42,600

are involved there you know the the one

1717

01:14:47,149 --> 01:14:44,699

being like the end the I don't know

1718

01:14:49,010 --> 01:14:47,159

intelligence is the key I think in all

1719

01:14:51,169 --> 01:14:49,020

of it you know no matter where you come

1720

01:14:53,030 --> 01:14:51,179

from well it's happening able to adapt

1721

01:14:55,250 --> 01:14:53,040

to your environment your your

1722

01:14:57,110 --> 01:14:55,260

intelligence and your adaptability to

1723

01:14:59,630 --> 01:14:57,120

your environment will make you a success

1724

01:15:01,689 --> 01:14:59,640

no matter where you're where you are

1725

01:15:04,910 --> 01:15:01,699

well someone

1726

01:15:07,610 --> 01:15:04,920

have said that the description or the

1727

01:15:09,590 --> 01:15:07,620

definition of of intelligence to us from

1728

01:15:12,110 --> 01:15:09,600

our perspective as humans in in this

1729

01:15:13,490 --> 01:15:12,120

experience is the ability to problem

1730

01:15:18,169 --> 01:15:13,500

solve

1731

01:15:19,970 --> 01:15:18,179

uh to benefit the survival of of you or

1732

01:15:22,729 --> 01:15:19,980

the community it's just it's like what's

1733

01:15:25,430 --> 01:15:22,739

the most important so like you could be

1734

01:15:27,910 --> 01:15:25,440

really really smart about like knowing

1735

01:15:30,590 --> 01:15:27,920

what types of leaves

1736

01:15:33,110 --> 01:15:30,600

are are poisonous

1737

01:15:35,450 --> 01:15:33,120

and and and and the uh the current day

1738

01:15:38,090 --> 01:15:35,460

like right now that's not so much

1739

01:15:39,290 --> 01:15:38,100

important like we kind of like there's

1740

01:15:41,209 --> 01:15:39,300

not a lot of leaves everywhere if you

1741

01:15:43,669 --> 01:15:41,219

look around it's mostly concrete yeah

1742

01:15:46,790 --> 01:15:43,679

back in the day man that's this guy's

1743

01:15:49,310 --> 01:15:46,800

smart like yeah very important

1744

01:15:53,149 --> 01:15:49,320

yeah but but you think about you think

1745

01:15:55,550 --> 01:15:53,159

about how if like Society collapsed

1746

01:15:57,290 --> 01:15:55,560

would we turn to our human nature we

1747

01:16:00,350 --> 01:15:57,300

would we turn to our animal nature

1748

01:16:02,450 --> 01:16:00,360

animal when it comes to survival and

1749

01:16:06,110 --> 01:16:02,460

then it makes you think that we've only

1750

01:16:07,550 --> 01:16:06,120

known survival our entire existence what

1751

01:16:11,630 --> 01:16:07,560

is this other

1752

01:16:13,970 --> 01:16:11,640

Atomic race know that we don't if they

1753

01:16:16,370 --> 01:16:13,980

live in such a civilized High culture

1754

01:16:18,229 --> 01:16:16,380

that looks down upon the animalistic

1755

01:16:20,030 --> 01:16:18,239

dealings of humans

1756

01:16:22,550 --> 01:16:20,040

you know I think it I think it breaks

1757

01:16:25,310 --> 01:16:22,560

down to like separating

1758

01:16:27,950 --> 01:16:25,320

um let's say an ET race and then the

1759

01:16:29,510 --> 01:16:27,960

human race like the human race man we're

1760

01:16:30,709 --> 01:16:29,520

still figuring out like we've got

1761

01:16:34,010 --> 01:16:30,719

struggle

1762

01:16:35,090 --> 01:16:34,020

uh you know even if you have all the

1763

01:16:38,510 --> 01:16:35,100

money in the world you're still gonna

1764

01:16:40,430 --> 01:16:38,520

struggle right uh but that's what makes

1765

01:16:43,910 --> 01:16:40,440

this experience so enjoyable because

1766

01:16:45,890 --> 01:16:43,920

there's there's good and bad and and sad

1767

01:16:48,350 --> 01:16:45,900

and happiness in in everything it

1768

01:16:50,390 --> 01:16:48,360

doesn't matter there is no cheat code

1769

01:16:52,669 --> 01:16:50,400

really money is no cheat code but like

1770

01:16:56,450 --> 01:16:52,679

an ET race that that's beyond money

1771

01:16:59,870 --> 01:16:56,460

Beyond economics Beyond uh aging and and

1772

01:17:01,430 --> 01:16:59,880

and and death and illness like there is

1773

01:17:05,090 --> 01:17:01,440

no uh

1774

01:17:07,669 --> 01:17:05,100

uh no up and down it's just it's just

1775

01:17:10,810 --> 01:17:07,679

existing they're they're not they're not

1776

01:17:13,790 --> 01:17:10,820

prospering they're they're not uh uh

1777

01:17:15,770 --> 01:17:13,800

having a bad day or a good day it's just

1778

01:17:17,689 --> 01:17:15,780

they're just [h__h] here now like what

1779

01:17:19,310 --> 01:17:17,699

do we do now like we figured everything

1780

01:17:22,070 --> 01:17:19,320

out like it's not fun

1781

01:17:24,110 --> 01:17:22,080

I love just

1782

01:17:27,050 --> 01:17:24,120

saying some ideas out loud it's like

1783

01:17:29,209 --> 01:17:27,060

[h__h] would I would we rather be or look

1784

01:17:31,430 --> 01:17:29,219

up to an E.T race that

1785

01:17:35,570 --> 01:17:31,440

that has no struggle and there's just

1786

01:17:38,350 --> 01:17:35,580

just they just exist or rather

1787

01:17:42,110 --> 01:17:38,360

that makes you wonder like okay if

1788

01:17:44,870 --> 01:17:42,120

war and famine and and

1789

01:17:48,050 --> 01:17:44,880

disease and all that [h__h] like isn't an

1790

01:17:49,970 --> 01:17:48,060

issue like oh what are the next level of

1791

01:17:51,950 --> 01:17:49,980

problems that you have to deal with as

1792

01:17:53,630 --> 01:17:51,960

an advanced race you know what I'm

1793

01:17:54,950 --> 01:17:53,640

saying like oh

1794

01:17:58,669 --> 01:17:54,960

that's terrible

1795

01:18:01,250 --> 01:17:58,679

okay so uh boom boom said uh uh money

1796

01:18:04,189 --> 01:18:01,260

sure does help make it through this

1797

01:18:06,830 --> 01:18:04,199

human uh made game of survival [h__h] yeah

1798

01:18:09,590 --> 01:18:06,840

it helps oh my God imagine just thinking

1799

01:18:11,870 --> 01:18:09,600

about like you make enough money to not

1800

01:18:15,709 --> 01:18:11,880

worry about the essentials right like

1801

01:18:17,810 --> 01:18:15,719

food taken care of cool I can you can

1802

01:18:19,370 --> 01:18:17,820

order out or you can go out to eat

1803

01:18:21,830 --> 01:18:19,380

whatever

1804

01:18:23,750 --> 01:18:21,840

taking care of uh rent taken care of and

1805

01:18:25,910 --> 01:18:23,760

then all you got to worry about is like

1806

01:18:27,350 --> 01:18:25,920

like frivolous things like oh I want a

1807

01:18:28,490 --> 01:18:27,360

truck well you can't afford a truck if

1808

01:18:31,550 --> 01:18:28,500

you want all these things to be other

1809

01:18:33,290 --> 01:18:31,560

things to be taken care of like dude

1810

01:18:34,610 --> 01:18:33,300

yeah money does make make a huge

1811

01:18:36,169 --> 01:18:34,620

difference so like

1812

01:18:38,090 --> 01:18:36,179

I'm gonna take this to the left field

1813

01:18:41,030 --> 01:18:38,100

real quick but like if you were in a ET

1814

01:18:43,130 --> 01:18:41,040

race coming from that experience of like

1815

01:18:45,169 --> 01:18:43,140

we figured everything out there is no up

1816

01:18:47,930 --> 01:18:45,179

and down we're just kind of existing we

1817

01:18:51,110 --> 01:18:47,940

were like whatever

1818

01:18:56,030 --> 01:18:51,120

if they want to experience uh like a

1819

01:18:58,669 --> 01:18:56,040

true experience uh that isn't that high

1820

01:19:01,490 --> 01:18:58,679

and low I could I could see myself as an

1821

01:19:03,649 --> 01:19:01,500

E.T coming down here and and being like

1822

01:19:05,510 --> 01:19:03,659

okay [h__h]

1823

01:19:07,370 --> 01:19:05,520

I know some [h__h] they don't I could

1824

01:19:08,990 --> 01:19:07,380

probably make more there's this economy

1825

01:19:11,390 --> 01:19:09,000

thing oh yeah no no I figured that out

1826

01:19:13,669 --> 01:19:11,400

like yesterday like I could come down to

1827

01:19:15,410 --> 01:19:13,679

earth live in a human body and be a

1828

01:19:17,149 --> 01:19:15,420

multi-millionaire and I'm gonna call

1829

01:19:18,410 --> 01:19:17,159

myself Warren Buffett I think that's a

1830

01:19:20,270 --> 01:19:18,420

good name it sounds like a good human

1831

01:19:22,970 --> 01:19:20,280

name right Warren Buffett did you say

1832

01:19:24,410 --> 01:19:22,980

did you say Lauren Buffett no Warren

1833

01:19:28,570 --> 01:19:24,420

Buffett oh

1834

01:19:33,530 --> 01:19:30,790

Buffett no

1835

01:19:35,689 --> 01:19:33,540

but like dude if you're an ET bro I

1836

01:19:38,510 --> 01:19:35,699

would totally come down here like

1837

01:19:40,970 --> 01:19:38,520

in Disguise as Elon Musk and just be

1838

01:19:45,709 --> 01:19:43,130

let's go

1839

01:19:47,930 --> 01:19:45,719

like that that would be kind of the idea

1840

01:19:50,630 --> 01:19:47,940

I don't know

1841

01:19:57,350 --> 01:19:50,640

which would explain uh the reptilians in

1842

01:20:00,770 --> 01:19:59,209

going with this because it's like 9 30.

