

UFO HUB

1
00:00:14,270 --> 00:00:11,839
the title for my upcoming book the top

2
00:00:18,590 --> 00:00:14,280
ten things dead people want to tell you

3
00:00:22,099 --> 00:00:18,600
is came about actually as a note from

4
00:00:24,439 --> 00:00:22,109
the universe and I was going through my

5
00:00:26,509 --> 00:00:24,449
normal process to come up with what the

6
00:00:28,820 --> 00:00:26,519
day's note would be and somehow I had

7
00:00:30,259 --> 00:00:28,830
this flash in my mind something like you

8
00:00:31,700 --> 00:00:30,269
know dead people want to tell you or

9
00:00:34,790 --> 00:00:31,710
that's what dead people want to tell you

10
00:00:37,670 --> 00:00:34,800
just a fleeting thought and it turned

11
00:00:39,260 --> 00:00:37,680
into the top ten things dead people most

12
00:00:42,590 --> 00:00:39,270
want to tell you and it was a note from

13
00:00:46,069 --> 00:00:42,600

the universe and and they were I think

14

00:00:48,319 --> 00:00:46,079

not predictable things that it wasn't

15

00:00:52,479 --> 00:00:48,329

believing your dreams and it wasn't have

16

00:00:55,189 --> 00:00:52,489

courage and it wasn't anything like that

17

00:00:59,389 --> 00:00:55,199

some of it was common like we're not

18

00:01:00,889 --> 00:00:59,399

dead but not so common we were ready no

19

00:01:02,479 --> 00:01:00,899

matter who no matter how no matter when

20

00:01:06,350 --> 00:01:02,489

they were ready

21

00:01:09,410 --> 00:01:06,360

number three is you're not ready number

22

00:01:12,910 --> 00:01:09,420

four is because of what I teach day in

23

00:01:15,740 --> 00:01:12,920

and day out dreams can come true

24

00:01:17,810 --> 00:01:15,750

of course the chapters go into great

25

00:01:20,450 --> 00:01:17,820

detail in each of these topics

26
00:01:24,890 --> 00:01:20,460
the idea of dead people having something

27
00:01:27,310 --> 00:01:24,900
to share really is kind of obvious if

28
00:01:30,230 --> 00:01:27,320
you believe there's an afterlife and

29
00:01:32,179 --> 00:01:30,240
poll after poll throughout the United

30
00:01:34,030 --> 00:01:32,189
States and the world has indicated that

31
00:01:35,899 --> 00:01:34,040
most people do believe in an afterlife

32
00:01:37,789 --> 00:01:35,909
unfortunately they just kind of stopped

33
00:01:40,999 --> 00:01:37,799
there and they don't know what to expect

34
00:01:43,639 --> 00:01:41,009
I think we can know a lot about what to

35
00:01:45,410 --> 00:01:43,649
expect the point being if you believe in

36
00:01:47,990 --> 00:01:45,420
an afterlife when you believe that we

37
00:01:49,940 --> 00:01:48,000
survived the demise of our physical

38
00:01:54,889 --> 00:01:49,950

bodies you know what's gonna be going on

39

00:01:57,499 --> 00:01:54,899

well can you imagine discovering not

40

00:01:59,630 --> 00:01:57,509

only that you survived but but you're

41

00:02:01,880 --> 00:01:59,640

alive and Wow and that love is

42

00:02:04,760 --> 00:02:01,890

everywhere and that there's this benign

43

00:02:06,859 --> 00:02:04,770

benevolent intelligence that's kind of

44

00:02:09,650 --> 00:02:06,869

wrapped itself around you that bathes

45

00:02:11,960 --> 00:02:09,660

you in love and approval and acceptance

46

00:02:13,440 --> 00:02:11,970

and then you see those who have gone

47

00:02:15,750 --> 00:02:13,450

before you and you

48

00:02:17,640 --> 00:02:15,760

they never died and that they're intact

49

00:02:20,160 --> 00:02:17,650

in fact they've taken on the form and

50

00:02:22,229 --> 00:02:20,170

the essence that pleases the most their

51
00:02:24,059 --> 00:02:22,239
health is restored their vitality is

52
00:02:26,130 --> 00:02:24,069
restored their good looks are restored

53
00:02:27,990 --> 00:02:26,140
they're on new adventures they're on new

54
00:02:30,000 --> 00:02:28,000
discoveries they have new places to go

55
00:02:32,940 --> 00:02:30,010
their excitedly telling you all about

56
00:02:35,940 --> 00:02:32,950
this your mind is just blown to pieces

57
00:02:37,860 --> 00:02:35,950
in a joyful way the possibilities the

58
00:02:40,050 --> 00:02:37,870
infinite possibilities are all coming

59
00:02:41,729 --> 00:02:40,060
together you're starting to remember

60
00:02:43,740 --> 00:02:41,739
things that you had forgotten during

61
00:02:45,720 --> 00:02:43,750
your life because we chose to forget

62
00:02:48,270 --> 00:02:45,730
stuff during our lives so that we could

63
00:02:50,640 --> 00:02:48,280

kind of have a reset button that's the

64

00:02:52,710 --> 00:02:50,650

