

1  
00:00:05,390 --> 00:00:03,409  
tonight on the animals Channel we

2  
00:00:08,390 --> 00:00:05,400  
discuss ancient artifacts and they're

3  
00:00:11,990 --> 00:00:08,400  
possible otherworldly Origins

4  
00:00:14,330 --> 00:00:12,000  
[Music]

5  
00:00:16,250 --> 00:00:14,340  
me and my buddy Steve we were out back

6  
00:00:18,650 --> 00:00:16,260  
we were hanging out

7  
00:00:20,390 --> 00:00:18,660  
having a little guy's day

8  
00:00:22,490 --> 00:00:20,400  
and we've decided to set up an adult

9  
00:00:24,109 --> 00:00:22,500  
slipping slide you know as you would as

10  
00:00:27,950 --> 00:00:24,119  
we're back there we're

11  
00:00:30,830 --> 00:00:27,960  
we're monkeying around we're playing

12  
00:00:32,089 --> 00:00:30,840  
um and all of a sudden something

13  
00:00:34,970 --> 00:00:32,099

happened

14

00:00:37,250 --> 00:00:34,980

I could see it on Steve's face I didn't

15

00:00:39,290 --> 00:00:37,260

know what it was at first but I knew it

16

00:00:40,850 --> 00:00:39,300

was it was something big

17

00:00:44,510 --> 00:00:40,860

there's something serious

18

00:00:46,790 --> 00:00:44,520

before I knew it Steve stood up and I

19

00:00:48,470 --> 00:00:46,800

was so worried for Steve we ended up

20

00:00:50,750 --> 00:00:48,480

finding

21

00:00:53,810 --> 00:00:50,760

what we believe to be some sort of

22

00:00:57,350 --> 00:00:53,820

ancient artifact with strange writing on

23

00:01:00,229 --> 00:00:57,360

it and we didn't know what to do where

24

00:01:03,349 --> 00:01:00,239

to turn or who to talk to and so we

25

00:01:07,490 --> 00:01:03,359

decided to send it in to some experts to

26  
00:01:12,050 --> 00:01:07,500  
get some tests done and see what we had

27  
00:01:15,250 --> 00:01:12,060  
in researching this ancient artifact I

28  
00:01:19,070 --> 00:01:15,260  
have found that it could be some kind of

29  
00:01:22,070 --> 00:01:19,080  
key of some kind

30  
00:01:23,630 --> 00:01:22,080  
the ancient writing I was able to

31  
00:01:25,929 --> 00:01:23,640  
decipher

32  
00:01:30,710 --> 00:01:25,939  
to a certain extent

33  
00:01:32,510 --> 00:01:30,720  
that it is indeed ancient and possibly

34  
00:01:35,690 --> 00:01:32,520  
alien

35  
00:01:37,789 --> 00:01:35,700  
could this artifact indeed be a piece of

36  
00:01:42,170 --> 00:01:37,799  
advanced technology from our distant

37  
00:01:46,310 --> 00:01:42,180  
past or from another world

38  
00:01:50,030 --> 00:01:46,320

it seems to be some kind of soft Stone

39

00:01:57,170 --> 00:01:50,040

the more you touch it the harder it

40

00:02:04,069 --> 00:02:01,249

it could be uh an arrowhead maybe it was

41

00:02:07,150 --> 00:02:04,079

a knife of some kind could be some kind

42

00:02:10,430 --> 00:02:07,160

of of alien

43

00:02:13,130 --> 00:02:10,440

extraterrestrial technology maybe it's a

44

00:02:15,830 --> 00:02:13,140

spoon you know

45

00:02:19,670 --> 00:02:15,840

maybe it's ancient maybe it's alien

46

00:02:24,729 --> 00:02:21,589

all I know is