1843

01:20:03,950 --> 01:20:00,780

we got about 30 more minutes I still

1844

01:20:05,930 --> 01:20:03,960

want to get into nope a little bit yeah

1845

01:20:08,689 --> 01:20:05,940

I guess the reason I'm I'm bringing this

1846

01:20:11,090 --> 01:20:08,699

up is because okay

1847

01:20:12,830 --> 01:20:11,100

this guy is being channeled they're

1848

01:20:13,910 --> 01:20:12,840

telling him look you can rejuvenate your

1849

01:20:16,790 --> 01:20:13,920

body

1850

01:20:18,530 --> 01:20:16,800

through harmonics

1851

01:20:20,030 --> 01:20:18,540

um also

1852

01:20:22,010 --> 01:20:20,040

um every thought you've ever had has

1853

01:20:23,630 --> 01:20:22,020

already existed every all the

1854

01:20:25,970 --> 01:20:23,640

information already exists in the

1855

01:20:27,890 --> 01:20:25,980

universe even information that hasn't

1856

01:20:29,930 --> 01:20:27,900

been thought of yet that it will be

1857

01:20:32,209 --> 01:20:29,940

thought of in the future it already

1858

01:20:34,910 --> 01:20:32,219

exists in the universe

1859

01:20:37,850 --> 01:20:34,920

um and and the the people that populate

1860

01:20:40,010 --> 01:20:37,860

your entire planet are a mixture of this

1861

01:20:43,910 --> 01:20:40,020

race called the adamus race

1862

01:20:46,790 --> 01:20:43,920

and uh and and the uh uh the the eve

1863

01:20:48,410 --> 01:20:46,800

race of of the planet that you're from

1864

01:20:49,729 --> 01:20:48,420

we're not we're not those people we're

1865

01:20:51,050 --> 01:20:49,739

just telling you that's what happened

1866

01:20:53,090 --> 01:20:51,060

right

1867

01:20:55,850 --> 01:20:53,100

um and so like it's kind of crazy that

1868

01:20:59,090 --> 01:20:55,860

like he gets this message then you then

1869

01:21:01,970 --> 01:20:59,100

you hear other abductees and they say oh

1870

01:21:04,550 --> 01:21:01,980

well my mission is to

1871

01:21:05,990 --> 01:21:04,560

um not pollute the planet and then you

1872

01:21:07,490 --> 01:21:06,000

have other

1873

01:21:09,950 --> 01:21:07,500

um people who have been contacting to

1874

01:21:11,810 --> 01:21:09,960

say oh well nuclear war is bad right

1875

01:21:13,550 --> 01:21:11,820

obviously right

1876
01:21:15,590 --> 01:21:13,560
um then you have some people that are

1877
01:21:16,970 --> 01:21:15,600
contacted and they're like there is no

1878
01:21:19,070 --> 01:21:16,980
meaning to anything

1879
01:21:20,870 --> 01:21:19,080
then some people are contacted and

1880
01:21:23,149 --> 01:21:20,880
they're just like look

1881
01:21:25,310 --> 01:21:23,159
terrified there is no nothing this is

1882
01:21:27,649 --> 01:21:25,320
terrifying they will take you they they

1883
01:21:29,689 --> 01:21:27,659
will do experiments on you and they will

1884
01:21:31,669 --> 01:21:29,699
terrify you and torture you the rest of

1885
01:21:34,550 --> 01:21:31,679
your life and there's no escape from it

1886
01:21:37,189 --> 01:21:34,560
it is an eternal hell that you will

1887
01:21:39,410 --> 01:21:37,199
suffer until you die yeah right and

1888
01:21:42,830 --> 01:21:39,420

there's so many different messages that

1889

01:21:47,870 --> 01:21:45,770

and it's like wow sounds like a

1890

01:21:50,750 --> 01:21:47,880

Transmissions well all of these messages

1891

01:21:52,910 --> 01:21:50,760

when you put them together boy doesn't

1892

01:21:55,970 --> 01:21:52,920

that sound like the story of life don't

1893

01:21:57,169 --> 01:21:55,980

pollute [\h__\h] be nice hey you don't

1894

01:21:58,850 --> 01:21:57,179

really know what's going on you don't

1895

01:22:00,709 --> 01:21:58,860

really own this planet

1896

01:22:03,950 --> 01:22:00,719

also if you get mixed up with the wrong

1897

01:22:06,709 --> 01:22:03,960

people your life's gonna be hell

1898

01:22:09,110 --> 01:22:06,719

it sounds like just the same [\h__\h] we're

1899

01:22:11,750 --> 01:22:09,120

learning now here currently on Earth

1900

01:22:14,270 --> 01:22:11,760

just on a galactic scale everybody has

1901

01:22:15,649 --> 01:22:14,280

like a different piece of the story and

1902

01:22:17,450 --> 01:22:15,659

it's like they're telling me the truth

1903

01:22:18,709 --> 01:22:17,460

they're telling me the truth they're

1904

01:22:19,970 --> 01:22:18,719

telling me the truth well maybe yeah

1905

01:22:21,470 --> 01:22:19,980

maybe they're all telling you like a

1906

01:22:23,510 --> 01:22:21,480

little piece of the truth that would be

1907

01:22:25,970 --> 01:22:23,520

like if like the biggest Nations on the

1908

01:22:28,370 --> 01:22:25,980

planet right rent to like a remote

1909

01:22:30,590 --> 01:22:28,380

island that didn't know anything about

1910

01:22:33,229 --> 01:22:30,600

anybody else other than the existence of

1911

01:22:35,149 --> 01:22:33,239

its own Island and everybody went there

1912

01:22:37,010 --> 01:22:35,159

and told them like kind of what the

1913

01:22:38,689 --> 01:22:37,020

world is about right we would all say

1914

01:22:40,010 --> 01:22:38,699

different [h__h] wait are they all there

1915

01:22:41,450 --> 01:22:40,020

at the same time because they would just

1916

01:22:43,010 --> 01:22:41,460

be complaining towards each other and

1917

01:22:46,370 --> 01:22:43,020

well maybe they're all just hanging out

1918

01:22:48,410 --> 01:22:46,380

on ships off on the off the island where

1919

01:22:50,290 --> 01:22:48,420

you know these tribes people can't see

1920

01:22:53,090 --> 01:22:50,300

them and then they take little boats

1921

01:22:55,130 --> 01:22:53,100

onto the island and they get off and

1922

01:22:57,290 --> 01:22:55,140

they explain to them and then they leave

1923

01:22:58,790 --> 01:22:57,300

and then a new group comes which is

1924

01:23:01,910 --> 01:22:58,800

exactly what could be here they could

1925

01:23:03,590 --> 01:23:01,920

just be on giant boats we can't see them

1926

01:23:05,510 --> 01:23:03,600

and there's just little ones coming down

1927

01:23:07,310 --> 01:23:05,520

visiting us every now and then to this

1928

01:23:09,530 --> 01:23:07,320

little island kind of explaining the

1929

01:23:12,290 --> 01:23:09,540

world to them so whenever they get there

1930

01:23:14,270 --> 01:23:12,300

they're not too uh taken back by what

1931

01:23:16,250 --> 01:23:14,280

they see so it's just like us we go to

1932

01:23:17,750 --> 01:23:16,260

this island and we're gonna Advance them

1933

01:23:20,030 --> 01:23:17,760

a little bit but we want you to know a

1934

01:23:21,830 --> 01:23:20,040

little bit about the world

1935

01:23:24,050 --> 01:23:21,840

um before you get there so you're not

1936

01:23:26,149 --> 01:23:24,060

completely blown away and so now the

1937

01:23:27,890 --> 01:23:26,159

tribe is talking amongst each other and

1938

01:23:29,630 --> 01:23:27,900

one tribes and members says we should

1939

01:23:31,669 --> 01:23:29,640

not use nuclear war that's what they

1940

01:23:33,890 --> 01:23:31,679

told me and the other tribes guy says oh

1941

01:23:36,229 --> 01:23:33,900

they told me not to pollute the water

1942

01:23:37,790 --> 01:23:36,239

and the other tribes guy said look

1943

01:23:39,830 --> 01:23:37,800

whatever you think is going on your

1944

01:23:41,810 --> 01:23:39,840

little island it's a lot bigger than

1945

01:23:43,790 --> 01:23:41,820

that right we don't know anything right

1946

01:23:46,490 --> 01:23:43,800

so all these trash people got different

1947

01:23:47,990 --> 01:23:46,500

ideas about how the world works I feel

1948

01:23:49,550 --> 01:23:48,000

like it's kind of the same with us we're

1949

01:23:51,709 --> 01:23:49,560

all just getting little different pieces

1950

01:23:53,270 --> 01:23:51,719

of how the universe works it turns out

1951

01:23:55,310 --> 01:23:53,280

it's not too different than just the

1952

01:23:57,290 --> 01:23:55,320

same basic rules and fundamentals that

1953

01:24:00,770 --> 01:23:57,300

we live by here on Earth

1954

01:24:04,310 --> 01:24:02,570

and there's there's always going to be

1955

01:24:06,530 --> 01:24:04,320

like like four or five dudes in that

1956

01:24:08,990 --> 01:24:06,540

tribe that are like

1957

01:24:11,330 --> 01:24:09,000

I talked to yosefri as well yesterday

1958

01:24:14,209 --> 01:24:11,340

and he told me this and they're like no

1959

01:24:16,490 --> 01:24:14,219

we didn't he's so [h__\h] liar dude no

1960

01:24:18,410 --> 01:24:16,500

he didn't and then the other two were

1961

01:24:19,910 --> 01:24:18,420

like no he's a great guy I know I mean

1962

01:24:21,649 --> 01:24:19,920

like you would never lie and the other

1963

01:24:23,330 --> 01:24:21,659

two were like I talked to him today he's

1964

01:24:25,070 --> 01:24:23,340

like a great guy he's like he's telling

1965

01:24:28,070 --> 01:24:25,080

me all this stuff he's trying to help us

1966

01:24:29,630 --> 01:24:28,080

he's trying to help us meanwhile he's

1967

01:24:31,970 --> 01:24:29,640

like yeah I don't know man I was just

1968

01:24:33,290 --> 01:24:31,980

there they told me to come to this

1969

01:24:36,290 --> 01:24:33,300

island I was just telling them what they

1970

01:24:37,630 --> 01:24:36,300

told me to tell him and yeah oh now he's

1971

01:24:40,130 --> 01:24:37,640

all mad about

1972

01:24:41,870 --> 01:24:40,140

and now everybody's arguing and like

1973

01:24:43,729 --> 01:24:41,880

that's not the point they're like we're

1974

01:24:45,709 --> 01:24:43,739

trying to help and we messed it up now

1975

01:24:48,530 --> 01:24:45,719

everybody's arguing not that's not the

1976

01:24:51,050 --> 01:24:48,540

point is the point is to that that the

1977

01:24:53,090 --> 01:24:51,060

big picture is like

1978

01:24:54,530 --> 01:24:53,100

okay like this in this scenario I love

1979

01:24:58,970 --> 01:24:54,540

this dude this is such a great scenario

1980

01:25:00,950 --> 01:24:58,980

so this huge chip is off uh in the bay

1981

01:25:03,290 --> 01:25:00,960

they've been sitting smaller ships the

1982

01:25:04,610 --> 01:25:03,300

huge ship off of the Bay they come with

1983

01:25:05,990 --> 01:25:04,620

good intentions they're like hey we just

1984

01:25:07,850 --> 01:25:06,000

want to learn more about you also tell

1985

01:25:09,290 --> 01:25:07,860

you that like some [h__h] up [h__h]