amnesia and all of a sudden you've got

65

00:02:54,809 --> 00:02:52,720

memories from other lifetimes and other

66

00:02:58,259 --> 00:02:54,819

loves and other passions and other

67

00:03:00,990 --> 00:02:58,269

interests and this this kaleidoscope is

68

00:03:04,280 --> 00:03:01,000

full being fulfilled and the dots are

69

00:03:08,190 --> 00:03:04,290

being connected and you're just like

70

00:03:10,229 --> 00:03:08,200

this is just all so loving and then you

71

00:03:13,289 --> 00:03:10,239

take a look back over your shoulder and

72

00:03:16,110 --> 00:03:13,299

there's this devastation in your wake on

73

00:03:18,449 --> 00:03:16,120

planet Earth there's this these broken

74

00:03:20,910 --> 00:03:18,459

hearts and there's this big hole where

75

00:03:23,069 --> 00:03:20,920

your life once was and all the survivors

76

00:03:27,140 --> 00:03:23,079

they're just distraught and they're

77

00:03:31,500 --> 00:03:27,150

there in this horrific state of grief

78

00:03:34,620 --> 00:03:31,510

what do you think comes next you more

79

00:03:36,449 --> 00:03:34,630

than anything want to reach out you want

80

00:03:38,539 --> 00:03:36,459

to talk to them you want to shout from

81

00:03:41,879 --> 00:03:38,549

the mountaintops I'm alive I'm alive

82

00:03:44,129 --> 00:03:41,889

it's awesome it's beautiful I see

83

00:03:46,830 --> 00:03:44,139

clearly now and you're gonna see it too

84

00:03:49,110 --> 00:03:46,840

it's all gonna make sense but your time

85

00:03:50,910 --> 00:03:49,120

and space isn't done and you can see

86

00:03:52,610 --> 00:03:50,920

from this elevated perspective what

87

00:03:55,170 --> 00:03:52,620

their challenges are what their

88

00:03:59,640 --> 00:03:55,180

trajectories of growth and discovery and

89

00:04:01,740 --> 00:03:59,650

joy still will be and so you want to

90

00:04:05,370 --> 00:04:01,750

tell them that it's awesome but you also

91

00:04:07,620 --> 00:04:05,380

don't want to to hasten their desire to

92

00:04:11,159 --> 00:04:07,630

join you because game on they're still

93

00:04:13,470 --> 00:04:11,169

going through this fertile season of

94

00:04:15,390 --> 00:04:13,480

growth so you're very measured in what

95

00:04:17,580 --> 00:04:15,400

you can share in what you share and and

96

00:04:20,159 --> 00:04:17,590

so you tell them both sides of the coin

97

00:04:21,659 --> 00:04:20,169

that it's also glorious and grand but

98

00:04:23,909 --> 00:04:21,669

believe me on this side of the equation

99

00:04:25,860 --> 00:04:23,919

on the other side of time and space

100

00:04:26,430 --> 00:04:25,870

there's a line of folks waiting to get

101
00:04:28,650 --> 00:04:26,440
back

102
00:04:30,690 --> 00:04:28,660
to the jungles of time and space because

103
00:04:32,550 --> 00:04:30,700
from here we see how awesome it is we

104
00:04:35,010 --> 00:04:32,560
see how perfect it is we see that

105
00:04:38,490 --> 00:04:35,020
everyone's becoming more and falling in

106
00:04:40,080 --> 00:04:38,500
love and creating this this world of

107
00:04:41,820 --> 00:04:40,090
their dreams even though they don't know

108
00:04:44,010 --> 00:04:41,830
their creators so you want to tell them

109
00:04:46,740 --> 00:04:44,020
you're creating right now as you go on

110
00:04:49,410 --> 00:04:46,750
the fly that you have this divine sense

111
00:04:51,810 --> 00:04:49,420
about you this divine power that's

112
00:04:54,390 --> 00:04:51,820
innate in all consciousness particularly

113
00:04:56,040 --> 00:04:54,400

of the human variety and so hang in

114

00:04:59,120 --> 00:04:56,050

there tough it out

115

00:05:02,100 --> 00:04:59,130

we're gonna be together soon and and so

116

00:05:03,870 --> 00:05:02,110

there's these 10 things that the dead

117

00:05:05,430 --> 00:05:03,880

want to tell you because from their

118

00:05:08,160 --> 00:05:05,440

perspective they now have all the

119

00:05:10,530 --> 00:05:08,170

answers not all the all the answers

120

00:05:14,520 --> 00:05:10,540

they're still going to be questions but

121

00:05:16,830 --> 00:05:14,530

enough answers to give all of us blazing

122

00:05:19,830 --> 00:05:16,840

brilliant clarity to kind of get our

123

00:05:21,950 --> 00:05:19,840

groove on and and having a roaring time

124

00:05:25,920 --> 00:05:21,960

in space while the getting's still good

125

00:05:29,160 --> 00:05:25,930

this is the nucleus or the purpose that

126

00:05:33,060 --> 00:05:29,170

evolved as I began elaborating on what