1986

01:25:11,830 --> 01:25:09,300

happened in the world and you're gonna

1987

01:25:14,149 --> 01:25:11,840

hear it sooner or later okay it's coming

1988

01:25:16,669 --> 01:25:14,159

yeah we're gonna we're trying to like

1989

01:25:19,490 --> 01:25:16,679

prepare you for in some kind of way we

1990

01:25:22,430 --> 01:25:19,500

does a 5G Network Tower coming to this

1991

01:25:26,689 --> 01:25:24,229

that's the reason we're here we're we're

1992

01:25:29,270 --> 01:25:26,699

gonna make them look just like trees hi

1993

01:25:31,250 --> 01:25:29,280

my name is Jeff I'm from at T I wanna

1994

01:25:35,090 --> 01:25:31,260

know if I could have a Millennials time

1995

01:25:39,470 --> 01:25:38,030

I come in peace like look yes we came

1996

01:25:41,330 --> 01:25:39,480

here with a good message

1997

01:25:43,850 --> 01:25:41,340

I'm just uh just letting you know like

1998

01:25:45,169 --> 01:25:43,860

like civilizations coming whether we

1999

01:25:46,610 --> 01:25:45,179

just wanted to be first so we could give

2000

01:25:48,050 --> 01:25:46,620

you a little bit of our agenda but like

2001
01:25:49,310 --> 01:25:48,060
also be good guys we're actually good

2002
01:25:51,470 --> 01:25:49,320
guys

2003
01:25:53,030 --> 01:25:51,480
but also we're gonna put a 5G Tower

2004
01:25:54,890 --> 01:25:53,040
right in the center that's where we need

2005
01:25:56,510 --> 01:25:54,900
it to be right where your TP goes and

2006
01:25:58,070 --> 01:25:56,520
then don't touch it you'll die don't

2007
01:26:00,709 --> 01:25:58,080
touch it

2008
01:26:02,330 --> 01:26:00,719

hell yeah I did

2077

2079

01:28:45,169 --> 01:28:43,560

Biz you know

2080

01:28:48,169 --> 01:28:45,179

uh with her collaboration with

2081

01:28:51,290 --> 01:28:48,179

chupacabra an amazing artist uh

2082

01:28:53,629 --> 01:28:51,300

illustrator uh up and Rising Star

2083

01:28:55,610 --> 01:28:53,639

amazing speaker we did a collaboration

2084

01:28:57,169 --> 01:28:55,620

with them a couple months ago he's he's

2085

01:28:59,030 --> 01:28:57,179

kind of going off in his own so actually

2086

01:29:01,910 --> 01:28:59,040

I'm thinking we might we might need to

2087

01:29:04,910 --> 01:29:01,920

take these designs down just so he can

2088

01:29:06,530 --> 01:29:04,920

solely profit off of off of his work I

2089

01:29:08,990 --> 01:29:06,540

mean this was a collaboration I think

2090

01:29:10,910 --> 01:29:09,000

it's time for for us to just maybe we'll

2091

01:29:12,950 --> 01:29:10,920

just do a link to like hey go check out

2092

01:29:14,270 --> 01:29:12,960

his [h__h] instead of buying it through

2093

01:29:20,890 --> 01:29:14,280

our site

2094

01:29:26,750 --> 01:29:24,169

illustration invisible college and the

2095

01:29:28,729 --> 01:29:26,760

chupacabra which is uh Tupac as an alien

2096

01:29:31,490 --> 01:29:28,739

which is freaking amazing uh that's the

2097

01:29:33,310 --> 01:29:31,500

original ego death design yeah we got

2098

01:29:36,470 --> 01:29:33,320

all kinds of stuff on UFO

2099

01:29:38,830 --> 01:29:36,480

garagepodcast.com what dude hey man

2100

01:29:42,169 --> 01:29:38,840

Terry Hall said something funny he goes

2101
01:29:46,070 --> 01:29:42,179
aliens land at the Vatican the pope asks

2102
01:29:48,110 --> 01:29:46,080
hey you believe in Jesus alien lights up

2103
01:29:50,689 --> 01:29:48,120
and says of course it comes to our

2104
01:29:53,870 --> 01:29:50,699
planet every year we have a planet-wide

2105
01:29:55,790 --> 01:29:53,880
celebration he is King what do you all

2106
01:29:58,129 --> 01:29:55,800
do

2107
01:30:00,410 --> 01:29:58,139
laughs

2108
01:30:06,229 --> 01:30:00,420
well let's crucified him changing the uh

2109
01:30:12,830 --> 01:30:09,530
240 dude oh my God

2110
01:30:15,410 --> 01:30:12,840
so funny all right dude nope

2111
01:30:16,970 --> 01:30:15,420
nope nope oh [h__h] I was just gonna say

2112
01:30:22,149 --> 01:30:16,980
uh

2113
01:30:24,530 --> 01:30:22,159

Rise we were talking about his merch

2114

01:30:27,709 --> 01:30:24,540

hell yeah what's up brother thanks for

2115

01:30:29,810 --> 01:30:27,719

joining us tonight man what's up man uh

2116

01:30:31,750 --> 01:30:29,820

yeah let's talk about nope dude no

2117

01:30:37,490 --> 01:30:31,760

spoilers

2118

01:30:39,430 --> 01:30:37,500

but uh so Joe you and I I bought us

2119

01:30:41,990 --> 01:30:39,440

tickets I bought four seats

2120

01:30:43,669 --> 01:30:42,000

a couple months ago and it was still a

2121

01:30:45,290 --> 01:30:43,679

couple months ago and it was still in

2122

01:30:47,330 --> 01:30:45,300

theaters last month

2123

01:30:48,590 --> 01:30:47,340

and I got kovid the week that we were

2124

01:30:53,570 --> 01:30:48,600

supposed to go

2125

01:30:56,030 --> 01:30:53,580

so we missed it and two nights ago

2126
01:30:59,330 --> 01:30:56,040
two nights ago I I saw that it was

2127
01:31:00,430 --> 01:30:59,340
available on on Apple TV to rent nope

2128
01:31:06,350 --> 01:31:00,440
dude

2129
01:31:07,790 --> 01:31:06,360
Jordan peel bro puts together

2130
01:31:09,290 --> 01:31:07,800
you know it's funny because I was

2131
01:31:11,090 --> 01:31:09,300
talking to Josh and he said black people

2132
01:31:12,110 --> 01:31:11,100
don't get abducted I don't know if

2133
01:31:14,870 --> 01:31:12,120
that's true

2134
01:31:16,790 --> 01:31:14,880
really that's what he says he says Hey

2135
01:31:18,890 --> 01:31:16,800
I've actually I've actually heard him

2136
01:31:20,750 --> 01:31:18,900
talk about this in the past look I'm a

2137
01:31:22,430 --> 01:31:20,760
black guy I can tell you firsthand black

2138
01:31:24,350 --> 01:31:22,440

people don't get abducted

2139

01:31:25,490 --> 01:31:24,360

I mean he said we don't get scared by

2140

01:31:26,990 --> 01:31:25,500

ghosts either

2141

01:31:28,550 --> 01:31:27,000

but that's because they never go to

2142

01:31:32,330 --> 01:31:28,560

locations where there could possibly be

2143

01:31:34,070 --> 01:31:32,340

a close he says I don't know he would if

2144

01:31:36,890 --> 01:31:34,080

he was there that's what that because he

2145

01:31:40,129 --> 01:31:36,900

proved the point exactly if if he would

2146

01:31:43,129 --> 01:31:40,139

go to uh with a couple of of Ghost

2147

01:31:44,930 --> 01:31:43,139

Hunters to to a spooky location he would

2148

01:31:47,450 --> 01:31:44,940

see he would see him

2149

01:31:52,490 --> 01:31:47,460

yeah he would

2150

01:31:55,129 --> 01:31:52,500

I could just imagine him enough

2151
01:31:56,810 --> 01:31:55,139
he would be hilarious people would be so

2152
01:32:01,669 --> 01:31:56,820
funny

2153
01:32:04,070 --> 01:32:01,679
that's exactly that's what I told him I

2154
01:32:05,750 --> 01:32:04,080
saw I said Barney and Betty White and he

2155
01:32:09,890 --> 01:32:05,760
said well that's because he was hanging

2156
01:32:14,930 --> 01:32:12,790
that's what he is

2157
01:32:16,790 --> 01:32:14,940
twice that's what happens when you hang

2158
01:32:20,510 --> 01:32:16,800
out with white women

2159
01:32:23,250 --> 01:32:22,490
dude honestly there might be something

2160
01:32:24,470 --> 01:32:23,260
to it

2161
01:32:27,229 --> 01:32:24,480
[Music]

2162
01:32:28,610 --> 01:32:27,239
he's like no black people are getting

2163
01:32:30,250 --> 01:32:28,620

because we were talking about I was like

2164

01:32:35,590 --> 01:32:30,260

dude don't you think that's crazy Joe

2165

01:32:42,610 --> 01:32:38,990

uh which then got me thinking we should

2166

01:32:44,870 --> 01:32:42,620

do a Black History Month abduction thing

2167

01:32:47,090 --> 01:32:44,880

and then I wanted to see how many

2168

01:32:49,330 --> 01:32:47,100

stories we could fill out of black

2169

01:32:51,890 --> 01:32:49,340

people being abducted

2170

01:32:54,129 --> 01:32:51,900

I think I feel like it happens way more

2171

01:32:56,149 --> 01:32:54,139

often dude there's a couple things

2172

01:32:58,370 --> 01:32:56,159

there's a couple people that I follow on

2173

01:33:01,550 --> 01:32:58,380

Tick Tock um that have paranormal

2174

01:33:02,810 --> 01:33:01,560

experiences and UFO experiences but I

2175

01:33:05,830 --> 01:33:02,820

can't speak to that I can't like you

2176

01:33:09,229 --> 01:33:05,840

know speak for them but

2177

01:33:12,590 --> 01:33:09,239

there was this chick that did this uh

2178

01:33:16,250 --> 01:33:12,600

interview uh on on

2179

01:33:19,310 --> 01:33:16,260

uh on Tick Tock of

2180

01:33:22,209 --> 01:33:19,320

ah [h__h] Andrew gnomes Trucking said

2181

01:33:25,149 --> 01:33:22,219

white ghosts can't jump so

2182

01:33:29,209 --> 01:33:25,159

sure they flow dude

2183

01:33:33,169 --> 01:33:29,219

uh anyway I'm trying to like figure this

2184

01:33:36,290 --> 01:33:33,179

[h__h] out like live no uh we should do we

2185

01:33:40,430 --> 01:33:36,300

should do that episode though uh but

2186

01:33:43,010 --> 01:33:40,440

dude we uh is is Josh coming out on uh

2187

01:33:44,870 --> 01:33:43,020

for the for the retreat

2188

01:33:46,490 --> 01:33:44,880

dude he might

2189

01:33:48,470 --> 01:33:46,500

I have to I have to like keep him

2190

01:33:50,149 --> 01:33:48,480

updated again because that's when I

2191

01:33:51,470 --> 01:33:50,159

talked to him he was like yeah that

2192

01:33:53,570 --> 01:33:51,480

sounds like a phone when he was there

2193

01:33:56,149 --> 01:33:53,580

Terry Loveless thing he was saying [h__h]

2194

01:33:58,129 --> 01:33:56,159

yeah let's go yeah yeah because he wants

2195

01:34:01,490 --> 01:33:58,139

to see aliens in or UFOs or whatever I

2196

01:34:03,110 --> 01:34:01,500

feel like if we get him there and and a

2197

01:34:05,030 --> 01:34:03,120

bunch of other people believe that

2198

01:34:07,550 --> 01:34:05,040

they're gonna see something we will see

2199

01:34:09,709 --> 01:34:07,560

something we kind of invite Samantha

2200

01:34:13,490 --> 01:34:09,719

Moet out dude

2201

01:34:18,830 --> 01:34:16,189

dude there's a there's enough power in

2202

01:34:20,510 --> 01:34:18,840

her entity that we will it doesn't

2203

01:34:22,669 --> 01:34:20,520

matter how many naysayers or

2204

01:34:24,649 --> 01:34:22,679

non-believers there are and I'm not you

2205

01:34:26,750 --> 01:34:24,659

know Josh isn't a non-believer he just

2206

01:34:31,729 --> 01:34:26,760

you know hasn't hasn't seen anything yet

2207

01:34:32,810 --> 01:34:31,739

yeah just takes that one time dude dude

2208

01:34:35,149 --> 01:34:32,820

um

2209

01:34:37,370 --> 01:34:35,159

the borders are open bro

2210

01:34:39,169 --> 01:34:37,380

let's hit her up bro it's a very short

2211

01:34:41,689 --> 01:34:39,179

notice well I guess it's a month we'll

2212

01:34:43,729 --> 01:34:41,699

be like hey look Simon and Mr Crowley

2213

01:34:46,189 --> 01:34:43,739

paid for your plane ticket okay

2214

01:34:48,649 --> 01:34:46,199

we'll just fly you down here

2215

01:34:49,750 --> 01:34:48,659

and I mean I feel like we're like rich

2216

01:34:51,890 --> 01:34:49,760

now

2217

01:34:53,689 --> 01:34:51,900

that was an amazing

2218

01:34:55,729 --> 01:34:53,699

amazing battle

2219

01:34:58,689 --> 01:34:55,739

our monthly profits are crazy this like

2220

01:35:03,649 --> 01:35:01,850

oh dude yeah Google there's like a

2221

01:35:05,750 --> 01:35:03,659

hundred dollar threshold and and we did

2222

01:35:07,790 --> 01:35:05,760

we did not meet that threshold last two

2223

01:35:10,070 --> 01:35:07,800

months so uh I think you guys got us

2224

01:35:11,510 --> 01:35:10,080

over that hunt boys thank you

2225

01:35:13,430 --> 01:35:11,520

Crowley can you bring some of your

2226

01:35:14,750 --> 01:35:13,440

friends that that went on Janet flights

2227

01:35:20,290 --> 01:35:14,760

with you

2228

01:35:25,729 --> 01:35:23,090

paranormal says come to Canada

2229

01:35:27,350 --> 01:35:25,739

ah dude if we come to Canada we will

2230

01:35:29,510 --> 01:35:27,360

come to Canada but we're getting jackets

2231

01:35:31,729 --> 01:35:29,520

we'll probably get uh kind of visit Dave

2232

01:35:33,530 --> 01:35:31,739

Scott for a little bit

2233

01:35:34,669 --> 01:35:33,540

and say what's up fool say what's up

2234

01:35:38,930 --> 01:35:34,679

fool

2235

01:35:41,209 --> 01:35:38,940

and then uh ride ride moose back to stay

2236

01:35:42,310 --> 01:35:41,219

in your stay in your uh in your living

2237

01:35:47,950 --> 01:35:42,320

room

2238

01:35:52,010 --> 01:35:49,850

what's up

2239

01:35:54,350 --> 01:35:52,020

sad

2240

01:35:56,530 --> 01:35:54,360

you see Dave running down the driveway

2241

01:35:59,870 --> 01:35:56,540

his long dirt driveway he talks about

2242

01:36:04,070 --> 01:36:01,850

and so I was dry running down my

2243

01:36:06,950 --> 01:36:04,080

driveway for five minutes

2244

01:36:08,530 --> 01:36:06,960

way out in the night we have to do it at

2245

01:36:12,350 --> 01:36:08,540

like like two in the morning

2246

01:36:13,970 --> 01:36:12,360

it's got diaper no no we have to like go

2247

01:36:15,649 --> 01:36:13,980

tap on his window

2248

01:36:18,169 --> 01:36:15,659

oh that'd be kind of maybe that'd be

2249

01:36:22,990 --> 01:36:18,179

kind of [h__h] up because that's just

2250

01:36:28,370 --> 01:36:26,810

you didn't answer the door it was us how

2251

01:36:30,970 --> 01:36:28,380

come you didn't answer the door full

2252

01:36:36,470 --> 01:36:34,310

it was like a case of beer right there

2253

01:36:37,450 --> 01:36:36,480

they're like one like a six-pack and

2254

01:36:41,270 --> 01:36:37,460

ones

2255

01:36:42,770 --> 01:36:41,280

it's like only five beers yeah

2256

01:36:45,229 --> 01:36:42,780

um it says

2257

01:36:46,310 --> 01:36:45,239

it says

2258

01:36:48,110 --> 01:36:46,320

um

2259

01:36:51,470 --> 01:36:48,120

I brought

2260

01:36:53,750 --> 01:36:51,480

okay wait what would the note say nice

2261

01:36:55,370 --> 01:36:53,760

how come how come you didn't answer the

2262

01:36:57,649 --> 01:36:55,380

door full

2263

01:36:59,350 --> 01:36:57,659

me and Sasquatch came by tonight love

2264

01:37:01,430 --> 01:36:59,360

Carl

2265

01:37:05,110 --> 01:37:01,440

and then and then there's like a little

2266

01:37:10,430 --> 01:37:05,120

PS his name is Squatch

2267

01:37:16,189 --> 01:37:13,610

and he loves breakfast for dinner

2268

01:37:28,669 --> 01:37:19,610

those are some deep cuts big hugs little

2269

01:37:34,370 --> 01:37:32,810

dog face boys good bro been to start uh

2270

01:37:37,430 --> 01:37:34,380

ten dollars for Ben to start an argument

2271

01:37:39,770 --> 01:37:37,440

with Karen on the plane oh my God

2272

01:37:42,890 --> 01:37:39,780

bro

2273

01:37:45,050 --> 01:37:42,900

I was gonna say uh so last time I was on

2274

01:37:46,910 --> 01:37:45,060

a plane there was this woman when we

2275

01:37:48,470 --> 01:37:46,920

landed on the tarmac in Austin we were

2276

01:37:50,750 --> 01:37:48,480

there for like 40 minutes and she was on

2277

01:37:53,629 --> 01:37:50,760

the plane right behind me on the phone

2278

01:37:55,250 --> 01:37:53,639

speakerphone yeah oh sorry not

2279

01:37:58,370 --> 01:37:55,260

speakerphone but like she was holding

2280

01:38:01,310 --> 01:37:58,380

her face oh like her phone far away yeah

2281

01:38:03,169 --> 01:38:01,320

so she would like yell and then and then

2282

01:38:04,970 --> 01:38:03,179

listen

2283

01:38:07,250 --> 01:38:04,980

um and the only reason I know that is

2284

01:38:09,890 --> 01:38:07,260

because I kept looking back at her like

2285

01:38:13,250 --> 01:38:09,900

really like you you're just having this

2286

01:38:15,590 --> 01:38:13,260

conversation the whole plane is silent

2287

01:38:17,090 --> 01:38:15,600

and like I was I was like hungover I was

2288

01:38:19,610 --> 01:38:17,100

like I just got done with a bachelor

2289

01:38:25,490 --> 01:38:22,610

Ben doesn't lose lose his [h__h] okay but

2290

01:38:27,350 --> 01:38:25,500

Ben almost lost his [h__h]

2291

01:38:31,550 --> 01:38:27,360

uh you were giving her that baby powder

2292

01:38:38,410 --> 01:38:33,709

turn around put your hand on my leg

2293

01:38:42,050 --> 01:38:40,610

just falling all over your hand just

2294

01:38:44,050 --> 01:38:42,060

gonna say something else [h__h] say

2295

01:38:48,410 --> 01:38:44,060

something

2296

01:38:50,390 --> 01:38:48,420

I got off the plane around 7 30. just a

2297

01:38:52,250 --> 01:38:50,400

little handful of baby powder a slap her

2298

01:38:53,510 --> 01:38:52,260

across the face shut up we all know

2299

01:38:55,610 --> 01:38:53,520

you're getting here at 7 30 that's what

2300

01:38:57,410 --> 01:38:55,620

the ticket says when she was what she

2301
01:38:59,390 --> 01:38:57,420
was saying over and over was like I know

2302
01:39:02,209 --> 01:38:59,400
baby I just love the way you're just so

2303
01:39:06,169 --> 01:39:02,219
good to me baby oh my goodness I hope

2304
01:39:09,110 --> 01:39:06,179
aim your sexy too oh my goodness and you

2305
01:39:10,370 --> 01:39:09,120
did all that oh and and you did all

2306
01:39:12,890 --> 01:39:10,380
hello

2307
01:39:14,930 --> 01:39:12,900
and you clean them glasses you know

2308
01:39:16,370 --> 01:39:14,940
those you know we only use those for

2309
01:39:18,229 --> 01:39:16,380
special occasions I appreciate you

2310
01:39:21,110 --> 01:39:18,239
putting them up on that that high

2311
01:39:22,850 --> 01:39:21,120
counter I know you can't reach it but it

2312
01:39:24,709 --> 01:39:22,860
looks like very specific

2313
01:39:26,870 --> 01:39:24,719

they're like chore based it was like

2314

01:39:28,250 --> 01:39:26,880

thank you for doing the chores yeah it's

2315

01:39:29,930 --> 01:39:28,260

like you wanted everybody to know like

2316

01:39:32,570 --> 01:39:29,940

she

2317

01:39:35,270 --> 01:39:32,580

pants yeah I hate people that like to

2318

01:39:38,209 --> 01:39:35,280

have come nope we gotta get in a nope we

2319

01:39:40,550 --> 01:39:38,219

got four minutes Simon Says talk about

2320

01:39:44,450 --> 01:39:40,560

nope uh

2321

01:39:47,990 --> 01:39:44,460

uh all right well no spoilers guys uh I

2322

01:39:51,169 --> 01:39:48,000

I watched nope I'll say this dude I was

2323

01:39:53,870 --> 01:39:51,179

I was terrified okay

2324

01:39:56,570 --> 01:39:53,880

no I haven't been terrified by a movie

2325

01:39:57,830 --> 01:39:56,580

and so [h__h] locked dude so [h__h]

2326

01:39:59,570 --> 01:39:57,840

long

2327

01:40:03,530 --> 01:39:59,580

I was terrified

2328

01:40:04,970 --> 01:40:03,540

and then I laughed it was so funny and

2329

01:40:10,790 --> 01:40:04,980

then

2330

01:40:12,830 --> 01:40:10,800

certain things like it like it takes a

2331

01:40:15,169 --> 01:40:12,840

lot for for a movie or a documentary to

2332

01:40:17,090 --> 01:40:15,179

make you curious like yeah there's a

2333

01:40:19,850 --> 01:40:17,100

difference I guess it's like you want to

2334

01:40:21,410 --> 01:40:19,860

know what's next is is one thing but if

2335

01:40:22,430 --> 01:40:21,420

you're curious you're like oh [h__h] I

2336

01:40:26,090 --> 01:40:22,440

want to know

2337

01:40:28,970 --> 01:40:26,100

not why they chose to

2338

01:40:31,370 --> 01:40:28,980

ask this question in the film but what's

2339

01:40:34,010 --> 01:40:31,380

the bigger picture behind it like yeah

2340

01:40:35,510 --> 01:40:34,020

like in the film in that Zeitgeist in

2341

01:40:37,490 --> 01:40:35,520

the film it makes sense to ask a

2342

01:40:39,590 --> 01:40:37,500

question but why are they asking that

2343

01:40:42,649 --> 01:40:39,600

question is as a whole like how does it

2344

01:40:44,689 --> 01:40:42,659

uh transpire outside of that film that's

2345

01:40:46,610 --> 01:40:44,699

what it kept asking me like

2346

01:40:50,390 --> 01:40:46,620

when I when I when I talk about the the

2347

01:40:53,270 --> 01:40:50,400

film I I say I I was I was terrified

2348

01:40:55,310 --> 01:40:53,280

I was entertained and I was inspired

2349

01:40:57,169 --> 01:40:55,320

and that's that's what makes a [h__h]

2350

01:41:00,890 --> 01:40:57,179

great movie and I don't anybody that

2351

01:41:04,070 --> 01:41:00,900

says that that movie's dog [h__h]

2352

01:41:06,350 --> 01:41:04,080

I mean what's the expectation like what

2353

01:41:09,229 --> 01:41:06,360

expectation did they set and how are

2354

01:41:11,030 --> 01:41:09,239

they not met for you like that was they

2355

01:41:14,030 --> 01:41:11,040

didn't tell the truth in this alien

2356

01:41:16,910 --> 01:41:14,040

movie again they didn't show they didn't

2357

01:41:20,209 --> 01:41:16,920

show me that they didn't I'm not in the

2358

01:41:22,729 --> 01:41:20,219

film so I'm I'm disappointed they didn't

2359

01:41:25,970 --> 01:41:22,739

show me real pictures yeah I feel like

2360

01:41:28,310 --> 01:41:25,980

that's any negativity it's like okay you

2361

01:41:32,870 --> 01:41:28,320

were your expectations were misaligned

2362

01:41:34,729 --> 01:41:32,880

sir or ma'am uh but dude great film uh

2363

01:41:37,370 --> 01:41:34,739

one one of the one of the aspects

2364

01:41:39,709 --> 01:41:37,380

without giving away anything

2365

01:41:44,930 --> 01:41:39,719

is that or what you

2366

01:41:47,570 --> 01:41:44,940

what do you see isn't always what is so

2367

01:41:52,270 --> 01:41:47,580

when we when we look at photos and

2368

01:41:55,250 --> 01:41:52,280

videos of UFOs uh talking about

2369

01:41:59,350 --> 01:41:55,260

experiencers uh even even people that

2370

01:42:03,950 --> 01:41:59,360

have filmed UFOs or aliens in real life

2371

01:42:07,609 --> 01:42:03,960

nothing ever is is exactly how you that

2372

01:42:09,950 --> 01:42:07,619

person experiences it so like say you're

2373

01:42:12,229 --> 01:42:09,960

seeing this light in person will you try

2374

01:42:14,510 --> 01:42:12,239

to get it on video

2375

01:42:16,310 --> 01:42:14,520

with your flip phone it just doesn't do

2376

01:42:17,450 --> 01:42:16,320

justice and everybody says the same

2377

01:42:18,669 --> 01:42:17,460

[h__\h] thing you're like well it didn't

2378

01:42:21,590 --> 01:42:18,679

look like that I know it looks like

2379

01:42:24,290 --> 01:42:21,600

looks like a Street Lamp but I swear to

2380

01:42:28,550 --> 01:42:24,300

God it was 40 feet in diameter and I was

2381

01:42:31,070 --> 01:42:28,560

pulsating love and horniness and and

2382

01:42:32,990 --> 01:42:31,080

then like also I was terrified and I did

2383

01:42:34,189 --> 01:42:33,000

[h__\h] in my pants but that's beyond the

2384

01:42:38,450 --> 01:42:34,199

point

2385

01:42:41,649 --> 01:42:38,460

um that theme of of what you see at

2386

01:42:45,530 --> 01:42:41,659

first is not what

2387

01:42:47,450 --> 01:42:45,540

what is perceived is not reality is a

2388

01:42:50,330 --> 01:42:47,460

theme that they did really really well

2389

01:42:51,830 --> 01:42:50,340

they illustrated that really well

2390

01:42:53,450 --> 01:42:51,840

um and they also illustrated the the

2391

01:42:58,490 --> 01:42:53,460

theme of fear

2392

01:43:00,229 --> 01:42:58,500

uh fear starting with uh back to full

2393

01:43:02,209 --> 01:43:00,239

circle with that Cain and Abel thing

2394

01:43:04,189 --> 01:43:02,219

where we were talking about the eve and

2395

01:43:06,530 --> 01:43:04,199

the in the adamus or whatever what was

2396

01:43:09,109 --> 01:43:06,540

the Dominus yeah the adamus people so

2397

01:43:11,570 --> 01:43:09,119

like what's more terrifying dude like

2398

01:43:13,490 --> 01:43:11,580

we're talking about the root of of human

2399

01:43:16,370 --> 01:43:13,500

The Human Condition is we're all about

2400

01:43:18,350 --> 01:43:16,380

survival every decision that we make if

2401

01:43:20,629 --> 01:43:18,360

you think about it

2402

01:43:23,410 --> 01:43:20,639

the root is survival

2403

01:43:26,990 --> 01:43:23,420

other than like laughter and like

2404

01:43:28,970 --> 01:43:27,000

absurdity it all even that sometimes can

2405

01:43:31,310 --> 01:43:28,980

go back to survival like the reason why

2406

01:43:32,689 --> 01:43:31,320

some things are funny can sometimes be

2407

01:43:33,950 --> 01:43:32,699

like well the reason why it was funny

2408

01:43:35,930 --> 01:43:33,960

because because like that guy would

2409

01:43:38,450 --> 01:43:35,940

never have survived in that scenario

2410

01:43:40,430 --> 01:43:38,460

like everything comes that goes back to

2411

01:43:42,229 --> 01:43:40,440

survival so there are elements in this

2412

01:43:44,689 --> 01:43:42,239

film that speak to the human condition

2413

01:43:46,609 --> 01:43:44,699

that have nothing to do with UFOs it's

2414

01:43:48,070 --> 01:43:46,619

everything that we do know that there

2415

01:43:50,510 --> 01:43:48,080

are entities living on this planet

2416

01:43:52,189 --> 01:43:50,520

chimps have you seen the trailer it has

2417

01:43:55,010 --> 01:43:52,199

something to do with chimps

2418

01:43:59,030 --> 01:43:55,020

yeah and our animalistic nature and how

2419

01:44:00,410 --> 01:43:59,040

[h__h] dear not only not only chimps

2420

01:44:03,770 --> 01:44:00,420

can be we know that that's terrifying

2421

01:44:07,370 --> 01:44:03,780

but we know that humans can be the most

2422

01:44:09,229 --> 01:44:07,380

terrifying creature seriously and that's

2423

01:44:10,970 --> 01:44:09,239

that's what strikes fear it's not the

2424

01:44:15,109 --> 01:44:10,980

unknown it's the it's the known it's

2425

01:44:16,970 --> 01:44:15,119

it's the un uh unknown Force that's

2426

01:44:19,430 --> 01:44:16,980

every day you're walking past your

2427

01:44:21,050 --> 01:44:19,440

neighbor saying hello hello goodbye but

2428

01:44:23,570 --> 01:44:21,060

that person can turn around and I'm not

2429

01:44:26,030 --> 01:44:23,580

no spoilers here but like right I'm just

2430

01:44:28,430 --> 01:44:26,040

trying to illustrate that fact that like

2431

01:44:30,169 --> 01:44:28,440

it's oftentimes the most terrifying

2432

01:44:31,669 --> 01:44:30,179

thing isn't a monster it's your next

2433

01:44:33,290 --> 01:44:31,679

door neighbor that could [h__h] kill

2434

01:44:35,510 --> 01:44:33,300

you if the circumstances were right

2435

01:44:39,950 --> 01:44:35,520

right so it's like things aren't always

2436

01:44:42,970 --> 01:44:39,960

as they seem in danger is right behind

2437

01:44:44,770 --> 01:44:42,980

you at all times or it could be you know

2438

01:44:47,390 --> 01:44:44,780

yeah man

2439

01:44:49,430 --> 01:44:47,400

okay okay I'm gonna watch it I'm gonna

2440

01:44:52,370 --> 01:44:49,440

watch it it was a very good description

2441

01:44:54,169 --> 01:44:52,380

we didn't give anything away yes but

2442

01:44:57,050 --> 01:44:54,179

it's you're saying it's worth watching

2443

01:44:58,490 --> 01:44:57,060

and the people who say it's dog [h__h] are

2444

01:44:59,810 --> 01:44:58,500

dummies and they don't know what they're

2445

01:45:00,890 --> 01:44:59,820

talking about oh they're not dummies

2446

01:45:03,830 --> 01:45:00,900

they're just they're they're

2447

01:45:05,930 --> 01:45:03,840

expectations are just misaligned watch

2448

01:45:08,149 --> 01:45:05,940

it again watch it again they're dummies

2449

01:45:10,430 --> 01:45:08,159

it's all right they're dummies just say

2450

01:45:12,709 --> 01:45:10,440

it Ben you know they're dummies

2451

01:45:15,550 --> 01:45:12,719

hey I just wanted him saying man those

2452

01:45:18,350 --> 01:45:15,560

guys that say it's dog [h__h] or a company

2453

01:45:20,390 --> 01:45:18,360

anybody who says that nope is a bad

2454

01:45:24,590 --> 01:45:20,400

movie

2455

01:45:29,149 --> 01:45:26,689

I was trying to go like one step further

2456

01:45:30,770 --> 01:45:29,159

was that weird or like no I think that's

2457

01:45:32,330 --> 01:45:30,780

I think that's perfect that's worse than

2458

01:45:35,629 --> 01:45:32,340

being a dummy right like they like they

2459

01:45:40,490 --> 01:45:37,510

oh my God hey

2460

01:45:43,430 --> 01:45:40,500

I'm sorry I gotta point this out

2461

01:45:46,550 --> 01:45:43,440

actually I'll put it on in a second

2462

01:45:49,490 --> 01:45:46,560

sock sucker I I

2463

01:45:54,050 --> 01:45:51,890

I'm I'm gonna I'm gonna rent it how much

2464

01:45:55,609 --> 01:45:54,060

was it to rent oh it was on forty five

2465

01:45:59,390 --> 01:45:55,619

thousand dollars forty five thousand

2466

01:46:00,890 --> 01:45:59,400

dollars so uh see the way my banking my

2467

01:46:02,510 --> 01:46:00,900

checking and my savings is set up I

2468

01:46:04,189 --> 01:46:02,520

remember that yeah yeah I'll uh yeah

2469

01:46:05,390 --> 01:46:04,199

I'll probably check it out when it you

2470

01:46:06,890 --> 01:46:05,400

know

2471

01:46:08,149 --> 01:46:06,900

when I can watch when it's the same

2472

01:46:10,310 --> 01:46:08,159

music account when they open up because

2473

01:46:11,810 --> 01:46:10,320

like Fridays it's kind of like a weird

2474

01:46:13,310 --> 01:46:11,820

day because like they're a little busy

2475

01:46:15,590 --> 01:46:13,320

in the mornings because everybody's like

2476

01:46:19,030 --> 01:46:15,600

it pays on Friday right okay

2477

01:46:24,709 --> 01:46:22,310

you're so sweet

2478

01:46:26,810 --> 01:46:24,719

she says I'm home she's just watching TV

2479

01:46:29,709 --> 01:46:26,820

love you baby

2480

01:46:32,750 --> 01:46:29,719

and then she says

2481

01:46:35,510 --> 01:46:32,760

meant to say that to my hubby sorry

2482

01:46:36,770 --> 01:46:35,520

but hey we appreciate it

2483

01:46:38,570 --> 01:46:36,780

um

2484

01:46:40,910 --> 01:46:38,580

even though you didn't call us babams

2485

01:46:43,250 --> 01:46:40,920

you know also I would appreciate if you

2486

01:46:47,810 --> 01:46:43,260

would start calling us bamums babym's

2487

01:46:49,910 --> 01:46:47,820

for well if it's plural it's babe eyes

2488

01:46:52,490 --> 01:46:49,920

I like that even more yeah it's babe

2489

01:46:55,250 --> 01:46:52,500

eyes I like that

2490

01:46:56,870 --> 01:46:55,260

also your profile image is amazing it's

2491

01:46:59,629 --> 01:46:56,880

a little um

2492

01:47:01,609 --> 01:46:59,639

that's a huggable alien

2493

01:47:05,629 --> 01:47:01,619

I want to take a nap I want to take a

2494

01:47:14,090 --> 01:47:09,709

would you like to take a nap baby on me

2495

01:47:19,669 --> 01:47:14,100

on my dumb dumb my name is chunkums

2496

01:47:24,910 --> 01:47:22,970

may I curl up into your belly button

2497

01:47:27,050 --> 01:47:24,920

please do

2498

01:47:29,209 --> 01:47:27,060

wouldn't that be dope if there was like

2499

01:47:32,209 --> 01:47:29,219

a whole race of like extraterrestrials

2500

01:47:33,590 --> 01:47:32,219

that were like beanbag chairs

2501
01:47:35,629 --> 01:47:33,600
and like you were supposed to have like

2502
01:47:37,609 --> 01:47:35,639
a symbiotic relationship with them right

2503
01:47:40,310 --> 01:47:37,619
right kind of like birds and alligators

2504
01:47:43,669 --> 01:47:40,320
teeth and stuff like that okay okay yeah

2505
01:47:46,310 --> 01:47:43,679
you provide them warmth they feed off of

2506
01:47:47,390 --> 01:47:46,320
your their micro micro uh your skin

2507
01:47:49,609 --> 01:47:47,400
cells

2508
01:47:51,890 --> 01:47:49,619
right like they they consume it's like a

2509
01:47:55,370 --> 01:47:51,900
living beanbag dude it's like a big

2510
01:47:58,609 --> 01:47:55,380
amoeba yeah dude what if you could

2511
01:48:00,770 --> 01:47:58,619
create what if you could create a uh uh

2512
01:48:02,950 --> 01:48:00,780
uh damn it what's the name of that

2513
01:48:04,810 --> 01:48:02,960

building again

2514

01:48:07,310 --> 01:48:04,820

uh

2515

01:48:08,930 --> 01:48:07,320

Integratron Integratron what if you

2516

01:48:11,689 --> 01:48:08,940

could create mini Integra charm being

2517

01:48:13,250 --> 01:48:11,699

bag chairs that would recharge you while

2518

01:48:15,350 --> 01:48:13,260

you worked for Google you know what I'm

2519

01:48:16,669 --> 01:48:15,360

saying just going to those Google rooms

2520

01:48:19,669 --> 01:48:16,679

and they recharge you on your

2521

01:48:23,950 --> 01:48:19,679

integration on beanbags and [h__h] that's

2522

01:48:29,109 --> 01:48:26,390

when Jess goes into the office she looks

2523

01:48:31,790 --> 01:48:29,119

10 years younger younger every time

2524

01:48:33,229 --> 01:48:31,800

that's awesome could exist

2525

01:48:35,450 --> 01:48:33,239

oh yeah

2526

01:48:37,250 --> 01:48:35,460

well hey man I mean that's it for me we

2527

01:48:38,570 --> 01:48:37,260

could keep rambling all night it was a

2528

01:48:41,149 --> 01:48:38,580

pretty good night dude we had so much to

2529

01:48:42,709 --> 01:48:41,159

talk about oh you're awesome we thought

2530

01:48:44,570 --> 01:48:42,719

we didn't have anything to talk about we

2531

01:48:46,790 --> 01:48:44,580

were like we have two toppings we had

2532

01:48:49,490 --> 01:48:46,800

nothing but stuff to talk about but it's

2533

01:48:52,790 --> 01:48:49,500

the exact opposite

2534

01:48:54,530 --> 01:48:52,800

butt stuff but stuff uh that one time I

2535

01:48:57,470 --> 01:48:54,540

was abducted by aliens check him out

2536

01:49:00,169 --> 01:48:57,480

butt stuff YouTube uh podcast uh anyway

2537

01:49:02,090 --> 01:49:00,179

we know those people

2538

01:49:03,950 --> 01:49:02,100

coolest chicks on the Block tell you

2539

01:49:05,810 --> 01:49:03,960

that

2540

01:49:08,570 --> 01:49:05,820

um well [h__\h] while we're giving them

2541

01:49:12,109 --> 01:49:08,580

them shout outs uh our other friends

2542

01:49:14,629 --> 01:49:12,119

um paranormal Chop Shop boom uh Chad

2543

01:49:17,390 --> 01:49:14,639

Smith podcast boom

2544

01:49:18,770 --> 01:49:17,400

[h__\h] I mean there's many more what if

2545

01:49:21,350 --> 01:49:18,780

tomorrow podcast what if tomorrow

2546

01:49:25,910 --> 01:49:23,450

and big Willy comes and hangs out every

2547

01:49:27,890 --> 01:49:25,920

now and then Big Willy's bits that's a

2548

01:49:29,450 --> 01:49:27,900

new one that has nothing I don't think

2549

01:49:31,070 --> 01:49:29,460

he started the big release bits but I'm

2550

01:49:36,109 --> 01:49:31,080

ready for it dude

2551

01:49:39,890 --> 01:49:36,119

ready for it uh so dude

2552

01:49:41,810 --> 01:49:39,900

uh what's what's next for for UFO girl

2553

01:49:45,470 --> 01:49:41,820

oh oh this is what I wanted to share

2554

01:49:48,109 --> 01:49:45,480

[h__h] my uh okay okay I wanted to show so

2555

01:49:50,209 --> 01:49:48,119

this past month dude we had like the

2556

01:49:52,850 --> 01:49:50,219

biggest month ever we didn't uh on the

2557

01:49:55,370 --> 01:49:52,860

uh podcast side of things uh-huh I was

2558

01:49:57,109 --> 01:49:55,380

telling you about this earlier uh I

2559

01:49:59,209 --> 01:49:57,119

don't know I just think it's like fun to

2560

01:50:02,149 --> 01:49:59,219

talk about like we

2561

01:50:04,669 --> 01:50:02,159

we didn't we didn't publish any uh

2562

01:50:06,410 --> 01:50:04,679

podcast episodes on speaker like the

2563

01:50:08,510 --> 01:50:06,420

podcast side of things but like we just

2564

01:50:11,510 --> 01:50:08,520

continue with YouTube that's my bad it's

2565

01:50:13,430 --> 01:50:11,520

because me being lazy uh and we got like

2566

01:50:15,410 --> 01:50:13,440

over 10 000 downloads this past month

2567

01:50:18,050 --> 01:50:15,420

off of off a speaker like off of like

2568

01:50:20,270 --> 01:50:18,060

Spotify and YouTube or Spotify and like

2569

01:50:23,709 --> 01:50:20,280

iTunes and all that we didn't release

2570

01:50:30,250 --> 01:50:26,510

downloads last month I just they like

2571

01:50:34,729 --> 01:50:30,260

like should we just not like post

2572

01:50:36,950 --> 01:50:34,739

never posted a podcast yeah

2573

01:50:39,410 --> 01:50:36,960

um yeah I mean like it used to be our

2574

01:50:42,410 --> 01:50:39,420

our like regular like we were getting 10

2575

01:50:44,149 --> 01:50:42,420

like 12 000 downloads a month yeah like

2576

01:50:46,629 --> 01:50:44,159

a good while and then there like this

2577

01:50:50,209 --> 01:50:46,639

past year has been like [h__h] so slow

2578

01:50:52,129 --> 01:50:50,219

and uh this past month it just like it

2579

01:50:55,310 --> 01:50:52,139

was like half dude it was like maybe

2580

01:50:57,830 --> 01:50:55,320

maybe five thousand dollars

2581

01:51:00,709 --> 01:50:57,840

it's like two dollars downloads with ads

2582

01:51:03,169 --> 01:51:00,719

yeah five thousand downloads uh uh a

2583

01:51:05,209 --> 01:51:03,179

month for like the past like year and

2584

01:51:06,410 --> 01:51:05,219

and just like huge Spike this past month

2585

01:51:08,030 --> 01:51:06,420

so

2586

01:51:09,950 --> 01:51:08,040

um anyway if you're listening on the

2587

01:51:11,689 --> 01:51:09,960

podcast side of things thank you for

2588

01:51:14,090 --> 01:51:11,699

listening thank you for showing your

2589

01:51:15,169 --> 01:51:14,100

support means a lot

2590

01:51:18,590 --> 01:51:15,179

um

2591

01:51:20,330 --> 01:51:18,600

uh we we don't make a lot of money on

2592

01:51:23,570 --> 01:51:20,340

this thing I mean obviously on YouTube

2593

01:51:25,430 --> 01:51:23,580

we like we share a lot like music and

2594

01:51:27,169 --> 01:51:25,440

videos that we just can't monetize this

2595

01:51:29,390 --> 01:51:27,179

thing it's just because we don't like

2596

01:51:31,970 --> 01:51:29,400

it's fun like it's way too fun to show

2597

01:51:34,310 --> 01:51:31,980

other people's [h__\h] on the chat We're

2598

01:51:35,990 --> 01:51:34,320

Not Gonna not show something that can be

2599

01:51:38,870 --> 01:51:36,000

that can prevent us from from being

2600

01:51:40,669 --> 01:51:38,880

monetized to I don't know it's not worth

2601

01:51:43,609 --> 01:51:40,679

it like it's funny it's better to just

2602

01:51:46,189 --> 01:51:43,619

be funny yeah a good time and show [h__h]

2603

01:51:48,530 --> 01:51:46,199

so uh but on the podcast side of things

2604

01:51:50,750 --> 01:51:48,540

like Spotify iTunes so there are ads

2605

01:51:52,790 --> 01:51:50,760

like you have to listen to them so thank

2606

01:51:54,530 --> 01:51:52,800

you for listening like like sticking

2607

01:51:56,410 --> 01:51:54,540

through those ads and listening to our

2608

01:52:00,050 --> 01:51:56,420

show and supporting us that means a lot

2609

01:52:02,990 --> 01:52:00,060

uh or our uh our numbers are

2610

01:52:04,189 --> 01:52:03,000

are uh doing really good it like keeps

2611

01:52:06,290 --> 01:52:04,199

us going it's like oh [h__h] actually

2612

01:52:09,169 --> 01:52:06,300

people still listen to her [h__h] show

2613

01:52:11,689 --> 01:52:09,179

so that feels good so thank you guys

2614

01:52:13,370 --> 01:52:11,699

oh yeah that's all you gotta say thank

2615

01:52:15,950 --> 01:52:13,380

you guys so much we love y'all you know

2616

01:52:18,590 --> 01:52:15,960

what I'm saying we love you guys hey dog

2617

01:52:20,570 --> 01:52:18,600

face boy and dog face boy and Mr Crowley

2618

01:52:22,689 --> 01:52:20,580

and it's like funding our rest like the

2619

01:52:25,070 --> 01:52:22,699

rest of our year

2620

01:52:27,830 --> 01:52:25,080

thank you all so much for your donation

2621

01:52:29,689 --> 01:52:27,840

yeah he said I used to be one of them

2622

01:52:30,590 --> 01:52:29,699

podcast people then I saw Joe's beard

2623

01:52:32,810 --> 01:52:30,600

and I

2624

01:52:35,570 --> 01:52:32,820

stare at his beard trying to get my

2625

01:52:36,770 --> 01:52:35,580

beard to be that thick dude yeah I'll

2626
01:52:38,689 --> 01:52:36,780
tell you the secret if you want to know

2627
01:52:40,490 --> 01:52:38,699
the secret to a thick beard all right is

2628
01:52:42,229 --> 01:52:40,500
you just you just leave it alone you

2629
01:52:43,669 --> 01:52:42,239
just forget about it you know and then

2630
01:52:45,229 --> 01:52:43,679
one of these days it's just gonna be

2631
01:52:47,990 --> 01:52:45,239
there's just gonna be a beard there you

2632
01:52:49,609 --> 01:52:48,000
know that's not [h__h] true

2633
01:52:51,109 --> 01:52:49,619
I'm just say like I've tried I've tried

2634
01:52:52,070 --> 01:52:51,119
that how do you know it's not true I've

2635
01:52:56,570 --> 01:52:52,080
tried it

2636
01:52:57,310 --> 01:52:56,580
dude well because you didn't let it grow

2637
01:52:59,390 --> 01:52:57,320
in

2638
01:53:00,709 --> 01:52:59,400

eventually it'll just get so long that

2639

01:53:02,510 --> 01:53:00,719

this part up here don't matter you're

2640

01:53:04,490 --> 01:53:02,520

like really it's a big ass beard you're

2641

01:53:06,590 --> 01:53:04,500

like yeah I know so if this gets really

2642

01:53:08,990 --> 01:53:06,600

long what about this like where do I cut

2643

01:53:10,790 --> 01:53:09,000

where do I shave

2644

01:53:12,890 --> 01:53:10,800

mine

2645

01:53:14,090 --> 01:53:12,900

well you can't really see

2646

01:53:16,070 --> 01:53:14,100

oh my God I feel like I'm seeing your

2647

01:53:20,270 --> 01:53:16,080

taint right now mine goes up to the

2648

01:53:21,290 --> 01:53:20,280

jawline oh my God yeah and then right

2649

01:53:23,510 --> 01:53:21,300

above

2650

01:53:24,950 --> 01:53:23,520

the Adam's apple is where I stopped

2651
01:53:26,930 --> 01:53:24,960
that's where you should okay yeah right

2652
01:53:29,570 --> 01:53:26,940
there and then I let just the front end

2653
01:53:32,390 --> 01:53:29,580
of it grow out you know damn it

2654
01:53:34,310 --> 01:53:32,400
your luxurious beard is is a force to be

2655
01:53:36,169 --> 01:53:34,320
working with also I forgot to mention

2656
01:53:38,570 --> 01:53:36,179
Arden paranormal thank you so much for

2657
01:53:41,510 --> 01:53:38,580

2658
01:53:43,550 --> 01:53:41,520

2659
01:53:47,689 --> 01:53:43,560

2660
01:53:51,590 --> 01:53:47,699

2661
01:53:54,350 --> 01:53:51,600
right man in a way that you know

2662
01:53:55,370 --> 01:53:54,360
in a way that I'm just appreciative you

2663
01:53:56,810 --> 01:53:55,380

know

2664

01:53:58,550 --> 01:53:56,820

I like it

2665

01:54:00,410 --> 01:53:58,560

all right guys well don't forget oh were

2666

01:54:01,970 --> 01:54:00,420

say yeah this was

2668

01:54:06,890 --> 01:54:04,380

oh

2669

01:54:09,050 --> 01:54:06,900

what were you gonna say

2670

01:54:10,609 --> 01:54:09,060

well I was gonna I was gonna say cue

2671

01:54:12,890 --> 01:54:10,619

that music and then and then do the rest

2672

01:54:21,609 --> 01:54:12,900
